(e) All of such fees shall be deposited in a special community college health fee fund of the district. All moneys in the special fund shall be expended only for the purposes for which such fees were collected.

Authorized expenditures shall not include, among other things, athletic trainers' salaries, athletic insurance, medical supplies for athletics, physical examinations for intercollegiate athletics, ambulance services and the salaries of health professionals for athletic events, any deductible portion of accident claims filed for athletic team members, or any other expense that is not available to all students. No student shall be denied a service supported by student health fees on account of participation in athletic programs.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that community college health fees are expended only for the purposes for which they were intended and not for the support of community college athletic programs, and that the clarification of the law made by this act may take effect at the earliest possible time, it is essential that this act take immediate effect.

CHAPTER 356

[Approved by Governor July 5, 1978 Filed with Secretary of State July 5, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 21080 of the Public Resources Code is amended to read:

21080. (b) This division shall not apply to the following:

(1) Ministerial projects proposed to be carried out or approved by public agencies.

(2) Emergency repairs to public service facilities necessary to maintain service.

(3) Projects undertaken, carried out, or approved by a public agency to maintain, repair, restore, demolish, or replace property or facilities damaged or destroyed as a result of a disaster in a disaster-stricken area in which a state of emergency has been proclaimed by the Governor pursuant to Chapter 7 (commencing with Section 8550) of Division 1 of Title 2 of the Government Code.

(4) Specific actions, necessary to prevent or mitigate an emergency.

(5) Projects which a public agency rejects or disapproves.

(6) Actions undertaken by a public agency relating to any powerplant site or facility, including the expenditure, obligation, or encumbrance of funds by a public agency for planning, engineering, or design purposes, or for the purchase of equipment, fuel, steam, or power for such a powerplant, if the powerplant site and related facility will be the subject of an environmental impact report or negative declaration prepared by the State Energy Resources Conservation and Development Commission, by the Public Utilities Commission, or by the city or county in which the powerplant and related facility would be located.

(7) Activities or approvals necessary to the bidding for, hosting or staging of, and funding or carrying out of, an Olympic games under the authority of the International Olympic Committee, except for the construction of facilities necessary for such Olympic games.

(8) The establishment, modification, structuring, restructuring, or approval of rates, tolls, fares or other charges by public agencies which the public agency finds are for the purpose of (1) meeting operating expenses, including employee wage rates and fringe benefits, (2) purchasing or leasing supplies, equipment or materials, (3) meeting financial reserve needs and requirements, (4) obtaining funds for capital projects, necessary to maintain service within existing service areas, or (5) obtaining funds necessary to maintain such intra-city transfers as are authorized by city charter. The public agency shall incorporate written findings in the record of any proceeding in which an exemption under this paragraph is claimed setting forth with specificity the basis for the claim of exemption.

(9) Actions taken prior to August 31, 1979, by a public agency to implement the transition from the property taxation system in effect prior to June 1, 1978, to the system provided for by Article XIII A of the California Constitution. (c) In the event that a lead agency determines that a proposed project, not otherwise exempt from the provisions of this division, does not have a significant effect on the environment, such lead agency shall adopt a negative declaration to that effect.

SEC. 1.5. The Legislature acknowledges that a question exists whether a court of final jurisdiction has determined that the establishment, modification, or approval of rates, tolls, fares or other charges by any public utility subject to the jurisdiction of the Public Utilities Commission are, or are not, subject to the provisions of Division 13 (commencing with Section 21000) of the Public Resources Code. Moreover, the Legislature declares that by adding paragraph 8 to subdivision (b) of Section 21080 of the Public Resources Code, as provided by Section 8 of this act, it does not intend to resolve this question by indirection or implication. Consequently, the Legislature hereby declares that the provisions of paragraph 8 are not intended and shall not be construed as indicating any determination by the Legislature that any rates, tolls, fares or other charges other than those specifically enumerated in paragraph 8 are, or are not, subject to the provisions of Division 13 (commencing with Section 21000) of the Public Resources Code.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Assertions of the applicability of the California Environmental Quality Act to the establishment, modification, elimination or approval of rates, tolls, fares, and other charges are causing a serious

interference with the ability of public agencies to comply with fiscal responsibilities imposed upon them by law, all to the detriment and expense of the people of this state. In order, therefore, to stop such practices at the earliest opportunity, to insure the timely and orderly implementation of Article XIII A of the Constitution, it is necessary that this act go into immediate effect.

CHAPTER 357

An act to amend Section 65860 of the Government Code, relating to zoning.

[Approved by Governor July 5, 1978 Filed with Secretary of State July 5, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 65860 of the Government Code is amended to read:

65860. (a) County or city zoning ordinances shall be consistent with the general plan of the county or city by January 1, 1974. A zoning ordinance shall be consistent with a city or county general plan only if:

(i) The city or county has officially adopted such a plan, and

(ii) The various land uses authorized by the ordinance are compatible with the objectives, policies, general land uses, and programs specified in such a plan.

(b) Any resident or property owner within a city or a county, as the case may be, may bring an action in the superior court to enforce compliance with the provisions of subdivision (a). Any such action or proceedings shall be governed by Chapter 2 (commencing with Section 1084) of Title 1 of Part 3 of the Code of Civil Procedure. Any action or proceedings taken pursuant to the provisions of this subdivision shall be taken within 90 days of the enactment of any new zoning ordinance or the amendment of any existing zoning ordinance as to said amendment or amendments.

(c) In the event that a zoning ordinance becomes inconsistent with a general plan by reason of amendment to such a plan, or to any element of such a plan, such zoning ordinance shall be amended within a reasonable time so that it is consistent with the general plan as amended.

(d) Notwithstanding Section 65803, this section shall apply in charter cities of 2,000,000 or more population to a zoning ordinance adopted prior to January 1, 1979, which zoning ordinance shall be consistent with the general plan of any such city by January 1, 1981.

SEC. 2. There are no state-mandated local costs in this act that require reimbursement under Section 2231 of the Revenue and Taxation Code because there are no new duties, obligations or responsibilities imposed on local government by this act.

CHAPTER 358

An act to amend Section 41915 of the Education Code, relating to driver education.

[Became law without Governor's signature July 6, 1978 Filed with Secretary of State July 6, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 41915 of the Education Code is amended to read:

41915. Any contract entered into and approved in the manner provided pursuant to Section 41913 may entitle the approved driver training school to payment by the school district of the sum of not more than 150 percent of the amount reimbursable to the school district as "excess cost" provided pursuant to Sections 41306, 41900, and 41903. In the event that a student who has commenced the driver training for which the district has contracted pursuant to Section 41913 and the student does not complete the driver training for any reason, the approved private driver training school may be paid a portion of the contract price which is proportionate to the amount in "excess cost," if any, received by the school district for such student, compared to the amount the district would have received had the student completed the training.

CHAPTER 359

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 6, 1978. Filed with Secretary of State July 6, 1978.]

I object to the following appropriations contained in Assembly Bill No 2190·

Item 47—For support of the State Controller's Office, I reduce this item from $26,680,945 to $26,449,716 by reducing (a) Personal services from $20,924,135 to $20,504,572, (b) Operating expenses and equipment from $10,745,962 to $10,737,325 and (d) Reimbursements from −$3,248,215 to −$3,051,244.

I am eliminating the $231,229 augmentation for 19 positions provided by the Legislature for the audit of the Medi-Cal program

I am providing 20 positions for the Controller to audit non-institutional providers of services under the Medi-Cal program which will be funded by a Title II grant

Item 107 1—For support of Department of General Services. I eliminate this item.

I am eliminating this item because the programming unit should be funded from the Architecture Revolving Fund and organizationally placed in the Office of the State Architect.

Item 107 2—For transfer to the Service Revolving Fund. I eliminate this item

I am not convinced that the need to accelerate the office copier purchase program has been demonstrated beyond the current $1,000,000 revolving loan which is available until 1986

Item 114—For support of Department of General Services I reduce this item by reducing (a) Personal services from $68,841,084 to $68,672,082, (b) Operating expenses and equipment from $101,627,004 to $99,584,554, and amount payable from the General Fund (Item 107 1) from —$211,452 to -0- and amount payable from the General Fund (Item 107 2) from the —$2,000,000 to -0-.

I am reducing these subitems to correspond with action taken in regard to Items 107 1 and 107 2.

Item 135 1—For support of State Banking Department I eliminate this item.

I am eliminating this item to conform to the legislative action to terminate the term loan program in the Department of Banking.

Item 136—For support of State Banking Department I eliminate this item

I am eliminating this item to conform to the legislative action to terminate the term loan program in the Department of Banking

Item 147—For support, California Transportation Commission I reduce this item from $799,439 to $742,759.

I am eliminating a portion of the augmentation sought by the Commission. The remaining funds will provide adequate support for the Commission during its first full year of operation

Item 148 1—For support of the Department of Transportation for augmentation of a contract relating to the development of an external combustion engine I eliminate this item

Although this project has worthwhile potential, it too must be deferred because of the constraints of Proposition 13

Item 151 1—For support of Highway Transportation Program in augmentation of Items 151, 156 and 447 I eliminate this item

The Budget will be more than adequate to meet the projected highway needs for the next fiscal year

Item 151 2—For support, Department of Transportation I reduce this item from $45,000,000 to $10,000,000

I am reducing the transfer of Motor Vehicle Account reserves to the State Highway Account The balance will be more than adequate to meet projected highway needs for the next fiscal year

Item 157—For support of Department of California Highway Patrol I reduce this item from $223,036,743 to $222,615,611 by reducing (b) Operating expenses and equipment from $46,397,602 to $45,976,470

I reduce $421,132 from the Management Information System to provide for the lease of the System, rather than purchase, during a trial period

Item 160—For support of Department of Motor Vehicles I reduce this item from $697,170 to $297,170

I am eliminating this augmentation of $400,000 because the General Fund should not be utilized to fund motor vehicle-related functions.

Item 161—For support of Department of Motor Vehicles I reduce this item by reducing (a) Personal services from $119,659,863 to $119,259,863, (e) Account payable from the General Fund (Item 160) from —$697,170 to —$297,170.

I am reducing these subitems to correspond to Item 160

Item 170 2—For local assistance, to Resources Agency for subventions to the Tahoe Area Regional Transit System. I eliminate this item.

I am eliminating this item because gas tax revenues available for local transit districts are a more appropriate source of support for this activity than General Funds

Item 173—For support, State Energy Resources Conservation and Development Commission I reduce this item from $20,284,636 to $19,284,636 by eliminating (c) Repayment of General Fund loan ($1,000,000)

I am reducing this item by eliminating the partial repayment of the General Fund loan because the Energy Commission did not utilize the $2,000,000 allocation in Item

180 of the Budget Act of 1977 This action will result in a special fund savings of $1,000,000 in 1978–79.

Item 183—For local assistance to counties in the operation of local air pollution control districts. I reduce this item from $4,700,000 to $3,700,000.

I am reducing this item because I believe that the 67 percent increase proposed by the Legislature is not appropriate. I am leaving funds sufficient to augment the program by 32 percent which is sufficient to meet the current demands

Item 196—For support of the Seismic Safety Commission. I reduce this item from $507,088 to $470,413 by reducing (a) Personal services from $253,042 to $219,882 and (b) Operating expenses and equipment from $254,046 to $250,531.

I am reducing this item by eliminating the proposed new position to assist the Executive Director with supervisorial, administrative and managerial duties because these responsibilities for this commission can be delegated among existing professional staff.

Item 208.5—For support of Department of Navigation and Ocean Development. I eliminate this item.

I am eliminating this item because the department may conduct the study within existing resources.

Item 211—For local assistance, Department of Navigation and Ocean Development. I reduce this item from $1,760,000 to $1,672,000 by reducing (h) Ramp repairs and extensions statewide from $100,000 to $12,000

I am reducing the amount available for launching ramp extensions because inland water levels have returned to normal with the end of the drought and ramp extensions should not be necessary

Item 217—For support of the Department of Parks and Recreation. I reduce this item from $53,652,411 to $53,621,482 by reducing (a) Personal services from $45,819,917 to $45,803,167 and (b) Operating expenses and equipment from $20,018,814 to $20,004,635.

I am eliminating the augmentation for additional patrol staff for the Little River area. Patrol needs for resource protection will be met by redirecting authorized staff resources from lower priority functions.

Item 218.5—For support of the Department of Parks and Recreation. I eliminate this item

I am eliminating this item for the preparation of teachers' guides to state parks in favor of a review of expenditures by the Department of Education for similar activities from the $330,870 provided in Item 304.

Item 222.1—For local assistance to local jurisdictions for the operation of state owned beaches I eliminate this item

I believe it is inappropriate to provide a subvention program for the operation of beaches as provided for in this item.

Item 240—For local assistance, Department of Alcohol and Drug Abuse. I reduce this item from $31,961,159 to $30,175,159 by reducing (a) County-based programs from $35,770,444 to $33,984,444

I am reducing this item $1,536,000 to conform with legislative intent The budget bill erroneously included cost of living increases in the item for county based programs.

In addition, I am reducing the $250,000 added to raise minimum alcoholism allocations to certain counties. Given the present fiscal situation, it would be inappropriate for the State to expand its efforts in this area.

Item 244—For support of Department of Health Services. I reduce this item from $49,123,408 to $49,067,065 by reducing (a) Personal services from $74,560,502 to $74,538,446, (b) Operating exp. & equip from $37,365,036 to $37,314,690, (c) For transfer to the Health Care Deposit Fund from $21,396,195 to $21,379,852 and (k) Amount payable from Health Care Deposit Fund from −$48,904,097 to −$48,871,695.

I am eliminating the $40,000 added by the Legislature for the preservation of occupational data on death certificates Before we initiate the collection of these data, the Director of Health Services and others concerned with occupational health should develop and recommend a carefully designed program.

I am eliminating the $16,343 and 1 position legislative augmentation of the obstetrical access pilot project. The project level proposed in the budget provides sufficient staff support for this program

Item 251—For local assistance, for transfer to Item 248 for State's share of rate increases for county hospital outpatient service, community clinics and community free clinics. I reduce this item from $25,000,000 to $16,700,000 by eliminating the funding provided for increased reimbursement rates for hospital outpatient services provided in county and county contract hospitals.

I am reducing this item by $8,300,000. Funding remains ($13,700,000) for equalizing the reimbursement rates for hospital outpatient services between facilities which contract for physician services and those which employ physicians. Three million dollars of the augmentation is maintained to meet fiscal needs of free clinics and community clinics. I am instructing the Director of Health Services to develop the means of reimbursing clinics on a cost related basis that will restrain the rate of cost increase and be consistent with Federal legislation.

Item 252—For local assistance, Department of Health Services. I reduce this item from $42,128,290 to $42,081,067 by reducing (J) Child Health Disability Prevention from $12,478,252 to $12,431,029.

I am eliminating the $47,223 General Fund augmentation to the Child Health and Disability Prevention Program I am requesting the Department of Health Services to work with the Conference of Local Health Officers in developing a new allocation formula which would promote equity in program allocations to the counties.

Item 258—For local assistance for the developmental disabilities program, Department of Developmental Services. I reduce this item from $359,100,588 to $356,600,588 by eliminating (j) Workshop activity center (unfunded and partially funded clients) ($2,500,000), and the following related appropriation language

"Provided further, that allocation made pursuant to category (j) of this item shall be limited to the annual cost, or such lesser proportional amount as the director may determine, such that an equal distribution of the appropriated funds shall be available to reimburse the total number of unfunded and partially funded developmentally disabled persons who are enrolled in workshops on July 1, 1978, as determined by the Department of Rehabilitation, incurred by such workshops and centers with respect to each eligible person."

"Provided further, that funds in category (j) shall be limited to the total number of clients who are enrolled in workshops on July 1, 1978, as determined by the Department of Rehabilitation "

I am eliminating category (j) and related language for workshop activity center (unfunded and partially funded clients), although I support the need for providing assistance to maintain and strengthen the workshop activity centers Consistent with that, I have approved the legislative augmentation of $500,200 for increased reimbursement rates for sheltered workshops. This will supply assistance for those programs in meeting costs for current public supported clients. However, category (j) and the related language would authorize a new program without appropriate program criteria and reasonable constraints on funding. The definition of the types and numbers of clients to be supported is also unclear. I will support legislation which provides appropriate program controls and a General Fund appropriation not to exceed the amount I have eliminated

Item 274—For local assistance, Special Social Service Programs, Department of Social Services. I reduce this item from $118,846,017 to $118,511,795 by reducing (i) Demonstration Programs from $5,882,773 to $5,548,551

I am eliminating the $334,222 augmentation for a demonstration program in Santa Clara County dealing with sexual abuse of children I am supportive of this program, and have directed the Department of Social Services to apply available Federal funds to support this program in lieu of the General Fund appropriation

Item 286—For support of Department of the Youth Authority I reduce this item from $109,899,166 to $109,799,166 by reducing (a) I Community services from $3,727,881 to $3,627,881

I am eliminating $100,000 which was added to provide initial State funding of the

Volunteers in Parole Program. I am supportive of volunteer efforts such as this, but given the present fiscal situation, it would be inappropriate to add new State funds to the Department for this purpose I am directing the Department to assist this program through the use of existing resources.

Item 294.1—For support of the California Health Facilities Commission. I eliminate this item.

I am eliminating this item because it would provide General Fund support for activities normally funded solely through a special assessment on the affected industry. I believe that health facility cost containment and disclosure activities should continue to be funded through special funds

Item 295—For support of the Department of Education I reduce this item from $20,725,179 to $20,597,318 by reducing (a) Personal services from $37,678,515 to $37,587,003 and (b) Operating expenses and equipment from $27,476,960 to $27,440,611.

I am eliminating $86,906 added to provide Consultants in the Special Elementary Reading Instruction Program and the Continuation High School Program Special assistance for these programs can and should be provided by existing staff in the Department's Elementary and Secondary Field Services Units In addition, I am eliminating $40,955 for AB 65 staff development programs.

Given the fiscal constraints placed upon the State by the passage of Proposition 13, these augmentations for administrators should not be approved.

I am also eliminating the following language in this item "Provided further, that any unexpended balance of the appropriation made by Section 78 of Chapter 894, Statutes of 1977, not exceeding $92,370 is hereby reappropriated in augmentation of this item; provided further, that the appropriation in this item shall be reduced by the amount of the unexpended balance of the appropriation made by Section 78 of Chapter 894, Statutes of 1977, which is reappropriated pursuant to this item." This reappropriation language is no longer necessary as I am advised that sufficient funds from Chapter 894, Statutes of 1977 will revert in the 1977-78 fiscal year to achieve the desired offset to the $92,370 legislative augmentation to this item.

Item 311.1—For local assistance to renovate existing facilities and to purchase portable facilities for Migrant Child Care I reduce this item from $2,000,000 to $1,000,000.

While I am reducing this item, I am also directing the Department of Finance to allocate up to $1,000,000 in Public Works Employment Act (PWEA) funds for this purpose. I anticipate that the funds in this item will be combined with the PWEA funds for allocation to local agencies upon the approval of the Department of Finance to fully achieve the legislative intent

Item 312—For local assistance to Child Development Programs (State Preschool Program) I reduce this item from $26,014,567 to $24,542,044 by reducing (a) Total Program from $26,768,834 to $25,296,311.

I am reducing the six percent cost-of-living adjustment that I originally proposed for the State Preschool Program because of the fiscal restraint required by Proposition 13 This action is consistent with my action to eliminate inflation adjustments in other local assistance programs

Item 316—For local assistance, Department of Education, for transfer to the State Child Nutrition Fund. I eliminate this item

I am eliminating this item since it is a duplicate appropriation The appropriation for the State Child Nutrition Fund is contained in SB 154, Chapter 292, Statutes of 1978 Because of the legislative action to place this funding in SB 154, there is no need to continue the Budget Act appropriation

Item 322—For support of University of California. I reduce this item from $760,284,108 to $756,151,008

I am eliminating the $845,000 salary related price increase added to Contract Services of the University of California consistent with my action to delete all employee salary increases

In addition, I am reducing the appropriation by $3,288,100 to correctly reflect the Conference action on this item

Item 337—For support of California State University and Colleges. I reduce this item from $695,404,344 to $695,340,533 by reducing (f) Institutional Support from $175,678,739 to $175,614,928.

I am reducing the funds budgeted for the Consortium Administration of the California State University and Colleges since this activity should be supported by non-State funds.

Item 339—For support of Board of Governors of the California Community Colleges I reduce this item from $2,586,990 to $2,526,990 by reducing (b) Operating exp. & equip from $1,322,813 to $1,262,813.

I am eliminating the $60,000 augmentation for a Washington, D C. lobby, because this item is more appropriately funded by local community college districts which control this function.

Item 366—For support of the Commission for Economic Development. I reduce this item from $354,196 to $328,390 by reducing (a) Personal services from $175,476 to $169,120, (b) Operating exp & equip from $178,720 to $159,270.

I am eliminating the $25,806 augmentation provided by the Legislature for expenses of the members of the Task Force on Rural Economy and for unbudgeted salary increases. The legislation establishing the Task Force on Rural Economy (Chapter 1258/78) was approved on the basis that the cost of this new program would be absorbed by the Commission

The original amount budgeted included sufficient funding for the authorized position levels

Item 370—For support of Public Utilities Commission. I reduce this item from $16,342,218 to $16,307,967 by reducing (a) Personal services from $22,719,656 to $22,687,213, (b) Operating exp. & equip. from $4,564,592 to $4,562,784.

I am reducing General Fund support for regulating the safety of the Bay Area Rapid Transit District. The Bay Area Rapid Transit District should reimburse the Public Utilities Commission for BART safety inspection costs.

Item 397—For support of the Board of Control. I reduce this item from $470,707 to $444,707 by reducing (a) Personal services from $1,021,004 to $1,001,004, (b) Operating exp & equip. from $408,999 to $402,999

I am eliminating the $26,000 augmentation provided by the Legislature for increased marketing of the merit award program. The amount included in my budget provides an adequate level of funding for this program.

Item 406—For local assistance, reimbursement for open-space lands under Sections 423 and 423 5 of the Revenue and Taxation Code. I reduce this item from $22,000,000 to $15,000,000.

I am eliminating the reimbursement for open-space subventions to school districts because under Proposition 13 they will be unable to claim this money. Appropriate reimbursement will be provided to school districts under SB 154.

I eliminate the following employee salary increase items:

Item 411 civil service and related classes, General Fund employees
Item 414 University of California, faculty
Item 415 University of California, nonfaculty
Item 417 California State University and Colleges, academic
Item 418 California State University and Colleges, nonacademic
Item 422 civil service and related classes, special fund employees
Item 424 civil service and related classes, nongovernmental cost fund employees

Proposition 13 radically restructures the financing of government in California. During this transition year, local government will have its revenues reduced by $7 billion To meet this unprecedented challenge and minimize the human hardship, state government must share its funds. Accordingly for this year, I have frozen state hiring and salaries to provide maximum assistance to local government and minimize the total number of layoffs as well as cutbacks in programs for the elderly and the handicapped

I appreciate the dedication of the men and women who work for the State of California and trust that they recognize the need to maintain essential government

services during this interim period

I have allowed funds in other items of this Act to provide for an increase in the State's contribution for health benefits I am also allowing funds for promotions and merit salary adjustments.

Item 447—For capital outlay, Highway Transportation Program, Department of Transportation. I reduce this item from $203,542,500 to $195,324,000 by reducing (g) New facilities from $289,212,000 to $280,993,500.

The Budget will be more than adequate to meet projected highway needs for the next fiscal year.

Item 458—For capital outlay, Department of Parks and Recreation I reduce this item from $1,548,901 to $48,901 by eliminating (b) American River Bike Trail, development ($1,500,000).

I will support this project if legislation is passed to fund it from park bond funds

Item 459—For capital outlay, Department of Parks and Recreation. I reduce this item from $4,232,355 to $3,632,355 by reducing (e) Woodson Bridge SRA—levee study from $125,000 to $25,000 and (f) Minor capital outlay from $2,403,225 to $1,903,225.

I am reducing the Woodson Bridge Levee study and repair work project to the originally budgeted level of $25,000 for the study only. This study must be completed before repair work is undertaken to insure that there will be no private property damage.

I am also reducing the amount for minor capital outlay to the level of past year expenditures

Item 485—For capital outlay, Trustees of the California State University and Colleges. I reduce this item from $4,400,000 to $3,500,000

I am reducing this item because it does not contain projects of sufficient priority in view of the greater systemwide need for life and safety projects

Item 498—For capital outlay, Department of Parks and Recreation I reduce this item from $1,689,155 to $1,539,155 by eliminating (d) Sugar Pine Point SB—Acquisition ($150,000)

I am deleting the appropriation for the acquisition of lands at Sugar Pine Point State Beach I know of no particular urgency which would make this a priority project and expenditures should be limited to only those highest public priorities

Section 32 5—For local assistance, Aid to Families with Dependent Children. I reduce this item from $640,479,150 to $624,282,800 by eliminating the cost of living increase and striking the following language·

"Provided further that both AFDC recipients and state employees shall receive cost-of-living increases of 2½ percent "

The legislature has linked the cost-of-living increases for AFDC recipients to salary increases for state employees.

With the above deletions and reductions, I hereby approve Assembly Bill No 2190

EDMUND G BROWN JR , Governor

The people of the State of California do enact as follows:

Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund

created by law therefor, are to be used for salaries, support or any proper purpose, expenditures shall be made therefrom for any such purposes, to the extent only of the amount herein appropriated, unless otherwise stated herein, or authorized pursuant to Section 11006 of the Government Code.

Appropriations for purposes not otherwise provided for herein which have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

GENERAL SECTIONS

SEC. 4. Notwithstanding any other provisions of this act, no appropriations made by this act, or funds obtained from any other source may be expended by any state entity for electronic data-processing services, equipment, facilities, personnel, or supplies for any electronic data-processing activity, unless the procedures, including those relating to confidentiality and security of data, set forth in the State Administrative Manual to implement this section have been met and followed. The Department of Finance is authorized to approve proposed expenditures subject to this section for the purpose of ensuring that required procedures have been followed. The provisions of this section shall not apply to expenditures for continuing previously approved efforts, as defined in the State Administrative Manual, including added costs due to merit salary increases and inflation.

If funds subject to this section are to be encumbered pursuant to a contract, each such contract in excess of $25,000 shall be competitively bid except (a) when the Department of Finance determines that an article or service is the only article or service which can meet the needs of the state entity, or (b) in cases of emergency where immediate acquisition is necessary for the protection of the public health, welfare, or safety, as determined by the Director of Finance, or (c) when the Department of Finance determines that the interests of the state are best served through other competitive methods. The Department of Finance, with the assistance of the Department of General Services, shall maintain in the State Administrative Manual appropriate criteria and procedures to ensure compliance with the contract-letting policies set forth in this section. The Department of Finance shall maintain in the State Administrative Manual procurement and contracting guidelines to be followed by state agencies with respect to expenditures subject to

this section. Such guidelines may be in the form of standard formats or model formats which provide sufficient flexibility to enable the state to obtain contracts which take advantage of the vendor's best financing alternative while at the same time ensuring that reasonable protection for the state is not compromised.

In any procurement subject to this section involving the replacement of a computer central processing unit, if only one bid is received and that bid is from the vendor whose equipment is being replaced, a notification of an intent to award a contract to such sole bidder shall be submitted to the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee 30 days prior to an award of contract. The notification of intent to award a contract to such sole bidder shall describe the rationale for the award and the measures taken by the state to elicit more than one bid.

The Department of Finance may impose additional requirements that are more stringent than those set forth in the State Administrative Manual with respect to any particular expenditure if the Director of Finance determines that such requirements will best serve the needs of the state.

The Department of Finance shall identify significant issues which appear to be limiting the state's effective use of electronic data-processing technology, develop, and maintain a plan to address these issues, and report semiannually to the Joint Legislative Budget Committee and the California Information Systems Committee to include progress in resolving such issues.

The provisions of this section shall not apply to the University of California, the State Compensation Insurance Fund, the community college districts, agencies provided for by Article VI of the Constitution, or the Legislature.

SEC. 5. Because it is necessary to insure the availability of adequate equipment for physical facilities constructed for the operation of custodial, mental health, educational, administrative, military, and other agencies of the state government; because uncertainties as to completion dates make precise advance planning of equipment purchases impossible; and since delivery of some kinds of equipment cannot be made for six months or longer from the date of ordering; state agencies are therefore authorized to incur obligations, to be met during the 1979–80 fiscal year, for the purchase of equipment related to capital outlay projects for which the Legislature has appropriated construction funds; provided, that no obligation shall be incurred under the provisions of this section without the approval of the Department of Finance and the State Public Works Board. Purchase orders issued and contracts entered into under the provisions of this section shall not exceed a total of three million dollars ($3,000,000) in estimated cost.

SEC. 5.5. To the Department of Transportation, for advance authority for the department to incur equipment purchase obligations in an amount not to exceed $3,000,000 during the 1978–79

fiscal year, for delivery beginning in the 1979–80 fiscal year, the sum of $3,000,000 is hereby appropriated from the State Highway Account, State Transportation Fund.

SEC. 5.7. No funds made available for highway construction purposes under this act shall be used for the purpose of developing or implementing lanes on highway routes to be used exclusively for high occupancy vehicles. This section applies only to elements of the highway system in county group 1 which were initially included in the National System of Interstate and Defense Highways during the 1978 calendar year.

SEC. 6.1. None of the funds appropriated under Section 2 of this act may be expended for any project for the alteration of a state building requiring total expenditures of $100,000 or more. Any such project requiring total expenditures of $25,000 to $100,000, inclusive, shall be reported by the Director of General Services to the Chairman of the Joint Legislative Budget Committee, or his designee, at least 30 days prior to requesting bids for the project. Any such project requiring total expenditures of $5,000, but less than $25,000, during the 1977–78 fiscal year shall be reported by the Director of General Services to the Chairman of the Joint Legislative Budget Committee, or his designee, by October 1, 1978.

SEC. 7. Any acquisition of land or other real property included in any appropriation made herein except appropriations from the California Water Fund or the State Highway Account, State Transportation Fund or appropriations to the Board of Governors of the California Community Colleges for allocation to the community college districts shall be subject to the provisions of the Property Acquisition Law.

All property acquisitions, notwithstanding other exemptions of this section, shall be reported to the State Public Works Board.

SEC. 8. No money appropriated herein in any item for capital outlay may be expended by any state agency, including the University of California, the California State University and Colleges and the community colleges, except amounts for acquisition of land or other real property, amounts needed for equipment, minor projects and amounts appropriated specifically for preliminary surveys, studies and planning until the State Public Works Board and the Department of Finance have approved preliminary plans for the project to be financed from such item of appropriation for capital outlay and until the Chairman of the Joint Legislative Budget Committee, or his designee, is provided a 20-day review of the preliminary plans or not sooner than such lesser time as the chairman, or his designee, may in each instance determine, with the exception that community college approvals by the State Public Works Board will apply only to the allocation of state capital outlay funds appropriated heretofore and hereafter by the Legislature; including land acquisition and equipment funds; provided further, that unless excepted by the conditions of Section 81844 of the Education Code, the Public Works Board shall not approve for

allocation any appropriated amounts for working drawings or construction where said working drawings or construction have been started by a community college prior to approval of the state-appropriated amounts by the Public Works Board, and all such amounts not approved by the board under this criterion shall be reverted to the unappropriated balance of the appropriate fund; provided further, no major project for which appropriation is made hereunder regarding which the Director of Finance or his authorized representative requests review of working plans shall be put out to bid until the working plans therefor have been approved by the Department of Finance; provided further, that no money appropriated herein may be spent for working drawings for any project as to which there has been made substantial change or changes from the preliminary plans as approved by the State Public Works Board and the Department of Finance unless there has first been obtained the approval of the Department of Finance to make such change or changes; provided further, that no more than one thousand dollars ($1,000) of the money appropriated herein may be spent for any single unit of equipment until prior approval for purchase of such equipment shall have been given by the Department of Finance.

The State Public Works Board shall defer all augmentations in excess of 20 percent of the amount appropriated herein for each capital outlay project until the Legislature makes additional funds available for the specific project.

Nothing in this section shall be construed to limit or control the Department of Transportation in the expenditure of State Highway Account, State Transportation Fund money appropriated for capital outlay purposes.

SEC. 8.1. (a) The Director of Parks and Recreation may not advertise, negotiate, renegotiate, or amend any concession contract, operating lease, or nongovernmental agreement which involves a total investment for any private party in excess of $100,000 or involves projected concessionaire gross receipts in excess of $100,000 on an annual basis under the terms of such agreement unless the director first obtains approval of the State Public Works Board. Prior to granting such approval, the State Public Works Board shall make a finding that the proposed concession operation was approved by the Legislature or could not have reasonably been presented to the Legislature through the annual budgeting process.

(b) In addition, none of the access, picnic, restroom, or camping facilities constructed with funds appropriated by this act shall be operated pursuant to any new or existing concession agreement unless the justification for the appropriation presented to the Legislature has included such concession operation.

(c) This section shall not apply to the California Exposition and State Fair.

SEC. 8.2. No expenditure for park furnishings shall be made from any appropriation contained in this act for expenditure by the

Department of Parks and Recreation unless the department has made reasonable efforts to acquire such furnishings on a consolidated procurement basis. The department shall provide reasonable demonstration of such consolidated procurement to the Public Works Board and the Office of Procurement of the Department of General Services before the board and office authorize an expenditure or approve procurement.

SEC. 8.3. The Controller may not disburse funds from any appropriation or reappropriation for acquisition made to the Department of Parks and Recreation by this act to pay for any property rights, however secured or received, until the State Public Works Board has approved the transaction. In addition, the Attorney General and the Department of General Services shall inform the State Public Works Board of every action in inverse condemnation served upon either or both of them, which pertains to any acquisition for the state park system, by placing an item on the state board's agenda.

SEC. 8.5. In making appropriations to state agencies which are eligible for federal assistance programs, it is the intent and understanding of the Legislature that applications made by such agencies for federal funds under any such programs shall be for the maximum amount allowable under federal law.

SEC. 9. Notwithstanding any other provision of law, the portion of each sum of money heretofore appropriated or allocated, hereby appropriated or hereafter allocated to the Regents of the University of California for capital outlay which remains after the purpose for which each said sum was appropriated or allocated has been accomplished, and which have been or hereafter are withdrawn from the State Treasury by the Regents of the University of California pursuant to the provisions of Section 92100 of the Education Code, together with increments, by way of interest or otherwise, on any such appropriation or allocations, shall be used and expended by the Regents of the University of California in executing and furthering the building and improvement program of the University of California; provided, that no such sums shall be allocated by the Regents of the University of California to projects for the purpose of augmenting those projects without prior approval of the State Public Works Board of the requested augmentation. Such sums shall be available for expenditure in payment of any encumbrances heretofore or hereafter incurred without regard to fiscal years; provided, however, that any unencumbered balances existing as of the date on which each such appropriation or allocation otherwise would lapse, shall then revert.

The Department of Finance shall certify to the State Controller the amount of such reductions in this act by item and category, and the State Controller shall revert such sums to the unappropriated surplus of the General Fund.

SEC. 28. (a) The Director of Finance may authorize the augmentation of the amount available for expenditure for any category in the schedule set forth for any appropriation in this act or any additional category in the amount of any funds which he estimates will be received by an officer, department, division, bureau, or other agency during the 1978–79 fiscal year from any other state agency, from any agency of local government or the federal government, from any appropriation made by the Legislature or from any other source which he determines has not been taken into consideration in the schedule or is in excess of the amount so taken into consideration.

(b) The director also may authorize expenditure for a new program not identified in the budget as such or for purposes which in his judgment constitute an increase in the level of services above that authorized by this act or other existing law not sooner than 30 days after notification in writing of the necessity therefor to the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairman of the committee, or his designee, may in each instance determine. Any authorization made pursuant to this subdivision too late for inclusion in the Governor's Budget for the 1979–80 fiscal year shall remain in effect for such

period as the director may determine in each instance, but in no event after June 30, 1980.

The Director of Finance may also reduce any category whenever he determines that funds to be received will be less than the amount taken into consideration in the schedule.

(c) All authorizations reported or requested under the provisions of this section shall include all of the following:

(1) A description of the proposed expenditure and identification of the statutory authority for the expenditure.

(2) A determination whether the expenditure, if federally funded, is specifically designed to be one-time, a continuing federal obligation, or one that the state is required (or expected) to fund at some future date.

(3) A determination whether the expenditure, if federally funded, supplements or replaces existing state expenditures.

(4) A determination whether the expenditure has previously been considered at some point in the legislative process and has been denied; and, if denied, for what reasons.

(d) For each fiscal year the Department of Finance shall submit quarterly to the Joint Legislative Budget Committee cumulative reports comparing the budgeted and the revised expenditure authorizations for actions approved pursuant to this section including a summary of the matters required to be reported pursuant to subdivision (c).

SEC. 28.01. (a) Notwithstanding the provisions of Section 28 or any other provisions of this act, the Director of Finance may not authorize any augmentation nor any expenditure pursuant to subdivisions (a) or (b) of Section 28 of this act for support of the State Departments of Social Services, Developmental Services, Health Services, Alcohol and Drug Abuse, Mental Health, the Office of Statewide Health Planning and Development, or the Employment Development Department, unless one of the following conditions is met:

(1) The augmentation or expenditure is required to meet an emergency situation which cannot be abated using funds authorized by the Budget Act.

(2) Failure to make the augmentation or expenditure would result in the loss of federal funds.

(3) The augmentation or expenditure is for minor or routine functions which have no significant policy or budgetary importance.

(4) The augmentation or expenditure meets the requirements of subdivision (b) of this section.

(b) Within 30 days after the Governor appoints each Director for the State Departments of Social Services, Health Services, Developmental Services, Mental Health, Alcohol and Drug Abuse, and the Director of the Office of Statewide Health Planning and Development, or on August 1, 1978, whichever is later, the director of each department or office shall submit a preliminary report to the Chairman of the Joint Legislative Budget Committee, the chairman of the

appropriate policy committee which normally reviews such subject matter and chairman of the committee in each house which considers appropriations, which includes the following information:

(1) An internal organization chart.

(2) An explanation of how manpower and other resources are being used to meet the various missions of the department or office.

(3) Identification of positions which should be added or reclassified in order for the department or office to fulfill or improve its missions.

(4) Identification of any significant budgetary or organizational change which is desirable.

(5) Identification or programs under the jurisdiction of the department or office which should be expanded or reduced in scope or in manner of operation.

The directors of each of the aforementioned departments and office shall submit the same information in the form of a final report to the chairman of the applicable legislative committees on or before January 1, 1979.

The Director of Finance may authorize an augmentation or expenditure for any of the aforementioned departments or office, pursuant to the provisions of subdivision (a) or (b) of Section 28 of this act; provided, that the Chairman of the Joint Legislative Budget Committee is notified of such authorization within 30 days after the preliminary report required by this section is submitted, and the authorized expenditure or augmentation is within and conforms to the provisions of such reports.

The final report required by subdivision (b) of this section may be updated and revised by a director of such department or office by submitting revisions to the appropriate legislative committee chairman on or before April 1, 1979.

(c) The Director of Finance, at the same time he notifies the Joint Legislative Budget Committee of an augmentation or expenditure pursuant to Section 28, shall also certify to the Chairman of the Joint Legislative Budget Committee that the provisions of this section are met, for any augmentation or expenditure subject to the provisions of this section.

SEC. 28.1. The Regents of the University of California may not enter into a lease-purchase agreement with another entity, public or private, which involves building space, unless such agreement is reviewed and approved by the Legislature.

SEC. 28.2. The Director of General Services may not execute a lease agreement between the state and another entity, public or private, in which the state is lessee when the agreement is to be for the lease of a building or building space or both which will be for the occupancy of any agency or agencies of the state with a firm lease period of five years or longer and an annual rental in excess of $5,000 or if the agreement contains an option for the purchase of the lease property, or if the agreement concerns property in the County of Sacramento or the County of Yolo, unless not less than 30 days prior

to its execution he notifies the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee or his designee in writing of his intention to execute such an agreement, or not sooner than such lesser time as the chairman of said committee, or his designee, may in each instance determine, provided that no funds appropriated in this act may be encumbered or expended for any lease entered into on or after July 1, 1978, for office space in the County of Sacramento unless all solicitations for leases for office space in the County of Sacramento under these conditions shall contain the statement, "The state is anticipating capital construction in the City of Sacramento and intends to eventually reduce the use of space on a leased basis."

SEC. 28.3. The Department of Social Services shall submit, by September 1, November 15, and April 15, to the Department of Finance for its approval, all assumptions underlying all estimates related to the (1) average monthly caseloads for each of the categorical aid programs, (2) average grant for each of the categorical aid programs, (3) total estimated expenditures for each of the categorical aid programs, and (4) savings or cost associated with all regulatory or statutory changes.

The State Department of Health Services shall submit, by September 1, November 15, and April 15, to the Department of Finance for its approval, all assumptions underlying all estimates related to (1) the average monthly caseload for the medically needy and medically indigent in the Medi-Cal Program, (2) the average cost for each category of service and each category of recipient, (3) total estimated expenditures for each category of service, and (4) savings or costs associated with all regulatory or statutory changes.

The Department of Finance shall approve or modify the assumptions underlying all estimates within 10 working days of their submission. If the Department of Finance does not approve or modify the assumptions by such date, the assumptions, as presented by the submitting department, shall be deemed to be accepted by the Department of Finance as of that date.

The estimates of average monthly caseload, average monthly grant, average cost of medical services, total estimated expenditures (including administrative expenditures and savings or costs associated with all regulatory or statutory changes), and a listing of all of the approved assumptions, as well as all supporting data provided by the Department of Social Services and the State Department of Health Services or developed independently by the Department of Finance, shall be made available to the Joint Legislative Budget Committee immediately following approval by the Department of Finance. However, such departmental estimates, assumptions, and other supporting data as have been prepared shall be forwarded to the Joint Legislative Budget Committee not later than October 1, January 10, and May 15 by the Department of Social Services and the Department of Health Services in the event this information has not been released earlier.

SEC. 28.4. No funds appropriated by this act shall be encumbered for the purpose of funding any increased state costs or local governmental costs, or both such costs, arising from the issuance of an executive order as defined in Section 2209 of the Revenue and Taxation Code or subject to the provisions of Section 2231 of the Revenue and Taxation Code, unless (a) such funds to be encumbered are appropriated for such purpose, or (b) notification in writing of the necessity of the encumbrance of funds available to the state agency, department, board, bureau, office, or commission is given by the Department of Finance, at least 30 days before such encumbrance is made, to the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee, or such lesser time as the chairman of the committee, or his designee, determines.

SEC. 28.5. Approvals by the Department of Finance to the creation of deficiencies pursuant to Section 11006 of the Government Code and approvals to expend at rates which, in the opinion of the Director of Finance, will require a deficiency appropriation shall be made in writing and filed with the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee. Such notices shall state the reason for and amount of such authorization and shall be filed prior to approval whenever possible and in no case shall they be filed more than 10 days after approval.

SEC. 28.7. The Regents of the University of California shall not undertake any project funded from the Health Sciences Hospital Reserve Fund, which is in excess of $100,000, unless the scope and cost of any such project is approved by the Director of Finance and 30 days' written notification is provided to the Chairman of the Joint Legislative Budget Committee or his designee, or not sooner than such lesser time as the chairman of such committee, or his designee, may in each instance determine. Any project funded from the Health Sciences Hospital Reserve Fund, of less than $100,000, shall be reported to the Chairman of the Joint Legislative Budget Committee by December 1 of each fiscal year. For purposes of this section the definition of a project does not include equipment projects. Any urgent project concerned with patient life or safety may proceed without prior approval or notification but such project shall be identified in the report provided each December 1.

SEC. 28.8. The total net proceeds that have, or will, become available from the sale of real property in Los Posas Valley in the County of Ventura, as authorized by Section 1 of Chapter 23 of the Statutes of 1976, as amended by Chapter 1256 of the Statutes of 1976, shall be applied to projects specified in the schedule to Item 419 of the Budget Act of 1977 in the order in which they appear in the schedule. After such proceeds are exhausted, other funds in the Capital Outlay Fund for Public Higher Education shall be applied to the unfunded projects specified in the schedule in the order in which they appear.

SEC. 28.81. No funds appropriated by this act may be used by the Trustees of the California State University and Colleges to reclassify instructional capacity space to noninstructional capacity space unless and until any such reclassification is first approved by the Department of Finance and 30 days' written notification is provided to the Chairman of the Joint Legislative Budget Committee or his designee.

SEC. 28.9. Since it is the intent of the Legislature in enacting this act that no qualified student be denied admission to the California State University and Colleges or to the University of California because of a budget deficiency caused by unanticipated additional enrollments, the Director of Finance may, following the adoption of a resolution by the Trustees of the California State University and Colleges or the Regents of the University of California declaring an enrollment emergency, authorize the accelerated expenditure of amounts budgeted for the state university and colleges or the university, in the form of an agreement to seek a supplementary appropriation from the General Fund to the extent necessary to ensure that all qualified students can be admitted when he certifies that the systemwide enrollment of the California State University and Colleges or of the University of California exceeds by 2 percent or more the enrollment upon which the budget for the state university and colleges or the university was based; provided, that no increased expenditure may exceed $5,000,000 in the aggregate or be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairman of such committee, or his designee, may in each instance determine.

In the event that the systemwide enrollment of the California State University and Colleges or University of California is under the budgeted enrollment by more than 2 percent, such excess shall be unallocated by the Director of Finance. Unallocated funds may be reallocated to preclude layoffs only after the Director of Finance has approved such action and shall not be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairman of such committee, or his designee, may in each instance determine.

Based upon fall annualized full-time equivalent (FTE) students, all surplus funds withdrawn from any campus consistent with the policy of the California State University and Colleges (CSUC) system due to fluctuations in student enrollments, shall be returned:

(a) To campuses with enrollments in excess of the budgeted level consistent with the CSUC policy and

(b) To all campuses for allocation to the programs of "Instruction" and "Academic Support".

"Surplus" is defined as those funds in excess of that returned to the

state pursuant to this section. No exceptions to the above prescribed allocation may be made unless prior approval is given by the Department of Finance and is reported to the Chairman of the Joint Legislative Budget Committee, and the financial necessity of any such exception shall be identified.

SEC. 28.91. All appropriations for the support of the California State University and Colleges shall be subject to the provisions of Section 13320 of the Government Code and applicable Budget Act restrictions with the following exceptions:

(a) The trustees may transfer excess salary savings funds from the salary savings reserve allotments to expenditure allotments provided such transfers do not exceed 20 percent of salary saving. Excess salary savings funds are those in excess of the amount budgeted.

(b) The trustees may approve transfer of funds between one or more of the programs for which funds are appropriated for the support of the California State University and Colleges.

Any transfer of funds made under the above exceptions shall be reported to the Department of Finance and Joint Legislative Budget Committee within 30 days after the end of each quarter in which such transfer was approved.

SEC. 29. Premiums for official bonds may be paid out of appropriations contained in this act, notwithstanding the period covered by such bonds.

SEC. 30. Whenever an expenditure is authorized from the reserve for contingencies and emergencies, from price increase funds, from employee benefits or special salary adjustments funds, from total equivalent compensation funds, from the salary increase funds, or from a special fund pursuant to Section 11006 of the Government Code, in addition to an appropriation made by this act, such authorized expenditures may, for accounting purposes, be deemed to be an augmentation and increase of the appropriation made by this act.

SEC. 31. The appropriations under this act, unless otherwise provided, shall be subject to the provisions of Section 13320 of the Government Code requiring expenditures to be made in accordance with the allotments and other provisions of fiscal year budgets approved by the Department of Finance.

The fiscal year budget shall authorize in such manner as the Department of Finance shall prescribe all established positions whose continuance for the year is approved and all new positions. No new position shall be established unless authorized by the Department of Finance on the basis of work program and organization.

The Director of Finance, or his authorized designee, shall notify the Chairman of the Joint Legislative Budget Committee within 30 days of authorizing any position not authorized for that fiscal year by the Legislature or any reclassification to a position with a minimum step of $1,525 or more per month. He shall also report all transfers to blanket authorizations and the establishment of any permanent positions out of a blanket authorization.

All positions administratively established pursuant to this section

during the 1978–79 fiscal year shall terminate on June 30, 1979, except that those positions which have been (a) included in the 1979–80 Governor's Budget as proposed new positions, or (b) approved by the Department of Finance and reported to the Legislature after the 1979–80 Governor's Budget submission to the Legislature, may be reestablished by the Department of Finance during the 1979–80 fiscal year, provided such positions are shown in the 1980–81 proposed Governor's Budget submitted to the Legislature, or in subsequent Department of Finance letters to the Legislature, and provided, such positions do not result in establishment of positions deleted by the Legislature through the 1979–80 budget process.

Each fiscal year budget shall provide for a salary savings reserve to which shall be transferred on a document initiated by the agency and submitted to the Department of Finance the unencumbered balance remaining in each allotment for salaries and wages at the close of each quarter or other period of time covered by the allotment. The unencumbered balance remaining in each budget allotment for salaries and wages shall be computed by deducting from the amount of the allotment the expenditures and accrued obligations for salaries and wages chargeable to such allotment for the period covered thereby. The amount in the salary savings reserve shall not be available for expenditure except upon transfer to allotments for salaries and wages approved by the Department of Finance. Such transfer shall be approved only after it has been demonstrated to the satisfaction of the Department of Finance that the allotment to be augmented is insufficient to meet necessary expenditures for salaries and wages.

No money in any salary savings reserve may be expended to pay increases in salary ranges established after July 1, 1977, unless the Department of Finance certifies to the State Personnel Board, or other salary-fixing authority, prior to the adoption of such increased salary range that funds will be made available to pay the increased salaries resulting therefrom. Provided, that the provisions of this paragraph shall not apply to salaries fixed by the State Personnel Board based on prevailing rates pursuant to Government Code Section 18853.

A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the State Controller that such expenditures comply with the provisions of this section.

Each agency, department, board, commission, and institution, for whose benefit and support appropriations are made in this act, shall certify to the Director of Finance that its expenditures have been made for the purposes stated in the budget, as implemented by the Budget Act, except as the purposes stated have been revised, in accordance with law, by the Department of Finance subsequent to the enactment of the Budget Act.

SEC. 32. The officers of the various departments, boards, com-

missions and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of such appropriations, except the consent of the Department of Finance be first obtained, and a certificate, in writing, duly signed by the director of said department, of the unavoidable necessity of such expenditure; and any indebtedness attempted to be created against the state in violation of the provisions of this section shall be absolutely null and void; and shall not be allowed by the State Controller nor paid out of any state appropriation. Any member of any such department, board, commission or institution, who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act, except by the consent of the Department of Finance and the certificate in this section provided to be first obtained, shall be liable on his official bond for the amount of such indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm or corporation to whom such indebtedness is owing.

The Department of Finance shall submit copies of certificates approved by it under this section to the Chairman of the Joint Legislative Budget Committee, and the chairman of the committee in each house which considers appropriations, quarterly, and shall indicate in the case of each certificate the code section or section of this act under which the department gave its consent to exceed the particular appropriation.

SEC. 32.2. The Director of Finance may direct the transfer of such unexpended balances of appropriations and of other funds available for use in connection with any function or agency affected by a reorganization plan submitted to the Legislature pursuant to Article 7.5 (commencing with Section 12080) of Chapter 1, Part 2, Division 3, Title 2 of the Government Code when the plan becomes effective pursuant to Section 12080.5 of the Government Code, as he deems necessary by reason of the reorganization, for use in connection with the functions affected by the reorganization, or for the use of the agency which has such functions after the reorganization plan is effective; provided that, unexpended balances so transferred shall be used only for the purpose for which the appropriation was originally made.

SEC. 32.5. Notwithstanding the provisions of any appropriation of state funds made in the Welfare and Institutions Code for the Child Support Incentive Payment program (pursuant to Sections 15200.1 and 15200.2 of the Welfare and Institutions Code) and the Aid to Families with Dependent Children Program, expenditures of state funds for those programs for the fiscal year ending June 30, 1979, shall not exceed, in the aggregate, the sum of $640,479,150.

The Department of Social Services shall administer the public assistance programs so that the counties will bear no more than the amount of welfare costs that they would be obligated to bear under the applicable provisions of the Welfare and Institutions Code, without the expenditure limitations set forth in this section, and so that

the amount authorized to be expended under this section shall fully cover the state's share of aid payments and for services under such programs for the 1978–79 fiscal year.

The limitations on amounts imposed by this section shall apply to any amounts which are determined by the Director of Finance to be necessary to meet increases in costs arising from approvals made by the Department of Finance pursuant to the provisions of Item 270, provided the Legislature is notified pursuant to the provisions of Section 28 of this act. In addition, the Director of Finance is authorized to approve expenditures in those amounts made necessary by changes in either caseload or payments, or any change in a rule or regulation adopted and any All-County Letter issued, during the 1978–79 fiscal year which are in excess of amounts appropriated in this act for that year.

Provided further, that the availability of funds for such rules, regulations, or all-county letters which (a) add to program or administrative costs funded from the General Fund in excess of $500,000, and (b) are not specifically required by a court order, change in federal or state law, or included in the appropriation made by this act, may be approved by the Director of Finance not sooner than 30 days after notification in writing of the necessity therefore to the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairman of the committee, or his designee, may in each instance determine.

If the Director of Finance determines during the third quarter of the fiscal year that the estimate of expenditures will exceed the expenditures authorized by this section, the director shall so report to the Legislature prior to the end of the third quarter. At such time as the report is made, the amount of the limitation shall be increased by the amount of such excess unless and until otherwise provided by law.

Provided further, that it is the intent of the Legislature in enacting Chapter 332 of the Statutes of 1978, and in enacting this act, that any increase in AFDC payments for AFDC recipients authorized by Section 34.5 of Chapter 332, shall not result in a total cost-of-living increase in such payments which is greater than the across the board cost-of-living salary increases for state employees which is granted by this act.

Provided further, that both AFDC recipients and state employees shall receive cost-of-living increases of 2½ percent.

SEC. 33. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 34 If any portion of this act is held unconstitutional, such decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any other portion be declared unconstitutional.

SEC. 34.1. Funds from each appropriation made in this act may be expended to pay such salary adjustments as are authorized by salary-fixing authorities to provide an increase in the compensation for officers and employees during the month of July 1978 to provide compensation equivalent to that which they would have otherwise received had this act operative on July 1, 1978.

SEC. 34.2. Funds from each appropriation made in this act may be expended to pay any obligation incurred between the commencement of the 1978–79 fiscal year and the effective date of this act, which would otherwise have been authorized hereunder had this act been operative on July 1, 1978, subject to the same limitations, conditions and requirements.

SEC 34.3 Sections 34.1 and 34 2 of this act do not provide a cost-of-living salary increase for state employees for purposes of Chapter 4 (commencing with Section 16280) of Part 1.5 of Division 4 of Title 2 of the Government Code.

SEC. 35. This act, inasmuch as it provides for an appropriation for the usual current expenses of the state, shall, under the provisions of Section 8 of Article IV of the Constitution of the State of California, take effect immediately

SEC 36. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect The facts constituting such necessity are.

CHAPTER 360

An act to add Chapter 1.3 (commencing with Section 24170) to Division 20 of the Health and Safety Code, relating to human experimentation.

[Approved by Governor July 6, 1978. Filed with Secretary of State July 7, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1.3 (commencing with Section 24170) is added to Division 20 of the Health and Safety Code, to read:

CHAPTER 1.3. HUMAN EXPERIMENTATION

24170. This chapter shall be known and may be cited as the Protection of Human Subjects in Medical Experimentation Act.

24171. The Legislature hereby finds and declares that medical experimentation on human subjects is vital for the benefit of mankind, however such experimentation shall be undertaken with due respect to the preciousness of human life and the right of individuals to determine what is done to their own bodies.

The Legislature further finds and declares that:

(a) The Nuremberg Code of Ethics in Medical Research was developed after the trial of Nazi war criminals for unethical use of persons in medical experiments; subsequently, the Declaration of Helsinki additionally established recommendations guiding doctors in experimentation involving human subjects.

(b) Neither the Nuremberg Code nor the Declaration of Helsinki are codified under law and are, therefore, unenforceable.

(c) It is necessary that medical experimentation be done in such a way as to protect the rights of the human subjects involved.

(d) There is, and will continue to be, a growing need for protection for citizens of the state from unauthorized, needless, hazardous, or negligently performed medical experiments on human beings.

It is, therefore, the intent of the Legislature, in the enacting of this chapter, to provide minimum statutory protection for the citizens of this state with regard to human experimentation and to provide penalties for those who violate such provisions.

24172. As used in the chapter, "experimental subject's bill of rights," means a list of the rights of a subject in a medical experiment, written in a language in which the subject is fluent. Except as otherwise provided in Section 24175, this list shall include, but not be limited to the subject's right to:

(a) Be informed of the nature and purpose of the experiment.

(b) Be given an explanation of the procedures to be followed in the medical experiment, and any drug or device to be utilized.

(c) Be given a description of any attendant discomforts and risks reasonably to be expected from the experiment.

(d) Be given an explanation of any benefits to the subject reasonably to be expected from the experiment, if applicable.

(e) Be given a disclosure of any appropriate alternative procedures, drugs or devices that might be advantageous to the subject, and their relative risks and benefits.

(f) Be informed of the avenues of medical treatment, if any, available to the subject after the experiment if complications should arise.

(g) Be given an opportunity to ask any questions concerning the experiment or the procedures involved.

(h) Be instructed that consent to participate in the medical experiment may be withdrawn at any time and the subject may discontinue participation in the medical experiment without prejudice.

(i) Be given a copy of the signed and dated written consent form as provided for by Section 24173 or 24178.

(j) Be given the opportunity to decide to consent or not to consent to a medical experiment without the intervention of any element of force, fraud, deceit, duress, coercion, or undue influence on the subject's decision.

24173. As used in this chapter, "informed consent" means the authorization given pursuant to Section 24175 to have a medical experiment performed after each of the following conditions have been satisfied:

(a) The subject or subject's conservator or guardian, or other representative, as specified in Section 24175, is provided with a copy of the experimental subject's bill of rights, prior to consenting to participate in any medical experiment, containing all the information required by Section 24172 and such copy is signed and dated by the subject or the subject's conservator or guardian, or other representative, as specified in Section 24175.

(b) A written consent form is signed and dated by the subject or the subject's conservator or guardian, or other representative, as specified in Section 24175.

(c) The subject or subject's conservator or guardian, or other representative, as specified in Section 24175, is informed both verbally and within the written consent form, in nontechnical terms and in a language in which the subject or the subject's conservator or guardian, or other representative, as specified in Section 24175, is fluent, of the following facts of the proposed medical experiment which might influence the decision to undergo the experiment, including, but not limited to:

(1) An explanation of the procedures to be followed in the medical experiment and any drug or device to be utilized, including the purposes of such procedures, drugs, or device. If a placebo is to be administered or dispensed to a portion of the subjects involved in a medical experiment, all subjects of such experiment shall be

informed of such fact, however, they need not be informed as to whether they will actually be administered or dispensed a placebo.

(2) A description of any attendant discomfort and risks to the subject reasonably to be expected.

(3) An explanation of any benefits to the subject reasonably to be expected, if applicable.

(4) A disclosure of any appropriate alternative procedures, drugs or devices that might be advantageous to the subject, and their relative risks and benefits.

(5) An estimate of the expected recovery time of the subject after the experiment.

(6) An offer to answer any inquiries concerning the experiment or the procedures involved.

(7) An instruction to the subject that he or she is free to withdraw his prior consent to the medical experiment and discontinue participation in the medical experiment at any time, without prejudice to the subject.

(8) The name, institutional affiliation, if any, and address of the person or persons actually performing and primarily responsible for the conduct of the experiment.

(9) The name of the sponsor or funding source, if any, or manufacturer if the experiment involves a drug or device, and the organization, if any, under whose general aegis the experiment is being conducted.

(10) The name, address, and phone number of an impartial third party, not associated with the experiment, to whom the subject may address complaints about the experiment.

(d) The written consent form is signed and dated by any person other than the subject or the conservator or guardian, or other representative of the subject, as specified in Section 24175, who can attest that the requirements for informed consent to the medical experiment have been satisfied.

(e) Consent is voluntary and freely given by the human subject or the conservator or guardian, or other representative, as specified by Section 24175, without the intervention of any element of force, fraud, deceit, duress, coercion, or undue influence.

24174. As used in this chapter, "medical experiment" means:

(a) The severance or penetration or damaging of tissues of a human subject or the use of a drug or device, as defined in Section 26009 or 26010, electromagnetic radiation, heat or cold, or a biological substance or organism, in or upon a human subject in the practice or research of medicine in a manner not reasonably related to maintaining or improving the health of such subject or otherwise directly benefiting such subject.

(b) The investigational use of a drug or device as provided in Sections 26678 and 26679.

(c) Withholding medical treatment from a human subject for any purpose other than maintenance or improvement of the health of such subject.

24175. (a) Except as otherwise provided in this section, no person shall be subjected to any medical experiment unless the informed consent of such person is obtained.

(b) If an adult person, who is incompetent as defined in Section 1435.2 of the Probate Code, is under the care and custody of a guardian pursuant to Division 4 (commencing with Section 1400) of the Probate Code, informed consent for a medical experiment involving such person shall be obtained from such person's guardian.

(c) If an adult person is under a conservatorship of the person or of the person and estate, pursuant to Division 5 (commencing with Section 1701) of the Probate Code, informed consent for a medical experiment involving such person shall be obtained from such person's conservator.

(d) If an adult person who is gravely disabled, as defined in subdivision (h) of 5008 of the Welfare and Institutions Code, and is under a conservatorship of the person or of the person and estate, pursuant to Chapter 3 (commencing with Section 5350) of Article 8 of Part 1 of Division 5 of the Welfare and Institutions Code, informed consent for a medical experiment involving such person shall be obtained from such person, unless the conservator of such person has the right to consent to medical treatment on behalf of the conservatee, pursuant to subdivisions (c) and (d) of Section 5357 and Section 5358 of the Welfare and Institutions Code.

(e) If an adult person who is developmentally disabled, as defined in subdivision (a) of Section 4512 of the Welfare and Institutions Code, and has neither a guardian or conservator and is mentally incapable of giving informed consent, informed consent shall be obtained for a medical experiment involving such person, pursuant to subdivision (c) of Section 4655 of the Welfare and Institutions Code.

(f) Informed consent given by a person other than the human subject pursuant to subdivisions (b) through (e), inclusive, of this section shall only be for medical experiments related to maintaining or improving the health of the human subject or related to obtaining information about a pathological condition of the human subject.

24176. (a) Any person who is primarily responsible for conduct of a medical experiment and who negligently allows such experiment to be conducted without a subject's informed consent, as provided in this chapter, shall be liable to such subject in an amount not to exceed one thousand dollars ($1,000), as determined by the court. The minimum amount of damages awarded shall be fifty dollars ($50).

(b) Any person who is primarily responsible for the conduct of a medical experiment and who willfully fails to obtain the subject's informed consent, as provided in this chapter, shall be liable to such subject in an amount not to exceed five thousand dollars ($5,000) as determined by the court.

(c) Any person who is primarily responsible for the conduct of a medical experiment and who willfully fails to obtain the subject's

informed consent, as provided in this chapter, and thereby exposes a subject to a known substantial risk of serious injury, either bodily harm or psychological harm, shall be guilty of a misdemeanor punishable by imprisonment in the county jail for a period not to exceed one year or a fine of ten thousand dollars ($10,000), or both.

(d) Any representative or employee of a pharmaceutical company, who is directly responsible for contracting with another person for the conduct of a medical experiment, and who has knowledge of risks or hazards with respect to such experiment, and who willfully withholds information of such risks and hazards from the person contracting for the conduct of the medical experiment, and thereby exposes a subject to substantial risk of serious injury, either bodily harm or psychological harm, shall be guilty of a misdemeanor punishable by imprisonment in the county jail for a period not to exceed one year or a fine of ten thousand dollars ($10,000), or both.

(e) Each and every medical experiment performed in violation of any provision of this chapter is a separate and actionable offense.

(f) Any attempted or purported waiver of the rights guaranteed, or requirements prescribed by this chapter, whether by a subject or by a subject's conservator or guardian, or other representative, as specified in Section 24175, is void.

(g) Nothing in this section shall be construed to limit or expand the right of an injured subject to recover damages under any other applicable law.

24177. The provisions of this chapter shall not supersede, but shall be in addition to, the provisions of Article 4 (commencing with Section 26668) of Chapter 6 of Division 21 of this code and Title 2.1 (commencing with Section 3500) of Part 3 of the Penal Code.

24178. Except for this section and the requirements set forth in Sections 24172 and 24176, this chapter shall not apply to any person who is conducting a medical experiment as an investigator within an institution which holds an assurance with the Department of Health, Education and Welfare pursuant to Part 46 of Title 45 of the Code of Federal Regulations and who obtains informed consent in the method and manner required by such regulations.

24179. This chapter shall not apply to a pharmacist dispensing drugs upon a prescription.

24179.5. Notwithstanding any other provision of this chapter, this chapter shall not apply to an adult person in a terminal condition who executes a directive directing the withholding or withdrawal of life-sustaining procedures pursuant to Section 7188. To the extent of any conflict, the provisions of Chapter 3.9 (commencing with Section 7185) of Part 1, of Division 7 shall prevail over the provisions of this chapter.

SEC. 2. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any

service required to be carried on or performed by it by this act.

CHAPTER 361

An act to amend Section 25100.5 of the Government Code, relating to county clerks.

[Approved by Governor July 6, 1978 Filed with Secretary of State July 7, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 25100.5 of the Government Code is amended to read:

25100.5. The board of supervisors of any county may provide by ordinance that the clerk of the board of supervisors may be appointed by the board in the same manner as other county officers are appointed. In such counties, the county clerk is not ex officio clerk of the board of supervisors.

The clerk of the board of supervisors shall perform those duties prescribed by law for the county clerk as ex officio clerk of the board of supervisors or for the clerk of the board of supervisors and such additional duties as the board of supervisors shall prescribe by ordinance. Such person may perform all the duties vested in the county clerk other than those vested in the county clerk as ex officio clerk of the superior court or registrar of voters and may take acknowledgments and administer and certify oaths in the performance of such person's official duties.

CHAPTER 362

An act to amend Sections 39002.5 and 81033.5 of the Education Code, relating to school districts.

[Approved by Governor July 6, 1978. Filed with Secretary of State July 7, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 39002.5 of the Education Code is amended to read:

39002.5. Geological and soil engineering studies as described in Section 39002 shall be made, within the boundaries of any special studies zone, for the construction of any school building as defined in Section 39141, or if the estimated cost exceeds twenty thousand dollars ($20,000), for the reconstruction or alteration of or addition to any such school building for work which alters structural elements.

The Department of General Services may require similar geological and soil engineering studies for the construction or alteration of any school building on a site located outside of the boundaries of any special studies zone. No such studies need be made if the site under consideration has been the subject of adequate prior studies.

No school building shall be constructed, reconstructed, or relocated on the trace of a geological fault along which surface rupture can reasonably be expected to occur within the life of the school building.

A copy of the report of each investigation conducted pursuant to this section shall be submitted to the Department of General Services pursuant to Article 3 (commencing with Section 39140) of this chapter and to the Department of Education. The cost of geological and soil engineering studies and investigations conducted pursuant to this section may be treated as a capital expenditure.

SEC. 2. Section 81033.5 of the Education Code is amended to read:

81033.5. Geological and soil engineering studies as described in Section 81033 shall be made, within the boundaries of any special studies zone, for the construction of any school building as defined in Section 81131 or, if the estimated cost exceeds twenty thousand dollars ($20,000), for the reconstruction or alteration of or addition to any such school building for work which alters structural elements. No such studies need be made if the site under consideration has been the subject of adequate prior studies.

No school building shall be constructed, reconstructed, or relocated on the trace of a geological fault along which surface rupture can reasonably be expected to occur within the life of the school building.

A copy of the report of each investigation conducted pursuant to this section shall be submitted to the Department of General Services pursuant to Article 7 (commencing with Section 81130) of this chapter of this division and to the Department of Education. The cost of geological and soil engineering studies and investigations conducted pursuant to this section may be treated as a capital expenditure.

CHAPTER 363

An act to amend Section 5 of the County Water Authority Act (Chapter 545 of the Statutes of 1943), relating to county water authorities.

[Approved by Governor July 6, 1978 Filed with Secretary of State July 7, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 5 of the County Water Authority Act (Chapter 545 of the Statutes of 1943) is amended to read:

Sec. 5. Any authority incorporated as herein provided shall have power:

(1) To have perpetual succession.

(2) To sue and be sued in all actions and proceedings and in all courts and tribunals of competent jurisdiction.

(3) To adopt a corporate seal and alter it at pleasure.

(4) To take by grant, purchase, bequest, devise or lease, and to hold, enjoy, lease, sell or otherwise dispose of, any and all real and personal property of any kind within or without the authority and within and without the state necessary or convenient to the full exercise of its powers; also to acquire, construct or operate, control and use any and all works, facilities and means necessary or convenient to the exercise of its powers, both within and without the authority, and within and without the state, and to do and perform any and all things necessary or convenient to the full exercise of the powers herein granted.

(5) To exercise the power of eminent domain to take any property necessary to the exercise of the powers herein granted.

(6) To construct and maintain works and establish and maintain facilities across or along any public street or highway and in, upon or over any vacant public lands which are now, or may become the property of the State of California; provided, however, that the authority shall promptly restore any such street or highway to its former state of usefulness as nearly as may be, and shall not use the same in such manner as to completely or unnecessarily impair the usefulness thereof. The grant of the right to use such vacant state lands shall be effective upon the filing by such authority with the Division of State Lands of the Department of Finance, of an application showing the boundaries, extent and locations of the lands, rights-of-way, or easements desired for such purposes. If the land, rights-of-way or easement for which application shall be made is for the construction of any aqueduct, ditch, pipeline, conduit, tunnel or other works for the conveyance of water, or for roads, or for poles, or towers and wires for the conveyance of electrical energy or for telephonic or telegraphic communication, no compensation shall be charged the authority therefor, unless, in the opinion of the Chief of such Division of State Lands the construction of such works will render the remainder of the legal subdivision through which such works are to be constructed valueless or unsalable, in which event the authority shall pay for the lands to be taken and for such portion of any legal subdivision which, in the opinion of said Chief of the Division of State Lands, are rendered valueless or unsalable. If the

lands for which application is made are for purposes other than the construction of roads or for works for the conveyance of water, or electricity or telephonic or telegraphic communication, such authority shall pay to the state for such lands at the reasonable rate determined by the Division of State Lands. Upon filing such application, accompanied by map or plat showing the location or proposed location of such works and/or facilities, the fee title to so much of such state lands as shall be found by the Chief of the Division of State Lands of the Department of Finance to be necessary or convenient to enable such authority to construct or maintain its works and/or to establish or maintain its facililties, shall be conveyed to such authority by patent executed by the Governor of the State of California, attested by the Secretary of State with the Great Seal of said state affixed, and countersigned by the Registrar of State Lands; if an easement or right-of-way only over such lands be sought by such authority, such easement or right-of-way shall be evidenced by permit or grant executed by such Chief of the Division of State Lands. The Chief of the Division of State Lands may reserve in such patents, grants or permits, easements and rights-of-way across any lands therein described for the construction of streets, roads and highways. Before any such patent, grant or permit shall be executed any compensation due to the state under the provisions hereof, must be paid. In the event that the duties or titles of any of the officers herein mentioned shall be changed by lawful authority, the functions herein required to be performed shall be performed by the appropriate officer or officers of the State of California. No fee shall be exacted from such authority for any patent, permit or grant so issued or for any service rendered hereunder. In the use of streets or highways the authority shall be subject to the reasonable rules and regulations of the governmental agency in charge thereof, concerning excavations and the refilling of excavations, the relaying of pavements and the protection of the public during periods of construction; provided, that the authority shall not be required to pay any license or permit fees, or file any bonds. The authority may be required to pay reasonable inspection fees.

(7) To borrow money and incur indebtedness and to issue bonds or other evidence of such indebtedness; provided, however, that no authority incorporated hereunder shall incur indebtedness which, in the aggregate, shall exceed fifteen (15) percent of the taxable property of the authority as shown by the last equalized assessment roll of the county in which the authority is located.

(8) To levy and collect taxes for the purpose of carrying on the operations and paying the obligations of the authority; provided, however, that such taxes levied under this section exclusive of any tax levied to meet the bonded indebtedness of such authority and the interest thereon and exclusive of any tax levied to meet any obligation to the United States of America or to any board, department or agency thereof, shall not exceed five cents ($0.05) on each such one hundred dollars ($100) of assessed valuation.

(9) To enter into contracts, employ and retain personal services and employ laborers; to create, establish and maintain such offices and positions as shall be necessary and convenient for the transaction of the business of the authority, and to elect, appoint and employ such officers, attorneys, agents and employees therefor as shall be found by the board of directors to be necessary and convenient for the transaction of the business of the authority.

(10) To join with one or more other public corporations for the purpose of carrying out any of its powers, and for that purpose to contract with such other public corporation or corporations for the purpose of financing such acquisitions, constructions and operations. Such contracts may provide for contributions to be made by each party thereto and for the division and apportionment of the expenses of such acquisitions and operations, and the division and apportionment of the benefits, the services and products therefrom. Such contracts may contain such other and further covenants and agreements as may be necessary and convenient to accomplish the purposes hereof. The term "public corporation" as used in this subdivision shall be deemed to mean and include the United States or any public agency thereof or this or any other state or any political district, subdivision or public agency thereof.

CHAPTER 367

An act to amend Section 85 of the Estero Municipal Improvement District Act (Chapter 82 of the Statutes of 1960, First Extraordinary Session), and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 10, 1978. Filed with Secretary of State July 10, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 85 of the Estero Municipal Improvement District Act (Chapter 82 of the Statutes of 1960, First Extraordinary Session) is amended to read:

Sec. 85. The district may borrow money and provide for its repayment in the manner provided in Article 7 (commencing with Section 53820) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code. Notwithstanding the provisions of Section 53831 of the Government Code, the district may borrow money pursuant to this section for a period not to exceed two fiscal years if it finds that the amount available in the bond redemption fund is less than 75 percent of the amount needed to service outstanding bonds.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

After June 1978, the bond redemption fund of the Estero Municipal Improvement District, zone numbers 1 and 2, will be insufficient to make debt service payments due in December 1978. This act must take effect immediately in order for the district to meet its obligations to bond holders.

CHAPTER 368

An act to amend Section 170 of the Estero Municipal Improvement District Act (Chapter 82 of the Statutes of 1960, First Extraordinary Session), and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 10, 1978. Filed with Secretary of State July 10, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 170 of the Estero Municipal Improvement District Act (Chapter 82 of the Statutes of 1960, First Extraordinary Session) is amended to read:

Sec. 170. The alternative procedure of the County Water District Law for the levy and collection of district taxes shall apply; except that, notwithstanding Section 31857 of the Water Code, the penalty for delinquent taxes shall be 6 percent.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There are delinquent taxpayers in the state that will otherwise continue to withhold the payment of delinquent taxes because of inadequate sanctions that make it financially attractive to do so. Taxing districts which are subject to the provisions of this act are unable to meet their obligations unless such tax payments are forthcoming. Therefore, it is necessary that this act take effect immediately.

CHAPTER 369

An act to amend Section 160 of the Government Code, relating to state boundaries, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 10, 1978. Filed with Secretary of State July 10, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 160 of the Government Code is amended to read:

160. The line run and marked by the United States Government under the Act of June 10, 1872, 17 Stat. 358 (1872) from the southern boundary of the State of Oregon to the 39th degree of north latitude and the line established and marked by the United States coast and geodetic survey, as completed in 1900, extending southeastward from the intersection of the 39th degree of north latitude with the 120th degree of longitude west from Greenwich to the Colorado River comprise the legal eastern boundary line of the state from the Oregon boundary to the Colorado River, and shall be so considered by the courts of the state.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The eastern boundary of California described in Government Code Section 160 as the line run and marked by the Surveyor General of the state in accordance with Chapter 402 of the Statutes of 1863 was abandoned in 1873 and has never been observed by either California or Nevada since that time. It was replaced in 1873 by a line

surveyed by the United States Government under the Act of June 10, 1872, 17 Stat. 358 (1872). This 1873 line, which is approximately 3,000 feet east of the older line at North Lake Tahoe, is the one presently observed by both states. However, the State of Nevada has recently asserted in litigation between California and Nevada that the earlier, long-abandoned line is the legal boundary between the states. The reference in Government Code Section 160 to an obsolete, long-discredited boundary may cause confusion in the pending litigation and may create uncertainty with respect to land titles and civil and criminal jurisdiction. In order to avoid such confusion and potential detriment to the State of California and its people, it is necessary that this act take effect immediately.

CHAPTER 370

An act to amend Section 14415 of the Business and Professions Code, and to amend Sections 102, 113, 201, 202, 206, 300, 308, 315, 409, 420, 423, 601, 602, 705, 708, 906, 1001, 1101, 1101.1, 1103, 1108, 1109, 1110, 1501, 1502, 1600, 1808, 1905, 2115, and 25103 of, and to add Sections 163, 200.5, and 511 to, the Corporations Code, relating to corporations.

[Approved by Governor July 10, 1978. Filed with Secretary of State July 10, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 14415 of the Business and Professions Code is amended to read:

14415. The filing of articles of incorporation pursuant to Section 200 of the Corporations Code, in the case of a domestic corporation, or the obtaining of a certificate of qualification pursuant to Corporations Code Sections 2105 and 2106, in the case of a foreign corporation, shall establish a rebuttable presumption that the corporation has the exclusive right to use as a trade name, in the state the corporate name set forth in such articles or certificate, as well as any confusingly similar trade name, if the corporation is the first to have filed such articles or obtained such certificate containing the corporate name, and is actually engaged in a trade or business utilizing such corporate name or a confusingly similar name.

If a foreign corporation continued to have authority to transact intrastate business pursuant to Section 2102 of the Corporations Code, the foreign corporation shall be considered to have obtained its certificate of qualification pursuant to law for the purposes of this section on the date it first qualified to transact intrastate business in this state.

The rebuttable presumption created by this section shall be one affecting the burden of producing evidence.

SEC. 2. Section 102 of the Corporations Code is amended to read:

102. (a) Subject to the provisions of Chapter 23 (commencing with Section 2300) (transition provisions), the provisions of this division apply to corporations organized under this division and to domestic corporations which are not subject to Division 2 (commencing with Section 9000) or Part 1 (commencing with Section 12000), 2 (commencing with Section 12200), 3 (commencing with Section 13200), or 5 (commencing with Section 14000) of Division 3 of this title on December 31, 1976, and which are not organized or existing under any statute of this state other than this code; they apply to any other corporation only to the extent expressly included in a particular provision of this division.

(b) The existence of corporations formed or existing on the date of enactment or reenactment of this division shall not be affected by the enactment or reenactment of this division nor by any change in the requirements for the formation of corporations nor by the amendment or repeal of the laws under which they were formed or created.

(c) Neither the repeals effected by the enactment or reenactment of this division nor the enactment of this title nor the amendment thereof shall impair or take away any existing liability or cause of action against any corporation, its shareholders, directors or officers incurred prior to the time of such enactment, reenactment or amendment.

SEC. 2.2. Section 113 of the Corporations Code is amended to read:

113. Any reference in this division to mailing means first-class mail, postage prepaid, unless registered or some other form of mail is specified or permitted. Registered mail includes certified mail.

SEC. 2.4. Section 163 is added to the Corporations Code, to read:

(b) Any corporation (other than a corporation described in subdivision (c)) which, with the approval of the Superintendent of Banks, is incorporated for the purpose of engaging in, or which is authorized by the Superintendent of Banks to engage in, the trust business;

(c) Any corporation which is authorized by the Superintendent of Banks and the Commissioner of Insurance to maintain a title insurance department to engage in title insurance business and a trust department to engage in trust business, provided, however, that in subdivision (c) of Section 315, "corporation subject to the Banking Law" means only the trust department of such a corporation; or

(d) Any corporation which, with the approval of the

Superintendent of Banks, is incorporated for the purpose of engaging in, or which is authorized by the Superintendent of Banks to engage in, business under Article 1 (commencing with Section 3500), Chapter 19, Division 1 of the Financial Code.

SEC. 2.5. Section 200.5 is added to the Corporations Code, to read:

200.5. (a) An existing business association organized as a trust under the laws of this state or of a foreign jurisdiction may incorporate under this division upon approval by its board of trustees or similar governing body and approval by the affirmative vote of a majority of the outstanding voting shares of beneficial interest (or such greater proportion of the outstanding shares of beneficial interest or the vote of such other classes of shares of beneficial interest as may be specifically required by its declaration of trust or bylaws) and the filing of articles of incorporation with certificate attached pursuant to this chapter.

(b) In addition to the matters required to be set forth in the articles pursuant to Section 202, the articles in the case of an incorporation authorized by subdivision (a) shall set forth that an existing unincorporated association, stating its name, is being incorporated by the filing of the articles.

(c) The articles filed pursuant to this section shall be signed by the president, or any vice president, and the secretary, or any assistant secretary, of the existing association and shall be accompanied by a certificate signed and verified by such officers signing the articles and stating that the incorporation of the association has been approved by the trustees and by the required vote of holders of shares of beneficial interest in accordance with subdivision (a).

(d) Upon the filing of articles of incorporation pursuant to this section, the corporation shall succeed automatically to all of the rights and property of the association being incorporated and shall be subject to all of its debts and liabilities in the same manner as if the corporation had itself incurred them. The incumbent trustees of the association shall constitute the initial directors of the corporation and shall continue in office until the next annual meeting of the shareholders, unless they die, resign or are removed prior thereto. All rights of creditors and all liens upon the property of the association shall be preserved unimpaired. Any action or proceeding pending by or against the association may be prosecuted to judgment, which shall bind the corporation, or the corporation may be proceeded against or substituted in its place.

(e) The filing for record in the office of the county recorder of any county in this state in which any of the real property of the association is located of a copy of the articles of incorporation filed pursuant to this section, certified by the Secretary of State, shall evidence record ownership in the corporation of all interests of the association in and to the real property located in that county.

SEC. 2.6. Section 201 of the Corporations Code is amended to read:

201. (a) The Secretary of State shall not file articles setting forth a name in which "bank", "trust", "trustee" or related words appear, unless the certificate of approval of the Superintendent of Banks is attached thereto. This subdivision does not apply to the articles of any corporation subject to the Banking Law on which is endorsed the approval of the Superintendent of Banks.

(b) The Secretary of State shall not file articles which set forth a name which is likely to mislead the public or which is the same as, or resembles so closely as to tend to deceive, the name of a domestic corporation, the name of a foreign corporation which is authorized to transact intrastate business or has registered its name pursuant to Section 2101, a name which a foreign corporation has assumed under subdivision (b) of Section 2106, a name which will become the record name of a domestic or foreign corporation upon the effective date of a filed corporate instrument where there is a delayed effective date pursuant to subdivision (c) of Section 110 or a name which is under reservation for another corporation, except that a corporation may adopt a name that is substantially the same as an existing domestic corporation or foreign corporation which is authorized to transact intrastate business or has registered its name pursuant to Section 2101, upon proof of consent by such domestic or foreign corporation and a finding by the Secretary of State that under the circumstances the public is not likely to be misled.

The use by a corporation of a name in violation of this section may be enjoined notwithstanding the filing of its articles by the Secretary of State.

(c) Any applicant may, upon payment of the fee prescribed therefor in the Government Code, obtain from the Secretary of State a certificate of reservation of any name not prohibited by subdivision (b), and upon the issuance of the certificate the name stated therein shall be reserved for a period of 60 days. The Secretary of State shall not, however, issue certificates reserving the same name for two or more consecutive 60-day periods to the same applicant or for the use or benefit of the same person, partnership, firm or corporation; nor shall consecutive reservations be made by or for the use or benefit of the same person, partnership, firm or corporation of names so similar as to fall within the prohibitions of subdivision (b).

SEC. 2.7. Section 202 of the Corporations Code is amended to read:

202. The articles of incorporation shall set forth:

(a) The name of the corporation; provided, however, that in order for the corporation to be subject to the provisions of this division applicable to a close corporation (Section 158), the name of the corporation must contain the word "corporation", "incorporated" or "limited" or an abbreviation of one of such words.

(b) (1) The applicable one of the following statements:

(i) The purpose of the corporation is to engage in any lawful act or activity for which a corporation may be organized under the General Corporation Law of California other than the banking

business, the trust company business or the practice of a profession permitted to be incorporated by the California Corporations Code; or

(ii) The purpose of the corporation is to engage in the profession of _____ (with the insertion of a profession permitted to be incorporated by the California Corporations Code) and any other lawful activities (other than the banking or trust company business) not prohibited to a corporation engaging in such profession by applicable laws and regulations.

(2) In case the corporation is a corporation subject to the Banking Law, the articles shall set forth a statement of purpose which is prescribed in the applicable provision of the Banking Law.

The articles shall not set forth any further or additional statement with respect to the purposes or powers of the corporation, except by way of limitation or except as expressly required by any law of this state other than this division or any federal or other statute or regulation (including the Internal Revenue Code and regulations thereunder as a condition of acquiring or maintaining a particular status for tax purposes).

(c) The name and address in this state of the corporation's initial agent for service of process in accordance with subdivision (b) of Section 1502.

(d) If the corporation is authorized to issue only one class of shares, the total number of shares which the corporation is authorized to issue.

(e) If the corporation is authorized to issue more than one class of shares, or if any class of shares is to have two or more series:

(1) The total number of shares of each class the corporation is authorized to issue, and the total number of shares of each series which the corporation is authorized to issue or that the board is authorized to fix the number of shares of any such series;

(2) The designation of each class, and the designation of each series or that the board may determine tne designation of any such series; and

(3) The rights, preferences, privileges and restrictions granted to or imposed upon the respective classes or series of shares or the holders thereof, or that the board, within any limits and restrictions stated, may determine or alter the rights, preferences, privileges and restrictions granted to or imposed upon any wholly unissued class of shares or any wholly unissued series of any class of shares. As to any series the number of shares of which is authorized to be fixed by the board, the articles may also authorize the board, within the limits and restrictions stated therein or stated in any resolution or resolutions of the board originally fixing the number of shares constituting any series, to increase or decrease (but not below the number of shares of such series then outstanding) the number of shares of any such series subsequent to the issue of shares of that series. In case the number of shares of any series shall be so decreased, the shares constituting such decrease shall resume the status which they had

prior to the adoption of the resolution originally fixing the number of shares of such series.

SEC. 2.8. Section 206 of the Corporations Code is amended to read:

206. Subject to any limitation contained in the articles and to compliance with any other applicable laws, any corporation other than a corporation subject to the Banking Law or a professional corporation may engage in any business activity; and a corporation subject to the Banking Law or a professional corporation may engage in any business activity not prohibited by the respective statutes and regulations to which it is subject.

SEC. 3. Section 300 of the Corporations Code is amended to read:

300. (a) Subject to the provisions of this division and any limitations in the articles relating to action required to be approved by the shareholders (Section 153) or by the outstanding shares (Section 152), the business and affairs of the corporation shall be managed and all corporate powers shall be exercised by or under the direction of the board. The board may delegate the management of the day-to-day operation of the business of the corporation to a management company or other person provided that the business and affairs of the corporation shall be managed and all corporate powers shall be exercised under the ultimate direction of the board.

(b) Notwithstanding subdivision (a) or any other provision of this division, but subject to subdivision (c), no shareholders' agreement, which relates to any phase of the affairs of a close corporation, including but not limited to management of its business, division of its profits or distribution of its assets on liquidation, shall be invalid as between the parties thereto on the ground that it so relates to the conduct of the affairs of the corporation as to interfere with the discretion of the board or that it is an attempt to treat the corporation as if it were a partnership or to arrange their relationships in a manner that would be appropriate only between partners. A transferee of shares covered by such an agreement which is filed with the secretary of the corporation for inspection by any prospective purchaser of shares, who has actual knowledge thereof or notice thereof by a notation on the certificate pursuant to Section 418, is bound by its provisions and is a party thereto for the purposes of subdivision (d). Original issuance of shares by the corporation to a new shareholder who does not become a party to the agreement terminates the agreement, except that if the agreement so provides it shall continue to the extent it is enforceable apart from this subdivision. The agreement may not be modified, extended or revoked without the consent of such a transferee, subject to any provision of the agreement permitting modification, extension or revocation by less than unanimous agreement of the parties. A transferor of shares covered by such an agreement ceases to be a party thereto upon ceasing to be a shareholder of the corporation unless the transferor is a party thereto other than as a shareholder. An agreement made pursuant to this subdivision shall terminate

when the corporation ceases to be a close corporation, except that if the agreement so provides it shall continue to the extent it is enforceable apart from this subdivision. This subdivision does not apply to an agreement authorized by subdivision (a) of Section 706.

(c) No agreement entered into pursuant to subdivision (b) may alter or waive any of the provisions of Sections 158, 417, 418, 500, 501, and 1111, subdivision (e) of Section 1201, Sections 2009, 2010, and 2011, or of Chapters 15 (commencing with Section 1500), 16 (commencing with Section 1600), 18 (commencing with Section 1800), and 22 (commencing with Section 2200). All other provisions of this division may be altered or waived as between the parties thereto in a shareholders' agreement, except the required filing of any document with the Secretary of State.

(d) An agreement of the type referred to in subdivision (b) shall, to the extent and so long as the discretion or powers of the board in its management of corporate affairs is controlled by such agreement, impose upon each shareholder who is a party thereto liability for managerial acts performed or omitted by such person pursuant thereto that is otherwise imposed by this division upon directors, and the directors shall be relieved to that extent from such liability.

(e) The failure of a close corporation to observe corporate formalities relating to meetings of directors or shareholders in connection with the management of its affairs, pursuant to an agreement authorized by subdivision (b), shall not be considered a factor tending to establish that the shareholders have personal liability for corporate obligations.

SEC. 3.2. Section 308 of the Corporation Code is amended to read:

308. (a) If a corporation has an even number of directors who are equally divided and cannot agree as to the management of its affairs, so that its business can no longer be conducted to advantage or so that there is danger that its property and business will be impaired or lost, the superior court of the proper county may, notwithstanding any provisions of the articles or bylaws and whether or not an action is pending for an involuntary winding up or dissolution of the corporation, appoint a provisional director pursuant to this section. Action for such appointment may be brought by any director or by the holders of not less than 33⅓ percent of the voting power.

(b) If a corporation has an uneven number of directors and the shareholders are deadlocked so that they cannot elect a successor board at an annual meeting of shareholders, the superior court of the proper county may, notwithstanding any provisions of the articles or bylaws, upon petition of a shareholder or shareholders holding 50 percent of the voting power, appoint a provisional director or directors pursuant to this section or order such other equitable relief as the court deems appropriate.

(c) A provisional director shall be an impartial person, who is neither a shareholder nor a creditor of the corporation, nor related

by consanguinity or affinity within the third degree according to the common law to any of the other directors of the corporation or to any judge of the court by which such provisional director is appointed. A provisional director shall have all the rights and powers of a director until the deadlock in the board or among shareholders is broken or until such provisional director is removed by order of the court or by approval of the outstanding shares (Section 152). Such person shall be entitled to such compensation as shall be fixed by the court unless otherwise agreed with the corporation.

(d) This section does not apply to corporations subject to the Public Utilities Act (Part 1 (commencing with Section 201) of Division 1 of the Public Utilities Code).

SEC. 3.4. Section 315 of the Corporations Code is amended to read:

315. (a) Except as provided in subdivision (b), a corporation shall not make any loan of money or property to or guarantee the obligation of

(1) Any director or officer of the corporation or of its parent or any subsidiary, or

(2) Any person upon the security of shares of the corporation or of its parent, unless the loan or guaranty is otherwise adequately secured, except by the vote of the holders of a majority of the shares of all classes, regardless of limitations or restrictions on voting rights, other than shares held by the benefited director, officer or shareholder.

(b) Any corporation may lend money to, or guarantee any obligation of or otherwise assist any officer or other employee of the corporation or of any subsidiary, including any officer or employee who is also a director, pursuant to an employee benefit plan (including, without limitation, any stock purchase or stock option plan) available to executives or other employees, whenever the board determines that such loan or guaranty may reasonably be expected to benefit the corporation. If such plan includes officers or directors, it shall be approved by the shareholders (Section 153) after disclosure of the right under such plan to include officers or directors thereunder. Such loan or guaranty or other assistance may be with or without interest and may be unsecured or secured in such manner as the board shall approve, including, without limitation, a pledge of shares of the corporation. A corporation may advance money to a director or officer of the corporation or of its parent or any subsidiary for expenses reasonably anticipated to be incurred in the performance of the duties of such director or officer, provided that in the absence of such advance such director or officer would be entitled to be reimbursed for such expenses by such corporation, its parent or any subsidiary.

(c) (1) The provisions of subdivisions (a) and (b) do not apply to any corporation subject to the Banking Law.

(2) The provisions of subdivision (a) do not apply to industrial loan companies or credit unions or to loans permitted under any statute

regulating any special class of corporations.

SEC. 4. Section 409 of the Corporations Code is amended to read:

409. (a) Shares may be issued:

(1) For such consideration as is determined from time to time by the board, or by the shareholders if the articles so provide, consisting of any or all of the following: money paid; labor done; services actually rendered to the corporation or for its benefit or in its formation or reorganization; debts or securities canceled; and tangible or intangible property actually received either by the issuing corporation or by a wholly owned subsidiary; but neither promissory notes of the purchaser (unless adeqately secured by collateral other than the shares acquired or unless permitted by Section 408) nor future services shall constitute payment or part payment for shares of the corporation; or

(2) As a share dividend or upon a stock split, reverse stock split, reclassification of outstanding shares into shares of another class, conversion of outstanding shares into shares of another class, exchange of outstanding shares for shares of another class or other change affecting outstanding shares.

(b) Except as provided in subdivision (d), shares issued as provided in this section or Section 408 shall be declared and taken to be fully paid stock and not liable to any further call nor shall the holder thereof be liable for any further payments under the provisions of this division. In the absence of fraud in the transaction, the judgment of the directors as to the value of the consideration for shares shall be conclusive.

(c) If the articles reserve to the shareholders the right to determine the consideration for the issue of any shares, such determination shall be made by approval of the outstanding shares (Section 152).

(d) A corporation may issue the whole or any part of its shares as partly paid and subject to call for the remainder of the consideration to be paid therefor. On the certificate issued to represent any such partly paid shares the total amount of the consideration to be paid therefor and the amount paid thereon shall be stated. Upon the declaration of any dividend on fully paid shares, the corporation shall declare a dividend upon partly paid shares of the same class, but only upon the basis of the percentage of the consideration actually paid thereon.

(e) The board shall state by resolution its determination of the fair value to the corporation in monetary terms of any consideration other than money for which shares are issued. This subdivision does not affect the accounting treatment of any transaction, which shall be in conformity with generally accepted accounting principles.

SEC. 5. Section 420 of the Corporations Code is amended to read:

420. Neither a domestic nor foreign corporation nor its transfer agent or registrar is liable:

(a) For transferring or causing to be transferred on the books of the corporation to the surviving joint tenant or tenants any share or

shares or other securities issued to two or more persons in joint tenancy, whether or not the transfer is made with actual or constructive knowledge of the existence of any understanding, agreement, condition or evidence that the shares or securities were held other than in joint tenancy or of a breach of trust by any joint tenant.

(b) To a minor or incompetent person in whose name shares or other securities are of record on its books or to any transferee of or transferor to either for transferring the shares or other securities on its books at the instance of or to the minor or incompetent or for the recognition of or dealing with the minor or incompetent as a shareholder or security holder, whether or not the corporation, transfer agent or registrar had notice, actual or constructive, of the nonage or incompetency, unless a guardian or conservator of the property of the minor or incompetent has been appointed and the corporation, transfer agent or registrar has received written notice thereof.

(c) To any married person or to any transferee of such person for transferring shares or other securities on its books at the instance of the person in whose name they are registered, without the signature of such person's spouse and regardless of whether the registration indicates that the shares or other securities are community property, in the same manner as if such person were unmarried.

(d) For transferring or causing to be transferred on the books of the corporation shares or other securities pursuant to a judgment or order of a court which has been set aside, modified or reversed unless, prior to the registration of the transfer on the books of the corporation, written notice is served upon the corporation or its transfer agent in the manner provided by law for the service of a summons in a civil action, stating that an appeal or other further court proceeding has been or is to be taken from or with regard to such judgment or order. After the service of such notice neither the corporation nor its transfer agent has any duty to register the requested transfer until the corporation or its transfer agent has received a certificate of the county clerk of the county in which the judgment or order was entered or made, showing that the judgment or order has become final.

(e) The provisions of the California Commercial Code shall not affect the limitations of liability set forth in this section. Section 5125 of the Civil Code shall be subject to the provisions of this section and shall not be construed to prevent transfers, or result in liability to the corporation, transfer agent or registrar permitting or effecting transfers, which comply with this section.

SEC. 5.2. Section 423 of the Corporations Code is amended to read:

423. (a) Shares are not assessable except as provided in this section or as otherwise provided by a statute other than this division. If the articles expresssly confer such authority upon the corporation or the board, and subject to any limitations therein contained, the

board may in its discretion levy and collect assessments upon all shares of any or all classes made subject to assessment by the articles. This authority is in addition to the right of the corporation to recover the unpaid subscription price of shares or the remainder of the consideration to be paid therefor.

(b) Every levy of an assessment shall: specify the amount thereof and to whom and where it is payable; fix, or if proceedings or filings with any governmental or other agency for any qualification, permit, registration or exemption therefrom are required as a condition precedent to the levy or payment of an assessment provide for the establishment of, a date on which the assessment is payable; fix a date, not less than 30 nor more than 60 days from the date on which the assessment is payable, on which such assessment becomes delinquent if not paid; and fix a date, not less than 15 nor more than 60 days from the date on which the unpaid assessment becomes delinquent, for the sale of delinquent shares. The levy also shall fix the hour and place of sale, which place shall be in the county where the corporation is required to keep a copy of its bylaws pursuant to Section 213, or if there is no such county, in Sacramento.

(c) On or before the date an assessment is payable, the secretary of the corporation shall give notice thereof in substantially the following form:

(Name of corporation in full. Location of principal executive office.)

Notice is hereby given that the board of directors on (date) has levied an assessment of (amount) per share upon the (name or designation of class or series of shares) of the corporation payable (to whom and where). Any shares upon which this assessment remains unpaid on (date fixed) will be delinquent. Unless payment is made prior to delinquency, the said shares, or as many of them as may be necessary, will be sold at (particular place) on (date) at (hour) of such date, to pay the delinquent assessment, together with a penalty of 5 percent of the amount of the assessment on such shares, or be forfeited to the corporation. (Name of secretary with location of office.)

(d) The notice shall be served personally upon each holder of record of shares assessed; provided, however, that in lieu of personal service the notice may be mailed to each such shareholder addressed to the last address of the shareholder appearing on the books of the corporation or given by the shareholder to the corporation for the purpose of notice, or if no such address appears or is given, at the place where the principal executive office of the corporation is located, and published once in some newspaper of general circulation in the county in which the principal executive office of the corporation is located. If there is no such newspaper in such county, the publication shall be made in some newspaper of general circulation in an adjoining county.

(e) The assessment is a lien upon the shares assessed from the time of personal service or the publication of the notice of

assessment, unless the articles provide for such lien from the time of the levy. Unless otherwise provided by law, a transfer of the shares on the books of the corporation after the lien of an assessment has attached is a waiver of the lien unless a conspicuous legend is placed on the face of any certificate issued upon such transfer setting forth the information contained in the notice required by subdivision (c). Such legend shall be removed if the assessment on the shares evidenced by the certificate is paid or if the shares are sold to pay the assessment or forfeited for nonpayment.

(f) The date of sale of delinquent shares fixed in any levy of an assessment may be extended from time to time for not more than 30 days at a time by order of the board entered on the records of the corporation, or when the sale is restrained by order of a court. Notice of such extension shall be given by announcement by the secretary, or other person authorized to conduct the sale, made at the time and place of sale last theretofore fixed.

If a date of sale of delinquent shares is extended for more than five days the corporation shall cause a notice to be mailed to the shareholder or shareholders whose shares are to be the subject of such sale setting forth the date and time to which the date of sale has been extended.

(g) If payment is made after delinquency and before the sale, the shareholder shall pay a penalty of 5 percent of the amount of the assessment on the shares in addition to the assessment.

(h) At the place and time appointed in the notice of levy any officer or an agent of the corporation, shall, unless otherwise ordered by the board, sell or cause to be sold to the highest bidder for cash as many shares of each delinquent holder of the assessed shares as may be necessary to pay the assessment and charges thereon according to the notice.

The person offering at the sale to pay the assessment and penalty for the smallest number of shares is the highest bidder. The shares purchased shall be transferred to the highest bidder on the share register of the corporation on the payment of the assessment and penalty and a new certificate therefor issued to such highest bidder.

A corporation is not required to accept an offer for a fraction of a share.

(i) If no bidder offers to pay the amount due on the shares, together with the penalty of 5 percent thereof, the shares shall be forfeited to the corporation in satisfaction of the assessment and penalty thereon.

(j) After a sale or forfeiture of shares for nonpayment of an assessment, the holder or owner of delinquent shares shall surrender the certificate for such shares to the corporation for cancellation. This duty may be enforced by order or decree of court and such holder or owner shall be liable for damages to the corporation for failure to surrender the certificate for cancellation upon demand without good cause or excuse.

Any certificate not so surrendered forthwith becomes null and

void and ceases to be evidence of the right or title of the holder or any transferee to the shares purporting to be represented thereby, and neither the corporation nor the purchaser of such shares incurs any liability thereon to any such transferee.

The purchaser of any shares, at a sale for delinquent assessments thereon, whenever made, is entitled to the issue of a new certificate representing the shares so purchased.

(k) The certificate of the secretary or assistant secretary of the corporation is prima facie evidence of the time and place of sale and any postponement thereof, of the quantity and particular description of the shares sold, to whom, for what price, and of the fact of payment of the purchase money. The certificate shall be filed in the office of the corporation, and copies of the certificate, certified by the secretary or an assistant secretary of the corporation, are prima facie evidence of the facts therein stated.

(*l*) An assessment is not invalidated by a failure to publish the notice of assessment, nor by the nonperformance of any act required in order to enforce the payment of the assessment; but in case of any substantial error or omission in the course of proceedings for collection of an assessment on any shares, all previous proceedings, except the levy of the assessment, are void as to such shares, and shall be taken anew.

(m) No action shall be maintained to recover shares sold for delinquent assessments, upon the ground of irregularity in the assessment, irregularity or defect of the notice of sale, or defect or irregularity in the sale, unless the party seeking to maintain the action first pays or tenders to the corporation, or the party holding the shares sold, the sum for which the shares were sold, together with all subsequent assessments which may have been paid thereon and interest on such sums from the time they were paid. No such action shall be maintained unless it is commenced by the filing of a complaint and the issuing of a summons thereon within six months after the sale was made.

(n) The only remedy for the collection of an assessment on fully paid shares is sale or forfeiture of the shares unless (1) remedy by action is expressly authorized in the original articles or by an amendment of the articles adopted before August 21, 1933, or by an amendment adopted on or after August 21, 1933, by unanimous consent of the shareholders, and (2) unless a statement of such remedy appears on the face of any share certificate issued on or after August 21, 1933.

SEC. 5.4. Section 511 is added to the Corporations Code, to read:

511. Notwithstanding the provisions of this chapter, a negotiable instrument issued by a corporation for the purchase or redemption of shares shall be enforceable by a holder in due course (Section 3302 of the Commercial Code) without notice that it was issued for that purpose or by a person who acquired the instrument through such a holder.

SEC. 5.6. Section 601 of the Corporations Code is amended to

read:

601. (a) Whenever shareholders are required or permitted to take any action at a meeting a written notice of the meeting shall be given not less than 10 (or, if sent by third-class mail, 30) nor more than 60 days before the date of the meeting to each shareholder entitled to vote thereat. Such notice shall state the place, date and hour of the meeting and (1) in the case of a special meeting, the general nature of the business to be transacted, and no other business may be transacted, or (2) in the case of the annual meeting, those matters which the board, at the time of the mailing of the notice, intends to present for action by the shareholders, but subject to the provisions of subdivision (f) any proper matter may be presented at the meeting for such action. The notice of any meeting at which directors are to be elected shall include the names of nominees intended at the time of the notice to be presented by management for election.

(b) Notice of a shareholders' meeting or any report shall be given either personally or by first-class mail, or, in the case of a corporation with outstanding shares held of record by 500 or more persons (determined as provided in Section 605) on the record date for the shareholders' meeting, notice may be sent third-class mail, or other means of written communication, addressed to the shareholder at the address of such shareholder appearing on the books of the corporation or given by the shareholder to the corporation for the purpose of notice; or if no such address appears or is given, at the place where the principal executive office of the corporation is located or by publication at least once in a newspaper of general circulation in the county in which the principal executive office is located. The notice or report shall be deemed to have been given at the time when delivered personally or deposited in the mail or sent by other means of written communication. An affidavit of mailing of any notice or report in accordance with the provisions of this division, executed by the secretary, assistant secretary or any transfer agent, shall be prima facie evidence of the giving of the notice or report.

If any notice or report addressed to the shareholder at the address of such shareholder appearing on the books of the corporation is returned to the corporation by the United States Postal Service marked to indicate that the United States Postal Service is unable to deliver the notice or report to the shareholder at such address, all future notices or reports shall be deemed to have been duly given without further mailing if the same shall be available for the shareholder upon written demand of the shareholder at the principal executive office of the corporation for a period of one year from the date of the giving of the notice or report to all other shareholders.

(c) Upon request in writing to the chairman of the board, president, vice president or secretary by any person (other than the board) entitled to call a special meeting of shareholders, the officer forthwith shall cause notice to be given to the shareholders entitled

to vote that a meeting will be held at a time requested by the persons or persons calling the meeting, not less than 35 nor more than 60 days after the receipt of the request. If the notice is not given within 20 days after receipt of the request, the persons entitled to call the meeting may give the notice or the superior court of the proper county shall summarily order the giving of the notice, after notice to the corporation giving it an opportunity to be heard. The procedure provided in subdivision (c) of Section 305 shall apply to such application. The court may issue such orders as may be appropriate, including, without limitation, orders designating the time and place of the meeting, the record date for determination of shareholders entitled to vote and the form of notice.

(d) When a shareholders' meeting is adjourned to another time or place, unless the bylaws otherwise require and except as provided in this subdivision, notice need not be given of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken. At the adjourned meeting the corporation may transact any business which might have been transacted at the original meeting. If the adjournment is for more than 45 days or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each shareholder of record entitled to vote at the meeting.

(e) The transactions of any meeting of shareholders, however called and noticed, and wherever held, are as valid as though had at a meeting duly held after regular call and notice, if a quorum is present either in person or by proxy, and if, either before or after the meeting, each of the persons entitled to vote, not present in person or by proxy, signs a written waiver of notice or a consent to the holding of the meeting or an approval of the minutes thereof. All such waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meeting. Attendance of a person at a meeting shall constitute a waiver of notice of and presence at such meeting, except when the person objects, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened and except that attendance at a meeting is not a waiver of any right to object to the consideration of matters required by this division to be included in the notice but not so included, if such objection is expressly made at the meeting. Neither the business to be transacted at nor the purpose of any regular or special meeting of shareholders need be specified in any written waiver of notice, consent to the holding of the meeting or approval of the minutes thereof, unless otherwise provided in the articles or bylaws, except as provided in subdivision (f).

(f) Any shareholder approval at a meeting, other than unanimous approval by those entitled to vote, pursuant to Section 310, 902, 1201, 1900 or 2007 shall be valid only if the general nature of the proposal so approved was stated in the notice of meeting or in any written waiver of notice.

SEC. 6. Section 602 of the Corporations Code is amended to read:

602. (a) Unless otherwise provided in the articles, a majority of the shares entitled to vote, represented in person or by proxy, shall constitute a quorum at a meeting of the shareholders, but in no event shall a quorum consist of less than one-third (or, in the case of a mutual water company, 20 percent) of the shares entitled to vote at the meeting or, except in the case of a close corporation, of more than a majority of the shares entitled to vote at the meeting. Except as provided in subdivision (b), the affirmative vote of a majority of the shares represented and voting at a duly held meeting at which a quorum is present (which shares voting affirmatively also constitute at least a majority of the required quorum) shall be the act of the shareholders, unless the vote of a greater number or voting by classes is required by this division or the articles.

(b) The shareholders present at a duly called or held meeting at which a quorum is present may continue to transact business until adjournment notwithstanding the withdrawal of enough shareholders to leave less than a quorum, if any action taken (other than adjournment) is approved by at least a majority of the shares required to constitute a quorum.

(c) In the absence of a quorum, any meeting of shareholders may be adjourned from time to time by the vote of a majority of the shares represented either in person or by proxy, but no other business may be transacted, except as provided in subdivision (b).

SEC. 7. Section 705 of the Corporations Code is amended to read:

705. (a) Every person entitled to vote shares may authorize another person or persons to act by proxy with respect to such shares. Any proxy purporting to be executed in accordance with the provisions of this division shall be presumptively valid.

(b) No proxy shall be valid after the expiration of 11 months from the date thereof unless otherwise provided in the proxy. Every proxy continues in full force and effect until revoked by the person executing it prior to the vote pursuant thereto, except as otherwise provided in this section. Such revocation may be effected by a writing delivered to the corporation stating that the proxy is revoked or by a subsequent proxy executed by the person executing the prior proxy and presented to the meeting, or as to any meeting by attendance at such meeting and voting in person by the person executing the proxy. The dates contained on the forms of proxy presumptively determine the order of execution, regardless of the postmark dates on the envelopes in which they are mailed.

(c) A proxy is not revoked by the death or incapacity of the maker unless, before the vote is counted, written notice of such death or incapacity is received by the corporation.

(d) Except when other provision shall have been made by written agreement between the parties, the recordholder of shares which such person holds as pledgee or otherwise as security or which belong to another shall issue to the pledgor or to the owner of such shares, upon demand therefor and payment of necessary expenses thereof, a proxy to vote or take other action thereon.

(e) A proxy which states that it is irrevocable is irrevocable for the period specified therein (notwithstanding subdivision (c)) when it is held by any of the following or a nominee of any of the following:

(1) A pledgee;

(2) A person who has purchased or agreed to purchase or holds an option to purchase the shares or a person who has sold a portion of such person's shares in the corporation to the maker of the proxy;

(3) A creditor or creditors of the corporation or the shareholder who extended or continued credit to the corporation or the shareholder in consideration of the proxy if the proxy states that it was given in consideration of such extension or continuation of credit and the name of the person extending or continuing credit;

(4) A person who has contracted to perform services as an employee of the corporation, if a proxy is required by the contract of employment and if the proxy states that it was given in consideration of such contract of employment, the name of the employee and the period of employment contracted for; or

(5) A person designated by or under an agreement under Section 706.

(6) A beneficiary of a trust with respect to shares held by the trust.

Notwithstanding the period of irrevocability specified, the proxy becomes revocable when the pledge is redeemed, the option or agreement to purchase is terminated or the seller no longer owns any shares of the corporation or dies, the debt of the corporation or the shareholder is paid, the period of employment provided for in the contract of employment has terminated, the agreement under Section 706 has terminated, or the person ceases to be a beneficiary of the trust. In addition to the foregoing clauses (1) through (5), a proxy may be made irrevocable (notwithstanding subdivision (c)) if it is given to secure the performance of a duty or to protect a title, either legal or equitable, until the happening of events which, by its terms, discharge the obligations secured by it.

(f) A proxy may be revoked, notwithstanding a provision making it irrevocable, by a transferee of shares without knowledge of the existence of the provision unless the existence of the proxy and its irrevocability appears on the certificate representing such shares.

SEC. 7.2. Section 708 of the Corporations Code is amended to read:

708. (a) Every shareholder complying with subdivision (b) and entitled to vote at any election of directors may cumulate such shareholder's votes and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of votes to which the shareholder's shares are normally entitled, or distribute the shareholder's votes on the same principle among as many candidates as the shareholder thinks fit.

(b) No shareholder shall be entitled to cumulate votes (i.e., cast for any candidate a number of votes greater than the number of votes which such shareholder normally is entitled to cast) unless such candidate or candidates' names have been placed in nomination

prior to the voting and the shareholder has given notice at the meeting prior to the voting of the shareholder's intention to cumulate the shareholder's votes. If any one shareholder has given such notice, all shareholders may cumulate their votes for candidates in nomination.

(c) In any election of directors, the candidates receiving the highest number of votes of the shares entitled to be voted for them up to the number of directors to be elected by such shares are elected.

(d) Subdivision (a) applies to the shareholders of any mutual water company organized or existing for the purpose of delivering water to its shareholders at cost on lands located within the boundaries of one or more reclamation districts now or hereafter legally existing in this state and created by or formed under the provisions of any statute of this state, but does not otherwise apply to the shareholders of mutual water companies unless their articles or bylaws so provide.

(e) Elections for directors need not be by ballot unless a shareholder demands election by ballot at the meeting and before the voting begins or unless the bylaws so require.

SEC. 8. Section 906 of the Corporations Code is amended to read:

906. In the case of amendments adopted by the incorporators or the board under Section 901, the corporation shall file a certificate of amendment signed and verified by a majority of the incorporators or of the board, as the case may be, which shall state that the signers thereof constitute at least a majority of the incorporators or of the board, that the corporation has issued no shares and that they adopt the amendment or amendments therein set forth. In the case of amendments adopted by the incorporators, the certificate shall also state that directors were not named in the original articles and have not been elected.

In the case of amendments adopted by the board under Section 901, the corporation may file a certificate of amendment pursuant to Section 905 in lieu of a certificate of amendment pursuant to this section.

SEC. 8.2. Section 1001 of the Corporations Code is amended to read:

1001. (a) A corporation may sell, lease, convey, exchange, transfer or otherwise dispose of all or substantially all of its assets when the principal terms are

(1) Approved by the board, and

(2) Unless the transaction is in the usual and regular course of its business, approved by the outstanding shares (Section 152), either before or after approval by the board and before or after the transaction.

A transaction constituting a reorganization (Section 181) is subject to the provisions of Chapter 12 (commencing with Section 1200) and not this section (other than subdivision (d) hereof).

(b) Notwithstanding approval of the outstanding shares (Section

152), the board may abandon the proposed transaction without further action by the shareholders, subject to the contractual rights, if any, of third parties.

(c) Such sale, lease, conveyance, exchange, transfer or other disposition may be made upon such terms and conditions and for such consideration as the board may deem in the best interests of the corporation. The consideration may be money, property or securities of any other corporation, domestic or foreign, or any of them.

(d) If the buyer in a sale of assets pursuant to subdivision (a) of this section or subdivision (g) of Section 2001 is in control of or under common control with the seller, the principal terms of the sale must be approved by at least 90 percent of the voting power unless the sale is to a domestic or foreign corporation in consideration of the nonredeemable common shares of the purchasing corporation or its parent.

(e) Subdivision (d) does not apply to any transaction if the Commissioner of Corporations, the Superintendent of Banks, the Insurance Commissioner or the Public Utilities Commission has approved the terms and conditions of the transaction and the fairness of such terms and conditions pursuant to Section 25142, Section 696.5 of the Financial Code, Section 838.5 of the Insurance Code or Section 822 of the Public Utilities Code.

SEC. 9. Section 1101 of the Corporations Code is amended to read:

1101. The board of each corporation which desires to merge shall approve an agreement of merger. The constituent corporations shall be parties to the agreement of merger and other persons, including a parent party corporation (Section 1200), may be parties to the agreement of merger. The agreement shall state:

(a) The terms and conditions of the merger:

(b) The amendments, subject to Sections 900 and 907, to the articles of the surviving corporation to be effected by the merger, if any; if any amendment changes the name of the surviving corporation the new name may be the same as or similar to the name of a disappearing domestic or foreign corporation, subject to subdivision (b) of Section 201;

(c) The name and place of incorporation of each constituent corporation and which of the constituent corporations is the surviving corporation;

(d) The manner of converting the shares of each of the constituent corporations into shares or other securities of the surviving corporation and, if any shares of any of the constituent corporations are not to be converted solely into shares or other securities of the surviving corporation, the cash, property, rights or securities of any corporation which the holders of such shares are to receive in exchange for such shares, which cash, property, rights or securities of any corporation may be in addition to or in lieu of shares or other securities of the surviving corporation; and

(e) Such other details or provisions as are desired, if any,

including, without limitation, a provision for the payment of cash in lieu of fractional shares or for any other arrangement with respect thereto consistent with the provisions of Section 407.

Each share of the same class or series of any constituent corporation (other than the cancellation of shares held by a surviving corporation or its parent or a wholly owned subsidiary of either in a constituent corporation) shall, unless all shareholders of the class or series consent and except as provided in Section 407, be treated equally with respect to any distribution of cash, property, rights or securities. Notwithstanding subdivision (d), except in a short-form merger and in the merger of a corporation into its subsidiary in which it owns at least 90 percent of the outstanding shares of each class, the nonredeemable common shares of a constituent corporation may be converted only into nonredeemable common shares of the surviving corporation or a parent party if a constituent corporation or its parent owns, directly or indirectly, shares of another constituent corporation representing more than 50 percent of the voting power of the other constituent corporation prior to the merger, unless all of the shareholders of the class consent and except as provided in Section 407.

SEC. 9.2. Section 1101.1 of the Corporations Code is amended to read:

1101.1. The last two sentences of Section 1101 do not apply to any transaction if the Commissioner of Corporations, the Superintendent of Banks, the Commissioner of Insurance or the Public Utilities Commission has approved the terms and conditions of the transaction and the fairness of such terms and conditions pursuant to Section 25142 or Section 696.5 of the Financial Code or Section 838.5 of the Insurance Code or Section 822 of the Public Utilities Code.

SEC. 10. Section 1103 of the Corporations Code is amended to read:

1103. After approval of a merger by the board and any approval of the outstanding shares (Section 152) required by Chapter 12 (commencing with Section 1200), the surviving corporation shall file a copy of the agreement of merger with an officers' certificate of each constituent corporation attached stating the total number of outstanding shares of each class entitled to vote on the merger, that the principal terms of the agreement in the form attached were approved by that corporation by a vote of a number of shares of each class which equaled or exceeded the vote required, specifying each class entitled to vote and the percentage vote required of each class, or that the merger agreement was entitled to be and was approved by the board alone under the provisions of Section 1201. If equity securities of a parent of a constituent corporation are to be issued in the merger, the officers' certificate of that constituent corporation shall state either that no vote of the shareholders of the parent was required or that the required vote was obtained. The merger and any amendment of the articles of the surviving corporation contained in the merger agreement shall thereupon be effective (subject to

subdivision (c) of Section 110 and subject to the provisions of Section 1108) and the several parties thereto shall be one corporation. The agreement shall not be filed, however, until there has been filed by or on behalf of each corporation taxed under the Bank and Corporation Tax Law (Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code), the existence of which is terminated by the merger, the certificate of satisfaction of the Franchise Tax Board that all taxes imposed by said law have been paid or secured. The Secretary of State may certify a copy of the merger agreement separate from the officers' certificates attached thereto.

SEC. 11. Section 1108 of the Corporations Code is amended to read:

1108. (a) The merger of any number of domestic corporations with any number of foreign corporations may be effected if the foreign corporations are authorized by the laws under which they are formed to effect such a merger. The surviving corporation may be any one of the constituent corporations and shall continue to exist under the laws of the state or place of its incorporation.

(b) If the surviving corporation is a domestic corporation, the merger proceedings with respect to that corporation and any domestic disappearing corporation shall conform to the provisions of this chapter governing the merger of domestic corporations, or to Section 1110, but if the surviving corporation is a foreign corporation, then, subject to the requirements of subdivision (d) and of Section 407 and Chapters 12 (commencing with Section 1200) and 13 (commencing with Section 1300) (with respect to any domestic constituent corporations), the merger proceedings may be in accordance with the laws of the state or place of incorporation of the surviving corporation.

(c) If the surviving corporation is a domestic corporation, the agreement and the officers' certificate of each domestic or foreign constituent corporation shall be filed as provided in Section 1103 and thereupon, subject to subdivision (c) of Section 110, the merger shall be effective as to each domestic constituent corporation; and each foreign disappearing corporation which is qualified for the transaction of intrastate business shall by virtue of the filing automatically surrender its right to transact intrastate business.

(d) If the surviving corporation is a foreign corporation, the merger shall become effective in accordance with the law of the jurisdiction in which it is organized, but shall be effective as to any domestic disappearing corporation as of the time of effectiveness in such foreign jurisdiction upon the filing in this state as required by this subdivision. There shall be filed as to the domestic disappearing corporation or corporations a copy of the agreement, certificate or other document filed by the surviving foreign corporation in the state or place of its incorporation for the purpose of effecting the merger, which copy shall be certified by the public officer having official custody of the original or, in lieu thereof, an executed

counterpart of such agreement, certificate or other document; and each foreign disappearing corporation which is qualified for the transaction of intrastate business shall automatically by such filing surrender its right to transact intrastate business.

(e) The provisions of the last two sentences of Section 1101 and Chapters 12 (commencing with Section 1200) and 13 (commencing with Section 1300) apply to the rights of the shareholders of any of the constituent corporations which are domestic corporations and of any domestic corporation which is a parent party of any foreign constituent corporation.

SEC. 12. Section 1109 of the Corporations Code is amended to read:

1109. Whenever a domestic or foreign corporation having any real property in this state merges or consolidates with another corporation pursuant to the laws of this state or of the state or place in which any constituent corporation was incorporated, and the laws of the state or place of incorporation (including this state) of any disappearing corporation provide substantially that the making and filing of the agreement of merger or consolidation or certificate of ownership or certificate of merger vests in the surviving or consolidated corporation all the real property of any disappearing corporation, the filing for record in the office of the county recorder of any county in this state in which any of the real property of such disappearing corporation is located of either (a) a certificate prescribed by the Secretary of State, or (b) a copy of the agreement of merger or consolidation or certificate of ownership or certificate of merger, certified by the Secretary of State or an authorized public official of the state or place pursuant to the laws of which the merger or consolidation is effected, shall evidence record ownership in the surviving or consolidated corporation of all interest of such disappearing corporation in and to the real property located in that county.

SEC. 13. Section 1110 of the Corporations Code is amended to read:

1110. (a) If a domestic corporation owns all the outstanding shares of a corporation or corporations, domestic or foreign, the merger of the subsidiary corporation or corporations into the parent corporation may be effected by a resolution adopted by the board of the parent corporation and the filing of a certificate of ownership as provided in subdivision (d). The resolution shall provide for the merger and shall provide that the parent corporation assumes all the liabilities of each subsidiary corporation.

(b) If a domestic corporation owns less than all the outstanding shares but at least 90 percent of the outstanding shares of each class of a corporation or corporations, domestic or foreign, the merger of the subsidiary corporation or corporations into the parent corporation may be effected by resolutions adopted by the boards of the parent and each subsidiary corporation and the filing of a certificate of ownership as provided in subdivision (d). The

resolution of the board of the parent corporation shall provide for the merger, shall provide that the parent corporation assumes all the liabilities of each subsidiary corporation and shall set forth the securities, cash, property or rights to be issued, paid, delivered or granted by the parent corporation upon surrender of each share of each subsidiary corporation not owned by the parent corporation. The resolution of the board of each subsidiary corporation shall approve the fairness of the consideration to be received for each share of the subsidiary corporation not owned by the parent corporation.

(c) In any merger pursuant to this section, the parent corporation may change its name, subject to Section 201, regardless of whether the name so adopted is the same as or similar to that of one of the disappearing corporations. In such case the resolution shall provide for the amendment of articles to change the name and shall establish the wording of the amendment as provided in Section 907.

(d) After adoption of the resolution or resolutions of merger, a certificate of ownership consisting of an officers' certificate of the parent corporation shall be filed, and a copy thereof for each domestic and qualified foreign disappearing corporation shall also be filed. The certificate of ownership shall:

(1) Identify the parent and subsidiary corporation or corporations.

(2) Set forth the share ownership by the parent corporation of each subsidiary corporation as 100 percent of the outstanding shares or as at least 90 percent of the outstanding shares of each class, as the case may be.

(3) Set forth the resolution adopted by the board of the parent corporation, including the resolution for change of name if applicable.

(4) Set forth the resolution adopted by the board of each subsidiary corporation, if required.

(e) The certificate of ownership shall not be filed, however, until there has been filed by or on behalf of each subsidiary corporation taxed under the Bank and Corporation Tax Law (Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code), the existence of which is terminated by the merger, the certificate of satisfaction of the Franchise Tax Board that all taxes imposed by such law have been paid or secured.

(f) Upon the filing of the certificate of ownership, the merger shall be effective and any amendment of the articles of the surviving corporation set forth in the certificate shall be effective.

(g) A merger pursuant to this section may be effected if the parent corporation is a foreign corporation and if at least one subsidiary corporation is a domestic corporation but in such a case the certificate of ownership prepared as in subdivision (d) or the document required by subdivision (d) of Section 1108 shall be filed as to each domestic and qualified foreign subsidiary corporation, but no filing shall be made as to the foreign parent corporation.

(h) A foreign subsidiary corporation may not be merged as in this section provided and a foreign parent corporation may not act as in this section provided unless the laws of the state or place of its incorporation permit such action.

(i) In the event all of the outstanding shares of a subsidiary domestic corporation party to a merger effected under this section are not owned by the parent corporation immediately prior to the merger, the parent corporation shall, at least 20 days before the effective date of the merger, give notice to each shareholder of such subsidiary corporation that the merger will become effective on or after a specified date, which notice shall contain a copy of the resolutions of the boards of the parent and the subsidiary required by subdivision (b) and the information required by subdivision (a) of Section 1301. The notice shall be sent by mail addressed to the shareholder at the address of such shareholder as it appears on the records of the corporation. Any such shareholder shall have the right to demand payment of cash for the shares of such shareholder pursuant to the provisions of Chapter 13 (commencing with Section 1300).

SEC. 14. Section 1501 of the Corporations Code is amended to read:

1501. (a) The board shall cause an annual report to be sent to the shareholders not later than 120 days after the close of the fiscal year, unless in the case of a corporation with less than 100 holders of record of its shares (determined as provided in Section 605) this requirement is expressly waived in the bylaws. Such report shall contain a balance sheet as of the end of such fiscal year and an income statement and statement of changes in financial position for such fiscal year, accompanied by any report thereon of independent accountants or, if there is no such report, the certificate of an authorized officer of the corporation that such statements were prepared without audit from the books and records of the corporation.

Unless so waived, such report shall be sent to the shareholders at least 15 (or, if sent by third-class mail, 35) days prior to the annual meeting of shareholders to be held during the next fiscal year, but this requirement shall not limit the requirement for holding an annual meeting as required by Section 600.

Notwithstanding Section 114, the financial statements of any corporation with fewer than 100 holders of record of its shares (determined as provided in Section 605) required to be furnished by this subdivision and subdivision (c) of this section are not required to be prepared in conformity with generally accepted accounting principles if they reasonably set forth the assets and liabilities and the income and expense of the corporation and disclose the accounting basis used in their preparation.

(b) In addition to the financial statements required by subdivision (a), the annual report of any corporation having 100 or more holders of record of its shares (determined as provided in Section 605) and

having no class of securities registered under Section 12 of the Securities Exchange Act of 1934, or exempted from such registration by Section 12(g)(2) of that act, shall also describe briefly:

(1) Any transaction (excluding compensation of officers and directors) during the previous fiscal year involving an amount in excess of forty thousand dollars ($40,000) (other than contracts let at competitive bid or services rendered at prices regulated by law) to which the corporation or its parent or subsidiary was a party and in which any director or officer of the corporation or of a subsidiary or (if known to the corporation or its parent or subsidiary) any holder of more than 10 percent of the outstanding voting shares of the corporation had a direct or indirect material interest, naming such person and stating such person's relationship to the corporation, the nature of such person's interest in the transaction and, where practicable, the amount of such interest; provided, that in the case of a transaction with a partnership of which such person is a partner, only the interest of the partnership need be stated; and provided, further that no such report need be made in the case of transactions approved by the shareholders (Section 153) under subdivision (a) of Section 310.

(2) The amount and circumstances of any indemnification or advances aggregating more than ten thousand dollars ($10,000) paid during the fiscal year to any officer or director of the corporation pursuant to Section 317; provided, that no such report need be made in the case of indemnification approved by the shareholders (Section 153) under paragraph (2) of subdivision (e) of Section 317.

(c) If no annual report for the last fiscal year has been sent to shareholders, the corporation shall, upon the written request of any shareholder made more than 120 days after the close of such fiscal year, deliver or mail to the person making the request within 30 days thereafter the financial statements required by subdivision (a) for such year. A shareholder or shareholders holding at least 5 percent of the outstanding shares of any class of a corporation may make a written request to the corporation for an income statement of the corporation for the three-month, six-month or nine-month period of the current fiscal year ended more than 30 days prior to the date of the request and a balance sheet of the corporation as of the end of such period and, in addition, if no annual report for the last fiscal year has been sent to shareholders, the statements referred to in subdivision (a) for the last fiscal year. The statements shall be delivered or mailed to the person making the request within 30 days thereafter. A copy of the statements shall be kept on file in the principal office of the corporation for 12 months and they shall be exhibited at all reasonable times to any shareholder demanding an examination of them or a copy shall be mailed to such shareholder.

(d) The quarterly income statements and balance sheets referred to in this section shall be accompanied by the report thereon, if any, of any independent accountants engaged by the corporation or the certificate of an authorized officer of the corporation that such

financial statements were prepared without audit from the books and records of the corporation.

(e) In addition to the penalties provided for in Section 2200, the superior court of the proper county shall enforce the duty of making and mailing or delivering the information and financial statements required by this section and, for good cause shown, may extend the time therefor.

(f) In any action or proceeding under this section, if the court finds the failure of the corporation to comply with the requirements of this section to have been without justification, the court may award an amount sufficient to reimburse the shareholder for the reasonable expenses incurred by the shareholder, including attorneys' fees, in connection with such action or proceeding.

(g) This section applies to any domestic corporation and also to a foreign corporation having its principal executive office in this state or customarily holding meetings of its board in this state.

SEC. 14.2. Section 1502 of the Corporations Code is amended to read:

1502. (a) Every corporation shall, within 90 days after the filing of its original articles and annually thereafter during the applicable filing period in each year, file, on a form prescribed by the Secretary of State, a statement containing: (1) the names and complete business or residence addresses of its incumbent directors; (2) the number of vacancies on the board, if any; (3) the names and complete business or residence addresses of its chief executive officer, secretary and chief financial officer; (4) the street address of its principal executive office; (5) if the address of its principal executive office is not in this state, the street address of its principal business office in this state, if any; and (6) a statement of the general type of business which constitutes the principal business activity of the corporation (for example, manufacturer of aircraft; wholesale liquor distributor; retail department store).

(b) The statement required by subdivision (a) shall also designate, as the agent of such corporation for the purpose of service of process, a natural person residing in this state or a corporation which has complied with Section 1505 and whose capacity to act as such agent has not terminated. If a natural person is designated, the statement shall set forth such person's complete business or residence address. If a corporate agent is designated, no address for it shall be set forth.

(c) For the purposes of this section, the applicable filing period for a corporation shall be the calendar month during which its original articles were filed and the immediately preceding five calendar months. The Secretary of State shall mail a form for compliance with this section to each corporation approximately three months prior to the close of the applicable filing period. The form shall state the due date thereof and shall be mailed to the last address of the corporation according to the records of the Secretary of State. Neither the failure of the Secretary of State to mail the form nor the failure of the

corporation to receive it is an excuse for failure to comply with this section.

(d) Whenever any of the information required by subdivision (a) is changed, the corporation may file a current statement containing all the information required by subdivisions (a) and (b). In order to change its agent for service of process or the address of the agent, the corporation must file a current statement containing all the information required by subdivisions (a) and (b). Whenever any statement is filed pursuant to this section, it supersedes any previously filed statement and the statement in the articles as to the agent for service of process and the address of the agent.

(e) The Secretary of State may destroy or otherwise dispose of any statement filed pursuant to this section after it has been superseded by the filing of a new statement.

(f) This section shall not be construed to place any person dealing with the corporation on notice of, or under any duty to inquire about, the existence or content of a statement filed pursuant to this section.

SEC. 14.4. Section 1600 of the Corporations Code is amended to read:

1600. (a) A shareholder or shareholders holding at least 5 percent in the aggregate of the outstanding voting shares of a corporation or who hold at least 1 percent of such voting shares and have filed a Schedule 14B with the United States Securities and Exchange Commission (or, in case the corporation is a bank the deposits of which are insured in accordance with the Federal Deposit Insurance Act, a Form F-6 with the appropriate federal bank regulatory agency) relating to the election of directors of the corporation shall have an absolute right to do either or both of the following: (1) inspect and copy the record of shareholders' names and addresses and shareholdings during usual business hours upon five business days' prior written demand upon the corporation, or (2) obtain from the transfer agent for the corporation, upon written demand and upon the tender of its usual charges for such a list (the amount of which charges shall be stated to the shareholder by the transfer agent upon request), a list of the shareholders' names and addresses, who are entitled to vote for the election of directors, and their shareholdings, as of the most recent record date for which it has been compiled or as of a date specified by the shareholder subsequent to the date of demand. The list shall be made available on or before the later of five business days after the demand is received or the date specified therein as the date as of which the list is to be compiled. A corporation shall have the responsibility to cause its transfer agent to comply with this subdivision.

(b) Any delay by the corporation or the transfer agent in complying with a demand under subdivision (a) beyond the time limits specified therein shall give the shareholder or shareholders properly making the demand a right to obtain from the superior court, upon the filing of a verified complaint in the proper county and after a hearing, notice of which shall be given to such persons

and in such manner as the court may direct, an order postponing any shareholders' meeting previously noticed for a period equal to the period of such delay. Such right shall be in addition to any other legal or equitable remedies to which the shareholder may be entitled.

(c) The record of shareholders shall also be open to inspection and copying by any shareholder or holder of a voting trust certificate at any time during usual business hours upon written demand on the corporation, for a purpose reasonably related to such holder's interests as a shareholder or holder of a voting trust certificate.

(d) Any inspection and copying under this section may be made in person or by agent or attorney. The rights provided in this section may not be limited by the articles or bylaws. This section applies to any domestic corporation and to any foreign corporation having its principal executive office in this state or customarily holding meetings of its board in this state.

SEC. 15. Section 1808 of the Corporations Code is amended to read:

1808. (a) Upon the final settlement of the accounts of the directors or other persons appointed pursuant to Section 1805 and the determination that the corporation's affairs are in condition for it to be dissolved, the court may make an order declaring the corporation duly wound up and dissolved. The order shall declare:

(1) That the corporation has been duly wound up, that any tax or penalty due under the Bank and Corporation Tax Law has been paid or secured and that its other known debts and liabilities have been paid or adequately provided for, or that such taxes, penalties, debts and liabilities have been paid as far as its assets permitted, as the case may be. If there are known debts or liabilities for payment of which adequate provision has been made, the order shall state what provision has been made, setting forth the name and address of the corporation, person or governmental agency that has assumed or guaranteed the payment, or the name and address of the depositary with which deposit has been made or such other information as may be necessary to enable the creditor or other person to whom payment is to be made to appear and claim payment of the debt or liability.

(2) That its known assets have been distributed to the persons entitled thereto or that it acquired no known assets, as the case may be.

(3) That the accounts of directors or such other persons have been settled and that they are discharged from their duties and liabilities to creditors and shareholders.

(4) That the corporation is dissolved.

The court may make such additional orders and grant such further relief as it deems proper upon the evidence submitted.

(b) Upon the making of the order declaring the corporation dissolved, corporate existence shall cease except for the purposes of further winding up if needed; and the directors or such other persons shall be discharged from their duties and liabilities, except in respect

to completion of the winding up.

The undertaking shall be executed by two or more sufficient sureties in an amount not less than twice the value of the property as determined by the court.

(b) If the plaintiff seeks possession of a mobilehome whose purchase price is over fifteen thousand dollars ($15,000) under the provisions of a security agreement or conditional sales contract wherein the defendant has defaulted in the payments thereof, the amount of the undertaking shall be twice the value of the defendant's interest in such mobilehome.

The court may consider the market value of the mobilehome less the amount due and owing on the conditional sales contract or security agreement and all liens and encumbrances of record with the Department of Motor Vehicles, and such other factors as may be necessary to determine the defendant's interest in the mobilehome.

SEC. 2. Section 515.020 of the Code of Civil Procedure is amended to read:

515.020. (a) The defendant may prevent the plaintiff from taking possession of property pursuant to a writ of possession or regain possession of property so taken by filing with the court in which the action was brought a written undertaking executed by two or more sufficient sureties in an amount equal to either the amount of the plaintiff's undertaking required by Section 515.010 or, if there has been no judicial determination, the value of the property stated in the plaintiff's application for a writ of possession; provided however, that if the property possession of which is sought is a mobilehome whose purchase price is over fifteen thousand dollars ($15,000), the amount of the undertaking shall be equal to twice the value of the defendant's interest therein, as determined by the court. The undertaking shall state that, if the plaintiff recovers judgment on the action, the defendant shall pay all costs awarded to the plaintiff and all damages that the plaintiff may sustain by reason of the loss of possession of the property, not exceeding the amount of the undertaking. The damages recoverable by the plaintiff pursuant to this section shall include all damages proximately caused by the plaintiff's failure to gain or retain possession.

(b) The defendant's undertaking may be filed at any time before or after levy of the writ of possession. A copy of the undertaking shall be mailed to the levying officer and to the plaintiff. An affidavit stating that such copies have been mailed shall be filed with the court at the time the undertaking is filed.

(c) The defendant's undertaking shall state the address to which a copy of the notice of exception to sureties may be sent.

(d) If an undertaking for redelivery is filed and defendant's sureties are not excepted to, the levying officer shall deliver the property to the defendant, or, if the plaintiff has previously been given possession of the property, the plaintiff shall deliver such property to the defendant. If an undertaking for redelivery is filed

and defendant's sureties are excepted to, the provisions of Section 515.030 shall apply.

(e) Where possession of a mobilehome whose purchase price is over fifteen thousand dollars ($15,000) is sought, the court may waive the requirement of the defendant's undertaking, and may order that the plaintiff not take possession of the property pursuant to a writ of possession, or that the defendant may regain possession of the property, if the court finds that the defendant is unable to file an undertaking because of indigency.

54.1. (a) Blind persons, visually handicapped persons, deaf persons, and other physically disabled persons shall be entitled to full and equal access, as other members of the general public, to accommodations, advantages, facilities, and privileges of all common carriers, airplanes, motor vehicles, railroad trains, motorbuses, streetcars, boats or any other public conveyances or modes of transportation, telephone facilities, hotels, lodging places, places of public accommodation, amusement or resort, and other places to which the general public is invited, subject only to the conditions and limitations established by law, or state or federal regulation, and applicable alike to all persons.

As used in this section, "telephone facilities" means tariff items and other equipment and services which have been approved by the Public Utilities Commission to be used by physically disabled persons in a manner feasible and compatible with the existing telephone network provided by the telephone companies.

(b) (1) Blind persons, visually handicapped persons, deaf persons, and other physically disabled persons shall be entitled to full and equal access, as other members of the general public, to all housing accommodations offered for rent, lease, or compensation in this state, subject to the conditions and limitations established by law, or state or federal regulation, and applicable alike to all persons.

(2) "Housing accommodations" means any real property, or portion thereof, which is used or occupied, or is intended, arranged, or designed to be used or occupied, as the home, residence, or sleeping place of one or more human beings, but shall not include any accommodations included within subdivision (a) or any single-family residence the occupants of which rent, lease, or furnish for compensation not more than one room therein.

(3) Nothing in this subdivision shall require any person renting, leasing or providing for compensation real property to modify his property in any way or provide a higher degree of care for a blind person, visually handicapped person, deaf person, or other physically disabled person than for a person who is not physically disabled.

(4) Except as provided in paragraph (5) of this subdivision, nothing in this part shall require any person renting, leasing, or providing for compensation real property, if such person refuses to accept tenants who have dogs, to accept as a tenant a physically disabled person who has a dog.

(5) It shall be deemed a denial of equal access to housing accommodations within the meaning of this subdivision for any person, firm, or corporation to refuse to lease or rent housing accommodations to a blind person or visually handicapped person on

the basis that such person uses the services of a guide dog, or to a deaf person on the basis that such person uses the services of a dog to signal the presence of intruders or unusual noises, or to refuse to permit such a blind person or visually handicapped person to keep a guide dog, or a deaf person to keep a signal dog, on the premises.

Except in the normal performance of duty as a mobility aid, nothing contained in this paragraph shall be construed to prevent the owner of a housing accommodation from establishing such terms in a lease or rental agreement which reasonably regulates the presence of guide dogs on the premises of a housing accommodation, nor shall this paragraph be construed to relieve a tenant from any liability otherwise imposed by law for real and personal property damages caused by a guide dog when proof of same exists.

As used in this subdivision, "guide dog" means any guide dog or seeing-eye dog which was trained by a person licensed under the provisions of Chapter 9.5 (commencing with Section 7200) of Division 3 of the Business and Professions Code.

(6) It shall be deemed a denial of equal access to housing accommodations within the meaning of this subdivision for any person, firm, or corporation to refuse to lease or rent housing accommodations to a blind person, visually handicapped person, deaf person, or other physically disabled person on the basis that such physically disabled person is partially or wholly dependent upon the income of his spouse, if the spouse is a party to the lease or rental agreement. Nothing in this subdivision shall, however, prohibit a lessor or landlord from considering the aggregate financial status of a physically disabled person and his spouse.

(c) Persons licensed to train guide dogs for the blind pursuant to Chapter 9.5 (commencing with Section 7200) of Division 3 of the Business and Professions Code, may take dogs, for the purpose of training them as guide dogs, in any of the places specified in paragraphs (a) and (b), above. (b) That the member or members residing in each trustee area be elected by the registered voters of that particular trustee area.

(c) That each governing board member be elected by the registered voters of the entire school district or community college district, but reside in the trustee area which he represents.

Whenever the trustee areas are established or rearranged in a district, provision shall be made for one of the alternative methods of electing governing board members.

In counties with a population of less than 25,000, the county committee on school district organization or the county board of education, if it has succeeded to the duties of the county committee, may at any time, by resolution, with respect to trustee areas established for any school district, other than a community college district, amend the provision required by this section without additional approval by the electors, to require one of the alternate methods for electing board members to be utilized.

constitute an unfair practice under this chapter.

Review may be sought in the superior court in any county in which the employees involved in the proceeding work. Notwithstanding the above, the board may order an election pending judicial review.

(b) Any charging party, respondent, or intervenor aggrieved by a decision or order of the board in an unfair practice case, except a decision of the board not to issue a complaint in such a case, shall have the right to seek review in the superior court in any county in which the practice in question occurred.

(d) The findings of the board on questions of fact, if supported by substantial evidence on the record considered as a whole, shall be conclusive. Once the record of the case has been filed with the superior court, its jurisdiction shall be exclusive and its judgment final, except that it shall be subject to appeal to higher courts in this state.

Article 5. Treatment for Drinking Drivers

11850. (a) As an alternative to the provisions of law relating to suspension of a person's privilege to operate a motor vehicle upon conviction for driving while under the influence of intoxicating liquor or under the combined influence of intoxicating liquor and any drug, as set forth in Section 13201.5 and subdivisions (a), (c), and (e) of Section 13352 of the Vehicle Code, a court may refrain from suspending such privilege and the Department of Motor Vehicles may not suspend or revoke such privilege because of such a conviction if the person convicted of that offense has consented to participate, for at least one year and in a manner satisfactory to the court, in a program for the supervision of such persons and for treatment of their problem drinking or alcoholism that is approved pursuant to this article.

(b) In determining whether to refer such a person to an approved program, the court may consider any relevant information about the person made available pursuant to a presentence investigation or other screening procedure. No such information may be furnished,

however, by any person who also provides services in a privately operated, approved program or who has any direct interest in a privately operated, approved program. In addition, the court shall obtain from the Department of Motor Vehicles a copy of the person's driving record to determine whether the person is eligible to participate in an approved program pursuant to the provisions of this article.

(c) The court may refer persons only to approved programs. If an approved program does not exist in the county on the date of conviction of the person and if the county does not have an agreement pursuant to Section 11851 to allow referral of persons to approved programs located in another county, the provisions of Section 13352 of the Vehicle Code shall apply.

(d) The court may refer a person to an approved program, even though the person's privilege to operate a motor vehicle is suspended or revoked, if the period of suspension or revocation will terminate within six months after the person's commencement of participation in the program.

(e) As used in this article, "program" means all the elements of the program described in the amendment to the county alcoholism program budget submitted pursuant to subdivision (c) of Section 11850.6.

11850.1. (a) In utilizing any such program, the court shall require periodic reports concerning the performance of each person referred to and participating in a program and the immediate report of any failure of any such person to comply with the program's rules and regulations. If, at any time after referral to or while participating in a program, a participant fails to comply with the rules and regulations of the program, the court, upon finding such fact, shall immediately suspend, or order suspension or revocation of, the privilege of such person to operate a motor vehicle for the period prescribed by law.

(b) If, at any time after referral to or while participating in a program, a participant refuses, for any reason, to consent to a chemical test that he or she is required to submit to pursuant to Section 13353 of the Vehicle Code, his or her participation in the program shall be terminated and the Department of Motor Vehicles shall immediately suspend or revoke his or her privilege to operate a motor vehicle for the period prescribed in Section 13352 of the Vehicle Code, according to the offense for which he or she was convicted immediately prior to referral to the program. Such period of suspension or revocation shall be in addition to the period of suspension imposed by the Department of Motor Vehicles pursuant to Section 13353 of the Vehicle Code.

(c) In the event the state department withdraws approval of a program, the Department of Motor Vehicles shall suspend or revoke, for the period prescribed by law, the privilege to operate a motor vehicle of every person previously participating in the program who does not commence participation, in a manner satisfactory to the

court, in an approved program within 21 days after the date approval was withdrawn from the previous program.

(d) In addition to any other condition of probation, the court shall have the discretion to determine whether any person desiring to participate in a program shall be required to furnish proof of ability to respond in damages, as defined in Section 16430 of the Vehicle Code, as a condition to participation in the program.

11850.2. The court, upon convicting a person of driving while under the influence of intoxicating liquor or under the combined influence of intoxicating liquor and any drug, shall transfer jurisdiction of all postjudgment matters in the case to the court in the county where such person resides for further proceedings pursuant to this article if the court finds that such person has consented to participate in an approved program in, or closer to, his county of residence in a manner satisfactory to the court. The state department shall establish reporting procedures for transfers of jurisdiction pursuant to this section in order to assure effective implementation of this section. Upon receiving notice that a person has not commenced participation, in a manner satisfactory to the court to which jurisdiction has been transferred, in an approved program within 21 days after the date of conviction, excluding any days of imprisonment served by such person pursuant to sentence imposed for conviction for such offense, the Department of Motor Vehicles shall suspend or revoke the person's privilege to operate a motor vehicle for the period prescribed by law.

11850.3. No person may be admitted or readmitted into a program for the supervision and treatment of problem drinking or alcoholism pursuant to this article until four years after such person ceases his or her prior participation in such a program. The four-year period shall commence either on the date the court orders the suspension or revocation of such person's privilege to operate a motor vehicle pursuant to Section 11850.1 or on the date such person successfully completes the program, whichever is later. With respect to any person arrested for the offense of driving while under the influence of intoxicating liquor or under the combined influence of intoxicating liquor and any drug subsequent to the commencement of a four-year period, such person's eligibility to participate in the program again shall be determined on the basis of the date on which such person is alleged to have committed that offense.

11850.4. (a) The state department shall have sole authority to approve programs pursuant to this article. No program, regardless of how it is funded, may be approved unless it meets the standards established by the state department, which shall include, but need not be limited to, the following:

(1) Each program shall provide for close and regular supervision of the person, including face-to-face interviews at least once every other calendar week, regarding the person's progress in the program. Such interviews shall be conducted individually with each person being supervised and shall occur at times during which any

group to which such person is assigned is not participating in any other activities of the program.

(2) The state department shall approve all fee schedules for such programs and shall require that each program make provision for persons who cannot afford such fees in order to enable such persons to participate. The state department shall ensure that such fees are set at amounts which will enable programs to provide adequately for the services required pursuant to this article. Such fees shall be used only for the purposes set forth in this article. The state department may not approve any program if the state department finds that any element of the administration of the program does not assure the fiscal integrity of the program.

(3) Each program shall include a variety of treatment services for problem drinkers and alcoholics or shall have the capability of referring such persons to, and regularly and closely supervising such persons while in, appropriate treatment services for their problem drinking or alcoholism. In addition to the requirements of paragraph (1) of this subdivision, the state department shall prescribe in its standards what other services the program shall provide its participants, which services may include lectures, classes, group discussions, individual counseling in addition to the interviews required by paragraph (1), or any combination thereof. However, any class or group discussion, other than lectures, shall not exceed 15 persons at any one meeting.

(4) In order to assure effective treatment and supervision in any program, the state department shall require, whenever appropriate, that the program provides services to ethnic minorities, women, youth, or any other group that has particular needs relating to the program.

(5) The goal of each program shall be to enable the person participating in the program to address successfully his or her alcohol abuse or alcoholism problem, to eliminate any dependence on alcoholic beverages, and to protect the public's health and safety upon the highways.

(b) Each program may be an extension of an existing program or a new program. No such program may be approved, however, unless the county complies with the requirements of Section 11817.

(c) The state department shall adopt standards, which it may issue in the form of regulations, in addition to any of the standards set forth in this section in order to assure effective implementation of the procedure established by this article.

11850.5. (a) No person may participate in any program that has not been approved or reapproved by the state department pursuant to the standards established pursuant to this article. The state department shall reapprove existing programs in the demonstration counties that were selected pursuant to Section 13201.5 of the Vehicle Code, as added by Chapter 1133 of the Statutes of 1975, if such programs meet the standards established pursuant to this article; and no person may participate in any such program until it

is reapproved pursuant to this article.

(b) The state department may charge a reasonable fee for approval or reapproval of a program. The fee shall be set at a level sufficient to cover all administrative costs of the program incurred by the state department and the Department of Motor Vehicles. All such fees received by the state department shall be deposited in the General Fund for reimbursing the state department and the Department of Motor Vehicles their costs incurred in approving or reapproving programs and their administrative costs, when appropriated for that purpose by the Legislature.

11850.6. (a) The Legislature recognizes that were the state department to be charged with monitoring closely the programs established pursuant to this article, it would require significantly increased staff. The Legislature also recognizes that such monitoring by state agencies often is ineffective and misleads the Legislature and public into believing that the state can and has adequately fulfilled such responsibilities. The Legislature also recognizes that the governing body and responsible county staff are much closer to, and more informed about, the daily activities of the programs approved pursuant to this article and about the impact that failure of such programs might have for the citizens of their county. The Legislature also recognizes that if a program is deficient, clients may receive inadequate supervision and treatment and may therefore remain a danger to the public health and safety and a burden to themselves, their family, and the community. Therefore, the Legislature places the major responsibility for assuring programmatic and fiscal integrity of each program with the governing body of each county utilizing a program pursuant to this article.

(b) The governing body shall delegate to the alcoholism administrator, pursuant to the provisions of Article 2 (commencing with Section 11790) of this chapter, the responsibility to assure compliance with the standards of the state department by any program designated by the county for operation therein and approved by the state department. In any county in which such an administrator has not been appointed, the head of the health-related agency or department designated pursuant to Section 11793 shall assume the duties of the alcoholism administrator and administer the program pursuant to the provisions of this article.

(c) The alcoholism administrator shall submit to the governing body a description of each program to be utilized in the county in the form of a proposed amendment to the county alcoholism program budget required by Article 3 (commencing with Section 11810) of this chapter. Prior to such submission, the advisory board shall review the proposal, and its comments shall be included in the submission to the governing body. If the governing body approves the amendment, it shall submit the amendment to the state department for approval. The state department shall approve the amendment if it finds that the program meets the requirements of

this article. The state department may approve a program on a provisional basis.

(d) In addition to the provisions of Section 11797, no person may serve as a member of the advisory board who is an employee, director, or member of any advisory body, or holds any similar position or title on a compensated or noncompensated basis in any program which seeks or possesses approval pursuant to this article.

11850.7. (a) The alcoholism administrator, or the advisory board acting through the alcoholism administrator, shall inform the governing body immediately if it is determined that any program is not meeting the standards established by the state department. The governing body shall immediately notify the state department, which, if it finds that such program does not meet such standards or cannot meet such standards within 30 days of notice by the state department, shall withdraw approval of the program.

(b) If the state department modifies any of its standards, the alcoholism administrator shall assure within a time period established by the state department that each program within his or her county has met such standards. The state department shall withdraw approval of any program that does not at any time meet the standards established by the state department.

(c) The alcoholism administrator, chief probation officer, the director, or their authorized representatives may enter, in a nondisruptive manner, any class, lecture, group discussion, or any other program element to observe such activities.

(d) Within its staff and time limitations, the state department may require reapproval of all programs on a periodic basis commencing January 1, 1979, and may charge a fee pursuant to subdivision (b) of Section 11850.5 for such reapproval.

(e) Notwithstanding the provisions of subdivision (a) of Section 11850.6, the state department may audit, or contract for the auditing of, any approved program.

11850.8. (a) The state department shall authorize each alcoholism administrator to retain, in an amount to be specified by the state department, a portion of the fees charged for participation in the program that is sufficient to reimburse the county for the costs and expenses which the administrator reasonably incurs in discharging his or her duties pursuant to this article.

(b) A county may not use for any purpose set forth in this article any funds allocated to it by the state department pursuant to Article 4 (commencing with Section 11830) of this chapter. The governing body may authorize the use of any other funds for any such purpose.

11850.9. As an element of the program, the probation department may provide any of the face-to-face interviews required pursuant to paragraph (1) of subdivision (a) of Section 11850.4 and may supplement any of the other services required to be provided by a program. The participation of the probation department shall be described in the amendment to the county alcoholism program budget.

11851. The Legislature encourages all counties to utilize the procedure described in this article, but recognizes that it is not feasible for every county to establish its own programs. Accordingly, two or more counties may jointly establish programs pursuant to subdivision (b) of Section 11790 of this code or Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code or may furnish by contract such program services to residents of another county pursuant to Section 11803 of this code. The governing body of the county in which the program is located shall be responsible for assuring the integrity of the program as required pursuant to subdivision (a) of Section 11850.6.

11851.1. The state department, in cooperation with the Department of Motor Vehicles, shall establish uniform statewide reporting procedures and forms for the submission of any appropriate documents or information from governing bodies, alcoholism administrators, administrators of programs, and program participants to assure effective implementation of this article.

11851.2. The Legislature finds and declares that, in order to provide for orderly and effective implementation of this article, to prevent the courts and programs in each county from being overburdened at the commencement of the implementation of this article, and to protect the public health and safety, this article shall apply only on a prospective basis. Therefore, this article shall apply only to persons either (a) who are alleged to have committed the offense of driving while under the influence of intoxicating liquor or under the combined influence of intoxicating liquor and any drug on or after January 1, 1978, and are subsequently convicted, for that offense or (b) who are alleged to have committed that offense on or after the date when a program, to which such a person may be referred by the court upon conviction for that offense, has been approved by the state department, and are subsequently convicted for that offense, whichever date is later.

SEC. 84. Section 11977 is added to the Health and Safety Code, to read:

11977. Records of the identity, diagnosis, prognosis, or treatment of any patient which are maintained in connection with performance of any narcotic and drug abuse program shall be confidential and shall be disclosed only for the purposes and under the circumstances expressly authorized by this section. The content of any record referred to in this section may be disclosed in accordance with the prior written consent of the patient with respect to whom such record is maintained, or:

(a) To licensed medical personnel to the extent necessary to meet a bona fide medical emergency.

(b) To qualified personnel for the purpose of conducting scientific research, management audits, or program evaluation, but such personnel shall not identify, directly or indirectly, any individual patient in any report of such research, audit, or evaluation, or otherwise disclose patient identities in any manner.

(c) If authorized by an appropriate order of a court of competent jurisdiction granted after application showing good cause therefor. In assessing good cause, the court shall weigh the public interest and the need for disclosure against the injury to the patient, to the physician-patient relationship, and to the treatment services program. Upon the granting of such order, the court, in determining the extent to which any disclosure of all or any part of any record is necessary, shall impose appropriate safeguards against unauthorized disclosure.

SEC. 85. Chapter 8.5 (commencing with Section 19820) is added to Part 3 of Division 13 of the Health and Safety Code, to read:

CHAPTER 8.5. CHILDREN'S CLOTHING

19820. (a) After July 1, 1974, no person shall sell, or offer for sale, new children's sleepwear to and including size 14 which does not meet federal flammability standards for children's sleepwear to and including size 6X, and such other standards as may from time to time be adopted by the federal government. The requirements prescribed by this chapter shall be in addition to those prescribed by Chapter 8 (commencing with Section 19810) of this part.

(b) Violation of subdivision (a) is a misdemeanor.

(c) No later than July 1, 1974, the State Fire Marshal shall promulgate, in accordance with the provisions of the Administrative Procedure Act (commencing with Section 11371 of the Government Code), flammability regulations covering such other articles of new children's clothing to and including size 14 as it shall determine to be in the public interest. Such regulations shall become effective not later than July 1, 1975.

(d) Violation of any rule or regulation promulgated pursuant to subdivision (c) is a misdemeanor.

19821. The Legislature finds and declares that results from recent research and testing by the federal government indicate the chemical tris (2, 3-dibromopropyl) phosphate, hereafter referred to as "Tris," which is widely used in children's sleepwear as a flame retardant, may be a cancer-causing agent.

The State Fire Marshal shall adopt regulations prohibiting the use of Tris in all clothing. The State Fire Marshal, in conjunction with the Department of Consumer Affairs, shall prepare and disseminate information to consumers on how to identify clothing, including children's clothing subject to the provisions of Section 19820, which has been treated with Tris or any other flame-retardant chemicals used in the manufacture of consumer products which a state or federal agency has determined under state or federal law to be a health hazard of sufficient magnitude to warrant prohibition of their manufacture or sale.

SEC. 86. Section 25941 of the Health and Safety Code is amended to read:

25941. Within indoor rooms, indoor chambers, or indoor places of

public assembly in publicly owned buildings in which public business is conducted requiring or providing direct participation or observation by the general public there shall be a contiguous area of not less than 50 percent of the total area of such room, chamber or place designated and posted by signs of sufficient number and posted in such locations as to be readily seen by persons within such area, where the smoking of tobacco is prohibited while a public meeting is in progress. A public body, commission, agency, or other entity conducting a public meeting may waive the requirements of this section with respect to its own members, provided that the rights of nonsmoking members are not adversely affected.

SEC. 87. Section 35731 of the Health and Safety Code is amended to read:

35731. The commission and the division are empowered to prevent and eliminate violations of Section 35720.

(a) Any person claiming to be aggrieved by an alleged violation of Section 35720 may file with the division a verified complaint in writing which shall state the name and address of the person alleged to have committed the violation complained of, and which shall set forth the particulars thereof and contain such other information as may be required by the division.

The filing of a complaint and pursuit of conciliation or remedy under this part shall not prejudice the complainant's right to pursue effective judicial relief under other applicable laws, but if a civil action has been filed under Section 52 of the Civil Code, the division shall terminate proceedings upon notification of the entry of final judgment unless such judgment is a dismissal entered at the complainant's request.

(b) The Attorney General, the commission, or the chief may, in a like manner, make, sign, and file such complaints citing practices which appear to violate the purpose of this part or any specific provisions of this part.

No complaint may be filed after the expiration of 60 days from the date upon which the alleged violation occurred. This period may be extended for not to exceed 60 days following the expiration of the initial 60 days, if a person allegedly aggrieved by such violation first obtained knowledge of the facts of such alleged violation after the expiration of the initial 60 days from date of its occurrence.

(c) The division may thereupon proceed upon such complaint in the same manner and with the same powers as provided in Part 4.5 (commencing with Section 1410) of Division 2 of the Labor Code in the case of an unlawful employment practice.

(d) If an accusation is not issued within 150 days after the filing of a complaint, or if the division earlier determines that no accusation will issue, the division shall promptly notify the person claiming to be aggrieved. This notice shall, in any event, be issued no more than 30 days after the date of the determination or 30 days after the date of the expiration of the 150-day period, whichever date first occurs. Such notice shall indicate that the person claiming to be aggrieved

may bring a civil action under this part against the person named in the verified complaint within one year from the date such notice is mailed. The superior courts of the State of California shall have jurisdiction of such actions. Such an action may be brought in any county in the state in which the violation is alleged to have been committed, or in the county in which the records relevant to such alleged violation are maintained and administered, but if the defendant is not found within any such county, such an action may be brought within the county of defendant's residence or principal office. In a civil action brought under this section, the court, in its discretion, may award to the prevailing party reasonable attorney fees.

SEC. 88. Section 35800 of the Health and Safety Code is amended to read:

35800. This part shall be known and may be cited as The Housing Financial Discrimination Act of 1977.

SEC. 89. Section 38224 of the Health and Safety Code is repealed.

SEC. 90. Section 38261 of the Health and Safety Code is repealed.

SEC. 91. Section 38261.2 of the Health and Safety Code is repealed.

SEC. 92. Section 38500 of the Health and Safety Code is repealed.

SEC. 93. Section 41177 of the Health and Safety Code is amended and renumbered to read:

50517. The Housing Predevelopment Loan Fund shall be administered by the director and such persons within the department as the director may designate.

The revolving loan fund shall be administered in accordance with the following:

(a) The department may not commit more than 20 percent of the total moneys appropriated to the fund to any single borrower at any point in time.

(b) The department shall require adequate security for all loans made from the revolving loan fund. The term "adequate security" includes, but need not be limited to, a first lien on any property purchased with loan fund moneys, a promissory note, or an assignment of a land option except that in the case of Indian Trust Land a mortgage on a leasehold interest in the property shall be acceptable.

(c) The department shall, from time to time, direct the State Treasurer to invest moneys of the revolving loan fund which are not required for its current needs in such eligible securities as the department shall designate from among those specified in Section 16430 of the Government Code. The department may direct the State Treasurer to deposit moneys from the revolving loan fund in interest-bearing accounts in state or national banks or other financial institutions having principal offices in this state. The department may alternatively require the transfer of moneys in the revolving loan fund to the Surplus Money Investment Fund for investment pursuant to Article 4 (commencing with Section 16470) of Chapter

3, Part 2, Division 4, Title 2 of the Government Code. All interest, dividends, and pecuniary gains from such investments or deposits shall accrue to the Housing Predevelopment Loan Fund.

(d) In complying with the provisions of Section 50408, the department shall also report annually to the Legislature and the Governor on the administration of the revolving loan fund. Such report shall include, but need not be limited to, (1) the number of units assisted, (2) the average income of households assisted and the distribution of annual incomes among assisted households, (3) the rents in assisted units, (4) the number and amount of loans made to each local governmental agency or nonprofit corporation in the preceding year, (5) data on the number of delinquencies and defaults, (6) recommendations, as needed, to improve operations of the revolving loan fund, and (7) the number of loans made at interest rates lower than the average rate returned by the investment of state funds through the Pooled Money Investment Board for the past five fiscal years and the income of households assisted by such loans.

(e) (1) Except as provided in paragraph (2) of this subdivision, all loans made from the Housing Predevelopment Loan Fund shall bear interest. The rate of interest for any loan shall be computed annually, and shall be the same as the average rate returned by the investment of state funds through the Pooled Money Investment Board for the five fiscal years immediately preceding the year in which the loan payment is made.

(2) The department may reduce or eliminate interest on the loans, if, in the exercise of sound discretion, the department determines such action is necessary for the provision of decent housing to very low income households, as described in Section 50105, provided, however, that if the department eliminates interest on a loan, it shall charge a loan origination fee of not to exceed 2 percent of the loan amount.

SEC. 94. Section 41178 of the Health and Safety Code is amended and renumbered to read:

50517.5. (a) The department shall establish a Farmworker Housing Grant Program under which, subject to the availability of funds therefor, grants shall be made to local public entities and nonprofit corporations for the construction or rehabilitation of housing for agricultural employees and their families. Under such program, grants may also be made for the purchase of land in connection with housing assisted pursuant to this section and for the construction and rehabilitation of related support facilities necessary to such housing. No part of a grant made pursuant to this section may be used for project organization or planning.

Such program shall be administered by the Director of Housing and Community Development and such officers and employees of the department as he may designate. It is the intent of the Legislature that, in administering the program, the director shall facilitate, to the greatest extent possible, the construction and rehabilitation of permanent dwellings for year-around occupancy

and ownership by agricultural employees, including ownership of the sites upon which such dwellings are located.

(b) The Farmworker Housing Grant Fund is hereby created in the State Treasury. All money in the fund is continuously appropriated to the department for making grants pursuant to this section and for costs incurred by the department in administering such grant program.

(c) Grants made pursuant to this section shall be matched by grantees with at least equal amounts of federal moneys, other cash investments, or in-kind contributions.

(d) With respect to the supervision of grantees, the department shall do the following:

(1) Establish minimum capital reserves to be maintained by grantees.

(2) Fix and alter from time to time a schedule of rents such as may be necessary to provide residents of housing assisted pursuant to this section with affordable rents to the extent consistent with the maintenance of the financial integrity of the housing project. No grantee shall increase the rent on any unit constructed or rehabilitated with the assistance of funds granted pursuant to this section without the prior permission of the department, which shall be given only if the grantee affirmatively demonstrates that such increase is required to defray necessary operating costs or avoid jeopardizing the fiscal integrity of the housing project.

(3) Determine standards for, and control selection by grantees of, tenants and subsequent purchasers of housing constructed or rehabilitated with the assistance of funds granted pursuant to this section.

(4) Require that grantees and subsequent purchasers of housing constructed or rehabilitated with the assistance of funds granted pursuant to this section enter into an agreement with the department providing for regulation of the disposition of such housing. In order to assure that the housing assisted pursuant to this section remains continuously available to carry out the purposes of this section, such agreement shall, among other things, require prior department approval of any sale or conveyance of housing assisted under this section. In the event that a sale or conveyance of such assisted housing will result in continued use of such housing by agricultural employees, the department may approve such sale or conveyance provided that (i) no profit is realized by the grantee as a result of the sale, or (ii) if a loss cannot be avoided in such a sale, that the net proceeds of the sale be apportioned between the grantee and the department in proportion that the grantee's funds or contributions bears to the state's grant funds in the project at the time of the sale and that the department's share of such excess funds be returned to the department for deposit in the Farmworker Housing Grant Fund.

In the event that the department determines that the assisted housing is no longer suitable for such purposes or that there is no

need for such housing, it may approve a sale at a profit, provided (i) that the entire amount of the grant made by the department be returned to it for deposit in the Farmworker Housing Grant Fund, and (ii) that proceeds of such sale in excess of the state's and grantee's funds and contributions be apportioned between the grantee and the department in the proportion that the grantee's funds or contributions bears to the state's grant funds in the project at the time of the sale and that the department's share of such excess funds be returned to the department for deposit in the Farmworker Housing Grant Fund. However, if a loss cannot be avoided in such a sale, the department may approve the sale provided (i) the state has first claim to the net proceeds from the sale up to the amount of its original grant to the project in the event that the sponsor is a nonprofit corporation or (ii) in the event that the sponsor is a local public entity, that the net proceeds of the sale be apportioned between the grantee and the department in the proportion that the grantee's funds or contributions bears to the state's grant funds in the project at the time of the sale and that the department's share of such excess funds be returned to the department for deposit in the Farmworker Housing Grant Fund. For purposes of this paragraph, construction loans or long-term financing made to a grantee by a public or private lender to construct or rehabilitate housing assisted pursuant to this section shall not be considered as part of the grantee's funds or contributions in calculating the grantee's share in the event of the disposition or resale of the assisted housing.

(5) Regulate the terms of occupancy agreements to be used in housing assisted pursuant to this section.

(6) Provide bilingual services and publications, or require grantees to do so, as necessary to implement the purposes of this section.

(e) The department may do any of the following with respect to grantees:

(1) Through its agents or employees enter upon and inspect the lands, buildings, and equipment of a grantee, including books and records, at any time before, during, or after construction or rehabilitation of units assisted pursuant to this section. However, there shall be no entry or inspection of any unit which is occupied, whether or not any occupant is actually present, without the consent of the occupant.

(2) Supervise the operation and maintenance of any housing assisted pursuant to this section and order such repairs as may be necessary to protect the public interest or the health, safety, or welfare of occupants of the housing.

(f) The department shall include in its annual report required by Section 50408, a current report of the Farmworker Housing Grant Program. Such report shall include, but need not be limited to: (1) the number of households assisted, (2) the average income of households assisted and the distribution of annual incomes among assisted households, (3) the rents paid by households assisted, (4) the number and amount of grants made to each nonprofit corporation

and local public entity in the preceding year, (5) the dollar value of funding derived from sources other than the state for each project receiving a grant under this section, and an identification of each such source, and (6) recommendations, as needed, to improve operations of the program and respecting the desirability of extending its application to other groups in rural areas identified by the department as having special need for state housing assistance.

(g) As used in this section:

(1) "Nonprofit corporation" means an entity incorporated pursuant to Part 1 (commencing with Section 9000) of Division 2 of Title 1 of the Corporations Code or a stock cooperative as defined in Section 11003.2 of the Business and Professions Code.

(2) "Agricultural employee" has the same meaning as specified in subdivision (b) of Section 1140.4 of the Labor Code.

(3) "Housing" may include, but need not be limited to, conventionally constructed units, factory-built units constructed in accordance with the provisions of Part 6 (commencing with Section 19960) of Division 13 of this code, and mobilehome units constructed in accordance with the provisions of the National Mobile Home Construction and Safety Standards Act of 1974 (42 U.S.C., Sec. 5401 et seq.).

SEC. 95. Section 41338 of the Health and Safety Code is amended and renumbered to read:

50958. Loans made pursuant to this part to housing sponsors, other than nonprofit housing sponsors, of rental housing developments shall not exceed 95 percent of the development costs of the housing development for which the loan is made. Loans made pursuant to this part to local public entities and nonprofit housing sponsors shall in no event exceed 100 percent of development costs and shall not exceed 98 percent of development costs unless (1) the local public entity or nonprofit housing sponsor has or will participate in the housing development with another local public entity or nonprofit housing sponsor which has a significant past record of successful residential development and not more than 30 percent of the units in such housing development will be occupied by very low income family households, or (2) the housing development will be designed for occupancy by elderly or handicapped households. In evaluating the significance of the past record of a nonprofit housing sponsor for purposes of this section, the agency shall take into consideration exclusionary or discriminatory lending policies or practices of the mortgage finance industry or government mortgage programs which have limited the record of past housing production or development by the nonprofit housing sponsor.

SEC. 96. Section 41455 of the Health and Safety Code is amended and renumbered to read:

51125. The agency may invest in, purchase, or make commitments to purchase, and take assignments from qualified mortgage lenders of, construction loans, mortgage loans, obligations

secured by construction loans or mortgage loans, and participations therein for financing or refinancing of housing developments.

The agency may also invest in, purchase, or make commitments to purchase, and take assignments from qualified mortgage lenders of, loans for rehabilitation or home improvements not secured by a mortgage but wholly or partially insured by an agency or instrumentality of the United States, or participation in such loans.

Such construction loans, mortgage loans, obligations secured by construction loans or mortgage loans, rehabilitation and home improvement loans, or participations therein may be held or sold by the agency, or the agency may create pools of such loans, obligations, and participations held by the agency and may sell securities backed by such pools.

SEC. 97. Section 41457 of the Health and Safety Code is amended and renumbered to read:

51127. The agency may insure or guarantee any obligation held by the agency and secured by a mortage on a single-unit housing development for the purpose of increasing its acceptability or value for sale or as security for other obligations. The agency may also insure or guarantee any loan, or participation in a loan, for rehabilitation or home improvement which is insured by an agency or instrumentality of the United States and which is held by the agency. Nothing in this section shall, however, be construed as authorizing the creation of a debt or liability of the state within the meaning of Section 1 of Article XVI of the State Constitution.

SEC. 98. Section 41500 of the Health and Safety Code is amended and renumbered to read:

51230. Not less than 30 percent nor more than 40 percent of the units financed by the agency during each fiscal year for very low-income households shall be designed specifically for occupancy by elderly persons. The agency shall in each fiscal year, finance at least that number of rental units designed for occupancy and accessibility by persons with orthopedic disabilities necessary to make such units equal to the same percentage relationship to the total number of rental units as such persons comprise when compared to the total population of the state. The percentage shall only, however, relate to those persons qualified by income and the percentage relationship shall be verified according to submarket areas within the state.

SEC. 99. Section 41557 of the Health and Safety Code is amended and renumbered to read:

51310. Relocation payments shall be made to persons and families displaced in making a site or a residential structure available for rehabilitation or construction financed under this chapter, and relocation advisory assistance provided, as set forth in Section 51063. Relocation payments shall also be made to owners involuntarily displaced because of inability to afford costs of compliance required pursuant to this chapter.

SEC. 100. Section 41700 of the Health and Safety Code is

amended and renumbered to read:

51350. (a) The agency may from time to time, after action of the Housing Bond Credit Committee as provided in Section 51360, issue its negotiable bonds in such principal amount as the agency shall determine to be necessary to provide sufficient funds for financing housing developments and other residential structures and for the payment of interest on bonds of the agency, establishment of reserves to secure such bonds, and other expenditures of the agency incident to, and necessary or convenient to, issuance of such bonds.

(b) Sale of the bonds of the agency shall be coordinated by the State Treasurer. To obtain a date for the sale of bonds, the agency shall inform the State Treasurer of the amount of the proposed issue. Upon such notification, the State Treasurer shall provide three 10-day periods, within the 90 days next following, when the bonds can be sold. The agency may choose any date during the suggested periods or any other date to which the agency and the State Treasurer have mutually agreed. The State Treasurer shall sell the bonds on the date chosen according to terms approved by the agency.

The Housing Bond Credit Committee shall exercise its powers with due regard for the right of the holders of bonds of the agency at any time outstanding, and nothing in, or done pursuant to, this section shall in any way limit, restrict, or alter the obligation or powers of the agency or any member, officer, or representative of the agency or the State Treasurer to carry out and perform in every detail each and every covenant, agreement, or contract at any time made or entered into on behalf of the agency with respect to its bonds or its benefits, or the security of the holders thereof.

(c) The aggregate principal amount of nonguaranteed bonds which may be issued pursuant to this part shall not exceed three hundred million dollars ($300,000,000), exclusive of indebtedness incurred to refund or renew previously issued bonds of the agency to the extent of the outstanding principal indebtedness of such previously issued bonds, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds. Guaranteed taxable bonds, or in lieu thereof and in the discretion of the agency, nonguaranteed tax-exempt bonds in addition to those authorized by the preceding sentence, to be issued by the agency may be authorized in an amount not exceeding one hundred fifty million dollars ($150,000,000), exclusive of indebtedness incurred to refund or renew previously issued bonds of the agency to the extent of the outstanding principal indebtedness of such previously issued bonds, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds.

SEC. 101. Section 41715 of the Health and Safety Code is amended and renumbered to read:

51368. The Supplementary Bond Security Account is hereby created in the California Housing Finance Fund. Moneys in such

account may be transferred into separate, individual accounts in the fund which shall be known as supplementary reserve accounts, but the amount appropriated to the Supplementary Bond Security Account shall be utilized to secure issuances of bonds under this chapter as deemed necessary by the agency and shall be used for no other purpose. Upon issuance of any bonds pursuant to this chapter, the agency may create a supplementary reserve account to secure payment of the principal of, interest, redemption-premium, and sinking-fund payments on such bonds.

When all obligations secured by all supplementary reserve accounts are retired the Supplementary Bond Security Account shall be dissolved and all moneys therein shall be used first for repayment to the General Fund in the State Treasury of the amount advanced to the Supplementary Bond Security Account by the act enacting this division, less any amount previously repaid on account of such advance. Remaining funds shall be paid into the general accounts of the housing finance agency unless otherwise obligated.

When the amount in a bond reserve fund falls below the minimum bond reserve fund requirement for such fund and available revenues of the agency pledged to the prescribed minimum bond reserve fund requirement are insufficient to restore such fund, the agency shall transfer to the bond reserve fund, from the supplementary bond reserve account securing such bonds, the amount necessary to restore such fund to the minimum bond reserve fund requirement. Moneys in supplementary reserve accounts may be used to directly pay the interest, principal and sinking-fund payments on the bonds as provided by bond resolution. To secure issuances of bonds, the supplementary reserve accounts may also be used to insure mortgages to protect the value of the housing developments or other residential structures serving as real property security, except owner-occupied housing developments, in any manner permitted by bond resolution.

Notwithstanding other provisions of this part, interest on the ten million dollars ($10,000,000) appropriated for the Supplementary Bond Security Account shall be paid to the General Fund at the end of each fiscal year.

SEC. 102. Section 42063 of the Health and Safety Code is amended and renumbered to read:

51853. In addition to insurance of loans authorized by Section 51852, the agency may insure the following types of loans in neighborhood preservation areas:

(a) Loans for acquisition of residential structures, provided such structures are in conformance with state and local housing and building standards; and provided, further, that no borrower shall be eligible for insurance of a loan or loans for more than one residential structure with respect to any such area, unless the borrower is a qualified rehabilitator.

(b) Construction and mortgage loans made or assisted pursuant to this division for financing housing developments.

(c) Loans for rehabilitation or home improvements wholly or partially insured or guaranteed by an agency or instrumentality of the United States or participation in such loans.

The agency shall develop and adopt regulations that provide for an equitable sharing of the risk of loss among the agency and all other parties to the loan transaction with respect to loans for acquisition of residential structures insured pursuant to subdivision (a).

SEC. 103. Section 42064 of the Health and Safety Code is amended and renumbered to read:

51854. Loans insured pursuant to this part shall meet the following requirements:

(a) The loans shall be made for a period acceptable to the agency, not to exceed 40 years or four-fifths of the remaining economic life of the structure as determined by the agency in accordance with its regulations, whichever is less.

(b) The loans shall be subject to maximum loan amounts for each category of loan authorized to be insured under this part, as established by regulations of the agency.

(c) The loan shall be secured by mortgages, or the loan shall be wholly or partially insured or guaranteed by an agency or instrumentality of the United States.

(d) The agency shall establish loan-to-value limitations for each category of loan and may set forth limitations on the further encumbrance of structures and other real property securing loans, but only to the extent necessary to prevent unreasonable impairment of the agency's security. In no case involving refinancing or purchase shall the loan have a principal obligation in an amount exceeding the sum of the estimated cost of rehabilitation, if any, and either the amount required to refinance existing indebtedness secured by the property or, in the case of a sale, the amount of the purchase price and settlement and closing costs incurred in connection with the purchases.

(e) Loans for the rehabilitation of residential structures shall have a prinicipal obligation not exceeding an amount which, when added to any outstanding indebtedness constituting a lien upon the property securing the loan, creates a total outstanding indebtedness which could be reasonably secured by a first mortgage on the property pursuant to subdivision (d), and as set forth by regulations of the agency.

(f) With respect to any loan for the rehabilitation of a residential structure, the agency shall determine that such repair and improvement is economically feasible. With respect to the rehabilitation of a mixed-use residential and commercial structure or of a commercial structure, the agency shall determine that there will be a demand for commercial occupancy of the residential structure after rehabilitation. In making such determination, the level of rent necessitated by repayment of the loan shall be considered.

(g) For the purpose of increasing the efficiency and minimizing the cost of the loan insurance program, the agency may insure or

issue commitments to insure loans, upon the certification of an officer of an approved lending institution that the proposed rehabilitation conforms to requirements specified by regulations of the agency regarding economic feasibility and commercial demand.

(h) With respect to any loan for rehabilitation or rehabilitation in combination with refinancing or purchase, the loan agreement shall provide that all funds loaned for repairs and improvements shall be paid after completion or according to a progress payment schedule to the owner and contractor or other provider of goods or services jointly at such times as payment becomes due, and provided the work or portion of the work for which payment is tendered is certified, as provided by regulation of the agency, to be in compliance with contract specifications and applicable state or local housing or building standards. The agency shall approve the contractor or contractors, the contract to provide rehabilitation construction, and the contract specifications prior to committing any funds of an insured loan for rehabilitation.

(i) The agency shall require that borrowers contract during the term of the loan not to raise residential rentals over an amount which the agency by regulation establishes will yield a fair rate of return and will allow for increases reasonably necessary to provide and continue proper maintenance of the property; except that residential structures with more than one but less than five dwelling units which are to be occupied by the owner shall be regulated as to rentals in a manner consistent with subdivision (h) of Section 51302.

(j) Relocation payments shall be made to persons and families displaced in making a site or a residential structure available for rehabilitation or construction financed by loans insured under this part, and relocation advisory assistance provided to such persons, as specified by Section 51063. Relocation payments shall also be made to owners involuntarily displaced because of inability to afford costs of compliance required pursuant to this part, but any payment pursuant to Section 4623 of Title 42 of the United States Code or Section 7263 of the Government Code shall be limited to the reasonable costs of a replacement dwelling adequate to accommodate the displaced person or family without regard to whether the dwelling is otherwise comparable to the dwelling formerly occupied, less the amount received from sale of the dwelling. Relocation payments may be made from the proceeds of insured loans as authorized by the agency.

(k) The residential structure for which a loan is insured pursuant to this part shall be insured against loss due to fire and other causes, as provided by the regulations of the agency.

(*l*) Such other terms and conditions as the agency, by regulation, determines are necessary to further the purposes of this part.

11512.4. (a) Blanket hospital service contracts may be issued to a college or school or to the head or principal thereof or to the governing board of any school district providing for services to pupils of such schools when such services are required as the result of accident to such pupils while they are required to be in or on buildings or other premises of the school or district during the time they are required to be therein or thereon by reason of their attendance upon a college or regular day school or any regular day school of a school district or while being transported to and from school or other place of instruction. No pupil shall be compelled to accept such service without the consent of his parent or legal guardian.

(b) A blanket hospital service contract authorized by this section may include either a coordination of benefits contract provision or a nonduplication of benefits contract provision, at the option of the contracting agency. Any contract containing such a provision shall disclose to the contracting agency, or the parents or legal guardians of pupils served by such contract, the essential features of any such provision. All such disclosures shall state whether or not the services

provided under such blanket hospital service contract are subject to reduction, to the extent provided in such contract, if an individual covered thereunder is entitled to benefits, whether on an indemnity basis or on a provision-of-service basis, for hospital, medical, dental, or surgical expenses under any other valid and collectible individual, group, or blanket insurance policy or contract, hospital or medical service program, or group-practice prepayment plan, except for automobile medical payments insurance.

SEC. 116.5. Section 11580.2 of the Insurance Code is amended to read:

11580.2. (a) (1) No policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle, except for policies which provide insurance in the Republic of Mexico issued or delivered in this state by nonadmitted Mexican insurers, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be issued or delivered by any insurer licensed in this state upon any motor vehicle then principally used or principally garaged in this state, unless the policy contains, or has added to it by endorsement, a provision with coverage limits at least equal to the financial responsibility requirements specified in Section 16056 of the Vehicle

Code insuring the insured, his heirs or his legal representative for all sums within such limits which he or they, as the case may be, shall be legally entitled to recover as damages for bodily injury or wrongful death from the owner or operator of an uninsured motor vehicle. The insurer and any named insured, prior to or subsequent to the issuance or renewal of a policy, may, by agreement in writing, in the form specified in paragraph (2), delete the provision covering damage caused by an uninsured motor vehicle (1) completely, or (2) with respect to a natural person or persons designated by name when operating a motor vehicle. Either of such deletions by any named insured shall be binding upon every insured to whom such policy or endorsement provisions apply while such policy is in force, and shall continue to be so binding with respect to any continuation, renewal, or replacement of such policy by the named insured, or with respect to reinstatement of such policy within 30 days of any lapse thereof. A policy shall be excluded from the application of this section if the only coverage with respect to the use of any motor vehicle is limited to the contingent liability arising out of the use of nonowned motor vehicles.

(2) The agreement specified in paragraph (1) shall be in the following form:

"The California Insurance Code requires an insurer to provide uninsured motorists coverage in each bodily injury liability insurance policy it issues covering liability arising out of the ownership, maintenance, or use of a motor vehicle. Such section also permits the insurer and the applicant to delete such coverage completely or with respect to one or more natural persons designated by name when operating a motor vehicle. Uninsured motorists coverage insures the insured, his heirs, or legal representatives for all sums within the financial responsibility limits which such person or persons are legally entitled to recover as damages for bodily injury, including any resulting sickness, disease, or death, to him from the owner or operator of an uninsured motor vehicle not owned or operated by the insured."

Such agreement may contain additional statements not in derogation of or conflict with the foregoing. The execution of such agreement shall relieve the insurer of liability under this section while such agreement remains in effect.

(b) As used in (a) above, "bodily injury" includes sickness or disease, including death, resulting therefrom; the term "named insured" means only the individual or organization named in the declarations of the policy of motor vehicle bodily injury liability insurance referred to in (a) above; as used in (a) above the term "insured" means the named insured and the spouse of the named insured and relatives of either while residents of the same household while occupants of a motor vehicle or otherwise, heirs and any other person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he is entitled to recover for care or loss of services because of bodily injury to

which the policy provisions or endorsement apply; the term "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist endorsement or coverage is a part, a temporary substitute or a newly acquired automobile for which liability coverage is provided in the policy if the motor vehicle is used by the named insured or with his permission or consent, express or implied, and any other automobile not owned by the named insured or any resident of the same household while being operated by the named insured or his spouse if a resident of the same household, but the term "insured motor vehicle" shall not include any automobile while used as a public or livery conveyance. The term "uninsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance or use of which there is no bodily injury liability insurance or bond applicable at the time of the accident, or there is such applicable insurance or bond but the company writing the same denies coverage thereunder or refuses to admit coverage thereunder except conditionally or with reservation, or a motor vehicle used without the permission of the owner thereof if there is no bodily injury liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof, or the owner or operator thereof be unknown, provided that, with respect to an "uninsured motor vehicle" whose owner or operator is unknown:

(1) The bodily injury has arisen out of physical contact of such automobile with the insured or with an automobile which the insured is occupying.

(2) The insured or someone on his behalf shall have reported the accident within 24 hours to the police department of the city where the accident occurred or, if the accident occurred in unincorporated territory then either the sheriff of the county where the accident occurred or the local headquarters of the California Highway Patrol, and have filed with the insurer within 30 days thereafter a statement under oath that the insured or his legal representative has or the insured's heirs have a cause of action arising out of such accident for damages against a person or persons whose identity is unascertainable and set forth facts in support thereof. The term "uninsured motor vehicle" shall not include an automobile owned by the named insured or any resident of the same household or self-insured within the meaning of the Safety Responsibility Law of the state in which the motor vehicle is registered or which is owned by the United States of America, Canada, a state or political subdivision of any such government or an agency of any of the foregoing, or a land motor vehicle or trailer operated on rails or crawler treads or while located for use as a residence or premises and not as a vehicle, or a farm-type tractor or equipment designed for use principally off public roads, except while actually upon public roads.

The term "uninsured motor vehicle" also means an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits

specified therein because of insolvency. An insurer's solvency protection shall be applicable only to accidents occurring during a policy period in which its insured's motor vehicle coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one year of such accident. In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of such coverage, the insurer making such payment, shall to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent insurer through any settlement or judgment of such person against the involvent insurer.

(c) The insurance coverage provided for in this section does not apply:

(1) To property damage sustained by the insured.

(2) To bodily injury of the insured while in or upon or while entering into or alighting from an automobile other than the described automobile if the owner thereof has insurance similar to that provided in this section.

(3) To bodily injury of the insured with respect to which the insured or his representative shall, without the written consent of the insurer, make any settlement with or prosecute to judgment any action against any person who may be legally liable therefor.

(4) In any instance where it would inure directly or indirectly to the benefit of any workers' compensation carrier or to any person qualified as a self-insurer under any workers' compensation law, or directly to the benefit of the United States, or any state or any political subdivision thereof.

(5) To establish proof of financial responsibility as provided in subdivisions (a), (b), and (c) of Section 16054 of the Vehicle Code.

(6) To bodily injury of the insured while occupying a motor vehicle owned by an insured, unless the occupied vehicle is an insured motor vehicle.

(7) To bodily injury of the insured when struck by a vehicle owned by an insured.

(d) Subject to paragraph (c) (2), the policy or endorsement may provide that if the insured has insurance available to him under more than one uninsured motorist coverage provision, any damages shall not be deemed to exceed the higher of the applicable limits of the respective coverages, and such damages shall be prorated between the applicable coverages as the limits of each coverage bears to the total of such limits.

(e) The policy or endorsement added thereto may provide that if the insured has valid and collectible automobile medical payment insurance available to him, the damages which he shall be entitled to recover from the owner or operator of an uninsured motor vehicle shall be reduced for purposes of uninsured motorist coverage by the amounts paid or due to be paid under such automobile medical payment insurance. This subdivision shall become operative on January 1, 1971.

(f) The policy or an endorsement added thereto shall provide that the determination as to whether the insured shall be legally entitled to recover damages, and if so entitled, the amount thereof, shall be made by agreement between the insured and the insurer or, in the event of disagreement, by arbitration. The arbitration shall be conducted by a single neutral arbitrator. An award or a judgment confirming an award shall not be conclusive on any party in any action or proceeding between (i) the insured, his insurer, his legal representative, or his heirs and (ii) the uninsured motorist to recover damages arising out of the accident upon which the award is based. If the insured has or may have rights to benefits, other than nonoccupational disability benefits, under any workers' compensation law, the arbitrator shall not proceed with the arbitration until the insured's physical condition is stationary and ratable. In those cases in which the insured claims a permanent disability, such claims shall, unless good cause be shown, be adjudicated by award or settled by compromise and release before the arbitration may proceed. Any demand or petition for arbitration shall contain a declaration, under penalty of perjury, stating whether (i) the insured has a workers' compensation claim; (ii) such claim has proceeded to findings and award or settlement on all issues reasonably contemplated to be determined in that claim; and (iii) if not, what reasons amounting to good cause are grounds for the arbitration to proceed immediately. The provisions of Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure shall be applicable to such determinations, and all rights, remedies, obligations, liabilities and procedures set forth in such Article 3 shall be available to both the insured and the insurer at any time after the accident, both before and after the commencement of arbitration, if any, with the following limitations:

(1) Whenever in such Article 3, reference is made to the court in which the action is pending, or provision is made for application to the court or obtaining leave of court or approval by the court, the court which shall have jurisdiction for the purposes of this section shall be the superior court of the State of California, in and for any county which is a proper county for the filing of a suit for bodily injury arising out of the accident, against the uninsured motorist, or any county specified in the policy or an endorsement added thereto as a proper county for arbitration or action thereon.

(2) Any such proper court to which application is first made by either the insured or the insurer under the provisions of such Article 3 for any discovery or other relief or remedy, shall thereafter be the only court to which either of the parties shall make any applications under such Article 3 with respect to the same accident, subject, however, to the right of such court to grant a change of venue after a hearing upon notice, upon any of the grounds upon which change of venue might be granted in an action filed in the superior court.

(3) A deposition pursuant to the provisions of Section 2016 of the

Code of Civil Procedure may be taken without leave of court, except that leave of court, granted with or without notice and for good cause shown, must be obtained if the notice of the taking of the deposition is served by either party within 20 days after the accident.

(4) The provisions of subparagraph (a) (4) of Section 2019 of the Code of Civil Procedure shall not be applicable to discovery under this section.

(5) For the purposes of discovery under this section, the insured and the insurer shall each be deemed to be "a party to the record of any civil action or proceedings," where that phrase is used in subparagraph (b) (2) of Section 2019 of the Code of Civil Procedure.

(6) Interrogatories under the provisions of Section 2030 of the Code of Civil Procedure and requests for admission under Section 2033 of the Code of Civil Procedure may be served by either the insured or the insurer upon the other at any time more than 20 days after the accident without leave of court.

(7) Nothing in this section shall be construed to limit the rights of any party to discovery in any action pending or which may hereafter be pending in any court.

(g) The insurer paying a claim under an uninsured motorist endorsement or coverage shall be entitled to be subrogated to the rights of the insured to whom such claim was paid against any person causing such injury or death to the extent that payment was made. Such action may be brought within three years from the date that payment was made hereunder.

(h) An insured entitled to recovery under the uninsured motorist endorsement or coverage shall be reimbursed within the conditions stated herein without being required to sign any release or waiver of rights to which he may be entitled under any other insurance coverage applicable; nor shall payment under this section to such insured be delayed or made contingent upon the decisions as to liability or distribution of loss costs under other bodily injury liability insurance or any bond applicable to the accident. Any loss payable under the terms of the uninsured motorist endorsement or coverage to or for any person may be reduced:

(1) By the amount paid and the present value of all amounts payable to him under any workers' compensation law, exclusive of nonoccupational disability benefits.

(2) By the amount the insured is entitled to recover from any other person insured under the underlying liability insurance policy of which the uninsured motorist endorsement or coverage is a part.

(i) No cause of action shall accrue to the insured under any policy or endorsement provision issued pursuant to this section unless within one year from the date of the accident:

(1) Suit for bodily injury has been filed against the uninsured motorist, in a court of competent jurisdiction, or

(2) Agreement as to the amount due under the policy has been concluded, or

(3) The insured has formally instituted arbitration proceedings.

(j) Notwithstanding the provisions of subdivisions (b) and (i), in the event the accident occurs in any other state or foreign jurisdiction to which coverage is extended under the policy and the insurer of the tortfeasor become insolvent, any action authorized pursuant to the provisions of this section may be maintained within three months of the insolvency of the tortfeasor's insurer, but in no event later than the pertinent period of limitation of the jurisdiction in which the accident occurred.

(k) Notwithstanding the provisions of subdivision (i), any insurer whose insured has made a claim under his or her uninsured motorist coverage, and such claim is pending, shall, at least 30 days before the expiration of the applicable statute of limitation, notify its insured in writing of the statute of limitation applicable to such injury or death. Failure of the insurer to provide such written notice shall operate to toll any applicable statute of limitation or other time limitation for a period of 30 days from the date such written notice is actually given.

(*l*) As used in subdivision (b), "public or livery conveyance," or terms of similar import, shall not include the operation or use of a motor vehicle by the named insured in the performance of volunteer services for a nonprofit charitable organization or governmental agency by providing transportation to senior citizens or physically or mentally handicapped persons. This subdivision shall not apply in any case in which the named insured receives any remuneration of any kind other than reimbursement for actual mileage driven in the performance of such services at a rate not to exceed fifteen cents ($0.15) per mile actually driven. As used in this section, "senior citizen" means a person 60 years of age or older. This subdivision shall apply only to policies of insurance issued, amended, or renewed on or after January 1, 1976.

SEC. 117. Section 11656.6 of the Insurance Code is amended to read:

The organization or association shall promptly notify the insurer of the known insolvency of any member of the group plan, and shall request upon learning of such insolvency, removal of the member from the group plan. A copy of the resolution of the governing board of such organization or association authorizing the execution of the guarantee agreement shall be filed with the commissioner or a licensed workers' compensation rating organization designated by him and with any insurer issuing a group policy.

However, no classification applicable to for-hire motor carriers under the provisions of paragraph (3) of this subdivision shall be included in any combination of classifications authorized by this paragraph.

(e) In order to determine whether or not a firearm is loaded for the purpose of enforcing this section, peace officers are authorized to examine any firearm carried by anyone on his person or in a vehicle while in any public place or on any public street in an incorporated city or prohibited area of an unincorporated territory. SEC. 129. Section 25402.1 of the Public Resources Code is amended to read:

25402.1. In order to implement the requirements of subdivisions (a) and (b) of Section 25402, the commission shall do all of the following:

(a) Develop a public domain computer program which will enable contractors, builders, architects, engineers, and government officials to estimate the energy consumed by various classes of buildings with various types of occupancies. The commission may charge a fee for the use of the program, which fee shall be based upon the actual cost of the program, including any computer costs.

(b) Include a prescriptive method of complying with the standards including design aids such as a manual, sample calculations

and model structural designs. The prescriptive program shall be based on the standards developed pursuant to Chapter 11.5 (commencing with Section 19878) of Part 3 of Division 13 of the Health and Safety Code as it existed prior to the effective date of this section.

(c) Produce, no later than 180 days after adoption of the standards, an energy conservation manual for use by designers, builders, and contractors of nonresidential buildings. The manual shall be furnished upon request at a price sufficient to cover the costs of production and shall be distributed at no cost to all affected local agencies. The manual shall contain, but not be limited to, the following:

(1) The standards for energy conservation established by the commission.

(2) Forms, charts, tables, and other data to assist designers and builders in meeting the standards.

(3) Design suggestions for meeting or exceeding the standards.

(4) Any other information which the commission finds will assist persons in conforming to the standards.

The technical assistance program shall include the preparation and publication of forms and procedures for local building departments in performing the review of building plans and specifications. The commission shall provide, on a contract basis, a review of building plans and specifications submitted by a local building department, and shall adopt a schedule of fees sufficient to repay the cost of such services.

(e) The provisions of subdivisions (a) and (b) of Section 25402 and this section, and the rules and regulations of the commission adopted pursuant thereto, shall be enforced by the building department of every city, county, or city and county.

(1) No building permit for any residential or nonresidential building shall be issued by a local building department unless a review by the building department of the plans for the proposed residential or nonresidential building contains detailed energy system specifications and confirms that the building satisfies the minimum standards established pursuant to subdivisions (a) and (b) of Section 25402 and this section applicable to such building.

(2) Where there is no such local building department the

commission shall enforce the provisions of subdivisions (a) and (b) of Section 25402 and this section.

(3) If a local building department fails to enforce subdivisions (a) and (b) of Section 25402 and this section or any other provision of this chapter or standard adopted pursuant thereto the commission may provide such enforcement after furnishing 10 days' written notice to the local building department.

(f) The provisions of subdivisions (a) and (b) of Section 25402 and this section shall apply only to new residential and nonresidential buildings on which actual site preparation and construction have not commenced prior to the effective date of rules and regulations adopted pursuant to those sections that are applicable to such buildings. Nothing in those sections shall prohibit either of the following:

(1) The enforcement of state or local energy conservation or energy insulation standards adopted prior to the effective date of rules and regulations adopted pursuant to subdivisions (a) and (b) of Section 25402 and this section with regard to residential and nonresidential buildings on which actual site preparation and construction have commenced prior to that date.

(2) The enforcement of local energy conservation or energy insulation standards, whenever adopted, with regard to residential and nonresidential buildings on which actual site preparation and construction have not commenced prior to the effective date of rules and regulations adopted pursuant to subdivisions (a) and (b) of Section 25402 and this section provided that the commission finds that such standards will require the diminution of energy consumption levels permitted by the rules and regulations adopted pursuant to those sections.

(g) The commission may exempt from the requirements of this section and of any regulations adopted pursuant thereto any proposed building for which compliance would be impossible without substantial delays and increases in cost of construction, if the commission finds that substantial funds have been expended in good faith on planning, designing, architecture or engineering prior to the date of adoption of such regulations.

(h) Should a dispute arise between an applicant for a building permit and the building department regarding interpretation of Section 25402 or the regulations adopted pursuant thereto, either party may submit the dispute to the commission for resolution. The commission's determination of the matter shall be binding on the parties.

(i) Nothing in Section 25130, 25131, or 25402, or in this section shall be construed to prevent enforcement of any regulation adopted

pursuant to this chapter, or Chapter 11.5 (commencing with Section 19878) of Part 3 of Division 13 of the Health and Safety Code as they existed prior to the effective date of this section.

SEC. 130. Section 25524.25 of the Public Resources Code is amended to read:

25524.25. (a) Notwithstanding any other provision of this division, the commission shall, no later than January 16, 1978, transmit, to each house of the Legislature, its determination as to whether all of the findings required by Sections 25524.1 and 25524.2 can be made at that time. In the event that the commission determines that any of such findings cannot then be made, it shall include in its determination a recommendation as to whether any facilities, or any unit thereof, for which a notice of intention has been filed with the commission before January 1, 1977, should be exempted from the requirements of Sections 25524.1 and 25524.2, and what conditions, if any, should be attached to such exemption.

In making the recommendation required by this subdivision the commission shall consider the following:

(1) The commission's most recent energy and demand forecast as updated to indicate the energy requirement, capacity and supply for the area proposed to be served by any such facilities as identified in the notice of intention at the time the commission's recommendation is made.

(2) The extent to which the need identified in paragraph (1) can be reduced by nongenerational alternatives to the proposed facilities or by reasonable conservation measures, or both.

(3) Whether any practical alternative technology is or will be available to meet the need as determined pursuant to paragraph (1) or (2). For purposes of this paragraph "practical alternative technology" means a facility which uses a form of primary energy for generation other than that proposed for use in the facilities which are the subject of such notice of intention, which alternative facility is or will be economically comparable, for which technology is or will be available, which is environmentally acceptable, and which, in prudent judgment, could be certified and constructed in sufficient time to meet the need determined pursuant to paragraphs (1) and (2) or within the same time period as the facilities subject to this section, whichever is longer.

For purposes of making the findings required by paragraphs (1), (2), and (3) of this subdivision, the commission shall consider, among other things, the record of the proceedings on the notice of intention for such facilities and shall hold such hearings as it deems necessary.

However, where a transit development board created pursuant to Division 11 (commencing with Section 120000) or a county transportation commission exists, the board or commission, as the case may be, shall have the responsibility of the transportation planning agency with respect to potential productivity improvements. The recommendations for improvements and productivity shall include, but not be limited to, those recommendations related to productivity made in the performance audit conducted pursuant to Section 99246.

A committee for the purpose of providing advice on productivity improvements shall be formed by the responsible entity. The membership of this committee shall consist of representatives from the management of the operators, organizations of employees of the operators, and users of the transportation services of the operators located within the area under the jurisdiction of the responsible entity.

SEC. 139. Section 434.5 of the Revenue and Taxation Code is amended to read:

434.5. (a) On March 1, 1977, and March 1 of each year thereafter, up to and including March 1, 1979, timberland shall be valued according to the following schedule:

Redwood Region		Pine-Mixed Conifer Region	
Site I	$80	Site I	60
Site II	$60	Site II	$50
Site III	$50	Site III	$40
Site IV	$30	Site IV	$30
Site V (and inoperable)	$20	Site V (and inoperable)	$20

When the assessor, pursuant to Section 434, designates a

timberland parcel or portion thereof as inoperable, such timberland parcel or portion thereof shall be valued as if it is Site V.

The Legislature finds and declares that the foregoing values are consistent with the taxation of timberland used primarily for growing timber and that these values are consistent with the intent of subdivision (j) of Section 3 of Article 13 of the Constitution.

(b) On or before January 1, 1980, and every third year thereafter, the board after consultation with the timber advisory committee and in compliance with procedures set forth for adoption of rules under the Administrative Procedure Act, shall adopt schedules reestablishing the value of each grade of timberland graded pursuant to Section 434 as if it were bare of forest growth, and recognizing that the restricted use of the land is for growing and harvesting timber and compatible uses. The board shall certify such values to county assessors by January 10 of each year. Such schedule shall remain in effect until subsequent revision pursuant to the provisions of this subdivision.

(c) Commencing January 1, 1977, the board shall collect such data as may be necessary to accurately value timberland pursuant to subdivision (b).

(d) In promulgating regulations pursuant to subdivision (b) the board shall determine the value of such timberland subject to the following:

(1) The board shall base the value of such land upon the existence of a 10-year enforceable restriction using commonly accepted systems of valuation.

(2) When the board is valuing timberland property within a timberland preserve zone by comparison with sales of other timberland properties in order to be considered comparable, the properties sold shall be at least 160 acres in size and shall be similarly restricted under a timberland preserve zone. Size and any discount for size and amenities shall not be factors in determining the value of land zoned as timberland preserve which is valued by a method employing the use of comparable sales.

(e) For purposes of this section, the value of each acre of timberland within each site class, within a timberland preserve zone, shall be presumed no greater than the value derived pursuant to subdivision (f).

(f) The board shall:

(1) Prepare, or cause to be prepared, timberland site capability tables which shall prescribe by site classification the potential annual yield of wood by species or mixture of species per acre.

(2) Multiply the potential annual yield by 10 percent.

(3) Multiply the result of paragraph (2) by an immediate harvest value, averaged for the previous 20 quarters, that is appropriate for the geographical area wherein such timberland values shall be applied.

(4) Divide the result of paragraph (3) by a capitalization rate of 10 percent expressed as a decimal.

Pursuant to paragraph (2) of this subdivision, the Legislature declares that 10 percent is the average percent of income from potential annual yield of wood that can be attributed to timberland as a productive component contributing to such income, and the Legislature finds that it is in the public interest that values derived from analysis of sales of timberland restricted under timberland preserve zones shall not exceed this percentage.

(g) For the purposes of this section, the value of each acre of timberland within a timberland preserve zone shall be presumed to be no less than twenty dollars ($20) per acre.

(c) For purposes of subdivision (a)—

(1) The character of the includable gain shall be determined as if the property had actually been sold or exchanged by the transferor, and any activities of the trust with respect to the sale or exchange of the property shall be deemed to be activities of the transferor, and

(2) The portion of the includable gain subject to the provisions of Section 18211 and Sections 18212 to 18218, inclusive, shall be determined in accordance with regulations prescribed by the Franchise Tax Board.

(3) Acquired by a charitable remainder annuity trust (as defined in Section 17763.1(d)(1)) or a charitable remainder unitrust (as defined in Section 17763.1(d)(2) and (3)), or

(4) If the sale or exchange of the property occured after the death of the transferor.

(f) If the trust elects to report income under Section 17577 or 17578 on any sale or exchange to which subdivision (a) applies, under regulations prescribed by the Franchise Tax Board—

(1) Subdivision (a) shall be applied if each installment were a separate sale or exchange of property to which such subdivision applies, and

(2) The term "includable gain" shall not include any portion of an installment received by the trust after the death of the transferor.

(g) This section shall apply to transfer in trusts made after taxable years beginning after December 31, 1976.

601.2. In the event that a parent or guardian or person in charge of a minor described in Section 601.1 fails to respond to directives of the school attendance review board or to services offered on behalf of the minor, the school attendance review board shall direct that the minor be referred to the probation department or to the county welfare department under Section 300, and the school attendance review board may require the school district to file a complaint against the parent, guardian, or other person in charge of such minor as provided in Section 48291 or Section 48454 of the Education Code.

SEC. 155. Section 653 of the Welfare and Institutions Code is amended to read:

653. Whenever any person applies to the probation officer to commence proceedings in the juvenile court, such application shall be in the form of an affidavit alleging that there was or is within the county, or residing therein, a minor within the provisions of Section 300, 601, or 602, or that a minor committed an offense described in Section 602 within the county, and setting forth facts in support thereof. The probation officer shall immediately make such investigation as he deems necessary to determine whether proceedings in the juvenile court should be commenced. If the probation officer determines that proceedings pursuant to Section 650 should be commenced to declare a person described in Section 602 to be a ward of the juvenile court, the probation officer shall cause the affidavit to be taken to the prosecuting attorney. The prosecuting attorney shall within his discretionary power institute proceedings in accordance with his role as public prosecutor pursuant to subdivision (b) of Section 650 of this code and Section 26500 of the Government Code.

If the probation officer does not take action under Section 654 and

does not file a petition in juvenile court within 21 court days after such application, or in the case of an affidavit alleging that a minor committed an offense described in Section 602 or alleging that a minor is within Section 602, does not cause the affidavit to be taken to the prosecuting attorney with 21 court days after such application, he shall endorse upon the affidavit of applicant his decision not to proceed further and his reasons therefor and shall immediately notify the applicant of the action taken or the decision rendered by him under this section. The probation officer shall retain the affidavit and his indorsement thereon for a period of 30 days after such notice to applicant.

SEC. 156. Section 654 of the Welfare and Institutions Code is amended to read:

654. In any case in which a probation officer, after investigation of an application for petition or other investigation he is authorized to make concludes that a minor is within the jurisdiction of the juvenile court or will probably soon be within such jurisdiction, he may, in lieu of filing a petition to declare a minor a dependent child of the court or a minor or a ward of the court under Section 601 or requesting that a petition be filed by the prosecuting attorney to declare a minor a ward of the court under Section 602 or subsequent to dismissal of a petition already filed, and with consent of the minor and the minor's parent or guardian, delineate specific programs of supervision for the minor, for not to exceed six months, and attempt thereby to adjust the situation which brings the minor within the jurisdiction of the court or creates the probability that he will soon be within such jurisdiction. Nothing in this section shall be construed to prevent the probation officer from filing a petition or requesting the prosecuting attorney to file a petition at any time within said six-month period. If the probation officer determines that the minor has not involved himself in the specific programs within 60 days, the probation officer shall immediately file a petition or request that a petition be filed by the prosecuting attorney. However, when in the judgment of the probation officer the interest of the minor and the community can be protected, the probation officer shall make a diligent effort to proceed under this section.

The program of supervision of the minor undertaken pursuant to this section may call for the minor to obtain care and treatment for the misuse of restricted dangerous drugs or addiction to narcotics from a county mental health service or other appropriate community agency.

Further, this section shall authorize the probation officer with consent of the minor and the minor's parent or guardian to provide the following services in lieu of filing a petition:

(a) Maintain and operate sheltered-care facilities, or contract with private or public agencies to provide such services. Such placement shall be limited to a maximum of 90 days. Counseling services shall be extended to the sheltered minor and his family during this period of diversion services. The minor and his parents may be required to

make full or partial reimbursement for the services rendered the minor and his family during the diversion process. Referrals for sheltered-care diversion may be made by the minor, his family, schools, law enforcement or any other private or public social service agency.

(b) Maintain and operate crisis resolution homes, or contract with private or public agencies offering such services. Residence at such facilities shall be limited to 20 days during which period individual and family counseling shall be extended the minor and his family. Failure to resolve the crisis within the 20-day period may result in the minor's referral to a sheltered-care facility for a period not to exceed 90 days. Referrals shall be accepted from the minor, his family, schools, law enforcement or any other private or public social service agency. The minor, his parents, or both, may be required to reimburse the county for the cost of services rendered at a rate to be determined by the county board of supervisors.

(c) Maintain and operate counseling and educational centers, or contract with private and public agencies, societies or corporations whose purpose is to provide vocational training or skills. Such centers may be operated separately or in conjunction with crisis resolution homes to be operated by the probation officer. The probation officer shall be authorized to make referrals to the appropriate existing private or public agencies offering similar services when available.

At the conclusion of the program of supervision undertaken pursuant to this section, the probation officer shall prepare and maintain a followup report of the actual program measures taken.

SEC. 157. Section 681 of the Welfare and Institutions Code is amended to read:

681. (a) In a juvenile court hearing which is based upon a petition that alleges that the minor upon whose behalf the petition is being brought is a person within the description of Section 602, the prosecuting attorney shall appear on behalf of the people of the State of California.

(b) In a juvenile court hearing which is based upon a petition that alleges that the minor upon whose behalf the petition is being brought is a person within the description of Section 601 and the minor who is the subject of the hearing is represented by counsel, the prosecuting attorney may, with the consent or at the request of the juvenile court judge, or at the request of the probation officer with the consent of the juvenile court judge, appear and participate in the hearing to assist in the ascertaining and presenting of the evidence. Where the petition in a juvenile court proceeding alleges that a minor is a person described in subdivision (a), (b), or (d) of Section 300, and either of the parents, or the guardian, or other person having care or custody of the minor, or who resides in the home of the minor, is charged in a pending criminal prosecution based upon unlawful acts committed against the minor, the prosecuting attorney shall, with the consent or at the request of the juvenile court judge, represent the minor in the interest of the state at the juvenile court

proceeding. The terms and conditions of such representation shall be with the consent or approval of the judge of the juvenile court.

Unless the minor has had a prior conviction in a criminal court, the clerk of the criminal court shall deliver to the clerk of the juvenile court all copies of the minor's record in criminal court and shall obliterate the minor's name from any index or minute book maintained in the criminal court. The clerk of the juvenile court shall maintain the minor's criminal court record as provided by Article 22 (commencing with Section 825) of this chapter until such time as the juvenile court may issue an order that they be sealed pursuant to Section 781.

A minor committed to the Youth Authority may not be held in physical confinement for a period of time in excess of the maximum period of imprisonment which could be imposed upon an adult convicted of the offense or offenses which brought or continued the minor under the jurisdiction of the juvenile court. Such school or schools shall be conducted in such a manner and under such conditions as will minister to the specific individualized educational and training needs of each ward and dependent child in furtherance of the objective of assisting each of them, as much as possible, to fulfill his potential to be a contributing, law-abiding member of society. In the event the board of supervisors determines that such objective may be promoted as well as or better by provision of educational and training services by a qualified private organization, the board of supervisors on behalf of the county may enter into annual contracts, with or without options to renew, for the provision of such services by such an organization.

(b) The Legislature hereby finds and determines that there are persons whose educational and vocational backgrounds and personal leadership qualities peculiarly fit them to instruct and train wards of the court in promotion of the aforesaid objective, but who lack certification qualifications. Accordingly, the probation officer is hereby authorized to certify to the county board of education and the Superintendent of Public Instruction that a person employed or to be employed by the probation officer or by an organization retained by contract to provide vocational training or vocational training courses at or in connection with the school or schools is peculiarly fit to provide wards of the court such vocational training in promotion of the aforesaid objective.

Such certification shall specify the type or types of service the person is qualified to provide. Upon filing of such certification, such person shall be deemed to be a certificated employee for purposes of authorizing him to provide the services described in the certificate and for apportionment purposes.

(c) The individual school or schools shall have a maximum enrollment of 100 students.

(d) The county superintendent of schools shall report on behalf of the county the average daily attendance for the schools and classes maintained by the county in such school or schools in the manner provided in Sections 41601 and 84701 of the Education Code and other provisions of law.

The board of supervisors of each county is hereby authorized to establish, either generally or for individual wards or dependent children or according to classes or groups of wards or dependent children, a maximum amount which the court may order the county to pay for such support and maintenance. All orders made pursuant to the provisions of this section shall state the amounts to be so paid from the county treasury, and such amounts shall constitute legal charges against the county.

(b) This section is applicable to a minor who is the subject of a program of supervision undertaken by the probation department pursuant to Section 330 or 654 and who is temporarily placed out of his home by the probation department, with the approval of the court and the minor's parent or guardian, for a period not to exceed seven days.

Facilities of the department may be used only on a temporary basis when existing county juvenile facilities are rendered unsafe or inadequate because of a natural or manmade disaster. They may not be used for the detention of a person who is alleged to be or has been adjudged to be a person described by Section 300 or Section 601.

Whenever any person is detained in a California Youth Authority facility located in a county other than the county which has contracted for services pursuant to this section, the county shall provide for adequate consultation between the minor and his attorney; and, if the minor's parent or guardian lacks adequate private means of transportation, and if the minor has been detained in the facility for more than 10 days, the county shall make reasonable efforts to provide for visitation between the minor and his parents or guardian.

The county shall reimburse the state for the cost of such services, such cost to be determined by the director. 4656. (a) A qualified physician and surgeon who diagnoses a developmental disability, as defined in subdivision (a) of Section 4512, of a patient who is a minor shall attempt to determine from the patient, the parents or guardian of the patient, or the regional center for the area whether such person has been previously referred to the regional center for the area. If the patient has not been previously

referred to the regional center, the physician and surgeon shall inform a parent or the guardian of the patient of the existence of the regional center for the area, its address and telephone number, and shall describe to such person the services available through the regional center, and shall, upon request of the parent or guardian of the patient, refer in writing the patient through his parent or guardian to the regional center. Upon obtaining the consent of the patient's parent or guardian, the physician and surgeon shall notify the regional center of such referral.

For the purposes of this section, "qualified physician and surgeon" means those physicians and surgeons who have recognized and accredited training and a specialized pediatric practice in childhood disabilities.

(b) Each regional center shall maintain a record of every developmentally disabled person under the age of 18 years known by the regional center to have been referred to it for its services, whether or not services are actually provided.

(c) The state department shall transmit a copy of this section and of subdivision (a) of Section 4512 to every physician and surgeon licensed to practice in this state and every general acute care hospital licensed under Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code. A list of the name and address of each regional center and such other pertinent information as the state department deems appropriate shall also be transmitted, both in English and Spanish.

SEC. 173. Section 4681 of the Welfare and Institutions Code is amended to read:

4681. By July 1, 1977, and each year thereafter, the department shall establish rates, which shall be reviewed by the state council. Such rates shall annually be proposed to the Legislature by March 1 and shall be operative on July 1 of each year, subject to the appropriation of sufficient funds for such purpose in the Budget Act. In establishing rates to be paid for out-of-home care, the department shall include each of the cost elements in this section as follows:

(a) Rates established for all facilities shall include an adequate amount to care for "basic living needs" of a person with developmental disabilities. "Basic living needs" are defined to include housing (shelter, utilities, and furnishings), food, and personal care. The amount required for basic living needs shall be calculated each year as the average cost of an additional normal child, between the age of 12-17, living at home. The amount for basic living needs shall be adjusted depending on the size of the out-of-home facility. These amounts shall be adjusted annually to reflect cost-of-living changes. A redetermination of basic living costs

shall be undertaken every three years by the department, using the best available estimating methods.

(b) Rates established for all facilities that provide direct supervision for persons with developmental disabilities shall include an amount for "direct supervision." The cost of "direct supervision" shall reflect the ability of the persons in the facility to function with minimal, moderate, or intensive supervision. Minimal supervision means that a developmentally disabled person needs the assistance of other persons with certain daily activities. Moderate supervision means that a developmentally disabled person needs the assistance of other persons with daily activities most of the time. Intensive supervision means that all the personal and physical needs of a developmentally disabled person are provided by other persons. The individual program plan developed pursuant to Section 4646 shall determine the amount of "direct supervision" required for each individual. The cost of "direct supervision" is calculated as the wage costs of care-giving staff depending on the needs of the person with developmental disabilities. These rates shall be adjusted annually to reflect wage changes and shall comply with all federal regulations for hospitals and residential-care establishments under provisions of the Fair Labor Standards Act.

(c) Rates established for all facilities that provide "special services" for persons with developmental disabilities shall include an amount to pay for such "special services" for each person receiving special services. "Special services" include medical and dental care and therapeutic, educational, training, or other services required in the individual program plan of each person. Facilities shall be paid for providing special services for each individual to the extent that such services are specified in the person's individual program plan and the facility is designated provider of such special services. Rates of payment for special services shall be the same as prevailing rates paid for similar services in the area.

(d) To the extent applicable, rates established for facilities shall include a reasonable amount for "unallocated services." Such costs shall be determined using generally accepted accounting principles. "Unallocated services" means the indirect costs of managing a facility and includes costs of managerial personnel, facility operation, maintenance and repair, employee benefits, taxes, interest, insurance, depreciation, and general and administrative support. If a facility serves other persons in addition to developmentally disabled persons, unallocated services expenses shall be reimbursed under the provision of this section, only for the proportion of the costs associated with the care of developmentally disabled persons.

(e) Rates established for facilities shall include an amount to reimburse facilities for the depreciation of "mandated capital improvements and equipment" as established in the state's uniform accounting manual. For purposes of this section, "mandated capital improvements and equipment" are only those remodeling and equipment costs incurred by a facility because an agency of

government has required such remodeling or equipment as a condition for the use of the facility as a provider of out-of-home care to persons with develcpmental disabilities.

(f) When applicable, rates established for proprietary facilities shall include a reasonable "proprietary fee."

(g) Rates established for all facilities shall include as a "factor" an amount to reflect differences in the cost of living for different geographic areas in the state.

SEC. 174. Section 4681.2 is added to the Welfare and Institutions Code, to read:

4681.2. The Legislative Analyst shall conduct a study of the feasibility of establishing an independent rate-setting commission responsible for the establishment of rates and fees for community care facilities as defined in Section 1502 of the Health and Safety Code, and health facilities, as defined in Section 1250 of the Health and Safety Code, for developmentally disabled persons and report thereon to the Legislature no later than March 1, 1978. The study shall evaluate the feasibility of adopting a system similar to the rate-setting system for public utilities in California.

SEC. 175. Section 4825 of the Welfare and Institutions Code is amended to read:

4825. This chapter shall not be construed to terminate any appointment of the State Department of Mental Health as guardian of a developmentally disabled person prior to July 1, 1971.

It is the intent of this section that the Director of Developmental Services be appointed as guardian or conservator of a developmentally disabled person as provided, pursuant to the provisions of Article 7.5 (commencing with Section 416) of Chapter 2 of Part 1 of Division 1 of the Health and Safety Code.

Notwithstanding Section 6000, the admission of an adult developmentally disabled person to a state hospital or private institution shall be upon the application of the person's parent or guardian or conservator in accordance with the provisions of Sections 4563 and 4803. Any person so admitted to a state hospital may leave the state hospital at any time, if such parent, guardian, or conservator gives notice of his desire for the departure of the developmentally disabled person to any member of the hospital staff and completes normal hospitalization departure procedures.

Notwithstanding the provisions of Section 4566, any adult developmentally disabled person who is competent to do so may apply for and receive any services provided by a regional center.

10654. The Division of Vocational Education of the State Department of Education shall have primary responsibility for the education and training of public assistance recipients. The Secretary of the Health and Welfare Agency shall through the Employment Development Department work with the State Department of Education to develop vocational education programs which will meet the particular requirements and needs of recipients of public assistance whenever it is determined that such special programs will substantially improve such recipients' capacity to achieve self-support or self-direction. The Employment Development Department shall determine the kinds, quality, and number of persons requiring such education.

SEC. 179. Section 10655 of the Welfare and Institutions Code is amended to read:

10655. The Employment Development Department shall have primary responsibility for placement and other employment services for public assistance recipients; provided, however, that a county department may refer a public assistance recipient to a private employment agency at the same time the recipient is referred to the Employment Development Department. For the purposes of this section, a county department is authorized to enter into contracts with any private employment agencies under such terms and conditions and for such rates as the county department deems reasonable; provided, that once a public assistance recipient has been placed in employment by such an agency, a county department may not contract again with a private employment agency for placement of that recipient within six months of the original date of placement.

No referral or contract authorized under this section shall result in the recipient's paying any fee, part of wages or other charges to the county department or private employment agency for such services.

SEC. 180. Section 11017.1 of the Welfare and Institutions Code is amended to read:

11017.1. Thereafter subsequent cost-of-living adjustments shall be made to the nearer dollar.

SEC. 181. Section 11170 of the Welfare and Institutions Code is

amended to read:

11170. SEC. 182. Section 14150.5 of the Welfare and Institutions Code is amended to read:

14150.5. (a) Notwithstanding the provisions of Section 14150, commencing with the 1974–75 fiscal year, no county shall be required to pay as the county share toward the cost of care and administration in any fiscal year under Section 14150 an amount which would exceed the amount produced by a property tax rate of sixty cents ($0.60) per one hundred dollars ($100) of modified assessed value of property in the county for the 1974–75 fiscal year and for each subsequent fiscal year. The term "modified assessed value" means the total of (a) the taxable assessed value of state-assessed property and the exempt assessed value of partially or totally exempt state-assessed property on which tax losses are reimbursed by the state and (b) the product of the sum of (1) the taxable assessed value of county-assessed property, (2) the exempt assessed value of partially or totally exempt county-assessed property on which tax losses are reimbursed by the state, and (3) the sum of the assessed valuation equivalents of revenue amounts certified pursuant to Section 27423 of the Government Code and Section 38905 of the Revenue and Taxation Code times the average of the factor certified for the current year under Sections 41200 and 84200 of the Education Code for the local roll of the county with the factors so certified for the two immediately preceding years, such factors being those as corrected pursuant to subdivision (b) of Section 1819 of the Revenue and Taxation Code. The assessed valuation equivalents of Section 27423 of the Government Code and Section 38905 of the Revenue and Taxation Code shall be derived by multiplying such amounts by a factor of 100 and dividing the product by the county's secured tax rate for the prior year.

For purposes of this subdivision commencing with the 1976–77 fiscal year, the term "taxable" assessed value of county-assessed property shall not include any assessed valuation upon which tax receipts are allocated to a redevelopment agency pursuant to Article 6 (commencing with Section 33670) of Chapter 6 of Division 24 of the Health and Safety Code.

Any relief to the county under this section shall be first used to reduce the amount owing by any county of the 15th class to the state under the Medi-Cal program.

(b) For the 1977–78 fiscal year only, the amount determined pursuant to subdivision (a) of this section shall be reduced for each county by the amount by which (1) the sum of the actual amount determined under Section 12400 for the 1976–77 fiscal year plus the

amount determined under Section 14150 for the 1976–77 fiscal year exceeds (2) the sum of the amounts that would have been derived for the 1976–77 fiscal year under Sections 12400 and 14150, if the factor for the base year certified under Sections 41200 and 84200 of the Education Code had been used to determine the base-year modified assessed value, instead of the average of the factor certified for the base year with the factors certified for the two immediately preceding years.

If the amount determined under (2) exceeds the amount determined under (1), then the amount determined pursuant to subdivision (a) shall be used as the basis for determining the amount due from each county.

SEC. 183. Section 15100 of the Welfare and Institutions Code is amended to read:

15100. A revolving fund in the State Treasury is hereby created to be known as the Welfare Advance Fund. All moneys in the fund are appropriated for the purpose of making payments or advances to counties or the Employment Development Department of the state and federal shares of assistance, work incentive or medical care programs or the cost of administration of such programs, and for the payment of refunds.

Payments or advances of funds to counties or the Employment Development Department, which are properly chargeable to appropriations made from other funds in the State Treasury, may be made by Controller's warrant drawn against the Welfare Advance Fund. For every warrant so issued, the several purposes and amounts for which it was drawn shall be identified for the payee.

The amounts to be transferred to the Welfare Advance Fund at any time shall be determined by the department, and, upon order of the Controller, shall be transferred from the funds and appropriations otherwise properly chargeable therewith to the Welfare Advance Fund.

Refunds of amounts disbursed from the Welfare Advance Fund shall, on order of the Controller, be deposited in the Welfare Advance Fund, and, on order of the Controller, shall be transferred therefrom to the funds and appropriations from which such amounts were originally derived. Claims for amounts erroneously paid into the Welfare Advance Fund shall be submitted by the department to the State Controller who, if he approves such claims, shall draw his warrant in payment thereof against the Welfare Advance Fund.

All amounts increasing the cash balance in the Welfare Advance Fund, which were derived from the cancellation of warrants issued therefrom, shall, on order of the Controller, be transferred to and in augmentation of the appropriations from which such amounts were originally derived.

SEC. 184. Section 16115.5 of the Welfare and Institutions Code is amended to read:

16115.5. It is not the intent of Chapter 1724 of the Statutes of 1971 to increase expenditures but to provide for temporary payments to

selected adoptive parents in the same way that such persons would be eligible to receive aid payments if they were to apply for a boarding home license.

SEC. 185. Section 18330 of the Welfare and Institutions Code is amended to read:

18330. In each case where the Director of the State Department of Aging determines that the failure or inability of any contractor adequately to perform the terms of a contract for a nutrition project established pursuant to this chapter requires the suspension, termination or withholding of funding for that project in accordance with applicable law, the State Department of Aging may provide on a purchase-of-service basis the services which otherwise would have been provided by that project for a period not to exceed 60 consecutive days where necessary to avoid interruption of provision of nutrition services to eligible individuals.

SEC. 186. An article heading is added immediately preceding Section 19300 of the Welfare and Institutions Code, to read:

Article 1. General Provisions

SEC. 187. The heading of Article 1 (commencing with Section 19325) of Chapter 4 of Part 2 of Division 10 of the Welfare and Institutions Code is amended and renumbered to read:

Any section of any act enacted by the Legislature during the 1978 portion of the 1977–78 Regular Session, which takes effect on or before January 1, 1979, and which amends, amends and renumbers, adds, or repeals a section amended, amended and renumbered, or repealed by this act, shall prevail over this act, whether such act is enacted prior to subsequent to this act.

CHAPTER 381

An act relating to county service areas, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 1978. Filed with Secretary of State July 11, 1978]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding Sections 54902, 54902.1 and 54903 of the Government Code, any county service area which is formed to provide recreation services, the formation of which is completed by January 12, 1978, shall be effective for assessment and taxation purposes for the 1978–79 fiscal year if the statement and map or plat required by Sections 54900 and 54901 of the Government Code were filed with the State Board of Equalization and each assessor whose roll is used for the levy on or before January 18, 1978.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because this act is in accordance with the request of a local government entity or entities which desired legislative authority to act to carry out the program specified in this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that assessment and taxation of property in county service areas providing recreation services may be accomplished in fiscal year 1978–79 in accordance with county service area boundary changes which have taken place, it is necessary that this act take effect immediately.

CHAPTER 382

An act to add Section 61601.6 to the Government Code, relating to the Baker Community Services District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 1978. Filed with Secretary of State July 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 61601.6 is added to the Government Code, to read:

61601.6. Notwithstanding the provisions of Sections 61600 and 61601, whenever the Board of Directors of the Baker Community Services District determines by resolution that it is feasible, economically sound, and in the public interest for the district to exercise its power for the purpose of constructing, improving, maintaining, and operating television translator facilities and related services, or for the purpose of providing, maintaining, operating, and contracting for emergency medical health care facilities and services, the board shall adopt such additional purpose by resolution

entered in the minutes, and the powers of such district may be exercised therefor; provided, no more than six translators shall be erected by such district and no more than six television channels shall be provided by such district.

If such district adopts as an authorized purpose the providing, maintaining, operating, and contracting for emergency medical health care facilities and services, such district may exercise any of the powers, functions, and duties which are vested in, or imposed upon, a hospital district pursuant to the Local Hospital District Law, Division 23 (commencing with Section 32000) of the Health and Safety Code, insofar as these powers, functions, and duties relate to the provision of emergency medical health care facilities and services.

Such board may thereafter divest such district of the power to provide such facilities and services in the same manner as it may acquire such power.

SEC. 2. The Legislature finds and declares that the Baker Community Services District has a special need for the power to provide television translator services and emergency medical health care facilities and services within the area of the Baker Community Services District. The Legislature further finds and declares that a general law cannot be made applicable to this special situation and it is, therefore, necessary to enact Section 1 of this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act will authorize the Baker Community Services District to provide for much needed continuous emergency medical health care which is not presently available in the area. In order that such care may be provided at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 383

An act to amend Section 2019 of the Code of Civil Procedure, relating to discovery.

[Approved by Governor July 11, 1978. Filed with Secretary of State July 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 2019 of the Code of Civil Procedure is amended to read:

2019. (a) (1) A party desiring to take the deposition of any person upon oral examination shall give notice in writing to every other party to the action. The notice shall state the time and place for

taking the deposition and the name and address of each person to be examined, if known, and, if the name is not known, a general description sufficient to identify him or the particular class or group to which he belongs. Such notice must be at least 10 days, adding also one day for every 300 miles of the distance of the place of examination from the residence of the person to whom the notice is given, except that on motion of any party, with or without notice, and for good cause shown, the court may enlarge or shorten the time, or may stay the taking of the deposition until the hearing and determination of a motion for an order pursuant to subdivision (b) of this section. Service of such notice or motion may be made upon any party or his attorney in the manner provided in Chapter 5 (commencing with Section 1010) of Title 14 of Part 2.

(2) Notwithstanding Section 1989 and the distance provisions specified in paragraph (4) of this subdivision, the deposition, whether of a party or any other person, shall be taken only in the county of residence of the deponent or at a place not more than 75 miles from the residence of the deponent or, if the deponent is a party in the county of place of trial when the place of depostion is less than 150 miles from the residence of the deponent, unless the court, pursuant to paragraph (1) or (2) of subdivision (b) of this section, otherwise orders. If the parties so stipulate in writing, depositions may be taken before any person, at any time or place, upon any notice, and in any manner and when so taken may be used like other depositions.

(3) If an adverse party is in default for not appearing within the time allowed by the law or the court, or if, in a special proceeding, some or all of the parties interested have not appeared, a depostion may be taken without the giving of any notice to the party so in default or not appearing; and in any case on motion of any party, with or without notice, and for good cause shown, the court may authorize the taking of a deposition without the giving of notice to parties who have not been served with summons.

(4) In the case of depositions of a party to the record of any civil action or proceeding or of anyone who at the time of taking the deposition is an officer, director or managing agent of any such party, the service of a subpoena upon any such deponent is not required if proper notice of the taking of such deposition is given to the attorney for such party or to the party, if he has no attorney. In the case of depositions of a person for whose immediate benefit an action or proceeding is prosecuted or defended or of anyone who at the time of taking the deposition is an officer, director, or managing agent of any such person, the service of a subpoena upon any such deponent is not required if proper notice of the taking of such deposition is given to the attorney of the party prosecuting or defending the action or proceeding for the immediate benefit of the deponent or to such party, if he has no attorney. A notice to take the deposition of a person described in this paragraph cannot require the attendance of such person at a place more than 150 miles from the

residence of such person, unless the party desiring to take such deposition first obtains an order pursuant to the provisions of paragraph (2) of subdivision (b) of this section.

(5) In the case of depositions for which the production of books, documents, or other things is required of a party to the record of any civil action or proceeding or person for whose immediate benefit an action or proceeding is prosecuted or defended or anyone who is an officer, director, or managing agent of any such party or person, the service of a subpoena duces tecum and affidavit upon any such person is not required if proper notice is served upon the attorney of such party or person. Such notice shall specify the exact materials or things to be produced.

(6) A party may, in his notice or in a subpoena, name as the deponent a public or private corporation or partnership or association or governmental agency and describe with reasonable particularity the matters on which examination is requested. In that event, the organization so named shall designate one or more officers, directors, or managing agents, or other persons who consent, to testify on its behalf, and may set forth, for each person designated, the matters on which he will testify in accordance with the demand. A subpoena shall advise a non-party organization of its duty to make such a designation. The person so designated shall testify as to matters known or reasonably available to the organization. This subdivision does not preclude taking a deposition by any other procedure authorized by law and does not preclude the party, on such terms as are just, from offering evidence by other witnesses regarding the matters specified in the notice or subpoena.

(b) (1) Upon motion seasonably made by any party or by the person to be examined or notified to produce books, documents, or other things and upon notice, or upon the court's own motion and after giving counsel an opportunity to be heard, and in either case for good cause shown, the court in which the action is pending may make an order that the deposition shall not be taken, or that it may be taken only at some designated time or place other than stated in the notice of taking the deposition, or that the deposition may be taken outside the county of residence and at a place more than 75 miles and less than 150 miles from the residence of the deponent in cases not provided for by paragraph (2) of subdivision (a) of this section, or that it shall not be taken except by allowing written interrogatories by one or more parties, or that certain matters shall not be inquired into, or that the scope of the examination shall be limited to certain matters, books, documents, or other things, or that the examination shall be held with no one present except the parties to the action and their officers or counsel, or that after being sealed the deposition shall be opened only by order of the court, or that secret processes, developments, or research need not be disclosed, or that the parties shall simultaneously file specified documents or information enclosed in sealed envelopes to be opened as directed by the court; or the court may make any other order which justice

requires to protect the party or witness from annoyance, embarrassment, or oppression. In granting or refusing such order the court may impose upon either party or upon the witness the requirement to pay such costs and expenses, including attorney's fees, as the court may deem reasonable.

(2) Notwithstanding Section 1989, the court may, upon motion on 10 days' written notice and for good cause shown, make an order requiring a deponent who is a party to the record of any civil action or proceeding or is a person for whose immediate benefit the action is prosecuted or defended or is at the time of the taking of the deposition an officer, director, or managing agent of any such party or person to attend a deposition at a place more than 150 miles from the residence of such deponent. In granting or refusing such order, the court shall consider whether the moving party selected the forum, whether the deponent will be present at the trial, the convenience of the deponent, the suitability of discovery through a deposition by written interrogatories or other discovery methods, the number of depositions sought under this section, the expense to the parties of requiring the deposition to be taken within 150 miles of the residence of the deponent, the whereabouts of the deponent at the time the deposition is scheduled to be taken, and all other factors tending to show whether or not the interests of justice and the convenience of the parties and witnesses will be served by requiring the deponent to appear for his deposition at a place more than 150 miles from his residence. Such order may provide that the party desiring to take such deposition shall pay the reasonable expenses incurred by the deponent in attending such deposition and that he furnish an undertaking approved by the court to secure such payment and may contain such other terms and conditions as are equitable and just.

(c) The officer before whom the deposition is to be taken shall put the witness on oath and shall personally, or by someone acting under his direction and in his presence, record the testimony of the witness. The testimony shall be taken stenographically and transcribed unless the parties agree otherwise. All objections made at the time of the examination to the qualifications of the officer taking the deposition, or to the manner of taking it, or to the evidence presented, or to the conduct of any party, and any other objection to the proceedings, shall be noted by the officer upon the deposition. Evidence objected to shall be taken subject to the objections. In lieu of participating in the oral examination, parties served with notice of taking a deposition may transmit written interrogatories to the officer, who shall propound them to the witness and record the answers verbatim.

(d) At any time during the taking of the deposition, on motion of any party or of the deponent, or upon the court's own motion and after giving counsel an opportunity to be heard, and in either case upon a showing that the examination is being conducted in bad faith or in such manner as unreasonably to annoy, embarrass, or oppress the deponent or party, the court in which the action is pending or

the superior court in the county where the deposition is being taken may order the officer conducting the examination to cease forthwith from taking the deposition, or may limit the scope and manner of the taking of the deposition as provided in subdivision (b) of this section. If the order made terminates the examination, it shall be resumed thereafter only upon the order of the court in which the action is pending. Upon demand of the objecting party or deponent, the taking of the deposition shall be suspended for the time necessary to make a motion for an order. In granting or refusing such order the court may impose upon either party or upon the witness the requirement to pay such costs or expenses, including attorney's fees, as the court may deem reasonable.

(e) Unless the parties agree on the record to another procedure for reading, correcting, and signing the original of the deposition, when the testimony is fully transcribed the officer shall notify the deponent and counsel in writing that the original of the deposition is available for reading, correcting, and signing at the office of the officer, and shall remain so available during business hours of business days for a period of 30 calendar days following such notification. The examination and reading of the transcribed testimony may be waived by the witness and by the parties. Any changes in form or substance which the witness desires to make shall be entered upon the deposition. The deponent may correct or approve or refuse to approve the deposition for a period of 30 days following the notification prescribed in this subdivision by means of a letter addressed and mailed or delivered to the transcribing officer indicating any changes to be made, approval, or refusal to approve the deposition. Such changes, approval, or refusal to approve the deposition, when made by letter, shall be equivalent to personal changes, approval, or refusal to approve the deposition.

If the deponent fails to appear at the office of the officer or notify him by letter as provided in this subdivision within such 30-day period, or if the witness so appears or sends such letter but refuses to approve or sign the deposition, the officer shall indicate on the original the fact that the deponent failed to appear, or the fact that the deponent refused to sign together with any reason given therefor, and file it with the court. Thereafter the deposition shall have the same force and effect as though it had been read, corrected and signed by the deponent, unless on a motion to suppress under subdivision (d) of Section 2021 the court holds that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.

(f) (1) The officer shall certify on the deposition that the witness was duly sworn by him and that the deposition is a true record of the testimony given by the witness. He shall then securely seal the deposition in an envelope endorsed with the title of the action and marked "Deposition of (here insert name of witness)" and shall promptly file it with the court in which the action is pending or send it by registered mail to the clerk thereof for filing.

(2) Upon payment of reasonable charges therefor, the officer shall furnish a copy of the deposition to any party or to the deponent.

(3) The party taking the deposition shall give prompt notice of its filing to all other parties.

(g) (1) If the party giving the notice of the taking of a deposition fails to attend and proceed therewith and another party attends in person or by attorney pursuant to the notice, the court may order the party giving the notice to pay such other party the amount of the reasonable expenses incurred by him and his attorney in so attending, including reasonable attorney's fees.

(2) If the party giving the notice of the taking of a deposition of a witness fails to serve a subpoena upon him and the witness because of such failure does not attend, and if another party attends in person or by attorney because he expects the deposition of that witness to be taken, the court may order the party giving the notice to pay to such other party the amount of the reasonable expenses incurred by him and his attorney in so attending, including reasonable attorney's fees.

The people of the State of California do enact as follows:

SECTION 1. Section 7501 of the Government Code is amended to read:

7501. It is the intent and purpose of the Legislature, in enacting Sections 7502, 7503, and 7504, to safeguard the solvency of all public retirement systems and funds. The Legislature finds and declares that public agencies maintaining retirement systems can benefit from periodic and independent analysis of their financial condition. It is the purpose of those sections to enable the State Controller to gather information to compare and evaluate the financial condition of such systems and to make such comparisons and evaluations.

SEC. 2. Section 7502 of the Government Code is amended to read:

7502. The State Controller shall review the annual financial report of each state and local public retirement system submitted pursuant to Section 7504 giving particular consideration to the adequacy of funding of each system. The State Controller shall also review the triennial valuation of each public retirement system submitted pursuant to Section 7504 and shall give particular consideration to the assumption concerning the inflation element in salary and wage increases, mortality, service retirement rates, withdrawal rates, disability retirement rates, and rate of return on total assets.

The State Controller shall establish an advisory committee which shall include enrolled actuaries, as defined in Section 7504, and state and local public retirement system administrators, to assist in

carrying out the duties imposed by this section.

SEC. 3. Section 7503 of the Government Code is amended to read:

7503. All state and local public retirement systems shall prepare an annual report in accordance with generally accepted accounting principles.

SEC. 4. Section 7504 of the Government Code is amended to read:

7504. (a) All state and local public retirement systems shall, not less than triennially, secure the services of an enrolled actuary. An enrolled actuary, for the purposes of this section, means an actuary enrolled under subtitle C of Title III of the Employee Retirement Income Security Act of 1974 and who has demonstrated experience in public retirement systems. The actuary shall perform a valuation of the system utilizing actuarial assumptions and techniques established by the agency which are, in the aggregate, reasonably related to the experience and the actuaries' best estimate of anticipated experience under the system.

(b) All state and local public retirement systems shall secure the services of a qualified public accountant to perform an attest audit of the system's financial statements. A qualified public accountant means:

(1) A person who is licensed to practice as a certified public accountant in this state by the State Board of Accountancy, or

(2) A person who is registered and entitled to practice as a public accountant in this state by the State Board of Accountancy, or

(3) A county auditor in any county subject to the County Employees Retirement Law of 1937.

(c) All state and local public retirement systems shall submit audited financial statements to the State Controller within six months of the close of each fiscal year. However, the Controller may delay the filing date for reports due in the first year until such time as report forms have been developed which in his judgment will satisfy the requirements of this section. The financial statements shall be prepared in accordance with generally accepted accounting principles in the form and manner prescribed by the State Controller. The penalty prescribed in Section 53895 shall be invoked for failure to comply with this section. Upon a satisfactory showing of good cause, the State Controller may waive the penalty for late filing provided by this subdivision.

(d) The State Controller shall compile and publish a report annually on the financial condition of all state and local public retirement systems containing, but not limited to, the data required in Section 7502.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that this act may become operative prior to the date that

retirement system reports are due to the Controller, it is necessary that this act take immediate effect.

CHAPTER 389

An act to amend Sections 104.6, 104.10, and 104.13 of the Streets and Highways Code, relating to state highways, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 1978. Filed with Secretary of State July 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 104.6 of the Streets and Highways Code is amended to read:

104.6. The authority conferred by this code to acquire real property for state highway purposes includes authority to acquire for future needs. Structures maintained or allowed to remain on property which has been acquired, or is acquired in the future, for future highway needs shall be maintained in conformance with standards established in the building and safety ordinances of the city or county having jurisdiction. The standards to which such structure shall be made to conform are those standards, except for such variances as may be applicable to the structure when acquired, of the city or county having jurisdiction which are in effect at the time of acquisition by the department.

The department is authorized to lease any lands which are held for state highway purposes and are not presently needed therefor on such terms and conditions as the director may fix and to maintain and care for such property in order to secure rent therefrom. Except for any rent required under the California Toll Bridge Authority Act (Chapter 1 (commencing with Section 30000) of Division 17), or any bond indenture executed under that act, to be deposited in some other fund, all such rent shall be deposited to the credit of the State Highway Account in the State Transportation Fund. Twenty-four percent of such rent in the State Highway Account shall be allocated pursuant to Section 104.10.

Whenever it is determined by the department that any rental revenue collected under this section represents overpayment or payment in duplicate, the department may make refund of such overpayment or payment in duplicate from the State Highway Account.

Any reference in any law or regulation to the Highway Properties Rental Fund or to the Highway Properties Rental Account in the Transportation Tax Fund shall be deemed to refer to the State Highway Account.

SEC. 2. Section 104.10 of the Streets and Highways Code is

amended to read:

104.10. The Department of Transportation shall, not later than the first day of November following the close of any fiscal year, pay the rents computed pursuant to Section 104.6 to the county in which such real property is situated. The Department of Transportation shall certify to the Department of Finance the amount of such rentals attributable to each county and shall notify each county of the rental and location of each piece of rental property for which rents are deposited in the State Highway Account in the State Transportation Fund.

The county auditor shall distribute any payment received by the county pursuant to this section, to the county, to each revenue district for which the county assesses and collects real property taxes or assessments, and to every other taxing agency within the county in which the property is situated in the amount as determined by the board of supervisors, except that one-half of the allocation for a rental property shall be allocated to the city in which the rental property is located.

As used in this section, the terms "taxing agency" and "revenue district" have the same meanings given them in the Revenue and Taxation Code.

The money received by the respective jurisdictions under this section shall be expended only for purposes authorized by Article XIX of the California Constitution.

SEC. 3. Section 104.13 of the Streets and Highways Code is amended to read:

104.13. (a) Any person leasing real property from the department may, in any year, apply to the department for a credit against future rental payments on the property, or for a refund from the State Highway Account in the State Transportation Fund if the person is no longer leasing the property, upon submission of evidence to the department that the person had paid the tax imposed for that year for the person's possessory interest in the property.

(b) The credit or the refund, as the case may be, shall be deducted from the payments made pursuant to Section 104.10 to the county in which the property is located.

(c) The department shall report the amount of credit and refund granted pursuant to subdivision (a) in each county during the prior fiscal year to the Department of Finance by October 1.

(d) The credit and refund authorized shall be applicable to all taxes paid on or after January 1, 1975, for the possessory interest in real property leased by the department.

(e) This section shall apply only to real property held for future state highway needs and to real property originally held for that purpose, which the department has determined is no longer needed therefor, prior to its sale or exchange by the department.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into

immediate effect. The facts constituting such necessity are:

The Superior Court for the County of Alameda, in June 1977, ruled that Section 104.10 of the Streets and Highways Code is unconstitutional in authorizing allocations, from the Highway Properties Rental Account in the Transportation Tax Fund, to local entities to be expended for purposes not authorized by Article XIX of the California Constitution.

In order to conform to that decision and to continue without delay the allocation of 24 percent of the state highway property rental income to the counties, it is necessary that this act take effect immediately.

CHAPTER 390

An act to amend Section 1788.12 of the Civil Code, relating to debt collection, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 1978. Filed with Secretary of State July 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 1788.12 of the Civil Code is amended to read:

1788.12. No debt collector shall collect or attempt to collect a consumer debt by means of the following practices:

(a) Communicating with the debtor's employer regarding the debtor's consumer debt unless such a communication is necessary to the collection of the debt, or unless the debtor or his attorney has consented in writing to such communication. A communication is necessary to the collection of the debt only if it is made for the purposes of verifying the debtor's employment, locating the debtor, or effecting garnishment, after judgment, of the debtor's wages, or in the case of a medical debt for the purpose of discovering the existence of medical insurance. Any such communication, other than a communication in the case of a medical debt by a health care provider or its agent for the purpose of discovering the existence of medical insurance, shall be in writing unless such written communication receives no response within 15 days and shall be made only as many times as is necessary to the collection of the debt. Communications to a debtor's employer regarding a debt shall not contain language that would be improper if the communication were made to the debtor. One communication solely for the purpose of verifying the debtor's employment may be oral without prior written contact.

(b) Communicating information regarding a consumer debt to any member of the debtor's family, other than the debtor's spouse

or the parents or guardians of the debtor who is either a minor or who resides in the same household with such parent or guardian, prior to obtaining a judgment against the debtor, except where the purpose of the communication is to locate the debtor, or where the debtor or his attorney has consented in writing to such communication;

(c) Communicating to any person any list of debtors which discloses the nature or existence of a consumer debt, commonly known as "deadbeat lists", or advertising any consumer debt for sale, by naming the debtor; or

(d) Communicating with the debtor by means of a written communication that displays or conveys any information about the consumer debt or the debtor other than the name, address and telephone number of the debtor and the debt collector and which is intended both to be seen by any other person and also to embarrass the debtor.

(e) Notwithstanding the foregoing provisions of this section, the disclosure, publication or communication by a debt collector of information relating to a consumer debt or the debtor to a consumer reporting agency or to any other person reasonably believed to have a legitimate business need for such information shall not be deemed to violate this title.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The present language in Section 1788.12 is creating an unintended problem for hospitals in receiving information on patient medical insurance for the purpose of billing.

CHAPTER 391

An act to amend Section 232 of the Civil Code, Section 1027 of the Penal Code, and Sections 5251, 5261, and 6307 of the Welfare and Institutions Code, relating to psychologists.

[Approved by Governor July 11, 1978. Filed with Secretary of State July 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 232 of the Civil Code is amended to read:

232. (a) An action may be brought for the purpose of having any person under the age of 18 years declared free from the custody and control of either or both of his parents when such person comes within any of the following descriptions:

(1) Who has been left without provision for his identification by his parent or parents or by others or has been left by both of his

parents or his sole parent in the care and custody of another for a period of six months or by one parent in the care and custody of the other parent for a period of one year without any provision for his support, or without communication from such parent or parents, with the intent on the part of such parent or parents to abandon such person. Such failure to provide identification, failure to provide, or failure to communicate shall be presumptive evidence of the intent to abandon. Such person shall be deemed and called a person abandoned by the parent or parents abandoning him. If in the opinion of the court the evidence indicates that such parent or parents have made only token efforts to support or communicate with the child, the court may declare the child abandoned by such parent or parents. In those cases in which the child has been left without provision for his identification and the whereabouts of the parents are unknown, a petition may be filed after the 120th day following the discovery of the child and citation by publication may be commenced. The petition may not be heard until after the 180th day following the discovery of the child.

The fact that a child is in a foster care home, licensed under subdivision (a) of Section 16000 of the Welfare and Institutions Code, shall not prevent a licensed adoption agency which is planning adoption placement for the child, from instituting, under this subdivision, an action to declare such child free from the custody and control of his parents. When the requesting agency is a licensed county adoption agency, the county counsel and if there is no county counsel, the district attorney shall institute such action.

(2) Who has been cruelly treated or neglected by either or both of his parents, if such person has been a dependent child of the juvenile court, and such parent or parents deprived of his custody for the period of one year prior to the filing of a petition praying that he be declared free from the custody and control of such cruel or neglectful parent or parents.

(3) Whose parent or parents suffer a disability because of the habitual use of alcohol, or any of the controlled substances specified in Schedules I to V, inclusive, of Division 10 (commencing with Section 11000) of the Health and Safety Code, except when such controlled substances are used as part of a medically prescribed plan, or are morally depraved, if such person has been a dependent child of the juvenile court, and the parent or parents deprived of his custody because of such disability, or moral depravity, for the period of one year continuously immediately prior to the filing of the petition praying that he be declared free from the custody and control of such parent or parents. As used in this subdivision, "disability" means any physical or mental incapacity which renders the parent or parents unable to adequately care for and control the child.

(4) Whose parent or parents are convicted of a felony, if the facts of the crime of which such parent or parents were convicted are of such nature as to prove the unfitness of such parent or parents to

have the future custody and control of the child.

(5) Whose parent or parents have been declared by a court of competent jurisdiction wherever situated to be mentally deficient or mentally ill, if, in the state or country in which the parent or parents are hospitalized or resident, the Director of Mental Health or the Director of Developmental Services, or his equivalent, if any, and the superintendent of the hospital of which, if any, such parent or parents are inmates or patients certify that such parent or parents so declared to be mentally deficient or mentally ill will not be capable of supporting or controlling the child in a proper manner.

(6) Whose parent or parents are, and will remain incapable of supporting or controlling the child in a proper manner because of mental deficiency or mental illness, if there is testimony to this effect from two physicians and surgeons who must have been certified either by the American Board of Psychiatry and Neurology or under Section 6750 of the Welfare and Institutions Code or licensed psychologists who have a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders. If, however, the parent or parents reside in another state or in a foreign country, the testimony herein may be supplied by two physicians and surgeons who are residents of such state or foreign country, if such physicians and surgeons have been certified by a medical organization or society of that state or foreign country to practice psychiatric or neurological medicine and if the court determines that the certification requirements of such organization or society are comparable to those of the American Board of Psychiatry and Neurology.

The parent or parents shall be cited to be present at the hearing, and if he or they have no attorney, the court shall appoint an attorney or attorneys to represent the parent or parents and fix the compensation to be paid by the county for such services, if he determines the parent or parents are not financially able to employ counsel.

(7) Who has been cared for in one or more foster homes under the supervision of the juvenile court, the county welfare department or other public or private licensed child-placing agency for two or more consecutive years, providing that the court finds beyond reasonable doubt that return of the child to his parent or parents would be detrimental to the child and that the parent or parents have failed during such period, and are likely to fail in the future, to

(i) Provide a home for said child;

(ii) Provide care and control for the child; and

(iii) Maintain an adequate parental relationship with the child.

Physical custody of the child by the parent or parents for insubstantial periods of time during the required two-year period will not serve to interrupt the running of such period.

(b) A licensed adoption agency may institute under this section, an action to declare a child, as described in this section, free from the custody and control of his parents. When the requesting agency is a

licensed county adoption agency, the county counsel, or if there is no county counsel, the district attorney shall in a proper case institute such action.

SEC. 2. Section 1027 of the Penal Code is amended to read:

1027. When a defendant pleads not guilty by reason of insanity the court must select and appoint two, and may select and appoint three, psychiatrists, or licensed psychologists who have a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders, to examine the defendant and investigate his sanity. It is the duty of the psychiatrists or psychologists so selected and appointed to examine the defendant and investigate his sanity, and to testify, whenever summoned, in any proceeding in which the sanity of the defendant is in question. The psychiatrists or psychologists so appointed by the court shall be allowed, in addition to their actual traveling expenses, such fees as in the discretion of the court seems just and reasonable, having regard to the services rendered by the witnesses. The fees allowed shall be paid by the county where the indictment was found or in which the defendant was held for trial.

Nothing contained in this section shall be deemed or construed to prevent any party to any criminal action from producing any other expert evidence as to the sanity of the defendant; where expert witnesses are called by the district attorney in such action, they shall only be entitled to such witness fees as may be allowed by the court.

Any psychiatrist or psychologist so appointed by the court may be called by either party to the action or by the court itself and when so called shall be subject to all legal objections as to competency and bias and as to qualifications as an expert. When called by the court, or by either party, to the action, the court may examine the psychiatrist, or psychologist as deemed necessary, but either party shall have the same right to object to the questions asked by the court and the evidence adduced as though the psychiatrist or psychologist were a witness for the adverse party. When the psychiatrist or psychologist is called and examined by the court the parties may cross-examine him in the order directed by the court. When called by either party to the action the adverse party may examine him the same as in the case of any other witness called by such party.

SEC. 3. Section 5251 of the Welfare and Institutions Code is amended to read:

5251. For a person to be certified under this article, a notice of certification shall be signed by two people. The first person shall be the professional person, or his designee, in charge of the agency or facility providing evaluation services. A designee of the professional person in charge of the agency or facility shall be a physician or a licensed psychologist who has a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders.

The second person shall be a physician or psychologist who

participated in the evaluation. The physician shall be, if possible, a board-qualified psychiatrist. The psychologist shall be licensed and have at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders.

If the professional person in charge, or his designee, is the physician who performed the medical evaluation or a psychologist, the second person to sign may be another physician or psychologist unless one is not available, in which case a social worker or a registered nurse who participated in the evaluation shall sign the notice of certification.

SEC. 4. Section 5261 of the Welfare and Institutions Code is amended to read:

5261. For a person to be certified under this article, a second notice of certification must be signed by the professional person in charge of the facility providing 14-day intensive treatment under Article 4 (commencing with Section 5250) to the person and by a physician, if possible a board-qualified psychiatrist or a licensed psychologist who has a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders. The physician or psychologist who signs shall have participated in the evaluation and finding referred to in subdivision (a) of Section 5260.

If the professional person in charge is the physician who performed the medical evaluation and finding or a psychologist, the second person to sign may be another physician or psychologist unless one is not available, in which case a social worker or a registered nurse who participated in such evaluation and finding shall sign the notice of certification.

SEC. 3. Section 6307 of the Welfare and Institutions Code is amended to read:

6307. The judge shall appoint not less than two nor more than three certified clinical psychologists, each of whom shall have a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis of emotional and mental disorders, or psychiatrists, each of whom shall be a holder of a valid and unrevoked physician's and surgeon's certificate and have directed his professional practice primarily to the diagnosis and treatment of mental and nervous disorders for a period of not less than five years to make a personal examination of the alleged mentally disordered sex offender, directed toward ascertaining whether the person is a mentally disordered sex offender.

If the proposed commitment is contested by either the defendant or the people, one of the clinical psychologists or phychiatrists so appointed may be designated by the defendant, and one by the people.

CHAPTER 392

An act to amend Section 6926 of the Business and Professions Code, relating to collection agencies.

[Approved by Governor July 11, 1978. Filed with Secretary of State July 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 6926 of the Business and Professions Code is amended to read:

6926. The assignment by a customer to a licensee of an account for collection creates a fiduciary relationship between the customer and the licensee. Such relationship imposes upon every licensee and employee a fiduciary duty to the customer the same as that imposed upon a trustee.

In carrying out the purpose of such fiduciary relationship every licensee or employee is bound to act in the highest good faith toward his beneficiary and every licensee or employee shall not:

(a) Obtain any advantage over the beneficiary by the slightest misrepresentation, concealment, threat, or adverse pressure of any kind.

(b) Use or deal with the trust property for his own profit, other than normal interest paid by a bank, or for any other purpose unconnected with the trust, in any manner. The licensee shall pay to the customer the bank interest earned on any funds held by the licensee for more than 30 days which accrues after the 30th day.

(c) Use the influence which his position gives him to obtain any advantage from his beneficiary.

(d) Willfully mingle the trust property with his own so as to constitute himself in appearance its absolute owner.

All transactions between a licensee or employee and the beneficiary during the existence of the trust, or while the influence acquired by the trustee remains, by which he obtains any advantage from his beneficiary, are presumed to be entered into by the latter without sufficient consideration, and under undue influence.

Any licensee or employee who uses or disposes of the trust property contrary to the provisions of this chapter or the administrative rules established thereunder may at the option of the beneficiary be required to account for all profits so made, or to pay the value of its use, and if he has disposed thereof to replace it, with its fruits, or to account for its proceeds, with interest.

A violation of any of the above provisions by a licensee or employee constitutes grounds for the institution of disciplinary proceedings and revocation of a license or other disciplinary action.

CHAPTER 393

An act to amend Sections 1136, 1163, and 1190 of, and to add Section 1211 to, the Harbors and Navigation Code, relating to pilots for San Francisco, San Pablo, and Suisun Bays.

[Approved by Governor July 11, 1978. Filed with Secretary of State July 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 1136 of the Harbors and Navigation Code is amended to read:

1136. (a) Every pilot licensed pursuant to the terms of this division shall take an oath of office in the manner prescribed by law and shall, once each month, on forms furnished by the board, render a verified account to the board of all moneys received by him as a result of pilotage services, or by any other person for him, or on his account; and he shall pay to the board, exclusive of the amounts received that are attributable to the increase in pilotage rates and the minimum charge for bar pilotage made by the amendments of Section 1190 enacted at the 1975–76 Regular Session of the Legislature and the 1977–1978 Regular Session of the Legislature, 5 percent of all bar pilotage fees, or such lesser percentage as is established by the board, with the approval of the Department of Finance, in full compensation of the board for its official services, for the services of its secretary and treasurer, and for all its incidental expenses.

(b) It is the intent of the Legislature that moneys received that are attributable to the increase in pilotage rates and the minimum charge for bar pilotage made by the amendments of Section 1190 enacted at the 1975–76 Regular Session of the Legislature and the 1977–1978 Regular Session of the Legislature be used for increased operating and boatbuilding expenses incurred by pilots. It is further the intent of the Legislature that an accounting of such moneys shall be made by every pilot, at no cost to the state, to the board, or to any interested party, upon request.

SEC. 2. Section 1163 of the Harbors and Navigation Code is amended to read:

1163. (a) (1) Each retired or disabled pilot shall receive, as a monthly pension, that amount which is forty-five dollars ($45) multiplied by the number of full years of service he performed as a pilot licensed under this division.

(2) A pilot who retires or becomes disabled shall not begin to receive a pension until the benefit year next following the date on which he retires or becomes disabled.

(3) No retired pilot shall receive benefits pursuant to the pension plan in any benefit year unless his resignation as an active pilot was submitted, in writing, to the Board of Pilot Commissioners, prior to

December of the immediately preceding calendar year. His resignation shall become effective no later than the last day of the month preceding the start of such benefit year.

(4) If a retired or disabled pilot who is receiving a pension dies without a wife surviving him, his successor in interest shall receive the proceeds of the pension for the remainder of the benefit year, after which time it shall cease.

(b) (1) The widow of a deceased pilot who would be eligible for a pension pursuant to subdivision (c) of Section 1164 shall receive, as a monthly pension, that amount which is twenty dollars ($20) multiplied by the number of full years of service her deceased husband performed as a pilot licensed under this division.

(2) If a retired or disabled pilot receiving a pension dies, his widow shall continue to receive the full pension to which her deceased husband was entitled for the balance of the benefit year, after which she shall receive the amount specified in paragraph (1) of this subdivision.

(3) When a widow receiving a pension dies, her successor in interest shall receive the proceeds of the pension for the remainder of the benefit year, after which time it shall cease.

(c) For the purposes of the computations described in paragraph (1) of subdivision (a) of this subdivision, six months or more of service by a pilot shall be considered a full year.

SEC. 3. Section 1190 of the Harbors and Navigation Code is amended to read:

1190. Every vessel spoken inward or outward bound, shall pay the following rate of bar pilotage through the Golden Gate and into or out of the Bays of San Francisco, San Pablo, and Suisun:

(a) Seven dollars and thirty-five cents ($7.35) per draft foot of the vessel's deepest draft and fractions of a foot pro rata, and an additional charge of 14.75 mills ($0.01475) per high gross registered ton.

(b) A minimum charge for bar pilotage shall be three hundred dollars ($300) for each vessel piloted.

(c) The vessel's deepest draft shall be the maximum draft attained, on a still water basis, at any part of the vessel during the course of such transit inward or outward.

SEC. 4. Section 1211 is added to the Harbors and Navigation Code, to read:

1211. It is the intent of the Legislature that the adjustments in pilotage rates previously granted in order to pay for the most recently acquired pilot vessel shall be reexamined when such vessel has been fully amortized.

CHAPTER 394

An act to amend Sections 661, 2070, 2071, 2072, 2073, 2093, and 2094 of, to add and repeal Section 1237 to, and to repeal Section 622 of, the Financial Code, relating to banks, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 1978. Filed with Secretary of State July 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 622 of the Financial Code is repealed.

SEC. 1.5. Section 661 of the Financial Code is amended to read:

661. Whenever it appears that the capital of a bank or trust company is impaired or reduced below the amount required by law, the superintendent shall order the bank to restore its capital within 60 days of the date of his order. The directors of the bank or trust company to which the order is issued, unless the capital is otherwise restored, shall levy and collect an assessment upon its common shares pursuant to Chapter 3 (commencing with Section 2700) of Part 5 of Division 1 of Title 1 of the Corporations Code as in effect December 31, 1976. The common shares of every corporation doing a banking business in this state are subject to such assessment, whether or not the fact that the shares are subject to such assessment is noted on the face of the certificates representing such shares, and if the shares are subject to assessment only upon order of the superintendent as provided in this section no statement of that fact need be noted on the certificates.

SEC. 2. Section 1237 is added to the Financial Code, to read:

1237. (a) Notwithstanding anything provided to the contrary in this division, the superintendent is empowered to prescribe such rules and regulations as will permit a bank, upon the security of residential property, to make loans and advance credit thereon, upon the execution by the borrower of mortgage payment instruments not authorized under the existing law, provided such instruments have prior approval of the superintendent, and the aggregate at any one time of the outstanding loans by a bank evidenced by such mortgage payment instruments, does not exceed 10 percent of the bank's assets.

(b) The rules and regulations of the superintendent shall be designed to permit limited experimentation to furnish valuable experience and information to the superintendent, the banking industry, and to the public relating to the substance of any permanent regulations or laws which may be forthcoming and to permit banks to operate selected pilot projects on a limited basis. The pilot projects and effective period of the regulations shall not exceed four years from the date of the issuance of such regulations and shall place a high priority on the protection for the consumer and

encouraging integration and home ownership of those persons who have previously been excluded from or failed to avail themselves of home ownership. Such regulations, among other things, shall contain provisions relating to the various types of instruments for experimentation, which shall be limited to forms of graduated payment mortgages, reverse annuity mortgages, flexible payment and flexible rate mortgages and combinations of such mortgages, with the further provision that such alternative mortgage instruments shall be limited in number, simple and comprehensible, and provide adequate opportunities and protections to those persons and classes of persons who have previously not been able to participate in home ownership. The regulations shall also contain a provision requiring that full disclosure be made to potential applicants, among other things, of, the nature and effect of the alternative mortgage payment instrument, the payment due each month of the payment term, and all costs or savings attributed to the alternative mortgage instrument.

(c) A bank offering any loan authorized by this section shall also offer any borrower who qualifies for its standard mortgage loan a choice of a standard mortgage loan at current market terms. A standard mortgage loan means a standard fixed-rate, level-payment mortgage loan.

(d) A report shall be submitted by the superintendent to the Legislature annually on the 15th day of February of each year commencing the second year following the effective date of this legislation, and the report shall include the numbers and types of such mortgage instruments, and the impact of such instruments on minorities, women, young families, low- and middle-income families, and elderly persons.

SEC. 3. Section 2070 of the Financial Code is amended to read:

2070. Any two or more banks and trust companies organized under the laws of this state may be merged into one of such constituent banks or trust companies upon compliance with the provisions of this article and upon compliance with the provisions of Part 8 (commencing with Section 3600) of Division 1 of Title 1 of the Corporations Code, as in effect December 31, 1976, provided that in the case of a merger the provisions of Article 2 (commencing with Section 4300) of Chapter 3, Part 8, Division 1, Title 1 of the Corporations Code as in effect December 31, 1976, shall apply only to shareholders and shares owned by them in the bank or trust company being merged into a surviving bank or trust company. SEC. 5. Section 2072 of the Financial Code is amended to read:

SEC. 7. Section 2093 of the Financial Code is amended to read:

2093. Nothing in this division restricts one or more national banking associations from merging into or consolidating with one or more banks organized under the laws of this state. For the purpose of effecting any such merger or consolidation a national banking association shall be deemed a "foreign corporation" as that term is used in Chapter 3 (commencing with Section 4100), Part 8, Division 1, Title 1 of the Corporations Code as in effect December 31, 1976, and the laws of Congress shall be deemed the "laws of the state" in

which a national banking association is formed. If the surviving or consolidated bank or trust company is a bank or trust company organized under the laws of this state, the provisions of Part 8 (commencing with Section 3600) of Division 1, Title 1 of the Corporations Code, as in effect December 31, 1976, shall apply; provided, that in the case of a merger the provisions of Article 2 (commencing with Section 4300) of Chapter 3, Part 8, Division 1, Title 1 of the Corporations Code, as in effect December 31, 1976, shall apply only to shareholders and shares owned by them in the bank or trust company being merged into a surviving bank or trust company.

SEC. 9. When the Legislature, by Section 30.5 of Chapter 235 of the Statutes of 1977, postponed from January 1, 1978, to January 1, 1979, the date on which the General Corporation Law would become applicable to banks (as defined in Section 102 of the Financial Code) and provided that banks would until January 1, 1979, continue to be subject to the General Corporation Law as in effect on December 31, 1976, the Legislature intended also that the effective date of Sections 42.1 to 42.7, inclusive, of Chapter 641 of the Statutes of 1976 be postponed from January 1, 1978, to January 1, 1979; and, from the enactment of Chapter 641 of the Statutes of 1976 to the present time, it has been the continuous intent of the Legislature that the provisions of Sections 661, 2070, 2071, 2072, 2073, 2093, and 2094 of the Financial Code remain in effect as such provisions were in effect on December 31, 1976.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

With regard to Section 1 of this act, the 6-percent limitation to

dividends on preferred stock is an obsolete and archaic prohibition which seriously impairs state-chartered banks from competing in the marketplace for additional capital. In order that state-chartered banks may raise needed capital, it is necessary for this act to take effect immediately.

With regard to Sections 1.5, 3, 4, 5, 6, 7, 8, and 9 of this act, confusion regarding the effects of Sections 42.1 to 42.7, inclusive, of Chapter 641 of the Statutes of 1976, may impair banks in assessing their common shares and in merging or consolidating with other banks. In order that such confusion be resolved, it is necessary for this act to take effect immediately.

With regard to Section 2 of this act, Chapter 968 of the Statutes of 1977 authorized the Savings and Loan Commissioner to adopt regulations permitting savings and loan associations to make loans upon the security of residential property which are not otherwise authorized under existing law. This act would extend similar authority to the Superintendent of Banks to adopt regulations permitting banks to make such loans. The Savings and Loan Commissioner's regulations have already become effective and, in order to avoid placing banks at a competitive disadvantage, it is necessary for this act to take effect immediately.

CHAPTER 395

The people of the State of California do enact as follows:

SECTION 1. Section 904.1 of the Code of Civil Procedure is amended to read:

904.1. An appeal may be taken from a superior court in the following cases:

(a) From a judgment, except (1) an interlocutory judgment, other than as provided in subdivisions (h), (i) and (j), (2) a judgment of contempt which is made final and conclusive by Section 1222, or (3) a judgment on appeal from a municipal court or a justice court or a small claims court.

(b) From an order made after a judgment made appealable by subdivision (a).

(c) From an order granting a motion to quash service of summons or granting a motion to stay or dismiss the action on the ground of inconvenient forum.

(d) From an order granting a new trial or denying a motion for

judgment notwithstanding the verdict.

(e) From an order discharging or refusing to discharge an attachment.

(f) From an order granting or dissolving an injunction, or refusing to grant or dissolve an injunction.

(g) From an order appointing a receiver.

(h) From an interlocutory judgment, order, or decree, hereafter made or entered in an action to redeem real or personal property from a mortgage thereof, or a lien thereon, determining such right to redeem and directing an accounting.

(i) From an interlocutory judgment in an action for partition determining the rights and interests of the respective parties and directing partition to be made.

(j) From an interlocutory judgment of dissolution of marriage, including the provisions thereof determining the separate, community, or quasi-community character of the parties' properties, regardless of whether the court in such judgment has reserved jurisdiction pursuant to Section 4800 of the Civil Code to value or divide all or a portion of the community or quasi-community property.

(k) From an order or decree made appealable by the provisions of the Probate Code.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to clarify the existing confusion as to whether there is a right to appeal from interlocutory judgments of dissolution in the instances specified by this act, it is necessary that it take effect immediately.

CHAPTER 396

An act to add Section 789.16 to the Civil Code, relating to mobilehome parks.

The people of the State of California do enact as follows:

SECTION 1. Section 789.16 is added to the Civil Code, to read:

789.16. (a) Except as provided in subdivision (b), and notwithstanding any other provision of law to the contrary, the ownership or management of a park, subdivision, cooperative, or condominium for mobilehomes shall have no right of entry to a mobilehome without the prior written consent of the occupant. Such consent may be revoked in writing by the occupant at any time. The

(b) The ownership or management of a park, subdivision, cooperative, or condominium for mobilehomes may enter a mobilehome without the prior written consent of the occupant in case of an emergency or when the occupant has abandoned the mobilehome.

(c) Benefits specified by subdivision (a) of this section based on service performed in the employ of a nonprofit organization, or of any public entity as defined by Section 605, with respect to service in any other capacity than specified in subdivision (b) for an educational institution (other than an institution of higher education) shall not be payable to any individual with respect to any week which commences during a period between two successive academic years or terms if such individual performs such service in the first of such academic years or terms and there is a reasonable assurance that such individual will perform such service in the second of such academic years or terms.

(b) Except as otherwise provided in this section, each individual eligible under this chapter who is "unemployed" in any week shall be paid with respect to that week a weekly shared work unemployment compensation benefit amount equal to the percentage of reduction of the individual's wages resulting from reduced hours or days of work, rounded to the nearest 10 percent, multiplied by the individual's weekly benefit amount, except that this provision shall apply only if the percentage of reduction is ten percent (10%) or more.

SEC. 9. Section 3504 of the Unemployment Insurance Code is amended to read:

3504. The director shall during the week immediately preceding each calendar week compute the extension ratio for that calendar week. The computation shall be a public record.

SEC. 10. Any right or cause of action founded upon any provision of law amended by this act as the provision existed prior to such amendment shall not be abolished or impaired by this act.

SEC. 11. The amendment made to Section 1253.3 of the Unemployment Insurance Code by Section 5 of this act does not constitute a change in, but is declaratory of, the existing law.

SEC. 12. The amendments made to Sections 135 and 605 of the Unemployment Insurance Code by Sections 1 and 1.3 of this act do not constitute a change in, but are declaratory of, the existing law. However, no cash refund of employer contributions shall be made as a result of the amendments to these sections by this act.

SEC. 13. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The addition of Article XIII A to the California Constitution as a result of the passage of Proposition 13 on the June 6, 1978, ballot is anticipated to produce serious, temporary disruptions of the labor markets in both the public and private sectors, owing to the abrupt loss of funds for ongoing public services, and resulting layoffs which will affect both employment sectors. Prompt action by the State of California with respect to permitting and encouraging temporary alternatives to layoffs in the public and private sectors, in effect promoting the sharing of available work until new patterns of employment assert themselves, will substantially aid the public peace, health, and safety by reducing full-time unemployment and dependency on welfare that will otherwise occur. In order to prevent such unemployment and welfare dependency, it is necessary for this act to take effect immediately.

[Approved by Governor July 11, 1978. Filed with Secretary of State July 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 6005 of the Food and Agricultural Code is amended to read:

6005. Every grower of cotton in the state shall pay to the director a fee of two dollars ($2) for each bale of cotton ginned.

The fee is a maximum fee. The amount of the fee may vary from district to district in accordance with the protection afforded to the cotton crop in the districts. The director may establish districts in the state for the purpose of fixing the fee. Between February 1 and June 30 of each year, the Cotton Pest Control Board shall recommend to the director the amount of such fee, as it determines to be necessary to carry out the provisions of this article in each district. The director may fix such fee at a less amount, when he finds that the cost of administering this article can be defrayed with such below-maximum fee. The amount of such fee shall be effective for the next fiscal year. The fee shall be paid to the director at the time the cotton is ginned. The amount received by the director shall be paid into the Department of Agriculture Fund and shall be used for

the control of pink bollworm or other related cotton pests.

The revenue from the fee shall be used to pay the cost of carrying out this article.

The director shall refund any fees which have not been expended by the termination date of this article.

The director is authorized to receive moneys from other sources for this program, which shall be deposited into the Department of Agriculture Fund, and used to carry out the purposes of this article.

SEC. 2. Section 6006 of the Food and Agricultural Code is amended to read:

6006. The director shall appoint a Cotton Pest Control Board, consisting of 10 members, to assist and advise him on matters which pertain to the control of cotton pests.

Any member of the board who misses two meetings without the permission of the board, is deemed to have resigned as a member of such board.

The board may meet in regular session each month. The chairman of the board or director may call any other meeting of the board at any time. Each member shall be allowed per diem and mileage in accordance with the Board of Control rules for attending any meeting of the board.

The board shall annually review the effectiveness of the cotton pest control program.

SEC. 3. Section 6007 of the Food and Agricultural Code is amended to read:

6007. This article shall remain in effect only until July 1, 1985, and as of that date is repealed.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In 1977 unprecedented numbers of pink bollworm threatened cotton crops, and, as a result, increased numbers of sterile moths must be purchased for release in 1978 to combat pink bollworm. Therefore, it is essential that this act take effect immediately.

(b) The loan is in an amount not in excess of (1) seventy-five thousand dollars ($75,000), or (2) 90 percent of the appraised value of the real property, or (3) if the loan is made to finance the purchase

Any such pupil who becomes 22 years of age while participating in a program under this chapter may continue his or her participation in the program for the remainder of the then current school year.

Although non-English-speaking pupils may be appropriately identified as individuals with exceptional needs requiring services under this chapter, this definition does not include persons whose educational needs are due primarily to unfamiliarity with the English language or to cultural differences.

(b) "Public purchase" means a purchase by means of competitive bids of goods, services, or materials by the state or any of its political subdivisions or public agencies on whose behalf the Attorney General may bring an action pursuant to subdivision (c) of Section 16750 of the Business and Professions Code.

(d) "Awarding body" means the state or the subdivision or agency awarding a public works contract.

4551. Sec. 15) or under the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services, or materials pursuant to the public works contract or the subcontract. The preceding provisions of this section shall be included in full in the specifications for the public works contract or in the general provisions incorporated therein and shall be included in full in the public works contract or in the general provisions incorporated therein.

4552. In submitting a bid to a public purchasing body, the bidder offers and agrees that if the bid is accepted, it will assign to the purchasing body all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, materials, or services by the bidder for sale to the purchasing body pursuant to the bid. Such assignment shall be made and become effective at the time the purchasing body tenders final payment to the bidder.

The preceding provisions of this section shall be included in full in any specifications for the public purchase and shall be included in full in the bid agreement or general provisions incorporated into the bid agreement.

4553. If an awarding body or public purchasing body receives, either through judgment or settlement, a monetary recovery for a cause of action assigned under this chapter, the assignor shall be entitled to receive reimbursement for actual legal costs incurred and

may, upon demand, recover from the public body any portion of the recovery, including treble damages, attributable to overcharges that were paid by the assignor but were not paid by the public body as part of the bid price, less the expenses incurred in obtaining that portion of the recovery.

4554. Upon demand in writing by the assignor, the assignee shall, within one year from such demand, reassign the cause of action assigned under this part if the assignor has been or may have been injured by the violation of law for which the cause of action arose and (a) the assignee has not been injured thereby, or (b) the assignee declines to file a court action for the cause of action.

CHAPTER 415

An act to amend Sections 24828 and 25871 of the Public Utilities Code, relating to transit, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 14, 1978. Filed with Secretary of State July 14, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 24828 of the Public Utilities Code is amended to read:

24828. Except as otherwise provided in this part, the provisions of the Elections Code prescribed for independent nominations shall substantially govern as to the manner of appointment of verification deputies, the form of nomination papers and the securing of signatures, the filing of the candidate's affidavit, and all other things necessary to get the name of the candidate upon the ballot; provided, however, that not more than 95 days prior to the election, upon request, the secretary of the district shall issue nomination papers and all other forms required for nomination to the office of director. Verification deputies may obtain signatures to the nomination paper of any candidate at any time not more than 95 days nor less than 74 days prior to the election, and all nomination papers shall be filed with the secretary of the district not more than 90 nor less than 74 days before the date of the election and shall be examined by him. Each candidate, at least 74 days prior to the election, shall file a sufficient candidate's affidavit. The secretary of the district shall certify the names of all candidates to be placed upon the ballot to the county clerk or county clerks within the territory affected at least 67 days prior to the date of election.

SEC. 2. Section 25871 of the Public Utilities Code is amended to read:

25871. A district may invest any surplus money in its treasury, including money in any sinking fund, in any of the following:

(a) Its own bonds.

(b) Treasury notes, certificates of indebtedness, bills, bonds of the United States, or any other evidence of indebtedness secured by the full faith and credit of the United States.

(c) Obligations issued pursuant to the Federal Home Loan Bank Act or the National Housing Act.

(d) Treasury notes or bonds of this state, or of any public corporation, municipal corporation, public district, or political subdivision within this state which are legal as security for the deposit of public funds.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Under existing law the dates for various procedures which must take place prior to elections for directors of the Alameda-Contra Costa Transit District are different than corresponding dates specified by law for elections generally. As a result, the Registrars of Voters of both Alameda and Contra Costa Counties are not able to process the preparation of ballots for such district elections in the same manner as for other elections generally. This has caused great difficulty in the proper conduct of local elections. As an election is scheduled within the Alameda-Contra Costa Transit District for November 1978, it is necessary that this act become effective immediately.

(b) The notice shall include the date of the agreement, the name or other designation of the street or highway, a precise description of the portion abandoned or vacated, and state that that portion of

the street or highway, from and after commencement of the construction of the state freeway, no longer constitute a public street or highway.

(c) The notice shall be recorded in the office of the county recorder of the county in which the street or highway is located. The notice or its recordation shall not affect any private property right which may exist in the area described in the notice.

For such purposes, the district shall have the right of access through its authorized representatives to all properties within the district and elsewhere relating to watercourses and streams flowing in or into said district. The district, through its authorized representatives, may enter upon such lands and make examinations, surveys, and maps thereof.

9. To prescribe, revise and collect fees and charges for facilities furnished or to be furnished to any new building, improvement or structure by the use of any flood control or storm drainage system

constructed or to be constructed in a zone of the district, and whenever a drainage or flood control problem is referred to the district by the County of Santa Clara, or any incorporated city therein, to require the installation of drainage or flood control improvements necessary and/or convenient for needs of the zone, including but not limited to, residential, subdivision, commercial and industrial drainage and flood control needs, said county and cities being hereby authorized to refer all drainage and flood control problems, arising under the Subdivision Map Act or otherwise, to the district for solution. SECTION 1. Section 71611 of the Water Code is amended to read:

SEC. 2. Section 71670 of the Water Code is amended to read:

71670. A district may acquire, construct, and operate facilities for the collection, treatment, and disposal of sewage, waste, and storm water of the district and its inhabitants.

For purposes of this article, "waste" is as defined in subdivision (d) of Section 13050, and also includes any and all aquatic vegetation, except riparian vegetation, which threatens or adversely affects the quality of the waters within the district. "Quality of the waters" is as defined in subdivision (g) of Section 13050. "Disposal of sewage" includes the sale or resale of treated effluent for any purpose.

The district may prescribe, revise, and collect rates or other charges for the services and facilities furnished pursuant to this article.

The amendment to this section enacted at the 1977–78 Regular Session of the Legislature is declaratory of and does not constitute a change in existing law.

CHAPTER 419

An act to amend Sections 28750 and 28750.6 of the Public Utilities Code, relating to the San Francisco Bay Area Rapid Transit District.

[Approved by Governor July 17, 1978. Filed with Secretary of State July 17, 1978.]

SECTION 1. Section 28750 of the Public Utilities Code is amended to read:

28750. Following each federal decennial census and using the census as a basis, the board shall, by resolution, adjust the boundaries of the election districts so that the districts shall be as nearly equal

SEC. 2. Section 28750.6 of the Public Utilities Code is amended to read:

28750.6. If, at any time between each federal decennial census, the district annexes territory, pursuant to Chapter 9 (commencing with Section 29500), the board, within 90 days after completion of the annexation proceedings, shall, by resolution, adjust the boundaries of the election districts so that the district shall be as nearly equal in population as practicable, considering the factors specified in Section 28745.6.

CHAPTER 420

An act to amend Section 25631 of the Business and Professions Code, relating to alcoholic beverages.

[Approved by Governor July 17, 1978. Filed with Secretary of State July 17, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 25631 of the Business and Professions Code is amended to read:

25631. Any on- or off-sale licensee, or agent or employee of such licensee, who sells, gives, or delivers to any persons any alcoholic beverage or any person who knowingly purchases any alcoholic beverage between the hours of 2 o'clock a.m. and 6 o'clock a.m. of the same day, is guilty of a misdemeanor.

For the purposes of this section, on the day that a time change occurs from Pacific Standard Time to Pacific Daylight Time, or back again to Pacific Standard Time, "2 o'clock a.m." means two hours after 12 o'clock p.m. of the day preceding the day such change occurs.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 421

An act to amend Sections 21200, 24015, 27800, 39000, and 42001 of, and to add Sections 231, 23135, and 42001.9 to, the Vehicle Code, relating to vehicles.

21200. Every person riding a bicycle upon a roadway or any paved shoulder has all the rights and is subject to all the duties applicable to the driver of a vehicle by this division and Division 10 (commencing with Section 20000), except those provisions which by their very nature can have no application.

24015. (a) Motorized bicycles shall comply with those federal motor vehicle safety standards established under the National Traffic and Motor Vehicle Safety Act of 1966 (15 U.S.C., Sec. 1381, et seq.) which are applicable to a motor-driven cycle, as that term is defined in such federal standards. Such standards include, but are not limited to, provisions requiring a headlamp, taillamp, stoplamp, side and rear reflex reflectors, and adequate brakes.

(b) In addition to equipment required in subdivision (a), all motorized bicycles operated upon a highway shall be equipped with a mirror as required in subdivision (a) of Section 26709, a horn as required in Section 27000, and an adequate muffler as required in subdivision (a) of Section 27150.

Every passenger on a

motorcycle or a motorized bicycle shall keep his feet on the footrests while such vehicle is in motion.

SEC. 6. Section 39000 of the Vehicle Code is amended to read:

39000. "Bicycle", for the purposes of this division, means any device upon which a person may ride, which is propelled by human power through a system of belts, chains, or gears having either two or three wheels (one of which is at least 20 inches in diameter) or having a frame size of at least 14 inches, or having four or more wheels.

SEC. 7. Section 42001 of the Vehicle Code is amended to read:

(b) Every person convicted of a misdemeanor violation of Sections 2800, 2801, and 2803 insofar as they affect failure to stop and submit to inspection of equipment or for an unsafe condition endangering any person, and Sections 2800.1 and 2815, shall be punished upon a first conviction by a fine not exceeding fifty dollars ($50) or by imprisonment in the county jail for not exceeding five days and for a second conviction within a period of one year by a fine of not exceeding one hundred dollars ($100) or by imprisonment in the county jail for not exceeding 10 days, or by both such fine and imprisonment and for a third or any subsequent conviction within a period of one year by a fine of not exceeding five hundred dollars ($500) or by imprisonment in the county jail for not exceeding six months or by both such fine and imprisonment.

(c) Notwithstanding the provisions of subdivision (a), every pedestrian convicted of an infraction for a violation of this code or of any local ordinance adopted pursuant to this code shall be punished by a fine not exceeding fifty dollars ($50).

(d) Subdivision (a) shall have no application to any violation punishable pursuant to Section 42001.7, any violation by a pedestrian, or Article 2 (commencing with Section 42030) of Chapter 1 of this division relating to weight violations.

SEC. 8. Section 42001.9 is added to the Vehicle Code, to read:

42001.9. Every person convicted of an infraction for a violation of Section 23135 shall be punished by a fine of fifty dollars ($50).

SEC. 9. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes may cause both increased and decreased costs to local governmental entities which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 422

An act to amend Section 11812 of, and to add Section 11819 to, the Vehicle Code, relating to vehicles.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities which, in the aggregate, do not result in significant identifiable cost changes.

The order shall be entered in the register of actions of each case in which any such order is made.

No exhibit or deposition shall be ordered destroyed or otherwise disposed of pursuant to the provisions of this section where a party to the action or proceeding files a written notice with the court requesting the preservation of any exhibit or deposition for a stated time, but not to exceed three years. Such exhibit or deposition may be destroyed after such time unless another such notice is filed.

No exhibit or deposition shall be ordered, destroyed or otherwise disposed of pursuant to the provisions of this section until 30 days after notice of such proposed action has been mailed to all attorneys of record and to all parties not having an attorney of record. Any family, however, which has not been located within 24 hours of his custody of the body, shall not be charged more than thirty dollars ($30).

The people of the State of California do enact as follows:

SECTION 1. Section 66445 of the Government Code is amended to read:

66445. The parcel map shall be prepared by or under the direction of a registered civil engineer or licensed land surveyor, shall show the location of streets and property lines bounding the property and shall conform to all of the following provisions:

(a) It shall be legibly drawn, printed or reproduced by a process guaranteeing a permanent record in black on tracing cloth or polyester base film. Certificates may be legibly stamped or printed upon the map with opaque ink. If ink is used on polyester base film, the ink surface shall be coated with a suitable substance to assure permanent legibility.

(b) The size of each sheet shall be 18 x 26 inches. A marginal line shall be drawn completely around each sheet, leaving an entirely blank margin of one inch. The scale of the map shall be large enough to show all details clearly and enough sheets shall be used to accomplish this end. The particular number of the sheet and the total number of sheets comprising the map shall be stated on each of the sheets, and its relation to each adjoining sheet shall be clearly shown.

(c) Each parcel shall be numbered or otherwise designated.

(d) The exterior boundary of the land included within the subdivision shall be indicated by distinctive symbols and clearly so designated.

(e) The map shall show the location of each parcel and its relation to surrounding surveys. The location of any remainder of the original parcel shall be indicated, but need not be indicated as a matter of survey but only by deed reference to the existing record boundaries of such remainder if such remainder has a gross area of five acres or more.

(f) Subject to the provisions of Section 66436, a certificate, signed and acknowledged by all parties having any record title interest in the real property subdivided, consenting to the preparation and recordation of the parcel map is required, except that less inclusive requirements may be provided by local ordinance.

However, with respect to a division of land into four or fewer parcels, where dedications or offers of dedications are not required, the certificate shall be signed and acknowledged by the subdivider only; provided, however, where a subdivider does not have a record title ownership interest in the property to be divided, the local agency may require that the subdivider provide the local agency with satisfactory evidence that the persons with record title ownership have consented to the proposed division. For purposes of this paragraph, "record title ownership" shall mean fee title of record unless a leasehold interest is to be divided, in which case "record title ownership" shall mean ownership of record of such leasehold interest; "record title ownership" does not include ownership of mineral rights or other subsurface interests which have been severed from ownership of the surface.

(g) It shall also satisfy any additional map requirements of local ordinances consistent with this division.

(c) A registered pharmacist, or a person exempted pursuant to Section 4050.7, may distribute dangerous drugs and devices directly to hemodialysis patients pursuant to regulations promulgated by the board. (d) Home hemodialysis patients who receive any drugs or devices pursuant to subdivision (c) shall have completed a full course of home training given by a renal dialysis center accredited by the State Department of Health Services. SEC. 21. Section 224s of the Civil Code is amended to read:

224s. The requirements of this section shall not apply to intercountry adoptions.

SEC. 22. Section 227b of the Civil Code is amended to read:

227b. If any child heretofore or hereafter adopted under the foregoing provisions of this code shows evidence of a developmental disability or mental illness as a result of conditions prior to the adoption to such an extent that the child cannot be relinquished to an adoption agency on the grounds that the child is considered unadoptable, and of which conditions the adopting parents or parent had no knowledge or notice prior to the entry of the decree of adoption, a petition setting forth such facts may be filed by the adopting parents or parent with the court which granted the petition for adoption. If such facts are proved to the satisfaction of the court, it may make an order setting aside the decree of adoption.

The petition must be filed within whichever is the later of the following time limits: (a) within five years after the entering of the decree of adoption, or (b) within one year after the effective date hereof, if such a condition were manifest in the child within five years after the entering of the decree of adoption.

SEC. 23. Section 232 of the Civil Code is amended to read:

232. (a) An action may be brought for the purpose of having any person under the age of 18 years declared free from the custody and control of either or both of his parents when such person comes within any of the following descriptions:

(1) Who has been left without provision for his identification by his parent or parents or by others or has been left by both of his parents or his sole parent in the care and custody of another for a period of six months or by one parent in the care and custody of the other parent for a period of one year without any provision for his support, or without communication from such parent or parents, with the intent on the part of such parent or parents to abandon such person. Such failure to provide identification, failure to provide, or failure to communicate shall be presumptive evidence of the intent to abandon. Such person shall be deemed and called a person abandoned by the parent or parents abandoning him. If in the opinion of the court the evidence indicates that such parent or parents have made only token efforts to support or communicate with the child, the court may declare the child abandoned by such parent or parents. In those cases in which the child has been left without provision for his identification and the whereabouts of the parents are unknown, a petition may be filed after the 120th day following the discovery of the child and citation by publication may be commenced. The petition may not be heard until after the 180th day following the discovery of the child.

The fact that a child is in a foster care home, licensed under Chapter 3 (commencing with Section 1500), Division 2 of the Health and Safety Code, shall not prevent a licensed adoption agency which is planning adoption placement for the child, from instituting, under this subdivision, an action to declare such child free from the custody and control of his parents. When the requesting agency is a licensed county adoption agency, the county counsel and if there is no county counsel, the district attorney shall institute such action.

(2) Who has been cruelly treated or neglected by either or both of his parents, if such person has been a dependent child of the juvenile court, and such parent or parents deprived of his custody for the period of one year prior to the filing of a petition praying that he be declared free from the custody and control of such cruel or neglectful parent or parents.

(3) Whose parent or parents suffer a disability because of the habitual use of alcohol, or any of the controlled substances specified in Schedules I to V, inclusive, of Division 10 (commencing with Section 11000) of the Health and Safety Code, except when such controlled substances are used as part of a medically prescribed plan, or are morally depraved, if such person has been a dependent child of the juvenile court, and the parent or parents deprived of his custody because of such disability, or moral depravity, for the period of one year continuously immediately prior to the filing of the petition praying that he be declared free from the custody and

control of such parent or parents. As used in this subdivision, "disability" means any physical or mental incapacity which renders the parent or parents unable to adequately care for and control the child.

(4) Whose parent or parents are convicted of a felony, if the facts of the crime of which such parent or parents were convicted are of such nature as to prove the unfitness of such parent or parents to have the future custody and control of the child.

(5) Whose parent or parents have been declared by a court of competent jurisdiction wherever situated to be developmentally disabled or mentally ill, if, in the state or country in which the parent or parents are hospitalized or resident, the Director of Mental Health or the Director of Developmental Services, or his equivalent, if any, and the superintendent of the hospital of which, if any, such parent or parents are inmates or patients certify that such parent or parents so declared to be developmentally disabled or mentally ill will not be capable of supporting or controlling the child in a proper manner.

(6) Whose parent or parents are, and will remain incapable of supporting or controlling the child in a proper manner because of mental deficiency or mental illness, if there is testimony to this effect from two physicians and surgeons each of which must have been certified by the American Board of Psychiatry and Neurology or under Section 6750 of the Welfare and Institutions Code. If, however, the parent or parents reside in another state or in a foreign country, the testimony herein may be supplied by two physicians and surgeons who are residents of such state or foreign country, if such physicians and surgeons have been certified by a medical organization or society of that state or foreign country to practice psychiatric or neurological medicine and if the court determines that the certification requirements of such organization or society are comparable to those of the American Board of Psychiatry and Neurology.

The parent or parents shall be cited to be present at the hearing, and if he or they have no attorney, the court shall appoint an attorney or attorneys to represent the parent or parents and fix the compensation to be paid by the county for such services, if he determines the parent or parents are not financially able to employ counsel.

(7) Who has been cared for in one or more foster homes under the supervision of the juvenile court, the county welfare department or other public or private licensed child-placing agency for two or more consecutive years, providing that the court finds by clear and convincing evidence that return of the child to his parent or parents would be detrimental to the child and that the parent or parents have failed during such period, and are likely to fail in the future, to do the following:

(i) Provide a home for said child;

(ii) Provide care and control for the child;

(iii) Maintain an adequate parental relationship with the child;

and

(iv) Maintain continuous contact with the child, unless unable to do so.

Physical custody of the child by the parent or parents for insubstantial periods of time during the required two-year period will not serve to interrupt the running of such period.

(b) A licensed adoption agency may institute under this section, an action to declare a child, as described in this section, free from the custody and control of his parents. When the requesting agency is a licensed county adoption agency, the county counsel, or if there is no county counsel, the district attorney shall in a proper case institute such action.

SEC. 24. Section 232.1 of the Civil Code is amended to read:

232.1. (a) An action may be brought in a demonstration county for the purpose of having any person under the age of 18 years declared free from the custody and control of either or both of his parents when such person comes within any of the following descriptions:

(1) Who has been left without provision for his identification by his parent or parents or by others or has been left by both of his parents or his sole parent in the care and custody of another for a period of six months or by one parent in the care and custody of the other parent for a period of one year without any provision for his support, or without communication from such parent or parents, with the intent on the part of such parent or parents to abandon such person. Such failure to provide identification, failure to provide, or failure to communicate shall be presumptive evidence of the intent to abandon. Such person shall be deemed and called a person abandoned by the parent or parents abandoning him. If in the opinion of the court the evidence indicates that such parent or parents have made only token efforts to support or communicate with the child, the court may declare the child abandoned by such parent or parents. In those cases in which the child has been left without provision for his identification and the whereabouts of the parents are unknown, a petition may be filed after the 120th day following the discovery of the child and citation by publication may be commenced. The petition may not be heard until after the 180th day following the discovery of the child.

The fact that a child is in a foster care home subject to the requirements of Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code, shall not prevent a licensed adoption agency which is planning adoption placement for the child, from instituting, under this subdivision, an action to declare such child free from the custody and control of his parents. When the requesting agency is a licensed county adoption agency, the county counsel and if there is no county counsel, the district attorney shall institute such action.

(2) Who has been cruelly treated or neglected by either or both of his parents, if such person has been a dependent child of the

juvenile court, and such parent or parents deprived of his custody for the period of one year prior to the filing of a petition praying that he be declared free from the custody and control of such cruel or neglectful parent or parents.

An action may be brought under this subdivision only if the child was declared a dependent child of the juvenile court prior to July 1, 1977.

(3) Whose parent or parents suffer a disability because of the habitual use of alcohol, or any of the controlled substances specified in Schedules I to V, inclusive, of Division 10 (commencing with Section 11000) of the Health and Safety Code, except when such controlled substances are used as part of a medically prescribed plan, or are morally depraved, if such person has been a dependent child of the juvenile court, and the parent or parents deprived of his custody because of such disability, or moral depravity, for the period of one year continuously immediately prior to the filing of the petition praying that he be declared free from the custody and control of such parent or parents. As used in this subdivision, "disability" means any physical or mental incapacity which renders the parent or parents unable to adequately care for and control the child.

(4) Whose parent or parents are convicted of a felony, if the facts of the crime of which such parent or parents were convicted are of such nature as to prove the unfitness of such parent or parents to have the future custody and control of the child.

(5) Whose parent or parents have been declared by a court of competent jurisdiction wherever situated to be developmentally disabled or mentally ill, if, in the state or country in which the parent or parents are hospitalized or resident, the Director of Mental Health or the Director of Developmental Services, or his equivalent, if any, and the superintendent of the hospital of which, if any, such parent or parents are inmates or patients certify that such parent or parents so declared to be developmentally disabled or mentally ill will not be capable of supporting or controlling the child in a proper manner.

(6) Whose parent or parents are, and will remain incapable of supporting or controlling the child in a proper manner because of mental deficiency or mental illness, if there is testimony to this effect from two physicians and surgeons, each of whom must have been certified either by the American Board of Psychiatry and Neurology or under Section 6750 of the Welfare and Institutions Code. If, however, the parent or parents reside in another state or in a foreign country, the testimony herein may be supplied by two physicians and surgeons who are residents of such state or foreign country, if such physicians and surgeons have been certified by a medical organization or society of that state or foreign country to practice psychiatric or neurological medicine and if the court determines that the certification requirements of such organization or society are comparable to those of the American Board of Psychiatry and Neurology.

The parent or parents shall be cited to be present at the hearing, and if he or they have no attorney, the court shall appoint an attorney or attorneys to represent the parent or parents and fix the compensation to be paid by the county for such services, if the court determines the parent or parents are not financially able to employ counsel.

(7) Who has been cared for in one or more foster homes under the supervision of the juvenile court, the county welfare department, or other public or private licensed child-placing agency for two or more consecutive years, providing that the court finds by clear and convincing evidence that the return of the child to his parent or parents would be detrimental to the child and that the parent or parents have failed during such period, and are likely to fail in the future, to:

(i) Provide a home for the child;

(ii) Provide care and control for the child;

(iii) Maintain an adequate parental relationship with the child; and

(iv) Maintain continuous contact with the child, unless unable to do so.

Physical custody of the child by the parent or parents for insubstantial periods of time during the required two-year period shall not serve to interrupt the running of such period.

(8) Who has been found to be a dependent child of the juvenile court, has been removed from the physical custody of his parent or parents pursuant to Section 361.5 or voluntarily placed pursuant to Chapter 5.5 (commencing with Section 16550) of Part 4 of Division 9 of the Welfare and Institutions Code, and where an action to terminate parental rights was initiated due to a court order pursuant to Section 366.5 of the Welfare and Institutions Code.

At the termination proceeding, the person bringing the action shall show that on a continuous basis reasonable services have been provided to the parents, or were offered and refused by them, which were designed to aid the parents to overcome the problems which originally led to the deprivation of physical custody, the effectiveness, if any, of such services, and that despite the use of such services, the problems which originally led to the deprivation of physical custody are still present. Social workers or probation officers who provided such services shall appear, if available, at the termination proceedings.

At the termination proceeding, the court may consider the wishes of the child. When the child is 14 years of age or older, the consent of the child shall be obtained in order that there be a termination of parental rights.

If the court sustains the petition and there is an order pursuant to this subdivision, the court shall specify the factual grounds established to support its findings and enter such in the permanent records of the court.

An action may be brought under this subdivision if the child was

declared a dependent child of the juvenile court on or after July 1, 1977, or was voluntarily placed by his parents pursuant to Chapter 5.5 (commencing with Section 16550) of Part 4 of Division 9 of the Welfare and Institutions Code on or after such date.

This subdivision shall not apply to a parent or parents who have been convicted of a felony and thereby are unable to receive reasonable services designed to aid them to overcome the problems which originally led to the deprivation of physical custody.

(b) A licensed adoption agency of a demonstration county may institute under this section, an action to declare a child, as described in this section, free from the custody and control of his parents. When the requesting agency is a licensed county adoption agency, the county counsel, or if there is no county counsel, the district attorney shall in a proper case institute such action.

(c) As used in this section, a "demonstration county" is a county selected pursuant to Section 2 of Chapter 977 of the Statutes of 1976.

(d) This section shall remain in effect only until June 30, 1981 and as of such date is repealed, unless a later enacted statute, which is chaptered before June 30, 1981, deletes or extends such date.

SEC. 25. Section 232.9 of the Civil Code is amended to read:

232.9. The State Department of Social Services, a county welfare department, a county adoption department, or a county probation department which is planning adoptive placement of a child with a licensed adoption agency, or the State Department of Social Services acting as an adoption agency in counties which are not served by a county adoption agency, may initiate an action under Section 232 to declare a child free from the custody and control of his parents. The fact that a child is in a foster care home subject to the requirements of Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code shall not prevent the institution of such an action by any such agency or by a licensed adoption agency pursuant to Section 232.

The county counsel or, if there is no county counsel, the district attorney of the county specified in Section 233 shall, in a proper case, institute the action upon the request of any of the state or county agencies mentioned herein. In a demonstration county selected pursuant to Section 2 of Chapter 977 of the Statutes of 1976, such action shall be instituted pursuant to Section 232.1 within 30 days of such request.

If, at the time of the filing of a verified petition by any department or agency specified in this section, the child is in the custody of the petitioner, such petitioner may continue to have custody of the child pending the hearing on the petition unless the court, in its discretion, makes such other orders regarding custody pending the hearing which it finds will best serve and protect the interest and welfare of the child.

SEC. 26. Section 233.6 of the Civil Code is amended to read:

233.6. Notwithstanding any other provision of law, the superior court and the probation officer may furnish information, pertaining

to a petition under this chapter, to the State Department of Social Services, to any county welfare department, to any public welfare agency, or to any private welfare agency licensed by the State Department of Social Services, whenever it is believed that the welfare of the child will be promoted thereby.

SEC. 27. Section 267 of the Civil Code is amended to read:

267. The "appropriate public authorities" as used in Article 3 of the Interstate Compact on the Placement of Children shall, with reference to this state, mean the State Department of Social Services and such department shall receive and act with reference to notices required by such Article 3.

SEC. 28. Section 268 of the Civil Code is amended to read:

268. As used in paragraph (a) of Article 5 of the Interstate Compact on the Placement of Children, the phrase "appropriate authority in receiving state" with reference to this state shall mean the State Department of Social Services.

SEC. 29. Section 4300 of the Civil Code is amended to read:

4300. (a) Before any person, who is or may hereafter be authorized by law to issue marriage licenses, shall issue any such license, each applicant therefor shall file with him a certificate from a duly licensed physician which certificate shall state that the applicant has been given such examination, including a standard serological test, as may be necessary for the discovery of syphilis, made not more than 30 days prior to the date of issuance of such license, and that, in the opinion of such physician, the person either is not infected with syphilis, or if so infected, is not in a stage of that disease which is or may become communicable to the marital partner.

(b) Such certificate shall also state whether the female applicant has laboratory evidence of immunological response to rubella (German measles). Such certificate shall not contain such evidence of response to rubella where the female applicant (1) is over 50 years of age, or (2) has had a surgical sterilization or (3) presents laboratory evidence of a prior test declaring her immunity to rubella.

This subdivision shall not become operative in a county until January 1, 1974, if the State Department of Health Services determines on or before the effective date of this act that there are not sufficient laboratory facilities in the county to perform the test required by this subdivision. In making this determination, the State Department of Health Services shall consider the number of people in the county, and the availability of facilities and qualified personnel.

(c) Any person who by law is validly able to obtain a marriage license in the State of California is validly able to give consent to any examinations and tests required by this article. In submitting the blood specimen to the laboratory the physician shall designate that this is a premarital test.

SEC. 30. Section 4302 of the Civil Code is amended to read:

4302. The State Director of Health Services shall have the final

authority for determining all other employee needs after consideration of program requests from the various hospitals.

SEC. 31. Section 4304 of the Civil Code is amended to read:

4304. For the purpose of this article a standard serological test shall be a test for syphilis approved by the State Department of Health Services and an approved laboratory shall be the laboratory of the State Department of Health Services or a laboratory approved by the State Department of Health Services or any other laboratory the director of which is licensed by the State Department of Health Services according to law. In case of question concerning accuracy of tests prescribed in this article, it shall be mandatory upon the State Department of Health Services to accept specimens for checking purposes from any district in the state.

SEC. 32. Section 4305 of the Civil Code is amended to read:

4305. The laboratory shall submit such laboratory reports or records to the State Department of Health Services as are required by regulation. The health officer may destroy any copies of reports retained by him pursuant to this section for a period of two years.

SEC. 33. Section 4306 of the Civil Code is amended to read:

4306. The judge of the superior court in the county in which the license is to be issued is hereby authorized and empowered, on joint application by both parties to a marriage, to waive the requirements as to medical examinations, laboratory tests, and certificates and to order the licensing authority to issue the license applied for, if all other requirements of the marriage laws have been complied with, and if the judge is satisfied by affidavit or other proof that an emergency or other sufficient cause for such action exists and that the public health and welfare will not be injuriously affected thereby.

In any case where such examinations and tests have been made and certificate or certificates have been refused because one or both of the applicants have been found to be infected with syphilis, the judge shall nevertheless be authorized and empowered, on application of both parties to such marriage to order the licensing authority to issue the license, if all other requirements of the marriage laws have been complied with and if the judge is satisfied by affidavit or other proof that an emergency or other sufficient cause for such order exists and that the public health and welfare will not be injuriously affected thereby. In every such case, however, the clerk of the court shall transmit to the State Department of Health Services a transcript of the record and the order thereon for such followup by the department as is required by law or deemed necessary by the department for the protection of the public health. The order of the court shall be filed by the licensing authority in lieu of the certificate form.

The superior court when it is deemed necessary may, to the extent authorized by law or rules of court, order all proceedings instituted under the provisions of this article to be confidential and private. There shall be no fee for these court proceedings.

SEC. 34. Section 7005 of the Civil Code is amended to read:

7005. (a) If, under the supervision of a licensed physician and with the consent of her husband, a wife is inseminated artificially with semen donated by a man not her husband, the husband is treated in law as if he were the natural father of a child thereby conceived. The husband's consent must be in writing and signed by him and his wife. The physician shall certify their signatures and the date of the insemination, and file the husband's consent with the State Department of Social Services, where it shall be kept confidential and in a sealed file. However, the physician's failure to do so does not affect the father and child relationship. All papers and records pertaining to the insemination, whether part of the permanent record of a court or of a file held by the supervising physician or elsewhere, are subject to inspection only upon an order of the court for good cause shown.

(b) The donor of semen provided to a licensed physician for use in artificial insemination of a woman other than the donor's wife is treated in law as if he were not the natural father of a child thereby conceived.

SEC. 35. Section 7006 of the Civil Code is amended to read:

7006. (a) A child, the child's natural mother, or a man presumed to be his father under paragraph (1), (2), or (3) of subdivision (a) of Section 7004, may bring an action as follows:

(1) At any time for the purpose of declaring the existence of the father and child relationship presumed under paragraph (1), (2), or (3) of subdivision (a) of Section 7004.

(2) For the purpose of declaring the nonexistence of the father and child relationship presumed under paragraph (1), (2), or (3) of subdivision (a) of Section 7004 only if the action is brought within a reasonable time after obtaining knowledge of relevant facts. After the presumption has been rebutted, paternity of the child by another man may be determined in the same action, if he has been made a party.

(b) Any interested party may bring an action at any time for the purpose of determining the existence or nonexistence of the father and child relationship presumed under paragraph (4) of subdivision (a) of Section 7004.

(c) An action to determine the existence of the father and child relationship with respect to a child who has no presumed father under Section 7004 or whose presumed father is deceased may be brought by the child or personal representative of the child, the State Department of Social Services, the mother or the personal representative or a parent of the mother if the mother has died or is a minor, a man alleged or alleging himself to be the father, or the personal representative or a parent of the alleged father if the alleged father has died or is a minor.

(d) Regardless of its terms, an agreement between an alleged or presumed father and the mother or child does not bar an action under this section.

(e) An action under this section may be brought before the birth

of the child.

(f) The district attorney may also bring an action under this section in any case in which he believes that the interests of justice will be served thereby.

SEC. 36. Section 7017 of the Civil Code is amended to read:

7017. (a) (1) If a mother relinquishes or consents to or proposes to relinquish for adoption a child who has (1) a presumed father under subdivision (a) of Section 7004 or (2) a father as to whom the child is a legitimate child under prior law of this state or under the law of another jurisdiction, the father shall be given notice of the adoption proceeding and have the rights provided under Chapter 2 (commencing with Section 221), Title 2, Part 3, Division 1 of the Civil Code, unless the father's relationship to the child has been previously terminated or determined by a court not to exist or the father has voluntarily relinquished or consented to the adoption of such child.

(2) If a father relinquishes or consents to, or proposes to relinquish a child for adoption, the mother shall be given notice of the adoption proceeding and have the rights provided under Chapter 2 (commencing with Section 221), Title 2, Part 3, Division 1 of the Civil Code, unless the mother's relationship to the child has been previously terminated by a court or the mother has voluntarily relinquished or consented to the adoption of such child.

(b) If a mother relinquishes or consents to, or proposes to relinquish or consent to, the adoption of a child who does not have (1) a presumed father under subdivision (a) of Section 7004 or (2) a father as to whom the child is a legitimate child under prior law of this state or under the law of another jurisdiction, or if a child otherwise becomes the subject of an adoption proceeding and the alleged father, if any, has not, in writing, denied paternity, waived his right to notice, voluntarily relinquished or consented to the adoption, the agency or person to whom the child has been or is to be relinquished, or the mother or the person having custody of the child, shall file a petition in the superior court to terminate the parental rights of the father, unless the father's relationship to the child has been previously terminated or determined not to exist by a court.

(c) In an effort to identify the natural father, the court shall cause inquiry to be made by the State Department of Social Services, a licensed county adoption agency, or the licensed adoption agency to which the child is to be relinquished of the mother and any other appropriate person. The inquiry shall include the following: whether the mother was married at the time of conception of the child or at any time thereafter; whether the mother was cohabiting with a man at the time of conception or birth of the child; whether the mother has received support payments or promises of support with respect to the child or in connection with her pregnancy; or whether any man has formally or informally acknowledged or declared his possible paternity of the child. The department or the licensed adoption agency shall report the findings to the court.

(d) If, after the inquiry, the natural father is identified to the satisfaction of the court, or if more than one man is identified as a possible father, each shall be given notice of the proceeding in accordance with subdivision (f). If any of them fails to appear or, if appearing, fails to claim custodial rights, his parental rights with reference to the child shall be terminated. If the natural father or a man representing himself to be the natural father, claims custodial rights, the court shall proceed to determine parentage and custodial rights in whatever order the court deems proper. If the court finds that the man representing himself to be the natural father is a presumed father under subdivision (a) of Section 7004, then the court shall issue an order providing that the father's consent shall be required for an adoption of the child. In all other cases, the court shall issue an order providing that only the mother's consent shall be required for the adoption of the child.

(e) If, after the inquiry, the court is unable to identify the natural father or any possible natural father and no person has appeared claiming to be the natural father and claiming custodial rights, the court shall enter an order terminating the unknown natural father's parental rights with reference to the child.

(f) Notice of the proceeding shall be given to every person identified as the natural father or a possible natural father in accordance with the provisions of the Code of Civil Procedure for the service of process in a civil action in this state, provided that publication or posting of the notice of the proceeding shall not be required. Proof of giving the notice shall be filed with the court before the petition is heard. However, if a person identified as the natural father or possible natural father cannot be located or his whereabouts are unknown or cannot be ascertained, the court may issue an order dispensing with notice to such person.

(g) Any order requiring or dispensing with a father's consent for the adoption of a child may be appealed from in the same manner as an order of the juvenile court declaring a person to be a ward of the juvenile court.

8248. The Superintendent of Public Instruction shall adopt rules and regulations which shall include standards for determining eligibility and priority of service.

Priority for service shall be established on the basis of family marital status and income, with higher priority being assigned children of single-parent families and families with the lowest incomes. Exceptions to these priority criteria shall be granted to any

eligible child whose unique circumstances create a pressing need for child development services. The information necessary to establish eligibility of a child for federal reimbursement shall be completed as a part of intake procedures used in accepting a child for care or service.

The regulations formulated and promulgated pursuant to this section shall include the recommendations of the State Department of Health Services relative to health care screening and the provision of health care services. SEC. 40. Section 54483 of the Education Code is amended to read:

54483. The Director of Compensatory Education, acting pursuant to rules and regulations adopted by the State Board of Education, upon the advice of the Directors of the Departments of Finance, Social Services, Employment Development, and Industrial

Relations, shall designate the most concentrated areas of poverty and social tension in the state, taking into consideration such factors, among others, as the high incidence of poverty and low family and per capita incomes, unemployment, juvenile delinquency, persons receiving assistance under the program of aid to families with dependent children, and especially the low level of academic achievement by pupils in the public schools.

The Director of Compensatory Education shall allocate the funds available for programs under Section 54480 proportionately by public school population among the areas designated by him. He shall then approve projects proposed to be undertaken by school districts within such areas at particular schools with the highest concentration of low-income children and with the lowest records of academic achievement. Funds not fully utilized in one designated area may be reallocated to the other designated areas. Upon the request of a school district, the Director of Compensatory Education may authorize funds to be used outside the designated areas to serve children from the designated areas.

SEC. 42. Section 66903.4 of the Education Code is amended to read:

66903.4. The Health Sciences Education Plan shall consist of at least the following elements:

(a) A finding, taking into account the findings of the Health Manpower Plan issued by the Office of Statewide Health Planning and Development, as to whether health sciences education enrollment levels are adequate to meet the needs in California for health personnel, by category and specialty within each category.

(b) A finding as to the extent to which the sites of health sciences training programs make maximum available use of existing clinical and classroom resources throughout the state.

(c) Recommendations concerning the establishment of new programs or the elimination of existing programs in health sciences according to findings in subdivisions (a) and (b).

SEC. 43. Section 69273 of the Education Code is amended to read:

69273. There is hereby created a Health Manpower Policy Commission. The commission shall be composed of nine members who shall serve at the pleasure of their appointing authorities:

(a) Seven members appointed by the Governor, as follows: one representative of the University of California medical schools, from a nominee or nominees submitted by the University of California; one representative of the private medical schools accredited in California from individuals nominated by each of such schools; one representative of practicing family physicians; one representative of

undergraduate medical students in a family practice program or residence in family practice training; one representative of trainees in a primary care physician's assistant program or a practicing physician's assistant; one representative of trainees in a primary care nurse practitioners program or a practicing nurse practitioner; and one representative of the Office of Statewide Health Planning and Development, from nominees submitted by the office director.

(b) Two consumer representatives of the public who are not elected or appointed public officials, one appointed by the Speaker of the Assembly and one appointed by the Chairman of the Senate Rules Committee.

(c) The Chief of the Health Professions Development Program in the Office of Statewide Health Planning and Development, or his designee, shall serve as executive secretary for the commission.

SEC. 44. Section 69274 of the Education Code is amended to read:

69274. The duties of the commission shall be:

(a) To determine specific areas of the state where unmet priority needs for primary care family physicians exist.

(b) To establish standards for family practice training programs and family practice residency programs and programs which train primary care physician's assistants and programs which train primary care nurse practitioners, including appropriate provisions to encourage family physicians and primary care physician's assistants and primary care nurse practitioners who receive training in accordance with this article to provide needed services in areas of unmet need within the state. Standards for family practice residency programs shall provide that all such residency programs contracted for pursuant to this article shall (i) meet the American Medical Association's "Essentials" for Residency Training in Family Practice and (ii) be approved by the Residency Review Committee for Family Practice of the American Medical Association. Every program shall include a component of training designed for medically underserved multicultural communities, lower socioeconomic neighborhoods, or rural communities, and shall be organized to prepare family physicians or primary care physician's assistants or primary care nurse practitioners for service in such neighborhoods and communities. Medical schools receiving funds under this article shall have programs or departments that recognize family practice as a major independent specialty. Existence of a written agreement of affiliation or association between a hospital and an accredited medical school shall be regarded by the commission as a favorable factor in considering recommendations to the director for allocation of funds appropriated to the state medical contract program established under this article.

(c) To review and make recommendations to the Director of the Office of Statewide Health Planning and Development, concerning the funding of family practice programs or departments, family practice residencies and programs for the training of primary care physician's assistants and primary care nurse practitioners which are

submitted to the Health Professions Development Program, for participation in the contract program established by this article. Where the commission determines that a program proposal which has been approved for funding or which is the recipient of funds under this article does not meet the standards established by the commission, it shall submit to the Director of the Office of Statewide Health Planning and Development and the Legislature a report detailing its objections. The commission may request the Office of Statewide Health Planning and Development to make advance allocations for program development costs from amounts appropriated for the purposes of this article.

(d) To establish contract criteria and single per-student and per-resident capitation formulas which shall determine the amounts to be transferred to institutions receiving contracts for the training of family practice students and residents and primary care physician's assistants and primary care nurse practitioners pursuant to this article, except as otherwise provided in subdivision (e). Institutions applying for or in receipt of contracts pursuant to this article may appeal to the director for waiver of these single capitation formulas. The director may grant such waiver in exceptional cases upon a clear showing by the institution that a waiver is essential to the institution's ability to provide a program of a quality comparable to those provided by institutions which have not received waivers, taking into account the public interest in program cost-effectiveness. Recipients of funds appropriated by this article shall, as a minimum, maintain the level of expenditure for family practice or primary care physician's assistant or family care nurse practitioner training provided by such recipients during the 1973–74 fiscal year. Funds appropriated by this article shall be used to develop new programs or to expand existing programs and shall not replace funds supporting current family practice training programs. Institutions applying for or in receipt of contracts pursuant to this article may appeal to the director for waiver of this maintenance of effort provision. The director may grant such waiver if he determines that there is reasonable and proper cause to grant such waiver.

(e) To review and make recommendations to the Director of the Office of Statewide Health Planning and Development concerning the funding of special programs which may be funded on other than a capitation rate basis. Such special programs may include the development and funding of the training of primary health care teams of family practice residents or family physicians and primary care physician's assistants or primary care nurse practitioners; undergraduate medical education programs in family practice; and programs which link training programs and medically underserved communities in California which appear likely to result in the location and retention of training program graduates in such communities. Such special programs may include also the development phase of new family practice residency, primary care

physician's assistant or primary care nurse practitioner programs.

The commission shall establish standards and contract criteria for special programs recommended under this paragraph.

(f) To review and evaluate these programs regarding proper compliance with the provisions of this article and to submit annual progress reports to the Legislature on or before September 30 of each year. One standard for evaluation shall be the number of recipients who, after completing the program, actually go on to serve in areas of unmet priority for primary care family physicians in California.

SEC. 45. Section 69275 of the Education Code is amended to read:

69275. Pursuant to the provisions of this article, the Director of the Office of Statewide Health Planning and Development shall:

(a) Determine whether family practice, primary care physician's assistant training programs proposals, and primary care nurse practitioner training program proposals submitted to the Health Manpower Policy Commission for participation in the state medical contract program established by this article meet the standards established by the commission.

(b) Select and contract on behalf of the state with accredited medical schools, programs which train primary care physician's assistants, programs which train primary care nurse practitioners, hospitals, and other health care delivery systems for the purpose of training undergraduate medical students and residents in the specialty of family practice. Contracts shall be awarded to those institutions which best demonstrate the ability to provide quality education and training and to retain students and residents in specific areas of California where there is a recognized unmet priority need for primary care family physicians. Contracts shall be based upon the recommendations of the commission and in conformity with the contract criteria and program standards established by said commission.

(c) Be empowered to terminate, upon 30 days' written notice, the contract of any institution whose program does not meet the standards established by the commission or which otherwise does not maintain proper compliance with the provisions of this article, except as otherwise provided in contracts entered into by the director pursuant to this article.

SEC. 46. Section 69276 of the Education Code is amended to read:

69276. The Director of the Office of Statewide Health Planning and Development shall adopt, amend, or repeal such regulations as are necessary to enforce the provisions of this article, which shall include criteria which training programs must meet in order to qualify for waivers of single capitation formulas or maintenance of effort requirements authorized by Section 69274. Regulations for the administration of this article shall be adopted, amended, or repealed as provided in Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

The Legislature further finds and declares that the development of regulations relating to pesticides and worker safety should be the joint and mutual responsibility of the Department of Food and Agriculture and the State Department of Health Services.

The Legislature further finds and declares that in carrying out the provisions of this article, the University of California, the Department of Industrial Relations, and any other similar institution or agency should be consulted.

SEC. 48. Section 12981 of the Food and Agricultural Code is amended to read:

Such regulations that relate to health effects shall be based upon the recommendations of the State Department of Health Services. The original written recommendations of the State Department of Health Services, any subsequent revisions of those recommendations, and the supporting evidence and data upon which the recommendations were based shall be made available upon request to any person.

The local health officer

may call upon the State Department of Health Services for assistance pursuant to the provisions of Section 2951 of the Health and Safety Code.

The office may reduce or eliminate the premium charges for insured loans outstanding for a period in excess of three years. Such premium charges shall be payable by the borrower, or, where practicable, by the lender on account of a delinquent borrower, to the office at such times as shall be fixed by the office. The office may require the payment of one or more such premium charges at the time the loan is insured, at such discount rate as it may prescribe not in excess of the interest rate specified in the

When the borrower is a political subdivision, such loan may be evidenced by a duly authorized bond issue. A loan to a local hospital district may meet the requirement of this subdivision by either method.

(e) The loan shall contain complete amortization provisions requiring periodic payments by the borrower not in excess of its reasonable ability to pay as determined by the office. The office shall permit a reasonable period of time during which the first payment to amortization may be waived on agreement by the lender and borrower. The office may, however, waive the amortization requirements of this subdivision and of subdivision (g) of this section when a term loan would be in the borrower's best interest.

(f) The loan shall bear interest on the amount of the principal obligation outstanding at any time at a rate, as negotiated by the borrower and lender, as the office finds necessary to meet the loan money market. As used in this chapter, "interest" does not include premium charges for insurance and service charges if any. Where a loan is evidenced by a bond issue of a political subdivision, the interest thereon may be at any rate which such bonds may legally bear.

(g) The loan shall provide for the application of the borrower's periodic payments to amortization of the principal of the loan.

(h) The loan shall contain such terms and provisions with respect to insurance, repairs, alterations, payment of taxes and assessments, foreclosure proceedings, anticipation of maturity, additional and secondary liens, and other matters as the office may in its discretion prescribe.

(i) The loan shall have a principal obligation not in excess of an amount equal to 90 percent of the total construction cost. Where the borrower is a political subdivision, the office may fully insure loans equal to the total construction cost.

Upon such conveyance and assignment, the office shall notify the State Treasurer, who shall issue to the lender debentures having a total face value equal to the outstanding value of the loan.

For the purposes of this section, the outstanding value of the loan shall be determined, in accordance with rules and regulations prescribed by the office, by (a) adding to the amounts of the original principal obligation of the loan and interest which are accrued and unpaid the amount of all payments which have been made by the lender for the following: taxes and assessments, ground rents, water rates, and other liens which are prior to the mortgage; charges for the administration, operation, maintenance and repair of the health facility property; insurance on the project property, loan insurance premiums, and any tax imposed by a city or county upon any deed or other instrument by which the property was acquired by the lender and transferred or conveyed to the office; and the costs of foreclosure or of acquiring the property by other means actually paid by the lender and approved by the office; and by (b) deducting from such total amount any amounts received by the lender after the borrower's default on account of the loans or as rent or other income from the property.

schedule identical with those of such bonds shall be issued by the State Treasurer upon notification thereof by the office to the bondholders upon the surrender of such bonds to the office.

In any case in which a hospital district defaults on the payment of interest or principal accrued and due on an insured loan secured by a first mortgage, first deed of trust, or other security agreement as authorized by Section 32127.2, debentures shall be issued to the lender in a total face value equal to the outstanding value of the loan as determined by the applicable provisions of Section 436.13 after the state has enforced its rights under such first mortgage, first deed of trust, or other security agreement. Such debentures shall be dated, bear interest, and have a maturity date as prescribed by Section 436.20 as such section relates to Section 436.13.

SEC. 104. Section 436.15 of the Health and Safety Code is amended to read:

436.15. Notwithstanding any requirement contained in this chapter relating to acquistion of title and possession of the project property by the lender and its subsequent conveyance and transfer to the office, and for the purpose of avoiding unnecessary conveyance expense in connection with payment of insurance benefits under the provisions of this chapter, the office may, subject to such rules and regulations as it may prescribe, permit the lender to tender to the office a satisfactory conveyance of title and transfer of possession direct from the borrower or other appropriate grantor and to pay to the lender the insurance benefits to which it would otherwise be entitled if such conveyance had been made to the lender and from the lender to the office.

SEC. 105. Section 436.16 of the Health and Safety Code is amended to read:

436.16. Upon receiving notice of the default of any loan insured under this chapter the office, in its discretion and for the purpose of avoiding foreclosure under Section 436.13 and notwithstanding the fact that it has previously approved a request of the lender for extensions of the time for curing the default and of the time for commencing foreclosure proceedings or for otherwise acquiring title to the project property, or has approved a modification of the loan for the purpose of changing the amortization provisions by recasting the unpaid balance, may acquire the loan and security agreements securing such loans upon the issuance to the lender of debentures in an amount equal to the unpaid principal balance of the loan plus any accrued unpaid loan interest plus reimbursement for such costs and attorney's fees of the lender enumerated in Section 436.13.

After the acquisition of such loan and security interests therefor by the office, the lender shall have no further rights, liabilities, or obligations with respect thereto. The provisions of Section 436.13 relating to the issuance of debentures incident to the acquisition of foreclosed properties shall apply with respect to debentures issued under this section, and the provisions of this chapter relating to the rights, liabilities, and obligations of a lender shall apply with respect

to the office when it has acquired an insured loan under this section, in accordance with and subject to any regulations prescribed by the office modifying such provisions to the extent necessary to render their application for such purposes appropriate and effective.

SEC. 106. Section 436.17 of the Health and Safety Code is amended to read:

436.17. Notwithstanding any other provision of this chapter, after the office determines that the lender and borrower have exhausted all reasonable means of curing any default, the office within its discretion may, when such is in the best interests of the state, the borrower, and the lender, cure the default of the borrower by making payment from the fund directly to the lender of any amounts of the original principal obligation and interest of the loan which are accrued and unpaid. Such payment shall be secured by an assignment to the office of a pro rata share of the security agreements made to the lender and, upon such payment, the borrower shall become liable for repayment of the amount thereof to the office over a period and at a rate of interest as shall be determined by the office.

SEC. 107. Section 436.18 of the Health and Safety Code is amended to read:

436.18. Any difference between the value of the loan determined as herein provided and the aggregate face value of the debentures issued, not to exceed one thousand dollars ($1,000), shall be adjusted by the payment of cash by the office to the lender from the fund.

436.20. All debentures issued under this chapter to any lender or bondholder shall be executed in the name of the fund as obligor, shall be signed by the State Treasurer, and shall be negotiable. or that specified in Section 436.14, shall be payable semiannually on the first day of January and the first day of July of each year except in the case of bonds or other evidences of indebtedness as specified in Section 436.14, and shall have the same maturity date as the loan which they insured. All such debentures shall be exempt, both as to principal and interest, from all taxation now or hereafter imposed by the state or local taxing agencies, shall be paid out of the fund, which shall be primarily liable therefor, and shall be, pursuant to Section 4 of Article XVI of the California Constitution, fully and unconditionally guaranteed as to principal and interest by the State of California, which guaranty shall be expressed on the face of the debentures. In the event that the fund fails to pay upon demand, when due, the principal of or interest on any debentures issued under this chapter, the State Treasurer shall pay to the holders the amount thereof which is authorized to be appropriated, out of any money in the Treasury not otherwise appropriated, and thereupon to the extent of the amount so paid the State Treasurer shall succeed to all the rights of the holders of such debentures. The fund shall be liable for repayment to the Treasury of any money paid therefrom pursuant to this section in accordance with procedures jointly established by the State Treasurer and the office.

All income from the operation, rental, or lease of such property and all proceeds from the sale thereof shall be deposited in the fund and all costs incurred by the office in its exercise of powers granted in this section shall be met by the fund.

The power to convey and to execute in the name of the office deeds of conveyance, deeds of release, assignments and satisfactions of loans and mortgages, and any other written instrument relating to real or personal property or any interest therein acquired by the office pursuant to the provisions of this chapter may be exercised by the office or by any officer of the office appointed by it.

SEC. 114. Section 436.25 of the Health and Safety Code is amended to read:

436.25. The office is authorized to terminate any insurance contract upon joint request by the borrower and the lender and upon payment of such termination charge as the office determines to be equitable, taking into consideration the necessity of protecting the fund. Upon such termination, borrowers and lenders shall be entitled to the rights, if any, to which they would be entitled under this chapter if the insurance contract were terminated by payment in full of the insured loan.

construction loans under this chapter shall be limited to a total of not more than one hundred fifty million dollars ($150,000,000) of insurance for each of the first five fiscal years during which this chapter is operative, except that any unused portion of any year's authorization shall be carried forward and added to the amount otherwise authorized for the succeeding fiscal year. Beginning July 1, 1974, there shall be no limits set upon the total amount of insurance which the office may authorize in any fiscal year.

SEC. 119. Section 437.01 of the Health and Safety Code is amended to read:

SEC. 120. Section 437.6 of the Health and Safety Code is amended to read:

437.6. The office director shall adopt regulations for the implementation of the provisions of this part, as amended during the 1975-76 Regular Session of the Legislature by the act adding this section.

SEC. 121. Section 437.7 of the Health and Safety Code is amended to read:

437.7. In order to assure availability of objective and impartial review by planning groups (referred to as area health planning agencies) of proposals for health facility projects as set forth in Section 437.10, the Advisory Health Council shall evaluate and shall designate annually no more than one area health planning agency for any area of the state designated by the council, provided such agency shall be incorporated as a nonprofit corporation and be controlled by a board of directors consisting of a majority representing the public and local government as consumers of health services with the balance being broadly representative of the providers of health services and the health professions, or alternatively be a health systems agency established pursuant to Public Law 93-641. The functions of area health planning agencies shall be the following:

(a) To review information on utilization of hospitals and related health facilities.

(b) To develop area plans to be used for the determination of community need and desirability of projects specified in Section 437.10, consistent with the regulations adopted by the Office of Statewide Health Planning and Development pursuant to Section 437.8. Each such plan shall become effective upon a determination by the council that the plan is in conformance with regulations adopted pursuant to Section 437.8. The council shall integrate all such area plans into a single Statewide Health Facilities and Services Plan,

which shall become effective upon formal adoption by the council.

(c) To conduct public meetings in which providers of health care and consumers will be encouraged to participate.

(d) To review applications for certificates of need as required by Section 437.10 and make recommendations to the office as to the need and desirability for the project proposed in the application, based upon the statewide and area plans adopted pursuant to subdivision (b) or, prior to the adoption of such plans, based upon the existing plans specified in Section 437.9.

(e) To make written findings of fact and recommendations to be delivered to applicant and filed with the office as a public record.

Area health planning agencies shall comply with the following requirements:

(1) The governing body of such agency shall, to the extent feasible, be composed of individuals representative of the major social, economic, linguistic, and racial populations, and geographic areas, within the area served by the agency.

(2) The agency shall hold public meetings and hearings only after reasonable public notice. Such notice shall, to the extent feasible, be publicized directly to those who, as determined by the director, are medically underserved and are in other ways denied equal access to good medical care.

(3) The agency shall file with the Advisory Health Council an affirmative action employment plan approved by the office.

Area health planning agencies may divide their areas into local areas for purposes of more effective health facility planning, with the approval of the Advisory Health Council. Such local areas shall be of a geographic size and contain adequate population to insure a broad base for planning decisions. Each local area shall contain a local health planning agency which shall meet the requirements of this section.

An organization which meets the requirements of this section may make application to its area health planning agency for designation as a local health planning agency for a designated area. Within 45 days after a complete application for designation has been received, the area agency shall reach a decision concerning the application.

Each area health planning agency existing on the operative date of amendments to this section enacted during the 1976 portion of the 1975–76 Regular Session of the Legislature shall continue to function as an area planning agency pursuant to this part, and shall provide review and recommendations on applications for certificates of need until such time as one or more designated health systems agencies are fully operational, as determined by the Advisory Health Council in the area served, or formerly served, by the respective area health planning agency.

If the Advisory Health Council determines that an area health planning agency approved under this section is dissolved or unable to carry out the functions required by this part, the office shall fulfill the responsibilities of an area health planning agency pursuant to this

part in the area until such time as another area health planning agency is designated by the Advisory Health Council for such area and becomes fully operational.

Adoption of regulations setting forth administrative procedures for area and local area health planning agencies shall be made by the office pursuant to Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 122. Section 437.8 of the Health and Safety Code is amended to read:

437.8. The Office of Statewide Health Planning and Development shall promulgate regulations setting forth statewide policies for area health planning agencies in the performance of their responsibilities under Section 437.7.

In adopting such regulations, the office shall, with the advice of the Advisory Health Council, consider the following factors, and may consider other factors not inconsistent with the following:

(a) The need for health care services in the area and the requirements of the population to be served, including evaluation of current utilization patterns;

(b) The availability and adequacy of health care services in the area's existing facilities which currently conform to federal and state standards;

(c) The availability and adequacy of services in the area such as preadmission, ambulatory or home care services which may serve as alternatives or substitutes for care in health facilities;

(d) The possible economies and improvement in service that may be derived from the following:

(1) Operation of joint, cooperative, or shared health care resources;

(2) Maximum utilization of health facilities consistent with the appropriate levels of care, including but not limited to intensive care, acute general care, and skilled nursing care;

(3) Development of medical group practices, especially those providing services appropriately coordinated or integrated with institutional health service, and development of health maintenance organizations;

(e) The development of comprehensive services for the community to be served. Such services may be either direct or indirect through formal affiliation with other health programs in the area, and include preventive, diagnostic, treatment and rehabilitation services. Preference shall be given to health facilities which will provide the most comprehensive health services and include outpatient and other integrated services useful and convenient to the operation of the facility and the community;

(f) The needs or reasonably anticipated needs of special populations, including members of a comprehensive group practice prepayment health care service plan, members of a religious body or denomination who desire to receive care and treatment in accordance with their religious conviction, or persons otherwise

contracted or enrolled under extended health care arrangements, including life-care agreements pursuant to Chapter 10 (commencing with Section 1770), Division 2 of the Health and Safety Code.

(g) The special needs and circumstances of those entities which provide a substantial portion of their services or resources, or both, to individuals not residing in the health service areas in which the entities are located. Such entities may include medical and other health professional schools, multidisciplinary clinics, and specialty centers.

SEC. 123. Section 437.9 of the Health and Safety Code is amended to read:

437.9. The basis for decisions by the Office of Statewide Health Planning and Development on applications for certificates of need filed pursuant to this part shall be:

(a) The Statewide Health Facilities and Services Plan specified in subdivision (b) of Section 437.7. Until the statewide plan is adopted by the council pursuant to subdivision (b) of Section 437.7:

(1) Existing area plans developed pursuant to subdivision (b) of Section 437.7, as it existed prior to its amendment by enactment of this section, shall continue in effect, and shall be the basis for decisions on projects requiring a certificate of need pursuant to subdivision (a) of Section 437.10.

(2) Review and approval of projects requiring a certificate of need pursuant to subdivision (b), (c), (d), or (e) of Section 437.10 shall be governed by regulations which shall be adopted by the office pursuant to Section 437.6.

(b) The statewide policies developed pursuant to Section 437.8.

(a) Notwithstanding any other provision of law, no proposal for the remodeling of any health facility licensed on or before September 9, 1976, or for the construction of any new health facility to replace in whole or in part any existing health facility licensed on or before September 9, 1976, or for the replacement of the equipment or services of any health facility licensed on or before September 9, 1976, shall be required to be approved as provided in this part, unless the proposal involves one of the following:

(1) An increase in bed capacity.

(2) The conversion of a facility in one category of licensure to a different category of licensure.

(3) The conversion of any of a health facility's existing beds from one classification set forth in Section 1250.1 to another classification, except as authorized by Section 437.10.

(4) A significant expansion or addition of diagnostic or therapeutic capability, or a significant expansion or addition of services.

(5) Location of the health facility on a site which is not the same site or immediately adjacent thereto.

which exceeds a cost of one hundred fifty thousand dollars ($150,000), unless a certificate of need has been obtained for such remodeling or replacement of such special service.

(7) The replacement of any diagnostic or therapeutic equipment at a cost in excess of one hundred fifty thousand dollars ($150,000), when such equipment has been in operation for five years or less. For the purposes of this paragraph, the purchase or lease of one or more articles of functionally related diagnostic or therapeutic equipment, as determined by the Office of Statewide Health Planning and Development, shall be considered together.

(8) The replacement or remodeling of patient rooms and nursing stations costing in excess of two hundred fifty thousand dollars ($250,000), unless such replacement or remodeling meets the requirements of subdivision (b).

(9) Except as provided in subdivision (c), a project for the remodeling or replacement of all or any portion of a health facility or equipment thereof which is not limited to a project specified in paragraph (6), (7), or (8) of this subdivision and the cost of which exceeds the lesser of one million five hundred thousand dollars ($1,500,000) or four thousand dollars ($4,000) multiplied by the health facility's total authorized bed capacity, excluding the cost of projects covered in paragraphs (6), (7), or (8).

(b) Any project specified in paragraph (8) of subdivision (a) which is not otherwise rendered ineligible for exemption by paragraphs (1) to (7), inclusive, of such subdivision, shall be entitled to an exemption under this section if any of the following conditions are met:

(1) Where the health facility has over the previous three years experienced an average licensed bed occupancy rate of over 80 percent, the licensed bed capacity shall not be required to be reduced by a remodeling or replacement proposal.

(2) Except as provided in paragraph (6) of this subdivision, where the health facility has over the previous three years experienced an average licensed bed occupancy rate of not less than 76 nor more than 80 percent, the licensed bed capacity of the health facility upon completion of the remodeling or replacement proposal shall not exceed 95 percent of the licensed bed capacity prior to the project.

(3) Except as provided in paragraph (6) of this subdivision, where the health facility has over the previous three years experienced an average licensed bed occupancy rate of not less than 71 nor more than 75 percent, the licensed bed capacity of the health facility upon completion of the remodeling or replacement proposal shall not exceed 90 percent of the licensed bed capacity prior to the project.

(4) Except as provided in paragraph (6) of this subdivision, where the health facility has over the previous three years experienced an average licensed bed occupancy rate of not less than 66 nor more than 70 percent, the licensed bed capacity of the health facility upon completion of the remodeling or replacement proposal shall not exceed 85 percent of the licensed bed capacity prior to the project.

(5) Except as provided in paragraph (6) of this subdivision, where the health facility has over the previous three years experienced an average licensed bed occupancy rate of not more than 65 percent, the licensed bed capacity of the facility upon completion of the remodeling or replacement proposal shall not exceed 80 percent of the licensed bed capacity prior to the project.

(6) Where the health facility serves a medically underserved population in a medically underserved area as determined by the Health Manpower Policy Commission and the facility's average bed occupancy rate over the previous three years was in excess of 65 percent, the licensed bed capacity shall not be required to be reduced. Where the health facility serves a medically underserved population in a medically underserved area as determined by the Health Manpower Policy Commission and the health facility's average bed occupancy rate is below 65 percent over the previous three years, the licensed bed capacity of the facility upon completion of the remodeling or replacement proposal shall not exceed 90 percent of the facility's licensed bed capacity prior to the project.

(c) Any project specified in paragraph (9) of subdivision (a) which is not otherwise rendered ineligible for exemption by paragraphs (1) to (7), inclusive, of such subdivision, shall be entitled to an exemption under this section if the applicant demonstrates to the satisfaction of the office director that the project is necessary in order for the facility to be able to continue the provision of service in a manner consistent with current standards of practice, and that the project meets all of the following criteria:

(1) The proposed space in square feet for the project, upon completion, is not more than 5 percent net above the statewide average number of square feet per licensed bed in services or departments of comparably sized facilities approved in California during the previous two years pursuant to Chapter 1 (commencing with Section 15000) of Division 12.5 unless the applicant demonstrates to the satisfaction of the office director special requirements for additional space.

(2) Financial resources exist to successfully complete and implement the project, and the financing will not result in an undesirable increase in patient charges in the facility.

(3) The project promotes fiscal economics through measures that assure efficiency and effectiveness, which may include the operation of joint cooperative or shared facility health resources and maximum utilization of facilities.

(4) Less costly alternatives for the project were evaluated by the applicant and found not to be as desirable as the proposed project.

(5) The cost of equipment and construction is within reasonable limits and range for the area, type of project, and projected operational cost.

(6) The size of the project is based on historical or reasonably projected utilization of the service, equipment, or facility.

The office shall adopt regulations further defining the specifics of

the criteria set forth in this subdivision.

(d) For all purposes, including those specified in Section 14105.5 of the Welfare and Institutions Code and in Section 1268 of this code, it shall be deemed that a certificate of need has been issued for any proposal issued a certificate of exemption under this section.

Health facilities desiring an exemption under this section shall, pursuant to regulations of the office, submit an application and plans to the office. The office shall inform the applicant in writing of its determination as to eligibility of the applicant's proposal for such exemption within 60 calendar days of receipt of the application. If the office determines that the proposal is not eligible for such exemption, the applicant may reapply for a certificate of need as provided in Section 438 or seek judicial review.

This section shall remain in effect only until July 1, 1986, and as of such date is repealed, unless a later enacted statute, which is chaptered before July 1, 1986, deletes or extends such date.

SEC. 124.5. Section 437.14 of the Health and Safety Code is amended to read:

437.14. (a) The Office of Statewide Health Planning and Development shall not accept an application for an exemption under paragraph (8) or (9) of subdivision (a) of Section 437.13 if a certificate of exemption has been granted pursuant to such section within the two-year period immediately preceding submission of the new application, unless the applicant shows to the office director's satisfaction that the new application is necessitated by emergency conditions which could not reasonably have been foreseen at the time the prior application was submitted.

(b) Except as provided in subdivision (c), a certificate of exemption issued pursuant to Section 437.13 shall expire upon failure to commence or complete the project authorized thereby within the time specified in this subdivision. Any project involving only the acquisition and installation of equipment shall be completed within two years of issuance of the certificate of exemption. Any other project issued a certificate of exemption under Section 437.13 shall be commenced within two years and completed within five years of issuance of the certificate of exemption. A project shall be deemed commenced for purposes of this subdivision if both of the following have occurred:

(1) Submission to the office of an internal commitment of funds through a force account or the submission to the office of a written agreement executed between the applicant and a licensed general contractor to construct and complete the project within a designated time schedule in accordance with final architectural plans and specifications, which, if required, have been approved pursuant to Chapter 1 (commencing with Section 15000) of Division 12.5.

(2) Completion of construction work on the project to such a degree as to justify and require a progress payment by the applicant to the general contractor under terms of the construction agreement. If the construction agreement does not require progress

payments, then completion of construction shall be at that stage where an initial progress payment would otherwise be required in accordance with the usual and customary practices of the building industry.

(c) The office director may extend the time for commencement or completion of a project exempted pursuant to Section 437.13 if the holder of the certificate of exemption satisfies the office director that the delay is the result of an unpreventable or unexpected occurrence such as an emergency, strike, disaster, unforeseen shortage of materials, or other unforeseen event.

(d) Any project for which an exemption has been approved pursuant to Section 437.13 prior to January 1, 1978, shall not be subject to revocation of such exemption by reason of failure to meet new criteria or requirements effective on or after such date. However, the time limitations specified in subdivisions (b) and (c) of this section for commencement and completion shall be applicable to such projects.

SEC. 125. Section 438.1 of the Health and Safety Code is amended to read:

438.1. Each application for a certificate of need shall contain all of the information required by the Office of Statewide Health Planning and Development and, except as otherwise provided in this part, shall be accompanied by a fee. Such fee shall be determined annually by regulation of the office director and shall be set forth in a schedule differentiating by type and cost of project, as determined by the office director. The office director shall establish such fees so that in the aggregate they will defray costs of processing certificate of need applications which are not otherwise defrayed by the special fees charged pursuant to Section 439. However, the application fee for a certificate of need shall not in any event exceed five thousand dollars ($5,000).

SEC. 126. Section 438.5 of the Health and Safety Code is amended to read:

438.5. (a) Within 90 calendar days of the receipt of the complete application, or an application otherwise deemed complete pursuant to Section 438.2, the Office of Statewide Health Planning and Development shall hold a hearing on the application in the geographical area served by the area health planning agency reviewing the project. At the hearing, the area health planning agency shall present its recommendations and comments on the application. Except as otherwise provided in this part, the hearing shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, except that the office may use its own hearing officer.

(b) On verified petition of any party, the office or the hearing officer shall order that the testimony of any material witness residing within or without the state be taken by deposition in the manner prescribed by law for depositions in civil actions where the party shows and the office or hearing officer finds that the proposed

testimony is material. The petition shall set forth the nature of the pending proceedings, the name and address of the witness whose testimony is desired, a showing of the materiality of the testimony, and shall request an order requiring the witness to appear and testify before an officer named in the petition for that purpose. Where the witness resides outside the state and where the agency has ordered the taking of the testimony by deposition, the agency shall obtain an order of court to that effect by filing a petition therefor in the superior court in Sacramento County. The proceedings thereon shall be in accordance with the provisions of Section 11189 of the Government Code. The provisions of this subdivision shall have no force or effect on and after two years following the effective date of this section.

(c) The office shall make a final decision on an application within 15 calendar days after the conclusion of the public hearing at which the application was considered and shall make its findings public. The decision shall either approve the application, approve it with modifications, reject it, or approve it with conditions mutually agreed upon by the applicant and the office. Failure of the office to render a decision within such time shall be deemed approval of the application and the office shall issue a certificate of need for the project described in the application. The failure of any applicant to fulfill the conditions under which the certificate of need was granted shall constitute grounds for revocation of such certificate of need.

(d) Notice of the substance of the office's decision shall be published in a newspaper of general circulation within the area served by the area health planning agency which reviewed the application, within 10 calendar days following the decision. If the decision differs from the recommendation of the area health planning agency, the office shall submit to the area health planning agency a detailed, explanatory statement.

SEC. 127. Section 438.8 of the Health and Safety Code is amended to read:

In addition, the council shall send copies of such notice to the applicant, the office, the area health planning agency, and any person requesting such a notice.

SEC. 131. Section 1185 of the Health and Safety Code is amended to read:

1185. The Legislature makes the following findings and declarations:

(a) There is a maldistribution of health services in California. Most rural areas of the state do not have adequate health services because there are insufficient health personnel and facilities and inadequate transportation to such services.

(b) The lack of health services in rural areas has a negative impact on the health and safety of the public.

(c) Existing public programs to meet the problem of inadequate health services in rural areas are not sufficient in scope nor properly coordinated to significantly improve the availability of health services.

(d) It is unlikely that the situation will improve without substantial

state and local action.

It is, therefore, the intent of the Legislature in enacting this part to establish a program of rural health services in the State Department of Health Services. The purpose of the program is to improve the coordination of existing rural health services and to increase the amount and availability of the services.

The Legislature intends that the program consist of (1) California Health Services Corps in which health personnel are assigned to health care delivery organizations, (2) health services development projects, in which new health care delivery organizations are established, and (3) an organizational unit within the State Department of Health Services to coordinate rural health programs.

(2) The Director of the Office of Statewide Health Planning and Development has certified, after the public hearing required by subdivision (c), that (i) the acquisition of the property sought to be condemned is necessary for the establishment, operation, or expansion of the nonprofit hospital, (ii) the public interest and necessity require the proposed project, and (iii) the proposed project is planned or located in the manner that will be most compatible with the greatest public good and the least private injury.

(c) The Director of the Office of Statewide Health Planning and Development shall adopt reasonable regulations which will provide for a public hearing to be conducted by a hearing officer in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code in the area where the hospital is located to determine the necessity of the proposed project and of any acquisition of property for the project. Written notice of the hearing shall be given to the voluntary area health planning agency, if one exists, in the area where the hospital is located. The voluntary area health planning agency so notified shall make its recommendations to the hearing officer within 90 days from the receipt of notice. No hearing shall be held prior to the expiration of such 90-day period unless the hearing officer has received the recommendations of the voluntary area health planning agency. At the public hearing, the hearing officer shall insure that the hearing,

in part at least, considers the impact of the proposed project upon the delivery of health care services in the community and upon the environment, as gathered from an environmental impact report. The applicant and all interested parties to the acquisition, including the voluntary area health planning agency, have the right to representation by counsel, the right to present oral and written evidence, and the right to confront and cross-examine opposing witnesses. (c) The commissioner, upon request of the State Director of Health Services may exempt from the provisions of this chapter any pilot program contracting with the State Department of Health Services pursuant to Article 7 (commencing with Section 14490), Chapter 8, Part 3, Division 9 of the Welfare and Institutions Code. Such exemption may be subject to such conditions as the commissioner deems appropriate.

(d) The provisions of this chapter shall not apply to:

11850. (a) As an alternative to the provisions of law relating to suspension of a person's privilege to operate a motor vehicle upon conviction for driving while under the influence of intoxicating liquor or under the combined influence of intoxicating liquor and any drug, as set forth in Section 13201.5 and subdivisions (a), (c), and (e) of Section 13352 of the Vehicle Code, a court may refrain from suspending such privilege and the Department of Motor Vehicles may not suspend or revoke such privilege because of such a conviction if the person convicted of that offense has consented to participate, for at least one year and in a manner satisfactory to the court, in a program for the supervision of such persons and for treatment of their problem drinking or alcoholism that is approved pursuant to this article.

(b) In determining whether to refer such a person to an approved program, the court may consider any relevant information about the person made available pursuant to a presentence investigation or other screening procedure. No such information may be furnished, however, by any person who also provides services in a privately operated, approved program or who has any direct interest in a privately operated, approved program. In addition, the court shall obtain from the Department of Motor Vehicles a copy of the person's driving record to determine whether the person is eligible to participate in an approved program pursuant to the provisions of this article.

(c) The court may refer persons only to approved programs. If an approved program does not exist in the county on the date of conviction of the person and if the county does not have an agreement pursuant to Section 11851 to allow referral of persons to approved programs located in another county, the provisions of Section 13352 of the Vehicle Code shall apply.

(d) The court may refer a person to an approved program, even though the person's privilege to operate a motor vehicle is suspended or revoked, if the period of suspension or revocation will terminate within six months after the person's commencement of participation in the program.

(e) As used in this article, "program" means all the elements of the program described in the amendment to the county alcoholism

program budget submitted pursuant to subdivision (c) of Section 11850.6.

11850.1. (a) In utilizing any such program, the court shall require periodic reports concerning the performance of each person referred to and participating in a program and the immediate report of any failure of any such person to comply with the program's rules and regulations. If, at any time after referral to or while participating in a program, a participant fails to comply with the rules and regulations of the program, the court, upon finding such fact, shall immediately suspend, or order suspension or revocation of, the privilege of such person to operate a motor vehicle for the period prescribed by law.

(b) If, at any time after referral to or while participating in a program, a participant refuses, for any reason, to consent to a chemical test that he or she is required to submit to pursuant to Section 13353 of the Vehicle Code, his or her participation in the program shall be terminated and the Department of Motor Vehicles shall immediately suspend or revoke his or her privilege to operate a motor vehicle for the period prescribed in Section 13352 of the Vehicle Code, according to the offense for which he or she was convicted immediately prior to referral to the program. Such period of suspension or revocation shall be in addition to the period of suspension imposed by the Department of Motor Vehicles pursuant to Section 13353 of the Vehicle Code.

(c) In the event the state department withdraws approval of a program, the Department of Motor Vehicles shall suspend or revoke, for the period prescribed by law, the privilege to operate a motor vehicle of every person previously participating in the program who does not commence participation, in a manner satisfactory to the court, in an approved program within 21 days after the date approval was withdrawn from the previous program.

(d) In addition to any other condition of probation, the court shall have the discretion to determine whether any person desiring to participate in a program shall be required to furnish proof of ability to respond in damages, as defined in Section 16430 of the Vehicle Code, as a condition to participation in the program.

11850.2. The court, upon convicting a person of driving while under the influence of intoxicating liquor or under the combined influence of intoxicating liquor and any drug, shall transfer jurisdiction of all postjudgment matters in the case to the court in the county where such person resides for further proceedings pursuant to this article if the court finds that such person has consented to participate in an approved program in, or closer to, his county of residence in a manner satisfactory to the court. The state department shall establish reporting procedures for transfers of jurisdiction pursuant to this section in order to assure effective implementation of this section. Upon receiving notice that a person has not commenced participation, in a manner satisfactory to the court to which jurisdiction has been transferred, in an approved program

within 21 days after the date of conviction, excluding any days of imprisonment served by such person pursuant to sentence imposed for conviction for such offense, the Department of Motor Vehicles shall suspend or revoke the person's privilege to operate a motor vehicle for the period prescribed by law.

11850.3. No person may be admitted or readmitted into a program for the supervision and treatment of problem drinking or alcoholism pursuant to this article until four years after such person ceases his or her prior participation in such a program. The four-year period shall commence either on the date the court orders the suspension or revocation of such person's privilege to operate a motor vehicle pursuant to Section 11850.1 or on the date such person successfully completes the program, whichever is later. With respect to any person arrested for the offense of driving while under the influence of intoxicating liquor or under the combined influence of intoxicating liquor and any drug subsequent to the commencement of a four-year period, such person's eligibility to participate in the program again shall be determined on the basis of the date on which such person is alleged to have committed that offense.

11850.4. (a) The state department shall have sole authority to approve programs pursuant to this article. No program, regardless of how it is funded, may be approved unless it meets the standards established by the state department, which shall include, but need not be limited to, the following:

(1) Each program shall provide for close and regular supervision of the person, including face-to-face interviews at least once every other calendar week, regarding the person's progress in the program. Such interviews shall be conducted individually with each person being supervised and shall occur at times during which any group to which such person is assigned is not participating in any other activities of the program.

(2) The state department shall approve all fee schedules for such programs and shall require that each program make provision for persons who cannot afford such fees in order to enable such persons to participate. The state department shall ensure that such fees are set at amounts which will enable programs to provide adequately for the services required pursuant to this article. Such fees shall be used only for the purposes set forth in this article. The state department may not approve any program if the state department finds that any element of the administration of the program does not assure the fiscal integrity of the program.

(3) Each program shall include a variety of treatment services for problem drinkers and alcoholics or shall have the capability of referring such persons to, and regularly and closely supervising such persons while in, appropriate treatment services for their problem drinking or alcoholism. In addition to the requirements of paragraph (1) of this subdivision, the state department shall prescribe in its standards what other services the program shall provide its participants, which services may include lectures, classes, group

discussions, individual counseling in addition to the interviews required by paragraph (1), or any combination thereof. However, any class or group discussion, other than lectures, shall not exceed 15 persons at any one meeting.

(4) In order to assure effective treatment and supervision in any program, the state department shall require, whenever appropriate, that the program provides services to ethnic minorities, women, youth, or any other group that has particular needs relating to the program.

(5) The goal of each program shall be to enable the person participating in the program to address successfully his or her alcohol abuse or alcoholism problem, to eliminate any dependence on alcoholic beverages, and to protect the public's health and safety upon the highways.

(b) Each program may be an extension of an existing program or a new program. No such program may be approved, however, unless the county complies with the requirements of Section 11817.

(c) The state department shall adopt standards, which it may issue in the form of regulations, in addition to any of the standards set forth in this section in order to assure effective implementation of the procedure established by this article.

11850.5. (a) No person may participate in any program that has not been approved or reapproved by the state department pursuant to the standards established pursuant to this article. The state department shall reapprove existing programs in the demonstration counties that were selected pursuant to Section 13201.5 of the Vehicle Code, as added by Chapter 1133 of the Statutes of 1975, if such programs meet the standards established pursuant to this article; and no person may participate in any such program until it is reapproved pursuant to this article.

(b) The state department may charge a reasonable fee for approval or reapproval of a program. The fee shall be set at a level sufficient to cover all administrative costs of the program incurred by the state department and the Department of Motor Vehicles. All such fees received by the state department shall be deposited in the General Fund for reimbursing the state department and the Department of Motor Vehicles their costs incurred in approving or reapproving programs and their administrative costs, when appropriated for that purpose by the Legislature.

11850.6. (a) The Legislature recognizes that were the state department to be charged with monitoring closely the programs established pursuant to this article, it would require significantly increased staff. The Legislature also recognizes that such monitoring by state agencies often is ineffective and misleads the Legislature and public into believing that the state can and has adequately fulfilled such responsibilities. The Legislature also recognizes that the governing body and responsible county staff are much closer to, and more informed about, the daily activities of the programs approved pursuant to this article and about the impact that failure

of such programs might have for the citizens of their county. The Legislature also recognizes that if a program is deficient, clients may receive inadequate supervision and treatment and may therefore remain a danger to the public health and safety and a burden to themselves, their family, and the community. Therefore, the Legislature places the major responsibility for assuring programmatic and fiscal integrity of each program with the governing body of each county utilizing a program pursuant to this article.

(b) The governing body shall delegate to the alcoholism administrator, pursuant to the provisions of Article 2 (commencing with Section 11790) of this chapter, the responsibility to assure compliance with the standards of the state department by any program designated by the county for operation therein and approved by the state department. In any county in which such an administrator has not been appointed, the head of the health-related agency or department designated pursuant to Section 11793 shall assume the duties of the alcoholism administrator and administer the program pursuant to the provisions of this article.

(c) The alcoholism administrator shall submit to the governing body a description of each program to be utilized in the county in the form of a proposed amendment to the county alcoholism program budget required by Article 3 (commencing with Section 11810) of this chapter. Prior to such submission, the advisory board shall review the proposal, and its comments shall be included in the submission to the governing body. If the governing body approves the amendment, it shall submit the amendment to the state department for approval. The state department shall approve the amendment if it finds that the program meets the requirements of this article. The state department may approve a program on a provisional basis.

(d) In addition to the provisions of Section 11797, no person may serve as a member of the advisory board who is an employee, director, or member of any advisory body, or holds any similar position or title on a compensated or noncompensated basis in any program which seeks or possesses approval pursuant to this article.

11850.7. (a) The alcoholism administrator, or the advisory board acting through the alcoholism administrator, shall inform the governing body immediately if it is determined that any program is not meeting the standards established by the state department. The governing body shall immediately notify the state department, which, if it finds that such program does not meet such standards or cannot meet such standards within 30 days of notice by the state department, shall withdraw approval of the program.

(b) If the state department modifies any of its standards, the alcoholism administrator shall assure within a time period established by the state department that each program within his or her county has met such standards. The state department shall withdraw approval of any program that does not at any time meet

the standards established by the state department.

(c) The alcoholism administrator, chief probation officer, the director, or their authorized representatives may enter, in a nondisruptive manner, any class, lecture, group discussion, or any other program element to observe such activities.

(d) Within its staff and time limitations, the state department may require reapproval of all programs on a periodic basis commencing January 1, 1979, and may charge a fee pursuant to subdivision (b) of Section 11850.5 for such reapproval.

(e) Notwithstanding the provisions of subdivision (a) of Section 11850.6, the state department may audit, or contract for the auditing of, any approved program.

11850.8. (a) The state department shall authorize each alcoholism administrator to retain, in an amount to be specified by the state department, a portion of the fees charged for participation in the program that is sufficient to reimburse the county for the costs and expenses which the administrator reasonably incurs in discharging his or her duties pursuant to this article.

(b) A county may not use for any purpose set forth in this article any funds allocated to it by the state department pursuant to Article 4 (commencing with Section 11830) of this chapter. The governing body may authorize the use of any other funds for any such purpose.

11850.9. As an element of the program, the probation department may provide any of the face-to-face interviews required pursuant to paragraph (1) of subdivision (a) of Section 11850.4 and may supplement any of the other services required to be provided by a program. The participation of the probation department shall be described in the amendment to the county alcoholism program budget.

11851. The Legislature encourages all counties to utilize the procedure described in this article, but recognizes that it is not feasible for every county to establish its own programs. Accordingly, two or more counties may jointly establish programs pursuant to subdivision (b) of Section 11790 of this code or Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code or may furnish by contract such program services to residents of another county pursuant to Section 11803 of this code. The governing body of the county in which the program is located shall be responsible for assuring the integrity of the program as required pursuant to subdivision (a) of Section 11850.6.

11851.1. The state department, in cooperation with the Department of Motor Vehicles, shall establish uniform statewide reporting procedures and forms for the submission of any appropriate documents or information from governing bodies, alcoholism administrators, administrators of programs, and program participants to assure effective implementation of this article.

11851.2. The Legislature finds and declares that, in order to provide for orderly and effective implementation of this article, to prevent the courts and programs in each county from being

overburdened at the commencement of the implementation of this article, and to protect the public health and safety, this article shall apply only on a prospective basis. Therefore, this article shall apply only to persons either (a) who are alleged to have committed the offense of driving while under the influence of intoxicating liquor or under the combined influence of intoxicating liquor and any drug on or after January 1, 1978, and are subsequently convicted, for that offense or (b) who are alleged to have committed that offense on or after the date when a program, to which such a person may be referred by the court upon conviction for that offense, has been approved by the state department, and are subsequently convicted for that offense, whichever date is later.

1370.1. (a) If the defendant is found mentally competent, the criminal process shall resume, the trial on the offense charged shall proceed, and judgment may be pronounced. If the defendant is found mentally incompetent and is developmentally disabled, the trial or judgment shall be suspended until he becomes mentally competent, and the court shall order that (1) in the meantime, the defendant be delivered by the sheriff or other person designated by the court to a state hospital for the care and treatment of the developmentally disabled or any other available residential facility approved by the director of a regional center for the developmentally disabled established under Division 4.5 (commencing with Section 4500) of the Welfare and Institutions Code as will promote the defendant's speedy restoration of mental competence, or be ordered to undergo outpatient treatment as specified in Section 1370.3 and (2) upon his becoming competent, he be redelivered to the sheriff or other person designated by the court to be returned to court where the criminal process shall resume. The court shall transmit a copy of its order to the regional center director or his designee.

As used in this section, "developmental disability" means a disability which continues, or can be expected to continue, indefinitely and constitutes a substantial handicap for such individual. As defined by the Director of Developmental Services, this term shall include mental retardation, cerebral palsy, epilepsy, and autism. This term shall also include handicapping conditions found to be closely related to mental retardation or to require treatment similar to that required for mentally retarded individuals, but shall not include other handicapping conditions that are solely physical in nature.

If the defendant has been charged with murder, mayhem, a violation of Section 207 or 209 in which the victim suffers intentionally inflicted great bodily injury, robbery perpetrated by torture or by a person armed with a dangerous or deadly weapon or in which the victim suffers great bodily injury, a violation of Section 211a, a violation of Section 447a involving a trailer coach, as defined in Section 635 of the Vehicle Code, or any dwelling house, a violation of subdivision (2) or (3) of Section 261, a violation of Section 459 in the first degree, assault with intent to commit murder, a violation of Section 220 in which the victim suffers great bodily injury, a violation of Section 12303.1, 12303.3, 12308, 12309, or 12310, or if the defendant has been charged with a felony involving death, great bodily injury, or an act which poses a serious threat of bodily harm to another

person, the court shall direct that the defendant be confined for evaluation and treatment in a state hospital or other residential facility approved by the regional center director for a minimum of 90 days before such defendant may be released on outpatient treatment pursuant to Section 1374. Prior to release on outpatient treatment, such defendant shall be returned to court for a hearing to determine whether the defendant is entitled to be admitted to bail or released upon his own recognizance.

Prior to making such order, the court shall order the regional center director or his designee to evaluate the defendant and to submit to the court within 15 judicial days of such order his written recommendation as to whether the defendant should be required to undergo outpatient treatment, or committed to a state hospital or to any other available residential facility approved by the regional center director.

If the defendant is committed or transferred to a state hospital pursuant to this section, the court may, upon receiving the written recommendation of the superintendent of the state hospital and the regional center director that the defendant be transferred to a residential facility approved by the regional center director, order the defendant transferred to such facility. If the defendant is committed or transferred to a residential facility approved by the regional center director, the court may, upon receiving the written recommendation of the regional center director, transfer the defendant to a state hospital or to another residential facility approved by the regional center director.

In the event of dismissal of the criminal charges before the defendant recovers competence, the person shall be subject to the applicable provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code) or to commitment or detention pursuant to a petition filed pursuant to Section 6502 of the Welfare and Institutions Code.

The defendant or prosecuting attorney, if he chooses to contest either kind of order of transfer, may petition the court for a hearing, which shall be held if the court determines that sufficient grounds exist. At such hearing the prosecuting attorney or the defendant may present evidence bearing on the order of transfer. The court shall use the same standards as used in conducting probation revocation hearings pursuant to Section 1203.2.

Prior to making an order for transfer under this section, the court shall notify the defendant, the attorney of record for the defendant, the prosecuting attorney, and the regional center director or his designee.

(b) (1) Within 90 days of a commitment made pursuant to subdivision (a), the superintendent of the state hospital or other facility to which the defendant is committed or from which the defendant is placed on outpatient treatment shall make a written report to the regional center director or his designee concerning the

defendant's progress toward recovery of his mental competence which the regional center director or his designee shall immediately transmit to the court as part of the defendant's progress report. If the defendant has not recovered his mental competence, but the report discloses a substantial likelihood the defendant will regain his mental competence in the foreseeable future, he shall remain in the state hospital or other facility or on outpatient treatment. Thereafter, at six-month intervals or until the defendant becomes mentally competent, the superintendent of the hospital or person in charge of the facility shall report to the regional center director or his designee regarding the defendant's progress toward recovery of his mental competence which the regional center director or his designee shall immediately transmit to the court as part of the defendant's progress report. If the report indicates that there is no substantial likelihood that the defendant will regain his mental competence in the foreseeable future, the committing court shall order him to be returned to the court for proceedings pursuant to paragraph (2) of subdivision (c). The court shall transmit a copy of its order to the regional center director or his designee.

(2) If, after the defendant has been committed or has undergone outpatient treatment for 18 months, he is still hospitalized or on outpatient treatment pursuant to this section, he shall be returned to the committing court where a hearing shall be held pursuant to the procedures set forth in Section 1369. The court shall transmit a copy of its order to the regional center director or his designee.

(3) If it is determined by the court that no treatment for the defendant's mental impairment is being conducted, the defendant shall be returned to the committing court.

(4) The regional center director or his designee shall deliver the reports made pursuant to paragraph (1) to the committing court and shall provide a copy thereof to the defendant, his attorney of record, and any other interested person specified by the defendant.

(c) (1) If, at the end of three years from the date of commitment or a period of commitment equal to the maximum term of imprisonment provided by law for the most serious offense charged in the information, indictment, or misdemeanor complaint, whichever is shorter, the defendant has not recovered his mental competence, he shall be returned to the committing court. The court shall notify the regional center director or his designee of such return and of any resulting court orders.

(2) If it is found that the person is not subject to commitment or detention pursuant to the applicable provision of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code) or to commitment or detention pursuant to a petition filed pursuant to Section 6502 of the Welfare and Institutions Code, the individual shall not be subject to further confinement pursuant to this article and the criminal action remains subject to dismissal pursuant to Section 1385.

(d) Notwithstanding any other provision of this section, the criminal action remains subject to dismissal pursuant to Section 1385. If at any time prior to the maximum period of time allowed for proceedings under this article, the regional center director concludes that the behavior of the defendant related to the defendant's criminal offense has been eliminated during time spent in court-ordered programs, the court may, upon recommendation of the regional center director, dismiss the criminal charges.

If the director of the appropriate department so determines, the superintendent of the hospital shall receive the prisoner and keep him until in the opinion of the superintendent such person has been treated to such an extent that he will not benefit from further care and treatment in the state hospital.

SEC. 161. Section 17226 of the Revenue and Taxation Code is amended to read:

17226. (a) Every taxpayer at his election, shall be entitled to a deduction with respect to the amortization of the amortizable basis of any certified pollution control facility (as defined in subdivision (d)), based on a period of 60 months. Such amortization deduction shall be an amount with respect to each month of such period within the taxable year, equal to the amortizable basis of the pollution control facility at the end of such month divided by the number of months (including the month for which the deduction is computed) remaining in the period. Such amortizable basis at the end of the month shall be computed without regard to the amortization deduction for such month. The amortization deduction provided by this section with respect to any month shall be in lieu of the depreciation deduction with respect to such pollution control facility for such month provided by Section 17208. The 60-month period shall begin, as to any pollution control facility, at the election of the taxpayer, with the month following the month in which such facility was completed or acquired, or with the succeeding taxable year.

(b) The election of the taxpayer to take the amortization deduction and to begin the 60-month period with the month following the month in which the facility is completed or acquired, or with the taxable year succeeding the taxable year in which such facility is completed or acquired, shall be made by filing with the Franchise Tax Board in such manner, in such form, and within such

time, as the Franchise Tax Board may by regulations prescribe, a statement of such election.

(c) A taxpayer which has elected under subdivision (b) to take the amortization deduction provided in subdivision (a) may, at any time after making such election, discontinue the amortization deduction with respect to the remainder of the amortization period, such discontinuance to begin as of the beginning of any month specified by the taxpayer in a notice in writing filed with the Franchise Tax Board before the beginning of such month. The depreciation deduction provided under Section 17208 shall be allowed, beginning with the first month as to which the amortization deduction does not apply, and the taxpayer shall not be entitled to any further amortization deduction under this section with respect to such pollution control facility.

(d) For purposes of this section—

(1) The term "certified pollution control facility" means a new identifiable treatment facility which is used, in connection with a plant or other property in operation before January 1, 1977, to abate or control water or atmospheric pollution or contamination by removing, altering, disposing, storing, or preventing the creation or admission of pollutants, contaminants, wastes, or heat and which—

(A) The State Department of Health Services has certified as having been constructed, reconstructed, erected, or acquired in conformity with the state program or requirements for abatement or control of water or atmospheric pollution or contamination, and

(B) Does not significantly—

(i) Increase the output or capacity, extend the useful life, or reduce the total operating costs of such plant or other property (or any unit thereof), or

(ii) Alter the nature of the manufacturing or production process or facility.

(2) For purposes of paragraph (1), the term "new identifiable treatment facility" includes only tangible property (not including a building and its structural components, other than a building which is exclusively a treatment facility) which is of a character subject to the allowance for depreciation provided in Section 17208, which is identifiable as a treatment facility, and which—

(A) Is property—

(i) The construction, reconstruction, or erection of which is completed by the taxpayer after December 31, 1970, or

(ii) Acquired after December 31, 1970, if the original use of the property commences with the taxpayer and commences after such date.

In applying this section in the case of property described in clause (i) of subparagraph (A), there shall be taken into account only that portion of the basis which is properly attributable to construction, reconstruction, or erection after December 31, 1970.

(B) In the case of any treatment facility used in connection with any plant or other property not in operation before January 1971, the

preceding sentence shall be applied by substituting December 31, 1976, for December 31, 1970.

(e) The State Department of Health Services shall not certify any property to the extent it appears that by reason of profits derived through the recovery of wastes or otherwise in the operation of such property, its costs will be recovered over its actual useful life.

(f) (1) For purposes of this section, the term "amortizable basis" means that portion of the adjusted basis (for determining gain) of a certified pollution control facility which may be amortized under this section.

(2) (A) If a certified pollution control facility has a useful life (determined as of the first day of the first month for which a deduction is allowable under this section) in excess of 15 years, the amortizable basis of such facility shall be equal to an amount which bears the same ratio to the portion of the adjusted basis of such facility, which would be eligible for amortization but for the application of this subparagraph, as 15 bears to the number of years of useful life of such facility.

(B) The amortizable basis of a certified pollution control facility with respect to which an election under this section is in effect shall not be increased, for purposes of this section, for additions or improvements after the amortization period has begun.

(g) The depreciation deduction provided by Section 17208 shall, despite the provisions of subdivision (a), be allowed with repsect to the portion of the adjusted basis which is not the amortizable basis.

(h) In the case of property held by one person for life with remainder to another person, the deduction under this section shall be computed as if the life tenant were the absolute owner of the property and shall be allowable to the life tenant.

(i) For special rule with respect to certain gain derived from the disposition of property the adjusted basis of which is determined with regard to this section, see Section 18211.

(j) The amendments made to subdivision (d) by the 1977–78 Regular Session of the Legislature shall apply to taxable years beginning after December 31, 1976. Such amendments shall not apply in the case of any property with respect to which the amortization period under this section began before January 1, 1977.

(b) The right of the director or deputy directors to inspect income tax records or obtain such other information as provided in this section shall be limited to the records for the current year and the year preceding inspection of applicants or recipients of assistance under Division 9 (commencing with Section 10000) of the Welfare and Institutions Code, and the responsible relatives of such applicants or recipients. The information obtained pursuant to this section shall be used or disclosed only for the purpose of enabling the Director of Social Services or his deputy directors to verify or determine the eligibility or entitlement of an applicant for, or recipient of, public social services or the obligation of a responsible relative.

(c) The counties are authorized to request such information as provided in this section from the Director of Social Services or deputy directors. The director may release such information to the director of a county from which the applicant or recipient receives aid and such information shall be used or disclosed by the director of said county only for the purpose specified in subdivision (b).

(d) The applicant or recipient or responsible relative whose income tax records have been requested of the Franchise Tax Board shall be notified by mail that such request has been made at the time of said request.

The amortization deduction provided by this section with respect to any month shall be in lieu of the depreciation deduction with respect to such pollution control facility for such month provided by Section 24349. The 60-month period shall begin, as to any pollution control facility, at the election of the taxpayer, with the month following the month in which such facility was completed or acquired, or with the succeeding income year.

(b) The election of the taxpayer to take the amortization deduction and to begin the 60-month period with the month following the month in which the facility is completed or acquired, or with the income year succeeding the income year in which such facility is completed or acquired, shall be made by filing with the Franchise Tax Board in such manner, in such form, and within such time, as the Franchise Tax Board may by regulations prescribe, a statement of such election.

(c) A taxpayer which has elected under subdivision (b) to take the amortization deduction provided in subdivision (a) may at any time after making such election, discontinue the amortization deduction with respect to the remainder of the amortization period, such discontinuance to begin as of the beginning of any month specified by the taxpayer in a notice in writing filed with the Franchise Tax Board before the beginning of such month. The depreciation deduction provided under Section 24349 shall be allowed, beginning with the first months as to which the amortization deduction does not apply, and the taxpayer shall not be entitled to any further amortization deduction under this section with respect to such pollution control facility.

(d) For purposes of this section—

(1) The term "certified pollution control facility" means a new identifiable treatment facility which is used, in connection with a plant or other property in operation before January 1, 1977, to abate or control water or atmospheric pollution or contamination by removing, altering, disposing, storing or preventing the creation or emission of pollutants, contaminants, wastes, or heat and which—

(ii) Alter the nature of the manufacturing or production process or facility.

(2) For purposes of paragraph (1), the term "new identifiable treatment facility" includes only tangible property (not including a building and its structural components, other than a building which is exclusively a treatment facility) which is of a character subject to the allowance for depreciation provided in Section 24349, which is identifiable as a treatment facility, and which—

(A) Is property—

(i) The construction, reconstruction, or erection of which is completed by the taxpayer after December 31, 1970, or

(ii) Acquired after December 31, 1970, if the original use of the property commences with the taxpayer and commences after such date.

(B) In applying this section in the case of property described in clause (i) of subparagraph (A), there shall be taken into account only that portion of the basis which is properly attributable to construction, reconstruction, or erection after December 31, 1970.

(C) In the case of any treatment facility used in connection with any plant or other property not in operation before January 1971, the preceding sentence shall be applied by substituting December 31, 1976, for December 31, 1970.

(e) The State Department of Health Services shall not certify any property to the extent it appears that by reason of profits derived through the recovery of wastes or otherwise in the operation of such property, its costs will be recovered over its actual useful life.

If the patient has not been previously referred to the regional center, the physician and surgeon shall inform a parent or the guardian of the patient of the existence of the regional center for the area, its address and telephone number, and shall describe to such person the services available through the regional center, and shall, upon request of the parent or guardian of

the patient, refer in writing the patient through his parent or guardian to the regional center. Upon obtaining the consent of the patient's parent or guardian, the physician and surgeon shall notify the regional center of such referral.

For the purposes of this section, "qualified physician and surgeon" means those physicians and surgeons who have recognized and accredited training and a specialized pediatric practice in childhood disabilities.

SEC. 201.4. Section 4681 of the Welfare and Institutions Code is amended to read:

4681. By July 1, 1977, and each year thereafter, the department shall establish rates, which shall be reviewed by the state council. Such rates shall annually be proposed to the Legislature by March 1 and shall be operative on July 1 of each year, subject to the appropriation of sufficient funds for such purpose in the Budget Act. In establishing rates to be paid for out-of-home care, the department shall include each of the cost elements in this section as follows:

(a) Rates established for all facilities shall include an adequate amount to care for "basic living needs" of a person with developmental disabilities. "Basic living needs" are defined to include housing (shelter, utilities, and furnishing), food, and personal care. The amount required for basic living needs shall be calculated each year as the average cost of an additional normal child, between the age of 12-17, living at home. The amount for basic living needs shall be adjusted depending on the size of the out-of-home facility. These amounts shall be adjusted annually to reflect cost-of-living changes. A redetermination of basic living costs shall be undertaken every three years by the department using the best available estimating methods.

(b) Rates established for all facilites that provide direct supervision for persons with developmental disabilities shall include an amount for "direct supervision." The cost of "direct supervision"

shall reflect the ability of the person in the facility to function with minimal, moderate, or intensive supervision. Minimal supervision means that a developmentally disabled person needs the assistance of other persons with certain daily activities. Moderate supervision means that a developmentally disabled person needs the assistance of other persons with daily activities most of the time. Intensive supervision means that all the personal and physical needs of a developmentally disabled person are provided by other persons. The individual program plan developed pursuant to Section 4646 shall determine the amount of "direct supervision" required for each individual. The cost of "direct supervision" is calculated as the wage costs of care-giving staff depending on the needs of the person with developmental disabilities. These rates shall be adjusted annually to reflect wage changes and shall comply with all federal regulations for hospitals and residential-care establishments under provisions of the Fair Labor Standards Act.

(c) Rates established for all facilities that provide "special services" for persons with developmental disabilities shall include an amount to pay for such "special services" for each person receiving special services. "Special services" include medical and dental care and therapeutic, educational, training, or other services required in the individual program plan of each person. Facilities shall be paid for providing special services for each individual to the extent that such services are specified in the person's individual program plan and the facility is designated provider of such special services. Rates of payment for special services shall be the same as prevailing rates paid for similar services in the area.

(d) To the extent applicable, rates established for facilities shall include a reasonable amount for "unallocated services." Such costs shall be determined using generally accepted accounting principles. "Unallocated services" means the indirect costs of managing a facility and includes costs of managerial personnel, facility operation, maintenance and repair, employee benefits, taxes, interest, insurance depreciation, and general and administrative support. If a facility serves other persons in addition to developmentally disabled persons, unallocated services expenses shall be reimbursed under the provision of this section, only for the proportion of the costs associated with the care of developmentally disabled persons.

(e) Rates established for facilities shall include an amount to reimburse facilities for the depreciation of "mandated capital improvements and equipment" as established in the state's uniform accounting manual. For purposes of this section, "mandated capital improvements and equipment" are only those remodeling and equipment costs incurred by a facility because an agency of government has required such remodeling or equipment as a condition for the use of the facility as a provider of out-of-home care to persons with developmental disabilities.

(f) When applicable, rates established for proprietary facilities shall include a reasonable "proprietary fee."

(g) Rates established for all facilities shall include as a "factor" an amount to reflect differences in the cost of living for different geographic areas in the state.

SEC. 201.5. Section 4681.2 is added to the Welfare and Institutions Code, to read:

4681.2. The study shall evaluate the feasibility of adopting a system similar to the rate-setting system for public utilities in California.

Such deed shall be delivered to the county tax collector. Thereafter, such property shall be held as tax-deeded property by the state and the privilege of redemption is thereby restored.

SEC. 15. Section 4114 of the Revenue and Taxation Code is repealed.

SEC. 16. Section 4114 is added to the Revenue and Taxation Code, to read:

4114. When it can be determined from an inspection of the tax records that the tax collector has erroneously computed the amount necessary to redeem a parcel of property as to which a redemption certificate has been issued, and such error has resulted in an underpayment of the amount required to redeem such property, the amount of redemption deficiency may be collected by the tax collector, if within four years after the date of the underpayment, the tax collector sends notice of or a bill for the underpayment by registered or certified mail to the assessee of the property for the year in which the underpayment was made, at his last known address. The notice shall show:

(1) That the tax collector made an unintended error in computing the amount required to redeem the property.

If payment of the redemption deficiency is not made within 30 days following the mailing of the notice or bill required by Section 4114, the deficiency shall be transferred to the secured roll prepared or being prepared for the assessment year in which such notice or bill is mailed to the assessee, and shall thereafter be treated and collected like other taxes on such roll; provided, however, that if prior to the date of transfer to the secured roll, with the date of entry specified thereon, the real property on which such redemption deficiency constitutes a lien has been transferred or conveyed to a bona fide purchaser for value or becomes subject to a bona fide encumbrance for value, such redemption deficiency shall not create, impose or constitute a lien on such real property but shall be transferred to the unsecured roll in the name of the assessee at the time the original insufficient payment was made and shall thereafter be treated and collected like other taxes on said roll.

The entry on the roll shall be followed with "Deficiency in Redemption of Parcel Number _____ on _____, 19 _____." The foregoing entry may be made on a document separate from the roll if reference is made on the roll to the document wherein the entry is made. The delinquent tax abstract from which the redemption deficiency is transferred may, at the option of the county, serve as the separate document.

SEC 18. Section 4116 is added to the Revenue and Taxation Code, to read:

All other payments may be started on or after July 1 of the fiscal year commencing after the fiscal year in which default occurred.

SEC. 20. Section 4222 of the Revenue and Taxation Code is amended to read:

4222. If all payments are not made on or before the dates prescribed, the property may be deeded to the state or the right of

redemption may be terminated in the same manner as if no election to pay delinquent taxes in installments had been made. In the event that the default occurs at the time the second or subsequent installment is due and the assessee or agent of the assessee can, by substantial evidence, convince the tax collector that the payment was not made through any fault of the assessee the tax collector may reinstate the account upon receipt of a payment in an amount reflecting the installment due plus interest under Section 4221 to the date of reinstatement, provided the payment is made prior to the time the property is deeded to the state or prior to June 30 of the current fiscal year, whichever occurs earlier.

SEC. 21. Section 4672 of the Revenue and Taxation Code is amended to read:

4672. There shall be distributed to the State of California, to be placed in the General Fund, the following:

One dollar and fifty cents ($1.50) for all or any portion of each separately valued parcel of real property deeded to the state and sold to private parties or to a taxing agency.

If property is deeded to a taxing agency under an agreement requiring that the taxing agency resell the property, it shall not be deemed "sold" until resold by the taxing agency to a private party.

The one dollar and fifty cents ($1.50) for property sold shall be paid from the total amount to be distributed. If the total amount is insufficient the one dollar and fifty cents ($1.50) shall be reduced accordingly.

SEC. 22. Section 4672.1 of the Revenue and Taxation Code is amended to read:

4672.1. There shall be distributed to the county general fund to reimburse the county for the cost of conducting the sale one hundred fifty dollars ($150) for all or any portion of each separately valued parcel of real property deeded to the state and sold to private parties or to a taxing agency.

If property is deeded to a taxing agency under an agreement requiring that the taxing agency resell the property it shall not be deemed "sold" until resold by the taxing agency to a private party.

One hundred fifty dollars ($150) for property sold shall be paid from the total amount to be distributed, after satisfaction of the amount specified in Section 4672. If such amount is insufficient, the one hundred fifty dollars ($150) shall be reduced accordingly.

SEC. 23. Section 4920 of the Revenue and Taxation Code is amended to read:

4920. This article shall be applicable only if all of the following requirements in either subdivision (a) or subdivision (b) are true:

(a) (1) By substantial evidence a redemptioner convinces the tax collector that money paid by him in redemption of any property or for the use of any property pursuant to Chapter 3 (commencing with Section 4186) of Part 7 of this division was intended by him to be paid in connection with any other property or that such payment was, without his fault, credited to unintended property.

(2) The right of redemption has not terminated on the property in connection with which the payment was intended.

(3) Two years have not elapsed since the date of the payment.

(4) A guarantee or certificate of title has not been issued on the property in connection with which the payment was credited.

When all of the foregoing are true, the tax collector shall transfer the payment to the property in connection with which the payment was intended, and in case the payment caused the redemption of the property in connection with which the payment was not intended, cancel the redemption of that property.

(b) (1) By substantial evidence a redemptioner convinces the tax collector that money paid by him in redemption of any property or for the use of any property pursuant to Chapter 3 (commencing with Section 4186) of Part 7 of this division was, without his fault, credited to unintended property.

(2) The right of redemption has not terminated on the property in connection with which the payment was intended.

(3) Two years have not elapsed since the date of the payment.

(4) A guarantee or certificate of title has been issued on the property in connection with which the payment was credited.

When all of the foregoing are true, the tax collector shall transfer the payment to the property in connection with which the payment was intended to be made, and shall cancel the credit on the unintended property. In the event such a transfer is made, the person owning the unintended property immediately before issuance of the guaranty or certificate shall be personally liable for the amount so transferred which shall be collected in the manner specified for the collection of taxes on the unsecured roll.

SEC. 24. There are no state-mandated local costs in this act that require reimbursement under Section 2231 of the Revenue and Taxation Code because there are no new duties, obligations or responsibilities imposed on local government by this act.

The governing board of any school district or a county superintendent of schools, with the approval of the county board of education and the Superintendent of Public Instruction, may establish and maintain a program for deaf or severely hard-of-hearing children. Not more than five such programs shall be established pursuant to this section. Program approval shall be given to such school district or county superintendent of schools which is presently operating such a program or which is otherwise prepared to undertake the type of program authorized by this section.

With the approval of the Superintendent of Public Instruction, these programs shall be permitted to operate differently from regular class programs. The Superintendent of Public Instruction may, upon application of the governing board or county superintendent of schools, as the case may be, waive such provisions of this code as he deems necessary in order to provide the necessary flexibility for these programs.

It is the intent of the Legislature that, in connection with these programs, proper recognition be given to the needs of parents, through provision of parents' home training and parent counseling, the audiological needs of the child, and the purchase of necessary supplies and equipment. The Legislature also intends that proper recognition be given to the need for the promotion and initiation of early identification activities. However, for the purposes of these

programs, it is not intended that actual identification activities be undertaken of the infant population at large.

The Superintendent of Public Instruction shall prepare and submit to the Legislature 24 months after initiation of such a program, but no later than March 1, 1980, an evaluation report of the results of the programs. Authorization to conduct such programs shall continue until the Master Plan for Special Education becomes operational and authorizes the inclusion of these programs.

Authorization to conduct experimental programs for deaf or severely hard-of-hearing children expires on July 30, 1978. Thus, in order to permit existing experimental programs to continue without interruption, thus avoiding harm to presently functioning successful programs, it is necessary that this act take effect immediately.

(b) $1,500,000 for the 1979–80 fiscal year.

SEC. 2. It is the intent of the Legislature that the appropriation made in Section 1 of this act is being made solely to provide emergency funding necessary to keep the Abandoned Vehicle Trust Fund solvent through the 1979–80 fiscal year and that any further funding to augment the Abandoned Vehicle Trust Fund be provided through either the budgetary process that will thereafter provide the

necessary augmentation biannually, or by special legislation.

SEC. 3. The Legislative Analyst, in cooperation with the Department of the California Highway Patrol and impacted local governments, shall monitor this program and prepare a report to the Legislature on January 1, 1980. The report shall fully analyze the costs and benefits of the program and make recommendations as to whether the program should be continued. In this evaluation the Legislative Analyst shall pay particular attention to the levels of reimbursements provided to local agencies and the equity of such reimbursements. If continuation of the program is recommended, the report shall specify the conditions under which the program is to be continued.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Inasmuch as the Abandoned Vehicle Trust Fund will be completely depleted during the 1977–78 fiscal year, it is necessary that this act take effect immediately.

At the time the proposed contract was submitted to the voters of the district the maximum interest rate on the indebtedness was not known and was not included in the proposition, although the voters were informed of the approximate rate of interest on the indebtedness. The proposed contract was approved by the voters and the district must enter into the contract in order to provide needed water to the inhabitants of the district. It is therefore hereby declared that a general law cannot be made applicable and that the enactment of this section as a special law is necessary for the solution of problems existing in the Rainbow Municipal Water District.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

A special election was held in the Rainbow Municipal Water District on November 29, 1977, at which there was submitted to the

voters of the district the proposition to approve a contract with the United States of America, Department of Interior, Bureau of Reclamation, for a loan for the acquisition and construction of water facilities. At the time the proposed contract was submitted to the voters of the district the maximum interest rate on the indebtedness was not known and was not included in the proposition, although the voters were informed of the approximate rate of interest on the indebtedness. The proposed contract was approved by the voters and the district must enter into the contract in 1978 in order to provide needed water to the inhabitants of the district. It is necessary, therefore, that this act go into immediate effect.

event such a sale is not completed, such written authorization shall provide that any deposit made on account of the purchase price of such yacht which is then in the hands of the broker shall be returned to the person who made the offer to purchase the yacht in conformity with the offer to purchase.

(b) When a broker prepares, or there is prepared on behalf of a broker, such written authorization, such broker shall deliver a copy of such written authorization to the person executing it. Receipt of such copy shall be made on the face of the original written authorization.

(c) If the applicant is a corporation, then the officer or officers of the corporation to be designated for a license as provided in this article shall have the foregoing qualifications.

(d) If the applicant is an individual, the applicant shall be at least 18 years of age.

720. The department may require such other proof as it may deem advisable concerning the honesty, truthfulness, and good reputation of the applicant for a broker's license or of the officers of any corporation making such application before the issuance of a broker's license. For this purpose, the director may call a hearing in accordance with the provisions of this article, and at the request of the applicant shall call such a hearing.

721. In addition to any proof of honesty, truthfulness, and good reputation required of any applicant for a broker's license, the department shall ascertain by written examination that the applicant, and in case of a partnership or corporation applicant for a broker's license that an officer or partner thereof through whom it proposes to act as a yacht broker, has:

723. The license first issued to a salesman shall be for a period of one year. Such license may be renewed for periods of two years. Applicants for renewal of such licenses shall submit a recommendation of the broker who is to be his employer certifying that the applicant is honest, truthful, and of good reputation. The license of a salesman may be renewed upon filing the required application and payment of the renewal fee.

724. (a) An application on the form prescribed by the department for the renewal of a broker or salesman license shall be filed with the department 60 days prior to the last day of the period for which a previous license was issued accompanied by the applicable renewal fee.

(b) Every license not renewed in accordance with subdivision (a) shall expire at midnight of the last day of the period for which it was issued and shall forthwith be returned to the department. Such license may thereafter be reinstated only upon the filing of an application therefor accompanied by the payment of the renewal fee required by this article together with a penalty equal to 50 percent of the renewal fee. No examination shall be required for the reinstatement of a license which has expired solely for nonpayment of the renewal fee as required by this subdivision, subject to the provisions of Section 726.

(c) An application for reinstatement of a license which has expired pursuant to subdivision (b) shall be affirmed or sworn to before a

notary public or other person authorized by law to administer oaths and affirmations, and shall be executed under penalty of perjury. The department may refuse to grant reinstatement if the applicant after the expiration of the license has performed any act or participated in any transaction for which a license is required by this article or during such period has committed any offense or performed any act which would be cause for the suspension or revocation of a license under this article, provided that the department shall not refuse to grant reinstatement unless written notice of the grounds of such refusal is mailed or delivered to such applicant.

(d) A salesman's license which expires other than pursuant to subdivision (b) and under conditions beyond the control of the salesman may be reinstated with another broker on payment of the transfer fee and the renewal fee if applicable and without penalty.

(e) All fees charged and collected under this article shall be paid by the department at least once a month accompanied by detailed statement into the State Treasury to the credit of the Harbors and Watercraft Revolving Fund.

(f) All fees charged and collected under this article and paid into the State Treasury are continuously appropriated to carry out the provisions of this article and shall be paid in the manner provided by law.

(g) The department may establish a revolving fund in such an amount as it may determine subject to the approval of the director.

725. Temporary licenses may be issued to salesmen under the following conditions:

(a) Such licenses shall be issued for a period not to exceed 60 days and only one license shall be issued to each applicant.

(b) An application shall be filed for a temporary license and for a permanent license and at the same time the applicant shall pay all the prescribed fees.

(c) Such application shall be in such form and upon such conditions as are required by the department as provided in this article with respect to a permanent salesman's license.

(d) On or before the expiration date of the temporary license, such licensee shall take a written examination for a permanent license. If without a valid excuse the licensee fails to appear for the examination at the time prescribed, the examination fee shall be forfeited. In the event of failure to pass the required examination, the department shall notify the applicant, may suggest further study, and upon payment of fees shall schedule a reexamination.

726. (a) A person who fails to renew his license within two years after its expiration may not renew it pursuant to Section 724. Such person may apply and obtain a new license, in which case all of the provisions hereof shall apply as if such person were applying for a license for the first time.

(b) In the event a salesman's license expires only because that salesman procured a broker's license or a broker's license expires only because that broker procured a salesman's license, either

former license may be reinstated under the provisions of Section 724 within two years of the expiration of the latter license.

727. The department may issue a certificate of convenience to the executor or administrator of the estate of a deceased broker, or if no executor or administrator has been appointed, and until a certified copy of an order making such appointment is filed with the department, to the widow or other heir otherwise entitled to conduct the business of the deceased, permitting such person to act as a broker in the conduct of the business of the estate for a period of 90 days from and after the date of death pending, but not later than, disposal of the business unless such person qualifies by examination for and obtains a permanent broker's license. The department may extend the certificate of convenience beyond the 90 days on the showing of a just and reasonable cause.

728. (a) Every license issued to a corporation entitles one officer thereof on behalf of the corporation to engage in the business of broker without the payment of any further fee and such officer shall be designated in the application of the corporation for a license. When a broker's license is issued to a corporation, if it desires any of its officers other than the officer designated by it in the application as provided in this section to act under its license as a broker, it shall procure an additional broker's license to so employ each of such additional officers. For each officer other than the officer so designated through whom the corporation engages in the business of broker, the appropriate original or renewal fee shall be paid in addition to the fee paid by the corporation.

(b) Each officer of a corporation through whom it is licensed to act as a broker is, while so employed under such license, a licensed yacht broker, but licensed only to act as such for and on behalf of the corporation as an officer.

(c) An officer of a corporation licensed to act as a broker on behalf of the corporation who desires also to act as a broker or salesman under this article on his own behalf shall procure a separate license in accordance with the provisions of this article.

(d) The department may deny, suspend, or revoke the broker's license of a corporation as to any officer acting under its license without revoking the license of the corporation. Every corporation making application for a license under this article shall furnish the department with a resolution of its board of directors giving the name of the officer or officers who shall act for and on behalf of the corporation.

(e) Every corporation licensed under the provisions of this article may by resolution of its board of directors substitute another officer for the one named in the corporation license, provided the person to be substituted qualifies as provided for in this article for a broker's license and the corporation pays the appropriate original, renewal, or transfer fee as set forth in this article.

729. (a) Every license issued to a partnership entitles one partner thereof on behalf of the partnership to engage in the business of

yacht broker without the payment of any further fee and such partner shall be designated in the application of the partnership for a license.

(b) When a broker's license is issued to a partnership, if the partnership desires any partner or partners other than the partner designated by it as provided in this section to act under its license as a broker, the partnership shall procure an additional broker's license for each of such additional partner or partners. For each partner other than the partner designated through whom the partnership engages in the business of yacht broker, the appropriate original or renewal fee shall be paid in addition to the fee paid by the partnership.

(c) Each partner of a partnership is licensed to act as a broker while such a partner under such license is a licensed broker, but is licensed only to act as such for and on behalf of the partnership.

(d) A partner of a partnership licensed to act as a broker on behalf of the partnership who desires also to act as a broker or salesman under this article on the partner's own behalf shall procure a separate license in accordance with the provisions of this article.

(e) The department may deny, suspend, or revoke the broker's license of a partnership as to any partner acting under its license without revoking the license of the partnership.

(f) Every partnership making an application for a license under this article shall set forth in the application the name of the partner who is to act under the license for and on behalf of the partnership.

(g) Every partnership licensed under the provisions of this article may substitute another partner for the one named in the partnership license provided the person to be substituted qualifies as provided for in this article for a broker's license and the partnership pays the appropriate original, renewal, or transfer fee as set forth in this article.

730. (a) Before any broker's license shall be issued or renewed by the department to any applicant therefor, the applicant shall procure, file, and maintain with the department a good and sufficient bond in the amount of ten thousand dollars ($10,000) with corporate surety thereon duly licensed to do business within the State of California, and conditioned that the applicant shall not practice any fraud or deceit or make any fraudulent or willfully negligent representations which will cause a monetary loss to any person for whom the broker acts under this article.

(b) If any person shall suffer any loss or damage by reason of any fraud or deceit practiced on him or any fraudulent or willfully negligent representation made to him by a licensed broker or such broker's salesman or salesmen acting for such broker on his behalf or within the scope of the employment of such salesman or salesmen, which fraud, deceit, or fraudulent or willfully negligent representation is practiced or made with respect to any act of such broker or such salesman or salesmen for which a license is required under the provisions of this article, such person shall have a right of

action against such broker, such salesman or salesmen, and the surety upon the broker's bond. Should any such action be commenced upon such bond, the surety thereunder and the licensed yacht broker with respect to whom the bond has been issued shall immediately notify the department of such action.

(c) When an action is commenced on the bond of a licensed broker, the department may require the filing of a new bond, and immediately upon the recovery in any action on the bond, the broker described therein shall file a new bond. Failure to file a new bond within 15 days after notification that a new bond is required by reason of action against the bond or notification of the cancellation of a previous bond by the surety or after recovery on a bond constitutes a failure to comply with this article, in which case the license of the licensed broker whose bond has been canceled or on whose bond recovery has been made may be suspended and revoked after a hearing as provided in this article.

731. (a) In lieu of filing and maintaining a surety bond as provided in Section 730, subject to the same conditions as required for by such surety bond, the applicant for a broker's license or a licensed broker may deposit with the department a cash bond in the sum of ten thousand dollars ($10,000), with an assignment to the director, together with the evidence of the deposit of such sum in a savings account in banks authorized to do business in this state and insured by the Federal Deposit Insurance Corporation, or investment certificates or share accounts in the amount of ten thousand dollars ($10,000), with an assignment to the director, issued by a savings and loan association doing business in this state and insured by the Federal Savings and Loan Insurance Corporation. Such cash bond shall be held by the department during the life of the license and for a period of four years subsequent to the expiration of the license unless replaced by a surety bond as provided in subdivision (b). Any interest on such sum of ten thousand dollars ($10,000) so deposited shall be paid, when earned in accordance with the terms of such savings account, investment certificate, or share account, to such licensed broker, provided no action is then pending against such broker, such salesman, or such salesmen acting on his behalf or such cash bond.

(b) Should any applicant or licensed broker deposit with the department such cash bond in the sum of ten thousand dollars ($10,000), the department shall reassign the same to such licensed broker upon such licensed broker procuring and filing with the department a good and sufficient surety bond as provided in this article, provided that a surety bond covers the actions for which the cash bond would have been liable.

732. (f) Uses coercive or oppressive methods for the purpose of obtaining business or of procuring a listing or participating in a transaction.

(g) Quotes prices different than the gross listing prices without the consent of the seller.

(h) Engages in any other conduct constituting fraud or dishonest dealings, either with respect to his principal or other persons.

(i) Permits his name to be used for the purpose of assisting any person who is not a licensed broker or salesman to evade the provisions of this article.

(j) Violates any provisions of Sections 714, 715, 716, 730, and 731.

733. The department may deny an application or may suspend or revoke the license of a yacht broker or yacht salesman who within four years immediately preceding has committed any of the following acts:

(a) Has procured a license under this article for himself or another by fraud, misrepresentation or deceit.

(b) Has been convicted of a felony or any crime involving moral turpitude.

(c) Has withheld information from the department that he at any time has been convicted of a felony or any crime involving moral turpitude.

(d) Knowingly authorizes, directs, connives or aids in the publication, advertisement, distribution, or circulation of any material false statements or misrepresentation concerning his business or any transaction under this article.

734. (a) The department shall not deny, suspend, or revoke a license granted under this article without a hearing.

(b) The department may upon its own motion and shall upon the verified written complaint of any person which sets forth facts which could be grounds for the denial, suspension, or revocation of a license pursuant to the provisions of this article, investigate the actions of any broker or salesman whether or not licensed.

735. (a) Every broker shall maintain a definite place of business

in this state as his principal office and may establish other branch offices throughout the state. Every broker maintaining more than one place of business within this state shall procure an additional license for every branch office maintained by him. Every broker shall keep the department informed at all times of the address of his principal and branch offices and any changes of address.

(b) Every broker's license shall be prominently displayed in the broker's principal office. The license for each branch office, if any, of such broker shall be prominently displayed in such branch office. Every salesman's license shall be prominently displayed in the principal office or branch office of the broker in which the business of such salesman is transacted.

(c) Every salesman's license shall remain in the control of the broker by whom the salesman is employed until the license is canceled or until he leaves the employment of the broker. When any broker to whom a card is issued ceases for any reason to be licensed as a broker, the card issued to such broker shall be mailed or delivered by the broker to the department for cancellation. When any salesman to whom a card is issued ceases to be a salesman for any reason, the card issued to him shall be mailed or delivered to the department for cancellation.

SEC. 4. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

Article 7. County Justice System Subvention Program

1805. It is the intent of the Legislature in enacting this article to protect society from crime and delinquency by assisting counties in maintaining and improving local criminal justice systems, by encouraging greater selectivity in the kinds of juvenile and adult offenders retained in the community, and by assisting the counties in reducing the number of offenders reentering the local criminal justice systems; and to protect and care for children and youth who are in need of services as a result of truancy, running away, and being beyond the control of their parents by assisting counties in providing appropriate services and facilities for such children and youth.

1807. The Director of the Department of the Youth Authority shall prescribe the policies and procedures to be followed in the administration of this article, including, but not limited to, program monitoring, program evaluation, and methods of accounting for and certifying the proper use of funds received under this article. For purposes of this article, "funding year" is the fiscal year for which the subvention is made.

(b) The Youth Authority shall calculate the base commitment rate for each county by computing the ratio of new commitments by county population, expressed in a commitment rate per 100,000 population for each of the fiscal years 1973–74, 1974–75, 1975–76, and 1976–77. (J) Trainwrecking, as defined in Section 219 of the Penal Code.

(K) Any offense listed in Section 1203.06, 1203.07, or 1203.11 of the Penal Code.

(L) Any offense for which probation or suspension of sentence is prohibited by law.

(d) The county population for purposes of calculating the base commitment rate and the funding year commitment rate shall be that certified by the Department of Finance to the State Controller on July 1 of each fiscal year.

(e) The Department of the Youth Authority will annually compute the statewide average commitment rate for informational purposes.

(f) The use of commitment rates for fiscal years 1973–74, 1974–75 1975–76, and 1976–77 for the calculation of the base commitment rate pursuant to subdivision (b) reflects the judgment of the Legislature that the present capacity of the state correctional system is insufficient to accommodate significant increase in the numbers of people committed to the Department of Corrections and the Department of the Youth Authority. It is the intent of the Legislature to reconsider the method of calculation of the base commitment rate at such time as the Department of Corrections or the Department of the Youth Authority develop the capacity to accommodate a significant increase in the number of people who may be committed to such departments.

1813. (a) The amount that may be paid to any county receiving funding under this article may not exceed two dollars and fifty-five cents ($2.55) per capita in such county. The county population shall be that certified by the Department of Finance to the State Controller of July 1 of the funding year; except that, for the purposes

of this section, no county shall be considered to have a population of less than 20,000 persons.

(b) In lieu of the per capita funding limitation set forth in subdivision (a), a county may elect, as its maximum funding limitation, an amount equal to the total of funds received by such county for fiscal year 1977–78 under former Article 7 (commencing with Section 1820) of Chapter 1 of Division 2.5, and for maintenance of juvenile homes, ranches, and camps pursuant to Section 887, as such programs were in effect during fiscal year 1977–78, and for reimbursement of costs imposed for fiscal year 1977–78 by Chapter 1071 of the Statutes of 1976, as claimed and reimbursed pursuant to Chapter 1241 of the Statutes of 1977. Such election shall be made on or before September 15 of the funding year and shall apply retroactively for the entire funding year. In the absence of an election by any county by September 15 of the funding year, any such county shall be deemed to have elected the per capita funding limitation set forth in subdivision (a).

(c) The Director of the Department of Finance shall annually adjust both the per capita maximum dollar amount as set forth in subdivision (a), and the maximum amount which each county may elect as its maximum funding limitation pursuant to subdivision (b), beginning with the 1979–80 fiscal year, by the percentage increase or decrease in the Consumer Price Index established by the United States Department of Labor and given a weighted average for California by the California Department of Industrial Relations. The first adjustment shall use the December 1977 Consumer Price Index as the base.

(d) The Legislature hereby declares that a component portion of the per capita sum specified in subdivison (a) is based on the total amount of state-mandated costs pursuant to Chapter 1071 of the Statutes of 1976. The Legislature further declares its intent that, to the extent that the actual amount of such costs for the 1977–78 fiscal year are less than or in excess of eighteen million dollars ($18,000,000), such component portion of the per capita sum as eighteen million dollars ($18,000,000) bears to the total amount appropriated to the Department of the Youth Authority to carry out the purpose of this article during the 1978–79 fiscal year, be increased or decreased by a like percentage with the effect of a consequent increase or decrease in the total per capital capita sum. The actual amount of state-mandated costs pursuant to Chapter 1071 of the Statutes of 1976 shall be the reimbursements for such costs, as claimed and reimbursed pursuant to Chapter 1241 of the Statutes of 1977, plus such additional costs as the Department of Finance determines would have been approved for reimbursement pursuant to Chapter 1241 of the Statutes of 1977 had claims been submitted but for which the county secured alternative funding.

(e) On or before January 1, 1979, the per capita sum specified in subdivision (a) shall be further adjusted retroactive to July 1, 1978, using the following method:

(1) The total of the maximum amounts applicable to all those counties who have elected the method set forth in subdivision (b) shall be subtracted from the total amount appropriated to the Department of the Youth Authority to carry out the purposes of this article during the 1978–79 fiscal year.

(2) The remainder shall be divided by the sum of the populations of all counties, as determined for funding year 1978–79 pursuant to subdivision (a), which have not elected the method of maximum payment set forth in subdivision (b). The quotient of the above division shall be the adjusted per capita sum for the funding year 1978–79.

1814. (a) A county's per capita distribution shall be made quarterly by the state. Counties shall be required to file an annual summary program budget showing the county's intended distribution of its subvention in accordance with subdivision (a) of Section 1806.

(b) Any funds not used for actual expenditures for the funding year in accordance with this article shall revert to the state, except funds encumbered annually by the county for capital expenditures, subject to the limitations set forth in subdivision (b) of Section 1806.

1815. (a) The Director of the Department of the Youth Authority shall, on an annual or more frequent basis, determine if each county is maintaining its funding year commitment rate of juvenile and criminal offenders to the Department of the Youth Authority and the Department of Corrections within the base commitment rate of such commitments.

(b) If it appears to the director that a county either is or will be in violation of the provisions of this article, the director shall give notice of such actual or potential violation to the county. Within 60 days of such notification, the county shall submit a plan for correcting or avoiding such violations. Such plan shall be consistent with the intent of this article to maintain and improve local alternatives to state incarceration.

(c) If the plan for correcting or avoiding violations is not approved by the director, the Youth Authority may thereafter withhold from the county all or any portion of annual funds authorized to be paid to the county or may require repayment of funds previously paid; except that no county shall, by reason of the director's disapproval of such plan, have withheld or be required to repay the percentage amount of such county's total funding year maximum distribution, as determined pursuant to Section 1813, that is equal to the total of all counties' state-mandated costs for the fiscal year 1977–78 incurred pursuant to Chapter 1071 of the Statutes of 1976 divided by the total of all counties' maximum distributions, as determined pursuant to Section 1813, for fiscal year 1978–79, to the extent that such county actually expends such funds for costs mandated by Chapter 1071 of the Statutes of 1976.

(d) In the event a county's funding year commitment rate exceeds its base commitment rate as provided in subdivision (a)

because of extremely unusual circumstances, as defined by criteria established by the Director of the Youth Authority, with the advice of the Director of Corrections, the Director of the Youth Authority may certify to the State Controller authorization for payment of the per capita subvention to which the county would otherwise be certified.

(e) The Board of Corrections shall establish administrative procedures by which a county may request review of the director's finding of actual or potential violation prior to the withhold or ordered repayment of funds. The Board of Corrections shall have final authority to determine any actual or potential violation of the provisions of this article.

1816. (a) In order for the Legislature to determine the need to continue or modify the County Justice System Subvention Program, the Department of the Youth Authority shall, commencing on January 1, 1979, submit an annual report to the Legislature regarding the progress and effectiveness of the program. In addition, the Department of the Youth Authority shall contract with an independent public or private agency for an evaluation of the effectiveness of programs in all or a representative number of counties funded in whole or in part under this article. These evaluations shall be completed by June 30, 1982. The Department of the Youth Authority shall make a report thereon to the Legislature by January 1, 1983. The Legislature shall assess the impact of the effectiveness of the County Justice System Subvention Program by December 31, 1983.

(b) In the event of the termination of the program established by this article, counties shall thereafter be entitled to be reimbursed for costs mandated by Chapter 1071 of the Statutes of 1976, including, but not limited to, all costs required to provide alternative programs for minors alleged or found to be wards of the juvenile court pursuant to Section 601 who, but for Chapter 1071 of the Statutes of 1976, would have been placed in secure detention.

(c) The participating counties shall maintain records of all county justice system subvention expenditures and expenditures attributable to Chapter 1071 of the Statutes of 1976.

1817. No funds shall be paid by the state pursuant to the maintenance and operation subsidy program (Section 887), and the construction subsidy program (Section 891) as provided by statute during the 1977–78 fiscal year to those programs after June 30, 1978, without regard to whether a county participates in the County Justice System Subvention Program, except funds previously encumbered by the Youth Authority pursuant to such programs.

1818. From any state funds made available to it for such purpose, the State of California, through the Department of the Youth Authority shall reimburse each county participating in the State Aid for Probation Services Program prior to July 1, 1978, for previously unreimbursed costs incurred in the operation of special supervision programs during the 1977–78 fiscal year to the extent that they do not

exceed earnings pursuant to the State Aid for Probation Services Program as certified by the Director of the Department of the Youth Authority.

SEC. 7.5. Section 1825 of the Welfare and Institutions Code is amended to read:

1825. (a) No county shall be entitled to receive any state funds provided by this article until its application is approved and unless and until the minimum standards prescribed by the Department of the Youth Authority are complied with and then only on such terms as are set forth hereafter in this section.

(b) A commitment rate for each county and for the state as a whole shall be calculated by the Department of the Youth Authority by computing the ratio of new commitments to state and county population, expressed in a rate per 100,000 population, for each of the calendar years 1959 through 1963. The average of these rates for a county for the five-year period or the average of the last two years of the period, whichever is higher, shall be the base rate for that county, however, if the base rate is lower than 40 commitments per 100,000 population, the rate shall be established at 40, and if the rate is higher than 100, the rate shall be established at 100. The number of commitments shall be the total of the new commitments to the custody of the Director of the Youth Authority and the new criminal commitments to the custody of the Director of Corrections, as certified by the respective departments. The county and state population shall be that certified by the Department of Finance to the Controller as of July 1 of each year. Persons committed to the Department of Corrections and subsequently discharged under Section 1168 of the Penal Code and persons committed to the Department of Corrections or the Department of the Youth Authority for diagnostic study only pursuant to Section 1203.03 of the Penal Code or Section 704 or 1752.1 of the Welfare and Institutions Code, shall not be counted as having been committed for purposes of determining commitment rates under this subdivision or subdivision (c).

(c) An annual commitment rate shall be calculated at the end of each fiscal year for each participating county and for the state as a whole in a like manner to that described in subdivision (b) using the population figure of the July 1 included in the year, except that, in addition to the categories of persons excluded from being counted as having been committed under subdivision (b), persons committed to the Department of Corrections who are subsequently recalled at any time during the 1977–78 fiscal year pursuant to subdivision (d) or (f) of Section 1170 of the Penal Code shall not be counted as having been committed for purposes of determining commitment rates under this subdivision.

(d) The maximum amount that may be paid to a county pursuant to this article is determined by obtaining the interpolated dollar amount in the table in this subdivision for such county's base commitment rate and its percentage decrease, interpolated to the

nearest one-tenth of 1 percent, in rate of commitment and multiplying the appropriate dollar amount by the "commitment reduction number." The "commitment reduction number" is obtained by subtracting (1) the most recent annual commitment number from (2) the product of the base commitment rate and population of the county for the same year employed in (1). The Director of the Youth Authority, with approval of the Director of Finance may annually adjust the dollar amounts in the ensuing table, beginning with the 1973–1974 fiscal year, to reflect changes in the Consumer Price Index established by the U.S. Department of Labor and given a weighted average for California by the California Department of Industrial Relations. The first adjustment shall use the December 1971 index as the base. Payments per uncommitted case shall in any event not exceed the average annual per capita cost of maintaining wards in Department of the Youth Authority institutions.

(e) The state will reimburse the county upon presentation of a valid claim based on actual performance in reducing the commitment rate from its base rate. Whenever a claim made by a county, pursuant to this article, covering a prior fiscal year, is found to be in error, adjustment may be made on a current claim without the necessity of applying the adjustment to the allocation for the prior year.

(f) If the amount received by a county in reimbursement of its expenditures in a fiscal year is less than the maximum amount computed under subdivision (d), the difference may be used in the next two succeeding fiscal years and may be paid to the county in quarterly installments during such fiscal years upon preparation of valid claims for reimbursement of its quarterly expenses.

(g) In the event a participating county earns less than the sum paid in the previous year because of extremely unusual circumstances claimed by the county and verified by the Director of the Youth Authority with the approval of the Director of Finance, the Director of the Youth Authority may pay to the county a sum equal to the prior year's payment, provided, however, that in subsequent years the county will be paid only the amount earned.

(h) Funds obtained under this article shall not be used to support existing programs or develop or expand new programs in juvenile homes, ranches, or camps established under Article 15 (commencing with Section 880) of Chapter 2 of Part 1 of Division 2 of this code, except that funds obtained under this article may be used by a county that has not established a juvenile home, ranch or camp to pay for its juvenile home, ranch or camp placements in other counties.

(i) Counties where the average number of commitments in the base period as established by subdivision (b) is less than 30 may elect either to comply with the procedure set out above or, as an alternative, to receive from the state 90 percent of the salary of one full-time additional probation officer or, in the event there are fewer than 20 persons placed on probation annually otherwise eligible for commitment to state institutions, the county would be entitled to 90 percent of the salary of a half-time officer. In the event a county chooses the alternative proposal, it will be eligible for reimbursement only so long as the officer devotes all of his time in the performance of probation services to supervision of persons eligible for state commitment and persons participating in special supervision programs and (1) if its base rate is below the state average, it does not on an annual basis exceed the base state rate, or (2) if its base rate is above the state average, it does not in the year exceed by 5 percent its own base rate.

(j) As a supplement to earnings received by counties pursuant to subdivision (d), the Director of the Youth Authority may allocate from any moneys made available, to each participating county, an

amount not to exceed 10 percent of the county's earnings generated in the 1972–73 fiscal year. This special allocation may be used, notwithstanding the provisions of Section 1821 or any other section of the article, for the diagnosis, control, or treatment of offenders or alleged offenders by local law enforcement agencies in the county, subject to standards, rules, and regulations established by the Director of the Youth Authority.

A sum of two million dollars ($2,000,000) is hereby appropriated to the Department of the Youth Authority for the 1974–75 fiscal year to carry out the provisions of this act.

In addition, one hundred seventy-four thousand dollars ($174,000) is hereby appropriated to the Director of the Youth Authority. One hundred forty-five thousand dollars ($145,000) of the total appropriation shall be used to (a) reimburse each participating county for carrying out program evaluation studies specified by the Department of the Youth Authority and twenty-nine thousand dollars ($29,000) to be used to (b) defray the cost to the Department of the Youth Authority for processing the county evaluations to prepare a report to the 1975–76 Legislature on the effectiveness of state aid to probation services.

Each county participating in these studies shall be required to enter into a contractual agreement with the state. Such agreement shall specify the maximum amount each county shall be reimbursed.

No county shall share in any additional funds appropriated by this subdivision unless it enters into an agreement with the state to provide such evaluation or is granted an exemption by the Department of the Youth Authority.

The provisions of this subdivision shall be terminated on June 30, 1975.

(k) A review of this article shall be made by the Director of the Youth Authority and a report made to the 1975–76 Legislature by January 9, 1976.

This section shall be operative only until July 1, 1978, and as of such date is repealed.

SEC. 8. Sections 1, 2, 3, 4, 5, 6, and 7 of this act shall become operative July 1, 1978.

SEC. 9. The sum of fifty-five million dollars ($55,000,000) is hereby appropriated from the General Fund to the Department of the Youth Authority to carry out the purposes of Article 7 (commencing with Section 1805) of Chapter 1 of Division 2.5 of the Welfare and Institutions Code during fiscal year 1978-79.

SEC. 10. Notwithstanding Section 2231 of the Revenue and Taxation Code, on and after July 1, 1978, there shall be no reimbursement pursuant to that section for counties, as a result of the enactments contained in Chapter 1071 of the Statutes of 1976, without regard to whether a county participates in the County Justice System Subvention Program.

SEC. 11. Notwithstanding Section 2231 of the Revenue and Taxation Code, on and after July 1, 1978, there shall be no

reimbursement pursuant to that section by this act, nor is there any obligation created thereby.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for the Department of the Youth Authority to carry out the purposes of the Article 7 (commencing with Section 1805) that will be added to Chapter 1 of Division 2.5 of the Welfare and Institutions Code by this act, it is necessary that this act take effect immediately.

CHAPTER 462

An act to add Section 10254 to the Health and Safety Code and to add Section 11114 to the Penal Code, relating to identification of dead bodies, and making an appropriation therefor.

[Approved by Governor July 18, 1978. Filed with Secretary of State July 18, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 10254 is added to the Health and Safety Code, to read:

10254. In deaths investigated by the coroner or medical examiner where he is unable to establish the identity of the body or human remains by visual means, fingerprints, or other identifying data, the coroner or medical examiner shall have a qualified dentist, as determined by the coroner or medical examiner, carry out a dental examination of the body or human remains. If the coroner or medical examiner with the aid of the dental examination and other identifying findings is still unable to establish the identity of the body or human remains, he or she shall prepare and forward such dental examination records to the Department of Justice on forms supplied by the Department of Justice for such purpose.

The Department of Justice shall act as a repository or computer center, or both, with respect to such dental examination records. The Department of Justice shall compare such dental examination records with dental records filed with it pursuant to Section 11114 of the Penal Code, shall determine which scoring probabilities are the highest for purposes of identification, and shall submit such information to the coroner or medical examiner who prepared and forwarded the dental examination records.

Not later than three years following implementation of the dental identification program required by this section and Section 11114 of the Penal Code, the Department of Justice shall submit a report on such program to the Legislature.

SEC. 2. Section 11114 is added to the Penal Code, to read:

11114. (a) When a person reported missing has not been found within 30 days, the sheriff, chief of police, coroner or medical examiner, or other law enforcement authority initiating and conducting the investigation for the missing person shall request the family or next of kin of the missing person to give them written consent to contact and request from the dentist or dentists of the missing person the person's dental records.

(b) When a person reported missing has not been found within 30 days, the sheriff, chief of police, or other law enforcement authority initiating and conducting the investigation for the missing person shall confer with the coroner or medical examiner prior to the preparation of a missing person report. After conferring with the coroner or medical examiner, the sheriff, chief of police, or other law enforcement authority initiating and conducting the investigation for the missing person shall submit a missing person report and the dental records received pursuant to subdivision (a) to the Department of Justice on forms supplied by the department for such purpose.

(c) When a person reported missing has been found, the sheriff, chief of police, coroner or medical examiner, or other law enforcement authority shall report such information to the Department of Justice. After receiving such a report, the department shall erase all records with respect to such person which are maintained pursuant to subdivision (d) of this section.

(d) The Department of Justice shall maintain a file of information concerning persons reported to it as missing and who have not been reported as found. The file shall contain the information referred to in subdivision (b) and such other information as the Department of Justice finds to be relevant to assisting in the location of a missing person.

The Department of Justice files may be made available to law enforcement agencies attempting to locate missing persons.

SEC. 3. The sum of thirty-seven thousand dollars ($37,000) is hereby appropriated from the General Fund to the State Controller for allocation in accordance with the following schedule:

Schedule:

(a) To the Department of Justice for maintaining a file of dental records of missing persons under Section 11114 of the Penal Code.....	$5,000
(b) To local agencies pursuant to Section 2231 of the Revenue and Taxation Code to reimburse such agencies for costs incurred by them pursuant to this act.	$32,000

CHAPTER 463

An act to add Section 11656.7 to the Insurance Code, to amend Section 3351.5 of the Labor Code, to add Section 683 to the Unemployment Insurance Code, and to add Section 12302.2 to the Welfare and Institutions Code, relating to public social services, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 18, 1978. Filed with Secretary of State July 18, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 11656.7 is added to the Insurance Code, to read:

11656.7. Upon request of the State Department of Social Services, the State Compensation Insurance Fund may issue one workers' compensation insurance policy insuring all recipients of in-home supportive services under Article 7 (commencing with Section 12300), Chapter 3, Part 3, Division 9 of the Welfare and Institutions Code for whom and to the extent that the State Department of Social Services has an obligation to perform or assure the performance of rights, duties and obligations relating to such services as specified in Section 12302.2 of the Welfare and Institutions Code.

SEC. 2. Section 3351.5 of the Labor Code is amended to read:

3351.5. "Employee" includes:

(a) Any person whose employment training is arranged by the State Department of Rehabilitation with any employer. Such person shall be deemed an employee of such employer for workers' compensation purposes; provided that, the department shall bear the full amount of any additional workers' compensation insurance premium expense incurred by the employer due to the provisions of this section.

(b) Any person defined in subdivision (d) of Section 3351 who performs domestic service comprising in-home supportive services under Article 7 (commencing with Section 12300), Chapter 3, Part 3, Division 9 of the Welfare and Institutions Code. For purposes of Section 3352, such person shall be deemed an employee of the recipient of such services for workers' compensation purposes if the state or county makes or provides for direct payment to such person or to the recipient of in-home supportive services for the purchase of services, subject to the provisions of Section 12302.2 of the Welfare and Institutions Code.

SEC. 3. Section 683 is added to the Unemployment Insurance Code, to read:

683. "Employer" also means any employing unit which employs individuals to perform domestic service comprising in-home supportive services under Article 7 (commencing with Section

12300), Chapter 3, Part 3, Division 9 of the Welfare and Institutions Code and pays wages in cash of one thousand dollars ($1,000) or more for such service during any calendar quarter in the calendar year or the preceding calendar year, and is one of the following:

(b) The individual or entity with whom a county contracts to provide in-home supportive services.

(c) Any county which hires and directs in-home supportive personnel in accordance with established county civil service requirements or merit system requirements for those counties not having civil service systems.

SEC. 4. Section 12302.2 is added to the Welfare and Institutions Code, to read:

12302.2. (a) If the state or a county makes or provides for direct payment to a provider chosen by a recipient or to the recipient for the purchase of in-home supportive services, the department shall perform or assure the performance of all rights, duties and obligations of the recipient relating to such services as required for purposes of unemployment compensation, unemployment compensation disability benefits, workers' compensation, federal and state income tax, and federal old-age survivors and disability insurance benefits. Such rights, duties, and obligations include, but are not limited to, registration and obtaining employer account numbers, providing information, notices, and reports, making applications and returns, and withholding in trust from the payments made to or on behalf of a recipient amounts to be withheld from the wages of the provider by the recipient as an employer and transmitting such amounts along with amounts required for all contributions, premiums, and taxes payable by the recipient as the employer to the appropriate person or state or federal agency. The department may assure the performance of any or all such rights, duties, and obligations by contract with any person, or any public or private agency.

Contributions, premiums, and taxes shall be paid or transmitted on the recipient's behalf as the employer for any period commencing on or after January 1, 1978, except that contributions, premiums, and taxes for federal and state income taxes and federal old-age, survivors and disability insurance contributions shall be paid or transmitted pursuant to this section commencing with the first full month which begins 90 days after the effective date of this section.

Contributions, premiums, and taxes paid or transmitted on the recipient's behalf for unemployment compensation, workers' compensation, and the employer's share of federal old-age survivors and disability insurance benefits shall be payable in addition to the maximum monthly amount established pursuant to Section 12303.5

or subdivision (a) of Section 12304 or other amount payable to or on behalf of a recipient. Contributions, premiums, or taxes resulting from liability incurred by the recipient as employer for unemployment compensation, workers' compensation, and federal old-age, survivors and disability insurance benefits with respect to any period commencing on or after January 1, 1978, and ending on or before the effective date of this section shall also be payable in addition to the maximum monthly amount established pursuant to Section 12303.5 or subdivision (a) of Section 12304 or other amount payable to or on behalf of the recipient. Nothing in this section shall be construed to permit any interference with the recipient's right to select the provider of services or to authorize a charge for administrative costs against any amount payable to or on behalf of a recipient.

(b) Funding for the costs of administering this section and for contributions, premiums, and taxes paid or transmitted on the recipient's behalf as an employer pursuant to this section shall qualify, where possible, for the maximum federal reimbursement. To the extent that federal funds are inadequate, notwithstanding Section 12306, the state shall provide funding for the purposes of this section.

SEC. 5. The sum of thirteen million dollars ($13,000,000) is hereby appropriated from the General Fund to the State Department of Social Services for the purposes of this act.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are as follows:

Coverage of in-home supportive services for workers' compensation, unemployment and disability insurance has resulted in hardship to recipients of such services and confusion as to the status of recipients as employers. In order to provide for the welfare of recipients by establishing a system of assurances and delegation of performance of employer's duties, it is necessary that this act take effect immediately.

CHAPTER 464

An act to amend Sections 1811, 1812, and 1813 of, to amend and repeal Section 888 of, and to add Sections 887, 888.3, and 891 to, the Welfare and Institutions Code, and to amend Sections 11, 13, and 14 of Chapter 1241 of the Statutes of 1977, relating to juvenile court law, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 18, 1978. Filed with Secretary of State July 18, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 887 is added to the Welfare and Institutions Code, to read:

887. Where any such juvenile home or camp is established or is to be established, and where the minimum standards and qualifications provided for in Section 885 have been complied with by the county, the State of California, through the Youth Authority, out of any money herein appropriated, shall reimburse the county to the amount of one-half the cost of maintaining each child in such home or camp, but in no event shall such county receive more than ninety-five dollars ($95) per month per child.

Whenever a claim made by a county pursuant to this section covering a prior fiscal year is found to have been in error, adjustment may be made on a current claim without necessity of applying the adjustment to the appropriation for the prior fiscal year.

SEC. 2. Section 888 of the Welfare and Institutions Code, as amended by Assembly Bill No. 90 of the 1977–78 Regular Session of the Legislature, is amended to read:

888. (a) Any county establishing such juvenile home, ranch, or camp under the provisions of this article may, by mutual agreement, accept children committed to such home, ranch, or camp by the juvenile court of another county in the state. Two or more counties may, by mutual agreement, establish such juvenile homes or camps, and the rights granted and duties imposed by this article shall devolve upon such counties acting jointly. The provisions of this article shall not apply to any juvenile hall.

(b) The provisions of this section shall be operative only until Article 7 (commencing with Section 1805) of Chapter 1 of Division 2.5 of the Welfare and Institutions Code is repealed and on and after the effective date of such repeal shall be repealed.

SEC. 3. Section 888.3 is added to the Welfare and Institutions Code, to read:

888.3. Any county establishing such juvenile home, ranch, or camp under the provisions of this article may, by mutual agreement, accept children committed to such home, ranch, or camp by the juvenile court of another county in the state and the state shall reimburse the county maintaining the home, ranch, or camp to the amount of one-half of the cost of maintaining each child so committed. Payments received for the care of children from another county by a county operating a facility shall not be considered as a subvention to the county operating the facility for the purposes of determining the amount of state reimbursement. Two or more counties may, by mutual agreement, establish such juvenile homes or camps, and the rights granted and duties imposed by this article shall devolve upon such counties acting jointly. The provisions of this article shall not apply to any juvenile hall.

SEC. 4. Section 891 is added to the Welfare and Institutions Code, to read:

891. (a) From any state moneys made available to it for that purpose, the Youth Authority shall share in the cost pursuant to this article of the construction of juvenile homes, juvenile ranch camps, or forestry camps established after July 1, 1957, and for construction at existing juvenile homes, ranches, camps, or forestry camps, by counties which apply therefor.

(b) "Construction," as used in this section, includes construction of new buildings and acquisition of existing buildings and initial equipment of any such buildings; and, to the extent provided for in regulations adopted by the Department of the Youth Authority, remodeling of existing buildings owned by the county, to serve as a juvenile home or to serve the purposes of a juvenile ranch camp or forestry camp, and initial equipment thereof. "Construction" also includes payments made by a county under any lease-purchase agreement or similar arrangement authorized by law and payments for the necessary repair or improvements of property which is leased from the federal government or other public entity without cost to the county for a term of not less than 10 years. It does not include architects' fees or the cost of land acquisition.

(c) The amount of state assistance which shall be provided to any county shall not exceed 50 percent of the project cost approved by the Youth Authority, and, in no event shall it exceed three thousand dollars ($3,000) per bed unit of the new juvenile home, juvenile ranch, camp, or forestry camp or per bed unit added to an existing juvenile home, juvenile ranch camp, or forestry camp, as the case may be. The construction project shall be deemed to have as many bed units as the number of persons it is designed to accommodate, not exceeding 100 bed units for any one project.

(d) Application for state assistance for construction funds under this article shall be made to the Youth Authority in the manner and form prescribed by the Youth Authority. The Youth Authority shall prescribe the time and manner of payment of state assistance, if granted.

SEC. 5. Section 1811, as added to the Welfare and Institutions Code by Assembly Bill No. 90 of the 1977–1978 Regular Session, of the Legislature is amended to read:

1811. (a) Each county which intends to apply for funding under this article shall establish a County Justice System Advisory Group, or may elect to substitute for the County Justice System Advisory Group an existing governmental entity, provided that the existing entity includes or is expanded to include the officials and representatives listed in subdivision (b). Such advisory group shall be responsible for preparing and forwarding to the board of supervisors a recommended application for funding.

(b) The County Justice System Advisory Group shall be composed of the county chief probation officer, the county sheriff, the presiding judge of the superior court, the chairperson of the Juvenile Justice Commission or the Delinquency Prevention Commission, the district attorney, the public defender, the county superintendent of

schools, the county administrative officer or the equivalent thereof, two chiefs of police selected on the basis of city population, one of whom shall represent a city above the median population range and one below the median population range of cities in the county, one representative of a private agency which provides services to juvenile offenders, one representative of a private agency which provides services to adult offenders, and one public member, who is neither employed by nor who has ever been employed by a law enforcement agency, selected by the board of supervisors and one representative from each of three private community-based adult or juvenile assistance agencies involved in the prevention or treatment of delinquency or criminal activity, selected by the board of supervisors.

(c) In a county lacking two chiefs of police, a substitute member who is a representative of city government shall be selected by the board of supervisors. In a county in which there are two chief probation officers, one of them shall be designated by the board of supervisors as a member of the advisory group. The representatives of the private agencies providing services to juvenile and adult offenders shall be selected by the board of supervisors. In a county in which there are chairpersons of both a Juvenile Justice Commission and a Delinquency Prevention Commission, one of them shall be selected by the board of supervisors. In a county in which a position designated in this section does not exist, the board of supervisors shall select, to the extent possible, an equivalent substitute.

(d) The Chairperson of the County Justice System Advisory Group shall be selected by its members. Reasonable and necessary expenses incurred by the advisory group and its members in the performance of its duties may be paid by the county, and any application for funding under this article may include provision for payment of such expenses.

(e) The County Justice System Advisory Group shall assess community justice system needs, evaluate alternative programs for meeting the needs, and make written recommendations to the board of supervisors.

The board of supervisors shall review and consider the County Justice System Advisory Group's recommendations in their determination of the allocation of the county's subvention.

(f) Any application for funding under this article shall be approved by the board of supervisors prior to submission to the Department of the Youth Authority.

(g) In the case where the city and county are a single entity, the appointive members of the County Justice System Advisory Group shall be appointed by the mayor and subject to confirmation by the board of supervisors. The County Justice System Advisory Group shall submit its recommendations to the mayor and the board of supervisors, pursuant to subdivisions (a) and (e). Any application for funding pursuant to subdivision (f) shall be approved by the mayor

and subject to approval by the board of supervisors prior to submission to the Department of the Youth Authority.

SEC. 6. Section 1812, as added to the Welfare and Institutions Code by Assembly Bill No. 90 of the 1977–1978 Regular Session of the Legislature, is amended to read:

1812. (a) The receipt of funds under this article shall be contingent upon the county maintaining its funding year commitment rate of juvenile and criminal offenders to the Department of the Youth Authority and the Department of Corrections within a base commitment rate of such commitments, except that no county shall be excluded from funds under this article which does not commit more than three people to the Department of the Youth Authority and the Department of Corrections during the funding year. For purposes of this article, "funding year" is the fiscal year for which the subvention is made.

(b) The Youth Authority shall calculate the base commitment rate for each county by computing the ratio of new commitments by county population, expressed in a commitment rate per 100,000 population for each of the fiscal years 1973–74, 1974–75, 1975–76, and 1976–77. The average of these four rates shall be the base commitment rate for the county. The number of new commitments for each of the above fiscal years shall be the total of the new commitments to the Department of the Youth Authority and to the Department of Corrections, as certified by the respective departments, on the basis provided in Article 7 (commencing with Section 1820) of Chapter 1 of Division 2.5, in effect during such fiscal years, excluding persons within any of the categories listed below:

(1) Persons committed to the Department of the Youth Authority or the Department of Corrections who are subsequently recalled or discharged pursuant to Section 1737 of this code or Section 1168 of the Penal Code.

(2) Persons committed to the Department of the Youth Authority or the Department of Corrections for diagnostic study pursuant to Section 704, 707.2, 1731.6, or 1752.1 of this code or Section 1203.03 of the Penal Code.

(c) The Youth Authority shall calculate the funding year commitment rate for each participating county by computing the ratio of new commitments to county population, expressed in a commitment rate per 100,000 population, for the funding year, excluding persons placed in or committed to state institutions for the offenses specified below:

(1) Persons committed to the Department of the Youth Authority who are subsequently recalled pursuant to Section 1737, or subsequently recalled within 120 days of the date of such commitment, pursuant to Section 779, and persons committed to the Department of Corrections who are subsequently recalled pursuant to subdivision (d) or (f) of Section 1170 of the Penal Code.

(2) Persons committed to the Department of the Youth Authority or the Department of Corrections for diagnostic study pursuant to

Section 704, 707.2, 1731.6, or 1752.1 of this code or Section 1203.03 of the Penal Code.

(3) Persons committed to the Department of the Youth Authority or the Department of Corrections as a result of having been found to have committed any of the following specified violent offenses:

(A) Murder in the first and second degree, as defined in Sections 187 and 189 of the Penal Code.

(B) Attempted murder, as defined in Sections 187, 189, and 664 of the Penal Code.

(C) Arson, as defined in Section 447a of the Penal Code.

(D) Robbery, as defined in Section 211 of the Penal Code, where one or more enhancements have been imposed pursuant to Section 12022, 12022.5, or 12022.7 of the Penal Code.

(E) Rape, as defined in subdivision 1, 2, or 3 of Section 261 of the Penal Code, or attempted rape.

(F) Kidnapping, as defined in Section 209 of the Penal Code.

(G) Assault with intent to commit murder, as defined in Section 217 of the Penal Code.

(H) Assault with a deadly weapon or instrument or by force, as defined in Section 245 of the Penal Code.

(I) Assault with chemicals, as defined in Section 244 of the Penal Code.

(J) Trainwrecking, as defined in Section 219 of the Penal Code.

(K) Any offense listed in Section 1203.06 or 1203.07 of the Penal Code, or Section 1203.08 of the Penal Code as added thereto by Chapter 735 of the Statutes of 1977.

(L) Any offense for which probation or suspension of sentence is prohibited by law.

(d) The county population for purposes of calculating the base commitment rate and the funding year commitment rate shall be that certified by the Department of Finance to the State Controller on July 1 of each fiscal year.

(e) The Department of the Youth Authority will annually compute the statewide average commitment rate for informational purposes.

(f) The use of commitment rates for fiscal years 1973–74, 1974–75, 1975–76, and 1976–77 for the calculation of the base commitment rate pursuant to subdivision (b) reflects the judgment of the Legislature that the present capacity of the state correctional system is insufficient to accommodate significant increase in the numbers of people committed to the Department of Corrections and the Department of the Youth Authority. It is the intent of the Legislature to reconsider the method of calculation of the base commitment rate at such time as the Department of Corrections or the Department of the Youth Authority develop the capacity to accommodate a significant increase in the number of people who may be committed to such departments.

SEC. 6.5. Section 1813, as added to the Welfare and Institutions Code by Assembly Bill No. 90 of the 1977–1978 Regular Session of the

Legislature, is amended to read:

1813. (a) The amount that may be paid to any county receiving funding under this article may not exceed two dollars and fifty-five cents ($2.55) per capita in such county. The county population shall be that certified by the Department of Finance to the State Controller of July 1 of the funding year; except that, for the purposes of this section, no county shall be considered to have a population of less than 20,000 persons.

(b) In lieu of the per capita funding limitation set forth in subdivision (a), a county may elect, as its maximum funding limitation, an amount equal to the total of funds received by such county for fiscal year 1977–78 under former Article 7 (commencing with Section 1820) of Chapter 1 of Division 2.5, and for maintenance of juvenile homes, ranches, and camps pursuant to Section 887, as such programs were in effect during fiscal year 1977–78, and for reimbursement of costs imposed for fiscal year 1977–78 by Chapter 1071 of the Statutes of 1976, as claimed and reimbursed pursuant to Chapter 1241 of the Statutes of 1977. Such election shall be made on or before September 15 of the funding year and shall apply retroactively for the entire funding year. In the absence of an election by any county by September 15 of the funding year, any such county shall be deemed to have elected the per capita funding limitation set forth in subdivision (a).

(c) The Director of the Department of Finance shall adjust both the per capita maximum dollar amount as set forth in subdivision (a), and the maximum amount which each county may elect as its maximum funding limitation pursuant to subdivision (b), for the 1979–80 fiscal year, by the percentage increase or decrease in the Consumer Price Index established by the United States Department of Labor and given a weighted average for California by the California Department of Industrial Relations. The adjustment shall use the December 1977 Consumer Price Index as the base.

(d) The provisions of subdivision (c) shall apply only to those counties that meet the following requirements:

Net county costs for correctional services shall not be reduced disproportionately unless to do so will not be detrimental to the safety of the public or to the correctional needs of public offenders. As used in this subdivision, "net county costs for correctional services" means county expenditures for county correctional services, less revenues received for county correctional services, plus federal revenue sharing funds budgeted or expended for county correctional services. A reduction in net county costs for correctional services shall be deemed to be disproportionate when the ratio, determined by dividing net county costs for correctional services budgeted in the 1978–79 fiscal year by the net county costs for correctional services provided in the 1977–78 fiscal year, is less than the ratio determined by dividing the sum of (a) county property tax revenues for the 1978–79 fiscal year as calculated in paragraph (1) of subdivision (b) of Section 16172 of the Government Code; (b) the

dollar amount of a county's obligations relieved pursuant to Sections 33 and 34 of Chapter 292 of the Statutes of 1978 during the 1978–79 fiscal year; and (c) the dollar amount of funds allocated to the county by Chapter 292 of the Statutes of 1978 as calculated in subdivision (d) of Section 16260 of the Government Code and appropriated in Section 16100 of the Government Code, by the sum county revenues derived from property taxation during the 1977–78 fiscal year, including state reimbursements for homeowners' and business inventory exemptions.

As used in this section, "county correctional services" means:

(1) Juvenile homes, ranches, camps, forestry camps, schools, day care centers, and group homes, to the extent that such facilities are utilized for persons who have been declared wards of the juvenile court pursuant to a finding that they are persons described by Section 602 of the Welfare and Institutions Code.

(2) Adult correctional programs and facilities, including, but not limited to, county jail programs and correctional rehabilitation centers.

(3) Local justice system offender-centered services offered by probation departments.

(4) Any of the services defined in paragraphs (1) and (2) above where financed or purchased by the county through grants, contracts or agreements.

(e) The Legislature hereby declares that a component portion of the per capita sum specified in subdivision (a) is based on the total amount of state-mandated costs pursuant to Chapter 1071 of the Statutes of 1976. The Legislature further declares its intent that, to the extent that the actual amount of such costs for the 1977–78 fiscal year are less than or in excess of eighteen million dollars ($18,000,000), such component portion of the per capita sum as eighteen million dollars ($18,000,000) bears to the total amount appropriated to the Department of the Youth Authority to carry out the purpose of this article during the 1978–79 fiscal year, be increased or decreased by a like percentage with the effect of a consequent increase or decrease in the total per capital capita sum. The actual amount of state-mandated costs pursuant to Chapter 1071 of the Statutes of 1976 shall be the reimbursements for such costs, as claimed and reimbursed pursuant to Chapter 1241 of the Statutes of 1977, plus such additional costs as the Department of Finance determines would have been approved for reimbursement pursuant to Chapter 1241 of the Statutes of 1977 had claims been submitted but for which the county secured alternative funding.

(e) On or before January 1, 1979, the per capita sum specified in subdivision (a) shall be further adjusted retroactive to July 1, 1978, using the following method:

(1) The total of the maximum amounts applicable to all those counties who have elected the method set forth in subdivision (b) shall be subtracted from the total amount appropriated to the Department of the Youth Authority to carry out the purposes of this

article during the 1978–79 fiscal year.

(2) The remainder shall be divided by the sum of the populations of all counties, as determined for funding year 1978–79 pursuant to subdivision (a), which have not elected the method of maximum payment set forth in subdivision (b). The quotient of the above division shall be the adjusted per capita sum for the funding year 1978–79.

SEC. 7. Section 11 of Chapter 1241 of the Statutes of 1977 is amended to read:

Sec. 11. Notwithstanding Section 2253 of the Revenue and Taxation Code, counties shall submit to the State Board of Control claims for reimbursement for costs imposed by Chapter 1071 of the Statutes of 1976, which costs arise between January 1, 1977, and June 30, 1978, to the extent that costs exceed savings provided for by that act during that period. Any county utilizing programs and facilities of a type now required by Chapter 1071 of the Statutes of 1976 shall be reimbursed only the costs arising with respect to those programs and facilities on and after January 1, 1977, that are directly imposed on the county by Chapter 1071 of the Statutes of 1976. The State Board of Control shall consider the claims based on recommendations or evidence, or both, presented by the Department of the Youth Authority and the Department of Finance, Local Mandate Programs Unit, or other state departments as appropriate. Claims approved by the State Board of Control shall be forwarded to the State Controller for payment in accordance with Section 2231 of the Revenue and Taxation Code.

SEC. 8. Section 13 of Chapter 1241 of the Statutes of 1977 is amended to read:

Sec. 13. The sum of eighteen million dollars ($18,000,000) is hereby appropriated from the General Fund to the State Controller for disbursement to any county for reimbursement for costs incurred pursuant to Chapter 1071 of the Statutes of 1976, upon approval of claims for such reimbursement pursuant to Section 11 of this act and in accordance with the following schedule:

(1) Six million dollars ($6,000,000) for the 1976–77 fiscal year.

(2) Twelve million dollars ($12,000,000) for the 1977–78 fiscal year; provided, that if claims received in the 1976–77 fiscal year are over six million dollars ($6,000,000) the Department of Finance may allocate funds in this paragraph to paragraph (1). If the total county claims for reimbursement for costs incurred pursuant to Chapter 1071 of the Statutes of 1976 exceed the amount of funds appropriated herein, the Department of Finance shall request additional funds from the Legislature to meet the full amount of such claims.

SEC. 9. Section 14 of Chapter 1241 of the Statutes of 1977 is amended to read:

Sec. 14. Any cost incurred by a county during the period of January 1, 1977, to June 30, 1978, pursuant to Chapter 1071 of the Statutes of 1976, which is filed by a county, after approval of the State Board of Control, shall not be subject to paragraph (1) of subdivision

(d) of Section 2231 of the Revenue and Taxation Code for the period referred to in this section in order that counties may be reimbursed for all costs approved by the State Board of Control, without such costs being subject to a late filing penalty.

SEC. 10. Sections 1, 3, and 4 of this act shall be operative only when and if Article 7 (commencing with Section 1805) of Chapter 1 or Division 2.5 of the Welfare and Institutions Code is repealed.

SEC. 11. Sections 5, 6, and 6.5 of this act shall be operative only if this bill and Assembly Bill No. 90 of the 1977–1978 Regular Session of the Legislature are both chaptered and this bill is chaptered last.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to insure that the changes in the law made by this act shall be given maximum implementation, it is necessary that these provisions take effect at the earliest possible date.

All members of the board of port commissioners of the district shall be elected at the general district election to be held in 1979 and shall take office as provided in the Uniform District Election Law. The district shall continue to be governed by a board of port commissioners appointed in accordance with the provisions of this chapter until succeeded by the board of port commissioners elected at such general district election at noon on the last Friday in November next following the election. The term of office of each commissioner is four years, and as provided in the Uniform District Election Law, except that the commissioners elected at such first general district election shall classify themselves by lot so that the initial term of office of two commissioners shall be two years and the initial term of office of three commissioners shall be four years.

All vacancies occurring in the office of commissioner shall be filled by appointment by a majority of the remaining commissioners and as provided in Section 1780 of the Government Code.

At the first meeting of the board of port commissioners following the general district election, the board shall organize by electing one of its members chairman. The members of the board of port commissioners shall annually elect a chairman. A chairman shall not succeed himself in office.

SEC. 2. The Legislature hereby finds and declares that facts and circumstances exist in the County of Santa Cruz and the City of Santa Cruz which are peculiar to the county and to the city and which

warrant special consideration as provided by this act for the election of members of the Board of Port Commissioners of the Santa Cruz Port District, including, but not limited to, the general location of the port district, the composition of the port facilities therein, and the important role that the port district plays in the economic life of both the city and the county.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because this act is in accordance with the request of a local government entity which desired legislative authority to act to carry out the program specified in this act.

CHAPTER 470

An act to amend the heading of Chapter 5.5 (commencing with Section 32350) of Division 23 of, and to add Section 32359 to, the Health and Safety Code, relating to hospitals.

[Approved by Governor July 20, 1978. Filed with Secretary of State July 21, 1978.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Chapter 5.5 (commencing with Section 32350) of Division 23 of the Health and Safety Code is amended to read:

CHAPTER 5.5. STATE LOANS AND INSURANCE PROCUREMENT ASSISTANCE

SEC. 2. Section 32359 is added to the Health and Safety Code, to read:

32359. The Department of General Services shall, without cost or obligation to the state, assist the Chowchilla Memorial Hospital District, and to any other hospital district with a bed capacity of less than 100 beds which has entered into a joint powers agreement with the Chowchilla Memorial Hospital District, in procuring insurance for the purpose of paying medical injury tort judgments or settlements exceeding one million dollars ($1,000,000) in the aggregate. Any such procurement may, upon request of the hospital district concerned, be made by the Department of General Services on behalf of such hospital district.

SEC. 3. The Legislature finds and declares that the Chowchilla Memorial Hospital District has a unique record with respect to medical injury tort claims filed against the district and that because of the unique situation presented and existing provisions of law providing coverage for medical injury tort claims not exceeding one

million dollars ($1,000,000), special assistance in locating sources of aggregate excess insurance is needed. The Legislature finds, in enacting this act, that a special statute is needed and a general statute cannot be made applicable.

CHAPTER 471

An act to amend Section 4706.5 of the Labor Code, relating to workers' compensation.

[Approved by Governor July 20, 1978. Filed with Secretary of State July 21, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 4706.5 of the Labor Code is amended to read:

4706.5. (a) Whenever any fatal injury is suffered by an employee under such circumstances as to entitle the employee to compensation benefits, but for his or her death, and such employee does not leave surviving any person entitled to a dependency death benefit, the employer shall pay a sum to the Department of Industrial Relations equal to the total dependency death benefit that would be payable to a surviving spouse with no dependent minor children.

(b) Where the deceased employee leaves no surviving dependent, personal representative, heir, or other person entitled to the accrued and unpaid compensation referred to in Section 4700, such accrued and unpaid compensation shall be paid by the employer to the Department of Industrial Relations.

(c) The payments to be made to the Department of Industrial Relations, as required by subdivisions (a) and (b), shall be deposited in the General Fund and shall be credited, as a reimbursement, to any appropriation to the Department of Industrial Relations for payment of the additional compensation for subsequent injury provided in Article 5 (commencing with Section 4750) of this chapter, in the fiscal year in which the State Controller's receipt is issued.

(d) The payments to be made to the Department of Industrial Relations, as required by subdivision (a), shall be paid to the department in a lump sum in the manner provided in subdivision (b) of Section 5101.

(e) The Department of Industrial Relations shall keep a record of all payments due the state under this section, and shall take such steps as may be necessary to collect such amounts.

(f) Each employer, or the employer's insurance carrier, shall notify the administrative director, in such form as the administrative director may prescribe, of each employee death, except when the

employer has actual knowledge or notice that the deceased employee left a surviving dependent.

(g) When, after a reasonable search, the employer concludes that the deceased employee left no one surviving who is entitled to a dependency death benefit, and concludes that the death was under such circumstances as to entitle the employee to compensation benefits, such employer may voluntarily make the payment referred to in subdivision (a). Payments so made shall be construed as payments made pursuant to an appeals board findings and award. Thereafter, if the appeals board finds that the deceased employee did in fact leave a person surviving who is entitled to a dependency death benefit, upon such finding, all payments referred to in subdivision (a) which have been made shall be forthwith returned to the employer, or if insured, to the employer's workers' compensation carrier that indemnified the employer for the loss.

SEC. 2. Section 1 of the act shall become operative July 1, 1979.

CHAPTER 472

An act to add Section 12012.1 to the Government Code, relating to transfer of offenders.

The people of the State of California do enact as follows:

SECTION 1. Section 12012.1 is added to the Government Code, to read:

12012.1. Whenever a treaty is in force providing for the transfer of offenders between the United States and a foreign country, the Governor or his designee is authorized to give the approval of the state to a transfer as provided in the treaty, upon the application of a person under the jurisdiction of the Department of Corrections, the Department of the Youth Authority, and the State Department of Health Services.

CHAPTER 473

An act to amend Sections 64691 and 64691.5 of the Food and Agricultural Code, relating to beef cattle, and making an appropriation therefor.

[Approved by Governor July 20, 1978. Filed with Secretary of State July 21, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 64691 of the Food and Agricultural Code is amended to read:

64691. In order to carry out the programs and administer the activities which are conducted pursuant to this chapter, except as specified in Section 64691.5, a fee of twenty-five cents ($0.25) per head on cattle and calves shall be charged and collected from the seller or from the seller's account and paid to the director as specified in Section 64691.7 by each operator of any stockyard, livestock auction market, slaughterhouse, packing plant, feedlot, or seller's agent, who shall deduct such an amount from the proceeds of sale or from other moneys owed to the seller. Such fee shall be charged on all cattle and calves except the following:

(a) Hides, skins, or reduction animals.

(b) Any cattle that are transported for purposes other than for sale or slaughter and without a change of ownership.

(c) Any animal which is less than three months of age.

(d) Any animal sold for milk or calf production.

Such fees shall not be charged or collected more than once from each owner upon the same animal.

SEC. 2. Section 64691.5 of the Food and Agricultural Code is amended to read:

64691.5. A fee greater than twenty-five cents ($0.25) per head on cattle and calves prescribed by Section 64691 shall not be charged pursuant to such section under a mandatory fee payment program unless and until such greater fee is approved by the producers in this state, by a referendum to be submitted to the producers by the director. The director shall find that the producers have approved any such fee, if he finds both of the following:

(a) That at least 40 percent of all producers, as determined from a list to be established by the director, have voted in the referendum.

(b) That at least 65 percent of total producers that produced not less than 51 percent of the volume of the commodity in the state or at least 51 percent of the total producers that produced not less than 65 percent of the volume of the commodity in the state voting in such referendum favor charging of such a greater fee.

In the event that a national promotion program for beef is approved by the producers, the fees charged under Section 64691 shall immediately revert to ten cents ($0.10) per head on cattle and calves.

CHAPTER 474

An act to amend Section 8621 of the Business and Professions Code, relating to structural pest control.

All complaints against licensees shall be filed with the board within two years after the act or omission alleged as the ground for disciplinary action and the board shall file any accusation within one year after such complaint has been filed with the board, except that with respect to an accusation alleging a violation of Section 8637, the accusation may be filed within two years after the discovery by the board of the alleged facts constituting the fraud or misrepresentation prohibited by the section.

Since savings and loan associations are the primary providers of mortgage funds for Californians and a depository for the savings of hundreds of thousands of Californians it is important to insure that control of these institutions be vested in persons who will effectively carry out the charge of encouraging thrift and promoting home ownership. 12519. (a) Prior to September 1, 1975, no person shall operate a farm labor vehicle unless he has in his possession a driver's license for

the appropriate class of vehicle to be driven, such license to be endorsed or have attached to it a certificate issued by the department to permit the operation of farm labor vehicles unless such operation is expressly exempted under this code.

(b) On and after September 1, 1975, no person, other than a person who possesses a valid schoolbus driver's certificate, shall operate a farm labor vehicle unless he has in his possession a driver's license for the appropriate class of vehicle to be driven, and a certificate issued by the department to permit the operation of farm labor vehicles.

Applicants shall present evidence that they have successfully completed the driver training course developed by the Department of Education pursuant to Section 374 of the Education Code, and approved by the Department of Motor Vehicles and the Department of the California Highway Patrol before a permanent certificate will be issued. The certificate shall be issued only to applicants qualified by examinations prescribed by the Department of Motor Vehicles. Such examinations shall be conducted by the Department of the California Highway Patrol. Such certificate shall be valid for not to exceed two years, but may be renewed under such conditions as the Department of Motor Vehicles may prescribe.

SEC. 4. Section 12804 of the Vehicle Code is amended to read:

12804. (a) The examination shall include a test of the applicant's knowledge and understanding of the provisions of this code governing the operation of vehicles upon the highways, the ability to read and understand simple English used in highway traffic and directional signs, and his understanding of traffic signs and signals, including the bikeway signs, markers, and traffic control devices established by the Department of Transportation. The applicant shall be required to give an actual demonstration of his ability to exercise ordinary and reasonable control in operating a motor vehicle by driving the same under the supervision of an examining officer and submit to an examination appropriate to the type of motor vehicle or combination of vehicles he desires a license to drive, except that the department may waive the driving test part of the examination of an applicant who holds a valid license issued by another state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico. The examination shall also include a test of the hearing and eyesight of the applicant and such other matters as may be necessary to determine the applicant's mental and physical fitness to operate a motor vehicle upon the highways and whether any ground exists for refusal of a license under this code. The examination for a class 1 or class 2 license under subdivision (b) of this section shall also include a report of a medical examination of the applicant given not more than two years prior to the date of the application by a physician licensed to practice medicine. The report shall be on a form approved by the department or by the Federal Highway Administration or the Federal Aviation Administration of the United States Department of Transportation. In establishing the requirements consideration may be given to the

standards presently required of motor carrier drivers by the Federal Highway Administration of the United States Department of Transportation. Any physical defect of the applicant which in the opinion of the department is compensated to insure safe driving ability shall not prevent the issuance of a license to the applicant.

(b) In accordance with the following classifications any applicant for a driver's license shall be required to submit to an examination appropriate to the type of motor vehicle or combination of vehicles he desires a license to drive:

(1) Class 1. Any combination of vehicles and includes the operation of all vehicles under class 2 and class 3.

(4) Class 4. Any two-wheel motorcycle, any two-wheel motor-driven cycle, or any motorized bicycle. Authority to operate vehicles included in a class 4 license may be granted by endorsement on a class 1, 2 or 3 license upon completion of appropriate examination.

(c) Class 1 and class 2 drivers' licenses shall be valid for operating class 1 or class 2 vehicles only when a medical certificate approved by the department or the Federal Highway Administration or the Federal Aviation Administration of the United States Department of Transportation is in the licensee's immediate possession which has been issued within two years of the date of the operation of such vehicle, otherwise the license shall be valid only for operating class 3 vehicles and class 4 vehicles if so endorsed. A person holding a valid class 1 or class 2 driver's license on May 3, 1972, may operate class 1 or class 2 vehicles without a medical certificate until such time as the license expires.

(d) A farm labor vehicle driver certificate shall not be valid unless the driver is in possession of a medical certificate issued within the past two years.

(e) The department may accept a certificate of driving experience in lieu of a driving test on class 1 or 2 applications when such certificate is issued by an employer of the applicant provided the applicant has first qualified for a class 3 license and also met the other examination requirements for the license for which he is applying. Such certificate may be submitted as evidence of the applicant's experience or training in the operation of the types of equipment covered by the license for which he is applying.

(f) The department may accept a certificate of competence in lieu of a driving test on class 4 applications when such certificate is issued

by a law enforcement agency for its officers who operate class 4 vehicles in their duties provided the applicant has also met the other examination requirements for the license for which he is applying.

(g) Notwithstanding the provisions of subdivision (b), any person holding a valid California driver's license of any class may operate a motorized bicycle without taking any special examination for the operation of a motorized bicycle, and without having a class 4 endorsement on such license.

[Approved by Governor August 21, 1978. Filed with Secretary of State August 21, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 3440.1 of the Civil Code is repealed.

SEC. 2. Section 6102 of the Commercial Code is amended to read:

6102. (1) A "bulk transfer" is any transfer in bulk and not in the ordinary course of the transferor's business of a substantial part of the

materials, supplies, merchandise, or other inventory (Section 9109) of an enterprise subject to this division.

(2) A transfer of a substantial part of the equipment (Section 9109) of such an enterprise is also a bulk transfer.

(3) The enterprises subject to this division are all those whose principal business is that of a baker, cafe or restaurant owner, garage owner, cleaner and dyer, or manufacturer or retail or wholesale merchant.

(4) Except as limited by the following section all bulk transfers of goods located within this state are subject to this division.

(5) The word "transfer" as used in this division does not include the creation or modification of a security interest.

SEC. 2.5. Section 6103 of the Commercial Code is amended to read:

6103. The following transfers are not subject to this division:

(1) A transfer subject to subdivision (h) of Section 3440 of the Civil Code;

(4) Sales by executors, administrators, receivers, trustees in bankruptcy, or any public officer under judicial process;

(5) Sales made in the course of judicial or administrative proceedings for the dissolution or reorganization of a corporation and of which notice is sent to the creditors of the corporation pursuant to order of the court or administrative agency;

(6) Transfers of property which is exempt from execution;

(7) The transfer of goods in a warehouse where a warehouse receipt has been issued therefor by a warehouseman (Section 7102) and a copy of such receipt is kept at the principal place of business of the warehouseman and at the warehouse in which said goods are stored.

SEC. 3. Section 6105 of the Commercial Code is amended to read:

6105. Any bulk transfer subject to this division except one made by auction sale (Section 6108) is fraudulent and void against any creditor of the transferor unless the transferee gives notice of the transfer in the manner and within the time hereafter provided (Sections 6106(6) where applicable and 6107).

SEC. 4. Section 6106 is added to the Commercial Code, to read:

6106. (1) This section applies only to a bulk transfer where the consideration consists of cash or an obligation of the transferee to pay cash in the future or a combination thereof.

(2) Upon every bulk transfer subject to this section except one made by sale at auction it is the duty of the transferee (or, if the transaction is handled through an escrow, the escrow agent) to apply the consideration in accordance with the provisions of this section so far as necessary to pay those debts of the transferor for which claims are then due and payable and are filed in writing with the transferee

or his agent or an escrow agent designated in the notice prior to the date specified in the notice on or after which the bulk transfer is to be consummated. This duty of the transferee or escrow agent runs to each creditor timely filing a claim.

(3) If the transferor disputes any claim then due and payable, the transferee or escrow agent shall withhold from distribution the amount thereof (or the pro rata amount under subdivision (2) of Section 6106.1) and shall send a written notice to the creditor filing the claim that the amount will be paid to the transferor (or to the other creditors in accordance with Section 6106.1 (2), as the case may be) unless attached within 25 days. If the amount retained is not attached by the creditor within 25 days from the mailing of the notice, it shall be paid by the transferee or escrow agent to the transferor or to the other persons filing claims if they have not been paid in full.

(4) If the cash consideration payable is not sufficient to pay all of the claims filed in full, where no escrow has been established pursuant to Section 6106.1 the transferee shall follow the procedures specified in subdivisions (1) through (3) of Section 6106.1.

(5) The transferee or escrow agent, as the case may be, shall within 30 days after the transferee takes possession of the goods either pay the claims filed and not disputed (or the applicable portion thereof to the extent of the consideration under subdivision (2) of Section 6106.1.) or institute an action in interpleader pursuant to subdivision (b) of Section 386 of the Code of Civil Procedure and deposit the consideration with the clerk of the court pursuant to subdivision (c) of said section. Such action shall be brought in the appropriate court for the county where the transferor had its principal place of business in this state. Sections 386.1 and 386.6 of the Code of Civil Procedure shall apply in such action.

(6) The notice shall state, in addition to the matters required by Section 6107, the name and address of the person with whom claims may be filed and the last date for filing claims, which shall be the business day before the date specified in the notice on or after which the bulk transfer is to be consummated.

(7) Nothing contained in this section shall release any security interest or other lien on the property which is the subject of the bulk transfer except upon the voluntary release thereof by the secured party or lienholder.

SEC. 5. Section 6106.1 is added to the Commercial Code, to read:

6106.1. In any case where the notice states that the transaction will be handled through an escrow, creditors may file their claims with the escrow agent and the intended transferee shall deposit with the escrow agent the full amount of the purchase price or consideration. If at the time scheduled for the closing of the escrow the amount of cash deposited in the escrow is insufficient to pay in full all of the claims filed with the escrow agent, the escrow agent *shall:*

(1) (a) Delay the distribution of the consideration and the passing

of title for a period of not less than 10 days nor more than 20 days from the originally scheduled closing date; and

(b) Send a written notice to each creditor, who has filed a claim, within two business days after the date scheduled for the closing of the escrow stating the amount of cash deposited in the escrow and the percentage which it represents of the aggregate of all claims filed and stating that the escrow will be closed at a specified place, date, and time which shall be not less than 10 days nor more than 20 days from the originally scheduled closing date.

(2) Distribute the consideration in accordance with the legally applicable liens and priorities held by the creditors filing claims, and within any class of claims having equal priority distribution shall be made pro rata.

(3) To the extent that an obligation of the transferee to pay cash in the future is a part of the consideration and the cash consideration is not sufficient to pay all claims filed in full, apply all principal and interest received on such obligation to the payment of claims in accordance with subdivision (2) until they are paid in full before making any payment to the transferor. In such case, the notice pursuant to subdivision (1) shall state the amount, terms and due dates of the obligation and the portion of the claims expected to be paid thereby.

No funds shall be drawn from the escrow, prior to the actual closing and completion of the escrow, for the payment, in whole or in part, of any commission, fee or other consideration as compensation for a service which is contingent upon the performance of any act, condition, or instruction set forth in an escrow.

SEC. 6. Section 6107 of the Commercial Code is amended to read:

6107. (1) The notice to creditors (Section 6105) shall state:

(a) That a bulk transfer is about to be made; and

(b) The names and business addresses of the transferor and, except in the case of a sale at auction, the transferee, and all other business names and addresses used by the transferor within three years last past so far as known to the transferee; and

(c) The location and general description of the property to be transferred; and

(d) The place, and the date on or after which, the bulk transfer is to be consummated.

(2) The notice shall be

(a) Recorded in the office of the county recorder in the county or counties in which the property to be transferred is located at least 12 business days before the bulk transfer is to be consummated or the sale by auction is to be commenced; and

(b) Published at least once in a newspaper of general circulation published in the judicial district in which the property is located, if there is one, and if there is none, then in a newspaper of general circulation in the county embracing such judicial district, at least 12 business days before the bulk transfer is to be consummated or the

sale by auction is to be commenced; and

(c) Delivered or sent by registered or certified mail at least 12 business days before the bulk transfer is to be consummated or the sale by auction is to be commenced to the county tax collector in the county or counties in which the property to be transferred is located.

If the property to be transferred is located in more than one judicial district, the publication required by paragraph (b) of subdivision (2) shall be in a newspaper published in the judicial district where a greater portion of the property is located than in any other judicial district, or in the county embracing such judicial district, as the case may be. As used in this section, "business day" means any day other than a Saturday, Sunday or a day observed as a holiday by the California state government.

SEC. 7. Section 6111 of the Commercial Code is amended to read:

6111. No action under this division shall be brought nor levy made more than one year after the date on which the transferee took possession of the goods unless the transfer has been concealed. If the transfer has been concealed, an action may be brought or levy made within one year after its discovery by the creditor bringing such action or making such levy or after it should have been discovered by such creditor in the exercise of reasonable diligence, whichever first occurs.

SEC. 8. Section 7 of this act shall become operative on January 1, 1980.

SEC. 9. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect any other provision or application of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

The people of the State of California do enact as follows:

SECTION 1. Section 90101 of the Education Code is amended to read:

90101. As used in this chapter:

(a) "Project" includes the erection, construction, alteration, painting, repair, or improvement of any state structure, building, road, or other state improvement of any kind which will exceed in cost a total of ten thousand dollars ($10,000).

(b) "Trustees" means the Trustees of the California State University and Colleges.

(c) "Service contract" means any contract for services in connection with a project other than a project contract, and includes, but is not limited to, contracts for architectural, engineering, planning, testing, general studies, or feasibility services.

SEC. 2. Section 25450 of the Government Code is amended to read:

25450. Whenever the estimated cost of construction of any wharf, chute, or other shipping facility, or of any hospital, almshouse, courthouse, jail, historical museum, aquarium, county free library building, branch library building, art gallery, art institute, exposition building, stadium, coliseum, sports arena or sports pavilion or other building for holding sports events, athletic contests, contests of skill, exhibitions, spectacles and other public meetings, or other public building or the cost of any painting, or repairs thereto exceeds the sum of four thousand dollars ($4,000), inclusive of the estimated costs of materials or supplies to be furnished pursuant to Section 25457, the work shall be done by contract. Any such contract not let pursuant to this article is void.

SEC. 3. Section 37901 of the Government Code is amended to read:

37901. As used in this chapter, "public project" means:

(a) A project for the erection, improvement, painting, or repair of public buildings and works.

(b) Work in or about streams, bays, waterfronts, embankments, or other work for protection against overflow.

(c) Street or sewer work except maintenance or repair.

(d) Furnishing supplies or materials for any such project, including maintenance or repair of streets or sewers.

CHAPTER 492

An act to amend Section 1716 of the Civil Code, relating to goods and services.

[Approved by Governor August 21, 1978. Filed with Secretary of State August 21, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 1716 of the Civil Code is amended to read:

1716. It shall be unlawful for any person to solicit payment of money by another by means of a written statement or invoice, or any writing that could reasonably be interpreted as a statement or invoice, for goods not yet ordered or for services not yet performed and not yet ordered unless there appears on the face of the billing, invoice or statement in boldface type at least 10 points larger than

any other type on the face of the bill, invoice or statement, the following warning:

"This is NOT a bill, invoice or statement. This is a solicitation for the order of goods or services, or both. You are under no obligation to make any payment unless you accept this offer."

Any person damaged by noncompliance with this section, in addition to other remedies, is entitled to damages in an amount equal to three times the sum solicited.

Any person who violates this section shall be liable for a civil penalty not to exceed ten thousand dollars ($10,000) for each violation, which shall be assessed and recovered in a civil action brought in the name of the people of the State of California by the Attorney General or by any district attorney, county counsel, or city attorney in any court of competent jurisdiction.

If the action is brought by the Attorney General, one-half of the penalty collected shall be paid to the treasurer of the county in which the judgment was entered and one-half to the State Treasurer. If brought by a district attorney or county counsel, the entire amount of penalty collected shall be paid to the treasurer of the county in which the judgment was entered. If brought by a city attorney or city prosecutor, one-half of the penalty shall be paid to the treasurer of the county and one-half to the city.

A violation of any of the provisions of this section shall be punishable as a misdemeanor.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 493

An act to amend Section 1158 of the Evidence Code, relating to medical records.

[Approved by Governor August 21, 1978. Filed with Secretary of State August 21, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 1158 of the Evidence Code is amended to read:

1158. Whenever, prior to the filing of any action or the appearance of a defendant in an action, an attorney at law presents a written authorization therefor signed by an adult patient, by the

guardian or conservator of his person or estate, or, in the case of a minor, by a parent or guardian of such minor, or by the personal representative or an heir of a deceased patient, or a copy thereof, a physician and surgeon, dentist, registered nurse, dispensing optician, registered physical therapist, podiatrist, licensed psychologist, osteopath, chiropractor, clinical laboratory bioanalyst, clinical laboratory technologist, or pharmacist or pharmacy, duly licensed as such under the laws of the state, or a licensed hospital, shall make all of the patient's records under his or its custody or control available for inspection and copying by such attorney at law or his representative, promptly upon the presentation of the written authorization.

Failure to make such records available, during business hours, within five days after the presentation of the written authorization, may subject the person or entity having custody or control of the records to liability for all reasonable expenses, including attorney's fees, incurred in any proceeding to enforce the provisions of this section.

All reasonable costs incurred by any person or entity enumerated above in making patient records available pursuant to this section may be charged against the person whose written authorization required the availability of such records. "Reasonable cost" as used in this paragraph means actual copying costs, not to exceed ten cents ($0.10) per page, plus any additional reasonable clerical costs incurred in locating and making the records available.

CHAPTER 494

An act to amend Section 690.18 of the Code of Civil Procedure, relating to exemptions from execution of judgment.

[Approved by Governor August 21, 1978 Filed with Secretary of State August 21, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 690.18 of the Code of Civil Procedure is amended to read:

690.18. (a) Except with regard to court-ordered child or spousal support payments, all money received by any person, a resident of the state, as a pension, or as an annuity or retirement or disability or death or other benefit, or as a return of contributions and interest thereon, from the United States government, or from the state, or any county, city, or city and county, or other political subdivision of the state, or any public trust, or public corporation, or from the governing body of any of them, or from any public board or boards, or from any retirement, disability, or annuity system established by any of them pursuant to statute, whether the same shall be in the

actual possession of such pensioner or beneficiary, or deposited by him.

(b) All money held, controlled, or in process of distribution by the state, or a city, city and county, county, or other political subdivision of the state, or any public trust or public corporation, or the governing body of any of them, or by any public board or boards, derived from the contributions by the state or such city, county, city and county, or other political subdivision, or such public trust, public corporation, governing body, or public board or boards, or by any officer or employee thereof, for retirement or pension purposes or the payment of disability, death, or other benefits, or the payment of benefits payable to, or the reimbursement of benefits paid to, employees thereof under the provisions of the Unemployment Insurance Code, and all rights and benefits accrued or accruing to any person under any system established pursuant to statute by the state, city, city and county, county, or other political subdivision of the state, or any public trust or public corporation for retirement, annuity, or pension purposes or payment of disability or death benefits, and all vacation credits accumulated by a state employee pursuant to the provisions of Section 18050 of the Government Code, or any other public employee pursuant to any law for the accumulation of vacation credits applicable to such employee. Such moneys, benefits, and credits shall be exempt without filing a claim of exemption as provided in Section 690.50.

(c) All money held, controlled, or in process of distribution by any private retirement plan, including, but not limited to, union retirement plans, or any profit-sharing plan designed and used for retirement purposes, or the payment of benefits as an annuity, pension, retirement allowance, disability payment or death benefit from such retirement or profit-sharing plans, and all contributions and interest thereon returned to any member of any such retirement or profit-sharing plan, whether the same shall be in the actual possession of such pensioner or beneficiary, or deposited by him, are exempt from execution, attachment, or garnishment. Except with regard to moneys withheld from employees' wages and contributions based on wages in employment under provisions of the Unemployment Insurance Code, and except with regard to court-ordered child or spousal support payments, the exemption given by this subdivision shall apply to any moneys held in self-employed retirement plans and individual retirement annuities or accounts provided for in the Internal Revenue Code of 1954 as amended by the federal "Employee Retirement Income Security Act of 1974" (P.L. 93-406, 29 U.S.C. 1001 et seq.) and by the "Tax Reform Act of 1976" (P.L. 94-455), provided that such moneys do not exceed the maximum amounts exempt from federal income taxation under these acts.

CHAPTER 495

An act to amend Sections 48800, 48801, 48802, 48810, 76001, 76002, and 78009 of, and to amend the heading of Article 2 (commencing with Section 48810) of Chapter 5 of Part 27 of, the Education Code, relating to community colleges.

[Approved by Governor August 21, 1978. Filed with Secretary of State August 21, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 48800 of the Education Code is amended to read:

48800. The governing board of any school district may determine which students would benefit from advanced scholastic or vocational work. The intent of this section is to provide educational enrichment opportunities for a limited number of eligible pupils, rather than to reduce current course requirements of elementary and secondary schools. The governing board may authorize such students, upon recommendation of the principal of the school that the pupil attends, and with parental consent, to attend a community college as special part-time students and to undertake one or more courses of instruction offered at the community college level.

Scholastic credit for courses completed shall be at the level determined to be appropriate by the school district and community college district governing boards.

SEC. 2. Section 48801 of the Education Code is amended to read:

48801. Any student authorized to attend a community college as a special part-time student pursuant to Section 48800 shall, nevertheless, be required to attend school for the minimum schoolday, except as provided for in Section 46145 or 46147, and to undertake courses of instruction of a scope and duration sufficient to satisfy the requirements of law.

SEC. 3. Section 48802 of the Education Code is amended to read:

48802. For purposes of allowances and apportionments from the State School Fund, a community college shall be credited with additional units of average daily attendance attributable to the attendance of 11th or 12th grade students at the community college as special part-time students pursuant to this article.

For purposes of allowances and apportionments from the State School Fund, a community college shall not be credited with additional units of average daily attendance attributable to the attendance of students in kindergarten through grade 10 at the community college as special part-time students pursuant to this article. Instead, the school district shall enter a contract with the community college district to reimburse the community college district for current expenses incurred on account of the attendance of such students.

A school district whose students attend a community college pursuant to this article shall, for purposes of allowances and apportionments from the State School Fund, continue to receive credit for attendance by such students computed in the manner prescribed by law, and a student's attendance at school for the minimum schoolday shall be deemed a day of attendance for purposes of making the computation.

SEC. 4. The heading of Article 2 (commencing with Section 48810) of Chapter 5 of Part 27 of the Education Code is amended to read:

Article 2. Vocational Education Classes

SEC. 5. Section 48810 of the Education Code is amended to read:

48810. The principal of any school may, with the approval of the governing board of the school district, permit students, with parental consent, to attend vocational education classes maintained by the community college district in which the school is located, in accordance with Section 78009.

SEC. 6. Section 76001 of the Education Code is amended to read:

76001. The president of any community college may admit to the community college as a special part-time student any student whose admission is recommended by his or her principal. A principal of a school may recommend a student as a special part-time student pursuant to rules and regulations which may be adopted by the governing board of the school district.

The attendance of a student at community college as a special part-time student pursuant to this section is authorized attendance. Credit for courses completed shall be at the level determined to be appropriate by the school district and community college district governing boards.

Each special part-time student shall attend school classes for at least the minimum schoolday.

SEC. 7. Section 76002 of the Education Code is amended to read:

76002. The president of any community college may admit to the summer session of the community college as a special student any student, with parental consent, whose admission to summer session is recommended by the principal of the school which the student attends. A principal may recommend such a student as a special student pursuant to rules and regulations which may be adopted by the governing board of the school district. The principal of a school shall not recommend a number of students who have completed a particular grade in excess of 5 percent of the total number of students in the school who have completed that grade immediately prior to the time of recommendation.

The attendance as a special summer session student, of a student who has completed the 11th grade, at a community college pursuant to this section shall be credited to the district maintaining the community college for the purposes of allowances and

apportionments from the State School Fund. No additional units of attendance shall be credited for apportionment purposes for students who have not completed the 11th grade. Instead, the school district shall enter a contract with the community college district to reimburse the community college district for current expenses incurred on account of the attendance of such students. The student shall receive credit for community college courses which he or she completes, in the same manner as a regularly enrolled community college student.

Sections 76001 and 48800 to 48802, inclusive, do not apply to the special students authorized to be admitted to a community college summer session pursuant to this section.

SEC. 8. Section 78009 of the Education Code is amended to read:

78009. The president of any two-year community college may admit students to vocational education classes, and may admit students in kindergarten through grade 10 to regular session scholastic classes and students who have completed any grade from kindergarten to grade 10 to summer school classes maintained for such students who may profit from the instruction and are recommended by the school principal, provided:

(a) The students are enrolled in a school within the community college district.

(b) A contract is entered into between the governing board of the school district and the community college district for the payment of the current expense to the community college district incurred on account of such attendance.

(c) Notwithstanding the provisions of Section 84500, the hours of attendance of such students is credited to the school district of enrollment but in no case shall the credited hours of attendance of a student in both attendance centers exceed one day of attendance on any one calendar day.

(d) Scholastic credit for courses completed is at the level determined to be appropriate by the school district and community college governing boards.

For the purposes of this section, such vocational education classes may be considered to be classes maintained by the school within the boundaries of the school district.

CHAPTER 496

An act to add Section 5006.48 to the Public Resources Code, relating to parks and recreation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 21, 1978. Filed with Secretary of State August 21, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 5006.48 is added to the Public Resources Code, to read:

5006.48. (a) Notwithstanding any other provision of law, the Director of General Services may acquire, on behalf of the state, a fee or lesser right or interest in such real and personal property in the Counties of Alameda and San Joaquin located approximately 10 miles east of the City of Livermore and commonly known as the Carnegie Cycle Park. If such property is leased, the lease shall be for such term and for such consideration as is mutally agreed upon by and between the Director of General Services and the lessor, and consented to by the Director of Parks and Recreation, and with rent to be paid by the Department of Parks and Recreation.

(b) Any interest in property acquired pursuant to this section shall be subject to the provisions of the Property Acquisition Law (Part 11 (commencing with Section 15850) of Division 3 of Title 2 of the Government Code).

(c) Upon acquisition of the property, the Director of General Services shall transfer jurisdiction over the property to the Department of Parks and Recreation, which shall administer the property as a unit of the state park system. The Department of Parks and Recreation shall carry out a program in such unit of planning, development, construction, maintenance, administration, and conservation of trails and areas for the recreational use of off-highway vehicles and for other related purposes of the state park system. Areas for the recreational use of off-highway vehicles shall be administered pursuant to paragraph (3) of subdivision (d) of Section 5001.5.

(d) The Director of General Services may offer, under competitive bidding procedures, all or part of such property for lease if the Director of Parks and Recreation determines at that time it is not then needed for the purposes of the state park system and will not be needed for the term of the lease to be offered. Any lease entered into pursuant to this section shall be subject to Section 15862 of the Government Code. Notwithstanding the provisions of Section 15863 of the Government Code, all rent accruing from any such lease after jurisdiction over the property is transferred to the Department of Parks and Recreation pursuant to subdivision (c) shall be paid into the State Treasury to the credit of the Off-Highway Vehicle Fund and shall be available for expenditure only for the purposes specified in subdivision (b) of Section 38270 of the Vehicle Code.

(e) Any fees or other returns collected by the Department of Parks and Recreation in its administration of such unit shall be paid into the State Treasury to the credit of the Off-Highway Vehicle Fund and shall be available for expenditure only for the purposes specified in subdivision (b) of Section 38270 of the Vehicle Code.

SEC. 2. The sum of one million five hundred thousand dollars ($1,500,000) is hereby appropriated from moneys in the Off-Highway

Vehicle Fund that are available pursuant to the provisions of subdivision (b) of Section 38270 of the Vehicle Code to the Department of Parks and Recreation for the purposes of Section 5006.48 of the Public Resources Code, which sum shall be allocated as follows:

(a) One million two hundred thousand dollars ($1,200,000) for the acquisition of an interest in real and personal property, including payments of rent therefor, as described in subdivision (a) of Section 5006.48 of the Public Resources Code.

(b) Three hundred thousand dollars ($300,000) for planning, development, and construction and for administrative costs, including, but not limited to, costs of environmental studies and archaeological investigations, costs incurred in conservation measures, maintenance costs, operation expenses and equipment, landscaping costs, costs incurred in erosion control, costs of perimeter fencing to protect adjacent private property owners, and personal services.

No funds appropriated by this act may be expended for the purchase of any real property for the state park system or the acquisition of any other interest in real property until the State Public Works Board has determined that the procedures and criteria established by the Attorney General relating to implied dedication and public prescriptive rights or claims have been complied with in the investigations and appraisals of the Department of General Services. All material relating to implied dedication and public prescriptive rights or claims shall be retained in the files of the Department of General Services and shall be available for postaudit on a selective basis by the Attorney General.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necesssity are:

Certain lands of unique recreational value are presently being used by the public solely by permission of the private owners, who, however, may not be able to provide for the continued use of their lands. Therefore, in order that public use of the lands may continue, it is necessary that this act take effect immediately.

CHAPTER 497

An act to amend Sections 4763 and 9102.5 of, and to add Sections 9255.5 and 9867.5 to, the Vehicle Code, relating to vehicles.

[Approved by Governor August 21, 1978. Filed with Secretary of State August 21, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 4763 of the Vehicle Code is amended to read:

4763. The Department of Motor Vehicles shall include on the potential registration card, or on an accompanying document, of every person who has been sent or given a notice of violation relating to standing or parking pursuant to paragraph (2) of Section 41103 and has not complied with the provisions of paragraph (2) of Section 41103, and shall collect pursuant to Sections 4760 and 41103.5, at the time registration renewal is applied for, a fee which shall be an amount, as determined by the department, that is sufficient (together with other such fees) to provide a total amount equal to its actual costs of administering the provisions of Sections 4760, 4761, 4762, 4764, 4765, and 41103.5, and the costs incurred by the Department of the California Highway Patrol in enforcing provisions of law relating to registration requirements that have been violated by a person whose vehicle the Department of Motor Vehicles has refused to register because he has not paid to the Department of Motor Vehicles the full amount of bail for parking offenses, as required pursuant to Section 4760, or the fee specified in this section. For purposes of this section, the costs incurred by the Department of the California Highway Patrol shall be calculated on the basis of the assumption that 25 percent of the persons who do not register their vehicles within the required time period specified in this code and who have outstanding parking violations, as identified by the Department of Motor Vehicles, would be cited by the Department of the California Highway Patrol for violation of registration requirements.

SEC. 2. Section 9102.5 of the Vehicle Code is amended to read:

9102.5. (a) In lieu of all other fees which are specified in this code, except fees for duplicate plates, certificates, or cards, a fee of ten dollars ($10) shall be paid for the registration and licensing of any privately owned schoolbus, as defined in Section 545, which is either:

(1) Owned by a private nonprofit educational organization and operated in accordance with the rules and regulations of the Department of Education and the Department of California Highway Patrol exclusively in transporting school pupils, or school pupils and employees, of such private nonprofit educational organization, or

(2) Operated in accordance with the rules and regulations of the Department of Education and the Department of California Highway Patrol exclusively in transporting school pupils, or school pupils and employees, of any public school or private nonprofit educational organization pursuant to a contract between a public school district or nonprofit educational organization and the owner or operator of the schoolbus.

This section shall not, however, be applicable to any schoolbus which is operated pursuant to any contract which requires the public

school district or nonprofit educational organization to pay any amount representing the costs of registration and weight fees unless and until the contract is amended to require only the payment of an amount representing the fee required by this section.

(b) When a schoolbus under contract and registered pursuant to subdivision (a) of this section is to be temporarily operated in such a manner that it becomes subject to full registration fees specified in this code, the owner may, prior to such operation, as an alternative to such full registration, secure a temporary permit to operate the vehicle in this state for any three consecutive calendar months. Such permit shall be posted upon the windshield or other prominent place upon the vehicle, and shall identify the vehicle to which it is affixed. When so affixed, such permit shall serve as indicia of full registration for the period designated thereon. Upon payment of the fees specified in Section 9266.5, the department may issue a temporary permit under this section.

SEC. 3. Section 9255.5 is added to the Vehicle Code, to read:

9255.5. Upon application for transfer of registration pursuant to Section 5911, a fee as specified in Section 9265 shall be paid to the department in addition to the regular transfer fee.

SEC. 4. Section 9867.5 is added to the Vehicle Code, to read:

9867.5. Upon application for transfer of registration pursuant to Section 9917, a fee as specified in Section 9867 shall be paid to the department in addition to the regular transfer fee.

CHAPTER 498

An act to add Chapter 7 (commencing with Section 31630) to Part 6 of Division 12 of the Water Code, relating to county water districts.

[Approved by Governor August 21, 1978 Filed with Secretary of State August 21, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7 (commencing with Section 31630) is added to Part 6 of Division 12 of the Water Code, to read:

CHAPTER 7. COACHELLA VALLEY COUNTY WATER DISTRICT WATER REPLENISHMENT ASSESSMENTS

31630. The Coachella Valley County Water District shall have the power to levy and collect water replenishment assessments, as provided in this chapter, for the purpose of replenishing ground water supplies within the district.

31630.5. As used in this chapter:

(a) "Annual" or "year" means a calendar year unless the context indicates a contrary meaning.

(b) "District" means the Coachella Valley County Water District.

(c) "Fiscal year" means the period of July 1 through June 30, inclusive.

(d) "Production" or "produce" means the extraction of ground water by pumping or any other method within the boundaries of the district or the diversion within the district of surface supplies which naturally replenish the ground water supplies within the district and are used therein.

(e) "Producer" means any individual, partnership, association or group of individuals, lessee, firm, private corporation, or any public agency or public corporation, including, but not limited to, the Coachella Valley County Water District.

(f) "Minimal pumper" means any producer who produces 25 or fewer acre feet in any year.

(g) "Supplemental water" means water from the State Water Resources Development System, or from the Colorado River Aqueduct of the Metropolitan Water District of Southern California, or from any other source which is not part of the natural replenishment of the ground water supplies within the district, including reclaimed water.

31631. By May 1 of each year the board shall cause to be prepared and presented to it an engineering survey and report concerning the ground water supplies within the district. Such report shall include the condition of such ground water supplies, the need for replenishment, and recommendations for any replenishment program, including the source and amount of replenishment water and the cost of purchasing, transporting, and spreading such water. In connection with any proposed replenishment program, the report shall also describe the area or areas benefited, either directly or indirectly, the amount of water production in each such area during the prior year, and shall recommend the amount of assessment to be levied upon all production within such area or areas of benefit.

31631.5. If the board determines that funds should be raised by a replenishment assessment, it shall call a public hearing, and shall publish notice at least 10 days in advance thereof pursuant to Section 6061 of the Government Code. Notice shall also be mailed by the district to all producers as disclosed by the records of the district who may be affected by the recommended assessment. Failure of any affected producers to receive such notice shall not affect the validity of any subsequent replenishment assessment. The notice shall contain the time and place of the hearing, a generalized or common description of each area of benefit, the amount of each recommended replenishment assessment, and an invitation to all interested parties to attend and be heard in support of or in opposition to the proposed assessment. The notice shall also state that a copy of the engineering report is available for inspection at the office of the district.

31632. The hearing shall be held before the board and a quorum shall be present. The hearing may be adjourned from time to time

by the president. All evidence relevant to the engineering survey and report, the recommendation that a replenishment assessment pursuant to this chapter be levied, and the determination of the area benefited by such assessment and replenishment program, may be introduced. Upon completion of the hearing, the board shall, by resolution, make specific findings on all facts relevant and material to the purposes for which a replenishment assessment, if any, may be levied under this chapter. In the event the district establishes a replenishment program and levies assessments hereunder, and such program is continued in subsequent years without substantial change and at the same rate of assessment, the board may dispense with the notice, hearing, and findings required by Section 31631.5 and this section.

31632.5. Before July 1 of each year, the board may by resolution levy a replenishment assessment upon all water production during the following fiscal year within each area of benefit as determined by the board. The assessment within each area of benefit shall be at a uniform rate per acre-foot. The resolution shall also state the time or times at which such assessment shall be due and payable, which may be in convenient installments as determined by the board.

31633. The amount of any replenishment assessments levied shall be in the discretion of the board, provided that no such assessment shall exceed the variable operation, maintenance, power, and replacement components of the transportation charges, and the delta water charges, applicable at the time of the levy under the contract between the district and the State of California for an imported water supply from the State Water Resources Development System.

31633.5. Minimal pumpers may be excluded from the engineering survey and report on water production, and they shall be exempt from any replenishment assessments and reporting provisions under this chapter.

31634. The district, after the levying of any replenishment assessment, shall give notice thereof to all affected producers as disclosed by the records of the district. Such notice shall state the rate of assessment for each acre-foot of production during the fiscal year for which the assessment has been levied, and the dates when the assessment or installments thereof are due and payable. The notice shall be sent by first-class mail with the postage prepaid by the district.

31634.5. Except as provided in Section 31636, each producer, on or before the dates when the assessment or installments thereof are due and payable, shall file with the district a sworn statement setting forth the total quantity of water production in acre-feet which is subject to the replenishment assessment. Such production shall be reported as of the end of the month immediately preceding the payment date. The statement shall be on a form prepared by the district, and to the extent practicable, shall identify separately the production from each well or other water-producing facility. The

statement shall also include a general description or number locating such well or water-producing facility, the method or basis of the measurement or computation of production, and such other information as the district may require.

31635. Any replenishment assessment levied pursuant to this chapter shall be due and payable to the district at the time or times determined by the district and stated in the notice of levy, and shall accompany the statement required from each producer.

31636. If the district has an agreement with any producer whereby the district regularly reads and maintains the water-measuring devices which record the production of such producer, the producer shall be exempt from the provisions of Section 31634.5. In lieu thereof, the district shall send such producer notice of its production and the amount of the replenishment assessment or installment due.

31636.5. If any producer subject to a replenishment assessment, after notice has been given pursuant to Section 31634, shall fail to pay a replenishment assessment or installment thereof when due, such producer shall become liable to the district for interest at the rate of 1 percent per month on the delinquent amount.

31637. Should any producer, subject to a replenishment assessment, knowingly fail to file the water-production statement, such producer shall, in addition to interest as provided in Section 31636.5, become liable to the district for a penalty of one hundred fifty dollars ($150).

31637.5. If the district has probable cause to believe that the production by any producer is unreported or, if reported, is substantially in excess of that disclosed by the statement filed by such producer, the district shall cause an investigation and report to be made concerning such production, which shall include the right to inspect the water-producing facility and any water-measuring device used therewith. The board shall thereupon determine and fix the correct amount of production for any such producer, and give written notice thereof. Any such determination made by the board shall be binding upon the producer, and the replenishment assessments based thereon together with interest and penalties shall be payable immediately, unless the producer shall file with the board within 10 days after the mailing of such notice a written protest setting forth the grounds of protest. Upon the filing of such protest the board shall hold a hearing at which time the total amount of production and the replenishment assessment shall be determined, and the interest and penalties fixed, which action shall be conclusive if based upon substantial evidence. A notice of such hearing shall be mailed to the protestant at least 10 days before the date fixed for the hearing. Notice of the determination by the board shall be mailed to the protestant. The producer shall have 20 days from the date of mailing of such notice to pay the replenishment assessment, interest, and penalties so fixed by the board.

31638. The district may, in any court having jurisdiction, bring

suit against any producer to enjoin any water production in violation of any of the provisions of this chapter, and to collect any delinquent replenishment assessments, interest or penalties. The court may award interest, cost and attorney's fees on any judgment.

31638.5. It shall be unlawful to produce water from within any area of benefit after one year following the levy of a replenishment assessment within such area, unless the well or other water-producing facility producing such water shall have a water-measuring device affixed thereto which is capable of measuring and registering the accumulated amount of water produced. The provisions of this section shall not be applicable to minimal pumpers. The district by written agreement with any producer shall provide, install, maintain, own and read such water-measuring device. Violation thereof shall be punishable by a fine not to exceed three hundred dollars ($300), or by imprisonment in the county jail not to exceed 30 days, or by both such fine and imprisonment.

31639. This chapter, applicable only to the Coachella Valley County Water District, is necessary because of the special and unique problems of imported ground water recharge of ground water basins within such district and the necessity of the payment of part of such expense by a water replenishment assessment. This problem is not common to all districts formed under this division. It is therefore hereby declared that a general law cannot be made applicable and that the enactment of this chapter as a special law is necessary for the solution of problems existing in the Coachella Valley County Water District.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 499

An act to add Chapter 2.8 (commencing with Section 35560) to Part 5 of Division 13 of the Water Code, relating to California water districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 21, 1978. Filed with Secretary of State August 21, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 2.8 (commencing with Section 35560) is added to Part 5 of Division 13 of the Water Code, to read:

CHAPTER 2.8. PROVISIONS PERTAINING ONLY TO THE WESTSIDE WATER DISTRICT

35560. The provisions of this chapter shall apply only to the Westside Water District or to any improvement district, distribution district, or zone formed within the Westside Water District pursuant to the provisions of this division.

35561. In addition, and as an alternative, to the matters contained in this division regarding distribution and apportionment of water, the district or any improvement district, distribution district, or zone therein may, by resolution, enter into long term water service contracts with holders of title to land therein, and may require execution of such a contract by a holder of title to land as a condition precedent to the delivery of water from the district to such holder of title or to the use by such holder of title of any facilities of the district or any improvement district, distribution district, or zone. Such contracts may provide that all water charges provided for, when due, are a lien on the landowner's land in the nature of assessments, and may be collected and enforced in the manner provided in this division for the collection and enforcement of assessments. If such a contract does so provide, such lien shall have the same force, effect, and priority as an assessment lien for all such water charges levied after recordation of such contract in the office of the county recorder in the county in which the land is situated. Unless such water service contract is recorded, it shall have no force or effect whatever against any person other than a party to the contract, unless such person has actual knowledge of the contract and its contents.

35562. In addition, and as an alternative, to the purposes for which the proceeds from water charges may be used, as set forth in Article 4 (commencing with Section 35470) of Chapter 2 of Part 5 of this division, water charges may be levied and collected in order to provide, in whole or in part, for the payment of amounts due to the United States, whether for capital charges or service charges or otherwise, pursuant to contracts made in accordance with Chapter 6 (commencing with Section 35875) of Part 5 of this division, or in order to provide, in whole or in part, for the payment of the costs of a project or the principal of and interest on bonds or warrants of the district, or to obtain funds for any lawful purpose of the district. The district may, by resolution, make such water charges payable in advance. The district may, by resolution, provide that water charges which remain unpaid for a period of not less than 30 days after they have become due shall be delinquent, and a penalty not in excess of 10 percent shall be added thereto, and they shall bear interest at a

rate not in excess of 12 percent per year.

SEC. 2. The Legislature hereby finds and declares that a special law is necessary with respect to the Westside Water District, that the provisions of Section 1 are needed to meet the special circumstances within the district, and that a general law cannot be made applicable.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to provide authority for urgently needed water service contracts at the earliest possible opportunity, it is necessary that this act take effect immediately.

(c) Notwithstanding subdivision (a), transparent material may be installed, affixed, or applied to the topmost portion of the windshield if:

Therefore, Section 2 of this act shall become operative only if this bill and Senate Bill No. 1536 are both chaptered and become effective January 1, 1979, both amend Section 26708, and this bill is chaptered after Senate Bill No. 1536, in which case Section 1 of this act shall not become operative.

CHAPTER 501

An act relating to state highways, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 21, 1978. Filed with Secretary of State August 21, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any other provision of law or regulation, the Department of Transportation shall first offer for sale, at fair market value as determined by the department, to the Mills Land & Water Company the approximate 28.5 acres portion of the northwest quarter and southwest quarter of Section 13, Township 6 South, Range 11 West, in the Rancho Las Bolsas the department acquired from the company by judgment on May 11, 1965.

SEC. 2. Within 60 days after receipt of the first offer of the Department of Transportation to sell the approximate 28.5 acres, the Mills Land & Water Company shall notify the department of its acceptance of that offer, or any subsequent offer from the department, and any conditions attached to the acceptance.

SEC. 3. After acceptance of the department's offer by the Mills Land & Water Company and opening of escrow, the department shall, from 45 days after opening of escrow until the closing of escrow and transfer of title, join in the execution of any documents or applications reasonably related to efforts by the company to obtain necessary local zoning approvals, use permits, and other land use approvals for development of the property.

The department shall bear none of the expenses or costs of obtaining such approvals and permits.

SEC. 4. The acceptance of the offer to purchase the approximate 28.5 acres pursuant to Section 1 of this act by the Mills Land & Water Company shall constitute a settlement of any and all claims the company may have against the State of California arising from the acquisition and retention of the parcel by the Department of Transportation prior to its resale to the company, including the dismissal with prejudice of any and all actions brought by the company against the state with respect to the parcel.

SEC. 5. When the Department of Transportation acquired the approximate 28.5 acres in 1965 for the construction of State Highway Route 1 as a freeway, no severance damages were granted to the Mills Land & Water Company for the remainder of its holdings, on the basis that frontage roads which would provide access to the remaining holding would be constructed.

The California Highway Commission, on October 15, 1975, adopted a resolution to rescind its prior authorization to construct the Route 1 freeway and to authorize the disposition of property acquired for such construction.

The sale of the parcel to any entity other than the company would result in its holding being landlocked.

Because of the unique problem presented in this situation, the legislature finds and declares that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution and that the enactment of this act as a special law is necessary for the solution of this problem.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the disposition of the approximate 28.5 acre parcel acquired from the Mills Land & Water Company by the Department of Transportation for the construction of State Highway Route 1 as a freeway be resolved without the necessity of a lawsuit, it is necessary that this act take effect immediately.

CHAPTER 502

SEC. 7. Section 23703 of the Education Code is amended to read:

23703. A member's or retirant's marriage, divorce, annulment of marriage or the termination of membership by refund constitutes a revocation of his previous designation of a beneficiary except as provided herein.

After any revocation or voidance of a beneficiary designation, a member may designate the same or another beneficiary or beneficiaries in accordance with Section 23702.

A designation of beneficiary filed with the system after an interlocutory decree in a dissolution of marriage action has been issued by the court shall continue to be valid after filing of the final decree of the dissolution of marriage.

SEC. 8. Section 23900 of the Education Code is amended to read:

23900. A retirement allowance shall become effective upon any date designated by the member, provided:

[Approved by Governor August 21, 1978. Filed with Secretary of State August 21, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 4514 of the Civil Code is amended to read:

4514. (a) When an interlocutory judgment has been entered pursuant to Section 4512 and six months have expired from the date of service of a copy of summons and petition or the date of appearance of the respondent, the court, on motion of either party or upon its own motion, may enter the final judgment dissolving the marriage, and such final judgment shall restore them to the status of single persons and permit either to marry after the entry thereof; and such other and further relief as may be necessary to complete disposition of the action, but if any appeal is taken from the interlocutory judgment or a motion for a new trial is made, final judgment shall not be entered until such motion or appeal has been finally disposed of, nor then, if the motion has been granted or judgment reversed.

(b) Where a joint petition under Chapter 5 (commencing with Section 4550) is thereafter revoked and either party commences a proceeding pursuant to Section 4503 within 90 days from the date of filing of the revocation, the permissible date of entry of final judgment pursuant to this section shall be calculated by deducting the period of time which shall have elapsed from the date of filing the joint petition to the date of filing of the revocation.

(c) The death of either party after the entry of the interlocutory judgment does not impair the power of the court to enter final judgment as hereinbefore provided; but such entry shall not validate any marriage contracted by either party before the entry of such final judgment, nor constitute any defense of any criminal

prosecution made against either.

SEC. 2. Chapter 5 (commencing with Section 4550) is added to Title 3 of Part 5 of Division 4 of the Civil Code, to read:

CHAPTER 5. SUMMARY DISSOLUTION

4550. A marriage may be dissolved by the summary dissolution procedure specified in this chapter when all of the following conditions exist at the time the proceeding is commenced:

(a) Either party has met the jurisdictional requirements of Sections 4530 and 4531 with regard to dissolution of marriage.

(b) Irreconcilable differences have caused the irremediable breakdown of the marriage and the marriage should be dissolved.

(c) There are no minor children of the parties born or adopted during the marriage, and the wife, to her knowledge, is not pregnant.

(d) The marriage is not more than two years in duration at the time the petition is filed.

(e) Neither party has any interest in real property wheresoever situated.

(f) There are no unpaid obligations in excess of two thousand dollars ($2,000), incurred by either or both of the parties from the date of marriage, excluding the amount of any unpaid obligations with respect to automobiles.

(g) The total aggregate fair market value of personal property assets in which either of the parties has any interest, excluding all encumbrances and automobiles, is less than five thousand dollars ($5,000).

(h) The parties have executed an agreement setting forth the division of assets and the assumption of liabilities of the community, and have duly executed any documents, title certificates, bills of sale, or other evidence of transfer necessary to effectuate the agreement.

(i) The parties waive any rights to spousal support.

(j) The parties, upon entry of final judgment of dissolution of marriage, irrevocably waive their respective rights to appeal, their rights to request findings of fact and conclusions of law, and their rights to move for a new trial.

(k) The parties have read and understand the summary dissolution brochure provided for in Section 4556.

(*l*) The parties desire that the court dissolve the marriage.

4551. A proceeding for summary dissolution of the marriage shall be commenced by filing in the superior court a joint petition in the form prescribed by the Judicial Council. The petition shall be signed under oath by both the husband and the wife, and shall state that as of the date of the filing of the joint petition each and every condition set forth in Section 4550 has been met. The joint petition shall also state whether or not the wife elects to have her maiden or former name restored, and, if so, shall state the name to be restored.

4552. (a) At any time prior to the filing of application for final judgment, either party to the marriage may revoke the joint petition and thereby terminate the summary dissolution proceeding filed pursuant to this chapter.

(b) The revocation shall be effected by filing with the clerk of the court where the proceeding was commenced a notice of revocation in such form and content as shall be prescribed by the Judicial Council.

(c) The revoking party shall send a copy of the notice of revocation to the other party by first-class mail, postage prepaid, at his or her last known address.

4553. When six months have expired from the date of the filing of the joint petition for summary dissolution, the court may, upon application of either party, enter the final judgment dissolving the marriage, and such final judgment shall restore them to the status of single persons and permit either to marry after the entry thereof. The clerk shall send a notice of entry of final judgment to each of the parties at his or her last known address.

4554. Entry of the final judgment shall constitute a final adjudication of the rights and obligations of the parties with respect to the status of the marriage and property rights and shall constitute a waiver of their respective rights to spousal support, rights to appeal, rights to request findings of fact and conclusions of law, and rights to move for a new trial.

4555. A final judgment made pursuant to Section 4553 shall not prejudice nor bar the rights of either of the parties to institute an action to set aside such final judgment for fraud, duress, accident, mistake, or other grounds recognized at law or in equity or to make a motion pursuant to Section 473 of the Code of Civil Procedure.

4556. Each superior court shall make available a brochure, the contents and form of which shall be prescribed by the Judicial Council, describing the requirements, nature, and effect of proceedings under this chapter. The brochure shall be printed and distributed by the Judicial Council in both English and Spanish and shall state, in nontechnical language, all the following:

(a) It is in the best interests of the parties to consult an attorney regarding the dissolution of their marriage, and that the services of an attorney may be obtained through lawyer referral services, group or prepaid legal services, or legal aid organizations.

(c) A concise summary of the provisions and procedures of this chapter and Sections 4514, 4530, and 4531.

(d) The nature of services of the conciliation court, where available.

(e) That neither party to the marriage can in the future obtain spousal support from the other.

(f) A statement in boldface type to the effect that upon entry of

the final judgment, the rights and obligations of the parties to the marriage with respect to the marriage, including property and spousal support rights, will be permanently adjudicated without right of appeal, except that neither party shall be barred from instituting an action to set aside such final judgment for fraud, duress, accident, mistake, or other grounds at law or in equity, or to make a motion pursuant to Section 473 of the Code of Civil Procedure.

(g) That the parties to the marriage retain the status of married persons and cannot remarry until final judgment dissolving the marriage is entered.

(h) Such other matters as the Judicial Council may deem appropriate.

SEC. 3. The sum of twenty-four thousand dollars ($24,000) is hereby appropriated from the General Fund to the Judicial Council for the purpose of developing the legal forms and brochure required pursuant to Chapter 5 (commencing with Section 4550) of Title 3 of Part 5 of Division 4 of the Civil Code, as enacted by Section 2 of this act.

(3) Encourage uniformity among participating jurisdictions in vehicle size and weight standards on the basis of the objectives set forth in this agreement when the objectives are compatible with the safe operation of the vehicles on each member's highway system, and when these size and weight standards do not have an adverse impact on state and local highway, street, or road maintenance programs.

(4) Encourage uniformity, insofar as possible, of administrative procedures in the enforcement of recommended vehicle size and weight standards.

(5) Provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in paragraph (a) of this article.

(b) The size of each sheet shall be 18 by 26 inches. A marginal line shall be drawn completely around each sheet, leaving an entirely blank margin of one inch. The scale of the map shall be large enough to show all details clearly and enough sheets shall be used to accomplish this end. The particular number of the sheet and the total number of sheets comprising the map shall be stated on each of the sheets, and its relation to each adjoining sheet shall be clearly shown.

(c) All survey and mathematical information and data necessary to locate all monuments and to locate and retrace any and all interior and exterior boundary lines appearing thereon shall be shown, including bearings and distances of straight lines, and radii and arc length or chord bearings and length for all curves, and such information as may be necessary to determine the location of the centers of curves and ties to existing monuments used to establish the subdivision boundaries.

(d) Each parcel shall be numbered and each block may be numbered or lettered. Each street shall be named.

SEC. 4. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the duties, obligations, or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

The people of the State of California do enact as follows:

SECTION 1. Section 35145 of the Education Code is amended to read:

35145. Except as provided in Sections 54957 and 54957.6 of the Government Code and in Section 35146 of, and subdivision (c) of Section 48914 of, this code, all meetings of the governing board of any school district shall be open to the public, and all actions authorized or required by law of the governing board shall be taken at such meetings and shall be subject to the following requirements:

(b) An agenda shall be posted at a place where members of the public, including district employees, may view the same at least 48 hours prior to the time of regular meetings and at least 24 hours prior to special meetings. This agenda must include, but is not limited to, items on which the governing board may take action at that meeting.

SEC. 2. Section 35145.5 is added to the Education Code, to read:

35145.5. It is the intent of the Legislature that members of the public be able to place matters directly related to school district

business on the agenda of school district governing board meetings, and that members of the public be able to address the board regarding items on the agenda as such items are taken up. Governing boards shall adopt reasonable regulations to insure that this intent is carried out. Such regulations may specify reasonable procedures to insure the proper functioning of governing board meetings.

This subdivision shall not preclude the taking of testimony at regularly scheduled meetings on matters not on the agenda which any member of the public may wish to bring before the board, provided that no action is taken by the board on such matters at the same meeting at which such testimony is taken. Nothing in this paragraph shall be deemed to limit further discussion on the same subject matter at a subsequent meeting.

SEC. 3. Section 72121 of the Education Code is amended to read:

72121. Except as provided in Sections 54957 and 54957.6 of the Government Code and in Section 72122 of, and subdivision (c) of Section 76041 of, this code, all meetings of the governing board of any community college district shall be open to the public, and all actions authorized or required by law of the governing board shall be taken at such meetings and shall be subject to the following requirements:

(a) Minutes must be taken at all such meetings, recording all actions taken by the governing board. Such minutes shall constitute public records, and shall be available to the public.

(b) An agenda shall be posted at a place where members of the public, including district employees, may view the same at least 48 hours prior to the time of regular meetings and at least 24 hours prior to special meetings. SEC. 4. Section 72121.5 is added to the Education Code, to read:

72121.5. It is the intent of the Legislature that members of the public be able to place matters directly related to community college district business on the agenda of community college district governing board meetings, and that members of the public be able to address the board regarding items on the agenda as such items are taken up. Governing boards shall adopt reasonable regulations to insure that this intent is carried out. Such regulations may specify reasonable procedures to insure the proper functioning of governing board meetings.

This subdivision shall not preclude the taking of testimony at regularly scheduled meetings on matters not on the agenda which any member of the public may wish to bring before the board, provided that no action is taken by the board on such matters at the same meeting at which such testimony is taken. Nothing in this paragraph shall be deemed to limit further discussion on the same subject matter at a subsequent meeting.

SEC. 5. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the duties, obligations, or responsibilities imposed on local

government by this act are minor in nature and will not cause any financial burden to local government.

For the purposes of this chapter, said Members of the Legislature shall constitute a joint interim investigating committee on the subject of this chapter and as such shall have the powers and duties imposed upon such committees by the Joint Rules of the Senate and Assembly.

SEC. 2. Section 10430 of the Government Code is amended to read:

10430. The commissioners shall either each attend the meetings of the National Conference of Commissioners on Uniform State Laws, or arrange for the attendance of at least one of their number at such National conference. The attendance of a commissioner at such a meeting shall be deemed an excused or authorized absence from his or her employment.

CHAPTER 524

An act to repeal Section 1000.4 of the Penal Code, relating to drug abuse, and making an appropriation therefor.

[Approved by Governor August 24, 1978. Filed with Secretary of State August 24, 1978.]

60—648 100

The people of the State of California do enact as follows:

SECTION 1. Section 1000.4 of the Penal Code is repealed.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that the provisions of this act merely continue a program that was established prior to the effective date of Section 2231 and therefore this act does not impose any new duties or costs on local agencies.

CHAPTER 525

CHAPTER 8. PRIVATE PARTY VEHICLE MARKETS

12101. Any transaction which is regulated by this chapter shall not be subject to the provisions of Article 4 (commencing with Section 21625) of Chapter 9 of Division 8 of the Business and Professions Code, regulating transactions in identifiable secondhand tangible personal property. No person shall be considered a "secondhand dealer" within the meaning of Section 21661 of the Business and Professions Code because of activities regulated by this chapter.

12102. The following definitions apply with respect to this chapter:

The name of each vendor selling, exchanging, or offering for sale or exchange, any vehicle at a private party vehicle market, and the vendor's driver's license number, the registration number assigned to the vehicle, the vehicle identification number, and the make, model, and color of the vehicle.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

A document shall be signed by a prison official and given to the inmate, at the time of compliance with Section 2930, outlining the conditions which the inmate shall meet to receive the credit. The conditions specified in such document may be modified upon any of the following:

Activities specified in paragraph (2) may result in a maximum denial of good behavior credit of 30 days for each such prohibited activity. Activities specified in paragraph (3) may result in a maximum denial of good behavior credit of 15 days for each such prohibited activity. Nothing in this section shall prevent the Department of Corrections from seeking criminal prosecution for violations of law.

(c) One of the four months reduction, or a formula based on this ratio for a lesser period, shall be based solely upon participation in work, educational, vocational, therapeutic or other prison activities. Failure to succeed after demonstrating a reasonable effort in the specified activity shall not result in loss of participation credit. Allocations may also be made for the purpose of making such investigations, estimates, and reports as may be necessary to enable local agencies to obtain federal aid for natural disaster relief purposes, regardless of whether or not such aid is available for projects that are eligible for state allocations pursuant to this chapter. 8686.3. Local agencies shall undertake to recover maximum federal participation in funding projects. State contributions for such projects as determined by Section 8686 will be reduced by an amount equal to the amount local agencies would have recovered from federal disaster relief sources if they had applied for such funding and had programmed their work to conform to federal requirements. When a local agency applies for federal disaster relief funds, the director shall inform the agency of available state funds.

Any excess shall be paid into the General Fund.

(g) The district attorney of any county may prosecute any action on behalf of such county or any city or public agency or political subdivision located wholly within such county which the Attorney

General is authorized to bring pursuant to subdivision (c) of this section, whenever it appears that the activities giving rise to such prosecution or the effects of such activities occur primarily within such county. The district attorney shall file with the Attorney General at least 30 days prior to the filing of any such action a copy of the proposed complaint together with a confidential memorandum and report explaining the facts giving rise to the proposed prosecution and supporting the filing of the new complaint. Prior to entering into any stipulated or consent judgment or other settlement of any such action, the district attorney shall file with the Attorney General at least 30 days prior to the execution thereof a copy of the proposed settlement together with a memorandum of explanation of the settlement. The Attorney General may waive any time requirements provided in this subdivision. In any investigation or action undertaken or brought by a district attorney pursuant to this section, if the Attorney General deems it necessary and in the public interest, the Attorney General may take full charge of any such investigation or prosecution, and the Attorney General shall have all the powers granted by Section 12550 of the Government Code in respect thereto.

(h) In any action prosecuted pursuant to the provisions of subdivision (g) a district attorney may exercise all of the powers conferred on the Attorney General by subdivision (e) provided that every contract or agreement entered into pursuant to this subdivision by a district attorney shall first be approved by the governing authority of the agency in his county.

(i) In any action brought pursuant to subdivision (g) a district attorney may represent any political subdivision located within his county directly, in which case he shall notify in writing such political subdivision of his intention to bring any such action on its behalf, and at any time within 30 days thereafter, such political subdivision may, by formal resolution of its governing body or as otherwise specifically provided by applicable law, withdraw the authority of the district attorney to bring the intended action. In any action in which a district attorney directly represents any political subdivision located within his county, the district attorney shall retain out of the proceeds, if any, resulting from such action, an amount equal to the expense incurred by the district attorney in the investigation and prosecution of such action or an amount equal to 10 percent of the total recovery obtained by the district attorney, whichever is greater. In any action brought pursuant to subdivision (g) in which the county, through the district attorney, is the class representative of political subdivisions located within such county, the district attorney shall retain the proceeds, if any, of any attorneys' fees awarded by the court in which such action is pending to the district attorney, resulting from such class representation. All proceeds retained by a district attorney pursuant to this subdivision shall be deposited in the appropriate account as provided by law.

(j) Nothing in this section shall be construed to authorize any

district attorney to exercise the powers conferred upon the Attorney General by an act of Congress of September 30, 1976, (P.L. 94-905; 90 Stat. 1983) also known as the Hart-Scott-Rodino Antitrust Improvements Act of 1976, except at the direction of the Attorney General.

SEC. 2. The amendment of this section at the 1978 portion of the 1977–78 Regular Session of the Legislature does not constitute a change in, but is declaratory of, the existing law.

[Approved by Governor August 24, 1978. Filed with Secretary of State August 25, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 87200 of the Government Code is amended to read:

(a) Every person who is elected to an office specified in Section 87200 shall, within 30 days after assuming such office, file a statement disclosing his investments and his interests in real property. Every person who is appointed or nominated to an office specified in Section 87200 shall file such a statement not more than 10 days after assuming office, provided, however, that a person appointed or nominated to such an office who is subject to confirmation by the Commission on Judicial Appointments or the State Senate shall file such a statement no more than 10 days after the appointment or nomination.

Such statement shall not be required if the person has filed, within 60 days prior to his assuming office, a statement for the same jurisdiction pursuant to Section 87201 or 87203.

(b) Every elected state officer who assumes office during the month of December or January shall file a statement pursuant to

Section 87203 instead of this section except that the period covered for such a statement shall begin on the date the person filed his declaration of candidacy. This subdivision shall become effective on January 1, 1978.

SEC. 3. Section 87302 of the Government Code is amended to read:

87302. Each Conflict of Interest Code shall contain the following provisions:

(a) Specific enumeration of the positions within the agency which involve the making or participation in the making of decisions which may foreseeably have a material effect on any financial interest;

(b) Requirements that each designated employee file annual statements disclosing reportable investments, interests in real property and income. The Conflict of Interest Code shall set forth for each position or category of positions enumerated under subsection (a) of this section the specific types of investments, interests in real property and income which are reportable and the manner of reporting each item. An investment, interest in real property or income shall be made reportable by the Conflict of Interest Code if the business entity in which the investment is held, the interest in real property, or the income or source of income may foreseeably be affected materially by any decision made or participated in by the designated employee by virtue of his position. The manner of reporting reportable items shall be substantially equivalent to the requirements of Article 2 of this chapter. The first statement filed under this section by a designated employee shall disclose any reportable investments and interests in real property. Statements shall be filed by each designated employee within 30 days after the effective date of the Conflict of Interest Code. Thereafter, new civil service designated employees shall file statements within 30 days after assuming office. All other new designated employees shall file statements not more than 10 days after assuming office or, if subject to State Senate confirmation, 10 days after being appointed or nominated. The provisions of the Conflict of Interest Code adopted under this subsection shall not be applicable to any designated employee who is covered by Article 2 of this chapter.

(c) Specific provisions setting forth any circumstances under which designated employees or categories of designated employees must disqualify themselves from making or participating in the making of any decision. Disqualification shall be required by the Conflict of Interest Code when the designated employee has a financial interest as defined in Section 87103, which it is reasonably foreseeable may be affected materially by the decision. No designated employee shall be required to disqualify himself with respect to any matter which could not legally be acted upon or decided without his participation.

SEC. 4. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the

Government Code.

SEC. 5. The amendments made by this act shall not be construed to deprive any person or public agency of any substantial right which would have existed or hereafter exists had such amendments not been made.

CHAPTER 538

An act to amend Section 24807 of the Education Code, relating to the State Teachers' Retirement System.

[Approved by Governor August 24, 1978. Filed with Secretary of State August 25, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 24807 of the Education Code is amended to read:

24807. The balance of the assets delivered to the district pursuant to subdivision (c) of Section 24806, after the transfers, deposits and payments required by such section, or after establishment of reserves from which such deposits and payments shall be made, shall be allocated and distributed as follows:

(a) Sixty-five percent of such balance shall be distributed to the undistributed reserve of the general fund of the district to be reduced to cash as necessary and appropriated in any year by majority vote of the governing board. Until the balance of the assets has been reduced to cash, the governing board may invest and reinvest the assets in securities legal for the investment of funds of the State Teachers' Retirement System when in the judgment of the governing board any sale and reinvestment is advisable. Ten percent of this amount shall be used only for maintenance operation.

(b) Twenty percent of such balance shall be transferred to a special account in the undistributed reserve of the district's general fund to be reduced to cash as necessary in order to be used only for the purpose of reducing the tax collected pursuant to Section 23401 in order to provide the contributions required by Section 23400 to the Teacher's Retirement Fund. In the event that the special account is not wholly distributed for the purpose of making such contribution, the balance in the special account shall be released to the undistributed reserve. Until the balance of the assets has been reduced to cash, the governing board may invest and reinvest the assets in securities legal for the investment of funds of the State Teachers' Retirement System when in the judgment of the governing board any sale and reinvestment is advisable.

(c) Fifteen percent of such balance shall be held intact by the district in an annuity reserve fund from which shall be provided a supplementary annuity at time of retirement under any California

public retirement system to or on behalf of those members of the local district retirement system who were on the active roll or members on the retired roll of such local district retirement system as of June 30, 1972, and those members added to the active and retired rolls between June 30, 1972, and any later date of discontinuance, and those probationary or permanently certificated employees of the district holding memberships in California public retirement systems other than the local district retirement system who are making contributions to such systems on June 30, 1972, or on any later date of discontinuance. The supplement annuity may be paid in lump sum or in installments for the life of the person eligible, or his beneficiary, after his retirement.

No such participant in the annuity reserve fund shall have vested rights to the benefits of this annuity reserve fund until he has continued in active service for a period of five years from the date of discontinuance of the local district retirement system, except participants who have separated from service by reason of retirement, including deferred retirement, or death.

An account shall be opened in the name of each person eligible to participate in the benefits of the annuity reserve fund to which shall be credited his share of the annuity reserve fund. The individual participant's share of this fund shall bear the same ratio to the total of this fund as his annuity savings contributions, including interest earned, to the retirement system, to which he is making annuity contributions as of June 30, 1972, or any later date of discontinuance, or, if a retired member, the date of retirement prior to June 30, 1972, bears to the total annuity savings contributions, including interest earned, of all such participants in the retirement systems to which they are making contributions at the date of discontinuance, including total contributions to the local district retirement system previously made by living members on the retired roll. The fund shall include principal and interest in the account of any participant forfeited because said participant separated from service, except by reason of retirement, including deferred retirement, or death, within five years from June 30, 1972, or other date of discontinuance. Such forfeiture shall be treated as earnings of the fund.

As of June 30 each year, and on such other dates as the annuity reserve fund board may determine, the earnings of the fund less administrative expense shall be credited to the accounts of the remaining participants in the annuity reserve fund on the ratio that the participant's individual account balance bears to the total balance of the annuity reserve fund. The cost of administering the fund shall be charged against the assets of the fund, as approved by the governing board of the school district.

When a participant separates from service, the earnings since the preceding date on which the earnings of the fund, less administrative expenses, were credited to the accounts of the participants, shall remain in the fund. Any member whose accumulated contributions to the local retirement system exceed the amount required by law

to be deposited by the member in the State Teachers' Retirement System's Annuity Fund upon discontinuance of the local system may deposit to his credit all or part of such excess amount in the annuity reserve fund.

The governing board of the school district which maintained the discontinued local district retirement system shall establish an annuity reserve fund board of not more than seven members, the majority of whom shall be composed of certificated employees who are participants in the annuity reserve fund. The certificated employees on the annuity reserve fund board shall be elected by participants in the annuity reserve fund. The annuity reserve fund board shall have the authority to make rules and regulations necessary for the management of the annuity reserve fund in accordance with modern business practice. The local district retirement board shall continue to function as the annuity reserve board pending its establishment.

Annuity reserve fund board shall invest the funds in securities which are legal for the investment of funds of the State Teachers' Retirement System and shall sell the securities and reinvest the proceeds in securities legal for the investment of funds of the State Teachers' Retirement System when in the judgment of the annuity reserve fund board any sale and reinvestment is advisable.

All securities and cash of the annuity reserve fund shall be held in a trust fund in the county treasury. The county treasurer, as one of his official duties, shall be a member ex officio of the annuity reserve fund board established to invest the assets of this fund.

Any funds raised for the support of the local district retirement system and not appropriated to any specific account shall be transferred to the annuity reserve fund. All payments from the district's annuity reserve fund shall be made in the same manner as payments from school district funds. The annuity reserve fund board may, at its discretion, request the district governing board to hold an election among existing annuity reserve fund participants as to whether the board should distribute existing funds in the annuity fund. The annuity reserve fund board may prescribe all rules and regulations regarding such an election and is authorized to distribute such funds if a majority of such members so elect.

CHAPTER 539

An act to amend Section 300 of, and to add Section 300.5 to, the Welfare and Institutions Code, relating to juveniles.

No parent shall be found to be incapable of exercising proper and effective parental care or control solely because of a physical disability, including, but not limited to, a defect in the visual or auditory functions of his or her body, unless the court finds that the disability prevents the parent from exercising such care or control.

(b) Who is destitute, or who is not provided with the necessities of life, or who is not provided with a home or suitable place of abode.

(c) Who is physically dangerous to the public because of a mental or physical deficiency, disorder or abnormality.

300.5. In any case in which a minor is alleged to come within the provisions of Section 300 on the basis that he or she is in need of medical care, the court, in making such finding, shall give consideration to any treatment being provided to the minor by spiritual means through prayer alone in accordance with the tenets and practices of a recognized church or religious denomination by an accredited practitioner thereof.

The people of the State of California do enact as follows:

CHAPTER 541

An act to amend Section 789.10 of, and to add Section 798.74 to, the Civil Code, relating to mobilehomes.

[Approved by Governor August 24, 1978. Filed with Secretary of State August 25, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 789.10 of the Civil Code is amended to read:

789.10. The ownership or management of a park, subdivision, cooperative, or condominium for mobilehomes shall not make as a condition or precondition of residency or tenancy that the mobilehome be prohibited from remaining in the mobilehome park in the event of a sale to a third party during the term of the tenant's lease or any renewal or extension thereof; provided, however, that the owner may, in the event of a sale to a third party, in order to upgrade the quality of his mobilehome park, require that any mobilehome less than 10 feet wide or more than 15 years old or 25 years old if manufactured after September 15, 1971, or both, or any mobilehome in a rundown condition or in disrepair be removed from the park. The ownership or management shall use reasonable discretion in determining the condition of the mobilehome and its accessory structures.

Nothing in this section shall be construed to deny the ownership or management the right to require prior approval of a purchaser if the mobilehome will remain located in the mobilehome park or other facility and the selling tenant or his agent shall give notice to the ownership or management of the sale prior to the close of the sale; provided, however, that the approval of a purchaser cannot be withheld if the purchaser as a prospective tenant has the financial ability to pay the rent and charges of the park unless the ownership or management reasonably determines that the prospective tenant will not, based upon prior tenancies, comply with the requirements of the rules and regulations of the mobilehome park. The ownership or management may require that the purchaser as a prospective tenant comply with any rule and regulation of the mobilehome park limiting residence within the park to adults only. If the ownership or

management rejects a purchaser as a prospective tenant, the ownership or management shall inform the tenant (seller) in writing of its reasons for such rejection.

A tenant shall be permitted to advertise the sale or exchange of his mobilehome, or the rental or lease of such mobilehome if rental or lease is not prohibited under terms of an agreement with the ownership or management of a park. Such sign may (1) advertise that the mobilehome is for sale or exchange, or that it is for rental or lease if rental or lease is not prohibited, by the owner or his agent; (2) state the owner's or agent's name, address and telephone number; (3) be of reasonable dimensions but may be at least 12 inches in width and 12 inches in length; and (4) be displayed in the window of the mobilehome.

No rental, lease, or sale agreement shall contain any provision by which the puurchaser or tenant waives his rights under this section, and any such waiver shall be deemed contrary to public policy and shall be void and unenforceable.

SEC. 2. Section 798.74 is added to the Civil Code, to read:

798.74. The management may require the right of prior approval of a purchaser of a mobilehome that will remain in the park and the selling tenant or his agent give notice of the sale to the management before the close of the sale. Approval cannot be withheld if the purchaser has the financial ability to pay the rent and charges of the park unless the management reasonably determines that, based on the purchaser's prior tenancies, he will not comply with the rules and regulations of the park. If the ownership or management rejects a purchaser as a prospective tenant, the ownership or management shall inform the selling tenant in writing of its reasons for such rejection.

SEC. 3. Section 798.74, as added to the Civil Code by Section 2 of this act, shall become operative only if Senate Bill No. 2119 is enacted and adds Section 798.74 to the Civil Code, in which case Section 1 of this act, and Section 798.74 as added to the Civil Code by Senate Bill No. 2119, shall not become operative.

(c) No special classes limited to, or designed particularly for, senior citizens shall be established.

89335. This article shall remain in effect only until July 1, 1979, and as of that date is repealed.

89336. The program authorized by this article is a continuation of a program authorized by Chapter 444 of the Statutes of 1975, which was repealed by the force of its own terms on July 1, 1978.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

(b) The type and mounting requirements of such lamps shall be established by regulations adopted by the Department of the California Highway Patrol. Such regulations shall be adopted by January 1, 1980.

[Approved by Governor August 24, 1978 Filed with Secretary of State August 25, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 5.3 of the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955) is amended to read:

Sec. 5.3. The district shall have, in addition to its other powers, the following powers:

(1) To acquire by purchase, lease, contract, condemnation, gift, devise, or any other means and in any manner whatsoever, all lands and water and water rights from sources outside the district and other property necessary or convenient for the construction, use, supply, maintenance, repair, and improvement of works necessary to secure a water supply for the district or any part thereof; to enter into and do any acts necessary or proper for the performance of any contract with the United States, the State of California, or any state, county, district of any kind, public or private corporation, association, firm, or individual, or any number of them; to acquire the right to store water in any reservoirs, or to carry water through any canal, ditch, tunnel, or conduit, whether or not owned, controlled, or constructed by the district; to enter into any contract or agreement with the United States, the State of California, any district or public and private agencies, or any number of them, for the transfer, delivery, use, or sale to the district, or any part of the district, of any water right, or any water pumped, stored, appropriated, or otherwise acquired or secured for the use of the district, or any part thereof, from sources outside of the district, or for the purpose of exchanging water, water rights, or water supply for water, water rights, or water supply to be delivered to the district by the other party pursuant to contract or agreement.

No action in eminent domain to acquire property or interests therein outside the boundaries of the County of Santa Barbara shall be commenced unless the board of supervisors of each affected county has consented to such acquisition by resolution.

(2) To acquire water or water rights within or without the state; to develop, store, and transport water; to provide, sell, and deliver water and water service to the United States, or to any board, department, or agency thereof, or to the State of California, or to any county, city, district, public or private corporation, association, firm, or individual, or any number of them, for any use or purpose.

(3) To join with one or more other public corporations for the purpose of carrying out any of its powers and, for that purpose, to contract with such other public corporation or corporations for the purpose of financing acquisitions, constructions, and operations. Such contracts may provide for contributions to be made by each party thereto and for the division and apportionment of the expenses of such acquisitions, constructions, and operations, and the division and apportionment of the benefits, the services and products therefrom, and may provide for any agency to effect such acquisitions and carry on such operations, and may provide in the powers and methods of procedure for such agency the method by which such agency may contract. Such contract may contain such other and further covenants and agreements as may be necessary and convenient to accomplish the purposes hereof. The term "public corporation," as used in this subdivision, shall be deemed to mean and include the United States, or any public agency thereof, or this, or any other state, or any political district or subdivision thereof.

SEC. 2. Section 11 of the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955) is amended to read:

Sec. 11. The board may establish zones and may institute projects for single zones and joint projects for two or more zones, for the financing, constructing, maintaining, operating, extending, repairing, or otherwise improving any work or improvement of common benefit to such zone or participating zones. For the purpose of acquiring authority to proceed with any such project, the board shall adopt a resolution specifying its intention to undertake such project, together with the engineering estimates of the cost of the project to be borne by the particular zone and, in the case of participating zones, the proportionate cost to be borne by each of the participating zones and fixing a time and place for public hearing of the resolution and which shall refer to a map or maps showing the general location and general construction of the project. Notice of such hearing shall be given for a period of not less than 20 days. If there is a newspaper published in the district and of general circulation in the territory proposed to be formed into a zone, notice shall be given by publication once a week for two consecutive weeks prior to the hearing, the last publication of which must be at least seven days before the hearing. If there is no such newspaper, notice shall be given by posting notice of the hearing for a period of 14 days prior to the hearing in five public places in the territory designated by the board. The notice shall designate a public place in any such zone where a copy of the map of the project may be seen by any interested person.

At the time and place fixed for the hearing, or at any time to which the hearing may be continued, the board shall consider all written and oral objections to the proposed project. Upon the conclusion of the hearing, the board may abandon the proposed project or proceed with the project, unless, prior to the conclusion of the hearing, a written protest against the proposed project signed by a majority in number of the holders of title to real property, or assessable rights therein, or evidence of title thereto, representing one-half or more of the assessed valuation of the real property within such zone or within any of the participating zones for which the project was initiated, is filed with the board, in which event further proceedings relating to such project shall be suspended for not less than six months following the date of the conclusion of the hearing, or the proceeding may be abandoned in the discretion of the board.

At the hearing, or at any time to which it may be adjourned, the board may sustain any or all of the objections filed and change or alter the boundaries of the proposed zone to conform to the needs of the zone and to exclude any land that will not be benefited by the formation of the zone. Any owner of lands adjacent to the zone may, by written application filed with the board at or before the time of the hearing, in the discretion of the board, have such lands included within the proposed zone. Other lands not included in the proposed

zone by the original resolution may not be included in the zone.

In all matters referred to in this section, the last equalized assessment roll of the County of Santa Barbara next preceding the filing of the protest shall be prima facie evidence as to the ownership of real property, the names and number of the persons who are the holders of title or evidence of title, or assessable rights therein, and as to the assessed valuation of real property within the zone or within any of the participating zones for which the project was initiated.

Executors, administrators, special administrators, and guardians may sign the protest provided for in this act on behalf of the estate represented by them. If the property is assessed in the name of such representatives, that fact shall establish the right of such representatives to sign the protest; if assessed in the name of the decedent, minor, or incompetent person, certified copies of the letters or such other evidence as may be satisfactory to the board shall be produced.

Where real property appears to be owned in common or jointly or by a partnership, or where letters of representatives of decedents, minors, or guardians are joint, only one of the owners or representatives or partners may sign the protest for all joint owners or representatives or partners; provided, the party claiming the right to protest for all produces the written consent of his co-owners or representatives or partners so to do, duly acknowledged by the consenting co-owners or representatives or partners in the manner that deeds of real property are required to be acknowledged to entitle such deeds to be recorded in the recorder's office of the county.

Where real property is assessed in the name of a trustee or trustees, such trustee or trustees shall be deemed to be the person entitled to sign the protest, and, if assessed in the name of more than one trustee, the right to sign the protest shall be determined in like manner as above provided with respect to co-owners.

The protest of any public or quasi-public corporation, private corporation, or unincorporated association may be signed by any person authorized by the board of directors or trustees or other managing body thereof, which authorization shall be in writing; and a proxy executed by an officer or officers thereof, attested by its seal and duly acknowledged, shall constitute sufficient evidence of such authority and shall be filed with the board.

The owner of any real property or interest therein, appearing upon the assessment roll, which has been assessed in the wrong name or to unknown owners, or which has passed from the owner appearing as such on the last equalized assessment roll, since the roll was made, shall be entitled to sign the protest represented thereby, either by the production of a proxy from such former owner, or by furnishing evidence of his ownership by a conveyance duly acknowledged showing the title to be vested in the person claiming the right to sign the protest, accompanied by a certificate of a competent searcher of titles, certifying that a search of the official

records of the county, since the date of the conveyance, discloses no conveyance or transfer out from the grantee or transferee named in the conveyance.

Where the real property has been contracted to be sold, the vendee shall be entitled to sign the protest, unless such real property is assessed in the name of the vendor, in which event the vendor shall be entitled to so do.

The board shall likewise be entitled to inquire and take evidence for the purpose of identifying any person claiming the right to sign the protest as being the person shown on the assessment roll or otherwise as entitled thereto. Unless satisfactory evidence is furnished, the right to sign the protest may be denied.

This section shall apply only if a project is to be instituted in conjunction with the creation or establishment of one or more zones within which the project is to be instituted. Projects instituted, or to be instituted, for the common benefit of the district as a whole, or to be instituted within the boundaries of one or more zones previously established in accordance with the provisions of Section 3 or Section 11.1 of this act are not subject to this section.

SEC. 3. Section 11.5 of the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955) is amended to read:

Sec. 11.5. Notwithstanding any other provision of this act, when any project for the benefit of any zone or zones of the district is set forth in the annual budget for the district and the zones thereof and such budget designates the projects and the estimated costs thereof, the public hearing required by law to be held on the budget for the district and the zones thereof, shall constitute the public hearing required by Section 11 of this act. Notice of such public hearing on the budget of the district and the zones thereof shall be published in a newspaper of general circulation in the district in a similar manner and the same number of times as is required by law of counties in giving public notice of hearings on the county budget.

Upon the conclusion of the hearing, the board may abandon the proposed project, or projects, or proceed with the same, unless, prior to the conclusion of the hearing, a written protest against any or all the proposed projects signed by a majority in number of the holders of title to real property, or assessable rights therein, or evidence of title thereto, representing one-half or more of the assessed valuation of the real property within such zone or within any of the participating zones for which the project, or projects, was initiated, to be filed with the board, in which event the project, or projects, shall be deleted from the budget and further proceedings relating to such project, or projects, shall be suspended for not less than six months following the date of the conclusion of the hearing, or the proceeding may be abandoned in the discretion of the board.

SEC. 4. Section 12 of the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955) is amended to read:

Sec. 12. The board shall have power, in any year:

1. To levy ad valorem taxes or assessments upon all property in the district to pay the general administrative costs and expenses of the district, and to carry out any of the objects or purposes of this act of common benefit to the district; provided, however, that the ad valorem tax or assessment shall not exceed four cents ($0.04) on each one hundred dollars ($100) of assessed valuation, exclusive of the amounts necessary for interest and redemption of any bonds voted within the entire district and exclusive of the levy provided for in Section 12.2 of the act; and

2. To levy taxes or assessments in each or any of the zones and participating zones to pay the cost and expenses of carrying out, constructing, maintaining, operating, extending, repairing, or otherwise improving any or all works or improvements established, or to be established, within or on behalf of the respective zones, according to the benefits derived or to be derived by the respective zones, by the following method:

By a levy or assessment upon all taxable property within a zone or participating zone; provided, that the total amount of all taxes and assessments levied on property within any zone for the benefit of the zone shall not exceed twenty cents ($0.20) on each one hundred dollars ($100) of assessed valuation, exclusive of the amounts necessary for interest and redemption of any bonds voted within such zone and exclusive of the districtwide levy provided for in subdivision 1 of this section. It is declared that, for the purposes of any tax or assessment levied under this subdivision, the property so taxed or assessed within a given zone is equally benefited.

In the event of project cooperation with any of the governmental bodies as authorized in subdivision 6 of Section 5 of this act, and requiring the making of a contract with any such governmental body for the purposes set forth in that subdivision 6, by the terms of which work is to be performed by any such governmental body in any specified zone or participating zones, for the particular benefit thereof, and by the proposed contract the district is to pay to such governmental body, a sum of money in consideration or subvention for the performance of the work by such governmental body, the board may, after proceedings in the manner prescribed in Section 11 of this act, levy and collect a special tax or assessment upon the property in such zone or participating zones to raise funds to enable the district to make such payment, in addition to other taxes or assessments herein otherwise provided for.

The taxes or assessments shall be levied and collected together with, and not separately from taxes for county purposes, and the revenues derived from the district taxes or assessments shall be paid into the county treasury to the credit of the district, or the respective zones thereof, and the board shall have the power to control and order the expenditure thereof for such purposes; provided, however, that no revenues, or portions thereof, derived in any zone from the taxes or assessments levied under subdivision 2 of this section shall

be expended for constructing, maintaining, operating, extending, repairing, or otherwise improving any works or improvements located in any other zone, except in the case of joint projects, or for projects authorized or established outside such zone, or zones, but for the benefit thereof. In cases of projects joint to two or more zones, such zones shall become, and shall be referred to as, participating zones.

SEC. 5. Section 13 of the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955) is repealed.

SEC. 6. Section 13 is added to the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955), to read:

Sec. 13. Whenever the board determines that a bonded indebtedness should be incurred to pay the cost of any work or improvement for the common benefit of the district as a whole, it may, by resolution, call a special election in the district to submit to the qualified electors of the district the question of whether or not bonds shall be issued in the amount determined in the resolution and for the purpose or purposes stated therein. The bonds and the interest thereon, to the extent the income and revenues of the district are inadequate therefor, shall be paid from revenue derived from annual taxes levied as provided in this act.

The total amount of bonds issued under this section shall not exceed 8 percent of the taxable property of the district as shown by the last equalized assessment roll of the County of Santa Barbara.

The resolution calling the election shall state the maximum rate of interest to be paid on the bonds, which shall not exceed 8 percent per annum, shall fix the date on which the election shall be held and the form and content of the ballot to be used, and shall designate the precincts, polling places, and election officers, consisting of one inspector, one judge, and one clerk for each precinct, to conduct the election.

In all particulars not recited in the resolution, the election shall be held as nearly as practicable in conformity with the general election laws of the state.

Notice of the holding of the election shall be given by publishing, pursuant to Section 6066 of the Government Code, the resolution calling the election. No other notice of the election need be given.

No irregularities or informalities in conducting the bond election shall invalidate it, if the election has otherwise been fairly conducted.

Except as provided in Section 12944.5 of the Water Code, if at the election two-thirds of the votes cast on the proposition of incurring such bonded indebtedness are in favor thereof, bonds in an amount not exceeding the amount stated in the proposition may be issued and sold as provided in this act.

SEC. 7. Section 13.1 is added to the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955), to read:

Sec. 13.1. Whenever the board determines that a bonded indebtedness should be incurred to pay the cost of any work or improvement in any zone or zones, the board may, by resolution, call a special bond election in the zone or participating zones to submit to the qualified electors of the zone or participating zones the question of whether or not bonds shall be issued in the amount determined in the resolution and for the purpose or purposes stated therein. The bonds and the interest thereon shall be paid from revenue derived from annual taxes levied as provided in this act.

The total amount of bonds issued to pay the cost of any work or improvement in any zone or zones shall not exceed 8 percent of the taxable property of such zone or zones as shown by the last equalized assessment roll of the County of Santa Barbara.

The resolution calling the election shall state the maximum rate of interest to be paid on the bonds, which shall not exceed 8 percent per annum, shall fix the date on which the election shall be held and the form and content of the ballot to be used, and shall designate the precincts, polling places, and election officers, consisting of one inspector, one judge, and one clerk for each precinct, to conduct the election.

In all particulars not recited in the resolution, the election shall be held as nearly as practicable in conformity with the general election laws of the state.

Notice of the holding of the election shall be given by publishing, pursuant to Section 6066 of the Government Code, the resolution calling the election in at least one newspaper published in each zone and participating zone. If there is no such newspaper, the resolution shall be posted in three public places in such zone for at least two weeks prior to the date of the election. No other notice of the election need be given.

No irregularities or informalities in conducting the bond election shall invalidate it, if the election has otherwise been fairly conducted.

Except as provided in Section 12944.5 of the Water Code, if at the election two-thirds of the votes cast in the zone on the proposition of incurring a bonded indebtedness are in favor thereof, bonds for the zone for the amount stated in the proposition shall be issued and sold as provided in this act and, where the incurring of bonded indebtedness by participating zones is to be determined at the election, no bonds for any of the participating zones shall be issued or sold unless two-thirds of the votes cast on the proposition in each of the participating zones are in favor of incurring the bonded indebtedness to be undertaken by each of the zones.

SEC. 8. Section 14 of the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955) is amended to read:

Sec. 14. The board shall, subject to the provisions of this act, prescribe by resolution the form of the bonds, which, in the case of bonds issued pursuant to Section 13.1 of this act, shall include a designation of the zone or participating zones affected, and of the

interest coupons attached thereto. The bonds shall be payable on a day and date, and at a place to be fixed by the board, and designated in such bonds, together with the interest on all sums unpaid on such date until the whole of the indebtedness shall have been paid.

The board may divide the principal amount of any issue into two or more series and fix different dates for the bonds of each series. The bonds of one series may be made payable at different times from those of any other series.

The bonds shall be issued in such denomination as the board may determine, and shall be payable on the days and at the place or places fixed in the bonds, and with interest at the rate specified in such bonds, which rate shall not be in excess of 8 per cent per annum, and the bonds shall be numbered consecutively and shall be signed by the chairman of the board, and countersigned by the auditor of the district, and the seal of the district shall be affixed thereto by the clerk of the board. Either or both such signatures may be printed, engraved, or lithographed. The interest coupons of the bonds shall be numbered consecutively and signed by the auditor by his printed, engraved, or lithographed signature. In case any such officers whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officers before the delivery of such bonds to the purchaser, such bonds and coupons, and signatures or countersignatures, shall nevertheless be valid and sufficient for all purposes as if such officers had remained in office until the delivery of the bonds.

SEC. 9. Section 15 of the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955) is amended to read:

Sec. 15. The board may issue and sell the bonds authorized as provided, at public or private sale, at not less than 95 percent of their par value, and the proceeds of the sale of such bonds shall be placed in the Treasury of the County of Santa Barbara to the credit of the district and, in the case of bonds issued pursuant to Section 13.1 of this act, of the respective participating zones, for the uses and purposes for which the bonds were authorized; and the proper record of such transactions shall be placed upon the books of the county treasurer, and the respective funds shall be applied exclusively to the purposes and objects mentioned in the resolution calling for the special bond election, subject to the provisions in this act. Payments from the funds shall be made upon demands prepared, presented, allowed, and audited in the same manner as demands upon the funds of the County of Santa Barbara.

SEC. 10. Section 16 of the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955) is repealed.

SEC. 11. Section 17 of the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955) is amended to read:

Sec. 17. If the income and revenues of the district are inadequate,

the board shall levy a tax each year sufficient to pay the interest and such portion of the principal of the bonds due or to become due before the time the proceeds from the next general tax levy are available. Such taxes shall be levied and collected in the district or, in the case of bonds issued pursuant to Section 13.1 of this act, in the respective zones of issuance together with and not separately from taxes for county purposes, and when collected shall be paid into the Treasury of the County of Santa Barbara to the credit of the district and, in the case of bonds issued pursuant to Section 13.1 of this act, of the zone of issuance, and, so long as any of the bonds are outstanding, be used for the payment of the principal and interest on the bonds and for no other purpose. The principal and interest on the bonds shall be paid by the County Treasurer of Santa Barbara County in the manner provided by law for the payment of principal and interest on bonds of that county.

SEC. 12. Section 17.1 is added to the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955), to read:

Sec. 17.1. The district may borrow money in anticipation of the sale of, but not in excess of the principal amount of, authorized bonds of the district which have not yet been sold and delivered and, for that purpose, may issue and sell negotiable bond anticipation notes and may refund such notes from time to time. The maximum maturity of any such notes, as originally issued or as refunded, shall not exceed five years from the date of the original notes. The notes shall be sold in such manner as the board may determine. The notes, and the resolution authorizing the issuance of the notes, may contain any provision, condition, or limitation which a bond, or any resolution authorizing the issuance of bonds, may contain.

The interest on bond anticipation notes shall be payable at the time or times provided in the notes and may be represented by interest coupons attached to the notes and shall be payable from the same funds from which the interest on bonds of the district are payable. The principal of such notes may be paid from any moneys of the district available for such purpose. If such notes, or any portion thereof, have not been previously paid, they shall be paid from the proceeds of the next sale of bonds in anticipation of which the notes were issued.

Notwithstanding any other provision of law, the resolution authorizing the issuance of bond anticipation notes may provide that, if for any reason bonds of the district are not sold in time to provide funds to pay any unpaid note and if other funds of the district are not available for such payment, taxes shall be levied for such payment in the manner provided in Section 17 of this act for the payment of bonds in such amount each year for such period of years as may be set forth in the resolution.

SEC. 13. Section 21 of the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955) is amended to read:

Sec. 21. The bonds of the district issued pursuant to this act shall be legal investments for all trust funds, and for the funds of all insurance companies, banks, both commercial and savings, and trust companies, and for the state school funds. Whenever any money or funds may by law, now or hereafter enacted, be invested in bonds of cities, cities and counties, counties, school districts, or municipalities in the State of California, such money or funds may be invested in the bonds of the district issued in accordance with the provisions of this act. Whenever bonds of cities, cities and counties, counties, school districts, or municipalities, may by any law, now or hereafter enacted, be used as security for the performance of any act, such bonds of the district may be so used.

This section of this act is intended to be, and shall be considered, the latest enactment with respect to the matters herein contained and any and all acts or parts of acts in conflict with this section are hereby repealed.

SEC. 14. Section 24 of the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955) is repealed.

SEC. 15. Section 25 of the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955) is amended to read:

Sec. 25. Whenever bonds have been authorized and issued pursuant to this act, and the board by resolution determines that additional bonds should be issued for carrying out the work of flood control or for any of the purposes of this act, the board may again proceed as provided in this act and submit to the qualified voters of the district, or of the zone or participating zone, the question of issuing additional bonds in the same manner and with like procedure as hereinbefore provided. All the provisions of this act for the issuing and sale of bonds, and for the expenditure of the proceeds thereof, shall be deemed to apply to such issue of additional bonds.

SEC. 16. Section 26 of the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955) is amended to read:

Sec. 26. If a proposition for issuing bonds submitted at any election under this act fails to receive the requisite number of votes of the qualified electors voting at such election to incur the indebtedness for the purpose specified, the district shall not, for six months after such election, hold another election for incurring indebtedness and issuing bonds under the terms of this act for the same objects and purposes.

SEC. 17. Section 27 of the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955) is repealed.

SEC. 18. Section 27 is added to the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955), to read:

Sec. 27. The board may authorize the issuance and sale of

refunding bonds in the manner prescribed in, and subject to the limitations of, Article 9 (commencing with Section 53550), Chapter 3, Part 1, Division 2, Title 5 of the Government Code.

SEC. 19. Section 35 of the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955) is amended to read:

Sec 35. Notwithstanding any provisions of this act, in the event the proceeds from the sale of bonds are invested temporarily in United States bonds, notes, or certificates of indebtedness, or in other legal investments, pending the expenditure of the funds for the purpose or purposes for which the indebtedness was incurred, any revenue or interest received or accruing therefrom may be used to pay the principal and interest on the bonds as they become due.

SEC. 20. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Santa Barbara County Flood Control and Water Conservation District has entered into a contract with the state to provide a water supply for Santa Barbara County, and desires to call a special districtwide election on November 7, 1978, to authorize bonds for the purpose of constructing the necessary facilities to distribute that water throughout the county. In order that the necessary funds be available as soon as possible to finance such construction, it is necessary that this act take effect immediately.

CHAPTER 545

An act to amend Section 14872 of, and to repeal Section 11558.5 of, the Government Code, relating to the State Printer.

[Approved by Governor August 24, 1978 Filed with Secretary of State August 25, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 11558.5 of the Government Code is repealed.

SEC. 2. Section 14872 of the Government Code is amended to read:

14872. There is in the Department of General Services a State Printer, who shall be appointed by the Governor, upon recommendation of the director, and shall serve at the pleasure of the director. His salary shall be fixed by the director in accordance with law. Such officer shall have such duties as may be assigned to him by, and shall be responsible to, the director for the performance of those duties. Nothing herein contained shall be construed as rendering inapplicable to the State Printer any conflict of interest

statutes.

The State Printer shall not engage in a managing capacity in any private business or enterprise.

CHAPTER 546

An act to add Section 12640.025 to the Insurance Code, relating to mortgage guaranty insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 24, 1978 Filed with Secretary of State August 25, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 12640.025 is added to the Insurance Code, to read:

12640.025. Notwithstanding the other loan or security requirements or definitions under subdivision (b) of Section 12640.02, a mortgage guaranty insurer shall be permitted to insure any type of loan which a bank, savings and loan association, mortgage banker, credit union, or an insurance company, which is supervised and regulated by a department of this state or an agency of the federal government, is authorized to make, or would be authorized to make disregarding any requirement applicable to such an institution that the amount of the loan not exceed a certain percentage of the value of the real estate.

A loan insured by a mortgage guaranty insurer shall not exceed 95 percent of the fair market value of the real estate. However, if the loan is secured by a mortgage, deed of trust, or other instrument constituting a lien or charge on real estate in conjunction with a pledge or lien on personal property in the form of cash, or equivalent, or is a loan of a type authorized by Section 1237 or 7153.9 of the Financial Code, the loan insured shall not exceed 100 percent of the fair market value of the real estate.

Nothing herein contained shall be deemed to permit mortgage guaranty insurance on a loan secured by a mortgage, deed of trust, or other instrument unless it is (a) a first lien or charge, and (b) the improvement is on real estate and consists of a residential building or buildings designed for occupancy by not more than four families.

The Commissioner may adopt, pursuant to the provisions of Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code, such reasonable rules and regulations as may be necessary to limit the amount of mortgage guaranty insurance in force on loans of the type authorized by Section 1237 or 7153.9 of the Financial Code. Such rules and regulations, if adopted, shall apply to any insurer authorized to write and writing mortgage guaranty insurance in this state and shall be

predicated on the total volume of such insurance written anywhere. Full compliance with such rules and regulations shall be a condition for the renewal of the insurer's certificate of authority.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Existing law permits the Savings and Loan Commissioner to prescribe rules and regulations which permit savings and loan associations to make loans and advances of credit on the security of residential real property upon the execution of mortgage payment instruments which are not otherwise authorized. The instruments approved by regulation cannot be implemented without additional legislation. To permit the public to take immediate advantage of this type of loan with mortgage insurance, it is therefore necessary that this act take effect immediately.

CHAPTER 547

An act to add Sections 49409 and 76409 to the Education Code, relating to school districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 24, 1978 Filed with Secretary of State August 25, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 49409 is added to the Education Code, to read:

49409. Notwithstanding any provision of any law, no physician and surgeon who in good faith and without compensation renders voluntary emergency medical assistance to a participant in a school athletic event or contest at the site thereof, or during transportation to a health care facility, for an injury suffered in the course of the event or contest, shall be liable for any civil damages as a result of any acts or omissions by the physician and surgeon in rendering the emergency medical care. The immunity granted by this paragraph shall not apply in the event of an act or omission constituting gross negligence.

SEC. 2. Section 76409 is added to the Education Code, to read:

76409. Notwithstanding any provision of any law, no physician and surgeon who in good faith and without compensation renders voluntary emergency medical assistance to a participant in a community college athletic event or contest at the site thereof, or during transportation to a health care facility, for an injury suffered in the course of the event or contest, shall be liable for any civil damages as a result of any acts or omissions by the physician and

surgeon in rendering the emergency medical care. The immunity granted by this paragraph shall not apply in the event of an act or omission constituting gross negligence.

SEC. 3. It is the intent and purpose of the Legislature, in enacting Sections 49409 and 76409 of the Education Code, to facilitate the volunteer efforts of licensed physicians acting as athletic team physicians for public school and community college districts of this state.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution, and shall go into immediate effect. The facts constituting such necessity are:

Medical malpractice actions against licensed doctors acting as team physicians are increasing. Such actions deter the voluntary participation of doctors in sporting events. Because such deterrence has an adverse effect on the health and safety of those students participating in such events, it is necessary that this act take effect immediately.

CHAPTER 548

An act to amend Section 25 of, to add Chapter 2.6 (commencing with Section 139) to Part 4 of, and to add Chapter 1.7 (commencing with Section 239.5) to Part 5 of, the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969), relating to metropolitan water districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 25, 1978 Filed with Secretary of State August 25, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 25 of the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969) is amended to read:

Sec. 25. Metropolitan water districts may be organized for the purpose of developing, storing, and distributing water for domestic and municipal purposes and may provide, generate, and deliver electric power within or without the state for the purpose of developing, storing, and distributing water for such district.

SEC. 2. Chapter 2.6 (commencing with Section 139) is added to Part 4 of the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969), to read:

CHAPTER 2.6. ELECTRIC POWER

Sec 139. A district may acquire, construct, operate, and maintain any and all works, facilities, improvements, and property to provide,

generate, and deliver electric power within or without the state necessary or convenient to carry out the objects or purposes of the district.

Sec. 139.1. A district may (a) pursuant to contract, provide, sell, exchange, and deliver electric power to the United States of America or any board, department or agency thereof; to the State of California for the purposes of the State Water Resources Development System; and to any public agency defined in subdivision (c) of Section 131, private corporation or other person or entity, or any combination thereof, engaged in the sale of electric power at retail, or (b) use all or any part of such electric power directly or by exchange.

SEC. 3. Chapter 1.7 (commencing with Section 239.5) is added to Part 5 of the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969), to read:

CHAPTER 1.7. ELECTRIC REVENUE BONDS

Sec. 239.5. Whenever the board, by ordinance adopted by a vote of two-thirds of the total vote of the board, determines that the interests of the district require the use of electric revenue bonds to finance the acquisition, construction, or completion of any public improvement or works of the district, or the payment of funds for any part of the capital costs of any improvement or works of any public or private entity necessary for providing, generating, or delivering electric power or the incurring of any preliminary and incidental expenses, or any combination of such purposes necessary or convenient to carry out the objects or purposes of the district, the cost of which will be too great to be paid out of the ordinary annual income and revenue of the district, the board may provide for the issuance and sale of electric revenue bonds for any or all of the above purposes, upon such terms and conditions as the board may deem necessary, convenient or desirable, and, in connection therewith, the board may pledge, place a charge upon, and assign all or any part of the electric revenues of the district and any other funds, including contributions from any source, which the district may legally apply to such purposes, excepting, however, any and all proceeds derived from the levy of taxes.

Sec. 239.6. The procedure for the issuance and sale of electric revenue bonds pursuant to this chapter shall be the procedure set forth in the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1, Division 2, Title 5 of the Government Code); provided that the provisions of Section 54310 and Sections 54380 to 54387, inclusive, of the Government Code shall not be applicable to such issuance and sale

Sec. 239.7. The district may borrow money in anticipation of the sale of, but not in excess of the principal amount of, electric revenue bonds of the district, which have been duly authorized by ordinance pursuant to Section 239.5 but which have not yet been sold and

delivered, and for that purpose may issue and sell negotiable electric revenue bond anticipation notes, and may refund such notes from time to time, but the maximum maturity of any such notes, as originally issued or as refunded, shall not exceed five years from the date of the original notes. The notes shall be sold in such manner as the board may determine, and such notes and the resolution providing for their issuance may contain any provision, condition, or limitation which an electric revenue bond or any resolution providing for the issuance of electric revenue bonds may contain. The interest on such notes shall be payable from the same funds from which the interest on electric revenue bonds is payable. The principal of such notes may also be paid from such funds and, to the extent not so paid, shall be payable from the proceeds of the next sale of electric revenue bonds in anticipation of which the notes were issued.

The powers conferred by this section are in addition and supplemental to, and are not in substitution for, and the limitations imposed by this section shall not affect the powers conferred by, the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1, Division 2, Title 5 of the Government Code) or any other law.

SEC. 4. It is the intent of the Legislature that the powers conferred by this act are in addition and supplemental to, and are not in substitution for, and the limitations imposed by this act shall not affect, the powers conferred by, Chapter 2.5 (commencing with Section 137) of Part 4, and Chapter 1.6 (commencing with Section 235) of Part 5 of the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969), or any other law.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Metropolitan Water District of Southern California, comprising substantial portions of the Counties of Los Angeles, Orange, Riverside, San Bernardino, San Diego, and Ventura, requires an enormous amount of electric power to pump its supply of water from the Colorado River and to assure the availability of power to pump water to Southern California from the State Water Resources Development System. Since the district's present contract for firm power from Hoover Dam and the state's power contract will terminate in the near future, the district is now considering some specific proposals regarding alternate power sources, including participation in new electric generating facilities, and it will be necessary for the district to make commitments on such facilities prior to the time this act would otherwise go into effect. It is necessary, therefore, that this act go into immediate effect.

CHAPTER 549

An act to amend Section 9884.9 of the Business and Professions Code, relating to automotive repair.

[Approved by Governor August 25, 1978 Filed with Secretary of State August 25, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 9884.9 of the Business and Professions Code is amended to read:

9884.9. (a) The automotive repair dealer shall give to the customer a written estimated price for labor and parts necessary for a specific job. No work shall be done and no charges shall accrue before authorization to proceed is obtained from the customer. No charge shall be made for work done or parts supplied in excess of the estimated price without the oral or written consent of the customer which shall be obtained at some time after it is determined that the estimated price is insufficient and before the work not estimated is done or the parts not estimated are supplied. If such consent is oral, the dealer shall make a notation on the work order of the date, time, name of person authorizing the additional repairs and telephone number called, if any, together with a specification of the additional parts and labor and the total additional cost, and shall either:

(1) Make a notation on the invoice of the same facts set forth in the notation on the work order; or

(2) Upon completion of repairs shall obtain the customer's signature or initials to an acknowledgment of notice and consent, where there is an oral consent of the customer to additional repairs, in the following language:

"I acknowledge notice and oral approval of an increase in the original estimated price.

_____

(signature or initials)"

Nothing in this section shall be construed as requiring an automotive repair dealer to give a written estimated price if the dealer does not agree to perform the requested repair.

(b) The automotive repair dealer shall include with the written estimated price a statement of any automotive repair service which, if required to be done, will be done by someone other than the dealer or his employees. No service shall be done by other than the dealer or his employees without the consent of the customer, unless the customer cannot reasonably be notified. The dealer shall be responsible, in any case, for any such service in the same manner as if he or his employees had done the service.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that

section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 550

An act to amend Section 35541.9 of the Health and Safety Code, relating to housing.

[Approved by Governor August 25, 1978 Filed with Secretary of State August 25, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 35541.9 of the Health and Safety Code is amended to read:

35541.9. The Housing Authority of the City of Pleasanton need not demolish the temporary housing project in its jurisdiction commonly known as "Komandorski Village" until January 1, 1981.

The Legislature finds and declares that Komandorski Village, located in Pleasanton Township, Alameda County, has been maintained as reasonably safe and sanitary places in which to live, and that the voters of the area have approved construction of 150 low-income housing units in an election held pursuant to Article XXXIV of the Constitution of the State of California.

The Legislature further finds and declares that the provisions of this section are intended to aid in relieving a critical shortage of low-rental housing in the eastern portion of Alameda County for members of low-income families and low-income military families, and that removal of Komandorski Village before said date would place an extreme hardship on these people.

The Legislature further finds that the Housing Authority of the City of Pleasanton has made diligent efforts to secure replacement housing through the United States Department of Housing and Urban Development (HUD) for the tenants of Komandorski Village, that the inability of local governmental agencies to provide connections to waste water treatment plants has restricted development of low-and moderate-income housing at other locations, that program reservation from HUD has been received for the construction of 50 units of replacement housing for the tenants of Komandorski Village and that application has recently been made to HUD for an additional 100 units of program reservation available in the 1978–79 fiscal year.

This section shall not be construed to relieve any governmental agency of any existing duty under the present housing program.

CHAPTER 551

An act to amend Section 84101 of the Government Code, relating to elections.

[Approved by Governor August 25, 1978 Filed with Secretary of State August 25, 1978.]

SECTION 1. Section 84101 of the Government Code is amended to read:

84101. Every committee which is a committee by virtue of Section 82013(a) shall file with the Secretary of State a statement of organization within 10 days after it is formed as a committee. The Secretary of State shall assign a number to each committee which files a statement of organization and shall notify the committee of the number. The Secretary of State shall send a copy of statements filed pursuant to this section to the clerk of each county which he deems appropriate.

SEC. 2. The Legislature finds and declares that the changes made in the Political Reform Act of 1974 (Title 9 (commencing with Section 81000) of the Government Code) by this act are in furtherance of the purposes of the Political Reform Act.

SEC. 3. The amendments effected by this act shall not be construed to deprive any person or public agency of any substantial right or duty which would have existed or hereafter exists had such amendments not been effected.

CHAPTER 552

An act to add Chapter 2e (commencing with Section 2995) to Title 14 of Part 4 of Division 3 of the Civil Code, and to amend Section 17003 of the Financial Code, relating to escrows, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 25, 1978 Filed with Secretary of State August 25, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 2e (commencing with Section 2995) is added to Title 14 of Part 4 of Division 3 of the Civil Code, to read:

CHAPTER 2e. CONTROLLED ESCROWS

2995. No real estate developer shall require as a condition precedent to the transfer of real property containing a single family

residential dwelling that escrow services effectuating such transfer shall be provided by an escrow entity in which the real estate developer has a financial interest.

A real estate developer who violates the provisions of this section shall be liable to the purchaser of the real property in the amount of three times the amount charged for the escrow services, but in no event less than two hundred fifty dollars ($250), plus reasonable attorney's fees and costs.

For purposes of this section "financial interest" means ownership or control of 5 percent or more of an escrow entity.

For purposes of this section "escrow entity" includes a person, firm or corporation.

Any waiver of the prohibition contained in this section shall be against public policy and void.

SEC 2. Section 17003 of the Financial Code is amended to read:

17003. "Escrow" means any transaction wherein one person, for the purpose of effecting the sale, transfer, encumbering, or leasing of real or personal property to another person, delivers any written instrument, money, evidence of title to real or personal property, or other thing of value to a third person to be held by such third person until the happening of a specified event or the performance of a prescribed condition, when it is then to be delivered by such third person to a grantee, grantor, promisee, promisor, obligee, obligor, bailee, bailor, or any agent or employee of any of the latter.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Due to problems in interpretation of legislation passed last year it is necessary to clarify the law as soon as possible so the affected parties may know how the law is to be applied. It is therefore necessary that this act take effect immediately.

CHAPTER 553

An act to amend Section 18300 of the Health and Safety Code, relating to mobilehomes.

[Approved by Governor August 25, 1978 Filed with Secretary of State August 25, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 18300 of the Health and Safety Code is amended to read:

18300. The provisions of this part apply to all parts of the state and supersede any ordinance enacted by any city, county, or city and county, whether general law or chartered, applicable to the provisions of this part. The commission may adopt regulations to interpret and make specific the provisions of this part and when adopted such regulations shall apply to all parts of the state Upon 30 days written notice from the governing body to the department, any city, county, or city and county may assume the responsibility for the enforcement of this part and the regulations adopted pursuant thereto following approval by the department for such assumption.

The commission shall adopt regulations which set forth the conditions for assumption and may include required qualifications of local enforcement agencies. The conditions set forth and the qualifications required in the regulations shall relate solely to the ability of local agencies to enforce properly the regulations relating to mobilehome parks promulgated pursuant to this part. The regulations shall not set standards for local agencies different than those which the state maintains for its own enforcement program. When assumption is approved, the department shall transfer the responsibility for enforcement to the city, county, or city and county, together with all records of mobilehome parks within the jurisdiction of the city, county, or city and county.

In the event of nonenforcement of this part or the regulations adopted pursuant thereto, the provisions of this part and the regulations adopted pursuant thereto shall be enforced by the department in any such city, county, or city and county after the department has given written notice to the governing body of such city, county, or city and county setting forth in what respects the city, county, or city and county has failed to discharge its responsibility, and the city, county, or city and county has failed to initiate corrective measures to carry out its responsibility within 30 days of such notice.

Where the department determines that the local enforcement agency is not properly enforcing this part, the local enforcement agency shall have the right to appeal such a decision to the commission.

Any city, city and county, or county, upon written notice from the governing body to the department, may cancel its assumption of responsibility for the enforcement of this part. The department, upon receipt of such notice, shall assume such responsibility within 30 days.

Every city, county, or city and county, within its jurisdiction, shall enforce all of the provisions of this part and the regulations adopted pursuant thereto, as they relate to mobilehomes and to mobilehome accessory buildings or structures located outside of mobilehome

parks.

The provisions of this part shall not prevent local authorities of any city, county, or city and county, within the reasonable exercise of their police powers:

(a) From establishing certain zones for mobilehomes or mobilehome parks, travel trailers, travel trailer parks, recreational trailer parks, temporary trailer parks, or tent camps within such city, county, or city and county, or establishing types of uses and locations, including family mobilehome parks, adult mobilehome parks, mobilehome condominiums, mobilehome subdivisions, or mobilehome planned unit developments within such city, county, or city and county, as defined in the zoning ordinance, or from adopting rules and regulations by ordinance or resolution prescribing standards of lot, yards, or park area, landscaping, walls or enclosures, signs, access, and vehicle parking or from prescribing the prohibition of certain uses for mobilehome parks, travel trailer parks, recreational trailer parks, temporary trailer parks, or tent camps; or

(b) From regulating the construction and use of equipment and facilities located outside of a mobilehome or camp car used to supply gas, water, or electricity thereto, except facilities owned, operated, and maintained by a public utility, or to dispose of sewage or other waste therefrom when such facilities are located outside a mobilehome park, travel trailer park, recreational trailer park, or temporary trailer park for which a permit is required by this part, or the regulations adopted pursuant thereto; or

(c) From requiring a permit to use a mobilehome or camp car outside a mobilehome park, travel trailer park, recreational trailer park, or temporary trailer park for which a permit is required by this part or by regulations adopted pursuant thereto, and require a fee therefor by local ordinance commensurate with the cost of enforcing this part and local ordinance with reference to the use of mobilehomes and camp cars, which permit may be refused or revoked if such use violates any provisions of this part or Part 2 (commencing with Section 18000) of this division, any regulations adopted pursuant thereto, or any local ordinance applicable to such use; or

(d) From requiring a local building permit to construct an accessory structure for a mobilehome when such mobilehome is located outside a mobilehome park, travel trailer park, recreational trailer park or temporary trailer park, under circumstances which the provisions of this part or Part 2 (commencing with Section 18000) of this division and the regulation adopted pursuant thereto do not require the issuance of a permit therefor by the department.

SEC. 2. Nothing in this act shall be construed to require, or to impose any requirement on, any city, county, or city and county to establish, maintain, or repeal zones for any or all of the uses set forth in Section 1 of this act.

This limitation shall not apply to the taking of breath specimens. An emergency call for paramedic services shall take precedence over a peace officer's request for a paramedic to withdraw blood for determining its alcoholic content. A certified paramedic shall not withdraw blood for such purpose unless authorized by his or her employer to do so.

(b) The person tested may, at his own expense, have a physician, registered nurse, licensed vocational nurse, duly licensed clinical laboratory technologist or clinical laboratory bioanalyst or any other person of his own choosing administer a test, in addition to any administered at the direction of a peace officer, for the purpose of determining the amount of alcohol in his blood at the time alleged as shown by chemical analysis of his blood, breath or urine. The failure or inability to obtain an additional test by a person shall not preclude the admissibility in evidence of the test taken at the direction of a peace officer.

(c) Upon the request of the person tested full information concerning the test taken at the direction of the peace officer shall be made available to him or his attorney.

(d) No physician, registered nurse, licensed vocational nurse, duly licensed clinical laboratory technologist or clinical laboratory bioanalyst, or certified paramedic, or hospital, laboratory or clinic employing or utilizing the services of such physician, registered nurse, licensed vocational nurse, duly licensed laboratory technologist or clinical laboratory bioanalyst, or certified paramedic, owning or leasing the premises on which such tests are performed, shall incur any civil or criminal liability as a result of the proper administering of a blood test when requested in writing by a peace officer to administer such a test.

(e) If the test given under Section 13353 is a chemical test of urine, the person tested shall be given such privacy in the taking of the urine specimen as will insure the accuracy of the specimen and, at the same time, maintain the dignity of the individual involved.

(f) The Department of the California Highway Patrol, in cooperation with the State Department of Health Services or any other appropriate agency, shall adopt uniform standards for the withdrawal, handling, and preservation of blood samples prior to analysis.

(g) As used in this section, "certified paramedic" does not include any employee of a fire department.

Such costs shall be assessed against the board, shall be considered a cost of administration, and shall in no event become a personal liability of any member of the board.

5223 (a) The superior court of the proper county may, at the suit of a director, or twice the authorized number (Section 5036) of members, remove from office any director in case of fraudulent or dishonest acts or gross abuse of authority or discretion with reference to the corporation or breach of any duty arising under Article 3 (commencing with Section 5230) of this chapter, and may bar from reelection any director so removed for a period prescribed by the court. The corporation shall be made a party to such action.

(b) The Attorney General may bring an action under subdivision (a), may intervene in such an action brought by any other party and shall be given notice of any such action brought by any other party

5224 (a) Unless otherwise provided in the articles or bylaws and except for a vacancy created by the removal of a director, vacancies on the board may be filled by a majority of the directors then in office, whether or not less than a quorum, or by a sole remaining director Unless the articles or a bylaw approved by the members (Section 5034) provide that the board may fill vacancies occurring in the board by reason of the removal of directors, or unless the corporation has no members pursuant to Section 5310, such vacancies may be filled only by approval of the members (Section 5034)

(b) The members may elect a director at any time to fill any vacancy not filled by the directors

(c) Any director may resign effective upon giving written notice to the chairman of the board, the president, the secretary or the board of directors of the corporation, unless the notice specifies a later time for the effectiveness of such resignation If the resignation is effective at a future time, a successor may be elected to take office when the resignation becomes effective

5225. (a) If a corporation has an even number of directors who are equally divided and cannot agree as to the management of its affairs, so that its activities can no longer be conducted to advantage or so that there is danger that its property, activities, or business will be impaired or lost, the superior court of the proper county may, notwithstanding any provisions of the articles or bylaws and whether or not an action is pending for an involuntary winding up or dissolution of the corporation, appoint a provisional director pursuant to this section Action for such appointment may be brought by the Attorney General, by any director, or by members holding 33⅓ percent of the voting power

(b) If a corporation has an uneven number of directors and the

members are deadlocked so that they cannot elect successor directors at the time prescribed therefor, the superior court of the proper county may, notwithstanding any provisions of the articles or bylaws, upon petition of members holding 50 percent of the voting power, appoint a provisional director or directors pursuant to this section or order such other equitable relief as the court deems appropriate

(c) Any person bringing an action under subdivision (a) or (b) shall give notice to the Attorney General, who may intervene.

(d) The Attorney General may bring an action under subdivision (a) or (b)

(e) A provisional director shall be an impartial person, who is neither a member nor a creditor of the corporation, nor related by consanguinity or affinity within the third degree according to the common law to any of the other directors of the corporation or to any judge of the court by which such provisional director is appointed A provisional director shall have all the rights and powers of a director until the deadlock in the board or among members is broken or until such provisional director is removed by order of the court or by approval of a majority of all members (Section 5033) Such person shall be entitled to such compensation as shall be fixed by the court unless otherwise agreed with the corporation

5226 Except upon notice to the Attorney General, no director may resign where the corporation would then be left without a duly elected director or directors in charge of its affairs

5227 (a) Any other provision of this part notwithstanding, not more than 49 percent of the persons serving on the board of any corporation may be interested persons

(b) For the purpose of this section, "interested persons" means either

(1) Any person currently being compensated by the corporation for services rendered to it within the previous 12 months, whether as a full- or part-time employee, independent contractor, or otherwise, excluding any reasonable compensation paid to a director as director, or

(2) Any brother, sister, ancestor, descendant, spouse, brother-in-law, sister-in-law, son-in-law, daughter-in-law, mother-in-law, or father-in-law of any such person.

(c) The provisions of this section shall not affect the validity or enforceability of any transaction entered into by a corporation.

Article 3 Standards of Conduct

5230 (a) Any duties and liabilities set forth in this article shall apply without regard to whether a director is compensated by the corporation

(b) Article 2 (commencing with Section 2228) of Chapter 1 and Article 2 (commencing with Section 2258) of Chapter 2 of Title 8 of Part 4 of Division 3 of the Civil Code shall not apply to the directors

of any corporation

5231 (a) A director shall perform the duties of a director, including duties as a member of any committee of the board upon which the director may serve, in good faith, in a manner such director believes to be in the best interests of the corporation and with such care, including reasonable inquiry, as an ordinarily prudent person in a like position would use under similar circumstances

(b) In performing the duties of a director, a director shall be entitled to rely on information, opinions, reports or statements, including financial statements and other financial data, in each case prepared or presented by:

(1) One or more officers or employees of the corporation whom the director believes to be reliable and competent in the matters presented,

(2) Counsel, independent accountants or other persons as to matters which the director believes to be within such person's professional or expert competence, or

(3) A committee of the board upon which the director does not serve, as to matters within its designated authority, which committee the director believes to merit confidence,

so long as, in any such case, the director acts in good faith, after reasonable inquiry when the need therefor is indicated by the circumstances and without knowledge that would cause such reliance to be unwarranted

(c) A person who performs the duties of a director in accordance with subdivisions (a) and (b) shall have no liability based upon any failure or alleged failure to discharge the person's obligations as a director, including, without limiting the generality of the foregoing, any actions or omissions which exceed or defeat a public or charitable purpose to which a corporation, or assets held by it, are dedicated

5232 (a) Section 5231 governs the duties of directors as to any acts or omissions in connection with the election, selection, or nomination of directors.

(b) This section shall not be construed to limit the generality of Section 5231

5233 (a) Except as provided in subdivision (b), for the purpose of this section, a self-dealing transaction means a transaction

(1) To which the corporation is a party and in which one or more directors has a material financial interest; or

(2) Between a corporation and one or more of its directors or between a corporation and any person in which one or more of its directors has a material financial interest

Such director or person is an "interested person" for the purpose of subdivision (f)

(b) A mere common directorship does not constitute a material financial interest within the meaning of subdivision (a) A resolution of the board fixing the compensation of directors or officers of the corporation is not governed by this section

(c) The Attorney General, or if the Attorney General is joined as an indispensable party, any of the following may bring an action in the superior court of the proper county for the remedies specified in subdivision (h)

(1) The corporation, or a member asserting the right in the name of the corporation pursuant to Section 5710,

(2) A director of the corporation,

(3) An officer of the corporation, or

(4) Any person granted relator status by the Attorney General.

(d) In any action brought under subdivision (c) the remedies specified in subdivision (h) shall not be granted if either:

(1) The Attorney General, or the court in an action in which the Attorney General is an indispensable party, has approved the transaction before or after it was consummated, or

(2) The person asserting the validity of the transaction sustains the burden of proving that

(A) The corporation entered into the transaction for its own benefit,

(B) The transaction was fair and reasonable as to the corporation at the time the corporation entered into the transaction,

(C) Prior to consummating the transaction or any part thereof the board authorized or approved the transaction in good faith by a vote of a majority of the directors then in office without counting the vote of the interested director or directors, and with knowledge of the material facts concerning the transaction and the director's interest in the transaction Any other provision of this part notwithstanding, no action by a committee of the board shall satisfy this paragraph; and

(D) Prior to authorizing or approving the transaction the board considered and in good faith determined after reasonable investigation under the circumstances that the corporation could not have obtained a more advantageous arrangement with reasonable effort under the circumstances or the corporation in fact could not have obtained a more advantageous arrangement with reasonable effort under the circumstances.

(e) Except as provided in subdivision (f), an action under subdivision (c) must be filed within two years after written notice setting forth the material facts of the transaction and the director's interest in the transaction is filed with the Attorney General pursuant to regulations adopted by the Attorney General or if no such notice is filed, 10 years after the cause of action has accrued.

(f) The fact that a transaction is a self-dealing transaction not approved as provided in paragraph (1) or (2) of subdivision (d) may be raised as a defense to any action brought for breach of any obligation of the corporation owed to an interested person arising from a self-dealing transaction, notwithstanding the expiration of the applicable period specified in subdivision (e)

(g) Interested directors may be counted in determining the presence of a quorum at a meeting of the board which authorizes,

approves or ratifies a contract or transaction

(h) Except as provided in subdivision (i), a director who engaged in a self-dealing transaction which has not been approved as provided in paragraph (1) or (2) of subdivision (d) shall do such things and pay such damages as in the discretion of the court will provide an equitable and fair remedy to the corporation. Without limiting the generality of the foregoing, the court may order the director to do any or all of the following.

(1) Account for any profits made from such transaction, and pay them to the corporation;

(2) Pay the corporation the value of the use of any of its property used in such transaction, and

(3) Return or replace any property lost to the corporation as a result of such transaction, together with any income or appreciation lost to the corporation by reason of such transaction, or account for any proceeds of sale of such property, and pay the proceeds to the corporation together with interest at the legal rate.

In exercising its discretion the court shall take into account any benefit received by the corporation in the self-dealing transaction and may award prejudgment interest to the extent allowed in Section 3287 or 3288 of the Civil Code In addition, the court may, in its discretion, grant exemplary damages for a fraudulent or malicious violation of this section.

(i) Anything in Section 5231 notwithstanding, a director who in good faith and with intent to further the best interests of the corporation engages in a self-dealing transaction not approved as provided in paragraph (1) or (2) of subdivision (d) shall be liable only to compensate the corporation for any loss it has suffered thereby

5234 (a) No contract or other transaction between a corporation and any domestic or foreign corporation, firm or association of which one or more of its directors are directors is either void or voidable because such director or directors are present at the meeting of the board or a committee thereof which authorizes, approves or ratifies the contract or transaction, if·

(1) The material facts as to the transaction and as to such director's other directorship are fully disclosed or known to the board or committee, and the board or committee authorizes, approves or ratifies the contract or transaction in good faith by a vote sufficient without counting the vote of the common director or directors; or

(2) As to contracts or transactions not approved as provided in paragraph (1) of this subdivision, the contract or transaction is just and reasonable as to the corporation at the time it is authorized, approved or ratified

(b) This section does not apply to transactions covered by Section 5233

5235 (a) The board may fix the compensation of a director, as director or officer, and no obligation, otherwise valid, to pay such

compensation shall be voidable merely because the persons receiving the compensation participated in the decision to pay it, unless it was not just and reasonable as to the corporation at the time it was authorized, ratified or approved.

(b) In the absence of fraud, any liability under this section shall be limited to the amount by which the compensation exceeded what was just and reasonable, plus interest from the date of payment.

5236. A corporation shall not make any loan of money or property to or guarantee the obligation of any director or officer, unless approved by the Attorney General; provided, however, that a corporation may advance money to a director or officer of the corporation or of its parent or any subsidiary for expenses reasonably anticipated to be incurred in the performance of the duties of such officer or director, provided that in the absence of such advance, such director or officer would be entitled to be reimbursed for such expenses by such corporation, its parent, or any subsidiary.

5237 (a) Subject to the provisions of Section 5231, directors of a corporation who approve any of the following corporate actions shall be jointly and severally liable to the corporation for:

(1) The making of any distribution.

(2) The distribution of assets after institution of dissolution proceedings of the corporation, without paying or adequately providing for all known liabilities of the corporation, excluding any claims not filed by creditors within the time limit set by the court in a notice given to creditors under Chapters 15 (commencing with Section 6510), 16 (commencing with Section 6610) and 17 (commencing with Section 6710).

(3) The making of any loan or guaranty contrary to Section 5236.

(b) A director who is present at a meeting of the board, or any committee thereof, at which action specified in subdivision (a) is taken and who abstains from voting shall be considered to have approved the action.

(c) Suit may be brought in the name of the corporation to enforce the liability:

(1) Under paragraph (1) of subdivision (a) against any or all directors liable by the persons entitled to sue under subdivision (b) of Section 5420;

(2) Under paragraph (2) or (3) of subdivision (a) against any or all directors liable by any one or more creditors of the corporation whose debts or claims arose prior to the time of the corporate action who have not consented to the corporate action, whether or not they have reduced their claims to judgment.

(3) Under paragraph (1), (2) or (3) of subdivision (a), by the Attorney General.

(d) The damages recoverable from a director under this section shall be the amount of the illegal distribution, or the loss suffered by the corporation as a result of the illegal loan or guaranty.

(e) Any director sued under this section may implead all other directors liable and may compel contribution, either in that action or

in an independent action against directors not joined in that action.

(f) Directors liable under this section shall also be entitled to be subrogated to the rights of the corporation:

(1) With respect to paragraph (1) of subdivision (a), against members who received the distribution.

(2) With respect to paragraph (2) of subdivision (a), against the members who received the distribution.

(3) With respect to paragraph (3) of subdivision (a), against the person who received the loan or guaranty.

Any director sued under this section may file a cross-complaint against the person or persons who are liable to such director as a result of the subrogation provided for in this subdivision or may proceed against them in an independent action.

5238. (a) For the purposes of this section, "agent" means any person who is or was a director, officer, employee or other agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another foreign or domestic corporation, partnership, joint venture, trust or other enterprise, or was a director, officer, employee or agent of a foreign or domestic corporation which was a predecessor corporation of the corporation or of another enterprise at the request of such predecessor corporation; "proceeding" means any threatened, pending or completed action or proceeding, whether civil, criminal, administrative or investigative; and "expenses" includes without limitation attorneys' fees and any expenses of establishing a right to indemnification under subdivision (d) or paragraph (3) of subdivision (e).

(b) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any proceeding (other than an action by or in the right of the corporation to procure a judgment in its favor, an action brought under Section 5233, or an action brought by the Attorney General or a person granted relator status by the Attorney General for any breach of duty relating to assets held in charitable trust) by reason of the fact that such person is or was an agent of the corporation, against expenses, judgments, fines, settlements and other amounts actually and reasonably incurred in connection with such proceeding if such person acted in good faith and in a manner such person reasonably believed to be in the best interests of the corporation and, in the case of a criminal proceeding, had no reasonable cause to believe the conduct of such person was unlawful. The termination of any proceeding by judgment, order, settlement, conviction or upon a plea of nolo contendere or its equivalent shall not, of itself, create a presumption that the person did not act in good faith and in a manner which the person reasonably believed to be in the best interests of the corporation or that the person had reasonable cause to believe that the person's conduct was unlawful.

(c) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any

threatened, pending or completed action by or in the right of the corporation, or brought under Section 5233, or brought by the Attorney General or a person granted relator status by the Attorney General for breach of duty relating to assets held in charitable trust, to procure a judgment in its favor by reason of the fact that such person is or was an agent of the corporation, against expenses actually and reasonably incurred by such person in connection with the defense or settlement of such action if such person acted in good faith, in a manner such person believed to be in the best interests of the corporation and with such care, including reasonable inquiry, as an ordinarily prudent person in a like position would use under similar circumstances No indemnification shall be made under this subdivision

(1) In respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation in the performance of such person's duty to the corporation, unless and only to the extent that the court in which such proceeding is or was pending shall determine upon application that, in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for the expenses which such court shall determine,

(2) Of amounts paid in settling or otherwise disposing of a threatened or pending action, with or without court approval; or

(3) Of expenses incurred in defending a threatened or pending action which is settled or otherwise disposed of without court approval unless it is settled with the approval of the Attorney General

(d) To the extent that an agent of a corporation has been successful on the merits in defense of any proceeding referred to in subdivision (b) or (c) or in defense of any claim, issue or matter therein, the agent shall be indemnified against expenses actually and reasonably incurred by the agent in connection therewith

(e) Except as provided in subdivision (d), any indemnification under this section shall be made by the corporation only if authorized in the specific case, upon a determination that indemnification of the agent is proper in the circumstances because the agent has met the applicable standard of conduct set forth in subdivision (b) or (c), by:

(1) A majority vote of a quorum consisting of directors who are not parties to such proceeding;

(2) Approval of the members (Section 5034), with the persons to be indemnified not being entitled to vote thereon, or

(3) The court in which such proceeding is or was pending upon application made by the corporation or the agent or the attorney or other person rendering services in connection with the defense, whether or not such application by the agent, attorney or other person is opposed by the corporation

(f) Expenses incurred in defending any proceeding may be advanced by the corporation prior to the final disposition of such proceeding upon receipt of an undertaking by or on behalf of the

agent to repay such amount unless it shall be determined ultimately that the agent is entitled to be indemnified as authorized in this section.

(g) No provision made by a corporation to indemnify its or its subsidiary's directors or officers for the defense of any proceeding, whether contained in the articles, bylaws, a resolution of members or directors, an agreement or otherwise, shall be valid unless consistent with this section Nothing contained in this section shall affect any right to indemnification to which persons other than such directors and officers may be entitled by contract or otherwise.

(h) No indemnification or advance shall be made under this section, except as provided in subdivision (d) or paragraph (3) of subdivision (e), in any circumstance where it appears:

(1) That it would be inconsistent with a provision of the articles, bylaws, a resolution of the members or an agreement in effect at the time of the accrual of the alleged cause of action asserted in the proceeding in which the expenses were incurred or other amounts were paid, which prohibits or otherwise limits indemnification; or

(2) That it would be inconsistent with any condition expressly imposed by a court in approving a settlement.

(i) A corporation shall have power to purchase and maintain insurance on behalf of any agent of the corporation against any liability asserted against or incurred by the agent in such capacity or arising out of the agent's status as such whether or not the corporation would have the power to indemnify the agent against such liability under the provisions of this section; provided, however, that a corporation shall have no power to purchase and maintain such insurance to indemnify any agent of the corporation for a violation of Section 5233

(j) This section does not apply to any proceeding against any trustee, investment manager or other fiduciary of an employee benefit plan in such person's capacity as such, even though such person may also be an agent as defined in subdivision (a) of the employer corporation. A corporation shall have power to indemnify such trustee, investment manager or other fiduciary to the extent permitted by subdivision (f) of Section 207.

Article 4 Investments

5240 (a) This section applies only to assets held by the corporation for investment. Assets held for use or used directly in carrying out a public or charitable program of the corporation are not subject to the limitations of this section

(b) Except as provided in subdivision (c) or (d), in investing, reinvesting, purchasing, acquiring, exchanging, selling and managing the corporation's investments, the board shall avoid speculation, looking instead to the permanent disposition of the funds, considering the probable income, as well as the probable safety of the corporation's capital. In implementing this policy, each

director shall act as required by subdivision (a) of Section 5231, may rely upon others as permitted by subdivision (b) of Section 5231 and shall have the benefit of subdivision (c) of Section 5231.

(c) Unless limited by the articles, the corporation may continue to hold property properly acquired or contributed to it if and as long as the board, in the exercise of good faith and of reasonable prudence, discretion and intelligence, may consider that retention is in the best interests of the corporation. No retention of donated assets violates this section, where such retention was required by the donor in the instrument under which the assets were received by the corporation, except that no such requirement may be effective more than 10 years after the death of the donor.

(d) No investment violates this section by virtue of its speculative character, where it conforms to provisions authorizing such investment contained in the instrument or agreement under which the assets were contributed to the corporation.

(e) No provision of the articles may vary the standard set forth in subdivision (b)

5241. Nothing in Section 5240 shall abrogate or restrict the power of the appropriate court in proper cases to direct or permit a corporation to deviate from the terms of a trust or agreement regarding the making or retention of investments.

Article 5 Examination by Attorney General

5250. A corporation is subject at all times to examination by the Attorney General, on behalf of the state, to ascertain the condition of its affairs and to what extent, if at all, it fails to comply with trusts which it has assumed or has departed from the purposes for which it is formed. In case of any such failure or departure the Attorney General may institute, in the name of the state, the proceeding necessary to correct the noncompliance or departure.

Article 6. Compliance With Internal Revenue Code

5260. Any other provision of law notwithstanding, every corporation, during any period or periods such corporation is deemed to be a "private foundation" as defined in Section 509 of the Internal Revenue Code of 1954 as amended by Section 101 of the Tax Reform Act of 1969 (all references in this section to the Internal Revenue Code shall refer to such code as amended by such act), shall distribute its income for each taxable year (and principal, if necessary) at such time and in such manner as not to subject such corporation to tax under Section 4942 of such code, (as modified by paragraph 3 of subsection (1) of Section 101 of the Tax Reform Act of 1969), and such corporation shall not engage in any act of self-dealing as defined in subsection (d) of Section 4941 of such code (as modified by paragraph (2) of subsection (1) of Section 101 of the Tax Reform Act of 1969), retain any excess business holdings as

defined in subsection (c) of Section 4943 of such code, make any investments in such manner as to subject such corporation to tax under Section 4944 of such code, or make any taxable expenditure as defined in subsection (d) of Section 4945 of such code (as modified by paragraph (5) of subsection (1) of Section 101 of the Tax Reform Act of 1969)

This section shall apply to any such corporation and any provision contained in its articles of incorporation or other governing instrument inconsistent with this section or to the contrary thereof shall be without effect

CHAPTER 3 MEMBERS

Article 1. Issuance of Memberships

5310 (a) A corporation may admit persons to membership, as provided in its articles or bylaws, or may provide in its articles or bylaws that it shall have no members In the absence of any provision in its articles or bylaws providing for members, a corporation shall have no members

(b) In the case of a corporation which has no members

(1) Any action which would otherwise require a vote of members shall require only a vote of the directors, and no meeting of members shall be required, any provision of this part or the articles or bylaws to the contrary notwithstanding

(2) All rights which would otherwise vest in the members shall vest in the directors

(c) Reference in this part to a corporation which has no members includes a corporation in which the directors are the only members

5311 (a) Memberships may be issued by a corporation for no consideration or for such consideration as is specified in the articles or bylaws or, absent such specification, for such consideration as is determined by the board

(b) Except as provided in subdivision (d), and subject to Section 5351, memberships issued as provided in this section shall be declared and taken to be fully paid memberships and not liable to any further call nor shall the member be liable for any further payments for such membership

(c) In the absence of fraud in the transaction, the judgment of the directors as to the value of the consideration for memberships shall be conclusive

(d) A corporation may issue the whole or any part of its memberships as partly paid and subject to call for the remainder of the consideration to be paid therefor

5312 No person may hold more than one membership, and no fractional memberships may be held, provided, however, that

(a) Two or more persons may have an indivisible interest in a single membership when authorized by, and in such manner or under the circumstances prescribed by, the articles or bylaws subject

to Section 5612, and

(b) If the articles or bylaws provide for classes of membership and if the articles or bylaws permit a person to be a member of more than one class, a person may hold one membership in any class

5313 Except as provided in its articles or bylaws, a corporation may admit any person to membership

Article 2 Transfer of Memberships

5320 Subject to Section 5613

(a) No member may transfer for value a membership or any right arising therefrom; and

(b) Unless otherwise provided in the corporation's articles or bylaws, all rights of membership cease upon the member's death or dissolution

Article 3 Types of Memberships

5330 A corporation may issue memberships having different voting or other rights

5331 Except as provided in or authorized by the articles or bylaws, all memberships shall have the same voting and other rights

5332 (a) A corporation may refer to persons affiliated with it as "members" even though such persons are not members within the meaning of Section 5056, but references to members in this part mean members as defined in Section 5056

(b) A corporation may benefit, serve, or assist persons who are not members within the meaning of Section 5056 for such consideration, if any, as the board may determine or as is authorized or provided for in the articles or bylaws

Article 4 Termination of Memberships

5340 (a) A member may resign from membership at any time

(b) This section shall not relieve the resigning member from any obligation for charges incurred, services or benefits actually rendered, dues, assessments or fees, or arising from contract or otherwise, and this section shall not diminish any right of the corporation to enforce any such obligation or obtain damages for its breach

(c) A membership issued for a period of time terminates upon the expiration of such period of time

5341 (a) No member may be expelled or suspended, and no membership or membership rights may be terminated or suspended, except according to procedures satisfying the requirements of this section An expulsion, termination or suspension not in accord with this section shall be void and without effect.

(b) Any expulsion, suspension or termination must be done in good faith and in a fair and reasonable manner Any procedure which

conforms to the requirements of subdivision (c) is fair and reasonable, but a court may also find other procedures to be fair and reasonable when the full circumstances of the suspension, termination, or expulsion are considered

(c) A procedure is fair and reasonable when

(1) The provisions of the procedure have been set forth in the articles or bylaws;

(2) It provides the giving of 15 days prior notice of the expulsion, suspension or termination and the reasons therefor; and

(3) It provides an opportunity for the member to be heard, orally or in writing, not less than five days before the effective date of the expulsion, suspension or termination by a person or body authorized to decide that the proposed expulsion, termination or suspension not take place

(d) Any notice required under this section may be given by any method reasonably calculated to provide actual notice Any notice given by mail must be given by first-class or registered mail sent to the last address of the member shown on the corporation's records.

(e) Any action challenging an expulsion, suspension or termination of membership including any claim alleging defective notice, must be commenced within one year after the date of the expulsion, suspension or termination In the event such an action is successful the court may order any relief, including reinstatement, it finds equitable under the circumstances, but no vote of the members or of the board may be set aside solely because a person was at the time of the vote wrongfully excluded by virtue of the challenged expulsion, suspension or termination, unless the court finds further that the wrongful expulsion, suspension or termination was in bad faith and for the purpose, and with the effect, of wrongfully excluding the member from the vote or from the meeting at which the vote took place, so as to affect the outcome of the vote.

(f) This section governs only the procedures for expulsion, suspension or termination and not the substantive grounds therefor An expulsion, suspension or termination based upon substantive grounds which violate contractual or other rights of the member or are otherwise unlawful, is not made valid by compliance with this section

Article 5 Rights and Obligations of Members and Creditors

5350. (a) A member of a corporation is not, as such, personally liable for the debts, liabilities, or obligations of the corporation

(b) No person is liable for any obligation arising from membership unless the person was admitted to membership upon the person's application or with the person's consent

5351 A corporation may levy dues, assessments or fees upon its members pursuant to its articles or bylaws, but a member upon learning of them may avoid liability for them by promptly resigning from membership, except where the member is, by contract or

otherwise, liable for them. Article or bylaw provisions authorizing such dues, assessments or fees do not, of themselves, create such liability

5352 (a) No action shall be brought by or on behalf of any creditor to reach and apply the liability, if any, of a member to the corporation to pay the amount due on such member's membership or otherwise due to the corporation unless final judgment has been rendered in favor of the creditor against the corporation and execution has been returned unsatisfied in whole or in part or unless such proceedings would be useless

(b) All creditors of the corporation, with or without reducing their claims to judgment, may intervene in any such creditor's action to reach and apply unpaid amounts due the corporation and any or all members who owe amounts to the corporation may be joined in such action Several judgments may be rendered for and against the parties to the action or in favor of a receiver for the benefit of the respective parties thereto.

(c) All amounts paid by any member in any such action shall be credited on the unpaid balance due the corporation by such member.

5353. Nothing in this part shall be construed as in derogation of any rights or remedies which any creditor or member may have against any promoter, member, director, officer or the corporation because of participation in any fraud or illegality practiced upon such creditor or member by any such person or by the corporation in connection with the issue or sale of memberships or securities or in derogation of any rights which the corporation may have by rescission, cancellation or otherwise because of any fraud or illegality practiced on it by any such person in connection with the issue or sale of memberships or securities

5354 A person holding a membership as executor, administrator, guardian, trustee, receiver or in any representative or fiduciary capacity is not personally liable for any unpaid balance of the purchase price of the membership, or for any amounts owing to the corporation by the member, because the membership is so held; but the estate and funds in the hands of such fiduciary are liable therefor.

CHAPTER 4. DISTRIBUTIONS

Article 1 Limitations

5410 No corporation shall make any distribution to any member or members

Article 2 Liability of Members

5420 (a) Any member who receives any distribution is liable to the corporation for the amount so received by such member with interest thereon at the legal rate on judgments until paid

CHAPTER 5 MEETINGS AND VOTING

Article 1 General Provisions

5510 (a) Meetings of members may be held at a place within or without the state that is stated in or fixed in accordance with the bylaws If no other place is so stated or fixed, meetings of members shall be held at the principal office of the corporation.

(b) Regular meetings of members shall be held on a date and time, and with the frequency stated in or fixed in accordance with the bylaws, but not less often than every third year If the bylaws make no provision, then annual meetings shall be held. Except for elections pursuant to subdivision (e), directors shall be elected at a regular meeting of members unless they are elected by written ballot pursuant to subdivision (e) of Section 5513 Any other proper business may be transacted at a regular meeting.

(c) If a corporation with members fails to hold the regular meeting for a period of 60 days after the date designated therefor or, if no date has been designated, for a period of 15 months after the formation of the corporation, or if the corporation fails to hold a written ballot for a period of 60 days after the date designated therefor, then the superior court of the proper county may summarily order the meeting to be held or the ballot to be conducted upon the application of a member, or the Attorney General, after notice to the corporation giving it an opportunity to be heard.

(d) The votes represented, either in person or by proxy, at a meeting called or written ballot ordered pursuant to subdivision (c), and entitled to be cast on the business to be transacted at the meeting, constitute a quorum for the purpose of the meeting, notwithstanding any provision of the articles or bylaws or in this part to the contrary The court may issue such orders as may be appropriate including, without limitation, orders designating the

time and place of the meeting, the record date for determination of members entitled to vote, and the form of notice of the meeting

(e) Special meetings of members may be called by the board, the chairman of the board, the president, or such other persons, if any, as are specified in the bylaws In addition, special meetings of members for the purpose of removal of directors and election of their replacements may be called by 5 percent or more of the members

5511 (a) Whenever members are required or permitted to take any action at a meeting, a written notice of the meeting shall be given not less than 10 nor more than 90 days before the date of the meeting to each member entitled to vote thereat, provided, however, that if notice is given by mail, and the notice is not mailed by first-class, registered, or certified mail, that notice shall be given not less than 20 days before the meeting. Subject to subdivision (f), and subdivision (b) of Section 5512, such notice shall state the place, date and time of the meeting and (1) in the case of a special meeting, the general nature of the business to be transacted, and no other business may be transacted, or (2) in the case of the regular meeting, those matters which the board, at the time of the mailing of the notice, intends to present for action by the members, but, except as provided in subdivision (b) of Section 5512, any proper matter may be presented at the meeting for such action The notice of any meeting at which directors are to be elected shall include the names of all those who are nominees at the time the notice is sent to members

(b) Notice of a members' meeting or any report shall be given either personally or by mail or other means of written communication, addressed to the member at the address of such member appearing on the books of the corporation or given by the member to the corporation for purpose of notice, or if no such address appears or is given, at the place where the principal office of the corporation is located or by publication at least once in a newspaper of general circulation in the county in which the principal office is located An affidavit of giving of any notice or report in accordance with the provisions of this part, executed by the secretary, assistant secretary or any transfer agent, shall be prima facie evidence of the giving of the notice or report

If any notice or report addressed to a member at the address of such member appearing on the books of the corporation is returned to the corporation by the United States Postal Service marked to indicate that the United States Postal Service is unable to deliver the notice or report to the member at such address, all future notices or reports shall be deemed to have been duly given without further mailing if the same shall be available for the member upon written demand of the member at the principal office of the corporation for a period of one year from the date of the giving of the notice or report to all other members

(c) Upon request in writing to the chairman of the board president, vice president or secretary by any person (other than the

board) entitled to call a special meeting of members, the officer forthwith shall cause notice to be given to the members entitled to vote that a meeting will be held at a time fixed by the board, not less than 35 nor more than 90 days after the receipt of the request If the notice is not given within 20 days after receipt of the request, the persons entitled to call the meeting may give the notice or the superior court of the proper county shall summarily order the giving of the notice, after notice to the corporation giving it an opportunity to be heard The court may issue such orders as may be appropriate, including, without limitation, orders designating the time and place of the meeting, the record date for determination of members entitled to vote and the form of notice

(d) When a members' meeting is adjourned to another time or place, unless the bylaws otherwise require and except as provided in this subdivision, notice need not be given of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken. At the adjourned meeting the corporation may transact any business which might have been transacted at the original meeting. If the adjournment is for more than 45 days or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each member of record entitled to vote at the meeting

(e) The transactions of any meeting of members, however called and noticed, and wherever held, are as valid as though had at a meeting duly held after regular call and notice, if a quorum is present either in person or by proxy, and if, either before or after the meeting, each of the persons entitled to vote, not present in person or by proxy, signs a written waiver of notice or a consent to the holding of the meeting or an approval of the minutes thereof. All such waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meeting Attendance of a person at a meeting shall constitute a waiver of notice of and presence at such meeting, except when the person objects, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened and except that attendance at a meeting is not a waiver of any right to object to the consideration of matters required by this part to be included in the notice but not so included, if such objection is expressly made at the meeting. Neither the business to be transacted at nor the purpose of any regular or special meeting of members need be specified in any written waiver of notice, consent to the holding of the meeting or approval of the minutes thereof, unless otherwise provided in the articles or bylaws, except as provided in subdivision (f)

(f) Any member approval required under Section 5222, 5224, 5812, or 6610, other than unanimous approval by those entitled to vote, shall be valid only if the general nature of the proposal so approved was stated in the notice of meeting or in any written waiver of notice

(g) A court may find that notice not given in conformity with this

section is still valid, if it was given in a fair and reasonable manner.

(h) In the absence of fraud, the failure to give notice in accordance with this section may not be raised, whether by way of claim or defense, in any proceeding commenced more than nine months after the date of the meeting of which the allegedly defective notice was given

5512. (a) A majority of the voting power, represented in person, by written ballot, or by proxy, shall constitute a quorum at a meeting of members, but, subject to subdivisions (b) and (c), a bylaw approved by the members (Section 5034) or by the incorporators or by the board if there are no members may set a lower quorum Any such bylaw may be amended or repealed only by approval of the members (Section 5034) or the board if there are no members. If a quorum is present, the affirmative vote of the majority of the voting power represented at the meeting, entitled to vote, and voting on any matter shall be the act of the members, unless the vote of a greater number or voting by classes is required by this part or the articles or bylaws

(b) Where a bylaw approved by the members (Section 5034) authorizes a corporation to conduct a meeting with a quorum, fixed in such bylaw, of less than one-third of the voting power, then the only matters that may be voted upon at any regular meeting actually attended, in person or by proxy, by less than one-third of the voting power are matters notice of the general nature of which was given, pursuant to the first sentence of subdivision (a) of Section 5511.

(c) Subject to subdivision (b), the members present at a duly called or held meeting at which a quorum is present may continue to transact business until adjournment notwithstanding the withdrawal of enough members to leave less than a quorum, if any action taken (other than adjournment) is approved by at least a majority of the members required to constitute a quorum

(d) In the absence of a quorum, any meeting of members may be adjourned from time to time by the vote of a majority of the votes represented either in person or by proxy, but no other business may be transacted, except as provided in subdivision (c)

5513 (a) Subject to subdivision (e), and unless otherwise provided in the articles, any action which may be taken at any regular or special meeting of members may be taken without a meeting if the written ballot of every member is solicited, if the required number of signed approvals in writing, setting forth the action so taken, is received, and if the requirements of subdivision (b) are satisfied.

(b) Approval by written ballot pursuant to this section shall be valid only when the number of ballots cast within the time period specified equals or exceeds the quorum required to be present at a meeting authorizing the action, and the number of approvals equals or exceeds the number of votes that would be required to approve at a meeting at which the total number of votes cast was the same as the number of ballots cast

(c) Ballots shall be solicited in a manner consistent with the requirements of subdivision (b) of Section 5511, and Section 5514. All such solicitations shall indicate the number of responses needed to meet the quorum requirement and, with respect to ballots other than for the election of directors, shall state the percentage of approvals necessary to pass the measure submitted The solicitation must specify the time by which the ballot must be received in order to be counted.

(d) Subject to Sections 5611 and 5613, any member casting a ballot or the proxyholders of a member may revoke the ballot, or substitute another, by a writing received by the corporation prior to the time specified pursuant to subdivision (c), but may not do so thereafter Such revocation is effective upon its receipt by the secretary of the corporation.

(e) Directors may be elected by written ballot under this section, where authorized by the articles or bylaws, except that election by written ballot may not be authorized where the directors are elected by cumulative voting pursuant to the articles and Section 5616

5514 (a) Any form of proxy or written ballot distributed to 10 or more members of a corporation with 100 or more members shall afford an opportunity on the proxy or form of written ballot to specify a choice between approval and disapproval of each matter or group of related matters intended, at the time the written ballot or proxy is distributed, to be acted upon at the meeting for which the proxy is solicited or by such written ballot, and shall provide, subject to reasonable specified conditions, that where the person solicited specifies a choice with respect to any such matter the vote shall be cast in accordance therewith

(b) Every form of proxy or written ballot, which provides an opportunity to specify approval or disapproval with respect to any proposal, shall also contain an appropriate space marked "abstain," whereby a member may indicate a desire to abstain from voting on the proposal A proxy marked "abstain" by the member with respect to a particular proposal shall not be voted either for or against such proposal

(c) In any election of directors, any form of proxy or written ballot in which the directors to be voted upon are named therein as candidates and which is marked by a member "withhold" or otherwise marked in a manner indicating that the authority to vote for the election of directors is withheld shall not be voted either for or against the election of a director

(d) Failure to comply with this section shall not invalidate any corporate action taken, but may be the basis for challenging any proxy at a meeting and the superior court may compel compliance therewith at the suit of any member

5515 (a) If for any reason it is impractical or impossible for any corporation to call or conduct a meeting of its members or directors, or otherwise obtain their consent, in the manner prescribed by its articles or bylaws, or this part, then the superior court of the proper

county, upon petition of a director, officer, member or the Attorney General, may order that such a meeting be called or that a written ballot or other form of obtaining the vote of members or directors be authorized, in such a manner as the court finds fair and equitable under the circumstances.

(b) The court shall, in an order issued pursuant to this section, provide for a method of notice reasonably designed to give actual notice to all parties who would be entitled to notice of a meeting held pursuant to the articles, bylaws and this part, whether or not the method results in actual notice to every such person, or conforms to the notice requirements that would otherwise apply. In a proceeding under this section the court may determine who the members or directors are.

(c) The order issued pursuant to this section may dispense with any requirement relating to the holding of and voting at meetings or obtaining of votes, including any requirement as to quorums or as to the number or percentage of votes needed for approval, that would otherwise be imposed by the articles, bylaws, or this part.

(d) Wherever practical any order issued pursuant to this section shall limit the subject matter of the meetings or other forms of consent authorized to items, including amendments to the articles or bylaws, the resolution of which will or may enable the corporation to continue managing its affairs without further resort to this section; provided, however, that an order under this section may also authorize the obtaining of whatever votes and approvals are necessary for the dissolution, merger, sale of assets or reorganization of the corporation.

(e) Any meeting or other method of obtaining the vote of members or directors conducted pursuant to an order issued under this section, and which complies with all the provisions of such order, is for all purposes a valid meeting or vote, as the case may be, and shall have the same force and effect as if it complied with every requirement imposed by the articles, bylaws and this part.

Article 2. Additional Provisions Relating to Election of Directors

5520 As to directors elected by members, there shall be available to the members reasonable nomination and election procedures given the nature, size and operations of the corporation. The procedures shall include

(a) A reasonable means of nominating persons for election as directors

(b) A reasonable opportunity for a nominee to communicate to the members the nominee's qualifications and the reasons for the nominee's candidacy

(c) A reasonable opportunity for all nominees to solicit votes

(d) A reasonable opportunity for all members to choose among the nominees

5521 Except for directors who are elected as authorized by

Section 5152, or subdivision (f) of Section 5220, and except as provided in Section 5522, any person who is qualified to be elected to the board of directors of a corporation with 500 or more members may be nominated:

(a) By any method authorized by the bylaws, or if no method is set forth in the bylaws by any method authorized by the board,

(b) By petition delivered to an officer of the corporation, signed within 11 months preceding the next time directors will be elected, by members representing the following number of votes:

Number of Votes Eligible to be Cast for Director Disregarding Any Provision for Cumulative Voting	*Number of Votes*

(b) The corporation's articles or bylaws shall set a date for the close of nominations for the board The date shall not be less than 50 nor more than 120 days before the day directors are to be elected. No nominations for the board can be made after the date set for the close of nominations

(c) If more people are nominated for the board than can be elected, the election shall take place by means of a procedure which allows all nominees a reasonable opportunity to solicit votes and all members a reasonable opportunity to choose among the nominees

(d) If after the close of nominations the number of people nominated for the board is not more than the number of directors to be elected, the corporation may without further action declare that those nominated and qualified to be elected have been elected.

5523 Where a corporation with 500 or more members publishes any material soliciting a vote for any nominee for director in any publication owned or controlled by the corporation, it shall make available to all other nominees, in the same issue of the publication, an equal amount of space, with equal prominence, to be used by the nominee for a purpose reasonably related to the election.

5524 Upon written request by any nominee for election to the board and the payment with such request of the reasonable costs of mailing (including postage) a corporation shall within 10 business

days after such request (provided payment has been made) mail to all members, or such portion of them as the nominee may reasonably specify, any material, which the nominee may furnish and which is reasonably related to the election, unless the corporation within five business days after the request allows the nominee, at the corporation's option, the rights set forth in either paragraph (1) or (2) of subdivision (a) of Section 6330.

5525 (a) Except as provided in subdivision (c), no corporation may decline to publish or mail material, otherwise required to be published or mailed on behalf of any nominee under this article, on the basis of the content of such material.

(b) Neither the corporation, nor its agents, officers, directors, or employees, may be held criminally liable, liable for any negligence (active or passive) or otherwise liable for damages to any person on account of any material which is supplied by a nominee for director and which it mails or publishes pursuant to Section 5523 or 5524, but the nominee on whose behalf such material was published or mailed shall be liable and shall indemnify and hold the corporation, its agents, officers, directors and employees and each of them harmless from all demands, costs, including reasonable legal fees and expenses, claims, damages and causes of action arising out of such material or any such mailing or publication.

(c) Nothing in this section shall prevent a corporation or any of its agents, officers, directors, or employees from seeking a court order relieving the corporation from its obligation under Sections 5523 and 5524 on the ground the material will expose the moving party to liability.

5526 Without authorization of the board, no corporate funds may be expended to support a nominee for director after there are more people nominated for director than can be elected.

5527. An action attacking the validity of any election, appointment or removal of a director or directors must be commenced within nine months after the election, appointment or removal

Chapter 6 Voting of Memberships

5610. Except as provided in a corporation's articles or bylaws or Section 5616, each member shall be entitled to one vote on each matter submitted to a vote of the members Single memberships in which two or more persons have any indivisible interest shall be voted as provided in Section 5612.

5611 (a) The bylaws may provide or, in the absence of such provision, the board may fix, in advance, a date as the record date for the purpose of determining the members entitled to notice of any meeting of members or entitled to exercise any rights in respect to any lawful action Such record date shall not be more than 60 nor less than 10 days before the date of the meeting, nor more than 60 days prior to any other action

(b) Any member in good standing, otherwise eligible to vote, is entitled to vote at any meeting of members, except that the bylaws may provide or, in the absence of such bylaw provision, the board may fix a date as the record date for the purpose of determining the members entitled to vote or for the purpose of determining members entitled to exercise any rights in respect to any lawful action. Such record date shall not be more than 60 nor less than 10 days before the date of the meeting, nor more than 60 days prior to any other action.

(c) If no record date is fixed:

(1) The record date for determining members entitled to notice of a meeting of members shall be at the close of business on the business day next preceding the day on which notice is given or, if notice is waived, at the close of business on the business day next preceding the day on which the meeting is held.

(2) The record date for determining members entitled to cast written ballots (Section 5513), when no prior action by the board has been taken, shall be the day on which the first written ballot is mailed or solicited, whichever is first.

(3) The record date for determining members for any other purpose (except voting at a meeting shall be at the close of business on the day on which the board adopts the resolution relating thereto, or the 60th day prior to the date of such other action, whichever is later

(d) A determination of members entitled to notice of a meeting of members shall apply to any adjournment of the meeting unless the board fixes a new record date for the adjourned meeting.

5612 If a membership stands of record in the names of two or more persons, whether fiduciaries, members of a partnership, joint tenants, tenants in common, husband and wife as community property, tenants by the entirety, or otherwise, or if two or more persons (including proxyholders) have the same fiduciary relationship respecting the same membership, unless the secretary of the corporation is given written notice to the contrary and is furnished with a copy of the instrument or order appointing them or creating the relationship wherein it is so provided, their acts with respect to voting shall have the following effect·

(a) If only one votes, such act binds all;

(b) If more than one vote, the act of the majority so voting binds all.

5613. (a) Every person entitled to vote a membership may authorize another person or persons to act by proxy with respect to such membership, except that this right may be limited or withdrawn by the articles or bylaws, subject to subdivision (e) Any proxy purported to be executed in accordance with the provisions of this part shall be presumptively valid

(b) No proxy shall be valid after the expiration of 11 months from the date thereof unless otherwise provided in the proxy, except that the maximum term of any proxy shall be three years from the date

of execution Every proxy continues in full force and effect until revoked by the person executing it prior to the vote pursuant thereto. Such revocation may be effected by a writing delivered to the corporation stating that the proxy is revoked or by a subsequent proxy executed by the person executing the prior proxy and presented to the meeting, or as to any meeting by attendance at such meeting and voting in person by the person executing the proxy The dates contained on the forms of proxy presumptively determine the order of execution, regardless of the postmark dates on the envelopes in which they are mailed.

(c) A proxy is not revoked by the death or incapacity of the maker or the termination of a membership as a result thereof unless, before the vote is counted, written notice of such death or incapacity is received by the corporation

(d) The proxy of a member may not be irrevocable.

(e) Subdivision (a) notwithstanding, no amendment of the articles or bylaws repealing, restricting, creating or expanding proxy rights may be adopted without approval by the members (Section 5034).

(f) Anything to the contrary notwithstanding, any proxy covering matters requiring a vote of the members pursuant to Section 5222, Section 5224, subdivision (e) of Section 5613, Section 5812, paragraph (2) of subdivision (a) of Section 5911, Section 6014, subdivision (a) of Section 6015, or Section 6610 is not valid as to such matters unless it sets forth the general nature of the matter to be voted on, or, in the event of a vote pursuant to Section 5220, unless the proxy lists those nominated at the time of the notice of the vote is given to members

5614 Voting agreements between members of a corporation shall not be enforced.

5615 (a) In advance of any meeting of members the board may appoint inspectors of election to act at the meeting and any adjournment thereof. If inspectors of election are not so appointed, or if any persons so appointed fail to appear or refuse to act, the chairman of any meeting of members may, and on the request of any member or a member's proxy shall, appoint inspectors of election (or persons to replace those who so fail or refuse) at the meeting The number of inspectors shall be either one or three. If appointed at a meeting on the request of one or more members or proxies, the majority of members represented in person or by proxy shall determine whether one or three inspectors are to be appointed.

(b) The inspectors of election shall determine the number of memberships outstanding and the voting power of each, the number represented at the meeting, the existence of a quorum and the authenticity, validity and effect of proxies, receive votes, ballots or consents, hear and determine all challenges and questions in any way arising in connection with the right to vote, count and tabulate all votes or consents, determine when the polls shall close, determine the result and do such acts as may be proper to conduct the election

or vote with fairness to all members

(c) The inspectors of election shall perform their duties impartially, in good faith, to the best of their ability and as expeditiously as is practical. If there are three inspectors of election, the decision, act or certificate of a majority is effective in all respects as the decision, act or certificate of all Any report or certificate made by the inspectors of election is prima facie evidence of the facts stated therein

5616. (a) If the articles or bylaws authorize cumulative voting, but not otherwise, every member entitled to vote at any election of directors may cumulate such member's votes and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of votes to which the member is entitled, or distribute the member's votes on the same principle among as many candidates as the member thinks fit An article or bylaw provision authorizing cumulative voting may be repealed or amended only by approval of a majority of all members (Section 5033), except that the governing article or bylaw provision may require the vote of a greater proportion of the members, or of the members of any class, for its repeal.

(b) No member shall be entitled to cumulate votes for a candidate or candidates unless such candidate's name or candidates' names have been placed in nomination prior to the voting and a member has given notice at the meeting prior to the voting of the member's intention to cumulate votes. If any one member has given such notice, all members may cumulate their votes for candidates in nomination

(c) In any election of directors, the candidates receiving the highest number of votes are elected, subject to any lawful provision specifying election by classes

(d) Elections for directors need not be by ballot unless a member demands election by ballot at the meeting and before the voting begins or unless the bylaws so require.

(e) Subdivision (a) shall not apply to a corporation, having no members pursuant to Section 5310, in which the directors are elected by the directors

5617 (a) Upon the filing of an action therefor by any director or member, or by any person who had the right to vote in the election at issue, the superior court of the proper county shall determine the validity of any election or appointment of any director of any corporation

(b) Any person bringing an action under this section shall give notice of the action to the Attorney General, who may intervene.

(c) Upon the filing of the complaint, and before any further proceedings are had, the court shall enter an order fixing a date for the hearing, which shall be within five days unless for good cause shown a later date is fixed, and requiring notice of the date for the hearing and a copy of the complaint to be served upon the corporation and upon the person whose purported election or

appointment is questioned and upon any person (other than the plaintiff) whom the plaintiff alleges to have been elected or appointed, in the manner in which a summons is required to be served, or, if the court so directs, by registered mail; and the court may make such further requirements as to notice as appear to be proper under the circumstances

(d) The court, consistent with the provisions of this part and in conformity with the articles and bylaws to the extent feasible, may determine the person entitled to the office of director or may order a new election to be held or appointment to be made, may determine the validity of the issuance of memberships and the right of persons to vote and may direct such other relief as may be just and proper

CHAPTER 7 MEMBERS' DERIVATIVE ACTIONS

5710 (a) Subdivisions (c) through (f) notwithstanding, no motion to require security shall be granted in an action brought by 100 members or the authorized number (Section 5036), whichever is less

(b) No action may be instituted or maintained in the right of any corporation by any member of such corporation unless both of the following conditions exist.

(1) The plaintiff alleges in the complaint that plaintiff was a member at the time of the transaction or any part thereof of which plaintiff complains; and

(2) The plaintiff alleges in the complaint with particularity plaintiff's efforts to secure from the board such action as plaintiff desires, or the reasons for not making such effort, and alleges further that plaintiff has either informed the corporation or the board in writing of the ultimate facts of each cause of action against each defendant or delivered to the corporation or the board a true copy of the complaint which plaintiff proposes to file

(c) Subject to subdivision (a), in any action referred to in subdivision (b), at any time within 30 days after service of summons upon the corporation or upon any defendant who is an officer or director of the corporation, or held such office at the time of the acts complained of, the corporation or such defendant may move the court for an order, upon notice and hearing, requiring the plaintiff to furnish security as hereinafter provided The motion shall be based upon one or both of the following grounds

(1) That there is no reasonable possibility that the prosecution of the cause of action alleged in the complaint against the moving party will benefit the corporation or its members, economically or otherwise

(2) That the moving party, if other than the corporation, did not participate in the transaction complained of in any capacity

The court on application of the corporation or any defendant may, for good cause shown, extend the 30-day period for an additional period or periods not exceeding 60 days

(d) At the hearing upon any motion pursuant to subdivision (c), the court shall consider such evidence, written or oral, by witnesses or affidavit, as may be material (1) to the ground or grounds upon which the motion is based, or (2) to a determination of the probable reasonable expenses, including attorneys' fees, of the corporation and the moving party which will be incurred in the defense of the action If the court determines, after hearing the evidence adduced by the parties, that the moving party has established a probability in support of any of the grounds upon which the motion is based, the court shall fix the nature and amount of security, not to exceed fifty thousand dollars ($50,000), to be furnished by the plaintiff for reasonable expenses, including attorneys' fees, which may be incurred by the moving party and the corporation in connection with the action, including expenses for which the corporation may become liable pursuant to Section 5238. A ruling by the court on the motion shall not be a determination of any issue in the action or of the merits thereof The amount of the security may thereafter be increased or decreased in the discretion of the court upon a showing that the security provided has or may become inadequate or is excessive, but the court may not in any event increase the total amount of the security beyond fifty thousand dollars ($50,000) in the aggregate for all defendants. If the court, upon any such motion, makes a determination that security shall be furnished by the plaintiff as to any one or more defendants, the action shall be dismissed as to such defendant or defendants, unless the security required by the court shall have been furnished within such reasonable time as may be fixed by the court. The corporation and the moving party shall have recourse to the security in such amount as the court shall determine upon the termination of the action.

(e) If the plaintiff shall, either before or after a motion is made pursuant to subdivision (c), or any order or determination pursuant to such motion, post good and sufficient bond or bonds in the aggregate amount of fifty thousand dollars ($50,000) to secure the reasonable expenses of the parties entitled to make the motion, the plaintiff has complied with the requirements of this section and with any order for security theretofore made pursuant hereto, and any such motion then pending shall be dismissed and no further or additional bond or other security shall be required.

(f) If a motion is filed pursuant to subdivision (c), no pleadings need be filed by the corporation or any other defendant and the prosecution of the action shall be stayed until 10 days after the motion has been disposed of.

CHAPTER 8 AMENDMENT OF ARTICLES

5810 (a) By complying with the provisions of this chapter, a corporation may amend its articles from time to time, in any and as many respects as may be desired, so long as its articles as amended contain only such provisions as it would be lawful to insert in original

articles filed at the time of the filing of the amendment and, if a change in the rights of members or an exchange, reclassification or cancellation of memberships is to be made, such provisions as may be necessary to effect such change, exchange, reclassification or cancellation. It is the intent of the Legislature in adopting this section to exercise to the fullest extent the reserve power of the state over corporations and to authorize any amendment of the articles covered by the preceding sentence regardless of whether any provision contained in the amendment was permissible at the time of the original incorporation of the corporation.

(b) A corporation shall not amend its articles to alter any statement which may appear in the original articles of the names and addresses of the first directors, nor the name and address of the initial agent, except to correct an error in the statement or to delete either after the corporation has filed a statement under Section 6210.

5811. Any amendment of the articles may be adopted by a writing signed by a majority of the incorporators, so long as:

(a) No directors were named in the original articles;

(b) No directors have been elected; and

(c) The corporation has no members

5812. (a) Except as provided in this section, amendments may be adopted if approved by the board and approved by the members (Section 5034) and approved by such other person or persons, if any, as required by the articles. The approval by the members or other person or persons may be before or after the approval by the board.

(b) Notwithstanding subdivision (a), the following amendments may be adopted by approval of the board alone·

(1) An amendment extending the corporate existence or making the corporate existence perpetual, if the corporation was organized prior to August 14, 1929

(2) An amendment deleting the names and addresses of the first directors or the name and address of the initial agent

(3) Any amendment, at a time the corporation has no members; provided, however, that if the articles require approval by any person for an amendment, that an amendment may not be adopted without such approval

(c) Whenever the articles or bylaws require for corporate action the approval of a particular class of members or of a larger proportion of, or of all of, the votes of any class, or of a larger proportion of, or of all of, the directors, than is otherwise required by this part, the provision in the articles requiring such greater vote shall not be altered, amended or repealed except by such class or such greater vote, unless otherwise provided in the articles or bylaws

5813. (a) A proposed amendment must be approved by the members (Section 5034) of a class, whether or not such class is entitled to vote thereon by the provisions of the articles, if the amendment would change the voting rights of that class or the rights of that class upon merger

(b) In addition to approval by a class as provided in subdivision

(a), a proposed amendment must also be approved by the members (Section 5034) and approved by such other person or persons, if any, as required by the articles

5814 Except for amendments adopted by the incorporators pursuant to Section 5811, upon adoption of an amendment, the corporation shall file a certificate of amendment, which shall consist of an officers' certificate stating:

(a) The wording of the amendment or amended articles in accordance with Section 5817;

(b) That the amendment has been approved by the board;

(c) If the amendment is one for which the approval of the members (Section 5034) is required, that the amendment was approved by the required vote of members; and

(d) If the amendment is one which may be adopted with approval by the board alone, a statement of the facts entitling the board alone to adopt the amendment. In the event of an amendment of the articles pursuant to a merger, the filing of the officers' certificate and agreement pursuant to Section 6014 shall be in lieu of any filing required under this chapter.

(e) If the amendment is one for which the approval of a person or persons other than the incorporators, directors, or members is required, that the approval of such person or persons has been obtained

5815 In the case of amendments adopted by the incorporators under Section 5811, the corporation shall file a certificate of amendment signed and verified by a majority of the incorporators which shall state that the signers thereof constitute at least a majority of the incorporators, that the corporation has no members and that they adopt the amendment or amendments therein set forth

5816 The certificate of amendment shall establish the wording of the amendment or amended articles by one or more of the following means

(a) By stating that the articles shall be amended to read as therein set forth in full

(b) By stating that any provision of the articles, which shall be identified by the numerical or other designation given it in the articles or by stating the wording thereof, shall be stricken from the articles or shall be amended to read as set forth in the certificate

(c) By stating that the provisions set forth therein shall be added to the articles

If the purpose of the amendment is to reclassify, cancel, exchange, or otherwise change outstanding memberships, the amended articles shall state the effect thereof on outstanding memberships

5817 Upon the filing of the certificate of amendment, the articles shall be amended in accordance with the certificate and any change, reclassification or cancellation of memberships shall be effected, and a copy of the certificate, certified by the Secretary of State, is prima facie evidence of the performance of the conditions necessary to the adoption of the amendment

5818. A corporation formed for a limited period may at any time subsequent to the expiration of the term of its corporate existence, extend the term of its existence by an amendment to its articles removing any provision limiting the term of its existence and providing for perpetual existence If the filing of the certificate of amendment providing for perpetual existence would be prohibited if it were original articles by the provisions of Section 5122, the Secretary of State shall not file such certificate unless, by the same or a concurrently filed certificate of amendment, the articles of such corporation are amended to adopt a new available name For the purpose of the adoption of any such amendment, persons who have been functioning as directors of such corporation shall be considered to have been validly elected even though their election may have occurred after the expiration of the original term of the corporate existence

5819 (a) A corporation may restate in a single certificate the entire text of its articles as amended by filing an officers' certificate entitled "Restated Articles of Incorporation of (insert name of corporation)" which shall set forth the articles as amended to the date of filing of the certificate, except that the signatures and acknowledgments of the incorporators and any statements regarding the effect of any prior amendment upon memberships and any provisions of agreements of merger (other than amendments to the articles of the surviving corporation) and the names and addresses of the first directors and of the initial agent for service of process shall be omitted. Such omissions are not alterations or amendments of the articles The certificate may also itself alter or amend the articles in any respect, in which case the certificate must comply with Section 5814 or 5815, as the case may be, and Section 5816

(b) If the certificate does not itself alter or amend the articles in any respect, it shall be approved by the board and shall be subject to the provisions of this chapter relating to an amendment of the articles not requiring approval of the members (Section 5034). If the certificate does itself alter or amend the articles, it shall be subject to the provisions of this chapter relating to the amendment or amendments so made.

(c) Restated articles of incorporation filed pursuant to this section shall supersede for all purposes the original articles and all amendments filed prior thereto

5820 (a) Amendment of the articles of a corporation, pursuant to this chapter, does not, of itself, abrogate any requirement or limitation imposed upon the corporation, or any property held by it, by virtue of the trust under which such property is held by the corporation

(b) The Attorney General may, at the corporation's request, and pursuant to such regulations as the Attorney General may issue, give rulings as to whether the Attorney General will or may oppose a proposed action, or article amendment, as inconsistent with or proscribed by the requirements of a charitable trust

CHAPTER 9. SALES OF ASSETS

5910. Any mortgage, deed of trust, pledge or other hypothecation of all or any part of the corporation's property, real or personal, for the purpose of securing the payment or performance of any contract or obligation may be approved by the board. Unless the articles or bylaws otherwise provide, no approval of the members (Section 5034) shall be necessary for such action.

5911. (a) Subject to the provisions of Section 5142, a corporation may sell, lease, convey, exchange, transfer or otherwise dispose of all or substantially all of its assets when the principal terms are:

(1) Approved by the board; and

(2) Unless the transaction is in the usual and regular course of its activities, approved by the members (Section 5034) or by any other person or persons whose approval is required by the articles, either before or after approval by the board and before or after the transaction.

(b) Notwithstanding approval by the members (Section 5034) or such other person, the board may abandon the proposed transaction without further action by the members, subject to the contractual rights, if any, of third parties.

(c) Subject to the provisions of Section 5142, such sale, lease, conveyance, exchange, transfer or other disposition may be made upon such terms and conditions and for such consideration as the board may deem in the best interests of the corporation The consideration may be money, property, or securities of any domestic or foreign corporation

5912. Any deed or instrument conveying or otherwise transferring any assets of a corporation may have annexed to it the certificate of the secretary or an assistant secretary of the corporation, setting forth that the transaction has been validly approved by the board, that the notice, if any, required by Section 5913 has been given and (a) stating that the property described in such deed or instrument is less than substantially all of the assets of the corporation or that the transfer is in the usual and regular course of the business of the corporation, if such be the case, or (b) if such property constitutes all or substantially all of the assets of the corporation and the transfer is not in the usual and regular course of the business of the corporation, stating the fact of approval thereof by the members (Section 5034). Such certificate is prima facie evidence of the existence of the facts authorizing such conveyance or other transfer of the assets and conclusive evidence in favor of any purchaser or encumbrancer for value who, without notice of any trust restriction applicable to the property or any failure to comply therewith, in good faith parted with value.

5913 A corporation must give written notice to the Attorney General 20 days before it sells, leases, conveys, exchanges, transfers or otherwise disposes of all or substantially all of its assets unless the transaction is in the usual and regular course of its activities or unless

the Attorney General has given the corporation a written waiver of this section as to the proposed transaction.

CHAPTER 10 MERGERS

Article 1 Merger

6010 (a) Without the prior written consent of the Attorney General, a public benefit corporation may only merge with another public benefit corporation or a religious corporation or a foreign nonprofit corporation the articles of which provide that its assets are irrevocably dedicated to charitable, religious, or public purposes.

(b) At least 20 days prior to consummation of any merger allowed by subdivision (a), the Attorney General must be provided with a copy of the proposed agreement of merger.

(c) Without the prior written consent of the Attorney General, when a merger occurs pursuant to subdivision (a), each member of a constituent corporation may only receive or keep a membership in the surviving corporation for or as a result of such member's membership in the constituent corporation

6011 The board of each corporation which desires to merge shall approve an agreement of merger. The constituent corporations shall be parties to the agreement of merger and other persons may be parties to the agreement of merger. The agreement shall state:

(a) The terms and conditions of the merger,

(b) The amendments, subject to Sections 5810 and 5816, to the articles of the surviving corporation to be effected by the merger, if any; if any amendment changes the name of the surviving corporation, the new name may be the same as or similar to the name of a disappearing corporation, subject to subdivision (b) of Section 5122;

(c) The amendments to the bylaws of the surviving corporation to be effected by the merger, if any;

(d) The name and place of incorporation of each constituent corporation and which of the constituent corporations is the surviving corporation,

(e) The manner, if any, of converting all memberships of the constituent corporations into the memberships of the surviving corporation, and

(f) Such other details or provisions as are desired, if any.

6012 The principal terms of the merger shall be approved by the board and by the members (Section 5034) of each class of each corporation which desires to merge and by each other person or persons whose approval of an amendment of articles is required by the articles, and the approval by the members (Section 5034) or such other person or persons required by this section may be given before or after the approval by the board

6013 Each constituent corporation shall sign the agreement by the chairman of its board, president or a vice president and secretary

or an assistant secretary acting on behalf of their respective corporations

6014 After approval of a merger by the board and any approval by the members (Section 5034) or other person or persons required by Section 6012, the surviving corporation shall file a copy of the agreement of merger with an officers' certificate of each constituent corporation attached stating the total number of memberships of each class entitled to vote on the merger, identifying any other person or persons whose approval is required, and stating that the principal terms of the agreement in the form attached were duly approved by the required vote of the members and (if applicable) such other person or persons. The merger and any amendment of the articles of the surviving corporation contained in the merger agreement shall thereupon be effective (subject to subdivision (c) of Section 5008 and subject to the provisions of Section 6018) and the several parties thereto shall be one surviving corporation. The agreement shall not be filed, however, until there has been filed by or on behalf of each constituent corporation taxed under the Bank and Corporation Tax Law (Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code), the existence of which is terminated by the merger, the certificate of satisfaction of the Franchise Tax Board that all taxes imposed by such law have been paid or secured. The Secretary of State may certify a copy of the merger agreement separate from the officers' certificates attached thereto

6015 (a) Any amendment to the agreement may be adopted and the agreement so amended may be approved by the board and by the members (Section 5034) or other person or persons, as required by Section 6012, of any constituent corporation in the same manner as the original agreement

(b) If the agreement so amended is approved as provided in subdivision (a), the agreement so amended shall then constitute the agreement of merger

6016 The board may, in its discretion, abandon a merger, subject to the contractual rights, if any, of third parties, including other constituent corporations, without further approval by the members (Section 5034) or other persons entitled to approve the merger at any time before the merger is effective

6017 A copy of an agreement of merger certified on or after the effective date by an official having custody thereof has the same force in evidence as the original and, except as against the state, is conclusive evidence of the performance of all conditions precedent to the merger, the existence on the effective date of the surviving corporation and the performance of the conditions necessary to the adoption of any amendment to the articles contained in the agreement of merger

6018 (a) Subject to the provisions of Section 6010, the merger of any number of corporations or with any number of foreign corporations may be effected if the foreign corporations are

authorized by the laws under which they are formed to effect such a merger. The surviving corporation may be any one of the constituent corporations and shall continue to exist under the laws of the state or place of its incorporation.

(b) If the surviving corporation is a public benefit corporation or a religious corporation, the merger proceedings with respect to that corporation and any disappearing corporation shall conform to the provisions of this chapter governing the merger of corporations, but if the surviving corporation is a foreign corporation, then, subject to the requirements of subdivision (d) and Section 6012, the merger proceedings may be in accordance with the laws of the state or place of incorporation of the surviving corporation.

(c) If the surviving corporation is a public benefit corporation or a religious corporation, the agreement and the officers' certificate of each constituent corporation shall be filed as provided in Section 6014 and thereupon, subject to subdivision (c) of Section 5008, the merger shall be effective as to each corporation; and each foreign disappearing corporation which is qualified for the transaction of intrastate business shall by virtue of the filing automatically surrender its right to transact intrastate business.

(d) If the surviving corporation is a foreign corporation, the merger shall become effective in accordance with the law of the jurisdiction in which it is organized, but shall be effective as to any disappearing corporation as of the time of effectiveness in such foreign jurisdiction upon the filing in this state as required by this subdivision. There shall be filed as to the domestic disappearing corporation or corporations a copy of the agreement, certificate or other document filed by the surviving foreign corporation in the state or place of its incorporation for the purpose of effecting the merger, which copy shall be certified by the public officer having official custody of the original or, in lieu thereof, an executed counterpart of such agreement, certificate or other document; and each foreign disappearing corporation which is qualified for the transaction of intrastate business shall automatically by such filing surrender its right to transact intrastate business

Article 2. Effect of Merger

6020 (a) Upon merger pursuant to this chapter the separate existence of the disappearing corporations ceases and the surviving corporation shall succeed, without other transfer, to all the rights and property of each of the disappearing corporations and shall be subject to all the debts and liabilities of each and trust obligations upon the property of a disappearing corporation in the same manner as if the surviving corporation had itself incurred them.

(b) All rights of creditors and all liens and trusts upon or arising from the property of each of the constituent corporations shall be preserved unimpaired, provided that such liens and trust obligations upon property of a disappearing corporation shall be limited to the

property affected thereby immediately prior to the time the merger is effective

(c) Any action or proceeding pending by or against any disappearing corporation may be prosecuted to judgment, which shall bind the surviving corporation, or the surviving corporation may be proceeded against or substituted in its place

6021. Whenever a domestic or foreign corporation having any real property in this state merges with another domestic or foreign corporation pursuant to the laws of this state or of the state or place in which any constituent corporation was incorporated, and the laws of the state or place of incorporation (including this state) of any disappearing corporation provide substantially that the making and filing of the agreement of merger vests in the surviving corporation all the real property of any disappearing corporation, the filing for record in the office of the county recorder of any county in this state in which any of the real property of such disappearing corporation is located of either (a) a certificate prescribed by the Secretary of State, or (b) a copy of the agreement of merger or certificate of merger, certified by the Secretary of State or an authorized public offical of the state or place pursuant to the laws of which the merger is effected, shall evidence record ownership in the surviving corporation of all interest of such disappearing corporation in and to the real property located in that county

6022 Any bequest, devise, gift, grant, or promise contained in a will or other instrument of donation, subscription, or conveyance, which is made to a constituent corporation and which takes effect or remains payable after the merger, inures to the surviving corporation.

CHAPTER 11. BANKRUPTCY REORGANIZATIONS AND ARRANGEMENTS

6110 Any proceeding, initiated with respect to a corporation, under any applicable statute of the United States, as now existing or hereafter enacted, relating to reorganizations or arrangements of corporations, shall be governed by the provisions of Chapter 14 (commencing with Section 1400) of Division 1 of Title 1.

CHAPTER 12 REQUIRED FILINGS BY CORPORATION OR ITS AGENT

6210 (a) Every corporation shall, within 90 days after the filing of its original articles and annually thereafter during the applicable filing period in each year, file, on a form prescribed by the Secretary of State, a statement containing. The form shall state the due date thereof and shall be mailed to the last address of the corporation according to the records of the Secretary of State. (f) This section shall not be construed to place any person dealing with the corporation on notice of, or under any duty to inquire about, the existence or content of a statement filed pursuant to this section.

6211. An agent designated for service of process pursuant to Section 6210 may file a signed and acknowledged written statement of resignation as such agent. Thereupon the authority of the agent to act in such capacity shall cease and the Secretary of State forthwith shall give written notice of the filing of the statement of resignation by mail to the corporation addressed to its principal office.

6212 If a natural person who has been designated agent for service of process pursuant to Section 6210 dies or resigns or no longer resides in the state or if the corporate agent for such purpose resigns, dissolves, withdraws from the state, forfeits its right to transact intrastate business, has its corporate rights, powers and privileges suspended or ceases to exist, the corporation shall forthwith file a designation of a new agent conforming to the requirements of Section 6210

Article 3 Rights of Inspection

6330 (a) Subject to Sections 6331 and 6332, and unless the corporation provides a reasonable alternative pursuant to subdivision (c), a member may do either or both of the following as permitted by subdivision (b):

(1) Inspect and copy the record of all the members' names, addresses and voting rights, at reasonable times, upon five business days' prior written demand upon the corporation which demand shall state the purpose for which the inspection rights are requested; or

(2) Obtain from the secretary of the corporation, upon written demand and tender of a reasonable charge, a list of the names, addresses and voting rights of those members entitled to vote for the election of directors, as of the most recent record date for which it has been compiled or as of a date specified by the member subsequent to the date of demand. The demand shall state the purpose for which the list is requested. The membership list shall be made available on or before the later of 10 business days after the demand is received or after the date specified therein as the date as of which the list is to be compiled.

(b) The rights set forth in subdivision (a) may be exercised by:

(1) Any member, for a purpose reasonably related to such person's interest as a member. Where the corporation reasonably believes that the information will be used for another purpose, or where it provides a reasonable alternative pursuant to subdivision (c), it may deny the member access to the list In any subsequent action brought by the member under Section 6336, the court shall enforce the rights set forth in subdivision (a) unless the corporation proves that the member will allow use of the information for purposes unrelated to the person's interest as a member or that the alternative method offered reasonably achieves the proper purpose set forth in the demand

(2) The authorized number of members for a purpose reasonably related to the members' interest as members.

(c) The corporation may, within 10 business days after receiving a demand under subdivision (a), deliver to the person or persons

making the demand a written offer of an alternative method of achieving the purpose identified in such demand without providing access to or a copy of the membership list. An alternative method which reasonably and in a timely manner accomplishes the proper purpose set forth in a demand made under subdivision (a) shall be deemed a reasonable alternative, unless within a reasonable time after acceptance of the offer the corporation fails to do those things which it offered to do Any rejection of the offer shall be in writing and shall indicate the reasons the alternative proposed by the corporation does not meet the proper purpose of the demand made pursuant to subdivision (a).

6331. (a) Where the corporation, in good faith, and with a substantial basis, believes that the membership list, demanded under Section 6330 by the authorized number (Section 5036), will be used for a purpose unrelated to an interest of the person or persons making the demand (hereinafter called the requesting parties) as members or provides a reasonable alternative pursuant to subdivision (c) of Section 6330, it may petition the superior court of the proper county for an order setting aside the demand

(b) Except as provided in subdivision (c), a petition for an order to show cause why a protective order pursuant to subdivision (d) should not issue shall be filed within 10 business days after the demand by the authorized number under Section 6330 or receipt of a written rejection by the authorized number of an offer made pursuant to subdivision (c) of Section 6330, whichever is later. The petition shall be accompanied by an application for a hearing on the petition. Upon the filing of the petition, the court shall issue a protective order staying production of the list demanded until the hearing on the order to show cause The court shall set the hearing on the order to show cause not more than 20 days from the date of the filing of the petition The order to show cause shall be granted unless the court finds that there is no reasonable probability that the corporation will make the showing required under subdivision (f)

(c) A corporation may file a petition under this section more than 10 business days after the demand or rejection under Section 6330, but only upon a showing the delay was caused by excusable neglect. In no event, however, may any petition under this section be considered if filed more than 30 days after the requesting parties' demand or rejection, whichever is later.

(d) Upon the return day of the order to show cause, the court may issue a protective order staying production of the list demanded until final adjudication of the petition filed pursuant to this section. No protective order shall issue under this subdivision unless the court finds that the rights of the requesting parties can reasonably be preserved and that the corporation is likely to make the showing required by subdivision (f) or the court is likely to issue a protective order pursuant to subdivision (g)

(e) If the corporation fails to file a petition within the time allowed by subdivision (b) or (c), whichever is applicable, or fails to

obtain a protective order under subdivision (d), then the corporation shall comply with the demand, and no further action may be brought by the corporation under this section.

(f) The court shall issue the final order setting aside the demand only if the corporation proves:

(1) That there is a reasonable probability that the requesting parties will permit use of the membership list for a purpose unrelated to their interests as members; or

(2) That the method offered by the corporation is a reasonable alternative in that it reasonably achieves the proper purpose set forth in the requesting parties' demand and that the corporation intends and is able to effectuate the reasonable alternative

(g) In the final order, the court may, in its discretion, order an alternative mechanism for achieving the proper purposes of the requesting parties, or impose just and proper conditions upon the use of the membership list which reasonably assures compliance with Sections 6330 and 6338

(h) The court shall award reasonable costs and expenses, including reasonable attorneys' fees, to requesting parties who successfully oppose any petition or application filed pursuant to this section.

(i) Where the corporation has neither, within the time allowed, complied with a demand by the authorized number (Section 5036) under Section 6330, nor obtained a protective order staying production of the list, or a final order setting aside the demand, which is then in effect, the requesting parties may petition the superior court of the proper county for a writ of mandamus pursuant to Section 1085 of the Code of Civil Procedure compelling the corporation to comply with the demand At the hearing, the court shall hear the parties summarily, by affidavit or otherwise, and shall issue a peremptory writ of mandamus unless it appears that the demand was not made by an authorized number (Section 5036), that the demand has been complied with, that the corporation, pursuant to subdivision (c) of Section 6330, made an offer which was not rejected in writing within a reasonable time, or that a protective or final order properly issued under subdivision (d), (f) or (g) is then in effect. No inquiry may be made in such proceeding into the use for which the authorized number seek the list. The court shall award reasonable costs and expenses, including reasonable attorneys' fees, to persons granted an order under this subdivision

(j) Nothing in this section shall be construed to limit the right of the corporation to obtain damages for any misuse of a membership list obtained under Section 6330, or otherwise, or to obtain injunctive relief necessary to restrain misuse of a member list A corporation shall be entitled to recover reasonable costs and expenses, including reasonable attorneys' fees, incurred in successfully bringing any such action

6332 (a) Upon petition of the corporation or any member, the superior court of the proper county may limit or restrict the rights

set forth in Section 6330 where, and only where such limitation or restriction is necessary to protect the rights of any member under the Constitution of the United States or the Constitution of the State of California. An order issued pursuant to this subdivision shall provide, insofar as possible, for alternative mechanisms by which the persons seeking to exercise rights under Section 6330 may communicate with members for purposes reasonably related to their interests as members

(b) Upon the filing of a petition under subdivision (a), the court may, if requested by the person making the petition, issue a temporary order suspending the running of any time limit specified in Section 6330 for compliance with that section. Such an order may be extended, after notice and hearing, until final adjudication of the petition, wherever it appears that the petitioner may prevail on the merits, and it is otherwise equitable to do so.

6333. The accounting books and records and minutes of proceedings of the members and the board and committees of the board shall be open to inspection upon the written demand on the corporation of any member at any reasonable time, for a purpose reasonably related to such person's interests as a member.

6334. Every director shall have the absolute right at any reasonable time to inspect and copy all books, records and documents of every kind and to inspect the physical properties of the corporation of which such person is a director.

6335 Where the proper purpose of the person or persons making a demand pursuant to Section 5330 is frustrated by (1) any delay by the corporation in complying with a demand under Section 6330 beyond the time limits specified therein, or (2) any delay caused by the filing of a petition under Section 6331 or Section 6332, or (3) any delay caused by the alternative proposed under subdivision (c) of Section 6330, the person or persons properly making the demand shall have, in the discretion of the court, a right to obtain from the superior court an order postponing any members' meeting previously noticed for a period equal to the period of such delay. The members may obtain such an order in a proceeding brought pursuant to Section 6331 upon the filing of a verified complaint in the proper county and after a hearing, notice of which shall be given to such persons and in such manner as the court may direct. Such right shall be in addition to any other legal or equitable remedies to which the member may be entitled

6336. (a) Upon refusal of a lawful demand for inspection under this chapter, or a lawful demand pursuant to Section 6330 or Section 6333, the superior court of the proper county, or the county where the books or records in question are kept, may enforce the demand or right of inspection with just and proper conditions or may, for good cause shown, appoint one or more competent inspectors or independent accountants to audit the financial statements kept in this state and investigate the property, funds and affairs of any corporation or any foreign corporation keeping records in this state

and of any subsidiary corporation thereof, domestic or foreign, keeping records in this state and to report thereon in such manner as the court may direct

(b) All officers and agents of the corporation shall produce to the inspectors or accountants so appointed all books and documents in their custody or power, under penalty of punishment for contempt of court

(c) All expenses of the investigation or audit shall be defrayed by the applicant unless the court orders them to be paid or shared by the corporation

6337. In any action or proceeding under this article, and except as required by Section 6331, if the court finds the failure of the corporation to comply with a proper demand thereunder was without justification, the court may award the member reasonable costs and expenses, including reasonable attorneys' fees, in connection with such action or proceeding

6338 (a) A membership list is a corporate asset. Without consent of the board a membership list or any part thereof may not be used by any person for any purpose unrelated to a member's interest as a member. Without limiting the generality of the foregoing, without the consent of the board a membership list or any part thereof may not be.

(1) Used to solicit money or property unless such money or property will be used solely to solicit the vote of the members in an election to be held by their corporation; or

(2) Used for any purpose which the user does not reasonably and in good faith believe will benefit the corporation, or

(3) Used for any commercial purpose or purpose in competition with the corporation; or

(4) Sold to or purchased by any person.

(b) Any person who violates the provisions of subdivision (a) shall be liable for any damage such violation causes the corporation and shall account for and pay to the corporation any profit derived as a result of such violation. In addition, a court in its discretion may award exemplary damages for a fraudulent or malicious violation of subdivision (a).

(c) Nothing in this article shall be construed to limit the right of a corporation to obtain injunctive relief necessary to restrain misuse of a membership list.

(d) In any action or proceeding under this section, a court may award the corporation reasonable costs and expenses, including reasonable attorneys' fees, in connection with such action or proceeding

(e) As used in this section, the term "membership list" means the record of all the members' names and addresses.

6511. 6513 If, at the time of the filing of a complaint for involuntary dissolution or at any time thereafter, the court has reasonable grounds to believe that unless a receiver of the corporation is appointed or the public or charitable purpose of the corporation will suffer pending the hearing and determination of the complaint, upon the application of the plaintiff, and after a hearing upon such notice to the corporation as the court may direct and upon the giving of security pursuant to Sections 566 and 567 of the Code of Civil Procedure (except that the Attorney General shall not be required to give security), the court may appoint a receiver to take over and manage the affairs of the corporation and to preserve its property pending the hearing and determination of the complaint for dissolution

6515. (a) Involuntary proceedings for winding up a corporation commence when the order for winding up is entered under Section 6514

(b) When an involuntary proceeding for winding up has commenced, the board shall conduct the winding up of the affairs of the corporation, subject to the supervision of the court, unless other persons are appointed by the court, on good cause shown, to conduct the winding up. The directors or such other persons may, subject to any restrictions imposed by the court, exercise all their powers through the executive officers without any order of court.

(c) When an involuntary proceeding for winding up has commenced, the corporation shall cease to conduct its activities except to the extent necessary for the beneficial winding up thereof and except during such period as the board may deem necessary to preserve the corporation's goodwill or going concern value, pending a sale or other disposition of its assets, or both, in whole or in part. The directors shall cause written notice of the commencement of the proceeding for involuntary winding up to be given by mail to all members and to all known creditors and claimants whose addresses appear on the records of the corporation, unless the order for winding up has been stayed by appeal therefrom or otherwise or the proceeding or the execution of the order has been enjoined

6516 When an involuntary proceeding for winding up has been commenced, the jurisdiction of the court includes

participation of creditors and claimants failing to make and present claims and proof as required by any order.

Any director so appointed by the court shall serve until the next regular meeting of members or until a successor is elected or appointed.

limit may be three months. If it is shown that a claimant did not receive notice because of absence from the state or other cause, the court may allow a claim to be filed or presented at any time before distribution is completed.

(b) Such notice to creditors shall be published not less than once a week for three consecutive weeks in a newspaper of general circulation published in the county in which the proceeding is pending or, if there is no such newspaper published in that county, in such newspaper as may be designated by the court, directing creditors and claimants to make and present claims and proofs to the person, at the place and within the time specified in the notice. A copy of the notice shall be mailed to each person shown as a creditor or claimant on the books of the corporation, at such person's last known address.

(c) Holders of secured claims may prove for the whole debt in order to realize any deficiency. If such creditors fail to present their claims they shall be barred only as to any right to claim against the general assets for any deficiency in the amount realized on their security

(d) Before any distribution is made the amount of any unmatured, contingent or disputed claim against the corporation which has been presented and has not been disallowed, or such part of any such claim as the holder would be entitled to if the claim were due, established or absolute, shall be paid into court and there remain to be paid over to the party when the party becomes entitled thereto or, if the party fails to establish a claim, to be paid over or distributed with the other assets of the corporation to those entitled thereto; or such other provision for the full payment of such claim, if and when established, shall be made as the court may deem adequate. A creditor whose claim has been allowed but is not yet due shall be entitled to its present value upon distribution.

(e) Suits against the corporation on claims which have been rejected shall be commenced within 30 days after written notice of rejection thereof is given to the claimant.

The order shall declare:

(1) That the corporation has been duly wound up, that any tax or penalty due under the Bank and Corporation Tax Law has been paid or secured and that its other known debts and liabilities have been paid or adequately provided for, or that such taxes, penalties, debts and liabilities have been paid as far as its assets permitted, as the case may be. If there are known debts or liabilities for payment of which adequate provision has been made, the order shall state what provision has been made, setting forth the name and address of the corporation, person or governmental agency that has assumed or guaranteed the payment, or the name and address of the depositary

with which deposit has been made or such other information as may be necessary to enable the creditor or other person to whom payment is to be made to appear and claim payment of the debt or liability

(3) That the accounts of directors or such other persons have been settled and that they are discharged from their duties and liabilities to creditors and members

(4) That the corporation is dissolved.

(b) The court may make such additional orders and grant such further relief as it deems proper upon the evidence submitted

(c) Upon the making of the order declaring the corporation dissolved, corporate existence shall cease except for the purposes of further winding up if needed, and the directors or such other persons shall be discharged from their duties and liabilities, except in respect to completion of the winding up.

6519. Whenever a corporation is dissolved or its existence forfeited by order, decree or judgment of a court, a copy of the order, decree or judgment, certified by the clerk of court, shall forthwith be filed Notwithstanding Section 23334 of the Revenue and Taxation Code, when the order is based on an action for involuntary dissolution brought by the Attorney General pursuant to Section 6511, there need not be filed the certificate of satisfaction of the Franchise Tax Board that all taxes have been paid or secured.

6711. A vacancy on the board may be filled during a winding up proceeding in the manner provided in Section 5224.

6712 When the identity of the directors or their right to hold office is in doubt, or if they are dead or unable to act, or they fail or refuse to act or their whereabouts cannot be ascertained, any interested person, including the Attorney General, may petition the superior court of the proper county to determine the identity of the directors or, if there are no directors, to appoint directors to wind up the affairs of the corporation, after hearing upon such notice to such persons as the court may direct

6713. (a) After determining that all the known debts and liabilities of a corporation in the process of winding up have been paid or adequately provided for, the board shall distribute all the remaining corporate assets in the manner provided in Sections 6715 and 6716.

(b) If the winding up is by court proceeding or subject to court supervision, the distribution shall not be made until after the expiration of any period for the presentation of claims that has been prescribed by order of the court

(c) Anything to the contrary notwithstanding, assets, if any, which are not subject to attachment, execution or sale for the corporation's debts and liabilities may be distributed pursuant to Sections 6715 and 6716 even though all debts and liabilities have not been paid or adequately provided for

(a) Payment thereof has been assumed or guaranteed in good faith by one or more financially responsible persons or by the United States government or any agency thereof, and the provision (including the financial responsibility of such corporations or other persons) was determined in good faith and with reasonable care by the board to be adequate at the time of any distribution of the assets by the board pursuant to this chapter.

(b) The amount of the debt or liability has been deposited as provided in Section 6718

This section does not prescribe the exclusive means of making

adequate provision for debts and liabilities.

6715 After complying with the provisions of Section 6713, assets held by a corporation upon a valid condition requiring return, transfer, or conveyance, which condition has occurred or will occur by reason of the dissolution, shall be returned, transferred, or conveyed in accordance with the condition.

6716 After complying with the provisions of Section 6713:

(a) Except as provided in Section 6715, all of a corporation's assets shall be disposed of on dissolution in conformity with its articles or bylaws subject to complying with the provisions of any trust under which such assets are held

(b) Except as provided in subdivision (c), the disposition required in subdivision (a) shall be made by decree of the superior court of the proper county in proceedings to which the Attorney General is a party The decree shall be made upon petition therefor by the Attorney General or, upon 30 days' notice to the Attorney General, by any person concerned in the dissolution.

(c) The disposition required in subdivision (a) may be made without the decree of the superior court, subject to the rights of persons concerned in the dissolution, if the Attorney General makes a written waiver of objections to the disposition.

6717 Subject to the provisions of any trust under which assets to be distributed are held, distribution may be made either in money or in property or securities and either in installments from time to time or as a whole, if this can be done fairly and ratably and in conformity with the provisions of the articles and bylaws and shall be made as soon as reasonably consistent with the beneficial liquidation of the corporation's assets

6718 (a) If any creditors or other persons are unknown or fail or refuse to accept their payment or distribution in cash or property or their whereabouts cannot be ascertained after diligent inquiry, or the existence or amount of a claim of a creditor or other person is contingent, contested or not determined, the corporation may deposit any such payment, distribution or the maximum amount of such claim with the State Treasurer or with a bank or trust company in this state in trust for the benefit of those lawfully entitled thereto. Such payment or distribution shall be paid over by the depositary to the lawful owners, their representatives or assigns, upon satisfactory proof of title

(b) For the purpose of providing for the transmittal, receipt, accounting for, claiming, management and investment of all money or other property deposited in the State Treasury under the provisions of subdivision (a), such money or other property shall be deemed to be paid or delivered for deposit in the State Treasury under the provisions of Chapter 7 (commencing with Section 1500) of Title 10 of Part 3 of the Code of Civil Procedure, and may be recovered in the manner prescribed therein.

6719 (a) Whenever in the process of winding up a corporation any distribution of assets has been made, otherwise than under an

order of court, without prior payment or adequate provision for payment of any of the debts and liabilities of the corporation, any amount so improperly distributed to any person may be recovered by the corporation. Any of such persons may be joined as defendants in the same action or be brought in on the motion of any other defendant.

(b) Suit may be brought in the name of the corporation to enforce the liability under subdivision (a) against any or all persons receiving the distribution by the Attorney General or by any one or more creditors of the corporation, whether or not they have reduced their claims to judgment

6720. (a) A corporation which is dissolved nevertheless continues to exist for the purpose of winding up its affairs, prosecuting and defending actions by or against it and enabling it to collect and discharge obligations, dispose of and convey its property and collect and divide its assets, but not for the purpose of continuing its activities except so far as necessary for the winding up thereof.

(b) No action or proceeding to which a corporation is a party abates by the dissolution of the corporation or by reason of proceedings for winding up and dissolution thereof.

(c) Any assets inadvertently or otherwise omitted from the winding up continue in the dissolved corporation for the benefit of the persons entitled thereto upon dissolution of the corporation and on realization shall be distributed accordingly.

6721. (a) In all cases where a corporation has been dissolved, any person to whom assets were distributed upon dissolution may be sued in the corporate name upon any cause of action against the corporation arising prior to its dissolution. This section is procedural in nature and is not intended to determine liability.

(b) Summons or other process against such a corporation may be served by delivering a copy thereof to an officer, director or person having charge of its assets or, if no such person can be found, to any agent upon whom process might be served at the time of dissolution. If none of such persons can be found with due diligence and it is so shown by affidavit to the satisfaction of the court, then the court may make an order that summons or other process be served upon the dissolved corporation by personally delivering a copy thereof, together with a copy of the order, to the Secretary of State or an assistant or deputy secretary of state with an additional copy of the summons or other process and order being delivered to the Attorney General. Service in this manner is deemed complete on the 10th day after the later of delivery of process to the Secretary of State or Attorney General.

(c) Every such corporation shall survive and continue to exist

indefinitely for the purpose of being sued in any quiet title action. Any judgment rendered in any such action shall bind each and every person having an interest in such corporation, to the extent of their interest therein, and such action shall have the same force and effect as an action brought under the provisions of Sections 410.50 and 410.60 of the Code of Civil Procedure. Service of summons or other process in any such action may be made as provided in Chapter 4 (commencing with Section 413.10) of Title 5 of Part 2 of the Code of Civil Procedure or as provided in subdivision (b).

(d) Upon receipt of such process and the fee therefor, the Secretary of State forthwith shall give notice to the corporation as provided in Section 1702.

The Secretary of State need not mail a form pursuant to Section 6210 to a corporation the corporate powers, rights and privileges of which have been so suspended by the Franchise Tax Board on or prior to, and remain suspended on, the day the Secretary of State prepares the forms for mailing

(e) If, after certification pursuant to subdivision (a) the Secretary of State finds the required statement was filed before the expiration of the 60-day period after mailing of the notice of delinquency, the Secretary of State shall promptly decertify the name of the corporation to the Franchise Tax Board. The Franchise Tax Board shall then promptly abate any penalty assessed against the

corporation pursuant to Section 25936 of the Revenue and Taxation Code

Special meetings of the board shall be held upon four days' notice by first-class mail or 48 hours' notice delivered personally or by telephone or telegraph The articles or bylaws may not dispense with notice of a special meeting. A notice, or waiver of notice, need not specify the purpose of any regular or special meeting of the board.

(3) Notice of a meeting need not be given to any director who signed a waiver of notice or a written consent to holding the meeting or an approval of the minutes thereof, whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice to such director.

All such waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meetings.

(4) A majority of the directors present, whether or not a quorum is present, may adjourn any meeting to another time and place. If the meeting is adjourned for more than 24 hours, notice of any adjournment to another time or place shall be given prior to the time of the adjourned meeting to the directors who were not present at the time of the adjournment

(5) Meetings of the board may be held at any place within or without the state which has been designated in the notice of the meeting or, if not stated in the notice or if there is no notice, designated in the bylaws or by resolution of the board.

The articles or bylaws may not provide that a quorum shall be less than one-fifth the number of directors authorized in the articles or bylaws, or less than two, whichever is larger, unless the number of directors authorized in the articles or bylaws is one, in which case one director constitutes a quorum.

(8) Subject to the provisions of Sections 7233, 7234, and subdivision (e) of Section 7237 and Section 5233, insofar as it is made applicable pursuant to Section 7238, every act or decision done or made by a majority of the directors present at a meeting duly held at which a quorum is present is the act of the board. The articles or bylaws may not provide that a lesser vote than a majority of the directors present at a meeting is the act of the board. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of directors, if any action taken is approved by at least a majority of the required quorum for such meeting, or such greater number as is required by this division or the articles.

(b) Any action required or permitted to be taken by the board may be taken without a meeting, if all members of the board shall individually or collectively consent in writing to such action. Such written consent or consents shall be filed with the minutes of the proceedings of the board Such action by written consent shall have the same force and effect as a unanimous vote of such directors

(c) The provisions of this section apply also to incorporators, to committees of the board, and to action by such incorporators or such committees mutatis mutandis

7212 (a) The board may, by resolution adopted by a majority of the number of directors then in office, provided a quorum is present, create one or more committees, each consisting of two or more directors, to serve at the pleasure of the board Appointments to such

committees shall be by a majority vote of the directors then in office, unless the articles or bylaws require a majority vote of the number of directors authorized in the articles or bylaws. The bylaws may authorize one or more committees, each consisting of two or more directors, and may provide that a specified officer or officers who are also directors of the corporation shall be a member or members of such committee or committees. The board may appoint one or more directors as alternate members of any committee, who may replace any absent member at any meeting of the committee. Any such committee, to the extent provided in the resolution of the board or in the bylaws, shall have all the authority of the board, except with respect to.

(b) Except as otherwise provided by the articles or bylaws, officers shall be chosen by the board and serve at the pleasure of the board, subject to the rights, if any, of an officer under any contract of employment Any officer may resign at any time upon written notice to the corporation without prejudice to the rights, if any, of

the corporation under any contract to which the officer is a party.

7214. Subject to the provisions of subdivision (a) of Section 7141 and Section 7142, any note, mortgage, evidence of indebtedness, contract, conveyance or other instrument in writing, and any assignment or endorsement thereof, executed or entered into between any corporation and any other person, when signed by the chairman of the board, the president or any vice president, and the secretary, any assistant secretary, the chief financial officer or any assistant treasurer of such corporation, is not invalidated as to the corporation by any lack of authority of the signing officers in the absence of actual knowledge on the part of the other person that the signing officers had no authority to execute the same.

7215. The original or a copy of the bylaws or of the minutes of any incorporators', members', directors', committee or other meeting or of any resolution adopted by the board or a committee thereof, or members, certified to be a true copy by a person purporting to be the secretary or an assistant secretary of the corporation, is prima facie evidence of the adoption of such bylaws or resolution or of the due holding of such meeting and of the matters stated therein.

7222 (a) Subject to subdivision (b) of this section, any or all directors may be removed without cause if:

(1) In a corporation with fewer than 50 members, such removal is approved by a majority of all members (Section 5033); or

(2) In a corporation with 50 or more members, such removal is approved by the members (Section 5034).

(b) Except for a corporation having no members, pursuant to Section 7310·

(1) In a corporation in which the articles or bylaws authorize members to cumulate their votes pursuant to subdivision (a) of Section 7615, no director may be removed (unless the entire board is removed) when the votes cast against removal, or not consenting in writing to such removal, would be sufficient to elect such director if voted cumulatively at an election at which the same total number of votes were cast (or, if such action is taken by written ballot, all memberships entitled to vote were voted) and the entire number of directors authorized at the time of the director's most recent election were then being elected, and

(2) When by the provisions of the articles or bylaws the members of any class, voting as a class, are entitled to elect one or more directors, any director so elected may be removed only by the applicable vote of the members of that class

(c) Any reduction of the number of directors authorized in the articles or bylaws does not remove any director prior to the expiration of such director's term of office.

(d) Except as provided in this section and Sections 7221 and 7223, a director may not be removed prior to the expiration of such director's term of office

(e) Where a director removed under this section was chosen by designation pursuant to subdivision (f) of Section 7220, then

(1) Where a different person may be designated pursuant to the governing article or bylaw provision, such new designation shall be made, or

(2) Where the governing article or bylaw provision contains no provision under which a different person may be designated, the governing article or bylaw provision shall be deemed repealed

7223. (a) The superior court of the proper county may, at the suit of a director, or twice the authorized number (Section 5036) of members, remove from office any director in case of fraudulent or dishonest acts or gross abuse of authority or discretion with reference to the corporation or breach of any duty arising as a result of Section 7238 and may bar from reelection any director so removed for a period prescribed by the court The corporation shall be made a party to such action

(b) In the case of a corporation holding assets in charitable trust, the Attorney General may bring an action under subdivision (a), may intervene in such an action brought by any other party and shall be given notice of any such action brought by any other party

7224 (a) Unless otherwise provided in the articles or bylaws and except for a vacancy created by the removal of a director, vacancies on the board may be filled by a majority of the directors then in office, whether or not less than a quorum, or by a sole remaining director. Unless the articles or a bylaw approved by the members (Section 5034) provide that the board may fill vacancies occurring in the board by reason of the removal of directors, or unless the corporation has no members pursuant to Section 7310, such vacancies may be filled only by approval of the members (Section 5034).

(b) The members may elect a director at any time to fill any vacancy not filled by the directors.

(c) Any director may resign effective upon giving written notice to the chairman of the board, the president, the secretary or the board of directors of the corporation, unless the notice specifies a later time for the effectiveness of such resignation. If the resignation is effective at a future time, a successor may be elected to take office when the resignation becomes effective.

7225 (a) If a corporation has an even number of directors who are equally divided and cannot agree as to the management of its affairs, so that its activities can no longer be conducted to advantage or so that there is danger that its property, activities, or business will be impaired or lost, the superior court of the proper county may, notwithstanding any provisions of the articles or bylaws and whether or not an action is pending for an involuntary winding up or dissolution of the corporation, appoint a provisional director pursuant to this section. Action for such appointment may be brought by any director, or by members holding 33⅓ percent of the voting power

(2) The Attorney General may bring an action under subdivision (a) or (b).

(d) A provisional director shall be an impartial person, who is neither a member nor a creditor of the corporation, nor related by consanguinity or affinity within the third degree according to the common law to any of the other directors of the corporation or to any judge of the court by which such provisional director is appointed. A provisional director shall have all the rights and powers of a director until the deadlock in the board or among members is broken or until such provisional director is removed by order of the court or by approval of a majority of all members (Section 5033). Such person shall be entitled to such compensation as shall be fixed by the court unless otherwise agreed with the corporation.

Article 3. Standards of Conduct

7230. (a) Any duties and liabilities set forth in this article shall apply without regard to whether a director is compensated by the corporation.

(b) Article 2 (commencing with Section 2228) of Chapter 1 and Article 2 (commencing with Section 2258) of Chapter 2 of Title 8 of Part 4 of Division 3 of the Civil Code shall not apply to the directors of any corporation.

7231. (a) A director shall perform the duties of a director, including duties as a member of any committee of the board upon which the director may serve, in good faith, in a manner such director believes to be in the best interests of the corporation and with such care, including reasonable inquiry, as an ordinarily prudent person in a like position would use under similar circumstances.

(b) In performing the duties of a director, a director shall be entitled to rely on information, opinions, reports or statements, including financial statements and other financial data, in each case prepared or presented by:

(1) One or more officers or employees of the corporation whom the director believes to be reliable and competent in the matters presented;

(2) Counsel, independent accountants or other persons as to matters which the director believes to be within such person's professional or expert competence; or

(3) A committee of the board upon which the director does not serve, as to matters within its designated authority, which committee the director believes to merit confidence,

so long as, in any such case, the director acts in good faith, after reasonable inquiry when the need therefor is indicated by the circumstances and without knowledge that would cause such reliance to be unwarranted.

(c) A person who performs the duties of a director in accordance with subdivisions (a) and (b) shall have no liability based upon any failure or alleged failure to discharge the person's obligations as a director, including, without limiting the generality of the foregoing, any actions or omissions which exceed or defeat a public, charitable or religious purpose to which assets held by a corporation are dedicated.

7232. (a) Section 7231 governs the duties of directors as to any acts or omissions in connection with the election, selection, or nomination of directors.

(b) This section shall not be construed to limit the generality of Section 7231.

7233. (a) No contract or other transaction between a corporation and one or more of its directors, or between a corporation and any domestic or foreign corporation, firm or association in which one or more of its directors has a material financial interest, is either void or voidable because such director or directors or such other corporation, business corporation, firm or association are parties or because such director or directors are present at the meeting of the board of a committee thereof which authorizes, approves or ratifies the contract or transaction, if:

(1) The material facts as to the transaction and as to such director's interest are fully disclosed or known to the members and such contract or transaction is approved by the members (Section 5034) in good faith, with any membership owned by any interested director not being entitled to vote thereon;

(2) The material facts as to the transaction and as to such director's interest are fully disclosed or known to the board or committee, and the board or committee authorizes, approves or ratifies the contract or transaction in good faith by a vote sufficient without counting the vote of the interested director or directors and the contract or transaction is just and reasonable as to the corporation at the time it is authorized, approved or ratified; or

(3) As to contracts or transactions not approved as provided in paragraph (1) or (2) of this subdivision, the person asserting the validity of the contract or transaction sustains the burden of proving that the contract or transaction was just and reasonable as to the corporation at the time it was authorized, approved or ratified.

A mere common directorship does not constitute a material financial interest within the meaning of this subdivision. A director is not interested within the meaning of this subdivision in a resolution fixing the compensation of another director as a director, officer or employee of the corporation, notwithstanding the fact that the first director is also receiving compensation from the corporation.

(b) No contract or other transaction between a corporation and any corporation, business corporation or association of which one or more of its directors are directors is either void or voidable because such director or directors are present at the meeting of the board or a committee thereof which authorizes, approves or ratifies the

contract or transaction, if:

(1) The material facts as to the transaction and as to such director's other directorship are fully disclosed or known to the board or committee, and the board or committee authorizes, approves or ratifies the contract or transaction in good faith by a vote sufficient without counting the vote of the common director or directors or the contract or transaction is approved by the members (Section 5034) in good faith; or

(2) As to contracts or transactions not approved as provided in paragraph (1) of this subdivision, the contract or transaction is just and reasonable as to the corporation at the time it is authorized, approved or ratified

This subdivision does not apply to contracts or transactions covered by subdivision (a)

7234. Interested or common directors may be counted in determining the presence of a quorum at a meeting of the board or a committee thereof which authorizes, approves or ratifies a contract or transaction as provided in Section 7233.

7235 (a) Except as provided in subdivision (b), a corporation shall not make any loan of money or property to or guarantee the obligation of.

(1) Any director or officer of the corporation or of its parent or any subsidiary; or

(2) Any person upon the security of memberships of the corporation or of its parent, unless the loan or guaranty is otherwise adequately secured, except by the vote of the holders of a majority of the voting power of memberships of all classes, regardless of limitations or restrictions on voting rights, other than the membership held by the benefited director, officer or member

(b) Any corporation may lend money to, or guarantee any obligation of or otherwise assist any officer or other employee of the corporation or of any subsidiary, including any officer or employee who is also a director, pursuant to an employee benefit plan available to executives or other employees, whenever the board determines that such loan or guaranty may reasonably be expected to benefit the corporation. If such plan includes officers or directors, it shall be approved by the members (Section 5034) after disclosure of the right under such plan to include officers or directors thereunder. Such loan or guarantee or other assistance may be with or without interest and may be unsecured or secured in such manner as the board shall approve, including, without limitation, a pledge of memberships of the corporation. A corporation may advance money to a director or officer of the corporation or of its parent or any subsidiary for expenses reasonably anticipated to be incurred in the performance of the duties of such director or officer, provided that in the absence of such advance such director or officer would be entitled to be reimbursed for such expenses by such corporation, its parent or any subsidiary

(c) The provisions of subdivision (a) do not apply to credit unions

or to loans permitted under any statute regulating any special class of corporations

7236. (a) Subject to the provisions of Section 7231, directors of a corporation who approve any of the following corporate actions shall be jointly and severally liable to the corporation or to the creditors entitled to institute an action under subdivision (c):

(1) The making of any distribution contrary to the provisions of Chapter 4 (commencing with Section 7410)

(2) The distribution of assets after institution of dissolution proceedings of the corporation, without paying or adequately providing for all known liabilities of the corporation, excluding any claims not filed by creditors within the time limit set by the court in a notice given to creditors under Chapter 15 (commencing with Section 8510), 16 (commencing with Section 8610), and 17 (commencing with Section 8710)

(3) The making of any loan or guaranty contrary to Section 7235

(b) A director who is present at a meeting of the board, or any committee thereof, at which action specified in subdivision (a) is taken and who abstains from voting shall be considered to have approved the action.

(c) Suit may be brought in the name of the corporation to enforce the liability:

(1) Under paragraph (1) of subdivision (a) against any or all directors liable by the persons entitled to sue under subdivision (b) of Section 7420;

(2) Under paragraph (2) or (3) of subdivision (a) against any or all directors liable by any one or more creditors of the corporation whose debts or claims arose prior to the time of the corporate action who have not consented to the corporate action, whether or not they have reduced their claims to judgment; or

(3) Under paragraph (3) of subdivision (a) against any or all directors liable by any one or more members at the time of any corporate action specified in paragraph (3) of subdivision (a) who have not consented to the corporate action, without regard to the provisions of Section 7710.

(d) The damages recoverable from a director under this section shall be the amount of the illegal distribution, or the loss suffered by the corporation as a result of the illegal loan or guaranty.

(e) Any director sued under this section may implead all other directors liable and may compel contribution, either in that action or in an independent action against directors not joined in that action.

(f) Directors liable under this section shall also be entitled to be subrogated to the rights of the corporation:

(1) With respect to paragraph (1) of subdivision (a), against members who received the distribution.

(2) With respect to paragraph (2) of subdivision (a), against the members who received the distribution.

(3) With respect to paragraph (3) of subdivision (a), against the person who received the loan or guaranty.

Any director sued under this section may file a cross complaint against the person or persons who are liable to such director as a result of the subrogation provided for in this subdivision or may proceed against them in an independent action

7237. (a) For the purposes of this section, "agent" means any person who is or was a director, officer, employee or other agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another foreign or domestic corporation, partnership, joint venture, trust or other enterprise, or was a director, officer, employee or agent of a foreign or domestic corporation which was a predecessor corporation of the corporation or of another enterprise at the request of such predecessor corporation; "proceeding" means any threatened, pending or completed action or proceeding, whether civil, criminal, administrative or investigative; and "expenses" includes without limitation attorneys' fees and any expenses of establishing a right to indemnification under subdivision (d) or paragraph (3) of subdivision (e)

(b) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any proceeding (other than an action by or in the right of the corporation to procure a judgment in its favor, an action brought under Section 5233 of Part 2 (commencing with Section 5110) made applicable pursuant to Section 7238, or an action brought by the Attorney General or a person granted relator status by the Attorney General for any breach of duty relating to assets held in charitable trust) by reason of the fact that such person is or was an agent of the corporation, against expenses, judgments, fines, settlements and other amounts actually and reasonably incurred in connection with such proceeding if such person acted in good faith and in a manner such person reasonably believed to be in the best interests of the corporation and, in the case of a criminal proceeding, had no reasonable cause to believe the conduct of such person was unlawful. The termination of any proceeding by judgment, order, settlement, conviction or upon a plea of nolo contendere or its equivalent shall not, of itself, create a presumption that the person did not act in good faith and in a manner which the person reasonably believed to be in the best interests of the corporation or that the person had reasonable cause to believe that the person's conduct was unlawful.

(c) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action by or in the right of the corporation, or brought under Section 5233 of Part 2 (commencing with Section 5110) made applicable pursuant to Section 7238, or brought by the Attorney General or a person granted relator status by the Attorney General for breach of duty relating to assets held in charitable trust, to procure a judgment in its favor by reason of the fact that such person is or was an agent of the corporation, against expenses actually and reasonably incurred by such person in

connection with the defense or settlement of such action if such person acted in good faith, in a manner such person believed to be in the best interests of the corporation and with such care, including reasonable inquiry, as an ordinarily prudent person in a like position would use under similar circumstances. No indemnification shall be made under this subdivision:

(1) In respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation in the performance of such person's duty to the corporation, unless and only to the extent that the court in which such proceeding is or was pending shall determine upon application that, in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for the expenses which such court shall determine;

(2) Of amounts paid in settling or otherwise disposing of a threatened or pending action, with or without court approval; or

(3) Of expenses incurred in defending a threatened or pending action which is settled or otherwise disposed of without court approval unless such action concerns assets held in charitable trust and is settled with the approval of the Attorney General.

(d) To the extent that an agent of a corporation has been successful on the merits in defense of any proceeding referred to in subdivision (b) or (c) or in defense of any claim, issue or matter therein, the agent shall be indemnified against expenses actually and reasonably incurred by the agent in connection therewith

(e) Except as provided in subdivision (d), any indemnification under this section shall be made by the corporation only if authorized in the specific case, upon a determination that indemnification of the agent is proper in the circumstances because the agent has met the applicable standard of conduct set forth in subdivision (b) or (c), by:

(1) A majority vote of a quorum consisting of directors who are not parties to such proceeding;

(2) Approval of the members (Section 5034), with the persons to be indemnified not being entitled to vote thereon, or

(3) The court in which such proceeding is or was pending upon application made by the corporation or the agent or the attorney or other person rendering services in connection with the defense, whether or not such application by the agent, attorney or other person is opposed by the corporation.

(f) Expenses incurred in defending any proceeding may be advanced by the corporation prior to the final disposition of such proceeding upon receipt of an undertaking by or on behalf of the agent to repay such amount unless it shall be determined ultimately that the agent is entitled to be indemnified as authorized in this section.

(g) No provision made by a corporation to indemnify its or its subsidiary's directors or officers for the defense of any proceeding, whether contained in the articles, bylaws, a resolution of members or directors, an agreement or otherwise, shall be valid unless

consistent with this section. Nothing contained in this section shall affect any right to indemnification to which persons other than such directors and officers may be entitled by contract or otherwise

(h) No indemnification or advance shall be made under this section, except as provided in subdivision (d) or paragraph (3) of subdivision (e), in any circumstance where it appears:

(1) That it would be inconsistent with a provision of the articles, bylaws, a resolution of the members or an agreement in effect at the time of the accrual of the alleged cause of action asserted in the proceeding in which the expenses were incurred or other amounts were paid, which prohibits or otherwise limits indemnification; or

(2) That it would be inconsistent with any condition expressly imposed by a court in approving a settlement.

(i) A corporation shall have power to purchase and maintain insurance on behalf of any agent of the corporation against any liability asserted against or incurred by the agent in such capacity or arising out of the agent's status as such whether or not the corporation would have the power to indemnify the agent against such liability under the provisions of this section.

(j) This section does not apply to any proceeding against any trustee, investment manager or other fiduciary of an employee benefit plan in such person's capacity as such, even though such person may also be an agent as defined in subdivision (a) of the employer corporation. A corporation shall have power to indemnify such trustee, investment manager or other fiduciary to the extent permitted by subdivision (f) of Section 207

7238 Where a corporation holds assets in charitable trust, the conduct of its directors or of any person performing functions similar to those performed by a director, shall, in respect to the assets held in charitable trust, be governed by the standards of conduct set forth in Article 3 (commencing with Section 5230) of Chapter 2 of Part 2 for directors of nonprofit public benefit corporations. This does not limit any additional requirements which may be specifically set forth in this part regarding corporations holding assets in charitable trust.

Article 4. Examination by Attorney General

7240. A corporation holding assets in charitable trust is subject at all times to examination by the Attorney General, on behalf of the state, to ascertain to what extent, if at all, it has failed or is failing to comply with trusts it has assumed. In case of any such failure the Attorney General may institute, in the name of the state, the proceedings necessary to correct the failure.

CHAPTER 3. MEMBERS

Article 1 Issuance of Memberships

7310 (a) A corporation may admit persons to membership, as

provided in its articles or bylaws, or may provide in its articles or bylaws that it shall have no members. In the absence of any provision in its articles or bylaws providing for members, a corporation shall have no members

(b) In the case of a corporation which has no members·

(1) Any action which would otherwise require a vote of members shall require only a vote of the directors, and no meeting of members shall be required, any provision of this part or the articles or bylaws to the contrary notwithstanding.

(2) All rights which would otherwise vest in the members shall vest in the directors, including, but not limited to, any rights of members to share in a distribution upon dissolution.

(c) Reference in this part to a corporation which has no members includes a corporation in which the directors are the only members.

7311 (a) Memberships may be issued by a corporation for no consideration or for such consideration as is specified in the articles or bylaws or, absent such specification, for such consideration as is determined by the board

(b) Except as provided in subdivision (d), and subject to Section 7351, memberships issued as provided in this section shall be declared and taken to be fully paid memberships and not liable to any further call nor shall the member be liable for any further payments for such membership.

(c) In the absence of fraud in the transaction, the judgment of the directors as to the value of the consideration for memberships shall be conclusive.

(d) A corporation may issue the whole or any part of its memberships as partly paid and subject to call for the remainder of the consideration to be paid therefor.

7312 No person may hold more than one membership, and no fractional memberships may be held, provided, however, that:

(a) Two or more persons may have an indivisible interest in a single membership when authorized by, and in such manner or under the circumstances prescribed by, the articles or bylaws subject to Section 7612, and

(b) If the articles or bylaws provide for classes of membership and if the articles or bylaws permit a person to be a member of more than one class, a person may hold one membership in any class; and

(c) Any branch, division, or office of any person, which is not formed primarily to be a member, may hold a separate membership.

7313 (a) Except as provided in subdivision (d) of Section 7311, a corporation may, but is not required to, issue membership certificates. Nothing in this section shall restrict a corporation from issuing identity cards or similar devices to members which serve to identify members qualifying to use facilities or services of the corporation

(b) Membership certificates issued by corporations shall state on the certificate that·

(1) The corporation is a nonprofit mutual benefit corporation

which may not make distributions to its members in furtherance of a plan for the distribution of gains, profits, or dividends to members except upon dissolution, or, if the articles so provide, that it may not make distributions to its members during its life or upon dissolution;

(2) If there are restrictions upon the transferability, a statement that a copy of the restrictions are on file with the secretary of the corporation and are open for inspection by a member on the same basis as the records of the corporation; and

(3) The statement, if any, required by subdivision (d) of Section 7311

(c) If the membership certificates are transferable only with consent of the corporation, or if there are no membership certificates, then instead of complying with paragraph (2) of subdivision (b) the corporation may, or if there are no membership certificates, shall, give notice to the transferee, within a reasonable time after the corporation is first notified of the proposed transfer, and before the membership is transferred on the books and records of the corporation, of the information that would otherwise be provided by the legends required by paragraph (2) of subdivision (b).

(d) If the articles or bylaws are amended so that any statement required by subdivision (b) upon outstanding membership certificates is no longer accurate, then the board may cancel the outstanding certificates and issue in their place new certificates conforming to the articles or bylaw amendments.

(e) Where new membership certificates are issued in accordance with subdivision (d), the board may order holders of outstanding certificates to surrender and exchange them for new certificates within a reasonable time fixed by the board. The board may further provide that the holder of a certificate so ordered to be surrendered shall not be entitled to exercise any of the rights of membership until the certificate is surrendered and exchanged, but rights shall be suspended only after notice of such order is given to the holder of the certificate and only until the certificate is exchanged. The duty of surrender of any outstanding certificates may also be enforced by civil action.

7314. (a) A corporation may issue a new membership certificate or a new certificate for any security in the place of any certificate theretofore issued by it, alleged to have been lost, stolen or destroyed, and the corporation may require the owner of the lost, stolen or destroyed certificate or the owner's legal representative to give the corporation a bond (or other adequate security) sufficient to indemnify it against any claim that may be made against it (including any expense or liability) on account of the alleged loss, theft or destruction of any such certificate or the issuance of such new certificate.

(b) If a corporation refuses to issue a new membership certificate or other certificate in place of one theretofore issued by it, or by any corporation of which it is the lawful successor, alleged to have been

lost, stolen or destroyed, the owner of the lost, stolen or destroyed certificate or the owner's legal representative may bring an action in the superior court of the proper county for an order requiring the corporation to issue a new certificate in place of the one lost, stolen or destroyed.

7315 (a) Except as provided in subdivision (b), or in its articles or bylaws, a corporation may admit any person to membership.

(b) A corporation may not admit its subsidiary to membership.

Article 2 Transfer of Memberships

7320 Subject to Section 7613

(a) Unless the articles or bylaws otherwise provide:

(1) No member may transfer a membership or any right arising therefrom; and

(2) Subject to the provisions of subdivision (b), all rights as a member of the corporation cease upon the member's death or dissolution

(b) The articles or bylaws may provide for, or may authorize the board to provide for, the transfer of memberships, or of memberships within any class or classes, with or without restriction or limitation, including transfer upon the death, dissolution, merger, or reorganization of a member.

(c) Where transfer rights have been provided, no restriction of them shall be binding with respect to memberships issued prior to the adoption of the restriction, unless the holders of such memberships voted in favor of the restriction.

Article 3. Types of Memberships

7330. A corporation may issue memberships having different voting or other rights.

7331. Except as provided in or authorized by the articles or bylaws, all memberships shall have the same voting and other rights.

7332. (a) A corporation may provide in its articles for one or more classes of memberships which are redeemable, in whole or in part, at the option of the corporation, or the member for such consideration within such time or upon the happening of one or more specified events and upon such terms and conditions as are stated in the articles. However, no membership shall actually be redeemed if prohibited by Chapter 4 (commencing with Section 7410).

(b) Nothing in this section shall prevent a corporation from creating a sinking fund or similar provision for, or entering into an agreement for, the redemption or purchase of its memberships to the extent permitted by Chapter 4 (commencing with Section 7410).

7333. (a) A corporation may refer to persons affiliated with it as "members" even though such persons are not members within the meaning of Section 5056; but references to members in this part

mean members as defined in Section 5056.

(b) A corporation may benefit, serve, or assist persons who are not members within the meaning of Section 5056 for such consideration, if any, as the board may determine or as is authorized or provided for in the articles or bylaws

Article 4. Termination of Memberships

7340. (a) A member may resign from membership at any time, although the articles or bylaws may require reasonable notice before the resignation is effective.

(b) This section shall not relieve the resigning member from any obligation for charges incurred, services or benefits actually rendered, dues, assessments or fees, or arising from contract, a condition to ownership of land, an obligation arising out of the ownership of land, or otherwise, and this section shall not diminish any right of the corporation to enforce any such obligation or obtain damages for its breach.

(c) A membership issued for a period of time terminates upon the expiration of such period of time.

7341. (a) No member may be expelled or suspended, and no membership or memberships may be terminated or suspended, except according to procedures satisfying the requirements of this section. An expulsion, termination or suspension not in accord with this section shall be void and without effect.

(b) Any expulsion, suspension, or termination must be done in good faith and in a fair and reasonable manner. Any procedure which conforms to the requirements of subdivision (c) is fair and reasonable, but a court may also find other procedures to be fair and reasonable when the full circumstances of the suspension, termination, or expulsion are considered.

(c) A procedure is fair and reasonable when:

(1) The provisions of the procedure have been set forth in the articles or bylaws;

(2) It provides the giving of 15 days' prior notice of the expulsion, suspension or termination and the reasons therefor; and

(3) It provides an opportunity for the member to be heard, orally or in writing, not less than five days before the effective date of the expulsion, suspension or termination by a person or body authorized to decide that the proposed expulsion, termination or suspension not take place.

(d) Any notice required under this section may be given by any method reasonably calculated to provide actual notice. Any notice given by mail must be given by first-class or registered mail sent to the last address of the members shown on the corporation's records.

(e) Any action challenging an expulsion, suspension or termination of membership including any claim alleging defective notice, must be commenced within one year after the date of the expulsion, suspension or termination. In the event such an action is

successful the court may order any relief, including reinstatement, it finds equitable under the circumstances, but no vote of the members or of the board may be set aside solely because a person was at the time of the vote wrongfully excluded by virtue of the challenged expulsion, suspension or termination, unless the court finds further that the wrongful expulsion, suspension or termination was in bad faith and for the purpose, and with the effect, of wrongfully excluding the member from the vote or from the meeting at which the vote took place, so as to affect the outcome of the vote.

(f) This section governs only the procedures for expulsion, suspension or termination and not the substantive grounds therefor. An expulsion, suspension or termination based upon substantive grounds which violate contractual or other rights of the member or are otherwise unlawful is not made valid by compliance with this section.

Article 5 Rights and Obligations of Members and Creditors

7350. (a) A member of a corporation is not, as such, personally liable for the debts, liabilities, or obligations of the corporation.

(b) No person is liable for any obligation arising from membership unless the person was admitted to membership upon the person's application or with the person's consent

(c) The ownership of an interest in real property, when a condition of its ownership is membership in a corporation, shall be considered consent to such membership for the purpose of this section.

7351. A corporation may levy dues, assessments, or fees upon its members pursuant to its articles or bylaws, but a member upon learning of them may avoid liability for them by promptly resigning from membership, except where the member is liable for them by contract, as a condition to ownership of land, as an obligation arising out of the ownership of land, or otherwise. Article or bylaw provisions authorizing such dues, assessments or fees do not, of themselves, create such liability

7352. A person holding a membership as pledgee or a membership as executor, administrator, guardian, trustee, receiver or in any representative or fiduciary capacity is not personally liable for any unpaid balance of the purchase price of the membership, or for any amount owing to the corporation by the member, because the membership is so held but the estate and funds in the hands of such fiduciary or representative are liable and the membership subject to sale therefor.

7353. (a) No action shall be brought by or on behalf of any creditor to reach and apply the liability, if any, of a member to the corporation to pay the amount due on such member's membership or otherwise due to the corporation unless final judgment has been rendered in favor of the creditor against the corporation and execution has been returned unsatisfied in whole or in part or unless

such proceedings would be useless.

(b) All creditors of the corporation, with or without reducing their claims to judgment, may intervene in any such creditor's action to reach and apply unpaid amounts due the corporation and any or all members who owe amounts to the corporation may be joined in such action. Several judgments may be rendered for and against the parties to the action or in favor of a receiver for the benefit of the respective parties thereto.

(c) All amounts paid by any member in any such action shall be credited on the unpaid balance due the corporation by such member.

7354 Nothing in this part shall be construed as in derogation of any rights or remedies which any creditor or member may have against any promoter, member, director, officer or the corporation because of participation in any fraud or illegality practiced upon such creditor or member by any such person or by the corporation in connection with the issue or sale of memberships or securities or in derogation of any rights which the corporation may have by rescission, cancellation or otherwise because of any fraud or illegality practiced on it by any such person in connection with the issue or sale of memberships or securities.

CHAPTER 4. DISTRIBUTIONS

Article 1 Limitations

7410 This chapter does not apply to any proceeding for winding up and dissolution of corporations under Chapters 15 (commencing with Section 8510), 16 (commencing with Section 8610), and 17 (commencing with Section 8710).

7411. No distribution shall be made in furtherance of a plan for the distribution of gains, profits or dividends to members except upon dissolution.

7412. Neither a corporation nor any of its subsidiaries shall make a distribution if the corporation or the subsidiary making the distribution is, or as a result thereof would be, likely to be unable to meet its liabilities (except those whose payment is otherwise adequately provided for) as they mature.

7413. Neither a corporation nor any of its subsidiaries shall purchase or redeem a membership of the parent or subsidiary if the articles of the corporation contain a provision authorized by paragraph (5), clause (ii), of subdivision (a) of Section 7132 and such corporation or the subsidiary making the purchase or redemption is, or as a result thereof would be, likely to be unable to meet the obligations resulting from such article provision.

7414. Nothing in this chapter prohibits additional restrictions upon the purchase or redemption of a membership by provision in a corporation's articles or bylaws or agreement entered into by the corporation.

Article 2. Liability of Members

7420 (a) Any member who with knowledge of facts indicating the impropriety thereof receives any distribution not authorized by the provisions of this chapter is liable to the corporation for the benefit of the head organization, or of all of the creditors or members entitled to institute an action under subdivision (b) for the amount so received by such member with interest thereon at the legal rate on judgments until paid, but not exceeding the obligations of the corporation owed to the head organization at the time of the violation, the liabilities of the corporation owed to nonconsenting creditors at the time of the violation, or the injury suffered by nonconsenting members, as the case may be.

(b) Suit may be brought in the name of the corporation to enforce the liability (1) to creditors arising under subdivision (a) for a violation of Sections 7410 through 7412, inclusive, against any or all members liable by any one or more creditors of the corporation whose debts or claims arose prior to the time of the payment to the member and who has not consented thereto, whether or not they have reduced their claims to judgment, or (2) to the head organization arising under subdivision (a) for a violation of Section 7413 against any or all members liable by any head organization which pursuant to the corporation's articles is entitled to a distribution of assets upon dissolution.

(c) Any member sued under this section may implead all other members liable under this section and may in the absence of fraud by such member compel contribution, either in that action or in an independent action against members not joined in that action.

(d) Nothing contained in this section affects any liability which any member may have under Sections 3439 to 3439.12, inclusive, of the Civil Code.

CHAPTER 5. MEETINGS AND VOTING

Article 1. General Provisions

7510. (a) Meetings of members may be held at a place within or without the state that is stated in or fixed in accordance with the bylaws. If no other place is so stated or fixed, meetings of members shall be held at the principal office of the corporation.

(b) A regular meeting of members shall be held annually. In any year in which directors are elected, the election shall be held at the regular meeting, except for elections pursuant to subdivision (e), or by written ballot pursuant to subdivision (e) of Section 7513. Any other proper business may be transacted at the meeting.

(c) If a corporation with members fails to hold the regular meeting for a period of 60 days after the date designated therefor or, if no date has been designated, for a period of 15 months after the formation of the corporation or after its last regular meeting, or if the

corporation fails to hold a written ballot for a period of 60 days after the date designated therefor, then the superior court of the proper county may summarily order the meeting to be held or the ballot to be conducted upon the application of a member, after notice to the corporation giving it an opportunity to be heard

(d) The votes represented, either in person or by proxy, at a meeting called or written ballot ordered pursuant to subdivision (c) and entitled to be cast on the business to be transacted at the meeting, constitute a quorum for the purpose of the meeting, notwithstanding any provision of the articles or bylaws or in this part to the contrary. The court may issue such orders as may be appropriate including, without limitation, orders designating the time and place of the meeting, the record date for determination of members entitled to vote, and the form of notice of the meeting.

(e) Special meetings of members may be called by the board, the chairman of the board, the president, or such other persons, if any, as are specified in the bylaws. In addition, special meetings of members for any lawful purpose may be called by 5 percent or more of the members

7511. (a) Whenever members are required or permitted to take any action at a meeting, a written notice of the meeting shall be given not less than 10 nor more than 90 days before the date of the meeting to each member entitled to vote thereat; provided, however, that if notice is given by mail, and the notice is not mailed by first-class, registered, or certified mail, that notice shall be given not less than 20 days before the meeting. Subject to subdivision (f), and subdivision (b) of Section 7512, such notice shall state the place, date and time of the meeting and (1) in the case of a special meeting, the general nature of the business to be transacted, and no other business may be transacted, or (2) in the case of the regular meeting, those matters which the board, at the time of the mailing of the notice, intends to present for action by the members, but, except as provided in subdivision (b) of Section 7512, any proper matter may be presented at the meeting for such action. The notice of any meeting at which directors are to be elected shall include the names of all those who are nominees at the time the notice is sent to members

(b) Notice of a members' meeting or any report shall be given either personally or by mail or other means of written communication, addressed to a member at the address of such member appearing on the books of the corporation or given by the member to the corporation for purpose of notice; or if no such address appears or is given, at the place where the principal office of the corporation is located or by publication at least once in a newspaper of general circulation in the county in which the principal office is located. An affidavit of giving of any notice or report in accordance with the provisions of this part, executed by the secretary, assistant secretary or any transfer agent, shall be prima facie evidence of the giving of the notice or report.

If any notice or report addressed to the member at the address of such member appearing on the books of the corporation is returned to the corporation by the United States Postal Service marked to indicate that the United States Postal Service is unable to deliver the notice or report to the member at such address, all future notices or reports shall be deemed to have been duly given without further mailing if the same shall be available for the member upon written demand of the member at the principal office of the corporation for a period of one year from the date of the giving of the notice or report to all other members.

(c) Upon request in writing to the chairman of the board, president, vice president or secretary by any person (other than the board) entitled to call a special meeting of members, the officer forthwith shall cause notice to be given to the members entitled to vote that a meeting will be held at a time fixed by the board not less than 35 nor more than 90 days after the receipt of the request. If the notice is not given within 20 days after receipt of the request, the persons entitled to call the meeting may give the notice or the superior court of the proper county shall summarily order the giving of the notice, after notice to the corporation giving it an opportunity to be heard. The court may issue such orders as may be appropriate, including, without limitation, orders designating the time and place of the meeting, the record date for determination of members entitled to vote and the form of notice.

(d) When a members' meeting is adjourned to another time or place, unless the bylaws otherwise require and except as provided in this subdivision, notice need not be given of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken. At the adjourned meeting the corporation may transact any business which might have been transacted at the original meeting. If the adjournment is for more than 45 days or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each member of record entitled to vote at the meeting.

(e) The transactions of any meeting of members however called and noticed, and wherever held, are as valid as though had at a meeting duly held after regular call and notice, if a quorum is present either in person or by proxy, and if, either before or after the meeting, each of the persons entitled to vote, not present in person or by proxy, signs a written waiver of notice or a consent to the holding of the meeting or an approval of the minutes thereof. All such waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meeting. Attendance of a person at a meeting shall constitute a waiver of notice of and presence at such meeting, except when the person objects, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened and except that attendance at a meeting is not a waiver of any right to object to the consideration of matters required by this part to be included in the

notice but not so included, if such objection is expressly made at the meeting. Neither the business to be transacted at nor the purpose of any regular or special meeting of members need be specified in any written waiver of notice, consent to the holding of the meeting or approval of the minutes thereof, unless otherwise provided in the articles or bylaws, except as provided in subdivision (f).

(f) Any member approval required under Section 7222, 7224, 7233, 7812 or 8719 other than unanimous approval by those entitled to vote, shall be valid only if the general nature of the proposal so approved was stated in the notice of meeting or in any written waiver of notice.

(g) A court may find that notice not given in conformity with this section is still valid, if it was given in a fair and reasonable manner.

(h) In the absence of fraud, the failure to give notice in accord with this section may not be raised, whether by way of claim or defense, in any proceeding commenced more than nine months after the date of the meeting of which the allegedly defective notice was given.

7512 (a) A majority of the voting power, represented in person, by written ballot, or by proxy, shall constitute a quorum at a meeting of members, but, subject to subdivisions (b) and (c), a bylaw approved by the members (Section 5034) or by the incorporators or by the board if there are no members may set a lower quorum. Any such bylaw may be amended or repealed only by approval of the members (Section 5034) or by the board if there are no members. In the case of a mutual water company, the bylaws may not set a quorum of less than 20 percent of the voting power. If a quorum is present, the affirmative vote of the majority of the voting power represented at the meeting, entitled to vote, and voting on any matter shall be the act of the members unless the vote of a greater number or voting by classes is required by this part or the articles or bylaws.

(b) Where a bylaw approved by the members (Section 5034) authorizes a corporation to conduct a meeting with a quorum, fixed in such bylaw, of less than one-third of the voting power, then the only matters that may be voted upon at any regular meeting actually attended, in person or by proxy, by less than one-third of the voting power are matters notice of the general nature of which was given, pursuant to the first sentence of subdivision (a) of Section 7511.

(c) Subject to subdivision (b), the members present at a duly called or held meeting at which a quorum is present may continue to transact business until adjournment notwithstanding the withdrawal of enough members to leave less than a quorum, if any action taken (other than adjournment) is approved by at least a majority of the members required to constitute a quorum.

(d) In the absence of a quorum, any meeting of members may be adjourned from time to time by the vote of a majority of the votes represented either in person or by proxy, but no other business may be transacted, except as provided in subdivision (c).

7513. (a) Subject to subdivision (e), and unless otherwise provided in the articles, any action which may be taken at any regular or special meeting of members may be taken without a meeting if the written ballot of every member is solicited, if the required number of signed approvals in writing, setting forth the action so taken, is received, and if the requirements of subdivision (b) are satisfied.

(b) Approval by written ballot pursuant to this section shall be valid only when the number of ballots cast within the time period specified equals or exceeds the quorum required to be present at a meeting authorizing the action, and the number of approvals equals or exceeds the number of votes that would be required to approve at a meeting at which the total number of votes cast was the same as the number of ballots cast.

(c) Ballots shall be solicited in a manner consistent with the requirements of subdivision (b) of Section 7511 and Section 7514. All such solicitations shall indicate the number of responses needed to meet the quorum requirement and, with respect to ballots other than for the election of directors, shall state the percentage of approvals necessary to pass the measure submitted. The solicitation must specify the time by which the ballot must be received in order to be counted.

(d) Subject to Sections 7611 and 7613, any member casting a ballot, or the proxyholders of a member or a transferee of a membership or a personal representative of the member or their respective proxyholders, may revoke the ballot, or substitute another, by a writing received by the corporation prior to the time specified pursuant to subdivision (c), but may not do so thereafter. Such revocation is effective upon its receipt by the secretary of the corporation

(e) Directors may be elected by written ballot under this section, where authorized by the articles or bylaws, except that election by written ballot may not be authorized where the directors are elected by cumulative voting pursuant to the articles and Section 7615.

7514 (a) Any form of proxy or written ballot distributed to 10 or more members of a corporation with 100 or more members shall afford an opportunity on the proxy or form of written ballot to specify a choice between approval and disapproval of each matter or group of related matters intended, at the time the written ballot or proxy is distributed, to be acted upon at the meeting for which the proxy is solicited or by such written ballot, and shall provide, subject to reasonable specified conditions, that where the person solicited specifies a choice with respect to any such matter the vote shall be cast in accordance therewith

(b) Every form of proxy or written ballot, which provides an opportunity to specify approval or disapproval with respect to any proposal, shall also contain an appropriate space marked "abstain," whereby a member may indicate a desire to abstain from voting on the proposal A proxy marked "abstain" by the member with respect

to a particular proposal shall not be voted either for or against such proposal.

(c) In any election of directors, any form of proxy or written ballot in which the directors to be voted upon are named therein as candidates and which is marked by a member "withhold" or otherwise marked in a manner indicating that the authority to vote for the election of directors is withheld shall not be voted either for or against the election of a director.

(d) Failure to comply with this section shall not invalidate any corporate action taken, but may be the basis for challenging any proxy at a meeting and the superior court may compel compliance therewith at the suit of any member.

7515. (a) If for any reason it is impractical or impossible for any corporation to call or conduct a meeting of its members or directors, or otherwise obtain their consent, in the manner prescribed by its articles or bylaws, or this part, then the superior court of the proper county, upon petition of a director, officer or member, may order that such a meeting be called or that a written ballot or other form of obtaining the vote of members or directors be authorized, in such a manner as the court finds fair and equitable under the circumstances

(b) The court shall, in an order issued pursuant to this section, provide for a method of notice reasonably designed to give actual notice to all parties who would be entitled to notice of a meeting held pursuant to the articles, bylaws and this part, whether or not the method results in actual notice to every such person, or conforms to the notice requirements that would otherwise apply. In a proceeding under this section the court may determine who the members or directors are.

(c) The order issued pursuant to this section may dispense with any requirement relating to the holding of and voting at meetings or obtaining of votes, including any requirement as to quorums or as to the number or percentage of votes needed for approval, that would otherwise be imposed by the articles, bylaws, or this part.

(d) Wherever practical any order issued pursuant to this section shall limit the subject matter of the meetings or other forms of consent authorized to items, including amendments to the articles or bylaws, the resolution of which will or may enable the corporation to continue managing its affairs without further resort to this section; provided, however, that an order under this section may also authorize the obtaining of whatever votes and approvals are necessary for the dissolution, merger, sale of assets or reorganization of the corporation

(e) Any meeting or other method of obtaining the vote of members or directors conducted pursuant to an order issued under this section, and which complies with all the provisions of such order, is for all purposes a valid meeting or vote, as the case may be, and shall have the same force and effect as if it complied with every requirement imposed by the articles, bylaws, and this part.

Article 2. Additional Provisions Relating to Election of Directors

7520. As to directors elected by members, there shall be available to the members reasonable nomination and election procedures given the nature, size and operations of the corporation. The procedures shall include:

(a) A reasonable means of nominating persons for election as directors.

(b) A reasonable opportunity for a nominee to communicate to the members the nominee's qualifications and the reasons for the nominee's candidacy.

(c) A reasonable opportunity for all nominees to solicit votes.

(d) A reasonable opportunity for all members to choose among the nominees.

7521. Except for directors who are elected as authorized by Section 7152, or subdivision (f) of Section 7220, and except as provided in Section 7522, any person who is qualified to be elected to the board of directors of a corporation with 500 or more members may be nominated·

(a) By any method authorized by the bylaws, or if no method is set forth in the bylaws by any method authorized by the board;

(b) By petition delivered to an officer of the corporation, signed within 11 months preceding the next time directors will be elected, by members representing the following number of votes·

Number of Votes Eligible to be Cast for Director Disregarding any Provision for Cumulative Voting	Number of Votes
Under 5,000	2 percent of voting power
5,000 or more	one-twentieth of 1 percent of voting power but not less than 100.

(c) Notwithstanding subdivision (b), in corporations with one million or more members engaged primarily in the business of retail merchandising of consumer goods, by petition delivered to an officer of the corporation, signed within 11 months preceding the next time directors will be elected, by such reasonable number of members, consistent with Section 7520, as is set forth in the bylaws, or if no number is set forth in the bylaws, by such reasonable number of members, consistent with Section 7520, as is determined by the directors.

(d) If there is a meeting to elect directors, by any member present at the meeting in person or by proxy if proxies are permitted.

7522. (a) The provisions of this section shall apply to any election of a director or directors by members of a corporation with 5,000 or more members except for an election authorized by Section 7152 or

subdivision (f) of Section 7220.

(b) The corporation's articles or bylaws shall set a date for the close of nominations for the board. The date shall not be less than 50 nor more than 120 days before the day directors are to be elected. No nominations for the board can be made after the date set for the close of nominations.

(c) If more people are nominated for the board than can be elected, the election shall take place by means of a procedure which allows all nominees a reasonable opportunity to solicit votes and all members a reasonable opportunity to choose among the nominees.

(d) If after the close of nominations the number of people nominated for the board is not more than the number of directors to be elected, the corporation may without further action declare that those nominated and qualified to be elected have been elected.

7523 Where a corporation with 500 or more members publishes any material soliciting a vote for any nominee for director in any publication owned or controlled by the corporation, it shall make available to all other nominees, in the same issue of the publication, an equal amount of space, with equal prominence, to be used by the nominee for a purpose reasonably related to the election.

7524 Upon written request by any nominee for election to the board and the payment of the reasonable costs of mailing (including postage), a corporation shall within 10 business days after such request (provided payment has been made) mail to all members, or such portion of them as the nominee may reasonably specify, any material, which the nominee may furnish and which is reasonably related to the election, unless the corporation within five business days after the request allows the nominee, at the corporation's option, the rights set forth in either paragraph (1) or (2) of subdivision (a) of Section 8330.

7525. (a) Except as provided in subdivision (c), no corporation may decline to publish or mail material, otherwise required to be published or mailed on behalf of any nominee under this article, on the basis of the content of such material.

(b) Neither the corporation, nor its agents, officers, directors, or employees, may be held criminally liable, liable for any negligence (active or passive) or otherwise liable for damages to any person on account of any material which is supplied by a nominee for director and which it mails or publishes pursuant to Section 7523 or 7524 but the nominee on whose behalf such material was published or mailed shall be liable and shall indemnify and hold the corporation, its agents, officers, directors, and employees and each of them harmless from all demands, costs, including reasonable legal fees and expenses, claims, damages and causes of action arising out of such material or any such mailing or publication.

(c) Nothing in this section shall prevent a corporation or any of its agents, officers, directors, or employees from seeking a court order relieving the corporation from its obligation under Sections 7523 and 7524 on the ground the material will expose the moving

party to liability

7526. Without authorization of the board, no corporation funds may be expended to support a nominee for director after there are more people nominated for director than can be elected.

7527. An action attacking the validity of any election, appointment or removal of a director or directors must be commenced within nine months after the election, appointment or removal.

CHAPTER 6. VOTING OF MEMBERSHIPS

7610. Except as provided in a corporation's articles or bylaws or Section 7615, each member shall be entitled to one vote on each matter submitted to a vote of the members. Single memberships in which two or more persons have an indivisible interest shall be voted as provided in Section 7612.

7611. (a) The bylaws may provide or, in the absence of such provision, the board may fix, in advance, a date as the record date for the purpose of determining the members entitled to notice of any meeting of members or entitled to exercise any rights in respect to any lawful action. Such record date shall not be more than 60 nor less than 10 days before the date of the meeting, nor more than 60 days prior to any other action

(b) Any member in good standing, otherwise eligible to vote, is entitled to vote at any meeting of members, except that the bylaws may provide or, in the absence of such bylaw provision, the board may fix a date as the record date for the purpose of determining the members entitled to vote or for the purpose of determining members entitled to exercise any rights in respect to any lawful action. Such record date shall not be more than 60 nor less than 10 days before the date of the meeting, nor more than 60 days prior to any other action.

(c) If no record date is fixed:

(1) The record date for determining members entitled to notice of a meeting of members shall be at the close of business on the business day next preceding the day on which notice is given or, if notice is waived, at the close of business on the business day next preceding the day on which the meeting is held.

(2) The record date for determining members entitled to cast written ballots (Section 7513), when no prior action by the board has been taken, shall be the day on which the first written ballot is mailed or solicited, whichever is first.

(3) The record date for determining members for any other purpose (except voting at a meeting) shall be at the close of business on the day on which the board adopts the resolution relating thereto, or the 60th day prior to the date of such other action, whichever is later

(d) A determination of members entitled to notice of a meeting of members shall apply to any adjournment of the meeting unless the

board fixes a new record date for the adjourned meeting.

(d) Members on the record date are entitled to notice and to vote notwithstanding any transfer of memberships on the books of the corporation after the record date, except as otherwise provided in the articles, bylaws, by agreement between the transferor and transferee or in this part.

(e) Except as authorized by subdivision (d) of this section, persons admitted to membership by the corporation after the record date are not entitled to notice, to vote, or to exercise the rights for which the record date was fixed

7612 If a membership stands of record in the names of two or more persons, whether fiduciaries, members of a partnership, joint tenants, tenants in common, husband and wife as community property, tenants by the entirety, persons entitled to vote under a voting agreement or otherwise, or if two or more persons (including proxyholders) have the same fiduciary relationship respecting the same membership, unless the secretary of the corporation is given written notice to the contrary and is furnished with a copy of the instrument or order appointing them or creating the relationship wherein it is so provided, their acts with respect to voting shall have the following effect.

(a) If only one votes, such act binds all; or

(b) If more than one vote, the act of the majority so voting binds all

7613. (a) Every person entitled to vote a membership may authorize another person or persons to act by proxy with respect to such membership except that this right may be limited or withdrawn by the articles or bylaws, subject to subdivision (f). Any proxy purported to be executed in accordance with the provisions of this part shall be presumptively valid.

(b) No proxy shall be valid after the expiration of 11 months from the date thereof unless otherwise provided in the proxy, except that the maximum term of any proxy shall be three years from the date of execution. Every proxy continues in full force and effect until revoked by the person executing it prior to the vote pursuant thereto, except as otherwise provided in this section. Such revocation may be effected by a writing delivered to the corporation stating that the proxy is revoked or by a subsequent proxy executed by the person executing the prior proxy and presented to the meeting, or as to any meeting by attendance at such meeting and voting in person by the person executing the proxy. The dates contained on the forms of proxy presumptively determine the order of execution, regardless of the postmark dates on the envelopes in which they are mailed

(c) A proxy is not revoked by the death or incapacity of the maker or the termination of a membership as a result thereof unless, before the vote is counted, written notice of such death or incapacity is received by the corporation.

(d) Unless otherwise provided in the articles or bylaws, the proxy

of a member which states that it is irrevocable is irrevocable for the period specified therein (notwithstanding subdivision (c)) when it is held by any of the following or a nominee of any of the following:

(1) A person who has purchased or who has agreed to purchase the membership;

(2) A creditor or creditors of the corporation or the member who extended or continued credit to the corporation or the member in consideration of the proxy if the proxy states that it was given in consideration of such extension or continuation of credit and the name of the person extending or continuing the credit;

(3) A person who has contracted to perform services as an employee of the corporation, if the proxy is required by the contract of employment and if the proxy states that it was given in consideration of such contract of employment, the name of the employee and the period of employment contracted for; or

Notwithstanding the period of irrevocability specified, the proxy becomes revocable when the agreement to purchase is terminated; the debt of the corporation or the member is paid; or the period of employment provided for in the contract of employment has terminated In addition to the foregoing paragraphs (1) through (3), a proxy of a member may be made irrevocable (notwithstanding subdivision (c)) if it is given to secure the performance of a duty or to protect a title, either legal or equitable, until the happening of events which, by its terms, discharge the obligations secured by it.

(e) A proxy may be revoked, notwithstanding a provision making it irrevocable, by a transferee of a membership without knowledge of the existence of the provision unless the existence of the proxy and its irrevocability appears on the certificate representing the membership.

(f) Subdivision (a) notwithstanding

(1) No amendment of the articles or bylaws repealing, restricting, creating or expanding proxy rights may be adopted without approval by the members (Section 5034), and

(2) No amendment of the articles or bylaws restricting or limiting the use of proxies may affect the validity of a previously issued irrevocable proxy during the term of its irrevocability, so long as it complied with applicable provisions, if any, of the articles or bylaws at the time of its issuance, and is otherwise valid under this section.

(g) Anything to the contrary notwithstanding, any revocable proxy covering matters requiring a vote of the members pursuant to Section 7222; Section 7224; Section 7233; paragraph (1) of subdivision (f) of Section 7613; Section 7812; paragraph (2) of subdivision (a) of Section 7911, Section 8014; subdivision (a) of Section 8015; Section 8610; or subdivision (a) of Section 8719 is not valid as to such matters unless it sets forth the general nature of the matter to be voted on.

7614. (a) In advance of any meeting of members the board may appoint inspectors of election to act at the meeting and any adjournment thereof. If inspectors of election are not so appointed, or if any persons so appointed fail to appear or refuse to act, the

chairman of any meeting of members may, and on the request of any member or a member's proxy shall, appoint inspectors of election (or persons to replace those who so fail or refuse) at the meeting The number of inspectors shall be either one or three If appointed at a meeting on the request of one or more members or proxies, the majority of members represented in person or by proxy shall determine whether one or three inspectors are to be appointed

(b) The inspectors of election shall determine the number of memberships outstanding and the voting power of each, the number represented at the meeting, the existence of a quorum and the authenticity, validity and effect of proxies, receive votes, ballots or consents, hear and determine all challenges and questions in any way arising in connnection with the right to vote, count and tabulate all votes or consents, determine when the polls shall close, determine the result and do such acts as may be proper to conduct the election or vote with fairness to all members.

(c) The inspectors of election shall perform their duties impartially, in good faith, to the best of their ability and as expeditiously as is practical If there are three inspectors of election, the decision, act or certificate of a majority is effective in all respects as the decision, act or certificate of all Any report or certificate made by the inspectors of election is prima facie evidence of the facts stated therein.

7615. (a) If the articles or bylaws authorize cumulative voting, but not otherwise, every member entitled to vote at any election of directors may cumulate such member's votes and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of votes to which the member is entitled, or distribute the member's votes on the same principle among as many candidates as the member thinks fit. An article or bylaw provision authorizing cumulative voting may be repealed or amended only by approval of a majority of all members (Section 5033), except that the governing article or bylaw provision may require the vote of a greater proportion of the members, or of the members of any class, for its repeal.

(b) No member shall be entitled to cumulate votes for a candidate or candidates unless such candidate's name or candidates' names have been placed in nomination prior to the voting and the member has given notice at the meeting prior to the voting of the member's intention to cumulate votes If any one member has given such notice, all members may cumulate their votes for candidates in nomination

(c) In any election of directors, the candidates receiving the highest number of votes are elected, subject to any lawful provision specifying election by classes.

(d) Elections for directors need not be by ballot unless a member demands election by ballot at the meeting and before the voting begins or unless by bylaws so require.

(e) Subdivision (a) shall not apply to a corporation having no

members pursuant to Section 7310, in which the directors are elected by the directors

7616. (a) Upon the filing of an action therefor by any director or member or by any person who had the right to vote in the election at issue, the superior court of the proper county shall determine the validity of any election or appointment of any director of any corporation.

(b) In the case of a corporation holding assets in charitable trust, any person bringing an action under this section shall give notice of the action to the Attorney General, who may intervene.

(c) Upon the filing of the complaint, and before any further proceedings are had, the court shall enter an order fixing a date for the hearing, which shall be within five days unless for good cause shown a later date is fixed, and requiring notice of the date for the hearing and a copy of the complaint to be served upon the corporation and upon the person whose purported election or appointment is questioned and upon any person (other than the plaintiff) whom the plaintiff alleges to have been elected or appointed, in the manner in which a summons is required to be served, or, if the court so directs, by registered mail; and the court may make such further requirements as to notice as appear to be proper under the circumstances

(d) The court, consistent with the provisions of this part and in conformity with the articles and bylaws to the extent feasible, may determine the person entitled to the office of director or may order a new election to be held or appointment to be made, may determine the validity, effectiveness and construction of voting agreements and voting trusts, the validity of the issuance of memberships and the right of persons to vote and may direct such other relief as may be just and proper.

Chapter 7 Members' Derivative Actions

7710 (a) Subdivisions (c) through (f) notwithstanding, no motion to require security shall be granted in an action brought by 100 members or the authorized number (Section 5036), whichever is less

(b) No action may be instituted or maintained in the right of any corporation by any member of such corporation unless both of the following conditions exist

(1) The plaintiff alleges in the complaint that plaintiff was a member at the time of the transaction or any part thereof of which plaintiff complains, or that plaintiff's membership thereafter devolved upon plaintiff by operation of law from a holder who was a holder at the time of transaction or any part thereof complained of, and

(2) The plaintiff alleges in the complaint with particularity plaintiff's efforts to secure from the board such action as plaintiff desires, or the reasons for not making such effort, and alleges further

that plaintiff has either informed the corporation or the board in writing of the ultimate facts of each cause of action against each defendant or delivered to the corporation or the board a true copy of the complaint which plaintiff proposes to file.

(c) Subject to subdivision (a), in any action referred to in subdivision (b), at any time within 30 days after service of summons upon the corporation or upon any defendant who is an officer or director of the corporation, or held such office at the time of the acts complained of, the corporation or such defendant may move the court for an order, upon notice and hearing, requiring the plaintiff to furnish security as hereinafter provided. The motion shall be based upon one or both of the following grounds:

(1) That there is no reasonable possibility that the prosecution of the cause of action alleged in the complaint against the moving party will benefit the corporation or its members economically or otherwise.

(2) That the moving party, if other than the corporation, did not participate in the transaction complained of in any capacity

The court on application of the corporation or any defendant may, for good cause shown, extend the 30-day period for an additional period or periods not exceeding 60 days.

(d) At the hearing upon any motion pursuant to subdivision (c), the court shall consider such evidence, written or oral, by witnesses or affidavit, as may be material (1) to the ground or grounds upon which the motion is based, or (2) to a determination of the probable reasonable expenses, including attorneys' fees, of the corporation and the moving party which will be incurred in the defense of the action. If the court determines, after hearing the evidence adduced by the parties, that the moving party has established a probability in support of any of the grounds upon which the motion is based, the court shall fix the nature and amount of security, not to exceed fifty thousand dollars ($50,000), to be furnished by the plaintiff for reasonable expenses, including attorneys' fees, which may be incurred by the moving party and the corporation in connection with the action, including expenses for which the corporation may become liable pursuant to Section 7237. A ruling by the court on the motion shall not be a determination of any issue in the action or of the merits thereof. The amount of the security may thereafter be increased or decreased in the discretion of the court upon a showing that the security provided has or may become inadequate or is excessive, but the court may not in any event increase the total amount of the security beyond fifty thousand dollars ($50,000) in the aggregate for all defendants. If the court, upon any such motion, makes a determination that security shall be furnished by the plaintiff as to any one or more defendants, the action shall be dismissed as to such defendant or defendants, unless the security required by the court shall have been furnished within such reasonable time as may be fixed by the court. The corporation and the moving party shall have recourse to the security in such amount

as the court shall determine upon the termination of the action.

(e) If the plaintiff shall, either before or after a motion is made pursuant to subdivision (c), or any order or determination pursuant to such motion, post good and sufficient bond or bonds in the aggregate amount of fifty thousand dollars ($50,000) to secure the reasonable expenses of the parties entitled to make the motion, the plaintiff has complied with the requirements of this section and with any order for security theretofore made pursuant hereto, and any such motion then pending shall be dismissed and no further or additional bond or other security shall be required

(f) If a motion is filed pursuant to subdivision (c), no pleadings need be filed by the corporation or any other defendant and the prosecution of the action shall be stayed until 10 days after the motion has been disposed of.

CHAPTER 8 AMENDMENT OF ARTICLES

7810 (a) By complying with the provisions of this chapter, a corporation may amend its articles from time to time, in any and as many respects as may be desired, so long as its articles as amended contain only such provisions as it would be lawful to insert in original articles filed at the time of the filing of the amendment and, if a change in the rights of members or an exchange, reclassification or cancellation of memberships is to be made, such provisions as may be necessary to effect such change, exchange, reclassification or cancellation It is the intent of the Legislature in adopting this section to exercise to the fullest extent the reserve power of the state over corporations and to authorize any amendment of the articles covered by the preceding sentence regardless of whether any provision contained in the amendment was permissible at the time of the original incorporation of the corporation.

(b) A corporation shall not amend its articles to alter any statement which may appear in the original articles of the names and addresses of the first directors, nor the name and address of the initial agent, except to correct an error in the statement or to delete either after the corporation has filed a statement under Section 8210.

7811 Any amendment of the articles may be adopted by a writing signed by a majority of the incorporators, so long as:

(a) No directors were named in the original articles;

(b) No directors have been elected; and

(c) The corporation has no members.

7812 (a) Except as provided in this section, amendments may be adopted if approved by the board and approved by the members (Section 5034) or, in the case of amendments to become a domestic corporation other than a mutual benefit corporation, approved by 100 percent of the voting power, either before or after the approval by the board

(b) Notwithstanding subdivision (a), the following amendments may be adopted by approval of the board alone·

(1) An amendment extending the corporate existence or making the corporate existence perpetual, if the corporation was organized prior to August 14, 1929.

(2) An amendment deleting the names and addresses of the first directors or the name and address of the initial agent.

(3) Any amendment, at a time the corporation has no members.

(c) Whenever the articles or bylaws require for corporate action the approval of a particular class of members or of a larger proportion of, or of all of, the votes of any class, or of a larger proportion of, or of all of, the directors, than is otherwise required by this part, the provision in the articles requiring such greater vote shall not be altered, amended or repealed except by such class or such greater vote, unless otherwise provided in the articles or bylaws.

(d) In addition to approval by the board, a corporation, to amend its articles to become a domestic corporation other than a mutual benefit corporation, must have such amendment approved by 100 percent of the voting power.

7813. (a) A proposed amendment must be approved by the members (Section 5034) of a class, whether or not such class is entitled to vote thereon by the provisions of the articles, if the amendment would change the voting rights of that class or the rights of that class upon dissolution or merger.

(b) In addition to approval by a class as provided in subdivision (a), a proposed amendment must also be approved by the members (Section 5034).

7814. Except for amendments adopted by the incorporators pursuant to Section 7811, upon adoption of an amendment, the corporation shall file a certificate of amendment, which shall consist of an officers' certificate stating:

(a) The wording of the amendment or amended articles in accordance with Section 7817;

(b) That the amendment has been approved by the board;

(c) If the amendment is one for which the approval of the members (Section 5034) or the approval of 100 percent of the voting power is required, that the amendment was approved by the required vote of members; and

(d) If the amendment is one which may be adopted with approval by the board alone, a statement of the facts entitling the board alone to adopt the amendment. In the event of an amendment of the articles pursuant to a merger, the filing of the officers' certificate and agreement pursuant to Section 8014 shall be in lieu of any filing required under this chapter.

7815. In the case of amendments adopted by the incorporators under Section 7811, the corporation shall file a certificate of amendment signed and verified by a majority of the incorporators which shall state that the signers thereof constitute at least a majority of the incorporators, that the corporation has no members and that they adopt the amendment or amendments therein set forth.

7816. The certificate of amendment shall establish the wording of

the amendment or amended articles by one or more of the following means:

(a) By stating that the articles shall be amended to read as therein set forth in full.

(b) By stating that any provision of the articles, which shall be identified by the numerical or other designation given it in the articles or by stating the wording thereof, shall be stricken from the articles or shall be amended to read as set forth in the certificate.

(c) By stating that the provisions set forth therein shall be added to the articles.

If the purpose of the amendment is to reclassify, cancel, exchange, or otherwise change outstanding memberships the amended articles shall state the effect thereof on outstanding memberships.

7817. Upon the filing of the certificate of amendment, the articles shall be amended in accordance with the certificate and any change, reclassification or cancellation of memberships shall be effected, and a copy of the certificate, certified by the Secretary of State, is prima facie evidence of the performance of the conditions necessary to the adoption of the amendment

7818 A corporation formed for a limited period may at any time subsequent to the expiration of the term of its corporate existence, extend the term of its existence by an amendment to its articles removing any provision limiting the term of its existence and providing for perpetual existence. If the filing of the certificate of amendment providing for perpetual existence would be prohibited if it were original articles by the provisions of Section 7122, the Secretary of State shall not file such certificate unless, by the same or a concurrently filed certificate of amendment, the articles of such corporation are amended to adopt a new available name. For the purpose of the adoption of any such amendment, persons who have been functioning as directors of such corporation shall be considered to have been validly elected even though their election may have occurred after the expiration of the original term of the corporate existence.

7819 (a) A corporation may restate in a single certificate the entire text of its articles as amended by filing an officers' certificate entitled "Restated Articles of Incorporation of (insert name of corporation)" which shall set forth the articles as amended to the date of filing of the certificate, except that the signatures and acknowledgments of the incorporators and any statements regarding the effect of any prior amendment upon memberships and any provisions of agreements of merger (other than amendments to the articles of the surviving corporation) and the names and addresses of the first directors and of the initial agent for service of process shall be omitted Such omissions are not alterations or amendments of the articles. The certificate may also itself alter or amend the articles in any respect, in which case the certificate must comply with Section 7814 or 7815, as the case may be, and Section 7816.

(b) If the certificate does not itself alter or amend the articles in

any respect, it shall be approved by the board and shall be subject to the provisions of this chapter relating to an amendment of the articles not requiring approval of the members (Section 5034). If the certificate does itself alter or amend the articles, it shall be subject to the provisions of this chapter relating to the amendment or amendments so made.

(c) Restated articles of incorporation filed pursuant to this section shall supersede for all purposes the original articles and all amendments filed prior thereto.

7820. (a) Amendment of the articles of a corporation holding property in charitable trust, pursuant to this chapter, does not, of itself, abrogate any requirement or limitation imposed upon the corporation, or any property held by it, by virtue of the trust under which such property is held by the corporation.

(b) The Attorney General may, at the corporation's request, and pursuant to such regulations as the Attorney General may issue, give rulings as to whether the Attorney General will or may oppose a proposed action, or article amendment, as inconsistent with or proscribed by the requirements of a charitable trust.

CHAPTER 9. SALES OF ASSETS

7910. Any mortgage, deed of trust, pledge or other hypothecation of all or any part of the corporation's property, real or personal, for the purpose of securing the payment or performance of any contract or obligation may be approved by the board Unless the articles or bylaws otherwise provide, no approval of the members (Section 5034) shall be necessary for such action

7911. (a) Subject to the provisions of Section 7142, a corporation may sell, lease, convey, exchange, transfer or otherwise dispose of all or substantially all of its assets when the principal terms are:

(1) Approved by the board; and

(2) Unless the transaction is in the usual and regular course of its activities, approved by the members (Section 5034), either before or after approval by the board and before or after the transaction.

(b) Notwithstanding approval by the members (Section 5034), the board may abandon the proposed transaction without further action by the members, subject to the contractual rights, if any, of third parties.

(c) Subject to the provisions of Section 7142, such sale, lease, conveyance, exchange, transfer or other disposition may be made upon such terms and conditions and for such consideration as the board may deem in the best interests of the corporation.

7912 Any deed or instrument conveying or otherwise transferring any assets of a corporation may have annexed to it the certificate of the secretary or an assistant secretary of the corporation, setting forth that the transaction has been validly approved by the board and (a) stating that the property described in such deed or instrument is less than substantially all of the assets

of the corporation or that the transfer is in the usual and regular course of the business of the corporation, if such be the case, or (b) if such property constitutes all or substantially all of the assets of the corporation and the transfer is not in the usual and regular course of the business of the corporation, stating the fact of approval thereof by the members (Section 5034) or all the members pursuant to this chapter. Such certificate is prima facie evidence of the existence of the facts authorizing such conveyance or other transfer of the assets and conclusive evidence in favor of any purchaser or encumbrancer for value who, without notice of any trust restriction applicable to the property or any failure to comply therewith, in good faith parted with value.

7913. A corporation holding assets in charitable trust must give written notice to the Attorney General 20 days before it sells, leases, conveys, exchanges, transfers or otherwise disposes of any or all of the assets held in trust unless the Attorney General has given the corporation a written waiver of this section as to the proposed transaction.

CHAPTER 10 MERGERS

Article 1 Merger

8010. Any mutual benefit corporation may merge with another mutual benefit corporation, foreign corporation, foreign business corporation or domestic corporation other than a public benefit corporation or a religious corporation.

8011. The board of each corporation which desires to merge shall approve an agreement of merger. The constituent corporations shall be parties to the agreement of merger and other persons may be parties to the agreement of merger. The agreement shall state:

(a) The terms and conditions of the merger;

(b) The amendments, subject to Sections 7810 and 7816, to the articles of the surviving corporation to be effected by the merger, if any, if any amendment changes the name of the surviving corporation, the new name may be the same as or similar to the name of a disappearing corporation, subject to subdivision (c) of Section 7122;

(c) The amendments to the bylaws of the surviving corporation to be effected by the merger, if any;

(d) The name and place of incorporation of each constituent corporation and which of the constituent corporations is the surviving corporation;

(e) The manner of converting all memberships of the constituent corporations into memberships, if any, or securities, of the surviving corporation and, if any memberships of any of the constituent corporations are not to be converted solely into memberships or securities of the surviving corporation, the cash, property, rights or securities of any corporation which the holders of such memberships

are to receive in exchange for such memberships, which cash, property, rights or securities of any corporation may be in addition to or in lieu of memberships or securities of the surviving corporation; and

(f) Such other details or provisions as are desired, if any, including, without limitation, if not prohibited by this chapter, a provision for the payment of cash in lieu of fractional memberships or for any other arrangement with respect thereto. Each membership of the same class of any constituent corporation (other than the cancellation of memberships held by a surviving corporation or its parent or a wholly owned subsidiary of either in a constituent corporation) shall, unless all members of the class consent, be treated equally with respect to any distribution of cash, property, rights or securities.

8012. The principal terms of the merger shall be approved by the board and by the members (Section 5034) of each class of each corporation which desires to merge; and the approval by the members (Section 5034) required by this section may be given before or after the approval by the board.

8013 Each constituent corporation shall sign the agreement by the chairman of its board, president or a vice president and secretary or an assistant secretary acting on behalf of their respective corporations.

8014 After approval of a merger by the board and any approval by the members (Section 5034) required by Section 8012, the surviving corporation shall file a copy of the agreement of merger with an officers' certificate of each constituent corporation attached stating the total number of memberships of each class entitled to vote on the merger, and that the principal terms of the agreement in the form attached were duly approved by the required vote of the members. The merger and any amendment of the articles of the surviving corporation contained in the merger agreement shall thereupon be effective (subject to subdivision (c) of Section 5008 and subject to the provisions of Section 8018) and the several parties thereto shall be one corporation. The agreement shall not be filed, however, until there has been filed by or on behalf of each corporation taxed under the Bank and Corporation Tax Law (Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code), the existence of which is terminated by the merger, the certificate of satisfaction of the Franchise Tax Board that all taxes imposed by such law have been paid or secured. The Secretary of State may certify a copy of the merger agreement separate from the officers' certificates attached thereto.

8015. (a) Any amendment to the agreement may be adopted and the agreement so amended may be approved by the board and by the members (Section 5034), as required by Section 8012, of any constituent corporation in the same manner as the original agreement.

(b) If the agreement so amended is approved as provided in

subdivision (a), the agreement so amended shall then constitute the agreement of merger.

8016. The board may, in its discretion, abandon a merger, subject to the contractual rights, if any, of third parties, including other constituent corporations, without further approval by the members (Section 5034) at any time before the merger is effective.

8017. A copy of an agreement of merger certified on or after the effective date by an official having custody thereof has the same force in evidence as the original and, except as against the state, is conclusive evidence of the performance of all conditions precedent to the merger, the existence on the effective date of the surviving corporation and the performance of the conditions necessary to the adoption of any amendment to the articles contained in the agreement of merger.

8018. (a) Subject to the provisions of Section 8010, the merger of any number of corporations with any number of foreign corporations, foreign business corporations or domestic corporations may be effected if the foreign corporations or domestic corporations are authorized by the laws under which they are formed to effect such a merger. The surviving corporation may be any one of the constituent corporations and shall continue to exist under the laws of the state or place of its incorporation.

(b) If the surviving corporation is a mutual benefit corporation, the merger proceedings with respect to that corporation and any domestic disappearing corporation shall conform to the provisions of this chapter and other applicable laws of this state, but if the surviving corporation is a foreign corporation, then, subject to the requirements of subdivision (d) and Section 8012 the merger proceedings may be in accordance with the laws of the state or place of incorporation of the surviving corporation.

(c) If the surviving corporation is a domestic corporation other than a mutual benefit corporation, then, subject to the requirements of subdivision (d) and Section 8012, the merger proceedings may be in accordance with the laws of the state (including this state) or place of incorporation of the surviving corporation.

(d) If the surviving corporation is a foreign corporation, or foreign business corporation, the merger shall become effective in accordance with the law of the jurisdiction in which it is organized, but shall be effective as to any disappearing corporation as of the time of effectiveness in such foreign jurisdiction upon the filing in this state as required by this subdivision. There shall be filed as to the domestic disappearing corporation or corporations a copy of the agreement, certificate or other document filed by the surviving foreign corporation in the state or place of its incorporation for the purpose of effecting the merger, which copy shall be certified by the public officer having official custody of the original or, in lieu thereof, an executed counterpart of such agreement, certificate or other document; and each foreign disappearing corporation which is qualified for the transaction of intrastate business shall automatically

by such filing surrender its right to transact intrastate business.

Article 2. Effect of Merger

8020. (a) Upon merger pursuant to this chapter the separate existence of the disappearing corporations ceases and the surviving corporation shall succeed, without other transfer, to all the rights and property of each of the disappearing corporations and shall be subject to all the debts and liabilities of each and trust obligations upon the property of a disappearing corporation in the same manner as if the surviving corporation had itself incurred them.

(b) All rights of creditors and all liens and trusts upon or arising from the property of each of the constituent corporations shall be preserved unimpaired, provided that such liens and trust obligations upon property of a disappearing corporation shall be limited to the property affected thereby immediately prior to the time the merger is effective.

(c) Any action or proceeding pending by or against any disappearing corporation may be prosecuted to judgment, which shall bind the surviving corporation, or the surviving corporation may be proceeded against or substituted in its place.

8021. Whenever a domestic or foreign or foreign business corporation having any real property in this state merges with another domestic or foreign or foreign business corporation pursuant to the laws of this state or of the state or place in which any constituent corporation was incorporated, and the laws of the state or place of incorporation (including this state) of any disappearing corporation provide substantially that the making and filing of the agreement of merger vests in the surviving corporation all the real property of any disappearing corporation, the filing for record in the office of the county recorder of any county in this state in which any of the real property of such disappearing corporation is located of either (a) a certificate prescribed by the Secretary of State, or (b) a copy of the agreement of merger or certificate of merger, certified by the Secretary of State or an authorized public official of the state or place pursuant to the laws of which the merger is effected, shall evidence record ownership in the surviving corporation of all interest of such disappearing corporation in and to the real property located in that county.

8022. Any bequest, devise, gift, grant, or promise contained in a will or other instrument of donation, subscription, or conveyance, which is made to a constituent corporation and which takes effect or remains payable after the merger, inures to the surviving corporation.

CHAPTER 11. BANKRUPTCY REORGANIZATIONS AND ARRANGEMENTS

8110. Any proceeding, initiated with respect to a corporation,

under any applicable statute of the United States, as now existing or hereafter enacted, relating to reorganizations or arrangements of corporations, shall be governed by the provisions of Chapter 14 (commencing with Section 1400) of Division 1 of Title 1.

CHAPTER 12. REQUIRED FILINGS BY CORPORATION OR ITS AGENT

8210 (a) Every corporation shall, within 90 days after the filing of its original articles and annually thereafter during the applicable filing period in each year, file, on a form prescribed by the Secretary of State, a statement containing: (1) the names and complete business or residence addresses of its chief executive officer, secretary and chief financial officer; (2) the street address of its principal office, if any.

(b) The statement required by subdivision (a) shall also designate, as the agent of such corporation for the purpose of service of process, a natural person residing in this state or any domestic or foreign or foreign business corporation which has complied with Section 1505, 6213, or 8213 and whose capacity to act as such agent has not terminated. If a natural person is designated, the statement shall set forth such person's complete business or residence address. If a corporate agent is designated, no address for it shall be set forth

(c) For the purposes of this section, the applicable filing period for a corporation shall be the calendar month during which its original articles were filed and the immediately preceding five calendar months. The Secretary of State shall mail a form for compliance with this section to each corporation approximately three months prior to the close of the applicable filing period. The form shall state the due date thereof and shall be mailed to the last address of the corporation according to the records of the Secretary of State. Neither the failure of the Secretary of State to mail the form nor the failure of the corporation to receive it is an excuse for failure to comply with this section.

(d) Whenever any of the information required by subdivision (a) is changed, the corporation may file a current statement containing all the information required by subdivisions (a) and (b). In order to change its agent for service of process or the address of the agent, the corporation must file a current statement containing all the information required by subdivisions (a) and (b). Whenever any statement is filed pursuant to this section, it supersedes any previously filed statement and the statement in the articles as to the agent for service of process and the address of the agent.

(e) The Secretary of State may destroy or otherwise dispose of any statement filed pursuant to this section after it has been superseded by the filing of a new statement.

(f) This section shall not be construed to place any person dealing with the corporation on notice of, or under any duty to inquire about, the existence or content of a statement filed pursuant to this section.

8211. An agent designated for service of process pursuant to

Section 8210 may file a signed and acknowledged written statement of resignation as such agent. Thereupon the authority of the agent to act in such capacity shall cease and the Secretary of State forthwith shall give written notice of the filing of the statement of resignation by mail to the corporation addressed to its principal office.

8212. If a natural person who has been designated agent for service of process pursuant to Section 8210 dies or resigns or no longer resides in the state or if the corporate agent for such purpose resigns, dissolves, withdraws from the state, forfeits its right to transact intrastate business, has its corporate rights, powers and privileges suspended or ceases to exist, the corporation shall forthwith file a designation of a new agent conforming to the requirements of Section 8210

8213. (a) Any domestic or foreign or foreign business corporation, before it may be designated as the agent for the purpose of service of process of a corporation pursuant to Section 1502, 6210, or 8210, shall file a certificate executed in the name of the corporation by an officer thereof stating:

(1) The complete address of its office or offices in this state, wherein any corporation designating it as such agent may be served with process.

(2) The name of each person employed by it at each such office to whom it authorizes the delivery of a copy of any such process.

(3) Its consent that delivery thereof to any such person at the office where such person is employed shall constitute delivery of any such copy to it, as such agent.

(b) Any corporation which has filed the certificate provided for in subdivision (a) may file any number of supplemental certificates containing all the statements provided for in subdivision (a), which, upon the filing thereof, shall supersede the statements contained in the original or in any supplemental certificate previously filed.

(c) No domestic or foreign or foreign business corporation may file a certificate pursuant to this section unless it is currently authorized to engage in business in this state and is in good standing on the records of the Secretary of State.

8214. Upon request of an assessor, a corporation or foreign corporation owning, claiming, possessing or controlling property in this state subject to local assessment shall make available at the corporation's principal office in California or at a place mutually acceptable to the assessor and the corporation a true copy of business records relevant to the amount, cost and value of all property that it owns, claims, possesses or controls within the county.

8215. Any officers, directors, employees or agents of a corporation who do any of the following are liable jointly and severally for all the damages resulting therefrom to the corporation or any person injured thereby who relied thereupon or to both:

(a) Make, issue, deliver or publish any prospectus, report, circular, certificate, financial statement, balance sheet, public notice or document respecting the corporation or its memberships, assets,

liabilities, capital, dividends, business, earnings or accounts which is false in any material respect, knowing it to be false, or participate in the making, issuance, delivery or publication thereof with knowledge that the same is false in a material respect.

(b) Make or cause to be made in the books, minutes, records or accounts of a corporation any entry which is false in any material particular knowing such entry is false.

(c) Remove, erase, alter or cancel any entry in any books or records of the corporation, with intent to deceive.

8216 (a) The Attorney General, upon complaint of a member, director or officer, that a corporation is failing to comply with the provisions of this chapter, Chapter 5 (commencing with Section 7510), Chapter 6 (commencing with Section 7610) or Chapter 13 (commencing with Section 8310), may, in the name of the people of the State of California, send to the principal office of such corporation, (or, if there is no such office, to the office or residence of the chief executive officer or secretary, of the corporation, as set forth in the most recent statement filed pursuant to Section 8210) notice of the complaint. If the answer is not satisfactory, or if there is no answer within 30 days, the Attorney General may institute, maintain or intervene in such suits, actions, or proceedings of any type in any court or tribunal of competent jurisdiction or before any administrative agency for such relief by way of injunction, the dissolution of entities, the appointment of receivers or any other temporary, preliminary, provisional or final remedies as may be appropriate to protect the rights of members or to undo the consequences of failure to comply with such requirements. In any such action, suit or proceeding there may be joined as parties all persons and entities responsible for or affected by such activity.

(b) In the case of a corporation where the action concerns assets held in charitable trust, the Attorney General may bring an action under subdivision (a) without having received a complaint, and without first giving notice of a complaint.

CHAPTER 13. RECORDS, REPORTS AND RIGHTS OF INSPECTION

Article 1. General Provisions

8310. If any record subject to inspection pursuant to this chapter is not maintained in written form, a request for inspection is not complied with unless and until the corporation at its expense makes such record available in written form.

8311. Any inspection under this chapter may be made in person or by agent or attorney and the right of inspection includes the right to copy and make extracts.

8312. Any right of inspection created by this chapter extends to the records of each subsidiary of a corporation.

8313. The rights of members provided in this chapter may not be limited by contract or the articles or bylaws.

Article 2. Required Records, Reports to Directors and Members

8320. (a) Each corporation shall keep:

(1) Adequate and correct books and records of account:

(2) Minutes of the proceedings of its members, board and committees of the board; and

(3) A record of its members giving their names and addresses and the class of membership held by each.

(b) Minutes shall be kept in written form. Other books and records shall be kept either in written form or in any other form capable of being converted into written form.

8321. (a) A corporation shall notify each member yearly of the member's right to receive a financial report pursuant to this subdivision. Except as provided in subdivision (c), upon written request of a member the board shall promptly cause the most recent annual report to be sent to the requesting member. An annual report shall be prepared not later than 120 days after the close of the corporation's fiscal year. Such report shall contain in appropriate detail the following:

(1) A balance sheet as of the end of such fiscal year and an income statement and statement of changes in financial position for such fiscal year.

(2) A statement of the place where the names and addresses of the current members may be found.

(3) Any information required by Section 8322.

(b) The report required by subdivision (a) shall be accompanied by any report thereon of independent accountants, or, if there is no such report, the certificate of an authorized officer of the corporation that such statements were prepared without audit from the books and records of the corporation.

(c) This section does not apply to corporations which do not have more than 100 members or ten thousand dollars ($10,000) in assets at any time during the fiscal year.

8322. (a) Any provision of the articles or bylaws notwithstanding, every corporation shall furnish annually to its members a statement of any transaction or indemnification of a kind described in subdivision (d) or (e), if any such transaction or indemnification took place. If the corporation issues an annual report to all members, this subdivision shall be satisfied by including the required information in the annual report. A corporation which does not issue an annual report to all members, pursuant to subdivision (c) of Section 8321, shall satisfy this section by mailing or delivering to its members the required statement within 120 days after the close of the corporation's fiscal year.

(b) Except as provided in subdivision (c), a covered transaction under this section is a transaction in which the corporation, its parent, or its subsidiary was a party, and in which either of the following had a direct or indirect material financial interest:

(1) Any director or officer of the corporation, or its parent or

subsidiary

(2) Any holder of more than 10 percent of the voting power of the corporation, its parent or its subsidiary.

For the purpose of subdivision (d), an "interested person" is any person described in paragraph (1) or (2) of this subdivision.

(c) Transactions approved by the members of a corporation (Section 5034), under subdivision (a) of Section 7233, are not covered transactions. For the purpose of subdivision (b), a mere common directorship is not a material financial interest.

(d) The statement required by subdivision (a) shall describe briefly

(1) Any covered transaction (excluding compensation of officers and directors) during the previous fiscal year involving more than forty thousand dollars ($40,000), or which was one of a number of covered transactions in which the same interested person had a direct or indirect material financial interest, and which transactions in the aggregate involved more than forty thousand dollars ($40,000)

(2) The names of the interested persons involved in such transactions, stating such person's relationship to the corporation, the nature of such person's interest in the transaction and, where practicable, the amount of such interest; provided, that in the case of a transaction with a partnership of which such person is a partner, only the interest of the partnership need be stated.

(e) The statement required by subdivision (a) shall describe briefly the amount and circumstances of any indemnifications or advances aggregating more than ten thousand dollars ($10,000) paid during the fiscal year to any officer or director of the corporation pursuant to Section 7237; provided that no such report need be made in the case of indemnification approved by the members (Section 5034) under subdivision (e) (2) of Section 7237.

8323. (a) The superior court of the proper county shall enforce the duty of making and mailing or delivering the information and financial statements required by this article and, for good cause shown, may extend the time therefor

(b) In any action or proceeding under this section, if the court finds the failure of the corporation to comply with the requirements of this article to have been without justification, the court may award the member reasonable expenses, including attorneys' fees, in connection with such action or proceeding.

8324. (a) Nothing in this part relieves a corporation from the requirements of Article 7 (commencing with Section 12580) of Chapter 6 of Part 2 of Division 3 of the Government Code as to any assets held in charitable trust.

(b) A corporation shall furnish any member who so requests a copy of any report filed by the corporation pursuant to Article 7 (commencing with Section 12580) of Chapter 6 of Part 2 of Division 3 of the Government Code. The corporation may impose reasonable charges for copying and mailing a report furnished under this

subdivision.

Article 3. Rights of Inspection

8330 (a) Subject to Sections 8331 and 8332, and unless the corporation provides a reasonable alternative pursuant to subdivision (c), a member may do either or both of the following as permitted by subdivision (b):

(1) Inspect and copy the record of all the members' names, addresses and voting rights, at reasonable times, upon five business days' prior written demand upon the corporation which demand shall state the purpose for which the inspection rights are requested; or

(2) Obtain from the secretary of the corporation, upon written demand and tender of a reasonable charge, a list of the names, addresses and voting rights of those members entitled to vote for the election of directors, as of the most recent record date for which it has been compiled or as of a date specified by the member subsequent to the date of demand. The demand shall state the purpose for which the list is requested. The membership list shall be made available on or before the later of ten business days after the demand is received or after the date specified therein as the date as of which the list is to be compiled.

(b) The rights set forth in subdivision (a) may be exercised by:

(1) Any member, for a purpose reasonably related to such person's interest as a member. Where the corporation reasonably believes that the information will be used for another purpose, or where it provides a reasonable alternative pursuant to subdivision (c), it may deny the member access to the list. In any subsequent action brought by the member under Section 8336, the court shall enforce the rights set forth in subdivision (a) unless the corporation proves that the member will allow use of the information for purposes unrelated to the person's interest as a member or that the alternative method offered reasonably achieves the proper purpose set forth in the demand.

(2) The authorized number of members for a purpose reasonably related to the members' interest as members.

(c) The corporation may, within ten business days after receiving a demand under subdivision (a), deliver to the person or persons making the demand a written offer of an alternative method of achieving the purpose identified in said demand without providing access to or a copy of the membership list An alternative method which reasonably and in a timely manner accomplishes the proper purpose set forth in a demand made under subdivision (a) shall be deemed a reasonable alternative, unless within a reasonable time after acceptance of the offer the corporation fails to do those things which it offered to do. Any rejection of the offer shall be in writing and shall indicate the reasons the alternative proposed by the corporation does not meet the proper purpose of the demand made

pursuant to subdivision (a)

8331 (a) Where the corporation, in good faith, and with a substantial basis, believes that the membership list, demanded under Section 8330 by the authorized number (Section 5036), will be used for a purpose unrelated to an interest of the person or persons making the demand (hereinafter called the requesting parties) as members or provides a reasonable alternative pursuant to subdivision (c) of Section 8330, it may petition the superior court of the proper county for an order setting aside the demand.

(b) Except as provided in subdivision (c), a petition for an order to show cause why a protective order pursuant to subdivision (d) should not issue shall be filed within ten business days after the demand by the authorized number under Section 8330 or receipt of a written rejection by the authorized number of an offer made pursuant to subdivision (c) of Section 8330, whichever is later. The petition shall be accompanied by an application for a hearing on the petition Upon the filing of the petition, the court shall issue a protective order staying production of the list demanded until the hearing on the order to show cause The court shall set the hearing on the order to show cause not more than 20 days from the date of the filing of the petition The order to show cause shall be granted unless the court finds that there is no reasonable probability that the corporation will make the showing required under subdivision (f).

(c) A corporation may file a petition under this section more than ten business days after the demand or rejection under Section 8330, but only upon a showing the delay was caused by excusable neglect. In no event, however, may any petition under this section be considered if filed more than 30 days after the requesting parties' demand or rejection, whichever is later

(d) Upon the return day of the order to show cause, the court may issue a protective order staying production of the list demanded until final adjudication of the petition filed pursuant to this section. No protective order shall issue under this subdivision unless the court finds that the rights of the requesting parties can reasonably be preserved and that the corporation is likely to make the showing required by subdivision (f) or the court is likely to issue a protective order pursuant to subdivision (g)

(e) If the corporation fails to file a petition within the time allowed by subdivision (b) or (c), whichever is applicable, or fails to obtain a protective order under subdivision (d), then the corporation shall comply with the demand, and no further action may be brought by the corporation under this section

(f) The court shall issue the final order setting aside the demand only if the corporation proves·

(1) That there is a reasonable probability that the requesting parties will permit use of the membership list for a purpose unrelated to their interests as members; or

(2) That the method offered by the corporation is a reasonable alternative in that it reasonably achieves the proper purpose set forth

in the requesting parties' demand and that the corporation intends and is able to effectuate the reasonable alternative.

(g) In the final order, the court may, in its discretion, order an alternate mechanism for achieving the proper purposes of the requesting parties, or impose just and proper conditions upon the use of the membership list which reasonably assures compliance with Section 8330 and Section 8338

(h) The court shall award reasonable costs and expenses including reasonable attorneys' fees, to requesting parties who successfully oppose any petition or application filed pursuant to this section.

(i) Where the corporation has neither, within the time allowed, complied with a demand by the authorized number (Section 5036) under Section 8330, nor obtained a protective order staying production of the list, or a final order setting aside the demand, which is then in effect, the requesting parties may petition the superior court of the proper county for a writ of mandamus pursuant to Section 1085 of the Code of Civil Procedure compelling the corporation to comply with the demand. At the hearing, the court shall hear the parties summarily, by affidavit or otherwise, and shall issue a peremptory writ of mandamus unless it appears that the demand was not made by an authorized number (Section 5036), that the demand has been complied with, that the corporation, pursuant to subdivision (c) of Section 8330, made an offer which was not rejected in writing within a reasonable time, or that a protective or final order properly issued under subdivision (d), (f) or (g) is then in effect No inquiry may be made in such proceeding into the use for which the authorized number seek the list. The court shall award reasonable costs and expenses, including reasonable attorneys' fees, to persons granted an order under this subdivision.

(j) Nothing in this section shall be construed to limit the right of the corporation to obtain damages for any misuse of a membership list obtained under Section 8330, or otherwise, or to obtain injunctive relief necessary to restrain misuse of a member list. A corporation shall be entitled to recover reasonable costs and expenses, including reasonable attorneys' fees, incurred in successfully bringing any such action.

8332. (a) Upon petition of the corporation or any member, the superior court of the proper county may limit or restrict the rights set forth in Section 8330 where, and only where, such limitation or restriction is necessary to protect the rights of any member under the Constitution of the United States or the Constitution of the State of California. An order issued pursuant to this subdivision shall provide, insofar as possible, for alternative mechanisms by which the persons seeking to exercise rights under Section 8330 may communicate with members for purposes reasonably related to their interests as members.

(b) Upon the filing of a petition under subdivision (a), the court may, if requested by the person making the petition, issue a temporary order suspending the running of any time limit specified

in Section 8330 for compliance with that section Such an order may be extended, after notice and hearing, until final adjudication of the petition, wherever it appears that the petitioner may prevail on the merits, and it is otherwise equitable to do so.

8333 The accounting books and records and minutes of proceedings of the members and the board and committees of the board shall be open to inspection upon the written demand on the corporation of any member at any reasonable time, for a purpose reasonably related to such person's interests as a member.

8334. Every director shall have the absolute right at any reasonable time to inspect and copy all books, records and documents of every kind and to inspect the physical properties of the corporation of which such person is a director.

8335 Where the proper purpose of the person or persons making a demand pursuant to Section 8330 is frustrated by (1) any delay by the corporation or its secretary in complying with a demand under Section 8330 beyond the time limits specified therein, or (2) any delay caused by the filing of a petition under Section 8331 or Section 8332, or (3) any delay caused by the alternative proposed under subdivision (c) of Section 8330, the person or persons properly making the demand shall have, in the discretion of the court, a right to obtain from the superior court an order postponing any members' meeting previously noticed for a period equal to the period of such delay The members may obtain such an order in a proceeding brought pursuant to Section 8331 upon the filing of a verified complaint in the proper county and after a hearing, notice of which shall be given to such persons and in such manner as the court may direct. Such right shall be in addition to any other legal or equitable remedies to which the member may be entitled

8336 (a) Upon refusal of a lawful demand for inspection under this chapter, or a lawful demand pursuant to Section 8330 or Section 8333, the superior court of the proper county, or the county where the books or records in question are kept, may enforce the demand or right of inspection with just and proper conditions or may, for good cause shown, appoint one or more competent inspectors or independent accountants to audit the financial statements kept in this state and investigate the property, funds and affairs of any corporation or any foreign corporation keeping records in this state and of any subsidiary corporation thereof, domestic or foreign, keeping records in this state and to report thereon in such manner as the court may direct.

(b) All officers and agents of the corporation shall produce to the inspectors or accountants so appointed all books and documents in their custody or power, under penalty of punishment for contempt of court

(c) All expenses of the investigation or audit shall be defrayed by the applicant unless the court orders them to be paid or shared by the corporation

8337. In any action or proceeding under this article, and except

as required by Section 8331, if the court finds the failure of the corporation to comply with a proper demand thereunder was without justification, the court may award the member reasonable costs and expenses, including reasonable attorneys' fees, in connection with such action or proceeding.

8338. (a) A membership list is a corporate asset. Without consent of the board a membership list or any part thereof may not be used by any person for any purpose unrelated to a member's interest as a member. Without limiting the generality of the foregoing, without the consent of the board a membership list or any part thereof may not be:

(1) Used to solicit money or property unless such money or property will be used solely to solicit the vote of the members in an election to be held by their corporation; or

(2) Used for any purpose which the user does not reasonably and in good faith believe will benefit the corporation; or

(3) Used for any commercial purpose or purpose in competition with the corporation; or

(4) Sold to or purchased by any person.

(b) Any person who violates the provisions of subdivision (a) shall be liable for any damage such violation causes the corporation and shall account for and pay to the corporation any profit derived as a result of said violation. In addition, a court in its discretion may award exemplary damages for a fraudulent or malicious violation of subdivision (a)

(c) Nothing in this article shall be construed to limit the right of a corporation to obtain injunctive relief necessary to restrain misuse of a membership list

(d) In any action or proceeding under this section, a court may award the corporation reasonable costs and expenses, including reasonable attorneys' fees, in connection with such action or proceeding.

(e) As used in this section, the term "membership list" means the record of all the members' names and addresses.

CHAPTER 14. SERVICE OF PROCESS

8410. Service of process upon a corporation shall be governed by Chapter 17 (commencing with Section 1700) of Division 1 of Title 1.

CHAPTER 15. INVOLUNTARY DISSOLUTION

8510 (a) A complaint for involuntary dissolution of a corporation on any one or more of the grounds specified in subdivision (b) may be filed in the superior court of the proper county by any of the following persons:

(1) One-half or more of the directors in office.

(2) A person or persons holding or authorized in writing by persons holding not less than 33⅓ percent of the voting power

exclusive of memberships held by persons who have personally participated in any of the transactions enumerated in paragraph (5) of subdivision (b).

(3) Any member if the ground for dissolution is that the period for which the corporation was formed has terminated without extension thereof

(4) Any other person expressly authorized to do so in the articles.

(5) In the case of a corporation holding assets in charitable trust, the Attorney General.

(6) The head organization under whose authority the corporation was created, where the corporation's articles include the provision authorized by subdivision (a), paragraph (5), clause (i), of Section 7132

(b) The grounds for involuntary dissolution are that:

(1) The corporation has abandoned its activity for more than one year

(2) The corporation has an even number of directors who are equally divided and cannot agree as to the management of its affairs, so that its activities can no longer be conducted to advantage or so that there is danger that its property will be impaired or lost or its activities impaired and the members are so divided into factions that they cannot elect a board consisting of an uneven number.

(3) There is internal dissension and two or more factions of members in the corporation are so deadlocked that its activities can no longer be conducted with advantage.

(4) When during any four-year period or when all voting power has been exercised at two consecutive meetings or in two written ballots for the election of directors, whichever period is shorter, the members have failed to elect successors to directors whose terms have expired or would have expired upon election of their successors.

(5) Those in control of the corporation have been guilty of or have knowingly countenanced persistent and pervasive fraud, mismanagement or abuse of authority or persistent unfairness toward any member or the corporation's property is being misapplied or wasted by its directors or officers.

(6) In the case of any corporation with 35 or fewer members, liquidation is reasonably necessary for the protection of the rights or interests of a complaining member or members.

(7) The period for which the corporation was formed has terminated without extension of such period.

(8) The corporation is required to dissolve under the terms of any article provision adopted pursuant to subdivision (a), paragraph (5), clause (i) of Section 7132.

(c) At any time prior to the trial of the action any member, creditor or the authorized number (Section 5036) of members may intervene therein.

(d) This section does not apply to any corporation subject to:

(1) The Public Utilities Act (Part 1 (commencing with Section

201) of Division 1 of the Public Utilities Code) unless an order is obtained from the Public Utilities Commission authorizing the corporation either (a) to dispose of its assets as provided in Section 851 of the Public Utilities Code or (b) to dissolve

(2) The provisions of Article 14 (commencing with Section 1010) of Chapter 1 of Part 2 of Division 1 of the Insurance Code when the application authorized by Section 1011 of the Insurance Code has been filed by the Insurance Commissioner unless the consent of the Insurance Commissioner has been obtained.

(e) In the case of a corporation holding assets in charitable trust at the time of the filing of the complaint pursuant to subdivision (a), a copy thereof shall be served on the Attorney General.

8511. (a) The Attorney General may bring an action against any corporation or purported corporation in the name of the people of this state, upon the Attorney General's own information or upon complaint of a private party, to procure a judgment dissolving the corporation and annulling, vacating or forfeiting its corporate existence upon any of the following grounds:

(1) The corporation has seriously offended against any provision of the statutes regulating corporations.

(2) The corporation has fraudulently abused or usurped corporate privileges or powers.

(3) The corporation has violated any provision of law by any act or default which under the law is a ground for forfeiture of corporate existence.

(4) The corporation has failed to pay to the Franchise Tax Board for a period of five years any tax imposed upon it by the Bank and Corporation Tax Law.

(b) If the ground of the action is a matter or act which the corporation has done or omitted to do that can be corrected by amendment of its articles or by other corporate action, such suit shall not be maintained unless (1) the Attorney General, at least 30 days prior to the institution of suit, has given the corporation written notice of the matter or act done or omitted to be done and (2) the corporation has failed to institute proceedings to correct it within the 30-day period or thereafter fails to duly and properly make such amendment or take the corrective corporate action.

(c) In any such action the court may order dissolution or such other or partial relief as it deems just and expedient. The court also may appoint a receiver for winding up the affairs of the corporation or may order that the corporation be wound up by its board subject to the supervision of the court.

(d) Service of process on the corporation may be made pursuant to Chapter 17 (commencing with Section 1700) of Division 1 or by written notice to the president or secretary of the corporation at the address indicated in the corporation's last tax return filed pursuant to the Bank and Corporation Tax Law. The Attorney General shall also publish one time in a newspaper of general circulation in the proper county a notice to the members of the corporation

8512 If the ground for the complaint for involuntary dissolution of the corporation is a deadlock in the board as set forth in paragraph (2) of subdivision (b) of Section 8510, the court may appoint a provisional director The provisions of subdivision (d) of Section 7225 apply to any such provisional director so appointed.

8513 If, at the time of the filing of a complaint for involuntary dissolution or at any time thereafter, the court has reasonable grounds to believe that unless a receiver of the corporation is appointed the interests of the corporation or its members will suffer pending the hearing and determination of the complaint, upon the application of the plaintiff, and after a hearing upon such notice to the corporation as the court may direct and upon the giving of security pursuant to Sections 566 and 567 of the Code of Civil Procedure (except that the Attorney General shall not be required to give security), the court may appoint a receiver to take over and manage the affairs of the corporation and to preserve its property pending the hearing and determination of the complaint for dissolution

8514 After hearing the court may decree a winding up and dissolution of the corporation if cause therefor is shown or, with or without winding up and dissolution, may make such orders and decrees and issue such injunctions in the case as justice and equity require

8515. (a) Involuntary proceedings for winding up a corporation commence when the order for winding up is entered under Section 8514

(b) When an involuntary proceeding for winding up has commenced, the board shall conduct the winding up of the affairs of the corporation, subject to the supervision of the court, unless other persons are appointed by the court, on good cause shown, to conduct the winding up The directors or such other persons may, subject to any restrictions imposed by the court, exercise all their powers through the executive officers without any order of court.

8714 The payment of a debt or liability, whether the whereabouts of the creditor is known or unknown, has been adequately provided for if the payment has been provided for by either of the following means·

(a) Payment thereof has been assumed or guaranteed in good faith by one or more financially responsible persons or by the United States government or any agency thereof, and the provision (including the financial responsibility of such corporations or other persons) was determined in good faith and with reasonable care by the board to be adequate at the time of any distribution of the assets by the board pursuant to this chapter

This section does not prescribe the exclusive means of making adequate provision for debts and liabilities.

8718. Subject to the provisions of any trust under which assets to be distributed are held, distribution may be made either in money or in property or securities and either in installments from time to time or as a whole, if this can be done fairly and ratably and in conformity with the provisions of the articles and bylaws and shall be made as soon as reasonably consistent with the beneficial liquidation of the corporation assets.

8719 (a) If a corporation in process of winding up has both preferred and common memberships outstanding, a plan of distribution of the memberships, obligations or securities of any other corporation, domestic or foreign, or assets other than money which is not in accordance with the liquidation rights of the preferred memberships as specified in the articles or bylaws may nevertheless be adopted if approved by (1) the board and (2) by approval by the members (Section 5034) of each class The plan may provide that such distribution is in complete or partial satisfaction of the rights of any of such members upon distribution and liquidation of the assets

(b) A plan of distribution so approved shall be binding upon all the members except as provided in subdivision (c). The board shall cause notice of the adoption of the plan to be given by mail within 20 days after its adoption to all holders of memberships having a

liquidation preference.

The demand shall state the class of memberships held of record by the member in respect of which the member claims payment

(d) If any such demand for cash payment is filed, the board in its discretion may abandon the plan without further approval by the members (Section 5034), and all members shall then be entitled to distribution according to their rights and liquidation preferences in the process of winding up.

8720 (a) If any members, creditors or other persons are unknown or fail or refuse to accept their payment or distribution in cash or property or their whereabouts cannot be ascertained after diligent inquiry, or the existence or amount of a claim of a creditor, member or other person is contingent, contested or not determined, or if the ownership of any memberships is in dispute, the corporation may deposit any such payment, distribution or the maximum amount of such claim with the State Treasurer or with a bank or trust company in this state in trust for the benefit of those lawfully entitled thereto Such payment or distribution shall be paid over by the depositary to the lawful owners, their representatives or assigns, upon satisfactory proof of title.

Any of such persons may be joined as defendants in the same action or be brought in on the motion of any other defendant

(b) Suit may be brought in the name of the corporation to enforce the liability under subdivision (a) against any or all persons receiving the distribution by any one or more creditors of the corporation, whether or not they have reduced their claims to judgment

If none of such persons can be found with due diligence and it is so shown by affidavit to the satisfaction of the court, then the court may make an order that summons or other process be served upon the dissolved corporation by personally delivering a copy thereof, together with a copy of the order, to the Secretary of State or an assistant or deputy secretary of state with an additional copy of the summons or other process and order being delivered to the Attorney General in the case of a corporation which at the commencement of the dissolution proceedings held assets in charitable trust. Service in this manner is deemed complete on the 10th day after delivery of the process to the Secretary of State or in the case of a corporation which at the commencement of the dissolution proceedings held assets in charitable trust upon the 10th day after the later of delivery of process to the Secretary of State or Attorney General

(c) Every such corporation shall survive and continue to exist indefinitely for the purpose of being sued in any quiet title action. Any judgment rendered in any such action shall bind each and all of its members or other persons having any equity or other interest in such corporation, to the extent of their interest therein, and such action shall have the same force and effect as an action brought under the provisions of Sections 410.50 and 410.60 of the Code of Civil Procedure. Service of summons or other process in any such action may be made as provided in Chapter 4 (commencing with Section 413.10) of Title 5 of Part 2 of the Code of Civil Procedure or as provided in subdivision (b).

Any action or proceeding pending by or against the unincorporated association may be prosecuted to judgment, which shall bind the corporation, or the corporation may be proceeded against or substituted in its place.

(d) If a corporation is organized by a person who is or was an officer, director or member of an unincorporated association and such corporation is not organized pursuant to subdivision (a), the unincorporated association may continue to use its name and the corporation may not use a name which is the same as or similar to the name of the unincorporated association.

CHAPTER 2. DIRECTORS AND MANAGEMENT

Article 1 General Provisions

9210 Subject to the provisions of this part and any provision in the articles or bylaws, the activities and affairs of a corporation shall be conducted and all corporate powers shall be exercised by or under the direction of the board. The board may delegate the management of the activities of the corporation to any person or persons provided that the activities and affairs of the corporation shall be managed and all corporate powers shall be exercised under the ultimate direction of the board

9211. (a) Unless otherwise provided in the articles or (subject to subdivision (e) of Section 9151) in the bylaws:

(1) Meetings of the board may be called by the chairman of the board or the president or any vice president or the secretary or any two directors.

(2) Regular meetings of the board may be held without notice if the time and place of such meetings are fixed by the bylaws or the board. Special meetings of the board shall be held upon four days' notice by first-class mail or 48 hours' notice delivered personally or by telephone or telegraph. The articles or bylaws may not dispense with notice of a special meeting. A notice, or waiver of notice, need not specify the purpose of any regular or special meeting of the board.

(3) Notice of a meeting need not be given to any director who signed a waiver of notice or a written consent to holding the meeting or an approval of the minutes thereof, whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice to such director. All such waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meetings.

(4) A majority of the directors present, whether or not a quorum is present, may adjourn any meeting to another time and place.

(5) Meetings of the board may be held at any place within or without the state which has been designated in the notice of the meeting or, if not stated in the notice or there is no notice, designated in the bylaws or by resolution of the board.

(6) Members of the board may participate in a meeting through use of conference telephone or similar communications equipment, so long as all members participating in such meeting can hear one another. Participation in a meeting pursuant to this subdivision constitutes presence in person at such meeting.

(7) A majority of the number of directors authorized in the articles or bylaws constitutes a quorum of the board for the transaction of business.

(8) Every act or decision done or made by a majority of the

directors present at a meeting duly held at which a quorum is present is the act of the board. The articles or bylaws may not provide that a lesser vote than a majority of the directors present at a meeting is the act of the board A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of directors, if any action taken is approved by at least a majority of the required quorum for such meeting, or such greater number as is required by this division or the articles.

(b) Any action required or permitted to be taken by the board may be taken without a meeting, if all members of the board shall individually or collectively consent in writing to such action. Such written consent or consents shall be filed with the minutes of the proceedings of the board. Such action by written consent shall have the same force and effect as the unanimous vote of such directors.

(c) The provisions of this section apply also to incorporators, to committees of the board, and to action by such incorporators or such committees mutatis mutandis.

9212. (a) The board may, by resolution adopted by a majority of the number of directors then in office, provided that a quorum is present, create one or more committees, each consisting of two or more directors, to serve at the pleasure of the board. Appointments to such committees shall be by a majority vote of the directors then in office, unless the articles or bylaws require a majority vote of the number of directors authorized in the articles or bylaws. The bylaws may authorize one or more committees, each consisting of two or more directors, and may provide that a specified officer or officers who are also directors of the corporation shall be a member or members of such committee or committees. The board may appoint one or more directors as alternate members of any committee, who may replace any absent member at any meeting of the committee Any such committee, to the extent provided in the resolution of the board or in the bylaws, shall have all the authority of the board, except with respect to:

(5) The amendment or repeal of any resolution of the board which by its express terms is not so amendable or repealable.

(6) The appointment of committees of the board or the members thereof.

(b) Subdivision (a) shall not apply to any committee which does not exercise the authority of the board.

(c) Unless the bylaws otherwise provide, the board may delegate to any committee powers as authorized by Section 9210, but may not delegate the powers set forth in paragraphs (1) through (6) of

subdivision (a) of this section.

9213 (a) A corporation shall have a chairman of the board or a president or both, a secretary, a chief financial officer and such other officers with such titles and duties as shall be stated in the bylaws or determined by the board and as may be necessary to enable it to sign instruments. The president, or if there is no president, the chairman of the board, is the general manager and chief executive officer of the corporation, unless otherwise provided in the articles or bylaws. Any number of offices may be held by the same person unless the articles or bylaws provide otherwise, except that neither the secretary nor the chief financial officer may serve concurrently as the president or chairman of the board.

(b) Except as otherwise provided by the articles or bylaws, officers shall be chosen by the board and serve at the pleasure of the board, subject to the rights, if any, of an officer under any contract of employment. Any officer may resign at any time upon written notice to the corporation without prejudice to the rights, if any, of the corporation under any contract to which the officer is a party.

9214. Subject to the provisions of subdivision (a) of Section 9141 and Section 9142, any note, mortgage, evidence of indebtedness, contract, conveyance or other instrument in writing, and any assignment or endorsement thereof, executed or entered into between any corporation and any other person, when signed by the chairman of the board, the president, or any vice president, and the secretary, any assistant secretary, the chief financial officer or any assistant treasurer of such corporation, is not invalidated as to the corporation by any lack of authority of the signing officers in the absence of actual knowledge on the part of the other person that the signing officers had no authority to execute the same.

9215. The original or a copy of the bylaws or of the minutes of any incorporators', members', directors', committee or other meeting or of any resolution adopted by the board or a committee thereof, or members, certified to be a true copy by a person purporting to be the secretary or an assistant secretary of the corporation, is prima facie evidence of the adoption of such bylaws or resolution or of the due holding of such meeting and of the matters stated therein.

Article 2. Selection, Removal and Resignation of Directors

9220. (a) The articles or bylaws may provide for the tenure, election, selection, designation, removal, and resignation of directors.

(b) In the absence of any provision in the articles or bylaws, the term of directors shall be one year.

(c) Unless the articles or bylaws otherwise provide, each director, including a director elected to fill a vacancy, shall hold office until the expiration of the term for which elected and until a successor has been elected and qualified.

9221. The board may declare vacant the office of a director who

has been declared of unsound mind by a final order of court, or convicted of a felony

9222. (a) Except as provided in the articles or bylaws and subject to subdivision (b) of this section, any or all directors may be removed without cause if such removal is approved by the members (Section 5034).

(b) Except for a corporation having no members pursuant to Section 9310, when by the provisions of the articles or bylaws the members of any class, voting as a class, are entitled to elect one or more directors, any director so elected may be removed only by the applicable vote of the members of that class.

(c) Any reduction of the number of directors authorized in the articles or bylaws does not remove any director prior to the expiration of such director's term of office.

9223. (a) The superior court of the proper county may, at the suit of a director, or twice the authorized number (Section 5036) of members, remove from office any director in case of fraudulent acts and may bar from reelection any director so removed for a period prescribed by the court. The corporation shall be made a party to such action.

(b) The Attorney General may bring an action under subdivision (a), may intervene in such an action brought by any other party and shall be given notice of any such action brought by any other party.

9224. (a) Unless otherwise provided in the articles or bylaws and except for a vacancy created by the removal of a director by the members, vacancies on the board may be filled by a majority of the directors then in office, whether or not less than a quorum, or by a sole remaining director.

(b) Subject to any provision in the articles or bylaws, the members may elect a director at any time to fill any vacancy not filled by the directors.

(c) Any director may resign effective upon giving written notice to the chairman of the board, the president, the secretary or the board of directors of the corporation, unless the notice specifies a later time for the effectiveness of such resignation. If the resignation is effective at a future time, a successor may be elected to take office when the resignation becomes effective.

9225. (a) Except as otherwise provided in the articles or bylaws, if the directors are equally divided so that there is danger that the property of the corporation will be impaired or lost, the superior court of the proper county may appoint a provisional director pursuant to this section. Action for such appointment may be brought by any director or by members holding 33⅓ percent of the voting power.

(b) A provisional director shall be an impartial person. A provisional director shall have all the rights and powers of a director until such provisional director is removed by order of the court or by approval of a majority of all members (Section 5033). Such person shall be entitled to such compensation as shall be fixed by the court

unless otherwise agreed with the corporation.

9226 No director may resign where the corporation would then be left without a duly elected director or directors in charge of its affairs

Article 3 Examination by Attorney General

9230 (a) Upon reasonable grounds to believe that the following condition or conditions have occurred or do exist, the Attorney General may, at reasonable times, examine a corporation to determine whether·

(2) There is or has been any fraudulent activity in connection with the corporation's property; or

(3) Any corporate property is or has been improperly diverted for the personal benefit of any person; or

(5) There has been a substantial diversion of corporate assets from stated corporate purposes

(b) In connection with the above examination, the Attorney General may institute an action in the name of the state to correct any wrongful activity.

Article 4. Standards of Conduct

Article 1. Issuance of Memberships

(b) If the articles or bylaws provide for classes of membership in which the differences are not merely the number of votes entitled to be cast by members of the class, and if the articles or bylaws permit a person to be a member of more than one class, a person may hold one membership in any such class.

9313. Except as provided in its articles or bylaws, a corporation may admit any person to membership

Article 2. Transfer of Memberships

9410 (a) The articles or bylaws may provide any reasonable method of calling, noticing, and holding general or special meetings of members or obtaining approval of members (Section 5034) or approval of a majority of members (Section 5033), provided that the provisions of this chapter shall apply to any such general or special meeting or approval in the absence of a contrary provision in the articles or bylaws.

(b) Anything in subdivision (a) to the contrary notwithstanding, the articles or bylaws may not vary the provisions of subdivision (e) of Section 9411, subdivisions (b) and (c) of Section 9412 (if written ballots are authorized); Section 9414; subdivisions (d) and (e) of Section 9417 (if proxies are authorized), or Section 9418.

9411 (a) Subject to the provisions of this chapter, general and special meetings of members shall be called, noticed and held as may be ordered by the directors.

(b) Special meetings of members may be called by the board or the chairman of the board or the president. In addition, special meetings of members may be called by 5 percent or more of the members.

(c) Upon request in writing to the chairman of the board, president, vice president or secretary by any person (other than the board) entitled to call a special meeting of members, the board shall expeditiously set a reasonable time and place for the meeting and the officer forthwith shall cause notice to be given to the members entitled to vote of the time and place of the meeting. If the notice is not given within 20 days after receipt of the request, the persons entitled to call the meeting may give the notice or the superior court of the proper county shall summarily order the giving of the notice, after notice to the corporation giving it an opportunity to be heard. The court may issue such orders as may be appropriate, including, without limitation, orders designating the time and place of the meeting, the record date for determination of members entitled to vote and the form of notice

(d) The transactions of any meeting of members, however called and noticed, and wherever held, are as valid as though had at a meeting duly held after regular call and notice, if a quorum is present either in person or by proxy, and if, either before or after the meeting, each of the persons entitled to vote, not present in person or by proxy, signs a written waiver of notice or a consent to the holding of the meeting or an approval of the minutes thereof All

such waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meeting Attendance of a person at a meeting shall constitute a waiver of notice of and presence at such meeting, except when the person objects, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened and except that attendance at a meeting is not a waiver of any right to object to the consideration of matters required by this part to be included in the notice but not so included, if such objection is expressly made at the meeting. Neither the business to be transacted at nor the purpose of any regular or special meeting of members need be specified in any written waiver of notice, consent to the holding of the meeting or approval of the minutes thereof except as provided in subdivision (e).

(e) Any member approval required under Section 9222, 5812 (made applicable pursuant to Section 9620) or subdivision (b) of Section 9680 other than unanimous approval by those entitled to vote, shall be valid only if the general nature of the proposal so approved was stated in the notice of meeting or in any written waiver of notice.

9412. (a) Subject to any contrary provision in the articles or bylaws, a majority of the voting power, represented in person, by written ballot, or by proxy, shall constitute a quorum at a meeting of members. If a quorum is present, the affirmative vote of the majority of the voting power represented at the meeting, entitled to vote, and voting on any matter shall be the act of the members.

(b) Where a bylaw authorizes a corporation to conduct a meeting with a quorum of less than one-third of the voting power, then the only matters that may be voted upon at any meeting actually attended, in person or by proxy, by less than one-third of the voting power are matters notice of the general nature of which was given to the members at least 10 days before the meeting.

(c) Subject to subdivision (b), the members present at a duly called or held meeting at which a quorum is present may continue to transact business until adjournment notwithstanding the withdrawal of enough members to leave less than a quorum, if any action taken (other than adjournment) is approved by at least a majority of the members required to constitute a quorum.

(d) In the absence of a quorum, any meeting of members may be ajourned from time to time by the vote of a majority of the votes represented either in person or by proxy, but no other business may be transacted, except as provided in subdivision (c).

9413. (a) Any action which may be taken at any regular or special meeting of members may be taken without a meeting if the written ballot of every member is solicited, if the required number of signed approvals in writing, setting forth the action so taken, is received, and if the requirements of subdivision (c) are satisfied.

(b) All solicitations of ballots shall indicate the time by which the ballot must be returned to be counted.

(c) Approval by written ballot pursuant to this section shall be valid only when the number of ballots cast on or before the time the ballot must be returned to be counted equals or exceeds the quorum required to be present at a meeting authorizing the action, and the number of approvals equals or exceeds the number of votes that would be required to approve at a meeting at which the total number of vote. cast was the same as the number of ballots cast.

(d) Subject to Section 9417, any member casting a ballot or the proxyholders of a member may revoke the ballot, or substitute another, by a writing received by the corporation prior to the time the ballot is counted, but may not do so thereafter. Such revocation is effective upon its receipt by the secretary of the corporation.

9414. (a) If for any reason it is impractical or impossible for any corporation to call or conduct a meeting of its members or directors, or otherwise obtain their consent, in the manner prescribed by its articles or bylaws, or this part, then the superior court of the proper county, upon petition of a director, officer, member or the Attorney General, may order that such a meeting be called or that a written ballot or other form of obtaining the vote of members or directors be authorized, in such a manner as the court finds fair and equitable under the circumstances.

(b) The court shall, in an order issued pursuant to this section, provide for a method of notice reasonably designed to give actual notice to all parties who would be entitled to notice of a meeting held pursuant to the articles, bylaws and this part, whether or not the method results in actual notice to every such person, or conforms to the notice requirements that would otherwise apply In a proceeding under this section the court may determine who the members or directors are.

(c) The order issued pursuant to this section may dispense with any requirement relating to the holding of and voting at meetings or obtaining of votes, including any requirement as to quorums or as to the number or percentage of votes needed for approval, that would otherwise be imposed by the articles, bylaws, or this part.

(d) Wherever practical any order issued pursuant to this section shall limit the subject matter of the meetings or other forms of consent authorized to items, including amendments to the articles or bylaws, the resolution of which will or may enable the corporation to continue managing its affairs without further resort to this section; provided, however, that an order under this section may also authorize the obtaining of whatever votes and approvals are necessary for the dissolution, merger, sale of assets or reorganization of the corporation.

(e) Any meeting or other method of obtaining the vote of members or directors conducted pursuant to an order issued under this section, and which complies with all the provisions of such order, is for all purposes a valid meeting or vote, as the case may be, and shall have the same force and effect as if it complied with every requirement imposed by the articles, bylaws and this part.

9415 A member may not cumulate votes for the election of directors.

9416. Each member shall be entitled to one vote on each matter submitted to a vote of the members.

9417 (a) Every person entitled to vote a membership may authorize another person or persons to act by proxy with respect to such membership, except that this right may be limited or withdrawn by the articles or bylaws. Any proxy purported to be executed in accordance with the provisions of this part shall be presumptively valid.

(b) No proxy shall be valid after the expiration of 11 months from the date thereof unless otherwise provided in the proxy, except that the maximum term of any proxy shall be three years from the date of execution Every proxy continues in full force and effect until revoked by the person executing it prior to the vote pursuant thereto. Such revocation may be effected by a writing delivered to the corporation stating that the proxy is revoked or by a subsequent proxy executed by the person executing the prior proxy and presented to the meeting, or as to any meeting by attendance at such meeting and voting in person by the person executing the proxy.

(c) A proxy is not revoked by the death or incapacity of the maker or the termination of a membership as a result thereof unless, before the vote is counted, written notice of such death or incapacity is received by the corporation.

(d) The proxy of a member may not be irrevocable.

(e) Any proxy covering matters requiring a vote of the members pursuant to Section 5812 (made applicable pursuant to Section 9620), subdivision (b) of Section 9630, Section 6014 or subdivision (a) of Section 6015 (made applicable pursuant to Section 9640), or subdivision (b) of Section 9680 is not valid unless it sets forth the general nature of the matter to be voted on.

9418. (a) Upon the filing of an action therefor by any director or member, or by any person who had the right to vote in the election at issue after such director, member, or person has exhausted any remedies provided in the articles or bylaws, the superior court of the proper county shall determine the validity of any election or appointment of any director of any corporation.

(b) Upon the filing of the complaint, and before any further proceedings are had, the court shall enter an order fixing a date for the hearing, which shall be within five days unless for good cause shown a later date is fixed, and requiring notice of the date for the hearing and a copy of the complaint to be served upon the corporation and upon the person whose purported election or appointment is questioned and upon any person (other than the plaintiff) whom the plaintiff alleges to have been elected or appointed, in the manner in which a summons is required to be served, or, if the court so directs, by registered mail; and the court may make such further requirements as to notice as appear to be proper under the circumstances.

(c) The court, consistent with the provisions of this part and in conformity with the articles and bylaws to the extent feasible, may determine the person entitled to the office of director or may order a new election to be held or appointment to be made, may determine the validity of the issuance of memberships and the right of persons to vote and may direct such other relief as may be just and proper.

9514. (a) Upon refusal of a lawful demand for inspection under this chapter, the superior court of the proper county, or the county where the books or records in question are kept, may enforce the demand or right of inspection with just and proper conditions or may, for good cause shown, appoint one or more competent inspectors or independent accountants to audit the financial statements kept in this state and investigate the property and funds of any corporation or any foreign corporation keeping records in this state and of any subsidiary corporation thereof, domestic or foreign, keeping records in this state and to report thereon in such manner as the court may direct.
