# MEASURES SUBMITTED TO VOTE OF ELECTORS

Special Election, November 6, 1979

## MEASURES ADOPTED

### Constitutional Amendments Submitted by Legislature

*Number  
on ballot*

1. School Assignment and Transportation of Pupils (Statutes of 1979, Resolution Chapter 18, SCA 2)
2. Loan Interest Rates (Statutes of 1979, Resolution Chapter 49, ACA 52)
3. Property Taxation (Statutes of 1978, Resolution Chapter 85, SCA 60)

### Initiative Measure

4. Limitation of Governmental Appropriations (Constitutional Amendment)

---

---

## INITIATIVE MEASURE

---

---

## ARTICLE XIII B. CONSTITUTION GOVERNMENT SPENDING LIMITATION

[New article adopted November 6, 1979 Initiative measure]

SEC. 1. The total annual appropriations subject to limitation of the state and of each local government shall not exceed the appropriations limit of such entity of government for the prior year adjusted for changes in the cost of living and population except as otherwise provided in this Article.

SEC. 2. Revenues received by any entity of government in excess of that amount which is appropriated by such entity in compliance with this Article during the fiscal year shall be returned by a revision of tax rates or fee schedules within the next two subsequent fiscal years.

SEC. 3. The appropriations limit for any fiscal year pursuant to Sec. 1 shall be adjusted as follows:

(a) In the event that the financial responsibility of providing services is transferred, in whole or in part, whether by annexation, incorporation or otherwise, from one entity of government to another, then for the year in which such transfer becomes effective the appropriations limit of the transferee entity shall be increased by such reasonable amount as the said entities shall mutually agree and the appropriations limit of the transferor entity shall be decreased by the same amount.

(b) In the event that the financial responsibility of providing services is transferred, in whole or in part, from an entity of government to a private entity, or the financial source for the provision of services is transferred, in whole or in part, from other revenues of an entity of government, to regulatory licenses, user charges or user fees, then for the year of such transfer the appropriations limit of such entity of government shall be decreased accordingly.

(c) In the event of an emergency, the appropriation limit may be exceeded provided that the appropriation limits in the following three years are reduced accordingly to prevent an aggregate increase in appropriations resulting from the emergency.

SEC. 4. The appropriations limit imposed on any new or existing entity of government by this Article may be established or changed by the electors of such entity, subject to and in conformity with constitutional and statutory voting requirements. The duration of any such change shall be as determined by said electors, but shall in no event exceed four years from the most recent vote of said electors creating or continuing such change.

SEC. 5. Each entity of government may establish such contingency, emergency, unemployment, reserve, retirement, sinking fund, trust, or similar funds as it shall deem reasonable and proper. Contributions to any such fund, to the extent that such contributions are derived from the proceeds of taxes, shall for purposes of this Article constitute appropriations subject to limitation in the year of contribution. Neither withdrawals from any such fund, nor expenditures of (or authorizations to expend) such withdrawals, nor transfers between or among such funds, shall for purposes of this Article constitute appropriations subject to limitation.

SEC. 6. Whenever the Legislature or any state agency mandates a new program or higher level of service on any local government, the state shall provide a subvention of funds to reimburse such local government for the costs of such program or increased level of service, except that the Legislature may, but need not, provide such subvention of funds for the following mandates:

- (a) Legislative mandates requested by the local agency affected;
- (b) Legislation defining a new crime or changing an existing definition of a crime; or

(c) Legislative mandates enacted prior to January 1, 1975, or executive orders or regulations initially implementing legislation enacted prior to January 1, 1975.

SEC. 7. Nothing in this Article shall be construed to impair the ability of the state or of any local government to meet its obligations with respect to existing or future bonded indebtedness.

SEC. 8. As used in this Article and except as otherwise expressly provided herein:

(a) "Appropriations subject to limitation" of the state shall mean any authorization to expend during a fiscal year the proceeds of taxes levied by or for the state, exclusive of state subventions for the use and operation of local government (other than subventions made pursuant to Section 6 of this Article) and further exclusive of refunds of taxes, benefit payments from retirement, unemployment insurance and disability insurance funds;

(b) "Appropriations subject to limitation" of an entity of local government shall mean any authorization to expend during a fiscal year the proceeds of taxes levied by or for that entity and the proceeds of state subventions to that entity (other than subventions made pursuant to Section 6 of this Article) exclusive of refunds of taxes;

(c) "Proceeds of taxes" shall include, but not be restricted to, all tax revenues and the proceeds to an entity of government, from (i) regulatory licenses, user charges, and user fees to the extent that such proceeds exceed the costs reasonably borne by such entity in providing the regulation, product, or service, and (ii) the investment of tax revenues. With respect to any local government, "proceeds of taxes" shall include subventions received from the state, other than pursuant to Section 6 of this Article, and, with respect to the state, proceeds of taxes shall exclude such subventions;

(d) "Local government" shall mean any city, county, city and county, school district, special district, authority, or other political subdivision of or within the state;

(e) "Cost of living" shall mean the Consumer Price Index for the United States as reported by the United States Department of Labor, or successor agency of the United States Government; provided, however, that for purposes of Section 1, the change in cost of living from the preceding year shall in no event exceed the change in California per capita personal income from said preceding year;

(f) "Population" of any entity of government, other than a school district, shall be determined by a method prescribed by the Legislature, provided that such determination shall be revised, as necessary, to reflect the periodic census conducted by the United States Department of Commerce, or successor agency of the United States Government. The population of any school district shall be such school district's average daily attendance as determined by a method prescribed by the Legislature;

(g) "Debt service" shall mean appropriations required to pay the cost of interest and redemption charges, including the funding of any reserve or sinking fund required in connection therewith, on indebtedness existing or legally authorized as of January 1, 1979 or on bonded indebtedness thereafter approved according to law by a vote of the electors of the issuing entity voting in an election for such purpose.

(h) The "appropriations limit" of each entity of government for each fiscal year shall be that amount which total annual appropriations subject to limitation may not exceed under Section 1 and Section 3; provided, however, that the "appropriations limit" of each entity of government for fiscal year 1978-79 shall be the total of the appropriations subject to limitation of such entity for

that fiscal year. For fiscal year 1978-79, state subventions to local governments, exclusive of federal grants, shall be deemed to have been derived from the proceeds of state taxes.

(i) Except as otherwise provided in Section 5, "appropriations subject to limitation" shall not include local agency loan funds or indebtedness funds, investment (or authorizations to invest) funds of the state, or of an entity of local government in accounts at banks or savings and loan associations or in liquid securities.

SEC. 9. "Appropriations subject to limitation" for each entity of government shall not include:

(a) Debt service.

(b) Appropriations required for purposes of complying with mandates of the courts or the federal government which, without discretion, require an expenditure for additional services or which unavoidably make the providing of existing services more costly.

(c) Appropriations of any special district which existed on January 1, 1978, and which did not as of the 1977-78 fiscal year levy an ad valorem tax on property in excess of 12¼ cents per \$100 of assessed value; or the appropriations of any special district then existing or thereafter created by a vote of the people, which is totally funded by other than the proceeds of taxes.

SEC. 10. This Article shall be effective commencing with the first day of the fiscal year following its adoption.

SEC. 11. If any appropriation category shall be added to or removed from appropriations subject to limitation, pursuant to final judgment of any court of competent jurisdiction and any appeal therefrom, the appropriations limit shall be adjusted accordingly. If any section, part, clause or phrase in this Article is for any reason held invalid or unconstitutional, the remaining portions of this Article shall not be affected but shall remain in full force and effect.

## PROPOSED CHANGES IN CONSTITUTION
