The State Department of Mental Health with respect to a patient or resident in a state hospital or home under its jurisdiction, and the State Department of Developmental Services with respect to a patient or resident in a state hospital or home under its jurisdiction, upon compliance with the provisions of this section, may cause any such person to be sterilized by the operation of vasectomy upon the patient if a male and of salpingectomy if a female or any other operation or treatment that will permanently sterilize but not unsex the patient. When the superintendent of the state hospital or state home is of the opinion that a patient who is afflicted with or suffering from any of the conditions specified in this section should be sterilized, he shall certify such opinion to the director of the department having jurisdiction over the hospital or home and shall at the same time give written notice of such certification to the patient and to his known parents, spouse, adult children, guardian, or conservator, if any, by registered mail to their last known address. If the patient has no known relatives or guardian or conservator, such notice shall be given to the person who petitioned for the patient's commitment. Such notice shall further state that written objection or written consent to the proposed sterilization, should be filed with the director of the department having jurisdiction over the hospital or home at his office in Sacramento within 30 days by the patient, spouse, next of kin, guardian, or conservator.

When a written consent is filed, or if no objection is filed within the 30 days, the director of the department having jurisdiction over the hospital or home, if satisfied that the sterilization will not unduly endanger the patient's health and that it is a proper case for sterilization, may authorize the superintendent to proceed with the sterilization of the patient The director may cause such examination of the patient and other inquiry to be made as he deems advisable before issuing the authorization to the superintendent

If a written objection is filed within the 30 days by the patient, his spouse, next of kin, guardian, or conservator, and in those cases where the patient has no known relatives or guardian or conservator, the proposed sterilization shall not be authorized or performed until the director of the department having jurisdiction over the hospital or home has determined the matter. He shall make full inquiry into

the case, and may hold a hearing at the institution at which hearing the patient shall be present, and the objecting party and others interested on behalf of the patient may be heard. If the decision of the director is that the patient shall not be sterilized, he shall so order and notify the superintendent, the patient and the objecting party. If such petition is filed in court within 30 days, and a true copy thereof is served upon the director of the department having jurisdiction over the hospital or home, the patient shall not be sterilized unless and until the court, after hearing, issues an order authorizing the sterilization of the patient in accordance with the provisions of this section. If such petition is not filed in court within 30 days, the director may authorize the superintendent to proceed with such sterilization. The sterilization of a patient in accordance with the provisions of this section, whether performed with or without the consent of the patient, shall be lawful and shall not render the department, its officers or employees, or any persons participating in the operation liable either civilly or criminally.

SEC. 157. Section 7275 of the Welfare and Institutions Code is amended to read:

7275. The husband, wife, father, mother, or children of a patient in a state hospital for the mentally disordered, the estates of such persons, and the guardian or conservator and administrator of the estate of such patient shall cause him to be properly and suitably cared for and maintained, and shall pay the costs and charges of his transportation to a state institution. The husband, wife, father, mother, or children of a patient in a state hospital for the mentally disordered and the administrators of their estates, and the estate of such person shall be liable for his care, support, and maintenance in a state institution of which he is a patient. The liability of such persons and estates shall be a joint and several liability, and such liability shall exist whether the person has become a patient of a state institution pursuant to the provisions of this code or pursuant to the provisions of Sections 1026, 1368, 1369, 1370, and 1372 of the Penal Code.

This section does not impose liability for the care of mentally retarded persons in state hospitals.

SEC. 158. Section 7279 of the Welfare and Institutions Code is amended to read:

7279. If any person committed to a state mental hospital has

sufficient estate for the purpose, the guardian or conservator of his estate shall pay for his care, support, maintenance, and necessary expenses at the mental hospital to the extent of the estate. Such payment may be enforced by the order of the judge of the superior court where the guardianship or conservatorship proceedings are pending. On the filing of a petition therein by the department showing that the guardian or conservator has failed, refused, or neglected to pay for such care, support, maintenance, and expenses, the court, by order, shall direct the payment by the guardian or conservator. Such order may be enforced in the same manner as are other orders of the court.

If at any time there is not sufficient money on hand in the estate of a committed person to pay the claim of a state mental hospital for his care, support, maintenance, and expenses therein, the court may, on petition of the guardian or conservator of the estate, or if the guardian or conservator fails, refuses, or neglects to apply, on the petition of the department, make an order directing the guardian or conservator to sell so much of the other personal or real property or both, of the person as is necessary to pay for the care, support, maintenance, and expenses of the person at the mental hospital. From the proceeds of such sale, the guardian or conservator shall pay the amount due for the care, support, maintenance, and expenses at the mental hospital, and also such other charges as are allowed by law.

Payment for the care, support, maintenance, and expenses of person at a state hospital shall not be exacted, however, if there is likelihood of the patient's recovery or release from the hospital and payment will reduce his estate to such an extent that he is likely to become a burden on the community in the event of his discharge from the hospital. If a certificate from the medical superintendent of the state hospital in which the person is confined as a patient is filed in the office of the county clerk with the papers in the guardianship or conservatorship proceedings of the patient, in which certificate the medical superintendent states that the patient is suffering from a chronic form of mental disorder and that in his opinion a recovery is beyond reasonable hope and that the patient will in all probability continue to be a charge in a state hospital until death, such certificate shall be prima facie evidence that the patient is not likely to recover or to be released from the hospital, and the guardian or conservator shall pay the amount due for his care, support, maintenance, and expenses at the hospital and such other charges as are allowed by law out of any moneys of the estate in his possession.

SEC. 159. Section 7280 of the Welfare and Institutions Code is amended to read:

7280. 7281. Any funds coming into the possession of the superintendent, belonging to any patient in that institution, shall be deposited in the name of that patient in the patients' personal deposit fund, except that if a guardian or conservator of the estate is appointed for the patient then he shall have the right to demand and receive such funds. Whenever the sum belonging to any one patient, deposited in the patients' personal deposit fund, exceeds the sum of five hundred dollars ($500), the excess may be applied to the payment of the care, support, maintenance and medical attention of the patient. After the death of the patient any sum remaining in his personal deposit account in excess of burial costs may be applied for payment of care, support, maintenance and medical attention. Any of the funds belonging to a patient deposited in the patients' personal deposit fund may be used for the purchase of personal incidentals for the patient or may be applied in an amount not exceeding five hundred dollars ($500) to the payment of his burial expenses.

SEC. 161. Section 7282 of the Welfare and Institutions Code is amended to read:

7282. The State Department of Mental Health with respect to a state hospital under its jurisdiction, or the State Department of Developmental Services with respect to a state hospital under its jurisdiction, may in its own name bring an action to enforce payment for the cost and charges of transportation of a person to a state hospital against any person, guardian, conservator, or relative liable for such transportation. The department also may in its own name bring an action to recover for the use and benefit of any state hospital or for the state the amount due for the care, support, maintenance, and expenses of any patient therein, against any county, or officer thereof, or against any person, guardian, conservator, or relative, liable for such care, support, maintenance, or expenses.

For the purposes of this section, the State Department of Mental Health is hereby made a corporation and may act as executor, administrator, guardian or conservator of estates, assignee, receiver, depositary or trustee, under appointment of any court or by authority of any law of this state, and may transact business in such capacity in like manner as an individual, and for this purpose may sue and be sued in any of the courts of this state.

If a person admitted or committed to the State Department of Mental Health dies, leaving any estate, and having no relatives at the time residing within this state, the State Department of Mental Health may apply for letters of administration of his estate, and, in the discretion of the court, letters of administration may be issued to the department. When the State Department of Mental Health is appointed as guardian, conservator, or administrator, the department shall be appointed as guardian, conservator, or administrator without bond. The officer designated by the department shall be required to give a surety bond in such amount as may be deemed necessary from time to time by the director, but in no event shall the initial bond be less than ten thousand dollars ($10,000), which bond shall be for the joint benefit of the several estates and the State of California. The State Department of Mental Health shall receive such reasonable fees for its services as such guardian, conservator, or administrator as the court allows. The fees paid to the State Department of Mental Health for its services as guardian, conservator, or administrator of the various estates may be used as a trust account from which may be drawn expenses for filing fees, bond premiums, court costs, and other expenses required in the administration of the various estates. Whenever the balance remaining in such trust fund account shall exceed a sum deemed necessary by the department for the payment of such expenses, such excess shall be paid quarterly by the department into the State Treasury to the credit of the General Fund.

SEC. 163. Section 7285 of the Welfare and Institutions Code is amended to read:

7285 The State Department of Mental Health may invest funds held as executor, administrator, guardian or conservator of estates, or trustee, in bonds or obligations issued or guaranteed by the United States or the State of California. Such investments may be made and such bonds or obligations may be sold or exchanged for similar bonds or obligations without notice or court authorization.

7286. The State Department of Mental Health may establish one or more common trusts for investment of funds held as executor, administrator, guardian or conservator of estates, or trustee and may designate from time to time the amount of participation of each estate in such trusts. The funds in such trusts may be invested only in bonds or obligations issued or guaranteed by the United States or the State of California

The income and profits of each trust shall be the property of the estates participating and shall be distributed, when received, in proportion to the amount of participation of each estate in such trust. The losses of each trust shall be the losses of the estates participating and shall be apportioned, as the same occur, upon the same basis as income and profits.

7288. Whenever it appears that such patient does not own property of a value which would warrant guardianship or conservatorship proceedings, the expenses of such removal and safekeeping shall be paid from funds appropriated for the support of the institution in which the patient is receiving care and treatment; provided, however, that if the sum on deposit to the credit of such patient in the patients' personal deposit fund exceeds the sum of three hundred dollars ($300), the excess may be applied to the payment of such expenses of removal and safekeeping.

When it is determined by the superintendent at any time after the removal for safekeeping of such personal property, that the patient is incurable or is likely to remain in a state institution indefinitely, then any of those articles of personal property which cannot be used by the patient at the institution may be sold at public auction and the proceeds therefrom shall first be applied in reimbursement of the expenses so incurred and the balance shall be deposited to the patient's credit in the patients' personal deposit fund. The receipt of such superintendent shall constitute sufficient acquittance for any payment of money made pursuant to the provisions of this section and shall fully discharge such person, representative, officer, body or corporation from any further liability with reference to the amount of money so paid.

The superintendent of each institution shall render such reports and accounts annually or more often as may be required by the department having jurisdiction over the hospital or the Department of Finance of all moneys of patients deposited in the patients' personal deposit accounts of the institution.

The liability of any estate, person, or county for the care, support and maintenance of such patient in the institution to which he is transferred shall be the same as if he had originally been committed to such institution.

296.41. When it is claimed that, in accordance with the provisions of this chapter, any persons have died under circumstances where there is no sufficient evidence that they have died otherwise than simultaneously, the executor or administrator of any such person, or any other person interested in the estate of any such person, may file a petition, in the estate proceeding where he received his appointment, or in which he claims an interest, seeking to have it determined that such persons died under circumstances where there is no sufficient evidence that they died otherwise than simultaneously. The clerk shall set the petition for hearing by the court and cause notice thereof to be personally served at least 10 days before the date of the hearing upon the executor or administrator of each other person claimed to have so died. If the representative of any such other person is also the petitioner then, in lieu of personal service upon him, such notice shall be mailed to the heirs and devisees of such other person, so far as they are known to the petitioner, at least 10 days before the date of hearing.

SEC. 3. Section 326 of the Probate Code is amended to read:

326. A petiton for the probate of the will must state:

(1) The jurisdictional facts;

(2) Whether the person named as executor consents to act or renounces his or her right to letters testamentary;

(3) The address of the decedent's residence at the time of his or her death;

(4) The names, ages, residences, and relation to decedent of the heirs, devisees and legatees of the decedent, so far as known to the petitioner;

(5) The character and estimated value of the property of the estate;

(6) The name of the person for whom letters testamentary are prayed.

Where the necessary jurisdictional facts actually exist but through defect of form or error, they or any of them are incorrectly stated in any petition or pleading, the court has and retains jurisdiction to correct the defect or error at any time. No such defect or error shall make the order admitting the will to probate or any subsequent proceeding void.

SEC 4. Section 327 of the Probate Code is amended to read·

327. When the petition is filed, the clerk of the court shall set the same for hearing by the court upon some day not less than 10 nor more than 30 days thereafter, and cause notice thereof to be

published pursuant to Section 333.

SEC 5 Section 328 of the Probate Code is amended to read:

328. At least 10 days before the hearing, notice of the hearing must be personally served upon the heirs of the testator and the devisees and legatees named in the will and all persons named as executors who are not petitioning, or mailed, postage prepaid, from a post office within this state, addressed to them at their respective places of residence, if known to the petitioner, if not, at the county seat of the county where the proceedings are pending. This notice shall also advise the person receiving the notice of the right to request special notice pursuant to Sections 1202 and 1202.5.

Whenever the instrument offered for probate involves or may involve a testamentary trust of property for charitable purposes other than a charitable trust with a designated trustee, resident in this state, or involves or may involve a bequest or devise for a charitable purpose without an identified legatee, devisee, or beneficiary, notice of the hearing on the petition for probate accompanied by a copy of the petition and the will, must be personally served upon the Attorney General or mailed, postage prepaid from a post office within this state, addressed to him at the office of the Attorney General at Sacramento, California.

SEC. 6. Section 329 of the Probate Code is amended to read:

329. If no one appears to contest the probate, the court may admit the will to probate on the evidence of one of the subscribing witnesses only, if the evidence shows that the will was executed in all particulars as required by law, which evidence may be received by an affidavit to which there is attached a photographic copy of the will, or by an affidavit in the original will which may include or incorporate the attestation clause. If none of the subscribing witnesses resides in the county, but the deposition of one of them can be taken elsewhere, the court may direct it to be taken, and may authorize a photographic copy of the will to be made and to be presented to such witness on his examination, who may be asked the same questions with respect to it and the handwriting of himself, the testator and the other witness, as would be pertinent and competent if the original will were present. If the subscribing witnesses are competent at the time of attesting the execution, their subsequent incompetency, from whatever cause, will not prevent the probate of the will, if it is otherwise satisfactorily proved. If the court is satisfied that the evidence of no subscribing witness can be procured after reasonable search or inquiry, the court may, if the will on its face conforms to all requirements of law, admit the will to probate (1) upon proof of the handwriting of the testator and of any one of the subscribing witnesses or (2) upon proof of the handwriting of the testator and receipt in evidence either of a writing at the end of the document offered as a will bearing the purported signatures of all

subscribing witnesses, or an affidavit of a person with personal knowledge of the circumstances of execution, which writing or affidavit recites facts showing the due execution of the will.

Notice shall be published in a newspaper of general circulation in the city where the decedent resided at time of death, or where the decedent's property is located. If there is no such newspaper, the decedent did not reside in a city, or the property is not located in a city, then notice shall be published in a newspaper of general circulation within the judicial district in which the decedent resided or the property is located. Renewal may be secured by filing with the commissioner an application therefor, together with a fee of ten dollars ($10). Such an application shall be filed during the month of May preceding such July 1st. The commissioner shall furnish the application forms for such renewal. The commissioner shall, upon receipt of a proper renewal application and payment of the filing fee therefor, renew the approval and registration of the underwriter's name unless he finds that:

registration if the same were being initially requested.

If the commissioner so finds he shall advise all insurers using said underwriter's name in writing that the renewal application is denied and set forth with particularity the reasons for the denial. Such denial shall be effective thirty (30) days after mailing of such advice to the insurer unless within such thirty (30) days the insurer requests a hearing. In this event the advice of denial shall constitute the commissioner's opening pleading for the purpose of the hearing, which shall be deemed denied by the insurer. The insurer if it elects may within ten (10) days file additional written response. The hearing shall be noticed and commenced within a reasonable time. During said thirty (30) days, and, if request for hearing be filed until the termination of such proceeding, the insurer may continue the use of the underwriter's name and the issuance of policies thereunder provided timely renewal application has been filed and the filing fee paid.

SEC. 3. Section 5590 is added to the Business and Professions Code, to read:

5590. Within 10 days after a judgment by a court of this state that a certificate holder has committed a crime or is liable for any death, personal or property injury or loss caused by the certificate holder's fraud, deceit, negligence, incompetency or recklessness in practice, the clerk of the court which rendered such judgment shall report the same to the board. However, if the judge who tried the matter finds that it does not relate to the defendant's professional competence or integrity, the judge may, by order, dispense with the requirement that the report be sent.

SEC. 4. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, there shall be no appropriation made by this act pursuant to those sections because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local agencies and school districts which, in the aggregate, do not result in significant identifiable cost changes. Paragraph (2) of

subdivision (c) of Section 2253.2 of that code precludes the State Board of Control from considering claims for costs incurred by the creation of a new crime or infraction or by changes in the penalty for a crime or infraction, but the Department of Finance shall make the report required by Section 2246 of that code on costs mandated by this act.

SECTION 1 Section 1031.5 is added to the Code of Civil Procedure, to read.

(b) The court shall not advise the jury that such expert witness has been appointed by the court, but this shall not preclude the court from calling and examining such expert witness.

SEC. 3. Section 730 is added to the Evidence Code, to read:

730. (b) In the event the proceeding at which the expert witness has been notified his attendance is required is continued or canceled in advance of the time for which it is scheduled, such witness shall be notified of the continuance or cancellation by the party requiring his attendance by the quickest and most reliable means of giving notice under the circumstances. In the event such party fails to give notice as required by this subdivision, then the expert witness shall be entitled to receive the compensation specified in subdivision (a) of this section, notwithstanding his failure to give any testimony.

(b) In the event the proceeding at which the expert witness has been notified his attendance is required is continued or canceled in advance of the time for which it is scheduled, such witness shall be notified of the continuance or cancellation by the party requiring his attendance by the quickest and most reliable means of giving notice under the circumstances. In the event such party fails to give notice as required by this subdivision, then the expert witness shall be entitled to receive the compensation specified in subdivision (a) of this section, notwithstanding his failure to give any testimony.

It is recognized, however, that a local agency or school district may pursue any other remedies available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 9. Sections 3, 5, and 7 shall become operative on Janaury 1, 1983.

CHAPTER 747

The people of the State of California do enact as follows:

SEC. 1.5. Section 7110 of the Business and Professions Code is amended to read:

7110 Willful or deliberate disregard and violation of the building laws of the state, or of any political subdivision thereof, or of the minimum painting standards adopted pursuant to Section 37040 of the Health and Safety Code, or of Section 8505 or 8556 of this code, or of Sections 1689 5 to 1689.7, inclusive, and Sections 1689.10 to 1689.13, inclusive, of the Civil Code, or of the safety laws or labor laws or compensation insurance laws or Unemployment Insurance Code of the state, or violation by any licensee of any provision of the Health and Safety Code or Water Code, relating to the digging, boring, or drilling of water wells constitutes a cause for disciplinary action.

SEC. 2. Article 11 (commencing with Section 7165) is added to Chapter 9 of Division 3 of the Business and Professions Code, to read:

Article 11. Swimming Pool Construction

7165. (a) The Legislature finds that a need exists for a more complete understanding between customers and contractors engaged in the swimming pool construction business regarding the content and conditions of transactions for swimming pool construction; that many misunderstandings have arisen because of the lack of a standard body of requirements relating to such transactions, and that certain sales and business practices, and construction practices, have worked financial hardship upon the people of this state; that the swimming pool construction business has

a significant impact on the economy and well-being of this state, its communities, and its individual citizens; that the problems which have arisen relative to the swimming pool construction business are peculiar to that business; and that the provisions of this article relating to the swimming pool construction business are necessary for the public welfare.

(b) The Legislature declares that the purpose of this article is to create an area of understanding and to establish standards which will safeguard the people against the imposition of financial hardship, and encourage competition, fair dealing, and prosperity in the swimming pool construction business.

7166. As used in this article, "swimming pool contractor" includes any person, consultant to an owner-builder, firm, association, organization, partnership, business trust, corporation, or company who or which undertakes to, offers to undertake to, purports to have the capacity to undertake to, submits a bid to, or does itself, or by or through others, or on behalf of an owner-builder, construct any swimming pool.

7167. Every contract for the construction of a swimming pool shall be subject to the provisions of this article. Every contract for the construction of a swimming pool and any changes in the contract subject to the provisions of this article shall be in writing and shall be signed by all parties to the contract. The writing shall contain the following:

(a) The name, address, and license number of the contractor, and the name and registration number of any salesman who solicited or negotiated the contract.

(b) The approximate date when the work will begin and the date certain on which all construction is to be completed.

(c) A plan and scale drawing showing the shape, size, dimensions, and construction and equipment specifications, of the pool, as approved by the person contracting for construction, and a description of all work to be done, the materials and equipment to be used, and the agreed consideration for the work.

(d) A schedule of payments showing the amount of each payment as a sum in dollars and cents. The schedule of payments shall be specifically referenced to the amount of work to be performed and to any materials and equipment to be supplied.

(e) If the payment schedule contained in the contract provides for a downpayment to be paid to the contractor by the owner before the commencement of work, such downpayment shall not exceed two hundred dollars ($200) or 2 percent of the contract price, excluding finance charges, whichever is the lesser.

(f) In no event shall the payment schedule provide for the contractor to receive payments, including any initial downpayment, in excess of 100 percent of the value of the work performed on the project at any time, excluding finance charges, except that the contractor may receive an initial downpayment authorized by this section and final payment at the completion of the final plastering

phase of construction provided that any installation or construction of equipment, decking, or fencing required by the contract is also completed.

(g) The requirements of subdivisions (d), (e), and (f) pertaining to the payment schedule shall not apply when the contract provides for the contractor to furnish performance and payment bond, lien and completion bond, or a bond equivalent approved by the Registrar of Contractors covering 100 percent of the contract and such bonds are furnished by the contractor, or when the parties agree for full payment to be made upon satisfactory completion of the project.

(h) The contract shall state that upon satisfactory payment being made for any portion of the work performed, the contractor shall, prior to any further payment being made, furnish to the person contracting for the swimming pool a full and unconditional release from any claim of mechanic's lien by the contractor, or by a person entitled to enforce a mechanic's lien pursuant to Section 3114 of the Civil Code, for that portion of the work for which payment has been made.

(i) No additional work shall be performed without prior written authorization of the person contracting for the construction of the swimming pool. Any such authorization shall be on a contract change-order form showing the agreed terms and reasons for such changes, and shall be approved by both parties in writing. Any such change-order forms shall be incorporated in, and become a part of, the contract.

7168. At the time a contract for the construction of a swimming pool is signed by the parties, the swimming pool contractor shall deliver a legible copy of such contract to the person contracting for construction of the swimming pool.

7169. In any action between a person contracting for construction of a swimming pool and a swimming pool contractor, arising out of a contract for swimming pool construction, the court shall award reasonable attorney's fees to the prevailing party.

7170. The provisions of this article shall not apply to contracts for the construction of swimming pools to be built for the use and enjoyment of other than a single-family unit upon or contiguous to premises occupied only by a single-family unit, nor shall they apply to the construction of swimming pools built as part of an original building plan by the same contractor who builds a single-family dwelling unit on the premises.

7171. The provisions of this article are not exclusive and do not relieve the contractor or any contract subject to them from compliance with all other applicable provisions of law.

7172. Any contract for the construction of a swimming pool which does not comply with the applicable provisions of this article shall be void and unenforceable by the contractor as contrary to public policy.

7173. A violation of the provisions of this article by a licensee

under this chapter, his agent, or salesman, or by any person acting in the capacity of a contractor, is a misdemeanor punishable by a fine of not less than one hundred dollars ($100) nor more than five thousand dollars ($5,000) or by imprisonment in the county jail not exceeding one year, or by both such fine and imprisonment.

SEC. 3. Title 1 (commencing with Section 1725) of Part 4 of Division 3 of the Civil Code is repealed.

SEC. 4. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to these sections because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 748

This definition shall be construed so that persons displaced as a result of public action receive relocation benefits in cases where they are displaced as a result of an owner participation agreement or an acquisition carried out by a private person for or in connection with a public use where the public entity is otherwise empowered to acquire the property to carry out the public use. Except tenants or

occupants of housing made available on a permanent basis by a public agency, a "displaced" person shall not include: (1) any person who, at the time of the public entity's acquisition of the real property, was not a tenant or occupant in lawful possession of the real property, and whose right of possession at the time of moving arose after the date of the public entity's acquisition of the real property and with knowledge of such acquisition; or (2) unless federal law or regulations require such a tenant to be considered a displaced person, any nonresidential tenant or occupant who moves as a result of his breach of his tenancy agreement.

(d) "Business" means any lawful activity, except a farm operation, conducted primarily:

(1) For the purchase, sale, lease, or rental of personal and real property, and for the manufacture, processing, or marketing of products, commodities, or any other personal property;

(2) For the sale of services to the public;

(3) By a nonprofit organization; or

(4) Solely for the purpose of Section 7262 for assisting in the purchase, sale, resale, manufacture, processing, or marketing of products, commodities, personal property, or services by the erection and maintenance of an outdoor advertising display, whether or not such display is located on the premises on which any of the above activities are conducted.

(e) "Farm operation" means any activity conducted solely or primarily for the production of one or more agricultural products or commodities, including timber, for sale or home use, and customarily producing such products or commodities in sufficient quantity to be capable of contributing materially to the operator's support.

(f) "Affected property" means any real property which actually declines in fair market value because of acquisition by a public entity for public use of other real property and a change in the use of the real property acquired by the public entity.

(g) "Public use" means a use for which real property may be acquired by eminent domain.

(h) "Mortgage" means such classes of liens as are commonly given to secure advances on, or the unpaid purchase price of, real property, together with the credit instruments, if any, secured thereby.

CHAPTER 749

[Approved by Governor September 18, 1979 Filed with Secretary of State September 19, 1979.]

The people of the State of California do enact as follows:

SECTION 1. Section 3501 of the Labor Code is repealed.

SEC. 2. Section 3501 is added to the Labor Code, to read:

3501. A child under the age of 18 years, or over that age but physically or mentally incapacitated from earning shall be conclusively presumed to be wholly dependent for support upon a deceased employee-parent with whom that child is living at the time of injury resulting in death of the parent or for whose maintenance the parent was legally liable at the time of injury resulting in death of the parent, there being no surviving totally dependent parent.

SEC. 3. Section 3503 of the Labor Code is amended to read:

3503. No person is a dependent of any deceased employee unless in good faith a member of the family or household of the employee, or unless the person bears to the employee the relation of husband or wife, child, posthumous child, adopted child or stepchild, grandchild, father or mother, father-in-law or mother-in-law, grandfather or grandmother, brother or sister, uncle or aunt, brother-in-law or sister-in-law, nephew or niece.

SEC. 4. Section 4702 of the Labor Code is amended to read:

4702. Except as provided in the next paragraph, the death benefit in cases of total dependency, when added to all accrued disability indemnity, shall be the sum of fifty thousand dollars ($50,000) except in the case of a surviving spouse and one or more dependent minor children or in the case of two or more surviving dependent minor children, in either of which cases, the death benefit shall be fifty-five thousand dollars ($55,000) and except as otherwise provided in Sections 4553 and 4554. In cases of partial dependency the death benefit shall be a sum equal to four times the amount annually devoted to the support of the dependents by the employee, not to exceed the sum of fifty thousand dollars ($50,000). The death benefit in all cases shall be paid in installments in the same manner and amounts as temporary disability indemnity, payments to be made at least twice each calendar month, unless the appeals board otherwise orders.

Disability indemnity shall not be deducted from the death benefit and shall be paid in addition to the death benefit when the original injury resulting in death occurs after the effective date of the amendment to this section adopted at the 1949 Regular Session of the Legislature.

Every computation made pursuant to this section shall be made only with reference to death resulting from an original injury sustained after this section as amended in 1979 during the 1979–80 Regular Session of the Legislature becomes effective; provided, however, that all rights presently existing under this section shall be continued in force.

SEC. 5. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code for the reimbursement of any local agency or school district for any costs

that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act. It is recognized, however, that such agency or district may pursue any other remedies available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 750

An act to add Section 529.1 to the Code of Civil Procedure, relating to courts.

[Approved by Governor September 18, 1979 Filed with Secretary of State September 19, 1979]

The people of the State of California do enact as follows:

SECTION 1. Section 529.1 is added to the Code of Civil Procedure, to read:

529.1. In all actions in which the court has granted an injunction sought by any plaintiff, other than the state, a county, a municipal corporation, or other public agency, to enjoin a construction project which has received all legally required licenses and permits, the defendant may apply to the court by noticed motion for an order requiring the plaintiff to furnish a written undertaking as security for costs and any damages that may be incurred by the defendant by the conclusion of the action or proceeding as the result of a delay in the construction of the project. The motion shall be made on the grounds that there is no reasonable possibility that the plaintiff will obtain a judgment against the moving defendant and that the plaintiff will not suffer undue economic hardship by filing the undertaking.

If the court, after hearing, determines that the grounds for the motion have been established, the court shall order that the plaintiff file the undertaking in an amount specified in the court's order as security for costs and damages of the defendant. The liability of the plaintiff pursuant to this section for the costs and damages of the defendant shall not exceed five hundred thousand dollars ($500,000).

An action on the undertaking provided by this section shall be brought in the same manner as for an undertaking made pursuant to Section 529.

As used in this section, a construction project includes, but is not restricted to, the construction, surveying, design, specifications, alteration, repair, improvement, maintenance, removal, or demolition of any building, highway, road, parking facility, bridge, railroad, airport, pier or dock, excavation or other structure, development or other improvement to real or personal property. CHAPTER 751

An act to add and repeal Division 5 (commencing with Section 12100) to the Unemployment Insurance Code, relating to employment.

[Approved by Governor September 18, 1979 Filed with Secretary of State September 19, 1979]

The people of the State of California do enact as follows:

SECTION 1. Division 5 (commencing with Section 12100) is added to the Unemployment Insurance Code, to read:

DIVISION 5. LEISURE SHARING

CHAPTER 1. GENERAL PROVISIONS

12100. The Legislature finds and declares that the persistence of high levels of unemployment, even during periods of substantial economic growth, is a matter of serious concern to the people of California, and requires a continuing search for solutions.

The Legislature further finds that measures undertaken at all levels of government to stimulate employment and to abate unemployment are by and large appropriate and useful, but that the aggregate impact of such measures over the years has fallen short of achieving and maintaining full employment. The Legislature therefore finds it proper and prudent to augment existing efforts by encouraging the development of new measures intended to increase employment opportunities.

It is the intent of this legislation to promote experimentation with means of creating employment opportunities through voluntary redistribution of hours of work, permitting more time away from work for those who desire additional leisure while providing employment for those who have no work.

It is explicitly not the intent of this legislation to impose any constraints upon participating employers to modify any of their policies governing the operation of their business.

12100.5. Nothing in this division shall be construed to supersede or impair any contrary provisions contained in an existing collective bargaining agreement.

12101. The Employment Development Department shall administer the provisions of this division subject to the provisions of Section 12112. The department shall develop administrative procedures and guidelines necessary to carry out the intent of this division, including, but not limited to, means to monitor and measure program effectiveness.

12102 Definitions:

(a) "Leisure sharing" means a job-creation concept in which some

full-time workers voluntarily reduce worktime under such circumstances that additional employment opportunities result from the employer's desire to maintain a given level of production.

The term leisure sharing is to be distinguished from work sharing or shared work as such terms are used in Sections 978.5 and 1279.5. In the context of this code, leisure sharing refers to the creation of employment opportunities through voluntary reduced worktime conjoined with a maintenance of production, whereas work sharing or shared work refer to the preservation of existing employment opportunities to the extent possible through worktime reductions in the face of diminished production requirements.

(b) "Reduced worktime" means a period of worktime less than that established by law or usage in a given work setting to be the standard for full-time.

(c) "Reduced workday" means fewer than the standard number of hours for a full-time workday

(d) "Reduced workweek" means fewer than the standard number of days for a full-time workweek.

(e) "Reduced workyear" means additional days or weeks off work beyond those normally granted to a full-time worker.

(f) "Extended leave" or "sabbatical leave" means a very long continuous leave of absence from work of up to one year, with return rights, when granted, coming usually after a number of years of continuous service with the same employer.

(g) "Job sharing," "job pairing," or "twinning" means a form of job structuring in which two or more persons jointly fulfill the responsibilities of one full-time position with some degree of cooperation between them

CHAPTER 2. PROGRAM GRANTS

12110 In order to encourage voluntary participation by employers in the private sector, grants shall be made to offset increases in such employers' labor costs which are directly attributable to participation in the leisure sharing program authorized by this division.

12111. The director shall identify potentially reimbursable costs, which shall include, but need not be limited to·

(a) Costs of additional payroll taxes, and costs of fringe benefits that are part of the employer's regular compensation package which by law cannot be prorated to a participating employee's worktime reduction under this program.

(b) Additional costs of recruitment and training that cannot reasonably or appropriately be defrayed under another program

(c) Administrative costs of developing and maintaining participation in the program not covered by the technical assistance provided or in other ways.

(d) Special costs such as experience rating increases consequent on layoffs resulting from modifying or dropping participation either

by the employer or employees, or at the termination of the experimental period.

(e) Costs of maintaining full selected fringe benefits of participating employees where, in the judgment of the panel established pursuant to Section 12112, such costs would enhance the research objectives of the program by presenting an opportunity to study the effects of such incentives on participation in a controlled setting, and would not be unduly costly relative to the funds available to the program.

12112. A procedure for applying for grants shall be developed by a panel consisting of the directors of the Employment Development Department, the Department of Industrial Relations, and the Department of Economic and Business Development, who shall also make the final decision on the awarding of grants.

12113. Applications for grants may be considered for award if the application indicates that the employer is prepared to:

(a) Permit a sufficient number of employees to elect a sufficient amount of additional leave from work, provide evidence that such employees are in fact willing and ready to reduce worktime, and that the number of employees in the subject work force will be increased to maintain output. It shall also be clear that workers understand participation is strictly voluntary and reversible under the circumstances specified in subdivisions (b) and (c).

(b) Outline a reasonable number of options as to manner and duration of reducing worktime.

(c) Specify a reasonable time period after which participating workers may revise their options or revert to their prior status, and in which nonparticipating workers may elect to participate.

(d) Present a plan for proration of items of compensation of participating workers to each worker's new worktime pattern, which plan shall include the right of a worker to reimburse the employer the pro rata cost for maintenance of full benefits where the employee wishes to maintain such benefits.

12114. The following priorities shall be considered in making grant awards:

(a) The application shows high potential for creating a substantial number of permanent employment opportunities which would not otherwise exist.

(b) The application, when considered with other applications, offers an opportunity to broaden the experimentation with reduced worktime through the variety and flexibility offered to employees in the manner and duration of reduced worktime options.

(c) The application, when considered with other applications, offers an opportunity to expand an understanding of the characteristics of employees who are likely to participate.

(d) The extent of the opportunity to study the interaction of this program with other employment opportunity programs.

(e) The application, when considered with other grant applications, provides an opportunity to compare cost issues in

relatively similar settings.

(f) The application provides an appropriate opportunity to study the effect of incentives to participation such as those outlined in subdivision (e) of Section 12111.

12115. No grant applicant shall be authorized to receive reimbursement under this chapter for a period exceeding two years.

12116. The director shall make appropriate reimbursements to grantees for expenses designated by Section 12111 in a timely manner agreed upon by the grantee at the outset of the grantee's participation in the program.

CHAPTER 3. TECHNICAL ASSISTANCE

12120. The department shall disseminate information to employers explaining the nature and purpose of the leisure sharing program.

The department shall also provide technical assistance:

(a) To employers who wish to apply for participation in the program and to measure the extent of interest among employees of such employer.

(b) To participating employers to set up and operate such program in order to maximize the impact on employment, minimize costs, and maximize research findings.

(c) To participating employers to make the maximum appropriate use of existing federal, state, and local government aid programs related to objectives of this program, such as the Comprehensive Employment Training Act program and other recruitment programs, and to assist an employer in qualifying for any benefits to which he may be eligible under employment incentive tax or similar programs. Such assistance shall be designed to reduce to an absolute minimum administrative efforts and expenses required of the employer; provided, however, that the department shall specifically advise each applicant that utilization of any other voluntary aid or incentive program as described in this section shall be solely at the discretion of the applicant and shall in no way be construed as a condition or precondition of an employer's participation in the demonstration program under this division

12121. In enacting this division, the Legislature specifically intends that the director shall not take into consideration as a possible offset against reimbursable labor costs under Section 12111 such windfalls to a participating employer as:

(a) A tax incentive benefit or similar benefit gained by the employer through another public program specifically designed to encourage the employment of certain individuals, when such individuals have become employed as a result of the operation of the program under this division.

(b) A decline in total wages paid as a result of prorating the wages of high seniority employees while hiring new employees at lower wage rates as a result of the operation of the program under this

division.

(c) Any productivity gains which may be attributable to a positive effect of this program.

CHAPTER 4. PROGRAM EVALUATION

12130. The department shall competitively contract with organizations competent in the field of program evaluation for the evaluation of the program established by this division. Pursuant to procedures and guidelines adopted by the department, such contractors shall monitor the progress and performance of each program to determine the effectiveness of such programs pursuant to the criteria established by Section 12131.

12131. Each program for which a grant has been awarded shall be evaluated periodically to determine.

(a) The cost to government of creating jobs in the manner prescribed by this division. Such evaluation shall determine and distinguish between costs incurred in averting an increase in the participating employers' unit labor costs, the cost of providing technical assistance, and other costs of administering the program.

(b) The comparison of such costs with the costs of creating jobs through other government assisted programs, such as the Comprehensive Employment and Training Act (29 U.S.C.A. 801 et. seq.) and Work Incentive Programs authorized by Division 2 (commencing with Section 5000) of this code.

(c) The comparison of such costs with the costs of providing public assistance and similar services to households in which the employable wage earner is unemployed, including, but not limited to, a comparison of tax collections from employed individuals versus direct and indirect expenditures from tax revenues on behalf of such persons.

(d) The benefits to employers such as productivity improvements attributable to the program resulting from, among other things, improved morale, reduced personnel turnover, and a larger trained reserve work force

(e) The benefits to participating employees which shall include a survey of the employees' expectations and experience.

(f) Broad social and economic benefits, if any, that may reasonably be projected from a potential expansion of the concept to a larger segment of the labor market.

(g) To the extent possible, what kinds of employers and employees are most likely to participate, and why, including an evaluation of the effectiveness of incentives to participation as outlined in subdivision (e) of Section 12111.

CHAPTER 5. MISCELLANEOUS

12140. Nothing in this division shall be construed to impose upon any employer who is participating in a job creation experimental

program under this division any requirement beyond what is contained in other provisions of law with respect to what persons shall or may be hired by such employer to fill job vacancies created by the operation of the experimental program.

12141. The department shall report to the Legislature, on or before January 1 and July 1 of each year, its progress in implementing this division, including the number of persons employed as a result of the enactment of this division.

CHAPTER 6. FUNDING

12150. The Employment Development Department is authorized to accept any federal or other funds which are available for the purposes of this division.

12151. It is the intent of the Legislature that the Employment Development Department, with the assistance of the Department of Industrial Relations and the Department of Economic and Business Development, seek and apply for funds from the federal government and other potential sources to implement the program established under this division.

12152. If, as a condition of receiving funds for implementing the program established under this division from federal or other sources, it is required that windfalls to a participating employer such as those described in Section 12121 be taken into consideration in determining reimbursable labor costs, the provisions of Section 12121 shall be inoperative to the extent required by the conditions for receiving such implementation funds.

SEC. 2. This act shall become operative upon the date that any federal or other funds are received and shall remain operative for a period of three years after such date.

CHAPTER 752

An act to amend Sections 7006 and 7017 of the Civil Code, relating to parent and child.

[Approved by Governor September 18, 1979. Filed with Secretary of State September 19, 1979.]

The people of the State of California do enact as follows:

SECTION 1. Section 7006 of the Civil Code is amended to read:

7006. (a) A child, the child's natural mother, or a man presumed to be his father under paragraph (1), (2), or (3) of subdivision (a) of Section 7004, may bring an action as follows:

(1) At any time for the purpose of declaring the existence of the father and child relationship presumed under paragraph (1), (2), or (3) of subdivision (a) of Section 7004

(2) For the purpose of declaring the nonexistence of the father and child relationship presumed under paragraph (1), (2), or (3) of subdivision (a) of Section 7004 only if the action is brought within a reasonable time after obtaining knowledge of relevant facts. After the presumption has been rebutted, paternity of the child by another man may be determined in the same action, if he has been made a party.

(b) Any interested party may bring an action at any time for the purpose of determining the existence or nonexistence of the father and child relationship presumed under paragraph (4) of subdivision (a) of Section 7004.

(c) An action to determine the existence of the father and child relationship with respect to a child who has no presumed father under Section 7004 or whose presumed father is deceased may be brought by the child or personal representative of the child, the State Department of Social Services, the mother or the personal representative or a parent of the mother if the mother has died or is a minor, a man alleged or alleging himself to be the father, or the personal representative or a parent of the alleged father if the alleged father has died or is a minor. The commencement of such an action shall suspend any pending proceeding in connection with the adoption of such child, including a proceeding pursuant to subdivision (b) of Section 7017, until a judgment in the action is final.

(d) Except as to cases coming within the provisions of Section 621 of the Evidence Code, a man not a presumed father may bring an action for the purpose of declaring that he is the natural father of a child having a presumed father under Section 7004, if the mother relinquishes for, consents to, or proposes to relinquish for or consent to, the adoption of the child. Such an action shall be brought within 30 days after the man is served as prescribed in subdivision (f) of Section 7017 with a notice that he is or could be the father of such child or the birth of the child, whichever is later. The commencement of such action shall suspend any pending proceeding in connection with the adoption of such child until a judgment in the action is final.

(e) Regardless of its terms, an agreement between an alleged or presumed father and the mother or child does not bar an action under this section.

(f) An action under this section may be brought before the birth of the child.

(g) The district attorney may also bring an action under this section in any case in which he believes that the interests of justice will be served thereby.

SEC. 2. Section 7017 of the Civil Code is amended to read:

7017. (a) (1) If a mother relinquishes for or consents to or proposes to relinquish for or consent to the adoption of a child who has (1) a presumed father under subdivision (a) of Section 7004 or (2) a father as to whom the child is a legitimate child under prior law of this state or under the law of another jurisdiction, the father shall

be given notice of the adoption proceeding and have the rights provided under Chapter 2 (commencing with Section 221), Title 2, Part 3, Division 1 of the Civil Code, unless the father's relationship to the child has been previously terminated or determined by a court not to exist or the father has voluntarily relinquished or consented to the adoption of such child.

(2) If a father relinquishes or consents to or proposes to relinquish a child for adoption, the mother shall be given notice of the adoption proceeding and have the rights provided under Chapter 2 (commencing with Section 221), Title 2, Part 3, Division 1 of the Civil Code, unless the mother's relationship to the child has been previously terminated by a court or the mother has voluntarily relinquished or consented to the adoption of such child.

(b) If a mother relinquishes for, consents to, or proposes to relinquish for or consent to the adoption of a child who does not have (1) a presumed father under subdivision (a) of Section 7004 or (2) a father as to whom the child is a legitimate child under prior law of this state or under the law of another jurisdiction, or if a child otherwise becomes the subject of an adoption proceeding and the alleged father, if any, has not, in writing, denied paternity, waived his right to notice, voluntarily relinquished or consented to the adoption, the agency or person to whom the child has been or is to be relinquished, or the mother or the person having custody of the child, shall file a petition in the superior court to terminate the parental rights of the father, unless the father's relationship to the child has been previously terminated or determined not to exist by a court, or unless the father has been served as prescribed in subdivision (f) with a written notice alleging that he is or could be the natural father of the child to be adopted or placed for adoption and has failed to bring an action for the purpose of declaring the existence of the father and child relationship pursuant to subdivision (c) of Section 7006 within 30 days of service of such notice or the birth of the child, whichever is later.

(c) In an effort to identify the natural father, the court shall cause inquiry to be made of the mother and any other appropriate person by the State Department of Social Services, a licensed county adoption agency, or the licensed adoption agency to which the child is to be relinquished, or in the case of a stepparent adoption, at the option of the board of supervisors, a licensed county adoption agency, the county department designated by the board of supervisors to administer the public social services program, or the county probation department. The inquiry shall include the following: whether the mother was married at the time of conception of the child or at any time thereafter; whether the mother was cohabiting with a man at the time of conception or birth of the child; whether the mother has received support payments or promises of support with respect to the child or in connection with her pregnancy; or whether any man has formally or informally acknowledged or declared his possible paternity of the child The

department or the licensed adoption agency shall report the findings to the court.

(d) If, after the inquiry, the natural father is identified to the satisfaction of the court, or if more than one man is identified as a possible father, each shall be given notice of the proceeding in accordance with subdivision (f), unless he has been served with a written notice alleging that he is or could be the natural father of the child to be adopted, or placed or relinquished for adoption and has failed to bring an action pursuant to subdivision (c) of Section 7006 to declare the existence of the father and child relationship within 30 days of serving such notice or the birth of the child, whichever is later. If any of them fails to appear or, if appearing, fails to claim custodial rights, his parental rights with reference to the child shall be terminated. If the natural father or a man representing himself to be the natural father, claims custodial rights, the court shall proceed to determine parentage and custodial rights in whatever order the court deems proper. If the court finds that the man representing himself to be the natural father is a presumed father under subdivision (a) of Section 7004, then the court shall issue an order providing that the father's consent shall be required for an adoption of the child. In all other cases, the court shall issue an order providing that only the mother's consent shall be required for the adoption of the child.

(e) If, after the inquiry, the court is unable to identify the natural father or any possible natural father and no person has appeared claiming to be the natural father and claiming custodial rights, the court shall enter an order terminating the unknown natural father's parental rights with reference to the child.

(f) Notice of the proceeding shall be given to every person identified as the natural father or a possible natural father in accordance with the provisions of the Code of Civil Procedure for the service of process in a civil action in this state, provided that publication or posting of the notice of the proceeding shall not be required Proof of giving the notice shall be filed with the court before the petition is heard. However, if a person identified as the natural father or possible natural father cannot be located or his whereabouts are unknown or cannot be ascertained, the court may issue an order dispensing with notice to such person.

(g) Any order requiring or dispensing with a father's consent for the adoption of a child may be appealed from in the same manner as an order of the juvenile court declaring a person to be a ward of the juvenile court

SEC. 4. Notice of every public auction or bid opening shall be posted on the property to be sold and shall be published in a newspaper of general circulation published in the county in which the real property to be sold is situated. All parcels in each section of this act shall be exempt from the provisions of Sections 21000 to 21174, inclusive, of the Public Resources Code.

SEC. 5. Any cost or expense incurred in the disposition of any parcel may be reimbursed from the proceeds of such disposition.

SEC. 6. Subject to Section 5 hereof, any moneys received from the disposition of any parcel shall be paid into the General Fund, except that any money received from the disposition of Parcels 4, 5, 6, and 7 as described in Section 1, and Parcels 1 and 2 described in Section 3, shall be paid into the Collier Park Preservation Fund, that any money received from the disposition of Parcel 3 as described in Section 1 shall be paid into the Capital Outlay Fund for Public Higher Education and that any money received from the disposition of Parcel 12, as described in Section 1, shall be paid into the Wildlife Restoration Fund.

General Services shall except and reserve to the state all mineral deposits, as defined in Section 6407 of the Public Resources Code, below a depth of 500 feet, without surface rights of entry. As to any such property sold containing more than 10 acres, the Director of General Services shall except and reserve in the state all mineral deposits, as defined in Section 6407 of the Public Resources Code, together with the right to prospect for, mine and remove such deposits. Such rights to prospect for, mine and remove may be limited to those areas of the property conveyed which the director determines to be reasonably necessary for the removal of such resources and deposits.

CHAPTER 763

An act to add Section 17530.1 to the Business and Professions Code, relating to trusts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 19, 1979. Filed with Secretary of State September 19, 1979.]

The people of the State of California do enact as follows:

SECTION 1. Section 17530.1 is added to the Business and Professions Code, to read:

17530.1. (a) It shall be unlawful for a person to recommend to a prospective trustor any person to serve as trustee with knowledge or having reason to believe that the proposed trustee is insolvent or is about to become insolvent.

For purposes of this section, "insolvent" means a person who has ceased to pay that person's debts as they become due or whose liabilities exceed that person's assets.

(b) The provisions of this section shall not apply to any trustee named in any deed of trust or mortgage which secures a note or evidence of indebtedness on real property when such trustee acts solely in that capacity.

SEC. 2. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, there shall be no appropriation made by this act pursuant to these sections because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local agencies and school districts which, in the aggregate, do not result in significant identifiable cost changes. Paragraph (2) of subdivision (c) of Section 2253.2 of that code precludes the State Board of Control from considering claims for costs incurred by the creation of a new crime or infraction or by changes in the penalty for a crime or infraction, but the Department of Finance shall make the report required by Section 2246 of that code on costs mandated

by this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Persons in the business of setting up trusts are continuing to advocate the use of out-of-state trustees which have become insolvent. In order to prevent further losses it is necessary that this act take effect immediately.

CHAPTER 764

An act to amend Section 52612 of the Education Code, relating to adult education.

[Approved by Governor September 19, 1979. Filed with Secretary of State September 19, 1979.]

The people of the State of California do enact as follows:

SECTION 1. Section 52612 of the Education Code is amended to read:

52612. Except as specified in this section, an adult enrolled in a class for adults may be required by the governing board of the district maintaining the class to pay a fee for such class. No charge of any kind shall be made for a class in English and citizenship for foreigners or a class in an elementary subject. No fee charge shall be made for a class designated by the governing board as a class for which high school credit is granted when such class is taken by a person who does not hold a high school diploma. The total of the fees required and revenues derived from average daily attendance shall not exceed the estimated cost of all such classes maintained, including the reserves authorized by Section 52501.5.

All textbooks and classroom materials furnished without charge under this section may also be offered for sale at the school bookstore

SEC. 2. The Legislature in enacting this act hereby declares its intent that Section 52612 of the Education Code not require any student in a class in English and citizenship for foreigners or a class in an elementary subject to purchase a textbook, and that any such purchase be at the option of the individual student.

CHAPTER 765

An act to amend Section 6370 of the Revenue and Taxation Code, relating to taxation, and making an appropriation therefor, to take effect immediately, tax levy.

[Approved by Governor September 19, 1979. Filed with Secretary of State September 19, 1979.]

The people of the State of California do enact as follows:

SECTION 1. Section 6370 of the Revenue and Taxation Code is amended to read:

6370. (a) This section applies to:

(1) Nonprofit parent-teacher associations chartered by the California Congress of P.T.A., Incorporated, and equivalent organizations performing the same type of service for public or private schools and authorized to operate within the school by the governing authority of the school.

(2) Nonprofit associations commonly called The Friends of the Library, and equivalent organizations performing auxiliary services to any library district, municipal library, or county library in the state, which are authorized to operate within the library by the governing authority of the library.

(b) An organization described in subdivision (a) is a consumer of, and shall not be considered a retailer within the provisions of this part with respect to, tangible personal property which it sells; provided, the profits are used exclusively in furtherance of the purposes of the organization.

(c) This section shall not be applicable to the state or any of its political subdivisions.

SEC. 2. The sum of one thousand three hundred dollars ($1,300) is hereby appropriated to the Controller from the State General Fund to make payments to counties and cities required by Section 2230 of the Revenue and Taxation Code to reimburse them for revenue losses caused by Section 1 of this act in the initial fiscal year in which this act is effective. The appropriation made by this section shall be allocated in the manner specified in Section 2230.

SEC. 3. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, the provisions of this act shall become operative on the first day of the first calendar quarter commencing more than 90 days after the effective date of this act.

CHAPTER 766

An act to amend Section 27491.4 of the Government Code, relating to autopsies.

[Approved by Governor September 19, 1979. Filed with Secretary of State September 19, 1979.]

The people of the State of California do enact as follows:

SECTION 1. Section 27491.4 of the Government Code is amended to read:

27491.4. For purposes of inquiry the coroner shall, within 24 hours or as soon as feasible thereafter, where the suspected cause of death is sudden infant death syndrome unless the infant's physician of record certifies sudden infant death syndrome as the cause of death and a parent objects to an autopsy, and, in all other cases, the coroner may, in his or her discretion, take possession of the body, which shall include the authority to exhume such body, order it removed to a convenient place, and make or cause to be made a post mortem examination or autopsy thereon, and make or cause to be made an analysis of the stomach, stomach contents, blood, organs, fluids, or tissues of the body. The detailed medical findings resulting from an inspection of the body or autopsy by an examining physician shall be either reduced to writing or permanently preserved on recording discs or other similar recording media, shall include all positive and negative findings pertinent to establishing the cause of death in accordance with medicolegal practice and this, along with the written opinions and conclusions of the examining physician, shall be included in the coroner's record of the death. The coroner shall have the right to retain only such tissues of the body removed at the time of the autopsy as may, in his or her opinion, be necessary or advisable to the inquiry into the case, or for the verification of his findings. No person may be present during the performance of a coroner's autopsy without the express consent of the coroner.

In any case in which the coroner knows, or has reason to believe, that the deceased has made valid provision for the disposition of his or her body or a part or parts thereof for medical or scientific purposes in accordance with Chapter 3.5 (commencing with Section 7150) of Part 1 of Division 7 of the Health and Safety Code, the coroner shall neither perform nor authorize any other person to perform an autopsy on the body unless the coroner has contacted or attempted to contact the physician last in attendance to the deceased. If such physician cannot be contacted, the coroner shall then notify or attempt to notify one of the following of the need for an autopsy to determine the cause of death: (a) the surviving spouse; (b) a surviving child or parent; (c) a surviving brother or sister; (d) any other kin or person who has acquired the right to control the disposition of the remains Following a period of 24 hours after

attempting to contact the physician last in attendance and notifying or attempting to notify one of the responsible parties listed above, the coroner may perform or authorize the performance of an autopsy, as otherwise authorized or required by law.

Nothing in this section shall be deemed to prohibit the discretion of the coroner to conduct autopsies upon any victim of sudden, unexpected, or unexplained death or any death known or suspected of resulting from an accident, suicide, or apparent criminal means, or other death, as described in Section 27491.

SEC. 2. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to these sections because the Legislature finds and declares that there are no new duties, obligations, or responsibilities imposed on local government by this act that require reimbursement. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 767

An act to amend Sections 1502 and 2204 of, and to add Section 2205 to, the Corporations Code, and to amend Section 25936 of the Revenue and Taxation Code, relating to corporations, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 19, 1979 Filed with Secretary of State September 19, 1979]

The people of the State of California do enact as follows:

SECTION 1. Section 1502 of the Corporations Code is amended to read:

1502. (a) Every corporation shall, within 90 days after the filing of its original articles and annually thereafter during the applicable filing period in each year, file, on a form prescribed by the Secretary of State, a statement containing (1) the names and complete business or residence addresses of its incumbent directors; (2) the number of vacancies on the board, if any; (3) the names and complete business or residence addresses of its chief executive officer, secretary and chief financial officer; (4) the street address of its principal executive office; (5) if the address of its principal executive office is not in this state, the street address of its principal business office in this state, if any; and (6) a statement of the general type of business which constitutes the principal business activity of the corporation (for example, manufacturer of aircraft; wholesale liquor distributor, retail department store)

(b) The statement required by subdivision (a) shall also designate, as the agent of such corporation for the purpose of service

of process, a natural person residing in this state or a corporation which has complied with Section 1505 and whose capacity to act as such agent has not terminated. If a natural person is designated, the statement shall set forth such person's complete business or residence address. If a corporate agent is designated, no address for it shall be set forth.

(c) For the purposes of this section, the applicable filing period for a corporation shall be the calendar month during which its original articles were filed and the immediately preceding five calendar months. The Secretary of State shall mail a form for compliance with this section to each corporation approximately three months prior to the close of the applicable filing period. The form shall state the due date thereof and shall be mailed to the last address of the corporation according to the records of the Secretary of State. The failure of the corporation to receive the form is not an excuse for failure to comply with this section.

(d) Whenever any of the information required by subdivision (a) is changed, the corporation may file a current statement containing all the information required by subdivisions (a) and (b). In order to change its agent for service of process or the address of the agent, the corporation must file a current statement containing all the information required by subdivisions (a) and (b). Whenever any statement is filed pursuant to this section, it supersedes any previously filed statement and the statement in the articles as to the agent for service of process and the address of the agent.

(e) The Secretary of State may destroy or otherwise dispose of any statement filed pursuant to this section after it has been superseded by the filing of a new statement.

(f) This section shall not be construed to place any person dealing with the corporation on notice of, or under any duty to inquire about, the existence or content of a statement filed pursuant to this section.

SEC. 2. Section 2204 of the Corporations Code is amended to read:

2204. (a) Upon the failure of a corporation to file the statement required by Section 1502, the Secretary of State shall mail a notice of such delinquency to the corporation. The notice shall also contain information concerning the application of this section, advise the corporation of the penalty imposed by Section 25936 of the Revenue and Taxation Code for failure to timely file the required statement after notice of delinquency has been mailed by the Secretary of State, and shall advise the corporation of its right to request relief from the Secretary of State because of reasonable cause or unusual circumstances which justify such failure to file, or, if the Secretary of State does not grant relief, to pay such penalty under protest and to file a claim with the Board of Control requesting relief. If, within 60 days after the mailing of the notice of delinquency, a statement pursuant to Section 1502 has not been filed by the corporation, the Secretary of State shall certify the name of such corporation to the Franchise Tax Board.

(b) Upon certification pursuant to subdivision (a), the Franchise Tax Board shall assess against the corporation the penalty provided in Section 25936 of the Revenue and Taxation Code.

(c) The penalty herein provided shall not apply to a corporation which on or prior to the date of certification pursuant to subdivision (a) has dissolved or has been merged into another corporation.

(d) The penalty herein provided shall not apply and the Secretary of State need not mail a notice of delinquency to a corporation the corporate powers, rights and privileges of which have been suspended by the Franchise Tax Board pursuant to Section 23301, 23301.5 or 23775 of the Revenue and Taxation Code on or prior to, and remain suspended on, the last day of the filing period pursuant to Section 1502. The Secretary of State need not mail a form pursuant to Section 1502 to a corporation the corporate powers, rights and privileges of which have been so suspended by the Franchise Tax Board on or prior to, and remain suspended on, the day the Secretary of State prepares the forms for mailing.

(e) If, after certification pursuant to subdivision (a) the Secretary of State finds (1) the required statement was filed before the expiration of the 60-day period after mailing of the notice of delinquency, or (2) the failure to provide notice of delinquency was due to an error of the Secretary of State, the Secretary of State shall promptly decertify the name of the corporation to the Franchise Tax Board. The Franchise Tax Board shall then promptly abate any penalty assessed against the corporation pursuant to Section 25936 of the Revenue and Taxation Code

(f) If the Secretary of State determines that the failure of a corporation to file the statement required by Section 1502 is excusable because of reasonable cause or unusual circumstances which justify such failure, the Secretary of State may waive the penalty imposed by this section and by Section 25936 of the Revenue and Taxation Code, in which case the Secretary of State shall not certify the name of the corporation to the Franchise Tax Board, or if already certified, the Secretary of State shall promptly decertify the name of the corporation.

SEC 2 5. Section 2205 is added to the Corporations Code, to read:

2205. (a) A corporation which (1) fails to file a statement pursuant to Section 1502 for an applicable filing period, (2) has not filed a statement pursuant to Section 1502 during the preceding 24 months, and (3) was certified for penalty pursuant to Section 2204 for the same filing period of the prior year, shall be subject to suspension pursuant to this section rather than to penalty pursuant to Section 2204

(b) When subdivision (a) is applicable, the Secretary of State shall mail a notice to the corporation informing the corporation that its corporate powers, rights, and privileges will be suspended after 60 days if it fails to file a statement pursuant to Section 1502

(c) After the expiration of the 60-day period without any statement filed pursuant to Section 1502, the Secretary of State shall

notify the Franchise Tax Board of the suspension, and mail a notice of the suspension to the corporation and thereupon, except for the purpose of amending the articles of incorporation to set forth a new name, the corporate powers, rights, and privileges of the corporation are suspended.

(d) A statement pursuant to Section 1502 may be filed notwithstanding suspension of the corporate powers, rights, and privileges pursuant to this section or Section 23301 or 23301.5 of the Revenue and Taxation Code. Upon the filing of a statement pursuant to Section 1502 by a corporation which has suffered suspension pursuant to this section, the Secretary of State shall certify that fact to the Franchise Tax Board and the corporation may thereupon, in accordance with Section 23305a of the Revenue and Taxation Code, be relieved from suspension unless the corporation is held in suspension by the Franchise Tax Board by reason of Section 23301 or 23301.5 of the Revenue and Taxation Code.

SEC. 3. Section 25936 of the Revenue and Taxation Code is amended to read:

25936. Upon certification by the Secretary of State pursuant to subdivision (a) of Section 2204 of the Corporations Code, the Franchise Tax Board shall assess a penalty of two hundred fifty dollars ($250). Such penalty shall be a final assessment due and payable at the time of assessment but no interest shall accrue thereon. The assessment shall be collected as other taxes, interest and penalties are collected by the Franchise Tax Board unless the Secretary of State decertifies the name of the corporation as provided in subdivision (e) or (f) of Section 2204 of the Corporations Code.

This section shall remain in effect until January 1, 1980, and as of that date is repealed.

SEC. 3.5. Section 25936 of the Revenue and Taxation Code, as amended by Chapter 1305 of the Statutes of 1978, is amended to read:

25936. Upon certification by the Secretary of State pursuant to subdivision (a) of Section 2204 of the Corporations Code, the Franchise Tax Board shall assess a penalty of two hundred fifty dollars ($250). Upon certification by the Secretary of State pursuant to subdivision (a) of Section 6810 or subdivision (a) of Section 8810 of the Corporations Code, the Franchise Tax Board shall assess a penalty of fifty dollars ($50). Any such penalty shall be a final assessment due and payable at the time of assessment but no interest shall accrue thereon. The assessment shall be collected as other taxes, interest and penalties are collected by the Franchise Tax Board unless the Secretary of State decertifies the name of the corporation as provided in subdivision (e) or (f) of Section 2204, subdivision (e) of Section 6810, or subdivision (e) of Section 8810 of the Corporations Code.

SEC 4. Section 2.5 of this act shall become operative on January 1, 1981.

SEC 4 5 Section 3 5 of this act shall become operative on January

1, 1980.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The penalties contained in the provisions which would be revised by this bill are a continuing problem for businesses in California and in order to prevent further losses to affected corporations it is necessary that this act take effect immediately.

CHAPTER 768

An act to amend Section 26002.5 of the Government Code, and to amend Sections 99151 and 99267 of the Public Utilities Code, relating to public transportation.

[Approved by Governor September 19, 1979. Filed with Secretary of State September 19, 1979.]

The people of the State of California do enact as follows:

SECTION 1. Section 26002 5 of the Government Code is amended to read:

26002.5. The legislative body of any city and county located in the area served by the Southern Pacific Transportation Company from the City of San Jose to the City and County of San Francisco may make a bulk purchase of tickets for that line from the company, or from the Greyhound Bus Lines for transportation services within the area, or from both, for resale at less than the cost to the residents of the city and county.

The legislative body shall determine the resale price of tickets purchased by it.

SEC. 2. Section 99151 of the Public Utilities Code is amended to read:

99151. Any transit district whose area is served by the Southern Pacific Transportation Company line from the City of San Jose to the City and County of San Francisco may make a bulk purchase of passenger tickets for that line from the company, or from the Greyhound Bus Lines for transportation services within the area, or from both, for resale at less than the cost to the transit district to residents of the transit district.

The governing body of the transit district shall determine the resale price of tickets purchased by it.

(c) The requirement specified in subdivision (a) shall not apply (1) to an operator in each fiscal year that it receives financial assistance from local sources, exclusive of fares, in an amount equal to or greater than the amount it would have been required to expend pursuant to subdivision (a) or (2) to money allocated to a transit district for a claim filed pursuant to Section 99260.5.

CHAPTER 769

An act to amend Section 911.6 of the Government Code, relating to claims against public entities.

[Approved by Governor September 19, 1979 Filed with Secretary of State September 19, 1979.]

The people of the State of California do enact as follows:

SECTION 1. Section 911.6 of the Government Code is amended to read:

911.6. (a) The board shall grant or deny the application within 45 days after it is presented to the board. The claimant and the board may extend the period within which the board is required to act on the application by written agreement made before the expiration of such period.

(b) The board shall grant the application where:

(1) The failure to present the claim was through mistake, inadvertence, surprise or excusable neglect and the public entity was not prejudiced by the failure to present the claim within the time specified in Section 911.2; or

(2) The person who sustained the alleged injury, damage or loss was a minor during all of the time specified in Section 911.2 for the presentation of the claim; or

(3) The person who sustained the alleged injury, damage or loss was physically or mentally incapacitated during all of the time specified in Section 911.2 for the presentation of the claim and by reason of such disability failed to present a claim during such time; or

(4) The person who sustained the alleged injury, damage or loss died before the expiration of the time specified in Section 911.2 for

the presentation of the claim.

(c) If the board fails or refuses to act on an application within the time prescribed by this section, the application shall be deemed to have been denied on the 45th day or, if the period within which the board is required to act is extended by agreement pursuant to this section, the last day of the period specified in such agreement.

SEC. 2. Section 911.6 of the Government Code is amended to read:

911.6. (a) The board shall grant or deny the application within 45 days after it is presented to the board. The claimant and the board may extend the period within which the board is required to act on the application by written agreement made before the expiration of such period.

(b) The board shall grant the application where:

(1) The failure to present the claim was through mistake, inadvertence, surprise or excusable neglect and the public entity was not significantly prejudiced by the failure to present the claim within the time specified in Section 911.2; or

(4) The person who sustained the alleged injury, damage or loss died before the expiration of the time specified in Section 911.2 for the presentation of the claim.

(c) If the board fails or refuses to act on an application within the time prescribed by this section, the application shall be deemed to have been denied on the 45th day or, if the period within which the board is required to act is extended by agreement pursuant to this section, the last day of the period specified in such agreement.

SEC. 3. It is the intent of the Legislature, if this bill and Assembly Bill 994 are both chaptered and become effective January 1, 1980, both bills amend Section 911.6 of the Government Code, and this bill is chaptered after Assembly Bill 994, that the amendments to Section 911.6 proposed by both bills be given effect and incorporated in Section 911.6 in the form set forth in Section 2 of this act. Therefore, Section 2 of this act shall become operative only if this bill and Assembly Bill 994 are both chaptered and become effective January 1, 1980, both amend Section 911.6, and this bill is chaptered after Assembly Bill 994, in which case Section 1 of this act shall not become operative.

CHAPTER 770

An act to add Section 1256.3 to the Unemployment Insurance Code, relating to unemployment insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 19, 1979. Filed with Secretary of State September 19, 1979]

The people of the State of California do enact as follows:

SECTION 1. Section 1256.3 is added to the Unemployment Insurance Code, to read:

1256.3. For the purposes of Sections 1256, 1256.1, and 1256.2, "most recent work" is that work in which a claimant last performed compensated services:

(a) Prior to and nearest the date of filing a valid new, reopened, or additional claim for unemployment compensation benefits, a valid primary, reopened, or additional claim for extended duration benefits, or a valid application, or reopened or additional claim for federal-state extended benefits.

(b) During the calendar week for which a continued claim is filed.

SEC. 2. This act shall apply to weeks of unemployment claimed that commence on or after the effective date of this act.

SEC. 3. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In Tomlin v. California Unemployment Insurance Appeals Board (1978), 82 Cal. App. 3d 642, the Court of Appeal, Second Appellate District, held that under Section 1256 of the Unemployment Insurance Code, "most recent work" is not the last part-time work an unemployment insurance benefits claimant performed but is full-time work from which the claimant was separated prior to separation from the part-time work. The court held that "most recent work" is the "primary or principal or full-time employment" or "significant or regular employment", and not necessarily the work last performed by a claimant. The Tomlin decision is contrary to the long-standing administrative interpretation of the Employment Development Department that "most recent work" is the work a claimant last performed prior to and nearest to a claim for benefits, including part-time work.

Under the Tomlin decision, it is often difficult to determine which

of two or more employers is the employer for whom "most recent work" has been performed. "Most recent work" can be work performed in the past ending at an uncertain, indefinite, and lengthy time preceding unemployment and have little or no causal relationship to a claimant's present unemployment. The result is the denial of benefits to claimants who are involuntarily unemployed without fault, contrary to the basic legislative intent of the unemployment insurance program. To restore the law to the interpretation prior to the Tomlin decision and provide for payment of benefits to those involuntarily unemployed without fault, it is necessary for this act to take effect immediately.

CHAPTER 771

An act to amend Sections 32903, 32904, 32905, and 35601 of, and to add Section 32903.5 to, the Food and Agricultural Code, relating to milk.

[Approved by Governor September 19, 1979 Filed with Secretary of State September 19, 1979]

The people of the State of California do enact as follows:

SECTION 1. Section 32903 of the Food and Agricultural Code is amended to read:

32903. It is unlawful for any person to sell any milk, or any product of milk, from cows or goats that have not negatively passed a tuberculin test applied regularly in accordance with regulations of the department by one of the following:

(a) A veterinarian in the employ of the department.

(b) A veterinarian of the United States Department of Agriculture.

(c) A veterinarian approved by the department and accredited by the United States Department of Agriculture.

In the case of cows or goats which are producing milk that is to be used as raw market milk, "tuberculin test applied regularly" means at least once annually.

SEC. 1.5. Section 32903.5 is added to the Food and Agricultural Code, to read:

32903 5. It is unlawful for any person to sell any milk, or any product of milk, from cows or goats that are reactors to a brucellosis test applied in accordance with the law and regulations of the department.

SEC. 2 Section 32904 of the Food and Agricultural Code is amended to read·

52211 The Superintendent of Public Instruction shall, beginning in the 1980–81 school year, apportion funds to school districts pursuant to the provisions of this section. However, if any eligible school district decides not to participate in the program, the State Board of Education shall have the authority to select a replacement district from among the remaining districts in the state.

The Superintendent of Public Instruction shall apportion funds to each participating district in the following manner:

(a) Districts which have 1 to 10 participating pupils shall receive seventy-five dollars ($75) per semester for each participating pupil.

(b) Districts which have 11 to 25 participating pupils shall receive sixty-eight dollars ($68) per semester for each participating pupil.

(c) Districts which have 26 to 50 pupils shall receive fifty-eight dollars ($58) per semester for each participating pupil.

(B) For the fiscal year 1981–82 and each succeeding fiscal year, for each participating district, the Superintendent of Public Instruction shall compute the previous year's total amount apportioned for purposes of operating the gifted and talented pupils' program divided by the prior year's average daily attendance in that district.

(2) Districts for which the amount computed in paragraph (1) exceeds five dollars and forty-three cents ($5.43) shall receive 0.95 times the amount computed in paragraph (1).

(3) Districts for which the amount computed in paragraph (1) exceeds the amount computed in subdivision (e) for the prior fiscal year, but is less than or equal to five dollars and forty-three cents ($5.43), shall receive the greater of (A) the amount computed in

paragraph (1) or (B) the amount computed in subdivision (e) for the current fiscal year.

(e) For the 1980–81 fiscal year, the amount for the purpose of computation in paragraphs (3) and (4) of subdivision (d) and subdivision (g) shall be the total of the program apportionments in the 1978–79 fiscal year for mentally gifted minors divided by the total average daily attendance in those districts. For 1981–82 and each successive fiscal year, the amount for the purpose of computation in paragraphs (3) and (4) of subdivision (d) and subdivision (g) shall be the total of the apportionments in the prior fiscal year for gifted and talented pupils divided by the total average daily attendance in those districts.

(f) In the 1981–82 fiscal year, the amounts in subdivisions (a), (b), and (c) shall be increased by 7 percent per year. In the 1982–83 fiscal year, and each fiscal year thereafter, the amounts in subdivisions (a), (b), and (c) shall be increased by 6 percent.

(g) Districts which are newly admitted to the program shall receive, in the first year of admission, an amount equal to one-half of the amount computed in subdivision (e) times the average daily attendance of that district. In the second and successive years, each such district shall receive the amount computed in subdivision (e) times the average daily attendance of that district.

If the sum appropriated for purposes of this section is not sufficient to make the allowances specified by this section such allowances shall be reduced proportionately. If the sum apportioned for purposes of this section is more than sufficient to make the allowances specified by this section such allowances shall be increased proportionately.

52212. Each applicant school district shall submit an application for approval for a proposed program for gifted and talented pupils to the State Board of Education. The application shall be submitted in the form and manner prescribed by the Superintendent of Public Instruction. The application shall include budget information including separate data on identification and program costs, and any other data required by the Superintendent of Public Instruction effectively to administer and evaluate the program.

Such application shall not be part of the consolidated application.

This section shall become operative on January 1, 1980.

52213. The Department of Education, with the approval of the Legislative Analyst and the Department of Finance, shall contract for an independent evaluation of programs for gifted and talented pupils established pursuant to this chapter. (4) Is not a corporation organized or operating pursuant to Section 10810 of the Corporations Code.

(b) "Health maintenance organization for which assistance may be provided under Title XIII" means an HMO which is qualified under Section 1310(d) of Title XIII of the federal Public Health Service Act, or an HMO which the Secretary of Health, Education and Welfare determines, upon the basis of an application and the submission of any information and assurance which he finds necessary, may be eligible for assistance under Title XIII of the act.

SEC. 2. Section 437 12 of the Health and Safety Code is amended to read·

437 12. Taking into consideration the basis for decision set forth in Section 437.9:

(a) The state department may, in individual cases, grant certificates of need for projects with respect to which it determines that one of the following is applicable:

(1) The applicant has provided evidence that the project will meet the needs or reasonably anticipated needs of a special population including members of a religious body or denomination who desire to receive care and treatment in accordance with their religious convictions.

(2) The applicant has provided evidence that the project is or will be necessary to meet the health needs or reasonably anticipated health needs of adult residents of a nonprofit community care facility, as defined by subdivision (a) of Section 1502, which is owned by the applicant

(3) The applicant has provided evidence that, as a health facility, it has developed community support for its services as indicated by its current utilization patterns, and has provided health care services for at least five years.

(4) The applicant has provided evidence, when the project is for a new health facility or an increase in bed capacity, that there will be an equal or greater reduction in bed capacity in other health facilities in the area

Nothing in this subdivision shall require the state department to grant certificates of need as authorized by this section in any of the above categories

(b) In the case of a project for a service to be provided by or through a health maintenance organization for which assistance may be provided under Title XIII, the state department shall grant a certificate of need for the project unless the director finds that the project is not needed by the enrolled or reasonably anticipated new members of the HMO or proposed HMO or the beds or services to be provided are available from non-HMO providers or other HMO's in a reasonable and cost-effective manner which is consistent with the basic method of operation of the HMO

For the purposes of subdivision (b), beds or services shall not be considered available if they are any of the following

(1) Dispersed in more than one facility when the HMO's basic

method of operation is to provide services through medical centers which consist of a hospital and medical offices at the same site.

(2) Not available under a contract of at least five years' duration, with an option to extend the contract for such additional time period as is reasonably necessary for the HMO to obtain a certificate of need and to construct and equip and begin operating alternative beds or service, in the event the non-HMO provider or other HMO gives notice that it intends to terminate the contract.

(3) Not available under circumstances which would grant full and equal staff privileges to an adequate number of physicians associated with the HMO in appropriate specialties, or otherwise not conveniently accessible through physicians and other health care professionals associated with the HMO.

(4) Not available in a manner which is administratively feasible to the HMO.

(5) More costly than if the services were provided by the HMO.

In order to qualify under this section, a project which is proposed to be provided by or through a health maintenance organization for which assistance may be provided under Title XIII, and which consists of or includes the construction, development, or establishment of a new inpatient health care facility, shall be a facility which the state department determines will be utilized by members of the health maintenance organization for at least 75 percent of the projected annual inpatient days, as determined in accordance with the recommended occupancy levels under the applicable health systems plan.

(c) In the case of a project for a service to be provided by or through an HMO, the state department shall not deny a certificate of need with respect to such service (or otherwise make a finding that such service is not needed) in those cases (1) when the state department has granted a certificate of need which authorized the development of the service, or expenditures in preparation for such offering or development (or has otherwise made a finding that such development or expenditure is needed), and when the offering of this service will be consistent with the basic objectives, time schedules, and plans of the previously approved application; provided, that the state department may impose a limitation on the duration of the certificate of need which shall expire at the end of such time unless the health service is offered prior thereto, or (2) solely because there is an HMO of the same type in the same area, or solely because the services are not discussed in the applicable health systems plan, annual implementation plan, state health plan, or state medical facilities plan.

(d) A project for a service to be provided by or through an HMO which is subject to review under this part shall remain subject to such review, unless the federal law states that an approved state program shall not require a certificate of need for such project.

The state department shall establish uniform procedures and criteria for approving applications under this section.

SEC. 3. Section 437.13 of the Health and Safety Code is amended to read:

(8) The replacement or remodeling of patient rooms and nursing stations costing in excess of two hundred fifty thousand dollars ($250,000), unless such replacement or remodeling meets the requirements of subdivision (b).

(9) Except as provided in subdivision (c), a project for the remodeling or replacement of all or any portion of a health facility or equipment thereof which is not limited to a project specified in paragraph (6), (7), or (8) of this subdivision and the cost of which exceeds the lesser of one million five hundred thousand dollars ($1,500,000) or four thousand dollars ($4,000) multiplied by the health facility's total authorized bed capacity, excluding the cost of projects covered in paragraph (6), (7), or (8).

(b) Any project specified in paragraph (8) of subdivision (a) which is not otherwise rendered ineligible for exemption by paragraphs (1) to (7), inclusive, of such subdivision, shall be entitled to an exemption under this section if any of the following conditions are met.

(5) Except as provided in paragraph (6) of this subdivision, where the health facility has over the previous three years experienced an average licensed bed occupancy rate of not more than 65 percent, the licensed bed capacity of the facility upon completion of the remodeling or replacement proposal shall not exceed 80 percent of the licensed bed capacity prior to the project.

(6) Where the health facility serves a medically underserved population in a medically underserved area as determined by the Health Manpower Policy Commission and the facility's average bed occupancy rate over the previous three years was in excess of 65 percent, the licensed bed capacity shall not be required to be reduced. Where the health facility serves a medically underserved population in a medically underserved area as determined by the Health Manpower Policy Commission and the health facility's average bed occupancy rate is below 65 percent over the previous three years, the licensed bed capacity of the facility upon completion of the remodeling or replacement proposal shall not exceed 90 percent of the facility's licensed bed capacity prior to the project.

(c) Any project specified in paragraph (9) of subdivision (a) which is not otherwise rendered ineligible for exemption by paragraphs (1) to (7), inclusive, of such subdivision, shall be entitled to an exemption under this section if the applicant demonstrates to the satisfaction of the director that the project is necessary in order for the facility to be able to continue the provision of service in a manner consistent with current standards of practice, and that the project meets all of the following criteria

(1) The proposed space in square feet for the project, upon

completion, is not more than 5 percent net above the statewide average number of square feet per licensed bed in services or departments of comparably sized facilities approved in California during the previous two years pursuant to Chapter 1 (commencing with Section 15000) of Division 12.5 unless the applicant demonstrates to the satisfaction of the director special requirements for additional space

(2) Financial resources exist to successfully complete and implement the project, and the financing will not result in an undesirable increase in patient charges in the facility.

(3) The project promotes fiscal economies through measures that assure efficiency and effectiveness, which may include the operation of joint cooperative or shared facility health resources and maximum utilization of facilities

(4) Less costly alternatives for the project were evaluated by the applicant and found not to be as desirable as the proposed project.

(5) The cost of equipment and construction is within reasonable limits and range for the area, type of project, and projected operational cost

(6) The size of the project is based on historical or reasonably projected utilization of the service, equipment, or facility.

The state department shall adopt regulations further defining the specifics of the criteria set forth in this subdivision

(d) In reviewing a proposal for a certificate of exemption for remodeling a health facility or for the replacement of equipment or services of a health facility which is not eligible for a certificate of exemption because of paragraph (8) of subdivision (a), or for remodeling or replacing a basic emergency center or its equipment which is not eligible for a certificate of exemption because of paragraph (6) of subdivision (a), when the health facility has been purchased for the purpose of providing services to existing members and reasonably anticipated members of a comprehensive group practice prepayment health care service plan, the medical services, of which, are provided by at least 200 physicians in group practice, who provide at least 75 percent of the medical services they deliver to members of the comprehensive group health care service plan, and which is licensed under the Knox-Keene Health Care Service Act of 1975 (Chapter 2 2 (commencing with Section 1340) of Division 2) and qualified as a health maintenance organization under Title XIII of the federal Public Health Service Act (42 U.S C , Sec 300e et seq), the state department, after a public hearing thereon, shall grant a certificate of exemption if the applicant. (1) demonstrates that the project is necessary to meet the needs of such members, (2) meets the criteria in paragraphs (1) to (6), inclusive, of subdivision (c); (3) does not violate paragraphs (1) to (7), inclusive, of subdivision (a), except that remodeling or replacing a basic emergency center shall not be considered a violation of paragraph (6) of subdivision (a) for such purpose; (4) submits a letter of intent to undertake the proposed project within two years of the date of

purchase of the facility; and (5) records in the office of the county recorder of the county in which the health facility is located a written agreement not to sell, lease, or rent the facility for five years without the permission of the state department, and which shall particularly describe the real property subject to the agreement and be indexed in the grantor index to all record owners of the real property and to the grantee index to the state department. The failure to so record such an agreement gives any person who becomes a purchaser, lessee, or renter of the facility during the term of the agreement the right of rescission or damages for one year from the date of discovery of the failure to record

(e) For all purposes, including those specified in Section 14105.5 of the Welfare and Institutions Code and in Section 1268 of this code, it shall be deemed that a certificate of need has been issued for any proposal issued a certificate of exemption under this section.

The people of the State of California do enact as follows:

SECTION 1 Section 1775.1 is added to the Insurance Code, to read:

1775.1. (a) For the calendar year 1980, and each calendar year thereafter, every surplus line broker whose annual tax for the preceding calendar year was five thousand dollars ($5,000) or more shall make quarterly installment payments on account of the annual tax on business done during the current calendar year imposed by Section 1775.5.

(b) Notwithstanding any other provision, the commissioner may relieve a surplus line broker of his obligation to make quarterly payments where the broker establishes to the satisfaction of the commissioner that either the broker has ceased to transact business in this state, or his annual tax for the current year will be less than five thousand dollars ($5,000).

SEC 2. Section 1775.2 is added to the Insurance Code, to read:

1775.2. On or before May 1st of each year, the commissioner shall notify by mail each surplus line broker whose annual tax for the preceding calendar year was five thousand dollars ($5,000) or more, that the broker is required to make quarterly installment payments, on a quarterly basis as set forth in Section 1775.3, of the tax on account of business done during the current calendar year. With the notice

the commissioner shall mail the installment payment forms prescribed by the commissioner to be used by the broker to accompany remittances of the required quarterly installment payments. (b) In determining the applicability of subdivision (a) of Section 1775 1 to a surplus line broker who has acquired the business of another surplus line broker, the amount of tax liability of the acquired broker for the immediately preceding calendar year shall be added to the amount of the tax liability of the acquiring broker for the immediately preceding calendar year

If during any calendar year 3 percent of such return premiums paid by a surplus line broker exceed 3 percent of the gross premiums upon such business done by him in that year, then he may either carry forward such excess to the next succeeding year and apply it as a credit against 3 percent of gross premiums on such business done by him in such succeeding year, or he may elect to receive, and thereupon be paid a refund equal to the amount of taxes theretofore paid by him on such excess of return premiums paid over gross premiums received.

For the purpose of determining such tax, the total premium charged for all such nonadmitted insurance placed in a single transaction with one underwriter or group of underwriters, whether in one or more policies, shall be allocated to this state in such proportion as the total premium on the insured properties or operations in this state, as computed on the exposure in this state on the basis of any single standard rating method in use in all states or countries where such insurance applies, bears to the total premium so computed in all states or countries in which such nonadmitted insurance may apply This provision shall not apply to interstate motor transit operations conducted between this and other states. With respect to such operations surplus line tax shall be payable on the entire premium charged on all nonadmitted insurance, less

A. Such portion of the premium as is determined, as herein provided, to have been charged for operations in other states taxing such premium on operations in such states of an insured maintaining its headquarters office in this state;

B. The premium for any operations outside of this state of an insured who maintains a headquarters operating office outside of this state and a branch office in this state.

A penalty of 10 percent of the amount of the payment due shall be levied upon and paid by any surplus line broker who fails to make any payment within the time required, plus interest at the rate of 1 percent per calendar month or fraction thereof, from the due date of the payment until the date of the payment, but not for any period after the due date of the annual tax The commissioner may remit the penalty in a case where the commissioner finds, as a result of examination or otherwise, that the failure of or delay in payment arose out of excusable mistake or excusable inadvertence.

For any part of a payment which was not made within the time required by law, when such nonpayment or late payment was due to fraud on the part of the broker, a penalty of 25 percent of the amount unpaid shall be added thereto, in addition to all other penalties otherwise imposed

An act to amend Sections 25402 and 25402 1 of the Public Resources Code, relating to energy.

[Approved by Governor September 19, 1979 Filed with Secretary of State September 19, 1979]

The people of the State of California do enact as follows·

SECTION 1 Section 25402 of the Public Resources Code is amended to read:

25402. The commission shall, after one or more public hearings, do all of the following, in order to reduce the wasteful, uneconomic, inefficient, or unnecessary consumption of energy·

(a) Prescribe, by regulation, lighting, insulation climate control system, and other building design and construction standards which increase the efficiency in the use of energy for new residential and new nonresidential buildings. Such standards shall be cost effective, when taken in their entirety, and when amortized over the economic life of the structure when compared with historic practice The commission shall periodically update the standards and adopt such revisions as in its judgment it deems necessary. In prescribing standards for insulation, the commission shall take into consideration the standards developed pursuant to Chapter 11 (commencing with Section 19870) of Part 3 of Division 13 of the Health and Safety Code, which standards shall only be operative until the date one year after

the date that the commission adopts regulations for energy insulation for residential buildings pursuant to this subdivision. Six months after the commission adopts regulations pursuant to this subdivision, no city, county, city and county, or state agency shall issue a permit for any building unless the building satisfies the standards prescribed by the commission pursuant to this subdivision or subdivision (b) of this section

(b) Prescribe by regulation, energy conservation design standards for new residential and new nonresidential buildings. Such standards shall be performance standards and shall be promulgated in terms of energy consumption per gross square foot of floor space, but may also include devices, systems, and techniques required to conserve energy. The standards shall be cost effective when taken in their entirety, and when amortized over the economic life of the structure when compared with historic practices. The commission shall periodically review the standards and adopt such revisions as in its judgment it deems necessary A building that satisfies the standards prescribed pursuant to this subdivision need not comply with the standards prescribed pursuant to subdivision (a) of this section. The commission shall comply with the provisions of this subdivision before January 1, 1981

(c) By regulation, prescribe standards for minimum levels of operating efficiency, based on a reasonable use pattern, for all appliances whose use, as determined by the commission, requires a significant amount of energy on a statewide basis. Such minimum levels of operating efficiency shall be based on feasible and attainable efficiencies or feasible improved efficiencies which will reduce the electrical energy consumption growth rate. Such standards shall become effective no sooner than one year after the date of adoption or revision No new appliance manufactured on or after the effective date of such standards may be sold or offered for sale in the state, unless it is certified by the manufacturer thereof to be in compliance with such standards. One year after the effective date of such standards, no new appliance, regardless of the date of manufacture, may be sold or offered for sale in the state, unless it is certified by the manufacturer thereof to be in compliance with such standards Such standards shall be drawn so that they do not result in any added total costs to the consumer over the designed life of the appliances concerned

(d) Recommend minimum standards of efficiency for the operation of any new facility at a particular site which are technically and economically feasible. No site and related facility shall be certified pursuant to Chapter 6 (commencing with Section 25500) of this division, unless the applicant certifies that standards recommended by the commission have been considered, which certification shall include a statement specifying the extent to which conformance with the recommended standards will be achieved.

Whenever the provisions of this section and the provisions of Chapter 11.5 (commencing with Section 19878) of Part 3 of Division

Six months after the commission adopts regulations pursuant to this subdivision, no city, county, city and county, or state agency shall issue a permit for any building unless the building satisfies the standards prescribed by the commission pursuant to this subdivision or subdivision (b) of this section which are in effect on the date an application for a building permit is filed

(b) Prescribe by regulation, energy conservation design standards for new residential and new nonresidential buildings. Such standards shall be performance standards and shall be promulgated in terms of energy consumption per gross square foot of floor space, but may also include devices, systems, and techniques required to conserve energy The standards shall be cost effective when taken in their entirety, and when amortized over the economic life of the structure when compared with historic practices. The commission shall periodically review the standards and adopt such revisions as in its judgment it deems necessary A building that satisfies the standards prescribed pursuant to this subdivision need not comply with the standards prescribed pursuant to subdivision (a) of this section The commission shall comply with the provisions of this subdivision before January 1, 1981

(a) Develop a public domain computer program which will enable contractors, builders, architects, engineers, and government officials to estimate the energy consumed by residential and nonresidential buildings. The commission may charge a fee for the use of the program, which fee shall be based upon the actual cost of the program, including any computer costs. The commission shall comply with the provisions of this subdivision before January 1, 1981.

(b) Include a prescriptive method of complying with the standards including design aids such as a manual, sample calculations and model structural designs. The prescriptive program shall be based on the standards developed pursuant to Chapter 11.5 (commencing with Section 19878) of Part 3 of Division 13 of the Health and Safety Code as it existed prior to the effective date of this section

(c) Produce, no later than 180 days after adoption of the standards, an energy conservation manual for use by designers, builders, and contractors of nonresidential buildings. The manual shall be furnished upon request at a price sufficient to cover the costs of production and shall be distributed at no cost to all affected local agencies The manual shall contain, but not be limited to, the

following:

(1) The standards for energy conservation established by the commission

(2) Forms, charts, tables, and other data to assist designers and builders in meeting the standards.

(3) Design suggestions for meeting or exceeding the standards.

(6) The prescriptive method for use as an alternative to the computer program

(d) The commission shall establish a continuing program of technical assistance to local building departments in the enforcement of subdivisions (a) and (b) of Section 25402 and this section The program shall include the training of local officials in building technology and enforcement procedures related to energy conservation, and the development of complementary training programs conducted by local governments, educational institutions, and other public or private entities The technical assistance program shall include the preparation and publication of forms and procedures for local building departments in performing the review of building plans and specifications. The commission shall provide, on a contract basis, a review of building plans and specifications submitted by a local building department, and shall adopt a schedule of fees sufficient to repay the cost of such services

(e) The provisions of subdivisions (a) and (b) of Section 25402 and this section, and the rules and regulations of the commission adopted pursuant thereto, shall be enforced by the building department of every city, county, or city and county.

(1) No building permit for any residential or nonresidential building shall be issued by a local building department unless a review by the building department of the plans for the proposed residential or nonresidential building contains detailed energy system specifications and confirms that the building satisfies the minimum standards established pursuant to subdivision (a) or (b) of Section 25402 and this section applicable to such building.

(2) Where there is no such local building department the commission shall enforce the provisions of subdivisions (a) and (b) of Section 25402 and this section.

(4) A city, county, or city and county may by ordinance or resolution prescribe a schedule of fees sufficient to pay the costs

incurred in the enforcement of subdivisions (a) and (b) of Section 25402 and this section. The commission may establish a schedule of fees sufficient to pay the costs incurred by such enforcement.

(f) The provisions of subdivisions (a) and (b) of Section 25402 and this section shall apply only to new residential and nonresidential buildings on which actual site preparation and construction have not commenced prior to the effective date of rules and regulations adopted pursuant to those sections that are applicable to such buildings. Nothing in those sections shall prohibit either of the following:

(1) The enforcement of state or local energy conservation or energy insulation standards, adopted prior to the effective date of rules and regulations adopted pursuant to subdivisions (a) and (b) of Section 25402 and this section with regard to residential and nonresidential buildings on which actual site preparation and construction have commenced prior to that date.

(g) The commission may exempt from the requirements of this section and of any regulations adopted pursuant thereto any proposed building for which compliance would be impossible without substantial delays and increases in cost of construction, if the commission finds that substantial funds have been expended in good faith on planning, designing, architecture or engineering prior to the date of adoption of such regulations

(h) Should a dispute arise between an applicant for a building permit and the building department regarding interpretation of Section 25402 or the regulations adopted pursuant thereto, either party may submit the dispute to the commission for resolution. The commission's determination of the matter shall be binding on the parties

(i) Nothing in Section 25130, 25131, or 25402, or in this section shall be construed to prevent enforcement of any regulation adopted pursuant to this chapter, or Chapter 11.5 (commencing with Section 19878) of Part 3 of Division 13 of the Health and Safety Code as they existed prior to the effective date of this section

SEC 3. It is the intent of the Legislature, if this bill and Senate Bill 207 are both chaptered and become effective January 1, 1980, both bills amend Section 25402 of the Public Resources Code, and this bill is chaptered after Senate Bill 207, that the amendments to

(1) To the surviving spouse, having financial responsibility for at least one dependent child who qualifies under Section 22112 there shall be paid an amount, in monthly installments, equal to 40 percent of the deceased's final compensation, plus 10 percent of such final compensation for each child, up to a maximum of 90 percent of such final compensation. If there are children who are not in the care of the surviving spouse, the amount of the allowance in excess of 40 percent of the final compensation shall be divided equally among all children and is payable to the trustee of the estate of such children under age 18 or their guardian if no trustee is designated or to the children age 18 and over, or

For the calculation of the benefit, it shall be considered that the member died on the June 30 following the actual date of death and the spouse reached age 60 on the June 30 prior to attainment of that age, but the allowance shall not begin to accrue until the spouse attains age 60.

The benefits payable under paragraphs (1) and (2) because of the death of a disabilitant shall be based on projected salary.

Allowances payable under this section are in lieu of the death benefit payable under paragraph (1) of subdivision (b) of Section 23800 irrespective of the beneficiary designated to receive that benefit, except that if there are no children who qualify for an allowance under Section 22112, a spouse or the dependent parent or parents may elect, prior to the receipt of the first payment under paragraph (3) or (4), to receive the accumulated contributions in a lump sum subject to a reduction for any payments made from the account for any prior qualified persons.

15704 The board by the adoption of rules shall give priority in allocating funds to districts to those districts where the children will benefit most from additional schoolhouse facilities This priority shall be based on acuteness of overcrowding, on sudden growth in attendance, on amount of local tax funds expended for housing of a character within the purposes of this chapter, and on the time the district's application has been ready for allotment. The board may make exceptions when it determines that it will be for the benefit of the children affected.

In adopting rules the board may provide for the granting of priority points to govern the allocation according to the following schedule·

(a) Two priority points may be granted for each percent of the latest computed average daily attendance of the district that is inadequately housed. The number of inadequately housed students is the latest computed average daily attendance of the district less the sum of (1) any classrooms up to a total of two, multiplied by 25, and (2) any classrooms in excess of two, multiplied by 33. The term "classrooms" (for the purposes of this computation) shall mean any school classrooms, temporary and permanent, determined by the Department of Education to be safely usable.

(d) Not more than one point of priority shall be allowed for each calendar month that the completed application of the district has awaited funds

If any computation of priority points made under this section results in a fraction of a point, such fraction shall be disregarded and

the number of priority points shall be taken as the next lowest whole number.

These priorities shall be recomputed at least semiannually when funds are available for allocation, on the respective periods of time next preceding the date of computation. The State Department of Education shall assist and cooperate with the board in determining priority ratings.

SEC. 16. Section 15705 of the Education Code is amended to read:

15705. In addition to such other powers and duties as are granted the board by this chapter, the board shall (1) establish such qualifications not in conflict with other provisions of this chapter as it deems will best serve the purposes of this chapter for determining the eligibility of school districts to apportionments of funds under this chapter; (2) establish such procedures and policies in connection with the administration of, and the expenditure of funds made available for the purpose of, this chapter as it deems necessary and which are not in conflict with the powers and duties of the Department of Education or of the director granted or imposed by this chapter, and (3) adopt such rules and regulations for the administration of this chapter, requiring such procedure, forms, and information, as it may deem necessary.

SEC 18 Section 15711 of the Education Code is amended to read

15711. A school district shall not expend money apportioned under this chapter unless the contracts under which the funds are expended have been let after competitive bids thereafter pursuant

to this code.

SEC. 19. Section 15712 of the Education Code is amended to read:

15712 Funds apportioned to a school district under this chapter for a project, remaining unencumbered or unexpended one year from the date the application of the district for such apportionment was approved, shall not be encumbered or expended except as provided in this section.

The governing board of the district shall notify the board of its desire to encumber or expend such funds. The board shall immediately request the Department of Education to, and the department shall, review the project for which apportionment was made. If the Department of Education finds that the conditions existing at the time it approved the project for which the apportionment was made have so changed that the needs of the district are less than originally determined, it shall notify the board of its findings and of the respects in which the project should accordingly be modified. The board shall review the project and revise the project in such manner as it deems necessary, subject to the provisions of Section 15727, and make such changes in the purposes for which the apportionment may be expended as it deems necessary The cost of the project as revised by the board shall be computed in the manner prescribed by Section 15713 and the excess, if any, of the amount theretofore apportioned to the district over the computed cost of the revised project shall be deducted by the board from the apportionment made to the district. The board shall give notice of its action, in writing, to the State Controller, the governing board of the district, and the county auditor and the county treasurer having jurisdiction over the public school building fund of the district. If the amount of such excess, or any portion thereof, has not been paid to the district, such excess, or portion thereof, shall be made available for apportionment to other districts. If such excess, or portion thereof, has been paid to the district, it shall not be encumbered or expended by the district and shall become due and payable to the State of California. The governing board of the district and the county treasurer shall pay such amount to the State Treasurer, out of the funds, and in the manner specified in Section 15752. Such payment shall, on order of the State Controller, be deposited in the Public School Building Loan Fund in the State Treasury

It shall be the duty of such governing body and county treasurer to make the payments to the State Treasurer as provided in this section, and it shall be the duty of the State Controller to enforce such collection on behalf of the state

This section does not authorize the board to increase any apportionment made to a district.

SEC 20 Section 15713 of the Education Code is amended to read·

15713 Each school district which desires an apportionment for a grade level maintained by it, shall submit through its governing board to the board an application therefor in such form and number

of copies as the board shall prescribe Each copy of the application shall be accompanied by a statement of the estimated cost of the project certified by an architect or structural engineer, and by layout plans showing the entire project for which the district desires an apportionment Estimates of cost for new construction appearing in an application shall not exceed typical current costs of comparable new construction by school districts in the same area not receiving or not eligible for apportionment under this chapter, as determined by the Director of General Services, or if there has been no new construction by districts in the area, the estimates of cost shall not exceed the reasonable current cost of similar construction in the area as determined by the Director of General Services Immediately upon receipt of an application in the prescribed form accompanied by the required estimate of cost, a copy thereof shall be transmitted by the board to the director and to the Director of General Services.

A district may at any time amend or supplement its application.

The Director of General Services shall determine the school district's financial ability to meet all or a portion of the cost of the project and the amount which the district can contribute toward the cost of the project out of its available funds, and shall submit his report thereon to the board

The directors shall as promptly as possible prepare a report and recommendation with respect to the application and refer the application, report, and recommendation to the Director of General Services, who shall, if he finds the documents to be in proper form and otherwise sufficient, refer them to the board. If the Director of General Services finds the documents to be lacking in any respect as to any matter which is subject to the jurisdiction or approval of the director or Department of Education, he shall refer them to the director who shall take such action as may be necessary. The board shall, subject to the provisions of this chapter approve or reject each application referred to it by the Director of General Services. If the board approves of the application, either in whole or in part, it shall, by a resolution adopted by it, apportion to the district from the Public School Building Loan Fund the amount applied for, or such portion thereof as the board may deem appropriate; provided, that it may order that the apportionment or any part thereof shall be paid in progressive installments at such times and under such conditions as it may then prescribe. This shall be known as a conditional apportionment and shall become final only if the vote provided for in Section 15721 is favorable and if bonds are authorized and sold in the amounts prescribed by the board, and the proceeds of the bonds sold earmarked for the project as approved The conditional apportionment shall remain effective for a period of nine months from the date of the resolution of the board, and if it does not become a final apportionment by the date, it shall become void and the money so apportioned shall become again available for apportionment pursuant to this chapter

The board may for such good cause as it shall determine, reduce

the amount of, or modify any provisions relating to, any contribution required of a district under the terms of an apportionment, other than any contribution required of such district under Section 15721 from the sale of bonds; provided, that the board may not, without the consent of the district, increase the amount of any district contribution under the terms of an apportionment, in the absence of mistake arising from any source, or misrepresentation, concealment, or omission, on the part of the district, intentional or otherwise The provisions of this paragraph shall be applicable to apportionments heretofore or hereafter made.

SEC. 21. Section 15719 of the Education Code is amended to read:

15719 No apportionment shall be made for new construction which when added to the area of adequate school construction existing in the applicant school district at the time of application, will provide a total area of school building construction per pupil of the estimated enrollment in excess of that computed under the following schedule.

Elementary school comprising kindergarten and grades 1 to 6, inclusive	300 or more	55
Elementary school comprising grades 7 and 8	750 or more	75
Junior high school comprising grades 7 to 9, inclusive	750 or more	75
Junior high school comprising grades 7 to 10, inclusive	750 or more	75

High school comprising grades 9 to 12, inclusive	750 or more	80
High school comprising grades 10 to 12, inclusive	750 or more	80

The maximum total building areas per pupil allowed to applicants having schools with smaller estimated enrollments than shown in the above schedule shall be determined by the Department of Education, and shall be building areas to provide comparable facilities to those enumerated above, and shall be the least building area required to house adequately the estimated enrollment and the normal instructional and other services.

No estimate of enrollment made by an applicant for the purpose of justifying an apportionment shall be made for a longer time than the second fiscal year beyond the fiscal year in which an application is made, and in no case shall be given effect unless approved by the Department of Education.

SEC 22 Section 15721 of the Education Code is amended to read

At the time the board makes a conditional apportionment pursuant to Section 15713, it shall determine what portion of the total amount of bonds which a district is permitted to issue and sell by law shall be issued and sold by such district, the proceeds of which shall be applied toward the cost of the project for which the apportionment is sought The portion so determined by the board shall be not less than the minimum amount required for such apportionment to become final under this section. Any apportionment made by the board pursuant to Section 15713 shall be conditioned upon the approval and sale of such bonds by the district.

No apportionment to a district shall become final unless, at an election called by the governing board of the district, two-thirds of the qualified electors of the district voting thereat have authorized the governing board of the district to accept, expend, and repay, as provided in this chapter, an apportionment under the provisions of this chapter Such election shall be combined with and held at the same time as the bond election to authorize the amount of bonds required by the board, if any, and shall be called, held, and conducted in the same manner as are elections to authorize the issuance of district bonds, except that the ballot, in addition to the bond proposition, shall contain substantially the following words:

"Shall the governing board of the _____ school district be authorized to accept and expend an apportionment in an amount not to exceed _____ dollars ($_____) from the State of California under and subject to the provisions of Chapter 6 (commencing with Section 15700) of Part 10 of Division 1 of Title 1 of the Education Code which amount is subject to repayment as provided by said chapter? Yes_____ No_____."

All such elections held prior to October 13, 1950, whether before or after the making of an apportionment, are hereby validated and confirmed if otherwise called and held pursuant to law.

SEC 24 Section 15724 of the Education Code is amended to read.

15724 Whenever a conditional apportionment has been made, and the county auditor has inadvertently and erroneously included

in his certification of the outstanding bonded indebtedness of the school district the bonded indebtedness of another school district having the same, or substantially the same, boundaries, which bonded indebtedness is less than two percent (2%) of the total amount of the total bonded indebtedness certified, and thereafter an election upon the issuance of new bonds in the amount required by the board has been had and the vote thereon has been in favor of the issuance of the bonds, and the board has certified to the State Controller that the apportionment to the district has become final, such final apportionment is hereby confirmed, ratified, and validated, and any expenditure of money from the Public School Building Loan Fund according to the terms of such final apportionment is hereby confirmed, ratified, and validated.

Any bonds erroneously certified, however, shall not be taken into consideration in making the computation required by Section 15721.

SEC 25 Section 15727 of the Education Code is amended to read:

15727 No apportionment shall be made to a district for the construction, reconstruction, or alteration of, or addition to, school buildings if the requirements prescribed by this code for the construction of school buildings are not met by the plans for the entire building program of the district in connection with which the district applied for an apportionment or for any project or part thereof which has not been approved by the Department of Education

15737 (a) Upon request of the district, the Controller shall use in computing the "40-cent, 30-cent, and 10-cent tax amounts" under Section 15732 the difference between the total assessed valuation of property in a district as shown on the equalized assessment roll for the current fiscal year and the assessed valuation of property as shown on the equalized assessment roll for the current fiscal year, in excess of 2 percent of such total assessed valuation, with respect to which revenues of the district taxes levied in the 1954–1955 fiscal year, or thereafter, have been impounded by the county auditor pursuant to Section 14240 If such a request is received prior to August 1, 1955, with respect to the impounding of revenues of taxes levied during the 1954–1955 fiscal year, the Controller shall recompute the annual repayment of the district due during the 1955–1956 fiscal year on the basis of such reduced assessed valuation, and, on or before September 1, 1955, notify the officers and board referred to in Section 15741 of such recomputed annual repayment for the 1955–1956 fiscal year, and of the recomputed amount to be deducted from the State School Fund apportionment to such district during the 1955–1956 fiscal year.

(b) Whenever, after July 1, 1955, the county auditor notifies the Superintendent of Public Instruction and the Controller of the release of impounded tax revenues to the school district, the Controller shall add to the annual repayment of the district, for the first fiscal year or second fiscal year next succeeding that in which

such notification of release was made, that amount by which the annual repayment of the district for a previous fiscal year was reduced by reason of the exclusion of assessed valuation with respect to tax revenues impounded and thereafter released.

(c) The amount of annual repayment and deduction, increased or reduced as required by this section, shall be the amount deducted by the Controller for the purposes of Sections 15735, 15741, and 15742 for the fiscal year in which such increase or reduction occurs.

(d) If a request is received from a school district and an annual repayment reduced pursuant to subdivision (a), Section 15736 shall not apply with respect to any tax revenues to which subdivision (a) applies

SEC. 31. Section 16007 of the Education Code is amended to read:

16007 The board by the adoption of rules shall give priority in allocating funds to districts to those districts where the children will benefit most from additional schoolhouse facilities. This priority shall be based on acuteness of overcrowding, on rapidity of growth in attendance, and on the time the district's application has been ready for allotment. The board may make exceptions when it determines that it will be for the benefit of the children affected.

The State Department of Education shall assist and cooperate with the board in determining priorities.

SEC. 32. Section 16009 of the Education Code is amended to read:

16009. In addition to such other powers and duties as are granted the board by this chapter, the board shall.

(e) Such other purposes as the district requires which are approved by the Department of Education.

Where a district is required by a contract entered into between itself and a contractor, to obtain at its own expense insurance covering risks incurred during any construction, reconstruction or alteration for which an apportionment has been made, the cost thereof may be paid either directly, or by way of reimbursement, to said district out of said apportionment, or out of any apportionment made specifically covering such insurance; provided, that in other respects said apportionments are eligible for payment under provisions of this chapter

In addition to the foregoing, the board may make an apportionment to a school district for the purchase from another school district of existing facilities, real or personal, including the site thereof, or any portion of any of the foregoing, providing that the board finds (1) that it is economical and good practice on the part of the acquiring district to purchase the same, and (2) that the consideration to be paid in the light of all the circumstances surrounding the transfer is fair and equitable both to the acquiring district and to the state

The governing board of the district shall notify the board of its desire to encumber or expend such funds The board shall immediately request the Department of Education to, and the department shall, review the project for which apportionment was

made If the Department of Education finds that the conditions existing at the time it approved the project for which the apportionment was made have so changed that the needs of the district are less than originally determined, it shall notify the board of its findings and of the respects in which the project should accordingly be modified. The board shall review the project and revise the project in such manner as it deems necessary subject to the provisions of Section 16067, and make such changes in the purposes for which the apportionment may be expended as it deems necessary The cost of the project as revised by the board shall be computed in the manner prescribed by Section 16024 and the excess, if any, of the amount theretofore apportioned to the district over the computed cost of the revised project shall be deducted by the board from the apportionment made to the district. The board shall give notice of its action, in writing, to the State Controller, the governing board of the district, and the county auditor and the county treasurer having jurisdiction over the state school building fund of the district If the amount of such excess, or any portion thereof, has not been paid to the district, such excess, or portion thereof, shall be made available for apportionment to other districts, if such excess, or portion thereof, has been paid to the district, it shall not be encumbered or expended by the district and shall become due and payable to the State of California. The governing board of the district and the county treasurer shall pay such amount to the State Treasurer, out of the funds, and in the manner specified in Section 16100 Such payment shall, on order of the State Controller, be deposited in the State School Building Aid Fund in the State Treasury.

It shall be the duty of such governing body and county treasurer to make the payments to the State Treasurer as provided in this section, and it shall be the duty of the State Controller to enforce such collection on behalf of the state.

SEC 35 Section 16023 of the Education Code is amended to read·

16023 Notwithstanding any other provisions of this chapter, a district may apply, on a separate application, for an apportionment for the purchase of laboratory and vocational training equipment, whether or not such equipment is for use in connection with a construction project

All of the provisions of this chapter apply to such application and apportionment except that·

(a) Any application for the equipment pursuant to this section which is received by the board shall be transmitted to the Department of Education If the Department of Education approves the application, it shall refer it to the board which shall either approve or reject the application pursuant to Section 16024 Any provision of Section 16024 inconsistent with this section shall not apply to such application

(b) Section 16007 does not apply

(c) If the application is approved and an apportionment granted therefor the district shall repay the full amount of such apportionment and the interest thereon. The repayment of the apportionment, and the interest thereon, may be over a period of years, not to exceed 20 years from the first day of January of the fiscal year next succeeding the fiscal year in which such apportionment became final. The number of years allowed for repayment shall be determined by the board at the time it fixes interest on the apportionment. Such repayment is in addition to any other repayment required under this chapter.

SEC 36. Section 16029 of the Education Code is amended to read:

16029. Notwithstanding any other provisions of this chapter, a school district qualifying for an adjustment of annual repayment obligations under Section 16025 or 15731 may apply for an apportionment under this chapter.

Such apportionment shall not exceed the "eligible facilities cost", as defined in Section 16025 or 15731, and may be made available, upon the review and recommendation of the Department of Education, only for such modifications of existing facilities necessary for the implementation of continuous school programs (as defined in Chapter 5 (commencing with Section 37600) of Part 22).

In allocating funds under this chapter, the board may give first priority to school districts for modifications to existing facilities to be made pursuant to this section when in the judgment of the board such modifications of existing facilities are necessary for operation of year-round classes In no event shall apportionments be made for modifications to a standard greater than could have been constructed in a new school building under this article. All of the provisions of the chapter apply to such districts except the provisions for the establishment of priorities.

Any apportionment made under this section shall be deducted from the eligible facilities costs before the Director of General Services makes his computation of the adjustment under Section 16025 or 15731

SEC 37 Section 16034 of the Education Code is amended to read.

16034 Before the board approves an application for a furniture or equipment project, or an application for a new construction project, including furniture and equipment, and after consultation with the Department of Education, it shall establish current furniture and equipment cost standards Such standards shall not exceed the quantity and quality of furniture and equipment for comparable facilities purchased by school districts not receiving or not eligible for an apportionment under this chapter. Such standards shall consist of equipment costs for each type of classroom or pupil station which represents a differential in costs The standards shall be reviewed quarterly by the board and adjustments made in accordance with current cost standards. When standards have been adopted by the board, no apportionment shall be made by the board

in excess of such standards unless a rapid increase in costs warrants an adjustment.

Before the board approves an application for furniture and equipment in connection with an application for the replacement of, reconstruction of, alteration of, or addition to, a school building, the Department of Education, after full consideration of all the furniture and equipment existing in the applicant district that is in usable condition, shall recommend the amount that shall be approved in the application. The board may approve all or a portion of the amount so recommended.

SEC 38 Section 16036 of the Education Code is amended to read:

16036 The board shall, after consultation with the Department of Education, establish site cost standards which shall be used in evaluating the cost in relationship to the size of any site to be acquired wholly or partially with funds apportioned under this chapter. In determining such standards, consideration should be given to the following factors:

(a) The grade level of the school.

(b) The location of the school

(c) The enrollment to attend the school.

(d) The purchase price of each acre of the site.

(e) The site development cost.

(f) Land use in the area.

SEC 39 Section 16042 of the Education Code is amended to read:

16042. In addition to any powers granted the board under this chapter, the board shall have authority to make apportionments to school districts for the purchase of sites and construction or purchase of temporary and portable buildings thereon, or for such construction alone, and for the cost of site preparation, including necessary utility costs, in connection with their utilization The board may establish standards in conjunction with the Department of Education pertaining to said sites and facilities as a condition of making such apportionments.

In addition, the board may expend moneys from the State School Building Aid Fund directly for the construction, acquisition, storage, maintenance and repair of such buildings, and administrative costs relating thereto In such event the board may lease, sell or transfer under a lease-purchase agreement such buildings to eligible school districts or to county superintendents of schools. Any such agreements with school districts may provide for the payment by the state of site preparation costs, including necessary utility costs, sufficient to permit the utilization of such facilities. Any building leased for placement on the school property or under a purchase or a lease-purchase agreement shall be deemed the construction or alteration of a school building as those terms are defined in Sections 39140 to 39155, or 81130 to 81145, inclusive The consideration payable by either school districts or county superintendents for such facilities shall, as nearly as practicable, reflect an amount which would render to the state a fair return, as determined by the board, on its

investment in said facilities and expenditures connected with their utilization, in the light of the benefits conferred by the agreement pertaining thereto.

The county superintendent of schools may contract with eligible school districts respecting and transfer to them by lease, lease-purchase or sale, facilities acquired by him from the board, provided that such agreements are not inconsistent with the rights of the state under any agreement between such superintendent and the board respecting such property Repayments to the state as due shall be made by the county superintendent from the funds received from the affected school districts, and, if necessary to make the same when due, from the county school service fund, upon which he is authorized to draw requisitions for this purpose. Such fund shall be reimbursed for such withdrawals from any payments made by the affected districts to the county superintendent not required when made for the discharge of any obligations of the county superintendent hereunder to the state.

No transfer of any property acquired directly by the board to any school district by lease or otherwise shall be made either by the board or county superintendents without the approval of the Department of Education solely as to (1) the property to be transferred, including incidental construction, if any, connected therewith, (2) whether the same shall be by lease or sale, and (3) if less than a sale, the term of such lease, including any contingent or indefinite term

The board, affected school districts, and county superintendents of schools are authorized to do any and all things necessary to carry out the purposes of this section. Payments required of any affected school districts under any agreement entered into pursuant to this section shall be made promptly when due. Whenever the board deems it economically desirable in the state's interest to do so, it may dispose of any facilities directly acquired by it to any public or private parties in such manner and under such terms as it deems best, providing that such disposition is not inconsistent with any agreements previously entered into under this section.

The term "eligible school districts" as used in this section, shall be deemed to refer to those districts which at the time an agreement contemplated hereunder is entered into would upon proper application have been eligible to receive an apportionment under this chapter, provided that solely for the purpose of determining such eligibility the board, or the county superintendent of schools in agreements with districts hereunder, may waive construction area restrictions pertaining to apportionments under this chapter

SEC 40. Section 16044 of the Education Code is amended to read

16044 No apportionment shall be made for new construction which, when added to the area of adequate school construction existing in the applicant school district at the time of application, will provide a total area of school building construction per unit of average daily attendance of the estimated average daily attendance in excess of that computed in accordance with Sections 16047, 16052,

16053, 16054, and 16055.

As used in Sections 16047, 16052, 16053, 16054, and 16055, "maximum area" means maximum area of school building construction and "attendance unit" means unit of estimated average daily attendance

As used in this section and Sections 16053, 16054, and 16055, "attendance center" means a school maintained or to be maintained at a given location within a district. The Department of Education shall approve or disapprove the allocation by an applicant district of units of estimated average daily attendance among the attendance centers of the district.

To the building area permitted to an applicant school district by Sections 16047, 16052, 16053, 16054, and 16055, there may be added such additional building area as may be required to provide adequate facilities for exceptional children pursuant to Article 3 (commencing with Section 16190) of this chapter.

No estimate of average daily attendance made by an applicant for the purpose of justifying an apportionment shall be made for a longer time than the third fiscal year beyond the fiscal year in which an application is made, except that an estimate for the purpose of justifying an apportionment for a grade level maintained by a unified district, under an application filed prior to September 15, 1961, or by a high school district composed of grades 7 to 12, inclusive, 9 to 12, inclusive, or 7 to 10, inclusive, or of justifying an apportionment for a unified district for a junior high school or high school project under an application made on or after such effective date shall not be made for a longer time than the fourth fiscal year beyond the fiscal year in which the application is made. Except as otherwise provided by the board, the estimates of average daily attendance shall be based upon the number of family dwellings and mobilehome parks, as defined in Section 18214 of the Health and Safety Code, under construction or newly constructed and never occupied in the district and the number of children residing in the district. In no case shall an estimate be given effect unless approved by the board.

For the purposes of this chapter pupils attending grades 7 and 8 in an elementary district but residing in a high school district which maintains one or more junior high schools shall not be considered in determining or estimating the average daily attendance of the elementary district, unless the elementary district is maintaining and has continuously maintained grades 7 and 8 since a date prior to January 1, 1959, or unless the electorate of the district, during the year 1974, has authorized the return of the seventh and eighth grade pupils from the high school district and the maintaining of grades 7 and 8 in the elementary district. When pupils attending grades 7 and 8 are so considered in determining or estimating the average daily attendance of the elementary district in making apportionment to the elementary district, such pupils shall not be considered in determining or estimating average daily attendance of the high school district in making an apportionment to the high school district

for junior high school purposes.

The board shall develop statewide or areawide averages of pupil occupancy for family dwellings of various sizes and for mobilehomes of various sizes for use by applicant school districts in estimating the average daily attendance of family dwellings and mobilehome parks under construction or newly constructed and never occupied in the district

SEC. 41 Section 16051 of the Education Code is amended to read

16051 The area of any building which has not been constructed or reconstructed under the provisions of Sections 39140 to 39155, inclusive, shall not be included in any computation of the area of adequate school construction under this chapter, provided that such area is being used exclusively for adult education classes during the regular schoolday and that the operation of such classes has been approved by the Department of Education

SEC. 42 Section 16051.5 of the Education Code is amended to read

16051 5 The area of any building, the construction of which was financed by the proceeds of a tax levied pursuant to Section 49502, shall not be included in any computation of the area of adequate school construction existing in any applicant school district under this chapter

SEC. 43. Section 16055 of the Education Code is repealed

SEC 44 Section 16067 of the Education Code is amended to read

16067. No apportionment shall be made to a district for the construction, reconstruction, or alteration of, or addition to, school buildings if the requirements prescribed by this code for the construction of school buildings are not met by the plans for the entire building program of the district in connection with which the district applied for an apportionment or for any project or part thereof which has not been approved by the Department of Education

SEC 45 Section 16082 of the Education Code is amended to read

16082. (a) Upon request of the district, the Controller shall use in computing the "40-cent, 30-cent, and 10-cent tax amounts" under Section 16070 the difference between the total assessed valuation of property in a district as shown on the equalized assessment roll for the current fiscal year and the assessed valuation of property as shown on the equalized assessment roll for the current fiscal year, in excess of 2 percent of such total assessed valuation, with respect to which revenues of the district taxes levied in the 1954–1955 fiscal year, or thereafter, have been impounded by the county auditor pursuant to Section 14240 If such a request is received prior to August 1, 1955, with respect to the impounding of revenues of taxes levied during the 1954–1955 fiscal year, the Controller shall recompute the annual repayment of the district due during the 1955–1956 fiscal year on the basis of such reduced assessed valuation, and, on or before September 1, 1955, notify the officers and board referred to in Section 16089 of such recomputed annual repayment

for the 1955–1956 fiscal year, and of the recomputed amount to be deducted from the State School Fund apportionment to such district during the 1955–1956 fiscal year.

(b) Whenever, after July 1, 1955, the county auditor notifies the Superintendent of Public Instruction and the Controller of the release of impounded tax revenues to the school district, the Controller shall add to the annual repayment of the district for the first fiscal year or second fiscal year next succeeding that in which such notification of release was made, that amount by which the annual repayment of the district for a previous fiscal year was reduced by reason of the exclusion of assessed valuation with respect to tax revenues impounded and thereafter released

(c) The amount of annual repayment and deduction, increased or reduced as required by this section, shall be the amount deducted by the Controller for the purposes of Sections 16080, 16089, and 16090 for the fiscal year in which such increase or reduction occurs.

(d) If a request is received from a school district and an annual repayment reduced pursuant to subdivision (a) hereof, Section 16081 shall not apply with respect to any tax revenues to which subdivision (a) applies.

restoration. Such apportionments shall be made in the manner and subject to the conditions herein provided and in accordance with policies adopted by the board for the following purposes, all of which purposes are declared to be, and are, public works:

(a) The reconstruction, renovation, or remodeling of existing school buildings and facilities.

SEC. 48 Section 16330.5 of the Education Code is amended to read·

16330 5. Notwithstanding Section 39230 or anything to the contrary in this article, whenever the State Allocation Board determines that state funds are not available to make an apportionment for an otherwise eligible project in the amount computed pursuant to Section 16330, an application may be approved and an apportionment made for one dollar ($1) only In such instances the project may be financed by the applicant district using funds derived from a twenty-cent ($0.20) tax levy provided by Section 39230 together with any other funds available to the district for such purposes.

SEC. 49 Section 16331 of the Education Code is amended to read:

16335. Each district to which an apportionment or apportionments has been made under this article shall repay the principal amount of such apportionment or apportionments and the accrued interest thereon in 20 equal annual payments. The first payment shall be made in the second fiscal year following the year in which the apportionment is made. In any year in which the equal annual repayment exceeds that amount which seventeen and one-half cents ($0.175) per one hundred dollars ($100) of assessed valuation for each grade level (i.e. elementary or high school) operated by the district would raise during the year of the computation, the repayment shall be reduced to the amount which the seventeen and one-half cents ($0.175) for each grade level would so raise. The amount of the reduction in computed repayment shall be canceled on the books of the State Controller. If more than one apportionment is made the annual amount payable shall be the sum of the amounts which would be payable on each amount if computed separately

On or before the first day of January of each fiscal year the State Controller shall determine the annual repayment, if any, to be due from each district during the next succeeding fiscal year. The computation and collection procedures shall be in accordance with Sections 16080, 16089, and 16090

If the finance charge or any portion thereof is calculated on the 365-day basis, the amount of the finance charge shown pursuant to item (h)

Every conditional sale contract shall contain, although not necessarily in the sequence or order set forth below, the following separate items:

1 The cash price of the motor vehicle described in the conditional

sale contract.

2. The amount of the buyer's downpayment, and whether made in cash or represented by the net agreed value of described property traded in, or both, together with a statement of the respective amounts credited for cash and for such property.

3. The unpaid balance of cash price, which is the difference between items 1 and 2.

4. The cost to the buyer of any insurance, the premium for which is included in the contract balance. Any such cost for credit life or disability insurance may be included in the finance charge if the amount thereof is separately stated on the face of the contract.

8. The amount, if any, of an administrative finance charge.

9. The amount financed, which is the difference between items 7 and 8.

10. The finance charge (i) expressed as the annual percentage rate as defined in Regulation Z and (ii) expressed in dollars.

Reference to the Rule of 78's, the sum of the digits, the sum of the periodic time balances or the actuarial method shall constitute a sufficient identification of the method of computing the unearned portion of the finance charge.

(B) Where the contract includes a finance charge which is determined on the simple-interest basis but provides for a minimum finance charge in the event of prepayment in full, a statement of that fact and the amount of the minimum finance charge or its method of calculation.

14. (A) Where the contract includes a finance charge which is determined on the precomputed basis, a notice as set forth in either item (i) or (ii) in at least 8-point bold type if the contract is printed

(i) "Notice to the buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) Under the law, you have the right to pay off in advance the full amount due and under certain conditions to obtain a partial refund of the finance charge. (3) You can prepay the full amount due under this agreement at any time and under certain conditions obtain a partial refund of the finance charge. Because the refund will be figured by the Rule of 78's, the time when you prepay may affect the ultimate cost of credit under this agreement. If the finance charge or any portion thereof is calculated on the 365-day basis, the amount of the finance charge shown pursuant to item 10 shall be the amount which will be incurred by the buyer if all payments are received by the seller on their respective due dates.

(b) If any charge for insurance (other than for credit life or disability) is included in the contract balance and disbursement of any part thereof be made more than one year after the date of the conditional sale contract, any finance charge on the amount to be disbursed after one year shall be computed from the month the disbursement is to be made to the due date of the last installment under the conditional sale contract

(c) (1) If the finance charge is determined by the precomputed basis, the dollar amount of the finance charge shown pursuant to item 10 of subdivision (a) shall not exceed the greater of:

(A) One percent of the unpaid balance multiplied by the number of months (computed on the basis of a full month for any fractional month period in excess of 15 days) elapsing between the date of the contract and the due date of the last installment; or

(B) (i) Twenty-five dollars ($25) if the unpaid balance does not exceed one thousand dollars ($1,000), (ii) fifty dollars ($50) if the unpaid balance exceeds one thousand dollars ($1,000) but does not exceed two thousand dollars ($2,000), or (iii) seventy-five dollars ($75) if the unpaid balance exceeds two thousand dollars ($2,000)

(4) If the finance charge or a portion thereof is determined by the simple-interest basis and the amount of the unpaid balance exceeds five thousand dollars ($5,000), the holder of the contract may, in lieu of its right to a minimum finance charge under subparagraph (B) of paragraph (2), charge, receive or collect on the date of the contract an administrative finance charge not to exceed seventy-five dollars ($75) provided that the sum of any such administrative finance charge and the portion of the finance charge determined by the simple-interest basis shall not exceed the maximum total finance charge permitted by subparagraph (A) of paragraph (2). Any administrative finance charge which is charged, received or collected by a holder shall be deemed a finance charge earned on the date of the contract

(d) The contract may provide for a delinquency charge or charges on any installment in default for a period of not less than 10 days in an amount not to exceed in the aggregate 5 percent of the installment, which amount may be collected only once on any installment regardless of the period during which it remains in

default The contract may provide for reasonable collection costs and fees in the event of delinquency

(e) Notwithstanding any provision of a contract to the contrary, the buyer may pay at any time before maturity the entire indebtedness evidenced by the contract without penalty. In the event of prepayment in full:

(1) If the finance charge was determined on the precomputed basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, provided, however, that the buyer shall be entitled to a refund credit in the amount of the unearned portion of the finance charge, except as provided in paragraphs (3) and (4). The amount of the unearned portion of the finance charge shall be at least as great a proportion of the finance charge, or if the contract has been extended, deferred or refinanced, of the additional charge therefor, as the sum of the periodic monthly time balances payable more than 15 days after the date of prepayment bears to the sum of all the periodic monthly time balances under the schedule of installments in the contract or, if the contract has been extended, deferred or refinanced, as so extended, deferred or refinanced. Where the amount of the refund credit is less than one dollar ($1), no refund credit need be made by the holder. Any refund credit in the amount of one dollar ($1) or more may be made in cash or credited to the outstanding obligations of the buyer under the contract

(2) If the finance charge or a portion thereof was determined on the simple-interest basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, including any earned finance charges which are unpaid as of that date and, if applicable, the amount provided in paragraph (3), and provided further that in cases where a finance charge is determined on the 360-day basis, the payments theretofore received will be assumed to have been received on their respective due dates regardless of the actual dates on which such payments were received

(3) Where the minimum finance charge provided by subparagraph (B) of paragraph (1) of subdivision (c) or subparagraph (B) of paragraph (2) of subdivision (c), if either is applicable, is greater than the earned finance charge as of the date of prepayment, the holder shall be additionally entitled to the difference

(4) The provisions of this subdivision shall not impair the right of the seller or his assignee to receive delinquency charges on delinquent installments and reasonable costs and fees as provided in subdivision (d) of this section

(f) Notwithstanding any other provision of this chapter to the contrary, in the event any required downpayment on which no finance charge is imposed is to be made by the buyer to the seller on a conditional sale contract after the date of such contract but prior to the date of the second payment otherwise scheduled, the amount of such payment may be shown in such contract as a deferred portion

of the cash downpayment or, if the finance charge is determined on the precomputed basis, as a deduction from the amount of the unpaid balance, and shall be included in the total of payments.

(g) Notwithstanding any other provision of this chapter to the contrary, any information required to be disclosed in a conditional sale contract under this chapter may be disclosed in any manner, method, or terminology required or permitted under Regulation Z, as in effect at the time such disclosure is made. Nothing contained in this chapter shall be deemed to prohibit the disclosure in such contract of additional information required or permitted under Regulation Z, as in effect at the time such disclosure is made.

(h) If the requirements of this section are otherwise met, the preparation and use of a separate document for escrow instructions under Section 11950 of the Vehicle Code, relating to the sale of mobilehomes, shall not violate the single-document requirement of subdivision (a).

(i) This section shall remain in effect only until January 1, 1981, and as of such date is repealed.

CHAPTER 806

An act to add Section 820 25 to the Government Code, relating to liability, and declaring the urgency thereof, to take effect immediately

[Approved by Governor September 19, 1979 Filed with Secretary of State September 19, 1979]

The people of the State of California do enact as follows:

SECTION 1. Section 820.25 is added to the Government Code, to read.

820.25 (a) For purposes of Section 820.2, the decision of a peace officer, as defined in Sections 830 1 and 830.2 of the Penal Code, or a state or local law enforcement official, to render assistance to a motorist who has not been involved in an accident or to leave the scene after rendering assistance, upon learning of a reasonably apparent emergency requiring his immediate attention elsewhere or upon instructions from a superior to assume duties elsewhere, shall be deemed an exercise of discretion.

(b) The provision in subdivision (a) shall not apply if the act or omission occurred pursuant to the performance of a ministerial duty. For purposes of this section, "ministerial duty" is defined as a plain and mandatory duty involving the execution of a set task and to be performed without the exercise of discretion.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

A recent ruling by the appellate court has held that liability may attach to a state traffic officer who stops to assist a stranded motorist.

In such a situation, the officer would not be immunized from tort liability by Section 820.2 of the Government Code, which gives a public employee immunity from liability when an act or omission which causes injury results from an exercise of discretion, since the court found that while the initial decision to stop may be discretionary, the decision to leave is not To avoid liability, a traffic officer, or a state or local law enforcement official, would have to either not render assistance to motorists who are not involved in an accident or, having stopped to give assistance, remain at the scene even though more serious emergency situations may arise elsewhere in the meantime.

Therefore, in order that traffic officers, and state or local law enforcement officials, may have flexibility in assisting stranded motorists and in order that the state will no longer be required to pay damages on this theory of expanded liability, it is necessary that this act take effect immediately.

CHAPTER 2.5. CASE MANAGEMENT SYSTEM

5675. The Legislature finds that the cost of state psychiatric hospitalization and psychiatric hospitals based in the community is exorbitantly high. It is the intent of the Legislature, to encourage the development of case management systems for mentally disordered clients who have the highest hospital readmission rate in order to establish a more cost efficient method of reducing hospitalization. It is further the intent of the Legislature, that case management systems in the State of California be developed in accordance with the principles of this chapter and the guidelines developed pursuant to this chapter.

5676. 5677. Case management systems developed under this chapter shall, at the minimum, include all of the following:

installation charges, monthly lease payments, and costs associated with the acquisition of a solar easement as specified in paragraph (7), but excluding interest charges) incurred by the taxpayer of any solar energy system on premises in California which are owned by the taxpayer at the time of installation Such credit shall not exceed three thousand dollars ($3,000) The owner of the premises on which the solar energy system is installed may claim the tax credit for costs incurred; however, an owner-builder or owner-developer of new homes may elect not to claim the solar energy tax credit for any or all systems installed on new homes If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new home on which the system is installed may claim the credit provided that the purchaser can confirm the election, if necessary, by a written document signed by the owner-builder or owner-developer.

The solar energy tax credit shall be claimed in the state income tax return for the taxable year in which the solar energy system was installed; however, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new home on which the system is installed may claim the credit for the taxable year during which the purchaser's escrow closed or the taxable year during which the purchaser acquired legal title to the home.

(3) With regard to premises in California which are owned by the taxpayer, other than single-family dwellings, on which the cost (including installation charges but excluding interest charges and costs associated with the acquisition of an easement) exceeds twelve thousand dollars ($12,000), the amount of the credit allowed by this section shall be 25 percent of the cost of the solar energy system

(4) If a solar energy system serves two or more single-family dwellings, the owners of the dwellings shall be eligible to receive the credit in proportion to the number of single-family dwellings served. The amount of the credit shall be determined by dividing the cost (including installation charges but excluding interest charges) of the solar energy system by the number of single-family dwellings served by the system, and applying the formula described in either paragraph (2) or (3) to the per dwelling cost

(5) Energy conservation measures applied in conjunction with solar energy systems to reduce the total cost or backup energy requirements of such systems shall be considered part of the systems, and shall be eligible for the tax credit Qualified energy conservation measures installed within six months of the solar energy system are considered to be installed "in conjunction with" the solar energy system, even if the period spans two taxable years In cases involving more than six months between the installations of the energy conservation measures and the solar energy system, the taxpayer must be able to provide persuasive evidence that the energy conservation measures were in fact installed in conjunction with a solar energy system Eligible conservation measures applied in

conjunction with solar space heating shall include, but not be limited to, ceiling, wall, and floor insulation above that required by law at the time of original construction. Eligible conservation measures applied in conjunction with solar water heating shall include, but not be limited to, water heater insulation jackets, and shower and faucet flow reducing devices. Energy conservation measures which shall be eligible for the tax credit when applied in conjunction with solar energy systems shall be defined by the Energy Resources Conservation and Development Commission as part of the solar energy system eligibility criteria.

(6) Taxpayers who partially own and partially lease a solar energy system from a municipal utility shall receive a tax credit equal to 55 percent of the purchased portion of the solar energy system (including installation charges, but excluding interest charges) and the principal recovery portion of the lease payments (excluding the interest charges) for the first three years of operation or until the solar tax credit allowance terminates, whichever occurs first. Such credit shall not exceed three thousand dollars ($3,000) In any one year, the tax credit shall apply only to the principal recovery portion of lease payments made during that year and to amounts expended on the purchased portion of the solar energy system (including installation charges) during that year As used in this section, "principal recovery portion" means the cost incurred by the public utility in acquiring the solar energy system. "Principal recovery portion" does not include interest charges, sales taxes, use taxes, or maintenance expenses.

(7) The compensation paid to the owner of burdened property in connection with the acquisition of a solar easement as defined in Section 801.5 of the Civil Code, and the fees for the recording of such an easement shall be considered part of solar energy systems, and shall be eligible for the tax credit.

(8) The basis amount of any solar energy system eligible for the credit provided under this section shall be reduced by any grant provided by a public entity for such system.

(b) The credit for such cost shall be in lieu of any deduction under this part to which the taxpayer otherwise may be entitled, if any.

(c) The basis of any system for which a credit is allowed shall either be reduced to its salvage value at the end of its useful life, or reduced by the amount of the credit, whichever results in the lesser basis The basis adjustment shall be made for the taxable year for which the credit is allowed.

(d) With the exception of a husband and wife, if there is more than one owner of a premises on which a solar energy system is installed, each owner shall be eligible to receive the solar energy tax credit in proportion to his or her ownership interests in the premises. In the case of a husband or wife who files a separate return, the credit may be taken by either or equally divided between them.

(e) The tax credit provided by this section shall not apply to trusts or estates subject to tax under this part

(f) In the case where the credit allowed under this section exceeds the "net tax" for the taxable year, that portion of the credit which exceeds such "net tax" may be carried over to the "net tax" in succeeding taxable years, with respect to which this section shall remain in effect for purposes of carrying over excess credit, until such credit is used. The credit shall be applied first to the earliest years possible.

(g) The Energy Resources Conservation and Development Commission shall, after one or more public hearings, establish guidelines and criteria for solar energy systems which shall be eligible for the credit provided by this section. Such guidelines and criteria may include, but shall not be limited to, minimum requirements for safety, reliability and durability of solar energy systems. The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section.

(h) (1) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of solar energy systems, then to the extent such credit is allowed or allowable for a solar energy system as defined in this section, the state credit provided in paragraph (2) of subdivision (a) shall be reduced so that the combined effective credit shall not exceed 55 percent of such costs, notwithstanding the carryover provisions of subdivision (f).

(2) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of solar energy systems, then to the extent such credit is allowed or allowable for a solar energy system as defined in this section, the state credit provided in paragraph (3) of subdivision (a) shall be reduced by the amount of such federal credit.

(i) For purposes of this section:

(1) "Installed" means placed in position in a functionally operative state.

(7) "Solar device" means the equipment associated with the collection, transfer, distribution, storage and control of solar energy. In the case of a solar device associated with two or more solar energy systems, the credit allowed for the solar device may be taken for any one of the systems, or divided equally between them.

(8) "Passive thermal system" means a system which utilizes the structural elements of the building, and is not augmented by mechanical components, to provide for collection, storage, and distribution of solar energy for heating or cooling

(9) "Active thermal system" means a system which utilizes solar devices thermally isolated from the living space to provide for collection, storage, and distribution of solar energy for heating or cooling

Such credit shall not exceed three thousand dollars ($3,000). The owner of the premises on which the solar energy system is installed may claim the tax credit for costs incurred; however, an owner-builder or owner-developer of new homes may elect not to claim the solar energy tax credit for any or all systems installed on new homes If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new home on which the system is installed may claim the credit provided that the purchaser can confirm the election, if necessary, by a written document signed by the owner-builder or owner-developer

The solar energy tax credit shall be claimed in the state return for the income year in which the solar energy system was installed; however, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new home on which the system is installed may claim the credit for the taxable year during which the purchaser's escrow closed or the taxable year during which the purchaser acquired legal title to the home.

(3) With regard to premises in California which are owned by the taxpayer, other than a single-family dwelling, on which the cost (including installation charges but excluding interest charges, and costs associated with the acquisition of an easement) exceeds twelve thousand dollars ($12,000), the amount of the credit allowed by this section shall be 25 percent of the cost of the solar energy system.

(4) If a solar energy system serves two or more single-family dwellings, the owners of the dwellings shall be eligible to receive the credit in proportion to the number of single-family dwellings served. The amount of the credit shall be determined by dividing the cost (including installation charges but excluding interest charges) of the solar energy system by the number of single-family dwellings served by the system, and applying the formula described in either paragraph (2) or (3) to the per dwelling cost

(5) Energy conservation measures applied in conjunction with solar energy systems to reduce the total cost or backup energy requirements of such systems shall be considered part of the systems, and shall be eligible for the tax credit. Qualified energy conservation measures installed within six months of the solar energy system are considered to be installed "in conjunction with" the solar energy system, even if the period spans two taxable years. In cases involving more than six months between the installations of the energy conservation measures and the solar energy system, the taxpayer must be able to provide persuasive evidence that the energy conservation measures were in fact installed in conjunction with a solar energy system. Eligible conservation measures applied in conjunction with solar space heating shall include, but not be limited to, ceiling, wall, and floor insulation above that required by law at the time of original construction. Eligible conservation measures applied in conjunction with solar water heating shall include, but not be limited to, water heater insulation jackets, and shower and faucet flow reducing devices. Energy conservation measures which shall be eligible for the tax credit when applied in conjunction with solar energy systems shall be defined by the Energy Resources Conservation and Development Commission as part of the solar energy system eligibility criteria.

(6) Taxpayers who partially own and partially lease a solar energy system from a municipal utility shall receive a tax credit equal to 55 percent of the purchased portion of the solar energy system (including installation charges, but excluding interest charges); and the principal recovery portion of the lease payments (excluding the

interest charges) for the first three years of operation or until the solar tax credit allowance terminates, whichever occurs first. CHAPTER 821

An act to add Sections 3517.1, 3523, and 3575.1 to and Article 3 8 (commencing with Section 3596) to Chapter 1 of Division 2 of, the Public Utilities Code, relating to carriers, and making an appropriation therefor.

[Became law without Governor's signature September 20, 1979 File with Secretary of State September 20, 1979]

The people of the State of California do enact as follows:

SECTION 1. Section 3517 1 is added to the Public Utilities Code, to read·

any public highway in this state of any commodity, the transportation or handling of which because of width, length, height, weight, shape, or size requires special authority from a governmental agency regulating the use of highways, roads, or streets, in any motor vehicle or combination of vehicles.

SEC. 3 Section 3575.1 is added to the Public Utilities Code, to read:

3575.1. Every heavy-specialized carrier who engages subhaulers or leases equipment from employees shall file with the commission a bond, the amount of which shall be determined by the commission but which shall be not less than two thousand dollars ($2,000), executed by a qualified surety insurer, subject to the approval of the commission, which bond shall secure the payment of the claims of subhaulers and employee-lessors of the carrier; provided, however, that the aggregate liability of the surety for all such claims shall, in no event, exceed the sum of such bond.

SEC. 4. Article 3.8 (commencing with Section 3596) is added to Chapter 1 of Division 2 of the Public Utilities Code, to read:

Article 3.8. Heavy-Specialized Carriers

3596 The transportation for compensation over any public highway in this state of any commodity the transportation or handling of which, because of width, length, height, weight, shape, or size requires special authority from a governmental agency regulating the use of highways, roads, or streets is declared to be a highly specialized type of truck transportation service. This article is enacted for the limited purpose of providing necessary regulations for this specialized type of transportation service only, and it is not to be construed for any purpose as a precedent for the extension of such regulations to any other type of transportation.

3596.5 No heavy-specialized carrier shall engage in the business of transportation for compensation over any public highway in this state of any commodity the transportation or handling of which, because of width, length, height, weight, shape, or size requires special authority from a governmental agency regulating the use of highways, roads, or streets, and any other commodity moving in a single shipment with such commodity when incidental thereto, in any motor vehicle or combination of vehicles unless there is in force a permit issued by the commission authorizing such operation.

3597 (a) Application for permits to operate as a heavy-specialized carrier shall be in writing, verified under oath, and shall be in such form, contain such information, and be accompanied by proof of service upon such interested parties as the commission requires.

(b) Any heavy-specialized carrier engaged in such business on January 1, 1980, shall file with the commission prior to July 1, 1980, an application for a permit to operate as a heavy-specialized carrier; provided, that in lieu of all other fees required by law, the applicant

shall pay a fee of fifty dollars ($50). If the applicant was operating in good faith as a heavy-specialized carrier during 1979, and continuously to the date of filing, the commission shall grant a permit to such applicant to operate as a heavy-specialized carrier statewide, provided such heavy-specialized carrier applies to the commission for such permit prior to July 1, 1980, and submits adequate proof of such prior operations.

(c) If, in the judgment of the commission, the applicant has satisfied all requirements of this section, it may issue the requested permit without further proceedings; otherwise it may require the applicant to demonstrate compliance at a public hearing.

3597.5. (a) Except as provided in Section 3597, any highway carrier desiring a permit to operate as a heavy-specialized carrier shall file a petition therefor with the commission. The petition shall set forth all of the following:

(1) The name and address of the applicant.

(2) The names and addresses of its officers, if any.

(3) Full information concerning the financial condition and physical properties of the applicant.

(4) Such other information necessary to the enforcement of this chapter as the commission may require.

(b) Before a permit is issued, the commission shall require that the applicant establish financial responsibility. The commission may, with or without a hearing, issue or refuse to issue the permit. If the commission finds that the applicant possesses the required financial responsibility to perform the operations proposed, it shall issue a permit. The commission may attach to the permit such terms and conditions as, in its judgment, are required to assure protection to persons utilizing the applicant's operations.

(c) No permit shall be issued unless it has been shown that applicant meets one of the following residence requirements.

(1) If an individual, applicant shall have resided in the State of California continuously for not less than 90 days next preceding the filing of the petition.

(2) If a partnership, the partner having the largest percentage interest in the partnership shall have resided in the State of California continuously for not less than 90 days next preceding the filing of the petition.

(3) If a corporation, the applicant shall either be a domestic corporation or shall have qualified to transact business in the State of California as a foreign corporation at the time of filing of the petition.

(d) Except as otherwise provided in this chapter, upon compliance by an applicant with this chapter, the commission shall issue a permit.

3598. No permit to operate as a heavy-specialized carrier shall be sold, leased, assigned, transferred, or otherwise encumbered by the holder thereof until such holder files with the commission a written application requesting authority to sell, lease, assign, transfer, or

otherwise encumber such operating authority and secures therefrom an order so authorizing. The commission shall authorize the sale, lease, assignment, or transfer of heavy-specialized carrier operating authority to the extent of the scope and the area of the operation of the holder thereof as determined by the commission, only upon a finding that the transferee meets all criteria for an original applicant, pursuant to this article.

3598.5. No permit to operate as a heavy-specialized carrier issued pursuant to Section 3597 may be sold, mortgaged, leased, assigned, transferred, or otherwise encumbered for a period of five years after issuance, except to the extent of operations actually conducted in good faith, not including operations as a subhauler.

3599. Any operating permit not exercised for a period of one year, inclusive of all periods of suspension, shall lapse and terminate and shall be revoked by the commission. Nonexercise of a permit shall be presumed from nonpayment of the fees required by Chapter 6 (commencing with Section 5001) of Division 2 for four consecutive quarters.

SEC. 5. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, there shall be no appropriation made by this act pursuant to these sections because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local agencies and school districts which, in the aggregate, do not result in significant identifiable cost changes. Paragraph (2) of subdivision (c) of Section 2253.2 of that code precludes the State Board of Control from considering claims for costs incurred by the creation of a new crime or infraction or by changes in the penalty for a crime or infraction, but the Department of Finance shall make the report required by Section 2246 of that code on costs mandated by this act

The authority shall notify such business associations, corporations, or individuals of its programs for financing pollution control facilities.

In addition, the authority shall take all reasonable steps to publicize its programs so that eligible applicants may be aware of them.

44537 5. The authority shall provide maximum opportunity for use of their financing by individuals and small businesses or corporations by providing information, assistance, and coordination to facilitate financing for small projects.

44538. The authority, no later than March 1 of each year, shall submit to the Legislature a report of its activities for the preceding calendar year ended December 31. Such report shall include (1) a listing of applications received, (2) a listing of applications accepted for financing, (3) specification of bonds sold, interest rates thereon, and whether bond sales were pursuant to public bid or were negotiated, (4) specification of the amount of bonds authorized but currently unsold, (5) a projection of the authority's needs and requirements for the coming year, and (6) a report of revenues and expenditures for the preceding fiscal year. Such sales may be at public or private sale, and for such price or prices and on such terms and conditions, as the authority shall determine after giving due consideration to the recommendations of any participating party to be assisted from the proceeds of such bonds or notes. Pending preparation of the definitive bonds, the State Treasurer may issue interim receipts, certificates, or temporary bonds which shall be exchanged for such definitive bonds. The State Treasurer may sell any bonds, notes, or other evidence of indebtedness at a price below the par value thereof; provided, however, that the discount on any security so sold shall not exceed 6 percent of the par value thereof

(6) Limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding bonds.

(7) The procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given.

(8) Limitations on expenditures for operating, administrative, or other expenses of the authority.

provisions as have hereinabove been specifically authorized to be included in any resolution or resolutions of the authority authorizing bonds thereof. Any bank or trust company doing business under the laws of this state which may act as depository of the proceeds of bonds or of revenues or other moneys may furnish such indemnifying bonds or pledge such securities as may be required by the authority Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee or trustees, and may restrict the individual right of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the authority may deem reasonable and proper for the security of the bondholders. Notwithstanding any other provision of law, the State Treasurer shall not be deemed to have a conflict of interest by reason of acting as trustee pursuant to this division.

All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the operation of a project.

44544 Bonds issued under the provisions of this division shall not be deemed to constitute a debt or liability of the state or of any political subdivision thereof, other than the authority, or a pledge of the faith and credit of the state or of any such political subdivision, other than the authority, but shall be payable solely from the funds herein provided therefor All such bonds shall contain on the face thereof a statement to the following effect:

"Neither the faith and credit nor the taxing power of the State of California or any local agency is pledged to the payment of the principal of or interest on this bond."

The issuance of bonds under the provisions of this division shall not directly or indirectly or contingently obligate the state or any political subdivision thereof to levy or to pledge any form of taxation whatever therefor or to make any appropriation for their payment. Nothing in this section contained shall prevent nor be construed to prevent the authority from pledging its full faith and credit to the payment of bonds or issue of bonds authorized pursuant to this division.

44545. (a) The authority is hereby authorized to provide for the issuance of bonds of the authority for the purpose of refunding any bonds, notes, or other securities of the authority then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the earliest or subsequent date of redemption, purchase, or maturity of such bonds, and, if deemed advisable by the authority, for the additional purpose of paying all or any part of the cost of constructing and acquiring additions, improvements, extensions, or enlargements of a project or any portion thereof.

(b) The proceeds of any such bonds issued for the purpose of refunding outstanding bonds, notes, or other securities may, in the discretion of the authority, be applied to the purchase or retirement

at maturity or redemption of such outstanding bonds either on their earliest or any subsequent redemption date or upon the purchase or retirement at the maturity thereof and may, pending such application, be placed in escrow to be applied to such purchase or retirement at maturity or redemption on such date as may be determined by the board.

(c) Pending such use, any such escrowed proceeds may be invested and reinvested by the State Treasurer in obligations of, or guaranteed by, the United States of America, or in certificates of deposit or time deposits secured by obligations of, or guaranteed by, the United States of America, maturing at such time or times as shall be appropriate to assure the prompt payment, as to principal, interest and redemption premium, if any, of the outstanding bonds to be so refunded. The interest, income, and profits, if any, earned or realized on any such investment may also be applied to the payment of the outstanding bonds to be so refunded. After the terms of the escrow have been fully satisfied and carried out, any balance of such proceeds and interest, income, and profits, if any, earned or realized on the investments thereof may be returned to the authority for use by it in any lawful manner.

(d) The portion of the proceeds of any such bonds issued for the additional purpose of paying all or any part of the cost of constructing and acquiring additions, improvements, extensions, or enlargements of a project may be invested and reinvested by the State Treasurer in obligations of, or guaranteed by, the United States of America, or in certificates of deposit or time deposits secured by obligations of, or guaranteed by, the United States of America, maturing not later than the time or times when such proceeds will be needed for the purpose of paying all or any part of such cost. The interest, income and profits, if any, earned or realized on such investment may be applied to the payment of all or any part of such cost or may be used by the authority in any lawful manner.

(e) All such bonds shall be subject to the provisions of this division in the same manner and to the same extent as other bonds issued pursuant to this division.

44546 If, in the opinion of the State Treasurer, any bonds issued by the authority under the provisions of this division are adequately secured and the revenues and other funds applicable to the payments of the bonds are, or upon the acquisition, construction, or improvement of the project or projects which such bonds finance, will be sufficient to pay the principal of and interest on such bonds, then the State Treasurer shall certify that such bonds are legal investments for all trust funds, the funds of all insurance companies, banks, both commercial and savings, trust companies, savings and loan associations, and investment companies, for executors, administrators, trustees, and other fiduciaries, for state school funds, and for any funds which may be invested in county, municipal, or school district bonds, and that such bonds are securities which may properly and legally be deposited with, and received by, any state or

municipal officer or any agency or political subdivision of the state for any purpose for which the deposit of bonds or obligations of the state is now, or may hereafter be, authorized by law, including deposits to secure public funds.

44547. No liability shall be incurred by the authority beyond the extent to which moneys have been provided under this division; except that for the purposes of meeting the necessary expenses of initial organization and operation until such date as the authority derives revenues or proceeds from bonds or notes as provided under this division, the authority may borrow money as needed for such expenses from any funds available to the authority, including the General Fund in the State Treasury. Such borrowed moneys shall be repaid with interest within a reasonable time after the authority receives revenues or proceeds from bonds or notes as provided under this division.

SEC. 8.1. Section 44546 of the Health and Safety Code, as added by Section 8 of this act, is amended to read:

44546. If, in the opinion of the State Treasurer, any bonds issued by the authority under the provisions of this division are adequately secured and the revenues and other funds applicable to the payments of the bonds are, or upon the acquisition, construction, or improvement of the project or projects which such bonds finance, will be sufficient to pay the principal of and interest on such bonds, then the State Treasurer shall certify that such bonds are legal investments for all trust funds, the funds of all insurance companies, banks, both commercial and savings, trust companies, savings and loan associations, and investment companies, for executors, administrators, guardians, conservators, trustees, and other fiduciaries, for state school funds, and for any funds which may be invested in county, municipal, or school district bonds, and that such bonds are securities which may properly and legally be deposited with, and received by, any state or municipal officer or any agency or political subdivision of the state for any purpose for which the deposit of bonds or obligations of the state is now, or may hereafter be, authorized by law, including deposits to secure public funds.

SEC 9. Article 4 (commencing with Section 44550) of Chapter 1 of Division 27 of the Health and Safety Code is repealed.

The people of the State of California do enact as follows·

SECTION 1 Section 31400 of the Public Resources Code is amended to read.

31400 The Legislature finds and declares that it is the policy of the state that the right of the public to access and enjoyment of the coastal resources should be effectively guaranteed. To achieve such objective, it is the intent of the Legislature that the State Coastal Conservancy have a principal role in the implementation of a system

of public accessways to and along the state's coastline.

SEC 2 Section 31400.1 of the Public Resources Code is amended to read:

31400.1 The conservancy may award grants to any public agency having authority to acquire, develop, and operate public coastal accessways for purposes of the acquisition of interests in, and for initial development of, lands which are suitable for and which will be used for public accessways to and along the coast. No such grants may be awarded to any local agency unless the conservancy has first determined that the subject accessway will serve more than local public needs.

SEC. 3. Section 31400.2 of the Public Resources Code is amended to read:

31400.2. The conservancy may provide up to the total cost of the acquisition of interests in lands and the initial development of public accessways by any public agency, as provided in Section 31400.1. The amount of funding provided by the conservancy shall be determined by the total amount of funding available for coastal public accessway projects, the fiscal resources of the applicant, the urgency of the project relative to other eligible projects, and the application of factors prescribed by the conservancy for the purpose of determining project eligibility and priority in order to more effectively carry out the provisions of the division.

SEC. 4. Section 31401 of the Public Resources Code is amended to read:

The conservancy shall develop and adopt standards to guide state and local public agencies and federal agencies to the extent permitted by federal law or regulations or the United States Constitution in acquiring and developing public access to coastal resources. Such standards shall be incorporated within an integrated system of public accessways to and along the state's coastline which shall become an element of the California Outdoor Recreation Resources Plan required by Section 5099.2.

SEC. 5. Section 31405.5 of the Public Resources Code is repealed

SEC. 6. Section 31406 of the Public Resources Code is repealed.

SEC. 7. Article 3 (commencing with Section 30530) is added to Chapter 6 of Division 20 of the Public Resources Code, to read

Article 3. Coastal Public Access Program

30530. It is the intent of the Legislature, consistent with the provisions of Chapter 9 (commencing with Section 31400) of Division 21, that a program to maximize public access to and along the coastline be prepared and implemented in a manner that ensures coordination among and the most efficient use of limited fiscal resources by federal, state, and local agencies responsible for acquisition, development, and maintenance of public coastal accessways There is a need to coordinate public access programs so as to minimize costly duplication and conflicts and to assure that, to

the extent practicable, different access programs complement one another and are incorporated within an integrated system of public accessways to and along the state's coastline. The Legislature recognizes that different public agencies are currently implementing public access programs and encourages such agencies to strengthen those programs in order to provide yet greater public benefits.

30531. The commission shall be responsible for the preparation of a public coastal access program which includes the elements set forth in this section and which, to the maximum extent practicable, is incorporated into the local coastal programs prepared, approved, and implemented pursuant to this division.

Each listing shall include a brief description of the type of access provided, access constraints, access facility ownership, and resources or uses for which access is provided or suitable.

(2) A list of known offers to dedicate, accepted dedications, and any other legally binding actions taken that provide opportunities for any type of public use of or access to or along the coast. Each listing shall include a brief description of the legal status of the instrument granting or otherwise providing public access, whether public access is physically available, and if not, what action is necessary to be taken to accomplish actual public use.

(3) A map showing the precise location of the listings included pursuant to paragraphs (1) and (2) of this subdivision.

(b) On or before June 1, 1980, the commission shall, in consultation with the Department of Parks and Recreation, the State Coastal Conservancy, and other appropriate public agencies, make recommendations to guide state, local, and to the extent permitted by law federal public agencies in the identification, development, and management of public accessways to and along the coast. The recommendations made pursuant to this section shall be consistent with the public access policies of this division and, with respect to recommendations relating to development of public accessways, consistent with the policy of protecting coastal resources.

(c) On or before January 1, 1981, and from time to time thereafter, the commission, in consultation with the State Coastal Conservancy and other affected public agencies, shall identify the public agency or agencies it deems the most appropriate agency or agencies to accept responsibility for the management of those public coastal accessways listed pursuant to subdivision (a) for which no public agency has accepted such management responsibilities. In identifying the agency or agencies most appropriate to accept public access management responsibilities, the commission shall include its

best estimate of costs for the development, operation, and maintenance of such accessways and shall recommend to the Governor and the Legislature a method of funding such costs. In preparing its recommendations for funding public coastal accessway operation and maintenance costs, the commission shall develop alternative, innovative funding techniques that take into account the appropriateness of local funding for the operation and maintenance of accessways that serve primarily local needs. If the commission identifies a state agency as the appropriate agency to assume management responsibility and such agency does not accept such responsibility, the agency shall, by December 31 of the year in which the commission completes its report, advise the commission of its reasons why it did not or cannot accept such responsibility The State Coastal Conservancy shall take those actions it deems appropriate, including necessary agreements, to negotiate or otherwise accomplish the acceptance of management responsibility by the agency identified by the commission.

30533. The commission, and the State Coastal Conservancy, shall on or before January 1, 1981, and on or before each January 1 thereafter, report to the Governor and the Legislature the progress made in implementing the public coastal access program established by this article It is the intent of the Legislature that the commission, the State Coastal Conservancy, and all other appropriate public agencies proceed with all deliberate speed to implement the provisions of this article prior to the deadlines established in this article

30534. The commission shall, within 10 days after receiving evidence of recordation of any offer to dedicate real property for access to or along the coast, which dedication was required as a condition to the issuance of a coastal development permit, forward a copy of such evidence and a description of such real property to the Department of Parks and Recreation, the State Coastal Conservancy, and the State Lands Commission

The use of the lands shall be in conformity with a general use proposal adopted by the trustee and reviewed and approved by the State Lands Commission. Changes or amendments to the general use proposal shall be reviewed and approved by the commission as provided under Section 4.

(b) That the trustee or its successors, shall not at any time grant, convey, give, or alienate the lands, or any part thereof, to any individual firm or corporation for any purposes whatsoever; except that the trustee or its successors may grant franchises thereon for limited periods not exceeding 66 years for wharves and other public uses and purposes, may lease the lands, or any part thereof, for limited periods not exceeding 66 years, for purposes consistent with the trusts upon which the lands are held; and may collect and retain rents and other revenues from such leases, franchises, and privileges under rules and regulations adopted in accordance with the provisions of Section 6.

Nothing contained in this subdivision shall be deemed to affect the validity or terms of any franchise granted by the trustee under Division 3 (commencing with Section 6001) of the Public Utilities Code, and any such franchise shall be effective with respect to the affected lands when title thereto passes to the trustee under this act.

(c) That in the management, conduct, operation and control of the lands or any improvement, betterments, or structures thereon, the trustee or its successors shall make no discrimination in rates, tolls, or charges for any use or service in connection therewith.

(d) That the state shall have the right to use without charge any transportation, landing, or storage improvements, betterments, or structures, other than those improvements or structures owned or operated by a public utility, constructed upon the lands for any vessel or other watercraft or railroad owned or operated by the state.

(e) That there is reserved to the people of the State of California the absolute right to fish in the waters over the lands, with the right of convenient access to such waters over the lands for such purpose.

(g) That the trustee shall not authorize a capital outlay project, lease, or agreement, for port facilities such as marine terminals, pipelines, or other related energy facilities on state tide and submerged lands which have been granted in trust without first requesting and receiving the approval, in writing, of the State Lands Commission. Prior to approving any such capital outlay projects, leases, or agreements, the commission shall consult with other governmental agencies and shall determine that such project is in

the best interest of the people of the state and consistent with provisions of law, and that the allocation between the state and the trustee of any revenues generated as a result of such project, lease, or agreement, shall be in accordance with provisions for allocation of excess revenue contained in Section 11.

SEC. 3. On or before September 30 of the succeeding fifth year commencing on September 30, 1984, the trustee shall submit a report of its utilization of granted tidelands for each immediately preceding five-year period ending with June 30 of the calendar year in which the report is required to be submitted.

The report required by this section shall include all of the following:

(a) A general description of the uses to which the granted tidelands have been placed during the period covered by the report.

(b) A list of the owners and holders of leases, permits, and franchises granted or issued by the trustee, which list shall specify, as to each such owner or holder:

(1) The use to which the granted tidelands have been placed by the owner or holder.

(2) The consideration provided for in each such lease, permit, or franchise and the consideration actually received by the trustee for the lease, permit, or franchise granted or issued.

(3) An enumeration of the restrictions which the trustee has placed on the use of the granted tidelands and each area thereof for the period covered by the report.

SEC. 4. (a) The trustee shall submit to the State Lands Commission by January 1, 1982, a general use proposal indicating details of intended development, preservation, or other use of the granted tide and submerged lands, and covering a period of not less than five years.

(b) The general use proposal may consist of any plan, program, or other document which includes all of the following:

(1) A general description of the type of uses planned or proposed for the granted lands. The location of such land uses shall be shown on a map or aerial photograph.

(2) The projected statewide benefit to be derived from the planned or proposed uses of the tidelands, including, but not limited to, the financial benefit, the benefit to commerce, navigation and fisheries, and the recreational, educational, or industrial benefit.

(3) The proposed method of financing the planned or proposed uses of the requested tidelands, including estimated capital costs, annual operating costs, and anticipated annual revenues.

(4) An estimated timetable for implementation of the general use proposal or any phase thereof.

(5) A description of how the trustee proposes to protect and preserve natural and man-made resources in connection with the use of granted lands.

(c) The trustee shall submit to the commission all changes and amendments to the general use proposal.

(d) The commission shall review with reasonable promptness the general use proposal submitted by the trustee, and any changes or amendments, to determine that they are in accordance with the public trust obligation and the requirements of this act. On the basis of such review, the commission shall furnish the trustee with its formal recommendations.

SEC. 5. The trustee shall demonstrate good faith in carrying out the provisions of its general use proposal and amending it when necessary in accordance with Section 4. If the State Lands Commission determines that the trustee has substantially failed to improve, restore, preserve, or maintain the lands within its grant, as required by the general use proposal, or demonstrates unreasonable delay in adopting the proposal, all right, title, and interest of the trustee in and to all lands held by virtue of its granting shall cease and all right, title, and interest in the lands shall revert to the state. All improvements, restoration, preservation, or maintenance of the granted lands shall be effected in accordance with the general use proposal.

SEC. 6. (a) The governing body of the trustee shall, by July 1, 1980, submit to the State Lands Commission for its approval, a procedure, rules, and regulations to govern the issuance, renewal, or renegotiation of any lease of granted tide and submerged lands, or any development thereon. Such rules and regulations shall specify lease rates, the bases upon which such rates are established, lease terms and conditions, provisions for renegotiation of rates, terms, and assignments, and such other information as may be required by the commission

(b) All leases, franchises, or agreements proposed or entered into by any trustee after the effective date of this section shall be consistent with the provisions of the general use proposal submitted by the trustee.

(c) Upon request, the trustee shall submit to the commission a copy of all leases, franchises, and agreements entered into, renewed, or renegotiated.

SEC. 7. The trustee shall, with approval from the State Lands Commission, establish accounting procedures whereby an accurate record of all revenues derived from the use of granted lands and of all expenditures of any such revenues shall be maintained. The purpose of this requirement is to provide for the segregation of funds derived from the use of the granted lands in order to ensure that they are only expended to enhance such lands in accordance with the trust uses and purposes upon which the granted lands are held.

In addition to any other expenditure which may be permitted by this act, the trustee shall be permitted to expend revenues derived from granted lands to acquire or improve lands immediately adjacent to the lands granted by this act for the purposes authorized in this act. Any such acquisition or improvement shall become a part

of the trust created by this act and shall become subject to the provisions of the public trust for commerce, navigation, and fishing, from the time of the expenditure forward.

SEC. 8. Property acquired with such revenues shall be considered an asset of the trust and subject to the terms and conditions of this act.

SEC. 9. Notwithstanding any other provision of law, the trustee shall, on or before October 1 of each year, cause to be made and filed with the State Lands Commission a detailed statement of all revenue and expenditures thereof from the administration of the lands, including obligations incurred but not yet paid. The statement shall be in a form specified by the commission and shall cover the fiscal year preceding its submission.

SEC. 10. As to the expenditure of revenues for any single capital improvement on the granted lands involving an amount in excess of two hundred fifty thousand dollars ($250,000) in the aggregate, the trustee shall file with the State Lands Commission a detailed description of the capital improvement not less than 90 days prior to the time of any disbursement therefor or in connection therewith. Within 90 days after the time of such filing, the commission shall determine whether such capital improvement is in the statewide interest and is consistent with the conditions of this act. The commission may request the opinion of the Attorney General on the matter. A copy of any opinion so requested shall be delivered to the trustee with the notice of its determination. In the event that the commission notifies the trustee that the capital improvement is not authorized, the trustee shall not disburse any revenue for or in connection with the capital improvement, unless and until it is determined to be authorized by a final order or judgment of a court of competent jurisdiction. The trustee is authorized to bring suit against the state for the purpose of securing such an order or judgment, which suit shall have priority over all other civil matters. Service shall be made upon the executive officer of the commission and the Attorney General, and the Attorney General shall defend the state in the suit. If judgment is given against the state, no costs may be recovered.

SEC. 11. On June 30, 1982, and at the end of every third fiscal year thereafter, that portion of the trustee's tideland trust revenues in excess of two hundred fifty thousand dollars ($250,000) remaining after current and accrued operating costs and expenditures directly related to the operation or maintenance of tideland trust activities, shall be deemed excess revenues; except that any funds deposited in a reserve fund for future capital expenditures or any funds used to retire bond issues for the improvement or operation of the granted lands shall not be deemed excess revenue. Capital improvements of the granted lands made for purposes authorized by this act may be considered as expenditures for the purpose of determining excess revenues.

The excess revenues, as determined pursuant to this section, shall

be allocated as follows: 85 percent shall be transmitted to the State Treasurer for deposit in the General Fund in the State Treasury; and 15 percent to the trustee for expenditures consistent with the provisions of this act.

SEC. 12. The State Lands Commission shall, from time to time, institute a formal inquiry to determine if the terms and conditions of this act, and amendments thereto, have been complied with, and if all other applicable provisions of law concerning these specific granted lands are being complied with in good faith. In this regard, and in addition to the other powers and duties specifically delegated to it, the commission may examine any records and materials relating to the administration of the granted tidelands it deems necessary in connection therewith, including, but not limited to, financial records of the trustee.

SEC. 13. (a) The trustee may establish the ordinary high-water mark or the ordinary low-water mark of any of the lands hereby granted, by agreement, arbitration, or action to quiet title, whenever the trustee deems it expedient. Any establishment of an ordinary high-water mark or ordinary low-water mark by arbitration or agreement shall not be effective until approved by the State Lands Commission.

(b) Whenever it shall appear to the trustee to be expedient for the settlement of boundary and title disputes, and to be in the best interests of the state for the purposes specified in Section 2, and that no substantial interference with the trust uses and purposes would ensue, the trustee may exchange lands of equal or greater value with any state agency, political subdivision, person, or the United States or any agency thereof. In any such exchange, all right, title, and interest in and to all deposits of minerals, including oil and gas and geothermal resources, in the lands to be received by the trustee, and the right to prospect for, mine, and remove such deposits from such lands or to authorize persons to prospect for, mine, and remove such deposits, shall be transferred to the state. Any land so acquired shall have the same status as to administration, control, and disposition as the lands for which it was exchanged. No such exchange shall be effective unless and until the State Lands Commission (1) makes a finding that the lands to be acquired by the trustee and the mineral rights to be transferred to the state are of equal or greater value than the lands and mineral rights for which they are to be exchanged and (2) approves the exchange.

(c) The lands exchanged may be improved, filled, and reclaimed by the grantee, subject to all necessary approvals by local, regional, state, or federal entities. Upon the adoption of a resolution by the State Lands Commission finding and declaring that such lands have been improved, filled, and reclaimed, and have thereby been excluded from the public channels and are no longer available, useful, or susceptible of being used for navigation and fishing and for other trust uses and purposes, and are no longer in fact tidelands or submerged lands, such lands shall thereupon be free from the public

trust upon which they are held.

SEC. 14 The land granted in Section 2 is that parcel of sovereign tide and submerged land in the Pacific Ocean, in the Gulf of Santa Catalina, vicinity of the City of Oceanside, San Diego County, State of California, within the area more particularly described as follows:

CHAPTER 847

An act to add Chapter 7.2 (commencing with Section 1725) to Division 2 of the Fish and Game Code, relating to fish.

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7.2 (commencing with Section 1725) is added to Division 2 of the Fish and Game Code, to read:

CHAPTER 7.2. TROUT MANAGEMENT

1725. This act shall be known as the Trout and Steelhead Conservation and Management Planning Act of 1979.

1726. The Legislature hereby finds and declares that it is the policy of the state to:

(a) Establish and maintain wild trout stocks in suitable waters of the state which are readily accessible to the general public as well as in such waters in remote areas.

(b) Establish angling regulations designed to maintain the wild trout fishery in such waters by natural reproduction.

1726.4. It is the intent of the Legislature that the department, in administering its existing wild trout program, shall conduct a biological and physical inventory of all California trout streams and lakes to determine the most suitable angling regulations for each stream or lake. A determination shall be made for each stream or lake regarding whether it should be managed as a wild trout fishery, or whether its management should involve the planting of trout. In making such inventory, priority shall be given to those streams and lakes where public use is heaviest, which have the highest biological potential for producing sizeable wild trout, which are inhabited by rare species, or where the quality of the fishery is threatened or endangered. Biological and physical inventories prepared for each stream, stream system, or lake shall include an assessment of the resource status, threats to the continued well-being of the fishery resource, the potential for fishery resource development, and recommendations, including necessary changes in the allowed take of trout, for the development of each stream or lake to its full capacity as a fishery.

This section does not furnish any public entity or private party with any new or additional authority to affect the management of, or access to, any private land without the written consent of the owner Privately owned lakes and ponds not open to the use of the general public shall be subject to the provisions of this section only with the written consent of the owner. This chapter shall not be construed as authorizing or requiring special treatment of adjacent

land areas or requiring land use restrictions. It is the intent of the Legislature that this chapter shall not diminish the existing authority of the department, nor shall it interfere with the department's existing fisheries management planning process.

1726.5 The Legislature further finds and declares that activities and programs mandated by this chapter are a continuation and perpetuation of the department's existing wild trout program and other programs, and as such they shall be funded from existing budgetary resources.

1727 In order to provide for a diversity of available angling experiences throughout the state, it is the intent of the Legislature that the commission maintain the existing wild trout program, and as part of such program develop catch and release fisheries in the more than 20,000 miles of trout streams and approximately 5,000 lakes containing trout in California. As part of this program, beginning in 1980:

(a) The department shall establish an ongoing program to determine the viability of various forms of catch and release regulations for trout streams and lakes. A zero-limit catch and release fishery means that all trout must be released by the angler A one-trout-limit catch and release fishery means that only one trout may be kept by the angler, and a two-trout-limit catch and release fishery means that only two trout may be kept by the angler. In conjunction with determining the best management tools for the one- or two-trout-limit fisheries, the department shall consider imposing minimum and maximum size limits.

(b) In administering its existing wild trout program, the department shall each year prepare a list of no less than 25 miles of stream or stream segments and at least one lake that it deems suitable for consideration as catch and release trout fisheries. This list shall be submitted to the commission for its consideration at the regular October commission meeting. Such recommendations by the department shall give highest priority to designating trout waters as zero-limit fisheries, even if on a temporary basis The department shall also consider making proposals for zero-limit trout fisheries during seasons otherwise closed by the commission.

(c) The commission may remove any stream or lake which it has designated as a catch and release fishery from the program at any time If any such waters are removed from the program, another stream or lake of a comparable size may be added to the program.

(d) The commission shall in January of each year submit a report to the Legislature regarding progress in implementing this chapter. In such report, the commission shall state its reasons why any stream or lake listed by the department as suitable for consideration as a catch and release fishery was or was not included in the program. The commission shall also state its reasons for removing and replacing any waters within the program.

(e) The Legislature shall review the progress of this program in 1986

1728. For purposes of this chapter, "trout" includes steelhead trout.

CHAPTER 848

An act to amend Section 33 of Chapter 292 of the Statutes of 1978, relating to public social services, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979.]

The people of the State of California do enact as follows:

SECTION 1. Section 33 of Chapter 292 of the Statutes of 1978 is amended to read:

(c) Each county's share of payments provided pursuant to the Aid to Families with Dependent Children Program under Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code, as specified in Section 11450(a) of that code.

(d) Ninety-five percent of the nonfederal share of payments for foster care pursuant to Sections 11450(b) and 11403 of the Welfare and Institutions Code, provided that no county shall be reimbursed for any rate increases negotiated with any boarding home or institution subsequent to June 1, 1978, unless so authorized by the Director of the State Department of Social Services upon the director's determination that such rate increases are necessary and fiscally prudent.

(e) Each county's share of costs for the administration of the Aid to Families with Dependent Children Program, as specified in Section 15204 2.

(f) Each county's share of the cost of administration of the federal Food Stamp Program under Chapter 10 (commencing with Section 18900) of Part 6 of Division 9 of the Welfare and Institutions Code,

as specified in Section 18906 of that code.

Notwithstanding any other provision of law, no obligation for payment may be imposed on a county for the 1978–79 fiscal year under the provisions of Section 12400, 14150, 14150.3, or 14150.5 of the Welfare and Institutions Code. The addition of this paragraph made by the 1979–80 Regular Session of the Legislature does not constitute a change in, but is declaratory of, the existing law.

SEC. 2. The sum of one million nine hundred twenty-six thousand dollars ($1,926,000) is hereby appropriated from the General Fund to the State Department of Social Services for the individual and family grant program pursuant to Section 8654 of the Government Code for the storm of 1978, the fire of 1978, and the Laguna landslide of 1978, which were declared major disasters by the President of the United States pursuant to Section 408 of Public Law 93-288.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to provide funding for grants made to victims of major disasters in this state as soon as possible, it is necessary for this act to take effect immediately.

CHAPTER 849

An act to amend Section 11487 of the Health and Safety Code, and to amend Sections 1463.14 and 13202 of, and to add Article 7 (commencing with Section 13320) to Chapter 2 of Title 3 of Part 4 of, the Penal Code, relating to crimes

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979]

The people of the State of California do enact as follows:

SECTION 1 Section 11487 of the Health and Safety Code is amended to read:

The reports provided for by this section shall be in a form and contain such information as determined necessary by the Attorney General.

The Attorney General shall issue an annual report to the Governor and Legislature correlating and summarizing the reports provided for by this section.

This section shall remain in effect only until January 1, 1981, and

as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1981, deletes or extends such date.

SEC. 2. Section 1463 14 of the Penal Code is amended to read:

1463.14 Notwithstanding the provisions of Section 1463, of the moneys deposited with the county treasurer pursuant to Section 1463, twenty-five dollars ($25) for each conviction of a violation of Vehicle Code Section 23101, 23102, 23103, 23104, 23105, or 23106 shall be deposited in a special account which shall be used exclusively to pay for the cost of performing for the county, or a city within the county, analysis of blood, breath, or urine for alcohol content or for the presence of controlled substances, or for services related to such testing.

The county may retain an amount of such money equal to its administrative cost incurred pursuant to this section, and shall distribute the remainder pursuant to Section 1463.

The Department of Justice shall promulgate rules and regulations to implement the provisions of this section.

This section shall remain in effect only until July 1, 1981, and as of such date is repealed.

SEC 3. Section 13202 of the Penal Code is amended to read:

13202 Every public agency or bona fide research body immediately concerned with the prevention or control of crime, the quality of criminal justice, or the custody or correction of offenders may be provided with such criminal offender record information as is required for the performance of its duties, provided that any material identifying individuals is not transferred, revealed, or used for other than research or statistical activities and reports or publications derived therefrom do not identify specific individuals, and provided that such agency or body pays the cost of the processing of such data as determined by the Attorney General.

SEC 4. Article 7 (commencing with Section 13320) is added to Chapter 2 of Title 3 of Part 4 of the Penal Code, to read.

Article 7. Examination of Local Records

13320 (a) As used in this article, "record" with respect to any person means the local summary criminal history information as defined in subdivision (a) of Section 13300, maintained under such person's name by the local criminal justice agency

(b) As used in this article, "agency" means any agency or consortium of agencies

(c) It is the function and intent of this article to afford persons concerning whom a record is maintained in the files of the local criminal justice agency a reasonable opportunity to examine the record compiled from such files, and to refute any erroneous or

inaccurate information contained therein.

13321 Any person desiring to examine a record relating to himself shall make application to the agency maintaining the record in the form prescribed by that agency which may require the submission of fingerprints.

13322 The agency may require the application be accompanied by a fee not to exceed twenty-five dollars ($25) that the agency determines is equal to the cost of processing the application and making a record available for examination.

13323. When an application is received by the agency, the agency shall upon verification of the applicant's identity determine whether a record pertaining to the applicant is maintained. If such record is maintained, the agency shall at its discretion either inform the applicant by mail of the existence of the record and specify a time when the record may be examined at a suitable facility of the agency or shall mail the subject a copy of the record.

13324 (a) If the applicant desires to question the accuracy or completeness of any material matter contained in the record, he may submit a written request to the agency in the form established by it. The request shall include a statement of the alleged inaccuracy or incompleteness in the record, its materiality, and shall specify any proof or corroboration available. Upon receipt of such request, the agency shall, within 60 days of receipt of such written request for clarification, review its information and forward to the applicant the results of such review.

(b) If the agency concurs in the allegations of inaccuracy or incompleteness in the record and finds that the error is material, it shall correct its record, and the agency shall inform the applicant of its correction of any material error in the record under this subdivision within 60 days. The agency shall notify all criminal justice agencies to which it has disseminated the incorrect record from an automated system in the past two years of the correction of the record

The agency shall furnish the applicant with a list of all the noncriminal justice agencies to which the incorrect record has been disseminated from an automated system in the past two years unless it interferes with the conduct of an authorized investigation.

(c) If the agency denies the allegations of inaccuracy or incompleteness in the record, the matter shall at the option of the applicant be referred for administrative adjudication in accordance with the rules of the local governing body.

13325 The agency shall adopt all regulations necessary to carry out the provisions of this article.

13326. No person shall require an employee or prospective employee to obtain a copy of a record or notification that a record exists as provided in Section 13323. A violation of this section is a misdemeanor

SEC 5 Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to

these sections because self-financing authority is provided in this act to cover costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of the Revenue and Taxation Code.

Such rules shall provide: (1) for standard procedures for considering and determining applications for permission to proceed in forma pauperis, including, in the event of a denial of such permission, a written statement detailing the reasons for denial and an evidentiary hearing where there is a substantial evidentiary conflict; (2) for standard procedures to toll relevant time limitations when a pleading or other paper accompanied by such an application is timely lodged with the court and delay is caused due to the processing of the application to proceed in forma pauperis; (3) for proceeding in forma pauperis at every stage of the proceedings at both the appellate and trial levels of the court system; (4) for the confidentiality of the financial information provided to the court by such litigants; and (5) that permission to proceed in forma pauperis be granted (a) to litigants who declare under penalty of perjury that they are receiving benefits pursuant to the Supplemental Security Income (SSI) and State Supplemental Payments (SSP) programs (Sections 12200-12205.2 of the Welfare and Institutions Code), the Aid to Families with Dependent Children (AFDC) program (42 United States Code 601-644), the Food Stamp program (7 United States Code 2011-2027) or Section 17000 of the Welfare and Institutions Code and (b) to litigants who declare under penalty of perjury that their monthly income is 125 percent or less of the current monthly poverty threshold annually established by the Community Services Administration pursuant to Section 625 of the Economic Opportunity Act of 1964, as amended. The people of the State of California do enact as follows:

SECTION 1 Section 1538 of the Health and Safety Code is amended to read:

1538. (a) Any person may request an inspection of any community care facility in accordance with the provisions of this chapter by transmitting to the state department notice of an alleged violation of applicable requirements prescribed by statutes or regulations of this state, including, but not limited to, a denial of access of any person authorized to enter such facility pursuant to Section 9701 of the Welfare and Institutions Code. Any such notice shall be in writing, specifying to a reasonable extent the details of the alleged violation, and shall be signed by the complainant.

In either event, the complainant shall be promptly informed of the state department's proposed course of action.

(d) Upon receipt of a complaint alleging denial of a statutory right of access to a community care facility, the state department shall

review the complaint. The complainant shall be notified promptly of the state department's proposed course of action.

SEC. 2 Chapter 8 (commencing with Section 9700) is added to Division 8 5 of the Welfare and Institutions Code, to read:

CHAPTER 8. LONG-TERM HEALTH CARE FACILITY ACCESS

9700. The Legislature recognizes that the Department of Aging, pursuant to a grant from the federal government, has established a long-term care ombudsman program.

The Legislature finds that the Department of Aging through its long-term care ombudsman program has arranged with approved organizations for the training of citizen volunteers to investigate and resolve complaints made by or on behalf of elderly individuals, who are patients or residents of long-term care facilities or residential facilities, which may affect the health, safety, welfare, and rights of such patients or residents, and that the ombudsman program now includes 30 regional ombudsmen coordinators throughout the state with 650 trained volunteers operating in more than 600 long-term care facilities or residential facilities

The Legislature declares that it is the public policy of this state to encourage community contact and involvement with elderly patients or residents of long-term care facilities or residential facilities through the use of volunteers and volunteer programs and nothing in this chapter shall be construed as limiting or restricting the continuation of relationships established between ombudsmen volunteers, the elderly patients or residents of long-term care facilities or residential facilities, and the operators of such facilities.

The Legislature further finds that in order for the State of California to be eligible for grants from its allotment under Title III of the "Comprehensive Older Americans Act Amendments of 1978," for any fiscal year, it must submit to the Commissioner on Aging a state plan for a three-year period which, among other requirements is to provide assurances that the Department of Aging will establish procedures for appropriate access by the ombudsman to long-term care facilities and residential facilities, and that in order to meet this mandate, it is necessary that legislation be enacted to ensure that the Ombudsman of the Department of Aging and such person's regional ombudsmen have a legal right of entry in and to such facilities.

9701 The long-term care Ombudsman of the Department of Aging, the ombudsman coordinators of such department, and the persons acting in the capacity of regional ombudsmen on behalf of approved organizations shall have the right of entry to long-term care facilities and residential facilities for the purpose of hearing, investigating, and resolving complaints of, and rendering advice to, elderly individuals who are patients or residents of such facilities at any time deemed necessary and reasonable by the Ombudsman of the Department of Aging to effectively carry out such duties

9702 For purposes of this chapter, an "approved organization"

means any public agency or other appropriate organization which has been designated by the Department of Aging to conduct training of citizen volunteers to hear, investigate, and resolve complaints of elderly individuals who are patients or residents of long-term care facilities or residential facilities relating to matters which may affect the health, safety, welfare, and rights of such patients or residents.

9703. (a) As used in this chapter, the term "long-term care facility" means a "long-term health care facility," as defined in subdivision (a) of Section 1418 of the Health and Safety Code.

(b) As used in this chapter, the term "residential facility" means a community care facility, as defined in paragraphs (1) and (2) of subdivision (a) of Section 1502 of the Health and Safety Code.

9704. Nothing in this chapter shall be construed to restrict, limit, or increase any existing right of any organizations or individuals not described in Sections 9701 and 9702 to enter, or provide assistance to patients or residents of, long-term care facilities or residential facilities.

9705. Nothing in this chapter restricts any right or privilege of any resident of a long-term care facility to receive visitors of his or her choice.

9706. Upon receipt of a complaint from, or pertaining to, a patient or resident of a long-term care facility or a residential facility, which may indicate a violation of licensing standards or which may impair the health, safety, welfare, or rights of such patients or residents, as determined by the Department of Aging, the Department of Aging shall notify immediately the appropriate licensing agency of such complaint.

Such lien shall be allowed to the extent that benefits have been paid for the same day or days for which temporary disability indemnity is awarded and shall not exceed the award for temporary disability indemnity No lien shall be allowed hereunder unless the group disability policy provides for reduction, exclusion, or coordination of loss of time benefits on account of workers' compensation benefits.

(d) When the parties propose that the case be disposed of by way of a compromise and release agreement, in the event the lien claimant does not agree to the amount allocated to it, then the referee shall determine the potential recovery and reduce the amount of the lien in the ratio of the applicant's recovery to the potential recovery in full satisfaction of its lien claim.

of the unconfirmed appointment or appointments at a succeeding session of the Legislature, whether regular or extraordinary, convening on or after a date fixed in the resolution. reviews shall be made as frequently as the board considers desirable and shall be made with respect to each ward at intervals not exceeding one year.

1721. (a) The Youthful Offender Parole Board shall adopt policies governing the performance of its functions by the full board, or, pursuant to delegation, by panels, or referees. The court may then commit him to a state prison or sentence him to a county jail as provided by law for punishment of the offense of which he was convicted. CHAPTER 861

An act to amend Section 25100 of the Corporations Code, relating to corporations.

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979]

The people of the State of California do enact as follows:

SECTION 1 Section 25100 of the Corporations Code is amended to read:

25100. The following securities are exempted from the provisions of Sections 25110, 25120, and 25130:

(a) Any security (including a revenue obligation) issued or guaranteed by the United States, any state, any city, county, city and county, public district, public authority, public corporation, public entity, or political subdivision of a state or any agency or corporate or other instrumentality of any one or more of the foregoing; or any certificate of deposit for any of the foregoing.

(b) Any security issued or guaranteed by the Dominion of Canada, any Canadian province, any political subdivision or municipality of any such province, or by any other foreign government with which the United States currently maintains diplomatic relations, if the security is recognized as a valid obligation by the issuer or guarantor; or any certificate of deposit for any of the foregoing.

(c) Any security issued or guaranteed by and representing an interest in or a direct obligation of a national bank or a bank or trust company incorporated under the laws of this state, and any security issued by a bank to one or more other banks and representing an interest in an asset of the issuing bank.

(d) Any security issued or guaranteed by a federal savings and loan association or federal land bank or joint land bank or national farm loan association or by any savings and loan association which is subject to the supervision and regulation of the Savings and Loan Commissioner of this state.

(e) Any security (other than an interest in all or portions of a parcel or parcels of real property which are subdivided land or a

subdivision or in a real estate development), the issuance of which is subject to authorization by the Insurance Commissioner, the Public Utilities Commission, or the Real Estate Commissioner of this state.

(f) Any security consisting of any interest in all or portions of a parcel or parcels of real property which are subdivided lands or a subdivision or in a real estate development; provided that the exemption in this subdivision shall not be applicable to any investment contract sold or offered for sale with, or as part of, any such interest, or to any person engaged in the business of selling, distributing or supplying water for irrigation purposes or domestic use which is not a public utility.

(g) Any shares, investment certificates or borrower's membership certificates (as defined in the Savings and Loan Association Law) issued by a savings and loan association holding a license then in force from the Savings and Loan Commissioner of this state.

(h) Any security issued or guaranteed by any federal credit union, or by any credit union organized and supervised under the laws of this state.

(i) Any security issued or guaranteed by any railroad, other common carrier, public utility, or public utility holding company which is (1) subject to the jurisdiction of the Interstate Commerce Commission or (2) a holding company registered with the Securities and Exchange Commission under the Public Utility Holding Company Act of 1935 or a subsidiary of such a company within the meaning of that act or (3) regulated in respect of the issuance or guarantee of the security by a governmental authority of the United States, of any state, of Canada or of any Canadian province; and the security is subject to registration with or authorization of issuance by such authority.

(j) Any security (except evidences of indebtedness, whether interest bearing or not) of an issuer (1) organized exclusively for educational, benevolent, fraternal, religious, charitable, social, or reformatory purposes and not for pecuniary profit, if no part of the net earnings of the issuer inures to the benefit of any private shareholder or individual, or (2) organized as a chamber of commerce or trade or professional association. The fact that amounts received from memberships or dues or both will or may be used to construct or otherwise acquire facilities for use by members of the nonprofit organization does not disqualify the organization for this exemption. This exemption does not apply to the securities of any nonprofit organization if any promoter thereof expects or intends to make a profit directly or indirectly from any business or activity associated with the organization or operation of such nonprofit organization or from remuneration received from such nonprofit organization.

(k) Any agreement, commonly known as a "life income contract," of an issuer (1) organized exclusively for educational, benevolent, fraternal, religious, charitable, social, or reformatory purposes and

not for pecuniary profit and (2) which the commissioner designates by rule or order, with a donor in consideration of a donation of property to such issuer and providing for the payment to the donor or persons designated by him of income or specified periodic payments from the donated property or other property for the life of the donor or such other persons.

(*l*) Any note, draft, bill of exchange, or banker's acceptance which is freely transferable and of prime quality, arises out of a current transaction or the proceeds of which have been or are to be used for current transactions, and which evidences an obligation to pay cash within nine months of the date of issuance, exclusive of days of grace, or any renewal of such paper which is likewise limited, or any guarantee of such paper or of any such renewal, provided that such paper is not offered to the public in amounts of less than twenty-five thousand dollars ($25,000) in the aggregate to any one purchaser. In addition, the commissioner may, by rule or order, exempt any issuer of any notes, drafts, bills of exchange or banker's acceptances from qualification of such securities when he finds that such qualification is not necessary or appropriate in the public interest or for the protection of investors.

(m) Any security issued by any corporation organized and existing under the provisions of Chapter 1 (commencing with Section 54001) of Division 20 of the Food and Agricultural Code.

(n) Any beneficial interest in an employees' pension, profit sharing, stock bonus or similar benefit plan which meets the requirements for qualification under Section 401 of the Federal Internal Revenue Code or any statute amendatory thereof or supplementary thereto. A determination letter from the Internal Revenue Service stating that an employees' pension, profit sharing, stock bonus or similar benefit plan meets such requirements shall be conclusive evidence that such plan is an employees' pension, profit sharing, stock bonus or similar plan within the meaning of the first sentence of this subdivision until the date such determination letter is revoked in writing by the Internal Revenue Service, regardless of whether or not such revocation is retroactive

(o) Any security listed or approved for listing upon notice of issuance on a national securities exchange certified by rule or order of the commissioner and any warrant or right to purchase or subscribe to any such security.

Such certification of any exchange shall be made by the commissioner upon the written request of the exchange if he finds that the exchange, in acting on applications for listing of common stock substantially applies each of the minimum standards set forth in subparagraph (1) below, and in considering suspension or removal from listing, substantially applies each of the criteria set forth in subparagraph (2) below

(1) Listing standards:

(i) Net tangible assets of at least two million dollars ($2,000,000).

(ii) Net income of at least two hundred fifty thousand dollars

($250,000) after all charges including federal income taxes in the fiscal year immediately preceding the filing of a listing application and net income before such taxes of at least five hundred thousand dollars ($500,000).

(iv) Minimum price of four dollars ($4) per share for a reasonable period of time prior to the filing of a listing application.

(v) An aggregate market value for publicly held shares of at least one million five hundred thousand dollars ($1,500,000).

(2) Criteria for consideration of suspension or removal from listing:

(i) If a company which (A) has net tangible assets of less than one million dollars ($1,000,000) has sustained net losses in each of its two most recent fiscal years, or (B) has net tangible assets of less than three million dollars ($3,000,000) and has sustained net losses in three of its four most recent fiscal years.

(ii) If the number of shares publicly held (excluding the holdings of officers, directors, controlling shareholders and other concentrated or family holdings) is less than 150,000.

(iii) If the total number of shareholders of record is less than 450 or if the number of shareholders of lots of 100 shares or more is less than 300.

(iv) If the aggregate market value of shares publicly held is less than seven hundred fifty thousand dollars ($750,000).

(v) If shares of common stock sell at a price of less than four dollars ($4) per share for a substantial period of time and the issuer shall fail to effectuate a reverse stock split of such shares within a reasonable period of time after being requested by the exchange to take such action

The commissioner after appropriate notice and opportunity for hearing in accordance with the provisions of the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, may by rule or order, decertify any exchange previously certified which ceases substantially to apply the standards or criteria as set forth above. A rule or order of certification shall conclusively establish that any security listed or approved for listing upon notice of issuance on any exchange named in a rule or order of certification and any warrant or right to purchase or subscribe to any such security is exempt under this subdivision until the adoption of any rule or order decertifying such exchange

(p) A promissory note secured by a lien on real property, which is not one of a series of notes secured by interests in the same real property

(q) Any unincorporated interindemnity or reciprocal or interinsurance contract, which qualifies under the provisions of Section 1280.7 of the Insurance Code, between members of a cooperative corporation, organized and operating under Part 2 (commencing with Section 12200) of Division 3 of Title 1, and whose members consist only of physicians and surgeons licensed in California, which contracts indemnify solely in respect to medical malpractice claims against such members, and which do not collect in advance of loss any moneys other than contributions by each member to a collective reserve trust fund or for necessary expenses of administration

(1) Whenever it appears to the commissioner that any person has engaged or is about to engage in any act or practice constituting a violation of any provision of Section 1280.7 of the Insurance Code, he may in his discretion bring an action in the name of the people of the State of California in the superior court to enjoin the acts or practices or to enforce compliance with Section 1280.7 of the Insurance Code. Upon a proper showing a permanent or preliminary injunction, restraining order or writ of mandate shall be granted and a receiver or conservator may be appointed for the defendant or the defendant's assets. The court shall not require the commissioner to post a bond

(2) The commissioner may, in his discretion, (A) make such public or private investigations within or outside of this state as he deems necessary to determine whether any person has violated or is about to violate any provision of Section 1280.7 of the Insurance Code or to aid in the enforcement of such Section 1280.7, and (B) publish information concerning the violation of such Section 1280.7.

(3) For the purpose of any investigation or proceeding under this section, the commissioner or any officer designated by him may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, agreements, or other documents or records which the commissioner deems relevant or material to the inquiry

(4) In case of contumacy by, or refusal to obey a subpoena issued to, any person, the superior court, upon application by the commissioner, may issue to the person an order requiring him to appear before the commissioner, or the officer designated by him, there to produce documentary evidence, if so ordered, or to give evidence touching the matter under investigation or in question Failure to obey the order of the court may be punished by the court as a contempt.

(5) No person is excused from attending or testifying or from producing any document or record before the commissioner or in obedience to the subpoena of the commissioner or any officer designated by him, or in any proceeding instituted by the commissioner, on the ground that the testimony or evidence (documentary or otherwise), required of him may tend to

incriminate him or subject him to a penalty or forfeiture, but no individual may be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after validly claiming his privilege against self-incrimination, to testify or produce evidence (documentary or otherwise), except that the individual testifying is not exempt from prosecution and punishment for perjury or contempt committed in testifying.

(r) Any shares or memberships issued by any corporation organized and existing pursuant to the provisions of Part 2 (commencing with Section 12200) of Division 3 of Title 1; provided (1) the corporation limits its shareholders or members primarily to ultimate consumers only or producers only and (2) the aggregate investment of any shareholder or member in shares or memberships sold pursuant to this subdivision does not exceed one hundred dollars ($100). This exemption does not apply to the shares or memberships of any such corporation if any promoter thereof expects or intends to make a profit directly or indirectly from any business or activity associated with the corporation or the operation of such corporation or from remuneration, other than reasonable salary, received from such corporation.

A rule or order of certification shall conclusively establish that any security listed or approved for listing upon notice of issuance on any exchange named in a rule or order of certification and any warrant or right to purchase or subscribe to any such security is exempt under this subdivision until the adoption of any rule or order decertifying such exchange.

(p) A promissory note secured by a lien on real property, which is not one of a series of notes secured by interests in the same real

(4) In case of contumacy by, or refusal to obey a subpoena issued to, any person, the superior court, upon application by the commissioner, may issue to the person an order requiring him to appear before the commissioner, or the officer designated by him, there to produce documentary evidence, if so ordered, or to give evidence touching the matter under investigation or in question Failure to obey the order of the court may be punished by the court as a contempt

(b) Any security issued or guaranteed by the Dominion of Canada, any Canadian province, any political subdivision or municipality of any such province, or by any other foreign government with which the United States currently maintains diplomatic relations, if the security is recognized as a valid obligation by the issuer or guarantor; or any certificate of deposit for any of the foregoing.

(c) Any security issued or guaranteed by and representing an interest in or a direct obligation of a national bank or a bank or trust company incorporated under the laws of this state, and any security issued by a bank to one or more other banks and representing an interest in an asset of the issuing bank

(j) Any security (except evidences of indebtedness, whether interest bearing or not) of an issuer (1) organized exclusively for educational, benevolent, fraternal, religious, charitable, social, or reformatory purposes and not for pecuniary profit, if no part of the net earnings of the issuer inures to the benefit of any private shareholder or individual, or (2) organized as a chamber of commerce or trade or professional association. The fact that amounts received from memberships or dues or both will or may be used to construct or otherwise acquire facilities for use by members of the nonprofit organization does not disqualify the organization for this exemption. This exemption does not apply to the securities of any nonprofit organization if any promoter thereof expects or intends to make a profit directly or indirectly from any business or activity associated with the organization or operation of such nonprofit organization or from remuneration received from such nonprofit organization.

(k) Any agreement, commonly known as a "life income contract," of an issuer (1) organized exclusively for educational, benevolent, fraternal, religious, charitable, social, or reformatory purposes and not for pecuniary profit and (2) which the commissioner designates by rule or order, with a donor in consideration of a donation of property to such issuer and providing for the payment to the donor or persons designated by him of income or specified periodic payments from the donated property or other property for the life of the donor or such other persons.

A determination letter from the Internal Revenue Service stating that an employees' pension, profit-sharing, stock bonus or similar benefit plan meets such requirements shall be conclusive evidence that such plan is an employees' pension, profit sharing, stock bonus or similar plan within the meaning of the first sentence of this subdivision until the date such determination letter is revoked in writing by the Internal Revenue Service, regardless of whether or not such revocation is retroactive

(o) Any security listed or approved for listing upon notice of issuance on a national securities exchange certified by rule or order of the commissioner and any warrant or right to purchase or subscribe to any such security.

The commissioner after appropriate notice and opportunity for hearing in accordance with the provisions of the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, may by rule or order, decertify any exchange previously certified which ceases substantially to apply the standards or criteria as set forth above. A rule or order of certification shall conclusively establish that any security listed or approved for listing upon notice of issuance on any exchange named in a rule or order of certification and any warrant or right to purchase or subscribe to any such security is exempt under this subdivision until the adoption of any rule or order decertifying such exchange.

(1) Whenever it appears to the commissioner that any person has engaged or is about to engage in any act or practice constituting a violation of any provision of Section 1280.7 of the Insurance Code, he may in his discretion bring an action in the name of the people of the State of California in the superior court to enjoin the acts or practices or to enforce compliance with Section 1280.7 of the Insurance Code. Upon a proper showing a permanent or preliminary injunction, restraining order or writ of mandate shall be granted and a receiver or conservator may be appointed for the defendant or the defendant's assets. The court shall not require the commissioner to post a bond.

(2) The commissioner may, in his discretion, (A) make such public or private investigations within or outside of this state as he deems necessary to determine whether any person has violated or is

about to violate any provision of Section 1280.7 of the Insurance Code or to aid in the enforcement of such Section 1280.7, and (B) publish information concerning the violation of such Section 1280.7.

(3) For the purpose of any investigation or proceeding under this section, the commissioner or any officer designated by him may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, agreements, or other documents or records which the commissioner deems relevant or material to the inquiry.

Failure to obey the order of the court may be punished by the court as a contempt.

(5) No person is excused from attending or testifying or from producing any document or record before the commissioner or in obedience to the subpoena of the commissioner or any officer designated by him, or in any proceeding instituted by the commissioner, on the ground that the testimony or evidence (documentary or otherwise), required of him may tend to incriminate him or subject him to a penalty or forfeiture, but no individual may be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after validly claiming his privilege against self-incrimination, to testify or produce evidence (documentary or otherwise), except that the individual testifying is not exempt from prosecution and punishment for perjury or contempt committed in testifying.

SEC. 53. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to these sections because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 872

An act to add Sections 12300.1, 12302, 12303 and 29462 to the Elections Code, relating to elections.

[Approved by Governor September 21, 1979. Filed with Secretary of State September 22, 1979.]

The people of the State of California do enact as follows:

SECTION 1. Section 12300.1 is added to the Elections Code, to read:

12300.1. (a) As used in this article, "candidate" means an individual listed on the ballot, or who has qualified to have write-in votes on his or her behalf counted by election officials, for nomination or for election to any elective state or local office, or who receives a contribution or makes an expenditure or gives his or her consent for any other person to receive a contribution or makes an expenditure with a view to bringing about his or her nomination or election to any elective state or local office, whether or not the specific elective office for which he or she will seek nomination or election is known at the time the contribution is received or the expenditure is made. The term "candidate" includes any officeholder who is subject to a recall election.

(b) As used in this article, "committee" means any person or combination of persons who, directly or indirectly, receive

contributions or make expenditures or contributions for the purpose of influencing or attempting to influence the action of voters for or against the nomination or election of one or more candidates, or the passage, or defeat of any measure, and who is required to file campaign reports or statements under the provisions of Chapter 4 (commencing with Section 84100) of Title 9 of the Government Code.

SEC. 2. Section 12302 is added to the Elections Code, to read:

12302. It is unlawful for any person who solicits funds for the purpose of supporting or promoting any candidates or committees to include in any part of its name the name of that candidate or committee unless that person shall have previously obtained the authorization of the candidate or committee or the candidate's or committee's designated agent to use the candidate's or committee's name in the name of that person.

Authorization by a candidate or committee shall not be construed as rendering the person soliciting funds a controlled committee as defined by Section 82016 of the Government Code.

SEC. 3. Section 12303 is added to the Elections Code, to read:

12303. Any person who solicits or receives contributions on behalf of any candidate or committee for the purported and exclusive use of that committee or the candidate's election campaign and who is not authorized by the candidate or committee or the candidate's or committee's designated agent to do so, shall include a notice in any fundraising communication, whether through any broadcasting station, newspaper, magazine, printed literature, direct mailing, or any other type of general public advertising, or through telephone or individual oral fundraising appeal, clearly and conspicuously stating that the person is not authorized by the candidate or committee and that the candidate or committee is not responsible for the actions of that person.

SEC. 4. Section 29462 is added to the Elections Code, to read:

29462. Upon the complaint of the affected candidate or committee, any person who violates Section 12302 or 12303 is guilty of a misdemeanor.

SEC. 7. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, there shall be no appropriation made by this act pursuant to these sections because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local agencies and school districts which, in the aggregate, do not result in significant identifiable cost changes. Paragraph (2) of subdivision (c) of Section 2253.2 of that code precludes the State Board of Control from considering claims for costs incurred by the creation of a new crime or infraction or by changes in the penalty for a crime or infraction, but the Department of Finance shall make the report required by Section 2246 of that code on costs mandated by this act.

CHAPTER 873

An act to amend Sections 1289, 1297, 1300, and 1305 of, to repeal Sections 1270, 1271, and 1272 of, to repeal Article 9 (commencing with Section 1318) of Chapter 1 of Title 10 of Part 2 of, to add Sections 1268a, 1269d, 1270, 1270.1, 1271, and 13825 to, and to add Article 9 (commencing with Section 1318) and Article 10 (commencing with Section 1320) to Chapter 1 of Title 10 of Part 2 of, the Penal Code, relating to bail.

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979.]

The people of the State of California do enact as follows:

SECTION 1. Section 1268a is added to the Penal Code, to read:

1268a. (a) In accordance with the provisions of this chapter, a defendant shall be released from custody prior to conviction upon the posting of bail as a matter of right, or the defendant may be released from custody upon his or her own recognizance, except that a defendant charged with an offense punishable with death where the proof is evident or the presumption thereof great shall not be released from custody. The finding of an indictment does not add to the strength of the proof or the presumption to be drawn therefrom. A defendant arrested for a misdemeanor may be released from custody upon conditional release or upon executing an appearance bond.

(b) A defendant who has been arrested for a misdemeanor shall, as a matter of right, prior to arraignment, be released from custody upon his or her compliance with the provisions of Section 1269d.

SEC. 2. Section 1269d is added to the Penal Code, to read:

1269d. (a) (1) If a defendant is arrested for a misdemeanor, he or she shall be released from custody upon deposit of a sum of money which is 10 percent of the amount of bail which has been fixed pursuant to Section 1269b and upon execution of a release agreement and an appearance bond as set forth in this section.

(2) Any person who has the authority to approve and accept the full amount of bail as provided for in Section 1269b shall also have the authority to approve and accept 10 percent of the amount of bail pursuant to this section and to issue and sign an order for the release of the defendant, and to set the time and place for the appearance of the defendant before the appropriate court and give notice thereof. At the time the deposit is made, the defendant shall execute a release agreement containing the conditions set forth in Section 1318 and shall execute an appearance bond whereby the defendant promises that should he or she willfully fail to appear before any court or magistrate as required, the defendant shall pay the treasurer of the county in which the defendant was ordered to appear the full amount of the bail set in the case.

(b) Upon depositing the sum and executing the release agreement and the appearance bond as set forth in subdivision (a), the defendant shall be discharged from custody as to the offense or offenses for which the deposit is posted.

(c) If a defendant is charged with a misdemeanor, the court or magistrate in addition to or in lieu of any other methods of release authorized pursuant to this chapter, other than a release upon own recognizance, may require the defendant to agree to any or all of the following conditions when the defendant is personally before the court and the court finds that the imposition of a condition or conditions is necessary to assure the defendant's appearance in court:

(1) Require the defendant to report at reasonable intervals to a person designated by the court, who shall inform the court if the defendant does not report as ordered.

(2) Require the defendant to notify the court if he or she changes his or her place of residence.

(3) Require the defendant to secure the permission of the court before leaving the state.

(4) Require the defendant to submit the name and address of his or her employer, or any change thereof, to the court.

(d) When a defendant has deposited a sum of money with the clerk of the court as required under subdivision (a), and has properly made all appearances as required by the court and thereafter is released from any further obligation to appear before any court having jurisdiction over the case, the clerk of the court shall retain and deposit in the county general fund 10 percent of the deposit or ten dollars ($10), whichever is greater, and shall return the remainder of the deposit to the defendant.

(e) If a defendant who is released under the provisions of this section fails to appear as required, the court before which the defendant was ordered to appear shall forfeit the deposit posted. If the amount of the deposit exceeds one hundred dollars ($100), notice of such order of forfeiture shall be mailed forthwith by the clerk of the court to the last known address of the defendant. If the defendant does not appear and surrender to the court having jurisdiction within 90 days of the date of the forfeiture or within such period satisfy to the court that appearance and surrender by the defendant is impossible and without the fault of the defendant, the court may enter judgment for the full amount of the bail previously established at the time of release, and shall send notice of the entry of such judgment to the last known address of the defendant. The deposit shall be applied to the payment of costs. If any amount of such deposit remains after payment of costs, it shall be applied to payment of the judgment and transferred to the treasury of the county wherein the deposit was taken The balance of the judgment may be enforced and collected in the same manner as a judgment entered in a civil action.

(f) This section shall not apply to any case where the bail set is one hundred fifty dollars ($150) or less Any defendant for whom there

is an outstanding warrant issued under Section 853.8, 979, 1195, or 1318.8 shall not be eligible to post a 10 percent deposit under subdivision (a) except upon order of a court or magistrate.

(g) The Judicial Council shall prescribe a uniform statewide release agreement form, a uniform statewide appearance bond form, and a uniform deposit receipt form.

SEC. 3. Section 1270 of the Penal Code is repealed.

SEC. 4. Section 1270 is added to the Penal Code, to read:

1270. (a) Any person, who has been arrested for or charged with an offense other than a capital offense may be released on his or her own recognizance by a court or magistrate who could release a defendant from custody upon the defendant giving bail, including a defendant arrested upon an out-of-county warrant, provided that a defendant who is in custody and is arraigned on a complaint alleging an offense which is a misdemeanor, and a defendant who appears before a court or magistrate upon an out-of-county warrant arising out of a case involving only misdemeanors, shall be entitled to an own recognizance release unless the court makes a finding upon the record that an own recognizance release will not reasonably assure the appearance of the defendant as required. In such event the court shall then set bail and specify the conditions, if any, whereunder the defendant shall be released.

(b) The provisions of Article 9 (commencing with Section 1318) shall apply to any person who is released pursuant to this section.

SEC. 5. Section 1270.1 is added to the Penal Code, to read:

1270.1. Any person who has been arrested for or charged with a misdemeanor may be released by a court or magistrate upon execution of an appearance bond.

SEC. 6. Section 1271 of the Penal Code is repealed.

SEC. 7. Section 1271 is added to the Penal Code, to read:

1271. When a person is detained in custody on a criminal charge prior to conviction for want of bail, such person is entitled to an automatic review of the order fixing the amount of bail by the judge or magistrate having jurisdiction of the offense. Such review shall be held not later than five days from the time of the original order fixing the amount of bail on the original accusatory pleading. The defendant may waive such review.

SEC. 8. Section 1289 of the Penal Code is amended to read:

1289. (a) After a defendant has been admitted to bail upon an indictment or information, the court in which the charge is pending may, upon good cause shown, either increase or reduce the amount of bail. If the amount is increased, the court may order the defendant to be committed to actual custody, unless he gives bail in such increased amount. If application is made by the defendant for a reduction of the amount, notice of the application shall be served upon the district attorney.

(b) After a defendant has been released pursuant to this chapter, the court in which the charge is pending may require the defendant either to give bail in an amount specified by it or to meet any other

condition as elsewhere provided in this chapter upon a finding made in open court that the defendant has failed to appear or has violated any condition of the order releasing him or her, or that there has been a change of circumstances which increases the risk of failure to appear, or that additional facts have been presented which were not shown at the time of the original order releasing the defendant. The court may order that the defendant be committed to actual custody unless the defendant gives such bail or meets such other conditions.

SEC. 9. Section 1297 of the Penal Code is amended to read:

1297. When money has been deposited, a receipt shall be issued in the name of the depositor. If the money remains on deposit at the time of a judgment for the payment of a fine, the clerk shall, under the direction of the court, if the defendant is the depositor, consents to the use of the money in payment of the fine, and has not made a prior assignment of the money, apply the money in satisfaction thereof, and after satisfying the fine and costs, shall refund the surplus, if any, to the defendant. If the person to whom the receipt for the deposit was issued was not the defendant, the deposit after judgment shall be returned to him within 10 days after he claims it by submitting the receipt, and, if a claim is not made within 10 days of the exoneration of bail, the clerk shall immediately notify the depositor of the exoneration of bail.

SEC. 10. Section 1300 of the Penal Code is amended to read:

1300. (a) At any time before the forfeiture of the undertaking, or deposit by a third person, the bail or the depositor may surrender the defendant in their exoneration, or the defendant may personally surrender, to the officer to whose custody the defendant was committed at the time of giving bail, in the following manner:

(1) A certified copy of the undertaking of the bail, or a certified copy of the certificate of deposit where a deposit is made, must be delivered to the officer who must detain the defendant in custody thereon as upon a commitment, and by a certificate in writing acknowledge the surrender.

(2) The bail or depositor, upon surrendering the defendant, shall make reasonable effort to give notice to the defendant's last attorney of record, if any, of such surrender.

(3) The officer to whom the defendant is surrendered shall, within 48 hours of the surrender, bring the defendant before the court in which the defendant is next to appear on the case for which the defendant has been surrendered. The court shall advise the defendant of his or her right to move the court for an order permitting the withdrawal of any previous waiver of time and shall advise the defendant of the authority of the court, as provided in subdivision (b), to order return of the premium paid by the defendant or other person, or any part of it.

(4) Upon the undertaking, or certificate of deposit, and the certificate of the officer, the court in which the action or appeal is pending may, upon notice of five days to the district attorney of the county, with a copy of the undertaking, or certificate of deposit, and

the certificate of the officer, order that the bail or deposit be exonerated. However, if the defendant is otherwise released pursuant to this chapter before the issuance of such an order, the court shall order that the bail or deposit be exonerated without prejudice to the court's authority under subdivision (b). On filing the order and papers used on the application, they are exonerated accordingly.

(b) Notwithstanding subdivision (a), if the court determines that good cause does not exist for the surrender of a defendant who has not failed to appear or has not violated any order of the court, it may, in its discretion, order the bail or the depositor to return to the defendant or other person who has paid the premium or any part of it, all of the money so paid or any part of it.

SEC. 10.5. Section 1305 of the Penal Code is amended to read:

1305. (a) If, without sufficient excuse, the defendant neglects to appear for arraignment or for trial or judgment, or upon any other occasion when his presence in court is lawfully required, or to surrender himself in execution of the judgment, the court must direct the fact to be entered upon its minutes and the undertaking of bail, or the money deposited instead of bail, as the case may be, must thereupon be declared forfeited, and, if the amount of the forfeiture exceeds one hundred dollars ($100), the clerk of the court shall, promptly upon entering the fact of such failure to appear in the minutes, mail notice of the forfeiture to the surety on the bond or depositor of money instead of bond, and shall execute an affidavit of such mailing and place it in the court's file in the case. If the surety is an authorized corporate surety insurer, and if the bond has plainly printed or stamped thereon the address of its principal office in California, such notice shall be mailed to such surety at such address, and mailing to the bail agent or solicitor who posted the bond shall not constitute compliance with this section; the clerk shall at the same time send a copy of such notice to the bail agent or solicitor who posted the bond. If the clerk fails to mail such notice within 30 days after such entry, the surety or depositor shall be released from all obligations under the bond.

But if at any time within 180 days after such entry in the minutes or, if mailing of notice of forfeiture is required, within 180 days after mailing such notice of forfeiture, the defendant and his bail appear, and satisfactorily excuse the defendant's neglect or show to the satisfaction of the court that the absence of the defendant was not with the connivance of the bail, the court shall direct the forfeiture of the undertaking or the deposit to be discharged upon such terms as may be just, and may order the bail reinstated and the defendant released again on the same bond. If at any time within 180 days after such entry in the minutes or mailing as the case may be, the bail should surrender the defendant to the court or to custody, the court shall direct the forfeiture of the undertaking or the deposit to be discharged upon such terms as may be just.

If within 180 days after such entry in the minutes or mailing as the

case may be, it is made to appear to the satisfaction of the court that the defendant is dead or is otherwise permanently unable to appear in court due to illness, insanity, or detention by civil or military authorities, and that the absence of the defendant was not with the connivance of the bail, the court shall direct the forfeiture of the undertaking or the deposit to be discharged upon such terms as may be just If within 180 days after such entry in the minutes or mailing as the case may be, it is made to appear to the satisfaction of the court that the defendant is temporarily disabled by reason of illness, insanity, or detention by civil or military authorities and is therefore unable to appear in court at any time during the remainder of such 180 days, and that the absence of the defendant has not been with the connivance of the bail, then the period of time during which the disability continues shall not be deemed part of such 180 days. Upon a finding by the court that a reasonable period of time is necessary in order to return the defendant to court upon the termination of the disability, then such period of time, as fixed by the court, shall not be deemed part of such 180 days.

Unless waived by the district attorney or other prosecuting attorney, no order discharging the forfeiture of the undertaking or deposit shall be made without opportunity for hearing and the filing of a notice of motion for such order setting forth the basis for relief, with proof of service upon the district attorney or other prosecuting attorney at least 10 days prior to the time set for hearing of the motion and otherwise in compliance with the provisions of Section 1010 of the Code of Civil Procedure. Such notice may be given by the surety insurer, its bail agent, the surety, or depositor of money, any of whom may give such notice and appear either in person or by attorney. Such notice of motion must be filed within 180 days after such entry in the minutes or mailing as the case may be, and must be heard and determined within 30 days after the expiration of such 180 days, unless the court for good cause shown, shall extend the time for hearing and determination.

(b) If, without sufficient excuse, the defendant neglects to appear for arraignment, trial, judgment, or upon any other occasion when his presence in court is lawfully required, or to surrender himself in execution of the judgment, but the court has reason to believe that sufficient excuse may exist for his neglect to appear or surrender himself, the court may continue the case for such period as it deems reasonable to enable the defendant to appear without ordering a forfeiture of bail or issuing a bench warrant.

SEC. 11 Article 9 (commencing with Section 1318) of Chapter 1 of Title 10 of Part 2 of the Penal Code is repealed.

SEC. 12. Article 9 (commencing with Section 1318) is added to Chapter 1 of Title 10 of Part 2 of the Penal Code, to read:

Article 9. Procedure Relating to Release on Own Recognizance

1318 (a) The defendant shall not be released from custody under an own recognizance or pursuant to Section 1269d until the defendant files with the clerk of the court or other person authorized to accept bail a signed release agreement which includes:

(1) The defendant's promise to appear at all times and places, as ordered by the court, magistrate or other person authorized by paragraph (3) of subdivision (a) of Section 1269d to release the defendant and as ordered by any court in which, or any magistrate before whom the charge is subsequently pending.

(2) The defendant's promise not to depart this state without leave of the court.

(3) Agreement by the defendant to waive extradition if the defendant fails to appear as required and is apprehended outside of the State of California.

(4) The acknowledgment of the defendant that he or she has been informed of the consequences and penalties applicable to violation of the conditions of release.

1318 1 A court may, with the concurrence of the board of supervisors, employ an investigative staff for the purpose of recommending whether a defendant should be released on his or her own recognizance, upon an appearance bond or upon agreeing to comply with any or all of the conditions set forth in subdivision (c) of Section 1269d.

The salaries of such staff are a proper charge against the county.

SEC. 13. Article 10 (commencing with Section 1320) is added to Chapter 1 of Title 10 of Part 2 of the Penal Code, to read:

Article 10. Violations

1320. (a) Every person who is charged with the commission of a misdemeanor who is released from custody pursuant to Section 1269d on an appearance bond or on his or her own recognizance and who in order to evade the process of the court willfully fails to appear as required, is guilty of a misdemeanor It shall be presumed that a defendant who willfully fails to appear within 14 days of the date assigned for his or her appearance intended to evade the process of the court

(b) Every person who is charged with the commission of a felony who is released from custody on his or her own recognizance and who in order to evade the process of the court willfully fails to appear as required, is guilty of a felony, and upon conviction shall be punished by a fine not exceeding five thousand dollars ($5,000) or by imprisonment in the state prison, or in the county jail for not more than one year, or by both such fine and imprisonment. It shall be presumed that a defendant who willfully fails to appear within 14 days of the date assigned for his or her appearance intended to evade the process of the court

SEC. 14. Section 13825 is added to the Penal Code, to read:

13825. On or after January 1, 1984, and prior to December 31, 1985, in consultation with the State Bar of California and the Judicial Council, the Office of Criminal Justice Planning shall prepare and submit to the Legislature a report summarizing the experience of the public agencies impacted by Assembly Bill No. 2 of the 1979–80 Regular Session of the Legislature. Such report shall include, but not be limited to, information on the failure to appear rates for the different modes of release of criminal defendants authorized by Assembly Bill No. 2, the impact of the bill on jail populations, and the financial impact.

The Office of Criminal Justice Planning is specifically authorized and encouraged to seek the assistance of an organization or organizations which may be able to utilize funding sources other than the state to prepare this report for the Office of Criminal Justice Planning.

SEC. 15. In enacting this act, the Legislature hereby determines and finds that any duties, obligations or responsibilities imposed on local government will not result in any significant increased costs in that courts retain a portion of the deposit posted with them, that the deposits posted with the courts may be placed in interest bearing accounts, that forfeitures accrue to the local government and that there will be cost savings resulting from reduced jail populations. Therefore, as a result of this finding and determination, no appropriation is made by this act, nor is any obligation created thereby under Section 2231 or 2234 of the Revenue and Taxation Code, for the reimbursement of any local agency or school district for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act. Moreover there shall be no claim considered with respect to this act by the State Board of Control pursuant to Section 2250 of the Revenue and Taxation Code for costs incurred in apprehending persons who fail to appear as required by the court, magistrate, or other person authorized to release the defendant. In the event that revenues and cost savings resulting from this act are not sufficient to cover the reasonable costs of administering the act, it is the intent of the Legislature that legislative action be taken to ensure that any such costs not be imposed on local government.

SEC. 16. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 17. This act shall become operative January 1, 1981, and shall remain in effect until December 31, 1985.

CHAPTER 874

An act to amend Section 40522 of the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979]

The people of the State of California do enact as follows:

SECTION 1 Section 40522 of the Vehicle Code is amended to read:

40522. Whenever a person is arrested for violations specified in Section 40303.5 which meet all of the conditions set forth in subdivision (b) of Section 40610, and the officer issues a notice to appear, the notice shall specify the offense charged and note in a form approved by the Judicial Council that the charge may be dismissed on proof of correction, or include the following statement: "Cited in accordance with 40610(b) V.C." If the arrested person presents, by mail or in person, proof of correction, as prescribed in Section 40616, on or before the date on which he or she promised to appear, the court shall dismiss the violation or violations charged pursuant to Section 40303.5.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Existing law, operative on July 1, 1979, would require law enforcement agencies to issue two citations in cases where certain agencies would prefer to include all offenses in a single citation. This measure will afford local police agencies flexibility in utilizing the notice to correct procedure

CHAPTER 878

An act to amend Sections 6201 and 6204 of the Business and Professions Code, relating to attorneys' fees.

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979]

The people of the State of California do enact as follows:

SECTION 1. Section 6201 of the Business and Professions Code is amended to read:

6201. (a) The rules adopted by the board of governors may provide that an attorney forward a written notice to the client and the State Bar prior to or at the time of filing an action against the client for recovery of fees covered by the provisions of this article. The written notice shall be in such form as the board of governors may prescribe, but shall include a statement of the client's rights to arbitrate under this article. Failure to give such notice shall not be grounds for the dismissal of such action.

(b) If an attorney, or the attorney's assignee, subject to the provisions of this article, commences an action in any court, other than a small claims court, and the dispute is one to which subdivision (a) of Section 6200 applies, the client may stay the action by serving and filing a request for arbitration in accordance with the rules established by the board of governors pursuant to subdivision (a) of Section 6200. If, prior to the client initiating arbitration proceedings under this article, the attorney files an action against the client in small claims court for recovery of a fee covered by the provisions of this article, such small claims action, including any appeal, shall not be stayed under the provisions of this section, and the matter shall not be subject to arbitration under this article while the matter is pending in small claims court or after judgment is given in such court. The request for arbitration must be served and filed prior to the filing of an answer in the action; failure to so request arbitration prior to the filing of an answer shall be deemed a waiver of the client's right to arbitration under the provisions of this article.

(c) Upon filing and service of such request, unless the court finds that the matter is not an appropriate one for arbitration under the provisions of this article, the action shall be stayed until the award of the arbitrators is issued or the arbitration is otherwise terminated. The action may thereafter proceed upon application of the attorney subject to the provisions of Section 6204.

(d) A client's right to request or maintain arbitration under the provisions of this article is waived by the commencement of an action or the filing of any pleading by the client seeking judicial resolution of a fee dispute in which subdivision (a) of Section 6200 applies, or seeking affirmative relief against the attorney for damages or otherwise based upon alleged malpractice or professional

misconduct

SEC 2. Section 6204 of the Business and Professions Code is amended to read:

6204 (a) The parties may agree in writing to be bound by the award of the arbitrators. In the absence of such an agreement, either party shall be entitled to a trial de novo. Such judicial review shall be initiated by the commencement of an action in the court having jurisdiction over the amount of money in controversy within 30 days after mailing of notice of the award.

In lieu of commencing such action, and within 30 days after the mailing of notice of the award, a party seeking such judicial review may file a pleading to such effect in any action which has been abated pursuant to Section 6201

(b) The party seeking review shall be the prevailing party if that party obtains a judgment more favorable than that provided by the arbitration award, and in all other cases the other party shall be the prevailing party. The prevailing party may, in the discretion of the court, be entitled to an allowance for reasonable attorneys' fees and costs incurred in the judicial review, which allowance shall be fixed by the court. Without regard to consideration of who the prevailing party may be, if a party does not appear at the arbitration hearing in the manner provided by the rules adopted by the board of governors, that party shall not be entitled to attorneys' fees upon judicial review. In fixing such attorneys' fees, the court shall consider the award and determinations of the arbitrators, in addition to any other relevant evidence.

(c) Except as provided in this section, the award and determinations of the arbitrators shall not be admissible nor operate as collateral estoppel or res judicata in any action or proceeding

CHAPTER 881

An act to amend Section 10217 of the Elections Code, relating to elections.

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979]

The people of the State of California do enact as follows:

SECTION 1 Section 10217 of the Elections Code is amended to read:

10217. The Secretary of State shall conduct a drawing of the letters of the alphabet, the result of which shall be known as a randomized alphabet. The procedure shall be as follows:

(a) Each letter of the alphabet shall be written on a separate slip of paper each of which shall be folded and inserted into a capsule. Each capsule shall be opaque and of uniform weight, color, size, shape, and texture. The capsules shall be placed in a container which shall be shaken vigorously in order to mix them thoroughly. The container then shall be opened and the capsules removed at random one at a time. As each is removed, it shall be opened and the letter on the slip of paper read aloud and written down. The resulting

random order of letters constitutes the randomized alphabet which is to be used in the same manner as the conventional alphabet in determining the order of all candidates in all elections. For example, if two candidates with the surnames Campbell and Carlson are running for the same office, their order on the ballot will depend on the order in which the letters M and R were drawn in the randomized alphabet drawing.

(b) There shall be four such drawings, three in each even-numbered year and one in each odd-numbered year. Each drawing shall be held at 11 a.m. on the date specified in this subdivision. The results of each drawing shall be mailed immediately to each county clerk or other official responsible for conducting an election to which the drawing is applicable who shall use it in determining the order on the ballot of the names of the candidates for office.

The first such drawing shall take place on the 62nd day before the April general law city elections and shall apply to those elections and any other elections held at the same time.

The second shall take place on the 82nd day before the direct primary in June of an even-numbered year and shall apply to all candidates on the ballot in that election.

The third shall take place on the 82nd day before the November general election of an even-numbered year and shall apply to all candidates on the ballot in the November general election.

In the case of the June primary election and the November general election, the Secretary of State shall certify and transmit to each county clerk the order in which the names of federal and state candidates, with the exception of candidates for State Senate and Assembly, shall appear on the ballot. The clerk shall determine the order on the ballot of all other candidates using the appropriate randomized alphabet for that purpose

The fourth drawing shall take place on the 62nd day before the first Tuesday after the first Monday in November of the odd-numbered year and shall apply to all candidates on the ballot in the elections held on that date.

In the event there is to be an election of candidates to a special district, school district, charter city, or other local government body at the same time as one of the four major election dates specified above and the last possible day to file nomination papers for the local election would occur after the date of the drawing for the major election date, the procedure set forth in Section 10217.5 shall apply.

(c) Each randomized alphabet drawing shall be open to the public. At least 10 days prior to a drawing, the Secretary of State shall notify the news media and other interested parties of the date, time, and place of it. The president of each statewide association of local officials with responsibilities for conducting elections shall be invited by the Secretary of State to attend each drawing or send a representative. The state chairman of each qualified political party shall be invited to attend or send a representative in the case of

drawings held to determine the order of candidates on the June primary election ballot, the November general election ballot, or a special election ballot as provided for in subdivision (d) of this section.

(d) In the case of any special election for State Assembly, State Senate, or Representative in Congress, on the first weekday after the close of filing of nomination papers for the office, the Secretary of State shall conduct a public drawing to produce a randomized alphabet in the same manner as provided for in subdivisions (a) and (c) of this section. The resulting randomized alphabet shall be used for determining the order on the ballot of the candidates in both the primary election for the special election and in the special election.

SEC. 2. This act shall become operative only if all of the following occurs: (a) Assembly Bill No. 1047 and Assembly Bill No. 1689 of the 1979–80 Regular Session of the Legislature are both chaptered and become operative on or before January 1, 1980; (b) Assembly Bill No. 1047 adds Section 23302.5 to the Elections Code; and (c) Assembly Bill No 1689 amends Section 6833 of the Elections Code.

CHAPTER 887

An act to amend Section 1275.1 of the Health and Safety Code, and to amend Section 5652.5 of the Welfare and Institutions Code, relating to mental health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979]

The people of the State of California do enact as follows:

SECTION 1. Section 1275 1 of the Health and Safety Code is amended to read:

1275.1. (a) Notwithstanding any rules or regulations governing other health facilities, the regulations developed by the state department for psychiatric health facilities shall prevail. The regulations applying to psychiatric health facilities shall prescribe standards of adequacy, safety, and sanitation of the physical plant, of staffing with duly qualified licensed personnel, and of services based on the needs of the persons served thereby

(b) The regulations shall include standards appropriate for two levels of disorder

(1) Involuntary ambulatory psychiatric patients.

(2) Voluntary ambulatory psychiatric patients.

For purposes of this subdivision, "ambulatory patients" shall include, but not be limited to, deaf, blind, physically handicapped, and disoriented persons who are not bedridden or confined to a wheelchair.

(c) The regulations shall not require, but may permit building and services requirements for hospitals which are only applicable to physical health care needs of patients that can be met in an affiliated hospital or in outpatient settings including, but not limited to, such requirements as surgical, dietary, laboratory, laundry, central supply, radiologic, and pharmacy.

(d) The regulations shall include provisions for an "open planning" architectural concept.

(e) The regulations shall exempt from seismic requirements all structures of Type V and of one-story construction.

(f) Standards for involuntary patients shall include provisions to allow for restraint and seclusion of patients Such standards shall

provide for adequate safeguards for patient safety and protection of patient rights.

(g) The regulations shall provide for the retention by the psychiatric health facility of a consultant pharmacist, who shall supervise and review pharmaceutical services within the facility and perform such other services, including prevention of the unlawful diversion of controlled substances subject to abuse, as the state department may by regulation require. Regulations adopted pursuant to this subdivision shall take into consideration the varying bed sizes of psychiatric health facilities.

(h) The Legislature finds and declares that:

(1) Many counties do not now have adequate acute psychiatric 24-hour inpatient care facilities.

(2) Many counties do not now have any beds or services for care of such persons.

(3) Such services can be provided effectively in a nonhospital setting for less cost.

Therefore, in order to allow counties and other organizations to develop such facilities, the Office of Statewide Health Planning and Development in the Health and Welfare Agency shall issue certificates of exemption to applicants whose proposals for facilities are approved by the Department of Mental Health on or before June 30, 1980; provided that the office, not later than 30 days after receipt of such application, shall deny issuance of such certificate of exemption if the office finds, after a public hearing and upon receipt of an affidavit of the State Department of Mental Health, that adequate psychiatric hospital beds now exist in the applicant's local service area to meet the needs of the clients proposed to be serviced pursuant to Division 5 (commencing with Section 5000) or Division 6 (commencing with Section 6000) of the Welfare and Institutions Code in the psychiatric health facility. Thereafter, applicants who receive such approval on or after July 1, 1980, shall be required to secure certificates of need. Such certificates of need shall be issued only if the office finds that the applicant's facility will not make available more beds and patient days of care than are necessary to meet the needs for such care in the applicant's county or service area, inclusive of days already provided by existing psychiatric hospitals for the types of patients the applicant proposes to serve. Certificates of exemption issued pursuant to this section shall expire upon failure to commence the project authorized thereby within 18 months from the adoption of regulations required by Section 1254.1, or from the issuance of a certificate of exemption, whichever occurs later.

(i) It is the intent of the Legislature to encourage the establishment of public and private psychiatric health facilities because such facilities can provide acute psychiatric care of quality equal to that which can be provided in a hospital setting at a significantly lower cost.

(j) Regulations shall be developed and presented for adoption at

public hearing pursuant to the Administrative Procedure Act within 180 days of the effective date of this section.

(k) In order to assist in the rapid development of regulations for psychiatric health facilities, the director of the state department, not later than 30 days after the effective date of this section, shall convene an ad hoc advisory committee composed of two members from the State Department of Mental Health, two members of the Conference of Local Mental Health Directors, two members from the State Department of Health Services, one member from the Office of Statewide Health Planning and Development, two persons with experience operating psychiatric facilities and any other persons having a professional or personal nonfinancial interest in development of such regulations. The nonstate employee members of such advisory committee shall pay their own expenses related to participation on the committee. Such committee shall meet at the director's pleasure until such time as the proposed regulations are presented for adoption at public hearing.

SEC 2. Section 5652.5 of the Welfare and Institutions Code is amended to read:

5652.5. (a) Psychiatric health facilities, as defined in Section 1250 of the Health and Safety Code, shall only be licensed by the State Department of Health Services subsequent to application by counties, county contract providers, or other organizations pursuant to this part and approval by the State Department of Mental Health.

(b) (1) For counties or county contract providers that choose to apply, the local mental health director shall first present to the local mental health advisory board for its review an explanation of the need for such facility and a description of the services to be provided The local mental health director shall then submit to the governing body such explanation and description in the form of an amendment to the county Short-Doyle plan. The governing body, upon its approval of such amendment, may submit the amendment and approval request to the State Department of Mental Health.

(2) Other organizations that seek to apply for licensure and do not intend to utilize any Short-Doyle funds pursuant to Section 5707 shall submit their approval requests to the governing body in the county in which the facility is to be located. The governing body shall have 30 days during which to make recommendations on such applications At any time after such 30-day period, such organizations may then submit their approval requests, along with the governing body's recommendations, if any, to the State Department of Mental Health.

(c) Until such time as the State Department of Health Services adopts regulations for psychiatric health facilties pursuant to Section 1275.1 of the Health and Safety Code, a county, county contract provider, or other organization may apply to the State Department of Mental Health for licensure waiver for existing facilities pursuant to Section 5768 The State Department of Mental Health shall be the lead agency for coordination of the development of criteria by which

licensure waiver shall be granted and shall be responsible for the coordination of the process for approval of such waivers.

(d) The State Fire Marshal, the Office of Statewide Health Planning and Development, the State Department of Health Services, and other appropriate state agencies shall cooperate fully with the State Department of Mental Health to assure that the State Department of Mental Health shall approve such licensure waivers not later than 90 days after the submission by a county, county contract provider, or other organization of the amendment to the Short-Doyle plan and request for waiver.

(e) Each psychiatric health facility shall be periodically inspected pursuant to Section 1279 of the Health and Safety Code. In order to assure that quality care is provided in such facilities, the representatives of the State Department of Health Services shall be accompanied by a representative or representatives of the State Department of Mental Health and shall invite representatives of the county mental health program and the county mental health advisory board.

(f) It is the intent of the Legislature that the State Department of Mental Health shall approve psychiatric health facilities only if the average per diem changes or costs of service provided in such facilities are approximately 60 percent of the average per diem changes or costs of similar psychiatric services provided in a general hospital. In utilizing such cost guidelines, the department shall take into account local conditions affecting such costs.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are as follows:

Counties and other organizations are currently in the process of developing critically needed psychiatric health facilities, and this act assures that those facilities meeting the minimum state requirements will be allowed to operate and those applicants with specific plans for developing a facility may be permitted to implement such plans. In order to further assure that such facilities are adequately and completely established, it is necessary that this act take immediate effect.

CHAPTER 890

An act to amend Sections 1257 and 2675 of the Unemployment Insurance Code, relating to unemployment insurance, and making an appropriation therefor.

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979]

The people of the State of California do enact as follows:

SECTION 1 Section 1257 of the Unemployment Insurance Code is amended to read:

1257. An individual is also disqualified for unemployment compensation benefits if

(a) He or she willfully, for the purpose of obtaining unemployment compensation benefits, either made a false statement or representation, with actual knowledge of the falsity thereof, or withheld a material fact in order to obtain any unemployment compensation benefits under this division.

(b) He or she, without good cause, refused to accept suitable

employment when offered to him or her, or failed to apply for suitable employment when notified by a public employment office.

SEC 2. Section 2675 of the Unemployment Insurance Code is amended to read:

2675. An individual shall be disqualified from receiving benefits under this part if he or she has willfully, for the purpose of obtaining benefits, either made a false statement or representation, with actual knowledge of the falsity thereof, or withheld a material fact in order to obtain any benefits under this part. An individual disqualified under this section shall be ineligible to receive benefits for the day during which there occurred the cause of the disqualification and for not less than six nor more than 34 days which immediately follow such day, if the claimant is unemployed due to a disability for such period. If there is a recurrence of the same disqualification, subsequent to the initial disqualification during such period, the director may, in his or her discretion, extend the period of ineligibility for an additional period not to exceed 56 days.

SEC. 3 The amendment of these sections made at the 1979–80 Regular Session of the Legislature does not constitute a change in, but is declaratory of, the existing law, and is intended to overrule the California Unemployment Appeals Board Precedent Benefit Decision No 379.

SEC. 4. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to these sections because the Legislature finds and declares that this act makes only technical changes to existing law not requiring reimbursement. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 891

(d) To investigate the circumstances of practice of any physician and surgeon certificate holder which have resulted in any judgments or settlements requiring the certificate holder or insurer of the certificate holder to pay any amount in damages in excess of a cumulative total of thirty thousand dollars ($30,000) with respect to any claim that injury or damage was proximately caused by the certificate holder's error, negligence, or omission.

(e) Investigations conducted pursuant to this section shall be commenced within 15 days and completed within three months. Where applicable, a progress report shall be issued to the complainants within 30 days of the initiation of the investigation. The Division of Medical Quality or a panel reinstating a certificate or modifying a penalty may impose such terms and conditions as it deems necessary. To reinstate a revoked certificate requires the affirmative vote of at least five members of the Division of Medical Quality or the unanimous vote of the panel hearing the petition, as the case may be. To otherwise reduce a penalty or modify probation requires the affirmative vote of at least four members of the division or the affirmative vote of at least three members of the panel hearing the petition, as the case may be. A decision by the division or a panel shall be final

No petition shall be considered while the petitioner is under sentence for any criminal offense, including any period during which the petitioner is on court-imposed probation or parole. The Division of Medical Quality may deny without a hearing or argument any petition filed pursuant to this section where the petitioner has been afforded a hearing upon any petition filed pursuant to this section within a period of two years from the effective date of the prior decision.

SEC. 4. Section 3 of Chapter 955 of the Statutes of 1978 is amended to read:

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979]

The people of the State of California do enact as follows:

(h) The existence of agricultural preserves in the area which could be considered within an agency's sphere of influence and the effect on maintaining the physical and economic integrity of such preserves in the event that such preserves are within a sphere of influence of a local governmental agency

Upon determination of a sphere of influence, the commission shall adopt such sphere, and shall periodically review and update the adopted sphere

The spheres of influence, after adoption, shall be used by the commission as a factor in making regular decisions on proposals over which it has jurisdiction. The commission may recommend governmental reorganizations to particular agencies in the county, using the spheres of influence as the basis for such recommendations Such recommendations shall be made available, upon request, to other governmental agencies or to the public

The commission, or the board of supervisors on behalf of the commission, is authorized to apply for or accept, or both, any financial assistance and grants-in-aid from public or private agencies or from the state or federal government or from a local government

SEC 2. Notwithstanding Section 2231 or 2234 of the Revenue and

Taxation Code, there shall be no appropriation made by this act pursuant to these sections because the duties, obligations, or responsibilities imposed on local agencies by this act are such that related costs are incurred as part of their normal operating procedures. It is recognized, however, that such agency may pursue any other remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 893

An act to add Chapter 3.9 (commencing with Section 1599) to Division 2 of the Health and Safety Code, relating to health.

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.9 (commencing with Section 1599) is added to Division 2 of the Health and Safety Code, to read:

CHAPTER 3.9. SKILLED NURSING AND INTERMEDIATE CARE FACILITY PATIENT'S BILL OF RIGHTS

1599. It is the intent of the Legislature in enacting this chapter to expressly set forth fundamental human rights which all patients shall be entitled to in a skilled nursing or intermediate care facility, as defined in Section 1250, and to ensure that patients in such facilities are advised of their fundamental rights and the obligations of the facility.

1599.1 Written policies regarding the rights of patients shall be established and shall be made available to the patient, to any guardian, next of kin, sponsoring agency or representative payee, and to the public. Such policies and procedures shall ensure that each patient admitted to the facility shall have the following rights and be notified of the following facility obligations, in addition to those specified by regulation:

(a) The facility shall employ an adequate number of qualified personnel to carry out all of the functions of the facility.

(b) Each patient shall show evidence of good personal hygiene, be given care to prevent bedsores, and measures shall be used to prevent and reduce incontinence for each patient.

(c) The facility shall provide food of the quality and quantity to meet the patients' needs in accordance with physicians' orders.

(d) The facility shall provide an activity program staffed and equipped to meet the needs and interests of each patient and to encourage self-care and resumption of normal activities. Patients

shall be encouraged to participate in activities suited to their individual needs.

(e) The facility shall be clean, sanitary, and in good repair at all times

(f) A nurses' call system shall be maintained in operating order in all nursing units and provide visible and audible signal communication between nursing personnel and patients. Extension cords to each patient's bed shall be readily accessible to patients at all times.

1599 2 Written information informing patients of their rights shall include a preamble or preliminary statement in substantial form as follows:

(a) Further facility requirements are set forth in the Health and Safety Code, and in Title 22 of the California Administrative Code.

(b) Willful or repeated violations of either code may subject a facility and its personnel to civil or criminal proceedings.

(c) Patients have the right to voice grievances to facility personnel free from reprisal and can submit complaints to the State Department of Health Services or its representative.

1599.3 Any rights under this chapter of a patient judicially determined to be incompetent, or who is found by his physician to be medically incapable of understanding such information, or who exhibits a communication barrier, shall devolve to such patient's guardian, conservator, next of kin, sponsoring agency, or representative payer, except when the facility itself is the representative payer.

1599.4 In no event shall this chapter be construed or applied in a manner which imposes new or additional obligations or standards on skilled nursing or intermediate care facilities or their personnel, other than in regard to the notification and explanation of patient's rights or unreasonable costs.

SEC 2. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to these sections because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 894

An act to amend Section 429 78 of the Health and Safety Code, relating to health.

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979]

The people of the State of California do enact as follows:

(b) Implication of the project for existing licensure laws with suggestions for changes in the law where appropriate

(c) Implications of the project for health services curricula and for the health care delivery systems.

(d) Teaching methods used in the project.

(e) The quality of care and patient acceptance in the project

(f) The extent to which persons with the new skills could find employment in the health care system, assuming laws were changed to incorporate their skill.

(g) The cost of care provided in the project, the likely cost of such care if performed by the trainees subsequent to the project, and the cost for provision of such care by current providers thereof

The office shall report to the Legislature and appropriate licensing boards annually commencing November 1, 1980, on the status of the projects.

All data collected by the office and by projects approved pursuant to this article shall become public information, with due regard for the confidentiality of individual patient information. The raw data on which projects' reports are based and the data on which the office's evaluation is based shall be available on request for review by interested parties. The office shall provide a reasonable opportunity for interested parties to submit dissenting views or challenges to reports to the Legislature and professional licensing boards required by this section. The office shall publish those comments, subject only to nonsubstantive editing, as part of its annual, or any special, reports

CHAPTER 895

An act to amend Sections 1770, 1770.5, 1770.7, 1771, 1771.2, 1771.5, 1779, 1779.3, 1779.8, 1782.5, and 1789 of, and to add Section 1773.5 to, the Health and Safety Code, relating to life care contracts.

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979]

The people of the State of California do enact as follows:

SECTION 1. Section 1770 of the Health and Safety Code is amended to read:

1770. (a) Any organization or person may receive transfers of property from an aged person, conditioned upon an agreement to furnish life care or care for a period of more than one year, which agreement may include the cash payment of personal and incidental expenses to the transferor or his nominee; provided, such organization or person has received a written license pursuant to Chapter 2 (commencing with Section 1250) or Chapter 3 (commencing with Section 1500) of this division, and, except as otherwise provided in subdivision (b), such organization or person has been granted a certificate of authority by the State Department of Social Services.

(b) Arrangements between persons who are exempt from licensing pursuant to Section 1505 of this code, shall not be required to obtain a certificate of authority. Exclusions provided by this subdivision include care by a relative or care of persons from only one family by a close friend, if the arrangement is not for financial profit.

(c) Organizations or persons who furnish care exclusively under agreements, which may be canceled by either party without cause, are required to obtain a certificate of authority from the state department for all agreements issued after October 1, 1957, if payment or transfer of property is made in advance to cover cost of care for one year or more; provided, however, that, if any such organization or person is a nonprofit benevolent organization, which accepts property in an amount less than the cost of care, the amount of reserve required of it under Section 1775 shall be reduced in the same proportion as the estimated cost of care bears to the value of the property transferred.

SEC. 2. Section 1770.5 of the Health and Safety Code is amended to read:

1770.5. (a) The Legislature finds and declares that abrupt and involuntary transfer of frail, elderly residents from one home to another can and does have tragic consequences. Numerous studies have shown that such forced movement often results in the death of the transferee and almost always causes depression or regressive behavior. Called "transfer trauma," the cause of this reaction has been variously ascribed to the loss of a familiar physical environment, loss of well-known neighbors, attendants, nurses and medical personnel, the stress of an abrupt break in the small routines of daily life, and the major loss of visits from friends and relatives who may be unable to reach the new facility. Involuntary transfer may occur when a provider of services under a life care contract has been found to be insolvent or substantially out of compliance with state operating standards and is temporarily or permanently denied a certificate of authority. Currently the State Department of Social

Services has no mechanism by which to ensure the orderly transfer of residents or the liquidation of facilities' assets.

(b) It is the intent of the Legislature in enacting this chapter to provide a procedure whereby the State Department of Social Services, after consultation with a special advisory board, may petition the superior court for an order appointing a qualified administrator to work with the management of, and, in specified circumstances, to operate a facility of, a provider which has been found to be out of compliance with the rules and regulations for the performance of life care contracts and thereby prevent crisis situations wherein elderly residents are left without means for their support or moved without proper preparation.

(c) It is the intent of the Legislature that the administrator may only assume the operation of such a provider in order to either bring it into compliance with law and return it to the original certificate holder in accordance with standards set forth in this chapter, or facilitate an orderly liquidation of the provider. It is the intent of the Legislature that the administrator shall assure the orderly transfer of residents should the provider ultimately fail

SEC 3. Section 1770.7 of the Health and Safety Code is amended to read:

1770.7. The provisions of this chapter are in addition to, and do not supersede any other provision of law or regulations adopted pursuant thereto which are as strict or are stricter. The Legislature intends that the provisions of this chapter shall be minimum requirements to be imposed upon any person, association, or organization undertaking the responsibility for providing for another person's lifetime or long-term board and lodging, and care as necessary, in exchange for any prepayment or transfer of property prior to such services actually being rendered, whether or not such prepayment or transfer of property is supplemented with periodic or other payments For such reasons, the provisions of this chapter shall be liberally construed for the protection of persons attempting to secure their care for the remainder of their lifetime or for a period in excess of one year.

1771.2 On and after January 1, 1979, no person, association, or organization may enter into a life care contract as a provider except pursuant to this chapter. Any transfer of a sum of money or property, real or personal, to a provider pursuant to a life care contract executed in violation of the provisions of this chapter is voidable at the option of the transferor for a period of 90 days from the execution of the transfer, and no action may be brought for the reasonable value of any services rendered between the date of transfer and the date the transferor disaffirms the contract. With respect to real property, the right of disaffirmance or rescission is conclusively presumed to have terminated if a notice of intent to rescind is not recorded with the county recorder of the county in which such real property is located within 90 days from the date of execution of the conveyance by the transferor. Any deed or other instrument of conveyance shall contain a recital that the transaction is made pursuant to a "life care contract" and may be subject to rescission by the transferor within 90 days from the date of the transfer

SEC. 9. Section 1779.8 of the Health and Safety Code is amended to read:

1779.8. (a) Within 10 days after a life care contract has been canceled, the provider shall tender to the transferor money or property transferred by the transferor, whether as entrance fees or application fees, less a reasonable processing fee to cover costs and the reasonable value of services rendered after the first seven days pursuant to the canceled contract, and any note, notes, or other evidences of indebtedness. (e) With respect to real property, the right of disaffirmance or rescission is conclusively presumed to have terminated if a notice of intent to rescind is not recorded with the county recorder of the county in which such real property is located within 90 days from the date of execution of the conveyance by the transferor. Any deed or other instrument of conveyance shall contain a recital that the transaction is made pursuant to a "life care contract" and may be subject to rescission by the transferor within 90 days from the date of the transfer.

The department shall provide copies of the audit and reports to the Department of Finance which shall review each audit and report and report thereon to the department. The annual audit and reports and any amendments thereto, shall be signed by the chief executive officer of the provider, and certified by the oath of the chief executive officer, stating that to the best of his knowledge and belief, the items are correct.

(b) A provider shall amend its annual financial statement on file with the department at any time, without the payment of any additional fee, if an amendment is necessary to prevent the financial statement from containing a material misstatement of fact or omitting to state a material fact required to be stated.

SEC. 11. Section 1789 of the Health and Safety Code is amended to read:

1789. Except as otherwise provided in Section 1789.2, no report, circular, public announcement, certificate, financial statement, or

any other printed matter or advertising material, or oral representation of such matters, which lists or refers to the name of any individual or organization, including, but not limited to, registered charities and religious organizations, shall be used to solicit or induce persons to enter into life care contracts, unless there is on file with the department a written and legally sufficient document of acceptance of full responsibility and liability by such individual or organization, for such contracts.

Any person, organization, provider, association, or corporation, that issues, delivers, or publishes, or, as manager or officer or in any other administrative capacity, assists in the issuance, delivery, or publication of any printed matter, oral representation, or advertising material which does not conform to the requirements of this section is guilty of a misdemeanor and such act shall constitute cause for the suspension of all and any licenses, permits, and certificates of authority issued to such person, organization, provider, association, or corporation by any agency of the state.

CHAPTER 896

An act to amend Sections 5450, 5453, 5454, 5460, and 5461 of, and to add Sections 5461.1, 5462.1, 5465, and 5466 to, the Welfare and Institutions Code, relating to mental health.

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979.]

The people of the State of California do enact as follows:

SECTION 1. Section 5450 of the Welfare and Institutions Code is amended to read:

5450. It is the intent of the Legislature to establish a system of residential treatment programs in every county which provide, in each county, a range of available services which will be alternatives to institutional care and are based on principles of residential, community-based treatment.

SEC. 2 Section 5453 of the Welfare and Institutions Code is amended to read:

5453. The State Director of Mental Health shall use the following as criteria in determining the eligibility of each applicant:

(a) Facilities:

(1) Settings, whether residential or day, shall be as close to a normal home environment as possible without sacrificing client safety or care.

(2) Residential treatment centers shall be relatively small, preferably 15 beds or less, but in any case with the appearance of a noninstitutional setting

(3) The individual elements of the system shall, where possible, be

in separate facilities, and not part of one large facility attempting to serve an entire range of clients.

(b) Staffing patterns:

(1) Staffing patterns shall reflect, to the maximum extent feasible, at all levels, the cultural, linguistic, ethnic, sexual and other social characteristics of the community the facility serves.

(2) The programs shall be designed to use appropriate multidisciplinary professional consultation and staff to meet the specific diagnostic and treatment needs of the clients.

(3) Programs shall use paraprofessionals and persons who have been consumers of mental health services where appropriate.

(c) Programs:

(1) The programs shall, to the maximum extent feasible, be designed so as to reduce the dependence on psychiatric medications as a primary treatment tool.

(2) The programs shall have a rehabilitation focus which encourages the client to develop the skills to become self-sufficient and capable of increasing levels of independent functioning. Where appropriate, they shall include prevocational and vocational programs.

(3) The program shall encourage the participation of the clients in the daily operation of the setting in development of treatment and rehabilitation planning and evaluation.

(4) Participation in any element of the system shall not preclude the involvement of clients in individual therapy. Individual therapists of clients shall, where possible, be directly involved in the development and implementation of a treatment plan, including medication and day program decisions.

(d) Coordination:

The programs shall demonstrate specific linkages with one another, and with the general treatment and social service system, as a whole. These connections should not be limited to the mental health system, but should include, whenever possible, community resources utilized by the general population.

SEC. 3. Section 5454 of the Welfare and Institutions Code is amended to read:

5454. The system shall be designed to coordinate with current elements of local agencies. Counties shall, in applying, demonstrate how they will coordinate their new system elements with in-place elements. The counties shall in particular demonstrate capacity to provide the following elements in the existing system: (1) a crisis unit for evaluation, diagnosis, and disposition planning for persons in psychiatric crisis; and (2) a case management system in which the case manager serves as a coordinator to assure the cooperative operation of the various elements of the system and to act as an active advocate for the clients in the system. The case manager shall assure that each client receives the appropriate type of service. The case manager shall meet regularly with clients, work closely with program staff and serve as an advocate. The case manager shall work

directly with the client and the system to assure continuity of care between the service elements of the system. All case managers shall be under the direct supervision of a psychiatrist, psychologist or a social worker with a master's degree.

Counties may apply for funds for these elements as part of the application procedure for this system, if additional capability in these elements is necessary in order to implement additional community residential treatment system programs, and to assure the appropriate functioning of that system of programs. In all cases, augmentation of crisis unit or case management services shall be related to the development of additional residential elements of the system.

SEC. 4. Section 5460 of the Welfare and Institutions Code is amended to read:

5460. By December 31, 1980, the State Department of Mental Health shall conduct or contract for the evaluation of community residential treatment systems. The evaluation report shall be developed in consultation with counties receiving funds under this chapter. The evaluation report shall then be transmitted to the Legislature.

SEC. 5. Section 5461 of the Welfare and Institutions Code is amended to read:

5461. In order to avoid duplication of services, as well as duplication of planning, the approved system programs shall show that they have been incorporated into the county Short-Doyle plan developed for the year the system is to be implemented. Grants for the system will be made to the counties, who shall, in turn, develop contracts for the service elements as outlined in the proposal.

CHAPTER 901

An act to add Section 10751 to the Welfare and Institutions Code, relating to public social services, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979]

The people of the State of California do enact as follows

SECTION 1 Section 10751 is added to the Welfare and Institutions Code, to read.

10751 The department, with the cooperation of the State Department of Social Services and the Employment Development Department, shall develop a homemaker and home health aid training and employment program for recipients under the Aid to Families with Dependent Children Program for purposes of applying for any available federal funds.

The departments shall undertake the program development only if federal legislation making federal funds available is enacted, and upon receiving federal funds, the department shall carry out the program by establishing demonstration projects. The Employment Development Department shall develop and supervise the training part of the program

SEC. 2 The State Department of Social Services shall extend until June 30, 1980, its contracts with the organizations which provided comprehensive social services to the deaf through

demonstration projects during the 1978–79 fiscal year. The department shall evaluate the demonstration projects and report the findings of the evaluation to the Legislature no later than March 15, 1980

SEC. 3. The sum of one million three hundred seventy-three thousand four hundred twenty-six dollars ($1,373,426) is hereby appropriated from the General Fund to the State Department of Social Services to fund the demonstration projects authorized by Section 2 of this act for the period November 15, 1979, to June 30, 1980

SEC 4 This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are.

In order to provide additional funding for demonstration projects for the deaf before available funds are exhausted on November 15, 1979, it is necessary for this act to take effect immediately.

CHAPTER 902

An act to add Section 225.3 to the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares, with respect to Section 2 of this act, as follows·

The decision of the court in Zee Toys, Inc. v County of Los Angeles, 85 Cal. App. 3d 763, has become final after a denial of a petition for hearing by the California Supreme Court. That decision held that the provisions of Section 225 of the Revenue and Taxation Code, which exempted certain personal property held for transshipment for ultimate sale outside the state, were in violation of the commerce clause (Art. I, Sec 8, Clause 3) of the United States Constitution

The retroactive application of the Zee Toys case by way of escaped assessment on property which qualified for and received the transshipment exemption in tax years prior to the decision would be unfair and would result in economic hardship, inequities, and injustices. Importers and exporters relied upon the transshipment exemption in the conduct of their businesses and could not reasonably have foreseen that the statute creating the exemption would be invalidated by the courts. The imposition of escaped assessments will cause many importers and exporters to become

insolvent, relocate, or go out of business, and will seriously and adversely affect California businesses engaged in, or associated with, the importing and exporting of goods; thus, resulting in a further deterioration of the labor market in California.

Public policy will be served by preventing the disruptive and unjust effect of applying the Zee Toys case retroactively. Prohibiting escaped assessments will not deprive local government of taxes previously budgeted or collected, nor are retroactive escape assessments necessary or effective in providing redress to the federal government for past interference with its exclusive right to regulate interstate and foreign commerce.

Therefore, it is the purpose of this act to limit the retroactive application of the Zee Toys decision by prohibiting escaped assessments on property which qualified for and received the inventory exemption in the tax years commencing prior to the date of the Zee Toys decision.

SEC 2. Section 225.3 is added to the Revenue and Taxation Code, to read

225.3. Subject to the provisions of Section 225.2, no escaped assessments shall be made with respect to personal property which qualified for, and received, the transshipment exemption pursuant to Sections 225 and 253.10 for tax years prior to the 1979–80 tax year.

Any such escaped assessments heretofore levied are void.

SEC 3 If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable

SEC. 4. Notwithstanding Section 2229 of the Revenue and Taxation Code, there shall be no reimbursement to any local agency or school district by reason of the operation of this act, since no such agency or district will incur an actual loss of revenue because such section deals with a type of property that was previously exempt or immune under the laws of the United States or California on January 1, 1973

SEC 5 This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are

The prohibition of escaped assessments contained herein should be effective in time to prevent such assessments from being added to the 1979–80 assesssment roll.

CHAPTER 903

An act to add Article 3 5 (commencing with Section 50075) to Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code, relating to local government, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979]

The people of the State of California do enact as follows:

SECTION 1. Article 3.5 (commencing with Section 50075) is added to Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code, to read:

Article 3 5 Voter-Approved Special Taxes

50075. It is the intent of the Legislature to provide all cities and counties with the authority to impose special taxes, subject to the provisions of Article XIII A of the California Constitution

50076 As used in this article, "special tax" shall not include any fee which does not exceed the reasonable cost of providing the service or regulatory activity for which the fee is charged and which is not levied for general revenue purposes.

50077 (a) The legislative body of any city or county may, following notice and public hearing, propose by ordinance the adoption of a special tax. The ordinance shall include the type of tax and rate of tax to be levied, the method of collection, and the dates upon which an election shall be held to approve the levy of such tax. Such proposition shall be submitted to the voters of the city or county and, upon the approval of two-thirds of the voters voting upon such proposition, the city or county may levy such tax.

(b) The legislative body of a city may provide for the collection of the special tax in the same manner and subject to the same penalty as, or with, other charges and taxes fixed and collected by the city, or, by agreement with the county, by the county on behalf of the city If such special taxes are collected by the county on behalf of the city, the county may deduct its reasonable costs incurred for such service before remittal of the balance to the city.

SEC 19 This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are·

In order that entities of local government may have the authority to levy taxes, as provided by this act, for the 1979–80 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 904

An act to amend Section 1463.11 of the Penal Code and to add Section 28766.6 to the Public Utilities Code, relating to the San Francisco Bay Area Rapid Transit District

The San Francisco Bay Area Rapid Transit District and any county in which property is located which is under the possession or control of the district may by mutual agreement adjust the percentages of fines and forfeitures to be received by the district and county respectively In the absence of any such agreement, the percentages fixed by this section shall prevail.

SEC 2. Section 28766 6 is added to the Public Utilities Code, to read.

28766 6 Violation of any ordinance, rule, or regulation enacted by the board relating to the evasion of the payment of a fare in any transit facility owned or controlled by the district shall be an infraction punishable by a fine not exceeding fifty dollars ($50)

SEC 3 Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to these sections because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1

of that code

CHAPTER 905

An act to amend Section 23 of the Ventura County Flood Control Act (Chapter 44 of the Statutes of 1944, Second Extraordinary Session), relating to the Ventura County Flood Control District.

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979]

The people of the State of California do enact as follows.

SECTION 1. Section 23 of the Ventura County Flood Control Act (Chapter 44 of the Statutes of 1944, Second Extraordinary Session) is amended to read:

In making the award, the court shall consider the following circumstances of the respective parties:

(1) The earning capacity of each spouse, taking into account the extent to which the supported spouse's present and future earning capacity is impaired by periods of unemployment that were incurred during the marriage to permit the supported spouse to devote time to domestic duties

(2) The needs of each party.

(3) The obligations and assets, including the separate property, of each.

(4) The duration of the marriage.

(5) The ability of the supported spouse to engage in gainful employment without interfering with the interests of dependent children in the custody of the spouse.

(6) The time required for the supported spouse to acquire appropriate education, training, and employment.

(7) The age and health of the parties.

(8) The standard of living of the parties.

(9) Any other factors which it deems just and equitable.

At the request of either party, the court shall make appropriate findings with respect to the circumstances. The court may order the party required to make such payment of support to give reasonable security therefor. Any order for support of the other party may be modified or revoked as the court may deem necessary, except as to any amount that may have occurred prior to the date of the filing of the notice of motion or order to show cause to modify or revoke At the request of either party, the order of modification or revocation shall include findings of fact and may be made retroactive to the date of filing of the notice of motion or order to show cause to modify or revoke, or to any date subsequent thereto

(b) Except as otherwise agreed by the parties in writing, the obligation of any party under any order or judgment for the support and maintenance of the other party shall terminate upon the death of either party or the remarriage of the other party

(c) When a court orders a person to make specified payments for support of the other party for a contingent period of time, the liability of such person terminates upon the happening of such contingency If the party to whom payments are to be made fails to notify the person ordered to make such payments, or the attorney of record of such person, of the happening of such contingency and continues to accept support payments, such party shall refund any and all moneys received which accrued after the happening of such

contingency, except that such overpayments shall first be applied to any and all support payments which are then in default. The court may, in the original order for support, order the party to whom payments are to be made to notify the person ordered to make such payments, or his attorney of record, of the happening of such contingency.

(d) An order for payment of an allowance for the support of one of the parties shall terminate at the end of the period specified in the order and shall not be extended unless the court in its original order retains jurisdiction

If the divertee has performed satisfactorily during the period of diversion, at the end of the period of diversion, the criminal charges shall be dismissed.

1000 10 Any records filed with the Department of Justice shall indicate the disposition in those cases diverted pursuant to this chapter Upon successful completion of a diversion program the arrest upon which the diversion was based shall be deemed to have never occurred. The divertee may indicate in response to any question concerning his or her prior criminal record that he or she was not arrested or diverted for such offense A record pertaining to an arrest resulting in successful completion of a diversion program shall not, without the divertee's consent, be used in any way which could result in the denial of any employment, benefit, license, or certificate

1000 11 No statement, or any information procured therefrom, with respect to the specific offense with which the defendant is charged, which is made to any probation officer or community program worker during the process of determining the defendant's eligibility for diversion or subsequent to the granting of diversion, shall be admissible in any action or proceeding

and that frequently such food products command premium prices.

The Legislature further finds and declares that in order to provide for the protection of the consumer and the farmer in this state, it is necessary that standards relating to the use of descriptive terms to fairly identify such food products be established.

In enacting the Organic Foods Act of 1979, the Legislature specifically makes no finding either that such food products are in any way superior to conventionally produced food products or that more conventionally produced food products lack safety, wholesomeness, or nutritional value.

CHAPTER 915

An act to amend Section 4600 of, and to add Section 4600.5 to, the Civil Code, relating to child custody

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979]

The people of the State of California do enact as follows.

SECTION 1. Section 4600 of the Civil Code is amended to read

4600 The Legislature finds and declares that it is the public policy of this state to assure minor children of frequent and continuing contact with both parents after the parents have separated or dissolved their marriage, and in order to effect such policy, it is necessary to encourage parents to share the rights and responsibilities of child rearing.

In any proceeding where there is at issue the custody of a minor child, the court may, during the pendency of the proceeding or at

any time thereafter, make such order for the custody of the child during minority as may seem necessary or proper. If a child is of sufficient age and capacity to reason so as to form an intelligent preference as to custody, the court shall consider and give due weight to the wishes of the child in making an award of custody or modification thereof. Custody should be awarded in the following order of preference, according to the best interests of the child·

(a) To both parents jointly pursuant to Section 4600 5 or to either parent In making an award of custody to either parent, the court shall consider which parent is more likely to allow the child or children frequent and continuing contact with the noncustodial parent, and shall not prefer a parent as custodian because of that parent's sex

The court, in its discretion, may require the parents to submit to the court a plan for the implementation of the custody order.

(b) If to neither parent, to the person or persons in whose home the child has been living in a wholesome and stable environment.

(c) To any other person or persons deemed by the court to be suitable and able to provide adequate and proper care and guidance for the child

Before the court makes any order awarding custody to a person or persons other than a parent, without the consent of the parents, it shall make a finding that an award of custody to a parent would be detrimental to the child and the award to a nonparent is required to serve the best interests of the child Allegations that parental custody would be detrimental to the child, other than a statement of that ultimate fact, shall not appear in the pleadings The court may, in its discretion, exclude the public from the hearing on this issue.

SEC 2 Section 4600 5 is added to the Civil Code, to read

4600 5 (a) There shall be a presumption, affecting the burden of proof, that joint custody is in the best interests of a minor child where the parents have agreed to an award of joint custody or so agree in open court at a hearing for the purpose of determining the custody of the minor child or children of the marriage

If the court declines to enter an order awarding joint custody pursuant to this subdivision, the court shall state in its decision the reasons for denial of an award of joint custody

(b) Upon the application of either parent, joint custody may be awarded in the discretion of the court in other cases For the purpose of assisting the court in making a determination whether an award of joint custody is appropriate under this subdivision, the court may direct that an investigation be conducted pursuant to the provisions of Section 4602 If the court declines to enter an order awarding joint custody pursuant to this subdivision, the court shall state in its decision the reasons for denial of an award of joint custody

(c) For the purposes of this section, "joint custody" means an order awarding custody of the minor child or children to both parents and providing that physical custody shall be shared by the parents in such a way as to assure the child or children of frequent

and continuing contact with both parents; provided, however, that such order may award joint legal custody without awarding joint physical custody.

(d) Any order for joint custody may be modified or terminated upon the petition of one or both parents or on the court's own motion if it is shown that the best interests of the child require modification or termination of the order The court shall state in its decision the reasons for modification or termination of the joint custody order if either parent opposes the modification or termination order.

(e) Any order for the custody of the minor child or children of a marriage entered by a court in this state or any other state may, subject to the jurisdictional requirements set forth in Sections 5152 and 5163, be modified at any time to an order of joint custody in accordance with the provisions of this section.

(f) In counties having a conciliation court, the court or the parties may, at any time, pursuant to local rules of court, consult with the conciliation court for the purpose of assisting the parties to formulate a plan for implementation of the custody order or to resolve any controversy which has arisen in the implementation of a plan for custody.

(g) Notwithstanding any other provision of law, access to records and information pertaining to a minor child, including but not limited to medical, dental, and school records, shall not be denied to a parent because such parent is not the child's custodial parent.

SEC. 3 Section 4600 of the Civil Code is amended to read:

4600. (a) The Legislature finds and declares that it is the public policy of this state to assure minor children of frequent and continuing contact with both parents after the parents have separated or dissolved their marriage, and to encourage parents to share the rights and responsibilities of child rearing in order to effect this policy.

In any proceeding where there is at issue the custody of a minor child, the court may, during the pendency of the proceeding or at any time thereafter, make such order for the custody of the child during minority as may seem necessary or proper. If a child is of sufficient age and capacity to reason so as to form an intelligent preference as to custody, the court shall consider and give due weight to the wishes of the child in making an award of custody or modification thereof. In determining the person or persons to whom custody should be awarded under paragraph (2) or (3) of subdivision (b), the court shall consider and give due weight to the nomination of a guardian of the person of the child by a parent under Article 1 (commencing with Section 1500) of Chapter 1 of Part 2 of Division 4 of the Probate Code

(b) Custody should be awarded in the following order of preference according to the best interests of the child.

(1) To both parents jointly pursuant to Section 4600.5 or to either parent In making an order for custody to either parent, the court shall consider, among other factors, which parent is more likely to

allow the child or children frequent and continuing contact with the noncustodial parent, and shall not prefer a parent as custodian because of that parent's sex.

The court, in its discretion, may require the parents to submit to the court a plan for the implementation of the custody order.

(2) If to neither parent, to the person or persons in whose home the child has been living in a wholesome and stable environment.

(3) To any other person or persons deemed by the court to be suitable and able to provide adequate and proper care and guidance for the child

(c) Before the court makes any order awarding custody to a person or persons other than a parent, without the consent of the parents, it shall make a finding that an award of custody to a parent would be detrimental to the child and the award to a nonparent is required to serve the best interests of the child. Allegations that parental custody would be detrimental to the child, other than a statement of that ultimate fact, shall not appear in the pleadings. The court may, in its discretion, exclude the public from the hearing on this issue

SEC 4 It is the intent of the Legislature, if this bill and Assembly Bill 167 are both chaptered and become effective January 1, 1980, both bills amend Section 4600 of the Civil Code, and this bill is chaptered after Assembly Bill 167, that the amendments to Section 4600 proposed by both bills be given effect and incorporated in Section 4600 in the form set forth in Section 3 of this act. Therefore, Section 3 of this act shall become operative only if this bill and Assembly Bill 167 are both chaptered and become effective January 1, 1980, both amend Section 4600, and this bill is chaptered after Assembly Bill 167, in which case Section 1 of this act shall not become operative

CHAPTER 918

An act to amend Section 25100 of the Corporations Code, relating to securities.

[Approved by Governor September 21, 1979. Filed with Secretary of State September 22, 1979.]

SECTION 1. Section 25100 of the Corporations Code is amended to read:

25100 The following securities are exempted from the provisions of Sections 25110, 25120, and 25130:

(a) Any security (including a revenue obligation) issued or guaranteed by the United States, any state, any city, county, city and county, public district, public authority, public corporation, public entity, or political subdivision of a state or any agency or corporate or other instrumentality of any one or more of the foregoing; or any certificate of deposit for any of the foregoing.

(b) Any security issued or guaranteed by the Dominion of Canada, any Canadian province, any political subdivision or municipality of any such province, or by any other foreign government with which the United States currently maintains diplomatic relations, if the security is recognized as a valid obligation by the issuer or guarantor; or any certificate of deposit for any of the

foregoing

(c) Any security issued or guaranteed by and representing an interest in or a direct obligation of a national bank or a bank or trust company incorporated under the laws of this state, and any security issued by a bank to one or more other banks and representing an interest in an asset of the issuing bank

(d) Any security issued or guaranteed by a federal savings and loan association or federal land bank or joint land bank or national farm loan association or by any savings and loan association which is subject to the supervision and regulation of the Savings and Loan Commissioner of this state

(e) Any security (other than an interest in all or portions of a parcel or parcels of real property which are subdivided land or a subdivision or in a real estate development), the issuance of which is subject to authorization by the Insurance Commissioner, the Public Utilities Commission, or the Real Estate Commissioner of this state

(f) Any security consisting of any interest in all or portions of a parcel or parcels of real property which are subdivided lands or a subdivision or in a real estate development; provided that the exemption in this subdivision shall not be applicable to any investment contract sold or offered for sale with, or as part of, any such interest, or to any person engaged in the business of selling, distributing or supplying water for irrigation purposes or domestic use which is not a public utility

(g) Any shares, investment certificates or borrower's membership certificates (as defined in the Savings and Loan Association Law) issued by a savings and loan association holding a license then in force from the Savings and Loan Commissioner of this state

(h) Any security issued or guaranteed by any federal credit union, or by any credit union organized and supervised under the laws of this state

(i) Any security issued or guaranteed by any railroad, other common carrier, public utility, or public utility holding company which is (1) subject to the jurisdiction of the Interstate Commerce Commission or (2) a holding company registered with the Securities and Exchange Commission under the Public Utility Holding Company Act of 1935 or a subsidiary of such a company within the meaning of that act or (3) regulated in respect of the issuance or guarantee of the security by a governmental authority of the United States, of any state, of Canada or of any Canadian province, and the security is subject to registration with or authorization of issuance by such authority

commerce or trade or professional association. The fact that amounts received from memberships or dues or both will or may be used to construct or otherwise acquire facilities for use by members of the nonprofit organization does not disqualify the organization for this exemption. This exemption does not apply to the securities of any nonprofit organization if any promoter thereof expects or intends to make a profit directly or indirectly from any business or activity associated with the organization or operation of such nonprofit organization or from remuneration received from such nonprofit organization

(k) Any agreement, commonly known as a "life income contract," of an issuer (1) organized exclusively for educational, benevolent, fraternal, religious, charitable, social, or reformatory purposes and not for pecuniary profit and (2) which the commissioner designates by rule or order, with a donor in consideration of a donation of property to such issuer and providing for the payment to the donor or persons designated by him of income or specified periodic payments from the donated property or other property for the life of the donor or such other persons.

In addition, the commissioner may, by rule or order, exempt any issuer of any notes, drafts, bills of exchange or banker's acceptances from qualification of such securities when he finds that such qualification is not necessary or appropriate in the public interest or for the protection of investors.

(m) Any security issued by any corporation organized and existing under the provisions of Chapter 1 (commencing with Section 54001) of Division 20 of the Food and Agricultural Code.

(n) Any beneficial interest in an employees' pension, profit sharing, stock bonus or similar benefit plan which meets the requirements for qualification under Section 401 of the Federal Internal Revenue Code or any statute amendatory thereof or supplementary thereto. A determination letter from the Internal Revenue Service stating that an employees' pension, profit sharing, stock bonus or similar benefit plan meets such requirements shall be conclusive evidence that such plan is an employees' pension, profit sharing, stock bonus or similar plan within the meaning of the first sentence of this subdivision until the date such determination letter is revoked in writing by the Internal Revenue Service, regardless of whether or not such revocation is retroactive

(o) Any security listed or approved for listing upon notice of

issuance on a national securities exchange certified by rule or order of the commissioner and any warrant or right to purchase or subscribe to any such security.

Such certification of any exchange shall be made by the commissioner upon the written request of the exchange if he finds that the exchange, in acting on applications for listing of common stock substantially applies each of the minimum standards set forth in subparagraph (1) below, and in considering suspension or removal from listing, substantially applies each of the criteria set forth in subparagraph (2) below.

(1) Listing standards:

(i) Net tangible assets of at least two million dollars ($2,000,000).

(ii) Net income of at least two hundred fifty thousand dollars ($250,000) after all charges including federal income taxes in the fiscal year immediately preceding the filing of a listing application and net income before such taxes of at least five hundred thousand dollars ($500,000)

(iv) Minimum price of four dollars ($4) per share for a reasonable period of time prior to the filing of a listing application.

(v) An aggregate market value for publicly held shares of at least one million five hundred thousand dollars ($1,500,000).

(iv) If the aggregate market value of shares publicly held is less than seven hundred fifty thousand dollars ($750,000).

(v) If shares of common stock sell at a price of less than four dollars ($4) per share for a substantial period of time and the issuer shall fail to effectuate a reverse stock split of such shares within a reasonable period of time after being requested by the exchange to take such action

The commissioner after appropriate notice and opportunity for hearing in accordance with the provisions of the Administrative

Procedure Act, Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, may by rule or order, decertify any exchange previously certified which ceases substantially to apply the standards or criteria as set forth above. A rule or order of certification shall conclusively establish that any security listed or approved for listing upon notice of issuance on any exchange named in a rule or order of certification and any warrant or right to purchase or subscribe to any such security is exempt under this subdivision until the adoption of any rule or order decertifying such exchange.

(p) A promissory note secured by a lien on real property, which is not one of a series of notes secured by interests in the same real property.

(q) Any unincorporated interindemnity or reciprocal or interinsurance contract, which qualifies under the provisions of Section 1280.7 of the Insurance Code, between members of a cooperative corporation, organized and operating under Part 2 (commencing with Section 12200) of Division 3 of Title 1, and whose members consist only of physicians and surgeons licensed in California, which contracts indemnify solely in respect to medical malpractice claims against such members, and which do not collect in advance of loss any moneys other than contributions by each member to a collective reserve trust fund or for necessary expenses of administration.

(l) Whenever it appears to the commissioner that any person has engaged or is about to engage in any act or practice constituting a violation of any provision of Section 1280.7 of the Insurance Code, he may in his discretion bring an action in the name of the people of the State of California in the superior court to enjoin the acts or practices or to enforce compliance with Section 1280.7 of the Insurance Code. Upon a proper showing a permanent or preliminary injunction, restraining order or writ of mandate shall be granted and a receiver or conservator may be appointed for the defendant or the defendant's assets. The court shall not require the commissioner to post a bond.

(2) The commissioner may, in his discretion, (A) make such public or private investigations within or outside of this state as he deems necessary to determine whether any person has violated or is about to violate any provision of Section 1280.7 of the Insurance Code or to aid in the enforcement of such Section 1280.7, and (B) publish information concerning the violation of such Section 1280.7

(3) For the purpose of any investigation or proceeding under this section, the commissioner or any officer designated by him may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, agreements, or other documents or records which the commissioner deems relevant or material to the inquiry.

(4) In case of contumacy by, or refusal to obey a subpoena issued

to, any person, the superior court, upon application by the commissioner, may issue to the person an order requiring him to appear before the commissioner, or the officer designated by him, there to produce documentary evidence, if so ordered, or to give evidence touching the matter under investigation or in question Failure to obey the order of the court may be punished by the court as a contempt

(5) No person is excused from attending or testifying or from producing any document or record before the commissioner or in obedience to the subpoena of the commissioner or any officer designated by him, or in any proceeding instituted by the commissioner, on the ground that the testimony or evidence (documentary or otherwise), required of him may tend to incriminate him or subject him to a penalty or forfeiture, but no individual may be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after validly claiming his privilege against self-incrimination, to testify or produce evidence (documentary or otherwise), except that the individual testifying is not exempt from prosecution and punishment for perjury or contempt committed in testifying.

(2) The pool of mortgage loans is held in trust by a trustee which is a financial institution specified in paragraph (1) as trustee or otherwise,

(3) The loans are serviced by a financial institution specified in paragraph (1);

(4) Such security is not offered in amounts of less than twenty-five thousand dollars ($25,000) in the aggregate to any one purchaser, and

(o) Any security listed or approved for listing upon notice of issuance on a national securities exchange certified by rule or order of the commissioner and any warrant or right to purchase or subscribe to any such security.

A majority of the total appointed membership of the commission or of the regional commission, as the case may be, shall constitute a quorum Any action taken by the commission or regional commission under this division requires a majority vote of the members present at the meeting of the commission or regional commission, with a quorum being present, unless otherwise specifically provided for in this division. Any action by the commission or a regional commission to certify a local coastal program or any amendment thereto, or to adopt or amend rules or regulations of the commission or a regional commission, shall require a majority vote of the total appointed membership of such commission or regional commission.

SEC. 5 Section 30333 1 is added to the Public Resources Code, to read

30333 1. (a) The commission shall, within six months of the effective date of this section, review its regulations and procedures and determine what revisions, if any, are necessary and appropriate to simplify and expedite the review of any matter that is before the commission or any regional commission for action pursuant to the provisions of this division. The commission shall, within 60 days thereafter, implement any such revisions it deems appropriate, including, but not limited to, a simplified application form for development pursuant to which a permit could be issued pursuant to Section 30624 and procedures that allow reasonable rebuttal time prior to the final vote for both applicants and appellants, if either so requests, in permit matters where new factual material is brought up and where equity would not be served unless such person is provided such rebuttal opportunity.

(b) After the initial review required by this section has been completed, the commission shall thereafter periodically conduct similar reviews so that its regulations and procedures may continue to be as simple and expeditious as practicable.

SEC 6. Section 30335 1 is added to the Public Resources Code, to read.

30335 1 The commission shall provide for appropriate employees on the staff of the commission and of each regional commission to assist applicants and other interested parties in connection with matters which are before the commission or the respective regional commission for action. The assistance rendered by such employees shall be limited to matters of procedure and shall not extend to advice on substantive issues arising out of the provisions of this division, such as advice on the manner in which a proposed development might be made consistent with the policies specified in Chapter 3 (commencing with Section 30200)

SEC 6.5 Article 4 (commencing with Section 30350) is added to

Chapter 4 of Division 20 of the Public Resources Code, to read·

Article 4 Local Coastal Program Implementation Costs

30350. (a) It is the policy of the state that local governments be paid their legitimate costs, from either state or federal funds, for the implementation of certified local coastal programs; provided, however, that such payment shall only be available for those costs directly attributable to the operation of a certified local coastal program and which costs would not have been incurred but for such local coastal program and which costs are not of a nature which would normally be incurred by such local government in carrying out its land use planning and regulatory responsibilities pursuant to any provision of law other than this division.

(b) Notwithstanding any other provision of law to the contrary, claims for payment of costs directly attributable to the operation and implementation of a certified local coastal program shall only be submitted, reviewed, and approved in the manner set forth in, and pursuant to the provisions of, this article

(c) The provisions of this article are intended to establish a procedure that ensures the orderly and carefully monitored expenditure of limited public funds for payment of such costs, the incurring of which is hereby recognized as being in the interest of all the people of this state because they carry out state policies for the wise, long-term conservation and use of coastal resources

30351 The commission shall, not later than July 1, 1980, prepare and adopt procedures for the issuance and management of local coastal program implementation grants. The purpose of the grants program is to provide, to the extent funds are available, financial assistance for local governments and, in cases the commission deems appropriate, other public agencies to carry out certified local coastal programs. The procedures required by this section shall specify, consistent with the criteria set forth in subdivision (a) of Section 30350, the categories of expenditures eligible for implementation grants and shall include procedures for application, review, approval, and disbursement of grant funds.

30352. (a) Any local government carrying out its certified local coastal programs may, upon the delegation of the development review authority pursuant to Section 30519, claim reimbursement of costs incurred for the implementation of such local coastal program if costs have not been provided in an implementation grant issued pursuant to Section 30351.

(b) Claims made pursuant to this article shall be submitted to the executive director of the commission not later than August 31 immediately following the fiscal year during which the claimed costs were incurred The executive director shall review such claims in accordance with the provisions of this article and shall submit all such claims to the Controller within 60 days after receipt of a claim, but in no event later than October 31

(c) All claims submitted pursuant to this section shall be filed on forms approved and prepared by the commission in consultation with the Controller Such forms shall specify the information needed to enable the executive director of the commission and the Controller to make the determinations required by Section 30353. The claim forms required by this section shall provide for claims of actual costs incurred during the fiscal year preceding submittal and for the costs the claimant local government estimates will be incurred during the then-current fiscal year.

30353. Payment for costs claimed pursuant to this article shall be made only for costs which, but for the operation of a certified local coastal program, would not have been incurred by the claimant local government and if the following criteria are met:

(a) Costs for establishing a regulatory program to implement a certifed local coastal program, including costs for the preparation and printing of public information materials, application forms, establishing new procedures, and staff training are payable. The costs specified in this subdivision include initial startup costs incurred over a period not to exceed one year from the date a certified local coastal program has been adopted for implementation by the appropriate local government

(b) A fixed payment not to exceed ten dollars ($10) per permit application for any development subject to a certified local coastal program may be claimed and paid The payment specified in this subdivision is intended to cover general costs, including costs for public notice, notice and submittal of files to the commission, and appearances before the commission

(c) Other costs of processing and reviewing coastal development permits pursuant to a certified local coastal program shall normally not be eligible for reimbursement because these types of activities should either be incorporated within the routine regulatory process of the local government or, at the discretion of such local government, be paid for from reasonable permit fees. A local government may, however, request payment for increased regulatory costs if it can show that either or both of the following special circumstances apply within its jurisdiction·

(1) In jurisdictions with a population of less than 10,000, the existing regulatory program of the local government is not capable of processing and reviewing additional coastal development permits pursuant to a certified local coastal program and where such increased costs could not reasonably be expected to be covered by permit fees.

(2) The regulatory program included in a certified local coastal program requires the discharge of resource management functions that exceed the level of regulatory review normally required or undertaken by the local government

(d) Costs for enforcement of regulatory requirements that are directly related to local coastal program implementation, such as ensuring compliance with coastal development permit terms and

conditions, are payable, if the enforcement activities are not of a type routinely undertaken as part of the affected local government's normal regulatory responsibilities.

(e) Litigation costs which, but for the operation of a certified local coastal program, would not have been incurred may be paid Where an action is brought against a local government and such action states as a principal cause of action the operation of such local government's local coastal program and the local government prevails in such action, litigation costs may be paid to the extent such costs are not assessed against the party bringing the action. Where the local government loses such action primarily on grounds it has failed to properly carry out its certified local coastal program, litigation costs shall not be paid

(f) If additional planning is required by the commission as a condition of its certification of any local coastal program, costs for such additional planning are payable

30354 (a) The executive director of the commission shall review and evaluate each claim submitted pursuant to this article and shall determine whether

(1) The costs claimed meet the requirements of this article

(2) The costs claimed are not paid for or reimbursed from any other source of state or federal funding

(3) The claimed costs are reasonable for the implementation of a certified local coastal program.

(b) The executive director of the commission shall submit to the Controller, on behalf of each claimant local government, all claims submitted pursuant to this section together with his or her recommendation whether the Controller should allow or deny, in whole or in part, the claim A copy of each claim shall also be sent to the claimant local government at the time such claim is submitted to the Controller. The executive director's recommendation shall be based on his or her determinations made pursuant to this article If the executive director fails to make a recommendation by the time claims are required to be submitted to the Controller, as provided in subdivision (b) of Section 30352, the executive director shall be deemed to have recommended approval of the claim

(c) The provisions of Section 2231 of the Revenue and Taxation Code shall apply to claims filed pursuant to this article, provided, however, that where a conflict between Section 2231 of the Revenue and Taxation Code and this article occurs, such conflict shall be resolved in a manner that best carries out the purposes of this article The Controller shall apply the criteria of this article in determining whether to allow or deny, in whole or in part, any such claim and shall consider the recommendations of the executive director of the commission

30355 As used in this article, "certified local coastal program" means any portion of a local coastal program that has been certified

SEC 7 Section 30604 of the Public Resources Code is amended to read

30604 (a) Prior to certification of the local coastal program, a coastal development permit shall be issued if the issuing agency, or the commission on appeal, finds that the proposed development is in conformity with the provisions of Chapter 3 (commencing with Section 30200) of this division and that the permitted development will not prejudice the ability of the local government to prepare a local coastal program that is in conformity with the provisions of Chapter 3 (commencing with Section 30200). A denial of a coastal development permit on grounds it would prejudice the ability of the local government to prepare a local coastal program that is in conformity with the provisions of Chapter 3 (commencing with Section 30200) shall be accompanied by a specific finding which sets forth the basis for such conclusion.

(b) After certification of the local coastal program a coastal development permit shall be issued if the issuing agency or the commission on appeal finds that the proposed development is in conformity with the certified local coastal program

(c) Every coastal development permit issued for any development between the nearest public road and the sea or the shoreline of any body of water located within the coastal zone shall include a specific finding that such development is in conformity with the public access and public recreation policies of Chapter 3 (commencing with Section 30200).

(d) No development or any portion thereof which is outside the coastal zone shall be subject to the coastal development permit requirements of this division, nor shall anything in this division authorize the denial of a coastal development permit by the commission or any regional commission on the grounds the proposed development within the coastal zone will have an adverse environmental effect outside the coastal zone.

(e) No coastal development permit may be denied under this division on the grounds that a public agency is planning or contemplating to acquire the property on, or property adjacent to the property on, which the proposed development is to be located, unless the public agency has been specifically authorized to acquire such property and there are funds available, or funds which could reasonably be expected to be made available within one year, for such acquisition If a permit has been denied for such reason and the property has not been acquired by a public agency within a reasonable period of time, a permit may not be denied for such development on grounds that such property, or adjacent property, is to be acquired by a public agency when the application for such a development is resubmitted.

SEC 8 Section 30610 of the Public Resources Code is amended to read

30610 Notwithstanding any provision in this division to the contrary, no coastal development permit shall be required pursuant to this chapter for the following types of development and in the following areas

(a) Improvements to existing single-family residences; provided, however, that the commission shall specify, by regulation, those classes of development which involve a risk of adverse environmental effect and shall require that a coastal development permit be obtained under this chapter.

(b) Improvements to any structure other than a single-family residence or a public works facility; provided, however, that the commission shall specify, by regulation, those types of improvements which (1) involve a risk of adverse environmental effect, (2) adversely affect public access, or (3) involve a change in use contrary to any policy of this division. Any improvement so specified by the commission shall require a coastal development permit.

(c) Maintenance dredging of existing navigation channels or moving dredged material from such channels to a disposal area outside the coastal zone, pursuant to a permit from the United States Army Corps of Engineers.

(d) Repair or maintenance activities that do not result in an addition to, or enlargement or expansion of, the object of such repair or maintenance activities; provided, however, that if the commission determines that certain extraordinary methods of repair and maintenance that involve a risk of substantial adverse environmental impact, it shall, by regulation, require that a permit be obtained under this chapter.

(e) Any category of development, or any category of development within a specifically defined geographic area, that the commission, after public hearing, and by two-thirds vote of its appointed members, has described or identified and with respect to which the commission has found that there is no potential for any significant adverse effect, either individually or cumulatively, on coastal resources or on public access to, or along, the coast and, where such exclusion precedes certification of the applicable local coastal program, that such exclusion will not impair the ability of local government to prepare a local coastal program.

(f) The installation, testing, and placement in service or the replacement of any necessary utility connection between an existing service facility and any development approved pursuant to this division, provided, that the commission may, where necessary, require reasonable conditions to mitigate any adverse impacts on coastal resources, including scenic resources

(g) The replacement of any structure, other than a public works facility, destroyed by natural disaster. Such replacement structure shall conform to applicable existing zoning requirements, shall be for the same use as the destroyed structure, shall not exceed either the floor area, height, or bulk of the destroyed structure by more than 10 percent, and shall be sited in the same location on the affected property as the destroyed structure

As used in this subdivision, "natural disaster" means any situation in which the force or forces which destroyed the structure to be replaced were beyond the control of its owner.

As used in this subdivision, "bulk" means total interior cubic volume as measured from the exterior surface of the structure

SEC. 9 Section 30610.1 is added to the Public Resources Code, to read:

30610.1. (a) Prior to certification of the applicable local coastal program, no coastal development permit shall be required for the construction of a single-family residence on any vacant lot meeting the criteria set forth in subdivision (c) and located in a specified area designated by the commission pursuant to subdivision (b)

(b) Within 60 days from the effective date of this section, the commission shall designate specific areas in the coastal zone where the construction of a single-family residence on a vacant lot meeting the criteria set forth in subdivision (c) shall not require a coastal development permit. Areas shall be designated for the exclusion provided for in this section if construction of single-family residences within the area to be designated has no potential, either individually or cumulatively, for significant adverse impacts on highly scenic resources of public importance, on environmentally sensitive areas, on prime agricultural land or on agricultural lands currently in production, or on public access to or along the coast

In addition, if septic tanks will be required or used, an area identified as having septic tank problems by the appropriate regional water quality control board or the State Water Resources Control Board in an approved basin plan or by other formal action of such board may not be designated for exclusion pursuant to this section

(c) Within areas designated pursuant to subdivision (b), no coastal development permit shall be required for the construction of a single-family residence on any vacant lot which meets all of the following criteria:

(1) Is not located between the first public road and the sea or immediately adjacent to the inland extent of any beach or of the mean high tide line where there is no beach.

(2) Is a legal lot as of the effective date of this section and conforms with the minimum lot size and lot use designations of the applicable general plan and zoning ordinances

(3) Is not located within an area known to the affected local government, or designated by any other public agency, as a geologic hazard area or as a flood hazard area, or, if located within such an area, it has been determined by the affected local government to be a safe site for the construction of a single-family residence

(4) Is no more than 250 feet from an existing improved road adequate for use throughout the year

(5) Can be served by an adequate water supply that is legally available for use either by means of a well or by means of a connection to a water system with sufficient capacity to serve such lot or lots; provided, that no such connection shall require the extension of an existing water main which would have the capacity of serving four or more additional single-family residential structures

(d) The commission shall, within 120 days from the effective date of this section, specify uniform criteria that shall be used to determine the location of "the first public road" and the inland extent of any beach for purposes of paragraph (1) of subdivision (c).

(e) Within 30 days after the 120-day period specified in subdivision (b), the commission shall report to the Legislature and the Governor what has been done to carry out the provisions of this section.

(f) The provisions of this section shall apply notwithstanding any other provision of this division to the contrary

SEC 10 Section 30610 2 is added to the Public Resources Code, to read:

30610.2. (a) Any person wishing to construct a single-family residence on a vacant lot within an area designated by the commission pursuant to subdivision (b) of Section 30610.1 shall, prior to the commencement of construction, secure from the local government with jurisdiction over the lot in question a written certification or determination that such lot meets the criteria specified in subdivision (c) of Section 30610 1 and is therefore exempt from the coastal development permit requirements of this division. A copy of every such certification of exemption shall be sent by the issuing local government to the appropriate regional commission within five working days after it is issued.

(b) In the event that the commission does not designate the areas within the coastal zone as required by subdivision (b) of Section 30610.1 within the 120 days specified therein, a local government may make the certification authorized by subdivision (a) of this section without regard to the requirements of subdivision (b) of Section 30610.1.

SEC. 11. Section 30610 3 is added to the Public Resources Code, to read:

30610.3. (a) Whenever the commission determines (1) that public access opportunities through an existing subdivided area, which has less than 75 percent of the subdivided lots built upon, or an area proposed to be subdivided are not adequate to meet the public access requirements of this division and (2) that individual owners of vacant lots in such an area do not have the legal authority to comply with such public access requirements as a condition of securing a coastal development permit for the reason that some other person or persons has such legal authority, the commission shall implement such public access requirements as provided in this section

(b) The commission, on its own motion or at the request of an affected property owner, shall identify an area as meeting the criteria specified in subdivision (a). After such an area has been identified, the commission shall, after appropriate public hearings adopt a specific public access program for such area and shall request that the State Coastal Conservancy, established pursuant to Division 21 (commencing with Section 31000), implement such program.

Such access program shall include, but not be limited to, the identification of specific land areas and view corridors to be used for public access, any facilities or other development deemed appropriate, the commission's recommendations regarding the manner in which public access will be managed, and the types of permitted public uses The State Coastal Conservancy shall, pursuant to its authority, implement such public access program

(c) There is, in the General Fund, the Coastal Access Account The State Coastal Conservancy shall be authorized to expend funds when appropriated from the Coastal Access Account for the purchase of lands and view easements and to pay for any development needed to carry out the public access program specified in subdivision (a) Not more than 5 percent of the amount of funds necessary to carry out each such public access program may be provided as a grant to the State Coastal Conservancy for its administrative costs incurred in carrying out the access program

(d) The State Coastal Conservancy may enter into any agreement it deems necessary and appropriate with any state or local public agency or with a private association authorized to perform such functions for the operation and maintenance of any access facilities acquired or developed pursuant to this section

(e) Every person receiving a coastal development permit or a certificate of exemption for development on any vacant lot within an area designated pursuant to this section shall, prior to the commencement of construction, pay to the commission, for deposit in the Coastal Access Account, an "in-lieu" public access fee The amount of each such fee shall be determined by dividing the cost of acquiring the specified lands and view easements by the total number of lots within the identified area The proportion of the acquisition cost that can be allocated to lots built upon pursuant to permits that were not subject to public access conditions under this division or the California Coastal Zone Conservation Act of 1972 (former Division 18 (commencing with Section 27000)) shall be paid from the Coastal Access Account An "in-lieu" public access fee may be in the form of an appropriate dedication, in which event the lots to which such dedication can be credited shall not be counted toward the total number of lots used in arriving at the "in-lieu" public access fee share for each remaining lot

(f) For purposes of determining the acquisition costs specified in subdivision (e), the State Coastal Conservancy may, in the absence of a fixed price agreed to by both the State Coastal Conservancy and the seller, specify an estimated cost based on a formal appraisal of the value of the interest proposed to be acquired The appraisal shall be conducted by an independent appraiser under contract with the State Coastal Conservancy and shall be completed within 120 days of the adoption of the specific public access program by the commission pursuant to subdivision (b) Such appraisal shall be deemed suitable for all purposes of the Property Acquisition Law (Part 11 (commencing with Section 15850 of the Government Code)) For

every year following public acquisition of the interests in land specified as part of a public access program and prior to payment of the required "in-lieu" fee, a carrying cost factor equal to 5 percent of the share attributable to each lot shall be added to any unpaid "in-lieu" public access fee; provided, however, that a lot owner in such an area may pay the "in-lieu" public access fee at any time after public acquisition in order to avoid payment of the carrying cost factor

(g) No provision of this section may be applied within any portion of the unincorporated area in the County of Sonoma, commonly known as the Sea Ranch.

SEC. 12. Section 30610.4 is added to the Public Resources Code, to read·

30610.4. Upon establishment of an acquisition cost pursuant to subdivision (f) of Section 30610.3, the commission shall review the area in question to determine if all or some portion of such area meets the criteria specified in subdivision (b) of Section 30610.1 for areas within which no coastal development permit will be required from the regional commission or the commission for construction of single-family residences. Notwithstanding paragraph (1) of subdivision (c) of Section 30610.1, lots other than those immediately adjacent to any beach or to the mean high tide line where there is no beach can be included in such an exclusion area If the commission determines an area designated pursuant to subdivision (b) of Section 30610.3 meets such criteria, the area shall be designated as one wherein no coastal development permit from the regional commission or the commission shall be required for the construction of single-family residences

(b) Prior to the commencement of construction of any single-family residence within an area designated pursuant to this section, a certificate of exemption must be obtained pursuant to Section 30610.2 and the appropriate "in-lieu" public access fee shall be paid.

SEC 13. Section 30612 is added to the Public Resources Code, to read·

30612. An application for a coastal development permit to demolish a structure shall not be denied unless the commission or the regional commission finds, based on a preponderance of the evidence, that retention of such structure is feasible

SEC 14. Section 30621 of the Public Resources Code is amended to read:

30621. The regional commission or the commission shall provide for a de novo public hearing on applications for coastal development permits and any appeals brought pursuant to this division and shall give to any affected person a written public notice of the nature of the proceeding and of the time and place of the public hearing. Notice shall also be given to any person who requests, in writing, such notification. A hearing on any coastal development permit application or an appeal shall be set no later than 49 days after the

date on which the application or appeal is filed with the regional commission or the commission.

SEC. 15. Section 30622 of the Public Resources Code is amended to read·

30622. A regional commission or the commission shall act upon the coastal development permit application or an appeal within 21 days after the conclusion of the hearing pursuant to Section 30621 Any action by a regional commission shall become final after the 10th working day, unless an appeal is filed with the commission within such time The applicant may, at his own risk, commence construction prior to the expiration of such 10-day period immediately upon issuance of the permit by the executive director where the permit was approved without any known opposition and the executive director has no reason to believe an appeal would be filed, provided, however, if a valid appeal is filed within such 10-day appeal period the applicant shall immediately cease further construction pending final action on the appeal

SEC 16 Section 30624 of the Public Resources Code is amended to read

30624 The commission shall provide, by regulation, for the issuance of coastal development permits by the executive director of the commission or any regional commission without compliance with the procedures specified in this chapter in cases of emergency, other than an emergency provided for under Section 30611, or for improvements to any existing structure not in excess of fifty thousand dollars ($50,000), any single family dwelling, any development of four dwelling units or less within any incorporated area that does not require demolition, and any other developments not in excess of fifty thousand dollars ($50,000) other than any division of land. If one-third of the appointed membership of the regional commission or the commission so request, at the first meeting following the issuance of such permit, such issuance shall not be effective, and, instead, the application shall be processed in accordance with the commission's procedures for permits and pursuant to the provisions of this chapter.

No monetary limitations shall be required for emergencies covered by the provisions of this section

SEC 17 Section 30627 is added to the Public Resources Code, to read·

30627 (a) The commission shall, by regulation, provide procedures which the commission and each regional commission shall use in deciding whether to grant reconsideration of any of the following.

(1) Any decision to deny an application for a coastal development permit

(2) Any term or condition of a coastal development permit which has been granted

(b) The procedures required by subdivision (a) shall include at least the following provisions:

(1) Only an applicant for a coastal development permit shall be eligible to request reconsideration.

(2) The request for reconsideration shall be made within 30 days of the decision on the application for a coastal development permit

(3) The basis of the request for reconsideration shall be either that there is relevant new evidence which, in the exercise of reasonable diligence, could not have been presented at the hearing on the matter or that an error of fact or law has occurred which has the potential of altering the regional commission's initial decision.

(4) The regional commission or the commission shall have the discretion to grant or deny requests for reconsideration.

(c) A decision to deny a request for reconsideration is not subject to appeal.

(d) The provisions of this section shall not alter any right otherwise provided by this division to appeal an action of a regional commission; provided, that a request for reconsideration shall be made only once for any one development application, and, when made to a regional commission, shall stay any appeal taken and shall, for purposes of any time limits specified in Sections 30621 and 30622, be considered a new application.

SEC. 18. Section 30806 of the Public Resources Code is amended to read·

30806. (b) In any action brought by or against any local government, other than an action brought by or against the commission, that involves the enforcement or implementation of its certified local coastal program, the Department of Justice shall, upon the request of such local government, provide such legal assistance as its resources permit.

SEC. 19. It is the intent of the Legislature that funding for the fiscal year 1980–81, and subsequent fiscal years for the purposes specified in Section 19 of this act be accomplished through the usual budgetary process. It is further the intent of the Legislature, in adding Section 30335 1 to the Public Resources Code, that interested parties receive appropriate assistance to facilitate their participation in the planning and coastal development permit processes required by Division 20 (commencing with Section 30000) of the Public Resources Code The Legislature recognizes that there is currently no personnel classification within state civil service for employees specified and required by Section 30335.1 and therefore urges the State Personnel Board to take whatever steps may be necessary or

appropriate to facilitate the employment or reclassification of personnel for such purposes

SEC 20 Within 30 days of the effective date of Section 30335 1, as added to the Public Resources Code by this act, the California Coastal Commission shall report to the Legislature on the status of its action to implement such provisions

CHAPTER 920

An act to amend Section 65302.6 of the Government Code, relating to local planning, and declaring the urgency thereof, to take effect immediately

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979]

The people of the State of California do enact as follows

SECTION 1 Section 65302 6 of the Government Code is amended to read

65302 6 (a) Notwithstanding any other provision of law, upon application by a city, county, or city and county, including any city incorporated after September 30, 1974, the Director of Planning and Research shall grant a reasonable extension of time not to exceed one year from the date of the application, for the preparation and adoption of one or more general plan elements required by this article if the legislative body of a city, county, or city and county, after a public hearing, makes one or more of the following findings

(1) Data required for the element must be provided by another agency and it has not yet been provided

(2) In spite of sufficient budgetary provisions and substantial recruiting efforts, the local agency has been unable to obtain necessary staff or consultant assistance

(3) A disaster has occurred requiring reassignment of staff for an extended period or requiring a complete reevaluation and revision of the entire general plan, or both

(4) Review procedures in local ordinances require an extended public review process which has resulted in delaying the decision by the local government's legislative body

(5) The city or county is jointly preparing the elements along with one or more other jurisdictions, pursuant to an existing agreement and timetable for completion

(6) Additional procedural reasons exist which the director deems to justify the granting of an extension, so that the production and adoption of complete and adequate general plans is promoted

(b) The purpose of this section is to permit cities and counties that have not yet adopted complete and adequate general plans to continue to review and approve development proposals pending

adoption of a complete and adequate general plan, provided, however, such approvals are consistent with local policies and the element or elements for which an extension of time is sought.

(c) The application for an extension specified in subdivision (a) of this section shall contain the following elements:

(1) A resolution of the legislative body of the city, county, or city and county adopted after a public hearing setting forth in detail the reasons why the general plan was not previously adopted as required by law, including one or more of the findings made by the legislative body pursuant to subdivision (a), and the amount of additional time necessary to complete the preparation and adoption of all required elements.

(2) A copy of the specific budget and schedule for the general plan preparation and adoption including plans for citizen participation and expected interim products. The budget and schedule should be of sufficient detail to allow the director to assess each applicant's progress at regular intervals during the term of the extension.

(3) A set of proposed policies and procedures which would ensure, during the extension of time granted pursuant to this section, that the land use proposed in an application for a subdivision, rezoning, land use permit, variance or building permit will be consistent with the existing general plan elements, and on the basis of available information will be consistent with the new elements or plan proposals being considered or studied.

(d) During the extension of time specified in this section, the city or county is not subject to the requirement that a complete and adequate general plan be adopted or the time within which it must be adopted or the requirement that the land use be compatible or consistent with the general plan as required by Section 65302, 65563, 65567, 65860, 65910, or 66473 5, or subdivision (a) or (b) of Section 66474, of the Government Code The provisions of this section shall apply only to those elements for which an extension has been granted. The city or county shall comply with all state laws and shall base all required findings on the existing adopted elements.

(e) The director may impose any conditions on extensions of time granted which the director deems are necessary to ensure full compliance with the State Planning and Zoning Law. In establishing such conditions, the director may adopt or modify and adopt any of the policies and procedures proposed by the city, county, or city and county, pursuant to paragraph (3) of subdivision (c).

(f) In the event that a city or county which has been granted a time extension pursuant to this section determines that it will not be able to complete the element or elements for which the extension has been granted within the prescribed time period, such city or county may request one additional extension. completion of such element or elements.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Many critical and far-reaching controversies have developed between applicable agencies of the state and local government, often resulting in litigation, regarding the interpretation and validity of local general plan elements of counties and cities. This act requires that a vital extension of time be granted within which these controversies may potentially be settled. Therefore, it is necessary that this act take immediate effect.

(d) Subdivision (c) shall not apply to approval of funds for planning and design or to projects where special assessment district or other value added tax financing methods are already part of the capital or operating financing plan for the project

SEC 3. Section 199 8 is added to the Streets and Highways Code, to read

199 9. It is the intent of the Legislature that the California Transportation Commission's review of the proposed exclusive public mass transit guideway system in the County of Los Angeles shall take place concurrently with the Urban Mass Transportation Administration's review of the Draft Alternatives Analysis/Environmental Impact Statement/Environmental Impact Report on Transit System Improvements in the Los Angeles Regional Core.

CHAPTER 922

An act to add Sections 39019.5, 39019.6, 39050.5, 41604, and 42314 to, and to add Chapter 1.5 (commencing with Section 41515) to Part 4 of Division 26 of, the Health and Safety Code, and to add Section 454 7 to the Public Utilities Code, relating to air pollution, and making an appropriation therefor.

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979]

The people of the State of California do enact as follows:

SECTION 1 Section 39019 5 is added to the Health and Safety Code, to read:

39019 5 "Cogeneration technology" has the same meaning as defined in Section 25134 of the Public Resources Code.

SEC 2 Section 39019 6 is added to the Health and Safety Code, to read·

39019.6 "Cogeneration technology project" shall not include existing equipment owned or operated by the applicant or host industry which is not modified as a result of utilizing cogeneration technology.

SEC 3 Section 39050 5 is added to the Health and Safety Code, to read:

39050.5. "Resource recovery project" means a project which would convert liquid or solid waste in such a manner so as to produce energy as a byproduct.

SEC. 4 Chapter 1.5 (commencing with Section 41515) is added to Part 4 of Division 26 of the Health and Safety Code, to read:

CHAPTER 1.5. COGENERATION TECHNOLOGY AND RESOURCE RECOVERY PROJECTS

41515. The Legislature finds and declares (a) that present methods of generating and using energy in California result in substantial waste of such energy through the loss of exhaust steam and heat which is not recovered or otherwise put to use, and that this waste of energy results in adverse environmental and economic impacts and accelerates the need for new powerplant construction, (b) that the use of cogeneration technology can substantially increase the efficiency of energy use in California and can also result in environmental and economic benefits for the people of the state, and (c) that the expanded use of cogeneration technology is specifically encouraged as a matter of national energy policy through the tax and regulatory incentives provided in the National Energy Act, and through state legislation which encourages the expeditious approval of cogeneration projects.

41516. The Legislature further finds and declares (a) that the disposal of liquid and solid waste poses serious environmental and economic problems for local governments in California, (b) that resource recovery technology presently exists which can convert municipal waste to energy while also recovering substantial quantities of raw materials, (c) that the construction of resource recovery projects can help alleviate the environmental and economic problems associated with municipal waste disposal, while at the same time producing additional supplies of energy and raw materials, and (d) that such projects should therefore be encouraged as a matter of state policy.

41517 The Legislature further finds and declares that the 1977 amendments to the federal Clean Air Act specifically authorize local governments to provide for the mitigation of the air quality impact of projects with communitywide benefits, such as cogeneration technology and resource recovery projects, by providing regional growth increments in the state implementation plan.

41518 The state board shall develop, in cooperation with the districts and the Public Utilities Commission, an inventory of potential cogeneration technology projects in each air basin in the

state which could be constructed before 1987.

41519 The state board, in cooperation with the State Solid Waste Management Board, the districts and the regional planning agencies, shall develop an inventory of potential resource recovery projects which are planned or proposed to be constructed before 1987.

41520 In preparing the inventories required pursuant to Sections 41518 and 41519, the state board shall contract with private firms or utilize existing board staff, whichever costs less Both inventories shall be completed not later than July 1, 1980.

SEC 5 Section 41604 is added to the Health and Safety Code, to read:

41604. The state board, based on the recommendation of affected districts, shall prepare revisions to the State Implementation Plan, not later than January 1, 1981, and submit the revisions to the United States Environmental Protection Agency for approval. The revisions shall provide for the necessary mitigation of the air quality impact of projects identified pursuant to Sections 41518 and 41519, so that state and federal ambient air quality standards may be achieved and maintained or that reasonable further progress be made toward attainment.

SEC. 6 Section 42314 is added to the Health and Safety Code, to read·

42314 Notwithstanding any other provision of state law or local rules and regulations, the district shall issue a permit for the following·

(a) The construction of a cogeneration technology project, if all of the following conditions are met:

(1) The project produces 50 megawatts or less of electricity.

(2) The project will utilize the appropriate degree of pollution control technology required by the new source review rule of the district, where the project results in a net increase of any air pollutant emitted by the source. Where no net increase in emissions would occur, the project shall comply with applicable emission limitations.

(3) The project applicant owns or operates no facilities within the air basin which could be modified so as to provide sufficient offsets or mitigation of the air quality impact of the project. The applicant shall be required to provide offsets from any such facilities within the air basin to the extent they are available and would mitigate the project's impacts.

(b) The construction of a resource recovery project, if all of the following conditions are met.

(1) The project produces 50 megawatts or less of electricity

(2) The project will utilize the appropriate degree of pollution control technology required by the new source review rule of the district.

(3) The project applicant has, in the judgment of the district, made a good faith effort to secure all available emission offsets to mitigate the impact of the project, but that sufficient offsets or other mitigation measures are not available The applicant, however, shall

be required to secure all the offsets which are available to mitigate the air quality impact of the project, except for resource recovery projects which constitute a modification to an existing source under the district's new source review rule, in which case the applicant shall only be required to provide offsets from facilities which the applicant owns or operates within the air basin.

SEC. 7. Section 454.7 is added to the Public Utilities Code, to read:

454.7. The commission shall, to the extent permitted by federal law and consistent with Section 2771, provide cogeneration technology projects with the highest possible priority for the purchase of natural gas.

SEC. 8. There is hereby appropriated from the General Fund to the State Air Resources Board the sum of thirty thousand dollars ($30,000) for expenditure for purposes of Chapter 1.5 (commencing with Section 41515) of Part 4 of Division 26 of the Health and Safety Code

SEC. 9 (a) Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to those sections because the duties, obligations, or responsibilities imposed on local agencies or school districts by this act are such that related costs are incurred as part of their normal operating procedures. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code

(b) It is the intent of the Legislature that, with respect to any claims submitted for reimbursement to the Board of Control, the board closely review the extent to which districts have received reimbursements pursuant to Section 42311 of the Health and Safety Code and any revenues that accrue to a district pursuant to approval of projects pursuant to Section 42314 of that code

An act to add Article 2.5 (commencing with Section 65864) to Chapter 4 of Title 7 of the Government Code, relating to development.

[Approved by Governor September 21, 1979 Filed with Secretary of State September 22, 1979]

The people of the State of California do enact as follows:

SECTION 1. Article 2 5 (commencing with Section 65864) is added to Chapter 4 of Title 7 of the Government Code, to read:

Article 2.5 Development Agreements

65864 The Legislature finds and declares that:

(a) The lack of certainty in the approval of development projects can result in a waste of resources, escalate the cost of housing and other development to the consumer, and discourage investment in and commitment to comprehensive planning which would make maximum efficient utilization of resources at the least economic cost to the public

(b) Assurance to the applicant for a development project that upon approval of the project, the applicant may proceed with the project in accordance with existing policies, rules and regulations, and subject to conditions of approval, will strengthen the public planning process, encourage private participation in comprehensive planning, and reduce the economic costs of development.

65865. Any city, county, or city and county, may enter into a development agreement with any person having a legal or equitable interest in real property for the development of such property as provided in this article. Every city, county, or city and county, may, by resolution or ordinance, establish procedures and requirements for the consideration of development agreements upon application by, or on behalf of, the property owner or other person having a legal or equitable interest in the property.

65865 1 Procedures established pursuant to Section 65865 shall include provisions requiring periodic review at least every 12 months, at which time the applicant, or successor in interest thereto, shall be required to demonstrate good faith compliance with the terms of the agreement If, as a result of such periodic review, the local agency finds and determines, on the basis of substantial evidence, that the applicant or successor in interest thereto has not complied in good faith with terms or conditions of the agreement,

the local agency may terminate or modify the agreement.

65865.2. A development agreement shall specify the duration of the agreement, the permitted uses of the property, the density or intensity of use, the maximum height and size of proposed buildings, and provisions for reservation or dedication of land for public purposes. The development agreement may include conditions, terms, restrictions, and requirements for subsequent discretionary actions, provided that such conditions, terms, restrictions, and requirements for subsequent discretionary actions shall not prevent development of the land for the uses and to the density or intensity of development set forth in the agreement. The agreement may provide that construction shall be commenced within a specified time and that the project or any phase thereof be completed within a specified time.

65865 4. Unless amended or canceled pursuant to Section 65868, a development agreement shall be enforceable by any party thereto notwithstanding any change in any applicable general or specific plan, zoning, subdivision, or building regulation adopted by the city, county, or city and county entering such agreement, which alters or amends the rules, regulations or policies specified in Section 65866.

65866. Unless otherwise provided by the development agreement, rules, regulations, and official policies governing permitted uses of the land, governing density, and governing design, improvement, and construction standards and specifications, applicable to development of the property subject to a development agreement, shall be those rules, regulations, and official policies in force at the time of execution of the agreement. A development agreement shall not prevent a city, county, or city and county, in subsequent actions applicable to the property, from applying new rules, regulations, and policies which do not conflict with those rules, regulations, and policies applicable to the property as set forth herein, nor shall a development agreement prevent a city, county, or city and county from denying or conditionally approving any subsequent development project application on the basis of such existing or new rules, regulations, and policies.

65867 A public hearing on an application for a development agreement shall be held by the advisory agency and by the legislative body. Notice of intention to consider adoption of a development agreement shall be given as provided in Sections 65854, 65854.5, and 65856 in addition to such other notice as may be required by law for other actions to be considered concurrently with the development agreement.

65867.5 A development agreement is a legislative act which shall be approved by ordinance and is subject to referendum. A development agreement shall not be approved unless the legislative body finds that the provisions of the agreement are consistent with the general plan and any applicable specific plan.

65868. A development agreement may be amended, or canceled in whole or in part, by mutual consent of the parties to the agreement

or their successors in interest. Notice of intention to amend or cancel any portion of the agreement shall be given in the manner provided by Section 65867. An amendment to an agreement shall be subject to the provisions of Section 65867.5.

CHAPTER 938

An act to add and repeal Article 3 (commencing with Section 18030) to Chapter 1 of Part 1 of Division 5 of Title 2 of the Government Code, relating to employment, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 1979. Filed with Secretary of State September 22, 1979.]

The people of the State of California do enact as follows:

SECTION 1. Article 3 (commencing with Section 18030) is added to Chapter 1 of Part 1 of Division 5 of Title 2 of the Government Code, to read:

Article 3. Reduced Worktime Program

18030. The Legislature finds and declares that, notwithstanding the fact that a reduction in the overall personnel budget of state government may be found necessary and prudent in the course of events, it is in the public interest to provide the highest quality of service to the taxpayers of California. Providing that service requires, among other things, the maintenance of high morale among public employees, the ability to attract the most competent and dedicated new employees to public service in the years ahead, as well as to preserve to the maximum extent the pool of skilled employees now in public service. Therefore, it is the intent of the Legislature in enacting this article to maximize the preservation of employment opportunities of public servants, to the extent that budgetary and

efficiency objectives may be achieved, with a minimum of layoffs or other avoidable dislocations of careers.

18031. In the event that a reduction in the personnel of departments and agencies of state government, equivalent to 1 percent or more of full-time equivalent jobs is contemplated in a single fiscal year, and only in such circumstances, each department or agency affected by such reductions shall permit employees to voluntarily reduce worktime on a basis consistent with administrative feasibility in order that employment opportunities will be preserved to the extent possible through a redistribution of workload. This article shall not be construed as a job creation program, nor shall any program be operated under this article which results in an increase in the total number of employees over levels existing in a participating department or agency during the fiscal year immediately preceding the fiscal year for which personnel reductions described in this section are contemplated.

18032 If the State Personnel Board determines that a personnel reduction, as described in Section 18031, is contemplated by the Governor's Budget, it shall conduct or direct each affected department or agency to conduct a survey of all permanent full-time employees to determine the extent of the desire of such employees to participate in a voluntary reduced worktime program.

18033. The survey required under Section 18032 shall contain information clearly informing employees as to the terms and conditions under which voluntary reduced worktime options would be available including, but not limited to, potential worktime options, the effect such a reduction would have on benefits, and the right to return to full-time work to the extent such work is available as specified in subdivisions (b), (c), and (d), respectively, of Section 18034

18034. (a) Reduced worktime shall be permitted to the extent that it (1) contributes, through reducing costs, to the preservation of employment opportunities that would otherwise be eliminated because of the contemplated budget reduction, (2) is found administratively feasible and within the guidelines of the State Personnel Board by the appointing authority of the department for which an employee works, and (3) reflects the findings of, and is consistent with, the survey conducted pursuant to Section 18032.

(b) Reduced worktime options may be available in the form of fewer hours of work per day, or fewer days of work per year either on a regular basis such as a four-day workweek or on an irregular but planned basis such as occasional days off or an extended vacation.

(c) Voluntary worktime reductions shall result in a pro rata reduction of compensation to participating employees.

(d) Participating employees shall, upon request, be given first priority for returning to a full-time schedule to the extent that such full-time work is available. Participating employees shall return to full-time employment at the request of the appointing authority pursuant to regulations adopted by the State Personnel Board which

shall:

(1) Define conditions under which such a request by the appointing authority is appropriate, and

(2) Provide a reasonable grace period for allowing an employee to make necessary personal arrangements for returning to full-time employment.

(e) If layoff becomes unavoidable, employees who participate in a voluntary reduced worktime program pursuant to this article shall not routinely be subject to layoff ahead of full-time employees. Such part-time employees shall be subject to the same seniority and other layoff considerations as full-time employees in determining the order of layoff.

18035. The State Personnel Board, in preparing to conduct and interpreting the results of the survey required by this chapter, and any department or agency of state government undertaking to design and implement a voluntary reduced worktime program for its employees pursuant to this chapter, may request technical assistance relating to reduced worktime concepts, methods, and programs from the Employment Development Department pursuant to the provisions of Resolution Chapter 103 of the Statutes of 1978.

18036. The State Personnel Board shall adopt appropriate rules and guidelines relating to reduced worktime programs which shall include, but not be limited to, guidelines for determining the minimum time to be worked by participating employees, and guidelines for determining the administrative feasibility of particular reduced worktime programs.

18037. Results of any survey conducted pursuant to Section 18032 and plans for implementation of any voluntary reduced worktime program to preserve employment opportunities pursuant to Section 18031 shall be transmitted forthwith to the Joint Legislative Audit Committee, the Joint Legislative Budget Committee, the fiscal committees, and the rules committee of each house of the Legislature. The report of such plans shall include but not be limited to, an analysis of expected fiscal savings and the extent of preservation of employment opportunities anticipated from implementation of such plans.

18038. Any employee who is being coerced, or who has been required, by the appointing power, a supervisor, or another employee, to involuntarily reduce his or her worktime contrary to the intent of this article may file a grievance with the appropriate authority pursuant to the provisions of Article 24 (commencing with Section 540) of subchapter 1 of Chapter 1 of Division 1 of Title 2 of the California Administrative Code.

18038 5 Nothing in this article shall be construed to supersede or impair any contrary provisions contained in an existing collective bargaining agreement

18039 The State Personnel Board, in cooperation with the Public Employees' Retirement System, shall prepare and submit to the Legislature, for referral to the appropriate policy and fiscal

committees of each house, a preliminary report by June 30, 1981, and a final report by June 30, 1982. Such reports shall include, but not be limited to, the following:

(a) The extent that reduced worktime programs are in use.

(b) The cost effectiveness of reduced worktime programs.

(c) The actuarial impact of reduced worktime programs.

(d) Recommendations on continuation of reduced worktime programs and suggested statutory changes.

18039.5. The Trustees of the California State University and Colleges, in cooperation with the State Personnel Board, shall be responsible for the administration of this article with respect to employees of California State University and Colleges.

18040. This article shall remain in effect only until June 30, 1982, and as of such date is repealed, unless a later enacted statute, which is chaptered before June 30, 1982, deletes or extends such date.

SEC. 2. There is hereby appropriated to the State Personnel Board from the General Fund twenty thousand dollars ($20,000) for administrative costs necessitated by the enactment of the provisions of this bill.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In recognition of the fact that the unemployment level in California is relatively high and in order to minimize the impact that a reduction in the number of persons employed by the state would have on the state's economy, this act must take effect immediately.

The people of the State of California do enact as follows.

SECTION 1 Section 2237 1 is added to the Revenue and Taxation Code, to read:

It is therefore necessary for this act to take immediate effect

(e) To enter into any agreement with the manufacturer, manufacturer branch, distributor, or distributor branch, or to do any other act prejudicial to the dealer by threatening to cancel a franchise or any contractual agreement existing between the dealer and manufacturer, manufacturer branch, distributor, or distributor branch. Notice in good faith to any dealer of the dealer's violation of any terms or provisions of such franchise or contractual agreement shall not constitute a violation of this article.

SEC. 2 Section 11713.1 of the Vehicle Code, as amended by Chapter 278 of the Statutes of 1979, is amended to read:

11713.1. It shall be unlawful and a violation of this code for the holder of any dealer's license issued under this article to do any of the following:

(a) To advertise any specific vehicle for sale without identifying such vehicle by either its vehicle identification number or license number.

(b) To advertise the total price of a vehicle without including all costs to the purchaser at time of sale, except sales tax, vehicle registration fees, the fee charged by the state for the issuance of the certificate of compliance or certificate of waiver pursuant to Section 9889.56 of the Business and Professions Code, finance charges, mobilehome escrow fees, the amount of any city, county, or city and county imposed fee or tax for a mobilehome, and any dealer documentary preparation charge. charge.

For purposes of this subdivision, a newspaper display advertisement is any advertisement in a newspaper which is two or more newspaper columns in width or one newspaper column in width and more than seven inches in length.

(d) To represent the dealer documentary preparation charge as a governmental fee.

(e) To fail to sell a vehicle to any person at the advertised total price, exclusive of sales tax, vehicle registration fees, the fee charged by the state for the issuance of the certificate of compliance or certificate of waiver pursuant to Section 9889.56 of the Business and Professions Code, finance charges, mobilehome escrow fees, the amount of any city, county, or city and county imposed fee or tax for a mobilehome, and any dealer documentary preparation charge, which charges shall not exceed twenty dollars ($20) while such vehicle remains unsold, unless the advertisement states the advertised total price is good only for a specified time and such time has elapsed.

SEC. 3. Section 11713.2 of the Vehicle Code is amended and renumbered to read:

11713.3. It shall be unlawful and a violation of this code for any manufacturer, manufacturer branch, distributor, or distributor branch licensed under this code:

(a) To refuse or fail to deliver in reasonable quantities and within a reasonable time after receipt of an order from a dealer having a franchise for the retail sale of any new vehicle sold or distributed by the manufacturer or distributor, any new vehicle or parts or accessories to new vehicles as are covered by such franchise, if such vehicle, parts or accessories are publicly advertised as being available for delivery or actually being delivered. This subdivision is not violated, however, if such failure is caused by acts or causes beyond the control of the manufacturer, manufacturer branch, distributor, or distributor branch.

(b) To prevent or require or attempt to prevent or require, by contract or otherwise any change in the capital structure of a dealership or the means by or through which the dealer finances the operation of the dealership, provided that the dealer at all times meets any reasonable capital standards agreed to by the dealer and the manufacturer or distributor, and also provided that no change in capital structure shall cause a change in the principal management or have the effect of a sale of the franchise without the consent of the manufacturer or distributor.

(c) To prevent or require, or attempt to prevent or require, a dealer to change the executive management of a dealership, other than the principal dealership operator or operators if the franchise was granted the dealer in reliance upon the personal qualifications of such person or persons.

(d) To prevent or require, or attempt to prevent or require, by contract or otherwise, any dealer, or any officer, partner, or

stockholder of any dealership, the sale or transfer of any part of the interest of any of them to any other person or persons. No dealer, officer, partner, or stockholder shall, however, have the right to sell, transfer, or assign the franchise, or any right thereunder, without the consent of the manufacturer or distributor except that such consent shall not be unreasonably withheld.

(e) To prevent, or attempt to prevent a dealer from receiving fair and reasonable compensation for the value of the franchised business. There shall be no transfer or assignment of the dealer's franchise without the consent of the manufacturer or distributor, which consent shall not be unreasonably withheld.

(f) To obtain money, goods, service, or any other benefit from any other person with whom the dealer does business, on account of, or in relation to, the transaction between the dealer and such other person, other than for compensation for services rendered, unless such benefit is promptly accounted for, and transmitted to, the dealer

(g) To require a dealer to prospectively assent to a release, assignment, novation, waiver, or estoppel which would relieve any person from liability to be imposed by this article or to require any controversy between a dealer and a manufacturer, distributor, or representative, to be referred to any person other than the board, if such referral would be binding on the dealer. This subdivision shall not, however, prohibit arbitration before an independent arbitrator.

(h) To increase prices of motor vehicles which the dealer had ordered for private retail consumers prior to the dealer's receipt of the written official price increase notification. A sales contract signed by a private retail consumer shall constitute evidence of each such order. In the event of manufacturer price reductions, the amount of any such reduction received by a dealer shall be passed on to the private retail consumer by the dealer if the retail price was negotiated on the basis of the previous higher price to the dealer. Price reductions shall apply to all vehicles in the dealer's inventory which were subject to the price reduction. Price differences applicable to new model or series motor vehicles at the time of the introduction of new models or series shall not be considered a price increase or price decrease Price changes caused by either (1) the addition to a motor vehicle of required or optional equipment pursuant to state or federal law, or (2) revaluation of the United States dollar in the case of foreign-make vehicles, shall not be subject to the provisions of this subdivision

(i) To fail to pay to a dealer, within a reasonable time following receipt of a valid claim by a dealer thereof, any payment agreed to be made by the manufacturer or distributor to the dealer by reason of the fact that a new vehicle of a prior year model is in such dealer's inventory at the time of introduction of new model vehicles A manufacturer or distributor shall not authorize or enable any new model or series passenger vehicle or station wagon to be delivered by dealers at retail more than 30 days prior to the eligibility date of

such model change allowance payment for prior year model vehicles.

(j) To deny the widow or heirs designated by a deceased owner of a dealership, the opportunity to participate in the ownership of such dealership or successor dealership under a valid franchise for a reasonable time after the death of such owner.

(k) To offer any refunds or other types of inducements to any person for the purchase of new motor vehicles of a certain line-make to be sold to the state or any political subdivision thereof without making the same offer to all other dealers in the same line-make within the relevant market area.

(*l*) To modify, replace, enter into, relocate, terminate or refuse to renew a franchise in violation of Article 4 (commencing with Section 3060) of Chapter 6 of Division 2.

(m) To employ a person as a representative who has not been licensed pursuant to Article 3 (commencing with Section 11900) of Chapter 4 of Division 5.

(n) To deny any dealer the right of free association with any other dealer for any lawful purpose

(o) To compete with a dealer in the same line-make operating under an agreement or franchise from a manufacturer or distributor in the relevant market area. A manufacturer or distributor shall not, however, be deemed to be competing when operating a dealership either temporarily for a reasonable period, or in a bona fide retail operation which is for sale to any qualified independent person at a fair and reasonable price, or in a bona fide relationship in which an independent person has made a significant investment subject to loss in the dealership and can reasonably expect to acquire full ownership of such dealership on reasonable terms and conditions. A distributor shall not be deemed to be competing when a wholly owned subsidiary corporation of such distributor sells motor vehicles at retail, if, for at least three years prior to January 1, 1973, such subsidiary corporation has been a wholly owned subsidiary of such distributor and engaged in the sale of vehicles at retail.

(p) To unfairly discriminate among its franchisees with respect to warranty reimbursement or authority granted its franchisees to make warranty adjustments with retail customers

(q) To sell vehicles to persons not licensed under this chapter for resale

SEC. 4 Section 11713.3 of the Vehicle Code is amended and renumbered to read·

(l) At the time the authority leases property for newly constructed dwelling units, it shall enter into a written lease with the developer of the units, designating the number of the units, if any, to be made available on a priority basis within that development to low-income households. If the number of units occupied by low-income households in the development ever falls below the designated number, then units which become available for occupancy shall, subject to available subsidies, be made available on a priority basis to low-income households until the number of units so occupied equals at least the number specified in the agreement. The authority may from time to time review agreements designating

such units and, subject to agreement with the developer or his or her successors, may increase the number of units to be made available to low-income households. For the purpose of determining whether the authority is satisfying the provisions of subdivision (b), units designated pursuant to this agreement shall be conclusively presumed to be available to low-income households at affordable rent. This study, to be completed within six months of the effective date of this section, shall include the preparation of specific site maps showing the areas likely to be affected by such an accident. These maps shall delineate Emergency Planning Zones, which shall reflect inhalation, ingestion, and other radiation pathways.

A similar study shall be made by the office for any subsequent nuclear powerplant with a generating capacity of 50 megawatts or more proposed for certification in California.

The Office of Emergency Services shall revise its Nuclear Powerplant Emergency Response Plan to reflect the information

The State Controller shall pay from this account the state and local costs relative to carrying out the provisions of this section upon certification thereof by the Office of Emergency Services. Each powerplant operator shall within one month of the effective date of this section pay to the State Controller for deposit into the Nuclear Planning Assessment Special Account the sum of twenty-five thousand dollars ($25,000) for each nuclear powerplant for the purpose of funding initial planning costs. Upon repeal of this section, any amounts remaining in the special account shall be refunded pro rata to the powerplant operators contributing thereto. In no event shall the total of the reimbursements of state costs from all powerplant operators pursuant to this section exceed two million dollars ($2,000,000). The amounts paid by privately

owned utilities under this section shall be allowed for ratemaking purposes by the Public Utilities Commission. Publicly owned public utilities may include amounts paid under this section in their rates.

This section shall remain in effect only until January 1, 1983, and as of such date is repealed, unless a later enacted statute which is chaptered on or before January 1, 1983, deletes or extends such date.

SEC. 2. No appropriation is made by this act, nor is any obligation created thereby, pursuant to Section 2231 or 2234 of the Revenue and Taxation Code. Moreover, no claim shall be considered with respect to this act by the State Board of Control pursuant to Section 905.2 of the Government Code or Section 2250 of the Revenue and Taxation Code, and the Department of Finance shall not review or report on this act pursuant to Section 2246 of the Revenue and Taxation Code.

An act making an appropriation to pay the claims of the Secretary of the State Board of Control, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 1979. Filed with Secretary of State September 22, 1979]

I am reducing the appropriation contained in Section 1 of Senate Bill No. 321 from $2,425,464 66 to $2,030,839 24 by reducing the General Fund appropriation from $2,048,508.39 to $1,653,882 97

This bill appropriates $229,350 from the General Fund for the payment of a claim to refund a contract cancellation fee The cancellation fee is appropriate and was on the basis of changes in business decisions.

The bill also appropriates $165,275 42 from the General Fund for the payment of various Medi-Cal provider claims which were either not submitted or were submitted well past the time limitation allowed I feel it would be unwise to set a precedent by approving claims which do not fall within acceptable time constraints.

With these reductions, I approve Senate Bill No 321

[Approved by Governor September 22, 1979 Filed with Secretary of State September 22, 1979]

The people of the State of California do enact as follows:

SECTION 1 Section 86 of the Code of Civil Procedure is amended to read·

86. (a) Each municipal and justice court shall have original jurisdiction of civil cases and proceedings as follows:

(1) In all cases at law in which the demand, exclusive of interest, or the value of the property in controversy amounts to fifteen thousand dollars ($15,000) or less, except cases which involve the legality of any tax, impost, assessment, toll, or municipal fine, except such courts shall have jurisdiction in actions to enforce payment of

delinquent unsecured personal property taxes if the legality of the tax is not contested by the defendant.

(2) In actions for dissolution of partnership where the total assets of the partnership do not exceed fifteen thousand dollars ($15,000); in actions of interpleader where the amount of money or the value of the property involved does not exceed fifteen thousand dollars ($15,000).

(4) In all proceedings in forcible entry or forcible or unlawful detainer:

(A) In actions to recover possession of real property where rent is charged, and the amount of the last rental charged is one thousand dollars ($1,000) per month or less, and the whole amount of damages claimed is fifteen thousand dollars ($15,000) or less.

(B) In all other actions to recover possession of real property where the rental value is one thousand dollars ($1,000) per month or less, and the whole amount claimed is fifteen thousand dollars ($15,000) or less.

(5) In all actions to enforce and foreclose liens on personal property where the amount of such liens is fifteen thousand dollars ($15,000) or less.

(6) In all actions to enforce and foreclose liens of mechanics, materialmen, artisans, laborers, and of all other persons to whom liens are given under the provisions of Chapter 2 (commencing with Section 1181) of Title 4 of Part 3 of this code where the amount of such liens is fifteen thousand dollars ($15,000) or less; provided, that where an action to enforce any such lien is pending in a municipal or justice court, and affects property which is also affected by a similar action pending in a superior court, or where the total amount of such liens sought to be foreclosed against the same property by action or actions in a municipal or justice court aggregates an amount in excess of fifteen thousand dollars ($15,000) the municipal or justice court in which any such action, or actions, is, or are, pending, upon motion of any interested party, shall order such action or actions pending therein transferred to the proper superior court. Upon the making of such order, the same proceedings shall be taken as are provided by Section 399 with respect to the change of place of trial.

(8) To issue temporary restraining orders and preliminary

injunctions, to take accounts, and to appoint receivers where necessary to preserve the property or rights of any party to an action of which the court has jurisdiction; to appoint a receiver in aid of execution as provided in subdivision 4 of Section 564; to charge the interest of a debtor partner with payment of the unsatisfied amount of any judgment rendered by such court in the manner provided in Section 15028 of the Corporations Code, or any amendment thereof, and in such cases to appoint a receiver and to make any order or perform any act mentioned or authorized in such section; in proceedings under Section 689, or any amendments thereof, to determine title to personal property seized in an action pending in, or upon execution issued by, such court.

1176. (a) An appeal taken by the defendant shall not stay proceedings upon the judgment unless the judge before whom the same was rendered so directs.

(b) A new cause of action on the same agreement for the rental of real property shall not be barred because of an appeal by any party.

SEC. 3. It is the intention of the Legislature that the amendments to Section 1176 of the Code of Civil Procedure made by this act shall, and shall be construed to, overturn the holding of the court in the case of Woods-Drury, Inc. v. Superior Court (1936), 18 Cal. App. 2d 340, to the extent that the court in that case precluded a trial court from taking any action short of dismissal with respect to any unlawful detainer actions filed by a landlord because of a prior unlawful detainer action brought by the landlord where the judgment in such

prior action had not yet become final.

CHAPTER 959

An act to amend Sections 10143, 10161.75 and 10171 of, and to repeal and add Section 10171.6 of, the Business and Professions Code, relating to real estate.

SECTION 1. Section 10143 of the Business and Professions Code is amended to read:

10143 (a) Any person who attempts to negotiate a rental or who furnishes rental information to a prospective tenant for a fee paid by said prospective tenant shall give every such prospective tenant a contract or receipt, and in such contract or receipt shall undertake to repay any amount over and above the sum of twenty-five dollars ($25) service charge to the prospective tenant if the prospective tenant does not obtain a rental. A demand from the prospective tenant for the return of the fee, or any part of it, shall be made within 10 days following the final day on which the real estate licensee has contracted to perform services to the prospective tenant. The contract in no event shall exceed 90 days. In the event that rental information is not current or accurate in regard to the type of rental desired, the full fee shall be repaid to the tenant. Such contract or receipt shall also conform to the regulations adopted by the commissioner in order to effect disclosure of material information regarding the service to be provided to the prospective tenant.

(b) This section shall not apply to those persons purchasing rental information for purposes other than that of locating a rental unit for their personal use or the use of a designated person. The contract shall so provide and must be initialed by the purchaser. Any use of this exclusion, except in a bona fide manner, shall constitute a violation of this section.

SEC. 3. Section 10161.75 of the Business and Professions Code is amended to read:

10161.75. On or after January 1, 1981, the holder of an inactive license may reinstate or renew such license on an active basis only, provided the licensee presents evidence of compliance with all provisions of this part and is otherwise qualified.

SEC. 4. Section 10171 of the Business and Professions Code is amended to read:

10171 On and after January 1, 1981, no active real estate license shall be renewed unless the commissioner finds that the applicant for such renewal license has completed the continuing education

required by this chapter. Any denial of license renewal shall be subject to the provisions of Section 10100.

SEC 5 Section 10171 6 of the Business and Professions Code is repealed.

SEC 6 Section 10171.6 is added to the Business and Professions Code, to read·

10171.6. On and after January 1, 1981, the holder of an inactive license who applies for activation of the license shall present evidence of compliance with the continuing education requirements of this chapter if the applicant has not held an active real estate license within the four years immediately preceding the date of application for activation. If the applicant for activation is unable to present evidence of having satisfied the continuing education requirements of this chapter, the commissioner may upon a showing of hardship to the applicant activate the license for a period of not to exceed 90 days. If the licensee presents evidence of compliance with the continuing education requirements of this chapter within the period of active licensure authorized by the commissioner, the commissioner shall authorize activation for the remainder of the regular term of the license without any additional fee.

SEC. 7. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to these sections because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 960

An act to amend Sections 51227.5 and 51350 of, and to add Sections 51004.5, 51226.5, and 51227.7 to, the Health and Safety Code, relating to housing, and making an appropriation therefor.

[Approved by Governor September 22, 1979 Filed with Secretary of State September 22, 1979]

The people of the State of California do enact as follows:

SECTION 1 Section 51004 5 is added to the Health and Safety Code, to read·

51004.5. On or before May 1 of each year, commencing in 1980, the agency shall submit to the Legislature and the Governor, an annual plan for using its revenue bonding authority for the succeeding fiscal year consistent with meeting the legislative goals and requirements for the agency, including requirements relating to units made available in each of its programs or proposed programs

for low and very low income households, the allocations between elderly and family households, and requirements relating to units for new construction and substantial rehabilitation. The agency shall review and update each annual plan on a quarterly basis. The agency's ability to implement the plan shall be reported in the annual report required by Section 51005.

SEC. 2. Section 51226.5 is added to the Health and Safety Code, to read:

51226.5. (a) Notwithstanding the provisions of Section 51226, in each housing development financed by the agency and insured under a federal multifamily insurance program, the agency shall enter into a loan commitment only in conformance with the following requirements:

(1) With respect to housing developments financed prior to September 1, 1981, not less than 20 percent of the units shall be made available on a priority basis for very low income households. In housing developments financed on or after such date, not less than 25 percent of the units shall be made available on a priority basis for very low income households.

(2) With respect to housing developments financed prior to July 1, 1980, an additional 10 percent or more of the units shall be made available on a priority basis for other persons and families of low income if a subsidy for the housing development is provided through the agency. On and after such date, the requirement of this subdivision shall be applicable regardless of whether the subsidy is provided through the agency or directly by the federal government.

(b) Not less than 75 percent of the units in a housing development financed by the agency and insured under a federal multifamily insurance housing program shall be made available on a priority basis for persons and families of low or moderate income.

(c) The agency may provide financing for housing developments for the elderly that are insured under a federal insurance program when the requirements of subdivisions (a) and (b) are met and (1) a minimum of 35 percent of the units in the development are made available for persons and families of low income, or (2) a majority of the units in the housing development which are to be made available for low income households are reserved for non-elderly households.

SEC. 3. Section 51227.5 of Health and Safety Code is amended to read:

51227.5. (a) It shall be a goal of the highest priority for the agency to finance no less than 1500 units (representing approximately 25 percent of the total units financed) for very low income households with the proceeds of the first three hundred million dollars ($300,000,000) of additional bonding authority provided by amendments to Section 51350 enacted by the act adding this section.

(b) The agency shall allocate not less than 50 percent of the proceeds of bonds issued pursuant to such additional bonding authority for loans for new construction or the substantial

rehabilitation of housing units. This requirement shall apply to the initial loans made with the bond proceeds specified in this section and may be waived by the agency to the extent it interferes with the financing of housing units for very low income households.

(c) The agency shall include within the plans required to be prepared pursuant to Section 51004.5, a report on its progress toward and ability to achieve the goals and requirements of subdivisions (a) and (b). Reporting obligations under this subdivision shall cease upon full achievement of, and compliance with, such goals and requirements, or upon submitting a report to the Legislature and Governor pursuant to subdivision (d), whichever first occurs.

(d) If, and at such time as the board determines it is not possible to achieve the goals and requirements of subdivisions (a) and (b), the agency shall promptly report to the Legislature and the Governor the reasons therefor and make recommendations for legislative action, including such appropriations as may be necessary to increase the supply of housing units for very low income households

(e) Nothing in this section shall be construed to modify or limit the other provisions of this division, including the provisions of Section 51227.7.

SEC. 4. Section 51227.7 is added to the Health and Safety Code, to read:

51227 7 It shall be a goal of the agency that not less than 80 percent of the dollar amount of financing from proceeds of bonds issued after December 31, 1979, be used to fund loans for the new construction or substantial rehabilitation of housing. In no event shall the agency allocate less than 60 percent of the dollar amount of its financing from bond proceeds to fund loans (1) for new construction and substantial rehabilitation and (2) to make available subsidized rental units. This requirement shall apply to loans made after December 31, 1979, and shall be cumulative.

As used in this section, "substantial rehabilitation" means rehabilitation in which the costs of rehabilitation equal or exceed 20 percent of the value of the structure after rehabilitation.

SEC. 5 Section 51350 of the Health and Safety Code is amended to read.

51350. (a) The agency may from time to time, after action of the Housing Bond Credit Committee as provided in Section 51360, issue its negotiable bonds in such principal amount as the agency shall determine to be necessary to provide sufficient funds for financing housing developments and other residential structures and for the payment of interest on bonds of the agency, establishment of reserves to secure such bonds, and other expenditures of the agency incident to, and necessary or convenient to, issuance of such bonds.

(b) Sale of the bonds of the agency shall be coordinated by the State Treasurer To obtain a date for the sale of bonds, the agency shall inform the State Treasurer of the amount of the proposed issue. Upon such notification, the State Treasurer shall provide three

10-day periods, within the 90 days next following, when the bonds can be sold. The agency may choose any date during the suggested periods or any other date to which the agency and the State Treasurer have mutually agreed. The State Treasurer shall sell the bonds on the date chosen according to terms approved by the agency

The Housing Bond Credit Committee shall exercise its powers with due regard for the right of the holders of bonds of the agency at any time outstanding, and nothing in, or done pursuant to, this section shall in any way limit, restrict, or alter the obligation or powers of the agency or any member, officer, or representative of the agency or the State Treasurer to carry out and perform in every detail each and every convenant, agreement, or contract at any time made or entered into on behalf of the agency with respect to its bonds or its benefits, or the security of the holders thereof.

(c) Except as provided in subdivision (d), the aggregate principal amount of bonds, including both taxable and nontaxable bonds, which may be outstanding at any time pursuant to this part shall not exceed seven hundred fifty million dollars ($750,000,000), exclusive of the principal indebtedness of bonds issued to refund or renew previously issued bonds of the agency, to the extent of the outstanding principal indebtedness of the previously issued bonds and any redemption premimum thereon and any interest accrued or to accrue to the date of redemption of such bonds, during the period in which both the previously issued bonds and the refunding or renewal bonds are outstanding.

(d) On and after January 1, 1980, the aggregate principal amount of bonds, including taxable and nontaxable bonds, which may be outstanding at any time pursuant to this part shall be increased by seven hundred fifty million dollars ($750,000,000), exclusive of (1) bonds previously authorized pursuant to subdivision (c) and (2) the principal indebtedness of bonds issued to refund or renew bonds of the agency previously issued under the authority of this subdivision, but only to the extent of the outstanding principal indebtedness of the previously issued bonds and any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, during the period in which both the previously issued bonds and such refunding or renewal bonds are outstanding.

[Approved by Governor September 22, 1979 Filed with Secretary of State September 22, 1979]

The people of the State of California do enact as follows:

SECTION 1 It is the intent of the Legislature that the 1980 federal decennial census be as complete as possible. Such a complete census is essential if the State of California is to obtain its fair share of federal dollars and is necessary to ensure that state legislative and federal congressional districts, soon to be reapportioned, accurately reflect the population in this state.

In order to obtain an accurate count of the state population, there must be widespread public interest in the census and general understanding of the manner in which it is taken

SEC 2 The month of March in 1980 is hereby declared to be "Census Month" in the State of California. During this month, public educational agencies, including school districts, county offices of education, and the Department of Education, may conduct special informational programs regarding the census. Special materials, developed in cooperation with the United States Census Bureau, shall be disseminated by the Department of Education to all school districts and county offices of education for use in classrooms and to inform parents. All other state agencies may post and otherwise publicize information regarding the 1980 census

SEC 3. Basic curriculum materials regarding the census may be developed by the Department of Education in cooperation with the

United States Census Bureau, and shall be ready for use by school districts no later than six months prior to Census Month. Such materials may be used by school districts during the 1980 spring semester.

SEC. 4. The Department of Education shall report to the Legislature and to the Governor, by January 15, 1980, specifying the steps it will take to implement this act.

SEC. 5. The Department of Education may by interagency agreement seek funds made available in the Budget Act of 1979 to develop, print, and distribute materials supporting the activities of "Census Month".

CHAPTER 963

Notwithstanding the provisions of Sections 330a, 330b, and 330.1 to 330.5, inclusive, the sale, transportation, storage, and manufacture of gambling devices, as defined in Section 330.1, including the acquisition of essential parts therefor and the assembly of such parts, is permitted, provided such devices are sold, transported, stored, and manufactured only for subsequent transportation in interstate or foreign commerce when such transportation is not prohibited by any applicable federal law. Such activities may be conducted only by persons who have registered with the United States government pursuant to the provisions of Chapter 24 (commencing with Section 1171) of Title XV of the United States Code, as amended. Such gambling devices shall not be displayed to the general public or sold for use in California regardless of where purchased, nor held nor manufactured in violation of any applicable federal law. A violation of this section is a misdemeanor.

SEC. 2. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to these sections because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.
