Sections 44956 and 44957 of the Education Code shall not be applicable to require the reappointment of any permanent or probationary employee who was terminated pursuant to Section 44955 of the Education Code by the San Bruno Park Elementary School District if the termination under Section 44955 of the Education Code arose because of the discontinuance of a service subsequently made mandatory as a result of the enactment of the Education for All Handicapped Children Act of 1975 (P.L. 94-142) and occurred prior to October 1, 1977; provided, the discontinued service can be reestablished by the reassignment of one or more permanent or probationary employees of the district who are certificated and competent to render the service involved.

Nothing contained herein shall be construed as limiting the rights provided for pursuant to Sections 44956 and 44957 of the Education Code of any permanent or probationary employee to which this section applies for reemployment to any certificated position that becomes available other than a position that is necessitated as a result of the enactment of the Education for All Handicapped Children Act of 1975 (P.L. 94-142).

SEC. 2 Due to the unique circumstances concerning the ability of San Bruno Park Elementary School District to offer educational programs brought about by federal law and a recent California tax limitation-initiative constitutional amendment approved by the electorate on June 6, 1978, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution

SEC. 3. Chapter 5 (commencing with Section 120500) is added to Division 11 of the Public Utilities Code, to read:

CHAPTER 5. PERSONNEL

Article 1. Employees Relations

120500. Employees shall have the right to self-organization, to form, join, or assist labor organizations, to bargain collectively through representatives of their own choosing, and to engage in other concerted activities as permitted under the Federal Labor Management Relations Act, 1947, as amended, for the purpose of collective bargaining or other mutual aid or protection.

It is declared to be in the public interest that the board shall not express any preference for one union over another.

120501. Whenever a majority of the employees employed by the board in a unit that is the appropriate unit for collective bargaining indicate a desire to be represented by a labor organization and upon determining as provided in Section 120505, that such labor organization represents the majority of the employees in that appropriate unit, the board shall meet and confer in a good-faith effort to agree on the terms of a written contract with the recognized representatives of such employees governing wages, salaries, hours, working conditions, and benefits, including, but not limited to, health and welfare, sick leave, insurance, or pension or retirement provisions.

120502. In case of a labor dispute over wages, salaries, hours, working conditions, and benefits on the making or maintaining of collective-bargaining agreements and the terms to be included in such agreements, which is not resolved by negotiations in good faith between the board and the labor organization, upon the joint request of both, the board and the labor organization may submit the dispute to the decision of the majority of an arbitration panel

The arbitration panel shall be composed of one representative of the board, and one representative of the labor organization, and they shall endeavor to agree upon the selection of the third member. If they are unable to agree, the names of five persons experienced in labor arbitration shall be obtained from the State Conciliation

Service The labor organization and the board shall, alternately, strike a name from the list so supplied, and the name remaining, after the labor organization and the board have stricken four names, shall be designated as the third arbitrator. The labor organization and the board shall determine by lot who shall first strike a name from the list The decision of a majority of the arbitration board shall be final and binding upon the parties thereto The expenses of arbitration shall be borne equally by the parties. Each party shall bear its own costs.

120503 In the event the board and the representatives of the employees do not agree to submit the dispute to an arbitration panel as provided in Section 120502, the State Conciliation Service may be notified by either party that a labor dispute exists and that there is no agreement to arbitrate.

The service shall determine whether or not the labor dispute may be resolved by the parties and, if not, the issues concerning which the dispute exists. Upon such determination, the service shall certify its findings to the Governor of the State of California who shall, within 10 days of receipt of certification, appoint a factfinding commission consisting of three persons. The commission shall immediately convene and inquire into and investigate the issues involved in the dispute and shall report to the Governor within 30 days of the date of its creation

After the creation of such commission, and for 30 days after such commission has made its report to the Governor, no change, except by mutual agreement, shall be made by the parties to the controversy in the conditions out of which the labor dispute arose and service to the public shall be provided

120504 No contract or agreement shall be made with any labor organization, association, or group which denies membership to, or in any manner discriminates against, any employee on the grounds of race, creed, color, or sex

The board shall not discriminate in regard to employment against any person because of race, creed, color, or sex

120505 If there is a question of whether a labor organization represents a majority of employees or whether the proposed unit is the appropriate unit for collective bargaining, the question shall be submitted to the State Conciliation Service for disposition. The service shall promptly hold a public hearing, after due notice to all interested parties, and shall thereupon determine the unit appropriate for the purposes of collective bargaining In making such determination and in establishing rules and regulations governing petitions and the conduct of hearings and elections, the service shall be guided by relevant federal law and administrative practice developed under the Labor Management Relations Act, 1947, as amended

The service shall provide for an election to determine the question of representation and shall certify the results to the parties. Any certification of a labor organization to represent or act for the

employees in any collective-bargaining unit shall not be subject to challenge on the grounds that a new substantial question of representation within such collective unit exists until the lapse of one year from the date of certification or the expiration of any collective-bargaining agreement, whichever is later, except that no collective-bargaining agreement shall be construed to be a bar to representation proceedings for a period of more than two years.

120506. The obligation of the board to meet and confer in good faith with the duly certified labor organization and to agree on the terms of a written collective-bargaining agreement with such labor organization covering the wages, hours, working conditions, and benefits of the employees represented by such labor organization in the appropriate unit, and to comply with the terms thereof, shall not be limited or restricted by the provisions of the Government Code or other laws or statutes. The obligations of the board to bargain collectively shall extend to all subjects of collective bargaining which are, or may be, mandatory subjects of collective bargaining with a private employer, including retroactive provisions and benefits for retired employees.

120507 Notwithstanding the provisions of the Government Code, employees of the board may authorize and, upon such authorization, the board may make deductions from wages and salaries of such employees:

669 When any person is convicted of two or more crimes, whether in the same proceeding or court or in different proceedings or courts, and whether by judgment rendered by the same judge or by different judges, the second or other subsequent judgment upon which sentence is ordered to be executed shall direct whether the terms of imprisonment or any of them to which he is sentenced shall run concurrently or consecutively; life sentences, whether with or without the possibility of parole, may be imposed to run consecutively with one another or with any other term of imprisonment for a felony conviction. Whenever a person is committed to prison on a life sentence which is ordered to run consecutive to any determinate term of imprisonment imposed pursuant to Sections 1170, 1170 1, 667.5, 12022, 12022.5, 12022.6, and 12022 7, the determinate term of imprisonment shall be served first and no part thereof shall be credited toward the person's eligibility for parole as calculated pursuant to Section 3046

In the event that the court at the time of pronouncing the second or other judgment upon such person had no knowledge of a prior existing judgment or judgments, or having knowledge, fails to determine how the terms of imprisonment shall run in relation to each other, then, upon such failure so to determine, or upon such prior judgment or judgments being brought to the attention of the court at any time prior to the expiration of 60 days from and after the actual commencement of imprisonment upon the second or other subsequent judgments, the court shall, in the absence of the defendant and within 60 days of such notice, determine how the term of imprisonment upon said second or other subsequent judgment shall run with reference to the prior incompleted term or terms of imprisonment. SEC. 29. Section 1170 of the Penal Code is amended to read·

1170 (a) (1) The Legislature finds and declares that the purposes of imprisonment for crime is punishment. This purpose is best served by terms proportionate to the seriousness of the offense with provision for uniformity in the sentences of offenders committing the same offense under similar circumstances. The Legislature further finds and declares that the elimination of disparity and the provision of uniformity of sentences can best be

achieved by determinate sentences fixed by statute in proportion to the seriousness of the offense as determined by the Legislature to be imposed by the court with specified discretion

(2) In any case in which the punishment prescribed by statute for a person convicted of a public offense is a term of imprisonment in the state prison of 16 months, two or three years; two, three, or four years; two, three or five years; three, four, or five years; two, four, or six years, three, four, or six years; three, five, or seven years; three, six, or eight years; five, seven, or nine years, five, seven, or 11 years, or any other specification of three time periods, the court shall sentence the defendant to one of the terms of imprisonment specified unless such convicted person is given any other disposition provided by law, including a fine, jail, probation, or the suspension of imposition or execution of sentence or is sentenced pursuant to subdivision (b) of Section 1168 because he had committed his crime prior to July 1, 1977 In sentencing the convicted person, the court shall apply the sentencing rules of the Judicial Council The court, unless it determines that there are circumstances in mitigation of the punishment prescribed, shall also impose any other term which it is required by law to impose as an additional term Nothing in this article shall affect any provision of law which imposes the death penalty, which authorizes or restricts the granting of probation or suspending the execution or imposition of sentence, or expressly provides for imprisonment in the state prison for life. In any case in which the amount of preimprisonment credit under Section 2900.5 or any other provision of law is equal to or exceeds any sentence imposed pursuant to this chapter, the entire sentence, including any period of parole under Section 3000, shall be deemed to have been served and the defendant shall not be actually delivered to the custody of the Director of Corrections However, any such sentence shall be deemed a separate prior prison term under Section 667 5, and a copy of the judgment and other necessary documentation shall be forwarded to the Director of Corrections

(b) When a judgment of imprisonment is to be imposed and the statute specifies three possible terms, the court shall order imposition of the middle term, unless there are circumstances in aggravation or mitigation of the crime At least four days prior to the time set for imposition of judgment either party may submit a statement in aggravation or mitigation to dispute facts in the record or the probation officer's report, or to present additional facts. In determining whether there are circumstances that justify imposition of the upper or lower term, the court may consider the record in the case, the probation officer's report, other reports including reports received pursuant to Section 1203.03 and statements in aggravation or mitigation submitted by the prosecution or the defendant, and any further evidence introduced at the sentencing hearing The court shall set forth on the record the facts and reasons for imposing the upper or lower term The court may not impose an upper term by using the fact of any enhancement upon which sentence is imposed

under Section 667.5, 1170.1, 12022, 12022.5, 12022.6, or 12022.7. A term of imprisonment shall not be specified if imposition of sentence is suspended.

(c) The court shall state the reasons for its sentence choice on the record at the time of sentencing. The court shall also inform the defendant that as part of the sentence after expiration of the term he may be on parole for a period as provided in Section 3000.

(d) When a defendant subject to this section or subdivision (b) of Section 1168 has been sentenced to be imprisoned in the state prison and has been committed to the custody of the Director of Corrections, the court may, within 120 days of the date of commitment on its own motion, or at any time upon the recommendation of the Director of Corrections or the Community Release Board, recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if he had not previously been sentenced, provided the new sentence, if any, is no greater than the initial sentence. The resentence under this subdivision shall apply the sentencing rules of the Judicial Council so as to eliminate disparity of sentences and to promote uniformity of sentencing. Credit shall be given for time served.

(e) Any sentence imposed under this article shall be subject to the provisions of Sections 3000 and 3057 and any other applicable provisions of law.

(f) In all cases the Community Release Board shall, not later than one year after the commencement of the term of imprisonment, review the sentence and shall by motion recommend that the court recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if he had not been previously sentenced if the board determines the sentence is disparate. The review under this section shall concern the decision to deny probation and the sentencing decisions enumerated in subdivisions (b), (c), (d), and (e) of Section 1170.3 and apply the sentencing rules of the Judicial Council and the information regarding the sentences in this state of other persons convicted of similar crimes so as to eliminate disparity of sentences and to promote uniformity of sentencing.

[Approved by Governor September 5, 1978 Filed with Secretary of State September 6, 1978]

The people of the State of California do enact as follows

SECTION 1 The Legislature finds and declares that

The California Department of Justice reports that in 1976 burglaries represented over one-half of "seven major offenses", as classified by the FBI; and,

From 1971 to 1975, burglaries increased an average of 5 percent per year, and,

From 1971 to 1975, residential burglaries comprised approximately two-thirds of all reported burglaries, and residential burglaries have increased at a rate of 13 times faster than nonresidential burglaries, and from 1975-76, residential burglaries increased 1 9 percent while

nonresidential burglaries decreased 5.5 percent; and,

Forced and attempted forced entry burglary have consistently accounted for about 70 percent of all burglaries reported since 1971; and,

Burglary crimes of residences have increased from 247,000 in 1971 to 318,000 in 1976, and,

Many residential burglaries are not reported to the police, and,

Reduced burglaries will reduce home insurance for the community; and,

Efforts by police departments, homeowner groups, and community organizations to encourage and assist homeowners to protect their homes from entry and their possessions from burglary are successful when implemented, but limited by cost and manpower; and,

Such antiburglary efforts also include printing and distributing brochures which describe burglary prevention methods, and community lectures by police officers which describe burglary prevention; and,

Marking valuable property for identification is the best protection for securing the future return of property in case it is stolen and discovered by law enforcement authorities.

SEC 2 The sum of twenty thousand dollars ($20,000) is hereby appropriated from the General Fund to the Department of Justice without regard to fiscal years The Department of Justice is hereby authorized to expend any of such funds in combination with a grant of federal funds, if such expenditure consists of at least 90 percent federal and not to exceed 10 percent state funds, to promote burglary prevention and education activities as a pilot project in a low income, high crime, urban residential community to reduce crime and its financial and psychological effects. Such activities may include, but not be limited to, the following·

To print and distribute brochures to residents which describe burglary prevention methods;

To encourage police officers to visit homes to encourage burglary prevention methods, including marking property for identification;

To assist residents who want to improve security in their home with the purchase and installation of door and window locks.

The pilot project shall be completed one year after its commencement and the department shall report its findings to the Legislature within one year after the completion of the project

The department may accept grants, contributions, and appropriations from federal, state, local, or private sources to further the ends of the pilot project

1203. (a) In every case in which a person is convicted of a felony and is eligible for probation, before judgment is pronounced, the court shall immediately refer the matter to the probation officer to investigate and report to the court, at a specified time, upon the circumstances surrounding the crime and the prior history and record of the person, which may be considered either in aggravation or mitigation of the punishment. The probation officer shall immediately investigate and make a written report to the court of his findings and recommendations, including his recommendations as to the granting or denying of probation and the conditions of probation, if granted. The probation officer shall also include in his report his determination of whether the defendant is a person who is required to pay a fine pursuant to Section 13967 of the Government Code. The probation officer shall also include in his report for the court's consideration whether the court shall require, as a condition of probation, restitution to the victim or to the Indemnity Fund if assistance has been granted to the victim pursuant to Article 1 (commencing with Section 13959) of Chapter 5 of Part 4 of Division 3 of Title 2 of the Government Code, a recommendation thereof, and if so, the amount thereof, and the means and manner of payment The report shall be made available to the court and the prosecuting and defense attorneys at least nine days prior to the time fixed by the court for the hearing and determination of the report, and shall be filed with the clerk of the court as a record in the case at the time of the hearing The time within which the report shall be made available and filed may be waived by written stipulation of the prosecuting and defense attorney which is filed with the court or an oral stipulation in open court which is made and entered upon the minutes of the court At a time fixed by the court, the court shall hear and determine the application, if one has been made, or, in any case, the suitability of probation in the particular case. At the hearing, the court shall consider any report of the probation officer and shall make a statement that it has considered such report which shall be filed with the clerk of the court as a record in the case. If the court determines that there are circumstances in mitigation of the punishment prescribed by law or that the ends of justice would be subserved by granting probation to the person, it may place him on probation If probation is denied, the clerk of the court shall

immediately send a copy of the report to the Department of Corrections at the prison or other institution to which the person is delivered

(b) If a defendant is not represented by an attorney, the court shall order the probation officer who makes the probation report to discuss its contents with the defendant.

(c) In every case in which a person is convicted of a misdemeanor, the court may either refer the matter to the probation officer for an investigation and a report or summarily grant or deny probation. If such a case is not referred to the probation officer, in sentencing the person, the court may consider any information concerning him which could have been included in a probation report The court shall inform the person of the information to be considered and permit him to answer or controvert it For this purpose, upon the request of the person, the court shall grant a continuance before the judgment is pronounced

Article 2 General Provisions and Exceptions

57015 It is the purpose of this chapter to promote the orderly marketing of farm products and the establishment of reasonable charges for unloading such products at markets in this state. It is declared that in some of the markets of this state the charges for unloading farm products have been found to be exorbitant and unreasonable and that this chapter is enacted to remedy such evils and in the interests of the public welfare.

57016. The director may make such regulations as he may deem necessary to carry out this chapter and to effectuate its purposes.

57017 This chapter does not apply to any market in which less than five produce dealers operate

57018 This chapter does not apply to any produce dealer at whose place of business every farm product which is delivered is unloaded without charge by employees of the produce dealer either with or without the assistance of the operator of the vehicle which transports such product or other persons who accompany the

operator on such vehicle. This chapter does not prohibit any employee of a produce dealer from assisting in unloading any farm product

Article 3 Registered Unloaders

57021 Every person who unloads any farm product in a market and who is a registered unloader shall register his name, federal social security number, and address and union affiliation, if any, with the commissioner The commissioner shall supply each registered unloader with a badge of registration Each registered unloader shall wear such badge at all times while employed or seeking employment in unloading any farm product in a market A person within the definition of the term registered unloader shall not unload any farm product in a market unless he is registered as provided in this chapter

This chapter does not prohibit a person from unloading any farm product, and no person is required to employ any other person to unload or assist in unloading such farm product nor to pay for any services which are not requested to be performed

57023 Every produce dealer, except as provided in Section 57018, that operates in a market is responsible for providing registered unloaders when specifically requested by the producer or hauler of farm products to be delivered to the produce dealers' place of business He is also responsible for having on hand at his place of business a responsible person to receipt for any farm product which is unloaded at his place of business during posted receiving hours.

Article 4 Association of Produce Dealers

57025 In order to facilitate the carrying out of their responsibilities pursuant to this chapter, the produce dealers that operate in a market may organize an association. A produce dealer shall not be required to become or to be a member of such association, but any such association shall admit to membership any produce dealer that operates in the market If a produce dealer is admitted to membership in the association, he shall not be subject to any assessment or payment except those which are necessary to carry out his responsibilities pursuant to this chapter

57027 An association may provide for watchman service to protect and give a receipt for any farm product which is delivered

to a market at times when the market is not otherwise in operation.

57028 The costs of services of an association to its members for carrying out any of the activities which are provided for or required by this chapter are subject to review by the director No cost or expenditure for any other purpose shall be payable by any produce dealer except on an entirely voluntary basis

The director shall from time to time on his own motion, or at the request of a produce dealer, review the activities of the association to determine if any charge is made against any produce dealer in violation of this chapter.

Article 5. Charges for Unloading Produce

57031 (a) Any union representing registered unloaders is authorized and entitled to bargain with the employer of the registered unloaders to establish a scale of charges for unloading produce

(b) If the union or unions representing registered unloaders and the employer of registered unloaders are unable to agree on a scale of charges, the director shall mediate the dispute pursuant to Section 65 of the Labor Code.

57032. The scale of charges which is established shall be the standard charge for unloading any farm product in the market

57033 A person shall not charge or receive any payment for unloading any farm product in excess of the standard charge which is established for the market

57034 Each produce dealer shall post and maintain a legible copy of the effective scale of charges established under this article in a conspicuous place at his place of business where it is readily visible at all times during which any farm product is delivered to such place of business

57035 The commissioner or his representative shall investigate any complaint brought to his attention involving produce dealers or registered unloaders

Article 6. Penalties

57041 Violation of any provision of this chapter or laws affecting personal injury or property damage by a produce dealer or registered unloader is grounds for license or registration revocation or suspension

Before suspending or revoking any registration or license under this chapter, the commissioner shall afford the holder of such registration or license an opportunity to be heard in person or by counsel The proceedings shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the commissioner shall have all the powers granted therein

57042 The director may assess a fee not to exceed twenty-five

cents ($0.25) per unloading payable by produce dealers for use exclusively in administering the provisions of this chapter

57043 The violation of any provision of this chapter by any person is a misdemeanor.

Article 7. Termination

57051 This chapter shall remain in effect only until January 1, 1982, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1982, deletes or extends such date.

SEC 2 Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

The people of the State of California do enact as follows

SEC. 2. Section 29411 of the Food and Agricultural Code is repealed.

SEC. 3 Section 29415 5 is added to the Food and Agricultural Code, to read:

29415.5 "Imported honey" means comb or extracted honey imported from any territory or foreign country or honey which is repackaged into subcontainers as a blend with honey imported from one or more other countries.

SEC. 4 Section 29643 of the Food and Agricultural Code is amended to read:

29643. Every container and subcontainer of imported honey shall be labeled with the name of the territory or foreign country from which it is imported or, when it is repackaged subsequent to importation, in accordance with subdivision (a) or (b):

(b) As "domestic and imported blend," if blended with domestic honey.

CHAPTER 588

An act to amend Sections 56271, 56280, 56281, 56282, and 56351 of the Food and Agricultural Code, relating to marketing of agricultural products

[Approved by Governor September 6, 1978 Filed with Secretary of State September 7, 1978]

The people of the State of California do enact as follows:

SECTION 1 Section 56271 of the Food and Agricultural Code is amended to read

56271. Every commission merchant, that receives any farm product for sale as a commission merchant, shall promptly make and keep a correct record which shows in detail all of the following with reference to the handling, sale, or storage of such farm product:

(a) The name and address of the consignor.

(b) The date it was received.

(c) The condition and quantity upon arrival.

(d) Date of such sale for the account of the consignor.

(e) The price for which it was sold.

(f) An itemized statement of the charges to be paid by the consignor in connection with the sale Any services rendered for which charges are made, if not filed with the director, shall be charged at cost if not covered by a written contract Cost-supporting data shall be available for verification.

(g) The names and addresses of all purchasers if the commission merchant has any financial interest in the business of the purchasers, or if the purchasers have any financial interest in the business of the commission merchant, directly or indirectly, as holder of the other's corporate stock, as copartner, as lender or borrower of money to or from the other, or otherwise Such interest shall be noted in such records following the name of any such purchaser

(h) A lot number or other identifying mark for each consignment, which number or mark shall appear on every sales tag and every other essential record which is needed to identify each consignment from receipt through final sale. When requested by the consignor, as provided by Section 56281, a lot number shall appear on each individual farm product container When containers are on pallets, then only the exposed containers shall be marked When stamping or otherwise identifying each container is impractical due to the type of packaging, the container need not be marked.

(i) Any claim which has been or may be filed by the commission merchant against any person for overcharges or for damages which result from the injury or deterioration of such farm product by the act, neglect, or failure of such person Such records shall be open to the inspection of the director and the consignor of the farm product for whom such claim is made

SEC. 2. Section 56280 of the Food and Agricultural Code is amended to read

56280. A commission merchant shall notify each consignor with whom he does business of the provisions of this section. Such notice shall be given in writing prior to the shipping season of the particular farm product

No charge shall be made against a consignor's account for a downward price adjustment or a reduction in quantity of farm products delivered due to a breach of contract, unless the commission merchant has, in his files, a federal-state inspection certificate, issued pursuant to the United States Agricultural Marketing Act of 1946, (7 U S C 1621, et seq.), indicating the type and the extent of the substandard condition of the lot involved in such breach of contract, thereby supporting the amount charged against the consignor's account The commission merchant need not obtain a federal-state inspection certificate unless the lot involved is of a substandard condition

Notwithstanding Section 56281, this section does not preclude a consignor from agreeing to a downward price adjustment or a reduction in the quantity of farm products delivered and waiving the right to inspection when such agreement was made prior to the particular shipping season of the farm product and was in writing

Such federal-state inspection certificate may be substituted by a private third-party inspection, based on the standards prescribed under the United States Agricultural Marketing Act of 1946, if the director determines, to his satisfaction, that a federal-state inspection certificate could not reasonably be obtained. In the event that the director determines, to his satisfaction, that neither a federal-state inspection certificate nor private, third-party inspection, can be reasonably obtained, a signed statement of two or more disinterested, or otherwise independent parties, who have sufficient knowledge, acquired through education or experience, to evaluate the farm product involved, may be used as substitute for such a federal-state certificate or third-party inspection, in order to make a statement as to the quality and condition of the lot of farm product at the time of inspection

Where the condition of the lot is not substandard but for other reasons, including a decline in market demand, there is a downward price adjustment, the commission merchant shall affirm in writing that the lot was at least of standard quality at the time of sale The affirmation shall be attached to or made part of the records of the consignment

As used in this section, "lot" means the farm product identified by the procedure set forth in subdivision (h) of Section 56271.

This section shall remain in effect only until January 1, 1981, and as of such date is repealed, unless a later enacted statute which is chaptered before January 1, 1981, deletes or extends such date

SEC 3 Section 56281 of the Food and Agricultural Code is amended to read.

56281 A commission merchant shall notify each consignor with whom he does business of the provisions affecting such consignor which are contained in Sections 56271, 56280, 56281, 56282, and 56351. Such notice shall be given in writing prior to the shipping season of the particular farm product. Such notice shall include a form whereby the consignor may request notice of any adjustment by the commission merchant. The form shall also include a provision whereby the consignor may request lot numbers be affixed on each individual farm product container as provided in subdivision (h) of Section 56271 It shall be the responsibility of the commission merchant to keep the records necessary to prove that such notices were given to each consignor in accordance with this section. When requested by his consignor, prior to, or at any time during the shipping season, a licensee operating as a commission merchant shall notify the consignor of any adjustment on a transaction, and provide reasons for such an adjustment, within 48 hours.

In the event the commission merchant is unable to contact the consignor by telephone or in person such notification shall be immediately provided by mail

SEC 4 Section 56282 of the Food and Agricultural Code is amended to read.

56282 Pursuant to the provisions of this chapter, the director

may disallow, to a commission merchant, all or part of, any adjustment charged back to a consignor, if the director determines that there is insufficient justification of the condition or circumstances requiring such adjustment.

In determining whether there is insufficient justification for such an adjustment, the director shall consider, among other things, the following

(a) The certificate issued pursuant to Section 56280 or 56351 does not support breach of contract.

(b) The perishability of the farm product involved and the timely issuance of the certificate pursuant to Section 56280 or 56352

(c) Market reports or other market evidence does not support a downward price adjustment in accordance with Section 56279.

SEC. 5 Section 56351 of the Food and Agricultural Code is amended to read:

56351. A claim may not be made against the seller of any farm product by a licensee pursuant to this chapter, and no credit may be allowed to such licensee against a producer of any farm product by reason of damage to, or loss, dumping, or disposal of any farm product which is sold to such licensee, in any payment, accounting, or settlement which is made by the licensee to the producer, unless the licensee has secured and is in possession of a certificate, which is issued by a commissioner, as defined in Section 26, a county health officer, the director, a duly authorized officer of the State Board of Health, or by some other official now or hereafter authorized by law, to the effect that the farm product which is involved has been damaged, dumped, destroyed, or otherwise disposed of as unfit for human consumption or as in violation of the fruit and vegetable standards which are contained in Division 17 (commencing with Section 42501) of this code.

A private, third-party inspection based on the standards prescribed in the United States Agricultural Marketing Act of 1946 may be substituted for such certificate if the director determines that an inspection certificate cannot be reasonably obtained. Where the director determines that neither an inspection certificate nor a private, third-party inspection can be reasonably obtained, the signed statement of two or more disinterested or otherwise independent parties who have sufficient knowledge acquired through education or experience to evaluate the farm product involved may be used to describe the type and extent of the quality and condition factors present upon inspection.

An act to repeal and add Chapter 4 (commencing with Section 52851) to Division 18 of the Food and Agricultural Code, relating to cotton, and making an appropriation therefor.

SEC. 2 Chapter 4 (commencing with Section 52851) is added to Division 18 of the Food and Agricultural Code, to read·

CHAPTER 4 ONE-VARIETY COTTON DISTRICT

Article 1 General Provisions

52851 The Legislature hereby declares that the purposes of this chapter are to promote, encourage, aid, and protect the planting and growing of cotton in the State of California, that it believes that these purposes can best be accomplished by restricting within certain areas the planting and growing of but one variety or species of cotton, which is "Acala", that by this means alone is it possible to bring the cotton-growing industry in the state to its highest possible development and to insure the growing of the most superior variety or species of cotton, that the planting of pure seed is essential to the production of a more merchantable and better grade of cotton and cottonseed, and for the production of a grade of fiber best suited for manufacturing purposes, and that the planting of impure seed or plants other than that permitted in these areas is an economic harm and loss to the planter thereof and an irreparable injury to the adjoining or neighboring growers

52852 The Legislature also declares that the restriction of the use to which cotton lands may be used, as provided in this chapter, is essential to the highest development of the cotton-growing industry; that it is essential that but one variety of cotton should be ginned in the district which is established in this chapter, otherwise the gin will mix the different kinds of seed, crossing will take place in the field, the varieties will be mongrelized and cease to be uniform, the fiber will deteriorate in quality, and the seed will be rendered unfit for planting; that solely by restricting the growing of one variety or species of cotton in certain areas can the fiber be grown of uniform quality, and can the production of fiber with superior spinning performance be promoted and maintained

52853 The Legislature declares that the development of varieties or species of cotton which meet the desired quality of Acala cotton should be encouraged, provided that reasonable restrictions are imposed to prevent contamination and preserve integrity of the one quality cotton produced within the district.

52854 The production and marketing of Acala cotton produced in this state is hereby declared to be affected with public interest. The provisions of this chapter are enacted in the exercise of the police power of this state for the purpose of protecting the health, peace, safety, and general welfare of the people of this state.

52855 No action taken by the board, nor by an individual in accordance with this chapter or with rules or regulations adopted under the chapter, shall be deemed a violation of the Cartwright Act, the Unfair Practices Act, the Fair Trade Act, Section 1673 of the Civil Code, or any rule of statutory or common law against monopolies or combinations in restraint of trade

Article 2. Definitions

52861 "Board" means the Acala Cotton Board.

52862 "Industry members" means cottonseed oil crushers, handlers of raw cotton fiber, and cotton ginners or employees thereof.

This procedure shall continue until a public member has been selected by the director to serve on the board.

(d) In addition, the board shall select one representative each from the United States Department of Agriculture and the University of California; and two representatives each from cotton planting seed delinting organizations, and organizations involved in the reproduction, sale, and distribution of cottonseed in the district, to serve as nonvoting ex officio members of the board. Such members shall not be selected from the same organization.

In the event of a tie vote in electing members or alternates, another election shall be held. An alternate member shall, in the absence of the member for whom he is alternate, sit in place of the member on the board, and shall have, and be able to exercise, all the rights, privileges, and powers of the member when sitting on the board. In the event of death, removal, resignation, or the disqualification of a member, the alternate shall act as a member on the board until a successor is elected and has qualified

52875 Any vacancy on the board occurring by the failure of any person elected to the board as a member or alternate member to continue in his position due to a change in status making him ineligible to serve, or through death, removal, or resignation, shall be filled, for the unexpired portion of the term, by the board by majority vote; provided, however, that such member shall fulfill all the qualifications set forth in this article as required for the member whose office he is to fill. 52878 The term of office for each voting member, alternate, and ex officio member of the board is four years. When board members are first elected, one-half of the total members elected pursuant to subdivision (a) of Section 52871, and one-half of the total members elected pursuant to each paragraph of subdivision (b) of Section 52871, shall be elected for terms of four years, and the remaining members shall be elected for terms of two years Thereafter, elected members shall serve four-year terms Terms of office of each board member shall be limited to two consecutive terms

If the board refuses or fails to cease such activities or functions or to make such corrections as required by the director, the director may, upon written notice, suspend all or a portion of the activities of the board until such time that the cessation or correction of activities or functions as required by the director have been accomplished.

Written notice to cease any such activity which is the subject of a contract entered into by the board prior to such notice, shall not be effective until after the period of notice for termination provided in such contract or 120 days, whichever is shorter. Upon service of the written notice, the director shall give written notification to the board of the specific acts which he determines are not in the public interest or are in violation of this chapter.

52890. Either the director or the board may bring an action for judicial relief in a court of competent jurisdiction, which may thereafter issue a temporary restraining order, a permanent injunction, or other applicable relief.

(d) All fines collected under this section shall be collected and distributed in accordance with Sections 1463 and 1463 1 of the Penal Code; provided, however, that a county may, by a majority vote of the members of its board of supervisors, allocate any amount up to, but not exceeding 50 percent of such fines to the county superintendent of schools for allocation to local school districts The fines allocated shall be administered by the county superintendent of schools to finance public school programs, which provide counseling or other educational services designed to discourage shoplifting, theft, and burglary Subject to rules and regulations as may be adopted by the Superintendent of Public Instruction, each county superintendent of schools shall allocate such funds to school districts within the county which submit project applications designed to further the educational purposes of this section The costs of administration of this section by each county superintendent of schools shall be paid from the funds allocated to the county superintendent of schools

(2) In making the detention a merchant or a person employed by a library facility may use a reasonable amount of nondeadly force necessary to protect himself and to prevent escape of the person detained or the loss of property

(3) During the period of detention any items which a merchant or any items which a person employed by a library facility has reasonable cause to believe are unlawfully taken from the premises of the merchant or library facility and which are in plain view may

Article 1 7 Classification of Units of the State Park System

5019 50 All units which are or shall become a part of the state park system, except those units or parts of units designated by the Legislature as wilderness areas pursuant to Chapter 1 3 (commencing with Section 5093 30) of this division, shall be classified by the State Park and Recreation Commission into one of the categories specified in this article

5019 53 State parks consist of relatively spacious areas of outstanding scenic or natural character, oftentimes also containing significant historical, archaeological, ecological, geological, or other such values The purpose of state parks shall be to preserve outstanding natural, scenic, and cultural values, indigenous acquatic and terrestrial fauna and flora, and the most significant examples of such ecological regions of California as the Sierra Nevada, northeast volcanic, great valley, coastal strip, Klamath-Siskiyou Mountains, southwest mountains and valleys, redwoods, foothills and low coastal mountains, and desert and desert mountains

Each state park shall be managed as a composite whole in order to restore, protect, and maintain its native environmental complexes to the extent compatible with the primary purpose for which the park was established

Improvements undertaken within state parks shall be for the purpose of making the areas available for public enjoyment and

education in a manner consistent with the preservation of natural, scenic, cultural, and ecological values for present and future generations Improvements may be undertaken to provide for recreational activities including, but not limited to, camping, picknicking, sightseeing, nature study, hiking, and horseback riding, so long as such improvements involve no major modification of lands, forests, or waters Improvements which do not directly enhance the public's enjoyment of the natural, scenic, cultural, or ecological values of the resource, which are attractions in themselves, or which are otherwise available to the public within a reasonable distance outside the park, shall not be undertaken within state parks

State parks may be established in either the terrestrial or underwater environments of the state

5019 56 State recreation units consist of areas selected, developed, and operated to provide outdoor recreational opportunities Such units shall be designated by the commission by naming, in accordance with the provisions of Article 1 (commencing with Section 5001) and this article relating to classification .

In the planning of improvements to be undertaken within state recreation units, consideration shall be given to compatibility of design with the surrounding scenic and environmental characteristics

State recreation units may be established in the terrestrial or underwater environments of the state and shall be further classified as one of the following types·

(a) State recreation areas, consisting of areas selected and developed to provide multiple recreational opportunities to meet other than purely local needs. Such areas shall be selected for their having terrain capable of withstanding extensive human impact and for their proximity to large population centers, major routes of travel, or proven recreational resources such as manmade or natural bodies of water Areas containing ecological, geological, scenic, or cultural resources of significant value shall be preserved within state wildernesses, state reserves, state parks, or natural or cultural preserves

Improvements may be undertaken to provide for recreational activities including, but not limited to, camping, picknicking, swimming, hiking, bicycling, horseback riding, boating, waterskiing, diving, winter sports, fishing, and hunting.

Improvements to provide for urban or indoor formalized recreational activities shall not be undertaken within state recreation areas

(b) Underwater recreation areas, consisting of areas in the underwater environment selected and developed to provide surface and subsurface water-oriented recreational opportunities, while preserving basic resource values for present and future generations

(c) State vehicular recreation areas, consisting of areas where topographic features and associated recreational vehicle opportunities are the primary values Such areas shall be chosen to

insure that no substantial natural values are lost and that no adjoining properties incur adverse effects from the operation and maintenance of vehicular recreation areas. When important natural, scenic, or cultural values are found to be present within the boundaries of a state vehicular recreation area they shall be defined within a natural preserve or a cultural preserve. The development of facilities shall be aimed at making full public use of the recreational opportunities present, and the natural and cultural elements of the environment may be managed or modified to enhance the recreation experiences. Under all circumstances, conditions of accelerated and unnatural erosion shall be anticipated and prevented to the extent possible Where the occurrence of such erosion is unanticipated, every measure shall be taken to restore the area

(d) State beaches, consisting of areas with frontage on the ocean, or bays designed to provide swimming, boating, fishing, and other beach-oriented recreational activities. Coastal areas containing ecological, geological, scenic, or cultural resources of significant value shall be preserved within state wildernesses, state reserves, state parks, or natural or cultural preserves.

(e) Wayside campgrounds, consisting of relatively small areas suitable for overnight camping and offering convenient access to major highways.

5019 59. Historical units, to be named appropriately and individually, consist of areas established primarily to preserve objects of historical, archaeological, and scientific interest, and archaeological sites and places commemorating important persons or historic events. Such areas should be of sufficient size, where possible, to encompass a significant proportion of the landscape associated with the historical objects. The only facilities that may be provided are those required for the safety, comfort, and enjoyment of the visitors, such as access, parking, water, sanitation, interpretation, and picknicking Upon approval by the commission, lands outside the primary historic zone may be selected or acquired, developed, or operated to provide camping facilities within appropriate historical units. Upon approval by the State Park and Recreation Commission, an area outside the primary historic zone may be designated as a recreation zone to provide limited recreational opportunities that will supplement the public's enjoyment of the unit Certain agricultural, mercantile, or other commercial activities may be permitted if those activities are a part of the history of the individual unit and any developments retain or restore historical authenticity. Historical units shall be named to perpetuate the primary historical theme of the individual units.

5019 62 State seashores consist of relatively spacious coastline areas with frontage on the ocean, or on bays open to the ocean, including water areas seasonally connected to the ocean, possessing outstanding scenic or natural character and significant recreational, historical, archaeological, or geological values State seashores may include underwater areas within them, but may not be established

solely in the underwater environment.

The purpose of state seashores shall be to preserve outstanding natural, scenic, cultural, ecological, and recreational values of the California coastline as an ecological region and to make possible the enjoyment of coastline and related recreational activities which are consistent with the preservation of the principal values and which contribute to the public enjoyment, appreciation, and understanding of those values

Improvements undertaken within state seashores shall be for the purpose of making the areas available for public enjoyment, recreation, and education in a manner consistent with the perpetuation of their natural, scenic, cultural, ecological, and recreational value Improvements which do not directly enhance the public enjoyment of the natural, scenic, cultural, ecological, or recreational values of the seashore, or which are attractions in themselves, shall not be undertaken

5019 65 State reserves consist of areas embracing outstanding natural or scenic characteristics of statewide significance The purpose of a state reserve is to preserve its native ecological associations, unique faunal or floral characteristics, geological features, and scenic qualities in a condition of undisturbed integrity Resource manipulation shall be restricted to the minimum required to negate the deleterious influence of man

Improvements undertaken shall be for the purpose of making the areas available, on a day use basis, for public enjoyment and education in a manner consistent with the preservation of their natural features Living and nonliving resources contained within state reserves shall not be disturbed or removed for other than scientific or management purposes

State reserves may be established in the terrestrial or underwater environments of the state

5019 68 State wildernesses, in contrast with those areas where man and his own works dominate the landscape, are hereby recognized as areas where the earth and its community of life are untrammeled by man and where man himself is a visitor who does not remain A state wilderness is further defined to mean an area of relatively undeveloped state-owned or leased land which has retained its primeval character and influence or has been substantially restored to a near-natural appearance, without permanent improvements or human habitation, other than semi-improved campgrounds and primitive latrines, and which is protected and managed so as to preserve its natural conditions and which

(a) Appears generally to have been affected primarily by the forces of nature, with the imprint of man's work substantially unnoticeable

(b) Has outstanding opportunities for solitude or a primitive and unconfined type of recreation

(c) Consists of at least 5,000 acres of land, either by itself or in

combination with contiguous areas possessing wilderness characteristics, or is of sufficient size as to make practicable its preservation and use in an unimpaired condition.

(d) May also contain ecological, geological, or other features of scientific, educational, scenic, or historical value

State wildernesses may be established within the boundaries of other state park system units

5019.71 Natural preserves consist of distinct areas of outstanding natural or scientific significance established within the boundaries of other state park system units The purpose of natural preserves shall be to preserve such features as rare or endangered plant and animal species and their supporting ecosystems, representative examples of plant or animal communities existing in California prior to the impact of civilization, geological features illustrative of geological processes, significant fossil occurrences or geological features of cultural or economic interest, or topographic features illustrative of representative or unique biogeographical patterns Areas set aside as natural preserves shall be of sufficient size to allow, where possible, the natural dynamics of ecological interaction to continue without interference, and to provide, in all cases, a practicable management unit Habitat manipulation shall be permitted only in those areas found by scientific analysis to require manipulation to preserve the species or associations which constitute the basis for the establishment of the natural preserve

5019 74 Cultural preserves consist of distinct areas of outstanding cultural interest established within the boundaries of other state park system units for the purpose of protecting such features as sites, buildings, or zones which represent significant places or events in the flow of human experience in California Areas set aside as cultural preserves shall be large enough to provide for the effective protection of the prime cultural resources from potentially damaging influences, and to permit the effective management and interpretation of the resources Within cultural preserves, complete integrity of the cultural resources shall be sought, and no structures or improvements which conflict with such integrity shall be permitted

CHAPTER 620

An act to add Section 66484 5 to the Government Code, relating to subdivisions

[Approved by Governor September 7, 1978 Filed with Secretary of State September 8, 1978]

The people of the State of California do enact as follows

SECTION 1 Section 66484 5 is added to the Government Code, to read

66484 5 As used in this section, "local agency" means local agency as defined in Section 66420 As used in this section, "water agency" means the public entity or other entity which will furnish water for the operation and use of a recharge facility under a ground water recharge facility plan adopted by a local agency as provided in this section

The legislative body of a local agency may adopt an ordinance requiring the payment of a fee as a condition of approval of a subdivision requiring a final or parcel map, or as a condition of issuing a building permit in an area of benefit under a ground water recharge facility plan adopted as hereinafter provided, for the purpose of constructing recharge facilities for the replenishment of

the underground water supply in such area of benefit.

Such local ordinance may require payment of fees pursuant to this section if, at the time of payment·

(a) A ground water recharge facility plan for the area to be benefited has been adopted by the legislative body of the local agency The legislative body of such local agency shall not adopt such plan until it has given notice to and consulted with the water agency then obligated to furnish water to the area to be benefited and such water agency has formally and in writing approved such plan.

(b) The ordinance has been in effect for a period of at least 30 days prior to the filing of the tentative map, parcel map if no tentative map is required, or the application for a building permit.

(c) The ordinance provides that before any ground water recharge facility plan is adopted there will be a public hearing held by the legislative body for the proposed area of benefit.

Notice of the hearing on a proposed area of benefit shall be given by mailed notice to each owner of land within the proposed area, with postage prepaid using addresses from the last equalized assessment roll, or alternatively, from such other records of the assessor or the tax collector as contain more recent addresses. Alternatively, notice may be given by both publication at least 10 calendar days before the hearing in a newspaper of general circulation, published and circulated within the proposed area of benefit, and by posting such notice in conspicuous places within the proposed area

Such notice shall contain preliminary information concerning such ground water recharge facility plan, including the proposed boundaries of the area of benefit, the availability of surface water, the planned facilities for the area of benefit, estimated costs, and the proposed method of fee apportionment.

Written notice of such public hearing shall be given by personal service or mail to the water agency responsible for furnishing water to the area of benefit involved in such hearing prior to or at the time notice is given by mail or by publication and posting. The proposal contained in such mailed, published, or posted notice shall be jointly prepared and agreed upon by the local agency and such water agency before such notice is given Such water agency shall be entitled to participate in such hearings.

(d) The ordinance provides that the ground water recharge facility plan shall be established at such public hearing and, if approved, adopted by the legislative body Such plan shall include the boundaries of the area of benefit, the availability of surface water, the planned facilities for the area of benefit and the estimated cost thereof, a fair method of allocating the costs within the area of benefit, and the apportionment of fees within such area The plan as so adopted by the local agency and approved by the water agency shall be incorporated in a resolution of the legislative body and a certified copy thereof shall be recorded with the county recorder Such apportioned fees shall be applicable to all property within the

area of benefit and shall be payable as a condition of approval of a final map or a parcel map or as a condition of issuing a building permit for such property or portions thereof Where the area of benefit includes lands not otherwise subject to the payment of fees pursuant to this section, the legislative body shall make provision for payment of the share of improvement costs apportioned to such land by other means

(e) The ordinance provides that if, within the time when protests may be filed under the provisions of such ordinance, there is a written protest, filed with the clerk of the legislative body, by the owners of more than one-half of the area of the property to be benefited by the improvement, and sufficient protests are not withdrawn so as to reduce the area represented to less than one-half of the property to be benefited, then the proposed proceedings shall be abandoned, and the legislative body shall not, for one year from the filing of that written protest, commence or carry on any proceedings for the same improvement or acquisition under the provisions of this section

Any protests may be withdrawn in writing by the owner who made the protest, at any time prior to the conclusion of a public hearing held pursuant to the ordinance.

If any majority protest is directed against only a portion of the improvement, then all further proceedings under the provisions of this section as to that same portion of the improvement so protested against shall be barred for a period of one year. The legislative body, however, may commence new proceedings which do not include the area, acquisitions or improvements which were the subject of the successful protest. Nothing in this section shall prohibit the legislative body, within such one-year period, from commencing and carrying on new proceedings for that portion of the improvement so protested against if it finds, by the affirmative vote of four-fifths of its members, that the owners of more than one-half of the area of the property to be benefited are in favor of going forward with such portion of the improvement or acquisition. Nothing in this section shall preclude the processing and recordation of maps in accordance with other provisions of this division if proceedings are abandoned.

Subsequent to the adoption of a plan, the local agency may itself construct, operate, and maintain such ground water recharge facilities, or it may designate the water agency furnishing the water or designate or create another agency to do all or any one of these things as authorized by law In the event any agency other than the local agency adopting such ordinances is so designated, the services so rendered shall be pursuant to a written agreement entered into between the local agency and such other agency.

Fees paid pursuant to an ordinance adopted pursuant to this section shall be deposited in a planned recharge facility fund A fund shall be established for each area of benefit Moneys in such fund shall be expended solely for the construction or reimbursement for construction of the improvement serving the area to be benefited

Such fees shall not be expended to reimburse the cost of recharge facilities in existence prior to the adoption of the ground water recharge facility plan for that area.

An ordinance adopted pursuant to this section may provide for the acceptance of considerations in lieu of the payment of fees.

A local agency imposing fees pursuant to this section may advance money from its general fund to pay the cost of constructing the improvements and may reimburse the general fund for such advances from planned recharge facility funds collected to finance the construction of such improvements.

A local agency imposing fees pursuant to this section may incur an interest-bearing indebtedness for the construction of recharge facilities provided that the sole security for repayment of such indebtedness shall be moneys in planned recharge facility funds.

Recharge facilities shall not be constructed unless the water agency approves the design of the facilities to be constructed and has reached an agreement with the local agency establishing the terms and conditions under which the water will be furnished If the water agency finds that the facilities have been constructed in accordance with the approved design, the agency shall furnish water for such ground water recharge facilities.

If such water agency is an irrigation district or other entity obligated by law to apportion water among the landowners within the area of benefit, such water agency shall receive credit upon such obligation for any water delivered for ground water recharge under such agreement and shall be relieved of any further obligation to deliver the amount of water for which it has received such credit to the landowners or lands within such area.

Nothing contained in this section shall entitle a local agency to collect a fee from a landowner who presently receives and continues to receive and use the landowner's pro rata share of surface water from the agency responsible for that area or from a landowner who has not applied for approval of a final or parcel map or a building permit

A credit for fees paid as authorized by this section shall be applied against any assessment levied by the local agency to construct such planned recharge facilities

The term "construction," as used in this section, includes design, acquisition of land or easements, administration of construction contracts, and actual construction

Nothing in this section shall be construed to preclude a county or city from providing funds for the construction of recharge facilities to defray costs not allocated to the area of benefit

(b) In determining relevance the court shall examine the information in chambers in conformity with Section 915, and shall exclude from disclosure:

(1) Information consisting of complaints concerning conduct occurring more than five years before the event or transaction which is the subject of the litigation in aid of which discovery or disclosure is sought.

(2) In any criminal proceeding the conclusions of any officer

investigating a complaint filed pursuant to Section 832.5 of the Penal Code.

(3) Facts sought to be disclosed which are so remote as to make disclosure of little or no practical benefit.

(c) In determining relevance where the issue in litigation concerns the policies or pattern of conduct of the employing agency, the court shall consider whether the information sought may be obtained from other records maintained by the employing agency in the regular course of agency business which would not necessitate the disclosure of individual personnel records.

(d) Upon motion seasonably made by the governmental agency which has custody or control of the records to be examined or by the officer whose records are sought, and upon good cause showing the necessity thereof, the court may make any order which justice requires to protect the officer or agency from unnecessary annoyance, embarrassment or oppression.

SEC. 4. Section 832.5 of the Penal Code is amended to read:

832.5. (a) Each department or agency in this state which employs peace officers shall establish a procedure to investigate citizens' complaints against the personnel of such departments or agencies, and shall make a written description of the procedure available to the public.

(b) Complaints and any reports or findings relating thereto shall be retained for a period of at least five years.

SEC. 5. Section 832.7 is added to the Penal Code, to read:

832.7. Peace officer personnel records and records maintained pursuant to Section 832.5, or information obtained from such records, are confidential and shall not be disclosed in any criminal or civil proceeding except by discovery pursuant to Section 1043 of the Evidence Code. This section shall not apply to investigations or proceedings concerning the conduct of police officers or a police agency conducted by a grand jury or a district attorney's office.

SEC. 6. Section 832.8 is added to the Penal Code, to read:

832.8. As used in Section 832.7, "personnel records" means any file maintained under that individual's name by his or her employing agency and containing records relating to:

(a) Personal data, including marital status, family members, educational and employment history, or similar information;

(b) Medical history;

(c) Election of employee benefits;

(d) Employee advancement, appraisal, or discipline;

(e) Complaints, or investigations of complaints, concerning an event or transaction in which he participated, or which he perceived, and pertaining to the manner in which he performed his duties; or

(f) Any other information the disclosure of which would constitute an unwarranted invasion of personal privacy.

SEC. 7. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because

the duties, obligations or responsibilities imposed on local governmental entities or school districts by this act are such that related costs are incurred as part of their normal operating procedures.

CHAPTER 631

[Approved by Governor September 8, 1978. Filed with Secretary of State September 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 1008 of the Code of Civil Procedure is repealed.

SEC. 2. Section 1008 is added to the Code of Civil Procedure, to read:

1008. (a) When an application for an order has been made to a judge, or to the court, and refused in whole or in part, or granted, or granted conditionally, or on terms, any party affected by the order may, within ten (10) days after knowledge of the order and based upon an alleged different state of facts may, make application to the same judge who made the order, to reconsider the matter and modify, amend or revoke the prior order.

For a failure to comply with this requirement, any order made on such subsequent application may be revoked or set aside on ex parte motion.

(c) A violation of this section may be punished as a contempt; and an order made contrary thereto may be revoked by the judge or commissioner who made it, or vacated by a judge of the court in which the action or proceeding is pending.

CHAPTER 632

An act to amend Section 2982 of the Civil Code and Section 11713.1 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 8, 1978. Filed with Secretary of State September 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 2982 of the Civil Code is amended to read:

2982. (a) Every conditional sale contract for the sale of a motor vehicle, with or without accessories, shall be in writing and, if printed, shall be printed in type no smaller than 6 point, and shall contain in a single document all of the agreements of the buyer and seller with respect to the total cost and the terms of payment for the motor vehicle, including any promissory notes or any other evidences of indebtedness. The conditional sale contract or a purchase order shall be signed by the buyer or his authorized representative and by the seller or its authorized representative, and an exact copy thereof shall be furnished the buyer by the seller at the time the buyer and the seller have signed the contract or purchase order. No motor vehicle shall be delivered under this chapter until the seller delivers to the buyer a fully executed copy of the conditional sale contract or purchase order and any vehicle purchase proposal and any credit statement which the seller has required or requested the buyer to sign, and which he has signed, during the contract negotiations. The seller shall not obtain the signature of the buyer to a contract when it contains blank spaces to be filled in after it has been signed. Every conditional sale contract shall contain, although not necessarily in the sequence or order set forth below, the following separate items:

1. The cash price of the motor vehicle described in the conditional sale contract.

2. The amount of the buyer's downpayment, and whether made in cash or represented by the net agreed value of described property traded in, or both, together with a statement of the respective amounts credited for cash and for such property.

3. The unpaid balance of cash price, which is the difference between items 1 and 2.

4. The cost to the buyer of any insurance, the premium for which is included in the contract balance. Any such cost for credit life or disability insurance may be included in the finance charge if the amount thereof is separately stated on the face of the contract.

5. The amounts, if any, paid or to be paid to any public officer in connection with the transaction and for license, certificate of title, and registration fees imposed by law.

6. The amount, if any, charged by the dealer for documentary preparation. If a dealer charges a buyer a documentary preparation charge, then the contract shall contain a notice advising the buyer that such charge is not a governmental fee.

7. The amount of the unpaid balance, which is the sum of items 3, 4, 5, and 6.

8. The amount of the finance charge, and the annual percentage

rate as defined in the Federal Truth-In-Lending Act (15 U.S.C. 1601 et seq.).

9. The total of payments, which is the sum of items 6 and 7, payable by the buyer to the seller, the number of installments required, the amount of each installment, and the date for payment of the installments.

10. The names and addresses of all persons to whom the notice required under Section 2983.2 and permitted under Sections 2983.5 and 2984 of this code is to be sent.

11. A notice, in at least 8 point bold type if the contract is printed, reading as follows: "Notice to the buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) Under the law, you have the right to pay off in advance the full amount due and under certain conditions to obtain a partial refund of the finance charge. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

12. A notice to the buyer, in writing, and, if printed, in type no smaller than 8 point, that complaints concerning unfair or deceptive practices or methods by the seller shall be referred to the seller and, if the complaint is not resolved, may be referred to the Department of Motor Vehicles, Division of Compliance, 2570 24th Street, Sacramento, 95818.

(b) If any charge for insurance (other than for credit life or disability) is included in the contract balance and disbursement of any part thereof be made more than one year after the date of the conditional sale contract, any finance charge on the amount to be disbursed after one year shall be computed from the month the disbursement is to be made to the due date of the last installment under the conditional sale contract.

(c) The amount of the finance charge in any conditional sale contract for the sale of a motor vehicle, with or without accessories, shall not exceed 1 percent of the unpaid balance multiplied by the number of months (computed on the basis of a full month for any fractional month period in excess of 15 days) elapsing between the date of the contract and the due date of the last installment, or twenty-five dollars ($25), whichever is greater. The contract may provide for a delinquency charge or charges on any installment in default for a period of not less than 10 days in an amount not to exceed in the aggregate 5 percent of the installment, which amount may be collected only once on any installment regardless of the period during which it remains in default. The contract may provide for reasonable collection costs and fees in the event of delinquency.

(d) Any provision in any conditional sale contract for the sale of a motor vehicle to the contrary notwithstanding, the buyer shall have the privilege of paying at any time in full the indebtedness evidenced by the contract. Whenever an indebtedness is liquidated prior to

maturity by prepayment or refinancing, or upon surrender or repossession and disposition of the motor vehicle, the holder shall thereupon refund to the buyer the unearned portion of the finance charge. The refund may be made in cash or credited to the amount due on the obligation of the buyer. The amount of the refund shall represent at least as great a proportion of the finance charge as the sum of the periodic time balances payable more than 15 days after the date of prepaying (or other event entitling the buyer to the refund) bears to the sum of all of the periodic time balances under the schedule of installments in the contract. The provisions of this subdivision shall not impair the right of the seller or his assignee to receive delinquency charges on delinquent installments and reasonable costs and fees as provided in subdivision (c) of this section. Where the amount of such refund is less than one dollar ($1), no refund need be made. Where the finance charge, after computing the refund, amounts to less than twenty-five dollars ($25), there may be retained an amount equal to twenty-five dollars ($25).

(e) Notwithstanding any other provision of this chapter to the contrary, in the event any required downpayment on which no finance charge is imposed is to be made by the buyer to the seller on a conditional sale contract after the date of such contract but prior to the date of the second payment otherwise scheduled, the amount of such payment may be shown in such contract as a deferred portion of the cash downpayment or as a deduction from the amount of the unpaid balance, and shall be included in the total of payments.

(f) Notwithstanding any other provision of this chapter to the contrary, in any instance in which vendor's single-interest insurance is to be written in connection with a conditional sale contract, a conditional sale contract complying with the applicable disclosure requirements of Regulation Z, as in effect on the date of such contract, shall be deemed to comply with the requirements of paragraphs 1 to 8, inclusive, of subdivision (a), irrespective of any difference between the provisions of that regulation and this chapter with respect to any information to be disclosed, the terminology, form or content of such disclosures, the amounts to be included in or manner of determining the unpaid balance, the finance charge or any other item of information to be disclosed, or otherwise. This subdivision shall have no application to the determination of the amount of the unpaid balance, the finance charge, or any other amount for the purpose of computing the maximum permissible finance charge or the refund of any unearned portion of the finance charge under subdivisions (c) and (d), respectively, or for the purpose of computing any penalty under Section 2983.1.

(g) Notwithstanding any other provision of this chapter to the contrary, any information required to be disclosed in a conditional sale contract under this chapter may be set forth in terminology required or permitted under Regulation Z, as in effect at the time such disclosure is made. Nothing contained in this chapter shall be deemed to prohibit the disclosure in such contract of additional

information required or permitted under Regulation Z, as in effect at the time such disclosure is made.

(h) If the requirements of this section are otherwise met, the preparation and use of a separate document for escrow instructions under Section 11950 of the Vehicle Code, relating to the sale of mobilehomes, shall not violate the single-document requirement of subdivision (a).

SEC. 2. Section 11713.1 of the Vehicle Code is amended to read:

11713.1. It shall be unlawful and a violation of this code for the holder of any dealer's license issued under this article to do any of the following:

(a) To advertise any specific vehicle for sale without identifying such vehicle by either its vehicle identification number or license number.

(b) To advertise the total price of a vehicle without including all costs to the purchaser at time of delivery at the dealer's premises, except sales tax, vehicle registration fees, finance charges, and any dealer documentary preparation charge. The dealer documentary preparation charge shall not exceed twenty dollars ($20).

(c) To exclude from the advertisement of a vehicle for sale that there will be added to the advertised total price at the time of sale, charges for sales tax, vehicle registration fees, and any dealer documentary preparation charge.

(d) To represent the dealer documentary preparation charge as a governmental fee.

(e) To refuse to sell a vehicle to any person at the advertised total price, exclusive of sales tax, vehicle registration fees, finance charges, and dealer documentary preparation charge, which charge shall not exceed twenty dollars ($20) while such vehicle remains unsold, unless the advertisement states the advertised total price is good only for a specified time and such time has elapsed.

SEC. 2.5. Section 11713.1 of the Vehicle Code is amended to read:

11713.1. It shall be unlawful and a violation of this code for the holder of any dealer's license issued under this article to do any of the following:

(a) To advertise any specific vehicle for sale without identifying such vehicle by either its vehicle identification number or license number.

(b) To advertise the total price of a vehicle without including all costs to the purchaser at time of delivery at the dealer's premises, except sales tax, vehicle registration fees, the fee charged by the state for the issuance of the certificate of compliance or certificate of waiver pursuant to Section 9889.56 of the Business and Professions Code, finance charges, and any dealer documentary preparation charge. The dealer documentary preparation charge shall not exceed twenty dollars ($20).

(c) To exclude from the advertisement of a vehicle for sale that there will be added to the advertised total price at the time of sale, charges for sales tax, vehicle registration fees, the fee charged by the

state for the issuance of the certificate of compliance or certificate of waiver pursuant to Section 9889.56 of the Business and Professions Code, and any dealer documentary preparation charge.

(d) To represent the dealer documentary preparation charge as a governmental fee.

(e) To refuse to sell a vehicle to any person at the advertised total price, exclusive of sales tax, vehicle registration fees, the fee charged by the state for the issuance of the certificate of compliance or certificate of waiver pursuant to Section 9889.56 of the Business and Professions Code, finance charges, and dealer documentary preparation charge, which charges shall not exceed twenty dollars ($20) while such vehicle remains unsold, unless the advertisement states the advertised total price is good only for a specified time and such time has elapsed.

SEC. 3. It is the intent of the Legislature, if this bill and Senate Bill No. 156 are both chaptered and become effective January 1, 1979, both bills amend Section 11713.1 of the Vehicle Code, and this bill is chaptered after Senate Bill No. 156, that the amendments to Section 11713.1 proposed by both bills be given effect and incorporated in Section 11713.1 in the form set forth in Section 2.5 of this act. Therefore, Section 2.5 of this act shall become operative only if this bill and Senate Bill No. 156 are both chaptered and become effective January 1, 1979, both amend Section 11713.1, and this bill is chaptered after Senate Bill No. 156, in which case Section 2 of this act shall not become operative.

SEC. 4. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 633

An act to amend Sections 1176, 3012, 3252, 3266, 3269, and 3272 of the Unemployment Insurance Code, relating to unemployment insurance.

The people of the State of California do enact as follows:

SECTION 1. Section 1176 of the Unemployment Insurance Code is amended to read:

1176. If, by reason of an employee receiving wages from more

than one employer during any calendar year, the wages received by him or her during such year exceed the remuneration upon which contributions are payable under Section 985, and the sum of the amount of tax imposed by Section 984 plus the amount of contributions under Section 3260 deducted from such wages exceeds the amount required under this division, the employee is entitled to a refund or credit of the amount of the excess. No interest shall be allowed or paid with respect to such refund or credit.

SEC. 2. Section 3012 of the Unemployment Insurance Code is amended to read:

3012. (a) All money in the Disability Fund is continuously appropriated without regard to fiscal years for the purpose of providing disability benefits pursuant to this part, including the payment of refunds, credits, or judgments, and interest thereon, the payment of disability benefits to all eligible persons not covered exclusively by an approved voluntary plan, and the payment of the expenses of administration of this part by the department and the Franchise Tax Board. "Eligible persons" as used in this section, means those individuals who are covered by the Disability Fund at the time their period of disability commences, or whose employment has terminated or who are in noncovered employment at the time their period of disability commences, and who are otherwise eligible for benefits under this part.

(b) For the purpose of keeping a record of the payments to and the disbursements from the Disability Fund with respect to the payment of benefits to persons whose employment has terminated or who are in noncovered employment at the time their period of disability commences, the director shall maintain the Unemployed Disabled Account in the Disability Fund. This account shall be credited with twelve one-hundredths of 1 percent (0.12%) of the taxable wages paid to employees covered by voluntary plans for disability benefits for each calendar year. This account shall also be credited with an amount equal to twelve one-hundredths of 1 percent (0.12%) of the taxable wages paid to employees covered by the Disability Fund for each calendar year. This account shall be charged each calendar year with disbursements from the Disability Fund for the payment of benefits and the additional administrative costs of the payment of benefits to persons whose employment has terminated or who are in noncovered employment at the time their period of disability commences.

SEC. 3. Section 3252 of the Unemployment Insurance Code is amended to read:

(b) Each voluntary plan shall pay to the department for the Disability Fund fourteen one-hundredths of 1 percent (0.14%) of the

taxable wages paid to employees covered by the voluntary plan for disability benefit coverage for each calendar year. Such payments shall not constitute a part of the voluntary plan premium for purposes of any tax under any provision of law. Payments under this section shall be deposited in the Disability Fund.

(c) The payments made under subdivision (b) of this section in excess of the credit to the unemployed disabled account made pursuant to Section 3012 shall reimburse the Disability Fund for the amounts paid for administrative costs arising out of voluntary plans as determined pursuant to Section 3269, and the aggregate amount paid as refunds and credits made to employees applicable to voluntary plans pursuant to Section 1176 as determined pursuant to Section 3266.

(d) Each voluntary plan shall file with the director within the time required for payments under subdivision (e) of this section, a return containing the employer's business name, address, and account number, and such other information as the director shall prescribe. The director shall prescribe the form for the return.

(e) Payments required under this section are due and payable on the first day of the calendar month following the close of each calendar quarter and shall become delinquent if not paid on or before the last day of such month.

(f) The provisions of Article 8 (commencing with Section 1126) of Chapter 4 of Part 1 of this division with respect to the assessment of contributions and the provisions of Chapter 7 (commencing with Section 1701) of Part 1 of this division with respect to the collection of contributions shall apply to payments required by this section.

(g) Whenever the director believes that a change in the percentage rate of payment specified in subdivision (b) may be necessary, he or she shall inform the Governor and the Legislature thereof and make recommendations accordingly.

SEC. 4. Section 3266 of the Unemployment Insurance Code is amended to read:

3266. The director shall in accordance with his or her authorized regulations determine the portion of the aggregate amount of refunds and credits to employees made under Section 1176 during any calendar year which is applicable to voluntary plans for which deductions were made under Section 3260, such determination to be based upon the relation during the preceding calendar year of the amount of wages subject to contributions to the Disability Fund to the amount of wages exempt from contributions to the Disability Fund under Section 3252.

SEC. 5. Section 3269 of the Unemployment Insurance Code is amended to read:

3269. The director shall in accordance with his or her authorized regulations, determine each fiscal year the total amount expended for added administrative work arising out of voluntary plans.

SEC. 6. Section 3272 of the Unemployment Insurance Code is amended to read:

3272. The provisions of Article 9 (commencing with Section 1176) of Chapter 4 of Part 1 of this division shall apply to amounts collected under Sections 3252, 3260, and 3265, to amounts remitted to the Disability Fund under Section 3260, and to amounts paid to an employee by an employer or insurer after a final decision on appeal under Section 3264 to a referee or the Appeals Board that the employee is entitled to disability benefits.

SEC. 7. This act shall become operative January 1, 1979, except that the provisions of Sections 1176, 3012, 3252, 3266, 3269, and 3272 of the Unemployment Insurance Code as in effect prior to the amendments made by this act shall apply to liability based on transactions during calendar year 1978.

CHAPTER 635

An act to add Section 10178 to the Insurance Code, relating to insurance.

SEC. 3. Section 53859.04 of the Government Code is amended to read:

53859.04. Any grant anticipation note issued under this article may be negotiable or may be payable to order or to bearer and may be in any denomination. Except as limited by the Constitution of the State of California, such note shall be payable not later than 36 months after the date of issue and shall be payable solely, except as provided in Section 53859.07, from committed and appropriated funds of grants or loans of the state or federal government to the local agency that the granting or loaning authority states shall be paid on specified dates or events within a 36-month period from the dating of the grant anticipation notes issued. No such plan may be entered into or amended if it contains any disclaimer, waiver, or other limitation of coverage relative to the coverage or insurability of newborn infants of a subscriber or enrollee covered from and after the moment of birth or of minor adopted children from and after the moment the child is placed in the custody of the adoptive parents for adoption.

(d) Every plan contract which provides that coverage of a dependent child of a subscriber shall terminate upon attainment of the limiting age for dependent children specified in the plan, shall also provide in substance that attainment of such limiting age shall not operate to terminate the coverage of such child while the child is and continues to be both (a) incapable of self-sustaining employment by reason of mental retardation or physical handicap and (b) chiefly dependent upon the subscriber for support and maintenance, provided proof of such incapacity and dependency is furnished to the plan by the member within 31 days of the request for such information by the plan or group plan contract holder and subsequently as may be required by the plan or group plan contract holder, but not more frequently than annually after the two-year period following the child's attainment of the limiting age.

Nothing in this section shall be construed to allow a member to select and obtain mental health services from a certificate or license holder who is not directly affiliated with or under contract to the health care service plan to which the member belongs.

(i) If the plan utilizes arbitration to settle disputes, the plan contracts shall set forth the type of disputes subject to arbitration, the process to be utilized, and how it is to be initiated.

(j) A plan contract which provides benefits that accrue after a certain time of confinement in a health care facility shall specify what constitutes a day of confinement or the number of consecutive hours of confinement which are requisite to the commencement of benefits.

All such plans entered into or renewed on or after the effective date of this section shall be construed to be in compliance with this section, and any provision in any such plan which is in conflict with this section shall be of no force or effect.

(b) A plan contract which provides benefits that accrue after a certain time of confinement in a health care facility shall specify what constitutes a day of confinement or the number of consecutive hours of confinement which are requisite to the commencement of benefits.

(e) Except for group hospital service contracts and blanket contracts issued under Section 11512.2, unless the exceptions of the contract are printed with greater prominence than the benefits to which they apply;

(f) Except for group hospital service contracts and blanket contracts issued under Section 11512.2, unless, if any portion of such contract purports, by reason of the circumstances under which an illness, injury or disablement is incurred to reduce any service to less than that provided for the same illness, injury or disablement incurred under ordinary circumstances, such portion is printed in boldface type and with greater prominence than any other text of the contract;

(g) If the contract contains any provisions purporting to make any portion of the charter, constitution or bylaws of such nonprofit corporation a part of the contract unless such portion is set forth in full in the contract;

(h) Except for a comprehensive health care contract issued under subdivision (e) of Section 11493, unless the contract for hospital service contains in blackface type not less than 10-point the following provisions:

(c) Any security issued or guaranteed by and representing an interest in or a direct obligation of a national bank or a bank or trust company incorporated under the laws of this state, and any security issued by a bank to one or more other banks and representing an interest in an asset of the issuing bank.

(d) Any security issued or guaranteed by a federal savings and loan association or federal land bank or joint land bank or national farm loan association or by any savings and loan association which is subject to the supervision and regulation of the Savings and Loan Commissioner of this state.

(e) Any security (other than an interest in all or portions of a parcel or parcels of real property which are subdivided land or a subdivision or in a real estate development), the issuance of which is subject to authorization by the Insurance Commissioner, the Public Utilities Commission, or the Real Estate Commissioner of this state.

(f) Any security consisting of any interest in all or portions of a parcel or parcels of real property which are subdivided lands or a subdivision or in a real estate development; provided that the exemption in this subdivision shall not be applicable to any investment contract sold or offered for sale with, or as part of, any

such interest, or to any person engaged in the business of selling, distributing or supplying water for irrigation purposes or domestic use which is not a public utility.

(g) Any shares, investment certificates or borrower's membership certificates (as defined in the Savings and Loan Association Law) issued by a savings and loan association holding a license then in force from the Savings and Loan Commissioner of this state.

(h) Any security issued or guaranteed by any federal credit union, or by any credit union organized and supervised under the laws of this state.

(i) Any security issued or guaranteed by any railroad, other common carrier, public utility, or public utility holding company which is (1) subject to the jurisdiction of the Interstate Commerce Commission or (2) a holding company registered with the Securities and Exchange Commission under the Public Utility Holding Company Act of 1935 or a subsidiary of such a company within the meaning of that act or (3) regulated in respect of the issuance or guarantee of the security by a governmental authority of the United States, of any state, of Canada or of any Canadian province; and the security is subject to registration with or authorization of issuance by such authority.

(j) Any security (except evidences of indebtedness, whether interest bearing or not) of an issuer (1) organized exclusively for educational, benevolent, fraternal, religious, charitable, social, or reformatory purposes and not for pecuniary profit, if no part of the net earnings of the issuer inures to the benefit of any private shareholder or individual, or (2) organized as a chamber of commerce or trade or professional association. The fact that amounts received from memberships or dues or both will or may be used to construct or otherwise acquire facilities for use by members of the nonprofit organization does not disqualify the organization for this exemption. This exemption does not apply to the securities of any nonprofit organization if any promoter thereof expects or intends to make a profit directly or indirectly from any business or activity associated with the organization or operation of such nonprofit organization or from remuneration received from such nonprofit organization.

(k) Any agreement, commonly known as a "life income contract," of an issuer (1) organized exclusively for educational, benevolent, fraternal, religious, charitable, social, or reformatory purposes and not for pecuniary profit and (2) which the commissioner designates by rule or order, with a donor in consideration of a donation of property to such issuer and providing for the payment to the donor or persons designated by him of income or specified periodic payments from the donated property or other property for the life of the donor or such other persons.

(*l*) Any note, draft, bill of exchange, or banker's acceptance which is freely transferable and of prime quality, arises out of a current transaction or the proceeds of which have been or are to be used for

current transactions, and which evidences an obligation to pay cash within nine months of the date of issuance, exclusive of days of grace, or any renewal of such paper which is likewise limited, or any guarantee of such paper or of any such renewal, provided that such paper is not offered to the public in amounts of less than twenty-five thousand dollars ($25,000) in the aggregate to any one purchaser. In addition, the commissioner may, by rule or order, exempt any issuer of any notes, drafts, bills of exchange or banker's acceptances from qualification of such securities when he finds that such qualification is not necessary or appropriate in the public interest or for the protection of investors.

(m) Any security issued by any corporation organized and existing under the provisions of Chapter 1 (commencing with Section 54001) of Division 20 of the Food and Agricultural Code.

(n) Any beneficial interest in an employees' pension, profit sharing, stock bonus or similar benefit plan which meets the requirements for qualification under Section 401 of the Federal Internal Revenue Code or any statute amendatory thereof or supplementary thereto. A determination letter from the Internal Revenue Service stating that an employees' pension, profit sharing, stock bonus or similar benefit plan meets such requirements shall be conclusive evidence that such plan is an employees' pension, profit sharing, stock bonus or similar plan within the meaning of the first sentence of this subdivision until the date such determination letter is revoked in writing by the Internal Revenue Service, regardless of whether or not such revocation is retroactive.

(o) Any security listed or approved for listing upon notice of issuance on a national securities exchange certified by rule or order of the commissioner and any warrant or right to purchase or subscribe to any such security.

Such certification of any exchange shall be made by the commissioner upon the written request of the exchange if he finds that the exchange, in acting on applications for listing of common stock substantially applies each of the minimum standards set forth in subparagraph (1) below, and in considering suspension or removal from listing, substantially applies each of the criteria set forth in subparagraph (2) below.

(1) Listing standards:

(i) Net tangible assets of at least two million dollars ($2,000,000).

(ii) Net income of at least two hundred fifty thousand dollars ($250,000) after all charges including federal income taxes in the fiscal year immediately preceding the filing of a listing application and net income before such taxes of at least five hundred thousand dollars ($500,000).

(iii) Minimum public distribution of 250,000 shares excluding the holdings of officers, directors, controlling shareholders and other concentrated or family holdings among not less than 900 holders including not less than 600 holders of lots of 100 shares or more, with a corresponding requirement that such securities not be largely held

in blocks by institutional investors.

(iv) Minimum price of four dollars ($4) per share for a reasonable period of time prior to the filing of a listing application.

(v) An aggregate market value for publicly held shares of at least one million five hundred thousand dollars ($1,500,000).

(2) Criteria for consideration of suspension or removal from listing:

(i) If a company which (A) has net tangible assets of less than one million dollars ($1,000,000) has sustained net losses in each of its two most recent fiscal years, or (B) has net tangible assets of less than three million dollars ($3,000,000) and has sustained net losses in three of its four most recent fiscal years.

(ii) If the number of shares publicly held (excluding the holdings of officers, directors, controlling shareholders and other concentrated or family holdings) is less than 150,000.

(iii) If the total number of shareholders of record is less than 450 or if the number of shareholders of lots of 100 shares or more is less than 300.

(iv) If the aggregate market value of shares publicly held is less than seven hundred fifty thousand dollars ($750,000).

(v) If shares of common stock sell at a price of less than four dollars ($4) per share for a substantial period of time and the issuer shall fail to effectuate a reverse stock split of such shares within a reasonable period of time after being requested by the exchange to take such action.

The commissioner after appropriate notice and opportunity for hearing in accordance with the provisions of the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, may by rule or order, decertify any exchange previously certified which ceases substantially to apply the standards or criteria as set forth above. A rule or order of certification shall conclusively establish that any security listed or approved for listing upon notice of issuance on any exchange named in a rule or order of certification and any warrant or right to purchase or subscribe to any such security is exempt under this subdivision until the adoption of any rule or order decertifying such exchange.

(p) A promissory note secured by a lien on real property, which is not one of a series of notes secured by interests in the same real property.

(q) Any unincorporated interindemnity or reciprocal or interinsurance contract, which qualifies under the provisions of Section 1280.7 of the Insurance Code, between members of a cooperative corporation, organized and operating under Part 2 (commencing with Section 12200) of Division 3 of Title 1, and whose members consist only of physicians and surgeons licensed in California, which contracts indemnify solely in respect to medical malpractice claims against such members, and which do not collect in advance of loss any moneys other than contributions by each

member to a collective reserve trust fund or for necessary expenses of administration.

(1) Whenever it appears to the commissioner that any person has engaged or is about to engage in any act or practice constituting a violation of any provision of Section 1280.7 of the Insurance Code, he may in his discretion bring an action in the name of the people of the State of California in the superior court to enjoin the acts or practices or to enforce compliance with Section 1280.7 of the Insurance Code. Upon a proper showing a permanent or preliminary injunction, restraining order or writ of mandate shall be granted and a receiver or conservator may be appointed for the defendant or the defendant's assets. The court shall not require the commissioner to post a bond.

(2) The commissioner may, in his discretion, (A) make such public or private investigations within or outside of this state as he deems necessary to determine whether any person has violated or is about to violate any provision of Section 1280.7 of the Insurance Code or to aid in the enforcement of such Section 1280.7, and (B) publish information concerning the violation of such Section 1280.7.

(3) For the purpose of any investigation or proceeding under this section, the commissioner or any officer designated by him may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, agreements, or other documents or records which the commissioner deems relevant or material to the inquiry.

(4) In case of contumacy by, or refusal to obey a subpoena issued to, any person, the superior court, upon application by the commissioner, may issue to the person an order requiring him to appear before the commissioner, or the officer designated by him, there to produce documentary evidence, if so ordered, or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt.

(5) No person is excused from attending or testifying or from producing any document or record before the commissioner or in obedience to the subpoena of the commissioner or any officer designated by him, or in any proceeding instituted by the commissioner, on the ground that the testimony or evidence (documentary or otherwise), required of him may tend to incriminate him or subject him to a penalty or forfeiture, but no individual may be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after validly claiming his privilege against self-incrimination, to testify or produce evidence (documentary or otherwise), except that the individual testifying is not exempt from prosecution and punishment for perjury or contempt committed in testifying.

read:

25200. A broker-dealer registered under the Securities Exchange Act of 1934, who has not previously had any certificate denied or revoked under this law or any predecessor statute, shall be exempted from the provisions of Section 25210 if he has no place of business in this state and he does not direct offers to sell or buy into this state in any manner to persons other than broker-dealers, banks, savings and loan associations, trust companies, insurance companies, investment companies registered under the Investment Company Act of 1940, pension or profit-sharing trusts (other than self-employed individual retirement plans) , or other institutional investors or governmental agencies or instrumentalities designated by rule of the commissioner, or to more than 15 other customers (whether or not self-employed individual retirement plans) having an existing account with such broker-dealer prior to any offer made to them in this state, during any period of 12 consecutive months, whether or not the offeror or any of the offerees is then present in this state.

SEC. 4. Section 25212 of the Corporations Code is amended to read:

25212. The commissioner may, after appropriate notice and opportunity for hearing, by order censure, deny a certificate to, suspend for a period not exceeding 12 months or revoke the certificate of, any broker-dealer if he finds that such censure, denial, suspension, or revocation is in the public interest and that such broker-dealer, whether prior or subsequent to becoming such, or any partner, officer, director, or branch manager of such broker-dealer, whether prior or subsequent to becoming associated with such broker-dealer, or any person directly or indirectly controlling such broker-dealer, whether prior or subsequent to becoming such, or any

agent employed by such broker-dealer while so employed:

(a) Has willfully made or caused to be made in any application for a certificate or in any report required to be filed with the commissioner under this law, or in any proceeding before the commissioner, any statement which was at the time and in the light of the circumstances under which it was made false or misleading with respect to any material fact, or has willfully omitted to state in any such application or report any material fact which is required to be stated therein; or

(b) Has been either (1) convicted of or has pled nolo contendere to a felony or misdemeanor, or (2) held liable in a civil action by final judgment of a court based upon conduct showing moral turpitude, and the commissioner finds that any such felony, misdemeanor or civil action (i) involved the purchase or sale of any security, (ii) arose out of the conduct of the business of a broker-dealer or investment adviser, (iii) involved embezzlement, fraudulent conversion or misappropriation of property, funds or securities, or (iv) involved the violation of Section 1341, 1342 or 1343 of Title 18 of the United States Code; or

(c) Is permanently or temporarily enjoined by order, judgment, or decree of any court of competent jurisdiction from acting as an investment adviser, underwriter, or broker-dealer, or as an affiliated person or employee of any investment company, bank or insurance company, or from engaging in or continuing any conduct or practice in connection with any such activity or in connection with the purchase or sale of any security; or

(d) Is subject to any currently effective order of the Securities and Exchange Commission or the securities administrator of any other state denying registration to or revoking or suspending the registration of such person as a broker, dealer, agent or investment adviser or is subject to any currently effective order of any national securities association or national securities exchange (as defined in the Securities Exchange Act of 1934) suspending or expelling such person from membership in such association or exchange or from association with any member thereof; or

(e) Has willfully violated any provision of the Securities Act of 1933, the Securities Exchange Act of 1934, the Investment Advisers Act of 1940, the Investment Company Act of 1940, or Title 4 (commencing with Section 25000) of this code, including the Franchise Investment Law, Division 5 (commencing with Section 31000), or of any rule or regulation under any of such statutes; or

(f) Has willfully aided, abetted, counseled, commanded, induced, or procured the violation by any other person of any of the statutes or rules or regulations referred to in subdivision (e) above, or has failed reasonably to supervise, with a view to preventing violations of such statutes, rules and regulations, another person who commits such a violation, if such other person is subject to his supervision; for the purposes of this subdivision, no person shall be deemed to have failed reasonably to supervise any person if (1) there have been

established procedures, and a system for applying such procedures, which would reasonably be expected to prevent and detect, insofar as practicable, any such violation by such other person, and (2) such person has reasonably discharged the duties and obligations incumbent upon him by reason of such procedures and system without reasonable cause to believe that such procedures and system were not being complied with; or

(g) Is subject to any currently effective order of the commissioner entered pursuant to Section 25213 revoking or suspending the certificate of such person as an agent.

SEC. 5. Section 25237 of the Corporations Code is amended to read:

25237. The commissioner shall prescribe such rules with respect to investment advisers who have custody of their clients' securities or funds or who have any power of attorney from their clients to execute transactions as he finds to be necessary or appropriate in the public interest or for the protection of investors. Such rules may require a minimum capital for such investment advisers or prescribe a minimum ratio between net capital and aggregate indebtedness or both, and may require a surety bond in an amount not exceeding ten thousand dollars ($10,000) and a fidelity bond. All of the provisions of subdivision (e) of Section 25216 shall be applicable to such surety bond.

SEC. 6. Section 25504.2 of the Corporations Code is amended to read:

25504.2. (a) Any accountant, engineer, appraiser, or other person whose profession gives authority to a statement made by such person, who pursuant to rule of the commissioner has given written consent to be and has been named in any prospectus or offering circular distributed in connection with the offer or sale of securities as having prepared or certified in such capacity either any part of such document or any written report or valuation which is distributed with or referred to in any such document is jointly and severally liable with any other person liable under Section 25501 if:

(1) The part of such document so prepared or certified or the report or valuation so distributed or referred to includes an untrue statement of a material fact or omits to state a material fact necessary in order to make the statements made, in light of the circumstances under which they were made, not misleading; and

(2) The person asserting such liability acquired a security described in such document in reliance on such untrue statement or in reliance on such part of the document or on such report or valuation without notice of such omission.

(b) Notwithstanding the provisions of subdivision (a), no such accountant, engineer, appraiser, or other person shall be liable as provided therein if such person sustains the burden of proof that:

(1) Such person had, after reasonable investigation, reasonable ground to believe and did believe, at the time such person consented to such use of such person's name, that the statements so included

in such part of such document or in such report or valuation were true and that there was no omission to state a material fact necessary in order to make the statements made, in the light of the circumstances under which they were made, not misleading; or

(2) Such part of such document did not fairly represent such person's statement as an expert or was not a fair copy of or extract from such person's report or valuation as an expert; or

(3) Prior to the acquisition of the security by the person asserting the liability, such accountant, engineer, appraiser, or other person advised the issuer and the commissioner in writing that such person would not be responsible for such part of the document or the report or valuation.

(c) A person who participates in the preparation of a document described in subdivision (a) of this section shall be deemed to have prepared or certified only those portions thereof which are expressly stated with such person's written consent to have been made on such person's authority.

SEC. 7. Section 25507 of the Corporations Code is amended to read:

25507. (a) No action shall be maintained to enforce any liability created under Section 25503 (or Section 25504 or Section 25504.1 insofar as they relate to that section) unless brought before the expiration of two years after the violation upon which it is based or the expiration of one year after the discovery by the plaintiff of the facts constituting such violation, whichever shall first expire.

(b) No buyer may commence an action under Section 25503 (or Section 25504 or Section 25504.1 insofar as they relate to that section) if, before suit is commenced, such buyer shall have received a written offer approved as to form by the commissioner (1) stating the respect in which liability under such section may have arisen, (2) offering to repurchase the security for a cash price payable upon delivery of the security or offering to pay the buyer an amount in cash equal in either case to the amount recoverable by the buyer in accordance with Section 25503, or, offering to rescind the transaction by putting the parties back in the same position as before the transaction, (3) providing that such offer may be accepted by the buyer at any time within a specified period of not less than 30 days after the date of receipt thereof unless rejected earlier during such period by the buyer, (4) setting forth the provisions of this subdivision (b), and (5) containing such other information as the commissioner may require by rule or order, and such buyer shall have failed to accept such offer in writing within the specified period after receipt thereof.

(c) The commissioner may by rule or order impose as a condition to approval of an offer under subdivision (b) of this section, if the commissioner finds such action is necessary and appropriate for the protection of investors, conditions requiring:

(1) That equivalent and concurrent offers be made to all investors as to whom liability may have arisen and still exists under Section

25503 (or Section 25504 or Section 25504.1 insofar as they relate to that section) in connection with the distribution or transaction;

(2) That the offer be made subject to a condition voiding such offer if the issuer, by reason of acceptances, is disabled from commencing or continuing business;

(3) That the offer be made within a specified period after approval thereof by the commissioner;

(4) If the consideration paid by the offeree was other than monetary or if the offer is of rescission, and if the offer is rejected by the offeree on the ground that it does not accord him the damages payable under Section 25503 or that the rescission offered does not place the parties back in the same position as before the transaction, that an offer so rejected shall not bar the commencement of an action by the offeree under Section 25503 (or Section 25504 or Section 25504.1 insofar as they relate to that section); or

(5) That the offeror file a report or reports with the commissioner containing such information as he may require concerning the making of the offer, its acceptance or rejection, and compliance with its terms and conditions or with conditions imposed under this subdivision.

(d) Each person who files a repurchase offer with the commissioner pursuant to subdivision (b) shall file with the commissioner, in such form as the commissioner by rule prescribes, an irrevocable consent appointing the commissioner or the commissioner's successor in office to be such person's attorney to receive service of any lawful process in any noncriminal suit, action or proceeding against such person or such person's successor, executor or administrator, which arises under this law or any rule or order hereunder after the consent has been filed, with the same force and validity as if served personally on the person filing the consent. A person who has filed such a consent in connection with a qualification under this law (or application for a permit under any prior law if the application under this law states that such consent is still effective) need not file another. Service may be made by leaving a copy of the process in the office of the commissioner but it is not effective unless (1) the plaintiff, who may be the commissioner in a suit, action or proceeding instituted by him, forthwith sends notice of the service and a copy of the process by registered or certified mail to the defendant or respondent at such person's last address on file with the commissioner, and (2) the plaintiff's affidavit of compliance with this section is filed in the case on or before the return day of the process, if any, or within such further time as the court allows.

SEC. 8. Section 800 of the Penal Code is amended to read:

800. An indictment for any felony, except murder, voluntary manslaughter, involuntary manslaughter, the embezzlement of public money, the acceptance of a bribe by a public official or a public employee, grand theft, forgery, the falsification of public records, a violation of Section 72, 118, 118a, 132, 134, or 209 of the Penal Code, Section 25540 or 25541 of the Corporations Code, or

Section 1090 or 27443 of the Government Code, shall be found, an information filed, or case certified to the superior court within three years after its commission. An indictment for the acceptance of a bribe by a public official or a public employee, a felony, shall be found, an information filed, or case certified to the superior court within six years after its commission. An indictment for grand theft, forgery, voluntary manslaughter, or involuntary manslaughter, a violation of Section 72, 118, 118a, 132 or 134, of the Penal Code, Section 25540 or 25541 of the Corporations Code, or Section 1090 or 27443 of the Government Code, shall be found, an information filed, or case certified to the superior court within three years after its discovery.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. Sections 1, 2, 3, 4, 5, 7 and 8 shall become operative on January 1, 1979. The facts constituting such necessity are:

Section 25504.2 of the Corporations Code, as enacted by Chapter 762 of the Statutes of 1977, in providing for civil liability on the part of experts named in a prospectus or offering circular, failed to incorporate the administrative rulemaking authority necessary for its implementation, thereby creating the danger that civil liability may be asserted thereunder based on an implied rather than an express consent, contrary to the intent and purpose of such section, and it is therefore necessary that this act go into immediate effect.

CHAPTER 668

An act to amend Sections 48900, 48903, 48903.5, 48904.5, 48905, 48914, 48915, and 48922 of, and to add Sections 48213, 48214, 48432.5, 48903.3, and 48923 to, the Education Code, relating to schools, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 8, 1978. Filed with Secretary of State September 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 48213 is added to the Education Code, to read:

48213. Prior to excluding a child from attendance pursuant to Section 48211 or Section 48212, the governing board shall send a notice to the parent or guardian of the child. The notice shall contain each of the following:

(1) A statement of the facts leading to a decision to propose exclusion of the child.

(2) A statement that the parent or guardian of the child has a right to meet with the governing board to discuss the proposed exclusion.

(3) A statement that at any meeting with the governing board held to discuss such proposed exclusion, the parent or guardian shall have an opportunity to inspect all documents which the governing board relied on in its decision to propose exclusion of the child; to challenge any evidence and to confront and question any witness presented by the governing board; and to present oral and documentary evidence on the child's behalf, including witnesses. The statement shall also include notice that the parent or guardian may designate one or more representatives to be present with the parent or guardian at the meeting.

(4) A statement that the decision to exclude the child is subject to periodic review and a statement of the procedures set by the governing board for such periodic review.

If a child is excluded from attendance pursuant to Section 3118 of the Health and Safety Code or Section 49451 of this code, or when a principal or his or her designee determines that the continued presence of the child would constitute a clear and present danger to the life, safety, or health of pupils or school personnel, the governing board shall not be required to send prior notice of the exclusion to the parent or guardian of the child as required in this section. The governing board shall send a notice as required by this section as soon as is reasonably possible after the exclusion.

SEC. 1.5. Section 48214 is added to the Education Code, to read:

48214. The governing board of a school district shall adopt rules and regulations governing periodic reviews of its decisions to exclude children from attendance pursuant to Sections 48211 and 48212.

SEC. 2. Section 48432.5 is added to the Education Code, to read:

48432.5. The governing board of each high school or unified school district which assigns pupils to continuation schools shall adopt rules and regulations governing procedures for the involuntary transfer of pupils to continuation schools.

Such rules and regulations shall provide that written notice be given to the pupil and the pupil's parent or guardian informing them of the opportunity to request a meeting with a designee of the district superintendent prior to the transfer.

At the meeting, the pupil or the pupil's parent or guardian shall be informed of the specific facts and reasons for the proposed

transfer and shall have the opportunity to inspect all documents relied upon, question any evidence and witnesses presented and present evidence on the pupil's behalf. The pupil may designate one or more representatives and witnesses to be present with him or her at the meeting.

A decision to transfer the pupil involuntarily shall be based on a finding that the pupil (a) committed an act enumerated in Section 48900, or (b) has been habitually truant or irregular in attendance from instruction upon which he or she is lawfully required to attend.

The decision to transfer shall be in writing, stating the facts and reasons for the decision, and sent to the pupil and the pupil's parent or guardian. It shall indicate whether the decision is subject to periodic review and the procedure therefor.

None of the persons involved in the final decision to make an involuntary transfer of a pupil to a continuation school shall be a member of the staff of the school in which the pupil is enrolled at the time that the decision is made.

A pupil, with the concurrence of a designee of the district superintendent, may transfer voluntarily to a continuation school in order to receive special attention such as individualized instruction.

Involuntary transfer to a continuation school shall be imposed only when other means fail to bring about pupil improvement; provided that a pupil may be involuntarily transferred the first time he or she commits an act enumerated in Section 48900 if the principal determines that the pupil's presence causes a danger to persons or property or threatens to disrupt the instructional process.

No involuntary transfer to a continuation school shall extend beyond the end of the semester following the semester during which the acts leading directly to the involuntary transfer occurred unless the local governing board adopts a procedure for yearly review of the involuntary transfer conducted pursuant to this section at the request of the pupil or the pupil's parent or guardian.

A pupil who has voluntarily transferred to a continuation school shall have the right to return to the regular high school at the beginning of the following school year and with the consent of a designee of the district superintendent, may return at any time.

SEC. 2.5. Section 48900 of the Education Code is amended to read:

48900. A pupil shall not be suspended from school nor recommended for expulsion unless the principal determines that the pupil has:

(a) Caused or attempted to cause damage to school property or stolen or attempted to steal school property; or

(b) Caused or attempted to cause damage to private property or stolen or attempted to steal private property; or

(c) Caused, attempted to cause, or threatened to cause physical injury to another person; or

(d) Possessed, sold, or otherwise furnished any firearm, knife, explosive, or other dangerous object unless, in the case of possession

of any such object, the pupil had obtained written permission from a certificated school employee, which is concurred in by the principal or the designee of the principal; or

(e) Unlawfully possessed, used, sold, or otherwise furnished, or been under the influence of any controlled substance, as defined in Section 11007 of the Health and Safety Code, alcoholic beverage, or intoxicant of any kind; or

(f) Possessed or used tobacco, except as provided in Section 48903.6; or

(g) Committed an obscene act or engaged in habitual profanity or vulgarity; or

(h) Disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, or administrators.

No pupil shall be suspended or expelled for any of the acts enumerated unless such act is related to school activity or school attendance. A pupil may be suspended or expelled for acts which are enumerated in this section and related to school activity or attendance which occur at any time, including but not limited to: (1) while on school grounds; (2) while going to or coming from school; (3) during the lunch period, whether on or off the campus; or (4) during, or while going to or coming from, a school sponsored activity.

It is the intent of the Legislature that alternatives to suspensions or expulsion be imposed against any pupil who is truant, tardy, or otherwise absent from assigned school activities.

SEC. 3. Section 48903 of the Education Code is amended to read:

48903. (a) The principal of the school or the principal's designee may suspend a pupil from the school for any of the reasons enumerated in Section 48900 for no more than five consecutive schooldays.

(b) Suspension by the principal or his or her designee shall be preceded by an informal conference between the pupil, a certificated school employee, and, whenever practicable, the teacher or supervisor who referred the pupil to the principal or his or her designee. At the conference the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense. When the principal is absent from school, the principal's designee conducting the suspension shall conduct the informal conference required by this section.

(c) A principal or his or her designee may suspend a pupil without affording the pupil an opportunity for a conference only if the principal or his or her designee determines that an emergency situation exists. The term "emergency situation" as used in this article, means a situation determined by the principal or his or her designee to constitute a clear and present danger to the lives, safety or health of pupils or school personnel. If a pupil is suspended without a conference prior to suspension, a conference pursuant to subdivision (b) shall be held as soon as practicable, but not later than two schooldays from the day the suspension is ordered.

(d) Within one schoolday of the beginning of a suspension, a school employee shall mail a notice to the parent or guardian of the suspended pupil. The notice shall be, insofar as is practicable, in the primary language of the pupil's parent or guardian. The notice shall contain each of the following:

(1) A statement of the facts leading to the decision to suspend.

(2) The date and time when the pupil will be allowed to return to school.

(3) A statement of the right of the pupil or parent to request a meeting with the superintendent or the superintendent's designee pursuant to Section 48904.

(4) A statement of the parent's or the pupil's right to have access to the pupil's records as provided by Section 49069.

(5) A request that the parent or guardian attend a conference with school officials regarding the pupil's behavior, including notice that state law requires parents or guardians to respond to such request without delay.

(e) Within 24 hours of the beginning of a suspension, a school employee shall make a reasonable effort to contact the parent or guardian of the pupil in person or by telephone to communicate directly the information contained in the written notice. A school employee shall report the suspension of such pupil, including the cause therefor, to the governing board of the school district or to the district superintendent in accordance with the regulations of the governing board.

(f) The parent or guardian of any pupil shall respond without delay to any request from school officials to attend a conference regarding their child's behavior.

No penalties may be imposed on a pupil for failure of the pupil's parent or guardian to attend a conference with school officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at such conference.

(g) Except as provided in Section 48903.3, days of suspension from school for any pupil shall be limited to 20 schooldays in one school year, provided that, if a pupil for adjustment purposes is transferred to, or enrolled in, another regular school, an opportunity class in his school of residence, an opportunity school or class, or a continuation education school or class, additional days of suspension from school following such reassignment are limited to 10 in one school year, for a total of no more than 30 days of suspension in one school year.

(h) In a case where expulsion is being processed by the governing board, the school district superintendent or other person designated by him or her in writing may extend the suspension until such time as the governing board has rendered a decision in the action pursuant to Section 48914; provided, that the superintendent or the superintendent's designee has determined that the presence of the pupil at the school or in an alternative school placement would cause a danger to persons or property or a threat of disrupting the instructional process.

(i) For the purposes of this section, a "principal's designee" is an acting principal specifically designated by the principal to assist with disciplinary procedures when the principal is absent from school.

SEC. 4. Section 48903.3 is added to the Education Code, to read:

48903.3. The governing board of a school district may suspend a pupil attending a continuation school for not longer than the remainder of the semester during which the acts leading directly to the suspension occurred, if the procedures prescribed by subdivision (b) of Sections 48904.5, 48914, and 48915 are followed.

SEC. 4.5. Section 48903.5 of the Education Code is amended to read:

48903.5. A suspended pupil shall be allowed to complete all assignments and tests missed during the suspension which can be reasonably provided and, upon satisfactory completion, shall be given full credit therefor. The teacher of any class from which a pupil is suspended shall determine, pursuant to the provisions of this article and the regulations of the governing board of the school district, what assignments the pupil must make up and in what period of time the pupil must complete such assignments. The tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments which the pupil missed during the suspension.

SEC. 5. Section 48904.5 of the Education Code is amended to read:

48904.5. (a) The principal may recommend a pupil's expulsion for any of the acts enumerated in Section 48900.

(b) Upon recommendation by the principal or by a hearing officer or administrative panel appointed pursuant to subdivision (d) of Section 48914, the governing board may order a pupil expelled upon finding that the pupil violated Section 48900 and that other means of correction have repeatedly failed to bring about proper conduct, or due to the nature of the violation, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others, and that other means of correction are not feasible.

SEC. 6. Section 48905 of the Education Code is amended to read:

48905. No expulsion shall extend beyond the end of the semester following the semester during which the acts leading directly to the expulsion occurred unless the local governing board adopts a procedure for yearly appeal of the expulsion, conducted pursuant to Section 48914 at the request of the pupil or the pupil's parent or guardian. A description of such procedure shall be made available to the pupil and parent or guardian at the time the expulsion is ordered.

SEC. 7. Section 48914 of the Education Code is amended to read:

48914. The governing board of each school district shall establish rules and regulations governing procedures for the expulsion of pupils. Such procedures shall include, but are not necessarily limited to the following:

(a) The pupil and the pupil's parent or guardian shall be entitled to a hearing to determine whether the pupil should be expelled. An

expulsion hearing shall be held within 20 schooldays of the date expulsion is recommended pursuant to subdivision (a) of Section 48904.5, or within 25 schooldays of the date suspension is ordered for the offense, whichever is sooner, unless the pupil or the pupil's parent or guardian requests in writing that the hearing be postponed. Such request shall be made at least five days prior to the date of the hearing. In the event that compliance with the above time requirements is impracticable, the expulsion hearing may be delayed, for good cause, up to five additional schooldays.

(b) Written notice of the hearing shall be forwarded to the pupil and the pupil's parent or guardian at least 10 days prior to the date of the hearing. Such notice shall include: the date and place of the hearing, a statement of the specific facts and charges upon which the proposed expulsion is based, a copy of all the rules of the district which pertain to discipline adopted pursuant to Section 35291, and the opportunity of the pupil or the pupil's parent or guardian to: appear in person or to employ and be represented by counsel, inspect and obtain copies of all documents to be used at the hearing, confront and question all witnesses who testify at the hearing, question all other evidence presented, and present oral and documentary evidence on the pupil's behalf, including witnesses.

(c) Notwithstanding the provisions of Section 54950 of the Government Code and Section 35145 of this code, the governing board shall conduct a hearing to consider the expulsion of a pupil in a session closed to the public unless the pupil or the pupil's parents or guardian requests, in writing at least five days prior to the date of the hearing, that the hearing be a public meeting. If such request is made of the governing board, the meeting shall be public. Whether an expulsion hearing is conducted in closed or public session, the governing board may meet in executive session to determine if the pupil should be expelled, provided, that the parent or guardian of the pupil, the pupil, the counsel of the pupil, and the counsel of the parent or guardian of the pupil shall be allowed to attend the executive session.

(d) In lieu of conducting an expulsion hearing itself, the governing board of any school district may contract with the county hearing officer, or with the Office of Administrative Hearings of the State of California pursuant to Chapter 14 (commencing with Section 27720), Part 3, Division 2, Title 3 of the Government Code and Section 35207 of this code, for a hearing officer to conduct such hearing, or the governing board may appoint an impartial administrative panel of three or more certificated employees of the district, none of whom shall be on the staff of the school in which the pupil is enrolled. In lieu of the appointment of district employees exclusively, the district may request the services of one or more certificated persons not employed by the district. Such hearing shall not be conducted in conflict with any procedures established in this section. Such hearing shall be completed within five schooldays of the date on which the hearing was commenced. Within three

schooldays following such hearing, the hearing officer or administrative panel shall determine whether to recommend expulsion to the board. If the decision is for a rejection of expulsion, the expulsion proceedings shall be terminated and the pupil shall be immediately reinstated and allowed to return to classroom instruction upon which such pupil had been in attendance prior to the suspension or to any other instructional program by mutual agreement among the principal and parent or guardian and pupil. The hearing officer or administrative panel shall notify the board of the decision and the governing board shall accept the recommendation for a rejection of expulsion. The governing board may, however, require the hearing officer or administrative panel to prepare and submit findings of fact to support rejection of expulsion. If the hearing officer or administrative panel recommends expulsion, findings of fact in support of such recommendation shall be prepared and submitted to the board. All findings of fact and recommendations shall be based solely on the evidence adduced at the hearing. If the governing board accepts the recommendation calling for expulsion, such acceptance shall be based upon either a review of the findings of fact and recommendations submitted by the hearing officer or panel or upon results of such supplementary hearing conducted pursuant to this section as the governing board may order.

(e) A record of the hearing shall be made. Such record, may be maintained by any means, including electronic recording, so long as a reasonably accurate written transcription of the proceedings can be made.

(f) Technical rules of evidence shall not apply to such hearing, but evidence may be admitted and given probative effect only if it is the kind of evidence upon which reasonable persons are accustomed to rely in the conduct of serious affairs. A decision of the governing board to expel must be supported by a preponderance of the evidence.

(g) Whether a pupil expulsion hearing is conducted in closed or public session, by the governing board or before a hearing officer or administrative panel, a final action to expel shall be taken by the governing board at a public meeting. Written notice of any decision to expel shall be sent to the pupil or parent or guardian and shall be accompanied by notice of the right to appeal such expulsion to the county board of education.

A decision of the governing board whether to expel a pupil shall be made within 35 schooldays of the date expulsion is recommended by a principal pursuant to subdivision (a) of Section 48904.5 or within 40 schooldays of the date suspension is ordered for the offense, whichever is sooner, unless the pupil or the pupil's parent or guardian requests in writing that such decision be postponed. If the pupil or the pupil's parent or guardian had requested that the expulsion hearing held pursuant to subdivision (a) of Section 48914 be postponed, the time requirements of this subdivision may be

likewise extended. In the event that compliance with the above time requirements is impracticable, the expulsion hearing may be delayed, for good cause, up to five additional schooldays.

The governing board shall maintain a record of each expulsion, including the cause therefor.

SEC. 8. Section 48915 of the Education Code is amended to read:

48915. If a pupil is expelled from school, the pupil or the parent or guardian of the pupil may appeal, within 30 days following the decision to expel by the governing board, to the county board of education which shall hold a hearing thereon and render its decision. The county board shall hold the hearing within 20 schooldays of the request and shall render a decision within three schooldays of the hearing, unless the pupil or the pupil's parent or guardian agrees to a postponement.

The county board of education shall establish rules and regulations governing procedures for expulsion appeals pursuant to this section and not in conflict with Sections 48917 through 48920, including, but not limited to, notice of filing such appeal, setting the hearing date, certification to the county board of the record of the proceedings at the district level, hearing procedures, and preservation of a record of the hearing.

SEC. 9. Section 48922 of the Education Code is amended to read:

48922. When a petition is requested in juvenile court or a complaint filed in any court alleging that a minor of compulsory school attendance age or any pupil currently enrolled in a public school in a grade to and including grade 12 is a person using, selling, or possessing narcotics or other hallucinogenic drugs or substances, or for having inhaled or breathed the fumes of, or ingested any poison classified as such in Section 4160 of the Business and Professions Code, the district attorney shall, within 48 hours, provide written notice to the superintendent of the school district of attendance and to the pupil's parent or guardian.

SEC. 10. Section 48923 is added to the Education Code, to read:

48923. As used in this article:

(a) "Day" means a calendar day unless otherwise specifically provided.

(b) "Expulsion" means removal of a pupil from (1) the immediate supervision and control, or (2) the general supervision, of school personnel, as those terms are used in Section 46300.

(c) "Schoolday" means a day upon which the schools of the district are in session or weekdays during the summer recess.

(d) "Suspension" means removal of a pupil from ongoing instruction for adjustment purposes. However, "suspension" does not mean:

(1) Reassignment to another education program or class at the same school where the pupil will receive continuing instruction for the length of day prescribed by the governing board for pupils of the same grade level.

(2) Referral to a certificated employee designated by the

principal to advise pupils.

(3) Removal from the class, but without reassignment to another class or program, for the remainder of the class period, provided that such removal from a particular class occurs no more than once every five schooldays.

SEC. 11. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the duties, obligations, or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Uncertainty has been expressed concerning the proper application of the recently revised laws relating to pupil discipline. In order to eliminate such uncertainty as soon as possible, and so provide for a fair and effective system of pupil discipline which is uniformly administered throughout the state, it is necessary that this act take effect immediately.

SEC. 2. Section 30233 of the Public Resources Code is amended to read:

30233. (a) The diking, filling, or dredging of open coastal waters, wetlands, estuaries, and lakes shall be permitted in accordance with other applicable provisions of this division, where there is no feasible less environmentally damaging alternative, and where feasible mitigation measures have been provided to minimize adverse

Any CETA position which has been or which is hereafter established by the county office of education shall not be exempted from the classified service if any employee of the county office of education is employed to perform the same work or work substantially similar to that assigned to such CETA position, or if the jobsite for the CETA position is located at a facility operated by the county office of education or by any school district or community college district within the county.

Such rules and plans may also provide for the recording and reporting of expense experience items which are specially applicable to this state and are not susceptible of

determination by a prorating of countrywide expense experience. In promulgating such rules and plans, the commissioner may give due consideration to the rating systems in use and, in order that such rules and plans may be as uniform as is practicable among the several states, to the rules and to the form of the plans used for such rating systems in other states. No insurer shall be required to record or report its loss experience on a classification basis that is inconsistent with the rating system in use by it. The commissioner may designate one or more rating organizations or advisory organizations to assist him in gathering such experience and making compilations thereof, and such compilations shall be made available, subject to reasonable rules promulgated by the commissioner, to insurers and rating organizations.

(b) Reasonable rules and plans may be promulgated by the commissioner for the interchange of data necessary for the application of rating plans.

(c) In order to further uniform administration or rate regulatory laws, the commissioner and every insurer and rating organization may exchange information and experience data with insurance supervisory officials, insurers and rating organizations in other states and may consult with them with respect to ratemaking and the application of rating systems.

CHAPTER 677

An act to add Section 89520 to the Education Code, relating to state employees.

[Approved by Governor September 8, 1978. Filed with Secretary of State September 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 89520 is added to the Education Code, to read:

89520. Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972, as amended; Executive Order Number 11246, as amended, and the rules and regulations adopted under each of these, the federal law shall prevail.

[Approved by Governor September 8, 1978. Filed with Secretary of State September 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 33380 of the Education Code is amended to read:

33380. The Legislature hereby finds and declares that Indian children have not succeeded well in California public schools as evidenced by low academic achievement at all grade levels, high dropout rates and by the few students continuing their education beyond high school.

It is the intent and purpose of the Legislature to strengthen the instructional program within the public schools by establishing California Indian education centers.

SEC. 2. Section 33383 of the Education Code is amended to read:

33383. Application for the establishment of a California Indian education center may be made to the State Board of Education by any tribal group or incorporated Indian association, either separately or jointly, upon forms provided by the Department of Education.

SEC. 3. Section 52063 of the Education Code is amended to read:

52063. The governing board of any rural school district receiving equalization aid, having a school in which there is a concentration of 10 percent or more of Native American Indian students, and which maintains prekindergarten through grade 4 or kindergarten through grade 4, may apply to the superintendent for a project in Native American Indian education. Any rural school district receiving equalization aid at the initial time an application for a project is accepted shall continue to be eligible for funding under Section 52062 notwithstanding the fact that such school district may no longer be receiving equalization aid.

The governing boards of two or more of such school districts may jointly apply for a project in Native American Indian education.

The application shall be made on forms provided by the superintendent, and in accordance with the rules and regulations adopted by the board.

The dates for making application shall be established by the

superintendent.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to permit Native American Indian education pilot projects established by Chapter 899 of the Statutes of 1976 to continue without interruption, thus avoiding harm to presently functioning successful programs and their student participants, it is necessary that this act take effect immediately.

CHAPTER 679

An act to amend Section 1463 of the Penal Code, relating to disposition of fines.

[Approved by Governor September 8, 1978. Filed with Secretary of State September 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 1463 of the Penal Code is amended to read:

1463. Except as otherwise specifically provided by law:

(1) All fines and forfeitures including Vehicle Code fines and forfeitures collected upon conviction or upon the forfeiture of bail, together with moneys deposited as bail, in any municipal court or justice court, shall, as soon as practicable after the receipt thereof, be deposited with the county treasurer of the county in which such court is situated. The moneys so deposited shall be distributed as follows:

(a) Once a month there shall be transferred into the proper funds of the county an amount equal to the fines and forfeitures collected during the preceding month upon the conviction or upon the forfeiture of bail following arrests made by officers or other persons employed by the state or by the county in which such court is situated, exclusive of fines or forfeitures or forfeitures of bail collected from any person arrested by a state officer and charged with the commission of a misdemeanor under the Vehicle Code within the limits of a city within the county.

(b) Except as otherwise provided in this subdivision, once a month there shall be transferred into the traffic safety fund of each city in the county an amount equal to 50 percent of all fines and forfeitures collected during the preceding month upon the conviction or upon the forfeiture of bail from any person arrested by a state officer and charged with the commission of a misdemeanor under the Vehicle Code within that city, and an amount equal to the remaining 50 percent shall be transferred to the special road fund of the county; provided, however, that the board of supervisors of the

county may, by resolution, provide that not more than 50 percent of the amount to be transferred to the special road fund of the county, be transferred into the general fund of the county.

Once a month there shall be transferred into the general fund of the county an amount equal to that percentage of the fines and forfeitures collected during the preceding month upon the conviction or upon the forfeiture of bail from any person arrested by a state officer and charged with the commission of a misdemeanor under the Vehicle Code on state highways constructed as freeways whereon city police officers enforced the provisions of the Vehicle Code on April 1, 1965, within the limits of a city within the county which is set forth in the schedule appearing in subparagraph (c) of this paragraph (1). If this paragraph is applicable within a city, it shall apply uniformly throughout the city to all freeways regardless of the date of freeway construction or completion.

(c) Once a month there shall be transferred into the general fund of the county an amount equal to that percentage of the fines and forfeitures collected during the preceding month upon conviction or upon the forfeiture of bail following arrests made by officers or other persons employed by each city in the county which is set forth in the following schedule:

In any county for which a county percentage is set forth in the above schedule and which contains a city which is not listed or which is hereafter created, there shall be transferred to the county general fund the county percentage. In any county for which no county percentage is set forth, and in which a city is hereafter created, there shall be transferred to the county general fund 15 percent.

A county and a city therein may, by mutual agreement, adjust the percentages herein.

(d) Once a month there shall be transferred to each city in the county an amount equal to the total sum remaining after the

transfers provided for in subparagraphs (b) and (c) above have been made of the fines and forfeitures collected during the preceding month upon conviction or upon the forfeiture of bail following arrests made by officers or other persons employed by such city or arrests made by state officers for misdemeanor violations of the Vehicle Code.

(2) Any money deposited with such court or with the clerk thereof which, by order of the court or for any other reason, should be returned in whole or in part to any person, or which is by law payable to the state or to any other public agency, shall be paid to such person or to the state or to such other public agency by warrant of the county auditor, which shall be drawn upon the requisition of the clerk of such court.

All money deposited as bail which has not been claimed within one year after the final disposition of the case in which such money was deposited, or within one year after an order made by the court for the return or delivery of such money to any person, shall be apportioned between the city and the county and paid or transferred in the manner hereinabove provided for the apportionment and payment of fines and forfeitures. This paragraph shall control over any conflicting provisions of law.

SEC. 2. Notwithstanding Sections 2229, 2230, and 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to those sections nor shall there be any appropriation made by this act because there are no state-mandated local costs in this act and any revenue loss implied herein is not reimbursable under Section 2229 or 2230 of the Revenue and Taxation Code.

CHAPTER 680

The information signs may be placed near the highway exits in addition to other highway signs.

(b) The department shall establish and charge a fee to place and

maintain information signs in an amount not less than 25 percent above its estimated cost in placing and maintaining the information signs. Funds derived from the imposition of the fee, after deduction of the cost to the department for the placement and maintenance of the information signs, shall be available, upon appropriation by the Legislature, for safety roadside rest purposes.

(c) Not later than July 1, 1980, the department shall submit to the Legislature a report on its findings with respect to the placement of information signs pursuant to subdivision (a) and a recommendation on whether or not the placement of such signs should be authorized on a statewide basis.

The people of the State of California do enact as follows:

SECTION 1. Section 13952 is added to the Water Code, to read:

13952. Notwithstanding the provisions of Sections 13950 and 13951, water containing waste which has been placed in a sanitary sewer system for treatment and transportation outside of the Lake Tahoe Basin may be reclaimed in a pilot reclamation project to demonstrate the technological and environmental feasibility of using such water for beneficial purposes within the Lake Tahoe Basin in accordance with the provisions of the Water Reclamation Law (Chapter 7 (commencing with Section 13500) of this division) and the provisions of this section.

Prior to the initiation of any pilot reclamation project within the Lake Tahoe Basin, the reclaimer or reuser shall submit the project with technical data to the regional board for the Lahontan region for approval. Only those projects submitted before January 1, 1984, shall be considered. The technical data submitted shall demonstrate that such pilot reclamation project will not, individually or collectively, directly or indirectly, adversely affect the quality of the waters of Lake Tahoe. The intended operational life of the project shall be at least 10 years.

No pilot reclamation project shall be initiated unless and until such regional board approves the project, and finds that such pilot reclamation project or projects will not, individually or collectively, directly or indirectly, adversely affect the quality of the waters of Lake Tahoe. The regional board for the Lahontan region shall place conditions on any approved project to include specification of maximum project size. CHAPTER 684

An act to amend Section 690.31 of the Code of Civil Procedure, relating to exemptions from execution.

[Approved by Governor September 8, 1978 Filed with Secretary of State September 11, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 690.31 of the Code of Civil Procedure is amended to read:

690.31. (a) (1) A dwelling house in which the debtor or the family of the debtor actually resides shall be exempt from execution, to the same extent and in the same amount, except as otherwise provided in this section, as the debtor or the spouse of the debtor would be entitled to select as a homestead pursuant to Title 5 (commencing with Section 1237) of Part 4 of Division 2 of the Civil Code. For the purpose of this section, "dwelling house" means the dwelling house together with the outbuildings and the land on which the same are situated.

(2) A mobilehome as defined in Section 18008 of the Health and Safety Code in which the debtor or the family of the debtor actually resides, together with the outbuildings and the land on which the same are situated, shall be exempt from execution, to the same extent and in the same amount, as is provided for a dwelling house by this section. For the purposes of this section, "dwelling house" includes such a mobilehome.

(b) The exemption provided in subdivision (a) does not apply:

(1) Whenever the debtor or the spouse of the debtor has an existing declared homestead on any property in this state other than property which is the subject of a proceeding under subdivision (c) of this section. The existence of a homestead declared by the debtor or the debtor's spouse under Section 1300 of the Civil Code shall not affect the right of the other spouse to an exemption under this section.

(2) Whenever a judgment or abstract thereof or any other obligation which by statute is given the force and effect of a judgment lien has been recorded prior to either:

(i) The acquisition of the property by the debtor or the spouse of

the debtor; or

(ii) The commencement of residence by the debtor or the spouse of the debtor, whichever last occurs.

(3) Whenever the execution or forced sale is in satisfaction of judgments obtained:

(i) On debts secured by mechanics, contractors, subcontractors, artisans, architects, builders, laborers of every class, or materialmen's or vendors' liens upon the dwelling house or premises;

(ii) On debts secured by encumbrances on the dwelling house or premises executed and acknowledged by husband and wife, by a claimant of a married person's separate homestead, or by an unmarried claimant; or

(iii) On debts secured by encumbrances on the dwelling house or premises, executed and recorded prior to or in connection with the acquisition of the property by the debtor or the spouse of the debtor.

(c) Whenever a judgment creditor seeks to enforce a judgment against a dwelling house, whether or not the judgment was rendered in another county, the judgment creditor shall apply to the proper court in the county in which the dwelling house is located for the issuance of a writ of execution. The proper court shall be determined in the same manner as provided in Section 392. The application shall be verified and describe the dwelling house and state that either or both of the following facts exist:

(1) The dwelling house is not exempt, the reasons therefor, and (i) that a reasonable search of the records of the office of the county recorder has not resulted in the finding of a declared homestead of the debtor or the spouse of the debtor on the subject dwelling house, and further, that a reasonable search of the records of the county tax assessor indicates that there is no current homeowner's exemption claimed by either the debtor or the spouse of the debtor on the subject dwelling house, or (ii) that the records of the county tax assessor indicate that there is a current homeowner's exemption claimed by either the debtor or the spouse of the debtor on the subject dwelling house but the judgment creditor believes for reasons which shall be stated in the application that the debtor or the spouse of the debtor is not entitled to the exemption provided in this section.

(2) The current value of the dwelling house, over and above all liens and encumbrances thereon, exceeds the amount of the allowable exemption.

If an application alleges facts solely pursuant to paragraph (2) or the court determines that a writ may issue only under the circumstances described in paragraph (2), the court shall determine whether the current value of the dwelling house, over and above all liens and encumbrances thereon, exceeds the amount of the allowable exemption in the manner provided by Title 5 (commencing with Section 1237) of Part 4 of Division 2 of the Civil Code.

At the time the application is filed, if the judgment was rendered

in another county, there shall be paid to the clerk or judge, as a filing fee, the sum of four dollars ($4) when filed in a justice court, or the sum of six dollars ($6) when filed in a superior or municipal court.

Whenever a judgment creditor seeks to enforce a judgment pursuant to this section and the judgment was rendered in another county, the judgment creditor shall file with the clerk or judge of the proper court in the county in which the dwelling house is located an abstract of judgment in the form prescribed in Section 674.

(d) Upon receipt of a completed application of a judgment creditor, the court shall set a time and place for hearing and order the debtor to show cause why a writ of execution should not issue. Prior to the hearing, a copy of the order to show cause, a copy of the application filed by the judgment creditor and a copy of the following notice, in at least 10-point bold type, shall be served as prescribed in subdivision (*l*):

"IMPORTANT LEGAL NOTICE TO HOMEOWNER AND RESIDENT

1. Your house is in danger of being sold to satisfy a judgment obtained in court. You may be able to protect the house and real property described in the accompanying application from execution and forced sale if you or your family now actually reside on the property and presently do not have a declared homestead legally recorded with the county recorder on any other property in the State of California. YOU OR YOUR SPOUSE MUST COME TO THE HEARING TO SHOW THESE FACTS.

2. If you or your spouse want to contest the forced sale of this property, you or your spouse must appear at

_____ on _____

(location set forth in OSC) (date and time)

and be prepared to answer questions concerning the statements made in the attached application. THE ONLY PURPOSE OF THE HEARING WILL BE TO DETERMINE WHETHER THE PROPERTY CAN BE SOLD, NOT WHETHER YOU OWE THE MONEY.

3. FOR YOUR OWN PROTECTION, YOU SHOULD PROMPTLY SEEK THE ADVICE OF AN ATTORNEY IN THIS MATTER. IF YOU ARE A TENANT AND DO NOT CLAIM TO BE THE OWNER OR BUYER OF THIS PROPERTY, THIS NOTICE DOES NOT AFFECT YOU. PLEASE GIVE IT TO YOUR LANDLORD."

(e) The burden of proof at the hearing shall be determined in the following manner:

(1) Where the application of the judgment creditor states a claim of nonexempt status, the debtor or the spouse of the debtor shall have the burden of proving his or her entitlement to the exemption; and

(2) Where the application of the judgment creditor asserts that the current value of the dwelling, over and above all liens and encumbrances thereon, exceeds the amount of the allowable

exemption, the judgment creditor shall have the burden of proof on that issue.

(f) Upon a determination by the court that the dwelling house is not exempt or that, although exempt, the judgment creditor is entitled to levy against any excess, it shall make an order directing the issuance of a writ of execution. The order shall state whether or not the dwelling house is exempt and, if not exempt, state that the judgment creditor is entitled only to execution against the excess over the exempt amount. It shall also specify the amount of the exemption. A copy of the order shall be transmitted by the clerk of the court to the clerk of the court in which the judgment was rendered.

The writ of execution shall specify the amounts for distribution under the levy, including names and addresses of each person or entity having an encumbrance against the dwelling and the name and address of any exempt debtor and the exempt amount.

(g) Any such writ of execution issued upon a hearing at which the debtor, the spouse of the debtor, or his or her attorney did not appear shall be served in the manner prescribed in subdivision (*l*) and be accompanied by the following notice in at least 10-point bold type:

"IMPORTANT LEGAL NOTICE TO HOMEOWNER AND RESIDENT

1. You were recently served with a court order requiring your presence at a hearing to determine why the court should not issue a writ of execution for the forced sale of your home. YOU AND YOUR SPOUSE FAILED TO APPEAR AT THE HEARING AND THE COURT HAS ORDERED THAT YOUR HOME BE SOLD TO SATISFY A JUDGMENT AGAINST YOU.

2. Your absence at the hearing has contributed to the issuance of the accompanying writ of execution. If the absence of you or your attorney at the hearing was legally excusable and you believe in good faith that your home may be entitled to an exemption from execution, you should complete the form below and date, sign, and return the form below no later than _____. (Insert date no later than five days prior to date of sale.)

3. FOR YOUR OWN PROTECTION, YOU SHOULD IMMEDIATELY SEEK THE ADVICE OF AN ATTORNEY. IF YOU ARE A TENANT AND DO NOT CLAIM TO BE THE OWNER OR BUYER OF THIS PROPERTY, THIS NOTICE DOES NOT AFFECT YOU. PLEASE GIVE IT TO YOUR LANDLORD.

(Signature of Debtor or Debtor's Spouse)

(h) If the debtor or spouse of the debtor declares that his or her absence or the absence of his or her attorney at the hearing was due to mistake, inadvertence, surprise or excusable neglect and declares that the subject dwelling house may be entitled to an exempt status, the levying officer shall, upon receipt of the declarations of the debtor five days prior to the scheduled sale date, postpone the sale pending further orders of the court and transmit the notice forthwith to the court. Upon receipt of the notice, the clerk shall set a hearing to determine whether the writ of execution should be recalled, and shall give at least 10 days' notice to the parties.

(i) Subsequent applications by a judgment creditor within 12 months of a denial of a writ of execution shall be supported by a statement under oath alleging that there is a material change of circumstances affecting the exemption, and setting forth facts supporting such claimed material change of circumstances.

An act to amend Sections 4363.1, 4363.2, and 4363.3 of the Civil Code, relating to dissolution of marriage.

[Approved by Governor September 8, 1978 Filed with Secretary of State September 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 4363.1 of the Civil Code is amended to read:

4363.1. (a) Upon written application by a party to a proceeding under this part, the clerk shall enter an order joining as a party to the proceeding any employee pension benefit plan in which either party to the proceeding claims an interest which is or may be subject to disposition by the court. Upon entry of the order, the party requesting joinder shall file an appropriate pleading setting forth the party's claim against the plan and the nature of the relief sought. A copy of such pleading, a copy of the joinder request, a copy of the summons and a blank copy of a notice of appearance in form and content approved by the Judicial Council shall be served upon the employee pension benefit plan in the same manner as service of papers generally. Service of the summons upon a trustee or administrator of the employee pension benefit plan in his capacity as such, or upon any agent designated by the plan for service of process in his capacity as such, shall constitute service upon the employee pension benefit plan. To facilitate service, the employee spouse shall furnish within 30 days after written request the name, title and address of the plan's trustee, administrator, or agent for service of process, to the nonemployee spouse. If necessary, the employee shall obtain the information from the plan.

(b) A notice of appearance shall be filed and served by the employee pension benefit plan upon the party requesting joinder within 30 days of the date of the service upon the employee pension benefit plan of a copy of the joinder request and summons. Notwithstanding any contrary provision of law, the employee pension benefit plan shall not be required to pay any fee to the clerk of the court as a condition to filing such notice of appearance or any subsequent paper in the proceeding.

(c) If the employee pension benefit plan has been served and no notice of appearance, notice of motion to quash service of summons pursuant to Section 418.10 of the Code of Civil Procedure, or notice of the filing of a petition for writ of mandate as provided in such section, has been filed with the clerk of the court within the time specified in the summons or such further time as may be allowed, the clerk, upon written application of the party requesting joinder, shall enter the default of the employee pension benefit plan in accordance with Chapter 2 (commencing with Section 585) of Title 8 of Part 2 of the Code of Civil Procedure.

SEC. 2. Section 4363.2 of the Civil Code is amended to read:

4363.2. (a) The provisions of this section shall govern any proceeding in which an employee pension benefit plan has been joined as a party. To the extent not in conflict with this section and except as otherwise provided by rules adopted by the Judicial Council pursuant to Section 4001, all provisions of law applicable to civil actions generally shall apply regardless of nomenclature to the portion of such proceeding as to which the plan has been joined as a party if they would otherwise apply to such proceeding without reference to this section.

(b) The employee pension benefit plan may, but need not, file an appropriate responsive pleading with its notice of appearance. If it does not, then all statements of fact and requests for relief contained in any pleading served on the plan shall be deemed controverted by the plan's notice of appearance.

(c) Either party or their representatives may notify the plan of any proposed property settlement as it concerns the plan prior to the interlocutory hearing. If so notified, the plan may stipulate to the proposed settlement or advise the representative that it will contest the proposed settlement.

(d) The employee pension benefit plan shall not be required to, but may, appear at any hearing in the proceeding. For purposes of the Code of Civil Procedure, the plan shall be considered a party appearing at the trial with respect to any hearing at which the interest of the parties in the plan is an issue before the court. Those provisions of any order entered at or as a result of a hearing not attended by the plan (whether or not the plan received notice of the hearing) which affect the plan or which affect any interest either the petitioner or respondent may have or claim under the plan, shall not become effective until 30 days after the order has been served upon the employee pension benefit plan, provided, however, that the plan

may waive all or any portion of the 30-day period. If within the 30-day period, the plan files in the proceeding a motion to set aside or modify those provisions of the order affecting it, such provisions shall not become effective until the court has resolved the motion.

If the provisions of the order affecting the plan are modified or set aside, the court, on motion by either party, may set aside or modify other provisions of the order related to or affected by the provisions affecting the employee pension benefit plan.

(e) At any hearing on a motion to set aside or modify an order pursuant to subdivision (d), any party may present further evidence on any issue relating to the rights of the parties under the employee pension benefit plan or the extent of the parties' community or quasi-community property interest in the plan. Any findings of fact or conclusions of law made by the court with respect to the order which is the subject of the motion shall take account of such evidence.

SEC. 3. Section 4363.3 of the Civil Code is amended to read:

4363.3. As used in this part, the term "employee pension benefit plan" includes public and private retirement, pension, profit sharing, stock bonus, thrift and similar plans of deferred compensation, whether of the defined contribution or defined benefit type.

SEC. 4. The Legislature intends that the amendment to subdivision (c) of Section 4363.2 of the Civil Code, as enacted by Chapter 860 of the Statutes of 1977, made by Section 2 of this act shall not be construed as a repeal or modification of the law existing prior to January 1, 1978.

SEC. 5. Section 3 of this act is declaratory of existing law.

SEC. 6. The provisions of Section 1 of this act shall apply to any order of joinder entered in a proceeding under Part 5 (commencing with Section 4000) of Division 4 of the Civil Code on or after the operative date of this act. The provisions of Section 2 of this act shall apply to hearings held and to orders entered on or after the operative date of this act in any proceeding under Part 5 (commencing with Section 4000) of Division 4 of the Civil Code whether or not such proceeding was commenced prior to such date, whether or not the employee pension benefit plan was joined as a party prior to such date, and whether or not the employee pension benefit plan has consented to be governed by the provisions of Section 4363.2 of the Civil Code in effect prior to such date.

[Approved by Governor September 8, 1978. Filed with Secretary of State September 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 14035 is added to the Government Code, to read:

14035. The department may enter into contracts with railroad corporations to provide commuter and intercity passenger rail services.

Such contracts may include, but are not limited to, the extension of intercity passenger rail services provided by the National Rail Passenger Corporation under Section 403(b) of the Rail Passenger Service Act of 1970 (45 U.S.C. Sec. 563(b)) or the upgrading of other commuter rail services, or the acquisition and improvement by the department of rail terminals for passenger service as the department determines will best encourage usage thereof.

The department shall be the only public agency eligible to receive funds pursuant to Section 1614 of Title 49 of the United States Code.

SEC. 2. Section 14035.5 is added to the Government Code, to read:

14035.5. The department may enter into contracts with common carriers, as defined by Section 211 of the Public Utilities Code, or with any corporation, partnership, or person to provide intercity bus transportation or feeder services to and from rail passenger terminals.

SEC. 3. Section 14035.7 is added to the Government Code, to read:

14035.7. Funds allocated for commuter rail purposes shall be consistent with the regional transportation plan and the regional transportation improvement program for the region in which they will be expended, unless a finding specified in Section 14530 is made by the commission.

CHAPTER 695

An act to amend Section 6826 of the Public Resources Code, relating to state lands.

[Approved by Governor September 8, 1978. Filed with Secretary of State September 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 6826 of the Public Resources Code is amended to read:

6826. (a) The commission may permit geological or geophysical surveys on state lands and may grant permits therefor upon such terms and conditions as the commission shall specify by regulation, but any such permit shall not give the permittee any preferential right to an oil and gas lease. Whenever the granting of any such permit is being considered by the commission, it shall, prior to granting the permit, hold a public hearing on the matter and give not less than sixty (60) days' written notice thereof to each city or county adjacent to the area where such surveys would be conducted, and shall publish such notice in the manner prescribed in Section 6834 of this chapter. The taking of cores and other samples may be conducted on and under state lands; provided, that the commission shall require that a permit first be obtained covering such types of drilling operations for the purpose of obtaining geological samples as the commission may determine by regulation, such permit to be issued upon such terms and conditions as the commission may specify by regulation, but any such permit shall not give the permittee any preferential right to an oil and gas lease.

(b) The commission shall require, as a condition to the issuance of any permit for the conduct of geological or geophysical surveys on tide and submerged lands under this section, that the permittee make available to the commission, upon request, all factual and physical exploration results, logs, and records resulting from the operations under the permit. Any such factual or physical exploration results, logs, or records which the permittee is required to make available to the commission shall be for the confidential use of the commission and shall not be open to inspection by any person or agency. The commission may, however, make such exploration results, logs and records available to those governmental agencies which need such information in order to evaluate or regulate such tide and submerged lands and adjacent lands; provided, however, that the commission shall enter into a contractual agreement with such governmental agencies specifying the purposes for which the exploration results, logs, and records may be used and requiring the exploration results, logs, and records to be maintained in confidence. Such contractual agreements shall specify the person who will examine and be responsible for the confidentiality of such

information. Such information shall not be open to inspection by any other person or agency without the written consent of the permittee.

(c) It is a misdemeanor for any member of the commission, any officer or employee of the commission, or any person performing any function or work assigned to him by the commission, or any governmental agency or employee utilizing such data pursuant to an agreement of confidentiality provided for in subdivision (b), to disclose to any person who is not a member, officer, employee of the commission, or authorized person pursuant to subdivision (b), or to any person who is not performing any function or work assigned to him by the commission, any information obtained from the inspection of such factual or physical exploration results, logs, or records, or to use such information for purposes other than those authorized by the commission or for the administration of the functions, responsibilities, and duties vested in the commission by law, except upon the written consent of the permittee making available such information to the commission.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 696

An act to add Section 162 to the Streets and Highways Code, relating to state highways.

[Approved by Governor September 8, 1978. Filed with Secretary of State September 11, 1978]

SECTION 1. Section 162 is added to the Streets and Highways Code, to read:

162. (a) Unless the commission finds that it would be impractical, any state highway exclusive and preferential lane for buses and other high occupancy vehicles constructed on new alignment or new structures under a contract advertised for bids after January 1, 1979, shall be designed and constructed on such horizontal and vertical alignments, including the grade, curvature, and horizontal and vertical clearances, so that the lane may readily be reconstructed as an exclusive public mass transit guideway, using the department's rail transit design criteria.

(b) Notwithstanding subdivision (a), prior to designing a state

highway in conformance with this section, the department shall consider:

(1) Cost effectiveness.

(2) Any added environmental impact.

(3) The likelihood of a guideway project ever being developed.

An act to amend Sections 11453.1, 18900, 18904, 18907, 18908, 18911, and 18919 of, to add Sections 18904.1, 18913, and 18914 to, and to repeal Sections 18904.1, 18904.2, 18912, 18913, and 18914 of, the Welfare and Institutions Code, relating to public social services.

[Approved by Governor September 11, 1978. Filed with Secretary of State September 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 11453.1 of the Welfare and Institutions Code is amended to read:

11453.1. (a) It is the intent of this section to assure that the food purchasing power provided by benefits available from food stamps under the federal Food Stamp Program (Chapter 51 (commencing with Section 2011), Title 7, United States Code) shall continue to be available to recipients of aid under this chapter, if, when and during such times as federal law is amended to preclude food stamp benefits to such recipients, but does expressly permit the equivalent of such benefits to be provided as cash benefits to such recipients.

(b) It is the further intent of this section to protect the financial interest of the state and counties by accomplishing the conversion of food stamp benefits in such a manner that the conversion does not result in state and county costs of aid exceeding the costs in the base year, as hereinafter defined in this section.

(c) If federal law is amended to preclude the provision of food stamp benefits pursuant to the federal Food Stamp Program to applicants or recipients of aid under this chapter, when such federal law becomes operative, such of the following provisions for converting food stamp benefits to cash benefits as is consistent with the intent of this section shall become operative immediately:

(1) The bonus value of food stamps shall be paid in addition to the amounts payable pursuant to subdivision (a) of Section 11450, provided that aggregate state and county expenditures pursuant to that section and this section do not thereby exceed the base-year costs.

(2) If aggregate state and county expenditures pursuant to subdivision (a) of Section 11450 and this section in any fiscal year would, by virtue of the operation of subsection (1) of subdivision (c) of this section, result in an increase over the aggregate of such expenditures in the base year, the bonus value of food stamps paid pursuant to this section shall be reduced, on a pro rata basis, by such amount as will reduce aggregate state and county expenditures under that section and this section to an amount equal to the aggregate state and county expenditures in the base year.

(d) For the purposes of this section, "base year" means that year designated by federal law as the year fixing the limit on nonfederal

expenditures for programs established to implement programs under Part A of Title 4 of the Social Security Act.

(e) For purposes of this section, "bonus value of food stamps" means the dollar amount that federal law permits to be paid to a child or a family of given size as a cash benefit in lieu of benefits under the federal Food Stamp Program.

(f) For purposes of this section, "aggregate state and county expenditure" is defined as expenditure made under subdivision (a) of Section 11450 and this section, after deducting any federal reimbursements or credits, and excluding any cost-of-living increment paid pursuant to Section 11453.

SEC. 2. Section 18900 of the Welfare and Institutions Code is amended to read:

18900. Finding that hunger, undernutrition, and malnutrition are present and continuing problems faced by low-income California households, and further finding that the federal Food Stamp Program (Chapter 51 (commencing with Section 2011), Title 7, United States Code) offers significant health-vital benefits, the purpose of this chapter is to establish a statewide program to enable recipients of aid under Part 3 (commencing with Section 11000) or Part 5 (commencing with Section 17000) of this division and other low-income households to receive food stamps under the federal Food Stamp Program.

SEC. 3. Section 18904 of the Welfare and Institutions Code is amended to read:

18904. Regulations, orders or standards of general application to implement, interpret or make specific the law relating to this chapter shall be adopted, amended or repealed only in accordance with Section 10554. The director shall also provide for the two procedures as described in subdivision (a) of Section 18904.1 by which a county welfare department shall distribute food stamps to eligible households. To the extent permitted by federal law, the director may, at county request, waive use of direct mail issuance.

SEC. 4. Section 18904.1 of the Welfare and Institutions Code is repealed.

(a) The director shall immediately establish procedures for over-the-counter and direct mail issuance of food stamps in all counties.

(b) The director of a county welfare department may seek a waiver of direct mail issuance if the county director establishes that reasonable access is afforded recipients by over-the-counter issuance.

The request for a waiver shall be in writing and shall describe the reasons for the request. The county director shall submit a copy of the waiver request to the county board of supervisors.

(c) Upon receipt of a waiver request from a county, the director shall decide whether to grant the waiver in accordance with the following procedure. The director shall consider the waiver in light of the facts presented in the waiver request. If the director finds that the facts presented in the waiver request establish that the conditions in subdivision (b) of this section exist in the county and that waiver of the direct mail method of food stamp issuance will not substantially impair the ability of eligible households to obtain food stamps, he may waive the use of that method of food stamp issuance in the county. The director shall notify the county welfare director of this decision within 60 days of the receipt of the request, and shall send a copy of his decision to the county board of supervisors.

SEC. 6. Section 18904.2 of the Welfare and Institutions Code is repealed.

SEC. 7. Section 18907 of the Welfare and Institutions Code is amended to read:

Except as provided in Section 18904.1, federal supplemental security income benefits, state supplemental security program benefits, public assistance, and county aid benefits shall not be reduced as a consequence of the receipt of food stamps under this chapter, to the extent permitted by federal law.

SEC. 9. Section 18911 of the Welfare and Institutions Code is amended to read:

18911. An application and an authorization for participation in the food stamp program shall be processed within a period of not more than 30 days from the date of application.

SEC. 10. Section 18912 of the Welfare and Institutions Code is repealed.

SEC. 11. Section 18913 of the Welfare and Institutions Code is repealed.

18914. To the extent provided by federal law, the county welfare

department shall provide food stamp benefits on an expedited basis to households determined to be in immediate need of food assistance.

SEC. 15. Section 18919 of the Welfare and Institutions Code is amended to read:

18919. (a) To the extent authorized by federal law, the director may directly or by contract with any person or public or private entity or agency, conduct pilot projects up to 18 months each in consenting counties designated by the director which are representative of urban, rural, and suburban mixtures.

The projects authorized under the section shall consist of the planning, development and implementation, including phased implementations, as appropriate, of alternative food stamp control systems and distribution methods for the purpose of significantly reducing food stamp program costs through greater program accountability and control which may include, but is not limited to:

(a) The reduction of losses caused by fraud and program abuse.

(b) The reduction of investigatory time in evaluating affidavit of loss claims.

(c) The reduction of time required to process and receive food stamps.

(d) The reduction of overall administrative costs of the food stamp program.

The director may determine that a pilot project that has demonstrated its effectiveness in carrying out the purpose of this section should be implemented statewide by legislation. In such event the director shall submit a report upon his determination and its demonstrated effectiveness to the Joint Legislative Budget Committee no later than three months after the conclusion of the first 18 months of the pilot project. The Legislative Analyst shall make an independent evaluation of the project and shall make a report, within three months of receipt of the director's evaluation, of his findings and recommendations to the Legislature. The director may extend an effective pilot project up to an additional 18 months to permit evaluation by the Legislature.

Any project which the department determines is not feasible shall be gradually phased out after the 18-month period of operation. In the event that the department decides under this section that a pilot project should be implemented statewide by the Legislature, all other projects may be gradually phased out regardless of their period of operation.

To enable it to conduct pilot projects under this section, the department may waive existing methods of food stamp issuance, and the enforcement of part or all of Sections 18902 and 18904, regulations, and standards in one or more counties or on a statewide basis by formal order of the director. The director may secure such approvals from the federal government and such waivers of federal requirements as are necessary to carry out this section. The director may utilize, to the extent that the department assumes a consenting

county's functions under the provisions of this section, the funds allocated for the counties' food stamp administration reimbursement in the Budget Act.

This section shall become inoperative five years after its effective date and on such date is repealed.

(a) The ordinance has been in effect for a period of 30 days prior to the filing of the tentative map of the subdivision or parcel map.

(b) The ordinance includes definite standards for determining the proportion of a subdivision, to be dedicated and the amount of any fee to be paid in lieu thereof.

(c) The land, fees, or combination thereof are to be used only for the purpose of providing park or recreational facilities to serve the subdivision.

(d) The legislative body has adopted a general plan containing a recreational element, and the park and recreational facilities are in accordance with definite principles and standards contained therein.

(f) The city or county shall develop a schedule specifying how and when it will use the land or fees or both to develop park or recreational facilities. Any fees collected under the ordinance shall be committed within five years after the payment of such fees or the issuance of building permits on one-half of the lots created by the subdivision, whichever occurs later. of such permit.

Land or fees required under this section shall be conveyed or paid directly to the local public agency which provides park and recreational services on a communitywide level and to the area within which the proposed development will be located, if such agency elects to accept the land or fee. The local agency accepting such land or funds shall develop the land or use the funds in the manner provided herein.

In the event park and recreational services and facilities are provided by a public agency other than a city or a county, the amount and location of land to be dedicated or fees to be paid shall be jointly determined by the city or county having jurisdiction and such public agency.

The provisions of this section do not apply to industrial subdivisions; nor do they apply to condominium projects which consist of the subdivision of airspace in an existing apartment building which is more than five years old when no new dwelling units are added, nor do they apply to parcel maps for a subdivision containing less than five (5) parcels for a shopping center containing more than 300,000 square feet of gross leasable area and no residential development or uses.

(2) The Franchise Tax Board may make written demand upon a private foundation failing to file under paragraph (1) of this subdivision or subdivision (c) specifying therein a reasonable future date by which such filing shall be made, and if such filing is not made on or before such date, and unless it is shown that failure so to file is due to reasonable cause, there shall be paid (on notice and demand by the Franchise Tax Board and in the same manner as tax) by the person failing so to file, in addition to the penalty prescribed in paragraph (1), a penalty of five dollars ($5) each month or part thereof after the expiration of the time specified in the written demand during which such failure continues, but the total amount imposed hereunder on all persons for such failure to file shall not exceed twenty-five dollars ($25). period of limitation for assessment against the taxpayer;

(b) In the case of the liability of a transferee of a transferee of the property of the taxpayer, within one year after the expiration of the period of limitation for assessment against the preceding transferee, but only if within three years after the expiration of the period of limitation for assessment against the taxpayer; except that if before the expiration of the period of limitation for the assessment of the liability of the transferee of a transferee, a court proceeding for the collection of the tax or liability in respect thereof has been begun against the taxpayer or last preceding transferee, respectively, then the period of limitation for assessment of the liability of the transferee of a transferee shall expire one year after the return of execution in the court proceeding.

(c) In the case of the liability of a fiduciary, not later than one year after the liability arises or not later than the expiration of the period for collection of the tax in respect of which such liability arises, whichever is the later;

(d) Where before the expiration of the time prescribed in paragraph (a), (b) or (c) for the assessment of the liability, both the Franchise Tax Board and the transferee or fiduciary have consented in writing to its assessment after such time, the liability may be assessed at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

(e) Notwithstanding any of the above subdivisions, the running of the period of limitations upon the assessment of liability against any transferee shall be suspended for the period during which the taxpayer exercises an administrative remedy as provided in Sections 25664, 25666, and 25667.

SEC. 11. Section 26132 of the Revenue and Taxation Code is amended to read:

26132. The Franchise Tax Board may by notice, served personally or by first-class mail, require any bank, corporation or person, and any officer or department of the state or any political subdivision or agency of the state, or any city organized under a freeholder's charter, or any political body not a subdivision or agency of the state, having in their possession, or under their control, any credits or other personal property or other things of value, belonging to a taxpayer to withhold, from such credits or other property the amount of any tax, interest or penalties due from the taxpayer or the amount of any liability incurred by such person for failure to withhold and transmit amounts due from a taxpayer under this part and to transmit the amount withheld to the Franchise Tax Board at such times as it may designate. Any bank, corporation or person failing to withhold the amounts due from any taxpayer and transmit the same to the Franchise Tax Board after service of such a notice shall be liable for such amounts.

SEC. 12. Section 26451 of the Revenue and Taxation Code is

amended to read:

26451. Except as otherwise provided in this article, it is a misdemeanor for the Franchise Tax Board or any member thereof, or any deputy, agent, clerk or other officer or employee of the state (including its political subdivisions), or any former officer or employee or other individual, who in the course of his or her employment or duty has or had access to returns, reports or documents required under this part, to divulge or make known in any manner the amount of income or any particulars relating to the business affairs of the taxpayer set forth or disclosed therein.

SEC. 13. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

SEC. 14. An amount which became due and payable as defined in Chapter 481, Statutes of 1977, prior to July 1, 1978, became a perfected and enforceable state tax lien as provided in Chapter 481, Statutes of 1977 on July 1, 1978.

This is a clarification of legislative intent and is not a change in existing law.

SEC. 15. Section 8 of this act shall apply to returns required to be filed for income years commencing on or after January 1, 1979.

SEC. 3. Section 13942 of the Government Code is repealed.

SEC. 4. Section 13942 is added to the Government Code, to read:

13942. The Controller shall audit the applications and recommend to the board an order discharging the applicant from further accountability for collection, and authorizing the applicant to close its books on that item, if it determines:

(a) That the matters contained in the application are correct.

(b) That no credit exists against which the debt can be offset.

(c) That collection is improbable for any reason.

(d) That the cost of recovery does not justify the collection.

SEC. 5. Section 13942.1 of the Government Code is repealed.

SEC. 8. Section 13943.1 is added to the Government Code, to read:

13943.1. Such a discharge of a state agency or employee does not release any person from the payment of any tax, license, fee, or other money which is due and owing to the state.

SEC. 9. Section 13943.2 is added to the Government Code, to read:

13943.2. Upon authorization of the board a state agency may refrain from collecting taxes, licenses, fees or money owing to the state for any reason where the amount to be collected is twenty-five dollars ($25) or less. State agencies desiring to secure such authorization shall file an application therefor with the board accompanied by a statement of circumstances. Nothing contained in this section shall be construed as releasing any person from the payment of any money due the state.

SEC. 10. Section 13943.5 of the Government Code is repealed.

CHAPTER 715

An act to amend Section 311 of the Penal Code, relating to pornography.

[Approved by Governor September 11, 1978. Filed with Secretary of State September 11, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 311 of the Penal Code is amended to read:

311. As used in this chapter:

(a) "Obscene matter" means matter, taken as a whole, the predominant appeal of which to the average person, applying contemporary standards, is to prurient interest, i.e., a shameful or morbid interest in nudity, sex, or excretion; and is matter which taken as a whole goes substantially beyond customary limits of candor in description or representation of such matters; and is matter which taken as a whole is utterly without redeeming social importance.

(1) The predominant appeal to prurient interest of the matter is judged with reference to average adults unless it appears from the nature of the matter or the circumstances of its dissemination, distribution or exhibition, that it is designed for clearly defined deviant sexual groups, in which case the predominant appeal of the matter shall be judged with reference to its intended recipient group.

(2) In prosecutions under this chapter, where circumstances of production, presentation, sale, dissemination, distribution, or publicity indicate that matter is being commercially exploited by the defendant for the sake of its prurient appeal, such evidence is probative with respect to the nature of the matter and can justify the conclusion that the matter is utterly without redeeming social importance.

(3) In determining whether the matter taken as a whole goes substantially beyond customary limits of candor in description or representation of such matters the fact that the defendant knew that the matter depicts persons under the age of 16 years engaged in sexual conduct, as defined in subdivision (c) of Section 311.4, is a factor which can be considered in making such a determination.

(b) "Matter" means any book, magazine, newspaper or other printed or written material or any picture, drawing, photograph, motion picture, or other pictorial representation or any statue or other figure, or any recording, transcription or mechanical, chemical or electrical reproduction or any other articles, equipment, machines or materials.

(c) "Person" means any individual, partnership, firm, association, corporation or other legal entity.

(d) "Distribute" means to transfer possession of, whether with or

1740 017404

without consideration.

(e) "Knowingly" means being aware of the character of the matter or live conduct.

(f) "Exhibit" means to show.

(g) "Obscene live conduct" means any physical human body activity, whether performed or engaged in alone or with other persons, including but not limited to singing, speaking, dancing, acting, simulating, or pantomiming, where, taken as a whole, the predominant appeal of such conduct to the average person, applying contemporary standards is to prurient interest, i.e., a shameful or morbid interest in nudity, sex, or excretion; and is conduct which taken as a whole goes substantially beyond customary limits of candor in description or representation of such matters; and is conduct which taken as a whole is utterly without redeeming social importance.

(1) The predominant appeal to prurient interest of the conduct is judged with reference to average adults unless it appears from the nature of the conduct or the circumstances of its production, presentation or exhibition, that it is designed for clearly defined deviant sexual groups, in which case the predominant appeal of the conduct shall be judged with reference to its intended recipient group.

(2) In prosecutions under this chapter, where circumstances of production, presentation advertising, or exhibition indicate that live conduct is being commercially exploited by the defendant for the sake of its prurient appeal, such evidence is probative with respect to the nature of the conduct and can justify the conclusion that the conduct is utterly without redeeming social importance.

(3) In determining whether the live conduct taken as a whole goes substantially beyond customary limits of candor in description or representation of such matters the fact that the defendant knew that the live conduct depicts persons under the age of 16 years engaged in sexual conduct, as defined in subdivision (c) of Section 311.4, is a factor which can be considered in making such a determination.

CHAPTER 716

An act to amend Sections 14123 and 14124.2 of the Welfare and Institutions Code, relating to health and welfare.

[Approved by Governor September 11, 1978. Filed with Secretary of State September 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 14123 of the Welfare and Institutions Code is amended to read:

14123. Participation in the medical assistance program by a provider of service is subject to suspension in order to protect the health of the recipients and the funds appropriated to carry out this chapter.

(a) The director may suspend a provider of service from further participation under the medical assistance program for violation of the provisions of this chapter or Chapter 8 (commencing with Section 14200) of this part or any rule or regulation promulgated by the director pursuant to those chapters. Any such suspension may be for an indefinite or specified period of time and with or without conditions or may be imposed with the operation of the suspension stayed and probation granted.

(b) The proceedings for suspension shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. The director may temporarily suspend any provider of service prior to any hearing when in his opinion such action is necessary to protect the public welfare or the interests of the medical assistance program. The director shall notify the provider of service of the temporary suspension and the effective date thereof and at the same time serve such provider with an accusation. The accusation and all proceedings thereafter shall be in accordance with the sections of the Government Code specified in this subdivision. Upon receipt of a notice of defense by the provider, the director shall set the matter for hearing within thirty (30) days after receipt of said notice. The temporary suspension shall remain in effect until such time as the hearing is completed and the director has made a final determination on the merits, provided, however, said temporary suspension shall be deemed vacated if the director fails to make a final determination on the merits within 60 days after the original hearing has been completed.

(c) The suspension by the director of any provider of service shall preclude such provider from submitting claims for payment, either personally or through claims submitted by any clinic, group, corporation or other association to the medical assistance program for any services or supplies he has provided under such program, except for services or supplies provided prior to the suspension. No clinic, group, corporation or other association which is a provider of service shall submit claims for payment to the medical assistance program for any services or supplies provided by a person within said organization who has been suspended or revoked by the director, except for services or supplies provided prior to the suspension.

Where the provisions of this chapter or Chapter 8 (commencing with Section 14200) of this part or the regulations promulgated by the director are violated by a provider of service which is a clinic, group, corporation, or other association, the director may suspend such organization and any individual person within said organization

who is responsible for such violation.

(d) Notice of the suspension shall be sent by the director to such provider's state licensing, certifying or registering authority along with the evidence upon which the suspension was based.

SEC. 2. Section 14124.2 of the Welfare and Institutions Code is amended to read:

14124.2. During normal working hours, the department may make any examination of the books and records of any provider pertaining to services rendered to any beneficiary under this chapter or Chapter 8 (commencing with Section 14200) of this part, and may visit and inspect the premises or facilities of any provider it may deem necessary to carry out the provisions of this chapter and regulations adopted thereunder. A provider shall furnish such information or copies of such records and documentation upon request by the department. Unannounced visits to request such information shall be reserved for those exceptional situations where arrangement of an appointment beforehand is clearly not possible or is clearly inappropriate to the nature of the intended visit. Only those related books and records of each service rendered, the beneficiary to whom rendered, the date, and such additional information as the department may by regulation require shall be subject to the requirement of furnishing copies. Such information may include records to support and document the recipient's eligibility for services, and to the extent necessary records to provide proof of the quantity and receipt of such services, and that the services were provided by proper personnel. Providers shall be reimbursed for reasonable photocopying related expenses as determined by the department. Failure to comply with such request shall be grounds for immediate suspension of the provider under subdivision (b) of Section 14123.

Any copies furnished pursuant to this section shall be used only to investigate and pursue criminal or administrative sanctions for Medi-Cal fraud and abuse, and such copies shall be destroyed when that purpose has been satisfied. This section shall not be construed to prohibit the referral of investigative findings, including copies of such books and records, to the appropriate state licensing, certifying or regulatory authority.

SEC. 3. The Legislature intends that the amendments made by this act to Sections 14123 and 14124.2 of the Welfare and Institutions Code which add references to Chapter 8 (commencing with Section 14200) constitute a clarification, not a change in, existing law.

CHAPTER 717

[Approved by Governor September 11, 1978 Filed with Secretary of State September 11, 1978]

Immediately after such order is made, the board of supervisors shall select, pursuant to Sections 205 and 206, a list of men and women to serve as trial jurors in the superior court of the county during the ensuing year, or until a new list of jurors is provided. CHAPTER 719

An act to add Article 13 (commencing with Section 6200) to Chapter 4 of Division 3 of the Business and Professions Code, relating to attorneys' fees.

[Approved by Governor September 11, 1978. Filed with Secretary of State September 11, 1978]

The people of the State of California do enact as follows:

SECTION 1. Article 13 (commencing with Section 6200) is added to Chapter 4 of Division 3 of the Business and Professions Code, to read:

Article 13. Arbitration of Attorneys' Fees

6200. (a) The Board of Governors shall, by rule, establish, maintain, and administer a system and procedure for the arbitration of disputes concerning fees charged for professional services by members of the State Bar or by members of the Bar of other jurisdictions. Such rules may include provision for a filing fee in such amount as the Board of Governors may, from time to time, determine.

This section shall not apply to any of the following:

(1) Disputes where the attorney is also admitted to practice in another state, and he maintains no office in the State of California, and no material portion of the services were rendered in the State of California.

(2) Disputes where the client seeks affirmative relief against the attorney for damages or otherwise based upon alleged malpractice or professional misconduct.

(3) Disputes where the fee to be paid by the client or on his behalf has been determined pursuant to statute or court order.

(b) Arbitration under this article shall be voluntary for a client and

shall be mandatory for an attorney if commenced by a client.

(c) The Board of Governors shall adopt rules to allow arbitration of attorney fee disputes under this article to proceed under arbitration systems sponsored by local bar associations in this state. Rules of procedure promulgated by such local bar associations are subject to review by the Board of Governors to insure that they provide for a fair, impartial, and speedy hearing and award. In adopting or reviewing such rules, the Board of Governors may provide for one lay member of any arbitration panel of three arbitrators.

6201. (a) The rules adopted by the Board of Governors may provide that an attorney forward a written notice to the client and the State Bar prior to or at the time of filing an action against the client for recovery of fees covered by the provisions of this article. The written notice shall be in such form as the Board of Governors may prescribe, but shall include a statement of the client's rights to arbitrate under this article. Failure to give such notice shall not be grounds for the dismissal of such action.

(b) If an attorney, or the attorney's assignee, subject to the provisions of this article, commences an action in any court, other than a small claims court, and the dispute is one to which subdivision (a) of Section 6200 applies, the client may stay the action by serving and filing a request for arbitration in accordance with the rules established by the Board of Governors pursuant to subdivision (a) of Section 6200. If, prior to the client initiating arbitration proceedings under this article, the attorney files an action against the client in small claims court for recovery of a fee covered by the provisions of this article, such small claims action, including any appeal, shall not be stayed under the provisions of this section. The request for arbitration must be served and filed prior to the filing of an answer in the action; failure to so request arbitration prior to the filing of an answer shall be deemed a waiver of the client's right to arbitration under the provisions of this article.

(c) Upon filing and service of such request, unless the court finds that the matter is not an appropriate one for arbitration under the provisions of this article, the action shall be stayed until the award of the arbitrators is issued. The action may thereafter proceed upon application of the attorney subject to the provisions of Section 6204.

(d) A client's right to request or maintain arbitration under the provisions of this article is waived by the commencement of an action or the filing of any pleading by the client seeking judicial resolution of a fee dispute in which subdivision (a) of Section 6200 applies, or seeking affirmative relief against the attorney for damages or otherwise based upon alleged malpractice or professional misconduct.

6202. The provisions of Article 3 (commencing with Section 950) of Chapter 4 of Division 8 of the Evidence Code shall not prohibit the disclosure of any communication which may be relevant to a dispute in an arbitration hearing pursuant to this article or to enforce

an arbitration award pursuant to Section 6203 or in connection with the judicial review of such award pursuant to Section 6204. The provisions of Section 2016 of the Code of Civil Procedure shall not prohibit the disclosure of any work product of the attorney which may be relevant to a dispute in such arbitration hearing or to enforce such an arbitration award or in connection with the judicial review of such award. The disclosure of any attorney-client communication or attorney's work product, as provided in this section, shall be limited to relevant communications between the parties to the fee dispute and the work product for which the disputed fee has been demanded, and in no event shall such disclosure be deemed a waiver of the confidential character of such matters for any other purpose.

6203. (a) The award shall be in writing and signed by the arbitrators concurring therein. It shall include a determination of all the questions submitted to the arbitrators, the decision of which is necessary in order to determine the controversy.

(b) Unless a party to the arbitration has timely sought judicial review and a new trial pursuant to subdivision (a) of Section 6204 and in no event before the passage of 30 days after mailing of notice of the award, an arbitration award shall become final and may be confirmed, corrected, or vacated by petition to the court in the same manner as with arbitration awards generally, as provided in Chapter 4 (commencing with Section 1285) of Title 9 of Part 3 of the Code of Civil Procedure.

6204. (a) The parties may agree in writing to be bound by the award of the arbitrators. In the absence of such an agreement, either party shall be entitled to a trial de novo. Such judicial review shall be initiated by the commencement of an action in the court having jurisdiction over the amount of money in controversy within 30 days after mailing of notice of the award.

In lieu of commencing such action, and within 30 days after the mailing of notice of the award, a party seeking such judicial review may file a pleading to such effect in any action which has been abated pursuant to Section 6201.

(b) The prevailing party upon such judicial review shall be the party who recovers a judgment more favorable than that provided by the arbitration award. The prevailing party may, in the discretion of the court, be entitled to an allowance for reasonable attorneys' fees and costs incurred in the judicial review, which allowance shall be fixed by the court. In fixing such attorneys' fees, the court shall consider the award and determinations of the arbitrators, in addition to any other relevant evidence.

(c) Except as provided in this section, the award and determinations of the arbitrators shall not be admissible nor operate as collateral estoppel or res judicata in any action or proceeding.

6205. The procedures provided for in this article shall apply to disputes concerning fees charged for professional services rendered on and after the date this article becomes effective.

6206. Arbitration may not be commenced under this article if the

time for filing a civil action requesting the same relief would be barred by any provision of Title 2 (commencing with Section 312) of Part 2 of the Code of Civil Procedure; provided that this limitation shall not apply to a request for arbitration by a client, pursuant to the provisions of subdivision (b) of Section 6201, following the filing of a civil action by the attorney.

The people of the State of California do enact as follows:

SECTION 1. Section 74191.7 is added to the Government Code, to read:

74191.7. The judges of the Sacramento Municipal Court District shall appoint a commissioner as the business of the court requires. The commissioner shall possess the same qualifications as the law requires of a judge of the court. Such appointment shall be pursuant to Section 72190 and such commissioner shall receive a salary which equals 85 percent of the annual salary for a municipal court judge.

SEC. 2. Section 40600 of the Vehicle Code is amended to read:

40600. (a) Notwithstanding any other provision of law, a peace officer who has successfully completed at least 40 hours of instruction in a course or courses of instruction, approved by the Commission on Peace Officer Standards and Training, in the investigation of traffic accidents may prepare in triplicate, on a form approved by the Judicial Council, a written notice of violation when the peace officer has reasonable cause to believe that any person involved in a traffic accident has violated a provision of this code not declared to be a felony or a violation of a local ordinance and the violation was a factor in the occurrence of the traffic accident.

(b) A notice of violation shall contain the name and address of the person, the license number of his vehicle, if any, the name and address, when available, of the registered owner or lessee of the vehicle, the offense charged, and the time and place when and where he may appear in court or before a person authorized to receive a deposit of bail. The time specified shall be at least 10 days

after such notice of violation is delivered.

(c) The preparation and delivery of a notice of violation does not constitute an arrest.

(d) For the purposes of this article, a peace officer will be deemed to have reasonable cause to issue a written notice of violation if, as a result of his investigation, he has evidence, either testimonial or real, or a combination of testimonial and real, that would be sufficient to issue a written notice to appear if he had personally witnessed the events he investigated.

(e) As used in this section, "peace officer" means a member of the California Highway Patrol; a sheriff, undersheriff, or deputy sheriff of a county; a policeman of a city; or a policeman of a district authorized by statute to maintain a police department.

(f) The provisions of this article shall have no application to the procedures specified in Article 2 (commencing with Section 40500).

(g) This section shall apply to the procedures specified in Chapter 2.5 (commencing with Section 40650) of this division except that the notice of violation shall be as set forth and approved by the Traffic Adjudication Board.

SEC. 3. Chapter 2.5 (commencing with Section 40650) is added to Division 17 of the Vehicle Code, to read:

CHAPTER 2.5. ADMINISTRATIVE ADJUDICATION OF TRAFFIC SAFETY VIOLATIONS

Article 1. General Provisions

40650. It is the intent of the Legislature in enacting this chapter that uniform applications of justice and improved traffic safety be accomplished through the administrative adjudication of traffic safety violations by a traffic adjudication board. Further, it is the intent of the Legislature in enacting this chapter that peace officers' authority to apprehend drivers for violations of this code will not be diminished in any way. The board, as an alternative to criminal prosecution of traffic infractions, shall accomplish these objectives by formulating uniform hearing procedures and sanction guides which place emphasis upon providing all individuals with an opportunity for a fair hearing and which reflect the traffic safety implications of traffic safety violations.

In particular, the demonstration program provided in this chapter shall examine, in the pilot counties, whether such processing, adjudication and sanctioning would:

(a) Be more economical than present methods.

(b) Be more expeditious than present methods.

(c) Impose more consistent and uniform sanctions on traffic violations than at present.

(d) Improve the safe-driving characteristics of motorists.

(e) Be favorably received by the motorists.

The demonstration program shall implement a model procedure

for expeditious and fair disposition of traffic safety violations under the supervision of the board utilizing, as appropriate, department-operated electronic data-processing facilities. Nothing in this section shall be construed to prevent the courts from establishing improved methods of obtaining services from the department.

Article 2. Definitions

40652. For the purpose of this chapter, the following terms shall have the following meanings, unless the context clearly requires otherwise:

(a) "Admission" means that the party charged with a traffic safety violation admits to having committed the traffic safety violation.

(b) "Admission with explanation" means that the party charged with a traffic safety violation admits to having committed the traffic safety violation, but demands a summary hearing in order to explain the surrounding circumstances so as to mitigate the sanctions that may be imposed pursuant to this chapter.

(c) "Board" means the Traffic Adjudication Board.

(d) "Confrontation hearing" is a hearing at which the person charged with a traffic safety violation, the citing officer, and any witnesses are present.

(e) "Denial" means that the person charged with a traffic safety violation denies all or part of the traffic safety violation alleged in the notice to appear and demands a confrontation hearing.

(f) "Denial with waiver of confrontation" means that the person charged with a traffic safety violation denies all or part of the traffic safety violation alleged in the notice to appear and demands a summary hearing.

(g) "Hearing officer" means a person authorized by the board to conduct hearings pursuant to this chapter.

(h) "Monetary sanction" is a sanction imposed for the purpose of modifying and improving driver behavior. "Monetary sanction" does not include moneys collected as a penalty assessment.

(i) "No contest" means the person charged with a traffic safety violation neither admits nor denies the traffic safety violation alleged in the notice to appear. For procedural purposes, a no contest answer shall have the same effect as an admission. The no contest answer may not be used as an admission in any subsequent criminal or civil action.

(j) "Penalty assessments" are moneys collected as provided in Section 42050.

(k) "Summary hearing" means that the person charged with a traffic safety violation waives the right to confront the citing officer and any witnesses. The waiver shall include a stipulation by the person charged that the information appearing on the notice to appear, or on the complaint, in the event of an arrest by a private person, may be received as evidence with the same effect as if the

officer or such private person were present to testify.

(*l*) "Traffic adjudication office" is a location designated by the Traffic Adjudication Board for the conduct of administrative hearings pursuant to this chapter.

(m) "Traffic safety violation" includes any act or omission which constitutes an infraction, as specified in this code or under any local ordinance or resolution adopted pursuant to this code. A finding that a traffic safety violation has occurred is an administrative violation and shall not be deemed an adjudication of a crime. Nothing in this chapter shall be construed to mean that an act which constitutes a traffic safety violation is not also a crime.

Article 3. Advisory Committee

40653. On January 1, 1979, and continuing through December 31, 1983, inclusive, there shall be established a Traffic Adjudication Advisory Committee, which shall consist of the following:

(a) The commissioner or the commissioner's representative.

(b) The director or the director's representative.

(c) One person appointed by the Judicial Council.

(d) One person appointed by the Governor representing the League of California Cities or the County Supervisors Association of California.

(e) The chairperson of the board of supervisors, or the chairperson's representative, of each of the counties participating in the pilot project.

(f) The Director of the Office of Administrative Hearings or the director's representative.

(g) One person selected jointly by the police chiefs of the Cities of Sacramento, Davis, and Roseville.

(h) One person appointed by the Governor representing the motoring organizations of California.

40654. The advisory committee shall assist the board in developing rules, regulations, procedures, and evaluation guidelines for the administrative adjudication pilot program established pursuant to Article 8 (commencing with Section 40750) in an effort to ensure that all operational considerations are fully examined.

40655. The advisory committee shall convene within 15 days of its establishment. It shall, among other business, elect its chairperson at that time.

40656. Staff assistance to the advisory committee shall be provided by state agencies represented on the advisory committee.

40657. The members of the advisory committee shall serve without compensation but shall be reimbursed for actual and necessary expenses by the board.

Article 4. Traffic Adjudication Board

40658. There is in state government a Traffic Adjudication Board. The board for the pilot program established pursuant to Article 8 (commencing with Section 40750) shall consist of five members appointed by the Governor. The Counties of Yolo, Placer, and Sacramento shall each have one representative on the board appointed by the Governor from a list of at least three nominees prepared by each county's board of supervisors and submitted to the Governor on January 1, 1979. Each list of nominees shall include at least two active members of the State Bar of California who have practiced law in this state for at least five years. Of the five members, at least three shall be active members of the State Bar of California who have practiced law in this state for at least five years, and at least one shall be a person who has experience in traffic law enforcement.

The terms of the members of the board shall expire on July 1, 1984.

40659. The Governor may remove a member of the board for any cause specified in Section 1770 of the Government Code.

40660. The board shall organize itself and elect a president from among its members, for a term of one year, at the first meeting of each year. The newly elected president shall assume the duties of that office at the meeting at which the president is elected.

40661. The board shall conduct meetings as required by this chapter, and such meetings shall be subject to the provisions of Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code.

40662. Three members of the board shall constitute a quorum for the transaction of business, for the performance of any duty, or the exercise of any of its powers or authority.

40662.5. The board shall have the same investigatory powers as department heads, as provided in Article 2 (commencing with Section 11180) of Chapter 2 of Part 1 of Division 3 of Title 2 of the Government Code.

40663. Each member of the board shall receive an annual salary of six thousand two hundred fifty dollars ($6,250); except, that the president of the board shall receive an annual salary of six thousand five hundred dollars ($6,500). Each member shall be reimbursed for traveling and other expenses necessarily incurred in the performance of official duties as a member of the board.

40664. The department may not duplicate any action regarding a traffic safety violation that has been adjudicated by the board or a hearing officer. This section shall not preclude the department, upon the receipt of additional information, from taking additional action.

40665. Upon request, the department shall make immediate on-line computer access to the driving record of a cited person available to the board. Deletions from the driving record by the board shall be subject to the approval of the department.

40665.5. The department shall, as determined by the board, provide computer support to the board.

40666. The board shall do all of the following:

(a) Adopt rules and regulations, in accordance with the provisions of Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code, governing such matters as are within its jurisdiction and as may be necessary to effectuate the purposes of this chapter.

(b) Arrange for the Office of Administrative Hearings to provide such hearing officers as may be necessary to hear and determine cases arising under this chapter. At least one-half of the hearing officers shall be attorneys with at least one year experience. The remainder shall have legal training, as a minimum, in the areas of evidence, constitutional law, criminal law, administrative law, and shall pass a written test accordingly. Additional minimum qualifications may be established by the State Personnel Board. Such appointments shall conform to civil service regulations.

(c) Subject to civil service rules and regulations, the board shall appoint an executive director who shall be the chief administrative officer. The executive director shall appoint such other persons as may be necessary to discharge the functions of the board as provided in this chapter.

(d) Hear and consider, within the limitations of, and in accordance with, the procedures provided in this chapter, all appeals from decisions of hearing officers.

(e) The board shall have the power to issue subpoenas and subpoenas duces tecum.

(f) After considering existing bail schedules, adopt a schedule of monetary and nonmonetary sanctions for traffic safety violations; provided, however, that no monetary sanction may exceed the maximum fine established for offenses declared to be infractions pursuant to Chapter 1 (commencing with Section 42000) of Division 18. The schedule of monetary sanctions shall include guidelines setting forth the circumstances under which the hearing officers, in the interest of traffic safety and equality of justice, may reduce the sanction for a traffic safety violation by as much as 50 percent or increase the sanction by as much as 25 percent. These increased or decreased sanctions shall be prescribed in an effort to improve the driving behavior of the person to whom the sanction is applied or to take into account mitigating circumstances. In addition, at the request of any county board of supervisors, the Traffic Adjudication Board may allow increases or decreases of not more than 25 percent from the monetary sanctions established in the schedule of sanctions for that county when the Traffic Adjudication Board has reasonable cause to believe that the deviation will further traffic safety efforts, including, but not limited to, accident reduction programs, better driving programs, or rewards for reduced accident or citation levels. No deviation may be calculated so as to permit a monetary sanction for a traffic safety violation to exceed the maximum fine established for an equivalent infraction or for the purpose of raising revenue.

(g) Give due consideration, in the establishment of the schedules

of sanctions, to the amount of use or mileage traveled in the operation of a motor vehicle.

(h) Prescribe by regulation the form for the notice to appear to be used for all traffic safety violations pursuant to this chapter and to establish procedures for administrative controls over the disposition thereof.

(i) Submit an annual report to the Governor and the Legislature, including, but not limited to, the past year's accomplishments, identification of problems, and recommendations for future legislation.

(j) The board shall reimburse the department for all administrative staff services provided thereto and not exempted by another statute.

40667. Notwithstanding any other provision of this chapter, the processing of noncontested parking violations shall continue to be administered by the courts unless a county participating in the demonstration program pursuant to Article 8 (commencing with Section 40750) enters into an agreement with the board for the processing of all parking violations for any judicial district within the county. The board shall study and make recommendations concerning the processing of parking violations by the board and include the analysis in its January 1, 1982, annual report to the Governor and the Legislature. The results of this study shall be considered by the Legislature in enacting any legislation to provide for the statewide administrative adjudication of traffic infractions.

Article 5. Notice to Appear

40675. (a) Except as provided in Section 40752 whenever any person is arrested for any violation which is both an infraction and a traffic safety violation pursuant to this chapter, the citing officer shall issue a notice to appear before a hearing officer for the adjudication of the traffic safety violation if the violation was committed within a municipal court district. The notice to appear shall contain, when available, the name, address, and driver's license number of the person to whom the notice to appear is issued, the license number of any vehicle involved, and the name and address of the registered owner or lessee of the vehicle. The notice shall specify the traffic safety violation alleged to have been violated, the circumstances surrounding such violation, and the time and place the cited person is required to appear before a hearing officer, if the person desires a hearing. The consequences for failing to appear or answer, and the various answer options available shall be set forth either on the notice or on a form accompanying the notice. The schedule of monetary sanctions, and penalty assessments, may be set forth either on the notice or may be set forth on a form accompanying the notice. The notice or the form accompanying the notice shall also state that, when additional nonmonetary sanctions may be imposed, a personal appearance will be required. The notice

or the form accompanying the notice shall also state that a person cited may request that the matter be adjudicated as an infraction by a court.

(b) Every notice to appear alleging a speeding violation that is a traffic safety violation shall specify the approximate speed at which the driver is alleged to have driven, the maximum or prima facie speed limit applicable to the highway at the time and place of the alleged violation, and any other speed limit alleged to have been exceeded that is applicable to the particular type of vehicle or combination of vehicles operated by the cited person.

(c) If the cited person refuses to sign the notice to appear before a hearing officer pursuant to this chapter, the citing officer shall proceed in the manner provided pursuant to Division 17, Chapter 2, beginning with Section 40300, relating to the arrest of a person for a traffic infraction.

40676. The time for a hearing specified on the notice to appear shall be at least 14 calendar days after such notice to appear is issued.

40677. (a) The citing officer shall deliver a copy of the notice to appear to the person alleged to have committed a traffic safety violation. One copy shall be timely filed with the local traffic adjudication area processing center. One copy shall be timely filed with the law enforcement agency employing the citing officer.

(b) The citing officer shall not enter on or attach to the notice to appear, or accompany the notice to appear with, any written statement giving information or containing allegations that have not been given to the person receiving the notice to appear.

40677.5. (a) The notice to appear forms to be used during the demonstration program shall be supplied to law enforcement agencies by the board. The board shall confer with the commissioner, or the commissioner's representative, prior to adopting the form to be used pursuant to this section.

(b) The operational considerations of this form shall be tested during the demonstration program.

40678. Any person served with a notice to appear in accordance with this article may appear with an attorney in any administrative adjudication proceedings under this chapter.

Article 6. Administrative Adjudication Procedure

40690. Notwithstanding any other provision of law, any person under the age of 18 who has been issued a license or permit to drive, alleged to have committed a traffic safety violation, shall be subject to adjudication pursuant to the provisions of this chapter and the rules and regulations of the board. The board may, by rule or regulation, request the person having custody or control of any person under 18 years of age to accompany such person. The board shall notify the person having custody or control of the cited minor of the nature of the offense and of the minor's right to request that the matter be adjudicated as an infraction by a court.

40691. (a) Any person who receives a notice to appear for a traffic safety violation shall answer such notice by mail postmarked within 14 days of the date of the alleged violation or by personal appearance at a traffic adjudication office within 14 days of the date of the alleged violation, in the manner provided in subdivisions (b), (c), (d), and (e).

(b) A person alleged to have committed a traffic safety violation shall have the following answer options:

(1) Admission.

(2) Admission with explanation.

(3) Denial.

(4) Denial with waiver of confrontation.

(5) No contest.

The terms and conditions under which a person may amend his answer shall be prescribed by rules and regulations of the board.

(c) If the person admits to the traffic safety violation alleged in the notice to appear, the person shall complete an appropriate answer form, as prescribed by the board, and forward the form to the local traffic adjudication area processing center specified in the notice to appear. A check or money order in the amount of the monetary sanction and penalty assessment for the traffic safety violation alleged, if specified in the schedule of sanctions accompanying the notice, shall be submitted with each such answer. Such answer may not be accepted by mail if the admission will result in the assignment of a point or points pursuant to Section 12810, with the result that the person's driving record will show three or more points within a 12-month period, four or more points within a 24-month period, or five or more points within a 36-month period unless the board determines otherwise based on traffic safety implications.

(d) If the person denies part or all of the traffic safety violation alleged in the notice to appear, the person shall complete an appropriate answer form, as prescribed by the board, and forward the form to the local traffic adjudication area processing center specified in the notice to appear. A check or money order in the amount of the monetary sanction and penalty assessment for the traffic safety violation alleged may be submitted with such answer. Upon receipt, such answer shall be recorded. The board may change the date, time, and place of appearance in the interests of justice. The local traffic adjudication area processing center shall notify such person by mail of the new date, time, and place of such hearing.

(e) If the person desires to answer with either an admission with explanation or a denial with waiver of confrontation, such answer shall be made within 14 days. The person may proceed with the summary hearing on any scheduled hearing date on or before the date and time specified on the notice to appear.

(f) If the person desires to neither admit nor deny the traffic safety violation alleged in the notice to appear, the person shall complete an appropriate answer form, indicating no contest, as prescribed by the board, and forward such form to the local traffic adjudication

area processing center specified in the notice to appear. A check or money order in the amount of the monetary sanction, and penalty assessments, for the traffic safety violation alleged, if specified in the schedule of sanctions accompanying the notice, shall be submitted with such answer. This answer shall be treated the same as an admission and shall be recorded in the same manner in the person's driving record. Such answer may be accepted by mail but is subject to the exception set forth in subdivision (c). Such answer shall constitute a waiver of the right to a confrontation hearing.

40692. In addition to the answer options provided in Section 40691, the cited person may, prior to the commencement of the hearing, request that the matter be adjudicated as an infraction by a court. If the cited person requests that the matter be adjudicated as an infraction by the court, the board shall refer the matter to the proper authority for prosecution. If the matter is adjudicated by the court as an infraction, the board shall take no action on the traffic safety violation.

40693. (a) The cited person may change an answer prior to the commencement of the hearing.

(b) After commencement of the hearing, in the hearing officer's discretion, the hearing officer may allow a change of answer. Further, if an admission could result in the suspension or revocation of the driving privilege, the person shall be apprised of this fact and shall be allowed to change such answer.

40694. (a) Every hearing for the adjudication of a traffic safety violation shall be held by a hearing officer.

(b) All confrontation hearings shall be held at the traffic adjudication office specified in the notice to appear.

(c) A summary hearing may be held at any traffic adjudication office selected by the cited person.

40695. (a) The traffic adjudication hearing shall be conducted in an impartial and informal manner.

(b) The cited person shall have the right to call and examine witnesses, introduce evidence through exhibits, and cross-examine opposing witnesses on any matter relevant to the hearing. At the request of the cited person, the hearing officer shall issue subpoenas to compel the attendance of witnesses and the production of documents.

(c) The citing officer, if present at the hearing, shall present evidence relating to the circumstances surrounding the issuance of the citation.

(d) The hearing officer may, on such hearing officer's own motion, call witnesses, issue subpoenas to compel the attendance of witnesses and the production of documents, and may ask questions of any witness.

(e) All evidence shall be given under oath or affirmation.

(f) In any hearing, or in the discharge of any duties imposed under this chapter, a member of the board or a hearing officer may administer oaths and certify to acts and records.

(g) Continuances may be granted for good cause shown.

(h) Traffic adjudication hearings shall be recorded entirely and verbatim by automatic recording devices. Recordings of hearings shall be preserved for such period as the board may specify by rule and regulation, but in no event for a period less than 30 days after the period for appeal has expired.

40696. No finding that a person committed a traffic safety violation as alleged may be sustained except by evidence beyond a reasonable doubt.

40697. The hearing officer may not review the driving record of the person prior to the determination of whether a traffic safety violation was committed. After that determination, but prior to the imposition of the sanction, the hearing officer shall review the driving record of the person to determine the proper sanction, as provided in the rules and regulations of the board.

40698. (a) Whenever the person answers by an admission or no contest and pays the appropriate monetary sanction and penalty assessment, a record of the person's response shall be entered in the records of the department and shall be considered a conviction for purposes of Division 6 (commencing with Section 12500).

(b) When a hearing is conducted, the finding of the hearing officer shall be entered in the records of the department; except, that all information in the driving record relating to issuance of a notice to appear and the resulting adjudication of the traffic safety violation shall be restricted for the auditing purposes of the board and the department upon a determination that the traffic safety violation was not committed. A finding indicating the traffic safety violation was committed shall have the same effect as a conviction for purposes of Division 6 (commencing with Section 12500).

40699. The board and hearing officers shall have the same power to suspend, revoke, and restrict the driving privilege as is granted to the department by law. The hearing officers may also impose any other sanction prescribed by the board.

40700. (a) When a person is required to pay a monetary sanction imposed for commission of a traffic safety violation, the monetary sanction and penalty assessment shall be payable forthwith, except that the hearing officer may grant permission for payment to be made within a specified period of time or in specified installments. Such permission shall be made contingent upon the person's giving a written promise to pay the sanction or installment within the time authorized, and if unable to do so, to appear at the hearing office for further proceedings on the date on which the sanction or any installment thereof is due.

(b) In lieu of payment of a monetary sanction, the person may elect to have an alternative, nonmonetary sanction imposed. The alternative sanction shall be determined by the hearing officer in accordance with guidelines established by the board and may consist of a suspension or revocation of the driving privilege, or other appropriate sanction, such as traffic safety school. When necessary,

the hearing officer shall make referrals to an appropriate agency for additional treatment.

(c) In all cases in which a sanction is imposed and not complied with at the time of the hearing, the driver's license shall be surrendered to the board or hearing officer upon request and a temporary license issued; except, that no temporary license may be issued during the period of any suspension or revocation of the driving privilege.

40701. (a) In addition to any other authority vested in the board, the board or hearing officer may suspend or revoke the driving privilege and order surrender of the driver's license of any person who fails to answer, appear, or otherwise comply with the requirements of the notice to appear or any order of the board or hearing officer. Such suspension or revocation shall continue until the person has complied with all of the orders of the board or hearing officer. A suspension for failure to comply with the requirements of the notice to appear shall not be effective any sooner than 60 days from the date of receipt, by certified mail, of the notice of suspension. At the termination of the suspension or revocation, a fee in the amount required in Section 14904 shall be paid to the board in addition to any other fees required by this code.

(b) If a person cited for a traffic safety violation not committed while operating a motor vehicle fails to answer, appear, or otherwise comply with the requirements of the notice to appear or any order of the board or hearing officer, the matter shall be referred to the proper authorities for prosecution as an infraction.

40702. (a) All monetary sanctions and penalty assessments collected by the board or a hearing officer shall be reported monthly to the State Controller and at the same time deposited in the State Treasury to the credit of the Traffic Adjudication Fund, which fund is hereby created.

(b) The money in the Traffic Adjudication Fund is hereby appropriated as specified in this section.

(c) The board shall report monthly to the State Controller and the auditor of each county the amount of all monetary sanctions and all penalty assessments collected during the preceding month as a result of traffic safety violations occurring in the county. The report to the county auditor shall also identify the amount of the sanctions collected as a result of actions by state officers, county officers, and city officers of each city in the county.

(d) Upon receiving the report from the board, the State Controller shall transfer the reported amount of penalty assessments from the Traffic Adjudication Fund as provided in Section 42052. The monetary sanctions deposited in the Traffic Adjudication Fund are hereby appropriated to the State Controller, who shall disburse to the auditor of each county the amount of monetary sanctions shown by the report to have been collected as a result of traffic safety violations in that county.

The money disbursed to the auditor shall be distributed among the

cities and the county according to the provisions of Section 1463 of the Penal Code.

40702.5. All other money received by the board during January 1, 1979, through June 30, 1979, shall be deposited into the Traffic Adjudication Fund and is hereby appropriated for the administrative costs of the Traffic Adjudication Board.

On and after July 1, 1979, all other money received shall be deposited into the Traffic Adjudication Fund and is hereby continuously available only for transfer to the General Fund to pay for administrative costs of the Traffic Adjudication Board.

40703. Any suspension or revocation of the driving privilege imposed pursuant to this article may be stayed for a period of up to 30 days from the date of the hearing officer's decision, or if an administrative appeal is instituted, until the effective date fixed by the board for its final order, unless the hearing officer or the board determines that a substantial traffic hazard, as defined by guidelines established by the board, would result.

40704. No findings, evidence, answer, or any other record acquired by, or in the possession of, the board or a hearing officer pursuant to the provisions of this chapter shall be admissible in any civil action.

40705. Notwithstanding the provisions of Section 14112 of this code, all hearings provided in this chapter shall be conducted pursuant to the provisions of this chapter and not Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

Article 7. Administrative Review

40710. The board shall constitute an appeals board for review of decisions of hearing officers.

40711. (a) Any person who has been determined by a hearing officer to have committed a traffic safety violation may appeal such determination pursuant to the provisions of this article.

(b) The board on its own motion or on the motion of any law enforcement agency may review any such determination made by a hearing officer.

40712. (a) Each appeal filed pursuant to this article shall be heard by the board, which shall cause an appropriate entry to be made in the records of the department.

(b) No appeal shall be heard if it is received more than 30 days after the appellant received notice of the decision that is being appealed.

40713. Any appeal from an adverse determination pursuant to this chapter shall be filed in the form and manner provided by the board.

40714. The fee for filing an appeal shall be ten dollars ($10) to reimburse the board's costs. No appeal may be accepted unless the required fee has been paid.

40715. A written transcript of the record of any hearing may be obtained at cost by the appellant. A deposit fee of twenty dollars ($20) shall be paid before preparation of a written transcript will be initiated. Any additional costs incurred shall be collected from the appellant prior to delivery of such transcript and any excess amount deposited shall be returned. These fees are to reimburse the board's costs.

40716. The board may continue a matter for good cause. The board shall enter its order within 90 days after the filing of the appeal, not counting any days granted for continuance. If the board does not make such an order within 90 days the hearing officer's decision shall be reversed. The board shall enter an appropriate order showing the reversal.

40717. The board may reverse, amend, or modify the decision of a hearing officer that imposes a sanction on an appellant if it determines that any of the following exist:

(a) The hearing officer has proceeded in a manner contrary to the law or the rules and regulations of the board.

(b) The hearing officer's decision is not supported by the findings.

(c) Findings are not supported by the evidence.

(d) The determination of the sanction, as provided in the decision of the hearing officer, is not commensurate with the finding.

The board may remand a case to a hearing officer for additional proceedings if it determines that there exists relevant evidence, which, in the exercise of reasonable diligence, could not have been produced, or which was improperly excluded at the hearing.

40718. An order amending, modifying, or reversing the decision of the hearing officer shall be in writing and copies thereof shall be sent by certified or registered mail or delivered personally to the appellant. The board shall direct the department to take such further action as is required in the circumstances, and all fees and costs and any monetary sanction paid by the appellant shall be ordered to be returned when appropriate. The effective date of the order shall be as stated therein, but shall not be later than 15 days after the mailing of the order.

40719. An order affirming the decision of the hearing officer shall be in writing and copies thereof shall be sent by certified or registered mail or delivered personally to the appellant. The effective date of the order shall be as stated therein, but shall not be later than 15 days after the mailing of the order, and no reconsideration or rehearing may be permitted thereafter.

40720. Upon final completion of all administrative appeals, judicial review of any action shall be commenced within 90 days from the date such decision is final pursuant to Chapter 2 (commencing with Section 1094.5) of Title 1 of the Code of Civil Procedure.

Article 8. Demonstration Program

40750. In order to establish the practical application of the administrative adjudication of traffic safety violations, this chapter shall be implemented during the period from January 1, 1979, through July 1, 1984, on a demonstration basis in the Counties of Placer, Sacramento, and Yolo. If, however, the director, on January 1, 1979, determines that anticipated federal funding is either unavailable or insufficient, this chapter shall not be implemented until July 1, 1979. Articles 5, 6, and 7 of this chapter shall become operative July 1, 1980.

At the request of the board of supervisors, and with the approval of the Traffic Adjudication Board, any county shall be allowed to participate in the demonstration program. At the request of the board of supervisors, and with the approval of the Traffic Adjudication Board, any participating county may withdraw from the demonstration program.

40750.5. This chapter shall remain in effect only until July 1, 1984, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1984, deletes or extends such date.

40751. (a) For purposes of the demonstration program, administrative adjudication of traffic safety violations shall apply only to violations occurring within municipal court districts of the counties participating in the program.

(b) At the request of any justice court in any participating county, the board shall supply drivers' violations records, copies of schedules of sanctions adopted by the board, and any other information which may be of use in determining sentences. The board may also request the justice courts in the participating counties to furnish it with detailed reports regarding disposition of infraction cases as well as any other information which may be appropriate to an analysis and comparison of the efficiency and effectiveness of the demonstration program and criminal proceedings in the justice courts. The board shall reimburse the justice courts for any additional expenditures which may be required for the purpose of supplying such reports and information.

40752. The board shall submit a report on the progress of the demonstration program to the Governor and the Legislature on January 1 of each year in which the program is in effect. An evaluation prepared by a consultant who is retained by the board and is independent of the state and any state agency shall be submitted with this report. The evaluation shall include, but not be limited to, an analysis of the costs and benefits of administrative adjudication, both quantifiable and nonquantifiable, as they relate to the judicial system, law enforcement, local government, the defendant, the general public, public and private driver improvement programs and services and the department. Affected agencies shall develop and provide the data required to conduct such evaluation. The evaluation shall include recommendations relative to maximizing

the efficiency and effectiveness of the administrative adjudication program in terms of the preceding identified categories.

The evaluation shall also include an analysis of the traffic safety impacts of administrative adjudication, as compared to the court system.

The analysis of traffic safety impacts shall be based upon a monitoring of accident records or violation records, or both, of two groups of drivers: one group which shall be composed of drivers whose cases are adjudicated in the administrative adjudication system, and one group which shall be a sample of drivers in the demonstration area with driver's license numbers ending in "3", who shall be cited into the municipal court system for a period of two years, or as long as is necessary to achieve a statistically valid analysis, beginning on July 1, 1980. In addition, the effectiveness of postconviction traffic safety education treatments shall be scientifically evaluated. The evaluation shall utilize randomized treatment assignment and any other control procedures deemed necessary to assure the statistical validity of the study. The study shall include a sufficient sample of drivers who shall be assigned to a minimum of three groups: (1) traffic violator schools accredited pursuant to Sections 1660 and 1661, (2) the department's group educational meeting or experimental home study program, and (3) a no-treatment control group. Drivers subject to the study shall be assigned to the treatment categories when they have at least one prior conviction but no more than four prior convictions except those drivers subject to Section 12810.5 shall have no more than six prior convictions in the 12 months preceding the assigned treatment. The evaluation will examine the effectiveness of each treatment category in terms of costs and accident or violation reduction. This section shall not be construed as a limitation on the board's authority to establish a uniform sanction model.

SEC. 4. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act because this act is in accordance with the request of a local government entity which desired legislative authority to carry out the program specified in this act.

SEC. 3. Section 116.8 of the Code of Civil Procedure is amended to read:

116.8. (a) No formal pleading other than the claim and order are necessary. The defendant may file a claim in the same proceeding in an amount not to exceed the jurisdictional limit of the court. In the event the defendant files such a claim in the court, he shall serve a copy of his claim on the plaintiff at least five days before the hearing date, unless the plaintiff has served him 10 days or less before the hearing date in which case he shall serve a copy of his claim at least one day before the hearing date. Defendant shall file and serve his claim in the manner provided for filing and serving a claim under Section 116.4.

(b) If defendant has a claim against plaintiff in an amount over the jurisdiction of the small claims court as set forth in Section 116.2, but of a nature which would be the subject of a cross-complaint under the rules of pleading and practice governing the superior court, then defendant may commence an action against plaintiff in a court of competent jurisdiction and file with the small claims court wherein plaintiff has commenced his action, at or before the time set for the trial of the small claims action, an affidavit setting forth the facts of the commencement of such action by such defendant. He shall attach to such affidavit a true copy of the complaint so filed by defendant against plaintiff, and pay to the clerk of the small claims court the sum of one dollar ($1) for a transmittal fee, and shall deliver to plaintiff in person a copy of the affidavit and complaint at or before the time above stated. Thereupon the small claims court shall order that the small claims court action shall be transferred to the court set forth in the affidavit, and shall transmit all files and papers in the small claims actions to such other court, and the actions shall then be tried together in such other court.

The plaintiff in the small claims action shall not be required to pay to the clerk of the court to which the action is so transferred any transmittal, appearance, or filing fee in the action, but shall be required to pay the filing and any other fee required of a defendant if he appears in the action filed against him.

SEC. 3.5. Section 116.8 of the Code of Civil Procedure is amended to read:

116.8. (a) No formal pleadings other than the claim and order are necessary. The defendant may file a claim against the plaintiff in the same proceeding in an amount not to exceed the jurisdictional limit of the court. In the event the defendant files such a claim the judge or clerk shall cause a copy of the defendant's claim to be delivered to the plaintiff in person, or to be mailed by first-class mail to the plaintiff at least five days before the hearing date, unless the defendant has been served 10 days or less before the hearing date in which case the judge or the clerk shall cause such claim to be delivered to the plaintiff in person at least one day before the hearing date or shall be so mailed to the plaintiff not less than three days before the hearing.

(b) If defendant has a claim against plaintiff in an amount over the jurisdiction of the small claims court as set forth in Section 116.2, but of a nature which would be the subject of a cross-complaint under the rules of pleading and practice governing the superior court, then defendant may commence an action against plaintiff in a court of competent jurisdiction and file with the small claims court wherein plaintiff has commenced his action, at or before the time set for the trial of the small claims action, an affidavit setting forth the facts of the commencement of such action by such defendant. He shall attach to such affidavit a true copy of the complaint so filed by defendant against plaintiff, and pay to the clerk of the small claims court the sum of one dollar ($1) for a transmittal fee, and shall deliver to plaintiff in person a copy of the affidavit and complaint at or before the time above stated. Thereupon the small claims court shall order that the small claims court action shall be transferred to the court set forth in the affidavit, and shall transmit all files and papers in the small claims actions to such other court, and the actions shall then be tried together in such other court.

The plaintiff in the small claims action shall not be required to pay to the clerk of the court to which the action is so transferred any transmittal, appearance, or filing fee in the action, but shall be required to pay the filing and any other fee required of a defendant if he appears in the action filed against him.

SEC. 4. Section 117.18 is added to the Code of Civil Procedure, to read:

117.18. Each small claims court may provide by local rule for the establishment of small claims legal advisers. The advisers, who may be volunteers, and who shall be members of the State Bar, paralegals, or law students, shall directly assist litigants, but may not appear in court to act as advocates for any party. The qualification for such legal advisers shall be established by rule of court.

SEC. 5. Section 118.1 of the Code of Civil Procedure is amended and renumbered to read:

117.12. The judgment of the superior court shall be final and not appealable. If the judgment is affirmed in whole or in part or the

appeal is dismissed, the defendant shall pay to the plaintiff the amount of the judgment as affirmed, together with interest and costs and the sum of fifteen dollars ($15) as an attorney's fee.

SEC. 6. Section 118.6 of the Code of Civil Procedure is amended and renumbered to read:

117.14. A fee of two dollars ($2) shall be charged and collected for the filing of the claim under oath for the commencement of any action; for each defendant to whom a copy of the claim is mailed by the clerk a fee of three dollars ($3) shall be charged and collected. Fees as provided in Sections 72062 and 72065 of the Government Code shall be charged and collected by the clerk for the issuance of a writ of execution or an abstract of judgment. Except as otherwise provided for in this chapter, no other fee or charge shall be collected by any officer for any service rendered under this chapter, or for the taking of affidavits for use in connection with any action commenced under this chapter. All fees collected hereunder shall be deposited with the treasurer of the city and county or county under whose jurisdiction any such court shall exist.

SEC. 7. Section 118.7 of the Code of Civil Procedure is amended and renumbered to read:

117.16. Each small claims court shall make a reasonable effort to maintain and make available to the parties a list of interpreters, who are willing and able to aid parties in the small claims court for no fee, or for a fee, which is reasonable considering the size of the claims involved in such court. Such list shall include interpreters for all languages that require interpretation before the court, as determined by the court, in its discretion and in view of its experience. Failure to maintain such a list, or failure to have an interpreter for a particular language on such list, shall not invalidate any proceedings before the court.

SEC. 8. Section 118 of the Code of Civil Procedure is amended to read:

118. It is the intent of the Legislature in enacting this chapter to:

(a) Conduct a court assistance experiment in the small claims courts of specified districts to stimulate use of those courts by, and reduce the number of defaults by, untrained individual litigants unfamiliar with the judicial system who might have previously considered small claims courts an inconvenient or unsatisfactory forum for the resolution of disputes; and

(b) Conduct a monetary jurisdiction experiment to determine the effects of increased jurisdiction on litigants and the courts; and

(c) Establish systems for data collection and evaluation and provide the Legislature with reports on the results of these experiments with recommendations for future action.

SEC. 9. Section 119.4 of the Code of Civil Procedure is amended to read:

119.4. The advisory committee shall assist the Department of Consumer Affairs in compiling and evaluating data, and preparing reports to the Legislature of the effectiveness of the programs and

SEC. 11. Section 120 of the Code of Civil Procedure is amended and renumbered to read:

119.6. The small claims divisions of three municipal court districts in three different counties have been designated as experimental districts for a court assistance experiment by the Judicial Council, with the advice of the Department of Consumer Affairs and the concurrence of the municipal court involved.

SEC. 12. Section 120.1 of the Code of Civil Procedure is amended to read:

120.1. This chapter shall be implemented in six phases. The first phase shall commence July 1, 1977. The last phase shall terminate June 30, 1980.

The six phases shall be:

(a) From July 1, 1977, to September 30, 1977. During this time the advisory committee shall be appointed and shall convene, and the experimental and other recordkeeping districts shall be designated. Although neither the procedures in experimental districts as set forth in Article 4 (commencing with Section 121) of this chapter nor the recordkeeping and evaluation procedures as set forth in Article 5 (commencing with Section 122) of this chapter shall be in effect during this time, preliminary preparations for the implementation of the procedures in Article 4 (commencing with Section 121) shall be made and preparation for the full implementation of recordkeeping procedures in Article 5 (commencing with Section 122) on October 1, 1977, shall be made during this time.

(b) From October 1, 1977, to March 31, 1978. During this time data shall be accumulated as provided in Sections 122 and 122.1. The procedures in experimental districts as set forth in Article 4 (commencing with Section 121) will not be in effect, but preparation for their full implementation beginning April 1, 1978, shall be made. This preparation shall include the establishing of administrative guidelines, the printing of all forms and manuals, and the training of personnel.

(c) From April 1, 1978, to March 31, 1979. During this time all programs and procedures mandated in Article 4 (commencing with Section 121) shall be in effect. The procedures in experimental

districts set forth in Article 4 (commencing with Section 121), and the recordkeeping set forth in Article 5 (commencing with Section 122) shall terminate after March 31, 1979.

(d) From April 1, 1979, to June 30, 1979. During this time the advisory committee and the Department of Consumer Affairs shall complete their report to the Legislature regarding the court assistance experiment.

123. (a) Notwithstanding the provisions of Section 116.2, the small claims divisions of the municipal courts specified in Section 119.9, shall have jurisdiction in actions:

(1) For recovery of money only where the amount of the demand does not exceed one thousand five hundred dollars ($1,500).

(2) To enforce payment of delinquent unsecured personal property taxes in an amount not to exceed one thousand five hundred dollars ($1,500), if the legality of the tax is not contested by the defendant.

(3) In unlawful detainer, after default in rent for residential property, where the term of tenancy is not greater than month to month and the amount claimed does not exceed one thousand five hundred dollars ($1,500).

(b) Notwithstanding any other provision of law, no plaintiff which is a corporation shall be allowed to bring an action exceeding seven hundred fifty dollars ($750) in the small claims divisions of the municipal courts specified in Section 119.9 unless, at the time of the commencement of the action, the defendant resides in the judicial district where the action is brought.

(c) In any action brought pursuant to paragraph (1) of subdivision

(a), the court may grant equitable relief in the form of rescission, restitution, reformation, and specific performance, in lieu of or in addition to money damages.

123.1. (a) In two of the six courts specified in Section 119.9, defendants shall have the option, prior to the small claims hearing, to transfer the action, upon payment of an appropriate fee, to the civil division of the municipal court. The plaintiff in such actions shall not be charged any additional fee when the case is transferred.

(b) Two of the remaining four courts specified in Section 119.9 shall provide for the establishment of small claims legal advisers pursuant to rules of the Judicial Council. The advisers, who may be members of the State Bar, paralegals, or law students, shall directly assist litigants, but may not appear in court to act as advocates for any party. The Judicial Council may provide by rule for an increase in the filing fee in such districts of up to two dollars ($2) in addition to the fees specified in Section 117.14 to fund the costs of such advisers.

(c) The courts which shall offer the foregoing features shall be selected under the supervision of the Judicial Council and designated by rule.

The Judicial Council shall survey the effects of the jurisdictional change upon the courts. The Judicial Council, with the advice of the Department of Consumer Affairs, shall designate at least two courts operating pursuant to Section 116.2 to be included in the studies for purposes of comparison with the courts specified under Section 119.9.

123.5. The advisory committee and the Department of Consumer Affairs shall provide the Legislature with a preliminary report no later than February 1, 1980, and a final report by July 1, 1980. The reports shall discuss, to the extent relevant, at least the following: (a) any change in filing practices by plaintiffs, particularly corporate and governmental plaintiffs; (b) the reasons for any changes in filing behavior and patterns; (c) the impact on natural person plaintiffs and defendants which occur as a result of changed filing patterns; (d) any additional judicial and clerical time and expense; and (e) use of the transfer option by defendants and the reasons therefor.

123.7. In addition to the fees specified by Sections 117.14 and 123.1, the courts specified under subdivision (b) of Section 123.1 shall charge an additional fee of one dollar ($1) for the filing of a claim under oath for the commencement of any small claims action. The additional funds provided by such increased fees shall reimburse local agencies for costs incurred in connection with this article.

SEC. 15. Section 2 of Chapter 1287 of the Statutes of 1976 is amended to read:

Sec. 2. This act shall become operative on July 1, 1977, and shall continue in force until June 30, 1980, at which time it shall be repealed.

There are no state-mandated local costs within the meaning of Section 2231 of the Revenue and Taxation Code imposed on local governmental entities in 1976–1977 by this act. However, there are state-mandated local costs in this act in 1977–1978 and subsequent years that require reimbursement under Section 2231 of the Revenue and Taxation Code which can be handled in the regular budget process.

SEC. 16. It is the intent of the Legislature that if this bill and Assembly Bill No. 2115 or Assembly Bill No. 2574, or both, are chaptered and become effective January 1, 1979, each of the bills amend Section 116 of the Code of Civil Procedure, and this bill is chaptered last, that amendments proposed by each of the bills which are chaptered be given effect as follows:

(1) If this bill and Assembly Bill No. 2115 are both chaptered and become effective January 1, 1979, both bills amend Section 116 of the Code of Civil Procedure, but Assembly Bill No. 2574 is not chaptered or as chaptered does not amend that section, and this bill is chaptered after Assembly Bill No. 2115, the amendments proposed by both bills shall be given effect and incorporated in Section 116 in the form set forth in Section 1.1 of this act. Therefore, if this bill and Assembly Bill No. 2115 are both chaptered and become effective January 1, 1979, both bills amend Section 116, this bill is chaptered after Assembly Bill No. 2115, and Assembly Bill No. 2574 is not chaptered or as chaptered does not amend that section, Section 1.1 of this act shall be operative and Sections 1, 1.2, and 1.3 of this act shall not become operative.

(2) If this bill and Assembly Bill No. 2574 are both chaptered and become effective January 1, 1979, both bills amend Section 116 of the Code of Civil Procedure, but Assembly Bill No. 2115 is not chaptered or as chaptered does not amend that section, and this bill is chaptered after Assembly Bill No. 2574, the amendments proposed by both bills shall be given effect and incorporated in Section 116 in the form set forth in Section 1.2 of this act. Therefore, if this bill and Assembly Bill No. 2574 are both chaptered and become effective January 1, 1979, both bills amend Section 116, this bill is chaptered after Assembly Bill No. 2574, and Assembly Bill No. 2115 is not chaptered or as chaptered does not amend that section, Section 1.2 shall be operative and Sections 1, 1.1, and 1.3 of this act shall not become operative.

(3) If this bill and Assembly Bill No. 2115 and Assembly Bill No. 2574 are all chaptered and become effective January 1, 1979, all three bills amend Section 116 of the Code of Civil Procedure, and this bill is chaptered after Assembly Bill No. 2115 and Assembly Bill No. 2574, the amendments proposed by all three bills shall be given effect and incorporated in Section 116 in the form set forth in Section 1.3 of this act. Therefore, if this bill and Assembly Bill No. 2115 and Assembly Bill No. 2574 are all chaptered and become effective January 1, 1979, all three bills amend Section 116 of the Code of Civil Procedure, and this bill is chaptered after Assembly Bill No. 2115 and Assembly Bill No. 2574, Section 1.3 of this act shall be operative and Sections 1, 1.1, and 1.2 of this act shall not become operative.

SEC. 17. It is the intent of the Legislature, if this bill and Assembly Bill No. 2574 are both chaptered and become effective January 1, 1979, both bills amend Section 116.8 of the Code of Civil Procedure, and this bill is chaptered after Assembly Bill No. 2574, that the amendments to Section 116.8 proposed by both bills be given effect and incorporated in Section 116.8 in the form set forth in Section 3.5 of this act. Therefore, Section 3.5 of this act shall become operative only if this bill and Assembly Bill No. 2574 are both chaptered and become effective January 1, 1979, both amend Section 116.8, and this bill is chaptered after Assembly Bill No. 2574, in which case Section 3 of this act shall not become operative.

SEC. 18. There are no state-mandated local costs in this act that require reimbursement under Section 2231 of the Revenue and Taxation Code because there are no new duties, obligations, or responsibilities imposed on local government by this act.

CHAPTER 724

An act to amend Section 12525 of the Welfare and Institutions Code, relating to public social services.

[Approved by Governor September 11, 1978. Filed with Secretary of State September 11, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 12525 of the Welfare and Institutions Code is amended to read:

12525. If the regular monthly check for benefits under Chapter 3 (commencing with Section 12000) of this part or Title II of the federal Social Security Act (42 U.S.C. 401 et seq.) is not received by a recipient under Chapter 3 as verified by the federal Social Security Administration and the recipient does not receive a replacement of such check within four days after the normal delivery date of the check, excluding any days mail is normally not delivered, the county shall immediately loan the recipient the amount of his entitlement for the current month up to the amount of two hundred fifty dollars ($250) until his check is received.

In administering amounts appropriated or made available for disbursement through the counties for purposes of this section, the department shall adopt regulations that base eligibility for loans on repayment of previous loans. The district attorney or other civil legal officer of the county may maintain an action to enforce repayment of the loan. The county shall seek restitution by request, civil action, or other suitable means prior to the bringing of any criminal action.

The county shall prepare the affidavit for the recipient.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this

section nor shall there be any appropriation made by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not place any financial burden on local government. If there are any costs incurred as a result of this act, local governments may file claims for reimbursement pursuant to Section 2231 of the Revenue and Taxation Code.

The fee for such transfer shall be equal to 50 percent of the original fee for the license, provided that the minimum fee shall be one hundred dollars ($100) and the maximum fee shall be eight hundred dollars ($800). In situations involving the multiple and simultaneous transfer of licenses under this section, the regular transfer fee shall only be required for one of the licenses being transferred and the remainder of the licenses shall be transferred for a fee of one hundred dollars ($100) each. All of the transfer fees collected pursuant to this section shall be deposited directly in the General Fund in the State Treasury, rather than in the Alcohol Beverage Control Fund as provided in Section 25761. (a) The name and address of the corporation.

(b) The name and address of the person or persons acquiring ownership of 50 percent or more of the stock of the corporation.

(c) The amount of the consideration paid for the stock.

(d) The kind of license or licenses intended to be transferred.

(e) The address or addresses of the premises to which the license or licenses have been issued.

A copy of the notice of the intended transfer, certified by the county recorder, shall be filed with the department together with the transfer application.

Notwithstanding any other provision of this division to the contrary, a corporation as newly constituted by transfer under this section, shall not be eligible for any new credit from an alcoholic beverage supplier or manufacturer named in Section 25509 until all delinquent payments owed by the corporation as formerly constituted, are made, nor shall any corporate retail licensee, by transferring its license under this section, avoid the provisions of Section 25509 with regard to 42-day or 30-day periods, percentage charges for unpaid balances, or cash on delivery basis.

CHAPTER 726

Each local program and its contractors shall consider applications from, and make appointments equally open to, all professions that are eligible pursuant to this section.

Regulations pertaining to the qualifications of directors of local mental health services shall be administered in accordance with Section 5607. Such standards may include the maintenance of records of service which shall be reported to the State Department of Mental Health in a manner and at such times as it may specify.

Regulations pertaining to the position of director of local mental health services, where the local director is other than the local health officer or medical administrator of the county hospitals, shall require that the director be a psychiatrist, psychologist, clinical social worker or hospital administrator, who meets standards of education and experience established by the Director of Mental Health. Where the director is not a psychiatrist, the program shall have a psychiatrist licensed to practice medicine in this state and who shall provide to patients medical care and services as authorized by Section 2137 of the Business and Professions Code.

The regulations shall be adopted in accordance with the Administrative Procedure Act, Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of the Government Code.

SEC. 2. Section 5751.1 of the Welfare and Institutions Code is amended to read:

CHAPTER 727

An act to add Section 14502 to the Welfare and Institutions Code, relating to family planning.

[Approved by Governor September 11, 1978. Filed with Secretary of State September 11, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 14502 is added to the Welfare and Institutions Code, to read:

14502. The Office of Family Planning may, to the extent funds are available, and not more frequently than once each year, advance up to 25 percent of the yearly allocation to an individual or entity with which it has contracted, pursuant to subdivision (i) of Section 14501, to provide material, equipment, and services.

CHAPTER 728

An act relating to filing maps and plats, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 11, 1978. Filed with Secretary of State September 11, 1978]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding the provisions of Sections 54902 and 54903 of the Government Code, any community services district formed prior to January 20, 1978, which files its map or plat with the State Board of Equalization on or before January 20, 1978, shall be effective for assessment and taxation purposes for the 1978–1979 fiscal year.

SEC. 2. Except as provided in subparagraph (C) of paragraph (1) of subdivision (b) of Section 26912 of the Government Code, for the purpose of Section 26912 of the Government Code, a city or special district formed after December 1, 1976 shall be a local agency for the purposes of that section and shall be assumed to have levied during the 1975–76, 1976–77, and 1977–78 fiscal years tax rates equal to two thirds of its maximum tax rate for the 1978–79 fiscal year which would have been permitted under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of the Revenue and Taxation Code, prior to its amendment by Chapter 292 of the Statutes of 1978.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the duties, obligations or responsibilities imposed on local

governmental entities or school districts by this act are such that related costs are incurred as part of their normal operating procedures.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Daphnedale Community Services District has been formed but, due to inadvertence, neglected to timely file the required maps and plats with the State Board of Equalization. This act will remedy the situation by allowing the Daphnedale Community Services District and other community services districts similarly situated to have their property taxes collected for them for the 1978–1979 fiscal year. Therefore, it is necessary for this act to take effect immediately.

CHAPTER 729

An act to add Section 10177.4 to the Business and Professions Code, relating to real estate licenses.

[Approved by Governor September 11, 1978. Filed with Secretary of State September 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 10177.4 is added to the Business and Professions Code, to read:

10177.4. Notwithstanding any other provision of law, the commissioner may, after hearing in accordance with the provisions of this part relating to hearings, suspend or revoke the license of a real estate licensee who claims, demands, or receives a commission, fee or other consideration, as compensation or inducement, for referral of customers to any escrow agent, structural pest control firm, title insurer, controlled escrow company, or underwritten title company.

The term "other consideration" as used in this section does not include:

(1) Bona fide payments for goods or facilities actually furnished by a licensee or for services actually performed by a licensee, provided such payments are reasonably related to the value of the goods, facilities or services furnished;

(2) Furnishing of documents, services, information, advertising, educational materials, or items of a like nature which are customary in the real estate business and which relate to the product or services of the furnisher and which are available on a similar and essentially equal basis to all customers or the agents of such customers of the furnisher;

(3) Moderate expenses for food, meals, beverages and similar

items furnished to individual licensees or groups or associations of licensees within a context of customary business, educational or promotional practices pertaining to the business of the furnisher;

(4) Items of a character and magnitude similar to those in subsections (2) and (3) which are promotional of the furnisher's business customary in the real estate business, and available on a similar and essentially equal basis to all customers, or the agents of such customers, of the furnisher.

Nothing in this section shall relieve any licensee of the obligation of disclosure otherwise required by this part.

CHAPTER 730

An act to amend Section 12403.7 of the Penal Code, relating to tear gas.

[Approved by Governor September 11, 1978 Filed with Secretary of State September 11, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 12403.7 of the Penal Code is amended to read:

12403.7. (a) Notwithstanding any other provision of law, any person may purchase, possess or use tear gas and tear gas weapons for the projection or release of tear gas if such tear gas and tear gas weapons are approved by the Department of Justice and are used solely for self-defense purposes, subject to the following requirements:

(1) No person convicted of a felony under the laws of the United States, of the State of California, or any other state, government, or country shall purchase, possess, or use tear gas or tear gas weapons.

(2) No person who is addicted to any narcotic drug shall purchase, possess, or use tear gas or tear gas weapons.

(3) No person shall sell or furnish any tear gas or tear gas weapon to a minor.

(4) (i) No person shall purchase, possess or use any tear gas weapon which expels a projectile, or which expels the tear gas by any method other than an aerosol spray, or which is of a type, or size of container, other than authorized by regulation of the Department of Justice.

(ii) The department, with the cooperation of the State Department of Health Services, shall develop standards and promulgate regulations regarding the type of tear gas and tear gas weapons which may lawfully be purchased, possessed, and used pursuant to this section.

(iii) The regulations of the department shall include a requirement that every mace container and tear gas weapon which

may be lawfully purchased, possessed, and used pursuant to this section have a label which states: "WARNING: The use of this substance or device for any purpose other than self-defense is a felony under California law. The contents are dangerous--use with care."

(5) (i) No person shall purchase, possess, or use any tear gas or any tear gas weapon who has not completed a course certified by the Department of Justice in the use of tear gas and tear gas weapons pursuant to which a card is issued identifying the person who has completed such a course. Such a course shall be taken in any training institution approved by the Department of Justice to offer tear gas training. Such a training institution is authorized to charge a fee covering the actual cost of such training.

(ii) The Department of Justice, in cooperation with the Commission on Peace Officer Standards and Training, shall develop standards for a course in the use of tear gas and tear gas weapons.

(6) No person shall purchase, possess or use any tear gas or tear gas weapon if such person has not been issued a permit by the police chief or sheriff having jurisdiction over the person's place of legal residence. The police chief or sheriff shall issue a permit to any person who has completed the course of training specified in paragraph (5), and who meets the following criteria:

(i) Is not a minor.

(ii) Has not been convicted of a felony.

(iii) Is not addicted to any narcotic drug.

(iv) Has not been convicted of any crime involving assault.

(v) Has not been convicted of misuse of tear gas under paragraph (8).

(7) If an application for a permit is denied, the police chief or sheriff denying such permit shall inform the applicant in writing of the reason for such denial.

The police chief or sheriff may charge a fee covering the actual cost of processing the application which shall also include the fee charged by the Department of Justice for noncriminal fingerprint card processing. The valid permit shall be carried on the person when carrying tear gas or tear gas weapons and shall be presented for examination to the vendor from whom any tear gas or tear gas weapons are purchased. The sale of tear gas or tear gas weapons by a vendor to a person who fails to present an identifying permit is a violation of Section 12420.

(8) Any person who has a valid permit, who uses tear gas or tear gas weapons except in self-defense or as authorized for training purposes by the department is guilty of a public offense and is punishable by imprisonment in a state prison for 16 months, or two or three years or in a county jail not to exceed one year or by fine not to exceed one thousand dollars ($1,000) or by both such fine and imprisonment.

(9) No person shall purchase, possess, or use any tear gas or tear gas weapon pursuant to this section prior to July 1, 1977.

(b) Such permit shall be valid for a period of seven years unless revoked because the person no longer meets the criteria specified under paragraph (6), and shall be nontransferable.

Applications and permits shall be uniform throughout the state on forms prescribed by the Department of Justice.

The Department of Justice may adopt and promulgate such regulations concerning the purchase and disposal of self-defense tear gas weapons, the standards for tear gas training courses, and the approval of facilities at which such training shall occur as are necessary to insure the safe use and possession of such tear gas weapons by permit holders.

(c) Any person who successfully completes training under this section for which the course and training facility must be approved by the Department of Justice is entitled to receive a certificate of completion issued by the Department of Justice. A fee shall be charged by the Department of Justice for the certificate. The fee shall be no more than is necessary to reimburse the Department of Justice for the costs of approving the courses, the facilities, maintaining control of the quality of the courses, and issuing the certificate of completion. The Department of Justice may provide by regulations the manner in which the fee is collected and paid.

CHAPTER 731

An act to amend Section 7150 of the Financial Code, relating to savings and loan associations, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 11, 1978 Filed with Secretary of State September 11, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 7150 of the Financial Code is amended to read:

7150. An association may make amortized loans, as defined in Section 5074, upon the security of real property for the following terms, from the due date of the first principal installment.

(a) Loans secured by improved real property, for a term of not more than 30 years.

(b) Loans secured by other real property, for a term of not more than 20 years.

(c) Loans made pursuant to Article 3 of this chapter, for the maximum term, applicable to such loan pursuant to the provisions of the National Housing Act or any act of Congress supplementary or amendatory thereof or of the Servicemen's Readjustment Act of 1944 or any act of Congress supplementary or amendatory thereof or of the Veteran's Readjustment Act of 1952 or any act of Congress

supplementary or amendatory thereof.

Notwithstanding subdivision (a), when a loan secured by residential real property contains a provision for a variable interest rate and there is an increase in the interest rate pursuant to such provision, the term of such loan may be extended on the mutual agreement between the lender and the person or persons obligated to repay the indebtedness for such additional period as may be required to amortize the loan without increasing the existing monthly payment, but not to exceed a maximum term of 40 years. Nothing in this paragraph shall affect the right of the borrower under Section 1916.5 of the Civil Code to secure an extension of terms.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There are loan instruments executed by state-chartered savings and loan associations on the security of residential real property in excess of four dwelling units that authorize increases in the interest rate and the monthly payments on the loan pursuant to variable interest rate provisions. In order to allow borrowers to extend the term of these loans in order to prevent an increase in monthly payments, the cost of which might be passed along to renters in the form of increased rents, it is necessary to allow borrowers who have loans secured by residential real property in excess of four dwelling units to extend the terms of the loans to up to 40 years. It is therefore necessary that this act take effect immediately.

CHAPTER 732

An act to amend Sections 469, 533, 534, 1605, 4831, 4986, 5096, and 5097 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 11, 1978. Filed with Secretary of State September 11, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 469 of the Revenue and Taxation Code is amended to read:

469. In any case in which locally assessable business tangible personal property owned, claimed, possessed or controlled by a taxpayer engaged in a profession, trade, or business has a full value of one hundred thousand dollars ($100,000) or more, the assessor shall audit the books and records of such profession, trade, or business at least once each four years. If the board determines the value of property pursuant to Chapter 2 (commencing with Section 1815) of Part 3 of this division, such determination may be deemed an audit by the assessor for purposes of this section.

Equalization of the property by a county board of equalization or assessment appeals board pursuant to Chapter 1 (commencing with Section 1601) of Part 3 of this division shall not preclude a subsequent audit and shall not preclude the assessor from levying an escape assessment in appropriate instances, but shall preclude an escape assessment being levied on that portion of any such assessment which was the subject of any such equalization hearing.

If the result of an audit for any year discloses property subject to an escape assessment, then the original assessment of all property of the assessee at the location of the profession, trade, or business for that year shall be subject to review, equalization and adjustment by the county board of equalization or assessment appeals board pursuant to Chapter 1 (commencing with Section 1601) of Part 3 of this division, except in those instances when such property had previously been equalized for the year in question.

If the audit for any particular tax year discloses that the property of the taxpayer was incorrectly valued or misclassified for any cause, to the extent that this error caused the property to be assessed at a higher value than the assessor would have entered on the roll had such incorrect valuation or misclassification not occurred, then the assessor shall notify the taxpayer of the amount of the excess valuation or misclassification, and the fact that a claim for cancellation or refund may be filed with the county as provided by Sections 4986 and 5096.

SEC. 2. Section 533 of the Revenue and Taxation Code is amended to read:

533. Assessments made pursuant to Article 3 (commencing with Section 501) of this chapter or pursuant to this article shall be entered on the roll prepared or being prepared in the assessment year when it is so discovered and, if this is not the roll for the assessment year in which it escaped assessment, the entry shall be followed with "Escaped assessment for year 19__ pursuant to Sections _____ of the Revenue and Taxation Code."

If the assessments are made as a result of an audit which discloses that property assessed to the party audited has been incorrectly assessed either for a past tax year for which taxes have been paid and a claim for refund is not barred by Section 5097 or for any tax year for which the taxes are unpaid, the assessed values incorrectly assessed shall be an offset only against a proposed escape assessment for any tax year covered by the audit. If such values exceed any proposed escape assessment, the assessor shall notify the party audited and the State Controller of the amount of the excess and the fact that a claim for cancellation or refund may be filed with the county as provided by Sections 4986 or 5096. In the event that the assessment caused an excess payment of taxes and therefore resulted in an overpayment by the state for property tax relief as provided by Section 219, then subsequent subventions for property tax relief shall be reduced by the amount of such overpayment.

SEC. 3. Section 534 of the Revenue and Taxation Code is

amended to read:

534. Assessments made pursuant to Article 3 (commencing with Section 501) of this chapter or pursuant to this article shall be treated like, and taxed at the same rate applicable to, property regularly assessed on the roll on which it is entered, unless the assessment relates to a prior year and then the tax rate of the prior year shall be applied.

No such assessment shall be effective for any purpose, including its review, equalization and adjustment by the Board of Equalization, until the assessee has been notified thereof personally or by United States mail at his address as contained in the official records of the county assessor. Receipt of the assessee of a tax bill based on such assessment shall suffice as such notice. Any such assessment shall be subject to the provisions of Sections 469 and 1605.

SEC. 4. Section 1605 of the Revenue and Taxation Code is amended to read:

1605. (a) An assessment made outside of the regular assessment period is not effective for any purpose, including its review, equalization and adjustment by the county board, until the assessee has been notified thereof personally or by United States mail at his address as contained in the official records of the county assessor. Receipt by the assessee of a tax bill based on said assessment shall suffice as such notice.

(b) Upon application for reduction pursuant to subdivision (a) of Section 1603, such assessment shall be subject to review, equalization and adjustment by the county board. The application must be filed with the clerk no later than 60 days after the date on which the assessee was notified.

(c) In counties where assessment appeals boards have not been created and are not in existence, at any regular meeting, the board of supervisors, on the request of the assessor or any taxpayer, shall sit as the county board to equalize any assessments made by the assessor outside the regular assessment period for such assessments. Notwithstanding any other provision of law to the contrary, in any county in which assessment appeals boards have been created and are in existence, the time for equalization of assessments made outside the regular assessment period for such assessments, including assessments made pursuant to Sections 501, 503, 504, 531, and 531.1, shall be prescribed by rules adopted by the board of supervisors.

(d) If an audit of the books and records of any profession, trade, or business pursuant to Section 469 of this code discloses property subject to an escaped assessment for any year, then the original assessment of all property of the assessee at the location of the profession, trade, or business for that year shall be subject to review, equalization and adjustment by the county board of equalization or assessment appeals board pursuant to Chapter 1 (commencing with Section 1601) of Part 3 of this division, except in those instances when such property had previously been equalized for the year in question by the county board of equalization or assessment appeals board The

application must be filed with the clerk no later than 60 days after the mailing of the tax bill on such assessment to the assessee.

SEC. 4.5. Section 4831 of the Revenue and Taxation Code is amended to read:

4831. (a) When it can be ascertained from an inspection of the property, the records of the assessee, or from the roll or any papers in the assessor's office what was intended, or what should have been assessed, defects in description or form or clerical errors of the assessor on the roll or other errors of the assessor not involving the exercise of judgment as to value which result in the entry on the roll of assessed values other than those intended by the assessor, or which result in the assessment of nonexistent improvements or personal property, may be corrected under this article at any time after the roll is delivered to the auditor and prior to the expiration of four years after the making of the assessment which is being corrected. If any such error is discovered as the result of an audit of a taxpayer's books and records, such error may be corrected at any time prior to the expiration of six months after the completion of the audit.

(b) This section shall also be applicable in the case of the assessment of improvements or personal property which are subsequently determined not to have existed on the lien date, notwithstanding the fact that some improvements or personal property were in existence and were assessed relative to a particular parcel or account.

(c) Taxes which do not create, impose or constitute a lien or charge on the property assessed may be transferred from the secured roll to the unsecured roll of the corresponding year by the county auditor on order of the board of supervisors with the written consent of the district attorney and shall be collected in the same manner as other delinquent taxes on the unsecured roll and shall be subject to delinquent penalties in the same manner as taxes transferred to the unsecured roll under Section 4986. The statute of limitations for the collection of such taxes shall commence to run from the date of transfer.

(d) Any liens created pursuant to this section prior to the effective date of Chapter 1190 of the Statutes of 1973 (January 1, 1974), shall have the force, effect and priority of a judgment lien, and shall continue for 10 years from the time of recording of the certificate authorized under this section unless sooner released or otherwise discharged.

SEC. 5. Section 4986 of the Revenue and Taxation Code is amended to read:

4986. (a) All or any portion of any tax, penalty, or costs, heretofore or hereafter levied, may, on satisfactory proof, be canceled by the auditor on order of the board of supervisors with the written consent of the county legal adviser if it was levied or charged:

(1) More than once.

(2) Erroneously or illegally.

(3) On the canceled portion of an assessment that has been

decreased pursuant to a correction authorized by Article 1 (commencing with Section 4876) of Chapter 2 of this part.

(4) On property which did not exist on the lien date.

(5) On property annexed after the lien date by the public entity owning it.

(6) On property acquired prior to September 18, 1959, by the United States of America, the state, or by any county, city, school district or other political subdivision and which, because of such public ownership, became not subject to sale for delinquent taxes.

(7) On that portion of an assessment in excess of the value of the property as determined by the assessor pursuant to Section 469.

(b) On property acquired after the lien date by the United States of America, if such property upon such acquisition becomes exempt from taxation under the laws of the United States, or by the state or by any county, city, school district or other public entity, and because of such public ownership becomes not subject to sale for delinquent taxes, no cancellation shall be made in respect of all or any portion of any such unpaid tax, or penalties or costs, but such tax, together with such penalties and costs as may have accrued thereon while on the secured roll, shall be paid through escrow at the close of escrow or, if unpaid for any reason, they shall be collected like any other taxes on the unsecured roll. If unpaid at the time set for the sale of property on the secured roll to the state, they shall be transferred to the unsecured roll pursuant to Section 2921.5, and collection thereof shall be made and had as provided therein, except that the statute of limitations on any suit brought to collect such taxes and penalties shall commence to run from the date of transfer of such taxes, penalties and costs to the unsecured roll, which date shall be entered on the unsecured roll by the auditor opposite the name of the assessee at the time such transfer is made. The foregoing toll of the statute of limitations shall apply retroactively to all such unpaid taxes and penalties so transferred, the delinquent dates of which are prior to the effective date of the amendment of this section at the 1959 Regular Session.

If any property described in this subdivision is acquired by a negotiated purchase and sale, gift, devise, or eminent domain proceeding after the lien date but prior to the commencement of the fiscal year for which current taxes are a lien on the property, the amount of such current taxes shall be canceled and neither the person from whom the property was acquired nor the public entity shall be liable for the payment of such taxes. If, however, the property is so acquired after the commencement of the fiscal year for which the current taxes are a lien on the property, that portion only of such current taxes, together with any allocable penalties and costs thereon, which are properly allocable to that part of the fiscal year which ends on the day before the date of acquisition of the property shall be paid through escrow at the close of escrow, of if unpaid for any reason, they, shall be transferred to the unsecured roll pursuant to Section 2921.5 and shall be collectible from the person

from whom the property was acquired. The portion of such taxes, together with any penalties and costs thereon, which are allocable to that part of the fiscal year which begins on the date of the acquisition of the property, shall be canceled and shall not be collectible either from the person from whom the property was acquired nor from the public entity.

In no event shall any transfer of unpaid taxes, penalties or costs be made with respect to property which has been tax deeded to the state for delinquency.

For purposes of this subdivision, if proceedings for acquisition of the property by eminent domain have not been commenced, the date of acquisition shall be the date that the conveyance is recorded in the name of the public entity or the date of actual possession by the public entity, whichever is earlier. If proceedings to acquire the property by eminent domain have been commenced and an order of immediate possession obtained prior to acquisition of the property by deed, the date of acquisition shall be the date upon or after which the plaintiff may take possession as authorized by such order of immediate possession.

The subject of the amount of the taxes which may be due on the property shall not be considered relevant on any issue in the condemnation action, and the mention of said subject, either on the voir dire examination of jurors, or during the examination of witnesses, or as a part of the court's instructions to the jury, or in argument of counsel, or otherwise, shall constitute grounds for a mistrial in any such action.

No cancellation under paragraph (2) of subdivision (a) of this section shall be made in respect of all or any portion of any tax, or penalties or costs attached thereto, collectible by county officers on behalf of a municipal corporation without the written consent of the city attorney or other officer designated by the city council unless the city council, by resolution filed with the board of supervisors, has authorized the cancellation by county officers. The resolution shall remain effective until rescinded by the city council. For the purpose of this section and Section 4986.9, the date of possession shall be the date after which the plaintiff may take possession as authorized by order of the court or as authorized by a declaration of taking.

SEC. 6. Section 5096 of the Revenue and Taxation Code is amended to read:

5096. On order of the board of supervisors, any taxes paid before or after delinquency shall be refunded if they were:

(a) Paid more than once.

(b) Erroneously or illegally collected.

(c) Illegally assessed or levied.

(d) Paid on an assessment in excess of the ratio of assessed value to the full value of the property as provided in Section 401 by reason of the assessor's clerical error or excessive or improper assessments attributable to erroneous property information supplied by assessee.

(e) Paid on an assessment of improvements when the

improvements did not exist on the lien date.

(f) Paid on an assessment in excess of the equalized value of the property as determined pursuant to Section 1613 by the county board of equalization.

(g) Paid on an assessment in excess of the value of the property as determined by the assessor pursuant to Section 469.

SEC. 6.5. Section 5097 of the Revenue and Taxation Code is amended to read:

5097. (a) No order for a refund under this article shall be made, except on a claim:

(1) Verified by the person who paid the tax, his guardian, executor, or administrator.

(2) Filed within four years after making of the payment sought to be refunded or within one year after the mailing of notice as prescribed in Section 2635, whichever is later.

(b) An application for a reduction in an assessment filed pursuant to Section 1603 shall also constitute a sufficient claim for refund under this section if the applicant states in the application that the application is intended to constitute a claim for refund. If the applicant does not so state, he may thereafter and within the period provided in paragraph (2) of subdivision (a) file a separate claim for refund of taxes extended on the assessment which applicant applied to have reduced pursuant to Section 1603 or Section 1604.

(c) If an application for equalization of an escape assessment is filed pursuant to Section 1603, a claim may be filed on any taxes resulting from the escape assessment or the original assessment to which the escape relates within the period provided in paragraph (2) of subdivision (a) or within 60 days from the date the board of equalization makes its final determination on the application, whichever is later.

SEC. 7. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the duties, obligations, or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

SECTION 1. Section 18415 of the Revenue and Taxation Code is amended to read:

(1) If the declaration is not required to be filed during the taxable year, but is required to be filed on or before January 15, such return shall be considered as such declaration; and

(2) If the tax shown on the return (reduced by the sum of the credits against tax provided by subdivision (b) of this section) is greater than the estimated tax shown in a declaration previously made, or in the last amendment thereof, such return shall be considered as the amendment of the declaration permitted by subdivision (e) to be filed on or before January 15.

In the application of this subdivision, in the case of a taxable year beginning on any date other than January 1, there shall be substituted, for the 15th or last day of the months specified in this subdivision, the 15th or last day of the months which correspond thereto.

However, no interest shall be paid under the provisions of this section if the taxpayer has been given the notice required by Section 2635 and has failed to apply for the refund within 30 days after the mailing of such notice.

Interest allowed under this section shall be computed from whichever of the three following dates provides the longest period: the date of the recording of the deed to the public agency acquiring the property in eminent domain to the date of the filing of the claim for refund; the date of the payment of the tax on property subject to an application for equalization of the assessed value thereof to the date of the determination of the equalized value of the property; or a date preceding by 30 days the date of paying the refund.

The interest charged shall be apportioned to the appropriate funds, as determined by the county auditor.

SEC. 2. Notwithstanding Sections 2231 and 2234 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to those sections nor shall there be an appropriation made by this act because the duties, obligations, or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

The people of the State of California do enact as follows:

SECTION 1. Section 30721 is added to the Public Resources Code, to read:

30721. (a) The Legislature recognizes that Port Hueneme is unique in its relationship to the coast in that it is the only deep water port operated by a harbor district, and is without access to city or county funds. Therefore, the governing body of Port Hueneme may claim reimbursement of costs it incurs in the preparation and certification of a port master plan as required by this chapter.

(b) Prior to submitting any claim for reimbursement, the governing body of the port shall submit its proposed claims to the executive director of the commission for review and approval and shall provide adequate documentation to enable the executive director to make the following determinations:

(1) That the work done was directly attributable to the operation of this chapter.

(2) That the work done is reasonably related to, and appears to be necessary for, the preparation of a certifiable port master plan for the geographic area within the port's jurisdiction as identified by the commission pursuant to Section 30710.

(3) That the governing body of a port is not reimbursed for the costs of the work from any other source.

The executive director of the commission shall, within 60 days after receipt of the necessary information, approve the proposed claim, if the director can make the determinations set forth in this subdivision.

(c) After a proposed claim has been reviewed and approved by the executive director of the commission pursuant to subdivision (b), the governing body of the port may submit its claim for reimbursement to the Controller who shall then process and pay any such claim as provided for in Section 2231 of the Revenue and Taxation Code.

[Approved by Governor September 11, 1978. Filed with Secretary of State September 12, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 2.5 (commencing with Section 1141.10) of Title 3 of Part 3 of the Code of Civil Procedure is repealed.

SEC. 2. Chapter 2.5 (commencing with Section 1141.10) is added to Title 3 of Part 3 of the Code of Civil Procedure, to read:

CHAPTER 2.5. JUDICIAL ARBITRATION

1141.10. (a) The Legislature finds and declares that litigation involving small civil claims has become so costly and complex as to make more difficult the efficient resolution of such civil claims that courts are unable to efficiently resolve the increased number of cases filed each year, and that the resulting delays and expenses deny parties their right to a timely resolution of minor civil disputes. The Legislature further finds and declares that arbitration has proven to be an efficient and equitable method for resolving small claims, and that courts should encourage or require the use of arbitration for such actions whenever possible.

(b) It is the intent of the Legislature that:

(1) Arbitration hearings held pursuant to this chapter shall provide parties with a simplified and economical procedure for obtaining prompt and equitable resolution of their disputes.

(2) Arbitration hearings shall be as informal and private as possible and shall provide the parties themselves maximum opportunity to participate directly in the resolution of their disputes, and shall be held during nonjudicial hours whenever possible.

(3) Members of the State Bar selected to serve as arbitrators should have experience with cases of the type under dispute and are urged to volunteer their services without compensation whenever possible.

1141.11. (a) In each superior court with 10 or more judges, all

at-issue civil actions pending on or filed after the operative date of this chapter shall be submitted to arbitration, by the presiding judge or the judge designated, under this chapter if the amount in controversy in the opinion of the court will not exceed fifteen thousand dollars ($15,000) for each plaintiff, which decision shall not be appealable.

(b) In each superior court with less than 10 judges, the court may provide by local rule, when it determines that it is in the best interests of justice, that all at-issue civil actions pending on or filed after the operative date of this chapter, shall be submitted to arbitration by the presiding judge or the judge designated under this chapter if the amount in controversy in the opinion of the court will not exceed fifteen thousand dollars ($15,000) for each plaintiff, which decision shall not be appealable.

(c) In each municipal court district, the municipal court district may provide by local rule, when it is determined to be in the best interests of justice, that all at-issue civil actions pending on or filed after the operative date of this chapter in such judicial district, shall be submitted to arbitration by the presiding judge or the judge designated under this chapter. The provisions of this section shall not apply to any action maintained pursuant to Section 1781 of the Civil Code or Section 116.2, 378, or 1161 of this code.

1141.12. (a) In each superior court in which arbitration may be had pursuant to subdivision (a) or (b) of Section 1141.11, upon stipulation of the parties, any at-issue civil actions shall be submitted to arbitration regardless of the amount in controversy.

(b) In all other superior, municipal, and justice courts, the Judicial Council shall provide by rule for a uniform system of arbitration of the following causes:

(i) Any cause upon stipulation of the parties, and

(ii) Upon filing of an election by the plaintiff, any cause in which the plaintiff agrees that the arbitration award shall not exceed the total sum of fifteen thousand dollars ($15,000).

1141.13. This chapter shall not apply to any civil action which includes a prayer for equitable relief, except that if the prayer for equitable relief is frivolous or insubstantial, this chapter shall be applicable.

1141.14. Notwithstanding any other provision of law except the provisions of this chapter, the Judicial Council shall provide by rule for practice and procedure for all actions submitted to arbitration under this chapter. The Judicial Council rules shall provide for and conform with the provisions of this chapter.

1141.15. The Judicial Council rules shall provide exceptions for cause to arbitration pursuant to subdivision (a), (b), or (c) of Section 1141.11. In providing for such exceptions, the Judicial Council shall take into consideration whether the civil action might not be amenable to arbitration.

1141.16. (a) The determination of the amount in controversy, under subdivision (a) or (b) of Section 1141.11 and Section 1141.12,

shall be made by the court and the case submitted to arbitration at any conference at which all parties are present or represented by counsel. Such conference shall be held no sooner than nine months after the case has been placed on the civil active list and no later than 90 days before trial, whichever occurs first. At that time the court shall make a determination whether any prayer for equitable relief is frivolous or insubstantial, which decision shall not be appealable. The date of such conference may be postponed upon motion of any party for good cause shown. No determination pursuant to this section shall be made if all defendants stipulate in writing that the amount in controversy exceeds fifteen thousand dollars ($15,000).

(b) The determination of the amount in controversy shall be without prejudice to any finding on the value of the case by an arbitrator or in a subsequent trial de novo. The determination shall be based on the total amount of damages, and the judge shall not consider questions of liability or comparative negligence or other defenses.

(c) The case shall be submitted to arbitration at an earlier time upon the written request of all plaintiffs, subject to a motion by a defendant for good cause shown to delay the arbitration hearing.

1141.17. Submission of an action to arbitration pursuant to this chapter shall not toll the running of the time periods contained in Section 583 as to actions filed on or after the operative date of this chapter. Submission to arbitration pursuant to a court order within six months of the expiration of the statutory period shall toll the running of such period until the filing of an arbitration award.

1141.18. (a) Arbitrators shall be retired judges or members of the State Bar, and shall sit individually. A judge may also serve as an arbitrator without compensation. People who are not attorneys may serve as arbitrators upon the stipulation of all parties.

(b) The Judicial Council rules shall provide for the compensation, if any, of arbitrators, except that no compensation shall be paid prior to the filing of the award by the arbitrator, or prior to the settlement of the case by the parties. Compensation for arbitrators shall, unless waived in whole or in part, be one hundred fifty dollars ($150) per day, except that the board of supervisors of a county or a city and county may set a higher level of compensation for that county or city and county.

(c) The board of governors of the State Bar shall provide by rule for the method of selection of arbitrators after consulting with administrative committees established pursuant to Rule 1603 of the Judicial Arbitration Rules for Civil Cases and with county bar associations in counties where there are no administrative committees. These rules shall provide for specialized panels and shall become operative upon approval of the Judicial Council.

(d) Any party may request the disqualification of the arbitrator selected for his case on the grounds and by the procedures specified in Section 170 or Section 170.6 within five days of the naming of the arbitrator.

1141.19. Arbitrators approved pursuant to this chapter shall have the powers necessary to perform duties pursuant to this chapter as prescribed by the Judicial Council.

1141.20. An arbitration award shall be final if a request for a de novo trial is not filed within 20 days after the date the arbitrator files the award with the court. Any party may elect to have a de novo trial, by court or jury, both as to law and facts. Such trial shall be calendared, insofar as possible, so that the trial shall be given the same place on the active list as it had prior to arbitration, or shall receive civil priority on the next setting calendar.

1141.21. (a) If the judgment upon the trial de novo is not more favorable in either the amount of damages awarded or the type of relief granted for the party electing the trial de novo than the arbitration award, the court shall order that party to pay the following nonrefundable costs and fees, unless the court finds in writing and upon motion that the imposition of such costs and fees would create such a substantial economic hardship as not to be in the interest of justice:

(i) To the county, the compensation actually paid to the arbitrator.

(ii) To the other party or parties, all costs including, but not limited to, those specified in Sections 1032.5, 1032.6, 1032a, and 1032b, and the party electing the trial de novo shall not recover his costs.

(iii) To the other party or parties, the reasonable costs of the services of expert witnesses, who are not regular employees of any party, actually incurred or reasonably necessary in the preparation or trial of the case.

Such costs and fees, other than the compensation of the arbitrator, shall include only those incurred from the time of election of the trial de novo.

(b) If the party electing the trial de novo has proceeded in the action in forma pauperis and has failed to obtain a more favorable judgment, the costs and fees under paragraphs (ii) and (iii) of subdivision (a) shall be imposed only as an offset against any damages awarded in favor of that party.

(c) If the party electing the trial de novo has proceeded in the action in forma pauperis and has failed to obtain a more favorable judgment, the costs under paragraph (i) of subdivision (a) shall be imposed only to the extent that there remains a sufficient amount in the judgment after the amount offset under subdivision (b) has been deducted from the judgment.

1141.22. The Judicial Council rules shall specify the grounds upon which the arbitrator or the court, or both, may correct, modify or vacate an award.

1141.23. The arbitration award shall be in writing, signed by the arbitrator and filed in the court in which the action is pending. If there is no request for a de novo trial and the award is not vacated, the award shall be entered in the judgment book in the amount of the award. Such award shall have the same force and effect as a judgment in any civil action or proceeding, except that it is not

subject to appeal and it may not be attacked or set aside except as provided by Section 1286.2 or Judicial Council rule.

1141.24. In cases ordered to arbitration pursuant to Section 1141.16(a), absent a stipulation to the contrary, no discovery shall be permissible after an arbitration award except by leave of court upon a showing of good cause.

1141.25. Any reference to the arbitration proceedings or arbitration award during any subsequent trial shall constitute an irregularity in the proceedings of the trial for the purposes of Section 657.

1141.26. Nothing in this act shall prohibit an arbitration award in excess of fifteen thousand dollars ($15,000). No party electing a trial de novo after such award shall be subject to the provisions of Section 1141.21 if the judgment upon the trial de novo is in excess of fifteen thousand dollars ($15,000).

1141.27. This chapter shall apply to any civil action otherwise within the scope of this chapter in which a party to the action is a public agency or public entity.

1141.28. All administrative costs of arbitration, including compensation of arbitrators, shall be paid for by the county in which the arbitration costs are incurred, except as otherwise provided in Section 1141.21.

1141.29. The Judicial Council shall, by rule, require each superior and municipal court subject to the provisions of this chapter to file with it such data as will enable it to provide, on or before January 1, 1984, a report to the Governor and the Legislature which shall serve as a comprehensive review of the effectiveness of this chapter, and which shall include recommendations for future action.

The Judicial Council, in consultation with the Department of Finance and the Auditor General, shall include in its study an estimate of the potential costs or savings, if any, should the program be continued beyond the life of the act.

1141.30. The provisions of this chapter shall not be construed in derogation of the provisions of Title 9 (commencing with Section 1280) of Part 3, and, to that extent, the provisions of this chapter and that title are mutually exclusive and independent of each other.

1141.31. The provisions of this chapter shall become operative July 1, 1979, except that the Judicial Council shall adopt the arbitration rules for practice and procedures on or before March 31, 1979.

1141.32. This chapter shall remain in effect only until January 1, 1985, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1985, deletes or extends such date.

SEC. 3. It is the intent of the Legislature that the additional costs incurred by counties in the 1979–80 fiscal year and subsequent years in administering the arbitration program required by this act be reimbursed to the extent that such costs are not offset by the avoidance of costs associated with the reduced need for additional

superior court judgeships. Funding for such costs can be provided through the regular budget process. Claims for actual costs incurred in the 1979–80 fiscal year and subsequent fiscal years must be submitted to the State Controller pursuant to paragraph (2) of subdivision (d) of Section 2231 of the Revenue and Taxation Code. The Controller shall reduce such claims by the amount of any cost avoidance that is found to have occurred in each county in the report of the Auditor General pursuant to Section 4 of this act.

SEC. 4. The Auditor General shall conduct studies of the effects of this act on superior court workload in each county affected by this act. The studies shall include but not be limited to, an analysis of the reduction in superior court workload, which resulted in a decreased need for additional superior court judgeships. The report shall also include a statement of the costs avoided in each affected county due to the effect of this act. The results of these studies shall be reported annually to the Legislature and the State Controller beginning on October 31, 1980.

SEC. 5. The sum of one hundred seventy-three thousand nine hundred fifty dollars ($173,950) is hereby appropriated from the General Fund according to the following schedule:

(a) To the Judicial Council for implementing this act in Fiscal Year 1978–79 ..... $31,000

(b) To the State Controller for allocation and disbursement to counties pursuant to Section 2231 of the Revenue and Taxation Code to reimburse counties for costs incurred by them in Fiscal Year 1978–79 pursuant to this act; provided, claims for direct and indirect costs hereunder shall be filed as prescribed by the State Controller $142,950

SEC. 6. Section 1 of this act shall become operative July 1, 1979.

CHAPTER 12. HIGHER EDUCATION EMPLOYER-EMPLOYEE RELATIONS

Article 1. General Provisions

3560. The Legislature hereby finds and declares that:

(a) The people of the State of California have a fundamental interest in the development of harmonious and cooperative labor relations between the public institutions of higher education and their employees.

(b) All other employees of the public school systems in the state have been granted the opportunity for collective bargaining through the adoption of Chapter 10.3 (commencing with Section 3512) and Chapter 10.7 (commencing with Section 3540) of this division, and it would be advantageous and desirable to expand the jurisdiction of the board created thereunder to cover the employees of the University of California, Hastings College of the Law, and the California State University and Colleges. These institutions of higher education have their own organizational characteristics.

(c) The people of the State of California have established a system of higher education under the Constitution of the State of California with the intention of providing an academic community with full freedom of inquiry and insulation from political influence in the administration thereof. In so doing the people have caused to be created a board of regents to govern the University of California, a board of directors to govern Hastings College of the Law, an affiliate of the University of California, and a board of trustees to govern the

California State University and Colleges.

(d) The people and the aforementioned higher education employers each have a fundamental interest in the preservation and promotion of the responsibilities granted by the people of the State of California. Harmonious relations between each higher education employer and its employees are necessary to that endeavor.

(e) It is the purpose of this chapter to provide the means by which relations between each higher education employer and its employees may assure that the responsibilities and authorities granted to the separate institutions under the Constitution and by statute are carried out in an atmosphere which permits the fullest participation by employees in the determination of conditions of employment which affect them. It is the intent of this chapter to accomplish this purpose by providing a uniform basis for recognizing the right of the employees of these systems to full freedom of association, self-organization, and designation of representatives of their own choosing for the purpose of representation in their employment relationships with their employers and to select one of such organizations as their exclusive representative for the purpose of meeting and conferring.

3561. (a) It is the further purpose of this chapter to provide orderly and clearly defined procedures for meeting and conferring and the resolution of impasses, and to define and prohibit certain practices which are inimical to the public interest.

(b) The Legislature recognizes that joint decisionmaking and consultation between administration and faculty or academic employees is the long-accepted manner of governing institutions of higher learning and is essential to the performance of the educational missions of such institutions, and declares that it is the purpose of this act to both preserve and encourage that process. Nothing contained in this chapter shall be construed to restrict, limit, or prohibit the full exercise of the functions of the faculty in any shared governance mechanisms or practices, including the Academic Senate of the University of California and the divisions thereof, the Academic Senates of the California State University and Colleges, and other faculty councils, with respect to policies on academic and professional matters affecting the California State University and Colleges, the University of California, or Hastings College of the Law. The principle of peer review of appointment, promotion, retention, and tenure for academic employees shall be preserved.

(c) It is the policy of the State of California to encourage the pursuit of excellence in teaching, research, and learning through the free exchange of ideas among the faculty, students, and staff of the University of California, Hastings College of the Law, and the California State University and Colleges. All parties subject to this chapter shall respect and endeavor to preserve academic freedom in the University of California, Hastings College of the Law, and the California State University and Colleges.

3562. As used in this chapter:

(a) "Arbitration" means a method of resolving a rights dispute under which the parties to a controversy must accept the award of a third party.

(b) "Board" means the Public Employment Relations Board established pursuant to subdivision (g) of Section 3513.

(c) "Certified organization" means an employee organization which has been certified by the board as the exclusive representative of the employees in an appropriate unit after a proceeding under Article 5 (commencing with Section 3573).

(d) "Meet and confer" means the performance of the mutual obligation of the higher education employer and the exclusive representative of its employees to meet at reasonable times and to confer in good faith with respect to matters within the scope of representation and to endeavor to reach agreement on matters within the scope of representation. The process should include adequate time for the resolution of impasses. If agreement is reached between representatives of the higher education employer and the exclusive representative, they shall jointly prepare a written memorandum of such understanding which shall be presented to the higher education employer for concurrence. However, these obligations do not compel either party to agree to any proposal or require the making of a concession.

(e) "Confidential employee" means any employee who is required to develop or present management positions with respect to meeting and conferring or whose duties normally require access to confidential information which contributes significantly to the development of such management positions.

(f) "Employee" or "higher education employee" means any employee of the Regents of the University of California, the Directors of Hastings College of the Law, or the Board of Trustees of the California State University and Colleges, whose employment is principally within the State of California. However, managerial, and confidential employees shall be excluded from coverage under this chapter. The board may find student employees whose employment is contingent on their status as students are employees only if the services they provide are unrelated to their educational objectives, or, that those educational objectives are subordinate to the services they perform and that coverage under this chapter would further the purposes of this chapter.

(g) "Employee organization" means any organization of any kind in which higher education employees participate and which exists for the purpose, in whole or in part, of dealing with higher education employers concerning grievances, labor disputes, wages, hours, and other terms and conditions of employment of employees. Employee organization shall also include any person such an organization authorizes to act on its behalf. An academic senate, or other similar academic bodies, or divisions thereof, shall not be considered employee organizations for the purposes of this chapter.

(h) "Employer" or "higher education employer" means the regents in the case of the University of California, the Directors in the case of Hastings College of the Law, and the trustees in the case of the California State University and Colleges, including any person acting as an agent of an employer.

(i) "Employer representative" means any person or persons authorized to act in behalf of the employer.

(j) "Exclusive representative" means any recognized or certified employee organization or person it authorizes to act on its behalf.

(k) "Impasse" means that the parties have reached a point in meeting and conferring at which their differences in positions are such that further meetings would be futile.

(*l*) "Managerial employee" means any employee having significant responsibilities for formulating or administering policies and programs. No employee or group of employees shall be deemed to be managerial employees solely because the employee or group of employees participate in decisions with respect to courses, curriculum, personnel and other matters of educational policy. A department chair or head of a similar academic unit or program who performs the foregoing duties primarily on behalf of the members of the academic unit or program shall not be deemed a managerial employee solely because of such duties.

(m) "Mediation" means the efforts of a third person, or persons, functioning as intermediaries, to assist the parties in reaching a voluntary resolution to an impasse.

(n) "Person" means one or more individuals, organizations, associations, corporations, boards, committees, commissions, agencies, or their representatives.

(o) "Professional employee" means:

(1) Any employee engaged in work: (i) predominately intellectual and varied in character as opposed to routine mental, manual, mechanical, or physical work; (ii) involving the consistent exercise of discretion and judgment in its performance; (iii) of such a character that the output produced or the result accomplished cannot be standardized in relation to a given period of time; and (iv) requiring knowledge of an advanced type in a field of science or learning customarily acquired by a prolonged course of specialized intellectual instruction and study in an institution of higher learning or a hospital, as distinguished from a general academic education or from an apprenticeship or from training in the performance of routine mental, manual, or physical processes; or

(2) Any employee who: (i) has completed the courses of specialized intellectual instruction and study described in clause (iv) of paragraph (1), and (ii) is performing related work under the supervision of a professional person to qualify himself to become a professional employee as defined in paragraph (1).

(p) "Recognized organization" means an employee organization which has been recognized by an employer as the exclusive representative of the employees in an appropriate unit pursuant to

Article 5 (commencing with Section 3573).

(q) For purposes of the University of California only, "scope of representation" means, and is limited to, wages, hours of employment, and other terms and conditions of employment. The scope of representation shall not include:

(1) Consideration of the merits, necessity, or organization of any service, activity, or program established by law or resolution of the regents or the directors, except for the terms and conditions of employment of employees who may be affected thereby.

(2) The amount of any fees which are not a term or condition of employment.

(3) Admission requirements for students, conditions for the award of certificates and degrees to students, and the content and supervision of courses, curricula, and research programs, as those terms are intended by the standing orders of the regents or the directors.

(4) Procedures and policies to be used for the appointment, promotion, and tenure of members of the academic senate, the procedures to be used for the evaluation of the members of the academic senate, and the procedures for processing grievances of members of the academic senate. The exclusive representative of members of the academic senate shall have the right to consult and be consulted on matters excluded from the scope of representation pursuant to this paragraph. If the academic senate determines that any matter in this paragraph should be within the scope of representation, or if any matter in this paragraph is withdrawn from the responsibility of the academic senate, the matter shall be within the scope of representation.

All matters not within the scope of representation are reserved to the employer and may not be subject to meeting and conferring, provided that nothing herein may be construed to limit the right of the employer to consult with any employees or employee organization on any matter outside the scope of representation.

(r) For purposes of the California State University and Colleges only, "scope of representation" means, and is limited to, wages, hours of employment, and other terms and conditions of employment. The scope of representation shall not include:

(1) Consideration of the merits, necessity, or organization of any service, activity, or program established by statute or regulations adopted by the trustees, except for the terms and conditions of employment of employees who may be affected thereby.

(2) The amount of any student fees which are not a term or condition of employment.

(3) Admission requirements for students, conditions for the award of certificates and degrees to students, and the content and conduct of courses, curricula, and research programs.

(4) Criteria and standards to be used for the appointment, promotion, evaluation, and tenure of academic employees, which shall be the joint responsibility of the academic senate and the

trustees. The exclusive representative shall have the right to consult and be consulted on matters excluded from the scope of representation pursuant to this paragraph. If the trustees withdraw any matter in this paragraph from the responsibility of the academic senate, the matter shall be within the scope of representation.

All matters not within the scope of representation are reserved to the employer and may not be subject to meeting and conferring, provided that nothing herein may be construed to limit the right of the employer to consult with any employees or employee organization on any matter outside the scope of representation.

Article 2. Administration

3563. This chapter shall be administered by the Public Employment Relations Board. In administering this chapter the board shall have all of the following rights, powers, duties and responsibilities:

(a) To determine in disputed cases, or otherwise approve, appropriate units.

(b) To determine in disputed cases whether a particular item is within or without the scope of representation.

(c) To arrange for and supervise representation elections which shall be conducted by means of secret ballot elections, and to certify the results of the elections.

(d) To establish lists of persons broadly representative of the public and qualified by experience to be available to serve as mediators, arbitrators, or factfinders. In no case shall such lists include persons who are on the staff of the board.

(e) To establish by regulation appropriate procedures for review of proposals to change unit determinations.

(f) To adopt, pursuant to Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2, rules and regulations to carry out the provisions and effectuate the purposes and policies of this chapter.

(g) To hold hearings, subpoena witnesses, administer oaths, take the testimony or deposition of any person, and, in connection therewith, to issue subpoenas duces tecum to require the production and examination of any employer's or employee organization's records, books, or papers relating to any matter within its jurisdiction, except for those records, books, or papers confidential under statute.

(h) To investigate unfair practice charges or alleged violations of this chapter, and to take such action and make such determinations in respect of such charges or alleged violations as the board deems necessary to effectuate the policies of this chapter.

(i) To bring an action in a court of competent jurisdiction to enforce any of its orders, decisions or rulings or to enforce the refusal to obey a subpoena. Upon issuance of a complaint charging that any person has engaged in or is engaging in an unfair practice, the board

may petition the court for appropriate temporary relief or restraining order.

(j) To delegate its powers to any member of the board or to any person appointed by the board for the performance of its functions, except that no fewer than two board members may participate in the determination of any ruling or decision on the merits of any dispute coming before it and except that a decision to refuse to issue a complaint shall require the approval of two board members.

(k) To decide contested matters involving recognition, certification, or decertification of employee organizations.

(*l*) To consider and decide issues relating to rights, privileges, and duties of an employee organization in the event of a merger, amalgamation, or transfer of jurisdiction between two or more employee organizations.

(m) To take such other action as the board deems necessary to discharge its powers and duties and otherwise to effectuate the purposes of this chapter.

3563.1. Any person who shall willfully resist, prevent, impede or interfere with any member of the board, or any of its agents, in the performance of duties pursuant to this chapter, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be sentenced to pay a fine of not more than one thousand dollars ($1,000).

3563.2. The initial determination as to whether the charges of unfair practices are justified, and, if so, what remedy is necessary to effectuate the purposes of this chapter, shall be a matter within the exclusive jurisdiction of the board. Procedures for investigating, hearing, and deciding these cases shall be devised and promulgated by the board.

(a) Any employee, employee organization, or employer shall have the right to file an unfair practice charge, except that the board shall not issue a complaint in respect of any charge based upon an alleged unfair practice occurring more than six months prior to the filing of the charge.

(b) The board shall not have authority to enforce agreements between the parties, and shall not issue a complaint on any charge based on alleged violation of such an agreement that would not also constitute an unfair practice under this chapter.

3563.3. The board shall have the power to issue a decision and order directing an offending party to cease and desist from the unfair practice and to take such affirmative action, including, but not limited to, the reinstatement of employees with or without back pay, as will effectuate the policies of this chapter.

Article 3. Judicial Review

3564. (a) No employer or employee organization shall have the right to judicial review of a unit determination except: (1) when the board in response to a petition from an employer or employee organization, agrees that the case is one of special importance and

joins in the request for such review; or (2) when the issue is raised as a defense to an unfair practice complaint.

Review may be sought in the superior court in any county in which the employees involved in the proceeding work. Notwithstanding the above, the board may order an election pending judicial review.

(b) Any charging party, respondent, or intervenor aggrieved by a decision or order of the board in an unfair practice case, except a decision of the board not to issue a complaint in such a case, shall have the right to seek review in the superior court in any county in which the practice in question occurred.

(c) Additionally, the board shall have the right to seek enforcement of any decision or order in the superior court in any county in which the employees affected by the decision or order work.

(d) The findings of the board on questions of fact, if supported by substantial evidence on the record considered as a whole, shall be conclusive. Once the record of the case has been filed with the superior court, its jurisdiction shall be exclusive and its judgment final, except that it shall be subject to appeal to higher courts in this state.

Article 4. Rights, Obligations, Prohibitions, and Unfair Labor Practices

3565. Higher education employees shall have the right to form, join and participate in the activities of employee organizations of their own choosing for the purpose of representation on all matters of employer-employee relations and for the purpose of meeting and conferring. Higher education employees shall also have the right to refuse to join employee organizations or to participate in the activities of these organizations subject to the organizational security provision permissible under this chapter.

3567. Any employee or group of employees may at any time, either individually or through a representative of their own choosing, present grievances to the employer and have such grievances adjusted, without the intervention of the exclusive representative; provided, the adjustment is reached prior to arbitration pursuant to Section 3589, and the adjustment is not inconsistent with the terms of a written memorandum then in effect. The employer shall not agree to resolution of the grievance until the exclusive representative has received a copy of the grievance and the proposed resolution, and has been given the opportunity to file a response.

3568. Subject to reasonable regulations, employee organizations shall have the right of access at reasonable times to areas in which employees work, the right to use institutional bulletin boards, mailboxes and other means of communication, and the right to use institutional facilities at reasonable times for the purpose of meetings concerned with the exercise of the rights guaranteed by this act.

3569. A reasonable number of representatives of an exclusive representative shall have the right to receive reasonable periods of released or reassigned time without loss of compensation when engaged in meeting and conferring and for the processing of grievances prior to the adoption of the initial memorandum of understanding. When a memorandum of understanding is in effect, released or reassigned time shall be in accordance with the memorandum.

3570. Higher education employers, or such representatives as they may designate, shall engage in meeting and conferring with the employee organization selected as exclusive representative of an appropriate unit on all matters within the scope of representation.

3571. It shall be unlawful for the higher education employer to:

(a) Impose or threaten to impose reprisals on employees, to discriminate or threaten to discriminate against employees, or otherwise to interfere with, restrain, or coerce employees because of their exercise of rights guaranteed by this chapter.

(b) Deny to employee organizations rights guaranteed to them by this chapter.

(c) Refuse or fail to engage in meeting and conferring with an exclusive representative.

(d) Dominate or interfere with the formation or administration of any employee organization, or contribute financial or other support to it, or in any way encourage employees to join any organization in preference to another; provided, however, that subject to rules and regulations adopted by the board pursuant to Section 3563, an employer shall not be prohibited from permitting employees to engage in meeting and conferring or consulting during working hours without loss of pay or benefits.

(e) Refuse to participate in good faith in the impasse procedure set forth in Article 9 (commencing with Section 3590).

(f) Consult with any academic, professional, or staff advisory group on any matter within the scope of representation for employees who are represented by an exclusive representative, or for whom an employee organization has filed a request for recognition or certification as an exclusive representative until such time as such request is withdrawn or an election has been held in which "no representative" received a majority of the votes cast. This subdivision is not intended to diminish the prohibition of unfair practices contained in subdivision (d). For the purposes of this subdivision, the term "academic" shall not be deemed to include the academic senates.

3571.1. It shall be unlawful for an employee organization to:

(a) Cause or attempt to cause the higher education employer to violate Section 3571.

(b) Impose or threaten to impose reprisals on employees, to discriminate or threaten to discriminate against employees, or otherwise to interfere with, restrain, or coerce employees because of their exercise of rights guaranteed by this chapter.

(c) Refuse or fail to engage in meeting and conferring with the higher education employer.

(d) Refuse to participate in good faith in the impasse procedure set forth in Article 9 (commencing with Section 3590).

(e) Fail to represent fairly and impartially all the employees in the unit for which it is the exclusive representative.

(f) Require of employees covered by a memorandum of understanding to which it is a party the payment of a fee, as a condition precedent to becoming a member of such organization, in an amount which the board finds excessive or discriminatory under all the circumstances. In making such a finding, the board shall consider, among other relevant factors, the practices and customs of employee organizations in higher education, and the wages currently paid to the employees affected.

(g) Cause, or attempt to cause, an employer to pay or deliver, or agree to pay or deliver, any money or other thing of value, in the nature of an exaction, for services which are not performed or are not to be performed.

3571.3. The expression of any views, arguments, or opinions, or the dissemination thereof, whether in written, printed, graphic, or visual form, shall not constitute, or be evidence of, an unfair labor practice under any provision of this chapter, unless such expression contains a threat of reprisal, force, or promise of benefit; provided, however, that the employer shall not express a preference for one employee organization over another employee organization.

3572. This section shall apply only to the California State University and Colleges.

(a) The duty to engage in meeting and conferring requires the parties to begin meeting and conferring at least 60 days prior to the expiration of memoranda of understanding, or the May 1, if earlier, of any year in which a memorandum shall expire, or May 1, if there is no existing memorandum. The California State University and Colleges shall maintain close liaison with the Department of Finance and the Legislature relative to the meeting and conferring on provisions of the written memoranda which have fiscal ramifications. The Governor shall appoint one representative to attend the meeting and conferring, including the impasse procedure, to advise the parties on the views of the Governor on matters which would require an appropriation or legislative action, and the Speaker of the Assembly and the Senate Rules Committee may each appoint one representative to attend the meeting and conferring to advise the parties on the views of the Legislature on matters which would require an appropriation or legislative action.

No written memoranda reached pursuant to the provisions of this chapter which require budgetary or curative action by the Legislature or other funding agencies shall be effective unless and until such an action has been taken. Following execution of written memoranda of understanding, an appropriate request for financing or budgetary funding for all state-funded employees or for necessary

legislation will be forwarded promptly to the Legislature and the Governor or other funding agencies. When memoranda require legislative action pursuant to this section, if the Legislature or the Governor fail to fully fund the memoranda or to take the requisite curative action, the entire memoranda shall be referred back to the parties for further meeting and conferring; provided, however, that the parties may agree that provisions of the memoranda which are nonbudgetary and do not require funding shall take effect whether or not the funding requests submitted to the Legislature are approved.

3572.3. This section shall apply only to the University of California.

(a) The duty to engage in meeting and conferring requires the parties to begin meeting and conferring at least 60 days prior to the expiration of memoranda of understanding, or the May 1, if earlier, of any year in which a memorandum shall expire, or May 1, if there is no existing memorandum. The University of California and Hastings College of the Law shall maintain close liaison with the Department of Finance and the Legislature relative to the meeting and conferring on provisions of the written memoranda which have fiscal ramifications.

No written memoranda reached pursuant to the provisions of this chapter which require budgetary or curative action by the Legislature or other funding agencies shall be effective unless and until such an action has been taken. Following execution of written memoranda of understanding, an appropriate request for financing or budgetary funding in the aggregate for all state-funded employees or for necessary legislation will be forwarded promptly to the Legislature and the Governor or other funding agencies. When memoranda require legislative action pursuant to this section, if the Legislature or the Governor fail to fully fund the memoranda or to take the requisite curative action, the entire memoranda shall be referred back to the parties for further meeting and conferring; provided, however, that the parties may agree that provisions of the memoranda which are nonbudgetary and do not require funding shall take effect whether or not the aggregate funding requests submitted to the Legislature are approved. The Legislature recognizes that the University of California's sources of funding are multiple and approval by the Legislature, and by other public agencies, as to employees funded by those agencies, may be required prior to implementation of increased expenditures resulting from agreements reached in accordance with the provisions of this chapter.

3572.5. In the case where the following provisions of law are in conflict with a memorandum of understanding, the memorandum of understanding shall be controlling.

(a) Part 13 (commencing with Section 22000) of Division 1 of Title 1 of, Sections 66609, 66903, 89006, 89007, 89039, 89500, 89501, 89502, 89503, 89504, 89505, 89506, 89507, 89508, 89509, 89510, 89511, 89512,

89513, 89514, 89515, 89516, 89517, 89518, 89519, 89531, 89532, 89533, 89534, 89537, 89541, 89542, 89542.5, 89543, 89544, 89545, 89546, 89550, 89551, 89552, 89553, 89554, 89555, 89556, 89700 and 89701 of, the Education Code.

(b) Sections 825, 825.2, 825.6, 6700, 11020, 11021, 13926, 18005, 18006, 18007, 18020, 18020.1, 18022, 18023, 18025, 18025.1, 18050, 18051.5, 18053, 18100, 18100.5, 18101, 18102, 18102.5, 18103, 18105 and 18106 of, Chapter 3.5 (commencing with Section 18120), Chapter 3.6 (commencing with Section 18135) of Part 1 of Division 5 of Title 2 of, Chapter 4 (commencing with Section 18150) of Part 1 of Division 5 of Title 2 of, Section 18200, 18853 and 18853.5, Article 6 (commencing with Section 19460) of Chapter 7 of Part 2 of Division 5 of Title 2 of, Part 3 (commencing with Section 20000) of Division 5 of Title 2 of, and Part 5 (commencing with Section 22751) of Division 5 of Title 2 of, the Government Code.

(c) Sections 395, 395.01, 395.05, 395.1 and 395.3 of the Military and Veterans Code.

Article 5. Employee Organizations: Representation, Recognition, Certification and Decertification

3573. An employee organization may become the exclusive representative for the employees of an appropriate unit for purposes of meeting and conferring by filing a request with a higher education employer alleging that a majority of the employees in an appropriate unit wish to be represented by such organization and asking the employer to recognize it as the exclusive representative. The request shall describe the grouping of jobs or positions which constitute the unit claimed to be appropriate and shall certify that proof of majority support has been submitted to either the board or to a mutually agreed upon third party. Notice of any such request shall immediately be posted conspicuously on all employee bulletin boards in each facility of the employer in which members of the unit claimed to be appropriate are employed.

3574. The higher education employer shall grant a request for recognition filed pursuant to Section 3573 unless:

(a) The employer reasonably doubts that the employee organization has majority support or reasonably doubts the appropriateness of the requested unit. In such case the employer shall notify the board which shall conduct a representation election pursuant to Section 3577 unless subdivision (c) or (d) applies; or

(b) Another employee organization either files with the employer a challenge to the appropriateness of the unit or submits a competing claim of representation within 15 workdays of the posting of notice of the written request. If the claim is evidenced by the support of at least 30 percent of the members of the proposed unit, a question of representation shall be deemed to exist and the board shall conduct a representation election pursuant to Section 3577, or if the claim is evidenced by the support of at least 10 percent of the members of

the proposed unit, the board shall conduct such inquiries and investigations or hold such hearings as it shall deem necessary in order to decide the questions raised by the claim and may conduct a representation election pursuant to Section 3577. Evidence of such support shall be submitted to either the board or to a mutually agreed upon third party; or

(c) There is currently in effect a lawful written memorandum of understanding between the employer and another employee organization recognized or certified as the exclusive representative of any employees included in the unit described in the request for recognition, unless the request for recognition is filed not more than 120 days and not less than 90 days prior to the expiration date of such memorandum of understanding, provided that if such memorandum of understanding has been in effect for three years or more, there shall be no restriction as to the time of filing the request; or

(d) Within the previous 12 months either another employee organization has been lawfully recognized or certified as the exclusive representative of any employees included in the unit described in the request for recognition, or a majority of the votes cast in a representation election held pursuant to Section 3577 were cast for "no representation."

3575. A petition may be filed with the board, in accordance with its rules and regulations, requesting it to investigate and decide the question of whether employees have selected or wish to select an exclusive representative or to determine the appropriateness of a unit, by:

(a) An employee organization alleging that it has filed a request for recognition as an exclusive representative with an employer and that the request has been denied or has not been acted upon within 30 days after the filing of the request; or

(b) An employee organization alleging that it has filed a competing claim of representation pursuant to subdivision (b) of Section 3574; or

(c) An employee organization wishing to be certified by the board as the exclusive representative. Such petition for certification as the exclusive representative in an appropriate unit shall include proof of a 30-percent showing of interest designating the organization as the exclusive representative of the employees.

3576. A petition may be filed with the board, in accordance with its rules and regulations, requesting it to investigate and decide the question of whether the employees wish to decertify an exclusive representative or to reconsider the appropriateness of a unit. Such petition may allege that the employees in an appropriate unit no longer desire a particular employee organization as their exclusive representative, provided that such petition is supported by 30 percent of the employees in the unit indicating support for another organization or lack of support for the incumbent exclusive representative.

3577. (a) Upon receipt of a petition filed pursuant to Section

3575 the board shall conduct such inquiries and investigations or hold such hearings as it shall deem necessary in order to decide the questions raised by the petition. The determination of the board may be based upon the evidence adduced in the inquiries, investigations, or hearings. If the board finds on the basis of the evidence that a question of representation exists, or a question of representation is deemed to exist pursuant to subdivision (a) or (b) of Section 3574, it shall order that an election shall be conducted by secret ballot placing on the ballot all employee organizations evidencing support of at least 10 percent of the members of an appropriate unit, and it shall certify the results of the election on the basis of which ballot choice received a majority of the valid votes cast. There shall be printed on the initial ballot the choice of "no representation." If at any election no choice on the ballot receives a majority of the votes cast, a runoff election shall be conducted. The ballot for the runoff election shall provide for a selection between the two choices receiving the largest and second largest number of valid votes cast in the election.

(b) No election shall be held and the petition shall be dismissed whenever:

(1) There is currently in effect a memorandum of understanding between the employer and another employee organization recognized or certified as the exclusive representative of any employees included in the unit described in the petition, unless the petition is filed not more than 120 days and not less than 90 days prior to the expiration date of such memorandum, provided that if such memorandum has been in effect for three years or more, there shall be no restriction as to time of filing the petition; or

(2) Within the previous 12 months either an employee organization other than the petitioner has been lawfully recognized or certified as the exclusive representative of any employees included in the unit described in the petition, or a majority of the votes cast in a representation election held pursuant to subdivision (a) of Section 3577 were cast for "no representation."

3578. The employee organization recognized or certified as the exclusive representative shall represent all employees in the unit, fairly and impartially. A breach of this duty shall be deemed to have occurred if the employee organization's conduct in representation is arbitrary, discriminatory, or in bad faith.

Article 6. Unit Determinations

3579. (a) In each case where the appropriateness of a unit is an issue, in determining an appropriate unit, the board shall take into consideration all of the following criteria:

(1) The internal and occupational community of interest among the employees, including, but not limited to, the extent to which they perform functionally related services or work toward established common goals, the history of employee representation with the

employer, the extent to which such employees belong to the same employee organization, the extent to which the employees have common skills, working conditions, job duties, or similar educational or training requirements, and the extent to which the employees have common supervision.

(2) The effect that the projected unit will have on the meet and confer relationships, emphasizing the availability and authority of employer representatives to deal effectively with employee organizations representing the unit, and taking into account such factors as work location, the numerical size of the unit, the relationship of the unit to organizational patterns of the higher education employer, and the effect on the existing classification structure or existing classification schematic of dividing a single class or single classification schematic among two or more units.

(3) The effect of the proposed unit on efficient operations of the employer and the compatibility of the unit with the responsibility of the higher education employer and its employees to serve students and the public.

(4) The number of employees and classifications in a proposed unit, and its effect on the operations of the employer, on the objectives of providing the employees the right to effective representation, and on the meet and confer relationship.

(5) The impact on the meet and confer relationship created by fragmentation of employee groups or any proliferation of units among the employees of the employer.

(b) There shall be a presumption that professional employees and nonprofessional employees shall not be included in the same representation unit. However, the presumption shall be rebuttable, depending upon what the evidence pertinent to the criteria set forth in subdivision (a) establishes.

(c) There shall be a presumption that all employees within an occupational group or groups shall be included within a single representation unit. However, the presumption shall be rebutted if there is a preponderance of evidence that a single representation unit is inconsistent with the criteria set forth in subdivision (a) or the purposes of this chapter.

(d) Notwithstanding the foregoing provisions of this section, or any other provision of law, an appropriate group of skilled crafts employees shall have the right to be a single, separate unit of representation. Skilled crafts employees shall include, but not necessarily be limited to, employment categories such as carpenters, plumbers, electricians, painters, and operating engineers. The single unit of representation shall include not less than all skilled crafts employees at a campus or at a Lawrence Laboratory.

(e) Notwithstanding the foregoing provisions of this section, the only appropriate representation units including members of the academic senate of the University of California shall be either a single statewide unit consisting of all eligible members of the senate, or divisional units consisting of all eligible members of a division of

the senate. In addition to the limitations of subdivision (q) of Section 3562, the scope of representation of any divisional unit shall be limited to those matters which have customarily been determined on a division basis, but the employer shall consult with the exclusive representative of a division on matters which would be within the scope of representation or consultation of a statewide representative. At such time as 35 percent of the eligible members of the academic senate are represented by an exclusive representative or representatives in divisional units, the board, on petition of any such representative or of an organization comprised of such representatives, shall conduct an election to determine if the eligible members of the entire senate wish thereafter to be represented by a representative or organization in a single unit on all matters within the scope of representation. Any other such exclusive representative or organization of representatives or any employee organization meeting the requirements of subdivision (a) of Section 3577 shall be entitled, on petition, to appear on the ballot, and in the event no choice receives a majority of the votes cast, the runoff provisions of subdivision (a) of Section 3577 shall be applicable.

(f) The board shall not determine that any unit is appropriate if it includes, together with other employees, employees who are defined as peace officers pursuant to subdivisions (d) and (e) of Section 830.2 of the Penal Code.

Article 6.5. Supervisors

3580. Except as provided by this article, supervisory employees shall not have the rights, or be covered by, any provision or definition established by this chapter.

3580.3. "Supervisory employee" means any individual, regardless of the job description or title, having authority, in the interest of the employer to hire, transfer, suspend, lay off, recall, promote, discharge, assign, reward, or discipline other employees, or responsibility to direct them, or to adjust their grievances, or effectively to recommend such action, if, in connection with the foregoing, the exercise of such authority is not of a merely routine or clerical nature, but requires the use of independent judgment. With respect to faculty or academic employees, any department chair, head of a similar academic unit or program, or other employee who performs the foregoing duties primarily in the interest of and on behalf of the members of the academic department, unit or program, shall not be deemed a supervisory employee solely because of such duties; provided, that with respect to the University of California and Hastings College of the Law, there shall be a rebuttable presumption that such an individual appointed by the employer to an indefinite term shall be deemed to be a supervisor. Employees whose duties are substantially similar to those of their subordinates shall not be considered to be supervisory employees.

3580.5. (a) Supervisory employees shall not participate in the

handling of grievances on behalf of nonsupervisory employees. Nonsupervisory employees shall not participate in the handling of grievances on behalf of supervisory employees.

(b) Supervisory employees shall not participate in meet and confer sessions on behalf of nonsupervisory employees. Nonsupervisory employees shall not participate in meet and confer sessions on behalf of supervisory employees.

(c) The prohibition in subdivisions (a) and (b) shall not be construed to apply to the paid staff of an employee organization.

(d) Supervisory employees shall not vote on questions of ratification or rejection of memoranda of understanding reached on behalf of nonsupervisory employees.

3581.1. Supervisory employees shall have the right to form, join, and participate in the activities of employee organizations of their own choosing for the purpose of representation on all matters of supervisory employee-employer relations as set forth in Section 3581.3. Supervisory employees also shall have the right to refuse to join or participate in the activities of employee organizations and shall have the right to represent themselves individually in their employment relations with the employer.

3581.2. Employee organizations shall have the right to represent their supervisory employee members in their employment relations, including grievances, with the employer. Employee organizations may establish reasonable restrictions regarding who may join and may make reasonable provisions for the dismissal of employees from membership. Nothing in this section shall prohibit any employee from appearing on his or her own behalf or through his or her chosen representative in his or her employment relations and grievances with the higher education employer.

3581.3. The scope of representation for supervisory employees shall include all matters relating to employment conditions and supervisory employee-employer relations including wages, hours, and other terms and conditions of employment.

3581.4. The higher education employer shall meet and confer with representatives of employee organizations upon request. Meet and confer means that they shall consider as fully as the employer deems reasonable such presentations as are made by the employee organization on behalf of its supervisory members prior to arriving at a determination of policy or course of action.

3581.5. The higher education employer shall allow a reasonable number of supervisory public employee representatives of verified employee organizations reasonable time off without loss of compensation or other benefits when meeting and conferring with representatives of the higher education employer on matters within the scope of representation.

3581.6. The higher education employer and employee organizations shall not interfere with, intimidate, restrain, coerce, or discriminate against supervisory employees because of their exercise of their rights under this article.

3581.7. Subject to review by the board, the higher education employer may adopt reasonable rules and regulations for the administration of supervisory employee-employer relations under this article. Such rules and regulations may include provisions for:

(a) Verifying that an employee organization does in fact represent supervisory employees of the employer.

(b) Verifying the official status of employee organization officers and representatives.

(c) Access of employee organization officers and representatives to work locations.

(d) Use of official bulletin boards and other means of communication by employee organizations.

(e) Furnishing nonconfidential information pertaining to supervisory employee relations to employee organizations.

(f) Such other matters as are necessary to carry out the purposes of this article.

Article 7. Organizational Security

3582. Subject to the limitations set forth in this section, organizational security shall be within the scope of representation.

3583. Permissible forms of organizational security shall be limited to an arrangement pursuant to which an employee may decide whether or not to join the recognized or certified employee organization, but which requires the employer to deduct from the wages or salary of any employee who does join, and pay to the employee organization which is the exclusive representative of such employee, the standard initiation fee, periodic dues, and general assessments of such organization for the duration of the written memorandum of understanding. However, no such arrangement shall deprive the employee of the right to resign from the employee organization within a period of 30 days prior to the expiration of a written memorandum of understanding.

3585. In the absence of an arrangement pursuant to Section 3583, an employer shall, upon written authorization by the employee involved, deduct and remit to the exclusive representative, or in the absence of an exclusive representative to the employee organization of the employee's choice, the standard initiation fee, periodic dues, and general assessments of such organization, until such time as an exclusive representative has been selected for the employee's unit. Thereafter, deductions shall be made only for the exclusive representative.

3586. The Trustees of the California State University and Colleges shall continue all payroll assignments authorized by an employee prior to and until recognition or certification of an exclusive representative until notification is submitted by an employee to discontinue the employee's assignments.

3587. Every recognized or certified employee organization shall keep an adequate itemized record of its financial transactions and

shall make available annually, to the board and to the employees who are members of the organization, within 60 days after the end of its fiscal year, a detailed written financial report thereof in the form of a balance sheet and an operating statement, certified as to accuracy by the president and treasurer or comparable officers. In the event of failure of compliance with this section, any employee within the organization may petition the board for an order compelling such compliance, or the board may issue such compliance order on its motion.

Article 8. Rights-Disputes Arbitration

3589. (a) An employer and an exclusive representative who enter into a written memorandum of understanding may agree to procedures for final and binding arbitration of disputes that may arise under the memorandum of understanding or between the parties.

(b) Where a party to a memorandum of understanding is aggrieved by the failure, neglect, or refusal of the other party to proceed to arbitration pursuant to the procedures provided therefor in the memorandum, the aggrieved party may bring proceedings pursuant to Title 9 (commencing with Section 1280) of Part 3 of the Code of Civil Procedure for a court order directing that the arbitration proceed pursuant to the procedures provided therefor in such memorandum of understanding.

(c) An arbitration award made pursuant to this section shall be final and binding upon the parties and may be enforced by a court pursuant to Title 9 (commencing with Section 1280) of Part 3 of the Code of Civil Procedure

(d) The board shall submit a list of names of arbitrators to employers and employee organizations upon their mutual request. Nothing in this subdivision shall preclude the parties from mutually agreeing to some other means of selecting an arbitrator. The board shall also, if mutually requested to do so, designate an arbitrator to hear and decide the rights dispute.

Article 9. Impasse Procedure

3590. Either an employer or the exclusive representative may declare that an impasse has been reached between the parties in negotiations over matters within the scope of representation and may request the board to appoint a mediator for the purpose of assisting them in reconciling their differences and resolving the controversy on terms which are mutually acceptable. If the board determines that an impasse exists, it shall, in no event later than five working days after the receipt of a request, appoint a mediator in accordance with such rules as it shall prescribe. The mediator shall meet forthwith with the parties or their representatives, either jointly or separately, and shall take such other steps as he may deem

appropriate in order to persuade the parties to resolve their differences and effect a mutually acceptable memorandum of understanding. The services of the mediator, including any per diem fees, and actual and necessary travel and subsistence expenses, shall be provided by the board without cost to the parties. Nothing in this section shall be construed to prevent the parties from mutually agreeing upon their own mediation procedure and in the event of such agreement, the board shall not appoint its own mediator, unless failure to do so would be inconsistent with the policies of this chapter. If the parties agree upon their own mediation procedure, the cost of the services of any appointed mediator, unless appointed by the board, including any per diem fees, and actual and necessary travel and subsistence expenses, shall be borne equally by the parties.

3591. If the mediator is unable to effect settlement of the controversy within 15 days after his appointment and the mediator declares that factfinding is appropriate to the resolution of the impasse, either party may, by written notification to the other, request that their differences be submitted to a factfinding panel. Within five days after receipt of the written request, each party shall select a person to serve as its member of the factfinding panel. The board shall, within five days after such selection, select a chairman of the factfinding panel. The chairman designated by the board shall not, without the consent of both parties, be the same person who served as mediator pursuant to Section 3590.

3592. The panel shall, within 10 days after its appointment, meet with the parties or their representatives and consider their respective positions. The panel may make such additional inquiries and investigations, hold hearings, and take such other steps as it may deem appropriate. For the purpose of such hearings, investigations, and inquiries, the panel shall have the power to issue subpoenas requiring the attendance and testimony of witnesses and the production of evidence. The Regents of the University of California, the Directors of Hastings College of the Law, and the Trustees of the California State University and Colleges shall furnish the panel, upon its request, with all records, papers and information in their possession relating to any matter under investigation by or in issue before the panel, except for those records, books, and information which are confidential by statute.

3593. If the dispute is not settled within 30 days after the appointment of the panel, or, upon agreement by both parties, within a longer period, the panel shall make findings of fact and recommend terms of settlement, which recommendations shall be advisory only. Any findings of fact and recommended terms of settlement shall be submitted in writing to the parties privately before they are made public. The panel, subject to the rules and regulations of the board, may make such findings and recommendations public 10 days thereafter. During this 10-day period, the parties are prohibited from making the panel's findings and recommendations public. The costs for the services of the panel

chairman, including per diem fees, if any, and actual and necessary travel and subsistence expenses shall be borne by the board. Any other mutually incurred costs shall be borne equally by the employer and the exclusive representative. Any separately incurred costs for the panel member selected by each party, shall be borne by such party.

3594. Nothing in this article shall be construed to prohibit the mediator appointed pursuant to Section 3590, with the permission of the parties, from continuing mediation efforts on the basis of the findings of fact and recommended terms of settlement made pursuant to Section 3594.

Article 10. Public Notice

3595. (a) All initial proposals of exclusive representatives and of higher education employers, which relate to matters within the scope of representation, shall be presented at a public meeting of the higher education employer and thereafter shall be public records.

(b) Meeting and conferring shall not commence on an initial proposal until a reasonable time has elapsed after the submission of the proposal to enable the public to become informed and the public has the opportunity to express itself regarding the proposal at a meeting of the higher education employer.

(c) After the public has had the opportunity to express itself, the higher education employer shall, at a meeting which is open to the public, adopt a proposal, including any changes to its initial proposal which the higher education employer deems appropriate based on the public's comments.

(d) New subjects of meeting and conferring arising after the presentation of initial proposals shall be made public within 24 hours. If a vote is taken on such subject by the higher education employer, the vote thereon by each member voting shall also be made public within 24 hours.

(e) The board may adopt regulations for the purpose of implementing this section, which are consistent with the intent of the section; namely that the public be informed of the issues that are being met and conferred upon and have full opportunity to express their views on the issues to the higher education employer, and to know of the positions of the higher education employer.

Article 11. Miscellaneous

3596. All the proceedings set forth in this section shall be exempt from the provisions of Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2, and Section 92030 of the Education Code, unless the parties mutually agree otherwise:

(a) Any meeting and conferring discussion between a higher education employer and a recognized or certified employee organization.

(b) Any meeting of a mediator with either par y or both parties to the meeting and conferring process.

(c) Any hearing, meeting, or investigation conducted by a factfinder or arbitrator.

(d) Any executive session of the higher education employer or between the higher education employer and its designated representatives for the purpose of discussing its position respecting meeting and conferring or regarding any matter within the scope of representation or instructing its designated representatives.

3597. (a) Subject to provisions of subdivision (d), in all meeting and conferring between higher education employers and employee organizations representing student service or academic personnel, a student representative shall have the right to be notified in writing by the employer and the employee organizations of the issues under discussion. A student representative shall have the right to be present and comment at reasonable times during meeting and conferring between the employer and such employee organizations.

(b) The student representative shall be provided access to all documents exchanged between the parties pertaining to the meeting and conferring and shall have the right to have an aide present during all meetings; in the case of mediation of impasses, the student representative shall have an opportunity at reasonable times to comment to the mediator on impasse issues; and shall be free from coercion or reprisals in the exercise of his or her rights as set forth in this section.

(c) The student representative shall respect and maintain the rules governing confidentiality as they pertain to all parties involved in the meeting and conferring. Violations of this provision shall result in the termination of student involvement for the remainder of such meeting and conferring, and such other remedy, if any, deemed appropriate by the board.

(d) For purposes of this section, a student representative shall be designated by the official student body association, if any, of the higher education employer, or segment thereof, engaged in meeting and conferring. If no student body association exists, the students may elect and designate a representative for the purposes of this section.

(b) Any person who knowingly makes any false statement, representation, record, report, plan or other document filed with a regional board or the state board, or who falsifies, tampers with, or knowingly renders inaccurate any monitoring device or method required under this division shall be punished by a fine of not more than ten thousand dollars ($10,000), or by imprisonment in a county jail for not more than six months, or by both.

SEC. 12. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entitites and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 747

An act to amend Sections 6826.1, 6895, 6897, and 6898 of, and to add Section 6212.2 to, the Public Resources Code, relating to state lands.

[Approved by Governor September 13, 1978. Filed with Secretary of State September 14, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 6212.2 is added to the Public Resources Code, to read:

6212.2. The commission may, under such rules and regulations as it may prescribe, issue permits for the taking of cores or other samples by means of drilling operations or other methods on or under any lands under the jurisdiction of the commission for the purpose of obtaining geological information to be used in assessing the nature and extent of any mineral interest reserved to the state, preparing environmental documents, locating nuclear or other energy-related plant sites, making soil surveys, conducting foundation exploration and oceanographic research, and making studies of geological hazards, flood control, harbor works, and other similar matters not involving an activity of commercial exploration or exploitation.

SEC. 2. Section 6826.1 of the Public Resources Code is amended to read:

6826.1. The State Lands Commission shall not permit the taking of cores or other samples by means of drilling operations on or under

1851 021744

the tide and submerged lands described in subdivision (c), (d), or (f) of Section 6871.2 or on tide or submerged lands of the state along the coast of the Pacific Ocean extending from the southerly boundary of the state to the northerly boundary of the City of Newport Beach in Orange County for the purpose of exploring for, or exploiting, oil and gas resources.

SEC. 3. Section 6895 of the Public Resources Code is amended to read:

6895. Upon establishing to the satisfaction of the commission that commercially valuable deposits of minerals have been discovered within the limits of any permit, the permittee shall be entitled to a lease for not more than 160 acres of the land embraced in the prospecting permit, if there be that number of acres within the permit. The area selected by the permittee shall be in compact form, and if surveyed shall be described by the legal subdivisions of the public lands surveys; if unsurveyed, the area shall be surveyed by the commission at the expense of the applicant for the lease, in accordance with rules and regulations to be prescribed by the commission, and the lands leased shall be conformed to and taken in accordance with the legal subdivisions of such surveys. The lease shall provide for the payment of an annual rental of not less than one dollar ($1) per acre, as determined by the commission. The lease shall also provide for payment, which may be taken in kind, of either a royalty, to be taken in money or in kind at the option of the commission, of not less than 10 percent of the gross value of all mineral production from the leased lands, less any charges approved by the commission that were made or incurred with respect to transporting or processing the state's royalty share of production, or a percentage, to be determined by the commission, of the net profits derived from mineral extraction operations under the lease. Payment as a royalty or as a percentage of net profits shall be specified in the permit. Notwithstanding the 160-acre limitation of this section, whenever the lands for which a lease is sought are tide and submerged lands, the commission may divide such lands into such size and number of parcels as the commission shall determine will not substantially impair the public rights to navigation and fishing or interfere with the trust upon which such lands are held.

SEC. 4. Section 6897 of the Public Resources Code is amended to read:

6897. All deposits of minerals, other than oil and gas, in lands belonging to the state, which have been classified by the commission as lands containing commercially valuable mineral deposits and all deposits of such minerals within lands embraced within a prospecting permit and not subject to preferential lease to the permittee, may be leased by the commission to the highest qualified and responsible bidder; and bidding shall be by competitive bid and on the basis of a cash bonus, royalty rate, net profit, or other single biddable factor, and shall be conducted under general regulations and in such form as the commission deems to be in the best interest

of the state. In addition to the payment of a royalty in money or in kind or a percentage of the net profits derived from mineral extraction operations provided therein, each bid and each lease shall also provide for an annual payment in advance of rent of not less than one dollar ($1) per acre or such greater sum as the commission may specify.

SEC. 5. Section 6898 of the Public Resources Code is amended to read:

6898. Leases under this article shall be for terms not to exceed 20 years with the preferential right in the lessee to renew the lease for successive periods not to exceed 10 years each, upon such reasonable terms and conditions as may be prescribed by the commission.

CHAPTER 749

[Approved by Governor September 13, 1978 Filed with Secretary of State September 14, 1978.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to strive to reduce incompetence and negligence in the electronic and appliance repair industry and not to impose unwarranted disciplinary action in any instance of an inadvertent act

SEC. 2. Section 9841 of the Business and Professions Code is amended to read:

9841. (a) The director may refuse to validate, or may invalidate temporarily or permanently the registration of a service dealer for any of the following acts or omissions done by himself or any employee, partner, officer, or member of the service dealer and related to the conduct of his business:

SECTION 1. Section 6065.5 is added to the Business and Professions Code, to read:

6065.5. Any applicant for the first-year law students' examination, after he has taken such examination and within four months after the results thereof have been declared, has the right to inspect his examination papers at the office of the examining committee located nearest to the place at which the applicant took the examination.

The applicant also has the right to inspect the grading of the papers whether the record thereof is marked upon the examination or otherwise.

This section shall remain in effect only until January 1, 1982, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1982, deletes or extends such date.

CHAPTER 752

An act to add Article 2.5 (commencing with Section 6035) to Chapter 4 of Division 3 of the Business and Professions Code, relating to disclosure, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 13, 1978. Filed with Secretary of State September 14, 1978]

The people of the State of California do enact as follows:

SECTION 1. Article 2.5 (commencing with Section 6035) is added to Chapter 4 of Division 3 of the Business and Professions Code, to read:

Article 2.5. Conflicts of Interest

6035. Unless the contrary is stated or clearly appears from the context, the definitions set forth in Chapter 2 (commencing with Section 82000) of Title 9 of the Government Code shall govern the interpretation of this article.

6036. (a) Any member of the board of governors must disqualify himself or herself from making, participating in the making of, or attempting to influence any decisions of the board or a committee of the board if it is reasonably foreseeable that the decision will have a material financial effect, distinguishable from its effect on the public or members of the State Bar generally or any significant segment thereof, on:

(1) Any business entity in which the member has a direct or indirect investment worth more than one thousand dollars ($1,000);

(2) Any real property in which the member has a direct or indirect interest worth more than one thousand dollars ($1,000);

(3) Any source of income including clients, other than loans by a commercial lending institution in the regular course of business, aggregating two hundred fifty dollars ($250) or more in value received by or promised to the member within twelve months prior to the time when the decision is made; or

(4) Any business entity in which the member is a director, officer, partner, trustee, employee, or holds any position of management.

(b) Any member of the board of governors must likewise

disqualify himself or herself when there exists a personal nonfinancial interest which will prevent the member from applying disinterested skill and undivided loyalty to the State Bar in making or participating in the making of decisions.

(c) Notwithstanding subdivisions (a) and (b), no member shall be prevented from making or participating in the making of any decision to the extent his or her participation is legally required for the action or decision to be made. The fact that a member's vote is needed to break a tie does not make his or her participation legally required for the purposes of this section.

(d) A member required to disqualify himself or herself because of a conflict of interest shall (1) immediately disclose the interest, (2) withdraw from any participation in the matter, (3) refrain from attempting to influence another member, and (4) refrain from voting. It is sufficient for the purpose of this section that the member indicate only that he or she has a disqualifying financial or personal interest.

(e) For purposes of this article and unless otherwise specified, "member" means any appointed or elected member of the board of governors.

6037. No action or decision of the board or committee of the board shall be invalid because of the participation therein by a member or members in violation of Section 6036. However, any member who intentionally violates the provisions of subdivision (a) of Section 6036 is guilty of a misdemeanor, punishable by imprisonment in county jail not exceeding five days, or by a fine not exceeding five hundred dollars ($500), or by both, and, if such member is an attorney member of the board, a certified copy of the record of conviction shall be transmitted to the Supreme Court for disposition as provided in Sections 6101 and 6102. Upon entry of final judgment of conviction, the member's term of office on the board of governors, and duties and authority incidental thereto, shall automatically terminate. Any member who intentionally violates the provisions of subdivision (b) of Section 6036 shall be liable for a civil penalty not to exceed five hundred dollars ($500) for each violation, which shall be assessed and recovered in a civil action in a court of competent jurisdiction brought in the name of the People of the State of California only by a district attorney of a county in which the member resides or maintains offices and the penalty collected shall be paid to the treasurer of that county.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the integrity of action of the board of governors will be placed, as soon as possible, beyond question by standards of conduct which will prohibit conflicts of interest; and to assure that imminent decisions of members who serve on the board of governors are impartial and based solely on the merits, free from bias caused

by an economic interest or personal nonfinancial interest.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 753

An act to amend Sections 12747, 12752, 12757, 12779, 12785, 12793, 20708, 20767, 20820, 20822, 20824, 20828, 20840, 20849, 20852, and 20853 of, to amend and renumber Section 21880.6 of, and to repeal Sections 12746, 12749, 12778, 12781, 20826, and 20826.5 of, the Business and Professions Code, relating to weights and measures.

[Approved by Governor September 13, 1978. Filed with Secretary of State September 14, 1978.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds that an emergency exists at Lake Temescal situated in the City of Oakland, Alameda County, in that it is rapidly losing water volume due to excessive

sedimentation and will soon transform into a meadow unless immediate, long-term dredging is initiated. The Legislature further finds that the accelerated rate of sedimentation is due primarily to construction of the monumental interchange on State Highway Routes 13 and 24 adjacent to the lake undertaken during the 1960's and 1970's by the Department of Transportation and to increased urban development around the lake. The Legislature furthermore recognizes that the East Bay Regional Park District has secured funding in the amount of four hundred eighty-eight thousand two hundred fifty dollars ($488,250) to initiate a dredging project for the lake to address the problems caused by increased urban development.

SEC. 2. In recognition of the Department of Transportation's significant responsibility for the emergency situation facing Lake Temescal, the most popular natural recreational site in the East Bay Regional Park District, the Department of Transportation shall grant funds appropriated from the State Highway Account in the State Transportation Fund by Section 3 of this act to the East Bay Regional Park District for purposes of the Lake Temescal Restoration Project to address the problems caused by highway construction. The expenditure of such funds shall be limited to dredging and related costs.

SEC. 3. The sum of three hundred fifty-nine thousand one hundred fifty dollars ($359,150) is hereby appropriated from the State Highway Account in the State Transportation Fund to the Department of Transportation for the purpose of making a grant of such sum to the East Bay Regional Park District for expenditure without regard to fiscal years for purposes of the Lake Temescal Restoration Project.

SEC. 4. The Legislature hereby finds and declares that the funds appropriated by Section 3 of this act represent an equitable share of the Department of Transportation's responsibility for the situation facing Lake Temescal described in Section 1 of this act. Such funds shall be deemed funds expended for purposes of Section 188 of the Streets and Highways Code in Group No. 1, as defined in Section 187 of that code.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the East Bay Regional Park District may receive a grant to commence immediate restoration of Lake Temescal for its long-term preservation to avoid its eventual transformance into a meadow, it is necessary that this act take effect immediately.

CHAPTER 759

An act to amend Sections 6317 and 6434 of the Labor Code, relating to occupational safety and health.

If the division officially and directly delivers the citation or notice to the employer, the period specified for abatement shall commence running on the date of such delivery.

In the event the violations found in an inspection or investigation do not have a direct relationship upon the health or safety of an employee a "notice" in lieu of citation may be issued with respect to such de minimus violations. The director shall prescribe guidelines for the issuance of such notices.

The division may impose a civil penalty against an employer as specified in Chapter 4 (commencing with Section 6423) of this part, provided, that no civil penalty shall be imposed against any employer for first-instance violations of any standard, rule, order, or regulation, (other than serious, willful, or repeated violations) resulting from the inspection of such employer's establishment or workplace, unless such establishment or workplace is cited, on the basis of such inspection, for 10 or more violations.

No citation or notice shall be issued by the division for a given violation or violations after six months have elapsed since occurrence of the violation.

The director shall prescribe procedures for the issuance of a citation or notice.

SEC. 5. Section 60604.5 is added to the Education Code, to read:

60604.5. The Department of Education shall develop a plan to analyze the results of the state testing program scores for grades 3, 6, and 12 to identify factors which are related to educational success or failure and shall submit to the Legislature annually a budget to perform such analyses.

SEC. 6. Section 60633 of the Education Code is repealed.

SEC. 7. Section 60640 of the Education Code is amended to read:

60640. The State Board of Education shall require each school district to administer uniform tests to each pupil not later than his

third month of attendance in the first grade. The first-grade entry level test shall obtain a composite estimate for each pupil of skills related to learning and memory, attention, visual perception, and auditory comprehension. The answer sheets shall be transmitted to the Department of Education for scoring. If no published test is deemed suitable, the State Board of Education may combine parts of available tests or develop a new test.

The State Board of Education shall also require each school district to administer uniform tests in reading, mathematics, and language annually to pupils in grade 3. Such tests shall be recommended by the Department of Education and shall be submitted to the State Board of Education for approval and adoption. If no published test is deemed suitable, the Department of Education may combine parts of available tests or develop a new test. Any test so adopted shall be equated to nationally normed tests so that the performance of California pupils may be compared to that of a national sample. The tests which have been approved and adopted by the board shall be printed or purchased and distributed to the various school districts in the state by the Department of Education. The answer sheets shall be transmitted to the Department of Education for scoring.

The State Board of Education shall develop a testing method that will obtain an accurate estimate of statewide performance of pupils in grade 3 in reading, mathematics, and language. Under such a testing method, the Department of Education shall determine whether pupils in a given school shall be administered the entire test or whether the pupils shall be administered a portion of the test which will be representative of all test objectives, goals, or categories of items on the entire test.

The State Board of Education shall determine the form in which the answer sheets for the first-grade entry level test shall be transmitted to the Department of Education for scoring, and the form in which the answer sheets for the uniform tests for grade 3 shall be transmitted to the Department of Education for scoring.

The State Board of Education shall analyze the progress achieved by third grade pupils using the first-grade entry level test results as a basis for identifying comparable pupils.

The State Board of Education shall adopt rules and regulations governing the time, place, and methods for administration of the testing program under this article.

The State Board of Education shall award contracts to develop testing instruments to be used for the purposes of this section for the first-grade entry level test and for the third grade test in reading, mathematics, and language according to competitive bidding procedures.

The reading tests administered pursuant to this article shall be employed to determine each school district's quota of specialist reading teachers, as required by Article 3 (commencing with Section 54140) of Chapter 2 of Part 29 of this division.

Commencing with tests administered in the 1972–73 school year,

school districts shall submit answer sheets and related pupil information on a per school basis.

SEC. 8. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the duties, obligations or responsibilities imposed on local governmental entities or school districts by this act are such that related costs are incurred as part of their normal operating procedures.

CHAPTER 764

An act to amend Sections 1688, 1691, 1692.1, 1695, and 1751 of the Insurance Code, relating to certificates of convenience.

[Approved by Governor September 13, 1978. Filed with Secretary of State September 14, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 1688 of the Insurance Code is amended to read:

1688. To be eligible for a certificate of convenience to act as an industrial debit collection certificate holder, a person must be an applicant for a permanent license to act as a life only agent, disability only agent, or life and disability agent. An industrial debit collection certificate shall be issued only to act in the capacity for which such license is sought.

SEC. 2. Section 1691 of the Insurance Code is amended to read:

1691. (a) Every insurer, or agent or broker in the case of solicitors, shall have an approved training program on file with the commissioner or have filed a blanket authorization to certify to enrollment in an approved course of instruction before appointing any certificate of convenience holder. No training course may be used to qualify an applicant for a certificate of convenience unless it is first approved by the commissioner. Before approving any such course the commissioner shall be satisfied that it meets all the following requirements:

(i) That it covers the fundamentals of insurance, insurance regulation, and instruction in those classes of insurance in which the applicant will be licensed.

(ii) That it contains a system of examinations or progress checks whereby it can be determined whether the person is taking the course in good faith and obtaining information and training. Such examinations or progress checks shall be in writing, be completed by the certificate holder, and be kept on file in the state for a period of two years.

(b) The approval of any such course of study and instruction may

be withdrawn by the commissioner if he finds after notice and hearing that:

(i) Such course as administered does not meet the requirements for its approval; or

(ii) The content of such course is not then adequate to meet the requirements hereinabove set forth.

(c) Upon withdrawal of approval of such course the commissioner shall after notice and hearing forthwith call all holders of certificates of convenience who are enrolled in such course for examination and shall not issue any certificate of convenience to any person enrolled in such course until the course has been revised, resubmitted to, and reapproved by the commissioner.

SEC. 3. Section 1692.1 of the Insurance Code is amended to read:

1692.1. (a) The privilege of an insurer, or agent or broker in the case of a solicitor to certify to the enrollment of applicants in any course of study and instruction shall be automatically suspended without any action by the commissioner whenever more than 66⅔ percent of its holders of certificates of convenience during the calendar year fail to qualify for permanent licenses during a period of six months following issuance of a certificate of convenience to each such holder. Any suspension shall continue until the commissioner is satisfied that the insurer, agent, or broker has taken adequate action to prevent a recurrence of the failure to qualify the requisite percentage of certificate of convenience holders for permanent licenses.

(b) Each insurer, agent, or broker who has an approved training course on file with the commissioner pursuant to Section 1691 or a blanket authorization to certify enrollment in an approved course of instruction, shall keep and maintain complete records on each appointed certificate of convenience holder and shall file annually with the commissioner on or before August 15 a written report which shall contain, by type of certificate specified in Section 1685, all of the following:

(1) The number of certificate of convenience holders appointed during the preceding calendar year.

(2) The number of certificate of convenience holders who qualified for permanent licenses within the specified six-month period.

(3) The percentage of certificate of convenience holders who qualified for permanent licenses within the specified six-month period.

(c) Any such insurer, or agent or broker in the case of solicitors who fails to report on or before August 15 or who files an incomplete report shall automatically be suspended until a complete report is filed in accordance with subdivision (b). All suspensions pursuant to this section shall commence on the final date such report is required to be filed. During any period of suspension of such privilege such insurer, agent or broker is also prohibited from appointing any holder of a certificate of convenience appointed by another insurer,

agent or broker. The commissioner may, after notice and hearing suspend the privilege of any parent, subsidiary, affiliate or controlled insurer, agent or broker to prevent avoidance of such suspension.

(d) At the time of filing the written report required by this section, an insurer, agent, or broker which has failed to qualify the required percentage of certificate of convenience holders for permanent licenses may as a part of the report:

(1) Furnish written evidence of mitigating relevant facts; or

(2) Furnish written evidence of corrective action taken, or a written description of action proposed, which should result in future compliance with this section; or

(3) Request termination of the automatic suspension for specified reasonable cause; or

(4) Request that a hearing be held to determine whether the automatic suspension should be annulled or confirmed.

(e) The commissioner may after notice and hearing stay, annul, reduce, terminate or confirm the time of the automatic suspension otherwise required in this section upon a showing, satisfactory to the commissioner, that there is good cause therefor, and that corrective action has been taken to prevent a recurrence of the failure to qualify the requisite percentage of certificate of convenience holders for permanent licenses. Such preventive measures shall include the establishment of procedures both to assure proper training to enable certificate holders to pass the qualifying license examination and to insure proper selection of prospective certificate holders to the end that a reasonable proportion of those selected will in good faith pursue the course of study and pass the qualifying examination.

(f) Except for subdivisions (b) and (c), this section shall not apply to an insurer or agent or broker in the case of solicitors, during any calendar year in which such insurer, agent or broker appointed 25 or fewer such certificate of convenience holders.

(g) Any hearing under this article shall be conducted in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the commissioner shall have all the powers granted therein.

(h) The commissioner's power of termination of the certificate of convenience privilege pursuant to Section 1692.1 shall be exercised when 50 percent or more of the holders of certificates of convenience issued during the calendar year beginning January 1, 1978, fail to qualify for permanent licenses. Such power of termination shall be exercised when 25 percent or more of the holders of certificates of convenience issued during the calendar year beginning January 1, 1979, fail to qualify for permanent licenses. Beginning January 1, 1981, the commissioner shall not issue certificates of convenience.

This subdivision shall not apply to certificates of convenience issued pursuant to Section 1685, subdivisions (a), (b), (c), and (e) (except any certificate holder authorized to transact disability insurance).

SEC. 4. Section 1695 of the Insurance Code is amended to read:

1695. A certificate of convenience to act as an industrial debit certificate holder or pending examination expires at one of the following times, whichever occurs first:

(a) Two days after the mailing of notice of failure of the qualifying examination; or

(b) Six months after the issuance of the certificate of convenience.

SEC. 5. Section 1751 of the Insurance Code is amended to read:

1751. The commissioner shall require in advance a fee for filing the following documents:

(a) Application for registration of change in membership of a copartnership licensed as:

(1) Insurance agent, twenty dollars ($20).

(2) Insurance broker, thirty dollars ($30).

(3) Life agent, resident, twenty dollars ($20).

(4) Life agent, nonresident, twenty-four dollars ($24).

(b) Application for endorsement removing from any life agent's, insurance agent's or insurance broker's license issued to an organization the name of any natural person named thereon, three dollars ($3).

(c) First amendment to an application, three dollars ($3); a second and each subsequent amendment to an application, six dollars ($6).

(d) Original application to be given the qualifying examination for a license of a fire and casualty licensee, twelve dollars and fifty cents ($12.50) for each person to be examined.

(e) Original application to be given the qualifying examination for a license of a life licensee, or a license as a variable contract agent, twelve dollars and fifty cents ($12.50) for each person to be examined.

(f) Application for reexamination for any of the licenses mentioned in this section seventeen dollars and fifty cents ($17.50) for each person to be reexamined.

(g) Application which includes a request for a certificate of convenience pursuant to Article 8 of this chapter, twelve dollars and fifty cents ($12.50) in addition to, and not in lieu of, fees otherwise required.

(h) Application or request for approval of true or fictitious name pursuant to Section 1724.5 of this chapter fifteen dollars ($15), except that there shall be no fee when such name is contained in an original application.

(i) "A ratification of appointments of agents" whereby the surviving insurer in a merger or consolidation assumes responsibility for all agents then lawfully appointed for one of the constituent insurers and makes each its agent, sixty-two dollars and fifty cents ($62.50).

(j) An application or request for approval of:

(1) A training course pursuant to Section 1691, except when filed by a degree-conferring college or university, a public educational

institution, or by a private nonprofit educational institution, sixty-two dollars and fifty cents ($62.50).

(2) An arrangement whereby an insurer may qualify certificate of convenience holders pursuant to Section 1691 by means of an approved course given on the insurer's behalf by a school or organization other than itself, thirty-two dollars and fifty cents ($32.50).

(k) A bond, pursuant to Article 5 (commencing with Section 1662) of this chapter or Section 1760.5 or 1765, except when such bond constitutes part of an original application filing, seven dollars and fifty cents ($7.50).

(m) An application or request for clearance and cancellation notice of a current licensee of record, five dollars ($5).

CHAPTER 765

An act to amend Section 2070 of, and to add Section 11593 to, the Insurance Code, relating to insurance.

[Approved by Governor September 13, 1978. Filed with Secretary of State September 14, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 2070 of the Insurance Code is amended to read:

2070. All fire policies on subject matter in California shall be on the standard form, and, except as provided by this article shall not contain additions thereto. No part of the standard form shall be omitted therefrom except that any policy which in addition to coverage against the peril of fire includes substantial coverage against other perils need not comply with the provisions of the standard form of fire insurance policy or Section 2080; provided, that the coverage of such policy with respect to the peril of fire, when viewed in its entirety, is substantially equivalent to or more favorable to the insured than that contained in such standard form fire insurance policy.

SEC. 2. Section 11593 is added to the Insurance Code, to read:

11593. The premium charge for the coverage required by Section 11590 shall not be separately stated from that charged for other coverage under the policy in the insured's copy of the following: premium notice, policy, endorsement or memorandum of insurance.

CHAPTER 766

An act to add Article 4 (commencing with Section 87100) to Chapter 1 of Part 51 of the Education Code, relating to community colleges.

[Approved by Governor September 13, 1978. Filed with Secretary of State September 14, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Article 4 (commencing with Section 87100) is added to Chapter 1 of Part 51 of the Education Code, to read:

Article 4. Affirmative Action Hiring

87100. The Legislature finds and declares that:

(a) Generally, California community colleges employ a disproportionately low number of racial and ethnic minority classified and certificated employees and a disproportionately low number of women and members of racial and ethnic minorities in administrative positions.

(b) It is educationally sound for the minority student attending a racially impacted school to have available the positive image provided by minority classified and certificated employees. It is likewise educationally sound for the child from the majority group to have positive experiences with minority people which can be provided, in part, by having minority classified and certificated employees at schools where the enrollment is largely made up of majority group students. It is also educationally important for students to observe that women as well as men can assume responsible and diverse roles in society.

(c) Past employment practices created artificial barriers and past efforts to promote additional action in the recruitment, employment, and promotion of women and minorities have not resulted in a substantial increase in employment opportunities for such persons.

(d) Lessons concerning democratic principles and the richness which racial diversity brings to our national heritage can be best taught by the presence of staffs of mixed races and ethnic groups working toward a common goal.

It is the intent of the Legislature to establish and maintain a policy of equal opportunity in employment for all persons and to prohibit discrimination based on race, sex, color, religion, age, handicap, ancestry, or national origin in every aspect of personnel policy and practice in employment, development, advancement, and treatment of persons employed in the public school system, and to promote the total realization of equal employment opportunity through a continuing affirmative action employment program.

The Legislature recognizes that it is not enough to proclaim that

public employers do not discriminate in employment but that effort must also be made to build a community in which opportunity is equalized. It is the intent of the Legislature to require educational agencies to adopt and implement plans for increasing the numbers of women and minority persons at all levels of responsibility.

87101. For the purposes of this article:

(a) "Affirmative action employment program" means planned activities designed to seek, hire, and promote persons who are underrepresented in the work force compared to their number in the population, including handicapped persons, women, and persons of minority racial and ethnic backgrounds. It is a conscious, deliberate step taken by a hiring authority to assure equal employment opportunity for all staff, both certificated and classified. Such programs require the employer to make additional efforts to recruit, employ, and promote members of groups formerly excluded at the various levels of responsibility who are qualified or may become qualified through appropriate training or experience within a reasonable length of time. Such programs should be designed to remedy the exclusion, whatever its cause. Affirmative action requires imaginative, energetic, and sustained action by each employer to devise recruiting, training, and career advancement opportunities which will result in an equitable representation of women and minorities in relation to all employees of such employer.

(b) "Goals and timetables" means projected new levels of employment of women and minority racial and ethnic groups to be attained on an annual schedule, given the expected turnover in the work force and the availability of persons who are qualified or may become qualified through appropriate training or experience within a reasonable length of time. Goals are not quotas or rigid proportions. They should relate both to the qualitative and quantitative needs of the employer.

(c) "Public education agency" means the Office of the Chancellor and the governing board of each community college district in California.

87102. The governing board of each community college district shall submit, not later than January 1, 1980, to the office of the Chancellor of the California Community Colleges an affirmation of compliance with the provisions of this article. The affirmative action employment program shall have goals and timetables for its implementation. The plans shall be a public record within the meaning of the California Public Records Act.

87103. The office of the Chancellor of the California Community Colleges shall render assistance in developing and implementing affirmative action employment programs to community college districts under his jurisdiction.

87104. The office of the Chancellor of the California Community Colleges, out of funds appropriated for such purposes, (1) shall provide assistance to local community colleges in adopting and maintaining high-quality affirmative action programs; (2) report to

the Legislature, by July 1, 1980, regarding the number of districts which have adopted and are maintaining affirmative action programs, including the effectiveness of such programs in meeting the intent of this article; and (3) develop and disseminate to public community college districts guidelines to assist such agencies in developing and implementing affirmative action employment programs.

87105. The Board of Governors of the California Community Colleges shall adopt all necessary rules and regulations to carry out the intent of this article.

87106. Any activities undertaken pursuant to this article shall be subject to the provisions of Title VII of the Federal Civil Rights Act of 1964, and amendments thereto.

SEC. 2. This act is substantially a codification of regulations adopted by the Board of Governors of the California Community Colleges which require local community college districts to have developed an affirmative action employment program. Since the affirmative action programs mandated by this act are presently required of community college districts, it is the intent of the Legislature not to reimburse local educational agencies for program expenditures required prior to the enactment of this act.

Therefore, notwithstanding Sections 2231 and 2234 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to those sections nor shall there be any appropriation made by this act because there are no new duties, obligations, or responsibilities imposed on local educational agencies by this act.

CHAPTER 767

An act to amend Section 4416 of the Business and Professions Code, relating to pharmacy.

[Approved by Governor September 13, 1978. Filed with Secretary of State September 14, 1978.]

Such certificate shall be renewed annually on or before the 31st day of December upon payment of a renewal fee fixed by the board at an amount not to exceed fifty dollars ($50).

(m) The fee for registration under Section 4084.5 shall be fixed by the board at an amount not to exceed twenty dollars ($20). The fee for annual renewal of such registration shall not exceed ten dollars ($10).

(n) The fee for an out-of-state drug distributor's license issued pursuant to Section 4084.6 shall be fixed by the board at an amount not to exceed the reasonable costs of the board for the issuance of such license, which in no event shall exceed three hundred dollars ($300). The fee for annual renewal of such license shall not exceed three hundred dollars ($300).

(o) The fee for registration of a laboratory to purchase and possess controlled substances for scientific or testing purposes shall be set by

the board not to exceed twenty-five dollars ($25).

(p) The fee for registration of providers of continuing education shall be set by the board not to exceed fifty dollars ($50).

5000. (a) License plates issued for trailers, semitrailers, motor-driven cycles, and pole and pipe dollies, and such vehicles as are exempt from the payment of registration fees under this code shall display suitable distinguishing marks or symbols, and the registration numbers assigned to each class of vehicles shall run in a separate numerical series, except that registration numbers assigned to vehicles exempt from the payment of registration fees may run in several separate numerical series.

(b) Vehicles subject to the provisions of Section 9400 shall be issued license plates with suitable distinguishing marks or symbols distinguishing them from other license plates issued.

deemed to be the license plate for the ensuing registration year; except that truck tractors shall display such tabs, stickers, or other devices upon the front license plate assigned to such vehicle.

(b) This section shall not apply to fleet vehicles subject to the provisions of Article 9.5 (commencing with Section 5300).

SEC. 3. Article 9.5 (commencing with Section 5300) is added to Chapter 1 of Division 3 of the Vehicle Code, to read:

Article 9.5. Registration of Fleet Vehicles

5300. In order to establish the practical application and assess the fiscal implications of permanent fleet registration, the department shall implement a Permanent Fleet Registration Pilot Program during the period from October 1, 1979, through December 31, 1982.

The department shall submit a report on the progress of the pilot program to the Legislature on or before March 1, 1981. The report shall include, but not be limited to, an analysis of the costs and benefits of permanent fleet registration and shall include recommendations for maximizing the efficiency and effectiveness of the permanent fleet registration program.

5301. Notwithstanding any other provision of this code and Part 5 (commencing with Section 10701) of Division 2 of the Revenue and Taxation Code, the registered owner or lessee of a fleet of vehicles consisting of commerical motor vehicles, or commerical trailers or passenger automobiles may, upon payment of appropriate fees, apply to the department for permanent license plates or decals and registration cards.

The pilot program shall consist of nine fleets, in continuing operation as of January 1, 1978, to be determined as follows:

(d) Motor vehicles registered under the provisions of this article shall display in a conspicuous place on both the right and the left side of each vehicle, the name, trademark, or logo of the company. The display of the name, trademark, or logo shall be in letters in sharp

(b) Failure to comply with provisions of subdivision (a) will require that payment of fees due for the registration of the vehicle shall be the responsibility of the fleet owner as though the vehicle remained part of the fleet.

(c) The fees determined to be due and owing under this article shall be a lien upon all vehicles of the applicant of a type subject to registration under this code, and the provisions of Article 6 (commencing with Section 9800) of Chapter 6 of Division 3 shall apply.

5308. The director shall adopt procedures for initial application, payment of fees, fleet additions or deletions, and for the cancellation of the distinguishing plates or decals and registration card issued to a vehicle of a fleet owner who does not comply with the provisions of this article.

submitted to the Legislature.

SEC. 4. This act shall become operative on October 1, 1979, and shall remain in effect only until December 31, 1982, and as of that date is repealed unless a later enacted statute, which is chaptered before December 31, 1982, deletes or extends such date.

CHAPTER 769

An act to amend Sections 10494 and 10494.6 of the Insurance Code, relating to benefit and relief associations.

[Approved by Governor September 13, 1978. Filed with Secretary of State September 14, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 10494 of the Insurance Code is amended to read:

For the purpose of this chapter, punitive action is defined as any action which may lead to dismissal, demotion, suspension, reduction in salary, written reprimand, or transfer for purposes of punishment.

(a) The interrogation shall be conducted at a reasonable hour, preferably at a time when the public safety officer is on duty, or during the normal waking hours for the public safety officer, unless the seriousness of the investigation requires otherwise. If such interrogation does occur during off-duty time of the public safety officer being interrogated, the public safety officer shall be compensated for such off-duty time in accordance with regular department procedures, and the public safety officer shall not be released from employment for any work missed.

The representative shall not be a person subject to the same investigation. (2) The effect that the projected unit will have on the meet and confer relationships, emphasizing the availability and authority of employer representatives to deal effectively with employee organizations representing the unit, and taking into account such factors as work location, the numerical size of the unit, the relationship of the unit to organizational patterns of the state government, and the effect on the existing classification structure or existing classification schematic of dividing a single class or single classification schematic among two or more units.

(3) The effect of the proposed unit on efficient operations of the employer and the compatibility of the unit with the responsibility of state government and its employees to serve the public.

A member of the board may be removed by the Governor upon notice and hearing for neglect of duty or malfeasance in office, but for no other cause.

(d) Each member of the board shall be paid an annual salary of forty-two thousand five hundred dollars ($42,500). In addition to his salary, each member of the board shall be reimbursed for all actual

13924. (a) The board shall determine the fair and reasonable value of maintenance, living quarters, housing, lodging, board, meals, food, household supplies, fuel, laundry, domestic servants and other services furnished by the state as an employer to its employees.

The value so determined shall constitute the charges to be made to state employees for any such maintenance or other services furnished by the state, unless the employee is entitled thereto as compensation for his services or as actual and necessary expenses incurred in the performance of the state's business. Whenever a state employee is entitled to such maintenance or other services as part or full compensation for services rendered, the value thereof for retirement purposes, as defined by Section 20022 of this code, and for salary or wage fixing purposes, shall also be determined in accordance with the values established by the board hereunder. The Board of Control, by rule, shall provide for reasonable opportunity to be heard by departments or employees affected by this section.

The basic wage of such employees shall be the prevailing hourly wage paid to persons identified by the State Personnel Board to be in similar and comparable employment by private printers in the major metropolitan areas in California. The State Personnel Board shall accept and give validity to certified copies of agreed upon contracts

submitted by either the employer, the employer group, or the employee organization.

The State Personnel Board shall survey only major employers where there are agreed upon contracts. Where any such contract contains any provision or provisions which do not reflect the actual practice of the employer, the State Personnel Board shall disregard such provision or provisions.

If the State Personnel Board finds that salary relationships between surveyed classes do not accurately reflect relationships in duties and responsibilities of employees of the Office of State Printing, the board shall adjust such wage rates on an equitable basis notwithstanding the survey findings.

As used in this section, prevailing wages and prevailing benefits means wages and benefits arrived at through negotiation between an employer or employer organization, and an employee organization which is the bona fide representative of the employer's employees and certified as such by the Director of Industrial Relations. In order to be so certified, the employee organization shall be free from employer influence and domination.

(b) In addition to such wages, and the rights and privileges afforded state employees under the provisions of the State Civil Service Act, and other statutes, there shall be paid to each such employee of the Office of State Printing, either directly or to a health and welfare fund on his or her behalf, an amount equal to the prevailing individual contributions paid to health and welfare plans for employees in similar and comparable employment by private printers in the major metropolitan areas. Where such contracts do not disclose the dollar value of health and welfare benefits, the state shall provide the same or substantially the same level of benefits as provided for in such agreed upon contracts. Any adjustments made pursuant to subdivisions (a) and (b) of this section shall be effective as of March 1, 1977, and each March 1, thereafter.

(c) As an alternative to subdivision (b), persons employed and retired from employment in the Office of State Printing may elect within 90 days of the effective date of the amendments to this section enacted at the 1977–78 Regular Session of the Legislature to be covered under the State Employees' Medical and Hospital Care Act pursuant to Section 22754.2.

A person first employed to any position described in subdivision (a) after the effective date of the amendments to this section enacted at the 1977–78 Regular Session of the Legislature may elect to become an "employee" as defined in Section 22754.2 within 90 days of commencing such employment.

Any person who is a member of a health and welfare plan described in subdivision (b) who loses eligibility for participation in such plan, or if the plan of which the person is a member ceases to exist, such person may elect to become an "employee" as defined in Section 22754.2 within 90 days of the date such eligibility is lost or the plan ceases to exist.

(d) In no instance shall the wages and the health and welfare contributions paid by the state to the persons covered under this section be less than the dollar amount paid as of the effective date of this section.

(e) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 10. Section 18005 of the Government Code is amended to read:

18005. (a) Upon separation from service without fault on his part, a person is entitled to a lump sum payment as of the time of separation for any unused or accumulated vacation or for any time off to which he is entitled by reason of previous overtime work where compensating time off for overtime work is provided for by the appointing power or by rules of the State Personnel Board. Such sum shall be computed by projecting the accumulated time on a calendar basis so that the lump sum will equal the amount which the employee would have been paid had he taken the time off but not separated from the service.

(b) Persons separated from service through fault of their own are entitled to a lump sum payment for such compensating time off for overtime work, and in addition, such portion, if any, of unused vacation as the State Personnel Board may determine. The computation of such sum shall be based on actual accumulated time without projection as provided in (a).

(c) Lump sum payment for vacation shall not be made to a person who separates from a position for the purpose of accepting another position in the state service except:

(1) Upon movement to a position in which vacation credits are neither accrued nor used or (2) upon reassignment of an employee of the Trustees of the California State Colleges, subsequent to January 1, 1965, from a position other than an academic year position, to an academic year position. However, a lump sum payment shall not be made to a person who returns to a position in the same class

and agency within 15 working days of the date of his resignation.

(d) Except for payment authorized or excluded under subdivision (c) an employee who returns to state service during the period through which his lump sum payment was computed may refund the amount of lump sum payment which exceeds his break in service and have the balance of credits restored as though he had remained in state service and taken the time off.

(e) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 11. Section 18005.5 of the Government Code is amended to read:

18005.5. (a) Any time off to which an employee is entitled by reason of overtime worked prior to June 9, 1948, may be compensated by a lump sum payment in the manner provided in Section 18005 at any time prior to the separation of the employee from service or upon such separation. Payment shall be at the rate established for the position as of the date of payment or the date of separation as the case may be.

(b) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 12. Section 18006 of the Government Code is amended to read:

18006. (a) Notwithstanding the provisions of Section 11030, whenever a state officer or employee is required by the appointing power because of a change in assignment, promotion or other reason related to his duties to change his place of residence, such officer, agent or employee shall receive his actual and necessary moving, traveling, lodging and meal expenses, incurred by him both before and after and by reason of such change of residence. The maximum allowances for such expenses shall be as follows: the costs of packing, transporting, and unpacking 11,000 pounds of household effects, traveling, lodging, and meal expenses for 60 days while locating a permanent residence, storage of household effects for 60 days, and additional miscellaneous allowances not in excess of two hundred dollars ($200). The maximum allowances may be exceeded in those particular instances where the Director of General Services determines in advance that the change of residence will result in unusual and unavoidable hardship for the officer or employee, and in such cases the Director of General Services shall determine the

maximum allowances to be received by such officer or employee.

(b) If such change of residence reasonably requires the sale of residence or the settlement of an unexpired lease, such officer or employee may be reimbursed for any of the following expenses:

(1) The settlement of the unexpired lease to a maximum of one year. Upon the date of surrender of the premises by the employee who is the lessee, the rights and obligations of the parties to the lease shall be as determined by Section 1951.2 of the Civil Code.

The state shall be absolved of responsibility for an unexpired lease if the Board of Control determines the employee knew or reasonably should have known that a transfer involving physical move was imminent before entering into the lease agreement.

(2) In the event of residence sale, reimbursement for brokerage and other related selling fees or charges, as determined by regulations of the Board of Control, adopted pursuant to the Administrative Procedure Act (commencing with Section 11420) customarily charged for like services in the locality where the residence is located.

(c) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 13. Section 18007 of the Government Code is amended to read:

18007. (a) For the purpose of facilitating the recruitment of professional and technically trained persons to fill positions for which there is a shortage of qualified applicants, the Board of Control may authorize payment of all or a part of the travel expense of applicants who are called for interview and all or a part of the travel and moving expense of persons who change their place of residence to accept employment with the state. In the case of applicants for employment by the Trustees of the California State University and Colleges, such payments shall be authorized only upon the certification of the trustees that the expenditure is necessary in order to recruit qualified persons needed by the California State University and Colleges. In the case of all other applicants, such payments shall be authorized only upon the certification of the appointing power and the State Personnel Board that the expenditure is necessary in order to recruit qualified persons needed by the state.

If, for reasons that do not meet the approval of the state department concerned, the employee or applicant for employment does not accept or continue such employment for a period of two years, he shall reimburse the state department for such moving and travel expenses for the full or proportionate amount.

For the purposes of this section satisfactory reasons for not completing two years of employment shall be death, prolonged

illness, disability, unacceptability of the applicant or employee to the state department, and similar eventualities beyond the control of the applicant or employee.

(b) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 14. Section 18020 of the Government Code is amended to read:

18020. (a) It is the policy of the state that the workweek of the state employee shall be 40 hours, and the workday of state employees eight hours, except that workweeks and workdays of a different number of hours may be established in order to meet the varying needs of the different state agencies. It is the policy of the state to avoid the necessity for overtime work whenever possible. This policy does not restrict the extension of regular working-hour schedules on an overtime basis in those activities and agencies where such is necessary to carry on the state business properly during a manpower shortage.

(b) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

The annual total compensation report by the State Personnel Board shall recommend adjustments of the dollar amounts herein based on the principle that the employer's contribution for each employee or annuitant shall be an amount equal to 85 percent of the weighted average of the premiums required for basic and related major medical plans with respect to employees or annuitants enrolled for self alone plus 60 percent of the weighted average of the additional premiums required for enrollment of family members in basic and major medical plans as applicable for the level of benefits offered by (1) the statewide service plan contracted by the state; (2) the statewide indemnity plan contracted by the state; (3) the two prepaid comprehensive medical-hospital plans with the largest number of enrollments contracted by the state, as determined by the board, whichever is less. An act to amend Sections 17501 and 17530.4 of, and to add Sections 19057.5 and 26080.7 to, the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 15, 1978. Filed with Secretary of State September 18, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 17501 of the Revenue and Taxation Code is amended to read:

17501. A trust created or organized in the United States and forming part of a stock bonus, pension, or profit-sharing plan of an employer for the exclusive benefit of his employees or their beneficiaries shall constitute a qualified trust under this article—

(a) If contributions are made to the trust by such employer, or employees, or both, or by another employer who is entitled to deduct his contributions under Section 17516(b) (relating to deduction for contributions to profit-sharing and stock bonus plans), for the purpose of distributing to such employees or their beneficiaries the corpus and income of the fund accumulated by the trust in accordance with such plan;

(b) If under the trust instrument it is impossible, at any time prior to the satisfaction of all liabilities with respect to employees and their beneficiaries under the trust, for any part of the corpus or income to be (within the taxable year or thereafter) used for, or diverted to, purposes other than for the exclusive benefit of his employees or their beneficiaries;

(c) If the plan of which such trust is a part satisfies the requirements of Section 410 of the Internal Revenue Code of 1954 as amended by the Employee Retirement Income Security Act of 1974 (P.L. 93-406) (relating to minimum participation standards); and

(d) If the contributions or the benefits provided under the plan do not discriminate in favor of employees who are (1) officers, (2) shareholders, or (3) highly compensated. For purposes of this subdivision, there shall be excluded from consideration employees described in Section 410(b) (2) (A) and (C) of the Internal Revenue

Code of 1954 as amended by the Employee Retirement Income Security Act of 1974 (P.L. 93-406).

(e) A classification shall not be considered discriminatory within the meaning of subdivision (d) or Section 410(b) of the Internal Revenue Code of 1954 as amended by the Employee Retirement Income Security Act of 1974 (P.L. 93-406) (without regard to paragraph (1) (A) thereof) merely because it excludes employees the whole of whose remuneration constitutes "wages" under Section 3121(a) (1) of the Internal Revenue Code (relating to the Federal Insurance Contribution Act) or merely because it is limited to salaried or clerical employees. Neither shall a plan be considered discriminatory within the meaning of such provisions merely because the contributions or benefits of or on behalf of the employees under the plan bear a uniform relationship to the total compensation, or the basic or regular rate of compensation, of such employees, or merely because the contributions or benefits based on that part of an employee's remuneration which is excluded from "wages" by Section 3121(a) (1) of the Internal Revenue Code, or of the California Unemployment Insurance Act differ from the contributions or benefits based on employee's remuneration not so excluded, or differ because of any retirement benefits created under state or federal law.

For purposes of this subdivision and subdivision (j), the total compensation of an individual who is an employee within the meaning of Section 17502.2(a) means such individual's earned income (as defined in Section 17502.2(b)), and the basic or regular rate of compensation of such an individual shall be determined, under regulations prescribed by the Franchise Tax Board, with respect to that portion of his earned income which bears the same ratio to his earned income as the basic or regular compensation of the employees under the plan bears to the total compensation of such employees. For purposes of determining whether two or more plans of an employer satisfy the requirements of subdivision (d) when considered as a single plan, if the amount of contributions on behalf of the employees allowed as a deduction under Sections 17513 to 17525.1, inclusive, for the taxable year with respect to such plans, taken together, bears a uniform relationship to the total compensation, or the basic or regular rate of compensation, of such employees, the plans shall not be considered discriminatory merely because the rights of employees to, or derived from, the employer contributions under the separate plans do not become nonforfeitable at the same rate. For the purposes of determining whether two or more plans of an employer satisfy the requirements of subdivision (d) when considered as a single plan, if the employees' right to benefits under the separate plans do not become nonforfeitable at the same rate, but the levels of benefits provided by the separate plans satisfy the requirements of regulations prescribed by the Franchise Tax Board to take account of the differences in such rates, the plans shall not be considered discriminatory merely because of

the difference in such rates.

(f) A plan shall be considered as meeting the requirements of subdivision (c) during the whole of any taxable year of the plan if on one day in each quarter it satisfied such requirements.

(g) A trust shall not constitute a qualified trust under this section unless the plan of which such trust is a part satisfies the requirements of Section 411 of the Internal Revenue Code of 1954 as amended by the Employee Retirement Income Security Act of 1974 (P.L. 93-406) (relating to minimum vesting standards).

(h) A trust forming part of a pension plan shall not constitute a qualified trust under this article unless the plan provides that forfeitures must not be applied to increase the benefits any employee would otherwise receive under the plan.

(i) In the case of a plan which provides contributions or benefits for employees some or all of whom are employees within the meaning of Section 17502.2(a), a trust forming part of such plan shall not constitute a qualified trust under this article unless, under the plan, the entire interest of each employee—

(1) Either will be distributed to him not later than his taxable year in which he attains the age of 70½ years, or, in the case of an employee other than an owner-employee (as defined in Section 17502.2(c)), in which he retires, whichever is the later, or

(2) Will be distributed, commencing not later than such taxable year, (A) in accordance with regulations prescribed by the Franchise Tax Board, over the life of such employee or over the lives of such employee and his spouse, or (B) in accordance with such regulations, over a period not extending beyond the life expectancy of such employee or the life expectancy of such employee and his spouse.

A trust shall not be disqualified under this subdivision by reason of distributions under a designation, prior to the date of the enactment of this subdivision, by any employee under the plan of which such trust is a part, of a method of distribution which does not meet the terms of the preceding sentence.

(j) In the case of a plan which provides contributions or benefits for employees some or all of whom are owner-employees (as defined in Section 17502.2(c))—

(1) Subdivision (c), the first and second sentences of subdivision (e), and Section 410 of the Internal Revenue Code of 1954 as amended by the Employee Retirement Income Security Act of 1974 (P.L. 93-406) shall not apply, but—

(A) Such plan shall not be considered discriminatory within the meaning of subdivision (d) merely because the contributions or benefits of or on behalf of employees under the plan bear a uniform relationship to the total compensation, or the basic or regular rate of compensation, of such employees, and

(B) Such plan shall not be considered discriminatory within the meaning of subdivision (d) solely because under the plan contributions described in Section 17502.4 which are in excess of

the amounts which may be deducted under Sections 17513 to 17525.1, inclusive, for the taxable year may be made on behalf of any owner-employee;

and

(2) A trust forming a part of such plan shall constitute a qualified trust under this section only if the requirements in Section 17502.3 are also met.

(k) (1) A trust shall not constitute a qualified trust under this section if the plan of which such trust is a part provides for the payment of benefits in the form of an annuity unless such plan provides for the payment of annuity benefits in a form having the effect of a qualified joint and survivor annuity.

(2) Notwithstanding the provisions of paragraph (1), in the case of a plan which provides for the payment of benefits before the normal retirement age (as defined in Section 411(a)(8) of the Internal Revenue Code of 1954 as amended by the Employee Retirement Income Security Act of 1974 (P.L. 93-406)), the plan is not required to provide for the payment of annuity benefits in a form having the effect of a qualified joint and survivor annuity during the period beginning on the date on which the employee enters into the plan as a participant and ending on the later of—

(A) The date the employee reaches the earliest retirement age under the plan, or

(B) The first day of the 120th month beginning before the date on which the employee reaches normal retirement age.

(3) A plan described in paragraph (2) does not meet the requirements of paragraph (1) unless, under the plan, a participant has a reasonable period during which he may elect the qualified joint and annuity form with respect to the period beginning on the date on which the period described in paragraph (2) ends and ending on the date on which he reaches normal retirement age (as defined in Section 411(a)(8) of the Internal Revenue Code of 1954 as amended by the Employee Retirement Income Security Act of 1974 (P.L. 93-406)) if he continues his employment during that period. A plan does not meet the requirements of this paragraph unless, in the case of such an election, the payments under the survivor annuity are not less than the payments which would have been made under the joint annuity to which the participant would have been entitled if he made an election described in this paragraph immediately prior to his retirement and if his retirement had occurred on the day before his death and within the period within which an election can be made.

(4) A plan shall not be treated as not satisfying the requirements of this subdivision solely because the spouse of the participant is not entitled to receive a survivor annuity (whether or not an election described in paragraph (3) has been made under paragraph (3)) unless the participant and his spouse have been married throughout the one-year period ending on the date of such participant's death.

(5) A plan shall not be treated as satisfying the requirements of

this subdivision unless, under the plan, each participant has a reasonable period (as prescribed by the regulations of the Franchise Tax Board) before the annuity starting date during which he may elect in writing (after having received a written explanation of the terms and conditions of the joint and survivor annuity and the effect of an election under this paragraph) not to take such joint and survivor annuity.

(6) A plan shall not be treated as not satisfying the requirements of this subdivision solely because under the plan there is a provision that any election described in paragraph (3) or (5), and any revocation of any such election, does not become effective (or ceases to be effective) if the participant dies within a period (not in excess of two years) beginning on the date of such election or revocation, as the case may be. The preceding sentence does not apply unless the plan provision described in the preceding sentence also provides that such an election or revocation will be given effect in any case in which—

(A) The participant dies from accidental causes,

(B) A failure to give effect to the election or revocation would deprive the participant's survivor of a survivor annuity, and

(C) Such election or revocation is made before such accident occurred.

(7) For purposes of this subdivision—

(A) The term "annuity starting date" means the first day of the first period for which an amount is received as an annuity (whether by reason of retirement or by reason of disability),

(B) The term "earliest retirement age" means the earliest date on which, under the plan, the participant could elect to receive retirement benefits, and

(C) The term "qualified joint and survivor annuity" means an annuity for the life of the participant with a survivor annuity for the life of his spouse which is not less than one-half of, or greater than, the amount of the annuity payable during the joint lives of the participant and his spouse and which is the actuarial equivalent of a single life annuity for the life of the participant.

For purposes of this subdivision, a plan may take into account in any equitable manner (as determined by the Franchise Tax Board) any increased costs resulting from providing joint and survivor annuity benefits.

(8) This subdivision shall apply only if—

(A) The annuity starting date did not occur before the effective date of this subdivision, and

(B) The participant was an active participant in the plan on or after such effective date.

(*l*) A trust shall not constitute a qualified trust under this article unless the plan of which such trust is a part provides that in the case of any merger or consolidation with, or transfer of assets or liabilities to, any other plan after the date of the enactment of the Employee Retirement Income Security Act of 1974 (P.L. 93-406), each

participant in the plan would (if the plan then terminated) receive a benefit immediately after the merger, consolidation, or transfer which is equal to or greater than the benefit he would have been entitled to receive immediately before the merger, consolidation, or transfer which is equal to or greater than the benefit he would have been entitled to receive immediately before the merger, consolidation, or transfer (if the plan had then terminated). This subdivision shall apply in the case of a multiemployer plan only to the extent determined by the Pension Benefit Guaranty Corporation.

(m) A trust shall not constitute a qualified trust under this article unless the plan of which such trust is a part provides that benefits provided under the plan may not be assigned or alienated. For purposes of the preceding sentence, there shall not be taken into account any voluntary and revocable assignment of not to exceed 10 percent of any benefit payment made by any participant who is receiving benefits under the plan unless the assignment or alienation is made for puposes of defraying plan administration costs. For purposes of this subdivision a loan made to a participant or beneficiary shall not be treated as an assignment or alienation if such loan is secured by the participant's accrued nonforfeitable benefit and is exempt from the tax imposed by Section 4975 of the Internal Revenue Code of 1954 as amended by the Employee Retirement Income Security Act of 1974 (P.L. 93-406) (relating to tax on prohibited transactions) by reason of Section 4975(d)(1) of the Internal Revenue Code of 1954 as amended by the Employee Retirement Income Security Act of 1974 (P.L. 93-406). This paragraph shall take effect on January 1, 1976, and shall not apply to assignments which were irrevocable on the date of the enactment of the Employee Retirement Income Security Act of 1974 (P.L. 93-406).

(n) A trust shall not constitute a qualified trust under this article unless the plan of which such trust is a part provides that, unless the participant otherwise elects, the payment of benefits under the plan to the participant will begin not later than the 60th day after the latest of the close of the plan year in which—

(1) The date on which the participant attains the earlier of age 65 or the normal retirement age specified under the plan,

(2) Occurs the 10th anniversary of the year in which the participant commenced participation in the plan, or

(3) The participant terminates his service with the employer. In the case of a plan which provides for the payment of an early retirement benefit, a trust forming a part of such plan shall not constitute a qualified trust under this article unless a participant who satisfied the service requirements for such early retirement benefit, but separated from the service (with any nonforfeitable right to an accrued benefit) before satisfying the age requirement for such early retirement benefit, is entitled upon satisfaction of such age requirement to receive a benefit not less than the benefit to which he would be entitled at the normal retirement age, actuarially reduced under regulations prescribed by the Franchise Tax Board.

(o) A trust shall not constitute a qualified trust under this article unless under the plan of which such trust is a part—

(1) In the case of a participant or beneficiary who is receiving benefits under such plan, or

(2) In the case of a participant who is separated from the service and who has nonforfeitable rights to benefits,

such benefits are not decreased by reason of any increase in the benefit levels payable under Title II of the Social Security Act or any increase in the wage base under such Title II, if such increase takes place after the date of the enactment of the Employee Retirement Income Security Act of 1974 (P.L. 93-406) or (if later) the earlier of the date of first receipt of such benefits or the date of such separation, as the case may be.

(p) A trust shall not constitute a qualified trust under this article if the plan of which such trust is a part provides for benefits or contributions which exceed the limitations of Section 415 of the Internal Revenue Code of 1954 as amended by the Employee Retirement Income Security Act of 1974 (P.L. 93-406) and the Tax Reform Act of 1976 (P.L. 94-455).

(q) In the case of a plan which provides contributions or benefits for employees some or all of whom are employees within the meaning of Section 17502.2, only if the annual compensation of each employee taken into account under the plan does not exceed the first one hundred thousand dollars ($100,000) of such compensation.

(r) In the case of a trust which is part of a plan providing a defined benefit for employees some or all of whom are employees within the meaning of Section 17502.2, only if such plan satisfies the requirements of Section 17502.9.

(s) A trust shall not constitute a qualified trust under this article if under the plan of which such trust is a part any part of a participant's accrued benefit derived from employer contributions (whether or not otherwise nonforfeitable), is forfeitable solely because of withdrawal by such participant of any amount attributable to the benefit derived from contributions made by such participant. The preceding sentence shall not apply to the accrued benefit of any participant unless, at the time of such withdrawal, such participant has a nonforfeitable right to at least 50 percent of such accrued benefit (as determined under Section 411 of the Internal Revenue Code of 1954 as amended by the Employee Retirement Income Security Act of 1974 (P.L. 93-406)). The first sentence of this paragraph shall not apply to the extent that an accrued benefit is permitted to be forfeited in accordance with Section 411(a)(3)(D)(iii) of the Internal Revenue Code of 1954 as amended by the Employee Retirement Income Security Act of 1974 (P.L. 93-406) (relating to proportional forfeitures of benefits accrued before enactment of the Employee Retirement Income Security Act of 1974 (P.L. 93-406), in the event of withdrawal of certain mandatory contributions).

Subdivisions (k), (*l*), (m), (n), (o), and (s) shall apply only in the

case of a plan to which Section 411 of the Internal Revenue Code of 1954 as amended by the Employee Retirement Income Security Act of 1974 (P.L. 93-406) (relating to minimum vesting standards) applies without regard to subsection (e) (2) of such section.

SEC. 2. Section 17530.4 of the Revenue and Taxation Code is amended to read:

17530.4. (a) (1) A trust which is a part of a pension, profit-sharing, or stock bonus plan shall not constitute a qualified trust under Section 17501, if—

(A) In the case of a defined benefit plan, the plan provides for the payment of benefits with respect to a participant which exceed the limitation of subdivision (b),

(B) In the case of a defined contribution plan, contributions and other additions under the plan with respect to any participant for any taxable year exceed the limitation of subdivision (c), except in the case of such a plan where contributions are also made pursuant to and in conformance with the special limitation for employee stock ownership plans under Section 415(c)(6) of the Internal Revenue Code of 1954 (P.L. 94-455), in which case:

(i) The amount deductible under Section 17516 is subject to the limitations provided in subdivision (c) of this section, and

(ii) The net income attributable to the nondeductible portion shall not be included in the gross income of the employee for the taxable year or for succeeding taxable years until distributed pursuant to a provision of the plan or by operation of law, or

(C) In any case in which an individual is a participant in both a defined benefit plan and a defined contribution plan maintained by the employer, the trust has been disqualified under subdivision (g).

(2) Except as provided in paragraph (3), in the case of—

(A) An employee annuity plan described in Section 17511,

(B) An annuity contract described in Section 17512,

(C) An individual retirement account described in Section 17530(a),

(D) An individual retirement annuity described in Section 17530(b),

(E) A plan described in Section 17526, or

(F) A retirement bond described in Section 17530.1, such contract, annuity plan, account, annuity, plan, or bond shall not be considered to be described in Section 17511, 17512, 17526, 17530(a), 17530(b) or 17530.1, as the case may be, unless it satisfies the requirements of subparagraph (A) or subparagraph (B) of paragraph (1), whichever is appropriate, and has not been disqualified under subdivision (g). In the case of an annuity contract described in Section 17512, the preceding sentence shall apply only to the portion of the annuity contract which exceeds the limitation of subdivision (b) or the limitation of subdivision (c), whichever is appropriate, and the amount of the contribution for such portion shall reduce the exclusion allowance as provided in Section 17512.

(3) Paragraph (2) shall not apply for any year to an account,

annuity, or bond described in Section 17530(a), 17530(b), or 17530.1, respectively, established for the benefit of the spouse of the individual contributing to such account, or for such annuity or bond, if a deduction is allowed under Section 17241 to such individual with respect to such contribution for such year.

(b) (1) Benefits with respect to a participant exceed the limitation of this subdivision if, when expressed as an annual benefit (within the meaning of paragraph (2)), such annual benefit is greater than the lesser of—

(A) Seventy-five thousand dollars ($75,000), or

(B) One hundred percent of the participant's average compensation for his high three years.

(2) (A) For purposes of paragraph (1), the term "annual benefit" means a benefit payable annually in the form of a straight life annuity (with no ancillary benefits) under a plan to which employees do not contribute and under which no rollover contributions (as defined in Sections 17503, 17511, 17530, and 17530.1) are made.

(B) If the benefit under the plan is payable in any form other than the form described in subparagraph (A), or if the employees contribute to the plan or make rollover contributions (as defined in Sections 17503, 17511, 17530, and 17530.1), the determinations as to whether the limitation described in paragraph (1) has been satisfied shall be made, in accordance with regulations prescribed by the Franchise Tax Board, by adjusting such benefit so that it is equivalent to the benefit described in subparagraph (A). For purposes of this subparagraph, any ancillary benefit which is not directly related to retirement income benefits shall not be taken into account; and that portion of any joint and survivor annuity which constitutes a qualified joint and survivor annuity (as defined in Section 17501) shall not be taken into account.

(C) If the retirement income benefit under the plan begins before age 55, the determination as to whether the limitation set forth in paragraph (1)(A) has been satisfied shall be made, in accordance with regulations prescribed by the Franchise Tax Board, by adjusting such benefit so that it is equivalent to such a benefit beginning at age 55.

(3) For purposes of paragraph (1), a participant's high three years shall be the period of consecutive calendar years (not more than three) during which the participant both was an active participant in the plan and had the greatest aggregate compensation from the employer. In the case of an employee within the meaning of Section 17502.2, the preceding sentence shall be applied by substituting for "compensation from the employer" the following: "the participant's earned income (within the meaning of Section 17502.2 but determined without regard to any exclusion under Section 911 of the Internal Revenue Code of 1954)."

(4) Notwithstanding the preceding provisions of this subdivision, the benefits payable with respect to a participant under any defined benefit plan shall be deemed not to exceed the limitation of this

subdivision, if—

(A) The retirement benefits payable with respect to such participant under such plan and under all other defined benefit plans of the employer do not exceed ten thousand dollars ($10,000) for the plan year, or for any prior plan year, and

(B) The employer has not at any time maintained a defined contribution plan in which the participant participated.

(5) In the case of an employee who has less than 10 years of service with the employer, the limitation referred to in paragraph (1), and the limitation referred to in paragraph (4), shall be the limitation determined under such paragraph (without regard to this paragraph), multiplied by a fraction, the numerator of which is the number of years (or part thereof) of service with the employer and the denominator of which is 10.

(6) The computation of—

(A) Benefits under a defined contribution plan, for purposes of Section 17501(d),

(B) Contributions made on behalf of a participant in a defined benefit plan, for purposes of Section 17501(d), and

(C) Contributions and benefits provided for a participant in a plan described in Section 414(k) of the Internal Revenue Code of 1954 as amended by the Employee Retirement Income Security Act of 1974 (P.L. 93-406), for purposes of this section shall not be made on a basis inconsistent with regulations prescribed by the Franchise Tax Board.

(c) (1) Contributions and other additions with respect to a participant exceed the limitation of this subdivision, if, when expressed as an annual addition (within the meaning of paragraph (2)) to the participant's account, such annual addition is greater than the lesser of—

(A) Twenty-five thousand dollars ($25,000), or

(B) Twenty-five percent of the participant's compensation.

(2) For purposes of paragraph (1), the term "annual addition" means the sum for any year of—

(A) Employer contributions,

(B) The lesser of—

(i) The amount of the employee contributions in excess of 6 percent of his compensation, or

(ii) One-half of the employee contributions, and

(C) Forfeitures.

For the purposes of this paragraph, employee contributions under subparagraph (B) are determined without regard to any rollover contributions (as defined in Sections 17503, 17511, 17530, and 17530.1).

(3) For purposes of paragraph (1), the term "participant's compensation" means the compensation of the participant from the employer for the year. In the case of an employee within the meaning of Section 17502.2, the preceding sentence shall be applied by substituting for "compensation of the participant from the

employer" the following: "the participant's earned income (within the meaning of Section 17502.2 but determined without regard to any exclusion under Section 911 of the Internal Revenue Code of 1954)."

(4) (A) In the case of amounts contributed for an annuity contract described in Section 17512 for the year in which occurs a participant's separation from the service with an educational institution, a hospital, or a home health service agency, at the election of the participant there is substituted for the amount specified in paragraph (1) (B) the amount of the exclusion allowance which would be determined under Section 17512 (without regard to this section) for the participant's taxable year in which such separation occurs if the participant's years of service were computed only by taking into account his service for the employer during the period of years (not exceeding 10) ending on the date of such separation.

(B) In the case of amounts contributed for an annuity contract described in Section 17512 for any year in the case of a participant who is an employee of an educational institution, a hospital, or a home health service agency, at the election of the participant there is substituted for the amount specified in paragraph (1) (B) the least of—

(i) Twenty-five percent of the participant's includible compensation (as defined in Section 17512) plus four thousand dollars ($4,000),

(ii) The amount of the exclusion allowance determined for the year under Section 17512, or

(iii) Fifteen thousand dollars ($15,000).

(C) In the case of amounts contributed for an annuity contract described in Section 17512 for any year for a participant who is an employee of an educational institution, a hospital, or a home health service agency, at the election of the participant the provisions of Section 17512(a) (2) shall not apply.

(D) (i) The provisions of this paragraph apply only if the participant elects its application at the time and in the manner provided under regulations prescribed by the Franchise Tax Board. Not more than one election may be made under subparagraph (A) by any participant. A participant who elects to have the provisions of subparagraph (A), (B), or (C) of this paragraph apply to him may not elect to have any other subparagraph of this paragraph apply to him. Any election made under this paragraph is irrevocable.

(ii) For purposes of this paragraph the term "educational institution" means an educational institution as defined in Section 151(e) (4) of the Internal Revenue Code of 1954.

(iii) For purposes of this paragraph the term "home health service agency" means an organization described in subsection 501(c) (3) of the Internal Revenue Code of 1954 which is exempt from tax under Section 501(a) of the Internal Revenue Code of 1954 and which has been determined by the Secretary of Health, Education, and Welfare

to be a home health agency (as defined in Section 1861(o) of the Social Security Act).

(5) In the case of a plan which provides contributions or benefits for employees some or all of whom are employees within the meaning of Section 17502.2(a), the amount determined under paragraph (1)(B) with respect to any participant shall not be less than the amount deductible under Section 17524 with respect to any individual who is an employee within the meaning of Section 17502.2(a).

(6) Paragraph (1)(B) shall not apply to a contribution described in Section 17502.4 which is made on behalf of a participant for a year to a plan which benefits an owner-employee (within the meaning of Section 17502.2(c)), if—

(A) The annual addition determined under this section with respect to the participant for such year consists solely of such contribution, and

(B) The participant is not an active participant at any time during such year in a defined benefit plan maintained by the employer.

For purposes of this section and Section 17502.4, in the case of a plan which provides contributions or benefits for employees who are not owner-employees, such plan will not be treated as failing to satisfy Section 17501(d) merely because contributions made on behalf of employees who are not owner-employees are not permitted to exceed the limitations of paragraph (1)(B).

(d) (1) The Franchise Tax Board shall adjust annually—

(A) The amount in subdivision (b)(1)(A),

(B) The amount in subdivision (c)(1)(A), and

(C) In the case of a participant who is separated from service, the amount taken into account under subdivision (b)(1)(B), for increases in the cost of living in accordance with regulations prescribed by the Franchise Tax Board. Such regulations shall provide for adjustment procedures which are similar to the procedures used to adjust primary insurance amounts under Section 215(i)(2)(A) of the Social Security Act.

(2) The base period taken into account—

(A) For purposes of subparagraphs (A) and (B) of paragraph (1) is the calendar quarter beginning October 1, 1974, and

(B) For purposes of subparagraph (C) of paragraph (1) is the last calendar quarter of the calendar year before the calendar year in which the participant is separated from service.

(e) (1) In any case in which an individual is a participant in both a defined benefit plan and a defined contribution plan maintained by the same employer, the sum of the defined benefit plan fraction and the defined contribution plan fraction for any year may not exceed 1.4.

(2) For purposes of this subdivision, the defined benefit plan fraction for any year is a fraction—

(A) The numerator of which is the projected annual benefit of the participant under the plan (determined as of the close of the year),

and

(B) The denominator of which is the projected annual benefit of the participant under the plan (determined as of the close of the year) if the plan provided the maximum benefit allowable under subsection (b).

(3) Defined contribution plan fraction. For purposes of this subdivision, the defined contribution plan fraction for any year is a fraction—

(A) The numerator of which is the sum of the annual additions to the participant's account as of the close of the year, and

(B) The denominator of which is the sum of the maximum amount of annual additions to such account which could have been made under subdivision (c) for such year and for each prior year of service with the employer.

(4) In applying paragraph (3) with respect to years beginning before January 1, 1976—

(A) The aggregate amount taken into account under paragraph (3) (A) may not exceed the aggregate amount taken into account under paragraph (3) (B), and

(B) The amount taken into account under subdivision (c) (2) (B) (i) for any year concerned is an amount equal to—

(i) The excess of the aggregate amount of employee contributions for all years beginning before January 1, 1976, during which the employee was an active participant of the plan, over 10 percent of the employee's aggregate compensation for all such years, multiplied by

(ii) A fraction the numerator of which is 1 and the denominator of which is the number of years beginning before January 1, 1976, during which the employee was an active participant in the plan. Employee contributions made on or after October 2, 1973, shall be taken into account under subparagraph (B) of the preceding sentence only to the extent that the amount of such contributions does not exceed the maximum amount of contributions permissible under the plan as in effect on October 2, 1973.

(5) For purposes of this subdivision, any annuity contract described in Section 17512 (except in the case of a participant who has elected under subdivision (c) (4) (D) to have the provisions of subdivision (c) (4) (C) apply), any individual retirement account described in Section 17530(a), any individual retirement annuity described in Section 17530(b), and any retirement bond described in Section 17530.1, for the benefit of a participant shall be treated as a defined contribution plan maintained by each employer with respect to which the participant has the control required under subdivision (b) or (c) of Section 414 of the Internal Revenue Code of 1954 as amended by the Employee Retirement Income Security Act of 1974 (P.L. 93-406) (as modified by subdivision (h)). In the case of any annuity contract described in Section 17512, the amount of the contribution disqualified by reason of subdivision (g) shall reduce the exclusion allowance as provided in Section 17512.

(f) (1) For purposes of applying the limitations of subdivisions (b), (c), and (e)—

(A) All defined benefit plans (whether or not terminated) of an employer are to be treated as one defined benefit plan, and

(B) All defined contribution plans (whether or not terminated) of an employer are to be treated as one defined contribution plan.

(2) If the employer has more than one defined benefit plan—

(A) Subdivision (b) (1) (B) shall be applied separately with respect to each such plan, but

(B) In applying (b) (1) (B) to the aggregate of such defined benefit plans for purposes of this subdivision, the high three years of compensation taken into account shall be the period of consecutive calendar years (not more than three) during which the individual had the greatest aggregate compensation from the employer.

(g) The Franchise Tax Board, in applying the provisions of this section to benefits or contributions under more than one plan maintained by the same employer, and to any trusts, contracts, accounts, or bonds referred to in subdivision (a) (2), with respect to which the participant has the control required under Section 414(b) or (c) of the Internal Revenue Code of 1954 as amended by the Employee Retirement Income Security Act of 1974 (P.L. 93-406), as modified by subdivision (h), shall, under regulations prescribed by the Franchise Tax Board, disqualify one or more trusts, plans, contracts, accounts, or bonds, or any combination thereof until such benefits or contributions do not exceed the limitations contained in this section. In addition to taking into account such other factors as may be necessary to carry out the purposes of subdivisions (e) and (f), the regulations prescribed under this paragraph shall provide that no plan which has been terminated shall be disqualified until all other trusts, plans, contracts, accounts, or bonds have been disqualified.

(h) For purposes of applying subdivisions (b) and (c) of Section 414 of the Internal Revenue Code of 1954 as amended by the Employee Retirement Income Security Act of 1974 (P.L. 93-406) to this section, the phrase "more than 50 percent" shall be substituted for the phrase "at least 80 percent" each place it appears in Section 1563(a) (1) of the Internal Revenue Code of 1954 as amended by the Employee Retirement Income Security Act of 1974 (P.L. 93-406).

(i) Where for the period before January 1, 1976, or (if later) the first day of the first plan year of the plan, the records necessary for the application of this section are not available, the Franchise Tax Board may by regulations prescribe alternative methods for determining the amounts to be taken into account for such period.

(j) The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section, including, but not limited to, regulations defining the term "year" for purposes of any provision of this section.

(k) For purposes of this article, the term "defined contribution plan" or "defined benefit plan" means a defined contribution plan

(within the meaning of Section 414(i) of the Internal Revenue Code of 1954 as amended by the Employee Retirement Income Security Act of 1974 (P.L. 93-406)) or a defined benefit plan (within the meaning of Section 414(j) of the Internal Revenue Code of 1954 as amended by the Employee Retirement Income Security Act of 1974 (P.L. 93-406)), whichever applies, which is—

(A) A plan described in Section 17501 which includes a trust which is exempt from tax under Section 17631,

(B) An annuity plan described in Section 17511,

(C) A qualified bond purchase plan described in Section 17526,

(D) An annuity contract described in Section 17512,

(E) An individual retirement account described in Section 17530(a),

(F) An individual retirement annuity described in Section 17530(b), or

(G) An individual retirement bond described in Section 17530.1.

SEC. 3. Section 19057.5 is added to the Revenue and Taxation Code, to read:

19057.5. No interest shall be allowed or paid with respect to a claim for credit or refund based upon an overpayment which is the result of federal law, including treaties, which reduces taxes for taxable years prior to the enactment date of the federal law or the approval date of the treaty.

SEC. 4. Section 26080.7 is added to the Revenue and Taxation Code, to read:

26080.7. No interest shall be allowed or paid with respect to a claim for credit or refund based upon an overpayment which is the result of federal law, including treaties, which reduces taxes for income years prior to the enactment date of the federal law or the approval date of the treaty.

SEC. 5. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, Sections 1 and 2 of this act shall be applied in the computation of taxes for taxable years beginning on January 1, 1976, and thereafter and Section 3 of this act shall apply to refunds or credits after January 1, 1978.

CHAPTER 781

An act to amend Sections 18120, 18128, 18135, and 18142 of the Government Code, relating to state employees.

[Approved by Governor September 15, 1978. Filed with Secretary of State September 18, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 18120 of the Government Code is amended to read:

18120. This chapter applies to state officers and employees who are members of the Public Employees' Retirement System or the State Teachers' Retirement System in compensated employment on and after the effective date of this chapter and to state officers and employees, whether or not members of such systems, who are employees of the Legislature and are not members of the civil service.

This chapter does not apply to state officers and employees who are included in the provisions of Article 6 (commencing with Section 4800) of Chapter 2 of Part 2 of Division 4 of the Labor Code.

SEC. 2. Section 18128 of the Government Code is amended to read:

18128. The State Personnel Board shall adopt any rules and regulations necessary for the administration of this chapter. The Trustees of the California State University and Colleges shall adopt any rules and regulations necessary for the administration of this chapter for employees of the California State University and Colleges.

The appointing power of any officer or employee not a member of the civil service shall adopt any rules and regulations necessary for the administration of this chapter for such officers or employees.

SEC. 3. Section 18135 of the Government Code is amended to read:

18135. As used in this chapter:

(a) "Employee" means a permanent or probationary full-time state officer or employee who is a member of the Public Employees' Retirement System or the State Teachers' Retirement System in compensated employment on and after the effective date of this chapter. Commencing January 1, 1979, it also means a full-time state officer or employee, whether or not a member of one of those retirement systems, who is an employee of the Legislature and is not a member of the civil service.

(b) "Full pay" means the gross base salary earnable by the employee, and subject to retirement contribution on the date of the commencement of his disability.

(c) "Disability" or "disabled" includes both mental or physical illness and mental or physical injury, and to the extent specified in Section 18135.5, pregnancy. An employee is deemed disabled on any day in which, because of his physical or mental condition, he is unable to perform his regular or customary work.

(d) "Disability benefit period", with respect to any individual, means the continuous period of disability beginning with the first day with respect to which the individual files a valid claim for nonindustrial disability benefits. For the purposes of this chapter, two consecutive periods of disability due to the same or related cause

or condition and separated by a period of not more than 14 days shall be considered as one disability benefit period.

(e) "Department" means the Employment Development Department.

(f) "Director" means the Director of Employment Development.

(g) "Appeals board" means the California Unemployment Insurance Appeals Board.

SEC. 4. Section 18142 of the Government Code is amended to read:

18142. The State Personnel Board shall adopt any rules and regulations necessary for the administration of this chapter. The Trustees of the California State University and Colleges shall adopt any rules and regulations necessary for the administration of this chapter for employees of the California State University and Colleges.

The appointing power of any officer or employee of the Legislature, who is not a member of the civil service, shall adopt any rules and regulations necessary for the administration of this chapter for such officers or employees.

SEC. 5. The Legislature is aware that there is litigation pending concerning the applicability of subdivision (a) of Section 18135 of the Government Code to certain employees exempt from civil service and declares its intention that the provisions of this act shall not be interpreted as changing the applicability of such provision of Section 18135, other than with regard to legislative employees, as specified, and considers a judicial interpretation of such provision with regard to other employees exempt from civil service to be appropriate.

CHAPTER 782

An act relating to the state park system, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 15, 1978. Filed with Secretary of State September 18, 1978.]

The people of the State of California do enact as follows:

SECTION 1. The sum of two million five hundred thousand dollars ($2,500,000) is hereby appropriated from the Collier Park Preservation Fund to the Department of Parks and Recreation for acquisition of Malibu Beach and adjoining pier for the state park system; provided, that no funds may be encumbered by the State Public Works Board until the State Lands Commission certifies that the seller of any interest in Malibu Beach and Malibu Pier has fulfilled all obligations due the state for the utilization of the tide and submerged lands adjacent to Malibu Beach. Such obligations include,

but are not limited to, payment of current and accrued rent and transfer of the pier to the state in a condition of good sound repair satisfactory to the State Lands Commission at the time of transfer of title thereto. The seller shall have prepared, at his own expense, a structural safety report on the Malibu Pier which is satisfactory to the State Lands Commission and shall be liable for the improvements necessary to bring the Malibu Pier into a condition of good sound repair. Thereafter, with respect to improvements that were not subject to the requirements of the State Lands Commission regarding transfer of the Malibu Pier in a condition of good sound repair and with respect to further rehabilitation or replacement of all or part of the pier and related facilities, the Wildlife Conservation Board shall make any such improvements or perform any such rehabilitation or replacement work it deems necessary for the public health, safety, or welfare. The Wildlife Conservation Board shall cooperate with the County of Los Angeles in discharging its responsibilities pursuant to this section.

SEC. 2. None of the funds appropriated by this act may be encumbered for the purchase of real property until the State Public Works Board has determined that the procedures and criteria established by the Attorney General relating to implied dedication and public prescriptive rights or claims have been complied with in the investigations and appraisals of the Department of General Services. All material relating to implied dedication and public prescriptive rights or claims shall be retained in the files of the Department of General Services and shall be available for postaudit on a selective basis by the Attorney General. In addition, none of the funds appropriated by this act may be encumbered by the State Public Works Board unless and until the Department of Parks and Recreation enters into an agreement with the County of Los Angeles, pursuant to Section 5007 of the Public Resources Code, for the care, maintenance, and control of all of the lands to be acquired with funds appropriated by this act.

SEC. 3. The acquisitions authorized by this act shall be made pursuant to the Property Acquisition Law (commencing with Section 15850 of the Government Code).

SEC. 4. The Legislature finds and declares as follows:

Malibu Beach is one of the most popular and heavily used beaches anywhere. The owner of approximately 650 feet of beach adjacent to the Malibu Pier has offered to sell to the state this beach property and adjacent pier at what he believes is significantly below fair market value, thereby making a partial gift to the state.

The Malibu Pier is an historical landmark and is the only pier owned by a willing seller between Pt. Hueneme and Santa Monica, a stretch of about 50 miles of beach that adjoins the most heavily populated portion of the state.

Members of the public are currently welcome on this property as customers of the business operation.

This is the last large piece of undeveloped beach property in this

portion of Malibu.

The Malibu unincorporated area is comprised of 27 miles of beach coastline; 21 miles of the beach lands are privately owned and only six miles are publicly owned.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Inasmuch as this act provides for the acquisition of 650 feet of exceptionally valuable beach frontage and other lands that are greatly needed for the state park system, it is necessary that this act take effect immediately.

CHAPTER 783

An act to amend Section 1260 of the Education Code, and to add Section 26914 to the Government Code, relating to county educational agencies, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 15, 1978. Filed with Secretary of State September 18, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 1260 of the Education Code is amended to read:

1260. The county superintendent of schools, with the approval of the county board of education, may:

(a) Conduct studies through research and investigation as are determined by the county board to be required in connection with the future management, conditions, needs, and financial support of the schools within the county; or join with one or more school district or community college district governing boards in the conduct of such studies.

(b) Install and maintain exhibits of educational programs and activities of the school districts and community college districts within the county at any county fair or at any agricultural district fair.

(c) Inform and make known to the citizens of the county, the educational programs and activities of the school districts or community college districts within his jurisdiction.

(d) Subscribe for membership in any society, association, or organization which has for its purpose the promotion and advancement of public or private education, subject to the same restrictions as are imposed by Section 35173 and Section 72631 on governing boards of school districts or community college districts respecting such subscriptions.

(e) Provide inservice programs and coordinative services for any

school or community college district governing board or governing board association in the territory under the jurisdiction of the county superintendent of schools.

SEC. 2. For the purposes of paragraph (1) of subdivision (b) of Section 6 of Chapter 292 of the Statutes of 1978, as amended by Chapter 332 of the Statutes of 1978, the estimated revenue limit shall include programs operated pursuant to Section 2500.1 of the Education Code.

For the purposes of paragraph (2) of subdivision (b) of Section 6 of Chapter 292 of the Statutes of 1978, as amended by Chapter 332 of the Statutes of 1978, revenues received in the 1977–78 fiscal year shall include those revenues which would have been received pursuant to Sections 2506.7, 42649, and 85265.5 of the Education Code, had the prescribed tax rates actually been levied and if the county board of education would have been authorized to levy the tax in fiscal year 1978–79 under the law in effect on June 5, 1978.

In any county in which the county superintendent of schools became fiscally independent on or after June 30, 1977, the amount determined pursuant to paragraph (2) of subdivision (b) of Section 6 of Chapter 292 of the Statutes of 1978, as amended by Chapter 332 of the Statutes of 1978, shall be increased by the amount which would have been raised if the county superintendent had in fact derived revenue from the unsecured roll in the 1977–78 fiscal year based on the county superintendent's tax rate on the secured roll in that year.

SEC. 3. Section 26914 is added to the Government Code, to read:

26914. Notwithstanding the provisions of Section 26912, in any county in which the county superintendent of schools became fiscally independent on or after June 30, 1977, the apportionment of the revenue derived from the unsecured roll by applying the county ad valorem tax rate provided pursuant to subdivision (b) of Section 2237 of the Revenue and Taxation Code shall be made as if the county superintendent of schools had in fact derived revenue from the unsecured roll in the 1977–78 fiscal year based on the county superintendent's tax rate on the secured roll in that year. The factors determined pursuant to subdivision (b) of Section 26912 shall be adjusted accordingly and there shall be added to the total amount of property tax revenue received by the county superintendent of schools in the 1977–78 fiscal year an amount equal to the amount of such revenue from the unsecured roll.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that various provisions of this act which are designed to further revise formulas for calculating state school financial aid in accordance with the mandates of Proposition 13 may be effective for the 1978–79 fiscal year, it is essential that this act take effect immediately.

CHAPTER 784

An act to amend Section 14040 of, to add Sections 14003, 14040.1, 14040.2, and 14040.3 to, and to add Article 3.5 (commencing with Section 14050) and Article 3.6 (commencing with Section 14055) to Chapter 1 of Division 7.5 of, the Water Code, and to repeal Chapter 785 of the Statutes of 1977, relating to liquid waste, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 15, 1978. Filed with Secretary of State September 18, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 14003 is added to the Water Code, to read:

14003. "Hazardous waste disposal site" means a disposal site as defined in Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code.

SEC. 1.5. Section 14040 of the Water Code is amended to read:

14040. (a) Each regional board shall approve sites suitable for the disposal of different kinds of liquid wastes, consistent with the classifications that shall be adopted by the state board, and may adopt regulations for disposal of liquid waste at such approved sites that it deems are necessary for the protection of the quality of the waters of the state.

(b) Every owner or operator of a liquid waste disposal site, or hazardous waste disposal site, shall, within 180 days after receiving notice from the appropriate regional board, submit a report to that regional board which addresses the following:

(1) The physical characteristics of the disposal site, including location, geography, climate, site construction, and hydrogeology.

(2) The mechanisms employed to control leachate and runoff from the disposal site.

(3) An estimate of the remaining useful site life.

(4) A discussion and evaluation of alternative methods of site closure and subsequent maintenance, and a recommendation regarding the most practicable method of closure and maintenance which will pose no adverse threat to the environment.

(5) The estimated cost for alternative methods of site closure and for subsequent maintenance of the site, and a detailed financial plan which adequately provides for the financing of the recommended method of site closure and maintenance.

(6) Such other relevant information which the regional board may request.

If any information required by a report has been previously furnished to any state agency, such information may be incorporated by reference.

A regional board shall require such a report only when it

determines that the report, indicating methods of closure and subsequent maintenance, is necessary to prevent an adverse threat to the environment.

(c) Before determining the acceptability of a report, the regional board shall consult with the State Solid Waste Management Board and the State Department of Health Services as to whether the recommended method of site closure and subsequent maintenance will pose an adverse threat to the environment.

(d) Upon submission of an acceptable report, and annually thereafter, the regional board shall require the owner or operator to provide assurances that moneys are available in an amount estimated by the regional board to be sufficient to ensure the closure and subsequent maintenance of the disposal site in a manner that will pose no adverse threat to the environment.

SEC. 2. Section 14040.1 is added to the Water Code, to read:

14040.1. If the owner or operator fails to submit a report acceptable to the regional board or otherwise fails to comply with the requirements of Section 14040, the regional board may order that the owner or operator of a liquid waste disposal site, or hazardous waste disposal site, comply with one of the following provisions:

(a) Post a bond, in favor of the state, guaranteeing payment to the state of an amount estimated by the regional board to be sufficient to ensure the closure and subsequent maintenance of the disposal site in a manner that will pose no adverse threat to the environment. Such bond may be waived or released when the regional board finds that there is sufficient security to otherwise ensure compliance with this section.

(b) Establish and maintain a monetary reserve fund in an amount estimated by the regional board to be sufficient to ensure the closure and subsequent maintenance of the disposal site in a manner that will pose no adverse threat to the environment.

(c) Comply with other procedures that the regional board determines will ensure that monies are available in an amount estimated by the regional board to be sufficient to ensure the closure and subsequent maintenance of the disposal site in a manner that will pose no adverse threat to the environment.

SEC. 3. Section 14040.2 is added to the Water Code, to read:

14040.2. (a) Any fund established pursuant to subdivision (b) of Section 14040.1 shall be used solely for expenses of closure and subsequent maintenance of the site, except that the regional board may authorize an owner or operator of a liquid waste disposal site, or hazardous waste disposal site, to make use of the fund in a manner set forth by regulation, when the owner or operator requests use of the fund for an emergency purpose consistent with this chapter. The fund shall be reestablished to the amount held prior to emergency use of the fund, within six months from the date that monies are withdrawn, or within a time specified by the regional board.

(b) The appropriate regional board shall be notified in writing of any change in the owner or other person responsible for site closure

and subsequent maintenance of a liquid waste disposal site, or hazardous waste disposal site. This notification shall include adequate assurance that the new owner or operator will close and maintain the disposal site in a manner that will pose no adverse threat to the environment. If a fund has been established pursuant to subdivision (b) of Section 14040.1 for closure and subsequent maintenance of a disposal site, any new owner or operator must establish a similar fund or have the original fund transferred to him.

SEC. 4. Section 14040.3 is added to the Water Code, to read:

14040.3. Regional water quality control boards may issue waste discharge requirements or other orders pursuant to the provisions of Division 7 (commencing with Section 13000) which incorporate the requirements set forth in Section 14040 or 14040.1.

SEC. 5. Article 3.5 (commencing with Section 14050) is added to Chapter 1 of Division 7.5 of the Water Code, to read:

Article 3.5. State Board Review

14050. (a) To ensure statewide uniformity, the state board shall formulate, adopt, and revise general procedures for use by the regional boards in making determinations pursuant to Article 3 (commencing with Section 14040) of this chapter.

(b) Any action or failure to act by a regional board under this division may be reviewed by the state board pursuant to Article 2 (commencing with Section 13320) of Chapter 5 of Division 7, and is subject to the provisions of Division 7 (commencing with Section 13000) insofar as they may be applicable, including, but not limited to, Chapter 5 (commencing with Section 13300) of such division.

SEC. 5.5. Article 3.6 (commencing with Section 14055) is added to Chapter 1 of Division 7.5 of the Water Code, to read:

Article 3.6. Site Closure and Maintenance Revolving Account

14055. Charges collected under the provisions of this article shall be deposited in the Site Closure and Maintenance Revolving Account, which account is hereby created in the State Water Quality Control Fund. As used in this article, "account" means the Site Closure and Maintenance Revolving Account. All moneys paid into the account are appropriated without regard to fiscal years, for expenditure by the state board in accordance with the provisions of this article.

14055.1. The charges directed to be levied by this article are necessary to provide a means to insure the adequate closure and subsequent maintenance of liquid waste disposal sites or hazardous waste disposal sites which pose an adverse threat to the environment and for which adequate closure and subsequent maintenance are not provided by other provisions of this chapter. The Legislature hereby finds and declares that without adequate closure of liquid and hazardous waste disposal sites which have served their useful lives,

conditions of public nuisance could exist. The Legislature further finds that prevention of such conditions cannot be effectively provided for pursuant to other regulatory authority exercised under this division since continuing discharges are not usually involved and since owners or operators of such sites may not be readily required to abate the conditions since the sites are often of minimal value after serving their useful lives. The Legislature further finds and declares that it is imperative in order to prevent conditions of pollution and nuisance, that expenditures of funds to assure adequate closure and subsequent maintenance of sites be made, that such expenditures are for a public purpose, and that the cost of carrying out such closures maintenance be charged to the state's owners and operators of liquid and hazardous waste disposal sites to the extent that other provisions of this chapter do not apply.

14055.2. (a) The proceeds of the charges levied, assessed, and collected pursuant to this article upon the properties of every person operating or owning an interest in any liquid waste disposal site or hazardous waste disposal site shall be used exclusively for the closure and maintenance of those sites that pose an adverse threat to the environment in which adequate closure and subsequent maintenance are not provided by other provisions of this chapter and for the state board and regional board costs incurred in administering the provisions of this chapter.

(b) Owners and operators of liquid waste disposal sites or hazardous waste disposal sites shall be charged assessments sufficient to assure that the account is maintained at the level not to exceed five hundred thousand dollars ($500,000), plus any amounts recovered through lien foreclosure proceedings in accordance with Section 14055.7, provided that total assessments shall not exceed two hundred fifty thousand dollars ($250,000) in any one given year. Such charges shall be computed at rates determined by the state board based on classification of the sites and the amount of liquid or hazardous waste disposed of at the sites during the preceding calendar year. The charge levied upon each site shall be apportioned among the persons owning or operating the site in fractional amounts proportionate to their respective fractional interests in such site, but the whole of such charge shall be payable by the operator.

14055.4. (a) The state board shall, from time to time, review the status of the account to determine whether the amount of money therein is adequate to carry out the provisions of this chapter. Charges shall be levied only to the extent necessary to ensure that adequate money is available in the account.

(b) The State Treasurer, when requested by the state board and approved by the Director of Finance, shall transfer moneys in the nature of a loan from the State Water Quality Control Fund to the account created pursuant to Section 14055, which shall be repayable from the account to the State Water Quality Control Fund.

14055.5. Between the first of March and the 15th of June in each year, the state board shall assess and levy the charges as provided in

this article. The assessment shall be made against the person operating the site subject to the assessment on the first Monday in March, except that where the actual operation of any site has changed hands during the period for which the charge is imposed, the charge shall be apportioned to each operator upon the amount of waste disposed of at the site during the period.

14055.6. The charges levied and assessed under this article are due and payable on the first of July in each year. One-half thereof shall be delinquent if not paid on or before August 15th of each year, and if paid thereafter, 15 percent shall be added to the amount thereof. Unless paid on or before the first of February, next thereafter, an additional 5 percent shall be added to the amount thereof.

The remaining one-half of the charges shall be delinquent if not paid on or before the first of February next succeeding the day upon which they became due and payable. If not paid prior thereto, 5 percent shall be added to the amount thereof.

14055.7. The assessments and charges levied under this article and expenditures from the account to close or maintain a site (to the extent and in the amount expenditures exceed charges collected) shall constitute a lien upon the site so posted upon the recordation of a notice of lien, particularly describing the property on which the assessments and charges have not been paid or on which closure or maintenance took place, the amount of such lien, and naming the owner of record of such property, in the office of the county recorder, of the county in which the property is located. Such lien shall be immediately recorded after expenditures have been made or after the first of February next succeeding the day upon which assessments and charges become due and payable. Upon such recordation, the lien shall have the same force, effect, and priority as if it had been a judgment lien imposed upon real property which was not exempt from execution except that it shall attach only to the property so posted and described in such notice of lien. It shall continue for 10 years from the time of the recording of such notice unless sooner released or otherwise discharged. Such lien may be foreclosed by an action brought by the state board on behalf of the regional board, for a money judgment. Money recovered by a judgment in favor of the state board shall be returned to the account.

14055.8. Expenditures shall be made only after a determination by a regional board, the State Solid Waste Management Board, or the Department of Health Services that a site poses an adverse threat to the environment and only after the owner or operator has been given notice to the proposed expenditure and an opportunity to object thereto. All expenditures shall be made by the state board, subject to the approval of the Director of Finance.

SEC. 5.6. Chapter 785 of the Statutes of 1977 is repealed.

SEC. 6. The sum of three hundred seventy thousand dollars ($370,000) is hereby appropriated from the General Fund to the Site Closure and Maintenance Revolving Account.

All funds appropriated by this section shall be expended solely for the purpose of abating threatened conditions of nuisance and pollution caused by the Stringfellow Quarry Class I Hazardous Waste Disposal Site. However, any sum which has been appropriated pursuant to this section, but which is not expended for abatement shall remain in the Site Closure and Maintenance Revolving Account and shall be expended solely for the purpose of maintaining and monitoring the site to prevent future recurrence of the condition of threatened nuisance or pollution.

SEC. 7. The State Water Resources Control Board may perform any act necessary to implement the provisions of this act.

SEC. 8. The Legislature hereby finds and declares that a general statute, within the meaning of Section 16 of Article IV of the Constitution, cannot be made applicable to the unique problems that this act is intended to remedy, and that, therefore, this special statute is necessary.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The State of California has a responsibility to abate the threatened conditions of pollution and nuisance caused by the Stringfellow Quarry Class I Hazardous Waste Disposal Site as soon as possible in order to protect the health and safety of the people. Therefore, it is necessary that this act take effect immediately.

CHAPTER 785

An act to amend Section 20330 of, and to add Sections 20930.85 and 20930.86 to, the Government Code, relating to retirement, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 15, 1978 Filed with Secretary of State September 18, 1978.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that individuals employed pursuant to the Comprehensive Employment and Training Act of 1973, Public Law 93-203, as amended, be provided with the opportunity to obtain retirement credit for the time they were employed under this federal program when they become regular public employees. It is the further intent of the Legislature by this act to assist in the employment and training of the unemployed and to increase the number of dollars available to provide employment of individuals under this federal legislation and to increase the disposable income of those individuals who are so employed. Since alternative programs to provide employees serving

in job classes providing eligibility for patrol or safety membership with equivalent disability benefits as required under federal regulations would be more costly than Public Employees' Retirement System membership, and since the federal government therefore allows the utilization of Comprehensive Employment and Training Act funds for payment of retirement benefits of these employees, it is the intent of the Legislature by this act to exempt such employees from the exclusion provided for in this act.

SEC. 2. Section 20330 of the Government Code, as amended by Chapter 385 of the Statutes of 1978, is amended to read:

20330. The following persons are excluded from membership in this system:

(a) Inmates of state or public agency institutions who are allowed compensation for such service as they are able to perform.

(b) Independent contractors who are not employees.

(c) Persons employed as student assistants in the state colleges or the university and persons employed as student aids in the special schools of the State Department of Education and in the public schools of the state.

(d) Blind persons and other physically handicapped persons employed by the California Industries for the Blind.

(e) Participants, other than staff officers and employees, in the California Conservation Corps.

(f) Persons employed as participants in a program of, and whose wages are paid in whole or in part by federal funds in accordance with, the Comprehensive Employment and Training Act of 1973, Public Law 93-203, as amended.

This subdivision does not apply with respect to persons employed in job classes which provide eligibility for patrol or safety membership, or to the career staff employees of an employer.

SEC. 3. Section 20930.85 is added to the Government Code, to read:

20930.85. "Public service" for purposes of this article also means employment under a program sponsored by, and financed at least in part by, the Comprehensive Employment and Training Act of 1973, as amended.

If federal funds are available to pay the employer's contributions required under this section, employees who transition within 31 days from a position in which they are excluded from membership pursuant to subdivision (f) of Section 20330 into a position with an employer in which membership is not excluded shall receive credit for that excluded service and the following requirements shall be met:

(a) Pursuant to board regulations, the member shall remit to the Public Employees' Retirement System the contributions, without interest, the member would have made had the member not been excluded.

(b) The employer for which the excluded service was performed shall remit to the Public Employees' Retirement System the

contributions, without interest, that would have been made had the member not been excluded.

(c) Such service credit shall be a charge against the employer for which the excluded service was performed.

SEC. 4. Section 20930.86 is added to the Government Code, to read:

20930.86. "Public service" for purposes of this article also means employment under a program sponsored by, and financed at least in part by, the Comprehensive Employment and Training Act of 1973, as amended, which was not credited under Section 20930.85.

Notwithstanding any other provision of law, a member electing to receive credit for public service under this section shall contribute in a lump sum, or by installment payments over such period and subject to such minimum payments as may be prescribed by regulation, an amount equal to the contributions which both the employee and the employer would have been required to make had the employee been a member during such period of service, assuming the rate of compensation in effect at the beginning of the employee's first period of service in membership subsequent to such service, and contribution rates applicable to such public service on the date of election, plus interest on such contributions from the first date of membership subsequent to such service until the date of completion of payments at the annual interest rate in effect on the date of election.

Benefits arising from service credited to a member under this section shall become a liability of the employer for which such service was rendered.

SEC. 5. This act shall become operative October 1, 1978, except with respect to participants whose pay period includes that date, in which case, it shall become operative on the first day of the next following pay period with respect to such participants, or the first day of the month or pay period following the date when federal funds received under the federal act cannot actually be used for payment of employer contributions, whichever is later. The legislative analyst, upon request of more than five cities, shall make a ministerial determination as to whether it is, as a practical matter, possible for local agencies to use federal funds for payment of employer contributions for employees hired pursuant to the federal act.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that federal funds available for emergency job assistance be used to create the greatest number of jobs, this act must take effect immediately.

CHAPTER 786

[Approved by Governor September 15, 1978. Filed with Secretary of State September 18, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 1237, as added to the Financial Code by Chapter 394 of the Statutes of 1978, is amended to read:

1237. (a) Notwithstanding anything provided to the contrary in this division, the superintendent is empowered to prescribe such rules and regulations as will permit a bank, upon the security of residential property, to make loans and advance credit thereon, upon the execution by the borrower of mortgage payment instruments not authorized under the existing law, provided such instruments have prior approval of the superintendent, and the aggregate at any one time of the outstanding loans by a bank evidenced by such mortgage payment instruments, does not exceed 10 percent of the bank's assets.

(b) The rules and regulations of the superintendent shall be designed to permit limited experimentation to furnish valuable experience and information to the superintendent, the banking industry, and to the public relating to the substance of any permanent regulations or laws which may be forthcoming and to permit banks to operate selected pilot projects on a limited basis. The pilot projects and effective period of the regulations shall not exceed five years from the date of the issuance of such regulations and shall place a high priority on the protection for the consumer and encouraging integration and home ownership of those persons who have previously been excluded from or failed to avail themselves of home ownership. Such regulations, among other things, shall contain provisions relating to the various types of instruments for experimentation, including, but not limited to, forms of graduated payment mortgages, reverse annuity mortgages, flexible payment and flexible rate mortgages and combinations of such mortgages, with the further provision that such alternative mortgage instruments shall be limited in number, simple and comprehensible, and provide adequate opportunities and protections to those persons and classes of persons who have previously not been able to participate in home ownership. The regulations shall also contain a provision requiring that full disclosure be made to potential applicants, among other things, of, the nature and effect of the alternative mortgage payment instrument, the payment due each month of the payment term, and all costs or savings attributed to the alternative mortgage instrument.

(c) A bank offering any loan authorized by this section shall also offer any borrower who qualifies for its standard mortgage loan a choice of a standard mortgage loan at current market terms. A standard mortgage loan means a standard fixed-rate, level-payment mortgage loan.

(d) A report shall be submitted by the superintendent to the Legislature annually on the 15th day of February of each year commencing the second year following the effective date of this legislation, and the report shall include the numbers and types of

such mortgage instruments, and the impact of such instruments on minorities, women, young families, low- and middle-income families, and elderly persons.

(e) This section shall remain in effect until January 1, 1984, and on such date is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into effect immediately. The facts constituting such necessity are:

Any plan developed for the razing, renovation, or construction of any facility from appropriations contained in this act shall not be adopted or implemented by the Department of Corrections until such proposal is submitted for review by the Legislature, in addition to annual state budget hearings, and enacted into law.

The Legislature declares that greater use be made of the authority granted in Chapter 9.5 (commencing with Section 6250) of Title 7 of Part 3 of the Penal Code to place inmates in community facilities.

Funding for the state-run blood-alcohol laboratory program will expire December 31, 1978. This bill provides a source of funding for this program without which the laboratories must close. If these laboratories are not operational, there will be a significant reduction in the ability to enforce laws against drunk drivers, and we can expect a rise in deaths and injury caused by drunk drivers. A measure to fund these laboratories must be passed this session to insure that the laboratories continue to provide blood-alcohol lab analyses.

SEC. 3. All funds appropriated by Section 12 of Chapter 1349 of the Statutes of 1976 for the improvement of railroad tracks pursuant to paragraph (2) of subdivision (c) of the section that are unencumbered as of July 1, 1978, are hereby reappropriated to the Department of Transportation to enter into an agreement with the National Railroad Passenger Corporation for (a) the improvement of the railroad tracks and passenger facilities, the installation of fencing and crossing protection devices, and the retiming of grade protection facilities on the line of railroad between Los Angeles and San Diego, and (b) the purchase of rights-of-way and the realignment of that portion of the line between San Juan Capistrano and San Clemente, so that trains may operate safely on the line at a speed of 110 miles per hour.

SEC. 4. CHAPTER 794

An act to amend Sections 2206.5, 2231, 2236, 2241, 2246, 2250, 2253, 2253.2, 2253.5, 2253.8, and 2255 of, to add Sections 2238, and 2255.1 to, the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 15, 1978. Filed with Secretary of State September 18, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 2206.5 of the Revenue and Taxation Code is amended to read:

2206.5. "Costs mandated by the voters" means any increased costs expressly mandated upon a local agency or school district after September 2, 1975, by any statute or any amendment to the State Constitution adopted or enacted pursuant to the approval of a statewide ballot measure by the voters. "Costs mandated by the voters" does not include costs which are specifically reimbursed or funded by the terms of such ballot measure.

SEC. 1.1. Section 2231 of the Revenue and Taxation Code is amended to read:

2231. (a) The state shall reimburse each local agency for all "costs mandated by the state", as defined in Section 2207. The state shall reimburse each school district only for those "costs mandated by the state" as defined in Section 2207.5.

(b) For the initial fiscal year during which such costs are incurred reimbursement funds shall be provided as follows: (1) any statute mandating such costs shall provide an appropriation therefor, and (2) any executive order mandating such costs shall be accompanied by a bill appropriating the funds therefor, or, alternatively, an appropriation for such funds shall be included in the Budget Bill for the next following fiscal year, and such executive order shall cite the appropriate Budget Bill item or other bill as the source from which the Controller may pay the claims of local agencies and school districts.

In subsequent fiscal years appropriations for such costs shall be included in the State Budget and in the Budget Bill. In addition, appropriations to reimburse local agencies and school districts for continuing costs resulting from chaptered bills or executive orders

for which claims have been awarded pursuant to subdivision (b), (c), or (d) of Section 2253 shall be included in the State Budget and in the Budget Bill subsequent to the enactment of the local government claims bill pursuant to Section 2255 which includes the amounts awarded relating to such chaptered bills or executive orders.

(c) The amount appropriated for such purposes shall be appropriated to the Controller for disbursement.

(d) The Controller shall disburse reimbursement funds to local agencies as follows:

(1) For the initial fiscal year during which such costs will be incurred, each local agency or school district to which the mandate is applicable shall submit to the Controller, within 45 days of the operative date of the mandate, a claim for payment of its estimated costs required by such mandate for the current fiscal year. If the local agency or school district does not submit such claim within the 45-day period, it may submit its claim for reimbursement for costs incurred in such initial fiscal year concurrent with its submission of the claim described in paragraph 2 of this subdivision without any imposition of a late penalty pursuant to Section 2237. The Controller shall pay such claims from the funds appropriated therefor, provided that he (i) may audit the records of any local agency or school district to verify the actual amount of the mandated costs, and (ii) may reduce any claim which he determines is excessive or unreasonable. The amendments to this paragraph during 1978 shall apply to all claims submitted on or after January 1, 1978.

(2) In subsequent fiscal years each local agency or school district shall submit such claims to the Controller by October 31. The Controller shall pay such claims from funds appropriated therefor, provided that he (i) may audit the records of any local agency or school district to verify the actual amount of the mandated costs, (ii) may reduce any claim, which he determines is excessive or unreasonable, and (iii) shall adjust the payment to correct for any underpayments or overpayments which occurred in the previous fiscal year.

SEC. 2. Section 2236 of the Revenue and Taxation Code is amended to read:

2236. In the event that the amount appropriated for reimbursement purposes pursuant to Section 2231 is not sufficient to pay all of the claims approved by the Controller, the Controller shall prorate claims in proportion to the dollar amount of approved claims timely filed and on hand at the time of proration. The Controller shall adjust prorated claims if supplementary funds are appropriated for this purpose.

In the event that the Controller finds it necessary to prorate claims as provided by this section, he shall immediately report such action to the Department of Finance and to the chairmen of the respective committees in each house of the Legislature which consider appropriations in order to assure appropration of such funds in the Budget Act. If such funds cannot be appropriated on a timely basis

in the Budget Act, the Controller shall transmit such information to the State Board of Control which shall include such amounts in its report to the Legislature pursuant to Section 2255 to assure that an appropriation sufficient to pay such claims is included in the local government claims bills or other appropriation bills. If the local government claims bills have been introduced in the Legislature, the Controller shall report directly to the chairmen of the respective fiscal committees to assure inclusion of a sufficient appropriation in such claims bills.

SEC. 3. Section 2238 is added to the Revenue and Taxation Code, to read:

2238. If a local agency or school district submits an otherwise valid claim to the Controller after the deadline specified in paragraph (2) of subdivision (d) of Section 2231, the Controller shall pay such claim in an amount equal to 80 percent of the amount which would have been allowed pursuant to paragraph (2) of subdivision (d) of such section. Claims which were filed by the deadline specified in paragraph (2) of subdivision (d) of such section shall be paid in full before payments are made on claims filed after the deadline. In the event the amount appropriated to the Controller for reimbursement purposes is not sufficient to pay such claims approved by the Controller, the Controller shall prorate such claims in proportion to the dollar amount of approved claims filed after the deadline and shall report to the State Board of Control or the Legislature in the same manner as described in Section 2236 in order to assure appropriation of funds sufficient to pay such claims.

SEC. 4. Section 2241 of the Revenue and Taxation Code is amended to read:

2241. When a bill is introduced in the Legislature, and each time a bill is amended, the Legislative Counsel shall determine whether such bill requires state reimbursement to local agencies or school districts pursuant to Section 2229, 2230, or 2231. He shall make this determination known in the digest of the bill. For purposes of this section, whenever a bill requires a state agency to issue an executive order which would impose a cost mandated by the state pursuant to subdivision (b) or (c) of Section 2207 or subdivision (b) or (c) of Section 2207.5, the Legislative Counsel shall find that such bill does require state reimbursement pursuant to Section 2231 and shall make this determination known in the digest of the bill.

In making the determination required by this section the Legislative Counsel shall disregard any provision in a bill which would make inoperative the reimbursement requirements of Section 2229, 2230, or 2231, and shall make his determination irrespective of any such provision.

SEC. 4.5. Section 2246 of the Revenue and Taxation Code is amended to read:

2246. (a) Before the end of each calendar year the Department of Finance shall review all statutes enacted during such calendar year which (1) contain provisions making inoperative Section 2229, 2230,

2231, or 2234 or (2) have resulted in costs or revenue losses mandated by the state which were not identified when the statute was enacted. Such review shall identify the costs or revenue losses involved in complying with the provisions of such statutes. The Department of Finance shall submit to the Legislature an annual report of the review required by this section, together with such recommendations as it may deem appropriate.

SEC. 5. Section 2250 of the Revenue and Taxation Code is amended to read:

2250. The State Board of Control, pursuant to the provisions of this article, shall hear and decide upon a claim by a local agency or school district that such local agency or school district has not been reimbursed for all costs mandated by the state as required by Section 2231 or 2234.

Notwithstanding any other provision of law, this article shall provide the sole and exclusive procedure by which the Board of Control shall hear and decide upon a claim that a local agency or school district has not been reimbursed for all costs mandated by the state as required by Section 2231 or 2234.

SEC. 6. Section 2253 of the Revenue and Taxation Code is amended to read:

2253. Claims submitted pursuant to this article for reimbursement, as required by Section 2231, of a cost mandated by the state shall be limited to the following:

(a) A claim alleging that the Controller has incorrectly reduced payments to a local agency pursuant to the provisions of paragraph (2) of subdivision (d) of Section 2231;

(b) A claim alleging that a chaptered bill or an executive order has resulted in costs mandated by the state and that such bill or executive order contains a provision making inoperative Section 2231 or 2234 or

(c) A claim alleging that a chaptered bill has resulted in costs mandated by the state and that such bill contains neither a provision making inoperative Section 2231 or 2234 nor an appropriation to reimburse the claimant for such costs; or

(d) A claim alleging that an executive order has resulted in costs mandated by the state, that no funds have been appropriated pursuant to Section 2231 to reimburse the claimant for such costs, and that such executive order does not contain a provision making inoperative Section 2231 or 2234.

Subdivisions (b) and (c) of this section shall apply only to claims submitted under a bill chaptered after January 1, 1973, for all costs incurred after January 1, 1978.

SEC. 10. Section 2253.2 of the Revenue and Taxation Code is amended to read:

2253.2. (a) The Board of Control shall, within ten days after receipt of the first claim based upon each chaptered bill or executive order as described in subdivisions (b) and (d) of Section 2253, set a date for a public hearing on such claim within a reasonable time.

Such claims shall be submitted in a form prescribed by the board. After a hearing in which the claimant and any other interested organization or individual may participate, the board, if it determines a cost was mandated, shall adopt parameters and guidelines for reimbursement of any claims relating to such bill or executive order. A local agency, school district, and the state may file a claim or request with the board to amend, modify, or supplement such parameters or guidelines. The board may, after due public notice and hearing, amend, modify, or supplement such parameters and guidelines.

The board shall include in its report to the Legislature required under Section 2255 the number and amount of claims awarded pursuant to this section. The local government claims bill, specified in Section 2255, at the time of its introduction shall provide for an appropriation sufficient to pay all claims awarded pursuant to this section.

(b) The Board of Control shall not allow, pursuant to either Section 2250 of this code or to Section 905.2 of the Government Code, any claim submitted by a local agency or school district if, after a hearing, the board finds that:

(1) The claim is submitted by a local agency or school district which requested legislative authority for that local agency or school district to implement the program specified in the chaptered bill, and that chaptered bill imposes costs upon that local agency or school district requesting such legislative authority. For purposes of this paragraph, a resolution from the governing body or a letter from a delegated representative of the governing body of a local agency or school district which requests legislative authorization for that local agency or school district to implement a given program shall constitute a "request" within the meaning of this paragraph, except that a request to implement an existing reimbursable mandate in an alternative manner shall not constitute a "request"; or

(2) The chaptered bill affirmed for the state that which had been declared existing law or regulation by action of the courts; or

(3) The chaptered bill implemented a federal law or regulation, unless such chaptered bill mandates costs which exceed the mandate in such law or regulation; or

(4) The chaptered bill provided for self-financing authority, unless the mandated cost exceeds the revenue from the additional self-financing authority; or

(5) The chaptered bill provides for offsetting savings to local agencies or school districts which result in no net costs to such local agencies or school districts.

(c) The Board of Control shall not consider, pursuant to either Section 2250 of this code or to Section 905.2 of the Government Code, any claims submitted by a local agency or school district if:

(1) The chaptered bill imposed duties which were expressly included in a ballot measure approved by the voters in a statewide election; or

(2) The chaptered bill created a new crime or infraction, eliminated a crime or infraction, or changed the penalty for a crime or infraction, but only for that portion of the chaptered bill relating directly to the enforcement of the crime or infraction; or

(3) The claim is for two hundred dollars ($200) or less.

(d) The Legislature declares that the purpose of this section is to encourage local agencies and school districts to file claims for reimbursement with much more advance knowledge of the extent of possible reimbursement and to provide for a more expeditious and efficient claims process.

SEC. 8. Section 2253.5 of the Revenue and Taxation Code is amended to read:

2253.5. A claimant or the state may commence a proceeding in accordance with the provisions of Section 1094.5 of the Code of Civil Procedure to set aside a decision of the Board of Control on the grounds that the board's decision is not supported by substantial evidence. The court may order the board to hold another hearing regarding such claim and may direct the board on what basis the claim is to receive a rehearing.

SEC. 9. Section 2253.8 of the Revenue and Taxation Code is amended to read:

2253.8. In no case shall a claim be considered which is submitted more than one year after the deadline specified in paragraph (2) of subdivision (d) of Section 2231.

SEC. 10. Section 2255 of the Revenue and Taxation Code is amended to read:

2255. At least twice each calendar year the Board of Control shall report to the Legislature on the number of claims it has allowed pursuant to the provisions of this article. Such report shall identify the claimants, the amount of each allowed claim, and the reasons for recommending approval. Such report may be included in the report required by Section 13928 of the Government Code. Immediately on receipt of such report a local government claims bill shall be introduced in the Legislature. The local government claims bill, at the time of its introduction, shall provide for an appropriation sufficient to pay all claims awarded pursuant to the provisions of this article, by the Board of Control during the preceding calendar year.

SEC. 11. Section 2255.1 is added to the Revenue and Taxation Code, to read:

2255.1. Notwithstanding Section 2255, the Board of Control may request that separate local government claims bills be introduced for any claims awarded by the board that amount to at least three million dollars ($3,000,000) resulting from any one specific chaptered bill or executive order. In addition, separate appropriation bills may be introduced to appropriate funds sufficient to pay such claims, in which case the appropriate local government claims bill shall be amended to exclude such claims.

SEC. 12. The Legislative Analyst shall evaluate the effectiveness of implementation of the provisions of Chapter 1135, Senate Bill 90,

enacted during the first year of the 1977–78 Regular Session of the Legislature and submit his report to the Joint Legislative Budget Committee by April 2, 1979. In the report, the Legislative Analyst shall:

(1) Compare the estimates of the amounts of reimbursement required to pay for mandated costs prepared by the Department of Finance pursuant to Sections 2242 and 2243 of the Revenue and Taxation Code to the actual amounts of appropriations provided for in all bills considered by the fiscal and revenue and taxation committees in each house during the second year of the 1977–78 Regular Session.

(2) Evaluate the effectiveness by which the Department of Finance prepares its estimates pursuant to Sections 2242 and 2243. The report shall include specific recommendations for changes in the method of preparing estimates or other related procedures used to comply with Sections 2242 and 2243.

(3) Evaluate the effectiveness of the five-member Board of Control's implementation of the claims process established under Chapter 1135, Senate Bill 90 of 1977.

(4) Evaluate the effectiveness of local agencies' and school districts' (a) provision of information to the Department of Finance to assist in the preparation of estimates pursuant to Sections 2242 and 2243, (b) role in monitoring legislation and executive orders that contain incorrect disclaimers and do not provide funds for reimbursement for state-mandated costs, and (c) role in filing so-called "test" claims under Sections 2253 and 2253.2 of Chapter 1135, Senate Bill 90 of 1977.

(5) Evaluate the effectiveness of the revenue and taxation and fiscal committees' analyses and review of bills containing so-called "SB 90 disclaimers."

(6) Evaluate the fiscal effects of the two hundred dollars ($200) minimum under Section 2233 on local agencies and school districts and the potential administrative costs for the state to pay claims under such minimum amount.

(7) Evaluate the effectiveness of the auditing of claims by the Controller.

(8) Evaluate the effectiveness of procedures established and implemented by the Department of Finance and other state agencies to review executive orders prior to their adoption to assure that such executive orders, where appropriate, are accompanied by appropriations for reimbursement pursuant to Section 2231 of the Revenue and Taxation Code.

(9) Evaluate the effectiveness of the manner in which the Legislative Counsel determines under Section 2241 whether a bill requires state reimbursement.

(10) Evaluate whether the state should reduce or offset the claims of local agencies or school districts in amounts equivalent to the savings to those entities resulting from legislation enacted in the same calendar year, and, if such reduction or offsets should be made,

evaluate how such reductions or offsets should be made.

(11) Include discussion of any other matters that the Legislative Analyst believes are related directly to the purposes of this study.

The report shall include any recommendations the Legislative Analyst may have in order to improve the effectiveness of implementation of Chapter 1135.

In the preparation of the report, the Legislative Analyst shall consult with local agencies and school districts.

SEC. 13. The Legislature recognizes that it has enacted many statutes without proper consideration of appropriate reimbursement for the state-mandated costs resulting from such statutes.

The Legislative Analyst shall review all statutes upon which test claims have been filed subsequent to January 1, 1978, pursuant to Section 2253 of the Revenue and Taxation Code and where the Board of Control has found mandates exist. The Analyst shall review each such statute in light of its estimated future costs to the state recoverable through the claims process. The Analyst shall recommend, in the case of each such statute, whether the Legislature should reconsider its original enactment of such statute to repeal or modify its provisions.

The Analyst shall submit this report to the Joint Legislative Budget Committee by November 1, 1978.

SEC. 14. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to implement Chapter 1135 of the Statutes of 1977 this act must take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 700 of the Insurance Code is amended to read:

700. (a) A person shall not transact any class of insurance business in this state without first being admitted for such class. Such admission is secured by procuring a certificate of authority from the commissioner. Such certificate shall not be granted until the applicant conforms to the requirements of this code and of the laws of this state prerequisite to its issue.

(b) The unlawful transaction of insurance business in this state in willful violation of the requirement for a certificate of authority is a public offense punishable by imprisonment in the state prison, or in a county jail not exceeding one year, or by fine not exceeding one hundred thousand dollars ($100,000), or by both, and shall be enjoined by a court of competent jurisdiction on petition of the commissioner.

Pursuant to this code, the commissioner has been and is authorized, in the instance of an application for a permit to issue securities in exchange for one or more bona fide outstanding securities, claims or property interest, or partly in such exchange and partly for cash, to approve the terms and conditions of such issuance and exchange and the fairness of such terms and conditions, after a hearing upon the fairness of such terms and conditions, to which all persons to whom it is proposed to issue securities in such exchange shall have the right to appear.

SEC. 2. Section 1107 is added to the Insurance Code, to read:

1107. The funds and other property, together with interest and dividends thereon and proceeds therefrom, conditioned upon insurance of the certificate holder's contracts to pay annuities, shall be maintained under a trust agreement in a separate account legally and physically segregated from the other assets of the certificate holder. Such requirement does not prevent the certificate holder from withdrawing from time to time, pursuant to an appropriate resolution of its board of trustees, such amount or amounts as are determined, in a manner which is satisfactory to the commissioner, to be excess over and above its reserve required to be maintained under the provisions of Section 11521.

SEC. 5. Section 11521.2 is added to the Insurance Code, to read:

11521.2. This section does not permit investment in options or commodity exchanges.

(b) The certificate holder may invest in such other investments as permitted by and subject to the written consent of the commissioner.

SEC. 6. Section 11521.3 is added to the Insurance Code, to read:

11521.3. (a) Prior to admission each applicant shall file with the commissioner an accurate and complete financial statement consisting of a balance sheet and income and expense statement, showing the current condition of the applicant and sworn to by the officer of applicant having the responsibility for preparing such statement.

SECTION 1. Section 33403 of the Education Code is amended to read:

33403. The Department of Education shall perform evaluations of educational programs in accordance with one of the following levels of evaluation:

(a) A descriptive report of an individual educational program which describes the objectives and components of the subject program, the number of pupils involved, and contains general information regarding the program's cost and the extent of implementation of the program.

The department shall prepare or have prepared descriptive reports for the following programs:

(1) Experimental kindergarten programs, pursuant to Section 41380;

(2) Year-round school programs, pursuant to Chapter 4 (commencing with Section 37500) and Chapter 5 (commencing with Section 37600) of Part 22;

The Department of Education shall identify those programs which are judged to be least effective.

For each of the funding sources identified in the multiple-funded evaluation report, the Department of Education shall include a separate chapter which will present data from schools funded solely by that source. (3) Provide information to the state board regarding program implementation to be used in decisions regarding program expansion to other schools. Information regarding program implementation at a given school shall not be used in decisions regarding program expansion until such school has participated in the school improvement program for at least one and one-half school years. The superintendent shall recognize diversity in school improvement objectives and implementation strategies. In no case shall the review process be used to impose or prohibit a particular instructional program.

The majority of persons participating in such review shall be persons who are not in the employment of the district under review.

(f) Give priority in scheduling such reviews to districts and schools which have been least successful in meeting the objectives of their plans.

(g) By November 1, 1977, improve program and fiscal reviews to ensure adequate training of review teams, continuity of information to given schools, consistency in ratings among schools and

opportunities for assistance to schools in meeting their improvement program objectives.

Two or more school districts may join together to apply, or join together with one or more county superintendents of schools to apply, to provide information to local schools and the state board as described under this section. Such application shall be in a manner and form prescribed by the State Board of Education.

SEC. 2. Section 5900 of the Vehicle Code is amended to read:

5900. (a) Whenever the owner of a vehicle registered under this code sells or transfers his title or interest in, and delivers the possession of, the vehicle to another, the owner shall immediately notify the department of the sale or transfer giving the date thereof, the name and address of the owner and of the transferee, and such description of the vehicle as may be required in the appropriate form provided for such purpose by the department.

(b) Except as otherwise provided in subdivision (c), in the case of a vehicle under 6,001 pounds, manufacturer's maximum gross vehicle weight rating, the owner shall also notify the department of the actual mileage of the vehicle as indicated by the vehicle's odometer at the time of sale or transfer. However, if the vehicle owner has knowledge that the mileage displayed on the odometer is incorrect, such owner shall indicate on the appropriate form the true mileage, if known, of the vehicle at the time of sale or transfer.

Providing false or inaccurate mileage shall not be construed as a violation of this subdivision unless it is done with the intent to defraud.

(c) Whenever the registered owner is not in possession of the vehicle that is sold or transferred, the person in physical possession of such vehicle shall give the notice required by subdivision (b).

SEC. 3. Section 5901 of the Vehicle Code is amended to read:

5901. (a) Every dealer or lessor-retailer, upon transferring by sale, lease or otherwise any vehicle, whether new or used, of a type subject to registration under this code, shall, not later than the end of the fifth calendar day thereafter, not counting the day of sale, give written notice of the transfer to the department at its headquarters upon an appropriate form provided by it.

A vehicle dealer or lessor-retailer need not give the notice when selling or transferring a new unregistered vehicle to a dealer or lessor-retailer.

(c) When the dealer or lessor-retailer is not in possession of the vehicle that is sold or transferred, the person in physical possession of such vehicle shall give the information required by subdivision (b).

(d) A "sale" shall be deemed completed and consummated when the purchaser of that vehicle has paid the purchase price, or, in lieu thereof, has signed a purchase contract or security agreement, and taken physical possession or delivery of that vehicle.

SEC. 4. Section 5906.5 of the Vehicle Code is amended to read:

However, if the person making the transfer, or his authorized representative, has knowledge that the mileage displayed on the odometer is incorrect, such person shall record on the document the true mileage, if known, of the vehicle at the time of transfer.

(b) Whenever the person making such transfer is not in possession of the vehicle that is transferred, the person in physical possession of such vehicle shall provide the information required by subdivision (a).

SEC. 5. Section 11713 of the Vehicle Code is amended to read:

11713. It shall be unlawful and a violation of this code for the holder of any license issued under this article:

(a) To make or disseminate or cause to be made or disseminated before the public in this state, in any newspaper or other publication, or any advertising device, or by public outcry or proclamation, or in any other manner or means whatever, any statement which is untrue or misleading, and which is known, or which by the exercise of reasonable care should be known, to be untrue or misleading; or to so make or disseminate or cause to be so disseminated any such statement as part of a plan or scheme with the intent not to sell any vehicle or service so advertised at the price stated therein, or as so advertised.

(b) To advertise or offer for sale or exchange in any manner, any vehicle not actually for sale at the premises of such dealer or available to said dealer from the manufacturer or distributor of such vehicle at the time of the advertisement or offer; provided however, that this

subdivision does not apply to advertising or offering for sale or exchange any used mobilehome, as defined by Section 18008 of the Health and Safety Code, or used commercial coach, as defined by Section 18012 of the Health and Safety Code, other than a recreational vehicle, as defined by Section 18010.5 of the Health and Safety Code, where such advertising or offering for sale is not contrary to any terms of a contract between the seller of the mobilehome or commercial coach and the owner of the mobilehome park, and which mobilehome or commercial coach is either in place on a lot rented or leased for human habitation within an established mobilehome park, as defined in Section 18214 of the Health and Safety Code, or is otherwise located, pursuant to a local zoning ordinance or permit, on a lot where its presence has been authorized or its continued presence and such use would be authorized, for a total and uninterrupted period of at least one year.

(c) To fail within 48 hours in writing to withdraw any advertisement of a vehicle that has been sold or withdrawn from sale.

(d) To advertise or represent a vehicle as a new vehicle if such vehicle falls within the purview of Section 665 of this code.

(e) To engage in the business for which licensee is licensed without having in force and effect a good and sufficient bond with corporate surety as hereinbefore provided.

(f) For any licensed dealer to engage in the business for which such dealer is licensed without at all times maintaining an established place of business as required by this code.

(g) To include as an added cost to the selling price of a vehicle, an amount for licensing or transfer of title of the vehicle, which amount is not due to the state unless, prior to the sale, such amount has been paid by a dealer to the state in order to avoid penalties that would have accrued because of late payment of such fees. However, a dealer may collect, from the second purchaser of a vehicle, a prorated fee based upon the number of months remaining in the registration year for that vehicle, if the vehicle had been previously sold by the dealer and the sale was subsequently rescinded and all the fees that were paid, as required by this code and Chapter 2 (commencing with Section 10751) of Division 2 of the Revenue and Taxation Code, were returned to the first purchaser of the vehicle.

(h) To employ any person as a salesman who has not been licensed pursuant to Article 2 (commencing with Section 11800) of this chapter, and whose license is not displayed on the premises of the dealer as provided in Section 11812.

(i) To deliver, following sale, a vehicle for operation on California highways, if such vehicle does not meet all of the equipment requirements of Division 12 (commencing with Section 24000) of this code.

(j) To use or permit the use of the special plates assigned to him for any purpose other than permitted by Section 11715.

(k) To advertise or otherwise represent, or knowingly to allow to be advertised or represented on his behalf or at his place of business,

that no downpayment is required in connection with the sale of a vehicle when a downpayment is in fact required and the buyer is advised or induced to finance such downpayment by a loan in addition to any other loan financing the remainder of the purchase price of the vehicle.

(*l*) To participate in the sale of a vehicle reported to the Department of Motor Vehicles under the provisions of Section 5900 or Section 5901 of this code without making the return and payment of any sales tax due and required by Section 6451 of the Revenue and Taxation Code.

(m) To permit the use of his dealer's license, supplies, or books by any other person for the purpose of permitting that person to engage in the sale of vehicles required to be registered under this code, or to permit the use of his dealer's license, supplies, or books to operate a branch location to be used by any other person, if, in either situation, the licensee has no financial or equitable interest or investment in the vehicles sold by, or the business of, or branch location used by, such person, or has no such interest or investment other than commissions, compensations, fees, or any other thing of value received for the use of the dealer's license, supplies, or books to engage in the sale of vehicles.

(n) To violate any of the provisions of Article 10 (commencing with Section 28050) of Chapter 5 of Division 12 of this code.

(o) To fail to deliver or honor the terms and conditions of any warranty as set forth in Chapter 3 (commencing with Section 1797) of Title 1.7 of Part 4 of Division 3 of the Civil Code.

(p) To violate any of the terms or provisions of Chapter 6 (commencing with Section 11950) of Division 5.

(q) Has violated any of the provisions of Part 2 (commencing with Section 18000) of Division 13 of, or Section 18613 of, the Health and Safety Code or any rules and regulations issued pursuant thereto.

SEC. 6. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

The amount to be transferred to any county for a fiscal year may be increased or decreased by the director to provide that, insofar as such transferred unclaimed refundable gas tax funds for apportionment to the counties are available, no county shall receive smaller combined apportionments of gas taxes and unclaimed refundable gas taxes than such county would have received had the gas taxes been apportioned without the transfer required by Section 8352.5, as determined by the director, except that the amount of unclaimed refundable gas tax funds to be transferred to any county for a fiscal year may be increased or

(b) When a lien for the fee, or any penalty, or both, exists against more than one vehicle in possession of the same person or persons, the department may seize and sell a sufficient number of the vehicles to pay the fees, or penalties, or both, plus costs, to equal at least the cost of conducting the seizure and sale proceedings but not to exceed two hundred dollars ($200), for each vehicle incident to such seizure, against all such vehicles.

(c) When the lien for the fee, or any penalty, or both, exists on a vehicle sold by a dealer, the department may withhold seizure and sale of the vehicle pending notification of the selling dealer and his bonding company of the dealer's liability under Section 4456 and pursuant to the bond provided in Section 11710. In estimating such volumes and quantities the commission shall take into account differentials in energy needs between utility customers whose residential energy needs are supplied by electricity and gas. The commission shall also

take into account differentials in energy needs caused by geographic differences, by differences in severity of climate, and by season.

(b) The commission shall require that every electrical and gas corporation file a schedule of rates and charges providing a lifeline rate. The lifeline rate shall be not greater than the rates in effect on January 1, 1976. The commission shall authorize no increase in the lifeline rate until the average system rate in cents per kilowatt-hour or cents per therm has increased 25 percent or more over the January 1, 1976, level.

(c) Nothing shall preclude the commission from reducing any rate established pursuant to subdivision (a) either specifically or pursuant to any general restructuring of all electrical or gas rates, charges, and classifications.

(d) As used in this section, the term "residential" means domestic human needs end use and excludes industrial, commercial, and every other category of end use other than wholesale.

(e) Wholesale electrical or gas purchases and the rates charged therefor shall be exempt from the provisions of this section.

(f) Nothing contained in this section shall be construed to prohibit experimentation with alternative electrical rate schedules for the purpose of achieving energy conservation.

A customer dependent on life support equipment shall be given a higher energy allocation than the average residential user in accordance with the type of equipment that he or she uses. Consideration shall be given to the energy requirements of the specific type of equipment used and the frequency and duration of its usage.

[Approved by Governor September 15, 1978. Filed with Secretary of State September 18, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 49406 of the Education Code is amended to read:

49406. (a) Except as provided in subdivision (h), no person shall be initially employed by a school district in a certificated or classified position unless the person has submitted to an examination within the past 60 days to determine that he is free of active tuberculosis, by a physician and surgeon licensed under Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code. This examination shall consist of an X-ray of the lungs, or an approved intradermal tuberculin test, which, if positive, shall be followed by an X-ray of the lungs.

The X-ray film may be taken by a competent and qualified X-ray technician if the X-ray film is subsequently interpreted by a physician and surgeon licensed under Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code.

(b) Thereafter all employees shall be required to undergo the foregoing examination at least once each four years or more often if directed by the governing board upon recommendation of the local health officer.

(c) After such examination, each employee shall cause to be on file with the district superintendent of schools a certificate from the examining physician and surgeon showing the employee was examined and found free from active tuberculosis. The county board of education may require, by rule, that all such certificates be filed in the office of the county superintendent of schools or shall require such files be maintained in the office of the county superintendent of schools if a majority of the governing boards of the districts within such county so petition the county board of education, except that in either case a district or districts with a common board having an average daily attendance of 60,000 or more may elect to maintain the files for its employees in that district. "Certificate" as used herein means a certificate signed by the examining physician and surgeon or a notice from a public health agency or unit of the Tuberculosis Association which indicates freedom from active tuberculosis. The latter, regardless of form, will constitute evidence of compliance with this section. Nothing in this section shall prevent the governing board from establishing a rule requiring a more extensive physical examination than required by this section but such rule shall provide for reimbursement on the same basis as hereinafter required.

(d) This examination is a condition of initial employment and the expense incident thereto shall be borne by the applicant unless otherwise provided by rules of the governing board. However, the board may, if an applicant is accepted for employment, reimburse such person in a like manner hereinafter prescribed for employees.

(e) The governing board of each district shall reimburse the employee for the cost, if any, of this examination. The board may provide for the examination required by this section or may establish a reasonable fee for such examination that is reimbursable to employees of the district complying with the provisions of this section.

(f) At the discretion of the governing board this section shall not apply to those employees not requiring certification qualifications who are employed for any period of time less than a school year whose functions do not require frequent or prolonged contact with pupils.

The governing board may, however, require such examination and may as a contract condition require the examination of persons employed under contract, other than those persons specified in subdivision (a) of this section, if the board believes the presence of such persons in and around school premises would constitute a health hazard to pupils.

(g) If the governing board of a school district determines by resolution, after hearing, that the health of pupils in the district would not be jeopardized thereby, the provisions of this section shall not apply to any employee of the district who files an affidavit stating that he adheres to the faith or teachings of any well-recognized religious sect, denomination, or organization and in accordance with its creed, tenets, or principles depends for healing upon prayer in the

practice of religion and that to the best of his knowledge and belief he is free from active tuberculosis. If at any time there should be probable cause to believe that such affiant is afflicted with active tuberculosis, he may be excluded from service until the governing board of the employing district is satisfied that he is not so afflicted.

(h) A person who transfers his employment from one school or school district to another shall be deemed to meet the requirements of subdivision (a) if such person can produce a certificate which shows that he was examined within the past four years and was found to be free of communicable tuberculosis, or if it is verified by the school previously employing him that it has such a certificate on file.

A person who transfers his employment from a private or parochial elementary school, secondary school, or nursery school to a school or school district subject to this section shall be deemed to meet the requirements of subdivision (a) if such person can produce a certificate as provided for in Section 3450 of the Health and Safety Code which shows that he was examined within the past four years and was found to be free of communicable tuberculosis, or if it is verified by the school previously employing him that it has such a certificate on file.

(i) Any governing board or county superintendent of schools providing for the transportation of pupils under contract authorized by Section 39800, 39801, or any other provision of law shall require as a condition of such contract the examination for active tuberculosis, as provided by subdivision (a) of this section, of all drivers transporting such pupils, provided that private contracted drivers who transport these pupils on an infrequent basis, not to exceed once a month, shall be excluded from this requirement.

(j) Examinations required pursuant to subdivision (i) shall be made available without charge by the local health officer.

SEC. 2. Section 76406 of the Education Code is amended to read:

76406. (a) Except as provided in subdivision (h), no person shall be initially employed by a community college district in a certificated or classified position unless the person has submitted to an examination within the past 60 days to determine that he is free of active tuberculosis, by a physician and surgeon licensed under Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code. This examination shall consist of an X-ray of the lungs, or an approved intradermal tuberculin test, which, if positive, shall be followed by an X-ray of the lungs.

The X-ray film may be taken by a competent and qualified X-ray technician if the X-ray film is subsequently interpreted by a physician and surgeon licensed under Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code.

(b) Thereafter all employees shall be required to undergo the foregoing examination at least once each four years or more often if directed by the governing board upon recommendation of the local health officer.

(c) After such examination, each employee shall cause to be on

file with the district superintendent a certificate from the examining physician and surgeon showing the employee was examined and found free from active tuberculosis. The county board of education may require, by rule, that all such certificates be filed in the office of the county superintendent of schools or shall require such files be maintained in the office of the county superintendent of schools if a majority of the governing boards of the districts within such county so petition the county board of education, except that in either case a district or districts with a common board having an average daily attendance of 60,000 or more may elect to maintain the files for its employees in that district. "Certificate" as used herein means a certificate signed by the examining physician and surgeon or a notice from a public health agency or unit of the Tuberculosis Association which indicates freedom from active tuberculosis. The latter, regardless of form, will constitute evidence of compliance with this section. Nothing in this section shall prevent the governing board from establishing a rule requiring a more extensive physical examination than required by this section but such rule shall provide for reimbursement on the same basis as hereinafter required.

(d) This examination is a condition of initial employment and the expense incident thereto shall be borne by the applicant unless otherwise provided by rules of the governing board. However, the board may, if an applicant is accepted for employment, reimburse such person in a like manner hereinafter prescribed for employees.

(e) The governing board of each district shall reimburse the employee for the cost, if any, of this examination. The board may provide for the examination required by this section or may establish a reasonable fee for such examination that is reimbursable to employees of the district complying with the provisions of this section.

(f) At the discretion of the governing board this section shall not apply to those employees not requiring certification qualifications who are employed for any period of time less than a school year whose functions do not require frequent or prolonged contact with students.

The governing board may, however, require such examination and may as a contract condition require the examination of persons employed under contract, other than those persons specified in subdivision (a) of this section, if the board believes the presence of such persons in and around school premises would constitute a health hazard to students.

(g) If the governing board of a community college district determines by resolution, after hearing, that the health of students in the district would not be jeopardized thereby, the provisions of this section shall not apply to any employee of the district who files an affidavit stating that he adheres to the faith or teachings of any well-recognized religious sect, denomination, or organization and in accordance with its creed, tenets, or principles depends for healing upon prayer in the practice of religion and that to the best of his

knowledge and belief he is free from active tuberculosis. If at any time there should be probable cause to believe that such affiant is afflicted with active tuberculosis, he may be excluded from service until the governing board of the employing district is satisfied that he is not so afflicted.

(h) A person who transfers his employment from one campus or community college district to another shall be deemed to meet the requirements of subdivision (a) if such person can produce a certificate which shows that he was examined within the past four years and was found to be free of communicable tuberculosis, or if it is verified by the school previously employing him that it has such a certificate on file.

A person who transfers his employment from a private or parochial elementary school, secondary school, or nursery school to the community college district subject to this section shall be deemed to meet the requirments of subdivision (a) if such person can produce a certificate as provided for in Section 3450 of the Health and Safety Code which shows that he was examined within the past four years and was found to be free of communicable tuberculosis, or if it is verified by the school previously employing him that it has such a certificate on file.

(i) Any governing board of a community college district providing for the transportation of pupils under contract authorized by Section 82300, 82301, or any other provision of law shall require as a condition of such contract the examination for active tuberculosis, as provided in subdivision (a) of this section, of all drivers transporting such pupils, provided that private contracted drivers who transport such pupils on an infrequent basis, not to exceed once a month, shall be excluded from this requirement.

(j) Examinations required pursuant to subdivision (i) shall be made available without charge by the local health officer.

SEC. 3. Section 3450 of the Health and Safety Code is amended to read:

3450. (a) Except as provided in Section 3456, no person shall be initially employed by a private or parochial elementary or secondary school, or any nursery school, unless such person produces or has on file with the school a certificate showing that within the last 60 days such person has been examined and has been found to be free of communicable tuberculosis.

(b) Thereafter all employees shall be required to undergo the foregoing examination at least once each four years or more often if directed by the school upon recommendation of the local health officer.

(c) At the discretion of the governing authority of a private school, this section shall not apply to employees who are employed for any period of time less than a school year whose functions do not require frequent or prolonged contact with pupils. The governing authority may, however, require such examination and may as a contract condition require the examination of persons employed under

contract if the governing authority believes the presence of such persons in and around the school premises would constitute a health hazard to students.

(d) The governing authority of a private school providing for the transportation of pupils under authorized contract shall require as a condition of such contract that every person transporting pupils produce a certificate showing that within the last 60 days such person has been examined and has been found to be free of communicable tuberculosis, except that any private contracted driver who transports pupils on an infrequent basis, not to exceed once a month, shall be excluded from this requirement.

(e) The examination attested to in the certificate required pursuant to subdivision (d) of this section shall be made available without charge by the local health officer.

"Certificate," as used in this chapter, means a document signed by the examining physician and surgeon who is licensed under Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code, or a notice from a public health agency or unit of the Tuberculosis Association which indicates freedom from active tuberculosis.

SEC. 4. Section 5163 of the Public Resources Code is amended to read:

5163. No person shall initially be employed in connection with a park, playground, recreational center, or beach used for recreational purposes by a city or county in a position requiring contact with children, or as a food concessionaire or other licensed concessionaire in such area, unless such person produces or has on file with the city or county a certificate showing that within the last two years such person has been examined and has been found to be free of communicable tuberculosis.

Thereafter, all employees shall be required to undergo a tuberculosis examination at least once each four years or more often upon the recommendation of the local health officer.

"Certificate" means a document signed by the examining physician and surgeon who is licensed under Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code, or a notice from a public health agency or unit of the tuberculosis association which indicates freedom from active tuberculosis.

SEC. 5. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the duties, obligations, or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

[Approved by Governor September 15, 1978. Filed with Secretary of State September 18, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 2005 of the Education Code is amended to read:

2005. The superintendent of schools of any school district, or the principal of any school, in an adjoining state attended by pupils residing in an adjoining county in this state shall certify to the county superintendent of schools of the county not later than July 2nd of each year the average daily attendance of pupils from the county attending the school and the current expenditure, including transportation, incurred for the education of the pupils.

SEC. 2. Section 4414 of the Education Code is amended to read:

4414. Notwithstanding any other provisions of this code, proposals in a county master plan to form unified school districts providing in part for the division of each of two or more high school districts, and which include two or more existing unified school districts in the proposals, shall be voted upon by the electors of all the territory included in the county master plan at a single election. The results of such election shall in no way change the organizational status of the existing unified school districts. If a majority of votes is cast in favor of the proposals in any of the proposed unified school districts, the unified school district proposed is approved and formed. If a majority of votes is not cast in favor of the proposals in any of the proposed unified school districts, the unified school districts proposed are not approved and formed.

If the proposals are either approved or disapproved at such election, the territory included within the entire county master plan, including the two or more existing unified school districts, shall be subject to the provisions of Sections 41750, 41762, 41763 and 41769, and the provision of Chapter 8 (commencing with Section 42400) of Part 24 of Division 3 of Title 2.

For the purposes of approving proposed new unified school districts under this code section the State Board of Education shall consider subdivisions (a), (c), (d), and (e) of Section 4200.

SEC. 3. Section 8282 of the Education Code is amended to read:

8282. The Department of Education shall administer the pilot

SEC. 4. Section 8283 of the Education Code is amended to read:

8283. The Director of the Department of Finance and the Secretary of the Health and Welfare Agency or their designees shall serve in an advisory capacity to the Superintendent of Public Instruction for the purpose of reviewing, monitoring and evaluating the pilot study plan, implementation, and progress pursuant to Sections 8280 and 8281.

SEC. 5. Section 14050 of the Education Code is amended to read:

14050. The county superintendent of schools shall on or before April 1st of each year submit to the Superintendent of Public Instruction a budget for the succeeding fiscal year, in such form as the Superintendent of Public Instruction shall prescribe, setting forth all known and estimated revenues of the county school service fund for such fiscal year from all sources, and the proposed expenditures from the county school service fund for such fiscal year. The budget shall be approved by the Superintendent of Public Instruction. When a budget is submitted to the Superintendent of Public Instruction for his approval, he shall make a review of each program prior to approving the budget. No allowance shall be made under Sections 14050 to 14056, inclusive, whichever are in effect, to a county superintendent of schools for any item of current expenses or capital outlay with respect to which the county superintendent has failed to comply with the regulations of the Superintendent of Public Instruction which he is herewith authorized to adopt applicable to such item. The regulations adopted by the Superintendent of Public Instruction hereunder shall not be limited to, but shall, among other matters:

(a) Prescribe procedures relating to budgeting, purchasing and replacing capital outlay items.

(b) Prescribe procedures relating to the purchase, replacement, operation and maintenance of automotive equipment.

(c) Prescribe the conditions under which the county superintendent of schools may provide services to districts by contract.

(d) Prescribe the conditions under which allowances may be made to the county superintendent of schools to contract for the services of special consultants.

(e) Prescribe the conditions under which allowances may be made to the county superintendent of schools to assume functions authorized by law to be performed either by the county superintendent of schools or another public agency.

(f) Prescribe conditions under which allowances will be made to meet conditions of an emergency nature requiring the establishment and maintenance of emergency schools, the providing of emergency

teachers for regular elementary schools, the providing of emergency transportation to regular elementary schools, or emergency apportionments to school districts.

(g) Define county school service fund publications and prescribe the procedures to be followed relating to budgeting, printing and distributing such publications.

Upon the approval of the budget by the Superintendent of Public Instruction, he shall note his approval thereon and transmit one copy thereof to the county superintendent of schools and one copy to the county auditor of the county.

SEC. 6. Section 14052 of the Education Code is amended to read:

14052. The State Board of Education shall establish definitions for publications, and each county superintendent of schools, upon making any publication shall transmit a copy thereof to the State Board of Education.

In evaluating and analyzing justification documents, the Superintendent of Public Instruction shall be advised by an advisory committee composed of county superintendents of schools, which committee the Superintendent of Public Instruction is hereby authorized to appoint.

SEC. 7. Section 15111 of the Education Code is amended to read:

15111. The governing board of each school district or community college district shall, within 30 days after the end of each fiscal year, submit to the county superintendent of schools who has jurisdiction over the school district or community college district a report containing the following information, concerning any election held pursuant to Sections 4152, 15120, 15121, and 16058 for the approval of the issuance of bonds or the assumption of any bonded indebtedness or other indebtedness:

(2) The percentage of registered electors of the district who voted at the election.

(3) The results of the election, with the percentage of votes cast for and against the proposition involved.

SEC. 8. Section 16199 of the Education Code is amended to read:

16199. The Department of Education may accept applications by school districts for the construction of facilities and the purchase of essential furniture and equipment, under a pilot project to maintain regional programs for physically exceptional children.

The Superintendent of Public Instruction shall establish standards with respect to such regional programs for the pilot project which shall include, among other things, the curriculum to be offered, the area to be served, and the supervision and instruction with respect to the programs. Of the school district applicants which meet the standards established, the Department of Education may designate not more than four school districts to receive apportionments as part of the pilot project to maintain regional programs for physically exceptional children.

The pilot project pursuant to this act shall begin with the 1972–1973 school year and shall terminate at the end of the 1974–1975 school year. The Department of Education shall provide for state evaluation of the pilot project.

With respect to school districts selected as part of the pilot project, the State Allocation Board may approve applications and make apportionments pursuant to Section 16196, notwithstanding that the school district is serving a district or districts with an average daily attendance in excess of 8,000.

In any school year in which 50 percent or more of the pupils in average daily attendance, as determined by the county superintendent of schools, and served by such facilities are not pupils from districts other than the applicant district, the repayment for the succeeding fiscal year shall be an amount which would have been payable if such district had been required to repay 100 percent of the apportionment over such period.

The districts participating in a pilot project may include in interdistrict attendance agreements the cost of making repayments in the same proportion to the total repayment as the number of pupils enrolled from each district bears to the total number of pupils enrolled.

SEC. 8.5. Article 4 (commencing with Section 33150) of Chapter 2 of Part 20 of the Education Code is repealed.

SEC. 9. Section 37001 of the Education Code is amended to read:

37001. Whenever the governing board of a school district is unable to maintain the school or schools in the district because of its inability to secure a teacher or teachers, or because of lack of facilities, the board may, with the approval of the county superintendent of schools having jurisdiction, maintain the school or schools of the district elsewhere than within the district or contract for the education of the pupils of such school or schools with the governing board of another district.

SEC. 10. Section 37250 of the Education Code is amended to read:

37250. The governing board of a district maintaining one or more high schools may maintain a summer school at any of such high schools during the period between the close of one academic year and the beginning of the succeeding academic year in accordance with rules and regulations of the State Board of Education.

SEC. 11. Section 41372 of the Education Code is amended to read:

41372. For purposes of this section:

(a) "Salaries of classroom teachers" and "teacher" shall have the same meanings as prescribed by Section 41011 provided, however, that the cost of all health and welfare benefits provided to the teachers by the school district shall be included within the meaning of salaries of classroom teachers.

(b) "Current expense of education" means the gross total expended (not reduced by estimated income or estimated federal and state apportionments) for the purposes classified in the final budget of a school district (except one which, during the preceding

fiscal year, had less than 101 units of average daily attendance) submitted to and approved by the county superintendent of schools pursuant to Section 42127 for certificated salaries other than certificated salaries for pupil transportation, food services, and community services; classified salaries other than classified salaries for pupil transportation, food services, and community services; employee benefits other than employee benefits for pupil transportation personnel, food services personnel, and community services personnel; books, supplies, and equipment replacement other than for pupil transportation and food services; and community services, contracted services, and other operating expenses other than for pupil transportation, food services, and community services. "Current expense of education," for purposes of this section shall not include those expenditures classified as sites, buildings, books, and media and new equipment (object of expenditure 6000 of the California School Accounting Manual), the amount expended from categorical aid received from the federal or state government which funds were granted for expenditures in a program not incurring any teacher salary expenditures or requiring disbursement of the funds without regard to the requirements of this section, or expenditures for facility acquisition and construction; and shall not include the amount expended pursuant to any lease agreement for plant and equipment or the amount expended from funds received from the federal government pursuant to the "Economic Opportunity Act of 1964" or any extension of such act of Congress.

There shall be expended during each fiscal year for payment of salaries of classroom teachers:

(a) By an elementary school district, 60 percent of the district's current expense of education.

(b) By a high school district, 50 percent of the district's current expense of education.

(c) By a unified school district, 55 percent of the district's current expense of education.

If the county superintendent of schools having jurisdiction over the district determines, on the basis of an audit conducted pursuant to Section 41020, that a school district has not expended the applicable percentage of current expense of education for the payment of salaries of classroom teachers during the preceding fiscal year, the county superintendent of schools shall, in apportionments made to the school district from the State School Fund after April 15 of the current fiscal year, designate an amount of such apportionment or apportionments equal to the apparent deficiency in district expenditures. Any amount so designated by the county superintendent of schools shall be deposited in the county treasury to the credit of the school district, but shall be unavailable for expenditure by the district pending the determination to be made by the county superintendent of schools on any application for exemption which may be submitted to the county superintendent of schools. In the event it appears to the governing board of a school

district that the application of the preceding paragraphs of this section during a fiscal year results in serious hardship to the district, or in the payment of salaries of classroom teachers in excess of the salaries of classroom teachers paid by other districts of comparable type and functioning under comparable conditions, the board may apply to the county superintendent of schools in writing not later than September 15th of the succeeding fiscal year for exemption from the requirements of the preceding paragraphs of this section for the fiscal year on account of which the application is made. Upon receipt of such application, the county superintendent of schools shall grant the district exemption for any amount that is less than one thousand dollars ($1,000), and if the amount is one thousand dollars ($1,000), or greater may recommend to the Superintendent of Public Instruction that the district be granted an exemption from such requirements for the fiscal year on account of which the application is made. If such exemption is granted by the Superintendent of Public Instruction the designated moneys shall be immediately available for expenditure by the school district governing board. If no application for exemption is made or exemption is denied, the county superintendent of schools shall order the designated amount or amount not exempted to be added to the amounts to be expended for salaries of classroom teachers during the next fiscal year.

The county superintendent of schools shall enforce the requirements prescribed by this section, and may adopt necessary rules and regulations to that end.

SEC. 12. Section 41374 of the Education Code is amended to read:

41374. Notwithstanding any other provision of law to the contrary, Section 41372 shall not apply to any elementary school district, high school district, or unified school district, which maintains no individual class session with pupils in attendance exceeding the numbers, for the particular grade levels, following:

(a) An elementary school district—twenty-eight (28) pupils.

(b) A high school district—twenty-five (25) pupils.

(c) A unified school district—twenty-eight (28) pupils in respect to grades kindergarten through 8, inclusive; and twenty-five (25) pupils in respect to grades 9 through 12, inclusive.

As used in this section the phrase "individual class session" shall not include any class session held in grades kindergarten through 8, inclusive, in courses in art, instrumental and vocal music, industrial arts, and physical education. The phrase shall not include any class session held in grades 9 through 12, inclusive, in courses in commercial arts, instrumental and vocal music, industrial arts, vocational arts, and physical education. The phrase "individual class session" shall not include any class session held in grades 9 through 12, inclusive, for which two or more individual class groups which come within the descriptions specified by the first paragraph of this section and subdivision (a) or (b), or both, are assembled together in the same room for joint lectures or demonstrations.

Notwithstanding the provisions of subdivisions (b) and (c), grades

7, 8, and 9 of a junior high school shall be deemed to be high school grades for purposes of this section.

SEC. 13. Section 41377 of the Education Code is amended to read:

41377. During the 1970–1971 fiscal year and the six subsequent fiscal years thereafter, the governing board of a unified school district may apply to the Superintendent of Public Instruction for exemption from the penalty provisions of Section 41376 in order that a pilot program of team instruction in reading or mathematics, or both, may be conducted only in such elementary schools within the district as may be approved by the Superintendent of Public Instruction. The pilot program shall be conducted in such a manner that, insofar as practicable, one certificated employee and necessary instructional aides remain with the same students from kindergarten through grade 6 for instruction in reading or mathematics, or both.

The Superintendent of Public Instruction may grant the exemption pursuant to this section on a yearly basis, but not beyond the 1976–1977 fiscal year, and only after approval by the Superintendent of Public Instruction of justification documents presented by the district relating to the pilot program.

The State Board of Education shall annually review the pilot program.

SEC. 14. Section 42647 of the Education Code is amended to read:

42647. With the approval of the Superintendent of Public Instruction, the governing board of a unified school district, or district with over 10,000 average daily attendance may cause to be drawn all warrants on the county treasurer against all the funds, except debt service, of the district in the county treasury in the payment of the expenses of the district. The warrants shall be issued by a person designated as the district auditor or district disbursing officer for the school district on the county treasurer in favor of the persons entitled thereto in payment of all claims chargeable against the district which have been legally examined, allowed, and ordered paid by the governing board. The district auditor shall issue warrants on the county treasurer for all debts and demands against the district when the amounts are fixed by law. The form of the warrant shall be as prescribed by the governing board and approved by the county auditor or county treasurer having jurisdiction.

Notwithstanding Section 42631 of the Education Code, the cost of printing the warrants shall be borne by the district.

No county officer shall be responsible for producing reports, statements, and other data relating to or based on these payments of the expenses of the districts. Those districts issuing warrants as provided by this section shall provide the county superintendent of schools, in the form prescribed by him, with the data necessary to make retirement reports and other reports required of him by law. All warrants, vouchers, and supporting documents shall be kept by the school districts that draw their own warrants.

Notwithstanding Section 27005 of the Government Code, or any other section requiring orders for warrants or warrants to be signed

by the county superintendent of schools or the county auditor, or both, the county treasurer shall pay the warrant, if money is available.

Notwithstanding Section 41000 of the Education Code, except for assessing and tax collecting, the county auditor and the county treasurer may charge those districts that draw their own warrants for the cost of all fiscal services.

The person authorized by the governing board of the district to issue warrants pursuant to this section shall execute an official bond in an amount fixed by the governing board conditioned upon the faithful performance of his duties under this section. A county superintendent of schools or a county auditor shall not be liable under the terms of their bonds or otherwise for any warrant issued pursuant to this section. It is not intended that this provision shall be applied so as to impair the obligation of any contract in the bond of such officer in effect on the effective date of this section.

A listing of the warrants issued under this section by each school district shall be forwarded to the county auditor having jurisdiction, upon his request, and to the county superintendent of schools having jurisdiction over the district on the same day warrants are issued. The listing, which may be magnetic tape, punched cards, or in other form, shall report, among other things, the warrant number, date of the warrant, amount of the warrant, the name of the payee, and the fund on which drawn.

The form and content of the warrant listing shall be as prescribed by the governing board and approved by the county auditor having jurisdiction.

Each unified school district or district with over 10,000 average daily attendance which issues warrants pursuant to this section shall furnish monthly to the county superintendent of schools and the county auditor of the county of jurisdiction, upon his request, a statement showing for the current fiscal year to date, for each required expenditure classification, the amount budgeted, actual expenditures, encumbances and unencumbered balances.

In order to obtain the approval of the Superintendent of Public Instruction, a unified school district, or district with over 10,000 average daily attendance shall file a written application with the county superintendent of schools of jurisdiction. Upon receipt of an application from the district, the county superintendent of schools shall cause a survey to be made of the district's accounting controls by an independent certified public accountant or public accountant in accordance with standards prescribed by the Department of Finance. The certified public accountant or public accountant shall report his findings and recommendations to the county superintendent, county auditor, and to the applicant district.

SEC. 15. Section 44819 of the Education Code is amended to read:

44819. Each city or district superintendent of schools shall make an annual report of the schools under his jurisdiction to the county superintendent of schools which shall include an affidavit that all

employees in positions requiring certification qualifications were properly certificated for the work performed.

SEC. 16. Section 48273 of the Education Code is amended to read:

48273. The governing board of each school district shall adopt rules and regulations to require the appropriate officers and employees of the district to gather and transmit to the county superintendent of schools the number and types of referrals to school attendance review boards and of requests for petitions to the juvenile court pursuant to Section 48263.

SEC. 17. Section 49150 of the Education Code is amended to read:

49150. An annual report of all permits to work issued during the year shall be made by the issuing authority to the county or city and county superintendents of schools.

SEC. 18. Section 49455 of the Education Code is amended to read:

49455. Upon first enrollment in a California school district of a child at a California elementary school, and at least every third year thereafter until the child has completed the eighth grade, the child's vision shall be appraised by the school nurse or other authorized person under Section 49452. This evaluation shall include tests for visual acuity and color vision; however, color vision shall be appraised once and only on male children, and the results of the appraisal shall be entered in the health record of the pupil. Color vision appraisal need not begin until the male pupil has reached the first grade. Gross external observation of the child's eyes, visual performance, and perception shall be done by the school nurse and the classroom teacher. The evaluation may be waived, if the child's parents so desire, by their presenting of a certificate from a physician and surgeon or an optometrist setting out the results of a determination of the child's vision, including visual acuity and color vision.

The provisions of this section shall not apply to any child whose parents or guardian file with the principal of the school in which the child is enrolling, a statement in writing that they adhere to the faith or teachings of any well-recognized religious sect, denomination, or organization and in accordance with its creed, tenets, or principles depend for healing upon prayer in the practice of their religion.

SEC. 19. Section 49456 of the Education Code is amended to read:

49456. (a) When a defect other than a visual defect has been noted by the supervisor of health or his assistant, a report shall be made to the parent or guardian of the child, asking the parent or guardian to take such action as will cure or correct the defect. Such report, if made in writing, shall not include any recommendation suggesting or directing the pupil to a designated individual for the purpose of curing or correcting any defect referred to in the report.

of Public Instruction and shall not include therein any recommendation suggesting or directing the pupil to a designated individual or class of practitioner for the purpose of correcting any defect referred to in the report.

(c) The provisions of this section do not prevent a supervisor of health from recommending in a written report that the child be taken to a public clinic or diagnostic and treatment center operated by a public hospital or by the state, county, or city department of public health.

CHAPTER 844

An act to amend Sections 18135, 18135.5, 18136, 22825.1, and 22826 of the Government Code, relating to the state employees, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 17, 1978. Filed with Secretary of State September 18, 1978]

The people of the State of California do enact as follows:

SECTION 1. Section 18135 of the Government Code is amended to read:

18135. As used in this chapter:

(a) "Employee" means any of the following:

(1) A permanent or probationary full-time state officer or employee, regardless of period of service, who is a member of the Public Employees' Retirement System or the State Teachers'

Retirement System in compensated employment on and after October 1, 1976. Commencing January 1, 1979, it also means a full-time state officer or employee, whether or not a member of such systems, who is an employee of the Legislature and is not a member of the civil service.

(2) A part-time or intermittent state officer or employee, with at least the equivalent of six monthly compensated pay periods of service in the 18 months of pay periods immediately preceding the pay period in which the disability begins, who is a member of the Public Employees' Retirement System or the State Teachers' Retirement System, in compensated employment on or after January 1, 1979.

(3) In addition to those eligible under subdivision (1) of this section, an employee of the trustees of the California State University and Colleges appointed half-time or more for one year of service or one academic year, as defined by the trustees, or more, who is a member of the Public Employees' Retirement System or the State Teachers' Retirement System, in compensated employment on or after January 1, 1979.

(b) "Full pay" means the gross base salary earnable by the employee, and subject to retirement contribution on the date of the commencement of his disability.

(c) "Disability" or "disabled" includes both mental or physical illness and mental or physical injury, and to the extent specified in Section 18135.5, pregnancy. An employee is deemed disabled on any day in which, because of his physical or mental condition, he is unable to perform his regular or customary work.

(d) "Disability benefit period", with respect to any individual, means the continuous period of disability beginning with the first day with respect to which the individual files a valid claim for nonindustrial disability benefits. For the purposes of this chapter, two consecutive periods of disability due to the same or related cause or condition and separated by a period of not more than 14 days shall be considered as one disability benefit period.

(e) "Department" means the Employment Development Department.

(f) "Director" means the Director of Employment Development.

(g) "Appeals board" means the California Unemployment Insurance Appeals Board.

If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 2. Section 18135.5 of the Government Code is amended to read:

18135.5. Benefits relating to pregnancy shall be paid under this

chapter only in accordance with the following:

(a) Disability benefits shall be paid upon a doctor's certification that the claimant is disabled because of an abnormal and involuntary complication of pregnancy, including, but not limited to: puerperal infection, eclampsia, cesarean section delivery, ectopic pregnancy, and toxemia.

(b) Disability benefits shall be paid upon a doctor's certification that a condition possibly arising out of pregnancy would disable the claimant without regard to the pregnancy, including, but not limited to: anemia, diabetes, embolism, heart disease, hypertension, phlebitis, phlebothrombosis, pyelonephritis, thrombophlebitis, vaginitis, varicose veins, and venous thrombosis.

(c) Disability benefits shall be paid, upon a doctor's certification that the claimant is disabled because of a normal pregnancy, for a period not to exceed three weeks immediately prior to the expected birth of a child, and for a period not to exceed three weeks immediately after the termination date of a normal pregnancy. A normal pregnancy presupposes the birth of a live infant without the abnormal complications specified in subdivision (a) of this section.

If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 3. Section 18136 of the Government Code is amended to read:

18136. (a) When an employee is disabled, whether temporarily or permanently, the employee shall become entitled, subject to the provisions of this chapter, to receive nonindustrial disability benefits in an amount equal to one-half full pay, but not to exceed one hundred twenty-five dollars ($125) per week, payable monthly for a period not exceeding 26 weeks for any one disability benefit period, but in no case shall benefits be payable for any day on and after death or separation or retirement from state service.

(b) For purposes of this section, the "full pay" of a part-time or intermittent employee only shall be established in accordance with the following:

(1) Where the part-time employment is regularly scheduled and is a fixed proportion of the established work week, the payments shall be determined on the basis of that proportionate part of the monthly rate.

(2) Where employment is intermittent or irregular, the payments shall be determined on the basis of the proportionate part of a monthly rate established by the total hours actually employed in the 18 monthly pay periods immediately preceding the pay period in which the disability begins as compared to the regular rate for a full-time employee in the same group or class.

(c) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 4. Section 22825.1 of the Government Code is amended to read:

22825.1. Notwithstanding any other provision of this article, the employer's contribution, with respect to each state officer and employee or an annuitant who was in such employment or office including an academic position with a California state university or college or is a survivor of such person, shall be the amount necessary to pay the cost of his enrollment, including the enrollment of his family members, in a health benefits plan or plans or, if less, thirty-eight dollars ($38) for basic and related major medical plans with respect to employees or annuitants enrolled for self alone or for an employee or annuitant so enrolled for self and one family member, seventy-two dollars ($72) or, for an employee or annuitant so enrolled for self and two or more family members, ninety-two dollars ($92). The annual total compensation report by the State Personnel Board shall recommend adjustments of the dollar amounts herein based on the principle that the employer's contribution for each employee or annuitant shall be an amount equal to 100 percent of the weighted average of the premiums required for basic and related major medical plans with respect to employees or annuitants enrolled for self alone plus 90 percent of the weighted average of the additional premiums required for enrollment of family members in basic and major medical plans as applicable for the level of benefits offered by (1) the statewide service plan contracted by the state; (2) the statewide indemnity plan contracted by the state; (3) the two prepaid comprehensive medical-hospital plans with the largest number of enrollments contracted by the state, as determined by the board, whichever is less. There shall be only one such contribution with respect to all annuitants receiving allowances as survivors of the same employee or annuitant.

The employer's contribution under this section for each employee shall commence on the effective date of his enrollment.

The contribution of each employee and annuitant shall be the total cost per month of the benefit coverage afforded him under the plan or plans less the portion thereof to be contributed by the employer.

The Board of Administration of the Public Employees' Retirement System shall report to the Governor and each house of the Legislature by May 31, 1979 on: (1) the effect of the increased state contributions for health insurance provided by the 1978 amendments to this section on the distribution of enrollments in the several health insurance plans offered under this act; (2) the feasibility and cost of providing rebates for the amount of the difference between the

health plan premium and the state contribution to those employees who select a plan with a premium less than the state contribution; and (3) on considerations for improvement and economy in the delivery of health care services.

If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 5. Section 22825.1 of the Government Code is amended to read:

22825.1. (a) Notwithstanding any other provision of this article, the employer's contribution, with respect to each state officer and employee or an annuitant who was in such employment or office including an academic position with a California state university or college or is a survivor of such person, shall be the amount necessary to pay the cost of his enrollment, including the enrollment of his family members, in a health benefits plan or plans or, if less, thirty-eight dollars ($38) for basic and related major medical plans with respect to employees or annuitants enrolled for self alone or for an employee or annuitant so enrolled for self and one family member, seventy-two dollars ($72) or, for an employee or annuitant so enrolled for self and two or more family members, ninety-two dollars ($92). The annual total compensation report by the State Personnel Board shall recommend adjustments of the dollar amounts herein based on the principle that the employer's contribution for each employee or annuitant shall be an amount equal to 100 percent of the weighted average of the premiums required for basic and related major medical plans with respect to employees or annuitants enrolled for self alone plus 90 percent of the weighted average of the additional premiums required for enrollment of family members in basic and major medical plans as applicable for the level of benefits offered by (1) the statewide service plan contracted by the state; (2) the statewide indemnity plan contracted by the state; (3) the two prepaid comprehensive medical-hospital plans with the largest number of enrollments contracted by the state, as determined by the board, whichever is less. There shall be only one such contribution with respect to all annuitants receiving allowances as survivors of the same employee or annuitant.

The employer's contribution under this section for each employee shall commence on the effective date of his enrollment.

The contribution of each employee and annuitant shall be the total cost per month of the benefit coverage afforded him under the plan or plans less the portion thereof to be contributed by the employer.

The Board of Administration of the Public Employees' Retirement System shall report to the Governor and each house of the Legislature by May 31, 1979 on: (1) the effect of the increased state

contributions for health insurance provided by the 1978 amendments to this section on the distribution of enrollments in the several health insurance plans offered under this act; (2) the feasibility and cost of providing rebates for the amount of the difference between the health plan premium and the state contribution to those employees who select a plan with a premium less than the state contribution; and (3) on considerations for improvement and economy in the delivery of health care services.

(b) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 6. Section 22826 of the Government Code is amended to read:

22826. The State of California shall, in addition to the contributions required by Section 22825, contribute additional amounts necessary to provide funds for the administration of this part, and for the establishment and continuation of the State Employees' Contingency Reserve Fund.

The additional contributions shall be in amounts reasonably adequate to pay the administrative expenses and to establish and maintain the State Employees' Contingency Reserve Fund, as determined by the board, but shall not exceed, for each employee or annuitant, the following amounts:

(1) For administrative expenses—two percent (2%) of the total of the contributions made by the employee or annuitant, and the state on behalf of the employee or annuitant, under a plan.

(2) For the State Employees' Contingency Reserve Fund—three percent (3%) of the total of the contributions made by the employee or annuitant, and the state on behalf of the employee or annuitant, under a plan to and including June 30, 1978, and four percent (4%) thereafter.

SEC. 7. It is the intent of the Legislature that employees of the University of California, Hastings College of the Law, and other state employees not covered by the State Employees' Medical and Hospital Care Act be provided benefits comparable to those included in Section 4 of this act.

SEC. 8. It is the intent of the Legislature, if this bill and Assembly Bill No. 3053 are both chaptered and become effective on or before January 1, 1979, both bills amend Section 22825.1 of the Government Code, and this bill is chaptered after Assembly Bill No. 3053, that Section 22825.1 of the Government Code, as amended by Section 4 of this act, shall remain operative until the effective date of Assembly Bill No. 3053, and that on the effective date of Assembly Bill No. 3053, Section 22825.1 of the Government Code, as amended by Section 4 of this act, be further amended in the form set forth in Section 5 of

this act to incorporate the changes in Section 22825.1 proposed by Assembly Bill No. 3053. Therefore, if this bill and Assembly Bill No. 3053 are both chaptered and become effective on or before January 1, 1979, and Assembly Bill No. 3053 is chaptered before this bill and amends Section 22825.1, Section 5 of this act shall become operative on the effective date of Assembly Bill No. 3053.

SEC. 9. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 10. This act shall become operative on July 1, 1978.

SEC. 11. The sum of thirty-seven million two hundred sixty thousand dollars ($37,260,000) is hereby appropriated for expenditure during the 1978–79 fiscal year to the Department of Finance for allocation to the several state offices, departments, boards, bureaus, commissions, Regents of the University of California, Trustees of the California State University and Colleges, and other state agencies for the cost of the benefits prescribed by this act, as follows:

(a) From the General Fund	$28,433,000
(b) From special funds	$3,891,000
(c) From other funds	$4,936,000

SEC. 12. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because duties, obligations, or responsibilities imposed on local government by this act can be accomplished with no additional cost to local government.

SEC. 13. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for the employer's contribution for each employee or annuitant for health benefit plans to remain at the present percentage, this act must take effect immediately.

CHAPTER 845

An act to add Section 50087 to the Government Code, relating to Filipino employees.

[Approved by Governor September 18, 1978. Filed with Secretary of State September 19, 1978]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that persons of Filipino ancestry and national origin are being incorrectly classified as either Spanish surname or Asian in the personnel surveys of city and county employees and that such categorization unfairly discriminates against such persons in the operation of a city or county government's equal employment opportunity program. Therefore, it is the intent of the Legislature that any survey or statistical tabulation conducted by a city, county, or city and county which has at least 5,000 residents or in which 5 percent of the population is of Filipino ancestry or ethnic origin, according to the last federal census, to identify the racial or ethnic characteristics of its employees shall separately identify persons of Filipino ancestry or national origin.

SEC. 2. Section 50087 is added to the Government Code, to read:

50087. Every city, county, or city and county which has at least 5,000 residents or in which 5 percent of the population is of Filipino ancestry or ethnic origin, according to the last federal census, and which conducts any survey as to the ancestry or ethnic origin of its employees, or which maintains any statistical tabulation of minority group employees, shall categorize employees whose ancestry or ethnic origin is Filipino as Filipinos in such survey or tabulation.

SEC. 3. There are no state-mandated local costs in this act which require reimbursement under Section 2231 of the Revenue and Taxation Code in 1978–1979. However, there are state-mandated local costs in this act in 1979–1980 and subsequent years that require reimbursement under Section 2231 of the Revenue and Taxation Code which can be handled in the regular state budget process.

CHAPTER 846

An act to amend, add, and repeal Section 12389 of, and to add Section 12372.5 to, the Insurance Code, relating to title insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 1978. Filed with Secretary of State September 19, 1978.]

The people of the State of California do enact as follows:

SECTION 1. Section 12372.5 is added to the Insurance Code, to read:

12372.5. Notwithstanding the provisions of Section 12372, where a title plant is not being currently maintained, the asset value of such plant shall not exceed its asset value as of the last annual statement date preceding the first month such plant is not currently maintained, less 1/10th thereof for each succeeding year or part

thereof that such plant is not being currently maintained. For the purposes of this section, a title plant shall be deemed currently maintained so long as it is used in the normal conduct of the business of title insurance, and (1) the owner thereof continues regularly to obtain and index title record data to such plant or to a continuation thereof in a format other than that previously used, including, but not limited to, computerization of such data, or (2) the owner thereof is a participant, in an arrangement for joint use of a title plant system regularly maintained in any format, provided such owner is contractually entitled to receive a copy of the title record data contained in such jointly used title plant system during the period of such owner's participation therein, either periodically or upon termination of such participation, at a cost not to exceed the actual cost of duplication of such title record data.

SEC. 2. Section 12389 of the Insurance Code is amended to read:

12389. (a) An underwritten title company as defined in Section 12340.5, which shall be a stock corporation, may engage in the business of preparing title searches, title reports, title examinations, certificates or abstracts of title, upon the basis of which a title insurer writes title policies, provided that:

(1) Only domestic corporations may be licensed under this section and no underwritten title company, as defined in Section 12340.5, shall become licensed under this section, or change the name under which it is licensed or operates, unless it has first complied with the provisions of Section 881.

(2) Depending upon the county or counties in which the company is licensed to transact business, it shall maintain required minimum net worth as follows:

Aggregate number of documents recorded and documents filed in the offices of the county recorders in the preceding calendar year in all counties where the company is licensed to transact business.	Amount of required minimum net worth
Less than 10,000	$20,000
10,000 to 50,000	30,000
50,000 to 100,000	60,000
100,000 to 500,000	100,000
500,000 to 1,000,000	150,000
1,000,000 or more	200,000

"Net worth" is defined as the excess of assets over all liabilities and required reserves. It may carry as an asset the actual cost of its title plant provided the value ascribed to such asset shall not exceed the aggregate value of all other assets.

Where a title plant of an underwritten title company is not being

currently maintained, the asset value of such plant shall not exceed its asset value as determined in the preceding paragraph as of the date to which such plant is currently maintained, less 1/10th thereof for each succeeding year or part thereof that such plant is not being currently maintained. For the purposes of this section, a title plant shall be deemed currently maintained so long as it is used in the normal conduct of the business of title insurance, and (1) the owner thereof continues regularly to obtain and index title record data to such plant or to a continuation thereof in a format other than that previously used, including, but not limited to, computerization of such data, or (2) the owner thereof is a participant, in an arrangement for joint use of a title plant system regularly maintained in any format, provided such owner is contractually entitled to receive a copy of the title record data contained in such jointly used title plant system during the period of such owner's participation therein, either periodically or upon termination of such participation, at a cost not to exceed the actual cost of duplication of such title record data.

An underwritten title company at all times shall maintain current assets of at least ten thousand dollars ($10,000) in excess of its current liabilities, as such current assets and liabilities may be defined pursuant to regulations made by the commissioner. In making such regulations, the commissioner shall be guided by generally accepted accounting principles followed by certified public accountants in this state.

(3) Such an underwritten title company shall obtain from the commissioner a license to transact its business. Such license shall not be granted until the applicant conforms to the requirements of this section and all other provisions of this code specifically applicable to applicant. After issuance the holder shall continue to comply with the requirements as to its business set forth in this code, in the applicable rules and regulations of the commissioner and in the laws of this state.

Any underwritten title company who possesses, or is required to possess, a license pursuant to this section shall be subject as if an insurer to the provisions of Article 8 (commencing with Section 820) of Chapter 1 of Part 2 of Division 1 of this code and shall be deemed to be subject to authorization by the Insurance Commissioner within the meaning of subdivision (e) of Section 25100 of the Corporations Code.

Such license may be obtained by filing an application on a form prescribed by the commissioner accompanied by a filing fee of three hundred dollars ($300). Such license when issued shall be for an indefinite term and shall expire with the termination of the existence of the holder, subject to the annual renewal fee imposed under Sections 12415 and 12416.

An underwritten title company seeking to extend its license to an additional county shall pay a one-hundred-seventy-five-dollar ($175) fee for each such additional county, and shall furnish to the

commissioner evidence, at least sufficient to meet the minimum net worth requirements of paragraph (2), of its financial ability to expand its business operation to include such additional county or counties.

(4) Such an underwritten title company shall furnish an audit to the commissioner on the forms provided by the commissioner annually, either on a calendar year basis on or before March 31st or, if approved in writing by the commissioner in respect to any individual company, on a fiscal year basis on or before 90 days after the end of the fiscal year. The time for furnishing any such audit may be extended, for good cause shown, on written approval of the commissioner for a period, not to exceed 60 days. Failure to submit an audit on time, or within such extended time as the commissioner may grant, shall be grounds for an order by the commissioner to accept no new business pursuant to subdivision (d). Such audits shall be private, except that a synopsis of the balance sheet on a form prescribed by the commissioner may be made available to the public.

The audits shall be made in accordance with generally accepted auditing standards by an independent certified public accountant or independent licensed public accountant approved by the commissioner specifically for the particular company. Approval of an auditor for a particular company shall not be deemed to be a licensing of the auditor nor approval of the auditor for any other company or any other purpose. Any such approval, or the renewal thereof, shall automatically expire on the first day of January in the fifth calendar year following the date of original or renewal approval. The fee for filing an application for such approval or the renewal thereof shall be seventeen dollars and fifty cents ($17.50). The fee for filing the audit shall be thirty-seven dollars and fifty cents ($37.50).

The commissioner may deny or revoke approval or renewal of approval of an auditor for any of the following reasons:

(i) Adverse result in any proceeding before the State Board of Accountancy affecting the auditor's license;

(ii) The auditor has an affiliation with the underwritten title company or any of its officers or directors which would prevent his reports on the company from being reasonably objective;

(iii) The auditor has suffered conviction of any misdemeanor or felony based on his activities as an accountant; or

(iv) Judgment adverse to the auditor in any civil action finding him guilty of fraud, deceit or misrepresentation in the practice of his profession.

Any company which fails to file any audit or other report on or before the date it is due shall pay to the commissioner a penalty fee of one hundred dollars ($100) and on failure to pay such or any other fee or file the audit required by this section shall forfeit the privilege of accepting new business until the delinquency is corrected.

(b) Such an underwritten title company may engage in the escrow business and act as escrow agent provided that:

(1) All funds deposited with the company in connection with any

escrow shall be deposited in a bank in a separate trust account, and such funds shall be the property of the person or persons entitled thereto under the provisions of the escrow and segregated escrow by escrow in the records of the company. Such funds shall not be subject to any debts of the company and shall be used only to fulfill the terms of the individual escrow under which the funds were accepted and none of such funds shall be used until all conditions of the escrow have been met.

Bona fide drafts executed by persons fully responsible financially may at the option of the company, be deemed the equivalent of funds already cleared into such bank deposit unless another law of this state prohibits such persons from tendering such drafts to escrow holders for the purpose of closing escrows.

Any interest received on funds deposited with the company in connection with any escrow which are deposited in a bank shall be paid over to the depositing party to the escrow and shall not be transferred to the account of the company.

(2) It shall maintain record of all receipts and disbursements of escrow funds.
