The people of the State of California do enact as follows:

SECTION 1. Section 1026 of the Penal Code is amended to read

1026. (a) When a defendant pleads not guilty by reason of insanity, and also joins with it another plea or pleas, he shall first be tried as if he had entered such other plea or pleas only, and in such trial he shall be conclusively presumed to have been sane at the time the offense is alleged to have been committed. If the jury shall find the defendant guilty, or if the defendant pleads only not guilty by reason of insanity, then the question whether the defendant was sane or insane at the time the offense was committed shall be promptly tried, either before the same jury or before a new jury in the discretion of the court. In such trial the jury shall return a verdict either that the defendant was sane at the time the offense was committed or that he was insane at the time the offense was committed If the verdict or finding be that the defendant was sane at the time the offense was committed, the court shall sentence the defendant as provided by law. If the verdict or finding be that the defendant was insane at the time the offense was committed, the court unless it shall appear to the court that the defendant has fully recovered his sanity shall direct that the defendant be confined in a state hospital for the care and treatment of the mentally disordered or any other appropriate public or private mental health facility approved by the county mental health director, or the court may order the defendant to undergo outpatient treatment as specified in Section 1026.1. court shall direct that the defendant be confined in a state hospital or other public or private mental health facility approved by the county mental health director for a minimum of 90 days before such defendant may be released on outpatient treatment pursuant to Section 1026.1 or subdivision (f) of Section 7375 of the Welfare and Institutions Code.

(c) Prior to making such order directing that the defendant be confined in a state hospital or other facility or ordered to undergo outpatient treatment, the court shall order the county mental health director or his designee to evaluate the defendant and to submit to the court within 15 judicial days of such order his written recommendation as to whether the defendant should be required to undergo outpatient treatment or committed to a state hospital or another mental health facility. No person shall be admitted to a state hospital or other facility or accepted for outpatient treatment under this section without having been evaluated by the county mental health director or his or her designee. If the defendant is committed or transferred to a public or private mental health facility approved by the county mental health director, the court may, upon receiving the written recommendation of the county mental health director, transfer the defendant to a state hospital or to another public or private mental health facility approved by the county mental health director. The defendant or prosecuting attorney, if he chooses to contest either kind of order of transfer, may petition the court for a hearing which shall be held if the court determines that sufficient grounds exist. At such hearing the prosecuting attorney or the defendant may present evidence bearing on the order of transfer. The court shall use the same standards as used in conducting probation revocation hearings pursuant to Section 1203.2.

(e) Prior to making an order for transfer under this section, the court shall notify the defendant, the attorney of record for the defendant, the prosecuting attorney, and the county mental health director or his designee.

(f) If the defendant is committed to a state hospital or other facility, the medical director of the facility shall, at six-month intervals, submit a report in writing to the court, the prosecuting attorney, and the attorney of record for the defendant setting forth the status and progress of the defendant. SEC. 3. Section 1026.5 is added to the Penal Code, to read·

In fixing a term under this section, the board shall utilize the upper term of imprisonment which could have been imposed for the offense or offenses of which the person was convicted, increased by any additional terms which could have been imposed based on matters which were found to be true in the committing court. However, if at least two of the members of the board after reviewing the person's file determine that a longer term should be imposed for the reasons specified in Section 1170.2, a longer term may be imposed following the procedures and guidelines set forth in Section 1170.2, except that any hearings deemed necessary by the board shall be held within 90 days of the operative date of this section. Within 90 days of the date the person is received by the state hospital or other facility, or of the effective date of this subdivision, whichever is later, the Community Release Board shall provide each person with the determination of his maximum term of commitment or shall notify such person that he will be scheduled for a hearing to determine his term.

Within 20 days following the determination of the maximum term of commitment the board shall provide the person, the prosecuting attorney, the committing court, and the state hospital or other facility with a written statement setting forth the maximum term of commitment, the calculations, and any materials considered in determining the maximum term.

(3) In the case of a person committed to a state hospital or other facility pursuant to Section 1026 or 1026.1 who committed a misdemeanor, the maximum term of commitment shall be the longest term of county jail confinement which could have been imposed for the offense or offenses of which the person was found to have committed, and the person may not be kept in actual custody longer than this maximum term.

(4) Nothing in this subdivision limits the power of any state hospital or other facility or of the committing court to release the person, conditionally or otherwise, for any period of time allowed by any other provision of law.

(b) (1) A person may be committed beyond the term prescribed by subdivision (a) only under the procedure set forth in this subdivision and only if such person has been committed under Section 1026 for a felony subject to subdivision (b) of Section 1026 and who by reason of a mental disease, defect, or disorder represents a substantial danger of physical harm to others.

(2) If during a commitment, the medical director of a state hospital or other facility has good cause to believe that a patient is a person described in paragraph (1), the director may submit such

supporting evaluations and case file to the prosecuting attorney who may file a petition for extended commitment in the superior court which issued the original commitment. Such petition shall be filed no later than 90 days before the expiration of the original commitment. Such petition shall state the reasons for the extended commitment, with accompanying affidavits specifying the factual basis for believing that the person meets each of the requirements set forth in paragraph (1).

(3) At the time of filing a petition, the court shall advise the person named in the petition of his right to be represented by an attorney and of his right to a jury trial The rules of discovery in criminal cases shall apply.

(4) The court shall conduct a hearing on the petition for extended commitment. The trial shall be by jury unless waived by both the person and the prosecuting attorney. The trial shall commence no later than 30 days prior to the time the person would otherwise have been released, unless such time is waived by the person

All proceedings shall be in accordance with applicable constitutional guarantees. The state shall be represented by the district attorney who shall notify the Attorney General in writing that a case has been referred under this section. If the person is indigent, the county public defender or State Public Defender shall be appointed. (6) If the court or jury finds that the person is a person described in paragraph (1), the court may order the patient recommitted to the facility in which he was confined at the time the petition was filed for an additional period of two years from the date of termination of the previous commitment.

(7) A person committed under this subdivision shall be eligible for outpatient or parole release as provided in Section 1026.1 or Section 7375 of the Welfare and Institutions Code.

(8) Prior to termination of a commitment under this subdivision, a petition for recommitment may be filed to determine whether the person remains a person described in paragraph (1). Such recommitment proceeding shall be conducted in accordance with the provisions of this subdivision.

(9) Any commitment under this subdivision places an affirmative obligation on the treatment facility to provide treatment for the underlying causes of the person's mental disorder.

SEC. 4. It is the intent of the Legislature that the provisions of this act which provide for the extension of the commitment of a

defendant shall not affect an extension of the commitment of a person ordered prior to the effective date of this act as authorized by the decision of In re Moye, 22 Cal. 3d 457

SEC. 5 Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to these sections because this act merely affirms for the state that which has been declared existing law or regulation by action of the courts. CHAPTER 1116

An act to add Article 8.5 (commencing with Section 54235) to Chapter 5 of Part 1 of Division 2 of Title 5 of the Government Code, and to amend Section 118 of the Streets and Highways Code, relating to surplus property, and declaring the urgency thereof, to take effect

immediately

[Approved by Governor September 27, 1979 Filed with Secretary of State September 28, 1979.]

The people of the State of California do enact as follows:

SECTION 1. Article 8.5 (commencing with Section 54235) is added to Chapter 5 of Part 1 of Division 2 of Title 5 of the Government Code, to read:

Article 8.5. Surplus Residential Property

54235. The Legislature reaffirms its finding that the disposition of surplus property owned by public agencies should be utilized to further state policies.

The Legislature reaffirms its finding that there exists within the urban and rural areas of the state a serious shortage of decent, safe, and sanitary housing which persons and families of low or moderate income can afford, and consequently a pressing and urgent need for the preservation and expansion of the low and moderate income housing supply. The Legislature further reaffirms its finding that highway and other state activities have contributed to the severe shortage of such housing. The Legislature reaffirms that the provision of decent housing for all Californians is a state goal of the highest priority. The Legislature finds and declares that actions of state agencies including the sales of surplus residential properties which result in the loss of decent and affordable housing for persons and families of low or moderate income is contrary to state housing, urban development, and environmental policies and is a significant environmental effect, within the meaning of Article XIX of the California Constitution, which will be mitigated by the sale of surplus residential property pursuant to the provisions of this article.

The Legislature further finds and declares that the displacement of large numbers of persons as a result of the sale of surplus residential property owned by agencies of the state is a significant environmental effect, within the meaning of Article XIX of the California Constitution which will be mitigated by sale of such properties pursuant to the provisions of this article. The Legislature further finds that the effect of displacing small numbers of persons, as a result of individual sales, is a significant environmental effect, within the meaning of Article XIX of the California Constitution, which will be mitigated by the sale of surplus residential property pursuant to the provisions of this article.

The Legislature further finds and declares that the sale of surplus residential property pursuant to the provisions of this article will directly serve an important public purpose. Wherefore, the Legislature intends by this article to preserve, upgrade and expand the supply of housing available to persons and families of low or

moderate income. The Legislature further intends by this article to mitigate the environmental effects, within the meaning of Article XIX, of the California Constitution, caused by highway activities.

54236 (a) As used in this article, the term "offer" means to solicit proposals prior to sale in a manner calculated to achieve a sale under the conditions specified, and to hold such offer open for a reasonable period of time, which shall be no more than one year, unless such time is extended by the selling agency at its discretion, for a period to be specified by the selling agency.

(b) As used in this article, the term "affordable price" means, in the case of a purchaser, other than a lower income household, the price for residential property for which the purchaser's monthly payments will not exceed that portion of the purchasing household's adjusted income as determined in accordance with the regulations of the United States Department of Housing and Urban Development, issued pursuant to Section 235 of the National Housing Act; and, in the case of a purchaser that is a lower income household, the price for residential property for which the purchaser's monthly payments will not exceed that portion of the purchasing household's adjusted income as determined in accordance with the regulations of the United States Department of Housing and Urban Development issued pursuant to Section 8 of the United States Housing Act of 1937.

(c) As used in this article, the term "single-family residence" means a real property improvement used, or intended to be used, as a dwelling unit for one family.

(d) As used in this article, the term "surplus residential property" means land and structures owned by any agency of the state that is determined to be no longer necessary for such agency's use, and which is developed as single-family or multi-family housing, except property being held by the agency for the purpose of exchange.

Surplus residential properties shall only include land and structures which, at the time of purchase by the state, the state had intended to remove the residences thereon and to use the land for state purposes.

(e) As used in this article the term "displacement" includes, but is not limited to, persons who will have to move from surplus residential property that they occupy when it is sold by a state agency because they are unable to afford to pay the price which the state agency is asking for the residential property.

(f) As used in this article, the term "fair market value" shall mean fair market value as of the date the offer of sale is made by the selling agency pursuant to the provisions of this article. This definition shall not apply to terms of sale that are described as mitigation measures in an environmental study prepared pursuant to the Public Resources Code if such study was initiated prior to the enactment of this measure

(g) As used in this article, the term "affordable rent" means, in the case of an occupant person or family, other than a person or

family of low or moderate income, rent for residential property which is not more than 25 percent of the occupant household's gross monthly income, and in the case of an occupant person or family of low or moderate income, rent for residential property which is not more than the percentage of the adjusted income of the occupant person or family as permitted under regulations of the United States Department of Housing and Urban Development issued pursuant to Section 8 of the United States Housing Act of 1937, but not in excess of the market rental value for comparable property.

(h) As used in this article, the term "area median income" means median household income, adjusted for family size as determined in accordance with the regulations of the United States Department of Housing and Urban Development issued pursuant to Section 235 of the National Housing Act, as amended (P.L. 90-448), for the Standard Metropolitan Statistical Area (S.M.S.A.), in which surplus residential property to be disposed of pursuant to this article is located, or the county in which such property is located, if it is outside an S.M.S.A.

(i) As used in this article, the term "persons and families of low or moderate income" means persons and families of low or moderate income as defined by Section 50093 of the Health and Safety Code.

(j) As used in this article, the term "lower income households" means lower income households as defined in Section 50079.5 of the Health and Safety Code

54237. (a) Notwithstanding Section 11011.1, any agency of the state disposing of surplus residential property shall do so in accordance with the following priorities and procedures:

(1) First, all single family residences presently occupied by their former owners shall be offered to such former owners at the appraised fair market value.

(2) Second, all single-family residences shall be offered, pursuant to this article, to their present occupants who have occupied the property two years or more and who are persons and families of low or moderate income.

(3) Third, all single-family residences shall be offered, pursuant to this article, to their present occupants who have occupied the property five years or more and whose household income does not exceed 150 percent of the area median income.

(b) Single-family residences offered to their present occupants pursuant to paragraphs (2) and (3) of subdivision (a) shall be offered to such present occupants at an affordable price, which price shall not be less than the price paid by the agency for original acquisition, unless the acquisition price was greater than the current fair market value, and shall not be greater than fair market value When such single-family residences are offered to present occupants at a price which is less than fair market value, the selling agency shall impose such terms, conditions and restrictions to assure that such housing will remain available to persons and families of low or moderate income and households with incomes no greater than the incomes of the present occupants in proportion to the area median income. The

Department of Housing and Community Development shall provide to the selling agency recommendations of standards and criteria for such prices, terms, conditions and restrictions. The selling agency shall provide repairs required by lenders and government housing assistance programs.

(c) If single-family residences are offered to their present occupants pursuant to paragraphs (2) and (3) of subdivision (a) the occupants shall certify their income to the selling agency. When such single-family residences are offered to present occupants at a price which is less than fair market value, the selling agency may verify such certifications, in accordance with procedures utilized for verification of incomes of purchasers and occupants of housing financed by the California Housing Finance Agency. The income limitations and term of residency requirements of paragraphs (2) and (3) of subdivision (a) shall not apply to sales that are described as mitigation measures in an environmental study prepared pursuant to the Public Resources Code, if such study was initiated prior to the enactment of this measure

(d) All other surplus residential properties, and all properties described in paragraphs (1), (2), and (3) of subdivision (a) which are not purchased by the former owners or the present occupants shall be then offered to housing-related private and public entities at a reasonable price, which is best suited to economically feasible use of the property as decent, safe, and sanitary housing at affordable rents and affordable prices for persons and families of low or moderate income, on the condition that the purchasing entity shall cause the property to be rehabilitated and developed as limited equity cooperative housing with first right of occupancy to present occupants, except that where the development of such cooperative or cooperatives is not feasible, the purchasing agency shall cause the property to be used for low and moderate income rental or owner-occupied housing, with first right of occupancy to the present tenants. The price of the property in no case shall be less than the price paid by the agency for original acquisition unless the acquisition price was greater than current fair market value, and shall not be greater than fair market value. Subject to the foregoing, it shall be set at the level necessary to provide housing at affordable rents and affordable prices for present tenants and persons and families of low or moderate income When such residential property is offered at a price which is less than fair market value, the selling agency shall impose such terms, conditions and restrictions as will assure that such housing will remain available to persons and families of low or moderate income The Department of Housing and Community Development shall provide to the selling agency recommendations of standards and criteria for such prices, terms, conditions and restrictions.

(e) Any surplus residential properties not sold pursuant to subdivisions (a) to (d), inclusive, shall then be sold at fair market value, with priority given first to purchasers who are present

occupants and then to purchasers who will be owner occupants.

54238. In the event a purchaser of surplus residential property does not comply with terms, conditions, and restrictions imposed pursuant to Section 54237 of this article, to assure that such housing will remain available to persons and families of low or moderate income, the state agencies which sold the property may require that the purchasers pay the state the difference between the actual price paid by the purchaser for the property and the fair market value of such property, at the time of the agency's determination of noncompliance, plus 6 percent interest on such amount for the period of time the land has been held by the purchaser. This section does not limit the right to seek injunctive relief to enforce the provisions of this article.

54238.4. This article is intended to benefit persons and families subject to displacement and persons and families of low or moderate income. The article shall be liberally construed to permit such persons or families to enforce the rights, duties, and benefits created by the article.

54238.5. Failure to comply with the provisions of this article shall not invalidate the transfer, sale, or conveyance to a bona fide purchaser for value or an encumbrancer for value.

54238.6. If a provision of this article or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of this article which can be given effect without the invalid provision or application thereof, and to this end the provisions of this article are severable.

SEC. 2. Section 118 of the Streets and Highways Code is amended to read:

118 Whenever the department determines that any real property or interest therein, heretofore or hereafter acquired by the state for highway purposes, is no longer necessary for such purposes, the department may sell, contract to sell, sell by trust deed, or exchange such real property or interest therein in the manner and upon terms, standards, and conditions established by the commission. The payment period in any such contract of sale or sale by trust deed shall not extend longer than 10 years from the time such contract of sale or trust deed is executed, and any such transaction involving a contract of sale or sale by trust deed to private parties shall require a downpayment of at least 30 percent of the purchase price, except that, in the case of unimproved real property sold or exchanged for the purpose of housing for persons of low and moderate income, as defined in Section 50093 of the Health and Safety Code, the payment period may not exceed 40 years and the downpayment shall be at least 5 percent of the purchase price. All contracts of sale or sales by trust deed, for the purpose of housing for low and moderate income persons shall bear interest. The rate of interest for any such contract or sale shall be computed annually, and shall be the same as the average rate returned by the Pooled Money Investment Board for the past five fiscal years immediately

preceding the year in which the payment is made. Such contract of sale and sales by trust deeds shall not be utilized if the proposed development or sale qualifies for financing from other sources and if such financing makes feasible the provision of low and moderate income housing. Any such conveyance shall be approved by the commission and shall be executed on behalf of the state by the director and the purchase price shall be paid into the State Treasury to the credit of any fund, available to the department for highway purposes, which the commission designates.

Any such real property or interest therein may in like manner be exchanged, either as whole or part consideration, for any other real property or interest therein needed for state highway purposes.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that surplus residential properties owned by state agencies may be disposed of in a manner that will provide additional housing in this state, thereby improving the health and welfare of the residents of this state, at the earliest possible time, it is essential that this act take immediate effect.

CHAPTER 1119

An act to add Chapter 8 (commencing with Section 865) to Part 2 of Division 3 6 of the Government Code, relating to public liability, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 27, 1979. Filed with Secretary of State September 28, 1979]

The people of the State of California do enact as follows:

SECTION 1. Chapter 8 (commencing with Section 865) is added to Part 2 of Division 3.6 of the Government Code, to read:

CHAPTER 8. ACTIVITIES TO ABATE AN IMPENDING PERIL

865. The Legislature hereby finds and declares that:

(a) The gradual movement of land, such as in prehistoric slide areas, or as a result of subsidence due to the depletion of underground or subterranean supporting substances, such as minerals, petroleum sources, water, and similar substances, can result in danger to persons or property. Although the movement is gradual and expressed in terms of numbers of inches, feet or meters per day, week or year, at some point the forces that are exerted by the movement will sever underground utilities, such as water, sewer, gas, electricity or telephone services and can cause the destruction of aboveground structures whose foundations become undermined or where support is denied altogether. Unlike an earthquake or rapid rockslide or landslide, these gradual earth movements permit possible intervention to arrest the movement and avoid harm which is posed to persons or property. If there is an adequate manifestation of the problem before actual harm to persons or property, it is possible to make some determinations as to a method of remedial action which can abate the hazard. However, any undertaking to arrest the earth movement may not be successful or may have within it the potential for hastening the movement and the damages resulting from such movement. Regardless of how slight that potential for aggravating the damages, local public entities are unwilling to undertake action to alleviate the hazard if such undertaking may invite potential liability.

(b) It is the intent of the Legislature in enacting this chapter to create an incentive for local public entities, upon learning of the particular earth movement which will result in possible damage to substantial areas of property and constitute a threat of injury to persons, to undertake remedial action to abate the earth movement or protect against the danger therefrom without fear of incurring liability as a result of undertaking such action

866 (a) Subject to the provisions of subdivisions (b) and (c), in the event of public necessity and to avoid impending peril to persons

or property as a result of gradual earth movement, a local public entity is not liable for damages for injury to persons or property resulting from such impending peril or from any action taken to abate such peril providing the legislative body of the local public entity has, on the basis of expert opinion or other reasonable basis, done all of the following:

(1) On the basis of adequate evidence such as expert opinion or otherwise, found the existence of such impending peril.

(2) Determined appropriate remedial action to halt, stabilize, or abate such impending peril.

(3) Undertaken to implement such remedial action

As used in this chapter, "gradual earth movements" includes, but is not limited to, perceptible changes in the earth either in a subterranean area or at the surface, or both, which if not arrested or contained will over a gradual period of time result in damage to or destruction of underground or aboveground property or harm to persons. However, "gradual earth movement" does not include movement which is caused by activity undertaken by a local public entity for purposes other than the abatement of peril caused by gradual earth movement.

As used in this chapter, "local public entity" has the meaning set forth in Section 900.4.

(b) If the local public entity is unable to complete the steps described in paragraphs (1) to (3), inclusive, of subdivision (a) because of the cessation of the hazard or because such actions cannot be completed before the occurrence of the hazard sought to be avoided, or because such legislative body of such entity shall reasonably determine that such remedial action will not abate such danger, the immunity provided herein shall nevertheless apply to such actions by such local public entity.

(c) The immunity provided herein is in addition to any other immunity of the local public entity provided by law or statute, including this part, and any claim of liability based upon the impending peril or any action of the local public entity is subject to such immunities and any defenses that would be available to the local public entity if it were a private person.

867. An employee of a local public entity is not liable for damages for injury to persons or property resulting from an impending peril or from any action taken to abate such peril pursuant to Section 866.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect The facts constituting such necessity are.

In order to permit local public entities which are presently confronted with situations involving an impending peril to take immediate action, it is necessary that this act go into effect immediately.

CHAPTER 1120

An act to add Part 13 (commencing with Section 15950) to Division 3 of Title 2 of the Government Code, and to amend Sections 99203 and 99233.7 of, and to add Section 99204.5 to, the Public Utilities Code, relating to transportation, and making an appropriation therefor.

[Approved by Governor September 27, 1979 Filed with Secretary of State September 28, 1979.]

The people of the State of California do enact as follows:

SECTION 1. Part 13 (commencing with Section 15950) is added to Division 3 of Title 2 of the Government Code, to read:

PART 13. SOCIAL SERVICE TRANSPORTATION

CHAPTER 1. TITLE OF ACT AND POLICY

15950. This part shall be known and cited as the "Social Service Transportation Improvement Act."

15951. It is the intent of the Legislature, through the enactment of this part, to improve transportation service required by social service recipients by promoting the consolidation of social service transportation services so that the following benefits may accrue:

(a) Combined purchasing of necessary equipment so that some cost savings through larger number of unit purchases can be realized.

(b) Adequate training of vehicle drivers to insure the safe operation of vehicles Proper driver training should promote lower insurance costs and encourage use of the service.

(c) Centralized dispatching of vehicles so that efficient use of vehicles results.

(d) Centralized maintenance of vehicles so that adequate and routine vehicle maintenance scheduling is possible.

(e) Centralized administration of various social service transportation programs so that elimination of numerous duplicative and costly administrative organizations can occur. Centralized administration of social service transportation services can provide more efficient and cost effective transportation services permitting social service agencies to respond to specific social needs.

Consolidation of categorical program funds can foster eventual elimination of unnecessary and unwarranted program constraints.

15952. (a) Centralized administration of consolidated social service transportation services shall utilize, to the maximum extent possible, existing public and private administrative capabilities and

expertise Utilization of existing administrative capabilities and expertise shall not require employment of those public and private administrative personnel nor shall it preclude any consolidated agency from developing a necessary administrative organization

(b) Efficient and continual use of all existing sources of funding, utilized prior to the enactment of this part for social service transportation services, shall, to the maximum extent possible, be continued. Social service agencies participating in consolidation or coordination shall continue to maintain funding levels for consolidated services necessary to meet the transportation needs of their social service consumers. Rescinding or eliminating funding for consolidated services by any participating agency shall require cancellation of service to the agency's consumers by the consolidated agency Cancellation of such service shall not be required if recission or elimination of funding occurs because of a program change with respect to the source of funding.

(c) Consolidation of social service transportation services shall, to the maximum extent possible, utilize existing agency operating and maintenance personnel and expertise. Effective use of employees of participating agencies shall be achieved without mandating that such employees become directly employed by the designated consolidated agency.

(d) Consolidation of existing social service transportation services shall more appropriately be achieved if local elected officials are involved in the process. Local elected officials shall, to the maximum extent possible, be involved in the development of the action plans and other local actions necessary for the successful implementation of this part.

Chapter 2. Definitions

15955. Unless the context otherwise requires, the provisions of this chapter govern the construction of this part.

(d) Funding for these responsibilities of the Director of Finance shall be included in the proposed budget.

15972. The secretary shall contract for a study of the insurance problems of existing social service transportation services. The Department of Transportation and the Department of Insurance shall cooperate with the secretary in contracting for the study. The study shall be coordinated with efforts of the Social Service Transportation Task Force. Funding for this study shall be provided pursuant to Section 15980.

15973 The transportation planning agencies and the county transportation commissions shall prepare, adopt, and submit reports to the secretary on all existing social services transportation services in their respective geographic areas Funding for these reports shall be provided from local transportation funds made available under the Mills-Alquist-Deddeh Act (Chapter 4 (commencing with Section 99200), Part 11, Division 10 of the Public Utilities Code) The reports shall include, but not be limited to, the following·

Upon completion of the report required pursuant to Section 15973, the transportation planning agencies and the county transportation commissions shall prepare, adopt, and submit an action plan to the secretary, not later than December 31, 1981, that describes in detail the steps required to accomplish the consolidation of social service transportation services The action plan shall substantiate that one or more of the benefits indicated in Sections 15951 and 15952 are feasible for such services in a given geographic area. The action plan shall include, but not be limited to, the following

(a) The designation of consolidated transportation service agencies within the geographic area of jurisdiction of the

transportation planning agency or county transportation commission. The action plan may designate more than a single agency or multiple agencies as consolidated transportation service agencies, if improved coordination of all services is demonstrated within the geographic area

The action plan may also specify that the consolidation of some services and the coordination of other services is the most feasible approach, at the time the action plan is submitted, which will provide improved efficiency and effectiveness of such services.

(b) The identification of the social service recipients to be served, of funds available for use by the consolidated or coordinated services, and of an orderly strategy and schedule detailing the steps required to develop the financial program and management structure necessary to implement consolidated or coordinated services.

While it is probable that certain courses of action will prove to be most efficient and effective in obtaining the benefits of a consolidated transportation service, the Legislature recognizes that the action plan for each service area could differ.

CHAPTER 6. STATE REVIEW

15980. The secretary shall be responsible for generally monitoring the implementation of this part and submitting a report to the Governor and Legislature on January 1, 1981, and January 1, 1982, on significant problems or issues that arise concerning implementation of this part. If the secretary denies the request, it shall be forwarded to the California Transportation Commission, which shall render a decision within 60 days after receiving it.

The request for exemption shall be granted if, on the basis of information submitted with the request, the secretary or the commission, as the case may be, finds that the effectiveness of the social transportation service provided the recipients would be impaired by consolidation or coordination.

(b) The secretary shall work closely with the Social Service Transportation Task Force to adequately inform social service program managers about these requirements well in advance of the deadlines outlined in this section.

(c) The commission shall periodically review, as it deems necessary, the performance of the designated agencies to determine compliance with the action plans and conditions for approval.

(b) Physically handicapped adults who cannot leave their homes due to the extent of their handicaps.

(c) Geriatrics who, due to old age debilitation, fear of a fast-moving society and the possibility of bodily harm, are afraid to go out.

(d) Physically handicapped adults who are capable of interacting in programs for the handicapped, but because of their limitations have been overprotected by their guardians

(e) Physically or mentally handicapped individuals who have become so depressed that they have withdrawn from all social interaction and are confined as a result of psychological handicaps.

CHAPTER 1123

An act to add Sections 25135, 25136, and 25137 to, and to add Chapter 7.3 (commencing with Section 25630) and Chapter 7.6 (commencing with Section 25675) to Division 15 of, the Public Resources Code, relating to energy, and making an appropriation therefor.

CHAPTER 7.3. RESIDUE CONVERSION

25630. This chapter shall be known and may be cited as the "State Agricultural and Forestry Residue Utilization Act of 1979."

25631. The Legislature hereby finds and declares that residues from the agricultural and forestry industries are potential energy resources that should become an important element of the state's energy supply mix.

25631.5. (a) The Legislature further finds and declares that residues are a plentiful and renewable energy source which could substantially replace or supplement the use of oil, gas, and other fossil fuels, and which may create new industries and employment opportunities

(b) The Legislature further finds and declares that financial commitment by public agencies, public and private utilities, and private industry for the expeditious development and deployment of residue conversion technologies depends upon credible and timely demonstrations of the feasibility, efficiency, environmental acceptability, and reliability of this technology in units of commercial scale.

25632. It is the intent of the Legislature in enacting this chapter

to promote the immediate development and implementation of residue conversion as an energy generating technology, and to provide funds to encourage the development and demonstration of residue conversion. It is further the intent of the Legislature to encourage private sector, public utility, and investor-owned utility participation in this program, to the greatest extent possible.

25632.5. As used in this chapter:

(a) "Account" means the State Agricultural and Forestry Residue Utilization Account.

(b) "Equipment" means all hardware, buildings, and facilities needed to handle, store, process, convert, and utilize for the operation of a residue conversion technologies demonstration project, including environmental controls. It does not include land or nonrecoverable structures such as foundations. It does include installation costs.

25633. The commission, as the lead agency, in consultation with the Department of Forestry, the Solid Waste Management Board, the Department of Food and Agriculture, the State Air Resources Board, and the State Water Resources Control Board, and the Department of Finance, shall do all of the following:

The criteria shall recognize the intent of the Legislature that the commission select and provide substantial support for projects such as, but not limited to, combustion, anaerobic digestion, and gasification. The criteria for selection of projects shall include, but not be limited to, those projects which do all of the following:

(1) Reduce the consumption of petroleum fuels.

(2) Utilize residues with the greatest energy potential.

(3) Utilize a technology with the potential for widespread adoption throughout California.

(4) Promote the use of cogeneration or other methods of increasing end use efficiency.

(5) Reduce the environmental impacts of current methods of residue disposal.

(6) Emphasize near-term economic and technical feasibility.

25634 (a) Funds appropriated to the commission for the purpose of funding projects selected pursuant to subdivision (c) of Section 25633 shall be disbursed, in a manner determined by the commission, for the purchase or construction of all or part of the equipment necessary for operation of a project. Title to specific

equipment acquired by the state for the project shall remain with the state until purchased by a project proponent pursuant to paragraph (2) of subdivision (c).

(b) The project proponents shall submit detailed work programs, schedules, estimates, and such other information as may be required by the commission.

(c) The commission shall require the project proponent, as a condition of eligibility, to:

(1) Fund the entire cost of a project except for equipment funded pursuant to subdivision (a).

(2) Enter into an agreement for purchase of equipment funded pursuant to subdivision (a) if the equipment has been determined to be successful. Successful performance of the equipment shall be determined by engineering performance specifications agreed to by the project proponent and the commission. The time for determination of successful performance shall be agreed upon by the project proponent and the commission. The amount of the purchase of the equipment shall be equal to the amount disbursed by the commission for the equipment pursuant to subdivision (a). If the purchased equipment meets specifications, but the project proves not economical or technologically feasible for other reasons, the state shall secure the equipment for resale. If the purchased equipment does not meet specifications, the state shall assist the industry in enforcing the contract with the equipment supplier or negotiating a reduced cost to the state if the overall project is satisfactory to both industry and the state in proportion to the degree to which the equipment meets specifications.

(d) The commission shall establish selection criteria for projects based on the recommendations of the Department of Forestry and the Department of Food and Agriculture, which shall submit their recommendations to the commission not later than February 1, 1980.

25634.1. SEC 8. Section 9.4 is added to Chapter 819 of the Statutes of 1971, to read:

Sec. 9.4. (a) The board at a regular, special, or continued meeting between March 15 and April 15 of each year shall hold a public hearing to consider the necessity, amount, and rates of a municipal ground water assessment, an agricultural ground water assessment, and a domestic ground water assessment, if any, to be levied for the then current calendar year and charges to be made for stream-delivered water to the extent that such charges for stream-delivered water are not controlled by contract or agreement.

(b) Notice of the hearing shall be published pursuant to Section 6061 of the Government Code at least 10 days prior to the date of the hearing. Any person interested in the district may, in person or by representative, appear and submit evidence concerning the water conditions of the district, the financial needs of the district, proposals

for rates, and other relevant matters.

(c) Following the hearing, and prior to April 15 of that year, the board may, by adoption of an ordinance, determine, levy, and assess a municipal ground water assessment against all owners of water-producing facilities within the district which produce municipal ground water during the current year and an agricultural ground water assessment against all owners of water-producing facilities within the district which produce water from the ground during the current year for agricultural purposes and a domestic ground water assessment against all owners of water-producing facilities within the district which produce domestic ground water and shall determine and fix charges for stream-delivered water for the current year to the extent that such charges for stream-delivered water are not governed by contract or agreement.

(d) The method of computing ground water assessments and charges for stream-delivered water may be uniform for all water-producing facilities or may be uniform for each of several classes of water-producing facilities. The board shall, by rule, establish one or more methods to be used in computing the amount of water production from a water-producing facility which is not measured by a water-measuring device approved by the collector. Such methods shall be established by rule adopted by the board and may be based on any criteria which may be used to determine or estimate with reasonable accuracy the amount of water production.

(e) The board, by rule, may waive any assessment upon any class or classes of water-producing facilities which it determines because of the small amount of water produced by such facilities, would yield to the district a sum less than the estimated cost of making and collecting the assessment.

(f) Any ground water assessment or charges for stream-delivered water levied or made pursuant to this section shall be in addition to any general assessment levied by the district.

(g) Clerical errors in the name of any owner or in other recorded information, or in the making or extension of any assessment upon the records which do not affect the substantial rights of the subject owner or owners shall not invalidate the assessment

(h) The procedure established by Sections 9 to 9.4, inclusive, shall not be applicable for calendar year 1979. The rates for calendar year 1979 only are established as follows:

(1) The domestic ground water assessment shall be ten dollars ($10) per domestic use unit, as such unit is established by the board.

(2) The rate for sales of stream-delivered water shall be seven dollars and sixty cents ($7.60) per acre-foot of water

(3) The agricultural ground water assessment rate shall be one dollar and sixteen cents ($1.16) per acre-foot of water.

(4) The municipal ground water assessment rate shall be set at three dollars ($3) per acre-foot of water

It is not the intent of the Legislature that the rates set for 1979 shall

serve as precedent for future rates.

(i) For calendar year 1980 and thereafter, water rates shall be established in accordance with Sections 9 to 9.4 except that no rate may be established in any calendar year which exceeds the individual rates set in paragraph (1), (2), or (3) of subdivision (h) by 20 percent plus a factor to reflect the percentage increase in the federal consumer price index with calendar year 1979 as a base; provided, however, that this subdivision (i) shall not be effective from and after the date of any election in which a majority of those electors voting approve a contract by the district for new supplemental water or approve bonds for financing a distribution system for new supplemental water

(j) During calendar year 1980 and thereafter, water rates shall be established by ordinance following public notice. Such ordinances shall be subject to referendum, provided, however, that no referendum shall modify or affect the terms of any bond resolution issuing bonds approved by the voters.

SEC 9. There is presently underway a study by representatives of the City of Stockton, the County of San Joaquin, the Stockton-East Water District, and public representatives of the possibility of dividing the Stockton-East Water District into a municipal agency and an agricultural agency. The board of directors of the district shall file a report as to the practicality and method of such a division with the Legislature not later than July 1, 1980.

SEC 10. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because this act is in accordance with the request of a local governmental entity which desires legislative authority to carry out the program specified in this act.

SEC. 11 This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are.

In order to permit increased charges for stream-delivered water to be made by the Stockton-East Water District during the current year and to thereby provide adequate revenue to finance the cost of providing stream-delivered agricultural water, it is necessary that this act go into immediate effect

(b) In addition to the weights specified in subdivision (a), two consecutive sets of tandem axles may carry a gross weight of 34,000 pounds each if the overall distance between the first and last axles of such consecutive sets of tandem axles is 36 feet or more. The gross weight of each set of tandem axles shall not exceed 34,000 pounds and the gross weight of the two consecutive sets of tandem axles shall not exceed 68,000 pounds.

(c) In addition to the weights specified in subdivision (a), two consecutive sets of tandem axles on a combination of vehicles may carry a gross weight of 64,000 pounds if the overall distance between the first and last axles of the consecutive sets of tandem axles is not less than 25 feet nor more than 33 feet, and if the gross weight carried by each set of axles does not exceed 32,000 pounds.

(d) The distance between axles shall be measured to the nearest whole foot. When a fraction is exactly six inches, the next larger whole foot shall be used.

(e) Nothing contained in this section shall affect the right to prohibit the use of any highway or any bridge or other structure thereon in the manner and to the extent specified in Article 4 (commencing with Section 35700) and Article 5 (commencing with Section 35750) of this chapter.

(f) The gross weight limits expressed by this section and Section 35550 shall include all enforcement tolerances

This section shall remain in effect only until December 31, 1983, and as of such date is repealed, unless a later enacted statute, which is chaptered before December 31, 1983, deletes or extends such date.

SEC. 2 Section 35551 is added to the Vehicle Code, to read:

35551. (a) Except as otherwise provided in this section or Section 35551.5, the total gross weight in pounds imposed on the highway by any group of two or more consecutive axles shall not exceed that given for the respective distance in the following table:

CHAPTER 1130

An act to add Sections 39037.1 and 41515 to the Health and Safety Code, relating to air pollution.

[Approved by Governor September 27, 1979. Filed with Secretary of State September 28, 1979.]

The people of the State of California do enact as follows:

SECTION 1. Section 39037.1 is added to the Health and Safety Code, to read:

39037.1. "Marine vessel" means any tugboat, tanker, freighter, passenger ship, barge, or other boat, ship, or watercraft, except those used primarily for recreation.

SEC. 2 Section 41515 is added to the Health and Safety Code, to read:

41515. (a) The board shall prepare and submit to the Legislature its recommendations with regard to the regulation of marine vessels on or before January 1, 1981 The report shall be prepared in consultation with the maritime industry, air pollution control districts, and members of the public.

(b) The board shall not adopt any regulation to implement the study recommendations or otherwise establish emission requirements for marine vessels prior to July 1, 1981.

(c) Nothing in this chapter shall be construed to prohibit enforcement of any rule or regulation governing marine vessels which had been adopted by any local air pollution control district prior to July 1, 1979, or is amended thereafter.

CHAPTER 1131

An act to amend Section 955.1 of the Government Code, to amend Section 19167, as added by Senate Bill No. 445, of the Health and Safety Code, and to amend Sections 2621.5 and 2621.6 of the Public Resources Code, relating to geologic hazards.

[Approved by Governor September 27, 1979 Filed with Secretary of State September 28, 1979]

The people of the State of California do enact as follows:

SECTION 1. Section 955.1 of the Government Code is amended to read:

955.1. (a) The science of earthquake prediction is developing rapidly and, although still largely in a research stage, such predictions are now being initiated and are certain to continue into the future Administrative procedures exist within the Office of Emergency Services to advise the Governor on the validity of earthquake predictions. Numerous important actions can be taken by state and local governments and special districts to protect life and property in response to earthquake predictions and associated warnings. It is the intent of this legislation to insure that such actions are taken in the public interest by government agencies acting in a responsible manner without fear of consequent financial liabilities.

(b) The Governor may, at his discretion, warn the public as to the existence of an earthquake prediction determined to have scientific validity. The state and its agencies and employees shall not be liable for any injury resulting from the issuance or nonissuance of a warning pursuant to this subdivision or for any acts or omissions in fact gathering, evaluation, or other activities leading up to the issuance or nonissuance of a warning.

(c) The state, its agencies, its political subdivisions, and public employees may, on the basis of a warning issued pursuant to subdivision (b), take, or fail or refuse to take, any action with relation to the warning which is otherwise authorized by law. In taking, or failing or refusing to take such action, the state, its agencies, its political subdivisions, and public employees shall not be liable for any injuries caused thereby.

(d) An earthquake warning issued by the Governor pursuant to subdivision (b) is a sufficient basis for a declaration of a state of emergency or local emergency as defined by Section 8558. The state, its agencies, its political subdivisions, and public employees shall be immune from liability in accordance with all immunity provisions applicable during such state of emergency or local emergency

SEC. 2. Section 19167 of the Health and Safety Code, as added by Senate Bill No. 445, is amended to read:

19167. No city, city and county, or county, nor any employee of any such entity, shall be liable for damages for injury to persons or

property, resulting from an earthquake or otherwise, on the basis of any assessment or evaluation performed, any ordinance adopted, or any other action taken pursuant to this article, irrespective of whether such action complies with the terms of this article, or on the basis of failure to take any action authorized by this article. The immunity from liability provided herein is in addition to all other immunities of the city, city and county, or county provided by law.

SEC. 3. Section 2621 5 of the Public Resources Code is amended to read:

2621.5. It is the purpose of this chapter to provide for the adoption and administration of zoning laws, ordinances, rules, and regulations by cities and counties in implementation of the general plan that is in effect in any city or county. The Legislature declares that the provisions of this chapter are intended to provide policies and criteria to assist cities, counties, and state agencies in the exercise of their responsibility to prohibit the location of developments and structures for human occupancy across the trace of active faults as defined by this board.

This chapter is applicable to any project, as defined in Section 2621.6, upon issuance of the official special studies zones maps to affected local jurisdictions, but does not apply to any development or structure in existence prior to May 4, 1975. The implementation of this chapter shall be pursuant to policies and criteria established and adopted by the State Mining and Geology Board.

SEC. 4. Section 2621.6 of the Public Resources Code is amended to read.

2621.6. (a) As used in this chapter, "project" means:

(1) Any subdivision of land which is subject to the Subdivision Map Act, Division 2 (commencing with Section 66410) of Title 7 of the Government Code, and which contemplates the eventual construction of structures for human occupancy.

(2) Structures for human occupancy, with the exception of:

(A) Single-family wood frame dwellings to be built on parcels of land for which geologic reports have been approved pursuant to the provisions of paragraph (1) of this subdivision.

(B) A single-family wood frame dwelling not exceeding two stories when such dwelling is not part of a development of four or more dwellings.

(b) For the purposes of this chapter, a mobilehome whose body width exceeds eight feet shall be considered to be a single-family wood frame dwelling not exceeding two stories.

SEC 5. Section 2 of this act shall become operative only if Senate Bill No. 445 is enacted by the Legislature at the 1979–80 Regular Session and, in such case, at the same time as Senate Bill No. 445 takes effect.

SEC. 6. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to these sections because the duties, obligations, or responsibilities imposed on local government by this act are minor in nature and will not

cause any financial burden to local government. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code

---

CHAPTER 1132

An act to add Chapter 4.5 (commencing with Section 19350) to Part 2 of Division 10 of the Welfare and Institutions Code, relating to habilitation services, and making an appropriation therefor

[Approved by Governor September 28, 1979 Filed with Secretary of State September 29, 1979]

I am deleting the $3,847,000 appropriation contained in Section 2 of Assembly Bill No 1164

This appropriation is unnecessary at this time since the new rate system will not go into effect until July 1, 1980 Appropriate financing will be accomplished through the budget process and submitted as part of my proposed 1980–81 budget Necessary funds should be appropriated to the Department of Developmental Services and not to the Department of Rehabilitation

In addition, late amendments to the bill erroneously eliminated the Department of Finance from review of the proposed regulations I will instruct the Department of Rehabilitation to submit these regulations to Finance for approval, as the author has indicated he intended

With this deletion, I approve Assembly Bill No 1164

Edmund G Brown, Jr , Governor

The people of the State of California do enact as follows

SECTION 1 Chapter 4.5 (commencing with Section 19350) is added to Part 2 of Division 10 of the Welfare and Institutions Code, to read:

CHAPTER 4.5. HABILITATION SERVICES FOR THE DEVELOPMENTALLY DISABLED

19350 The Legislature reaffirms its intent that habilitation services for developmentally disabled adults should be planned and provided as a part of a continuum and that habilitation services should be available to enable persons with developmental disabilities to approximate the pattern of everyday living available to nondisabled people of the same age. The Legislature further intends that habilitation services shall be provided to adults with developmental disabilities as specified in this chapter in order to guarantee the rights stated in Section 4502

19351. It is the intent of the Legislature that the department shall establish an interdepartmental coordinating group to include at minimum the Director of Rehabilitation, the Director of Developmental Services, the Director of Mental Health, the Director of Social Services, the Superintendent of Public Instruction and the Chancellor of the California Community Colleges, or a

designee of each of these officers, and consumer representatives of each major disability group and service providers affected by habilitation programs, for purposes of coordinating the state's efforts to enhance the effectiveness of the continuum of community habilitation services It is further the intent of the Legislature that no new costs be incurred in establishing and operating such coordinating group, since each state agency can participate through reallocation of existing resources.

19352. As used in this chapter.

(a) "Habilitation services" means those community-based services purchased or provided for adults with developmental disabilities to prepare them for competitive employment, to prepare and maintain them at their highest level of vocational functioning, or to prepare them for referral to vocational rehabilitation services.

(b) "Individual program plan" means the overall plan developed by a regional center pursuant to Section 4646.

(c) "Habilitation component" means the plan developed for each eligible person for whom services are purchased under this chapter.

(d) "Department" means the State Department of Rehabilitation.

(e) "Work activity program" includes, but is not limited to, those programs licensed under existing regulations as sheltered workshops, or workshops or work activity centers.

19353. A person shall be eligible for habilitation services under this chapter when all of the following exist:

(a) The person is an adult who has been diagnosed as developmentally disabled.

(b) The disability of the person is so severe that he or she does not presently have potential for competitive employment.

(c) The person has been determined by the Department of Rehabilitation to be too disabled to benefit from vocational rehabilitation services.

(d) The person is determined to be in need of habilitation services in an individual program plan developed by a regional center pursuant to Section 4646.

19354 The individual program plan shall remain in effect as the overall service plan that is the responsibility of the regional center except that the department shall be responsible for the development of the habilitation component of the individual program plan and the purchase of habilitation services through a contract with the State Department of Develomental Services It is the intent of the Legislature that no person shall lose services as a result of such contractual agreement. By April 1, 1980, the department and the State Department of Developmental Services shall enter into an interagency agreement defining the roles and responsibilities of each in relation to the individual program plan and the purchase of services as determined in Section 19358. It is further intended that funds referred to in subdivisions (a) and (b) of Section 19358 be used only for the purposes stated therein.

19354.5. On July 1, 1982, funds for habilitation services, as defined under this chapter, shall be appropriated in the Budget Act to the department which, notwithstanding Section 19354, shall not thereafter be required to contract with the State Department of Developmental Services under that section, unless a report submitted on or before January 1, 1982, to the Legislature and the Governor, by the department and the State Department of Developmental Services contains findings and a recommendation that such appropriation should not be made to the department based on an evaluation of the following criteria:

(a) Effective implementation of the interagency agreement specified in Section 19354.

(b) Service quality assurance.

(c) Cost effectiveness.

(d) Cost containment.

(e) Protections for persons receiving services.

(f) Equitable rate system.

It is the intent of the Legislature that all persons receiving service at the end of any fiscal year shall be continued in service as identified in the habilitation component of the individual program plan in the subsequent fiscal year.

19355. On and after July 1, 1980, the department shall purchase at reasonable cost, as defined in Section 19356, such habilitation services as it determines necessary for eligible adults with developmental disabilities from accredited community nonprofit work activity programs. Habilitation services shall continue as long as reasonable progress is being made toward achieving the objectives of the individual program plan or as long as such services are determined jointly by the regional centers and the department to be necessary to maintain the current level of functioning of the person.

19356. The department shall promulgate regulations to establish rates, after consulting with the State Department of Developmental Services and subject to the approval of the department, by July 1, 1980. The regulations shall provide for an equitable ratesetting procedure in which each specific allowable service, activity, and provider administrative cost comprising an overall habilitation service, as determined by the department, reflects the reasonable cost of the service. Reasonable costs shall be determined and audited by the department annually.

19357. The department shall also:

(a) Work cooperatively with appropriate state agencies to ensure uniformity in service systems applying to community programs providing habilitation services and their eligible recipients of service in such areas as:

(1) Eligibility requirements;

(2) Program planning and evaluation;

(3) Accreditation standards;

(4) Rate setting.

(b) Assist in the development of new and innovative work activity

programs for adults with developmental disabilities in the community.

19358 By February 1, 1980, the State Department of Developmental Services shall, in cooperation with regional centers, determine all of the following.

(a) The exact amounts for work activity program funds budgeted or encumbered, or both, for each person by each regional center in fiscal year 1979–80 and projected for fiscal year 1980–81.

(b) The amount of funds budgeted or encumbered, or both, in 1979–80 and 1980–81 by each regional center to provide transportation for persons receiving such services.

(c) The amount to cover the cost to administer these work activity program and transportation funds.

19358.5. Those persons who are receiving services from day training and activity centers purchased by regional centers shall be evaluated and referred as appropriate by regional centers through a contract between the State Department of Developmental Services and the department for habilitation services no later than July 1, 1981

19359. Nothing in this chapter shall be interpreted to mean that agencies other than regional centers may not refer developmentally disabled adults with funding from other sources to work activity programs or the department

19360. The Director of Rehabilitation, in consultation with the Director of General Services, shall, by February 1, 1980, report to the Assembly Subcommittee on Mental Health and Developmental Disabilities and the Senate Health and Welfare Committee on methods of utilizing the provisions of Sections 19403 and 19404 to increase the financial stability of work activity programs.

19361. The work activity programs shall, at the request of the department or the regional center, release accreditation and state licensing reports.

SEC. 2. The sum of three million eight hundred forty-seven thousand dollars ($3,847,000) is hereby appropriated from the General Fund to the Department of Rehabilitation for expenditure as follows:

(a) For the purposes of carrying out this act, the sum of seven hundred forty-seven thousand dollars ($747,000);

(b) For the purchase of services pursuant to this act, commencing July 1, 1980, the sum of three million one hundred thousand dollars ($3,100,000).

[Approved by Governor September 28, 1979 Filed with Secretary of State September 29, 1979]

I am deleting the $585,000 appropriation contained in Section 29 of Assembly Bill No 339 The appropriation is unnecessary AB 8 contains sufficient funds for the schools in 1979–80

With this deletion, I approve Assembly Bill No 339

Edmund G Brown Jr , Governor

The people of the State of California do enact as follows:

SECTION 1. Section 11836 of the Health and Safety Code, as amended by Section 58 of Chapter 282 of the Statutes of 1979, is amended to read.

11836. Each county shall provide matching funds for programs and services provided by the county under this part, as follows:

SEC. 2 Section 11836 of the Health and Safety Code, as added by Section 58.5 of Chapter 282 of the Statutes of 1979, is amended to read:

11836. The cost of all services specified in the approved county program budget shall be financed on a basis of 90 percent state funds and 10 percent county funds, except that services to be financed from other public or private sources as provided for in the county program budget shall not be considered for purposes of state and county matching funds under this part. Where the services specified in the approved program budget are provided pursuant to other general health or social programs, only that portion of the service dealing with the prevention of alcoholism, and the treatment and rehabilitation of alcoholics and their families may be financed under this division.

For the purposes of this section, "county program budget" shall mean the total of state funds to be advanced to the county and the required county match.

SEC. 3. Section 4011.1 is added to the Penal Code, to read:

4011 1. Notwithstanding Section 29602 of the Government Code and any other provisions of this chapter, a county, city or the Department of the Youth Authority is authorized to make claim for and recovery of the costs of necessary hospital, medical, surgical, dental, or optometric care rendered to any prisoner confined in a county or city jail or any juvenile confined in a detention facility, who would otherwise be entitled to such care under the Medi-Cal Act (Chapter 7 (commencing with Section 14000) Part 3, Division 9, Welfare and Institutions Code), and who is eligible for such care on the first day of confinement or detention, to the extent that federal financial participation is available, or under the provisions of any private program or policy for such care, and the county, city or the Department of the Youth Authority shall be liable only for the costs

of such care as cannot be recovered pursuant to this section. No person who is eligible for Medi-Cal shall be eligible for benefits under the provisions of this section, and no county or city or the Department of the Youth Authority is authorized to make a claim for any recovery of costs for services for any such person, unless federal financial participation is available for all or part of the costs of providing services to such persons under the Medi-Cal Act. Necessary hospital, medical, surgical, dental, or optometric care as used in this section does not include care rendered with respect to an injury caused during confinement in a county or city jail or juvenile detention facility.

The Legislature finds and declares that public health services, which are financed and provided by county government in most of the counties in this state, are both financed and provided by a special district in San Joaquin County. As a result of the passage of Proposition 13 at the June 6, 1978, statewide election, the funding levels of special districts are far below those of county government. In order to assure that public health services in the San Joaquin Health District are supported at the same level such services would be supported if they were provided by the county, additional funds are provided to this special district pursuant to this section.

CHAPTER 1134

An act to add and repeal Article 4 5 (commencing with Section 360) to Chapter 2 of Part 1 of Division 1 of the Health and Safety Code, relating to health, and making an appropriation therefor.

[Approved by Governor September 28, 1979 Filed with Secretary of State September 29, 1979.]

I am reducing the appropriation contained in Section 2 of Senate Bill No. 111 from $3,833,700 to $2,100,000 by reducing Schedule (2) from $184,000 to $140,000 and Schedule (3) from $3,589,700 to $1,900,000

This reduction will still allow for the initiation of a dental disease prevention program in grades K-3 It will also build on the efforts of the California Dental Service over the next few years in reducing dental disease in children

Edmund G Brown Jr , Governor

The people of the State of California do enact as follows:

SECTION 1. Article 4.5 (commencing with Section 360) is added to Chapter 2 of Part 1 of Division 1 of the Health and Safety Code, to read

Article 4 5 Dental Disease Prevention Programs for Children

360 The Legislature finds that 95 percent of all children in California have dental disease in the form of dental caries and periodontal disease. Dental disease in childhood can and does result in significant lifetime disability, dental pain, missing teeth, periodontal disease, and the need for dentures. Poor nutrition in childhood is a major contributing factor in lifetime dental disability. The cost of treating the results of dental disease is on the increase and may exceed five hundred million dollars ($500,000,000) per year in California, of which one hundred twenty-five million dollars ($125,000,000) would be paid by the State of California.

The Legislature also finds that dental disease in children and the resultant abnormalities in adults can be prevented by education and treatment programs for children It is the intent of the Legislature in enacting this article to establish for children in kindergarten

through sixth grade preventive dental programs which shall be financed and have standards established at the state level and which shall be operated at the local level.

361. Each local health department may offer a community dental disease prevention program for all school children in kindergarten through sixth grade. The program shall include, but not be limited to, the following:

(a) Educational programs, focused on development of personal practices by pupils, that promote dental health. Emphasis shall include, but not be limited to, causes and prevention of dental diseases, nutrition and dental health, and the need for regular dental examination with appropriate repair of existing defects.

(b) Preventive services including, but not limited to, plaque control and supervised application of topical prophylactic agents for caries prevention, in accordance with the provisions of Chapter 11 (commencing with Section 3500) of Division 4. Services shall not include dental restoration, orthodontics, or extraction of teeth. Any acts performed, or services provided, under this article constituting the practice of dentistry shall be performed or provided by, or be subject to the supervision of, a licensed dentist in accordance with the provisions of Chapter 4 (commencing with Section 1600) of Division 2 of the Business and Professions Code.

362. An advisory board, including representatives from education, dental professions, and parent groups shall be designated by the local health department to advise on dental health programs. The use of existing advisory bodies is encouraged. The board shall hold public meetings at least twice a year after appropriate notification in order that interested parties may provide input regarding the dental health needs of the community.

363. The minimal standards of the community dental disease prevention program shall be determined by the state department in accordance with the purposes of this article, and shall be published by the state department on or before March 1, 1980

364. The local health officer of each participating local health department or his designee, in cooperation with the appropriate education personnel and the local advisory board, shall submit a proposal for the program to the state department by July 1, 1980. The proposal shall include the methods by which the program will be implemented in each jurisdiction and program results reported. However, this function shall be the responsibility of the state department for all counties which contract with the state for health services under Section 1157 Such contract counties, at the option of the board of supervisors, may provide services pursuant to this article in the same manner as other county programs, provided such option is exercised six months prior to the beginning of each fiscal year, except the first fiscal year.

364 1. The state department shall review the program proposals and approve programs which meet criteria established pursuant to Section 363 The state department shall, through contractual

arrangements, reimburse local health departments with approved programs at an amount of three dollars ($3) per participating child per year for expenses incurred for administration and services, as described in Section 361

364 2 The local health officer may utilize or contract with, or both utilize and contract with, other local public and private non-profit agencies, as well as school districts and county superintendents of schools, in conducting the program. The Legislature recognizes that these agencies, districts, and schools are currently engaged in a limited number of dental disease prevention projects and it is the intent of the Legislature that this participation be continued

365 The Department of Education shall assist the state department in developing in-service training programs in dental health and dental disease prevention for kindergarten through sixth grade teachers The technical content of the training programs shall meet dental standards set by the state department in conjunction with the California Conference of Local Health Officers

366 It shall be the responsibility of the governing board of each school district participating in the program and the governing authority of each private school participating in the program to cooperate with the local health officer administering the community dental disease prevention program in carrying out the program in any school under their jurisdiction

Such governing board or authority shall provide for the school administration to keep participation records for each child and to furnish approved dental health education materials and supplies for plaque control and other required dental disease prevention methods

Nothing in this article shall require participation by a school district or private school in a program established pursuant to this article

367 During the first year of the dental health program, children enrolled in kindergarten through third grade shall be eligible to participate in the program. Each year thereafter a grade per year shall be added until kindergarten through sixth grade are included.

368 (a) On or before July 1, 1981, the local health officer of each participating county or city shall give satisfactory evidence to the state department that each child in kindergarten through third grade, except in schools not offering the program, has participated in the program according to the approved plan unless the child's parent or guardian has given written notice to the governing body of the school district or private school that the child may not participate in the program Such notice may disapprove the child's participation in all or any portion of the program.

(b) On or before July 1, 1981, and annually thereafter, the local health officer of each participating county or city shall submit to the state department a report on the programs established pursuant to this article Such report shall contain data specified by the state

department and shall include, but not be limited to, the number of participating children, the number of children examined, the number of children requiring dental care, the number of children treated, and the number of children requiring further treatment.

(c) On or before January 1, 1982, and annually thereafter, the state department shall submit to the Legislature a report on all statewide activities pursuant to the programs provided in this article, including, but not limited to, summaries of the report information provided pursuant to subdivision (b) of this section.

371. It is the intent of the Legislature that the program established by this article shall, in fiscal years subsequent to the fiscal year in which this section is enacted, be funded according to customary budget procedures.

371.5. It is the further intent of the Legislature that the program established by this article shall be placed in effect in the areas of greatest identified need as determined by the state department, in cooperation with the Department of Education.

372. The Legislative Analyst shall conduct an evaluation of the programs provided by this article during the fourth program year, including, but not limited to, the cost effectiveness and the impact on state expenditures for medical and dental care, and submit a report of the evaluation to the Legislature on or before January 1, 1985.

373. This article shall remain in effect until December 31, 1986, and on such date is repealed, unless a later enacted statute, which is chaptered before such date, deletes or extends such date.

7071.11. Any person claiming against any bond or cash deposit required by this article may maintain an action at law against the

licensee and the surety or the cash depository. A copy of the complaint shall be served by registered or certified mail upon the registrar by the clerk of the court at the time the action is commenced and the registrar shall maintain a record, available for public inspection, of all actions so commenced. The claim of any employee of the contractor for wages and fringe benefits shall be a preferred claim against any bond or cash deposit. The aggregate liability of a surety on a claim for wages and fringe benefits brought against any bond required by this article, other than a bond required by Section 7071.8, shall not exceed the sum of three thousand dollars ($3,000). If any bond or cash deposit which may be required is insufficient to pay all claims in full, the sum of the bond or cash deposit shall be distributed to all claimants in proportion to the amount of their respective claims with priority to claims for wages and fringe benefits. Any action, other than an action to recover fringe benefits, against a bond or cash deposit filed by an active licensee shall be brought within two years after the expiration of the license period or periods for which a bond or cash deposit has been provided, or within two years of the date the license of such active licensee was inactivated by the board, whichever first occurs. A claim to recover fringe benefits shall be brought within six months after the date the fringe benefit contributions were due, and any subsequent civil action shall be filed within one year after the date of the filing of such claim.

If the surety desires to make payment without awaiting court action, the amount of any bond filed in compliance with this chapter shall be reduced to the extent of any payment or payments made by the surety in good faith thereafter. The partial payment of any claims shall not be considered satisfaction of such claims and the claimants may institute appropriate legal action for payment of any unpaid balance in any other manner provided by law, and the registrar may continue suspension or revocation of any license involved until such time as said claims and any other claims arising out of an action against such bond or cash deposit are satisfied in full.

The aggregate liability of the surety for all claims of said persons shall, in no event, exceed the penal sum of said bond.

Upon the cancellation by a licensee of any bond required by this article, the surety thereon shall notify the registrar immediately of such cancellation.

Upon failure of a licensee to maintain in full force and effect any bond or cash deposit required by this article the registrar shall issue an order suspending or revoking such license, which shall not be reinstated until a new bond or cash deposit has been filed.

When the surety makes payment on any claim against a bond required by this article, whether or not payment is made through a court action or otherwise, the surety shall, within 30 days of the payment, notify the registrar. The notice shall contain, on a form prescribed by the registrar, the name and license number of the contractor, the surety bond number, the amount of payment, the

statutory basis upon which the claim is made, and the names of the person or persons to whom payments are made.

Any judgment or admitted claim against any bond or cash deposit required by this article shall constitute grounds for disciplinary action against such licensee. Such license may not be reissued or reinstated while any judgment or admitted claim in excess of the amount of the bond or cash deposit remains unsatisfied. Further, such license may not be reissued or reinstated while any surety remains unreimbursed for loss and expense sustained on any bond issued for such licensee or for any entity of which any officer, director, member, partner, or qualifying person was an officer, director, member, partner, or qualifying person of such licensee while such licensee was subject to disciplinary action under this section. The board shall require the licensee to file a new bond in an amount as required pursuant to Section 7071.8 or to increase his cash deposit to such an amount.

Legal fees may not be charged against the bond or cash deposit by the board.

In any case in which a claim is filed against a cash deposit held by the registrar by any employee or by an employee organization on behalf of an employee, concerning wages or fringe benefits based upon the employee's employment, claims for the nonpayment thereof shall be filed with the Labor Commissioner. The Labor Commissioner shall, pursuant to the authority vested in him by Section 96.5 of the Labor Code, conduct hearings to determine whether or not such wages or fringe benefits should be made to the complainant. Upon a finding by the commissioner that such wages or fringe benefits should be paid to the complainant, he shall notify the registrar of such findings. The registrar shall not make payment from the cash deposit on the basis of findings by the commissioner for a period of 10 days following determination of the findings. If, within such period, the complainant or the contractor files written notice with the registrar and the commissioner of an intention to seek judicial review of the findings pursuant to Section 11523 of the Government Code, the registrar shall not make payment, if an action is actually filed, except as determined by the court. If, thereafter, no action is filed within 60 days following determination of findings by the commissioner, the registrar shall make payment from the cash deposit to the complainant.

SEC. 3.5. Section 7071.11 of the Business and Professions Code is amended to read:

7071.11. Any person claiming against any bond or cash deposit required by this article may maintain an action at law against the licensee and the surety or the cash depository. A copy of the complaint shall be served by registered or certified mail upon the registrar by the clerk of the court at the time the action is commenced and the registrar shall maintain a record, available for public inspection, of all actions so commenced. The claim of any employee of the contractor for wages and fringe benefits shall be a

preferred claim against any bond or cash deposit. The aggregate liability of a surety on a claim for wages and fringe benefits brought against any bond required by this article, other than a bond required by Section 7071.8, shall not exceed the sum of three thousand dollars ($3,000). If any bond or cash deposit which may be required is insufficient to pay all claims in full, the sum of the bond or cash deposit shall be distributed to all claimants in proportion to the amount of their respective claims with priority to claims for wages and fringe benefits. Any action, other than an action to recover fringe benefits, against a bond or cash deposit filed by an active licensee shall be brought within two years after the expiration of the license period or periods for which a bond or cash deposit has been provided, or within two years of the date the license of such active licensee was inactivated by the board, whichever first occurs. A claim to recover fringe benefits shall be brought within six months after the date the fringe benefit contributions were due, and any subsequent civil action shall be filed within one year after the date of the filing of such claim.

If the surety desires to make payment without awaiting court action, the amount of any bond filed in compliance with this chapter shall be reduced to the extent of any payment or payments made by the surety in good faith thereafter. The partial payment of any claims shall not be considered satisfaction of such claims and the claimants may institute appropriate legal action for payment of any unpaid balance in any other manner provided by law, and the registrar may continue suspension or revocation of any license involved until such time as said claims and any other claims arising out of an action against such bond or cash deposit are satisfied in full.

The aggregate liability of the surety for all claims of said persons shall, in no event, exceed the penal sum of said bond.

Upon the cancellation by a licensee of any bond required by this article, the surety thereon shall notify the registrar immediately of such cancellation.

Upon failure of a licensee to maintain in full force and effect any bond or cash deposit required by this article the registrar shall issue an order suspending or revoking such license, which shall not be reinstated until a new bond or cash deposit has been filed.

When the surety makes payment on any claim against a bond required by this article, whether or not payment is made through a court action or otherwise, the surety shall, within 30 days of the payment, notify the registrar. The notice shall contain, on a form prescribed by the registrar, the name and license number of the contractor, the surety bond number, the amount of payment, the statutory basis upon which the claim is made, and the names of the person or persons to whom payments are made.

Any judgment or admitted claim against any bond or cash deposit required by this article shall constitute grounds for disciplinary action against such licensee. Such license may not be reissued or reinstated while any judgment or admitted claim in excess of the

amount of the bond or cash deposit remains unsatisfied. Further, such license may not be reissued or reinstated while any surety remains unreimbursed for loss and expense sustained on any bond issued for such licensee or for any entity of which any officer, director, member, partner, or qualifying person was an officer, director, member, partner, or qualifying person of such licensee while such licensee was subject to disciplinary action under this section. The board shall require the licensee to file a new bond in an amount as required pursuant to Section 7071.8 or to increase his cash deposit to such an amount.

Legal fees may not be charged against the bond or cash deposit by the board.

In any case in which a claim is filed against a cash deposit held by the registrar by any employee or by an employee organization on behalf of an employee, concerning wages or fringe benefits based upon the employee's employment, claims for the nonpayment thereof shall be filed with the Labor Commissioner. The Labor Commissioner shall, pursuant to the authority vested in him by Section 96.5 of the Labor Code, conduct hearings to determine whether or not such wages or fringe benefits should be made to the complainant. Upon a finding by the commissioner that such wages or fringe benefits should be paid to the complainant, he shall notify the registrar of such findings. The registrar shall not make payment from the cash deposit on the basis of findings by the commissioner for a period of 10 days following determination of the findings. If, within such period, the complainant or the contractor files written notice with the registrar and the commissioner of an intention to seek judicial review of the findings pursuant to Section 11523 of the Government Code, the registrar shall not make payment, if an action is actually filed, except as determined by the court. If, thereafter, no action is filed within 60 days following determination of findings by the commissioner, the registrar shall make payment from the cash deposit to the complainant.

The people of the State of California do enact as follows:

SECTION 1. Section 20818 is added to the Government Code, to read:

20818. Notwithstanding any other provisions of this part, when the governing body of a contracting agency determines that because of an impending curtailment of, or change in the manner of performing service, the best interests of the agency would be served, a local member shall be eligible to receive additional service credit if the following conditions exist:

(a) The member is employed in a job classification, department, or other organizational unit designated by the governing body of the contracting agency and retires within any period designated in and subsequent to the effective date of the contract amendment provided the period is not less than 90 days nor more than 180 days.

The transfer to the retirement fund shall be made in a manner and time period acceptable to the employer and the board.

(c) The governing body shall certify that it is electing to exercise the provisions of this section, because of impending mandatory transfers, demotions, and layoffs that constitute at least one percent of the job classification, department or organizational unit as designated by the governing board, resulting from the curtailment of, or change in the manner of performing, its services.

(d) The governing body shall certify that it is its intention at the time that this section is made operative that if any early retirements are granted after receipt of service credit pursuant to this section, that any vacancies thus created or at least one vacancy in any position in any department or other organizational unit shall remain permanently unfilled thereby resulting in an overall reduction in the work force of such department or organizational unit.

The amount of service credit shall not be more than two years regardless of credited service and shall not exceed the number of years intervening between the date of his retirement and the date he would be required to be retired because of age.

A governing body which elects to make the payment prescribed

This section shall not be applicable to any member otherwise eligible if such member receives any unemployment insurance payments during the specified period.

Any member who qualifies under this section, upon subsequent reentry to the system shall forfeit the service credit acquired under this section.

This section shall not apply to any member who is not employed by the contracting agency during the period designated in subdivision (a) and who has less than five years of service credit.

This section shall not apply to any contracting agency unless and until the agency elects to be subject to the provision of this section by amendment to its contract made in the manner prescribed for approval of contracts, except an election among the employees is not required, or, in the case of contracts made after the effective date of this section, by express provision in such contract making the contracting agency subject to the provisions of this section.

Notwithstanding Section 20740, an election to become subject to this section shall not exclude an agency from the definition of "employer" for purposes of Section 20740.

This section shall remain in effect only for 3 years after its effective date, and as of such date is repealed, unless a later enacted statute, which is chaptered before such date deletes or extends such date.

SEC 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

CHAPTER 1141

An act to add and repeal Article 2.5 (commencing with Section 288) of Chapter 2 of Part 1 of Division 1 of the Health and Safety Code, relating to health, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1979 Filed with Secretary of State September 29, 1979]

The people of the State of California do enact as follows:

SECTION 1. Article 2 5 (commencing with Section 288) is added to Chapter 2 of Part 1 of Division 1 of the Health and Safety Code, to read:

Article 2.5 Perinatal Access

288. The Legislature finds that up to 9 percent of newborn infants require intensive care in the first hours of life to prevent death or permanent mental and physical damage. While neonatal intensive care units can provide critical services, the high cost of technology prevents their development in many areas.

The Legislature further finds that experience in other states has shown a decrease in mortality and an improvement in morbidity following the development of perinatal systems to provide community education on the medical treatment of high-risk pregnancies, to provide methods by which to improve access to perinatal systems, and to facilitate transport of high-risk pregnant women and high-risk infants to centers where specialized perinatal care is available The Legislature further finds that the cost of high-risk care decreases when existing resources are properly utilized. The Legislature further finds that there is also a decrease in health costs for infants who would have suffered physical or mental impairment

288.1 It is the intent of the Legislature in enacting this article to develop, to the extent practicable, perinatal systems to improve access of high-risk pregnant women and high-risk infants to specialized perinatal services through educational and transportation programs.

288.2. The following definitions shall govern the construction of this article:

(a) "Transport", includes ground and air ambulance services operations.

(b) "Perinatal access system" means a coordinated system of personnel, equipment, and facilities, established pursuant to this article, in a region designated by the department, which provide consultation and education concerning such services to perinatal health care providers which provide support services to high-risk

pregnant women and high-risk infants, and which provide evaluation of such services, education, and consultation.

(c) "High-risk pregnant woman" means a pregnant woman considered highly likely for any reason to suffer personal mortality or morbidity to herself or to her unborn infant from her pregnancy.

(d) "High-risk infant" means a newborn considered highly likely for any reason to suffer personal mortality or long-lasting disability.

(e) "Department" means the State Department of Health Services.

(f) "Perinatal center" means a facility designated by the department as capable of providing specialized services to high-risk pregnant women and high-risk infants.

288 3. The department shall:

(a) Support the development of perinatal access systems, with particular attention to the needs to respond to emergencies in regions and populations in which there is a significant proportion of high-risk pregnant women or high-risk infants

(b) Develop requests for proposals to establish perinatal access systems on or before February 1, 1980

(c) Consult with the California Medical Association, physicians and administrators from other states who have worked with centers serving high-risk pregnant women and high-risk infants, and other interested groups, in order to develop standards and criteria for designation and evaluation of perinatal centers.

(d) Designate approved perinatal centers as operators of perinatal access systems on or before June 1, 1980, with funding to begin July 1, 1980

(e) Provide funding, supervision, and monitoring to the operators of such perinatal access systems

(f) Establish regulations for the operation of perinatal access systems.

(2) That sufficient homes can be recruited to achieve the stated objectives of this section

It is the legislative intent that the department may make the fullest possible use of available resources in serving developmentally disabled persons.

The department may provide services pursuant to this section directly or through contract with public or private entities.

SEC. 4 Section 4648 of the Welfare and Institutions Code is amended to read

4648 In order to achieve the stated objectives of any individual program plan, the regional center shall conduct activities including, but not limited to, the following:

(a) Program coordination which may include securing, through purchase or referral, services specified in the person's plan, coordination of service programs, information collection and dissemination, and measurement of progress toward objectives contained in the person's plan.

The regional center shall assign a program coordinator who will be responsible for implementing, overseeing, and monitoring each individual program plan. The program coordinator may be an employee of the regional center or may be a qualified individual or employee of an agency with whom the regional center has contracted to provide program coordination.

At such times as the individual program plan is reviewed, but at least annually, the performance of the program coordinator shall also be reviewed by the regional center, the person with developmental disabilities, and the person's parents or legal guardian or conservator No person shall continue to serve as a program coordinator for any individual program plan unless there is agreement by all parties that the person should continue to serve as program coordinator.

Nothing shall prevent a person with developmental disabilities or such person's parent, legal guardian, or conservator, from being the program coordinator of the person's individual program plan, if the regional center director agrees that such an arrangement is feasible and in the best interest of the person with the developmental disabilities. If any person listed above is designated as the program coordinator, such person shall not deviate from the agreed-upon program plan and shall provide any information and reports as may be required by the regional center director.

(b) Purchase of needed services.

A regional center may purchase services for a client from any individual or agency the regional center determines will best accomplish all or any part of that client's program plan.

In making the initial choice to purchase services from an agency, facility, or individual, the regional center may use a professionally recognized, reliable, and valid instrument of accreditation. Thereafter, the regional center shall renew its contracts or purchases on the basis of a vendor's success in achieving the objectives set forth in the individual program plan.

No purchase of service contract with any agency or individual shall be continued unless the regional center and the person with developmental disabilities, or when appropriate, the person's parents or legal guardian or conservator agree that reasonable progress has been made towards the objectives for which the service provider is responsible.

Regional center funds shall not be used to supplant the budget of any agency which has a legal responsibility to serve all members of the general public and is receiving public funds for providing such services.

A regional center may, directly or through an agency acting on behalf of the center, provide placement and follow-along services to developmentally disabled persons in licensed community care or health care facilities. The regional center may also purchase required out-of-home care for such developmentally disabled persons. In considering appropriate placement alternatives for developmentally disabled children, approval by the child's parent, guardian, or conservator shall be obtained before placement is made.

Each developmentally disabled person placed by the regional center in an out-of-home residential facility shall have the rights specified in this division. These rights shall be brought to the person's attention by such means as the Director of Developmental Services may designate by regulation.

(c) Advocacy for, and protection of, the civil, legal, and service rights of developmentally disabled persons as established in this division.

Whenever the advocacy efforts of a regional center to secure or protect the legal, civil, or service rights of any of its clients prove ineffective, the regional center or the person with developmental disabilities or their parents, legal guardian, or other representative

may request the area board to initiate action under the provisions defining area board advocacy functions established in this division.

(d) Community organization and program development including liaison activities with existing service agencies, identification of services needed but unavailable, identification of ineffective services and services of poor quality, identification of programs which may not be in compliance with local, state, and federal statutes and approved regulations.

In order to expand the availability of needed services of good quality, a regional center may take any of the following actions:

(1) Provide information to the area board to assist the area board in determining recommended priorities for program development for inclusion in the state plan.

(2) Request the department to allocate funds from the Developmental Disabilities Program Development Fund to initiate a new program.

(3) Notify the appropriate licensing authority or request the area board to investigate and act upon any agency's possible noncompliance with local, state, or federal laws or regulations.

(4) Provide or secure consultation, training, or technical assistance services for any agency to assist such agency in upgrading the quality of its program. Except in emergency situations, a regional center shall not provide direct treatment and therapeutic services, but shall utilize appropriate public and private community agencies and service providers to obtain such services for its clients.

SEC. 4 5. Section 4780.5 is added to the Welfare and Institutions Code, to read

4780.5. The State Department of Developmental Services is responsible for the processing, audit, and payment of funds made available to regional centers under this division. The department shall establish procedures for hearing objections to audit findings and exceptions by regional centers.

SEC. 4.6. Section 4825 of the Welfare and Institutions Code is amended to read:

4825. The provisions of this division shall not be construed to terminate any appointment of the State Department of Mental Health as guardian of the estate of a developmentally disabled person prior to July 1, 1971.

It is the intent of this section that the Director of Developmental Services be appointed as guardian or conservator of a developmentally disabled person as provided pursuant to the provisions of Article 7.5 (commencing with Section 416) Chapter 2 of Part 1 of Division 1 of the Health and Safety Code.

Notwithstanding the provisions of Section 6000, the admission of an adult developmentally disabled person to a state hospital or private institution shall be upon the application of the person's parent or guardian or conservator in accordance with the provisions of Sections 4653 and 4803 Any person so admitted to a state hospital may leave the state hospital at any time, if such parent, guardian, or

conservator gives notice of his or her desire for the departure of the developmentally disabled person to any member of the hospital staff and completes normal hospitalization departure procedures.

Notwithstanding the provisions of Section 4655, any adult developmentally disabled person who is competent to do so may apply for and receive any services provided by a regional center.

SEC 5. Section 7284 of the Welfare and Institutions Code is amended to read:

7284 If any incompetent person, who has no guardian and who has been admitted or committed to the State Department of Mental Health for placement in any state hospital for the mentally disordered or the developmentally disabled, is the owner of any property, the State Department of Mental Health, acting through its designated officer, may apply to a court of competent jurisdiction for its appointment as guardian of the estate of such incompetent person.

For the purposes of this section, the State Department of Mental Health is hereby made a corporation and may act as executor, administrator, guardian of estates, assignee, receiver, depositary or trustee, under appointment of any court or by authority of any law of this state, and may transact business in such capacity in like manner as an individual, and for this purpose may sue and be sued in any of the courts of this state.

If a person admitted or committed to the State Department of Mental Health dies, leaving any estate, and having no relatives at the time residing within this state, the State Department of Mental Health may apply for letters of administration of his or her estate, and, in the discretion of the court, letters of administration may be issued to the department. When the State Department of Mental Health is appointed as guardian or administrator, the department shall be appointed as guardian or administrator without bond. The officer designated by the department shall be required to give a surety bond in such amount as may be deemed necessary from time to time by the director, but in no event shall the initial bond be less than ten thousand dollars ($10,000), which bond shall be for the joint benefit of the several estates and the State of California. The State Department of Mental Health shall receive such reasonable fees for its services as such guardian or administrator as the court allows. The fees paid to the State Department of Mental Health for its services as guardian or administrator of the various estates may be used as a trust account from which may be drawn expenses for filing fees, bond premiums, court costs, and other expenses required in the administration of the various estates. Whenever the balance remaining in such trust fund account shall exceed a sum deemed necessary by the department for the payment of such expenses, such excess shall be paid quarterly by the department into the State Treasury to the credit of the General Fund

SEC 6 Section 7288 of the Welfare and Institutions Code is amended to read

7288. Whenever it appears that a person who has been admitted to a state institution and remains under the jurisdiction of the State Department of Mental Health or the State Department of Developmental Services does not have a guardian and owns personal property which requires safekeeping for the benefit of the patient, the State Department of Mental Health or the State Department of Developmental Services may remove or cause to be removed such personal property from wherever located to a place of safekeeping.

Whenever it appears that such patient does not own property of a value which would warrant guardianship proceedings, the expenses of such removal and safekeeping shall be paid from funds appropriated for the support of the institution in which the patient is receiving care and treatment; provided, however, that if the sum on deposit to the credit of such patient in the patients' personal deposit fund exceeds the sum of three hundred dollars ($300), the excess may be applied to the payment of such expenses of removal and safekeeping.

When it is determined by the superintendent, at any time after the removal for safekeeping of such personal property, that the patient is incurable or is likely to remain in a state institution indefinitely, then any of those articles of personal property which cannot be used by the patient at the institution may be sold at public auction and the proceeds therefrom shall first be applied in reimbursement of the expenses so incurred, and the balance shall be deposited to the patient's credit in the patients' personal deposit fund. All moneys so received as reimbursement shall be deposited in the State Treasury in augmentation of the appropriation from which the expenses were paid.

SEC. 7 Section 7325 of the Welfare and Institutions Code is amended to read:

7325. When any patient committed by a court to a state hospital or other institution on or before June 30, 1969, or when any patient who is judicially committed on or after July 1, 1969, or when any patient who is involuntarily detained pursuant to Part 1 (commencing with Section 5000) of Division 5 escapes from any state hospital, any hospital or facility operated by or under the Veterans' Administration of the United States government, or any facility designated by a county pursuant to such Part 1, or any facility into which the patient has been placed by his or her conservator appointed pursuant to Chapter 3 (commencing with Section 5350), Part 1, Division 5, of this code, or when a judicially committed patient's return from leave of absence has been authorized or ordered by the State Department of Mental Health, or the State Department of Developmental Services, or the facility of the Veterans' Administration, any peace officer, upon written request of the state hospital, veterans' facility, or the facility designated by a county, or the patient's conservator appointed pursuant to Chapter 3 (commencing with Section 5350), Part 1, Division 5, of this code, shall without the necessity of a warrant or court order, or any officer

The provisions of Sections 7513 1 and 7513.2 shall govern the assessment, cancellation, collection, and remission of charges for such care and treatment.

This section shall not be construed to impose any liability on the parents of developmentally disabled persons.

SEC. 9. Section 7513.1 is added to the Welfare and Institutions Code, to read:

7513.1 The charge for the care and treatment of all developmentally disabled persons at state hospitals for the developmentally disabled for whom there is liability to pay therefor shall be determined pursuant to Section 4431. The Director of Developmental Services may reduce, cancel, or remit the amount to be paid by the person, estate, or the relative, as the case may be, liable for the care and treatment of any developmentally disabled person who is a patient at a state hospital for the developmentally disabled, on satisfactory proof that the person, estate, or relative, as the case may be, is unable to pay the cost of such care and treatment or that the amount is uncollectible. In any case where there has been a payment under this section, and such payment or any part thereof is refunded because of the death, leave of absence, or discharge of any patient of such hospital, such amount shall be paid by the hospital or the State Department of Developmental Services to the person who made the payment upon demand, and in the statement to the Controller the amounts refunded shall be itemized and the aggregate deducted from the amount to be paid into the State Treasury, as provided by law. If any person dies at any time while his or her estate is liable for his or her care and treatment at a state hospital, the claim for the amount due may be presented to the executor or administrator of his or her estate, and paid as a preferred claim, with the same rank in order of preference, as claims for expenses of last illness.

SEC. 10. Section 7513.2 is added to the Welfare and Institutions Code, to read:

7513.2. The State Department of Developmental Services shall collect all the costs and charges mentioned in Section 7513 and may take such action as is necessary to effect their collection within or without the state The Director of Developmental Services may, however, at his or her discretion, refuse to accept payment of charges for the care and treatment in a state hospital of any developmentally disabled person who is eligible for deportation by the federal immigration authorities.

The people of the State of California do enact as follows:

SECTION 1 Section 56036 of the Education Code is amended to read

56036. (a) Both a parent and a pupil, and a public education agency or responsible local agency are guaranteed and may initiate procedural due process protections in any decision regarding, and resulting from, the pupil's identification as an individual with exceptional needs, the pupil's assessment and the implementation of the individualized education program, and the denial, placement, transfer, or termination of the pupil in a special education or related services program Such protections shall include, but are not limited to

(1) Written notice to the parent of his or her rights, in language understandable to the general public and in the native language or other mode of communication of the parent

(2) The right of the parent to initiate an assessment of his or her child within a specified period of time.

(3) The requirement that written parental consent must be obtained before any assessment of the pupil is conducted.

(4) The right of the parent to participate in the development of the individualized education program, to be informed of the availability under state law of free appropriate special education programs, both public and private, and to have the opportunity to visit and compare the available alternative programs.

(5) The requirement that written parental consent must be obtained before the pupil is placed in any special education program

(6) Procedural due process by a fair and impartial administrative hearing either at the local level or, in lieu thereof, at the state level as prescribed by Article 10 (commencing with Section 56180) of Chapter 1

(c) This section shall remain in effect only until July 1, 1982, and as of such date is repealed, unless a later enacted statute, which is chaptered before July 1, 1982, deletes or extends such date

SEC 2 Article 10 (commencing with Section 56180) is added to Chapter 1 of Part 30 of the Education Code, to read·

Article 10 Administrative Hearings and Due Process

56180 (a) As used in this article, "public education agency" means a local education agency including a county, district, or any other public agency providing special education and related services.

(b) Both a parent and a pupil, and a public education agency are guaranteed and may initiate procedural due process protections in

any decision regarding, and resulting from, the pupil's identification as an individual with exceptional needs; the pupil's assessment and implementation of the individualized education program; and the denial, placement, transfer, or termination of the pupil in a special education or related services program. Such protections shall include, but are not limited to the informal review, pursuant to Section 56181, the right to examine pupil records pursuant to Section 56182, and the right to a fair and impartial administrative hearing, either at the local level before a fair hearing panel, pursuant to Section 56183, with a subsequent review thereof available pursuant to Section 56184, or at the state level, before a person knowledgeable in administrative hearings, under contract with the Department of Education, pursuant to Section 56185.

(c) The public education agency shall take steps to insure that each informal review and hearing conducted is commenced and completed as quickly as possible, consistent with fair consideration of the issues involved, but not later than 45 days after the public education agency has received the parent's written request for a hearing at the local level, before a fair hearing panel, or the parent has received the agency's written notice to initiate such hearing, as the case may be, and that a copy of the decision is mailed to each party as quickly as possible and within the same 45-day period. However, the 45-day period may be extended if either party requests an extension and if the chairperson of the fair hearing panel grants such an extension. The hearing shall be conducted at a time and place which is reasonably convenient to the parent and pupil involved.

56181. (a) Upon receipt by the superintendent of the public education agency of a written request of the parent for a hearing at the local level, before a fair hearing panel, or upon receipt by the parent of the written notice of the public education agency to initiate such hearing, the superintendent of the public education agency or his or her designee or designees shall within 10 days of receipt by the public education agency or parent of such request or notice, as the case may be, comply with the following:

(1) Meet with the parent to review informally the parent's or public education agency's concern. The parent shall have the right to examine any documents contained in the pupil's file maintained by the public education agency and may be accompanied by a representative or representatives chosen by the parent.

(2) Based upon this informal review, the superintendent of the public education agency or his or her designeee or designees may authorize modification of the individualized education program and related services to the satisfaction of the party requesting the hearing.

(b) If the informal review prescribed by subdivision (a) fails to resolve the concern to the satisfaction of the party requesting the hearing, then the requesting party may elect to do either of the following:

(1) Request in writing, if the requesting party is a parent, that the public education agency proceed with a hearing, at the local level, before a fair hearing panel pursuant to Section 56183, subject to review pursuant to Section 56184.

Give notice in writing, if the requesting party is a public education agency, that the agency will proceed with a hearing at the local level, before a fair hearing panel pursuant to Section 56183, subject to review pursuant to Section 56184.

(2) Request in writing a hearing, at the state level, before an individual knowledgeable in administrative hearings, pursuant to Section 56185.

(c) (1) If a hearing before a fair hearing panel is requested, the public education agency shall implement the procedures to convene a fair hearing panel pursuant to Section 56183.

(2) If a hearing before an individual knowledgeable in administrative hearings, pursuant to Section 56185, is requested, the public education agency shall within three days following receipt of the parent's written request for such hearing transmit the request to the Superintendent of Public Instruction.

56182 The parent shall have the right and an opportunity to examine all school records of the individual with exceptional needs within five days after such request is made by the parent, either orally or in writing. A public education agency may charge no more than the actual cost of reproducing such records; but if this cost effectively prevents the parent from exercising the right to receive such copy, it shall be reproduced at no cost.

56183 The hearing before the fair hearing panel prescribed by this section shall be at the local level. The fair hearing panel shall be composed of three persons knowledgeable of the needs of the individual with exceptional needs to serve as an impartial body in its deliberations so as to protect the rights of the parties involved. The fair hearing panel shall be formed within five days after the public education agency's receipt of the parent's written request to proceed with a hearing, at the local level, or the parent's receipt of the agency's notice to proceed with such hearing, as the case may be, pursuant to paragraph (1) of subdivision (b) of Section 56181.

(a) Each member shall be impartial, unbiased, and not an employee or agent of the public education agency responsible for the hearing and shall not be an employee or agent of a private nonsectarian school being considered for the pupil's placement. Members of the fair hearing panel shall be selected as follows. one selected by the public education agency, one selected by the parent, and the third member selected by mutual agreement of the two members so selected If the two members already chosen are unable to select the third person within the specified five-day period the public education agency shall notify the county superintendent of schools who shall immediately select the third member. If the county superintendent of schools is a party to the hearing, and there is a disagreement of the selection of the third member, the county

superintendent of schools shall request the third member to be selected by another school district. CHAPTER 1144

An act relating to mental health, and making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1979 Filed with Secretary of State September 29, 1979]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that the State of California has adopted a policy of providing prompt and rehabilitative treatment to persons who are gravely disabled or a danger to themselves or others as a result of a mental disorder or chronic alcoholism. Such treatment includes, but is not limited to, prompt evaluation and appropriate care and treatment in the least restrictive environment for persons who are involuntarily committed to evaluation and treatment facilities under the Lanterman-Petris-Short Act. The Legislature further finds, however, that the implementation of this policy has been greatly hindered by the lack of specific directions, guidelines, and adequate reimbursement from the state to the local mental health facilities. As a result, standards do not presently exist to assure accessible, consistent, high quality levels of care for such persons.

Therefore, in order to establish appropriate and humane standards of care and treatment for persons who are involuntarily held in evaluation and treatment facilities under the Lanterman-Petris-Short Act, the Legislature hereby finds and declares that it is necessary to require the Department of Mental Health to contract with appropriate independent experts to conduct a study of the treatment of persons involuntarily placed in, or committed to, evaluation and treatment facilities for 72 hours or the first 14 days of intensive treatment.

SEC. 2. The State Department of Mental Health shall contract with appropriate independent experts, as determined by the department, for a study which shall include, but not be limited to, the following:

(a) The quality, effectiveness, and types of treatment modalities provided to persons described in Section 1 of this act, including, but not limited to, all of the following:

(1) A study of the promptness of evaluation.

(2) The quality and methods of care and treatment provided.

(3) Use of placement in the least restrictive environment.

(4) The quality, effectiveness, and types of aftercare , and

individualized treatment plans, including the time at which aftercare and individualized treatment plans are developed, by whom the plans are developed, the process used for periodic review of the plans, the extent to which the plans are implemented, and the process by which the outpatient treatment staff and the patient are made aware of the plans.

(5) Patient-staff ratio.

(6) Staff qualifications.

(b) All the existing legal requirements pertaining to the care and treatment for persons described in Section 1 of this act, adequacy of such care and treatment, and recommendations for additional state standards to assure accessible, consistent, high quality levels of care for such persons, including an assessment of the costs for implementing such standards.

(c) Public hearings throughout the state.

SEC. 3. The request for proposal prepared by the department shall be available to potential applicants no later than 45 days following the effective date of this act. The department shall report the results of the study, and the recommendations therein, to the Legislature on or before September 1, 1980.

SEC. 4. There is hereby reappropriated on January 1, 1980, an amount not to exceed three hundred thousand dollars ($300,000), for the purpose of establishing a community mental health facility within Tuolumne County, from savings identified in local mental health service allocation from within Item 275 of the Budget Act of 1979.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to determine the extent of the standards which should be established by the State Department of Mental Health for the care and treatment of certain persons involuntarily placed in or committed to evaluation and treatment facilities under the Lanterman-Petris-Short Act, as soon as possible, and to fund vital mental health facilities within the County of Tuolumne, it is necessary that this act take effect immediately.

Article 1. General Provisions

50950. It is the purpose of this chapter to provide cities, counties, cities and counties, or districts, that have fire departments with volunteer firefighting members, the opportunity to offer such members an award for life as an incentive. Nothing contained herein shall be deemed to supersede the provisions of existing state law and the charters, ordinances, and rules of local public agencies which establish and regulate the activities of such fire departments. This chapter is intended, instead, to strengthen such departments through the creation of an incentive for the volunteer to respond to emergency calls, attend approved formal study courses, attend official department training drills and meetings, and serve at the local fire station in a standby or sleep-in capacity. It is the further intention of this chapter to provide a means whereby local communities may bestow fitting reward and recognition for long and faithful volunteer service. 50951. This chapter establishes the Volunteer Firefighters Length of Service Award System and may be cited as the Volunteer Firefighters Length of Service Award Act.

Notwithstanding any other provision of law, enrollment for an award shall not be construed as a retirement, the receipt of an award shall not be construed as the receipt of a retirement allowance or benefit, and service credited under the Volunteer Firefighters Length of Service Award System shall not be construed as service credited to a retirement system for purposes of duplicating service credit or benefits in other public retirement systems.

50952. For the purposes of this chapter, unless the context otherwise requires, the definitions set forth below shall mean the following:

(a) "Actuarial interest rate" means the interest rate fixed by the board for purposes of actuarial valuation of the assets and liabilities of the award system.

(b) "Annual interest rate" means the interest rate fixed by the board for purposes of crediting interest.

(k) "Member" means a volunteer of a department, the governing body of which has contracted with the Public Employees' Retirement System under this chapter, and who has been certified by a qualifications review commission as having qualified for at least one year of current service credit. Membership, once established, continues indefinitely unless membership is terminated pursuant to Section 50957.

(m) "Service year" means the period beginning July 1 and ending June 30 of the following year

(n) "Volunteer" means a person who is an uncompensated volunteer firefighter in a regularly organized fire department.

Article 2. Administration, Award Fund, and Membership

All provisions of the Public Employees' Retirement Law, Part 3 (commencing with Section 20000) of Division 5 of Title 2, governing the board's rights, powers, duties, obligations, and procedures in administration of that system and investment of the Public Employees' Retirement Fund which are not inconsistent with this chapter shall apply with equal force and effect to the award system and the investment of the fund created under this chapter.

In addition to such powers and duties, the board shall determine if participation in the system is adequate to insure that sufficient

funds will be available for the payment of awards on an actuarial reserve basis before any awards are paid. If the board determines that participation in the system is inadequate to assure the financial success of the system, it shall terminate the system prior to payment of the first award. In case of termination, evaluation fees shall be considered to have been fully earned and are nonrefundable.

50954. (a) The board shall, from time to time, determine and fix the annual interest rate and actuarial interest rate.

(b) The board shall keep in convenient form such data as is necessary for the actuarial valuation of this system. The board shall, at least quadrennially, cause to be made an actuarial investigation into the mortality and service experience of members and persons receiving awards and an actuarial valuation of the assets and liabilities of the award system and shall transmit the information to the Legislature.

50955 (a) On the basis of such investigation and valuation, the board shall adopt such mortality, service, and other tables as it deems necessary, and shall make such changes in the contributions required from contracting departments as it considers appropriate in order to assure the actuarial soundness of this award system.

(b) The board shall credit all contributions of departments in the fund with interest at the annual interest rate compounded at each June 30.

(c) Data filed by any member or department with the board is confidential, and no individual record shall be divulged by any official or employee having access to it to any person other than the member to whom the information relates or his authorized representative, or the department by which he is employed. Such information shall be used by the board for the sole purpose of carrying into effect the provisions of this chapter.

(d) Each volunteer member and department shall file with the board such information and evidence as may be required by the board in administration of this system.

50956 (a) The Volunteer Firefighters Length of Service Award Fund is hereby created and established in the State Treasury. All moneys received by the award system pursuant to this chapter shall be deposited in the fund. The moneys in the fund are continuously appropriated to the board, without regard to fiscal years, for payment of the costs of administration of this chapter and for the payment of awards pursuant to this chapter.

(b) The State Treasurer shall be custodian of the fund, subject to the exclusive control of the board as to administration and investment of the fund. All payments from the fund shall be made upon warrants drawn by the Controller upon demands made by the board.

Article 3. Contributions, Service, Point System, and Qualifications Review Commission

50957. A volunteer may accumulate points in a contracting department pursuant to Section 50959, but only members may accumulate service credit in the award system. A volunteer becomes a member upon completion of one year of current service as certified by a qualifications review commission. Membership shall terminate on the day prior to the effective date of an award pursuant to Section 50962.

50958. (a) The award system shall be funded by contributions paid by contracting departments and income from the fund. The award system is a noncontributory system, and no contributions shall be required from its members.

(b) As determined by actuarial valuation reported to the contracting department by the award system, each contracting department shall make contributions annually, not later than October 1 of each year, sufficient to meet the prescribed amount with respect to its volunteers, in accordance with the conditions provided in its contract under the award system.

Contributions of all contracting departments shall be applied by the board during each fiscal year to meet the obligations of all departments collectively, as follows: first, in an amount equal to the liabilities accruing on account of awards payable on account of current service; and second, the balance of such contributions on any other liability incurred under this chapter.

50959. Only those volunteers who have earned a minimum of 100 points during a service year shall be credited with current service for such year. At least 20, but not more than 70, of such 100 minimum points shall be earned for responses to emergency calls. A member is not required to qualify in consecutive years. Accumulation of points toward creditation of current service credit shall be computed according to the following:

(a) Training drills: The drills shall be conducted in accordance with criteria adopted by the State Board of Fire Services. Each drill attended earns four points. Drills must be a minimum of two hours in length. Minimum yearly points for drill attendance—40, or such greater number as may be established by the State Board of Fire Services. Maximum yearly points for drill attendance—60.

(b) Department emergency responses: Points are computed on the basis of the percentage of emergency responses to total yearly calls of the contracting department, or to the total yearly calls to date of termination of membership as follows:

(1) 10 to 29 percent response receives 20 points.

(2) 30 to 49 percent response receives 35 points.

(3) 50 to 69 percent response receives 55 points.

(4) 70 to 100 percent response receives 70 points.

The State Board of Fire Services shall designate the minimum number of yearly points which shall be required to be earned for

department emergency responses.

(c) Formal approved training courses, as approved by the State Board of Fire Services, with passing grade:

(1) Courses under 20 hours duration receive 10 points.

(2) Courses of 20-45 hours duration receive 20 points.

(3) Courses over 45 hours duration receive 35 points.

(4) Maximum yearly points for training courses—35.

The State Board of Fire Services shall designate the minimum number of yearly points which shall be required to be earned for formal approved training courses.

(d) Attendance at meetings: Each member may earn one point for attendance at official department meetings. Maximum yearly points for meetings—12.

(e) Station standby: Those departments that have volunteers that sleep in or stand by at the station periodically, may allocate points on the following basis: two points for each 12 hours of station standby. These points may be credited in addition to emergency response or training drill points earned during said standby time. Maximum yearly points for station standby—40.

50959.5. The State Board of Fire Services may audit and review the department records necessary to implement the requirements of Section 50959.

50960. It shall be the responsibility of each contracting department to maintain a detailed and accurate record for each volunteer member. Such records shall be maintained on forms that clearly reflect the volunteer activity of individual volunteers which is qualified for earning points as specified in Section 50959. Reports to the board shall be on forms approved by the board.

50961 (a) The governing body of each contracting department shall establish a qualifications review commission which shall include the fire chief, one member of the governing body appointed by the governing body, and one volunteer elected by the volunteers employed by the contracting department.

(b) The qualifications review commission shall review the list of department members each year, and prior to October 1 of each year shall certify to the board those volunteers who have qualified by earning 100 points during the preceding service year.

(c) In no event shall any member be credited with more than 20 years of service.

50962. Upon a member's application to the board, an award shall be granted to accrue prospectively only if the member has attained age 60 and is credited with a minimum of 10 years of service. An award shall be effective and shall begin to accrue no earlier than the first of the month next following the month in which (a) the member reaches age 60, or (b) the application is received by the board in its Sacramento office, whichever is the later.

50963. No service shall be credited in the award system after age 60 unless such service credit is necessary to qualify for membership In the event that the recipient of an award performs volunteer fire

fighting service after age 60, his award shall be terminated during the period of such service. An award shall not begin to accrue thereafter unless and until an appropriate application therefor has been received by the board in its Sacramento office, and an award will begin to accrue and become payable thereafter effective the first day of the month following such application.

Article 4 Award

50964. An award is payable in equal monthly installments in arrears. Notwithstanding any other provision of this chapter, no award or portion thereof shall accrue or become payable for the month in which the member dies.

50965. The award shall consist of one hundred dollars ($100) per month for life reduced proportionately for service less than 20 years.

Article 5. Contract Provisions

50966. Any department may participate in and make all of its volunteers members of the award system by a contract entered into between its governing body and the board pursuant to this chapter, except that a department may not enter into such a contract within five years of termination of a previous contract for participation under this chapter.

50967 When the governing body of a department desires to consider participation in the award system, it shall ask the board for a quotation of the approximate contribution to the award system which would be required of the department for such participation

50968. An employee organization, recognized under the provisions of appropriate authority, may request the governing body of the department to ask the board for a quotation of the approximate contribution to the award system which would be required of the department for such participation, and if the employee organization is willing to pay for the cost of such quotation, the department shall make the request. The board shall furnish copies of its quotation to both the department and the employee organization

50969. On request of the board, the department shall furnish such data concerning its volunteers as the board requires to make the necessary valuations and investigations into the experience among such volunteers

50970. The approximate contribution quoted by the board and the actual contribution to be made if a contract results shall be determined by actuarial valuations of the future service liability under the award system, on account of the volunteers involved in the computation, in the same manner as the contribution required of the state on account of its employees was originally determined, except that, in consideration of the number of volunteers of the department or other circumstances, a different manner of determining such

contribution may be adopted by the board, upon recommendation of the actuary.

50971. Notwithstanding Section 50970, the approximate contribution quoted by the board and the actual contributions for a contracting department shall be the employer rate fixed by the board.

50972. The approximate and actual contributions shall be similar to premiums under insurance policies. The approximate contribution quoted by the board to the department is subject to the contingency that the actual contribution certified by the board after the approval of a contract may differ from the approximate contribution because of any of the following:

(a) Time elapsed between the quotation and operative date of the contract.

(b) Any changes in the facts or assumptions upon which the quotation was based.

50973. Approval of the contract shall be by an ordinance adopted by the affirmative vote of a majority of the electorate of the area served by the department voting thereon. The electorate shall be informed of the projected costs of the program and its method of financing.

If a governing body of a department is permitted by law to act by resolution, any action required by this article to be taken by ordinance may also be taken by adoption of a resolution.

50974. Errors in any contract may be corrected through amendments approved by the adoption of suitable resolutions by the contracting parties. All contract amendments shall be made in the same manner as prescribed for the approval of the initial contract.

50975. The contract may be terminated by an ordinance adopted by the affirmative vote of a majority of the electorate of the area served by the department voting thereon. All liability of the department with respect to its volunteer members of the award system shall cease. All moneys deposited in the fund shall be held for the continued payment of previously granted awards and the costs of administration.

Article 6. Funding

50977. Notwithstanding Section 50962, no award shall be payable, or begin to accrue, until the board establishes, by appropriate resolution, that the fund contains sufficient net assets to make such payments on an actuarial reserve basis.

50978. The sum of two hundred thousand dollars ($200,000) is hereby appropriated from the General Fund to the Board of Administration of the Public Employees' Retirement System, to be loaned by the board to the Volunteer Firefighters Length of Service Award System, at an annual interest rate equal to that currently earned by the Pooled Money Investment Fund on the date of such loan, to defray the start-up costs and the costs of administration of the

award system

The obligation of repayment of such moneys to the General Fund shall be treated as a liability for purposes of the accounting required in Section 50977. Repayment of such loan by the Volunteer Firefighters Length of Service Award System shall be made at times and in amounts deemed appropriate by the board

SEC 2. Section 1 of this act shall remain in effect only until January 1, 1985, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1985, deletes or extends such date.

CHAPTER 1146

SEC. 2. Section 1141.11 of the Code of Civil Procedure, as amended by Chapter 46 of the Statutes of 1979, is amended to read:

1141.11. (a) In each superior court with 10 or more judges, all at-issue civil actions pending on or filed after the operative date of this chapter shall be submitted to arbitration, by the presiding judge or the judge designated, under this chapter if the amount in controversy in the opinion of the court will not exceed fifteen thousand dollars ($15,000) for each plaintiff, which decision shall not be appealable.

to actions pending on or filed after July 1, 1979. Any action filed in such court after the conclusion of the pilot project shall be subject to the provisions of this chapter.

SEC 3 Section 69741.7 is added to the Government Code, to read:

69741.7. At any time when one or more judges are assisting a one-judge superior court pursuant to judicial assignment under Section 6 of Article VI of the Constitution, and when there is a justice court in the county which is not in use for other court purposes, such superior court may conduct session at such justice court.

73772. There shall be one clerk, who shall be the administrative officer of the court and who shall receive an annual salary recommended by the municipal court and approved by the board of supervisors.

Any change in the salaries in effect immediately prior to January 1, 1980, shall be on an interim basis and shall expire on January 1 of the second calendar year after the calendar year in which the change occurs, unless ratified by the Legislature.

SEC. 5. Section 73773 of the Government Code is amended to read·

73773. (a) The clerk, with the approval of the judges of said court, may appoint one chief deputy clerk, 15 deputy clerks grade IV, 16 deputy clerks grade III, 12 deputy clerks grade II, 10 deputy clerks grade I, and seven intermediate typists and such other employees as the board of supervisors approve upon the recommendation of the municipal court, each of whom shall receive a salary recommended by the municipal court and approved by the board of supervisors. Any appointee shall be compensated at the first step and advance to each higher step upon completion of each year of service. Upon the recommendation of the municipal court and approval of the board of supervisors, such employees may be employed at or may be granted a special step increase to any step within the salary range on the basis of experience or qualifications.

(b) Any change in the salaries in effect immediately prior to January 1, 1980, shall be on an interim basis and shall expire on January 1 of the second calendar year after the calendar year in which the change occurs, unless ratified by the Legislature

SEC 7. Section 6 of this bill is declarative of the law existing prior to its adoption and is enacted in order to clarify legislative intent that grand jurors in counties of the 43rd class heretofore have been

entitled to receive fees and mileage for attending meetings of grand jury committees

SEC. 8. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to these sections because this act is in accordance with the request of a local governmental entity or entities which desired legislative authority to carry out the program specified in this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 9 Sections 1 and 2 of this act are necessary since special facts and circumstances applicable to superior court in Sonoma County, and not generally applicable, make the accomplishment of this purpose impossible by any general law. Special legislation is therefore necessary applicable to such courts only The special facts are as follows:

Sonoma County has the third highest rate of superior court cases, both civil and criminal, awaiting trial per judicial position of any county in the state and has the fourth highest median intervals in months from at-issue memorandum to trial of any county in the state. Accordingly, to overcome this backlog it is necessary to expand the Sonoma County Judicial Arbitration Program to the greatest extent possible

SEC 10. Sections 4, 5, 6, and 7 of this act shall become operative on January 1, 1980

SEC. 11 This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This bill must take effect before the end of the year in order to insure the efficient and effective operation of the courts

SEC 12 It is the intent of the Legislature, if this bill and Assembly Bill 1631 are both chaptered and become effective on or before January 1, 1980, both bills amend Section 1141 11 of the Code of Civil Procedure, and this bill is chaptered after Assembly Bill 1631, that Section 1141 11 of the Code of Civil Procedure, as amended by Section 1 of Assemby Bill 1631, be further amended on the effective date of this act in the form set forth in Section 2 of this act to incorporate the changes in Section 1141.11 proposed by both bills. Therefore, if this bill and Assembly Bill 1631 are both chaptered and become effective on or before January 1, 1980, and Assembly Bill 1631 is chaptered before this bill and amends Section 1141 11, Section 2 of this act shall become operative on the effective date of this act and Section 1 of this act shall not become operative

CHAPTER 1147

An act relating to food and agriculture, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1979 Filed with Secretary of State September 29, 1979]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds that 1,2-dibromo-3-chlorpropane (DBCP) use has been suspended in this state by the Department of Food and Agriculture since August 1977. The original suspension was for the purpose of determining if the material which had been shown to cause infertility in manufacturing plant employees presented similar problems to agricultural fieldworkers. Subsequently, worker-safety tests indicated a potential problem with residues on farm products from treated trees, vines, and plants which necessitated additional studies and testing to ascertain what impact, if any, is actually present. The department has conducted additional tests regarding the worker health and safety and residue questions.

The Legislature also finds that the Central Valley Regional Water Quality Control Board began and the department completed, in cooperation with the State Department of Health Services, tests for DBCP contamination of well water in areas where DBCP had previously been used. DBCP testing was found to be positive in 25 percent of the 139 wells tested. The federal Environmental Protection Agency has sampled wells in other states and found DBCP present in some of the sampled water.

The Legislature further finds that the recent discovery of well water contamination raises many unanswered health and safety questions, such as:

(a) How surface soil applications of DBCP infiltrated into the groundwater table at depths which were greater than 100 feet in some cases.

(b) What levels of DBCP in well water would be if the use of the material was resumed.

(c) What the public health implications are of exposure to water contaminated with DBCP at the levels detected in the well water tests.

(d) How DBCP entered municipal water supplies that had no overlying application of DBCP.

(e) Whether the contamination of well water can be reduced, mitigated, or prevented by a particular application technique or other means.

(f) What is the extent of DBCP contamination on a statewide basis.

(g) Whether or not a tolerance level for DBCP can be established which will adequately protect the public health.

The Legislature finds and declares that the state's annual ten billion dollar ($10,000,000,000) agricultural production, particularly in citrus, grapes, almonds, walnuts, stone fruit, and tomatoes, is seriously threatened by various kinds of nematodes that currently can only be controlled by periodic application of DBCP The Legislature further finds that the state economy will also be adversely affected by the effects of nematode infestations. Therefore, in conjunction with the research on DBCP, there is an urgent need to increase research efforts toward finding alternative means of nematode control. It is important that such research explore all possible methods of nematode control including, but not limited to, chemical, biological, and cultural control, and genetic (plant breeding) research.

The Legislature, therefore, finds and declares that the Department of Food and Agriculture, in cooperation with other appropriate governmental agencies, should initiate studies and projects necessary to answer these questions and to find suitable nematode control methods. The Department of Food and Agriculture and the State Department of Health Services have joint responsibility for completing the portion of the study referred to in subdivision (a) of Section 2. The Department of Food and Agriculture should have primary responsibility for all other studies and may contract with the University of California or others in order to expeditiously resolve these issues

SEC 2 The sum of one million dollars ($1,000,000) is hereby appropriated from the General Fund to the Department of Food and Agriculture for expenditure as follows.

(a) The sum of five hundred thousand dollars ($500,000) to be used during the 1979–80 fiscal year to initiate projects and research as follows.

(i) To determine the levels of DBCP contamination which would present a risk to public health, including worker safety, and to assess the health risk associated with any existing levels of contamination.

(ii) To determine whether there is contamination of California surface and underground water from the chemical DBCP, and to determine the extent and geographical distribution of any such contamination.

(iii) To determine how any such contamination occurred, under what circumstances contamination risk is evident (e.g soil types, specific methods of application), and how it can be controlled to a safe level.

(iv) To determine the extent to which agricultural application of DBCP can be effectuated without water contamination, or what mitigation measures would reduce any risk to the public health.

(v) To identify and develop reasonable alternative methods of protection against nematodes. Funds for such purpose shall be expended only if at least 50 percent in matching funds are made

available for each research project from other than General Fund moneys, provided that the Department of Food and Agriculture encourages the University of California to utilize portions of its appropriations for integrated pest management research.

All expenditures of General Fund moneys pursuant to subdivision (a) shall be contingent upon the Department of Food and Agriculture actively seeking alternative funding sources, such as the Environmental Protection Agency and the United States Department of Agriculture.

(b) The sum of five hundred thousand dollars ($500,000) for expenditure during the 1979–80 fiscal year for purposes of eradicating the plant pest Hydrilla (Hydrilla verticillata) in the area of the All-American Canal near Calexico and in the water system of the Imperial Irrigation District in Imperial County. The state General Fund appropriation shall not exceed one-third of the total costs of the program. The department shall seek federal and local funding for the balance of the eradication program costs. The department shall include in its budget request, funds for the program during the 1980–81, 1981–82, and 1982–83 fiscal years.

SEC. 3. The Department of Food and Agriculture and the State Department of Health Services shall jointly report to the Legislature no later than March 15, 1980, concerning the costs, results, and recommendations relating to the investigation into the levels of DBCP contamination which would present a public health risk, and the health risk associated with existing levels of DBCP contamination, as required by subdivision (a) of Section 2 of this act.

The Department of Food and Agriculture shall report to the Legislature no later than March 15, 1980, concerning all of the following:

(a) The amount spent or encumbered, and the amount projected to be spent or encumbered, by June 30, 1980, from the funds appropriated by this act, on each of the categories of research enumerated in Section 2 of this act.

(b) The results or progress of studies and research conducted under subdivisions (b), (c), (d), and (e) of Section 2 of this act.

(c) The amounts of matching funds, and the source of such matching funds, obtained pursuant to subdivision (e) of Section 2 of this act.

(d) Recommendations relating to the studies and research performed pursuant to subdivisions (b), (c), (d), and (e) of Section 2 of this act.

SEC. 4 This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the safety of DBCP use be determined as soon as possible, so that nematode damage may be combatted, it is necessary that this act take effect immediately

In addition, the Legislature recognizes that Hydrilla (Hydrilla

verticillata) is a serious pest which threatens the agricultural industry and the destruction of the waterways of the state. In order that funds be available as soon as possible to prevent such destruction, it is necessary that this act go into immediate effect.

CHAPTER 1148

An act to add an article heading immediately preceding Section 6024 of, and to add Article 2 (commencing with Section 6035) to, and Article 3 (commencing with Section 6040) to, Chapter 5 of Title 7 of Part 3 of, the Penal Code, and to amend the heading of Article 3 (commencing with Section 42050) of Chapter 1 of Division 18 of, and to amend Sections 42050 and 42052 of, the Vehicle Code, relating to corrections and probation officers, and making an appropriation therefor.

[Approved by Governor September 28, 1979 Filed with Secretary of State September 29, 1979]

The people of the State of California do enact as follows:

SECTION 1. An article heading is added immediately preceding Section 6024 of the Penal Code, to read:

Article 1. General Provisions

SEC. 2. Article 2 (commencing with Section 6035) is added to Chapter 5 of Title 7 of Part 3 of the Penal Code, to read:

Article 2 Standards and Training of Local Corrections and Probation Officers

6035 (a) For the purpose of raising the level of competence of local corrections and probation officers, the board shall adopt, and may from time to time amend, rules establishing minimum standards for the recruitment and training for such officers employed by any county or city and county. All such rules shall be adopted and amended pursuant to Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

(b) Any county or city and county receiving state aid pursuant to Article 3 (commencing with Section 6040) shall adhere to the standards for recruitment and training established by the board.

(c) Minimum training standards may include, but are not limited to, basic, entry, continuation, supervisory, management, and specialized assignments.

(d) Training standards shall apply to all local corrections and probation officers receiving funds under Article 3 (commencing with Section 6040) Exemptions from this requirement for personnel

hired prior to July 1, 1980, shall be determined by the board. For the purpose of such exemptions, the board may develop written or oral equivalency examinations, a certification process which recognizes standards equivalency through a combination of professional experience and training, or a combination of examination and certification.

6036. For purposes of implementing this article, the board shall have the following powers:

(a) Approve or certify, or both, training and education courses at institutions approved by the board.

(b) Make such inquiries as may be necessary to determine whether every county and city and county receiving state aid pursuant to this chapter is adhering to the standards for recruitment and training established pursuant to this chapter.

(c) Develop and operate a professional certificate program which provides recognition of achievement for local corrections and probation officers whose agencies participate in the program.

(d) Adopt such regulations as are necessary to carry out the purposes of this chapter.

(e) Perform such other activities and studies as would carry out the intent of this article.

6037 In exercising its functions, the board shall endeavor to minimize costs of administration so that a maximum of funds will be expended for the purpose of providing training and other services to eligible corrections and probation departments.

The Legislature finds and declares that the best training and preparation can be obtained from in-service teacher training in methods of self-defense and defusion of stress in a potentially violent situation The Legislature further finds and declares that such in-service teacher training should be conducted with the cooperation of local police agencies.

SEC 2 Section 48909 of the Education Code is amended to read:

48909. (a) Notwithstanding Section 1714 1 of the Civil Code, the parent or guardian of any minor whose willful misconduct results in injury or death to any pupil or any person employed by or performing volunteer services for a school district or private school or who willfully cuts, defaces, or otherwise injures in any way any property, real or personal, belonging to a school district or private school, or personal property of any school employee shall be liable for all such damages so caused by the minor The liability of the parent or guardian shall not exceed five thousand dollars ($5,000).

The parent or guardian shall also be liable for the amount of any reward not exceeding five thousand dollars ($5,000) paid pursuant to Section 53069.5 of the Government Code. (2) Engaging in the business of loaning money, advancing credit, or loaning credit or arranging for the loan of money or advancing of credit or loaning of credit.

(3) Storing, using or otherwise consuming in this state of tangible personal property by savings and loan associations. This paragraph does not apply to amounts incurred and paid beginning on and after January 1, 1980.

(b) The offset allowed to any financial corporation for any income year as provided in this section may, at the election of that financial corporation, be offset, in whole or in part, against its franchise tax for that income year or offset in whole or in part against its franchise tax in one or more of the next four succeeding years of its selection, until such time as the total amount of such offset is so utilized; provided, however, that for such purposes, offsets elected to be utilized against the franchise tax of a succeeding year shall be applied in the order of their respective years of origin and prior to the application of the offset which might otherwise be allowable for amounts paid during that income year.

(c) Notwithstanding anything to the contrary contained in this section, the tax on financial corporations after the allowance of all offsets provided for herein shall not be less than 7.6 percent of its net income for the preceding income year nor less than the following minimum tax:

(1) In the case of financial corporations, other than credit unions whose gross income is twenty thousand dollars ($20,000) or less, one hundred dollars ($100).

(2) In the case of credit unions whose gross income is twenty

thousand dollars ($20,000) or less, twenty-five dollars ($25).

(d) For purposes of this section, with respect to calendar or fiscal years ending after June 30, 1973, the tax on financial corporations after the allowance of all offsets shall not be less than 9 percent of its net income nor less than the minimum tax as provided by subdivision (c).

(e) For income years beginning after December 31, 1971, the one hundred dollars ($100) specified in paragraph (1) of subdivision (c) shall be two hundred dollars ($200) instead of one hundred dollars ($100).

(f) Any offset which a financial corporation was entitled to apply against its franchise tax for the 1980 income year but which could not be applied during such income year because of the limitations otherwise set forth or because such amounts were not paid because they were contested or not timely assessed, shall be applied, in whole or in part, against its franchise tax for the 1981 income year, and any unused offset shall be applied in like manner against its franchise tax for the next six succeeding income years.

(g) Notwithstanding anything to the contrary contained in this section, the tax on financial corporations after the allowance of all offsets provided for herein shall not be less than the tax on net income provided by Section 23151, or the minimum franchise tax, whichever is greater.

SEC. 16 Section 23186 of the Revenue and Taxation Code is amended to read:

23186. (a) Except as otherwise provided in subdivision (b) or subdivision (c), the rate of tax on banks and financial corporations shall be a percentage equal to the percentage of the total amount of net income, allocable to this state, of every corporation taxable under Section 23151 or subdivision (c) of Section 23151.1 or paragraph (1) of subdivision (d) of Section 23151.1, as the case may be, other than public utilities as defined in the Public Utilities Act, for the next preceding calendar year or fiscal years ended during such calendar year, required to be paid to this state as franchise taxes according to or measured by such net income, and required to be paid to this state or its political subdivisions by such corporations as personal property taxes during the preceding calendar year or fiscal years ended in such calendar year; provided, however, that said rate of tax shall not exceed 13 percent. The percentage of the net income of every corporation taxable under Section 23151, or subdivision (c) of Section 23151.1, or paragraph (1) of subdivision (d) of Section 23151.1, as the case may be, other than public utilities as defined in the Public Utilities Act, required to be paid to this state or its political subdivisions in personal property taxes shall be determined by ascertaining the ratio which the total amount of such personal property taxes, less 9 percent thereof, bears to the total amount of net income of such corporations allocable to California, increased by the amount of such personal property taxes; provided, however, that if any such corporation sustains a net loss allocable to California the

personal property taxes required to be paid by such corporation to this state or its political subdivisions during the preceding calendar year or fiscal year ended during such calendar year shall be considered for the purpose of determining such ratio only to the extent which such personal property taxes exceed such net loss allocable to California.

(b) For income years ending in 1980, the rate of tax on banks and financial corporations shall be 11.6 percent For income years ending in 1981, the rate shall be the rate prescribed in subdivision (d) of Section 23151, plus 2.0 percent.

(c) For income years ending in 1982 and thereafter, the rate of tax on banks and financial corporations shall be a percentage equal to the percentage of the total amount of net income, allocable to this state, of every corporation taxable under Section 23151 or subdivision (c) of Section 23151.1 or paragraph (1) of subdivision (d) of Section 23151.1, as the case may be, other than public utilities as defined in the Public Utilities Act, for the next preceding calendar year or fiscal years ended during such calendar year, required to be paid to this state as franchise taxes according to or measured by such net income, and required to be paid to this state or its political subdivisions by such corporations as personal property taxes and business license taxes during the preceding calendar year or fiscal years ended in such calendar year; provided, however, that said rate of tax shall not exceed 12 percent. The percentage of the net income of every corporation taxable under Section 23151, or subdivision (c) of Section 23151.1, or paragraph (1) of subdivision (d) of Section 23151 1, as the case may be, other than public utilities as defined in the Public Utilities Act, required to be paid to this state or its political subdivisions in personal property taxes and business license taxes shall be determined by ascertaining the ratio which the total amount of such personal property taxes and business license taxes, less the rate prescribed in subdivision (e) or (f) of Section 23151, whichever is the applicable percent thereof, bears to the total amount of net income of such corporations allocable to California, increased by the amount of such personal property taxes and business license taxes; provided, however, that if any such corporation sustains a net loss allocable to California the personal property taxes and business license taxes required to be paid by such corporation to this state or its political subdivisions during the preceding calendar year or fiscal years ended during such calendar year shall be considered for the purpose of determining such ratio only to the extent which such personal property taxes and business license taxes exceed such net loss allocable to California.

(d) Litigation is currently pending regarding the application of the ad valorem tax limitation provided in Article XIII A of the Constitution to personal property on the 1978–79 unsecured roll. After a decision in such litigation is final, the Franchise Tax Board shall redetermine the rate of tax for banks and corporations determined in 1979 (and 1980 if applicable). If the decision upholds

the application of the Article XIII A rate, the Franchise Tax Board redetermination shall, to the extent practicable, take into account resultant personal property tax reductions. Refunds resulting from such redetermined rate will be made pursuant to Section 26071. If the final court decision does not uphold the application of the Article XIII A rate to the 1978–79 unsecured roll, the Franchise Tax Board redetermination will take into account additional local tax billings resulting from such decision which are mailed within 12 months of such decision. Any additional taxes resulting from the redetermined rate will be due and payable within 30 days of mailing of a notice and demand by the Franchise Tax Board.

SEC. 16.3. Section 26482 is added to the Revenue and Taxation Code, to read:

26482. (a) The taxes estimated to be collected which are attributable to the excess of the bank tax rate over the general tax rate provided in Section 23151 for income years ending in 1980 and thereafter shall be transferred by the Controller one-half in June and one-half in December from the General Fund to the Financial Aid to Local Agencies Fund, which is hereby created.

(b) The Department of Finance shall estimate the amounts to be deposited in such fund on or before June 1, 1980, and on or before June 1 of each year thereafter. The amounts transferred to this fund shall be adjusted annually to reflect actual collection as determined by the Franchise Tax Board.

SEC. 16.5. Section 26483 is added to the Revenue and Taxation Code, to read:

26483. All money deposited in the Financial Aid to Local Agencies Fund is hereby appropriated subject to the provisions of the budget bill. On or before the last day of June and on or before the last day of December the balance in the Financial Aid to Local Agencies Fund shall be allocated by the Controller to cities and counties in the following manner and amount:

(a) For the June allocation, one-half of the amount to be allocated to cities and counties shall be distributed based on population. The cities' allocation would be determined based on the proportion that the population of each city bears to the total population of California. The counties' allocation would be determined based on the proportion that the population residing in the unincorporated area of each county bears to the total population of California.

(b) The balance of the June allocation shall be distributed to cities and counties based on AFDC benefits paid during January, February, and March. The cities' allocation would be determined based on the proportion that the AFDC benefits paid to residents of each city bears to the total AFDC benefits paid to all residents of California. The counties' allocation would be determined based on the proportion the AFDC benefits paid to residents of the unincorporated area of each county bears to the total AFDC benefits paid to all residents of California.

(c) For the December allocation, the same procedure shall be

followed as for the June allocation, but "July, August and September" shall be substituted for "January, February and March."

(d) For purposes of this section a city includes a city and county.

(e) Notwithstanding any other provision of this section, for fiscal years 1980–81 and 1981–82 only, before the allocation is made pursuant to subdivision (c), the Controller shall make an allocation on or before the last day of December in the following manner and amounts:

(1) For a redevelopment agency which is within a county having a population of 5,000,000 persons or more, and which is within a general law city having a population of not less than 30,000 persons and not more than 36,000 persons, and which has a redevelopment project area of more than 500 acres and less than 1,300 acres as of September 1, 1979. The allocation shall equal one hundred fifty thousand dollars ($150,000).

(2) For a redevelopment agency which is within a county having a population of 5,000,000 persons or more, and which is within a general law city having a population of not less than 36,000 persons and not more than 41,000 persons, and which has a redevelopment project area of more than 500 acres and less than 1,300 acres as of September 1, 1979. The allocation shall equal fifty thousand dollars ($50,000).

(3) For a redevelopment agency which is within a county having a population of 5,000,000 persons or more, and which is in a charter city having a population of not less than 70,000 persons and not more than 80,000 persons, and which has a redevelopment project area of not less than 100 acres and not more than 1,400 acres as of September 1, 1979. The allocation shall equal three hundred thousand dollars ($300,000).

SEC. 16.17. An amount of revenue equivalent of the additional revenue generated by the increases in the bank and corporation tax pursuant to this act shall be excluded from the computation of the deflator, pursuant to Section 100.5 of the Revenue and Taxation Code.

SEC. 17. (a) Part 21 (commencing with Section 42000) of Division 2 of the Revenue and Taxation Code is repealed; provided, however, that such part shall remain applicable for the purpose of making refunds, the effecting of any credits, or any other disposition of money collected.

(b) The Legislature finds that the reduction in revenues available for deposit in the State Litter Control, Recycling, and Resource Recovery Fund resulting from the enactment of this act will not significantly impair the operations of the State Solid Waste Management Board pursuant to the Litter Control, Recycling, and Resource Recovery Act of 1977 (commencing with Section 68000 of the Government Code) and will not impair any obligation to which the board is a party and that the repeal of Part 21 (commencing with Section 42000) of Division 2 of the Revenue and Taxation Code made by this act will provide for the more equitable implementation of the

Litter Control, Recycling, and Resource Recovery Act of 1977. Accordingly, the Legislature hereby finds and declares that the revisions to the fiscal provisions applicable to the State Solid Waste Management board made by this act and the refunds and remittances required to be made to taxpayers pursuant to Section 4 of Chapter 3 of the Statutes of 1979, as amended by this act, promote a legitimate state purpose.

SEC 17 76. Notwithstanding any other provision of law, the state shall reimburse local government for revenue lost pursuant to the business inventory exemption in 1978–79 for inventories on the unsecured and secured roll by using the secured roll tax rate for 1978–79. That portion of any claim for reimbursement based on a tax rate in excess of the 1978–79 secured roll tax rate shall be denied.

SEC. 17.98. Department of Finance estimates show that the cost provisions of this bill are fully funded by the additional General Fund revenues derived from the bank and corporation franchise tax rate increase and the economic stimulus of removing the remaining property tax on the approximately forty billion dollars ($40,000,000,000) in taxable business inventories.

SEC. 17.99. Section 42300 of the Revenue and Taxation Code, as amended by Chapter 338 of the Statutes of 1979, is amended to read·

42300. The assessments imposed by this part in 1978 are due and payable on or before November 30, 1979; and the assessments imposed by this part for 1979 and subsequent years are due and payable to the board annually on or before the last day of the second calendar month next succeeding each calendar year or on or before the last day of the second calendar month next succeeding the close of such period as may be prescribed by the board pursuant to Section 42304 If a taxpayer ceases to do business in this state, the assessments imposed by this part are due and payable to the board on or before the last day of the calendar month next succeeding the close of the calendar quarter in which the taxpayer ceased to do business in this state. However, if a taxpayer ceases to do business in this state at any time prior to November 30, 1979, the assessment is not due and payable until on or before the last day of the calendar month next succeeding the calendar quarter closing on or after November 30, 1979

SEC. 18 (a) The provisions of this act relating to changes in the rate of tax, as provided in the amendments to Sections 23151 and 23186 of the Revenue and Taxation Code shall be applied pursuant to the method prescribed in Section 24251 of the Revenue and Taxation Code. Bank and Corporation Tax returns required to be filed (without regard to any extensions) on or after April 15, 1980, shall use the rate prescribed by applying the method set forth in Section 24251 of the Revenue and Taxation Code Returns filed prior to such date shall use the rate in effect as of December 31, 1979, and any additional tax due as a result of a rate increase provided by this act shall be due and payable within 30 days after the Franchise Tax Board mails a notice and demand of the amount payable.

(b) Estimated taxes due and payable on and after January 15, 1980, shall reflect the rate changes provided by this act in accord with instructions provided by the Franchise Tax Board.

SEC. 18.5. Section 4 of Chapter 3 of the Statutes of 1979 is amended to read:

Sec. 4. (a) The State Board of Equalization shall, insofar as it is practicable to do so, make refunds to all taxpayers who have paid the Litter Control, Recycling, and Resource Recovery Assessment.

(b) In lieu of making the refunds required by subdivision (a), the board shall, whenever it is feasible to do so, return the unendorsed check or money order forwarded by such taxpayer.

(c) Section 12419.5 of the Government Code does not apply to any refund or remittance made pursuant to this act

(d) This section shall remain in effect only until June 30, 1981, and as of such date is repealed, unless a later enacted statute, which is chaptered before June 30, 1981, deletes or extends such date.

SEC. 19. Sections 1 to 4, inclusive, and Section 6 shall apply to computations made for the 1980–1981 fiscal year and fiscal years thereafter. Section 5 and Sections 7 to 11, inclusive, shall apply with respect to taxes imposed for and reimbursements claimed for the 1980–1981 fiscal year.

SEC. 19.79. Section 5 of Chapter 3 of the Statutes of 1979 is amended to read:

Sec. 5. (a) The provisions of this act shall apply to the assessment imposed on or after January 1, 1978.

(b) The Legislature finds that the reduction in revenues available for deposit in the State Litter Control, Recycling, and Resource Recovery Fund resulting from the enactment of this act will not significantly impair the operations of the State Solid Waste Management Board pursuant to the Litter Control, Recycling, and Resource Recovery Act of 1977 (commencing with Section 68000 of the Government Code) and will not impair any obligation to which the board is a party and that the amendments to Section 42103 of the Revenue and Taxation Code made by this act will provide for the more equitable implementation of the Litter Control, Recycling, and Resource Recovery Assessment. Accordingly, the Legislature hereby finds and declares that the reformulation of the assessment accomplished by such amendments and the refunds and remittances required to be made to taxpayers pursuant to this act promote a legitimate state purpose.

(c) The revised schedule of assessments and the revised due date for the payment of assessments established by, respectively, Sections 42103 and 42300 of the Revenue and Taxation Code shall apply to assessments, the liability for the payment of which accrues during the 1978 and subsequent tax years, unless a bill, which repeals or which further revises or replaces such schedule of assessments, is chaptered during 1979.

SEC. 19.80. Section 16114 of the Revenue and Taxation Code shall have no force or effect for the 1980–81 fiscal year or any fiscal year

thereafter.

SEC 20. The amendment to Revenue and Taxation Code Section 23182 contained in this act reaffirms the Legislature's longstanding purpose of insuring competitive parity between banks and financial corporations by subjecting both types of institutions to an equivalent tax burden. Equal tax treatment of banks and financial corporations promotes the continued existence of both types of institutions thereby affording a full range of financial services at competitive rates. Moreover, taxation of banks and financial corporations at the rate determined under Revenue and Taxation Code Section 23186 insures that their tax burden will be comparable to the combined state and local tax burdens of nonfinancial corporations subject to Revenue and Taxation Code Section 23151

The Legislature further finds that divergent and competing local tax measures imposed on financial corporations impair the uniform statewide regulation of banks and financial corporations. For this reason and those earlier expressed, the Legislature declares that the state, by this amendment, has preempted such local taxation of financial corporations to the same extent as the state has heretofore preempted local taxation of banks.

SEC. 20.5 A redevelopment agency may report to the State Board of Control with respect to the estimated loss of business inventory tax revenue or state subvention resulting from this act The State Board of Control shall review the data contained in such reports and shall, on or before January 31, 1980, report the following to the chairmen of the fiscal committees of the Legislature: (1) the loss of business inventory tax revenue (including state subventions) to redevelopment agencies resulting from this act; (2) the type and dollar amount of contractual obligations affected by this act; and (3) the amount of revenue which will not be available to the agency in order to meet its contractual obligations.

SEC. 20.20. The Office of Economic Planning, Policy and Research Development of the Department of Economic and Business Development shall report to the Legislature no later than December of 1980 on the amount of economic stimulus generated by the passage of this act, including specific data as to the effect on state revenues.

SEC. 21 This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act must take effect immediately in order to enable the executive departments to implement its provisions before the commencement of the 1980–81 assessment year.

SEC. 22. In view of pending litigation concerning the application of sales tax to banks, it is not intended by enactment of this act that any inference be drawn from it in such litigation

CHAPTER 1151

An act to add Sections 1801.6, 1801.7, and 1803.9 to, and to add Article 12.4 (commencing with Section 1812.20) to Chapter 1 of Title 2 of Part 4 of Division 3 of, the Civil Code, relating to retail installment sales.

[Approved by Governor September 28, 1979 Filed with Secretary of State September 29, 1979]

The people of the State of California do enact as follows:

SECTION 1. Section 1801.6 is added to the Civil Code, to read:

1801.6. (a) The provisions of this chapter shall not apply to any transaction in the form of a loan made by a supervised financial organization to a buyer of goods or services where all or a portion of the loan proceeds are used to purchase such goods or services, whether or not the seller of such goods or services arranges the loan or participates in the preparation of the loan documents, unless the supervised financial organization and the seller:

(1) Are related by common ownership and control and the relationship was a material factor in the loan transaction; or

(2) Share in the profits and losses of either or both the sale and the loan.

(b) For purposes of this section:

(1) The term "supervised financial organization" means a person organized, chartered, or holding a license or authorization certificate to make loans pursuant to the laws of this state or the United States who is subject to supervision by an official or agency of this state or the United States.

(2) Receipt of a loan commission, brokerage or referral fee by a seller from a supervised financial organization shall not constitute a sharing of profits of the supervised financial organization, provided that such loan commission, brokerage or referral fee is reasonable under the circumstances existing at the time the loan is consummated, if such loan commission, brokerage fee or referral fee is not refundable, or is wholly or partly refundable only if the loan is voluntarily paid in full prior to its scheduled maturity.

(3) Payment of money by a seller to a supervised financial organization pursuant to an actual or alleged contractual or statutory obligation to indemnify a supervised financial organization for losses incurred as a result of the assertion by a buyer of claims or defenses with respect to goods or services purchased with loan proceeds shall not constitute participation in or sharing of loan losses by the seller.

SEC. 2. Section 1801.7 is added to the Civil Code, to read:

1801.7. The provisions of this chapter shall not apply to any premium finance agreement entered into by an industrial loan company pursuant to Chapter 8 (commencing with Section 18560) of Division 7 of the Financial Code.

SEC. 3. Section 1803.9 is added to the Civil Code, to read:

1803.9. If it is explicitly understood between the seller and the buyer that all or any part of the cash price will be paid from the proceeds of a loan to be obtained by the buyer from a third party, the contract of sale or purchase order may be rescinded at the election of the buyer, and all considerations thereupon shall be returned by the respective parties without further demand, if the buyer is unable to obtain such third-party financing upon reasonable terms after having made a reasonable effort to obtain it, and buyer notifies the seller of the rescission within three business days.

SEC. 4. Article 12.4 (commencing with Section 1812.20) is added to Chapter 1 of Title 2 of Part 4 of Division 3 of the Civil Code, to read:

Article 12.4 Financing Retail Purchases

1812.20. Notwithstanding Section 1801.6, no person shall require a purchaser of goods or services to obtain financing from any particular source. Any person who violates this section shall be subject to the penalty provided in Section 1812.6.

SEC. 5. This act is intended to clarify and restate existing law regarding the characterization of loans and credit sales in light of the uncertainty created by King v. Central Bank, 18 Cal 3d 840, and is not intended to abrogate such law as evidenced by Verbeck v Clymer, 202 Cal. 557, Milana v. Credit Discount Co., 27 Cal. 2d 335, and Boerner v. Colwell Co., 21 Cal. 3d 37. Nothing in this act is intended to abrogate the decision in Morgan v. Reasor Corp., 69 Cal. 2d 881, to the extent such decision has not been modified by Chapter 554 of the Statutes of 1969 or other subsequent legislative amendments to the Unruh Act.

SEC. 6. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, there shall be no appropriation made by this act pursuant to these sections because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local agencies and school districts which, in the aggregate, do not result in significant identifiable cost changes. Paragraph (2) of subdivision (c) of Section 2253.2 of that code precludes the State Board of Control from considering claims for costs incurred by the creation of a new crime or infraction or by changes in the penalty for a crime or infraction, but the Department of Finance shall make the report required by Section 2246 of that code on costs mandated by this act.

CHAPTER 1152

(b) The hotplate contains not more than two burners or heating elements, and has been approved by a testing agency acceptable to the department

(c) The installation, maintenance, or use of a hotplate will not be, or is not, hazardous to life or property.

(*l*) An approved method of heating is installed in or for the room and the hotplate is not used for the purpose of heating the room or installed within an unventilated area.

(m) Toilet and bath facilities are installed and maintained in the building as required by this part and building standards published in the State Building Standards Code.

Such requirement shall only be applicable to new additions to, or renovations of, existing hotels, motels, apartment houses, and dwellings if compliance with the requirements of this section will not require substantial modification of the existing plumbing system. In satisfaction of the requirements of this section and subject to the provisions of Section 18930, the department shall permit the installation of tank-type water closets equipped with devices which are found by the department to meet applicable performance standards, that reduce

average water consumption to no more than 3½ gallons per flush, in water closets having a tank capacity in excess of 3½ gallons The department shall periodically publish a list of acceptable water closets and devices to reduce water consumption.

A manufacturer may sell water closets in this state which do not meet the foregoing requirements in a quantity sufficient to serve the need for water closet installation or replacement in structures other than new hotels, motels, apartment houses, or dwellings, or when authorized by the local enforcement agency

Any local enforcement agency may allow the use of standard flush toilets, when, in the opinion of the local agency, the configuration of the building drainage system requires a greater quantity of water to adequately flush the system.

This section shall not apply in any local jurisdiction, area, or region of the state subject to waste discharge requirements imposed pursuant to Article 4 (commencing with Section 13260) of Chapter 4 of Division 7 of the Water Code when the local enforcement agency determines that the waste water discharges would exceed such waste discharge requirements if this section was made applicable.

Subject to the provisions of Section 18930, the requirements prescribed by this section may be suspended for a specified period of time by a regulation adopted by the commission when the commission finds that there is an inadequate supply, including a choice of styles or colors for the consumer, of water closets specified in this section to meet the needs of new construction, or such water closets are not available at reasonable prices as compared to water closets not complying with the requirements of this section.

Any factual determinations of the adopting agency shall be considered conclusive by the commission unless the commission specifically finds, and sets forth its reasoning in writing, that such factual determination is arbitrary and capricious or substantially unsupported by the evidence considered by the adopting agency.

Whenever the commission makes such a finding, it shall return the standard to the adopting agency for a reexamination of its original determination of the disputed fact.

(d) Whenever a building standard is principally intended to protect the public health and safety, its adoption shall not be a "factual determination" for purposes of subdivision (c). Whenever a building standard is principally intended to conserve energy or other natural resources, the commission shall consider or review the cost to the public or benefit to be derived as a "factual determination" pursuant to subdivision (c).

(e) Whenever the commission finds, pursuant to paragraph (2) of subdivision (a) that a building standard is adopted by an adopting agency pursuant to statutes requiring adoption of such building standard, the commission shall not consider or review whether such adoption is in the public interest pursuant to paragraph (3) of subdivision (a).

18931. The commission shall perform the following:

(a) In accordance with Section 18930 and within 120 days from the date of receipt of adopted standards, review such standards of adopting agencies in order to approve, return for amendment with recommended changes, or reject building standards submitted to the commission for its approval. If such agencies do not do so within such reasonable time as specified, the commission shall convene a committee composed of a representative from each of the agencies affected and such other qualified persons as selected by the commission. This committee shall prepare a recommendation for commission action upon such building standards. Upon such recommendation, or if the committee does not prepare such a recommendation and deliver it to the commission within 30 days after being appointed, the commission may rewrite, edit, amend, or adopt, and approve such building standards consistent with the intent of this part and in accordance with the Administrative Procedure Act and the criteria for approval provided in Section 18930. It shall not, however, be required that hearings or other administrative procedure be duplicated on unchanged portions of building standards previously adopted and approved by the commission

(b) Pursuant to the provisions of Section 18943, the commission, after publication of building standards pursuant to Section 18941 in the triennial edition of the code, shall recommend to affected state agencies the repeal of building standards of such state agencies

which were adopted, or are, in conflict with such published standards in the code. If the state agency does not adopt the repealer of such building standards of such state agencies within a reasonable time as specified by the commission, the commission shall convene a committee composed of a representative of each of the agencies affected and such other qualified persons as selected by the commission to prepare a recommendation for commission action on such building standards. Upon such recommendation, or if such committee does not prepare such recommendation and deliver it to the commission within 30 days after being appointed, the commission may repeal such building standards, in accordance with the Administrative Procedure Act. This subdivision shall not supersede the provisions of Section 18943, but, instead, provides the procedure for effecting such provisions.

State agencies proposing to adopt building standards shall adopt, and the commission shall approve, regulations establishing procedures to assure public participation in the development of building standards and regulations. commission within 30 days and only when the adopting agencies have made the finding of emergency required by Sections 11421 and 11422 of the Government Code, and the commission concurs with such finding. CHAPTER 1.7 HUNTINGTON'S DISEASE RESEARCH AND WORKSHOP GRANTS

175. The Legislature hereby finds and declares that:

(a) Huntington's disease is a chronic progressive inherited disorder of the central nervous system.

(b) The constellation of mental and physical symptoms, the insidious onset of the disorder, and the torment of those at-risk, waiting throughout their lives to learn if they have been spared, conspire to make "Huntington's disease one of the most diabolical diseases known to man." Each child of a patient with Huntington's disease has a 50/50 chance of getting the disease.

(c) Males, females, and all ethnic groups may be affected and there is no effective treatment or cure. Because so little is known about the disease, many people are misdiagnosed and mistreated.

(d) The suicide rate among Huntington's disease patients is estimated to be seven times the national rate.

(e) The advancement of scientific knowledge about Huntington's disease, which, because of its extraordinary range of symptoms, serves as an excellent prototype for other major chronic genetic, neurologic, and psychiatric illnesses and diseases of aging, such as epilepsy, muscular dystrophy, and Parkinson's disease, will reveal fundamental scientific information that may lead to treatment, prevention, and ultimately a cure for an array of inherited disorders that affect millions

176 The State Director of Health Services shall establish such rules, regulations, and standards for grants under this chapter as the director deems necessary

177 There is hereby created a Scientific Advisory Review Committee. The membership of the committee shall be composed of 11 members who shall be representatives from each of the following:

(b) Interdisciplinary workshop grants to scientists and facilities for the purposes of facilitating interchange among an interdisciplinary group of investigators regarding problems in the treatment and care of patients as well as basic research, all of which may be applicable to a variety of genetic or neuro-degenerative disorders in addition to Huntington's disease. Individual workshop grants shall not exceed twelve thousand five hundred dollars ($12,500).

180. Not more than 10 percent of any money appropriated for purposes of this chapter shall be utilized for the administration of this chapter.

The department, in reviewing such applications, may consult with the Department of Developmental Disabilities, the Department of Mental Health, and the Department of Rehabilitation.

(d) In order to receive housing assistance payments for any specific structure pursuant to the provisions of this section, the local agency shall not contract for rental of more than 12 units, or for rental of space for more than 24 persons, in the structure. The people of the State of California do enact as follows:

SECTION 1. Section 42239.8 is added to the Education Code, to read: Territory Transfers: Determination of Declining Enrollment

42239.8 Whenever a school district has transferred a portion of its territory to another school district and no facilities or personnel are transferred by virtue of that transfer, and if the school district continues to provide education to pupils of the transferred territory under tuition contracts as provided for in Section 46304, the school district losing the territory shall not include the average daily attendance transferred in its base year for the purposes of determining the extent of declining enrollment, if any, in the budget year, for purposes of the computations provided pursuant to Section 42239

SEC. 2. Section 44955 of the Education Code is amended to read:

44955. No permanent employee shall be deprived of his position for causes other than those specified in Sections 44892, 44907, and 44923, and Sections 44932 to 44947, inclusive, and no probationary employee shall be deprived of his position for cause other than as specified in Sections 44948 to 44949, inclusive.

Whenever in any school year the average daily attendance in all of the schools of a district for the first six months in which school is in session shall have declined below the corresponding period of either of the previous two school years, whenever the governing board determines that attendance in a district will decline in the following year as a result of the termination of an interdistrict tuition agreement as defined in Section 46304, or whenever a particular kind of service is to be reduced or discontinued not later than the beginning of the following school year, and when in the opinion of the governing board of said district it shall have become necessary by reason of either of such conditions to decrease the number of permanent employees in said district, the said governing board may terminate the services of not more than a corresponding percentage of the certificated employees of said district, permanent as well as probationary, at the close of the school year, provided, that the services of no permanent employee may be terminated under the provisions of this section while any probationary employee, or any other employee with less seniority, is retained to render a service which said permanent employee is certificated and competent to render As between employees who first rendered paid service to the

district on the same date, the governing board shall determine the order of termination solely on the basis of needs of the district and the students thereof. Upon the request of any employee whose order of termination is so determined, the governing board shall furnish in writing no later than five days prior to the commencement of the hearing held in accordance with Section 44949, a statement of the specific criteria used in determining the order of termination and the application of the criteria in ranking each employee relative to the other employees in the group. This requirement that the governing board provide, on request, a written statement of reasons for determining the order of termination shall not be interpreted to give affected employees any legal right or interest that would not exist without such a requirement.

Notice of such termination of services either for a reduction in attendance or reduction or discontinuance of a particular kind of service to take effect not later than the beginning of the following school year, shall be given before the 15th of May in the manner prescribed in Section 44949, and services of such employees shall be terminated in the inverse of the order in which they were employed, as determined by the board in accordance with the provisions of Sections 44844 and 44845. In the event that a permanent or probationary employee is not given the notices and a right to a hearing as provided for in Section 44949, he shall be deemed reemployed for the ensuing school year.

operative on July 1, 1978. The Superintendent of Public Instruction and other public officers shall, for such purposes, have authority to take all necessary steps to effect the midfiscal year transition involved, including the authority to adjust allowance computations, apportionments, and disbursements ordered from Section A of the State School Fund.

SEC. 5. If this act is chaptered after June 30, 1979, amounts which the Salinas Union High School District receives pursuant to this act during the 1979–80 fiscal year shall be reduced by the amount allocated to such district pursuant to the operation of Sections 42239 and 42245 of the Education Code during the 1978–79 fiscal year.

SEC. 6. Due to the unique circumstances involved in the Salinas Union High School District's adjustment of its revenue limit in prior fiscal years, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the provisions of this act, which have the effect of revising formulas for calculating state school financial aid, may be effective for the 1978–79 fiscal year and the entire 1979–80 fiscal year, it is necessary that this act take effect immediately

6 The amount of any city, county, or city and county imposed fee or tax for a mobilehome

10. The amount of the unpaid balance, which is the sum of items 3, 4, 5, 6, 7, 8, and 9.

11 The amount of the finance charge, and the annual percentage rate as defined in the Federal Truth-In-Lending Act (15 U.S.C. 1601 et seq.)

(g) Notwithstanding any other provision of this chapter to the contrary, any information required to be disclosed in a conditional sale contract under this chapter may be set forth in terminology required or permitted under Regulation Z, as in effect at the time such disclosure is made. Nothing contained in this chapter shall be deemed to prohibit the disclosure in such contract of additional information required or permitted under Regulation Z, as in effect at the time such disclosure is made

(h) If the requirements of this section are otherwise met, the preparation and use of a separate document for agreements governing the ownership of the towbar, wheels, wheel hubs, and axles and for escrow instructions under Section 11950 of the Vehicle Code, relating to the sale of mobilehomes, shall not violate the single-document requirement of subdivision (a).

(A) The product of the unpaid balance multiplied by the maximum annual percentage rate (as defined in Regulation Z) which would be permitted if subparagraph (A) of paragraph (1) were applicable to the contract, or

(B) (i) Twenty-five dollars ($25) if the unpaid balance does not exceed one thousand dollars ($1,000), (ii) fifty dollars ($50) if the unpaid balance exceeds one thousand dollars ($1,000) but does not exceed two thousand dollars ($2,000), or (iii) seventy-five dollars ($75) if the unpaid balance exceeds two thousand dollars ($2,000).

(3) The holder of the contract shall not charge, collect or receive a finance charge which exceeds the dollar amount shown pursuant to item 13 of subdivision (a), except to the extent caused by (A) the holder's receipt of one or more payments under a contract which provides for determination of the finance charge or a portion thereof on the 365-day basis at a time or times other than as originally scheduled, (B) the use of estimations in the providing of the disclosures required by this chapter to the extent permitted by Regulation Z, or (C) as permitted by subdivision (c) of Section 2982.8

(4) If the finance charge or a portion thereof is determined by the simple-interest basis and the amount of the unpaid balance exceeds five thousand dollars ($5,000), the holder of the contract may, in lieu of its right to a minimum finance charge under subparagraph (B) of paragraph (2), charge, receive or collect on the date of the contract an administrative finance charge not to exceed seventy-five dollars ($75) provided that the sum of any such administrative finance charge and the portion of the finance charge determined by the simple-interest basis shall not exceed the maximum total finance charge permitted by subparagraph (A) of paragraph (2). (d) The contract may provide for a delinquency charge or charges on any installment in default for a period of not less than 10 days in an amount not to exceed in the aggregate 5 percent of the installment, which amount may be collected only once on any installment regardless of the period during which it remains in default. The contract may provide for reasonable collection costs and fees in the event of delinquency

(e) Notwithstanding any provision of a contract to the contrary, the buyer may pay at any time before maturity the entire indebtedness evidenced by the contract without penalty. In the event of prepayment in full.

(1) If the finance charge was determined on the precomputed basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, provided, however, that the buyer shall be entitled to a refund credit in the amount of the unearned portion of the finance charge, except as provided in paragraphs (3) and (4). The amount of the unearned portion of the finance charge shall be at least as great a proportion of the finance charge, or if the contract has been extended, deferred or refinanced, of the additional charge therefor, as the sum of the periodic monthly time balances payable more than 15 days after the date of prepayment bears to the sum of all the periodic monthly time balances under the schedule of installments in the contract or, if the contract has been extended, deferred or refinanced, as so extended, deferred or refinanced. Where the amount of the refund credit is less than one dollar ($1), no refund credit need be made by the holder. Any refund credit in the amount of one dollar ($1) or more may be made in cash or credited to the outstanding obligations of the buyer under the contract.

(2) If the finance charge or a portion thereof was determined on the simple-interest basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, including any earned finance charges which are unpaid as of that date and, if applicable, the amount provided in paragraph (3), and provided further that in cases where a finance charge is determined on the 360-day basis, the payments theretofore received will be assumed to have been received on their respective due dates regardless of the actual dates on which such payments were received

(3) Where the minimum finance charge provided by subparagraph (B) of paragraph (1) of subdivision (c) or subparagraph (B) of paragraph (2) of subdivision (c), if either is applicable, is greater than the earned finance charge as of the date of prepayment, the holder shall be additionally entitled to the difference

(4) The provisions of this subdivision shall not impair the right of the seller or his assignee to receive delinquency charges on delinquent installments and reasonable costs and fees as provided in subdivision (d) of this section

(f) Notwithstanding any other provision of this chapter to the

contrary, in the event any required downpayment on which no finance charge is imposed is to be made by the buyer to the seller on a conditional sale contract after the date of such contract but prior to the date of the second payment otherwise scheduled, the amount of such payment may be shown in such contract as a deferred portion of the cash downpayment or, if the finance charge is determined on the precomputed basis, as a deduction from the amount of the unpaid balance, and shall be included in the total of payments.

(g) Notwithstanding any other provision of this chapter to the contrary, any information required to be disclosed in a conditional sale contract under this chapter may be disclosed in any manner, method, or terminology required or permitted under Regulation Z, as in effect at the time such disclosure is made. Nothing contained in this chapter shall be deemed to prohibit the disclosure in such contract of additional information required or permitted under Regulation Z, as in effect at the time such disclosure is made.

(h) If the requirements of this section are otherwise met, the preparation and use of a separate document for agreements governing the ownership of the towbar, wheels, wheel hubs, and axles and for escrow instructions under Section 11950 of the Vehicle Code, relating to the sale of mobilehomes, shall not violate the single-document requirement of subdivision (a).

Without such an agreement governing the ownership of the towbar, wheels, wheel hubs, and axles, no dealer or transporter shall remove or cause to be removed any towbar, wheel, wheel hub, or axle from any mobilehome Any price quoted for any mobilehome in a conditional sale contract, purchase order, or security agreement pursuant to this section shall state whether such price includes or excludes the cost of the towbar, wheels, wheel hubs, and axles. requested the buyer to sign, and which he has signed, during the contract negotiations. SEC 14. Section 5352 of the Vehicle Code is amended to read:

5352. Subject to the exemptions stated in Section 5353 of this code and Section 109.7 of the Revenue and Taxation Code, registration of any trailer coach in this state is required annually.

SEC. 15 The sum of two hundred thousand dollars ($200,000) is hereby appropriated from the General Fund to the State Controller for allocation and disbursement to local agencies and school districts pursuant to Section 2231 of the Revenue and Taxation Code to reimburse the agencies for costs incurred by them pursuant to this act during the 1979–80 fiscal year.

SEC 16 Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act to reimburse local agencies and school districts for costs incurred by them in the 1980–81 fiscal year, or any subsequent fiscal year, because there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs. It is recognized, however, that such agency or district may pursue any other remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC 17 It is the intent of the Legislature, if this bill and Assembly Bill 258 are both chaptered and become effective January 1, 1980, both bills amend Section 2982 of the Civil Code, and this bill

is chaptered after Assembly Bill 258, that the amendments to Section 2982 proposed by both bills be given effect and incorporated in Section 2982 in the form set forth in Sections 1 5 and 1.6 of this act. Therefore, Sections 1.5 and 1.6 of this act shall become operative only if this bill and Assembly Bill 258 are both chaptered and become effective January 1, 1980, both amend Section 2982, and this bill is chaptered after Assembly Bill 258, in which case Section 1 of this act shall not become operative.

[Approved by Governor September 29, 1979 Filed with Secretary of State September 29, 1979]

The people of the State of California do enact as follows:

SECTION 1. Section 26912.3 of the Government Code, as added by Chapter 282 of the Statutes of 1979, is repealed.

SEC. 2. Section 53292 of the Government Code is amended to read:

53292. Whenever a fire protection district or city fire department is dissolved or the area it serves is decreased by reason of a consolidation, merger, incorporation, annexation, or contract, and the fire protection district or city fire department taking over the duties of the dissolved or decreased district or department decides to hire additional firemen, it shall give first choice for the positions to be filled to firemen employed by the dissolved or decreased district or department. As nearly as possible, such employees who are hired shall be given positions with a rank comparable to that which they held in the dissolved or decreased district or department. No employee shall be hired who is over the mandatory retirement age of the fire protection district or city fire department which is taking over the duties of the dissolved or decreased district or department.

Where such employees are hired as a result of such consolidation, merger, incorporation, annexation, or contract, the seniority or other employment rights of the employees of the fire protection district or fire department taking over the duties of the dissolved or decreased district or department shall not be impaired as a result of such

consolidation, merger, incorporation, or annexation.

SEC. 2.5. Section 53898 of the Government Code, as added by Chapter 282 of the Statutes of 1979, is repealed.

SEC. 2.7. Section 13882 of the Health and Safety Code is amended to read:

13882. If the civil service commission or body performing the functions thereof for the district finds that any person has been employed by a city which has, or any portion of which has, been annexed to, included within, or contracts with, a district for all fire protection and rescue services, in a position the duties of which, and the qualifications for which are substantially the same as those of any position in the district, at the request of the governing body of the district, the civil service commission or such other body, may certify, without examination, such person as eligible to hold such district position. If a person is employed by a district after certification without examination by the civil service commission or similar body because of his employment in a position of similar duties by a city, all time employed in such city position shall be considered as time employed by the district, for the purpose of determining seniority rights and salary rates.

SEC. 2.8. Section 13948 of the Health and Safety Code is amended to read:

13948. Any city, or portion thereof, may be included within a district upon the adoption of an ordinance by the city governing body requesting the inclusion which is approved by the district board The district board may require as a condition to the inclusion that the legislative body within the district agree to (a) remain part of the district for a period of at least 10 years; and (b) pay annually from the city's municipal funds, on a schedule specified by the district board, the actual adjusted cost of the services provided by the district Upon the expiration of the period of time set forth in the conditions or, if none, at any time, the legislative body of the city may provide by ordinance for the withdrawal of the territory of the city from the district. The withdrawal shall be effective upon the date fixed by the legislative body of the city in the ordinance, which date is on or after the date of the adoption of the ordinance. Where the withdrawal is effective on or before January 1st of the fiscal year the district shall furnish fire protection services to the territory withdrawn until the first day of July next succeeding. Where the withdrawal is effective subsequent to January 1st of the fiscal year and the territory is subject to district taxation for the succeeding fiscal year the district shall furnish fire protection services to the territory until the 30th day of June of the fiscal year next succeeding.

Immediately after the approval by the district board of an ordinance of a city governing body including the city or portion thereof, within the district, the clerk of the legislative body of the city shall file a copy of the ordinance, describing the territory included and the date of its inclusion, with the governing body of the district. Immediately after the adoption of an ordinance withdrawing the

territory of a city from the district, the clerk of the legislative body of the city shall file a copy of the ordinance, describing the territory withdrawn and the date of its withdrawal, with the governing body of the district and with the tax levying authority of the district. Whenever a copy of an ordinance including a city or portion thereof, within the district, or a copy of an ordinance withdrawing the territory of a city from a district, pursuant to this section is filed with the district board, the tax levying authority of the district shall comply with the requirements of Chapter 8 (commencing with Section 54900) of Part 1 of Division 2 of Title 5 of the Government Code.

SEC. 2 9 Section 61 of the Revenue and Taxation Code, as added by Chapter 242 of the Statutes of 1979, is amended to read:

61. Except as otherwise provided in Section 62, change in ownership, as defined in Section 60, includes, but is not limited to:

(a) The creation, renewal, sublease, assignment, or other transfer of the right to produce or extract oil, gas, or other minerals for so long as they can be produced or extracted in paying quantities. The balance of the property, other than the mineral rights, shall not be reappraised pursuant to this section

(b) The creation, renewal, sublease, or assignment of a taxable possessory interest in tax exempt real property for any term.

(c) (1) The creation of a leasehold interest in taxable real property for a term of 35 years or more (including renewal options), the termination of a leasehold interest in taxable real property which had an original term of 35 years or more (including renewal options), and any transfer of a leasehold interest having a remaining term of 35 years or more (including renewal options); or (2) any transfer of a lessor's interest in taxable real property subject to a lease with a remaining term (including renewal options) of less than 35 years.

Only that portion of a property subject to such lease or transfer shall be considered to have undergone a change of ownership.

For the purpose of this subdivision, for 1979–80 and each year thereafter, it shall be conclusively presumed that all homes eligible for the homeowners' exemption which are on leased land have a renewal option of at least 35 years on the lease of such land, whether or not in fact such renewal option exists in any contract or agreement

(d) The creation, transfer, or termination of any joint tenancy interest, except as provided in subdivision (f) of Section 62 and in Section 63

(e) The creation, transfer, or termination of any tenancy-in-common interest, except as provided in subdivision (a) of Section 62 and in Section 63

(i) The transfer of any interest in real property between a corporation, partnership, or other legal entity and a shareholder, partner, or any other person.

SEC 3. Section 62 of the Revenue and Taxation Code, as added by Chapter 242 of the Statutes of 1979, is amended to read:

62 Change in ownership shall not include.

(a) Any transfer between coowners which results in a change in the method of holding title to the real property without changing the proportional interests of the coowners, such as a partition of a tenancy in common

(b) Any transfer for the purpose of perfecting title to the property.

(c) (1) The creation, assignment, termination, or reconveyance of a security interest, or (2) the substitution of a trustee under a security instrument.

(d) Any transfer into a trust for so long as (1) the transferor is the present beneficiary of the trust, or (2) the trust is revocable, or any transfer by a trustee of such a trust described in either clause (1) or (2) back to the trustor; or, any creation or termination of a trust in which the trustor retains the reversion and in which the interest of others does not exceed 12 years duration.

(e) Any transfer by an instrument whose terms reserve to the transferor an estate for years or an estate for life; however, the termination of such an estate for years or estate for life shall constitute a change in ownership, except as provided in subdivision (d) of Section 62 and in Section 63.

(f) The creation or transfer of a joint tenancy interest if the transferor, after such creation or transfer, is one of the joint tenants

(g) Any transfer of a lessor's interest in taxable real property subject to a lease with a remaining term (including renewal options) of 35 years or more. For the purpose of this subdivision, for 1979–80 and each year thereafter, it shall be conclusively presumed that all homes eligible for the homeowners' exemption which are on leased land have a renewal option of at least 35 years on the lease of such land, whether or not in fact such renewal option exists in any contract or agreement

(h) Any purchase, redemption or other transfer of the shares or units of participation of a group trust, pooled fund, common trust fund, or other collective investment fund established by a financial institution

mortgage was insured under Section 213, 221(d)(3), 221(d)(4), or 236 of the National Housing Act, as amended, or such housing cooperative was financed or assisted pursuant to Section 514, 515, or 516 of the Housing Act of 1949 or Section 202 of the Housing Act of 1959, or the housing cooperative was financed by a direct loan from the California Housing Finance Agency, and provided that the regulatory and occupancy agreements were approved by the governmental lender or insurer, and provided that the transfer is to the housing cooperative or to a person or family qualifying for purchase by reason of limited income. Any subsequent transfer from the housing cooperative to a person or family not eligible for state or federal assistance in reduction of monthly carrying charges or interest reduction assistance by reason of the income level of such person or family shall constitute a change of ownership.

SEC. 4. Section 64 of the Revenue and Taxation Code, as added by Chapter 242 of the Statutes of 1979, is amended to read:

64. (a) Except as provided in subdivision (h) of Section 61 and subdivision (c) of this section, the purchase or transfer of ownership interests in legal entities, such as corporate stock or partnership interests, shall not be deemed to constitute a transfer of the real property of the legal entity.

(b) Any corporate reorganization, by merger or consolidation, where all of the corporations involved are members of an affiliated group, and which qualifies as a reorganization under Section 368 of the United States Internal Revenue Code and which is accepted as a nontaxable event by similar California statutes or any transfer of real property among members of an affiliated group, shall not be a change of ownership. The taxpayer shall furnish proof, under penalty of perjury, to the assessor that the transfer meets the requirements of this subdivision.

For purposes of this subdivision "affiliated group" means one or more chains of corporations connected through stock ownership with a common parent corporation if.

(1) One hundred percent of the voting stock, exclusive of any share owned by directors, of each of the corporations, except the parent corporation, is owned by one or more of the other corporations; and

(2) The common parent corporation owns, directly, 100 percent of the voting stock, exclusive of any shares owned by directors, of at least one of the other corporations.

(c) When a corporation, partnership, other legal entity or any other person obtains control, as defined in Section 25105, in any corporation through the purchase or transfer of corporate stock, exclusive of any shares owned by directors, such purchase or transfer of such stock shall be a change of ownership of property owned by the corporation in which the controlling interest is obtained.

SEC 5 Section 65 of the Revenue and Taxation Code, as added by Chapter 242 of the Statutes of 1979, is amended to read·

65 Whenever real property is purchased or a change in

ownership of real property occurs, the assessor shall reappraise such real property at its full cash value.

(a) Upon the termination of a joint tenancy interest, only the interest or portion which is thereby transferred from one owner to another owner shall be reappraised, except that:

(1) Upon the termination of an original transferor's interest in any joint tenancy interest described in subdivision (f) of Section 62, the entire portion of the property held by the original transferor prior to the creation of the joint tenancy shall be reappraised unless it vests by operation of law, in whole or in part, in the remaining original transferor, in which case there shall be no reappraisal.

(2) Upon the termination of an interest in any joint tenancy interest described in subdivision (f) of Section 62, other than an original transferor's interest, there shall be no reappraisal if the interest is transferred either to an original transferor or else to all remaining joint tenants.

For the purpose of this subdivision, spouses of original transferors shall be considered to be original transferors.

For purposes of this subdivision, for joint tenancies created on or before March 1, 1975, it shall be rebuttably presumed that each joint tenant holding an interest in property as of March 1, 1975, shall be an "original transferor." This presumption is not applicable to joint tenancies created after March 1, 1975.

At such time as the joint tenancy interests of the remaining original transferor of a property are finally transferred or terminated, the person(s), if any, who next hold joint tenancy interests in said property immediately following such final transfer or termination shall become the new original transferor.

(b) Except as provided in subdivision (a), if a 5 percent or more undivided interest in or a portion of real property is purchased or changes ownership, then only the interest or portion transferred shall be reappraised A purchase or change in ownership of an undivided interest of less than 5 percent shall not be reappraised, provided, however, that transfers to affiliated transferees during any assessment year shall be cumulated for the purpose of determining the percentage transferred.

(c) If a unit or lot within a cooperative housing corporation, community apartment project, condominium, planned unit development, shopping center, industrial park, or other residential, commercial, or industrial land subdivision complex with common areas or facilities is purchased or changes ownership, then only the unit or lot transferred and the share in the common area reserved as an appurtenance of such unit or lot shall be reappraised.

Notwithstanding any other provision of law, the increase in property taxes resulting from such reappraisal shall be applied by the owner of such property to the tenant-shareholder, lessee, or occupant of such individual unit or lot only, and shall not be prorated among all other units or lots of such property.

SEC 6 2 Section 96 of the Revenue and Taxation Code, as added

by Chapter 282 of the Statutes of 1979, is amended to read:

96 For the 1979–80 fiscal year only, property tax revenues shall be allocated by the county auditor, subject to the allocation and payment of funds as provided for in subdivision (b) of Section 33670 of the Health and Safety Code, to each jurisdiction as follows:

(a) Each local agency shall be allocated an amount of property tax revenue equal to the sum of the amount of property tax revenue allocated pursuant to Section 26912 of the Government Code to each local agency for the 1978–79 fiscal year, modified by any adjustments required by Section 99, and increased by the amount of state assistance payments allocated to each local agency

(b) The auditor shall determine the school entities' share of the 1979–80 property tax revenue by subtracting the state assistance payments allocated to local agencies within the county for the 1978–79 fiscal year from the aggregate amount of property tax revenue allocated pursuant to Section 26912 of the Government Code to all school entities within the county for the 1978–79 fiscal year The amount of the difference shall be the 1979–80 school entities' share of property taxes for fiscal year 1979–80, and shall be allocated to the school entities in the same proportion as the allocation made to such jurisdictions for the 1978–79 fiscal year.

(c) The difference between the total amount of property tax revenue and the amounts allocated pursuant to subdivisions (a) and (b) shall be allocated pursuant to Section 98

(d) For the purposes of computing property tax allocations for the 1978–79 fiscal year and each year thereafter, the county auditor shall recompute the 1978–79 property tax allocation for any city which levied a utility users' tax prior to 1978 but repealed such tax prior to December 31, 1977. For such cities, the term "property tax revenues for the 1975–76, 1976–77 and 1977–78 fiscal years" shall be deemed to include the aggregate of property tax and utility users' tax for those respective years

SEC 6 3 Section 97 of the Revenue and Taxation Code, as added by Chapter 282 of the Statutes of 1979, is amended to read.

97 For the 1980–81 fiscal year and each fiscal year thereafter, property tax revenues shall be allocated by the county auditor, subject to allocation and payment of funds as provided for in subdivision (b) of Section 33670 of the Health and Safety Code, to each jurisdiction in the following manner.

(a) Except as provided in subdivision (b), each jurisdiction shall be allocated an amount of property tax revenue equal to the amount of property tax revenue allocated pursuant to this chapter to each jurisdiction in the prior fiscal year, modified by any adjustments required by Section 99

(b) Each special district shall be allocated an amount of property tax revenue equal to the amount of property tax revenue which would have been allocated pursuant to this chapter to such district in the prior fiscal year if no adjustment had been made pursuant to Section 98 6 This amount shall then be adjusted for the current year

pursuant to Section 98.6.

(c) The difference between the total amount of property tax revenue and the amounts allocated pursuant to subdivision (a) shall be allocated pursuant to Section 98, and shall be known as the "annual tax increment".

SEC. 6.4. Section 98 of the Revenue and Taxation Code, as added by Chapter 282 of the Statutes of 1979, is amended to read.

98. The difference between the total amount of property tax revenue and the amounts allocated pursuant to subdivisions (a) and (b) of Section 96 or subdivision (a) of Section 97, shall be allocated, subject to allocation and payment of funds as provided for in subdivision (b) of Section 33670 of the Health and Safety Code, as follows·

(a) Within each tax rate area, the auditor shall determine an amount of property tax revenue by multiplying the value of the change in taxable assessed value from the prior to the current fiscal year by a tax rate of four dollars ($4) per one hundred dollars ($100) of assessed value

(b) Each amount determined pursuant to subdivision (a) shall be divided by the total of all such amounts computed for tax rate areas within the county.

(c) The difference between the total amount of property tax revenue for the county and the sum of the amounts allocated pursuant to subdivisions (a) and (b) of Section 96 or subdivision (a) of Section 97 shall be computed.

(d) The amount determined pursuant to subdivision (c) shall be multiplied by the quotients determined pursuant to subdivision (b) to derive, for each tax rate area, the amount of property tax revenue attributable to changes in assessed valuation.

(e) The amount of property tax revenue determined pursuant to subdivision (d) shall be distributed to the various jurisdictions whose boundaries include the tax rate area in the same proportion that the total property tax revenue allocated to the jurisdiction with respect to the tax rate area in the prior year bears to the total property tax revenue allocated to all jurisdictions in the tax rate area in the prior year.

(f) For the 1979–80 fiscal year only·

(1) The amount of property tax revenue, attributable to the tax rate area, for each jurisdiction for the prior fiscal year shall be considered to be the total property tax revenue for such jurisdiction for fiscal year 1978–79 allocated among tax rate areas in the same proportion which the taxable assessed valuation for fiscal year 1978–79 in each tax rate area bears to the total taxable assessed valuation of all tax rate areas in which the jurisdiction was located in fiscal year 1978–79

(2) Property tax revenue received by local agencies in the prior fiscal year shall include the amount of state assistance payments allocated to each local agency, allocated among tax rate areas in proportion to the jurisdiction's taxable assessed valuation within each

tax rate area for the 1978–79 fiscal year.

(3) Property tax revenue received by school entities in the prior fiscal year shall be reduced by the adjustments required by subdivision (b) of Section 96, allocated among tax rate areas, in proportion to the school entity's taxable assessed valuation within each tax rate area for the 1978–79 fiscal year

(m) Any agency which has not filed a map of its boundaries by January 1, shall not receive any allocation pursuant to this section for the following fiscal year

SEC 6 5. Section 98 6 of the Revenue and Taxation Code, as added by Chapter 282 of the Statutes of 1979, is amended to read.

98 6 (a) Notwithstanding any other provision of this chapter, the amount allocated pursuant to Sections 96 or 97, and 98, to a special district, as defined in Article 1 (commencing with Section 2201) of Chapter 3 of Part 4, excluding multicounty districts, shall be reduced by an amount computed as follows:

(1) A ratio shall be computed for each such special district equal to the amount of state assistance payment for such special district for the 1978–79 fiscal year divided by the sum of such state assistance payment for the special district plus the amount of property tax revenue allocated to the special district for the 1978–79 fiscal year pursuant to Section 26912 of the Government Code

(2) The amount by which the allocation pursuant to Sections 96 or 97, and 98, shall be reduced shall be equal to such allocation multiplied by the factor computed for the district pursuant to paragraph (1)

(3) The total of all amounts computed for special districts within each county shall be deposited in the Special District Augmentation Fund which shall specify amounts for each governing body as defined in Section 16271 of the Government Code and which shall be allocated pursuant to subdivision (b)

(b) There is hereby created a Special District Augmentation Fund in each county to augment the revenues of special districts The auditor shall, on or before September 30 of each year, notify each governing body, as defined in Section 16271 of the Government Code, of the amount allocated to it pursuant to this section

Within 15 days of such notice, the governing body shall hold a public hearing for the purpose of determining the distribution of such funds. The governing body shall send written notice to the legislative body of each special district which is not governed by the board of supervisors or the city council and shall publish such notice in a newspaper of general circulation in the county not less than three days prior to the hearing The notice shall include the following: (1) the amount of funds available to special districts, and (2) the time and place of the hearing

municipal expenses.

The county auditor shall disburse funds to the special district in the same manner as disbursements which are made from the county treasurers property tax trust fund.

SEC. 6.6. Section 99 of the Revenue and Taxation Code, as added by Chapter 282 of the Statutes of 1979, is amended to read:

99. (a) For the purposes of the computations required by this chapter.

(1) In the case of a jurisdictional change, other than a city incorporation or a formation of a district as defined in Section 2215 of the Revenue and Taxation Code, the auditor shall adjust the amount of property tax revenue determined pursuant to Section 96 or 97, for each local agency whose service area or service responsibility would be altered by such jurisdictional change, as determined pursuant to subdivision (b).

(2) In the case of a city incorporation or a formation of a district as defined in Section 2215 of the Revenue and Taxation Code, the auditor shall assign the amount of property tax revenues determined pursuant to Section 54790 3 of the Government Code to the newly formed city or district and shall make the adjustment as determined by Section 54790.3 in the amount of property tax revenue determined pursuant to Section 96 or 97 for each local agency whose service area or service responsibilities would be altered by such incorporation or formation.

(b) Prior to the effective date of any jurisdictional change, other than a city incorporation or a formation of a district as defined in Section 2215 of the Revenue and Taxation Code, the governing bodies of all agencies whose service areas or service responsibilities would be altered by such change shall determine the amount of property tax revenues to be exchanged between and among such affected agencies. Notwithstanding any other provision of law, no such jurisdictional change shall become effective until each county and city included in such negotiation agrees, by resolution, to accept the negotiated exchange of property tax revenues.

In the event that such a jurisdictional change would affect the service area or service responsibility of one or more special districts, the board of supervisors of the county or counties in which such district or districts are located shall, on behalf of the district or districts, negotiate any exchange of property tax revenues

During any negotiation period, all revenue from the annual tax increment attributable to the tax-rate area or areas within the territory subject to the jurisdictional change for the affected agencies and which has not yet been distributed to such affected agencies for the fiscal year or years in which negotiations take place shall be impounded The auditor shall determine the amount of revenue to be impounded based on the statement received from the executive officer pursuant to subdivision (c) The auditor shall not allocate any such revenue until he or she receives notice that an agreement has been reached pursuant to this subdivision

Upon adoption of any resolution pursuant to this paragraph, the adopting agencies shall notify the county auditor who shall make the appropriate adjustments as provided in subdivision (a).

(c) In addition to the filings required pursuant to Chapter 8 (commencing with Section 54900) of Part 1 of Division 2 of Title 5 of the Government Code, a copy of the statement as provided by Section 54901 of the Government Code shall be forwarded to the auditor of each county within which any affected agency is located.

(d) Except as otherwise provided in sudivision (e), for the purpose of determining the amount of property tax to be allocated in 1979–80 and thereafter for those local agencies which were affected by a jurisdictional change which was effective during fiscal year 1978–79, the auditor shall impound all revenue from the annual tax increment attributable to the tax rate area or areas within the territory subject to the jurisdictional change for such affected local agencies, until such local agencies determine by resolution the amount of property tax revenues to be exchanged between and among such affected agencies and notify the auditor of such determination

(e) For purposes of the computations made pursuant to this section, in the case of a city incorporation, which became effective, or which was approved by the voters during the 1978–79 fiscal year, the amount of property tax revenue considered to have been received by such jurisdiction for the 1978–79 fiscal year shall be equal to two-thirds of the amount of property tax revenue projected in the final local agency formation commission staff report pertaining to such incorporation multiplied by the proportion that the total amount of property tax revenue received by all jurisdictions within the county for the 1978–79 fiscal year bears to the total amount of property tax revenue received by all jurisdictions within the county for the 1977–78 fiscal year. Except, however, in the event that the final commission report did not specify the amount of property tax revenue projected for such incorporation, the commission shall by October 10, determine pursuant to Section 54790 3 of the Government Code the amount of property tax to be transferred to the city

SEC. 6.7. Section 100 of the Revenue and Taxation Code, as added by Chapter 282 of the Statutes of 1979, is amended to read·

100 (a) On or before August 31, 1979, and on or before August 31 of each year thereafter, any jurisdiction may request that the amount computed for it pursuant to this chapter be reduced for the current fiscal year by a specified amount. Upon such request, the county auditor shall compute an effective tax rate reduction by dividing the amount of property tax revenue to be reduced by the taxable assessed value on the secured roll of the jurisdiction and multiplying the quotient by 100. The effective tax rate reduction shall be applied to the taxable assessed value on each secured roll tax bill for property within the jurisdiction, and the resulting amount shall be subtracted from the property tax owed by the taxpayer

which is attributable to the tax rate provided by subdivision (b) of Section 2237. This subtracted amount shall be shown on each such tax bill with a notation reading: "Tax reduction by (name of jurisdiction)." The same effective tax rate reduction shall be applied in a comparable manner to the taxable assessed value on the next succeeding unsecured roll tax bill for property within the jurisdiction.

(b) Notwithstanding any other provision of law, if a school entity acts pursuant to subdivision (a), the state shall not increase school apportionments to such school entity to make up the reduction in property tax revenues.

(c) Effective tax rate reductions made pursuant to this section shall not be taken into account in computing property tax allocations pursuant to Sections 95 to 99, inclusive, of this chapter.

SEC. 7 Section 100.5 of the Revenue and Taxation Code, as added by Chapter 282 of the Statutes of 1979, is amended to read:

100 5. (a) For the 1980–81 fiscal year, if the total of General Fund revenues and transfers for fiscal year 1980–81 plus the amount of General Fund surplus available for appropriation as of June 30, 1980, as estimated on June 10, 1980, by the organization responsible for accurate and comprehensive long-range estimates, is more than one hundred million dollars ($100,000,000) less than twenty billion six hundred million dollars ($20,600,000,000), the amount of local assistance for fiscal year 1980–81 shall be reduced as provided in subdivision (d).

(b) For the 1981-82 fiscal year and each fiscal year thereafter, the Governor's Budget for the prior fiscal year shall contain a base amount for the next succeeding fiscal year determined pursuant to subdivision (f). This amount may be changed by the Legislature in the Budget Act for the prior fiscal year, in which case this revised amount shall become the base amount for purposes of this section.

(c) Commencing in 1981, the organization shall, on June 10 of each year, determine the difference between the base amount, as determined pursuant to subdivision (b), and the total of General Fund revenues and transfers for the next fiscal year plus the amount of General Fund surplus available at the end of the current fiscal year. If the total of General Fund revenues and transfers for the succeeding fiscal year plus the amount of General Fund surplus available at the end of the current fiscal year, as determined on June 10 by the organization, is more than one hundred million dollars ($100,000,000) less than the base amount, then the amount of local assistance for the next fiscal year shall be reduced as provided in subdivision (d) by the amount of such difference.

(d) The reductions provided in subdivision (a) or (c) shall be made in the following manner:

(1) Fifty percent of the reduced amount, to the extent of available funds, shall be deducted from the county, city and county, city and special district share of the funds allocated by the state pursuant to Chapter 1 5 (commencing with Section 16110), Chapter 2

(commencing with Section 16120), and Chapter 3 (commencing with Section 16140) of Part 1 of Division 4 of Title 2 of the Government Code, and Chapter 5 (commencing with Section 11001) of Part 5, and Chapter 9 (commencing with Section 30461) of Part 13, of Division 2 of the Revenue and Taxation Code. The reduction in these reimbursement payments shall be made in proportion to the amount of "state assistance payments" as defined in subdivision (h) of Section 95 of the Revenue and Taxation Code for each county, city and special district. For purposes of this section, "state assistance payments" for counties and cities and counties shall not be adjusted by the amount specified in Section 94 of Chapter 282 of the Statutes of 1979.

(2) Notwithstanding the provisions of Sections 41970 to 41972, inclusive, of the Education Code, 50 percent of the reduced amount, to the extent of available funds, shall be deducted by the Superintendent of Public Instruction from the amounts allowed pursuant to subdivision (f) of Section 41301 of the Education Code to all elementary, high school and unified school districts, and county offices of education, and by the Chancellor's Office of the California Community Colleges from the amounts allowed pursuant to subdivision (a) of Section 84301 of the Education Code to all community college districts. The reduction in these state school fund apportionments shall be made in proportion to the amount each local educational agency's apportionment pursuant to subdivision (f) of Section 41301 or subdivision (a) of Section 84301 of the Education Code bears to 50 percent of the reduced amount provided for in subdivision (a) or (b); except that no educational agency shall receive less than one hundred twenty dollars ($120) per unit of average daily attendance from all state sources.

(e) The reductions provided by this section shall be effective for any fiscal year unless a concurrent resolution stating a contrary finding is enacted by the Legislature on or before June 30 of each year.

(f) For fiscal year 1980–81, the base amount shall be twenty billion six hundred million dollars ($20,600,000,000) For each fiscal year thereafter, the base amount shall be the base amount for the prior year, as determined pursuant to subdivision (b), adjusted annually by the estimated percentage change in the California Consumer Price Index plus the estimated percentage change in California population from the prior year.

(g) For purposes of this section, "organization responsible for accurate and comprehensive long-range estimates" and "organization" means the Commission on State Revenues, if Senate Bill 165 of the 1979–80 Regular Session is enacted or, if such legislation is not enacted, the Joint Legislative Budget Committee, assisted by the Department of Finance and the Legislative Analyst.

SEC 9 Section 170 of the Revenue and Taxation Code, as added by Section 242 of the Statutes of 1979, is amended to read

170 (a) Notwithstanding any provision of law to the contrary,

the board of supervisors may, by ordinance, provide that every assessee of any taxable property, or any person liable for the taxes thereon, whose property was damaged or destroyed without his fault, may apply for reassessment of such property as provided herein

To be eligible for reassessment the damage or destruction to the property must have been caused by any of the following:

(1) A major misfortune or calamity, in an area or region subsequently proclaimed by the Governor to be in a state of disaster, if such property was damaged or destroyed by the major misfortune or calamity which caused the Governor to proclaim the area or region to be in a state of disaster. As used in this paragraph "damage" includes a diminution in the value of property as a result of restricted access to the property where such restricted access was caused by the major misfortune or calamity

(2) A misfortune or calamity.

(3) A misfortune or calamity which, with respect to a possessory interest in land owned by the state or federal government has caused the permit or other right to enter upon the land to be suspended or restricted. As used in this paragraph, "misfortune or calamity" includes a drought condition such as existed in this state in 1976 and 1977

The application for reassessment may be filed within the time specified in the ordinance, or, if no time is specified, within 60 days of such misfortune or calamity, by delivering to the assessor a written application requesting reassessment showing the condition and value, if any, of the property immediately after the damage or destruction, and the dollar amount of the damage. The application shall be executed under penalty of perjury, or if executed outside the State of California, verified by affidavit

An ordinance may be made applicable to a major misfortune or calamity specified in paragraph (1) or to any misfortune or calamity specified in paragraph (2), or to both, as the board of supervisors determines An ordinance may not be made applicable to a misfortune or calamity specified in paragraph (3), unless an ordinance making paragraph (2) applicable is operative in the county The ordinance may specify a period of time within which the ordinance shall be effective, and, if no period of time is specified, it shall remain in effect until repealed

(b) Upon receiving a proper application, the assessor shall appraise the property and determine separately the full cash value of land, improvements and personalty immediately before and after the damage or destruction. If the sum of the full cash values of the land, improvements and personalty before the damage or destruction exceeds the sum of the values after the damage by five thousand dollars ($5,000) or more, the assessor shall also separately determine the percentage reductions in value of land, improvements and personalty due to the damage or destruction The assessor shall reduce the values appearing on the assessment roll by

the percentages of damage or destruction computed pursuant to this subdivision, and the taxes due on the property shall be adjusted as provided in subdivision (e); provided, however, that the amount of the reduction shall not exceed the actual loss

(c) The assessor shall notify the applicant in writing of the amount of the proposed reassessment. The notice shall state that the applicant may appeal the proposed reassessment to the local board of equalization within 14 days of the date of mailing the notice. If an appeal is requested within the 14-day period, the board shall hear and decide the matter as if the proposed reassessment had been entered on the roll as an assessment made outside the regular assessment period. The decision of the board regarding the damaged value of the property shall be final, provided that a decision of the local board of equalization regarding any reassessment made pursuant to this section shall create no presumption as regards the value of the affected property subsequent to the date of the damage.

Those reassessed values resulting from reductions in full cash value of amounts, as determined above, shall be forwarded to the auditor by the assessor or the clerk of the local equalization board, as the case may be. The auditor shall enter the reassessed values on the roll. After being entered on the roll, such reassessed values shall not be subject to review, except by a court of competent jurisdiction.

(d) If no such application is made and the assessor determines that a property has suffered damage caused by misfortune or calamity, which may qualify the property owner for relief under an ordinance adopted under this section, the assessor shall provide the last known owner of the property with an application for reassessment. The property owner shall file the completed application within 30 days of notification by the assessor. Upon receipt of a properly completed, timely filed application, the property shall be reassessed in the same manner as required in subdivision (b)

(e) The tax rate fixed for property on the roll on which the property so reassessed appeared at the time of the misfortune or calamity, shall be applied to the amount of the reassessment as determined in accordance with this section and the assessee shall be liable for. (1) a prorated portion of the taxes that would have been due on the property for the current fiscal year had the misfortune or calamity not occurred, such proration to be determined on the basis of the number of months in the current fiscal year prior to the misfortune or calamity; plus, (2) a proration of the tax due on the property as reassessed in its damaged or destroyed condition, such proration to be determined on the basis of the number of months in the fiscal year after the damage or destruction, including the month in which the damage was incurred. If the damage or destruction occurred after March 1 and before the beginning of the next fiscal year, the reassessment shall be utilized to determine the tax liability for the next fiscal year provided, however, if the property is fully restored during the next fiscal year, taxes due for that year shall be prorated based on the number of months in the year before and after

the completion of restoration.

(f) Any tax paid in excess of the total tax due shall be refunded to the taxpayer pursuant to Chapter 5 (commencing with Section 5096) of Part 9, as an erroneously collected tax or by order of the board of supervisors without the necessity of a claim being filed pursuant to Chapter 5

(g) The assessment of the property, in its damaged condition, as determined by this section, shall be reviewed at the lien date next following the date of the misfortune or calamity and shall be assessed in the same manner as prescribed by law for any other assessable property.

(h) This section applies to all counties, whether operating under a charter or under the general laws of this state.

(i) Any ordinance in effect pursuant to Section 155.1, 155.13, or 155 14 shall remain in effect according to its terms as if such ordinances were adopted pursuant to this section, subject to the limitations of subdivision (b).

SEC 10 Section 205.1 of the Revenue and Taxation Code, as amended by Chapter 260 of the Statutes of 1979, is amended to read:

205.1. Section 205 of this code fulfills the intent of subdivisions (o), (p), (q), and (r) of Section 3 of Article XIII of the Constitution. To further carry out the intent of subdivisions (o), (p), (q), and (r) of Section 3 of Article XIII of the Constitution, if the assessment ratio is increased from 25 percent to 100 percent the amount of assessed value subject to the exemption shall be increased from one thousand dollars ($1,000) to four thousand dollars ($4,000) in order to maintain the same proportionate value of the exemption Whenever assessed value is used to determine eligibility for such exemption based on the limitations on the value of property owned, 25 percent of the assessed value shall be used when the assessment ratio is increased to 100 percent to maintain the same proportionate values of such property and such limitations.

SEC. 10.5. Section 214.10 is added to the Revenue and Taxation Code, to read·

214 10 For purposes of Section 214, any nonprofit corporation organized and operated for the advancement of education, improvement of social conditions, and improvement of the job opportunities of low-income, unemployed and underemployed citizens of the communities in which they operate, and otherwise meeting all the requirements of Section 214, shall not be disqualified from receiving the welfare exemption solely because such organization receives all its funds from governmental agencies

Such information shall include, but not be limited to, a description of the property, the parties to the transaction, the date of acquisition, the amount, if any, of the consideration paid for the property, whether paid in money or otherwise, and the terms of the transaction. The change in ownership statement shall not include any question which is not germane to the assessment function. The change in ownership statement must be filed within 45 days of the date of recording or, if the transfer is not recorded, within 45 days of the date of the change in ownership. The failure to file a change in ownership statement within 45 days after receipt of a written request by the assessor results in a penalty of one hundred dollars ($100) or 10 percent of the current year's taxes on the real property, whichever is greater. This penalty will be added to the roll and shall be treated and collected like, and shall be subject to the same penalties for delinquency as, all other taxes on the roll on which it is entered."

(b) If the document evidencing a change in ownership is recorded in the county recorder's office, then the statement shall be filed either with the recorder at the time of recordation or with the assessor within 45 days from the date of recordation. corporation or an employee or agent who has been designated in writing by the board of directors to sign such statements on behalf of the corporation

The penalty shall be added to the roll in the same manner prescribed in Article 4 (commencing with Section 531) of Chapter 3 of Part 2 of Division 1 of the Revenue and Taxation Code for the addition of escaped assessments, and shall be treated and collected like, and shall be subject to the same penalties for delinquency as, all other taxes on the roll in which it is entered.

If the assessment change results in a reduction of taxes which have been paid, the amount of the overpayment resulting from such reduction of taxes may be refunded to the current assessee, unless there was a change in the assessee or assessees of record between July 1, 1979, and June 30, 1980, in which case a refund of such reduced taxes shall be prorated between such assessees of record in the same proportion as they participated in the payment of such taxes.

An act to add and repeal Section 14499 to the Welfare and Institutions Code, relating to Medi-Cal, and making an appropriation therefor.

[Approved by Governor September 29, 1979 Filed with Secretary of State September 30, 1979]

The people of the State of California do enact as follows:

SECTION 1 Section 14499 is added to the Welfare and Institutions Code, to read.

14499. (a) It is the intent of the Legislature in enacting this section to determine if there are ways that the current expenditures for drugs for skilled nursing facility patients in the Medi-Cal program can be reduced. For that purpose the Legislature authorizes one pilot project to determine whether providing Medi-Cal reimbursements to pharmacists on a capitated basis for pharmacy services provided in skilled nursing facilities will identify ways which, if applied in the future, would reduce costs to the state while maintaining the quality of care provided for patients in skilled nursing facilities.

It is further the intent of the Legislature that the pilot project shall

include elements designed to increase the validity of the evaluation.

Further, nothing in this section shall be construed as impairing a physician's or other prescriber's right to prescribe the drug of choice for his or her patient subject to the Medi-Cal schedule of benefits.

(b) In addition to other pilot programs established pursuant to this article, the State Department of Health Services shall establish a pilot program to determine the feasibility of providing Medi-Cal reimbursements on a capitated basis for pharmacy services provided in skilled nursing facilities.

(c) The pilot program shall contain the following elements:

(1) Capitation rates that replace the ingredient costs and dispensing fee

(2) Capitation rates that vary by facility and, if appropriate, by aid category within a facility.

not increase the basis of property above its fair market value

(2) For purposes of this section, the net appreciation in value of any property is the amount by which the fair market value of such property exceeds the adjusted basis of such property immediately before the death of the decedent (as determined after any adjustment under subdivision (h)). For purposes of subdivision (d) such adjusted basis shall be increased by the amount of any adjustment under subdivision (c), and, for purposes of subdivision (e), such adjusted basis shall be increased by the amount of any adjustment under subdivision (c) or (d)

(3) For purposes of subdivisions (c) and (e), property shall be treated as not subject to a tax with respect to the taxes imposed by Part 8 of this code, to the extent that a deduction is allowable with respect to such property under Section 13841, 13842 or 13805 of Part 8 (commencing with Section 13301) of this division.

(4) For purposes of this section, the term "appreciated carryover basis property" means any carryover basis property if the fair market value of such property exceeds the adjusted basis of such property immediately before the death of the decedent.

(g) (1) For purposes of this section, when not otherwise distinctly expressed, the term "fair market value" means value as determined under Section 13311 (without regard to whether or not there is a mortgage on, or indebtedness in respect of, the property).

(2) For purposes of this section, property passing from the decedent shall be treated as property acquired from the decedent.

(3) If the facts necessary to determine the basis (unadjusted) of carryover basis property immediately before the death of the decedent are unknown and cannot be reasonably ascertained, such basis shall be treated as being the fair market value of such property as of the date (or approximate date) at which such property was acquired by the decedent or by the last preceding owner in whose hands it did not have a basis determined in whole or in part by reference to its basis in the hands of a prior holder.

(h) (1) If the adjusted basis immediately before the death of the decedent of any property which is carryover basis property reflects the adjusted basis of any marketable bond or security on December 31, 1976, and if the fair market value of such bond or security on December 31, 1976, exceeded its adjusted basis on such date, then for purposes of determining gain and applying this section, the adjusted basis of such property shall be increased by the amount of such excess

(2) (A) If—

(i) The adjusted basis immediately before the death of the decedent of any property which is carryover basis property reflects the adjusted basis on December 31, 1976, of any property other than a marketable bond or security, and

(ii) The value of such carryover basis property exceeds the adjusted basis of such property immediately before the death of the decedent (determined without regard to this subdivision),

then, for purposes of determining gain and applying this section, the adjusted basis of such property immediately before the death of the decedent (determined without regard to this subdivision) shall be increased by the amount determined under subparagraph (B)

(B) The amount of the increase under this subparagraph for any property is the sum of—

(i) The excess referred to in clause (ii) of subparagraph (A), reduced by an amount equal to all adjustments for depreciation, amortization, or depletion for the holding period of such property, and then multiplied by the applicable fraction determined under subparagraph (C), and

(ii) The adjustments to basis for depreciation, amortization, or depletion which are attributable to that portion of the holding period for such property which occurs before January 1, 1977

(C) For purposes of clause (i) of subparagraph (B), the term "applicable fraction" means, with respect to any property, a fraction—

(i) The numerator of which is the number of days in the holding period with respect to such property which occurs before January 1, 1977, and

(ii) The denominator of which is the total number of days in such holding period

(D) Under regulations prescribed by the Franchise Tax Board, if there is a substantial improvement of any property, such substantial improvement shall be treated as a separate property for purposes of this paragraph.

(E) For purposes of this paragraph—

(i) The term "marketable bond or security" means any security for which, as of December 1976, there was a market on a stock exchange, in an over-the-counter market, or otherwise

(ii) The term "holding period" means, with respect to any carryover basis property, the period during which the decedent (or, if any other person held such property immediately before the death of the decedent, such other person) held such property as determined under Sections 18163 to 18172, inclusive, except that such period shall end on the date of the decedent's death

(3) If—

(A) the holding period for any carryover basis property which is tangible personal property includes December 31, 1976, then, for purposes of determining gain and applying this section, the adjusted basis of such property immediately before the death of the decedent shall be treated as being not less than the amount determined under subparagraph (B)

(B) The amount determined under this subparagraph for any property is—

(i) the value of such property (as determined with respect to the estate of the decedent), divided by

(ii) 1 0066 to the nth power where n equals the number of full calendar months which have elapsed between December 31, 1976,

and the date of the decedent's death.

(4) There shall be no increase in basis under this subdivision by reason of the death of any decedent if the adjusted basis of the property in the hands of such decedent reflects the adjusted basis of property which was carryover basis property with respect to a prior decedent.

(i) The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section.

(j) References to the Internal Revenue Code of 1954 in this section mean said code as it read on January 1, 1979.

SEC. 6. Section 18052 of the Revenue and Taxation Code is amended to read·

(b) To the extent provided in regulations prescribed by the Franchise Tax Board, a rule similar to the rule provided in subdivision (a) shall apply where—

SEC. 9 Section 157 of Chapter 1079 of the Statutes of 1977 is amended to read·

(b) Sections 95 and 96 of this act shall apply to taxable years beginning after December 31, 1979

SEC 10 The Legislature finds and declares that Sections 1

through 9, inclusive, of this act shall serve a public purpose by providing the California State Legislature time to reconsider the impact of revising the basis of property acquired from decedents on the state economy and to relieve taxpayers of the burden of such provisions, which were amended by the provisions of Chapter 1079 of the Statutes of 1977 for the purpose of conforming to the federal income tax law. The operative effect of the federal income tax law has now been delayed until December 31, 1979, by the Congress of the United States, which has determined that such delay in applying such amendments to the method of determining basis has been made necessary due to the need to reconsider the effect of such change in the income tax laws.

SEC. 11. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

[Approved by Governor September 29, 1979 Filed with Secretary of State September 30, 1979]

The people of the State of California do enact as follows:

SECTION 1 Section 14105 of the Revenue and Taxation Code is amended to read

14105. (a) Notwithstanding any other provision of this chapter, any tax imposed on the transfer of property which results in undue hardship as defined in Section 14143.5 may, at the option of the taxpayer and with the written agreement of the Controller, where such written agreement is incorporated into the decree of

distribution, be paid in 10 annual installments. The first installment, together with any interest due, computed on the tax imposed from the delinquency date to the date of payment pursuant to Section 14103, shall be paid on or before the delinquency date or a date specified in a written agreement with the Controller pursuant to Section 14143 5, whichever is later Each subsequent installment shall be in an amount of not less than 10 percent of the tax imposed and shall be paid, together with interest computed on the unpaid balance, on or before the anniversary date of the first installment payment. The entire unpaid balance and interest shall become due and payable if payment of any such installment and interest is not made in a timely manner, provided, however, that solely for purposes of this sentence any payment of any such installment and interest which is due and payable prior to the expiration of 90 days after the final determination of the amount of such taxes shall be deemed to be timely made if made prior to the expiration of the 90-day period.

(b) Any tax paid under this section shall bear interest, at the rate imposed by Section 14211, from the date it became delinquent and until it is paid.

(c) Except as to any transferred property released from the lien of the tax pursuant to Section 14308, the extension provided by this section shall be authorized only so long as the transferees, or their heirs who would qualify under this section for an extension, shall own the transferred property. Except as to property released from the lien of the tax pursuant to Section 14308, upon transfer of such property to any person, all deferred taxes and interest thereon shall immediately become due and payable

SEC. 2 Section 14121 of the Revenue and Taxation Code is amended to read·

14121. Except as otherwise provided in this article, every executor, administrator, or trustee in charge of or holding in trust any property the transfer of which is subject to the tax imposed by this part, shall deduct the tax from the property, if the property is money, or, if the property is not money, shall collect the tax from the transferee, and he shall not deliver or be compelled to deliver the property to any person until he deducts or collects the tax unless a written agreement for payment of the tax has been executed by the Controller.

SEC 3 Section 14143 of the Revenue and Taxation Code is amended to read

14143 No executor, administrator, or trustee liable for the payment of any tax imposed by this part is entitled to credits in his accounts or to a discharge from liability for payment, nor shall the estate of the person who made the transfer on which the tax is imposed be distributed, unless a receipt countersigned and sealed by the Controller pursuant to this article, or a copy of such a receipt certified by the Controller, or evidence of a written agreement for the payment of any tax imposed by this part, is filed with the superior

court having jurisdiction; provided, however, that where a transferee has filed with the court a written election pursuant to the provisions of Section 14213, the estate may be distributed notwithstanding the fact that the tax imposed upon the transferee filing the written election has not been paid in full

SEC. 4 Section 14143 5 of the Revenue and Taxation Code is amended to read:

14143 5. If the Controller finds that payment of any tax imposed by this part as a prerequisite to distribution would result in undue hardship to the estate, he may enter into a written agreement for payment of the tax with the executor, administrator, trustee or transferee liable for its payment upon such terms and conditions as the Controller in his discretion may provide, and provided that the Controller finds that payment of the tax plus interest due thereon is adequately secured.

Undue hardship shall include, but not be limited to, the hardship resulting from the payment of taxes imposed pursuant to the provisions of this part on class A or class B beneficiaries on a qualified family property, and shall include the inability to secure a loan against such qualified property at a rate of interest at the rate specified in subdivision (b) of Section 14211 or less or the necessity for selling an interest in a family business to unrelated persons.

Notwithstanding the foregoing provisions of this section, the executor, administrator, trustee or transferee liable for the payment of any taxes imposed pursuant to the provisions of this part on class A or class B beneficiaries on a qualified family property may elect to pay such taxes in equal annual installments, together with interest on the unpaid balance at the rate imposed by Section 14211, the first such installment payment to be due on the delinquency date pursuant to Section 14103, and the last such installment payment to be due not later than the tenth anniversary of such delinquency date The entire unpaid balance of such taxes and interest shall become due and payable if payment of any such installment and interest is not timely made, provided, however, that solely for purposes of this sentence any payment of any such installment and interest which is due and payable prior to the expiration of 90 days after the final determination of the amount of such taxes shall be deemed to be timely made if made prior to the expiration of said 90-day period If such election is made, the Controller and the executor, administrator, trustee, or transferee liable for the payment of such taxes shall enter into a written agreement providing for the payment of such taxes in installments in such manner and also providing that, except as to any property released from the lien of such taxes pursuant to Section 14308, upon any transfer of such qualified family property which has the effect of terminating the lien provided for in Section 14301, all deferred taxes and interest thereon attributable to such transferred property and not previously paid shall immediately become due and payable

Upon filing an agreement, as provided in the preceding

paragraphs of this section, with the Controller and the court having jurisdiction, the court shall incorporate the agreement in the final decree of distribution, and the estate of the person who made the transfer on which the tax is imposed may be distributed

Qualified family property is defined as property or an interest therein which has been used primarily in the operation of a family business, farm, or timber-growing enterprise.

For purposes of this section, family business is defined as:

(a) An interest as a proprietor in a trade or business carried on as a proprietorship, or

(b) An interest as a partner in a partnership carrying on a trade or business if:

(1) Twenty percent or more of the total capital interest in such partnership was owned, directly or indirectly, by the transferor and his or her spouse, lineal ancestor, lineal issue, mutually acknowledged child, brother or sister, or lineal ancestor or lineal issue of his or her brother or sister, or

(2) Such partnership had 10 or fewer partners.

(c) Stock in a corporation carrying on a trade or business if:

(1) Twenty percent or more in value of the voting stock of such corporation was owned, directly or indirectly, by the decedent and his or her spouse, lineal ancestor, lineal issue, mutually acknowledged child, brother or sister, or lineal ancestor or lineal issue of his or her brother or sister, or

(2) Such corporation had 10 or fewer shareholders.

(d) Determinations shall be made as of the time immediately before the decedent's death Property (including stock or a partnership interest) owned, directly or indirectly, by or for a corporation, partnership, estate or trust shall be considered as being owned proportionately by its shareholders, partners, or beneficiaries, both for purposes of determining the percentage of ownership thereof by any individual under paragraph 1 of subdivision (b) and paragraph (1) of subdivision (c) and for purposes of determining the number of partners or shareholders under paragraph 2 of subdivision (b) and paragraph (2) of subdivision (c)

SEC 5. Section 14211 of the Revenue and Taxation Code is amended to read:

14211 (a) The tax does not bear interest if it is paid prior to the date on which it otherwise becomes delinquent. However, if it is paid after that date it bears interest at the rate of 12 percent per annum from the date it became delinquent and until it is paid or, in the case of any tax being paid in installments pursuant to Section 14105 or Section 14143.5, at the adjusted rate of interest provided in subdivision (b) of this section or at 12 percent per annum, whichever is lower, until the date prescribed for payment of such installment, and thereafter at the rate of 12 percent per annum

(b) The initial adjusted rate of interest shall be 11 percent per annum The Controller shall establish an adjusted rate of interest for the purpose of this section not later than October 15 of any year if

the adjusted prime rate charged by banks (that being 90 percent of the average predominate rate quoted by commercial banks to large businesses, as determined by the Board of Governors of the Federal Reserve System) during September of that year, rounded to the nearest full percent, is at least a full percentage point more or less than the adjusted rate of interest which is then in effect Any such adjusted rate of interest shall be equal to the adjusted prime rate charged by banks, rounded to the nearest full percent, and shall become effective on February 1 of the immediately succeeding year. Any adjustment provided for under this subsection may not be made prior to the expiration of 23 months following the date of any preceding adjustment under this subsection which changes the rate of interest.

SEC. 6. Section 17052.6 of the Revenue and Taxation Code, as amended by Section 30 of Chapter 123 of the Statutes of 1978, is amended to read:

17052.6. (a) (1) In the case of an individual who maintains a household which includes as a member one or more qualifying individuals (as defined in subdivision (b) (1)), there shall be allowed as a credit against the "net tax" (as defined in paragraph (2)) imposed by this part for the taxable year an amount equal to 3 percent of the employment-related expenses (as defined in subdivision (b) (2)) paid by such individual during the taxable year

(2) For the purposes of this section, the term "net tax" means the tax imposed under either Section 17041 or 17048 minus the credits for personal exemption provided for in Section 17054 and the credits for taxes paid other states provided for in Chapter 12 (commencing with Section 18001).

(3) The credit provided by paragraph (1) shall be reduced by 2 percent for each one hundred dollars ($100) of adjusted gross income in excess of fifteen thousand dollars ($15,000).

(b) For purposes of this section—

(C) The spouse of the taxpayer, if he is physically or mentally incapable of caring for himself.

(2) (A) The term "employment-related expenses" means amounts paid for the following expenses, but only if such expenses are incurred to enable the taxpayer to be gainfully employed for any period for which there are one or more qualifying individuals with respect to the taxpayer.

(i) Expenses for household services, and

(ii) Expenses for the care of a qualifying individual

(B) Employment-related expenses described in subparagraph (A) which are incurred for services outside the taxpayer's household

shall be taken into account only if incurred for the care of a qualifying individual described in paragraph (1) (A).

(c) The amount of the employment-related expenses incurred during any taxable year which may be taken into account under subdivision (a) shall not exceed—

(2) In the case of a spouse who is a student or a qualified individual described in subparagraph (C) of paragraph (1) of subdivision (b), for purposes of paragraph (1), such spouse shall be deemed for each month during which such spouse is a full-time student at an educational institution, or is such a qualifying individual, to be gainfully employed and to have earned income of not less than—

(A) One hundred sixty-six dollars ($166) if subdivision (c) (1) applies for the taxable year, or

(B) Three hundred thirty-three dollars ($333) if subdivision (c) (2) applies for the taxable year. In the case of any husband and wife, this paragraph shall apply with respect to only one spouse for any one month.

(e) For purposes of this section—

(2) If the taxpayer is married at the close of the taxable year, the credit shall be allowed under subdivision (a) only if the taxpayer and his spouse file a joint return for the taxable year.

(3) An individual legally separated from his spouse under a decree of divorce or of separate maintenance shall not be considered as married

(4) If—

(A) An individual who is married and who files a separate return—

(i) Maintains as his home a household which constitutes for more than one-half of the taxable year the principal place of abode of a qualifying individual, and

(ii) Furnishes over half of the cost of maintaining such household during the taxable year, and

(B) During the last six months of such taxable year such individual's spouse is not a member of such household, such individual shall not be considered as married.

(5) If—

(A) A child (as defined in Section 17054(c)(4)) who is under the age of 15 or who is physically or mentally incapable of caring for himself receives over half of his support during the calendar year from his parents who are divorced or legally separated under a decree of divorce or separate maintenance or who are separated under a written separation agreement, and

(B) Such child is in the custody of one or both of his parents for more than one-half of the calendar year,

(B) A program of the scheduled business activities of the convention, and

(C) Such other information as may be required in regulations prescribed by the Franchise Tax Board; and

(2) A written statement signed by an officer of the organization or group sponsoring the convention which includes—

(A) A schedule of the business activities of each day of the convention,

(B) The number of hours which the individual attending the

convention attended such scheduled business activities, and

(C) Such other information as may be required in regulations prescribed by the Franchise Tax Board.

SEC. 34 Section 17299.5 is added to the Revenue and Taxation Code, to read

17299.5. (a) No deduction otherwise allowable under this chapter shall be allowed for any item—

(1) With respect to an activity which is of a type generally considered to constitute entertainment, amusement, or recreation, unless the taxpayer establishes that the item was directly related to, or, in the case of an item directly preceding or following a substantial and bona fide business discussion (including business meetings at a convention or otherwise), that such item was associated with, the active conduct of the taxpayer's trade or business, or

(2) With respect to a facility used in connection with an activity referred to in paragraph (1)

In the case of an item described in paragraph (1), the deduction shall in no event exceed the portion of such item which meets the requirements of paragraph (1).

(b) For purposes of applying subdivision (a):

(1) Dues or fees to any social, athletic, or sporting club or organization shall be treated as items with respect to facilities.

(2) An activity described in Section 17252 shall be treated as a trade or business

(3) In the case of a country club, paragraph (2) of subdivision (a) shall apply unless the taxpayer establishes that the facility was used primarily for the furtherance of the taxpayer's trade or business and that the item was directly related to the active conduct of such trade or business.

SEC. 35. Section 17299.6 is added to the Revenue and Taxation Code, to read

17299 6 (a) No deduction shall be allowed under Sections 17202.3 through 17203 or Section 17252 for any expense for gifts made directly or indirectly to any individual to the extent that such expense, when added to prior expenses of the taxpayer for gifts made to such individual during the same taxable year, exceeds twenty-five dollars ($25) For purposes of this section, the term "gift" means any item excludable from gross income of the recipient under Section 17136 which is not excludable from his gross income under any other provision of this chapter, but such term does not include—

(1) An item having a cost to the taxpayer not in excess of four dollars ($4) on which the name of the taxpayer is clearly and permanently imprinted and which is one of a number of identical items distributed generally by the taxpayer,

(2) A sign, display rack, or other promotional material to be used on the business premises of the recipient, or

(3) An item of tangible personal property having a cost to the taxpayer not in excess of one hundred dollars ($100) which is

awarded to an employee by reason of length of service or for safety achievement.

(b) (1) In the case of a gift by a partnership, the limitation contained in subdivision (a) shall apply to the partnership as well as to each member thereof.

(2) For purposes of subdivision (a), a husband and wife shall be treated as one taxpayer

SEC. 36. Section 17337 of the Revenue and Taxation Code is amended to read:

17337. If a shareholder sells or otherwise disposes of "Sections 17337 to 17344 stock" (as defined in Section 17339)—

(a) If such disposition is not a redemption (within the meaning of Section 17383(b))

(1) The amount realized shall be treated as gain from the sale of property which is not a capital asset. This subsection shall not apply to the extent that—

(A) The amount realized, exceeds

(B) Such stock's ratable share of the amount which would have been a dividend at the time of distribution if (in lieu of "Sections 17337 to 17344 stock") the corporation had distributed money in an amount equal to the fair market value of the stock at the time of distribution.

(2) Any excess of the amount realized over the sum of—

(A) The amount treated under paragraph (1) as gain from the sale of property which is not a capital asset; plus

(B) The adjusted basis of the stock;

shall be treated as gain from the sale of such stock.

(3) No loss shall be recognized.

(b) If the disposition is a redemption, the amount realized shall be treated as a distribution of property to which Sections 17321 to 17324, inclusive, apply.

(c) If any such stock was distributed before January 1, 1977, and if the adjusted basis of such stock in the hands of the person disposing of it is determined under Section 18047 (relating to carryover basis), then the amount treated as ordinary income under paragraph (1) of subdivision (a) (or the amount treated as a dividend under subdivision (a) of Section 17323) shall not exceed the excess of the amount realized over the sum of—

(A) The adjusted basis of such stock on December 31, 1976, and

(B) Any increase in basis under subdivision (h) of Section 18047

This subdivision shall apply to a redemption only if such redemption is described in subdivision (a), (b) or (d) of Section 17326.

SEC. 37. Section 17338 of the Revenue and Taxation Code is amended to read:

17338 Section 17337 shall not apply—

(a) (1) If the disposition—

(A) Is not a redemption,

(B) Is not, directly or indirectly to a person the ownership of

whose stock would (under Section 17384) be attributable to the shareholder; and

(C) Terminates the entire stock interest of the shareholder in the corporation (and for purposes of this clause, Section 17384 shall apply).

(2) If the disposition is a redemption and Section 17326(c) applies.

(b) If the "Sections 17337 to 17344 stock" is redeemed in a distribution in partial or complete liquidation to which Articles 4 and 5 (Sections 17401 and following) apply.

(c) To the extent that, under any provision of this part, gain or loss to the shareholder is not recognized with respect to the disposition of the "Sections 17337 to 17344 stock."

(d) If it is established to the satisfaction of the Franchise Tax Board—

(1) That the distribution, and the disposition or redemption, or

(2) In the case of a prior or simultaneous disposition (or redemption) of the stock with respect to which the "Sections 17337 to 17344 stock" disposed of (or redeemed) was issued, that the disposition (or redemption) of the "Sections 17337 to 17344 stock," was not in pursuance of a plan having as one of its principal purposes the avoidance of income tax.

(e) To the extent that Section 17329 applies to a distribution in redemption of "Sections 17337 to 17344 stock."

SEC 38. Section 17461 of the Revenue and Taxation Code is amended to read:

17461. (a) For the purposes of Article 1 (commencing with Section 17321) to Article 7 (commencing with Section 17431), inclusive, of this chapter, the term "reorganization" means—

(1) A statutory merger or consolidation;

(2) The acquisition by one corporation, in exchange solely for all or a part of its voting stock (or in exchange solely for all or a part of the voting stock of a corporation which is in control of the acquiring corporation), of stock of another corporation if, immediately after the acquisition, the acquiring corporation has control of such other corporation (whether or not such acquiring corporation had control immediately before the acquisition);

(3) The acquisition by one corporation, in exchange solely for all or a part of its voting stock (or in exchange solely for all or a part of the voting stock of a corporation which is in control of the acquiring corporation), of substantially all of the properties of another corporation, but in determining whether the exchange is solely for stock the assumption by the acquiring corporation of a liability of the other, or the fact that property acquired is subject to a liability, shall be disregarded;

(4) A transfer by a corporation of all or a part of its assets to another corporation if immediately after the transfer the transferor, or one or more of its shareholders (including persons who were shareholders immediately before the transfer), or any combination thereof, is in control of the corporation to which the assets are

transferred; but only if, in pursuance of the plan, stock or securities of the corporation to which the assets are transferred are distributed in a transaction which qualifies under Sections 17432 to 17439, inclusive;

(5) A recapitalization; or

(6) A mere change in identity, form, or place of organization, however effected.

(b) (1) If a transaction is described in both paragraph (3) and paragraph (4) of subdivision (a), then, for purposes of this chapter, such transactions shall be treated as described only in paragraph (4) of subdivision (a).

(2) If—

(A) One corporation acquires substantially all of the properties of another corporation,

(B) The acquisition would qualify under paragraph (3) of subdivision (a) but for the fact that the acquiring corporation exchanges money or other property in addition to voting stock, and

(C) The acquiring corporation acquires, solely for voting stock described in paragraph (3) of subdivision (a), property of the other corporation having a fair market value which is at least 80 percent of the fair market value of all of the property of the other corporation,

then such acquisition shall (subject to paragraph (1) of this subdivision) be treated as qualifying under paragraph (3) of subdivision (a). Solely for the purpose of determining whether subparagraph (C) of the preceding sentence applies, the amount of any liability assumed by the acquiring corporation, and the amount of any liability to which any property acquired by the acquiring corporation is subject, shall be treated as money paid for the property

(3) A transaction otherwise qualifying under paragraph (1), paragraph (2) or paragraph (3) of subdivision (a) shall not be disqualified by reason of the fact that part or all of the assets which were acquired in the transaction are transferred to a corporation controlled by the corporation acquiring such assets.

(4) The acquisition by one corporation, in exchange for stock of a corporation (referred to in this paragraph as "controlling corporation") which is in control of the acquiring corporation, of substantially all of the properties of another corporation which in the transaction is merged into the acquiring corporation shall not disqualify a transaction under paragraph (1) of subdivision (a), if—

(A) Such transaction would have qualified under paragraph (1) of subdivision (a) if the merger had been into the controlling corporation, and

(B) No stock of the acquiring corporation is used in the transaction.

(5) A transaction otherwise qualifying under paragraph (1) of subdivision (a) shall not be disqualified by reason of the fact that

stock of a corporation (referred to in this paragraph as the "controlling corporation") which before the merger was in control of the merged corporation is used in the transaction, if—

(A) After the transaction, the corporation surviving the merger holds substantially all of its properties and of the properties of the merged corporation (other than stock of the controlling corporation distributed in the transaction); and

(B) In the transaction, former shareholders of the surviving corporation exchanged, for an amount of voting stock of the controlling corporation, an amount of stock in the surviving corporation which constitutes control of such corporation.

(6) (A) If immediately before a transaction described in subdivision (a) (other than paragraph (5) thereof), two or more parties to the transaction were investment companies, then the transaction shall not be considered to be a reorganization with respect to any such investment company (and its shareholders and security holders) unless it was a regulated investment company, a real estate investment trust, or a corporation which meets the requirements of subparagraph (B)

(B) A corporation meets the requirements of this subparagraph if not more than 25 percent of the value of its total assets is invested in the stock and securities of any one issuer, and not more than 50 percent of the value of its total assets is invested in the stock and securities of five or fewer issuers. For purposes of this paragraph, all members of a controlled group of corporations (within the meaning of Section 1563(a) of the Internal Revenue Code of 1954) shall be treated as one issuer.

(C) For purposes of this paragraph the term "investment company" means a regulated investment company, a real estate investment trust, or a corporation 50 percent or more of the value of whose total assets are stock and securities and 80 percent or more of the value of whose total assets are assets held for investment. In making the 50-percent and 80-percent determinations under the preceding sentence, stock and securities in any subsidiary corporation shall be disregarded and the parent corporation shall be deemed to own its ratable share of the subsidiary's assets, and a corporation shall be considered a subsidiary if the parent owns 50 percent or more of the combined voting power of all classes of stock entitled to vote, or 50 percent or more of the total value of shares of all classes of stock outstanding.

(D) For purposes of this paragraph, in determining total assets there shall be excluded cash and cash items (including receivables), government securities, and, under regulations prescribed by the Franchise Tax Board, assets acquired (through incurring indebtedness or otherwise) for purposes of meeting the requirements of subparagraph (B) or ceasing to be an investment company.

(E) This paragraph shall not apply if the stock of each investment company is owned substantially by the same persons in the same

proportions.

(F) If an investment company which does not meet the requirement of subparagraph (B) acquires assets of another corporation, subparagraph (A) shall be applied to such investment company and its shareholders and security holders as though its assets had been acquired by such other corporation. If such investment company acquires stock of another corporation in a reorganization described in Section 17461(a)(2) (hereafter referred to as the "actual acquisition") subparagraph (A) shall be applied to the shareholders of such investment company as though they had exchanged with such other corporation all of their stock in such investment company for stock having a fair market value equal to the fair market value of their stock of such investment company immediately after the exchange.

(G) For purposes of subparagraphs (B) and (C), the term "securities" includes obligations of state and local governments, commodity future contracts, shares of regulated investment companies and real estate investment trusts, and other investments constituting a security within the meaning of the Investment Company Act of 1940, 15 U.S.C. 80a-2(36)

(H) In applying subdivision (c) of Section 17288 in respect of any transaction to which this paragraph applies, the reference to a personal holding company in subdivision (c) of Section 17288 shall be treated as including a reference to an investment company and the determination of whether a corporation is an investment company shall be made as of the time immediately before the transaction instead of with respect to the taxable year referred to in subdivision (c) of Section 17288.

(c) The amendments made to this section by the 1971 First Extraordinary Session of the Legislature shall apply to statutory mergers occurring after December 31, 1970.

SEC. 39. Section 17501 of the Revenue and Taxation Code is amended to read:

17501. A trust created or organized in the United States and forming part of a stock bonus, pension, or profit-sharing plan of an employer for the exclusive benefit of his employees or their beneficiaries shall constitute a qualified trust under this article—

(a) If contributions are made to the trust by such employer, or employees, or both, or by another employer who is entitled to deduct his contributions under Section 17516(b) (relating to deduction for contributions to profit-sharing and stock bonus plans), for the purpose of distributing to such employees or their beneficiaries the corpus and income of the fund accumulated by the trust in accordance with such plan,

(b) If under the trust instrument it is impossible, at any time prior to the satisfaction of all liabilities with respect to employees and their beneficiaries under the trust, for any part of the corpus or income to be (within the taxable year or thereafter) used for, or diverted to, purposes other than for the exclusive benefit of his employees or

their beneficiaries;

(c) If the plan of which such trust is a part satisfies the requirements of Section 410 of the Internal Revenue Code of 1954 as amended by Public Law 95-600 (relating to minimum participation standards); and

(d) If the contributions or the benefits provided under the plan do not discriminate in favor of employees who are (1) officers, (2) shareholders, or (3) highly compensated. For purposes of this subdivision, there shall be excluded from consideration employees described in Section 410(b) (2) (A) and (C) of the Internal Revenue Code of 1954 as amended by Public Law 95-600.

(e) A classification shall not be considered discriminatory within the meaning of subdivision (d) or Section 410(b) of the Internal Revenue Code of 1954 as amended by Public Law 95-600 (without regard to paragraph (1) (A) thereof) merely because it excludes employees the whole of whose remuneration constitutes "wages" under Section 3121(a) (1) of the Internal Revenue Code of 1954 as amended by P.L. 95-600 (relating to the Federal Insurance Contribution Act) or merely because it is limited to salaried or clerical employees. Neither shall a plan be considered discriminatory within the meaning of such provisions merely because the contributions or benefits of or on behalf of the employees under the plan bear a uniform relationship to the total compensation, or the basic or regular rate of compensation, of such employees, or merely because the contributions or benefits based on that part of an employee's remuneration which is excluded from "wages" by Section 3121(a) (1) of the Internal Revenue Code of 1954, as amended by Public Law 95-600, or of the California Unemployment Insurance Act differ from the contributions or benefits based on employee's remuneration not so excluded, or differ because of any retirement benefits created under state or federal law.

For purposes of this subdivision and subdivision (j), the total compensation of an individual who is an employee within the meaning of Section 17502.2(a) means such individual's earned income (as defined in Section 17502.2(b)), and the basic or regular rate of compensation of such an individual shall be determined, under regulations prescribed by the Franchise Tax Board, with respect to that portion of his earned income which bears the same ratio to his earned income as the basic or regular compensation of the employees under the plan bears to the total compensation of such employees. For purposes of determining whether two or more plans of an employer satisfy the requirements of subdivision (d) when considered as a single plan, if the amount of contributions on behalf of the employees allowed as a deduction under Sections 17513 to 17525 1, inclusive, for the taxable year with respect to such plans, taken together, bears a uniform relationship to the total compensation, or the basic or regular rate of compensation, of such employees, the plans shall not be considered discriminatory merely because the rights of employees to, or derived from, the employer

contributions under the separate plans do not become nonforfeitable at the same rate. For the purposes of determining whether two or more plans of an employer satisfy the requirements of subdivision (d) when considered as a single plan, if the employees' right to benefits under the separate plans do not become nonforfeitable at the same rate, but the levels of benefits provided by the separate plans satisfy the requirements of regulations prescribed by the Franchise Tax Board to take account of the differences in such rates, the plans shall not be considered discriminatory merely because of the difference in such rates. For purposes of determining whether one or more plans of an employer satisfy the requirements of paragraph (4) and of subsection (b) of Section 410 of the Internal Revenue Code of 1954 as amended by Public Law 95-600, an employer may take into account all simplified employee pensions to which only the employer contributes.

(f) A plan shall be considered as meeting the requirements of subdivision (c) during the whole of any taxable year of the plan if on one day in each quarter it satisfied such requirements.

(g) A trust shall not constitute a qualified trust under this section unless the plan of which such trust is a part satisfies the requirements of Section 411 of the Internal Revenue Code of 1954 as amended by Public Law 95-600 (relating to minimum vesting standards).

(h) A trust forming part of a pension plan shall not constitute a qualified trust under this article unless the plan provides that forfeitures must not be applied to increase the benefits any employee would otherwise receive under the plan.

(i) In the case of a plan which provides contributions or benefits for employees some or all of whom are employees within the meaning of Section 17502.2(a), a trust forming part of such plan shall not constitute a qualified trust under this article unless, under the plan, the entire interest of each employee—

(1) Either will be distributed to him not later than his taxable year in which he attains the age of 70½ years, or, in the case of an employee other than an owner-employee (as defined in Section 17502.2(c)), in which he retires, whichever is the later, or

(2) Will be distributed, commencing not later than such taxable year, (A) in accordance with regulations prescribed by the Franchise Tax Board, over the life of such employee or over the lives of such employee and his spouse, or (B) in accordance with such regulations, over a period not extending beyond the life expectancy of such employee or the life expectancy of such employee and his spouse.

A trust shall not be disqualified under this subdivision by reason of distributions under a designation, prior to the date of the enactment of this subdivision, by any employee under the plan of which such trust is a part, of a method of distribution which does not meet the terms of the preceding sentence.

(j) In the case of a plan which provides contributions or benefits for employees some or all of whom are owner-employees (as defined

in Section 17502.2(c))—

(1) Subdivision (c), the first and second sentences of subdivision (e), and Section 410 of the Internal Revenue Code of 1954 as amended by Public Law 95-600 shall not apply, but—

(A) Such plan shall not be considered discriminatory within the meaning of subdivision (d) merely because the contributions or benefits of or on behalf of employees under the plan bear a uniform relationship to the total compensation, or the basic or regular rate of compensation, of such employees, and

(B) Such plan shall not be considered discriminatory within the meaning of subdivision (d) solely because under the plan contributions described in Section 17502.4 which are in excess of the amounts which may be deducted under Sections 17513 to 17525.1, inclusive, for the taxable year may be made on behalf of any owner-employee; and

(2) A trust forming a part of such plan shall constitute a qualified trust under this section only if the requirements in Section 17502.3 are also met.

(k) (1) A trust shall not constitute a qualified trust under this section if the plan of which such trust is a part provides for the payment of benefits in the form of an annuity unless such plan provides for the payment of annuity benefits in a form having the effect of a qualified joint and survivor annuity.

(2) Notwithstanding the provisions of paragraph (1), in the case of a plan which provides for the payment of benefits before the normal retirement age (as defined in Section 411(a)(8) of the Internal Revenue Code of 1954 as amended by Public Law 95-600), the plan is not required to provide for the payment of annuity benefits in a form having the effect of a qualified joint and survivor annuity during the period beginning on the date on which the employee enters into the plan as a participant and ending on the later of—

(A) The date the employee reaches the earliest retirement age under the plan, or

(B) The first day of the 120th month beginning before the date on which the employee reaches normal retirement age.

(3) A plan described in paragraph (2) does not meet the requirements of paragraph (1) unless, under the plan, a participant has a reasonable period during which he may elect the qualified joint and annuity form with respect to the period beginning on the date on which the period described in paragraph (2) ends and ending on the date on which he reaches normal retirement age (as defined in Section 411(a)(8) of the Internal Revenue Code of 1954 as amended by Public Law 95-600) if he continues his employment during that period A plan does not meet the requirements of this paragraph unless, in the case of such an election, the payments under the survivor annuity are not less than the payments which would have been made under the joint annuity to which the participant would have been entitled if he made an election described in this paragraph

immediately prior to his retirement and if his retirement had occurred on the day before his death and within the period within which an election can be made.

(4) A plan shall not be treated as not satisfying the requirements of this subdivision solely because the spouse of the participant is not entitled to receive a survivor annuity (whether or not an election described in paragraph (3) has been made under paragraph (3)) unless the participant and his spouse have been married throughout the one-year period ending on the date of such participant's death.

(5) A plan shall not be treated as satisfying the requirements of this subdivision unless, under the plan, each participant has a reasonable period (as prescribed by the regulations of the Franchise Tax Board) before the annuity starting date during which he may elect in writing (after having received a written explanation of the terms and conditions of the joint and survivor annuity and the effect of an election under this paragraph) not to take such joint and survivor annuity.

(6) A plan shall not be treated as not satisfying the requirements of this subdivision solely because under the plan there is a provision that any election described in paragraph (3) or (5), and any revocation of any such election, does not become effective (or ceases to be effective) if the participant dies within a period (not in excess of two years) beginning on the date of such election or revocation, as the case may be. The preceding sentence does not apply unless the plan provision described in the preceding sentence also provides that such an election or revocation will be given effect in any case in which—

(A) The participant dies from accidental causes,

(B) A failure to give effect to the election or revocation would deprive the participant's survivor of a survivor annuity, and

(C) Such election or revocation is made before such accident occurred

(7) For purposes of this subdivision—

(A) The term "annuity starting date" means the first day of the first period for which an amount is received as an annuity (whether by reason of retirement or by reason of disability),

(B) The term "earliest retirement age" means the earliest date on which, under the plan, the participant could elect to receive retirement benefits, and

(C) The term "qualified joint and survivor annuity" means an annuity for the life of the participant with a survivor annuity for the life of his spouse which is not less than one-half of, or greater than, the amount of the annuity payable during the joint lives of the participant and his spouse and which is the actuarial equivalent of a single life annuity for the life of the participant.

For purposes of this subdivision, a plan may take into account in any equitable manner (as determined by the Franchise Tax Board) any increased costs resulting from providing joint and survivor annuity benefits

(8) This subdivision shall apply only if—

(A) The annuity starting date did not occur before the effective date of this subdivision, and

(B) The participant was an active participant in the plan on or after such effective date.

(*l*) A trust shall not constitute a qualified trust under this article unless the plan of which such trust is a part provides that in the case of any merger or consolidation with, or transfer of assets or liabilities to, any other plan after the date of the enactment of the Employee Retirement Income Security Act of 1974 (P.L. 93-406), each participant in the plan would (if the plan then terminated) receive a benefit immediately after the merger, consolidation, or transfer which is equal to or greater than the benefit he would have been entitled to receive immediately before the merger, consolidation, or transfer which is equal to or greater than the benefit he would have been entitled to receive immediately before the merger, consolidation, or transfer (if the plan had then terminated). This subdivision shall apply in the case of a multiemployer plan only to the extent determined by the Pension Benefit Guaranty Corporation.

(m) A trust shall not constitute a qualified trust under this article unless the plan of which such trust is a part provides that benefits provided under the plan may not be assigned or alienated. For purposes of the preceding sentence, there shall not be taken into account any voluntary and revocable assignment of not to exceed 10 percent of any benefit payment made by any participant who is receiving benefits under the plan unless the assignment or alienation is made for purposes of defraying plan administration costs. For purposes of this subdivision a loan made to a participant or beneficiary shall not be treated as an assignment or alienation if such loan is secured by the participant's accrued nonforfeitable benefit and is exempt from the tax imposed by Section 4975 of the Internal Revenue Code of 1954 as amended by Public Law 95-600 (relating to tax on prohibited transactions) by reason of Section 4975(d)(1) of the Internal Revenue Code of 1954 as amended by Public Law 95-600. This paragraph shall take effect on January 1, 1976, and shall not apply to assignments which were irrevocable on the date of the enactment of the Employee Retirement Income Security Act of 1974 (P L 93-406)

(n) A trust shall not constitute a qualified trust under this article unless the plan of which such trust is a part provides that, unless the participant otherwise elects, the payment of benefits under the plan to the participant will begin not later than the 60th day after the latest of the close of the plan year in which—

(1) The date on which the participant attains the earlier of age 65 or the normal retirement age specified under the plan,

(2) Occurs the 10th anniversary of the year in which the participant commenced participation in the plan, or

(3) The participant terminates his service with the employer In the case of a plan which provides for the payment of an early

retirement benefit, a trust forming a part of such plan shall not constitute a qualified trust under this article unless a participant who satisfied the service requirements for such early retirement benefit, but separated from the service (with any nonforfeitable right to an accrued benefit) before satisfying the age requirement for such early retirement benefit, is entitled upon satisfaction of such age requirement to receive a benefit not less than the benefit to which he would be entitled at the normal retirement age, actuarially reduced under regulations prescribed by the Franchise Tax Board.

(o) A trust shall not constitute a qualified trust under this article unless under the plan of which such trust is a part—

(1) In the case of a participant or beneficiary who is receiving benefits under such plan, or

(2) In the case of a participant who is separated from the service and who has nonforfeitable rights to benefits,

such benefits are not decreased by reason of any increase in the benefit levels payable under Title II of the Social Security Act or any increase in the wage base under such Title II, if such increase takes place after the date of the enactment of the Employee Retirement Income Security Act of 1974 (P.L. 93-406) or (if later) the earlier of the date of first receipt of such benefits or the date of such separation, as the case may be.

(p) A trust shall not constitute a qualified trust under this article if the plan of which such trust is a part provides for benefits or contributions which exceed the limitations of Section 415 of the Internal Revenue Code of 1954 as amended by Public Law 95-600.

(q) In the case of a plan which provides contributions or benefits for employees some or all of whom are employees within the meaning of Section 17502.2, only if the annual compensation of each employee taken into account under the plan does not exceed the first one hundred thousand dollars ($100,000) of such compensation.

(r) In the case of a trust which is part of a plan providing a defined benefit for employees some or all of whom are employees within the meaning of Section 17502.2, only if such plan satisfies the requirements of Section 17502.9.

(s) A trust shall not constitute a qualified trust under this article if under the plan of which such trust is a part any part of a participant's accrued benefit derived from employer contributions (whether or not otherwise nonforfeitable), is forfeitable solely because of withdrawal by such participant of any amount attributable to the benefit derived from contributions made by such participant. The preceding sentence shall not apply to the accrued benefit of any participant unless, at the time of such withdrawal, such participant has a nonforfeitable right to at least 50 percent of such accrued benefit (as determined under Section 411 of the Internal Revenue Code of 1954 as amended by Public Law 95-600). The first sentence of this paragraph shall not apply to the extent that an accrued benefit is permitted to be forfeited in accordance with Section 411(a)(3)(D)(iii) of the Internal Revenue Code of 1954 as

amended by Public Law 95-600 (relating to proportional forfeitures of benefits accrued before enactment of the Employee Retirement Income Security Act of 1974 (P L. 93-406), in the event of withdrawal of certain mandatory contributions).

(t) A trust forming part of a pension plan shall not be treated as failing to constitute a qualified trust under this section merely because the pension plan of which such trust is a part makes a payment or distribution described in subparagraph (A) of paragraph (1) of subdivision (d) of Section 17503 or subparagraph (A) of paragraph (9) of subdivision (a) of Section 17512 This paragraph shall not apply to a defined benefit plan unless the employer maintaining such plan files a notice with the Pension Benefit Guaranty Corporation (at the time and in the manner prescribed by the Pension Benefit Guaranty Corporation) notifying the corporation of such payment or distribution and the corporation has approved such payment or distribution or, within 90 days after the date on which such notice was filed, has failed to disapprove such payment or distribution

(u) A trust forming part of an employee stock ownership plan shall not fail to be considered a permanent program merely because employer contributions under the plan are determined solely by reference to the amount of credit which would be allowable under subsection (a) of Section 46 of the Internal Revenue Code of 1954, as amended by Public Law 95-600, if the employer made the transfer described in paragraph (1) of subsection (n) of Section 48 of the Internal Revenue Code of 1954 as amended by Public Law 95-600.

(v) A trust forming part of a defined contribution plan which meets the requirements of subsection (e) of Section 409A of the Internal Revenue Code of 1954, as amended by Public Law 95-600, shall not be disqualified if it—

(2) After acquiring securities of the employer, more than ten (10) percent of the total assets of the plan are securities of the employer This subdivision is applicable to the acquisition of securities after December 31, 1979

(w) Subdivisions (k), (*l*), (m), (n), (o), and (s) shall apply only in the case of a plan to which Section 411 of the Internal Revenue Code of 1954 as amended by P.L 95-600 (relating to minimum vesting standards) applies without regard to subsection (e) (2) of such section

SEC. 40. Section 17502 10 is added to the Revenue and Taxation Code, to read

17502.10 (a) A profit-sharing or stock bonus plan shall not be considered as not satisfying the requirements of Section 17501 merely because the plan includes a qualified cash or deferred arrangement

(b) A qualified cash or deferred arrangement is any arrangement which is part of a profit-sharing or stock bonus plan which meets the requirements of Section 17501—

(1) Under which a covered employee may elect to have the

employer make payments as contributions to a trust under the plan on behalf of the employee, or to the employee directly in cash;

(2) Under which amounts held by the trust which are attributable to employer contributions made pursuant to the employee's election may not be distributable to participants or other beneficiaries earlier than upon retirement, death, disability, or separation from service, hardship or the attainment of age 59½, and will not be distributable merely by reason of the completion of a stated period of participation or the lapse of a fixed number of years; and

(3) Which provides that an employee's right to his accrued benefit derived from employer contributions made to the trust pursuant to his election is nonforfeitable.

(c) (1) A qualified cash or deferred arrangement shall be considered to satisfy the requirements of subdivision (d) of Section 17501, with respect to the amount of contributions, and of subparagraph (B) of paragraph (1) of subsection (b) of Section 410 of the Internal Revenue Code of 1954 as amended by Public Law 95-600 for a plan year if those employees eligible to benefit under the plan satisfy the provisions of subparagraph (A) or (B) of paragraph (1) of subsection (b) of Section 410 of the Internal Revenue Code of 1954 as amended by Public Law 95-600 and if the actual deferral percentage for highly compensated employees (as defined in subdivision (d)) for such plan year bears a relationship to the actual deferral percentage for all other eligible employees for such plan year which meets either of the following tests:

(A) The actual deferral percentage for the group of highly compensated employees is not more than the actual deferral percentage of all other eligible employees multiplied by 1.5.

(B) The excess of the actual deferral percentage for the group of highly compensated employees over that of all other eligible employees is not more than three percentage points, and the actual deferral percentage for the group of highly compensated employees is not more than the actual deferral percentage of all other eligible employees multiplied by 2.5

(2) For purposes of paragraph (1), the actual deferral percentage for a specified group of employees for a plan year shall be the average of the ratios (calculated separately for each employee in such group) of—

(A) The amount of employer contributions actually paid over to the trust on behalf of each such employee for such plan year, to

(B) The employee's compensation for such plan year.

For purposes of the preceding sentence, the compensation of any employee for a plan year shall be the amount of his compensation which is taken into account under the plan in calculating the contribution which may be made on his behalf for such plan year.

(d) For purposes of this section, the term "highly compensated employee" means any employee who is more highly compensated than two-thirds of all eligible employees, taking into account only compensation which is considered in applying subdivision (c).

(e) The provisions of this section shall be applicable to plan years beginning after December 31, 1979.

SEC. 41. Section 17503 of the Revenue and Taxation Code is amended to read:

17503. (a) Except as provided in subdivision (b), the amount actually distributed or made available to any distributee by any employees' trust described in Section 17501 which is exempt from tax under Section 17631 shall be taxable to him, in the year in which so distributed or made available, under Sections 17101 to 17112.7, inclusive (relating to annuities). The amount actually distributed or made available to any distributee shall not include net unrealized appreciation in securities of the employer corporation attributable to the amount contributed by the employee. Such net unrealized appreciation and the resulting adjustments to basis of such securities shall be determined in accordance with regulations prescribed by the Franchise Tax Board.

(b) In the case of an employee's trust described in Section 17501, which is exempt from tax under Section 17631, if the total distributions payable with respect to any employee are paid to the distributee within one taxable year of the distributee on account of the employee's death or other separation from service, or on account of the death of the employee after his separation from service, so much of such total distribution as is equal to the excess of such total distribution over the amount contributed by the employee (determined by applying Section 17106), which employee contributions shall be reduced by any amount theretofore distributed to him which was not includable in gross income, multiplied by a fraction—

(1) The numerator of which is the number of calendar years of active participation by the employee in such plan before January 1, 1974, and

(2) The denominator of which is the number of calendar years of active participation by the employee in such plan, shall be treated as a gain from the sale or exchange of a capital asset held for more than five years.

Where such total distributions include securities of the employer corporation, there shall be excluded from such total distributions the net unrealized appreciation attributable to that part of the total distributions which consists of the securities of the employer corporation so distributed The amount of such net unrealized appreciation and the resulting adjustments to basis of the securities of the employer corporation so distributed shall be determined in accordance with regulations prescribed by the Franchise Tax Board.

This subdivision shall not apply to distributions paid to any distributee to the extent such distributions are attributable to contributions made on behalf of the employee while he was an employee within the meaning of subdivision (a) of Section 17502 2.

(c) For purposes of this section—

(1) The term "securities" means only shares of stock and bonds or

debentures issued by a corporation with interest coupons or in registered form.

(2) The term "securities of the employer corporation" includes securities of a parent or subsidiary corporation (as defined in subdivisions (e) and (f) of Section 17535) of the employer corporation.

(3) The term "total distributions payable" means the balance to the credit of an employee which becomes payable to a distributee on account of the employee's death or other separation from the service, or on account of his death after separation from the service.

(4) The term "employee contributions," as used in this section, means the amounts contributed by the employee (determined by applying Section 17106), which employee contributions shall be reduced by amounts theretofore distributed to him which were not includable in gross income.

(d) (1) If—

(A) The balance to the credit of an employee in a qualified trust is paid to him in a qualifying rollover distribution,

(B) The employee transfers any portion of the property he receives in such distribution to an eligible retirement plan, and

(C) In the case of a distribution of property other than money, the amount so transferred consists of the property distributed,

then such distribution (to the extent so transferred) shall not be includable in gross income for the taxable year in which paid.

(2) In the case of any qualifying rollover distribution, the maximum amount transferred to which paragraph (1) applies shall not exceed the fair market value of all the property the employee receives in the distribution, reduced by the employee contributions.

(3) Paragraph (1) shall not apply to any transfer of a distribution made after the 60th day following the day on which the employee received the property distributed.

(4) For purposes of this subdivision—

(A) The term "qualifying rollover distribution" means one or more distributions—

(i) Within one taxable year of the employee on account of a termination of the plan of which the trust is a part or, in the case of a profit-sharing or stock bonus plan, a complete discontinuance of contributions under such plan, or

(ii) Which constitute a lump-sum distribution within the meaning of paragraph (4) of subsection (e) of Section 402 of the Internal Revenue Code of 1954 as amended by Public Law 95-600 (determined without reference to subparagraphs (B) and (H)).

(B) The term "employee contributions" means—

17631.

(D) The term "eligible retirement plan" means—

(iii) A retirement bond described in Section 17530.1,

(iv) A qualified trust, and

(v) An annuity plan described in Section 17511.

(5) (A) For purposes of this part, a transfer described in paragraph (1) to an eligible retirement plan described in clause (i), (ii), or (iii) of subparagraph (D) of paragraph (4) shall be treated as a rollover contribution described in paragraph (3) of subdivision (d) of Section 17530.

(B) An eligible retirement plan described in clause (iv) or (v) of subparagraph (D) of paragraph (4) shall not be treated as an eligible retirement plan for the transfer of a distribution if any part of the distribution is attributable to a trust forming part of a plan under which the employee was an employee within the meaning of subdivision (a) of Section 17502.2 at the time contributions were made on his behalf under the plan.

(e) (1) For purposes of subparagraph (A) of paragraph (4) of subdivision (d), a complete discontinuance of contributions under a profit-sharing or stock bonus plan shall be deemed to occur on the day the plan administrator notifies the Secretary of the Treasury of the United States (in accordance with regulations prescribed by the secretary) that all contributions to the plan have been completely discontinued. The plan shall be considered to be terminated no later than the day such notice is filed with the secretary.

(2) For purposes of subparagraph (A) of paragraph (4) of subdivision (d)—

(A) A payment of the balance to the credit of an employee of a corporation (hereinafter referred to as the employer corporation) which is a subsidiary corporation (within the meaning of Section 17535) or which is a member of a controlled group of corporations (within the meaning of subsection (a) of Section 1563 of the Internal Revenue Code of 1954 as amended by Public Law 95-600, determined by substituting "50 percent" for "80 percent" each place it appears therein) in connection with the liquidation, sale, or other means of terminating the parent-subsidiary or controlled group relationship of the employer corporation with the parent corporation or controlled group, or

(B) A payment of the balance to the credit of an employee of a corporation (hereinafter referred to as the acquiring corporation) in connection with the sale or other transfer to the acquiring corporation of all or substantially all of the assets used by the previous employer of the employee (hereinafter referred to as the selling corporation) in a trade or business conducted by the selling corporation

shall be treated as a payment or distribution on account of the termination of the plan with respect to such employee if the employees of the employer corporation or the acquiring corporation (whichever applies) are not active participants in such plan at the time of such payment or distribution. For purposes of this paragraph, in no event shall a payment or distribution be deemed to be in connection with a sale or other transfer of assets, or a liquidation, sale, or other means of terminating such parent-subsidiary or controlled group relationship, if such payment or distribution is made later than the end of the second calendar year after the calendar year in which occurs such sale or other transfer of assets, or such liquidation, sale, or other means of terminating such parent-subsidiary or controlled group relationship.

(3) If any portion of a lump-sum distribution is transferred in a transfer to which paragraph (1) of subdivision (d) applies, subdivision (b) shall not apply with respect to such lump-sum distribution.

(4) For purposes of subdivisions (d) and (f)—

(A) The transfer of an amount equal to any portion of the proceeds from the sale of property received in the distribution shall be treated as the transfer of property received in the distribution.

(B) The excess of fair market value of property on sale over its fair market value on distribution shall be treated as property received in the distribution.

(C) In any case where part or all of the distribution consists of property other than money, the taxpayer may designate—

(i) The portion of the money or other property which is to be treated as attributable to employee contributions, and

(ii) The portion of the money or other property which is to be treated as included in the rollover contribution.

Any designation under this subparagraph for a taxable year shall be made not later than the time prescribed by law for filing the return for such taxable year (including extensions thereof). Any such designation, once made, shall be irrevocable.

(D) In any case where part or all of the distribution consists of property other than money and the taxpayer fails to make a designation under subparagraph (C) within the time provided therein, then—

(i) The portion of the money or other property which is to be treated as attributable to employee contributions, and

(ii) The portion of the money or other property which is to be treated as included in the rollover contribution

shall be determined on a ratable basis

(E) In the case of any sale described in subparagraph (A), to the extent that an amount equal to the proceeds is transferred pursuant to paragraph (2) of subdivision (d) or paragraph (2) of subdivision (f) (as the case may be), neither gain nor loss on such sale shall be recognized

(f) (1) If—

(A) Any portion of a lump-sum distribution from a qualified trust is paid to the spouse of the employee on account of the employee's death,

(B) The spouse transfers any portion of the property which the spouse receives in such distribution to an individual retirement plan, and

(C) In the case of a distribution of property other than money, the amount so transferred consists of the property distributed,

then such distribution (to the extent so transferred) shall not be includable in gross income for the taxable year in which paid.

(2) Rules similar to the rules of paragraphs (2) through (5), inclusive, of subdivision (d) and of subdivision (e) shall apply for the purposes of this subdivision.

(g) (1) For purposes of this part contributions made by an employer on behalf of an employee to a trust which is a part of a qualified cash or deferred arrangement (as defined in Section 17502.10) shall not be treated as distributed or made available to the employee nor as contributions made to the trust by the employee merely because the arrangement includes provisions under which the employee has an election whether the contribution will be made to the trust or received by the employee in cash.

(2) This subdivision is applicable to plan years beginning after December 31, 1979.

SEC. 42. Section 17511 of the Revenue and Taxation Code is amended to read:

17511 Except as provided in subdivision (a), if an annuity contract is purchased by an employer for an employee under a plan which meets the requirements of Section 17515 (whether or not the employer deducts the amounts paid for the contract under such section), the employee shall include in his gross income the amounts received under such contract for the year received as provided in Sections 17101 to 17112.7, inclusive (relating to annuities).

(a) If—

(1) An annuity contract is purchased by an employer for an employee under a plan described in the first paragraph,

(2) Such plan requires that refunds of contributions with respect to annuity contracts purchased under such plan be used to reduce subsequent premiums on the contracts under the plan, and

(3) The total amounts payable by reason of the employee's death or other separation from service, or by reason of the death of the employee after his separation from service, are paid to the payee within one taxable year of the payee,

then the capital gain element of such payments (as defined in subdivision (c)) shall be considered gain from the sale or exchange of a capital asset held for more than five years. This subdivision shall not apply to amounts paid to any payee to the extent such amounts are attributable to contributions made on behalf of the employee while he was an employee within the meaning of subdivision (a) of Section 17502.2

(b) For purposes of subdivision (a), the term "total amounts" means the balance to the credit of an employee which becomes payable to the payee by reason of the employee's death or other separation from the service, or by reason of his death after separation from the service

(c) For purposes of subdivision (a) the term "capital gain element" means so much of such total amounts described in subdivision (a) as is equal to the excess of such amounts over the amount contributed by the employee, which employee contributions shall be reduced by any amounts theretofore paid to him which were not includable in gross income, multiplied by the fraction described in Section 17503(b)

(d) For purposes of this section, the term "employee" includes an individual who is an employee within the meaning of subdivision (a) of Section 17502.2, and the employer of such individual is the person treated as his employer under subdivision (d) of Section 17502.2.

(e) (1) If—

(A) The balance to the credit of an employee in an employee annuity described in the introductory paragraph is paid to him in a qualifying rollover distribution,

(B) The employee transfers any portion of the property he receives in such distribution to an eligible retirement plan, and

(C) In the case of a distribution of property other than money, the amount so transferred consists of the property distributed,

then such distribution (to the extent so transferred) shall not be includable in gross income for the taxable year in which paid.

(2) Rules similar to the rules of paragraphs (2) through (5), inclusive, of subdivision (d) of Section 17503 and of subdivisions (e) and (f) of Section 17503 shall apply for purposes of paragraph (1).

SEC 43 Section 17512 of the Revenue and Taxation Code is amended to read:

17512 (a) (1) If—

(A) An annuity contract is purchased—

(i) For an employee by an employer described in Section 23701d which is exempt from tax under Section 23701, or

(ii) For an employee (other than an employee described in clause (i) of subparagraph (A)), who performs services for an educational institution (as defined in subdivision (c) of Section 17150), by an employer which is a state, a political subdivision of a state, or an agency or instrumentality of any one or more of the foregoing,

(B) Such annuity contract is not subject to Section 17511, and

(C) The employee's rights under the contract are nonforfeitable, except for failure to pay future premiums,

then amounts contributed by such employer for such annuity contract on or after such rights become nonforfeitable shall be excluded from the gross income of the employee for the taxable year to the extent that the aggregate of such amounts does not exceed the exclusion allowance for such taxable year. The employee shall

include in his gross income the amounts received under such contract for the year received as provided in Sections 17101 to 17112.7, inclusive. For purposes of applying the rules of this section to amounts contributed by an employer for a taxable year, amounts transferred to a contract described in this subdivision by reason of a rollover contribution described in paragraph (8) of this section or Section 17530(d) (3) (A) (iii) or Section 17530.1(b) (3) (C) shall not be considered contributed by such employer.

(2) For purposes of this section, the exclusion allowance for any employee for the taxable year is an amount equal to the excess, if any, of—

(A) The amount determined by multiplying 20 percent of his includable compensation by the number of years of service, over

(B) The aggregate of the amounts contributed by the employer for annuity contracts and excludable from the gross income of the employee for any prior taxable year.

(3) In the case of an employee who makes an election under Section 415(c) (4) (D) of the Internal Revenue Code of 1954 as amended by Public Law 95-600 to have the provisions of Section 415(c) (4) (C) of the Internal Revenue Code of 1954 as amended by Public Law 95-600 (relating to special rule for contracts purchased by educational institutions, hospitals, and home health service agencies) apply, the exclusion allowance for any such employee for the taxable year is the amount which could be contributed (under Section 415 of the Internal Revenue Code of 1954 as amended by Public Law 95-600) by his employer under a plan described in Section 17511 if the annuity contract for the benefit of such employee were treated as a defined contribution plan maintained by the employer.

(4) For purposes of this section, the term "includable compensation" means, in the case of any employee, the amount of compensation which is received from the employer described in subparagraph (A) of paragraph (1), and which is includable in gross income (computed without regard to subdivision (d) of Section 17139 and Section 911 of the Internal Revenue Code of 1954 as amended by Public Law 95-600) for the most recent period (ending not later than the close of the taxable year) which under paragraph (4) may be counted as one year of service. Such term does not include any amount contributed by the employer for any annuity contract to which this section applies.

(5) In determining the number of years of service for purposes of this section, there shall be included—

(A) One year for each full year during which the individual was a full-time employee of the organization purchasing the annuity for him, and

(B) A fraction of a year (determined in accordance with regulations prescribed by the Franchise Tax Board) for each full year during which such individual was a part-time employee of such organization and for each part of a year during which such individual

was a full-time or part-time employee of such organization.

In no case shall the number of years of service be less than one.

(6) If for any taxable year of the employee this section applies to two or more annuity contracts purchased by the employer, such contracts shall be treated as one contract.

(7) For purposes of this section and Section 17106 (relating to special rules for computing employees' contributions to annuity contracts), if rights of the employee under an annuity contract described in subparagraphs (A) and (B) of paragraph (1) change from forfeitable to nonforfeitable rights, then the amount (determined without regard to this subdivision) includable in gross income by reason of such change shall be treated as an amount contributed by the employer for such annuity contract as of the time such rights become nonforfeitable.

(8) (A) For purposes of this part, amounts paid by an employer described in paragraph (1) (A) to a custodial account which satisfies the requirements of Section 17502.5(b) shall be treated as amounts contributed by him for an annuity contract for his employee if—

(i) The amounts are to be invested in regulated investment company stock to be held in that custodial account, and

(ii) Under the custodial account no such amounts may be paid or made available to any distributee before the employee dies, attains age 59½, separates from service, becomes disabled (within the meaning of Section 17112.5(f)), or encounters financial hardship.

(B) For purposes of this part, a custodial account which satisfies the requirements of Section 17502 5(b) shall be treated as an organization described in Section 17501 solely for purposes of Sections 17631 to 17651, inclusive, with respect to amounts received by it (and income from investment thereof).

(C) For purposes of this paragraph, the term "regulated investment company" means a domestic corporation which is a regulated investment company within the meaning of Section 851 (a) of the Internal Revenue Code of 1954 as amended by Public Law 95-600

(9) (A) If—

(i) The balance to the credit of an employee is paid to him in a qualifying distribution,

(ii) The employee transfers any portion of the property he receives in such distribution to an individual retirement plan or to an annuity contract described in paragraph (1), and

(iii) In the case of a distribution of property other than money, the property so transferred consists of the property distributed, then such distribution (to the extent so transferred) shall not be includable in gross income for the taxable year in which paid

(B) (i) For purposes of subparagraph (A), the term "qualifying distribution" means one or more distributions from an annuity contract described in paragraph (1) which would constitute a lump-sum distribution within the meaning of paragraph (4) of subsection (e) of Section 402 of the Internal Revenue Code as

amended by Public Law 95-600 (determined without regard to subparagraphs (B) and (H)) if such annuity contract were described in Section 17511

(ii) For purposes of this paragraph, all annuity contracts in paragraph (1) purchased by an employer shall be treated as a single contract, and paragraph (4) of subsection (e) of Section 402 of the Internal Revenue Code of 1954, as amended by Public Law 95-600, shall not apply

(C) Rules similar to the rules of paragraphs (2), (3), and (4) of subdivision (d) of Section 17503 and of subdivisions (e) and (f) of Section 17503 shall apply for purposes of subparagraph (A).

(b) Premiums paid by an employer for an annuity contract which is not subject to Section 17511 shall be included in the gross income of the employee in accordance with Section 17122 7 (relating to property transferred in connection with performance of services), except that the value of such contract shall be substituted for the fair market value of the property for purposes of applying such section. The preceding sentence shall not apply to that portion of the premiums paid which is excluded from gross income under subdivision (a). The amount actually paid or made available to any beneficiary under such contract shall be taxable to him in the year in which so paid or made available under Sections 17101 to 17112 7, inclusive (relating to annuities).

SEC 44. Section 17515 of the Revenue and Taxation Code is amended to read

17515 A deduction shall be allowed in the taxable year when paid, in an amount determined in accordance with Section 17514, if the contributions are paid toward the purchase of retirement annuities and such purchase is part of a plan which meets the requirements of Section 17501(c), (d), (e), (f), (g), (h), (k), (l), (m), (n), (o), (p), (q), (r), (s), (t), or (v), and, if applicable, the requirements of Section 17501(i), (j), (q) and (r) and of Section 17502 3 (other than subdivision (a)), and if refunds of premiums, if any, are applied within the current taxable year or next succeeding taxable year towards the purchase of such retirement annuities

SEC. 45 Section 17521 of the Revenue and Taxation Code is amended to read

17521. If there is no plan but a method of employer contributions or compensation has the effect of a stock bonus, pension, profit-sharing, or annuity plan, or other plan deferring the receipt of compensation, Sections 17513 to 17520, inclusive, shall apply as if there were such a plan

SEC 46 Section 17522 5 is added to the Revenue and Taxation Code, to read

17522 5 If a plan would be described in Sections 17513 (as modified by Section 17521) but for the fact that there is no employer-employee relationship, the contributions or compensation—

(a) Shall not be deductible by the payor thereof under Section

17202 or 17252, but

(b) Shall (if they would be deductible under Section 17202 or 17252 but for subdivision (a)) be deductible under this section for the taxable year in which an amount attributable to the contribution or compensation is includable in the gross income of the persons participating in the plan.

SEC. 47. Section 17523 of the Revenue and Taxation Code is repealed.

SEC. 48. Section 17525.5 is added to the Revenue and Taxation Code, to read:

(1) Contributions made for a calendar year are deductible for the taxable year with which or within which the calendar year ends.

(2) Contributions made within 3½ months after the close of a calendar year are treated as if they were made on the last day of such calendar year if they are made on account of such calendar year.

(3) The amount deductible in a taxable year for a simplified employee pension shall not exceed 15 percent of the compensation paid to the employees during the calendar year ending with or within the taxable year. The excess of the amount contributed over the amount deductible for a taxable year shall be deductible in the succeeding taxable years in order of time subject to the 15 percent limit of the preceding sentence.

(b) For any taxable year for which the employer has a deduction under subdivision (a), the otherwise applicable limitations in subdivision (a) of Section 17516 shall be reduced by the amount of the allowable deductions under subdivision (a) with respect to participants in the stock bonus or profit-sharing trust.

(c) For any taxable year for which the employer has a deduction under subdivision (a), the otherwise applicable 25 percent limitations in Section 17520 shall be reduced by the amount of the allowable deductions under subdivision (a) with respect to participants in the stock bonus or profit-sharing trust.

(d) The limitations described in subdivisions (a) and (b) of Section 17524 for any taxable year shall be reduced by the amount of the allowable deductions under subdivision (a) with respect to an employee within the meaning of subdivision (a) of Section 17502.2.

(3) No part of the trust funds will be invested in life insurance contracts.

(4) The interest of an individual in the balance in his account is nonforfeitable.

(5) The assets of the trust will not be commingled with other property except in a common trust fund or common investment fund.

(6) The entire interest of an individual for whose benefit the trust is maintained will be distributed to him not later than the close of his taxable year in which he attains age 70½, or will be distributed, commencing before the close of such taxable year, in accordance with regulations prescribed by the Franchise Tax Board, over—

(A) The life of such individual or the lives of such individual and his spouse, or

(B) A period not extending beyond the life expectancy of such individual or the life expectancy of such individual and his spouse.

(7) If an individual for whose benefit the trust is maintained dies before his entire interest has been distributed to him, or if distribution has been commenced as provided in paragraph (6) to his surviving spouse and such surviving spouse dies before the entire interest has been distributed to such spouse, the entire interest (or the remaining part of such interest if distribution thereof has commenced) will, within five years after his death (or the death of the surviving spouse), be distributed, or applied to the purchase of an immediate annuity for his beneficiary or beneficiaries (or the beneficiary or beneficiaries of his surviving spouse) which will be payable for the life of such beneficiary or beneficiaries (or for a term certain not extending beyond the life expectancy of such beneficiary or beneficiaries) and which annuity will be immediately distributed to such beneficiary or beneficiaries. The preceding sentence does not apply if distributions over a term certain commenced before the death of the individual for whose benefit the trust was maintained and the term certain is for a period permitted under paragraph (6).

(b) For purposes of this section, the term "individual retirement annuity" means an annuity contract, or an endowment contract (as determined under regulations prescribed by the Franchise Tax Board), issued by an insurance company which meets the following requirements

(1) The contract is not transferable by the owner.

(2) Under the contract—

(A) The premiums are not fixed,

(B) The annual premium on behalf of any individual will not exceed one thousand five hundred dollars ($1,500), and

(C) Any refund of premiums will be applied before the close of the calendar year following the year of the refund toward the payment of future premiums or the purchase of additional benefits.

(3) The entire interest of the owner will be distributed to him not later than the close of his taxable year in which he attains age 70½, or will be distributed, in accordance with regulations prescribed by the Franchise Tax Board over—

(A) The life of such owner or the lives of such owner and his spouse, or

(B) A period not extending beyond the life expectancy of such owner or the life expectancy of such owner and his spouse.

(4) If the owner dies before his entire interest has been distributed to him, or if distribution has been commenced as provided in paragraph (3) to his surviving spouse and such surviving spouse dies before the entire interest has been distributed to such spouse, the entire interest (or the remaining part of such interest if distribution thereof has commenced) will, within five years after his death (or the death of the surviving spouse), be distributed, or applied to the purchase of an immediate annuity for his beneficiary or beneficiaries (or the beneficiary or beneficiaries of his surviving spouse) which will be payable for the life of such beneficiary or beneficiaries (or for a term certain not extending beyond the life expectancy of such beneficiary or beneficiaries) and which annuity will be immediately distributed to such beneficiary or beneficiaries. The preceding sentence shall have no application if distributions over a term certain commenced before the death of the owner and the term certain is for a period permitted under paragraph (3).

(5) The entire interest of the owner is nonforfeitable. Such term does not include such an annuity contract for any taxable year of the owner in which it is disqualified on the application of subdivision (e) or for any subsequent taxable year. For purposes of this subdivision, no contract shall be treated as an endowment contract if it matures later than the taxable year in which the individual in whose name such contract is purchased attains age 70½; if it is not for the exclusive benefit of the individual in whose name it is purchased or his beneficiaries; or if the aggregate annual premiums under all such contracts purchased in the name of such individual for any taxable year exceed one thousand five hundred dollars ($1,500)

(c) A trust created or organized in the United States by an employer for the exclusive benefit of his employees or their beneficiaries, or by an association of employees (which may include employees within the meaning of Section 17502.2(a)) for the exclusive benefit of its members or their beneficiaries, shall be created as an individual retirement account (described in subdivision (a)), but only if the written governing instrument creating the trust meets the following requirements

(1) The trust satisfies the requirements of paragraphs (1) through (7) of subdivision (a).

(2) There is a separate accounting for the interest of each employee or member (or spouse of an employee or member).

The assets of the trust may be held in a common fund for the account of all individuals who have an interest in the trust.

(d) (1) Except as otherwise provided in this subdivision, any amount paid or distributed out of an individual retirement account or under an individual retirement annuity shall be included in gross income by the payee or distributee, as the case may be, for the taxable year in which the payment or distribution is received. Notwithstanding any other provision of this code (including Parts 8 (commencing with Section 13301) and 9 (commencing with Section 15101) of this division), the basis of any person in such an account or annuity is zero.

(2) Paragraph (1) does not apply to any annuity contract which meets the requirements of paragraphs (1), (3), (4), and (5) of subdivision (b) and which is distributed from an individual retirement account. Sections 17101 to 17112.7, inclusive, apply to any such annuity contract, and for purposes of Sections 17101 to 17112 7, inclusive, the investment in such contract is zero

(3) An amount is described in this paragraph as a rollover contribution if it meets the requirements of subparagraphs (A) and (B).

(A) Paragraph (1) does not apply to any amount paid or distributed out of an individual retirement account or individual retirement annuity to the individual for whose benefit the account or annuity is maintained if—

(i) The entire amount received (including money and any other property) is paid into an individual retirement account or individual retirement annuity (other than an endowment contract) or retirement bond for the benefit of such individual not later than the 60th day after the day on which he receives the payment or distribution;

(ii) The entire amount received (including money and other property) represents the entire amount in the account or the entire value of the annuity and no amount in the account and no part of the value of the annuity is attributable to any source other than a rollover contribution from an employees' trust described in Section 17501 which is exempt from tax under Section 17631 (other than a trust forming part of a plan under which the individual was an employee within the meaning of Section 17502.2(a) at the time contributions were made on his behalf under the plan), or an annuity plan described in Section 17511 (other than a plan under which the individual was an employee within the meaning of Section 17502.2(a) at the time contributions were made on his behalf under the plan) and any earnings on such sums and the entire amount thereof is paid into another such trust (for the benefit of such individual) or annuity plan not later than the 60th day on which he

receives the payment or distribution; or

(iii) (I) The entire amount received (including money and other property) represents the entire interest in the account or the entire value of the annuity,

(II) No amount in the account and no part of the value of the annuity is attributable to any source other than a rollover contribution from an annuity contract described in Section 17512 and any earnings on such rollover, and

(III) The entire amount thereof is paid into another annuity contract described in Section 17512 (for the benefit of such individual) not later than the 60th day after he receives the payment or distribution.

(B) This paragraph does not apply to any amount described in subparagraph (A) (i) received by an individual from an individual retirement account or individual retirement annuity if at any time during the one-year period ending on the day of such receipt such individual received any other amount described in that subparagraph from an individual retirement account, individual retirement annuity, or a retirement bond which was not includable in his gross income because of the application of this paragraph. Clause (ii) of subparagraph (A) shall not apply to any amount paid or distributed out of an individual retirement account or an individual retirement annuity to which an amount was contributed which was treated as a rollover contribution by Section 17503(f) (or in the case of an individual retirement annuity, such section as made applicable by Section 17511(e)(2)).

(4) Paragraph (1) does not apply to the distribution of any contribution paid for a taxable year to an individual retirement account or for an individual retirement annuity to the extent that such contribution exceeds the amount allowable as a deduction under Section 17240 or 17241 if—

(A) Such distribution is received on or before the day prescribed by law (including extensions of time) for filing such individual's return for such taxable year.

(B) No deduction is allowed under Section 17240 or 17241 with respect to such excess contribution, and

(C) Such distribution is accompanied by the amount of net income attributable to such excess contribution.

In the case of such a distribution, for purposes of Section 17071, any net income described in subparagraph (C) shall be deemed to have been earned and receivable in the taxable year in which such excess contribution is made

(5) (A) In the case of any individual, if the aggregate contributions (other than rollover contributions) paid for any taxable year to an individual retirement account or for an individual retirement annuity do not exceed one thousand seven hundred fifty dollars ($1,750), paragraph (1) shall not apply to the distribution of any such contribution to the extent that such contribution exceeds the amount allowable as a deduction under Section 17240 or 17241 for the taxable

year for which the contribution was paid—

(i) If such distribution is received after the date described in paragraph (4),

(ii) But only to the extent that no deduction has been allowed under Section 17240 or 17241 with respect to such excess contribution.

If employer contributions on behalf of the individual are paid for the taxable year to a simplified employee pension, the dollar limitation of the preceding sentence shall be increased by the lesser of the amount of such contributions or seven thousand five hundred dollars ($7,500).

(B) (i) The taxpayer reasonably relies on information supplied pursuant to this part for determining the amount of a rollover contribution, but

(ii) The information was erroneous, subparagraph (A) shall be applied by increasing the dollar limit set forth therein by that portion of the excess contribution which was attributable to such information.

(6) The transfer of an individual's interest in an individual retirement account, individual retirement annuity, or retirement bond to his former spouse under a divorce decree or under a written instrument incident to such divorce is not to be considered a taxable transfer made by such individual notwithstanding any other provision of this part, and such interest at the time of the transfer is to be treated as an individual retirement account of such spouse, and not of such individual. Thereafter such account, annuity, or bond for purposes of this part is to be treated as maintained for the benefit of such spouse

(e) (1) Any individual retirement account is exempt from taxation under this part unless such account has ceased to be an individual retirement account by reason of paragraph (2) or (3). Notwithstanding the preceding sentence, any such account is subject to the taxes imposed by Section 17651 (relating to imposition of tax on unrelated business income of charitable, etc. organizations).

(2) (A) In the case of such a plan in existence in taxable year 1975 where contributions were made pursuant to and in conformance with Section 408 or 409 of the Internal Revenue Code of 1954 as amended by the Employee's Income Security Act of 1974 (P L. 93-406), any net income attributable to the 1975 contribution shall not be includable in the gross income, for taxable year 1977 or succeeding taxable years, of the individual for whose benefit the plan was established until distributed pursuant to the provisions of the plan or by operation of law.

(B) In the case of a simplified employee pension, where contributions are also made pursuant to, and in conformance with, the provisions of Section 408(k) of the Internal Revenue Code of 1954, as amended by Public Law 95-600, the net income attributable to the nondeductible portion of such contributions shall not be includable in the gross income of the individual for whose benefit the

plan was established for the taxable year or for succeeding taxable years until distributed pursuant to the provisions of the plan or by operation of law.

(3) (A) If, during any taxable year of the individual for whose benefit any individual retirement account is established, that individual or his beneficiary engages in any transaction prohibited by Section 4975 of the Internal Revenue Code of 1954 as amended by Public Law 95-600 with respect to such account, such account ceases to be an individual retirement account as of the first day of such taxable year. For purposes of this paragraph—

(i) The individual for whose benefit any account was established is treated as the creator of such account and

(ii) The separate account for any individual within an individual retirement account maintained by an employer or association of employees is treated as a separate individual retirement account.

(B) In any case in which any account ceases to be an individual retirement account by reason of subparagraph (A) as of the first day of any taxable year, paragraph (1) of subdivision (d) applies as if there were a distribution on such first day in an amount equal to the fair market value (on such first day) of all assets in the account (on such first day).

(4) If during any taxable year the owner of an individual retirement annuity borrows any money under or by use of such contract, the contract ceases to be an individual retirement annuity as of the first day of such taxable year Such owner shall include in gross income for such year an amount equal to the fair market value of such contract as of such first day.

(5) If, during any taxable year of the individual for whose benefit an individual retirement account is established, that individual uses the account or any portion thereof as security for a loan, the portion so used is treated as distributed to that individual.

(6) If the assets of an individual retirement account or any part of such assets are used to purchase an endowment contract for the benefit of the individual for whose benefit the account is established—

(A) To the extent that the amount of the assets involved in the purchase are not attributable to the purchase of life insurance, the purchase is treated as a rollover contribution described in subdivision (d) (3), and

(B) To the extent that the amount of the assets involved in the purchase are attributable to the purchase of life, health, accident, or other insurance, such amounts are treated as distributed to that individual (but the provisions of subdivision (f) do not apply)

(7) Any common trust fund or common investment fund of individual retirement account assets which is exempt from taxation under this part does not cease to be exempt on account of the participation or inclusion of assets of a trust exempt from taxation under Section 17631 which is described in Section 17501.

(f) (1) If a distribution from an individual retirement account or

under an individual retirement annuity to the individual for whose benefit such account or annuity was established is made before such individual attains age 59½, his tax under this article for the taxable year in which such distribution is received shall be increased by an amount equal to 2.5 percent of the amount of distribution which is includable in his gross income for such taxable year.

(2) If an amount is includable in gross income for a taxable year under subdivision (e) and the taxpayer has not attained age 59½ before the beginning of such taxable year, his tax under this article for such taxable year shall be increased by an amount equal to 2.5 percent of such amount so required to be included in his gross income.

(3) Paragraphs (1) and (2) do not apply if the amount paid or distributed, or the disqualification of the account or annuity under subdivision (e), is attributable to the taxpayer becoming disabled within the meaning of Section 17112.5(f).

(g) This section shall be applied without regard to any community property laws.

(h) For purposes of this section, a custodial account shall be treated as a trust if the assets of such account are held by a bank (as defined in Section 17502.3(a)) or another person who demonstrates, to the satisfaction of the Franchise Tax Board, that the manner in which he will administer the account will be consistent with the requirements of this section, and if the custodial account would, except for the fact that it is not a trust, constitute an individual retirement account described in subdivision (a). For purposes of this part, in the case of a custodial account treated as a trust by reason of the preceding sentence, the custodian of such account shall be treated as the trustee thereof.

(i) The trustee of an individual retirement account and the issuer of an endowment contract described in subdivision (b) or an individual retirement annuity shall make such reports regarding such account, contract, or annuity to the Franchise Tax Board and to the individuals for whom the account, contract, or annuity is, or is to be, maintained with respect to contributions, distributions, and such other matters as the Franchise Tax Board may require under regulations. The reports required by this subdivision shall be filed at such time and in such manner and furnished to such individuals at such time and in such manner as may be required by those regulations

(j) In the case of a simplified employee pension, this section shall be applied by substituting "two thousand five hundred dollars ($2,500)" for "one thousand five hundred dollars ($1,500)" in the following provisions

(1) Paragraph (1) of subdivision (a), and

(2) Paragraph (2) of subdivision (b)

(k) (1) For purposes of this part, the term "simplified employee pension" means an individual retirement account or individual retirement annuity with respect to which the requirements of

paragraphs (2), (3), (4), and (5) of this subdivision are met.

(2) This paragraph is satisfied with respect to a simplified employee pension for a calendar year only if for such year the employer contributes to the simplified employee pension of each employee who—

(A) Has attained age 25, and

(B) Has performed service for the employer during at least three of the immediately preceding five calendar years.

For purposes of this paragraph, there shall be excluded from consideration employees described in subparagraph (A) or (C) of paragraph (1) of subsection (b) of Section 410 of the Internal Revenue Code of 1954 as amended by Public Law 95-600.

(3) (A) The requirements of this paragraph are met with respect to a simplified employee pension for a calendar year if for such year the contributions made by the employer to simplified employee pensions for his employees do not discriminate in favor of any employee who is—

(i) An officer,

(ii) A shareholder,

(iii) A self-employed individual, or

(iv) Highly compensated.

(B) For purposes of subparagraph (A)—

(i) There shall be excluded from consideration employees described in subparagraph (A) or (C) of Section 410(b) (2) of the Internal Revenue Code of 1954, as amended by Public Law 95-600, and

(ii) An individual shall be considered a shareholder if he owns (with the application of Section 17384) more than 10 percent of the value of the stock of the employer.

(C) For purposes of subparagraph (A), employer contributions to simplified employee pensions shall be considered discriminatory unless contributions thereto bear a uniform relationship to the total compensation (not in excess of the first one hundred thousand dollars ($100,000)) of each employee maintaining a simplified employee pension.

(D) Except as provided in this subparagraph, employer contributions do not meet the requirements of this paragraph unless such contributions meet the requirements of this paragraph without taking into account contributions or benefits relating to tax on self-employment income, relating to Federal Insurance Contributions Act, Title II of the Social Security Act, or any other federal or state law Taxes paid under Section 311 of the Interal Revenue Code of 1954, as amended by Public Law 95-600 (relating to tax on employers) with respect to an employee may, for purposes of this paragraph, be taken into account as a contribution by the employer to an employee's simplified employee pension. If contributions are made to the simplified employee pension of an owner-employee, the preceding sentence shall not apply unless taxes paid by all such owner-employees under Chapter 2 of the Internal

Revenue Code of 1954, as amended by Public Law 95-600, and the taxes which would be payable under Chapter 2 by such owner-employees but for paragraphs (4) and (5) of Section 1402(c) of the Internal Revenue Code of 1954, as amended by Public Law 95-600, are taken into account as contributions by the employer on behalf of such owner-employees.

(4) A simplified employee pension meets the requirements of this paragraph only if—

(A) Employer contributions thereto are not conditioned on the retention in such pension of any portion of the amount contributed, and

(B) There is no prohibition imposed by the employer on withdrawals from the simplified employee pension.

(5) The requirements of this paragraph are met with respect to a simplified employee pension only if employer contributions to such pension are determined under a definite written allocation formula which specifies—

(A) The requirements which an employee must satisfy to share in an allocation, and

(B) The manner in which the amount allocated is computed.

(6) For purposes of this subdivision and subdivision (*l*)—

(A) The terms "employee", "employer", and "owner-employee" shall have the respective meanings given such terms by Section 17502.2

(B) The term "compensation" means, in the case of an employee within the meaning of Section 17502.2(a), earned income within the meaning of Section 17502.2(b).

(*l*) An employer who makes a contribution on behalf of an employee to a simplified employee pension shall provide such simplified reports with respect to such contributions as the Franchise Tax Board may require by regulations. The reports required by this subsection shall be filed at such time and in such manner, and information with respect to such contributions shall be furnished to the employee at such time and in such manner, as may be required by regulations.

SEC. 50 Section 17530 1 of the Revenue and Taxation Code is amended to read.

17530 1. (a) For purposes of this section and Section 17240(a), the term "retirement bond" means a bond issued under the Second Liberty Bond Act, as amended, which by its terms, or by regulations prescribed by the Secretary of the Treasury of the United States or his delegate under such act—

(1) Provides for payment of interest, or investment yield, only on redemption;

(2) Provides that no interest, or investment yield, is payable if the bond is redeemed within 12 months after the date of its issuance;

(3) Provides that it ceases to bear interest, or provide investment yield on the earlier of—

(A) The date on which the individual in whose name it is

purchased (hereinafter in this section referred to as the "registered owner") attains age 70½, or

(B) Five years after the date on which the registered owner dies, but not later than the date on which he would have attained the age 70½ had he lived,

(4) Provides that, except in the case of a rollover contribution described in subdivision (b) (3) (C) or in Section 17503(d), 17511(e), 17512(a) or 17530(d) (3), the registered owner may not contribute on behalf of any individual for the purchase of such bonds in excess of one thousand five hundred dollars ($1,500) for any taxable year; and

(5) Is not transferable.

(b) (1) Except as otherwise provided in this subdivision, on the redemption of a retirement bond the entire proceeds (excluding nontaxable interest) shall be included in the gross income of the taxpayer entitled to the proceeds on redemption. If the registered owner has not tendered it for redemption before the close of the taxable year in which he attains age 70½, such individual shall include in his gross income for such taxable year the amount of proceeds he would have received if the bond had been redeemed at age 70½. The provisions of Sections 17101 to 17112.7, inclusive, and Sections 18183 to 18185, inclusive (relating to bonds and other evidences of indebtedness) shall not apply to a retirement bond.

(2) The basis of a retirement bond is zero.

(3) Exceptions:

(A) If a retirement bond is redeemed within 12 months after the date of its issuance, the proceeds are excluded from gross income if no deduction is allowed under Section 17240 on account of the purchase of such bond.

(B) If a retirement bond is redeemed after the close of the taxable year in which the registered owner attains age 70½, the proceeds from the redemption of the bond are excluded from the gross income of the registered owner to the extent that such proceeds were includable in his gross income for such taxable year.

(C) If a retirement bond is redeemed at any time before the close of the taxable year in which the registered owner attains age 70½, and the registered owner transfers the entire amount of the proceeds from the redemption of the bond to an individual retirement account described in Section 17530(a) or to an individual retirement annuity described in Section 17530(b) (other than an endowment contract) which is maintained for the benefit of the registered owner of the bond, or to an employees' trust described in Section 17501 which is exempt from tax under Section 17631, an annuity plan described in Section 17511, or an annuity contract described in Section 17512 for the benefit of the registered owner, on or before the 60th day after the day on which he received the proceeds of such redemption, then the proceeds shall be excluded from gross income and the transfer shall be treated as a rollover contribution described in Section 17511(e). This subparagraph does not apply in the case of a transfer to such an employees' trust or such annuity plan unless no

part of the value of such proceeds is attributable to any source other than a rollover contribution from such an employees' trust or annuity plan (other than an annuity plan or a trust forming part of a plan under which the individual was an employee within the meaning of Section 17502 2(a) at the time contributions were made on his behalf under the plan). This subparagraph does not apply in the case of a transfer to an annuity contract described in Section 17512 unless no part of the value of such proceeds is attributable to any source other than a rollover contribution from such annuity contract.

(c) (1) If a retirement bond is redeemed by the registered owner before he attains age 59½, his tax under this article for the taxable year in which the bond is redeemed shall be increased by an amount equal to 2 5 percent of the amount of the proceeds of the redemption includable in his gross income for the taxable year.

(2) Paragraph (1) does not apply for any taxable year during which the retirement bond is redeemed if, for that taxable year, the registered owner is disabled within the meaning of Section 17112.5(f).

(3) Paragraph (1) does not apply if the registered owner tenders the bond for redemption within 12 months after the date of its issuance.

SEC. 51 Section 17530 2 of the Revenue and Taxation Code is amended to read.

17530.2. The provisions of subsections (b) and (c) of Section 413, Collectively Bargained Plans, of the Internal Revenue Code of 1954 as amended by Public Law 95-600 shall be applied to a plan maintained pursuant to an agreement which the Secretary of Labor finds to be a collective-bargaining agreement between employee representatives and one or more employers, and each trust which is a part of such plan, exclusive of those paragraphs concerned with and entitled "Liability for Funding Tax."

SEC. 52. Section 17530 3 of the Revenue and Taxation Code is amended to read·

SEC 53. Section 17530 4 of the Revenue and Taxation Code is amended to read·

17530 4. (a) (1) A trust which is a part of a pension, profit-sharing, or stock bonus plan shall not constitute a qualified trust under Section 17501, if—

(A) In the case of a defined benefit plan, the plan provides for the payment of benefits with respect to a participant which exceed the limitation of subdivision (b),

(B) In the case of a defined contribution plan, contributions and other additions under the plan with respect to any participant for any taxable year exceed the limitation of subdivision (c), except in the case of such a plan where contributions are also made pursuant to

and in conformance with the special limitation for employee stock ownership plans under Section 415(c)(6) of the Internal Revenue Code of 1954 as amended by Public Law 95-600, in which case:

(i) The amount deductible under Section 17516 is subject to the limitations provided in subdivision (c) of this section, and

(ii) The net income attributable to the nondeductible portion shall not be included in the gross income of the employee for the taxable year or for succeeding taxable years until distributed pursuant to a provision of the plan or by operation of law, or

(C) In any case in which an individual is a participant in both a defined benefit plan and a defined contribution plan maintained by the employer, the trust has been disqualified under subdivision (g).

(2) Except as provided in paragraph (3), in the case of—

(A) An employee annuity plan described in Section 17511,

(B) An annuity contract described in Section 17512,

(C) An individual retirement account described in Section 17530(a),

(D) An individual retirement annuity described in Section 17530(b),

(E) A simplified employee pension,

(F) A plan described in Section 17526, or

(G) A retirement bond described in Section 17530.1, such contract, annuity plan, account, annuity, plan, or bond shall not be considered to be described in Section 17511, 17512, 17526, 17530(a), 17530(b) or 17530.1, as the case may be, unless it satisfies the requirements of subparagraph (A) or subparagraph (B) of paragraph (1), whichever is appropriate, and has not been disqualified under subdivision (g). In the case of an annuity contract described in Section 17512, the preceding sentence shall apply only to the portion of the annuity contract which exceeds the limitation of subdivision (b) or the limitation of subdivision (c), whichever is appropriate, and the amount of the contribution for such portion shall reduce the exclusion allowance as provided in Section 17512

(3) Paragraph (2) shall not apply for any year to an account, annuity, or bond described in Section 17530(a), 17530(b), or 17530.1, respectively, established for the benefit of the spouse of the individual contributing to such account, or for such annuity or bond, if a deduction is allowed under Section 17241 to such individual with respect to such contribution for such year.

(b) (1) Benefits with respect to a participant exceed the limitation of this subdivision if, when expressed as an annual benefit (within the meaning of paragraph (2)), such annual benefit is greater than the lesser of—

(A) Seventy-five thousand dollars ($75,000), or

(B) One hundred percent of the participant's average compensation for his high three years.

(2) (A) For purposes of paragraph (1), the term "annual benefit" means a benefit payable annually in the form of a straight life annuity (with no ancillary benefits) under a plan to which employees do not

contribute and under which no rollover contributions (as defined in Sections 17503, 17511, 17530, and 17530.1) are made.

(B) If the benefit under the plan is payable in any form other than the form described in subparagraph (A), or if the employees contribute to the plan or make rollover contributions (as defined in Sections 17503, 17511, 17530, and 17530.1), the determinations as to whether the limitation described in paragraph (1) has been satisfied shall be made, in accordance with regulations prescribed by the Franchise Tax Board, by adjusting such benefit so that it is equivalent to the benefit described in subparagraph (A). For purposes of this subparagraph, any ancillary benefit which is not directly related to retirement income benefits shall not be taken into account; and that portion of any joint and survivor annuity which constitutes a qualified joint and survivor annuity (as defined in Section 17501) shall not be taken into account.

(C) If the retirement income benefit under the plan begins before age 55, the determination as to whether the limitation set forth in paragraph (1)(A) has been satisfied shall be made, in accordance with regulations prescribed by the Franchise Tax Board, by adjusting such benefit so that it is equivalent to such a benefit beginning at age 55.

(3) For purposes of paragraph (1), a participant's high three years shall be the period of consecutive calendar years (not more than three) during which the participant both was an active participant in the plan and had the greatest aggregate compensation from the employer. In the case of an employee within the meaning of Section 17502.2, the preceding sentence shall be applied by substituting for "compensation from the employer" the following: "the participant's earned income (within the meaning of Section 17502.2 but determined without regard to any exclusion under Section 911 of the Internal Revenue Code of 1954 as amended by Public Law 95-600)."

(4) Notwithstanding the preceding provisions of this subdivision, the benefits payable with respect to a participant under any defined benefit plan shall be deemed not to exceed the limitation of this subdivision, if—

(A) The retirement benefits payable with respect to such participant under such plan and under all other defined benefit plans of the employer do not exceed ten thousand dollars ($10,000) for the plan year, or for any prior plan year, and

(B) The employer has not at any time maintained a defined contribution plan in which the participant participated.

(5) In the case of an employee who has less than 10 years of service with the employer, the limitation referred to in paragraph (1), and the limitation referred to in paragraph (4), shall be the limitation determined under such paragraph (without regard to this paragraph), multiplied by a fraction, the numerator of which is the number of years (or part thereof) of service with the employer and the denominator of which is 10.

(6) The computation of—

(A) Benefits under a defined contribution plan, for purposes of Section 17501(d),

(B) Contributions made on behalf of a participant in a defined benefit plan, for purposes of Section 17501(d), and

(C) Contributions and benefits provided for a participant in a plan described in Section 414(k) of the Internal Revenue Code of 1954 as amended by Public Law 95-600; for purposes of this section shall not be made on a basis inconsistent with regulations prescribed by the Franchise Tax Board.

(7) For a year, the limitation referred to in paragraph (1) (B) shall not apply to benefits with respect to a participant under a defined benefit plan—

(A) Which is maintained for such year pursuant to a collective-bargaining agreement between employee representatives and one or more employers,

(B) Which, at all times during such year, has at least 100 participants,

(C) Benefits under which are determined by multiplying a specified amount (which is the same amount for each participant) by the number of the participant's years of service,

(D) Which provides that an employee who has at least four years of service has a nonforfeitable right to 100 percent of his accrued benefit derived from employer contributions, and

(E) Which requires, as a condition of participation in the plan, that an employee complete a period of not more than 60 consecutive days of service with the employer or employers maintaining the plan.

This paragraph shall not apply to a participant whose compensation for any three years during the 10-year period immediately preceding the year in which he separates from service exceeded the average compensation for such three years of all participants in such plan. This paragraph shall not apply to a participant for any period for which he is a participant under another plan to which this section applies which is maintained by an employer maintaining this plan. For any year for which the paragraph applies to benefits with respect to a participant, paragraph (1) (A) and subdivision (d) (1) (A) shall be applied with respect to such participant by substituting "37,500" for "75,000".

(c) (1) Contributions and other additions with respect to a participant exceed the limitation of this subdivision, if, when expressed as an annual addition (within the meaning of paragraph (2)) to the participant's account, such annual addition is greater than the lesser of—

(A) Twenty-five thousand dollars ($25,000), or

(B) Twenty-five percent of the participant's compensation.

(2) For purposes of paragraph (1), the term "annual addition" means the sum for any year of

(i) The amount of the employee contributions in excess of 6 percent of his compensation, or

(ii) One-half of the employee contributions, and

(C) Forfeitures

For the purposes of this paragraph, employee contributions under subparagraph (B) are determined without regard to any rollover contributions (as defined in Sections 17503, 17511, 17530, and 17530.1).

(3) For purposes of paragraph (1), the term "participant's compensation" means the compensation of the participant from the employer for the year. In the case of an employee within the meaning of Section 17502.2, the preceding sentence shall be applied by substituting for "compensation of the participant from the employer" the following: "the participant's earned income (within the meaning of Section 17502.2 but determined without regard to any exclusion under Section 911 of the Internal Revenue Code of 1954 as amended by Public Law 95-600)."

(4) (A) In the case of amounts contributed for an annuity contract described in Section 17512 for the year in which occurs a participant's separation from the service with an educational institution, a hospital, or a home health service agency, at the election of the participant there is substituted for the amount specified in paragraph (1) (B) the amount of the exclusion allowance which would be determined under Section 17512 (without regard to this section) for the participant's taxable year in which such separation occurs if the participant's years of service were computed only by taking into account his service for the employer during the period of years (not exceeding 10) ending on the date of such separation.

(B) In the case of amounts contributed for an annuity contract described in Section 17512 for any year in the case of a participant who is an employee of an educational institution, a hospital, or a home health service agency, at the election of the participant there is substituted for the amount specified in paragraph (1) (B) the least of—

(i) Twenty-five percent of the participant's includable compensation (as defined in Section 17512) plus four thousand dollars ($4,000),

(ii) The amount of the exclusion allowance determined for the year under Section 17512, or

(iii) Fifteen thousand dollars ($15,000).

(C) In the case of amounts contributed for an annuity contract described in Section 17512 for any year for a participant who is an employee of an educational institution, a hospital, or a home health service agency, at the election of the participant the provisions of Section 17512(a)(2) shall not apply.

(D) (i) The provisions of this paragraph apply only if the participant elects its application at the time and in the manner provided under regulations prescribed by the Franchise Tax Board. Not more than one election may be made under subparagraph (A) by any participant. A participant who elects to have the provisions

of subparagraph (A), (B), or (C) of this paragraph apply to him may not elect to have any other subparagraph of this paragraph apply to him. Any election made under this paragraph is irrevocable.

(ii) For purposes of this paragraph the term "educational institution" means an educational institution as defined in Section 151(e)(4) of the Internal Revenue Code of 1954 as amended by Public Law 95-600

(5) In the case of a plan which provides contributions or benefits for employees some or all of whom are employees within the meaning of Section 17502.2(a), the amount determined under paragraph (1)(B) with respect to any participant shall not be less than the amount deductible under Section 17524 with respect to any individual who is an employee within the meaning of Section 17502.2(a).

(6) Paragraph (1)(B) shall not apply to a contribution described in Section 17502.4 which is made on behalf of a participant for a year to a plan which benefits an owner-employee (within the meaning of Section 17502.2(c)), if—

(A) The annual addition determined under this section with respect to the participant for such year consists solely of such contribution, and

(B) The participant is not an active participant at any time during such year in a defined benefit plan maintained by the employer.

For purposes of this section and Section 17502.4, in the case of a plan which provides contributions or benefits for employees who are not owner-employees, such plan will not be treated as failing to satisfy Section 17501(d) merely because contributions made on behalf of employees who are not owner-employees are not permitted to exceed the limitations of paragraph (1)(B).

(d) (1) The Franchise Tax Board shall adjust annually—

(A) The amount in subdivision (b)(1)(A),

(B) The amount in subdivision (c)(1)(A), and

(C) In the case of a participant who is separated from service, the amount taken into account under subdivision (b)(1)(B), for increases in the cost of living in accordance with regulations prescribed by the Franchise Tax Board Such regulations shall provide for adjustment procedures which are similar to the procedures used to adjust primary insurance amounts under Section 215(i)(2)(A) of the Social Security Act.

(2) The base period taken into account—

(A) For purposes of subparagraphs (A) and (B) of paragraph (1)

is the calendar quarter beginning October 1, 1974, and

(B) For purposes of subparagraph (C) of paragraph (1) is the last calendar quarter of the calendar year before the calendar year in which the participant is separated from service.

(e) (1) In any case in which an individual is a participant in both a defined benefit plan and a defined contribution plan maintained by the same employer, the sum of the defined benefit plan fraction and the defined contribution plan fraction for any year may not exceed 1.4.

(2) For purposes of this subdivision, the defined benefit plan fraction for any year is a fraction—

(A) The numerator of which is the projected annual benefit of the participant under the plan (determined as of the close of the year), and

(B) The denominator of which is the projected annual benefit of the participant under the plan (determined as of the close of the year) if the plan provided the maximum benefit allowable under subsection (b).

(3) Defined contribution plan fraction. For purposes of this subdivision, the defined contribution plan fraction for any year is a fraction—

(A) The numerator of which is the sum of the annual additions to the participant's account as of the close of the year, and

(B) The denominator of which is the sum of the maximum amount of annual additions to such account which could have been made under subdivision (c) for such year and for each prior year of service with the employer.

(4) In applying paragraph (3) with respect to years beginning before January 1, 1976—

(A) The aggregate amount taken into account under paragraph (3) (A) may not exceed the aggregate amount taken into account under paragraph (3) (B), and

(B) The amount taken into account under subdivision (c) (2) (B) (i) for any year concerned is an amount equal to—

(i) The excess of the aggregate amount of employee contributions for all years beginning before January 1, 1976, during which the employee was an active participant of the plan, over 10 percent of the employee's aggregate compensation for all such years, multiplied by

(ii) A fraction the numerator of which is 1 and the denominator of which is the number of years beginning before January 1, 1976, during which the employee was an active participant in the plan. Employee contributions made on or after October 2, 1973, shall be taken into account under subparagraph (B) of the preceding sentence only to the extent that the amount of such contributions does not exceed the maximum amount of contributions permissible under the plan as in effect on October 2, 1973.

(5) For purposes of this subdivision, any annuity contract described in Section 17512 (except in the case of a participant who

has elected under subdivision (c) (4) (D) to have the provisions of subdivision (c) (4) (C) apply), any individual retirement account described in Section 17530(a), any individual retirement annuity described in Section 17530(b), any simplified employee pension, and any retirement bond described in Section 17530.1, for the benefit of a participant shall be treated as a defined contribution plan maintained by each employer with respect to which the participant has the control required under subdivision (b) or (c) of Section 414 of the Internal Revenue Code of 1954 as amended by Public Law 95-600 (as modified by subdivision (h)) In the case of any annuity contract described in Section 17512, the amount of the contribution disqualified by reason of subdivision (g) shall reduce the exclusion allowance as provided in Section 17512.

(f) (1) For purposes of applying the limitations of subdivisions (b), (c), and (e)—

(A) All defined benefit plans (whether or not terminated) of an employer are to be treated as one defined benefit plan, and

(B) All defined contribution plans (whether or not terminated) of an employer are to be treated as one defined contribution plan.

(2) If the employer has more than one defined benefit plan—

(A) Subdivision (b) (1) (B) shall be applied separately with respect to each such plan, but

(B) In applying (b) (1) (B) to the aggregate of such defined benefit plans for purposes of this subdivision, the high three years of compensation taken into account shall be the period of consecutive calendar years (not more than three) during which the individual had the greatest aggregate compensation from the employer.

(g) The Franchise Tax Board, in applying the provisions of this section to benefits or contributions under more than one plan maintained by the same employer, and to any trusts, contracts, accounts, or bonds referred to in subdivision (a) (2), with respect to which the participant has the control required under Section 414(b) or (c) of the Internal Revenue Code of 1954 as amended by Public Law 95-600, as modified by subdivision (h), shall, under regulations prescribed by the Franchise Tax Board, disqualify one or more trusts, plans, contracts, accounts, or bonds, or any combination thereof until such benefits or contributions do not exceed the limitations contained in this section. In addition to taking into account such other factors as may be necessary to carry out the purposes of subdivisions (e) and (f), the regulations prescribed under this paragraph shall provide that no plan which has been terminated shall be disqualified until all other trusts, plans, contracts, accounts, or bonds have been disqualified.

(h) For purposes of applying subdivisions (b) and (c) of Section 414 of the Internal Revenue Code of 1954 as amended by Public Law 95-600 to this section, the phrase "more than 50 percent" shall be substituted for the phrase "at least 80 percent" each place it appears in Section 1563(a) (1) of the Internal Revenue Code of 1954 as amended by Public Law 95-600.

(i) Where for the period before January 1, 1976, or (if later) the first day of the first plan year of the plan, the records necessary for the application of this section are not available, the Franchise Tax Board may by regulations prescribe alternative methods for determining the amounts to be taken into account for such period.

(j) The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section, including, but not limited to, regulations defining the term "year" for purposes of any provision of this section.

(1) The term "magazine" includes any other periodical.

(2) The term "paperback" means any book which has a flexible outer cover and the pages of which are affixed directly to such outer cover. Such term does not include a magazine

(3) The term "record" means a disc, tape, or similar object on which musical, spoken, or other sounds are recorded

(4) If a taxpayer makes qualified sales of more than one category of merchandise in connection with the same trade or business, this section shall be applied as if the qualified sales of each such category were made in connection with a separate trade or business. For purposes of the preceding sentence, magazines, paperbacks, and

records shall each be treated as a separate category of merchandise.

(5) A sale of a magazine, paperback, or record is a qualified sale if—

(A) At the time of sale, the taxpayer has a legal obligation to adjust the sales price of such magazine, paperback, or record if it is not resold, and

(B) The sales price of such magazine, paperback, or record is adjusted by the taxpayer because of a failure to resell it.

(B) The taxpayer may select a shorter period than the applicable period set forth in subparagraph (A).

(C) Any change in the merchandise return period shall be treated as a change in the method of accounting.

(8) As prescribed by the Franchise Tax Board, the taxpayer may substitute, for the physical return of magazines, paperbacks, or records required by subdivision (a), certification or other evidence that the magazine, paperback, or record has not been resold and will not be resold if such evidence—

(A) Is in the possession of the taxpayer at the close of the merchandise return period, and

(B) Is satisfactory to the Franchise Tax Board

(9) A repurchase by the taxpayer shall be treated as an adjustment of the sales price rather than as a resale.

(c) (1) This section shall apply to qualified sales of magazines, paperbacks, or records, as the case may be, if and only if the taxpayer makes an election under this section with respect to the trade or business in connection with which such sales are made An election under this section may be made without the consent of the Franchise Tax Board The election shall be made in such manner as the Franchise Tax Board may prescribe and shall be made for any taxable year not later than the time prescribed by law for filing the return for such taxable year (including extensions thereof).

(3) At the close of each taxable year the suspense account shall be—

(A) Reduced by the excess (if any) of—

(i) The opening balance of the suspense account for the taxable year, over

(ii) The amount excluded from gross income for the taxable year under subsection (a), or

(B) In the case of any increase under paragraph (3) (B) in the account for the taxable year, an amount equal to such increase shall be included in gross income for such taxable year.

If the initial opening balance exceeds the dollar amount of returned merchandise which would have been taken into account under subsection (a) for the taxable year preceding the first taxable year for which the election is effective if this section had applied to such preceding taxable year, then an amount equal to the amount of such excess shall be included in gross income for such first taxable

year.

(5) The application of this subsection with respect to a taxpayer which is a party to any transaction with respect to which there is nonrecognition of gain or loss to any party to the transaction by reason of Chapter 4 shall be determined as prescribed by the Franchise Tax Board.

(6) The amendments to this section made by the 1979–80 Regular Session of the Legislature shall apply with respect to taxable years beginning on or after October 1, 1979.

If the amount described in paragraph (2) (A) exceeds the dollar amount which would have been taken into account under subsection (a) (1) for the taxable year preceding the first taxable year for which the election is effective if this section had applied to such preceding taxable year, then an amount equal to the amount of such excess shall be included in gross income for such first taxable year

(5) The application of this subsection with respect to a taxpayer which is a party to any transaction with respect to which there is nonrecognition of gain or loss to any party to the transaction by reason of Chapter 4 shall be determined under regulations prescribed by the Franchise Tax Board.

(f) In the case of any election under this section which results in a net increase in taxable income under subdivision (b) of Section 17611, under regulations prescribed by the Franchise Tax Board such net increase shall (except as otherwise provided in such regulations) be taken into account by the taxpayer in computing taxable income in each of the 10 taxable years beginning with the year for which the election is made

(c) The term "extraction of the ores or minerals from the ground" includes the extraction by mine owners or operators of ores or minerals from the waste or residue of prior mining. The preceding sentence shall not apply to any such extraction of the mineral or ore by a purchaser of such waste or residue or of the rights to extract ores or minerals therefrom.

If the amounts properly paid, credited, or required to be distributed by the trust for the taxable year do not exceed the income of the trust for such year, there shall be no accumulation distribution for such year.

(c) (1) The term "taxes imposed on the trust" means the amount of the taxes which are imposed for any taxable year of the trust under this part (without regard to this article) and which, under regulations prescribed by the Franchise Tax Board, are properly allocable to the undistributed portions of the distributable net income and gains in excess of losses from sales or exchanges of capital assets The amount determined in the preceding sentence shall be reduced by any amount of such taxes deemed distributed under Sections 17773, 17774, or subdivisions (d) and (e) of Section 17777, to any beneficiary

(2) In the case of any foreign trust, the term "taxes imposed on the trust" includes the amount, reduced as provided in the last sentence of paragraph (1), of income, war profits, and excess-profits taxes imposed by any foreign country or possession of the United States on such foreign trust which, as determined under paragraph (1), are so properly allocable

(d) For purposes of this article, the term "preceding taxable year" does not include any taxable year of the trust—

(1) Which precedes by more than five years the taxable year of

the trust in which an accumulation distribution is made, if it is made in a taxable year beginning before January 1, 1974, or

(2) Which begins before January 1, 1969, in the case of an accumulation distribution made during a taxable year beginning after December 31, 1973.

In the case of a preceding taxable year with respect to which a trust qualifies (without regard to this article) under the provisions of Article 2, for purposes of the application of this article to such trust for such taxable year, such trust shall, in accordance with regulations prescribed by the Franchise Tax Board, be treated as a trust to which Article 3 applies.

SEC. 67. Section 17775 of the Revenue and Taxation Code is amended to read:

17775. (a) The total of the amounts which are treated under Sections 17772 to 17774.5, inclusive, as having been distributed by the trust in a preceding taxable year shall be included in the income of a beneficiary of the trust when paid, credited, or required to be distributed to the extent that such total would have been included in the income of such beneficiary under Section 17762(b) (and, with respect to any tax-exempt interest under Section 17763) if such total had been paid to such beneficiary on the last day of such preceding taxable year. The tax imposed by this part on a beneficiary for a taxable year in which any such amount is included in his income shall be determined only as provided in this section and shall consist of the sum of—

(1) A partial tax computed on the taxable income reduced by an amount equal to the total of such amounts, at the rate and in the manner as if this section had not been enacted, and

(2) A partial tax determined as provided in subdivision (b) of this section.

(b) (1) The partial tax imposed by subdivision (a) (2) shall be determined—

(A) By determining the number of preceding taxable years of the trust on the last day of which an amount is deemed under Section 17772 to have been distributed,

(B) By taking from the five taxable years immediately preceding the year of the accumulation distribution the one taxable year for which the beneficiary's taxable income was the highest and the one taxable year for which his taxable income was the lowest,

(C) By adding to the beneficiary's taxable income for each of the three taxable years remaining after the application of subparagraph (B) an amount determined by dividing the amount deemed distributed under Sections 17772 to 17774 5, inclusive, and required to be included in income under subdivision (a) by the number of preceding taxable years determined under subparagraph (A), and

(D) By determining the average increase in tax for the three taxable years referred to in subparagraph (C) resulting from the

application of such subparagraph.

The partial tax imposed by subdivision (a) (2) shall be the excess (if any) of the average increase in tax determined under subparagraph (D), multiplied by the number of preceding taxable years determined under subparagraph (A), over the amount of taxes (other than the amount of taxes described in paragraph (2) of subdivision (c) of Section 17771) deemed distributed to the beneficiary under Sections 17773 and 17774

(2) For purposes of paragraph (1), the taxable income of the beneficiary for any taxable year shall be deemed not to be less than zero

(3) For purposes of paragraph (1), if the amount of the undistributed net income deemed distributed in any preceding taxable year of the trust is less than 25 percent of the amount of the accumulation distribution divided by the number of preceding taxable years to which the accumulation distribution is allocated under Section 17772, the number of preceding taxable years of the trust with respect to which an amount is deemed distributed to a beneficiary under Section 17772 shall be determined without regard to such year.

(4) In computing the partial tax under paragraph (1) for any beneficiary, the income of such beneficiary for each of his prior taxable years shall include amounts previously deemed distributed to such beneficiary in such year under Sections 17772 to 17774.5, inclusive, as a result of prior accumulation distributions (whether from the same or another trust).

(5) In the case of accumulation distributions made from more than one trust which are includable in the income of a beneficiary in the same taxable year, the distributions shall be deemed to have been made consecutively in whichever order the beneficiary shall determine

(c) (1) If, in the same prior taxable year of the beneficiary in which any part of the accumulation distribution from a trust (hereinafter in this paragraph referred to as "third trust") is deemed under Section 17772 to have been distributed to such beneficiary, some part of prior distributions by each of two or more other trusts is deemed under Section 17772 to have been distributed to such beneficiary, then Sections 17773 and 17774 shall not apply with respect to such part of the accumulation distribution from such third trust

(2) For purposes of paragraph (1), an accumulation distribution from a trust to a beneficiary shall be taken into account only if such distribution, when added to any prior accumulation distributions from such trust which are deemed under Section 17772 to have been distributed to such beneficiary for the same prior taxable year of the beneficiary, equals or exceeds one thousand dollars ($1,000)

(d) (1) (A) In determining the increase in tax under subparagraph (D) of paragraph (1) of subdivision (b) for any computation year, the taxes described in paragraph (2) of

subdivision (c) of Section 17771 which are deemed distributed under Section 17773 or 17774 and added under subparagraph (c) of paragraph (1) of subdivision (b) to the taxable income of the beneficiary for any computation year shall, except as provided in subparagraphs (B) and (C), be treated as a credit against the increase in tax for such computation year under subparagraph (D) of paragraph (1) of subdivision (b).

(B) The items of income, deduction, and credit of the trust shall retain their character to the extent necessary to apply this paragraph.

(C) For purposes of this paragraph, the term "computation year" means any of the three taxable years remaining after application of subparagraph (B) of paragraph (1) of subdivision (b)

(e) In the case of a distribution from a trust to a nonresident alien individual or to a foreign corporation, the first sentence of subdivision (a) shall be applied as if the reference to the determination of character under Section 17763 applied to all amounts instead of just to tax-exempt interest.

SEC. 68 Section 17858 of the Revenue and Taxation Code is amended to read:

17858. (a) A partner's distributive share of partnership loss (including capital loss) shall be allowed only to the extent of the adjusted basis of such partner's interest in the partnership at the end of the partnership year in which such loss occurred Any excess of such loss over such basis shall be allowed as a deduction at the end of the partnership year in which such excess is repaid to the partnership.

(b) The amendment made to this section by the 1977–78 Regular Session of the Legislature shall apply to liabilities incurred after December 31, 1976.

(c) In the case of a loss which was not allowed for any taxable year by reason of the last two sentences of subdivision (a) (as in effect prior to the amendments made to this section by the 1979–80 Regular Session of the Legislature) such loss shall be treated as a deduction (subject to subdivision (a) of Section 17599) for the first taxable year beginning after December 31, 1978. The amendments made to subdivision (a) of Section 17599 by the 1979–80 Regular Session of the Legislature shall not apply with respect to partnership liabilities to which the last two sentences of subdivision (a) (as in effect prior to the amendments made to this section by the 1979–80 Regular Session of the Legislature) did not apply because of the provisions of subdivision (b)

SEC. 70. Section 18031 of the Revenue and Taxation Code is amended to read:

18031. (a) The gain from the sale or other disposition of property shall be the excess of the amount realized therefrom over the adjusted basis provided in Section 18041 for determining gain, and the loss shall be the excess of the adjusted basis provided in such section for determining loss over the amount realized.

(b) The amount realized from the sale or other disposition of

property shall be the sum of any money received plus the fair market value of the property (other than money) received.

In determining the amount realized—

(1) There shall not be taken into account any amount received as reimbursement for real property taxes which are treated under Section 17205 as imposed on the purchaser; and

(2) There shall be taken into account amounts representing real property taxes which are treated under Section 17205 as imposed on the taxpayer if such taxes are to be paid by the purchaser.

(c) In the case of a sale or exchange of property, the extent to which the gain or loss determined under this section shall be recognized for purposes of this part shall be determined under Section 18032.

(d) Nothing in this section shall be construed to prevent (in the case of property sold under contract providing for payment in installments) the taxation of that portion of any installment payment representing gain or profit in the year in which such payment is received.

(e) (1) In determining gain or loss from the sale or other disposition of a term interest in property, that portion of the adjusted basis of such interest which is determined pursuant to Sections 18044 to 18046, inclusive, 18047, or 18049 to 18051.1, inclusive (to the extent that such adjusted basis is a portion of the entire adjusted basis of the property), shall be disregarded.

(2) For purposes of paragraph (1), the term "term interest in property" means—

(A) A life interest in property,

(B) An interest in property for a term of years, or

(C) An income interest in a trust.

(3) Paragraph (1) shall not apply to a sale or other disposition which is a part of a transaction in which the entire interest in property is transferred to any person or persons.

SEC. 71. Section 18046 of the Revenue and Taxation Code is amended to read.

18046. (a) Sections 18044 and 18045 shall not apply to property which constitutes a right to receive an item of income in respect of a decedent under Sections 17831 to 17837, inclusive.

(b) In the case of a decedent dying after December 31, 1979, Sections 18044, 18045, and subdivision (a) of this section shall not apply to any property for which a carryover basis is provided by Section 18047

SEC. 72. Section 18047 of the Revenue and Taxation Code is amended to read:

18047. (a) (1) Except as otherwise provided in this section, the basis of carryover basis property acquired from a decedent dying after December 31, 1979, in the hands of the person so acquiring it shall be the adjusted basis of the property immediately before the death of the decedent, further adjusted as provided in this section.

(2) In the case of any carryover basis property which, in the hands of the decedent, was a personal or household effect, for purposes of determining loss, the basis of such property in the hands of the

person acquiring such property from the decedent shall not exceed its fair market value.

(b) (1) For purposes of this section, the term "carryover basis property" means any property which is acquired from or passed from a decedent (within the meaning of Section 1014(b) of the Internal Revenue Code of 1954) and which is not excluded pursuant to paragraph (2) or (3).

(2) The term "carryover basis property" does not include—

(A) Any item of gross income in respect of a decedent described in Sections 17831 to 17837, inclusive;

(B) Property described in Section 2042 of the Internal Revenue Code of 1954 (relating to proceeds of life insurance),

(C) A joint and survivor annuity under which the surviving annuitant is taxable under Sections 17101 to 17112, inclusive, and payments and distributions under a deferred compensation plan described in Sections 17501 to 17530.4, inclusive, to the extent such payments and distributions are taxable to the decedent's beneficiary under this part;

(D) Property included in the decedent's gross estate by reason of Section 2035, 2038, or 2041 of the Internal Revenue Code of 1954 which has been disposed of before the decedent's death in a transaction in which gain or loss is recognizable for purposes of this part

(E) Stock or a stock option passing from the decedent to the extent income in respect of such stock or stock option is includable in gross income under Section 17532(c) (1), 17533(c), or 17534(c) (1); and

(F) Property described in Section 1014(b) (5) of the Internal Revenue Code of 1954

(3) (A) The term "carryover basis property" does not include any asset—

(i) Which, in the hands of the decedent, was a personal or household effect, and

(ii) With respect to which the executor has made an election under this paragraph.

(B) The fair market value of all assets designated under this subdivision with respect to any decedent shall not exceed ten thousand dollars ($10,000)

(C) An election under this paragraph with respect to any asset shall be made by the executor in such manner as the Franchise Tax Board shall by regulation prescribe

(c) The basis of appreciated carryover basis property (determined after any adjustment under subdivision (h)) which is subject to the tax imposed by Part 8 (commencing with Section 13301) of this division in the hands of the person acquiring it from the decedent shall be increased by an amount which bears the same ratio to the taxes imposed by Part 8 (commencing with Section 13301) of this division as—

(1) The net appreciation in value of such property, bears to

(2) The fair market value of all property which is subject to the taxes imposed by Part 8 (commencing with Section 13301) of this division.

(d) (1) If sixty thousand dollars ($60,000) exceeds the aggregate bases (as determined after any adjustment under subdivision (h) or (c)) of all carryover basis property, the basis of each appreciated carryover basis property (after any adjustment under subdivision (h) or (c)) shall be increased by an amount which bears the same ratio to the amount of such excess as—

(A) The net appreciation in value of such property, bears to

(B) The net appreciation in value of all such property.

(2) For purposes of paragraph (1), the basis of any property which is a personal or household effect shall be treated as not greater than the fair market value of such property.

(3) This subdivision shall not apply to any carryover basis property acquired from any decedent who was (at the time of his death) a nonresident not a citizen of the United States.

(e) If—

(1) Any such person acquires appreciated carryover basis property from a decedent, and

(2) Such person actually pays an amount of the taxes imposed by Part 8 (commencing with Section 13301) of this division with respect to such property,

then the basis of such property (after any adjustment under subdivision (h), (c) or (d)) shall be increased by an amount which bears the same ratio to the aggregate amount of all such taxes paid by such person as—

(A) The net appreciation in value of such property, bears to

(B) The fair market value of all property acquired by such person which is subject to such taxes

(f) (1) The adjustments under subdivisions (c), (d), and (e) shall not increase the basis of property above its fair market value.

(2) For purposes of this section, the net appreciation in value of any property is the amount by which the fair market value of such property exceeds the adjusted basis of such property immediately before the death of the decedent (as determined after any adjustment under subdivision (h)). For purposes of subdivision (d) such adjusted basis shall be increased by the amount of any adjustment under subdivision (c), and, for purposes of subdivision (e), such adjusted basis shall be increased by the amount of any adjustment under subdivision (c) or (d).

(3) For purposes of subdivisions (c) and (e), property shall be treated as not subject to a tax with respect to the taxes imposed by Part 8 of this code, to the extent that a deduction is allowable with respect to such property under Section 13841, 13842 or 13805 of Part 8 (commencing with Section 13301) of this division

(4) For purposes of this section, the term "appreciated carryover basis property" means any carryover basis property if the fair market value of such property exceeds the adjusted basis of such property

immediately before the death of the decedent.

(g) (1) For purposes of this section, when not otherwise distinctly expressed, the term "fair market value" means value as determined under Section 13311 (without regard to whether there is a mortgage on, or indebtedness in respect of, the property).

(2) For purposes of this section, property passing from the decedent shall be treated as property acquired from the decedent.

(3) If the facts necessary to determine the basis (unadjusted) of carryover basis property immediately before the death of the decedent are unknown and cannot be reasonably ascertained, such basis shall be treated as being the fair market value of such property as of the date (or approximate date) at which such property was acquired by the decedent or by the last preceding owner in whose hands it did not have a basis determined in whole or in part by reference to its basis in the hands of a prior holder.

(h) (1) If the adjusted basis immediately before the death of the decedent of any property which is carryover basis property reflects the adjusted basis of any marketable bond or security on December 31, 1976, and if the fair market value of such bond or security on December 31, 1976, exceeded its adjusted basis on such date, then for purposes of determining gain and applying this section, the adjusted basis of such property shall be increased by the amount of such excess.

(2) (A) If—

(i) The adjusted basis immediately before the death of the decedent of any property which is carryover basis property reflects the adjusted basis on December 31, 1976, of any property other than a marketable bond or security, and

(ii) The value of such carryover basis property exceeds the adjusted basis of such property immediately before the death of the decedent (determined without regard to this subdivision),

then, for purposes of determining gain and applying this section, the adjusted basis of such property immediately before the death of the decedent (determined without regard to this subdivision) shall be increased by the amount determined under subparagraph (B).

(B) The amount of the increase under this subparagraph for any property is the sum of—

(i) The excess referred to in clause (ii) of subparagraph (A), reduced by an amount equal to all adjustments for depreciation, amortization, or depletion for the holding period of such property, and then multiplied by the applicable fraction determined under subparagraph (C), and

(ii) The adjustments to basis for depreciation, amortization, or depletion which are attributable to that portion of the holding period for such property which occurs before January 1, 1977.

(C) For purposes of clause (i) of subparagraph (B), the term "applicable fraction" means, with respect to any property, a fraction—

(i) The numerator of which is the number of days in the holding

period with respect to such property which occurs before January 1, 1977, and

(ii) The denominator of which is the total number of days in such holding period.

(D) Under regulations prescribed by the Franchise Tax Board, if there is a substantial improvement of any property, such substantial improvement shall be treated as a separate property for purposes of this paragraph.

(E) For purposes of this paragraph—

(i) The term "marketable bond or security" means any security for which, as of December 1976, there was a market on a stock exchange, in an over-the-counter market, or otherwise.

(ii) The term "holding period" means, with respect to any carryover basis property, the period during which the decedent (or, if any other person held such property immediately before the death of the decedent, such other person) held such property as determined under Sections 18163 to 18172, inclusive; except that such period shall end on the date of the decedent's death.

(3) If—

(A) The holding period for any carryover basis property which is tangible personal property includes December 31, 1976, then, for purposes of determining gain and applying this section, the adjusted basis of such property immediately before the death of the decedent shall be treated as being not less than the amount determined under subparagraph (B).

(B) The amount determined under this subparagraph for any property is—

(i) The value of such property (as determined with respect to the estate of the decedent without regard to Section 2032), divided by

(ii) 1 0066 to the nth power where n equals the number of full calendar months which have elapsed between December 31, 1976, and the date of the decedent's death.

(4) There shall be no increase in basis under this subdivision by reason of the death of any decedent if the adjusted basis of the property in the hands of such decedent reflects the adjusted basis of property which was carryover basis property with respect to a prior decedent

(i) The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section.

(j) References to the Internal Revenue Code of 1954 in this section mean said code as it read on January 1, 1979

(b) A residence any part of which was constructed or reconstructed by the taxpayer shall be treated as purchased by the taxpayer. In determining the taxpayer's cost of purchasing a residence, there shall be included only so much of his cost as is attributable to the acquisition, construction, reconstruction, and improvements made which are properly chargeable to capital account, during the period specified in Section 18091.

(c) If a residence is purchased by the taxpayer before the date of his sale of the old residence, the purchased residence shall not be treated as his new residence if sold or otherwise disposed of by him before the date of the sale of the old residence.

(d) If the taxpayer, during the period described in Section 18091, purchases more than one residence which is used by him as his principal residence at some time within 18 months after the date of the sale of the old residence, only the last of such residences so used by him after the date of such sale shall constitute the new residence. If the principal residence is sold in a sale to which subdivision (b) of Section 18094 applies within 18 months after the sale of the old residence, for purposes of applying the preceding sentence with respect to the old residence, the principal residence so sold shall be treated as the last residence used during such 18-month period

(e) In the case of a new residence the construction of which was commenced by the taxpayer before the expiration of 18 months after

the date of the sale of the old residence, the period specified in Section 18091, and the 18 months referred to in subsection (d) of this section, shall be treated as including a period of two years beginning with the date of the sale of the old residence.

SEC 76 Section 18094 of the Revenue and Taxation Code is amended to read·

(b) Subdivision (a) shall not apply with respect to the sale of the taxpayer's residence if—

(1) Such sale was in connection with the commencement of work by the taxpayer as an employee or as a self-employed individual at a new principal place of work, and

For purposes of the preceding sentence, if the taxpayer can establish by adequate records or other sufficient evidence that the amount allowed as a deduction for any period was less than the amount allowable, the amount taken into account for such period shall be the amount

allowed.

(d) The term "additional depreciation" also means, in the case of Section 18212 property with respect to which a depreciation or amortization deduction for rehabilitation expenditures was allowed under Section 17211.7 or 17228.5, the depreciation or amortization adjustments allowed under such section to the extent attributable to such property, except that, in the case of such property held for more than one year after the rehabilitation expenditures so allowed were incurred, it means such adjustments only to the extent that they exceed the amount of the depreciation adjustments which would have resulted if such adjustments had been determined under the straight line method of adjustment without regard to the useful life permitted under Section 17211.7 or 17228.5.

(3) The term "oil, gas, or geothermal property" means any

(2) As part of the consideration, another party to the exchange assumes a liability of the taxpayer, or acquires from the taxpayer property subject to a liability,

then such assumption or acquisition shall not be treated as money or other property, and shall not prevent the exchange from being within the provisions of Section 24521, 24551, 24571, or 24578, as the case may be.

(b) (1) If, taking into consideration the nature of the liability and the circumstances in the light of which the arrangement for the assumption or acquisition was made, it appears that the principal purpose of the taxpayer with respect to the assumption or acquisition described in subsection (a)—

(A) Was a purpose to avoid tax under this part on the exchange; or

(B) If not such purpose, was not a bona fide business purpose; then such assumption or acquisition (in the total amount of the liability assumed or acquired pursuant to such exchange) shall, for the purposes of Section 24521, 24551, 24571 or 24578 (as the case may be), be considered as money received by the taxpayer on the exchange

(A) To which Section 24521 applies; or

(B) To which Section 24551 applies by reason of a plan of reorganization within the meaning of Section 24562(a)(4),

(2) Paragraph (1) shall not apply to any exchange to which—

(A) Paragraph (1) of subdivision (b) of this section applies; or

(B) Sections 24571 to 24574, inclusive, or 24578, apply

(3) (A) (i) The taxpayer's taxable income is computed under the cash receipts and disbursements method of accounting, and

(ii) Such taxpayer transfers, in an exchange to which Section 24521 applies, a liability which is either—

(I) An account payable payment of which would give rise to a deduction, or

(II) An amount payable which is described in Section 736(a), of the Internal Revenue Code of 1954,

then, for purposes of paragraph (1), the amount of such liability shall be excluded in determining the amount of liabilities assumed or to which the property transferred is subject

SEC 103 Section 24541 of the Revenue and Taxation Code is amended to read

24541. (a) In the case of an exchange to which Section 24521, 24531, 24532, 24533, 24535, 24551, or 24572 applies—

(ii) The amount of gain to the bank or corporation which was recognized on such exchange (not including any portion of such gain which was treated as a dividend)

(2) The basis of any other property (except money) received by the bank or corporation shall be its fair market value.

(b) (1) Under regulations prescribed by the Franchise Tax Board, the basis determined under subsection (a) (1) shall be allocated among the properties permitted to be received without the recognition of gain or loss.

(2) In the case of an exchange to which Sections 24532 and 24533 (or so much of Section 24535 as relates to Section 24533) apply, then in making the allocation under paragraph (1) of this subdivision, there shall be taken into account not only the property so permitted to be received without the recognition of gain or loss, but also the stock or securities (if any) of the distributing bank or corporation which are retained, and the allocation of basis shall be made among all such properties.

(c) For purposes of this section, a distribution to which Section 24533 (or so much of Section 24535 as relates to Sections 24532 and 24533) applies shall be treated as an exchange, and for such purposes the stock and securities of the distributing bank or corporation which are retained shall be treated as surrendered, and received back, in the exchange.

(d) (1) Where, as part of the consideration to the bank or corporation, another party to the exchange assumed a liability of the bank or corporation or acquired from the bank or corporation property subject to a liability, such assumption or acquisition (in the amount of the liability) shall, for purposes of this section, be treated as money received by the bank or corporation on the exchange.

(2) Paragraph (1) shall not apply to the amount of any liability excluded under paragraph (3) of subdivision (c) of Section 24540.

(e) This section shall not apply to property acquired by a bank or corporation by the exchange of its stock or securities (or the stock or securities of a corporation which is in control of the acquiring corporation) as consideration in whole or in part for the transfer of the property to it.

(1) A statutory merger or consolidation;

(2) The acquisition by one corporation, in exchange solely for all or a part of its voting stock (or in exchange solely for all or a part of the voting stock of a corporation which is in control of the acquiring corporation), of stock of another corporation if, immediately after the acquisition, the acquiring corporation has control of such other corporation (whether or not such acquiring corporation had control immediately before the acquisition);

(3) The acquisition by one corporation, in exchange solely for all or a part of its voting stock (or in exchange solely for all or a part of the voting stock of a corporation which is in control of the acquiring corporation), of substantially all of the properties of another corporation, but in determining whether the exchange is solely for stock the assumption by the acquiring corporation of a liability of the other, or the fact that property acquired is subject to a liability, shall be disregarded;

(4) A transfer by a corporation of all or a part of its assets to another corporation if immediately after the transfer the transferor, or one or more of its shareholders (including persons who were shareholders immediately before the transfer), or any combination thereof, is in control of the corporation to which the assets are transferred; but only if, in pursuance of the plan, stock or securities of the corporation to which the assets are transferred are distributed in a transaction which qualifies under Section 24531, 24533, or 24535;

(5) A recapitalization; or

(6) A mere change in identity, form, or place of organization, however effected

(b) (1) If a transaction is described in both paragraph (3) and paragraph (4) of subdivision (a), then, for purposes of this chapter, such transaction shall be treated as described only in paragraph (4) of subdivision (a).

(2) If—

(A) One corporation acquires substantially all of the properties of another corporation;

(B) The acquisition would qualify under paragraph (3) of subdivision (a) but for the fact that the acquiring corporation exchanges money or other property in addition to voting stock; and

(C) The acquiring corporation acquires, solely for voting stock described in paragraph (3) of subdivision (a), property of the other corporation having a fair market value which is at least 80 percent of the fair market value of all of the property of the other corporation;

then such acquisition shall (subject to paragraph (1) of this subdivision) be treated as qualifying under paragraph (3) of subdivision (a) Solely for the purpose of determining whether subparagraph (C) of the preceding sentence applies, the amount of any liability assumed by the acquiring corporation, and the amount of any liability to which any property acquired by the acquiring corporation is subject, shall be treated as money paid for the property.

(3) A transaction otherwise qualifying under paragraph (1), paragraph (2) or paragraph (3) of subdivision (a) shall not be disqualified by reason of the fact that part or all of the assets or stock which were acquired in the transaction are transferred to a corporation controlled by the corporation acquiring such assets or stock.

(4) The acquisition by one corporation, in exchange for stock of a corporation (referred to in this paragraph as "controlling corporation") which is in control of the acquiring corporation, of substantially all of the properties of another corporation which in the transaction is merged into the acquiring corporation shall not disqualify a transaction under paragraph (1) of subdivision (a), if—

(A) Such transaction would have qualified under paragraph (1) of subdivision (a) if the merger had been into the controlling corporation, and

(B) No stock of the acquiring corporation is used in the transaction

(5) A transaction otherwise qualifying under paragraph (1) of subdivision (a) shall not be disqualified by reason of the fact that stock of a corporation (referred to in this paragraph as the "controlling corporation") which before the merger was in control of the merged corporation is used in the transaction, if—

(A) After the transaction, the corporation surviving the merger holds substantially all of its properties and of the properties of the merged corporation (other than stock of the controlling corporation distributed in the transaction), and

(B) In the transaction, former shareholders of the surviving corporation exchanged, for an amount of voting stock of the controlling corporation, an amount of stock in the surviving

corporation which constitutes control of such corporation.

(6) (A) If immediately before a transaction described in subdivision (a) (other than paragraph (5) thereof), two or more parties to the transaction were investment companies, then the transaction shall not be considered to be a reorganization with respect to any such investment company (and its shareholders and security holders) unless it was a regulated investment company, a real estate investment trust, or a corporation which meets the requirements of subparagraph (B).

(B) A corporation meets the requirements of this subparagraph if not more than 25 percent of the value of its total assets is invested in the stock and securities of any one issuer, and not more than 50 percent of the value of its total assets is invested in the stock and securities of five or fewer issuers. For purposes of this paragraph, all members of a controlled group of corporations (within the meaning of Section 1563(a) of the Internal Revenue Code of 1954) shall be treated as one issuer.

(C) For purposes of this paragraph the term "investment company" means a regulated investment company, a real estate investment trust, or a corporation 50 percent or more of the value of whose total assets are stock and securities and 80 percent or more of the value of whose total assets are assets held for investment. In making the 50-percent and 80-percent determinations under the preceding sentence, stock and securities in any subsidiary corporation shall be disregarded and the parent corporation shall be deemed to own its ratable share of the subsidiary's assets, and a corporation shall be considered a subsidiary if the parent owns 50 percent or more of the combined voting power of all classes of stock entitled to vote, or 50 percent or more of the total value of shares of all classes of stock outstanding.

(D) For purposes of this paragraph, in determining total assets there shall be excluded cash and cash items (including receivables), government securities, and, under regulations prescribed by the Franchise Tax Board, assets acquired (through incurring indebtedness or otherwise) for purposes of meeting the requirements of subparagraph (B) or ceasing to be an investment company.

(E) This paragraph shall not apply if the stock of each investment company is owned substantially by the same persons in the same proportions.

(F) If an investment company does not meet the requirements of subparagraph (B) acquires assets of another corporation, subparagraph (A) shall be applied to such investment company and its shareholders and security holders as though its assets had been acquired by such other corporation. If such investment company acquires stock of another corporation in a reorganization described in Section 24562(a)(2) (hereafter referred to as the "actual acquisition") subparagraph (A) shall be applied to the shareholders of such investment company as though they had exchanged with

such other corporation all of their stock in such investment company for stock having a fair market value equal to the fair market value of their stock of stock of such investment company immediately after the exchange.

(G) For purpose of subparagraph (b) and (c), the term "securities" includes obligations of state and local governments, commodity futures contracts, shares of regulated investment companies and real estate investment trusts, and other investments constituting a security within the meaning of the Investment Company Act of 1940, 15 U.S.C. 80a-2(36).

(c) The amendments made to this section by the 1971 First Extraordinary Session of the Legislature shall apply to statutory mergers occurring after December 31, 1970.

SEC. 105. Section 24609 of the Revenue and Taxation Code is amended to read:

24609. If there is no plan but a method of employer contributions or compensation has the effect of a stock bonus, pension, profit sharing, or annuity plan, or other plan deferring the receipt of compensation, Sections 24601 to 24608, inclusive, shall apply as if there were such a plan.

SEC. 106. Section 24610.5 is added to the Revenue and Taxation Code, to read:

24610.5. If a plan would be described in Section 24601 (as modified by Section 24609) but for the fact that there is no employer-employee relationship, the contributions or compensation—

(a) Shall not be deductible by the payer thereof under Section 24343, but

(b) Shall (if they would be deductible under Section 24343 but for subdivision (a)) be deductible under this section for the taxable year in which an amount attributable to the contribution or compensation is includable in the gross income of the persons participating in the plan

SEC. 107. Section 24611 of the Revenue and Taxation Code is repealed

SEC. 108. Section 24652 of the Revenue and Taxation Code is amended to read.

24652. (a) Except as otherwise provided by law, the income from farming of—

(1) A corporation engaged in the trade or business of farming, or

(2) A partnership engaged in the trade or business of farming, if a corporation is a partner in such partnership, shall be computed on an accrual method of accounting and with the capitalization of preproductive period expenses described in subdivision (b). This section shall not apply to the trade or business of operating a nursery or to the raising or harvesting of trees (other than fruit and nut trees).

(b) (1) For purposes of this section, the term "preproductive period expenses" means any amount which is attributable to crops,

animals, or any other property having a crop or yield during the preproductive period of such property.

(2) Paragraph (1) shall not apply—

(A) To taxes and interest, and

(B) To any amount incurred on account of fire, storm, flood, or other casualty or on account of disease or drought.

(3) For purposes of this subdivision, the term "preproductive period" means—

(A) In the case of property having a useful life of more than one year which will have more than one crop or yield, the period before the disposition of the first such marketable crop or yield, or

(B) In the case of any other property, the period before such property is disposed of.

For purposes of this section, the use by the taxpayer in the trade or business of farming of any supply produced in such trade or business shall be treated as a disposition.

(c) For purposes of subdivision (a), a corporation shall be treated as not being a corporation if it is—

(1) An electing small business corporation (within the meaning of Section 1371(b) of the Internal Revenue Code of 1954).

(2) A corporation of which at least 50 percent of the total combined voting power of all classes of stock entitled to vote, and at least 50 percent of the total number of shares of all other classes of stock of the corporation, are owned by members of the same family, or

(3) A corporation the gross receipts of which meet the requirements of subdivision (e).

(d) For purposes of subdivision (c)(2)—

(2) Stock owned, directly or indirectly, by or for a partnership or trust shall be treated as owned proportionately by its partners or beneficiaries, and

(3) If 50 percent or more in value of the stock in a corporation (hereinafter in this paragraph referred to as "first corporation") is owned, directly or through paragraph (2), by or for members of the same family, such members shall be considered as owning each class of stock in a second corporation (or a wholly owned subsidiary of such second corporation) owned, directly or indirectly, by or for the first corporation, in that proportion which the value of the stock in the first corporation which such members so own bears to the value of all the stock in the first corporation.

For purposes of paragraph (1), individuals related by the half blood or by legal adoption shall be treated as if they were related by the whole blood

(e) A corporation meets the requirements of this subdivision if,

for each prior year beginning after December 31, 1976, such corporation (and any predecessor corporation) did not have gross receipts exceeding one million dollars ($1,000,000). For purposes of the preceding sentence, all corporations which are members of a controlled group of corporations (within the meaning of Section 1563(a) of the Internal Revenue Code of 1954) shall be treated as one corporation

(f) In the case of any taxpayer required by this section to change its method of accounting for any income year—

(1) Such change shall be treated as having been made with the consent of the Franchise Tax Board,

(2) For purposes of Section 24721(b), such change shall be treated as a change not initiated by the taxpayer, and

(3) Under regulations prescribed by the Franchise Tax Board, the net amount of adjustments required by Section 24721 to be taken into account by the taxpayer in computing income shall be taken into account in each of the 10 income years (or the remaining income years where there is a stated future life of less than 10 income years) beginning with the year of change.

(g) (1) If—

(A) For its 10 income years ending with its first income year beginning after December 31, 1976, a corporation used an annual accrual method of accounting with respect to its trade or business of farming.

(B) Such corporation raises crops which are harvested not less than 12 months after planting, and

(C) Such corporation has used such method of accounting for all income years intervening between its first income year beginning after December 31, 1976, and the income year,

such corporation may continue to employ such method of accounting for the income year with respect to its trade or business of farming.

(2) For purposes of paragraph (1), the term "annual accrual method of accounting" means a method under which revenues, costs, and expenses are computed on an accrual method of accounting and the preproductive period expenses incurred during the income year are charged to harvested crops or deducted in determining the income for such years

(3) For purposes of this subdivision, if a corporation acquired substantially all the assets of a farming trade or business from another corporation in a transaction in which no gain or loss was recognized to the transferor or transferee corporation, the transferee corporation shall be deemed to have computed its income on an annual accrual method of accounting during the period for which the transferor corporation computed its income from such trade or business on an annual accrual method

(h) (1) If—

(A) A corporation has computed its income on an annual accrual method of accounting together with a static value method of accounting for deferred costs of growing crops for the 10 income

years ending with its first income year beginning after December 31, 1976,

(B) Such corporation raises crops which are harvested not less than 12 months after planting, and

(C) Such corporation elects, within one year after the date of the enactment of this section and in such manner as the Franchise Tax Board prescribes, to change to the annual accrual method of accounting (within the meaning of subdivision (g) (2)) for income years beginning after December 31, 1977,

such change shall be treated as having been made with the consent of the Franchise Tax Board, and, under regulations prescribed by the Franchise Tax Board, the net amount of the adjustments required by Section 24721 to be taken into account by the taxpayer in computing income shall (except as otherwise provided in such regulations) be taken into account in each of the 10 income years beginning with the year of change

(2) A corporation which elects under paragraph (1) to change to the annual accrual method of accounting shall, for purposes of subdivision (g), be deemed to be a corporation which has computed its income on an annual accrual method of accounting for its 10 income years ending with its first income year beginning after December 31, 1976.

(3) For purposes of this subdivision, if a corporation acquired substantially all the assets of a farming trade or business from another corporation in a transaction in which no gain or loss was recognized to the transferor or transferee corporation, the transferee corporation shall be deemed to have computed its income on an annual accrual method of accounting together with a static value method of accounting for deferred costs of growing crops during the period for which the transferor corporation computed its income from such trade or business on such accrual and static value method.

SEC. 109 Section 24653 is added to the Revenue and Taxation Code, to read.

24653. (a) This section shall apply to a taxpayer who:

(1) Is a farmer, nurseryman, or florist,

(2) Is on an accrual method of accounting, and

(3) Is not required by Section 24652 to capitalize preproductive period expenses.

(b) A taxpayer to whom this section applies may not be required to inventory growing crops for any income year beginning after December 31, 1977.

(c) A taxpayer to whom this section applies may, for any income year beginning after December 31, 1977, and before January 1, 1981, change to the cash receipts and disbursements method of accounting with respect to any trade or business in which the principal activity is growing crops

(d) Any change in the way in which a taxpayer accounts for the costs of growing crops resulting from the application of subdivision (b) or (c).

(1) Shall not require the consent of the Franchise Tax Board, and

(2) Shall be treated, for purposes of Sections 24721 through 24724 as a change in the method of accounting and initiated by the taxpayer.

(e) For purposes of this section, "growing crops" does not include trees grown for lumber, pulp, or other nonlife purposes.

SEC. 110. Section 24676 5 is added to the Revenue and Taxation Code, to read:

24676.5 (a) A taxpayer who is on an accrual method of accounting may elect not to include in the gross income for the income year the income attributable to the qualified sale of any magazine, paperback, or record which is returned to the taxpayer before the close of the merchandise return period.

(b) For purposes of this section—

(1) The term "magazine" includes any other periodical.

(2) The term "paperback" means any book which has a flexible outer cover and the pages of which are affixed directly to such outer cover. Such term does not include a magazine.

(3) The term "record" means a disc, tape, or similar object on which musical, spoken, or other sounds are recorded.

(4) If a taxpayer makes qualified sales of more than one category of merchandise in connection with the same trade or business, this section shall be applied as if the qualified sales of each such category were made in connection with a separate trade or business. For purposes of the preceding sentence, magazines, paperbacks, and records shall each be treated as a separate category of merchandise.

(5) A sale of a magazine, paperback, or record is a qualified sale if—

(A) At the time of sale, the taxpayer has a legal obligation to adjust the sales price of such magazine, paperback, or record if it is not resold, and

(B) The sales price of such magazine, paperback, or record is adjusted by the taxpayer because of a failure to resell it.

(6) The amount excluded under this section with respect to any qualified sale shall be the lesser of—

(A) The amount covered by the legal obligation described in paragraph (5) (A), or

(B) The amount of the adjustment agreed to by the taxpayer before the close of the merchandise return period.

(7) (A) Except as provided in subparagraph (B), the term "merchandise return period" means, with respect to any income year—

(i) In the case of magazines, the period of 2 months and 15 days first occurring after the close of the income year, or

(ii) In the case of paperbacks and records, the period of 4 months and 15 days first occurring after the close of the income year.

(B) The taxpayer may select a shorter period than the applicable period set forth in subparagraph (A)

(C) Any change in the merchandise return period shall be treated

as a change in the method of accounting.

(8) As prescribed by the Franchise Tax Board, the taxpayer may substitute, for the physical return of magazines, paperbacks, or records required by subsection (a), certification or other evidence that the magazine, paperback, or record has not been resold and will not be resold if such evidence—

(A) Is in the possession of the taxpayer at the close of the merchandise return period, and

(B) Is satisfactory to the Franchise Tax Board

(9) A repurchase by the taxpayer shall be treated as an adjustment of the sales price rather than as a resale

(c) (1) This section shall apply to qualified sales of magazines, paperbacks, or records, as the case may be, if and only if the taxpayer makes an election under this section with respect to the trade or business in connection with which such sales are made An election under this section may be made without the consent of the Franchise Tax Board The election shall be made in such manner as the Franchise Tax Board may prescribe and shall be made for any taxable year not later than the time prescribed by law for filing the return for such income year (including extensions thereof).

(2) An election made under this section shall apply to all qualified sales of magazines, paperbacks, or records, as the case may be, made in connection with the trade or business with respect to which the taxpayer has made the election

(3) An election under this section shall be effective for the income year for which it is made and for all subsequent income years, unless the taxpayer secures the consent of the Franchise Tax Board to the revocation of such election.

(4) Except to the extent inconsistent with the provisions of this section, for purposes of this subtitle, the computation of taxable income under an election made under this section shall be treated as a method of accounting.

(d) In applying Section 24723 with respect to any election under this section which applies to magazines, the period of taking into account any decrease in taxable income resulting from the application of subdivision (b) of Section 24721 shall be the income year for which the election is made and the four succeeding income years

(e) (1) In the case of any election under this section which applies to paperbacks or records, in lieu of applying Sections 24721 through 24725, the taxpayer shall establish a suspense account for the trade or business for the income year for which the election is made.

(2) The opening balance of the account described in paragraph (1) for the first income year to which the election applies shall be the largest dollar amount of returned merchandise which would have been taken into account under this section for any of the three immediately preceding income years if this section had applied to such preceding three income years This paragraph and paragraph (3) shall be applied by taking into account only amounts attributable

to the trade or business for which such account is established.

(3) At the close of each taxable year the suspense account shall be—

(A) Reduced by the excess (if any) of—

(i) The opening balance of the suspense account for the income year, over

(ii) The amount excluded from gross income for the income year under subsection (a), or

(b) Increased (but not in excess of the initial opening balance) by the excess (if any) of—

(i) The amount excluded from gross income for the income year under subsection (a), over

(ii) The opening balance of the account for the income year.

(4) (A) In the case of any reduction under paragraph (3) (A) in the account for the income year, an amount equal to such reduction shall be excluded from gross income for such income year.

(B) In the case of any increase under paragraph (3) (B) in the account for the income year, an amount equal to such increase shall be included in gross income for such income year.

If the initial opening balance exceeds the dollar amount of returned merchandise which would have been taken into account under subsection (a) for the income year preceding the first income year for which the election is effective if this section had applied to such preceding income year, then an amount equal to the amount of such excess shall be included in gross income for such first income year.

(5) The application of this subsection with respect to a taxpayer which is a party to any transaction with respect to which there is nonrecognition of gain or loss to any party to the transaction by reason of Chapter 8 shall be determined as prescribed by the Franchise Tax Board.

(6) The amendments to this section made by the 1979–80 Regular Session of the Legislature shall apply to income years beginning on or after October 1, 1979.

SEC 111. Section 24687 is added to the Revenue and Taxation Code, to read:

24687. (a) At the election of a taxpayer whose taxable income is computed under an accrual method of accounting, the deduction allowable under this chapter for the redemption costs of qualified discount coupons shall be an amount equal to the sum of—

(1) Such costs incurred by the taxpayer with respect to coupons—

(A) Which were outstanding at the close of the income year, and

(B) Which were received by the taxpayer before the close of the redemption period for the income year, plus

(2) Such costs (other than costs properly taken into account under paragraph (1) for a prior income year) incurred by the taxpayer during the income year.

(b) For purposes of this section—

(1) The term "qualified discount coupon" means a discount coupon which—

(A) Was issued by the taxpayer,

(B) Is redeemable by the taxpayer, and

(C) Allows a discount on the purchase price of merchandise or other tangible personal property.

(2) The determination of whether or not a discount coupon is a qualified discount coupon shall be made without regard to whether the coupon was issued through a newspaper, magazine, or other publication, by mail, on the pack or in the pack of merchandise, or otherwise.

(3) A coupon shall not be a qualified discount coupon if—

(A) The face amount of such coupon is more than five dollars ($5), or

(B) Such coupon may be used with other coupons to bring about a price discount of more than five dollars ($5) with respect to any item.

(4) A coupon shall not be a qualified discount coupon if the issuer directly redeems such coupon from the person using the coupon to receive a price discount.

(5) A coupon is redeemable by the taxpayer if the terms of the coupon require the taxpayer to redeem the coupon when presented for redemption in accordance with its terms.

(c) For purposes of this section—

(1) The term "redemption cost" means, with respect to any coupon—

(A) The lesser of—

(i) The amount of the discount provided by the terms of the coupon, or

(ii) The amount incurred by the taxpayer for paying such discount, plus

(B) The amount incurred by the taxpayer for a payment to the retailer (or other person redeeming the coupon from the person receiving the price discount), but only if the amount so payable is stated on the coupon.

(2) (A) Except as provided in subparagraph (B), the redemption period for any income year is the six-month period immediately following the close of the income year.

(B) The taxpayer may select a redemption period which is shorter than six months.

(C) Any change in the redemption period shall be treated as a change in the method of accounting.

(d) (1) This section shall apply to qualified discount coupons if and only if the taxpayer makes an election under this section with respect to the trade or business in connection with which such coupons are issued An election under this section may be made without the consent of the Franchise Tax Board The election shall be made in such manner as the Franchise Tax Board may by regulations prescribe and shall be made for any income year not later than the time prescribed by law for filing the return for such income year (including extensions thereof).

(2) An election made under this section shall apply to all qualified discount coupons issued in connection with the trade or business

with respect to which the taxpayer has made the election.

(3) An election under this section shall apply to the income year for which it is made and for all subsequent income years, unless the taxpayer secures the consent of the Franchise Tax Board to the revocation of such election.

(4) Except to the extent inconsistent with the provisions of this section, for purposes of this part, the computation of taxable income under an election made under this section shall be treated as a method of accounting.

(e) (1) In the case of any election under this section which (but for this subsection) would result in a net decrease in taxable income under subdivision (b) of Section 24721, in lieu of applying Sections 24721 through 24724, the taxpayer shall establish a suspense account for the trade or business for the income year for which the election is made.

(2) The initial opening balance of the account described in paragraph (1) for the first income year to which the election applies shall be the amount by which—

(A) The largest dollar amount which would have been taken into account under subsection (a) (1) for any of the three immediately preceding income years if this section had applied to such three preceding income years, exceeds

(B) The sum of the increases in income (and the decreases in deductions) which (but for this subsection) would result under subdivision (b) of Section 24721 for such first income years.

This subsection shall be applied by taking into account only amounts attributable to the trade or business for which such account is established.

(3) At the close of each income year, the suspense account shall beg balance of the suspense account for the income year, over

(ii) The amount deducted for the income year under subsection (a) (1), *or*

(B) Increased (but not in excess of the initial opening balance) by the excess (if any) of—

(i) The amount deducted for the income year under subsection (a) (1), over

(ii) The opening balance of the suspense account for the income year

(4) (A) In the case of any reduction under paragraph (3) (A) in the account for the income year, an amount equal to such reduction shall be allowed as a deduction for such income year

(B) In the case of any increase under paragraph (3) (B) in the account for the income year, an amount equal to such increase shall be included in gross income for such income year

If the amount described in paragraph (2) (A) exceeds the dollar amount which would have been taken into account under subsection (a) (1) for the income year preceding the first income year for which the election is effective if this section had applied to such preceding income year, then an amount equal to the amount of such excess shall

be included in gross income for such first income year.

(5) The application of this subsection with respect to a taxpayer which is a party to any transaction with respect to which there is nonrecognition of gain or loss to any party to the transaction by reason of Chapter 8 shall be determined under regulations prescribed by the Franchise Tax Board.

(f) In the case of any election under this section which results in a net increase in taxable income under subdivision (b) of Section 24721 under regulations prescribed by the Franchise Tax Board such next increase shall (except as otherwise provided in such regulations) be taken into account by the taxpayer in computing taxable income in each of the 10 income years beginning with the year for which the election is made

SEC. 112 Section 24832 of the Revenue and Taxation Code is amended to read:

24832 (a) In the case of oil, gas, and geothermal wells the allowance for depletion under Section 24835 shall be 22 percent of the gross income from the property during the income year, excluding from such gross income an amount equal to any rents or royalties paid or incurred by the taxpayer in respect of the property. Such allowance shall not exceed 50 percent of the net income of the taxpayer (computed without allowance for depletion) from the property, except that in no case shall the depletion allowance under Section 24835 be less than it would be if computed without reference to this section.

(b) Where the total accumulated amount of deduction allowed or allowable for depletion exceeds an amount equal to the adjusted cost of the taxpayer's interest in any property which is subject to recovery through depletion under this part, percentage depletion shall be allowed in respect to such interests in such property, subject to the limitations and adjustments of subdivisions (c) and (d).

(c) Where the total depletion allowance for all properties in subdivision (b) exceeds one million five hundred thousand dollars ($1,500,000), the allowance in subdivision (b) shall be reduced by 125 percent of the excess.

(d) When either (1) the income from sources within this state of two or more corporations which are commonly owned or controlled is determined in accordance with Chapter 17 (commencing with Section 25101) of this part or Part 18 (commencing with Section 38001) of this division, or (2) two or more commonly owned or controlled corporations derive income from sources solely within this state, whose business activities are such that if conducted within and without this state, the income derived from sources within this state would be determined in accordance with Chapter 17 (commencing with Section 25101) of this part or Part 18 (commencing with Section 38001) of this division (hereinafter referred to as "wholly intrastate corporations"), then such corporations shall determine the percentage depletion prescribed in subdivision (b) as if such corporations were one corporation As to "wholly intrastate

corporations", if subdivision (c) applies, then the amount of percentage depletion (as adjusted and limited by subdivision (c)) shall be prorated among them in the ratio to which the percentage depletion of each prescribed in subdivision (b) (before the application of subdivision (c)) bears to the total percentage depletion prescribed in subdivision (b) for all corporations (before the application of subdivision (c)).

(e) For purposes of this section, a "geothermal deposit" means a geothermal reservoir consisting of natural heat which is stored in rocks or in an aqueous liquid or vapor (whether or not under pressure).

SEC. 113 Section 24834 of the Revenue and Taxation Code is amended to read:

24834. For purposes of this section and Section 24833—

(a) The term "gross income from the property" means, in the case of a property other than an oil, gas, or geothermal well, the gross income from mining.

(b) The term "mining" includes not merely the extraction of the ores or minerals from the ground but also the treatment processes considered as mining described in paragraph (d) (and the treatment processes necessary or incidental thereto), and so much of the transportation of ores or minerals (whether or not by common carrier) from the point of extraction from the ground to the plants or mills in which such treatment processes are applied thereto as is not in excess of 50 miles unless the Franchise Tax Board finds that the physical and other requirements are such that the ore or mineral must be transported a greater distance to such plants or mills.

(c) The term "extraction of the ores or minerals from the ground" includes the extraction by mine owners or operators of ores or minerals from the waste or residue of prior mining. The preceding sentence shall not apply to any such extraction of the mineral or ore by a purchaser of such waste or residue or of the rights to extract ores or minerals therefrom.

(d) The following treatment processes where applied by the mine owner or operator shall be considered as mining to the extent they are applied to the ore or mineral in respect of which it is entitled to a deduction for depletion under Section 24833, 24834 and 24835:

(1) In the case of coal—cleaning, breaking, sizing, dust allaying, treating to prevent freezing, and loading for shipment;

(2) In the case of sulfur recovered by the Frasch process—cleaning, pumping to vats, cooling, breaking, and loading for shipment;

(3) In the case of iron ore, bauxite, ball and sagger clay, rock asphalt, and ores or minerals which are customarily sold in the form of a crude mineral product—sorting, concentrating, sintering, and substantially equivalent processes to bring to shipping grade and form, and loading for shipment,

(4) In the case of lead, zinc, copper, gold, silver, uranium, or fluorspar ores, potash, and ores or minerals which are not customarily

sold in the form of the crude mineral product—crushing, grinding, and benefication by concentration (gravity, flotation, amalgamation, electrostatic, or magnetic), cyanidation, leaching, crystallization, precipitation (but not including electrolytic deposition, roasting, thermal or electric smelting, or refining), or by substantially equivalent processes or combination of processes used in the separation or extraction of the product or products from the ore or the mineral or minerals from other material from the mine or other natural deposit;

(5) The pulverization of talc, the burning of magnesite, the sintering and nodulizing of phosphate rock, and the furnacing of quicksilver ores,

(6) In the case of calcium carbonates and other minerals when used in making cement—all processes (other than preheating of the kiln feed) applied prior to the introduction of the kiln feed into the kiln, but not including any subsequent process;

(7) In the case of clay used, or sold for use, in the manufacture of building or paving brick, drainage and roofing tile, sewer pipe, flowerpots and kindred products—crushing, grinding, and separating the mineral from waste, but not including any subsequent process; and

(8) Any other treatment process provided for by regulations prescribed by the Franchise Tax Board which, with respect to the particular ore or mineral, is not inconsistent with the preceding provisions of this paragraph.

(e) Unless such processes are otherwise provided for in subdivision (d) (or are necessary or incidental to processes so provided for), the following treatment processes shall not be considered as "mining": electrolytic deposition, roasting, calcining, thermal or electric smelting, refining, polishing, fine pulverization, blending with other materials, treatment effecting a chemical change, thermal action, and molding or shaping.

SEC. 114. Section 24835 of the Revenue and Taxation Code is amended to read:

24835. In the case of mines, oil, gas, and geothermal wells, other natural deposits and timber, a reasonable allowance for depletion and for depreciation of improvements according to the peculiar conditions in each case, such reasonable allowance in all cases to be made under rules and regulations to be prescribed by the Franchise Tax Board. In any case in which it is ascertained as a result of operations or of development work that the recoverable units are greater or less than the prior estimate thereof, then such prior estimate (but not the basis for depletion) shall be revised and the allowance under this section for subsequent income years shall be based upon such revised estimate In the case of leases the deductions shall be equitably apportioned between the lessor and the lessees.

SEC 115 Section 24835.5 of the Revenue and Taxation Code is amended to read·

24835 5. Notwithstanding the provisions of any section in this

chapter, the total accumulated amount of deduction allowed or allowable for depletion, with respect to oil, gas, and geothermal wells, shall be limited to an amount equal to the adjusted cost of the taxpayer's interest in such property which is subject to recovery through depletion under this part, except as provided in Section 24832.

SEC. 116. Section 24949.3 is added to the Revenue and Taxation Code, to read·

SEC 117 Section 157 of Chapter 1079 of the Statutes of 1977 is amended to read.

Sec. 157. (a) All sections of this act affecting changes to the Personal Income Tax Law, unless otherwise specified in such sections, shall be applied in the computation of taxes for taxable years beginning after December 31, 1976.

(b) Sections 95 and 96 of this act shall apply to taxable years beginning after December 31, 1979.

SEC. 118. The Legislature finds and declares that Sections 36, 37, 70, 71, 72, 73, 73.5, 77, and 117 of this act shall serve a public purpose by providing the California Legislature time to reconsider the impact of revising the basis of property acquired from decedents on the state economy and to relieve taxpayers of the burden of such provisions, which were amended by the provisions of Chapter 1079 of the Statutes of 1977 for the purpose of conforming to the federal income tax law. The operative effect of the federal income tax law has now been delayed until December 31, 1979, by the Congress of the United States, which has determined that such delay in applying such amendments to the method of determining basis has been made necessary due to the need to reconsider the effect of such change in the income tax levels.

SEC 119. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect However, the provisions of this act shall be applied in the computation of taxes for taxable years beginning on or after the first day of the calendar year in which this act becomes effective provided the effective date is more than 90 days prior to the last day of the calendar year If the effective date is 90 days or less prior to the last day of the calendar year, the provisions of this act shall apply in the computation of taxes for taxable years beginning on or after the first day of the calendar year following the effective date

(c) The provisions of this section shall apply to, but are not limited to, the sale or distribution of glue, cement, dope, paint thinners, paint, and any combination of hydrocarbons either alone or in combination with any substance or material including, but not limited to, paint, paint thinners, shellac thinners, and solvents which, when inhaled, ingested or breathed, can cause a person to be under the influence of, or intoxicated from, any such combination of hydrocarbons.

This section shall not prohibit the sale of gasoline or other motor vehicle fuels to persons less than 18 years of age.

SEC. 2. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 1170

services.

[Approved by Governor September 29, 1979 Filed with Secretary of State September 30, 1979]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Welfare Reform Act of 1979.

SEC. 1.3 Section 209 of the Civil Code is repealed.

SEC. 2. Section 5127.6 is added to the Civil Code, to read:

5127.6. Notwithstanding Section 5127.5, the community property interest of a natural or adoptive parent in the income of his or her spouse shall be considered unconditionally available for the care and support of any child who resides with the child's natural or adoptive parent who is married to such spouse. The amount arising from such duty to care for and support shall be reduced by the amount of any existing previously court ordered child support obligations of such spouse.

Any contribution for care and support provided by a spouse who is not a natural or adoptive parent of the child shall not be considered a change in circumstances that would affect a court ordered support obligation of a natural or adoptive parent for that child.

SEC. 3. Section 396 is added to the Penal Code, to read:

396. Whoever knowingly uses, transfers, acquires, or possesses food stamps or authorizations to participate in the federal Food Stamp Program in any manner not authorized by Chapter 10 (commencing with Section 18900), Part 6, Division 9 of the Welfare and Institutions Code or by the Food Stamp Act of 1964 (Public Law 88-525 and all amendments made thereto) is guilty of a misdemeanor if the face value of the food stamps or the authorizations to participate is two hundred dollars ($200) or less; or is guilty of a felony if the face value of the food stamps or the authorizations to participate exceeds two hundred dollars ($200), or if the cumulative face value of the food stamps used, transferred, acquired, or possessed in such manner over any period no longer than two years exceeds two hundred dollars ($200).

Whoever knowingly uses, transfers, acquires, or possesses blank authorizations to participate in the federal Food Stamp Program in any manner not authorized by Chapter 10 with the intent to defraud is guilty of a felony

Whoever counterfeits or alters or knowingly uses, transfers, acquires, or possesses counterfeited or altered authorizations to participate in the federal Food Stamp Program or food stamps in any manner not authorized by the Food Stamp Act of 1964 (Public Law 88-525 and all amendments made thereto) or the federal regulations pursuant to the act is guilty of forgery

Any violator of this section is guilty of a misdemeanor and shall be punished by a fine of not more than five thousand dollars ($5,000) or by imprisonment in the county jail not exceeding 90 days, or by both such fine and imprisonment.

SEC. 5. Section 10605 of the Welfare and Institutions Code is repealed

SEC 6 Section 10605 is added to the Welfare and Institutions Code, to read:

10605 If the director believes that a county is substantially failing to comply with any provision of this code or any regulation pertaining to any program administered by the department, and he determines that formal action may be necessary to secure compliance, he shall inform the county welfare director and the board of supervisors of such failure. The notice to the county welfare director and board of supervisors shall be in writing and shall allow the county a specified period of time, not less than 30 days, to correct its failure to comply with the law or regulations. If within the specified period the county does not comply or provide reasonable assurances in writing that it will comply within such additional time as the director may allow, the director may take one or both of the following actions.

(a) Bring an action for injunctive relief to secure immediate compliance

Any county which is found to be failing in a substantial manner to comply with the law or regulations pertaining to any program administered by the department may be enjoined by any court of competent jurisdiction The court may make such orders or judgments as may be necessary to secure county compliance.

(b) Order the county to appear at a hearing before the director with the State Social Services Advisory Board to show cause why the director should not take administrative action to secure compliance. The county hearings shall be conducted pursuant to the rules and regulations of the department.

If the director determines based on the record established at the hearing and the advice of the State Social Services Advisory Board that the county is failing to comply with the provisions of this code or the regulations of the department, or if the State Personnel Board certifies to the director that a county is not in conformity with

established merit system standards under Part 2.5 (commencing with Section 19800) of Division 5 of Title 2 of the Government Code, and that administrative sanctions are necessary to secure compliance, the director may invoke either of the following sanctions:

(1) Withhold all or part of state and federal funds from such county until the county demonstrates to the director that it has complied.

(2) Assume, temporarily, direct responsibility for the administration of all or part of any or all programs administered by the department in such county until such time as the county provides reasonable assurances to the director of its intention and ability to comply. During such period of direct state administrative responsibility, the director or his authorized representative shall have all of the powers and responsibilities of the county director, except that he shall not be subject to the authority of the board of supervisors.

In the event that the director invokes sanctions pursuant to this section, the county shall be responsible for providing such funds as may be necessary for the continued operation of all programs administered by the department in such county. If a county fails or refuses to provide such funds, including a sufficient amount to reimburse any and all costs incurred by the department in directly administering any program in the county, the Controller may deduct an amount certified by the director as necessary for the continued operation of such programs by the department from any state or federal funds payable to the county for any purpose.

Nothing in this section shall be construed as preventing a county from seeking judicial review under Section 1094.5 of the Code of Civil Procedure of any final decision of the director made after a hearing conducted under this section. Such review shall be the exclusive remedy available to the county for review of the director's decision.

Nothing in this section shall be construed as preventing the director from bringing an action for writ of mandamus or such other action in court as may be appropriate to insure that there is no interruption in the provision of benefits to any person eligible therefor under the provisions of this code or the regulations of the department.

SEC. 7. Section 10951 of the Welfare and Institutions Code is amended to read.

10951 No person shall be entitled to a hearing pursuant to this chapter unless he files his request for the same within 90 days after the order or action complained of.

SEC 9 Section 11004 of the Welfare and Institutions Code is amended to read:

11004 The provisions of this code relative to public social services for which state grants-in-aid are made to the counties shall be administered fairly to the end that all persons who are eligible and

apply for such public social services shall receive the assistance to which they are entitled promptly, with due consideration for the needs of applicants and the safeguarding of public funds.

(a) Any applicant for, or recipient or payee of, such public social services shall be informed as to the provisions of eligibility and his responsibility for reporting facts material to a correct determination of eligibility and grant.

(b) Any applicant for, or recipient or payee of, such public social services shall be responsible for reporting accurately and completely within his competence those facts required of him pursuant to subdivision (a) and to report promptly any changes in those facts.

(c) Any person who makes full and complete disclosure of those facts as explained to him pursuant to subdivision (a) is entitled to rely upon the award of public social services as being accurate, and that the warrant he receives correctly reflects the award made, except that the county providing the social services shall be allowed a period of six months following the month of payment, or six months following the hearing provided in subdivision (f), within which to adjust any errors or changes in amount of grant resulting from changes in income or need which occur too late to be reflected in the grant for the current month. Whenever possible, adjustments or overpayments shall be prorated evenly over the adjustment period.

(d) If any overpayment results because of a willful failure to report facts in accordance with subdivision (b) or because of any willfully fraudulent device, the county providing the social services shall be allowed a period of two years following the month of the discovery of the overpayment, or two years following the hearing provided in subdivision (f), to adjust current grants to recover the overpayment. Such adjustment shall be permitted concurrently with any suit for restitution, and recovery of overpayment by adjustment shall reduce by the amount of such recovery the extent of liability for restitution.

For purposes of this section, "willful failure to report facts" means the failure to report facts under circumstances where the person had been informed of the reporting requirements and such person knew or should have known of such reporting requirements, but failed to report facts as required by subdivision (b).

(e) If the department determines after a hearing that an overpayment has resulted because of the willful failure to report facts in accordance with subdivision (b) or because of any willfully fraudulent device, the county providing the public social services shall seek to recover in accordance with subdivision (d) all or any portion of any grant amount paid to the recipient, including any amount paid while the hearing process was pending.

(f) Current grants may be reduced because of prior overpayments only if the recipient has income or resources available in the amount by which the county proposes to reduce payment; except that, where evidence establishes that a recipient willfully withheld information about his income or resources, such income or

resources may be considered in the determination of need to reduce the amount of the grant in current or future periods. Prior to effecting any reduction of current grants to recover prior overpayments, the recipient shall be advised of the proposed reduction and of his entitlement to a hearing on the propriety of the reduction When recoupments are made from current assistance payments, the department shall on a case-by-case basis limit the proportion of such payments that may be deducted so as not to cause undue hardship to recipients. In no event shall the grant to a needy child be reduced unless the parents or other responsible persons have sufficient available resources or income to meet the current needs of the needy child according to the department standard during the period of reduction. For purposes of this subdivision, reduction of the grant to a needy child below the department standard when resources or income are not available to meet the current needs of a needy child shall constitute undue hardship.

(g) If it is found that a recipient or a family was possessed of property in excess of the amount permitted by law, and it cannot be established that the recipient or family received such public social service in bad faith, without honestly believing eligibility was properly established, the amount collectible shall be limited to an amount equal to the market value of the excess property or the value of the public social service granted during the period the excess property was held, whichever is the lesser

(h) No civil or criminal action may be commenced against any person based on alleged unlawful application for or receipt of public social services, where the case record of such person has been destroyed after the expiration of the four-year retention period pursuant to Section 10851

(i) When an underpayment or denial of public social service occurs because of an administrative error or inadvertence on the part of a county, and as a result the applicant or recipient does not receive the amount to which he is entitled, the county shall provide public social services equal to the full amount of the underpayment which occurred during the period of one year immediately preceding the date the error or inadvertence is discovered

(j) This subdivision shall be applicable only to applicants, recipients and payees under Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of this code. Any suits to recover overpayments described in subdivision (d) shall be brought on behalf of the county by the county counsel unless the board of supervisors delegates such duty to the district attorney by ordinance or resolution

SEC 10 Section 11250 5 is added to the Welfare and Institutions Code, to read

11250 5 In order to maximize federal financial participation for families eligible pursuant to Section 11201, a child whose unemployed parent does not satisfy the requirements for federal financial participation set forth in Section 407(b) (1) of Title IV-A of

the federal Social Security Act shall, to the extent permitted under federal law, be paid emergency assistance to needy families with children as provided in Section 406(e) of that act.

SEC. 11 Section 11261 is added to the Welfare and Institutions Code, to read·

11261. Notwithstanding Section 5127.5 of the Civil Code and to the extent permitted by federal law, the community property interest of a natural or adoptive parent in the income of his or her spouse shall be considered unconditionally available for the care and support of any child who resides with the child's natural or adoptive parent who is married to such spouse. The amount arising from such duty to care for and support shall be reduced by the amount of any existing previously court ordered child support obligations of such spouse.

Any contribution for care and support provided by a spouse who is not a natural or adoptive parent of the child shall not be considered a change in circumstances that would affect a court ordered support obligation of a natural or adoptive parent for that child.

SEC. 12. Section 11483 of the Welfare and Institutions Code is amended to read:

11483. Whenever any person has, by means of false statement or representation or by impersonation or other fraudulent device, obtained aid for a child not in fact entitled thereto, the person obtaining such aid shall be punished as follows:

(1) If the amount obtained or retained is two hundred dollars ($200) or less, by imprisonment in the county jail for a period of not more than six months, a fine of not more than five hundred dollars ($500), or by both such imprisonment and fine.

(2) If the amount obtained or retained during any period no longer than two years is more than two hundred dollars ($200), by imprisonment in the state prison, or by imprisonment in the county jail for not more than one year.

When the alleged violation is limited to failure to report income or resources, or the presence of an additional person or persons in the household, and results in an overpayment of not more than two thousand dollars ($2,000), all actions necessary to secure restitution shall be brought against persons in such a violation of this section, pursuant to this paragraph. Restitution shall be sought by request, civil action, or other suitable means prior to the bringing of a criminal complaint. Such action for restitution may be satisfied by sending a registered letter requesting restitution to the last address at which the person was receiving public assistance

SEC. 13. Section 18904 of the Welfare and Institutions Code is amended to read·

18904. Regulations, orders or standards of general application to implement, interpret or make specific the law relating to this chapter shall be adopted, amended or repealed only in accordance with Section 10554. The director shall also provide for the two methods as described in subdivision (a) of Section 18904 1 by which

a county welfare department shall distribute food stamps to eligible households. To the extent permitted by federal law, the director may, at county request, waive use of mail or over-the-counter issuance.

SEC. 14. Section 18904.1 of the Welfare and Institutions Code is amended to read.

18904.1. The director, to the extent permitted by federal law, shall establish methods for food stamp issuance in all counties which guarantee to low-income households the health-vital nutritional benefits available under this chapter and to achieve the most efficient system for program administration so as to minimize administrative costs

(a) The director shall immediately establish methods for over-the-counter and mail issuance of food stamps in all counties.

(b) The director of a county welfare department may seek a waiver of mail or over-the-counter issuance if the county director establishes that reasonable access is afforded recipients by the other method of issuing food stamps. The request for a waiver shall be in writing and shall describe the reasons for the request. The county director shall submit a copy of the waiver request to the county board of supervisors

(c) Upon receipt of a waiver request from a county, the director shall decide whether to grant the waiver in accordance with the following procedure. The director shall consider the waiver in light of the facts presented in the waiver request. If the director finds that the facts presented in the waiver request establish that the conditions in subdivision (b) of this section exist in the county and that waiver of mail or over-the-counter method of food stamp issuance will not substantially impair the ability of eligible households to obtain food stamps, he may waive the use of that method of food stamp issuance in the county. The director shall notify the county welfare director of this decision within 60 days of the receipt of the request, and shall send a copy of his decision to the county board of supervisors.

The director shall establish in all counties methods for mail issuance of food stamps and methods for over-the-counter issuance which guarantee program accessibility in all cases where a household has been found to be in immediate need of food assistance or where a household has been determined to be eligible for the replacement of a previous issuance.

SEC. 15 Section 18910 of the Welfare and Institutions Code is repealed.

SEC. 16 Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in

significant identifiable cost changes

When the allegation is limited to failure to report not more than two thousand dollars ($2,000) of income or resources, or the failure to report the presence of an additional person or persons in the household, all actions necessary to secure restitution shall be brought against persons in violation of this section as provided in Sections 12250 and 12850. Such action for restitution may be satisfied by sending a registered letter requesting restitution to the last address at which the person was receiving public assistance.

(c) Commencing with the 1982–83 fiscal year and for every fiscal year thereafter, 90 percent state funds and 10 percent county funds shall be required for support of programs and services provided by a county under this part, unless a later enacted statute which is chaptered before July 1, 1982, provides a different arrangement for state and county matching funds Alcohol programs and services financed through other public or private sources as provided in the county program budget shall not be considered for purposes of state and county matching funds under this part.

If Assembly Bill 272 of the 1979–80 Regular Session is chaptered, whether prior or subsequent to the act of the 1979–80 Regular Session by which this section is amended, and becomes effective on or before January 1, 1980, this section shall remain in effect only until January 1, 1980, and on such date is repealed, unless a later enacted statute, which is chaptered on or before January 1, 1980, deletes or extends such date.

Where the services specified in the approved program budget are provided pursuant to other general health or social programs, only that portion of the service dealing with the prevention of alcoholism, and the treatment and rehabilitation of alcoholics and their families may be financed under this division

For the purposes of this section, "county program budget" shall mean the total of state funds to be advanced to the county and the required county match.

If Assembly Bill 272 of the 1979–80 Regular Session of the Legislature is not chaptered or, if chaptered, does not become effective on or before January 1, 1980, this section shall become operative on July 1, 1982. If Assembly Bill 272 of the 1979–80 Regular Session is chaptered, whether prior or subsequent to the act of the 1979–80 Regular Session by which this section is amended, and becomes effective on or before January 1, 1980, this section shall not become operative, and shall be repealed January 1, 1980, unless a later enacted statute, which is chaptered on or before January 1, 1980, deletes or extends such date.

(b) Contain the kinds of information that will be produced for each of the users of the system specified in subdivision (a).

(c) Be capable of interfacing with existing county-based management information systems.

(d) Be implemented in modules so that such components as a patient registry, case-management, billing, and medication history can be added independently depending on county and state needs.

(e) Have strict access, security, and confidentiality provisions. No personally identifiable data shall be forwarded to state or regional levels. All unique identifiers shall be scrambled at the local level before data access is given to the regional or state level

(f) Include uniform definitions of services.

The preliminary design shall include a plan and schedule for further development of the system, implementation of the system, and detailed cost estimates for implementation of the system.

SEC 4. There is hereby appropriated to the State Department of Mental Health the sum of sixteen million fifty thousand dollars ($16,050,000) from the following funds and for the following purposes:

(a) The funds held in reserve in category (d) of Item 275 of the Budget Act of 1979 are appropriated upon receipt by the Legislature of the report as required in Item 275 for disbursal to the counties subject to the following conditions:

(1) The amount specified in category (d) shall be used solely for the development and operation of local 24-hour nonhospital treatment programs and community support services that will permit diversion to local facilities for minors or for persons described in Sections 5150, 5250, 5260, 5300, 5358, and 6000 of the Welfare and Institutions Code or Section 4011.6 of the Penal Code who would be otherwise served through local or state hospitals; and provided, that no county shall receive an allocation from category (d) unless the county maintains its expenditures for 24-hour, nonhospital treatment programs and community support services at the levels at which they were funded by the state and county in the 1978–79 fiscal year; except that counties may use savings due to delays in the startup of local 24-hour nonhospital treatment programs from within the counties' allocation of funds under category (d) upon approval of the county Short-Doyle plan and demonstration that specific plans are in process and approved by the county board of supervisors by July 30, 1979, and that completion will be delayed in fiscal year 1979–80, to provide for the care and treatment of persons described above in other alternative programs to the state hospital use; and provided further, that such funds shall be allocated on the basis of county plans approved by the State Department of Mental Health and upon approval of the Department of Finance.

(2) Counties which submit a plan by September 1, 1979, shall receive notification from the State Department of Mental Health with the approval of the Department of Finance of their approval or disapproval no later than October 15, 1979, and the funds shall be allocated by November 1, 1979.

(3) The State Department of Mental Health, in consultation with the Conference of Local Mental Health Directors, shall develop guidelines for the allocation of funds specified in category (d) which provide for allocation on the basis of demonstrated need, taking into consideration the number of patients who are inappropriately placed in local acute care hospital or state hospital care.

(4) The State Department of Mental Health may reallocate funds appropriated in category (d) if any county does not submit a final county Short-Doyle plan requesting these funds with appropriate documentation as to how funds will be spent by September 1, 1979. The Director of Mental Health may, in consultation with the

conference of Local Mental Health Directors, reallocate surplus funds from counties failing to submit final county Short-Doyle plans by September 1, 1979; and provided further, that such funds shall be reallocated on the basis of county plans approved by the State Department of Mental Health and upon approval of the Department of Finance

(5) The Legislature intends that any county Short-Doyle plan may include requests for additional funds under category (d) in excess of the funds initially allocated to the county under that category.

(6) It is the intent of the Legislature that funds appropriated under category (d) of Item 275 be expended in accordance with the principle of "least restrictive alternative" and that a full continuum of 24-hour residential care is needed to assure the availability of appropriate and cost-effective placement alternatives.

(7) Each county receiving funds from category (d) of Item 275 shall, until September 30, 1980, make a report to the State Department of Mental Health every three months detailing the expenditures made with these funds, explaining any deviation from their approved plan. The State Department of Mental Health shall, every three months thereafter, until September 30, 1980, report to the Department of Finance and the appropriate committees of the Legislature detailing the expenditures of the funds under this section

(8) Notwithstanding any other provision of law, if any county expends the funds for purposes not approved in their plan, or fails to report as required by this section, the Director of Mental Health, with the approval of the Director of Finance, shall withhold an amount equal to the amount allocated to that county under this section from next year's regular Short-Doyle allocation to that county

(9) County plans shall include performance standards approved by the State Department of Mental Health for evaluation of programs under this section. The evaluation shall include for each participating county: (A) The number of persons served; (B) The average length of service provided; (C) The cost of service provided; and, (D) The mode of service provided The State Department of Mental Health with the approval of the Department of Finance shall conduct or contract for an assessment of the results of programs initiated or operated under category (d) within 12 months of the initiation of such programs By December 31, 1980, the State Department of Mental Health, in consultation with the Department of Finance, shall transmit an interim report on the performance of such programs to the Joint Legislative Budget Committee. Programs failing to demonstrate successful results based upon established performance standards shall not be renewed.

(b) Three hundred thousand dollars ($300,000) from the General Fund to the State Department of Mental Health for the purposes of Section 5656 5 of the Welfare and Institutions Code

(c) Seven hundred fifty thousand dollars ($750,000) from the

General Fund to the State Department of Mental Health for the purposes of Section 4012.4 of the Welfare and Institutions Code.

SEC. 5. Section 1 of this act shall apply retroactively to July 1, 1979.

SEC. 6. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to these sections because the Legislature finds and declares that there are no new duties, obligations, or responsibilities imposed on local government by this act that require reimbursement. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that this act, which would provide for the waiver of the required county matching funds for its alcoholism programs and would make funds available to initiate a community-based management information and data retrieval system for mental health programs and to develop alternatives to hospitalization, may be made effective at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 1173

An act to amend Sections 11580.1 and 11580.2 of the Insurance Code, relating to insurance.

(1) That coverage and the insurer's obligation to defend under such policy shall not apply nor accrue to the benefit of any insured or any third party claimant while any insured motor vehicle is being used or operated by a natural person or persons designated by name. The insurer shall have an obligation to defend the named insured when all of the following apply to such designated natural person:

1 He or she is a resident of the same household as the named insured

2 As a result of operating the insured motor vehicle of the named insured, he or she is jointly sued with the named insured.

3 He or she is an insured under a separate automobile liability insurance policy issued to him as a named insured, which policy does not provide a defense to the named insured.

(2) That with regard to any such policy issued to a named insured engaged in the business of selling, repairing, servicing, delivering, testing, road testing, parking, or storing automobiles, coverage shall not apply to any person other than the named insured or his agent or employee, except to the extent that the limits of liability of any other valid and collectible insurance available to such person are not equal to the limits of liability specified in subdivision (a) of Section 16056 of the Vehicle Code.

(e) Nothing in this section or in Section 16054 or 16450 of the Vehicle Code shall be construed to constitute a homeowner's policy, personal and residence liability policy, personal and farm liability policy, general liability policy, comprehensive personal liability policy, manufacturers' and contractors' policy, premises liability policy, special multiperil policy, or any policy or endorsement where automobile liability coverage is offered as incidental to some other basic coverage as an "automobile liability policy" within the meaning of Section 16054 of the Vehicle Code, or as a "motor vehicle liability

policy" within the meaning of Section 16450 of the Vehicle Code, nor shall any provision of this section apply to a policy which provides insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle in the Republic of Mexico issued or delivered in this state by a nonadmitted Mexican insurer, notwithstanding that any such policy may provide automobile or motor vehicle liability coverage on insured premises or the ways immediately adjoining.

(f) On and after January 1, 1976, no policy of automobile liability insurance described in subdivision (a) shall be issued, amended, or renewed in this state if it contains any provision which expressly or impliedly excludes from coverage under such policy the operation or use of an insured motor vehicle by the named insured in the performance of volunteer services for a nonprofit charitable organization or governmental agency by providing transportation to senior citizens or physically or mentally handicapped persons. This subdivision shall not apply in any case in which the named insured receives any remuneration of any kind other than reimbursement for actual mileage driven in the performance of such services at a rate not to exceed twenty-two cents ($0.22) per mile actually driven. As used in this section, "senior citizen" means a person 60 years of age or older.

(g) Notwithstanding the provisions of paragraph (4) of subdivision (b) of this section, or the provisions of Article 2 (commencing with Section 16450) of Chapter 3 of Division 7 of, or Article 2 (commencing with Section 17150) of Chapter 1 of Division 9 of, the Vehicle Code, a Mexican nonadmitted insurer and any named insured may, by the terms of any policy of automobile insurance for use solely in the Republic of Mexico to which subdivision (a) applies, or by a separate writing relating thereto, agree to the limitation that coverage under such policy shall not apply to any person riding in or occupying a vehicle owned by the insured or driven by another person with the permission of the insured. Such agreement shall be binding upon every insured to whom any such policy applies and upon any third party claimant.

(h) No policy of automobile insurance which provides insurance covering liability arising out of the ownership, maintenance or use of any motor vehicle solely in the Republic of Mexico issued by a nonadmitted Mexican insurance company, shall be subject to, or provide coverage for, those coverages provided in Section 11580.2

SEC. 2 Section 11580.2 of the Insurance Code is amended to read:

11580 2. (a) (1) No policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle, except for policies which provide insurance in the Republic of Mexico issued or delivered in this state by nonadmitted Mexican insurers, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be issued or delivered by any insurer licensed in this state upon any motor

vehicle then principally used or principally garaged in this state, unless the policy contains, or has added to it by endorsement, a provision with coverage limits at least equal to the financial responsibility requirements specified in Section 16056 of the Vehicle Code insuring the insured, his heirs or his legal representative for all sums within such limits which he or they, as the case may be, shall be legally entitled to recover as damages for bodily injury or wrongful death from the owner or operator of an uninsured motor vehicle. The insurer and any named insured, prior to or subsequent to the issuance or renewal of a policy, may, by agreement in writing, in the form specified in paragraph (2), delete the provision covering damage caused by an uninsured motor vehicle (1) completely, or (2) with respect to a natural person or persons designated by name when operating a motor vehicle. Either of such deletions by any named insured shall be binding upon every insured to whom such policy or endorsement provisions apply while such policy is in force, and shall continue to be so binding with respect to any continuation, renewal, or replacement of such policy by the named insured, or with respect to reinstatement of such policy within 30 days of any lapse thereof. A policy shall be excluded from the application of this section if the only coverage with respect to the use of any motor vehicle is limited to the contingent liability arising out of the use of nonowned motor vehicles

(2) The agreement specified in paragraph (1) shall be in the following form:

"The California Insurance Code requires an insurer to provide uninsured motorists coverage in each bodily injury liability insurance policy it issues covering liability arising out of the ownership, maintenance, or use of a motor vehicle. Such section also permits the insurer and the applicant to delete such coverage completely or with respect to one or more natural persons designated by name when operating a motor vehicle. Uninsured motorists coverage insures the insured, his heirs, or legal representatives for all sums within the financial responsibility limits which such person or persons are legally entitled to recover as damages for bodily injury, including any resulting sickness, disease, or death, to him from the owner or operator of an uninsured motor vehicle not owned or operated by the insured "

Such agreement may contain additional statements not in derogation of or conflict with the foregoing. The execution of such agreement shall relieve the insurer of liability under this section while such agreement remains in effect

(b) As used in (a) above, "bodily injury" includes sickness or disease, including death, resulting therefrom; the term "named insured" means only the individual or organization named in the declarations of the policy of motor vehicle bodily injury liability insurance referred to in (a) above, as used in (a) above the term "insured" means the named insured and the spouse of the named insured and, while residents of the same household, relatives of

either while occupants of a motor vehicle or otherwise, heirs and any other person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply; the term "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist endorsement or coverage is a part, a temporary substitute or a newly acquired automobile for which liability coverage is provided in the policy if the motor vehicle is used by the named insured or with his permission or consent, express or implied, and any other automobile not owned by the named insured or any resident of the same household while being operated by the named insured or his spouse if a resident of the same household, but the term "insured motor vehicle" shall not include any automobile while used as a public or livery conveyance. As used in this section, the term "uninsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance or use of which there is no bodily injury liability insurance or bond applicable at the time of the accident, or there is such applicable insurance or bond but the company writing the same denies coverage thereunder or refuses to admit coverage thereunder except conditionally or with reservation, or a motor vehicle used without the permission of the owner thereof if there is no bodily injury liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof, or the owner or operator thereof be unknown, provided that, with respect to an "uninsured motor vehicle" whose owner or operator is unknown:

(A) The bodily injury has arisen out of physical contact of such automobile with the insured or with an automobile which the insured is occupying.

(B) The insured or someone on his behalf shall have reported the accident within 24 hours to the police department of the city where the accident occurred or, if the accident occurred in unincorporated territory then either the sheriff of the county where the accident occurred or the local headquarters of the California Highway Patrol, and have filed with the insurer within 30 days thereafter a statement under oath that the insured or his legal representative has or the insured's heirs have a cause of action arising out of such accident for damages against a person or persons whose identity is unascertainable and set forth facts in support thereof. As used in this section, the term "uninsured motor vehicle" shall not include an automobile owned by the named insured or any resident of the same household or self-insured within the meaning of the Safety Responsibility Law of the state in which the motor vehicle is registered or which is owned by the United States of America, Canada, a state or political subdivision of any such government or an agency of any of the foregoing, or a land motor vehicle or trailer operated on rails or crawler treads or while located for use as a residence or premises and not as a vehicle, or a farm-type tractor or

equipment designed for use principally off public roads, except while actually upon public roads.

As used in this section, the term "uninsured motor vehicle" also means an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency. An insurer's solvency protection shall be applicable only to accidents occurring during a policy period in which its insured's motor vehicle coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one year of such accident. In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of such coverage, the insurer making such payment, shall to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent insurer through any settlement or judgment of such person against the insolvent insurer

(c) The insurance coverage provided for in this section does not apply either as primary or as excess coverage to:

(1) To property damage sustained by the insured.

(2) To bodily injury of the insured while in or upon or while entering into or alighting from an automobile other than the described automobile if the owner thereof has insurance similar to that provided in this section.

(3) To bodily injury of the insured with respect to which the insured or his representative shall, without the written consent of the insurer, make any settlement with or prosecute to judgment any action against any person who may be legally liable therefor.

(4) In any instance where it would inure directly or indirectly to the benefit of any workers' compensation carrier or to any person qualified as a self-insurer under any workers' compensation law, or directly to the benefit of the United States, or any state or any political subdivision thereof.

(5) To establish proof of financial responsibility as provided in subdivisions (a), (b), and (c) of Section 16054 of the Vehicle Code.

(6) To bodily injury of the insured while occupying a motor vehicle owned by an insured, unless the occupied vehicle is an insured motor vehicle.

(7) To bodily injury of the insured when struck by a vehicle owned by an insured.

(d) Subject to paragraph (2) of subdivision (c), the policy or endorsement may provide that if the insured has insurance available to him under more than one uninsured motorist coverage provision, any damages shall not be deemed to exceed the higher of the applicable limits of the respective coverages, and such damages shall be prorated between the applicable coverages as the limits of each coverage bears to the total of such limits.

(e) The policy or endorsement added thereto may provide that if the insured has valid and collectible automobile medical payment insurance available to him, the damages which he shall be entitled

to recover from the owner or operator of an uninsured motor vehicle shall be reduced for purposes of uninsured motorist coverage by the amounts paid or due to be paid under such automobile medical payment insurance. This subdivision shall become operative on January 1, 1971.

(f) The policy or an endorsement added thereto shall provide that the determination as to whether the insured shall be legally entitled to recover damages, and if so entitled, the amount thereof, shall be made by agreement between the insured and the insurer or, in the event of disagreement, by arbitration. The arbitration shall be conducted by a single neutral arbitrator. An award or a judgment confirming an award shall not be conclusive on any party in any action or proceeding between (i) the insured, his insurer, his legal representative, or his heirs and (ii) the uninsured motorist to recover damages arising out of the accident upon which the award is based. If the insured has or may have rights to benefits, other than nonoccupational disability benefits, under any workers' compensation law, the arbitrator shall not proceed with the arbitration until the insured's physical condition is stationary and ratable. In those cases in which the insured claims a permanent disability, such claims shall, unless good cause be shown, be adjudicated by award or settled by compromise and release before the arbitration may proceed. Any demand or petition for arbitration shall contain a declaration, under penalty of perjury, stating whether (i) the insured has a workers' compensation claim; (ii) such claim has proceeded to findings and award or settlement on all issues reasonably contemplated to be determined in that claim; and (iii) if not, what reasons amounting to good cause are grounds for the arbitration to proceed immediately. The provisions of Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure shall be applicable to such determinations, and all rights, remedies, obligations, liabilities and procedures set forth in such Article 3 shall be available to both the insured and the insurer at any time after the accident, both before and after the commencement of arbitration, if any, with the following limitations:

(1) Whenever in such Article 3, reference is made to the court in which the action is pending, or provision is made for application to the court or obtaining leave of court or approval by the court, the court which shall have jurisdiction for the purposes of this section shall be the superior court of the State of California, in and for any county which is a proper county for the filing of a suit for bodily injury arising out of the accident, against the uninsured motorist, or any county specified in the policy or an endorsement added thereto as a proper county for arbitration or action thereon.

(2) Any such proper court to which application is first made by either the insured or the insurer under the provisions of such Article 3 for any discovery or other relief or remedy, shall thereafter be the only court to which either of the parties shall make any applications

under such Article 3 with respect to the same accident, subject, however, to the right of such court to grant a change of venue after a hearing upon notice, upon any of the grounds upon which change of venue might be granted in an action filed in the superior court.

(3) A deposition pursuant to the provisions of Section 2016 of the Code of Civil Procedure may be taken without leave of court, except that leave of court, granted with or without notice and for good cause shown, must be obtained if the notice of the taking of the deposition is served by either party within 20 days after the accident.

(4) The provisions of paragraph (4) of subdivision (a) of Section 2019 of the Code of Civil Procedure shall not be applicable to discovery under this section.

(5) For the purposes of discovery under this section, the insured and the insurer shall each be deemed to be "a party to the record of any civil action or proceedings," where that phrase is used in paragraph (2) of subdivision (b) of Section 2019 of the Code of Civil Procedure.

(6) Interrogatories under the provisions of Section 2030 of the Code of Civil Procedure and requests for admission under Section 2033 of the Code of Civil Procedure may be served by either the insured or the insurer upon the other at any time more than 20 days after the accident without leave of court.

(7) Nothing in this section shall be construed to limit the rights of any party to discovery in any action pending or which may hereafter be pending in any court.

(g) The insurer paying a claim under an uninsured motorist endorsement or coverage shall be entitled to be subrogated to the rights of the insured to whom such claim was paid against any person causing such injury or death to the extent that payment was made. Such action may be brought within three years from the date that payment was made hereunder.

(h) An insured entitled to recovery under the uninsured motorist endorsement or coverage shall be reimbursed within the conditions stated herein without being required to sign any release or waiver of rights to which he may be entitled under any other insurance coverage applicable; nor shall payment under this section to such insured be delayed or made contingent upon the decisions as to liability or distribution of loss costs under other bodily injury liability insurance or any bond applicable to the accident. Any loss payable under the terms of the uninsured motorist endorsement or coverage to or for any person may be reduced:

(1) By the amount paid and the present value of all amounts payable to him, his executor, administrator, heirs, or legal representative under any workers' compensation law, exclusive of nonoccupational disability benefits.

(2) By the amount the insured is entitled to recover from any other person insured under the underlying liability insurance policy of which the uninsured motorist endorsement or coverage is a part.

(i) No cause of action shall accrue to the insured under any policy

or endorsement provision issued pursuant to this section unless within one year from the date of the accident:

(1) Suit for bodily injury has been filed against the uninsured motorist, in a court of competent jurisdiction, or

(2) Agreement as to the amount due under the policy has been concluded, or

(3) The insured has formally instituted arbitration proceedings.

(j) Notwithstanding the provisions of subdivisions (b) and (i), in the event the accident occurs in any other state or foreign jurisdiction to which coverage is extended under the policy and the insurer of the tortfeasor becomes insolvent, any action authorized pursuant to the provisions of this section may be maintained within three months of the insolvency of the tortfeasor's insurer, but in no event later than the pertinent period of limitation of the jurisdiction in which the accident occurred.

(k) Notwithstanding the provisions of subdivision (i), any insurer whose insured has made a claim under his or her uninsured motorist coverage, and such claim is pending, shall, at least 30 days before the expiration of the applicable statute of limitation, notify its insured in writing of the statute of limitation applicable to such injury or death. Failure of the insurer to provide such written notice shall operate to toll any applicable statute of limitation or other time limitation for a period of 30 days from the date such written notice is actually given.

(*l*) As used in subdivision (b), "public or livery conveyance," or terms of similar import, shall not include the operation or use of a motor vehicle by the named insured in the performance of volunteer services for a nonprofit charitable organization or governmental agency by providing transportation to senior citizens or physically or mentally handicapped persons This subdivision shall not apply in any case in which the named insured receives any remuneration of any kind other than reimbursement for actual mileage driven in the performance of such services at a rate not to exceed fifteen cents ($0 15) per mile actually driven. As used in this section, "senior citizen" means a person 60 years of age or older. This subdivision shall apply only to policies of insurance issued, amended, or renewed on or after January 1, 1976.

CHAPTER 1174

An act to add Section 131.7 to the Code of Civil Procedure, to amend Sections 1203, 1203h and 1203.2 of the Penal Code, relating to probation.

[Approved by Governor September 29, 1979 Filed with Secretary of State September 30, 1979]

The people of the State of California do enact as follows:

SECTION 1. Section 131 7 is added to the Code of Civil Procedure, to read:

131.7. Upon a determination that, in his opinion, staff and financial resources available to him are insufficient to meet his statutory or court-ordered responsibilities, the probation officer may notify the presiding judge of the superior court of the county in writing. Such notification shall explain which responsibilities cannot be met and what resources are necessary in order that statutory or court-ordered responsibilities can be properly discharged.

SEC. 2. Section 1203 of the Penal Code is amended to read:

1203. (a) As used in this code, "probation" shall mean the suspension of the imposition or execution of a sentence and the order of conditional and revocable release in the community. Except as otherwise provided in this code, persons placed on probation by the court shall be under the supervision of the probation officer.

(b) In every case in which a person is convicted of a felony and is eligible for probation, before judgment is pronounced, the court shall immediately refer the matter to the probation officer to investigate and report to the court, at a specified time, upon the circumstances surrounding the crime and the prior history and record of the person, which may be considered either in aggravation or mitigation of the punishment. The probation officer shall immediately investigate and make a written report to the court of his findings and recommendations, including his recommendations as to the granting or denying of probation and the conditions of probation, if granted. The probation officer shall also include in his report his determination of whether the defendant is a person who is required to pay a fine pursuant to Section 13967 of the Government Code. The probation officer shall also include in his report for the court's consideration whether the court shall require, as a condition of probation, restitution to the victim or to the Indemnity Fund if assistance has been granted to the victim pursuant to Article 1 (commencing with Section 13959) of Chapter 5 of Part 4 of Division 3 of Title 2 of the Government Code, a recommendation thereof, and if so, the amount thereof, and the means and manner of payment. The report shall be made available to the court and the prosecuting and defense attorneys at least nine days prior to the time fixed by the court for the hearing and determination of the report, and shall be filed with the clerk of the court as a record in the case at the time of the hearing. The time within which the report shall be made available and filed may be waived by written stipulation of the prosecuting and defense attorneys which is filed with the court or an oral stipulation in open court which is made and entered upon the minutes of the court. At a time fixed by the court, the court shall hear and determine the application, if one has been made, or, in any case, the suitability of probation in the particular case. At the hearing, the court shall consider any report of the probation officer and shall

make a statement that it has considered such report which shall be filed with the clerk of the court as a record in the case. If the court determines that there are circumstances in mitigation of the punishment prescribed by law or that the ends of justice would be subserved by granting probation to the person, it may place him on probation If probation is denied, the clerk of the court shall immediately send a copy of the report to the Department of Corrections at the prison or other institution to which the person is delivered.

(c) If a defendant is not represented by an attorney, the court shall order the probation officer who makes the probation report to discuss its contents with the defendant.

SEC 3. Section 1203.2 of the Penal Code is amended to read·

1203 2 (a) At any time during the probationary period of a person released on probation under the care of a probation officer pursuant to this chapter, any probation or peace officer may, without warrant or other process and at any time until the final disposition of the case, rearrest the person and bring him before the court or the court may, in its discretion, issue a warrant for his rearrest. Upon such rearrest, or upon the issuance of a warrant for rearrest the court may revoke and terminate such probation if the interests of justice so require and the court, in its judgment, has reason to believe from the report of the probation officer or otherwise that the person has violated any of the conditions of his probation, has become abandoned to improper associates or a vicious life, or has subsequently committed other offenses, regardless whether he has been prosecuted for such offenses. Such revocation, summary or otherwise, shall serve to toll the running of the probationary period.

(b) Upon its own motion or upon the petition of the probationer, probation officer or the district attorney of the county in which the probationer is supervised, the court may modify, revoke, or terminate the probation of the probationer pursuant to this subdivision. The court shall give notice of its motion, and the probation officer or the district attorney shall give notice of his petition to the probationer, his attorney of record, and the district

attorney or the probation officer, as the case may be. The probationer shall give notice of his petition to the probation officer and notice of any such motion or petition shall be given to the district attorney in all cases. The court shall refer its motion or the petition to the probation officer. After the receipt of a written report from the probation officer, the court shall read and consider the report and either its motion or the petition and may modify, revoke, or terminate the probation of the probationer upon the grounds set forth in subdivision (a) if the interests of justice so require.

The notice required by this subdivision may be given to the probationer upon his first court appearance in such proceeding. Upon the agreement by the probationer in writing to the specific terms of a modification or termination of a specific term of probation, any requirement that the probationer make a personal appearance in court for the purpose of such modification or termination shall be waived Prior to such modification or termination and waiver of appearance, the probationer shall be informed of his right to consult with counsel, and if indigent the right to secure court appointed counsel If the probationer waives his right to counsel a written waiver shall be required. If probationer consults with counsel and thereafter agrees to a modification or termination of the term of probation and waiver of personal appearance, such agreement shall be signed by counsel showing approval for such modification or termination and waiver

(c) Upon any revocation and termination of probation the court may, if the sentence has been suspended, pronounce judgment for any time within the longest period for which the person might have been sentenced. However, if the judgment has been pronounced and the execution thereof has been suspended, the court may revoke such suspension and order that the judgment shall be in full force and effect. In either case, the person shall be delivered over to the proper officer to serve his sentence, less any credits herein provided for.

(d) In any case of revocation and termination of probation, including, but not limited to, cases in which the judgment has been pronounced and the execution thereof has been suspended, upon such revocation and termination, the court may, in lieu of any other sentence, commit the person to the Department of the Youth Authority if he is otherwise eligible for such commitment.

(e) If probation has been revoked before the judgment has been pronounced, the order revoking probation may be set aside for good cause upon motion made before pronouncement of judgment. If probation has been revoked after the judgment has been pronounced, the judgment and the order which revoked the probation may be set aside for good cause within 30 days after the court has notice that the execution of the sentence has commenced. If an order setting aside the judgment, the revocation of probation, or both is made after the expiration of the probationary period, the court may again place the person on probation for such period and with such terms and conditions as it could have done immediately

following conviction.

SEC 4 Section 1203h of the Penal Code is amended to read:

1203h If the court initiates an investigation pursuant to subdivision (a) or (d) of Section 1203 and the convicted person was convicted of violating any section of this code in which a minor is a victim of an act of abuse or neglect, then the investigation shall include a psychological evaluation to determine the extent of counseling necessary for successful rehabilitation and which may be mandated by the court during the term of probation. Such evaluation may be performed by psychiatrists, psychologists, or licensed clinical social workers. The results of the examination shall be included in the probation officer's report to the court.

SEC. 5 It is the intent of the Legislature, if this bill and Senate Bill 749 are both chaptered and become effective on or before January 1, 1980, both bills amend Section 1203 of the Penal Code, and this bill is chaptered after Senate Bill 749, that Section 1203 of the Penal Code, as amended by Section 1 of Senate Bill 749, be further amended on the effective date of this act in the form set forth in Section 2.5 of this act to incorporate the changes in Section 1203 proposed by this bill. Therefore, if this bill and Senate Bill 749 are both chaptered and become effective on or before January 1, 1980, and Senate Bill 749 is chaptered before this bill and amends Section 1203, Section 2.5 of this act shall become operative on the effective date of this act and Section 2 of this act shall not become operative.

SEC. 6. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, there shall be no appropriation pursuant to those sections made by this act because there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs. It is recognized, however, that a local agency or school district may pursue any other remedies available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SECTION 1. Section 68083 is added to the Education Code, to read:

68083. (a) A community college may classify a student who is a peace officer employed by a public agency as a resident for purposes of enrollment in and completion of police academy training at a community college

(b) As used in this section, "public agency" means the state or any city, county, district, or other local authority or public body of or within the state

SEC 2. (a) Notwithstanding the provisions of Item 316 1 of the Budget Act of 1978 (Chapter 359 of the Statutes of 1978), the provisions of Item 338 of the Budget Act of 1979 (Chapter 259 of the Statutes of 1979), the provisions of Chapter 38 of the Statutes of 1979,

or any other provision of law, if the Superintendent of Public Instruction has determined that a school district or a county superintendent of schools did not maintain the required level of service in each program for the 1978–79 school year, as specified in Item 316.1 of the Budget Act of 1978 (Chapter 359 of the Statutes of 1978) and has withheld 1978–79 fiscal year apportionments accordingly, the 1979–80 fiscal year apportionments shall be recalculated so that the 1979–80 fiscal year apportionment shall restore the funding withheld in the 1978–79 fiscal year which exceeded four times the expenditure level for those students not served at the required average daily attendance and expenditure level

(b) However, if a school district or county superintendent of schools which did not maintain the required level of service in the 1978–79 school year for adult education programs for substantially handicapped persons provides in the 1979–80 school year for comparable supplementary program expenditures for adult education programs for substantially handicapped persons, in addition to expenditures for services otherwise required to be rendered in the 1979–80 school year, for students denied instruction in such programs in the 1978–79 school year pursuant to a plan approved by the Superintendent of Public Instruction, the 1979–80 fiscal year apportionments shall be recalculated so that the 1979–80 fiscal year apportionment shall restore an amount equal to the entire amount of funding withheld in or for the 1978–79 fiscal year minus 10 percent of an amount equal to four times the expenditure level for those students not served at the required average daily attendance and expenditure level in the 1978–79 fiscal year.

(c) Expenditure reductions attributable to apportionments withheld in or for the 1978–79 fiscal year pursuant to subdivision (b) shall be reflected to the greatest extent possible in a corresponding reduction in the amounts allocated for administrative costs and shall not adversely affect instructional programs of any noncomplying district or county superintendent The determination of such reductions shall be made at a public hearing by the appropriate governing body

(d) Comparable supplementary program expenditures for adult education programs for substantially handicapped persons pursuant to subdivision (b) shall be for additional instructional programs in the 1979–80 fiscal year (1) which serve only those students denied such specified instruction in the 1978–79 fiscal year, (2) which provide content similar to that which would have been provided in the instructional programs denied in the 1978–79 fiscal year, and (3) which are specifically designed to supplement instructional programs otherwise provided such students in the 1979–80 fiscal year

SEC 3 The sum of two million dollars ($2,000,000) is hereby appropriated for support of the Trustees of the California University and Colleges, and for the California State University and Colleges for

the 1979–80 fiscal year. Such funds are to be used to lessen the negative impact of enrollment declines and budget restrictions on the instructional programs and, to the maximum extent feasible, to lessen the negative impact on the upward mobility and affirmative action programs.

CHAPTER 1177

An act to amend Section 707 of the Welfare and Institutions Code, relating to juvenile court law.

[Approved by Governor September 29, 1979 Filed with Secretary of State September 30, 1979]

The people of the State of California do enact as follows:

SECTION 1. Section 707 of the Welfare and Institutions Code is amended to read:

707. (a) In any case in which a minor is alleged to be a person described in Section 602 by reason of the violation, when he or she was 16 years of age or older, of any criminal statute or ordinance except those listed in subdivision (b), upon motion of the petitioner made prior to the attachment of jeopardy the court shall cause the probation officer to investigate and submit a report on the behavioral patterns and social history of the minor being considered for a determination of unfitness. Following submission and consideration of the report, and of any other relevant evidence which the petitioner or the minor may wish to submit, the juvenile court may find that the minor is not a fit and proper subject to be dealt with under the juvenile court law if it concludes that the minor would not be amenable to the care, treatment, and training program available through the facilities of the juvenile court, based upon an evaluation of the following criteria:

(1) The degree of criminal sophistication exhibited by the minor.

(2) Whether the minor can be rehabilitated prior to the expiration of the juvenile court's jurisdiction.

(3) The minor's previous delinquent history.

(4) Success of previous attempts by the juvenile court to rehabilitate the minor.

(5) The circumstances and gravity of the offense alleged to have been committed by the minor.

A determination that the minor is not a fit and proper subject to be dealt with under the juvenile court law may be based on any one or a combination of the factors set forth above, which shall be recited in the order of unfitness. In any case in which a hearing has been noticed pursuant to this section, the court shall postpone the taking of a plea to the petition until the conclusion of the fitness hearing, and no plea which may already have been entered shall constitute

evidence at such hearing.

(b) The provisions of subdivision (c) shall be applicable in any case in which a minor is alleged to be a person described in Section 602 by reason of the violation, when he or she was 16 years of age or older, of any one of the following offenses:

(1) Murder.

(2) Arson of an inhabited building.

(3) Robbery while armed with a dangerous or deadly weapon.

(4) Rape with force or violence or threat of great bodily harm

(5) Kidnapping for ransom.

(6) Kidnapping for purpose of robbery.

(7) Kidnapping with bodily harm

(8) Assault with intent to murder or attempted murder.

(9) Assault with a firearm or destructive device.

(10) Assault by any means of force likely to produce great bodily injury

(11) Discharge of a firearm into an inhabited or occupied building.

(12) Any offense described in Section 1203.09 of the Penal Code.

(c) With regard to a minor alleged to be a person described in Section 602 by reason of the violation, when he or she was 16 years of age or older, of any of the offenses listed in subdivision (b), upon motion of the petitioner made prior to the attachment of jeopardy the court shall cause the probation officer to investigate and submit a report on the behavioral patterns and social history of the minor being considered for a determination of unfitness. Following submission and consideration of the report, and of any other relevant evidence which the petitioner or the minor may wish to submit, the minor shall be presumed to be not a fit and proper subject to be dealt with under the juvenile court law unless the juvenile court concludes, based upon evidence, which evidence may be of extenuating or mitigating circumstances, that the minor would be amenable to the care, treatment, and training program available through the facilities of the juvenile court based upon an evaluation of each of the following criteria.

(1) The degree of criminal sophistication exhibited by the minor.

(2) Whether the minor can be rehabilitated prior to the expiration of the juvenile court's jurisdiction.

(3) The minor's previous delinquent history

(4) Success of previous attempts by the juvenile court to rehabilitate the minor.

(5) The circumstances and gravity of the offenses alleged to have been committed by the minor.

A determination that the minor is a fit and proper subject to be dealt with under the juvenile court law shall be based on a finding of amenability after consideration of the criteria set forth above, and findings therefor recited in the order as to each of the above criteria that the minor is fit and proper under each and every one of the above criteria. In making a finding of fitness, the court may consider

extenuating or mitigating circumstances in evaluating each of the above criteria. In any case in which a hearing has been noticed pursuant to this section, the court shall postpone the taking of a plea to the petition until the conclusion of the fitness hearing and no plea which may already have been entered shall constitute evidence at such hearing.

SEC 2 Section 707 of the Welfare and Institutions Code is amended to read·

707. (5) The circumstances and gravity of the offense alleged to have been committed by the minor

A determination that the minor is not a fit and proper subject to be dealt with under the juvenile court law may be based on any one or a combination of the factors set forth above, which shall be recited in the order of unfitness. In any case in which a hearing has been noticed pursuant to this section, the court shall postpone the taking of a plea to the petition until the conclusion of the fitness hearing, and no plea which may already have been entered shall constitute evidence at such hearing.

(16) Any offense described in Section 1203.09 of the Penal Code.

(c) With regard to a minor alleged to be a person described in Section 602 by reason of the violation, when he or she was 16 years of age or older, of any of the offenses listed in subdivision (b), upon motion of the petitioner made prior to the attachment of jeopardy the court shall cause the probation officer to investigate and submit a report on the behavioral patterns and social history of the minor being considered for a determination of unfitness. Following submission and consideration of the report, and of any other relevant evidence which the petitioner or the minor may wish to submit the minor shall be presumed to be not a fit and proper subject to be dealt with under the juvenile court law unless the juvenile court concludes, based upon evidence, which evidence may be of extenuating or mitigating circumstances, that the minor would be amenable to the care, treatment, and training program available through the facilities of the juvenile court based upon an evaluation of each of the following criteria·

SEC. 3. It is the intent of the Legislature, if this bill and Senate Bill No. 13 are both chaptered and become effective January 1, 1980, both bills amend Section 707 of the Welfare and Institutions Code, and this bill is chaptered after Senate Bill No. 13, that the amendments to Section 707 proposed by both bills be given effect and incorporated in Section 707 in the form set forth in Section 2 of this act. Therefore, Section 2 of this act shall become operative only if this bill and Senate Bill No. 13 are both chaptered and become effective January 1, 1980, both amend Section 707, and this bill is chaptered after Senate Bill No. 13, in which case Section 1 of this act shall not become operative.

SEC. 4. The provisions of this act shall not be operative unless Senate Bill 196 is chaptered.

CHAPTER 1178

An act relating to the Public Employees' Retirement System.

[Approved by Governor September 29, 1979 Filed with Secretary of State September 30, 1979]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding Section 20461.5 of the Government Code, a contracting agency which is a city may amend its contract with the Board of Administration of the Public Employees' Retirement System to rescind any amendments to its contract which became effective on December 16, 1977. Such rescission shall only apply to benefits receivable on and after its effective date and shall not affect the validity of any benefits received between December 16, 1977, and such effective date.

If a city rescinds the amendments to its contract pursuant to this section, the next subsequent amendment to its contract which provides additional benefits to its employees shall provide such additional benefits not only with respect to members, but also, prospectively from the date of such subsequent contract amendment, with respect to benefits paid on account of a member who retired or died between December 16, 1977, and the date of such subsequent amendment.

A city which rescinds benefits pursuant to this section shall further amend its contract prior to July 1, 1980, to provide additional benefits, otherwise, the rescinded benefits shall be amended back into its contract to provide such benefits as if there had been no break in such benefits.

It is the intent of the Legislature in enacting this section to correct a serious mistake of fact, as follows:

The City Council of Paramount, in enacting an ordinance authorizing a contract amendment with the Public Employees' Retirement System effective December 16, 1977, relied upon representations that the increased cost would be approximately 2 percent of its annual contract expenditure. If the amendment is not rescinded, the actual increase will be 5 percent rather than 2 percent

An administrative law judge of the Office of Administrative Hearings has ruled that grounds exist to allow the rescission of the City of Paramount's December 16, 1977, contract amendment pursuant to the provisions of subdivision (b) of Section 1689 of the Civil Code.

This section shall remain in effect only until July 1, 1980, and shall have no force or effect on or after that date.

CHAPTER 1179

An act to amend Sections 12403.7 and 12435 of the Penal Code, relating to tear gas.

[Approved by Governor September 29, 1979 Filed with Secretary of State September 30, 1979]

The people of the State of California do enact as follows:

SECTION 1 Section 12403 7 of the Penal Code is amended to read·

12403.7 (a) Notwithstanding any other provision of law, any person may purchase, possess or use tear gas and tear gas weapons for the projection or release of tear gas if such tear gas and tear gas weapons are approved by the Department of Justice and are used solely for self-defense purposes, subject to the following requirements.

(1) No person convicted of a felony under the laws of the United States, of the State of California, or any other state, government, or country shall purchase, possess, or use tear gas or tear gas weapons.

(2) No person who is addicted to any narcotic drug shall purchase, possess, or use tear gas or tear gas weapons.

(3) No person shall sell or furnish any tear gas or tear gas weapon to a minor

(4) (i) No person shall purchase, possess or use any tear gas weapon which expels a projectile, or which expels the tear gas by any method other than an aerosol spray, or which is of a type, or size of container, other than authorized by regulation of the Department of Justice

(ii) The department, with the cooperation of the State Department of Health Services, shall develop standards and promulgate regulations regarding the type of tear gas and tear gas weapons which may lawfully be purchased, possessed, and used

pursuant to this section.

(iii) The regulations of the department shall include a requirement that every tear gas container and tear gas weapon which may be lawfully purchased, possessed, and used pursuant to this section have a label which states. "WARNING: The use of this substance or device for any purpose other than self-defense is a felony under the law The contents are dangerous—use with care."

(5) (i) No person shall purchase, possess, or use any tear gas or any tear gas weapon who has not completed a course certified by the Department of Justice in the use of tear gas and tear gas weapons pursuant to which a card is issued identifying the person who has completed such a course Such a course shall be taken under the auspices of any institution approved by the Department of Justice to offer tear gas training. Such a training institution is authorized to charge a fee covering the actual cost of such training.

(ii) The Department of Justice, in cooperation with the Commission on Peace Officer Standards and Training, shall develop standards for a course in the use of tear gas and tear gas weapons.

(6) No person shall purchase, possess or use any tear gas or tear gas weapon if such person has not been issued a permit by a licensed vendor. A licensed vendor shall issue a permit to any person who has completed the course of training specified in paragraph (5), and who meets the following criteria

(iii) Is not addicted to any narcotic drug.

(iv) Has not been convicted of any crime involving assault.

(v) Has not been convicted of misuse of tear gas under paragraph (8).

(7) If an application for a permit is denied, the vendor denying such permit shall inform the applicant in writing of the reason for such denial. The valid permit shall be carried on the person when carrying tear gas or tear gas weapons and shall be presented for examination to the vendor from whom any tear gas or tear gas weapons are purchased. The sale of tear gas or tear gas weapons by a vendor to a person who fails to present an identifying permit is a violation of Section 12420.

(8) Any person who has a valid permit, who uses tear gas or tear gas weapons except in self-defense or as authorized for training purposes by the department is guilty of a public offense and is punishable by imprisonment in a state prison for 16 months, or two or three years or in a county jail not to exceed one year or by fine not to exceed one thousand dollars ($1,000) or by both such fine and imprisonment

(9) No person shall purchase, possess, or use any tear gas or tear gas weapon pursuant to this section prior to July 1, 1977.

(b) Such permit shall be valid for a period of seven years unless revoked because the person no longer meets the criteria specified under paragraph (6), and shall be nontransferable.

Applications and permits shall be uniform throughout the state on forms prescribed by the Department of Justice

The Department of Justice may adopt and promulgate such regulations concerning the purchase and disposal of self-defense tear gas weapons, the standards for tear gas training courses, and the approval of facilities at which such training shall occur as are necessary to insure the safe use and possession of such tear gas weapons by permit holders.

(c) Any person who successfully completes training under this section for which the course and training facility must be approved by the Department of Justice is entitled to receive a certificate of completion issued by the Department of Justice. A fee shall be charged by the Department of Justice for the certificate The fee shall be no more than is necessary to reimburse the Department of Justice for the costs of approving the courses, the facilities, maintaining control of the quality of the courses, and issuing the certificate of completion. The Department of Justice may provide by regulation the manner in which the fee is collected and paid

SEC. 2. Section 12435 of the Penal Code is amended to read·

12435 The Department of Justice may grant licenses in a form to be prescribed by it effective for not more than one year from the date of issuance, to permit the sale at retail of tear gas or tear gas weapons, and to permit the installation and maintenance of protective systems involving the use of tear gas or tear gas weapons subject to all of the following conditions upon breach of any of which the license shall be subject to forfeiture:

(a) Under a general sales license for the sale of tear gas or tear gas weapons issued by the department, the business shall be carried on only in the building designated in the license, except that such products may be sold at the place of instruction.

(b) The license or certified copy thereof shall be displayed on the premises in a place where it may easily be read.

(c) No tear gas or tear gas weapon shall be delivered to any person not authorized to possess or transport the same under the provisions of this chapter No protective system involving the use of tear gas or tear gas weapons shall be installed, nor shall supplies be sold for the maintenance of such system, unless the licensee has personal knowledge of the existence of a valid permit for the operation and maintenance of the system.

(d) A complete record shall be kept of sales made under the authority of the license, showing the name and address of the purchaser, the quantity and description of the articles purchased, together with the serial number, the number and date of issue of the purchaser's permit, and the signature of the purchaser or purchasing agent No sale shall be made unless the permit authorizing possession and transportation of tear gas or tear gas weapons is displayed to the seller and the information required by this section is copied therefrom This record shall be open to the inspection of any peace officer or other person designated by the Attorney General

A copy of the sales record of each transaction shall be furnished to the chief of police or sheriff who has jurisdiction over the purchaser's place of residence.

(e) Each applicant for the tear gas sales license described in this section shall pay at the time of filing his application for such license a fee determined by the Department of Justice, not to exceed fifty dollars ($50) for an initial application and twenty-five dollars ($25) for an application to renew an existing license.

(f) All fees received by the department under this section are hereby appropriated without regard to fiscal years for the support of the Department of Justice in addition to such other funds as may be appropriated therefor by the Legislature.

SEC. 3 Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to these sections because the duties, obligations, or responsibilities imposed on local agencies or school districts by this act are such that related costs are incurred as part of their normal operating procedures. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 1180

An act to add Section 15606.1 to the Government Code, to add Sections 18613.1 and 18613.2 to the Health and Safety Code, to amend Sections 480, 482, and 17053.5 of, and to add Sections 109 8, 6012 9, 6379, 10759, 10785, 11914, and 20501.5 to, the Revenue and Taxation Code, and to add Section 5357 to, and to add Article 11 (commencing with Section 5400) to Chapter 1 of Division 3 of, the Vehicle Code, relating to mobilehomes, and making an appropriation therefor

[Approved by Governor September 29, 1979. Filed with Secretary of State September 30, 1979.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that there is an inadequate supply of housing to meet the public requirements, that the cost of such housing exceeds the reasonable financial resources of the majority of our citizens, that mobilehomes are a solution to the many citizens of our state who cannot afford the high cost of our present housing stock, that many citizens find mobilehomes meet their needs but have no place to site them when purchased due to restrictive zoning and the present inequitable taxing structure, that there are approximately 100,000 mobilehomes sited in California which pay no tax at all, and the Department of Motor Vehicles computer, as of March 1, 1979, has 43,919 unregistered mobilehomes

listed.

The Legislature further finds that the Department of Motor Vehicles loses approximately one million dollars ($1,000,000) annually through the loss of registration fees and that local entities lose approximately ten million dollars ($10,000,000) annually through loss of vehicle license fees due to lack of enforcement by the State of California.

The Legislature, therefore, declares there is an urgent need to treat mobilehomes for purposes of taxation in the same manner as any other housing. The Legislature deems it to be in the public interest to establish a mechanism whereby mobilehomes are treated the same as any other owner-occupied housing in California.

SEC. 2. Section 15606.1 is added to the Government Code, to read:

15606.1. The duties, rules, regulations, and instructions as specified in Section 15606 shall include provisions for mobilehomes which are subject to local property taxations.

SEC. 3. Section 18613.1 is added to the Health and Safety Code, to read

18613.1. The requirements for any installation of a mobilehome shall not exceed the requirements set forth in Section 18613.

SEC. 4. Section 18613.2 is added to the Health and Safety Code, to read:

18613.2. When the enforcement agency issues an installation permit for a new mobilehome, beginning on July 1, 1980, a copy of such permit shall be delivered to the county or city assessor having jurisdiction where the mobilehome is to be sited.

SEC. 5. Section 109.8 is added to the Revenue and Taxation Code, to read:

109 8. (a) Any new mobilehome sold on or after July 1, 1980, which is installed for occupancy as a residence, in accordance with Section 18613 of the Health and Safety Code, and which is subject to taxation, shall be subject to local property taxation.

(b) A mobilehome, as described in subdivision (a), shall be subject to the registration requirements set forth in Article 11 (commencing with Section 5400) of Chapter 1 of Division 3 of the Vehicle Code.

(c) The assessment of any mobilehome subject to local property taxation under this section shall be entered on the secured roll and shall be subject to all provisions of law applicable to taxes on such roll, except that·

(1) If the taxes on any mobilehome are not a lien on real property of the owner of the mobilehome and are unpaid when the last installment of taxes on the secured roll become delinquent, the tax collector may use the procedures applicable to the collection of delinquent taxes on the unsecured roll; and

(2) If the taxes on any mobilehome which are not a lien on real property of the owner of the mobilehome remain unpaid at the time set for the sale of the mobilehome on the secured roll to the state for delinquent taxes, the mobilehome and the taxes on such

mobilehome, together with any penalties and costs which may have accrued thereon while on the secured roll, shall be transferred to the unsecured roll.

(d) For the purposes of this section, a "mobilehome" is defined in Sections 18008 and 18211 of the Health and Safety Code.

SEC 5 3 Section 480 of the Revenue and Taxation Code is amended to read.

480. Whenever any change in ownership of real property or of a mobilehome subject to local property taxation occurs, the transferee shall file a signed change in ownership statement in the county where the real property or mobilehome is located, as provided for in subdivision (b).

(a) The change in ownership statement shall be declared to be true under penalty of perjury and shall give such information relative to the real property or mobilehome acquisition transaction as the board shall prescribe after consultation with the California Assessors' Association. Such information shall include, but not be limited to, a description of the property, the parties to the transaction, the date of acquisition, the amount, if any, of the consideration paid for the property, whether paid in money or otherwise, and the terms of the transaction. The change in ownership statement shall not include any question which is not germane to the assessment function. The statement shall contain a notice that is printed, with the title in at least 14-point boldface type and the body in at least 10-point boldface type, in the following form:

"Important Notice"

"The law requires any person acquiring an interest in real property or mobilehome subject to local property taxation to file a change in ownership statement with the county recorder or assessor. The change in ownership statement must be filed within 45 days of the date of recording or, if the transfer is not recorded, within 45 days of the date of the change in ownership. The failure to file a change in ownership statement within 45 days after receipt of a written request by the assessor results in a penalty of one hundred dollars ($100) or 10 percent of the current year's taxes on the real property or mobilehome, whichever is greater. This penalty will be added to the roll and shall be treated and collected like, and shall be subject to the same penalties for delinquency as, all other taxes on the roll on which it is entered "

(b) If the document evidencing a change in ownership is recorded in the county recorder's office, then the statement shall be filed either with the recorder at the time of recordation or with the assessor within 45 days from the date of recordation. If the document evidencing a change in ownership is not recorded, then the statement shall be filed with the assessor no later than 45 days from the date the change in ownership occurs.

(c) Whenever a change in ownership statement is filed with the

county recorder's office, the recorder shall transmit, as soon as possible, the original statement or a true copy thereof to the assessor along with a copy of every recorded document as required by Section 255.7.

(d) The change in ownership statement may be filed with the assessor through the United States mail, properly addressed with the postage prepaid

(e) Upon receipt of a change in ownership statement which has either been transmitted by the county recorder's office or been filed directly by the transferee, the assessor shall enter the prior assessment year value and an indication as to whether a change in ownership, as defined in Section 60, has occurred on the statement.

(f) In the case of a corporate transferee of property, the change in ownership statement shall be signed either by an officer of the corporation or an employee or agent who has been designated in writing by the board of directors to sign such statements on behalf of the corporation.

SEC. 5.5 Section 482 of the Revenue and Taxation Code is amended to read:

482. If any person who is requested by the assessor to make a change in ownership statement fails to file such statement within 45 days from the date of request, a penalty of the greater of one hundred dollars ($100) or 10 percent of the current year's taxes on the real property or mobilehome shall be added to the assessment made on the current roll. The penalty shall be added in the same manner prescribed in Article 4 (commencing with Section 531) of this chapter for the addition of escape assessments, and shall be treated and collected like, and shall be subject to the same penalties for the delinquency as, all other taxes on the roll in which it is entered.

Notice of any penalty added to the roll pursuant to this section shall be mailed by the assessor to the assessee at his address as contained in any recorded instrument or document evidencing a change in ownership or at any address reasonably known to the assessor.

SEC. 6. Section 6012.9 is added to the Revenue and Taxation Code, to read·

governments will experience no undue hardships.

CHAPTER 1181

An act to add and repeal Chapter 2.7 (commencing with Section 9900) to Division 3 of the Unemployment Insurance Code, relating to employment, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 1979 Filed with Secretary of State September 30, 1979.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 2.7 (commencing with Section 9900) is added to Division 3 of the Unemployment Insurance Code, to read:

CHAPTER 2.7. CALIFORNIA WORK-SITE EDUCATION AND TRAINING ACT

9900. This chapter shall be known and may be cited as the California Work-Site Education and Training Act of 1979

9901. (a) The Legislature finds and declares that existing classroom and work-site training programs are not sufficient to solve the employment problems of urban and rural economically disadvantaged, youths, displaced workers, and other persons with obsolete or inadequate job skills in that:

(1) Current linkages between on-the-job training and vocational/technical education need to be improved to assure that individuals are properly trained for the thousands of jobs which remain unfilled even during periods of high unemployment among youth, disadvantaged persons, displaced workers, and persons with obsolete or inadequate job skills.

(2) Job training programs need to reallocate sufficient resources to career-oriented upgrading of skills

(3) Current programs for upgrading skills and career advancement need to involve employers in complimentary work-site training to a greater extent.

(4) Workers with obsolete or inadequate skills are often required to quit a job or accept part-time employment to participate in upgrading training

(b) To remedy the problems specified in subdivision (a), the Legislature hereby declares it the policy of the State of California to provide job training programs which integrate classroom instruction with entry level and career worksite training in order to provide effective opportunities for youth and the economically disadvantaged to enter into career employment and advancement. To develop such integrated programs, this chapter is intended to

encourage local educational and training agencies, employee organizations, and employers to coordinate their efforts under the administration of the Employment Development Department working in concert with the Department of Industrial Relations, the Department of Education, and the Chancellor's Office of the Community Colleges.

It is further the intention of the Legislature that programs developed pursuant to this chapter shall not replace, parallel, supplant, compete with or duplicate in any way already existing approved apprenticeship programs.

9902. As used in this chapter:

(a) "Career work-site training" means the progressive development of skills associated with a defined set of work processes to be covered sequentially in the course of employment in an occupation, trade, or industry. Such training shall be upgrading in nature, shall be integrated with and supplemented by classroom instruction as deemed necessary and appropriate, and shall be consistent with a career pattern of advancement, as measured by skill proficiency and the progression of earnings and related benefits that is recognized with the occupation, trade, or industry. Career work-site training includes apprenticeship and on-the-job training programs developed in accordance with the provisions of Chapter 4 (commencing with Section 3070) of Division 3 of the Labor Code.

(b) "Entry level training" means instruction conducted in the classroom, work-site, or in any combination thereof which is short-term in nature and is either preparatory for employment or an integral part of employment in an entry classification in a particular occupation or industry, when such entry level training is directly linked to a specific career work-site training program or when the entry classification is the source of entry into a career work-site training program.

(c) "Classroom instruction" means job-related instruction on or off the job site, the provision of which is normally outside of scheduled working hours and is neither in the course of production nor in the course of rendering a service. When used in the context of being "integrated" with or "supplemental" to work-site training it means classroom instruction that is specifically linked to training on the job and phased with the work process covered, so that the skills acquired both in the classroom and on the job are mutually reinforced in a manner that enhances the career education and the productivity of the trainee. An individual involved in classroom instruction, as defined in this section, shall be exempt from the requirements of any interdistrict agreement.

(d) "Covered costs of classroom instruction" means costs incurred in the provision of classroom instruction for both entry level and career work-site training, and may include specifically identified costs incurred for instructors, classroom space and facilities, liability insurance, administrative support services, and related costs, which together, do not exceed the amount normally allowed for the support

of vocational and technical classes as determined on the basis of criteria developed pursuant to Section 9903. To the extent possible, funds allocated from other sources shall be utilized in the provision of classroom training. Costs such as those for specialized equipment and materials not appropriately attributable to classroom training shall not be allowed.

(e) "Department" means the Employment Development Department.

(f) "Director" means the Director of the Employment Development Department

(g) "Eligible applicant" means an applicant who may apply for funds that are made available through this chapter for the support of classroom and work-site components of both "entry level training" and "career work-site training" as those terms are defined in this section. Eligible applicants shall include local education agencies, employers, employee organizations, Comprehensive Employment and Training Act prime sponsors, community based organizations, and other providers of training of demonstrated effectiveness, or any combination thereof, when programs supported by funds available to them or through them are integrated with programs supported under the provisions of this chapter. No party to a collective bargaining agreement shall be an eligible applicant unless all parties to the agreement agree in writing.

(h) "Added costs to employers" means, as specified by regulations or guidelines established pursuant to this chapter, the actual increased costs incurred by employers when they assume the responsibility for career work-site training. Such increased costs must be specifically identified, and may include such costs as those incurred for training supervision, for maintaining training records, for monitoring the progress of training and implementing performance standards, for the additional costs of production time allocated for training on the job, and for similar functions essential to career work-site training programs.

(i) "Participant stipend" means, when provided under this chapter, a form of financial support to trainees that is limited to covering lost earnings when, for reasons related to the nature of a particular program, the classroom instruction that is integrated with a career work-site training program cannot be provided outside of regular working hours, or in the case of economically disadvantaged participants, limited payments for entry level training that is directly linked to career work-site training programs. Participant stipends, as specified by regulations or guidelines established pursuant to this chapter, may be augmented to provide transportation costs and relocation assistance only where other federal and state resources are not available. Relocation assistance may be provided in the form of loans, grants, or both, and shall only be available to involuntarily unemployed individuals who cannot reasonably be expected to secure full-time employment in the community in which they reside or secure bona fide offers of employment, other than temporary or

seasonal employment. Nothing in this chapter shall limit stipends provided through a program supported pursuant to the Comprehensive Employment Training Act which is coordinated with a program supported under this chapter, or which are provided by other funds.

(j) "Local education agency" means a board of education or other legally constituted local school authority having administrative control and direction of public elementary or secondary schools in a city, county, township, school district, or political subdivision of the state, or any other public or private educational institution or agency having administrative control and direction of a vocational education program.

9903. The director shall carry out the provisions of this chapter and adopt rules, regulations and guidelines as necessary to implement and administer the program. The director may enter into agreements with eligible applicants for the purpose of funding approved programs. Such activities shall be carried out in consultation with the entities listed below. The director in concert with the Department of Industrial Relations, the Chancellor's Office of the Community Colleges, and the Department of Education shall develop criteria and priorities for disbursing and redirecting resources to accomplish the purposes of this chapter, for reaching implementing agreements with applicants, and for evaluating program performance. In the case of apprenticeship programs supported under this chapter, special arrangements shall be made with the Department of Industrial Relations to ensure the adherence to apprenticeship standards and to provide timely notice to sponsors of apprenticeship programs of any proposals for funding under this chapter that may affect the standards of an existing apprenticeship program. In order to assure timely coordination and cooperation between the state, local training providers, employee organizations, employers, and industry representatives, the Governor shall appoint a program coordinator who shall be exempt from civil service.

9904. The department may make funds available to eligible applicants upon the approval of program plans, submitted pursuant to Section 9908, which satisfy the criteria developed pursuant to Section 9903. Such criteria shall include requirements that programs.

(a) Successfully integrate classroom training with career work-site training, addressing specific skill requirements on the job and providing complementary classroom instruction which enhances the trainee's career opportunities and productivity

(b) Provide specific skills for career advancement or, in the case of programs for entry level positions, training and job opportunities which are preparatory for and lead directly to entry level jobs with definite career potential

(c) (1) Recruit and upgrade the skills of workers who possess obsolete or inadequate job skills or who occupy entry level positions with few normal advancement opportunities, or

(2) Recruit and train unemployed, underemployed, or in-school

persons for entry level positions consistent with subdivision (b).

(d) Meet such other conditions or criteria which the department may establish, pursuant to Section 9903, consistent with the purposes of this chapter.

9905. No program shall be approved, nor funds made available to an eligible applicant, unless and until the applicant provides assurances satisfactory to the department, including recordkeeping and reporting requirements as required by the department, that:

(a) Programs funded under this chapter shall supplement and not supplant the vocational training or apprenticeship programs and services provided by employers and employee organizations in calendar year 1978, and that such training programs will be maintained at their normal level of support without use of funds provided under this chapter.

(b) Programs funded under this chapter shall supplement and not supplant training programs which meet the criteria of this chapter and which were provided by community colleges and K—12 institutions in calendar year 1978, and that such training programs will be maintained at their normal level of support without use of funds provided under this chapter.

(c) Applicants shall jointly and severally assure that employers pay participants' wages in accord with orders of the Industrial Welfare Commission, collective bargaining agreements, prevailing wage determinations of the Director of Industrial Relations, or federal wage and hours laws, as may be applicable to the individual job, and otherwise comply with all applicable state and federal labor laws.

(d) Applicants and participating agencies seeking funding under this chapter shall comply with the California Occupational Information System data reporting requirements established by the California Occupational Information Coordinating Committee.

9906. Local education agencies may also apply for funds under this chapter for programs designed to upgrade the skills of classroom instructors who will be providing training under this chapter. Such programs need not comply with the requirements of Section 9904 or 9905.

9907. The department shall administer funds appropriated for the purposes of this chapter, and any other funds available to the department for the purpose of carrying out the intent of this chapter. Ninety percent of all such funds shall be allocated to urban areas, as defined by the department, and 10 percent to rural areas. Funds may be made available for added costs to employers, participant stipends, for the costs of upgrading and retraining the classroom instructors who will be providing training under this chapter, and the covered costs of classroom instruction, provided that priority for funding classroom instruction be given to community colleges and high school and unified school districts.

9908. In order to receive financial assistance under this chapter, eligible applicants shall submit a locally developed California

Worksite Education and Training Plan. Such plans shall be sufficiently detailed to provide an understanding of local labor market conditions and the programmatic, administrative, and financial arrangements necessary to ensure that training programs are conducted in accord with this chapter. The formulation of the plan shall, to the extent practicable, involve the participation of local education agencies, employers, employee organizations, representatives of appropriate state agencies, including the Employment Development Department, the Department of Industrial Relations, the Chancellor's Office of the Community Colleges, the Department of Education, Comprehensive Employment and Training Act prime sponsors, and other appropriate local employment and training providers. Program plans shall:

(a) Describe local labor market conditions, including the potential for job growth in private sector business and industry including identification of specific job openings utilizing California Occupational Information System as appropriate.

(b) Describe classroom and work-site training components, including the length of time to be spent in classroom and work-site training. Classroom training should be based on the minimum feasible time necessary for occupational preparedness as described by employers

(c) Describe the institutional arrangements between participating training deliverers.

(d) Describe arrangements with employers for work-site training including employer commitments to hire as a result of entry level or upgrading training and the potential for promotion or career advancement.

(e) Identify local resources, including, but not limited to, funds, equipment, tools, and laboratories, which will be used to support the training as well as the resources of other federal or state employment and training agencies or the Department of Industrial Relations.

(f) Describe a process for evaluation which may include the use of independent contractors for the development or conduct of such evaluation.

(g) Describe arrangements to ensure that training be provided on a priority basis to the economically disadvantaged, youths, displaced workers, and persons with obsolete or inadequate job skills, including, but not limited to, those lacking high school diplomas and those needing basic or upgraded skills training.

(h) Describe, where appropriate, the arrangements for upgrading the skills of classroom instructors who will be providing training under this chapter.

9909 The department shall provide for evaluation studies to determine the effectiveness of the program enacted by this chapter The department shall report annually on the scope of the program and its impact on reducing the gaps between classroom and on-the-job training, employment opportunities, and skills required

by employers. The report shall compare the cost-effectiveness of this program with traditional on-the-job training (OJT) programs provided under the Work Incentive program (WIN) and with the new Comprehensive Employment Training Act (CETA) program aimed at involving the private sector in the training and employment of the economically disadvantaged (Title VII). The department shall submit its evaluation design to the Joint Legislative Budget Committee for review 30 days prior to the initiation of the program. A preliminary report shall be submitted to the Joint Legislative Budget Committee by March 15, 1980. The annual reports shall be submitted to the Legislature and other interested parties on December 15, 1980, 1981, and 1982, respectively. State and local workshops may be conducted to utilize the findings of this program for improving vocational education and employment and training planning and budgetary procedures.

9910. This chapter shall remain in effect for three years after the date it becomes effective and operative, and as of such date is repealed, unless a later enacted statute deletes or extends such date.

SEC. 2. The sum of twenty-five million dollars ($25,000,000) is hereby appropriated without regard to fiscal year from the General Fund to the Employment Development Department for the purposes of carrying out the provisions of this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are as follows:

In order to provide employment opportunities to those persons in greatest need and thereby reduce unemployment in this state at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 1182

An act to add Section 17053.7 to, and to add Article 4 (commencing with Section 24330) of Chapter 6 of Part 11 of Division 2 of, the Revenue and Taxation Code, and to add Section 328 to the Unemployment Insurance Code, relating to taxation, and making an appropriation therefor, to take effect immediately, tax levy.

[Approved by Governor September 29, 1979. Filed with Secretary of State September 30, 1979.]

The people of the State of California do enact as follows:

SECTION 1. This act may be referred to as the "California Jobs Tax Credit Act of 1979."

SEC. 2. It is the purpose of this act to establish a program which will encourage, through the use of state tax credits, the private sector

employment of economically disadvantaged and disabled Californians who are dependent upon public aid. It is apparent to the Legislature that private sector jobs for California recipients of Aid to Families with Dependent Children, Supplemental Security Income/State Supplementary Program for the Aged, Blind, and Disabled, and General Assistance will not only provide income to such individuals but will at the same time save California tax dollars that would otherwise be spent on public assistance. It is also apparent to the Legislature that a tax credit program will provide incentives to private sector employers to hire public assistance recipients.

It is the expectation of the Legislature that the revenue reduction resulting from the tax credits provided herein and the administrative costs of the tax credit program will be more than offset by the reduction in public aid expenditures. It is therefore the intent of the Legislature that every effort be made to maximize participation in this program

SEC. 3. Section 17053.7 is added to the Revenue and Taxation Code, to read:

17053 7 (a) There shall be allowed as a credit against the "net tax" an amount equal to 10 percent of the amount of wages paid to each employee who is certified by the Employment Development Department to meet the requirements of Section 328 of the Unemployment Insurance Code.

(b) The credit under this section shall not apply to wages paid in excess of three thousand dollars ($3,000) during a taxable year by a taxpayer to the same individual.

(c) The credit under this section shall be in addition to any deduction under this part to which the taxpayer may be entitled, if any.

(d) The credit provided by this section shall be applied to wages paid to each qualifying employee during the taxable year in which such employee is hired and to wages paid to such employee during the immediately succeeding taxable year.

(e) For the purposes of this section, "net tax" means the tax imposed under either Section 17041 or 17048 minus all credits except the credits provided by Section 17061 (relating to excess state disability insurance withheld), Section 18555.1 (relating to excess income tax withheld), and Section 17053.5 (relating to the renters credit).

SEC. 4. Article 4 (commencing with Section 24330) is added to Chapter 6 of Part 11 of Division 2 of the Revenue and Taxation Code, to read.

Article 4 Credits Against Tax

24330. (a) There shall be allowed as a credit against the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) an amount equal to 10 percent of the amount of wages paid to each employee who is certified by the Employment

Development Department to meet the requirements of Section 328 of the Unemployment Insurance Code.

(b) The credit under this section shall not apply to wages paid in excess of three thousand dollars ($3,000) during an income year by a taxpayer to the same individual.

(c) The credit under this section shall be in addition to any deduction under this part to which the taxpayer may be entitled, if any.

(d) The credit provided by this section shall be applied to wages paid to each qualifying employee during the income year in which such employee is hired and to wages paid to such employee during the immediately succeeding income year.

SEC. 5. Section 328 is added to the Unemployment Insurance Code, to read:

328. (a) The department shall administer the California Jobs Tax Credit Act of 1979 as provided in this section, except those functions reserved to the Franchise Tax Board by Section 17053.7 or Section 24330 of the Revenue and Taxation Code. The department shall develop administrative procedures and guidelines necessary to carry out the intent of such act, including, but not limited to, the means to monitor and measure its effectiveness.

(b) The department shall certify, upon the request of any applicant, for the purposes of Section 17053.7 or 24330 of the Revenue and Taxation Code, that any individual, at the time of his or her hiring by such applicant, meets any of the following criteria:

(1) He or she is a recipient of aid under the Aid to Families with Dependent Children program pursuant to Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code, for not less than 90 days immediately preceding his or her date of hire.

(2) He or she is a registrant in a work incentive program established pursuant to Section 5200.

(3) He or she is a recipient of aid under the Supplemental Security Income/State Supplementary Program for the Aged, Blind, and Disabled pursuant to Chapter 3 (commencing with Section 12000) of Part 3 of Division 9 of the Welfare and Institutions Code for any month which falls within the 60-day period immediately preceding his or her date of hire.

(4) He or she is a recipient, for at least 30 days during the 60-day period immediately preceding his or her date of hire, of general assistance (county aid and relief to indigents) pursuant to Part 5 (commencing with Section 17000) of Division 9 of the Welfare and Institutions Code, from a county whose program has been certified by the Internal Revenue Service for purposes of the federal Targeted Jobs Tax Credit program under Section 321 of Public Law 95-600

SEC 6. This act shall remain in effect only until December 31, 1984, and as of such date is repealed, unless a later enacted statute, which is chaptered before December 31, 1984, deletes or extends such date, except that for the targeted groups of Supplemental

Security Income/State Supplementary Program for the Aged, Blind, and Disabled recipients and general assistance recipients, this act shall be operative during such time as the federal Targeted Jobs Tax Credit program, Section 321 of Public Law 95-600, is in effect. (2) For making grants thereunder	500,000

SEC 10 This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are·

It is necessary that this act take effect immediately in order to ensure that community clinics and free clinics, which are a primary source of health care for a significant portion of the medically unserved, accounting for more than 1,000,000 patient visits annually, maintain a continuity of care through grants and loans for services and renovations necessary for the health and safety of the patient population.

Furthermore, unless immediate legislative action is taken, uncertainties resulting from the implementation of Chapter 1147 of the Statutes of 1978 may require surgical clinics providing necessary services to suspend their current services with attendant great medical and financial hardship to patients and the clinics.

CHAPTER 1187

An act to add Chapter 2 5 (commencing with Section 39050) to Part 23 of the Education Code, relating to schools

[Approved by Governor September 29, 1979 Filed with Secretary of State September 30, 1979]

CHAPTER 2.5. NEW SCHOOLS RELIEF ACT OF 1979

39050 This chapter shall be known and may be cited as the New Schools Relief Act of 1979

39052 It is the intent of the Legislature in enacting this chapter to provide opportunities for school districts, the state, and the private sector to cooperate to provide needed school facilities in growth impacted districts, and to facilitate innovative financing and other techniques for growth impacted districts to help meet new school construction needs

(a) "Board" means the State Allocation Board

(b) "A school district with an anticipated increase in enrollment" means a school district in which the level of enrollment is projected

(b) Funds the district has borrowed from the state and which such district is in the process of repaying, provided that nothing in this section shall be construed as terminating, delaying, or otherwise interrupting such district's schedule of repayments for such funds.

(c) Available capital reserves from the district's general fund or special funds of the district, provided the purposes of this section do not conflict with the purposes for which such funds may be used.

(d) Proceeds from the sale or lease of unneeded facilities, provided that nothing in this section shall be construed (1) to terminate, delay, or otherwise interrupt the schedule of regular repayments for the district's obligations to the state; (2) to relieve the district from any obligation to the state, except to the degree that such district may retain that portion of the proceeds from the sale or lease of unneeded facilities necessary to lease land and facilities pursuant to this section; or (3) to permit the district to retain any proceeds otherwise owing to the state from the lease or sale of unneeded facilities in excess of the amount necessary to lease land and facilities pursuant to this section

39055 Notwithstanding any other provision of law, a school district with an anticipated increase in enrollment is authorized to construct school facilities authorized within state school building aid standards, and subject to regulations established by the board, with funds from the following sources.

CHAPTER 1188

An act to amend Sections 60402 and 60403 of the Government Code, to amend Sections 110.1, 214, 217, 3695.5, 3791.3, 3805, and 3807.5 of, to add Sections 3519 and 3791 4 to, and to repeal Chapter 9 (commencing with Section 3900) of Part 6 of Division 1 of, the Revenue and Taxation Code, and to amend Section 2 of Chapter 49 of the Statutes of 1979, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 1979 Filed with Secretary of State September 30, 1979]

The people of the State of California do enact as follows.

SECTION 1. Section 60402 of the Government Code is amended to read:

60402. Whenever the board of supervisors levies an assessment pursuant to this chapter, the board of supervisors shall first have a written report, containing a description of each parcel and the amount of the assessment for each parcel, prepared and recorded with the office of the county recorder of the county in which the real property is situated and filed with the clerk of the board of supervisors. The clerk shall fix a time, date, and place for a hearing upon the report. Prior to the date of the hearing, a notice of the hearing shall be published pursuant to Section 6066 of the Government Code and at least three notices shall be posted in public places within the district.

At the hearing, the board of supervisors shall hear and consider all protests. At the conclusion of the hearing, the board of supervisors may adopt, revise, change, reduce, or modify any assessment and shall make its determination upon each assessment described in the report and thereafter, by resolution, shall confirm the assessments. A copy of the resolution of confirmation shall be certified by the clerk of the board of supervisors and shall be recorded with the office of the county recorder of the county in which the real property is situated

SEC 1 2. Section 60403 of the Government Code is amended to read.

60403 Upon recordation of the confirmed assessment pursuant to Section 60402, such assessment shall be a lien upon the real property affected thereby and shall be levied and collected at the same time and in the same manner as the general tax levy for county purposes.

SEC. 1.3. Section 110.1 of the Revenue and Taxation Code is amended to read:

110.1. (a) For purposes of subdivision (a) of Section 2 of Article XIII A of the California Constitution, "full cash value" of real property, including possessory interests in real property, means the fair market value as determined pursuant to Section 110 for either:

(1) The 1975 lien date; or,

(2) For property which is purchased, is newly constructed, or changes ownership after the 1975 lien date.

(A) The date on which a purchase or change in ownership occurs; or

(B) The date on which new construction is completed, and if uncompleted, on the lien date.

(b) The value determined under subdivision (a) shall be known as the base year value for the property.

(c) Notwithstanding any provisions of Section 405.5 or 405.6, for property which was not purchased or newly constructed or has not changed ownership after the 1975 lien date, if the value as shown on the 1975–76 roll is not its 1975 lien date base year value and if the value of that property had not been determined pursuant to a periodic reappraisal under Section 405.5 for the 1975–76 assessment roll, a new 1975 lien date base year value shall be determined at any time until June 30, 1980, and placed on the roll being prepared for the current year, provided, however, that for counties over 4 million in population the board of supervisors may adopt a resolution granting the assessor of such county until June 30, 1981, to determine such values In determining the new base year value for any such property, the assessor shall use only those factors and indicia of fair market value actually utilized in appraisals made pursuant to Section 405 5 for the 1975 lien date. Such new base year values shall be consistent with the values established by reappraisal for the 1975 lien date of comparable properties which were reappraised pursuant to Section 405 5 for the fiscal year. In the event such a determination is made, no escape assessment may be levied and the newly determined "full cash value" shall be placed on the roll for the current year only; provided, however, the preceding shall not prohibit a determination which is made prior to June 30 of a fiscal year from being reflected on the assessment roll for the current fiscal year.

(d) If the value of any real property as shown on the 1975–76 roll was determined pursuant to a periodic appraisal under Section 405.5, such value shall be the 1975 lien date base year value of the property.

(e) As used in subdivisions (c) and (d), a parcel of property shall

be presumed to have been appraised for the 1975–76 fiscal year if the assessor's determination of the value of the property for the 1975–76 fiscal year differed from the value used for purposes of computing the 1974–75 fiscal year tax liability for the property, but the assessor may rebut such presumption by evidence that, notwithstanding such difference in value, such parcel was not appraised pursuant to Section 405.5 for the 1975–76 fiscal year.

(f) For each lien date after the lien date in which the full cash value is determined pursuant to this section, the full cash value of real property, including possessory interests in real property, shall reflect the percentage change in cost of living, as defined in Section 2212; provided, that such value shall not reflect an increase in excess of 2 percent of the full cash value of the preceding lien date

SEC. 1.5. Section 214 of the Revenue and Taxation Code is amended to read:

214 Property used exclusively for religious, hospital, scientific, or charitable purposes owned and operated by community chests, funds, foundations or corporations organized and operated for religious, hospital, scientific, or charitable purposes is exempt from taxation if·

(1) The owner is not organized or operated for profit; provided, that in the case of hospitals, such organization shall not be deemed to be organized or operated for profit, if during the immediate preceding fiscal year the excess of operating revenues, exclusive of gifts, endowments and grants-in-aid, over operating expenses shall not have exceeded a sum equivalent to 10 percent of such operating expenses. As used herein, operating expenses shall include depreciation based on cost of replacement and amortization of, and interest on, indebtedness;

(7) The property, if used exclusively for scientific purposes, is used by a foundation or institution which, in addition to complying with the foregoing requirements for the exemption of charitable organization in general, has been chartered by the Congress of the United States (except that this requirement shall not apply when the scientific purposes are medical research), and whose objects are the encouragement or conduct of scientific investigation, research and discovery for the benefit of the community at large.

The exemption provided for herein shall be known as the "welfare exemption." This exemption shall be in addition to any other exemption now provided by law and the existence of the exemption provision in paragraph (2) of subdivision (a) of Section 202 shall not preclude the exemption under this section for museum or library property. SEC 1 7 Section 217 of the Revenue and Taxation Code is amended to read:

217 (a) Except as provided in subdivision (d), the following articles of personal property which have been made available for

display in a publicly owned art gallery or museum, or a museum which is regularly open to the public and which is operated by a nonprofit organization which has qualified for exemption pursuant to Section 23701d, shall be exempt from taxation:

If the property was first made available for public display less than 90 days prior to the lien date, the exemption may be granted if the person claiming the exemption certifies in writing that the property will be made available for public display for at least 90 days during the 12-month period commencing with the first day the property was made available for public display.

(f) For purposes of this section "regularly open to the public" means that the gallery or museum was open to the public not less than 20 hours per week for not less than 35 weeks of the 12-month period immediately preceding the lien date for the year for which the exemption is claimed.

SEC 1.9 Section 3519 is added to the Revenue and Taxation Code, to read:

3519 It is hereby declared to be the policy of the state and the intent of the provisions in this code contained, that the final tax deed or deeds of all taxing agencies, including counties, cities and counties, cities, irrigation districts, reclamation districts, and other taxing agencies that annually levy, assess and collect, or cause to be collected, taxes or assessments upon real property within the state, should be, and are hereby declared to be, upon a parity with each

other, and that regardless of when the levy of such taxes or assessments is or has been made, and regardless of when the final tax deed or assessment deed is or has been taken by such taxing agency, that the rights of all taxing agencies and all such deeds shall be equal and upon a parity with each other.

SEC 2. Section 3695.5 of the Revenue and Taxation Code is amended to read:

3695.5. In addition to the provisions of Sections 3695 and 3695.4 relative to objections to sales, any nonprofit organization may file with the county tax collector and county board of supervisors written objection to the sale of any residential or vacant real property which was deeded to the state and which the nonprofit organization states in writing that it will rehabilitate and will:

(a) In the case of residential real property, rehabilitate and sell the property to low-income persons; or

(b) In the case of vacant real property, either construct a residential dwelling on the property and sell the property to low-income persons or dedicate the vacant property to public use.

Such objections shall be accompanied by an application to purchase the property under Chapter 8 (commencing with Section 3771) of this part, which shall be filed with the board of supervisors and the tax collector before the intended sale If a nonprofit organization objects to the sale and before the date of sale applies in writing to the board of supervisors to purchase the property under Chapter 8 (commencing with Section 3771) of this part at a price not less than the minimum bid approved by the board of supervisors, the tax collector shall not proceed with the sale.

The terms "nonprofit organization," "low-income persons" and "rehabilitation" shall have the same meaning in this section as in Chapter 8 (commencing with Section 3771).

SEC. 3. Section 3791.3 of the Revenue and Taxation Code is amended to read:

3791.3. Whenever property has been deeded to the state for taxes, whether or not the property is subject to or has been sold or deeded for taxes to a taxing agency other than the state, the state, county, any revenue district the taxes of which on the property are collected by county officers, or a redevelopment agency created pursuant to the California Community Redevelopment Law, may purchase the property or any part thereof, including any right-of-way or other easement, pursuant to this chapter. A redevelopment agency, however, may only purchase such tax-deeded property located within a designated survey area.

SEC 4 Section 3791.4 is added to the Revenue and Taxation Code, to read.

3791 4. (a) When residential or vacant property has been deeded to the state for nonpayment of taxes, such property may be purchased pursuant to this chapter by a nonprofit organization provided that·

(1) In the case of residential property, the nonprofit organization

shall rehabilitate and sell the property to low-income persons.

(2) In the case of vacant property, the nonprofit organization shall either construct a residential dwelling on the property and sell the property to low-income persons or dedicate the vacant property to public use.

(b) If a nonprofit organization purchases tax-deeded property pursuant to subdivision (a), the agreement under this chapter shall require the nonprofit organization to meet the conditions prescribed by subdivision (a) within two (2) years after the date of recordation of the deed to the nonprofit organization, which period may be extended by resolution of the board of supervisors for a reasonable length of time Upon granting of an extension, notice of the extension shall be given by the clerk of the board of supervisors to the tax collector and the Controller.

(c) The terms and conditions of any conveyance to a nonprofit corporation pursuant to this section shall be specified in the deed or other instrument of conveyance.

SEC 4 5. Section 3805 of the Revenue and Taxation Code is amended to read:

3805. In addition to the usual provisions of a deed conveying real property, the deed shall specify:

(a) That the real property was duly sold and conveyed to the state for nonpayment of taxes which had been legally levied and were a lien on the property.

(b) The name of the purchaser.

(c) Any condition deemed necessary to effect compliance with the agreement, including, but not limited to, a condition that the real property be used by the taxing agency or nonprofit organization for the public use specified in the agreement.

SEC. 5. Section 3807.5 of the Revenue and Taxation Code is amended to read

3807.5. If a taxing agency or nonprofit organization purchasing the property, pursuant to Section 3791.4 or Section 3793.5, does not meet the conditions imposed by Section 3791.4 or Section 3793.5 within two years after the date of recordation of the deed to the taxing agency or nonprofit organization, and not within any extension of such period approved by the board of supervisors, the taxing agency or nonprofit organization shall execute a deed to the state reconveying to the state all the right, title and interest of the state in the property which such taxing agency or nonprofit organization obtained by the deed of the tax collector under the provisions of this chapter. Such deed shall be delivered to the county tax collector Thereafter, such property shall be held as tax-deeded property by the state and the privilege of redemption is thereby restored

The Controller shall provide uniform blanks on which such reconveyances shall be made. There shall be the same number of duplicates as is required for deeds to the state for taxes, and the same procedure shall be followed in recording such deeds as is provided

by law for the recording of deeds to the state for taxes.

SEC 6 Chapter 9 (commencing with Section 3900) of Part 6 of Division 1 of the Revenue and Taxation Code is repealed.

SEC. 7 Section 2 of Chapter 49 of the Statutes of 1979 is amended to read.

Sec. 2. (a) Section 1 of this act shall be applied to the 1978–79 fiscal year and fiscal years thereafter.

(b) Except as otherwise provided in this subdivision, if the value of any property is reduced pursuant to Section 110.1 of the Revenue and Taxation Code, the reduced taxes resulting therefrom shall be refunded or shall be reflected in a corresponding reduction in the next succeeding tax installment or installments for such property in the 1979–80 fiscal year unless there was a change in the owner or owners of record between July 1, 1978, and June 30, 1979, in which case a refund of such reduced taxes shall be prorated between such owners of record in proportion to the time they owned the property during the fiscal year. In the event that the current address of a former owner of record of such property entitled to share in any such refund is not known to the county, that portion of such refund shall be withheld by the county and the owner may claim a refund from the county treasurer at any time prior to July 1, 1980. No reduction or refund shall be given pursuant to this subdivision of any amount previously levied to pay the interest and redemption charges on any indebtedness approved by the voters prior to July 1, 1978.

SEC. 8 Notwithstanding the provisions of Section 3 of this act, any taxing agency which on the effective date of this act, had elected to become the sole leasing or sales agency under the provisions of Chapter 9 (commencing with Section 3900) of Part 6 of Division 1 of the Revenue and Taxation Code, may continue to do so, pursuant to the provisions of such chapter and other provisions of the Revenue and Taxation Code as they read prior to their repeal by this act.

SEC 9. Under existing provisions of Section 214 of the Revenue and Taxation Code, the Welfare exemption from property taxes provided by Section 214 is specifically "in addition to any other exemption now provided by law " It has been the legislative intent that the exemption provided by Section 214 be in addition to and not in limitation of any other exemptions provided by other provisions of the Revenue and Taxation Code or the California Constitution The purpose of the amendments to Section 214 is to reaffirm such legislative policy with respect to museum and library property

SEC 10. Questions have arisen in several counties concerning the application of the property tax exemption provided in Section 217 of the Revenue and Taxation Code for works of art exhibited in museums owned and operated for public and charitable purposes by tax exempt organizations which are open to the public. Several county assessors have questioned whether such museums are "publicly owned" within the meaning of Section 217 of the Revenue and Taxation Code and thus whether the museums are qualifying museums for the display of art for purposes of the exemption

provided in Section 217 of the Revenue and Taxation Code. This applies to art works owned by the museum as well as to works of art loaned to such museums for display. A construction of Section 217 of the Revenue and Taxation Code which excludes museums owned and operated for public and charitable purposes by tax-exempt organizations from the definition of a "publicly owned art gallery or museum" would be inconsistent with long-standing administrative interpretations which have determined that such museums do qualify for the exemption provided in Section 217 of the Revenue and Taxation Code.

It is the public policy of this state to encourage the public display of art. Such policy shall be affirmed by a declaration of the existing law concerning the status of museums as provided in Section 1.7 of this act. It consistently has been the intent of the Legislature, and so interpreted administratively, that such museums be considered publicly owned within the meaning of Section 217 of the Revenue and Taxation Code so long as they are owned by a tax-exempt charitable organization and are open to the public.

The legislative policy has recently been expressed with the enactment of Section 6365 of the Revenue and Taxation Code relating to sales and use tax exemption on art purchases for museums This declaration and the amendments made to Section 217 of the Revenue and Taxation Code by Section 1 7 of this act would make such provisions consistent with the provisions in Section 6365 of the Revenue and Taxation Code.

SEC 11 The changes made by Sections 1.5 and 1.7 of this act are declarative of existing law.

It is the intent of the Legislature that Sections 1 5 and 1.7 of this act be applied to determine the eligibility of exemptions under Sections 214 and 217 of the Revenue and Taxation Code for any property otherwise taxable on March 1, 1979.

SFC. 12. Sections 1.9, 2, 3, 4, 5, 6, and 8 of this act shall become operative on January 1, 1980

SEC 13 Notwithstanding Section 2229 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because there are no state-mandated local costs in this act and any revenue loss implied herein is not reimbursable under Section 2229 of the Revenue and Taxation Code.

SEC. 14. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Chapter 49 of the Statutes of 1979, was an urgency state which provided for correction of the 1978–79 property tax rolls in order to prevent undue financial hardship resulting from erroneous tax levies for the 1978–79 fiscal year and to correct the collection of such taxes with a minimum of administrative difficulty. However, the bill provided only for a credit against taxes if the property had not been

sold when a refund would reduce administrative difficulties in some cases. Counties are now preparing to implement Chapter 49, and to allow the option of granting refunds rather than credits in order to avoid administrative difficulty and unnecessary costs, this act must go into effect immediately.

CHAPTER 1189

An act to add Section 429.64 to the Health and Safety Code, and to add Section 18331 to, and to repeal Section 9310 of, the Welfare and Institutions Code, relating to public health, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 429.64 is added to the Health and Safety Code, to read:

429.64. (a) The state department shall provide appropriate flu vaccine to local governmental or private, nonprofit agencies at no charge in order that the agencies may provide the vaccine, at a minimal cost, at accessible locations in the order of priority first, for all persons 60 years of age or older in this state and then to any other high-risk groups identified by the United States Public Health Service. The state department and the State Department of Aging shall prepare, publish, and disseminate information regarding the availability of such vaccine and the effectiveness of such vaccine in protecting the health of older persons.

(b) The state department may provide appropriate pneumonia vaccine to local governmental or private, nonprofit agencies at no charge in order that the agencies may provide the vaccine, at a minimal cost, at accessible locations for groups identified as high-risk by the United States Public Health Service.

(c) The program shall be designed to utilize voluntary assistance from public or private sectors in administering such vaccines. However, local governmental or private, nonprofit agencies may charge and retain a fee not exceeding two dollars ($2) per person to offset administrative operating costs

(d) Except when the state department determines that it is not feasible to utilize federal funds due to excessive administrative costs, the state department shall seek and utilize available federal funds to the maximum extent possible for the cost of the vaccine, the cost of administering the vaccine and the minimal fee charged under this section, including reimbursement under the Medi-Cal program for persons eligible therefor to the extent permitted by federal law

(e) Administration of the vaccine shall be performed either by a physician, registered nurse or a licensed vocational nurse acting within the scope of their professional practice acts. The physician under whose direction the registered nurse or a licensed vocational nurse is acting shall require such nurse to satisfactorily demonstrate familiarity with (1) contraindication for the administration of such immunizing agents, (2) treatment of possible anaphylactic reactions, and (3) the administration of treatment, and reactions to such immunizing agents.

Nothing in this section shall be construed to require physical presence of a directing or supervising physician, or the examination by a physician of persons to be tested or immunized.

SEC. 2. Section 9310 of the Welfare and Institutions Code is repealed.

SEC. 3. Section 18331 is added to the Welfare and Institutions Code, to read:

SEC 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that nutrition projects for the elderly may receive funds to maintain necessary services, that older persons in this state receive pneumonia vaccines needed to protect their health and that vaccine manufacturers have sufficient advance notification to produce adequate quantities of the appropriate vaccines for immunizations during September, October, and November prior to the usual winter pneumonia season, it is necessary that this act take effect immediately

CHAPTER 1190

An act to amend Sections 37911, 37912, 37917, 37922, 37922.2, 37922.5, 37923, 37930, 37935, and 37951 of the Health and Safety Code, relating to area rehabilitation.

[Approved by Governor September 29, 1979 Filed with Secretary of State September 30, 1979]

The people of the State of California do enact as follows:

SECTION 1. Section 37911 of the Health and Safety Code is amended to read:

37911 The Legislature hereby finds and declares that it is necessary and essential that cities, counties, and cities and counties, and redevelopment agencies and housing authorities within such cities, counties, and cities and counties, be authorized to make long-term, low-interest loans to finance residential rehabilitation in depressed residential areas in order to encourage the upgrading of property in such areas. Unless such local agencies intervene to provide some form of assistance to finance residential rehabilitation, many depressed residential areas will deteriorate at an accelerated pace because property owners are not able to obtain rehabilitation loans from private sources.

The Legislature further finds and declares that many depressed residential areas contain scattered vacant parcels and residences that are so severely deteriorated that they must be demolished. The existence of such conditions in residential rehabilitation areas often impedes the progress of residential rehabilitation and improvement. It is, therefore, necessary that local agencies be authorized to include new construction in the form of residential infill construction as an integral part of a residential rehabilitation financing program

SEC. 2. Section 37912 of the Health and Safety Code is amended to read

37912 Unless the context otherwise requires, the following definitions shall govern the construction of this part:

(a) "Bonds" means any bonds, notes, interim certificates, debentures, or other obligations issued by a local agency pursuant to this part and which are payable exclusively from the revenues, as defined in subdivision (k), and from any other funds specified in this part upon which the bonds may be made a charge and from which they are payable

(b) "Citizen participation" means action by the local agency to provide persons who will be affected by residential rehabilitation financed under the provisions of this part with opportunities to be involved in planning and carrying out the residential rehabilitation program "Citizen participation" shall include, but not be limited to, all of the following and in the order provided below

(1) Holding a public meeting prior to the original hearing by the

legislative body for the purpose of considering selection of the area for designation and determining the method of notice to property owners which will be used pursuant to paragraph (3).

(2) Consultation with an elected or appointed citizen advisory board of a proposed residential rehabilitation area. The members of the board shall include, to the greatest extent feasible, representatives of resident owners, nonresident owners, and resident tenants of both single-family and multiple-family residential structures who are not apartment managers, resident agents, or employees of property owners. The duties of the board are to develop a plan for public improvements and the rules and regulations for implementation of the proposed residential rehabilitation program.

(3) Dissemination of information relating to the time and location of the hearing, boundaries of the proposed residential rehabilitation area, and a general description of the proposed residential rehabilitation program by one of the following methods as determined by the legislative body at the public meeting provided in paragraph (1):

(A) At least seven days prior to the original hearing, by mailing to all real property owners within the proposed residential rehabilitation area at the address shown on the latest assessment roll and by distribution to residents of the proposed residential rehabilitation area in a manner determined to be appropriate by the local agency.

(B) After express findings by the legislative body at the public meeting provided in paragraph (1) at lower expense and effective notice at least equal to the mailed and distributed notice provided in subparagraph (A), by a method determined by the legislative body which includes, but is not limited to, publication of such notice pursuant to Section 6066 of the Government Code and posting of such notice at no less than three prominent places within the proposed residential redevelopment area and distribution to residents of the proposed residential rehabilitation area in a manner determined to be appropriate by the local agency.

"Citizen participation" also includes any other means of citizen involvement determined appropriate by the legislative body.

Public meetings and consultations held to implement the requirements of citizen participation shall be conducted by a planning or rehabilitation official designated by the legislative body. Public meetings shall be held at times and places convenient to residents and property owners.

(c) "Financing" means the lending of moneys or any other thing of value, or the purchase of a loan previously made by a qualified mortgage lender in accordance with rules and regulations of the local agency, for the purpose of residential rehabilitation and may, in the discretion of the legislative body, include any or all of the following.

(h) "Residential rehabilitation" includes the following:

(1) The construction, reconstruction, renovation, replacement, extension, repair, betterment, equipping, developing, embellishing, or otherwise improving residences consistent with standards of strength, effectiveness, fire resistance, durability, and safety, so that such structures are satisfactory and safe to occupy for residential purposes and are not conducive to ill health, transmission of disease, infant mortality, juvenile delinquency, or crime because of any one or more of the following factors:

rehabilitation financing program.

(4) Purchase of residences within a residential rehabilitation area which have been previously rehabilitated or constructed with financing under this part, if authorized by the comprehensive residential rehabilitation financing program.

(5) Relocation payments required or authorized by Section 37922 2 or by Section 7265.3 of the Government Code in connection with rehabilitation of a residence financed pursuant to this part, or in connection with demolition of a structure for the purpose of making land available for residential infill construction financed pursuant to this part. The cost of relocation payments may be included in the principal amount of a loan made to a participating party or may be paid directly from bond proceeds.

(i) "Residential infill construction" means the construction of new single-family or multifamily residences, excluding commercial or mixed residential and commercial structures and residential hotels, on vacant lots in residential rehabilitation areas, including lots cleared by demolition of an existing structure. However, the cost of demolition of existing structures shall not be eligible for financing under this part, and it is the intent of the Legislature that local agencies shall adopt lending policies and criteria which will encourage rehabilitation of existing residences in residential rehabilitation areas wherever possible.

(j) "Residence" means real property improved with a residential structure and, in residential rehabilitation areas only, also includes real property improved with a commercial or mixed residential and commercial structure which, in the judgment of the local agency, is an integral part of a residential neighborhood. "Residence" also includes condominium and cooperative dwelling units, and includes both real property improved with single-family residential structures and real property improved with multiple-family residential structures.

"Residence" also includes residential hotels in which not less than one-half of the occupied dwelling units are occupied on a nontransient basis. A dwelling unit shall be deemed to be used on a nontransient basis for such purpose if the term of the tenancy is one month or longer or if the tenant has resided in the unit for more than 30 days In a residential hotel, individual dwelling units need not have cooking facilities or individual sanitary facilities. However, for purposes of this subdivision, a residential hotel does not include dormitories, fraternity and sorority houses, hospitals, sanitariums, rest homes, or trailer parks and courts.

(k) "Rehabilitation standards" means the applicable local or state standards for the rehabilitation of residences located in residential rehabilitation areas or rehabilitated pursuant to Section 37922 1, including any higher standards adopted by the local agency as part of its residential rehabilitation financing program.

(*l*) "Revenues" means all amounts received as repayment of principal, interest, and all other charges received for, and all other

income and receipts derived by, the local agency from the financing of residential rehabilitation, including moneys deposited in a sinking, redemption, or reserve fund or other fund to secure the bonds or to provide for the payment of the principal of, or interest on, the bonds and such other moneys as the legislative body may, in its discretion, make available therefor.

(m) "Residential rehabilitation area" means the geographical area designated by the local agency as one for inclusion in a comprehensive residential rehabilitation financing program pursuant to the provisions of this part.

SEC. 3. Section 37917 of the Health and Safety Code is amended to read.

37917. The local agency may purchase loans made to participating parties by qualified mortgage lenders without premium, if the loan was approved for such purpose prior to consummation of the loan and is of the character and on the terms previously established by the local agency for the residential rehabilitation program. The local agency may fix fees for servicing of such loans by qualified mortgage lenders, or may itself undertake collection, or may contract to pay any person, partnership, association, corporation, or public agency for such collection and disbursal. In determining fees and charges for financing and servicing of loans by qualified mortgage lenders, the local agency shall endeavor to obtain participation of not less than two qualified mortgage lenders, and shall apply the same fees and charges to all participating qualified mortgage lenders.

The local agency may hold deeds of trust or mortgages, including, but not limited to, mortgages insured under Title II of the National Housing Act (12 U S.C., 1707 et seq.), as security for financing residential rehabilitation and may pledge or assign the same as security for repayment of bonds issued pursuant to this part The local agency may establish the terms and conditions for the financing of residential rehabilitation undertaken pursuant to this part, and may require that any note evidencing a loan made to a participating party be insured or guaranteed, in whole or in part, by an

instrumentality of the United States or of the State of California or by a person licensed to insure mortgages in this state.

Such notes, deeds of trust, or mortgages may be assigned to, and held on behalf of the local agency by, any bank or trust company appointed to act as trustee or fiscal agent by the local agency in any indenture or resolution providing for issuance of bonds pursuant to this part.

Notwithstanding Section 711 of the Civil Code, the full amount owed on any loan for residential rehabilitation made pursuant to this part shall be due and payable upon sale or other transfer of ownership of the property subject to such rehabilitation, except that assignment of the loan to the buyer or transferee may be permitted where required by the federal or state insurer or in cases of hardship, which shall be defined, and procedures established for the determination of their existence, in the guidelines established pursuant to subdivision (c) of Section 37922.

SEC. 4. Section 37922 of the Health and Safety Code is amended to read.

37922. (a) Criteria for selection of residential rehabilitation areas by the local agency which shall include findings by the local agency that:

(1) There are a substantial number of deteriorating structures in the area which do not conform to community standards for decent, safe, sanitary housing.

(2) Financial assistance from the local agency for residential rehabilitation is necessary to arrest the deterioration of the area.

(3) Financing of residential rehabilitation in the area is economically feasible.

SEC. 5. Section 37922.2 of the Health and Safety Code is amended to read·

37922.2 If anticipated rent increases or other increases in housing costs will result in dislocation of residential rehabilitation area residents or will result in residents paying a disproportionately large percentage of their incomes for housing, the local agency shall take every possible action to prevent displacement of all residents as a result of the operation of the residential rehabilitation program in residential rehabilitation areas. Such actions shall include relocation payments to persons or families of low or moderate income who are tenants displaced because of the temporary or permanent displacement for rehabilitation work or residential infill construction assisted under this part, or rent increases resulting from rehabilitation pursuant to the Uniform Relocation and Real Property Acquisition Policies Act of 1970 (42 U S C , Sec. 4601) or Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 of the Government Code Such actions shall also include, but need not be limited to, utilization of all federal, state, or local funding programs which are available for rent subsidies In allocating funds which may

This subdivision shall apply only to structures which will contain 12 or more dwelling units after rehabilitation and to structures for which loans exceeding five thousand dollars ($5,000) per dwelling unit have been extended pursuant to this part.

(b) A local agency may require that an owner of a residential property provide notice to tenants at the time of application for a loan pursuant to this part, so that, in the event of protest by tenants, the amount of rehabilitation work may, at the discretion of the local agency, be limited in order to prevent precipitous rent increases which may cause displacement.

The local agency, however, in any such resolution may provide that such sinking or other similar fund shall be the fund for a particular residential rehabilitation project or projects and for the bonds issued to finance such residential rehabilitation project or projects and may, additionally, authorize and provide for the issuance of bonds having a lien with respect to the security authorized by this section which is subordinate to the lien of other bonds of the local agency, and, in such case, the local agency may create separate sinking or other similar funds securing the bonds having the subordinate lien.

SEC. 2 Section 11011 1 of the Government Code is amended to read·

11011 1 (a) Land that has been declared surplus by the Legislature, pursuant to Section 11011, and is not needed by any state agency shall be offered to local governmental agencies. Except as authorized in subdivisions (b), (c), and (d), transfers of surplus land to local governmental agencies pursuant to this section shall be at fair market value.

(b) Where such land is to be used for park and recreation purposes and operated for such purposes by local agencies at no expense to the state, the Director of General Services with the approval of the State Public Works Board may, notwithstanding any provision in Section 11011, transfer the land to local governmental agencies at less than the fair market value of the land, if such transfer is in the public interest, under the following conditions:

(i) The local public agency has submitted a general development plan for the property which conforms to the agency's general plan pursuant to Article 5 (commencing with Section 65300) of Chapter 3 of Title 7, and which general development plan has been approved by the Director of Parks and Recreation

(ii) The land shall be developed according to plan within a time period determined by the state but not to exceed 10 years. The deed or other instrument of transfer shall provide that the land shall revert to the state if the land is not developed within the time period so determined by the state.

(iii) The deed or other instrument of transfer shall provide that the land would revert to the state if the use changed to a use not consistent with parks and recreation purposes during the period of 25 years following the sale.

(c) Where such land is to be used for open-space purposes, as defined herein, and operated by local agencies at no expense to the state, the Director of General Services with the approval of the State Public Works Board may transfer the land to local governmental agencies at fair market value of the land or at any lesser value of the land under the following conditions·

(i) The local public agency has submitted a plan for the use of the property which conforms to the agency's general plan pursuant to Article 5 (commencing with Section 65300) of Chapter 3 of Title 7, and which plan has been approved by the Director of Parks and Recreation

(ii) The land shall be used according to plan within a time period determined by the state but not to exceed 10 years

(iii) The deed or other instrument of transfer shall provide that

the land would revert to the state if the use changed to a use not consistent with open-space purposes during the period of 25 years following the sale

(iv) For the purpose of this subdivision, "open-space purpose" means the use of land for public recreation, enjoyment of scenic beauty, or conservation or use of natural resources

(d) Where such land is suitable to be used for the purpose of providing housing for persons and families of low or moderate income, as defined in Section 50093 of the Health and Safety Code, the Director of General Services, with the approval of the State Public Works Board, may offer the land to local agencies within whose jurisdiction the land is located. Provided, however, where such land is not used for the purposes for which it was acquired, and such land is declared surplus land and is not needed by any other state agency pursuant to the provisions of Section 11011, the state shall extend to the individual from whom the land was acquired an offer to purchase such land at current fair market value. Such offer shall extend for 60 days and if not exercised within such period shall be irrevocably terminated This provision shall not apply to surplus land to which the state has held title for more than seven years Such land may be transferred at a reasonable price which will enable the provision of housing for persons and families of low or moderate income at affordable housing cost, as defined by Section 50052.5 of the Health and Safety Code Such price may be less than fair market value. The Department of Housing and Community Development shall recommend to the Department of General Services a price which will enable the provision of housing for persons and families of low or moderate income at affordable housing cost All transfers of land pursuant to this subdivision shall be subject to the following conditions

(1) The local agency has made all of the following findings:

(A) There is a need for such housing in the community

(B) The land is suitable for development of such housing

(2) The local agency develops a plan for such housing in accordance with criteria established by the Department of Housing and Community Development, which shall include, but not be limited to, criteria respecting the financial condition of the developer, if the housing is to be developed by a private sponsor, and the cost of the project Such plan shall be approved by the Department of Housing and Community Development.

(3) After transfer of such property from the state to the local agency, the property shall be developed as low- and moderate-income housing The local agency may lease such property to any nonprofit corporation, housing corporation, or limited dividend housing corporation, as such terms are defined in Section 50568, or to any other private developer if the local agency determines a private entity is best suited to develop housing for persons and families of low or moderate income at affordable housing cost In authorizing such private development, the local agency shall

impose reasonable terms and conditions as will further the purposes of this subdivision, which shall include, but not be limited to, continued use of the property for housing for persons and families of low or moderate income at affordable housing cost. A lessee of land pursuant to this subdivision shall agree to limitations on profit in the operation of such property which will benefit the public and assure that the housing provided thereon is within the means of persons and families of low or moderate income. Such agreement shall be binding upon successors in interest of the original lessee and shall inure to the benefit of, and be enforceable by, the state.

(4) The local agency shall assure that the land will be used for the purpose of providing low- and moderate-income housing and shall not permit the use of the dwelling accommodations of the project for any other purpose, except as provided in this section.

In the event a local agency does not comply with the land use requirements prescribed in this section, as determined by the Department of General Services, the Department of General Services may require that the local agency pay the state the difference between the actual price paid by the local agency for the property and the fair market value of such property, at the time of the department's determination of noncompliance, plus 6 percent interest on such amount for the period of time the land has been held by the local agency

If the local agency, with the approval of the Department of General Services, and in consultation with the Department of Housing and Community Development, determines that there is no longer a need for low- and moderate-income housing within the jurisdiction of the local agency and another valid public purpose could be achieved by utilizing the land in an alternative manner, the local agency shall not be required to make any payment to the state for the difference between purchase price and fair market value or interest charges for the period of time the land has been held by the local agency.

(5) Failure to comply with the provisions of this section shall not invalidate the transfer, sale, or conveyance of the real property to a bona fide purchaser or encumbrancer for value.

(6) The project shall be commenced within 24 months of the original transfer to the local agency However, the Department of General Services, in consultation with the Department of Housing and Community Development, may for justifiable cause extend the time for commencement of development for an additional 36 months The aggregate time for commencing development shall not exceed 60 months If development has not commenced within such time, the land shall revert to the Department of General Services for disposal pursuant to Section 11011.1 of the Government Code or as otherwise authorized by law.

(e) The Department of Housing and Community Development, in consultation with the Department of General Services and the Office of Planning and Research, shall make a report to the Legislature on or before January 1, 1981, with respect to effectiveness of the program and shall recommend any necessary legislative changes to the provisions of subdivision (d).

(f) Where such land is to be used for public purposes other than specifically set forth in this section, is to be operated by the local agency at no expense to the state, and the use and enjoyment of the public purpose contemplated will be of broad public benefit, and not a benefit basically of local interest enjoyed and used primarily by the residents of the area of tax jurisdiction of the local agency, the Director of General Services, with the approval of the State Public Works Board, may transfer the land to local governmental agencies at a sales price not less than 50 percent of fair market value. Any such transfer shall provide that if the land is not used for the contemplated purpose during the period of 25 years following the sale, the land shall revert to the state. The Director of General Services may provide additional terms and conditions as he determines to be in the best interest of the state.

(g) If there is more than one appropriate use and more than one offer for the use of a parcel of surplus land, the Department of General Services, in consultation with the Department of Housing and Community Development, the Department of Parks and Recreation, and the Office of Planning and Research, shall determine the most appropriate use for the parcel and offer the land accordingly

(h) Land that has been declared surplus by the Legislature, pursuant to Section 11011, is not needed by any state agency, is suitable for development for housing purposes, and is not in the process of being acquired pursuant to other provisions of this section, may upon the request of the Department of Housing and Community Development be retained by the Director of General Services for a period not exceeding five years, during which the Director of General Services shall continue to offer such lands for housing pursuant to subdivision (d).

(i) Transfer of state surplus lands under subdivision (d) shall be at a cost which will enable provision of economically feasible housing at affordable housing cost for persons and families of low or moderate income.

(j) The provisions of this section shall not be applicable to the

disposal by a state agency of surplus residential property, as defined in subdivision (d) of Section 54236 of the Government Code, as added by Senate Bill No. 86 of the 1979–80 Regular Session, if Senate Bill No. 86 is chaptered and becomes effective on or before January 1, 1980, and adds Section 54237 to the Government Code.

SEC 2 5 Section 11011.1 of the Government Code is amended to read.

11011 1. (a) Land that has been declared surplus by the Legislature, pursuant to Section 11011, and is not needed by any state agency shall be offered to local governmental agencies. Except as authorized in subdivisions (b), (c), and (d), transfers of surplus land to local governmental agencies pursuant to this section shall be at fair market value

(b) Where such land is to be used for park and recreation purposes and operated for such purposes by local agencies at no expense to the state, the Director of General Services with the approval of the State Public Works Board may, notwithstanding any provision in Section 11011, transfer the land to local governmental agencies at less than the fair market value of the land, if such transfer is in the public interest, under the following conditions:

(i) The local public agency has submitted a general development plan for the property which conforms to the agency's general plan pursuant to Article 5 (commencing with Section 65300) of Chapter 3 of Title 7, and which general development plan has been approved by the Director of Parks and Recreation.

(ii) The land shall be developed according to plan within a time period determined by the state but not to exceed 10 years The deed or other instrument of transfer shall provide that the land shall revert to the state if the land is not developed within the time period so determined by the state.

(iii) The deed or other instrument of transfer shall provide that the land would revert to the state if the use changed to a use not consistent with parks and recreation purposes during the period of 25 years following the sale.

(c) Where such land is to be used for open-space purposes, as defined herein, and operated by local agencies at no expense to the state, the Director of General Services with the approval of the State Public Works Board may transfer the land to local governmental agencies at fair market value of the land or at any lesser value of the land under the following conditions:

(i) The local public agency has submitted a plan for the use of the property which conforms to the agency's general plan pursuant to Article 5 (commencing with Section 65300) of Chapter 3 of Title 7, and which plan has been approved by the Director of Parks and Recreation

(ii) The land shall be used according to plan within a time period determined by the state but not to exceed 10 years.

(iii) The deed or other instrument of transfer shall provide that the land would revert to the state if the use changed to a use not

consistent with open-space purposes during the period of 25 years following the sale.

(iv) For the purpose of this subdivision, "open-space purpose" means the use of land for public recreation, enjoyment of scenic beauty, or conservation or use of natural resources.

(d) Where such land is suitable to be used for the purpose of providing housing for persons and families of low or moderate income, as defined in Section 50093 of the Health and Safety Code, the Director of General Services, with the approval of the State Public Works Board, may offer the land to local agencies within whose jurisdiction the land is located. Provided, however, if the state has held title to such land for seven years or less and such land is not used for the purposes for which it was acquired, and such land is declared surplus land and is not needed by any other state agency pursuant to the provisions of Section 11011, the state, prior to offering such land to local agencies, shall extend to the individual from whom the land was acquired an offer to purchase such land at current fair market value. Such offer shall extend for 60 days and if not exercised within such period shall be irrevocably terminated Such land may be transferred to local agencies at a reasonable price which will enable the provision of housing for persons and families of low or moderate income at affordable housing cost, as defined by Section 50052 5 of the Health and Safety Code. Such price may be less than fair market value. The Department of Housing and Community Development shall recommend to the Department of General Services a price which will enable the provision of housing for persons and families of low or moderate income at affordable housing cost. All transfers of land pursuant to this subdivision shall be subject to the following conditions:

(1) The local agency has made all of the following findings:

(A) There is a need for such housing in the community.

(B) The land is suitable for development of such housing.

(2) The local agency develops a plan for such housing in accordance with criteria established by the Department of Housing and Community Development, which shall include, but not be limited to, criteria respecting the financial condition of the developer, if the housing is to be developed by a private sponsor, and the cost of the project. Such plan shall be approved by the Department of Housing and Community Development.

(3) After transfer of such property from the state to the local agency, the property shall be developed as low- and moderate-income housing. The local agency may lease or sell such property to any nonprofit corporation, housing corporation, or limited dividend housing corporation, as such terms are defined in Section 50568, or to any other private developer if the local agency determines a private entity is best suited to develop housing for persons and families of low or moderate income at affordable housing cost In authorizing such private development, the local agency shall impose reasonable terms and conditions as will further the purposes

of this subdivision, which shall include, but not be limited to, continued use of the property for housing for persons and families of low or moderate income at affordable housing cost for not less than 40 nor more than 55 years. A lessee or purchaser of land pursuant to this subdivision shall agree to limitations on profit in the operation of such property which will benefit the public and assure that the housing provided thereon is within the means of persons and families of low or moderate income at affordable housing cost Such agreement shall be binding upon successors in interest of the original lessee or purchaser and shall inure to the benefit of, and be enforceable by, the state.

(4) The local agency shall assure that the land will be used for the purpose of providing low- and moderate-income housing and shall not permit the use of the dwelling accommodations of the project for any other purpose for not less than 40 nor more than 55 years, except as provided in this section.

In the event a local agency does not comply with the land use requirements prescribed in this section, as determined by the Department of General Services, the Department of General Services may require that the local agency pay the state the difference between the actual price paid by the local agency for the property and the fair market value of such property, at the time of the department's determination of noncompliance, plus 6 percent interest on such amount for the period of time the land has been held by the local agency.

If the local agency, with the approval of the Department of General Services, and in consultation with the Department of Housing and Community Development, determines that there is no longer a need for low- and moderate-income housing within the jurisdiction of the local agency and another valid public purpose could be achieved by utilizing the land in an alternative manner, the local agency shall not be required to make any payment to the state for the difference between purchase price and fair market value or interest charges for the period of time the land has been held by the local agency.

(5) Failure to comply with the provisions of this section shall not invalidate the transfer, sale, or conveyance of the real property to a bona fide purchaser or encumbrancer for value.

(6) The project shall be commenced within 24 months of the original transfer to the local agency. (8) Not more than 40 percent of the housing developed on land purchased at below market value pursuant to this subdivision may be housing which is not regulated as to price, rent, or eligibility of occupants, but only if the purchaser of the land demonstrates that the proceeds from the sale or rental of such housing, in an amount equal to the difference between the fair market value of the land at the time of purchase from the state and the actual price paid for the land by such purchaser is used to reduce prices or rents on other housing units developed upon the land purchased or leased and which are made available exclusively to persons and families of low or moderate income.

(e) Where such land is suitable to be used for the purpose of providing housing for persons and families of low or moderate income, as defined in Section 50093 of the Health and Safety Code, and provided no local agency has acquired or is in the process of acquiring the land pursuant to subdivision (d), the Director of General Services, with the approval of the State Public Works Board, may lease or sell the land to a housing sponsor. Such land may be sold or leased at a reasonable price or rent which may be less than fair market value or market rent The Department of Housing and Community Development shall recommend to the Director of General Services a price or rent which will enable the provision of housing for persons and families of low or moderate income at affordable housing cost. All transfers of land pursuant to this subdivision shall be subject to all of the following conditions:

(1) The housing sponsor has submitted a plan for the development of such housing pursuant to criteria established by the Department of Housing and Community Development. Such criteria shall include, but need not be limited to, standards with respect to the cost of the housing development and the proportion of the housing development to be occupied by persons and families of low or moderate income. Insofar as is practical, such plan shall provide for a mix of housing for all income groups.

(2) The housing development shall normally be developed or be under development within 24 months from the time of transfer or lease of the land to the housing sponsor. However, the Department of General Services, in consultation with the Department of Housing and Community Development, may, upon finding justifiable cause, extend the time for commencement of development for an

additional period of 36 months The aggregate of all extensions for commencement of development shall not exceed 60 months. The deed or other instrument of conveyance shall specify that if development has not commenced within such time, the land shall revert to the Department of General Services for disposal pursuant to this section or as otherwise authorized by law

(3) Transfer of title to the land or lease of the land to a housing sponsor shall be conditioned upon continued use of the property as housing for persons and families of low or moderate income for not less than 40 nor more than 55 years. In accordance with regulations which shall be adopted by the Department of Housing and Community Development pursuant to the Administrative Procedure Act, the Director of General Services shall require that any housing sponsor purchasing or leasing land pursuant to this subdivision enter into an agreement which (A) provides for limitations on profit in the operation of such property which benefit the public and which assure that the housing is available at affordable housing cost to persons and families of low or moderate income, and (B) does not permit the use of the property for purposes other than the provision of housing for persons and families of low or moderate income except as provided in this subdivision. Upon recordation of the agreement in the office of county recorder in the county in which the real property subject to such agreement is located, the agreement shall be binding for a period of not less than 40 nor more than 55 years upon successors in interest to the original housing sponsor and shall inure to the benefit of, and be enforceable by, the state

For the purposes of this subdivision, "housing sponsor" means a nonprofit corporation incorporated under or subject to Part 2 (commencing with Section 5110) of Division 2 of Title 1 of the Corporations Code; a cooperative housing corporation which is a stock cooperative, as defined by Section 11003.2 of the Business and Professions Code; a limited dividend housing corporation as defined in Section 50568 of the Health and Safety Code; or a private housing developer who agrees to the conditions set forth in this subdivision

(4) Not more than 40 percent of the housing developed on land purchased at below market value pursuant to this subdivision may be housing which is not regulated as to price, rent, or eligibility of occupants, but only if the purchaser or lessee of the land demonstrates that the proceeds from the sale or rental of such housing, in an amount equal to the difference between the fair market value of the land at the time of purchase from the state and the actual price paid for the land by such purchaser is used to reduce prices or rents on other housing units developed upon the land purchased or leased and which are made available exclusively to persons and families of low or moderate income.

(f) The Department of Housing and Community Development, in consultation with the Department of General Services and the Office of Planning and Research, shall make a report to the

Legislature on or before January 1, 1981, with respect to effectiveness of the program and shall recommend any necessary legislative changes to the provisions of subdivision (d).

(g) Where such land is to be used for public purposes other than specifically set forth in this section, is to be operated by the local agency at no expense to the state, and the use and enjoyment of the public purpose contemplated will be of broad public benefit, and not a benefit basically of local interest enjoyed and used primarily by the residents of the area of tax jurisdiction of the local agency, the Director of General Services, with the approval of the State Public Works Board, may transfer the land to local governmental agencies at a sales price not less than 50 percent of fair market value. Any such transfer shall provide that if the land is not used for the contemplated purpose during the period of 25 years following the sale, the land shall revert to the state. The Director of General Services may provide additional terms and conditions as he determines to be in the best interest of the state.

(h) If there is more than one appropriate use and more than one offer for the use of a parcel of surplus land, the Department of General Services, in consultation with the Department of Housing and Community Development, the Department of Parks and Recreation, and the Office of Planning and Research, shall determine the most appropriate use for the parcel and the Department of General Services shall offer the land accordingly.

(i) Land that has been declared surplus by the Legislature, pursuant to Section 11011, is not needed by any state agency, is suitable for development for housing purposes, and is not in the process of being acquired pursuant to other provisions of this section, may upon the request of the Department of Housing and Community Development be retained by the Director of General Services for a period not exceeding five years, during which the Director of General Services shall continue to offer such lands for housing pursuant to subdivision (d)

(j) Transfer of state surplus lands under subdivision (d) shall be at a cost which will enable provision of economically feasible housing at affordable housing cost for persons and families of low or moderate income

(k) The provisions of this section shall not be applicable to the disposal by a state agency of surplus residential property, as defined in subdivision (d) of Section 54236 of the Government Code, as added by Senate Bill No. 86 of the 1979–80 Regular Session, if Senate Bill No. 86 is chaptered and becomes effective January 1, 1980, and adds Section 54237 to the Government Code.

SEC 3. Section 25539 1 of the Government Code is amended to read.

25539.1. The Legislature hereby finds that many persons and families of low or moderate income, as defined by Section 50093 of the Health and Safety Code, cannot afford to purchase housing in the conventional housing market. The Legislature also recognizes that

counties occasionally acquire residential property requiring substantial rehabilitation prior to being deemed habitable. Since maintenance of existing housing stock and the extension of opportunities for homeownership are desirable objectives, the Legislature declares that the public interest would be well served if counties were empowered to sell such residential property at less than market value to such persons and families of low or moderate income, on condition that the purchaser rehabilitate the home and reside therein for a specified length of time

SEC. 4. Section 25539.2 of the Government Code is amended to read·

25539.2. When the legislative body of a county finds the public interest and convenience require the sale for less than the market price of residential property acquired by the county, it may pass an ordinance providing for such sale. The ordinance shall set forth the procedure to be followed in completing such sales, including the qualifications required of a purchaser of such property, and shall contain provisions requiring that the purchaser of the property live in the property for a specified length of time and must rehabilitate such property to the extent specified in the ordinance; provided, however, that title to the property shall not be transferred until all the requirements set forth in the ordinance have been satisfied. Upon the transfer of title by the county pursuant to any ordinance adopted under the provisions of this section, compliance with the requirements of the ordinance shall be conclusively presumed in favor of a bona fide purchaser or encumbrancer for value. Persons eligible to purchase such residential property shall be persons and families of low or moderate income, as defined by Section 50093 of the Health and Safety Code. To the greatest extent possible, counties shall utilize such ordinances to assist very low income households, as defined by Section 50105 of the Health and Safety Code, and lower income households, as defined by Section 50079.5 of the Health and Safety Code.

SEC 5. Section 37362 of the Government Code is amended to read.

37362. The Legislature hereby finds that many persons and families of low or moderate income, as defined by Section 50093 of the Health and Safety Code, cannot afford to purchase housing in the conventional housing market The Legislature also recognizes that cities occasionally acquire residential property requiring substantial rehabilitation prior to being deemed habitable. Since maintenance of existing housing stock and the extension of opportunities for homeownership are desirable objectives, the Legislature declares that the public interest would be well served if cities were empowered to sell such residential property at less than market value to such persons and families of low or moderate income, on condition that the purchaser rehabilitate the home and reside therein for a specified length of time. The provisions of this section shall apply to a chartered city

SEC. 6. Section 37363 of the Government Code is amended to read:

37363. When the legislative body of a city finds the public interest and convenience require the sale for less than the market price of residential property acquired by the city, it may pass an ordinance providing for such sale. The ordinance shall set forth the procedure to be followed in completing such sales, including the qualifications required of a purchaser of such property, and shall contain provisions requiring that the purchaser of the property live in the property for a specified length of time and must rehabilitate such property to the extent specified in the ordinance, provided, however, that title to the property shall not be transferred until all the requirements set forth in the ordinance have been satisfied. Upon transfer of title by the city pursuant to any ordinance adopted under the provisions of this section, compliance with the requirements of the ordinance shall be conclusively presumed in favor of a bona fide purchaser or encumbrancer for value. Persons eligible to purchase such residential property shall be persons and families of low or moderate income, as defined by Section 50093 of the Health and Safety Code. To the greatest extent possible, cities shall utilize such ordinances to assist very low income households, as defined by Section 50105 of the Health and Safety Code, and lower income households, as defined by Section 50079 5 of the Health and Safety Code. The provisions of this section shall apply to a chartered city.

The deed or other instrument of conveyance shall provide that whenever the ownership of the land or the mortgagor corporation is no longer composed of a majority of the nonprofit or limited dividend sponsors, title to the land shall revert to the local agency.

SEC. 9 Section 50573 of the Government Code is amended to read:

33334.2. (a) That no need exists in the community, the provision of which would benefit the project area to improve or increase the supply of low- and moderate-income housing; or

(b) That some stated percentage less than 20 percent of the taxes which are allocated to the agency pursuant to Section 33670 is sufficient to meet such housing need; or

(c) That a substantial effort to meet low- and moderate-income housing needs in the community is being made, and that this effort, including the obligation of funds currently available for the benefit of the community from state, local, and federal sources for low- and moderate-income housing alone or in combination with the taxes allocated under this section, is equivalent in impact to the funds otherwise required to be set aside pursuant to this section. The legislative body shall consider the need that can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within or adjacent to the project area, because of increased employment opportunities, or because of any other direct or indirect result of implementation of the redevelopment plan.

In any litigation to challenge or attack a finding made under subdivision (a), (b), or (c), the burden shall be upon the agency to establish that the finding is supported by substantial evidence in light of the entire record before the agency.

Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of any legal obligations for replacement or relocation housing arising out of its activities.

In carrying out the purpose of this section, the agency may exercise any or all of its powers, including the following:

(a) Acquire land or building sites.

(h) Develop plans, pay principal and interest on bonds, loans, advances or other indebtedness, or pay financing or carrying charges.

The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.

The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that such use will be of benefit to the project. Such determination by the agency and the legislative body shall be final and conclusive as to the issue of benefit to the project area The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project Unless the legislative body finds before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project

The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after the effective date of this section, or for any area which is added to a project by an amendment to a redevelopment plan, which amendment is adopted on or after the effective date of this section An agency may, by resolution, elect to make all or part

of the requirements of this section applicable to any redevelopment project for which a redevelopment plan was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to such election.

SEC. 10.5. Section 33334.2 of the Health and Safety Code is amended to read:

(1) That no need exists in the community, the provision of which would benefit the project area to improve or increase the supply of low- and moderate-income housing; or

(2) That some stated percentage less than 20 percent of the taxes which are allocated to the agency pursuant to Section 33670 is sufficient to meet such housing need; or

(3) That a substantial effort to meet low- and moderate-income housing needs in the community is being made, and that this effort, including the obligation of funds currently available for the benefit of the community from state, local, and federal sources for low- and moderate-income housing alone or in combination with the taxes allocated under this section, is equivalent in impact to the funds otherwise required to be set aside pursuant to this section. The legislative body shall consider the need that can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within or adjacent to the project area, because of increased employment opportunities, or because of any other direct or indirect result of implementation of the redevelopment plan.

(b) Within 10 days following the making of a finding under subdivision (a), the agency shall send the Department of Housing and Community Development a copy of such finding, including the factual information supporting such finding.

(d) Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of any legal obligations for replacement or relocation housing arising out of its activities.

(8) Develop plans, pay principal and interest on bonds, loans, advances or other indebtedness, or pay financing or carrying charges.
(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.
(g) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that such use will be of benefit to the project Such determination by the agency and the legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project. (h) The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project
(i) The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after the effective date of this section, or for any area which is added to a project by an amendment to a redevelopment plan, which amendment is adopted on or after the effective date of this section. An agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project for which a redevelopment plan was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to such election

33334 5. Every redevelopment plan adopted or amended to expand the project area after January 1, 1977, shall contain a provision that whenever dwelling units housing persons and families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project, the agency shall, within four years of such destruction or removal, rehabilitate, develop, or construct, or cause to be rehabilitated, developed, or constructed, for rental or sale to persons and families of low or moderate income an equal number of replacement dwelling units at affordable housing costs, as defined by Section 50052 5, within the project area or within the territorial jurisdiction of the agency, in accordance with all of the provisions of Sections 33413 and 33413.5.

SEC. 17. Section 37922.2 of the Health and Safety Code is amended to read:

37922.2 If anticipated rent increases or other increases in housing costs will result in dislocation of residential rehabilitation area residents or will result in residents paying a disproportionately large percentage of their incomes for housing, the local agency shall take every possible action to prevent displacement of all residents as a result of the operation of the residential rehabilitation program in residential rehabilitation areas. 66427. A map of a condominium project, a community apartment project, or of the conversion of five or more existing dwelling units to a stock cooperative project need not show the buildings or the manner in which the buildings or the airspace above the property shown on the map are to be divided, nor shall the governing body have the right to refuse approval of a parcel, tentative or final map of such a project on account of design or location of buildings on the property shown on the map not violative of local ordinances or on account of the manner in which airspace is to be divided in conveying the condominium Fees and lot design requirements shall be computed and imposed with respect to such maps on the basis of parcels or lots of the surface of the land shown thereon as included in the project Nothing herein shall be deemed to limit the power of the legislative body to regulate the design or location of buildings in such a project by or pursuant to local ordinances

(b) Each of the tenants of the proposed condominium, community apartment project, or stock cooperative project has been or will be given notice of an exclusive right to contract for the purchase of their respective units upon the same terms and conditions that such units will be initially offered to the general public or terms more favorable to the tenant. The right shall run for a period of not less than 60 days from the date of issuance of the subdivision public report pursuant to Section 11018.2 of the Business and Professions Code, unless the tenant gives prior written notice of his intention not to exercise the right.

Such irrevocable offers may be terminated as provided in subdivisions (c) and (d) of Section 66477.2.

The provisions of this section do not apply to condominium projects or stock cooperatives which consist of the subdivision of airspace in an existing apartment building which is more than five years old when no new dwelling units are added.

SEC. 7. Section 66477 of the Government Code is amended to read:

66477. The legislative body of a city or county may, by ordinance, require the dedication of land, the payment of fees in lieu thereof, or a combination of both, for park or recreational purposes as a condition to the approval of a final map or parcel map, provided that:

(a) The ordinance has been in effect for a period of 30 days prior to the filing of the tentative map of the subdivision or parcel map.

(b) The ordinance includes definite standards for determining the proportion of a subdivision, to be dedicated and the amount of any fee to be paid in lieu thereof

(c) The land, fees, or combination thereof are to be used only for the purpose of providing park or recreational facilities to serve the subdivision.

(d) The legislative body has adopted a general plan containing a recreational element, and the park and recreational facilities are in accordance with definite principles and standards contained therein.

(e) The amount and location of land to be dedicated or the fees to be paid shall bear a reasonable relationship to the use of the park and recreational facilities by the future inhabitants of the subdivision.

(f) The city or county shall develop a schedule specifying how and when it will use the land or fees or both to develop park or recreational facilities Any fees collected under the ordinance shall be committed within five years after the payment of such fees or the issuance of building permits on one-half of the lots created by the subdivision, whichever occurs later. If such fees are not committed, they shall be distributed and paid to the then record owners of the subdivision in the same proportion that the size of their lot bears to the total area of all lots within the subdivision

(g) Only the payment of fees may be required in subdivisions containing 50 parcels or less

(h) Subdivisions containing less than five parcels and not used for residential purposes shall be exempted from the requirements of this section, provided however, that a condition may be placed on the approval of such parcel map that if a building permit is requested for construction of a residential structure or structures on one or more of the parcels within four years the fee may be required to be paid

by the owner of each such parcel as a condition to the issuance of such permit.

Land or fees required under this section shall be conveyed or paid directly to the local public agency which provides park and recreational services on a communitywide level and to the area within which the proposed development will be located, if such agency elects to accept the land or fee. The local agency accepting such land or funds shall develop the land or use the funds in the manner provided herein.

In the event park and recreational services and facilities are provided by a public agency other than a city or a county, the amount and location of land to be dedicated or fees to be paid shall be jointly determined by the city or county having jurisdiction and such public agency

The provisions of this section do not apply to industrial subdivisions; nor do they apply to condominium projects or stock cooperatives which consist of the subdivision of airspace in an existing apartment building which is more than five years old when no new dwelling units are added, nor do they apply to parcel maps for a subdivision containing less than five parcels for a shopping center containing more than 300,000 square feet of gross leasable area and no residential development or uses.

Park and recreation purposes shall include land and facilities for the activity of "recreational community gardening," which activity consists of the cultivation by persons other than, or in addition to, the owner of such land, of plant material not for sale.

SEC. 8. (a) Any sales made pursuant to a subdivision public report hereafter issued by the Department of Real Estate for a stock cooperative conversion shall not be deemed invalid under the provisions of this act, if the application for that public report, including payment of an appropriate fee, was made prior to July 1, 1979.

(b) Subdivision (a) of this section shall not apply to stock cooperative conversions which occur in the jurisdiction of governmental agencies which by legislative action regulated such conversions under the provisions of Subdivision Map Act prior to January 1, 1980. Governmental agency regulation of such conversions under the provisions of the Subdivision Map Act, which was exercised pursuant to a legislative enactment prior to January 1, 1980, shall not be invalidated by this section; provided, that no such regulation enacted after July 1, 1979, shall affect a stock cooperative conversion if the application for that conversion's public report, including payment of an appropriate fee, was made prior to July 1, 1979

any service required to be carried on or performed by it by this act

[Approved by Governor September 30, 1979 Filed with Secretary of State September 30, 1979]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds as follows:

(a) The patient population in private residential care facilities for the mentally disordered has changed dramatically over recent years Where previously the majority of such patients were in their 50's, the majority are now in their 30's, and likely to be more active and violent with problems of alcohol or drug addiction and behavior control

(b) Rates set for private residential care facilities for the mentally disordered are insufficient to assure adequate treatment of patients' programmatic needs because the rate structure is not based on such needs

(c) Due to such insufficient payments, operators of private residential care facilities are not given any incentive to serve the more severely disturbed, and it is difficult to recruit sufficient private residential care facilities.

SEC. 2. Chapter 3 (commencing with Section 4075) is added to Part 1 of Division 4 of the Welfare and Institutions Code, to read:

CHAPTER 3. PRIVATE RESIDENTIAL CARE FACILITIES

4075. The department shall establish and maintain an equitable system of payment for the special needs of mentally disordered persons in private residential care facilities for the mentally disabled as follows·

(a) The rates of payment shall be based on the functional ability and programmatic needs of clients.

(b) The department shall establish eligibility criteria for private residential care facilities, including, but not limited to, training and educational requirements for facility operators and staff and ability to meet specified special needs of clients.

(c) The department shall adopt regulations implementing the provisions of this section by July 1, 1980.

(d) By July 1, 1980, and each year thereafter, the department shall establish rates Such rates shall annually be proposed to the Legislature by March 1 and shall be operative on July 1 of each year, subject to the appropriation of sufficient funds for such purpose in the Budget Act In establishing rates to be paid, the department shall include, but not be limited to, each of the cost elements in this section as follows·

(1) Rates established for all facilities shall include an adequate amount to care for "basic living needs" of a mentally disordered person. "Basic living needs" are defined to include housing (shelter, utilities, and furnishings), food, and personal care These amounts shall be adjusted annually to reflect cost-of-living changes. A redetermination of basic living costs shall be undertaken every three years by the State Department of Mental Health using the best available estimating methods.

(2) To the extent applicable, rates established for facilities shall include a reasonable amount for "unallocated services." Such costs shall be determined using generally accepted accounting principles. "Unallocated services" means the indirect costs of managing a facility and includes costs of managerial personnel, facility operation, maintenance and repair, employee benefits, taxes, interest, insurance, depreciation, and general and administrative support. If a facility serves other persons in addition to mentally disordered persons, unallocated services expenses shall be reimbursed under the provision of this section, only for the proportion of the costs associated with the care of mentally disordered persons.

(3) Rates established for facilities shall include an amount to reimburse facilities for the depreciation of "mandated capital

improvements and equipment" as established in the state's uniform accounting manual For purposes of this section, "mandated capital improvements and equipment" are only those remodeling and equipment costs incurred by a facility because an agency of government has required such remodeling or equipment as a condition for the use of the facility as a provider of care to mentally disordered persons.

(4) Rates established for all facilities shall include as a "factor" an amount to reflect differences in the cost of living for different geographic areas in the state.

(5) Rates established for facilities shall include an amount for supervision where the functional ability or programmatic needs of residents require augmented supervisory staff.

(6) Under no circumstances shall the rate of payment to any provider of care under this chapter exceed the average amount charged to private clients residing in the same facility, nor shall the monthly rate of payment to any such facility exceed the average monthly cost of services for all persons with mental disabilities who reside in state hospitals

(7) Rates of payment for private residential care facilities shall be established in such ways as to assure the maximum utilization of all federal and other sources of funding, to which mentally disordered persons are legally entitled, prior to the commitment of state funds for such purposes.

4076 Each county shall apply for the adjusted rates established under this chapter as part of the Short-Doyle plan pursuant to Section 5651

4077. The county shall certify and make payment to eligible facilities and evaluate their eligibility annually.

4078 Facilities funded pursuant to this chapter shall be licensed under existing licensing categories, including provisional licenses. CHAPTER 4 CASE MANAGEMENT PILOT PROJECT

4080 The Legislature recognizes the necessity of providing a method to secure the delivery of appropriate and timely restorative and preventive services when needed by recidivists in outpatient status from state mental hospitals in order to prevent unnecessary rehospitalization

For this purpose, the Legislature intends to provide as a pilot project a case management system in order to prevent unnecessary recidivism into inpatient psychiatric care.

4081 The State Department of Mental Health shall develop and implement a case management pilot project. The pilot project shall be conducted in one county designated by the director that has all of the characteristics of a large county representative of urban and rural areas that is experiencing a need for a case management system and within which a state hospital is located. The department shall enter into a contract with the designated county to conduct the pilot project.

4082. The pilot project design shall include at least the following components:

(a) The department shall define the population to be served by the project based upon the number of readmissions of the person into inpatient state hospital care during a specified time period This definition shall include persons who have been admitted to a state hospital at least once.

(b) Case managers to supply case management services.

(c) A control group of patients who do not receive case management services for the purposes of comparison with the patients receiving case management services under this chapter.

(d) An administrative structure under which the case manager shall upon request be able to secure appropriate and timely services for the case management client. This component includes, but is not limited to, the following.

(1) Securing immediate services, if necessary, or services at the time needed.

(2) Medical or nonmedical services from professional persons, facilities, or other appropriate sources.

(3) Transfers into, out of, and between facilities.

(e) Criteria for the termination of case management services to a case management client

4083. This chapter shall be implemented no later than January 1, 1980, and operate for a period of two years after its implementation date.

The department shall make a progress report to the Subcommittee on Mental Health and Developmental Disabilities of the Assembly Committee on Health, to the Assembly Ways and Means Committee, and to the Senate Health and Welfare Committee six months after the project's implementation date and every six months thereafter, and a final report within three months after the pilot project termination date. The final report shall summarize all reports, after validating the data included in such reports, and shall make recommendations, including the extent to which the case management system prevents unnecessary recidivism, the need for additional legislation, funding, data collection, and any other actions which can be taken by the state to prevent unnecessary recidivism to state hospitals

4084. This chapter shall remain operative only until March 31, 1982, and as of that date is repealed unless a later enacted statute which is chaptered before March 31, 1982, deletes or extends such

date.

SEC. 4. There are no state-mandated local costs in this act that require reimbursement under Section 2231 of the Revenue and Taxation Code. However, there may be state-mandated local costs resulting from executive orders based on this act in subsequent fiscal years. Such costs can be provided for in accordance with the provisions of Section 2231 of the Revenue and Taxation Code.

SEC. 5. There is hereby appropriated from the General Fund to the State Department of Mental Health the sum of seven hundred fifty thousand dollars ($750,000) for expenditure in accordance with the following schedule:

(a) For the purposes of establishing the eligibility criteria and rates of payment pursuant to Chapter 3 (commencing with Section 4075) of Part 1 of Division 4 of the Welfare and Institutions Code and for reviewing the licensing categories pursuant to Section 4078 of the Welfare and Institutions Code	$250,000
(b) For the purposes of Chapter 4 (commencing with Section 4080) of Part 1 of Division 4 of the Welfare and Institutions Code.	500,000

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect The facts constituting such necessity are:

In order that this act, which would provide a vital component of local Short-Doyle programs, and to assure prompt implementation of an adequate reimbursement rate structure for private residential care facilities providing care in connection with such programs, may be effective commencing with the 1979–80 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 1195

An act to add Sections 3502.1 and 3502.2 to the Public Utilities Code, relating to carriers, and making an appropriation therefor.

[Approved by Governor September 30, 1979 Filed with Secretary of State September 30, 1979.]

The people of the State of California do enact as follows:

SECTION 1. Section 3502.1 is added to the Public Utilities Code, to read

3502.1. The Legislature finds and declares that it is the policy of this state to achieve increasingly efficient utilization of energy in the performance of transportation services by highway carriers

SEC 2. Section 3502.2 is added to the Public Utilities Code, to read.

3502.2. (a) The commission shall prepare and adopt on or before December 31, 1980, a transportation energy efficiency plan for highway carriers. The commission shall make a finding in every rule, order, and decision that it fully complies with applicable guidelines established in the transportation energy efficiency plan.

(b) The plan prepared and adopted pursuant to subdivision (a) shall be developed in cooperation with the State Energy Resources Conservation and Development Commission.

SEC. 3. There is hereby appropriated from the Transportation Rate Fund to the Public Utilities Commission the sum of ninety thousand dollars ($90,000) for the purposes of this act.

CHAPTER 1196

An act relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1979 Filed with Secretary of State September 30, 1979]

The people of the State of California do enact as follows:

SECTION 1. The county tax collector shall notify each assessee who is responsible for the payment of, but who has not presently paid, real property taxes for the 1978–79 fiscal year of any reduction in such taxes resulting from the enactment of Chapter 49 of the Statutes of 1979. Such assessee whose property taxes are so reduced shall be exempt from payments of penalties, fees and costs on the delinquency provided that the assessee pays the total property taxes due for the 1978–79 fiscal year within 30 days after receipt of notification by the tax collector of the reduced amount due.

SEC. 2 The Legislature finds and declares that it is in the public interest to exempt assessees from payments of penalties, fees and costs for nonpayment of property taxes which were based on improper assessment practices for the 1978–79 fiscal year.

SEC 3. In enacting Chapter 49 of the Statutes of 1979 the Legislature intended to correct an improper assessment practice which has resulted from the misinterpretation of Article XIII A of the California Constitution, as added to the California Constitution pursuant to the approval by the voters, of Proposition 13 on the ballot for the Direct Primary Election held June 6, 1978, and Section 110.1 of the Revenue and Taxation Code, as added by Chapter 292 of the Statutes of 1978, amended by Chapter 332 of the Statutes of 1978, and further amended by Chapter 576 of the Statutes of 1978.

It is further the intent of the Legislature that this act be construed as an act necessary for the implementation of Proposition 13, and, as

such, is not a cost mandated by the state.

No appropriation is made by this act, nor is any obligation created thereby, pursuant to Section 2231 or 2234 of the Revenue and Taxation Code. Moreover, no claim shall be considered with respect to this act by the State Board of Control pursuant to Section 905.2 of the Government Code or Section 2250 of the Revenue and Taxation Code, and the Department of Finance shall not review or report on this act pursuant to Section 2246 of the Revenue and Taxation Code.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Proposition 13 on the ballot for the Direct Primary Election held on Tuesday, June 6, 1978, added a new Article XIII A to the California Constitution to limit ad valorem taxes on real property to 1 percent of full cash value and specified that such value would be the full cash value of such property for the 1975–76 fiscal year, or fiscal years thereafter when such property was purchased, newly constructed, or a change in ownership has occurred, as adjusted to reflect specified growth in the cost of living. Uncertainty existed in the determination of full cash value for the 1975–76 fiscal year, resulting in the reappraisal of property with regard to the 1975–76 fiscal year although such property had been timely appraised for the 1975–76 fiscal year and which therefore was correctly assessed for the 1975–76 fiscal year, within the meaning of Chapter 49 of the Statutes of 1979. Therefore, in order to prevent undue financial hardship resulting from charging penalties and interest on erroneous tax levies for the 1978–79 fiscal year and to correct the collection of such taxes with a minimum of administrative difficulty, this act must go into effect immediately.

CHAPTER 1197

An act to amend Section 14142 of, and to add Section 14145 to, the Welfare and Institutions Code, relating to Medi-Cal, and making an appropriation therefor.

[Approved by Governor September 30, 1979 Filed with Secretary of State September 30, 1979]

The people of the State of California do enact as follows:

SECTION 1. Section 14142 of the Welfare and Institutions Code is amended to read:

14142 Notwithstanding Section 14005.4 or 14005.7, a person who is otherwise eligible for dialysis and related services under Section 14005.4 or 14005 7, except for his income and resource eligibility, is eligible for dialysis and related services under Medi-Cal pursuant to

SEC. 2 Section 14145 is added to the Welfare and Institutions Code, to read:

14145. Notwithstanding any provision of this article or of any other statute to the contrary, any person who is eligible under Section 14005.4 or 14005.7 for dialysis and related services and who is employed and individually earning an amount which exceeds the minimum needs standard, and who receives dialysis services either through a self-dialysis unit of a dialysis clinic or through home dialysis, shall be eligible for dialysis and related services under Medi-Cal pursuant to this article and shall, after utilizing other contractual or legal entitlements pursuant to Section 14143, be liable to pay only the amounts specified in subdivision (b) of Section 14142, except that such percentage obligations shall be 1 percent for each five thousand dollars ($5,000) family unit net worth. Persons eligible for services under this section shall not be subject to Section 14144.

SEC 3. The sum of four hundred thousand dollars ($400,000) is hereby appropriated from the General Fund to the Health Care Deposit Fund to pay the costs incurred by the Medi-Cal program pursuant to Sections 1 and 2 this act.

SEC. 4. Physician services shall be reimbursed at a rate which is not less than 3 percent higher than the reimbursement rate for each service or charge which was in effect on June 30, 1979, or the reimbursement rate for a service or charge provided for by administrative regulations pursuant to Title 22 of the California Administrative Code in effect on August 30, 1979, whichever is higher.

However, nothing in this act shall be construed to prohibit the State Department of Health Services from adopting administrative regulations to reduce fees for abortions, or from increasing the reimbursement rate for any provider of health care services to a level

higher than the rates required by this act, or from making such adjustments to the reimbursement rates for physician services as are necessary to implement the 1974 Relative Value Studies published by the California Medical Association, or from maintaining a uniform reimbursement system for clinical laboratory services, or from adjusting the reimbursement rates for providers of health care services as required by either federal law, the State Plan under Title XIX of the federal Social Security Act, or the provisions of Section 14120 of the Welfare and Institutions Code.

The amendment shall specify the date upon which the agency and its employees shall become subject to the provisions. Any such election so made by amendment to the contract shall be irrevocable until the contract is terminated, except, however, benefits provided by such amendment may be increased or improved from time to time by further amendment to the contract. From and after the date specified in the amendment to the contract such provisions, as they are in effect at the time of election and as they may be amended in the future, shall apply to the contracting agency and to its employees, and the rights, privileges, duties, liabilities, and responsibilities of the contracting agency and of each of its employees included in this system shall be governed thereby.

I have deleted the appropriation in Section 2 (b) for partial funding of the half-quarter continuance benefit for survivors of classified school district employees who were members of the Public Employees' Retirement System I am not convinced that the State should assume full financial responsibility for a benefit which would cost

The number of years of service credit to be granted shall be the product of a factor and the number of days of accumulated and unused leave of absence for illness or injury. The factor shall be determined by dividing the number 1 by the number of days of service required by the member's contract of employment during his final year of service in a position requiring membership in this system. When the member has made application for retirement pursuant to Section 23900, the school district or other employing agency shall certify to the Teachers' Retirement Board the number of days of accumulated and unused leave of absence for illness or injury to which the employee is entitled on his final day of employment.

There is in the state government, in the Agriculture and Services Agency, a Franchise Tax Board consisting of the State Controller, the Director of Finance and the Chairman of the State Board of Equalization. The Franchise Tax Board is the successor to, and is vested with, all of the duties, powers, purposes, responsibilities, and jurisdiction of the Franchise Tax Commissioner, but the statutes and laws under which that office existed and all laws prescribing the duties, powers, purposes, responsibilities and jurisdiction of that office, together with all lawful rules and regulations established thereunder, are expressly continued in force. "Franchise Tax Commissioner" when used in any statute, law, rule or regulation now in force, or that may hereafter be enacted or adopted, means the Franchise Tax Board. No action to which the Franchise Tax Commissioner is a party shall abate by reason hereof but shall continue in the name of the Franchise Tax Board, and the Franchise Tax Board shall be substituted for the Franchise Tax Commissioner by the court wherein the action is pending. The substitution shall not in any way affect the rights of the parties to the action.

Notwithstanding any other provision of the law to the contrary, any directive or regulation adopted by the Franchise Tax Board shall take precedence over any directive or regulation adopted by its executive officer

SEC. 12. Section 15701 of the Government Code is amended to read:

15701. The Franchise Tax Board may appoint an executive officer who shall be a civil executive officer and shall perform such duties as are delegated to him by the Franchise Tax Board. The executive officer may be removed by a two-thirds vote of the Franchise Tax Board. The Legislature hereby requests the Franchise Tax Board to designate said executive officer as the person holding the position confidential to it, within the meaning of subdivision 5, of Section 4, Article XXIV of the Constitution. The annual salary of the executive officer is provided for by Chapter 6 of Part 1 of Division 3 of Title 2 of the Government Code. The executive officer shall employ, in addition to existing employees of the Franchise Tax Commissioner, such other assistants and clerical and other employees as he deems necessary for the effective conduct of his work, and shall fix their compensation in accordance with law.

CHAPTER 1204

An act relating to local law enforcement, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately

[Became law without Governor's signature October 1, 1979 Filed with Secretary of State October 1, 1979]

The people of the State of California do enact as follows:

SECTION 1 It is the purpose of this act to reimburse local agencies for extraordinary costs incurred by them to meet the added burdens of providing law enforcement protection under extraordinary circumstances in fiscal year 1978–79

SEC 2 As used in this act.

(a) "Extraordinary circumstances" means the disruption of the public peace, order, health, or safety accompanied by actual or potential riot and violence which takes place on a continuous, though not uninterrupted, basis.

(b) "Extraordinary costs" means costs incurred by local agencies in providing a stepped-up level of law enforcement protection necessitated by extraordinary circumstances Such costs are limited to overtime, transportation, and supply costs necessitated by utilizing law enforcement personnel for longer hours than regular shifts in excess of normal work routine, overtime, transportation, and

supply costs necessitated in order to honor mutual aid agreements, and costs incurred in order to provide for the housing and maintenance of law enforcement personnel pursuant to a mutual aid agreement. Extraordinary costs shall not include the cost of equipment or any other capital expenditures.

(d) "Local agency" means a city, county, city and county, or special district.

(e) "Mutual aid agreement" means any pact, contract, or agreement with one or more local agencies that provides for assistance by one or more agencies to another for law enforcement requirements.

(f) "Stepped-up level of law enforcement" means the level of law enforcement, greater than would be required under normal circumstances, necessary to meet extraordinary circumstances and provided through the utilization of overtime, additional manpower from other local agencies pursuant to mutual aid agreements, and other means.

SEC. 3. The governing board of any local agency may apply to the State Controller, no later than November 1, 1979, requesting reimbursement for costs resulting from the need to provide a stepped-up level of law enforcement services to meet extraordinary circumstances in fiscal year 1978–79. Applications shall be in the form of a resolution of the governing body requesting reimbursement for extraordinary costs incurred in fiscal year 1978–79, and certifying all of the following

(a) That the local agency has had to deploy law enforcement personnel on a stepped-up level to respond to extraordinary circumstances within its jurisdiction, or has been required to provide a stepped-up level of law enforcement, utilizing its own personnel, for other local agencies, in order to honor mutual aid agreements with those other agencies

(b) That the local agency has incurred extraordinary costs, as defined in this act, to provide a stepped-up level of law enforcement service due to extraordinary circumstances. A statement of costs detailing overtime and other expenses for which reimbursement is requested shall also accompany the resolution.

SEC. 4 Claims submitted to the State Controller shall first be reviewed by the State Board of Control at a public hearing within 45 days of the receipt of the claims by the Controller The State Board of Control shall take testimony and make the following determinations

(a) Whether the law enforcement functions of the local agency relating to any extraordinary circumstances for which a claim is filed were performed with impartiality and fairness

(b) Whether the claim submitted is in fact for extraordinary costs, as defined in subdivision (b) of Section 2, incurred in fiscal year

1978–79.

SEC 5 Upon determinations by the State Board of Control that the law enforcement functions for which a claim is filed were performed with impartiality and fairness and that the claim is for extraordinary costs incurred in fiscal year 1978–79, the State Controller shall examine the resolution and audit the statement of cost to determine compliance with the provisions of this act. The State Controller shall determine the amount of such costs eligible for reimbursement pursuant to this act, and shall then pay to each local agency, from the sum appropriated by this act, 80 percent of such eligible costs. If sufficient funds are not available to pay each local agency 80 percent of its extraordinary costs, the State Controller shall pay a pro rata amount to each local agency in the proportion that the total amount determined to be extraordinary costs bears to the total amount appropriated for the purposes of this act. The State Controller shall include any amounts necessary to satisfy the remainder of such claims in a request for a deficiency appropriation

The State Controller shall determine the extraordinary costs to be reimbursed to each local agency pursuant to this act by an examination of the statement of costs submitted to him or her by the local agency and any other relevant evidence. A local agency shall submit such other documents and evidence as requested by the State Controller in order to make such determination

SEC. 6. The sum of one million seventy-one thousand dollars ($1,071,000) is hereby appropriated from the General Fund to be allocated as follows:

(a) One million dollars ($1,000,000) to the State Controller for allocation pursuant to this act to eligible local agencies for the purpose of providing funds to reimburse them for extraordinary costs.

(b) Forty-six thousand dollars ($46,000) to the State Controller for costs incurred pursuant to this act.

(c) Twenty-five thousand dollars ($25,000) to the State Board of Control for costs incurred pursuant to this act.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect The facts constituting such necessity are:

In order to provide necessary funds for extraordinary costs incurred as a result of extraordinary circumstances necessitating a stepped-up level of law enforcement by local agencies which cause or threaten to cause the allotted funds of local law enforcement agencies to exceed their budgets for the balance of fiscal year 1978–79, it is necessary that this act take immediate effect.

SEC 1 5 Section 6329 of the Elections Code is amended to read:

6329 On the first Sunday in May of the presidential primary year, at 2 p.m., the caucus chairperson in each congressional district shall convene a caucus for the purpose of electing potential delegates and one-half the alternate delegates. The steering committee of each candidate or uncommitted delegation shall have sole authority to establish rules and procedures, including the naming of caucus chairpersons, by which the caucuses of that candidate or uncommitted delegation shall be conducted Such rules and

procedures shall be uniform statewide, and in compliance with the Democratic State Central Committee's delegate selection and affirmative action plan. Each caucus shall elect a slate of 10 delegate nominees in each congressional district pursuant to Article 2 (commencing with Section 6305) of Chapter 4 of Division 6, ranked in the manner specified by the Democratic State Central Committee's delegate selection and affirmative action plan. Such slate shall be transmitted to the steering committee of each candidate and uncommitted delegation.

Prior to the election of the Democratic National Convention delegates and alternates, at all levels, the Democratic State Central Committee shall transmit to the steering committee of each presidential candidate and uncommitted delegation a list of all persons who have filed for delegate or alternate positions pledged to that presidential candidate or uncommitted delegation. All such delegate candidates and alternate candidates shall be considered bona fide supporters of the presidential candidates or uncommitted delegations that they have pledged to support, unless the steering committee provides otherwise in writing to the Democratic State Central Committee by the time specified in the delegate selection and affirmative action plan.

Delegate and alternate candidates removed from the list of bona fide supporters by the steering committee of a presidential candidate or uncommitted delegation may not be elected as a delegate or alternate pledged to that presidential candidate or uncommitted delegation

Except as provided in this section, no delegate or alternate candidate may be removed from the list of bona fide supporters, unless, at least three names remain for each delegate or alternate delegate allocated in each congressional district, and, in the case of at-large and elected official delegates, and alternates, at least three names remain for each delegate or alternate position to which each presidential or uncommitted delegation is entitled.

Each participant at each caucus shall reside in and be a registered Democrat of the congressional district of the caucus he or she attends and each shall sign a statement of support for that presidential candidate or uncommitted delegation. Within five days after the convening of the caucus, the steering committee of each candidate or uncommitted delegation shall rank and select the number of potential delegates and alternate delegates allotted to each congressional district from the slate of 10 nominated delegates provided by each caucus Such ranking and selection process shall be at the sole discretion of the steering committee, alternating between potential delegate men and potential delegate women Immediately, thereafter, the chairperson of a steering committee shall file with the Secretary of State a statement containing the names of potential delegates and alternate delegates from each congressional district In all cases, the slate for each congressional district shall be equal to the number of delegates and one-half the alternate delegates allotted to

each congressional district pursuant to Article 2 (commencing with Section 6305) of this chapter.

SEC. 2 Section 6365 of the Elections Code is amended to read:

6365. On or before the Wednesday preceding the third Saturday following the primary, the steering committee of each candidate or uncommitted delegation shall announce the names of the congressional district delegates and alternate delegates. On the second Saturday following the primary election, the Democratic State Central Committee shall transmit to the steering committee of each presidential candidate or uncommitted delegation a list of the persons who have filed for elected official, at-large, and alternate delegate positions pledged to that presidential candidate or uncommitted delegation. All such delegate candidates and alternate candidates shall be considered bona fide supporters, unless rejected in accordance with the provisions set forth in Section 6329. On the third Saturday following the presidential primary election, the steering committees of the candidates and uncommitted delegations and congressional district delegates shall meet in convention at the time and place specified by the chairperson of the Democratic State Central Committee in consultation with the chairperson of each steering committee, to elect the party leader and elected official, at-large, and one-half the alternate delegates. The chairperson of the Democratic State Central Committee shall serve as chairperson of the convention until the selection process is completed.

SEC. 3 Section 6365.1 of the Elections Code is amended to read:

6365.1. On or before the Monday preceding the third Saturday following the primary the Secretary of State, in consultation with the chairperson of the Democratic State Central Committee, shall announce the number of delegates and alternate delegates to which each candidate or uncommitted delegation is entitled based on the vote in each congressional district. The steering committee of each candidate or uncommitted delegation shall choose from among the individuals who were elected at the congressional district level and whose names were submitted to the Secretary of State as potential delegates pledged to the various candidates and uncommitted delegation from each congressional district, the number of delegates and alternate delegates to which each candidate or uncommitted delegation is entitled.

Delegates shall be ranked in the manner specified in the Democratic State Central Committee's delegate selection and affirmative action plan. Such ranking shall not be altered. The allocation of delegates and alternates to presidential candidates and uncommitted delegations shall be chosen from this list in the order in which they are ranked

The delegates shall be chosen to reflect the strength of support a candidate or uncommitted delegation has received in each congressional district by first determining the applicable percentage threshold for each congressional district. The applicable percentage or threshold shall be determined by dividing the number of

delegates in the congressional district into 100 percent to find the threshold The threshold, however, shall not exceed 20 percent

After determining the threshold percent, calculate the percentage of the vote received in that district by each presidential candidate or uncommitted delegation.

Next, divide the total vote received in that district by all the candidates or uncommitted delegations, or both, that meet or exceed the threshold into the number of votes received by each candidate or uncommitted delegation, to three decimals. Then, multiply the resulting percentages by the total number of delegates to be selected. Each candidate or uncommitted delegation shall be entitled to the whole number of delegates in the product. Remaining delegates, if any, shall be awarded in order of the highest fractional remainders. In case of a tie, the delegate shall be awarded to the candidate with the highest total vote, or if the vote is a tie, by drawing lots. Alternates shall be allocated in the same manner as delegates

If only one candidate or uncommitted delegation received a percentage of the votes which percent equaled or exceeded the threshold, one delegate must be awarded to the candidate or uncommitted delegation with the next highest vote total, except in the case where such candidate's or uncommitted delegation received 85 percent or more of the votes, or the front-running candidate or leading uncommitted delegation is at least 50 percent or more percentage points ahead of the next candidate or uncommitted delegation and the next candidate or uncommitted delegation received 15 percent or less of the vote, such candidate or delegation shall be awarded all the delegates.

If no candidate or uncommitted delegation in a particular congressional district received a percentage of the vote which equaled or exceeded the threshold percent for that district, the delegates shall be allocated by using a recalculated threshold, which shall be the percentage of the vote received by the frontrunner minus 10 percent Once the threshold is calculated, the formula set forth in this section shall be utilized for allocating delegates.

In the event of a tie, a delegate shall be awarded to the candidate with the highest statewide popular vote.

In the event that an uncommitted designation was included on the ballot pursuant to Section 6360, and in the event that the uncommitted designation qualifies for delegates pursuant to the provisions of this section, a designee of the chairperson of the Democratic State Central Committee shall convene an uncommitted caucus in each applicable congressional district for the purpose of electing delegates prior to the third Saturday following the primary.

SEC. 4. Section 6365.2 of the Elections Code is amended to read:

6365.2. (a) After the election of congressional district delegates and prior to the election of at-large delegates and one-half the alternates, those national convention delegates elected at the

congressional district level shall elect additional delegates equal in number to 10 percent of the publicly elected and at-large delegates from Democratic party leaders and elected officials.

In the election of party leaders and elected official delegates, priority of consideration shall be given to, among others, Democratic state constitutional officers, United States Senators, state party chair, state party vice chairs, members of the Legislature, members of the House of Representatives, and members of the Democratic National Committee Delegates elected at this level shall reflect the division of presidential or uncommitted delegation preference, and may be rejected pursuant to the provisions of Section 6329. Elected state officers shall have the option of being a candidate for delegate or alternate delegate at any level.

(b) The remaining 25 percent of the delegation shall be chosen at large, and in all cases the election of an at-large delegation shall be used, if necessary, for purposes of achieving the representational goals established in the Democratic State Central Committee's delegate selection and affirmative action plan, and shall be apportioned among the presidential candidates and uncommitted delegations based on recalculated percentages determined by the vote each candidate or uncommitted delegation received statewide divided by the total combined statewide vote for all candidates and uncommitted delegations meeting a 15 percent threshold. No at-large delegates shall be awarded to any candidate or uncommitted delegation that fails to meet the established threshold.

(c) The at-large delegates referred to in subdivision (b) and one-half of the alternates shall be elected by separate caucuses of the steering committee and the already elected delegates pledged to the various candidates or who are members of an uncommitted delegation. Such election proceedings shall be conducted in accordance with the rules of the Democratic National Committee and the Democratic State Central Committee. Each caucus shall be chaired by the chairperson of the appropriate steering committee.

(d) The delegation so formed shall thereafter select a chairperson and other officers of the delegation, select convention committee members, and proceed with such other business as they may choose to conduct.

CHAPTER 1206

An act to add and repeal Article 4 (commencing with Section 32230) to Chapter 2 of Part 19 of the Education Code, relating to school violence and vandalism.

[Became law without Governor's signature October 1, 1979 Filed with Secretary of State October 1, 1979]

The people of the State of California do enact as follows:

SECTION 1. Article 4 (commencing with Section 32230) is added to Chapter 2 of Part 19 of the Education Code, to read:

Article 4 School Violence and Vandalism

32230. The Legislature recognizes that crime, including violence and vandalism, has reached an alarming level on school campuses throughout California, and that there is a need for the gathering of data and information relating to the complex problems of school-related crime and violence in order to develop effective techniques and programs to combat crime on campuses.

It is the intent of the Legislature that such data and information on school-related crime and violence be gathered by affected agencies, pursuant to this article, within the course of regular duties and without the expenditure of additional resources.

32231. The Department of Education shall request the governing board of every school district to report twice a year to the county superintendent of schools the information needed by the county superintendent for completion of the forms relating to school related crime and violence. The department shall request each county superintendent to compile the data and report to the Department of Education within 30 days, on forms prepared and supplied by the Department of Education, information relating to school-related crime and violence, which shall include, but shall not be limited to, all of the following:

(a) The techniques utilized to effectively combat crime and violence on school campuses.

(b) The nature, extent, cost, and effectiveness of prevention and control programs.

(c) Crime incident and cost information, including frequency of incidents, types of incidents, unit cost of incidents, and total cost of incidents.

(d) Victimization-incident descriptions.

(e) The modus operandi and the number of offenders.

(f) The school status of offenders.

32232. The Department of Education shall publish annually a statewide report on crime and violence in the public schools utilizing the information submitted pursuant to Section 32231 to be made available to the public and to school districts. Each report shall contain an evaluation of the statewide and district problems concerning school-related crime and violence and shall contain particular information on techniques which have been effectively utilized in any school district to combat crime and violence in the public schools.

32233 This article shall remain in effect only until January 1, 1982, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1982, deletes or extends such date.

CHAPTER 1207

An act to amend Sections 11011.1, and 65943, to add Section 65453 to, to add Article 6 (commencing with Section 65050) to Chapter 1.5 of Division 1 of Title 7 of, and to add Chapter 4.3 (commencing with Section 65915) to Division 1 of Title 7 of, the Government Code, and to amend Sections 50074, 50080, 50951, 51002, 51053, 51054, 51055, 51056, 51100, 51101, 51125, 51226, 51252, 51305, 51306, 51311, 51600, 51601, 51607, 51611, 51650, 51652, 51653, 51654, 51800, 51803, 51852, 51852.5, 51853, and 51900 of, to add Sections 50093.5 and 51901 to, and to repeal Sections 50088, 51307, 51309, 51606, 51651, 51801, and 51854 of, the Health and Safety Code, and to amend Section 17053.5 of the Revenue and Taxation Code, relating to housing, and making an appropriation therefor, to take effect immediately, tax levy.

[Approved by Governor October 1, 1979 Filed with Secretary of State October 2, 1979]

The people of the State of California do enact as follows.

SECTION 1. The Legislature finds and declares that the present supply of housing in California is less than present demand, and that under present circumstances and law, imbalance between supply and demand is likely to increase in the foreseeable future. This problem is general in nature, and does and will exist in urban, suburban, and rural areas, and with regard to market rate housing and to housing which requires subsidization in order to be affordable to segments of the state's population. This situation creates an absolute present and future shortage of supply in relation to demand, as expressed in terms of housing needs and aspirations, and also creates inflation in the cost of housing, by reason of its scarcity, which tends to decrease the relative affordability of the state's housing supply for all its residents.

SEC. 2. The Legislature further finds and declares that:

(a) It is a matter of urgent public necessity that the housing supply shortfall in California be eliminated.

(b) It is essential to address and remedy the basic causes of the problem rather than its symptoms, and that these causes include the following:

(1) Insufficient availability of land suitable and capable of being developed for the purpose of housing.

(2) Increases in the time and uncertainty for completion of housing development and construction, largely attributable to processing requirements, which significantly increase the cost of the completed housing and delay its availability to the public.

(3) Increases in costs relating to community objectives and services, placed directly upon new residential construction

(4) Government statutes, regulations, and policies which are insensitive to housing needs, or which individually or collectively,

tend to frustrate the production of housing.

(c) For all these and other reasons, a chaotic housing marketplace now exists in California, in which enough housing cannot be produced in some areas at any price to meet the demand, while in others, costs and uncertainties have combined to make essential new and existing housing stock unattractive to capital investment.

SEC. 3. The Legislature further finds and declares that·

(a) In order to meet California's statutory objectives relative to housing, the state must immediately embark on a comprehensive housing supply development program, and maintain that program until the balance between supply and demand is restored, and thereafter to the extent necessary to avoid future imbalance.

(b) In so doing, the state must and should rely primarily.

(1) On the private sector to produce and otherwise provide and maintain the necessary increase in both market rate units, and nonmarket rate units.

(2) On general purpose local government to guide the manner in which these units should be made available; provided, that such local discretion and powers not be exercised in a manner to frustrate the purposes of this act.

(c) While encouraging the expansion and increase utilization of federal programs, the state must not place primary reliance upon the federal government to eliminate the imbalance of supply and demand The appropriate role for state government is to:

(1) Assist in the removal of obstacles to the development of new housing units.

(2) Harmonize the activities of all state and local agencies to eliminate counterproductive actions and encourage actions which implement the policies of this act.

(d) The state should structure its relationship with other levels of government, particularly general purpose local government and with the private sector as a three-sided partnership, in which each party has specific rights and responsibilities The state should maintain its role in this partnership so that local government and the private sector can depend upon its commitment to its responsibilities.

SEC. 4. The Legislature further finds and declares that the purpose of this act is to bring the supply of housing back into balance with demand as rapidly as possible, and within a predictable future period of time.

SEC. 5. The Legislature further finds and declares that the specific objectives of this act are to:

(a) Ensure an adequate supply of housing in those areas where the citizens of this state elect to work and live.

(b) Relieve inflationary pressures on housing costs by restoring a more competitive marketplace for new units, and by extension, resale, and existing rental units.

(c) Minimize counterproductive effects of short term or interim responses to the present supply-demand

SEC. 6. The Legislature further finds and declares that if the state does not adopt these policies, and engage in a systematic program, as set forth in this act, to carry out its purpose and achieve objectives:

(a) Present trends responsible for the imbalance of supply and demand will not be reversed, and are likely to accelerate the imbalance and its consequences.

(b) The imbalance will become institutionalized as a permanent part of the state's housing situation, rather than being a temporary maladjustment.

(c) The state's statutory housing objectives will become unattainable.

(d) The citizens of this state will be forced to unnecessarily accept further limitations on their personal aspirations, their social and economic mobility, and their physical comfort and well-being.

SEC. 7. Section 11011.1 of the Government Code is amended to read·

11011.1 (a) Land that has been declared surplus by the Legislature, pursuant to Section 11011, and is not needed by any state agency shall be offered to local governmental agencies. Except as authorized in subdivisions (b), (c), and (d), transfers of surplus land to local governmental agencies pursuant to this section shall be at fair market value

(b) Where such land is to be used for park and recreation purposes and operated for such purposes by local agencies at no expense to the state, the Director of General Services with the approval of the State Public Works Board may, notwithstanding any provision in Section 11011, transfer the land to local governmental agencies at less than the fair market value of the land, if such transfer is in the public interest, under the following conditions:

(i) The local public agency has submitted a general development plan for the property which conforms to the agency's general plan pursuant to Article 5 (commencing with Section 65300) of Chapter 3 of Title 7, and which general development plan has been approved by the Director of Parks and Recreation.

(ii) The land shall be developed according to plan within a time period determined by the state but not to exceed 10 years. The deed or other instrument of transfer shall provide that the land shall revert to the state if the land is not developed within the time period so determined by the state

(iii) The deed or other instrument of transfer shall provide that the land would revert to the state if the use changed to a use not consistent with parks and recreation purposes during the period of 25 years following the sale.

(c) Where such land is to be used for open-space purposes, as defined herein, and operated by local agencies at no expense to the state, the Director of General Services with the approval of the State Public Works Board may transfer the land to local governmental agencies at fair market value of the land or at any lesser value of the land under the following conditions·

(i) The local public agency has submitted a plan for the use of the property which conforms to the agency's general plan pursuant to Article 5 (commencing with Section 65300) of Chapter 3 of Title 7, and which plan has been approved by the Director of Parks and Recreation.

(ii) The land shall be used according to plan within a time period determined by the state but not to exceed 10 years.

(iii) The deed or other instrument of transfer shall provide that the land would revert to the state if the use changed to a use not consistent with open-space purposes during the period of 25 years following the sale.

(iv) For the purpose of this subdivision, "open-space purpose" means the use of land for public recreation, enjoyment of scenic beauty, or conservation or use of natural resources.

(d) Where such land is suitable to be used for the purpose of providing housing for persons and families of low or moderate income, as defined in Section 50093 of the Health and Safety Code, the Director of General Services, with the approval of the State Public Works Board, may offer the land to local agencies within whose jurisdiction the land is located. Provided, however, if the state has held title to such land for seven years or less and such land is not used for the purposes for which it was acquired, and such land is declared surplus land and is not needed by any other state agency pursuant to the provisions of Section 11011, the state, prior to offering such land to local agencies, shall extend to the individual from whom the land was acquired an offer to purchase such land at current fair market value. Such offer shall extend for 60 days and if not exercised within such period shall be irrevocably terminated. Such land may be transferred to local agencies at a reasonable cost which will enable the provision of housing for persons and families of low or moderate income. Such cost may be less than fair market value The Department of Housing and Community Development shall recommend to the Department of General Services a cost which will enable the provision of housing for persons and families of low or moderate income All transfers of land pursuant to this subdivision shall be subject to the following conditions:

(1) The local agency has made all of the following findings:

(A) There is a need for such housing in the community.

(B) The land is suitable for development of such housing.

(2) The local agency develops a plan for such housing in accordance with criteria established by the Department of Housing and Community Development, which shall include, but not be limited to, criteria respecting the financial condition of the developer, if the housing is to be developed by a private sponsor, and the cost of the project Such plan shall be approved by the Department of Housing and Community Development.

(3) After transfer of such property from the state to the local agency, the property shall be developed as housing for persons and families of low or moderate income. The local agency may lease or

sell such property to any nonprofit corporation, housing corporation, limited dividend housing corporation, or private developer if the local agency determines a private entity is best suited to develop housing for persons and families of low or moderate income. In authorizing such private development, the local agency shall impose reasonable terms and conditions as will further the purposes of this subdivision, which shall include, but not be limited to, continued use of the property for housing for persons and families of low or moderate income for not less than 40 nor more than 55 years. A lessee or purchaser of land pursuant to this subdivision shall agree to limitations on profit in the operation of such property which will benefit the public and assure that the housing provided thereon is within the means of persons and families of low or moderate income. Such agreement shall be binding upon successors in interest of the original lessee or purchaser and shall inure to the benefit of, and be enforceable by, the state.

(4) The local agency shall assure that the land will be used for the purpose of providing low- or moderate-income housing and shall not permit the use of the dwelling accommodations of the project for any other purpose for not less than 40 nor more than 55 years, except as provided in this section.

In the event a local agency does not comply with the land use requirements prescribed in this section, as determined by the Department of General Services, the Department of General Services may require that the local agency pay the state the difference between the actual price paid by the local agency for the property and the fair market value of such property, at the time of the department's determination of noncompliance, plus 6 percent interest on such amount for the period of time the land has been held by the local agency

If the local agency, with the approval of the Department of General Services, and in consultation with the Department of Housing and Community Development, determines that there is no longer a need for low- or moderate-income housing within the jurisdiction of the local agency and another valid public purpose could be achieved by utilizing the land in an alternative manner, the local agency shall not be required to make any payment to the state for the difference between purchase price and fair market value or interest charges for the period of time the land has been held by the local agency.

(5) Failure to comply with the provisions of this section shall not invalidate the transfer, sale, or conveyance of the real property to a bona fide purchaser or encumbrancer for value

(6) The project shall be commenced within 24 months of the original transfer to the local agency. However, the Department of General Services, in consultation with the Department of Housing and Community Development, may for justifiable cause extend the time for commencement of development for an additional 36 months. The aggregate time for commencing development shall not

exceed 60 months. The deed or other instrument of conveyance shall specify that, if development has not commenced within such time, the land shall revert to the Department of General Services for disposal pursuant to this section or as otherwise authorized by law.

(7) As used in this subdivision, "local agency" means and includes any county, city, city and county, redevelopment agency organized pursuant to Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code, or housing authority organized pursuant to Part 2 (commencing with Section 34200) of Division 24 of the Health and Safety Code, public district or other political subdivision of the state and any instrumentality thereof, which is authorized to engage in or assist in the development or operation of housing for persons and families of low or moderate income and also includes two or more such agencies acting jointly pursuant to Part 1 (commencing with Section 6500) of Division 7 of this code.

(8) Up to 40 percent of the housing developed on land purchased at below market value pursuant to this subdivision may be housing which is not regulated as to price, rent, or eligibility of occupants only if the purchaser of the land demonstrates that the proceeds from the sale or rental of such housing, in an amount equal to the difference between the fair market value and the actual price paid for the land, is used to reduce prices or rents on other housing units which are made available exclusively to persons and families of low and moderate income.

(e) Where such land is suitable to be used for the purpose of providing housing for persons and families of low or moderate income, as defined in Section 50093 of the Health and Safety Code, and provided no local agency has acquired or is in the process of acquiring the land pursuant to subdivision (d), the Director of General Services, with the approval of the State Public Works Board, may lease or sell the land to a housing sponsor. Such land may be sold or leased at a reasonable cost which may be less than fair market value. The Department of Housing and Community Development shall recommend to the Director of General Services a cost which will enable the provision of housing for persons and families of low or moderate income. All transfers of land pursuant to this subdivision shall be subject to all of the following conditions:

(1) The housing sponsor has submitted a plan for the development of such housing pursuant to criteria established by the Department of Housing and Community Development. Such criteria shall include, but need not be limited to, standards with respect to the cost of the housing development and the proportion of the housing development to be occupied by persons and families of low and moderate income. Insofar as is practical, such plan shall provide for a mix of housing for all income groups.

(2) The housing development shall normally be developed or be under development within 24 months from the time of transfer or lease of the land to the housing sponsor However, the Department of General Services, in consultation with the Department of Housing

and Community Development, may, upon finding justifiable cause, extend the time for commencement of development for an additional period of 36 months. The aggregate of all extensions for commencement of development shall not exceed 60 months. The deed or other instrument of conveyance shall specify that if development has not commenced within such time, the land shall revert to the Department of General Services for disposal pursuant to this section or as otherwise authorized by law.

(3) Transfer of title to the land or lease of the land to a housing sponsor shall be conditioned upon continued use of the property as housing for persons and families of low and moderate income for not less than 40 nor more than 55 years. In accordance with regulations which shall be adopted by the Department of Housing and Community Development pursuant to the Administrative Procedure Act, the Director of General Services shall require that any housing sponsor purchasing or leasing land pursuant to this subdivision enter into an agreement which (A) provides for limitations on profit in the operation of such property which benefit the public and which assure that the housing is affordable to persons and families of low and moderate income, and (B) does not permit the use of the property for purposes other than the provision of housing for persons and families of low and moderate income except as provided in this subdivision. Upon recordation of the agreement in the office of county recorder in the county in which the real property subject to such agreement is located, the agreement shall be binding for a period of not less than 40 nor more than 55 years upon successors in interest to the original housing sponsor and shall inure to the benefit of, and be enforceable by, the state.

For the purposes of this subdivision, "housing sponsor" means a nonprofit corporation incorporated pursuant to Part 1 (commencing with Section 9000) of Division 2 of Title 1 of the Corporations Code; a cooperative housing corporation which is a stock cooperative, as defined by Section 11003.2 of the Business and Professions Code; a limited-dividend housing corporation; or a private housing developer who agrees to the conditions set forth in this subdivision.

(4) Up to 40 percent of the housing developed on land purchased at below market value pursuant to this subdivision may be housing which is not regulated as to price, rent, or eligibility of occupants only if the purchaser of the land demonstrates that the proceeds from the sale or rental of such housing, in an amount equal to the difference between the fair market value and the actual price paid for the land, is used to reduce prices or rents on other housing units which are made available exclusively to persons and families of low and moderate income.

(f) The Department of Housing and Community Development, in consultation with the Department of General Services and the Office of Planning and Research, shall make a report to the Legislature on or before January 1, 1981, with respect to effectiveness of the program and shall recommend any necessary legislative

changes to the provisions of subdivision (d).

(g) Where such land is to be used for public purposes other than specifically set forth in this section, is to be operated by the local agency at no expense to the state, and the use and enjoyment of the public purpose contemplated will be of broad public benefit, and not a benefit basically of local interest enjoyed and used primarily by the residents of the area of tax jurisdiction of the local agency, the Director of General Services, with the approval of the State Public Works Board, may transfer the land to local governmental agencies at a sales price not less than 50 percent of fair market value. Any such transfer shall provide that if the land is not used for the contemplated purpose during the period of 25 years following the sale, the land shall revert to the state. The Director of General Services may provide additional terms and conditions as he determines to be in the best interest of the state

(h) If there is more than one appropriate use and more than one offer for the use of a parcel of surplus land, the Department of General Services, in consultation with the Department of Housing and Community Development, the Department of Parks and Recreation, and the Office of Planning and Research, shall determine the most appropriate use for the parcel and the Department of General Services shall offer the land accordingly.

(i) Land that has been declared surplus by the Legislature, pursuant to Section 11011, is not needed by any state agency, is suitable for development for housing purposes, and is not in the process of being acquired pursuant to other provisions of this section, may upon the request of the Department of Housing and Community Development be retained by the Director of General Services for a period not exceeding five years, during which the Director of General Services shall continue to offer such lands for housing pursuant to subdivision (d).

(j) Transfer of state surplus lands under subdivision (d) shall be at a cost which will enable provision of economically feasible housing for persons and families of low or moderate income

As nearly as may be estimated, the fee charged shall be a prorated amount in accordance with the applicant's relative benefit derived from the specific plan. It is the intent of the Legislature in providing for such fees to charge those builders, developers, and others who benefit from development of specific plans for the costs thereof which result in savings to them by reducing the cost of documenting environmental consequences and advocating changed land uses which may be authorized pursuant to the specific plan

Copies of specific plans shall be made available to local agencies and the general public

The determination of the means by which a city, county, or city and county will comply with this chapter shall be in the sole discretion of the city, county, or city and county; provided, that no developer shall be required to enter into an unacceptable agreement as a prerequisite to approval of a housing development.

65916 Where there is a direct financial contribution to a housing development pursuant to Section 65915 through participation in cost of infrastructure, write-down of land costs, or subsidizing the cost of construction, the city, county, or city and county shall assure continued availability for low- and moderate-income units for 30

years When appropriate, the agreement provided for in Section 65915 shall specify the mechanisms and procedures necessary to carry out this section.

(a) For reasons of prudent investment policy, private lending institutions are not making mortgage financing available for residential structures located in many older residential neighborhoods, or for certain housing developments occupied or intended to be occupied by substantial numbers of persons and

families of low and moderate income because of the perceived risks such loans entail. The lack of such financing has caused and contributed to deterioration of residential neighborhoods, inhibited local governments in their attempts to arrest and reverse deterioration through local code enforcement programs, and generally reduced or limited the supply of safe, decent, and sanitary housing available to persons and families of low and moderate income.

(b) The state has authorized local agencies, redevelopment agencies, and housing authorities to provide financing for preservation and construction of residential structures to enhance housing opportunities for persons and families of low or moderate income However, some of such local public entities will be unable to sell revenue bonds pursuant to such act on terms sufficiently favorable to enable them to make loans at less than the market-rate interest because of a lack of adequate bond security.

(c) The agency, although it is empowered to sell revenue bonds in order to raise funds for housing assistance, may be unable to market such bonds on terms and at interest rates adequate to enable the agency to accomplish its purposes.

Standing Committees

1. Each house shall appoint such standing committees as the business of the house may require, the committees, the number of members, and the manner of selection to be determined by the rules of each house.

Joint Meeting of Committees

3. Whenever any bill has been referred by the Senate to one of its committees, and the same or a like bill has been referred by the Assembly to one of its committees, the chairmen or chairwomen of the respective committees, when in their judgment the interests of legislation or the expedition of business will be better served thereby, shall arrange for a joint meeting of their committees for the consideration of such bill.

Effect of Adoption of Joint Rules

3.5. The adoption of the Joint Rules for any extraordinary session shall not be construed as modifying or rescinding the Joint Rules of the Senate and Assembly for any previous session, nor as affecting in any way the status or powers of the committees created by those rules.

Definition of Word Bill

4. Whenever the word "bill" is used in these rules, it shall include constitutional amendments, resolutions ratifying proposed amendments to the United States Constitution, and resolutions calling for constitutional conventions.

Concurrent and Joint Resolutions

5. Concurrent resolutions relate to matters to be treated by both houses of the Legislature.

Joint resolutions are those which relate to matters connected with

the federal government.

Resolutions Treated as Bills

6. Concurrent and joint resolutions, other than resolutions ratifying proposed amendments to the United States Constitution and resolutions calling for constitutional conventions, shall be treated in all respects as bills except as follows:

(a) They shall be given only one formal reading in each house.

(b) They shall not be deemed bills within the meaning of subdivision (a) of Section 8 of Article IV of the Constitution.

(d) They shall not, except for those relating to voting procedures on the floor or in committee, be deemed bills for the purposes of subdivision (c) of Rule 62.

PREPARATION AND INTRODUCTION OF BILLS

Title of Bill

7. The title of every bill introduced shall convey an accurate idea of the contents of the bill and shall be indicative of the scope of the act and the object to be accomplished. In amending a code section, the mere reference to the section by number shall not be deemed sufficient.

Division of Bill Into Sections

8. A bill amending more than one section of an existing law shall contain a separate section for each section amended.

Bills which are not amendatory of existing laws shall be divided into short sections, where this can be done without destroying the sense of any particular section, to the end that future amendments may be made without the necessity of setting forth and repeating sections of unnecessary length.

Digest of Bills Introduced

8.5. No bill shall be introduced unless it is contained in a cover attached by the Legislative Counsel and unless it is accompanied by a digest, prepared and attached to the bill by the Legislative Counsel, showing the changes in the existing law which are proposed by the bill. No bill shall be printed where the body of the bill or the Legislative Counsel's Digest has been altered, unless the alteration has been approved by the Legislative Counsel. If any bill is presented to the Secretary of the Senate or Chief Clerk of the Assembly for introduction, which does not comply with the foregoing

requirements of this rule, the Secretary or Chief Clerk shall return it to the member who presented it. The digest shall be printed on the bill as introduced, commencing on the first page thereof.

Digest of Bills Amended

8.6. Whenever a bill is amended in either house, the Secretary of the Senate or the Chief Clerk of the Assembly, as the case may be, shall request the Legislative Counsel to prepare an amended digest and cause it be printed on the first page of the bill as amended. The digest shall be amended to show changes in the existing law which are proposed by the bill as amended with any material changes in the digest indicated by the use of appropriate type.

Errors in Digest

8.7. If a material error in a printed digest referred to in Joint Rule 8.5 or 8.6 is brought to the attention of the Legislative Counsel, he shall prepare a corrected digest which shall show the changes made in the digest as provided in Joint Rule 10 for amendments to bills. He shall deliver the corrected digest to the Secretary or the Chief Clerk, as the case may be. If the correction warrants it in the opinion of the President pro Tempore of the Senate or the Speaker of the Assembly, a corrected print of the bill as introduced shall be ordered with the corrected digest printed thereon.

Bills Amending Title 9 of the Government Code

8.8. A member who is the first-named author of a bill which would amend, add, or repeal any provision of Title 9 (commencing with Section 81000) of the Government Code, upon introduction or amendment of such bill in either house shall notify the Chief Clerk or the Secretary, as the case may be, of the nature of such bill. Thereafter, the Chief Clerk or the Secretary shall deliver a copy of such bill as introduced or amended to the Fair Political Practices Commission pursuant to Section 81012 of the Government Code.

Restrictions as to Amendments

9. A substitute or amendment must relate to the same subject as the original bill, constitutional amendment, or resolution under consideration. No amendment shall be in order when all that would be done to the bill is the addition of a coauthor or coauthors, unless the Rules Committee of the house in which such an amendment is to be offered grants prior approval.

Changes in Existing Law to Be Marked by Author

10. In a bill amending or repealing a code section or a general law, any new matter shall be underlined and any matter to be omitted shall be in type bearing a horizontal line through the center and commonly known as "strikeout" type. When printed the new matter shall be printed in italics, and the matter to be omitted shall be printed in "strikeout" type.

In any amendment to a bill which sets out for the first time a section being amended or repealed, any new matter to be added and any matter to be omitted shall be indicated by the author and shall be printed in the same manner as though the section as amended or repealed were a part of the original bill and was being printed for the first time.

When an entire code is repealed as part of a codification or recodification or when an entire title, part, division, chapter, or article of a code is repealed, the sections comprising such code, title, part, division, chapter, or article shall not be set forth in the bill or amendment in strikeout type.

Rereference to Fiscal and Rules Committees

10.5. Bills shall be rereferred to the fiscal committee of each house when they would do any of the following:

(1) Appropriate money.

(2) Result in substantial expenditure of state money by: (a) imposing new responsibilities on the state or (b) new or additional duties on a state agency or (c) liberalization of any state program, function, or responsibility.

(3) Result in a substantial loss of revenue to the state.

(4) Result in substantial reduction of expenditures of state money by reducing, transferring, or eliminating any existing responsibilities of any state agency, program or function.

Concurrent and joint resolutions shall be rereferred to the fiscal committee of each house when they contemplate any action which would involve any of the following:

(1) Any substantial expenditure of state money.

(2) A substantial loss of revenue to the state.

The above requirements do not apply to bills or concurrent resolutions which contemplate the expenditure or allocation of contingent funds.

A bill which assigns a study to the Joint Legislative Budget Committee or to the Legislative Analyst shall be rereferred to the respective Rules Committee. Before the committee shall act upon such bill, it shall obtain from the Joint Legislative Budget Committee an estimate of the amount required to be expended to make the study.

10.6. No bill may add a short title which names a Member of the Legislature.

Heading of Bills

10.7. No bill shall indicate in its heading or elsewhere that it was introduced at the request of a state agency or officer or any other person. No bill shall contain the words "By request" or words of similar import.

(a) A written request for such dispensation entitled "Request to Consider and Act on Bill Within 30 Calendar Days" shall be filed with the Chief Clerk of the Assembly or the Secretary of the Senate, as the case may be, printed in the Journal and transmitted to the Rules Committee of the appropriate house.

(b) The Rules Committee of the Assembly or Senate, as the case may be, shall determine whether there exists an urgent need for dispensing with the 30-calendar-day waiting period following the bill's introduction.

(c) If the Rules Committee recommends that the waiting period be dispensed with, the member may offer a resolution, without further reference thereof to committee, authorizing hearing and action upon the bill before the 30 calendar days have elapsed. The adoption of the resolution shall require an affirmative recorded vote of three-fourths of the elected members of the house in which the resolution is presented.

Printing of Amendments

11. All bills amended by either house shall be immediately reprinted; in case new matter is added by the amendment such new matter shall be printed in italics in the printed bill, and in the case of matter being omitted, the matter to be omitted shall be printed in strikeout type. When a bill is amended in either house, the first or previous markings shall be omitted.

Manner of Printing Bills

12. The State Printer shall observe the directions of the Joint Rules Committee in printing all bills, constitutional amendments, and concurrent and joint resolutions.

Distribution of Legislative Publications

13. All requests by members for mailing or distribution of copies of the Weekly Histories and the Legislative Index shall be filed with the Secretary of the Senate or the Chief Clerk of the Assembly. Except as otherwise provided by either the Assembly or Senate, each Member of the Senate and Assembly shall be permitted to submit a list of 10 organizations or individuals. The Secretary of the Senate and the Chief Clerk of the Assembly shall order a sufficient number of copies of the Weekly Histories and the Legislative Index to supply this list together with such number of bills and legislative publications as may be necessary for legislative requirements.

No complete list of bills shall be delivered except upon payment therefor of such sum as may be fixed by the Joint Rules Committee for any regular or extraordinary session. No more than one copy of any bill or other legislative publication, nor more than a total of 100 bills or other legislative publications during a session, shall be distributed free to any person, office, or organization. The limitations imposed by this paragraph do not apply to Members of the Legislature, the President of the Senate, the Secretary of the Senate and the Chief Clerk of the Assembly for the proper functioning of their respective houses; the Legislative Counsel Bureau; Attorney General's office; Secretary of State's office; Controller's office; Governor's office; the Clerk of the Supreme Court; the clerk of the court of appeal for each district; the Judicial Council; the California Law Revision Commission; the State Library; the Library of Congress; the libraries of the University of California at Berkeley and at Los Angeles; and accredited members of the press. The State Printer shall fix the cost of such bills and publications, including postage, and such moneys as may be received by him shall, after deducting the cost of handling and mailing, be remitted on the first day of each month, one-half each to the Secretary of the Senate and the Chief Clerk of the Assembly for credit to legislative printing. Legislative publications heretofore distributed through the Bureau of Documents shall be distributed through the Bill Room. Unless otherwise provided for, the total number of each bill to be printed shall not be more than 2,500.

Summary Digest and Legislative Index

13.1. The Legislative Counsel shall provide for the periodic publication of a cumulative Legislative Index which shall include tables of sections affected by pending legislation. The State Printer shall print the Legislative Index in such quantities, and at such times, as are determined by the Secretary of the Senate and the Chief Clerk of the Assembly. The costs of such printing shall be paid from the legislative printing appropriation.

and extraordinary session, which digest shall be prepared in a form suitable for inclusion in the publication of statutes. The digest shall be printed as a separate legislative publication on the order of the Joint Rules Committee and may be made available to the public in such quantities and at such prices as the Joint Rules Committee may determine.

16. A daily file of bills ready for consideration shall be printed each day for each house when the Legislature is not in joint recess except days when a house does not meet.

Printing of History

17. Each house shall cause to be printed, once each week, a complete history of all bills; constitutional amendments; and concurrent, joint, and house resolutions originating in, considered, or

acted upon by the respective houses and committees thereof. A regular form shall be prescribed by the Secretary of the Senate and the Chief Clerk of the Assembly. Such history shall show the action taken upon each measure up to and including the legislative day preceding its issuance. Except for periods when the houses are in joint recess, for each day intervening there shall be printed a daily history showing the consideration given to or action taken upon any measure since the issuance of the complete history.

Authority for Printing Orders

18. The State Printer shall not print for use of either house nor charge to legislative printing any matter other than provided by law or by the rules, except upon a written order signed by the Secretary of the Senate, on behalf of the Senate, or the Chief Clerk of the Assembly or other person authorized by the Assembly, on behalf of the Assembly. Persons authorized to order printing under this rule may, when necessity requires it, order certain matter printed in advance of the regular order, by the issuance of a rush order.

The Secretary of the Senate, on behalf of the Senate, and the Chief Clerk of the Assembly or other person authorized by the Assembly, on behalf of the Assembly, are hereby authorized and directed to order and distribute for the members stationery and legislative publications for which there is a demand, and, subject to the rules of their respective houses, to approve the bills covering such orders. All bills for printing must be presented by the State Printer within 30 days after the completion of the printing.

RECORD OF BILLS

Secretary and Chief Clerk to Keep Records

19. The Secretary of the Senate and the Chief Clerk of the Assembly shall keep a complete and accurate record of every action taken by the Senate and Assembly on every bill.

Secretary and Chief Clerk Shall Endorse Bills

20. The Secretary of the Senate and the Chief Clerk of the Assembly shall endorse on every original or engrossed bill a statement of any action taken by the Senate or Assembly concerning such bill.

ACTION IN ONE HOUSE ON BILL TRANSMITTED FROM THE OTHER

After a Bill Has Been Passed by the Senate or Assembly

21. When a bill has been passed by either house it shall be transmitted promptly to the other unless a motion to reconsider or

a notice of motion to reconsider has been made or it is held pursuant to some rule or order of the house.

The procedure of referring bills to committees shall be determined by the respective houses.

Messages to Be in Writing Under Proper Signatures

22. Notice of the action of either house to the other shall be in writing and under the signature of the Secretary of the Senate or the Chief Clerk of the Assembly from which such message is to be conveyed. A receipt shall be taken from the officer to whom such message is delivered.

Uncontested Bills

22.1. Each standing committee may report an uncontested bill out of committee with the recommendation that it be placed on the consent calendar. The Secretary of the Senate and the Chief Clerk of the Assembly shall provide to each committee chairman or chairwoman appropriate forms for such report. As used in this rule, "uncontested bill" means a bill, except a revenue measure or a measure as to which the 30-day limitation prescribed by subdivision (a) of Section 8 of Article IV of the Constitution has been dispensed with, which: (a) receives a do-pass or do-pass-as-amended recommendation from the committee to which it is referred, by unanimous vote of the members present provided a quorum is present; and (b) has no opposition expressed by any person present at the committee meeting with respect to the final version of the bill as approved by the committee; and (c) prior to final action by the committee has been requested, by the author, to be placed on the consent calendar.

Consent Calendar

22.2. Following their second reading and the adoption of any committee amendments thereto, if any, all bills certified by the committee chairman or chairwoman as uncontested bills shall be placed by the Secretary of the Senate or the Chief Clerk of the Assembly on the consent calendar, and shall be known as "consent calendar bills." Any consent calendar bill which is amended from the floor shall cease to be a consent calendar bill and shall be replaced on the third reading file. Upon objection of any member to the placement or retention of any bill on the consent calendar, such bill shall cease to be a consent calendar bill and shall be replaced on the third reading file. No consent calendar bill shall be considered for adoption until the second legislative day following the day of its placement on the consent calendar.

Consideration of Bills on Consent Calendar

22.3. Bills on the consent calendar are not debatable, except that the President of the Senate or the Speaker of the Assembly shall allow a reasonable time for questions from the floor and shall permit the proponents of such bills to answer such questions. Immediately prior to voting on the first bill on the consent calendar, the President of the Senate or the Speaker of the Assembly shall call to the attention of the members the fact that the next rollcall will be the rollcall on the first bill on the consent calendar.

The consent calendar shall be considered as the last order of business on the daily file.

PASSAGE AND ENROLLING OF BILLS

Procedure on Defeat of More Than Majority Bill

23.5. Whenever a bill containing a section or sections requiring for passage an affirmative recorded vote of more than 21 votes in the Senate and more than 41 votes in the Assembly is being considered for passage and the urgency clause, if the bill is an urgency bill, or the bill, in any case, fails to receive the necessary votes to make all sections effective, no further action may be taken on the bill; provided that an amendment to remove all sections requiring the higher vote for passage from the bill shall be in order prior to consideration of further business. If the amendment is adopted, the bill shall be reprinted to reflect such amendment. When the bill is reprinted, it shall be returned to the same place on the file as when it failed to receive the necessary votes.

Enrollment of Bill After Passage

24. After a bill has passed both houses it shall be printed in enrolled form, omitting symbols indicating amendments, and shall be compared by the Engrossing and Enrolling Clerk and the proper committee of the house where it originated to determine that it is in the form approved by the houses. The enrolled bill shall thereupon be signed by the Secretary of the Senate and Chief Clerk of the Assembly and, except as otherwise provided by these rules, presented without delay to the Governor. The committee shall report the time of presentation of the bill to the Governor to the house and the record shall be entered in the journal. After enrollment and signature by the officers of the Legislature, constitutional amendments, and concurrent and joint resolutions shall be filed without delay in the office of the Secretary of State and the time of filing shall be reported to the house and the record entered in the journal.

AMENDMENTS AND CONFERENCES

Amendments to Amended Bills Must Be Attached

25. Whenever a bill or resolution which shall have been passed in one house shall be amended in the other, it shall immediately be reprinted as amended by the house making such amendment or amendments. Two copies of such amendment or amendments shall be attached to the bill or resolution so amended, and endorsed "adopted" and such amendment or amendments, if concurred in by the house in which such bill or resolution originated, shall be endorsed "concurred in," and such endorsement shall be signed by the Secretary or Assistant Secretary of the Senate, or the Chief Clerk or Assistant Clerk of the Assembly, as the case may be; provided, however, that an amendment to the title of a bill adopted after the passage of such bill shall not necessitate reprinting, but such amendment must be concurred in by the house in which such bill originated.

Amendments to Concurrent and Joint Resolutions

25.5. When a concurrent or joint resolution is amended, and the only effect of the amendments is to add coauthors, the joint or concurrent resolution shall not be reprinted unless specifically requested by one of the added coauthors, but a list of the coauthors shall appear in the journal and history.

To Concur or Refuse to Concur in Amendments

26. In case the Senate amend and pass an Assembly bill, or the Assembly amend and pass a Senate bill, the Senate (if it be a Senate bill) or the Assembly (if it be an Assembly bill) must either "concur" or "refuse to concur" in the amendments. If the Senate concur (if it be a Senate bill), or the Assembly concur (if it be an Assembly bill), the Secretary or Chief Clerk shall notify the house making the amendments and the bill shall be ordered to enrollment.

Reference to Committee

26.5. Pursuant to Joint Rule 26, whenever a bill is returned to its house of origin for a vote on concurrence in an amendment made in the other house, the Legislative Counsel shall promptly prepare and transmit to the Chief Clerk of the Assembly and the Speaker in the case of an Assembly bill, or to the Secretary of the Senate and Chairman of the Senate Rules Committee in the case of a Senate bill, a brief digest summarizing the effect of the amendment made in the other house. The secretary or chief clerk shall cause the digest to be printed in the Daily File immediately following any reference to the bill covered by the digest. A motion to concur or refuse to concur in

the amendment shall not be in order until such time as the Legislative Counsel's Digest has appeared in the file.

If the digest discloses that the amendment of the other house has made a substantial substantive change in the bill as first passed by the house of origin the bill shall on motion of the Chairman of the Committee on Rules, if it be a Senate bill, be referred to the Committee on Rules for reference to an appropriate standing committee; and shall, on the motion of the Speaker, if it be an Assembly bill, be referred to an appropriate standing committee.

Upon receipt of such a bill, the committee may vote to recommend concurrence or nonconcurrence in the amendment or the committee may hold the bill. The committee shall be subject to all the requirements for procedure provided under Joint Rule 62 for committees other than for committees of first referral, and such other requirements for normal committee procedure as the Assembly or Senate may separately provide in the standing rules of their respective houses.

Any of the provisions of this rule may be dispensed with regard to a particular bill in its house of origin upon an affirmative vote of a majority of the members of that house.

Concurring in Amendments Adding Urgency Section

27. When a bill which has been passed in one house is amended in the other by the addition of a section providing that the act shall take effect immediately as an urgency statute and is returned to the house in which it originated for concurrence in the amendment or amendments thereto, the procedure and vote thereon shall be as follows:

The presiding officer shall first direct that the urgency section be read and put to a vote. If two-thirds of the members elected to the house vote in the affirmative, the presiding officer shall then direct that the question of whether the house shall concur in the amendment or amendments shall be put to a vote. If two-thirds of all the members elected to the house vote in the affirmative, concurrence in the amendments shall be effective.

If the affirmative vote on either of such questions is less than two-thirds of all the members elected to such house, the effect is a refusal to concur in the amendment or amendments, and the procedure thereupon shall be as provided in Joint Rule No. 28.

When Senate or Assembly Refuse to Concur

28. If the Senate (if it be a Senate bill) or the Assembly (if it be an Assembly bill) refuse to concur in amendments to the bill made by the other house, and when the other house has been notified of such refusal to concur, a conference committee shall be appointed for each house in the manner prescribed by these rules. The Committee on Rules in the case of the Senate and the Speaker in the

case of the Assembly shall each appoint a committee of three (3) on conference, and the Secretary or the Chief Clerk shall immediately notify the other house of the action taken.

Committee on Conference

28.1. The Committee on Rules and the Speaker, in appointing a committee on conference, shall each select two members from those voting with the majority on the point about which the difference has arisen, and the other member from the minority, in the event there is a minority vote.

Whether a member has voted with the majority or minority on the point about which the difference has arisen is determined by his vote on the appropriate rollcall, as follows:

(1) In the Assembly—

(a) The rollcall on the question of final passage of a Senate bill amended in the Assembly when the Senate has refused to concur with the Assembly amendments.

(b) The rollcall on the question of concurrence with Senate amendments to an Assembly bill.

(2) In the Senate—

(a) The rollcall on the question of final passage of an Assembly bill amended in the Senate when the Assembly has refused to concur with the Senate amendments.

(b) The rollcall on the question of concurrence with Assembly amendments to a Senate bill.

Meetings and Reports of Committees on Conference

29. The first Senator named on the conference committee shall act as chairman or chairwoman of the committee from the Senate, and the first Member of the Assembly named on such committee shall act as chairman or chairwoman of the committee from the Assembly. The chairman or chairwoman of the committee on conference for the house of origin of the bill shall arrange the time and place of meeting of the conference committee and shall prepare or direct the preparation of reports. It shall require an affirmative vote of not less than two of the Assembly Members and two of the Senate Members constituting the committee on conference to agree upon a report, and the report shall be submitted to both the Senate and the Assembly. The committee on conference shall report to both the Senate and Assembly. Such report is not subject to amendment, and if either house refuses to adopt such report, the conferees shall be discharged and other conferees appointed; provided, however, that no more than three different conference committees shall be appointed on any one bill. No member who has served on a committee on conference shall be appointed a member of another committee on conference on the same bill. It shall require the same affirmative recorded vote to adopt any conference report as

required by the Constitution upon the final passage of the bill affected by such report. It shall require an affirmative recorded vote of two-thirds of the entire elected membership of each house to adopt any conference report affecting any bill which contains an item or items of appropriation which are subject to subdivision (d) of Section 12 of Article IV of the Constitution. The report of a conference committee shall be in writing, and shall have affixed thereto the signatures of each Senator and each Member of the Assembly consenting to the report. Space shall also be provided where a member of a conference committee may indicate his dissent in the committee's findings. Any dissenting member may have attached to a conference committee report a dissenting report which shall not exceed, in length, the majority committee report. A copy of any amendments proposed in the majority report shall be placed on the desk of each member of the house before it is acted upon by the house.

The vote on concurrence or upon the adoption of such conference report shall be deemed the vote upon final passage of such bill.

Conference Committees

29.5. (a) All meetings of any conference committee on the Budget Bill shall be open and readily accessible to the public.

No conference committee on any bill may meet, consider, or act on the subject matter of the bill except in a meeting that is open and readily accessible to the public; unless the action is on a report determined by the Legislative Counsel to be nonsubstantive. The Legislative Counsel shall examine each proposed report and shall note upon the face of the report that the amendments proposed are "substantive" or "nonsubstantive" as the case may be.

The chairman or chairwoman of the conference committee of each house shall give notice to the file clerk of both houses of the time and place of such meeting. Notice of each public meeting shall be published in the file of each house one calendar day prior to the meeting, except that such notice shall not be required for a meeting of a conference committee on the Budget Bill. When the provisions of this subdivision are waived with respect to a meeting of any public conference committee, and when there is a meeting of a conference committee on the Budget Bill, every effort shall be made to inform the public that such a meeting has been called.

(b) The first committee on conference of the Budget Bill, if such a committee is appointed, shall submit its report to each house no later than 15 days after the Budget Bill has been passed by both houses. If such report is not submitted by such date, the conference committee shall be deemed to have reached no agreement and shall so inform each house pursuant to Rule 30.7.

(c) A committee on conference of the Budget Bill shall only consider differences between the Assembly version of the Budget Bill as passed by the Assembly and the Senate version of the Budget

Bill as passed by the Senate and shall not approve any item of expenditure nor control which exceeds that contained in one of the two versions before the conference committee.

(d) No conference committee on any bill, other than the Budget Bill, shall approve any substantial financial provision in any bill if such financial provision has not been heard by the fiscal committee of each house, nor shall any such conference committee approve substantial policy changes which have not been heard by the policy committee of each house.

When Conference Committee Report Is in Order

30. The presentation of the report of a committee on conference shall always be in order, except when a question of order or a motion to adjourn is pending, or during rollcall, and, when received, the question of proceeding to the consideration of the report, if raised, shall be immediately passed upon, and shall be determined without debate.

Conference Committee Reports on Urgency Statutes

30.5. When the report of a committee on conference recommends the amendment of a bill by the addition of a section providing that the act shall take effect immediately as an urgency statute, the procedure and the vote thereon shall be as follows:

The presiding officer shall first direct that the urgency section be read and put to a vote. If two-thirds of the members elected to the house vote in the affirmative the presiding officer shall then direct that the question of whether the house shall adopt the report of the committee on conference shall be put to a vote. If two-thirds of all the members elected to the house vote in the affirmative, the adoption of the report and the amendments proposed thereby shall be effective.

If the affirmative vote on either of such questions is less than two-thirds of all the members elected to such house, the effect is a refusal to adopt the report of the committee on conference.

Failure to Agree on Report

30.7. A conference committee may find and determine that it is unable to submit a report to the respective houses, upon the affirmative vote to that effect of not less than two of the Assembly Members and not less than two of the Senate Members constituting the committee. Such finding may be submitted to the Chief Clerk of the Assembly and the Secretary of the Senate in the form of a letter from the chairman of the committee on conference for the house of origin of the bill, containing the signatures of the members of the committee consenting to the finding and determination that the committee is unable to submit a report. The Chief Clerk of the

Assembly and the Secretary of the Senate, upon being notified that a conference committee is unable to submit a report, shall so inform each house, whereupon the conferees shall be discharged and other conferees appointed, in accordance with the provisions of Rule 29.

MISCELLANEOUS PROVISIONS

Authority When Rules Do Not Govern

31. All relations between the houses which are not covered by these rules shall be governed by Mason's Manual.

Press Rules

32. (a) Persons desiring privileges of accredited press representatives shall make application to the Joint Rules Committee. Such application shall constitute compliance with any provisions of the Rules of the Assembly or the Senate with respect to registration of news correspondents. Applications shall state in writing the names of the daily newspapers, periodic publications, news associations, or radio or television stations by which they are employed, and what other occupations or employment they may have, if any; and they shall further declare that they are not employed, directly or indirectly, to assist in the prosecution of the legislative business of any person, corporation or association, and will not become so employed while retaining the privilege of accredited press representatives.

(b) The applications required by the above rule shall be authenticated in a manner that shall be satisfactory to the Standing Committee of the Capitol Correspondents Association which shall see that occupation of seats and desks in the Senate and the Assembly Chambers is confined to bona fide correspondents of reputable standing in their business, who represent daily newspapers requiring a daily file of legislative news, qualified periodic publications, or news associations requiring daily telegraphic or radio or television service on legislative news. It shall be the duty of the standing committee at its discretion, to report violation of accredited press privileges to the Speaker of the Assembly, or to the Senate Committee on Rules, and pending action thereon the offending correspondent may be suspended by the standing committee.

(c) Except as otherwise provided in this subdivision, persons engaged in other occupations whose chief attention is not given to newspaper correspondence or to news associations requiring telegraphic or radio or television service shall not be entitled to the privileges accorded accredited press representatives; and the press list in the Handbook of the California Legislature and the Senate and Assembly Histories shall be a list only of persons authenticated by the standing committee of correspondents. Accreditation may be granted to bona fide correspondents of reputable standing employed

by periodic publications of general circulation, providing that the applicants are employed on a full-time basis in the capitol area preparing articles dealing with state government and politics and that their publications are not organs or organizations involved in legislative advocacy.

(d) The press seats and desks in the Senate and Assembly Chambers shall be under the control of the standing committee of correspondents, subject to the approval and supervision of the Speaker of the Assembly and the Senate Committee on Rules. Press cards shall be issued by the President of the Senate and the Speaker of the Assembly only to correspondents properly accredited in accordance with the provisions of this rule.

(e) One or more rooms shall be assigned for the exclusive use of correspondents during the legislative session, which rooms shall be known as the Press Room. The Press Room shall be under the control of the Chief of the Bureau of Buildings and Grounds; provided, that all rules and regulations shall be approved by the Senate Committee on Rules and the Speaker of the Assembly.

(f) No accredited member of the Capitol Correspondents Association shall, for compensation, perform any service for state constitutional officers or members of their staffs, for state agencies, for the Legislature, for candidates for state office, or for a state officeholder, or for any person registered or performing as a legislative advocate.

(g) An accredited member of the association who violates subdivision (a) or (f) of this rule shall be subject to the following penalties:

(1) For the first offense, the Standing Committee of the Capitol Correspondents Association shall send a letter of admonition to the offending member, his employer, and the Joint Rules Committee. The letter shall state the nature of the member's rule violation and shall warn of an additional penalty for a second offense.

(2) For a second offense, the Standing Committee of the Capitol Correspondents Association shall recommend to the Joint Rules Committee that the member's accreditation be suspended or revoked and that he lose all rights and privileges attached thereto. The Standing Committee of the Capitol Correspondents Association shall also dismiss the member from the association.

Any member of the Standing Committee of the Capitol Correspondents Association may propose that the committee make an inquiry to determine if an association member has violated subdivision (a) or (f) of this rule. Upon a majority vote of the Standing Committee of the Capitol Correspondents Association, an inquiry shall be made.

Upon receipt of a signed, written notice from any association member of his belief that another association member may have violated subdivision (a) or (f) of this rule, the Standing Committee of the Capitol Correspondents Association shall commence an inquiry into the possible violation.

If the Standing Committee of the Capitol Correspondents Association determines by majority vote that an association member has broken an association rule, it shall inform the member of its finding. Within two weeks of notification, the member may request a meeting of the membership. If the member makes such a request, the Standing Committee of the Capitol Correspondents Association shall promptly schedule a meeting at the soonest possible time. After hearing the member and the committee review the circumstances of the alleged violation, the membership may, by majority vote, nullify the finding of the Standing Committee of the Capitol Correspondents Association. If nullification does not occur, the Standing Committee of the Capitol Correspondents Association shall impose immediately the appropriate penalty.

Dispensing With Joint Rules

33. No joint rule shall be dispensed with except by a vote of two-thirds of each house, except as otherwise provided in these rules. If either house shall violate a joint rule a question of order may be raised in the other house and decided in the same manner as in the case of the violation of the rules of such house; and if it shall be decided that the joint rules have been violated, the bill involving such violations shall be returned to the house in which it originated, and such disputed matter be considered in like manner as in conference committee.

Opinions of Legislative Counsel

34. Whenever the Legislative Counsel issues an opinion to any person other than the first-named author analyzing the constitutionality, operation, or effect of a bill or other legislative measure which is then pending before the Legislature or of any amendment made or proposed to be made to such bill or measure, he is authorized and instructed to deliver two copies of the opinion to the first-named author as promptly as feasible after the delivery of the original opinion and also to deliver a copy to any other author of the bill or measure who so requests. A copy of any letter prepared by the Legislative Counsel for the sole purpose of advising a member of a conflict between two or more bills as to the sections of law being amended, repealed, or added shall be submitted to the chairman of the committee to which each such bill has been referred.

Resolutions Prepared by Legislative Counsel

34.1. Whenever the Legislative Counsel has been requested to draft a resolution commemorating or taking note of any event, or a resolution congratulating or expressing sympathy toward any person, and subsequently receives a similar request from another Member of the Legislature, he shall inform that requester and each

subsequent requester that such a resolution is being, or has been, prepared, and he shall inform them of the name of the member for whom the resolution was, or is being, prepared.

Resolutions

34.2. A concurrent resolution, Senate resolution, or House resolution may be introduced to memorialize the death of a present or former state or federal elected official or a member of their immediate families. In all other instances, a resolution other than a concurrent resolution, as specified by the Committee on Rules of each house, or as provided by the Joint Rules Committee in those cases which require that such resolution should emanate from both houses, shall be used for the purpose of commendation, congratulation, sympathy, or regret with respect to any person, group, or organization.

No concurrent resolution requesting the Governor to issue a proclamation shall be introduced without the prior approval of the Committee on Rules of the house in which the resolution is to be introduced.

Identical Drafting Requests

34.5. Whenever it shall come to the attention of the Legislative Counsel that a member has requested the drafting of a bill which will be substantially identical to one already introduced he shall inform such member of that fact.

Expense of Members

35. As provided in Section 8902 of the Government Code, each Member of the Legislature is entitled to reimbursement for living expenses while required to be in Sacramento to attend a session of the Legislature, or while traveling to and from or in attendance at a committee meeting, or while attending to any legislative function or responsibility as authorized or directed by legislative rules or the Rules Committee of the house of which he or she is a member at the same rate as may be established by the State Board of Control for other elected state officers. Each member shall be reimbursed for travel expenses incurred in traveling to and from a session of the Legislature, or when traveling to and from a meeting of a committee of which he or she is a member, or when traveling pursuant to any other legislative function or responsibility as authorized or directed by legislative rules or the Rules Committee of the house of which he or she is a member at the rate prescribed by Section 8903 of the Government Code.

Expense allowances for Members of the Senate and Assembly shall be approved and certified to the Controller by the Secretary of the Senate, on behalf of the Senate, and the Chief Clerk of the Assembly

or other person authorized by the Assembly Committee on Rules, on behalf of the Assembly, weekly or as otherwise directed by either house, and upon such certification the Controller shall draw his or her warrants in payment of the allowances to the respective members.

Investigating Committees

36. In order to expedite the work of the Legislature either house, or both houses jointly, may by resolution or statute provide for the appointment of committees to ascertain facts and to make recommendations as to any subject within the scope of legislative regulation or control.

The resolution providing for the appointment of a committee shall state the purpose of the committee, and the scope of the subject concerning which it is to act and may authorize it to act either during sessions of the Legislature or, when such authorization may lawfully be made, after final adjournment.

In the exercise of the power granted by this rule, each committee may employ such clerical, legal, and technical assistants as may be authorized by: (a) the Joint Rules Committee in the case of a joint committee, (b) the Senate Rules Committee in the case of a Senate committee, or (c) the Assembly Rules Committee in the case of an Assembly committee.

Except as otherwise provided herein for joint committees or by the Rules of the Senate or the Assembly for single house committees, each committee may adopt and amend such rules governing its procedure as may appear necessary and proper to carry out the powers granted and duties imposed under this rule. Such rules may include provisions fixing the quorum of the committee and the number of votes necessary to take action on any matter. With respect to all joint committees, a majority of the membership from each house constitutes a quorum and an affirmative vote of a majority of the membership from each house is necessary for the committee to take action.

Each such committee is authorized and empowered to summon and subpoena witnesses, require the production of papers, books, accounts, reports, documents, records, and papers of every kind and description, to issue subpoenas and to take all necessary means to compel the attendance of witnesses and to procure testimony, oral and documentary.

Each member of such committees is authorized and empowered to administer oaths, and all of the provisions of Chapter 4 (commencing with Section 9400), Part 1, Division 2, Title 2 of the Government Code, relating to the attendance and examination of witnesses before the Legislature and the committees thereof, shall apply to such committees.

The Sergeant at Arms of the Senate or Assembly, or such other person as may be designated by the chairman or chairwoman of the

committee, shall serve any and all subpoenas, orders, and other process that may be issued by the committee, when directed to do so by the chairman, chairwoman, or by a majority of the membership of the committee.

Every department, commission, board, agency, officer, and employee of the state government, including the Legislative Counsel and the Attorney General and their subordinates, and of every political subdivision, county, city, or public district of or in this state, shall give and furnish to these committees and to their subcommittees upon request such information, records and documents as the committees deem necessary or proper for the achievement of the purposes for which each such committee was created.

Each committee or subcommittee of either house in accordance with the rules of that respective house and each joint committee or subcommittee thereof, may meet at any time during the period in which it is authorized to act, either at the State Capitol, or at any other place in the State of California, in public or executive session, and do any and all things necessary or convenient to enable it to exercise the powers and perform the duties herein granted to it or accomplish the objects and purposes of the resolution creating it with the following exceptions:

(a) When the Legislature is not in joint recess:

(1) No committee or subcommittee of either house shall meet outside the State Capitol without the prior approval of the Rules Committee of the Senate with respect to Senate committees and subcommittees and the Speaker of the Assembly with respect to Assembly committees and subcommittees.

(2) No committee or subcommittee of either house, other than a standing committee or subcommittee thereof, shall meet unless notice of such meeting has been printed in the daily file for four days prior thereto. This requirement may be waived by a majority vote of either house with respect to a particular bill.

(3) No joint committee or subcommittee thereof, other than the Joint Committees on Legislative Audit, Legislative Budget, Legislative Ethics, and Rules, shall meet outside the State Capitol without the prior approval of the Joint Rules Committee.

(4) No joint committee or subcommittee thereof, other than the Joint Committees on Legislative Audit, Legislative Budget, Legislative Ethics, and Rules, shall meet unless notice of such meeting has been printed in the daily file for four days prior thereto.

(b) When the Legislature is in joint recess each joint committee or subcommittee, other than the Joint Committees on Legislative Audit, Legislative Budget, Legislative Ethics, and Rules, shall notify the Joint Rules Committee at least two weeks prior to any such meeting.

(c) The requirements placed upon joint committees by paragraphs (a) and (b) above may be waived where it is deemed necessary by the Joint Rules Committee

Each such committee may expend such money as may be made available to it for such purpose but no committee shall incur any indebtedness unless money shall have been first made available therefor.

No living expenses shall be allowed in connection with legislative business for a day on which the member receives reimbursement for expenses while required to be in Sacramento to attend a session of the Legislature. The chairman or chairwoman of each committee shall audit and approve the expense claims of the members of the committee including claims for mileage in connection with attendance on committee business, or in connection with specific assignments by the committee chairman or chairwoman, but excluding other types of mileage, and shall certify the amount approved to the Controller, and the Controller shall draw his warrants upon the certification of the chairman or chairwoman.

Subject to the rules of each house for the respective committees of each house, and subject to the joint rules for any joint committee, the chairman or chairwoman of any such committee may appoint subcommittees and chairmen or chairwomen thereof for the purpose of more expeditiously handling and considering matters referred to it, and such subcommittees and the chairmen or chairwomen thereof shall have all the powers and authority herein conferred upon the committee and its chairman or chairwoman. The chairman or chairwoman of such subcommittee shall audit the expense claims of the members of such subcommittees and other claims and the expenses incurred by it and shall certify the amount thereof to the chairman or chairwoman of the committee who shall, if he approves the same, certify the amount thereof to the Controller, and the Controller shall draw his warrant therefor upon such certification, and the Treasurer shall pay the same. Whenever such committee or any subcommittee thereof is authorized to leave the State of California in the performance of its duties, then such committee or subcommittee shall, while out of the state, have the same authority as if it were acting and functioning within the state, and the members thereof shall be reimbursed for expenses.

Notwithstanding any provision of this rule, if the standing rules of either house require that expense claims of committees for goods or services or pursuant to contracts or for expenses of employees or members of committees be audited or approved, after approval of the committee chairman or chairwoman, by another agency of either house, the Controller shall draw his warrants only upon the certification of such other agency. All expense claims approved by the chairman or chairwoman of any joint committee, other than the Joint Legislative Budget Committee and the Joint Legislative Audit Committee, shall be approved by the Joint Rules Committee and the Controller shall draw his warrants only upon the certification of the Joint Rules Committee.

Except salary claims of employees clearly subject to federal withholding taxes and the requirement as to loyalty oaths, claims

presented for services or pursuant to contract shall refer to the agreement, the terms of which shall be made available to the Controller.

Expenses of Committee Employees

36.1. (j) Any official or other person whose name is mentioned at any investigation or hearing of the committee and who believes that testimony has been given which adversely affects him, shall have the right to testify or, at the discretion of the committee, to file a statement of facts under oath relating solely to the material relevant to the testimony of which he complains.

(k) After the hearing the committee shall state its findings of fact.

If the committee finds that the respondent has not violated any of the provisions of Rule 44, it shall order the action dismissed, and shall notify the respondent and complainant thereof and shall also transmit a copy of the complaint and the fact of dismissal to the Attorney General and to the district attorney of the appropriate county. If the committee finds that the respondent has violated any of the provisions of Rule 44, it shall state its findings of fact and submit a report thereon to the house in which the respondent serves, send a copy of such findings and report to the complainant and respondent, and the committee shall also report thereon to the Attorney General and to the district attorney of the appropriate county.

(*l*) Nothing in this rule shall preclude any person from instituting a prosecution for violation of any provision of Rule 44 unless such person has filed a complaint with the committee concerning such violation, in which case such person may not file a complaint with the district attorney of the appropriate county to institute a criminal prosecution for such violation until the committee has made its determination of the matter for a period of 120 days has elapsed since the filing of the complaint with the committee.

(m) The filing of a complaint with the committee pursuant to this rule suspends the running of the statute of limitations applicable to any violation of the provisions of Rule 44 while such complaint is pending.

(n) The committee shall maintain a record of its investigations, inquiries, and proceedings. All records, complaints, documents, reports filed with or submitted to or made by the committee, and all records and transcripts of any investigations, inquiries or hearings of the committee under this rule shall be deemed confidential and shall not be open to inspection by any person other than a member of the committee, an employee of the committee, or a state employee designated to assist the committee, except as otherwise specifically provided in this rule. The committee may, by adoption of a resolution, authorize the release to the Attorney General or to the district attorney of the appropriate county of any information, records, complaints, documents, reports, and transcripts in its possession material to any matter pending before the Attorney General or the district attorney. All matters presented at a public hearing of the committee and all reports of the committee stating a final finding of fact pursuant to subdivision (k) shall be public records and open to public inspection. Any employee of the committee who divulges any matter which is deemed to be confidential by this subdivision is punishable as provided in Section 8953 of the Government Code.

(o) All actions of the committee shall require the concurrence of two members of the committee from each house.

(p) The committee may render advisory opinions to Members of the Legislature with respect to the provisions of Rule 44 and their application and construction. The committee may secure an opinion

from the Legislative Counsel for this purpose or issue its own opinion.

Legislative Hearing Rooms

46. The Rules Committee of each house shall provide designated space for nonsmokers in each legislative hearing room under its jurisdiction; provided, however, that nothing in this rule shall prevent any committee chairman from prohibiting smoking completely, or from further restricting smoking to a greater extent than provided by the Rules Committee of that house.

Designating Legislative Sessions

50. Regular sessions shall be identified with the odd-numbered year subsequent to each general election, followed by a hyphen, and then the last two digits of the following even-numbered year. For example: 1973–74 Regular Session.

Days and Dates

50.5. (a) As used in these rules, "day" means a calendar day, unless otherwise specified.

(b) When the date of a deadline, recess, other requirement, or circumstances, falls on a Saturday, Sunday, or Monday that is a holiday, such date shall be deemed to refer to the preceding Friday, except where January 1 is a Sunday, such date shall be deemed to refer to the following Tuesday. When such a date falls on a holiday on a weekday other than a Monday, such date shall be deemed to refer to the preceding day.

Legislative Calendar

51. (a) The Legislature shall observe the following calendar during the first year of the regular session:

(1) Organizational Recess—The Legislature shall meet on the first Monday in December following the general election to organize. Thereafter, each house shall be in recess from such time as it determines, but not later than the following Friday until the first Monday in January, except when the first Monday is January 1, in which case, the following Tuesday.

(2) Easter Recess—The Legislature shall be in recess from the 10th day prior to Easter until the Monday after Easter.

(3) Summer Recess—The Legislature shall be in recess from the last Friday in June until the first Monday in August. This recess shall not commence until the Budget Bill is enacted.

(4) Interim Study Recess—The Legislature shall be in recess from September 15 until the first Monday in January, except when the first Monday is January 1, or January 1 is a Sunday, in which case, the

following Tuesday.

(b) The Legislature shall observe the following calendar for the remainder of the legislative session:

(1) Easter Recess—The Legislature shall be in recess from the 10th day prior to Easter until the Monday after Easter.

(2) Summer Recess—The Legislature shall be in recess from the last Friday in June until the first Monday in August. This recess shall not commence until the Budget Bill is enacted.

(3) Final Recess—The Legislature shall be in recess on September 1 until adjournment sine die on November 30th.

(c) Recesses shall be from the hour of adjournment on the day specified to reconvene at the time designated by the respective houses.

(d) The recesses specified by this rule shall be designated as joint recesses.

Recall From Recess

52. Notwithstanding the power of the Governor to call a special session, the Legislature may be recalled from joint recess and reconvene in regular session by any of the following means:

(1) It may be recalled by joint proclamation, which shall be entered in the journal, of the Senate Rules Committee and the Speaker of the Assembly or, in his absence from the state, the Assembly Rules Committee.

(2) Ten or more Members of the Legislature may present a request for recall from joint recess to the Chief Clerk of the Assembly and the Secretary of the Senate. The request shall immediately be printed in the journal. Within 10 days thereafter the Speaker of the Assembly, or if the Speaker is absent from the state, the Assembly Rules Committee, and the Senate Rules Committee shall act upon the request. If they concur in desiring to recall the Legislature from joint recess, they shall issue their joint proclamation entered in the journal no later than 20 days after publication of the request in the journal.

(3) If either or both of the parties specified in subdivision (2) does not concur, 10 or more Members of the Legislature may request the Chief Clerk or Secretary of the respective house to petition the membership of that house. The petition shall be entered in the journal and shall contain a specified reconvening date commencing not later than 20 days after the date of the petition. If two-thirds of the members of the house or each of the two houses concur, the Legislature shall reconvene on the date specified. The necessary concurrences must be received at least 10 days prior to date specified for reconvening.

Procedure on Suspending Rules by Single House

53. Whenever these rules authorize suspension of the Joint Rules as to a particular bill by action of a single house after approval by the Rules Committee of that house, the following procedure shall be followed:

(a) A written notice of intention to suspend the joint rule shall be filed with the Chief Clerk of the Assembly or the Secretary of the Senate, as the case may be, and shall be transmitted to the Rules Committee of the appropriate house. The notice shall be printed in the journal of that house.

(b) The Rules Committee of the Assembly or Senate, as the case may be, shall determine whether there exists an urgent need for the suspension of the joint rule with regard to the bill.

(c) If the Rules Committee recommends that the suspension be permitted, the member may offer a resolution, without further reference thereof to committee, granting permission to suspend the joint rule. The adoption of the resolution granting such permission shall require an affirmative recorded vote of the elected members of the house in which the request is made.

Introduction of Bills

54. (a) Bills may be introduced at any time except when the houses are in joint recess. Each house may provide for introduction of bills during a recess other than a joint recess. Bills shall be numbered consecutively during the regular session.

(b) A member may not author a bill during a session that would have substantially the same effect as a bill he or she had previously introduced during that session. This restriction shall not apply in cases where a previously introduced bill has been vetoed by the Governor or has had its provisions "chaptered out" by a later chaptered bill pursuant to Section 9605 of the Government Code. An objection may be raised only while the bill is being considered by the house in which it is introduced. In such case the objection shall be referred to the Rules Committee of the house for a determination. The bill shall remain on file or with a committee, as the case may be, until such determination is made. If upon consideration of the objection the Rules Committee determines that the bill objected to would have substantially the same effect as another bill previously introduced during the session by the author, the bill objected to shall be stricken from the file or returned to the desk by the committee, as the case may be, and shall not be acted upon during the remainder of the session. If the Rules Committee determines that the bill objected to would not have substantially the same effect as a bill previously introduced during the session by the author, the bill may thereafter be acted upon by the committee or the house, as the case may be. The Rules Committee may obtain such assistance as it may desire from the Legislative Counsel as to the similarity of a bill or

amendments to a prior bill. This joint rule may be suspended by approval of the Rules Committee and three-fourths vote of the house.

(c) During a joint recess, the Chief Clerk or Secretary shall order the preparation of preprint bills when so ordered by any of the following:

(1) The Speaker.

(2) The Committees on Rules of the respective houses.

(3) A committee with respect to bills within the subject matter jurisdiction of the committee.

Preprint bills shall be designated as such and shall be printed in the order received and numbered in the order printed. To facilitate subsequent amendment, preprint bills shall be so prepared that when introduced as a bill, the page and the line numbers will not change. The Chief Clerk and Secretary shall publish a list periodically of such preprint bills showing the preprint bill number, the title, and the Legislative Counsel's digest. The Speaker and Senate Rules Committee may refer preprint bills to committee for study.

30-Day Waiting Period

55. No bill other than the Budget Bill may be heard or acted upon by committee or either house until the bill has been in print for 30 days. The date a bill is returned from the printer shall be entered in the history. This rule may be suspended concurrently with the suspension of the requirement of Section 8 of Article IV of the Constitution or if such period has expired, this rule may be suspended by approval of the Rules Committee and two-thirds vote of the house in which the bill is being considered.

Return of Bills

56. Bills introduced in the first year of the regular session and passed by the house of origin on or before the January 30th constitutional deadline are "carryover bills." Immediately after January 30, bills introduced in the first year of the regular session that do not become "carryover bills" shall be returned to the Chief Clerk of the Assembly or Secretary of the Senate, respectively. Notwithstanding Rule 4, as used in this rule, "bills" does not include constitutional amendments.

Appropriation Bills

57. Appropriation bills that may not be sent to the Governor shall be held, after enrollment, by the Chief Clerk of the Assembly or Secretary of the Senate, respectively. The bills shall be sent to the Governor immediately after the Budget Bill has been enacted.

Urgency Clauses

58. An amendment to add a section to a bill to provide that the act shall take effect immediately as an urgency statute shall not be adopted unless the author of the amendment has first secured the approval of the Rules Committee of the house in which the amendments are offered.

Vetoes

58.5. The Legislature may consider a Governor's veto for only 60 days, not counting days when the Legislature is in joint recess.

Publications

59. During periods of joint recess, weekly, if necessary, the following documents shall be published: files, histories, and journals.

Hearings in Sacramento

60. (a) No standing committee or subcommittee thereof may take action on a bill at any hearing held outside of Sacramento.

(b) A committee may hear the subject matter of a bill during a period of recess. Four days' notice in the daily file is required prior to any such hearing.

(c) No bill may be acted upon by a committee during a joint recess.

(c) If a bill is acted upon in committee before the relevant deadline and the committee votes to report the bill out with amendments that have not at the time of the vote been prepared by the Legislative Counsel, the Secretary of the Senate and the Chief Clerk may subsequently receive a report at any time within two legislative days after the deadline recommending the bill for passage or for rereferral together with the amendments.

(d) Bills in the house of origin not acted upon during the odd-numbered year as a result of the deadlines contained in paragraph (a) may be acted upon when the Legislature reconvenes after the interim study joint recess, or at any time the Legislature is recalled from such joint recess.

(e) The deadlines imposed by this rule shall not apply to the Rules Committees of the respective houses.

(f) The above deadlines shall not apply in instances where a bill is referred to committee under Joint Rule 26.5.

(g) There shall be no committee meetings held during the week preceding the summer recess of the odd-numbered year, and none during the week which includes the next-to-last Friday in June of the even-numbered year.

(h) This rule may be suspended as to any particular bill by approval of the Rules Committee and two-thirds vote of the members of the house.

(i) Except as provided in subparagraphs (a)(6) and (b)(9), and subdivision (g), the deadlines imposed by this rule shall not apply to constitutional amendments or those bills which go into immediate effect pursuant to Article IV, Section 8(c).

Committee Procedure

62. (a) Notice of a hearing on a bill by the committee of first reference in each house shall be published in the file at least four days prior to the hearing. Otherwise, notice shall be published in the file two days prior to the hearing. Such notice may be waived by a majority vote of the house in which the bill is being considered. A bill may be set for hearing in a committee only three times. A bill is "set" for purposes of this subdivision whenever notice of the hearing has been published in the file for one or more days. If a bill is set for hearing, and the committee, on its own initiation and not the author's, postpones the hearing on the bill or adjourns the hearing

while testimony is being taken, such hearing shall not be counted as one of the three times a bill may be set. After hearing the bill, the committee may vote on the bill. If the hearing notice in the file specifically indicates that "testimony only" will be taken, such hearing shall not be counted as one of the three times a bill may be set. A committee may not vote on a bill so noticed until it has been heard in accordance with this rule. After a committee has voted on a bill, reconsideration may be granted only one time. Reconsideration may be granted within 15 legislative days or prior to the interim study joint recess, whichever first occurs. A vote on reconsideration cannot be taken without the same notice required to set a bill unless such vote is taken at the same meeting at which the vote to be reconsidered was taken and the author is present. When a bill fails to get the necessary votes to pass it out of committee or upon failure to receive reconsideration, it shall be returned to the Chief Clerk of the Assembly or Secretary of the Senate of the house of the committee and may not be considered further during the session.

This subdivision may be suspended with respect to a particular bill by approval of the Rules Committee and two-thirds vote of the members of the house.

(b) If the committee adopts amendments other than those offered by the author and orders the bill reprinted prior to its further consideration, the hearing shall not be the final time a bill may be set under subdivision (a) of this rule.

(c) When a standing committee takes action on a bill, the vote shall be by rollcall vote only. All rollcall votes taken by a standing committee shall be recorded by the committee secretary on forms provided by the Chief Clerk of the Assembly and the Secretary of the Senate. The chairman or chairwoman of each standing committee shall promptly transmit a copy of the record of the rollcall votes to the Chief Clerk of the Assembly or the Secretary of the Senate, respectively, who shall cause the votes to be published as prescribed by each house.

The provisions of this subdivision shall also apply to action of a committee on a subcommittee report. The rules of each house shall prescribe the procedure as to rollcall votes on amendments.

Any committee may, with the unanimous consent of the members present, substitute a rollcall from a prior bill, provided that the members whose votes are substituted are present at the time of the substitution.

At no time shall a bill be passed out by a committee without a quorum being present.

The provisions of this subdivision shall not apply to:

(1) Procedural motions which do not have the effect of disposing of a bill.

(2) Withdrawal of a bill from a committee calendar at the request of an author.

(3) Return of bills to the house where the bills have not been voted

on by the committee.

(4) The assignment of bills to committee.

(d) The chairman or chairwoman of the committee hearing a bill, may, at any time, order a call of the committee. Upon a request by any member of a committee or the author in person, the chairman or chairwoman shall order the call.

In the absence of a quorum a majority of the members present may order a quorum call of the committee and compel the attendance of absentees. The chairman or chairwoman shall send the Sergeant at Arms for those members who are absent and not excused by their respective house.

When a call of a committee is ordered by the chairman or chairwoman with respect to a particular bill, he or she shall send the Sergeant at Arms or any other person to be appointed for that purpose for those members who have not voted on that particular bill and are not excused.

A quorum call or a call of the committee with respect to a particular bill may be dispensed with by the chairman or chairwoman without objection by any member of the committee, or by a majority of the members present.

If a motion is adopted to adjourn the committee while the committee is operating under a call, the call shall be dispensed with and any pending vote announced.

The committee secretary shall record the votes of members answering a call. The rules of each house may prescribe additional procedures for a call of a committee.

Uniform Rules

63. No standing committee of either house shall adopt or apply any rule or procedure governing the voting upon bills which is not equally applicable to the bills of both houses.

Votes on Bills

64. Every meeting of each house and standing committee or subcommittee thereof where a vote is to be taken on a bill, or amendments to a bill, shall be public.

Conflicting Rules

65. The provisions of Rule 50 and following of these rules prevail over any conflicting joint rule with a lesser number.

[Filed with Secretary of State January 26, 1979.]

WHEREAS, The burgeoning population of Mexicali, economic hardship, mechanical malfunction, earthquake damage, and tropical storms have combined to complicate the efforts of the Mexican government to adequately treat such pollutants with the result that state and county public health officials in California are seriously concerned about the threat of disease posed by the contaminated water; and

WHEREAS, Governor Roberto de la Madrid of Baja California has given assurances that necessary repairs to Mexicali's sewage pumping station will be carried out as a high priority project and the City of Mexicali is planning to build additional oxidation ponds, but, even at full operation, the city's sewage treatment system is inadequate and dated, many residences and businesses are not hooked up to the system, and industrial polluters continue to dump wastes into the river; and

RESOLUTION CHAPTER 18

Senate Constitutional Amendment No. 2—A resolution to propose to the people of the State of California an amendment to the Constitution of the state, by amending subdivision (a) of Section 7 of Article I thereof, relating to school pupils.

[Filed with Secretary of State April 2, 1979]

Resolved by the Senate, the Assembly concurring, That the Legislature of the State of California at its 1979–80 Regular Session commencing on the fourth day of December, 1978, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the state be amended by amending subdivision

(a) of Section 7 of Article I thereof, to read:

(a) A person may not be deprived of life, liberty, or property without due process of law or denied equal protection of the laws; provided, that nothing contained herein or elsewhere in this Constitution imposes upon the State of California or any public entity, board, or official any obligations or responsibilities which exceed those imposed by the Equal Protection Clause of the 14th Amendment to the United States Constitution with respect to the use of pupil school assignment or pupil transportation. In enforcing this subdivision or any other provision of this Constitution, no court of this state may impose upon the State of California or any public entity, board, or official any obligation or responsibility with respect to the use of pupil school assignment or pupil transportation, (1) except to remedy a specific violation by such party that would also constitute a violation of the Equal Protection Clause of the 14th Amendment to the United States Constitution, and (2) unless a federal court would be permitted under federal decisional law to impose that obligation or responsibility upon such party to remedy the specific violation of the Equal Protection Clause of the 14th Amendment of the United States Constitution.

Except as may be precluded by the Constitution of the United States, every existing judgment, decree, writ, or other order of a court of this state, whenever rendered, which includes provisions regarding pupil school assignment or pupil transportation, or which requires a plan including any such provisions shall, upon application to a court having jurisdiction by any interested person, be modified to conform to the provisions of this subdivision as amended, as applied to the facts which exist at the time of such modification.

In all actions or proceedings arising under or seeking application of the amendments to this subdivision proposed by the Legislature at its 1979–80 Regular Session, all courts, wherein such actions or proceedings are or may hereafter be pending, shall give such actions or proceedings first precedence over all other civil actions therein.

Nothing herein shall prohibit the governing board of a school district from voluntarily continuing or commencing a school integration plan after the effective date of this subdivision as amended.

In amending this subdivision, the Legislature and people of the State of California find and declare that this amendment is necessary to serve compelling public interests, including those of making the most effective use of the limited financial resources now and prospectively available to support public education, maximizing the educational opportunities and protecting the health and safety of all public school pupils, enhancing the ability of parents to participate in the educational process, preserving harmony and tranquility in this state and its public schools, preventing the waste of scarce fuel resources, and protecting the environment.

If the Rules Committee determines that the bill objected to would not have substantially the same effect as a bill previously introduced during the session by the author, the bill may thereafter be acted upon by the committee or the house, as the case may be. The Rules Committee may obtain such assistance as it may desire from the Legislative Counsel as to the similarity of a bill or amendments to a prior bill. This joint rule may be suspended by approval of the Rules Committee and three-fourths vote of the house.

The Chief Clerk and Secretary shall publish a list periodically of such preprint bills showing the preprint bill number, the title, and the Legislative Counsel's digest. The Speaker and Senate Rules Committee may refer all preprint bills to committee for study.

RESOLUTION CHAPTER 21

Senate Concurrent Resolution No. 10—Relative to the Richmond-San Rafael Bridge Run.

[Filed with Secretary of State April 20, 1979]

WHEREAS, April 29, 1979, marks the occasion of the running of the Richmond-San Rafael Bridge Run, from which proceeds will

benefit institutionalized men, women, and youth; and

WHEREAS, The sponsor of the run is M-2 Sponsors, Inc., a group, which, since 1971, has helped thousands of institutionalized persons to successfully reenter society; and

WHEREAS, The Richmond-San Rafael Bridge Run promises to be one of the great races in the state, as it will allow participants to run across the spectacular bridge spanning the North Bay; and

WHEREAS, Abundant cooperation has been received from the California Highway Patrol, Department of Transportation, Richmond Police, Larkspur Police, San Rafael Police, and East Bay Regional Park District to make this an outstanding race; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Department of Transportation is hereby requested to authorize the closure of two lanes of the Richmond-San Rafael Bridge for the period of time necessary to permit its use as part of the course for a run sponsored by M-2 Sponsors, Inc., if the department is requested to do so by the East Bay Regional Park District in accordance with Section 21104 of the Vehicle Code; and be it further

Resolved, That the Secretary of the Senate transmit suitably prepared copies of this resolution to the Secretary of the Business and Transportation Agency and to the Director of Transportation.

RESOLUTION CHAPTER 22

Senate Joint Resolution No. 15—Relative to Amtrak rail passenger service.

[Filed with Secretary of State May 1, 1979.]

WHEREAS, The United States Department of Transportation examined five alternative levels or systems of Amtrak service in its May 1978 Preliminary Report to Congress and the public, entitled "A Reexamination of the Amtrak Route Structure"; and

WHEREAS, Of the alternatives studied, the service level alternative known as Scenario "E" contains the most desirable full system of passenger train service for California, including the following service:

(a) Two trains daily connecting Sacramento, the San Francisco Bay Area, and Los Angeles,

(b) Extension of the "San Joaquin" beyond Bakersfield to connect with transcontinental trains in Barstow to continue to Los Angeles,

(c) Rerouting the "Coast Starlight" to serve Marysville and Chico,

(d) Six trains daily, funded by the federal government, between Los Angeles and San Diego,

(e) Daily service between Los Angeles and New Orleans via Palm

Springs, Indio, Phoenix, Tucson, and cities in Texas, and,

(f) Daily service between Los Angeles and Denver via Las Vegas and Salt Lake City; and

WHEREAS, Scenario "E" contains the lowest level of cost per passenger-mile and the highest ridership of the alternatives studied in the preliminary report; and

WHEREAS, The United States Department of Transportation has issued its final report to the Congress on the Amtrak route system which recommends severe reductions in the rail passenger service offered in California; and

WHEREAS, The implementation of the service recommended in this report will create regional inequities in that the already underserved West and South would be victims of severe cutbacks in service, while the Northeast Corridor would retain all its service; and

WHEREAS, Under the recommendations of the report, the State of California is required to pay one-half the cost of three of the six San Diego-Los Angeles trains, while Northeastern states receive total funding of the 40 Northeast Corridor trains from the federal government; and

WHEREAS, The report recommends against any track improvements in California, while the United States Department of Transportation recommends 2.5 billion dollars of such upgrading in the Northeast; and

WHEREAS, The proposed cutbacks would remove one of the most energy-efficient transportation modes at a time when there is uncertainty about gasoline availability; and

WHEREAS, Funding proposals of the United States Department of Transportation plan would prevent Amtrak from increasing frequency of service and from purchasing new equipment to handle peak travel demands; and

WHEREAS, Under the plan, California would not receive a fair share of federal resources for passenger train service, would not receive an adequate system of trains, but would be required, nevertheless, to pay for multi-billion-dollar service improvements in the Northeast; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress of the United States to support a resolution of disapproval of the United States Department of Transportation's proposal for restructuring and reducing Amtrak rail passenger service and in addition to provide funds to maintain that level of Amtrak service which is identified and described in Scenario "E" of the Preliminary Report to Congress; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the United States Department of Transportation.

RESOLUTION CHAPTER 23

Assembly Concurrent Resolution No. 52—Relative to proclaiming April 22–29, 1979, as "The Days of Remembrance of Victims of the Holocaust" in California.

[Filed with Secretary of State May 3, 1979.]

WHEREAS, From 1933 to 1945, humanity's darkest hour in history was suffered in the Holocaust, in which 12 million people, six million of them Jews, were murdered by Nazis in Europe; and

WHEREAS, From this tragedy, we discovered a terrible side of human behavior—that a modern society could use its skill and technology to deny what is sacred in humanity; to kill others and inflict unrestrained evil on their fellow human beings; and

WHEREAS, Just as importantly, we discovered the price of indifference and the cost of apathy; that to ignore evil is to accept its triumph; and that only by confronting the memory of the Holocaust, and by examining our consciences, can we be committed enough to prevent its reoccurrence; and

WHEREAS, In accordance with the mandate of Congress and Executive Order Number 12093 of the President of the United States, April 22–29, 1979, has been designated as "The Days of Remembrance of Victims of the Holocaust" in the United States; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the members proclaim the week of April 22–29, 1979, as "The Days of Remembrance of Victims of the Holocaust" in California, in recognition of the terrible genocide inflicted on Jews and others during World War II; and urge Californians everywhere to observe, with appropriate ceremony, these "Days of Remembrance," so that we may help ensure that such crimes against humanity never again take place.

RESOLUTION CHAPTER 24

Assembly Concurrent Resolution No. 26—Relative to physically handicapped persons.

[Filed with Secretary of State May 4, 1979.]

WHEREAS, The California Legislature has long been a national leader in supporting the rights of physically handicapped persons; and

WHEREAS, The California Legislature has enacted legislation enabling the physically handicapped to become contributing, taxpaying citizens; and

WHEREAS, The California Legislature has enacted legislation

improving the quality of life in all areas for the physically handicapped, including the removal of architectural barriers, the right to work, the right to a public education, the right to fully accessible public transportation, the right to vocational rehabilitation, and the right to housing; and

WHEREAS, The California Legislature recognizes that in order for the physically handicapped to become equal, active, contributing, taxpaying citizens, they must continue to have their rights protected in all of the areas previously cited; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Members publicly declare that the Legislature reaffirms and will continue its position of national leadership in protecting the rights of the physically handicapped in all areas, as represented by existing statutes, and will continue to support the efforts of the physically handicapped to lead independent lives and to become equal, active, participating, contributing, employed, taxpaying citizens.

RESOLUTION CHAPTER 25

Senate Joint Resolution No. 5—Relative to federally mandated programs.

[Filed with Secretary of State May 18, 1979.]

WHEREAS, California statutes provide for the reimbursement of local governmental agencies for state-mandated programs; and

WHEREAS, The federal government can mandate programs for state or local governments to implement without being required to reimburse such governments for the costs involved in carrying out such programs; and

WHEREAS, In order to implement new programs and provide increased levels of service as required by the federal government, the states must incur significant costs which must be paid for out of state revenues, existing or to be raised by the imposition of additional taxes; and

WHEREAS, There exists, throughout the United States, a growing resentment of the heavy burden of taxation and an active rejection of existing and proposed levels and methods of revenue raising; and

WHEREAS, The public outcry against taxation makes it increasingly difficult for the states to raise the revenues necessary to finance the programs and services which the states are required to provide by the federal government; and

WHEREAS, It is a matter of simple equity that a level of government which establishes programs or services in the public interest should provide the means for financing those programs and

services; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress of the United States to enact a law providing for federal reimbursement of state and local governments for the costs involved in complying with federally mandated programs; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 26

Assembly Joint Resolution No. 35—Relative to the fuel shortage.

[Filed with Secretary of State May 23, 1979.]

WHEREAS, The availability of gasoline to California motorists has deteriorated severely in recent months; and

WHEREAS, The State of California's largest supplier of gasoline has reduced fuel allocations to 80 percent of the amount apportioned during this same period in 1978; and

WHEREAS, The demand for gasoline in the first quarter of 1979 is up by five percent over the first quarter of 1978 in California; and

WHEREAS, Proved reserves of crude oil in the United States decreased an estimated 1.7 billion barrels in 1978 in the face of increased domestic crude oil production for a second consecutive year; and

WHEREAS, Retail gasoline outlets have resorted to the sharp curtailment of business hours in response to reduced fuel allotments; and

WHEREAS, Numerous incidents of retail and wholesale price gouging in the area of fuel sales have been cited by the Federal Economic Regulatory Administration of the Federal Department of Energy; and

WHEREAS, Gasoline pricing formulas established by the Federal Department of Energy are ludicrously complex at both wholesale and retail levels; and

WHEREAS, Approximately 6.7 million automobiles in California operate on unleaded fuel; and

WHEREAS, There is an apparent acute shortfall of unleaded fuel to meet California motorists' driving needs; and

WHEREAS, A growing number of citizens of California do not believe a true shortage exists; and

WHEREAS, The State of California is in need of swift, positive

action aimed at meeting its fuel requirements; now, therefore, be it

Resolved, by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully proposes that the Congress of the United States immediately hold joint investigative hearings in the State of California concerning the fuel shortage crisis, including the issuance of subpoena power to the investigative committee; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 27

Assembly Concurrent Resolution No. 61—Relative to Vietnam Veterans Week.

[Filed with Secretary of State June 1, 1979.]

WHEREAS, The United States is a peace-seeking nation, and while presently at peace, we must not forget the lessons war has taught us, nor the brave men and women who have sacrificed so much for us in all our wars; and

WHEREAS, The decade now drawing to a close began in the midst of a war that was the longest and most expensive in our nation's history and most costly in human lives and suffering; and

WHEREAS, Because it was a divisive and painful period for all Americans, we are tempted to want to put the Vietnam War out of our minds, but it is important that we remember—honestly, realistically, and with humility; and

WHEREAS, It is also important that we remember those who answered their nation's call in that war with the full measure of their valor and loyalty and trust, and that we pay full tribute at last to all Americans who served in the armed forces in Southeast Asia; and

WHEREAS, Their courage and sacrifices in that tragic conflict were made doubly difficult by the nation's lack of agreement as to what constituted the highest duty, so that instead of glory, United States servicemen were too often met with our embarrassment or ignored when they returned; and

WHEREAS, The honor of those who died there is not tarnished by our uncertainty at the moment of their sacrifice; and

WHEREAS, To them, we owe our respect and gratitude; to the loved ones they left behind, our concern, understanding, and help in the building of new lives; and to those who still bear the wounds, both physical and psychic, from all our wars, our continuing responsibility; and

WHEREAS, Of all the millions of Americans who served in Southeast Asia, the majority have successfully rejoined the mainstream of American life; and

WHEREAS, To them and to all who served or suffered in that war, we owe our solemn pledge to pursue all honorable means to establish a just and lasting place in the world that no future generation need suffer in this way again; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California hereby declares the week of May 28 through June 3, 1979, as Vietnam Veterans Week so that we as a nation may express our thanks for the service of all Vietnam War veterans, to honor their patriotism, and to recognize their civilian contributions to their communities throughout California and the nation today.

[Filed with Secretary of State June 1, 1979]

WHEREAS, Israel and Egypt have ended 30 years of hostility, signed a peace treaty, and embarked upon a new and peaceful relationship; and

WHEREAS, Both nations have taken exceptional risks and burdens upon themselves in order to implement the peace agreement; and

WHEREAS, The Israeli-Egyptian Treaty serves the American national interest by promoting peace and stability in the Middle East; and

WHEREAS, United States economic assistance for Egypt will serve to improve the standard of living of her people and thereby help to stabilize the region; and

WHEREAS, The peoples of both nations have borne the cost of defense and now carry a heavy burden to assure the peace; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress to provide economic assistance to both Israel and Egypt in the understanding that such aid will represent a prudent and essential investment in the cause of peace; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Department of Transportation is hereby requested to authorize closure of two northbound lanes of the Golden Gate Bridge for the period of time necessary to permit its use as part of the course of the Golden Gate Bridge Ten Kilometer Run if the Golden Gate Bridge authority, in accordance with Section 21104 of the Vehicle Code, requests the department to close the lanes; and be it further

[Filed with Secretary of State June 12, 1979]

WHEREAS, It has come to the attention of the Legislature that state governmental entities are currently engaged in the practice of distributing numerous unsolicited publications to Members of the Legislature and to the general public; and

WHEREAS, Legislative offices dispose of many unsolicited publications, lacking time to study the overwhelming amounts of materials received and lacking space for storage and personnel for collating and cataloging such publications; and

WHEREAS, The general public and its representatives have expressed their concern regarding government expenditures in the unnecessary publication and distribution of such unsolicited reports; and

WHEREAS, "Report" means any document which is more than 10 pages in length and which is written and printed by a state agency, but does not include material written and published by a postsecondary institution relating to admissions, curriculum, enrollment, financial aid, student orientation, research, or the application thereof; and

WHEREAS, Nothing shall prohibit the unsolicited distribution of any agency publication that summarizes the contents of reports, or indicates the availability of reports, nor shall this prevent the unsolicited distribution of reports to the media, or to personnel within the agency, or to parties before administrative or quasi-judicial bodies in order to comply with due process; and

WHEREAS, The publication of reports, booklets, and studies for the purpose of unsolicited distribution is an unproductive use of trees, one of the nation's important natural resources; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That cost-saving alternatives shall be considered by state governmental entities, such as periodic notices of available materials or reports; and be it further

Resolved, That state governmental entities shall send reports, booklets, studies, and other publications to Members of the Legislature, agencies and subdivisions thereof, and to the general public, only upon request or when required to do so by statute.

RESOLUTION CHAPTER 33

Senate Joint Resolution No. 12—Relative to currency.

[Filed with Secretary of State June 22, 1979.]

WHEREAS, Several nations throughout the world have their currency marked so that blind people can differentiate the various denominations by touch; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California memorializes the Treasury Department to study the feasibility of manufacturing currency that is marked in a distinctive manner so that the denominations may be distinguished by touch, based upon the manufacturing capacity and resources of the United States mints, considering the most effective and economical mark that may be utilized on such currency, the cost ramifications of manufacturing currency with such distinctive marks, and the extent to which such currency would be of assistance to the blind; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Treasury Department.

RESOLUTION CHAPTER 34

Senate Concurrent Resolution No. 15—Relative to the Insurance Commissioner.

[Filed with Secretary of State June 22, 1979]

WHEREAS, The Insurance Commissioner has issued Ruling No. 228 (File No. RH-192A) dated December 14, 1978, which promulgates new credit insurance regulations set forth in Articles 6.7

and 6.9, Subchapter 2, Chapter 5, Title 10 of the California Administrative Code, effective April 1, 1979; and

WHEREAS, It is alleged by certain credit insurers that the need for a new regulatory framework for credit insurance is questionable, complaints by insureds under existing regulations have been minimal, and studies of the credit insurance business have indicated that there is a strong demand for credit insurance by consumers; and

WHEREAS, It is also alleged by certain credit insurers that the regulations are unduly complex and burdensome and combine drastic reductions in income with substantial increases in the cost to provide credit insurance with the result that certain credit insurers have indicated an intention to withdraw from all or a major portion of the market or are inhibited from entering the market; and

WHEREAS, Many insurers and creditors contend that they are finding it impossible to reprogram their computers and publish new forms and rate charts to comply, by April 1, 1979, with the regulations; and

WHEREAS, The regulations require extensive and complex reports by insurers to the Department of Insurance, the complexity of which is both unnecessary and inflationary, resulting in substantial added costs to insurers; and

WHEREAS, Certain credit insurers allege that the new regulatory framework is discriminatory, unreasonable, and inequitable because it provides for different premium rates for similarly situated consumers and insurers by basing rates on creditor size rather than policy benefits or consumer characteristics; and

WHEREAS, It is also alleged that the regulations are contrary to the controlling provisions of the credit insurance statutes because they do not properly measure policy benefits in relation to premium charges as required by Section 779.9 of the Insurance Code, and their anticompetitive and monopolistic effect will violate the purpose of the credit insurance statutes as set forth in Section 779.1 of the Insurance Code to the detriment of consumers; and

WHEREAS, Certain credit insurers believe that the regulations fail to properly implement the credit insurance provisions of the California Financial Code applicable to personal property brokers (Section 22458.1, subdivision (e) of the Financial Code) and industrial loan companies (Section 18412 of the Financial Code); now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Insurance Commissioner rescind his Ruling No. 228 and the regulations set forth in the exhibit attached thereto and reconsider the need for and content of regulations to regulate the business of credit life and credit disability insurance; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Insurance Commissioner.

Assembly Concurrent Resolution No. 27—Relative to withdrawing Assembly Constitutional Amendment No. 82.

[Filed with Secretary of State June 25, 1979.]

Resolved by the Assembly of the State of California, two-thirds of the members voting therefor, the Senate thereof concurring, two-thirds of the members voting therefor, That the Secretary of State is directed to withdraw Assembly Constitutional Amendment No. 82 (Resolution Chapter 97, Statutes of 1978) from the ballot; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Secretary of State.

RESOLUTION CHAPTER 36

Assembly Concurrent Resolution No. 32—Relative to fire protection.

[Filed with Secretary of State June 25, 1979.]

WHEREAS, The Resources Agency and the Department of Forestry have initiated action to terminate contractual cooperative fire protection in Orange County and possibly in other areas; and

WHEREAS, This cooperative fire protection agreement was entered into in order to meet local government needs and enhance the statewide fire protection capability of the Department of Forestry, and is fully funded by local government; and

WHEREAS, Similar contractual arrangements are currently operative with 17 cities, 28 counties, and a number of districts providing cost-effective protection to lives, property, and natural resources; and

WHEREAS, The action currently being pursued by the Resources Agency and the Department of Forestry would eliminate more than 500 highly trained firefighters and fire managers from the statewide wild land fire protection force with no saving of funds to the state; and

WHEREAS, The administration's 1979–80 budget requests an additional one million three hundred sixty-six thousand nine hundred thirty-one dollars ($1,366,931) due to this action and the possible increased costs to both local and state government, and probable increases in losses of lives, property, and resources have not

been quantified; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Assembly Office of Research shall conduct a study of the health and safety, economic, and environmental impacts, the impact upon state and local taxpayers, and the impact on the ability of the Department of Forestry to perform its fire suppression mission if the cooperative fire protection agreement with Orange County is canceled; and be it further

Resolved, That the study of the Orange County cooperative fire protection agreement shall be completed and its findings shall be transmitted to the appropriate policy and fiscal committees of the Assembly and Senate not later than January 1, 1980; and be it further

Resolved, That the Resources Agency, the Department of Forestry, and all other state agencies are hereby requested to suspend any and all activities involved in canceling any cooperative fire protection agreement with Orange County until July 1, 1980; and be it further

Resolved, That the Department of Forestry is directed, until July 1, 1980, to initiate no new cooperative agreements for the provision of fire protection to any local government agency or add new agencies to existing contracts where such fire protection is currently being provided by an existing fire department or fire district, except that the Department of Forestry may honor requests for cooperative agreements authorized under Section 4144 of the Public Resources Code; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Secretary of the Resources Agency and to the Director of Forestry.

RESOLUTION CHAPTER 37

Assembly Concurrent Resolution No. 45—Relative to institutions of higher learning.

[Filed with Secretary of State June 28, 1979]

WHEREAS, California's institutions of higher learning have earned a reputation for the highest standards of intellectual integrity and academic freedom; and

WHEREAS, Institutions of higher learning depend on endowments, grants, and contracts from government and on gifts and grants from private individuals, corporations, and foundations; and

WHEREAS, The conditions attached to endowments, grants, contracts, and gifts can, on occasion, affect the independence and restrict the freedom of the recipient institution; and

WHEREAS, A strong safeguard against such an occurrence is full

knowledge and free debate by trustees and regents, faculty, students, staff, and general community of the terms of endowments, grants, contracts, and gifts; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature believes it to be in the best interests of California's institutions of higher learning and the citizens of California that the board of trustees or governing board of each such institution make available the terms and conditions, if any, of significant endowments, gifts, grants, and contracts, to the general community of higher learning and that those terms and conditions also be made available upon request from any person; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Board of Governors of the California Community Colleges, the Trustees of the California State University and Colleges, the Regents of the University of California, and the governing boards of independent postsecondary educational institutions in California, including those institutions with membership in the Association of Independent California Colleges and Universities.

[Filed with Secretary of State June 28, 1979]

WHEREAS, There are currently more than 5,000 Vietnamese refugees called the "boat people", who have fled their country in fear for their lives, packed aboard two freighters which are anchored in the bays of Hong Kong and Manila; and

WHEREAS, Officials in Hong Kong have refused to let 2,700 refugees off the Taiwanese freighter Huey Fong because Hong Kong was not the vessel's scheduled port of call; and

WHEREAS, Authorities in the Philippines have refused to admit 2,300 Vietnamese remaining aboard the freighter Tung An, claiming that refugee camps in that country are already overcrowded; and

WHEREAS, More than 200,000 Indochinese of various nationalities are situated in overcrowded and undersupplied United Nations refugee camps in Thailand, Malaysia, and the Philippines; and

WHEREAS, International refugee officials predict as many as one million more refugees will escape during the next five years, some traveling overland from Communist-ruled Laos and Cambodia but most traveling by sea from Vietnam; and

WHEREAS, The suffering to which the refugees are being subjected is a problem of immense proportion deserving of a

response from the United States government and the international community; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the President and Vice President of the United States and the Congress of the United States are requested to take such action as is necessary, including continued federal funding of the Indochinese Refugee Assistance Program, to secure relief for the plight of the 5,000 "boat people" presently stranded in the bays of Hong Kong and Manila, and for those refugees admitted to the United States, to ensure that they will be sustained by a federally funded program a minimum of two years to allow time to better assess the needs of recent and future arrivals for continuing assistance and giving those already here a better opportunity to become self-sufficient; and be it further

Resolved, That the President is requested to instruct the United States delegation to the United Nations to advocate in behalf of the human rights of one million Indochinese refugees scattered throughout Asia to all members of the General Assembly of the United Nations; and be it further

RESOLUTION CHAPTER 47

Assembly Joint Resolution No. 22—Relative to federal reclamation law.

[Filed with Secretary of State July 20, 1979]

WHEREAS, Pine Flat Dam on the Kings River, California, was authorized by the Flood Control Act of 1944 for construction by the U.S. Army Corps of Engineers primarily as a flood control project with incidental conservation storage of water for irrigation; and

WHEREAS, The Kings River water users owned 100 percent of the rights to use such Kings River water for more than 80 years before such flood control dam was built; and

WHEREAS, The Kings River water users have paid or contracted to pay all the costs allocable to irrigation storage behind Pine Flat Dam; and

WHEREAS, For many years, representatives of the United States repeatedly stated that this project would not come under reclamation law or the restrictions thereof; and

WHEREAS, By virtue of building the dam, no "new" water was created, no "new" lands came into cultivation, no "arid" lands were reclaimed, and no "public" lands were opened for settlement; and

WHEREAS, No distribution facilities were built by the United States; and

WHEREAS, A substantial portion of the Kings River service area lies within the Tulare Lake Basin and is not susceptible to farming in small tracts due to periodic flooding and other factors; and

WHEREAS, In spite of such aforementioned facts, the Ninth Circuit Court of Appeals has reversed a judgment of the trial court and decreed that the reclamation laws of the United States apply to all waters stored behind Pine Flat Dam; and

WHEREAS, Such decree will cause the larger users to forego storage of their privately owned water and use it under natural flow conditions as was done before Pine Flat Dam was built; and

WHEREAS, Such natural flow use will destroy most of the recreation benefits of the reservoir and harm the smaller users of Kings River water by substantially increasing their reliance on already overdrafted and costly groundwater supplies; and

WHEREAS, As a matter of fairness and equity, such aforestated facts dictate that the beneficiaries of the Pine Flat Project should be exempt from the provisions of reclamation law; and

WHEREAS, Legislation has been introduced in the House of Representatives specifically to exempt such Kings River service area from such laws; and

WHEREAS, Legislation has also been introduced in the House of Representatives which would modernize such reclamation laws to recognize the changes that have taken place in agriculture, this state's number one industry, over the past 76 years; now, therefore,

WHEREAS, Since the adoption by the people of Proposition 13 at the June 1978 primary election with the resultant restrictions on local revenues from property taxes, many cities and counties are having difficulty raising the funds to pay for street lighting projects; and

WHEREAS, In addition, existing mechanisms for raising funds for such purposes are cumbersome and require an unproductive expenditure for overhead and administration; and

WHEREAS, A simpler and more direct means to obtain necessary street lighting may be the furnishing of this service by the public utility within whose electrical service area the street lighting project is situated; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That street lighting is an essential public service which could be provided by public utility electrical corporations pursuant to rules and orders of the Public Utilities Commission; and be it further

WHEREAS, The Legislature does not have an adequate basis for determining whether it is in the state's interest to continue, expand, or duplicate these programs in the absence of an in-depth evaluation

thereof; and

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California should study and consider the adoption of a policy that all statutes enacted after January 1, 1979, which create a pilot, demonstration, or new program should contain the following provisions:

WHEREAS, Many major airports in the State of California serve both commercial air carriers and general aviation; and

WHEREAS, The collision of a commercial passenger airliner with a small private airplane over San Diego on September 25, 1978, has focused attention on the concern for air travel safety in the congested airspace near major airports; and

Resolved by the Assembly and Senate of the State of California, jointly, That the Congress of the United States is respectfully

memorialized to require an impartial agency not presently responsible for air safety matters at the earliest possible date to conduct a study of congested airspace problems and to consider appropriate measures to maximize air safety for the benefit of the traveling public, including the feasibility of allowing both general and commercial aviation traffic in the same airspace above major air carrier airports and the state of current technology on collision avoidance systems; and be it further

Resolved, That copies of this resolution be transmitted to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to the Secretary of Transportation, and to the Administrator of the Federal Aviation Administration.

WHEREAS, Air Force Regulation 35-41 requires Air Force Reserve and Air Guard nurses to be actively employed in their field two days per week or pursuing a degree in nursing; and

WHEREAS, Noncompliance with Air Force Regulation 35-41 results in nonactive, nonpay reserve status until the person dies or retires; and

WHEREAS, No other profession in the reserves imposes such a requirement, nor do Army or Navy reserves impose such requirements; and

WHEREAS, The result is a severe and disparate impact on females because a large majority of reserve nurses are female; and

WHEREAS, This disparate treatment is unfair to these loyal reserve nurses who have served their country with compassion and devotion; and

WHEREAS, The Air Force nurses have exhausted all available manners of redress at their disposal; and

WHEREAS, The Air Force nurses are supported by the American Nurses' Association as well as the California Nurses' Association which has long espoused the rights of registered nurses to fair and equitable treatment in conditions of employment; now, therefore, be it

jointly, That the Legislature of the State of California memorializes the Congress of the United States to amend Section 301 of Title 37 of the United States Code and the Department of the Air Force to amend Air Force Regulation 35-41 so that they no longer produce a discriminatory impact on Air Force nurses; and be it further

Resolved, That the Legislature of the State of California memorializes the Congress of the United States to establish a special investigatory committee to review other labor practices engaged in by the Air Force which might result in discrimination against Air Force nurses and to implement a program to avoid any such discriminatory practices in the future; and be it further

Resolved, That the Secretary of the Assembly transmit copies of this resolution to the President and Vice President of the United States, the Secretary of Defense, the Secretary of the Air Force, the Assistant Secretary of the Air Force, the Air Force Chief of Staff, the Speaker of the House of Representatives, the Chairman of the Senate Committee on Armed Services, the Chairman of the House of Representatives Committee on Armed Services, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 60

Assembly Joint Resolution No. 40—Relative to Amtrak.

[Filed with Secretary of State August 27, 1979.]

WHEREAS, It is the policy of the State of California to encourage the preservation and improvement of rail passenger service as an important national resource and a necessary alternative to long-distance travel by private automobile during these times of scarcity and escalating costs of fuel; and

WHEREAS, The Department of Transportation of the State of California (Caltrans) on May 14, 1979, filed a complaint in the United States District Court for the Eastern District of California to enjoin the severe reductions in rail passenger service proposed by the President and Congress for the National Railroad Passenger Corporation (Amtrak) not only within California but also across the nation; and

WHEREAS, The proposed reduction in rail passenger service will, among other adverse impacts within California, eliminate approximately 300 route miles of service; terminate service to such important communities as Stockton, Riverbank, Merced, and Hanford; discourage prospective rail passengers between Los Angeles and Chicago by increasing the travel time 11½ hours; hinder the state program of underwriting certain Amtrak operating deficits instituted pursuant to Section 4 of Chapter 1130 of the Statutes of

1975; and cause increases in both air pollution and fuel consumption particularly within the San Joaquin Valley which is even presently not in compliance with federal air pollution standards; and

WHEREAS, The proposed reductions in rail passenger service will, among other adverse impacts for the rest of the nation, eliminate access to intercity rail passenger service for approximately 41 million persons; displace approximately 5,800 Amtrak and operating railroad employees; terminate rail passenger service at approximately 213 stations with consequent environmental, cultural, economic, and historical impacts; result in an increase in energy consumption in 28 of the 42 states directly affected by the proposed reductions in service; cause increased air pollution in 41 of these 42 states; burden interstate trucking by causing increases in the number of cars and buses on interstate highways; and disrupt local transportation and community planning; and

WHEREAS, These proposed cutbacks in Amtrak service are embodied in a controversial Final Report to Congress prepared by the United States Department of Transportation dated January 1979, and this report fails to include either a detailed environmental impact statement as required by the National Environmental Policy Act or the information required by the Amtrak Improvement Act of 1978; and

WHEREAS, The proposed reductions in service will violate the Clean Air Act, the National Historic Preservation Act, and significant constitutional rights of the citizens of California, such as the right of travel and the due process guarantee of a full and fair hearing relating to the discontinuance of rail passenger service; and

WHEREAS, The State of Texas has also filed a lawsuit in the United States District Court for the Southern District of Texas on May 22, 1979, to enjoin these rail passenger service reductions; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California expresses its support for the legal actions instituted by Caltrans to enjoin the proposed reductions in rail passenger service by Amtrak, respectfully memorializes the President and Congress to act swiftly to eliminate these ill-advised proposed cutbacks in Amtrak service, and urges all other states which would be adversely affected by restructured and reduced Amtrak service to institute legal actions similar to those instituted by California and Texas; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to the United States Department of Transportation, and to the Governors of all the other States in the United States.

WHEREAS, The university-level educational process is predicated on the assumption that students have acquired basic learning and communication skills prior to admission to postsecondary education; and

WHEREAS, The California State University and Colleges currently admits students who satisfy the admissions criteria, but yet are deficient in basic learning and communication skills; and

WHEREAS, It is difficult to maintain high academic standards when students lack basic skills; and

WHEREAS, The cost of the SSP portion now represents over 58 percent of the total cost of SSI/SSP program benefits; and

WHEREAS, The state's share of the program costs exceeds the federal share because in calculating the amount of aid a recipient is eligible to receive, nonexempt income of a recipient is first deducted from the SSI payment, with any remaining income deducted from the SSP payment; and

WHEREAS, The state will continue to assume more than 50 percent of the cost of providing SSI/SSP benefits to the aged, blind and disabled in the state until the method of calculating the federal and state share of the aid payment is changed; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress of the United States to amend the Social Security Act to provide that recipient income be deducted from the SSI and SSP portions of the SSI/SSP benefit levels in amounts proportional to the relative contributions of the federal and state shares to the total benefit levels; and be it further

WHEREAS, Emergency physicians treat indigents regardless of their ability to pay, as required by Section 1317 of the Health and Safety Code; and

WHEREAS, Already low Medi-Cal reimbursement to emergency physicians has been further reduced by this recent administrative order, so that emergency physicians are paid at low levels; and

WHEREAS, Emergency departments located in low income areas are particularly impacted by this administrative order, and may be forced to close or to reduce the level and quality of services provided to Medi-Cal patients; and

WHEREAS, This administrative order was adopted without benefit of public review or comment, as is required for proposed statutes or regulations; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Department of Health Services is requested to immediately develop a proposed regulation similar to the administrative order and after receiving public input with

respect to the matter, determine the advisability and effect of implementing such a proposed regulation; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Governor, the Secretary of the Health and Welfare Agency, the Director of the Department of Finance, and the Director of the Department of Health Services.

RESOLUTION CHAPTER 76

Assembly Joint Resolution No. 27—Relative to solar photovoltaic energy systems.

[Filed with Secretary of State September 7, 1979]

WHEREAS, Increased research and development of alternate means of generating electricity is a pressing national and state priority; and

WHEREAS, Generating electricity through the use of solar photovoltaic energy systems is one of the most promising new technologies available for the future; and

WHEREAS, The development of photovoltaic systems is particularly suitable for California because of the state's highly developed electronic industries and research facilities, which can provide a sound technical and scientific foundation for photovoltaic research; and

WHEREAS, Several California researchers have been investigating the technical feasibility of gallium arsenide concentrator and advanced silicon photovoltaic systems, and have made substantial progress in this regard; and

WHEREAS, Gallium arsenide concentrator and advanced silicon photovoltaic systems have demonstrated the potential for achieving substantial improvements in conversion efficiencies, and therefore greater cost-effectiveness, in generating electricity from solar energy; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the United States Department of Energy and the Congress of the United States be respectfully urged to provide support for photovoltaic energy systems research within California; and be it further

Resolved, That the Department of Energy give a special priority to supporting research and demonstration projects which utilize gallium arsenide concentrator and advanced silicon photovoltaic cells, and other systems with high conversion efficiencies; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the United States Department of Energy and to each Senator and Representative from California in the Congress of

the United States.

RESOLUTION CHAPTER 77

Assembly Concurrent Resolution No. 44—Relative to unemployment insurance.

[Filed with Secretary of State September 7, 1979]

WHEREAS, The Employment Development Department recently began delivery of unemployment insurance benefits by mail; and

WHEREAS, The Legislature is interested in a comparison of the operation of the current mail delivery system and the former system due to the considerable controversy that has resulted since the implementation of the mail-pay system; and

WHEREAS, The department firmly maintains that a mail-pay system of delivering benefits will improve the unemployment insurance program by allowing local office personnel to concentrate on more frequent and intensive periodic eligibility reviews (PERs) for claimants who have continuing claims, as well as more job counseling for claimants; that the emphasis on PERs for claimants is intended to insure greater compliance with seek-work requirements of the program; and that more job counseling is intended to enhance return to work efforts by claimants; and

WHEREAS, It is charged that the mail-pay system could lead to increased fraud by claimants who have no desire to work; that the declining volume of claims offers no justification for such an administrative change; that claims interviewers are unable to make a visual assessment of the claimant's ability to work when the claimants are paid by mail instead of presenting themselves in person at a local office of the department; that the new procedures result in no savings in administrative costs and could, in fact, represent an increase in these costs; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the impact of a mail-pay system program be studied by the Joint Legislative Audit Committee as to its effectiveness in achieving intended objectives and report the results of such study to the Legislature on or before January 31, 1980; and be it further

Resolved, That the report shall compare data since the start of the payment of benefits by mail with comparable information when claimants reported in person, and that such comparison include all of the following factors:

(a) The level of claimant fraud and overpayments.

(b) The duration of unemployment insurance claims.

(c) The number of claimant disqualifications as a result of issues

detailed in Section 1253 and subdivision (b) of Section 1257 of the Unemployment Insurance Code.

(d) The incidence of claimants returning to employment.

(e) The number, frequency and average length of time of periodic eligibility review (PERs).

(f) An evaluation of administrative cost savings resulting from the mail-pay system; and be it further

Resolved, That copies of this resolution be transmitted to the Joint Legislative Audit Committee and the Director of Employment Development; and be it further

Resolved, That the sum of up to thirty thousand dollars ($30,000) is hereby made available from the Contingent Funds of the Assembly and Senate for the payment of any and all expenses of the Joint Legislative Audit Committee (created by Section 10501 of the Government Code) and its members and for any charges, expenses, or claims it may incur as a result of the unemployment insurance study, to be paid from such fund and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasury. The exact amount to be paid shall be determined by the Joint Rules Committee.

RESOLUTION CHAPTER 78

Assembly Concurrent Resolution No. 51—Relating to the creation of a Task Force on City Government Fiscal Information.

[Filed with Secretary of State September 7, 1979.]

WHEREAS, City fiscal information is not now available on a timely, comparable, and consistent basis statewide; and

WHEREAS, Existing fiscal reporting under current statutory provisions is viewed as technically flawed and is not a completely reliable representation of the fiscal condition of cities; and

WHEREAS, The State Legislature faces major local government policy decisions as a result of Proposition 13, including reallocation of governmental resources in order to preserve essential local services, and the need to provide incentives to local government for more efficient and effective approaches to the delivery of local services; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That a Task Force on City Government Fiscal Information be created with the following composition, authorization, and responsibilities:

(1) The task force shall be assembled by the State Controller's office and shall include city representatives appointed by the League of California Cities, representatives of appropriate legislative committees and state agencies.

(2) The task force is charged with making recommendations for improving reporting city financial data so that it will be timely, comparable, and consistent on a statewide basis.

(3) The task force should consider the following criteria in developing its recommendations for improving city financial reporting:

(a) The information requested should be only that which can be reasonably defined as needed for state policy decisions.

(b) The information should be useful to cities.

(c) The information requirements should be stable and new information requests should be planned well in advance of implementation.

(d) Timelines for submission of information to the state should recognize the fiscal and budget-making timelines of city governments.

(e) The information base should, to the maximum extent feasible, be common to other local agencies and collected on a common format.

(f) The reporting system should be designed with careful regard to current fiscal information capabilities.

(g) To the extent that reporting systems require added net costs, they should be reimbursed by the state.

The task force shall complete work and make recommendations to the Assembly and Senate Local Government Committees no later than December 31, 1979.

RESOLUTION CHAPTER 79

Assembly Concurrent Resolution No. 68—Relative to school administrators.

[Filed with Secretary of State September 7, 1979]

WHEREAS, The Assembly Education Committee Task Force for the Improvement of Pre- and In-Service Training for Public School Administrators reviewed the role, professional problems, and needs of school administrators; and

WHEREAS, The task force found that many school administrators do not believe that their academic training prepared them for their major responsibilities as school administrators; and

WHEREAS, Learning activities should center around identified competencies which can be measured and those human relation skills necessary for effective administration; and

WHEREAS, Candidates for the services credential with a specialization in administrative services should have field experience which provides them with the opportunity to work under the direction of exemplary school administrators and to perform tasks

comparable to those performed by school administrators; and

WHEREAS, Continuing changes in school administration require that ongoing opportunities be provided for school administrators to develop and upgrade their skills; and

WHEREAS, There is no model for providing a comprehensive, ongoing development program for school administrators which meets their immediate needs and offers them practical experience; now, therefore, be it

Resolved, By the Assembly of the State of California, the Senate thereof concurring, That the Chancellor of the California State University and Colleges designate Los Angeles area campuses of the California State University and Colleges system to design, in cooperation with the Los Angeles County Superintendent of Schools, a one-year pilot program that examines alternative methods of providing preservice training to certificated employees seeking the services credential with a specialization in administrative services, and in-service training to persons currently employed as public school administrators, and enables campuses to use their resources cooperatively; and be it further

Resolved, That in designing the pilot program the need for modifying funding formula for public universities and colleges to provide field-based professional development programs for school administrators be addressed; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Chancellor of the California State University and Colleges and to the Los Angeles County Superintendent of Schools.

RESOLUTION CHAPTER 80

Senate Concurrent Resolution No. 16—Relative to motor vehicle inspection programs.

[Filed with Secretary of State September 7, 1979]

WHEREAS, The State of California and the California Legislature have for many years remained committed to the goal of clean and healthful air for all Californians; and

WHEREAS, In pursuit of that goal, the State of California is now operating both centralized and decentralized vehicle inspection programs, with inspection taking place upon change of ownership; and

WHEREAS, There is significant evidence to indicate that programs of annual inspection and maintenance are more effective in reducing vehicle emissions than are programs in which inspection and maintenance take place only upon change of ownership; and

WHEREAS, The Federal Clean Air Act requires a certified motor

vehicle inspection program to be implemented in all areas not attaining federal clean air standards by January 1, 1982; and

WHEREAS, Two bills to establish an annual vehicle inspection program in California received serious consideration during the 1979 legislative year, but were not enacted in large part because of serious concerns that there is not enough technical information available to make a well-informed choice between a centralized, decentralized, or other appropriate inspection programs; and

WHEREAS, It is the responsibility of the Legislature to take a major role in the creation of an annual inspection and maintenance program, rather than delegate the decision regarding which type of program is to be established to non-elected administrative agencies; and

WHEREAS, In October of 1979, the California State Air Resources Board will submit to the Legislature the first report on the effectiveness of California's centralized inspection program; and

WHEREAS, In December of 1979, the Bureau of Automotive Repair will submit to the Legislature its report on the possible effectiveness of an improved and well-enforced decentralized inspection program; and

WHEREAS, New information on the effectiveness of both centralized and decentralized programs in other states is becoming available; and

WHEREAS, A review of all this newly available information, combined with a review of earlier reports and studies should provide the Legislature with adequate technical information to choose between a centralized, decentralized, or other program that meets state and federal clean air goals; and

WHEREAS, The severe sanctions required by the Federal Clean Air Act for states not enacting a statute authorizing inspection and maintenance will serve to seriously disrupt the economy, health, and welfare of the people of California; and

WHEREAS, The Legislature is seriously concerned that a program not be selected in undue haste, without adequate deliberation and technical information so that the program that is selected provides the greatest possible benefits to the public, and in fact merits public support for cleaning California's ambient air; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California respectfully memorializes the Administrator of the Environmental Protection Agency to extend the deadline for the enactment of inspection and maintenance authorization in California until the end of the 1980 legislative session, so that the analyses necessary for a choice between a centralized, decentralized, or other appropriate inspection program may be completed; and be it further

Resolved, That it is the intent of the Legislature to authorize during the 1980 legislative year and to implement during 1981 a periodic inspection and maintenance program that is effective, economical, and as acceptable as possible to the motoring public; and

be it further

Resolved, That the Legislative Analyst is hereby requested to study and report to the Chairmen of the Senate and Assembly Committees on Transportation on a recommended vehicle inspection and maintenance program for California; and be it further

Resolved, That the Legislative Analyst perform all of the following:

(1) Follow the progress of and review the results of the studies being done by the State Air Resources Board and the Bureau of Automotive Repair, and prepare a critique of the assumptions, methodology, and conclusions of these studies.

(2) Review the inspection programs now operating, or about to begin operation, in other states.

(3) Review all available information on the costs and effectiveness of vehicle inspection as a way to reduce undesirable motor vehicle emissions.

(4) Propose optimal centralized, decentralized, or other appropriate inspection programs and criteria that include, but are not limited to, consideration of (a) inspection of all vehicles for which inspection is cost-effective, (b) emission analyzer quality control, (c) mechanic training, (d) effective oversight of the repair industry, (e) licensing of inspection stations, (f) undercover surveillance of inspection stations, (g) opportunity for all motorists to have the emission test done at an independent referee station, and (h) necessary consolidation and coordination of state and local government functions associated with the proposed programs.

(5) Evaluate the expected costs and benefits of optimally designed programs, including emissions reductions, fuel economy changes, the cost of inspections, repairs, program administration, and program enforcement, and the value of the public's time required to comply with the requirements of each program, and any other identifiable costs and benefits of a fiscal or non-fiscal nature.

(6) Recommend measures to reduce the impact of inspection and maintenance on low-income persons.

(7) Recommend whether the state should consider not requiring inspection of older vehicles.

(8) Evaluate the cost and benefits of including, as part of each program, inspections for safety and noise reduction.

(9) Prepare a report containing the critiques, reviews, recommendations, and evaluations and submit this report to the Chairmen of the Senate and Assembly Committees on Transportation no later than April 15, 1980; and be it further

Resolved, That the State Air Resources Board, the Bureau of Automotive Repair, the Department of the California Highway Patrol, and the Department of Motor Vehicles cooperate with and assist the Legislative Analyst in all ways possible and that the Legislative Analyst, at his discretion, shall convene and chair an advisory group representing in a fair and impartial manner representative members of federal, state, and local public agencies and representatives of the private sector concerned with this study;

and be it further

Resolved, That the sum of one hundred fifty thousand dollars ($150,000) be allocated from the Senate and Assembly Contingent Funds to the Legislative Analyst for the costs involved in complying with the requests of this resolution; and be it further

Resolved, That the Legislative Analyst may contract with an independent consultant to carry out any or all of the requests made by this resolution; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President of the United States, the Administrator of the Environmental Protection Agency, the Governor, the State Air Resources Board, the Director of Consumer Affairs, the Director of Motor Vehicles, the Commissioner of the California Highway Patrol, the Legislative Analyst, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 81

Senate Concurrent Resolution No. 25—Relative to environmental health hazards.

[Filed with Secretary of State September 11, 1979]

WHEREAS, California has been in the forefront in the remarkable proliferation and use of new industrial chemicals since 1940, and the hazards to human health and the environment from these materials is just beginning to be realized; and

WHEREAS, The Love Canal disposal site problem in New York, the recently detected radium disposal sites in Colorado, the Stringfellow Quarry near Riverside, the PBB poisoning in Michigan, the radiation leakage from the Three Mile Island nuclear plant, the Kepone pesticide tragedy, and the ever-widening scope of asbestos-related illnesses, all reflect aspects of a problem whose elements exist in California to an as-yet almost-totally-unmonitored degree; and

WHEREAS, Over 26,000 potentially harmful substances are listed in the 1977 registry by the National Institute of Occupational Safety and Health. Of these, almost 2,000 are suspected carcinogens and 269 are confirmed carcinogens, 41 (so far) are mutagens, over 400 are teratogens (cause birth defects), and about 2,200 are pesticides. Thousands more may cause acute or chronic poisoning and other adverse effects. National production of new synthetic organic chemicals alone tops 300 billion pounds and has increased 250 fold since 1940; and

WHEREAS, Many of the most serious harmful effects from hazardous substances are delayed for decades (cancer) or for generations (genetic damage) thereby constituting "time bombs"

now going off with increasing frequency; and

WHEREAS, The federal Environmental Protection Agency now requires some health hazard information regarding new substances before use, but these provisions do not cover the backlog of over three decades of chemicals already in use and in the environment; and

WHEREAS, The health of citizens is being, and has been, jeopardized by failure to protect the human environment. This failure in large part is due to the lack of health data because of the absence of adequate surveillance of human health and of the status of the environment with respect to effects of hazardous substances; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the State Department of Health Services is requested to:

(1) Undertake an epidemiological study or other suitable health risk assessment study of the affected population at risk in the Stringfellow Quarry hazardous waste site area in Riverside County, to determine possible incidence of chemically-induced diseases resulting from the approximately 32 million gallons of liquid chemical wastes dumped there between 1956 and 1972; or in the event that the department does not feel such a study is warranted, to outline its reasons and backup data.

(2) Outline the department's current capabilities in coordination with other state departments for conducting an ongoing program to monitor human health and the environment in order to detect and investigate as early as possible, adverse effects on health and on the human environment from hazardous substances.

(3) In the event that the department does not have current capabilities to undertake studies of high quality in this area, to outline the funds and staffing necessary to provide the State of California with a laboratory and staff of high quality necessary for present and likely future needs in this area and the timetable required to set up such an operation.

(4) Investigate and report on the possibilities of utilizing federal laboratories and staff for such epidemiological studies, or for contracting with the private sector, and the relative costs and quality of work from these alternatives compared to the state's establishing its own facilities and staff.

(5) Explore whether there is potential for a state operation to receive funding and grants from the federal government, and contracts from other governmental and private sources, as a method of offsetting costs of establishing a state facility, as has been accomplished by the State of New York.

(6) Report to the Legislature within three months following adoption of this resolution; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the State Director of Health Services.

RESOLUTION CHAPTER 82

Senate Concurrent Resolution No. 26—Relative to the expanded availability and use of manufactured housing.

[Filed with Secretary of State September 11, 1979.]

WHEREAS, The manufactured housing industry is the only housing industry providing housing for Californians of low and moderate incomes without government subsidies; and

WHEREAS, Nationally, the manufactured housing industry provides 95 percent of all housing costing under $30,000; and

WHEREAS, Neither state nor local governments have indicated a full awareness of the potential of the manufactured housing industry to respond to the critical housing needs of California; now, therefore, be it

Resolved, by the Senate of the State of California, the Assembly thereof concurring, That the California Legislature urges all levels of government to take all reasonable steps, consistent with the policies, goals, and objectives of the governmental unit involved, to facilitate the use of manufactured housing as a response to state and local housing needs; and be it further

Resolved, That the Department of Housing and Community Development is requested to report to the Legislature, on or before June 30, 1980, its analysis of the condition of the manufactured housing industry in California, including, but not limited to, specific comment on:

(a) What the State of California has done to encourage and facilitate the use of manufactured housing.

(b) The number of manufactured housing units now in existence in the cities and counties of the state.

(c) The ways in which manufactured housing is treated under local land use law and policy and the extent to which that treatment differs from that accorded to so-called conventional housing; and be it further

Resolved, That the Director of Housing and Community Development consult with the Department of Finance, representatives of California cities and counties, and the manufactured housing industry to determine what an adequate supply of manufactured housing consists of, based upon data which includes a comparison of manufactured homes to site-built single-family housing starts; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Secretary of State and the presiding officer of each house of the Legislature, to each city and county within California, and to the Director of Housing and Community Development and the Director of Finance.

RESOLUTION CHAPTER 83

Assembly Concurrent Resolution No. 22—Relative to a wildlife preserve.

[Filed with Secretary of State September 11, 1979]

WHEREAS, The people of the state are concerned about protecting and preserving existing native wildlife; and

WHEREAS, Wildlife which exists or has existed naturally in areas of steep terrain is a unique and important representative of the natural history of California, and therefore, when possible and deemed appropriate by the Legislature, should be protected through the establishment of wildlife management areas or ecological reserves, as provided in Article 2 (commencing with Section 1525) and Article 4 (commencing with Section 1580) of Chapter 5 of Division 2 of the Fish and Game Code; and

WHEREAS, The terrain in the area of the Don Pedro Reservoir appears to be well suited as a natural habitat for a variety of animal and plant species, and may afford an opportunity for both the preservation of critical, unique, or scarce habitat and wildlife species and the enjoyment of these natural resources by the public; and

WHEREAS, The possibility of a wildlife management area or ecological reserve being created in such an area is partially dependent on ownership of the land, much of which may already be in public ownership; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Department of Fish and Game be requested to conduct a study to determine the feasibility of creating a wildlife management area or an ecological reserve in the area of the Don Pedro Reservoir; and be it further

Resolved, That the Department of Fish and Game be requested to report its findings, including expected costs to the state in establishing such a wildlife area, to the Assembly Water, Parks and Wildlife Committee and the Senate Natural Resources and Wildlife Committee by January 1, 1980; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Director of the Department of Fish and Game.

RESOLUTION CHAPTER 84

Assembly Concurrent Resolution No. 33—Relative to executive agencies.

[Filed with Secretary of State September 11, 1979]

RESOLUTION CHAPTER 86

[Filed with Secretary of State September 11, 1979]

WHEREAS, Fort Irwin, California, has been selected by the Department of Defense as the National Training Center for the Armed Forces of the United States; and

WHEREAS, The purpose of the National Training Center is to provide simulated combat situations in the training of the Armed Forces, thereby enhancing their effectiveness and survivability in any future combat situation; and

WHEREAS, The California National Guard has been operating Fort Irwin for seven years and training its members at that location for over 25 years; and

WHEREAS, The California Legislature has enacted, and the Governor has signed, Senate Bill 952 into law as Chapter 402 of the Statutes of 1979, authorizing the Commanding General of the California National Guard to contract with the United States for the purposes of training of federal military personnel; and

WHEREAS, The Military Subcommittee of the United States House Armed Services Appropriations Committee has deleted from the national defense appropriations bill the funding for a National Training Center for the 1980–81 fiscal year; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California supports the National Training Center at Fort Irwin, California and respectfully memorializes the United States House Armed Services

Appropriations Committee to restore the funding for the 1980–81 fiscal year for the National Training Center at Fort Irwin; and be it further

RESOLUTION CHAPTER 87

Assembly Concurrent Resolution No. 46—Relative to the application of tax laws and the conduct of business through the independent contractor relationship.

[Filed with Secretary of State September 12, 1979.]

WHEREAS, Many hundreds of thousands of real estate licensees in California, constituting a vast majority of such licensees, maintain their relationships with one another as independent contractors, rather than employers and employees; and

WHEREAS, It appears that the utilization of this form of relationship is inherently suitable to many who are engaged in the real estate business, as evidenced by its widespread application; in addition, the characteristics of service as real estate salespersons are marked by individuality in methods of performance, irregularity in hours of service to meet the needs of the public, compensation established solely through commissions related to sales, the incurrence or limitation of expenses in relationship to sales activity established and assumed by salespersons, and other pertinent characteristics which make the independent contractor relationship suitable for such licensees; and

WHEREAS, The determination of whether an independent contractor or employer-employee relationship exists is made not solely by the agreement and intent of the parties, but by application of the principles of law to the relationship between the parties (as determined in Brown v. Industrial Accident Commission, 44 Cal. App. 2d 6); and

WHEREAS, For tax purposes, the determination of the relationship is significant and is frequently the subject of audit by the Employment Development Department (as the agent for the Franchise Tax Board) or the Internal Revenue Service; and

WHEREAS, It is recognized that for tax purposes, either the independent contractor or employer-employee relationship may exist, dependent upon circumstances as enunciated in Dimitt, et al. v. Finnegan (179 F. 2d 882, review denied, 340 U.S. 823) and in 59

Ops. Cal. Atty. Gen. 369; and

WHEREAS, It is desirable for purposes of tax planning, for equity in the application of the tax laws, and for purposes of uniform administration of those laws, that taxpayers in this state who are real estate licensees have available to them guidelines published by the state, similar to those published by the Internal Revenue Service in Mimeograph 6566, which will set forth the criteria to be applied in determining whether an independent contractor relationship exists; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Franchise Tax Board, after consultation with the Employment Development Department and taxpayer groups involved, promulgate, through regulations to be adopted pursuant to the Administrative Procedure Act, guidelines to be used in determining the distinguishing characteristics in the real estate industry between the status of independent contractor and employer-employee, as applied to practices in that industry; and be it further

Resolved, That such guidelines incorporate (1) California statutory law on taxation, (2) common law applicable in California, (3) applicable California court decisions, (4) applicable United States court decisions, (5) Internal Revenue Service regulations, and (6) practices in the industry in California; and be it further

Resolved, That the Franchise Tax Board report to the Speaker of the Assembly and Senate Rules Committee on the action taken in response to this resolution by March 1, 1980; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Employment Development Department and the Franchise Tax Board.

RESOLUTION CHAPTER 88

Assembly Concurrent Resolution No. 59—Relative to California wines.

[Filed with Secretary of State September 12, 1979]

WHEREAS, The California wine industry is an important element in California agriculture and the California economy; and

WHEREAS, Over 329,000 acres are planted in wine grapes; and

WHEREAS, California's $2,000,000,000 wine industry ranks third in the State of California agricultural businesses behind only cotton and dairy industries; and

WHEREAS, The California wine industry employs over 11,000 Californians, not including vineyard workers, and

WHEREAS, The California wine industry contributes over $61,000,000 to the State of California through the payment of various

business taxes; and

WHEREAS, California wines enjoy an increasing reputation for quality and value among wine-knowledgeable consumers around the world; and

WHEREAS, The California winegrower seeks only reciprocity of treatment, desiring to work and create in an environment where California wines compete with the best in the world to gain their fair share of consumer support; and

WHEREAS, In 1960, California wineries produced 79 percent of all wine sold in the United States, but in the first six months of 1978, California's share of the American market has been reduced to 70.5 percent, which diminution, if continued or accelerated, will have an extremely serious adverse impact on the California wine industry; and

WHEREAS, California opens its markets for all commodities on a free and openly accessible basis; and

WHEREAS, Given the erosion of the California share of the American wine market to foreign wine interests, it is important for California wines to have access to markets in sister states without being subject to repressive trade barriers; and

WHEREAS, Trade barriers imposed on California wines by sister states have a negative impact on the California economy, such trade barriers to California wines being in direct contrast to the position of commodities in other states coming into California; therefore be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the members endorse the efforts of the wine industry to have access to American markets without being subject to restrictive trade barriers including regressive excise taxes; and be it further

Resolved, That any restrictive trade barrier imposed by a sister state upon the California wine industry be considered detrimental to the interests of the State of California.

RESOLUTION CHAPTER 89

Assembly Concurrent Resolution No. 74—Relative to marathon runs.

[Filed with Secretary of State September 12, 1979]

WHEREAS, The Heart Association of San Diego plans to sponsor a marathon race for the purpose of raising funds to further the purposes of the association; and

WHEREAS, In order to stimulate interest in this event, the association desires to include the San Diego-Coronado Toll Bridge as part of the course over which competitors will run; and

WHEREAS, It appears to be in the best interests of the people of the Cities of San Diego and Coronado, and of the State of California as a whole, to encourage activities such as those carried on by the association; and

WHEREAS, The first Sunday in May and the second Sunday in October mark the occasions of the running of the Avenue of the Giants Marathon and the Humboldt Redwoods Marathon in Humboldt County; and

WHEREAS, The sponsor is Six Rivers Running Club, Inc., which since 1970 has sponsored races in the north coast area for general health, recreation, and sport purposes; and

WHEREAS, The Avenue of the Giants Marathon is one of the top fifteen races in the nation and it is planned that the Humboldt Redwoods Marathon will be of the same quality and greatness for the benefit of spectators and participants alike; and

WHEREAS, The impact of both marathon races during the nontourist season is great since many runners who come for the race discover the beauty of the majestic redwoods and return to the area at a later time, so that the financial benefits to the area residents and to Humboldt County would be substantial; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Department of Transportation is hereby requested to authorize the closure of the San Diego-Coronado Toll Bridge for the period of time necessary to permit its use as a part of the course for a marathon run sponsored by the Heart Association of San Diego, if the department is requested to do so by the Cities of San Diego and Coronado in accordance with Sections 21101 and 21104 of the Vehicle Code; and be it further

Resolved, That the department is further requested to authorize the closure on Sunday May 4, 1980, from 9:00 a.m. until 2:00 p.m. of Bull Creek Flats Road for seven miles west of Dyerville Bridge and of the Avenue of the Giants south of Dyerville Bridge for six miles to permit the use of these roads as the course for the Avenue of the Giants Marathon; and be it further

Resolved, That the department is further requested to authorize the closure on Sunday October 14, 1979, from 9:00 a.m. until 2:00 p.m. of the Avenue of the Giants south of Dyerville Bridge for 13.1 miles to permit its use as the course for the Humboldt Redwoods Marathon; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Secretary of the Business and Transportation Agency and to the Director of Transportation.

RESOLUTION CHAPTER 90

Assembly Joint Resolution No. 28—Relative to fire hazards of tobacco products.

[Filed with Secretary of State September 12, 1979.]

WHEREAS, The California Fire Incident Reporting System reports that during the year 1976, approximately 50 percent of dwelling fires originated in kitchen, sleeping, hallway, and living areas; and

WHEREAS, The State Fire Marshal reports that discarded smoking materials are still one of the major causes of dwelling fires and that 65 percent of reported fire deaths occurred in residences; and

WHEREAS, The 1976 California Fire Incident Reporting System reports that 26.1 percent of hospital fires in the state are caused from cigarettes, and 30 percent of fires in those hospitals are caused by abandoned or discarded material such as cigarettes; and

WHEREAS, The United States Fire Administration reports that 7,500 persons annually die from fire and smoke; and

WHEREAS, The estimated number of fire deaths due to "dropped cigarettes" total 1,800 annually, an average of five deaths per day; and

WHEREAS, The National Fire Protection Association reports the estimated annual amount of dollar loss in the United States due to fires caused by dropped cigarettes totals 1½ to 2 billion dollars; and

WHEREAS, Experiments have shown that a freshly lit cigarette will burn continuously for an average of 24 minutes when placed on a flat surface; and

WHEREAS, With rare exceptions, it has been shown that a discarded cigarette must burn for approximately five minutes or more before a fire will start; and

WHEREAS, Tobacco companies produce fast burning cigarettes by various methods, the most common by adding citrate and phosphate salts to cigarette paper as a burn promoter, by using porous cigarette paper which aids in the burning process, and by adding sodium and potassium nitrate in tobacco to promote burning; and

WHEREAS, There are over 20 patents that detail methods for making cigarettes self-extinguish; and

WHEREAS, Tobacco companies can modify cigarettes in various ways to produce a self-extinguishing product; and

WHEREAS, It is becoming increasingly apparent that in addition to public awareness campaigns and educational programs conducted by governmental agencies, the cigarette industry should produce firesafe cigarettes; and

WHEREAS, Tobacco and tobacco products are specifically excluded from the provisions of the Consumer Product Safety Act

(15 U.S.C. 2051) and the Federal Hazardous Substance Act (15 U.S.C. 1261); and

WHEREAS, Continued disregard of the contribution that the careless use of tobacco and tobacco products, particularly cigarettes, makes to the increasing number of dwelling and hospital fires is inexcusable; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress of the United States to undertake appropriate legislative action banning the production of any cigarette that does not self-extinguish in five minutes or less and, thereby, establishing safety standards for cigarettes produced and sold in the United States in an effort to bring about a decline in dwelling, hospital, and other cigarette caused fires throughout the United States; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to each member of the Consumer Product Safety Commission, to the Federal Food and Drug Administration, to the Bureau of Alcohol, Tobacco, and Firearms Enforcement of the United States Treasury Department, and to the Secretary of Health, Education and Welfare.

RESOLUTION CHAPTER 91

Senate Concurrent Resolution No. 22—Relative to a study of rate-setting procedures for community care facilities.

[Filed with Secretary of State September 13, 1979.]

WHEREAS, The Legislature of the State of California has affirmed on numerous occasions that it is the policy of this state to ensure the development of sufficient numbers and types of community care facilities as are commensurate with local need, as alternatives to inappropriate institutionalization, in order to better serve the mentally disordered, the physically and developmentally disabled, dependent and neglected children, wards of the juvenile court, aging persons, and others with special needs; and

WHEREAS, This legislative intent is most clearly set forth, in part, in Sections 4501, 5115, 5450, and 5600 of the Welfare and Institutions Code, and Section 1566 of the Health and Safety Code; and

WHEREAS, This legislative intent has been frustrated because there exists in California a fragmented system of rate-setting procedures for community care facilities which assigns placement responsibilities for similar categories of individuals who have special

needs to a myriad of separate state and local public agencies; and

WHEREAS, A system of disparate rates creates unfair advantages for certain placement agencies, leading to conditions of overconcentration and oversaturation of community care facilities in certain communities, and resulting in a significant number of persons with special needs being placed, contrary to the intent of the Legislature, in facilities located outside of their home community; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Senate Health and Welfare Committee conduct a study of the rate-setting procedures for community care facilities established by various state and local public agencies, and make recommendations to provide greater equity and parity in the rate-setting process, regardless of the responsible state or local placement agency, but recognizing the differences in the cost of living in the various regions of the state, and to ensure uniform standards for monitoring the quality of services in community care facilities ; and be it further

Resolved, That such study shall be conducted by contractors who shall be expert consultants mutually selected by the Senate Health and Welfare Committee and the Assembly Health Committee; and be it further

Resolved, That the contractors consult with the organizations representing providers, consumers, and others interested in community care facilities, including, but not limited to, the State Departments of Mental Health, Developmental Services, Health Services, and Social Services, and the Department of the Youth Authority; the Office of Aging; the State Council on Developmental Disabilities; the Association of Regional Center Agencies; the Organization of Mental Health Advisory Boards; the Organization of Area Boards on Developmental Disabilities; the Advisory Committee on Community Care Facilities of the State Department of Social Services; the League of California Cities; the County Welfare Directors Association; the California Probation, Parole, and Correctional Association; the California Association of Children's Residential Centers; and the California Association for the Retarded; and be it further

Resolved, That the contractors submit a preliminary report within six months following the date of the contract and submit a final report of the study conducted pursuant to this resolution, including findings and recommendations, within one year following the date of the contract to the Senate Health and Welfare Committee and the Assembly Health Committee; and be it further

Resolved, That the sum of one hundred thirty-five thousand dollars ($135,000) is hereby allocated from the Joint Legislative Contingent Fund for the purpose of contracting for the study required by this measure; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Senate Health and Welfare Committee and the

Assembly Health Committee and to each of the agencies and organizations listed above.

RESOLUTION CHAPTER 92

Senate Concurrent Resolution No. 28—Relative to wetlands.

[Filed with Secretary of State September 13, 1979]

WHEREAS, Over 90 percent of the historical natural wetlands in California have been lost by conversion to other land uses; and

WHEREAS, Those wetlands remaining provide critically important habitat for a wide variety of wildlife and thereby provide an important benefit to the people of the state; and

WHEREAS, The state and federal wildlife agencies have determined that loss of wetland habitat and, particularly, waterfowl wintering habitat, have had a severe adverse effect on the number of waterfowl on the Pacific Flyway; and

WHEREAS, If this trend were to continue, the future of the Pacific Flyway waterfowl population would be threatened; and

WHEREAS, It is the intent of the legislature to preserve, protect, restore, and inhance California's wetlands and the multiple resources which depend upon them for the benefit of the people of the state; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Department of Fish and Game prepare a plan which will identify means by which existing wetlands can be protected from conversion to other land uses and be managed in such a manner as to optimize their value as waterfowl habitat, former wetlands can be restored to wetland status and new wetlands created, and additional recreational benefits can be provided on existing, restored, or newly-developed wetlands; and be it further

Resolved, That the plan shall include, but not be limited to, the following subjects:

(1) A program for maintaining existing wetlands habitat,

(2) A program for optimizing wildlife value of existing wetlands habitat,

(3) The identification of sufficient additional potential wetland habitat sites to increase the amount of wetlands in California by 50 percent and a program for the public and private acquisition of such lands,

(4) Potential sources of water to assure an adequate water supply for existing and newly-created wetlands,

(5) An expanded recreation program for existing and newly-created wetlands,

(6) Potential sources of funding to implement its plan, and

(7) Such other measures as the Department of Fish and Game

deems to be necessary and appropriate to implement the plan by the year 2000; and be it further

Resolved, That the Department of Fish and Game submit such plan to the Legislature not later than January 1, 1983; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Director of Fish and Game.

RESOLUTION CHAPTER 93

Senate Constitutional Amendment No. 21—A resolution to propose to the people of the State of California an amendment to the Constitution of the State, by amending Section 6 of Article XVI thereof, relating to public funds.

[Filed with Secretary of State September 14, 1979]

Resolved by the Senate, the Assembly concurring, That the Legislature of the State of California at its 1979–80 Regular Session commencing on the fourth day of December, 1978, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the State be amended by amending Section 6 of Article XVI thereof, to read:

SEC. 6. The Legislature shall have no power to give or to lend, or to authorize the giving or lending, of the credit of the State, or of any county, city and county, city, township or other political corporation or subdivision of the State now existing, or that may be hereafter established, in aid of or to any person, association, or corporation, whether municipal or otherwise, or to pledge the credit thereof, in any manner whatever, for the payment of the liabilities of any individual, association, municipal or other corporation whatever; nor shall it have power to make any gift or authorize the making of any gift, of any public money or thing of value to any individual, municipal or other corporation whatever; provided, that nothing in this section shall prevent the Legislature granting aid pursuant to Section 3 of Article XVI; and it shall not have power to authorize the State, or any political subdivision thereof, to subscribe for stock, or to become a stockholder in any corporation whatever; provided, further, that irrigation districts for the purpose of acquiring the control of any entire international water system necessary for its use and purposes, a part of which is situated in the United States, and a part thereof in a foreign country, may in the manner authorized by law, acquire the stock of any foreign corporation which is the owner of, or which holds the title to the part of such system situated in a foreign country; provided, further, that irrigation districts for the purpose of acquiring water and water

rights and other property necessary for their uses and purposes, may acquire and hold the stock of corporations, domestic or foreign, owning waters, water rights, canals, waterworks, franchises or concessions subject to the same obligations and liabilities as are imposed by law upon all other stockholders in such corporation; and

Provided, further, that this section shall not prohibit any county, city and county, city, township, or other political corporation or subdivision of the State from joining with other such agencies in providing for the payment of workers' compensation, unemployment compensation, tort liability, or public liability losses incurred by such agencies, by entry into an insurance pooling arrangement under a joint exercise of powers agreement, or by membership in such publicly-owned nonprofit corporation or other public agency as may be authorized by the Legislature; and

Provided, further, that nothing contained in this Constitution shall prohibit the use of State money or credit, in aiding veterans who served in the military or naval service of the United States during the time of war, in the acquisition of, or payments for, (1) farms or homes, or in projects of land settlement or in the development of such farms or homes or land settlement projects for the benefit of such veterans, or (2) any business, land or any interest therein, buildings, supplies, equipment, machinery, or tools, to be used by the veteran in pursuing a gainful occupation; and

Provided, further, that nothing contained in this Constitution shall prohibit the State, or any county, city and county, city, township, or other political corporation or subdivision of the State from providing aid or assistance to persons, if found to be in the public interest, for the purpose of clearing debris, natural materials, and wreckage from privately owned lands and waters deposited thereon or therein during a period of a major disaster or emergency, in either case declared by the President. In such case, the public entity shall be indemnified by the recipient from the award of any claim against the public entity arising from the rendering of such aid or assistance. Such aid or assistance must be eligible for federal reimbursement for the cost thereof.

And provided, still further, that notwithstanding the restrictions contained in this Constitution, the treasurer of any city, county, or city and county shall have power and the duty to make such temporary transfers from the funds in custody as may be necessary to provide funds for meeting the obligations incurred for maintenance purposes by any city, county, city and county, district, or other political subdivision whose funds are in custody and are paid out solely through the treasurer's office. Such temporary transfer of funds to any political subdivision shall be made only upon resolution adopted by the governing body of the city, county, or city and county directing the treasurer of such city, county, or city and county to make such temporary transfer. Such temporary transfer of funds to any political subdivision shall not exceed 85 percent of the taxes accruing to such political subdivision, shall not be made prior to the

first day of the fiscal year nor after the last Monday in April of the current fiscal year, and shall be replaced from the taxes accruing to such political subdivision before any other obligation of such political subdivision is met from such taxes.

RESOLUTION CHAPTER 94

Senate Concurrent Resolution No. 44—Relative to alcohol abuse.

[Filed with Secretary of State September 14, 1979]

WHEREAS, The Legislature has declared in Section 11775 of the Health and Safety Code that alcoholism is the most serious drug problem in California; and

WHEREAS, The annual economic costs of alcohol abuse and alcoholism amount to $4,200,000,000 dollars in California; and

WHEREAS, The Legislature has found that drinking drivers cause substantial fatalities, permanent disability, and property damage on California highways; and

WHEREAS, The Legislature has encouraged the development of alcoholism treatment programs for individuals convicted of a second or subsequent incident of drunk driving with the provision that participants be allowed to retain their driving privileges if they participate in an approved alcohol abuse treatment program for a period of one year; and

WHEREAS, The Department of Motor Vehicles and the Department of Alcohol and Drug Abuse report submitted to the Legislature in 1978 does not establish the effectiveness of the drinking driver treatment program as an alternative to license suspension or revocation; and

WHEREAS, In the same report, the Department of Motor Vehicles and the Department of Alcohol and Drug Abuse emphasize the need for the use of control groups in determining whether treatment programs for drinking drivers are effective; and

WHEREAS, The report submitted to the Legislature in 1975 by the California Department of Motor Vehicles and the Office of Alcohol Program Management pursuant to Senate Concurrent Resolution No. 44 of 1972 calls for the use of control groups in subsequent evaluation efforts; and

WHEREAS, Sacramento County has been awarded a $2,200,000 dollar demonstration contract by the United States Department of Transportation to conduct an evaluation of drinking driver treatment programs by utilizing control groups; and

WHEREAS, The results of this effort will be of importance to the Legislature in determining the effectiveness of treatment programs designed to reduce the threat of drinking drivers to the public's peace, health, and safety; and

WHEREAS, The Department of Alcohol and Drug Abuse, and the Department of Motor Vehicles agree that a research study involving a no-treatment control group is an essential aspect of their joint effort to reduce the societal impact of drinking and driving; and

WHEREAS, The law currently makes no express provision for the conduct of evaluation programs utilizing control groups; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That it is the expressed intent of the Legislature that Sacramento County, for the purposes of completing its contract with the U.S. Department of Transportation for the period ending June 30, 1980, be permitted to employ a rigorous experimental design utilizing the random assignment of clients to treatment and no-treatment control groups for persons convicted of driving under the influence of alcohol whom the Sacramento Municipal Court determines are eligible to participate in this research project; and be it further

Resolved, That Sacramento County ensure that, with the exception of those persons referred to a control group, convicted drunk drivers who are offered an alternative to license suspension are referred to a program approved by the Department of Alcohol and Drug Abuse, and that such program continue to meet all applicable standards.

RESOLUTION CHAPTER 95

Senate Concurrent Resolution No. 47—Relative to the Constitution of 1849 and the Treaty of Guadalupe Hidalgo.

[Filed with Secretary of State September 14, 1979.]

WHEREAS, The State of California grew from the confluence of cultures which produced the Constitution adopted in Spanish and English at Monterey in 1849; and

WHEREAS, The bilingual Constitution of California of 1849 established a government resting upon the sovereignty agreed upon by coequal societies in the Treaty of Guadalupe Hidalgo in 1848; and

WHEREAS, The dignity and importance of the language and culture to which California owes so much, must remain a matter of pride to our citizens; and

WHEREAS, Few Californians have had the opportunity to see the Constitution of California and the Treaty of Guadalupe Hidalgo, both of which serve as the basis for the laws citizens of this state live by and the land upon which they reside; and

WHEREAS, The roots and aspirations of the citizens of California must be continually reviewed and renewed to maintain the peace and harmony of the state; and

WHEREAS, The copies of the original Constitution of California of 1849 and the Treaty of Guadalupe Hidalgo of 1848, published by the Telefact Foundation, have been adopted by the State Board of Education as supplementary textbook material for use in public schools; now, therefore, be it

RESOLUTION CHAPTER 97

Assembly Joint Resolution No. 51—Relative to the California National Guard Members' Farm and Home Loan program.

[Filed with Secretary of State September 14, 1979.]

WHEREAS, There has for many years been legislation in effect in California to provide low interest farm and home loan benefits to California veterans financed by general obligation bonds of the State of California; and

WHEREAS, In 1978, the Legislature enacted, effective January 1, 1979, a program of low interest farm and home loan benefits for members of the California National Guard similar to the California veterans' program except that the financing is through state revenue, rather than general obligation, bonds; and

WHEREAS, It is the intent and purpose of the National Guard members' program to encourage recruitment and enlistment, thereby fulfilling an important public purpose not only for the state but for the nation as well; and

WHEREAS, The California veterans' program has for some time used legislative authorization to issue revenue bonds and, while none

have been issued to date, there have been plans to utilize this method of financing to supplement general obligation bonds presently outstanding; and

WHEREAS, Legislation presently pending before the House of Representatives would eliminate the tax exempt status of revenue bonds both for the California veterans' and National Guard members' programs, with the probable result that both programs will be rendered unworkable through the use of revenue bond financing; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress to preserve these important farm and home loan benefit programs for California National Guardsmen and veterans by exempting from any legislation, state agencies and programs that operate under state law; and be it further

[Filed with Secretary of State September 18, 1979.]

WHEREAS, The Southern Pacific Transportation Company petitioned the Interstate Commerce Commission on November 15, 1977, for permission to discontinue the operation of passenger rail commuter service between San Francisco and San Jose and intermediate points; and

WHEREAS, On July 6, 1979, an administrative law judge of the commission issued a preliminary affirmative ruling on this petition, and this ruling will become effective unless overturned by the commission or unless local public transit agencies within six months can negotiate a contract for service with Southern Pacific providing for reimbursement of its fully allocated operating deficit of $11.6 million; and

WHEREAS, The Counties of San Mateo and Santa Clara and the City and County of San Francisco have jointly allocated $1.05 million to stabilize Southern Pacific commuter fares through a discount ticket program, as authorized by Section 99151 of the Public Utilities Code; and

WHEREAS, Testimony by state and local air quality maintenance agencies before the commission during the course of the public hearings held with regard to the railroad's petition for discontinuance agreed that there will be significant detrimental impacts on the environment should the rail service be discontinued and its ridership forced to use motorized highway transportation; and

WHEREAS, The present gasoline shortage has resulted in a 40 percent increase in ridership on this commuter rail service during May and June 1979, and discontinuance of this vital transportation service would be inconsistent with federal energy conservation policies; and

WHEREAS, The California Department of Transportation and Southern Pacific Transportation Company have been negotiating since 1978 in an effort to arrive at an acceptable contract for service in order to keep this commuter service operating; and

WHEREAS, The Metropolitan Transportation Commission has by resolution opposed the discontinuance of this commuter service and has identified this service to be an important link in the regional transportation system in the San Francisco Bay area; and

WHEREAS, The Boards of Supervisors of the Counties of San Mateo and Santa Clara and the City and County of San Francisco have also opposed the discontinuance of this commuter rail service; and

WHEREAS, The Senate Transportation Committee of California is investigating different alternatives for improving rail passenger service between San Francisco and San Jose; now, therefore, be it

discontinuance of passenger rail service between San Francisco and San Jose; and be it further

Resolved, That the Interstate Commerce Commission is respectfully memorialized to disapprove the decision of the commission's administrative law judge approving such discontinuance of service and to instead support state and regional efforts to negotiate an equitable contract with the Southern Pacific Transportation Company to continue these services; and be it further

RESOLUTION CHAPTER 102

Senate Joint Resolution No. 26—Relative to federal cooperative fire funding.

[Filed with Secretary of State September 18, 1979.]

WHEREAS, The proposed budget of the President of the United States sets forth a reduction in federal cooperative fire funding from thirty million dollars ($30,000,000) to zero; and

WHEREAS, State and federal cooperative fire protection is necessary to a program of adequate fire protection for western lands; and

WHEREAS, The President's zero funding proposal would result in an actual increased cost to the federal government for fire protection services now provided by other fire protection agencies, but unavailable due to loss of the cooperative fire protection program; and

WHEREAS, The House Committee on Appropriations has recognized the need for the Federal Cooperative Fire Protection Program and has recommended funding of the program, but at a level inconsistent with the needs of an adequate program; and

WHEREAS, The Senate Appropriations Subcommittee on Interior and Related Agencies is currently reviewing funding for the program; and

WHEREAS, The Federal Rangeland and Renewable Resources Program strongly supports the need for full funding of the Cooperative Fire Protection Program; and

WHEREAS, The fire control program of the State of California will be adversely impacted by the impending loss of federal fire

suppression support; and

WHEREAS, The House of Representatives has augmented the United States Forest Service appropriation by fifteen million dollars ($15,000,000) to replace this lost program; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Senate Appropriations Subcommittee on Interior and Related Agencies is hereby requested to recommend funding for the Federal Cooperative Fire Protection Program in an amount consistent with that recommended in the Rangeland and Renewable Resources Program but, in no event, in an amount less than fifteen million dollars ($15,000,000); and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to the Members of the Senate Appropriations Subcommittee on Interior and Related Agencies, and to the Governor and chief forestry administrators of the member states of the Western States Legislative Forestry Task Force.

[Filed with Secretary of State September 24, 1979.]

WHEREAS, The peripheral canal has been studied by numerous governmental and private agencies for the past two decades; and

WHEREAS, Fish and wildlife habitat could be vastly improved by the utilization of the peripheral canal to correct many reverse flows; and

WHEREAS, All evidence has indicated that the peripheral canal is the best environmental solution while providing for an increased ability to fulfill contractual commitments of the State Water Resources Development System; and

WHEREAS, The Secretary of the Interior has let the exemption from the Multiple Objectives Planning (MOP) procedure for the peripheral canal lapse, which will add an additional four years of unnecessary study time; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California memorializes the Secretary of the Interior to renew the Multiple Objectives Planning (MOP) exemption for the peripheral canal and urges that all efforts be made to expedite any remaining necessary studies pertaining to the peripheral canal; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of

this resolution to the President and Vice President of the United States, to the Secretary of the Interior, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.
