[Approved by Governor January 23, 1978. Filed with Secretary of State January 23, 1978]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7 (commencing with Section 41260) is added to Part 2 of Division 31 of the Health and Safety Code, to read:

CHAPTER 7. SOLAR ENERGY DEMONSTRATION LOAN PROGRAM

41260. The department shall conduct a demonstration program of loans, as provided in this chapter, to finance residential installations designed to collect and convert solar energy for provision of domestic hot water or space heating, or both. Eligibility for participation in such loan program shall be limited to owners of dwellings (1) damaged or destroyed by a disaster for which a state of emergency has been proclaimed by the Governor on or after July 1, 1977, pursuant to Article 13 (commencing with Section 8625) of Chapter 7 of Division 1 of Title 1 of the Government Code and (2) located within the area designated in the Governor's proclamation. Solar energy collection and conversion equipment financed pursuant to this chapter shall be installed in conjunction with repair of such damage or replacement of the dwelling on the same site.

41261. (a) Not later than 30 days following the effective date of this chapter, the State Energy Resources Conservation and Development Commission shall adopt criteria for installations to be financed hereunder. Only installations of a type approved by the commission shall be eligible for financing.

(b) Loans made pursuant to this chapter shall not exceed two thousand dollars ($2,000) per dwelling and, except as provided in subdivision (c), shall be repaid in 18 monthly installments commencing 12 months from the date of disbursement of the loan funds. As a condition to making such a loan, the department, if requested by the State Energy Resources Conservation and Development Commission, shall require borrowers to report monthly consumption of energy from conventional energy sources.

(c) As a condition to making a loan pursuant to this chapter, the department may require that any tax credit paid under the laws of this state to a borrower, by reason of the borrower's installation of

solar space or water-heating equipment financed under this chapter, be transmitted or assigned to the department for the purpose of reducing the balance of such loan. The repayment schedule shall be correspondingly shortened in duration to compensate for such a reduction in the loan balance.

(d) The department shall adopt procedures to be followed in the event of default with respect to loans made pursuant to this chapter. Upon default of any obligation under a loan contract executed pursuant to this chapter, the department shall record a certificate of default with the county recorder of the county in which is situated the real property improved with the proceeds of the defaulted loan. The certificate of default shall specify the defaulting party, the legal description of the real property improved with the proceeds of such loan, the principal balance and any portion of the loan origination fee remaining due with respect to such loan, and a declaration that the department has complied with all applicable laws with regard to the enforcement of such obligation. Upon recordation of the certificate of default, such obligation shall constitute a lien upon real property of the borrower improved with the proceeds of the loan, as well as a personal obligation of the borrower. Repeal of this chapter shall not extinguish the loan obligation and shall not impair the lien specified in this subdivision or the authority of the department to pursue appropriate action for collection.

(e) Priority in the allocation of loan funds shall be based exclusively upon the time of submission of loan applications, with the earliest receiving highest priority.

41262. Loans made pursuant to this chapter shall bear no interest. However, the department shall require the borrower to pay a loan origination fee to defray the cost of making and servicing the loan. The loan origination fee shall not exceed 2 percent of the loan amount and may, in the discretion of the department, be deducted from the proceeds of the loan or added to the principal amount of the loan for amortization during the term of the loan.

41263. There is established in the State Treasury a Solar-Energy Revolving Loan Fund. All money in the fund is hereby continuously appropriated to the department for making loans pursuant to this chapter and for defraying the department's costs in administering the loan program. However, except for initial operating expenses authorized by Section 7 of the act enacting this chapter, only such amounts as are received by the department as loan origination fees may be expended for administrative expenses of the department.

All moneys received by the department in repayment of loans made pursuant to this chapter, including loan origination fees paid to the department on account of such loans, shall be deposited in the Solar-Energy Revolving Loan Fund.

41264. The department shall adopt rules and regulations for the implementation of the provisions of this chapter.

41265. This chapter shall remain in effect only until December 31, 1980, and as of such date is repealed, unless a later enacted statute,

which is chaptered on or before December 31, 1980, deletes or extends such date.

SEC. 1.5. Chapter 7 (commencing with Section 50680) is added to Part 2 of Division 31 of the Health and Safety Code, as added by Chapter 610 of the Statutes of 1977, to read:

CHAPTER 7. SOLAR ENERGY DEMONSTRATION LOAN PROGRAM

50680. The department shall conduct a demonstration program of loans, as provided in this chapter, to finance residential installations designed to collect and convert solar energy for provision of domestic hot water or space heating, or both. Eligibility for participation in such loan program shall be limited to owners of dwellings (1) damaged or destroyed by a disaster for which a state of emergency has been proclaimed by the Governor on or after July 1, 1977, pursuant to Article 13 (commencing with Section 8625) of Chapter 7 of Division 1 of Title 1 of the Government Code and (2) located within the area designated in the Governor's proclamation. Solar energy collection and conversion equipment financed pursuant to this chapter shall be installed in conjunction with repair of such damage or replacement of the dwelling on the same site.

50681. (a) The State Energy Resources Conservation and Development Commission shall adopt criteria for installations to be financed hereunder. Only installations of a type approved by the commission shall be eligible for financing.

(b) Loans made pursuant to this chapter shall not exceed two thousand dollars ($2,000) per dwelling and, except as provided in subdivision (c), shall be repaid in 18 monthly installments commencing 12 months from the date of disbursement of the loan funds. As a condition to making such a loan, the department, if requested by the State Energy Resources Conservation and Development Commission, shall require borrowers to report monthly consumption of energy from conventional energy sources.

(c) As a condition to making a loan pursuant to this chapter, the department may require that any tax credit paid under the laws of this state to a borrower, by reason of the borrower's installation of solar space or water-heating equipment financed under this chapter, be transmitted or assigned to the department for the purpose of reducing the balance of such loan. The repayment schedule shall be correspondingly shortened in duration to compensate for such a reduction in the loan balance.

(d) The department shall adopt procedures to be followed in the event of default with respect to loans made pursuant to this chapter. Upon default of any obligation under a loan contract executed pursuant to this chapter, the department shall record a certificate of default with the county recorder of the county in which is situated the real property improved with the proceeds of the defaulted loan. The certificate of default shall specify the defaulting party, the legal description of the real property improved with the proceeds of such

loan, the principal balance and any portion of the loan origination fee remaining due with respect to such loan, and a declaration that the department has complied with all applicable laws with regard to the enforcement of such obligation. Upon recordation of the certificate of default, such obligation shall constitute a lien upon real property of the borrower improved with the proceeds of the loan, as well as a personal obligation of the borrower. Repeal of this chapter shall not extinguish the loan obligation and shall not impair the lien specified in this subdivision or the authority of the department to pursue appropriate action for collection.

(e) Priority in the allocation of loan funds shall be based exclusively upon the time of submission of loan applications, with the earliest receiving highest priority.

50682. Loans made pursuant to this chapter shall bear no interest. However, the department shall require the borrower to pay a loan origination fee to defray the cost of making and servicing the loan. The loan origination fee shall not exceed 3 percent of the loan amount and may, in the discretion of the department, be deducted from the proceeds of the loan or added to the principal amount of the loan for amortization during the term of the loan.

50683. There is continued in existence in the State Treasury a Solar-Energy Revolving Loan Fund. All money in the fund is hereby continuously appropriated to the department for making loans pursuant to this chapter and for defraying the department's costs in administering the loan program. However, except for initial operating expenses authorized by Section 7 of the act enacting this chapter, only such amounts as are received by the department as loan origination fees may be expended for administrative expenses of the department.

All moneys received by the department in repayment of loans made pursuant to this chapter, including loan origination fees paid to the department on account of such loans, shall be deposited in the Solar-Energy Revolving Loan Fund. Upon repeal of this chapter the fund shall be dissolved and all moneys in the fund transferred to the General Fund in the State Treasury. Any moneys thereafter received by the department in repayment of loans made pursuant to this chapter shall be deposited in the General Fund.

50684. The department shall adopt rules and regulations for the implementation of the provisions of this chapter.

50685. This chapter shall remain in effect only until December 31, 1980, and as of such date is repealed, unless a later enacted statute, which is chaptered on or before December 31, 1980, deletes or extends such date.

SEC. 2. Section 40031 of the Revenue and Taxation Code is amended to read:

40031. Following submission of the Governor's budget each year by the Governor, the board shall determine, on the basis of expenditures authorized in the budget to be made from the State Energy Resources Conservation and Development Special Account

in the General Fund, the unappropriated balance in that account, and its estimate of kilowatt-hours to which the surcharge will apply, a surcharge rate that it estimates will produce sufficient revenues to fund the expenditures authorized.

SEC. 3. Section 40032 of the Revenue and Taxation Code is amended to read:

40032. The board shall make its determination of such surcharge rate each year no later than February 1st and shall fix the new rate which shall be effective as provided in Section 40034. The rate shall be fixed within the limits of the following schedule.

Schedule

Zero to two-tenths of a mill ($0.0002) graduated in hundredths of a mill increments.

A rate fixed by the board shall continue for successive periods unless changed.

SEC. 4. Section 40033 of the Revenue and Taxation Code is amended to read:

40033. Immediately upon making its determination and fixing the surcharge rate the board shall each year no later than February 1st publish in its minutes the new rate, and it shall notify by mail every electric utility registered with it of the new rate.

SEC. 5. Section 40034 of the Revenue and Taxation Code is amended to read:

40034. The new rate fixed by the board pursuant to Section 40032 shall apply with respect to billing periods beginning on or after March 1 of the year in which the new rate is fixed.

SEC. 6. Section 40034.5 is added to the Revenue and Taxation Code, to read:

40034.5. After enactment of the Budget Act, the board shall review the existing surcharge rate and, upon formal recommendation of the Department of Finance, adjust it if necessary to produce sufficient revenue for expenditures authorized. In the event of an adjusted rate and in the manner provided in Sections 40031, 40032 and 40033, the adjusted rate shall be determined and published no later than August 1st and shall apply with respect to billing periods beginning on or after September 1st.

SEC. 7. The sum of two hundred thousand dollars ($200,000) is hereby appropriated from the General Fund for transfer to the Solar-Energy Revolving Loan Fund. Not more than twenty thousand dollars ($20,000) of such amount may be used for the initial expenses of the Department of Housing and Community Development in administering Chapter 7 (commencing with Section 41260) and Chapter 7 (commencing with Section 50680) of Part 2 of Division 31 of the Health and Safety Code; provided, that loan origination fees, as authorized by such provisions, shall be utilized to defray further administrative costs thereunder.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within

the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to provide the State Board of Equalization with sufficient time to prepare to perform the duties which are imposed upon it by this act, it is necessary that the provisions of this act relating to the board take effect immediately.

Also, incorporation of solar energy technology in building practices, as such technology develops, is a promising and vital element in assuring California an adequate supply of energy in the future. The disastrous Santa Barbara fire of July 26, 1977, presents a unique opportunity for installing and demonstrating solar space and water heating, as dwellings are rebuilt, on a scale which can provide significant data relative to the potential of such technology for reducing consumption of energy from conventional sources. However, in order to permit installation of solar equipment during such reconstruction, it is necessary that the provisions of this act relating to loans for solar space and water heating take effect immediately.

The people of the State of California do enact as follows:

The Director of Finance shall include such estimates in the Budget Bill submitted to the Legislature.

SEC. 3. Section 1330 of the Education Code is amended to read:

1330. (a) The Superintendent of Public Instruction or the Chancellor of the California Community Colleges, as appropriate, shall represent, and exercise all rights of appeal to the Unemployment Insurance Appeals Board under this part on behalf of school employers held under Section 1336 of the Unemployment Insurance Code.

(b) The Superintendent of Public Instruction or Chancellor of the California Community Colleges is hereby authorized to obtain pertinent personnel records and data from any school employer and to act as an agent individually or collectively for school employers in matters pertaining to unemployment insurance.

(c) Each county superintendent of schools, shall have the responsibility of establishing, coordinating, and maintaining, either directly or by contract, an unemployment insurance management system for each school employer participating in the School Employees Fund under Article 6 (commencing with Section 821) of Chapter 3 of Part 1 of Division 1 of the Unemployment Insurance Code. A management system shall include general administration, claims management, appointment of hearing representatives, representation of school employers at hearings, and other duties related to the unemployment insurance program in their jurisdiction. These duties and responsibilities may be delegated to

any school district, community college district, another county superintendent of schools, or any combination of these entities, including programs under joint powers agreements for the purpose of consolidation for economy and employment of specialists, including the services of a regional data center operated by a county superintendent of schools or the data-processing services of a school district or a community college district. Any school employer which fails to pay the contributions, interest, charges or levies within the time required shall be liable for interest on moneys due at the rate of 1 percent per month or fraction thereof from and after the date of delinquency until paid. If the school employer fails, without good cause, to pay any sums required within the time required a penalty of 10 percent of the amount noticed, billed or required shall be made by the administrator. The administrator may for good cause waive all or a portion of interest and penalty.

(e) The administrator of the School Employees Fund shall, from available interest earnings, pursuant to investments authorized by Section 822 of the Unemployment Insurance Code, transfer each year an amount equal to two dollars ($2) per covered employee for all districts participating in the School Employees Fund under Article 6 (commencing with Section 821) of Chapter 3 of Part 1 of Division 1 of the Unemployment Insurance Code, to the State Superintendent of Public Instruction or the Chancellor of the California Community Colleges, as appropriate. (g) For the fiscal year 1978–79, and each fiscal year thereafter, the administrator of the School Employees Fund shall transfer such funds by December 31 of each year based on the reports received from the Superintendent of Public Instruction or Chancellor of the California Community Colleges by November 30 of each year. Such reports shall be compiled from the number of covered employees as reported by the county superintendent of schools or community colleges, as appropriate, to the State Superintendent of Public Instruction or the Chancellor of the California Community Colleges by November 1 of each year, based on the covered employees employed in the preceding calendar month. Such funds shall be apportioned by the Superintendent of Public Instruction and the Chancellor of the California Community Colleges prior to January 31 of each year to the county superintendent of schools, less the actual administrative costs of the State Superintendent of Public Instruction or the Chancellor of the California Community Colleges, which shall not exceed an aggregate amount of five cents ($0.05) per covered employee. Funds for the cost of administering the Unemployment Insurance Management System shall be apportioned to each county superintendent of schools according to the number of covered employees in each district reported by him or her, and shall be used only for the purpose of covering actual administrative costs incurred pursuant to Section 1330.

803. (a) As used in this section "entity" means any employing unit that is authorized by any provision of Article 4 (commencing with Section 701) of this chapter or by Section 801 or 802 to elect a method of financing coverage permitted by this section.

(b) In lieu of the contributions required of employers, an entity may elect any one of the following:

(1) To pay into the Unemployment Fund the cost of benefits, including extended duration benefits and federal-state extended benefits, paid based on base period wages with respect to employment for the entity and charged to its account in the manner provided by Section 1026, pursuant to authorized regulations which shall prescribe the rate or amount, time, manner, and method of payment or advance payment or providing a good and sufficient bond to guarantee payment of contributions.

(2) Two or more entities may, pursuant to authorized regulations, file an application with the director for the establishment of a joint account for the purpose of determining the rate of contributions they shall pay into the Unemployment Fund to reimburse the fund for benefits paid with respect to employment for such entities. The members of the joint account may share the cost of benefits, including extended duration benefits and federal-state extended benefits, paid based on the base period wages with respect to employment for such members and charged to the joint account in the manner provided by Section 1026. The director shall prescribe authorized regulations for the establishment, maintenance, and dissolution of joint accounts, and for the rate or amount, time, manner, and method of payment or advance payment or providing a good and sufficient bond to guarantee payment of contributions by the members of joint accounts, on the cost of benefits charged in the manner provided by Section 1026.

(c) Sections 1030, 1031, 1032, and 1032.5, and any provision of this division for the noncharging of benefits to the account of an employer, shall not apply to an election under subdivision (b) of this section. The cost of benefits charged to an entity under this section shall include, but not be limited to, benefits or payments improperly

paid in excess of a weekly benefit amount, or in excess of a maximum benefit amount, or otherwise in excess of the amount which should have been paid, due to any computational or other error of any type by the Employment Development Department or the Department of Benefit Payments, whether or not such error could be anticipated.

(d) In making the payments prescribed by subdivision (b) there shall be paid or credited to the Unemployment Fund, either in advance or by way of reimbursement, as may be determined by the director, such sums as he or she estimates the Unemployment Fund will be entitled to receive from each entity for each calendar quarter, reduced or increased by any sum by which he or she finds that his or her estimates for any prior calendar quarter were greater or less than the amounts which should have been paid to the fund. Such estimates may be made upon the basis of such statistical sampling, or other method as may be determined by the director.

Upon making such determination, the director shall give notice of the determination, pursuant to Section 1140, to the entity. The director may cancel any contributions or portion thereof which he or she finds has been erroneously determined. The director shall charge to any special fund, which is responsible for the salary of any employee of an entity, the amount determined by the director for which the fund is liable pursuant to this section. The contributions due from the entity shall be paid from the liable special fund, the General Fund, or other liable fund to the Unemployment Fund by the Controller or other officer or person responsible for disbursements on behalf of the entity within 30 days of the date of mailing of the director's notice of determination to the entity. The director for good cause may extend for not to exceed 60 days the time for paying without penalty the amount determined and required to be paid. Contributions are due upon the date of mailing of the notice of determination and are delinquent if not paid on or before the 30th day following the date of mailing of such notice. Any entity which fails to pay the contributions required within the time required shall be liable for interest on the contributions at the rate of 1 percent per month or fraction thereof from and after the date of delinquency until paid, and any entity which without good cause fails to pay any contributions required within the time required shall pay a penalty of 10 percent of the amount of such contributions. If the entity fails to pay the contributions required on or before the delinquency date, the director may assess the entity for the amount required by the notice of determination. The provisions of Article 8 (commencing with Section 1126) of Chapter 4 of Part 1 of this division with respect to the assessment of contributions, and the provisions of Chapter 7 (commencing with Section 1701) of Part 1 of this division with respect to the collection of contributions, shall apply to the assessments provided by this section. The provisions of Sections 1177 to 1184, inclusive, relating to refunds and overpayments, shall apply to amounts paid to the Unemployment Fund pursuant to this section.

(e) The director may terminate the election of any entity for

financing under this section if the entity is delinquent in the payment of advances or reimbursements required by the director under this section. After any such termination the entity may again make an election pursuant to this section but only if it is not delinquent in the payment of contributions and not delinquent in the payment of advances or reimbursements required by the director under this section.

(f) Notwithstanding any other provision of this section, no entity shall be liable for that portion of any extended duration benefits or federal-state extended benefits which is reimbursed or reimbursable by the federal government to the State of California.

(g) After the termination of any election under this section, the entity shall remain liable for its proportionate share of the cost of benefits paid and charged to its account in the manner provided by Section 1026, which are based on wages paid for services during the period of the election. Any such liability may be charged against any remaining balance of a prior reserve account used by the entity pursuant to Section 712 or 713. Any portion of such remaining balance shall be included in the reserve account of the entity following any termination of an election under this section which occurs prior to the expiration of a period of three consecutive years commencing with the effective date of such election. For purposes of Section 982, the period of an election under Section 803 shall, to the extent permitted by federal law, be included as a period during which a reserve account has been subject to benefit charges.

SEC. 60. Section 803.2 of the Unemployment Insurance Code is amended to read:

803.2. Notwithstanding any other provision of this article, a nonprofit organization which elected reimbursement financing under Section 803 and which has acquired a previously accumulated favorable reserve account under Section 712 or 713 shall be liable for the reimbursement of benefits pursuant to such election for any benefits chargeable to the reserve account and based upon wages paid prior to such election, to the extent that such benefits exceed the previously accumulated favorable reserve account.

SEC. 61. Section 804 is added to the Unemployment Insurance Code, to read:

804. To the extent permitted by federal law, including Section 121(e) of Public Law 94-566, any nonprofit organization or public entity (as defined by Section 605) which elects a method of financing under Section 803 shall not be liable to reimburse the cost of benefits paid to any individual whose base period wages include wages for services performed prior to January 1, 1978, if such benefits are reimbursable by the federal government under Section 121 of Public Law 94-566 and to the extent that such individual would not have been eligible for such benefits had this state not provided for benefits payable based on services performed prior to January 1, 1978.

SEC. 62. Section 821 of the Unemployment Insurance Code is amended to read:

821. (a) Each school employer may, in lieu of the contributions required of employers, elect to pay into the Unemployment Fund the cost of benefits, including extended duration benefits and federal-state extended benefits, paid based on base period wages with respect to employment for such employing unit and charged to its account in the manner provided by Section 1026, pursuant to authorized regulations which shall prescribe the rate or amount, time, manner, and method of payment or advance payment or providing a good and sufficient bond to guarantee payment of contributions. The provisions of this article shall apply to school employers who have elected financing under this section.

(b) Sections 1030, 1031, 1032, and 1032.5, and any provision of this division for the noncharging of benefits to the account of an employer, shall not apply to an employing unit under subdivision (a) of this section. The cost of benefits charged to a school employer under this section shall include, but not be limited to, benefits or payments improperly paid in excess of a weekly benefit amount, or in excess of a maximum benefit amount, or otherwise in excess of the amount which should have been paid, due to any computational or other error of any type by the Employment Development Department or the Department of Benefit Payments, whether or not such error could be anticipated.

(c) In making the payments prescribed by subdivision (a), there shall be paid or credited to the Unemployment Fund, either in advance or by way of reimbursement, as may be determined by the director, such sums as he or she estimates the Unemployment Fund will be entitled to receive from each employing unit for each calendar quarter, reduced or increased by any sum by which he or she finds that his or her estimates for any prior calendar quarter were greater or less than the amounts which should have been paid to the fund. Such estimates may be made upon the basis of such statistical sampling, or other method as may be determined by the director.

Upon making such determination, the director shall mail notice of the determination to the employing unit.

The director may cancel any contributions or portion thereof which he or she finds have been erroneously determined. The contributions due from the employing units shall be paid, transferred or credited from the School Employees Fund established in the State Treasury by Section 822 to the Unemployment Fund by the State Treasurer, State Controller, or other officer or person responsible for disbursements on behalf of the employing unit within 30 days of the date of mailing of the director's notice of determination to the employing unit.

Each employing unit shall send a copy of any and all notices, billings, or correspondence not normally routed to the administrator and the Superintendent of Public Instruction, regarding unemployment insurance for the school employees to the administrator, the Superintendent of Public Instruction, and county superintendent of schools, or agent thereof with timely

documentation of charges or determination. The provisions of Article 8 (commencing with Section 1126) of Chapter 4 of this part with respect to the assessment of contributions, and the provisions of Chapter 7 (commencing with Section 1701) of this part with respect to the collection of contributions, shall apply to the assessments provided by this article. The provisions of Sections 1177 to 1184, inclusive, relating to refunds and overpayments, shall apply to amounts paid to the Unemployment Fund pursuant to this section.

(d) Notwithstanding any other provision of this section, no employing unit shall be liable for that portion of any extended duration benefits or federal-state extended benefits which is reimbursed or reimbursable by the federal government to the State of California.

(e) To the extent permitted by federal law, including Section 121(e) of Public Law 94-566, any school employer which elects a method of financing under this article shall not be liable to reimburse the cost of benefits paid to any individual whose base period wages include wages for services performed prior to January 1, 1978, if such benefits are reimbursable by the federal government under Section 121 of Public Law 94-566 and to the extent that such individual would not have been eligible for such benefits had this state not provided for benefits payable based on services performed prior to January 1, 1978.

(f) The administrator and the Superintendent of Public Instruction shall adopt rules and regulations for the administration of their respective functions under this article in accordance with Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code. Regulations of the administrator shall be subject to the provisions of Article 1 (commencing with Section 301) of Chapter 2 of Part 1 of Division 1. Rules and regulations of the Superintendent of Public Instruction shall not be subject to the provisions of Article 1 (commencing with Section 301) of Chapter 2 of Part 1 of Division 1.

(g) Any election for financing coverage under this section shall take effect with respect to services performed from and after the first day of the calendar quarter in which the election is filed with the director, and shall continue in effect for not less than two full calendar years. Thereafter, the election under this section may be terminated as of January 1 of any calendar year only if the school employer, on or before the 31st day of January of that year, or on or before the 30th day after the effective date of this section, has filed with the director a written application for termination. The director may for good cause waive the requirement that a written application for termination shall be filed on or before the 31st day of January. An election for financing coverage under this section is deemed to have been filed by every school employer effective as of January 1, 1976, is deemed to have been in effect for two calendar years prior to January 1, 1978, and may be terminated as of January 1, 1978, or as of January 1, 1980, or any later January 1 pursuant to this section.

Upon the termination of any election under this section, the school employer shall be and remain liable for all benefits paid based upon wages paid by such school employer during the period of an election under this section.

SEC. 63. Section 821.4 is added to the Unemployment Insurance Code, to read:

821.4. As used in this article, "employing unit" and "school employer" means the governing board of any school district or community college district, any county board of education, any county superintendent of schools, or any personnel commission of a school district or community college district which has a merit system pursuant to any provision of the Education Code, or any instrumentality of the foregoing, or any instrumentality of more than one of the foregoing, which employs one or more employees.

SEC. 64. Section 822 of the Unemployment Insurance Code is amended to read:

822. There is hereby established in the State Treasury the "School Employees Fund." The School Employees Fund is the successor of the "Classified School Employees Fund." Moneys received pursuant to Section 823, together with any charges, notices, fees, interest, penalties, assessments, or other revenue, shall be deposited in this fund. All money in the fund is hereby appropriated to the administrator without regard to fiscal year for carrying out the purposes of this article, for administrative costs, for making refunds, and for investment through the Surplus Money Investment Fund, with any interest or earnings credited to the School Employees Fund. Funds to be used for administrative costs shall be budgeted and expended in accordance with existing state law.

SEC. 65. Section 823 of the Unemployment Insurance Code is amended to read:

823. (a) For the purpose of payment by each school employer of all or part of the charges for unemployment compensation benefits, fees, assessments, interest, penalties, billings, notices, and other expenses of unemployment insurance for school employees pursuant to this part, moneys budgeted pursuant to subdivisions (b) and (c) of this section shall be remitted by the school employer or on the school employer's behalf by the county auditor to the State Treasurer pursuant to this article, and shall be deposited in the School Employees Fund.

(b) For each fiscal year, except as provided in subdivision (c), each school employer shall budget and remit on or before the last day of the calendar month following the close of each calendar quarter to the State Treasurer for deposit in the School Employees Fund in the State Treasury one-half percent of total wages, including taxable wages as well as wages which would be taxable except for the limitation on taxable wages provided under Section 930, but excluding wages paid for specially funded projects, and, to the extent permitted by federal law, excluding wages paid to any individual to the extent that federal law provides for reimbursement to the State

of California for all benefits paid from the Unemployment Fund to such individual based on such wages.

(c) For the 1976–77, 1977–78, and 1978–79 fiscal years only, each school employer shall budget and remit on or before the last day of the calendar month following the close of each calendar quarter to the State Treasurer for deposit in the School Employees Fund in the State Treasury two-tenths of 1 percent of total wages, including taxable wages as well as wages which would be taxable except for the limitation on taxable wages provided under Section 930, but excluding wages paid by specially funded projects, and, to the extent permitted by federal law, excluding wages paid to any individual to the extent that federal law provides for reimbursement to the State of California for all benefits paid from the Unemployment Fund to such individual based on such wages.

SEC. 66. Section 826 of the Unemployment Insurance Code is amended to read:

826. The administrator of the School Employees Fund shall, based on the total number of covered employees reflected on reports received by March 31, 1978, and by November 30, 1978, and each year thereafter by November 30, make a transfer from available interest earnings pursuant to investments authorized by Section 822 to the Superintendent of Public Instruction or Chancellor of the California Community Colleges to support an Unemployment Insurance Management System and appeals program as set forth in Section 1330 of the Education Code. Such transfers shall be equal to two dollars ($2) per covered employee, less administrative costs of the Superintendent of Public Instruction and the Chancellor of the California Community Colleges, and shall be made by April 30, 1978, and by December 31, 1978, and each year thereafter by December 31, to the Superintendent of Public Instruction or Chancellor of the California Community Colleges, as appropriate, and expended only for the purposes set forth in Section 1330 of the Education Code.

SEC. 67. Section 827 of the Unemployment Insurance Code is repealed.

SEC. 68. Section 828 of the Unemployment Insurance Code is amended to read:

828. Each school employer shall be responsible for a quarterly local experience charge as set forth below, together with such charges or penalties set by the administrator for administrative indiscretions including tardiness and error, as well as all costs for benefits and administration resulting from failure to properly cover an employee. Such reimbursement for charges shall be delinquent 30 days from the date of notice and if not paid within the time required the school employer shall pay a penalty of 10 percent of the unpaid amount plus interest at the rate of 1 percent per month or fraction thereof from and after the date of delinquency until paid. The formula to be used for calculating the local experience charge to be levied against each school employer is as follows:

Local Experience Charge

Step (a) The amount of benefits paid, including benefits paid based on wages paid to employees performing services in specially funded projects, during any quarter shall be divided by the number of employees on the school employer's quarterly contribution return and report of wages to the department for that quarter.

Step (b) The amount derived by step (a) shall be distributed in line 1, then 2 and then 3, in accordance with the following table.

That portion of step (a) which is equal to or exceeds column (a) and is not greater than column (b) shall be multiplied by the rate on the same line.

Value derived in step (a) is to be distributed

Line	*Column (a)*	*Column (b)*	*Rate*
1	$0.00 up to $40.00		10%
2	$40.01 up to $80.00		5%
3	$80.01 and over		1%

Step (c) The values in step (b) shall be added.

Step (d) The sum derived in step (c) shall be multiplied by the number of employees on the school employer's last quarterly contribution return and report of wages.

SEC. 69. Section 829 of the Unemployment Insurance Code is amended to read:

829. The total amount derived in step (d) of Section 828 shall be the amount that the school employer, county superintendent of schools or empowered entity shall on behalf of the employers under such jurisdiction reimburse the School Employees Fund in the State Treasury. However, this amount shall not exceed one and seven-tenths percent of the actual annual wages paid by a school employer in the immediately preceding calendar year as indicated in the four quarterly reports to the department.

SEC. 70. Section 830 of the Unemployment Insurance Code is amended to read:

830. (a) For the purpose of financing unemployment insurance coverage for employees employed by the school employers under specially funded projects, the funding agency shall remit to each school employer two and seven-tenths percent, except as provided for in subdivision (b), plus the rate in effect under Section 976.5, of the taxable wages paid to such employees. The school employer or county auditor shall remit on or before the last day of the calendar month following the close of each calendar quarter to the State Treasurer for deposit in the School Employees Fund in the State Treasury such an amount, whether or not received from the funding agency, for deposit. Such funds become the property of the fund and shall not be held exclusively for employees for specially funded projects.

(b) For the 1976–77, 1977–78, and 1978–79 fiscal years only, for the purpose of financing unemployment insurance coverage for employees employed by the school employers under specially funded projects, the funding agency shall remit to each school employer 1 percent of the total wages paid to such employees. The school employer or county auditor shall remit such funds to the State Treasurer as provided in subdivision (a).

SEC. 71. Section 832 of the Unemployment Insurance Code is amended to read:

832. The administrator shall at least annually calculate, as of the close of and for the immediately preceding fiscal year, the experiences of school employers relative to usage of the Unemployment Fund by specially funded employees. Such calculations shall include individual tabulations on the experience of each school employer in relation to expenditures made on behalf of regular funded, specially funded, certificated, and classified employees and the income to the School Employees Fund from the wages paid such employees by such employer and all school employers' participation with special funds shall be listed and ranked by ratio of use and reported annually to the affected school employer and governing board thereof prior to the 15th day of October of each year.

The administrator shall develop experience relationships on all benefits paid to employees via the School Employees Fund and on school employers' experience related to use and exposure. Data shall relate to numbers of employees and types of programs and shall be calculated as of the close of and for the immediately preceding fiscal year. A report by the administrator on the above shall be made each year to the Legislature prior to the 15th of December containing comments and recommendations on improvement to administration, enforcement and financing of the provisions relative thereto.

SEC. 72. Article 7 (commencing with Section 841) is added to Chapter 3 of Part 1 of Division 1 of the Unemployment Insurance Code, to read:

Article 7. Financing Unemployment Insurance Coverage for Local Public Entity Employees

841. As used in this article:

(a) "Administrator" means the Director of Benefit Payments.

(b) "Department" means the Department of Benefit Payments.

(c) "Director" means the Director of Benefit Payments.

(d) "Fiscal year" means the period of 12 consecutive calendar months ending on June 30th of any year.

(e) "Local public entity" means a county, city or district (except a school employer defined by Section 821.4), any instrumentality of the foregoing, and any instrumentality of more than one of the foregoing.

This section shall remain in effect only until July 1, 1978, and as of that date is repealed.

842. (a) Each local public entity may, in lieu of the contributions required of employers, elect pursuant to this article to pay into the Unemployment Fund the cost of benefits paid, including extended duration benefits and federal-state extended benefits, based on base period wages with respect to employment for such local public entity and charged to its account in the manner provided by Section 1026. Authorized regulations may prescribe the rate or amount, time, manner, and method of payment or advance payment or providing a good and sufficient bond to guarantee payment of contributions. The provisions of this article shall apply to local public entities who have elected financing under this section.

(b) Sections 1030, 1031, 1032, and 1032.5, and any provision of this division for the noncharging of benefits to the account of an employer, shall not apply to any local public entity under subdivision (a) of this section. The cost of benefits charged to a local public entity under this section shall include, but not be limited to, benefits or payments improperly paid in excess of a weekly benefit amount, or in excess of a maximum benefit amount, or otherwise in excess of the amount which should have been paid, due to any computational or other error of any type by the Employment Development Department or the Department of Benefit Payments, whether or not such error could be anticipated.

843. Any election for financing coverage under this article shall take effect with respect to services performed from and after the first day of the calendar quarter in which the election is filed with the director, and shall continue in effect for not less than two full calendar years. Thereafter, the election under this article may be terminated as of January 1 of any calendar year only if the local public entity, on or before the 31st day of January of that year, or on or before the 30th day after the effective date of this section, has filed with the director a written application for termination. The director may for good cause waive the requirement that a written application for termination shall be filed on or before the 31st day of January. An election for financing coverage under this article is deemed to have been filed by every local public entity effective as of January 1, 1976, is deemed to have been in effect for two calendar years prior to January 1, 1978, and may be terminated as of January 1, 1978, or as of January 1, 1980, or any later January 1, pursuant to this section. Upon the termination of any election under this section, the director shall determine the positive balance, if any, in the Local Public Entity Employees Fund attributable to the account of the local public entity terminating such election, following the expiration of the last week for which benefits could be paid based upon wages paid by such local public entity. Not later than 180 days after the last week for which benefits could be paid based upon wages paid by the local public entity terminating an election under this section, the director shall refund from the Local Public Entity Employees Fund to the

local public entity any remaining positive balance after all benefits liability of such local public entity has been charged to such local public entity's account. The local public entity shall be and remain liable to the Unemployment Fund for all benefits paid based upon wages paid by such local public entity during the period of an election under this section. The local public entity shall also be liable to repay the Local Public Entity Employees Fund for any negative balance in the local public entity's account at the time of termination of the election.

The negative balance shall be repaid and deposited in the fund, with interest at the rate of 1 percent per month or fraction thereof from the date of termination of the election until paid, not later than three years after the date of termination of the election. A penalty of 10 percent of the amount not paid, exclusive of interest, shall apply at the expiration of the three-year period for payment and shall be deposited in the fund together with interest on the delinquency at the rate specified by this section.

844. In making the payments prescribed by Section 842, there shall be paid or credited to the Unemployment Fund, either in advance or by way of reimbursement, as may be determined by the director, such sums as he or she estimates the Unemployment Fund will be entitled to receive from each local public entity for each calendar quarter, reduced or increased by any sum by which he or she finds that his or her estimates for any prior calendar quarter were greater or less than the amounts which should have been paid to the fund. Such estimates may be made upon the basis of such statistical sampling, or other method as may be determined by the director.

Upon making such determination, the director shall mail notice of the determination to the local public entity.

The director may cancel any contributions or portion thereof which he or she finds have been erroneously determined. The contributions due from the local public entities shall be paid, transferred or credited from the Local Public Entity Employees Fund established in the State Treasury by Section 847 to the Unemployment Fund by the State Treasurer, State Controller, or other officer or person responsible for disbursements on behalf of the local public entity within 30 days of the date of mailing of the director's notice of determination to the local public entity. The provisions of Article 8 (commencing with Section 1126) of Chapter 4 of this part with respect to the assessment of contributions, and the provisions of Chapter 7 (commencing with Section 1701) of this part with respect to the collection of contributions, shall apply to the payments to the Unemployment Fund required by this article. The provisions of Sections 1177 to 1184, inclusive, relating to refunds and overpayments, shall apply to amounts paid to the Unemployment Fund pursuant to this article.

845. Each local public entity shall send a copy of any and all notices, billings, or correspondence not normally routed to the administrator regarding unemployment insurance for local public

entity employees to the administrator, with timely documentation of charges or determination.

846. (a) Notwithstanding any other provision of this article, no local public entity shall be liable for that portion of any extended duration benefits or federal-state extended benefits which is reimbursed or reimbursable by the federal government to the State of California.

(b) To the extent permitted by federal law, including Section 121(e) of Public Law 94-566, any local public entity which elects a method of financing under this article shall not be liable to reimburse the cost of benefits paid to any individual whose base period wages include wages for services performed prior to January 1, 1978, if such benefits are reimbursable by the federal government under Section 121 of Public Law 94-566 and to the extent that such individual would not have been eligible for such benefits had this state not provided for benefits payable based on services performed prior to January 1, 1978.

847. There is hereby established in the State Treasury the Local Public Entity Employees Fund. This fund shall consist of money paid pursuant to Section 848, penalties for delinquent payments to the fund, interest earned upon any money in or otherwise deposited in the fund, any property or securities acquired through the use of money belonging to the fund, all earnings of such property and securities, and all other money received for the fund from any other source. A separate accounting shall be maintained for penalties and interest deposited in the fund. All money in the fund is continuously appropriated to the administrator without regard to fiscal year for carrying out the purposes of this article, for administrative costs, for making refunds, and for investment through the Surplus Money Investment Fund, with any interest or earnings credited to the Local Public Entity Employees Fund. Funds to be used for administrative costs shall be budgeted and expended in accordance with existing state law.

848. (a) For each fiscal year each local public entity, through its city, county, or district auditor or other responsible officer or person, shall remit on or before the last day of the calendar month following the close of each calendar quarter, to the State Treasurer for deposit in the Local Public Entity Employees Fund in the State Treasury, an amount computed by multiplying the tax rate by total wages as defined by Section 940. Notwithstanding any other provision of this article, to the extent permitted by federal law, no payment shall be required from any local public entity with respect to any wages paid to any individual to the extent that federal law provides for reimbursement to the State of California for all benefits paid from the Unemployment Fund to such individual based on such wages.

(b) For the 1978–79 fiscal year, the 1979–80 fiscal year, and the 1980–81 fiscal year, the tax rate under this section shall be eight-tenths of 1 percent, except that if the director finds that the ability of the Local Public Entity Employees Fund to meet its

estimated obligations promptly when due will become endangered, he or she shall increase the tax rate from time to time to protect the solvency of the fund and shall notify local public entities of any increased tax rates under this authority. No payments shall be required from any local public entity under this section prior to the fiscal year 1978–79. The director shall, not later than January 31st preceding each fiscal year commencing with the 1981–82 fiscal year, determine and notify each local public entity of the tax rate to apply for such fiscal year.

(c) As used in this section, "benefit cost ratio" means the quotient obtained by dividing the average annual benefit charges to the account of a local public entity for the three complete fiscal years ending with the second next fiscal year immediately preceding a fiscal year by the average annual wages (as defined by Section 940) paid by such local public entity during such three fiscal years, multiplied by 100 to express a percentage and rounded to the next higher one-tenth of 1 percent.

(d) A local public entity's tax rate shall be eight-tenths of 1 percent until the expiration of the first three complete fiscal years of the entity's participation in the Local Public Entity Employees Fund. A local public entity's tax rate for the fourth fiscal year of such participation shall be its benefits cost ratio, based on average benefit charges and wages for the first two fiscal years, rather than three fiscal years of participation. A local public entity's tax rate for the fifth fiscal year, and each succeeding fiscal year, of its participation in such fund shall be its benefit cost ratio, subject to the following adjustments:

(1) If the local public entity has no positive balance of reserve in its account as of the close of the second next preceding fiscal year, two-tenths of 1 percent shall be added to the benefit cost ratio.

(2) If the local public entity has a positive balance of reserve in its account as of the close of the second next preceding fiscal year in excess of twice the average annual benefit charges for the three fiscal years ending with such second next preceding fiscal year, two-tenths of 1 percent shall be subtracted from the benefit cost ratio, but the tax rate shall not be less than zero.

(3) If there is no positive balance in the Local Public Entity Employees Fund as of the December 31st preceding the fiscal year to which the tax rate applies, two-tenths of 1 percent shall be added to the tax rate otherwise applicable.

(4) If the balance in the Local Public Entity Employees Fund as of the December 31st preceding the fiscal year to which the rate applies exceeds twice the total average annual benefit charges to the fund for the three fiscal years ending with the second next preceding fiscal year, two-tenths of 1 percent shall be subtracted from the tax rate otherwise applicable, but the tax rate shall not be less than zero.

No employer contributions shall be payable based on remuneration paid prior to January 1, 1978, for service which first becomes covered for unemployment insurance pursuant to this act; the maximum benefit amount of all claims which include wages paid prior to January 1, 1978, for such service shall be reduced by an amount equal to the smallest amount of benefits based on such service that, due to the prior payment of assistance under Title II of the Emergency Jobs and Unemployment Assistance Act of 1974, is not reimbursable by the federal government pursuant to a uniform reimbursable formula approved by the federal government under Section 121 of Public Law 94-566 and only the reduced balance of benefits, if any, shall be payable; and no valid claim based on wages paid prior to January 1, 1978, for such service may be filed with an effective date commencing prior to the effective date of this act. For the purposes of disability insurance, the provisions of Sections 629, 634.5, 639, 936, and 2606 of the Unemployment Insurance Code as amended by this act shall be operative with respect to wages paid on and after the first day of the first complete calendar quarter

beginning on or after the first day of the first complete calendar quarter beginning on or after the effective date of this act.

SEC. 100. It is the intent of the Legislature that the amendments to Sections 605.5, 634.5, 1027, 1585, and 2606 of the Unemployment Insurance Code which are made by Sections 27, 36, 76, 92, and 94 of this act shall remain in effect only until July 1, 1978, and on that date Sections 27.5, 36.5, 76.5, 92.5, and 94.5, of this act shall become operative to incorporate the changes made in these provisions by, or made necessary by, Chapter 1149 and Chapter 1252 of the Statutes of 1977.

It is the intent of the Legislature that the additions of Sections 841, 1326.5, and 1326.6 to the Unemployment Insurance Code which are made by Sections 72, 85, and 87 of this act shall remain in effect only until July 1, 1978, and on that date Sections 72.5, 86, and 87.5 of this act shall become operative to incorporate the changes in these provisions made necessary by Chapter 1149 and Chapter 1252 of the Statutes of 1977.

Further, Section 634.5 of the Unemployment Insurance Code, as amended by Section 36.5 of this act shall also be operative with respect to wages as provided by Section 99 of this act.

SEC. 101. Except as provided by Sections 98, 99, and 100 of this act, this act shall become operative on January 1, 1978.

SEC. 102. No right or cause of action founded upon any provision of law amended or repealed by this act as the provisions existed prior to such amendment or repeal shall be abolished or impaired by this act.

SEC. 103. In any action brought by cities, counties, and states coordinated by the National Institute of Municipal Law Officers or brought by the National Institute of Municipal Law Officers on behalf of cities, counties, and states, in the United States District Court for the District of Columbia or the United States Court of Appeals for the District of Columbia or the Supreme Court of the United States, if the court stays the operation, implementation of enforcement of Public Law 94-566, then the terms of the stay automatically shall apply to this act and to all public agencies in California, including the state, counties, cities, districts, political subdivisions, and instrumentalities of any of the foregoing.

SEC. 104. If the Supreme Court of the United States declares Public Law 94-566 unconstitutional or invalid insofar as it applies to unemployment insurance coverage for employees of the State of California or of local government in the State of California, then on the date the judgment or order of the court becomes final, except as otherwise ordered by the court, and to the extent permitted by federal law:

(a) The provisions of this act to the extent that they relate solely or in part to unemployment insurance coverage for such employees shall to such extent be inoperative wholly or in part.

(b) The provisions of this act to the extent that they do not apply to unemployment insurance coverage for such employees shall

remain to that extent operative wholly or in part.

(c) The provisions of law in effect prior to the changes made by this act shall become operative as of January 1, 1978, to the extent that they relate to unemployment insurance coverage for such employees.

(d) Local agency tax rates levied to meet costs of coverage provided for such employees shall not continue to be levied.

(e) Assets acquired and moneys collected under and as a result of the provisions of this act which would not otherwise have been acquired or collected under the law in effect pursuant to subdivision (c) of this section and deposited in or held by the School Employees Fund or its predecessor, and assets acquired and moneys collected and deposited in or held by the Local Public Entity Employees Fund, shall be refunded to the local entities which contributed to the funds. Entities which increased tax rates to provide coverage shall use the refund to reduce the property tax rate by the amount of the tax rate increase to meet costs of coverage. The remaining balance in the Classified School Employees Fund may be used pursuant to the law in effect under subdivision (c) of this section.

(f) No individual shall be liable for any overpayment of benefits which arises solely because prior law again becomes operative under subdivision (c) of this section. Any benefit award computed pursuant to a claim establishing a benefit year under the provisions of law in effect prior to the application of subdivision (a) of this section shall, if the benefit award is applicable on the date the judgment or order of the court becomes final, be recomputed under the provisions of law in effect pursuant to subdivision (c) of this section. Any benefits paid pursuant to such benefit award prior to the recomputation shall be deducted from the maximum amount of unemployment compensation benefits payable as determined by the recomputation. If there remains a balance of the maximum amount as recomputed it shall be payable at the weekly benefit amount resulting from the recomputation if the claimant is otherwise eligible.

SEC. 105. It is the intent of the Legislature in enacting this measure that, in view of the substantial impact of the unemployment insurance program on local governments, the program shall be reviewed during 1978. The review shall include an examination of eligibility requirements for, and levels, duration, and financing of benefits under the program, with special reference to the impact on local government and the property taxpayer.

SEC. 106. This act is necessary to implement Public Law 94-566, which is hereby deemed to be a "federal mandate" within the meaning of Sections 2206 and 2271 of the Revenue and Taxation Code.

SEC. 107. There are no state-mandated local costs in this act that require reimbursement under Section 2231 of the Revenue and Taxation Code because this act merely affirms for the state that which has been declared existing law through action by the federal government.

SEC. 108. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Unless California enacts this act to be operative not later than January 1, 1978, California's unemployment insurance program will be out of conformity with the mandates of federal law under Public Law 94-566. This would seriously disrupt California's economy by the imposition of burdensome federal taxes on California employers and imperil the payment of unemployment benefits by the denial of federal funds to pay for the administration of the payment of such benefits to unemployed claimants in California. In order to preserve California's unemployment insurance system and assure uninterrupted payment of unemployment benefits in the interest of the public peace, health, or safety, it is necessary that this act take effect immediately.

CHAPTER 3

An act to amend Sections 701, 10007.5, and 10010.1 of, and to add Article 6 (commencing with Section 800) to Chapter 2 of Division 1 of, the Elections Code, relating to elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 3, 1978. Filed with Secretary of State February 3, 1978.]

(f) Pursuant to the provisions of Section 706.

(g) Upon the receipt of a postal notice received pursuant to Sections 801 and 803, indicating that mail is not deliverable to the voter's registered address.

SEC. 2. Article 6 (commencing with Section 800) is added to

Chapter 2 of Division 1 of the Elections Code, to read:

Article 6. Residency Confirmation

800. In lieu of the cancellation of affidavits of registration for failure to vote as provided for in Sections 706 and 706.2, the county clerk may conduct a preelection residency confirmation procedure as provided in this article. Such procedure shall be initiated by mailing a postcard to each registered voter of the county preceding the direct primary election. Postcards mailed pursuant to this article shall be sent "Address Correction Requested, Return Postage Guaranteed," and shall be in substantially the following form:

"We are requesting your assistance in correcting the addresses of voters who have moved and have not reregistered.

1. If you have not moved, and receive this postcard at your registered address, please disregard this notice.

2. If the person named on this postcard is not at this address, please return this postcard to your mail carrier."

801. Based on the postal notices on the returned residency confirmation postcards received pursuant to Section 800, the county clerk shall take the following actions:

(a) The affidavits of registration of persons whose residency confirmation postcards are returned by the post office as undeliverable and who have no forwarding address shall be canceled. Blank affidavits of registration shall immediately be mailed to the addresses at which such canceled voters were registered.

(b) The affidavits of registration of persons for whom forwarding addresses within the county are received shall be corrected to reflect the new address provided by the post office. A special voter notification card shall be sent to all voters whose registered addresses are changed pursuant to this section. This card shall be in substantially the same form as provided by Section 505, but shall state that the voter's registered address has been corrected to reflect address correction information received from the post office. Blank affidavits of registration shall immediately be mailed to the addresses at which such voters formerly were registered.

(c) The affidavits of registration of persons for whom forwarding addresses outside of the county are received shall be canceled. Such persons shall be sent a notice of the cancellation at their out-of-county address. Blank affidavits of registration shall immediately be mailed to the addresses at which such canceled voters were registered.

All address corrections and cancellations of affidavits of registration made pursuant to this article shall be reflected on the voter index as required by subdivision (a) of Section 607.

802. If the county clerk conducted the preelection residency confirmation mailing provided for in this article, on completion of the canvass of the returns of the general election the clerk shall:

(a) Examine the absent voters list and the roster of voters that was

maintained by the precinct board in each precinct in the county at the general election.

(b) No later than the first week of the following January, mail a notice by means of first-class, nonforwardable postcard, prepaid by the clerk, to every person who failed to vote at the general election, stating substantially the following:

"We are requesting your assistance in correcting the addresses of voters who have moved and have not reregistered.

1. If you still live at the address noted on this postcard your voter registration will remain in effect.

2. If the person named on this postcard is not at this address, please return the postcard to your mail carrier."

803. Within 30 days of the mailing of postcards pursuant to subdivision (b) of Section 802, the county clerk shall take the following actions

(a) Correct the address on the nonvoter's affidavit of registration if the nonvoter has moved to a different stated residence within the county.

(b) Cancel the affidavit of registration if the nonvoter has moved to an address outside the county.

(c) Cancel the affidavits of registration for all nonvoters for whom the nonvoter residency confirmation postcard is undeliverable.

The effective day of cancellation shall be the 30th day following the date the notice is mailed to the nonvoter. Upon such cancellations, an affidavit of registration shall immediately be mailed to the address at which such canceled nonvoters were registered. All address corrections and cancellations made pursuant to this section shall be reflected on the voter index within 60 days of the nonvoter residency confirmation mailing.

804. Before every election and on election day the county clerk shall:

(a) Assign a sufficient number of qualified persons in the office of the clerk to receive and verify claims of erroneous cancellations of affidavits of registration, and cause said affidavits to be immediately reinstated or,

(b) Supply each polling place with a list of voters in the precinct whose affidavits of registration were canceled as the result of postal notifications received by the clerk preceding the direct primary or statewide general election, whichever occurred last.

At every election the clerk shall provide a page in the Roster of Voters for the signature, under oath, attesting to continuous residency in the precinct, of any voter whose affidavit may have been canceled because of erroneous postal notification. Canceled affidavits of registration of voters whose signatures appear on said roster page shall be reinstated by the clerk.

SEC. 3. Section 10007.5 of the Elections Code is amended to read:

10007.5. When mailing sample ballots for the direct primary election pursuant to Section 10007, the county clerk shall include the return address of the county clerk's office, and shall affix to the

outside portion of the envelope the following statement: "Address Correction Requested".

The provisions of this section shall not apply to counties utilizing the procedure set forth in Article 6 (commencing with Section 800) of Chapter 2 of Division 1.

SEC. 4. Section 10010.1 of the Elections Code is amended to read:

10010.1. When mailing sample ballots for the general election pursuant to Section 10010, the county clerk shall include the return address of the county clerk's office and shall affix to the outside portion of the envelope the following statement: "Address Correction Requested".

With the approval of the county board of supervisors, the procedure set forth in this section and Section 706 may be used at any local election.

The provisions of this section shall not apply to counties utilizing the procedure set forth in Article 6 (commencing with Section 800) of Chapter 2 of Division 1.

SEC. 5. In lieu of the preelection residency confirmation mailing provided for in Section 800, and for purposes of the conduct of the statewide general election in November of 1978, counties may elect to mail the residency confirmation notice described in Sections 800 and 801, to primary election nonvoters by July 1, 1978, and the provisions of Section 801 of the Elections Code shall be completed by September 1, 1978.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the provisions of this act, permitting counties to adopt a prescribed procedure regarding the cancellation of affidavits of registration, may go into effect for the June 1978 primary and November 1978 general elections, it is necessary that this act take effect immediately.

CHAPTER 4

An act relating to school district governing boards, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 6, 1978. Filed with Secretary of State February 6, 1978.]

The people of the State of California do enact as follows:

SECTION 1. In any case where a unified school district having an average daily attendance of 50,000 or more as of April 15, 1977, is governed by a city board of education which serves also as the governing board of a community college district pursuant to Section

74141 of the Education Code, such board may, by a resolution adopted by a majority of the members of the board on or before March 15, 1978, establish a new separate community college district governing board effective July 1, 1978. The new community college district governing board shall be elected, organized, and otherwise governed in accordance with the statutory law. The governing board of the unified school district shall continue in existence and be subject to the provisions of the city charter pertaining to its organization and composition as heretofore provided. The resolution of the board shall require each member of the governing board to elect irrevocably, on or before March 15, 1978, at a public meeting of the board, upon which of the boards the member shall serve. The community college district governing board so created shall be composed of the same number of members as the city board of education.

(a) If an individual serving on the governing board of such unified school district elects to serve on the new community college district governing board, such election shall be deemed to have created a vacancy in such individual's membership on the city board of education, effective April 1, 1979. Such vacancy shall be filled in the manner prescribed by the city charter of the city in which the unified district is located, in whole or in part.

(b) If an individual serving on the governing board whose term expires in April of 1979 elects to serve on the new community college district governing board, then the term of office on the community college board shall be deemed to expire on March 31, 1979, and if an individual serving on the governing board whose term expires in April of 1981 elects to serve on the new community college district governing board, then the term of office on the community college board shall be deemed to expire on March 31, 1981.

(c) If an individual serving on the board elects to continue to serve as a member of the city board of education, he shall nevertheless continue to serve also on the community college district governing board but only until his successor on such college board is elected at the special election for members of the community college district governing board provided for herein and has assumed office. On June 6, 1978, an election shall be held in the community college district to elect members to the community college district governing board to fill the positions of the governing board members whose terms pursuant to the city charter are scheduled to expire in April of 1979, and other governing board members, if any, whose terms pursuant to the city charter are scheduled to expire in April of 1981, and who have elected, pursuant to this section to serve as members of the city board of education only.

(d) If the term of office of an individual who elects to serve on the city board of education expires in April 1979, in accordance with the terms of the city charter mentioned in subdivision (a), then the term of office on the community college district board shall be deemed to

expire on March 31, 1979. The member's successor on the community college district board, elected at the June 6, 1978, election, shall be elected to serve the unexpired remainder of such term beginning July 1, 1978, and ending on March 31, 1979, and for an additional year until March 31, 1980. On March 11, 1980, an election shall be held in the community college district to elect members to the community college district governing board to fill positions of the governing board whose terms are scheduled to expire on March 31, 1980. The terms of members so elected shall expire on March 31, 1983. Subsequent vacancies for these positions shall be filled on a regular four-year basis.

(e) If the term of office of an individual electing to serve on the city board of education expires in April 1981, in accordance with the terms of the city charter mentioned in subdivision (a), then the terms of office in the community college district board shall be deemed to expire on March 31, 1981, and the member's election to continue to serve on the city board of education shall be deemed to have created a vacancy in the member's membership on the community college district board commencing on July 1, 1978. The member's successor to the community college district board, elected at the June 6, 1978, election as provided herein, shall serve the remainder of such unexpired term ending on March 31, 1981.

(f) Of the members elected to the governing board of the community college district at the first election on June 6, 1978, those receiving the lowest number of votes shall be deemed to have been elected to the positions, if any, held by members whose terms would otherwise have expired on March 31, 1979, and who elected to serve on the city board of education only and those receiving the highest number of votes shall be deemed to have been elected to the positions, if any, held by members whose terms would otherwise have expired on March 31, 1981, and who elected to serve on the city board of education only.

(g) Notwithstanding any provisions of this act to the contrary, following the first election of members to the newly created community college district board, all subsequent regular elections for members of the community college district governing board may be held on the same date upon which the election for members of the city board of education is held pursuant to city charter and Article 3 (commencing with Section 5340) of Chapter 3 of Part 4 of the Education Code.

SEC. 2. The provisions of Section 74150 of the Education Code shall be applicable to this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

An immediate effective date will enable the community college district governing board to consolidate the election of board members with the primary election to be held in June of 1978 and,

thereby, save the expense of a separate election, and it is for this reason that this act should become effective immediately and as early as possible in 1978.

CHAPTER 5

An act to add Chapter 5.5 (commencing with Section 36454) to Part 6 of Division 13 of the Water Code, relating to California water districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 7, 1978. Filed with Secretary of State February 7, 1978]

The people of the State of California do enact as follows:

SECTION 1. Chapter 5.5 (commencing with Section 36454) is added to Part 6 of Division 13 of the Water Code, to read:

CHAPTER 5.5. ALTERNATIVE PROVISIONS FOR THE CONSOLIDATION OF COTERMINOUS IMPROVEMENT DISTRICTS

36454. This chapter provides an alternative method for the consolidation of coterminous improvement districts formed pursuant to Chapter 4.9 (commencing with Section 36410) of this part. This chapter shall not apply to or affect any other provisions of this division.

36454.1. Pursuant to the procedure set forth in this chapter, two or more existing coterminous improvement districts formed pursuant to the provisions of Chapter 4.9 (commencing with Section 36410) of this part may be consolidated into one improvement district. In such instance the consolidated improvement district may be designated in such manner as the board may designate. Any authorized but unissued bonds of any of the coterminous improvement districts may be issued and sold as the bonds of the consolidated improvement district. Such bonds, as well as any funds on hand from bonds previously issued by any of the improvement districts consolidated into one improvement district as hereinafter provided or any other funds of any such improvement districts, shall be used in the manner provided by law for the original authorized purposes. However, any such use of funds shall be to accomplish the plan of works originally established or as subsequently amended.

Any bonds which were issued by any of the coterminous improvement districts prior to their consolidation and which remain outstanding at the time of consolidation shall be assumed by and become the liability of the consolidated improvement district.

To the extent assessment, standby charges, or other charges are necessary to be levied or collected by reason of any such

improvement districts consolidated hereunder into one improvement district, such assessment, standby charges, or other charges may be collected by the consolidated improvement district provided for hereunder. Thereafter, the amount so collected shall be utilized to satisfy the obligations for which such assessments or standby charges were levied and collected, except that any amount over and above that necessary to satisfy said obligations may be used for any of the purposes of the consolidated improvement district.

36454.2. For purposes of Section 2270 of the Revenue and Taxation Code, bonds authorized by any of the coterminous improvement districts which remain outstanding or unissued at the time the districts are consolidated shall be treated as having been authorized by the consolidated district. Further, for purposes of Section 2270 of the Revenue and Taxation Code, bonds authorized by the voters of the coterminous improvement districts which remain outstanding or unissued at the time the districts are consolidated shall be treated as having been authorized by the voters of the consolidated improvement district.

36454.3. In the event that the board determines it to be in the best interests of the district to consolidate any two or more existing coterminous improvement districts formed under Chapter 4.9 (commencing with Section 36410) of this part, it may, by resolution adopted by a four-fifths vote, declare its intention to consolidate such improvement districts. The resolution so adopted shall identify the improvement districts to be consolidated and shall set forth the total amount of authorized bonds, as well as the amount of outstanding bonds, of each of the improvement districts proposed to be consolidated, the purposes of each such improvement district, and the designation of the proposed consolidated improvement district. The resolution of intention shall set forth a legal description of the existing coterminous improvement districts to be consolidated and provide that notice be given in a manner provided in Section 36414. Additionally, the resolution shall fix a date, time, and place for a public hearing on the proposed consolidation.

36454.4. At the conclusion of the hearing on the resolution of intention provided for in Section 36454.3, the board may adopt a resolution declaring the existing coterminous improvement districts described in the resolution of intention to be consolidated in one improvement district which shall be designated therein. The resolution shall contain the legal description thereof as well as a statement of the purposes of the consolidated improvement district. If the parent district has adopted the alternative method for the levy, collection and enforcement of district assessment by the county and is operating under the provisions of Part 7.5 (commencing with Section 37200) of this division, it shall file a statement as required by Chapter 8 (commencing with Section 54900) of Part 1, Division 2, Title 5 of the Government Code. The resolution shall contain a determination that such consolidation is in the best interests of the present and future property owners and taxpayers. Any such

resolution shall be subject to referendum held within the boundaries described in the resolution adopted as provided for herein.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Many California water districts have established coterminous improvement districts which respectively provide water or sewer services or facilities therefor.

Existing law does not adequately provide for the outstanding indebtedness of the separate coterminous improvement districts to be borne by a consolidated improvement district.

As a result, it is impossible to consolidate such coterminous improvement districts, leading to unnecessary development expenditures of money relative to the operations of the separate but coterminous improvement districts.

In order to eliminate such unnecessary and wasteful expenditures and unnecessary continued commitment of the development resources of California water districts, it is necessary, therefore, that this act take effect immediately.

CHAPTER 6

An act to add and repeal Sections 2710 and 2711 of the Unemployment Insurance Code, relating to unemployment insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 7, 1978. Filed with Secretary of State February 7, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 2710 is added to the Unemployment Insurance Code, to read:

2710. (a) Claims for the benefits provided in Section 2801 shall be made in accordance with authorized regulations of the Director of Employment Development and shall be supported by a certificate signed by the physician of the claimant or by a practitioner duly authorized by any bona fide church, sect, denomination or organization whose principles or teachings call for dependence for healing entirely upon prayer or spiritual means stating the date the physician or duly authorized practitioner ordered the confinement and the duration of such confinement. With respect to any eligible claimant who is hospitalized in a county hospital in this state or is hospitalized by said county hospital in another hospital, a certificate stating the date that the physician ordered the confinement of the claimant and the duration of such confinement signed by the

registrar of the hospital shall satisfy the requirements of this section. With respect to any eligible claimant who is hospitalized pursuant to court order or physician's or health officer's certificate, a statement from the superintendent or registrar of the hospital stating the dates of such confinement shall satisfy the requirements of this section.

(b) This section shall remain in effect only until January 1, 1979, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1979, deletes or extends such date.

SEC. 2. Section 2711 is added to the Unemployment Insurance Code, to read:

2711. (a) Where an individual eligible for additional benefits during confinement in a hospital or nursing home has first given his written consent with respect to a particular claim, the additional benefits shall be paid by the Department of Employment Development directly to the hospital or nursing home in which he is confined in accordance with authorized regulations adopted by the Director of Employment Development prescribing procedure governing such payments. Any additional benefits during such confinement in excess of the daily rate of charge for care, including special care or treatment by a hospital or nursing home, shall be paid by the Department of Employment Development to the disabled individual as otherwise provided in this division.

(b) This section shall remain in effect only until January 1, 1979, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1979, deletes or extends such date.

SEC. 3. All claims for hospital benefits, including requests for payment directly to a hospital or nursing home, filed on or after January 1, 1978, under Chapter 3 (commencing with Section 2800) of Part 2 of Division 1 of the Unemployment Insurance Code shall be processed pursuant to Sections 2710 and 2711 of that code as they existed prior to January 1, 1978, as re-enacted by this act.

SEC. 4. This act is a urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Sections 2710 and 2711 of the Unemployment Insurance Code relate specifically to Chapter 3 (commencing with Section 2800) of Part 2 of Division 1 of the Unemployment Insurance Code. All these provisions are repealed by Chapter 1143 of the Statutes of 1977. The operative provisions of Chapter 1143 repeal such Chapter 3 with respect to periods of disability commencing after January 1, 1979, but do not refer to Sections 2710 and 2711. Therefore, the operative date for repeal of those provisions is January 1, 1978. The intent of Chapter 1143 is to provide for hospital benefits to disability insurance claimants until January 1, 1979 under Chapter 3. Section 2710 permits the filing of claims for such benefits, and Section 2711 permits assignment of benefits to hospital facilities. The repeal of those sections prior to January 1, 1979, may deny the right to file claims for or to allow assignments of hospital benefits during 1978 when the

hospital benefit provisions continue in effect. In order to prevent the denial of hospital benefits during 1978 to claimants whose rights should continue without deprivation until January 1, 1979, it is necessary that this act take immediate effect.

CHAPTER 7

An act to amend Section 1157 of the Evidence Code, relating to discovery and admissibility of evidence, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 10, 1978. Filed with Secretary of State February 10, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 1157 of the Evidence Code is amended to read:

1157. Neither the proceedings nor the records of organized committees of medical or medical-dental staffs in hospitals having the responsibility of evaluation and improvement of the quality of care rendered in the hospital or medical or dental review or chiropractive review committees of local medical, dental, or chiropractic societies shall be subject to discovery. Except as hereinafter provided, no person in attendance at a meeting of any such committee shall be required to testify as to what transpired thereat. The prohibition relating to discovery or testimony shall not apply to the statements made by any person in attendance at such a meeting who is a party to an action or proceeding the subject matter of which was reviewed at such meeting, or to any person requesting hospital staff privileges, or in any action against an insurance carrier alleging bad faith by the carrier in refusing to accept a settlement offer within the policy limits.

The prohibitions contained in this section shall not apply to medical, dental, or chiropractic society committees that exceed 10 percent of the membership of the society, nor to any such committee if any person serves upon the committee when his own conduct or practice is being reviewed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that proceedings and records of review committees of local chiropractic societies may be afforded the same protection against discovery as is currently provided to similar medical and dental societies at the earliest possible time, it is imperative that this act take effect immediately.

CHAPTER 8

An act making an appropriation for the state park system, and in this connection to amend and supplement the Budget Act of 1977 (Chapter 219, Statutes of 1977) by adding Section 2.8N thereto, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 10, 1978. Filed with Secretary of State February 10, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 2.8N is added to the Budget Act of 1977 (Chapter 219, Statutes of 1977), to read:

STATE BEACH, PARK, RECREATIONAL, AND HISTORICAL FACILITIES BOND ACT OF 1974 PROGRAM

Schedule:

SEC. 2. The acquisition authorized by this act shall be made pursuant to the Property Acquisition Law (commencing with Section 15850 of the Government Code).

SEC. 3. Any action which has been taken by any state agency, including, but not limited to, any action taken by the State Park and Recreation Commission and the Secretary of the Resources Agency, with respect to the acquisition of Pan Pacific Park pursuant to Chapter 787 of the Statutes of 1975 shall be applicable to the acquisition of Pan Pacific Park pursuant to this act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect The facts constituting such necessity are:

Chapter 787 of the Statutes of 1975 amended and supplemented the Budget Act of 1974 to appropriate funds for the acquisition of Pan Pacific Park in the County of Los Angeles. When Chapter 787 was enacted as an urgency measure in September, 1975, nearly one-half of the three-year period provided by the Budget Act of 1974 for expenditure of the appropriation had elapsed. The appropriation made by Chapter 787 has now reverted and in order to provide for the early acquisition of these greatly needed lands for the state park system, it is necessary that this act take effect immediately.

CHAPTER 9

An act to amend Sections 121, 122, and 124 of the Monterey Peninsula Water Management District Law (Chapter 527 of the Statutes of 1977), relating to the Monterey Peninsula Water Management District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 10, 1978 Filed with Secretary of State February 10, 1978]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that the cost of election to authorize the Monterey Peninsula Water Management District to function and exercise its powers, presently required to be held between March 16 and April 10, 1978, could be reduced to one-third of the present estimated cost if the election is consolidated with the direct primary election on June 6, 1978

The Legislature intends by this act to authorize the county to

consolidate such elections, and to authorize use of election filings, ballot arguments, and other preparations made, or being made, for the formation election required by existing law, the same as if such actions had been, are, or will be made for an election date of June 6, 1978.

SEC. 2. Section 121 of the Monterey Peninsula Water Management District Law (Chapter 527 of the Statutes of 1977) is amended to read:

Sec. 121. The board of supervisors of the county, on or before March 15, 1978, shall call and give notice of an election to be held in the district for the purpose of determining whether it shall begin to function and exercise its powers and for the selection of persons who shall serve as directors of the district if it shall begin to function and exercise its powers.

SEC. 3. Section 122 of the Monterey Peninsula Water Management District Law (Chapter 527 of the Statutes of 1977) is amended to read:

Sec. 122. The election shall be held not less than 75 days, nor more than 180 days, after January 1, 1978. The election shall be conducted and the first elective directors, and those succeeding, shall be nominated and elected pursuant to the provisions of the Uniform District Election Law (Part 3 (commencing with Section 23500) of Division 14 of the Elections Code) as nearly as may be practicable, including, in the discretion of the board of supervisors of the county, use of all-mailed ballots. Such first elective directors shall be registered to vote within the district.

SEC. 4. Section 124 of the Monterey Peninsula Water Management District Law (Chapter 527 of the Statutes of 1977) is amended to read:

Sec. 124. There shall be printed on the ballot, together with the names of the candidates for elected director, the following question: "Shall the Monterey Peninsula Water Management District begin to function and exercise its powers in accordance with the provisions of the Monterey Peninsula Water Management District Law?" following which question shall be the words "Yes" and "No" on separate lines, with a voting square at the right of each, in which the voter shall indicate by stamping a cross (+) his vote for or against the proposition.

If a majority of the voters voting on the proposition vote in its favor, the board of supervisors of the county shall canvass the returns for directors and those five persons receiving the highest number of votes shall be declared elected. The district shall begin to function and shall exercise its powers, and the board of supervisors of the county within 28 days after the election, shall by resolution enter on its minutes a declaration that the district has begun to function and exercise its powers, giving the name of the district, the purposes for which it is formed, and describing its boundaries.

No informality in any proceedings, including informality in the conduct of any election not substantially affecting adversely the legal

rights of any person, shall invalidate the organization of the district.

SEC. 5. The election for the purpose of determining whether the Monterey Peninsula Water Management District shall begin to function and exercise its powers and for the selection of persons who shall serve as directors of the district if it shall begin to function and exercise its powers shall be conducted in accordance with the provisions of the Uniform District Election Law (Part 3 (commencing with Section 23500), Division 14, Elections Code), except as otherwise provided by law or this act and insofar as may be practicable to achieve the purposes of law and this act. For such purpose, and notwithstanding any other provisions of law, the filing dates and other requirements of such provisions of the Elections Code shall not apply and reasonable dates to comply with the requirements of this act, as determined by the Registrar of Voters of the County of Monterey, for such purposes shall apply. For such purposes, any actions heretofore or hereafter taken under the law as it existed prior to this act for such authorizing election are ratified, acknowledged, and validated for the election to be conducted on June 6, 1978, and actions, including, but not limited to, filings for election and ballot arguments shall not be required to be refiled. No irregularities or informality in any proceedings, including informality in the conduct of any election not substantially affecting adversely the legal rights of any person, shall invalidate the organization of the district.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, and safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The election to authorize the Monterey Peninsula Water Management District to begin to function and exercise its powers is required to be held 75 to 100 days after January 1, 1978. It has been determined that two-thirds of the cost of that election can be saved, substantially greater involvement of the electorate may occur, and sufficient time for notice and preparation of ballot arguments will be made available if that formation election, required by existing law, is postponed the few weeks necessary to permit its consolidation with the direct primary election on June 6, 1978. The effect of such delay will not seriously hamper the functioning of this new water management district in conserving and augmenting the supplies of water in this area of unique scenic, cultural, and recreational resources.

In order to permit this election to be consolidated with the direct primary election it is, therefore, necessary that the provisions of this act go into immediate effect.

CHAPTER 10

An act making an appropriation in support of public social services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 17, 1978. Filed with Secretary of State February 18, 1978.]

The people of the State of California do enact as follows:

SECTION 1. The sum of seventy thousand dollars ($70,000) is hereby appropriated from the General Fund to the State Department of Health for expenditure in the 1977–78 fiscal year for contracting with, or for allocation to regional centers for contracting with, appropriate parties for continuation of a sensory motor training program for developmentally disabled persons which provides advice and screening, program design for the client, and program training for professionals, paraprofessionals, and parents with respect to developmentally disabled persons. In the event federal funds or foundation funds are provided for the purposes of such program, the amount available from this appropriation shall be reduced equal to the amount of such funds. The expenditure of thirty-five thousand dollars ($35,000) of the amount appropriated by this section shall be subject to the approval of the Director of Finance.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to provide funds to continue programs for developmentally disabled persons during the current fiscal year, it is necesary for this measure to have immediate effect.

CHAPTER 11

An act to amend Sections 8247 and 8382 of the Education Code, relating to children's centers and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 17, 1978. Filed with Secretary of State February 18, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 8247 of the Education Code is amended to read:

8247. The Superintendent of Public Instruction, with the approval of the Director of Finance, shall provide the State Controller with a basic plan for the filing of claims and for the

allocation of state and federal funds appropriated for child development services. The plan shall establish necessary procedures and controls which permit advanced payments of state and federal funds for subsidized child development services to the various school districts and other public and private organizations.

SEC. 2. Section 8382 of the Education Code is amended to read:

8382. Any money appropriated to be apportioned by the Department of Education, for the purposes of this chapter, to school districts, community college districts, or county superintendent of schools or other public or private agencies maintaining child development programs pursuant to this chapter and to the governing authorities of state institutions maintaining child development programs, shall be apportioned to such districts, county and governing authorities solely in accordance with the provisions of this chapter.

The frequency with which state allocations or apportionments shall be made to authorized public and private child development agencies shall be as prescribed by the basic plan adopted and approved under the provisions of Section 8247.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The unique fiscal characteristics of some child care provider agencies necessitates an advance cash flow system which is regular and predictable in order to keep such agencies operating effectively and efficiently. In order to permit the Department of Education to authorize needed cash advances to child care provider agencies immediately, it is necessary that this act go into immediate effect.

CHAPTER 12

An act to repeal Section 2030 of, and to add Sections 2030 and 2033 to, the Code of Civil Procedure, relating to discovery, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 17, 1978. Filed with Secretary of State February 18, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 2030 of the Code of Civil Procedure is repealed.

SEC. 2. Section 2030 is added to the Code of Civil Procedure, to read:

2030. (a) Any party may serve upon any other party written interrogatories to be answered by the party served or, if the party served is a public or private corporation or a partnership or

association, or body politic, by any officer or agent, who shall furnish such information as is available to the party. Interrogatories may be served upon any other party at any time after service of the summons or the appearance of such other party and without leave of court except that, if service of interrogatories is made by the plaintiff within 10 days after such service of summons or appearance, leave of court granted with or without notice must first be obtained. The interrogatories shall be answered separately and fully in writing under oath. The answers shall be signed by the person making them; and the party upon whom the interrogatories have been served shall serve the answers on the party submitting the interrogatories within 30 days after the service of the interrogatories, unless the court, on motion and notice and for good cause shown, enlarges or shortens the time. For good cause and without notice, the court may enlarge the time not to exceed 15 days. Such answers shall respond to the written interrogatories; or, if any interrogatory be deemed objectionable, the objections thereto may be stated by the party addressed in lieu of response. If the party who has submitted the interrogatories deems that further response is required, he may move the court for an order requiring further response. Such motion must be upon notice given within 30 days from date of service of the answers or objections unless the court, on motion and notice, and for good cause shown, enlarges the time. Otherwise, the party submitting the interrogatories shall be deemed to have waived the right to compel answer pursuant to this section. Copies of all interrogatories and of all answers thereto shall be served upon all other parties to the action who have appeared; but the court on motion with or without notice may waive this requirement if the court determines that enforcement thereof would be unduly expensive, oppressive or burdensome. At any time prior to final judgment and upon written request, the party originating interrogatories or responses thereto shall provide within 30 days of such request a copy thereof to any other party for any reason not previously served.

(b) The written interrogatories and any responses thereto shall not be filed unless the court, on motion and notice and for good cause shown, so orders. Any party may lodge with the court the original or a copy of any written interrogatories or responses thereto, but these shall not be filed unless the court determines that their contents have become relevant to an issue in a trial or other proceeding.

(c) Interrogatories may relate to any matters which can be inquired into under subdivision (b) of Section 2016 of this code, and the answers may be used to the same extent as provided in subdivision (d) of Section 2016 of this code for the use of the deposition of a party. Interrogatories may be served after a deposition has been taken, and a deposition may be sought after interrogatories have been answered, but the court, on motion of the deponent or the party interrogated, may make such protective order as justice may require. The number of interrogatories or of sets of interrogatories to be served is not limited except as above provided

and except as justice requires to protect the party from annoyance, expense, embarrassment or oppression. The provisions of subdivision (b) of Section 2019 of this code are applicable for the protection of the party from whom answers to interrogatories are sought under this section.

(d) When in order to answer an interrogatory it is necessary to make a compilation, abstract, audit or summary of the business records of a party, and such a compilation, abstract, audit or summary does not exist, or if it does exist, it is not in the possession or under control of such party, it shall be a sufficient answer to such interrogatory to so state and to specify the records from which the answer may be derived or ascertained and to afford to the party by whom the interrogatory was proposed reasonable opportunity to examine, audit or inspect such records and to make copies thereof or compilations, abstracts or summaries therefrom.

(e) Service of interrogatories and responses under this section may be made upon any party or his attorney in the manner provided in Chapter 5 (commencing with Section 1010) of Title 14 of Part 2.

SEC. 3. Section 2033 is added to the Code of Civil Procedure, to read:

2033. (a) After service of summons or the appearance of a party, any other party who has appeared in the action may serve upon such party who has been served or who has appeared a written request for the admission by the latter of the genuineness of any relevant documents described in the request or of the truth of any relevant matters of fact set forth in the request. If a plaintiff desires to serve a request within 10 days after such service of summons or appearance, leave of court, granted with or without notice, must be obtained. Copies of the documents shall be served with the request unless copies have already been furnished, and upon request the originals shall be made available for inspection. Each of the matters of which an admission is requested shall be deemed admitted unless, within a period designated in the request, not less than 20 days after service thereof or within such shorter or longer time as the court may allow on motion and notice, the party to whom the request is directed serves upon the party requesting the admission either (1) a sworn statement denying specifically the matters of which an admission is requested or setting forth in detail the reasons why he cannot truthfully admit or deny those matters or (2) written objections on the ground that some or all of the requested admissions are privileged or irrelevant or that the request is otherwise improper in whole or in part, together with a notice of hearing the objections at the earliest practicable time. For good cause and without notice, the court may enlarge the time not to exceed 15 days. If written objections to a part of the request are made, the remainder of the request shall be answered within the period designated in the request. A denial shall fairly meet the substance of the requested admission, and when good faith requires that a party deny only a part or a qualification of a matter of which an admission is requested, he

shall specify so much of it as is true and deny only the remainder. If the party who has submitted the requests for admissions deems that further response is required, he may move the court for an order requiring further response. Such motion must be upon notice given within 30 days from date of service of the responses unless the court, on motion and notice, and for good cause shown, enlarges the time. Otherwise, the party submitting the requests for admissions shall be deemed to have waived the right to compel further responses pursuant to this section. Copies of all requests for admissions and of all responses thereto shall be served upon all other parties to the action who have appeared; but the court on motion with or without notice may waive this requirement if the court determines that enforcement thereof would be unduly expensive, oppressive or burdensome. At any time prior to final judgment and upon written request, the party originating requests for admissions or responses thereto shall provide within 30 days of such written request a copy thereof to any other party for any reason not previously served.

(b) The requests for admissions and any responses thereto shall not be filed unless the court, on motion and notice and for good cause shown, so orders. Any party may lodge with the court the original or a copy of any requests for admissions or responses thereto, but these shall not be filed unless the court determines that their contents have become relevant to an issue in a trial or other proceeding.

(c) The number of requests for admissions or of sets of requests for admissions to be served is not limited except as justice requires to protect the party from annoyance, expense, embarrassment or oppression. The provisions of subdivision (b) of Section 2019 are applicable for the protection of the party from whom the admissions are requested under this section.

(d) Any admission made by a party pursuant to such request is for the purpose of the pending action only and neither constitutes an admission by him for any other purpose nor may be used against him in any other action.

(e) Service upon a party of any request for admission or response under this section may be made upon any party or his attorney in the manner provided in Chapter 5 (commencing with Section 1010) of Title 14 of Part 2.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Chapter 500 of the Statutes of 1977 inadvertently contained ambiguous provisions which create uncertainties and difficulties regarding the form and service of propounding documents, the service of responding documents, and the maintenance of both propounding and responding documents by the counsels of the parties, which, until resolved, can only be alleviated expeditiously by the reinstatement of previously existing statutory procedures.

In order that the expeditious alleviation of these uncertainties and

difficulties affecting civil discovery can be resolved at the earliest possible time, it is necessary that this act shall go into immediate effect.

CHAPTER 13

SEC. 2. Section 987.656 is added to the Military and Veterans Code, to read:

987.656. A mobilehome which is purchased under this act shall not be moved from its original site to any other location, without first obtaining prior authorization from the department.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

[Approved by Governor February 23, 1978. Filed with Secretary of State February 24, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 12823 is added to the Public Utilities Code, to read:

12823. (a) A district furnishing light, heat, or power may engage in activities to reduce wasteful, uneconomical or unnecessary uses of energy, including, but not limited to, public information programs, the sale of insulation, the sale, rental and lease of materials or equipment for the purpose of conserving energy or reducing the need for the installation of electric generating facilities, and the adoption of voluntary and mandatory load management programs, and may also engage in activities to accelerate and participate in the development of alternative sources of energy including, but not limited to, the supply of equipment for use in connection therewith, and may do all things necessary or convenient to the full exercise of the powers herein granted. The interest rates charged on extended payment contracts for such materials or equipment shall not exceed that necessary to cover the district's full cost of money plus its administrative costs and anticipated losses due to nonpayment on such contracts.

(b) This section does not constitute a change in, but is declaratory of, the existing law.

CHAPTER 15

An act to amend Sections 39149 and 81139 of the Education Code, relating to school building construction, and declaring the urgency thereof, to take effect immediately.

A winegrower shall actually produce on his licensed premises by conversion of grapes, berries or other fruit, into wine, not less than 50 percent of all wines sold to consumers on his licensed premise or premises and any licensed branch premise or premises.

The department may, if it shall determine for good cause that the granting of such privilege would be contrary to public welfare or morals, deny the right to exercise the on-sale privilege authorized by this section in any bona fide eating place the main entrance to which is within 200 feet of a school or church.

Nothing in this section shall prohibit the employing agency from taking appropriate disciplinary action against any deputy sheriff whose practice of law exceeds the above limitations.

CHAPTER 18

An act to amend Section 359 of the Water Code, and to amend and repeal Section 3 of Chapter 86 of the Statutes of 1977, relating to water supplies, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 24, 1978 Filed with Secretary of State February 24, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 359 of the Water Code is amended to read:

359. Notwithstanding any other provision of law which requires an election for the purpose of authorizing a contract with the United

States, or for incurring the obligation to repay loans from the United States, and except as otherwise limited or prohibited by the Constitution of the State of California, a public water agency may, as an alternative procedure to submitting the proposal to an election, upon affirmative vote of four-fifths of the members of the governing body thereof, apply for, accept, provide for the repayment together with interest thereon, and use funds made available by the federal government pursuant to Public Law 95-18, pursuant to any other federal act subsequently enacted during 1977 which specifically provides emergency drought relief financing, or pursuant to existing federal relief programs receiving budget augmentations in 1977 for drought assistance, and may enter into such contracts as are required to obtain such federal funds pursuant to the provisions of such federal acts; provided the following conditions exist:

(a) The project is undertaken by state, regional, or local governmental agency.

(b) As a result of the severe drought now existing in many parts of the state, the agency has insufficient water supply needed to meet necessary agricultural, domestic, industrial, recreational, and fish and wildlife needs within the service area or area of jurisdiction of the agency.

(c) The project will develop or conserve water before October 31, 1978, and will assist in mitigating the impacts of the drought.

(d) The agency affirms that it will comply, if applicable, to Sections 1601, 1602, and 1603 of the Fish and Game Code.

(e) The project will be completed on or before the completion date, if any, required under the federal act providing the funding, but not later than March 1, 1978.

Any obligation to repay loans shall be expressly limited to revenues of the system improved by the proceeds of the contract.

No application for such federal funds pursuant to the authority of this section shall be made on or after March 1, 1978.

Notwithstanding the provisions of this section, a public agency shall not be exempt from any provision of law which requires the submission of such proposal to an election if a petition requesting such an election signed by 10 percent of the registered voters within the public agency is presented to the governing board within 30 days following the submission of an application for such federal funds.

Notwithstanding the provisions of this section, a public water agency which applied for federal funds for a project prior to January 1, 1978, may make application to the Director of the Drought Emergency Task Force for extension of the required completion date specified in subdivision (e). Following receipt of an application for extension, the Director of the Drought Emergency Task Force may extend the required completion date specified in subdivision (e) to a date not later than September 30, 1978, if the director finds that the project has been delayed by factors not controllable by the public water agency. If the Drought Emergency Task Force is dissolved, the Director of Water Resources shall exercise the

authority vested in the Director of the Drought Emergency Task Force pursuant to this section.

For the purposes of this section, "public water agency" means a city, district, agency, authority, or any other political subdivision of the state, except the state, which distributes water to the inhabitants thereof, which is otherwise authorized by law to enter into contracts or agreements with the federal government for a water supply or for financing facilities for a water supply, and which is otherwise required by law to submit such agreements or contracts or any other project involving long-term debt to an election within such public water agency.

SEC. 2. Section 3 of Chapter 86 of the Statutes of 1977 is amended to read:

Sec. 3. Notwithstanding any other provision of law to the contrary, a drought relief project shall be exempt from the provisions of Division 13 (commencing with Section 21000) of the Public Resources Code, if all of the following conditions exist:

(a) The project is undertaken by a state, regional, or local governmental agency.

(b) The project is funded pursuant to Public Law 95-18, pursuant to any other federal act subsequently enacted during 1977 which specifically provides drought relief financing, or pursuant to existing federal relief programs receiving budget augmentations in 1977 for drought assistance.

(c) As a result of the severe drought now existing in many parts of the state, the agency has insufficient water supply needed to meet necessary agricultural, domestic, industrial, recreational, and fish and wildlife needs within the service area or area of jurisdiction of the agency.

(d) The project will develop or conserve water before October 31, 1978, and will assist in mitigating the impacts of the drought.

(e) The construction of the project will be completed on or before the completion date, if any, required under the federal act providing the funding, but not later than March 1, 1978.

(f) The agency affirms that it will comply, where applicable, with Sections 1601, 1602, and 1603 of the Fish and Game Code.

Notwithstanding the provisions of this section, an agency which applied for federal funds for a project prior to January 1, 1978, may make application to the Director of the Drought Emergency Task Force for extension of the required completion date specified in subdivision (e). Following receipt of an application for extension, the Director of the Drought Emergency Task Force may extend the required completion date specified in subdivision (e) to a date not later than September 30, 1978, if the director finds that the project has been delayed by factors not controllable by the public water agency. If the Drought Emergency Task Force is dissolved, the Director of Water Resources shall exercise the authority vested in the Director of the Drought Emergency Task Force pursuant to this section.

This section shall remain in effect only until September 30, 1978, and as of such date is repealed, unless a later enacted statute, which is chaptered before September 30, 1978, deletes or extends such date.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Existing drought conditions are causing hardships and crises in many areas of the state. Many public water agencies which have entered into agreements with the federal government for the financing of drought relief projects in accordance with existing provisions of law will be unable to complete such projects by March 1, 1978, as required under existing law, due to delays beyond the control of such agencies. In order to permit the required completion date for the construction of such projects to be extended in appropriate cases beyond March 1, 1978, and to thereby permit the effective implementation of federal drought relief programs in this state, it is necessary that this act go into immediate effect.

CHAPTER 19

An act to add Section 1268.5 to the Health and Safety Code, relating to health, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 24, 1978. Filed with Secretary of State February 24, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 1268.5 is added to the Health and Safety Code, to read:

1268.5. Notwithstanding the provisions of Section 1268 requiring full compliance with the provisions of this chapter and the rules and regulations of the state department as a condition to the issuance of a license or special permit, the state department may issue a provisional license upon a change of ownership of a licensed skilled nursing facility or intermediate care facility if the initial relicensure inspection reveals the following:

(a) The facility and the applicant for licensure substantially meet the standards specified by this chapter and regulations adopted pursuant to this chapter.

(b) No violation of such provisions or regulations exists in the facility which jeopardizes the health or safety of patients.

(c) The applicant has adopted a plan for correction of any existing violations which is satisfactory to the state department.

A provisional license issued under this section shall expire not later than six months after the date of issuance, or at such earlier time as

determined by the state department at the time of issuance, and may not be renewed.

It is the intent of the Legislature in enacting this section to additionally provide for continuity of reimbursement under the Medi-Cal Act, Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code, whenever ownership of a skilled nursing facility or intermediate care facility is transferred.

SEC. 2. (a) The Legislature hereby finds and declares that a high rate of turnover among staff in intermediate care facilities and skilled nursing facilities diminishes the quality of care rendered to patients in such facilities. The Legislature further finds that the turnover among employees of such facilities is substantially attributable to the fact that the wages paid such employees are generally lower than the wages paid employees of other health care institutions in similar job classifications. It is the intent of the Legislature that Medi-Cal reimbursement rates for skilled nursing facilities and intermediate care facilities, to the extent feasible, be set at levels sufficient to allow such employees to be paid at wages which are sufficient to reduce turnover among such employees, in order to improve the level and quality of patient care.

(b) The Legislature further finds that the rates for wages contained in this act were developed with recognition of the costs of increased wages and related benefits. It is the intent of the Legislature that the funds resulting from the Medi-Cal rate increases provided in this section be used for wage increases and for costs of normal benefit increases related to the wage and salary increases.

(c) Notwithstanding any other provision of law, the Director of Health shall establish and implement regulations effective March 1, 1978, that establish a payment rate for intermediate care facilities and skilled nursing facilities as defined in Section 1250 of the Health and Safety Code, which is sufficient to provide an increase of two dollars and twenty-eight cents ($2.28) per patient-day with respect to skilled nursing facilities and one dollar and eighty-four cents ($1.84) per patient-day with respect to intermediate care facilities, for wages and benefits of nonadministrative employees. The increase required by this section shall be in addition to any future mandatory increases required by federal or state law. Such rate shall provide funding for the portion of additional costs necessary to implement the wage and benefit increase required by this section attributable to Medi-Cal patients. The portion of such additional costs shall be the same as the ratio of Medi-Cal patients to the total patients in the facility.

(d) Each skilled nursing facility or intermediate care facility shall certify that funds received pursuant to this section for the period commencing March 1, 1978, to and including June 30, 1978, are expended for employee wages and benefits, except if the entry level wages of the lowest paid nonadministrative employee of a skilled nursing facility or an intermediate care facility exceeds three dollars

and ninety-seven cents ($3.97) per hour on the effective date of this section, the funds received pursuant to regulations adopted pursuant to this section shall be used to ensure the continued delivery of quality care in such facility. The base, from which employee wages and benefits are increased pursuant to this section, shall be the facility payroll for the month of December, 1977, but including only nonovertime hours worked by covered employees, plus any amount received pursuant to Section 1439.7 of the Health and Safety Code. For purposes of determining the amount of Medi-Cal funds to be distributed for employee wages and benefits, the total Medi-Cal patient-days recorded by the facility in the month of December, 1977, shall be multiplied by the amount per patient-day specified in subdivision (b) of this section.

(e) The director shall inspect relevant payroll and personnel records of skilled nursing facilities and intermediate care facilities which are reimbursed for Medi-Cal patients under the rate of reimbursement established pursuant to subdivision (b) of this section to insure that the wage and benefit increases provided for have been implemented.

(f) Any facility which is paid under the rate provided for in which the director finds has not made the wage and benefit increases provided for shall be liable to the state for the amount of funds paid to such facility based upon the wage and benefit requirements provided for by this section but not distributed to employees for wages and benefits plus a penalty equal to 10 percent of the funds not so distributed.

(g) On or before July 1, 1978, and annually thereafter, each skilled nursing facility or intermediate care facility shall certify to, and in the manner prescribed by, the director, all of the following:

(1) All nonadministrative employees of such facility employed less than three months receive at least an entry level wage amounting to the prevailing federal minimum wage rate plus 50 percent of the average hourly wage increase established pursuant to this section for that facility during the period March through June, 1978.

(2) All nonadministrative employees of such facility employed three months or more receive at least the prevailing federal minimum wage rate plus the average hourly wage increase established pursuant to this section for that facility during the period March through June, 1978; provided, however, that no employee then employed shall receive a wage less than that which such person received pursuant to this section for the period March through June, 1978, after July 1, 1978.

(3) Any wage increase required pursuant to Section 1439.7 of the Welfare and Institutions Code is in addition to any minimum wages provided in this subdivision.

SEC. 3. The sum of seven million dollars ($7,000,000), or as much thereof as may be necessary, is hereby appropriated from the General Fund to the State Department of Health, for costs incurred during the 1977–78 fiscal year, for allocation by the Department of

Finance to carry out the provisions of Section 2 of this act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to insure the continued availability of medical services to Medi-Cal beneficiaries, it is essential that this act take effect immediately.

CHAPTER 20

An act to repeal, add, and repeal Section 19614.1 of the Business and Professions Code, relating to horseracing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 24, 1978. Filed with Secretary of State February 24, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 19614.1 of the Business and Professions Code, as amended by Chapter 764 of the Statutes of 1977, is repealed.

SEC. 2. Section 19614.1 is added to the Business and Professions Code, to read:

19614.1. Notwithstanding Section 19614, any association other than the California State Fair and Exposition or a district or county fair which handles thirty million dollars ($30,000,000) or less in the parimutuel pools operated by it during the course of a racing meeting shall be exempt from the requirements of Sections 19611, 19612, and subdivisions (c) and (d) of Section 19615.

Any such association shall deduct from the total amount handled in parimutuel pools related to its meeting 15.75 percent thereof to be distributed as license fees, commissions, and purses, and shall pay a license fee of 5½ percent on the amount handled by it in lieu of any other base rate, or rates, otherwise provided for. The remaining 10.25 percent so deducted shall be distributed as commissions and purses.

This section shall apply to all racing meetings held on or after the effective date of this section and shall remain in effect until September 1, 1978, and on such date is repealed.

SEC. 3. It is the intent of the Legislature in enacting this act to clarify the status of Section 19614.1 of the Business and Professions Code as having been in effect from March 21, 1977, to September 1, 1977, pursuant to Chapter 11 of the Statutes of 1977, and having effect from January 1, 1978, to September 1, 1978, pursuant to Chapter 764 of the Statutes of 1977.

SEC. 4. Sections 1, 2, and 3 of this act do not constitute a change in, but are declaratory of, the existing law.

SEC. 5. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to resolve a conflict over the status of existing law on the payment of purses, license fees, and payments to owners and breeders by certain racing associations, and to carry out the legislative intent of Chapter 11 and Chapter 764 of the Statutes of 1977, it is necessary for this act to take effect immediately.

CHAPTER 21

An act to amend Section 6505 of the Government Code, relating to joint exercise of powers.

[Approved by Governor March 1, 1978 Filed with Secretary of State March 1, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 6505 of the Government Code is amended to read:

6505. The agreement shall provide for strict accountability of all funds and report of all receipts and disbursements.

In addition, and provided a separate agency or entity is created, the public officer performing the functions of auditor or controller as determined pursuant to Section 6505.5, shall either make or contract with a certified public accountant or public accountant to make an annual audit of the accounts and records of every agency or entity, except that such officer need not make or contract for such audit in any case where an annual audit of the accounts and records of such agency or entity by a certified public accountant or public accountant is otherwise made by any agency of the state or the United States only as to such accounts and records which are directly subject to such a federal or state audit. In each case the minimum requirements of the audit shall be those prescribed by the State Controller for special districts under Section 26909 of the Government Code and shall conform to generally accepted auditing standards.

Where an audit of an account and records is made by a certified public accountant or public accountant, a report thereof shall be filed as public records with each of the contracting parties to the agreement and also with the county auditor of the county in which each of the contracting parties is located. Such report shall be filed within 12 months of the end of the fiscal year under examination.

Where a nonprofit corporation is designated by the agreement to administer or execute the agreement and no public officer is required to perform the functions of auditor or controller as determined pursuant to Section 6505.5, an audit of the accounts and

records of the agreement shall be made at least once each year by a certified public accountant or public accountant, and a report thereof shall be filed as a public record with each of the contracting parties to the agreement. Such reports shall be filed within 12 months after the end of the fiscal year under examination.

Any costs of the audit, including contracts with, or employment of certified public accountants or public accountants, in making an audit pursuant to this section shall be borne by the agency or entity and shall be a charge against any unencumbered funds of the agency or entity available for the purpose.

All agencies or entities whose annual budget does not exceed five hundred dollars ($500), may, by unanimous request of the governing body thereof, with unanimous approval of the contracting parties replace the annual special audit with an audit covering a two-year period.

CHAPTER 22

An act to amend Section 5328 of the Education Code, relating to school and community college elections.

Where another state, commonwealth or Canadian province by statute imposes any restrictions or limitations on a California resident, such restrictions or limitations shall apply to a resident of that state, commonwealth or Canadian province in California. This section shall not be construed to require a countersignature on a policy or contract, or the payment of a countersignature fee.

CHAPTER 24

An act to amend Section 27421 of the Government Code, to amend Sections 2260, 2264, 2265, 2305, 2306, 2307, 2308, 2309, 2325, 2325.1, 2611.5, 11401, 11403, 17053.5, 17505, 20542, 20543, and 20544 of, to add Sections 37, 253.6, 401.6, 1603.5, 2187.5, 2261, 2263, and 20505.2 to, to add Article 10 (commencing with Section 2350) to Chapter 3 of Part 4 of Division 1 of, to add Division 3 (commencing with Section 50000) to, and to repeal Sections 2261, 2262, 2263, 2263.1, 2263.2, 2266, and 2267 of, the Revenue and Taxation Code, and to amend Sections 11008.4, 12400, and 14150 of the Welfare and Institutions Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 3, 1978. Filed with Secretary of State March 3, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 27421 of the Government Code is amended to read:

27421. The county assessor in each county who is designated to perform the duty of assessing property for a local taxing jurisdiction shall, upon request of the governing body of such jurisdiction, excluding a school district, furnish not later than May 15th of each year an estimate of:

(a) The assessed value of owner-occupied dwellings, as defined in Section 2261 of the Revenue and Taxation Code, on the secured roll

which will be common to both the next succeeding fiscal year's secured roll and the current roll, as defined by such section; and

(b) The assessed value of all property, other than owner-occupied dwellings, on the secured roll which will be common to both the next succeeding fiscal year's secured roll and the current roll, as defined in such Section 2261.

Such request shall be made on or before February 20th of each year. The estimate required herein shall contain estimates of the total of each of the items contained on the assessment roll, including total assessed valuation of all owner-occupied dwellings and total assessed valuation of all properties, other than owner-occupied dwellings.

SEC. 2. Section 37 is added to the Revenue and Taxation Code, to read:

37. Any reference to property tax rate used in this code shall be deemed to refer, where applicable, to the differential tax rates established by Chapter 3 (commencing with Section 2201) of Part 4 of Division 1.

SEC. 4. Section 253.6 is added to the Revenue and Taxation Code, to read:

253.6. Any person who is not receiving or is not eligible for the homeowners' exemption who is the owner of an owner-occupied dwelling may file with the assessor an affidavit of eligibility for a separate valuation pursuant to Section 401.6, giving any information required by the board. Such information shall include, but not be limited to, the name of the person making the claim, the address of the property, and a statement to the effect that the claimant owned and occupied the property as his or her principal residence on the lien date.

The affidavit shall be filed with the assessor any time convenient to the taxpayer during normal working hours of the assessor, but no later than 5:00 p.m. on April 15 preceding the fiscal year for which the claim is first effective.

The board shall prescribe the form of the affidavit.

SEC. 5. Section 401.6 is added to the Revenue and Taxation Code, to read:

401.6. For each parcel of land for which the homeowners' property tax exemption is claimed pursuant to Section 218 or for which an affidavit of eligibility under Section 253.6 has been filed, the assessor shall assess the land and improvements on the entire parcel of property and shall, if necessary, make a determination of the value attributable to the residential dwelling as defined in Section 20508 of this code, and a separate determination of the value of the remainder of the property.

The board shall prescribe rules and regulations to govern assessors when making separate valuations of such residential dwellings.

The assessor shall transmit the separate valuation or valuations of the residential dwelling and of the remainder of the property to the auditor, who shall enter the description or descriptions and the

valuation or valuations of the parcel on the roll, and shall compute the amount of tax due thereon.

SEC. 7. Section 1603.5 is added to the Revenue and Taxation Code, to read:

1603.5. When an applicant requests a reduction in the separate valuations made pursuant to Section 401.6, whether the reduction is requested on grounds of valuation of the entire parcel, on grounds of misclassification of property attributable to the residential dwelling, or for any other cause, the county board shall make a determination of the full cash value of the whole property and shall order a change in the separate valuation or valuations only if the assessed value of the whole requires equalization, or shall adjust the separate valuations so that each is equalized and the value of the whole property is accounted for.

The board shall be bound by the same principles of separate valuation that are applicable to the assessor.

SEC. 8. Section 2187.5 is added to the Revenue and Taxation Code, to read:

2187.5. Whenever separate valuations are made pursuant to Section 401.6 the lien for unpaid taxes against any one of the valuations shall be a lien against the entire valuation of the property subject to separate valuation which is under the same ownership.

SEC. 8.8. Section 2260 of the Revenue and Taxation Code is amended to read:

2260. The maximum property tax rates for local agencies shall be those established pursuant to the provisions of this article or of Article 6, 7 or 8 of this chapter (commencing with Section 2201) and shall exclude the following from the determination thereof: (1) any property tax rate levied pursuant to Article 5 of this chapter; (2) any property tax rate levied pursuant to a city charter procedure ordinance for the purpose of paying principal and interest on assessment bonds or for the purpose of paying annual costs of maintenance and operation of improvements financed pursuant to city charter procedure, when the levy is made in relation to benefits derived and not in accordance with the last equalized city or county assessment roll; and (3) any property tax rate levied on behalf of a county superintendent of schools.

SEC. 9. Section 2261 of the Revenue and Taxation Code is repealed.

SEC. 10. Section 2261 is added to the Revenue and Taxation Code, to read:

2261. (a) The maximum property tax rate which may be levied by, or on behalf of, a local agency on owner-occupied dwellings shall be a property tax rate which, if applied to common dwellings on the current fiscal year's secured roll would produce an amount of property tax revenue equal to the amount which would have been received in the prior fiscal year had the prior year's secured tax rate for owner-occupied dwellings been applied to the prior year's assessed value of common dwellings adjusted by the percentage

change in price deflator.

A local agency may levy a property tax rate on owner-occupied dwellings lower than the maximum rate computed pursuant to this subdivision, but no lower than a rate which would produce the same amount of property tax revenue from common dwellings as was derived from such dwellings in the prior year. If a local agency wishes to levy a tax rate on owner-occupied dwellings lower than that provided for in this subdivision, it must do so pursuant to subdivision (d).

(b) The maximum property tax rate which may be levied by, or on behalf of, a local agency on other property shall be a property tax rate which, if applied to all properties on the current fiscal year's secured roll (including owner-occupied dwellings) which are common properties, would produce an amount of property tax revenue, when added to the revenue produced by the unsecured roll, equal to the sum of (1) the amount which would have been received in the prior fiscal year had the prior year's secured tax rate for other property been applied to the prior year's assessed valuation of all common properties adjusted by the percentage change in price deflator, plus (2) the revenue received in the prior year from the unsecured roll adjusted by the percentage change in price deflator.

(c) Whenever the tax rate computed under subdivision (a) exceeds the tax rate computed under subdivision (b), the tax rate computed under subdivision (a) shall be reduced to equal the tax rate computed under subdivision (b).

(d) A local agency may levy property tax rates lower than the rates provided in subdivisions (a) or (c), and (b), of this section, in which case the two tax rates shall be below their respective rates established pursuant to subdivisions (a) or (c), and (b), by the same percentage.

(e) If the total amount of property tax revenue which would be produced for a local agency from levying the maximum property tax rates pursuant to subdivisions (a) and (b) on common dwellings, and other common properties, when added to the revenue from the unsecured roll, is less than the prior year's property tax revenue from such properties and the unsecured roll adjusted by the percentage change in price deflator, the maximum tax rate computed pursuant to subdivision (b) may be increased to produce, when added to the revenue from the unsecured roll, no more than the amount of property tax revenue received in the prior year from common properties other than common dwellings, when added to the revenue from the unsecured roll, adjusted by the percentage change in price deflator. If the maximum property tax rate computed pursuant to this subdivision exceeds the prior year's secured tax rate on other property, then such rate shall be reduced to the prior year's secured tax rate on other property.

(f) If the maximum property tax rates computed pursuant to subdivision (a) or (c), and (b) or (e) would produce a total amount of property tax revenue for a local agency from common dwellings, and other common properties, when added to the amount of

revenue from the unsecured roll, which is less than the prior year's revenue from such properties, including revenue from the unsecured roll, adjusted by a percentage equal to the percentage change in cost-of-living (as determined pursuant to Section 2212), the maximum tax rate determined pursuant to subdivisions (a) or (c) may be increased so that the total amount of property tax revenue which would be produced from common dwellings, and other common property, when added to the amount of revenue from the unsecured roll, is equal to the revenue received in the prior year from such properties, including revenue from the unsecured roll, adjusted by a percentage equal to the percentage change in cost-of-living.

If the computations pursuant to this subdivision produce a higher property tax rate on owner-occupied dwellings than on other property, then the tax rate on owner-occupied dwellings shall be reduced to a rate equal to the rate computed for other property. Then the local agency may increase both tax rates by an equal number of cents per one hundred dollars ($100) of assessed valuation in order to derive the amount of revenue authorized by this subdivision.

Before using this subdivision, a local agency shall first compute its maximum tax rate on other property pursuant to subdivision (e), if applicable.

(g) If there is a dissolution of a local agency and the services provided by such agency are assumed by another local agency, the local agency assuming the new responsibilities shall include in its prior year's revenue for the purposes of computing maximum tax rates pursuant to this section the revenue of the dissolved agency which was attributable to the performance of such assumed service by the dissolved agency in that year.

(h) The county auditor shall be responsible for computing maximum tax rates pursuant to this article and shall transmit such rates to the governing board of each local agency within 15 days of the completion of the local roll.

Final responsibility for setting such rates shall rest with the local agency.

(i) In computing tax rates pursuant to this section, a city which used the city assessment roll in 1977–78, may use either the city or county assessment roll applicable to that city in such year.

(j) As used in this section:

(1) "Property tax revenue" includes revenue received from state reimbursements for the homeowners' exemption, and excludes all revenues attributable to taxation of business inventories, including state reimbursements.

(2) "Owner-occupied dwelling" means a property which has qualified for a homeowner's exemption, or that portion thereof for which a separate assessment is made pursuant to subdivision (a) of Section 401.6, and for which a timely filing for such exemption, or the affidavit described in Section 253.6, has been made. For the

provisions of this chapter, for a "cooperative housing corporation" as defined in Section 17265, the ratio of owner-occupied units in the cooperative to the total number of units shall be determined. Such ratio shall be applied to the total assessed value of the cooperative, to determine the assessed value of the owner-occupied dwellings.

(3) "Common to both the current and prior year's secured rolls":

(A) Means, for owner-occupied dwellings, property receiving the homeowners' exemption on both rolls;

(B) Means, for other property, those properties for which the improvement valuation has increased by less than 50 percent of the prior year's total improvement valuation. Personal property on the secured roll shall be considered common to both the current and prior year's secured rolls if the real property to which it is secured is common to the current and prior year's secured rolls; however, personal property of banks shall not be considered common to both the current and prior year's secured rolls;

(C) Excludes state-assessed property;

(D) Excludes property which was contained within the boundaries of the local agency for purposes of the current year's roll, but was not contained within the boundaries of the local agency for purposes of the prior year's roll, due to a change in the local agency's boundaries from the prior to the current year;

(E) Excludes the entire assessed valuation of a redevelopment agency pursuant to Article 6 (commencing with Section 33670) of Chapter 6 of Part 1 of Division 24 of the Health and Safety Code;

(F) Excludes those properties requiring two separate valuations pursuant to Section 401.6.

(4) (A) "Common dwellings" means owner-occupied dwellings common to both the current and prior years' secured rolls.

(B) "Common properties" means properties common to both the current and prior years' secured rolls.

(5) "Other property" means properties other than owner-occupied dwellings.

(6) "Prior year's secured tax rate" means:

(A) For 1978–79, the secured property tax rate actually levied pursuant to this article for 1977–78;

(B) For fiscal years after 1978–79, the maximum authorized secured tax rate computed pursuant to this article for the prior year.

(7) "Percentage change in the price deflator" means:

(A) For computation of maximum property tax rates for fiscal years 1978–79 and 1979–80, a percentage equal to the percentage change from the first calendar quarter of the prior year to the first calendar quarter of the current year in the Gross National Product deflator for goods and services purchased by state and local government, as published by the United States Department of Commerce;

(B) For computation of maximum property tax rates for fiscal years after 1979–80, a percentage equal to the percentage change from the first calendar quarter of the prior year to the first calendar

quarter of the current year in the California Local Agency Price Deflator, a statewide index which the California Department of Industrial Relations shall prepare for local agencies in California in a manner similar to that used by the United States Department of Commerce in preparing the Gross National Product deflator for goods and services purchased by state and local government, and shall make available to local agencies in May of each year. There shall be established in the Department of Industrial Relations a California Local Agency Price Deflator Advisory Commission, composed of a representative from the Assembly, or designee, as appointed by the Speaker, a representative of the Senate, or designee, as appointed by the Senate Rules Committee, the Legislative Analyst or his designee, the Director of Finance or his designee, League of California Cities, County Supervisors Association of California, and the California Special Districts Association. The Advisory Commission shall advise and assist the department in preparing the price deflator and shall report to the Legislature its independent evaluation of the department's progress no later than June 30, 1979, and of the department's final proposal.

(k) For the computation of maximum property tax rates for the 1978–79 fiscal year only, if the amount of property tax revenue received in 1977–78 by a local agency with respect to common properties (defined as in paragraph (4) of subdivision (j), but with "1977–78" substituted for "current", and "1976–77" substituted for "prior year's"), when added to the amount of revenue produced in 1977–78 from the unsecured roll, is less than the amount of property tax revenue received in 1976–77 by such agency with respect to such common property, when added to the amount of revenue produced in 1976–77 from the unsecured roll, then the local agency may use alternate maximum property tax rates for 1978–79 computed by making the following adjustments in the formula contained in this section:

In subdivisions (a) to (j), inclusive, except for subdivision (j) (7) (A) "prior year", "prior year's", "prior fiscal year" and "1977–78" shall each refer to the 1976–77 fiscal year.

If the computations pursuant to this subdivision produce a higher tax rate for 1978–79 on other property than levied on other property in 1977–78, and a lower tax rate on owner-occupied dwellings for 1978–79 than levied on such property in 1977–78, then the rate for other property shall be reduced to a rate no higher than that levied in 1977–78.

SEC. 11. Section 2262 of the Revenue and Taxation Code is repealed.

SEC. 12. Section 2263 of the Revenue and Taxation Code is repealed.

SEC. 13. Section 2263 is added to the Revenue and Taxation Code, to read:

2263. For cities and special districts formed after July 1, 1978, the maximum property tax rate for the first fiscal year in which a

property tax is levied or could be levied, shall be the rate approved by the voters when the city or district was formed; provided, however, that the maximum property tax rate for a maintenance district formed pursuant to the Improvement Act of 1911 (Division 7 (commencing with Section 5000) of the Streets and Highways Code) or the Municipal Improvement Act of 1913 (Division 12 (commencing with Section 10000) of the Streets and Highways Code) may be established prior to or concurrently with the formation of such district by any petition or by supplemental written consent executed by property holders owning at least 60 percent of the land to be benefited. The procedures for such petition or supplemental written consent shall follow the procedures in the Special Assessment Investigation, Limitation and Majority Protest Act of 1931 (Division 4 (commencing with Section 2800) of the Streets and Highways Code).

SEC. 14. Section 2263.1 of the Revenue and Taxation Code is repealed.

SEC. 15. Section 2263.2 of the Revenue and Taxation Code is repealed.

SEC. 16. Section 2264 of the Revenue and Taxation Code is amended to read:

2264. In the event that a local agency elects to follow the provisions of Part 3.5 (commencing with Section 2131) of this division, for levying a property tax rate in certain special districts, the maximum property tax rate for such districts shall be determined as provided in this section. For all purposes of this chapter, such maximum property tax rate shall be applied to the total assessed value within such district. In such situations the actual property tax rate for such a district shall be levied in each county in which the district is situated as provided in Part 3.5 without regard to the limitations provided elsewhere in this article.

As used in this section, "total assessed value within the district" means all assessed value in each county in which the district is located which is subject to ad valorem property taxation by, or on behalf of, such district; plus the assessed value in each such county which is attributable to the homeowners' property tax exemption and which otherwise would have been subject to ad valorem property taxation by, or on behalf of, such district.

SEC. 17. Section 2265 of the Revenue and Taxation Code is amended to read:

2265. In lieu of the maximum property tax rates established by other provisions of this article, the voters of a local agency may establish a maximum property tax rate for such agency pursuant to the provisions of Article 6 (commencing with Section 2285).

If voted maximum property tax rates are established for a local agency, the voted property tax rates shall both exceed the maximum property tax rates computed pursuant to Section 2261 by the same number of cents per one hundred dollars of assessed valuation.

After the first year in which any voted maximum rate established

pursuant to this section is effective, the maximum property tax rates shall be established pursuant to Section 2261.

SEC. 18. Section 2266 of the Revenue and Taxation Code is repealed.

SEC. 19. Section 2267 of the Revenue and Taxation Code is repealed.

SEC. 20. Section 2305 of the Revenue and Taxation Code is amended to read:

2305. As used in this article "functional consolidation" means the transfer, from one local agency to another, of both of the following: (1) the responsibility for providing a program or a service to an area within the jurisdiction of the transferring agency and (2) the responsibility for levying a property tax rate or rates within such area to pay the cost of such service or program. Functional consolidation does not refer to any transfer of responsibility for providing a program or a service when such transfer occurs as a result of a "governmental reorganization" as such term is defined in Section 2295; in such event, the maximum property tax rates for any affected local agency shall be determined solely as provided in Article 7 (commencing with Section 2295) of this chapter.

SEC. 21. Section 2306 of the Revenue and Taxation Code is amended to read:

2306. Whenever a functional consolidation occurs, the maximum property tax rate or rates for any local agency affected by such functional consolidation shall be determined as provided in this article.

SEC. 22. Section 2307 of the Revenue and Taxation Code is amended to read:

2307. The local agency which transfers a program or service shall reduce its maximum property tax rate as provided in this section. Such reduction shall be effective beginning with the fiscal year after the transfer has occurred.

(a) The local agency shall determine the actual cost of providing the transferred program or service during the last full fiscal year in which such function or service was provided.

(b) The local agency shall determine the amount of the costs determined pursuant to subdivision (a) which are attributable to expenses for general administration and capital outlay and which cannot be transferred to the agency assuming the responsibility for providing the program or service; provided that such amount shall not exceed 10 percent of the amount determined pursuant to subdivision (a).

(c) The local agency shall subtract the amount determined pursuant to subdivision (b) from the amount determined pursuant to subdivision (a).

(d) The local agency shall determine the property tax rate which would have been required to produce the amount determined pursuant to subdivision (c) during the last full fiscal year in which the transferred program or service was provided and shall reduce its

maximum property tax rate thereby. If a local agency has a property tax rate for owner-occupied dwellings and a different rate for other property, the amount calculated on each rate shall maintain the same proportionate relationship between the two rates.

SEC. 23. Section 2308 of the Revenue and Taxation Code is amended to read:

2308. The maximum property tax rate for a local agency assuming the responsibility for providing a program or service and for levying a tax to pay the cost thereof, as a result of a functional consolidation, shall be the maximum property tax rate for such agency established prior to the functional consolidation plus such additional rate as may be necessary to pay the actual costs of providing such program or service. If a local agency has a property tax rate for owner-occupied dwellings and a different rate for other property, the amount calculated on each rate shall maintain the same proportionate relationship between the two rates.

The Controller may audit any rate imposed under this section and if he determines that the rate exceeds a rate which would be necessary to pay the actual costs incurred as a result of functional consolidation, he shall immediately notify the local agency of such determination and the local agency shall reduce its property tax rate by an appropriate amount for the next succeeding fiscal year. In the event that a local agency fails to make such a reduction in its property tax rate, the Controller shall request the Attorney General to bring an action under Chapter 2 (commencing with Section 1084) of Title 1 of Part 3 of the Code of Civil Procedure to force a reduction in the rate.

SEC. 24. Section 2309 of the Revenue and Taxation Code is amended to read:

2309. Any adjustment in the maximum property tax rate or rates of a local agency made pursuant to Section 2308 shall only be made in the first full fiscal year after the functional consolidation has occurred.

SEC. 25. Section 2325 of the Revenue and Taxation Code is amended to read:

2325. Annually, no later than 15 days after the property tax rate for a local agency has been fixed, each local agency shall report to the Controller, on a form to be specified by the Controller, the property tax rate levied by, or on behalf of, the agency for the current fiscal year. Such information shall show the amount of the rate, if any, levied pursuant to Sections 2260, 2261, 2263, 2264, 2265, 2270, 2271, 2272, 2273, 2274, 2275, 2276, 2277, 2278, 2279 and 2280. Such information shall also show any property tax rate authorized or levied pursuant to the provisions of Article 6 (commencing with Section 2285), Article 7 (commencing with Section 2295), and Article 8 (commencing with Section 2305). Information with respect to any rate levied pursuant to Section 2270 shall also indicate the rate levied to pay interest and redemption charges on bonded indebtedness, the rate levied to pay the cost of retirement and pension benefits and the

rate levied to make payments to special funds as required by charter. The Controller shall, by regulation, require any tax rate exempt from rate limitations imposed by this chapter to be reported in the manner specified by this section.

SEC. 26. Section 2325.1 of the Revenue and Taxation Code is amended to read:

2325.1. In the event that the Controller determines that an error has occurred in establishing a property tax rate or rates levied pursuant to any provision of this chapter, he shall immediately notify the local agency of such error and the local agency shall reduce its property tax rate by an appropriate amount for the next succeeding fiscal year. In the event that a local agency fails to make such a reduction in its property tax rate, the Controller shall request the Attorney General to bring an action under Chapter 2 (commencing with Section 1084) of Title 1 of Part 3 of the Code of Civil Procedure to force a reduction in the rate.

SEC. 27. Article 10 (commencing with Section 2350) is added to Chapter 3 of Part 4 of Division 1 of the Revenue and Taxation Code, to read:

Article 10. Tax Rate Reductions for Homeowners

2350. Notwithstanding any other provisions of the law, for fiscal years 1978–79 and thereafter, with respect to owner-occupied dwellings as defined in Section 2261, the total levied county tax rate shall be reduced by:

(1) A tax rate computed by dividing the amount for the fiscal year determined under Section 12400 of the Welfare and Institutions Code by the total taxable assessed value for the county for the fiscal year, and multiplying the quotient by 100;

(2) A tax rate computed by dividing the amount determined for the fiscal year under Section 14150 of the Welfare and Institutions Code by the total taxable assessed value for the county for the fiscal year, and multiplying the quotient by 100; and

(3) A tax rate computed by dividing the county cost, as estimated each year by the Department of Benefit Payments and supplied to each county auditor prior to August 1 of each fiscal year, and increased or decreased by any error in the prior year's estimate, of grants for AFDC and BHI, not including the offset for collections received from absent fathers, pursuant to Section 11457 of the Welfare and Institutions Code, by the total taxable assessed value for the county for the fiscal year, and multiplying the quotient by 100.

2351. The amounts payable by each county pursuant to Section 12400 and Section 14150 of the Welfare and Institutions Code shall be reduced by the actual reductions in tax levy caused by the tax rate reductions provided in subparagraphs (1) and (2) of Section 2350.

The state's share of AFDC and BHI funding shall be increased by the amount of actual reduction in tax levy caused by the tax rate reduction provided in subparagraph (3) of Section 2350.

2352. As used in this article "taxable assessed value" means the assessed value of all property, including unsecured property, on the county roll, plus state assessed property, net of all exemptions except the homeowners' exemption and the business inventory exemption, and increased by the assessed value equivalent of the timber yield tax as determined for each county by the Board of Equalization.

2353. For the provisions of this chapter, for a "cooperative housing corporation" as defined in Section 17265, the ratio of owner-occupied units in the cooperative to the total number of units shall be determined. Such ratio shall be applied to the total assessed value of the cooperative. The special lower tax rates applied to owner-occupied dwellings shall only be applied to the assessed value of the cooperative attributable to owner-occupied units.

2354. If the reduction in the total ad valorem property tax rate levied on owner-occupied dwellings due to application of Section 2350 is less than 30 percent of the tax rate which would apply to owner-occupied dwellings before the application of Section 2350, then the total ad valorem property tax rate shall be further reduced by an amount which will result in a total tax rate reduction, due to application of this section and Section 2350, of 30 percent.

2355. The county auditor shall compute the total amount of revenue loss by each taxing agency due to the tax rate reductions provided in Section 2354 and shall file for reimbursement for this amount with the Controller no later than November 15 of each year. The Controller shall transmit to each county auditor one-half of the total reimbursement amount no later than December 10 of each year, and the remaining reimbursement amount no later than April 10 of each year. The county auditor shall allocate the reimbursement amounts to local agencies as though the amounts had been paid by the taxpayers.

SEC. 29.5. Section 2611.5 of the Revenue and Taxation Code is amended to read:

2611.5. (a) The following information shall be included either in each county tax bill or in a separate statement accompanying the tax bill:

(1) The full value and the assessed value of locally assessed property; if in addition thereto a different assessment is required for irrigation district purposes pursuant to Section 26625.1 of the Water Code, the assessed value for such purpose.

(2) The assessment ratio used to determine the assessed value.

(3) The tax rates or the dollar amounts of taxes levied by each revenue district and taxing agency on the property covered by the tax bill. An asterisk, or other distinctive mark, shall appear before the names of all special districts for which the county board of supervisors serves as the governing body.

(4) In lieu of itemizing the information required by paragraph (3) of this subdivision, the tax rates or dollar amounts of taxes levied on the property covered by the bill for county and city purposes. The tax rates or dollar amounts of taxes levied on the property for other

purposes shall be itemized. This option is available only if the information is included on the tax bill.

(b) With respect to any property for which the homeowners' property tax exemption is granted, the tax bill or accompanying statement shall include, in addition to the information required by subdivision (a), the following:

(1) The assessed value of the property;

(2) The amount of the homeowners' exemption;

(3) The total tax rate applicable on the property covered by the tax bill;

(4) The gross taxes prior to the application of the homeowners' exemption;

(5) The amount of tax reduction attributable to the homeowners' exemption;

(6) The amount of tax reduction attributable to rate reductions pursuant to Article 10 (commencing with Section 2350) of Chapter 3 of Part 4 of Division 1 of the Revenue and Taxation Code; and

(7) The total taxes due on the property covered by the tax bill.

(c) The information required by subdivision (b) for single-family homes shall be in the form of the following example:

(1) Assessed value of the property	$12,000
(2) Homeowners' exemption	$1,750
(3) Total tax rate applicable to the property	$10
(4) Gross taxes prior to the application of the homeowners' exemption	$1,200
(5) Tax reduction attributable to the state-financed homeowners' property tax relief program	$175
(6) Tax reduction attributable to state financed program of cutting tax rates by 30%	$307
(7) Total taxes due	$718

(d) In any year in which all of the assessments on the local secured roll have been raised or lowered as a result of a board order adopted pursuant to Section 18, Article XIII of the California Constitution, the full value may be omitted or, if shown, the tax bill shall include an explanation of the inconsistency of that figure with the equalized assessed value and the announced assessment ratio. The explanation required by this subdivision may be printed on an enclosure accompanying such bill.

SEC. 30. Section 11401 of the Revenue and Taxation Code is amended to read:

11401. On or before October 1, the board shall levy upon private cars assessed under this part, for each year, a tax computed at the next preceding year's average rate of general property taxation in the state and shall enter the tax upon a record maintained by the board for that purpose.

For taxes imposed on private cars on October 1, 1979, and thereafter, the preceding year's average tax rate on property other

than owner-occupied dwellings shall be used.

SEC. 31. Section 11403 of the Revenue and Taxation Code is amended to read:

11403. The board shall compute the average rate of general property taxation in the state by (a) adding the county, city, school district, and other general taxes, but not the special taxes on intangibles, aircraft, baled cotton or any other property which is subject to a uniform statewide tax rate, nor special assessments, and (b) dividing the amount obtained by the total assessed valuation in the state as shown by the county tax rolls for the same year.

"Total assessed valuation," as used in this section, does not include the assessments of property which is subject to a uniform statewide tax rate.

"Special assessments," as used in this section, mean any amount levied solely against real estate or real estate and improvements.

For taxes imposed on private cars on October 1, 1979, and thereafter, the computations shall use taxes on property other than owner-occupied dwellings, rather than general taxes and the total assessed value of property other than owner-occupied dwellings, rather than total assessed value.

SEC. 32. Section 17053.5 of the Revenue and Taxation Code is amended to read

17053.5. (a) For taxable years beginning after December 31, 1975, in the case of qualified renters, there shall be allowed credits against the tax computed under this part, minus all other credits provided for in this part except the credit provided in Section 18551.1 (relating to withholding credit) and the credit provided in Section 17061 (relating to excess tax credit). The credit shall be in the amount of seventy-five dollars ($75).

Except as provided in subdivision (b) of this section a husband and wife shall receive but one credit under this section. If the husband and wife file separate returns, the credit may be taken by either or equally divided between them, except as follows:

(A) If one spouse was a resident for the entire taxable year and the other spouse was a nonresident for part or all of the taxable year, the resident spouse shall be allowed the full credit.

(B) If both spouses were nonresidents for part of the taxable year, the credit shall be divided equally between them subject to the proration provided in subdivision (d) of this section.

(b) In the case of a husband and wife, if each spouse maintained a separate place of residence and resided in this state during the entire taxable year, each spouse will be allowed the full credit provided in subdivision (a).

(c) For purposes of this section, a "qualified renter" means an individual who on March 1 of the taxable year—

(1) Was a resident of this state, as defined in Section 17014, and

(2) On such date rented and occupied premises in this state which constitute his principal place of residence.

The term "qualified renter" does not include an individual who on

March 1 of the taxable year rented and occupied premises which were exempt from property taxes, except (A) those premises on which the owner pays possessory interest taxes, or makes payments in lieu of property taxes which are substantially equivalent to property taxes paid on properties of comparable market value, and except (B) that an individual, otherwise qualified, shall be deemed a qualified renter if he is required to pay property taxes on his possessory interest in a residence that is otherwise tax exempt during the taxable year.

The term "qualified renter" does not include an individual whose principal place of residence is with any other person who claimed such individual as a dependent for income tax purposes.

The term "qualified renter" does not include an individual who has been granted or whose spouse has been granted the homeowners' property tax exemption during the taxable year. This paragraph shall not apply in the case of an individual whose spouse has been granted the homeowners' property tax exemption if each spouse maintained a separate residence for the entire taxable year.

(d) Any individual who is a nonresident for any portion of the taxable year shall claim the credits set forth in subdivision (a) at the rate of one-twelfth of such credits for each full month such individual resided within this state during the taxable year.

(e) Every person claiming the credit provided in this section shall, as part of such claim, and under penalty of perjury, furnish such information as the Franchise Tax Board prescribes on a form supplied by such board.

(f) The credit provided in this section shall be claimed on returns in such form as the Franchise Tax Board may from time to time prescribe, and shall be filed with the Franchise Tax Board on the date prescribed by Section 18432.

(g) For the purposes of this section, the term "premises" means a house or a dwelling unit used to provide living accommodations in a building or structure and the land incidental thereto, but does not include land only, except in the case where the dwelling unit is a mobilehome.

(h) In the case of qualified renters whose credits provided in this section exceed their tax liability computed under this part, minus all other credits provided for in this part except the credits provided in Section 18551.1 and Section 17061, the qualified renter shall be allowed a credit to the extent of his tax liability plus a refund in excess of that amount up to a combined credit and refund equal to the credit otherwise provided in this section.

SEC. 39. Section 20505.2 is added to the Revenue and Taxation Code, to read:

20505.2. The unmarried surviving spouse of a "claimant," as defined in Section 20505, shall be eligible for assistance under this chapter, regardless of age; provided, that such unmarried surviving spouse maintains as his or her principal place of residence the same residential dwelling upon which assistance was last claimed by the

claimant, except in such cases where the unmarried surviving spouse must move from or sell such dwelling pursuant to the order of a court, condemnation, or involuntary conversion.

SEC. 39.2. Section 20542 of the Revenue and Taxation Code is amended to read:

20542. (a) The Franchise Tax Board, pursuant to the provisions of Article 3 (commencing with Section 20561), of this chapter, shall provide assistance to the claimant based on the property tax accrued and paid by the claimant on the residential dwelling as provided in Section 20543 or the statutory property tax equivalent pursuant to Section 20544. No assistance shall be provided if the amount of the assistance claim is five dollars ($5) or less.

(b) For purposes of allowing assistance provided for by this section:

(1) (A) Only one owner-claimant from one household each year shall be entitled to assistance under this chapter. When two or more individuals of a household are able to meet the qualifications for an owner-claimant, they may determine who the owner-claimant shall be. If they are unable to agree, the matter shall be referred to the Franchise Tax Board and its decision shall be final.

(B) When two or more individuals pay rent for the same premises and each individual meets the qualifications for a renter-claimant, each qualified individual shall be entitled to assistance under this part.

For the purposes of this subparagraph, a husband and wife residing in the same premises shall be presumed to be one renter.

(2) Except as provided in paragraph (3), the right to file a claim shall be personal to the claimant and shall not survive his death; however, when a claimant dies after having filed a timely claim, the amount thereof may be disbursed to the surviving spouse and, if no surviving spouse, to any other member of the household who is a qualified claimant. If there is no surviving spouse or otherwise qualified claimant, the claim shall be disbursed to any other member of the household. In the event two or more individuals qualify for payment as either an otherwise qualified claimant or a member of the household, they may determine which of them will be paid. If they are unable to agree, the matter shall be referred to the Franchise Tax Board and its decision shall be final.

(3) If, after January 1 of the property tax fiscal year for which a claim may be filed, a claimant dies without filing a timely claim, a claim on behalf of such claimant may be filed by the surviving spouse within the filing period prescribed in subdivision (a) or (b) of Section 20563.

SEC. 39.4. Section 20543 of the Revenue and Taxation Code is amended to read:

20543. The amount of assistance for a claimant owning his residential dwelling shall be based on claimant's household income for the period set forth in Section 20503. In no event shall the amount of assistance exceed fifteen hundred dollars ($1,500).

SEC. 40.5. Division 3 (commencing with Section 50000) is added to the Revenue and Taxation Code, to read:

DIVISION 3. STATE REVENUE LIMITS
PART 1. GENERAL PROVISIONS

50000. "State" shall mean State of California.

50001. "Current year revenue" for 1978–79 shall mean all revenue from "major taxes and licenses" for 1978–79 as reported on Schedule 2 of the 1979–80 Governor's Budget.

For years after 1978–79, "current year revenue" shall mean maximum amount of revenue within the maximum state revenue limit plus any additional revenue added pursuant to any legislation enacted in 1978 which reduces or repeals business inventory tax.

PART 2. STATE REVENUE LIMIT
CHAPTER 1. MAXIMUM STATE REVENUE LIMIT

50010. For the 1979–80 fiscal year and each year thereafter the maximum state revenue limit shall be the amount of revenue equal to the current year revenue for the prior fiscal year increased by a percentage equal to the percentage increase in California personal income for the calendar year beginning within the current fiscal year, as estimated in the Governor's Budget, multiplied by a 1.2 revenue elasticity factor.

CHAPTER 2. EXCESS REVENUES

50015. If, in the preparation of the budget or in the May revenue revisions, the Governor projects that state revenues will exceed the maximum state revenue limit, the Governor in such budget shall identify the amount of revenue in excess of the limit.

50016. There is hereby established in state government the Excess Revenue Fund, in which the Controller shall deposit any and all revenues above the state revenue limit for any fiscal year.

50017. Revenues in excess of the maximum state revenue limit may be used only upon the following circumstances:

(a) Upon a separately recorded ⅔ vote of both houses of the Legislature, recorded in the journal, and concurred in by the Governor, such vote to be accompanied by an explanation of the reasons for the state retaining and using such revenues rather than their being returned to the taxpayers as provided in subsection (b).

(b) All revenues not appropriated pursuant to subsection (a) shall be used exclusively for the following purposes:

(1) To pay for "additional" property tax relief programs funded by the state;

(2) To reduce state taxes below current statutory levels;

(3) To maintain a "prudent" surplus not to exceed 3 percent of total revenues;

(e) For emergencies, if the Governor declares an emergency and such emergency is concurred in by the Legislature by concurrent resolution; or

(5) To fund a revenue sharing program with local government.

SEC. 40.6. Section 11008.4 of the Welfare and Institutions Code is amended to read:

11008.4. (a) Property taxes (1) as defined in Section 20584 of the Revenue and Taxation Code, which are postponed by a person pursuant to Chapter 2 of Part 10.5 (commencing with Section 20581) of Division 2 of the Revenue and Taxation Code, and (2) as defined in Section 20511 and 20512 of the Revenue and Taxation Code, on which a person is granted assistance pursuant to Chapter 1 of Part 10.5 (commencing with Section 20501) of Division 2 of the Revenue and Taxation Code, and (b) renters credits as defined in Section 17053.5 of the Revenue and Taxation Code, shall not be considered as income or resources in determining the amount payable to any person under Division 9 (commencing with Section 10000) of the Welfare and Institutions Code.

This section shall not be construed to limit the provisions of Section 11008 or 11008.1.

SEC. 41. Section 12400 of the Welfare and Institutions Code is amended to read:

For the fiscal year 1973–74, each county's share shall be 45 percent of the amount specified in the above table for the particular county. Beginning with the fiscal year 1975–76, the amount payable by each county in each subsequent year shall be determined by multiplying the 1974–75 base-year amount by the ratio of the county's modified assessed value in the subsequent year to the county's modified assessed value in the base year.

(b) Beginning with the fiscal year 1978–79, the amount payable by each county shall be determined by adjusting the amount payable in the prior fiscal year by the lesser of:

(1) The percentage change from the prior fiscal year to the current fiscal year in the amount of property tax derived from tax rates levied pursuant to Article 4 of Chapter 3 of Part 1 of Division

1 of the Revenue and Taxation Code; or

(2) The percentage change in modified assessed value from the prior fiscal year.

(c) The term "modified assessed value" for the current year means the total of (1) the taxable assessed value of state-assessed property and the exempt assessed value of partially or totally exempt state-assessed property on which tax losses are reimbursed by the state and (2) the product of the sum of (i) the taxable assessed value of county-assessed property, (ii) the exempt assessed value of partially or totally exempt county-assessed property on which tax losses are reimbursed by the state, and (iii) the sum of assessed valuation equivalents of revenue amounts certified pursuant to Section 27423 of the Government Code and Section 38905 of the Revenue and Taxation Code times the average of the factor certified for the current year under Section 17261 of the Education Code for the local roll of the county with the factors so certified for the two immediately preceding years.

The term "modified assessed value" for the base year means the total of (1) the taxable assessed value of partially or totally exempt state-assessed property on which tax losses are reimbursed by the state and (2) the product of the sum of (i) the taxable assessed value of county-assessed property, (ii) the exempt assessed value of partially or totally exempt county-assessed property on which tax losses are reimbursed by the state, and (iii) the sum of assessed valuation equivalents of revenue amounts certified pursuant to Section 27423 of the Government Code and Section 38905 of the Revenue and Taxation Code times the factor certified for the base year under Section 17261 of the Education Code for the local roll of the county. The factor referred to herein is as corrected pursuant to subdivision (b) of Section 1819 of the Revenue and Taxation Code. The assessed valuation equivalents of Section 27423 of the Government Code and Section 38905 of the Revenue and Taxation Code shall be derived by multiplying such amounts by a factor of 100 and dividing the product by the county's secured tax rate for the prior year.

For purposes of this subdivision commencing with the 1976–77 fiscal year, the term "taxable" assessed value of county-assessed property shall not include any assessed valuation upon which tax receipts are allocated to a redevelopment agency pursuant to Article 6 (commencing with Section 33670) of Chapter 6 of Division 24 of the Health and Safety Code.

The State Controller shall determine the amount payable by each particular county in subsequent fiscal years under this section.

(d) The counties' share toward the cost of care and administration provided under this chapter shall be paid to the state monthly.

SEC. 42. Section 14150 of the Welfare and Institutions Code is amended to read:

14150. (a) For the 1971–72 fiscal year, the county share toward the cost of care and administration provided under this chapter shall

be the amount specified for the particular county in the following table:

The amount payable by each county in each subsequent year beginning with the 1972–73 fiscal year shall be determined by multiplying the base-year amount by the ratio of the county's modified assessed value in the subsequent year to the county's modified assessed value in the base year.

Beginning with the 1978–79 fiscal year, the amount payable by each county shall be determined by adjusting the amount payable in the prior fiscal year by the lesser of:

(1) The percentage change from the prior fiscal year to the current fiscal year in the amount of property tax derived from tax rates levied pursuant to Article 4 of Chapter 3 of Part 1 of Division 1 of the Revenue and Taxation Code; or

(2) The percentage change in modified assessed value from the prior fiscal year.

(b) The term "modified assessed value" for the current year means the total of (a) the taxable assessed value of state-assessed property and the exempt assessed value of partially or totally exempt state-assessed property on which tax losses are reimbursed by the state and (b) the product of the sum of (1) the taxable assessed value of county-assessed property, (2) the exempt assessed value of partially or totally exempt county-assessed property on which tax losses are reimbursed by the state, and (3) the sum of the assessed valuation equivalents of revenue amounts certified pursuant to Section 27423 of the Government Code and Section 38905 of the Revenue and Taxation Code times the average of the factor certified for the current year under Section 17261 of the Education Code for the local roll of the county with the factors so certified for the two immediately preceding years.

The term "modified assessed value" for the base year means the total of (1) the taxable assessed value of partially or totally exempt state-assessed property on which tax losses are reimbursed by the state and (2) the product of the sum of (i) the taxable assessed value of county-assessed property, (ii) the exempt assessed value of partially or totally exempt county-assessed property on which tax losses are reimbursed by the state, and (iii) the sum of assessed valuation equivalents of revenue amounts certified pursuant to

Section 27423 of the Government Code and Section 38905 of the Revenue and Taxation Code times the factor certified for the base year under Section 17261 of the Education Code for the local roll of the county. The factor referred to herein is as corrected pursuant to subdivision (b) of Section 1819 of the Revenue and Taxation Code. The assessed valuation equivalents of Section 27423 of the Government Code and Section 38905 of the Revenue and Taxation Code shall be derived by multiplying such amounts by a factor of 100 and dividing the product by the county's secured tax rate for the prior year.

For purposes of this subdivision commencing with the 1976–77 fiscal year, the term "taxable" assessed value of county-assessed property shall not include any assessed valuation upon which tax receipts are allocated to a redevelopment agency pursuant to Article 6 (commencing with Section 33670) of Chapter 6 of Division 24 of the Health and Safety Code.

The State Controller shall determine the amount payable by each particular county in subsequent fiscal years under this section.

(c) The counties' share toward the cost of care and administration provided under this chapter shall be paid to the state monthly.

(d) Notwithstanding the provisions of Sections 5707, 5709.5, 5710, and 5714, payment for the costs of health care services provided under Part 2 (commencing with Section 5600), Division 5, of this code, the Short-Doyle Act, shall be made in accordance with the provisions of this section.

(e) Notwithstanding the provisions of Section 7511, payment for the share of costs of health care services provided under Chapter 4 (commencing with Section 7500), Division 7, of this code, shall be made in accordance with the provisions of this section.

SEC. 43. Assessors shall begin immediately to determine properties common to both current and prior rolls, as required by Section 10 of this act, and separation and identification of those properties which will be subject to tax as owner-occupied dwellings if Proposition 8 on the ballot for the statewide election on June 6, 1978 is approved by the voters. Assessors may submit claims to the Controller for reimbursement of costs mandated by this section, which have been incurred prior to July 1, 1978.

SEC. 44. (a) It is the intent of the Legislature in enacting Section 2261 of the Revenue and Taxation Code that the provisions of such section are compatible with the provisions of Section 9.5 of Article XIII of the State Constitution, as added by Proposition 8 on the ballot for the statewide election on June 6, 1978. The Legislature intends that the provision of Section 9.5 requiring "in no event may the tax rate levied on other property be increased as a result of lowering the tax rate on owner-occupied dwellings" is fulfilled by the provision of Section 2261, which prevents the tax rate on property other than owner-occupied dwellings from increasing over the prior year's tax rate for such property when the tax rate on owner-occupied dwellings is reduced below the tax rate on such dwellings for the

prior year.

(b) It is the intent of the Legislature, in enacting Article 10 (commencing with Section 2350) of Chapter 3 of Part 4 of Division 1 of the Revenue and Taxation Code, that the tax rate reductions for owner-occupied dwellings provided in that article comply with the provisions of Section 9.5 of Article XIII of the State Constitution, as added by Senate Constitutional Amendment No. 6 of the 1977–78 Regular Session of the Legislature, because the state directly reimburses local governments for revenue losses resulting from that article, and no shift of tax burden to other property is involved or permitted.

SEC. 46. The provisions of this act shall have the following operative dates:

(a) Sections 1, 2, 3, 4, 5, 7 to 27, inclusive, 30 and 31 shall become operative beginning with the 1978–79 fiscal year;

(b) Section 32 shall become operative with respect to taxable years beginning on and after January 1, 1978;

(c) Sections 39.2, 39.4 and 40 shall become operative beginning with claims for 1977–78 property taxes;

(d) Sections 41 and 42 shall apply to county payments beginning in 1978–79.

(e) Section 40.5 shall be operative for the 1979–80 fiscal year and each year thereafter.

(f) Sections 32.5, 33, 33.5, 34 and 36 shall be operative with respect to sales after June 30, 1978.

SEC. 47. This act shall be repealed on June 7, 1978, unless Proposition 8 on the ballot for the statewide election on June 6, 1978 is approved by the voters and Proposition 13 on the ballot for the statewide election on June 6, 1978 is rejected by the voters, or is declared unconstitutional by the courts.

SEC. 48. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the provisions of this bill may be applied in a manner consistent with the intent of the Legislature, this act must go into effect immediately.

CHAPTER 25

An act to amend Section 9124 of the Government Code, relating to the State Capitol, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 3, 1978. Filed with Secretary of State March 3, 1978]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that the purpose of this act is to reaffirm the intent of the Legislature in the

enactment of Section 9124 of the Government Code. Although Section 9124 in its terms was clear and explicit, there have been persistent misinterpretations of its provisions. To put to rest these misinterpretations, the Legislature hereby further finds and declares:

(1) The Legislature and its committees have never been subject to any provision of the State Contract Act;

(2) Although the Legislature, when it enacted Section 9124, specifically exempted the State Capitol Restoration Project from the State Contract Act, this exemption was made only to avoid any doubt in the matter since subdivision (b) of the section refers to the Department of General Services, a department whose contracts for public improvement are subject to the State Contract Act;

(3) The Legislature at all times intended that "competitive bidding," in its generic sense, be utilized by the Joint Rules Committee in the restoration and rehabilitation of the State Capitol. The Legislature did not intend by use of the phrase "competitive bidding" in Section 9124 to refer to, adopt, or incorporate, in any way or circumstance, any bidding provisions or procedures of the State Contract Act, whatever they might be.

SEC. 2. Section 9124 of the Government Code is amended to read:

9124. (a) The Joint Rules Committee shall cause the restoration or rehabilitation of the west wing of the State Capitol so as to insure future use of the building in a manner befitting its historical significance.

(b) All work of restoration or rehabilitation shall be administered and supervised by the Department of General Services and subject to review by the State Public Works Board pursuant to agreement with the Joint Rules Committee. For all such services of administration and supervision, the Department of General Services shall receive consideration not to exceed 2.7 percent of the total cost of restoration or rehabilitation.

(c) Notwithstanding any other provisions of law, all work performed pursuant to this section shall be exempt from all the provisions of the State Contract Act (Chapter 3 (commencing with Section 14250), Part 5, Division 3, Title 2, Government Code). All work shall be subject to competitive bidding as defined in subdivision (d) except where determined to be impractical or unfeasible by joint action of the State Architect, the State Public Works Board and the Joint Rules Committee. All work performed pursuant to this section shall also be exempt from the provisions of the Environmental Quality Act of 1970 (Division 13 (commencing with Section 21000), Public Resources Code). The architect and contractor shall, however, be selected on the basis of their qualifications and experience in the restoration and reconstruction of historic buildings.

(d) "Competitive bidding" includes, but is not limited to, consistent with the uniqueness of the restoration or rehabilitation of the west wing of the State Capitol, provision for: public advertisement for prequalification of responsible bidders,

prequalification of responsible bidders, bonding, submission of sealed bids, public opening of bids, award of contracts to the lowest prequalified responsive bidder, rejection of all bids in the event the lowest responsive bid exceeds estimates, prevailing wages, workers' compensation, and safety rules and regulations. Such provision may include requirements as set forth, on the effective date of the amendment of this section by the Legislature at the 1977–1978 Regular Session, in the contract between the Joint Rules Committee and the contractor.

SEC. 3. Sections 1 and 2 of this act do not constitute a change in, but are declaratory of, the preexisting law.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution, and shall go into immediate effect. The facts constituting such necessity are:

The west wing of the State Capitol has been determined by the State Architect to be structurally unsafe for occupation and use, and is in immediate need of restoration so that it may safely continue to serve state government and the people of the state. The Joint Rules Committee of the Legislature has been empowered to cause the restoration of this portion of the State Capitol.

The State Capitol Restoration Project is now in progress but has been delayed and may be halted because questions have arisen concerning interpretations of the law. Delay in the orderly conduct of this project which results in increased costs to the public and a cessation of construction activity would leave the historic structure in a gravely imperiled condition.

Therefore, in order to affirm the intention of the Legislature in the enactment of Secion 9124 of the Government Code, and thereby insure the expeditious conduct of work on the project without delay or interruption, it is necessary that this act should take effect immediately.

CHAPTER 26

An act to add Sections 6408 and 6409 to the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor March 3, 1978 Filed with Secretary of State March 3, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 6408 is added to the Revenue and Taxation Code, to read:

6408. The storage, use, or other consumption in this state of medical health information literature purchased by any organization formed and operated for charitable purposes which qualifies for the exemption provided by Section 214 (known as the "welfare exemption"), which is engaged in the dissemination of medical health information, is exempted from the use tax; provided,

however, that such purchases are made from a national office, or another branch of that national office, of the same organization.

SEC. 2. Section 6409 is added to the Revenue and Taxation Code, to read:

6409. The storage, use, or other consumption in this state of health and safety educational materials and insignia routinely sold in connection with health and safety and first aid classes, purchased or sold by any national organization formed and operated for charitable purposes which qualifies for the exemption provided by Section 214 (known as the "welfare exemption"), which is engaged in the dissemination of health and safety information, is exempted from the use tax; provided, however, that such purchases are made from a national office or another branch or chapter of such national office of the same organization.

SEC. 3. It is the intent of the Legislature that the estimated revenue loss resulting from enactment of the exemptions contained in this act will result in minor revenue losses to local government and will not cause any financial burden to local government. Thus, notwithstanding Section 2230 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act, and notwithstanding Section 2230.5 of the Revenue and Taxation Code, there shall be no review of this act by the Department of Finance.

SEC. 4. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 27

An act to amend Sections 4023.5 and 4029.5 of the Health and Safety Code, relating to public water systems.

[Approved by Governor March 9, 1978. Filed with Secretary of State March 9, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 4023.5 of the Health and Safety Code is amended to read:

4023.5. Secondary drinking water standards, adopted by the department and applied to public water systems under the jurisdiction of the Public Utilities Commission, shall be noticed in the same manner as primary drinking water standards.

SEC. 2. Section 4029.5 of the Health and Safety Code is amended to read:

4029.5. Upon formal complaint by the director alleging that additional facilities are necessary to provide the users of a public water system operated by a public utility under the jurisdiction of the Public Utilities Commission with a continuous and adequate supply of water or to bring such water system into conformity with secondary drinking water standards, the commission may, after

hearing, direct the public utility to make such changes in its procedures or additions to its facilities as the commission shall determine are necessary to provide a continuous and adequate supply of water to the users thereof or to bring such system into conformity with secondary drinking water standards. Any proceeding of the commission pursuant to this article shall be conducted as provided in Chapter 9 (commencing with Section 1701) of Part 1 of Division 1 of the Public Utilities Code, and any order issued by the commission pursuant to this action shall be subject to judicial review as provided in such Chapter 9.

CHAPTER 28

An act to amend Sections 35784.1 and 36331 of the Food and Agricultural Code, relating to milk.

[Approved by Governor March 9, 1978 Filed with Secretary of State March 9, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 35784.1 of the Food and Agricultural Code is amended to read:

35784.1. Market milk produced and marketed pursuant to Article 7 (commencing with Section 35921) of this chapter and Sections 35861 and 35891 shall contain not less than 3.5 percent of milk fat and not less than 8.5 percent of solids not fat. The minimum percentages of milk fat and solids not fat required by this section, may vary by an amount no greater than 0.1 of 1 percent, provided that the total combined percentages of milk fat and solids not fat, at the time of delivery to the consumer, shall equal or exceed 12 percent.

SEC. 2. Section 36331 of the Food and Agricultural Code is amended to read:

36331. Manufacturing milk shall comply with all of the following requirements:

(a) It shall be free from foreign substances.

(b) It shall not contain any undesirable flavors or odors.

(c) It shall not contain more than 2,000,000 individual bacteria per milliliter as found by direct microscopic count.

In addition, manufacturing milk shall comply with the rules, regulations, and standards of the United States Department of Agriculture which govern quality standards of raw milk.

CHAPTER 29

An act to repeal Section 262 of the Penal Code, relating to rape, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 9, 1978 Filed with Secretary of State March 9, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 262 of the Penal Code is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Recent appellate court interpretations have permitted rapists who are minors to go free. Thus, to protect the public, it is necessary that this act take effect immediately.

CHAPTER 30

SECTION 1. Section 9102 of the Commercial Code is amended to read:

9102. (1) Except as otherwise provided in Section 9104 on excluded transactions, this division applies

(a) To any transaction (regardless of its form) which is intended to create a security interest in personal property including goods, documents, instruments, general intangibles, chattel paper or accounts; and also

(b) To any sale of accounts or chattel paper; and also

(c) To any transaction (regardless of its form) which is intended to create a security interest in goods which are or later become "fixtures" under the law of this state, but as against third parties having or acquiring an interest in or a lien on the real property, the rights and duties of the parties to the secured transactions are governed by the law of this state relating to real property and fixtures.

(2) This division applies to security interests created by contract including pledge, assignment, chattel mortgage, chattel trust, trust deed, inventory lien, equipment trust, conditional sale, trust receipt, other lien or title retention contract and lease or consignment intended as security. This division does not apply to statutory liens

except as provided in Section 9310.

(4) Notwithstanding anything to the contrary in this division, no nonpossessory security interest, other than a purchase money security interest, may be given or taken in or to the inventory of a retail merchant held for sale, except in or to inventory consisting of durable goods having a unit retail value of at least five hundred dollars ($500) or motor vehicles, house trailers, trailers, semitrailers, farm and construction machinery and repair parts thereof, or aircraft. This subdivision does not apply to the inventory of a person whose sales for resale exceeded 75 percent in dollar volume of his total sales of all goods during the 12 months preceding the attachment of the security interest. For the purpose of the preceding sentence, a sale of goods to a contractor, who is required to be licensed, for the purpose of incorporating such goods at any time into improvements or repairs to real property, is a sale for resale.

SEC. 2. The provisions of this enactment are declaratory of existing law and are intended to clarify existing law for the limited purpose of declaring that a sale of goods by a supplier to a contractor required to be licensed, for the purpose of incorporating such goods at any time into improvements or repairs to real property, is deemed a sale for resale. Further, it is not the intent of this enactment that the nonpossessory security interest in the inventory of a supplier create a lien, interest, or encumbrance against the real property to which such goods are incorporated which did not exist prior to this enactment.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

"property taxes accrued" shall be that percentage of the total property taxes accrued as the value of the residential dwelling is of the total value.

(c) Where a claimant is purchasing the residential dwelling under an unrecorded contract of sale, the Franchise Tax Board may require a copy of the contract or other evidence to establish such fact.

(d) Where the residential dwelling is a dwelling owned by the claimant on land owned by a nonprofit incorporated association, the Franchise Tax Board may require an affidavit under penalty of perjury containing sufficient evidence to establish such fact and that the nonprofit incorporated association requires that the claimant pay a pro rata share of the property tax levied against the association's land.

(e) Where the residential dwelling consists of premises occupied by reason of the claimant's possessory interest in such premises, the Franchise Tax Board may require an affidavit under penalty of perjury stating that the premises are occupied by reason of ownership of a possessory interest in a dwelling that is otherwise exempt from property taxation.

SEC. 28.7. Section 20542 of the Revenue and Taxation Code is amended to read:

20542. (a) The Franchise Tax Board, pursuant to the provisions of Article 3 (commencing with Section 20561), of this chapter, shall provide assistance to the claimant based on the property tax accrued and paid by the claimant on the residential dwelling as provided in Section 20543 or the statutory property tax equivalent pursuant to Section 20544. No assistance shall be provided if the amount of the assistance claim is five dollars ($5) or less.

(b) For purposes of allowing assistance provided for by this section:

(1) (A) Only one owner-claimant from one household each year shall be entitled to assistance under this chapter. When two or more individuals of a household are able to meet the qualifications for an owner-claimant, they may determine who the owner-claimant shall be. If they are unable to agree, the matter shall be referred to the Franchise Tax Board and its decision shall be final.

(B) When two or more individuals pay rent for the same premises and each individual meets the qualifications for a renter-claimant, each qualified individual shall be entitled to assistance under this part.

For the purposes of this subparagraph, a husband and wife residing in the same premises shall be deemed to be one renter.

(2) Except as provided in paragraph (3), the right to file a claim shall be personal to the claimant and shall not survive his death; however, when a claimant dies after having filed a timely claim, the amount thereof may be disbursed to the surviving spouse and, if no surviving spouse, to any other member of the household who is a qualified claimant. If there is no surviving spouse or otherwise qualified claimant, the claim shall be disbursed to any other member

of the household. In the event two or more individuals qualify for payment as either an otherwise qualified claimant or a member of the household, they may determine which of them will be paid. If they are unable to agree, the matter shall be referred to the Franchise Tax Board and its decision shall be final.

(3) If, after January 1 of the property tax fiscal year for which a claim may be filed, a claimant dies without filing a timely claim, a claim on behalf of such claimant may be filed by the surviving spouse within the filing period prescribed in subdivision (a) or (b) of Section 20563.

(4) If an individual postponed taxes for any given property tax fiscal year under Chapter 2 (commencing with Section 20581) or Chapter 3 (commencing with Section 20625) of this part, then any claim for assistance under this chapter for the same property tax fiscal year shall be filed by such individual (assuming all other eligibility requirements in this chapter are satisfied) and not an otherwise qualified member of the individual's household.

SEC. 29. Section 20561 of the Revenue and Taxation Code is amended to read:

20561. Each claimant applying for assistance under Article 2 (commencing with Section 20541) of this chapter shall file a claim under penalty of perjury with the Franchise Tax Board on a form supplied by such board. The claim shall contain:

(a) Evidence acceptable to the Franchise Tax Board that the claimant was a claimant as defined in Section 20505.

(b) A statement showing the household income for the period set forth in Section 20503.

(c) If the claimant owns a residential dwelling, a copy of the tax bill for such property. If the claimant rents his residence, a statement describing the rented premises and showing the name and address of the landlord, or landlords, the amount of rent paid per month, the total rent paid during the prior calendar year, for which assistance is claimed, and any other information required by the Franchise Tax Board to administer this chapter.

(d) If a claimant submits a statement containing the essential data set forth in this section under penalty of perjury, the Franchise Tax Board shall compute the amount of assistance and authorize payment. The amount of any assistance otherwise payable under this part may be applied by the Franchise Tax Board against any liability due from the claimant (or the claimant's spouse if a joint return is filed) under any law administered by the Franchise Tax Board.

SEC. 30. Section 20581 of the Revenue and Taxation Code is amended to read:

20581. This chapter shall be known and may be cited as the "Senior Citizens Property Tax Postponement Law."

SEC. 31. Section 20583 of the Revenue and Taxation Code is amended to read:

20583. (a) "Residential dwelling" means a dwelling occupied as the principal place of residence of the claimant, and so much of the

land surrounding it as is reasonably necessary for use of the dwelling as a home, owned by the claimant, the claimant and spouse, or by the claimant and either another individual eligible for postponement under this chapter or an individual described in subdivision (a), (b) or (c) of Section 20511 and located in this state. It shall include condominiums, mobilehomes which are assessed as realty for local property tax purposes. It also includes part of a multidwelling or multipurpose building and a part of the land upon which it is built. In the case of a mobilehome not assessed as real property which is located on land owned by the claimant, residential "dwelling" includes the land on which such mobilehome is situated and so much of the land surrounding it as reasonably necessary for use of the mobilehome as a home.

(b) As used in this chapter in reference to ownership interests in residential dwellings, "owned" includes (1) the interest of a vendee in possession under a land sale contract provided that the contract or memorandum thereof is recorded and only from the date of recordation of the contract or memorandum thereof in the office of the county recorder where the residential dwelling is located, (2) the interest of the holder of a life estate provided that the instrument creating the life estate is recorded and only from the date of recordation of the instrument creating the life estate in the office of the county recorder where the residential dwelling is located, but "owned" does not include the interest of any remainderman or holder of a reversionary interest in the residential dwelling, (3) the interest of a joint tenant or a tenant in common in the residential dwellings or the interest of a tenant where title is held in tenancy by the entirety or a community property interest where title is held as community property.

(c) For purposes of this chapter, the registered owner of a mobilehome shall be deemed to be the owner of the mobilehome.

(d) Except as provided in subdivision (c), and Chapter 3, ownership must be evidenced by an instrument duly recorded in the office of the county where the residential dwelling is located.

(e) "Residential dwelling" does not include any of the following:

(1) Any residential dwelling in which the owners do not have an equity of at least 20 percent of the full value of the property as determined for purposes of property taxation at the time a notice of lien for postponed taxes is recorded pursuant to Section 16182 of the Government Code.

(2) Any residential dwelling in which the claimant's interest is held pursuant to a contract of sale or under a life estate, unless such claimant obtains the written consent of the vendor under the contract of sale, or the holder of the reversionary interest upon termination of the life estate for the postponement of taxes and the creation of a lien on the real property in favor of the state for amounts postponed pursuant to this act.

(3) Any residential dwelling on which the claimant does not receive a secured tax bill.

(4) Any residential dwelling in which the claimant's interest is held as a possessory interest.

(5) (A) Except as provided in this section, any residential dwelling on which the property taxes, as defined in Section 20584, are delinquent at the time the application for postponement under this chapter is made or on which any other property tax or special assessment imposed by a special district or other tax code area is delinquent at the time the application for postponement under this chapter is made.

(B) Any taxes or assessments described in subparagraph (A) which are delinquent on July 1, 1977, shall not disqualify an otherwise eligible dwelling for postponement under this chapter. An application for postponement under this chapter to postpone the payment of property taxes for the 1977–78 fiscal year, shall also constitute an application for the postponement of all such delinquent taxes and assessments, together with any penalties, interest, fees, or other charges resulting from such delinquency and such amounts shall, unless otherwise paid by the claimant, be paid out of the amount appropriated by Section 16100 of the Government Code and shall be added to and become part of the obligation secured by the lien provided by Section 16182 of the Government Code; provided, however, that upon payment of delinquent taxes and assessments for fiscal year 1976–77 out of the amount appropriated by Section 16100, any delinquent penalties, interest, fees or other charges resulting from the delinquency of such taxes and assessments for fiscal year 1976–77 shall be canceled.

(C) For 1978–79 and thereafter, any taxes or assessments described in subparagraph (A) which became delinquent after the claimant was 62 and before the claimant first has established a lien pursuant to Section 16182 of the Government Code shall not disqualify an otherwise eligible dwelling for postponement under this chapter. An application to postpone taxes for 1978–79 or thereafter shall also constitute an application for the postponement of all such delinquent taxes and assessments, together with any penalties, interest, fees, or other charges resulting from such delinquency and such amounts shall, unless otherwise paid by the claimant, be paid out of the amount appropriated by Section 16100 of the Government Code and shall be added to and become part of the obligation secured by the lien provided by Section 16182 of the Government Code.

SEC. 32. Section 20584 of the Revenue and Taxation Code is amended to read:

20584. (a) "Property taxes" means all ad valorem property taxes, special assessments, and other charges or user fees which are attributable to the residential dwelling on the county tax bill and the ad valorem property taxes, special assessments, or other charges or user fees appearing on the tax bill of any chartered city which levies and collects its own property taxes.

(b) Whenever a residential dwelling is an integral part of a larger tax unit, such as a duplex, farm or a multipurpose building, "property

taxes" shall be the percentage of the total property taxes as the value of the residential dwelling is of the value of the total tax unit.

SEC. 33. Section 20585 of the Revenue and Taxation Code is amended to read:

20585. Postponement shall not be allowed under this chapter or Chapter 3 (commencing with Section 20625) if household income exceeds either of the following amounts:

(a) For the 1976 calendar year or for an approved fiscal year commencing within such calendar year, household income shall not exceed twenty thousand dollars ($20,000).

(b) For all subsequent calendar years and approved fiscal years, postponement shall not be allowed under this chapter or Chapter 3 (commencing with Section 20625) if household income exceeds an amount determined as follows:

(1) Prior to March 1, 1978 and prior to March 1 of each year thereafter, the California Department of Industrial Relations shall transmit to the Franchise Tax Board the percentage change in the California Consumer Price Index for all items for the prior calendar year.

(2) The Franchise Tax Board shall compute an inflation adjustment factor by adding 100 percent to the percentage change figure furnished pursuant to paragraph (1).

(3) In 1978, the Franchise Tax Board shall multiply twenty thousand dollars ($20,000) by the inflation adjustment factor to determine the maximum allowable gross household income for the 1977 calendar year and for approved fiscal years commencing within such years. In 1979 and subsequent calendar years, the Franchise Tax Board shall multiply the maximum allowable household income determined for the preceding calendar year by the inflation adjustment factor to determine the maximum allowable household income for the applicable calendar year and approved fiscal years commencing within such calendar year. In determining the maximum allowable household income pursuant to this section, the Franchise Tax Board shall round such amount to the nearest hundred dollar amount.

SEC. 34. Section 20586 is added to the Revenue and Taxation Code, to read:

20586. For the purposes of Chapter 2 (commencing with Section 20581) and Chapter 3 (commencing with Section 20625), only one claimant per household each year shall be entitled to postponement. When two or more individuals in a household are qualified as claimants, they may determine who the claimant shall be. Such decision is irrevocable. If the individuals are unable to agree, the matter shall be determined by the Franchise Tax Board and its decision shall be final.

SEC. 35. Section 20602 of the Revenue and Taxation Code is amended to read:

20602. (a) Upon approval of a claim described in Section 20601, the Franchise Tax Board shall report to the State Controller the

information required by the Controller to produce and issue the certificates of eligibility in accordance with subdivision (b) of this section.

(b) Upon receipt of the information described in subdivision (a) of this section, the State Controller shall issue to the claimant a certificate of eligibility, which shall consist of two parts, both of which shall contain the name of the claimant, the address of the residential dwelling on which the claimant has applied for property tax postponement, and such other information and in such form as the State Controller shall prescribe. In the event that such residential dwelling is located in a chartered city which levies and collects its own taxes, the State Controller shall issue a duplicate certificate of eligibility to pay all or any part of the property taxes appearing on such city's tax bill. Each part of a certificate of eligibility shall be payable in an unspecified amount and shall contain statements to identify the property tax installment to which it may be applied.

(c) The Controller shall prescribe the form of the certificates of eligibility to pay all delinquent taxes and assessments authorized by this chapter.

Upon or accompanying each certificate shall be a brief statement explaining that (1) those taxpayers whose property taxes are paid by a lender via an impound, trust or other similar account should enter the total amount of each installment on their respective certificates and mail both certificates to the tax collector at the same time, and (2) those taxpayers will receive a refund check from the county or city in the amount they entered on each certificate, within 30 days following the date on which the installment is paid by the lender or the certificate of eligibility is received by the tax collector, whichever is later, and (3) the intent of this procedure is to make sure the taxes on the claimant's dwelling are not paid twice.

(d) When a certificate of eligibility has been signed by the claimant, his spouse, or authorized agent and countersigned by the person authorized to collect property taxes or assessments for the local agency, such certificate shall constitute a written promise on the part of the State of California to pay the sum of money specified therein and such signed and countersigned certificate shall be deemed a negotiable instrument for the sole purpose of the payment of property taxes owing in the name of the claimant or his spouse for purposes of all laws of this state.

(e) A certificate of eligibility shall be valid for the duration prescribed thereon by the Controller.

(f) The Controller shall issue certificates of eligibility claims approved on or before September 30 between October 15 and November 1 of the fiscal year for which postponement is claimed. Certificates for claims approved after September 30 shall be issued at such times as the Controller determines will best implement the purpose of this chapter.

(g) The Controller shall prescribe the manner in which a claimant eligible under this chapter, who has been issued a certificate of

eligibility which is lost or destroyed prior to being filed with the local agency pursuant to subdivision (c) may obtain a duplicate copy of said certificate as a replacement. (Under such conditions as may be prescribed by the Controller, a duplicate copy shall be deemed as having been filed with the local agency as of the date a claimant requests issuance of such duplicate copy.)

SEC. 36. Section 20604 of the Revenue and Taxation Code is repealed.

SEC. 37. Section 20622 of the Revenue and Taxation Code is repealed.

SEC. 38. Section 20622 is added to the Revenue and Taxation Code, to read:

20622. The claim for postponement shall be filed after May 15 of the calendar year in which the fiscal year for which postponement is claimed begins, and on or before December 31 of such fiscal year.

SEC. 39. Chapter 3 (commencing with Section 20625) is added to Part 10.5 of Division 2 of the Revenue and Taxation Code, to read:

CHAPTER 3. SENIOR CITIZENS TENANT-STOCKHOLDER PROPERTY TAX POSTPONEMENT LAW

20625. This chapter shall be known and may be cited as the "Senior Citizens Tenant-Stockholder Property Tax Postponement Law".

20626. Unless the context otherwise requires or unless otherwise provided in this chapter, the definitions given in Chapter 1 (commencing with Section 20501) and Chapter 2 (commencing with Section 20581) shall govern the construction of this chapter.

20627. A tenant-stockholder claimant (hereinafter referred to as "claimant") is an individual who, on the last day of the calendar year ending immediately prior to the commencement of the fiscal year for which postponement is claimed is: (a) a tenant-stockholder in a cooperative housing corporation (as defined in Section 17265 of this code) and (b) occupies as a principal place of residence a residential unit in the cooperative housing corporation (notwithstanding Section 17265 or Regulation 17264-17265). For the purposes of this chapter, a claimant must be 62 years of age or older on or before December 31 of the fiscal year for which postponement is claimed.

20628. Residential unit means an apartment or similar dwelling in a cooperative housing corporation, located in this state.

20629. Property taxes means the amount representing the claimant's proportionate share of real estate taxes for the fiscal year for which postponement is claimed, determined in accord with the method prescribed in Section 17265.

20630. (a) A claimant may file with the Franchise Tax Board, a claim for postponement from the State of California of a sum equal to, but not exceeding the amount of property taxes (as defined in Section 20629) for the fiscal year for which the claim is made.

(b) Upon verification of the eligibility requirements set forth in

Section 20630.5, the Franchise Tax Board shall mail the claimant a Notice of Election to Postpone which shall be in the form and contain such information as the Controller may prescribe. Accompanying the notice shall be a statement explaining that in order for the claimant to postpone all or part of the property taxes, the Notice of Election must be mailed to the State Controller with the following:

(1) A statement signed by an authorized officer of the cooperative housing corporation indicating the amount of the claimant's proportionate share of property taxes and the method used to compute such amount.

(2) A recognition agreement signed by the claimant and executed by an officer of the corporation which acknowledges the assignment of the proprietary lease and the pledging of the claimant's shares in the corporation as security for postponement, and sets forth the rights and duties of the state, the corporation and the claimant with respect to such stock and the proprietary lease. The recognition agreement shall be in such form and contain such provisions as the Controller shall prescribe. The Controller shall record the recognition agreement in the name of the corporation owning the underlying fee in the county in which the real property of such corporation is located.

(3) Any other additional security interest, created and perfected with respect to the rights of third persons in the manner provided by law for such type of security interest, which the Controller deems necessary to protect the interest of the state with regard to the repayment of postponed amounts by the claimant or a deceased claimant's estate.

(c) When the Controller approves the Notice of Election to Postpone, a warrant in the amount of taxes the claimant wishes to postpone shall be mailed to the claimant. All Notices of Election to Postpone shall be mailed to the Controller no later than June 30 of the fiscal year for which postponement is claimed.

20630.5. Claims made under this chapter shall be filed with the Franchise Tax Board after May 15 of the calendar year in which the fiscal year for which postponement is claimed begins, and on or before December 31 of such fiscal year. The claim shall be on a form supplied by the Franchise Tax Board and shall contain:

(a) Evidence acceptable to the Franchise Tax Board that the individual was an eligible claimant,

(b) A statement showing the household income for the period set forth in subdivision (b) of Section 20503,

(c) A statement describing the residential dwelling,

(d) Any other information necessary for the Franchise Tax Board to determine eligibility under this chapter.

20631. Amounts postponed under this chapter shall bear interest (not compounded) at an annual rate of 7 percent. Such interest shall accrue beginning the first day of the month following the month in which the postponement warrant was negotiated by the claimant and will continue to accrue on the first day of each month until such

amount is paid. In the event that any payments are made, by or on behalf of the claimant to reduce the amount postponed, the interest provided for herein shall be applied to the balance of such amount beginning on the first day of the month following payment. In computing interest in accordance with this section, fractions of a cent shall be disregarded.

20632. The Controller shall maintain a record of all persons who have received postponement amounts pursuant to this chapter. Such record shall include the name and address of the claimant, the name and address of the cooperative housing corporation and any other information deemed necessary by the Controller for administration purposes.

20633. If the interests of the state are adequately protected, the Controller may subordinate the state's security for amounts postponed under this chapter.

20634. All amounts postponed pursuant to this chapter shall be due if any of the following occurs:

(a) The claimant ceases to occupy the cooperative residential unit, or sells or otherwise disposes of shares in the cooperative housing corporation.

(b) The claimant dies. However, if the surviving spouse or another person eligible to postpone pursuant to this chapter continues to occupy the cooperative residential unit, then the postponed amounts shall not be due unless such person dies, ceases to occupy the residential unit, or the shares are sold, or otherwise transferred.

(c) The failure of the claimant or the cooperative housing corporation to perform those acts specified in the recognition agreement, or the failure of the claimant to perform those acts required by a security interest holder which is senior to the state's security interest for postponed amounts.

(d) Postponement was erroneously allowed because eligibility requirements were not met.

20635. The Controller shall reduce the amount postponed pursuant to this chapter by the amounts of any payment received for that purpose and by notification by the Franchise Tax Board of assistance payable pursuant to Chapter 1 (commencing with Section 20501). The Controller shall increase the amount postponed to reflect subsequent postponement payments pursuant to this chapter and accrued interest.

20636. If a surviving spouse becomes eligible to postpone property taxes pursuant to this chapter, any postponement payments to such person shall be added to the postponement amounts paid to the deceased spouse.

20637. If the Controller determines that amounts postponed under this chapter have become due and payable, the Controller may take any or all of the following actions:

(a) Demand payment of such amount from the claimant, the estate of any decedent claimant, or any person who was a co-owner with the claimant of the cooperative housing corporation shares.

(b) Direct the Department of General Services to sell any property, including shares in the cooperative housing corporation, pledged by the claimant as security for postponement. The cooperative housing corporation from which the shares were issued shall have first opportunity to purchase at fair market value any shares in the cooperative housing corporation offered for sales under this subdivision, according to a procedure set forth by the Controller in the Recognition Agreement prepared pursuant to paragraph (2) of subdivision (b) of Section 20630.

(c) Request the Attorney General to bring an action against the claimant to recover amounts postponed under this chapter by the claimant.

20638. Upon request of a person who has postponed pursuant to this chapter, or an agent of such person, or an agent of the affected cooperative housing corporation, the Controller shall issue such person a written statement showing the total amount postponed, together with accrued interest. The Controller may establish a reasonable fee, not to exceed ten dollars ($10) for the provision of the statement of postponement status provided by this section.

CHAPTER 4. ADMINISTRATION

SEC. 41. Section 20641.5 is added to the Revenue and Taxation Code, to read:

20641.5. If the Franchise Tax Board determines that good cause exists, a reasonable extension for filing a claim under Chapter 2 (commencing with Section 20581) or Chapter 3 (commencing with Section 20625) may be granted. However, no extension shall be granted beyond April 15 of the fiscal year for which postponement is claimed.

20645.5. If a postponement claim under Chapter 2 (commencing with Section 20581) is filed timely but before delinquency date of the first or second installment of property taxes, then any delinquent penalties and interest for such fiscal year shall be canceled unless the failure to perfect the claim was due to willful neglect on the part of the claimant or representative. In the event of such willful neglect, the certificates of eligibility for such fiscal year can be used to pay delinquent taxes only if accompanied by sufficient amounts to pay the delinquent interest and penalties.

SEC. 44. Section 20645.6 is added to the Revenue and Taxation

Code, to read:

20645.6. If the Franchise Tax Board denies a postponement claim under Chapter 2 (commencing with Section 20581) and such denial is reversed after appeal of the State Board of Equalization, the Franchise Tax Board shall notify the Controller of such fact. If the taxes for the fiscal year have been paid, the Controller shall issue a warrant to the claimant for the amount of such taxes. If the taxes for the fiscal year are delinquent, any resulting penalties or interest shall be canceled.

SEC. 45. Section 16 of Chapter 1242 of the Statutes of 1977 is amended to read:

Sec. 16. The provisions of Chapter 2 (commencing with Section 20581) of Part 10.5 of Division 2 of the Revenue and Taxation Code shall have no application to the owner of shares or membership interest in a cooperative housing corporation (as defined in Section 17265 of such code) until claims may be made to postpone property taxes for the 1978–79 fiscal year. SEC. 48. Section 20 of Chapter 1242 of the Statutes of 1977 is amended to read:

Sec. 20. The provisions of this act shall apply to claims for the 1977–78 fiscal year and thereafter. Notwithstanding Sections 20602 and 20622 of the Revenue and Taxation Code, postponement claims for the first installment or second installment of 1977–78 taxes may be filed on or before March 15, 1978. Further, if a postponement certificate for the 1977–78 first installment or second installment is tendered to the tax collector by June 30, 1978, then the tax collector shall accept the certificate as being timely tendered. In such event, if the first or second installment was previously paid, then the auditor, treasurer or disbursing officer shall send a check to the claimant in the amount entered on the certificate within 30 days. If either the first or second installment or second installment or both installments were not previously paid, then any delinquent penalties, interest, fees or other charges resulting from the delinquency or delinquencies shall be canceled. SEC. 50. Except for Section 39 (relating to the Senior Citizens Tenant-Shareholder Property Tax Postponement Law), the provisions of the act shall apply with respect for claims for postponement and assistance for the 1977–78 property tax fiscal year and thereafter. Section 39 shall apply to postponement claims for the 1978–79 property tax fiscal year and thereafter.

SEC. 51. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Assembly Bill No. 1070 of this session, enacted into law as Chapter 1242 of the Statutes of 1977, implemented the Senior Citizens Property Tax Postponement Law. There were a number of oversights and technical errors in that measure which will prevent persons from being eligible for the program, through no fault of their own. To alleviate the present inequities and hardships caused by denying eligibility to those intended to be covered by AB 1070, and to implement postponement privileges for persons living in housing cooperatives as authorized by AB 1070, the current filing period must be extended and administrative procedures by the Franchise Tax Board and the State Controller initiated. It is therefore necessary for this act to take effect immediately.

CHAPTER 44

An act to amend Section 8501 of the Government Code, relating to state government.

[Approved by Governor March 15, 1978. Filed with Secretary of State March 16, 1978.]

The people of the State of California do enact as follows:

and none shall hold public office in the executive branch of the state government.

Any public member who is absent for three consecutive regular meetings of the commission may be removed by the appointing authority unless the member is excused from such meetings by the chairman of the commission. (b) Five members shall be appointed by the Governor; provided, however, that the terms of such members shall be staggered so that the terms of three members shall commence on January 1, 1978, and the terms of two members shall commence on January 1, 1980. To achieve the staggering of terms, the Governor shall designate the terms of the present members of the commission who have been appointed by the Governor.

(c) Two members of the public shall be appointed by the Committee on Rules of the Senate; provided, however, that the terms of such members shall be staggered so that the term of one member commences on January 1, 1979, and the term of the other member commences January 1, 1981. To achieve the staggering of terms, the Committee on Rules of the Senate shall designate the terms of the present members of the commission who have been appointed by the Committee on Rules of the Senate.

(d) Two members of the public shall be appointed by the Speaker of the Assembly; provided, however, that the terms of such members shall be staggered so that the term of one member commences January 1, 1979, and the term of the other member commences January 1, 1981. To achieve the staggering of terms the Speaker of the Assembly shall designate the terms of the present members of the commission who have been appointed by the Speaker of the Assembly.

(e) Two Members of the Senate of the State of California appointed by the Committee on Rules of the Senate. One of such members shall be registered with the majority political party of the membership of the Senate and one member with the minority political party, each of whom shall serve at the pleasure of the appointing authority.

The contract may provide that the contracting firm may reject, settle, compromise and approve claims against the district, its officers or employees, within such limits and for such amounts as the governing board may specify, and may provide that the contracting firm may execute and issue checks in payment of such claims, which checks shall be payable only from a trust account which may be established by the governing board. Funds in the trust account established by the board pursuant to the provisions of this section shall not exceed a sum sufficient as determined by the governing board to provide for the settlement of claims for a 30-day period. The rejection or settlement and approval of a claim by the contracting firm in accordance with the terms of the contract shall have the same effect as would the rejection or settlement and approval of such a claim by the governing board. The contract may also provide that the contracting firm may employ legal counsel, subject to such terms and limitations as the board may prescribe, to advise such contracting firm concerning the legality and advisability of rejecting, settling, compromising and paying claims referred to the contracting firm by the board for investigation and adjustment, or to represent the board in litigation concerning such claims. The compensation and expenses of such attorney for services rendered to the board shall be an appropriate charge against the appropriate fund.

1 1906 0 6680

The contract provided for in this section may contain such other terms and conditions as the governing board may consider necessary or desirable to effectuate the board's self-insured programs.

In lieu of, or in addition to, contracting for the services described in this section, the governing board may authorize an employee or employees to perform any or all of the services and functions which the board may contract for under the provisions of this section.

As used in this section:

(a) "Firm" includes a person, corporation, or other legal entity, including a county superintendent of schools.

(b) "Governing board" includes governing boards of school districts and county superintendents of schools.

(c) "School district" includes a county superintendent of schools who may participate in or administer insurance or self-insurance programs for itself or for one or more school districts.

A county superintendent of schools may participate in or administer insurance for one or more school districts pursuant to this section or for one or more community college districts pursuant to Section 81602, for any combination of school districts and community college districts pursuant to this section and Section 81602.

SEC. 2. Section 81602 of the Education Code is amended to read:

81602. The governing board of a community college district may, by resolution, establish a fund or funds for losses, and payments including, but not limited to, district property, any liability, and workers' compensation, in the county treasury for the purpose of covering the deductible amount under deductible types of insurance policies, losses or payments arising from self-insurance programs, or losses or payments due to noninsured perils. In the fund or funds shall be placed such sums, to be provided in the budget of the district, as will create an amount which, together with investments made from the fund or funds, will be sufficient in the judgment of the governing board to protect the district from such losses or to provide for payments on the deductible amount under deductible types of insurance policies, losses or payments arising from self-insurance programs, or losses or payments due to noninsured perils. Nothing in this section shall be construed as prohibiting the governing board from providing protection against such losses to district property or liability for the payment of claims partly by means of the fund or funds and partly by means of insurance written by acceptable insurers as provided in Section 81601.

The fund or funds shall be considered as separate and apart from all other funds of the district, and the balance therein shall not be considered as being part of the working cash of the district in compiling annual budgets.

Warrants may be drawn on or transfers made from the fund or funds so created only to reimburse or indemnify the community college district for losses as herein specified, and for the payment of claims, administrative costs, related services, and to provide for deductible insurance amounts and purchase of excess insurance.

Such warrants or transfers shall be within the purpose of the fund or funds as established by resolution of the governing board.

The cash placed in the fund or funds may be invested and reinvested by the county treasurer, with the advice and consent of the governing board of the district, in securities which are legal investments for surplus county funds in this state. The income derived from such investments, together with interest earned on uninvested funds, shall be considered revenue of and be deposited in the fund. The cost of contracts or services authorized by this section are appropriate charges against the respective fund.

The governing board may contract for investigative, administrative, and claims adjustment services relating to claims. The contract may provide that the contracting firm may reject, settle, compromise and approve claims against the district, its officers or employees, within such limits and for such amounts as the governing board may specify, and may provide that the contracting firm may execute and issue checks in payment of such claims, which checks shall be payable only from a trust account which may be established by the governing board. Funds in the trust account established by the board pursuant to the provisions of this section shall not exceed a sum sufficient as determined by the governing board to provide for the settlement of claims for a 30-day period. The rejection or settlement and approval of a claim by the contracting firm in accordance with the terms of the contract shall have the same effect as would the rejection or settlement and approval of such a claim by the governing board.

The contract may also provide that the contracting firm may employ legal counsel, subject to such terms and limitations as the board may prescribe, to advise such contracting firm concerning the legality and advisability of rejecting, settling, compromising and paying claims referred to said contracting firm by the board for investigation and adjustment, or to represent the board in litigation concerning such claims. The compensation and expenses of such attorney for services rendered to the board shall be an appropriate charge against the appropriate fund.

The contract provided for in this section may contain such other terms and conditions as the governing board may consider necessary or desirable to effectuate the board's self-insured programs.

In lieu of, or in addition to, contracting for the services described in this section, the governing board may authorize an employee or employees to perform any or all of the services and functions which the board may contract for under the provisions of this section.

As used in this section, "firm" includes a person, corporation, or other legal entity, including a county superintendent of schools.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Chapter 359 of the Statutes of 1976 was enacted to provide for the

establishment of a fund or funds for any liability of school districts and community college districts and for workers' compensation and to provide authority to contract for claims adjustment and related services. Chapter 359 did not, however, provide the necessary authority to establish administrative procedures required for the prompt settlement and payment of claims and to facilitate the orderly transition from insured programs to wholly or partially self-insured programs. In addition, specific authority was not provided to county superintendents who participate in or administer such programs for school districts and community college districts. Therefore, it is necessary that this act take immediate effect.

CHAPTER 61

An act to amend Sections 17226 and 24372 of the Revenue and Taxation Code, relating to taxation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 23, 1978. Filed with Secretary of State March 24, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 17226 of the Revenue and Taxation Code is amended to read:

17226. (a) Every taxpayer at his election, shall be entitled to a deduction with respect to the amortization of the amortizable basis of any certified pollution control facility (as defined in subdivision (d)), based on a period of either 12 months or 60 months. Such amortization deduction shall be an amount with respect to each month of such period within the taxable year, equal to the amortizable basis of the pollution control facility at the end of such month divided by the number of months (including the month for which the deduction is computed) remaining in the period. Such amortizable basis at the end of the month shall be computed without regard to the amortization deduction for such month. The amortization deduction provided by this section with respect to any month shall be in lieu of the depreciation deduction with respect to such pollution control facility for such month provided by Section 17208. The 12-month or 60-month amortization period shall begin, as to any pollution control facility, at the election of the taxpayer, with the month following the month in which such facility was completed or acquired, or with the succeeding taxable year.

(b) The election of the taxpayer to take the amortization deduction and to begin the 12-month or 60-month amortization period with the month following the month in which the facility is completed or acquired, or with the taxable year succeeding the

taxable year in which such facility is completed or acquired, shall be made by filing with the Franchise Tax Board in such manner, in such form, and within such time, as the Franchise Tax Board may by regulations prescribe, a statement of such election. The election of the 12-month amortization period shall be irrevocable.

(c) A taxpayer which has elected under subdivision (b) to take the amortization deduction provided in subdivision (a) may, at any time after making such election, discontinue the amortization deduction with respect to the remainder of the amortization period, such discontinuance to begin as of the beginning of any month specified by the taxpayer in a notice in writing filed with the Franchise Tax Board before the beginning of such month. The depreciation deduction provided under Section 17208 shall be allowed, beginning with the first month as to which the amortization deduction does not apply, and the taxpayer shall not be entitled to any further amortization deduction under this section with respect to such pollution control facility.

(d) For purposes of this section—

(1) The term "certified pollution control facility" means a new identifiable treatment facility which is used, in connection with a plant or other property, to abate or control water or atmospheric pollution or contamination by removing, altering, disposing, storing, or preventing the creation or admission of pollutants, contaminants, wastes, or heat and which—

(A) The State Department of Health Services has certified as having been constructed, reconstructed, erected, or acquired in conformity with the state program or requirements for abatement or control of water or atmospheric pollution or contamination, and

(B) Does not significantly—

(i) Increase the output or capacity, extend the useful life, or reduce the total operating costs of such plant or other property (or any unit thereof), or

(ii) Alter the nature of the manufacturing or production process or facility.

(2) For purposes of paragraph (1), the term "new identifiable treatment facility" includes only tangible property (not including a building and its structural components, other than a building which is exclusively a treatment facility) which is of a character subject to the allowance for depreciation provided in Section 17208, which is identifiable as a treatment facility.

(e) The State Department of Health Services shall not certify any property to the extent it appears that by reason of profits derived through the recovery of wastes or otherwise in the operation of such property, its costs will be recovered over its actual useful life.

(f) (1) For purposes of this section, the term "amortizable basis" means that portion of the adjusted basis (for determining gain) of a certified pollution control facility which may be amortized under this section.

(2) (A) If a certified pollution control facility has a useful life

(determined as of the first day of the first month for which a deduction is allowable under this section) in excess of 15 years, the amortizable basis of such facility shall be equal to an amount which bears the same ratio to the portion of the adjusted basis of such facility, which would be eligible for amortization but for the application of this subparagraph, as 15 bears to the number of years of useful life of such facility.

(B) The amortizable basis of a certified pollution control facility with respect to which an election under this section is in effect shall not be increased, for purposes of this section, for additions or improvements after the amortization period has begun.

(g) The depreciation deduction provided by Section 17208 shall, despite the provisions of subdivision (a), be allowed with respect to the portion of the adjusted basis which is not the amortizable basis.

(h) In the case of property held by one person for life with remainder to another person, the deduction under this section shall be computed as if the life tenant were the absolute owner of the property and shall be allowable to the life tenant.

(i) For special rule with respect to certain gain derived from the disposition of property the adjusted basis of which is determined with regard to this section, see Section 18211.

(j) The amendments made to subdivision (d) by the 1977–78 Regular Session of the Legislature shall apply to taxable years beginning after December 31, 1976. Such amendments shall not apply in the case of any property with respect to which the amortization period under this section began before January 1, 1977.

(k) The 12-month period of amortization provided for under subdivision (a) shall be available only for those certified pollution control facilities located in California.

(*l*) This section shall not apply with respect to certified pollution control facilities placed in service after December 31, 1987.

SEC. 2. Section 24372 of the Revenue and Taxation Code is amended to read:

24372. (a) Every taxpayer at its election, shall be entitled to a deduction with respect to the amortization of the amortizable basis of any certified pollution control facility (as defined in subdivision (d)), based on a period of either 12 months or 60 months. Such amortization deduction shall be an amount, with respect to each month of such period within the income year, equal to the amortizable basis of the pollution control facility at the end of such month divided by the number of months (including the month for which the deduction is computed) remaining in the period. Such amortizable basis at the end of the month shall be computed without regard to the amortization deduction for such month. The amortization deduction provided by this section with respect to any month shall be in lieu of the depreciation deduction with respect to such pollution control facility for such month provided by Section 24349. The 12-month or 60-month amortization period shall begin, as to any pollution control facility, at the election of the taxpayer, with

the month following the month in which such facility was completed or acquired, or with the succeeding income year.

(b) The election of the taxpayer to take the amortization deduction and to begin the 12-month or 60-month amortization period with the month following the month in which the facility is completed or acquired, or with the income year succeeding the income year in which such facility is completed or acquired, shall be made by filing with the Franchise Tax Board in such manner, in such form, and within such time, as the Franchise Tax Board may by regulations prescribe, a statement of such election. The election of the 12-month amortization period shall be irrevocable.

(c) A taxpayer which has elected under subdivision (b) to take the amortization deduction provided in subdivision (a) may at any time after making such election, discontinue the amortization deduction with respect to the remainder of the amortization period, such discontinuance to begin as of the beginning of any month specified by the taxpayer in a notice in writing filed with the Franchise Tax Board before the beginning of such month. The depreciation deduction provided under Section 24349 shall be allowed, beginning with the first month as to which the amortization deduction does not apply, and the taxpayer shall not be entitled to any further amortization deduction under this section with respect to such pollution control facility.

(d) For purposes of this section—

(1) The term "certified pollution control facility" means a new identifiable treatment facility which is used, in connection with a plant or other property to abate or control water or atmospheric pollution or contamination by removing, altering, disposing, storing or preventing the creation or emission of pollutants, contaminants, wastes, or heat and which—

(A) The State Department of Health Services has certified as having been constructed, reconstructed, erected, or acquired in conformity with the state program or requirements for abatement or control of water or atmospheric pollution or contamination and—

(B) Does not significantly—

(i) Increase the output or capacity, extend the useful life, or reduce the total operating costs of such plant or other property (or any unit thereof), or

(ii) Alter the nature of the manufacturing or production process or facility.

(2) For purposes of paragraph (1), the term "new identifiable treatment facility" includes only tangible property (not including a building and its structural components, other than a building which is exclusively a treatment facility) which is of a character subject to the allowance for depreciation provided in Section 24349, which is identifiable as a treatment facility.

(e) The State Department of Health Services shall not certify any property to the extent it appears that by reason of profits derived through the recovery of wastes or otherwise in the operation of such

property, its costs will be recovered over its actual useful life.

(f) (1) For purposes of this section, the term "amortizable basis" means that portion of the adjusted basis (for determining gain) of a certified pollution control facility which may be amortized under this section.

(2) (A) If a certified pollution control facility has a useful life (determined as of the first day of the first month for which a deduction is allowable under this section) in excess of 15 years, the amortizable basis of such facility shall be equal to an amount which bears the same ratio to the portion of the adjusted basis of such facility, which would be eligible for amortization but for the application of this subparagraph, as 15 bears to the number of years of useful life of such facility.

(B) The amortizable basis of a certified pollution control facility with respect to which an election under this section is in effect shall not be increased, for purposes of this section, for additions or improvements after the amortization period has begun.

(g) The depreciation deduction provided by Section 24349 shall, despite the provisions of subdivision (a), be allowed with respect to the portion of the adjusted basis which is not the amortizable basis.

(h) In the case of property held by one person for life with remainder to another person, the deduction under this section shall be computed as if the life tenant were the absolute owner of the property and shall be allowable to the life tenant.

(i) The amendment made to subdivision (d) by the 1977–78 Legislature shall apply to income years beginning after December 31, 1976. Such amendments shall not apply in the case of any property with respect to which the amortization period under this section began before January 1, 1977.

(j) The 12-month period of amortization provided for under subdivision (a) shall be available only for those certificated pollution control facilities located in this state.

(k) This section shall not apply with respect to certified pollution control facilities placed in service after December 31, 1987.

SEC. 3. (a) The Tax Relief and Refund Account is hereby created in the General Fund and is continuously appropriated to the Franchise Tax Board for purposes of making all payments as provided in this section.

(b) Notwithstanding any other provision of law, all payments required to be made to taxpayers or other persons from the Personal Income Tax Fund shall be paid from the Tax Relief and Refund Account.

(c) The Controller shall transfer, as needed, to the Tax Relief and Refund Account:

(1) From the unexpended balance of the appropriation made by Item 375 of Chapter 219 of the Statutes of 1977, an amount determined by the Franchise Tax Board to be equivalent to the total amount of renters' assistance credits and refunds allowed under Section 17053.5 of the Revenue and Taxation Code;

(2) From the Disability Fund, the amount transferable to the General Fund pursuant to subdivision (a) of Section 1176.5 of the Unemployment Insurance Code;

(3) From the Personal Income Tax Fund, such additional amounts as determined by the Franchise Tax Board to be necessary to make the payments required under this section.

SEC. 4. The Legislature finds that it is desirable to allow taxpayers who are required to install certified pollution control facilities to have the choice of amortizing over five years or depreciating the costs so incurred. Such facilities are usually very expensive and every reasonable effort should be made by the state to support the abatement of water and atmospheric pollution.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to provide additional revenue sharing funds to the state and local governments, this act must go into effect immediately.

CHAPTER 62

An act to amend Section 6546.1 of the Government Code, relating to the Hollywood-Burbank Airport, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 24, 1978. Filed with Secretary of State March 24, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 6546.1 of the Government Code is amended to read:

6546.1. In the County of Los Angeles, any agency, commission, or board provided for by joint powers agreement entered into by cities pursuant to Article 1 (commencing with Section 6500) of this chapter for the purpose of the acquisition, operation, repair, maintenance, improvement and administration of the Hollywood-Burbank Airport as a public airport, pursuant to the Federal Aviation Act of 1958, as amended, may carry out such purpose and may authorize the issuance of revenue bonds, pursuant to this article, to pay for acquiring, repairing, improving, financing and refinancing such project including all facilities and improvements and all expenses incidental thereto or connected therewith. Property tax revenues accruing to, levied by, or collected by any local agency which is a party to such a joint powers agreement shall not be used to redeem such revenue bonds unless an ordinance authorizing the use of such property tax revenues for such purposes is approved by a majority vote of the electors of the local agency voting on the issue. In

operating the airport, the separate public entity above mentioned shall not permit or authorize any activity in conjunction with the airport which results in an increase in the size of the noise impact area based on a community noise equivalent level of 70 decibels as established pursuant to Title 21, California Administrative Code, Chapter 2.5, Subchapter 6, and shall further comply with the future community noise equivalent levels prescribed by such title as it now exists or is hereafter amended.

The separate public entity shall implement the noise monitoring requirements set forth in Title 21, California Administrative Code, Chapter 2.5, Subchapter 6. In addition, the entity shall diligently pursue all reasonable avenues available to insure that the adverse effects of noise are being mitigated to the greatest extent reasonably possible.

The separate public entity shall not authorize or permit the lengthening of runways defined herein as the paved portions of the runways presently on airport property, or the purchase of fee title to condemned real property zoned for residential use as of the effective date of this statute.

The power to issue revenue bonds under this section shall be of no further force and effect after December 31, 1980, unless (1) the entity shall have initially issued revenue bonds on or prior to December 31, 1980, or (2) the entity is unable to initially issue revenue bonds to accomplish the purpose of this section by reason of litigation, in which case the power to initially issue revenue bonds under this section shall continue to be effective until the final determination of such litigation and for one year thereafter. If the entity shall have initially issued revenue bonds within either of the time periods permitted by the prior sentence of this paragraph, the power to issue revenue bonds under this section shall continue so long as this section shall be in effect.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into effect immediately. The facts constituting such necessity are:

The present owner-operator of the Hollywood-Burbank Airport currently plans to cease operation of said airport. Because no private person is presently willing and able to acquire and operate said airport, the substantial use thereof by the public will cease unless said airport is acquired and operated by a public entity. Because the principal service area of the airport consists of more than one city in the County of Los Angeles but not the entire county, a joint powers entity established by the cities in said county which are located in said principal service area will best serve the interests of the public using the airport. Because this act will empower such a public entity to acquire, operate, repair, maintain, improve and administer said airport, it is necessary that this act take effect immediately in order to prevent interruption in or termination of public use of the Hollywood-Burbank Airport.

CHAPTER 63

An act to amend Section 5788.10 of the Public Resources Code, relating to recreation and park districts, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 24, 1978 Filed with Secretary of State March 24, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 5788.10 of the Public Resources Code is amended to read:

5788.10. (a) Except as provided in subdivision (b), the maximum tax levied by the district upon property within a zone shall not exceed a rate of ter cents ($0.10) on each one hundred dollars ($100) of assessed valuation in addition to the tax allowed pursuant to Section 5784.5 or 5784.6.

(b) The maximum tax levied by the Chico Area Recreation and Park District upon property within a zone shall not exceed a rate of twenty-five cents ($0.25) on each one hundred dollars ($100) of assessed valuation in addition to the tax allowed pursuant to Section 5784.5 or 5784.6.

SEC. 2. In connection with amending Section 5788.10 of the Public Resources Code, the Legislature hereby finds and declares that a tax rate of ten cents ($0.10) will not provide revenue sufficient to meet the costs to be incurred by the Chico Area Recreation and Park District in operating Bidwell Park and that the enactment of this special statute, authorizing a higher tax rate for that district, is necessary because a general statute, within the meaning of Section 16 of Article IV of the Constitution, cannot be made applicable to the special facts and circumstances pertaining to the operation of Bidwell Park.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the Chico Area Recreation and Park District may have additional taxing authority for the provision of urgently needed recreation and park services as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 64

An act to amend, add, and repeal Section 35400 of the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 24, 1978 Filed with Secretary of State March 24, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 35400 of the Vehicle Code is amended to read:

35400. (a) No vehicle shall exceed a length of 40 feet.

(b) This section does not apply to:

(1) A vehicle used in a combination of vehicles when the excess length is caused by auxiliary parts, equipment, or machinery not used as space to carry any part of the load, except that the combination of vehicles shall not exceed the length provided for combination vehicles.

(2) A vehicle when the excess length is caused by any parts necessary to comply with the fender and mudguard regulations of this code.

(3) An articulated bus, except that such bus shall not exceed a length of 60 feet.

(4) An articulated trolley coach, except that such trolley coach shall not exceed a length of 50 feet.

(5) A semitrailer while being towed by a motortruck or truck tractor, if the distance from the kingpin to the rearmost axle of the semitrailer does not exceed 38 feet; provided, that the semitrailer does not, exclusive of attachments, extend forward of the rear of the cab of the motortruck or truck tractor.

(6) A bus when the excess length is caused by the projection of a front safety bumper or a rear safety bumper, or both. Such safety bumper shall not cause the length of the vehicle to exceed the maximum legal limit by more than one foot in the front and one foot in the rear. For the purposes of this chapter, "safety bumper" means any device which may be fitted on an existing bumper or which replaces the bumper and is so constructed, treated, or manufactured so that it absorbs energy upon impact.

(7) A bus when the excess length is caused by a device, located in front of the front axle, for lifting wheelchairs into the bus. Such a device shall not cause the length of the bus to be extended by more than 18 inches exclusive of any front safety bumper.

(8) A vehicle designed and used exclusively for drilling water wells, except that such vehicle shall not exceed a length of 48 feet. The provisions of this paragraph shall only apply to such vehicles when operated upon highways within counties wherein the governing board has declared that a drought condition exists and

that a severe underground water shortage condition exists. The provisions of this paragraph shall apply only to those vehicles operating under permit on the date the amendment to this section at the 1977–78 Regular Session of the Legislature became operative.

This section shall remain in effect only until January 1, 1980, and as of that date is repealed.

SEC. 1.5. Section 35400 is added to the Vehicle Code, to read:

35400. (a) No vehicle shall exceed a length of 40 feet.

(b) This section does not apply to:

(1) A vehicle used in a combination of vehicles when the excess length is caused by auxiliary parts, equipment, or machinery not used as space to carry any part of the load, except that the combination of vehicles shall not exceed the length provided for combination vehicles.

(2) A vehicle when the excess length is caused by any parts necessary to comply with the fender and mudguard regulations of this code.

(3) An articulated bus, except that such bus shall not exceed a length of 60 feet.

(4) An articulated trolley coach, except that such trolley coach shall not exceed a length of 50 feet.

(5) A semitrailer while being towed by a motortruck or truck tractor, if the distance from the kingpin to the rearmost axle of the semitrailer does not exceed 38 feet; provided, that the semitrailer does not, exclusive of attachments, extend forward of the rear of the cab of the motortruck or truck tractor.

(6) A bus when the excess length is caused by the projection of a front safety bumper or a rear safety bumper, or both. Such safety bumper shall not cause the length of the vehicle to exceed the maximum legal limit by more than one foot in the front and one foot in the rear. For the purposes of this chapter, "safety bumper" means any device which may be fitted on an existing bumper or which replaces the bumper and is so constructed, treated, or manufactured so that it absorbs energy upon impact.

(7) A bus when the excess length is caused by a device, located in front of the front axle, for lifting wheelchairs into the bus. Such a device shall not cause the length of the bus to be extended by more than 18 inches exclusive of any front safety bumper.

This section shall become operative on January 1, 1980.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

That continuing drought conditions have resulted in a substantial lowering of the ground water table, thus making it necessary to excavate to greater depth before reaching a viable water supply.

Therefore, this act must take effect immediately.

CHAPTER 65

An act to amend Sections 53601 and 53635 of the Government Code, relating to local agencies.

[Approved by Governor March 29, 1978. Filed with Secretary of State March 29, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 53601 of the Government Code is amended to read:

53601. The legislative body of a local agency having money in a sinking fund of, or surplus money in, its treasury not required for the immediate necessities of the local agency may invest such portion of the money as it deems wise or expedient in:

(f) Bills of exchange or time drafts drawn on and accepted by a commercial bank, otherwise known as bankers acceptances, which are eligible for purchase by the Federal Reserve System. Purchases of bankers acceptances may not exceed 270 days maturity or 30 percent of the agency's surplus money which may be invested pursuant to this section.

The provisions of this subdivision shall not preclude a municipal utility district from investing any surplus money in its treasury in any manner authorized by the Municipal Utility District Act.

34507. To assist the department in enforcing the provisions of this division, every vehicle which is subject to this division and to the jurisdiction, control, and regulation of the Public Utilities Commission or the Interstate Commerce Commission shall have displayed prominently a distinctive identifying symbol as provided for in Section 3543 of the Public Utilities Code.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In the interest of safety it is necessary that the California Highway Patrol be able to quickly locate the identifying symbol on vehicles subject to Public Utilities Commission and Interstate Commerce Commission regulations.

However, confusion exists in the law over where the symbol is required to be located. In the interest of safety, it is necessary to eliminate such confusion as early a date as possible.

(g) "Need basis grant" means the allocation of moneys for one or more projects for the acquisition or development of recreational lands and facilities in nonurbanized areas on a project-by-project basis, based upon need.

SEC. 2. Section 2.8H is added to the Budget Act of 1977, to read:

CHAPTER 70

An act to amend Section 12020 of the Penal Code, relating to weapons, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 29, 1978. Filed with Secretary of State March 29, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 12020 of the Penal Code is amended to read:

12020. A bullet containing or carrying an explosive agent is not a destructive device as that term is used in Section 12301.

(b) Subdivision (a) shall not apply to any of the following:

(1) The manufacture, possession, transportation or use, with blank cartridges, of sawed-off shotguns solely as props for motion picture film or television program production when such is authorized by the Department of Justice pursuant to Article 6 (commencing with Section 12095) of this chapter and is not in violation of federal law.

(2) The possession of a nunchaku on the premises of a school which holds a regulatory or business license and teaches the arts of self-defense.

(3) The manufacture of a nunchaku for sale to, or the sale of a nunchaku to, a school which holds a regulatory or business license and teaches the arts of self-defense.

(4) Any antique firearm. For purposes of this section, the term "antique firearm" means any firearm not designed or redesigned for using rim fire or conventional center fire ignition with fixed ammunition and manufactured in or before 1898 (including any matchlock, flintlock, percussion cap, or similar type of ignition system or replica thereof, whether actually manufactured before or after the year 1898) and also any firearm using fixed ammunition manufactured in or before 1898, for which ammunition is no longer manufactured in the United States and is not readily available in the ordinary channels of commercial trade.

(5) Tracer ammunition manufactured for use in shotguns.

(c) Any person in this state who manufactures or causes to be manufactured, imports into the state, keeps for sale or offers or exposes for sale, or who gives, lends, or possesses any instrument, without handles, consisting of a metal plate having three or more radiating points with one or more sharp edges and designed in the shape of a polygon, trefoil, cross, star, diamond, or other geometric shape for use as a weapon for throwing is guilty of a felony, and upon conviction shall be punishable by imprisonment in the county jail not exceeding one year or in a state prison.

(d) (1) As used in this section a "sawed-off shotgun" means any firearm (including any revolver) manufactured, designed, or converted to fire shotgun ammunition having a barrel or barrels of less than 18 inches in length, or a rifle having a barrel or barrels of less than 16 inches in length, or any weapon made from a rifle or shotgun (whether by manufacture, alteration, modification, or otherwise) if such weapon as modified has an overall length of less than 26 inches.

(2) As used in this section, a "nunchaku" means an instrument consisting of two or more sticks, clubs, bars or rods to be used as handles, connected by a rope, cord, wire or chain, in the design of a weapon used in connection with the practice of a system of self-defense such as karate.

(3) As used in this section a "wallet gun" means any firearm mounted or enclosed in a case, resembling a wallet, designed to be or capable of being carried in a pocket or purse, if such firearm may be fired while mounted or enclosed in such case.

(4) As used in this section a "cane gun" means any firearm mounted or enclosed in a stick, staff, rod, crutch or similar device, designed to be or capable of being used as an aid in walking, if such firearm may be fired while mounted or enclosed therein.

(5) As used in this section, a "flechette dart" means a dart, capable of being fired from a firearm, which measures approximately one inch in length, with tail fins which take up five-sixteenths inch of the body.

On and after July 1, 1978, the provisions of Section 12020 of the Penal Code are applicable to the possession of such a bullet.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

SEC. 4. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Hollow-nosed bullets containing mercury penetrate bullet-proof vests and shatter, causing great danger to law enforcement personnel. It is therefore necessary that this act banning such bullets go into immediate effect.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to meet the estimated increase in state hospital costs of additional positions, operating expenses, and equipment because the current level of care staffing is insufficient to provide appropriate treatment of patients and to comply with state licensing and Federal Medicaid requirements and court-ordered treatment of 72-hour hold patients, it is necessary that this act take effect immediately.

SECTION 1. Section 19035.2 of the Business and Professions Code is amended to read:

19035.2. Each member of the board shall have been a citizen and a resident of the State of California for at least five years immediately preceding his appointment, and of good character.

Each member of the board, other than a member representing the public at large, shall be of recognized standing in his branch of the furniture and bedding industry in the State of California.

SEC. 2. Section 19089.5 is added to the Business and Professions Code, to read:

19089.5. Any upholstered furniture or mattress which is made from or contains non-flame-retardant cellular foam shall be labeled in a manner which will alert the consumers of the potential hazards of the product should it become ignited.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Due to recent tragic accidents involving the burning of materials containing non-flame-retardant cellular foam, it is urgent that at the earliest possible time consumers be made aware of the inherent danger involved when materials containing polyurethane are ignited. Therefore, it is necessary that this act go into immediate effect.

CHAPTER 73

An act to amend Section 20336 of the Government Code, relating to the Public Employees' Retirement System, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 6, 1978. Filed with Secretary of State April 7, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 20336 of the Government Code is amended to read:

20336. A person in full-time employment which in the opinion of the board is on a seasonal or temporary basis is excluded from membership unless the employment is compensated and:

(a) The appointment or employment contract fixes a term of employment in excess of six months or, if a term is not fixed, the employment under such appointment or contract continues for more than six months;

(b) The person is employed in one of the positions which provide state safety membership in accordance with Section 20017.6; or

(c) The person is a member at the time of entering such employment.

This section shall supersede any contract provision excluding persons in any temporary or seasonal employment and shall apply only to persons entering employment on and after its effective date. No contract or contract amendment entered into after such effective date shall contain any provision excluding temporary or seasonal employees.

SEC. 2. It is the intent of the Legislature, in enacting this statute, to restore membership rights in the Public Employees' Retirement System to a few temporary firefighter positions which were unintentionally excluded from membership in the system by Chapter 1480 of the Statutes of 1974. It is not the intent of the Legislature to in any way set a precedent to allow temporary employees of the state to be allowed membership in the Public Employees' Retirement System.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

At its 1974–75 Regular Session, the Legislature enacted Assembly Bill No. 4449 as Chapter 1480 of the Statutes of 1974 which unintentionally excluded a few temporary firefighter positions from membership in the Public Employees' Retirement System. In order to restore essential personal and survivor benefits to those firefighters prior to them having to encounter risks and dangers during the 1978 fire season, it is necessary that this act take effect

immediately.

CHAPTER 74

An act relating to tide and submerged lands in the City of Newport Beach, and in this connection repealing Chapter 494 of the Statutes of 1919, Chapter 70 of the Statutes of 1927, Chapter 142 of the Statutes of 1929, Chapter 574 of the Statutes of 1929, Chapter 813 of the Statutes of 1929, and Chapter 200 of the Statutes of 1931, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 6, 1978. Filed with Secretary of State April 7, 1978.]

The people of the State of California do enact as follows:

SECTION 1. There is hereby granted to the City of Newport Beach and its successors all of the right, title, and interest of the State of California held by the state by virtue of its sovereignty in and to all that portion of the tidelands and submerged lands, whether filled or unfilled, bordering upon and under the Pacific Ocean or Newport Bay in the County of Orange, which were within the corporate limits of the City of Newport Beach, a municipal corporation, on July 25, 1919; the same to be forever held by the city and its successors in trust for the uses and purposes and upon the following express conditions:

(a) That the lands shall be used by the city and its successors for purposes in which there is a general statewide interest, as follows:

(1) For the establishment, improvement, and conduct of a public harbor; and for the construction, maintenance, and operation thereon of wharves, docks, piers, slips, quays, ways, and streets, and other utilities, structures, and appliances necessary or convenient for the promotion or accommodation of commerce and navigation.

(2) For the establishment, improvement, and conduct of public bathing beaches, public marinas, public aquatic playgrounds, and similar recreational facilities open to the general public; and for the construction, reconstruction, repair, maintenance, and operation of all works, buildings, facilities, utilities, structures, and appliances incidental, necessary, or convenient for the promotion and accommodation of any such uses.

(3) For the preservation, maintenance, and enhancement of the lands in their natural state and the reestablishment of the natural state of the lands so that they may serve as ecological units for scientific study, as open space, and as environments which provide food and habitat for birds and marine life, and which favorably affect the scenery and climate of the area.

(b) Except as otherwise provided in this section, the city or its successors shall not, at any time, grant, convey, give, or alienate the lands, or any part thereof, to any individual, firm, or corporation for

any purposes whatever; except, that the city or its successors may grant franchises thereon for a period not exceeding 50 years for wharves and other public uses and purposes and may lease the lands, or any part thereof, for a period not exceeding 50 years for purposes consistent with the trust upon which the lands are held by the state and with the uses specified in this section.

(c) The lands shall be improved without expense to the state; provided, however, that nothing contained in this act shall preclude expenditures for the development of the lands for the purposes authorized by this act, by the state, or any board, agency, or commission thereof, or expenditures by the city of any funds received for such purpose from the state or any board, agency, or commission thereof.

(d) In the management, conduct, operation, and control of the lands or any improvements, betterments, or structures thereon, the city or its successors shall make no discrimination in rates, tolls, or charges for any use or service in connection therewith.

(e) The state shall have the right to use without charge any transportation, landing, or storage improvements, betterments, or structures constructed upon the lands for any vessel or other watercraft or railroad owned or operated by the state.

(f) There is hereby reserved to the people of the state the right to fish in the waters on the lands with the right of convenient access to the waters over the lands for such purpose, which rights shall be subject, however, to such rules and regulations as are necessary for the accomplishment of the purposes specified in subdivision (a) of this section.

(g) Notwithstanding any provision of this section to the contrary, the city may lease the lots located within Parcels A, B, and C described in Section 6 of this act for the purposes set forth in this section and for a period not to exceed 50 years. The consideration to be received by the city for such leases shall be the fair market rental value of such lots as finished subdivided lots with streets constructed and all utilities installed. The form of such leases and the range of consideration to be received by the city shall be approved by the State Lands Commission prior to the issuance of any such lease. All money received by the city from such existing and future leases of such lots shall be deposited in the city tideland capital fund in accordance with the provisions of this act.

(h) With the approval of the State Lands Commission, the city may transfer portions of the lands granted by this act, or held pursuant to this act, to the state acting by and through the State Lands Commission, for lease to the Department of Fish and Game for an ecological reserve or wildlife refuge, or both, and other compatible uses to be undertaken by the department; provided, however, that if at any time the Department of Fish and Game no longer uses such portions of the lands so transferred by the city to the state for such purposes, the lands so transferred shall revert to the city to be held pursuant to the provisions of this act. Upon approving

such a transfer from the city to the state, the State Lands Commission shall lease the lands so transferred to the Department of Fish and Game. The public benefit shall be the sole consideration to be received by the State Lands Commission from the Department of Fish and Game for that lease. Any and all income received by the Department of Fish and Game from the lands so leased shall be used only in connection with the department's improvement and administration of the leased lands.

(i) The city shall establish a separate tidelands trust fund or funds in such manner as may be approved by the State Lands Commission, and the city shall deposit in the fund or funds all moneys received directly from, or indirectly attributable to, the granted tidelands in the city.

(j) In accordance with the provisions of this act, the city, acting either alone or jointly with another local or state agency, may use revenues accruing from or out of the use of the granted tidelands for any or all of the purposes set forth in this act. Such revenues may be deposited in one or more reserve funds for use in accordance with the terms and conditions set forth in this act.

(k) As to the accumulation and expenditure of revenues for any single capital improvement on the granted lands involving an amount in excess of two hundred fifty thousand dollars ($250,000) in the aggregate, the city shall file with the State Lands Commission a detailed description of such capital improvement not less than 90 days prior to the time of any disbursement therefor or in connection therewith. Within 90 days after the time of such filing, the State Lands Commission may determine and notify the city that such capital improvement is not in the statewide interest and benefit or is not authorized by the provisions of subdivision (j) of this section. The State Lands Commission may request the opinion of the Attorney General on the matter; and, if it does so, a copy of such opinion shall be delivered to the city with the notice of its determination. In the event the State Lands Commission notifies the city that such capital improvement is not authorized, the city shall not disburse any revenue for or in connection with such capital improvement unless and until it is determined to be authorized by a final order or judgment of a court of competent jurisdiction. The city is authorized to bring suit against the state for the purpose of securing such an order or adjudication, which suit shall have priority over all other civil matters. Service of process shall be made upon the Executive Officer of the State Lands Commission and the Attorney General, and the Attorney General shall defend the state in such suit. If judgment be given against the state in such suit, no costs shall be recovered against it.

(*l*) On June 30, 1978, and on June 30 of every third fiscal year thereafter, that portion of the city tideland trust revenues in excess of two hundred fifty thousand dollars ($250,000) remaining after deducting current and accrued operating costs and expenditures directly related to the operation or maintenance of tideland trust

activities shall be deemed excess revenues. However, any funds deposited in a reserve fund for future capital expenditures or any funds used to retire bond issues for the improvement or operation of the granted lands shall not be deemed excess revenue. Capital improvements of the granted lands for purposes authorized by this act, including such improvements on lands transferred to the state pursuant to subdivision (h) of this section and paid for by the city, may be considered as expenditures for the purpose of determining excess revenues; provided, however, that if made after the effective date of this act they may be so considered only if made in accordance with subdivision (k) of this section. The excess revenue, as determined pursuant to this subdivision, shall be allocated as follows: 85 percent shall be transmitted to the State Treasurer for deposit in the General Fund in the State Treasury, and 15 percent shall be retained by the city for deposit in the trust fund for use for any purpose authorized by subdivision (j) of this section.

(m) At the request of the city, the State Lands Commission shall grant an extension of time, not to exceed 30 calendar days, for filing any report or statement required by this act, which was not filed due to mistake or inadvertence.

(n) In the event that the city fails or refuses to file with the State Lands Commission any report, statement, or document required by any provision of this act, or any extension period granted pursuant to this act, or fails or refuses to carry out the terms of this act, the Attorney General shall, upon the request of the State Lands Commission, bring such judicial proceedings for correction and enforcement as are appropriate and shall act to protect any improvements to, or assets situated upon, the granted lands or diverted therefrom. The State Lands Commission shall notify the Chief Clerk of the Assembly and the Secretary of the Senate within 30 days of the occurrence of such failure or refusal and of actions taken as a result thereof.

(o) The State Lands Commission shall, from time to time, recommend to the Legislature such amendments as it may deem necessary in the terms and conditions of this act.

(p) The State Lands Commission shall, from time to time, institute a formal inquiry to determine that the terms and conditions of this act, and amendments thereto, have been complied with in good faith.

(q) On or before December 31 of each year, the State Lands Commission shall report to the Chief Clerk of the Assembly and to the Secretary of the Senate the full details of any transaction or condition reported to the commission pursuant to this act which it deems in probable conflict with the requirements of this act or with any other provision of law. Upon request by resolution of either house of the Legislature, or upon formal request of the State Lands Commission made only after a noticed public hearing at which the city has been given an opportunity to express fully any disagreement with the commission's findings or to describe any extenuating

circumstances causing the violation, the Attorney General shall bring an action in the Superior Court in the County of Orange to declare that the grant under which the city holds such tidelands and submerged lands is revoked for gross and willful violation of the provisions of this act or any other provision of law or to compel compliance with the requirements of this act and any other provision of law.

(r) The city shall cause to be made and filed annually with the State Lands Division a detailed statement of receipts and expenditures by it of all rents, revenues, issues, and profits in any manner arising after the effective date of this act from the granted lands or any improvements, betterments, or structures thereon.

(s) The Department of Fish and Game shall establish the funds and make the deposits required by subdivision (i) of this section and shall prepare and file statements required by subdivision (r) of this section as to any lands transferred to the state pursuant to subdivision (h) of this section.

(t) The provisions of Chapter 2 (commencing with Section 6701) of Part 2 of Division 6 of the Public Resources Code shall be applicable to this section. The provisions of Section 6359 of the Public Resources Code shall not be applicable to this section.

(u) Notwithstanding any other provision of this act, the city shall pay to the state all revenues received from the production of oil, gas, and other minerals derived from or attributable to the real property described in Section 6 of this act and the real property acquired by the city pursuant to Section 2 of this act. Whenever practicable, the city shall obtain the mineral rights in real property acquired pursuant to Section 2 of this act.

SEC. 2. The City of Newport Beach shall establish a city tideland capital fund as one of the funds required by subdivision (i) of Section 1 of this act. All money received by the city pursuant to the provisions of subdivision (g) of Section 1 of this act shall be deposited in the fund. The city may also deposit such other income from the lands granted to the city in trust by this act as the city deems appropriate. All money in the fund shall be used by the city in conformity with the following terms and conditions:

(a) Expenditures from the fund may be made only for the acquisition of real property that will further the purposes of the trust created by this act and for capital improvements for such purposes, to be constructed on such real property so acquired, and the operation and maintenance thereof.

(b) The city is authorized to make such acquisitions of real property by purchase, gift, or other conveyance, including, but not limited to, the transfer of city-owned property held in a municipal capacity to the trust created by this act. All such real property shall be held by the city in trust pursuant to the provisions of this act.

(c) For purposes of this section, acquisitions of real property by the city for purposes of enhancing the lands administered by the Department of Fish and Game pursuant to Chapter 415 of the

Statutes of 1975 shall be deemed to be in furtherance of the purposes of the trust created by this act.

(d) No capital expenditure or transfer pursuant to subdivision (e) of this section may be made from the fund without the advance approval of the State Lands Commission.

(e) The city may expend municipal funds to acquire real property for purposes specified in this section. The city may transfer amounts from the city tideland capital fund to reimburse municipal funds for such expenditures, together with an appropriate amount of interest on such funds advanced, if such expenditures of municipal funds are made after the effective date of this act and the State Lands Commission gives advance approval of such a transaction.

SEC. 3. The Legislature makes the following findings and determinations:

(a) By Chapter 70 of the Statutes of 1927, as amended, the Legislature conveyed certain tide and submerged lands in trust to the City of Newport Beach for the purposes therein stated, primarily for the promotion and accommodation of commerce and navigation.

(b) Certain portions of such tide and submerged lands have been filled and reclaimed as a result of a plan of improvement of the granted tide and submerged lands, including the development of a harbor facility. Such portions are as described in Section 6 of this act and hereinafter are referred to as Parcels A, B, and C.

(c) Those portions of Parcels A, B, and C, as described in Section 6 of this act, which are shown as numbered lots on the Record of Survey recorded in Book 13, Page 42, and the Record of Survey recorded in Book 9, Pages 42 and 43, both in the office of the County Recorder of the County of Orange, together with those portions of Parcel A, as described in Section 6 of this act, which are shown as numbered lots on the City Map of East Side Addition to Beacon Bay on file in the office of the City Engineer of the City of Newport Beach, being a relatively small portion of such granted tide and submerged lands, have been divided into lots and leased and are producing income to support the statutory trusts under which such tide and submerged lands are held by the city, and, except for the production of income to support such trusts, are no longer required or needed for the promotion of such trusts.

(d) The lots located within Parcels A, B, and C, inclusive, having been filled and reclaimed, are no longer submerged or below the mean high tide line and are no longer needed or required for purposes of navigation, commerce, and fisheries and are freed of the public trust for navigation, commerce, and fisheries, and may continue to be used for those purposes set forth in the existing leases and subleases of such lots, but shall continue to be held in trust by the City of Newport Beach subject to the other terms and provisions of this act and other laws applicable to the tide and submerged lands included in the grant to the city. Further, such lots shall be so held subject to the condition that the revenues derived from the leasing or administration of such lots shall be used as provided in this act.

Nothing in this subdivision shall operate to terminate the public trust for navigation, commerce, and fisheries over those portions of Parcels A, B, and C which are streets and beaches of Newport Bay. The determination and finding set forth in this subdivision shall become effective as provided in Section 4 of this act.

(e) The release of the lots within Parcels A, B, and C, inclusive, from the public trust for commerce, navigation, and fisheries to the extent expressed in subdivision (d) of this section is in the best interests of the people of the state.

SEC. 4. The findings and determinations in Section 3 of this act terminating the public trust for navigation, commerce, and fisheries over the lots located within Parcels A, B, and C shall become effective upon the city's acquiring or transferring such parcels of real property, pursuant to Section 2 of this act, as the State Lands Commission shall determine to be appropriate, taking into consideration the size of the area affected by the termination, the trust purposes that can be accomplished by such acquisition or transfer, and the value of the real property acquired or transferred and upon the recording of an appropriate document in the Office of the County Recorder of the County of Orange reflecting the State Lands Commission's determination.

SEC. 5. The lands granted pursuant to Section 1 of this act shall be held by the city subject to the express reservation and condition that the state may at any time in the future use the lands, or any portion thereof, for highway purposes without compensation to the city, its successors or assigns, or any person, firm, or public or private corporation claiming under it; except that, in the event improvements have been placed upon the property taken by the state for such purposes, compensation shall be made to the person entitled thereto for the value of such person's interest in the improvements taken or the damages to such interest. The provisions of this section shall not be applicable to the lots located within Parcels A, B, and C.

SEC. 6. The parcels of real property referred to in this act are prescribed as follows:

CHAPTER 75

An act to amend Section 6157 of, and to add Section 6158 to, the Government Code, relating to payments to public agencies.

[Approved by Governor April 6, 1978. Filed with Secretary of State April 7, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 6157 of the Government Code is amended to read:

6157. The state, and each city, whether general law or chartered, county, city and county, and district, each subdivision, department, board, commission, body, or agency of the foregoing, shall accept personal checks drawn in its favor or in favor of a designated official thereof, in payment for any license, permit, fee or fine, or in payment of any obligation owing to the public agency or trust deposit, if the person issuing the check furnishes to the person authorized to receive payment satisfactory proof of residence in this state and if the personal check is drawn on a banking institution located in this state. This section shall not be applicable with respect to payment of any bail deposit.

If any personal check offered in payment pursuant to this section is returned without payment, for any reason, a reasonable charge for the returned check not to exceed ten dollars ($10) may be imposed, which charge may be added to and become part of any underlying

obligation other than an obligation which constitutes a lien on real property, and a different method of payment for that payment and future payments by such person may be prescribed.

The acceptance of a personal check pursuant to this section constitutes payment of the obligation owed to the payee public agency to the extent of the amount of the check as of the date of acceptance when, but not before, the check is duly paid.

SEC. 2. Section 6158 is added to the Government Code, to read:

6158. Notwithstanding the provisions of Section 1463 of the Penal Code, the charges imposed by a court for a returned check shall be retained by the treasurer of the county in which the court is situated.

[Approved by Governor April 6, 1978. Filed with Secretary of State April 7, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 34080 of the Government Code is amended to read:

34080. The clerk of the legislative body conducting the proceeding shall record with the recorder of the county in which the city is located, an affidavit stating that all requirements of law pertaining to the proceeding have been complied with, if it relates to the change of name of a city.

The city shall not perform any official act, the validity of which depends upon such proceedings, until the affidavit of completion has been recorded.

SEC. 2. Section 34081 of the Government Code is repealed.

SEC. 3. Section 54797.2 of the Government Code is amended to read:

54797.2. Notwithstanding any other provision of law, the provisions of this section shall apply to the final completion of proceedings for any special district formation approved by the commission pursuant to this chapter.

to the executive officer of the commission of the principal county. The executive officer shall examine such resolution and determine whether it is in compliance with boundaries, modifications, and conditions specified by the commission in its resolution making determinations.

(1) If the resolution ordering the formation of a new district or confirming such order is determined not to be in compliance, the executive officer shall specify in writing the points of noncompliance, and return the resolution to the appropriate agency for modification.

(2) If the resolution ordering the formation of a new district or confirming such order is determined to be in compliance, the executive officer shall prepare and execute a certificate of completion and shall make the filings required by this chapter.

(b) The certificate of completion prepared and executed by the executive officer shall contain the following:

(1) The name of the new district ordered formed and the names of each county within which such district is located.

(2) A description of the boundaries of the new district ordered formed which may be made by reference to the boundaries shown on a map attached to such certificate.

(3) Any terms and conditions of the formation.

(4) The date of adoption of the resolution ordering the formation without election or the resolution confirming an order for a formation after confirmation by the voters.

If any such resolution contains all or any part of the information required to be contained in the above certificate, the executive officer of the commission may attach a certified copy of the resolution to his certificate and refer to the resolution for such information.

(c) The executive officer of the commission shall record a certified copy of the certificate of completion with the county recorder of each county in which all or any part of such district is located. The city or district shall prepare the statement and forward it to the tax or assessment levying authority for filing.

Any such filing by the executive officer of a local agency formation commission pursuant to Section 35356, subdivision (d) of Section 54797.2, or Section 56457 shall be deemed to satisfy the requirements of this chapter.

SEC. 5. Section 54901 of the Government Code is amended to read:

54901. The statement shall include a certified copy of the ordinance or resolution ordering the creation of or change in boundary of the city, district or zone thereof, a legal description of said boundaries and a map or plat indicating the boundaries. If the proceedings require the executive officer of a local agency formation commission to execute a certificate of completion of proceedings, the statement shall set forth the date of execution of the certificate of completion. The statement shall also specify whether or not the affected property will be taxed for any existing bonded indebtedness or contractual obligations.

SEC. 6. Section 54902.2 is added to the Government Code, to read:

54902.2. Notwithstanding any other provision of law, whenever a taxing agency elects to become a revenue district within the meaning of Section 122 of the Revenue and Taxation Code or elects to utilize the regular city assessment roll, it shall do so by the adoption of a resolution to that effect. The clerk of the legislative body of such district shall file a certified copy of such resolution , together with the statements as required by this chapter, with each assessor whose roll is to be used for the levy of assessment or taxes and with the State Board of Equalization in Sacramento.

SEC. 7. Section 54902.5 of the Government Code is amended to read:

54902.5. Notwithstanding the provisions of Section 6103, the State Board of Equalization shall establish a schedule of fees for filing and processing the statements and maps or plats which are required to be filed with the State Board of Equalization pursuant to Section 54902. Such schedule shall not include any fee which exceeds the reasonably anticipated cost to the State Board of Equalization of performing the work to which the fee relates. The city, district, or executive officer of a local agency formation commission, forwarding the statement to the tax or assessment levying authority for filing pursuant to Section 54900, shall accompany the statement with the necessary fee for transmittal to the board.

SEC. 8. Section 56009 of the Government Code is amended to read:

56009. For the purpose of any action to determine or contest the

validity of any change of organization or reorganization, such change of organization or reorganization shall be deemed to be completed and in existence upon the date of execution of the certificate of completion.

SEC. 9. Section 56438 of the Government Code is amended to read:

56438. Where a proposed reorganization consists solely of annexations, detachments, minor boundary changes, or formation of county service areas, or any combination thereof, a majority protest shall be deemed to exist and the proposed reorganization shall be abandoned if the board of supervisors finds that written protests filed and not withdrawn prior to the conclusion of the hearing represent:

(a) In the case of uninhabited territory more than 50 percent of the assessed value of land within such territory; or

(b) In the case of inhabited territory more than 50 percent of the voting power of voters entitled to vote as a result of residing within or owning land within such territory.

If there is no such majority protest, the board of supervisors shall not order such reorganization without election, unless the board of supervisors finds:

(1) In the case of a resident-voter district, that such territory is uninhabited, or in the case of a landowner-voter district, that the territory is uninhabited and the written protests filed and not withdrawn represent less than 25 percent of the number of landowners within such territory, owning less than 25 percent of the assessed value of land therein; or

(2) In the case of inhabited territory, that written protests filed and not withdrawn represent:

(a) Less than 25 percent of the number of landowners within such territory, owning not more than 25 percent of the assessed value of land therein; and

(b) Less than 25 percent of the voting power of voters entitled to vote as a result of residing within or owning land within such territory.

SEC. 10. Section 56452 of the Government Code is repealed.

SEC. 11. Section 56453 of the Government Code is amended to read:

56453. The executive officer of the commission shall record a certified copy of the certificate of completion with the county recorder of each county in which all or any part of the boundaries of any new district formed or any territory ordered to be annexed to or detached from such district is located, and shall file a certified copy of the certificate of completion, indicating the recording numbers affixed by the county recorder, with the clerk of the legislative body adopting the resolution ordering the change of organization or reorganization.

After recordation of the executive officer's certificate of completion, the recorder shall file with the county surveyor a copy of the boundary description included in the certificate of completion

as provided by subdivision (c) of Section 56451.

SEC. 12. Section 56454 of the Government Code is amended to read:

56454. The change of organization or reorganization shall be complete from the date of execution of the certificate of completion of proceedings and effective from the dates specified in Sections 56455 and 56456.

SEC. 13. Section 56456 of the Government Code is amended to read:

56456. If an effective date is fixed in the terms and conditions, such date shall be the effective date of a change of organization or reorganization.

No effective date shall be fixed which will be:

(a) Earlier than the date of execution of the certificate of completion.

(b) Later than the earlier of:

(1) One year after the date of execution of the certificate of completion, or

(2) The due date of any taxes or assessments levied upon property within the territory which was the subject of the change of organization or reorganization.

SEC. 14. Section 56457 of the Government Code is amended to read:

56457. The executive officer of the commission shall also make such filings as may be provided for by Chapter 8 (commencing with Section 54900), Part 1, Division 2, of Title 5.

SEC. 18. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Recent amendments relating to the filing of documents following the changes of boundaries of local agencies has resulted in different and conflicting filing requirements with respect to various local agencies. In order to eliminate this confusion, it is necessary that this act take effect immediately.

CHAPTER 77

An act to amend Sections 1002, 1003, and 1006 of the Elections Code, relating to elections.

[Approved by Governor April 6, 1978. Filed with Secretary of State April 7, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 1002 of the Elections Code is amended to read:

1002. Application for an absent voter's ballot shall be made in writing to the elections official having jurisdiction over the election between the 29th and the 7th day prior to the election. The application shall be signed by the applicant and shall show his place of residence. Any applications received by the elections official prior to the 29th day shall be kept and processed during the application period.

SEC. 2. Section 1003 of the Elections Code is amended to read:

1003. The absentee ballot shall be available to any registered voter.

SEC. 3. Section 1006 of the Elections Code is amended to read:

1006. Any printed application, which is to be distributed to voters for requesting absent voter ballots, shall contain spaces for the following:

(a) The printed name and residence address of the voter as it appears on the affidavit of registration.

(b) The address to which the ballot is to be mailed.

(c) The voter's signature.

(d) The name and date of the election for which the request is to be made.

(e) The date the application must be received by the clerk.

SEC. 4. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not place any financial burden on local government.

CHAPTER 78

An act to amend Section 11495 of the Health and Safety Code, relating to controlled substances, and making an appropriation therefor.

[Approved by Governor April 6, 1978. Filed with Secretary of State April 7, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 11495 of the Health and Safety Code is amended to read:

11495. In all cases where a vehicle, boat, or airplane is seized pursuant to this chapter and is forfeited to the state and turned over to and sold by the Department of General Services, the proceeds of the sale shall be distributed as follows, in the order indicated:

(a) To the bona fide or innocent purchaser, conditional sales

vendor, or mortgagee of the vehicle, boat, or airplane, if any, up to the amount of his interest in the vehicle, boat, or airplane, when the court declaring the forfeiture orders a distribution to such person.

(b) The balance, if any, to accumulate, and from time to time, as the proceeds become sufficient, to be distributed:

1. To the Department of General Services for all expenditures made or incurred by it in connection with the sale, including expenditure for any necessary repairs, storage, or transportation, of any vehicle, boat, or airplane seized under this article.

2. To the Attorney General for all expenditures made or incurred by him in connection with the forfeiture proceedings of any vehicle, boat, or airplane seized under this article, including, but not limited to, expenditures for witness fees, reporters' fees, transcripts, printing, traveling, and investigation.

3. To the state for all expenditures for traveling, investigation, storage, and other expenses made or incurred by the Department of Justice after the seizure, and in connection with the forfeiture of any vehicle, boat, or airplane seized under this article.

4. The remainder, if any, from any vehicle, boat, or airplane seized by a state officer, to the State Treasury, for credit to the General Fund.

5. The remainder, if any, from any vehicle, boat, or airplane seized by an officer of a county or a city, to the State Controller, for transfer to the General Fund of the county or city for any expenditures for the investigation, storage, and other expenses made or incurred by the county or city in connection with such seizure.

6. The remainder, if any, to the State Treasury, for credit to the General Fund.

CHAPTER 79

An act to amend Section 9352 of the Public Resources Code, relating to resource conservation districts.

[Approved by Governor April 6, 1978. Filed with Secretary of State April 7, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 9352 of the Public Resources Code is amended to read:

9352. Each person nominated as a candidate for the office of director shall be an owner of land, or a designated agent of a landowner, within the district. To be eligible for nomination, a designated agent of a landowner shall reside within the district. As used in this section, a landowner or owner of land is a person who is shown as such upon the last equalized assessment roll of the county or counties within whose boundaries the district is situated.

CHAPTER 80

An act to add Section 4026.5 to the Health and Safety Code, relating to water, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 6, 1978. Filed with Secretary of State April 7, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 4026.5 is added to the Health and Safety Code, to read:

4026.5. (a) In counties with a population not exceeding 500,000 persons as shown by the 1970 federal decennial census, any public water system supplying both domestic and untreated irrigation water in separate pressurized systems, and which is operated by an incorporated or unincorporated association of users, shall not require protection against backflow into the domestic water system from premises receiving both such water services and having available no other source of water, except where interconnection between such systems has taken place. It shall be a misdemeanor for any person to knowingly interconnect such water services on a user's premises without installing a backflow protection device approved by the association.

(b) Regulations of the state department requiring the installation of backflow protection shall not be continued to require the installation of such protection in any public water system described in subdivision (a), except as provided in that subdivision.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Small cooperative water suppliers of pressurized domestic and irrigation water have been directed to require or provide expensive backflow protection at the service connection of consumers receiving both water services, even though the possibility of interconnection of such water services by a consumer is remote and there is no incentive to do so. In order to avoid such unnecessary expense, it is necessary that this act go into immediate effect.

CHAPTER 81

An act relating to school facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 6, 1978. Filed with Secretary of State April 7, 1978.]

The people of the State of California do enact as follows:

SECTION 1. It has not been possible for the Anderson Valley Unified School District to bring all of its buildings up to the standards prescribed by the Field Act within the time allotted. There are no alternative buildings which may be used while old buildings are brought up to standard or while new buildings are being constructed.

There are four buildings in use which do not meet Field Act standards. They are the Little Red Schoolhouse, also known as the Conn Creek Elementary School; the Science Building; and two temporary relocatable buildings.

SEC. 2. The Governing Board of the Anderson Valley Unified School District may continue to use the buildings described in Section 1 until new school facilities that are being constructed to replace such buildings are completed, or until June 30, 1979, whichever occurs earlier. During such period of continued use, the buildings shall not be subject to any of the provisions of Article 3 (commencing with Section 39140) or Article 6 (commencing with Section 39210) of Chapter 2 of Part 23 of Division 3 of the Education Code.

SEC. 3. It has not been possible for the Oakland Unified School District to bring Oakland Senior High School up to the standards prescribed by the Field Act within the time allotted.

SEC 4. The Governing Board of the Oakland Unified School District may continue to use Oakland Senior High School until new school facilities that are being constructed to replace the buildings that comprise such school are completed, or until June 30, 1979, whichever occurs earlier. During such period of continued use, the buildings shall not be subject to any of the provisions of Article 3 (commencing with Section 39140) or Article 6 (commencing with Section 39210) of Chapter 2 of Part 23 of Division 3 of the Education Code.

SEC. 5. Due to the unique circumstances concerning the construction of new school facilities in the Anderson Valley Unified School District and in the Oakland Unified School District, as partially set forth in Sections 1 and 3 of this act, and the limited nature of the exemption provided for in Sections 2 and 4 of this act, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution.

SEC. 6. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that buildings which are presently serving the needs of pupils of the Anderson Valley Unified School District and of the Oakland Unified School District may continue to be utilized without interruption while school facilities which meet Field Act standards are brought into use, it is necessary that this act take effect immediately.

CHAPTER 82

An act to amend Sections 1306 and 1308 of the Penal Code, relating to bail bond forfeitures, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 6, 1978. Filed with Secretary of State April 7, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 1306 of the Penal Code is amended to read:

1306. When any bond is forfeited and the period of time specified in Section 1305 has elapsed without the forfeiture having been set aside, the court which has declared the forfeiture, regardless of the amount of the bail, shall enter a summary judgment against each bondsman named in the bond in the amount for which the bondsman has bound himself.

If, because of the failure of any court to promptly perform the duties enjoined upon it pursuant to this section, summary judgment is not entered within 90 days after the date upon which it may first be entered, the right to do so expires and the bail is exonerated.

A dismissal of the complaint, indictment or information after the default of the defendant shall not release or affect the obligation of the bail bond or undertaking.

Within five days after the summary judgment becomes final, the district attorney or civil legal adviser of the board of supervisors shall demand immediate payment of the judgment. If the judgment remains unpaid for a period of 20 days after demand has been made, he shall forthwith cause a writ of execution to issue and be levied upon the property of the judgment debtor, and shall take any other steps necessary to collect the judgment.

The right to enforce a summary judgment entered against a bondsman pursuant to this section shall expire two years after the entry of the judgment.

SEC. 2. Section 1308 of the Penal Code is amended to read:

1308. No court or magistrate shall accept any person or corporation as surety on bail if any summary judgment against any

such person or corporation entered pursuant to Section 1306 remains unpaid after the expiration of 20 days after service of notice of entry of such summary judgment; provided, that, if during such 20 days any action or proceeding available in the law is initiated in the same or other court to determine the validity of the order of forfeiture or summary judgment rendered thereon, the provisions of this section shall be inoperative until such action or proceeding has finally been determined. It is hereby made the duty of the clerk of the court in which such judgment is rendered to serve notice of entry of judgment upon the judgment debtor within five days after the date of entry of summary judgment.

SEC. 3. This act is an urgency statute necessary for immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The present level of the postal service has made it impossible in many cases to comply with the 10-day provisions for payment of summary judgment against a bail bondsman which are contained in current law.

Since no bonds may be posted by a surety company in a county in which a judgment against it remains unpaid, the constitutional right of a defendant to post bail is seriously impaired.

CHAPTER 83

An act to amend Sections 17150, 17151, 17152, and 17153 of, and to repeal Section 17154 of, the Food and Agricultural Code, relating to electrified fences.

[Approved by Governor April 6, 1978. Filed with Secretary of State April 7, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 17150 of the Food and Agricultural Code is amended to read:

17150. The Legislature finds and declares that improperly designed and installed electrified fences have caused injuries and in some instances have resulted in the deaths of persons, particularly children, coming into contact with the conductive elements thereof. In order to prevent further such accidents, it is the intent of the Legislature in enacting this chapter to provide for the study and development and enforcement of safety standards for electrified fences.

SEC. 2. Section 17151 of the Food and Agricultural Code is amended to read:

17151. As used in this chapter, "electrified fence" means any fence and appurtenant devices, including, but not limited to, fences

and devices used in animal control, and including, but not limited to, a fence consisting of a single strand of wire supported by posts or other fixtures, which has an electrical charge or is connected to a source of electrical current and which is so designed or placed that a person or animal coming into contact with the conductive element of the fence receives an electrical shock.

SEC. 3. Section 17152 of the Food and Agricultural Code is amended to read:

17152. No electrified fences shall be offered for sale, sold, installed, or used in this state, or otherwise connected to a source of electrical current, unless the electrical current is limited and regulated by an electrical controller which meets or exceeds the standards or specifications of the National Electrical Code of the National Fire Protection Association or the Underwriters Laboratories for intermittent type electric fence or electrified fence controllers.

SEC. 4. Section 17153 of the Food and Agricultural Code is amended to read:

17153. The provisions of this chapter shall not be construed to preclude regulation of electrified fences by cities and counties, including, but not limited to, requiring the installation or use of electrified fences under permit, except that such regulation shall not permit the installation or use of electrified fences which do not conform to the requirements of this chapter.

SEC. 5. Section 17154 of the Food and Agricultural Code is repealed.

SEC. 6. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 84

An act to amend Section 40804 of the Vehicle Code, relating to traffic officers.

[Approved by Governor April 6, 1978. Filed with Secretary of State April 7, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 40804 of the Vehicle Code is amended to read:

40804. (a) In any prosecution under this code upon a charge

involving the speed of a vehicle, any officer or other person shall be incompetent as a witness if the testimony is based upon or obtained from or by the maintenance or use of a speed trap.

(b) Every officer arresting, or participating or assisting in the arrest of, a person so charged while on duty for the exclusive or main purpose of enforcing the provisions of Divisions 10 and 11 is incompetent as a witness if at the time of such arrest he was not wearing a distinctive uniform, or was using a motor vehicle not painted the distinctive color specified by the commissioner.

This section does not apply to an officer assigned exclusively to the duty of investigating and securing evidence in reference to any theft of a vehicle or failure of a person to stop in the event of an accident or violation of Section 23109 or in reference to any felony charge or to any officer engaged in serving any warrant when the officer is not engaged in patrolling the highways for the purpose of enforcing the traffic laws.

CHAPTER 85

An act to amend Section 73101.5 of the Government Code, relating to courts.

[Approved by Governor April 6, 1978 Filed with Secretary of State April 7, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 73101.5 of the Government Code is amended to read:

73101.5. There shall be the following number of judges in the divisions of the San Bernardino County Municipal Court District: in the East Division, one; in the Central Division, four; in the Valley Division, two; in the West Valley Division, four; in the Victorville Division, two; in the Barstow Division, one; and in the Chino Division; one.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because this act is in accordance with the request of a local government entity which desires legislative authority to act to carry out the program specified in this act.

CHAPTER 86

An act to amend Section 846 of the Civil Code, relating to landowner liability.

[Approved by Governor April 6, 1978. Filed with Secretary of State April 7, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 846 of the Civil Code is amended to read:

846. An owner of any estate in real property owes no duty of care to keep the premises safe for entry or use by others for any recreational purpose or to give any warning of hazardous conditions, uses of, structures, or activities on such premises to persons entering for such purpose, except as provided in this section.

A "recreational purpose," as used in this section, includes such activities as fishing, hunting, camping, water sports, hiking, spelunking, riding, including animal riding, snowmobiling, and all other types of vehicular riding, rock collecting, sightseeing, picnicking, nature study, nature contacting, recreational gardening, gleaning, winter sports, and viewing or enjoying historical, archaeological, scenic, natural, or scientific sites.

An owner of any estate in real property who gives permission to another for entry or use for the above purpose upon the premises does not thereby (a) extend any assurance that the premises are safe for such purpose, or (b) constitute the person to whom permission has been granted the legal status of an invitee or licensee to whom a duty of care is owed, or (c) assume responsibility for or incur liability for any injury to person or property caused by any act of such person to whom permission has been granted except as provided in this section.

This section does not limit the liability which otherwise exists (a) for willful or malicious failure to guard or warn against a dangerous condition, use, structure or activity; or (b) for injury suffered in any case where permission to enter for the above purpose was granted for a consideration other than the consideration, if any, paid to said landowner by the state, or where consideration has been received from others for the same purpose; or (c) to any persons who are expressly invited rather than merely permitted to come upon the premises by the landowner.

Nothing in this section creates a duty of care or ground of liability for injury to person or property.

CHAPTER 87

An act to amend Sections 66791.5, 66796.22, 66796.32, 68046, 68048, 68050, and 68052 of, to add and repeal Section 66796.83, 68046.2, 68046.4, and 68046.6 of, and to repeal Section 68014 of, the Government Code, to amend Sections 24387, 24391, and 24393 of the Health and Safety Code, to add Part 21 (commencing with Section 42000) to Division 2 of, to repeal Part 19 (commencing with Section 39000) of Division 2 of, the Revenue and Taxation Code, and to repeal Section 8 of Chapter 1161 of the Statutes of 1977, relating to solid waste, and making an appropriation therefor, to take effect immediately, tax levy.

[Approved by Governor April 10, 1978. Filed with Secretary of State April 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 66791.5 of the Government Code is amended to read:

66791.5. The board may accept grants, gifts, and donations for the purposes specified in this title and Title 7.8 (commencing with Section 68000) of the Government Code and Chapter 3.5 (commencing with Section 24385) of Division 29 of the Health and Safety Code.

SEC. 2. Section 66796.22 of the Government Code is amended to read:

66796.22. (a) In addition to any other fees, effective January 1, 1979, there shall be imposed by the board on each operator of a publicly or privately owned solid waste disposal site within a standard metropolitan statistical area a surcharge equivalent to twenty-five cents ($0.25) per ton of solid wastes disposed.

(b) The board shall prescribe that the surcharge be based upon either the weight, volume, or type of solid waste received by any such operator or upon any other appropriate measurement.

(c) The board shall exempt the following from such surcharge:

(1) Solid wastes which cannot practicably or economically be disposed of other than by burial at a solid waste disposal site, including but not limited to, agricultural and food processing wastes, except where such wastes have not been separated from other wastes.

(2) Solid wastes disposed of by persons who engage in practical or economical separation prior to final disposal, if the collection and disposal of such wastes is operated to minimize the amount disposed of by burial at a solid waste disposal site.

(d) In granting exemptions from the surcharge pursuant to subdivision (c), the board shall accept from the operator of a facility specified in subdivision (a) a declaration that the requirements of subdivision (c) have been satisfied. In making the declaration, the

operator shall accept from the users of the facility their declarations that they have satisfied the requirements of subdivision (c). The operator may not collect a surcharge from users who make a declaration. Any exemption shall be revoked if the board finds, after a public hearing held for the purpose of receiving testimony regarding the affected solid waste disposal operation, that the requirements of subdivision (c) are not being satisfied. The board shall grant a new exemption upon making a finding that the requirements of subdivision (a) are being satisfied; however, declarations relating to a new exemption may not be submitted sooner than six months after the date on which the board revoked the prior exemption.

(e) The board shall prescribe the manner in which the surcharge is to be collected and forwarded to the board.

(f) Moneys collected by the board pursuant to this section shall be deposited in the State Treasury to the credit of the State Litter Control, Recycling, and Resource Recovery Fund, which is hereby created.

(g) It is the intent of the Legislature that, when operators do not satisfy the requirements of subdivision (c), existing rates, levies, or fees charged by operators or collected by any other person for financing the operations of a solid waste disposal site be increased by an amount equivalent to the surcharge in order that the surcharge is paid by persons who dispose of waste material.

SEC. 3. Section 66796.32 of the Government Code is amended to read:

66796.32. (a) Upon receipt of an application or report required by Section 66796.30, the enforcement agency shall submit a copy of such application or report to the board within seven days.

(b) The enforcement agency shall not issue, modify, or revise a solid waste facilities permit unless it has, at least 45 days in advance, provided the board and the applicant with a copy of the proposed permit, which shall contain the terms and conditions the enforcement agency proposes to establish.

(c) A decision to issue or not issue the permit shall be made by the enforcement agency within 120 days of the time application is filed unless waived by the applicant.

(d) The board shall, in writing, concur or object to the issuance, modification, or revision of any solid waste facilities permit within 40 days of the board's receipt of any proposed solid waste facilities permit submitted under subdivision (b) of this section. If the board determines that the permit would not be consistent with the county solid waste management plan or the state standards, it shall object to provisions of the permit, and shall submit such objections to the enforcement agency for its consideration. If the board fails to concur or object in writing within such 40 days it shall be deemed to have concurred in the issuance of the permit as submitted to it.

SEC. 4. Section 66796.83 is added to the Government Code, to read:

66796.83. The board may grant waivers of individual standards adopted pursuant to this title only when the board has determined either of the following:

(a) That a hardship exists or will exist if no waiver is granted and that granting a waiver will further state policies or will relieve the hardship.

(b) That the operation is an experimental one designed to develop new methods or technology and that granting the waiver will significantly facilitate implementation of state policy.

Any request for a waiver shall be accompanied by detailed information justifying the waiver and demonstrating that no significant adverse health, safety, or environmental impacts will result from the waiver. The board may place conditions on the waiver and shall reexamine each waiver at least every two years to determine whether it should remain in force or should have more or different conditions.

SEC. 5. Section 68014 of the Government Code is repealed.

SEC. 6. Section 68046 of the Government Code is amended to read:

68046. Twenty percent of the State Litter Control, Recycling, and Resource Recovery Fund shall be expended by the board for grants and loans to public agencies, private entities, or combinations thereof, as determined by the board, for implementation of the state research and development program for recovery of resources and energy from wastes mandated by Section 66785. Grants or loans for the planning, design, construction, operation, or maintenance, or a combination thereof, of resources and energy recovery projects authorized by this section shall be made by the board only if the project:

(a) Is not in potential conflict with the state policy for solid waste management required by Section 66770 or the solid waste management plans required by Section 66780.

(b) Is designed to make a substantial, long-term contribution to regional or areawide solution of the solid and liquid waste disposal problems.

(c) Advances the development of technologically and economically feasible, operational resources and energy recovery systems.

(d) Provides an equitable procedure for financing and distributing, among the users, the costs associated with the planning, design, construction, operation, and maintenance of the project and a reserve for contingencies.

(e) Is proposed by the public agency or private entity, or combination thereof, which:

(1) Demonstrates a capacity to provide satisfactory performance of solid waste management activities;

(2) Possesses sufficient financial resources and stability to ensure protection of the public interest in the project by bonding or other sureties deemed appropriate by the board;

(3) Is capable of producing plans and specifications susceptible to implementation; and

(4) To the extent practicable, provides written confirmation of the economic viability of the project in the form of contracts for recovered resources or energy with guaranteed purchasers at guaranteed prices for the period of time deemed satisfactory by the board.

SEC. 7. Section 68046.2 is added to the Government Code, to read:

68046.2. Pursuant to guidelines and criteria adopted by the board, subsidies may be provided in grants and loans made pursuant to Section 68046.2 for the difference between the unit selling price of recovered resources or energy and the total cost of producing such recovered resources and energy.

SEC. 8. Section 68046.4 is added to the Government Code, to read:

68046.4. Grants or loans authorized by Section 68046 for any project shall not:

(1) Exceed 75 percent of the total planning, design, and construction costs, plus the first three years' operation and maintenance costs;

(2) Be provided for land acquisition costs; and

(3) Be made until the applicant has made provision satisfactory to the board for proper and efficient construction, operation, and maintenance of the project.

SEC. 9. Section 68046.6 is added to the Government Code, to read:

68046.6. Grants made by the board pursuant to Section 68046 shall be made with the express requirements that:

(a) The recipient will accept for processing, without charge, any amount of litter picked up from roadsides or recreation areas by nonprofit organization and public agencies conducting organized litter cleanup programs. Insofar as economic feasibility warrants, the recipient may pay an appropriate premium for such litter if it can be demonstrated that it contains percentages of marketable salvage materials in excess of the average for municipal solid waste;

(b) In the event the project so supported with a grant becomes self sustaining, as determined by the board, the portion of the grant related to construction, operation, and maintenance costs shall be deemed to be a loan to the entity receiving such assistance, and shall be repayable to the board for deposit in the State Litter Control, Recycling, and Resource Recovery Fund, for expenditure in the resource and energy recovery program, in accordance with terms and conditions agreed upon between the entity and the board. Such terms and conditions shall be expressed in a "loan agreement" entered into prior to the rendering of such assistance;

(c) The obligation for a loan shall be in the form of a note or notes payable to the order of the board, carrying a rate of interest which is acceptable to the board, and which is payable solely from the

revenues of the project by its operator and subordinated to any security interest or interests which are equivalent to a first mortgage lien upon the facilities or assets of the project or a pledge of its revenues; and

(d) Nothing in this section shall prohibit the board from receiving additional compensation out of the revenues of the project in the form of income participation or other payments.

SEC. 10. Section 68048 of the Government Code is amended to read:

68048. Seven and one-half percent of the State Litter Control, Recycling, and Resource Recovery Fund shall be expended by the board, or granted by the board to state and local agencies, or both, to organize and conduct programs aimed at increasing awareness of the litter problem in order to promote greater compliance with litter laws and participation in programs for the recovery of resources and energy from solid wastes. Such programs shall include educational techniques and may include cleanup drives conducted by local agencies and nonprofit organizations using volunteer help.

SEC. 11. Section 68050 of the Government Code is amended to read:

68050. Two and one-half percent of the State Litter Control, Recycling, and Resource Recovery Fund shall be expended by the board for grants to state and local agencies and qualified nonprofit organizations, as determined by the board, for the purchase, installation, maintenance, and replacement of litter receptacles that have been approved by the board.

The board shall establish criteria and guidelines for the location of such receptacles.

Litter receptacles to be installed in cities and within five miles of incorporated areas or urbanized areas shall be of a type designed to minimize the dumping of household solid waste.

The board shall require that all litter receptacles purchased, installed, maintained, or replaced with money granted pursuant to this section display the state antilitter symbol adopted by the board and a statement of the penalties which may be imposed for littering in this state.

The board may require each agency participating in the litter receptacle program to report annually on the number of litter receptacles installed and maintained.

SEC. 12. Section 68052 of the Government Code is amended to read:

68052. Five percent of the State Litter Control, Recycling, and Resource Recovery Fund shall be expended by the board, or granted by the board to state and local agencies, or both, for (1) research and administrative support of the grant and loan programs for litter collection, litter receptacles, litter law enforcement, and resources and energy recovery from wastes, (2) maintenance of the solid waste management plans required by Section 66780.5, and (3) surveys of litter and solid waste composition and rate of deposit.

SEC. 13. Section 24387 of the Health and Safety Code is amended to read:

24387. Litter receptacles meeting the standards established by the board pursuant to this chapter shall be placed in public places in the state, including but not limited to the following:

(a) Drive-in restaurants and fast food outlets;
(b) Gasoline service stations;
(c) Shopping centers;
(d) Grocery stores;
(e) Boat launching and takeout areas;
(f) Boat moorage and fueling stations;
(g) Public piers;
(h) Parks and campgrounds;
(i) Beaches; and
(j) Outdoor parking lots which have a capacity of 50 or more automobiles and which are contiguous to the public places listed in this section.

The board may define by regulation those public places mentioned in this section that are not defined in subdivisions (b) to (e), inclusive, of Section 24386 and may, in a manner consistent with the definitions in Section 24386, clarify and exemplify by regulation the definitions of those public places mentioned in this section that are defined in subdivisions (b) to (e), inclusive, of Section 24386.

Litter receptacles need be placed in such public places only during times such places or events held at them are open to the public.

SEC. 14. Section 24391 of the Health and Safety Code is amended to read:

24391. (a) This chapter shall become operative on July 1, 1978.

(b) All litter receptacles in any public place designated in this chapter, which are placed after September 30, 1977, shall conform to the provisions of this chapter.

(c) Litter receptacles in any public place designated in this chapter, which were in place prior to September 30, 1977, shall be modified to conform with marking requirements of this chapter not later than July 1, 1978.

(d) All litter receptacles in any public place designated in this chapter, which were in place prior to September 30, 1977, shall be modified or replaced so as to fully conform with all requirements of this chapter not later than January 1, 1980.

SEC. 15. Section 24393 of the Health and Safety Code is amended to read:

24393. The board shall establish requirements for the design, production, and distribution of litter bags suitable for use in motor vehicles and boats. The litter bag shall bear the statewide antilitter symbol and a statement of the penalties for littering. The board shall purchase and provide for the continuous distribution of litter bags in a coordinated, statewide campaign commencing not later than July 1, 1979. The board may accept donated litter bags and donated materials for litter bags that are suitable for the purposes of this

section and may accept grants, gifts, and donated services relating to the design, production, and distribution of litter bags. No provision of this section shall be deemed to prohibit the purchase, production, or distribution of litter bags by any other public agency or any person or private entity, and such litter bags need not conform to the requirements established by the board; however, such litter bags may not display the statewide antilitter symbol.

SEC. 16. Part 19 (commencing with Section 39000) of Division 2 of the Revenue and Taxation Code is repealed.

SEC. 17. Part 21 (commencing with Section 42000) is added to Division 2 of the Revenue and Taxation Code, to read:

PART 21. STATE LITTER CONTROL, RECYCLING, AND RESOURCE RECOVERY ASSESSMENT

CHAPTER 1. GENERAL PROVISIONS AND DEFINITIONS

42000. This part shall be known and may be cited as the "Litter Control, Recycling, and Resource Recovery Assessment."

42001. "Board" means the State Board of Equalization.

42002. "Person" has the same meaning as that set forth in Section 6005.

42003. "Permitholder" means every person, including every manufacturer, wholesaler, and retailer, required to hold a seller's permit under the Sales and Use Tax Law (Part 1 (commencing with Section 6001) of this division). "Permitholder" does not include a person who is required to register with the board under Section 6226 but who is not required to hold a seller's permit.

42004. "Tangible personal property" has the same meaning as that set forth in Section 6016.

42005. The selling of meals, food products, or drinks at retail to a consumer on his order and for his immediate consumption shall not classify the seller as a "manufacturer" by reason of such activity.

42006. "Wholesaler" means any person engaged in a business activity in this state of selling tangible personal property of a kind described in Section 42108, other than wholly by means of sales at retail. A person shall not be deemed to be a "wholesaler," for the purposes of Section 42104, if such person's sales, other than sales at retail, are of property described in Section 42104 and are made as an incident to other business activities in which such property has been used and all of such person's sales of such property are to persons who reprocess or recycle such property so as to prevent the property from becoming "litter" within the meaning of the Litter Control, Recycling, and Resource Recovery Act of 1977 (Title 7.8 (commencing with Section 68000) of the Government Code).

42007. "Sale" has the same meaning as that set forth in Section 6006.

42008. "Retail sale" and "sale at retail" have the same meaning as that set forth in Section 6007.

42011. "Taxpayer" means any person required to pay an assessment under this part.

CHAPTER 2. IMPOSITION OF ASSESSMENTS

42101. On and after January 1, 1978, for the calendar year 1978, and for each year thereafter, every permitholder shall pay to the board an annual assessment in an amount specified in Section 42103 for each place of business in this state for which the person is required to hold a seller's permit under the Sales and Use Tax Law (Part 1 (commencing with Section 6001) of this division).

42102. On and after January 1, 1978, for the calendar year 1978, and for each year thereafter, every manufacturer and every wholesaler making sales in this state of tangible personal property of a kind described in Section 42108 shall pay to the board an annual assessment in an amount specified in Section 42103, except for manufacturers and wholesalers which regularly employ more than an average of 19 employees and which sell one or more of the products specified in subdivision (a) of Section 42104, which shall pay to the board an annual assessment in an amount specified in Section 42104.

42103. The annual assessment imposed by Sections 42101 and 42102 shall be one of the following:

(a) The amount of ten dollars ($10) for each place of business for which the person is required to hold a seller's permit.

(b) In the amount of twenty dollars ($20) for each place of business at which the permitholder incurs a liability under the Sales and Use Tax Law (Part 1 (commencing with Section 6001) of this division) measured by more than fifty thousand dollars ($50,000) but less than one hundred thousand dollars ($100,000).

(c) In the amount of thirty dollars ($30) for each place of business at which the permitholder incurs a liability under the Sales and Use Tax Law (Part 1 (commencing with Section 6001) of this division) measured by one hundred thousand dollars ($100,000) or more.

(d) In the total amount of ten dollars ($10) for a manufacturer or wholesaler, for all its places of business in the state, which regularly employs fewer than an average of three employees annually.

(e) In the total amount of twenty-five dollars ($25) for a manufacturer or wholesaler, for all its places of business in this state, which regularly employs an average of at least three but fewer than 20 employees annually.

(f) In the total amount of one hundred dollars ($100) for a manufacturer or wholesaler, for all its places of business in this state, which regularly employs an average of at least 20 but fewer than 50 employees annually.

(g) In the total amount of two hundred dollars ($200) for a manufacturer or wholesaler, for all its places of business in this state, which regularly employs an average of at least 50 but fewer than 100 employees annually.

(h) In the total amount of one thousand dollars ($1,000) for a manufacturer or wholesaler, for all its places of business in this state, which regularly employs an average of 100 or more employees annually.

42104. Notwithstanding the provisions of Section 42103, the annual assessment imposed by Section 42102 shall be one of the following:

(a) In the total amount of two hundred dollars ($200) for a manufacturer or wholesaler, for all its places of business in this state, which regularly employs an average of at least 20 but fewer than 50 employees annually and is engaged in a business activity in this state of selling one or more of the following:

(1) Those beverages defined in subdivision (a) of Section 24380 of the Health and Safety Code.

(2) Noncarbonated soft drinks, except fruit juices, vegetable juices, and other beverages defined as food products in Section 6359.

(3) Glass, metal, plastic, or fiber containers with a capacity of less than five gallons, but not including any container or container crown or closure which is customarily used on a repeated basis for food storage, preparation, or serving, which has a useful life of at least one year, and which is empty when sold at retail.

(4) Container crowns or closures, but not including crowns or closures for any container which is customarily used on a repeated basis for food storage, preparation, or serving, which has a useful life of at least one year, and which is empty when sold at retail.

(5) Newspapers or magazines.

(6) Household paper and paper products, including flexible packaging used to package or wrap consumer goods.

(7) Automobile or truck tires.

(b) In the total amount of four hundred dollars ($400) for a manufacturer or wholesaler, for all its places of business in this state, which regularly employs an average of at least 50 but fewer than 100 employees annually and is engaged in a business activity in this state of selling one or more of the products specified in subdivision (a) of this section.

(c) In the total amount of two thousand dollars ($2,000) for a manufacturer or wholesaler, for all its places of business in this state, which regularly employs an average of 100 or more employees annually and is engaged in a business activity in this state of selling one or more of the products specified in subdivision (a) of this section.

42105. If in any year a person is subject to an assessment under both Sections 42101 and 42102, only the larger of the two assessments shall be required to be paid.

42106. If in any year a person subject to assessment under Section 42101 moves a place of business from one location to a new location, the former location and the new location shall be deemed to be one place of business for the purpose of assessment pursuant to Section 42101.

42107. It is not the intent of the Legislature, in creating more than one assessment schedule for manufacturers and wholesalers in this chapter, to judge the relative contribution of such manufacturers and wholesalers to the solid waste stream.

42108. Tangible personal property, for purposes of Section 42102, includes all tangible personal property except the following:

(a) Gas, electricity, and water delivered through mains, lines, pipes, or channels to purchasers.

(b) Food and food products for human consumption sold in bulk form and not packaged or subpackaged in individual containers, packages, or units, of a type or size suitable for sale to consumers purchasing in the ordinary course of retail marketing.

(c) Fertilizer, seeds, annual plants, any form of animal life, and animal feed, sold for resale or use in the agricultural food industry.

42109. (a) Persons or transactions that this state is prohibited from taxing under the Constitution or laws of the United States or under the Constitution of this state are exempt from the assessments imposed by this part.

(b) Any person operating a business selling tangible personal property, when the operations are of a temporary nature lasting no longer than 30 consecutive days at one business location, is exempt from the assessment imposed by this part; but this exemption shall apply only with respect to the person's operation at that location.

CHAPTER 3. REGISTRATION

42201. Every person, other than a person holding a valid seller's permit issued under the Sales and Use Tax Law (Part 1 (commencing with Section 6001) of this division), who is engaged in, or who desires to engage in, a business activity that would subject the person to an assessment under this part shall register with the board and give the location of all places of business in this state at which the person makes sales of tangible personal property and such other information as the board may require. Application for a seller's permit shall constitute application for registration under this part.

42202. (a) Whenever a person does not comply with any of the provisions of this part relating to the litter control, recycling, and resource recovery assessment or any rule or regulation of the board relating to the assessment prescribed and adopted under this part, the board, upon hearing and after giving the person 10 days notice in writing specifying the time and place of hearing and requiring the

person to show cause why the person's seller's permit or permits should not be revoked, may revoke or suspend any one or more of the seller's permits held by the person. The board shall give to the person written notice of the suspension or revocation of any permit.

(b) The notices required by this section may be served personally or by mail in the manner prescribed for service of notice of a deficiency determination.

(c) The board shall not issue a new permit after the revocation of a permit unless it is satisfied that the former holder of the revoked permit will comply with the provisions of this part relating to the litter control, recycling, and resource recovery assessment and the regulations of the board.

CHAPTER 4. DETERMINATIONS

Article 1. Returns and Payments

42300. The assessments imposed by this part are due and payable to the board annually on or before the last day of the second calendar month next succeeding each calendar year or on or before the last day of the second calendar month next succeeding the close of such period as may be prescribed by the board pursuant to Section 42304. If a taxpayer ceases to do business in this state, the assessments imposed by this part are due and payable to the board on or before the last day of the calendar month next succeeding the close of the calendar quarter in which the taxpayer ceased to do business in this state.

42301. On or before the last day of the second month next succeeding the close of each calendar year or such other period as the board may prescribe pursuant to Section 42304, a return for the preceding calendar year or other period shall be filed with the board in such form as the board may prescribe. Returns shall be signed by the person required to file the return or by his duly authorized agent but need not be verified by oath.

42302. The return shall show the amount of the assessments for the period covered by the return and shall include such other information as the board deems necessary for the proper administration of this part.

42303. The person required to file the return shall deliver the return together with a remittance of the amount of the assessment due to the office of the board.

42304. If it deems it necessary in order to insure payment to or facilitate the collection by the state of the amount of assessments, the board may require returns and payments of assessments for annual periods other than calendar years or for other than annual periods depending upon the principal place of business of the taxpayer, the periods for which the taxpayer has been authorized to file returns under the Sales and Use Tax Law (Part 1 (commencing with Section 6001) of this division), the periods used by the taxpayer for

accounting purposes, or other matters that will otherwise facilitate the collection of the assessments by the state.

42305. The board may collect the assessment imposed under Chapter 2 (commencing with Section 42101) at the time of issuing a seller's permit under the Sales and Use Tax Law. The board may condition the issuance of a seller's permit upon payment of the assessment.

42306. (a) For good cause the board may extend, for a period not to exceed one month, the time for making any return or paying any amount required to be paid under this part. The extension may be granted at any time if a request therefor is filed with the board within or prior to the period for which the extension may be granted.

(b) Any person to whom an extension is granted shall pay, in addition to the assessment, interest at the rate of 1 percent per month, or fraction thereof, from the date on which the assessment would have been due without the extension until the date of payment.

Article 2. Deficiency Determinations

42320. If the board is not satisfied with the return or returns of the assessment or the amount of assessment required to be paid to the state by any person, it may compute and determine the amount required to be paid upon the basis of the facts contained in the return or returns or upon the basis of any information within its possession or that may come into its possession. One or more deficiency determinations may be made of the amount due for one or for more than one period. When a business is discontinued a determination may be made at any time thereafter, within the periods specified in Section 42326, as to liability arising out of that business irrespective of whether the determination is issued prior to the due date of the liability as otherwise specified in this part.

42321. The amount of the determination, exclusive of penalties, shall bear interest at the rate of 1 percent per month, or fraction thereof, from the last day of the second calendar month next succeeding the calendar year or other period for which the amount or any portion thereof should have been returned until the date of payment.

42322. In making a determination the board may offset overpayments for a period or periods, together with interest on the overpayments, against underpayments for another period or periods, against penalties, and against the interest on the underpayments.

42323. If any part of the deficiency for which a deficiency determination is made is due to negligence or intentional disregard of this part or authorized rules and regulations, a penalty of 10 percent of the amount of the determination shall be added thereto.

42324. If any part of the deficiency for which a deficiency determination is made is due to fraud or an intent to evade this part or authorized rules and regulations, a penalty of 25 percent of the

amount of the determination shall be added thereto.

42325. The board shall give to the taxpayer written notice of its determination. The notice may be served personally or by mail; if by mail, service shall be made pursuant to Section 1013 of the Code of Civil Procedure and shall be addressed to the taxpayer at the taxpayer's address as it appears in the records of the board, but the service shall be deemed complete at the time of the deposit of the notice in the mail without extension of time for any reason.

42326. Except in the case of fraud, intent to evade this part or authorized rules and regulations, or failure to make a return, every notice of a deficiency determination shall be mailed within three years after the last day of the second calendar month following the close of the calendar year or other period for which the amount is proposed to be determined or within three years after the return is filed, whichever period expires the later. In case of failure to make a return, every notice of determination shall be mailed within eight years after the last day of the second calendar month following the calendar year or other period for which the amount is proposed to be determined.

42327. In the case of a deficiency arising under this part during the lifetime of a decedent, a notice of deficiency determination shall be mailed within four months after written request therefor, in the form required by the board, by the fiduciary of the estate or trust or by any other person liable for the assessment or any portion thereof.

42328. If, before the expiration of the time prescribed in Section 42326 for the mailing of a notice of deficiency determination, the taxpayer has consented in writing to the mailing of the notice after such time, the notice may be mailed at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

Article 3. Determinations If No Return Made

42330. If any person does not make a return, the board shall make an estimate of the measure of the taxpayer's liability under the Sales and Use Tax Law (Part 1 (commencing with Section 6001) of this division) for each place of business for which the taxpayer is required to hold a seller's permit and, if the taxpayer is a manufacturer or wholesaler, an estimate of the average number of employees employed annually for all of the taxpayer's places of business in this state. The estimates shall be made for the period or periods with respect to which the person did not make a return and shall be based upon any information which is in the board's possession or may come in its possession.

Upon the basis of this estimate, the board shall compute and determine the amount to be paid under this part, adding to the amount thus determined a penalty of 10 percent. One or more determinations may be made for one or for more than one period.

When a business is discontinued a determination may be made at any time thereafter, within the periods specified in Section 42326, as to liability arising out of that business, irrespective of whether the determination is issued prior to the due date of the liability as otherwise specified in this part.

42331. In making a determination the board may offset overpayments for a period or periods, together with interest on the overpayments, against underpayments for another period or periods, against penalties, and against the interest on the underpayments. The interest on underpayments and overpayments shall be computed in the manner set forth in Sections 42360 and 42505.

42332. The amount of the determination, exclusive of penalties, shall bear interest at the rate of 1 percent per month, or fraction thereof, from the last day of the second calendar month following the close of the calendar year or other period for which the amount or any portion thereof should have been returned until the date of payment.

42333. If the failure of any person to file a return is due to fraud or an intent to evade this part or rules and regulations, a penalty of 25 percent of the amount required to be paid by the person, exclusive of penalties, shall be added thereto in addition to the 10 percent penalty provided in Section 42330.

42334. Promptly after making its determination, the board shall give to the person written notice of the estimate, determination, and penalty. The notice shall be served personally or by mail in the manner prescribed for service of notice of a deficiency determination.

Article 4. Jeopardy Determinations

42340. If the board believes that the collection of any assessment required to be paid to the state or of any determination will be jeopardized by delay, it shall thereupon make a determination of the assessment, noting that fact upon the determination. The amount determined is immediately due and payable.

42341. If the amount specified in the determination is not paid within 10 days after service of notice thereof upon the person against whom the determination is made, the amount becomes final at the expiration of the 10 days, unless a petition for redetermination is filed within the 10 days, and the delinquency penalty and the interest provided in Section 42360 shall attach to the amount of the assessment.

42342. The person against whom a jeopardy determination is made may petition for the redetermination thereof pursuant to Article 5 (commencing with Section 42350) of this chapter. The person shall, however, file the petition for redetermination with the board within 10 days after the service of notice of the determination. The person shall also, within the 10-day period, deposit with the board such security as it may deem necessary to insure compliance

with this part. The security may be sold by the board in the manner prescribed by Section 42400.

42343. In accordance with such rules and regulations as the board may prescribe, the person against whom a jeopardy determination is made may apply for an administrative hearing for one or more of the following purposes:

(a) To establish that the determination is excessive.

(b) To establish that the sale of property that may be seized after issuance of the jeopardy determination or any part thereof shall be delayed pending the administrative hearing because the sale would result in irreparable injury to the person.

(c) To request the release of all or a part of the property to the person.

(d) To request a stay of collection activities.

The application shall be filed within 30 days after service of the notice of jeopardy determination and shall be in writing and state the specific factual and legal ground upon which it is founded. No security need be posted to file the application and to obtain this hearing. However, if the person does not deposit, within the 10-day period prescribed in Section 42342, such security as the board may deem necessary to ensure compliance with this part, the filing of the application shall not operate as a stay of collection activities, except sale of property seized after issuance of the jeopardy determination. Upon a showing of good cause for failure to file a timely application for administrative hearing, the board may allow a filing of the application and grant the person an administrative hearing. The filing of an application pursuant to this section shall not affect provisions of Section 42341 relating to the finality date of the determination or to penalty or interest.

42344. Any notice required by this article shall be served personally or by mail in the manner prescribed for service of a deficiency determination.

Article 5. Redetermination

42350. Any person against whom a determination is made under Article 2 (commencing with Section 42320) or Article 3 (commencing with Section 42330) of this chapter or any person directly interested may petition for a redetermination within 30 days after service upon the person of notice thereof. If a petition for redetermination is not filed within the 30-day period, the determination becomes final at the expiration of the period.

42351. Every petition for redetermination shall be in writing and shall state the specific grounds upon which the petition is founded. The petition may be amended to state additional grounds at any time prior to the date on which the board issues its order or decision upon the petition for redetermination.

42352. If a petition for redetermination is filed within the 30-day period, the board shall reconsider the determination and, if the

person has so requested in the petition, shall grant the person an oral hearing and shall give the person 10 days' notice of the time and place of the hearing. The board may continue the hearing from time to time as may be necessary.

42353. The board may decrease or increase the amount of the determination before it becomes final, but the amount may be increased only if a claim for the increase is asserted by the board at or before the hearing. Unless the penalty imposed by Section 42324 or 42333 applies to the amount of the determination as originally made or as increased, the claim for increase shall be asserted within eight years after the last day of the second calendar month following the period for which the increase is asserted.

42354. The order or decision of the board upon a petition for redetermination becomes final 30 days after service upon the petitioner of notice thereof.

42355. All determinations made by the board under Article 2 (commencing with Section 42320) or Article 3 (commencing with Section 42330) of this chapter are due and payable at the time they become final. If they are not paid when due and payable, a penalty of 10 percent of the amount of the determination, exclusive of interest and penalties, shall be added thereto.

42356. Any notice required by this article shall be served personally or by mail in the manner prescribed for service of notice of a deficiency determination.

Article 6. Interest and Penalties

42360. Any person who does not pay any assessment to the state, except amounts of determinations made by the board under Article 2 (commencing with Section 42320) or Article 3 (commencing with Section 42330) of this chapter, within the time required, shall pay a penalty of 10 percent of the assessment, in addition to the assessment, plus interest at the rate of 1 percent per month, or fraction thereof, from the date on which the assessment became due and payable to the state until the date of payment.

42361. (a) If the board finds that a person's failure to make a timely return or payment is due to reasonable cause and circumstances beyond the person's control and occurred notwithstanding the exercise of ordinary care and the absence of wiliful neglect, the person may be relieved of the penalty provided by Sections 42330 and 42360.

(b) Any person seeking to be relieved of the penalty shall file with the board a statement under penalty of perjury setting forth the facts upon which he bases his claim for relief.

CHAPTER 5. COLLECTION OF ASSESSMENT

Article 1. Security for Assessment

42400. Whenever the board deems it necessary to insure compliance with this part, the board may require any person subject thereto to place with the board such security as the board may determine. The amount of the security shall be fixed by the board but shall not be greater than twice the estimated average liability of persons filing returns for annual periods or three times the estimated average liability of persons required to file returns for periods other than annual periods, determined in such manner as the board deems proper, or ten thousand dollars ($10,000), whichever amount is the lesser. The limitations specified in this section apply regardless of the type of security placed with the board. The amount of the security may be increased or decreased by the board subject to such limitations. The board may sell the security at public auction if it becomes necessary so to do in order to recover any assessment or any amount required to be collected or any interest or penalty due. Notice of the sale may be served upon the person who placed the security personally or by mail; if by mail, service shall be made in the manner prescribed for service of a notice of a deficiency determination and shall be addressed to the person at the person's address as it appears in the records of the board. Security in the form of a bearer bond issued by the United States or the State of California that has a prevailing market price may, however, be sold by the board at private sale at a price not lower than the prevailing market price thereof. Upon any sale any surplus above the amounts due shall be returned to the person who placed the security.

42401. If any person is delinquent in the payment of the amount required to be paid by the person, or in the event a determination has been made against the person which remains unpaid, the board may, not later than three years after the payment became delinquent, or within 10 years after the last recording of an abstract under Section 42410 or filing or recording of a state tax lien under Section 42432 or 42433, give notice thereof personally or by registered mail to all persons, including any officer or department of the state or any political subdivision or agency of the state, having in their possession or under their control any credits or other personal property belonging to the delinquent, or person against whom a determination has been made which remains unpaid, or owing any debts to the delinquent or such person. In the case of any state officer, department, or agency, the notice shall be given to such officer, department, or agency prior to the time it presents the claim of the delinquent payer to the State Controller. After receiving the notice the persons so notified shall neither transfer nor make any other disposition of the credits, other personal property, or debts in their possession or under their control at the time they receive the notice until the board consents to a transfer or disposition or until 60 days elapse after the receipt of the notice, whichever period expires the earlier. All persons so notified shall forthwith, after receipt of the notice advise the board of all such credits, other personal property, or debts in their possession, under their control, or owing by them.

If such notice seeks to prevent the transfer or other disposition of a deposit in a bank or other credits or personal property in the possession or under the control of a bank, the notice, to be effective, shall state the amount, interest, and penalty due from the person and shall be delivered or mailed to the branch or office of such bank at which such deposit is carried or at which such credits or personal property is held. Notwithstanding any other provision of this article, with respect to a deposit in a bank or other credits or personal property in the possession or under the control of a bank, the notice shall only be effective with respect to an amount not in excess of two times the amount, interest, and penalty due from the person. If, during the effective period of the notice to withhold, any person so notified makes any transfer or disposition of the property or debts required to be withheld pursuant to this section, to the extent of the value of the property or the amount of the debts thus transferred or paid, such person shall be liable to the state for any indebtedness due under this part from the person with respect to whose obligation the notice was given, if solely by reason of such transfer or disposition the state is unable to recover the indebtedness of the person with respect to whose obligation the notice was given.

Article 2. Suit for Assessment

42410. At any time within three years after any assessment becomes due and payable and at any time within three years after the delinquency of any assessment, or within the period during which a lien is in force as the result of the recording of an abstract under Section 42422 or the recording or filing of a notice of state tax lien under Section 42432 or 42433, the board may bring an action in the courts of this state, of any other state, or of the United States in the name of the people of the State of California to collect the amount delinquent together with penalties and interest.

42411. The Attorney General shall prosecute the action, and the provisions of the Code of Civil Procedure relating to service of summons, pleadings, proofs, trials, and appeals are applicable to the proceedings.

42412. In the action a writ of attachment may issue, and no bond or affidavit previous to the issuing of the attachments is required.

42413. In the action a certificate by the board showing the delinquency shall be prima facie evidence of the determination of the assessment or the amount of assessment, of the delinquency of the amounts set forth, and of the compliance by the board with all the provisions of this part in relation to the computation and determination of the amounts.

42414. In any action relating to the assessment brought under this part, process may be served according to the Code of Civil Procedure and the Civil Code or may be served upon any agent or clerk in this state employed by any taxpayer in a place of business maintained by the taxpayer in this state. In the latter case a copy of the process shall

forthwith be sent by registered mail to the taxpayer at the taxpayer's principal or home office.

Article 3. Judgment for Assessment

42420. If any amount required to be paid to the state under this part is not paid when due, the board may, within three years after the amount is due, file in the office of the County Clerk of Sacramento County, or any county, a certificate specifying the amount required to be paid, interest, and penalty due, the name and address as it appears on the records of the board of the person liable, the compliance of the board with this part in relation to the determination of the amount required to be paid, and a request that judgment be entered against the person in the amount required to be paid, together with interest and penalty as set forth in the certificate.

42421. Immediately upon the filing of the certificate, the county clerk shall enter a judgment for the people of the State of California against the person in the amount required to be paid, together with interest and penalty as set forth in the certificate. The county clerk may file the judgment in a looseleaf book entitled, "Special Judgments for State Solid Waste Removal and Recycling Levy."

42422. An abstract of the judgment or a copy of such judgment may be filed for record with the county recorder of any county. From the time of the filing, the amount required to be paid, together with interest and penalty set forth, constitutes a lien upon all the real property in the county owned by the person liable or afterward and before the lien expires acquired by him. The lien has the force, effect, and priority of a judgment lien and shall continue for 10 years from the date of the judgment so entered by the county clerk unless sooner released or otherwise discharged. The lien may, within 10 years from the date of the judgment or within 10 years from the date of the last extension of the lien in the manner provided in this section, be extended by filing for record in the office of the county recorder of any county an abstract or copy of the judgment; and from the time of such filing, the lien shall be extended to the real property in such county for 10 years unless sooner released or otherwise discharged.

42423. Execution shall issue upon the judgment upon request of the board in the same manner as execution may issue upon other judgments, and sales shall be held under such execution as prescribed in the Code of Civil Procedure.

Article 4. Priority and Lien of Assessment

42430. The amounts required to be paid by any person under this part, together with interest and penalties, shall be satisfied first in any of the following cases:

(a) Whenever the person is insolvent.

(b) Whenever the person makes a voluntary assignment of his assets.

(c) Whenever the estate of the person in the hands of executors, administrators, or heirs is insufficient to pay all the debts due from the deceased.

(d) Whenever the estate and effects of an absconding, concealed, or absent person required to pay any amount under this part are levied upon by process of law.

This section does not give the state a preference over any lien or security interest which was recorded or perfected prior to the time when the state records or files its lien pursuant to Section 42432 or 42433.

The preference given to the state by this section shall be subordinate to the preferences given to claims for personal services by Sections 1204 and 1206 of the Code of Civil Procedure.

42431. If any person does not pay any amount imposed under this part at the time that it becomes due and payable, the amount thereof, including penalties and interest, together with any costs in addition thereto, shall thereupon be a perfected and enforceable state tax lien upon all property and rights to property whether real or personal, tangible or intangible, including all after-acquired property and rights to property, belonging to such person and located in the state. Such lien shall not continue for more than 10 years unless recorded or filed as provided in this article.

For the purpose of this section only, "due and payable" means the date a return is filed without payment of the amount due, or the date a determination or assessment made under this part becomes final, whichever is applicable.

42432. With respect to real property or any rights therein, at any time after creation of the lien pursuant to Section 42431, the board may record in the office of the county recorder of the county in which such real property is located a notice of state tax lien as specified in Section 42435.

The lien created by Section 42431 shall not be valid against the right, title or interest of any of the following:

(a) A successor in interest of the taxpayer without knowledge of the lien;

(b) A holder of a security interest;

(c) A mechanic's lienor; or

(d) A judgment lien creditor;

where such right, title, or interest was acquired or perfected prior to recording of a notice of state tax lien as provided in this section.

42433. With respect to personal property, whether tangible or intangible, at any time after creation of the lien pursuant to Section 42431, the board may file a notice of state tax lien with the Secretary of State pursuant to Chapter 14.5 (commencing with Section 7220) of Division 7 of Title 1 of the Government Code.

42434. The lien created by Section 42431 shall not be valid as to personal property against any of the following:

(a) The holder of a security interest therein whose interest was perfected pursuant to Section 9303 of the Uniform Commercial Code as against a lien creditor, as defined in Section 9301 of such code, prior to the time the notice of the state tax lien was filed as herein provided.

(b) Any person, other than a person liable for the tax, who, without knowledge of the lien, perfects an interest in the property prior to the time the notice of state tax lien is filed.

(c) A buyer in the ordinary course of business, as defined in subdivision (9) of Section 1201 of the Uniform Commercial Code, who, under Division 9 (commencing with Section 9101) of such code, would have taken free and clear of a security interest held by a third party who had perfected a security interest in the property pursuant to the provisions of such division.

(d) Any person who, under Division 9 (commencing with Section 9101) of the Uniform Commercial Code, would have priority over a security interest held by a third party who had perfected a security interest in the property pursuant to Section 9303 of such code prior to the time that the notice of state tax lien was filed.

42435. The notice of state tax lien recorded or filed pursuant to Section 42432 or 42433 shall include the name and last known address of the person liable for the tax, the amount of the tax, a statement that the tax shall be a lien upon all real or personal property and rights to such property, including all after-acquired property and rights to property belonging to such person, and a statement that the board has complied with all the provisions of this part in the computation and levy of the amount assessed.

42436. Any lien arising pursuant to this article shall continue for 10 years from the date of recording or filing of a notice of state tax lien pursuant to Section 42432 or 42433, unless sooner released or otherwise discharged. The lien may, within 10 years from the date of the recording or filing of the notice of state tax lien or within 10 years from the date of the last extension of the lien in the manner provided in this section, be extended by recording or filing a new notice of state tax lien in the office of the county recorder of any county or with the Secretary of State as provided in Section 42432 or 42433, and from the time of such recording or filing the lien shall be extended for 10 years unless sooner released or otherwise discharged.

42437. Notwithstanding the provisions of Sections 688 and 688.1 of the Code of Civil Procedure, in the event the taxpayer is a party to an action or special proceeding in which the taxpayer may become entitled to property or a money judgment, a lien created pursuant to Section 42431 shall extend to the taxpayer's cause of action and any judgment in favor of the taxpayer subsequently procured in such action or proceeding. Notice of such a lien shall be given to all parties who prior thereto have made an appearance in the action and to judgment creditors who prior thereto have been granted a lien or an order permitting intervention under Section 688.1 of the Code of Civil Procedure. Such lien shall have priority from the time of filing

of the notice in the action. No compromise, dismissal, settlement, or satisfaction shall be entered into by or on behalf of the taxpayer with any other party, lienor, or intervenor in the action without the consent of the board unless the lien is sooner satisfied or discharged. The clerk or judge of the court shall endorse upon the judgment recovered in such action or proceeding a statement of the existence of the lien, the time of the filing of the notice in the action, and the place where entered, and any abstract issued upon the judgment shall contain, in addition to the matters set forth in Sections 674 and 688.1 of the Code of Civil Procedure, a statement of the lien in favor of the board.

42438. The board may at any time release all or any portion of the property subject to any lien provided in this part from the lien or subordinate the lien to other liens and encumbrances if it determines that the amount, interest, and penalties are sufficiently secured by a lien on other property or that the release or subordination of the lien will not jeopardize the collection of the amount, interest, and penalties.

42439. The board may release any lien imposed under this article if it finds that the liability represented by the lien, including any interest accrued thereon, is legally unenforceable.

42440. A certificate by the board to the effect that any property has been released from the lien or that the lien has been subordinated to other liens and encumbrances shall be conclusive evidence that the property has been released or that the lien has been subordinated as provided in the certificate.

Article 5. Warrant for Collection of Assessment

42445. At any time within three years after any person is delinquent in the payment of any amount required by this part to be paid, or within 10 years after the last recording of an abstract under Section 42422 or the recording or filing of a notice of state tax lien under Section 42432 or 42433, the board or its authorized representative may issue a warrant for the enforcement of any liens and for the collection of any amount required to be paid to the state under this part. The warrant shall be directed to any sheriff, marshal, or constable and shall have the same effect as a writ of execution. The warrant shall be levied and sale made pursuant to it in the same manner and with the same effect as a levy of and a sale pursuant to a writ of execution.

42446. The board may pay or advance to the sheriff, marshal, or constable, the same fees, commissions, and expenses for his services as are provided by law for similar services pursuant to a writ of execution. The board, and not the court, shall approve the fees for publication in a newspaper.

42447. The fees, commissions, and expenses are the obligation of the person required to pay any amount under this part and may be collected from him by virtue of the warrant or in any other manner

provided in this part for the collection of the assessment.

Article 6. Seizure and Sale

42450. At any time within three years after any person is delinquent in the payment of any amount, the board may forthwith collect the amount in the following manner: The board shall seize any property, real or personal, of the person and sell the property, or a sufficient part of it, at public auction to pay the amount due together with any interest or penalties imposed for the delinquency and any costs incurred on account of the seizure and sale.

Any seizure made to collect an assessment due shall be only of property not exempt from execution under the provisions of the Code of Civil Procedure.

42451. Notice of the sale and the time and place thereof shall be given to the delinquent person in writing at least 10 days before the date set for the sale in the following manner: The notice shall be enclosed in an envelope addressed to the person at the person's last known address or place of business in this state. It shall be deposited in the United States mail, postage prepaid. The notice shall also be published for at least 10 days before the date set for the sale in a newspaper of general circulation published in the county in which the property seized is to be sold. If there is no newspaper of general circulation in the county, notice shall be posted in three public places in the county 10 days prior to the date set for the sale. The notice shall contain a description of the property to be sold, a statement of the amount due, including interest, penalties, and costs, the name of the delinquent, and the further statement that unless the amount due, interest, penalties, and costs are paid on or before the time fixed in the notice for the sale, the property, or so much of it as may be necessary, will be sold in accordance with law and the notice.

42452. At the sale the board shall sell the property in accordance with law and the notice and shall deliver to the purchaser a bill of sale for the personal property and a deed for any real property sold. The bill of sale or deed vests the interest or title of the person liable for the amount in the purchase. The unsold portion of any property seized may be left at the place of sale at the risk of the person liable for the amount.

42453. If upon the sale the moneys received exceed the total of all amounts, including interest, penalties, and costs due the state, the board shall return the excess to the person liable for the amounts and obtain his receipt. If any person having an interest in or lien upon the property files with the board prior to the sale notice of the person's interest or lien, the board shall withhold any excess pending a determination of the right of the respective parties thereto by a court of competent jurisdiction. If for any reason the receipt of the person liable for the amount is not available, the board shall deposit the excess moneys with the State Treasurer, as trustee for the owner, subject to the order of the person liable for the amount, his heirs,

successors, or assigns.

Article 7. Payment on Termination of Business and Successor's Liability

42460. If any person liable for any amount under this part sells out his business or stock of goods or quits the business, that person's successor or assignee shall withhold sufficient amount of the purchase price to cover such amount until the former owner produces a receipt from the board showing that it has been paid or a certificate stating that no amount is due.

42461. If the purchaser of a business or stock of goods does not withhold purchase price as required, the purchaser shall become personally liable for the payment of the amount required to be withheld, to the extent of the purchase price valued in money. Within 60 days after receiving a written request from the purchaser for a certificate, or within 60 days from the date the former owner's records are made available for audit, whichever period expires the later, but in any event not later than 90 days after receiving the request or 90 days from the date of the sale of the business or stock of goods, whichever period expires the later, the board shall either issue the certificate or mail notice to the purchaser at the purchaser's address as it appears on the records of the board of the amount that is required to be paid as a condition of issuing the certificate. If the board does not mail the notice, the purchaser shall be released from any further obligation to withhold purchase price as provided in this section. The time within which the obligation of the successor or assignee may be enforced shall start to run at the time the person sells out his business or stock of goods or at the time that the determination against the person becomes final, whichever event occurs the later.

42462. If, at the time a business is discontinued, the board holds security pursuant to Section 42400 in the form of cash, government bonds, or insured deposits in banks or savings and loan institutions, such security when applied to the account of the taxpayer shall be deemed to be a payment on account of any liability of the taxpayer to the board on the date the business is discontinued.

Article 8. Miscellaneous Provisions

42470. The board shall report to the State Controller the amount of collections under this part, and the State Controller shall keep a record thereof.

42471. The remedies of the state provided in this part are cumulative, and no action taken by the board or the Attorney General constitutes an election by the state to pursue any remedy to the exclusion of any other remedy for which provision is made in this part.

42472. In all proceedings under this part the board may act on

behalf of the people of the State of California.

CHAPTER 6. OVERPAYMENTS AND REFUNDS

Article 1. Claim for Refund

42500. If the board determines that any amount, penalty, or interest has been paid more than once or has been erroneously or illegally collected or computed, the board shall set forth that fact in the records of the board and shall certify to the State Board of Control the amount collected in excess of the amount legally due and the person from whom it was collected or by whom paid. If approved by the State Board of Control the excess amount collected or paid shall be credited by the board on any amounts then due and payable from the person from whom the excess amount was collected or by whom it was paid under this part, and the balance shall be refunded to the person or the person's successor or assignee, administrator, or executor.

In the case, however, of a determination by the board that an amount not exceeding five thousand dollars ($5,000) was not required to be paid under this part, the board, without obtaining approval of the State Board of Control, may credit the amount on any amounts then due and payable under this part from the person by whom the amount was paid and may refund the balance to the person or the person's successor or assignee, administrator, or executor.

42501. (a) Except as provided in subdivision (b), no refund shall be approved by the board after three years from the last day of the second calendar month following the close of the calendar year or other period for which the overpayment was made, or, with respect to determinations made under Article 2, 3, or 4 of Chapter 4 of this part, after six months from the date the determinations become final, or after six months from the date of overpayment, whichever period expires the later, unless a claim therefor is filed with the board within such period. No credit shall be approved by the board after the expiration of such period unless a claim for credit is filed with the board within such period, or unless the credit relates to a period for which a waiver is given pursuant to Section 42328.

(b) A refund may be approved by the board for any period for which a waiver is given under Section 42328 if a claim therefor is filed with the board before the expiration of the period agreed upon.

42502. Every claim shall be in writing and shall state the specific grounds upon which the claim is founded.

42503. Failure to file a claim within the time prescribed in this article constitutes a waiver of any demand against the state on account of overpayment.

42504. Within 30 days after disallowing any claim in whole or in part, the board shall serve notice of its action on the claimant in the manner prescribed for service of notice of a deficiency

determination.

42505. Interest shall be paid upon any overpayment of any amount of assessment at the rate of 1 percent per month from the last day of the second calendar month following the close of the calendar year or other period for which the overpayment was made, but no refund or credit shall be made of any interest imposed upon the person making the overpayment with respect to the amount being refunded or credited.

The interest shall be paid as follows:

(a) In the case of a refund, to the last day of the calendar month following the date upon which the person making the overpayment, if the person has not already filed a claim, is notified by the board that a claim to be filed or the date upon which the claim is approved by the board, whichever date is the earlier.

(b) In the case of a credit, to the same date as that to which interest is computed on the assessment or amount against which the credit is applied.

42506. (a) If the board determines that any overpayment has been made intentionally or by reason of carelessness, it shall not allow any interest thereon.

(b) If any person who has filed a claim for refund requests the board to defer action on the claim, the board, as a condition to deferring action, may require the claimant to waive interest for the period during which the person requests the board to defer action on the claim.

Article 2. Suit for Refund

42510. No injunction or writ of mandate or other legal or equitable process shall issue in any suit, action, or proceeding in any court against this state or against any officer of the state to prevent or enjoin the collection under this part of any assessment or any amount of assessment required to be collected.

42511. No suit or proceeding shall be maintained in any court for the recovery of any amount alleged to have been erroneously or illegally determined or collected unless a claim for refund or credit has been duly filed pursuant to Article 1 (commencing with Section 42500) of this chapter.

42512. Within 90 days after the mailing of the notice of the board's action upon a claim filed pursuant to Article 1 (commencing with Section 42500) of this chapter, the claimant may bring an action against the board on the grounds set forth in the claim in a court of competent jurisdiction in any city or city and county of this state in which the Attorney General has an office for the recovery of the whole or any part of the amount with respect to which the claim has been disallowed.

Failure to bring action within the time specified constitutes a waiver of any demand against the state on account of alleged overpayments.

42513. The people of the State of California do enact as follows:

SECTION 1. Section 4488 of the Welfare and Institutions Code is amended to read:

4488. As often as a vacancy occurs in a hospital under the jurisdiction of the Director of Developmental Services, he shall appoint, as provided in Section 4481, a clinical director, a hospital administrator, a hospital director, a medical program director, and program directors.

A hospital administrator shall be a college graduate preferably

with an advanced degree in hospital, business or public administration and shall have had experience in this area. He shall receive a salary which is competitive with other private and public mental hospital administrators.

A clinical director for a state hospital for the developmentally disabled shall be a person who is a physician, psychologist, registered nurse, clinical social worker, physical therapist or psychiatric technician, and licensed as such pursuant to the Business and Professions Code, or a person who is a rehabilitation therapist, or a person who possesses a valid and unrevoked teaching credential which authorizes specialist instruction in special education in grades kindergarten through 12 or in the community college, or a person who has had at least five years of experience teaching the developmentally disabled. The clinical director for any state hospital shall be well qualified by training or experience to have proven skills in mental hospital program administration.

The hospital director shall be either the hospital administrator or the clinical director. He shall be selected based on his overall knowledge of the hospital, its programs, and its relationship to its community, and on his demonstrated abilities to administer a large facility.

The standards for the professional qualifications of a program director shall be established by the Director of Developmental Services for each patient program. The director shall not adopt any regulations which prohibit a licensed psychiatrist, psychologist, psychiatric technician, or clinical social worker from employment in a patient program in any professional, administrative, or technical position; provided, however, that the program director of a medical-surgical unit shall be a licensed physician.

If the program director is not a physician, a physician shall be available to assume responsibility for all those acts of diagnosis, treatment, or prescribing or ordering of drugs which may only be performed by a licensed physician.

A medical program director for a state hospital for the developmentally disabled shall be a physician who has passed, or shall pass, an examination for a license to practice medicine in California and who shall be a qualified specialist in a branch of medicine which includes diseases affecting the brain and nervous system, and the care, treatment, and habilitation of the developmentally disabled.

[Approved by Governor April 19, 1978. Filed with Secretary of State April 20, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 14016.1 is added to the Welfare and Institutions Code, to read:

14016.1. If a patient at a health facility operated by the county either directly or through contract is received in a comatose condition or suffering from amnesia and dies before he is able to cooperate in providing information necessary to a determination of Medi-Cal eligibility, the patient shall be presumed eligible. However, such presumption may be rebutted by the department. All costs incurred in providing care to such patient under such presumption shall be reimbursable to the extent permitted by federal statutes and regulations. If such a patient subsequently is determined ineligible, the department shall make reasonable efforts to recover the costs of care incurred during the period of presumptive eligibility and shall have the right to seek restitution in a civil action.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

CHAPTER 102

An act to amend Section 770.3 of the Insurance Code, relating to insurance.

[Approved by Governor April 19, 1978 Filed with Secretary of State April 20, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 770.3 of the Insurance Code is amended to read:

770.3. No state department or agency shall negotiate any life or disability insurance or require the placing of such insurance through particular agents, brokers, or companies, except to the extent that the state has a direct financial interest in the subject of the insurance. The state has no financial interest in an annuity purchased for an employee where the premium therefor is paid from a deduction from or reduction in the employee's salary, and any annuity paid for through such a deduction or reduction shall not be deemed to have been provided by the state for its employees for purposes of this section, and the state shall not negotiate or require the placing of such annuity through particular agents, brokers, or companies. Nothing herein contained shall affect the program of life and

disability insurance in connection with veterans' farm and home purchases through the Department of Veterans Affairs except that the total life insurance benefit under said program shall in no event exceed one hundred twenty percent (120%) of the unpaid contract balance. Except in those cases where the premium for an annuity is paid entirely from a deduction from or reduction in an employee's salary, nothing contained herein shall affect life or disability insurance programs which may be provided by the state for its employees.

Notwithstanding anything in this section to the contrary, in any case in which a tax-sheltered annuity under an annuity plan which meets the requirements of Section 403(b) of the Internal Revenue Code of 1954 is to be placed or purchased for an employee, the employee shall have the right to designate the licensed agent, broker, or company through whom the employee's employer shall arrange for the placement or purchase of the tax-sheltered annuity. In any case in which the employee has designated such an agent, broker, or company, the employer shall comply with such designation.

As used in this section, "state department or agency" shall include, but not be limited to, school districts and the University of California.

This section shall apply to all local governmental agencies, as well as state departments and agencies.

CHAPTER 103

An act to amend Sections 1070 and 1070.5 of the Penal Code, relating to juries, and declaring the urgency thereof, to take effect immediately.

(b) If the offense charged be punishable with a maximum term of imprisonment of 90 days or less, the defendant is entitled to six and the state to six peremptory challenges.

SEC. 2. Section 1070.5 of the Penal Code is amended to read:

1070.5. (a) Except as provided in subdivision (b), when two or more defendants are jointly tried for any public offense, whether felony or misdemeanor, the state and the defendants shall be entitled

to the number of challenges prescribed by Section 1070 of this code, which challenges on the part of the defendants must be exercised jointly. Each defendant shall also be entitled to seven additional challenges which may be exercised separately; the state shall also be entitled to additional challenges equal to the number of all the additional separate challenges allowed the defendants.

(b) When two or more defendants are jointly tried for any offense punishable with a maximum term of imprisonment of 90 days or less, the state and the defendants shall be entitled to the number of challenges prescribed by Section 1070, which challenges on the part of the defendants must be exercised jointly. Each defendant shall also be entitled to four additional challenges which may be exercised separately; the state shall also be entitled to additional challenges equal to the number of all the additional separate challenges allowed the defendants.

SEC. 3. It is the intent of the Legislature, if this bill and Senate Bill No. 1063 are both chaptered and become effective on or before January 1, 1979, both bills amend Sections 1070 and 1070.5 of the Penal Code, and this bill is chaptered after Senate Bill No. 1063, that Sections 1070 and 1070.5 of the Penal Code, as amended by Sections 1 and 2 of this act, shall remain operative until the effective date of Senate Bill No. 1063, and on that date, Sections 1070 and 1070.5 as amended by Senate Bill No. 1063 shall prevail over the amendments to those sections made by this bill. Therefore, if this bill and Senate Bill No. 1063 are both chaptered and become operative on or before January 1, 1979, and this bill is chaptered after Senate Bill No. 1063, Sections 1070 and 1070.5 of the Penal Code as amended by this bill shall become operative on the effective date of this act, but on the effective date of Senate Bill No. 1063, the amendments to Sections 1070 and 1070.5 made by Senate Bill No. 1063 shall prevail over the amendments to those sections made by this bill.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Due to technical error, Chapter 1260 of the Statutes of 1977 was not chaptered in time to take effect on January 1, 1978, as intended. Accordingly, in order for the provisions of that chapter to take effect as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 104

An act to add and repeal Section 24050 of the Business and Professions Code, relating to alcoholic beverages, and declaring the urgency thereof, to take effect immediately.

1154 010400

[Approved by Governor April 19, 1978 Filed with Secretary of State April 20, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 24050 is added to the Business and Professions Code, to read:

24050. Notwithstanding any other provision of law, if the department finds that the seasonal business of an on-sale general licensee for seasonal business has been impaired because of conditions resulting from natural disaster, it may issue an extension to such a general license for seasonal business in such an area.

This section shall be operative until December 31, 1978, and on such date is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The flooding and extraordinary snowfall caused by recent disastrous storms have rendered inaccessible for long periods of time many recreational areas and sports facilities throughout this state. Persons holding on-sale general alcoholic beverage licenses for seasonal business are located in these areas, and rely for most of their business upon those persons who, but for the closing of the areas by storms, would visit the areas for sports and recreational purposes during a part of the year. In many of these areas the on-sale general seasonal licenses issued by the Department of Alcoholic Beverage Control will expire on the last day of March, 1978. Present regulations of the department prohibit the issuance of a seasonal license for more than three consecutive calendar quarters during any 12-month period. The formerly closed areas are once more accessible to visitors, and further great loss of business will result to the holders of these licenses unless the licenses may be extended by the department. It is therefore necessary that this act go into immediate effect.

CHAPTER 105

An act to amend Section 39461 of, and to repeal Section 39493 of, the Food and Agricultural Code, relating to margarine.

[Became law without Governor's signature April 20, 1978 Filed with Secretary of State April 20, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 39461 of the Food and Agricultural Code is amended to read

39461. The following persons shall not place before any patron or

employee, for use as food, any oleomargarine or margarine or any substitute for butter, unless there is displayed in a prominent place in each room where the meals are served, a sign which bears the words: "oleomargarine served here", "margarine served here", or "substitute for butter served here", as the case may be, in blackfaced letters of not less than four inches in height upon a white background, or unless such words are printed on a menu which is furnished to such patrons or employees, in legible type, no smaller than that which is used to describe other food items on the menu, and upon the same portion of the menu where other food items are described, or unless such patron or employee specifically requests that oleomargarine or margarine or any substitute for butter be served to him or her:

(a) The keeper or proprietor, person in charge, or employee of any bakery, hotel, boardinghouse, restaurant, lunch counter, or any other place where food or drink is served to the public.

(b) A person who furnishes board for others than members of his or her own family, or any employee where such board is furnished as compensation or as a part of the compensation of any employee.

SEC. 2. Section 39493 of the Food and Agricultural Code is repealed.

SEC. 3. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act.

CHAPTER 106

An act to add Section 24045.6 to the Business and Professions Code, relating to alcoholic beverages, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 21, 1978. Filed with Secretary of State April 21, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 24045.6 is added to the Business and Professions Code, to read:

24045.6. (a) The department may issue a special temporary on-sale wine license to any nonprofit corporation which is exempt from payment of income taxes under the provisions of Section 23701d of the Revenue and Taxation Code and Section 501(c)(3) of the Internal Revenue Code of 1954 of the United States. An applicant for such a license shall accompany the application with a fee of one hundred dollars ($100).

(b) Such a license shall only entitle the licensee to sell wine

bought by, or donated to, such licensee. No such wine shall be sold at less than the minimum retail price therefor, established pursuant to provisions of this division. Notwithstanding any other provision of this division, licensees may donate or sell wine to a nonprofit corporation which obtains a special temporary on-sale license under this section, provided such donations are not made in connection with a sale of an alcoholic beverage.

(c) Such a license shall be for a period not exceeding one day. Only one such license shall be issued to any corporation in any 12-month period.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to permit at the earliest possible time designated nonprofit corporations to conduct annual fundraising events it is necessary that this act take immediate effect.

The superintendent and the Director of Rehabilitation or his designated representative shall receive their necessary expenses for each day actually spent in the performance of their duties.

SEC. 3. Section 7208 of the Business and Professions Code is amended to read:

7208. Pursuant to the provisions of the Administrative Procedure Act the board may make such rules and regulations as are reasonably necessary to:

A person desiring to establish a licensed guide dog school in this state, whose plan of operation has been approved by the State Board of Guide Dogs for the Blind and who has furnished to the board satisfactory evidence of financial responsibility, may secure from such board a license to solicit funds for the establishment of a guide dog training school for a period of one year, provided that:

(a) All funds raised during such one-year period shall be held in a trust and under the control of the trust department of a bank or trust company in this state.

(b) A record of the names and addresses of donors to the fund shall be kept by the fund raiser and furnished to the board on demand with respect to all contributions in excess of ten dollars ($10) in funds or property from any one donor.

(d) Procuring a certificate or permit by fraud, or misrepresentation, or because of mistake.

(e) Use of a designation implying certification as a radiologic technologist by one not so certified.

(f) Nonpayment of fees prescribed in accordance with Section 25694.

(g) Violation of the provisions of Section 25671 or 25673 or any other provision of this chapter or regulation of the department.

(h) Conviction, either within or outside of this state, of a felony or misdemeanor involving moral turpitude, which was committed during the performance of radiologic technology duties. A plea or verdict of guilty or a conviction following a plea of nolo contendere made to a charge of a felony or misdemeanor involving moral turpitude, which was committed during the performance of radiologic technology duties, is deemed to be a conviction within the meaning of this section. However, upon recommendation of either the court which imposed or suspended sentence of the parole or probation authority having a person under surveillance or having discharged him from surveillance that such person has responded to correctional and rehabilitative processes to a degree which might warrant waiver of the provisions of this section, the department may, at its discretion, take no action pursuant to this subdivision.

SEC. 7. Section 25692 of the Health and Safety Code is amended to read:

25692. Any person who violates or aids or abets the violation of any of the provisions of this chapter or regulation of the department adopted pursuant to this chapter is guilty of a misdemeanor.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect The facts constituting such necessity are:

In order that the program of on-the-job training of radiologic technology students may be continued, it is necessary that this act go into effect immediately.

The duties of the legal counsel may include rendering legal advice to the superintendent of schools, the county board of education, and to other officers and employees of the school district or districts and such other administrative duties as may be assigned by the superintendent of schools, the county board of education, and the governing board of the district or governing boards of the districts, and serving as the legal counsel of the superintendent of schools, the county board of education, and the district or districts in the preparation and conduct of school district litigation and administrative proceedings, and rendering advice in relation to school bond and tax increase measures and prepare all legal papers and forms necessary for the voting of school bonds and tax increase measures in the district or districts. The legal counsel shall have been admitted to practice law in the state, and shall not be required to have any certification qualifications. SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution. The facts constituting such necessity are:

County boards of education and county committees on school district reorganization in those counties in which such committees are fiscally independent from county board of supervisors, are sometimes in need of independent legal counsel. In order to clarify the law in this repsect regarding county boards of education, and in

order to permit county committees on school district reorganization to have the services of such counsel at the earliest possible time, it is necessary that this act take effect immediately.

SEC. 7. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

CHAPTER 113

An act relating to postsecondary education, and making an appropriation therefor.

[Approved by Governor April 26, 1978. Filed with Secretary of State April 26, 1978.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that:

(a) Few disadvantaged community college students transfer to four-year colleges. A disproportionately low number of low-income high school graduates are eligible to enter the University of California and the State University and Colleges.

(b) Lack of information about postsecondary opportunities and low achievement levels are primary barriers to college for low-income students.

(c) While educational opportunity programs provide financial aid and support services for low-income students who enter college, additional experimental efforts must be mounted to provide information about postsecondary education for, and to increase achievement levels of, low-income high school and community college students.

(d) Additional financial aid is needed for low-income college students. Stipends for college students of similar low-income backgrounds to provide informational and tutorial help for low-income high school students is a cost-effective method of increasing access and of providing student financial aid.

(e) Additional efforts to increase college access for low-income students should take the form of interinstitutional programs organized regionally to reduce duplication of institutional efforts and student confusion.

SEC. 2. The Student Aid Commission shall apportion funds for the support of planning grants and pilot projects designed to increase the accessibility of postsecondary educational opportunities to low-income high school students and assist low-income community college students, upon completion of their community college programs, to transfer to four-year institutions. Such projects shall primarily (1) increase available information for low-income students on the existence of postsecondary schooling and work opportunities, and (2) raise the achievement levels of low-income students so as to increase the number of low-income high school graduates and community college students eligible to pursue postsecondary learning opportunities. Projects supported by the commission shall also meet the following criteria:

(a) Each project shall be proposed and operated interinstitutionally, involving at least one community college and two of the following educational agencies: school districts, regional occupational centers and programs, nonprofit educational, counseling, or community agencies, eligible proprietary schools, the University of California, independent colleges and universities, or the State University and Colleges. The commission, in awarding project grants, shall give priority to proposals developed by more than two eligible agencies. At least one pilot project shall be located in a rural area. At least one pilot project shall include a private college.

(b) Prior to receiving a pilot project grant, each consortium shall conduct a planning process and submit a comprehensive project proposal to include, but not limited to, the following information: (1) the agencies participating in the pilot project, (2) the students to be served by the project, (3) the ways in which the project will reduce duplication and related costs, (4) the methods for assessing the project's impact, and (5) the alternative means for long-term

support of the project.

(c) At least 30 percent of each project grant shall be allocated for stipends to peer advisers and tutors who (1) work with low-income high school and community college students, (2) are currently enrolled in a college or other postsecondary school as an undergraduate or graduate student, and (3) have demonstrated financial need for the stipend.

(d) The activities of each project should enhance the activities of existing educational opportunity programs.

The Student Aid Commission may develop additional regulations regarding the award of project grants.

As used in this act "eligible proprietary schools" shall include proprietary schools accredited by a national, state, or regional accrediting association recognized by the United States Office of Education.

(e) The commission shall establish a 15-member project grant advisory committee to advise project directors and the commission on the development and operation of the pilot projects, and consisting of: three educational opportunity program directors, representing the University of California, the California State University and Colleges, and the Board of Governors of the California Community Colleges, appointed by their respective governing boards; one representative of private colleges and universities, appointed by the Association of Independent Colleges and Universities; one representative of the California Postsecondary Education Commission, appointed by the Postsecondary Education Commission; one representative of proprietary schools, appointed by the Council for Private Postsecondary Educational Institutions; and two persons representing the general public, one each appointed by the Speaker of the Assembly and the Senate Rules Committee. The Student Aid Commission shall appoint the following additional members to the advisory committee: two counselors from secondary schools located in low-income communities; one representative from a regional occupation center; two students participating in the Educational Opportunity Program, one of whom shall also be a disadvantaged community college student; one representative of the Student Aid Commission; and one campus financial aid director.

Pilot projects authorized by this section shall not continue beyond June 30, 1983, without additional action by the Legislature.

SEC. 3. The sum of three hundred seven thousand five hundred dollars ($307,500) is hereby appropriated from the General Fund to the Student Aid Commission and shall be disbursed in the following manner for the purposes of this act:

(a) For at least five pilot projects the sum of two hundred fifty thousand dollars ($250,000). Allocation of this appropriation shall be limited to those agencies meeting requirements of this act and providing equal dollar matching support from existing or budgeted increases in federal, state, local, and private funds. The commission shall coordinate implementation of this act with the state plan for

Title I, Part A and Title IV of the federal Higher Education Act of 1965, as amended, and may subcontract with the California Postsecondary Education Commission for partial project support utilizing these federal moneys.

(b) For administration of the program by the Student Aid Commission, the sum of thirty thousand dollars ($30,000).

(c) For evaluation of the program by the California Postsecondary Education Commission, the sum of twenty-seven thousand five hundred dollars ($27,500).

The California Postsecondary Education Commission shall submit its initial evaluation to the Legislature no later than January 1, 1981, and its final evaluation no later than January 1, 1983.

The people of the State of California do enact as follows:

SECTION 1. Section 39253 is added to the Education Code, to read:

39253. The governing board of a school district may enter into a lease-purchase agreement for a term not to exceed 30 years involving real property with a building or buildings situated thereon to be used for administrative offices, in accordance with the provisions of Section 18 of Article XVI of the Constitution.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to permit school districts to acquire needed facilities at the earliest possible time, and so permit them to carry out their important public functions in the most expeditious manner possible, it is necessary that this act take effect immediately.

making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 1, 1978. Filed with Secretary of State May 1, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 5 of Chapter 476 of the Statutes of 1977 is amended to read:

Sec. 5. (a) On or before December 15, 1977, or during the period commencing May 1, 1978, and ending May 31, 1978, inclusive, any assessee or lessee of land may make application by means of an affidavit to the director for property tax assistance as provided in this act. Such application shall state the location of the land, the type of use of the land, the number of acres of land for each type of use, that the land is not irrigated, that the land is used to provide forage for livestock or growing planted grain or other crops, and that such land shall be restricted to such use and compatible uses for a period of one year from the date of such application.

The application shall also state that (1) the applicant's average gross income from farming in taxable years, in the case of an individual, or income years, in the case of a corporation, beginning in 1972 to 1975, inclusive, is at least 75 percent of the average total gross income from all sources for such years, and (2) that the applicant's average gross income from farming for such period is at least five thousand dollars ($5,000), but not more than five hundred thousand dollars ($500,000).

In the case of an applicant which is a corporation or partnership, the application shall state that the majority interest in such corporation or partnership is held by stockholders or partners who meet both requirements of the preceding paragraph with respect to income from farming.

(b) Applications made pursuant to this section shall be made under penalty of perjury and shall only be accepted by the director from persons with authority to restrict the use of the land to which the application pertains.

(c) For purposes of this act, "compatible use" means:

(1) Any compatible use authorized for any property within the county by the board of supervisors prior to January 1, 1977, under the California Land Conservation Act of 1965 provided for in Chapter 7 (commencing with Section 51200) of Part 1 of Division 1 of Title 5 of the Government Code.

(2) If the board of supervisors has not authorized any compatible uses as described in paragraph (1), "compatible use" shall mean those uses described in Section 51238 of the Government Code, housing suitable for the raising of livestock, and all structures suitable for such occupation.

SEC. 1.4. Notwithstanding any other provision of law, the

assessor, in determining the value of property for the 1978 fiscal year or the 1979 fiscal year, shall not take into account the one-year enforceable restriction on such property required by Chapter 476 of the Statutes of 1977 or by this act.

SEC. 1.5. SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to alleviate the hardships encountered by cattlemen and other raisers of livestock because of the extreme drought conditions and to apply the provisions of Chapter 476 of the Statutes of 1977 as intended by the Legislature, it is necessary that this act take effect immediately.

CHAPTER 116

An act to add Sections 1316.5 and 1316.6 to the Health and Safety Code, relating to health facilities.

[Approved by Governor May 3, 1978. Filed with Secretary of State May 3, 1978.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that treatment of psychological problems of persons residing within the community would in some cases be advanced by temporary hospitalization. The interests of the people of this state demand that all appropriate resources, including inpatient facilities, be available to assist in the diagnosis, prevention, treatment, and amelioration of psychological problems and emotional and mental disorders. However, a branch of healing arts predominantly concerned with such afflictions, psychology, is, under present law, unduly restricted in its access to, and utilization of, health facilities. As a result, many patients under the care of a psychologist, when admitted to a hospital, cannot continue to receive care from the therapist of their choice. Additionally, greater availability of licensed psychologists within health facilities would enable improved coordination with the medical profession and provide opportunities for enhanced treatment of medical patients, particularly with respect to the behavioral aspects of illness and patient management, such as

counseling pre-operative and terminally ill patients, management of chronic pain, and treatment of emotional and behavior disorders of children.

The Legislature further finds and declares that psychology is an independent health profession, as set forth and prescribed by the Psychology Licensing Law. The role of the psychologist as a primary provider of mental health care has been repeatedly recognized at both the state and federal levels of government. In the institutional setting, psychologists play a vital role in the clinical operation and program direction of the state hospitals and county Short-Doyle programs.

It is, therefore, the intent of the Legislature, in enacting this act, to authorize health facilities on local determination to make inpatient care available for psychological patients and to expand staff and professional services that may be offered by health facilities to include licensed psychologists having appropriate training and clinical experience.

SEC. 2. Section 1316.5 is added to the Health and Safety Code, to read:

1316.5. (a) The rules of a health facility may enable the appointment of clinical psychologists on such terms and conditions as the facility shall establish. Psychologists may hold membership and serve on committees of the professional staff and may possess clinical privileges and carry professional responsibilites consistent with the scope of their licensure and their competence, subject to the rules of the health facility.

(b) No classification of health facilities by the state department, nor any other classification of health facilities based on quality of service or otherwise, by any person, body, or governmental agency of this state or any subdivision thereof shall be affected by a health facility's provision for use of its facilities by duly licensed clinical psychologists, nor shall any such classification be affected by the subjection of the psychologists to the rules and regulations of the organized professional staff. No classification of health facilities by any governmental agency of this state or any subdivision thereof pursuant to any law, whether enacted prior or subsequent to the effective date of this section, for the purposes of ascertaining eligibility for compensation, reimbursement, or other benefit for treatment of patients shall be affected by a health facility's provision for use of its facilities by duly licensed clinical psychologists, nor shall any such classification be affected by the subjection of the psychologists to the rules and regulations of the organized professional staff which govern the psychologists' use of the facilities.

(c) "Clinical psychologist," as used in this section, means a psychologist licensed by this state and (1) who possesses an earned doctorate degree in psychology from an educational institution meeting the criteria of subdivision (c) of Section 2914 of the Business and Professions Code and (2) has not less than two years clinical experience in a multidisciplinary facility licensed or operated by this

or another state or by the United States to provide health care, or, is listed in the latest edition of the National Register of Health Service Providers in Psychology, as adopted by the Council for the National Register of Health Service Providers in Psychology.

SEC. 3. Section 1316.6 is added to the Health and Safety Code, to read:

1316.6. Notwithstanding any other provision of this chapter, the exercise of privileges in any health facility may be limited, restricted, or revoked for the violation of such health facility's rules, regulations, or procedures which are applied, in good faith, in a nondiscriminatory manner to all practitioners in such health facility exercising such privileges or entitled to exercise such privileges.

CHAPTER 117

An act to amend Section 18653 of the Business and Professions Code, relating to boxing and wrestling.

[Approved by Governor May 3, 1978. Filed with Secretary of State May 3, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 18653 of the Business and Professions Code is amended to read:

18653. (a) This chapter does not apply to any amateur boxing or wrestling contests conducted by a nonprofit organization to which an admission fee is not charged or to such contests to which an admission fee is charged, subject to approval by the State Athletic Commission, provided the entire net proceeds are used to defray the expenses of the contestants, purchase equipment for the contestants, provide medical insurance for the contestants, or to pay any other expenses reasonably necessary for the conduct of such contests. A nonprofit organization conducting an amateur boxing or wrestling contest to which an admission fee is charged shall file a statement of revenues and expenses from such contest, within a period of 90 days, with the State Athletic Commission.

(b) As used in this section, "nonprofit organization" means any of the following:

(1) An organization exempt from taxation under the Bank and Corporation Tax Law.

(2) Incorporated fraternal organizations.

(3) Any university, college or school.

(4) Any nonprofit organization not otherwise within any of the foregoing categories.

(c) Any nonprofit organization conducting any amateur boxing or wrestling contest to which an admission fee is charged pursuant to subdivision (a) shall pay a three-dollar ($3) yearly registration fee to the commission.

Any person who administers a pupil personnel program shall hold a services credential with a pupil personnel or administrative specialization.

CHAPTER 119

An act to amend Section 466.6 of the Penal Code, relating to motor vehicle keys, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 3, 1978 Filed with Secretary of State May 3, 1978.]

The people of the State of California do enact as follows:

466.6. (a) Any person who makes a key capable of operating the ignition of a motor vehicle for another by any method other than by the duplication of an existing key, whether or not for compensation, shall obtain the name, address, telephone number, if any, date of birth, and driver's license number or identification number of the person requesting or purchasing the key; and the registration or identification number, license number, year, make, model, color, and vehicle identification number of the vehicle for which the key is to be made. (b) The provisions of this section shall include, but are not limited to, the making of a key from key codes or impressions.

(c) Nothing contained in this section shall be construed to prohibit the duplication of any key for a motor vehicle from another such key.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to alleviate the burden of the preparation of records not needed to effect the intent of the law, and to avoid excessive retention of records relating to the making of motor vehicle keys, it is necessary that this act take effect immediately.

CHAPTER 120

An act to add Section 25260.1 to the Vehicle Code, relating to vehicles.

[Approved by Governor May 3, 1978 Filed with Secretary of State May 3, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 25260.1 is added to the Vehicle Code, to read:

25260.1. Vehicles actually engaged in the construction, removal, maintenance, or inspection of any oil or gas pipeline may display flashing amber warning lights to the front, sides, or rear when

CHAPTER 121

An act to amend Section 1411 of the Penal Code, relating to unclaimed property.

[Approved by Governor May 3, 1978. Filed with Secretary of State May 3, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 1411 of the Penal Code is amended to read:

1411. If the ownership of the property stolen or embezzled and the address of the owner, and the address of the owner of a security interest therein, can be reasonably ascertained, the peace officer who took custody of the property shall notify the owner, and a person having a security interest therein, by letter of the location of the property and the method by which the owner may obtain it. Such notice shall be given upon the conviction of a person for an offense involving the theft, embezzlement or possession of such property, or if a conviction was not obtained, upon the making of a decision by the district attorney not to file the case or upon the termination of the proceedings in the case. Except as provided in Section 516 of the Welfare and Institutions Code, if the property stolen or embezzled is not claimed by the owner before the expiration of three months after the giving of such notice, or, in any case in which no such notice was given, before the expiration of six months from the conviction of a person for an offense involving the theft, embezzlement or possession of such property, or if a conviction was not obtained, then from the time the property came into the possession of the peace officer or the case involving the person from whom it was obtained is disposed of, whichever is later, the magistrate or other officer having it in custody may, on the payment of the necessary expenses incurred in its preservation, deliver it to the county treasurer or other proper county officer, by whom it must be sold and the proceeds paid into the county treasury. If such property is transferred to the county purchasing agent it may be sold in the manner provided by Article 7 (commencing with Section 25500) of Chapter 5 of Part 2 of Division 2 of Title 3 of the Government Code for the sale of surplus personal property. If the county officer determines that any such property transferred to him for sale is needed for a public use, such property may be retained by the county and need not be sold. The magistrate or other officer having the property in custody may, however, provide for the sale of such property in the manner provided for the sale of unclaimed property which has been held for at least three months pursuant to Section 2080.4 of the Civil Code.

CHAPTER 122

An act to amend Section 21804 of the Vehicle Code, relating to vehicles.

[Approved by Governor May 3, 1978. Filed with Secretary of State May 3, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 21804 of the Vehicle Code is amended to read:

21804. The driver of a vehicle about to enter or cross a highway from any public or private property, or from an alley, shall yield the right-of-way to all traffic, as defined in Section 620, approaching on the highway.

CHAPTER 123

An act to amend Section 2506 of, and to add Section 2506.1 to, the Education Code, to amend Section 27421 of the Government Code, to amend Section 17052.6, as added by Chapter 1079 of the Statutes of 1977, to amend Sections 253.6, 401.6, 1603.5, 2132, 2261, 2261.1, 2263, 2264, 2265, 2286, 2296, 2297, 2298, 2350, 2351, 2354, 2355, 2611.5, 17206.5, 17384, 18212, 18433, 20503, 20542, 23602, 24427, 24497, 50000, and 50017 of, to amend and renumber Section 17052.6, as added by Chapter 1100 of the Statutes of 1977, to add Sections 253.7, 2281, 2325.2, 2356, 17737.5, 20505, 20542, and 24443 to, and to repeal Sections 2263.4, 2266.1, 2266.2, 2266.5, 20505, 20505.2, and 20542 of, the Revenue and Taxation Code, to amend Sections 12400 and 14150 of the Welfare and Institutions Code, and to amend Sections 43, 46, and 47 of Chapter 24 of the Statutes of 1978, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 3, 1978. Filed with Secretary of State May 3, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 2506 of the Education Code is amended to read:

2506. (a) The county superintendent shall have a maximum tax rate available for the operation, maintenance and housing of the county office, including any costs associated with the operation of the county board of education and the county committee on school district organization, and for any ongoing program, except children's center programs maintained by the county superintendent of schools, not included in any previous section of this article.

(b) For fiscally independent county superintendent offices, the maximum allowable tax rate shall be the rate levied for these purposes in 1971–72 or 1972–73, whichever is higher, minus that portion of the rate levied for capital outlay and juvenile hall purposes. This maximum rate may be exceeded in the amount and under the terms specified in Section 2506.1.

(c) For county superintendent offices which become independent on and after July 1, 1974, the maximum allowable tax rate shall be that rate which was levied or could have been levied in the preceding fiscal year pursuant to subdivision (d) of this section. This maximum rate may be exceeded in the amount and under the terms specified in Section 2506.1.

(d) For fiscally nonindependent county superintendent offices, the maximum allowable tax rate shall be computed by determining the amount of expenditures for the county superintendent of schools' office, exclusive of capital outlay expenditures and expenditures for juvenile hall purposes, in 1971–72 and 1972–73 which were funded from property tax revenues attributable to the county general fund. The amount for each year shall be converted to a tax rate equivalent for that year by dividing each amount by the assessed value of the county in that year and multiplying the quotient by 100; the higher of the two resulting tax rate equivalents shall be the maximum allowable tax rate. This maximum tax rate may be exceeded in the manner and under the terms specified in Section 2506.1.

(e) The maximum allowable tax rate described in this section is not intended to prohibit a county from augmenting the budget of the county superintendent of schools offices from general county funds. If the budget of the county superintendent of schools, as set by the county, does not require the full amount of the maximum allowable rate, the difference between the maximum rate and the actual rate required shall not be levied and shall not be available for any other county purpose.

(f) The maximum allowable tax rates described in this section may be increased by a majority vote of the qualified electors of the county at an election which may be ordered by the county board of education in fiscally independent county superintendent of schools offices or by the county board of supervisors in fiscally nonindependent county superintendent of schools offices. Such a proposition may be voted only in conjunction with a general countywide election.

(g) Notwithstanding any other provision of this section, where a board of supervisors transfers duties and functions to a board of education pursuant to Section 1080 on or after July 1, 1975, the maximum allowable tax rate described in this section shall be computed by determining the amount of expenditures for the county board of education, the county committee on school district organization and the county superintendent of schools' office, exclusive of capital outlay expenditures and expenditures for juvenile hall purposes in the year immediately preceding the date on which such transfer becomes effective, which were funded from property tax revenues attributed to the county general fund and from property tax revenues attributed to the tax rate authorized in subdivision (c) of this section. The amount for such budget year shall be converted to a tax rate equivalent for that year by dividing the total of the property tax revenues by the assessed value of the county

in that year and multiplying the quotient by 100. In any county in which the public schools under the jurisdiction of the county superintendent of schools have a total average daily attendance in excess of 450,000, in kindergarten and grades 1 to 12, inclusive, the computation prescribed by the preceding sentence shall be made utilizing the secured assessed value of the county, after adjustment for redevelopment increments, with the exclusion of the assessed value with respect to impound tax revenues, and after due allowance for delinquencies. A maximum tax rate computed pursuant to this subdivision may be exceeded in the manner and under the terms specified in Section 2506.1.

SEC. 2. Section 2506.1 is added to the Education Code, to read:

2506.1. This section shall provide an alternate procedure to the other provisions of this article for establishing maximum property tax rates.

The maximum property tax rate which may be levied by, or on behalf of, a local agency shall be a rate equivalent to the following:

(1) The maximum property tax rate which could have been levied for such agency pursuant to any provision of this article for the prior fiscal year, plus

(2) A property tax rate on the secured roll which would produce an amount of property tax revenue equal to the following:

(a) The amount of property tax revenue which would be received by such agency in the current fiscal year by levying the rate identified in subparagraph (1) of this paragraph against the agency's total assessed value for the current fiscal year, subtracted from

(b) The amount of property tax revenue which would be received by such agency in the current fiscal year if its property tax revenue from the prior year were to change by a percentage equal to the following: the percentage change in the population of the agency (as determined pursuant to Sections 2227 or 2228 of the Revenue and Taxation Code) plus the percentage change in the cost of living (as determined pursuant to Section 2212 of the Revenue and Taxation Code) which is applicable to the agency.

As used in this section "property tax revenue from the prior year" means the revenue which would have been received by a local agency in the prior fiscal year by levying the maximum property tax rate authorized by this article against the total assessed value for such year.

As used in this section "total assessed value" means all assessed value subject to ad valorem property taxation by a local agency plus assessed value attributable to the homeowners' property tax exemption and to the business inventory property tax exemption.

SEC. 3. Section 27421 of the Government Code, as amended by Chapter 24 of the Statutes of 1978, is amended to read:

27421. The county assessor in each county who is designated to perform the duty of assessing property for a local taxing jurisdiction shall, upon request of the governing body of such jurisdiction, excluding a school district, furnish not later than May 15th of each

year an estimate of:

(a) The assessed value of owner-occupied dwellings, as defined in Section 2261 of the Revenue and Taxation Code, on the secured roll which will be common to both the next succeeding fiscal year's secured roll and the current roll, as defined by such section; and

(b) The assessed value of all property, other than owner-occupied dwellings, on the secured roll which will be common to both the next succeeding fiscal year's secured roll and the current roll, as defined in such Section 2261.

Such request shall be made on or before February 20th of each year. Effective with all such requests made subsequent to January 1, 1978, such request shall remain in effect each year thereafter until such time as the governing body notifies the assessor that it does not wish to receive an estimate for the succeeding fiscal year.

The estimate required herein shall contain estimates of the total of each of the items contained on the assessment roll, including total assessed valuation of all owner-occupied dwellings and total assessed valuation of all properties, other than owner-occupied dwellings.

SEC. 4. Section 253.6 of the Revenue and Taxation Code, as added by Chapter 24 of the Statutes of 1978, is amended to read:

253.6. Any person who is not receiving or is not eligible for the homeowners' exemption who is the owner of an owner-occupied dwelling may claim eligibility for treatment of the property as an owner-occupied dwelling for purposes of Chapter 3 (commencing with Section 2201) of Part 4 of this division, by filing with the assessor an affidavit of eligibility in such form and giving such information as the board shall prescribe. Such information shall include, but not be limited to, the name of the person making the claim, the social security numbers of the claimant and the spouse of the claimant, the address of the property, and a statement to the effect that the claimant owned and occupied the property as his or her principal residence on the lien date.

The affidavit shall be filed with the assessor any time convenient to the taxpayer during normal working hours of the assessor, but no later than 5 p.m. on April 15 preceding the fiscal year for which the claim is first effective.

A claim for eligibility, once granted, shall remain in effect until such time as title to the property changes, the owner does not occupy the home as his or her principal place of residence on the lien date, or the property is otherwise ineligible.

SEC. 5. Section 253.7 is added to the Revenue and Taxation Code, to read:

253.7. For the 1979–80 fiscal year and thereafter, county assessors shall each year mail a notice to all persons who claimed and received treatment as an owner of an owner-occupied dwelling pursuant to Section 253.6 in the immediately preceding year, except where such person has transferred title in the property since the immediately preceding lien date. The notice shall inform the taxpayer of the circumstances under which he or she becomes ineligible for the

treatment and of his or her duty to inform the assessor when he or she is no longer eligible for the treatment. Failure to receive the notice shall not excuse the taxpayer of the duty to inform the assessor of his or her ineligibility for the treatment.

SEC. 6. Section 401.6 of the Revenue and Taxation Code, as added by Chapter 24 of the Statutes of 1978, is amended to read:

401.6. For each parcel of land for which the homeowners' property tax exemption is claimed pursuant to Section 218 or for which an affidavit of eligibility under Section 253.6 has been filed, the assessor shall assess the land and improvements on the entire parcel of property and shall, if necessary, make a determination of the value attributable to the residential dwelling as defined in Section 20508 of this code, and a separate determination of the value of the remainder of the property. The sum of the separate values shall equal the total value of the parcel before separation.

Any separations of property values pursuant to this section are for tax purposes only, and are not intended to create a legal building site or to supersede requirements pursuant to any ordinances regulating land use or subdivision of land, including but not limited to zoning, building, lot split or subdivision ordinances.

The board shall prescribe rules and regulations to govern assessors when making separate valuations of such residential dwellings.

The assessor shall enter the separate valuation or valuations, along with the separate description or descriptions of the separately valued property, on the roll. If the assessor has delivered the roll to the auditor, then the assessor shall transmit the separate valuation or valuations of the residential dwelling and of the remainder of the property to the auditor, who shall enter the description or descriptions and the valuation or valuations of the parcel on the roll, and shall compute the amount of tax due thereon.

SEC. 7. Section 1603.5 of the Revenue and Taxation Code, as added by Chapter 24 of the Statutes of 1978, is amended to read:

1603.5. When an applicant requests a reduction in the separate valuations made pursuant to Section 401.6, whether the reduction is requested on grounds of valuation of the entire parcel, on grounds of misclassification of property attributable to the residential dwelling, or for any other cause, the county board shall make a determination of the full cash value of the whole property and shall order a change in the separate valuations only if the assessed value of the whole requires equalization, or shall adjust the separate valuations so that each is equalized and the value of the whole property is accounted for.

The board shall be bound by the same principles of separate valuation that are applicable to the assessor.

SEC. 8. Section 2132 of the Revenue and Taxation Code is amended to read:

2132. (a) If a resolution has been adopted pursuant to Section 2131, the board of directors shall:

(1) Determine the total amounts of revenue required by the

district which will be derived from an ad valorem tax or ad valorem assessment on owner-occupied dwellings and other property, as defined in Section 2261 on the secured roll.

(2) Divide the amounts determined pursuant to paragraph (1) among the counties in which the district is situated in the proportions that the estimated full values of taxable property on the secured roll within the district in the respective counties bear to the estimated total full value of such property within the district.

(b) The estimated full values shall be determined by (1) dividing the assessed value of owner-occupied dwellings and other property, as defined in Section 2261 within the district on the secured roll in each county by the ratio published by the board for such county under Section 1819; and (2) adding the figures thus derived for the several counties.

SEC. 9. Section 2261 of the Revenue and Taxation Code, as added by Chapter 24 of the Statutes of 1978, is amended to read:

2261. (a) The maximum property tax rate which may be levied by, or on behalf of, a local agency on owner-occupied dwellings shall be a property tax rate which, if applied to common dwellings on the current fiscal year's secured roll, would produce an amount of property tax revenue equal to the amount which would have been received in the prior fiscal year had the prior year's secured tax rate for owner-occupied dwellings been applied to the prior year's assessed value of common dwellings, and the result adjusted by the percentage change in price deflator.

After a maximum tax rate has been computed by the county auditor pursuant to subdivision (h), a local agency may levy a property tax rate on owner-occupied dwellings lower than the maximum rate computed pursuant to this subdivision, but no lower than a rate which would produce the same amount of property tax revenue from common dwellings as was derived from such dwellings in the prior year. If a local agency wishes to levy a tax rate on owner-occupied dwellings lower than that provided for in this subdivision, it must do so pursuant to subdivision (d).

(b) The maximum property tax rate which may be levied by, or on behalf of, a local agency on other property shall be a property tax rate which, if applied to all properties on the current fiscal year's secured roll (including owner-occupied dwellings) which are common properties, would produce an amount of property tax revenue, when added to the property tax revenue produced by the unsecured roll, equal to the sum of (1) the amount which would have been received in the prior fiscal year had the prior year's secured tax rate for other property been applied to the prior year's assessed valuation of all common properties, and the result adjusted by the percentage change in price deflator, plus (2) the property tax revenue received in the prior year from the unsecured roll adjusted by the percentage change in price deflator.

(c) (1) Whenever the maximum tax rate computed under subdivision (a) exceeds the maximum tax rate computed under

subdivision (b), the maximum tax rate computed under subdivision (a) shall be reduced to equal the maximum tax rate computed under subdivision (b).

(2) Whenever the maximum property tax rate computed under subdivision (b) is greater than the prior year's secured tax rate for other property, and the maximum property tax rate computed under subdivision (a) or (c) (1) is lower than the prior year's secured tax rate for owner-occupied dwellings, then the maximum tax rate computed under subdivision (b) shall be reduced to a rate no higher than the prior year's secured tax rate for other property.

(d) After a maximum tax rate has been computed by the county auditor pursuant to subdivision (h), a local agency may levy property tax rates lower than the rates provided in subdivisions (a) or (c), and (b) or (c), of this section, in which case the two tax rates shall be below their respective rates established pursuant to subdivisions (a) or (c), and (b) or (c), by the same percentage.

(e) If the total amount of property tax revenue which would be produced for a local agency from levying the maximum property tax rates pursuant to subdivisions (a) and (b) on common dwellings, and other common properties, when added to the property tax revenue from the unsecured roll, is less than the prior year's property tax revenue from such properties plus the prior year's property tax revenue from the unsecured roll, the sum adjusted by the percentage change in price deflator, the maximum tax rate computed pursuant to subdivision (b) may be increased to produce, when added to the property tax revenue from the current fiscal year's unsecured roll, no more than the amount of property tax revenue received in the prior year from common properties other than common dwellings, when added to the property tax revenue from the prior fiscal year's unsecured roll, the sum adjusted by the percentage change in price deflator. If the maximum property tax rate computed pursuant to this subdivision exceeds the prior year's secured tax rate on other property, then such rate shall be reduced to the prior year's secured tax rate on other property.

(f) If the maximum property tax rates computed pursuant to subdivision (a) or (c), and (b), (c) or (e), would produce a total amount of property tax revenue for a local agency from common dwellings, and other common properties, when added to the amount of property tax revenue from the current fiscal year's unsecured roll, which is less than the prior year's revenue from such properties, including property tax revenue from the unsecured roll, adjusted by a percentage equal to the percentage change in cost-of-living (as determined pursuant to Section 2212), the maximum tax rate determined pursuant to subdivisions (a) or (c) may be increased so that the total amount of property tax revenue which would be produced from common dwellings, and other common property, when added to the amount of property tax revenue from the current fiscal year's unsecured roll, is equal to the revenue received in the prior year from such properties, including property tax revenue

from the unsecured roll, adjusted by a percentage equal to the percentage change in cost-of-living.

If the computations pursuant to this subdivision produce a higher property tax rate on owner-occupied dwellings than the prior year's secured tax rate on owner-occupied dwellings, then the tax rate on owner-occupied dwellings shall be reduced to a rate equal to the prior year's secured tax rate on owner-occupied dwellings. Then the local agency may increase both tax rates by an equal number of cents per one hundred dollars ($100) of assessed valuation in order to derive the amount of revenue computed pursuant to this subdivision.

Before using this subdivision, a local agency shall first compute its maximum tax rate on other property pursuant to subdivision (e), if applicable.

(g) If there is a dissolution of a local agency and the services provided by such agency are assumed by another local agency, the local agency assuming the new responsibilities shall include in its prior year's revenue for the purposes of computing maximum tax rates pursuant to this section the revenue of the dissolved agency which was attributable to the performance of such assumed service by the dissolved agency in that year.

(h) The county auditor shall be responsible for computing maximum tax rates pursuant to this article and shall transmit such rates to the governing board of each local agency within 30 days of the completion and delivery of the local roll.

For districts located in more than one county, the computation shall be performed by the auditor of the county in which the district's treasury is located.

(i) In computing tax rates pursuant to this section, a city which used the city assessment roll in 1977–78, may use either the city or county assessment roll applicable to that city in such year.

(j) As used in this section:

(1) "Property tax revenue" means the amount of money which would be due and payable as a result of imposing the tax rates determined pursuant to the provisions of this article. "Property tax revenue" includes revenue received from state reimbursements for the homeowners' exemption and the tax rate reductions provided by Article 10 of this chapter, and excludes all revenues attributable to taxation of business inventories, including state reimbursements.

"Property tax revenue from the unsecured roll" excludes property tax revenue from owner-occupied dwellings on the unsecured roll.

(2) "Owner-occupied dwelling" means a property, or that portion thereof for which a separate assessment is made pursuant to Section 401.6, which has qualified for a homeowners' exemption or for which an affidavit of eligibility, filed pursuant to Section 253.6, has been approved, and for which a timely filing for such exemption, or the affidavit described in Section 253.6, has been made. For the provisions of this chapter, for a "cooperative housing corporation" as defined in Section 17265, the ratio of owner-occupied units in the cooperative to the total number of units shall be determined. Such

ratio shall be applied to the total assessed value of the cooperative, to determine the assessed value of the owner-occupied dwellings.

(3) "Common to both the current and prior years' secured rolls":

(A) Means, for owner-occupied dwellings, property receiving the homeowners' exemption on both rolls;

(B) Means, for other property, those properties for which the improvement valuation has changed by less than 50 percent of the prior year's total real property valuation. Personal property on the secured roll shall be considered common to both the current and prior year's secured rolls if the real property to which it is secured is common to the current and prior year's secured rolls; however, personal property of institutions which are subject to the tax imposed by Section 23181 or 23183, and business inventories, shall not be considered common to both the current and prior year's secured rolls;

(C) Excludes state-assessed property;

(D) Except where otherwise excluded from the definition of "common to both the current and prior years' secured rolls," includes property which was contained within the boundaries of the local agency for purposes of the current year's roll, but was not contained within the boundaries of the local agency for purposes of the prior year's roll, due to a change in the local agency's boundaries from the prior to the current year;

(E) Excludes the entire assessed valuation of a redevelopment agency pursuant to Article 6 (commencing with Section 33670) of Chapter 6 of Part 1 of Division 24 of the Health and Safety Code;

(F) Excludes those properties requiring two separate valuations pursuant to Section 401.6.

(4) (A) "Common dwellings" means owner-occupied dwellings common to both the current and prior years' secured rolls.

(B) "Common properties" means properties common to both the current and prior years' secured rolls.

(5) "Other property" means properties other than owner-occupied dwellings.

(6) "Prior year's secured tax rate" means:

(A) For 1978–79, the secured property tax rate actually levied by or for the local agency pursuant to this article for 1977–78;

(B) For fiscal years after 1978–79, the maximum authorized secured tax rate computed pursuant to this article by or for the local agency for the prior year.

(7) "Percentage change in the price deflator" means:

(A) For computation of maximum property tax rates for fiscal years 1978–79 and 1979–80, a percentage equal to the percentage change from the first calendar quarter of the prior year to the first calendar quarter of the current year in the Gross National Product deflator for goods and services purchased by state and local government, as published by the United States Department of Commerce;

(B) For computation of maximum property tax rates for fiscal

years after 1979–80, a percentage equal to the percentage change from the first calendar quarter of the prior year to the first calendar quarter of the current year in the California Local Agency Price Deflator, a statewide index which the California Department of Industrial Relations shall prepare for local agencies in California in a manner similar to that used by the United States Department of Commerce in preparing the Gross National Product deflator for goods and services purchased by state and local government, and shall make available to local agencies in May of each year. There shall be established in the Department of Industrial Relations a California Local Agency Price Deflator Advisory Commission, composed of a representative from the Assembly, or designee, as appointed by the Speaker, a representative of the Senate, or designee, as appointed by the Senate Rules Committee, the Legislative Analyst or his designee, the Director of Finance or his designee, a representative of the League of California Cities, a representative of the County Supervisors Association of California, and a representative of the California Special Districts Association. The Advisory Commission shall advise and assist the department in preparing the price deflator and shall report to the Legislature its independent evaluation of the department's progress no later than June 30, 1979, and of the department's final proposal.

(8) Any reference to revenue derived in the prior year, or application of the prior year's secured tax rate, as it pertains to a property defined as common pursuant to paragraph (3) (D) of this subdivision refers to last year's secured tax rate for the local agency within the boundaries of which the property lies for purposes of the current year's roll or to the revenue that would have been generated had such rate been applied to the prior year's assessed value.

(9) For any computation within this section, whenever the assessed valuation of common properties, common dwellings or other common properties, for either the current or prior fiscal year, is less than 30 percent of the total taxable assessed valuation of that type of property on the secured roll for that fiscal year, then the computation shall be based on the total taxable assessed valuation of that type of property on the current year's secured roll and the total taxable assessed valuation of that type of property on the prior year's secured roll, rather than the assessed valuation of that type of property common to both the current and prior years' secured rolls.

"Taxable assessed valuation" means the assessed valuation net of all exemptions except the homeowners' exemption. "Taxable assessed valuation" does not include business inventories.

(k) For computation of maximum property tax rates for the 1978–79 fiscal year only, if the amount of property tax revenue received in 1977–78, when added to the amount of revenue received in 1977–78 pursuant to Section 38905 (Timber Yield Tax), is less than the amount of property tax received in 1976–77 by such agency, then the maximum property tax rates computed pursuant to the first paragraph of subdivision (a) of this section, and subdivision (b) of

this section, shall be increased by the percentage that the 1976–77 revenue referred to in this subdivision exceeds the 1977–78 revenue referred to in this subdivision.

If the computations pursuant to this subdivision produce a higher tax rate for 1978–79 on other property than levied on other property in 1977–78, and a lower tax rate on owner-occupied dwellings for 1978–79 than levied on such property in 1977–78, then the rate for other property shall be reduced to a rate no higher than that levied in 1977–78.

SEC. 10. Section 2261.1 of the Revenue and Taxation Code is amended to read:

2261.1. (a) Any county which was providing structual fire protection services in unincorporated areas of the county during the 1971–1972 or the 1972–1973 fiscal years and which did not levy a property tax for such services as provided in Section 25643 of the Government Code, may establish a maximum property tax rate for such areas as provided in this section. The maximum property tax rate for such areas shall be determined in the manner provided in subdivisions (b) and (c).

(b) For the first fiscal year in which such maximum rate is to be determined, such rate shall be the rate determined by dividing the receivable property tax revenue of the district by the total assessed value within the district. For subsequent fiscal years maximum rates shall be determined as otherwise provided in this article.

(c) As used in this section:

(1) "Receivable property tax revenue" means the amount of revenue from ad valorem property taxation which a district would have received in any fiscal year if the district's ad valorem property taxes for such year had been collected for all taxable property within the district, without regard to delinquencies, penalties or other modifications or adjustments.

(d) Whenever a maximum property tax rate has been established for an unincorporated area as provided in subdivision (a), such unincorporated area shall be a "special district", as provided in Section 2216, for all purposes of this chapter.

SEC. 11. Section 2263 of the Revenue and Taxation Code, as added by Chapter 24 of the Statutes of 1978, is amended to read:

2263. For cities and special districts formed after January 1, 1977, the maximum property tax rate for the first fiscal year in which a property tax is levied or could be levied, shall be the rate approved by the voters when the city or district was formed; provided, however, that the maximum property tax rate for a maintenance district formed pursuant to the Improvement Act of 1911 (Division 7 (commencing with Section 5000) of the Streets and Highways Code) or the Municipal Improvement Act of 1913 (Division 12 (commencing with Section 10000) of the Streets and Highways Code) may be established prior to or concurrently with the formation of such district by any petition or by supplemental written consent executed by property holders owning at least 60 percent of

the land to be benefited. The procedures for such petition or supplemental written consent shall follow the procedures in the Special Assessment Investigation, Limitation and Majority Protest Act of 1931 (Division 4 (commencing with Section 2800) of the Streets and Highways Code).

SEC. 12. Section 2263.4 of the Revenue and Taxation Code is repealed.

(4) This section shall apply to deductions otherwise allowable under Section 24343.

For the fiscal year 1973–74, each county's share shall be 45 percent of the amount specified in the above table for the particular county. Beginning with the fiscal year 1975–76, the amount payable by each county in each subsequent year shall be determined by multiplying the 1974–75 base-year amount by the ratio of the county's modified assessed value in the subsequent year to the county's modified assessed value in the base year.

(b) Beginning with the fiscal year 1978–79, the amount payable by each county shall be determined by adjusting the amount payable in the prior fiscal year, as computed pursuant to this section, by the lesser of:

(1) The percentage change from the prior fiscal year to the current fiscal year in the amount of property tax derived from tax rates levied pursuant to Article 4 of Chapter 3 of Part 4 of Division 1 of the Revenue and Taxation Code, including reimbursements for the homeowners' exemption, the business inventory exemption, and the tax rate reductions for homeowners provided by Article 10 of that chapter; or

(2) The percentage change in modified assessed value from the prior fiscal year.

(c) The term "modified assessed value" for the current year means the total of (1) the taxable assessed value of state-assessed property and the exempt assessed value of partially or totally exempt state-assessed property on which tax losses are reimbursed by the state and (2) the product of the sum of (i) the taxable assessed value of county-assessed property, (ii) the exempt assessed value of partially or totally exempt county-assessed property on which tax losses are reimbursed by the state, and (iii) the sum of assessed valuation equivalents of revenue amounts certified pursuant to Section 27423 of the Government Code and Section 38905 of the Revenue and Taxation Code times the average of the factor certified for the current year under Section 41200 of the Education Code for the local roll of the county with the factors so certified for the two immediately preceding years.

The term "modified assessed value" for the base year means the total of (1) the taxable assessed value of partially or totally exempt state-assessed property on which tax losses are reimbursed by the state and (2) the product of the sum of (i) the taxable assessed value of county-assessed property, (ii) the exempt assessed value of partially or totally exempt county-assessed property on which tax losses are reimbursed by the state, and (iii) the sum of assessed valuation equivalents of revenue amounts certified pursuant to Section 27423 of the Government Code and Section 38905 of the Revenue and Taxation Code times the factor certified for the base year under Section 41200 of the Education Code for the local roll of the county. The factor referred to herein is as corrected pursuant to subdivision (b) of Section 1819 of the Revenue and Taxation Code. The assessed valuation equivalents of Section 27423 of the Government Code and Section 38905 of the Revenue and Taxation Code shall be derived by multiplying such amounts by a factor of 100 and dividing the product by the county's secured tax rate for the prior year.

For purposes of this subdivision commencing with the 1976–77 fiscal year, the term "taxable" assessed value of county-assessed property shall not include any assessed valuation upon which tax receipts are allocated to a redevelopment agency pursuant to Article 6 (commencing with Section 33670) of Chapter 6 of Division 24 of the Health and Safety Code.

The State Controller shall determine the amount payable by each particular county in subsequent fiscal years under this section.

(d) The counties' share toward the cost of care and administration provided under this chapter shall be paid to the state monthly.

SEC. 52. Section 14150 of the Welfare and Institutions Code, as amended by Chapter 24 of the Statutes of 1978, is amended to read:

The amount payable by each county in each subsequent year beginning with the 1972–73 fiscal year shall be determined by multiplying the base-year amount by the ratio of the county's modified assessed value in the subsequent year to the county's

modified assessed value in the base year.

Beginning with the 1978–79 fiscal year, the amount payable by each county shall be determined by adjusting the amount payable in the prior fiscal year, as computed pursuant to this section, by the lesser of:

(1) The percentage change from the prior fiscal year to the current fiscal year in the amount of property tax derived from tax rates levied pursuant to Article 4 of Chapter 3 of Part 4 of Division 1 of the Revenue and Taxation Code, including reimbursements for the homeowners' exemption, the business inventory exemption and the tax rate reductions for homeowners provided by Article 10 of that chapter; or

(2) The percentage change in modified assessed value from the prior fiscal year.

(b) The term "modified assessed value" for the current year means the total of (a) the taxable assessed value of state-assessed property and the exempt assessed value of partially or totally exempt state-assessed property on which tax losses are reimbursed by the state and (b) the product of the sum of (1) the taxable assessed value of county-assessed property, (2) the exempt assessed value of partially or totally exempt county-assessed property on which tax losses are reimbursed by the state, and (3) the sum of the assessed valuation equivalents of revenue amounts certified pursuant to Section 27423 of the Government Code and Section 38905 of the Revenue and Taxation Code times the average of the factor certified for the current year under Section 41200 of the Education Code for the local roll of the county with the factors so certified for the two immediately preceding years.

The term "modified assessed value" for the base year means the total of (1) the taxable assessed value of partially or totally exempt state-assessed property on which tax losses are reimbursed by the state and (2) the product of the sum of (i) the taxable assessed value of county-assessed property, (ii) the exempt assessed value of partially or totally exempt county-assessed property on which tax losses are reimbursed by the state, and (iii) the sum of assessed valuation equivalents of revenue amounts certified pursuant to Section 27423 of the Government Code and Section 38905 of the Revenue and Taxation Code times the factor certified for the base year under Section 41200 of the Education Code for the local roll of the county. The factor referred to herein is as corrected pursuant to subdivision (b) of Section 1819 of the Revenue and Taxation Code. The assessed valuation equivalents of Section 27423 of the Government Code and Section 38905 of the Revenue and Taxation Code shall be derived by multiplying such amounts by a factor of 100 and dividing the product by the county's secured tax rate for the prior year.

For purposes of this subdivision commencing with the 1976–77 fiscal year, the term "taxable" assessed value of county-assessed property shall not include any assessed valuation upon which tax

receipts are allocated to a redevelopment agency pursuant to Article 6 (commencing with Section 33670) of Chapter 6 of Division 24 of the Health and Safety Code.

The State Controller shall determine the amount payable by each particular county in subsequent fiscal years under this section.

(c) The counties' share toward the cost of care and administration provided under this chapter shall be paid to the state monthly.

(d) Notwithstanding the provisions of Sections 5707, 5709.5, 5710, and 5714, payment for the costs of health care services provided under Part 2 (commencing with Section 5600), Division 5, of this code, the Short-Doyle Act, shall be made in accordance with the provisions of this section.

(e) Notwithstanding the provisions of Section 7511, payment for the share of costs of health care services provided under Chapter 4 (commencing with Section 7500), Division 7, of this code, shall be made in accordance with the provisions of this section.

SEC. 53. Section 43 of Chapter 24 of the Statutes of 1978 is amended to read:

Sec. 43. (a) Assessors, and other local officials responsible for preparing an assessment roll, shall begin immediately to determine properties common to both current and prior rolls, as required by Section 10 of this act, and to separate and identify the value attributable to the residential dwelling, when necessary, as required by Section 4 of this act, and to identify those properties which will be subject to tax as owner-occupied dwellings if Proposition 8 on the ballot for the statewide election on June 6, 1978 is approved by the voters.

(b) County auditors, and other local officials, where applicable, may submit claims to the Controller for reimbursement of costs mandated by this act, which have been incurred prior to July 1, 1978. Such claims shall be filed on or before August 15, 1978, in a manner prescribed by the Controller and shall be paid from any appropriation made for such purpose by the Legislature.

(c) Local agencies shall be reimbursed for any costs mandated by this act in 1978–79 and subsequent fiscal years in accordance with Section 2231 of the Revenue and Taxation Code from appropriations in the annual State Budget acts.

SEC. 54. Section 46 of Chapter 24 of the Statutes of 1978 is amended to read:

Sec. 46. The provisions of this act shall have the following operative dates:

(a) Sections 1, 2, 7 to 27, inclusive, 30 and 31 shall become operative beginning with the 1978–79 fiscal year;

(b) Section 32 shall become operative with respect to taxable years beginning on and after January 1, 1978;

(c) Sections 39.2, 39.4 and 40 shall become operative beginning with claims for 1977–78 property taxes;

(d) Sections 41 and 42 shall apply to county payments beginning in 1978–79.

(e) Section 40.5 shall be operative for the 1979–80 fiscal year and each year thereafter.

SEC. 55. Section 47 of Chapter 24 of the Statutes of 1978 is amended to read:

Sec. 47. All provisions of this act, except Section 43, shall be repealed on June 7, 1978, unless Proposition 8 on the ballot for the statewide election on June 6, 1978 is approved by the voters and Proposition 13 on the ballot for the statewide election on June 6, 1978 is rejected by the voters, or is declared unconstitutional by the courts.

SEC. 57. Sections 1 to 29, inclusive, 39, and 49 to 55, inclusive, of this act shall become operative only if Proposition 8 on the ballot for the statewide election on June 6, 1978, is approved by the voters and Proposition 13 on that ballot is rejected by the voters.

SEC. 58. Section 40 of this act shall become operative only if Proposition 8 on the ballot for the statewide election on June 6, 1978, is rejected by the voters and Proposition 13 on that ballot is approved by the voters.

SEC. 59. Section 42 of the act shall become operative only if Proposition 8 on the ballot for the statewide election on June 6, 1978, is approved by the voters and Proposition 13 on that ballot is rejected by the voters. Sections 43 and 44 of the act shall become operative only if Proposition 8 on the ballot for the statewide election on June 6, 1978, is rejected by the voters and Proposition 13 on the ballot is approved by the voters.

SEC. 60. Notwithstanding subdivision (a) of Section 20563 of the Revenue and Taxation Code, claims for property tax assistance for 1977–78 shall be filed after June 15, 1978 and before September 30, 1978.

SEC. 61. After May 1, 1978 and before May 15, 1978, the Franchise Tax Board shall mail a notice to senior citizen homeowners and renters who filed for property tax assistance for the 1976–77 property tax fiscal year. The notice shall indicate that claim forms and instructions for 1977–78 will not be mailed until after the June 6, 1978, statewide election and the filing period for such claims will begin on June 16, 1978, rather than May 16, 1978. This delay of notice is necessary because the specific benefits available to senior citizen claimants will not be determined until the election results are known inasmuch as the new table of benefits provided by Chapter 24 of the Statutes of 1978 will not be in effect unless Proposition 8 is approved and Proposition 13 is rejected at the June 6, 1978, election.

SEC. 62. The provisions of this act affecting the Personal Income Tax Law and the Bank and Corporation Tax Law shall be applied in the computation of taxes for taxable years and income years beginning on or after the first day of the calendar year in which this act becomes effective, provided the effective date is more than 90 days prior to the last day of the calendar year. If the effective date is 90 days or less prior to the last day of the calendar year, the provisions of this act shall apply in the computation of taxes for taxable years and income years beginning on or after the first day of

the calendar year following the effective date. With respect to changes affecting the provisions of Part 10.5 (commencing with Sec. 20501) of Division 2 of the Revenue and Taxation Code, this act shall apply to claims for assistance for the 1977–78 property tax fiscal years and thereafter.

SEC. 63. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Senate Bill No. 1 of this session, enacted into law as Chapter 24 of the Statutes of 1978, provided a program of property tax relief. There were a number of oversights and technical errors in that bill. In order to effectively implement the program authorized by Senate Bill No. 1, it is necessary that this act take effect immediately.

CHAPTER 124

An act to add Section 232.3 to the Civil Code, relating to parent and child.

[Approved by Governor May 3, 1978. Filed with Secretary of State May 3, 1978.]

The people of the State of California do enact as follows:

SECTION 1. It is the intention of the Legislature in enacting this legislation to recognize the devastating effects upon a child who remains in foster care indefinitely and is shifted from one home to another over a period of years and to also recognize the importance of a child's need for a permanent family of his own as quickly as possible.

SEC. 2. Section 232.3 is added to the Civil Code, to read:

232.3. (a) Notwithstanding any other provision of law, an action to declare a child free from parental custody and control pursuant to Section 232 shall be heard not more than 45 days after filing of a petition therefor and completion of service thereon in the manner prescribed by law for service of civil process. Final determination of such matter shall be made as expeditiously as possible.

(b) In order to obtain a motion for a continuance of the hearing, written notice shall be filed within two court days of the date set for the hearing, together with affidavits or declarations detailing specific facts showing that a continuance is necessary, unless the court for good cause entertains an oral motion for continuance. Continuances shall be granted only upon a showing of good cause. Neither a stipulation between counsel nor the convenience of the parties is in and of itself a good cause.

A continuance shall be granted only for that period of time shown to be necessary by the evidence considered at the hearing on the

motion. Wherever any continuance is granted, the facts proven which require the continuance shall be entered upon the minutes of the court.

CHAPTER 125

An act to amend Section 5955 of the Harbors and Navigation Code, relating to harbor improvement districts.

[Approved by Governor May 3, 1978. Filed with Secretary of State May 3, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 5955 of the Harbors and Navigation Code is amended to read:

5955. Notwithstanding the provisions of Sections 5940 to 5954, inclusive, the district may acquire, develop, operate, or maintain public beaches or inland parks and recreation areas without holding the hearings and making the findings required by such provisions if there is compliance with Section 21151 of the Public Resources Code and Section 65402 of the Government Code; provided, however, that the board of supervisors shall hold at least one public hearing prior to the approval of any such project. Harbor improvement district funds may be expended prior to the public hearing for the purpose of obtaining compliance with Section 21151 of the Public Resources Code and Section 65402 of the Government Code.

CHAPTER 126

An act to amend Section 53647 of the Government Code, relating to local funds.

[Approved by Governor May 3, 1978 Filed with Secretary of State May 3, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 53647 of the Government Code is amended to read:

53647. (a) Interest on all money deposited belongs to, and shall be paid quarterly into the general fund of, the local agency represented by the officer making the deposit, unless otherwise directed by law.

(b) Notwithstanding the provisions of subdivision (a), and except as otherwise directed by law, if the governing body of the local agency represented by the officer making the deposit so directs, such

interest shall be paid to the fund which contains the principal on which the interest accrued.

CHAPTER 127

An act to amend Section 71660 of the Water Code, relating to municipal water districts.

[Approved by Governor May 3, 1978 Filed with Secretary of State May 3, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 71660 of the Water Code is amended to read:

71660. A district may construct, maintain, improve, and operate public recreational facilities appurtenant to facilities operated or contracted to be operated by the district. It may by ordinance provide regulations binding upon all persons to govern the use of such facilities, including regulations imposing reasonable charges for the use thereof. Violation of district regulations relating to vehicle or boat speed limits, defacement of district property, the use, possession or discharge of firearms, weapons or fireworks, the creation of fire hazards, being under the influence of intoxicating beverages or dangerous drugs, or remaining on, or reentering district premises after an authorized district officer or employee has specifically withdrawn consent for a person to utilize district facilities, is a misdemeanor. Violation of any other regulation of the district adopted pursuant to this section is an infraction.

CHAPTER 128

An act relating to the practice of medicine, and declaring the urgency thereof, to take effect immediately.

[Became law without Governor's signature May 4, 1978. Filed with Secretary of State May 4, 1978.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature in passing this act during the 1978 portion of the 1977–78 legislative session to only rectify an administrative error made in 1961 during the processing of osteopathic physicians' and surgeons' applications for obtaining the degree of doctor of medicine. This act is deemed by the Legislature to be procedural in nature and is not intended to be a substantive determination of the qualifications of any person to be

licensed as a doctor of medicine. The Legislature does not intend to reverse the decision of any courts on the validity of Proposition 22 of the general election of 1962, nor does the Legislature intend to open the degree of doctor of medicine to osteopathic physicians and surgeons generally.

SEC. 2. The Division of Licensing of the Board of Medical Quality Assurance, upon payment of the certificate application fee, shall issue a physician's and surgeon's certificate to an applicant who filed an "application for the awarding of the degree doctor of medicine from an accredited school of medicine" in 1961, was eligible to receive the degree of doctor of medicine at that time, and who has maintained licensure as a physician and surgeon or osteopathic physician and surgeon in this state since that time without any disciplinary action from the board under which he or she was licensed as a physician and surgeon or osteopathic physician and surgeon. In order to receive a certificate from the Division of Licensing, such osteopathic physician and surgeon shall demonstrate that he or she in good faith and in a timely manner filed the "application for the awarding of the degree doctor of medicine from an accredited school of medicine."

SEC. 3. This act shall be in effect only until the 91st day after the effective date of the act, and on such date is repealed.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There is an acute shortage of physicians and surgeons in this state and this act would authorize the issuance of a physician's and surgeon's certificate to any persons meeting the requirements of this act.

CHAPTER 129

An act to amend Sections 19491.5, 19531, 19549.6, 19549.7, 19612.1, 19612.3, 19612.5, 19614.2, 19618, and 19705 of, to add Sections 19612.2 and 19612.6 to, and to repeal Sections 19533.1 and 19614.1 of, the Business and Professions Code, relating to horseracing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 10, 1978. Filed with Secretary of State May 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 19491.5 of the Business and Professions Code is amended to read:

19491.5. Notwithstanding the provisions of subdivision (a) of Section 19491, an association, including the California Exposition and

State Fair or a county or district agricultural association fair, which conducts, or whose predecessor association has conducted, a horseracing meeting during the preceding year at which the total amount handled in the parimutuel pools operated by the association, or by such predecessor association, is not more than one hundred twenty-five million dollars ($125,000,000) shall be exempt from payment of that portion of the license fee provided in subdivision (a) of Section 19491 on the amount handled by it under fifty million dollars ($50,000,000).

"Predecessor association," as used in this section, means a person who was previously licensed to conduct racing of the same kind and at the same racing facility as the presently existing association.

It is the intent of the Legislature that the amendment to this section at its 1970 Regular Session shall be deemed to be a clarification of the effect of this section, and that such amendment does not constitute a substantive change.

SEC. 2. Section 19531 of the Business and Professions Code is amended to read:

19531. The maximum number of racing weeks which may be allocated for horseracing other than at the California Exposition and State Fair, or county or district agricultural association fairs shall be as follows:

(a) For thoroughbred racing: 33 weeks per year in the northern zone; and 41 weeks per year in the central and southern zones, to be allocated between the two zones.

(b) For harness racing: 15 weeks per year in the northern zone; 15 weeks per year in the central zone; and 9 weeks per year in the southern zone.

(c) For quarter horse racing: 15 weeks per year in the northern zone; and 22 weeks per year in the southern zone.

(d) In its written application for a license, an applicant shall state the time of day (subject to Section 19571) during which it will conduct its racing meeting, and particularly the first race starting time for the various racing days. After receiving a license, a licensee shall not change such first race starting time without securing prior approval of the board.

SEC. 3. Section 19533.1 of the Business and Professions Code is repealed.

SEC. 4. Section 19549.6 of the Business and Professions Code is amended to read:

19549.6. Notwithstanding subdivision (b) of Section 19531 and Section 19549, the board may allocate a maximum of 12 additional weeks of harness racing to a lessee of the California Exposition and State Fair in Sacramento to be raced at the California Exposition and State Fair in Sacramento.

SEC. 5. Section 19549.7 of the Business and Professions Code is amended to read:

19549.7. Notwithstanding subdivision (c) of Section 19531 and Section 19549, the board may allocate a maximum of 12 additional

weeks of quarter horse racing to a lessee of the California Exposition and State Fair in Sacramento to be raced at the California Exposition and State Fair in Sacramento.

SEC. 6. Section 19612.1 of the Business and Professions Code is amended to read:

19612.1. (a) In addition to the amounts otherwise deducted pursuant to this chapter, every association with an average daily handle of more than six hundred fifty thousand dollars ($650,000) , which conducts a harness or quarter horse meeting may deduct from the total amount handled in daily double, quinella, exacta, and other multiple wagering pools approved by the board up to 3 percent thereof to be distributed as additional commissions and purses in the following percentage ratio: to the association as additional commission, 59.5 percent; to the horsemen as additional purses, 40.5 percent.

(b) At least 30 days prior to the commencement of its meeting, the association shall file with the board a statement of the additional deduction to be made pursuant to subdivision (a). Except with the consent of the board the amount of such deduction shall not be changed during the course of the meeting.

SEC. 7. Section 19612.2 is added to the Business and Professions Code, to read:

19612.2. (a) In addition to the amounts otherwise deducted pursuant to this chapter, every association with an average daily handle of six hundred fifty thousand dollars ($650,000) or less, except an association subject to Section 19614.2, which conducts a harness or quarter horse meeting may deduct from the total amount handled in daily double, quinella, exacta, and other multiple wagering pools approved by the board up to 3 percent thereof to be distributed as additional commissions and purses as follows:

(1) For quarter horse meetings conducted pursuant to Section 19612.5, as agreed to by the association conducting the meeting and the organization representing the horsemen participating at the meeting.

(2) For harness meetings conducted pursuant to Section 19612.5 or for harness and quarter horse meetings conducted pursuant to Section 19612.6, 50 percent as commissions and 50 percent as purses.

In order to protect the state's interest in the continued operation of these meetings, it is necessary that this act take effect immediately.

The report shall state, if known, the name of the minor, his whereabouts and the character and extent of the injuries or molestation.

Whenever it is brought to the attention of a director of a county welfare department or health department that a minor has physical injury or injuries which appear to have been inflicted upon him by other than accidental means by any person, that a minor has been sexually molested, or that any injury prohibited by the terms of

Section 273a has been inflicted upon a minor, he shall file a report without delay with the local police authority having jurisdiction and with the juvenile probation department as provided in this section.

No person shall incur any civil or criminal liability as a result of making any report authorized by this section unless it can be proven that a false report was made and the person knew or should have known that the report was false.

No person required to make a report pursuant to this section, nor any person taking photographs at his or her direction, shall incur any civil or criminal liability for taking photographs of a suspected victim of child abuse, or causing photographs to be taken of a suspected victim of child abuse, without parental consent, or for disseminating such photographs with the reports required by this section. However, the provisions of this section shall not be construed to grant immunity from such liability with respect to any other use of such photographs.

Copies of all written reports received by the local police authority shall be forwarded to the Department of Justice. If the records of the Department of Justice maintained pursuant to Section 11110 reveal any reports of suspected infliction of physical injury upon, sexual molestation of, or infliction of any injury prohibited by the terms of Section 273a upon, the same minor or any other minor in the same family by other than accidental means, or if the records reveal any arrest or conviction in other localities for a violation of Section 273a inflicted upon the same minor or any other minor in the same family, or if the records reveal any other pertinent information with respect to the same minor or any other minor in the same family, the local reporting agency and the local juvenile probation department shall be immediately notified of the fact.

SECTION 1. Section 19143 of the Government Code is amended to read:

19143. Notwithstanding any other provision of the law to the contrary, except as provided in Section 19143.5, an employee whose continuity of employment in the state service as either an exempt or civil service employee is broken for six months or longer by a permanent separation such as resignation, dismissal, or rejection during a probationary period, and who is subsequently reemployed after December 31, 1949, shall not be credited for service prior to such separation for purposes of layoff or sick leave, nor shall he be credited with any sick leave which he had accumulated prior to his separation, and he shall again serve the months required to qualify for vacation credit. The State Personnel Board shall adopt rules governing the crediting of service before and after such a break in service for purposes of vacation as specified in Section 18050 and the keeping of service records related thereto.

When an employee has a break in the continuity of his state employment because of a temporary separation such as layoff, suspension, leave of absence, military leave, disability retirement, or medical termination, his prior service shall be counted upon his return to state service for purposes of layoff, sick leave and vacation.

If an employee had a break in the continuity of his state employment because of absence occasioned by his evacuation and relocation pursuant to orders issued by the commanding officer of the Western Defense Command in March 1942, for the evacuation of persons of Japanese descent from such area, where such employee was in state service on March 5, 1942, and returned to state service on or before December 31, 1949, the time of absence during which such orders were in effect shall be counted for purposes of layoff.

SEC. 2. Section 19143.5 is added to the Government Code, to read:

19143.5. When a civil service employee has a break in the continuity of his state employment which is not because of dismissal, or rejection during a probationary period, and such break exceeds a period of six months but not three years, the employee shall receive one-half the seniority credit accumulated for service prior to his resignation for purposes of layoff if the employee's resignation was his first resignation from state service, exceeding six months.

It is the responsibility of the employee to inform the State Personnel Board in writing that the provisions of this section apply to his or her service credit calculations. The employee must certify under what conditions he or she is eligible to receive this portion of the service credit. The board shall verify the adequacy of the employee's certification and calculate the seniority credits accordingly.

The provisions of this section shall apply only to transactions occurring after the effective date of this section.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the benefits of this act shall be available to state employees as soon as possible, this act must take effect immediately.

CHAPTER 138

An act to amend Section 16754 of the Government Code, relating to State General Obligation Bonds.

[Approved by Governor May 17, 1978 Filed with Secretary of State May 17, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 16754 of the Government Code is amended to read:

16754. The bonds specified in the resolution shall be sold by the State Treasurer, at such time as may be fixed by him, and upon such notice as he may deem advisable, or at the time to which the sale shall have been so continued, at public sale, upon sealed bids, to the bidder whose bid will result in the lowest interest cost on account of such bonds, but the State Treasurer must reject any and all bids for the bonds which shall be below the par value thereof plus the interest which shall have accrued thereon from the date thereof (or, if any past due coupon or coupons have been detached from said bonds prior to the delivery thereof, then from the due date of the latest coupon so detached) to the date of the purchaser's payment for said bond. The method of determining the lowest interest cost bid shall be prescribed in the bond resolution and shall be limited to either the net interest cost method or the present worth basis method (also referred to as the true interest cost, bond book basis and Canadian interest cost method). The net interest cost of each bid shall be determined by ascertaining the total amount of interest which the state would be required to pay under that bid, from the date of the bonds to the respective maturity dates of the bonds then offered for sale, at the coupon rate or rates specified in such bid, less the total

amount of the premium, if any, offered by such bid. The bid under which the amount so ascertained is the least shall be deemed to be the bid resulting in the lowest net interest cost. Under the present worth basis method the bonds will be awarded to the bidder submitting the lowest interest rate bid determined by doubling the semiannual interest rate, compounded semiannually, necessary to discount the debt service payments to the specified interest computation date and to the price bid. Under either method such sale shall be for cash, payable upon the delivery of the bonds in definitive form, or if the right to deliver temporary securities has been reserved, then upon the delivery of such temporary securities.

CHAPTER 139

No such fish having fins may be taken except by hook and line or by spearfishing. All other fish and forms of aquatic life are protected and may not be taken without a written permit from the department.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The authority to take eel under a sport fishing license within the James V. Fitzgerald Marine Reserve terminated on January 1, 1978. In order to continue such authority and to make other changes necessary to effectively protect marine life within the preserve at the earliest possible time, it is necessary that this act go into immediate effect.

The lapsed funds of a county may be reallocated for expenditure upon safer off-system road projects of counties and cities within the other counties of the county group, as specified in Section 187, which included that county, based upon their proportional share of the original apportionment within that county group.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that moneys appropriated to counties will not lapse and to increase conformity to federal law, it is necessary that this act take effect at the earliest opportunity.

SECTION 1. Section 42244.9 is added to the Education Code, to read:

42244.9. (a) In the event the county superintendent of schools discontinues the levy of the tax authorized by the provisions of the second paragraph of Section 1705, school districts subject to the payments required by the first paragraph of Section 1705 may request the adjustment of their revenue limits pursuant to subdivision (b) of this section.

(b) The revenue limit of each school district may be increased, upon the request of the governing board of the district, by an amount sufficient to raise proceeds equal to the amount paid, if any, to a county superintendent of schools pursuant to Section 1705 in the preceding fiscal year less the amount paid, if any, pursuant to the predecessor of Section 1705 in the 1972–73 fiscal year.

(c) In the event a county superintendent of schools commences the levy of the tax authorized by the second paragraph of Section 1705, the revenue limits of school districts no longer subject to the payments required by the first paragraph of Section 1705 shall be reduced by the amount, if any, by which the revenue limit had been adjusted pursuant to subdivision (b).

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

CHAPTER 145

An act relating to domestic water supply systems, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 17, 1978. Filed with Secretary of State May 18, 1978.]

The people of the State of California do enact as follows:

SECTION 1. A grant in the amount of two hundred thousand dollars ($200,000) is hereby authorized from the California Safe Drinking Water Fund pursuant to subdivision (d) of Section 13861 of the Water Code to the Rand Communities County Water District for the purpose of improving its domestic water supply system to meet, at a minimum, safe drinking water standards. The Department of Water Resources shall verify that all expenditures under this act are necessary and appropriate.

SEC. 2. The Legislature hereby finds and declares that in order to meet the minimum safe drinking water standards there is a critical need within the Rand Communities County Water District to immediately develop a secondary water supply in order to enable the over 900 residents of the community to have a dependable and potable water supply.

SEC. 3. The Legislature further finds and declares that a community comprising thousands of acres of high desert area with over 900 residents is entirely dependent for its water supply on a single water well. Much of the existing water system consists of substandard and inadequate sized water lines dating back to 1900. An increasing number, now estimated to approach 90 percent, of the residents of this community are senior citizens, many of whom are partially dependent on state and federal agencies for assistance. The existing reservoir system without the continuing supply from the single water well will only meet several days' needs of the community. This community currently has the highest known water rate for domestic water in the state and is without an industrial or commercial tax base to permit increasing the tax rate to assist in otherwise providing funds for needed improvements.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into

immediate effect. The facts constituting such necessity are:

In order to authorize a grant from a California Safe Drinking Water Fund to the Rand Communities County Water District to resolve the critical water supply problem of such district at the earliest possible time, and so that the improvements needed can be undertaken prior to the hot summer high use, it is necessary that this act go into immediate effect.

CHAPTER 146

(3) To vacate a judgment or order of such municipal or justice court obtained through extrinsic fraud, mistake, inadvertence, or excusable neglect.

(c) In any action that is otherwise within its jurisdiction, the court

(d) Changes in the jurisdictional ceilings made by amendments to this section at the 1977–78 Regular Session of the Legislature shall not constitute a basis for the transfer to another court of any case pending at the time such changes become operative.

SEC. 2. The provisions of this act shall become operative on July 1, 1979.

CHAPTER 147

CHAPTER 148

An act to add Section 35412 to the Water Code, relating to water districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 22, 1978. Filed with Secretary of State May 22, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 35412 is added to the Water Code, to read:

35412. The Irish Beach Water District may acquire, construct, and operate facilities for providing fire protection to the district and its inhabitants, including buildings, engines, hose, hose carts, or carriages, and other appliances and supplies for the full equipment of a fire company or department.

The Irish Beach Water District for the purpose of providing fire protection services may exercise any of the powers, functions, and duties which are vested in, or imposed upon, a fire protection district pursuant to the Fire Protection District Law of 1961, Part 2.7 (commencing with Section 13801), Division 12 of the Health and Safety Code.

If the district includes any part of a city, fire protection district, or other local agency which provides fire protection service to any territory in the district, or if the Department of Forestry provides fire protection service to any territory in the district, the district shall have no authority pursuant to this section regarding the prevention and suppression of fires in such territories, unless such district has obtained the consent of such city, fire protection district, other local agency, or the Department of Forestry.

The provisions of this section are necessary because of the great need for fire protection services within the area of the Irish Beach Water District. There is no other local governmental entity willing to provide such service to the people of the district. This problem is not common to all districts formed under this division. It is therefore hereby declared that a general law cannot be made applicable and that the enactment of this section as a special law is necessary for the solution of problems existing in the Irish Beach Water District.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

SECTION 1. Section 24 of the Siskiyou County Flood Control and Water Conservation District Act (Chapter 2121 of the Statutes of 1959) is amended to read:

Sec. 24. Subject to the provisions of this act, the board shall prescribe by resolution the form of the bonds and of the interest coupons attached thereto and shall fix the rate of interest said bonds shall bear, not to exceed 8 percent per year to be fixed by the board. The bonds shall mature serially in amounts to be fixed by the board, payment of the bonds commencing not later than five years from the date thereof and being completed in not more than 50 years from

said date. The board shall fix the place or places (which may be within or without the State of California and which shall be designated in the bonds) where the bonds, together with the interest thereon, shall be payable. The principal amount of general obligation bonds issued shall not exceed in the aggregate that amount allowed by the State Treasurer but in no event to exceed 15 percent of the assessed value of all the real and personal property of the zone or zones involved.

The Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code) is applicable to districts for the purpose of providing funds for the acquisition, construction, improving or financing of any public improvement authorized by this division which is not inconsistent with the provisions of Section 54310 of the Government Code. However, notwithstanding the provisions of Section 54400 of the Government Code and any other provisions of law, the board may determine and provide, in any resolution providing for the issuance of such revenue bonds, for maturity dates of the bonds not exceeding 50 years from their respective dates.

CHAPTER 154

An act to add Section 8897.5 to the Government Code, relating to earthquakes, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 24, 1978. Filed with Secretary of State May 24, 1978]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature hereby finds and declares that because of the generally acknowledged fact that California will experience moderate to great earthquakes in the foreseeable future, increased efforts regarding reduction of earthquake hazards would reduce future losses of life and property when such events occur.

(b) The Legislature further finds that accurate earthquake prediction will enable official warnings of clear and imminent danger to be made so that state, regional, and local governmental agencies, private institutions, and the public can take actions necessary to preserve the public peace, health, and safety.

(c) The Legislature further finds that measures to reduce earthquake damage and losses are feasible if the time, location, magnitude, and intensity of an earthquake are known sufficiently in advance of the event.

SEC. 2. Section 8897.5 is added to the Government Code, to read:

8897.5. In addition to the responsibilities listed in Section 8897, the Seismic Safety Commission shall undertake a study to determine

the feasibility of (i) establishing a comprehensive program of earthquake hazard reduction having as its purposes the saving of lives and mitigating damage to property and (ii) developing and implementing a system for predicting damaging earthquakes in California.

The study shall accomplish the following tasks:

(a) Earthquake hazard reduction.

The study shall develop a comprehensive program for the reduction of earthquake hazards in California. It shall include, but not necessarily be limited to, the following:

(1) A review of and recommendations for improving the development and implementation of technically and economically feasible codes, standards, and procedures for the design and construction of new structures and the strengthening of existing structures so as to increase the earthquake resistance of structures located in areas of significant seismic hazard.

(2) A review of current methods and recommendations for new methods to improve the development, publication, and promotion, in conjunction with local officials, research organizations, and professional organizations, of model codes and other means to provide better information about seismic hazards to guide land-use policy decisions and building activity.

(3) A review of and recommendations for methods, practices, and procedures to educate the public, including local officials, about the nature and consequences of earthquakes, about procedures for identifying those locations and structures especially susceptible to earthquake damage, and about ways to reduce and mitigate the adverse effects of an earthquake.

(4) A review of and recommendations for programs and techniques to improve preparedness for and response to damaging earthquakes with special attention being given to hazard control measures, pre-earthquake emergency planning, readiness of emergency services, and planning for post-earthquake reconstruction and redevelopment.

(b) Earthquake prediction.

The study shall analyze the current methodologies, systems, and processes for predicting earthquakes and assess them for their effectiveness, reliability, and accuracy as they relate to California.

The study also shall examine the feasibility of implementing earthquake prediction systems in all areas of significantly high or moderate seismic risk and for identifying, evaluating, and accurately characterizing the associated hazards. In analyzing potential prediction systems, the study shall include requirements for necessary technical, scientific, and volunteer personnel; and technology, procedures, and other resources necessary to operate such a system. Special attention should be given to a critical review of existing and possible future technology, data collection and management systems, the availability of expert trained personnel, the dissemination of warnings, the scope and methods for organizing

and maintaining a volunteer program for the purpose of making prediction observations, and the social and economic consequences of earthquake predictions. Wherever appropriate and reasonable, the study shall also recommend how a state earthquake prediction system can be best integrated with those of federal agencies and other institutions and organizations.

(c) Implementation processes.

With respect to implementation of earthquake hazard reduction and earthquake prediction, the study shall include the following:

(1) Recommendations for new roles, responsibilities, and programs for state and local agencies, universities, private organizations, and volunteer organizations, including goals, priorities, and expenditures of future state funds specifically identified for the recommended earthquake prediction and hazards reduction program.

(2) Recommendations for methods and procedures to disseminate and implement basic and applied earthquake research in order to achieve higher levels of seismic safety.

(d) Coordination with other agencies.

To the extent it is practical to do so, the study required by this section shall be coordinated with the relevant local, regional, and federal government agencies, key elements of the private sector, and at least the following state agencies: Office of Emergency Services, Division of Mines and Geology, Office of the State Architect, Department of Housing and Community Development, Department of Water Resources, State Energy Resources Conservation and Development Commission, Department of Real Estate, Department of Industrial Relations, Public Utilities Commission, State Department of Health Services, Office of the State Fire Marshal, Department of Transportation, Department of Finance, Military Department, Department of Insurance, Franchise Tax Board, Department of Savings and Loan, Department of Education, Banking Department, and Office of Planning and Research.

(e) The study shall include recommendations for statutory changes and specific executive actions to be taken by state and local agencies necessary to establish and implement an earthquake hazards reduction program and an earthquake prediction system for the State of California.

The commission shall submit the study to the Legislature by June 30, 1980, or earlier at its discretion.

SEC. 3. The sum of twelve thousand dollars ($12,000) is hereby appropriated from the General Fund to the Seismic Safety Commission for expenditure during the 1977–78 fiscal year in performing the study required by Section 8897.5 of the Government Code. The Seismic Safety Commission shall include a request for funds to complete the study in its budget proposals for the 1978–79 and 1979–80 fiscal years.

SEC. 3. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect The facts constituting such necessity are:

In order that the results of the study of earthquake prediction and hazards reduction may be advanced at the earliest possible time and be fully coordinated with the implementation of the new National Earthquake Hazards Reduction Program, it is essential that this act take effect immediately.

CHAPTER 155

An act to add Sections 25566 and 25951.5 to the Revenue and Taxation Code, relating to taxation.

[Approved by Governor May 24, 1978 Filed with Secretary of State May 24, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 25566 is added to the Revenue and Taxation Code, to read:

25566. (a) (1) A corporation or bank may, after the close of the income year and on or before the 15th day of the third month thereafter, and before the day on which it files a return for such taxable year, file an application for an adjustment of an overpayment by it of estimated tax for such taxable year. An application under this subdivision shall not constitute a claim for credit or refund.

(2) An application under this subdivision shall be verified in the manner prescribed by Section 25403 in the case of a return of the taxpayer, and shall be filed in the manner and form required by regulations prescribed by the Franchise Tax Board. The application shall set forth—

(A) The estimated tax paid by the corporation or bank during the income year,

(B) The amount which, at the time of filing the application, the corporation or bank estimates as its tax liability under this part for the taxable year,

(C) The amount of the adjustment, and

(D) Such other information for purposes of carrying out the provisions of this section as may be required by such regulations.

(b) (1) Within a period of 45 days from the date on which an application for an adjustment is filed under subdivision (a), the Franchise Tax Board shall make, to the extent it deems practicable in such period, a limited examination of the application to discover omissions and errors therein, and shall determine the amount of the adjustment upon the basis of the application and the examination; except that the Franchise Tax Board may disallow, without further action, any application which it finds contains material omissions or

errors which it deems cannot be corrected within such 45 days.

(2) The Franchise Tax Board, within the 45-day period referred to in paragraph (1), may credit the amount of the adjustment against any liability on the part of the taxpayer under this part and shall refund the remainder to the taxpayer.

(3) No application under this section shall be allowed unless the amount of the adjustment equals or exceeds (A) 10 percent of the amount estimated by the corporation or bank on its application as its liability for the taxable year under this part, and (B) five hundred dollars ($500).

(4) For purposes of this part (other than Section 25951, 25952, 25953, 25954, or 25956), any adjustment under this section shall be treated as a reduction, in the estimated tax paid, made on the day the credit is allowed or the refund is paid.

(c) For purposes of this section and Section 25951.5 (relating to excessive adjustment), the amount of the adjustment under this section is equal to the excess of (1) the estimated tax paid by the taxpayer during the income year, over (2) the amount which at the time of filing the application the taxpayer estimates as its liability for the taxable year.

(d) If the corporation or bank seeking an adjustment under this section paid its estimated tax on a combined basis or expects to make a combined report for the income year, this section shall apply only to such extent and subject to such conditions, limitations, and exceptions as the Franchise Tax Board may by regulation prescribe.

SEC. 2. Section 25951.5 is added to the Revenue and Taxation Code, to read:

25951.5. (a) If the amount of an adjustment under Section 25566 made before the 15th day of the third month following the close of the income year is excessive, there shall be added to the tax for the taxable year an amount determined at the rate provided by Section 25901 upon the excessive amount from the date on which the credit is allowed or the refund is paid to such 15th day.

(b) For purposes of subdivision (a) the excessive amount is equal to the amount by which (1) the tax liability, for the taxable year as shown on the return for the income year, exceeds (2) the estimated tax paid during the income year reduced by the amount of the adjustment made under Section 25566.

SEC. 3. The provisions of this act shall apply to income years beginning on or after January 1, 1978.

CHAPTER 156

An act making an appropriation in augmentation of Item 124 of the Budget Act of 1977, relating to workers' compensation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 24, 1978 Filed with Secretary of State May 24, 1978.]

The people of the State of California do enact as follows:

SECTION 1. The sum of seven hundred thousand dollars ($700,000) is hereby appropriated from the General Fund to the Department of Industrial Relations in augmentation of, and upon the same terms and conditions as the appropriation made by, Item 124 of the Budget Act of 1977.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act makes an appropriation for support of subsequent injuries payments authorized under Article 5 (commencing with Section 4750) of Part 2 of Division 4 of the Labor Code, in continuation of the existing program of payments. It is imperative that such appropriation be available for expenditure at the earliest possible time and before the end of the 1977–78 fiscal year to ensure that valid claims will continue to be paid on a timely basis. It is therefore necessary that this act go into immediate effect.

CHAPTER 157

An act to amend Sections 19057 and 19057.1 of the Government Code, relating to state civil service.

[Approved by Governor May 24, 1978. Filed with Secretary of State May 24, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 19057 of the Government Code is amended to read:

19057. Except as provided in Section 19056, there shall be certified to the appointing power the names and addresses of the three persons standing highest on the promotional employment list for the class in which the position belongs and who have indicated their willingness to accept appointment under the conditions of employment specified. If fewer than three names of persons willing to accept appointment are on the list from which certification is to be made, then additional eligibles shall be certified from the various lists next lower in order of preference until three names are certified. If there are fewer than three names on such lists, there shall be certified the number thereon. In such case the appointing power may demand certification of three names and examinations shall be conducted until three names may be certified. The appointing power shall fill the position by the appointment of one of the persons

certified.

SEC. 2. Section 19057.1 of the Government Code is amended to read:

19057.1. Notwithstanding the provisions of Section 19057, for positions in classes designated by the board as professional, scientific, administrative, management, or executive, or for any open employment list, there shall be certified to the appointing power the names and addresses of all those eligibles whose scores, at time of certification, represent the three highest ranks on the employment list for the class, and who have indicated their willingness to accept appointment under the conditions of employment specified.

For purposes of ranking, scores of eligibles on employment lists for such classes shall be rounded to the nearest whole percent. A rank shall consist of one or more eligibles with the same whole percentage score.

If the names on the list from which certification is being made represent fewer than three ranks, then additional eligibles shall be certified from the various lists next lower in order of preference until names from three ranks appear. If there are fewer than three names available for certification, and the appointing authority does not choose to appoint from among these, the appointing authority may demand certification of three names. In such case, examinations shall be conducted until at least three names may be certified by the procedure described in this section, and the appointing authority shall fill the position by appointment of one of the persons certified.

In accordance with board rule, fractional examination scores shall be provided to the appointing power upon his request.

The board may by rule provide for certifying less than three ranks where the size of the certified group is disproportionate to the number of vacancies.

SEC. 3. The amendments made by this act shall be applicable to names certified from employment lists after the date this act becomes operative even though the examination was given prior to such operative date.

CHAPTER 158

An act to add Article 4 (commencing with Section 68560) to Chapter 2 of Title 8 of the Government Code, relating to court interpreters, and making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 24, 1978 Filed with Secretary of State May 24, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Article 4 (commencing with Section 68560) is added to Chapter 2 of Title 8 of the Government Code, to read:

Article 4. Court Interpreter Services

68560. The Legislature finds and declares that:

(a) Resolution Chapter 179 of the Statutes of 1973 requested the Judicial Council of California to undertake a comprehensive survey of the language needs of California citizens and residents in relation to the judicial process.

(b) The Judicial Council performed this undertaking with the aid and assistance of a special advisory committee appointed by the Chief Justice of California and significant work was done by a private consultant under contract to the Judicial Council.

(c) The Judicial Council has submitted to the Legislature a series of detailed reports identifying specific language needs of California citizens and residents, describing language services currently provided by California's justice system, indicating special problem areas in need of solution, and setting forth specific objectives to be achieved by providing adequate interpreter services to non-English-speaking citizens and residents in California.

(d) The Legislature recognizes the need to provide equal justice under the law to all California citizens and residents and the special needs of non-English-speaking persons in their relations with the judicial system.

(e) Provision of competent interpreter services in courts and judicial agencies would be facilitated by a coordinated effort to provide testing programs and to assure adequate interpreter services to all California citizens and residents.

(f) Reliable and uniform data are required on the use of court interpreters. Such data is currently unavailable at either state or local level, and is needed to plan, monitor, and coordinate interpreter programs and services.

68561. The Judicial Council shall adopt rules to implement this article, as provided in Section 68564. Effective January 1, 1979, the State Personnel Board shall develop court interpreter testing programs, in accordance with Section 68562.

68562. Any appropriation that provides funding for court interpreter services shall identify the county and the court interpreter programs to which it applies. In each county thus designated, beginning one year after the effective date of the designation, the superior court shall establish, maintain, and publish a list of recommended court interpreters, and the trial courts of that county shall utilize only the services of those recommended interpreters unless good cause is found by the judge for the appointment of an interpreter not on the recommended list. In establishing a list of recommended court interpreters, the superior court shall select from a list of qualified candidates who have successfully completed both written and oral examinations

conducted by the State Personnel Board but may also impose additional testing requirements and consider additional standards, as necessary for equity or to recognize local conditions. The State Personnel Board shall establish minimum standards of proficiency of language skills both written and oral in both English and the language to be interpreted. In establishing these criteria, the State Personnel Board shall take into account standards adopted by the Judicial Council to ensure a court interpreter's understanding of the technical terminology and procedures used in the courts. The State Personnel Board shall administer an appropriate examination and certify to the superior courts a list of qualified interpreters once annually, commencing within one year of the effective date of this section.

68563. The Judicial Council shall collect, analyze, and publish pertinent interpreter utilization statistics, with commentary, as part of the Council's Annual Report of the Administrative Office of the California Courts and shall report such statistics to the Governor and to the Legislature not later than December 31, 1980. In collecting these statistics, the Judicial Council shall request the standards used to determine the qualifications of interpreters serving in all courts and in all languages. Such information shall serve as a basis for determination of the need to establish interpreter programs in additional courts and in additional languages and the establishment of such programs through the normal budgetary process.

68564. The Judicial Council shall adopt rules to implement this article and shall establish:

(a) Standards for determining the need for a court interpreter in particular cases.

(b) Standards for ensuring a court interpreter's understanding of the technical terminology and procedures used in the courts.

(c) Standards of professional conduct for court interpreters.

(d) A requirement for periodic review of each recommended court interpreter's skills and for removal from the recommended list of those court interpreters who fail to maintain their skills.

SEC. 2. The sum of one hundred sixty thousand dollars ($160,000) is hereby appropriated from the General Fund to the State Controller for allocation and disbursement, as follows:

(a) The sum of sixty-five thousand dollars ($65,000) to be allocated, without regard to fiscal years, to the Judicial Council for the purpose of establishing appropriate rules for all trial courts and collecting, analyzing and reporting data to serve as a basis for legislative determination of the need to establish interpreter's programs in additional courts and in additional languages.

(b) The sum of thirty-five thousand dollars ($35,000) to be allocated for the fiscal year 1978–79 to the State Personnel Board for the purpose of improving court interpreter services in the Spanish language in the Counties of Alameda, Colusa, Contra Costa, Fresno, Glenn, Imperial, Kern, Kings, Los Angeles, Madera, Merced, Monterey, Orange, Riverside, Sacramento, San Benito, San

Bernardino, San Diego, San Francisco, San Joaquin, San Luis Obispo, San Mateo, Santa Barbara, Santa Clara, Santa Cruz, Solano, Sonora, Stanislaus, Sutter, Tulare, Ventura, Yolo, and Yuba.

(c) The sum of sixty thousand dollars ($60,000) to be allocated for the fiscal year 1978–79 to local agencies or school districts pursuant to Section 2231 of the Revenue and Taxation Code to reimburse such agencies for costs incurred by them pursuant to this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Unless fully qualified court interpreters are made available to the courts, non-English-speaking persons will continue to be denied access to the courts equal to English-speaking persons and non-English-speaking persons will continue not to understand judicial proceedings to which they may be a party. However, before the testing and certification programs prescribed herein can be implemented, the Judicial Council must first establish the appropriate standards.

CHAPTER 159

An act to add Section 52324.5 to the Education Code, relating to public schools.

[Approved by Governor May 24, 1978 Filed with Secretary of State May 24, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 52324.5 is added to the Education Code, to read:

52324.5. For the purpose of crediting attendance for apportionments from Section A of the State School Fund during the fiscal year, any person who is concurrently enrolled in a nonpublic high school and in a regional occupational center or program operated under subdivision (a) of Section 52305 shall be classified as a regular student enrolled in a regular high school program, notwithstanding Section 52610.

For the purposes of this section, a nonpublic high school is a school which satisfies the requirements of Section 48222 if such school is exempt from taxation under Section 214 of the Revenue and Taxation Code, and if instruction in such school is given through grade 12.

CHAPTER 160

An act to repeal Section 5328.4 of, and to add Section 5328.4 to, the Welfare and Institutions Code, relating to mental health.

[Approved by Governor May 24, 1978. Filed with Secretary of State May 24, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 5328.4 of the Welfare and Institutions Code is repealed.

SEC. 2. Section 5328.4 is added to the Welfare and Institutions Code, to read:

5328.4. The physician in charge of the patient, or the professional person in charge of the facility or his designee, when he has probable cause to believe that a patient while hospitalized has committed, or has been the victim of, murder, manslaughter, mayhem, kidnapping, robbery, assault with intent to commit a felony, arson, extortion, rape, forcible sodomy, forcible oral copulation, unlawful possession of a weapon as provided in Section 12020 of the Penal Code, or escape from a hospital by a mentally disordered sex offender as provided in Section 6330 of the Welfare and Institutions Code, shall release information about the patient to government law enforcement agencies.

The physician in charge of the patient, or the professional person in charge of the facility or his designee, when he has probable cause to believe that a patient, while hospitalized has committed, or has been the victim of assault or battery may release information about the patient to government law enforcement agencies.

This section shall be limited solely to information directly relating to the factual circumstances of the commission of the enumerated offenses and shall not include any information relating to the mental state of the patient or the circumstances of his voluntary or involuntary admission, commitment, or treatment.

This section shall not be construed as an exception to or in any other way affecting the provisions of Article 7 (commencing with Section 1010) of Chapter 4 of Division 8 of the Evidence Code.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not place any financial burden on local government.

CHAPTER 161

An act to amend Section 230 of the Labor Code, relating to jury duty.

[Approved by Governor May 24, 1978. Filed with Secretary of State May 24, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 230 of the Labor Code is amended to read:

230. (a) No employer shall discharge or in any manner discriminate against an employee for taking time off to serve as required by law on an inquest jury or trial jury, if such employee, prior to taking such time off, gives reasonable notice to the employer that he is required to serve.

(b) No employer shall discharge or in any manner discriminate against an employee for taking time off to appear in court as a witness as required by law, if such employee, prior to taking such time off, gives reasonable notice to the employer that he is required to appear in court.

(c) Any employee who is discharged, threatened with discharge, demoted, suspended, or in any other manner discriminated against in the terms and conditions of such employment by his employer because such employee has taken time off to serve on an inquest or trial jury or to appear in court as a witness shall be entitled to reinstatement and reimbursement for lost wages and work benefits caused by such acts of the employer. Any employer who willfully refuses to rehire, promote, or otherwise restore an employee or former employee who has been determined to be eligible for such rehiring or promotion by a grievance procedure, arbitration, or hearing authorized by law, is guilty of a misdemeanor.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 162

An act to amend Sections 12651 and 12653 of the Vehicle Code, relating to driver education and training.

[Approved by Governor May 24, 1978 Filed with Secretary of State May 24, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 12651 of the Vehicle Code is amended to read:

12651. The principal or staff member assigned such duty may issue or reissue a student license without cost whenever in his opinion the applicant is qualified to take the course of instruction and has filed a proper application therefor.

SEC. 2. Section 12653 of the Vehicle Code is amended to read:

12653. A student license may be canceled by the principal of the school or by the department whenever, in the opinion of either, the safety of the licensee or other persons requires the action and shall be canceled upon the written request of the parent or other person who signed the consent to issue the license.

CHAPTER 163

An act to amend Section 117 of the Code of Civil Procedure, relating to small claims court.

[Approved by Governor May 24, 1978. Filed with Secretary of State May 24, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 117 of the Code of Civil Procedure is amended to read:

117. (a) The hearing and disposition of small claims actions shall be informal, the object being to dispense justice promptly between the parties. The parties shall have the right to offer evidence by witnesses at the hearing or, with the permission of the court, at another time. The judge may consult witnesses informally and otherwise investigate the controversy. If the defendant fails to appear, the judge shall still require plaintiff to present evidence to prove his claim. The judge shall give judgment and make such orders as to time of payment or otherwise as he deems to be just and equitable for disposition of the controversy. The provisions of Section 579 of this code may be applied.

(b) The prevailing party in any action in the small claims court is entitled to costs of the action and also the costs of execution upon a judgment rendered therein. Such costs shall include costs of service of the order for the appearance of the defendant.

CHAPTER 164

An act to add Section 4675.1 to the Revenue and Taxation Code, relating to taxation.

[Approved by Governor May 24, 1978. Filed with Secretary of State May 24, 1978.]

The people of the State of California do enact as follows:

4675.1. The board of supervisors of any county may, by resolution, authorize any county officers to perform on its behalf any act required or authorized to be performed by the board of supervisors under Section 4675.

The resolution shall enumerate the section, or those portions of the section, to which the authorization is to apply, and shall specify administrative rules and procedures concerning any act performed under the authorization.

The resolution shall require that the county auditor record each act performed under the authorization.

The resolution may provide for review by the board of supervisors of any act performed under the authorization, or for periodic reports to the board of supervisors of any or all acts performed under the authorization, or both.

CHAPTER 165

An act to add Section 61601.5 to the Government Code, relating to the Dublin-San Ramon Services District.

[Approved by Governor May 24, 1978. Filed with Secretary of State May 24, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 61601.5 is added to the Government Code, to read:

61601.5. Notwithstanding the provisions of Sections 61600 and 61601, whenever the Board of Directors of the Dublin-San Ramon Services District determines by resolution that it is feasible, economically sound, and in the public interest for the district to exercise its power for the purpose of conducting studies of the transportation needs of such district, the board shall adopt such additional purpose by resolution entered in the minutes, and the powers of such district may be exercised therefor. Such board may thereafter divest itself of the power to conduct transportation studies

in the same manner as it may require such power.

SEC. 2. The Legislature finds and declares that the Dublin-San Ramon Services District has a special need for the power to conduct a study of transportation requirements in such district, because the district is in the process of negotiating with certain transit providers and must demonstrate a need for an extension of transit services into such district. The Legislature further finds and declares that a general act cannot be made applicable to this special situation and it is therefore necessary to enact this special act relating to only the Dublin-San Ramon Services District.

CHAPTER 166

An act to amend Section 62709 of the Food and Agricultural Code, relating to milk, and declaring the urgency thereof, to take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 62709 of the Food and Agricultural Code is amended to read:

62709. Producers who do not, in the months of September, October, and November of any year, market the amount of fluid milk equal to their pool quota, shall lose the prodution base equal to the difference between the average amount of milk marketed and their pool quota.

The provisions of this section shall not apply to producers south and east of San Gorgonio Pass or to producers in Del Norte, Humboldt, and Siskiyou Counties. The director may waive the provisions of this section in any case in which he finds that production was restricted by causes beyond the control of the individual producer.

The director may also waive the provisions of this section for any year, if he determines, prior to June 1 of any such year, that there will be sufficient market milk during the months of September, October, and November to satisfy market milk needs.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to prevent overproduction of market milk during the current year, it is necessary that the provisions of this act become effective immediately.

CHAPTER 169

An act to amend Sections 70059.7 and 74647 of the Government Code, relating to courts, and declaring the urgency thereof, to take effect immediately.

[Became law without Governor's signature May 25, 1978. Filed with Secretary of State May 25, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 70059.7 of the Government Code is amended to read:

70059.7. In Santa Barbara County, each regular official reporter shall be paid a biweekly salary which shall be eight hundred thirty-six dollars and eighty-nine cents ($836.89) which salary shall include payment for services in reporting all proceedings in the superior court, before the grand jury, and before coroners' inquests.

Reporters pro tempore shall be paid at the per diem rate of eighty-four dollars ($84) for the days they are actually on duty under order of the court, and shall receive from the county their necessary traveling and other expenses when necessarily called from other counties. Rates of compensation of regular official reporters and official reporters pro tempore may be adjusted by joint action and approval of the board of supervisors and a majority of the judges of the court, provided, however, that any changes in compensation which are made pursuant to this section shall be on an interim basis and shall remain in effect only until January 1, 1980, unless ratified by statute by the Legislature prior to that date.

In such a county, the fee required by Section 70053 shall be ten dollars ($10).

In addition to any fee otherwise required, in civil cases that last longer than five judicial days, a fee per day equal to the per diem rate for official reporters pro tempore shall be charged to the parties for the services of an official reporter for the sixth and each succeeding day a reporter is required.

SEC. 2. Section 74647 of the Government Code is amended to

read:

74647. (a) Full-time official reporters appointed by the majority of the judges of the municipal court pursuant to the provisions of Section 72194 and so designated, shall be attachés of the court and shall receive a biweekly salary in accordance with the provisions of Section 70059.7. Such salary shall be paid at the same times and according to the same procedures as salaries of employees of the County of Santa Barbara. During the hours when the court is open for the transaction of judicial business, official reporters shall devote full time to the performance of the duties required of them by law and shall not engage in or solicit to engage in any other employment in their professional capacity.

(b) The judges of the court may appoint as many part-time additional reporters as the business of the court requires. The additional reporters shall be known as official reporters pro tempore, and they shall serve without salary but shall receive, for reporting, fees at the per diem rate fixed by Section 70059.7. Rates of compensation of regular official reporters and official reporters pro tempore may be adjusted by joint action and approval of the board of supervisors and a majority of the judges of the court, provided, however, that any changes in compensation which are made pursuant to this section shall be on an interim basis and shall remain in effect only until January 1, 1980, unless ratified by statute by the Legislature prior to that date. In criminal cases such fees upon order of the court shall be a charge against the general fund of the county.

(c) An official reporter when not engaged in the performance of duties of the municipal court, may be appointed to serve as such reporter for the Santa Barbara County Grand Jury or in any other court in the County of Santa Barbara.

SEC. 3. The Legislature hereby finds and declares that, in view of its constitutionally delegated responsibility of setting salaries for court reporters, it is necessary to obtain information regarding the total compensation paid to court reporters from all sources so as to allow proper evaluation of legislative proposals relating to court reporters' salaries on an ongoing basis.

Such legislative proposals are not made on a uniform, statewide basis, but on a county-by-county basis. Therefore, it is necessary to monitor the compensation provided court reporters on an individual county basis reflecting the periodic legislative proposals which are made for specific counties. Accordingly, this legislation affecting Santa Barbara County is necessary to permit the Legislature to carry out its constitutionally delegated responsibility of setting court reporters' salaries in such counties in view of the submitted request for an adjustment in the compensation provided to court reporters in such counties.

SEC. 4. If any provision of this act, or of Section 68517 of the Government Code or the application thereof, is enjoined, restrained, or otherwise held invalid, then every other provision or application of such provisions shall be void, and to this end the provisions of such

sections are inseverable.

SEC. 5. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section, nor shall there be any appropriation made by this act, because this act is in accordance with the request of a local government entity or entities which desired legislative authority to act to carry out the program specified in this act.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into effect immediately. The facts constituting such necessity are:

As authorized by this act, the salaries and fees of court reporters were increased by the joint action of the board of supervisors and the judges and such increases will terminate after January 1, 1978, and not be reinstated until enactment of this measure. A decrease in compensation may make it difficult to retain or recruit an adequate number of court reporters.

CHAPTER 170

An act to amend Section 76042 of, and to add Section 68534 to, the Government Code, relating to court reporters.

[Became law without Governor's signature May 30, 1978 Filed with Secretary of State May 30, 1978]

(2) Report all civil proceedings.

For all transcriptions incident to reporting services, each reporter shall receive the fees provided for in Article 9 (commencing with Section 69941) of Chapter 5 of this title. The court reporter shall also be allowed his or her actual traveling expenses when reporting outside of the county seat.

(c) Grand jurors and jurors in the superior court shall be paid seven dollars ($7) a day for each day's attendance, and twelve cents ($0.12) per mile each way per each day of service. The county clerk shall certify to the auditor the number of days' attendance and the number of miles traveled by each juror. The auditor shall draw his warrants for the fees and mileage due the juror, and the treasurer shall pay the warrant.

(d) Witnesses when legally required to attend upon the superior court in criminal cases and upon the juvenile court in juvenile court matters, shall be paid six dollars ($6) a day for each day's actual attendance, and twelve cents ($0.12) for each mile actually traveled. The auditor shall draw his warrant for the fees and mileage due the witness, and the treasurer shall pay the warrant.

SEC. 3. If any provision of this act, or the application thereof, is enjoined, restrained, or otherwise held invalid, then every other provision or application of such provisions shall be void, and to this end the provisions of this act are inseverable.

CHAPTER 171

An act to add Section 2310.2 to the Business and Professions Code, relating to podiatrists.

[Approved by Governor May 31, 1978. Filed with Secretary of State May 31, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 2310.2 is added to the Business and Professions Code, to read:

2310.2. Notwithstanding any other provision of law, the Division of Allied Health Professions shall issue a reciprocity certificate to an applicant to practice podiatric medicine in this state, provided such applicant meets the following requirements:

25806. (a) In case any charges for water and other services or either remain unpaid the amount of the unpaid charges may, in the discretion of the district:

(1) If unpaid at the time specified for delivery of the assessment book to the collector, be added to and become a part of the annual assessment levied upon the real property upon which the water for which the charges are unpaid was used and upon the real property subject to the charges for any other district services and shall constitute a lien on that real property. However, if any real property to which such lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon prior to the date on which the first installment of real property taxes which evidence the charges appears on the roll, then the lien which would otherwise be imposed by this subdivision shall not be added to and become part of the annual assessment nor shall it attach to such real property.

(2) Be secured at any time by filing for record in the office of the county recorder of any county, a certificate specifying the amount of such charges and the name and address of the person liable therefor.

From the time of recordation of the certificate, the amount required to be paid together with interest and penalty constitutes a lien upon all real property in the county owned by the person or afterwards, and before the lien expires, acquired by him. The lien has the force, priority, and effect of a judgment lien and shall continue for 10 years from the date of the filing of the certificate unless sooner released or otherwise discharged. The lien may, within 10 years from the filing of the certificate or within 10 years from the date of the last extension of the lien in the manner herein provided, be extended by filing for record a new certificate in the office of the county recorder of any county and from the time of such filing the lien shall be extended to the real property in such county for 10 years unless sooner released or otherwise discharged.

However, if any real property to which such lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of real property taxes which evidence the delinquent charges appear on the roll, then the lien which would otherwise be imposed by this subdivision shall not attach to such real property and the costs of such water and services or either, as confirmed, relating to such property shall be transferred to the unsecured roll for collection.

SEC. 2. Certain nonprofit corporations organized solely for general charitable and eleemosynary purposes are presently having difficulty functioning and in some cases are paralyzed because they are unable to attain a quorum at meetings. (c) In Madera County, the fee for reporting testimony and proceedings in contested cases is seventy-five dollars ($75) a day, or any fractional part thereof.

(d) In Kings County, the fee for reporting testimony and proceedings in contested cases is seventy dollars ($70) a day, or any fractional part thereof.

(e) In Mariposa County, the fee for reporting testimony and proceedings in contested cases is seventy dollars ($70) a day, or any fractional part thereof.

(f) In Siskiyou County, the board of supervisors may, by ordinance, prescribe a higher rate of compensation for superior court reporters.

(g) In Yuba County, the fee for reporting testimony and proceedings in contested cases is seventy-five dollars ($75) a day, or any fractional part thereof.

(h) In Butte County, pro tempore reporters shall receive a fee of seventy-five dollars ($75) a day, or any fractional part thereof, for reporting testimony and proceedings in contested cases.

(i) In Sutter County, the fee for reporting testimony and proceedings in contested cases is seventy-five dollars ($75) a day, or any fractional part thereof.

SEC. 3. The Legislature hereby finds and declares that, in view of its constitutionally delegated responsibility of setting salaries for court reporters, it is necessary to obtain information regarding the total compensation paid to court reporters from all sources so as to allow proper evaluation of legislative proposals relating to court reporters' salaries on an ongoing basis.

Such legislative proposals are not made on a uniform, statewide basis, but on a county-by-county basis. Therefore, it is necessary to monitor the compensation provided court reporters on an individual county basis reflecting the periodic legislative proposals which are

made for specific counties. Accordingly, this legislation affecting Sutter County is necessary to permit the Legislature to carry out its constitutionally delegated responsibility of setting court reporters' salaries in such counties in view of the submitted request for an adjustment in the compensation provided to court reporters in such counties.

SEC. 4. If any provision of Section 1 or 2 of this act, or the application thereof, is enjoined, restrained, or otherwise held invalid, then every other provision or application of such provisions shall be void, and to this end the provisions of such sections are inseverable.

SEC. 5. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section, nor shall there be an appropriation made by this act, because this act is in accordance with the request of a local government entity which desires legislative authority to carry out the program specified in this act.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There now exists in the County of Sutter an urgent need for court reporters and unless per diem adjustments are made to meet the cost of living increases which have occurred since 1970, there will be extreme difficulty in obtaining competent court reporters. The inability to obtain competent court reporters will adversely affect the administration of criminal and civil justice. In order to prevent undue delay in the trials of criminal and civil cases and to assure that defendants in criminal cases do not lose their constitutional right to a speedy trial, it is necessary that this act go into effect immediately.

[Approved by Governor June 2, 1978 Filed with Secretary of State June 2, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 790.03 of the Insurance Code is amended to read:

790.03. The following are hereby defined as unfair methods of competition and unfair and deceptive acts or practices in the business of insurance.

(a) Making, issuing, circulating, or causing to be made, issued or circulated, any estimate, illustration, circular or statement misrepresenting the terms of any policy issued or to be issued or the benefits or advantages promised thereby or the dividends or share of the surplus to be received thereon, or making any false or misleading statement as to the dividends or share of surplus previously paid on similar policies, or making any misleading representation or any misrepresentation as to the financial condition of any insurer, or as to the legal reserve system upon which any life insurer operates, or using any name or title of any policy or class of policies misrepresenting the true nature thereof, or making any misrepresentation to any policyholder insured in any company for the purpose of inducing or tending to induce such policyholder to lapse, forfeit, or surrender his insurance.

(b) Making or disseminating or causing to be made or disseminated before the public in this state, in any newspaper or other publication, or any advertising device, or by public outcry or proclamation, or in any other manner or means whatsoever, any statement containing any assertion, representation or statement with respect to the business of insurance or with respect to any person in the conduct of his insurance business, which is untrue, deceptive or misleading, and which is known, or which by the exercise of reasonable care should be known, to be untrue, deceptive or misleading.

(c) Entering into any agreement to commit, or by any concerted action committing, any act of boycott, coercion or intimidation resulting in or tending to result in unreasonable restraint of, or monopoly in, the business of insurance.

(d) Filing with any supervisory or other public official, or making, publishing, disseminating, circulating or delivering to any person, or placing before the public, or causing directly or indirectly, to be made, published, disseminated, circulated, delivered to any person, or placed before the public any false statement of financial condition of an insurer with intent to deceive.

(e) Making any false entry in any book, report or statement of any insurer with intent to deceive any agent or examiner lawfully appointed to examine into its condition or into any of its affairs, or any public official to whom such insurer is required by law to report, or who has authority by law to examine into its condition or into any of its affairs, or, with like intent, willfully omitting to make a true entry of any material fact pertaining to the business of such insurer in any book, report or statement of such insurer.

(f) Making or permitting any unfair discrimination between individuals of the same class and equal expectation of life in the rates charged for any contract of life insurance or of life annuity or in the dividends or other benefits payable thereon, or in any other of the terms and conditions of such contract.

This subdivision shall be interpreted, for any contract of ordinary life insurance or individual life annuity applied for and issued on or after January 1, 1981, to require differentials based upon the sex of the individual insured or annuitant in the rates or dividends or benefits, or any combination thereof. This requirement is satisfied if such differentials are substantially supported by valid pertinent data segregated by sex, including, but not necessarily limited to, mortality data segregated by sex.

However, for any contract of ordinary life insurance or individual life annuity applied for and issued on or after January 1, 1981, but before the compliance date, in lieu of such differentials based on data segregated by sex, rates or dividends or benefits, or any combination thereof, for ordinary life insurance or individual life annuity on a female life may be calculated as follows: (a) according to an age not less than three years nor more than six years younger than the actual age of the female insured or female annuitant, in the case of a contract of ordinary life insurance with a face value greater than five thousand dollars ($5,000) or a contract of individual life annuity; and (b) according to an age not more than six years younger than the actual age of the female insured, in the case of a contract of ordinary life insurance with a face value of five thousand dollars ($5,000) or less. "Compliance date" as used in this paragraph shall mean the date or dates established as the operative date or dates by future amendments to this code directing and authorizing life insurers to use a mortality table containing mortality data segregated by sex for the calculation of adjusted premiums and present values for nonforfeiture benefits and valuation reserves as specified in Sections 10163.5 and 10489.2 or successor sections.

(g) Making or disseminating, or causing to be made or disseminated, before the public in this state, in any newspaper or other publication, or any other advertising device, or by public outcry or proclamation, or in any other manner or means whatever, whether directly or by implication, any statement that a named insurer, or named insurers, are members of the California Insurance Guarantee Association, or insured against insolvency as defined in Section 119.5. This subdivision shall not be interpreted to prohibit

any activity of the California Insurance Guarantee Association or the commissioner authorized, directly or by implication, by Article 14.2 (commencing with Section 1063) of this chapter.

(h) Knowingly committing or performing with such frequency as to indicate a general business practice any of the following unfair claims settlement practices:

(1) Misrepresenting to claimants pertinent facts or insurance policy provisions relating to any coverages at issue.

(2) Failing to acknowledge and act reasonably promptly upon communications with respect to claims arising under insurance policies.

(3) Failing to adopt and implement reasonable standards for the prompt investigation and processing of claims arising under insurance policies.

(4) Failing to affirm or deny coverage of claims within a reasonable time after proof of loss requirements have been completed and submitted by the insured.

(5) Not attempting in good faith to effectuate prompt, fair, and equitable settlements of claims in which liability has become reasonably clear.

(6) Compelling insureds to institute litigation to recover amounts due under an insurance policy by offering substantially less than the amounts ultimately recovered in actions brought by such insureds, when such insureds have made claims for amounts reasonably similar to the amounts ultimately recovered.

(7) Attempting to settle a claim by an insured for less than the amount to which a reasonable man would have believed he was entitled by reference to written or printed advertising material accompanying or made part of an application.

(8) Attempting to settle claims on the basis of an application which was altered without notice to, or knowledge or consent of, the insured, his representative, agent, or broker.

(9) Failing, after payment of a claim, to inform insureds or beneficiaries, upon request by them, of the coverage under which payment has been made.

(10) Making known to insureds or claimants a practice of the insurer of appealing from arbitration awards in favor of insureds or claimants for the purpose of compelling them to accept settlements or compromises less than the amount awarded in arbitration.

(11) Delaying the investigation or payment of claims by requiring an insured, claimant, or the physician of either, to submit a preliminary claim report, and then requiring the subsequent submission of formal proof of loss forms, both of which submissions contain substantially the same information.

(12) Failing to settle claims promptly, where liability has become apparent, under one portion of the insurance policy coverage in order to influence settlements under other portions of the insurance policy coverage.

(13) Failing to provide promptly a reasonable explanation of the

basis relied on in the insurance policy, in relation to the facts or applicable law, for the denial of a claim or for the offer of a compromise settlement.

(14) Directly advising a claimant not to obtain the services of an attorney.

(15) Misleading a claimant as to the applicable statute of limitations.

CHAPTER 187

An act to amend Section 8103 of the Welfare and Institutions Code, relating to firearms.

[Approved by Governor June 2, 1978. Filed with Secretary of State June 2, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 8103 of the Welfare and Institutions Code is amended to read:

8103. No person who has been adjudicated by a court to be a danger to others as a result of a mental disorder or mental illness, after October 1, 1955, shall have in his possession or under his custody or control any firearm unless there has been issued to such person a certificate as hereafter described in this section and such person has not, subsequent to the issuance of such certificate, again been adjudicated by a court to be a danger to others as a result of a mental disorder or mental illness.

A certificate meeting the requirements of this section must be a written statement that is either part of a broader certificate of competency or a separate document and that is issued, on application of the person who was so adjudicated, either at the time of release from treatment under such adjudication or at a later date, by the medical director of any California state hospital, stating that in the opinion of the person issuing the certificate based either on his own knowledge or on the opinions of members of his staff or on records of the institution, the applicant is a person who may possess a firearm without endangering others. If a person applies to a medical director of a California state hospital for such a certificate and the applicant has not been treated in that hospital, or if the medical director believes that a current mental examination is necessary to enable him to determine whether or not such a certificate shall be issued, the medical director shall cause such person to be examined by a member of the staff of the hospital and may otherwise investigate the case. The medical director may charge a reasonable fee for such examination and investigation.

Refusal of a medical director to issue a certificate of competency or separate document as described in the preceding provisions of this

section is reviewable by mandamus in the superior court of the county of which the applicant is a resident or the county in which the hospital of which the medical director is head. Upon a showing to the satisfaction of the court of abuse of discretion by the medical director the court shall issue its writ directing the medical director to issue its certificate or document.

No person who has been found, pursuant to Section 1026 of the Penal Code, not guilty by reason of insanity of murder, mayhem, a violation of Section 207 or 209 of the Penal Code in which the victim suffers intentionally inflicted great bodily injury, robbery in which the victim suffers great bodily injury, a violation of Section 447a of the Penal Code involving a trailer coach, as defined in Section 635 of the Vehicle Code, or any dwelling house, a violation of subdivision 2 or 3 of Section 261 of the Penal Code, a violation of Section 459 of the Penal Code in the first degree, assault with intent to commit murder, a violation of Section 220 of the Penal Code in which the victim suffers great bodily injury, a violation of Section 12303.1, 12303.2, 12303.3, 12308, 12309, or 12310 of the Penal Code, or of a felony involving death, great bodily injury, or an act which poses a serious threat of bodily harm to another person, shall have in his possession or under his custody or control any firearm.

Every person who possesses or has under his custody or control any firearm in violation of this section is guilty of a misdemeanor.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

The people of the State of California do enact as follows:

SECTION 1. Section 4228 of the Business and Professions Code is amended to read:

CHAPTER 203

An act to amend Sections 674 and 675 of the Code of Civil Procedure, relating to judgment liens.

was rendered, may be recorded with the recorder of any county and from such recording the judgment or decree becomes a lien upon all the real property of the judgment debtor, not exempt from execution, in such county, owned by him at the time, or which he may afterward and before the lien expires, acquire. Such lien continues for 10 years from the date of the entry of the judgment or decree unless the enforcement of the judgment or decree is stayed on appeal or pursuant to Section 1710.50 by the execution of a sufficient undertaking or the deposit in court of the requisite amount of money as provided in this code, or by the statutes of the United States, in which case the lien of the judgment or decree, and any lien or liability now existing or hereafter created by virtue of an attachment that has been issued and levied in the action, unless otherwise by statutes of the United States provided, ceases, or upon an undertaking on release of attachment, or unless the judgment or decree is previously satisfied, or the lien otherwise discharged. The abstract above mentioned shall contain the following: title of the court and cause and number of the action; date of entry of the judgment or decree; names of the judgment debtor and of the judgment creditor; amount of the judgment or decree, and where entered in judgment book or minutes. 675. (a) Satisfaction of a judgment may be entered upon an execution returned satisfied, or upon an acknowledgment of satisfaction filed with the clerk or with the judge, if there be no clerk, which may recite payment of the judgment in full or the acceptance by the judgment creditor of any lesser sum in full satisfaction thereof, made in the manner of an acknowledgment of a conveyance of real property, by the judgment creditor or assignee of record, or by endorsement by judgment creditor or assignees of record on the face, or on the margin of the record of the judgment, or by the attorney, unless a revocation of his authority is filed. Whenever a judgment is satisfied in fact, otherwise than upon an execution, the

party or attorney must give such acknowledgment, or make such endorsement, and, upon motion, the court may compel it, or may order the entry of satisfaction to be made without it.

In the superior, municipal, and justice courts such entry shall be made in the register of actions.

(b) Except in cases where demand has been made pursuant to subdivision (c), when an abstract of the judgment has been recorded with the recorder of any county, acknowledgment of satisfaction thereof by execution or other means shall be filed in the manner provided in subdivision (a) and either personally delivered, or sent by first-class mail, postage prepaid to the judgment debtor or his attorney by the judgment creditor or assignee not later than 30 days after the judgment has been in fact paid in full. Any such judgment creditor or assignee of record who fails without just cause to file or deliver such acknowledgment of satisfaction shall be liable to the judgment debtor or to the owner of the real property, as the case may be, or his grantees or heirs, for all damages which he or they may sustain by reason of such failure, and shall also forfeit to him or them the sum of one hundred dollars ($100).

(c) Any judgment creditor or assignee who, for a period of 15 days after actual receipt of a demand in writing for acknowledgment of satisfaction of judgment, which demand is made after the judgment has in fact been paid in full, refuses without just cause to execute, acknowledge and deliver such acknowledgment of satisfaction to the judgment debtor, or to the owner of the real property upon which the judgment has become a lien by reason of the recording of an abstract of a judgment in accordance with Section 674, is liable to the judgment debtor or to the owner of the real property, as the case may be, or his grantees or heirs, for all damages which he or they may sustain by reason of such refusal, and shall also forfeit to him or them the sum of one hundred dollars ($100).

(d) Any judgment creditor or assignee who intentionally conditions the delivery of an acknowledgment of satisfaction of judgment upon the performance of any act or the payment of any amount by a judgment debtor in excess of that to which the judgment creditor or assignee is entitled pursuant to the judgment, shall be liable to the judgment debtor or his grantees or heirs, for all damages sustained by reason of such action, but in no event shall this be less than two hundred fifty dollars ($250).

This subdivision shall not apply where a judgment creditor or assignee has agreed to deliver an acknowledgment of satisfaction of

judgment to the judgment debtor prior to full satisfaction of the judgment in consideration for the judgment debtor having agreed either to furnish security or to execute a promissory note, or both, the principal amount of which does not exceed that to which the judgment creditor or assignee is entitled pursuant to the judgment.

(e) Whenever a certificate has been recorded with the recorder of any county by a state agency under Article 4 (commencing with Section 18881), Chapter 19, Part 10, Division 2 of, or Article 2 (commencing with Section 26161), Chapter 23, Part 11, Division 2 of, the Revenue and Taxation Code, or under Article 1 (commencing with Section 1701), Chapter 7, Part 1, Division 1 of the Unemployment Insurance Code, acknowledgment of satisfaction thereof by execution or other means shall be recorded by the state agency no later than 30 days after the delinquency evidenced by such certificate is satisfied.

(f) Where an abstract of judgment has been recorded which appears to create a judgment lien against property of a person who is not the judgment debtor, because the name of the property owner is the same or similar to that of the true judgment debtor, the erroneously identified property owner has the following remedies:

(1) The judgment creditor or assignee, within 15 days after actual receipt of a demand in writing made by the erroneously identified property owner and upon presentation of proof to the satisfaction of the judgment creditor or assignee that such property owner is not the true judgment debtor, shall prepare and deliver a recordable document releasing the lien against that person's property. If the judgment creditor or assignee fails to make such release he shall be liable to that person for all damages sustained by reason of such refusal, and shall also forfeit to him one hundred dollars ($100).

(2) If after demand the judgment creditor or assignee fails to prepare and deliver a recordable document releasing the lien, the erroneously identified property owner may make a motion in court, and upon presentation of evidence to the satisfaction of the court that such property owner is not the true judgment debtor, the court shall compel the preparation and delivery of the document described in paragraph (1), or shall itself order the release of the judgment lien.

(g) In any action maintained pursuant to subdivisions (b), (c), (d), or (f) the court shall award reasonable attorney's fees to the prevailing party.

(h) The damages provided for in this section are not in derogation of any other damages or penalties to which an aggrieved person may be entitled by law.

CHAPTER 204

An act to amend Sections 1 and 2 of Chapter 8 of the Statutes of 1977, relating to the San Juan Ridge Union Elementary School, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 5, 1978 Filed with Secretary of State June 6, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 1 of Chapter 8 of the Statutes of 1977 is amended to read:

Section 1. The San Juan Ridge Union Elementary School District recently built and occupied a new elementary school to replace other schools which did not meet Field Act standards. The new school served approximately 200 elementary school pupils of the district. In February of 1977 the new school was completely destroyed by fire, leaving pupils of the district with no school to attend for the remainder of the 1976–77 school year and for the 1977–78 school year.

The governing board of the district considered various alternative means of educating the pupils during this emergency, including transporting them to schools of other districts. However, due to the long distances involved and the mountainous terrain of the area, the only feasible alternative was to temporarily house pupils in other school buildings until replacement facilities may be built. Construction contracts on new school buildings have been let, but the structures will not be completed until late in 1978.

SEC. 2. Section 2 of Chapter 8 of the Statutes of 1977 is amended to read:

Sec. 2. The San Juan Ridge Union Elementary School District is hereby authorized to house pupils in the North San Juan Elementary School and the Birchville Elementary School, and during the period of temporary use those schools shall not be subject to any of the provisions of Article 4 (commencing with Section 15451) and Article 5 (commencing with Section 15501) of Chapter 2 of Division 11 of the Education Code, and Article 3 (commencing with Section 39140) and Article 6 (commencing with Section 39210) of Part 23 of the Education Code as recodified by Chapters 1010 and 1011 of the Statutes of 1976. The exemption provided by this section shall remain in effect until June 30, 1979.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to enable the San Juan Ridge Union Elementary School District to remain in the temporary school facilities until the new buildings are completed, it is essential that this act go into immediate effect.

CHAPTER 205

An act to amend Section 464 of the Health and Safety Code, relating to family planning.

[Approved by Governor June 5, 1978. Filed with Secretary of State June 6, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 464 of the Health and Safety Code is amended to read:

464. The county health officer shall furnish to all hospitals within the county and to all physicians and surgeons upon request copies of the lists prepared pursuant to Section 463 in sufficient numbers as each hospital may need for voluntary distribution to patients at the hospital and as each physician and surgeon may need for voluntary distribution to his patients.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the duties, obligations, or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

CHAPTER 206

An act relating to school facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 5, 1978. Filed with Secretary of State June 6, 1978.]

The people of the State of California do enact as follows:

SECTION 1. The Chaffey Joint Union High School District is leasing a building in order to provide certain educational services while it locates a permanent structure which complies with the Field Act. It is necessary to extend the use of such leased building for an additional school year.

SEC. 2. The governing board of the Chaffey Joint Union High School District may continue to use the building referred to in Section 1 for the 1978–79 school year. During such period of continued use, the building shall not be subject to any of the provisions of Article 3 (commencing with Section 39140) or Article

6 (commencing with Section 39210) of Chapter 2 of Part 23 of Division 3 of the Education Code.

SEC. 3. The Potter Valley Community Unified School District was established July 1, 1977, and immediately began a building program to replace two of its buildings, a shop facility and an eighth-grade classroom building, which do not comply with the structural standards prescribed pursuant to the Field Act. It is necessary that the use of the two nonconforming buildings be extended until September 1979, when the building program is scheduled for completion and the new buildings are ready for occupancy.

SEC. 4. The governing board of the Potter Valley Community Unified School District may continue to use the buildings referred to in Section 3 for the 1978–79 school year. During such period of continued use, the buildings shall not be subject to any of the provisions of Article 3 (commencing with Section 39140) or Article 6 (commencing with Section 39210) of Chapter 2 of Part 3 of Division 3 of the Education Code.

SEC. 6. The governing board of the Alameda Unified School District may continue to use the gymnasium and locker rooms, the auditorium and adjacent lobby and restrooms at Alameda High School for the 1978–79 school year if authorization for funding the rehabilitation or replacement of such facilities is approved by the voters of the district by June 7, 1978. Any facilities not included in such voter authorization shall not be continued in use after June 7, 1978. During the period of continued use, as authorized by this section, the buildings shall not be subject to any of the provisions of Article 3 (commencing with Section 39140) or Article 6 (commencing with Section 39210) of Chapter 2 of Part 23 of Division 3 of the Education Code.

SEC. 7. Due to the unique circumstances concerning the construction of new school facilities in the Chaffey Joint Union High School District and in the Potter Valley Community Unified School District and the Alameda Unified School District, and the limited nature of the exemptions provided for in Sections 2, 4, and 6 of this act, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the building which is presently serving the needs of

pupils of the Chaffey Joint Union High School District and the Potter Valley Community Unified School District may continue to be utilized without interruption while school facilities which meet Field Act standards are brought into use, and in order that the Alameda Unified School District may secure the needed funds to bring Alameda High School in compliance with the Field Act standards, it is necessary that this act take effect immediately.

[Approved by Governor June 5, 1978 Filed with Secretary of State June 6, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 66427.2 of the Government Code is amended to read:

66427.2. Unless applicable general or specific plans contain definite objectives and policies, specifically directed to the conversion of existing buildings into condominium projects, the provisions of Sections 66473.5, 66474, and 66474.61, and subdivision (c) of Section 66474.60 shall not apply to condominium projects which consist of the subdivision of airspace in an existing structure, unless new units are to be constructed or added.

This section shall not diminish, limit or expand, other than as provided herein, the authority of any city, county, or city and county to approve or disapprove condominium projects.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The provisions of law relating to approval of condominium projects in conformance with general and specific plans added by Chapter 923 of the Statutes of 1977, are intended to apply uniformly statewide.

In order that the special provisions of law for cities with a population of more than 2,800,000 may be brought within the coverage of such law in the shortest possible time, it is necessary that this bill take immediate effect.

CHAPTER 210

An act to amend Section 45060 of the Education Code, relating to school certificated employees.

[Approved by Governor June 6, 1978 Filed with Secretary of State June 6, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 45060 of the Education Code is amended to read:

45060. The governing board of each school district when drawing an order for the salary payment due to a certificated employee of the district, shall with or without charge reduce the order by the amount which it has been requested in a revocable written authorization by the employee to deduct for the purpose of paying the dues of the employee for membership in any local professional organization or in any statewide professional organization, or in any other professional organization affiliated or otherwise connected with a statewide professional organization which authorizes such statewide organization to receive membership dues on its behalf and for the purpose of paying his pro rata share of the costs incurred by the district in making the deduction. No charge shall exceed the actual cost to the district of such dues deduction. Any revocation of a written authorization shall be in writing and shall be effective commencing with the next pay period. The governing board shall each month draw its order upon the funds of the district in favor of the organization designated by the employee for an amount equal to the total of the dues deductions made with respect to such organization during the month. The district shall retain and deposit in the general fund of the district the total amounts deducted from the employee's salary payment for the purpose of paying the employee's pro rata share of the costs incurred by the district in making the dues deductions provided for in this section. If the employees of a district do not authorize the board to make a deduction to pay their pro rata share of the costs of making deductions for the payment of dues, the board shall deduct from the amount transmitted to the organization on whose account the dues payments were deducted the actual costs of making such deduction.

The revocable written authorization shall remain in effect until expressly revoked in writing by the employee. Whenever there is a change in the amount required for such payment to the organization, the employee organization shall provide the employee with adequate and necessary data on such change at a time sufficiently prior to the effective date of the change to allow the employee an opportunity to revoke the written authorization, if desired. The employee organization shall provide the public school employer with notification of the change at a time sufficiently prior to the effective date of the change to allow the employer an opportunity to make the necessary adjustments and with a copy of the notification of the change which has been sent to all concerned employees.

The governing board shall not require the completion of a new deduction authorization when a dues change has been effected or at any other time without the express approval of the concerned employee organization.

CHAPTER 211

An act to amend Section 987.62 of the Military and Veterans Code, relating to veteran's farm and home purchasing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 6, 1978. Filed with Secretary of State June 6, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 987.62 of the Military and Veterans Code is amended to read:

987.62. The department, after consummating a purchase under the provisions of this article and the veteran having occupied the property as required by Section 987.60 of this article, may waive the occupancy requirement for a period not to exceed four years on a showing of good cause. The department may also waive the occupancy requirement for any period of time if the property is a farm and if the veteran personally cultivates the property and harvests the crops or tends livestock. The department shall establish standards for the occupancy waiver and shall make those standards known. The department shall waive the occupancy requirement in any case where the State Department of Health determines that health hazards on adjacent property render the farm or home unsuitable for occupancy, and such waiver shall be effective as long as such conditions exist.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The occupancy requirement of the Cal-Vet Program for property purchased thereunder is causing veterans who purchase farms thereunder and who are personally cultivating the property and harvesting crops or tending livestock, but who are unable to occupy such farms, to suffer undue hardships. This bill would relieve such undue hardship. In order that such undue hardship may be relieved at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 212

An act to amend Sections 2729, 2761, and 2811.5 of the Business and Professions Code, relating to nursing and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 6, 1978 Filed with Secretary of State June 6, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 2729 of the Business and Professions Code is amended to read:

2729. Nursing services may be rendered by a student when these services are incidental to the course of study of one of the following:

(a) A student enrolled in a board-approved prelicensure program or school of nursing.

(b) A nurse licensed in another state or country taking a board-approved continuing education course or a postlicensure course.

SEC. 2. Section 2761 of the Business and Professions Code is amended to read:

2761. The board may take disciplinary action against a licensed nurse or an applicant for a license for:

(a) Unprofessional conduct, which includes but is not limited to the following:

(1) Incompetence, or gross negligence in carrying out usual nursing functions.

(2) A conviction of practicing medicine without a license in violation of Chapter 5 of Division 2 of the Business and Professions Code, in which event the record of conviction shall be conclusive evidence thereof.

(3) The use of advertising relating to nursing which violates Section 17500 of this code.

(c) Procuring, or aiding, or abetting, or attempting, or agreeing, or offering to procure or assist at a criminal abortion.

(d) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violating of, or conspiring to violate any provision or term of this chapter or regulations adopted pursuant to it.

(e) Making or giving any false statement or information in connection with the application for issuance of a license.

(f) Conviction of a felony or of any offense involving moral turpitude, in which event the record of the conviction shall be conclusive evidence thereof.

(g) Impersonating any applicant or acting as proxy for an applicant in any examination required under this chapter for the issuance of a license.

(h) Impersonating another licensed practitioner, or permitting or allowing another person to use his certificate for the purpose of nursing the sick or afflicted.

(i) Aiding or assisting, or agreeing to aid or assist any person or persons, whether a licensed physician or not, in the performance of or arranging for a violation of any of the provisions of Article 13, Chapter 5, Division 2 of this code.

(j) Holding oneself out to the public or to any practitioner of the

healing arts as a "nurse practitioner" or as meeting the standards established by the board for a nurse practitioner unless meeting the standards established by the board pursuant to Article 8 (commencing with Section 2834) of this chapter.

SEC. 3. Section 2811.5 of the Business and Professions Code is amended to read:

2811.5. (a) Each person renewing his license under the provisions of Section 2811 shall submit proof satisfactory to the board that, during the preceding two-year period, he or she has been informed of the developments in the registered nurse field or in any special area of practice engaged in by such licensee, occurring since the last renewal thereof, either by pursuing a course or courses of continuing education in the registered nurse field or relevant to the practice of such licensee, and approved by the board; or by other means deemed equivalent by the board. In lieu of submitting such proof, the license holder, if he or she so desires, may take and successfully complete an examination given by the board designed to test his or her knowledge of development occurring in the registered nurse field since the last renewal thereof.

(b) For purposes of this section, the board shall, by regulation, establish standards for continuing education. The standards shall be established in a manner to assure that a variety of alternative forms of continuing education are available to licensees including, but not limited to, academic studies, in-service education, institutes, seminars, lectures, conferences, workshops, extension studies, and home study programs. The standards shall take cognizance of specialized areas of practice. The continuing education standards established by the board shall not exceed 30 hours of direct participation in a course or courses approved by the board, or its equivalent in the units of measure adopted by the board.

(c) This section shall not apply to licensees during the first two years immediately following their initial licensure in California or any other governmental jurisdiction.

(d) The board may, in accordance with the intent of this section, make exceptions from continuing education requirements for licensees residing in another state or country, or for reasons of health, military service, or other good cause.

This section shall become operative on July 1, 1978.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Existing law exempts licensed registered nurses from specified continuing education requirements, which are to be effective on July 1, 1978, for a period of two years following graduation. A large number of persons become licensed without graduation from nursing school, and in order to exempt all recent licensees from such continuing education requirements for the initial licensure period, it is necessary that this act go into immediate effect.

CHAPTER 213

An act to amend Section 30103 of, and to add Section 30103.5 to, the Public Resources Code, relating to coastal resources, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 7, 1978 Filed with Secretary of State June 8, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 30103 of the Public Resources Code is amended to read:

30103. (a) "Coastal zone" means that land and water area of the State of California from the Oregon border to the border of the Republic of Mexico, specified on the maps identified and set forth in Section 17 of that chapter of the Statutes of the 1975–76 Regular Session enacting this division, extending seaward to the state's outer limit of jurisdiction, including all offshore islands, and extending inland generally 1,000 yards from the mean high tide line of the sea. In significant coastal estuarine, habitat, and recreational areas it extends inland to the first major ridgeline paralleling the sea or five miles from the mean high tide line of the sea, whichever is less, and in developed urban areas the zone generally extends inland less than 1,000 yards. The coastal zone does not include the area of jurisdiction of the San Francisco Bay Conservation and Development Commission, established pursuant to Title 7.2 (commencing with Section 66600) of the Government Code, nor any area contiguous thereto, including any river, stream, tributary, creek, or flood control or drainage channel flowing into such area.

(b) The commission shall, within 60 days after its first meeting, prepare and adopt a detailed map, on a scale of one inch equals 24,000 inches for the coastal zone and shall file a copy of such map with the county clerk of each coastal county. The purpose of this provision is to provide greater detail than is provided by the maps identified in Section 17 of that chapter of the Statutes of the 1975–76 Regular Session enacting this division. The commission may adjust the inland boundary of the coastal zone the minimum landward distance necessary, but in no event more than 100 yards, or the minimum distance seaward necessary, but in no event more than 200 yards, to avoid bisecting any single lot or parcel or to conform it to readily identifiable natural or manmade features.

SEC. 2. Section 30103.5 is added to the Public Resources Code, to read:

30103.5. (a) Notwithstanding map number 138 adopted pursuant to Section 17 of Chapter 1330 of the Statutes of 1976, as amended by Section 29 of Chapter 1331 of the Statutes of 1976, the inland boundary of the coastal zone in Los Angeles County in the vicinity of Los Angeles International Airport shall be the Pershing Drive built

after January 1, 1970, rather than the Pershing Drive built prior to that date.

(b) Notwithstanding map number 149 adopted pursuant to Section 17 of Chapter 1330 of the Statutes of 1976, as amended by Section 29 of Chapter 1331 of the Statutes of 1976, the inland boundary of the coastal zone in the area of the City of San Juan Capistrano in Orange County shall exclude all portions of the City of San Juan Capistrano and shall follow Camino Capistrano and Via Serra and generally an extension of Via Serra to the point where it joins the existing coastal zone boundary.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The state and local governmental agencies are currently working to prepare land use plans and zoning ordinances in the coastal zone to carry out the provisions of the California Coastal Act of 1976 (commencing with Section 30000 of the Public Resources Code). Statutory deadlines must be met and, therefore, it is necessary that local governments, state agencies, property owners, and the public know precisely what land areas are included within the coastal zone and, therefore, subject to these planning and regulatory controls, as soon as possible, in order to ensure an orderly planning process.

CHAPTER 214

The people of the State of California do enact as follows:

SECTION 1. Section 1603 of the Revenue and Taxation Code is amended to read:

(a) A reduction in an assessment on the local roll shall not be made unless the party affected or his agent makes and files with the county board a verified, written application showing the facts claimed to require the reduction and the applicant's opinion of the full value of the property. The form for such application shall be prescribed by the State Board of Equalization.

(b) The application shall be filed within the time period beginning July 2 and continuing through and including September 15. An application that is mailed and postmarked September 15 or earlier within such period shall be deemed to have been filed within the time period beginning July 2 and continuing through and

(c) In the form provided for making application pursuant to this section, there shall be a notice that written findings of facts of the local equalization hearing will be available upon written request at the requester's expense and, if not so requested, the right to such written findings is waived. The form shall provide appropriate space for the applicant to request written finding of facts as provided by Section 1611.5.

SEC. 2. Section 1603.1 is added to the Revenue and Taxation Code, to read:

1603.1. In any county for which the State Board of Equalization announced the final assessment ratio of 18.2 percent or less for the 1977–78 fiscal year, the county board may extend the period for filing applications for equalization to a date which is no later than September 15, 1977.

SEC. 3. Section 1 of this act shall become operative on July 1, 1979.

SEC. 4. Section 1603.1 of the Revenue and Taxation Code, as added by Section 2 of this act shall remain in effect only until January 1, 1979, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1979, deletes or extends such date.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

CHAPTER 215

election to be consolidated with the 1978 general election, to take effect immediately.

[Approved by Governor June 8, 1978. Filed with Secretary of State June 8, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Article 5n (commencing with Section 998.021) is added to Chapter 6 of Division 4 of the Military and Veterans Code, to read:

The results of such surveys and projections shall be set forth in written reports, and such independent public accountant shall forward copies of such reports to the Director of Veterans Affairs, the members of the California Veterans Board, and to the members of the Veterans' Finance Committee of 1943. The Division of Farm and Home Purchases shall reimburse such independent public accountant for his services out of any funds which such division may have available on deposit with the Treasurer of the State of California.

998.030. The committee may authorize the State Treasurer to sell all or any part of the bonds herein authorized at such time or times as may be fixed by the State Treasurer.

998.031. An act to add Section 23826.8 to, and to repeal Sections 23826.8 and 23826.9 of, the Business and Professions Code, relating to alcoholic beverages.

[Approved by Governor June 8, 1978 Filed with Secretary of State June 8, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 23826.8 of the Business and Professions Code is repealed.

SEC. 2. Section 23826.8 is added to the Business and Professions Code, to read:

23826.8. Notwithstanding any other provision of law, the director may authorize the conversion of any on-sale general license for seasonal business issued before July 1, 1977, to an on-sale general license if an application for such conversion is submitted before January 1, 1980. Such application shall be accompanied by the fee required by Section 23954.5 for an on-sale general license.

An on-sale general license for seasonal business which is converted to an on-sale general license under this section may not be transferred for a period of two years from the date of issuance, except

as provided in Section 24071, and except when the department determines that the transfer is necessary to prevent undue hardship. The purchase price or consideration that may be paid by a transferee or received by a transferor of an on-sale general license created by conversion under this section shall not exceed six thousand dollars ($6,000), except that after a period of five years from the date of issuance of the license there shall be no restriction as to the purchase price or consideration that may be paid by a transferee or received by a transferor.

SEC. 3. Section 23826.9 of the Business and Professions Code is repealed.

CHAPTER 217

An act to amend Section 22348 of the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 8, 1978. Filed with Secretary of State June 8, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 22348 of the Vehicle Code is amended to read:

22348. (a) Notwithstanding Section 22349, 22356, or any other provision of this chapter to the contrary, no person shall drive a vehicle upon a highway at a speed greater than 55 miles per hour.

(b) Any vehicle subject to the provisions of Section 22406 shall be driven in a lane designated pursuant to Section 21655, or if no such lane has been designated, in the right-hand lane for traffic or as close as practicable to the right-hand edge or curb. When overtaking and passing another vehicle proceeding in the same direction, such drivers shall use either the designated lane, the lane to the immediate left of the right-hand lane, or the right-hand lane for traffic as permitted under the provisions of this code. If, however, specific lane or lanes have not been designated on a divided highway having four or more clearly marked lanes for traffic in one direction, any such vehicle may also be driven in the lane to the immediate left of such right-hand lane, unless otherwise prohibited under the provisions of this code. This subdivision shall not apply to a driver who is preparing for a left- or right-hand turn or who is in the process of entering into or exiting from a highway or to a driver who must necessarily drive in a lane other than the right-hand lane to continue on his intended route.

(c) This section shall remain in effect 120 days from the date that the 55-mile-per-hour national maximum speed limit, as specified in Section 154 of Title 23 of the United States Code, is repealed.

SEC. 2. It is the intent of the Legislature, in enacting this act, to recognize that the 55-mile-per-hour national maximum speed limit, as specified in Section 154 of Title 23 of the United States Code, which, when originally enacted would have terminated on June 30, 1975, no longer contains an automatic termination date. In recognition of this, the Legislature finds it appropriate to amend Section 22348 of the Vehicle Code accordingly.

It is the further intent of the Legislature that if such 55-mile-per-hour maximum speed limit is ever revised by either increasing or decreasing such limit, the Legislature will review the provisions of Section 22348 of the Vehicle Code to ascertain whether it would be appropriate to amend such provisions.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Existing provisions of state law, which make it unlawful for any person to drive a vehicle upon a highway at a speed greater than 55 miles per hour, will remain in effect only until June 30, 1978, and as of that date will be repealed, unless a statute which is chaptered before June 30, 1978, deletes or extends such date.

In order that this act, which will repeal such termination date, may take effect prior to such date, it is necessary that this act take effect immediately.

CHAPTER 218

An act to amend Sections 44918 and 44959.5 of the Education Code, relating to school employees.

[Approved by Governor June 8, 1978 Filed with Secretary of State June 8, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 44918 of the Education Code is amended to read:

44918. Any employee classified as a substitute or temporary employee, who serves during one school year for at least 75 percent of the number of days the regular schools of the district were maintained in such school year and has performed the duties normally required of a certificated employee of the school district, shall be deemed to have served a complete school year as a probationary employee if employed as a probationary employee for the following school year.

Any such employee shall be reemployed for the following school year to fill any vacant positions in the school district for which the employee is certified and qualified to serve.

For purposes of this section, "qualified to serve" shall be defined to mean the possession of an appropriate credential plus completion of appropriate academic preparation or experience in the subject matter in which the vacant position occurs.

For purposes of this section, "vacant position" means a position in which the employee is qualified to serve and which is not filled by a permanent or probationary employee. It shall not include a position which would be filled by a permanent or probationary employee except for the fact that such employee is on leave.

Any employee classified as a substitute or temporary employee who has rendered the service required to qualify under this section but who has not been reemployed due to a lack of a vacant position shall be reemployed as a substitute or temporary employee for the following school year.

In any district in which appointments are made from eligible lists established by examination, special eligible lists shall be established at the end of each school year which consist of the names of those employees who met the requirements of this section. Such lists shall be in rank order based on the final scores established by examination. Such lists shall be valid for at least two school years. Offers for appointments to probationary status during the ensuing school year shall be made from such special eligible lists established by examination; provided, however, permanent or probationary employees terminated during the preceding 39 months pursuant to Section 44955, shall be given priority in employment over persons on such special eligible lists.

Those employees classified as substitutes, and who are employed to serve in an on-call status to replace absent regular employees on a day-to-day basis shall not be entitled to the benefits of this section.

Permanent and probationary employees subjected to a reduction in force pursuant to Section 44955 shall, during the period of preferred right to reappointment, have prior rights to any vacant position in which they are qualified to serve superior to those rights hereunder afforded to temporary and substitute personnel who have become probationary employees pursuant to the provisions of this section.

This section shall not apply to any school district in which the average daily attendance is in excess of 400,000.

SEC. 2. Section 44959.5 of the Education Code is amended to read:

44959.5. (a) The layoff provisions of Sections 44955, 44956, 44957, 44958 and 44959 shall not be applicable to probationary certificated employees who are covered by a collective agreement which contains provisions for the layoff and reassignment of such employees.

(b) If layoff proceedings are commenced under procedures prescribed by any of the sections referred to in subdivision (a), such proceedings shall continue in accordance with the statutory procedures, notwithstanding the subsequent adoption of a collective

agreement or the inclusion in the coverage thereof of employees not so covered at the time such proceedings commenced.

(c) If layoff proceedings are commenced under a collective agreement which contains provisions for the layoff of probationary certificated employees, such proceedings shall continue in accordance with the agreement, notwithstanding the subsequent termination of the agreement.

(d) This section shall only apply to a school district in which the average daily attendance is 400,000 or more and shall not be interpreted to apply to the termination of any probationary certificated employee pursuant to Section 44948 or Section 44949.

CHAPTER 219

CHAPTER 223

An act to amend Sections 72600 and 84031 of the Education Code, and to amend Section 84362 of the Education Code, relating to community colleges.

[Approved by Governor June 10, 1978 Filed with Secretary of State June 12, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 72600 of the Education Code is amended to read:

72600. The governing board of every community college district shall:

(a) Certify or attest to actions taken by the governing board whenever such certification or attestation is required for any purpose.

(b) Keep an accurate account of the receipts and expenditures of district moneys in accordance with the provisions of Sections 84030 and 84031.

(c) Make an annual report, on or before the first day of July, to the county superintendent of schools in the manner and form and on the blanks prescribed by the board of governors.

(d) Make or maintain such other records or reports as are required by law.

SEC. 2. Section 84031 of the Education Code is amended to read:

84031. The accounting system used to record the financial affairs of any community college district shall be designed to provide, in a manner consistent with standards and procedures developed pursuant to Sections 84040 and 84040.5, a separate recording of, and a clear distinction between expenditures for salaries of classroom instructors employed by the district, salaries of administrators and supervisors employed by the district, administrative costs other than

salaries, and expenditures for other purposes of the district.

As used in this section "salaries of classroom instructors" means:

(a) The salary paid to each instructor employed by the district whose duties require that the full time for which the instructor is employed be devoted to the instruction of students of the district.

(b) The portion of the salary of each instructor whose duties require that a part, but not all, of the full time for which the instructor is employed be devoted to the instruction of students of the district, which is equal to the portion of such full time actually devoted by the instructor to teaching students of the district.

(c) The salary paid to each instructional aide employed by the district, any portion of whose duties are required to be performed under the supervision of an instructor.

As used in this section an "instructor" means an employee of the district employed in a position requiring certification qualifications and whose duties require him to teach students of the district for at least one full instructional period each schoolday for which the employee is employed. An instructional period is the number of minutes equal to the number of minutes of the regular academic period in the community college in which the instructor is employed.

As used in this section, "administrator" means any employee in a position having significant responsibilities for formulating district policies or administering district program; and "supervisor" means any employee having authority, on behalf of the district, to hire, transfer, suspend, lay off, recall, promote, discharge, assign, reward, discipline other employees, adjust their grievances, or effectively recommend such action, if the exercise of such authority is not of a merely routine or clerical nature.

SEC. 3. Section 84362 of the Education Code is amended to read:

84362. For purposes of this section:

(a) "Salaries of classroom instructors" and "instructors" shall have the same meaning as prescribed by Section 84031 provided, however, that the cost of all health and welfare benefits provided to the instructors by the community college district shall be included within the meaning of salaries of classroom instructors.

(b) "Current expense of education" means the gross total expended (not reduced by estimated income or estimated federal and state apportionments) for the purposes classified in the final budget of a district (except one which, during the preceding fiscal year, had less than 101 units of average daily attendance) submitted to and approved by the county superintendent of schools pursuant to Section 85023 for certificated salaries other than certificated salaries for student transportation, food services, and community services; classified salaries other than classified salaries for student transportation, food services, and community services; employee benefits other than employee benefits for student transportation personnel, food services personnel, and community services personnel; books, supplies, and equipment replacement other than for student transportation and food services; and community

services, contracted services, and other operating expenses other than for student transportation, food services, and community services. "Current expense of education," for purposes of this section shall not include those expenditures classified as sites, buildings, books, and media and new equipment (object of expenditure 6000 of the Accounting Manual for California Community Colleges), the amount expended from categorical aid received from the federal or state government which funds were granted for expenditures in a program not incurring any instructor salary expenditures or requiring disbursement of the funds without regard to the requirements of this section, or expenditures for facility acquisition and construction; and shall not include the amount expended pursuant to any lease agreement for plant and equipment or the amount expended from funds received from the federal government pursuant to the "Economic Opportunity Act of 1964" or any extension of such act of Congress or the amount expended by a community college from state or federal funds received by the community college for grants to community college students or for the employment of community college students.

There shall be expended during each fiscal year for payment of salaries of classroom instructors by a community college district, fifty percent (50%) of the district's current expense of education.

If the board of governors determines that a district has not expended the applicable percentage of current expense of education for the payment of salaries of classroom instructors during the preceding fiscal year, the board shall, in apportionments made to the district from the State School Fund after April 15 of the current fiscal year, designate an amount of such apportionment or apportionments equal to the apparent deficiency in district expenditures. Any amount so designated by the board of governors shall be deposited in the county treasury to the credit of the community college district, but shall be unavailable for expenditure by the district pending the determination to be made by the board of governors on any application for exemption which may be submitted to the board of governors. In the event it appears to the governing board of a community college district that the application of the preceding paragraphs of this section during a fiscal year results in serious hardship to the district, or in the payment of salaries of classroom instructors in excess of the salaries of classroom instructors paid by other districts of comparable type and functioning under comparable conditions, the governing board may, with the written approval of the county superintendent of schools having jurisdiction over the district apply to the board of governors in writing not later than September 15th of the immediately succeeding fiscal year for exemption from the requirements of the preceding paragraphs of this section.

Immediately upon applying for such exemption, the governing board shall provide the exclusive representative of the district's certificated employees or, if none exists, the district or college

academic senate, and all certificated employee organizations eligible for payroll dues deduction, with a copy of such application. The exclusive representative, or the district or college academic senate, and all certificated employee organizations eligible for payroll dues deduction, within 30 days of its receipt of such application, may transmit to the board of governors a written statement opposing such application, setting forth reasons for its opposition.

Upon receipt of such application, duly approved, and of such statement of opposition, if any, the board of governors shall grant the district exemption for any amount that is less than one thousand dollars ($1,000). If the amount is one thousand dollars ($1,000) or more, the board of governors may grant the district exemption from such requirement for the fiscal year for which the application is made if a majority of all the members of the board of governors finds, in writing, that the district will in fact suffer serious hardship or will have to pay salaries of classroom instructors in excess of those paid by other districts of comparable type and functioning under comparable conditions unless the district is granted an exemption. If such exemption is granted, the designated moneys shall be immediately available for expenditure by the community college district governing board. If no application for exemption is made or exemption is denied, the board of governors shall order the designated amount or amount not exempted to be added to the amounts to be expended for salaries of classroom instructors during the next fiscal year.

The board of governors shall enforce the requirements prescribed by this section, and may adopt necessary rules and regulations to that end. It may require the submission during the school year, by community college district governing boards and county superintendents of schools, of such reports and information as may be necessary to carry out the provisions of this section.

SEC. 4. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not place any financial burden on local government.

CHAPTER 224

An act to amend Sections 7320, 7326, 7327, 7329, 7330, 7331, and 7333 of, and to add Section 7329.5 to, the Government Code, relating to displaced homemakers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 10, 1978. Filed with Secretary of State June 12, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 7320 of the Government Code is amended to read:

7320. The Legislature hereby finds and declares that there is an ever-increasing number of persons in this state who, having fulfilled a role as homemaker, find themselves "displaced" in their middle years through divorce, death of spouse, or other loss of family income. As a consequence, displaced homemakers are very often without any source of income; they are ineligible for categorical welfare assistance; they are subject to the highest unemployment rate of any sector of the work force; they face continuing discrimination in employment because they are older and have no recent paid work experience; they are ineligible for unemployment insurance because they have been engaged in unpaid labor in the home; they are ineligible for social security because they are too young, and for many, they will never qualify for social security because they have been divorced from the family wage earner; they have often lost their rights as beneficiaries under employers' pension and health plans through divorce or death of spouse, despite many years of contribution to the family well-being; and they are most often ineligible for Medi-Cal, and are generally unacceptable to private health insurance plans because of their age.

The Legislature further finds and declares that homemakers are an unrecognized part of the work force who make an invaluable contribution to the welfare of the society as a whole.

It is the primary intention of the Legislature in enacting this chapter to provide job services for displaced homemakers, including job training and placement, so that they may enjoy the independence and economic security vital to a productive life. It is also the intention of the Legislature to provide the necessary counseling, services, and health care for displaced homemakers to attain this objective and to improve the health and welfare of this ever-growing group of citizens.

SEC. 1.3. Section 7326 of the Government Code is amended to read:

7326. The service center may include, but not be limited to, the following job-training programs:

(a) Lay advocates. This program shall be directed toward developing skills in counseling and advising on administrative procedures in government programs such as social security, supplemental security income, welfare, and unemployment, in order that such trainees will be trained for employment in social service agencies on a community level, such as senior citizen centers and legal aid offices.

SEC. 2. Section 5.5 is added to the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955), to read:

Sec. 5.5. (a) In addition to the powers described elsewhere in this act, the district shall have the power by ordinance or resolution, subject to referendum pursuant to Article 2 (commencing with Section 5200) of Chapter 4 of Division 4 of the Elections Code, to prescribe, revise, and collect fees and charges in any zone, established pursuant to Section 3 or Section 11, as a condition of development of land. Land to be developed within a zone shall be

subject to the fees and charges of the zone in which it is located. Development of land for the purposes of this section shall include, but not be limited to, subdivision development as governed by the Subdivision Map Act (Division 2 (commencing with Section 66410) of Title 7 of the Government Code); construction of new buildings, structures, and improvements for residential, commercial, or industrial purposes; and any development of land requiring either zone variance or special use permit. The amount of fees and charges levied for each zone shall be determined separately and shall be based upon the need created by development of land for flood control facilities within the zone. The amount of fees and charges levied for any zone shall not exceed five hundred dollars ($500) for each acre or portion thereof of land to be developed. Fees and charges prescribed as a condition of development of land pursuant to this section shall be in addition to any other conditions imposed on such development by any other agency having power to prescribe such other conditions.

(b) Except as hereinafter provided, revenues derived from fees and charges prescribed for any zone may be used only for the acquisition, engineering, design, construction, reconstruction, maintenance, or operation of flood control or storm drainage facilities, or the installation or maintenance of landscaping as authorized by Section 5.4, within such zone, or used to pay the interest on or reduce the principal of any bonded indebtedness of such zone.

(c) Whenever the development of land within any zone is made subject to fees or charges by the board of directors pursuant to this section, said board of directors may allow a credit against such fees for the acquisition, engineering, design, construction, reconstruction, maintenance, or operation costs of any flood control or storm drain facility within such zone which has been constructed or paid for in connection with the development of land within such zone. The board of directors may also reduce fees or charges prescribed for any part of the land to be developed within such zone if they find that because of special circumstances the payment thereof would be inequitable or would cause undue hardship and the reduction of such fees would be in the public interest.

(d) The consent and approval of the legislative body of a city shall be necessary before any fees or charges may be levied on the development of land located within the corporate boundaries of a city which are higher than any fees or charges levied on the development of land located outside and contiguous to the corporate boundaries of such city.

SEC. 3. Section 23 of the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955) is repealed.

SEC. 3.5. Section 23 is added to the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955), to read:

Sec. 23. All improvement and units of work to be performed by or for the district shall be performed in accordance with the following procedures and requirements:

(a) If the work consists of the protection or maintenance of channels, storm drains, dams, or other flood control works, or emergency work necessary in order to protect life or property from impending flood damage, the board of directors may, without advertising for bids therefor, have such work done by day labor, under the direction of the board, by contract, or by a combination of the two.

(b) If the work consists of the construction of new flood control channels, storm drains, dams, or other unit or units of work, and if the cost of such work, according to the estimate of the engineer, will exceed ten thousand dollars ($10,000), and if such work is not the type of work referred to in subdivision (a) or (c) of this section, such new construction shall be performed under a contract or contracts which shall be let to the lowest responsible bidder or bidders in the manner provided in subdivision (d) of this section.

(c) If the work consists of the maintenance or alteration of existing facilities, including electrical, painting, and roofing work in connection therewith, and if the cost of labor and materials for such work according to the engineer's estimate, will exceed three thousand five hundred dollars ($3,500), and if the work is not the type of work referred to in subdivision (a) or (b) of this section, such maintenance and alteration work shall be performed under a contract or contracts which shall be let to the lowest responsible bidder or bidders in the manner provided in subdivision (d) of this section.

(d) The board shall first determine whether such work shall be let as a single unit for the whole of the work, or shall be divided into severable, convenient parts, or both, according to the best interest of the district. The board shall call for bids and advertise such call pursuant to Section 6066 of the Government Code in the district inviting sealed proposals for the construction or performance of the work before any contract is made therefor. Such call for bids shall state whether such work is to be performed as a unit for the whole thereof or shall be divided into severable, convenient specific parts, or both, as stated in the call. The board may let such work by single contract for the whole thereof as a unit or it may divide such work into severable convenient parts by separate contracts, as stated in such call, according to the best interest of the district. The board shall require the successful bidder or bidders to file with the board good and sufficient bond to be approved by the board conditioned upon the faithful performance of the contract and upon the payment of the claims for labor and material in connection therewith. The faithful performance bond shall contain such terms and conditions as the board may specify, and the payment bond shall contain the terms and conditions set forth in, and shall be subject to, the provisions of, Title 15 (commencing with Section 3082) of Part 4 of Division 3 of

the Civil Code, in sofar as they may be applicable. If the work to be performed on behalf of the district does not involve an expenditure of fifteen thousand dollars ($15,000) or more, or if the work consists of work referred to in subdivision (a) of this section, the district may, but need not, require a faithful performance bond or a payment bond. The board shall also have the right to reject any and all bids.

(e) If no proposals are received pursuant to advertisement therefor, or if the estimated cost of work of the type referred to in subdivision (b) of this section does not exceed the sum of ten thousand dollars ($10,000), or if the estimated cost of work of the type referred to in subdivision (c) of this section does not exceed the sum of three thousand five hundred dollars ($3,500), the board of directors may, without advertising for bids therefor, have such work done by day labor, under the direction of the board, by contract, or by combination of the two. If any change or alteration in a contract awarded under the provisions of this section for work of the type referred to in subdivision (b) or (c) is deemed necessary and the cost thereof does not exceed 10 percent of the original contract price, the board may authorize the contractor to proceed with the change or alteration without the formality of obtaining bids therefor.

(f) Notwithstanding the foregoing provisions, the district shall have the power to acquire in the open market, and may authorize the Purchasing Agent of the County of Santa Barbara to acquire in the open market, without advertising for bids therefor, materials, equipment and supplies for use in any work or for any other purpose; provided, however, that materials and supplies for use in any new construction work or improvement, except work referred to in subdivision (a) of this section, may not be purchased without advertising for bids and awarding the contract therefor to the lowest responsible bidder if the cost thereof exceeds two thousand five hundred dollars ($2,500), unless such purchase is made by the county purchasing agent at the request of the district, in which case the cost thereof shall not exceed six thousand five hundred dollars ($6,500).

SEC. 4. Section 23.1 is added to the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955), to read:

Sec. 23.1. The board of directors of the district may, by resolution, authorize the district engineer or other district officer or employee to order changes or additions in the work being performed under a contract awarded pursuant to the provisions of Section 23 without the formality of obtaining bids therefor. When so authorized, any change or addition in the work shall be ordered in writing by the district engineer or other designated district officer or employee, and the extra cost to the district for all such changes or additions to the work so ordered shall not exceed 5 percent of the original contract price. In no event shall the aggregate cost of such changes or additions exceed ten thousand dollars ($10,000).

SEC. 5. Section 31 of the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes

of 1955) is amended to read:

Sec. 31. Claims for money or damages against the district are governed by Part 3 (commencing with Section 900) and Part 4 (commencing with Section 940) of Division 3.6 of Title 1 of, and Chapter 4 (commencing with Section 29700) of Division 3 of Title 3 of, the Government Code, except as provided therein. Claims not governed thereby or by other statutes or by ordinances or regulations authorized by law and expressly applicable to such claims shall be prepared and presented to the governing body, and all claims shall be audited and paid, in the same manner and with the same effect as are similar claims against the county. Unless otherwise indicated by the context of such provisions of the Government Code, for the purposes of this section, "county" or "counties," as used in such provisions, means the district and "board" or "board of supervisors," as used in such provisions, means the board of directors of the district.

Claims not governed thereby or by other statutes or by ordinances or regulations authorized by law and expressly applicable to such claims shall be prepared and presented to the governing body, and all claims shall be audited and paid, in the same manner and with the same effect as are similar claims against the county.

Unless otherwise indicated by the context of such provisions of the Government Code, for the purposes of this section, "county" or "counties," as used in such provisions, means the agency and "board of supervisors," as used in such provisions, means the board of directors of the agency.

SEC. 7. Section 8.3 of the Santa Barbara County Water Agency Act (Chapter 1501 of the Statutes of 1945) is amended to read:

Sec. 8.3. All contracts for the construction of any unit of work, except as hereinafter provided, estimated to cost in excess of ten thousand dollars ($10,000) shall be let to the lowest responsible bidder in the manner hereinafter provided. The board of directors of the agency shall advertise by three (3) insertions in a daily newspaper of general circulation or two (2) insertions in a weekly newspaper of general circulation published in the agency inviting sealed proposals for the construction of the work before any contract shall be made therefor, and may let by contract separately any part of said work. The board shall require the successful bidder to file with the board good and sufficient bonds to be approved by the board conditioned upon the faithful performance of the contract and upon the payment of the claims for labor and material in connection therewith. The faithful performance bond shall contain such terms

and conditions as the board may specify, and the payment bond shall be subject to the provisions of, and shall contain the terms and conditions set forth in Title 15 (commencing with Section 3082) of Part 4 of Division 3 of the Civil Code, insofar as they may be applicable. The board shall also have the right to reject any and all bids, in which case the board may advertise for new bids. In the event no proposals are received pursuant to advertisement therefor, or where the estimated cost of such work does not exceed the sum of ten thousand dollars ($10,000) or the work consists of emergency work necessary in order to protect life and property, the board of directors by unanimous vote of all members present may without advertising for bids therefor have said work done by force account. The agency shall have the power to purchase in the open market, and may authorize the Purchasing Agent of the County of Santa Barbara to purchase, without advertisement for bids therefor, materials and supplies for use in any work therewith either under contract or by force account.

If the work to be performed by or on behalf of the agency does not involve an expenditure of ten thousand dollars ($10,000) or more, or if the work consists of emergency work when necessary in order to protect life and property, the agency may, but need not, require a faithful performance bond. The agency may, but need not, require a payment bond on work performed on behalf of the agency which does not involve an expenditure of more than ten thousand dollars ($10,000).

The provisions of this section shall have no application to a contract entered into with the United States under the authority of Section 6, or to a contract authorized by a vote of the electorate of the agency.

Lobster traps shall be emptied not less than every 96 hours and no trap shall be abandoned in the ocean.

Wire traps shall be built of rectangular mesh with inside mesh measurement not less than 1⅞ inches by 3⅞ inches, the 3⅞-inch measurement to be parallel to the floor of the trap. Such traps shall be fitted with at least one rigid rectangular escape gap with inside measurements not less than 2⅜ inches by 11½ inches. The escape gap shall be located parallel to, and within two inches of, the floor on an outside wall of the rearmost chamber of the trap and shall be clearly accessible to the lobsters.

Traps built of lath or other material shall have along the full length of one side of the rearmost chamber an opening to allow a means of escape. Such opening shall be of a spacing of not less than 2⅜ inches, and such spacing shall be located parallel to, and within two inches of, the floor of the trap.

Lobster traps may be used to take spiny lobsters, rock crabs, and sheepshead only, and any other species taken in such traps shall be released. Such traps may be used only during the season prescribed for spiny lobsters. Spiny lobsters taken in the manner commonly known as skindiving or by use of self-contained underwater breathing apparatus may not be sold.

This requirement need not be met where the computation of taxes results in a zero amount. The failure to receive a tax bill does not relieve the fee owner from the liability to pay taxes owed, nor does it relieve the imposition of penalties imposed by this code. However, the penalty imposed for delinquent taxes as provided in Section 2617, 2618, 2621, 2704, 2705, 2759, 2760, 2761, 2762, or 2922 shall be waived by the auditor or tax collector if the assessee or fee owner demonstrates that the delinquency is due to the failure of the tax collector to mail the tax bill to the address as provided on the tax assessor's roll.

CHAPTER 237

An act to add and repeal Section 5224.5 of the Education Code, relating to school district governing boards, and declaring the urgency thereof, to take effect immediately.

of whether a separate board of education for the elementary school district consisting of five members shall be established.

The election on the question shall be held in the elementary school district for which a separate governing board is proposed. If a majority of all the votes cast are cast in favor of the question, the question carries.

If one member or no members of the board elect to continue to serve as provided in subdivision (c), the one or two candidates receiving the next largest number of votes shall be deemed elected, each of whom shall serve for a two-year term. Each term of office shall commence on April 1, 1979, on which date the governing board shall become the governing board of the elementary school district for all purposes.

(c) Any member of the governing board of the high school district whose term of office does not expire in 1979 and who resides in the elementary school district may elect to continue to serve as a member of the governing board of both school districts until April 1, 1981, at which date the member's current term of office on both school district governing boards shall expire. Any such election shall be given in writing to the county superintendent of schools of the county in which the school districts are located no later than January 2, 1979.

(d) This section shall remain in effect only until July 1, 1981, and as of that date is repealed.

In order for individuals who volunteer their services to nonprofit organizations to continue to be reimbursed for their expenses in connection with such service without the organization being required to obtain workers' compensation coverage for such volunteers, it is necessary that this act take effect immediately.

Special meetings of any division or the board may be held at such time and place as the division or the board may designate.

SEC. 4. Section 2217.5 of the Business and Professions Code is amended and renumbered to read:

2458.5. Every person holding a physician's and surgeon's certificate under this chapter is exempt from the payment of the renewal fee provided such physician and surgeon has practiced medicine for 20 years or more in the State of California, has reached the age of retirement under the Social Security Act, receives social security benefits, and customarily provides his or her services free of charge to any person, organization, or agency. CHAPTER 241

An act to amend Section 2123.3 of, and to add Section 2102 to, the Business and Professions Code, relating to healing arts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 16, 1978 Filed with Secretary of State June 16, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 2102 is added to the Business and Professions Code, to read:

2102. (a) The terms of the eight members added to the board by the amendments to Section 2100 adopted at the Second Extraordinary Session of the 1975 Legislature, shall expire as follows: two on June 1, 1978; three on June 1, 1979; and three on June 1, 1980. The Governor shall designate the terms of such members within 30 days of the effective date of this section as follows: one member from each of two divisions whose terms shall expire on June 1, 1978; and one member from each of three divisions who terms shall expire on January 1, 1979; and one member from each of three divisions whose terms shall expire on June 1, 1980.

(b) Vacancies occuring on the board shall be filled by appointment of the Governor for the unexpired term.

SEC. 2. Section 2123.3 of the Business and Professions Code is amended to read:

2123.3. A medical quality review committee is hereby created for each of the districts established by Section 2123.2. Each committee shall be composed of persons appointed by the Governor from among residents of the district.

The medical quality review committees shall have the following composition:

(a) The first district shall be composed of 10 members, six of whom shall hold valid physician's and surgeon's certificates, two of whom shall be public members, and two of whom shall be nonphysician licentiates of a healing arts board.

(b) The second district shall be composed of 15 members, nine of whom shall hold valid physician's and surgeon's certificates, three of whom shall be public members, and three of whom shall be nonphysician licentiates of a healing arts board.

(c) The third district shall be composed of 10 members, six of whom shall hold valid physician's and surgeon's certificates, two of whom shall be public members, and two of whom shall be nonphysician licentiates of a healing arts board.

(d) The fourth district shall be composed of 15 members, nine of whom shall hold valid physician's and surgeon's certificates, three of whom shall be public members, and three of whom shall be nonphysician licentiates of a healing arts board.

(e) The fifth district shall be composed of 15 members, nine of whom shall hold valid physician's and surgeon's certificates, three of whom shall be public members, and three of whom shall be nonphysician licentiates of a healing arts board.

(f) The sixth district shall be composed of 10 members, six of whom shall hold valid physician's and surgeon's certificates, two of whom shall be public members, and two of whom shall be nonphysician licentiates of a healing arts board.

(g) The seventh district shall be composed of 15 members, nine of whom shall hold valid physician's and surgeon's certificates, three of whom shall be public members, and three of whom shall be nonphysician licentiates of a healing arts board.

(h) The eighth district shall be composed of 10 members, six of whom shall hold valid physician's and surgeon's certificates, two of whom shall be public members, and two of whom shall be nonphysician licentiates of a healing arts board.

(i) The ninth district shall be composed of 15 members, nine of whom shall hold valid physician's and surgeon's certificates, three of whom shall be public members, and three of whom shall be nonphysician licentiates of a healing arts board.

(j) The 10th district shall be composed of 10 members, six of whom shall hold valid physician's and surgeon's certificates, two of whom shall be public members, and two of whom shall be nonphysician licentiates of a healing arts board.

(k) The 11th district shall be composed of 40 members, 24 of whom shall hold valid physician's and surgeon's certificates, eight of whom shall be public members, and eight of whom shall be nonphysician licentiates of a healing arts board.

(*l*) The 12th district shall be composed of 15 members, nine of whom shall hold valid physician's and surgeon's certificates, three of whom shall be public members, and three of whom shall be nonphysician licentiates of a healing arts board.

(m) The 13th district shall be composed of 15 members, nine of whom shall hold valid physician's and surgeon's certificates, three of whom shall be public members, and three of whom shall be nonphysician licentiates of a healing arts board.

(n) The 14th district shall be composed of 15 members, nine of whom shall hold valid physician's and surgeon's certificates, three of whom shall be public members, and three of whom shall be nonphysician licentiates of a healing arts board.

A medical quality review committee may, pursuant to regulations

adopted by the Division of Medical Quality, establish panels of five committee members consisting of three physician members, one public member, and one member who is a nonphysician licentiate of a healing arts board for the purposes of hearing and deciding cases before a committee. Three members shall constitute a quorum in order for a panel of a committee to conduct business. It shall require an affirmative vote of three members of a panel to decide any case, pass any measure, or make any recommendation. Where a medical quality review committee meets as a whole, a majority of the membership of the committee shall constitute a quorum to conduct business. It shall require an affirmative vote of a majority of those present at a meeting of a committee, such majority constituting at least a majority of a minimum quorum for a committee, to decide any case, pass any measure, or make any recommendation.

A finding or decision by a panel established under this section shall constitute a finding or decision by a committee.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

(a) Under existing law staggered initial terms are not established for the eight members added to the Board of Medical Quality Assurance by the Medical Injury Compensation Reform Act of 1975. As a result, 11 of 19 terms expire on June 1, 1979. In order to properly stagger these expirations at least two terms should expire on June 1, 1978.

(b) In addition, under existing law a nonphysician licentiate of the Board of Medical Quality Assurance or other healing arts board may be appointed to a medical quality review committee. However, a nonphysician licentiate of the Board of Medical Quality Assurance may not be appointed to a panel of the committee for the purpose of hearing cases, the primary function of these committees. As a result, licensees of the examining committees under the jurisdiction of the Board of Medical Quality Assurance realistically are not able to be considered for appointment to these committees.

Thus in order for two terms of members of the Board of Medical Quality Assurance to expire on June 1, 1978, and in order to appoint nonphysician licentiates of the Board of Medical Quality Assurance to medical quality review committees as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 242

Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the State of California, or of the several counties or municipalities of the State of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. After the payment of all said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

SEC. 2. Section 5 of Chapter 407 of the Statutes of 1909 is amended to read:

Said state treasurer shall, on controller's warrants, duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the State of California, or of the several counties or municipalities of the State of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must always keep on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold; and to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the "San Francisco harbor

After the payment of all said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the "San Francisco harbor improvement fund." At the time of the respective drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States bonds, or other bonds, then in said sinking fund, at governing market rates, after advertising the sale thereof, in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds, out of said money in said fund, in extinguishment of said bonds, on controller's warrants, duly drawn for that purpose.

SEC. 3. Section 5 of Chapter 602 of the Statutes of 1913 is amended to read:

Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of the bonds of the United States, or of the State of California, including any bonds authorized, issued and theretofore sold under authority of this act or of the several counties or municipalities of the State of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold. The state treasurer may only purchase such bonds authorized and issued under authority of this act with moneys in said sinking fund as have been theretofore sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the State of California. Between the first and tenth day of May, in the year nineteen hundred and fifty-five and between the first and tenth day of May of each year thereafter until the maturity of said bonds, the said treasurer shall proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of June following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of July, following, and that from and after such last named date, all interest upon bonds thus drawn shall cease, and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid, to cancel the same, and the interest coupons thereon, and each year beginning with the year

nineteen hundred and fifty-five, the said treasurer shall in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereinabove stated. In the event that the state treasurer employs moneys in said sinking fund in the purchase of any bonds authorized, issued and theretofore sold under authority of this act, than at the time in this section provided for the drawing of bonds by lot, and immediately preceding such drawing the state treasurer shall retire and cancel any bonds in said sinking fund authorized, issued and sold under authority of this act, and the amount in said sinking fund remaining at the time shall constitute the amount for the purposes of such drawing. (a) Develop a public domain computer program which will enable contractors, builders, architects, engineers, and government officials to estimate the energy consumed by various classes of buildings with various types of occupancies. The commission may charge a fee for the use of the program, which fee shall be based upon the actual cost of the program, including any computer costs.

(b) Include a prescriptive method of complying with the standards including design aids such as a manual, sample calculations and model structural designs. The prescriptive program shall be based on the standards developed pursuant to Chapter 11.5 (commencing with Section 19878) of Part 3 of Division 13 of the Health and Safety Code as it existed prior to the effective date of this section.

(c) Produce, no later than 180 days after adoption of the standards, an energy conservation manual for use by designers, builders, and contractors of nonresidential buildings. The manual shall be furnished upon request at a price sufficient to cover the costs of production and shall be distributed at no cost to all affected local agencies. The manual shall contain, but not be limited to, the following:

(1) The standards for energy conservation established by the commission.

(2) Forms, charts, tables, and other data to assist designers and builders in meeting the standards.

(3) Design suggestions for meeting or exceeding the standards.

(4) Any other information which the commission finds will assist persons in conforming to the standards.

(5) Instructions for use of the computer program for calculating energy consumption in residential and nonresidential buildings.

(6) The prescriptive method for use as an alternative to the computer program.

(d) The commission shall establish a continuing program of technical assistance to local building departments in the enforcement of subdivisions (a) and (b) of Section 25402 and this section. The program shall include the training of local officials in building technology and enforcement procedures related to energy conservation, and the development of complementary training programs conducted by local governments, educational institutions, and other public or private entities. The technical assistance program shall include the preparation and publication of forms and procedures for local building departments in performing the review of building plans and specifications. The commission shall provide, on a contract basis, a review of building plans and specifications submitted by a local building department, and shall adopt a schedule of fees sufficient to repay the cost of such services.

(e) The provisions of subdivisions (a) and (b) of Section 25402 and this section, and the rules and regulations of the commission adopted pursuant thereto, shall be enforced by the building department of every city, county, or city and county.

(1) No building permit for any residential or nonresidential building shall be issued by a local building department unless a review by the building department of the plans for the proposed residential or nonresidential building contains detailed energy system specifications and confirms that the building satisfies the minimum standards established pursuant to subdivision (a) or (b) of Section 25402 and this section applicable to such building.

(2) Where there is no such local building department the commission shall enforce the provisions of subdivisions (a) and (b) of Section 25402 and this section.

(3) If a local building department fails to enforce subdivisions (a) and (b) of Section 25402 and this section or any other provision of this chapter or standard adopted pursuant thereto the commission may provide such enforcement after furnishing 10 days' written notice to the local building department.

(4) A city, county, or city and county may by ordinance or resolution prescribe a schedule of fees sufficient to pay the costs incurred in the enforcement of subdivisions (a) and (b) of Section 25402 and this section. The commission may establish a schedule of fees sufficient to pay the costs incurred by such enforcement.

(f) The provisions of subdivisions (a) and (b) of Section 25402 and this section shall apply only to new residential and nonresidential buildings on which actual site preparation and construction have not commenced prior to the effective date of rules and regulations

adopted pursuant to those sections that are applicable to such buildings. Nothing in those sections shall prohibit either of the following:

(1) The enforcement of state or local energy conservation or energy insulation standards, adopted prior to the effective date of rules and regulations adopted pursuant to subdivisions (a) and (b) of Section 25402 and this section with regard to residential and nonresidential buildings on which actual site preparation and construction have commenced prior to that date.

(2) The enforcement of city or county energy conservation or energy insulation standards, whenever adopted, with regard to residential and nonresidential buildings on which actual site preparation and construction have not commenced prior to the effective date of rules and regulations adopted pursuant to subdivisions (a) and (b) of Section 25402 and this section provided that the city or county files the basis of its determination that the standards are cost effective with the commission and the commission finds that such standards will require the diminution of energy consumption levels permitted by the rules and regulations adopted pursuant to those sections.

(g) The commission may exempt from the requirements of this section and of any regulations adopted pursuant thereto any proposed building for which compliance would be impossible without substantial delays and increases in cost of construction, if the commission finds that substantial funds have been expended in good faith on planning, designing, architecture or engineering prior to the date of adoption of such regulations.

(h) Should a dispute arise between an applicant for a building permit and the building department regarding interpretation of Section 25402 or the regulations adopted pursuant thereto, either party may submit the dispute to the commission for resolution. The commission's determination of the matter shall be binding on the parties.

(i) Nothing in Section 25130, 25131, or 25402, or in this section shall be construed to prevent enforcement of any regulation adopted pursuant to this chapter, or Chapter 11.5 (commencing with Section 19878) of Part 3 of Division 13 of the Health and Safety Code as they existed prior to the effective date of this section.

SEC. 2. Section 25960 of the Public Resources Code is amended to read:

25960. No new residential-type gas appliance that is equipped with a pilot light shall be sold in the state after an alternate means has been certified by the commission. This prohibition shall become operative 24 months after an intermittent ignition device has been demonstrated and certified by the commission as an alternate means. The commission may determine, after demonstration, that there is no feasible alternative means to the use of pilot light or that the use of a pilot light is necessary for public health and safety.

SEC. 3. Section 25964 of the Public Resources Code is amended

to read:

25964. After 24 months after an intermittent ignition device has been certified by the commission, no person shall sell or offer for sale in this state any new gas appliances, as defined in Section 25950, without obtaining the proper seal of certification from the commission, unless the commission otherwise permits such action. Beginning 24 months after an intermittent ignition device has been certified by the commission, no city or county, city and county, or state agency shall issue a permit for any building to be equipped with any new gas appliance, as defined in Section 25950, unless such building permit shows that the gas appliance complies with the provisions of this chapter, except that any new gas appliance which does not comply with the provisions of this chapter may be installed if such applicance was purchased pursuant to a contract executed prior to June 17, 1978, and if the building permit was approved prior to July 8, 1978.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that residential-type gas appliances equipped with a pilot light may be installed after July 8, 1978, when authorized under a building permit issued prior to July 8, 1978, it is necessary that this act become effective immediately.

CHAPTER 251

An act to amend Section 11580.2 of the Insurance Code, relating to insurance.

[Approved by Governor June 16, 1978. Filed with Secretary of State June 16, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 11580.2 of the Insurance Code is amended to read:

11580.2. (a) (1) No policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle, except for policies which provide insurance in the Republic of Mexico issued or delivered in this state by nonadmitted Mexican insurers, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be issued or delivered by any insurer licensed in this state upon any motor vehicle then principally used or principally garaged in this state, unless the policy contains, or has added to it by endorsement, a provision with coverage limits at least equal to the financial responsibility requirements specified in Section 16056 of the Vehicle Code insuring the insured, his heirs or his legal representative for all sums within such limits which he or they, as the case may be, shall be legally entitled to recover as damages for bodily injury or wrongful death from the owner or operator of an uninsured motor

vehicle. The insurer and any named insured, prior to or subsequent to the issuance or renewal of a policy, may, by agreement in writing, in the form specified in paragraph (2), delete the provision covering damage caused by an uninsured motor vehicle (1) completely, or (2) with respect to a natural person or persons designated by name when operating a motor vehicle. Either of such deletions by any named insured shall be binding upon every insured to whom such policy or endorsement provisions apply while such policy is in force, and shall continue to be so binding with respect to any continuation, renewal, or replacement of such policy by the named insured, or with respect to reinstatement of such policy within 30 days of any lapse thereof. A policy shall be excluded from the application of this section if the only coverage with respect to the use of any motor vehicle is limited to the contingent liability arising out of the use of nonowned motor vehicles.

(2) The agreement specified in paragraph (1) shall be in the following form:

"The California Insurance Code requires an insurer to provide uninsured motorists coverage in each bodily injury liability insurance policy it issues covering liability arising out of the ownership, maintenance, or use of a motor vehicle. Such section also permits the insurer and the applicant to delete such coverage completely or with respect to one or more natural persons designated by name when operating a motor vehicle. Uninsured motorists coverage insures the insured, his heirs, or legal representatives for all sums within the financial responsibility limits which such person or persons are legally entitled to recover as damages for bodily injury, including any resulting sickness, disease, or death, to him from the owner or operator of an uninsured motor vehicle not owned or operated by the insured."

Such agreement may contain additional statements not in derogation of or conflict with the foregoing. The execution of such agreement shall relieve the insurer of liability under this section while such agreement remains in effect.

(b) As used in (a) above, "bodily injury" includes sickness or disease, including death, resulting therefrom; the term "named insured" means only the individual or organization named in the declarations of the policy of motor vehicle bodily injury liability insurance referred to in (a) above; as used in (a) above the term "insured" means the named insured and the spouse of the named insured and relatives of either while residents of the same household while occupants of a motor vehicle or otherwise, heirs and any other person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply; the term "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist endorsement or coverage is a part, a temporary substitute or a newly acquired

automobile for which liability coverage is provided in the policy if the motor vehicle is used by the named insured or with his permission or consent, express or implied, and any other automobile not owned by the named insured or any resident of the same household while being operated by the named insured or his spouse if a resident of the same household, but the term "insured motor vehicle" shall not include any automobile while used as a public or livery conveyance. As used in this section, the term "uninsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance or use of which there is no bodily injury liability insurance or bond applicable at the time of the accident, or there is such applicable insurance or bond but the company writing the same denies coverage thereunder or refuses to admit coverage thereunder except conditionally or with reservation, or a motor vehicle used without the permission of the owner thereof if there is no bodily injury liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof, or the owner or operator thereof be unknown, provided that, with respect to an "uninsured motor vehicle" whose owner or operator is unknown:

(A) The bodily injury has arisen out of physical contact of such automobile with the insured or with an automobile which the insured is occupying.

(B) The insured or someone on his behalf shall have reported the accident within 24 hours to the police department of the city where the accident occurred or, if the accident occurred in unincorporated territory then either the sheriff of the county where the accident occurred or the local headquarters of the California Highway Patrol, and have filed with the insurer within 30 days thereafter a statement under oath that the insured or his legal representative has or the insured's heirs have a cause of action arising out of such accident for damages against a person or persons whose identity is unascertainable and set forth facts in support thereof. As used in this section, the term "uninsured motor vehicle" shall not include an automobile owned by the named insured or any resident of the same household or self-insured within the meaning of the Safety Responsibility Law of the state in which the motor vehicle is registered or which is owned by the United States of America, Canada, a state or political subdivision of any such government or an agency of any of the foregoing, or a land motor vehicle or trailer operated on rails or crawler treads or while located for use as a residence or premises and not as a vehicle, or a farm-type tractor or equipment designed for use principally off public roads, except while actually upon public roads.

As used in this section, the term "uninsured motor vehicle" also means an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency. An insurer's solvency protection shall be applicable only to accidents occurring during a policy period in which its insured's motor vehicle

coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one year of such accident. In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of such coverage, the insurer making such payment, shall to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent insurer through any settlement or judgment of such person against the insolvent insurer.

(c) The insurance coverage provided for in this section does not apply:

(1) To property damage sustained by the insured.

(2) To bodily injury of the insured while in or upon or while entering into or alighting from an automobile other than the described automobile if the owner thereof has insurance similar to that provided in this section.

(3) To bodily injury of the insured with respect to which the insured or his representative shall, without the written consent of the insurer, make any settlement with or prosecute to judgment any action against any person who may be legally liable therefor.

(4) In any instance where it would inure directly or indirectly to the benefit of any workers' compensation carrier or to any person qualified as a self-insurer under any workers' compensation law, or directly to the benefit of the United States, or any state or any political subdivision thereof.

(5) To establish proof of financial responsibility as provided in subdivisions (a), (b), and (c) of Section 16054 of the Vehicle Code.

(6) To bodily injury of the insured while occupying a motor vehicle owned by an insured, unless the occupied vehicle is an insured motor vehicle.

(7) To bodily injury of the insured when struck by a vehicle owned by an insured.

(d) Subject to paragraph (c) (2), the policy or endorsement may provide that if the insured has insurance available to him under more than one uninsured motorist coverage provision, any damages shall not be deemed to exceed the higher of the applicable limits of the respective coverages, and such damages shall be prorated between the applicable coverages as the limits of each coverage bears to the total of such limits.

(e) The policy or endorsement added thereto may provide that if the insured has valid and collectible automobile medical payment insurance available to him, the damages which he shall be entitled to recover from the owner or operator of an uninsured motor vehicle shall be reduced for purposes of uninsured motorist coverage by the amounts paid or due to be paid under such automobile medical payment insurance. This subdivision shall become operative on January 1, 1971.

(f) The policy or an endorsement added thereto shall provide that the determination as to whether the insured shall be legally entitled to recover damages, and if so entitled, the amount thereof, shall be

made by agreement between the insured and the insurer or, in the event of disagreement, by arbitration. The arbitration shall be conducted by a single neutral arbitrator. An award or a judgment confirming an award shall not be conclusive on any party in any action or proceeding between (i) the insured, his insurer, his legal representative, or his heirs and (ii) the uninsured motorist to recover damages arising out of the accident upon which the award is based. If the insured has or may have rights to benefits, other than nonoccupational disability benefits, under any workers' compensation law, the arbitrator shall not proceed with the arbitration until the insured's physical condition is stationary and ratable. In those cases in which the insured claims a permanent disability, such claims shall, unless good cause be shown, be adjudicated by award or settled by compromise and release before the arbitration may proceed. Any demand or petition for arbitration shall contain a declaration, under penalty of perjury, stating whether (i) the insured has a workers' compensation claim; (ii) such claim has proceeded to findings and award or settlement on all issues reasonably contemplated to be determined in that claim; and (iii) if not, what reasons amounting to good cause are grounds for the arbitration to proceed immediately. The provisions of Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure shall be applicable to such determinations, and all rights, remedies, obligations, liabilities and procedures set forth in such Article 3 shall be available to both the insured and the insurer at any time after the accident, both before and after the commencement of arbitration, if any, with the following limitations:

(1) Whenever in such Article 3, reference is made to the court in which the action is pending, or provision is made for application to the court or obtaining leave of court or approval by the court, the court which shall have jurisdiction for the purposes of this section shall be the superior court of the State of California, in and for any county which is a proper county for the filing of a suit for bodily injury arising out of the accident, against the uninsured motorist, or any county specified in the policy or an endorsement added thereto as a proper county for arbitration or action thereon.

(2) Any such proper court to which application is first made by either the insured or the insurer under the provisions of such Article 3 for any discovery or other relief or remedy, shall thereafter be the only court to which either of the parties shall make any applications under such Article 3 with respect to the same accident, subject, however, to the right of such court to grant a change of venue after a hearing upon notice, upon any of the grounds upon which change of venue might be granted in an action filed in the superior court.

(3) A deposition pursuant to the provisions of Section 2016 of the Code of Civil Procedure may be taken without leave of court, except that leave of court, granted with or without notice and for good cause shown, must be obtained if the notice of the taking of the deposition

is served by either party within 20 days after the accident.

(4) The provisions of subparagraph (a) (4) of Section 2019 of the Code of Civil Procedure shall not be applicable to discovery under this section.

(5) For the purposes of discovery under this section, the insured and the insurer shall each be deemed to be "a party to the record of any civil action or proceedings," where that phrase is used in subparagraph (b) (2) of Section 2019 of the Code of Civil Procedure.

(6) Interrogatories under the provisions of Section 2030 of the Code of Civil Procedure and requests for admission under Section 2033 of the Code of Civil Procedure may be served by either the insured or the insurer upon the other at any time more than 20 days after the accident without leave of court.

(7) Nothing in this section shall be construed to limit the rights of any party to discovery in any action pending or which may hereafter be pending in any court.

(g) The insurer paying a claim under an uninsured motorist endorsement or coverage shall be entitled to be subrogated to the rights of the insured to whom such claim was paid against any person causing such injury or death to the extent that payment was made. Such action may be brought within three years from the date that payment was made hereunder.

(h) An insured entitled to recovery under the uninsured motorist endorsement or coverage shall be reimbursed within the conditions stated herein without being required to sign any release or waiver of rights to which he may be entitled under any other insurance coverage applicable; nor shall payment under this section to such insured be delayed or made contingent upon the decisions as to liability or distribution of loss costs under other bodily injury liability insurance or any bond applicable to the accident. Any loss payable under the terms of the uninsured motorist endorsement or coverage to or for any person may be reduced:

(1) By the amount paid and the present value of all amounts payable to him under any workers' compensation law, exclusive of nonoccupational disability benefits.

(2) By the amount the insured is entitled to recover from any other person insured under the underlying liability insurance policy of which the uninsured motorist endorsement or coverage is a part.

(i) No cause of action shall accrue to the insured under any policy or endorsement provision issued pursuant to this section unless within one year from the date of the accident:

(1) Suit for bodily injury has been filed against the uninsured motorist, in a court of competent jurisdiction, or

(2) Agreement as to the amount due under the policy has been concluded, or

(3) The insured has formally instituted arbitration proceedings.

(j) Notwithstanding the provisions of subdivisions (b) and (i), in the event the accident occurs in any other state or foreign jurisdiction to which coverage is extended under the policy and the

insurer of the tortfeasor becomes insolvent, any action authorized pursuant to the provisions of this section may be maintained within three months of the insolvency of the tortfeasor's insurer, but in no event later than the pertinent period of limitation of the jurisdiction in which the accident occurred.

(k) Notwithstanding the provisions of subdivision (i), any insurer whose insured has made a claim under his or her uninsured motorist coverage, and such claim is pending, shall, at least 30 days before the expiration of the applicable statute of limitation, notify its insured in writing of the statute of limitation applicable to such injury or death. Failure of the insurer to provide such written notice shall operate to toll any applicable statute of limitation or other time limitation for a period of 30 days from the date such written notice is actually given.

(*l*) As used in subdivision (b), "public or livery conveyance," or terms of similar import, shall not include the operation or use of a motor vehicle by the named insured in the performance of volunteer services for a nonprofit charitable organization or governmental agency by providing transportation to senior citizens or physically or mentally handicapped persons. This subdivision shall not apply in any case in which the named insured receives any remuneration of any kind other than reimbursement for actual mileage driven in the performance of such services at a rate not to exceed fifteen cents ($0.15) per mile actually driven. As used in this section, "senior citizen" means a person 60 years of age or older. This subdivision shall apply only to policies of insurance issued, amended, or renewed on or after January 1, 1976.

A vehicle operated by a police or traffic officer while in the actual performance of his duties as such officer may be equipped with top-mounted lamps emitting steady burning or flashing white light to either side and may also display to the rear of the vehicle a light of distinctive color, which color has been approved by the department.

SEC. 7. Section 25650.5 of the Vehicle Code is amended to read:

25650 5. Every motorcycle manufactured and first registered on and after January 1, 1978, shall be equipped with at least one and not more than two headlamps which automatically turn on when the engine of the motorcycle is started and which remain lighted as long as the engine is running.

SEC. 8. Section 25803 of the Vehicle Code is amended to read:

(a) All vehicles not otherwise required to be equipped with headlamps, rear lights, or reflectors by this chapter shall, if operated on a highway during darkness, be equipped with a lamp exhibiting a red light visible from a distance of 500 feet to the rear of the vehicle. In addition, all such vehicles operated alone or as the first vehicle in a combination of vehicles, shall be equipped with at least one lighted lamp exhibiting a white light visible from a distance of 500 feet to the front of the vehicle.

(b) Such vehicle shall also be equipped with an amber reflector on the front near the left side and a red reflector on the rear near the left side. The reflectors shall be mounted on the vehicle not lower than 16 inches nor higher than 60 inches above the ground and so designed and maintained as to be visible during darkness from all distances within 500 feet from the vehicle when directly in front of a motor vehicle displaying lawful lighted headlamps undimmed.

(c) In addition, if such vehicle or the load thereon has a total outside width in excess of 100 inches there shall be displayed during darkness at the left outer extremity at least one amber light visible under normal atmospheric conditions from a distance of 500 feet to the front, sides and rear. At all other times there shall be displayed at the left outer extremity a red flag or cloth not less than 16 inches square.

SEC. 9. Section 25950 of the Vehicle Code is amended to read:

25950. Unless provided otherwise, the color of lamps and reflectors upon a vehicle shall be as follows:

(a) All lamps and reflectors visible from in front of a vehicle shall be white or yellow, except as follows:

(1) Rear side-marker lamps required by Section 25100 may show red to the front.

(2) The color of foglamps described in Section 24403 may be in the color spectrum from white to yellow.

This section applies to the color of a lamp whether lighted or unlighted, and to any reflector exhibiting or reflecting perceptible light of 0.05 candlepower or more per foot-candle of incident illumination, except that taillamps, stoplamps, and turn signal lamps that are visible to the rear may be white when unlighted on vehicles manufactured before January 1, 1974. Any taillamp, stoplamp, backup lamp, or turn signal lamp may have an unlighted lens color

that is darker than the lighted color, and any such lamps that are in addition to the minimum required number may be white or yellow when unlighted.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to resolve ambiguities and inconsistencies in provisions relating to lighting requirements, and the dates by which compliance will be required, it is necessary for this act to take effect immediately.

CHAPTER 253

An act making an appropriation for the state park system, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 16, 1978. Filed with Secretary of State June 16, 1978.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds that Chumash Painted Cave State Historic Park, Indian Grinding Rock State Historic Park, and the State Indian Museum at Sacramento are the only units of the state park system that pertain exclusively to the Native American culture of this state. Further, the Ahwahnee Roundhouse to be acquired pursuant to this act is a well-preserved structure constructed by local Southern Miwok and Chukchansi Yokuts people at the turn of the century and is situated on a rich archaeological site. Therefore, the Legislature declares that acquisition of this property would be a valuable contribution to the perpetuation of artifacts of the Native American culture of this state.

SEC. 2. Notwithstanding the provisions of Section 5098.2 of the Public Resources Code, the sum of eighty thousand fifty dollars ($80,050) is hereby appropriated from the Park and Recreation Revolving Account in the General Fund to the Department of Parks and Recreation for expenditure, during the 1977–78, 1978–79, and 1979–80 fiscal years, for the acquisition, as a unit of the state park system, approximately 10 acres, and improvements therein, of property situated in the County of Madera and known as the Ahwahnee Roundhouse and Cemetery. No funds appropriated for this purpose may be encumbered until the department enters into an agreement with the County of Madera or a California nonprofit corporation, or both, for the development, improvement, restoration, care, maintenance, and control of the property, in accordance with plans approved by, and under the supervision of, the department, by the county or the corporation, or both, and at their expense.

SEC. 3. The acquisition authorized by this act shall be subject to the Property Acquisition Law (commencing with Section 15850 of the Government Code).

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Ahwahnee Roundhouse and Cemetery is zoned for subdivision for single-family residence and is offered for sale. In order that this property may be preserved for the benefit and enjoyment of the general public, it is necessary that this act take effect immediately.

CHAPTER 254

An act to add Section 31510 to the Government Code, relating to the County Employees Retirement Law of 1937.

[Approved by Governor June 16, 1978 Filed with Secretary of State June 16, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 31510 is added to the Government Code, to read:

31510. If a new county is created out of a portion of Santa Barbara County, and if the county formation review commission for the proposed new county provides for a joint retirement system, the existing retirement system of Santa Barbara County operating pursuant to this chapter shall be operated as a joint retirement system for both counties.

The joint retirement system shall operate in all respects as the retirement system had prior to the formation of the new county except as follows:

(a) Any changes in benefits provided under the system shall be made only upon the approval of the boards of supervisors of both counties except that any additional nonvested benefits to employees of Santa Barbara County who have retired as of April 1, 1979, funded from the earnings of the retirement fund which are in excess of the total interest credited to contributions and reserves plus 1 percent of the total assets of the retirement fund, or from the general fund of Santa Barbara County, or both, shall not require the approval of the board of supervisors of the new county.

(b) The retirement board shall consist of nine members and one alternate member. The County Treasurer of Santa Barbara County shall be one member. The second member shall be a member of the association, other than a safety member, elected by such members employed in Santa Barbara County. The third member shall be a

member of the association, other than a safety member, elected by such members employed in the new county. The fourth member shall be a qualified elector of Santa Barbara County who is not connected with county government in any capacity, except that the member may be a county supervisor, and shall be appointed by the Board of Supervisors of Santa Barbara County. The fifth member shall be a qualified elector of the new county who is not connected with county government in any capacity, except that the member may be a county supervisor, and shall be appointed by the board of supervisors of the new county. The sixth member shall be a qualified elector of either county who is not connected with county government in any capacity and shall be jointly appointed by the two boards of supervisors. A supervisor appointed as a member of the retirement board shall not serve beyond his term of office as supervisor. The seventh member shall be a safety member elected by the safety members of the association. The eighth member shall be a retired member elected by the retired members of the association. The ninth member shall be the county treasurer of the new county.

The alternate member shall be that candidate, if any, for the seventh member from a group under Section 31470.2 or 31470.4 which is not represented by the seventh member, and who is not employed in the county in which the seventh member is employed. If there is no such candidate, the alternate member shall be the candidate from a nonrepresented group who receives the highest number of votes, regardless of where he or she is employed. If there is no alternate member elected as specified above, there shall be no alternate member. The alternate member provided for by this section shall vote as a member of the board only in the event the second, third, seventh or eighth member is absent from a board meeting for any cause. If there is a vacancy with respect to the second, third, seventh, or eighth member, the alternate member shall fill such vacancy until a successor qualifies. The alternate shall sit on the board in place of the seventh member when a member of the same service as the alternate member is before the board for determination of his retirement.

Elected members serving on the board at the time of creation of the new county shall continue to serve the balance of their respective terms. The terms of the members appointed by the Board of Supervisors of Santa Barbara County prior to creation of the new county shall terminate upon creation of the new county. The term of the first members appointed by the boards of supervisors shall be staggered and determined by lot so that one term expires each year on the anniversary date of the joint retirement system. Thereafter, the terms of office of the elected and appointed members and the alternate member shall be three years. Compensation for members shall be in accord with Section 31521 except that the ninth member shall not be compensated.

(c) The administration expenses of the system shall be shared by

the two counties in proportion to the number of active members from each county.

(d) Except for membership on the board, the duties imposed upon the county treasurer shall be performed by the County Treasurer of Santa Barbara County provided that the two boards of supervisors may mutually agree to transfer all or a portion of such duties to the county treasurer of the new county.

If the two boards of supervisors agree, the new county may withdraw from the joint retirement system at any time upon such terms and conditions as may be agreed upon by the two counties.

SEC. 2. The Legislature finds and declares that the formation of a new county from a portion of Santa Barbara County would create a unique situation with respect to operation of a retirement system for which a general law cannot be made applicable, and, therefore, that a special law is necessary.

CHAPTER 255

An act relating to school districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 19, 1978 Filed with Secretary of State June 19, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding Sections 39319 and 39320 of the Education Code, remaining payments due from the Clovis Unified School District on leases or agreements entered into pursuant to Section 1 of Chapter 301 of the Statutes of 1977 shall not be considered outstanding bonded indebtedness of the Clovis Unified School District for purposes of Section 15106 of the Education Code.

SEC. 2. On November 4, 1975, an election was held in the Clovis Unified School District pursuant to former Section 20803.2 of the Education Code to increase the revenue limit of the district for an unspecified number of school years commencing with the 1976-1977 school year for the construction, acquisition, operation, and maintenance of athletic, physical education, and cultural facilities. The voters of the district approved the revenue limit increase. However, due to escalating costs, the governing board of the Clovis Unified School District determined that in certain instances it would be more advantageous to lease or lease-purchase such facilities. Thus, Chapter 301 of the Statutes of 1977 authorized the use of the lease-purchase procedures provided in Article 2 (commencing with Section 39300) of Chapter 3 of Part 23 of the Education Code without the calling and holding of an election for voter approval in the Clovis Unified School District.

In November of 1977, the voters of the Clovis Unified School

District authorized a $19.4 million bond measure for the acquisition of sites and the construction of buildings over a five-year period. In light of the fact that the lease-purchase payments authorized by Section 1 of Chapter 301 of the Statutes of 1977 are considered outstanding bonded indebtedness under Section 39319 of the Education Code, the district would exceed its limitation on outstanding bonded indebtedness by selling all of the newly authorized bonds. The immediate effect of not selling the bonds as planned would be the delay of construction of a much needed junior high school authorized by the 1977 bond election and scheduled for construction beginning in 1978.

SEC. 3. Due to the unique circumstances concerning the school district subject to the provisions of this act, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that additional school buildings and facilities in the Clovis Unified School District may be made available at the earliest possible time where the voters have approved school bonds and an increase in the maximum revenue limit of a school district for the construction, acquisition, operation, and maintenance of similar school buildings or facilities, it is essential that this act take immediate effect.

CHAPTER 256

An act to amend Section 8027 of the Education Code, relating to vocational education.

[Approved by Governor June 20, 1978. Filed with Secretary of State June 20, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 8027 of the Education Code is amended to read:

8027. Each regional adult and vocational education council shall meet and review:

(a) Adult continuing education plans and offerings delineated under Sections 8530, 8531, 8532, 8533, 8534, and 8535, excluding programs in classes for inmates confined to the county jail or road camp as described in Section 41841.5.

(b) Regional occupational programs and centers plans and offerings under Section 52300.

(c) Plans of a community college district or unified school district

to change a course offered pursuant to Section 51810 or 78300 to a course for which the district would receive state apportionments.

(d) Plans of a community college district to change a course offered as adult education to a regular graded course.

(e) All plans required to be submitted by Comprehensive Employment Training Act prime sponsors to either the State Board of Education or the California Manpower Services Council.

CHAPTER 257

An act to amend Sections 1440.1, 1440.3, and 1443 of the Probate Code, relating to guardianships.

[Approved by Governor June 20, 1978. Filed with Secretary of State June 20, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 1440.1 of the Probate Code is amended to read:

1440.1. If a petition states that an adoption petition has been filed, a report with respect to the suitability of the petitioner for guardianship shall be filed with the court by the agency investigating the adoption. In any other case the local agency designated by the board of supervisors to provide public social services shall file a report with the court with respect to the petitioner of the same character required to be made with regard to an applicant for foster family home licensure.

SEC. 2. Section 1440.3 of the Probate Code is amended to read:

1440.3. The provisions of Section 1440, requiring allegations in a petition, and Sections 1440.1 and 1440.2 shall not apply where the Director of Mental Health or the Director of Developmental Services is appointed guardian or conservator pursuant to Article 7.5 (commencing with Section 416) of Division 1 of the Health and Safety Code or when the director of the department designated by the board of supervisors to provide social services or the public guardian is appointed guardian or conservator.

SEC. 3. Section 1443 of the Probate Code is amended to read:

1443. Except when an agency is obligated to file a report pursuant to Section 1440.1, the probation officer in the county in which the petition for appointment of guardian of a minor or incompetent person is pending, shall make an investigation of each case whenever he is requested so to do by a judge of the superior court.

CHAPTER 258

An act to amend Section 618 of the Code of Civil Procedure, relating to trial by jury.

[Approved by Governor June 20, 1978. Filed with Secretary of State June 20, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 618 of the Code of Civil Procedure is amended to read:

618. When the jury, or three-fourths of them, have agreed upon a verdict, they must be conducted into court and the verdict rendered by their foreman. The verdict must be in writing, signed by the foreman, and must be read to the jury by the clerk, or by the court, if there be no clerk, and the inquiry made whether it is their verdict. Either party may require the jury to be polled, which is done by the court or clerk, asking each juror if it is his verdict. If upon such inquiry or polling, more than one-fourth of the jurors disagree thereto, the jury must be sent out again, but if no such disagreement be expressed, the verdict is complete and the jury discharged from the case.

CHAPTER 259

An act to add Section 954.5 to the Streets and Highways Code, relating to county highways.

[Approved by Governor June 20, 1978. Filed with Secretary of State June 20, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 954.5 is added to the Streets and Highways Code, to read:

954.5. (a) The board of supervisors may, by resolution, terminate the maintenance of any county highway if it finds that the highway is unnecessary for the public convenience.

(b) Evidence that a county highway is unnecessary for the public convenience shall be taken at a public hearing set in accordance with the procedures for the abandonment of a county highway in Sections 955 and 956. Notice of such hearing shall be mailed to the owner of any property fronting on that portion of a county highway subject to the termination of maintenance. A county highway may be deemed unnecessary for the public convenience on the basis of any of the following:

(1) The county highway does not provide the primary access to

occupied properties.

(2) Traffic on the county highway is intermittent and of low volume.

(3) The county highway is impassable for more than six months and there is no demand that it be reopened.

(c) A certified copy of the order terminating maintenance shall be recorded as provided in Section 956.

(d) If the board of supervisors resumes maintenance of a county highway on which maintenance was terminated under this section, a notice of maintenance shall be recorded in the office of the county recorder.

(e) The provisions of this section shall only apply to the Counties of Riverside and San Bernardino.

SEC. 2. The Legislature hereby finds and declares that a unique situation exists in Riverside and San Bernardino Counties with respect to a large number of county highways located in desert areas which are intermittently used, and that a special law is necessary with respect to termination of maintenance on such county highways because a general law cannot be made applicable.

CHAPTER 260

An act to amend Sections 1281.2, 1286, and 1292.2 of, and to add Section 1281.3 to, the Code of Civil Procedure, relating to arbitration.

[Approved by Governor June 20, 1978 Filed with Secretary of State June 20, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 1281.2 of the Code of Civil Procedure is amended to read:

1281.2. On petition of a party to an arbitration agreement alleging the existence of a written agreement to arbitrate a controversy and that a party thereto refuses to arbitrate such controversy, the court shall order the petitioner and the respondent to arbitrate the controversy if it determines that an agreement to arbitrate the controversy exists, unless it determines that:

(a) The right to compel arbitration has been waived by the petitioner; or

(b) Grounds exist for the revocation of the agreement.

(c) A party to the arbitration agreement is also a party to a pending court action or special proceeding with a third party, arising out of the same transaction or series of related transactions and there is a possibility of conflicting rulings on a common issue of law or fact. For purposes of this section, a pending court action or special proceeding includes an action or proceeding initiated by the party refusing to arbitrate after the petition to compel arbitration has been filed, but

on or before the date of the hearing on the petition. This subdivision shall not be applicable to an agreement to arbitrate disputes as to the professional negligence of a health care provider made pursuant to Section 1295.

If the court determines that a written agreement to arbitrate a controversy exists, an order to arbitrate such controversy may not be refused on the ground that the petitioner's contentions lack substantive merit.

If the court determines that there are other issues between the petitioner and the respondent which are not subject to arbitration and which are the subject of a pending action or special proceeding between the petitioner and the respondent and that a determination of such issues may make the arbitration unnecessary, the court may delay its order to arbitrate until the determination of such other issues or until such earlier time as the court specifies.

If the court determines that a party to the arbitration is also a party to litigation in a pending court action or special proceeding with a third party as set forth under subdivision (c) herein, the court (1) may refuse to enforce the arbitration agreement and may order intervention or joinder of all parties in a single action or special proceeding; (2) may order intervention or joinder as to all or only certain issues; (3) may order arbitration among the parties who have agreed to arbitration and stay the pending court action or special proceeding pending the outcome of the arbitration proceeding; or (4) may stay arbitration pending the outcome of the court action or special proceeding.

SEC. 2. Section 1281.3 is added to the Code of Civil Procedure, to read:

1281.3. A party to an arbitration agreement may petition the court to consolidate separate arbitration proceedings, and the court may order consolidation of separate arbitration proceedings when:

(1) Separate arbitration agreements or proceedings exist between the same parties; or one party is a party to a separate arbitration agreement or proceeding with a third party; and

(2) The disputes arise from the same transactions or series of related transactions; and

(3) There is common issue or issues of law or fact creating the possibility of conflicting rulings by more than one arbitrator or panel of arbitrators.

If all of the applicable arbitration agreements name the same arbitrator, arbitration panel, or arbitration tribunal, the court, if it orders consolidation, shall order all matters to be heard before the arbitrator, panel, or tribunal agreed to by the parties. If the applicable arbitration agreements name separate arbitrators, panels, or tribunals, the court, if it orders consolidation, shall, in the absence of an agreed method of selection by all parties to the consolidated arbitration, appoint an arbitrator in accord with the procedures set forth in Section 1281.6.

In the event that the arbitration agreements in consolidated

proceedings contain inconsistent provisions, the court shall resolve such conflicts and determine the rights and duties of the various parties to achieve substantial justice under all the circumstances.

The court may exercise its discretion under this section to deny consolidation of separate arbitration proceedings or to consolidate separate arbitration proceedings only as to certain issues, leaving other issues to be resolved in separate proceedings.

This section shall not be applicable to an agreement to arbitrate disputes as to the professional negligence of a health care provider made pursuant to Section 1295.

SEC. 3. Section 1286 of the Code of Civil Procedure is amended to read:

1286. If a petition or response under this chapter is duly served and filed, the court shall confirm the award as made, whether rendered in this state or another state, unless in accordance with this chapter it corrects the award and confirms it as corrected, vacates the award or dismisses the proceeding.

SEC. 4. Section 1292.2 of the Code of Civil Procedure is amended to read:

1292.2. Except as otherwise provided in this article, any petition made after the commencement or completion of arbitration shall be filed in the superior court in the county where the arbitration is being or has been held, or, if not held exclusively in any one county of this state, or if held outside of this state, then such petition shall be filed as provided in Section 1292.

CHAPTER 261

An act to repeal Section 6939.2 of the Harbors and Navigation Code, relating to port districts.

[Approved by Governor June 20, 1978 Filed with Secretary of State June 20, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 6939.2 of the Harbors and Navigation Code is repealed.

CHAPTER 262

An act to amend Section 5784.8a of the Public Resources Code, relating to recreation and park districts.

[Approved by Governor June 20, 1978 Filed with Secretary of State June 20, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 5784.8a of the Public Resources Code is amended to read:

5784.8a. On or before the 1st day of July in any year the governing body of a city, the area of which is located entirely or partially within a recreation and park district, may, with the concurrence of the park district involved, elect to pay out of municipal funds the whole or a stated percentage of the amount of taxes which will be levied for district purposes for the fiscal year commencing upon the 1st day of July upon property located within the city.

The election shall be made by the adoption of an order reciting that the city, pursuant to this section, elects to pay the whole or a stated percentage of the amount of taxes which will be levied by the district upon property located within the incorporated limits of the city and stating the time and manner in which payment shall be made.

Upon the adoption of the order a certified copy of it shall be presented to the board of directors of the district for its approval. If the board of directors of the district is satisfied that the financial condition of the city reasonably will assure such payment, if the time and manner of payment is acceptable, and if the board of directors of the district concurs in having the district's operations funded in this manner, the board shall by order approve the city's election to pay the taxes. Immediately upon the adoption of the order approving the city's election to pay the taxes, certified copies of both orders shall be filed with the auditor, assessor and tax collector of the supervising authority.

Thereafter, if the whole of the taxes which are levied on property within the city is to be paid by the city, the auditor of the supervising authority shall not extend the district tax on such property, or if only a percentage of the tax which is levied on such property is to be paid by the city the auditor shall only extend the balance of the district tax on such property.

If the payment made by a city exceeds the total amount of district taxes which have been levied against property within the city, the amount of the excess without interest shall be refunded to the city prior to the close of the fiscal year for which the payment was made.

An election to pay taxes pursuant to this section is effective only for the fiscal year for which made.

CHAPTER 263

An act to amend, add and repeal Section 5705 of the Welfare and Institutions Code, relating to mental health.

[Approved by Governor June 21, 1978 Filed with Secretary of State June 21, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 5705 of the Welfare and Institutions Code is amended to read:

5705. (a) To continue the approximate 1968–1969 ratio of state-county mental health expenditures, the net cost of all services specified in the approved county Short-Doyle Plans shall be financed on a basis of 90 percent state funds and 10 percent county funds, irrespective of where or by whom the services are provided, except for services to be financed from other public or private sources as indicated in the county Short-Doyle Plan. The cost of the services shall be the actual cost as determined in accordance with standard accounting practices or a negotiated net amount or rate approved by the Director of Mental Health.

(b) Negotiated net amounts or rates may be used as the cost of services only in accordance with the following paragraphs:

(1) Negotiated net amounts may be used as the cost of services in a contract which provides for the delivery of 75 percent or more of the total county Short-Doyle annual plan for each fiscal year. The negotiated net amount shall be approved by the Department of Mental Health prior to commencing services for reimbursement. Providers under this paragraph shall report to the Department of Mental Health and the local mental health program cost accounting and any other information required by the Department of Mental Health in accordance with procedures established by the Director of Mental Health emphasizing success in program outcome versus providers' expenditures. Contracts entered into pursuant to this paragraph shall be financed within an approved Short-Doyle Plan. For the purposes of this paragraph, the cost-sharing formula of such contracts shall be 85 percent state funds, 5 percent county funds, and 10 percent funding from the contracting organization which shall not include state or federal funds directly allocated to contracting organizations.

(2) Negotiated rates may be used as the cost of services in contracts with providers whose gross Short-Doyle contract with a county is not more than $150,000 per annum. The negotiated rate shall be approved by the Department of Mental Health prior to commencing services for reimbursement. Providers under this paragraph shall report to the Department of Mental Health and the local mental health program cost accounting and any other information required by the Department of Mental Health in accordance with procedures established by the Director of Mental Health.

This section shall remain in effect only until July 1, 1981, and on that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1981, deletes or extends such date.

SEC. 2. Section 5705 is added to the Welfare and Institutions Code, to read:

5705. To continue the approximate 1968-1969 ratio of state-county

[Approved by Governor June 21, 1978 Filed with Secretary of State June 21, 1978]

The people of the State of California do enact as follows:

In lieu of drawing separate salary warrants for such persons as shall have elected to be paid their salaries by such disbursing agent, the auditor may deliver to such disbursing agent a single warrant for the total combined salaries of such persons on or before the designated payday, together with the information necessary to disburse such salaries. The board of supervisors may enter into written contracts with such state and national banks, or state and federal credit unions, for their services as such disbursing agents on such terms as the board deems appropriate.

CHAPTER 265

An act to amend Sections 2033 and 2034 of the Code of Civil Procedure, relating to discovery.

[Approved by Governor June 22, 1978. Filed with Secretary of State June 22, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 2033 of the Code of Civil Procedure is amended to read:

2033. (a) After service of summons or the appearance of a party, any other party who has appeared in the action may serve upon such party who has been served or who has appeared a written request for the admission by the latter of the genuineness of any relevant documents described in the request or of the truth of any relevant matters of fact set forth in the request. If a plaintiff desires to serve a request within 10 days after such service of summons or appearance, leave of court, granted with or without notice, must be obtained. Copies of the documents shall be served with the request unless copies have already been furnished, and upon request the originals shall be made available for inspection. Each of the matters of which an admission is requested shall be deemed admitted, provided that the original request contained substantially the following words at the end thereof: "If you fail to comply with the provisions of Section 2033 of the Code of Civil Procedure with respect to this request for admissions, each of the matters of which an admission is requested will be deemed admitted", unless, within the period designated in the request, not less than 30 days after service thereof or within such shorter time as the court may allow for good cause on motion and notice to the party to whom the request is directed or within such longer time as the court may allow for good cause and with or without notice, but in no event later than 60 days prior to the date of trial, the party to whom the request is directed serves upon the party requesting the admission either (1) a sworn statement denying specifically the matters of which an admission is requested or setting forth in detail the reasons why he cannot truthfully admit or deny those matters or (2) written objections on the ground that some or all of the requested admissions are privileged or irrelevant or that the request is otherwise improper in whole or in part.If written objections to a part of the request are made, the remainder of the request shall be answered within the period designated in the request. A denial shall fairly meet the substance of the requested admission, and when good faith requires that a party deny only a part of a matter of which an admission is requested, or that he qualify his response thereto, he shall specify so much of it as is true and deny or qualify only the remainder. If the party who has submitted the requests for admissions deems that

further response is required, he may move the court for an order requiring further response. Such motion must be upon notice given within 30 days from date of service of the responses unless the court, on motion and notice, and for good cause shown, enlarges the time. Otherwise, the party submitting the requests for admissions shall be deemed to have waived the right to compel further responses pursuant to this section. Copies of all requests for admissions and of all responses thereto shall be served upon all other parties to the action who have appeared; but the court on motion with or without notice may waive this requirement if the court determines that enforcement thereof would be unduly expensive, oppressive or burdensome. At any time prior to final judgment and upon written request, the party originating requests for admissions or responses thereto shall provide within 30 days of such written request a copy thereof to any other party for any reason not previously served.

Upon failure of a party served with requests for admissions pursuant to this section either to answer or to file objections within the period as designated in the request or as extended by the court, the party making the request may then serve upon the other party a notice in writing by certified or registered mail, return receipt requested, notifying the party so served that the genuineness of such documents or the truth of such facts has been deemed admitted. Once such notice is served, the party upon whom such notice is served shall not have the right to apply for relief under the provisions of Section 473 unless a motion requesting such relief is served and filed within 30 days after service of such notice.

(b) Each party propounding or responding to requests for admissions and any responses thereto shall not file such request or response unless the court, on motion and notice and for good cause shown, so orders. Any party may lodge with the court the original or a copy of any requests for admissions or responses thereto, but these shall not be filed unless the court determines that their contents have become relevant to an issue in a trial or other proceeding.

(c) The number of requests for admissions or of sets of requests for admissions to be served is not limited except as justice requires to protect the party from annoyance, expense, embarrassment or oppression. The provisions of subdivision (b) of Section 2019 are applicable for the protection of the party from whom the admissions are requested under this section.

(d) Any admission made by a party pursuant to such request is for the purpose of the pending action only and neither constitutes an admission by him for any other purpose nor may be used against him in any other action.

(e) Service upon a party of any request for admission or response under this section may be made upon any party or his attorney in the manner provided in Chapter 5 (commencing with Section 1010) of Title 14 of Part 2.

SEC 2. Section 2034 of the Code of Civil Procedure is amended to read:

2034. (a) If a party or other deponent refuses or fails to answer any question propounded upon examination during the taking of a deposition, or refuses or fails to produce at a deposition any books, documents or other things under his control pursuant to a subpoena duces tecum, the examination shall be completed on other matters or adjourned, as the proponent of the question may prefer. Such proponent, on notice to all persons affected thereby, may move the court in which the action is pending (if the deponent is a party or otherwise subject to the jurisdiction of such court), or if such court does not have jurisdiction over the deponent, to the superior court of the county in which the deposition is taken for an order compelling an answer or if good cause is shown, the production of such book, document, or other thing. Such motion may also be made, without further notice, if the proponent notifies the refusing party or other deponent at the time of such refusal or failure that the proponent will apply to the court for an order pursuant to this subdivision of this section, at a specified time not less than 10 nor more than 30 days from the date of such refusal or failure, in which event the officer before whom the deposition is taken shall direct the refusing or failing party or other deponent to attend a session of said court at said time. Not less than five days prior to the hearing on any such motion, the proponent must lodge with the court the original transcript of such deposition. Upon the refusal or failure of a party to answer any interrogatory submitted under Section 2030 of this code, the proponent of the question may on like notice make like application for such an order. Upon the filing and service of either written objections to a request under Section 2033, or an answer deemed by the requesting party not to be in compliance with the requirements of Section 2033, the party serving such request may on like notice make like application for an order requiring answers or further answers to such request. If the motion is granted the court shall order that an answer or further answer be served within an appropriate time. Upon the refusal or failure of a party to permit inspection or entry after having been served with a request under Section 2031 of this code, the party serving such request may on like notice and upon a showing of good cause make application for an order to compel compliance with the request. If the court finds that the refusal or failure or objection was without substantial justification or that the answer does not comply with the requirements of Section 2033, the court may require the refusing or failing or objecting party or deponent and the party or attorney advising the refusal or failure or objection or any of them to pay to the examining party the amount of the reasonable expenses incurred in obtaining the order, including reasonable attorney's fees. If the motion is denied and if the court finds that the motion was made without substantial justification, the court may require the examining party or the attorney advising the motion or both of them to pay to the refusing or failing or objecting party or witness the amount of the reasonable expenses incurred in obtaining the order, including reasonable attorney's fees.

If the court orders that an answer or further answer to requests for admissions be made, and such answer or further answer is not filed and served within the period ordered by the court, each of the matters involved in such order shall be deemed admitted, subject only to relief pursuant to Section 473, as restricted by the provisions of Section 2033.

(b) (1) The court may punish as a contempt (i) the refusal of any person to obey a subpoena issued by that court to attend a deposition or to be sworn as a witness, or (ii) the refusal of any person to attend a session of court (either personally or by his attorney) after having been directed to attend in the manner provided in subdivision (a) of this section, or (iii) the refusal of any person to obey any order made by the court under subdivision (a) of this section.

(2) If any party or person for whose immediate benefit the action or proceeding is prosecuted or defended, or an officer, director, superintendent, member, agent, employee or managing agent of any such party or person refuses to obey on order made under subdivision (a) of this section, or if any party or an officer or managing agent of a party refuses to obey an order made under Section 2019, 2031 or 2032 of this code, the court may make such orders in regard to the refusal as are just, and among ōthers the following:

(i) An order that the matters regarding which the questions were asked, or the character or description of the thing or land, or the contents of the paper, or the physical or mental or blood condition of the person sought to be examined, or any other designated facts shall be taken to be established for the purposes of the action in accordance with the claim of the party obtaining the order;

(ii) An order refusing to allow the disobedient party to support or oppose designated claims or defenses, or prohibiting him from introducing in evidence designated documents or things or items of testimony, or from introducing evidence of the physical or mental or blood condition of the person sought to be examined;

(iii) An order striking out pleadings or parts thereof, or staying further proceedings until the order is obeyed, or dismissing the action or proceeding or any part thereof, or rendering a judgment by default against the disobedient party;

(iv) An order requiring the disobedient party or the attorney advising such disobedience to pay to the party obtaining an order under this section the reasonable expenses incurred in obtaining the order, including reasonable attorney's fees;

(v) In lieu of any of the foregoing orders or in addition thereto, an order directing the arrest of any party or agent of a party for disobeying any of such orders except an order to submit to a physical or mental or blood examination;

(vi) Where a party has failed to comply with an order under subdivision (a) of Section 2032 of this code requiring him to produce another for examination, such orders as are listed in (i), (ii), and (iii) of this subdivision of this section, unless the party failing to comply

shows that he is unable to produce such person for examination.

(c) If a party, after being served with a request under Section 2033 of this code to admit the genuineness of any documents or the truth of any matters of fact, serves a sworn denial thereof and if the party requesting the admissions thereafter proves the genuineness of any such document or the truth of any such matter of fact, he may apply to the court in the same action for an order requiring the other party to pay him the reasonable expenses incurred in making such proof, including reasonable attorney's fees. If the court finds that there were no good reasons for the denial and that the admissions sought were of substantial importance, the order shall be made.

(d) If a party or a person for whose immediate benefit the action or proceeding is prosecuted or defended or anyone who at the time the deposition is set is an officer, director, or managing agent of any such party or person willfully fails to appear before the officer who is to take his deposition, after said party or his attorney has been served with a proper notice in accordance with the provisions of subdivision (a) (4) of Section 2019 of this code, or if a party or an officer or managing agent of a party willfully fails to serve answers to interrogatories submitted under Section 2030 of this code, after proper service of such interrogatories, the court on motion and notice may strike out all or any part of any pleading of that party, or dismiss the action or proceeding or any part thereof, or enter a judgment by default against that party, or impose such other penalties of a lesser nature as the court may deem just, and may order that party or his attorney to pay to the moving party the reasonable expenses in making such motion, including reasonable attorney's fees.

If a promise to make an appointment under such a power is not performed, the promisee cannot obtain either specific performance or damages, but the promisee is not prevented from obtaining restitution of the value given by the promisee for the promise.

(c) Unless the creating instrument expressly provides that the donee may not contract to make an appointment while the power of appointment is not presently exercisable, subdivision (b) does not apply to the case where the donor and the donee are the same person. In such case, the donee can contract to make an appointment to the same extent that the donee could make an effective appointment if the power of appointment were presently exercisable.

"Professional society" includes legal, medical, psychological, dental, accounting, optometric, podiatric, pharmaceutic, chiropractic, and engineering organizations having as members at least a majority of the eligible licentiates in the area served by the particular society. The provisions of this section do not affect the official immunity of an officer or employee of a public corporation.

There shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any physician and surgeon who is a member of an underwriting committee of an interindemnity or reciprocal or interinsurance exchange or mutual company for any act or proceeding undertaken or performed in evaluating physicians and surgeons for the writing of professional liability insurance, if such evaluating physician or surgeon acts without malice, has made a reasonable effort to obtain the facts of the matter as to which he acts, and acts in reasonable belief that the action taken by him is warranted by the facts known to him after such reasonable effort to

obtain such facts.

This section shall not be construed to confer immunity from liability on any professional society or hospital. In any case in which, but for the enactment of the preceding provisions of this section, a cause of action would arise against a hospital or professional society, such cause of action shall exist as if the preceding provisions of this section had not been enacted.

The people of the State of California do enact as follows:

SECTION 1. Section 2416 of the Vehicle Code is amended to read:

2416. (a) The Commissioner of the California Highway Patrol may issue authorized emergency vehicle permits only for the following vehicles, and then only upon a finding in each case that the

vehicle is used in responding to emergency calls for fire or law enforcement or for the immediate preservation of life or property or for the apprehension of law violators:

(1) Any vehicle maintained in whole or in part by the state, a county or a city and privately owned and operated by a constable, deputy constable, or person who is a member of, and who receives salary from, and is regularly employed by, a police department or sheriff's department, provided the state, county or city does not furnish to such person a publicly owned authorized emergency vehicle.

(2) An emergency repair vehicle of a utility or public utility.

(b) Privately owned ambulances may be operated as emergency vehicles only under a license issued in accordance with the provisions of Chapter 2.5 (commencing with Section 2500) of this division.

(c) The commissioner may adopt and enforce regulations to implement this section.

(d) Violation of any regulation adopted by the commissioner pursuant to this section is a misdemeanor.

SEC. 2. Section 2417 of the Vehicle Code is amended to read:

SEC. 4. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

(c) The amount to be secured by the attachment in the unlawful detainer proceeding may, in the discretion of the court, include an additional amount equal to the amount of rent for the period from the date the complaint is filed until the estimated date of judgment or such earlier estimated date as possession has been or is likely to be delivered to the plaintiff, such amount to be computed at the rate provided in the lease.

SEC. 3. Section 489.240 of the Code of Civil Procedure is amended to read:

489.240. (a) In addition to any other provision of law, the provisions of this section shall be complied with where any of the following personal property is sought to be attached:

(1) A deposit account, or interest therein, not standing in the name of the defendant alone.

(2) Property in a safe-deposit vault or box maintained by a bank, trust company, savings and loan association, or other corporation authorized and empowered to conduct a safe-deposit business and rented by it to a person other than a defendant.

(b) The amount of an undertaking filed to obtain a writ of attachment of property described in subdivision (a) shall be an amount not less than twice the amount sought to be recovered by the plaintiff in the action in which the writ is sought or, if a lesser amount is sought to be levied upon, not less than twice the lesser amount. The undertaking shall secure the payment of any recovery for wrongful attachment by any person, other than the defendant whose interest is sought to be attached, rightfully entitled to such property (which person need not be named specifically in the undertaking but may be referred to generally in the same manner as in this sentence).

(c) Objections to the undertaking may be made by any person claiming to be the rightful owner of the property sought to be levied upon.

A person employed pursuant to this subdivision may engage in the practice of nursing upon the issuance of a permit issued pursuant to subdivision (c).

(c) A person, to be employed under subdivision (b), shall apply for the interim permit at the time of application for licensure by examination. Whenever the factor certified pursuant to Section 41200 is redetermined by the State Board of Equalization for any school district after July 1 of any fiscal year, the redetermined factor shall be used to adjust the district's state equalization aid entitlement in the next succceeding fiscal year.

(e) All services shall be readily available at reasonable times to all enrollees. To the extent feasible, the plan shall make all services readily accessible to all enrollees.

(f) The plan shall employ and utilize allied health manpower for the furnishing of services to the extent permitted by law and consistent with good medical practice.

(g) The plan shall have the organizational and administrative capacity to provide services to subscribers and enrollees. The plan shall be able to demonstrate to the department that medical decisions are rendered by qualified medical providers, unhindered by fiscal and administrative management.

(h) All contracts with subscribers and enrollees, including group contracts, and all contracts with providers, and other persons furnishing services, equipment, or facilities to or in connection with the plan, shall be fair, reasonable, and consistent with the objectives of this chapter.

(i) Each health care service plan contract shall provide to subscribers and enrollees all of the basic health care services included in subdivision (b) of Section 1345, except that the commissioner may, for good cause, by rule or order exempt a plan contract or any class of plan contracts from such requirement. The commissioner shall by rule define the scope of each basic health care service which health care service plans shall be required to provide as a minimum for licensure under this chapter. Nothing in this chapter shall prohibit a health care service plan from charging subscribers or enrollees a copayment or a deductible for a basic health care service or from setting forth, by contract, limitations on maximum coverage of basic health care services, provided that such copayments, deductibles, or limitations are reported to, and held unobjectionable by, the commissioner and set forth to the subscriber or enrollee pursuant to the disclosure provisions of Section 1363.

Nothing in this section shall be construed to permit the commissioner to establish the rates charged subscribers and enrollees for contractual health care services.

This section shall become operative on July 1, 1978, unless a later enacted statute, which is chaptered before July 1, 1978, deletes or extends such date.

SEC. 5. Section 1370 of the Health and Safety Code is amended

to read:

1370. Every plan shall establish procedures in accordance with department regulations for continuously reviewing the quality of care, performance of medical personnel, utilization of services and facilities, and costs. Notwithstanding any other provision of law, there shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any person who participates in quality of care or utilization reviews by peer review committees which are composed chiefly of physicians and surgeons for any act performed during such reviews if such person acts without malice, has made a reasonable effort to obtain the facts of the matter, and believes that the action taken is warranted by the facts, and neither the proceedings nor the records of such reviews shall be subject to discovery, nor shall any person in attendance at such reviews be required to testify as to what transpired thereat.

The above prohibition relating to discovery or testimony shall not apply to the statements made by any person in attendance at such a review who is a party to an action or proceeding the subject matter of which was reviewed, or to any person requesting hospital staff privileges, or in any action against an insurance carrier alleging bad faith by the carrier in refusing to accept a settlement offer within the policy limits, or to the commissioner in conducting surveys pursuant to Section 1380.

This section shall not be construed to confer immunity from liability on any health care service plan. In any case in which, but for the enactment of the preceding provisions of this section, a cause of action would arise against a health care service plan, such cause of action shall exist notwithstanding the provisions of this section.

SEC. 6. Section 1375 of the Health and Safety Code is repealed.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

It is necessary to delete the requirement, which is to become operative September 16, 1978, that plans under the Knox-Keene Health Care Service Plan Act of 1975 have subsequent providers because, although worthy in concept, the requirement is not achievable in practice. It is, therefore, necessary that the provisions of this act go into immediate effect.

The resulting quotient is the adjustment factor of the school district.

(c) If the factor of a school district, as computed pursuant to subdivision (b), is 1.1 or less, the amount determined for the district pursuant to subdivision (a) shall be reduced by 9 percent.

(d) If the factor for a school district, as computed pursuant to subdivision (b), is 1.5 or more, the amount determined for the district pursuant to subdivision (a) shall be reduced by 15 percent.

(12) In lieu of the amount which would otherwise be appropriated for transfer to Section A of the State School Fund for the 1978–79 fiscal year pursuant to subdivisions (a) and (b) of Section 74 of Chapter 894 of the Statutes of 1977, there is hereby appropriated from the General Fund for the purpose of making allowances for purposes of Article 1 (commencing with Section 44670) and Article 2 (commencing with Section 44680) of Chapter 3.1 of Part 25 of the Education Code, the sums of four hundred ninety-five thousand dollars ($495,000) and four hundred fifty thousand dollars ($450,000), respectively.

(13) In lieu of the amount appropriated by Section 4 of Chapter 1255 of the Statutes of 1977, there is hereby appropriated from the General Fund in the State Treasury to the State Library, for the purpose of implementing the provisions of Chapter 4 (commencing with Section 18700) of Part 11 of the Education Code, the sum of four million seven hundred eighty thousand dollars ($4,780,000).

(b) The State Board of Education may modify the specific funding formulas for each of the categorical aid programs affected by this section, including the modification of formulas set forth in terms of a given amount for unit of average daily attendance, in order to allocate funds authorized for each program in the 1978–79 fiscal year.

SEC. 11. Section 84205.5 is added to the Education Code, to read:

84205.5. For purposes of subdivision (a) of Section 2 of Article XIII A of the California Constitution, the "full cash value" of all property in a community college district shall include the assessed valuation of all real properties in those territories or components which subsequent to the 1975–76 fiscal year became a part of the community college district.

SEC. 12. Section 84771 of the Education Code is repealed.

SEC. 13. Chapter 5.5 (commencing with Section 84900) is added to Part 50 of the Education Code, to read:

CHAPTER 5.5. COMMUNITY COLLEGES EMERGENCY FINANCE ACT OF 1978

84900. By the enactment of this chapter, the Legislature intends to provide immediate financial relief to public California community colleges for the 1978–79 fiscal year as a result of lost local tax revenues as a result of the operation of Article XIII A of the California Constitution.

84901. In distributing the proceeds of local tax revenues authorized by Article XIII A of the California Constitution, it is the intent of the Legislature that there shall be apportioned to community college districts at least the same proportion of such tax revenues as community college districts received in 1977–78 fiscal year.

84902. (a) In lieu of the amounts which would otherwise be appropriated for transfer from the General Fund in the State Treasury to Section B of the State School Fund pursuant to Section 14020 of the Education Code, there is hereby appropriated for transfer by the State Controller during the 1978–79 fiscal year from the General Fund in the State Treasury to Section B of the State School Fund, in addition to the sums accruing to Section B of the State School Fund from other sources, for apportionment pursuant to Section 84903 and Article 11 (commencing with Section 84850) of Chapter 5 of this part during the 1978–79 fiscal year, the sum of five hundred thirty-seven million sixty-four thousand nine hundred dollars ($537,064,900).

(b) In addition to the amount appropriated by subdivision (a) of this section, there is hereby appropriated from the General Fund to Section B of the State School Fund for transfer by the State Controller during the 1978–79 fiscal year the amount of two hundred sixty million dollars ($260,000,000). The State Controller shall disburse such amount upon order of the Chancellor, for apportionment pursuant to Section 84904; provided that no more than 75 percent of the appropriation made by this subdivision shall be disbursed prior to February 1, 1979.

84903. In lieu of the schedule of apportionments prescribed by Sections 84322, 84323, 84324, and 84325, the amount to be transferred to Section B of the State School Fund for the 1978–79 fiscal year pursuant to subdivision (a) of Section 84902 shall be expended during such fiscal year in accordance with the advance apportionment prescribed by Section 84320, adjusted for the amount appropriated by subdivision (a) of Section 84902.

84904. (a) The Chancellor shall distribute the amount appropriated by subdivision (b) of Section 84902 so that each district receives the same percentage of its target budget after deducting the sum of (1) the apportionment made pursuant to Section 84903 (exclusive of the special apportionment for handicapped), (2) available local property tax revenues, and (3) available district reserves.

(b) "Target budget," for purposes of this section, means the product of 1.068 times the sum of the revenue received for the 1977–78 fiscal year pursuant to Sections 2102, 8329, 8382, 23401, 56810, 56811, 56815, 76482, 81338, 81341, 81342.5, 84006, 84203, 84812, 84870, 85100, 85110, 85132, and 85133.1 and (for the second principal apportionment) Article 5 (commencing with Section 84762) of Chapter 5 of this part of the Education Code, Sections 218, 219, 988, and 992 of the Revenue and Taxation Code, and Section 5302.5 of the Streets and Highways Code.

(c) "Available district reserves", for purposes of this section, means one-third of the unrestricted general fund balance held on June 30, 1978, in excess of five percent of a district's general fund total income for the 1977–78 fiscal year. As used in this section, the "unrestricted general fund balance" shall not include any of the following:

(1) Reserves committed prior to June 6, 1978, for contractual obligations.

(2) Reserves restricted by district board action taken prior to June 6, 1978, or by law, or by court order.

(3) Reserves committed prior to June 6, 1978, to a district self-insurance fund.

(4) Reserves committed prior to June 6, 1978, to a capital outlay obligation.

(5) Non-cash assets, such as stores, inventory, property and buildings, or other investment.

84905. The Chancellor may allocate up to fifteen million dollars ($15,000,000) of the funds appropriated by subdivision (a) of Section 84902 to community college districts for special needs, pursuant to rules and regulations adopted by the Board of Governors of the California Community Colleges. However, no community college district shall be eligible for a special needs allocation if that district has unrestricted reserves and board-restricted reserves greater than 5 percent of the district's general fund income for the 1977–78 fiscal year. Any allocation for special needs shall not be included within the limit of 75 percent allocation prescribed in subdivision (b) of Section 84902.

84906. In lieu of the manner of giving warrants for apportionments, as provided in Sections 14041 and 14042, and for the 1978–79 fiscal year only, the State Controller shall draw warrants on the State Treasury in favor of the county treasurer of each county containing a community college district at such times and in such an amount as determined and certified by the Chancellor; provided that no more than 75 percent of the appropriation made by Section 84902 may be expended prior to February 1, 1979.

84907. (a) For purposes of community college district operation for the 1978–79 fiscal year, the Chancellor may waive Section 79002.

(b) For purposes of community college district operations for the 1979–80 fiscal year, the Chancellor may waive Section 84370, but in no case shall a community college district receive any apportionment

from the State School Fund in the 1979–80 fiscal year unless it has maintained the regular day schools of the district for at least 160 days in the 1978–79 fiscal year.

(c) For the 1978–79 fiscal year the 25 percent local matching requirement for community colleges pursuant to Section 8251 of the Education Code shall not be effective.

84908. Community college districts shall not use funds received from the Controller pursuant to Section 84903 to support noncredit course offerings unless such courses are in elementary and secondary basic skills; a class in English for foreigners; a course in citizenship; a course in a trade or industrial subject, including apprenticeship classes as they are defined by the Chancellor's Office; or a special course for handicapped adults.

84909. Of the funds transferred to Section B of the State School Fund by subdivision (a) of Section 84902, there shall be transferred up to one million eight hundred thousand dollars ($1,800,000) to the Community College Fund for Instructional Improvement for the purposes of Article 7 (commencing with Section 84380) of Chapter 3 of this part.

SEC. 14. Chapter 8 (commencing with Section 2100) of Part 2 of the Education Code shall not be operative for the 1978–79 fiscal years.

DISTRIBUTION OF FUNDS TO LOCAL AGENCIES

SEC. 15. Part 1.5 (commencing with Section 16250) is added to Division 4 of Title 2 of the Government Code, to read:

PART 1.5. DISTRIBUTION OF FUNDS TO LOCAL AGENCIES

CHAPTER 1. CITIES

16250. (a) Out of the amount appropriated by Section 16100, there shall be allocated to the cities in this state, for the 1978–79 fiscal year only, two hundred fifty million dollars ($250,000,000) to be distributed as provided in subdivisions (b), (c), and (d) of this section.

(b) (1) For each city the amount of property taxes collected plus the amount of homeowners' and business inventory reimbursement in 1977–78 shall be determined by the Controller.

(2) From the amount determined pursuant to paragraph (1), there shall be subtracted the amount of property tax and homeowners' and business inventory reimbursement allocated to each city in 1978–79 pursuant to Section 26912.

(3) The amount determined pursuant to paragraph (2) shall be aggregated for all cities in the state.

(4) The Controller shall then determine what the percentage computed for each city pursuant to paragraph (2) is of the total statewide amount computed pursuant to paragraph (3).

(5) The percentage determined pursuant to paragraph (4) shall be applied to the two hundred fifty million dollars ($250,000,000) to determine each city's dollar share of the surplus allocation.

(c) From each city's dollar share of the total allocation, there shall be subtracted an amount equal to one-third of the city's general fund reserve balance on July 1, 1978, as defined in subdivision (e), in excess of 5 percent of the city's 1977–78 total revenues.

(d) The amount determined in subdivision (c) shall be distributed to each city by the Controller in accordance with the following schedule:

10 percent—on August 31, 1978.

45 percent—on December 10, 1978.

45 percent—on April 10, 1978.

(e) For the purposes of this section, "general fund reserves" shall not include:

(1) Noncash assets such as stores, inventory, property and buildings, or other investments.

(2) Any amounts for self-insurance, for contractual obligations, or for reserves established by a governing board policy adopted prior to June 6, 1978.

(4) Any amounts committed to a capital outlay project approved prior to June 6, 1978, by the city council.

(f) For the purpose of this subdivision, the amount of property tax collected pursuant to paragraphs (1) and (2) of Section 2270 of the Revenue and Taxation Code for the purpose of making annual payments for the interest and principal on outstanding general obligation bonds or other indebtedness approved by the voters prior to July 1, 1978, shall be excluded from all calculations.

(g) Funds distributed under this section shall be distributed first for police and fire programs in order not to jeopardize the health and safety of the community. The legislative body shall ensure that the level of police and fire protection programs actually provided in the 1977–78 fiscal year shall be continued in the 1978–79 fiscal year.

Nothing in this section shall prevent the legislative body from reviewing and establishing its police and fire protection program in the 1978–79 fiscal year in a manner which will make such program more efficient and effective.

CHAPTER 2. COUNTIES

16260. (a) Except as provided in subdivision (x), out of the amount appropriated by Section 16100, there shall be allocated for counties and cities and counties, for the 1978–79 fiscal year only four hundred thirty-six million dollars ($436,000,000) to be distributed as provided in subdivisions (b), (c), (d), and (e):

(b) (1) For each county and city and county, the amount of property taxes collected, plus the amount of homeowner and business inventory exemption reimbursements, for the 1977–78 fiscal

year shall be computed by the Controller.

(2) From the amount determined pursuant to paragraph (1), there shall be subtracted the amount of property tax and homeowner and business inventory exemption reimbursements allocated to each county and city and county in 1978–79 pursuant to Section 26912.

(3) From the amount determined pursuant to paragraph (2), there shall be subtracted the dollar amount of a county's obligation in 1978–79 relieved by Sections 33 and 34 of the bill.

(4) The amount determined pursuant to paragraph (3) shall be aggregated for counties and cities and counties in the state.

(5) The Controller shall then determine what the percentage computed for each county and city and county pursuant to paragraph (3) is of the total statewide computed pursuant to paragraph (4).

(6) The percentage determined pursuant to paragraph (5) shall be applied to the amount described in subdivision (a), modified by subdivision (x) if applicable,to determine the dollar share of the surplus allocation for each county and city and county.

(c) From each county's or city and county's surplus allocation, there shall be subtracted an amount equal to one-third of the county's or city and county's general fund reserve balance on July 1, 1978, as defined in subdivision (e), in excess of 5 percent of the county's of the county's or city and county's total 1977–78 revenues.

(d) The amount determined in subdivision (e), if positive, shall be distributed to each county and city and county by the Controller in accordance with the following schedule:

(e) As used in this section "general fund reserves" includes reserves as of July 1, 1978, that are not legally obligated. "General fund reserves" shall not include:

(g) Funds distributed for this section shall be given first for police and fire programs in order not to jeopardize the health and safety of the community. The legislative body shall ensure that the level of

police and fire protection programs actually provided in the 1977–78 fiscal year shall be continued in 1978–79.

Nothing in this section shall prevent the legislative body from reviewing and establishing its police and fire protection program in the 1978–79 fiscal year in a manner which will make such program more efficient and effective.

(h) The Controller shall estimate the amounts required to be determined pursuant to subdivision (b) (3).

The Controller shall determine the actual amounts and make a reconciliation with the April 10, 1979, distribution.

(x) The amount allocated in subdivision (a) shall be reduced by an amount equal to the dollar amount of any cost-of-living increase in aid payments under the Aid to Families with Dependent Children program, as provided in Section 35 of this bill.

CHAPTER 3. SPECIAL DISTRICTS

Article 1. General Provisions and Definitions

16270. The Legislature finds and declares that many special districts have the ability to raise revenue through user charges and fees and that their ability to raise revenue directly from the property tax for district operations has been eliminated by Article XIII A of the California Constitution. It is the intent of the Legislature that such districts rely on user fees and charges for raising revenue due to the lack of the availability of property tax revenues after the 1978–79 fiscal year. Such districts are encouraged to begin the transition to user fees and charges during the 1978–79 fiscal year.

16271. As used in this chapter:

(a) "Governing body" means the board of supervisors except that in the case of a subsidiary district "governing body" means the city council, and in the case of a multi-county district "governing body" means the governing body of the multi-county district itself.

(b) "Local fiscal officer" means the county treasurer, except that in the case of a subsidiary district "local fiscal officer" means the city treasurer; and in the case of a multi-county district "local fiscal officer" means the treasurer of the district.

(c) "Multi-county district" means any special district which includes territory in more than one county.

(d) "Special district" means any agency of the state for the local performance of governmental or proprietary functions within limited boundaries. "Special district" includes a county service area, a maintenance district or area, an improvement district or improvement zone, or any other zone or area formed for the purpose of designating an area within which a property tax rate will be levied to pay for a service or improvement benefitting that area.

County free libraries established pursuant to Chapter 2 (commencing with Section 27151) of Division 20 of the Education Code; areas receiving county fire protection services pursuant to

Section 25643 of the Government Code; and county road districts established pursuant to Chapter 7 (commencing with Section 550) of Division 2 of the Streets and Highways Code, shall be considered "special districts" for all purposes of this chapter.

"Special district" does not include a city, a county, a school district or a community college district. "Special district" does not include any agency which is not authorized to levy a property tax rate.

(e) "Subsidiary district" means a special district in which the city council of a city has been empowered to act as ex officio members of the board of directors of such district and either:

(1) The entire territory of such district is included within the boundaries of a city, or

(2) A portion or portions of the territory of such district is included within the boundaries of a city and such portion or portions:

(i) Represent 70 percent or more of the area of taxable or assessable land within such district, as shown on the last equalized assessment roll; and

(ii) Contains 70 percent or more of the number of registered voters who reside within the district as shown on the voters' registrar in the office of the county clerk or registrar of voters.

(f) "General fund reserves" means the general fund reserve balance as of July 1, 1978, that is not legally obligated. General fund reserves shall not include:

(1) Noncash assets such as stores, inventory, property and buildings, or other investments.

(2) Any amounts for self-insurance, for contractual obligations, or for reserves established by a legislative body of the county, city, or special district, as the case may be.

(3) Any amounts restricted by law or court order.

(4) Any amounts committed to a capital outlay project approved prior to June 6, 1978, by the governing body.

(g) For the purpose of this chapter, the amount of property tax levied pursuant to existing law, for the purpose of making annual payments for the interest and principal on outstanding general obligation bonds or other indebtedness approved by the voters prior to July 1, 1978, shall be excluded from all calculations.

Article 2. State Allocation

16272. Out of the amount appropriated by Section 16100, there shall be allocated to each governing body, for the 1978–79 fiscal year only, one hundred and twenty-five million dollars ($125,000,000) to be distributed as provided in this article.

16272.3. Each fiscal officer of a governing body shall report to the State Controller, on or before July 15, 1978, the amount of the ad valorem property taxes levied by the special districts under the jurisdiction of that governing body for fiscal year 1977–78.

16272.5. The State Controller, on or before July 20, 1978, shall add the amounts reported pursuant to Section 16272.3, and shall

determine the proportion which the amounts submitted by each governing body bears to the total amount of the property taxes reported by such governing bodies. The percentage determined for each governing body shall be applied by the one hundred and twenty-five million dollars ($125,000,000) to determine the dollar share of the surplus allocation for each governing body. The Controller shall then notify in writing each fiscal officer of the allocation which will be made for the 1978–79 fiscal year, on or before July 20, 1978.

16272.7. The allocation for each governing body as determined in Section 16272.5 shall be distributed to each governing body by the Controller as follows:

10 percent—on August 31, 1978
45 percent—on December 10, 1978
45 percent—on April 10, 1979

Article 3. Distribution Process

16274. Not later than seven days after the notice from the State Controller, the governing body shall hold a public hearing for the purpose of determining the distribution of funds received pursuant to Section 16272.5. The governing body shall send written notice to the legislative body of each special district which is not governed by the board of supervisors or the city council and shall publish such notice in a newspaper of general circulation in the county not less than three days prior to the hearing. The notice shall include the following: (1) the amount of funds available to special districts, (2) the statutory criteria for the distribution of such funds, and (3) the time and place of the hearing.

16275. Following the close of the public hearing, the governing body shall distribute the funds in accordance with the following criteria:

(a) Public Safety Services:

(1) In distributing funds to districts which provide fire protection services, and any police protection district, county service area, or community services district which provides police protection services, exclusively, the governing body shall provide an amount sufficient to ensure that each district maintains the same level of protection as was actually provided during 1977–78.

(b) Other special district services:

(1) Districts with general fund reserves, as defined in Section 16271, of 5 percent or less of their total 1977–78 revenues shall be given priority over districts with general fund reserves in excess of 5 percent of their total 1977–78 revenues.

(2) Districts which have relied most heavily upon revenues derived from property taxation to finance the provision of a service shall be given priority over those districts which are less dependent upon revenues derived from property taxation.

(3) Districts which are not authorized to utilize nonproperty tax

revenue sources, including but not limited to fees, rates and tolls to finance the provision of a service shall be given priority over districts which are authorized to utilize such nonproperty tax sources.

(4) In distributing funds to districts which provide more than one service, exclusive of fire and police protection services which are funded under the public safety services category, the board shall apply the criteria of paragraphs 1, 2, and 3 to each such service and shall make a distribution of funds to the district for each such service.

(5) Any distribution made pursuant to this section shall be reduced by one-third of the amount of the district's general fund reserves which are in excess of 5 percent of the district's total 1977–78 revenues.

16276. Within 30 days of the notice of allocation received pursuant to Section 16272.5, the governing body shall determine the amount of funds to be disbursed to each special district. The funds provided for by this chapter shall be used exclusively for special districts and shall not be used for any general county or municipal expenses.

16276.3. Within five days of the determination by the governing body pursuant to Section 16276, the governing body shall publish a notice in a newspaper of general circulation which includes: (1) the districts which received funds, (2) the amount of funds received, and (3) the purpose for which such funds shall be used.

16276.5. The county auditor shall disburse funds to the special district in the same manner as disbursements which are made from the county treasurers property tax trust fund.

16277. Nothing in this chapter shall be construed to authorize the governing body to specify the manner in which such funds are to be expended by any district where such district has a legislative body other than the governing body.

16278. The determination of the governing body in distributing funds to a special district pursuant to this chapter shall be final and conclusive in the absence of fraud or prejudicial abuse of discretion. In any action or proceeding to review any determination of the governing body, such inquiry shall be limited to whether there was fraud or prejudicial abuse of discretion. Prejudicial abuse of discretion shall be established if the court finds that the determination of the governing body was not supported by substantial evidence in light of the whole record.

CHAPTER 4. COST OF LIVING INCREASES

16280. No state funds from the state surplus or state loan funds shall be available to any local public agency which provides a cost of living salary increase in the 1978–79 fiscal year for local public agency employees or cost of living increases for any other individuals, including AFDC and other welfare recipients, if such increase is in excess of the cost of living salary increase provided for state employees. The cost of living salary increase provided for state

employees shall be determined by dividing the total amount made available by the Legislature for salary increases to state employees by the total salaries paid to state employees. If the Legislature limits the cost of living salary increase for state employees on the basis of salary range, the local public agency shall likewise limit any cost of living increase for local public agency employees and other individuals on the same basis.

Any contract between a local public agency and an employee organization which provides for a cost of living salary increase to local public agency employees in excess of such increase provided for state employees is null and void, and such contract is hereby declared to be reopened and subject to new negotiation.

This section shall not preclude regular merit increases, promotions, or transfers, but shall preclude the transfer of employees to new positions created with higher pay schedules for the purpose of circumventing this chapter.

16281. It is the intent of the Legislature in enacting this chapter to alleviate the current fiscal crisis created by the passage of Proposition 13 (Article XIII A of the California Constitution), and to provide for maintaining essential services which would otherwise be lost.

The Legislature finds and declares that limiting the cost of living salary increases for local public agency employees and cost of living increases for other individuals will allow essential local government services to be maintained at a higher level than would otherwise be the case, and will promote full employment and prevent layoffs.

The Legislature further finds and declares that this chapter constitutes a matter of statewide concern, and shall apply to charter counties and charter cities. The provisions of this chapter shall supersede any inconsistent provisions in the charter of any county or city.

CHAPTER 5. REPORTS

16285. Each city, county, and city and county, shall report to the Department of Finance by November 1, 1978, the following:

(a) Its 1977–78 expenditures by category of service and revenues by source;

(b) Its 1978–79 projected expenditures by category of service and revenues by source.

(c) Any adjustments in fees, charges, and any taxes levied after June 6, 1978, and an estimate of revenues generated from those adjustments in the 1978–79 fiscal year.

The counties, cities, and cities and counties, shall report this data to the Department of Finance in a form and manner determined by the Department of Finance.

The Department of Finance and the Legislative Analyst shall report to the Governor and the Legislature by February 1, 1979, on the following:

(a) A summary of the expenditure and revenue data received from counties, cities, and cities and counties;

(b) A determination of the extent to which reductions in expenditures have been made in each category of service;

(c) An analysis of the impact of such reductions in expenditures on the maintenance and accessibility of each category of service.

LOCAL AGENCY EMERGENCY LOAN FUND

SEC. 16. Article 6 (commencing with Section 16492) is added to Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code, to read:

Article 6. Local Agency Emergency Loan Fund

16492. The Legislature finds and declares that local agencies may be unable to sell short-term notes to financial institutions at the end of the 1977–78 fiscal year and the beginning of the 1978–79 fiscal year due to the lack of certainty in their ability to raise revenue to repay such short-term notes. Therefore, another source of short-term financing is necessary to ensure the orderly delivery of basic programs and services during the beginning of the fiscal year. In order to meet this need, the state, in this article, hereby establishes a Local Agency Emergency Loan Fund to serve as the lender of last resort.

16492.5. It is the purpose of the Local Agency Emergency Loan Fund to provide short-term loans to local agencies for operational purposes so that vital services are not interrupted.

16493. As used in this article:

(a) "Board" means the Pooled Money Investment Board.

(b) "Local agency" means a city, county, city and county, special district, school district, county board of education, or community college district which levied a property tax during the 1977–78 fiscal year or for which a property tax was levied. "Local agency" also means any city, special district, or school district formed during the 1977–78 fiscal year which was authorized to levy a property tax but did not actually levy such a tax for that year.

16493.5. There is hereby created in the State Treasury a Local Agency Emergency Loan Fund. Short-term loans shall be available to local agencies for the purpose of meeting operating costs at the end of the 1977–78 fiscal year and during the 1978–79 fiscal year. Such funds shall not be used for capital outlay projects.

16494. The amount of any loan shall not exceed 50 percent of the local agency's property tax revenues for the 1977–78 fiscal year, including state property tax relief subventions. The maximum amount of a loan to a local agency which was formed during the 1977–78 fiscal year and authorized to levy a property tax, but did not do so, shall be no more than 50 percent of the amount such agency could have levied if it had levied such a tax.

16494.7. Any local agency may apply to the board, by no later than August 21, 1978, for a loan pursuant to this article after the adoption by the local agency's governing body of a resolution containing all of the following:

(a) A statement that the local agency is authorized to issue revenue or tax anticipation notes;

(b) A statement indicating the local agency's property tax revenues for the 1977–78 fiscal year, including state property tax subvention. With respect to a local agency formed during the 1977–78 fiscal year and authorized to levy a property tax, but did not do so, a statement estimating the amount such agency could have levied if it had levied such a tax;

(c) A finding based on substantial evidence that the agency's cash flow is not sufficient to meet current obligations for the operation of vital services and that all unrestricted reserves except for a prudent surplus have been exhausted or will be exhausted at the time the loan is made;

(d) A statement that taxes, revenues, and other income not obligated by law for a specific purpose and anticipated to be received during the 1978–79 fiscal year, will be available to repay the principal and interest on such loan before May 31, 1979;

(e) A statement that revenue and tax anticipation notes are not currently being purchased from the local agency by private lenders; and

(f) Evidence that the local agency is unable to use interfund transfers to meet its short-term cash obligations.

16495. (a) The board may approve, reduce, or deny any loan application. Such action shall be taken within 10 days of the receipt of an application. No loan shall be made by the board after August 31, 1978. The board shall establish the form and content of loan applications, and procedures for periodic disbursements of approved loans to local agencies.

(b) For the purposes of this article, each member of the board may appoint a representative to act on his behalf. The board shall have the authority to appoint sufficient staff to process loan applications received by the board.

16495.5. (a) All loans shall bear an interest rate comparable to the prevailing market interest rate statewide for tax anticipation notes purchased by major California banks, as determined by the board. The interest on such loans shall accrue until final payment.

(b) Any such loan constitutes a lien and charge against the taxes, revenues, and other income not obligated by law collected during the fiscal year in which it was borrowed. The loan shall be repaid into the General Fund from the money received by the local agency from the taxes, revenues, and income as it becomes available. At a minimum, 50 percent of the principal and interest shall be repaid by December 31, 1978, and the remaining principal and interest shall be repaid by May 31, 1979. If such loan is not repaid, the board shall request the State Controller to offset the amount not repaid against

any payments required by law to be made by the state to the defaulting local agency. If the total of such payments is less than the amount owed to the state, the state may exercise its lien rights pursuant to this section.

(c) The State Controller may audit all loan recipients.

SEC. 17. The sum of eight hundred seventy million dollars ($870,000,000) is hereby appropriated from the General Fund for transfer to the Local Agency Emergency Loan Fund for the purposes of Article 6 (commencing with Section 16492) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. One hundred sixteen thousand dollars ($116,000) of such sum shall be available for expenditure by the board and the State Controller for costs incurred in administering the provisions of such Article 6.

LOCAL AGENCY INDEBTEDNESS FUND

SEC. 18. Article 6.5 (commencing with Section 16496 is added to Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code, to read:

Article 6.5. Local Agency Indebtedness Fund

16496. The Legislature finds and declares that local agencies may be required to reorganize revenue sources currently used as security for the payment of local agency bonds which have not been voter-approved, that until such time as that reorganization of revenue sources occurs, it is in the public interest of the state to protect the credit of the state and local agencies by assuring that no bond of a local agency goes into default. If a default were allowed to occur, the credit and the future borrowing capacity of both local agencies and the state could be impaired. Therefore, there is need for the state to make loans to local agencies for the purpose of avoiding a default in the payments due under any bond of a local agency.

In order to meet this need, the state, in this article, hereby establishes a separate Local Agency Indebtedness Fund, to be administered in accordance with the provisions of this article.

16496.5. It is the purpose of the Local Agency Indebtedness Fund to provide loans, with a maximum term of three years, to local agencies for the purpose of protecting the credit of the state and local agencies by preventing a default, technical or actual, in the payment of a bond of a local agency during the 1978–79 fiscal year while local agencies are reorganizing revenue sources which support payments on such bonds.

16497. As used in this article:

(a) "Board" means the Pooled Money Investment Board.

(b) "Local agency" means any county, city and county, or city which has established a public district, public authority, redevelopment agency, parking authority, joint powers authority, or

other public corporation, or any agency of any thereof, which is authorized to issue bonds.

(c) "Bonds" means bonds, warrants, notes, and other evidences of indebtedness issued by or on behalf of a local agency, which have not been specifically approved and authorized by the voters of the local agency prior to June 6, 1978.

(d) "Legislative body" means the city council or board of supervisors of the local agency.

16497.5. There is hereby created in the State Treasury the Local Agency Indebtedness Fund. Loans shall be available to local agencies from such fund for the purpose of making payments due on bonds during the 1978–79 fiscal year in order to prevent a technical or actual default from occurring in the payments required on such bonds during such fiscal year.

16498. Any local agency may apply to the board, by no later than June 30, 1979, for a loan pursuant to this article, after the adoption by the legislative body of the local agency of a resolution containing all of the following:

(a) A statement of the amount of principal and interest required to be paid for the 1978–79 fiscal year on bonds issued and outstanding by the local agency and the time or times at which such principal and interest are payable;

(b) A statement of the amount of local revenues budgeted and available for the payment of principal and interest due on such bonds;

(c) A statement of the amount required as a loan from the Local Agency Indebtedness Fund to the local agency in order to avoid a technical or actual default in payments due on such bonds; and

(d) Where bonds have been issued which are secured by tax increment, evidence that the taxes allocated under subdivision (b) of Section 33670 of the Health and Safety Code are inadequate to make the principal and interest payments on bonds due during the 1978–79 fiscal year.

16498.5. Where a local agency is a lessee of a public building or facility and makes lease payments for the use thereof, which lease payments are pledged to the payment of bonds of another lessor local agency, the lessee local agency may make the application and receive the loan under this article for the purpose of making the lease payment and avoiding a technical or actual default under its lease with the lessor local agency which has issued the bonds. The local agency may apply for a loan under this section only when such local agency has exhausted all other revenue to make the lease payment.

16499. The board shall make a loan to a local agency applying for such loan in order to prevent an imminent default on the bonds of such local agency. All loans shall bear the same interest rate as loans from the Local Agency Emergency Loan Fund. The interest on such loans shall accrue until final payment. All loans shall have a maximum repayment period of three years from the date of approval of the loan. The board shall make such loan following a finding that:

(a) The local agency has insufficient funds to make principal and interest payments during the 1978–79 fiscal year; and

(b) Where bonds have been issued which are secured by tax increment, evidence that the taxes allocated under subdivision (b) of Section 33670 of the Health and Safety Code are inadequate to make the principal and interest payments on bonds due during the 1978–79 fiscal year.

16499.5. The board may adopt reasonable rules to administer the Local Agency Indebtedness Fund in accordance with the intent of this article, to protect the credit of the state and its local agencies by preventing imminent defaults on bonds on local agencies during the 1978–79 fiscal year and to give local agencies time to reorganize revenue sources for the payments due on such bonds.

SEC. 19. The sum of thirty million dollars ($30,000,000) is appropriated from the General Fund for transfer to the Local Agency Indebtedness Fund for the purposes of Article 6.5 (commencing with Section 16496) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code.

COUNTY HEALTH SERVICES

SEC. 20. (a) It is the intent of the Legislature to maintain essential county health services and to ensure that reductions in county health services are not disproportionate to reductions in county property tax revenues as offset by allocations of funds from this act.

(b) As used in this section:

(1) "County health services" means public health services, outpatient health services and inpatient health services provided directly by the county or financed or purchased by the county through grants, contracts, or agreements, but shall not include services provided pursuant to Division 5 (commencing with Section 5000) of the Welfare and Institutions Code or Division 10.5 (commencing with Section 11750) of the Health and Safety Code.

(2) "Net county costs for health services" means expenditures for county health services, less revenues received for county health services, plus Federal Revenue Sharing funds budgeted or expended for health services.

(3) A reduction in net county costs for health services shall be deemed to be disproportionate when the ratio, determined by dividing net county costs for health services budgeted in the 1978–79 fiscal year by the net county costs for health services provided in the 1977–78 fiscal year, is less that the ratio determined by dividing the sum of (a) county property tax revenues for the 1978–79 tax year as calculated in paragraph (1) of subdivision (b) of Section 16172 of the Government Code, (b) the dollar amount of a county's obligations relieved pursuant to Sections 33 and 34 of this act during the 1978–79 fiscal year, and (c) the dollar amount of funds allocated to the county by this act as calculated in subdivision (d) of Section 16260 of the

Government Code and appropriated in Section 16100 of the Government Code, by the sum of county revenues derived from property taxation during the 1977–78 fiscal year, including state reimbursements for homeowners' and business inventory exemptions.

(c) The provisions of Sections 1442 and 1442.5 of the Health and Safety Code shall not be operative from and after the effective date of this act until July 1, 1979.

(d) A county shall not make a disproportionate reduction in net county costs for health services in public health services, outpatient health services or inpatient health services, including services provided under contract by cities, which will be detrimental to the health needs of the public in the case of public health services or the health care needs of the indigent in the case of outpatient or inpatient health services.

(e) Notwithstanding the provisions of any other law, when any county which receives funds from the State Controller pursuant to this act makes a disproportionate reduction in net county costs for public health services, outpatient health services or inpatient health services, including such services provided under contract by cities, and the State Director of Health Services finds as provided in this section that the impact of such reductions will be detrimental to the health needs of the public in the case of public health services or the health care needs of the indigent in the case of outpatient or inpatient health services, the State Director of Health Services shall notify the State Controller of this finding and the State Controller shall reduce any allocation of funds under this act by an amount equal to the disproportionate reduction in net county costs for health services.

(f) Each county shall on or before August 15, 1978, submit to the State Director of Health Services the county budget for health services proposed for the 1978–79 fiscal year. Such budgets shall specify and include estimated revenues and net costs for public health services, outpatient health services, and inpatient health services, including such services provided under contract by cities. Each county shall, on or before September 15, 1978, submit to the State Director of Health Services the county's actual expenditures, revenues and net costs for public health services, outpatient services, and inpatient services provided during the 1977–78 fiscal year, including such services provided under contract by cities.

(g) The State Director of Health Services shall review all such actual or estimated expenditures, revenues, and net costs and determine for each county whether the 1978–79 county health services budget provides for a disproportionate reduction in net county costs for health services in each of the areas of public health services, inpatient health services, or outpatient health services, including such services provided under contract by cities. On or before October 15, 1978, the State Director of Health Services shall notify any county found to have a disproportionate reduction in any

of such areas.

(h) Upon receipt of such notice, the board shall provide public notice that a public hearing will be held. The county board of supervisors shall within 15 days of receiving such notice hold a public hearing to determine whether the amount of such reduction which is disproportionate will be detrimental to the health needs of the public in the case of public health services or detrimental to the health care needs of the indigent of the county in the case of outpatient or inpatient health services. The county board or supervisors shall make a finding based on the public hearings that the reductions are or are not detrimental. On or before November 15, 1978, the county shall transmit to the State Director of Health Services a copy of the finding, together with the written evidence on which the finding was based.

(i) If it is the finding of the board of supervisors that the reductions are detrimental, the State Director of Health Services shall notify the State Controller by December 15, 1978, to reduce the amount of the funds otherwise allowable to the county under this act by an amount equal to the disproportionate reduction in net county costs for health services. If it is the finding of the board of supervisors that the reductions are not detrimental, the State Director of Health Services shall review the finding and the evidence upon which the finding is based and shall either approve or disapprove the finding of the county board of supervisors. If the director disapproves the finding, the director shall notify the State Controller by December 15, 1978, to reduce the county's allocation of funds from this act by an amount equal to the disproportionate reduction in net county costs for health services.

(j) Counties shall make reports relative to the administration of this section to the State Department of Health Services in a form and manner determined by the State Director of Health Services.

(k) The State Department of Health Services may adopt any regulations necessary to implement this section. The department may adopt such regulations on an emergency basis pursuant to Article 4 (commencing with Section 11420) of Chapter 4.5 of Division 3 of Title 2 of the Government Code, based on the finding by the department that such regulations are necessary to resolve the financial crisis created by the adoption of Proposition 13 on the June 6, 1978, ballot. Such a finding shall meet the requirements of Section 11421 of the Government Code.

SEC. 21. Section 11836 of the Health and Safety Code, as added by Chapter 1252 of the Statutes of 1977, is amended to read:

11836. The cost of all services specified in the approved county program budget shall be financed on a basis of 90 percent state funds and 10 percent county funds, irrespective of where or by whom the services are provided, except for services to be financed from other public or private sources as provided for in the county program budget. Where the services specified in the approved program budget are provided pursuant to other general health or social

programs, only that portion of the service dealing with the prevention of alcoholism, and the treatment and rehabilitation of alcoholics and their families may be financed under this division.

For the purposes of this section, "county program budget" shall mean the total of state funds to be advanced to the county and the required county match.

During the 1978–79 fiscal year the required county match for local participation under this chapter shall be waived.

SEC. 22. Section 5705 of the Welfare and Institutions Code is amended to read:

5705. To continue the approximate 1968–1969 ratio of state-county mental health expenditures, the net cost of all services specified in the approved County Short-Doyle Plans shall be financed on a basis of 90 percent state funds and 10 percent county funds, irrespective of where or by whom the services are provided, except for services to be financed from other public or private sources as indicated in the County Short-Doyle Plan.

During the 1978–79 fiscal year the requirement for local financial participation in the net cost of services provided under this part shall be waived.

SEC. 23. Section 21 of this act shall become operative July 1, 1978.

TAX APPORTIONMENT

SEC. 24. Section 26912 is added to the Government Code, to read:

26912. (a) For the purposes of this section, a local agency includes a city, county, city and county, and special district, as such terms are defined in Article 1 (commencing with Section 2201) of Chapter 3 of Part 4 of Division 1 of the Revenue and Taxation Code, if such local agency levied a property tax during the 1977–78 fiscal year or if a property tax was levied for such local agency for such fiscal year.

(b) For the 1978–79 fiscal year only, the amount of revenue derived from levying a tax pursuant to subdivision (b) of Section 2235 of the Revenue and Taxation Code shall be allocated by the county auditor, subject to the allocation and payment of funds, as provided for in subdivision (b) of Section 33670 of the Health and Safety Code, to each local agency, school district, county superintendent of schools, and community college district in the following manner:

(1) (A) The auditor shall determine the share of each local agency of 1978–79 property tax revenue by dividing the total amount of property tax revenue received by all local agencies, school districts, community college districts, and county superintendents of schools in the 1977–78 fiscal year and multiplying the quotient by the total amount of revenue generated pursuant to subdivision (b) of Section 2235 of the Revenue and Taxation Code.

(B) For each local agency, the county auditor shall compute a factor equal to the average amount of property tax revenue received in the three fiscal years prior to the 1978–79 fiscal year by each local

agency within the county, divided by the average amount of property tax revenue received by all such agencies during the three fiscal years prior to the 1978–79 fiscal year. The county auditor shall multiply the factor for each local agency by the amount of revenue determined pursuant to subparagraph (A).

(C) Notwithstanding subparagraph (B), in each case where a local agency has been formed in the past three years and has assumed the duties of another local agency, it shall be entitled to the average amount of revenue for the prior three years of the local agency from whom it assumed its duties.

(2) (A) The county auditor shall determine the school share of the 1978–79 fiscal year property tax revenue by subtracting the local agency share, as determined under subparagraph (A) of paragraph (1) of this subdivision, from the total amount of revenue generated pursuant to subdivision (b) of Section 2235 of the Revenue and Taxation Code.

(B) For each school district, county superintendent of schools, and community college district, the county auditor shall compute a factor equal to the amount of property tax revenue received in the 1977–78 fiscal year by such district and the county superintendent of schools within the county divided by the total amount of property tax revenue received by all such districts and the county board of education in the 1977–78 fiscal year. The county auditor shall multiply the factor for each school district, county superintendent of schools, and community college district by the amount of revenue determined pursuant to subparagraph (A).

(3) For the purpose of this subdivision, the amount of property tax levied for the purpose of making annual payments for the interest and principal on outstanding general obligation bonds or other indebtedness approved by the voters prior to July 1, 1978, shall be excluded from all calculations.

(4) The amounts computed under this subdivision shall be the amount of property tax revenue to be allocated to each local agency for the 1978–79 fiscal year.

(c) For the 1978–79 fiscal year only, the amount of state reimbursement to each county with respect to property tax losses pursuant to the homeowners exemption under Section 5523 of the Revenue and Taxation Code, the business inventory exemption under Section 988 of the Revenue and Taxation Code, and the special treatment accorded livestock, motion pictures and wine and brandy under Section 922 of the Revenue and Taxation Code, shall be allocated by each county auditor, subject to the allocation and payment of funds, as provided in subdivision (b) of Section 33670 of the Health and Safety Code, to local agencies, school districts, county superintendents of school, and community college districts within the county pursuant to the proportions established in subdivision (b). This subdivision shall not apply to reimbursements with respect to tax rates levied to pay the interest or principal on outstanding general obligation bonds or other indebtedness approved by the

voters prior to July 1, 1978.

(d) For local agencies, school districts, and community college districts located in more than one county, the county auditor of each county in which such local agency or district is located shall, for the purposes of computing the amount for such local agency or district pursuant to paragraphs (1) and (2) of subdivision (b), treat the portion of the local agency or district located within that county as a local agency or district.

SEC. 25. Section 26913 is added to the Government Code to read:

26913. If the governing body of a local agency notifies the county auditor by July 10 that it does not wish to receive its total allocation pursuant to Section 26912, the funds not claimed by such agency shall be allocated pursuant to Section 26912.

SEC. 26. Section 110 of the Revenue and Taxation Code is amended to read:

110. Except as is otherwise provided in Section 110.1, "full cash value" or "fair market value" means the amount of cash or its equivalent which property would bring if exposed for sale in the open market under conditions in which neither buyer nor seller could take advantage of the exigencies of the other and both with knowledge of all of the uses and purposes to which the property is adapted and for which it is capable of being used and of the enforceable restrictions upon those uses and purposes.

SEC. 27. Section 110.1 is added to the Revenue and Taxation Code to read:

110.1. (a) For purposes of subdivision (a) of Section 2 of Article XIII A of the California Constitution, "full cash value" of real property means the full cash value of property as determined pursuant to Section 110 for either:

(1) The lien date in 1975; or

(2) The date the property is purchased, newly constructed, or when a change in ownership has occurred, after the 1975 lien date, which shall be enrolled on the lien date next succeeding the date when real property, or a portion thereof, is purchased, newly constructed, or when a change of ownership has occurred.

(b) The value determined pursuant to subdivision (a) shall be the "base year value." If property has not been appraised pursuant to Section 405.5 to its appropriate base year value, "full cash value" means the reappraised value of such property as of the base year lien date. Such reappraisals may be made at any time, notwithstanding the provisions of Section 405.61.

(c) For each lien date after the lien date in which the full cash value is determined pursuant to subdivision (a) and (b), the full cash value of real property shall reflect the percentage change in cost of living, as defined in Section 2212; provided, that such value shall not reflect an increase in excess of 2 percent of the full cash value of the preceding lien date.

SEC. 28. Section 110.5 of the Revenue and Taxation Code is amended to read:

110.5. "Full value" means fair market value, full cash value, or such other value standard as is prescribed by the Constitution or in this code under the authorization of the Constitution.

SEC. 29. Section 110.6 is added to the Revenue and Taxation Code, to read:

110.6. The Legislature finds and declares that a change in ownership of real property means all recorded and unrecorded transfers of legal or equitable title, except the transfer of bare legal title, whether by grant, gift, devise, inheritance, trust, contract of sale, addition or deletion of an owner, property settlement, or any other change in the method of holding title, whether by voluntary or involuntary transfer or by operation of law. The term shall also include, but is not limited to, the transfer of stock of a corporation vested with legal title which conveys to the transferee the exclusive right to occupancy and possession of the real property, or a portion thereof, and the creation of a leasehold or taxable possessory interest, or the sublease or assignment thereof, for a term in excess of 10 years.

The board shall prescribe rules and regulations to govern assessors when determining when a change in ownership of real property occurs.

SEC. 30. Section 2217 is added to the Revenue and Taxation Code, to read:

2217. For the purpose of Section 1 of Article XIIIA of the California Constitution, the term "district" means a local agency, which includes a city, county, city and county, special district, school district, county superintendent of schools, or community college district which levied, or had levied on its behalf, a property tax during the 1977–1978 fiscal year.

SEC. 31. Section 2235 is added to the Revenue and Taxation Code, to read:

2235. (a) Notwithstanding any other provision of law, except as provided in subdivision (b), no local agency, school district, county superintendent of schools, or community college district shall levy an ad valorem property tax, other than that amount which is equal to the amount needed to make annual payments for the interest and principal on general obligation bonds or other indebtedness approved by the voters prior to July 1, 1978.

(b) A county shall levy an ad valorem property tax on taxable assessed value at a rate equal to four dollars ($4) per one hundred dollars ($100) of assessed value. The revenue from such tax shall be distributed, subject to the allocation and payment as provided in subdivision (d) of Section 33675 of the Health and Safety Code, to local agencies, school districts, county superintendents of schools, and community college districts in accordance with the provisions of Section 26912 of the Government Code.

SEC. 32. Article 4 (commencing with Section 2260), Article 5 (commencing with Section 2270), Article 6 (commencing with Section 2285), Article 7 (commencing with Section 2295), and Article 8 (commencing with Section 2305) of Chapter 3 of Part 4 of Division

1 of the Revenue and Taxation Code shall not apply to property tax rates only for the 1978–1979 fiscal year.

WELFARE

SEC. 33. Notwithstanding any other provision of law, for the period from July 1, 1978, to June 30, 1979, the state shall pay the following:

(a) Each county's share toward the cost of payments provided pursuant to the State Supplementary Program under Chapter 3 (commencing with Section 12000) of Part 3 of Division 9 of the Welfare and Institutions Code, as specified in Section 12400 of that code.

(b) Each county's share toward the cost of health care provided pursuant to the Medi-Cal Program under Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code, as specified in Sections 14150, 14150.3, and 14150.5 of that code.

(c) Each county's share of payments provided pursuant to the Aid to Families with Dependent Children Program under Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code, as specified in Section 11450(a) of that code.

(d) Ninety-five percent of the nonfederal share of payments for foster care pursuant to Sections 11450(b) and 11403 of the Welfare and Institutions Code, provided that no county shall be reimbursed for any rate increases negotiated with any boarding home or institution subsequent to June 1, 1978, unless so authorized by the Director of the State Department of Social Services upon the director's determination that such rate increases are necessary and fiscally prudent.

(e) Each county's share of costs for the administration of the Aid to Families with Dependent Children Program, as specified in Section 15204.2.

(f) Each county's share of the cost of administration of the federal Food Stamp Program under Chapter 10 (commencing with Section 18900) of Part 6 of Division 9 of the Welfare and Institutions Code, as specified in Section 18906 of that code.

SEC. 34. (a) Notwithstanding the provisions of subdivisions (b) of both Sections 15200.1 and 15200.2 of the Welfare and Institutions Code, the percentage of that portion of amounts received from or collected from noncustodial parents and to be paid to counties and other states pursuant to those subdivisions shall be 15 percent, instead of 27.5 percent, for the period July 1, 1978, to June 30, 1979.

(b) Notwithstanding the provisions of Section 15204.2 of the Welfare and Institutions Code, for the period July 1, 1978, to June 30, 1979, the state shall pay the nonfederal share of costs for activities required of counties by Section 11475.1 of the Welfare and Institutions Code, which relate to the collection of support from

noncustodial parents and the determination of paternity in the case of a child born out of wedlock.

SEC. 35. Notwithstanding the provisions of Section 11453 of the Welfare and Institutions Code, schedules applicable for the period July 1, 1978, through June 30, 1979, pursuant to Sections 11450(a) and 11452 of the Welfare and Institutions Code shall be the schedules in effect in June 1978 multiplied by the percentage amount of any state employee cost of living increases granted by the Budget Act for 1978, provided that such percentage increase shall not exceed the percentage increase that would otherwise apply without regard to this section.

SEC. 36. Notwithstanding Sections 12201, 12205, 12205.1, and 12205.2 of the Welfare and Institutions Code, for the period September 1, 1978, through June 30, 1979, the total state and federal payments when added to nonexempt income and resources made pursuant to Section 12200 of the Welfare and Institutions Code shall be the payment schedule in effect in June 1978 multiplied by the percentage amount of any state employee cost of living increases granted by the Budget Act of 1978, provided that such percentage increase shall not exceed the percentage increase that would otherwise apply without regard to this section. However, those recipients of aid who receive payments pursuant to Article 5 (commencing with Section 12200) of Chapter 3 of Part 3 of Division 9 of the Welfare and Institutions Code shall receive at least the minimum payment necessary to meet the requirements for continuing payments of Title XIX of the federal Social Security Act monies to this state.

(b) In the event that subdivision (a) operates so as to qualify recipients of aid under the State Supplementary Program for the Aged, Blind and Disabled for federal food stamp benefits, the Director of the State Department of Social Services shall establish an administrative system which facilitates efficient and expeditious issuance of food stamp benefits to such recipients. As a means of achieving this objective, the director may conduct a statewide demonstration project testing the feasibility of a centralized process for determining eligibility and issuing food stamp benefits. The director is hereby authorized to secure any waiver of federal regulations and requirements as may be necessary to carry out such a project, including early implementation of the elimination of the purchase requirements permitted by provisions of the federal Food Stamp Act of 1977.

SEC. 37. For the purposes of this act, the Director of the State Department of Social Services shall supervise the performance of counties in administering the provisions of law and regulations related to the Aid to Families with Dependent Children Program and may impose such sanctions as provided by this section to assure adequate county administration performance.

The director may hold counties financially liable for ineligibles and overpayments as represented by a dollar error rate. For those

counties in excess of a standard to be determined by the director, liability shall not exceed their percentage of the nonfederal share of expenditures for which the counties would have been liable pursuant to Sections 11403, 11450(b), and 15200 of the Welfare and Institutions Code had this act not been enacted. Any county which has a dollar error rate in excess of national standards for which fiscal sanctions are imposed against the state by the federal government shall be liable for their percentage share derived pursuant to Sections 11403, 11450(b), and 15200 of the Welfare and Institutions Code.

Any fiscal incentive adjustments for quality control received from the federal government pursuant to Public Law 95-216 shall be allocated to the counties in a manner determined by the director.

Nothing herein shall limit county liability for exceptions taken against claims for costs incurred prior to July 1, 1978, which are determined to be improper.

At such time as the report is made the amount shall be increased by the amount of such excess unless and until otherwise provided by law.

(d) There is hereby appropriated from the General Fund to the State Department of Social Services sufficient funds as necessary for county costs incurred for foster care, for children eligible for aid under Section 11403 and subdivision (b) of Section 11450 of the Welfare and Institutions Code; provided, that no county will be reimbursed for any rate increases negotiated with any boarding home or institution subsequent to June 1, 1978, unless so authorized by the Director of the State Department of Social Services upon his or her determination that such rate increases are necessary and fiscally prudent; provided, that if the Director of Finance determines that the estimate of expenditures will exceed ninety-two million three hundred four thousand dollars ($92,304,000) he shall so report to the Legislature. SEC. 39. SEC. 40. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The approval of Proposition 13 (Article XIII A of the California Constitution) by the voters of California at the June 6, 1978, Primary Election may, under certain circumstances, cause a shortage of funds to meet operating and certain debt expenses, and cause the curtailment or elimination of programs and services which are vital to the state's public health, safety, education, and welfare. In order that such services not be interrupted, it is necessary that this act take effect immediately.

CHAPTER 293

[Approved by Governor June 24, 1978 Filed with Secretary of State June 24, 1978]

The people of the State of California do enact as follows:

SECTION 1. The sum of seventeen million five hundred thousand dollars ($17,500,000) is hereby appropriated from the General Fund to the Emergency Fund in augmentation of, and upon the same terms and conditions as the appropriation made by, Item 382 of the Budget Act of 1977.

CHAPTER 294

An act to amend Section 1260.220 of the Code of Civil Procedure, to amend the heading of Article 2 (commencing with Section 810) of Chapter 1 of Division 7 of, and to amend Sections 810, 811, 812, 813, 815, 817, and 822 of, the Evidence Code, and to amend Section 4986 of the Revenue and Taxation Code, relating to evidence in the valuation of property.

[Approved by Governor June 26, 1978. Filed with Secretary of State June 26, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 1260.220 of the Code of Civil Procedure is amended to read:

1260.220. (a) Except as provided in subdivision (b), where there are divided interests in property acquired by eminent domain, the value of each interest and the injury, if any, to the remainder of such interest shall be separately assessed and compensation awarded therefor.

(b) The plaintiff may require that the amount of compensation be first determined as between plaintiff and all defendants claiming an interest in the property. Thereafter, in the same proceeding, the trier of fact shall determine the respective rights of the defendants in and to the amount of compensation awarded and shall apportion the award accordingly. Nothing in this subdivision limits the right of a defendant to present during the first stage of the proceeding evidence of the value of, or injury to, the property or the defendant's interest in the property; and the right of a defendant to present evidence during the second stage of the proceeding is not affected by the failure to exercise the right to present evidence during the first stage of the proceeding.

SEC. 2. The heading of Article 2 (commencing with Section 810) of Chapter 1 of Division 7 of the Evidence Code is amended to read:

Article 2. Evidence of Market Value of Property

SEC. 3. Section 810 of the Evidence Code is amended to read:

810. This article provides special rules of evidence applicable only to eminent domain and inverse condemnation proceedings.

SEC. 4. Section 811 of the Evidence Code is amended to read:

811. As used in this article, "value of property" means market value of any of the following:

(a) Real property or any interest therein.

(b) Tangible personal property.

SEC. 5. Section 812 of the Evidence Code is amended to read:

812. This article is not intended to alter or change the existing substantive law, whether statutory or decisional, interpreting the meaning of "market value," whether denominated "fair market value" or otherwise.

SEC. 6. Section 813 of the Evidence Code is amended to read:

813. (a) The value of property may be shown only by the opinions of:

(1) Witnesses qualified to express such opinions;

(2) The owner of the property or property interest being valued; and

(3) An officer, regular employee, or partner designated by a corporation, partnership, or unincorporated association that is the owner of the property or property interest being valued, if the designee is knowledgeable as to the value of the property or property interest.

(b) Nothing in this section prohibits a view of the property being valued or the admission of any other admissible evidence (including but not limited to evidence as to the nature and condition of the property and, in an eminent domain proceeding, the character of the improvement proposed to be constructed by the plaintiff) for the limited purpose of enabling the court, jury, or referee to understand and weigh the testimony given under subdivision (a); and such evidence, except evidence of the character of the improvement proposed to be constructed by the plaintiff in an eminent domain proceeding, is subject to impeachment and rebuttal.

(c) For the purposes of subdivision (a), "owner of the property or property interest being valued" includes, but is not limited to, a person entitled to possession of the property.

SEC. 7. Section 815 of the Evidence Code is amended to read:

815. When relevant to the determination of the value of property, a witness may take into account as a basis for an opinion the price and other terms and circumstances of any sale or contract to sell and purchase which included the property or property interest being valued or any part thereof if the sale or contract was freely made in good faith within a reasonable time before or after the date of valuation, except that in an eminent domain proceeding where the sale or contract to sell and purchase includes only the property or property interest being taken or a part thereof, such sale

or contract to sell and purchase may not be taken into account if it occurs after the filing of the lis pendens.

SEC. 8. Section 817 of the Evidence Code is amended to read:

817. (a) Subject to subdivision (b), when relevant to the determination of the value of property, a witness may take into account as a basis for an opinion the rent reserved and other terms and circumstances of any lease which included the property or property interest being valued or any part thereof which was in effect within a reasonable time before or after the date of valuation, except that in an eminent domain proceeding where the lease includes only the property or property interest being taken or a part thereof, such lease may not be taken into account in the determination of the value of property if it is entered into after the filing of the lis pendens.

(b) A witness may take into account a lease providing for a rental fixed by a percentage or other measurable portion of gross sales or gross income from a business conducted on the leased property only for the purpose of arriving at an opinion as to the reasonable net rental value attributable to the property or property interest being valued as provided in Section 819 or determining the value of a leasehold interest.

SEC. 9. Section 822 of the Evidence Code is amended to read:

822. Notwithstanding the provisions of Sections 814 to 821, the following matter is inadmissible as evidence and is not a proper basis for an opinion as to the value of property:

(a) The price or other terms and circumstances of an acquisition of property or a property interest if the acquisition was for a public use for which the property could have been taken by eminent domain.

(b) The price at which an offer or option to purchase or lease the property or property interest being valued or any other property was made, or the price at which such property or interest was optioned, offered, or listed for sale or lease, except that an option, offer, or listing may be introduced by a party as an admission of another party to the proceeding; but nothing in this subdivision permits an admission to be used as direct evidence upon any matter that may be shown only by opinion evidence under Section 813.

(c) The value of any property or property interest as assessed for taxation purposes or the amount of taxes which may be due on the property, but nothing in this subdivision prohibits the consideration of actual or estimated taxes for the purpose of determining the reasonable net rental value attributable to the property or property interest being valued.

(d) An opinion as to the value of any property or property interest other than that being valued.

(e) The influence upon the value of the property or property interest being valued of any noncompensable items of value, damage, or injury.

(f) The capitalized value of the income or rental from any

property or property interest other than that being valued.

SEC. 10. Section 4986 of the Revenue and Taxation Code is amended to read:

4986. (a) All or any portion of any tax, penalty, or costs, heretofore or hereafter levied, may, on satisfactory proof, be canceled by the auditor on order of the board of supervisors with the written consent of the county legal adviser if it was levied or charged:

(1) More than once.

(2) Erroneously or illegally.

(3) On the canceled portion of an assessment that has been decreased pursuant to a correction authorized by Article 1 (commencing with Section 4876) of Chapter 2 of this part.

(4) On property which did not exist on the lien date.

(5) On property annexed after the lien date by the public entity owning it.

(6) On property acquired prior to September 18, 1959, by the United States of America, the state, or by any county, city, school district or other political subdivision and which, because of such public ownership, became not subject to sale for delinquent taxes.

(b) On property acquired after the lien date by the United States of America, if such property upon such acquisition becomes exempt from taxation under the laws of the United States, or by the state or by any county, city, school district or other public entity, and because of such public ownership becomes not subject to sale for delinquent taxes, no cancellation shall be made in respect of all or any portion of any such unpaid tax, or penalties or costs, but such tax, together with such penalties and costs as may have accrued thereon while on the secured roll, shall be paid through escrow at the close of escrow or, if unpaid for any reason, they shall be collected like any other taxes on the unsecured roll. If unpaid at the time set for the sale of property on the secured roll to the state, they shall be transferred to the unsecured roll pursuant to Section 2921.5, and collection thereof shall be made and had as provided therein, except that the statute of limitations on any suit brought to collect such taxes and penalties shall commence to run from the date of transfer of such taxes, penalties and costs to the unsecured roll, which date shall be entered on the unsecured roll by the auditor opposite the name of the assessee at the time such transfer is made. The foregoing toll of the statute of limitations shall apply retroactively to all such unpaid taxes and penalties so transferred, the delinquent dates of which are prior to the effective date of the amendment of this section at the 1959 Regular Session.

If any property described in this subdivision is acquired by a negotiated purchase and sale, gift, devise, or eminent domain proceeding after the lien date but prior to the commencement of the fiscal year for which current taxes are a lien on the property, the amount of such current taxes shall be canceled and neither the person from whom the property was acquired nor the public entity shall be liable for the payment of such taxes. If, however, the

property is so acquired after the commencement of the fiscal year for which the current taxes are a lien on the property, that portion only of such current taxes, together with any allocable penalties and costs thereon, which are properly allocable to that part of the fiscal year which ends on the day before the date of acquisition of the property shall be paid through escrow at the close of escrow, or if unpaid for any reason, they shall be transferred to the unsecured roll pursuant to Section 2921.5 and shall be collectible from the person from whom the property was acquired. The portion of such taxes, together with any penalties and costs thereon, which are allocable to that part of the fiscal year which begins on the date of the acquisition of the property, shall be canceled and shall not be collectible either from the person from whom the property was acquired nor from the public entity.

In no event shall any transfer of unpaid taxes, penalties or costs be made with respect to property which has been tax deeded to the state for delinquency.

For purposes of this subdivision, if proceedings for acquisition of the property by eminent domain have not been commenced, the date of acquisition shall be the date that the conveyance is recorded in the name of the public entity or the date of actual possession by the public entity, whichever is earlier. If proceedings to acquire the property by eminent domain have been commenced and an order for possession prior to judgment obtained prior to acquisition of the property by deed, the date of acquisition shall be the date upon or after which the plaintiff may take possession as authorized by the order for possession prior to judgment.

No cancellation under paragraph (2) of subdivision (a) of this section shall be made in respect of all or any portion of any tax, or penalties or costs attached thereto, collectible by county officers on behalf of a municipal corporation without the written consent of the city attorney or other officer designated by the city council unless the city council, by resolution filed with the board of supervisors, has authorized the cancellation by county officers. The resolution shall remain effective until rescinded by the city council. For the purpose of this section and Section 4986.9, the date of possession shall be the date after which the plaintiff may take possession as authorized by order of the court or as authorized by a declaration of taking.

CHAPTER 295

[Approved by Governor June 27, 1978 Filed with Secretary of State June 27, 1978]

SEC. 2. Article 12 (commencing with Section 45450) is added to Chapter 5 of Part 25 of the Education Code, to read:

Article 12. Particular Employees

45450. The governing board of any school district may employ, in accordance with the provisions of this chapter, such personnel as may be necessary to act as guards at pedestrian crossings to ensure the safety of schoolchildren who use such intersections.

45451. The governing board of any school district which employs school crossing guards pursuant to this article may be reimbursed from funds including, but not limited to, those collected pursuant to Sections 42200 and 42201 of the Vehicle Code.

SEC. 3. Section 42201 of the Vehicle Code is amended to read:

42201. (a) Of the total amount of fines and forfeitures received by a county under subsection (a) of subdivision (1) of Section 1463 of the Penal Code, that proportion which is represented by fines and forfeitures collected from any person charged with a misdemeanor under this code following arrest by any officer employed by the state or by the county shall be paid into the treasury of the county and deposited in the road fund of the county; provided, however, that the board of supervisors of the county may, by resolution, provide that not more than 50 percent thereof be transferred into the general fund of the county.

(b) The board of supervisors of a county may enter into a contract with the Department of the California Highway Patrol for the purpose of providing adequate protection for school pupils who are required to cross heavily traveled streets, highways, and roadways in the unincorporated areas of the county. When requested the Department of the California Highway Patrol may provide such service and the county shall reimburse the state for salaries and wages of crossing guards furnished by the Department of the California Highway Patrol pursuant to such contract, including any necessary retirement and general administrative costs and expenses in connection therewith, and may pay the costs thereof from amounts deposited in the road fund pursuant to this section.

(c) When requested by any county which had in effect on June 30, 1970, a contract with the Department of California Highway Patrol

to provide protection for school pupils at school crossings, the department shall provide such service and the county shall reimburse the state in the manner provided in subdivision (b).

(d) Fines and forfeitures received by a county under Section 1463 of the Penal Code may be used to pay the compensation of school crossing guards who are not regular full-time members of county law enforcement agencies.

SEC. 4. Notwithstanding any other provisions of law, during the 1978–79 fiscal year each of the deadlines specified in Sections 1623, 1624, 42127, 85000, 85003, and 85023 of the Education Code requiring the taking of particular action involving the adoption of budgets shall be extended by one month.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to clarify existing law at the earliest possible time and in order to facilitate the orderly administration of the schools under the tax limitation-initiative constitutional amendment approved by the electorate on June 6, 1978, it is necessary that this act take effect immediately.

CHAPTER 296

An act relating to school districts, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 27, 1978 Filed with Secretary of State June 27, 1978]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding Sections 54902, 54902.1, 54903, and 54903.1 of the Government Code, the formation of the Cotati-Rohnert Park Unified School District and the boundary change of the Calistoga Joint Unified School District shall be effective for assessment and taxation purposes for the 1978–79 fiscal year if each required statement and map or plot was filed with each assessor whose roll is used for the levy, with the State Board of Equalization in Sacramento, with the Superintendent of Public Instruction, and with the county superintendent of schools, on or before February 15, 1978.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because this act is in accordance with the request of a local government entity or entities which desired legislative authority to act to carry out the

program specified in this act.

SEC. 3. Due to the unique circumstances of the inadvertance of the Calistoga Joint Unified School District and the Cotati-Rohnert Park Unified School District, and the ambiguity concerning the specified filing deadline, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Article IV of the California Constitution.

SEC. 4. This act shall remain in effect only until January 1, 1979, and as of that date is repealed.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts concerning such necessity are:

In order that the assessment and taxation of property in the Cotati-Rohnert Park Unified School District and the Calistoga Joint Unified School District may take place in fiscal year 1978–79 as the voters or the board of supervisors approved, it is essential that this act take immediate effect.

CHAPTER 297

[Approved by Governor June 28, 1978. Filed with Secretary of State June 28, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 4848 of the Business and Professions Code is amended to read:

4848. The board shall by means of examination, ascertain the professional qualifications of all applicants for licenses to practice veterinary medicine in this state and shall issue a license to every person which it finds to be qualified.

The examination shall consist of a written examination and a practical examination which may be given at the same time or at different times as determined by the board. The written examination may be waived by the board in any case in which it determines that the applicant has taken an examination for license in another state substantially equivalent in scope and subject matter to the written examination last given in California before such determination is made, and has achieved a score on the out-of-state examination at least equal to the score required to pass such California written examination. Nothing in this chapter shall preclude the board from permitting a person who has completed a portion of his educational program, as determined by the board, in a veterinary college, recognized by the board under Section 4846, to take the examination

or any part thereof prior to satisfying the requirements for application for a license established by Section 4846.

No license shall be issued to anyone who has not demonstrated his competency by examination.

The board may waive the examination requirements, and issue a license to an applicant to practice veterinary medicine, surgery and dentistry, provided such applicant meets the following requirements and would not be declined issuance of a license by any other provision of this code:

(a) The applicant is licensed in one or more other states in which the board has determined that he has taken licensing examinations consisting of a written and a practical examination each equivalent in scope and subject matter to the written and practical examinations last given in California, and he has achieved a score on each of the out-of-state examinations at least equal to the score required to pass such California examination.

(b) The applicant has been lawfully and continuously engaged in the practice of veterinary medicine, surgery and dentistry for four years or more in one or more states that accept California licensees immediately preceding filing his application for licensure in this state.

(c) The applicant has graduated from a veterinary college recognized by the board under Section 4846.

(d) The board determines that no disciplinary action has been taken against the applicant by any public agency concerned with the practice of veterinary medicine and that the applicant has not been the subject of adverse judgments resulting from the practice of veterinary medicine which the board determines constitutes evidence of a pattern of incompetence or negligence.

(e) The applicant passes an examination administered by the board or a committee authorized by the board. It shall be oral or practical or clinical in nature and full consideration shall be given to the duration and character of the applicant's practice.

Notwithstanding any other provision of law, the board shall not waive the examination requirements and issue a license to any applicant unless the state in which the applicant is licensed shall have extended a like privilege to engage in the practice of veterinary medicine, surgery and dentistry within its own borders to veterinarians heretofore and hereafter licensed by this state and removing to such other state.

The board shall report to the Legislature on or before June 30, 1980, as to the impact of this section and any recommendations for necessary changes.

The failure of the executor or administrator to comply with the provisions of this section shall not affect the validity of the action so taken or the title to any property conveyed or transferred to bona fide purchasers and to third persons dealing in good faith with him who changed their position in reliance on the action, conveyance or transfer without notice of the failure of the executor or administrator to comply with such provisions. The receipt of such advice shall not prejudice the right of any person interested in the estate to have the court later review the action taken.

(a) The board may by rule or regulation adopt, amend, or repeal rules of professional conduct appropriate to the establishment and maintenance of a high standard of professional service and the protection of the public. Such rules or regulations shall be adopted, amended, or repealed in accordance with the provisions of Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code as it now reads or as it may be hereafter amended by the Legislature.

(b) The board may refuse to grant, or may suspend or revoke, a license to practice chiropractic in this state, or may place the licensee upon probation or issue a reprimand to him, for violation of the rules and regulations adopted by the board in accordance with this act, or for any cause specified in this act, including, but not limited to: The employment of fraud or deception in applying for a license or in passing an examination as provided in this act; the practice of chiropractic under a false or assumed name; or the personation of another practitioner of like or different name; a plea or verdict of guilty or a conviction following a plea of nolo contendere made to a

charge of a felony or of any offense substantially related to the practice of chiropractic; habitual intemperance in the use of ardent spirits, narcotics or stimulants to such an extent as to incapacitate him for the performance of his professional duties; the advertising of any means whereby the monthly periods of women can be regulated or the menses reestablished if suppressed; or the advertising, directly, indirectly or in substance, upon any card, sign, newspaper advertisement, or other written or printed sign or advertisement, that the holder of such license or any other person, company or association by which he or she is employed, or in whose services he or she is, will treat, cure, or attempt to treat or cure, any venereal disease, or will treat or cure, or attempt to treat or cure, any person afflicted with any sexual disease, for lost manhood, sexual weakness or sexual disorder or any disease of the sexual organs; or being employed by, or being in the service of any person, company or association so advertising. The record of such revocation so made by said county clerk shall be prima facie evidence of the fact thereof, and of the regularity of all proceedings of said board in the matter of said revocation.

(c) At any time after two years following the revocation or cancellation of a license or registration under this section, the board may, by a majority vote, reissue said license to the person affected, restoring him to, or conferring on him all the rights and privileges granted by his original license or certificate. Any person to whom such rights have been restored shall pay to the secretary the fee specified in Section 5 upon the issuance of a new license.

SEC. 4. Section 20 is added to the act cited in the title, to read:

Sec. 20. Intent of the amendments approved by the electors at the November 1978, general election. In approving the amendments to this act submitted to the electors at the November 1978, general election, it is the intent of the people of the State of California to respond to a decision of the Superior Court of the County of Los Angeles which held that the board's interpretation of the amendments to this act approved by the electors at the November 1976, general election did not reasonably provide adequate

opportunity for two chiropractic colleges then instructing students in California to apply for and obtain status as Recognized Candidates for Accreditation by the Accrediting Commission of the Council on Chiropractic Education. The people deem the amendments to the act approved by the electors at the November 1978, general election to reasonably provide adequate opportunity for the two chiropractic colleges which were the subject of the aforementioned decision, other chiropractic schools and colleges instructing students as of the effective date of the amendments to this act approved by the electors at the November 1976, general election, and chiropractic schools and colleges which may be established and commence instruction following the effective date of the amendments to this act approved by the electors at the November 1976, general election, to attain status with the accrediting agency, as those terms are defined in subdivision (g) of Section 4. All courts shall be guided by this statement of intent in any decisions they may render relative to this act, but nothing in this act shall be construed to proscribe judicial review of any actions of the board relative to the administration and enforcement of this act.

SEC. 5. Sections 1, 2, 3, and 4 of this act shall become effective only when submitted to and approved by the electors, pursuant to subdivision (c) of Section 10 of Article II of the State Constitution.

SEC. 6. Sections 1, 2, 3, and 4 of this act shall be submitted to the electors for their approval or rejection at the next succeeding general election occurring at any time subsequent to 130 days after this section takes effect, or at any statewide special election which may be called by the Governor, in his discretion, prior to such general election, in the same manner that a constitutional amendment proposed by the Legislature would be submitted, and all of the provisions of law relative to submission of such constitutional amendments to the electors and to matters incidental thereto shall apply to the submission of Sections 1, 2, 3, and 4 of this act, except as otherwise provided in this section or as such provisions may be clearly inapplicable for the submission of an amendment to an initiative measure pursuant to subdivision (c) of Section 10 of Article II of the State Constitution.

SEC. 7. It is the intent of the Legislature, if this bill and Assembly Bill No. 2380 are both chaptered and both amend Section 5 of the Chiropractic Act, and this bill is chaptered after Assembly Bill No. 2380, that Section 5 of the Chiropractic Act, as amended by Section 1 of Assembly Bill No. 2380 be further amended on the operative date of this act in the form set forth in Section 2.5 of this act to incorporate the changes in Section 5 proposed by this bill. Therefore, Section 2.5 of this act shall be operative only if Assembly Bill No. 2380 is chaptered before this bill and amends Section 5, and this act becomes effective as provided in Section 5 of this act, and in such case Section 2.5 of this act shall become operative on the operative date of this act and Section 2 of this act shall not become operative.

CHAPTER 308

An act to amend Section 21080.5 of the Public Resources Code, relating to environmental quality, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1978 Filed with Secretary of State June 30, 1978]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds that:

(a) Agriculture is a major and essential component of California's economy.

(b) The proper, safe, and efficient use of pesticides is essential for the protection and production of agricultural commodities and for health protection.

(c) Timeliness in the application of pesticides is paramount in good pest management and is essential in the prevention of economic waste.

(d) Reasonable environmental review of such pesticide use is prudent and appropriate.

(e) Individual permits to apply pesticides must often be issued on short notice, thereby making impracticable the type of environmental review which would occur if the issuance of such permits was subject to the preparation of an environmental impact report or a negative declaration pursuant to the requirements of Division 13 (commencing with Section 21000) of the Public Resources Code.

(f) Preparation of environmental impact reports and negative declarations for pesticide permits would be an unreasonable and expensive burden on California agriculture and health protection agencies.

SEC. 2. The Legislature hereby declares that the procedures for governmental review of pesticide application and use shall not unnecessarily burden permit applicants or require such applicants to furnish unnecessary information.

SEC. 3. In view of the findings of Section 1, the Legislature hereby declares that it is the policy of the State of California that environmental review of the pesticide regulatory program required by Division 6 (commencing with Section 11401) and by Chapters 1 (commencing with Section 12501), 2 (commencing with Section 12751), 3 (commencing with Section 14001), and 3.5 (commencing with Section 14101) of Division 7 of the Food and Agricultural Code should be achieved through the procedures established in Section 21080.5 of the Public Resources Code and not by requiring environmental impact reports or negative declarations in connection with the issuance of pesticide permits.

SEC. 4. In order to effectuate the policy stated in Section 3 of this

act, it is the intent of the Legislature that the Director of Food and Agriculture obtain certification of the pesticide regulatory program required by the provisions of the Food and Agricultural Code as set forth in Section 3 of the act pursuant to the provisions of Section 21080.5 of the Public Resources Code.

SEC. 5. (a) In order to prevent disruption of California agriculture during the period when the Director of Food and Agriculture is seeking to obtain certification pursuant to Section 3 of this act, and in order to provide adequate time for the Legislature to act in the event that such certification is not obtained, the provisions of Division 13 (commencing with Section 21000) of the Public Resources Code shall not apply to any action or activity governed by Division 6 (commencing with Section 11401) or by Chapters 1 (commencing with Section 12501), 2 (commencing with Section 12751), 3 (commencing with Section 14001), and 3.5 (commencing with Section 14101) of Division 7 of the Food and Agricultural Code until such time as certification is obtained as provided in subdivision (b), or, in the event that such certification is not obtained, until January 1, 1981.

(b) Not later than November 1, 1979, the Director of Food and Agriculture shall submit to the Secretary of the Resources Agency for certification, pursuant to Section 21080.5 of the Public Resources Code and to the requirements of this section, the pesticide regulatory program required by the provisions of the Food and Agricultural Code as set forth in subdivision (a).

The Secretary of the Resources Agency shall determine whether or not such regulatory program meets the requirements for certification prescribed by Section 21080.5 and by this section within 60 days of the receipt of such program from the director.

(c) The pesticide regulatory program submitted to the Secretary of the Resources Agency pursuant to subdivision (b) shall consist of the procedures for the following:

(1) The registration, evaluation and classification of pesticides;

(2) The licensing and regulation of pesticide dealers and pest control operators and advisers; and

(3) The monitoring and regulation of the use of pesticides in agricultural and urban areas of the state and of human health and environmental effects of pesticides.

(d) For purposes of certifying the pesticide regulatory program, the Secretary of the Resources Agency shall not require the rules and regulations adopted by the administering agency pursuant to the pesticide regulatory program to require the issuance of a pesticide permit for the use of restricted or nonrestricted materials under the pesticide regulatory program to comply with the provisions of clauses (iv), (v), or (vi) of paragraph (2) of, or of paragraph (3) of, subdivision (d) of Section 21080.5 of the Public Resources Code. However, the rules and regulations adopted by the administering agency shall require consideration of alternatives and mitigation measures to minimize any significant environmental impact. The

determination of the Secretary of the Resources Agency to certify the pesticide regulatory program shall not be subject to challenge under subdivision (h) of Section 21080.5 of the Public Resources Code on the grounds that the pesticide permit element of the pesticide regulatory program does not comply with such provisions of subdivision (d) of Section 21080.5 of the Public Resources Code.

SEC. 6. Section 21080.5 of the Public Resources Code is amended to read:

21080.5. (a) When the regulatory program of a state agency, board, or commission requires a plan or other written documentation, containing environmental information and complying with the requirements of paragraph (3) of subdivision (d) of this section, to be submitted in support of any of the activities listed in subdivision (b), such plan or other written documentation may be submitted in lieu of the environmental impact report required by this division; provided, that the Secretary of the Resources Agency has certified the regulatory program pursuant to this section.

(b) The provisions of this section shall apply only to regulatory programs or portions thereof which involve:

(1) The issuance to a person, other than a public agency, of a lease, permit, license, certificate, or other entitlement for use; or

(2) The adoption or approval of standards, rules, regulations or plans for use in the regulatory program.

(c) A regulatory program certified pursuant to this section is exempt from the provisions of Chapter 3 (commencing with Section 21100) and Chapter 4 (commencing with Section 21150) of this division and Section 21167.

(d) In order to qualify for certification pursuant to this section, a regulatory program shall require utilization of an interdisciplinary approach which will ensure the integrated use of the natural and social sciences in decisionmaking and shall meet all of the following criteria;

(1) The enabling legislation of the regulatory program shall:

(i) Include protection of the environment among its principal purposes.

(ii) Contain authority for the administering agency to promulgate rules and regulations for the protection of the environment, guided by standards set forth in the enabling legislation.

(2) The rules and regulations adopted by the administering agency shall:

(i) Require that an activity will not be approved or adopted as proposed if there are feasible alternatives or feasible mitigation measures available which would substantially lessen any significant adverse impact which the activity may have on the environment.

(ii) Include guidelines for the orderly evaluation of proposed activities and the preparation of the plan or other written documentation in a manner consistent with the environmental protection purposes of the regulatory program.

(iii) Require the administering agency to consult with all public

agencies which have jurisdiction, by law, with respect to the proposed activity.

(iv) Require that final action on the proposed activity include the written responses of the issuing authority to significant environmental points raised during the evaluation process.

(v) Require the filing of a notice of the decision by the administering agency on the proposed activity with the Secretary of the Resources Agency. Such notices shall be available for public inspection, and a list of such notices shall be posted on a weekly basis in the office of the Resources Agency. Each such list shall remain posted for a period of 30 days.

(vi) Require notice of the filing of the plan or other written documentation to be made to the public and to any person who requests, in writing, such notification. The notification shall be made in a manner that will provide the public or any such person with sufficient time to review and comment on such filing.

(3) The plan or other written documentation required by the regulatory program shall:

(i) Include a description of the proposed activity with alternatives to the activity, and mitigation measures to minimize any significant adverse environmental impact.

(ii) Be available for a reasonable time for review and comment by other public agencies and the general public.

(e) The Secretary of the Resources Agency shall certify a regulatory program which the secretary determines meets all the qualifications for certification set forth in this section, and withdraw certification on determination that the regulatory program has been altered so that it no longer meets such qualifications. Certification and withdrawal of certification shall occur only after compliance with Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

In determining whether or not a regulatory program meets the qualifications for certification set forth in this section, the inquiry of the Secretary of the Resources Agency shall extend only to the question of whether the regulatory program meets the generic requirements of subdivision (d). The inquiry shall not extend to individual decisions to be reached under such regulatory program, including the nature of specific alternatives or mitigation measures which might be proposed to lessen any significant adverse environmental effects of the activity.

In the event that the Secretary of the Resources Agency determines that the regulatory program submitted for certification does not meet the qualifications for certification set forth in this section, the secretary shall adopt findings setting forth the reasons for such determination.

(f) After a regulatory program has been certified pursuant to this section, any proposed change in such program which could affect compliance with the qualifications for certification specified in subdivision (d) may be submitted to the Secretary of the Resources

Agency for review and comment. The scope of the secretary's review shall extend only to the question of whether the regulatory program meets the generic requirements of subdivision (d). The review shall not extend to individual decisions to be reached under such regulatory program, including specific alternatives or mitigation measures which might be proposed to lessen any significant adverse environmental effects of the activity. The secretary shall have 30 days after receipt of such proposed change to notify the state agency, board, or commission whether the proposed change will alter the regulatory program so that it no longer meets the qualification for certification established in this section and will result in a withdrawal of certification as provided in this section.

(g) Any action or proceeding to attack, review, set aside, void, or annul a determination or decision of a state agency, board, or commission approving or adopting a proposed activity under a regulatory program which has been certified pursuant to this section on the basis that the plan or other written documentation prepared pursuant to paragraph (3) of subdivision (d) does not comply with the provisions of this section shall be commenced no later than 30 days from the date of the filing of notice of the approval or adoption of the activity.

(h) Any action or proceeding to attack, review, set aside, void or annul a determination of the Secretary of the Resources Agency to certify a regulatory program pursuant to this section on the basis that the regulatory program does not comply with the provisions of this section shall be commenced within 30 days after certification by the secretary.

In any action brought under this subdivision, the inquiry shall extend only to whether there was a prejudicial abuse of discretion by the Secretary of the Resources Agency. Abuse of discretion is established if the secretary has not proceeded in a manner required by law or if the determination is not supported by substantial evidence.

(i) For purposes of this section, any county agricultural commissioner shall be considered a state agency.

SEC. 7. The provisions of subdivision (c) of Section 21080.5 of the Public Resources Code shall apply to any pesticide regulatory program required by Division 6 (commencing with Section 11401) or by Chapters 1 (commencing with Section 12501), 2 (commencing with Section 12751), 3 (commencing with Section 14001), and 3.5 (commencing with Section 14101) of Division 7 of the Food and Agricultural Code which has been certified pursuant to Section 21080.5 of the Public Resources Code. Pesticide permits issued pursuant to such a certified program for the use of restricted or nonrestricted materials shall be exempt from the provisions of Chapter 3 (commencing with Section 21100) and Chapter 4 (commencing with Section 21150) of Division 13 of the Public Resources Code, from the provisions of Section 21167 of the Public Resources Code, from the provisions of subdivision (g) of Section

21080.5 of the Public Resources Code, and from those provisions of subdivision (d) of Section 21080.5 of the Public Resources Code specified in subdivision (d) of Section 5 of this act.

SEC. 8. The Department of Food and Agriculture shall, as close as possible to July 1, 1978, but not later than September 1, 1978, complete a draft of its report on the Environmental Assessment of Pesticide Programs which is currently under preparation. The department shall provide for public review and comment on such draft and shall complete its final report and transmit it to the Governor and Legislature not later than February 1, 1979.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Environmental impact reports and negative declarations will have to be prepared for the issuance of individual pesticide permits beginning July 1, 1978. In order to prevent this unworkable contingency and to develop a workable review of pesticide regulations, it is necessary that this act go into immediate effect.

CHAPTER 309

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

SEC. 2. Section 9314 is added to the Welfare and Institutions Code, to read:

Before extending such season the director shall consider written findings of the department regarding the state of the crab resource which consider, but are not limited to, population and maturity. The director may extend the season only if the written findings do not conclude that such extension will damage the crab resource. In no case shall the season be extended past July 31 of any year.

SEC. 2. Section 8693 of the Fish and Game Code is amended to read:

8693. In Districts 17, 18, 19, and 20A, drift gill nets and set gill nets may be used except for the taking of salmon.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

(b) Notwithstanding any provision of Division 7 (commencing with Section 7000) of the Welfare and Institutions Code or any other law to the contrary, the licensure requirements for professional personnel in state and other governmental health facilities licensed by the state department shall not be less than for professional personnel in health facilities under private ownership. Such personnel who have been continuously employed on January 1, 1979, in the same state or other governmental health facilities licensed by the state department, including those persons on authorized leave, shall be exempt from the requirements of this subdivision. (c) A special permit shall be issued by the state department when

it finds that the staff, both professional and nonprofessional, and the standards of care and services are adequate and appropriate, and that the special services unit is operated in the manner required in this chapter and by the rules and regulations adopted hereunder.

CHAPTER 322

An act to add Chapter 10.6 (commencing with Section 13880) to Division 7 of the Water Code, relating to domestic water systems, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1978. Filed with Secretary of State June 30, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 10.6 (commencing with Section 13880) is added to Division 7 of the Water Code, to read:

CHAPTER 10.6. CALIFORNIA SAFE DRINKING WATER GRANT PROGRAM

13880. The purpose of this chapter is to authorize the use of moneys in the California Safe Drinking Water Fund for a grant program for public agencies owning or operating domestic water systems, as authorized pursuant to the provisions of the California Safe Drinking Water Bond Law of 1976. The Legislature hereby finds and declares that it is necessary to establish a grant program to aid public agencies in the construction of projects for domestic water systems, and that certain public agencies owning or operating domestic water systems will be otherwise unable to meet minimum safe drinking water standards established pursuant to Chapter 7 (commencing with Section 4010) of Part 1 of Division 5 of the Health and Safety Code.

13881. As used in this chapter:

(a) "Department" means the Department of Water Resources.

(b) "Domestic water system" means a system for the provision to the public of piped water for human consumption, if such system has at least 15 service connections or regularly supplies water to at least 25 individuals. Such term includes any water supply, treatment, storage, and distribution facilities under the control of the operator of such system.

(c) "Fund" means the California Safe Drinking Water Fund created pursuant to Section 13859.

(d) "Project" means proposed facilities for the construction, improvement, or rehabilitation of the domestic water system, and may include water supply, treatment works, and all or part of a water distribution system, if such inclusions are necessary to carry out the purpose of this chapter.

(e) "Public agency" means any city, county, district, or other political subdivision of the state which owns or operates a domestic water system.

(f) "Treatment works" means any devices or systems used in the treatment of water supplies, including necessary lands, which render such supplies pure, wholesome, and potable for domestic purpose.

13882. (a) The department, subject to the requirements of this chapter, is authorized to make state grants to public agencies from moneys in the fund available for such purpose pursuant to subdivision (d) of Section 13861, to aid in the construction of projects which will enable the public agency to meet, at a minimum, safe drinking water standards established pursuant to Chapter 7 (commencing with Section 4010) of Part 1 of Division 5 of the Health and Safety Code. Any such grant may be made by the department only upon the specific approval of the Legislature, by an act enacted after the receipt of a report filed pursuant to Section 13884.

(b) Any contract for a grant pursuant to this chapter may include such provisions as may be agreed upon by the parties thereto, and any such contract shall include, in substance, the following provisions:

(1) An estimate of the reasonable cost of the project.

(2) An agreement by the department to grant to the public agency, during the progress of construction or following completion of construction as may be agreed upon by the parties, an amount which equals the portion of construction costs found by the department to be eligible for a state grant.

(3) An agreement by the public agency, (i) to proceed expeditiously with, and complete, the project, (ii) to commence operation of the project upon completion thereof, and to properly operate and maintain the project in accordance with the applicable provisions of law, (iii) to apply for and make reasonable efforts to secure federal assistance for the project, (iv) to secure approval of the department and of the State Department of Health Services before applying for federal assistance in order to maximize and best utilize the amounts of such assistance available, and (v) to provide for payment of the public agency's share of the cost of the project, if any.

13883. Applications for grants under this chapter shall be made to the department in such form and with such supporting material as may be prescribed by the department.

13884 The department shall prepare a report on each grant application pursuant to this chapter. Such report shall be filed with

the Legislature, if it is in session, or if it is not in session, with the Rules Committee of the Assembly and Senate. The department shall be authorized to make such grant only upon the specific approval of the grant by the Legislature, by an act enacted after the receipt of such report from the department.

13885. Grants may be made only for projects for domestic water systems. The department may make reasonable allowance for future water supply needs and may provide for additional capacity when excessive costs would be incurred by later enlargement. Such grants may be made for all or any part of the cost of constructing, improving, or rehabilitating any such system when, in the judgment of the State Department of Health Services, such improvement or rehabilitation is necessary to provide pure, wholesome, and potable water available in adequate quantity at sufficient pressure for health, cleanliness, and other domestic purposes. No single public agency shall receive grants pursuant to this chapter totaling more than four hundred thousand dollars ($400,000). The total amount of grants made pursuant to this chapter shall not exceed fifteen million dollars ($15,000,000).

13886. An application for a grant pursuant to this chapter shall not be approved by the department unless the department determines that the public agency is otherwise unable to meet minimum safe drinking water standards established pursuant to Chapter 7 (commencing with Section 4010) of Part 1 of Division 5 of the Health and Safety Code. No grant shall be made by the department except upon approval by the State Department of Health Services of project plans submitted by the applicant and upon issuance to the public agency of a permit or amended permit as specified in Chapter 7 (commencing with Section 4010) of Part 1 of Division 5 of the Health and Safety Code.

13887. First priority for grants shall be afforded to public agencies having immediate health related problems, as certified by the State Department of Health Services. Additional high priority shall be afforded to projects to correct immediate problems, as opposed to grants for construction of projects to meet future growth needs.

13888. Preliminary design work, including a cost estimate for the project, shall be completed before the grant is awarded. Operation and maintenance costs shall be the responsibility of the public agency and may not be considered as part of the project cost.

13889. No application for a grant may be made pursuant to this chapter unless the public agency has also applied for a loan pursuant to the California Safe Drinking Water Bond Law of 1976. No public agency whose loan application has been rejected on the basis of lack of financial need shall be eligible for a grant.

If the department has determined that the applicant is unable to repay the full costs of a loan, the applicant may also file for a grant. Upon receipt of a grant application, the department shall determine that portion of the full costs that the applicant is capable of repaying. Grant funds shall only be provided for that portion that the applicant

is not capable of repaying.

13990. Grant funds shall be expended by the public agency within three years of the making of the grant. No grant funds may be expended by the public agency unless the public agency is able to demonstrate to the department, within one year of the making of the grant, supported by an acceptable bid, that the amount to be expended for the project will be within 20 percent of the public agency's cost estimate for the project.

13991. For the purpose of administering the provisions of this chapter, the total expenditures of bond proceeds by the department and the State Department of Health Services in any fiscal year may not exceed 3 percent of the total of the grants awarded in such fiscal year pursuant to this chapter.

13992. The department, after public notice and hearing and with the advice of the State Department of Health Services, shall adopt rules and regulations necessary to carry out the purposes of this chapter. Such rules and regulations shall be transmitted to the Legislature within 60 days after the effective date of this chapter.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to permit grants to be made from the California Safe Drinking Water Fund to public agencies to resolve critical water supply problems and to permit agencies which would be otherwise unable to meet minimum safe drinking water standards to meet such standards at the earliest possible time, it is necessary that this act go into immediate effect.

(1) Authority for patient health care management in a medical emergency shall be vested in that licensed health care professional or paramedic at the scene of the emergency who is most medically qualified specific to the provision of rendering emergency medical care. If a licensed health care professional or paramedic is not available, the authority shall be vested in the most appropriate medically qualified representative of public safety agencies who may have responded to the scene of the emergency.

(2) If any county desires to establish a unified command structure for patient management at the scene of a medical emergency within such county, a committee may be established in such county comprised of representatives of the county agency responsible for county health services, the county sheriff's department, the California Highway Patrol, public prehospital-care provider agencies serving the county, and public fire, police, and other affected emergency-service agencies within the county. The membership and duties of the committee shall be established by an agreement for the joint exercise of powers under Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code.

(3) Notwithstanding subdivision (1) of this section, authority for the management of the scene of a medical emergency shall be vested in the appropriate public safety agency having primary investigative authority. The scene of a medical emergency shall be managed in a manner designed to minimize the risk of death or health impairment to the patient and to other persons who may be exposed to the risks

as a result of the emergency condition, and priority shall be placed upon the interests of those persons exposed to the more serious and immediate risks to life and health. Public safety officials shall consult emergency medical services personnel or other authoritative health care professionals at the scene in the determination of relevant risks.

SEC. 2. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act.

(b) The absence of a pupil from school or class shall not be deemed an absence in computing the attendance of a pupil if such absence was:

(1) Due to his illness, or

(3) For the purpose of having medical, dental, optometrical, or chiropractic services rendered, or

(6) Due to exclusion from school pursuant to Section 3381 of the Health and Safety Code, so long as such absence is not more than five schooldays pursuant to Section 46010.5.

"Immediate family," as used in this subdivision, has the same meaning as that set forth in the last sentence of Section 45194 except

that references therein to "employee" shall be deemed to be references to "pupil."

The provisions of this subdivision shall not apply in the case of pupils attending summer school, adult schools, and classes, or regional occupational centers and programs other than pupils concurrently enrolled in a regular high school program and a regional occupational center or program.

SEC. 2. Section 46010.5 is added to the Education Code, to read:

(a) The governing board of the district notifies the parent or guardian of the pupil that they have two weeks to supply evidence either that the pupil has been properly immunized, or that the pupil is exempted from the immunization requirement pursuant to Section 3385 or Section 3386 of the Health and Safety Code.

(b) The governing board of the district, in such notice, refers the parent or guardian of the pupil to the pupil's usual source of medical care to obtain such immunization, or if no usual source exists, either refers the parent or guardian to the county health department, or notifies the parent that the immunizations will be administered at a school of the district.

CHAPTER 326

The application shall be accompanied by a filing fee in amounts as determined by the Department of General Services. CHAPTER 327

An act to amend Sections 8388 and 8388.7 of, to amend and renumber Sections 8388.3 and 8388.5 of, and to add and repeal Sections 8388.5 and 8388.6 of, the Fish and Game Code, relating to fish, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1978. Filed with Secretary of State June 30, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 8388 of the Fish and Game Code is amended to read:

8388. Except as provided in Section 8388.2, Pacific mackerel may not be taken or possessed at any time for any purpose except loads or lots of fish may contain 18 percent or less by weight of Pacific mackerel taken incidentally to other fishing operations. Such Pacific mackerel, incidentally taken, may be used for any purpose.

This section shall not be operative until January 1, 1981.

SEC. 2. Section 8388.3 of the Fish and Game Code is amended and renumbered to read:

8388.1. It is the intent of the Legislature that the Pacific mackerel resource be enhanced. During this process a fishery shall be allowed once the Pacific mackerel spawning population, in waters north of Punta Eugenia, Baja California, Mexico, has reached 10,000 tons as determined by the department. Such determination shall be made public in an annual report to the Legislature no later than July 31 of each year. It is also the intent that as the spawning population increases, in excess of 20,000 tons, the seasonal quota also be increased but at such a rate as to allow the continued increase in the Pacific mackerel population. This process should continue with the objective of maximizing the sustained harvest.

This section shall not be operative until January 1, 1981.

SEC. 3. Section 8388.5 of the Fish and Game Code is amended and renumbered to read:

8388.2. Section 8388 shall remain in effect until the department determines that the estimated Pacific mackerel spawning population, in waters north of Punta Eugenia, Baja California, Mexico, exceeds 10,000 tons. When the department makes this determination, a season harvest quota equal to 20 percent of the amount of Pacific mackerel in excess of 10,000 tons spawning population, as determined by the department, shall be permitted under permits issued by the department.

When the department determines that the spawning population exceeds 20,000 tons, the harvest quota shall be increased to 30 percent of the excess over 20,000 tons.

The department shall keep records of the catch of Pacific mackerel and when it appears that the season quota will be reached, it shall notify all permitholders of the date when such limit will be reached and therefore the season closed, and shall notify, by certified mail, all permitholders of such closure.

This section shall not be operative until January 1, 1981.

SEC. 4. Section 8388.5 is added to the Fish and Game Code, to read:

8388.5. It is the intent of the Legislature that the Pacific mackerel resource be enhanced. The department shall make an annual report to the Legislature, no later than July 31, on the status of the resource.

A season allowable catch equal to 20 percent of the amount of Pacific mackerel in excess of 20,000 tons total population, as determined by the department, shall be established by the director. The allowable catch may be taken mixed or unmixed with other species, under revocable permits issued by the department to boat owners or operators, under conditions prescribed by the department, to ensure that the total harvest between October 1 and September 30 does not exceed the allowable catch.

Total population means Pacific mackerel age one and over as of October 1 of each year.

The department shall keep records of the catch of Pacific mackerel, including all Pacific mackerel taken incidentally with other species of fish. The department shall estimate from the current

trend of catches the date on which the allowable catch will be reached and shall publicly announce that date as the closing date of the season at least 48 hours prior thereto. After the season is declared closed, the allowable tolerance of Pacific mackerel taken with other species is 18 percent by number.

This section shall remain in effect only until January 1, 1981, and as of such date is repealed.

SEC. 5. Section 8388.6 is added to the Fish and Game Code, to read:

8388.6. During the course of the season, to ensure that the total season's harvest does not exceed the catch allowed under Section 8388.5, and to allow fishing for other species, the director may:

(a) Adjust a figure previously determined to represent the season allowable catch for the taking of Pacific mackerel, if additional biological data becomes available which would indicate that an earlier determined total population needs to be revised.

(b) Set an allowable tolerance for the taking of Pacific mackerel incidental to the fishing of other species of fish, taking into consideration the mixing ratios of Pacific mackerel with other species. The allowable tolerance for Pacific mackerel mixing with jack mackerel shall not be greater than 50 percent Pacific mackerel by number determined in a manner prescribed by the director, nor less than 18 percent by number. The allowable tolerance for Pacific mackerel mixing with other species of fish, shall not be greater than 50 percent Pacific mackerel by number determined in a manner prescribed by the director.

(c) Allow any load of fish weighing three tons or less to contain any amount of Pacific mackerel, without regard to the established tolerance for the taking of Pacific mackerel incidental to the fishing of any other species of fish.

This section shall remain in effect only until January 1, 1981, and as of such date is repealed.

SEC. 6. Section 8388.7 of the Fish and Game Code is amended to read:

8388.7. Subject to the provisions of Sections 8388, 8388.2, 8388.5, and 8388.6, Pacific mackerel season is from October 1 through September 30.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to preserve the Pacific mackerel resource it is necessary that this act take effect immediately.

CHAPTER 328

[Approved by Governor June 30, 1978 Filed with Secretary of State June 30, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 20 of Chapter 1654 of the Statutes of 1961 is amended to read:

Sec. 20. The district board is the governing body of the district and shall consist of five members until January 1, 1979, at which time the board membership shall be increased to seven members. Each member of the board shall be appointed by the appointing authority and shall be a voter in the district.

SEC. 2. Section 22 of Chapter 1654 of the Statutes of 1961 is amended to read:

Sec. 22. The election at which this act is submitted to the voters of the district for ratification shall be conducted, as nearly as may be practicable, in accordance with the provisions of Article 5 (commencing with Section 58130) and Article 6 (commencing with Section 58160), Chapter 1, Division 1, Title 6 of the Government Code. Upon the appointment of the first district board, three members shall be appointed to terms expiring on January 1, 1965. Two members shall be appointed to terms expiring on January 1, 1963. The two members appointed on January 1, 1979, shall be appointed to terms expiring on January 1, 1982. All subsequent appointments shall be for four-year terms.

CHAPTER 329

An act to amend Sections 1170.2 and 3041 of, and to repeal and add Section 3041.7 of, the Penal Code, relating to prisoners, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1978 Filed with Secretary of State June 30, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 1170.2 of the Penal Code is amended to read:

1170.2. (a) In the case of any inmate who committed a felony prior to July 1, 1977, who would have been sentenced under Section 1170 if he had committed it after July 1, 1977, the Community Release Board shall determine what the length of time of imprisonment

would have been under Section 1170 without consideration of good-time credit and utilizing the middle term of the offense bearing the longest term of imprisonment of which the prisoner was convicted increased by any enhancements justified by matters found to be true and which were imposed by the court at the time of sentencing for such felony. Such matters include: being armed with a deadly or dangerous weapon as specified in Section 211a, 460, 3024, or 12022 prior to July 1, 1977, which may result in a one-year enhancement pursuant to the provisions of Section 12022; using a firearm as specified in Section 12022.5 prior to July 1, 1977, which may result in a two-year enhancement pursuant to the provisions of Section 12022.5; infliction of great bodily injury as specified in Section 213, 264, or 461 prior to July 1, 1977, which may result in a three-year enhancement pursuant to the provisions of Section 12022.7; any prior felony conviction as specified in any statute prior to July 1, 1977, which prior felony conviction is the equivalent of a prior prison term as defined in Section 667.5, which may result in the appropriate enhancement pursuant to the provisions of Section 667.5; and any consecutive sentence.

(b) If the calculation required under subdivision (a) is less than the time to be served prior to a release date set prior to July 1, 1977, or if a release date had not been set, the Community Release Board shall establish the prisoner's parole date, subject to subdivision (d), on the date calculated under subdivision (a) unless at least two of the members of the Community Release Board after reviewing the prisoner's file, determine that due to the number of crimes of which the prisoner was convicted, or due to the number of prior convictions suffered by the prisoner, or due to the fact that the prisoner was armed with a deadly weapon when the crime was committed, or used a deadly weapon during the commission of the crime, or inflicted or attempted to inflict great bodily injury on the victim of the crime, the prisoner should serve a term longer than that calculated in subdivision (a), in which event the prisoner shall be entitled to a hearing before a panel consisting of at least two members of the Community Release Board as provided for in Section 3041.5. The Community Release Board shall notify each prisoner who is scheduled for such a hearing within 90 days of July 1, 1977, or within 90 days of the date the prisoner is received by or returned to the custody of the Department of Corrections, whichever is later. The hearing shall be held before October 1, 1978, or within 120 days of receipt of the prisoner, whichever is later. It is the intent of the Legislature that the hearings provided for in this subdivision shall be accomplished in the most expeditious manner possible. At such hearing the prisoner shall be entitled to be represented by legal counsel, a release date shall be set, and the prisoner shall be informed in writing of the extraordinary factors specifically considered determinative and on what basis the release date has been calculated. The Attorney General or the district attorney of the county from which the prisoner was committed shall be entitled to

be present at and to participate in such hearings. In fixing a term under this section the board shall be guided by, but not limited to, the term which reasonably could be imposed on a person who committed a similar offense under similar circumstances on or after July 1, 1977, and further, the board shall be guided by the following finding and declaration hereby made by the Legislature: that the necessity to protect the public from repetition of extraordinary crimes of violence against the person is the paramount consideration.

(c) Nothing in this section shall be deemed to keep an inmate in the custody of the Department of Corrections for a period of time longer than he would have been kept in its custody under the provisions of law applicable to him prior to July 1, 1977. Nothing in this section shall be deemed to require the release of an inmate sentenced to consecutive sentences under the provisions of law applicable to him prior to July 1, 1977, earlier than if he had been sentenced to concurrent sentences.

(d) In the case of any prisoner who committed a felony prior to July 1, 1977, who would have been sentenced under Section 1170 if the felony was committed on or after July 1, 1977, the good behavior and participation provisions of Article 2.5 (commencing with Section 2930) of Chapter 7 of Title 1 of Part 3 shall apply from July 1, 1977, and thereafter.

(e) In the case of any inmate who committed a felony prior to July 1, 1977, who would have been sentenced under Section 1168 if the felony was committed on or after July 1, 1977, the Community Release Board shall provide for release from prison as provided for by this code.

(f) In the case of any inmate who committed a felony prior to July 1, 1977, the length, conditions, revocation, and other incidents of parole shall be the same as if the prisoner had been sentenced for an offense committed on or after July 1, 1977.

(g) Nothing in this chapter shall affect the eligibility for parole under Article 3 (commencing with Section 3040) of Chapter 8 of Title 1 of Part 3 of an inmate sentenced pursuant to Section 1168 as operative prior to July 1, 1977, for a period of parole as specified in subdivision (b) of Section 3000.

SEC. 2. Section 1170.2 of the Penal Code is amended to read:

1170.2. (a) In the case of any inmate who committed a felony prior to July 1, 1977, who would have been sentenced under Section 1170 if he had committed it after July 1, 1977, the Community Release Board shall determine what the length of time of imprisonment would have been under Section 1170 without consideration of good-time credit and utilizing the middle term of the offense bearing the longest term of imprisonment of which the prisoner was convicted increased by any enhancements justified by matters found to be true and which were imposed by the court at the time of sentencing for such felony. Such matters include: being armed with a deadly or dangerous weapon as specified in Section 211a, 460, 3024, or 12022 prior to July 1, 1977, which may result in a one-year

enhancement pursuant to the provisions of Section 12022; using a firearm as specified in Section 12022.5 prior to July 1, 1977, which may result in a two-year enhancement pursuant to the provisions of Section 12022.5; infliction of great bodily injury as specified in Section 213, 264, or 461 prior to July 1, 1977, which may result in a three-year enhancement pursuant to the provisions of Section 12022.7; any prior felony conviction as specified in any statute prior to July 1, 1977, which prior felony conviction is the equivalent of a prior prison term as defined in Section 667.5, which may result in the appropriate enhancement pursuant to the provisions of Section 667.5; and any consecutive sentence.

(b) If the calculation required under subdivision (a) is less than the time to be served prior to a release date set prior to July 1, 1977, or if a release date had not been set, the Community Release Board shall establish the prisoner's parole date, subject to subdivision (d), on the date calculated under subdivision (a) unless at least two of the members of the Community Release Board after reviewing the prisoner's file, determine that due to the number of crimes of which the prisoner was convicted, or due to the number of prior convictions suffered by the prisoner, or due to the fact that the prisoner was armed with a deadly weapon when the crime was committed, or used a deadly weapon during the commission of the crime, or inflicted or attempted to inflict great bodily injury on the victim of the crime, the prisoner should serve a term longer than that calculated in subdivision (a), in which event the prisoner shall be entitled to a hearing before a panel consisting of at least two members of the Community Release Board as provided for in Section 3041.5. The Community Release Board shall notify each prisoner who is scheduled for such a hearing within 90 days of July 1, 1977, or within 90 days of the date the prisoner is received by or returned to the custody of the Department of Corrections, whichever is later. The hearing shall be held before October 1, 1978, or within 120 days of receipt of the prisoner, whichever is later. It is the intent of the Legislature that the hearings provided for in this subdivision shall be accomplished in the most expeditious manner possible. At such hearing the prisoner shall be entitled to be represented by legal counsel, a release date shall be set, and the prisoner shall be informed in writing of the extraordinary factors specifically considered determinative and on what basis the release date has been calculated. The Attorney General or the district attorney of the county from which the prisoner was committed shall be entitled to be present at and to participate in such hearings. In fixing a term under this section the board shall be guided by, but not limited to, the term which reasonably could be imposed on a person who committed a similar offense under similar circumstances on or after July 1, 1977, and further, the board shall be guided by the following finding and declaration hereby made by the Legislature: that the necessity to protect the public from repetition of extraordinary crimes of violence against the person is the paramount consideration.

(c) Nothing in this section shall be deemed to keep an inmate in the custody of the Department of Corrections for a period of time longer than he would have been kept in its custody under the provisions of law applicable to him prior to July 1, 1977. Nothing in this section shall be deemed to require the release of an inmate sentenced to consecutive sentences under the provisions of law applicable to him prior to July 1, 1977, earlier than if he had been sentenced to concurrent sentences.

(d) In the case of any prisoner who committed a felony prior to July 1, 1977, who would have been sentenced under Section 1170 if the felony was committed on or after July 1, 1977, the good behavior and participation provisions of Article 2.5 (commencing with Section 2930) of Chapter 7 of Title 1 of Part 3 shall apply from July 1, 1977, and thereafter.

(e) In the case of any inmate who committed a felony prior to July 1, 1977, who would have been sentenced under Section 1168 if the felony was committed on or after July 1, 1977, the Community Release Board shall provide for release from prison as provided for by this code.

(f) In the case of any inmate who committed a felony prior to July 1, 1977, the length, conditions, revocation, and other incidents of parole shall be the same as if the prisoner had been sentenced for an offense committed on or after July 1, 1977.

(g) Nothing in this chapter shall affect the eligibility for parole under Article 3 (commencing with Section 3040) of Chapter 8 of Title 1 of Part 3 of an inmate sentenced pursuant to Section 1168 as operative prior to July 1, 1977, for a period of parole as specified in subdivision (b) of Section 3000.

(h) In fixing a term under this section, the Community Release Board shall utilize the terms of imprisonment as provided in Chapter 1139 of the Statutes of 1976 and Chapter 165 of the Statutes of 1977.

SEC. 3. Section 3041 of the Penal Code is amended to read:

3041. (a) In the case of any prisoner sentenced pursuant to any provision of law, other than Chapter 4.5 (commencing with Section 1170) of Title 7 of Part 2, the Community Release Board shall meet with each such inmate within the first year of incarceration solely for the purposes of reviewing the inmate's file and making recommendations. One year prior to the inmate's minimum eligible parole release date a panel consisting of at least two members of the Community Release Board shall again meet with the inmate and shall normally set a parole release date as provided in Section 3041.5. The release date shall be set in a manner that will provide uniform terms for offenses of similar gravity and magnitude in respect to their threat to the public, and that will comply with the sentencing rules that the Judicial Council may issue and any sentencing information relevant to the setting of parole release dates. The board shall establish criteria for the setting of parole release dates and in doing so shall consider the number of victims of the crime for which the prisoner was sentenced and other factors in mitigation or

aggravation of the crime. At least one member of the panel shall have been present at the last preceding meeting, unless it is not feasible to do so or where the last preceding meeting was the initial meeting. Any person on the hearing panel may request review of any decision regarding parole to the full board for an en banc hearing. In case of such a review, a majority vote of the full Community Release Board in favor of parole is required to grant parole to any prisoner.

(b) The panel or board shall set a release date unless it determines that the gravity of the current convicted offense or offenses, or the timing and gravity of current or past convicted offense or offenses, is such that consideration of the public safety requires a more lengthy period of incarceration for this individual, and that a parole date, therefore, cannot be fixed at this meeting.

(c) For the purpose of reviewing the suitability for parole of those prisoners eligible for parole under prior law at a date earlier than that calculated under Section 1170.2, the board shall appoint panels of at least two persons to meet annually with each such prisoner until such time as the person is released pursuant to such proceedings or reaches the expiration of his term as calculated under Section 1170.2.

SEC. 4. Section 3041.7 of the Penal Code is repealed.

SEC. 5. Section 3041.7 is added to the Penal Code, to read:

3041.7. At any hearing for the purpose of setting, advancing, postponing, or rescinding a parole release date of a prisoner under a life sentence, such prisoner shall be entitled to be represented by counsel and the provisions of Section 3041.5 shall apply. The Community Release Board shall provide by rule for the invitation of the prosecutor of the county from which the prisoner was committed, or his representative, to represent the interests of the people at any such hearing. The Community Release Board shall notify the prosecutor at least 30 days prior to the date of the hearing.

Notwithstanding Section 12550 of the Government Code, the prosecutor of the county from which the prisoner was committed, or his representative, who shall not be the Attorney General, shall be the sole representative of the interests of the people.

SEC. 6. It is the intent of the Legislature, if this bill and Senate Bill No. 709 are both chaptered and become effective on or before January 1, 1979, both bills amend Section 1170.2 of the Penal Code, and this bill is chaptered after Senate Bill No. 709, that Section 1170.2 of the Penal Code, as amended by Section 1 of this act, shall remain operative until the effective date of Senate Bill No. 709, and that on the effective date of Senate Bill No. 709, Section 1170.2 of the Penal Code, as amended by Section 1 of this act, be further amended in the form set forth in Section 2 of this act to incorporate the changes in Section 1170.2 proposed by Senate Bill No. 709. Therefore, if this bill and Senate Bill No. 709 are both chaptered and become effective on or before January 1, 1979, and Senate Bill No. 709 is chaptered before this bill and amends Section 1170.2, Section 2 of this act shall become operative on the effective date of Senate Bill No. 709.

SEC. 7. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Uniform Determinate Sentencing Act of 1976 and the statutory amendments to it require the Community Release Board to hold a substantial number of hearings to implement these new statutes. The requirement that a panel conducting hearings pursuant to Section 3041 of the Penal Code on behalf of the Community Release Board be comprised solely of members of the board has proven impossible to implement in view of the large number of hearings which must be conducted. So that the Community Release Board can comply with the statutory deadlines for holding these hearings, this act reduces the number of board members who are required to participate in a single proceeding under Section 3041 and must take effect immediately.

The requirement that the hearings held pursuant to subdivision (b) of Section 1170.2 be completed prior to April 1, 1978, cannot be met due to the substantial number of hearings which still must be conducted. So that the hearings can be completed, this act extends the time for conducting such hearings and must take effect immediately.

CHAPTER 330

An act to add Sections 1232.5, 1232.6, and 1232.7 to the Government Code, relating to continuation of state government, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1978. Filed with Secretary of State June 30, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 1232.5 is added to the Government Code, to read:

1232.5. On or after June 30, 1978, no state officer or employee shall be deemed to have a break in service or to have terminated his employment, for any purpose, nor to have incurred any change in his authority, status, or jurisdiction or in his salary or other conditions of employment, solely because of the failure to enact a Budget Bill for the 1978–79 fiscal year prior to the end of the preceding fiscal year.

Every person who entered state service between June 30, 1978, and the effective date of the Budget Bill for the 1978–79 fiscal year shall be deemed a state officer or employee, as the case may be, from the time he entered state service until that date, notwithstanding the failure to enact a Budget Bill for the 1978–79 fiscal year prior to his entry into service.

The Controller shall then notify in writing

each fiscal officer of the allocation which will be made for the 1978–79 fiscal year, on or before July 20, 1978.

SEC. 13. Section 16272.7, as added to the Government Code by Chapter 292 of the Statutes of 1978, is amended to read:

(1) In distributing funds to districts which provide fire protection services, and any police protection district, county service area, or community services district which provides police protection services, exclusively, the governing body shall provide an amount sufficient to ensure that each district maintains the same level of protection as was actually provided during 1977–78.

(b) Other special district services:

(1) Districts with general fund reserves, as defined in Section 16271, of 5 percent or less of their total 1977–78 revenues shall be given priority over districts with general fund reserves in excess of 5 percent of their total 1977–78 revenues.

(2) Districts which have relied most heavily upon revenues derived from property taxation to finance the provision of a service shall be given priority over those districts which are less dependent upon revenues derived from property taxation.

(3) Districts which are not authorized to utilize nonproperty tax revenue sources, including but not limited to fees, rates and tolls to finance the provision of a service shall be given priority over districts which are authorized to utilize such nonproperty tax sources.

(4) In distributing funds to districts which provide more than one service, exclusive of fire and police protection services which are funded under the public safety services category, the board shall apply the criteria of paragraphs (1), (2), and (3) of this subdivision to each such service and shall make a distribution of funds to the district for each such service.

(5) Any distribution made pursuant to this section shall be reduced by one-third of the amount by which the district's general fund reserves exceeds 5 percent of the district's total 1977–78 revenues.

SEC 15. Section 16279 is added to the Government Code, to read:

16279. No action or proceeding shall be commenced to contest any determination of the governing body pursuant to this chapter,

SEC. 16. Section 16280 of the Government Code, as added by Chapter 292 of the Statutes of 1978, is amended to read:

16280. No state funds from the state surplus or state loan funds shall be available to any local public agency which provides a cost of living wage or salary increase in the 1978–79 fiscal year for local public agency employees or cost of living increases for any other individuals, including AFDC and other welfare recipients, if such increase is in excess of the cost of living salary increase provided for state employees. The cost of living salary increase provided for state employees shall be determined by dividing the total amount made available by the Legislature for salary increases to state employees by the total salaries paid to state employees. If the Legislature limits the cost of living salary increase for state employees on the basis of salary range, the local public agency shall likewise limit any cost of living increase for local public agency employees and other individuals on the same basis.

Any provision of a contract, agreement, or memorandum of understanding between a local public agency and an employee organization or an individual employee which provides for a cost of living wage or salary increase to local public agency employees in excess of such increase provided for state employees is null and void to the extent of such excess.

This section shall not preclude regular merit increases, established prior to June 6, 1978, longevity or educational increments, promotions, or transfers, but shall preclude the transfer of employees to new positions created with higher pay schedules for the purpose of circumventing this chapter.

As used in this section, the terms "salary" and "wage or salary" shall not include any compensation other than wages or salaries, such as health benefits, retirement benefits, life insurance, vacation time, sick leave, perequisites of all kinds, and reimbursement of expenses.

The amendment of this section made by the provisions of S.B. 2212 of the 1977–78 Regular Session of the Legislature does not constitute a change in, but is declaratory of, the existing law.

SEC. 17. Section 16280.5 is added to the Government Code, to read:

16280.5. No state funds from the state surplus or state loan funds shall be available to any local public agency which provides an increase in salary in the 1978–79 fiscal year to any elected or appointed noncivil service officer of the local public agency.

Any provision of a contract or agreement between a local public agency and an elected or appointed noncivil service officer of the local public agency which provides for an increase in salary is null and void.

As used in this section, the term "salary" shall not include any compensation other than wages or salaries, such as health benefits, retirement benefits, life insurance, vacation time, sick leave,

perquisites of all kind, and reimbursement of expenses.

SEC. 18. Section 16281 of the Government Code, as added by Chapter 292 of the Statutes of 1978, is amended to read:

16281. It is the intent of the Legislature in enacting this chapter to alleviate the current fiscal crisis created by the passage of Proposition 13 (Article XIII A of the California Constitution), and to provide for maintaining essential services which would otherwise be lost.

The Legislature finds and declares that limiting increases in wages or salaries for local public agency officers and employees and cost of living increases for other individuals will allow essential local government services to be maintained at a higher level than would otherwise be the case, and will promote full employment and prevent layoffs.

The Legislature further finds and declares that this chapter constitutes a matter of statewide concern, and shall apply to charter counties and charter cities. The provisions of this chapter shall supersede any inconsistent provisions in the charter of any county or city.

SEC. 19. Section 16282 is added to the Government Code, to read:

16282. For the purpose of this chapter "local public agency" means a city, county, city and county, special district, school district, county board of education, or community college district.

(a) Its 1977–78 expenditures by category of service and revenues by source;

(b) Its 1978–79 projected expenditures by category of service and revenues by source.

(c) Any adjustments in fees, charges, and any taxes levied after June 6, 1978, and an estimate of revenues generated from those adjustments in the 1978–79 fiscal year.

The counties, cities, and cities and counties, shall report this data to the Department of Finance in a form and manner determined by the Department of Finance.

The Department of Education shall transmit school district information to the Department of Finance for inclusion in the report submitted to the Governor and the Legislature.

The Department of Finance and the Legislative Analyst shall report to the Governor and the Legislature by February 1, 1979, on the following:

(a) A summary of the expenditure and revenue data received from counties, cities, a city and county and school districts;

(b) A determination of the extent to which reductions in expenditures have been made in each category of service;

(c) An analysis of the impact of such reductions in expenditures

on the maintenance and accessibility of each category of service.

SEC. 21. Section 16494.7 of the Government Code is amended to read:

16494.7. Notwithstanding any other provision of law, any local agency may apply to the board, by no later than August 21, 1978, for a loan pursuant to this article after the adoption by the local agency's governing body of a resolution containing all of the following:

(a) A statement that the local agency is authorized to issue revenue or tax anticipation notes;

(b) A statement indicating the local agency's property tax revenues for the 1977–78 fiscal year, including state property tax subvention. With respect to a local agency formed during the 1977–78 fiscal year and authorized to levy a property tax, but did not do so, a statement estimating the amount such agency could have levied if it had levied such a tax;

(c) A finding based on substantial evidence that the agency's cash flow is not sufficient to meet current obligations for the operation of vital services and that all unrestricted reserves except for a prudent surplus have been exhausted or will be exhausted at the time the loan is made;

(d) A statement that taxes, revenues, and other income not obligated by law for a specific purpose and anticipated to be received during the 1978–79 fiscal year, will be available to repay the principal and interest on such loan before May 31, 1979;

(e) A statement that revenue and tax anticipation notes are not currently being purchased from the local agency by private lenders; and

(f) Evidence that the local agency is unable to use interfund transfers to meet its short-term cash obligations.

SEC. 22. Section 16499 of the Government Code is amended to read:

16499. The board shall make a loan to a local agency applying for such loan in order to prevent an imminent default on the bonds of such local agency. All loans shall bear the same interest rate as loans from the Local Agency Emergency Loan Fund. The interest on such loans shall accrue until final payment. All loans shall have a maximum repayment period of three years from the date of approval of the loan. The board may make such loan only after a finding that:

(a) The local agency has insufficient funds to make principal and interest payments during the 1978–79 fiscal year; and

(b) Where bonds have been issued which are secured by tax increment, evidence that the taxes allocated under subdivision (b) of Section 33670 of the Health and Safety Code are inadequate to make the principal and interest payments on bonds due during the 1978–79 fiscal year.

SEC. 23. Section 20 of Chapter 292 of the Statutes of 1978 is amended to read:

Sec. 20. (a) It is the intent of the Legislature to maintain essential county health services and to ensure that reductions in

county health services are not disproportionate to reductions in county property tax revenues as offset by allocations of funds from this act.

(b) As used in this section:

(1) "County health services" means public health services, outpatient health services and inpatient health services provided directly by the county or financed or purchased by the county through grants, contracts, or agreements, but shall not include services provided pursuant to Division 5 (commencing with Section 5000) of the Welfare and Institutions Code or Division 10.5 (commencing with Section 11750) of the Health and Safety Code.

(2) "Net county costs for health services" means expenditures for county health services, less revenues received for county health services, plus Federal Revenue Sharing funds budgeted or expended for health services.

(3) A reduction in net county costs for health services shall be deemed to be disproportionate when the ratio, determined by dividing net county costs for health services budgeted in the 1978–79 fiscal year by the net county costs for health services provided in the 1977–78 fiscal year, is less that the ratio determined by dividing the sum of (a) county property tax revenues for the 1978–79 tax year as calculated in Section 26912 of the Government Code, (b) the dollar amount of a county's obligations relieved pursuant to Sections 33 and 34 of this act during the 1978–79 fiscal year, and (c) the dollar amount of funds allocated to the county by this act as calculated in subdivision (d) of Section 16260 of the Government Code and appropriated in Section 16100 of the Government Code, by the sum of county revenues derived from property taxation during the 1977–78 fiscal year, including state reimbursements for homeowners' and business inventory exemptions.

(c) The provisions of Sections 1442 and 1442.5 of the Health and Safety Code shall not be operative from and after the effective date of this act until July 1, 1979.

(d) A county shall not make a disproportionate reduction in net county costs for health services in public health services, outpatient health services or inpatient health services, including services provided under contract by cities, which will be detrimental to the health needs of the public in the case of public health services or the health care needs of the indigent in the case of outpatient or inpatient health services.

(e) Notwithstanding the provisions of any other law, when any county which receives funds from the State Controller pursuant to this act makes a disproportionate reduction in net county costs for public health services, outpatient health services or inpatient health services, including such services provided under contract by cities, and the State Director of Health Services finds as provided in this section that the impact of such reductions will be detrimental to the health needs of the public in the case of public health services or the health care needs of the indigent in the case of outpatient or

inpatient health services, the State Director of Health Services shall notify the State Controller of this finding and the State Controller shall reduce any allocation of funds under this act by an amount equal to the disproportionate reduction in net county costs for health services.

(f) Each county shall on or before August 15, 1978, submit to the State Director of Health Services the county budget for health services proposed for the 1978–79 fiscal year. Such budgets shall specify and include estimated revenues and net costs for public health services, outpatient health services, and inpatient health services, including such services provided under contract by cities. Each county shall, on or before September 15, 1978, submit to the State Director of Health Services the county's actual expenditures, revenues and net costs for public health services, outpatient services, and inpatient services provided during the 1977–78 fiscal year, including such services provided under contract by cities.

(g) The State Director of Health Services shall review all such actual or estimated expenditures, revenues, and net costs and determine for each county whether the 1978–79 county health services budget provides for a disproportionate reduction in net county costs for health services in each of the areas of public health services, inpatient health services, or outpatient health services, including such services provided under contract by cities. On or before October 15, 1978, the State Director of Health Services shall notify any county found to have a disproportionate reduction in any of such areas.

(h) Upon receipt of such notice, the board shall provide public notice that a public hearing will be held. The county board of supervisors shall within 15 days of receiving such notice hold a public hearing to determine whether the amount of such reduction which is disproportionate will be detrimental to the health needs of the public in the case of public health services or detrimental to the health care needs of the indigent of the county in the case of outpatient or inpatient health services. The county board or supervisors shall make a finding based on the public hearings that the reductions are or are not detrimental. On or before November 15, 1978, the county shall transmit to the State Director of Health Services a copy of the finding, together with the written evidence on which the finding was based.

(i) If it is the finding of the board of supervisors that the reductions are detrimental, the State Director of Health Services shall notify the State Controller by December 15, 1978, to reduce the amount of the funds otherwise allowable to the county under this act by an amount equal to the disproportionate reduction in net county costs for health services If it is the finding of the board of supervisors that the reductions are not detrimental, the State Director of Health Services shall review the finding and the evidence upon which the finding is based and shall either approve or disapprove the finding of the county board of supervisors. If the director disapproves the

finding, the director shall notify the State Controller by December 15, 1978, to reduce the county's allocation of funds from this act by an amount equal to the disproportionate reduction in net county costs for health services.

(j) Counties shall make reports relative to the administration of this section to the State Department of Health Services in a form and manner determined by the State Director of Health Services.

(k) The State Department of Health Services may adopt any regulations necessary to implement this section. The department may adopt such regulations on an emergency basis pursuant to Article 4 (commencing with Section 11420) of Chapter 4.5 of Division 3 of Title 2 of the Government Code, based on the finding by the department that such regulations are necessary to resolve the financial crisis created by the adoption of Proposition 13 on the June 6, 1978, ballot. Such a finding shall meet the requirements of Section 11421 of the Government Code.

SEC. 24. Section 26912 as added to the Government Code by Chapter 292 of the Statutes of 1978, is amended to read:

26912. (a) For the purposes of this section, a local agency includes a city, county, city and county, and special district, as such terms are defined in Article 1 (commencing with Section 2201) of Chapter 3 of Part 4 of Division 1 of the Revenue and Taxation Code, if such local agency levied a property tax during the 1977–78 fiscal year or if a property tax was levied for such local agency for such fiscal year, except that the Bay Area Pollution Control District shall be considered a local agency.

(b) For the 1978–79 fiscal year only, the amount of revenue derived from levying a tax pursuant to subdivision (b) of Section 2237 of the Revenue and Taxation Code shall be allocated by the county auditor, subject to the allocation and payment of funds, as provided for in subdivision (b) of Section 33670 of the Health and Safety Code, to each local agency, school district, county superintendent of schools, and community college district in the following manner:

(1) (A) The auditor shall determine the local agency share of 1978–79 property tax revenue by dividing the amount of property tax revenue received by all local agencies in 1977–78 by the total amount of property tax revenue received by all local agencies, school districts, community college districts and county superintendents of schools in the 1977–78 fiscal year, and multiplying the quotient by the total amount of revenue generated pursuant to subdivision (b) of Section 2237 of the Revenue and Taxation Code.

(B) For each local agency, the county auditor shall compute a factor equal to the average amount of property tax revenue received in the three fiscal years prior to the 1978–79 fiscal year by each local agency within the county, divided by the average amount of property tax revenue received by all such agencies during the three fiscal years prior to the 1978–79 fiscal year. The county auditor shall multiply the factor for each local agency by the amount of revenue determined pursuant to subparagraph (A).

(C) Notwithstanding subparagraph (B), in each case where a local agency has been formed in the past three years and has assumed the duties of another local agency, it shall be entitled to the average amount of revenue for the prior three years of the local agency from whom it assumed its duties.

(D) For the purpose of subparagraph (A) and (B) local agency shall not include a local agency formed after January 1, 1976.

(2) (A) The county auditor shall determine the school share of the 1978–79 fiscal year property tax revenue by subtracting the local agency share, as determined under subparagraph (A) of paragraph (1) of this subdivision, from the total amount of revenue generated pursuant to subdivision (b) of Section 2237 of the Revenue and Taxation Code.

(B) For each school district, county superintendent of schools, and community college district, the county auditor shall compute a factor equal to the amount of property tax revenue received in the 1977–78 fiscal year by such district and the county superintendent of schools within the county divided by the total amount of property tax revenue received by all such districts and the county board of education in the 1977–78 fiscal year. The county auditor shall multiply the factor for each school district, county superintendent of schools, and community college district by the amount of revenue determined pursuant to subparagraph (A). For the purpose of this paragraph, local agencies formed after January 1, 1976, shall be considered school districts.

(3) For the purpose of this subdivision, the amount of property tax levied for the purpose of making annual payments for the interest and principal on outstanding general obligation bonds or other indebtedness approved by the voters prior to July 1, 1978, including tax rates levied pursuant to Part 10 (commencing with Section 15000) of Division 1 of Sections 39308, 39311, 81338, and 81341 of the Education Code, shall be excluded from all calculations.

(4) The amounts computed under this subdivision shall be the amount of property tax revenue to be allocated to each local agency for the 1978–79 fiscal year.

(5) As used in this section, "property tax revenue" includes the amount of state reimbursement for homeowners' and business inventory exemption.

(c) For the 1978–79 fiscal year only, the amount of state reimbursement to each county with respect to property tax losses pursuant to the homeowners exemption under Section 5523 of the Revenue and Taxation Code, the business inventory exemption under Section 988 of the Revenue and Taxation Code, and the special treatment accorded livestock, motion pictures and wine and brandy under Section 922 of the Revenue and Taxation Code, shall be allocated by each county auditor, subject to the allocation and payment of funds, as provided in subdivision (b) of Section 33670 of the Health and Safety Code, to local agencies, school districts, county superintendents of school, and community college districts within

the county pursuant to the proportions established in subdivision (b). This subdivision shall not apply to reimbursements with respect to tax rates levied to pay the interest or principal on outstanding general obligation bonds or other indebtedness approved by the voters prior to July 1, 1978.

(d) For local agencies, school districts, and community college districts located in more than one county, the county auditor of each county in which such local agency or district is located shall, for the purposes of computing the amount for such local agency or district pursuant to paragraphs (1) and (2) of subdivision (b), treat the portion of the local agency or district located within that county as a local agency or district.

SEC. 24.5. Section 26912.1 is added to the Government Code, to read:

26912.1. (a) For the 1978–79 fiscal year only, an amount shall be computed for each local agency, as defined in subdivision (a) of Section 26912, and for each school district, community college district and county superintendent of schools, equal to the sum of the amounts computed pursuant to subdivision (b) of this section. This amount shall be used for the computation of the amount of state assistance to be allocated to local jurisdictions for the 1978–79 fiscal year.

(b) (1) The county auditor shall determine an amount equal to the amount which would be generated by applying a tax rate of four dollars ($4) per hundred dollars ($100) of assessed valuation to the total amount of taxable assessed valuation within the county for 1977–78. For purposes of this computation, "taxable assessed valuation" shall be determined as though the homeowners' and business inventory exemptions did not exist.

(2) The amount computed for each local agency, school district, community college district and county superintendent of schools within the county shall be equal to the amount which each such local jurisdiction would receive if the amount computed pursuant to paragraph (1) were allocated, subject to the allocation and payment of funds as provided in subdivision (b) of Section 33760 of the Health and Safety Code, pursuant to the proportions established in subdivision (b) of Section 26912.

SEC. 25. Section 110.1 as added to the Revenue and Taxation Code by Chapter 292 of the Statutes of 1978, is amended to read:

110.1. (a) For purposes of subdivision (a) of Section 2 of Article XIII A of the California Constitution, "full cash value" of real property means the full cash value of property as determined pursuant to Section 110 for either:

(1) The lien date in 1975; or

(2) The date the property is purchased, newly constructed, or when a change in ownership has occurred, after the 1975 lien date, which shall be enrolled on the lien date next succeeding the date when real property, or a portion thereof, is purchased, newly constructed, or when a change of ownership has occurred.

(b) The value determined pursuant to subdivision (a) shall be the "base year value." If property has not been appraised pursuant to Section 405.5 to its appropriate base year value, "full cash value" means the reappraised value of such property as of the base year lien date. Such reappraisals may be made at any time, notwithstanding the provisions of Section 405.6.

(c) For each lien date after the lien date in which the full cash value is determined pursuant to subdivision (a) and (b), the full cash value of real property shall reflect the percentage change in cost of living, as defined in Section 2212; provided, that such value shall not reflect an increase in excess of 2 percent of the full cash value of the preceding lien date.

SEC. 26. Section 110.6 as added to the Revenue and Taxation Code by Chapter 292 of the Statutes of 1978, is amended to read:

110.6. The Legislature finds and declares that a change in ownership of real property means all recorded and unrecorded transfers of legal or equitable title, except the transfer of bare legal title, whether by grant, gift, devise, inheritance, trust, contract of sale, addition or deletion of an owner, property settlement, or any other change in the method of holding title, whether by voluntary or involuntary transfer or by operation of law. The term shall also include, but is not limited to, the transfer of stock of a corporation vested with legal title which conveys to the transferee the exclusive right to occupancy and possession of the real property, or a portion thereof, and the creation of a leasehold or taxable possessory interest, or the sublease or assignment thereof, for a term in excess of 10 years.

The board shall prescribe rules and regulations to govern assessors when determining when a change in ownership of real property occurs.

"Change of ownership," as used in this section, shall exclude any of the following:

(1) Any transfer to an existing assessee for the purpose of perfecting title to the property;

(2) The creation, assignment, or reconveyance of a security interest not coupled with the right to immediate use, occupancy, possession, or profits;

(3) Any interspousal transfer to create or terminate a community property interest or joint tenancy interest;

(4) Substitution of a trustee under the terms of a security or trust instrument;

(5) Any termination of a joint tenancy interest; or

(6) Any transfer of a share of stock in a cooperative housing corporation, as defined in Section 17265, coupled with a possessory interest in a cooperative apartment unit thereof; provided however, that proportion of the value of the cooperative housing corporation attributable to the possessory interest shall be included.

The provisions of this section cease to be operative on July 1, 1979, and as of such date are repealed.

SEC. 27. Section 2235, as added to the Revenue and Taxation

Code by Chapter 292 of the Statutes of 1978, is amended and renumbered to read:

2237. (a) Notwithstanding any other provision of law, except as provided in subdivision (b), no local agency, school district, county superintendent of schools, or community college district shall levy an ad valorem property tax, other than that amount which is equal to the amount needed to make annual payments for the interest and principal on general obligation bonds or other indebtedness approved by the voters prior to July 1, 1978 or the amount levied pursuant to Part 10 (commencing with Section 15000) of Division 1 and Sections 39308, 39311, 81338, and 81341 of the Education Code.

(b) A county shall levy an ad valorem property tax on taxable assessed value at a rate equal to four dollars ($4) per one hundred dollars ($100) of assessed value. The revenue from such tax shall be distributed, subject to the allocation and payment as provided in subdivision (d) of Section 33675 of the Health and Safety Code, to local agencies, school districts, county superintendents of schools, and community college districts in accordance with the provisions of Section 26912 of the Government Code.

SEC. 28. Section 34 of Chapter 292 of the Statutes of 1978 is amended to read:

Sec. 34. Providers under this paragraph shall report to the Department of Mental Health and the local mental health program cost accounting and any other information required by the Department of Mental Health in accordance with procedures established by the Director of Mental Health.

During the 1978–79 fiscal year the requirement for local financial participation in the net cost of services provided under this part shall be waived.

CHAPTER 333

An act to amend Section 54307.1 of the Government Code, relating to revenue bonds, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 4, 1978. Filed with Secretary of State July 4, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 54307.1 of the Government Code is amended to read:

54307.1. "Local agency" also means any entity or agency created pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 for the purpose of acquiring, constructing, maintaining, or operating an enterprise for the collection, treatment, or disposal of sewage, waste, or storm water.

(a) Any proposition submitted to an election held within such local agency or entity for the purpose of authorizing bonds shall be deemed adopted if it receives the affirmative vote of a majority of all the voters voting on the proposition. Such election shall be held within the combined territory of all agencies which, pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1, have jointly created such local agency or entity; provided that if a public agency has entered into an agreement pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 on behalf of a county service area, improvement zone, improvement district, maintenance district, or other zone or area, only the territory of such county service area, improvement zone, maintenance district, improvement district, or other zone or area shall be included in the combined territory in which the election shall be held.

(b) If compliance with a water quality control plan, adopted pursuant to Division 7 (commencing with Section 13000) of the Water Code, requires the construction of facilities for the collection, treatment, or disposal of sewage, waste, or storm water, and if the appropriate regional water quality control board, in a cease and desist order or by other action of the board, finds or determines that immediate action for the planning and construction of such facilities is urgently needed for the compliance with such plan and the prevention of pollution, the election procedures of Article 3 (commencing with Section 54380) of this chapter shall not be applicable, but undertaking the improvement shall be subject to referendum on the issuance of bonds. The resolution of the local agency or entity authorizing the issuance of bonds pursuant to this chapter shall be subject to referendum within the combined territory of all the agencies which, pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1, have created such local agency or entity. Referendum procedures shall, as nearly as practicable, be those specified in Section 6547.2.

For the purposes of Section 6547.2, however, "local agency" shall mean the local agency or entity authorizing the issuance of bonds. The electors of such local agency for the purposes of such section shall be the electors residing within the boundaries of the local agency or entity who would be qualified to vote for candidates for Governor; provided that, should all of the parties to the agreement be "landowner-voter districts" as defined in Section 56048, the agreement shall provide which principal district act shall apply for the purpose of determining voter qualifications, manner of voting, and number of votes each voter is entitled to cast. A majority vote against the issuance of bonds shall have the effect of rescinding the resolution authorizing the issuance of bonds.

In the event that all parties to the agreement are "landowner-voter districts" as defined in Section 56048, and the agreement fails to specify which principal act shall apply for the purposes of determining voter qualifications, voting shall occur in the manner specified in Division 13 (commencing with Section

34000) of the Water Code.

(c) Such local agency or entity shall have the power to utilize any part of its waste or storm water or any parts of the enterprise acquired or constructed through the issuance of bonds of the local agency or entity to provide, generate, and deliver hydroelectric power, and may acquire, construct, operate, and maintain any and all works, facilities, improvements, and property necessary or convenient for such utilization.

(d) Such local agency or entity shall have the power (1) pursuant to contract, to provide, sell, and deliver hydroelectric power to the federal government or to any board, department, or agency thereof, to the State of California for purposes of the State Water Resources Development System, and to any public agency, private corporation, or any other person or entity, or any combination thereof, engaged in the sale of electric power at retail; or (2) to use all or any part of such hydroelectric power directly, or indirectly through exchange, in exercising any other power of such local agency or entity.

(e) Such local agency or entity shall have the power to acquire, construct, maintain, and operate works, facilities, improvements, and property necessary for the provision, generation, and delivery of hydroelectric power pursuant to subdivisions (c) and (d) of this section.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The present critical energy situation has focused public attention on energy uses, resources, and the prospects for meeting both existing and future energy demands. It is necessary to resolve uncertainties as to the legal power of local agencies or entities created pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code for the purpose of acquiring, constructing, maintaining, or operating an enterprise for the collection, treatment or disposal of sewage, waste, or storm water to utilize such waste or storm water and such an enterprise to provide, generate, and deliver hydroelectric power and to acquire, construct, operate, and maintain works, facilities, improvements, and property necessary or convenient for such utilization wherever it is determined to be feasible to do so, and thus contribute to the energy supply of the state and the nation, electric power that otherwise would not exist. In order that this new source of electric power can be provided at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 334

An act relating to school district governing boards.

[Approved by Governor July 4, 1978 Filed with Secretary of State July 4, 1978]

The people of the State of California do enact as follows:

SECTION 1. (a) The governing board of the Santa Monica Unified School District may:

(1) By resolution, have placed on the ballot of the April 10, 1979, regular election, the question of whether a new separate governing board for the community college district shall be established, effective April 14, 1981, in the manner provided for by subdivision (b) of this section, which shall be an integral part of the ballot measure. If a majority of all votes cast are cast in favor of the question, the question carries, and the provisions of subdivision (b) of this section shall apply.

(b) Except as otherwise provided in this act, the new community college district governing board shall be elected, organized, and otherwise governed in accordance with the statutory law. The governing board of the unified school district shall continue in existence and be subject to the provisions of the city charter pertaining to its organization and composition as heretofore provided. Each member of the governing board of the unified school district shall choose irrevocably, on or before December 31, 1980, at a public meeting of the board, upon which of the two boards the member shall serve. The community college district governing board so created shall be composed of the same number of members as the governing board of the unified school district.

SEC. 2. (a) If an individual serving on the governing board of such unified school district chooses to serve on the new community college district governing board, such choice shall be deemed to have created a vacancy in such individual's membership on the governing board of the unified school district, effective on the second Tuesday in April, 1981, except in any instance where the term would otherwise expire on that date. Such vacancy shall be filled in the manner prescribed by the city charter of the city in which the unified district is located, in whole or in part.

(b) If an individual serving on the governing board of the unified school district whose term expires in April of 1981 chooses to serve on the new community college district governing board, then the term of office on the community college board shall be deemed to commence on the second Tuesday in April 1981, and if an individual serving on the governing board of the unified school district whose term expires in April of 1983 chooses to serve on the new community college district governing board, then the term of office on the community college board shall be deemed to expire on the second

Tuesday in April, 1983.

(c) If an individual serving on the governing board of the unified school district chooses to continue to serve as a member of the governing board of the unified school district, the member shall nevertheless serve also on the community college district governing board but only until the member's successor on such college board is elected at the election for members of the community college district governing board provided for herein and has assumed office.

On the second Tuesday in April 1981, an election shall be held in the community college district to elect members to the community college district governing board to fill the positions of the governing board members whose terms pursuant to the city charter are scheduled to expire in April of 1981, and other governing board members, if any, whose terms pursuant to the city charter are scheduled to expire in April of 1983, and who have chosen, pursuant to this section to serve as members of the governing board of the unified school district only, thus leaving vacancies in community college governing board positions.

(d) If the term of office of an individual who chooses to serve on the governing board of the unified school district expires in April 1981, in accordance with the terms of the city charter mentioned in subdivision (a), then the term of office on the community college district board shall be deemed to commence at that time. The member's successor on the community college district board, elected at the April 1981 election, shall be elected to serve for a term of four years.

(e) If the term of office of an individual choosing to serve on the governing board of the unified school district expires in April 1983, in accordance with the terms of the city charter mentioned in subdivision (a), then the terms of office in the community college district board shall be deemed to expire at that time, and the member's choice to continue to serve on the governing board of the unified school district shall be deemed to have created a vacancy in the member's membership on the community college district board commencing on the second Tuesday in April, 1981. The member's successor to the community college district board, elected at the April 1981 election as provided herein, shall serve the remainder of such unexpired term ending on the second Tuesday in April, 1983.

(f) It is the intent of the Legislature that the terms of office of the members of the new community college district governing board be staggered as regards expirations so that some thereof shall expire in April of each odd-numbered year. If any question should arise in April 1981 concerning whether a member of the new community college governing board is to serve for a four-year term or for the remaining two years of a term, the matter shall be resolved by assigning the four-year terms to the four members receiving the greatest numbers of votes. The county superintendent of schools shall make any determinations and assignments necessary for these purposes.

(g) Following the first election of members to the newly created community college district board, all subsequent regular elections for members of the community college district governing board may be held on the same date upon which the election for members of the governing board of the unified school district is held pursuant to city charter and Article 3 (commencing with Section 5340) of Chapter 3 of Part 4 of the Education Code.

Any willful disobedience of any temporary restraining order granted pursuant to this subdivision shall be a misdemeanor.

The county clerk shall transmit a copy of each temporary restraining order, or extension, modification or termination thereof, granted pursuant to this subdivision, by the close of the business day on which such order was granted, to the local law enforcement agency with jurisdiction over the residence of the party which obtained the restraining order or the residence at which the recurrence of actual domestic violence is the subject of the temporary restraining order, if requested by an attorney of record or a person who acted in propria persona and approved by the court. Upon the termination of any such voting trusts, either in accordance with its terms or as hereinabove provided, such plan of mutualization shall terminate, unless theretofore completed. Upon such termination, unless the plan of mutualization provides for the disposition of the shares acquired by the insurer under such plan or for the disposition of the proceeds thereof, the shares held by such trustees shall be disposed of in accordance with an order of the superior court of the county in which is located the principal office of such insurer, made upon a verified application of the commissioner.

SEC. 9. Section 12389 of the Insurance Code is amended to read:

12389. (a) An underwritten title company as defined in Section 12340.5, which shall be a stock corporation, may engage in the business of preparing title searches, title reports, title examinations, certificates or abstracts of title, upon the basis of which a title insurer writes title policies, provided that:

(1) Only domestic corporations may be licensed under this section and no underwritten title company, as defined in Section 12340.5, shall become licensed under this section, or change the name under which it is licensed or operates, unless it has first complied with the provisions of Section 881.

(2) Depending upon the county or counties in which the company is licensed to transact business, it shall maintain required minimum net worth as follows:

Aggregate number of documents recorded and documents filed in the offices of the county recorders in the preceding calendar year in all counties where the company is licensed to transact business	Amount of required minimum net worth
Less than 10,000	$20,000
10,000 to 50,000	30,000
50,000 to 100,000	60,000
100,000 to 500,000	100,000
500,000 to 1,000,000	150,000
1,000,000 or more	200,000

"Net worth" is defined as the excess of assets over all liabilities and required reserves. It may carry as an asset the actual cost of its title plant provided the value ascribed to such asset shall not exceed the lesser of: (a) the actual cost thereof, or (b) 50 percent of its paid-in capital.

Where the information in the title plant is not being kept current, the asset value of such plant shall not exceed the actual cost less 20 percent of the actual cost for each 12-month period, immediately preceding the date such asset is valued for purposes of this subdivision, that the title plant is not actually maintained.

An underwritten title company at all times shall maintain current assets of at least ten thousand dollars ($10,000) in excess of its current liabilities, as such current assets and liabilities may be defined pursuant to regulations made by the commissioner. In making such regulations, the commissioner shall be guided by generally accepted accounting principles followed by certified public accountants in this state.

(3) Such an underwritten title company shall obtain from the commissioner a license to transact its business. Such license shall not be granted until the applicant conforms to the requirements of this section and all other provisions of this code specifically applicable to applicant. After issuance the holder shall continue to comply with the requirements as to its business set forth in this code, in the applicable rules and regulations of the commissioner and in the laws of this state.

Any underwritten title company who possesses, or is required to possess, a license pursuant to this section shall be subject as if an insurer to the provisions of Article 8 (commencing with Section 820) of Chapter 1 of Part 2 of Division 1 of this code and shall be deemed to be subject to authorization by the Insurance Commissioner within the meaning of subdivision (e) of Section 25100 of the Corporations Code.

Such license may be obtained by filing an application on a form prescribed by the commissioner accompanied by a filing fee of three hundred dollars ($300). Such license when issued shall be for an indefinite term and shall expire with the termination of the existence of the holder, subject to the annual renewal fee imposed under Sections 12415 and 12416.

An underwritten title company seeking to extend its license to an additional county shall pay a one hundred seventy-five dollar ($175) fee for each such additional county, and shall furnish to the commissioner evidence, at least sufficient to meet the minimum net worth requirements of paragraph (2), of its financial ability to expand its business operation to include such additional county or counties.

(4) Such an underwritten title company shall furnish an audit to the commissioner on the forms provided by the commissioner annually, either on a calendar year basis on or before March 31st or, if approved in writing by the commissioner in respect to any individual company, on a fiscal year basis on or before 90 days after the end of the fiscal year The time for furnishing any such audit may be extended, for good cause shown, on written approval of the commissioner for a period, not to exceed 60 days Failure to submit an audit on time, or within such extended time as the commissioner

may grant, shall be grounds for an order by the commissioner to accept no new business pursuant to subdivision (d). Such audits shall be private, except that a synopsis of the balance sheet on a form prescribed by the commissioner may be made available to the public.

The audits shall be made in accordance with generally accepted auditing standards by an independent certified public accountant or independent licensed public accountant approved by the commissioner specifically for the particular company. Approval of an auditor for a particular company shall not be deemed to be a licensing of the auditor nor approval of the auditor for any other company or any other purpose. Any such approval, or the renewal thereof, shall automatically expire on the first day of January in the fifth calendar year following the date of original or renewal approval. The fee for filing an application for such approval or the renewal thereof shall be seventeen dollars and fifty cents ($17.50). The fee for filing the audit shall be thirty-seven dollars and fifty cents ($37.50).

The commissioner may deny or revoke approval or renewal of approval of an auditor for any of the following reasons:

(i) Adverse result in any proceeding before the State Board of Accountancy affecting the auditor's license;

(ii) The auditor has an affiliation with the underwritten title company or any of its officers or directors which would prevent his reports on the company from being reasonably objective;

(iii) The auditor has suffered conviction of any misdemeanor or felony based on his activities as an accountant; or

(iv) Judgment adverse to the auditor in any civil action finding him guilty of fraud, deceit or misrepresentation in the practice of his profession.

Any company which fails to file any audit or other report on or before the date it is due shall pay to the commissioner a penalty fee of one hundred dollars ($100) and on failure to pay such or any other fee or file the audit required by this section shall forfeit the privilege of accepting new business until the delinquency is corrected.

(b) Such an underwritten title company may engage in the escrow business and act as escrow agent provided that:

(1) All funds deposited with the company in connection with any escrow shall be deposited in a bank in a separate trust account, and such funds shall be the property of the person or persons entitled thereto under the provisions of the escrow and segregated escrow by escrow in the records of the company. Such funds shall not be subject to any debts of the company and shall be used only to fulfill the terms of the individual escrow under which the funds were accepted and none of such funds shall be used until all conditions of the escrow have been met.

Bona fide drafts executed by persons fully responsible financially may at the option of the company, be deemed the equivalent of funds already cleared into such bank deposit unless another law of this state prohibits such persons from tendering such drafts to escrow holders for the purpose of closing escrows

Any interest received on funds deposited with the company in connection with any escrow which are deposited in a bank shall be paid over to the depositing party to the escrow and shall not be transferred to the account of the company.

(2) It shall maintain record of all receipts and disbursements of escrow funds.

(3) It shall deposit seven thousand five hundred dollars ($7,500) for each county in which it transacts business in some form permitted by Section 12351 with the commissioner who shall forthwith make a special deposit thereof in the State Treasury and such deposit shall be subject to the provisions of Sections 12353, 12356, 12357, and 12358 and as long as there are no claims against the deposit all interest and dividends thereon shall be paid to the depositor. The deposit shall be for the security and protection of persons having lawful claims against the depositor growing out of escrow transactions with it. Such deposit shall be maintained until four years after all escrows handled by the depositor have been closed.

(A) The commissioner may release such deposits prior to the passage of such four-year period upon presentation of evidence satisfactory to the commissioner of either a statutory merger of the depositor into a licensee or certificate holder subject to the jurisdiction of the commissioner, or a valid assumption agreement under which all liability of the depositor stemming from escrow transactions handled by it is assumed by a licensee or certificate holder subject to the jurisdiction of the commissioner.

(B) With the foregoing exceptions, the deposit shall be returned to the depositor or lawful successor in interest following the four-year period, upon presentation of evidence satisfactory to the commissioner that there are no claims against the deposit stemming from escrow transactions handled by the depositor. If the commissioner has evidence of one or more claims against the depositor, and the depositor is not in conservatorship or liquidation, the commissioner may interplead the deposit by special endorsement to a court of competent jurisdiction for distribution on the basis that claims against the depositor stemming from escrow transactions handled by it have priority in such distribution over other claims against the depositor.

(4) It shall obtain and maintain a fidelity bond on file with the commissioner, to cover all officers and employees of the company who participate in any escrow transaction that is handled by the company. Such bond shall be a blanket bond or, with the approval of the commissioner, may be a position or individual bond. The commissioner shall prescribe the amount of the bond which shall not exceed two hundred thousand dollars ($200,000).

In the commissioner's sole discretion, he may accept a cash deposit in an amount not to exceed two hundred thousand dollars ($200,000) in lieu of the bond otherwise required by this paragraph. In the event such a deposit is accepted by the commissioner, he shall make a special deposit thereof in the State Treasury and so long as the

depositor continues to be solvent, the depositor shall annually receive the interest accruing on the assets in the deposit.

(c) The commissioner shall, whenever it appears necessary, examine the business and affairs of a company licensed under this section. All such examinations shall be at the expense of the company.

(d) At any time that the commissioner determines, after notice and hearing, that a company licensed under this section has willfully failed to comply with any of the provisions of this section, the commissioner shall make his order prohibiting the company from conducting its business for a period of not more than one year.

Any company violating such an order is subject to seizure under Article 14 (commencing with Section 1010) of Chapter 1 of Part 2 of Division 1 is guilty of a misdemeanor and may have its license revoked by the commissioner. Any person aiding and abetting any company in a violation of such an order is guilty of a misdemeanor.

The purpose of this section is to maintain the solvency of the companies subject to this section and to protect the public by preventing fraud and requiring fair dealing. In order to carry out such purposes the commissioner may make reasonable rules and regulations to govern the conduct of its business of companies subject to this section.

The name under which each underwritten title company is licensed shall at all times be an approved name. Each such company shall be subject to the provisions of Article 14 (commencing with Section 1010) and Article 14.5 (commencing with Section 1065.1) of Chapter 1 of Part 2 of Division 1.

Such rules and regulations shall be adopted, amended or repealed in accordance with the procedure provided in Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

The 50 classroom hours of training may be conducted within a skilled nursing or intermediate care facility or in an educational institution. In such a precertification training program, credit shall be given for the training received in an approved precertification training program adopted by another skilled nursing or intermediate care facility.

(c) Continuing in-service training to assure continuing competency in existing and new nursing skills.

1337.3. (a) A nurse assistant shall be certified by the state department if the nurse assistant satisfies any one of the following conditions:

(1) Completes the precertification training program specified in subdivision (b) of Section 1337.1.

(2) Has been employed as a nurse assistant by a skilled nursing or intermediate care facility or facilities for a period of two years or more prior to July 1, 1978, and has completed at least six hours of training concerning social and psychological problems of patients, and passes an examination approved by the state department to demonstrate competence.

(b) The certificate issued pursuant to this section shall be valid for life and need not be renewed.

(c) The state department may revoke the certificate of a nurse assistant convicted of a crime which the state department determines is substantially related to the practice of a nurse assistant, including any such conviction based upon a plea of nolo contendere. Additionally, the state department may revoke the certificate of a nurse assistant upon a finding of gross incompetence or gross negligence.

1337.5. Every skilled nursing or intermediate care facility shall designate a licensed nurse as a director of nurse training who shall

be responsible for the management of the approved training program.

1337.7. The state department shall publish regulations concerning the following:

(a) Standards for approved programs which provide preemployment training to nurse assistants.

(b) Standards for approved training programs.

The state department shall use such standards in approving programs.

(d) A nurse assistant who on September 1, 1978, is enrolled in an approved precertification program. The nurse assistant shall complete the program within six months of the date of enrollment; provided, that an extension of the time for completion may be granted as specified in subdivision (c).

1338. (a) The state department shall, through the Medi-Cal program, provide rate adjustments to skilled nursing or intermediate care facilities for the portion of additional costs attributable to the requirements of Sections 1337.1, 1337.3, and 1337.5 with respect to Medi-Cal patients. The portion of such additional costs attributable to Medi-Cal shall be the same as the ratio of Medi-Cal patients to total patients in the facility. Such rate adjustments shall also include provisions for an increase in wages for nurse assistants who receive certificates pursuant to Section 1337.3 and a continuing wage differential between certified and uncertified nurse assistants thereafter.

(b) On and after September 1, 1978, the rate adjustments specified in subdivision (a) shall not be paid to any skilled nursing facility or intermediate care facility which has not received approval of the state department for an approved training program that meets the standards and requirements of Section 1337.1, unless the facility has had an application for such approval on file with the state department on or before August 1, 1978, which has not been approved or rejected. However, payment of such rate adjustments to facilities with applications on file with the state department on or before August 1, 1978, which have not received action by the state department, shall cease upon rejection of the application.

Within one week after the effective date of this article the state department shall notify all skilled nursing facilities or intermediate care facilities, which have not filed an application with the state department for approval of an approved training program, of the requirements of this subdivision.

(c) Facilities granted an exemption by the state department prior to the effective date of this section pursuant to subsection (i) of Section 51510 or subsection (h) of Section 51511 of Title 22 of the California Administrative Code shall be entitled to continuance of such exemption unless and until the facility ceases to meet any of the eligibility criteria which are specified in such regulations on the effective date of this section.

1338.1. The state department shall assign sufficient qualified employees to supervise and evaluate training programs required by this article.

1338.3. The state department shall report to the Legislature on or before July 1, 1980, with respect to the implementation of the program for the certification of nurse assistants.

CHAPTER 352

An act to amend Sections 53109, 53112, 53113, and 53115 of, and to add Sections 53115.3 and 53115.4 to, the Government Code, and to amend Sections 41020, 41030, and 41137.1 of the Revenue and Taxation Code, relating to telephone communications, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 4, 1978 Filed with Secretary of State July 4, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 53109 of the Government Code is amended to read:

53109. Every local public agency within its respective jurisdiction shall establish and have in operation by December 31, 1985, a basic system as provided in this article, or be part of such a system.

The establishment of such systems shall be centralized to the extent feasible. Nothing in this article shall be construed to prohibit or discourage in any way the formation of multijurisdictional or regional systems, and any system established pursuant to this article may include the territory of more than one public agency or may include a segment of the territory of a public agency.

SEC. 2. Section 53112 of the Government Code is amended to read:

53112. All systems shall be designed to meet the specific requirements of each community and public agency served by the system. Every system, whether basic or sophisticated, shall be designed to have the capability of utilizing at least three of the methods specified in Sections 53103 to 53106, inclusive, in response to emergency calls. The Legislature finds and declares that the most critical aspect of the design of any system is the procedure established for handling a telephone request for emergency services.

In addition, to maximize efficiency and utilization of the system, all pay telephones within each system shall, by December 31, 1985, enable a caller to dial "911" for emergency services, and to reach an operator by dialing "0", without the necessity of inserting a coin. At those "911" public safety answering points serving an area where 5 percent or more of the population, in accordance with the latest United States census information, speak a specific primary language other than English, operators who speak each such other language, in addition to English, shall be on duty or available through interagency telephone conference procedures at all times for "911" emergency services.

SEC. 3. Section 53113 of the Government Code is amended to read:

53113. The Legislature finds that, because of overlapping jurisdiction of public agencies, public safety agencies, and telephone

service areas, a general overview or plan should be developed prior to the establishment of any system. In order to insure that proper preparation and implementation of such systems is accomplished by all public agencies by December 31, 1985, the Communications Division, with the advice and assistance of the Attorney General, shall secure compliance by public agencies as provided in this article.

SEC. 4. Section 53115 of the Government Code is amended to read:

53115. (a) On or before January 31, 1975, all public agencies shall submit tentative plans for the establishment of a system required by this article to the public utility or utilities providing public telephone service within the respective jurisdiction of each public agency. A copy of each such plan shall be filed with the Communications Division.

(b) On or before October 1, 1978, all public agencies shall submit final plans to the Communications Division for approval. The final plan shall identify all planning, implementation, installation, and operating costs the local agency feels necessary to implement the system required by this article. On or before July 1, 1981, all public agencies shall place a firm order as approved by the Communications Division to the utility or utilities providing telephone service to the public agency, and shall make arrangements with such utilities for the implementation of the planned emergency telephone system no later than December 31, 1985. If the Legislature fails to take action as specified in Section 41030 of the Revenue and Taxation Code prior to January 1, 1981, then the dates specified for ordering and implementation of a system shall be respectively postponed by the number of years elapsing between 1981 and the year in which the Legislature acts.

(c) If any public agency has implemented or is a part of a system required by this article on a deadline specified in subdivision (a) or (b), such public agency shall submit in lieu of the tentative or final plan a report describing the system and stating its operational date.

(d) Plans filed pursuant to subdivisions (a) and (b) shall conform to minimum standards established pursuant to Section 53114.2.

(e) The Communications Division shall monitor all emergency telephone systems to ensure they comply with minimal operational and technical standards as established by the division. If any system does not comply the Communications Division shall notify in writing the public agency or agencies operating the system of its deficiencies. The public agency shall bring the system into compliance with the operational and technical standards within 60 days of notice by the division. Failure to comply within such time shall subject the public agency to action by the Attorney General pursuant to Section 53116.

SEC. 5. Section 53115.3 is added to the Government Code, to read:

53115.3 When proposed implementation of the 911 system by a single public agency within its jurisdiction may adversely affect the implementation of the system by a neighboring public agency or

agencies, such neighboring public agency may request that the Communications Division evaluate the impact of implementation by the proposing public agency and evaluate and weigh that impact in its decision to approve or disapprove the proposing public agency's final plan pursuant to Section 53115. In order to effectuate this process, each city shall file a notice of filing of its final plan with each adjacent city and with the county in which the proposing public agency is located at the same time such final plan is filed with the Communications Division and each county shall file a notice of filing of its final plan with each city within the county and each adjacent county at the time such final plan is filed with the Communications Division. Any public agency wishing to request review pursuant to this section shall file its request with the division within 30 days of filing of the final plan for which review is sought.

SEC. 5.3. Section 53115.4 is added to the Government Code, to read:

53115.4. The Legislative Analyst shall prepare a report to be presented to the Legislature in April, 1979. The report shall include the following:

(a) An evaluation of the cost of final plans submitted to the Department of General Services for approval and reimbursement.

(b) An evaluation and recommendation on disputes between local agencies and the state concerning state reimbursement of incremental costs.

(c) An evaluation and recommendation as to: (1) the feasibility of adjusting the maximum surcharge rate to a level that will produce sufficient revenue to fully fund all actual costs of establishing and operating the system based on the review and evaluation of system costs submitted by local agencies, and (2) alternative, equitable, and workable methods for distributing revenues to fully reimburse local agencies.

(d) An evaluation in general of the cost/benefit effects of the 911 system, to include, but not be limited to, comparisons of costs and benefits in relation to number of persons to be served, effectiveness of response times, information on other state and local experience, and general estimates of long-range costs and telephone surcharge requirements.

SEC. 5.5. Section 41020 of the Revenue and Taxation Code is amended to read:

41020. A surcharge is hereby imposed on amounts paid by every person in the state for intrastate telephone communication services in this state commencing on July 1, 1977.

The surcharge imposed shall be at the rate of one-half of 1 percent of the charges made for such services to and including November 1, 1979, at such a rate as shall be fixed pursuant to Article 2 of this chapter thereafter.

The surcharge shall be paid by the service user as hereinafter provided.

SEC. 6. Section 41030 of the Revenue and Taxation Code is

amended to read:

41030. Following approval of the Budget Act each year, beginning with the Budget Act for the 1979–80 fiscal year, the board shall determine, on the basis of expenditures authorized in the Budget Act to be made from the "State Emergency Telephone Number Account" in the General Fund and its estimate of the charges for intrastate telephone communications services to which the surcharge will apply, a surcharge rate that it estimates will produce sufficient revenues to fund the expenditures authorized. Such rate shall not exceed three-quarters of 1 percent.

SEC. 7. Section 41137.1 of the Revenue and Taxation Code is amended to read:

41137.1. The Department of General Services shall pay, from funds appropriated from the State Emergency Telephone Number Account by the Legislature, as provided in Section 41138, claims submitted by local agencies for approved incremental costs and for the cost of preparation of final plans submitted to the Communications Division for approval on or before October 1, 1978, as provided in Section 53115 of the Government Code.

SEC. 8. It is the intent of the Legislature in enacting this bill to delay the mandated ordering of equipment and implementation of the 911 emergency telephone system for one year in order for the Legislature to determine the anticipated telephone and incremental costs to the state of implementing the system. This delay will enable the Legislature to identify which programs and systems will be reimbursed by the state as basic 911 systems. The information obtained, including a report to the Legislature by the Legislative Analyst, will enable the Legislature to decide, in 1979 or 1980, whether to continue the 911 system as planned or to repeal the program and its mandates. If the Legislature proceeds with the 911 emergency telephone system, the projected costs determined by the Legislative Analyst pursuant to 53115.4 of the Government Code shall be the basis for adjustment of the surcharge rate to fund the full costs of the 911 emergency telephone system.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the surcharge collected during the 1977–78 fiscal year be available to fund expenditures in the subsequent fiscal year, it is necessary that this act go into immediate effect. In addition, local agencies must be given sufficient notice so that they may proceed with their plans for the 911 system. Thus, it is necessary that this act go into immediate effect.
