9. Taxation, Income

[Submitted by the initiative and rejected by electors June 3, 1980.]

PROPOSED AMENDMENTS TO ARTICLE XIII

First—Section 26.5 is added to Article XIII thereof, to read:

26.5 (a) Taxes on or measured by income which are imposed under the Personal Income Tax Law or any successor thereto shall be at rates not to exceed 50 percent of those rates in effect for the 1978 taxable year.

(b) The Legislature shall provide for a system of adjusting the personal income tax brackets under the Personal Income Tax Law or any successor thereto to reflect annual changes in the California Consumer Price Index or any successor thereto.

Second—Subdivision(s) is added to Section 3 of Article XIII thereof, to read:

(a) Business inventories.

Third. If any provision of this measure or the application thereof to any person or circumstances is held invalid; such invalidity shall not affect other provisions or applications of the measure which can be given effect without the invalid provision or application, and to this end the provisions of this measure are severable.

10. Fair Rent Control Standards

[Submitted by the initiative and rejected by electors June 3, 1980.]

PROPOSED AMENDMENT TO ARTICLE XI

ARTICLE XI § 7½

FAIR RENT CONTROL STANDARDS

SECTION (a) [Findings and Declarations.] The People of the State of California find and declare that the enactment of fair rent control regulations is appropriately a matter of local government concern. If such regulations are improperly defined, administered or applied at the local level, a number of adverse impacts may result, including: reduction in the supply of available housing; reduction in the quality of existing housing; increased government administrative costs; increased burden on the courts from numerous housing related lawsuits; less economic opportunity and reduction in the number of available jobs; and tax increases to fund the local costs of rent control programs. It is necessary for the people to enact this amendment to the Constitution of the State of California to occupy exclusively the field of regulation of residential property rents by establishing that all controls be by enactment of local ordinances which ordinances shall be consistent with this article so as to benefit all the people of California.

SECTION (b) [Local Ordinances.] Rent control shall be imposed only by a vote of the people of a local jurisdiction through enactment of an ordinance, which ordinance shall be consistent with this article. The state shall not enact rent con-

trol. Each ordinance enacted pursuant to this article shall expire no later than four (4) years after the adoption of the ordinance, but subsequent ordinances regulating rent increases may be enacted or reenacted pursuant to this article.

SECTION (c) [Commission.] An ordinance enacted pursuant to this article shall establish an appointive, representative commission to resolve grievances which result from rent increases in excess of the consumer price index and/or the standards provided in the ordinance. Upon receipt of a petition from a tenant, the commission shall notify the landlord and may require that the landlord pay the portion of rent increase received in excess of the consumer price index into a trust fund to be held until resolution of the matter by the commission.

The commission shall have the power to review rent increases and decreases on a case-by-case basis and, if necessary, to adjust the individual rent to conform to the standards adopted by the ordinance and to adjust or approve increases above the standards in cases of hardship.

Any petition for judicial review of a commission decision shall be filed within sixty (60) days of such decision. The ordinance may provide penalties and/or sanctions for rent increases not made in good faith and for an unconscionable rent increase made prior to a commission decision on such increase.

Nothing in this article shall deprive a landlord or tenant of remedies as provided by law, nor shall the fact that a petition is pending before the commission be a defense in an unlawful detainer action.

SECTION (d) [Allowable Rent Increases.] A landlord shall be permitted to increase rents. Annual rent increases up to an amount whereby the increase equals the average increase in the consumer price index for the published preceding twelve (12) calendar months and additional rent increases within standards established by the ordinance, including but not limited to those to compensate for reasonable amortization of improvements and extraordinary costs necessary to conform to code requirements shall be permitted.

The ordinance shall establish procedures for the commission to approve or adjust or deny additional rent increases to compensate for prior periods during which rents were not increased up to the consumer price index, for increased user fees, for hardship situations and for a fair rate of return.

SECTION (e) [Allowable Rent Decreases or Rollbacks.] An ordinance enacted pursuant to this article may allow for decrease of rents in existence on the effective date of the ordinance, provided, however, that the ordinance shall not decrease existing rents below that rent which would have been permitted by Sections (d) and (g) of this article, as if the ordinance had been in effect on July 31, 1979, or two years prior to the effective date of the ordinance, whichever date is most recent.

SECTION (f) [Rental Units Not Subject to Rent Control.] The following rental units shall not be subject to rent control or to the provisions of an ordinance enacted pursuant to this article:

- (1) Single family residential units.*
- (2) Rental units subject to a transient occupancy tax.*
- (3) Newly constructed rental units which are first occupied by tenants subsequent to the effective date of this article. Such exemption shall apply for the life of the rental unit.*

SECTION (g) [Vacated Rental Units.] A rental unit which is voluntarily vacated at any time subsequent to the effective date of an ordinance enacted pursuant to this article, shall not be subject to rent control or the provisions of an ordinance enacted pursuant to this article. After reletting thereof, such rental unit may again become subject to the provisions of such ordinance.

An ordinance enacted pursuant to this article may provide that upon the resale of a mobile home the landlord, tenant and/or the parties to the sale may petition

the commission for an adjustment of the rent. In making its decision the commission shall take into consideration the value of the mobile home.

SECTION (h) [Exception.] *Units in multi-family housing projects financed or insured by a federal, state or local agency or receiving rent subsidy assistance therefrom, when such rental units in such multi-family housing projects are subject to rent controls resulting from such financing, insurance or subsidy, shall not be subject to this article.*

SECTION (i) [Conformity with State Law.] *No local jurisdiction shall continue in force any existing rent control after the next election in that jurisdiction following adoption of this article.*

SECTION (j) [Contractual Obligations.] *An ordinance enacted pursuant to this article shall not impair the validity of existing contractual obligations affecting a rental unit entered into on or before July 31, 1979, or two years prior to the effective date of the ordinance, whichever date is most recent.*

SECTION (k) [Retaliatory Eviction.] *No landlord shall retaliate against any tenant for the tenant's exercise of rights provided for by an ordinance enacted pursuant to this article.*

SECTION (l) [Definitions.] *For the purposes of this article the meaning of terms used in this article, shall be as follows:*

(1) *"Consumer price index" means the consumer price index for all items for all Urban Consumers for the United States as compiled by the United States Department of Labor, Bureau of Labor Statistics, or if such index is unavailable, an equivalent standard.*

(2) *"Improvements" means a valuable addition or change in a rental unit's condition, amounting to more than mere repairs which addition or change necessitates the expenditure of substantial labor or capital, and which is intended to enhance significantly the value, beauty, utility or safety of a rental unit.*

(3) *"Local jurisdiction" means a city, county, and city and county, including any charter city or city and county.*

(4) *"Rent" means any consideration, monetary or otherwise, demanded or received for the use or occupancy of any rental unit, not including deposits.*

(5) *"Rent control" means any state or local governmental action including legislation, ordinance, order or other action which attempts to or in fact does freeze, reduce, restrict, limit, rebate or otherwise control the amount of rent demanded or received for the use or occupancy of any rental unit.*

(6) *"Rental unit" means any building, mobile home, structure or part thereof, or land appurtenant thereto or other real property including a lot or space in a mobile home park, rented or offered for rent for living or dwelling purposes.*

(7) *"Single family residential unit" means a single home, a single condominium or a single cooperative or community unit so long as the owner of such condominium or unit owns no more than one unit in any single building or complex.*

(8) *"Tenant" means any person who is obligated to pay any money or other consideration to a rental unit owner or tenant or other person for the use or occupancy of a rental unit.*

(9) *"Voluntarily vacated rental unit" includes any rental unit in which the vacancy is not the result of an eviction or of a landlord's refusal to renew a housing agreement, periodic tenancy or lease agreement, other than for nonpayment of rent; a rental unit which is subleased or in which substitution of a tenant occurs, other than in accordance with the terms of an existing fixed term lease, is a voluntarily vacated unit.*

SECTION (m) [Severability Provisions.] *If any portion, section or clause of this article, or the application thereof to any person or circumstance, shall for any reason be declared unconstitutional or held invalid, the remainder of this article, or the application of such portion, section or clause to other persons or circumstances, shall not be affected thereby.*

11. **Oil Profits Tax**

[Submitted by initiative and rejected by electors June 3, 1980.]

PROPOSED LAW

Section 1. Chapter 2.8 (commencing with Section 23480) is added to Part 11 of Division 2 of the Revenue and Taxation Code, to read:

Chapter 2.8. Oil Profits Tax

23480. We, the people of California, do hereby levy an energy surtax on the excess profits of oil companies operating within this state.

23481. The surtax shall apply to all energy businesses, except public utilities, whose principal activity is the obtaining, processing, distributing or marketing of oil, gas, coal, or uranium, but not of alternative sources of energy, as defined by the California Energy Commission such as solar, geothermal, wind, or biomass. Principal activity means more than fifty percent (50%) of sales as determined by the California Franchise Tax Board pursuant to Chapter 17 or 18 of the Bank and Corporation Tax Law.

23482. The surtax shall be imposed at the rate of ten percent (10%) on the business income from California sources.

23483. In determining the amount of business income from California sources subject to the surtax, the sum of five million dollars (\$5,000,000) shall be excluded from worldwide business income. However, the amount excluded shall be reduced by one dollar (\$1.00) for each one dollar (\$1.00) of worldwide business income in excess of five million dollars (\$5,000,000).

23484. A credit of fifty cents (\$.50) shall be allowed against this surtax for every dollar (\$1.00) invested in California after January 1, 1979, to increase the production or refining of California crude oil or gas over 1978 base levels. Credits for 1979 may be allowed under rules adopted by a two-thirds vote of the Legislature. In no case shall the tax credit allowed exceed fifty percent (50%) of the surtax due. Tax credits in excess of the fifty percent (50%) allowed may be carried over to subsequent years.

23485. Collection of the surtax shall be the responsibility of the California Franchise Tax Board. For purposes of applying the credit allowed under Section 23484, the California Energy Commission shall certify investments made to increase refining of California crude; the Division of Oil and Gas, of the Department of Conservation, shall certify investments made in new or increased production.

23486. All proceeds from the surtax shall be deposited in the Transportation Planning and Development Account: to fund increased bus and rail service for Californians and to develop alternative transportation fuels.

23487. The energy surtax and estimated surtaxes shall be paid at such time and in such manner as required by state law for other taxes due under the Bank and Corporation Tax Law.

Section 2. The Legislature, by a two-thirds vote of the members of each house, may strengthen but not weaken the provisions of this measure.

Section 3. This measure shall apply to income years beginning on and after January 1, 1980.

Section 4. Businesses subject to this surtax shall not pass this surtax on to the consumer.

Section 5. If any section, part, clause, or phrase hereof is for any reason held to be invalid or unconstitutional, the remaining sections shall not be affected, but shall remain in full force and effect.

10. **Smoking and No Smoking**

[Submitted by initiative and rejected by electors November 4, 1980]

PROPOSED LAW

Section 1: Chapter 10.7 is added to the Health and Safety Code to read: "Chapter 10.7 Smoking and No Smoking Sections

§ 25930 Name

This Chapter shall be known and may be cited as the "Smoking and No Smoking Sections Act of 1980."

§ 25931 Findings

The People of the State of California find that:

(a) *Breathing second-hand smoke for extended periods may cause disease in healthy nonsmokers;*

(b) *Breathing second-hand smoke can aggravate the condition of more than 2½ million Californians with heart or lung disease;*

(c) *Second-hand smoke, like all tobacco smoke, contains more than 4,600 chemicals, many of which are dangerous to human health;*

(d) *Air pollution above Federal standards can occur in enclosed places because of second-hand smoke, even with normal ventilation;*

(e) *Second-hand smoke can cause burning of the eyes and nasal passages, headaches, nausea and discomfort in nonsmokers, and can aggravate the condition of persons with allergies to other substances.*

COMMENT: The findings stated in Section 25931 are identical to conclusions reached in a November 1979 compilation of the world scientific research entitled "Tobacco Smoke and the Nonsmoker" by Luther Terry MD (US Surgeon General 1961-65); Jesse Steinfeld MD (US Surgeon General 1969-73); Raymond Weisberg MD (President, American Cancer Society, Calif. Div.); Peter Pool MD (President-Elect, American Heart Assn., Calif. Affiliate); Robert Fallat MD and Charles Mittman MD (Board Members, American Lung Assn. of Calif.); and Stanton Glantz PhD (Asst. Professor of Medicine, UCSF).

§ 25932 Purpose and Intent

(a) *The purpose of this Chapter is to protect the health, comfort and environment of nonsmokers in certain enclosed places.*

(b) *The intent of this Chapter is to strike a reasonable balance between the needs of persons who smoke and the need of nonsmokers to breathe smoke-free air, and to recognize that, where these needs conflict, the need to breathe smoke-free air should have priority.*

§ 25933 Smoking and No Smoking Sections

(a) *Subject to the criteria set forth in Section 25934, smoking and no smoking sections or areas shall be established and designated in every enclosed public place, enclosed place of employment, enclosed educational facility, enclosed health facility and enclosed clinic. No person shall smoke in a no smoking section or area.*

(b) *This Chapter shall not limit smoking in outdoor areas, in private residences, or in any place not established pursuant to this Chapter as a no smoking section or area, nor prohibit the sale of tobacco products.*

§ 25934 Criteria

Smoking and no smoking section and areas established and designated pursuant to this Chapter shall be consistent with the purpose and intent of this Chapter and shall conform with the following criteria:

(a) *Smoking and no smoking sections need not be separated by walls, partitions*

or other barriers. No construction or erection of walls, partitions or other barriers shall be required to comply with this Chapter.

(b) *Facilities and areas in which it would be inappropriate to limit smoking (including, but not limited to, any enclosed room normally occupied exclusively by persons who smoke; hotel and motel rooms designed for rental to overnight guests; and areas used for private social functions while being so used) may be designated in their entirety as smoking areas.*

(c) *Facilities and areas in which it would be impractical to create smoking and no smoking sections (including, but not limited to, elevators, buses and, except for tobacco stores, those portions of retail stores open to the public) shall be designated in their entirety as no smoking areas.*

(d) *Any employee working in an enclosed place of employment who desires his or her work station to be in a no smoking section or area shall be so accommodated.*

(e) *Smoking shall not be limited in private hospital rooms. Smoking may be permitted in semi-private hospital rooms and wards only if all patients therein have requested to be placed in a room in which smoking is permitted.*

(f) *Notwithstanding any other provision of this Chapter, any facility or area may be designated in its entirety as a no smoking area by the owner or manager thereof.*

§ 25935 Signs

(a) *Except in facilities owned and used or leased and used by governmental entities subject to this Chapter, clearly legible signs shall be conspicuously posted in every no smoking section and no smoking area established pursuant to this Chapter stating that smoking therein is unlawful. Such signs shall be sufficiently large and numerous as to give reasonable notice to all persons in a no smoking section or no smoking area that smoking is unlawful there. Such posting shall be the obligation of the lessee of leased premises and the obligation of the owner of premises which are not leased.*

(b) *In any facility owned and used or leased and used by a governmental entity subject to this Chapter, clearly legible signs shall be conspicuously posted indoors at every entrance to the facility. Such signs shall state that smoking is unlawful throughout such facility except in designated smoking areas and in single-occupant offices. No such governmental entity shall pay more than fifty cents (plus a reasonable adjustment for inflation since November 15, 1979) for any sign referred to in this Subsection. Such governmental entities shall use existing resources to install such signs and shall not request or obtain increased budgetary allocations to install such signs.*

(c) *Notwithstanding any other provision of this Section, the Standards adopted pursuant to Section 25939 shall set forth areas, facilities and entrances where the posting of no smoking signs is unnecessary to fulfill the purpose of this Chapter including, but not limited to, entrances to elementary school classrooms. No signs need be posted in such areas and facilities or at such entrances.*

(d) *Notwithstanding any other provision of this Section, in any no smoking section or area in which signs indicating that smoking is not permitted are already conspicuously posted on the date this measure is approved by the electorate, signs otherwise required by this Section need not be posted until such pre-existing signs are worn out or removed.*

§ 25936 Violations

(a) *Violation of any provision of this Chapter is an infraction. Any person who violates any provision of this Chapter shall be subject to a fine of \$15 per violation*

(b) *Enforcement of this Chapter shall be by citation. No person may be taken into custody or be subject to search by peace officers solely because of the violation or suspected violation of this Chapter.*

(c) *Each day on which a violation of the sign-posting requirements of this*

Chapter occurs shall be a distinct and separate violation.

(d) Enforcement of the sign-posting requirements of this Chapter shall be by the State Department of Health Services, local health departments and local law enforcement departments. Enforcement of all other provisions of this Chapter shall be by local law enforcement departments.

§ 25937 No Discrimination

No person shall discharge, refuse to hire, or in any manner discriminate against any employee or applicant for employment because such employee or applicant exercises any rights afforded by this Chapter.

§ 25938 No Preemption

It is not intended that this Chapter preempt the field of smoking legislation. The State Legislature, local governing bodies and state and local administrative agencies may enact further legislation and regulations to protect the health, comfort and environment of nonsmokers. This Chapter does not permit smoking where otherwise restricted by law.

§ 25939 Standards

(a) Within 90 days after approval of this measure by the electorate, the State Department of Health Services shall adopt specific Standards in accordance with Chapter 4.5 (commencing with Section 11371, Part 1, Division 3, Title 2 of the Government Code) to implement the provisions of this Chapter. The Standards shall, among other things, specify those facilities and areas which may be designated in their entirety as smoking areas pursuant to Section 25934 (b) and which shall be designated in their entirety as no smoking areas pursuant to Section 25934 (c). The Standards may be amended in accordance with Chapter 4.5 of the Government Code.

(b) The State Department of Health Services shall have exclusive administrative jurisdiction under this Chapter with respect to the issuance of Standards for the establishment and designation of smoking and no smoking sections and areas in places of employment.

(c) The State Department of Health Services shall use existing resources and shall not request or obtain increased budgetary allocations to carry out its duties under this Chapter. No special bureaucracy shall be created within the State Department of Health Services or within any other governmental agency for the administration of this Chapter or the Standards.

§ 25939.1 Definitions

(a) "Place of Employment" means any area under the control of a public or private employer which employees normally frequent during the course of employment, including, but not limited to, work areas, employee lounges, meeting rooms, and employee cafeterias. A private residence is not a "place of employment."

(b) "Public Place" means any area to which the public is invited or in which the public is permitted, including, but not limited to, restaurants, theaters, waiting rooms, reception areas and instrumentalities of public transportation. A private residence is not a "public place."

(c) "Second-hand Smoke" means both smoke from the burning ends of cigarettes, cigars and pipes and smoke exhaled by persons who smoke.

(d) "Smoking" or to "Smoke" means and includes the carrying or holding of a lighted cigarette, cigar, pipe or any other lighted smoking equipment used for the practice commonly known as smoking, or the intentional inhalation or exhalation of smoke from any such lighted smoking equipment.

(e) "State Department of Health Services" means such Department or any successor thereof.

(f) Any facility or area which qualifies as both a "Place of Employment" and as a "Public Place" shall be treated for purposes of this Chapter solely as a "Public

Place.”

(g) The Standards adopted pursuant to Section 25939 shall contain such other definitions as the State Department of Health Services shall deem appropriate.

§ 25939.2 Amendment

With the exception of this Section, Section 25937 and the purpose and intent expressed in Sections 25932 and 25938, this Chapter may be amended by the State Legislature; provided, however, that any amendment to this Chapter shall be consistent with such purpose and intent.

§ 25939.3 Severability

If any provision of this Chapter or the application thereof to any person or circumstance is held invalid, any such invalidity shall not affect other provisions or applications of this Chapter which can be given effect without the invalid provision or application, and to this end, the provisions of this Chapter are severable.

SECTION 2: Effective Date

Chapter 10.7 of the Health and Safety Code shall become effective 120 days after approval by the electorate; provided, however, that the duty of the State Department of Health Services to begin the process of promulgating Standards thereunder shall become effective immediately.
