[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 16004 of the Vehicle Code is amended to read:

16004. (a) The department shall suspend the driving privilege of any person who willfully fails, refuses, or neglects to make a report of an accident as required in this chapter.

(b) A suspension taken under this section shall remain in effect for one year unless sooner terminated by receipt of the report of the accident or upon receipt of evidence by the department that failure to report was not willful, or upon receipt of evidence that financial responsibility as provided in Section 16022 is in effect.

(c) The driving privilege shall not be suspended under this section, and, if a suspension has been imposed and is in effect under this section, that suspension shall be terminated, if the driving privilege is suspended under Section 16370 or 16381 as the result of a judgment arising out of the same accident for which the report of the accident is required by this section. The department may suspend or reimpose the suspension of the driving privilege of a person under this section if the suspension under Section 16370 or 16381 is later set aside for a reason other than that the person has satisfied the judgment in full or to the extent provided in Chapter 2 (commencing with Section 16250) and has given proof of ability to respond in damages as provided in Chapter 3 (commencing with Section 16430).

SEC. 2. Section 16072 of the Vehicle Code is amended to read:

16072. (a) The suspension of the driving privilege of a person as provided in Section 16070 shall not be terminated until three years have elapsed from the date of the accident or until the person files and thereafer maintains proof of financial responsibility pursuant to Section 16022.

(b) The driving privilege shall not be suspended under Section 16070, and, if a suspension has been imposed and is in effect under Section 16070, that suspension shall be terminated, if the driving privilege is suspended under Section 16370 or 16381 as the result of a judgment arising out of the accident for which proof of financial responsibility was required to be established pursuant to Section 16022. The department may suspend or reimpose the suspension of the driving privilege of a person under Section 16070 if the suspension under Section 16370 or 16381 is later set aside for a reason other than that the person has satisfied the judgment in full or to the

extent provided in Chapter 2 (commencing with Section 16250) and has given proof of ability to respond in damages as provided in Chapter 3 (commencing with Section 16430).

SEC. 3. Section 16371 of the Vehicle Code is amended to read:

16371. The suspension shall remain in effect, and no license shall be issued to the judgment debtor until the judgment debtor gives proof of ability to respond in damages as provided in Chapter 3 (commencing with Section 16430), and until either the judgment is satisfied in full or to the extent provided in this chapter, subject to the exemption provided in Section 16375.

SEC. 4. Section 16432.5 is added to the Vehicle Code, to read:

16432.5. The department shall accept a single insurance certificate for the purpose of furnishing proof of financial responsibility under Section 16054, or for the purpose of furnishing proof of ability to respond in damages under Section 16431. The single certificate shall be deemed to solely certify that it is an automobile liability policy meeting the requirements of subdivision (d) of Section 16054 and shall not be deemed a motor vehicle liability policy governed by Chapter 3 (commencing with Section 16430) when the single certificate is furnished as proof of financial responsibility under Section 16054. The single certificate shall be deemed to certify that it is a motor vehicle liability policy meeting the content requirements of Section 16432 when filed as proof of ability to respond in damages under Section 16431.

SEC. 5. Section 16457 of the Vehicle Code is amended to read:

16457. Whenever proof of ability to respond in damages is required, no person of whom that proof is required shall drive any motor vehicle not covered by the certificate of proof of ability to respond in damages filed by him or her with the department, nor shall any applicant for that proof knowingly fail to disclose ownership of a motor vehicle in the application for proof of ability to respond in damages or to disclose any subsequently acquired motor vehicle.

CHAPTER 747

An act to amend Section 823 of, and to repeal Section 830 of, the Unemployment Insurance Code, relating to unemployment insurance.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 823 of the Unemployment Insurance Code is amended to read:

823. (a) For the purpose of payment by each school employer of all or part of the charges for unemployment compensation benefits,

fees, assessments, interest, penalties, billings, notices, and other expenses of unemployment insurance for school employees pursuant to this part, moneys budgeted pursuant to subdivisions (b) and (c) of this section shall be remitted by the school employer or on the school employer's behalf by the county auditor to the State Treasurer pursuant to this article, and shall be deposited in the School Employees Fund.

(b) (1) For each fiscal year, except as provided in subdivisions (c) and (d), each school employer shall budget and remit on or before the last day of the calendar month following the close of each calendar quarter to the State Treasurer for deposit in the School Employees Fund in the State Treasury an amount determined by multiplying the contribution rate for the fiscal year by the total wages, including taxable wages as well as wages which would be taxable except for the limitation on taxable wages provided under Section 930, but excluding, to the extent permitted by federal law, wages paid to any individual to the extent that federal law provides for reimbursement to the State of California for all benefits paid from the Unemployment Fund to such individual based on such wages.

The administrator shall, not later than March 31 each year, notify all school employers participating in the School Employees Fund of the contribution rate for the succeeding fiscal year.

(2) As used in this section, "benefit cost ratio" means the quotient obtained by dividing the average fiscal year benefit charges to the fund for the three most recent completed fiscal years by the average fiscal year wages, as defined by Section 940, paid by all school employers participating in the fund during such three fiscal years, multiplied by 100 to express a percentage and rounded to the next higher one-hundredth of 1 percent. The contribution rate shall be such benefit cost ratio for the next fiscal year subject to the following adjustments:

(A) If the cash balance as of December 31 is less than four-tenths of 1 percent of the average fiscal year wages, as defined by Section 940, the percentage below four-tenths of 1 percent rounded to the next higher one-hundredth of 1 percent shall be added to the contribution rate.

(B) If the cash balance as of December 31 exceeds seven-tenths of 1 percent of the average fiscal year wages, as defined by Section 940, the percentage over seven-tenths of 1 percent rounded to the next higher one-hundredth of 1 percent shall be deducted from the contribution rate, except that the rate shall not be less than one-tenth of 1 percent.

(c) If the administrator finds that the ability of the School Employees Fund to meet its estimated obligations promptly when due will become endangered, he or she shall from time to time increase the contribution rate otherwise provided by this section to a level estimated to be needed to protect the solvency of the fund and shall notify all school employers participating in the fund of any increased contribution rate under this authority.

(d) For the 1976–77, 1977–78, and 1978–79 fiscal years only, each school employer shall budget and remit on or before the last day of the calendar month following the close of each calendar quarter to the State Treasurer for deposit in the School Employees Fund in the State Treasury two-tenths of 1 percent of total wages, including taxable wages as well as wages which would be taxable except for the limitation on taxable wages provided under Section 930, but excluding, to the extent permitted by federal law, wages paid to any individual to the extent that federal law provides for reimbursement to the State of California for all benefits paid from the Unemployment Fund to such individual based on such wages.

SEC. 2. Section 830 of the Unemployment Insurance Code is repealed.

61306. (a) "Distributor" means any handler, as defined in Section 61826, and includes brokers and agents and the nonprofit cooperative associations described in Article 2 (commencing with Section 61331) of this chapter in the transactions in which such article provides that the associations are distributors. It also includes both of the following:

(1) Any person who regularly operates mobile vehicles on routes predominantly for sales of market milk, market cream, or dairy products on such routes to wholesale customers.

(2) A wholesale customer only as to milk, cream, or any dairy product that is actively and directly processed, manufactured, or packaged by such wholesale customer.

Article 4. Unlawful Practices

SEC. 6. Section 61371 of the Food and Agricultural Code is amended to read:

61371. Except as otherwise provided in Section 61372, in the marketing of market milk, cream, and dairy products, the methods

of doing business or trade practices which are described in this article, of manufacturers, distributors, producers, wholesale customers, consumers, or any representatives of them, are unfair practices and are unlawful.

SEC. 7. Section 61374 of the Food and Agricultural Code is repealed.

SEC. 8. Section 61375 of the Food and Agricultural Code is amended to read:

61375. (a) The gift, or offer, or promise of any milk, cream, dairy product, service, money, or article of any kind, except to a bona fide charity, for the purpose of securing or retaining the milk, cream, or dairy product business of any wholesale customer or consumer is an unlawful practice.

(b) The issuance of coupons, premiums, certificates, or similar devices to be redeemed in connection with the retail sale of dairy products classified as class 1, except yogurts, is prohibited. This section shall not prohibit the issuance of coupons, premiums, certificates, or similar devices to be redeemed in connection with the retail sale of yogurts, and dairy products other than those classified as class 1, if all the costs incurred in the issuance and redemption is borne by the person issuing and redeeming the coupons, premiums, certificates, or similar devices. The issuance and redemption of premiums, coupons, certificates, and similar devices in connection with the retail sale of dairy products, to the extent permitted under this section, shall otherwise comply with all the requirements of this chapter.

SEC. 8.5. Section 61377 of the Food and Agricultural Code is amended to read:

61378. The allowance or gift of any money, credit, or compensation, or the lending of anything of value, to a wholesale customer for advertising or display in connection with the sale of dairy products classified as class 1, except yogurts, is an unlawful practice.

When any such payment or loan is permissible, it shall apply only to products sold under a seller's own registered brand. The cost of any such allowance shall be borne by the seller.

The director shall report to the Assembly Committee on Agriculture and the Senate Committee on Agriculture and Water Resources on or before January 2, 1982, and on or before January 2, 1983, on whether or not significant market disruptions have occurred since January 1, 1981. This report shall include trends in the production of buttermilk and cottage cheese before and after

removal of the advertising allowance prohibition on these products.

SEC. 10. Section 61381 of the Food and Agricultural Code is amended to read:

61381. Any false or misleading advertising, as defined in Sections 32914 and 36062 of this code, and Sections 17500, 17501, and 17502 of the Business and Professions Code, of milk, cream, or any dairy product is an unlawful practice.

SEC. 11. Section 61382 of the Food and Agricultural Code is amended to read:

61382. Discrimination in price between distributors or between wholesale customers, or between consumers, that purchase milk, cream, or any dairy product of like grade and quality under like conditions of service if the effect of that discrimination may be substantially to lessen competition or to injure or destroy or prevent competition with the person that either grants or knowingly receives the benefit of the discrimination is an unlawful practice. This section does not, however, prevent differentials which make only due allowance for differences in the cost of the raw product which is used in the milk, cream, or dairy product, or the cost of manufacture, processing, sale, or delivery which results from the different methods or quantities in which the commodities are manufactured, processed, sold, or delivered.

SEC. 12. Section 61383 of the Food and Agricultural Code is amended to read:

61383. The sale or offer to sell or giving of any article in any transaction which involves the sale or disposal of milk, cream, or any dairy product, for less than the cost of the article, as "cost" is defined in Section 61384, to secure or retain the milk, cream, or dairy products business of any wholesale customer or any person that buys as a consumer is an unlawful practice.

SEC. 13. Section 61384 of the Food and Agricultural Code is amended to read:

61384. The sale by any wholesale customer, manufacturer, distributor, including any producer-distributor or nonprofit cooperative association acting as a distributor, of milk, cream, or any dairy product at less than cost is an unlawful practice.

Cost as applied to manufacturers and distributors, as used in this section, means the cost of raw product, plus all costs of manufacturing, processing, handling, sale, and delivery, including overhead costs. Cost as applied to wholesale customers, as used in this section, means invoice or replacement cost, whichever is lower, plus the cost of doing business of the wholesale customer.

"Cost of raw product," in the case of market milk and market cream, whether or not the market milk or market cream is used in the processing or manufacture of any dairy product, means the applicable minimum price of the market milk or market cream, if any, payable by distributors to producers pursuant to stabilization or marketing plans in effect pursuant to Chapter 2 (commencing with Section 61801) of this part. The definition of "cost of raw product,"

as applied to sales on a bid basis to public agencies or institutions, is, however, applicable only to market milk or market cream which is utilized for class 1 purposes, as such purposes are defined in Chapter 2 of this part.

Proof of cost, based on audits or surveys, made in accordance with generally accepted cost accounting procedures, establishes a rebuttable presumption of that cost at the time of the commission of the unlawful practice which is described in this section. This presumption is a presumption affecting the burden of proof, but it does not apply in a criminal action. The director shall establish by regulations pursuant to Section 61341 the procedures which shall be considered as "generally accepted cost accounting procedures." These procedures are those which are found by the director to accurately determine actual costs.

SEC. 14. Section 61385 of the Food and Agricultural Code is amended to read:

61385. Any false statement or representation which is knowingly made, by any wholesale customer or consumer, or anyone that is acting on the behalf of either, to any distributor or manufacturer, or any representative of a distributor or manufacturer, that a competitor of the distributor or manufacturer has offered or is offering to sell, or is selling milk, cream, or any dairy product to the wholesale customer or consumer at a lower price than the manufacturer or distributor has offered or is offering to sell, or is selling it is an unlawful practice.

SEC. 15. Section 61391 of the Food and Agricultural Code is amended to read:

61391. Solicitation by, or collusion or joint participation between or among, any manufacturer, distributor, producer, wholesale customer, retail store, consumer, or any representative of any of them, to commit any of the unlawful practices which are prescribed in this article, or the use of any misrepresentation, threat, intimidation, or boycott to effectuate the commission of those unlawful practices, makes any person that participates in those unlawful practices subject to the penalties of this chapter.

SEC. 16. Section 61390 of the Food and Agricultural Code is repealed.

SEC. 17. Section 61441 of the Food and Agricultural Code is amended to read:

61441. Every distributor, person who sells at wholesale, or manufacturer of milk, cream, or any dairy product shall maintain and keep, for a period of one year from their initial recordation, or for a period of one year from their expiration date, whichever period is longer, all of the following records:

(a) A record of all milk, cream, or dairy products received, detailed as to location, names and addresses of suppliers, prices paid, and deductions or charges made, and the use to which such milk or cream was put.

(b) A record of all milk, cream, or dairy products sold, classified

as to kind and grade of milk, cream, or dairy product, showing where such milk, cream, and dairy products were sold, the quantities sold, the amounts received for such sales, and the written price schedules maintained by the distributor, person who sells at wholesale, or manufacturer for all milk, cream, and dairy products sold.

(c) A record of the wastage or loss of milk or any dairy product.

(d) A record of all costs of manufacturing, processing, handling, sale, and delivery, including overhead costs.

(e) A record of all property or financial transactions, other than those for which records are maintained under subdivision (b) of this section, between the distributor, person who sells at wholesale, or manufacturer and wholesale customers.

(f) Such other records as the director may deem necessary for the proper enforcement of this chapter.

SEC. 18. Section 61531 of the Food and Agricultural Code is amended to read:

61531. Any money in the Department of Food and Agriculture Fund which was derived under this chapter and Chapter 2 (commencing with Section 61801) of this part may be expended for the administration and enforcement of any or all of the provisions of those chapters, notwithstanding any other provision of law which limits the expenditure of any such money to the specific purposes or to the administration or enforcement of each of those chapters separately.

SEC. 19. Section 61572 of the Food and Agricultural Code is amended to read:

61572. Any person that violates any provision of this chapter is liable civilly in an amount not less than fifty dollars ($50) and not exceeding five hundred dollars ($500) for each and every violation, that sum to be recovered by the director in any court of competent jurisdiction. The amount of penalty which is assessed pursuant to this section on each count of violation shall be based upon the nature of the violation and the seriousness of the effect of the violation upon effectuation of the purposes and provisions of this chapter. Any sum which is recovered under this section shall be deposited in the State Treasury to the credit of the Department of Food and Agriculture Fund.

SEC. 20. Article 11 (commencing with Section 61581) of Chapter 1 of Part 3 of Division 21 of the Food and Agricultural Code is repealed.

SEC. 21. Section 61801 of the Food and Agricultural Code is amended to read:

61801. The production of market milk is hereby declared to be a business affected with a public interest. The provisions of this chapter are enacted in the exercise of the police powers of this state for the purpose of protecting the health and welfare of the people of this state.

SEC. 22. Section 61802 of the Food and Agricultural Code is amended to read:

61802. The Legislature hereby declares all of the following:

(a) Market milk is a necessary article of food for human consumption.

(b) The production and maintenance of an adequate supply of healthful market milk of proper chemical and physical content, free from contamination, is vital to the public health and welfare, and the production, transportation, processing, and storage of market milk in this state is an industry affecting the public health.

(c) Because of the perishable quality of milk, the nature of milk production, the varying seasonal production and demand factors, and other economic factors affecting the milk industry, the potential exists for economic disruption, in the absence of regulation, in the production, marketing, and sale of market milk which may constitute a menace to the health and welfare of the inhabitants of this state and may tend to undermine sanitary regulations and standards of content and purity, however effectually the sanitary regulations may be enforced.

(d) Health regulations alone are insufficient to prevent economic disturbances in the production of milk which may disrupt the future supply of market milk and to safeguard the consuming public from future inadequacy of a supply of this necessary commodity.

(e) It is the policy of this state to promote, foster, and encourage the intelligent production and orderly marketing of commodities necessary to its citizens, including market milk, and to eliminate economic waste, destructive trade practices, and improper accounting for market milk purchased from producers.

(f) It is recognized by the Legislature that the economic factors concerning the production, marketing, and sale of market milk in California may be affected by the national market for milk for manufacturing purposes.

(g) It is recognized by the Legislature that in recent years the supply of manufacturing milk in California, as defined in Section 32509, has consistently declined and continues to decline, and that market milk has virtually supplanted manufacturing milk for manufacturing purposes in this state, and that it is therefore necessary to conform the pricing standards governing minimum producer prices for market milk established under this chapter to current economic conditions.

SEC. 23. Section 61805 of the Food and Agricultural Code is amended to read:

61805. The purposes of this chapter are to do all of the following:

(a) Provide funds for administration and enforcement of this chapter, by assessments to be paid by producers and handlers of market milk in the manner prescribed in this chapter.

(b) Authorize and enable the director to prescribe marketing areas and to determine minimum prices to be paid to producers by handlers for market milk which are necessary due to varying factors of costs of production, health regulations, transportation, and other factors in the marketing areas of this state. In determining minimum

prices to be paid producers by handlers, the director shall endeavor under like conditions to achieve uniformity of cost to handlers for market milk within any marketing area. However, no minimum prices established or determined under this chapter shall be invalid because uniformity of cost to handlers for market milk in any marketing area is not achieved as a result of the minimum producer prices so established or determined.

(c) Authorize and enable the director to formulate stabilization and marketing plans, subject to the limitations prescribed in this chapter with respect to the contents of the stabilization and marketing plans, and to declare the plans in effect for any marketing area.

(d) Enable the dairy industry, with the aid of the state, to develop and maintain satisfactory marketing conditions, bring about and maintain a reasonable amount of stability and prosperity in the production of market milk, and provide means for carrying on essential educational activities.

SEC. 24. Section 61807 of the Food and Agricultural Code is amended to read:

61807. Nothing in this chapter permits or authorizes the development of conditions of monopoly in the production of market milk. In the establishment of the terms and conditions under which market milk shall be purchased from producers, the terms and conditions are those which will, in the several localities and markets of the state, and under the varying conditions of production, insure an adequate and continuous supply of pure, fresh, wholesome market milk to consumers of the market milk.

SEC. 25. Section 61808.5 of the Food and Agricultural Code is repealed.

SEC. 26. Section 61810 of the Food and Agricultural Code is amended to read:

61810. The provisions of Chapter 1 (commencing with Section 61301) and Chapter 3 (commencing with Section 62700) shall be liberally construed as being complementary of, and supplemental to, this chapter. This chapter, Chapter 1 (commencing with Section 61301), and Chapter 3 (commencing with Section 62700) shall be liberally construed as constituting a single comprehensive scheme for the regulation of the production and handling of market milk. However, each of the chapters, and each provision, article, section, subdivision, sentence, clause, and phrase of each chapter is severable. If one of the chapters or any provision, article, section, subdivision, sentence, clause, or phrase of, or in, any one of the chapters is for any reason held void, invalid, or unconstitutional, the decision shall not affect the validity of the other chapter, or any of its provisions, articles, sections, subdivisions, sentences, clause, or phrases.

SEC. 27. Section 61839 of the Food and Agricultural Code is amended to read:

61839. "Wholesale customer" means any person except a distributor that buys packaged milk, cream, or any dairy product for

resale to consumers or to other wholesale customers.

SEC. 28. Section 61894 of the Food and Agricultural Code is amended to read:

61894. For the purposes of enforcing this chapter, the director may investigate any and all transactions, between producers and handlers, between nonprofit cooperative associations and producers, among handlers, or between handlers and wholesale customers, among wholesale customers, between handlers and consumers, or between wholesale customers and consumers. For that purpose, the director shall have access to, and may enter at all reasonable hours, any place where market milk is being stored, bottled, or manufactured, where market milk or any market milk product is being bought, sold, or handled, or where the books, papers, records, or documents which relate to those transactions are kept. He may inspect and copy those books, papers, records, or documents in any place within the state.

SEC. 29. Section 61901 of the Food and Agricultural Code is amended to read:

61901. All money received by the director pursuant to this chapter shall be paid monthly into the State Treasury to the credit of the Department of Food and Agriculture Fund.

SEC. 30. Section 62143 of the Food and Agricultural Code is amended to read:

62143. No person who qualifies as a handler under Section 62142 shall deal in market milk without first obtaining a license from the director. In addition, any person qualifying as a handler who purchases or handles market milk or market cream for processing or manufacture shall obtain a license for each milk plant owned or operated. The license provided for in this article is in addition to any license which is required by Division 15 (commencing with Section 32501), or by any law or ordinance of any county or municipality of this state.

Notwithstanding the provisions of Section 61832, "milk plant" as used in this article, means any place, structure, or building where a handler receives market milk and weighs, tests, standardizes, pasteurizes, homogenizes, separates, bottles or packages such milk. "Milk plant" does not include a place, structure, or building which is used for the purpose of receiving, weighing, or testing milk to be diverted or delivered to a licensed milk plant of the handler.

SEC. 31. Section 62146 of the Food and Agricultural Code is amended to read:

62146. The director may refuse to grant or renew any license if he is satisfied that any applicant, or any person connected with the applicant, either directly, or indirectly has violated any of the following:

(a) This chapter or any stabilization and marketing plan or other regulation adopted under this chapter.

(b) The unlawful trade practices provisions set forth in Article 4 (commencing with Section 61371).

(c) Chapter 3 (commencing with Section 62700) or any pooling plan established thereunder.

SEC. 32. Section 62402 of the Food and Agricultural Code is amended to read:

62402. Any person that violates any provision of this chapter, any provision of any stabilization and marketing plan, or any regulation adopted under this chapter, is liable civilly in an amount not less than one hundred dollars ($100) and not to exceed one thousand dollars ($1,000) for each and every violation. Such penalty is to be recovered by the director in any court of competent jurisdiction. The amount of penalty which is assessed pursuant to this section on each count of violation shall be based upon the nature of the violation and the seriousness of the effect of such violation upon effectuation of the purposes and provisions of this chapter. Any sum which is recovered under this section shall be deposited in the State Treasury to the credit of the Department of Food and Agriculture Fund.

SEC. 33. Section 62702 of the Food and Agricultural Code is amended to read:

62702. It is recognized by the Legislature that currently the powers conferred upon the director by Chapter 2 (commencing with Section 61801) are inadequate to enable the dairy industry to develop and maintain satisfactory marketing conditions and bring about and maintain a reasonable amount of stability and prosperity in the production of fluid milk and fluid cream; and that to accomplish these purposes, and particularly to insure to consumers within California an adequate and continuous supply of pure, fresh, and wholesome milk at fair and reasonable prices, including a reasonable estimate of the additional supply which is needed to provide for normal fluctuations in production and in consumer demand for those products, those powers must be supplemented by the powers conferred in this chapter upon the director to equalize gradually the distribution of class 1 usage among the producers of this state.

SEC. 34. Section 62704 of the Food and Agricultural Code is amended to read:

62704. The director is authorized to develop a proposed pooling plan and to designate the proposed areas in which the plan will be made effective. He shall appoint fluid milk producers, and representatives of producers, to be the members and alternate members of a formulation committee, reasonably representative of all producers and areas to be included in the proposed pooling plan, which committee shall advise and assist the director in the establishment of the proposed pooling plan area and in the formulation of the proposed pooling plan. The pooling plan shall include all areas covered by stabilization and marketing plans under Chapter 2 (commencing with Section 61801), except any relatively isolated region of the state may be excluded therefrom, if the director, after a public hearing, finds that the inclusion of the region is not practical or in conformity with the purposes of the pooling

plan, or if he finds that the producers in the relatively isolated region do not desire to be a part of either their own or one of the pools.

SEC. 35. Section 62705 of the Food and Agricultural Code is amended to read:

62705. After the director, with the advice and assistance of the formulation committee, has formulated the proposed plan, he shall hold one or more public hearings in each proposed pooling area to be affected by the proposed plan for the purposes of considering modification of the proposed boundaries and formulating the pooling plan which will best accomplish the purposes of this chapter. Notice of the public hearings shall be given to each producer, including each member of cooperative marketing associations, who ships fluid milk to a distributor and to each distributor who receives fluid milk from producers. The procedures for the giving of notice and the conducting of the hearings shall be the same as those provided in Chapter 2 (commencing with Section 61801) for public hearings on stabilization and marketing plans.

SEC. 36. Section 62717 of the Food and Agricultural Code is amended to read:

62717. If the director finds that producers on a statewide basis have assented in writing to the proposed pooling plan submitted to them for assent, the director shall place the proposed pooling plan into effect. The director shall find that producers have assented to the plan if he finds on a statewide basis that not less than 51 percent of the total number of eligible producers in the state shall have voted in the referendum and finds one of the following:

(a) Sixty-five percent or more of the total number of eligible producers who voted in the referendum who produced 51 percent or more of the total amount of fluid milk produced in the state during the calendar month next preceding the month of the commencement of the referendum period by all producers who voted in the referendum approve the plan.

(b) Fifty-one percent or more of the total number of eligible producers who voted in the referendum who produced 65 percent or more of the total amount of fluid milk produced in the state during the calendar month next preceding the month of the commencement of the referendum period by all producers who voted in the referendum, approve the plan.

If the plan is not approved, the director may resubmit the plan, or submit a new plan, at any time after six months from the date the director announces the plan was not approved.

The director may amend the plan, after notice and public hearing has been given in the same manner as is provided in Chapter 2 (commencing with Section 61801) for stabilization and marketing plans, if he finds that the amendment is necessary to effectuate the purposes of this chapter. After the hearing, the director, upon his own motion, may make nonsubstantive amendments to the plan. The director may make substantive amendments to the plan only if producers assent to the proposed amendments at a referendum

conducted in the same manner and in the same number as provided for the referendum approving the pooling plan.

The director may terminate the plan on a statewide basis after notice and public hearing has been given in the same manner as is provided in Chapter 2 (commencing with Section 61801) for stabilization and marketing plans, if he finds that the plan is no longer in conformity with the standards described in, or will not tend to effectuate the purposes of, this chapter. The hearing may be held upon the motion of the director, and shall be held upon receipt of a petition signed by producers representing not less than 25 percent of the total number of all producers and not less than 25 percent of the total production of all producers.

The director shall submit the termination of the plan on a statewide basis in a referendum conducted in the same manner as provided for initial approval of the plan if, after notice and public hearing has been given in the same manner as is provided in Chapter 2 (commencing with Section 61801) for stabilization and marketing plans, he finds that a substantial question exists as to whether or not producers desire the plan to continue and shall submit the plan for termination upon receipt of a petition requesting termination signed by producers representing not less than 25 percent of the total number of all producers and not less than 25 percent of the total production of all producers. The plan shall be terminated if termination is favored by the same percentage of producers producing the same amount of fluid milk as required to initiate the plan.

SEC. 37. Section 62723 of the Food and Agricultural Code is amended to read:

62723. Unless otherwise defined in this chapter, the definitions contained in Chapter 2 (commencing with Section 61801) govern the construction of this chapter.

For the purposes of this chapter, the following definitions shall apply:

(a) The terms "distributor" and "processor" shall have the same definition as the term "handler" contained in Section 61826.

(b) "Equalization point" shall mean that point at which pool quota held is equal to 95 percent of production base held.

(c) "Fluid cream" shall have the same definition as the term "market cream" contained in Section 61827.

(d) "Fluid milk" shall have the same definition as the term "market milk" contained in Section 61828.

(e) "Fluid skim milk" shall have the same definition as the term "market skim milk" contained in Section 61829.

SEC. 38. Section 62725 of the Food and Agricultural Code is amended to read:

62725. The director is authorized to use money in the Department of Food and Agriculture Fund derived from assessments and fees collected pursuant to Chapter 2 (commencing with Section 61801), to the extent necessary to defray the expenses

incident to the formulation and making effective the pooling plan pursuant to this chapter, if, as soon as sufficient money is available from fees collected pursuant to this chapter, the amount shall be repaid.

SEC. 39. Section 62730 of the Food and Agricultural Code is amended to read:

62730. Any violation of any provision of this chapter, or any regulations adopted pursuant to this chapter, shall be punishable, and shall have the same effect, as a violation of Chapter 2 (commencing with Section 61801).

With the exception of property acquired for the state park system, when real property is acquired by the state pursuant to this part, jurisdiction over the property shall remain in the Department of General Services until the property is needed for the purpose for which it was acquired. The Director of General Services may transfer jurisdiction of the property to the agency for whose use it was acquired before it is needed for the purpose for which acquired if in his opinion the transfer is in the best interests of the state. The department may lease all or any portion of the property which is not presently needed on terms and conditions as the director may fix and may maintain, improve, and care for the property in order to secure rent therefrom. The department may remove or demolish buildings or other structures on the property when it is desirable to do so. It may sell or dispose of the improvements or any materials available upon the demolishing of any building or structure on the property.

(a) All real property acquired by the state for the state parks system pursuant to this part prior to April 1 of each year, which constitutes a sufficient usable area of land for state park system purposes, shall be transferred to the Department of Parks and Recreation by July 1 of each year, unless otherwise authorized by the Legislature in the Department of Parks and Recreation's annual budget.

(b) The Director of the Department of Parks and Recreation may

request approval of the Legislature through the budget process to allow continued management of specified properties by the Department of General Services for the following reasons:

(1) A relocation obligation remains on the property which requires administration by the Department of General Services.

(2) The property had previously been used for agricultural purposes and will continue under an agricultural lease pursuant to Section 5069.1 of the Public Resources Code.

(3) The property requires demolition, maintenance, or cleanup as requested by the Department of Parks and Recreation, which the Department of General Services will contract for with an entity other than the Department of Parks and Recreation, utilizing funds authorized pursuant to Section 15863.

(4) The property was acquired with an existing lease (residential or commercial) that has not yet expired and which is not consistent with state park system purposes.

(5) All parcels within a project have not yet been acquired; or an acquisition commitment exists in the property acquisition agreement that is yet to be accomplished.

(6) Funding for operation and maintenance has not yet been budgeted or authorized by the Legislature.

(c) The Legislature may grant approval for continued management of properties by the Department of General Services for other reasons as it deems necessary.

(d) All concession, contract, lease, and rental revenues received by the Department of Parks and Recreation pursuant to subdivision (a) shall be deposited in the General Fund. The Department of Parks and Recreation shall request sufficient funds to cover its property management costs for these properties in its annual budget request submitted to the Legislature.

SEC. 3. Section 15863 of the Government Code is amended to read:

15863. The proceeds of any sale made pursuant to Section 15862 shall be deposited in the General Fund. Rentals received by the department pursuant to Section 15862 shall be deposited in the General Fund and are appropriated to the Department of General Services to maintain, improve, and care for real property acquired pursuant to this part pending the use of such property to further the postwar construction program. Any unneeded balance in the appropriation shall be transferred by the Controller on order of the Director of General Services to the General Fund.

Notwithstanding any other provision of the law, all moneys appropriated pursuant to the provisions of this section shall be available for payments required to be made pursuant to the provisions of Chapter 16 (commencing with Section 7260) of Division 7 of Title 1.

5003.3. The State Park and Recreation Commission shall allow, in accordance with Section 5003.1, waterfowl hunting annually from the opening day of hunting season for ducks or geese, whichever is earlier, to and including the closing day of this season, whichever is later, as established by the Fish and Game Commission, in all of Franks Tract State Recreation Area, except within 200 feet of or on the 330 acre island known as the Little Franks Tract, which is bounded on the south and west by Piper Slough, on the north by False River, and on the east by the open water portion of Franks Tract State Recreation Area. A map of the portions of Franks Tract State Recreation Area open to hunting shall be available at the delta area office at Brannan Island State Recreation Area for examination.

SEC. 2. (a) If the Bellflower Unified School District expends the proceeds deposited in its general fund pursuant to Section 1 of this act for purposes other than major deferred maintenance or capital outlay, the State Allocation Board shall reduce the total amount of state funds apportioned to the district pursuant to Section 39619 of the Education Code or Chapter 22 (commencing with Section 17700) of Part 10 of the Education Code, or both, by the amount expended by the district for purposes other than major deferred maintenance or capital outlay.

(b) In no event shall the reduction required in any fiscal year pursuant to subdivision (a) exceed the amount of state funds apportioned to the district in that fiscal year pursuant to Section 39619 of the Education Code or Chapter 22 (commencing with Section 17700) of Part 10 of the Education Code, or both, but the board shall reduce any additional state funds to be apportioned to the district in the following fiscal year or fiscal years until the total reduction required pursuant to subdivision (a) is made.

SEC. 3. Due to the unique circumstances concerning the financial condition of the Bellflower Unified School District, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution.

(b) Upon receipt of motor vehicle engine or motor change notification and other required documents, the department shall assign a distinguishing vehicle identification number to motor vehicles, other than motorcycles or motor-driven cycles registered under a motor number or motor and frame numbers. When the distinguishing vehicle identification number is placed on the vehicle as authorized, the vehicle shall thereafter be identified by the distinguishing identification number assigned.

(c) Notwithstanding any other provision of this section or any other provision of law, the department shall not register a case for any motorcycle of the push-rod type with nonjournal rods and four-stroke engines, manufactured in the United States, without proof of the destruction of the case being replaced. SEC. 2. Section 19262 is added to the Government Code, to read:

19262. Each state department shall either adopt the existing policy of the State Personnel Board on smoking, or adopt their own policy on smoking which addresses the rights of nonsmokers to a smoke-free environment in formal meetings, informal meetings, and work stations, and which allows for administration of the policy and for the resolution of conflicts regarding the policy.

Nothing in this section shall require the building of partitions between smokers and nonsmokers.

CHAPTER 757

An act to add Article 5.5 (commencing with Section 4650) to Chapter 1 of Division 3 of the Vehicle Code, relating to vehicles, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 7, 1982 Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Article 5.5 (commencing with Section 4650) is added to Chapter 1 of Division 3 of the Vehicle Code, to read:

Article 5.5. Voluntary Common Registration Renewal Dates

4650. The department shall conduct a study on the feasibility of allowing the registered owner of more than one vehicle to request, and the department to assign, a common registration renewal date for all of those vehicles.

4651. The department shall submit a report on the progress of the study to the Legislature on or before March 1, 1983. The report shall include, but not be limited to, an analysis of the costs and benefits associated with a common registration renewal date and shall include recommendations on the owners to be eligible and any limit on the number of vehicles in common ownership to be eligible, the impact on revenues currently collected by the department, and the impact on the current year-round registration program.

4652. The department shall do one of the following:

(a) On or before July 1, 1983, except as otherwise provided in subdivision (b), establish and implement a full scale voluntary common registration renewal date program for owners of four vehicles. The director may also include in the full scale program owners of any other number of vehicles as he or she determines.

(b) On or before July 1, 1983, establish a pilot program to further study and evaluate the practical application and assess the fiscal implication of a voluntary common registration renewal date program for owners of more than one vehicle. The pilot program shall include owners of four vehicles. The director may also include in the pilot program owners of any other number of vehicles as he or she determines.

The pilot program shall terminate on July 1, 1984, unless sooner terminated by the establishment of a full scale program as described in subdivision (a).

4653. The director may establish a schedule of fees to be paid for each vehicle registered under Section 4652. The fees shall include all of the following:

(a) A pro rata motor vehicle license fee, a pro rata registration fee, any applicable weight fee, and any other fees or charges imposed for the registration of any vehicle which is assigned or reassigned a renewal date of greater or less than 12 months, in the amount equal to the fees that would have been paid for the vehicle if its registration had not been renewed under the voluntary common registration renewal date program.

SEC. 3. Section 12878.39 of the Water Code is amended to read:

12878.39. All money raised by such assessments shall be accounted for separately as to each area and zone. All such money shall be transmitted by January 1st and July 1st of each year to the department for deposit in the Water Resources Revolving Fund after deduction of the amounts to be retained by the county for the reasonable costs of its services as determined pursuant to subdivision (e) of Section 12878.40.

SEC. 4. Section 12878.40 is added to the Water Code, to read:

12878.40. (a) The Legislature hereby finds and declares that a county may face substantial expense in maintaining a roll or system which reflects both current values of property for purposes of ad valorem benefit assessments as well as the property values for general taxation mandated by Article XIII A of the California Constitution. The Legislature further finds and declares that a fair and proper benefit assessment for flood control purposes may be levied on the alternative basis of the use to which the benefited land in a maintenance area may be put.

(b) The board of supervisors of the county may evaluate the costs of maintaining a system to determine benefits according to assessed valuation of land and improvements thereon pursuant to Section 12878.35. If the board of supervisors finds that these costs would be excessive relative to the amounts to be collected, it may, in lieu of an ad valorem benefit assessment, elect to levy a benefit assessment as set forth in this section sufficient to raise the amount or amounts certified by the department. Amounts raised pursuant to this section for transmittal to the department shall be in lieu of any apportionment of county property tax revenues to the support of the maintenance area pursuant to Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code. The assessment authorized to be levied on each parcel under this section shall be based upon the parcel's proportionate benefit, expressed as a product of the degree of flood protection it receives, its size, and its capacity for being put to use, with respect to all other parcels in the maintenance area. Specifically, a parcel's benefit product equals the percentage benefit for the zone in which the parcel is located, as defined in Section 12878.9, multiplied by the acreage of the parcel, multiplied by the parcel's land use factor as specified in subdivision (c). Any parcel less than one-third acre in size shall be deemed to be one-third acre. For any parcel categorized as agriculture in subdivision (c), every acre over five acres shall be deemed to be one-tenth acre.

(c) The county shall assign each parcel to one of the following

land use categories, representing its current predominant land use capability, and shall assign to each parcel the land use factor corresponding to such category:

Category	Factor
(1) Waste or unusable land	0
(2) Agriculture	1
(3) Single family, residential	5
(4) Commercial, industrial, and other	10

Prior to April 1 of any year, landowners in the maintenance area may petition the board of supervisors, or the board of supervisors may on its own motion elect, to review the land use categories and land use factors herein provided. The petition shall be signed by at least 50 landowners or 10 percent of the landowners in the maintenance area, whichever is less. The board of supervisors shall thereupon give notice, pursuant to Section 6066 of the Government Code, and hold a hearing to determine whether the land use categories should be modified or increased in number and whether the land use factors should be modified. The board of supervisors may, by resolution, modify the categories and factors as in its judgment is required for fair and practical special benefit assessments for flood control maintenance. The board of supervisors may delegate to an appropriate county board or administrative body the powers and duties set forth in this subdivision.

(d) The amount assessed each parcel in the maintenance area shall be determined by the following formula: the benefit product of the parcel multiplied by the total amount to be collected in the maintenance area, divided by the sum of the various benefit products of all parcels in the maintenance area.

(e) If the county board of supervisors elects to use the benefit assessment procedure and formula provided in this section, the county may recover the reasonable costs of its services in preparing and levying the assessments. The board of supervisors shall add the amount for estimated county costs to the amount or amounts certified by the department and shall include that amount in the benefit assessment levied pursuant to this section.

(f) All other provisions of this chapter applicable to the levy of assessments shall apply to this section so far as they are or may be made applicable.

SEC. 5. Section 8 of the American River Flood Control District Act (Chapter 808 of the Statutes of 1927) is amended to read:

Sec. 8. For the purpose of constructing or purchasing necessary flood control works and acquiring the necessary property and rights therefor and otherwise carrying out the provisions of this act, the board of trustees must estimate and determine the amount of money necessary to be raised. For the purpose of ascertaining the amount of money necessary to be raised for such purposes, or any of them, the board shall cause such surveys, examinations, drawings and plans

to be made as shall furnish the proper basis for said estimate. In the estimate of the amount necessary to be raised, the board of trustees may include a sum sufficient to pay the interest on the bonds to be issued for a period of three years or less. All such surveys, examinations, drawings and plans shall be made under the direction of the engineer of the district and shall be certified by him. After receiving such report the board of trustees shall determine and declare by resolution whether or not the proposed plan of works is satisfactory and whether or not the project, as set forth in said report, is feasible, and if so, shall make an order determining the amount of bonds that should be issued in order to raise the amount of money necessary therefor, and in determining said amount, sufficient shall be included to cover the cost of inspection of works in course of construction.

Prior to the calling of the bond election hereinafter referred to the board of trustees shall cause the entire district to be divided into zones, if in the opinion of the board of trustees such division is necessary because of varying benefits to the property within the district, together with a statement as to the percentages of the sum to be raised from each of such zones for the payment of the principal and interest of the bonds of the district. The said district may be divided into as many zones as may be deemed necessary and each zone shall be composed of and include all of the lands in the district which in the opinion of the board of trustees will be benefited in like manner. Each zone shall be designated on a map or plat of the district filed in the office of the board of trustees and such designation shall show the separate boundaries of each zone and a statement of the percentage to be raised from each zone. If, in the opinion of the board of trustees, modification of the zones is appropriate in order to better reflect the benefits as then received by lands within the district from the maintenance, operation, extension, or repair of works or improvements of the district, a new map shall be prepared showing the proposed new zone boundaries with a statement of the percentage to be raised from each zone.

SEC. 6. Section 9 of the American River Flood Control District Act (Chapter 808 of the Statutes of 1927) is amended to read:

Sec. 9. Upon the filing of such map, as in Section 8 of this act provided, the board of trustees shall give notice to all persons interested in the district by publication in a newspaper of general circulation published in the district, once a week for three successive weeks, which notice shall designate the time and place of hearing by the board of trustees, at which time and place any person interested in the district may appear and object to the zones into which the district is divided, or the percentages to be raised from each of such zones. All such objections shall be in writing, verified by the person or persons making the objection, and filed with the board of trustees on or before the date fixed for such hearing. Upon such hearing, the board of trustees may change or modify any of the zones or the percentages to be raised therefrom. Such hearing may be continued

from time to time by the board of trustees by an order entered on its minutes. The location and extent of the zones within the district and the percentages to be raised therefrom shall be finally established and determined by the board of trustees and shall prevail for all purposes until any bonds to be issued by the district shall have been fully paid and discharged and until further modified pursuant to the provisions of Section 8 and this section. Findings and determination of the board of trustees as to the extent and boundaries of the zones and the percentages to be raised therefrom shall be final and conclusive.

SEC. 7. Section 17 of the American River Flood Control District Act (Chapter 808 of the Statutes 1927) is amended to read:

Sec. 17. (a) The board of trustees of such district shall at the time for fixing the general tax levy for county purposes and in the manner of such general tax levy provided, levy and collect annually each year until said bonds are paid or until there shall be a sum in the treasury of such district set apart for that purpose to meet all sums coming due for principal and interest on said bonds, a tax sufficient to pay the annual interest on said bonds and also such part of the principal thereof as shall become due before the time for fixing the next general tax levy in which tax may be included a sum sufficient, in the judgment of the board of trustees, to take care of anticipated delinquencies; provided, however, that if the maturity of the indebtedness created by the issuance of bonds be made to begin more than one year after the date of the issuance thereof, such tax shall be levied and collected at the time and in the manner aforesaid, annually each year, in an amount sufficient to pay the interest on said indebtedness as it falls due and also to constitute a sinking fund for the redemption thereof on or before maturity. The tax herein required to be levied and collected shall be in addition to all other taxes levied for district purposes and shall be collected at the time and in the same manner as other district taxes are collected, and be used for no other purpose than the payment of said bonds and accruing interest.

Such tax shall be levied upon the land and improvements within the district including the operative land and improvements of any public utility and excluding any land and improvements belonging to any county, municipality, or political subdivision within said district, or land and improvements belonging to the State of California or the United States of America; provided, however, that nothing herein contained shall be deemed to exempt from assessment the land and improvements of any political subdivision the corporate boundaries of which are wholly outside the boundaries of said district, and all such land and improvements of any such political subdivision shall be subject to the taxes herein provided to be levied with the same force and effect as though such land and improvements were held by private individuals.

If the district has been divided into zones and the percentage of the amount to be raised for the redemption of principal and interest

of said bonds from each such zone has been determined as provided in this act, the said amount of said tax levied shall be divided according to said percentage, and the percentage to be raised from the land and improvements within each zone shall be levied upon and against the land and improvements in such zone as hereinbefore provided.

The board of trustees may elect to avail itself of the assessment made by the assessor of the County of Sacramento and may take such assessment as the basis for district taxes and have its taxes collected by the county officials of such county; provided, the board of trustees shall declare its said election by resolution and file a certified copy of the same with the auditor of Sacramento County on or before the 1st day of August, and such board of trustees shall likewise file with such resolution a certified copy of the map or plat showing the zones and the percentages of the amount to be raised from each zone. Thereafter each year until otherwise provided by the board of trustees, all assessments shall be made and taxes collected for such district by the county assessor and tax collector, respectively, of said County of Sacramento. In such case, the auditor of such county must, on or before the 2nd Monday of August of each year, transmit to the board of trustees of the district a statement in writing showing the total value of all land and improvements within the district, which value shall be ascertained from the assessment book of such county for that year as equalized and corrected by the board of supervisors of said county; and which said statement shall also show the total value of all land and improvements in each of the said zones respectively.

All land and improvements situated within said district and subject to assessment and/or taxation for district purposes, and not included on said county rolls for taxation for county purposes, shall immediately upon the effective date of this act be placed upon and thereafter carried on said rolls, and the assessed valuation of said land and improvements shall be determined and fixed by said county assessor and the amount of such assessed valuation corrected and equalized by said board of supervisors at the same time or times and in the same manner as the assessed valuation of other land and improvements upon said assessment rolls are fixed, determined, corrected and equalized by said county officials.

In case the board of trustees shall so elect to avail itself of the assessment made by the assessor of the County of Sacramento, as hereinbefore provided, it shall, on or before the first weekday in September, or if such weekday falls upon a holiday, then upon the first business day thereafter, fix the rate of tax for each zone, and designate the number of cents upon each one hundred dollars ($100) using as a basis the value of land and improvements as it is assessed by the county assessor and returned to the board of trustees of the district by the county auditor as hereinabove provided, which rate of taxation shall be sufficient to raise the amount previously fixed by the board as hereinabove prescribed. Such acts by the board of

trustees of the district shall constitute a valid assessment of the land and improvements and a valid levy of the tax so fixed. The board of trustees must immediately thereafter transmit to the county auditor a statement of the rate of taxes so fixed by said board for each zone into which the district may be divided and the county auditor shall enter such rate upon the county tax roll. Such taxes so levied shall be collected at the same time and in the same manner as county taxes and when collected the net amount ascertained as hereinafter provided shall be paid to the treasurer of the district under the general requirements and penalties provided by law for the settlement of other taxes.

Whenever any land and improvements situate in said district has been sold for taxes and has been redeemed the money paid for such redemption shall be apportioned and paid by the county treasurer to the said district in the proportion which the tax due to said district bears to the total tax for which such land and improvements was sold.

All taxes levied under the provisions of this act shall be a lien upon the land and improvements on which they are levied and, unless the board of trustees has by resolution otherwise provided, the enforcement of the collection of such taxes shall be had in the same manner and by the same means as provided by law for the enforcement of the liens for state and county taxes, all provisions of law relating to the enforcement of the latter being hereby made a part of this act.

Wherever in this act the word "tax" is used, such word shall not be deemed or construed as referring to a tax in the technical sense of that term but shall be deemed only to refer to such assessments of benefits as are provided for by Section 8 of this act.

(b) (1) The Legislature hereby finds and declares that a county may face substantial expense in maintaining a roll or system which reflects both current values of property for purposes of ad valorem benefit assessments as well as the property values for general taxation mandated by Article XIII A of the California Constitution. The Legislature further finds and declares that a fair and proper benefit assessment for flood control purposes may be levied on the alternative basis of the use to which the benefited land in the district may be put.

(2) Upon receipt of the declaration of the board of trustees of its intention to have its taxes collected by the county officials, the Board of Supervisors of Sacramento County may evaluate the costs of maintaining a system to determine benefits according to valuation of land and improvements thereon pursuant to subdivision (a) of this section, and if the board of supervisors finds that these costs would be excessive relative to the amounts to be collected, it may, in lieu of the assessment provided in subdivision (a) of this section or Section 18, elect to require that the benefit assessment as set forth in subdivision (a) of this section or Section 18 be levied in the manner set forth in this subdivision, which assessment shall be sufficient to raise the amount or amounts certified by the board of trustees as

required by the district for district operations during the coming fiscal year.

(3) The assessment authorized to be levied on each parcel under this subdivision shall be based upon the parcel's proportionate benefit expressed as a product of the degree of protection it receives as determined from the zone in which it is located, its size, and its capacity for being put to use, with respect to all other parcels in the district. A parcel's benefit product shall be deemed to equal the percentage benefit for the zone in which the parcel is located, as defined in Sections 8 and 9, multiplied by the acreage of the parcel, multiplied by the parcel's land use factor as specified in paragraph (4). Any parcel less than one-third acre in size shall be deemed to be one-third acre. For any parcel categorized as agriculture in paragraph (4), every acre over five acres shall be deemed to be one-tenth acre.

(4) The county shall assign each parcel to one of the following land use categories based upon the current land use of the parcel as shown on the records of the county assessor from among the following:

Category	Land Use Factor
(A) Waste or unusable land	0
(B) Agriculture	1
(C) Single family, residential	5
(D) commercial, industrial, and other	10

(5) Prior to April 1 of any year, landowners in the district may petition the board of supervisors or the board of trustees may request the board of supervisors to review the land use categories and land use factors set forth in paragraph (4), or the board of supervisors may elect to do so on its own motion. The petition shall be signed by at least 50 landowners within the district. The board of supervisors shall set a time and place for a hearing upon the petition or request or upon its motion, and shall give notice of the hearing in the manner set forth in Section 6066 of the Government Code. At the hearing, the board of supervisors shall hear all evidence presented regarding the land use factors and categories and shall determine whether the categories or land use factor assigned to each category should be altered, expanded, or modified in any respect. The board of supervisors may, by resolution at the conclusion of the hearing, modify the categories and factors as in its judgment is required for fair and practical special benefit assessments for maintenance of the district works. The board of supervisors may delegate to an appropriate county board or administrative body the powers and duties set forth in this paragraph.

(6) The amount assessed each parcel in the district under this subdivision shall be determined by the following formula: the benefit product of the parcel multiplied by the total amount to be collected in the district, divided by the sum of the various benefit products of

all parcels in the district.

(7) If the board of supervisors elects to require use of the benefit assessment procedure and formula provided in this subdivision, the county may recover the reasonable costs of its services in preparing and levying the assessments, and the amount collected on behalf of the district shall be in lieu of any apportionment of the county tax revenues pursuant to Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code. The county auditor shall submit an estimate of the costs of the county services under this subdivision to the board of trustees which shall then be included as a part of the board of trustees' determination of costs under Section 17 or 18.

(8) All other provisions of this act applicable to the levy of assessments shall apply to this subdivision so far as they are or may be made applicable.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that needed flood control maintenance may be performed as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 760

An act to add Section 434.6 to the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 434.6 is added to the Revenue and Taxation Code, to read:

434.6. (a) Notwithstanding any provision of this division which requires a refund of an overpayment of property taxes, each county in which the assessor valued timberland for the 1980–81 and 1981–82 fiscal years in accordance with the site valuations contained in Property Tax Rule 1025, as adopted by the board on December 11, 1979, may provide for the disposition of any overpayment of property taxes resulting from those valuations, in accordance with subdivision (b).

(b) The board of supervisors of an affected county may, by resolution, provide for the disposition of an overpayment of property taxes specified in subdivision (a) in either of the following ways:

(1) The county may refund the amount of the overpayment to the

assessee in the manner otherwise provided by law for the making of refunds for overpayments of property taxes.

(2) The county may credit the amount of the overpayment against subsequent property taxes of the assessee in connection with the timberland which was valued as specified in subdivision (a). The provision of a credit shall not apply whenever the assessee is no longer the owner of the timberland which was valued as specified in subdivision (a). The credit shall be applied to the assessee's property taxes for the 1982–83 fiscal year. The county auditor of each county shall prescribe the procedure by which the credit will be applied. This procedure shall be adequate to establish an audit trail and shall eliminate the necessity of making value corrections on the affected timberlands on the 1980–81 and 1981–82 county assessment rolls.

(c) Nothing in this section shall be construed to preclude the operation of any provision of law which would require the payment or crediting of interest by a county in connection with the making of any refund or applying any credit pursuant to this section.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that affected counties not be forced to incur large administrative costs in processing property tax refunds for certain timber property owners for the 1980–81 and 1981–82 fiscal years and in order that credits for overpayments may be applied to the first installment of property taxes for the 1982–83 fiscal year, it is necessary that this act go into immediate effect.

CHAPTER 761

An act to amend Sections 1020 and 1022 of, and to add Section 1021.5 to, the Labor Code, relating to contractors.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 1020 of the Labor Code is amended to read:

1020. It is the intent of the Legislature in enacting this chapter to establish a citation system for the imposition of prompt and effective civil sanctions against violators of the laws and regulations of this state relating to the employment of workers by unlicensed contractors and the utilization of unlicensed contractors and other persons who are not valid independent contractors by licensed contractors.

SEC. 2. Section 1021.5 is added to the Labor Code, to read:

1021.5. Any person who holds a valid state contractor's license

issued pursuant to Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and who willingly and knowingly enters into a contract with any person to perform services for which such a license is required as an independent contractor, and that person does not meet the burden of proof of independent contractor status pursuant to Section 2750.5 or hold a valid state contractor's license, shall be subject to a civil penalty in the amount of one hundred dollars ($100) per person so contracted with for each day of the contract. The civil penalties provided for by this section are in addition to any other penalty provided by law.

SEC. 3. Section 1022 of the Labor Code is amended to read:

1022. If upon inspection or investigation the Labor Commissioner determines that any person is employing workers in violation of Section 1021 or 1021.5, he or she may issue a citation to the person in violation. The citation may be served personally or by registered mail in accordance with subdivision (c) of Section 11505 of the Government Code. Each citation shall be in writing and shall describe the nature of the violation, including reference to the statutory provision alleged to have been violated.

CHAPTER 762

An act to amend Section 8101.6 of the Revenue and Taxation Code, relating to taxation, and making an appropriation therefor, to take effect immediately, tax levy.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 8101.6 of the Revenue and Taxation Code is amended to read:

8101.6. (a) No refund of any tax shall be granted on motor vehicle fuel used in propelling passenger carrying vehicles, except six cents ($0.06) of the tax imposed upon each gallon of motor vehicle fuel used in propelling passenger carrying vehicles used for the transportation of persons for hire, compensation, or profit of the following:

(1) Any transit district, transit authority, or city owning and operating a local transit system itself or through a wholly owned nonprofit corporation, or any nonprofit corporation designated as a Consolidated Services Transportation Agency pursuant to subdivision (a) of Section 15975 of the Government Code, which provides door-to-door transportation services under contract or agreement with a transit district, transit authority, or public agency authorized to provide transportation services.

(2) Any private entity providing transportation services under

contract or agreement, except general franchise agreements, with a public agency authorized to provide public transportation services, only for fuels consumed while providing services under such contracts or agreements entered into subsequent to the effective date of this act.

(3) Any passenger stage corporation subject to the jurisdiction of the Public Utilities Commission when the motor vehicles of such passenger stage corporation are exclusively operated in urban or suburban areas or between cities in close proximity; provided, however, that the exemption is not extended to any line or lines operated by such passenger stage corporation which shall exceed 50 miles of one-way route mileage.

(4) Any common carrier of passengers operating exclusively on any line or lines within the limits of a single city between fixed termini or over a regular route, 98 percent of whose operations, as measured by total route mileage operated, are exclusively within the limits of a single city, and who by reason thereof is not a passenger stage corporation subject to the jurisdiction of the Public Utilities Commission.

(b) The exemption provided for in subdivision (a) shall not be applicable to motor vehicle fuel used by a charter-party carrier of passengers. The term "charter-party carrier of passengers" has the same meaning as that specified in Section 5360 of the Public Utilities Code and shall further include those transportation services described in subdivisions (a) and (e) of Section 5353 of the Public Utilities Code, if such transportation service is rendered as contract carriage and not as common carriage of passengers.

SEC. 2. The Legislature finds and declares that the amendments made to Section 8101.6 of the Revenue and Taxation Code by this act are declaratory of existing law.

SEC. 3. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 763

An act to amend Section 14662.5 of the Government Code, relating to state property.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 14662.5 of the Government Code is amended to read:

14662.5. In any agreement entered into whereby the state obtains a grant of easement, lease, license, right-of-way, or right of entry (including without limitation, a right-of-way, or right of entry on or

over property of any railroad), the state agency or its director entering into the agreement on behalf of the state may agree to indemnify and hold harmless the grantor, lessor, or licensor and may agree to repair or pay for any damage proximately caused by reason of the uses authorized by such easement, lease, license, right-of-way, or right of entry agreement.

CHAPTER 764

An act to amend Section 65588 of the Government Code, relating to housing.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 65588 of the Government Code is amended to read:

65588. (a) Each local government shall review its housing element as frequently as appropriate to evaluate all of the following:

(1) The appropriateness of the housing goals, objectives, and policies in contributing to the attainment of the state housing goal.

(2) The effectiveness of the housing element in attainment of the community's housing goals and objectives.

(3) The progress of the city, county, or city and county in implementation of the housing element.

(b) The housing element shall be revised as appropriate, but not less than every five years, to reflect the results of this periodic review, except that the first such revision shall be accomplished by July 1, 1984.

(c) The review and revision of housing elements required by this section shall take into account any low- or moderate-income housing which has been provided or required pursuant to Section 65590.

(d) The review pursuant to subdivision (c) shall include, but need not be limited to, the following:

(1) The number of new housing units approved for construction within the coastal zone after January 1, 1982.

(2) The number of housing units for persons and families of low or moderate income, as defined in Section 50093 of the Health and Safety Code, required to be provided in new housing developments either within the coastal zone or within three miles thereof pursuant to Section 65590.

(3) The number of existing residential dwelling units occupied by persons and families of low or moderate income, as defined in Section 50093 of the Health and Safety Code, that have been authorized to be demolished or converted since January 1, 1982, in the coastal zone.

(4) The number of residential dwelling units for persons and families of low or moderate income, as defined in Section 50093 of the Health and Safety Code, that have been required for replacement or authorized to be converted or demolished as identified in paragraph (3). The location of the replacement units, either onsite, elsewhere within the locality's jurisdiction within the coastal zone, or within three miles of the coastal zone within the locality's jurisdiction, shall be designated in the review.

SEC. 2. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 3. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

CHAPTER 765

An act to amend Section 5458 of the Welfare and Institutions Code, relating to mental health.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 5458 of the Welfare and Institutions Code is amended to read:

5458. The following shall be the program elements of the system. These shall be designed to provide, at every level, alternatives to institutional settings. Counties in applying for these funds shall show how each of these elements works with the current programs and in-place programs. Counties may apply for funds in the following categories:

(a) A short-term crisis residential alternative to hospitalization for individuals experiencing an acute episode or situational crisis requiring temporary removal from their home environment. The program shall be available for admissions 24 hours a day, seven days a week. The primary focus of this element shall be on reduction of the crisis, stabilization, and a diagnostic assessment of the person's existing support system, including recommendations for referrals upon discharge.

The services in the program shall include, but not be limited to,

provision for direct family work, connections to prevocational and vocational programs, development of a support system, including income and treatment referrals. This service shall be designed for persons who would otherwise be referred to an inpatient unit, either locally or in the state hospital. It shall be a 24-hour program, with an emphasis on stabilization and appropriate referral for further treatment or support services, or both.

(b) A long-term residential treatment program, with a full day treatment component as a part of the service, for persons who may require intensive support for as long as two or three years. This service shall be designed to provide a rehabilitation program for the so-called "chronic" patient who needs long-term support in order to develop independent living skills. The clients in this program will be those who would otherwise be living marginally in the community with little or no service support, and who would return many times to the hospital for treatment. It also will serve those who are referred to, and maintained in, state hospitals or nursing homes because they require long-term, intensive support. This program goes beyond maintenance to provide an active rehabilitation focus for these individuals.

The services shall include, but not be limited to, intensive diagnostic work, including learning disability assessment, full day treatment program with an active prevocational and vocational component, special education services, outreach to develop linkages with the general social service system, and counseling to aid clients in developing the skills to move toward a less structured setting.

(c) A transitional residential program designed for persons who are able to take part in programs in the general community, but who, without the support of counseling, as well as the therapeutic community, would be at risk of returning to the hospital. These programs may employ a variety of staffing patterns and are for persons who may be expected to move toward a more independent living setting within approximately three months to one year. The clients shall be expected to play a major role in the functioning of the household, and shall be encouraged to accept increasing levels of responsibility, both in the residential community, and in the community as a whole. Residents are required to be involved in daytime activities outside of the house which are relevant to their personal goals and conducive to their achieving more self-sufficiency.

The services include, but are not limited to, counseling and ongoing assessment, development of support systems in the community, a day program which encourages interaction between clients and the community-at-large, and an activity program that encourages socialization and utilization of general community resources.

(d) A semisupervised, independent, but structured living arrangement for persons who do not need the intensive support of the other system elements, but who, without some support and

structure, are at risk to return to a condition requiring hospitalization. The individual apartments or houses are shared by three to five persons. The small cooperative housing units shall function as independent households with direct linkages to staff support in case of emergencies, as well as for regular assessment and evaluation meetings. Individuals may use satellite housing as a transition to independent living, or may remain in this setting indefinitely in order to avoid the need for more intensive settings.

This element is for persons who only need minimum support in order to live in the community. These individuals may require rent subsidy, as well as the backup of another system in order to remain in this setting. The satellite units should be as normative as the general living arrangements in the communities in which they are developed.

(e) In areas applying for a system where there is no day treatment program, or where the day treatment program is housed totally in a hospital, the county shall be encouraged to develop such a program, consistent with the principles and practices outlined above, in a noninstitutional setting and employing a rehabilitation focus. Where there are already existing services, efforts should be made to assure the capability of such day treatment services with the goals of the system elements. This may require the relocation of such services or the addition of staff.

(f) The socialization centers shall be designed to serve a broad range of clients, including those in the system elements, when appropriate, as well as persons living in the community in general. This service is designed to provide regular daytime, evening, and weekend activities for persons who require long-term, structured support, but who do not receive such services in their living setting. Although the socialization center is meant to provide a maintenance support program for those individuals who only wish or require regular socialization opportunities, the programs should also provide the opportunity to develop the skills to move toward more independent functioning.

The services shall include, but not be limited to, outings, recreational activities, cultural events, linkages to community resources, as well as prevocational counseling, life skills training, and other rehabilitation efforts. This program is for persons who would lose contact with a social or treatment system, or both, if left to their isolated living situation, or their ability to participate in activities for the "general public." With this level of support, persons would be able to lead full and active lives, with the opportunity to develop the skills to move toward independent living. Also included in the element are adult education support programs which utilize community college and other adult education agencies. These services would provide opportunities to individuals throughout the community residential treatment system and in other living settings, including independent living, to develop skills necessary for independent living through the utilization of resources available to

the general population.

(g) An in-home treatment program designed as an alternative to out-of-home placement for individuals who are otherwise not appropriate for, or do not choose to participate in, other elements of the community residential treatment system. This element is designed for those individuals who would benefit most from a treatment intervention in their home environment. It is a basic premise of this element that treatment would focus on the development of family and other personal and community supports, rather than exclusively on the individual. The goal of the element is to reintegrate the individual with the family unit, when appropriate, and with the greater community without removing the person from his or her home environment.

The service may be designed as a crisis intervention for persons experiencing an acute episode or an ongoing independent living service, or both, for persons wishing to obtain or maintain housing and services in the community. Services provided shall include, but not be limited to, crisis intervention, family work, when appropriate, development of a specific treatment plan, development of an ongoing rehabilitation plan utilizing available resources in the community, and coordination with such services as case management, vocational rehabilitation, schools and other education services, and various special programs which would act as a support system for the individual.

(h) A volunteer-based companion program designed to encourage the development of personal relationships with residents of community care facilities with the goal of motivating and assisting residents to make a successful transition to independent living, or elements of the community residential treatment system.

The service shall be provided primarily by volunteers, including students as a part of a college or university curriculum, who are supervised and coordinated by trained and experienced personnel. Services provided shall include, but not be limited to, recreation, one-to-one companionship, advocacy, and assistance in developing the knowledge and use of community resources, including housing and vocational services, and follow-up for persons who make the transition to independent living.

(i) A self-help independent living program that utilizes mentally disabled persons living independently in the community to work with clients of the mental health system. Staff for this element shall consist of unpaid volunteers who are or have been clients of the mental health system. Paid staff shall be limited to coordinators of volunteer activities. The duties of the volunteers shall include, but not be limited to, training in independent living skills, housing advocacy and referral, financial benefits counseling, and peer counseling.

CHAPTER 766

An act to amend Section 19901 of the Health and Safety Code, relating to housing.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 19901 of the Health and Safety Code is amended to read:

19901. Notwithstanding any other provision of law, no public agency which owns and operates rental housing accommodations, shall prohibit the keeping of not more than two pets by the elderly in such rental housing accommodations.

For the purposes of this section:

(a) "Elderly" means any person over the age of 60.

(b) "Pet" means domesticated dog, cat, bird, or aquarium.

(c) "Public" means state, county, city, city and county, district, or other political subdivision of the state.

Nothing in this section shall prevent the local housing authority from requiring the removal from any housing of any pet whose conduct or condition is duly determined to constitute a threat or nuisance to the other occupants of the housing. No pet may be kept in violation of humane or health laws. Nothing in this section authorizes a local housing authority to impose any requirement which makes the keeping of a pet by an elderly person financially prohibitive.

The local housing authority shall not be liable for personal or property damages caused by any pet in the rental housing accommodation, except upon proof of prior actual knowledge on behalf of its agents or employees of a dangerous propensity of the pet or hazardous condition created by the pet.

Nothing in this section shall prevent the local housing authority from adopting reasonable regulations relating to any such pets; prevent the adoption of differing terms for the tenancy which are reasonably related to the presence of such pet; or relieve a tenant from any liability otherwise imposed by law for damages caused by such pet when proof of same exists.

The adoption of any regulations pursuant to this section, or the application of any regulation adopted pursuant to this section, may be appealed by an elderly resident or elderly applicant in accordance with grievance procedures of the local housing authority established to resolve tenant disputes. A copy of the grievance procedures shall be provided to an elderly tenant or elderly applicant who keeps a pet.

CHAPTER 767

An act to add Article 4.5 (commencing with Section 21690.5) to Chapter 4 of Part 1 of Division 9 of the Public Utilities Code, relating to publicly operated airports, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Article 4.5 (commencing with Section 21690.5) is added to Chapter 4 of Part 1 of Division 9 of the Public Utilities Code, to read:

Article 4.5. Airport Facilities and Concessions

21690.5. The Legislature finds and declares as follows:

(a) The proper operation of California's publicly owned or operated airports is essential to the welfare of the state and its people.

(b) California's publicly owned or operated airports establish a vital transportation link between the state and the economic systems of the nation and the world, and enable the state to enjoy and provide the benefits of an international tourist and commercial center.

(c) The economic validity and stability of California's publicly owned or operated airports is, consequently, a matter of statewide importance.

(d) The policy of this state is to promote the development of commerce and tourism to the end of securing to the people of this state the benefits of these activities conducted in the state.

(e) Therefore, since the proper operation of the state's publicly owned or operated airports is essential to the welfare of the state and its people, the Legislature recognizes and affirms such operation as a governmental function to be discharged in furtherance of the policy of securing the benefits of commerce and tourism for the state and its people.

21690.6. The provisions of this article shall apply to any airport owned or operated by a political subdivision, including a charter city.

21690.7. The governing bodies of publicly owned or operated airports shall manage airport facilities and grant airport concessions in furtherance of the development of commerce and tourism in or affecting the state. In managing facilities and granting concessions for services to the public, such airport governing bodies shall promote the development of commerce and tourism by (a) securing a diversity of airport services; (b) avoiding wasteful duplication of such services; (c) securing to the users of airports safe, courteous, and quality service; (d) limiting or prohibiting business competition which is destructive of the ends of promoting commerce and tourism

in the state; (e) allocating limited airport resources to promote such ends; and (f) fostering California's image as a commercial and tourist center.

21690.8. The Legislature recognizes that to further the policies and fulfill the objectives stated in this article, it is often necessary that publicly owned or operated airports enter into exclusive or limited agreements with a single operator or a limited number of operators. The governing bodies of publicly owned or operated airports shall grant exclusive or limited agreements to displace business competition with regulation or monopoly service whenever the governing body determines, in consideration of the factors set forth in Section 21690.9, that such agreements are necessary to further the policies and to fulfill the objectives stated in this article. The Legislature contemplates that publicly owned or operated airports will grant exclusive or limited agreements in furtherance of the policy of this state to displace business competition by exclusive or limited agreements to fulfill these policies and objectives.

21690.9. Before entering any exclusive or limited agreement in connection with the management of any airport facility or the operation of any airport concession, the governing body of a publicly owned or operated airport shall, under authority hereby expressly delegated by the state, determine the necessity for an exclusive or limited agreement. The governing body shall consider the following factors to determine the necessity for an exclusive or limited agreement to further the policies and objectives stated in this article:

(a) Public safety.

(b) Public convenience.

(c) Quality of service.

(d) The need to conserve airport space.

(e) The need to avoid duplication of services.

(f) The impact on the environment or facilities of the airport as an essential commercial and tourist service center.

(g) The need to avoid destructive competition which may impair the quality of airport services to the public, lead to uncertainty, disruption, or instability in the rendering of such services, or detract from the state's attractiveness as a center of tourism and commerce.

In making its determination, the airport operator shall not be required to take evidence or to make findings of fact.

21690.10. Nothing in this article shall excuse any local agency from complying with applicable state or local requirements for competitive bidding or public hearings which may be required prior to the awarding or entering into of any bid, agreement or lease.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

SEC. 3. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In view of the recent decision of the United States Supreme Court in Community Communications Co. v. Boulder, 70 L. Ed. 2d 810, uncertainty presently exists as to whether the practices of publicly owned or operated airports, in contracting to have vital public services rendered through limited or exclusive concession agreements, may contravene federal statutes which prohibit contracts in restraint of trade or commerce. In order that airport authorities may continue to provide such services in the most efficient and least costly manner, it is necessary that this act take effect immediately.

CHAPTER 768

An act to amend Section 14793 of, and to add Sections 14780.1, 14792.1, 14792.2, 14792.3, and 14792.4 to, the Government Code, relating to purchases by state agencies.

[Approved by Governor September 7, 1982 Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

(c) "Director" means the Director of General Services.

(d) "Office" means the Office of Procurement in the Department of General Services.

(e) "Price schedule" means an agreement between the Office of Procurement and a vendor under which the vendor agrees to accept orders from the office or a state agency for a commodity or commodities at set prices for a specified period of time but which does not obligate the office or state agencies to purchase the commodity or commodities from the vendor.

(f) "Regional commodities contract" means a commodities contract of the same type as a statewide commodities contract but applicable only to purchases in a particular area or region of the state.

(g) "Statewide commodities contract" means a contract awarded by the Office of Procurement to a vendor or vendors for the purchase of a commodity or commodities for a period of time, at a price, and in an amount set forth in the contract.

14792.1. On July 1 of each year, the department shall establish the minimum dollar level below which authority to purchase materials, supplies, and equipment shall be delegated to state agencies that meet the requirements of Section 14792.4. The level shall be established at eight hundred dollars ($800) on January 1, 1983, and shall be adjusted each July 1 thereafter to reflect, at a minimum, the percentage change from April 1 of the prior year to April 1 of the current year in the California Consumer Price Index for all items, as determined by the California Department of Industrial Relations.

SEC. 3. Section 14792.2 is added to the Government Code, to read:

14792.2. The department shall establish a program for delegating authority to purchase materials, supplies, and equipment to state agencies which meet the requirements of Section 14792.4. Each delegation shall be subject to annual review by the department. Delegated authority may be withdrawn at any time the department finds that the state agency to which authority has been delegated is not in compliance with the requirements of Section 14792.4.

SEC. 4. Section 14792.3 is added to the Government Code, to read:

(a) Purchases not exceeding the dollar value established pursuant to Section 14792.1.

(b) Purchases in any amount of commodities available under an unexpired statewide or regional commodities contract. Purchases of commodities for which a valid statewide or regional commodities contract is in effect may not be made, without the approval of the office, from a vendor other than the vendor with whom the state has a valid contract.

(c) Purchases in any amount of articles, materials, and supplies which state agencies are required, by Section 2873 of the Penal Code, to purchase from the correctional industries.

(d) Purchases not exceeding five thousand dollars ($5,000) of materials, supplies, and equipment designated in price schedules which the office has established with vendors. Purchases not exceeding five thousand dollars ($5,000) of materials, supplies, and equipment designated in price schedules may be made from a vendor other than the vendor specified on a price schedule if another vendor offers the same or an equivalent commodity at a price lower than the price established in the price schedule. The agency shall notify the office prior to making such a purchase. The purchase may be made 48 hours after receipt of the notice by the office unless the office advises the agency that the commodity to be purchased is not the same or equivalent to a commodity specified on a price schedule.

(e) Purchases not exceeding five thousand dollars ($5,000) of

materials, supplies, and equipment which are available from the state warehouses but which the state agency can purchase from another vendor at a price lower than the price charged by the department. The agency shall notify the office prior to making such a purchase. The purchase may be made 48 hours after receipt of the notice by the office unless the office advises the agency that the commodity to be purchased is not the same or equivalent to the commodity available from the state warehouses.

14792.4. (a) The department shall delegate purchasing authority, as specified in Section 14792.3, to any state agency which does all of the following:

(1) Designates an agency officer as responsible and directly accountable for the agency's purchasing program.

(2) Establishes written policies and procedures, including procedures for ensuring and documenting competitive purchasing, complying with purchasing standards established pursuant to Section 14792.5, inspecting purchased products for compliance with specifications, reporting vendor failures to deliver products as specified in purchase orders, ensuring that agency purchasing personnel are free from conflict of interest, and complying with other provisions of law as the department may require.

(3) Establishes procedures for complying with the provisions of the Small Business Procurement and Contract Act. The procedures shall include procedures for meeting the goals for the extent of participation of small businesses in state procurement as established by the department pursuant to subdivision (a) of Section 14838.

(4) Establishes policies for training personnel in purchasing law and procedures, controlling and reviewing purchasing practices, auditing purchasing activities, and delegating purchasing authority within the agency.

(5) Reports such data to the Office of Procurement as the department may require.

(b) The department shall conduct an audit of each state agency to which purchasing authority has been delegated at least once in each three-year period. The authority to purchase materials, supplies, and equipment may be withdrawn by the department at any time that the department finds that the state agency to which authority has been delegated is not in compliance with the requirements of this section.

SEC. 6. Section 14793 of the Government Code is amended to read:

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

The people of the State of California do enact as follows:

SECTION 1. Chapter 26 (commencing with Section 17800) is added to Part 10 of the Education Code, to read:

CHAPTER 26. SCHOOL DISTRICT REVENUE BONDS

Article 1. General Provisions

17800. The Legislature hereby finds and declares that the State

School Building Lease-Purchase Fund, pursuant to Section 17708, and the proceeds from the sale or lease of surplus school property are the two sources available to school districts to finance the construction of school facilities to relieve overcrowding. However, these sources are still insufficient to meet the construction needs statewide of school districts.

Article 2. Revenue Bonds

17810. The governing board of a school district may issue for sale revenue bonds to finance the construction of joint occupancy facilities as prescribed in Article 8 (commencing with Section 39440) of Chapter 3 of Part 23, which facilities are necessary to relieve overcrowded schools. Proceeds from the rental and lease of the facilities shall be used by the governing board to repay the revenue bonds.

As used in this chapter:

(a) "To finance the construction of joint occupancy facilities" means to offset either the cost of constructing the joint occupancy facilities or the cost of financing the construction of joint occupancy facilities, or both.

(b) "Joint occupancy facilities" means any building constructed pursuant to this chapter which is occupied jointly by a school district and a private entity specified in Section 17811 or one or more buildings which are constructed pursuant to this chapter on the same property used by the district and the private entity, but are not occupied jointly.

17811. The governing board may contract with any person, firm, partnership, joint venture, or other private entity for the purpose of issuing revenue bonds pursuant to Section 17810 and for the purpose of renting or leasing the facilities constructed pursuant to this chapter.

17812. No revenue bonds may be issued for sale by the governing board unless the facilities are to be constructed on district-owned property.

CHAPTER 775

An act to add Section 987.567 to the Military and Veterans Code, relating to veterans' farm and home purchase.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

SECTION 1. Section 987.567 is added to the Military and Veterans Code, to read:

987.567. (a) Notwithstanding Section 987.85 or the preferences established by Section 987.56, the department shall set aside the sum of ten million dollars ($10,000,000) from the proceeds of the first sale of general obligation bonds after January 1, 1983, for the purpose of making home improvement loans pursuant to Section 988.2 to veteran purchasers who have a service-connected disability rating of at least 10 percent established by the Veterans' Administration of the United States.

(b) In implementing the provisions of this section, the department shall comply with the requirements of any federal law or regulation on mortgage subsidy bonds to the extent necessary to maintain the tax exempt status of the bonds so sold and used for purposes of this section.

CHAPTER 776

An act to amend Section 12814.5 of, and to add Section 12814.6 to, the Vehicle Code, relating to driver's licenses.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 12814.5 of the Vehicle Code is amended to read:

12814.5. (a) At the discretion of the director, drivers' licenses expiring on or after January 1, 1983, may, subject to subdivision (b), be renewed by mail for a four-year period for licensees, not holding a probationary license, whose records, for the four years immediately preceding the determination of the eligibility for the renewal, show no convictions of violating traffic laws, no involvement in a traffic accident, and no notification of a violation of subdivision (a) of Section 40509.

No renewal by mail shall be granted to any person who is 70 years of age or older.

(b) The director may establish a demonstration program to evaluate the traffic safety and other effects of renewing driver's licenses by mail. If a demonstration program is established, the director may, under that program, renew by mail driver's licenses expiring on or after January 1, 1983, for licensees whose records, for the two years immediately preceding the determination of the eligibility for the renewal, show no convictions of violating traffic laws, no involvement in a traffic accident, and no notification of a violation of subdivision (a) of Section 40509, and additionally whose records, for the four years immediately preceding that

determination, do not show a violation which has a violation point count of two determined in accordance with Section 12810 or a fatal accident notation. The department shall terminate the demonstration program when its evaluation is completed or may terminate the program at any time the department determines that the program has an adverse impact on traffic safety.

(c) The department shall charge a fee of ten dollars ($10) for each license renewal granted pursuant to subdivision (a) or (b).

(d) The department shall monitor and conduct a continuing study of the effects of the license renewal by mail under subdivisions (a) and (b) and submit an interim report to the Legislature not later than January 1, 1986, and a final report to the Legislature not later than March 1, 1989, on its findings. The study shall include, but not be limited to, safety issues. The final report shall specifically include information regarding the impact on traffic safety of persons who receive a second extension under subdivision (b), which information shall cover a period not less than 24 months of experience following the second consecutive extension.

(e) The department shall notify each licensee granted a renewal by mail pursuant to this section of major changes to the Vehicle Code affecting traffic laws occurring during the prior four-year period.

(f) The department shall not renew a driver's license by mail if the license has been previously renewed by mail two consecutive times for four-year periods.

SEC. 2. Section 12814.6 is added to the Vehicle Code, to read:

12814.6. (a) Notwithstanding any other provision of this code, the director may establish a demonstration program to evaluate the traffic safety effects of issuing a provisional driver's license to persons under 18 years of age. The demonstration program may include any or all, but shall not be limited to, the following components:

(1) The issuance of a distinctive driver's license to persons under 18 years of age on which appear the words "Provisional until age 18."

(2) Notwithstanding subdivision (c) of Section 12509, a general requirement that any person who has in his or her immediate possession a valid permit issued after June 30, 1983, pursuant to subdivision (a) of Section 12509 and who is under 18 years of age may operate a motor vehicle, other than a motorcycle or a motorized cycle, only if that person is accompanied by, and under the immediate supervision of, a driver who is 25 years of age or older, who then holds a driver's license issued under this code, and whose driving privilege is not on probation. This paragraph does not apply if that licensed driver is the parent, spouse, or guardian of the permit holder or is a licensed or certified driving instructor.

(3) A requirement for supervised driving practice, which is prior to the issuance of a provisional driver's license and is in addition to any other driving training instruction required by law, and certification by a parent, spouse, guardian, or licensed or certified driving instructor that the person under 18 years of age has completed that driving practice. A minor without a parent, spouse,

or guardian, or emancipated minors, may have a licensed driver 25 years of age or older or a licensed or certified driving instructor complete the certification. This requirement does not apply to motorcycle practice.

(4) A suspension of the driving privilege of any driver under 18 years of age when the record shows notification of one or more violations of subdivision (a) of Section 40509. The suspension shall continue until the suspended person's driver record does not show any notification of a violation of subdivision (a) of Section 40509.

(5) A 30-day restriction imposed on a driver under 18 years of age when that driver's record shows a violation point count of two or more points in 12 months determined in accordance with Section 12810. The restriction shall require the licensee to be accompanied by a licensed parent, spouse, guardian, or other licensed driver 25 years of age or older, except when operating a class 4 vehicle with no passengers aboard.

(6) A six-month suspension of the driving privilege and one-year term of probation to be imposed whenever the record of a driver under 18 years of age shows a violation point count of three or more points in 12 months determined in accordance with Section 12810.

(7) A requirement that any term of restriction or suspension imposed on a person under 18 years of age remain in effect until the end of the term even though the person becomes 18 years of age before the term ends.

(b) If the provisional driver's license demonstration program is established pursuant to subdivision (a), the department shall conduct a study on the traffic safety effects of the program, and, unless the department sooner determines that the program has no substantial beneficial impact on traffic safety, in which case the department may, upon that determination, recommend termination of the program and discontinue the issuing of provisional licenses pursuant to this section, the department shall prepare and submit an interim report on the study to the Legislature on or before July 1, 1986, and a final report on or before December 31, 1988.

(c) If the final report to the Legislature does not establish that the demonstration program has had a substantial beneficial impact on traffic safety, the department shall recommend termination of the program and may discontinue the issuing of provisional licenses pursuant to this section. If the final report results are not adverse and not yet conclusive as of the date the final report is required to be submitted, the department shall continue the demonstration program until its effect on traffic safety can be conclusively determined. If the final report indicates that the demonstration program has had a substantial beneficial impact on traffic safety, the department shall continue issuance of a provisional driver's license under the program with periodic evaluations.

(d) This section shall become operative July 1, 1983.

CHAPTER 777

An act to amend Section 798.56 of the Civil Code, relating to mobilehome parks.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 798.56 of the Civil Code is amended to read:

798.56. A tenancy shall be terminated by the management only for one or more of the following reasons:

(a) Failure of the tenant to comply with a local ordinance or state law or regulation relating to mobilehomes within a reasonable time after the tenant receives a notice of noncompliance from the appropriate governmental agency.

(b) Conduct by the tenant, upon the park premises, which constitutes a substantial annoyance to other tenants.

(c) Failure of the tenant to comply with a reasonable rule or regulation of the park as set forth in the rental agreement or any amendment thereto.

No act or omission of the tenant shall constitute such a failure to comply unless and until the management has given the tenant written notice of the alleged rule or regulation violation and the tenant has failed to adhere to the rule or regulation within seven days. However, if a tenant has been given a written notice of an alleged violation of the same rule or regulation on three or more occasions within a 12-month period after the tenant has violated that rule or regulation, no written notice shall be required for a subsequent violation of the same rule or regulation.

Nothing in this subdivision shall relieve the management from its obligation to demonstrate that a rule or regulation has in fact been violated.

(d) Nonpayment of rent, utility charges, or reasonable incidental service charges; provided, that the tenant shall be given a three-day written notice to pay the amount due or to vacate the tenancy. The three-day written notice shall be given to the tenant in the manner prescribed by Section 1162 of the Code of Civil Procedure. Such notice may be given at the same time as the 60 days' notice required for termination of the tenancy. Payment by the tenant prior to the expiration of the three-day notice period, or payment by the legal owner, as defined in Section 18007 of the Health and Safety Code, or registered owner, as defined in Section 18010.2 of the Health and Safety Code, if other than the tenant, on behalf of the tenant prior to the expiration of 30 calendar days following the mailing of the notice to the legal owner or registered owner provided in subdivision (b) of Section 798.55, shall cure a default under this subdivision with respect to such payment. The tenant shall remain liable for all

payments due up until the time the tenancy is vacated. Cure of a default of rent, utility charges, or reasonable incidental service charges by the legal owner or registered owner, if other than the tenant, as provided by this subdivision, may not be exercised more than twice during the term of the tenancy.

(e) Condemnation of the park.

(f) Change of use of the park or any portion thereof, provided:

(1) The management gives the tenants at least 15 days' written notice that the management will be appearing before a local governmental board, commission, or body to request permits for a change of use of the mobilehome park.

(2) After all required permits requesting a change of use have been approved by the local governmental board, commission, or body, the management shall give the tenants six months' or more written notice of termination of tenancy.

If the change of use requires no local governmental permits, then notice shall be given 12 months or more prior to the management's determination that a change of use will occur. The management in the notice shall disclose and describe in detail the nature of the change of use.

(3) The management gives each proposed tenant written notice thereof prior to the inception of his tenancy that the management is requesting a change of use before local governmental bodies or that a change of use request has been granted.

(4) The notice requirements for termination of tenancy set forth in Sections 798.56 and 798.57 shall be followed if the proposed change actually occurs.

(5) A notice of a proposed change of use given prior to January 1, 1980, which conforms to the requirements in effect at that time shall be valid. The requirements for a notice of a proposed change of use imposed by this subdivision shall be governed by the law in effect at the time the notice was given.

SEC. 2. Section 798.56 of the Civil Code is amended to read:

798.56. A tenancy shall be terminated by the management only for one or more of the following reasons:

(a) Failure of the homeowner to comply with a local ordinance or state law or regulation relating to mobilehomes within a reasonable time after the homeowner receives a notice of noncompliance from the appropriate governmental agency.

(b) Conduct by the homeowner, upon the park premises, which constitutes a substantial annoyance to other tenants.

(c) Failure of the homeowner to comply with a reasonable rule or regulation of the park as set forth in the rental agreement or any amendment thereto.

No act or omission of the homeowner shall constitute such a failure to comply unless and until the management has given the homeowner written notice of the alleged rule or regulation violation and the homeowner has failed to adhere to the rule or regulation within seven days. However, if a homeowner has been given a

written notice of an alleged violation of the same rule or regulation on three or more occasions within a 12-month period after the homeowner has violated that rule or regulation, no written notice shall be required for a subsequent violation of the same rule or regulation.

Nothing in this subdivision shall relieve the management from its obligation to demonstrate that a rule or regulation has in fact been violated.

(d) Nonpayment of rent, utility charges, or reasonable incidental service charges; provided, that the homeowner shall be given a three-day written notice to pay the amount due or to vacate the tenancy. The three-day written notice shall be given to the homeowner in the manner prescribed by Section 1162 of the Code of Civil Procedure. Such notice may be given at the same time as the 60 days' notice required for termination of the tenancy. Payment by the tenant prior to the expiration of the three-day notice period, or payment by the legal owner, as defined in Section 18007 of the Health and Safety Code, or registered owner, as defined in Section 18010.2 of the Health and Safety Code, if other than the homeowner, on behalf of the homeowner prior to the expiration of 30 calendar days following the mailing of the notice to the legal owner or registered owner provided in subdivision (b) of Section 798.55, shall cure a default under this subdivision with respect to such payment. The homeowner shall remain liable for all payments due up until the time the tenancy is vacated. Cure of a default of rent, utility charges, or reasonable incidental service charges by the legal owner or registered owner, if other than the homeowner, as provided by this subdivision, may not be exercised more than twice during the term of the tenancy.

(e) Condemnation of the park.

(f) Change of use of the park or any portion thereof, provided:

(1) The management gives the homeowners at least 15 days' written notice that the management will be appearing before a local governmental board, commission, or body to request permits for a change of use of the mobilehome park.

(2) After all required permits requesting a change of use have been approved by the local governmental board, commission, or body, the management shall give the homeowners six months' or more written notice of termination of tenancy.

If the change of use requires no local governmental permits, then notice shall be given 12 months or more prior to the management's determination that a change of use will occur. The management in the notice shall disclose and describe in detail the nature of the change of use.

(3) The management gives each proposed homeowner written notice thereof prior to the inception of his tenancy that the management is requesting a change of use before local governmental bodies or that a change of use request has been granted.

(4) The notice requirements for termination of tenancy set forth in Sections 798.56 and 798.57 shall be followed if the proposed change actually occurs.

(5) A notice of a proposed change of use given prior to January 1, 1980, which conforms to the requirements in effect at that time shall be valid. The requirements for a notice of a proposed change of use imposed by this subdivision shall be governed by the law in effect at the time the notice was given.

SEC. 3. It is the intent of the Legislature, if this bill and Assembly Bill No. 2429 are both chaptered and become effective January 1, 1983, both bills amend Section 798.56 of the Civil Code, and this bill is chaptered after Assembly Bill No. 2429, that the amendments to Section 798.56 of the Civil Code proposed by both bills be given effect and incorporated in Section 798.56 of the Civil Code in the form set forth in Section 2 of this act. Therefore, Section 2 of this act shall become operative only if this bill and Assembly Bill No. 2429 are both chaptered and become effective January 1, 1983, both amend Section 798.56 of the Civil Code, and this bill is chaptered after Assembly Bill No. 2429, in which case Section 1 of this act shall not become operative.

CHAPTER 780

An act to add Article 1.5 (commencing with Section 22080) to Chapter 1 of Part 5 of Division 11 of the Water Code, relating to irrigation districts.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Article 1.5 (commencing with Section 22080) is added to Chapter 1 of Part 5 of Division 11 of the Water Code, to read:

Article 1.5. Watermaster Service

22080. As used in this article:

(a) "Conduit" includes ditches, pipelines, and other means of diversion.

(b) "District" means any irrigation district which includes land included within a watermaster service area for which a watermaster has previously been appointed by the Department of Water Resources, but which elects to provide watermaster service pursuant to the provisions of this article.

22080.5. Any duty or authority vested in a watermaster appointed by a district may be exercised by the watermaster directly or through the agency of a deputy watermaster if there is one.

22081. A district, as defined in subdivision (b) of Section 22080, may appoint one or more watermasters to regulate the use of water within the district.

22081.5. The owner of every conduit subject to regulation by an irrigation district shall construct and maintain to the satisfaction of

the district a substantial and serviceable diversion dam or works in the channel of the stream from which the water is diverted.

22082. The owner of a conduit shall construct and maintain to the satisfaction of the district a substantial and serviceable headgate in the conduit through which the water is diverted at or near the diversion dam or works.

22082.5. The headgate shall be of such construction that it can be locked and kept closed by the watermaster.

22083. The owner of a conduit shall construct and maintain such water flow measuring devices at such points along the conduit as may be required and approved by the district for the purpose of assisting the watermaster in determining the amounts of water which are being diverted and applied to beneficial use.

22083.5. If the owner of any conduit refuses or neglects to construct and maintain the diversion dam or works, the headgate, or the measuring devices provided for in this article after 30 days' notice by the district so to do, the watermaster may close the conduit, and it shall not be opened or any water diverted from the source of supply until the requirements of the district as to the diversion dam or works, the headgate, or the measuring devices have been complied with.

22084. The owner of every reservoir which is subject to regulation by a watermaster and which is located across or upon the bed of a natural stream or requires the use of a natural stream channel shall construct and maintain such measuring devices below the reservoir in the stream and such measuring devices above the reservoir on each stream or source of supply discharging into the reservoir as may be required and approved by the district for the purpose of assisting the district or the watermaster in determining the amounts of water to which the owner is entitled and the amounts of water which the owner is diverting, storing, and applying to beneficial use.

22084.5. If the owner of any reservoir neglects or refuses to construct and maintain the measuring devices provided for in this article after 30 days' notice by the district, the watermaster may open the outlet of the reservoir and the outlet shall not be closed, except by order of the district, until the requirements of the district as to the measuring devices are complied with.

22085. The district may make such reasonable regulations to secure distribution of water in accordance with determined rights as may be needed.

22085.5. The watermaster shall divide the water of the streams or other sources of supply among the several conduits and reservoirs taking water therefrom and so adjust or close the headgates of conduits and regulate the controlling works of reservoirs as may be necessary to insure a distribution of the water among the water users entitled to its use, according to the rights of the users.

22086. Whenever in pursuance of his duties the watermaster regulates a headgate to a conduit or the controlling works of a

reservoir, he may attach to the headgate or controlling works a written notice properly dated and signed setting forth the fact that the headgate or controlling works have been properly regulated and are wholly under his control.

22086.5. The notice is legal notice to all persons interested in the diversion and distribution of the water of the conduit or reservoir.

22087. Any person who is injured by the action of any watermaster may apply to the superior court of the county in which the injury takes place for an injunction.

22087.5. Such injunction shall be issued only in case it is shown at the hearing that the watermaster has failed to distribute the water according to the rights as determined by decrees of court, agreements, permits, or licenses.

22088. Every person who willfully and without authority closes, changes, or interferes with any headgate, waterbox, or measuring device while it is under the control of the watermaster, or who willfully takes or uses water which has been denied him by the watermaster under the provisions of this part is guilty of a misdemeanor.

22088.5. The possession or use of water when it has been so denied by the watermaster is prima facie evidence of the guilt of the person using it.

22089. Every person who violates any of the provisions of this article is guilty of a misdemeanor and is punishable by a fine of not less than twenty-five dollars ($25), nor more than two hundred fifty dollars ($250), or by imprisonment in the county jail for not less than 10 days nor more than six months, or by both such fine and imprisonment.

22089.5. A watermaster has the power to arrest any person violating any of the provisions of this article and to give him into the custody of the sheriff or other competent police officer within the county, and immediately thereafter make a complaint before a magistrate against the person so arrested.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 781

An act to add and repeal Section 1663 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 1663 is added to the Vehicle Code, to read:

1663. (a) Notwithstanding any other provisions of this code, the director may, after determining the feasibility and effect on the state, enter into an agreement with the Internal Revenue Service for the purpose of initiating and carrying out a pilot project for state collection of the federal highway users tax on commercial vehicles at the time of registration or renewal of registration of commercial vehicles. The pilot project may include, but not be limited to, refusal of registration, or renewal or transfer of registration, by the department for nonpayment of the required federal highway users tax as provided under the agreement.

Any agreement shall provide for federal funds necessary to cover any costs incurred in the implementation of the agreement and to cover the ongoing costs for administration and fee collection activities of the department and any other state agency involved in providing service for the pilot project.

(b) If the director determines under subdivision (a) that entering into the agreement would not compromise the interests of the state, the department shall submit a report to the Legislature on December 1, 1984, and each December 1 thereafter, on the status of this program until the result of the pilot project has been completed. The final report on the pilot project shall contain recommendations for the continuance of the program, changes, or its repeal.

(c) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute which is chaptered on or before January 1, 1988, deletes or extends that date.

CHAPTER 782

An act to amend Sections 22127, 23902, and 23903 of, and to add Section 23701.5 to, the Education Code, relating to the State Teachers' Retirement Law.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 22127 of the Education Code is amended to read:

22127. "Final compensation" means the highest average annual compensation earnable by a member during any period of three consecutive years during his or her membership in the system or time during which he or she was not a member but for which the member has received credit under the system, except such time as was so credited for service performed outside this state prior to July 1, 1944. The last three consecutive years of employment shall be used by the system in determining final compensation unless designated to the contrary in writing by the member.

For the purposes of this section, periods of service separated by breaks in service may be aggregated to constitute a period of three consecutive years, if the periods of service are consecutive except for such breaks.

The determination of final compensation of a member who is also a member of the Public Employees' Retirement System, the Legislators' Retirement System, the University of California Retirement System, or the San Francisco City and County Employees' Retirement System shall take into consideration the compensation earnable while a member of such other system, provided all of the following exist:

(a) The member was in state service or in the employment of a local school district or of a county superintendent of schools.

(b) Service under the other system was not performed concurrently with service under this system.

(c) Retirement under this system is concurrent with the member's retirement under the other system.

The compensation earnable for the first position in which California service is credited will be used when additional compensation earnable is required to accumulate three consecutive years for the purpose of determining final compensation under the provisions of Section 23804.

The board may specify a different final compensation with respect to allowances based on part-time service performed prior to July 1, 1956, for which credit was given under this system under board rules in effect prior to such date.

The board may specify a different final compensation with respect to disability and family allowances payable on and after January 1, 1978. The earnable salaries for periods of part-time service shall be adjusted by the ratio that part-time service has to full-time service.

The amendment of this section made at the 1981–82 Regular Session of the Legislature does not constitute a change in, but is declaratory of, the existing law.

SEC. 2. Section 23701.5 is added to the Education Code, to read:

23701.5. If the estate is the beneficiary, and if the estate need not be probated except for the payments due from the system, all of the

amount due shall be paid directly without probate to the survivors of the deceased as separate property would be distributed in accordance with Sections 221 to 230, inclusive, of the Probate Code. Payment to a person or persons, upon receipt of an affidavit upon a form supplied by the system, that there are no others entitled to receive the payment and that the estate of the deceased will not be probated, shall be in full and complete discharge and acquittance of the board and system on account of the death.

SEC. 3. Section 23902 of the Education Code is amended to read:

23902. A member may apply for a disability allowance if the member has five or more years of credited service and all of the following requirements are met:

(a) At least four years were credited for actual service performed in a position requiring membership in the system except that credit received because of workers' compensation payments shall be counted towards the four-year requirement.

(b) The last five years of credited service have been served in this state.

(c) At least one year was credited for service performed subsequent to the date on which the member was reinstated to membership under Section 23913.

(d) At least one year was credited for service performed subsequent to the most recent refund of accumulated retirement contributions.

(e) The member has not attained age 60 years, or has unused sick leave with sufficient days to have the member receive salary on account of sick leave to age 60 years.

Nothing in this section shall affect the right of a member to a disability allowance if the reason that the member has less than four years of actual service is due to an on-the-job injury or disease in a position requiring membership in the system.

SEC. 4. Section 23903 of the Education Code is amended to read:

23903. The board may authorize payment of a disability allowance to any member who is qualified upon application by the member, the guardian or conservator, or the employer, if the application is made during any one of the following periods:

(a) While the member is employed but not performing services in a position requiring membership in the system.

(b) While the member is physically or mentally incapacitated for performance of his or her duty and the incapacity has been continuous from the last day for which compensation was paid to the member.

(c) While the member is on a leave of absence without compensation, granted for reason other than mental or physical incapacity for performance of his or her duty, and within four months after the last day of employment for which compensation was paid to the member, or within 12 months while on an official district leave to study at an approved college or university.

(d) Within four months after the termination of the member's

CHAPTER 785

An act to add Section 49401.5 to, and to add Article 4 (commencing with Section 49340) to Chapter 8 of Part 27 of, the Education Code, relating to schools.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Article 4 (commencing with Section 49340) is added to Chapter 8 of Part 27 of the Education Code, to read:

Article 4. Hazardous Materials Education

49340. This article shall be known and may be cited as the California Hazardous Materials Education Act of 1982.

49341. The Legislature hereby finds and declares as follows:

(a) Because school science laboratories pose a potentially serious threat to the health and safety of school pupils and school personnel due to the use and storage of hazardous materials in these laboratories, educational efforts are needed to increase the awareness of persons dealing with these materials in these settings so that possible losses of life, injuries, loss of property, and social disruption which could result from the improper and unsafe use of hazardous materials will be minimized.

(b) Effective safety in school laboratories requires informed judgment, decision making, and operating procedures by those responsible for laboratory and related instruction. It is desirable that each high school and junior high, middle, or elementary school offering laboratory work have a trained member of the professional staff who is designated as the building laboratory consultant and who is responsible for the review, updating, and carrying out of the school's adopted procedures for laboratory safety.

(c) Efforts by state and local agencies to implement training programs designed to provide qualified individuals with the necessary information, organizational skills, and materials to assist schools and teachers in the development of their laboratory safety policies and procedures are nonexistent or inadequate, and it is necessary that this situation be remedied. The state should assume leadership through the policy and guidance of the State Department of Education in the development, support, and implementation of a statewide training program.

(d) The Legislature requests that the Department of Education consider making this program a part of the department's energy and environmental education program which is conducted pursuant to Chapter 4 (commencing with Section 8700) of Part 6.

SEC. 2. Section 49401.5 is added to the Education Code, to read:

49401.5. (a) It is the intent of the Legislature in enacting this section to express its concern for the health and safety of school pupils and school personnel at schools where hazardous materials are stored on the school premises, and to encourage school districts to take steps to ensure hazardous materials are properly used and stored.

(b) The governing board of any school district may request consultation services from the California Occupational Safety and Health Consultation Service to ensure hazardous materials are being used and stored safely in school laboratories.

SEC. 3. This act shall not be construed to impose any change in the duty of care required of school districts.

CHAPTER 786

(g) The applicant or licensee has acted as a vehicle salesman without having first complied with Section 11812.

(h) The applicant or licensee was a managerial employee of a dealer during the time a person under the direction or control of the managerial employee committed wrongful acts which resulted in the suspension or revocation of the dealer's license.

CHAPTER 792

An act to add Article 6 (commencing with Section 8200) to Chapter 4 of Division 3 of the Vehicle Code, relating to vehicle registration.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Article 6 (commencing with Section 8200) is added to Chapter 4 of Division 3 of the Vehicle Code, to read:

Article 6. Permanent Fleet Registration of Proportionately Registered Commercial Trailers

8200. In order to establish the practical application and assess the fiscal implications of permanent fleet registration of proportionately registered commercial trailers, the department shall implement a permanent proportionately registered commercial trailer fleet registration pilot program commencing with the 1984 registration year through December 31, 1986.

The department shall submit a report on the progress of the pilot program to the Legislature on or before June 30, 1985. The report shall include, but not be limited to, an analysis of the costs and benefits of this permanent fleet registration program and shall include recommendations for maximizing the efficiency and effectiveness of the permanent fleet registration program.

8201. Notwithstanding any other provision of this code, and Part 5 (commencing with Section 10701) of Division 2 of the Revenue and Taxation Code, the registered owner or lessee of a fleet of commercial trailers registered and base plated in this state under Article 5 (commencing with Section 8150) may, upon payment of appropriate fees, apply to the department for permanent decals and California apportioned cab cards.

The director shall have the authority to limit the number of participants in the pilot study based upon the department's determination of the number of fleets required to make the appropriate statistical analysis for the pilot project. Fleets shall consist of at least 500 commercial trailers to qualify for this program.

8202. (a) Only proportionately registered commercial trailers which are base plated in California may participate in this program.

(b) Section 4604 shall not apply to commercial trailers registered under this article.

(c) The department shall have the authority to conduct an audit of the records of each owner or lessee of commercial trailer fleets electing to participate in the program. The department shall be fully reimbursed by the fleet owner or lessee for the costs of conducting the audits.

(d) Commercial trailers registered under this article shall display in a conspicuous place on both the right and the left side of each commercial trailer, the name, trademark, or logo of the company. The display of the name, trademark, or logo shall be in letters in sharp contrast to the background and shall be of a size, shape, and color as to be readily legible during daylight hours from a distance of 50 feet.

8203. (a) The applicant for initial issuance of permanent

registration or renewal of registration shall file an application in such form as the department shall require.

(b) Upon initial application, the department shall issue a distinguishing decal which indicates that the commercial trailer has been registered under this article.

(c) Display of the distinguishing decal and California apportioned cab card shall constitute prima facie evidence that the commercial trailer is currently registered.

8204. Renewal fees shall be paid pursuant to a schedule established by the department.

8205. In addition to any other fees due for commercial trailers registered pursuant to this article, the department shall charge and collect a fee of two dollars ($2) upon initial registration and upon renewal of registration of each fleet commercial trailer, in addition to any other fee charged.

8206. Upon payment of appropriate fees, the decal and California apportioned cab card issued pursuant to this article for the commercial trailer shall remain valid until the provisions of Section 8207 have been met.

8207. (a) A fleet commercial trailer registered under this article may be deleted from the identified fleet when the fleet operator notifies this department on a form approved by the department and the distinguishing decal and California apportioned cab card issued for the commercial trailer are surrendered to the department.

(b) If a fleet operator fails to comply with subdivision (a), the payment of fees due for the registration of the commercial trailer shall be the responsibility of the fleet owner as though the commercial trailer remained part of the fleet.

(c) The fees determined to be due and owing under this article shall be a lien upon all commercial trailers of the applicant of a type subject to registration under this code, and the provisions of Article 6 (commencing with Section 9800) of Chapter 6 shall apply.

8208. The director shall adopt procedures for initial application, payment of fees, fleet additions or deletions, and for the cancellation of the distinguishing decals and California apportioned cab card issued to a commercial trailer of a fleet owner or lessee who does not comply with this article.

8209. Registration of any identified fleet commercial trailer is required annually.

8210. The department shall evaluate the permanent fleet registration program during the third year of the program's operation. A report summarizing the department's findings shall be submitted to the Legislature.

CHAPTER 793

CHAPTER 794

An act to amend Sections 26, 2400, 4004, 8010, and 8153 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 26 of the Vehicle Code is amended to read:

26. No person shall engage in the business of soliciting or receiving any application for the registration, reregistration, or transfer of registration of any vehicle of a type subject to registration under this code, or for a driver's license, or of transmitting or presenting the same to the department or any branch office thereof, when any compensation is solicited or received for the service. This section does not apply to a common carrier acting in the regular course of its business in transmitting the applications, nor to an agency or bureau if the department is informed in writing by the person represented that the agency or bureau is his representative and the department has granted permission to the agency or bureau to act as such representative.

This section does not apply to a person who solicits applications for, or sells for profit, nonresident permits for the operation of vehicles within this state.

SEC. 2. Section 2400 of the Vehicle Code is amended to read:

The commissioner shall enforce all laws regulating the operation of vehicles and the use of the highways except that, on ways or places to which Section 592 makes reference, the commissioner shall not be required to provide patrol or enforce any provisions of this code other than those provisions applicable to private property.

The commissioner shall not be required to provide patrol for or enforce any provisions of Division 16.5 (commencing with Section

38000).

The commissioner shall have full responsibility and primary jurisdiction for the administration and enforcement of such provisions and laws, and for the investigation of traffic accidents, on all state highways constructed as freeways within incorporated areas of the state; provided, however, that city police officers while engaged primarily in general law enforcement duties may incidentally enforce state and local traffic laws and ordinances on state freeways. In any city having either a population in excess of 2,000,000 or an area of more than 300 square miles city, police officers shall have full responsibility and primary jurisdiction for the administration and enforcement of such laws and ordinances, unless the city council of any such city shall by resolution request administration and enforcement of such laws by the commissioner.

The commissioner may enter into any interagency agreement with the Board of Equalization for the purpose of enforcement of statutes requiring commercial vehicles from foreign jurisdictions to have a diesel fuel tax permit and to make payments to the board as required.

SEC. 3. Section 4004 of the Vehicle Code is amended to read:

4004. (a) Commercial vehicles meeting the registration requirements of a foreign jurisdiction, and subject to registration but not entitled to exemption from registration or licensing under any of the provisions of this code or any agreements, arrangements, or declarations made under Article 3 (commencing with Section 8000) of Chapter 4, may, as an alternate to such registration, secure a temporary registration to operate in this state for a period of not to exceed 90 days, or a trip permit to operate in this state for a period of four consecutive days.

Each trip permit shall authorize the operation of a single vehicle for a period of not more than four consecutive days, commencing with the day of first use and three consecutive days thereafter. Every permit shall identify, as the department may require, the vehicle for which it is issued. Each trip permit shall be completed prior to operation of the vehicle on any highway in this state and shall be carried on the vehicle to which it applies in an appropriate receptacle inaccessible from the inside of the cab and shall be readily available for inspection by a peace officer. Each permit shall be valid at the time of inspection by a peace officer only if it has been completed as required by the department and has been placed in the appropriate receptacle as required by this section. It is unlawful for any person to fail to comply with the provisions of this section.

(b) The privilege of securing and using a trip permit shall not extend to:

(1) Any vehicle which is based within this state and which is operated by a person having an established place of business within this state. For purposes of this paragraph, a vehicle shall be considered to be based in this state if it is primarily operated or dispatched from or principally garaged or serviced or maintained at

a site with an address within this state.

(2) Vehicles registered in any jurisdiction with which the State of California does not have vehicle licensing reciprocity, unless the Reciprocity Commission extends such privilege, by rule, after hearing.

(c) The temporary registration or trip permit authorized pursuant to this section shall include the diesel fuel permit number issued by the Board of Equalization. Any temporary registration or trip permit for a diesel power unit which does not include this information shall be invalid and shall subject the operator to citation for violation of subdivision (a) of Section 4000. All fees for registration of vehicles shall be due upon the issuance of such a citation, unless the person in whose name the permit was issued can produce proof of issuance of a California fuel tax permit prior to the date of the violation.

SEC. 3.5. Section 4004 of the Vehicle Code is amended to read:

4004. (a) Commercial vehicles meeting the registration requirements of a foreign jurisdiction, and subject to registration but not entitled to exemption from registration or licensing under any of the provisions of this code or any agreements, arrangements, or declarations made under Article 3 (commencing with Section 8000) of Chapter 4, may, as an alternate to such registration, secure a temporary registration to operate in this state for a period of not to exceed 90 days, or a trip permit to operate in this state for a period of four consecutive days.

Each trip permit shall authorize the operation of a single vehicle for a period of not more than four consecutive days, commencing with the day of first use and three consecutive days thereafter. Every permit shall identify, as the department may require, the vehicle for which it is issued. Each trip permit shall be completed prior to operation of the vehicle on any highway in this state and shall be carried on the vehicle to which it applies in an appropriate receptacle inaccessible from the inside of the cab and shall be readily available for inspection by a peace officer. Each permit shall be valid at the time of inspection by a peace officer only if it has been completed as required by the department and has been placed in the appropriate receptacle as required by this section. It is unlawful for any person to fail to comply with the provisions of this section.

(b) The privilege of securing and using a trip permit or a temporary registration for not to exceed 90 days shall not extend to:

(1) Any vehicle which is based within this state and which is operated by a person having an established place of business within this state. For purposes of this paragraph, a vehicle shall be considered to be based in this state if it is primarily operated or dispatched from or principally garaged or serviced or maintained at a site with an address within this state.

(2) Vehicles registered in any jurisdiction with which the State of California does not have vehicle licensing reciprocity, unless the Reciprocity Commission extends such privilege, by rule, after

hearing.

(c) The temporary registration or trip permit authorized pursuant to this section shall include the diesel fuel permit number issued by the Board of Equalization. Any temporary registration or trip permit for a diesel power unit which does not include this information shall be invalid and shall subject the operator to citation for violation of subdivision (a) of Section 4000. All fees for registration of vehicles shall be due upon the issuance of such a citation, unless the person in whose name the permit was issued can produce proof of issuance of a California fuel tax permit prior to the date of the violation.

SEC. 4. Section 8010 of the Vehicle Code is amended to read:

8010. (a) Notwithstanding the provisions of this chapter, the commission may establish a pilot program to enter into agreements with other jurisdictions to provide for proportionate registration and licensing that fosters the concept of the International Registration Plan of one license plate and one cab card. Foreign jurisdictions participating in the pilot program may be authorized to collect all appropriate registration and license fees that are due to the State of California, and remit such fees to this state pursuant to the terms of the agreement. The State of California may collect all appropriate registration and license fees due other jurisdictions participating in the program and forward such fees as specified in the agreement. The authority to issue plates, tabs, permits, or other operating indicia shall be provided for in such agreement.

(b) No pilot program shall be adopted that may result in a loss of revenue as the revenues are now produced under applicable sections of the Vehicle Code and Revenue and Taxation Code and deposited in the Motor Vehicle Account and the Vehicle License Fee Account in the State Transportation Fund.

Before a pilot program is adopted, the commission shall consider the ramifications of the following:

(1) The definition of a fleet.

(2) Base state determination.

(3) Owner or operator and carrier reporting criteria.

(c) The commission shall make every effort to obtain federal funds to finance any implementation and ongoing expenditures of the pilot program that may result.

(d) This section shall remain in effect only until January 1, 1985, and on such date is repealed unless a later enacted statute extends or deletes such date.

SEC. 5. Section 8153 of the Vehicle Code is amended to read:

8153. The application shall declare the total mileage operated, or equivalent when required by the department, with each fleet of vehicles in all foreign jurisdictions and the total mileage, or equivalent as required, operated by each fleet in this state during the preceding calendar year, or a preceding 12-month period as determined by the department, and shall describe and identify each vehicle in each fleet to be operated in this state during the ensuing

license year. The application shall also designate a sufficient number of certain vehicles in each fleet to be registered and licensed under Division 3 (commencing with Section 4000) of this code and Part 5 (commencing with Section 10701) of Division 2, Revenue and Taxation Code, to produce total fee payments not less than an amount obtained by applying the proportion of instate fleet miles to total fleet miles, or equivalents when required, as reported in the application, to the fees which would otherwise be required for complete licensing and registration of the fleet in this state or, in the discretion of the department with respect to any fleet, shall, in lieu of the designation of vehicles as heretofore in this section provided, be accompanied by a fee equal to the amount computed as heretofore in this section provided.

The application shall include information concerning any diesel fuel tax permit issued by the Board of Equalization.

SEC. 5. It is the intent of the Legislature, if this bill and Senate Bill 1404 are both chaptered and become effective January 1, 1983, both bills amend Section 4004 of the Vehicle Code, and this bill is chaptered after SB 1404, that the amendments to Section 4004 proposed by both bills be given effect and incorporated in Section 4004 in the form set forth in Section 3.5 of this act. Therefore, Section 3.5 of this act shall become operative only if this bill and Senate Bill 1404 are both chaptered and become effective January 1, 1983, both amend Section 4004, and this bill is chaptered after Senate Bill 4004, in which case Section 3 of this act shall not become operative.

SEC. 6. The provisions of this act shall become operative only if SB 1555 is chaptered and takes effect on or before January 1, 1983.

CHAPTER 795

An act to add Section 8539 to the Water Code, relating to waterways, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 7, 1982 Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 8539 is added to the Water Code, to read:

8539. The Legislature hereby finds and declares that there is an urgent need for channel clearing and desnagging in many California waterways, and that these snags pose a severe danger and cause unnecessary erosion of banks.

The board, other state agencies, cities, counties, and districts are hereby authorized to cooperate with one another and with agencies of the United States in the performance of channel clearing and desnagging work within the Sacramento and San Joaquin Rivers and

their tributaries, and may furnish money, services, equipment, and other property to that end. The board, as appropriate, shall consult with the Department of Water Resources, the State Lands Commission, and the Department of Fish and Game in carrying out its responsibilities pursuant to this section.

SEC. 2. A sum equal to 10 percent of the total amount appropriated in item 3860-301-190 of the Budget Act of 1982 to the Department of Water Resources shall be available to the Reclamation Board for expenditure for the purposes of this act.

Any portion of that amount available, but not expended during the 1982–83 fiscal year, may be expended during the 1983–84 fiscal year for the purposes of this act. It is the intent of the Legislature to appropriate funds in future years for channel clearing and desnagging of the California waterways.

This section shall become operative on the effective date of the Budget Act of 1982.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that funds appropriated in Item 3860-301-190 of the Budget Act of 1982 and made available for the purposes of this act by Section 2 of this act will be available for expenditure when the Budget Act takes effect, and to thereby ensure that urgently needed channel clearing and desnagging work within the Sacramento and San Joaquin Rivers and their tributaries will be performed at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 796

An act to amend Section 89532 of the Education Code, relating to California State University.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 89532 of the Education Code is amended to read:

89532. (a) All vacant or newly established nonacademic positions shall, as far as consistent with federal, state, and campus affirmative action guidelines and the best interests of the California State University, be filled from qualified nonacademic employees currently employed by the California State University.

(b) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to

Chapter 12 (commencing with Section 3560) of Division 4 of Title 1 of the Government Code, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

CHAPTER 797

An act to add Section 17921.5 to the Health and Safety Code, relating to building standards.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 17921.5 is added to the Health and Safety Code, to read:

17921.5. On or after January 1, 1985, all electric hot water heaters which have a storage capacity in excess of 20 gallons and which are installed in newly-constructed condominiums or residential homes which have not been previously occupied shall have a timer with an off-on switch. The timer shall be accessible and, if it is not placed on the electric hot water heater, shall be labeled as being a switch for the hot water heater.

The provisions of this section shall be applicable only to those condominiums or residential homes containing hot water heaters which exclusively serve each condominium or residential home.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 798

An act to add Section 255.7 to the Health and Safety Code, relating to health services.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 255.7 is added to the Health and Safety Code, to read:

255.7. (a) The state department shall not deny a hospital's request to provide treatment to burn victims who are eligible under the California Children's Services Program solely on the basis that the hospital does not have separate facilities for child and adult burn victims, provided that the hospital has approval from the state department to operate a burn center pursuant to Section 1255.

(b) Subdivision (a) shall only be applied to burn units located in hospitals where there are no regional burn centers, or any other existing burn center, within an 85-mile radius of the hospital.

(c) Subdivision (a) shall only apply if the hospital seeking the exemption had a state-approved burn center in operation as of January 1, 1982, and if there is no hospital specializing in children's services within an 85-mile radius of the hospital seeking the subdivision (a) exemption.

(d) Hospitals having qualified and received a subdivision (a) exemption, shall demonstrate, at the request of the State Department of Health Services, that the nursing staff providing burn care to children victims have satisfactorily completed post-graduate training in pediatrics.

CHAPTER 799

An act to add Sections 14528.4, 14528.5, and 14528.6 to the Government Code, relating to transportation.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 14528.4 is added to the Government Code, to read:

14528.4. (a) During an earlier era in the development of the state highway system, many communities were promised by the State of California that major highway facilities would be constructed in their communities to accommodate future growth in highway travel and to assist in the implementation of their general plans.

(b) Because of changing social and economic considerations, many of these promised state highway facilities have not been or will not be constructed as anticipated by the communities.

(c) In the meantime, these same communities have had to deal with severe adverse consequences produced by the highway facilities not being constructed.

(d) The acquisition of highway right-of-way for facilities that

cannot now be constructed represents an asset that can now be sold to pay for alternative improvements.

(e) The sale of residential property on acquired highway right-of-way and the removal of residential property for alternative highway improvements reduce the supply of low- and moderate-income housing, cause displacement and neighborhood disruption, and have an adverse effect on the urban environment.

SEC. 2. Section 14528.5 is added to the Government Code, to read:

14528.5. (a) To resolve local transportation problems resulting from the infeasibility of a planned state transportation facility in those communities specified in Section 14528.4, the city or county in which the planned facility was to be located, or the transportation planning commission having jurisdiction over the city or county, may develop and file with the commission a local alternative transportation improvement program that addresses transportation problems and opportunities in the county which was to be served by the planned facility.

(b) Notwithstanding subdivision (a), in a county under the jurisdiction of a county transportation commission, only the county transportation commission may develop and file a local alternative transportation improvement program, except as provided in subdivision (c).

(c) The department may be requested to develop the local alternative transportation improvement program. In such a case, the local program shall be submitted as a part of the proposed state transportation improvement program under Section 14526.

(d) Prior to filing the local alternative transportation improvement program with the commission, the local program shall be submitted for review by the transportation planning agency and the department in the same manner as the regional transportation improvement program. If the transportation planning agency or the department does not adopt the local program as a part of the regional transportation improvement program or the proposed state transportation improvement program, the entity that developed and filed the local program, and the transportation planning agency if it has approved the local program, may request the commission to include the local program in the state transportation improvement program.

(e) The commission shall have the final authority regarding the content and approval of the local alternative transportation improvement program. The local program, if approved by the commission, shall be included in the state transportation improvement program adopted by the commission pursuant to Section 14529. The commission shall not approve any local alternative transportation improvement program submitted under this section after January 1, 1986.

(f) At the time the commission approved the local alternative transportation improvement program, the commission shall

authorize the department to sell, at the prevailing fair-market price, the excess properties acquired for the planned state transportation facilities, provided that any properties required for the implementation of a local alternative transportation improvement project shall not be sold. Article 8.5 (commencing with Section 54235) of Chapter 5 of Part 1 of Division 2 of Title 5 does not apply to the sale of excess property pursuant to this section. All proceeds from the sale of the excess properties, less any reimbursements due to the federal government and all costs incurred in the sale of those excess properties, shall be allocated by the commission to fund the approved local program and shall not be subject to Sections 188 and 188.8. The estimated amount of the proceeds shall be included in the adopted regional transportation improvement program and the state transportation improvement program.

(g) This section does not apply to those highways that are in the National System of Interstate and Defense Highways.

(h) It is the intent of the Legislature, in enacting this section, that the adopted local alternative transportation improvement program be used to resolve county transportation problems and to provide new transportation opportunities with a flexible, innovative, and fiscally responsible program that deals in a positive manner with environmental effects directly associated with local transportation improvements.

SEC. 3. Section 14528.6 is added to the Government Code, to read:

14528.6. A local alternative transportation improvement program shall include all of the following:

(a) A program to provide relocation assistance for residents eligible for relocation assistance pursuant to Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 of this code and guidelines adopted pursuant to Section 50460 of the Health and Safety Code.

(b) A program to provide relocation assistance for all lower-income households, regardless of their eligibility for assistance pursuant to subdivision (a), who will be displaced from their residences because of actions taken to finance or implement the local alternative improvement transportation program, including sale or removal of their residences. To be eligible for assistance, lower-income households shall have occupied their residence on the date that the local alternative transportation improvement program was approved by the commission. The program shall comply with the requirements, except eligibility requirements, of Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 of this code and with guidelines adopted pursuant to Section 50460 of the Health and Safety Code.

(c) A program to provide all persons or families who are not otherwise eligible for assistance pursuant to subdivisions (a) and (b), with relocation advice and moving expenses, as defined in Section 7261 and subdivisions (a) and (b) of Section 7262.

(d) A program to provide replacement housing units for persons and families of low or moderate income at an affordable housing cost. At a minimum, the program shall provide that the total number of new units for persons or families of low or moderate income to be provided shall be equal to or greater than the number of units occupied by persons or families of low or moderate income displaced by the local alternative transportation improvement program, and that the total number of new housing units to be provided for lower-income households shall be equal to or greater than the number of units occupied by lower-income households displaced by the local alternative transportation improvement program. The number of units so provided shall be determined at least one year prior to the date the commission approves the local alternative transportation improvement program. If it is not feasible to replace the total number of units required on surplus public property, other types of property shall be used in order to provide the replacement units. Replacement of the units shall be completed utilizing funds other than those derived from the sale of excess properties and shall be completed within four years of the date the persons or families are displaced or, if unoccupied, from the date of demolition or removal. Unoccupied units shall be replaced in the same ratio as units occupied by persons and families of low and moderate income in the right-of-way. When the excess properties acquired for the planned state transportation facilities are used for replacement housing, it shall be an objective of the program that, where financially feasible, the number of new housing units of persons and families of low or moderate income shall be not less than 20 percent of all new housing units developed on the aggregate surplus public property.

(e) For purposes of this section, the terms "affordable housing cost," "lower-income households," and "persons and families of low or moderate income" shall be defined as provided in Division 31 (commencing with Section 50000) of the Health and Safety Code.

(f) Unless specifically stated, this section shall in no way reduce or limit any requirements for the provision of housing for persons or families of low or moderate income as contained in any other provision of law.

(g) Except for the use of excess property itself as provided in subdivision (d), no State Highway Account funds shall be expended for planning or implementing the housing provisions of the local alternative transportation improvement program which are required to be carried out pursuant to subdivisions (b) to (d), inclusive.

CHAPTER 800

An act to amend Sections 2653, 2655, 2655.2, 2683, and 2688 of, to add Section 2684 to, and to repeal Sections 2655.1 and 2655.12 of, the Business and Professions Code, relating to physical therapists.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 2653 of the Business and Professions Code is amended to read:

2653. (a) An applicant who was issued a diploma by a physical therapy school not located in the United States shall meet the following requirements in order to be licensed as a physical therapist:

(1) Furnish documentary evidence satisfactory to the committee, that he or she has completed in a physical therapy school or schools a physical therapy education that entitles the applicant to practice as a physical therapist in the country where the diploma was issued. The physical therapy education received by the applicant shall reasonably include biological sciences, physical sciences and the requirements of subdivision (b) of Section 2650. The committee may require an applicant to submit documentation of his or her education to a credentials evaluation service for review and a report to the committee.

(2) Pass the written examination required in Section 2636. The requirements to pass the written examination shall not apply to an applicant who at the time of application has passed, to the satisfaction of the committee, an examination for licensure in another state, district or territory of the United States, that is, in the opinion of the committee, comparable to the examination given in this state.

(3) Complete a period of clinical service under the direct and immediate supervision of a physical therapist licensed by the board which does not exceed nine months in a location approved by the committee, in a manner satisfactory to the committee. The applicant shall have passed the written examination required in subdivision (b) prior to commencing the period of clinical service. The committee shall require the supervising physical therapist to evaluate the applicant and report his or her findings to the committee. The committee may in its discretion waive all or part of the required clinical service pursuant to guidelines set forth in its regulations. During the period of clinical service until he or she is issued a license as a physical therapist by the board, the applicant shall be identified as a "physical therapist license applicant."

(4) Pass an oral examination administered by the committee at the completion of the clinical service if the clinical service has not been completed in a manner satisfactory to the committee.

(b) Nothing contained in this section shall prohibit the committee

from disapproving any foreign physical therapy school nor from denying the applicant if, in the opinion of the committee, the instruction received by the applicant or the courses were not equivalent to that required in this chapter.

SEC. 2. Section 2655 of the Business and Professions Code is amended to read:

2655. As used in this article:

(a) "Physical therapist" means a registered physical therapist licensed by the Board of Medical Quality Assurance.

(b) "Physical therapist assistant" means a person who meets the qualifications stated in Section 2655.3 and who is approved by the examining committee to assist in the provision of physical therapy under the supervision of a physical therapist who shall be responsible for the extent, kind and quality of the services provided by the physical therapist assistant.

(c) "Physical therapist assistant" and "physical therapy assistant" shall be deemed identical and interchangeable.

SEC. 3. Section 2655.1 of the Business and Professions Code is repealed.

SEC. 4. Section 2655.2 of the Business and Professions Code is amended to read:

2655.2. A physical therapist shall not supervise more physical therapist assistants at any one time than in the opinion of the examining committee can be adequately supervised. Two physical therapist assistants shall ordinarily be considered the maximum number of physical therapist assistants that may be supervised by a physical therapist, but the examining committee may permit the supervision of a greater number by a physical therapist if, in the opinion of the examining committee, there would be adequate supervision and the public's health and safety would be served. In no case, however, shall the total number of physical therapist assistants exceed twice the number of physical therapists regularly employed by a facility.

SEC. 5. Section 2655.12 of the Business and Professions Code is repealed.

SEC. 6. Section 2683 of the Business and Professions Code is amended to read:

2683. Except as provided in Section 2684, the provisions of Article 19 (commencing with Section 2420) of Chapter 5 apply to the issuance and govern the expiration and renewal of licenses issued under this chapter.

SEC. 7. Section 2684 is added to the Business and Professions Code, to read:

2684. (a) Notwithstanding Section 2422, any license or approval for the practice of physical therapy shall expire at 12 midnight on the last day of the birth month of the licensee or holder of an approval during the second year of a two-year term, if not renewed.

(b) The committee shall establish by regulation procedures for the administration of a birth date renewal program, including, but

not limited to, the establishment of a system of staggered license expiration dates such that a relatively equal number of licenses and approvals expire monthly.

(c) To renew an unexpired license or approval, the licensee or the holder of an approval shall, on or before the dates on which it would otherwise expire, apply for renewal on a form prescribed by the committee and pay the prescribed renewal fee.

SEC. 8. Section 2688 of the Business and Professions Code is amended to read:

2688. The amount of fees provided in connection with licenses, certificates or approvals for the practice of physical therapy is as follows:

(b) The reexamination fee shall be fixed by the examining committee at not more than fifty dollars ($50).

(c) The initial license fee for a physical therapist is an amount equal to the renewal fee in effect on the last regular renewal date before the date on which the license is issued, except that if the license will expire less than one year after its issuance, then the initial license fee is an amount equal to 50 percent of the renewal fee in effect on the last regular renewal date before the date on which the license is issued. The committee may by regulation, provide for the waiver or refund of the initial license fee where the license is issued less than 45 days before the date on which it will expire.

(d) The renewal fee shall be fixed by the examining committee at not more than fifty dollars ($50).

(e) A fee to be set by the examining committee of not more than fifty dollars ($50) shall be charged for each application for approval as a physical therapist assistant and such approval which may be granted.

(g) The delinquency fee shall be 50 percent of the renewal fee in effect, but not more than twenty-five dollars ($25).

(h) The duplicate license fee is two dollars ($2).

(i) The endorsement fee is five dollars ($5).

The people of the State of California do enact as follows:

SECTION 1. Section 1774 of the Government Code is amended to read:

1774. (a) When an office, the appointment to which is vested in the Governor and Senate, either becomes vacant or the term of the incumbent thereof expires, the Governor may appoint a person to the office or reappoint the incumbent after the expiration of the term. Until Senate confirmation of the person appointed or reappointed, that person serves at the pleasure of the Governor. If the term of office of an incumbent subject to this section expires, the Governor shall have 60 days after the expiration date to reappoint the incumbent. If the incumbent is not reappointed within the 60-day period, the office shall be deemed to be vacant as of the first day following the end of the 60-day period.

(b) With respect to the appointment or reappointment by the Governor of a person to an office subject to confirmation by the Senate, the Governor shall submit the name of the person appointed, or the name of the incumbent reappointed, and the effective date of the appointment or reappointment to the Senate or, if the Senate is in recess or has adjourned, to the Secretary of the Senate, within 60 days after the person first began performing the duties of the office, or, as to the reappointment of an incumbent, within 90 days after the expiration date of the term. If the Governor does not provide the required notification within 60 days after the person first began performing the duties of the office, or, as to the reappointment of an incumbent to an office after the expiration date of the term, within 90 days after the expiration of the term, the office shall be deemed to be vacant as of the first day immediately following the end of the applicable period.

(c) If the Senate either refuses to confirm, or fails to confirm within 365 days after the day the person first began performing the duties of the office, or, with respect to an incumbent whose appointment to that office previously had been confirmed by the Senate and who is reappointed to that office, within 365 days after the expiration date of the term, the following shall apply:

(1) If the Senate refuses to confirm, the person may continue to serve in that office until 60 days have elapsed since the refusal to confirm or until 365 days have elapsed since the person first began performing the duties of the office, whichever occurs first, or with

respect to an incumbent whose appointment to that office previously had been confirmed by the Senate and who is reappointed to that office, until 60 days have elapsed since refusal or until 365 days after the expiration date of the prior term, and the office for which the appointment was made shall be deemed to be vacant as of the first day immediately following the end of the applicable period.

(2) If the Senate fails to confirm within the applicable 365-day period, the person may not continue to serve in that office, and the office for which the appointment was made shall be deemed to be vacant as of the first day immediately following the end of the 365-day period.

SEC. 2. Section 1774.2 is added to the Government Code, to read:

1774.2. (a) For any person whose term of office expires prior to Senate confirmation and who is reappointed to that office, the time served prior to, as well as subsequent to, the expiration date of the prior term shall be counted for purposes of Section 1774.

(b) For any person who resigns an office prior to Senate confirmation and who is reappointed to that office at any time within 365 days of the resignation, the time served prior to, as well as subsequent to, the resignation shall be counted for purposes of Section 1774.

(c) The subsequent appointment of a person to an office 365 days or more after the date the person last served in that office shall be considered a new appointment, and not a reappointment, for purposes of Section 1774.

SEC. 3. Section 1774.3 is added to the Government Code, to read:

1774.3. With respect to any body or entity having more than one member, including, but not limited to, a board, commission, or committee, "office" includes every position on the body or entity, regardless of qualifications, expiration date of the term, or duties and responsibilities of the position.

SEC. 4. Section 1774.5 of the Government Code is amended to read:

1774.5. Notwithstanding any other provisions of law, no person holding an office which is deemed to be vacant pursuant to Section 1774 may, after the time the office has been deemed to be vacant pursuant to those provisions, continue to discharge the duties of the office, and no warrant shall be drawn by the Controller for the payment of any salary or expenses of that person attributable to the discharge of the duties of the office after that time. In addition, the Governor shall not reappoint the person to the same office for a period of 365 days after the time the office has been deemed to be vacant.

SEC. 5. Section 1774.7 of the Government Code is amended to read:

1774.7. Sections 1774, 1774.2, 1774.3, and 1774.5 shall apply to any person appointed, or reappointed, prior to, or on or after, January 1, 1981, except as follows:

CHAPTER 802

An act to amend Section 7263 of the Government Code, relating to relocation assistance.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION. 1. Section 7263 of the Government Code is amended to read:

7263. (a) In addition to the payments required by Section 7262, the public entity, as a part of the cost of acquisition, shall make a payment to the owner of real property acquired for public use which is improved with a dwelling actually owned and occupied by the owner as a permanent or customary and usual place of abode for not less than 180 days prior to the initiation of negotiation for the acquisition of that property. If a homeowner has satisfied all but the 180-day requirement, and if in the judgment of the public entity the circumstances warrant it, the public entity may reduce the requirement as necessary.

(b) The payment, not to exceed fifteen thousand dollars ($15,000), shall be based on the following factors:

(1) The amount, if any, which, when added to the acquisition payment, equals the reasonable cost of a comparable replacement dwelling determined, in accordance with standards established by the public entity, to be a decent, safe, and sanitary dwelling adequate to accommodate the displaced owner, reasonably accessible to public services and the displaced person's place of employment, and available on the market.

(2) The amount, if any, which will compensate the displaced owner for any increased interest costs which he is required to pay for financing the acquisition of a comparable replacement dwelling. The amount shall be paid only if the acquired dwelling was encumbered by a bona fide mortgage which was a valid lien on the dwelling for not less than 180 days prior to the initiation of negotiations for the acquisition of such dwelling. This compensation is based on an

amount, if any, which, if applied to reduce the balance of the mortgage on the replacement dwelling, will reduce the combined principal and interest payment on the mortgage on the replacement dwelling to the same level as the payment on the mortgage on the acquired dwelling. The amount shall be computed using the lesser of the principal balance of the mortgage on the replacement dwelling or the outstanding principal balance of the mortgage on the acquired dwelling and the same remaining term as that on the acquired dwelling. The amount shall also include other reasonable debt service costs incurred by the displaced owner.

For the purposes of this subdivision, if the replacement dwelling is a mobilehome, the term "mortgage," as defined in subdivision (h) of Section 7260, shall include those liens as are commonly given to secure advances on, or the unpaid purchase price of, mobilehomes, together with the credit instruments, if any, secured thereby.

(3) Reasonable expenses incurred by the displaced owner for evidence of title, recording fees, and other closing costs incident to the purchase of the replacement dwelling, but not including prepaid expenses.

(c) The payment shall be made only to a displaced owner who purchases and occupies a replacement dwelling that meets standards established by the public entity within one year subsequent to the date on which he receives from the public entity final payment of all costs of the dwelling acquired by the public entity. However, the displaced owner and the public entity may agree in writing that the displaced owner may remain in occupancy of the acquired dwelling as a tenant of the public entity on the conditions that the displaced owner shall only be entitled to the payment authorized by this section on the date on which he moves from the acquired dwelling and that the payment shall be in an amount equal to that to which he would have been entitled if he had purchased and occupied a replacement dwelling one year subsequent to the date on which he received final payment of all costs of the acquired dwelling from the public entity.

CHAPTER 803

An act to add Section 26109 to the Government Code, relating to advertising on county property.

26109. A county board of supervisors may, by ordinance, provide

SEC. 2. Section 36864 of the Food and Agricultural Code is repealed.

The regulations shall be consistent with the rules and regulations adopted by the Commission of Housing and Community Development pursuant to Section 17922 and shall apply to buildings subject to this part located in fire hazard severity zones within state responsibility areas. SEC. 2. Section 4291.5 of the Public Resources Code is repealed.

4202. The director shall classify lands within state responsibility areas into fire hazard severity zones. Each zone shall embrace relatively homogeneous lands and shall be based on fuel loading, slope, fire weather, and other relevant factors present.

4203. (a) The director shall, by regulation, designate fire hazard severity zones and assign to each zone a rating reflecting the degree of severity of fire hazard that is expected to prevail in the zone.

4204. The director shall periodically review zones designated and rated pursuant to this article and, as necessary, shall revise zones or their ratings or repeal the designation of zones. Any revision of a zone or its rating or any repeal of a zone shall conform to the

CHAPTER 808

An act to amend Sections 14957 and 14959 of, and to add Section 15790.5 to, the Government Code, relating to public works.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982]

The people of the State of California do enact as follows:

SECTION 1. Section 14957 of the Government Code is amended to read:

14957. The Division of Architecture Revolving Fund in the State Treasury is continued in existence and is retitled the Architecture Revolving Fund. With the approval of the Department of Finance,

and except as otherwise specified in this section there shall be transferred to, or deposited in, the fund all money appropriated, contributed, or made available from any source, including sources other than state appropriations, for expenditure on work within the powers and duties of the Department of General Services with respect to the construction, alteration, repair, and improvement of state buildings, including but not limited to services, new construction, major construction and equipment, minor construction, maintenance, improvements and equipment, and other building and improvement projects, as authorized by the state agency for which such an appropriation is made or, as to funds from sources other than state appropriations, as may be authorized by written agreement between the contributor or contributors of such funds and the Department of General Services, when approved by the Department of Finance.

Money from state sources transferred to, or deposited in, the fund for major construction shall be limited to the amount necessary based on receipt of competitive bids. Money transferred for this purpose shall be upon approval of the Department of Finance. Any amount available, in the state appropriation, which is in excess of the amount necessary based on receipt of competitive bids, shall be immediately transferred to the credit of the fund from which the appropriation was made.

Money in the fund also may be used, upon approval of the Department of Finance, to finance the cost of any construction projects within the powers and duties of the Department of General Services for which the federal government will contribute a partial cost thereof; provided, written evidence has been received from a federal agency that money has been appropriated by Congress and the federal government will pay to the state the amount specified upon the completion of construction of the project. The Director of General Services may approve plans, specifications and estimates of cost, and advertise for and receive bids on such projects in anticipation of the receipt of such evidence.

Money so transferred or deposited is available for expenditure by the Department of General Services for the purposes for which appropriated, contributed, or made available, without regard to fiscal years and irrespective of the provisions of Section 16304.

SEC. 2. Section 14959 of the Government Code is amended to read:

14959. The Department of General Services shall keep a record of all expenditures chargeable against each specific portion of the revolving fund, and any unencumbered balance in any portion of the fund, either within three months after completion of the project for which such portion was transferred or within three years from the time such portion was transferred or deposited therein, whichever is the earlier, shall be withdrawn from the revolving fund and transferred to the credit of the fund from which the appropriation was made or, as to funds from other than state appropriations, be

paid out or refunded as provided in the agreement relating to the contributions; provided, that on approval of the Department of Finance the time of such withdrawal may be extended.

For the purpose of this section an estimate, prepared by the Department of General Services upon receipt of bids, of the amount required for supervision, engineering, and other items, if any, necessary for the completion of a project on which a construction contract has been awarded shall be deemed a valid encumbrance and be included with any other valid encumbrances in determining the amount of an unencumbered balance.

SEC. 3. Section 15790.5 is added to the Government Code, to read:

15790.5. (a) The Legislature finds and declares that unnecessary procedural delays in public construction or improvement projects have consistently resulted in substantial cost overruns due to inflation, and that these overruns constitute a major burden upon the state budget. The intent of this section is to alleviate this burden through acceleration of the public work procedural process, and to balance this acceleration by providing for procedural safeguards to ensure that projects are completed efficiently, safely, and economically.

(b) The board shall meet at least twice each month for the purposes of reviewing and making decisions on projects for construction or improvements, in order to carry out the requirements of this section. The board may meet more infrequently if the board determines that its workload level is sufficiently low that it is able to carry out the requirements of this section without meeting at least twice each month.

(c) No board action shall be required on any project for any of the following project phases: acquisition of equipment, preliminary surveys, studies, planning, or preliminary plans. However, no money appropriated in the annual budget act, other than amounts needed for the acquisition of equipment, preliminary surveys, studies, planning, or preliminary plans, for any major capital outlay project may be expended by any state agency until the board has approved the completed preliminary plans for the project. No changes in project scope shall be allowed without the written approval of the Department of Finance. The board's review of preliminary plans shall ensure that projects proceeding into the working drawing and construction phases are both of the following:

(1) Consistent with the legislatively approved cost and scope.

(2) Carried out with all due speed and diligence.

No subsequent review by the board shall be required, except in those instances where augmentations pursuant to Sections 16352 and 16409 are required, or as provided in subdivision (d).

(d) The board shall provide an oversight and ongoing review of each project subject to its jurisdiction, and may impose reasonable conditions with regard to any particular project, such as reasonable deadlines in accordance with applicable contracts, upon the state

agency conducting the project. In order to enable the board to carry out its duties under this subdivision, the state agency conducting the project shall submit a quarterly report, which shall include, but not be limited to, the progress of the project with respect to its anticipated schedule, scope, and projected expenditure of funds.

SEC. 2. This act shall remain in effect until January 1, 1988, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends such date.

CHAPTER 809

An act to add Section 53647.5 to the Government Code, relating to financial affairs of local agencies.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 53647.5 is added to the Government Code, to read:

53647.5. Notwithstanding any other provision of law, interest earned on any bail money deposited in a bank account pursuant to Section 1463.1 of the Penal Code and Section 53679 of this code shall, if the board of supervisors so directs, be allocated for the support of the courts in that county.

CHAPTER 810

An act to repeal and add Chapter 3.7 (commencing with Section 7180) of Part 1 of Division 7 of the Health and Safety Code, relating to death.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.7 (commencing with Section 7180) of Part 1 of Division 7 of the Health and Safety Code is repealed.

SEC. 2. Chapter 3.7 (commencing with Section 7180) is added to Part 1 of Division 7 of the Health and Safety Code, to read:

CHAPTER 3.7. DEATH

Article 1. Uniform Determination of Death Act

7180. (a) An individual who has sustained either (1) irreversible cessation of circulatory and respiratory functions, or (2) irreversible cessation of all functions of the entire brain, including the brain stem, is dead. A determination of death must be made in accordance with accepted medical standards.

(b) This article shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this article among states enacting it.

(c) This article may be cited as the Uniform Determination of Death Act.

Article 2. Confirmation of Death

7181. When an individual is pronounced dead by determining that the individual has sustained an irreversible cessation of all functions of the entire brain, including the brain stem, there shall be independent confirmation by another physician.

7182. When a part of the donor is used for direct transplantation pursuant to the Uniform Anatomical Gift Act (Chapter 3.5 (commencing with Section 7150)) and the death of the donor is determined by determining that the individual has suffered an irreversible cessation of all functions of the entire brain, including the brain stem, there shall be an independent confirmation of the death by another physician. Neither the physician making the determination of death under Section 7155.5 nor the physician making the independent confirmation shall participate in the procedures for removing or transplanting a part.

7183. Complete patient medical records required of a health facility pursuant to regulations adopted by the department in accordance with Section 1275 shall be kept, maintained, and preserved with respect to the requirements of this chapter when an individual is pronounced dead by determining that the individual has sustained an irreversible cessation of all functions of the entire brain, including the brain stem.

CHAPTER 811

An act to amend Section 1988 of the Civil Code, relating to personal property.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 1988 of the Civil Code is amended to read:

1988. (a) If the personal property described in the notice is not released pursuant to Section 1987, it shall be sold at public sale by

competitive bidding. However, if the landlord reasonably believes that the total resale value of the property not released is less than three hundred dollars ($300), the landlord may retain such property for his or her own use or dispose of it in any manner. Nothing in this section shall be construed to preclude the landlord or tenant from bidding on the property at the public sale.

(b) Notice of the time and place of the public sale shall be given by publication pursuant to Section 6066 of the Government Code in a newspaper of general circulation published in the county where the sale is to be held. The last publication shall be not less than five days before the sale is to be held. The notice of the sale shall not be published before the last of the dates specified for taking possession of the property in any notice given pursuant to Section 1983. The notice of the sale shall describe the property to be sold in a manner reasonably adequate to permit the owner of the property to identify it. The notice may describe all or a portion of the property, but the limitation of liability provided by Section 1989 does not protect the landlord from any liability arising from the disposition of property not described in the notice, except that a trunk, valise, box, or other container which is locked, fastened, or tied in a manner which deters immediate access to its contents may be described as such without describing its contents.

(c) After deduction of the costs of storage, advertising, and sale, any balance of the proceeds of the sale which is not claimed by the former tenant or an owner other than such tenant shall be paid into the treasury of the county in which the sale took place not later than 30 days after the date of sale. The former tenant or other owner may claim the balance within one year from the date of payment to the county by making application to the county treasurer or other official designated by the county. If the county pays the balance or any part thereof to a claimant, neither the county nor any officer or employee thereof is liable to any other claimant as to the amount paid.

CHAPTER 812

An act to amend Sections 527, 1033, 1094.5 and 1107 of the Code of Civil Procedure, relating to civil procedure.

[Approved by Governor September 7, 1982. Filed with Secretary of State September 8, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 527 of the Code of Civil Procedure is amended to read:

527. (a) An injunction may be granted at any time before judgment upon a verified complaint, or upon affidavits if the complaint in the one case, or the affidavits in the other, show

satisfactorily that sufficient grounds exist therefor. A copy of the complaint or of the affidavits, upon which the injunction was granted, must, if not previously served, be served therewith.

A temporary restraining order or a preliminary injunction, or both, may be granted in a class action, in which one or more of the parties sues or defends for the benefit of numerous parties upon the same grounds as in other actions, whether or not the class has been certified.

No preliminary injunction shall be granted without notice to the opposite party; nor shall any temporary restraining order be granted without notice to the opposite party, unless it shall appear from facts shown by affidavit or by the verified complaint that great or irreparable injury would result to the applicant before the matter can be heard on notice and, except when applying for an order under Section 546 or under Section 4357, 4359, or 7020 of the Civil Code, the applicant or the applicant's attorney certifies to the court under oath (i) that within a reasonable time prior to the application he or she informed the opposing party or his or her attorney at what time and where the application would be made; (ii) that he or she in good faith attempted to inform the opposing party and his or her attorney but was unable to so inform the opposing party or his or her attorney, specifying the efforts made to contact them; or (iii) that for reasons specified he or she should not be required to so inform the opposing party or his or her attorney. In case a temporary restraining order shall be granted without notice, in the contingency above specified, the matter shall be made returnable on an order requiring cause to be shown why the injunction should not be granted, on the earliest day that the business of the court will admit of, but not later than 15 days or, if good cause appears to the court, 20 days from the date of the order. In cases under Section 4359 of the Civil Code the matter shall be made returnable not later than 20 days or if good cause appears to the court, 25 days from the date of the order. When the matter first comes up for hearing the party who obtained the temporary restraining order must be ready to proceed and must have served upon the opposite party at least two days prior to the hearing, a copy of the complaint and of all affidavits to be used in the application and a copy of the points and authorities in support of the application; if the party is not ready, or if he or she fails to serve a copy of his or her complaint, affidavits and points and authorities, as herein required, the court shall dissolve the temporary restraining order. The defendant, however, shall be entitled, as of course, to one continuance for a reasonable period, if he or she desires it, to enable him or her to meet the application for the preliminary injunction. The defendant may, in response to such order to show cause, present affidavits relating to the granting of the preliminary injunction, and if such affidavits are served on the applicant at least two days prior to the hearing, the applicant shall not be entitled to any continuance on account thereof. On the day upon which the order is made returnable, the hearing shall take precedence of all other matters on

the calendar of the day, except older matters of the same character, and matters to which special precedence may be given by law. When the cause is at issue it shall be set for trial at the earliest possible date and shall take precedence of all other cases, except older matters of the same character, and matters to which special precedence may be given by law.

(b) The court may, upon the filing of an affidavit by the plaintiff that the defendant could not be served on time, reissue any temporary restraining order previously issued pursuant to Section 546 and dissolved by the court for failure to serve the defendant. Any order reissued under this subdivision shall state on its face the date of expiration of the order. No fees shall be charged for the issuance of any order under this subdivision, unless such order had been dissolved three times previously.

SEC. 2. Section 1033 of the Code of Civil Procedure is amended to read:

1033. In superior courts, municipal courts and in justice courts the party in whose favor the judgment is ordered or the dismissal is granted, and who claims his or her costs, must serve upon the adverse party, and file at any time after the verdict or decision of the court, and not later than 10 days after notice of the entry of the judgment or the dismissal, a memorandum of the items of his or her costs and necessary disbursements in the action or proceeding, which memorandum must be verified by the oath of the party, or his or her attorney or agent, or by the clerk of his attorney, stating that to the best of his or her knowledge and belief the items are correct, and that the disbursements have been necessarily incurred in the action or proceeding. A party dissatisfied with the costs claimed may, within 10 days after the service of a copy of the bill of costs, file a motion to have the same taxed by the court in which the judgment was rendered or the dismissal was granted, or by the judge thereof at chambers.

The clerk or judge shall include in the judgment, or any part of a judgment, entered upon by him or her based upon a cause of action in contract where the claim was unliquidated, interest on the verdict or decision of the court from the date prior to the entry of judgment as may have been fixed by the court pursuant to subdivision (b) of Section 3287 of the Civil Code and the costs, if the same have been taxed or ascertained. In any other case, and where the court determines that interest should not be recovered from a date prior to the entry of judgment under subdivision (b) of Section 3287 of the Civil Code, the clerk or judge shall include in the judgment entered upon by him or her, any interest on the verdict or decision of the court, from the time it was rendered or made, and the costs, if the same have been taxed or ascertained. The clerk or judge shall, within two days after the costs are tried or ascertained, if not included in the judgment, insert the same in a blank left in the judgment for that purpose, and shall make a similar insertion of the costs in the copies.

SEC. 3. Section 1094.5 of the Code of Civil Procedure is amended

to read:

1094.5. (a) Where the writ is issued for the purpose of inquiring into the validity of any final administrative order or decision made as the result of a proceeding in which by law a hearing is required to be given, evidence is required to be taken and discretion in the determination of facts is vested in the inferior tribunal, corporation, board or officer, the case shall be heard by the court sitting without a jury. All or part of the record of the proceedings before the inferior tribunal, corporation, board or officer may be filed with the petition, may be filed with respondent's points and authorities or may be ordered to be filed by the court. Except when otherwise prescribed by statute, the cost of preparing the record shall be borne by the petitioner. Where the petitioner has proceeded pursuant to Section 68511.3 of the Government Code and the Rules of Court implementing that section and where the transcript is necessary to a proper review of the administrative proceedings, the cost of preparing the transcript shall be borne by the respondent. Where the party seeking the writ has proceeded pursuant to the provisions of Section 1088.5, the administrative record shall be filed as expeditiously as possible, and may be filed with the petition, or by the respondent after payment of the costs by the petitioner, where required, or as otherwise directed by the court. If the expense of preparing all or any part of the record has been borne by the prevailing party, such expense shall be taxable as costs.

(b) The inquiry in such a case shall extend to the questions whether the respondent has proceeded without, or in excess of jurisdiction; whether there was a fair trial; and whether there was any prejudicial abuse of discretion. Abuse of discretion is established if the respondent has not proceeded in the manner required by law, the order or decision is not supported by the findings, or the findings are not supported by the evidence.

(c) Where it is claimed that the findings are not supported by the evidence, in cases in which the court is authorized by law to exercise its independent judgment on the evidence, abuse of discretion is established if the court determines that the findings are not supported by the weight of the evidence; and in all other cases, abuse of discretion is established if the court determines that the findings are not supported by substantial evidence in the light of the whole record.

(d) Notwithstanding the provisions of subdivision (c), in cases arising from private hospital boards or boards of directors of districts organized pursuant to The Local Hospital District Law, Division 23 (commencing with Section 32000) of the Health and Safety Code, abuse of discretion is established if the court determines that the findings are not supported by substantial evidence in the light of the whole record. Provided, however, in all cases in which the petition alleges discriminatory actions prohibited by Section 1316 of the Health and Safety Code, and the plaintiff makes a preliminary showing of substantial evidence in support of such allegation, the

court shall exercise its independent judgment on the evidence and abuse of discretion shall be established if the court determines that the findings are not supported by the weight of the evidence.

(e) Where the court finds that there is relevant evidence which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the hearing before respondent, it may enter judgment as provided in subdivision (f) of this section remanding the case to be reconsidered in the light of such evidence; or, in cases in which the court is authorized by law to exercise its independent judgment on the evidence, the court may admit such evidence at the hearing on the writ without remanding the case.

(f) The court shall enter judgment either commanding respondent to set aside the order or decision, or denying the writ. Where the judgment commands that the order or decision be set aside, it may order the reconsideration of the case in the light of the court's opinion and judgment and may order respondent to take such further action as is specially enjoined upon it by law but the judgment shall not limit or control in any way the discretion legally vested in the respondent.

(g) Except as provided in subdivision (h), the court in which proceedings under this section are instituted may stay the operation of the administrative order or decision pending the judgment of the court, or until the filing of a notice of appeal from the judgment or until the expiration of the time for filing such notice whichever occurs first; provided that no such stay shall be imposed or continued if the court is satisfied that it is against the public interest; provided that the application for the stay shall be accompanied by proof of service of a copy of the application on the respondent. Service shall be made in the manner provided by Title 5 (commencing with Section 405) of Part 2 or Chapter 5 (commencing with Section 1010) of Title 14 of Part 2. If an appeal is taken from a denial of the writ, the order or decision of the agency shall not be stayed except upon the order of the court to which such appeal is taken; provided that, in cases where a stay is in effect at the time of filing the notice of appeal, such stay shall be continued by operation of law for a period of 20 days from the filing of such notice. If an appeal is taken from the granting of the writ, the order or decision of the agency is stayed pending the determination of the appeal unless the court to which such appeal is taken shall otherwise order. Where any final administrative order or decision is the subject of proceedings under this section, if the petition shall have been filed while the penalty imposed is in full force and effect the determination shall not be considered to have become moot in cases where the penalty imposed by the administrative agency has been completed or complied with during the pendency of such proceedings.

(h) (1) The court in which proceedings under this section are instituted may stay the operation of the administrative order or decision of any licensed hospital or any state agency made after a

hearing required by statute to be conducted under the provisions of the Administrative Procedure Act, as set forth in Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, conducted by the agency itself or a hearing officer on the staff of the Office of Administrative Hearings pending the judgment of the court, or until the filing of a notice of appeal from the judgment or until the expiration of the time for filing such notice whichever occurs first; provided that such stay shall not be imposed or continued unless the court is satisfied that the public interest will not suffer and that the licensed hospital or agency is unlikely to prevail ultimately on the merits; and provided further that the application for the stay shall be accompanied by proof of service of a copy of the application on the respondent. Service shall be made in the manner provided by Title 5 (commencing with Section 405) of Part 2 or Chapter 5 (commencing with Section 1010) of Title 14 of Part 2.

(2) The standard set forth in this subdivision for obtaining a stay shall apply to any administrative order or decision of an agency which issues licenses pursuant to Division 2 (commencing with Section 500) of the Business and Professions Code or pursuant to the Osteopathic Initiative Act or the Chiropractic Initiative Act. With respect to orders or decisions of other state agencies, the standard in this subdivision shall apply only when the agency has adopted the proposed decision of the hearing officer in its entirety or has adopted the proposed decision but reduced the proposed penalty pursuant to subdivision (b) of Section 11517 of the Government Code; otherwise the standard in subdivision (g) shall apply.

(3) If an appeal is taken from a denial of the writ, the order or decision of the hospital or agency shall not be stayed except upon the order of the court to which such appeal is taken; provided that, in cases where a stay is in effect at the time of filing the notice of appeal, such stay shall be continued by operation of law for a period of 20 days from the filing of such notice. If an appeal is taken from the granting of the writ, the order or decision of the hospital or agency is stayed pending the determination of the appeal unless the court to which such appeal is taken shall otherwise order. Where any final administrative order or decision is the subject of proceedings under this section, if the petition shall have been filed while the penalty imposed is in full force and effect the determination shall not be considered to have become moot in cases where the penalty imposed by the administrative agency has been completed or complied with during the pendency of such proceedings.

SEC. 4. Section 1107 of the Code of Civil Procedure is amended to read:

1107. When an application is filed for the issuance of any prerogative writ, the application shall be accompanied by proof of service of a copy thereof upon the respondent and the real party in interest named in such application. The provisions of Chapter 5 (commencing with Section 1010) of Title 14 of Part 2 shall apply to

the service of the application. However, when a writ of mandate is sought pursuant to the provisions of Section 1088.5, the action may be filed and served in the same manner as an ordinary action under Part 2 (commencing with Section 307). Where the real party in respondent's interest is a board or commission, the service shall be made upon the presiding officer, or upon the secretary, or upon a majority of the members, of the board or commission. Within five days after service and filing of the application, the real party in interest or the respondent or both may serve upon the applicant and file with the court points and authorities in opposition to the granting of the writ.

The court in which the application is filed, in its discretion and for good cause, may grant the application ex parte, without notice or service of the application as herein provided.

The provisions of this section shall not be applicable to applications for the writ of habeas corpus, or to applications for writs of review of the Industrial Accident or Public Utilities Commissions.

CHAPTER 814

An act to amend Section 48432 of, and to add Sections 52314.5 and 52314.7 to, the Education Code, relating to vocational education.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 48432 of the Education Code is amended to read:

48432. The governing board of each high school district and each unified school district shall establish and maintain within its boundaries special continuation education classes and may establish and maintain regional occupational centers or programs, in accordance with the provisions of Section 52301, whenever there are any minors residing within the district who are subject to compulsory continuation education; provided, that if there are fewer than 100 students enrolled in grade 12 in any school of the district maintaining that grade, the governing board of the district may apply to the State Department of Education for exemption of that school from the requirements of this section and such exemption may be granted in accordance with rules and regulations that shall be adopted by the State Board of Education to govern the granting of the exemptions. An exemption may also be granted to schools having an enrollment of more than 100 pupils in grade 12 if the district seeking the exemption has entered into an agreement with another high school district or unified school district to maintain special continuation education classes for minors residing in either of the districts, but shall not be granted if the agreement would make it necessary for such minors to travel an excessive distance from their homes to the continuation education classes.

If there is a regional occupational center or program as provided in Article 1 (commencing with Section 52300) of Chapter 9 of Part 28, of this division within a county, the governing board of any school district within that county may enroll minors, otherwise subject to, and in lieu of, continuation education, in the center or program in accordance with the provisions of Section 52314.

Any minor admitted to a regional occupational center or program under the provisions of Section 52314.5 shall be considered to have enrolled in the regional occupational center or program in lieu of continuation education classes. Nothing in this section shall prohibit

a minor from enrolling in a program of continuation education or a regular high school program if the minor voluntarily chooses to enroll in the program.

SEC. 2. Section 52314.5 is added to the Education Code, to read:

52314.5. A regional occupational center or program established and maintained by a county superintendent of schools, school districts, or joint power agencies pursuant to Section 52301 shall admit youths between the ages of 16 to 18 years who are eligible to attend a high school in a school district, but who have not been enrolled on a full-time or part-time basis for a period of more than three months during the regular school year, on the same basis as, and applying the same criteria for admission as would be applied to, any pupil enrolled in a high school in a school district who is eligible to attend the regional occupational center or program.

It is the intent of the Legislature that pupils admitted to a regional occupational center or program under this section shall be encouraged to return to high school in order to acquire the knowledge and skills necessary to prepare them for adult life.

SEC. 3. Section 52314.7 is added to the Education Code, to read:

52314.7. (a) The average daily attendance of pupils admitted to a regional occupational center or program pursuant to Section 52314.5 shall be computed at the rate of average daily attendance available for high school pupils.

(b) This section shall only be operative in a fiscal year for which the Budget Act for that fiscal year limits the amount of funds which may be apportioned for regional occupational centers or programs.

CHAPTER 815

An act to amend Sections 9889.19 and 9889.20 of, and to add Article 10 (commencing with Section 9889.30) to Chapter 20.3 of Division 3 of, the Business and Professions Code, relating to automotive repair facility certification, and making an appropriation therefor.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 9889.19 of the Business and Professions Code is amended to read:

9889.19. The director may charge a fee for lamp and brake adjustment certificates, certificates of compliance, and certificates of noncompliance furnished to licensed stations. The fee charged shall be established by regulation and shall not produce a total estimated revenue which, together with license fees or certification fees charged pursuant to Sections 9886.3, 9887.2, 9887.3, and 9889.44, is in excess of the estimated total cost to the bureau of the administration

of this chapter.

SEC. 2. Section 9889.20 of the Business and Professions Code is amended to read:

9889.20. Except as otherwise provided in Sections 9889.21 and 9889.48, any person who fails to comply in any respect with the provisions of this chapter is guilty of a misdemeanor and punishable by a fine not exceeding one thousand dollars ($1,000), or by imprisonment not exceeding six months, or by both such fine and imprisonment.

SEC. 3. Article 10 (commencing with Section 9889.30) is added to Chapter 20.3 of Division 3 of the Business and Professions Code, to read:

Article 10. Automotive Repair Facility Certification

9889.30. The Legislature hereby intends to create a program to be known as the Better Auto Repair Program to assist California motor vehicle owners in selecting a competent automotive repair facility, through a system that is simple, accurate, and regularly updated.

The Legislature recognizes the great dilemma faced by California motorists, in a state that has the most mechanically mobile population in the history of mankind, yet one in which widespread dissatisfaction exists over repair facilities available to maintain and repair motor vehicles.

The Legislature, in establishing this program, also recognizes dilemmas faced by the automotive repair industry, with the increasing complexity and diversity of the modern automobile, the wide variety of expertise exercised by the 33,000 automotive repair facilities in the state, and the difficulties faced by any industry effort to establish and maintain industry-wide standards, particularly when faced with a shrinking labor pool of journeymen and veteran mechanics. It recognizes the desire of the overwhelming majority of repair shops to provide honest, competent repair, and the social and economic necessity for such service. The Legislature believes that this voluntary program will meet the needs of both segments.

The program shall be set up on a pilot study basis for 36 months from the effective date of this article. The study area shall include such portions of Sacramento, Placer, Yolo, San Joaquin, Yuba, and Sutter Counties as the Bureau of Automotive Repair may designate, with an emphasis to be placed on the more heavily populated areas.

9889.31. (a) The bureau shall establish standards for the certification of automotive repair facilities. These standards shall relate to mechanics' qualifications, financial stability, warranties for repair work, customer satisfaction, quality of repair equipment, and other relevant criteria as determined by the bureau.

(b) An automotive repair facility that meets the certification standards and maintains them shall be authorized to display both an emblem and a document of certification specifying the area or areas

of automotive repair for which the facility has met certification standards. The emblem and document of certification shall be the property of the State of California and shall remain so even when issued to a facility for display.

(c) The bureau shall regularly publish a list of certified automotive repair facilities in the pilot study area, and shall make the list available for free public distribution.

(d) As used in this article, an "automotive repair facility" means an automotive repair dealer registered pursuant to Section 9884 and the preponderance of whose motor vehicle repair work is to passenger vehicles, excluding motorcycles or other specialty vehicles.

9889.32. The bureau shall promulgate standards for the certification of automotive repair facilities, which shall include, but not be limited to, the following:

(a) Mechanics' qualifications. As a requirement for certification, a facility must employ at least one mechanic in each service area in which it offers repair services who meets one or more of the following requirements:

(1) The satisfactory completion of written or practical examinations relating to automotive repair, such as those offered by national or regional automotive organizations.

(2) The satisfactory completion of apprenticeship training programs in the field of automotive repair.

(3) Specified years of practical experience in automotive repair.

(4) The satisfactory completion of other training programs or other measures of qualification which the bureau shall adopt by regulation in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

A facility which employs 10 or fewer mechanics may be certified in one or more repair areas based on the qualifications of one mechanic.

(b) Standards of financial responsibility and stability, including a minimum period of six months of doing business as an automotive repair facility in the State of California, a satisfactory credit rating, and adequate property damage and liability insurance coverage.

(c) Standards of warranty, including a minimum guarantee on all repairs of at least three months or 3,000 miles, whichever occurs first, except that the bureau may establish higher minimum standards in areas of repairs in which the industry standards exceed the above minimums.

(d) Acceptable levels of customer satisfaction. The bureau shall devise methods to measure customer satisfaction, which may include, but are not limited to, postcard surveys, to determine if the facility meets an acceptable level of customer satisfaction. The surveys shall include a statement informing the respondents that the survey is a routine and regular part of the certification process, taken among customers of all shops, and aimed at measuring and helping

to maintain the level of customer satisfaction among repair facilities.

(e) Standards for repair equipment, including proper calibration and maintenance standards, and types of repair equipment required.

It shall be the responsibility of the bureau to promulgate these standards with the assistance and advice of the board and in accordance with the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, except that these standards shall only be adopted after at least two public hearings have been held in the pilot study area.

9889.33. The bureau shall promulgate, in accordance with the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, rules and regulations relating to the certification of registered automotive repair facilities, which shall include, but not be limited to, rules and regulations setting forth the following:

(a) An application procedure for interested automotive repair dealers and an onsite inspection procedure to be performed by the bureau staff to determine compliance with standards for certification established pursuant to Sections 9889.31 and 9889.32. As part of the application procedure, the applicant shall be required to post "A Notice to Employees of Intent to Seek Certification." The notice shall be prepared by the bureau and shall be posted by the applicant in a place conspicuous to his or her employees but not to the public. The notice shall explain briefly the certification program and how further information may be obtained.

(1) The bureau shall establish standards for certification in the following areas of automotive repair:

(A) Engine tune-up and emissions control repair.

(B) Brake repair.

(C) Electrical repair.

(D) Air conditioning and heating repair.

(E) Minor engine repair.

(F) Manual transmission repair.

(G) Automatic transmission repair.

(H) Major engine repair.

(I) Front end alignment and repair.

(2) The procedures shall set forth the basic requirements for application and certification in one or more of these areas of automotive repair. Every automotive repair facility for which an application for certification has been made shall be required to meet certification standards in each area of automotive repair listed above in which it offers services.

This provision shall not be construed to prohibit an automotive repair facility that is certified in one area from performing emergency repairs in another area for which it is not certified if the safety of a motorist or others is involved, or from offering or performing repair work or related services in areas other than the areas listed above.

(3) Any certified automotive repair facility may sublet or

subcontract repair work in any area for which it is certified. The subcontractor need not be certified, but the certified automotive repair facility shall be responsible for the repairs performed by the subcontractor in the same manner as if the repairs were performed by the certified automotive repair facility. The bureau may place a ceiling on the percentage of repairs that a certified automotive repair facility may sublet, if the bureau deems it necessary to protect the integrity and purpose of the certification program.

(4) A dealer applying for certification who sublets or plans to sublet any part of the repairs in an area for which he or she seeks certification shall so state in his or her original application or by followup notification to the chief. Such a dealer shall not be required to employ a mechanic who meets the qualifications set forth in subdivision (a) of Section 9889.32 for that service area.

(b) A certification procedure that shall include an investigation by the bureau staff and a final decision by the chief that the automotive repair facility does or does not meet the minimum standards required for certification.

Any dealer whose facility has been denied certification shall be provided, pursuant to Section 9889.34, with a notice specifying why certification was denied and what the dealer may do to obtain certification.

A dealer whose application for certification has been denied because of specified deficiencies shall have the right to submit to the bureau evidence of the correction of such deficiencies and to request, in writing, that the application for certification be reevaluated in light of that evidence. The bureau shall be required to reevaluate an application for certification within three months after receiving a request to do so. A dealer shall be permitted to make only one request for reevaluation, but may apply for certification once every three months.

(c) A decertification procedure that shall include onsite and other inspections deemed necessary, and notification by the chief to the automotive repair dealer regarding those areas in which the facility fails to meet certification standards, and specifying any corrective action that must be performed by the dealer within a specified time period, not exceeding 30 days, in order to retain certification.

If, in the opinion of the chief, the dealer has failed to correct the deficiencies within the allotted time period, the chief may, pending any final decision on decertification, revoke the dealer's right to display on the premises, and may physically remove from the premises of the facility, any emblem or document of certification issued by the bureau.

A dealer whose facility has been decertified shall have the right to apply for recertification 180 days after all appeals have been taken and the decision regarding decertification has become final.

(d) An appeals procedure which shall provide an automotive repair dealer with the following two methods of appealing an adverse decision of the chief relating to decertification or refusal to

grant certification:

(1) A dealer whose application for certification has been denied or whose facility has been decertified shall have the right to appeal that decision to the board which after giving the dealer written notice of an opportunity to appear and present his or her case before the board, may, upon a majority vote of the full board, recommend to the chief that a decision of the chief regarding denial of certification or decertification be changed. If the dealer is not satisfied with the recommendation of the board, he or she may file an action pursuant to the provisions of the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code and the dealer shall have all the rights afforded under that act.

(2) A dealer whose application for certification has been denied or whose facility has been decertified shall also have the right to appeal that decision by bypassing an appeal to the board pursuant to paragraph (1) and instead directly filing an action pursuant to the provisions of the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code and the dealer shall have all the rights afforded under that act.

Notwithstanding any other provision of law, any action filed pursuant to this section and any documents related thereto shall become a matter of public record only under the conditions set forth in Section 9889.47.

(e) A procedure for annual recertification which shall be based on the current standards for certification.

9889.34. The bureau shall provide any dealer who has been denied certification or whose facility has been decertified with a notice specifying the areas in which the facility fails to meet certification standards, and specifying any corrective actions that must be completed by the dealer for certification or recertification.

9889.35. The bureau shall draw up a contract to be entered into by the bureau and each automotive repair dealer seeking certification, setting forth the conditions the facility must meet to obtain and maintain its certification, and the conditions under which the facility may lose its certification and regain it. The contract shall also require that the dealer abide by the bureau's decision or, if appealed, the decision of the chief, in resolving disputes with customers, following normal hearing and investigation by the bureau of such complaints.

9889.36. Each automotive repair dealer whose facility has been certified shall notify the bureau regarding any change in ownership, location, or type of repairs offered, or any other change which may significantly affect the ability of the facility to meet standards for certification or the requirements of the contract, and failure to so notify shall be grounds for decertification. The bureau shall review the change and determine whether the facility still meets certification standards.

9889.37. The emblem and document of certification which a certified facility is authorized to display pursuant to Section 9889.31 shall not be transferable. Upon a change of ownership the old owners shall return the emblem and document of certification to the bureau and the new owners shall apply for certification in accordance with this article.

9889.38. In the event of a customer complaint against a certified facility, the bureau staff shall, upon the request of the customer, render a proposed decision on the manner by which the complaint shall be resolved. The decision shall be limited to requiring the dealer to perform additional repairs on the vehicle or pay the aggrieved customer a cash equivalent of the cost of additional repairs to be performed. The dealer shall have the right to appeal any adverse proposed decision to the chief. The chief's decision on the matter shall be final and any failure to abide by the chief's decision shall be grounds for revocation of the facility's certification, provided, that in any appeal of such a decertification the chief's decision and the facts on which it was based shall be subject to review.

9889.39. The bureau shall, on a regular basis, monitor and inspect certified automotive repair facilities. These procedures of monitoring and inspection shall include, but not be limited to, the following:

(a) Onsite inspections of each certified facility, at least once each year, to determine whether the facility still meets certification standards.

(b) Establishment of some reliable measure of customer satisfaction, such as an annual random postcard or phone survey of each certified facility's customers, to determine the degree of satisfaction or dissatisfaction with the services provided by the facility.

(c) Establishment of an undercover car visitation program, if the chief finds such a program to be appropriate and necessary, and if other methods of monitoring and inspection have proved to be unsatisfactory.

(d) Coordination of the monitoring and inspection procedures with the bureau's regular complaint-handling procedures and, when feasible, with the complaint-handling procedures of other consumer service agencies, such as better business bureaus, automobile clubs, the District Attorney, and private and public consumer groups, to provide more information relevant to the chief's decision regarding certification or decertification.

9889.40. The chief shall decertify any automotive repair facility that no longer meets certification standards. However, any decertification shall only occur after an inspection of the facility and a recommendation by the bureau staff that the facility be decertified.

9889.41. The chief shall provide the board with monthly and yearly reports on the following:

(a) The number of dealers who have applied for the certification

of their facilities, the number of facilities which have received certification, and the number of facilities which have been denied certification, along with a general discussion of the reasons for denial. The reports shall include the names and addresses of those facilities which have received certification, but shall not include the names and addresses of facilities which have been denied certification.

(b) The number of facilities which have been decertified, along with a general discussion of the reasons for decertification. The reports shall include the names and addresses of those facilities which have been decertified.

9889.42. The board, on its own motion and after giving the dealer written notice of an opportunity to appear and present his or her case before the board, may, upon a two-thirds vote of the current board membership recommend to the chief that a decision of the chief regarding the approval, denial, or revocation of certification be changed.

9889.43. The bureau shall take all steps necessary to insure widespread public knowledge of the provisions of this article, both among automobile owners and among automotive repair dealers. These steps shall include the following:

(a) Notification of all registered automotive repair dealers in the pilot study area, at least once each year, regarding application and certification procedures, and other pertinent information.

(b) Publication of a booklet or circular containing the names of all automotive repair facilities that have been certified. The booklet shall be available within the pilot study area at all offices of the Department of Motor Vehicles, the bureau, and the Department of Consumer Affairs, and shall be made available to city, county, and private consumer services operations requesting them and to other outlets as the chief may determine.

(c) Dissemination to news media on a regular basis of the names of automotive repair facilities that have been granted certification.

9889.44. In support of this article, the bureau shall do the following:

(a) Establish a fee structure for dealers applying for certification, the income from which shall not exceed the reasonable costs of administration. The bureau shall consider alternative methods, including a flat fee structure, and a fee system based on gross volume or gross receipts of repair facilities.

(b) Establish a fee structure for annual renewals.

(c) Seek sources of outside funding such as federal moneys, foundation grants, and other sources.

9889.46. A dealer whose facility has been granted certification shall have all of the following powers and duties:

(1) He or she may advertise that the automotive repair facility is certified.

(2) He or she shall post the hours during which the facility is open to the public.

(3) He or she shall reply to all customer complaints within seven

calendar days, shall participate in complaint-resolution procedures when a complaint has been made against the facility, and shall promptly comply with any decision rendered under Section 9889.38.

9889.47. Notwithstanding any other provision of law, including any provision of the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code):

(a) The fact that a repair facility has applied for certification shall only become a matter of public record if (1) certification has been granted, or (2) the applicant has appealed a denial of certification to the board or pursuant to the Administrative Procedure Act (Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code).

(b) Only an applicant, and not the chief or the bureau staff, shall have the authority to disclose to any third party the fact that its application for certification has been denied or the reasons therefor.

(c) The fact that an automotive repair facility has been decertified shall become a matter of public record at the time of the chief's decision regarding decertification. The bases for and the details of the chief's decision regarding the decertification of any automotive repair facility, including any consumer complaints or investigation reports, shall only become a matter of public record if (1) the automotive repair dealer appeals the chief's decision to the board or pursuant to the Administrative Procedure Act (Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code), or (2) the automotive repair dealer agrees or asks that the information be made public.

9889.48. Notwithstanding Section 9889.20, the violation of any provision of this article by a dealer whose facility has been certified shall be grounds only for the decertification of the facility and shall not be grounds for the criminal punishment of the dealer.

SEC. 4. The Office of the Legislative Analyst shall prepare a report for the Legislature within three months prior to the termination date of the project, analyzing (1) the program costs, (2) the program effectiveness, and (3) the applicability of the program for statewide use, or for limited use in portions of the state.

SEC. 5. This act shall become operative on July 1, 1983.

35788. Upon application to the Director of Transportation for permission to use and operate on highways private or contract vehicles for the purpose of hauling loads which weigh in excess of the maximum load weight limits, the director may enter into an agreement with the applicant, permitting such overloads, specifying protective restrictions and providing for the payment of a financial contribution for the issuance of such permission, except that the overload shall not exceed 25 percent of the maximum load weight limitation, in pounds, set forth in this code. The agreement shall not permit the applicant to transport such excess weight loads on highways for distances exceeding 75 miles. All contributions received by the Department of Transportation shall be used for the construction, improvement, or maintenance of the highway designated in the permission to operate overweight loads. Sections 188 and 188.8 of the Streets and Highways Code does not apply to contributions received pursuant to this section, and any expenditures of the contributions by the department shall not be credited against amounts required to be expended pursuant to Sections 188 and 188.8 of the Streets and Highways Code.

(b) A public agency, in the exercise of its discretion in granting permits for the movement of overwidth manufactured homes, and in considering the individual circumstances of each case, may use merchandising or relocation of residence as a basis for movement for good cause.

(c) (1) The application for a special permit shall specifically describe the manufactured home to be moved and the particular highways over which the permit to operate is requested.

(2) The application for an annual permit shall specifically

describe the power unit to be used to tow the overwidth manufactured homes and the particular highways over which the permit to operate is requested. The annual permit shall be subject to all of the conditions of this section and any additional conditions imposed by the public agency.

(d) The Department of Transportation or local authority may establish seasonal or other time limitations within which a manufactured home may be moved on the highways indicated, and may require an undertaking or other security as it deems necessary to protect the highways and bridges from injury or to provide indemnity for any injury resulting from the operation.

The application for such a permit shall indicate the complete route of the proposed move and shall specify all cities and counties which have approved the move. This paragraph shall not be construed to require the Department of Transportation to verify the information provided by an applicant with respect to movement on streets or highways under local jurisdiction.

(3) It is a violation of any permit, which is issued by the Department of Transportation and which authorizes a move only on a state highway, for that move to be extended to a street or highway under the jurisdiction of a city or county unless the move has been approved by the city or county.

(f) The Department of Transportation, in cooperation with the Department of the California Highway Patrol, or the local authority may establish additional reasonable permit regulations as they may deem necessary in the interest of public safety, which regulations shall be consistent with this section.

(g) Every permit, the consent form as required by Section 18082 of the Health and Safety Code, and a copy of the tax clearance certificate, certificate of origin, or dealer's notice of transfer, when such certificate or notice is required to be issued, shall be carried in the manufactured home or power unit to which it refers and shall be open to inspection by any peace officer or traffic officer, any authorized agent of the Department of Transportation, or any other officer or employee charged with the care and protection of the highways.

(h) It is unlawful for any person to violate any of the terms or conditions of any permit.

CHAPTER 829

An act to amend Sections 843 and 848 of the Unemployment Insurance Code, relating to unemployment insurance.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982]

The people of the State of California do enact as follows:

SECTION 1. Section 843 of the Unemployment Insurance Code is amended to read:

843. Any election for financing coverage under this article shall take effect with respect to services performed from and after the first day of the calendar quarter in which the election is filed with the director, and shall continue in effect for not less than two full calendar years. Thereafter, the election under this article may be terminated as of January 1 of any calendar year only if the local public entity, on or before the 31st day of January of that year, or on or before the 30th day after the effective date of this section, has filed with the director a written application for termination. The director may for good cause waive the requirement that a written application for termination shall be filed on or before the 31st day of January. An election for financing coverage under this article is deemed to have been filed by every local public entity effective as of January 1, 1976, is deemed to have been in effect for two calendar years prior to

January 1, 1978, and may be terminated as of January 1, 1978, or as of January 1, 1980, or any later January 1, pursuant to this section. Upon the termination of any election under this section, the director shall determine the positive balance, if any, in the Local Public Entity Employees Fund attributable to the account of the local public entity terminating such election, following the expiration of the last week for which benefits could be paid based upon wages paid by such local public entity. Not later than 180 days after the last week for which benefits could be paid based upon wages paid by the local public entity terminating an election under this section, the director shall refund from the Local Public Entity Employees Fund to the local public entity any remaining positive balance after all benefits liability of such local public entity has been charged to such local public entity's account. The local public entity shall be and remain liable to the Unemployment Fund for all benefits paid based upon wages paid by such local public entity during the period of an election under this section. The local public entity shall also be liable to repay the Local Public Entity Employees Fund for any negative balance in the local public entity's account at the time of termination of the election.

The negative balance shall be repaid and deposited in the fund, with interest at the rate of 1 percent per month or fraction thereof from the date of termination of the election until paid, not later than three years after the date of termination of the election. A penalty of 10 percent of the amount not paid, exclusive of interest, shall apply at the expiration of the three-year period for payment and shall be deposited in the fund together with interest on the delinquency at the rate specified by this section.

Any local public entity terminating its election under this article is not eligible to file a subsequent election under this article unless the entity repays and deposits in the Local Public Entity Employees Fund any negative balance in the entity's account at the time of termination, together with any interest or penalties due under this section.

SEC. 2. Section 848 of the Unemployment Insurance Code is amended to read:

848. (a) For each fiscal year each local public entity, through its city, county, or district auditor or other responsible officer or person, shall remit on or before the last day of the calendar month following the close of each calendar quarter, to the State Treasurer for deposit in the Local Public Entity Employees Fund in the State Treasury, an amount computed by multiplying the tax rate by total wages as defined by Section 940. Notwithstanding any other provision of this article, to the extent permitted by federal law, no payment shall be required from any local public entity with respect to any wages paid to any individual to the extent that federal law provides for reimbursement to the State of California for all benefits paid from the Unemployment Fund to such individual based on such wages.

(b) No payments shall be required from any local public entity

under this section prior to the fiscal year 1978–79. The director shall, not later than January 31st preceding each fiscal year commencing with the 1981–82 fiscal year, determine and notify each local public entity of the tax rate to apply for such fiscal year.

(c) As used in this section, "benefit cost ratio" means the quotient obtained by dividing the average annual benefit charges to the account of a local public entity for the three complete fiscal years ending with the second next fiscal year immediately preceding a fiscal year by the average annual wages (as defined by Section 940) paid by such local public entity during such three fiscal years, multiplied by 100 to express a percentage and rounded to the next higher one-tenth of 1 percent.

(d) A local public entity's tax rate shall be four-tenths of 1 percent until the expiration of the first three complete fiscal years of the entity's participation in the Local Public Entity Employees Fund. A local public entity's tax rate for the fourth fiscal year of such participation shall be its benefit cost ratio, based on average benefit charges and wages for the first two fiscal years, rather than three fiscal years of participation. A local public entity's tax rate for the fifth fiscal year, and each succeeding fiscal year, of its participation in such fund shall be its benefit cost ratio, subject to the following adjustments:

(1) If the local public entity has no positive balance of reserve in its account as of the close of the second next preceding fiscal year, two-tenths of 1 percent shall be added to the benefit cost ratio.

(2) If the local public entity has a positive balance of reserve in its account as of the close of the second next preceding fiscal year in excess of one and one-half times the average annual benefit charges for the three fiscal years ending with such second next preceding fiscal year or five hundred dollars ($500), whichever is greater, two-tenths of 1 percent shall be subtracted from the benefit cost ratio, but the tax rate shall not be less than zero.

(3) If there is no positive balance in the Local Public Entity Employees Fund as of the December 31st preceding the fiscal year to which the tax rate applies, two-tenths of 1 percent shall be added to the tax rate otherwise applicable.

(e) If the administrator finds that the ability of the Local Public Entity Employees Fund to meet its estimated obligations promptly when due will become endangered, he or she shall from time to time increase any contribution rate otherwise provided by this section to a level estimated to be needed to protect the solvency of the fund and shall notify all local public entities participating in the fund of any increased contribution rate under this authority.

CHAPTER 830

An act to amend Sections 1652, 1655, and 4453.6 of the Vehicle Code, relating to the Department of Motor Vehicles.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982]

The people of the State of California do enact as follows:

SECTION 1. Section 1652 of the Vehicle Code is amended to read:

1652. (a) The department shall prescribe and provide suitable forms of applications, certificates of ownership, registration cards, drivers' licenses, and all other forms requisite or deemed necessary for the purposes of this code and shall prepay all transportation charges thereon.

(b) The department may require that any application or document filed with the department be signed and submitted under penalty of perjury.

SEC. 2. Section 1655 of the Vehicle Code is amended to read:

1655. (a) The director, a deputy director, the chief and assistant chief of the Division of Compliance of the department, and the investigators of the department shall have the powers of peace officers for the purpose of enforcing those provisions of law now or hereafter committed to the administration of the department or enforcing the law on premises occupied by the department.

(b) Any person designated in subdivision (a) may inspect any vehicle of a type required to be registered under this code, or any component part thereof, in any garage, repair shop, parking lot, used car lot, automobile dismantler's lot, steel mill, scrap metal processing facility, or other establishment engaged in the business of selling, repairing, or dismantling vehicles, or reducing vehicles or the integral parts thereof to their component materials for the purpose of investigating the title and registration of the vehicle, inspecting wrecked or dismantled vehicles, or locating stolen vehicles.

SEC. 3. Section 4453.6 of the Vehicle Code is amended to read:

4453.6. On request of any member of the California Highway Patrol, any regularly employed and salaried police officer or deputy sheriff, or any employee or officer of the department specified in Section 1655, who is conducting an investigation of a public offense, the lessor of a vehicle shall furnish the name and address of the lessee of a vehicle if that information does not appear on the registration card.

CHAPTER 831

An act relating to public programs.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) County governments are finding it increasingly difficult to absorb the high cost of large numbers of state-mandated programs.

(b) State and county government financing has undergone major changes since 1978. Articles XIII and XIII B of the State Constitution and the effects of state mandates upon local governments have altered the fiscal landscape of government in California.

(c) Rapid inflation in health care costs has further increased county costs, which are only partially reimbursed by the state. In addition, many counties are required to expend increasing amounts of local revenues for jails, law enforcement, and criminal justice programs.

(d) The uncertain future of federal funding for county health and welfare programs, coupled with proposed cuts in federal Medi-Cal funding, may force counties to absorb additional costs to maintain health and human service programs.

SEC. 2. It is the intent of the Legislature that administrative, service, and funding responsibilities be revised and distributed among state and county agencies in order to:

(a) Make the financing of human service programs the responsibility of the level of government that is best able to support them.

(b) Locate the authority to make decisions about the level and type of services to be offered close to the people being served.

(c) Eliminate costly, duplicative layers of program administration.

(d) Reduce overhead costs associated with unnecessary state requirements.

SEC. 3. In order to reduce the overhead costs of dual administration and to fix the responsibility for funding and managing human service programs at the most appropriate level of government, it is the intent of the Legislature that the governance of certain programs be either the responsibility of the state or the counties unless as a result of the study required by this act, other means of governance are recommended. For purposes of this act, the term "governance" consists of the following five elements:

(a) The authority to define and promulgate program standards.

(b) The authority to establish eligibility criteria.

(c) The authority to evaluate and audit programs.

(d) The authority to approve budgets and allocate funds.

(e) The authority to establish tax rate and fees.

SEC. 4. The purpose of this act is to initiate actions to determine the appropriate location of responsibility, for each of the five elements of governance enumerated in Section 3, for certain human service programs.

The Legislature recognizes that thorough study and public deliberations will be required to develop detailed statutory and administrative changes to accomplish any transfers of governance responsibilities, and to assure that the state and county administrative requirements will be streamlined while persons are not denied vital services. It is the intent of the Legislature that these deliberations be completed in time to determine an appropriate realignment of governance responsibilities for fiscal year 1984–85.

SEC. 5. The Director of the Assembly Office of Research shall perform and coordinate the following activities:

(a) Establish a project team with staff assigned to develop recommendations for governance of each of the programs enumerated in Section 7.

(b) Establish a schedule of regular meetings with staff and appropriate committees of the County Supervisors Association of California.

(c) Inform and work with the following legislative committees:

(1) Assembly Committee on Aging.

(2) Assembly Committee on Health and the Assembly Subcommittee on Mental Health and Developmental Disabilities.

(3) Assembly Committee on Human Services.

(4) Assembly Committee on Local Government.

(5) Assembly Select Committee on County Government.

(6) Assembly Committee on Ways and Means (Subcommittee No. 1—Health and Welfare).

(7) Senate Committee on Health and Welfare.

(8) Senate Committee on Local Government.

(9) Senate Select Committee on Children and Youth.

(10) Senate Committee on Finance (Subcommittee No. 3—Health and Welfare).

(e) Hold meetings with, and solicit comments from, the following agencies and organizations:

(1) State Department of Aging.

(2) State Department of Alcohol and Drug Programs.

(3) State Department of Health Services.

(4) State Department of Mental Health.

(5) State Department of Social Services.

(6) State Commission on Aging.

(7) County Administrative Officers Association of California.

(8) Conference of Local Mental Health Directors.

(9) Conference of Local Health Officers.

(10) California Welfare Directors Association.

(11) County Alcoholism Program Directors.
(12) County Drug Abuse Program Coordinators.
(13) State Mental Health Advisory Board.
(14) Health and Welfare Agency.
(15) Such private consumer and provider organizations as may express interest in one or more of the programs enumerated in Section 7.

(f) Provide the Legislature with any recommendations that might be available by February 1, 1983, for legislative and administrative action to implement the transfers of fundings responsibility, taking into account the factors enumerated in Sections 6 and 7.

The State Department of Finance and the Legislative Analyst's office shall provide such assistance and information as may be required by the project team designated by the Assembly Office of Research.

SEC. 6. The Assembly Office of Research shall prepare recommendations for legislative and administrative action to establish responsibility for the elements of program governance affecting program standards, eligibility, and regulation, as defined in subdivisions (a), (b), (c), and (d) of Section 3.

Recommendations shall include:

(a) Changes required in state law to conform to changes in federal law (including block grants) that affect programs listed in Section 7.

(b) Proposals for modifying or repealing state requirements for administering programs for which recommendations are submitted to transfer governance to the counties, including, but not limited to:
(1) Planning requirements.
(2) Advisory bodies.

(f) An analysis of current eligibility requirements and grant levels provided by the counties pursuant to Part 5 (commencing with Section 17000) of Division 9 of the Welfare and Institutions Code and an analysis of the impact of court decisions affecting the eligibility requirements and grant levels.

(g) Proposals for the governance of medical assistance provided to indigent adults pursuant to Part 5 (commencing with Section

17000) of Division 9 of the Welfare and Institutions Code, consistent with methods that may be adopted by the Legislature for funding services for the medically indigent pursuant to Section 14052 of the Welfare and Institutions Code.

SEC. 7. The final report required pursuant to subdivision (f) of Section 5 shall also contain an analysis of the full fiscal impact, on the state and on each county, of transfers of financial responsibility, as defined in subdivision (d) of Section 3 including:

(a) An analysis of the fiscal impact of state assumption of responsibility for funding the nonfederal share of the following programs which have been proposed by representatives of the County Supervisors Association of California:

(1) Administration of the Aid to Families with Dependent Children program, provided pursuant to Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code, except for that portion used to administer aid to children placed in foster care.

(2) Assistance payments provided by the Aid to Families with Dependent Children program under the family group and unemployed parent components pursuant to subdivision (a) and the first and second paragraphs of subdivision (f) of Section 11450 of the Welfare and Institutions Code.

(3) Administration of the Food Stamp Program pursuant to Chapter 10 (commencing with Section 18900) of Part 6 of Division 9 of the Welfare and Institutions Code.

(4) Aid and medical assistance granted to indigent persons pursuant to Part 5 (commencing with Section 17000) of Division 9 of the Welfare and Institutions Code.

(5) In-home supportive services provided pursuant to Article 7 (commencing with Section 12300) of Part 3 of Division 9 of the Welfare and Institutions Code.

(6) Protective services for adults provided pursuant to Article 6 (commencing with Section 12250) of Part 3 of Division 9 of the Welfare and Institutions Code.

(7) In-home supportive services for adults provided pursuant to Article 6 (commencing with Section 12300) of Part 3 of Division 9 of the Welfare and Institutions Code, and out-of-home services provided pursuant to Chapter 6.5 (commencing with Section 13900) of Part 3 of Division 9 of the Welfare and Institutions Code.

(8) Separate administrative units pursuant to Section 11300 of the Welfare and Institutions Code and Section 402 (a) (19) (G) of the Social Security Act.

(9) Municipal and superior courts.

(b) In order to offset the increased state costs of state assumption of programs proposed by the County Supervisors Association of California, the final report shall also include an analysis of the revenue shifts proposed by the County Supervisors Association and an analysis of the fiscal impact of changing the state-county funding ratios or of total county assumption of responsibility for funding the

nonfederal share of the following programs, effective July 1, 1984:

(1) Community care licensing required by Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code.

(2) Community mental health services provided pursuant to Division 5 (commencing with Section 5000) of the Welfare and Institutions Code, but excluding the treatment of persons committed judicially pursuant to Part 2 (commencing with Section 6250) of Part 2 of Division 6 of the Welfare and Institutions Code.

(6) Protective services for children, as defined in Section 16502.5 of the Welfare and Institutions Code.

CHAPTER 832

An act to add and repeal Section 11310.5 of the Welfare and Institutions Code, relating to aid to families with dependent children, and making an appropriation therefor.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that a significant portion of the recipients under the Aid to Families with Dependent Children program are competent able-bodied adults with dependent children who face barriers in achieving economic independence and security due to limited job skills and inadequate employment opportunities.

The Legislature also finds and declares that lack of affordable child care, both center and family day care, is a primary reason that heads of households of recipients under the Aid to Families with Dependent Children program (who are mainly women) are remaining outside the job force.

Therefore, it is the intent of this legislation to:

(a) Provide child care for recipients under the Aid to Families with Dependent Children program who are also participants in job training programs.

(b) Provide training to recipients under the Aid to Families with Dependent Children program who wish to become providers of child care, including assistance in obtaining appropriate licenses and job placement.

(c) Provide further employment assistance to recipients under the Aid to Families with Dependent Children program who have not been successful in gaining employment through a program of job search assistance.

(d) Provide employment assistance to recipients under the Aid to Families with Dependent Children who have not received employment search services under the Work Incentive Program or the Employment Preparation Program because of the lack of availability of these programs in the area or because the recipient was not referred to one or more of these programs due to a determination that the person would not be likely to succeed in obtaining employment with these services.

It is also the intent of the legislature to provide a program which seeks to encourage recipients under the Aid to Families with Dependent Children program into jobs rather than encouraging them to remain home and dependent on public assistance. It is believed that a program of this nature will positively affect the lives of both the children and adults. A goal of this act is to impact children in a way that their experience will be positive and strengthening as future members of society and that the program's impact on families will be positive.

Finally, it is the intent of the Legislature to reduce the growth in public assistance costs by assisting people to develop skills which will lead to entry-level employment in the private sector.

SEC. 2. Section 11310.5 is added to the Welfare and Institutions Code, to read:

11310.5. (a) The Employment Development Department, with the full cooperation of the State Department of Social Services, shall oversee the development of one demonstration project. The demonstration program shall be coordinated with a program operating under Article 3.7 (commencing with Section 11340).

The Employment Development Department may, at the option of a county, contract with that county, or with agencies within the county, to provide work opportunities for parents receiving aid under this chapter and meeting the criteria described in the legislative findings, as set forth in Section 1 of the act which added

this section to the Welfare and Institutions Code.

Entities with which the Employment Development Department may contract include, but are not limited to, a government day care center, a nonprofit day care program, or a private day care center.

Participation shall be optional, and shall be limited to recipients who are WIN registrants unless the project is implemented in a non-WIN county.

(b) Work assignments provided under this section shall provide all of the following:

(1) The area prevailing wage for similar occupations.

(2) Appropriate standards for health, safety, and other conditions applicable to the performance of work.

(3) Assignments which do not result in displacement of persons currently employed, or the filling of established unfilled position vacancies.

(4) Reasonable conditions of work, taking into account the geographic region, the residence of the participants, and the proficiency of the participants.

(5) Participants shall not be required to travel an unreasonable distance from their homes or remain away from their homes overnight.

(c) Any funds appropriated to the Employment Development Department by the Legislature may be made available for the following purposes:

(1) Rent for facility or facilities.

(2) Salaries for personnel.

(3) Instructional materials.

(4) Placement services, including job placement and child placement.

(5) Intake and assessment of applicants, including a criminal record check.

(d) Any moneys appropriated for purposes of this section shall be available as matching funds to attract grants from other sources for the demonstration project. Involved state departments, including the Employment Development Department, the State Department of Social Services, and the State Department of Education, shall seek federal and other appropriate funds to implement provisions of this section and shall, to the extent possible, attempt to coordinate with other entities, including profit and nonprofit private organizations, as a means of attracting moneys.

In addition, the State Department of Social Services shall be authorized to seek the necessary federal approval or waivers to incorporate welfare grant diversion if appropriate to provide partial financing for this project. Implementation of the project shall be contingent on the department's securing enough funding, in addition to the General Fund appropriation available for this program, to support a program providing child care for at least 25 children.

(e) The Employment Development Department, in cooperation

with the State Department of Social Services, shall study the project set forth in this section and shall report to the Legislature not later than February 1, 1985. That report shall include, but shall not be limited to, all of the following:

(1) An evaluation of the training and placement activities of the program.

(2) An evaluation of followup data on program clients.

(3) An assessment of the cost effectiveness of the program.

(4) Recommendations for amending, repealing, or expanding this section.

(f) This section shall be operative until June 30, 1986, and as of that date is repealed.

SEC. 3. The sum of twenty-four thousand five hundred dollars ($24,500) is hereby appropriated from the General Fund to the Employment Development Department for purposes of this act.

CHAPTER 833

An act to amend Section 295 of the Health and Safety Code, relating to health.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 295 of the Health and Safety Code is amended to read:

295. (a) Except as otherwise provided in subdivision (b), no person shall sell, offer for sale, give away, distribute, or otherwise furnish materials intended to determine the presence of pregnancy, unless such person has obtained a certificate of acceptability from the state department declaring that such materials have been approved as to efficacy and safety by the state department.

(b) Subdivision (a) shall not apply to materials intended to determine the presence of pregnancy, which are sold, offered for sale, given away, distributed, or otherwise furnished to a physician and surgeon licensed to practice in this state, a pharmacist licensed to practice in this state, a licensed primary care clinic, a licensed health facility, or a public health agency.

(c) Any person other than a person described in subdivision (b) who intends to sell, offer for sale, give away, distribute or otherwise furnish materials intended to determine the presence of pregnancy shall first make application to the state department for certification of such materials. The state department shall also require that an application for certification shall be accompanied by samples of any materials which are the subject of the application as the state department may reasonably require.

Any violation of this section is a misdemeanor.

CHAPTER 834

An act to amend Section 2015.3 of the Code of Civil Procedure, and to amend Section 1305 of, and to add and repeal Section 1305.1 of, the Penal Code, relating to bail.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 2015.3 of the Code of Civil Procedure is amended to read:

2015.3. The certificate of a sheriff, marshal, or constable, or the clerk of the superior, municipal, or justice court, has the same force and effect as his or her affidavit.

SEC. 2. Section 1305 of the Penal Code is amended to read:

1305. (a) If, without sufficient excuse, the defendant neglects to appear for arraignment or for trial or judgment, or upon any other occasion when his presence in court is lawfully required, or to surrender himself in execution of the judgment, the court must direct the fact to be entered upon its minutes and the undertaking of bail, or the money deposited instead of bail, as the case may be, must thereupon be declared forfeited, and, if the amount of the forfeiture exceeds one hundred dollars ($100), the clerk of the court shall, promptly upon entering the fact of such failure to appear in the minutes, mail notice of the forfeiture to the surety on the bond or depositor of money instead of bond, and shall execute a certificate of such mailing and place it in the court's file in the case. If the surety is an authorized corporate surety insurer, and if the bond has plainly printed or stamped thereon the address of its principal office, such notice shall be mailed to such surety at such address, and mailing to the bail agent or solicitor who posted the bond shall not constitute compliance with this section; the clerk shall at the same time send a copy of such notice to the bail agent or solicitor who posted the bond. If the clerk fails to mail such notice within 30 days after such entry, the surety or depositor shall be released from all obligations under the bond.

But if at any time within 180 days after such entry in the minutes or, if mailing of notice of forfeiture is required, within 180 days after mailing such notice of forfeiture, the defendant and his bail appear, and satisfactorily excuse the defendant's neglect or show to the satisfaction of the court that the absence of the defendant was not with the connivance of the bail, the court shall direct the forfeiture of the undertaking or the deposit to be discharged upon such terms as may be just, and may order the bail reinstated and the defendant

released again on the same bond. If at any time within 180 days after such entry in the minutes or mailing as the case may be, the bail should surrender the defendant to the court or to custody, the court shall direct the forfeiture of the undertaking or the deposit to be discharged upon such terms as may be just.

If within 180 days after such entry in the minutes or mailing as the case may be, it is made to appear to the satisfaction of the court that the defendant is dead or is otherwise permanently unable to appear in court due to illness, insanity, or detention by civil or military authorities, and that the absence of the defendant was not with the connivance of the bail, the court shall direct the forfeiture of the undertaking or the deposit to be discharged upon such terms as may be just. If within 180 days after such entry in the minutes or mailing as the case may be, it is made to appear to the satisfaction of the court that the defendant is temporarily disabled by reason of illness, insanity, or detention by civil or military authorities and is therefore unable to appear in court at any time during the remainder of such 180 days, and that the absence of the defendant has not been with the connivance of the bail, then the period of time during which the disability continues shall not be deemed part of such 180 days. Upon a finding by the court that a reasonable period of time is necessary in order to return the defendant to court upon the termination of the disability, then such period of time, as fixed by the court, shall not be deemed part of such 180 days.

Unless waived by the district attorney or other prosecuting attorney, no order discharging the forfeiture of the undertaking or deposit shall be made without opportunity for hearing and the filing of a notice of motion for such order setting forth the basis for relief, with proof of service upon the district attorney or other prosecuting attorney at least 10 days prior to the time set for hearing of the motion and otherwise in compliance with the provisions of Section 1010 of the Code of Civil Procedure. Such notice may be given by the surety insurer, its bail agent, the surety, or depositor of money, any of whom may give such notice and appear either in person or by attorney. Such notice of motion must be filed within 180 days after such entry in the minutes or mailing as the case may be, and must be heard and determined within 30 days after the expiration of such 180 days, unless the court for good cause shown, shall extend the time for hearing and determination.

(b) If, without sufficient excuse, the defendant neglects to appear for arraignment, trial, judgment, or upon any other occasion when his presence in court is lawfully required, or to surrender himself in execution of the judgment, but the court has reason to believe that sufficient excuse may exist for his neglect to appear or surrender himself, the court may continue the case for such period as it deems reasonable to enable the defendant to appear without ordering a forfeiture of bail or issuing a bench warrant.

SEC. 3. Section 1305.1 is added to the Penal Code, to read:

1305.1. If an assessment is made a condition of discharging the

forfeiture under Section 1305, and the bail agent or depositor is not present in court, the clerk of the court shall within 30 days mail notice thereof to the surety or depositor at the address of its principal office and shall execute a certificate of mailing and place it in the court's file in the case. The time limit for payment shall in no event be less than 30 days after the date of mailing of such notice.

If the assessment has not been paid by the date specified, the court shall determine if a certificate of mailing has been executed, and if none has, the court shall cause a notice to be mailed to the surety or depositor, and said surety or depositor shall be allowed an additional 30 days to pay the assessment.

SEC. 4. Section 3 of this act shall remain in effect only until January, 1, 1988, and shall have no force or effect on or after such date, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends such date.

SEC. 5. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 835

An act to add Section 12921.3 to the Insurance Code, relating to insurance.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 12921.3 is added to the Insurance Code, to read:

12921.3. The commissioner, in person or through employees of the department, shall receive and, as appropriate, investigate and respond to complaints by members of the public concerning the handling of insurance claims by insurers, or alleged misconduct by insurers or production agencies.

The commissioner, as he or she deems appropriate, shall provide for the education of, and dissemination of information to, members of the general public or licensees of the department concerning insurance matters.

CHAPTER 836

An act to amend Section 89900 of the Education Code, relating to the California State University.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 89900 of the Education Code is amended to read:

89900. (a) A certified public accountant shall be selected by each auxiliary organization described in Section 89901. Upon being notified of the certified public accountant selected by an auxiliary organization, the office of the chancellor shall forward the applicable auditing and reporting procedures to the selected certified public accountant. In accordance with procedures prescribed by the Department of Finance, such certified public accountant shall annually audit any and all state university or college auxiliary funds. The auxiliary organizations shall contract for and receive such audit annually, and shall submit such audit to the trustees and to the Director of Finance. Auxiliary organizations shall annually publish an audited statement of their financial condition which shall be disseminated as widely as feasible and be available to any person on request. In the case of an auxiliary organization primarily serving a single campus of the California State University, publication in the campus student newspaper shall be deemed compliance with this requirement. In the case of an auxiliary organization serving the Trustees of the California State University, distribution of the published audited statement of its financial condition at a regularly scheduled meeting of the trustees shall be deemed compliance with this requirement.

(b) In the case of an auxiliary organization primarily serving a single campus of the California State University, the president of that state university shall be responsible for ascertaining that all expenditures are in accordance with policies of the trustees, the propriety of all expenditures, and the integrity of the financial reporting, made by auxiliary organizations.

(c) The operation of auxiliary organizations shall be conducted in conformity with regulations established by the trustees, and the accounting procedures of such auxiliary organizations shall be approved by the Director of Finance. The regulations shall include provisions requiring the governing board of each auxiliary organization to provide salaries, working conditions and benefits, for the full-time employees of each auxiliary organization which are comparable to those provided California State University employees performing similar services; provided, however, that the regulations may permit retirement benefits or permanent status benefits or both

to be withheld from temporary and executive employees of each auxiliary organization, and provided further that the regulations may exempt from the requirement of providing retirement benefits any auxiliary organization that is funded primarily by mandatory student fees collected by the trustees. For the purposes of this subdivision, a temporary employee is (a) an employee employed for a research project, workshop, institute, or other special project funded by any grant, contract or gift; or (b) an employee whose contract of employment is for a fixed term not exceeding three years. For the purposes of this subdivision, an executive employee is any management employee with responsibility for the development and execution of auxiliary organization policy and includes, but is not limited to, general managers, business managers, directors, and the like. For purposes of this subdivision, "full-time employee" means a person who is employed in a permanent position for 40 hours per week or for the required number of hours of a particular work shift, whichever is the lesser. Persons employed on a temporary, intermittent, irregular time base, or on a limited term basis are not "full-time employees," unless those employees are engaged on a continuing 10-month or academic year basis and are employed for 40 hours per week or for the required number of hours of a particular work shift, whichever is the lesser. For those full-time employees whose duties are not comparable to classes in California State University employment the salaries established shall be at least equal to the salaries prevailing in other educational institutions in the area or commercial operations of like nature. This requirement shall apply to full-time employees of auxiliary organizations even if there are no California State University employees performing similar services.

(d) Retirement benefits may be provided by other than the Public Employees' Retirement System. A contract for participation in the Public Employees' Retirement System in accordance with the terms and conditions of the public employees' retirement law shall be deemed to satisfy fully the requirements of subdivision (c) with respect to retirement.

Notwithstanding anything in subdivision (c) to the contrary, the regulations established by the trustees may exempt the governing board of any newly created auxiliary organization from the requirement of providing retirement benefits for a period not to exceed three years from the date that the auxiliary organization is established.

The public adviser shall assist members of the public and ratepayers who desire to testify before or present information to the commission in any hearing or proceeding of the commission open to the public.

SEC. 2. The Legislature recognizes that the Public Utilities Commission must redirect existing resources to accomplish the tasks and purposes required by Section 1 of this act, and hereby directs the commission to report to the Legislature pursuant to Section 28 of the Budget Act of 1982 (Ch. 326, Stats. 1982) those activities which will be curtailed or eliminated, notwithstanding any other provision of law which requires those activities, in order to accomplish the purposes of this act.

CHAPTER 838

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 10 of the Code of Civil Procedure is amended to read:

10. Holidays within the meaning of this code are every Sunday and such other days, other than the holiday specified in subdivision (c) of Section 6700 of the Government Code, as are specified or provided for as holidays in Chapter 7 (commencing with Section 6700) of Division 7, Title 1 of the Government Code.

SEC. 2. Section 12a of the Code of Civil Procedure is amended to read:

12a. If the last day for the performance of any act provided or required by law to be performed within a specified period of time shall be a holiday, then such period is hereby extended to and including the next day which is not a holiday. The term "holiday" as used herein shall mean all day on Saturdays, all holidays specified in Section 6700 and 6701 of the Government Code, other than the holiday specified in subdivision (c) of Section 6700 of the Government Code, and, to the extent provided in Section 12b, all days which by terms of Section 12b are required to be considered as holidays; provided, however, that for a period of time expiring prior to January 1, 1952, time shall be computed and extended in accordance with the provisions of this section as they existed on January 1, 1951.

This section applies also to Sections 659, 659a, 946, and 974 through 982, and the periods of time severally therein prescribed or provided for, and to all other provisions of law, however stated or wherever expressed, providing or requiring an act to be performed on a particular day or within a specified period of time. The mention of these sections is not intended and shall not be construed to exclude the application of this section to such other provisions of law, whether the latter are expressed in this or any other code or statute, ordinance, rule, or regulation.

SEC. 3. Section 134 of the Code of Civil Procedure is amended to read:

134. No court, other than the Supreme Court and the courts of appeal, shall be open for the transaction of judicial business on any day specified or provided for as a holiday by Chapter 7 (commencing with Section 6700) of Division 7, Title 1 of the Government Code other than a holiday specified in subdivision (c) of Section 6700 of the Government Code and other than a special holiday or, in counties wherein county offices are, pursuant to ordinance, open for the transaction of county business on such election days, on a day on which an election is held throughout the state, except for the following purposes:

1. To give, upon their request, instructions to a jury when deliberating on their verdict;

2. To receive a verdict or discharge a jury;

3. For the exercise of the powers of a magistrate in a criminal action, or in a proceeding of a criminal nature.

Injunctions and writs of prohibition may be issued and served on any day.

SEC. 4. Section 135 of the Code of Civil Procedure is amended to read:

135. On all special holidays, as the term "special holidays" is used in Section 6705 of the Government Code, the courts of this state shall be open for the transaction of any and all judicial business. If any day specified or provided for as a holiday in Chapter 7 (commencing with Section 6700) of Division 7, Title 1 of the Government Code, other than the holiday specified in subdivision (c) of Section 6700 of

the Government Code and other than a special holiday or, in counties wherein county offices are, pursuant to ordinance, open for the transaction of county business on such election days, on a day on which an election is held throughout the state, happens to be the day appointed for the holding or sitting of a court, or to which it is adjourned, it shall be deemed appointed for or adjourned to the next day.

SEC. 5. Section 6700 of the Government Code is amended to read:

6700. The holidays in this state are:

(a) Every Sunday.

(b) January 1st.

(c) January 15th, known as "Dr. Martin Luther King, Jr. Day."

If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

The board of supervisors of any county may by ordinance or resolution alter the date of any holiday designated in (c), (d), (e), (g), (h), (i), (j), or (k) applicable to the superior, municipal, and justice courts in such county. Provided, however, that any such altered holiday shall not be considered a holiday or a day on which a court is not in session for purposes of taking criminal defendants before a magistrate as provided in Section 825 of the Penal Code.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act is intended to clarify legislation enacted in 1981. The

holiday specified in this act was inadvertently included in a 1931 statute as a day when the courts were to be closed. It is the intent of the Legislature, because of the importance of having the courts open to conduct their essential business, to make it clear, at the earliest possible time, that the courts are to remain open on that day. It is therefore necessary that this act take immediate effect.

CHAPTER 839

An act to amend Section 27351 of, and to add Article 3.3 (commencing with Section 27360) to Chapter 5 of Division 12 of, the Vehicle Code, relating to child seat restraints.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 27351 of the Vehicle Code is amended to read:

27351. (a) The secretary shall prepare and disseminate materials for the purpose of educating the public about the importance of using seat restraints for infants and children under 15 years of age who are passengers in motor vehicles. The materials shall include, but not be limited to, audiovisual aids and written materials which explain the effects of motor vehicle accidents on infant and child health and the reduction in risk of injury or death as a result of the utilization of seat restraints for infants and children. In addition, the secretary shall prepare and disseminate radio and television messages which explain the effects of motor vehicle accidents on infant and child health and urge the use of seat restraints for infants and children. No more than 20 percent of any funds expended pursuant to this subdivision shall be expended for administrative purposes.

(b) Within one year after commencement of the public education campaign specified in subdivision (a), the secretary shall enter into an arrangement with appropriate law enforcement agencies to issue, at their discretion, except as provided under Article 3.3 (commencing with Section 27360), an oral hazard warning to any person who operates any motor vehicle, or combination of vehicles, if, after the vehicle has been stopped, the law enforcement officer observes that an infant or child under 15 years of age is a passenger and is not restrained by use of an available seat restraint. The law enforcement officers may also advise and urge the utilization of seat restraints that are available in the vehicle.

SEC. 2. Article 3.3 (commencing with Section 27360) is added to Chapter 5 of Division 12 of the Vehicle Code, to read:

Article 3.3. Child Passenger Restraints Requirements

27360. (a) It is unlawful for the parent or legal guardian, when present in a passenger vehicle or motor truck of less than 6,001 pounds unladen weight which is owned by him or her and registered in this state, to permit his or her child or ward under the age of four years or weighing less than 40 pounds to be transported upon a highway in the motor vehicle without providing and properly using, for each such child or ward, a child passenger seat restraint system meeting applicable federal motor vehicle safety standards.

Any charge under this subdivision shall be dismissed when the person charged produces in court proof that a child passenger seat restraint system has been obtained for use of the child, except that, upon a second or subsequent charge, the court, in its discretion, may dismiss the charge.

(b) It is unlawful for the parent or legal guardian, when present in a passenger vehicle or motor truck of less than 6,001 pounds unladen weight which is not owned by him or her but which is registered in this state, to permit his or her child or ward under the age of four years or weighing less than 40 pounds to be transported upon a highway in the motor vehicle without providing and properly securing his or her child or ward in either a child passenger restraint system meeting applicable federal motor vehicle safety standards or available seat belts.

(c) It is unlawful for any driver to transport on a highway any child under four years of age or weighing less than 40 pounds in a passenger vehicle or motor truck of less than 6,001 pounds unladen weight which is registered in this state without providing and properly securing the child in either a passenger seat restraint system meeting applicable federal motor vehicle safety standards or available seat belts. This subdivision shall not apply to a driver if the parent or legal guardian of the child is also present in the vehicle and is not the driver.

27361. Any law enforcement officer reasonably suspecting a violation of Section 27360 may stop any vehicle transporting a child appearing to the officer to be within the age or weight specified in Section 27360. The officer may issue a notice to appear for a violation of Section 27360.

27362. No retailer shall sell, offer for sale, or install in any motor vehicle any child passenger seat restraint system not conforming to all applicable federal motor vehicle safety standards on the date of sale or installation.

27363. The court may exempt from the requirements of this article any class of child by age, weight, or size if it is determined that the use of a child passenger seat restraint system would be impractical by reason of physical unfitness, medical condition, or size. The court may require adequate proof of the child's physical unfitness, medical condition, or size.

27364. It is the intent of the Legislature, in enacting this article,

to insure that children, who are, because of their tender years, helpless dependent passengers, are provided with the safest transportation possible. Nothing in this article shall be construed to extend application of these provisions to a class of children other than the class of children herein specified.

SEC. 3. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

(*l*) "Prepaid life care contract" means a life care contract under which the advance payment, including any entrance fee, is more than nine times the annual amount of the monthly care fee or 108 times the monthly care fee. The state department shall file a release of the lien upon proof of complete performance of all obligations to transferors. The state department may file a release of the lien if the state department deems the lien no longer necessary to secure the performance of all obligations of the provider to the transferors. The provider may appeal to the state department from a refusal of a request for release of the lien. The decision of the board shall be subject to court review pursuant to Section 1094.5 of the Code of Civil Procedure, upon petition of the provider filed within 30 days of service of the decision.

1774.4. Before issuing a certificate of authority for any facility at which care is, or will be, furnished pursuant to a prepaid life care contract executed after January 1, 1979, the state department shall require that the applicant for a certificate establish a reserve fund escrow account with an escrow agent, and shall condition the issuance of such certificate upon current maintenance of such escrow account, in an amount which equals the aggregate principal and interest, rental, or lease payments due during the next 12 months on account of any first mortgage or other long-term financing of the facility or any leases or other rental agreement for a facility. The principal of the escrow account may be invested as provided in Section 1775 for reserve funds with the earnings thereon payable to the provider, and amounts not to exceed in the aggregate one-sixth of the total principal shall be released to the provider upon notice to the director. The escrow agreement shall provide that upon withdrawal of any such amount by the provider, the escrow agent

If the provider does not repay the escrow account within such two-year period, the escrow agent shall provide immediate written notice to the director.

SEC. 5. Section 1775 of the Health and Safety Code is amended to read:

1775. Any organization or person receiving a certificate of authority to enter into life care contracts shall maintain reserves covering obligations assumed under life care contracts entered into and maintained. Such reserves shall be in an amount not less than the sum computed in accordance with the standard of valuation based upon a modern and up-to-date table of mortality selected by the state department in consultation with the Department of Insurance. The table of mortality shall be employed in connection with all care agreements entered into on or after January 1, 1958, while McClintock's table of mortality among annuitants shall be employed in connection with care agreements entered into prior to January 1, 1958. The interest assumption for such computation shall be determined by the state department in consultation with the Department of Insurance.

Failure to maintain reserves as provided in this section shall be deemed a breach of all agreements to furnish care.

The reserves shall consist of the following:

(a) Deposits in commercial and savings accounts with banks which are members of the Federal Deposit Insurance Corporation and approved by the state department.

(b) Investments in certificates issued by building and loan associations which are members of the Federal Savings and Loan Insurance Corporation and approved by the state department.

(c) Notes receivable secured by first deeds of trust and first mortgages.

(d) Bonds and stocks selected from an approved list, as determined by the state department in consultation with the Department of Insurance and the Department of Corporations. In the event stocks, bonds, and securities that are not on the approved list are part of the reserves, and if they are to be retained as part of the reserves, it shall not be necessary that such unapproved stocks, bonds, and securities be disposed of immediately, but they shall be disposed of in accord with regulations of the state department, which disposal shall be accomplished in a gradual manner so as to avoid loss to certificate holders. Securities which, although not on the approved list, should be retained in the reserve for reasons acceptable to the state department may be retained with the specific approval of the state department.

(e) Real estate used to provide care and housing for holders of life care contracts, continuing care agreements, or equities therein, owned by the organization or person, shall be based on 70 percent

of the net equity thereof, which shall be the appraised value less any depreciation and encumbrances. The appraisal shall be made by an appraiser approved by the state department.

(f) Furniture and equipment situated in property used to provide care and housing for holders of life contracts, to the extent of 70 percent of the net equity thereof.

(g) Real estate or equities therein owned by the organization or person as an investment, the rents from which are used to discharge obligations to the holder of life care contracts or to reinvest as a part of the reserves.

(i) At least 25 percent of the reserve necessary to maintain all continuing care agreements, or life care contracts, must consist of listed bonds, stocks, commercial and savings accounts and building and loan certificates, except that a 5-percent requirement will apply to those homes and organizations which have at least one-half of their contracts under the monthly fee basis. Any person or organization holding a certificate of authority to enter into life care agreements upon the effective date of this act, that is unable to meet the reserve requirements of this subdivision, may petition the state department for a modification of the percentage in the reserve requirement.

Any person or organization which has entered into care agreements prior to October 1, 1957, but which was not required prior to September 11, 1957, to obtain a certificate of authority under this chapter, is not required to maintain reserves covering obligations assumed under any agreement entered into prior to October 1, 1957.

SEC. 6. Section 1779 of the Health and Safety Code is amended to read:

1779. Any agreement constituting a life care contract shall contain all of the following in addition to any other terms or matter required by the state department:

(a) The value of all property transferred, including, but not limited to, donations, subscriptions, fees, and any other amounts paid or payable by or on behalf of the resident. The basis for changing monthly care fees shall be printed in a size equal to at least 10-point boldface type.

(c) A copy of the current financial statement.

(d) A statement in boldface type informing the transferor of the terms and conditions under which the contract may be terminated by either party, including any health or financial conditions for a person to continue as a resident and any conditions under which all or any portion of the entrance fee will not be refunded by the provider. No life care contract shall be terminated except upon at least 90 days' notice, except that, during the first 90-day trial residence period, the agreement may be terminated by either party without cause and without advance notice. Such requirement shall be written into the terms of the contract, consistent with state law.

(e) A conspicuous statement in a size equal to at least 10-point boldface type in immediate proximity to the space reserved for the signature of the transferor that provides as follows:

(1) To designate any business, social, political, religious, or other organization, including, but not limited to, any corporation, firm, partnership, association, group, activity, or enterprise.

(2) To imply, indicate or otherwise suggest that any such organization, or any product or service of such organization is connected or affiliated with, or is endorsed, favored, or supported by, or is opposed by the University of California.

(3) To display, advertise, or announce this name publicly at, or in connection with, any meeting, assembly, or demonstration, or any propaganda, advertising, or promotional activity of any kind which has for its purpose or any part of its purpose the support, endorsement, advancement, opposition, or defeat of any strike, lockout, or boycott or of any political, religious, sociological, or economic movement, activity, or program.

(b) Nothing in this section shall interfere with or restrict the right of any person to make a true and accurate statement of his or her

present or former relationship or connection with, his or her employment by, or his or her enrollment in, the University of California in the course of stating his or her experience or qualifications for any academic, governmental, business, or professional credit or enrollment, or in connection with any academic, governmental, professional, or other employment whatsoever.

(c) Every person violating the provisions of this section is guilty of a misdemeanor.

SEC. 4. The Legislature finds and declares that when the Education Code was reorganized by Chapter 1010 of the Statutes of 1976, the word "chapter" was inadvertently used in Sections 69573, 69588, and 69611 of the Education Code. The word "chapter" in each of those sections should have been changed to "article."

The Legislature further finds and declares that former Section 69611 of the Education Code, as added by Chapter 1010 of the Statutes of 1976, was intended to repeal only Article 6 (commencing with Section 69600) of Chapter 2 of Part 42 of the Education Code on June 30, 1980, and was not intended to repeal all of Chapter 2 (commencing with Section 69500) of Part 42.

Therefore, former Section 69611 of the Education Code shall be construed to have repealed Article 6 (commencing with Section 69600) of Chapter 2 of Part 42 of the Education Code, effective June 1, 1980, and shall not be construed to have repealed any of the other provisions of Chapter 2 (commencing with Section 69500) of Part 42.

SEC. 5. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 848

An act to amend Section 2016 of the Code of Civil Procedure, relating to depositions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 2016 of the Code of Civil Procedure is amended to read:

2016. (a) Any party may take the testimony of any person,

including a party, by deposition upon oral examination or written interrogatories for the purpose of discovery or for use as evidence in the action or for both purposes. Such depositions may be taken in an action at any time after the service of the summons or in a special proceeding after the service of the petition or after the appearance of the defendant or respondent. After commencement of the action or proceedings, the deposition may be taken without leave of court, except that leave of court, granted with or without notice, and for good cause shown, must be obtained if the notice of the taking of the deposition is served by the plaintiff within 20 days after service of the summons or petition on, or appearance of, the defendant or respondent. The attendance of witnesses or the production of books, documents, or other things at depositions may be compelled by the use of subpoena as provided in Chapter 2 (commencing with Section 1985), Title 3, Part 4 of this code.

(b) Unless otherwise ordered by the court as provided by subdivision (b) or (d) of Section 2019 of this code, the deponent may be examined regarding any matter, not privileged, which is relevant to the subject matter involved in the pending action, whether it relates to the claim or defense of the examining party, or to the claim or defense of any other party, including the existence, description, nature, custody, condition and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of relevant facts. It is not ground for objection that the testimony will be inadmissible at the trial if the testimony sought appears reasonably calculated to lead to the discovery of admissible evidence. All matters which are privileged against disclosure upon the trial under the law of this state are privileged against disclosure through any discovery procedure. This article shall not be construed to change the law of this state with respect to the existence of any privilege, whether provided for by statute or by judicial decision.

The work product of an attorney shall not be discoverable unless the court determines that denial of discovery will unfairly prejudice the party seeking discovery in preparing his claim or defense or will result in an injustice, and any writing that reflects an attorney's impressions, conclusions, opinions, or legal research or theories shall not be discoverable under any circumstances.

(c) Examination and cross-examination of deponents may proceed as permitted at the trial.

(d) At the trial or upon the hearing of a motion or an interlocutory proceeding, any part or all of a deposition, so far as admissible under the rules of evidence, may be used against any party who was present or represented at the taking of the deposition or who had due notice thereof, in accordance with any one of the following provisions:

(1) Any deposition may be used by any party for the purpose of contradicting or impeaching the testimony of deponent as a witness.

(2) The deposition of a party to the record of any civil action or proceeding or of a person for whose immediate benefit said action or proceeding is prosecuted or defended, or of anyone who at the

time of taking the deposition was an officer, director, superintendent, member, agent, employee, or managing agent of any such party or person may be used by an adverse party for any purpose.

(3) The deposition of a witness, whether or not a party, may be used by any party for any purpose if the court finds: (i) that the witness is unavailable as a witness within the meaning of Section 240 of the Evidence Code, (ii) upon application and notice, that such exceptional circumstances exist as to make it desirable, in the interest of justice and with due regard to the importance of presenting the testimony of witnesses orally in open court, to allow the deposition to be used, or (iii) that the witness resides more than 150 miles from the place of the trial, hearing, or proceeding.

(4) Subject to the requirements of this section, a party may offer in evidence all or any part of a deposition, and if such party introduces only part of such deposition, any party may introduce any other parts.

Substitution of parties does not affect the right to use depositions previously taken; and, when an action in any court of the United States or of any state has been dismissed and another action involving the same subject matter is afterward brought between the same parties or their representatives or successors in interest, all depositions lawfully taken and duly filed in the former action may be used in the latter as if originally taken therefor.

(e) Subject to the provisions of subdivision (c) of Section 2021 of this code, objection may be made at the trial or hearing to receiving in evidence any deposition or part thereof for any reason which would require the exclusion of the evidence if the witness were then present and testifying.

(f) A party shall not be deemed to make a person his own witness for any purpose by taking his deposition. Except where the deposition is used under the provisions of paragraph (2) of subdivision (d) of this section, the introduction in evidence of the deposition or any part thereof for any purpose other than that of contradicting or impeaching the deponent, or for explaining or clarifying portions of the said deposition offered by an adverse party, makes the deponent the witness of the party introducing the deposition, as to the portions of the deposition introduced by said party. At the trial or hearing any party may rebut any relevant evidence contained in a deposition whether introduced by him or by another party.

(g) It is the policy of this state (i) to preserve the rights of attorneys to prepare cases for trial with that degree of privacy necessary to encourage them to prepare their cases thoroughly and to investigate not only the favorable but the unfavorable aspects of such cases and (ii) to prevent an attorney from taking undue advantage of his adversary's industry or efforts.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within

the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Legislation in 1981 (Chapter 184) eliminated distance within the state as a basis for exempting witnesses who reside in the state from being compelled to attend a proceeding as a witness which, in turn, was a basis for permitting a party to use a deposition for any purpose. In order to expedite authorizing a party as a matter of law to use for any purpose the deposition of a person who resides more than 150 miles from the place of the proceeding, it is necessary that this act take effect immediately.

CHAPTER 849

An act to amend Sections 16512.5 and 16536 of the Welfare and Institutions Code, and to repeal Section 5 of Chapter 1334 of the Statutes of 1978, relating to child abuse.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 16512.5 of the Welfare and Institutions Code is amended to read:

16512.5. For reimbursement of the sum spent in each demonstration county for child protective services in accordance with the county plan certified by the department pursuant to Section 16502, each county shall be allocated a sum to reimburse it for the costs of such services.

It is the intention of the Legislature that the funds allocated pursuant to this section may be utilized for families who qualify as actual or potential recipients of public assistance under aid to families with dependent children or families who are not linked to or qualified for such aid; provided, that the county shall seek reimbursement from parents who voluntarily request such services on a sliding scale based upon income which shall be determined on a statewide basis by the department.

SEC. 2. Section 16536 of the Welfare and Institutions Code is amended to read:

16536. For reimbursement of the sum spent in each demonstration county for family reunification services in accordance with the county plan certified by the department pursuant to Section 16529, each demonstration county shall be allocated a sum to reimburse it for the costs of such services.

Any funds not expended for such salaries and expenses shall be utilized for family reunification services.

Funds may be allocated to demonstration counties on a periodic basis which shall be determined by the department.

It is the intention of the Legislature that funds allocated pursuant to this section may be utilized for families who qualify as actual or potential recipients of public assistance under aid to families with dependent children or families who are not linked to, or qualified for, such aid; provided, that the demonstration county shall seek reimbursement from parents on a sliding scale based upon income which shall be determined on a statewide basis by the department.

SEC. 3. Section 5 of Chapter 1334 of the Statutes of 1978 is repealed.

SEC. 4. The amendments to Sections 16512.5 and 16536 of the Welfare and Institutions Code are declaratory of preexisting legislative intent and policy as expressed in Section 8 of Chapter 1311 of the Statutes of 1980 and these sections shall be deemed to have been amended in this manner on September 30, 1980, the effective date of Chapter 1311 of the Statutes of 1980.

CHAPTER 850

An act to add Section 21605 to the Public Utilities Code, relating to aviation.

The people of the State of California do enact as follows:

SECTION 1. Section 21605 is added to the Public Utilities Code, to read:

21605. No proprietor of any permitted airport which is open to the public and has received public funds shall close or suspend operation of the airport without notifying the department in writing 60 days prior to the intended closure or suspension of operations. On its own motion or upon the request of an affected or interested person, the department may conduct a public hearing to determine the impact of the intended closure or suspension of operations, both economically and on the entire state air transportation system. The department may take appropriate action to assist the proprietor in keeping the airport operational and open for public use.

SEC. 2. Funds shall be appropriated from the Aeronautics Account in the State Transportation Fund to the Controller for allocation and disbursement in accordance with Section 2231 of the Revenue and Taxation Code to local agencies and school districts to reimburse them for costs mandated by the state and incurred by them pursuant to this act.

CHAPTER 851

An act to add and repeal Sections 45139 and 88038 of the Education Code, and to add and repeal Section 20819 of the Government Code, relating to classified public school employees.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 45139 is added to the Education Code, to read:

45139. Notwithstanding any other provision of this part, the governing board of a school district may establish regulations which allow their classified employees to reduce their workload from full-time to part-time duties.

The regulations shall include, but shall not be limited to, the following, if classified employees wish to reduce their workload and maintain retirement benefits pursuant to Section 20819 of the Government Code:

(b) The classified employee shall have been employed full time in a classified position for at least 10 years of which the immediately preceding five years were full-time employment.

(d) The option of part-time employment shall be exercised at the request of the classified employee and can be revoked only with the mutual consent of the employer and the classified employee.

(e) The classified employee shall be paid a salary which is the pro rata share of the salary he or she would be earning had he or she not elected to exercise the option of part-time employment but shall retain all other rights and benefits for which he or she makes the payments that would be required if he or she remained in full-time employment.

The classified employee shall receive health benefits as provided in Section 53201 of the Government Code in the same manner as a full-time classified employee.

(f) The minimum part-time employment shall be the equivalent of one-half of the number of days of service required by the classified employee's contract of employment during his or her final year of service in a full-time classified position.

(g) The period of the part-time classified employment shall not exceed five years.

(h) The period of the part-time classified employment shall not

extend beyond the end of the school year during which the classified employee reaches his or her 70th birthday.

This section shall remain in effect only until January 1, 1989, and as of such date is repealed, unless a later enacted statute, which is chaptered before July 1, 1989, deletes or extends such date.

SEC. 2. Section 88038 is added to the Education Code, to read:

(c) During the period immediately preceding a request for a reduction in workload, the classified employee shall have been employed full time in a classified position for a total of at least five years without a break in service.

(d) The option of part-time employment shall be exercised at the request of the classified employee and can be revoked only with the mutual consent of the employer and the classified employee.

(e) The classified employee shall be paid a salary which is the pro rata share of the salary he or she would be earning had he or she not elected to exercise the option of part-time employment but shall retain all other rights and benefits for which he or she makes the payments that would be required if he or she remained in full-time classified employment.

The classified employee shall receive health benefits as provided in Section 53201 of the Government Code in the same manner as a full-time classified employee.

(f) The minimum part-time employment shall be the equivalent of one-half of the number of days of service required by the classified employee's contract of employment during his or her final year of service in a full-time classified position.

20819. Notwithstanding any other provision of this part, a school

member employed on a part-time basis on and after January 1, 1983, shall, for such period of part-time employment, receive the credit he would receive if he or she was employed on a full-time basis and have his or her retirement allowance, as well as any other benefits he or she is entitled to under this part, based upon the salary that he or she would have received if employed on a full-time basis if he or she and his or her employer both contribute to the retirement fund the amount that would have been contributed if the member was employed on a full-time basis. Prior to the reduction of a classified employee's workload under this section, the school employer personnel responsible for the administration of this program shall verify the eligibility of the applicant for the reduced workload program. This section shall be applicable only to school members who are classified employees of school employers or community college districts and who have met the criteria provided in Sections 45139 and 88038 of the Education Code.

The employer shall maintain the necessary records to separately identify each classified employee receiving credit pursuant to this section.

For the purposes of this section, all contributions, liabilities, actuarial interest rates, and other valuation factors shall be determined on the basis of actuarial assumptions and methods which, in combination, offer the actuary's best estimate of anticipated experience under the system.

The additional employer contributions required under this section shall be computed as a level percentage of member compensation. The additional contribution rate required at the time this section is added to a contract shall not be less than the sum of (1) the actuarial normal cost, plus (2) the additional contribution required to amortize the increase in accrued liability attributable to benefits elected under this section over a period of not more than 30 years from the date this section becomes effective in the public agency's contract.

This section shall remain in effect only until January 1, 1989, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1989, deletes or extends such date.

SEC. 4. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 852

An act to amend Section 12302.1 of, and to add Section 12314 to, the Welfare and Institutions Code, relating to in-home supportive services.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 12302.1 of the Welfare and Institutions Code is amended to read:

12302.1. (a) Contracts entered into by a county under Section 12302 shall be for terms not exceeding two years. In the event of a two-year contract, the county, at the end of the first contract term, may renew the contract for a second term not exceeding one year. The rate of reimbursement shall be negotiated consistent with regulations promulgated by the State Department of Social Services. For any extended contract, the rate shall reflect, but is not limited to the following financial considerations:

(1) Actual expenditures by the contractor as documented during the first contract term and approved by the state.

(2) Changes in federal, state, or county program requirements.

(3) Federal and state minimum wage and contractual step merit increases.

(4) Statutory taxes.

(5) Insurance costs.

(6) Other reasonable costs over which the contracting parties have no control.

The regulations promulgated by the department shall also establish standards governing acceptable contract provisions, the methods used to advertise, procure, select and award such contracts, and the procedures used to amend, renew, or extend an existing contract with the same contractor including, in addition to rate changes, any other change in other terms of the contract.

The county may temporarily extend the contract in accordance with the department's regulations in order to assure continuity of service, quality of care, or the competitive bid process.

All contracts awarded, extended or renewed pursuant to this section and all amendments to such contracts shall be subject to the prior review and approval of the department. No contract shall take effect until approved in writing by the State Department of Social Services.

(b) All contracts shall, in addition to including provisions required by Section 12303, be subject to the following:

(1) Prior to initiating a contract or contracts pursuant to Section 12302, the county shall publicize its intention to solicit bids to enter into such contracts.

(2) When the county has selected one or more contract proposals for tentative acceptance or intends to renew an existing contract, the county board of supervisors shall conduct a hearing on the proposed contract, contracts, or renewal, which shall be at a regularly scheduled meeting of the board of supervisors, and open to the public.

(3) Public findings based on the public hearing shall be made available to interested parties.

(4) No contract for services provided under this article shall take effect until 30 calendar days have elapsed from the time of the public hearing required under this section.

(5) The county board of supervisors may award one or more service contracts pursuant to this article based upon the fiscal responsibility of the service providers and experience of the service providers in providing services pursuant to this article. Nothing in this subdivision, however, shall preclude a requirement that contracts under this section be awarded on a competitive bid basis.

(6) The county, to insure fiscal and program compliance, shall review the contract during the contract term. Such review may include, but shall not be limited to, a fiscal audit.

SEC. 2. Section 12314 is added to the Welfare and Institutions Code, to read:

12314. It is the intent of the Legislature that the department conduct a pilot program, of not less than three years' duration, to comprehensively assess the comparative cost effectiveness and quality of care of both contract and individual provider modes of service.

The pilot project will test alternative methods to maximize delivery of services under this article within budget appropriations. The project may also investigate the feasibility of the "capitation" method of payment in any or all of the counties participating in the project. County participation shall be on a voluntary basis.

The department shall have the authority, if necessary, to reallocate available funds as necessary to ensure the success of the project within the overall state budget.

The director may issue waivers, as necessary, pursuant to Section 18204.

CHAPTER 853

An act to amend Section 35780.5 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 35780.5 of the Vehicle Code is amended to read:

35780.5. The Department of Transportation or local authorities, with respect to highways under their respective jurisdictions, may, upon application in writing, issue a special permit in writing authorizing the applicant to operate or move a vehicle carrying a load, lying in the horizontal position, of trusses as defined in Section 657, one-piece roof, floor, or wall units, or flat or formed metal products, of first manufacture, that are used as single width components in the manufacture of a finished product, that exceeds the maximum width specified by this code, if the load does not exceed 12 feet in width and the permittee complies with the regulations of the Department of Transportation or local authorities, as the case may be, governing the transportation of extra-legal loads.

CHAPTER 854

An act to amend Sections 10081.5 and 10237.1 of, and to add Section 10233.1 to, the Business and Professions Code, relating to real estate.

[Approved by Governor September 9, 1982 Filed with Secretary of State September 10, 1982]

The people of the State of California do enact as follows:

SECTION 1. Section 10081.5 of the Business and Professions Code is amended to read:

10081.5. Whenever the commissioner believes from evidence satisfactory to him that any real estate licensee has violated or is about to violate, the provisions of Section 10145, the commissioner may bring an action in the name of the people of the State of California, in the superior court of the State of California, to enjoin the licensee from continuing the violation or engaging therein or doing any act or acts in furtherance thereof.

In the event the commissioner has conducted an audit which reflects commingling or conversion of trust funds in excess of ten thousand dollars ($10,000), the court may enter an order restraining the licensee from doing any act or acts in furtherance thereof, and from further exercising the privileges of the license pending further order of the court; provided that a hearing shall be held on the order within five days after the date thereof.

After the hearing in the manner provided by law, an order may be entered appointing a receiver, or such other order as the court may deem proper.

A receiver appointed by the court pursuant to this section may, with the approval of the court, exercise all of the powers of the

licensee or its officers, directors, partners, trustees, or persons who exercise similar powers and perform similar duties, including the filing of a petition for bankruptcy of the licensee.

SEC. 2. Section 10233.1 is added to the Business and Professions Code, to read:

10233.1. If a real estate broker in servicing a real property sales contract or a promissory note secured directly or collaterally by a lien on real property for the mortgagee, beneficiary, or owner of the note or contract, causes funds other than funds received from the obligor of the note or contract to be applied toward a payment to protect the security of the note or contract being serviced, including the payment of debt service on an obligation secured by the same real property having priority over the mortgage or deed of trust securing the promissory note that the broker is servicing, the broker shall, not later than 10 days after making any such payment, give written notice to the mortgagee, beneficiary, or owner of the date and amount of the payment, to whom made, the source of funds, and the reason for making the payment.

SEC. 3. Section 10237.1 of the Business and Professions Code is amended to read:

10237.1. The term real property security as used in this article means:

(a) An agreement made in connection with the arranging of a loan evidenced by a promissory note secured directly or collaterally by a lien on real property or made in connection with the sale of a promissory note secured directly or collaterally by a lien on real property or a real property sales contract wherein the real property securities dealer or his principal expressly or impliedly agrees to do any of the following:

1. Guarantee the note or contract against loss at any time, or

2. Guarantee that payments of principal or interest will be paid in conformity with the terms of the note or contract, or

3. Assume any payments necessary to protect the security of the note or contract, or

4. Accept, from time to time, partial payments for funding the loan or purchasing the note or contract, or

7. Repurchase the note or contract.

(b) A promissory note secured directly or collaterally by a lien on real property or a real property sales contract on which the real estate broker who arranged the loan evidenced by the note, negotiated the sale of a note or contract or who is servicing the note or contract for the owner, knowingly causes any payment on the note or contract to be made to the owner, directly or indirectly, with funds other than funds of the obligor while the obligor is delinquent on the note or contract.

Payments of principal or interest made in good faith to the owner

by a broker, when made after receipt by the broker of the obligor's remittance, shall not be deemed a payment with funds other than the funds of the obligor.

(c) One of a series of promotional notes secured by liens on separate parcels of real property in one subdivision or in contiguous subdivisions.

(d) One of a series of real property sales contracts pertaining to separate parcels of real property in one subdivision or in contiguous subdivisions, all of which are executed by one person or persons associated together as owners.

As used in subdivision (c) "promotional note" means a promissory note secured by a trust deed executed on unimproved real property, or executed after construction of an improvement of the property but before the first sale of the property as so improved, or executed as a means of financing the first purchase of the property as so improved, and which is subordinate or which by its terms may become subordinate to any other trust deed on the property; provided that the term "promotional note" does not include (i) a note which was executed in excess of three (3) years prior to being offered for sale or (ii) a note secured by a first trust deed on real property in a subdivision, which evidences a bona fide loan made in connection with the financing of the usual costs of the development of a residential, commercial, or industrial building or buildings on the property under a written agreement providing for the disbursement of the loan funds as costs are incurred or in relation to the progress of the work and providing for title insurance insuring the priority of the security as against mechanic's and materialmen's liens or for the final disbursement of at least 10 percent of the loan funds after the expiration of the period for the filing of mechanics' and materialmen's liens.

As used in subdivision (d), the term "real property sales contract" does not include a contract executed more than three years prior to being offered for sale.

The term real property security does not include any bond or debenture or note which is one of a series of notes of equal priority secured by an interest in the same real property.

CHAPTER 855

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 6 (commencing with Section 12500) is added to Division 9 of the Elections Code, to read:

CHAPTER 6. FAIR CAMPAIGN PRACTICES

Article 1. General Intent

12500. The Legislature hereby declares that the purpose of this chapter is to encourage every candidate for public office in this state to subscribe to the Code of Fair Campaign Practices.

It is the ultimate intent of the Legislature that every candidate for public office in this state who subscribes to the Code of Fair Campaign Practices will follow the basic principles of decency, honesty, and fair play in order that, after vigorously contested, but fairly conducted campaigns, the citizens of this state may exercise their constitutional right to vote, free from dishonest and unethical practices which tend to prevent the full and free expression of the will of the voters.

The purpose in creating the Code of Fair Campaign Practices is to give voters guidelines in determining fair play and to encourage candidates to discuss issues instead of untruths or distortions.

Article 2. Definitions

12510. Unless otherwise indicated, the definitions set forth in this article shall govern the interpretation of this chapter.

12511. CODE OF FAIR CAMPAIGN PRACTICES

There are basic principles of decency, honesty, and fair play which every candidate for public office in the State of California has a moral obligation to observe and uphold, in order that, after vigorously contested, but fairly conducted campaigns, our citizens may exercise their constitutional right to a free and untrammeled choice and the will of the people may be fully and clearly expressed on the issues.

THEREFORE:

(1) I SHALL CONDUCT my campaign openly and publicly, discussing the issues as I see them, presenting my record and policies with sincerity and frankness, and criticizing without fear or favor the record and policies of my opponents or political parties which merit such criticism.

(2) I SHALL NOT USE OR PERMIT the use of character defamation, whispering campaigns, libel, slander, or scurrilous attacks on any candidate or his or her personal or family life.

(3) I SHALL NOT USE OR PERMIT any appeal to negative prejudice based on race, sex, religion, national origin, physical health status, or age.

(4) I SHALL NOT USE OR PERMIT any dishonest or unethical practice which tends to corrupt or undermine our American system of free elections, or which hampers or prevents the full and free expression of the will of the voters including acts intended to hinder or prevent any eligible person from registering to vote, enrolling to vote, or voting.

(5) I SHALL NOT coerce election help or campaign contributions for myself or for any other candidate from my employees.

(6) I SHALL IMMEDIATELY AND PUBLICLY REPUDIATE support deriving from any individual or group which resorts, on behalf of my candidacy or in opposition to that of my opponent, to the methods and tactics which I condemn. I shall accept responsibility to take firm action against any subordinate who violates any provision of this code or the laws governing elections.

(7) I SHALL DEFEND AND UPHOLD the right of every qualified American voter to full and equal participation in the electoral process.

I, the undersigned, candidate for election to public office in the State of California or treasurer or chairman of a committee making any independent expenditures, hereby voluntarily endorse, subscribe to, and solemnly pledge myself to conduct my campaign in accordance with the above principles and practices.

CHAPTER 856

An act to amend Section 17921.3 of the Health and Safety Code, relating to buildings.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 17921.3 of the Health and Safety Code is amended to read:

17921.3. After January 1, 1983, all new buildings constructed in this state shall use water closets and associated flushometer valves, if any, which are water-conservation water closets as defined by American National Standards Institute Standard A112.19.2, and urinals and associated flushometer valves, if any, that use less than an average of 1½ gallons per flush. Blowout water closets and associated flushometer valves are exempt from the requirements of this section. All water closets, urinals, and associated flushometer valves installed in new structures after January 1, 1983, shall be approved by the department as meeting adequate standards of safety and sanitation. Such requirements shall only be applicable to new additions to, or renovations of, existing buildings if compliance with the requirements of this section will not require substantial modification of the existing plumbing system. In satisfaction of the requirements of this section and subject to the provisions of Section 18930, the department shall permit the installation of tank-type water closets equipped with devices which are found by the department to meet applicable performance standards. The department shall periodically publish a list of acceptable water closets, urinals, flushometer valves, and devices to reduce water consumption.

A manufacturer may sell water closets, urinals, and flushometer valves in this state which do not meet the foregoing requirements in a quantity sufficient to serve the need for water closet or urinal installation or replacement in structures built prior to January 1, 1983, or when authorized by the local enforcement agency.

Any local enforcement agency may allow the use of standard flush toilets, or urinals when, in the opinion of the local agency, the configuration of the building drainage system requires a greater quantity of water to adequately flush the system.

This section shall not apply in any local jurisdiction, area, or region of the state subject to waste discharge requirements imposed pursuant to Article 4 (commencing with Section 13260) of Chapter 4 of Division 7 of the Water Code when the local enforcement agency determines that the waste water discharges would exceed such waste discharge requirements if this section was made applicable.

Subject to the provisions of Section 18930, the requirements prescribed by this section may be suspended for a specified period of time by a regulation adopted by the department when the department finds that there is an inadequate supply, including a choice of styles or colors for the consumer, of water closets or urinals specified in this section to meet the needs of new construction, or such water closets and urinals are not available at reasonable prices

as compared to water closets and urinals not complying with the requirements of this section.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

The department may approve additional days of leave on an individual basis, not to exceed 12 days per year, exclusive of days of bed hold for acute hospitalization.

All such leaves of absence shall be in accordance with an individual patient care plan as approved by the attending physician. The balance of the basic death benefit will consist of the basic death benefit that would have been payable upon the death of the member less the amount of gross monthly allowances paid to date of election. The election must be filed with the board within 60 days after the receipt of notification by the surviving spouse.

This section shall only apply with respect to state members, other than school members, whose death occurs on and after July 1, 1976.

8610.5. The Office of Emergency Services, in consultation with the State Department of Health Services and affected counties, shall investigate the consequences of a serious nuclear power plant accident for each of the four nuclear power plants in California with a generating capacity of 50 megawatts or more. This study, to be completed within six months of the effective date of this section, shall include the preparation of specific site maps showing the areas likely to be affected by such an accident. These maps shall delineate Emergency Planning Zones, which shall reflect inhalation, ingestion, and other radiation pathways.

A similar study shall be made by the office for any subsequent nuclear power plant with a generating capacity of 50 megawatts or more proposed for certification in California.

The Office of Emergency Services shall revise its Nuclear Power Plant Emergency Response Plan to reflect the information provided in the study. The Office of Emergency Services shall assist local authorities in preparing or upgrading their emergency response plans to reflect its new planning guidelines. The state plan shall be updated within six months after the study has been made. Local plans shall be updated and approved by the Office of Emergency Services in accordance with the following: (1) an initial draft plan

shall be submitted to the office within six months after the study has been made, and (2) a final plan shall be completed, reviewed, and approved within 18 months after the effective date of this section. Neither the state plan nor any local plan shall become effective or be implemented until approved by the Office of Emergency Services of this state or the Federal Emergency Management Agency.

The current State Nuclear Power Plant Emergency Response Plan shall continue in full force and effect unless and until revised pursuant to this section. Local plans shall remain in full force and effect unless and until revised pursuant to this section.

It is the intent of the Legislature that state and local costs related to carrying out the provisions of this section which are not reimbursed by federal funds shall be borne by the utility with existing nuclear power plants having a generating capacity of 50 megawatts or more, and that local agencies shall be reimbursed for their costs incurred in preparing or updating their plans for the affected area surrounding such power plants by the utility operating each power plant. The Public Utilities Commission shall develop and transmit to the Office of Emergency Services an equitable method of assessing the utilities operating the power plants for their reasonable pro rata share of state agency costs. Each local agency involved shall submit a statement of its costs in such manner as the Office of Emergency Services shall require. Upon each utility's notification by the Office of Emergency Services, from time to time, of the amount of its share of the actual or anticipated state and local agency costs, the utility shall pay such amount to the Controller for deposit in the Nuclear Planning Assessment Special Account, which is hereby created in the General Fund and is continuously appropriated to the Controller to carry out the provisions of this section. The Controller shall pay from this account the state and local costs relative to carrying out the provisions of this section upon certification thereof by the Office of Emergency Services. Each utility operating a nuclear power plant shall, within one month of the effective date of this section, pay to the Controller for deposit into the Nuclear Planning Assessment Special Account the sum of twenty-five thousand dollars ($25,000) for each nuclear power plant for the purpose of funding initial planning costs. Upon repeal of this section, any amounts remaining in the special account shall be refunded pro rata to the utilities contributing thereto. Beginning January 1, 1983, the total annual reimbursement of state and local costs from the utilities operating the nuclear power plants within the state pursuant to this section shall not exceed the lesser of the actual costs or three hundred thousand dollars ($300,000) annually for state costs to be prorated among utilities in proportion to the allocation of benefit to each plant and the lesser of the actual costs or one hundred thousand dollars ($100,000) per reactor unit annually for local costs. The amounts paid by privately owned utilities under this section shall be allowed for ratemaking purposes by the Public Utilities

Commission. Publicly owned public utilities may include amounts paid under this section in their rates.

This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute which is chaptered on or before January 1, 1988, deletes or extends that date.

SEC. 2. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to avoid an interruption in the financial support of emergency services to protect the public health and safety in the event of a nuclear power plant accident, it is necessary that this act take immediate effect.

CHAPTER 865

An act to amend Section 2103 of the Code of Civil Procedure, relating to liens.

(b) If a certificate of release, nonattachment, discharge, or subordination of any lien is presented to the Secretary of State for filing he or she shall:

(1) Cause a certificate of release or nonattachment to be marked,

held, and indexed as if the certificate were a termination statement within the meaning of the Commercial Code, but the notice of lien to which the certificate relates may not be removed from the files; and

(2) Cause a certificate of discharge or subordination to be marked, held, and indexed as if the certificate were a release of collateral within the meaning of the Commercial Code.

(c) If a refiled notice of federal lien referred to in subdivision (a) or any of the certificates or notices referred to in subdivision (b) is presented for filing to a county recorder, he or she shall accept for filing, file for record in the manner set forth in Section 27320 of the Government Code, and index the document by the name of the person against whose interest the lien applies in the general index.

The fee for a certificate for each name searched shall be set by the filing officer in an amount which covers actual costs but which in no event exceeds fifteen dollars ($15). Upon request, the filing officer shall furnish a copy of any notice of federal lien, or notice or certificate affecting a federal lien, for a fee of one dollar ($1) per page. A combined certificate may be issued pursuant to Section 9409 of the Commercial Code.

CHAPTER 866

An act to add Sections 44253.7 and 56362.7 to the Education Code, relating to school certificated employees, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 44253.7 is added to the Education Code, to read:

44253.7. (a) In addition to the certificates authorized in Sections 44253.5 and 56362.7, the Commission for Teacher Preparation and Licensing, based upon the availability of funds, shall develop objective and verifiable standards for a certificate of bilingual-crosscultural competence for holders of any appropriate credential, certificate, authorization, or permit who will be serving limited-English-proficient pupils. These certificates may be issued to persons holding any appropriate credential or authorization issued

by the commission, including, but not limited to, counselors; special education professionals, including, but not limited to, the holders of special education credentials, clinical services credentials, and school psychologist authorizations; and child development and preschool professionals.

(b) Candidates for the certificate shall, by oral and written examination, demonstrate all of the following:

(1) That the person is competent in both the oral and written skills of a language other than English.

(2) That the person has both the knowledge and understanding of the cultural and historical heritage of the limited-English-proficient individuals to be served.

(3) That the person has the ability to perform the services the candidate is certified or authorized to perform in English and in a language other than English.

(c) The commission may develop rules and regulations setting forth objective and verifiable standards for approval of training programs leading to the certificates authorized by this section.

(d) For the purpose of assessing the qualifications established by the Commission for Teacher Preparation and Licensing in accordance with this section, the commission shall develop rules, regulations, or guidelines establishing an assessment system which may include local education agencies, institutions of higher education, and qualified nonprofit bilingual testing agencies as assessor agencies.

(e) On or before January 15, 1983, the Commission for Teacher Preparation and Licensing shall report to the Legislature regarding the implementation of this section.

(f) It is not the intent of the Legislature in enacting this section that possession of any certificate established by this section be a state-mandated requirement for employment. It is the intent that this is a matter for local educational agencies to determine.

SEC. 2. Section 56362.7 is added to the Education Code, to read:

56362.7. (a) The Legislature recognizes the need for specially trained professionals to assess and serve pupils of limited-English proficiency. This is particularly true of pupils with exceptional needs or pupils with suspected handicaps.

(b) The commission shall develop a bilingual-crosscultural certificate of assessment competence for those professionals who may participate in assessments for placements in special education programs. The certificate shall be issued to holders of appropriate credentials, certificates, or authorizations who demonstrate, by written and oral examination, all of the following:

(2) That the person has both the knowledge and understanding of the cultural and historical heritage of the limited-English-proficient individuals to be served.

(3) That the person has the ability to perform the assessment functions the candidate is certified or authorized to perform in English and in a language other than English.

(4) That the person has knowledge of the use of instruments and other assessment techniques appropriate to evaluate limited-English-proficient individuals with exceptional needs and ability to develop appropriate data, instructional strategies, individual educational plans, and evaluations.

(c) Certificates of bilingual-crosscultural competence for special education professionals who implement individual education plans requiring bilingual services shall be granted by the commission pursuant to Section 44253.7.

(d) It is not the intent of the Legislature in enacting this section that possession of any certificate established by this section be a state-mandated requirement for employment or continued employment. It is the intent that this is a matter for local educational agencies to determine.

SEC. 3. The sum of seven thousand dollars ($7,000) is hereby appropriated from the Teacher Credentials Fund in augmentation of Item 6360-001-407 of the Budget Act of 1982 for the development of appropriate standards for the certificates of bilingual-crosscultural assessment competence described in Section 56362.7 of the Education Code in the Spanish language. The development of appropriate standards for certificates of bilingual-crosscultural assessment competence in languages other than Spanish may be accomplished to the extent allowable under funding priorities established by the Commission for Teacher Preparation and Licensing.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit the certification of vitally needed bilingual-crosscultural education professionals at the earliest possible time, and so render existing special education programs more effective, it is necessary that this act take effect immediately.

CHAPTER 867

An act to amend Sections 109, 1010, 1011, and 1427 of, to add Chapter 3.6 (commencing with Section 380) to Division 1 of, and to add Chapter 6.6 (commencing with Section 1435) to Part 2 of Division 2 of, the Water Code, relating to water.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 109 of the Water Code is amended to read:

109. (a) The Legislature hereby finds and declares that the growing water needs of the state require the use of water in an efficient manner and that the efficient use of water requires

certainty in the definition of property rights to the use of water and transferability of such rights. It is hereby declared to be the established policy of this state to facilitate the voluntary transfer of water and water rights where consistent with the public welfare of the place of export and the place of import.

(b) The Legislature hereby directs the Department of Water Resources, the State Water Resources Control Board, and all other appropriate state agencies to encourage voluntary transfers of water and water rights, including, but not limited to, providing technical assistance to persons to identify and implement water conservation measures which will make additional water available for transfer.

SEC. 2. Chapter 3.6 (commencing with Section 380) is added to Division 1 of the Water Code, to read:

CHAPTER 3.6. DEFERENCE TO DECISIONS BY LOCAL OR REGIONAL AGENCIES

380. The Legislature hereby finds and declares as follows:

(a) The various regions of the state differ widely in the availability of water supplies and in the need for water to meet beneficial uses.

(b) Decisions regarding operations to meet water needs can depend in part upon regional differences.

(c) Many water management decisions can best be made at a local or regional level, to the end that local and regional operational flexibility will maximize efficient statewide use of water supplies.

(d) The authority granted by this chapter to local and regional public agencies, as defined in subdivision (a) of Section 65930 of the Government Code and not including federal agencies, is in furtherance of the policy declared in Section 2 of Article X of the California Constitution and in Section 109.

381. The authority of local or regional public agencies pursuant to this chapter shall control over any other provision of law which contains more stringent limitations on the authority of a particular public agency to serve water for use outside the agency, to the extent those other laws are inconsistent with the authority granted herein.

382. Notwithstanding any other provision of law, every local or regional public agency authorized by law to serve water to the inhabitants of the agency may sell, lease, exchange, or otherwise transfer water that is surplus to the needs of the agency's water users for use outside of the agency. The authority granted to local and regional public agencies by this chapter shall not be construed as prohibiting or restricting the transfer of water or water rights pursuant to authority granted such agencies by provisions of law other than this chapter.

383. For the purposes of this chapter, water that is surplus to the needs of the agency's water users shall mean any of the following:

(a) Water, to which the right is held by the agency pursuant to an appropriation made under the Water Commission Act or Division 2 (commencing with Section 1000), which the agency finds will be in

excess of the needs of water users within the agency for the duration of the transfer.

(b) Water, to which the right is held by the agency pursuant to an appropriation made under the Water Commission Act or Division 2 (commencing with Section 1000), of which any water user agrees with the agency, upon mutually satisfactory terms, to forego use for the duration of the transfer.

(c) Water, to which the right is held by a water user within the agency pursuant to an appropriation made under the Water Commission Act or Division 2 (commencing with Section 1000) where the water user and the agency agree, upon mutually satisfactory terms, that the water user will forego use for the period of time specified in the agreement and that the agency shall act as agent for the water user to effect the transfer.

384. Prior to serving water to any person for use outside the agency, the agency shall comply with all provisions of the general laws of this state relating to the transfer of water or water rights, including, but not limited to, procedural and substantive requirements governing any change in point of diversion, place of use, or purpose of use due to such transfer.

385. No water may be transferred pursuant to this chapter for use within the boundaries of a local or regional public agency that furnishes the same water service to the transferee without the prior consent of that agency.

386. The board may approve any change associated with a transfer pursuant to this chapter only if it finds that the change may be made without injuring any legal user of the water and without unreasonably affecting fish, wildlife, or other instream beneficial uses and does not unreasonably affect the overall economy of the area from which the water is being transferred.

A petitioner requesting a change which is subject to this section shall pay to the board a fee which shall be in an amount determined by the board to cover the reasonable costs of the board in evaluating and processing the petition.

387. No water may be transferred under the provisions of this chapter for a period in excess of seven years, except that water made available as a result of waste water reclamation, the development of additional supplies, or water conservation, as defined in Sections 1010 and 1011, may be transferred for such period of time as may be agreed upon by the agency and the transferee.

SEC. 3. Section 1010 of the Water Code is amended to read:

1010. (a) Cessation of or reduction in the use of water under any existing right regardless of the basis of right, as the result of the use of reclaimed water or water polluted by waste to a degree which unreasonably affects such water for other beneficial uses, shall be and is deemed equivalent to, and for purposes of maintaining any right shall be construed to constitute, a reasonable beneficial use of water to the extent and in the amount that such reclaimed or polluted water is being used not exceeding, however, the amount of such

reduction. No lapse, reduction, or loss of any existing right shall occur under such conditions and, to the extent and in the amount that reclaimed or polluted water is used in lieu of water appropriated by a permittee pursuant to Chapter 6 (commencing with Section 1375) of Part 2, the board shall not reduce the appropriation authorized in the user's permit. Such use of reclaimed or polluted water shall constitute good cause under Section 1398 to extend the period specified in a permit for application of appropriated water to beneficial use to the extent and in the amount that reclaimed or polluted water is used. Such extension by the board shall be granted upon the same terms as are set forth in the user's permit, and for a period sufficient to enable the permittee to perfect his appropriation, while continuing to use reclaimed or polluted water.

The board, in issuing a license pursuant to Article 3 (commencing with Section 1610) of Chapter 9 of Part 2, shall not reduce the appropriation authorized by permit, to the extent and in the amount that reduction in a permittee's use, during the perfection period, including any extention as provided in this section, has resulted from the use of reclaimed or polluted water in lieu of the permittee's authorized appropriation.

The board may require that any user of water who seeks the benefit of this section file periodic reports describing the extent and amount of the use of reclaimed or polluted water. To the maximum extent possible, the reports shall be made a part of other reports required by the board relating to the use of water.

For purposes of this section, the term "reclaimed water" shall have the same meaning as in Division 7 (commencing with Section 13000).

(b) Water, or the right to the use of water, the use of which has ceased or been reduced as the result of the use of reclaimed or polluted water as described in subdivision (a), may be sold, leased, exchanged, or otherwise transferred pursuant to any provision of law relating to the transfer of water or water rights, including, but not limited to, provisions of law governing any change in point of diversion, place of use, and purpose of use due to the transfer.

SEC. 4. Section 1011 of the Water Code is amended to read:

1011. (a) When any person entitled to the use of water under an appropriative right fails to use all or any part of the water because of water conservation efforts, any cessation or reduction in the use of such appropriated water shall be deemed equivalent to a reasonable beneficial use of water to the extent of such cessation or reduction in use. No forfeiture of the appropriative right to the water conserved shall occur upon the lapse of the forfeiture period applicable to water appropriated pursuant to the Water Commission Act or this code or the forfeiture period applicable to water appropriated prior to December 19, 1914.

The board may require that any user of water who seeks the benefit of this section file periodic reports describing the extent and amount of the reduction in water use due to water conservation efforts. To the maximum extent possible, the reports shall be made

a part of other reports required by the board relating to the use of water. Failure to file the reports shall deprive the user of water of the benefits of this section.

For purposes of this section, the term "water conservation" shall mean the use of less water to accomplish the same purpose or purposes of use allowed under the existing appropriative right. Where water appropriated for irrigation purposes is not used by reason of land fallowing or crop rotation, the reduced usage shall be deemed water conservation for purposes of this section.

(b) Water, or the right to the use of water, the use of which has ceased or been reduced as the result of water conservation efforts as described in subdivision (a), may be sold, leased, exchanged, or otherwise transferred pursuant to any provision of law relating to the transfer of water or water rights, including, but not limited to, provisions of law governing any change in point of diversion, place of use, and purpose of use due to the transfer.

SEC. 5. Section 1427 of the Water Code is amended to read:

1427. Before making the findings required by Section 1425, the board shall review available records, files, and decisions which relate to the availability of water from the source at the proposed point of diversion to serve the proposed temporary diversion and use, and which relate to the rights of downstream users; shall consult with representatives of the Department of Fish and Game; and shall make a field investigation, if necessary or desirable in the opinion of the board.

SEC. 6. Chapter 6.6 (commencing with Section 1435) is added to Part 2 of Division 2 of the Water Code, to read:

CHAPTER 6.6. TEMPORARY URGENCY CHANGES

1435. (a) When the board finds that a permittee or licensee has a temporary need to change a point of diversion, place of use, or purpose of use from that specified in the permit or license under emergency conditions, and that the change may be made without injury to any lawful user of water and without unreasonable effect upon fish, wildlife, or other instream beneficial uses, the board may issue to a petitioner a conditional, temporary change order without requiring compliance with other procedures or provisions of this division, but subject to all requirements of this chapter.

(b) No temporary change order may be issued pursuant to the provisions of this chapter unless it is first determined that the proposed temporary change would not adversely affect the rights of other users. The board may delegate to any employee of the board all or any of its functions under this chapter. However, the board shall, at its next regular meeting, review and validate any change order issued by an employee.

(c) "Emergency conditions," for the purposes of this chapter, shall be found to exist when there have been unexpected circumstances requiring immediate action by a petitioner to change

a point of diversion, place of use, or purpose of use so as to protect the public health, welfare, or safety. It is not necessary that the emergency conditions be such that they could not have been anticipated or prepared for, but only that in the normal course of events they would seldom be expected.

1436. The petition for a temporary change order shall be completed in accordance with the rules of the board, and the petitioner shall pay the fee required by Chapter 8 (commencing with Section 1525).

1437. Before making the findings required by Section 1435, the board shall review available records, files, and decisions which relate to the rights of other legal users of water, consult with representatives of the Department of Fish and Game, and make a field investigation if the investigation is necessary or desirable in the opinion of the board.

1438. (a) The board may issue a temporary change order in advance of the notice required by this section. In all cases, whether or not a temporary change order has been issued, the board shall, as soon as practicable after the receipt of a petition, issue and deliver to the permittee or licensee a notice of the change order which includes the information required by the rules of the board.

(b) Publication or posting of the notice shall be as follows:

(1) If the permit or license is for more than three cubic feet per second or for more than 200 acre-feet of storage, and if the change order is to remain in effect for more than 30 days, the notice shall be published by, and at the expense of, the permittee or licensee at the earliest practicable time, not to exceed 20 days from the date of issuance of the notice, in a newspaper having a general circulation and published within the county wherein the point of diversion lies. Proof of publication shall be by copy of the notice as published and made part of an affidavit filed with the board within 10 days of publication.

(2) In all other cases, unless the change order is to be in effect less than 10 days:

(A) The permittee or licensee shall post the notice in at least two conspicuous places in the locality to be affected by the change. Notices shall be posted not later than two days after receipt. An affidavit containing proof of posting shall be filed with the board within seven days of the date of notice.

(B) The board shall send a copy of the notice by registered mail to each person who, in the judgment of the board, could be adversely affected by the temporary change.

(c) Regardless of the rate of diversion or the amount of storage, if the change order is to be in effect less than 10 days, the board shall exercise its discretion with respect to requiring notice, both before and after issuance of the change order, and may require such proof of notice as it deems appropriate.

(d) Any interested person may file an objection to the temporary change with the board, and the board shall send a copy of that

objection to the permittee or licensee.

(e) The board shall give prompt consideration to any objection, and may hold a hearing thereon, after notice to all interested persons.

(f) Failure of the permittee or licensee to comply with any requirement of this section shall result in the automatic termination of the temporary change.

1439. The board shall supervise the use of water under the temporary change order for the protection of vested rights and instream beneficial uses and for compliance with change order conditions.

1440. Any temporary change order issued under this chapter shall not result in creation of a vested right, even of a temporary nature, but shall be subject at all times to modification or revocation in the discretion of the board. Any temporary change order shall automatically expire 180 days after the date of its issuance unless an earlier date is specified or it has been revoked.

1441. A temporary change order issued under this chapter may be renewed by the board. Requests for renewal shall be processed in the manner provided by this chapter except that the permittee or licensee shall not be required to file duplicate maps, drawings, or other data if they were furnished with the original petition. Each such renewal shall be valid for a period not to exceed 180 days from the date of renewal.

1442. This chapter shall not apply to any permittee or licensee petitioning for a temporary change pursuant to Chapter 10.5 (commencing with Section 1725).

SEC. 7. It is the intent of the Legislature that the duties and responsibilities provided for in this act be accomplished by utilizing existing staff resources and that no additional funding be provided other than that which is appropriated by the Legislature in the annual Budget Act.

CHAPTER 868

An act to amend Sections 3306, 3327.5, and 3365 of, to add Section 3427.5 to, and to repeal Section 3431 of, the Business and Professions Code, relating to hearing aid dispensers.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 3306 of the Business and Professions Code is amended to read:

3306. "Practice of fitting or selling hearing aids," as used in this chapter, means those practices used for the purpose of selection and

adaptation of hearing aids, including direct observation of the ear, testing of hearing in connection with the fitting and selling of hearing aids as provided in Section 3440, taking of ear mold impressions, fitting or sale of hearing aids, and any necessary postfitting counseling.

The practice of selling hearing aids does not include the act of concluding the transaction by a retail clerk.

When any audiometer or other equipment is used in the practice of fitting or selling hearing aids, it shall be kept properly calibrated and in good working condition, and the calibration of such audiometer or other equipment shall be checked at least annually.

SEC. 2. Section 3327.5 of the Business and Professions Code is amended to read:

3327.5. On and after January 1, 1980, all holders of licenses to sell or fit hearing aids shall continue their education after receiving such license. The committee shall provide by regulation, as a condition to the renewal thereof, that licensees shall submit documentation satisfactory to the committee that they have informed themselves of current practices related to the fitting of hearing aids by having pursued courses of study satisfactory to the committee or by other means defined as equivalent by the committee.

SEC. 3. Section 3365 of the Business and Professions Code is amended to read:

3365. A licensee shall, upon the consummation of a sale of a hearing aid, deliver to the purchaser a written receipt, signed by or on behalf of the licensee, containing all of the following:

(a) The date of consummation of the sale.

(b) Specifications as to the make, serial number, and model number of the hearing aid or aids sold.

(c) The address of the principal place of business of the licensee, and the address and office hours at which the licensee shall be available for fitting or postfitting adjustments and servicing of the hearing aid or aids sold.

(d) A statement to the effect that the aid or aids delivered to the purchaser are used or reconditioned, as the case may be, if that is the fact.

(e) The number of the licensee's license and the name and license number of any other hearing aid dispenser who provided any recommendation or consultation regarding the purchase of the hearing aid.

(f) The terms of any guarantee or express warranty, if any, made to the purchaser with respect to such hearing aid or hearing aids.

(g) Such receipt shall bear, or have attached to it in no smaller type than the largest used in the body copy portion, the following:

"The purchaser has been advised at the outset of his or her relationship with the hearing aid dealer that any examination or representation made by a licensed hearing aid dealer or fitter in connection with the practice of fitting or selling of this hearing aid, or hearing aids, is not an examination, diagnosis, or prescription by

a person licensed to practice medicine in this state, or by licensed audiologists and therefore must not be regarded as medical opinion or professional advice."

SEC. 4. Section 3427.5 is added to the Business and Professions Code, to read:

3427.5. It is unlawful for a licensed hearing aid dispenser to fit or sell a hearing aid unless he or she has first (a) complied with all provisions of state laws and regulations relating to the fitting or selling of hearing aids, (b) conducted a direct observation of the purchaser's ear canals, and (c) informed the purchaser of the address and office hours at which the licensee shall be available for fitting or postfitting adjustments and servicing of the hearing aid or aids sold.

SEC. 5. Section 3431 of the Business and Professions Code is repealed.

SEC. 6. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 869

An act to amend Section 1226 of the Health and Safety Code, relating to health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 1226 of the Health and Safety Code is amended to read:

1226. The regulations shall prescribe the kinds of services which may be provided by clinics in each category of licensure and shall prescribe minimum standards of adequacy, safety, and sanitation of the physical plant and equipment, minimum standards for staffing with duly qualified personnel, and minimum standards for providing the services offered. These minimum standards shall be based on the type of facility, the needs of the patients served, and the types and levels of services provided.

The Office of Statewide Health Planning and Development, in consultation with the Community Clinics Advisory Committee, shall prescribe minimum construction standards of adequacy and safety for the physical plant of clinics and submit these standards for

The trust agreement shall, as a minimum, contain provision for all the following matters:

(1) An initial trust corpus of not less than ten million dollars ($10,000,000), which corpus shall be a trust fund to secure enforcement of the interindemnity arrangement. The average initial contribution to such corpus shall be not less than twenty thousand dollars ($20,000) per member participating in the interindemnity arrangement. No such interindemnity arrangement shall become operative until the requisite minimum reserve trust fund has been established by such participating members.

(2) The reserve trust fund created by such trust agreement shall be administered by a board of trustees of three or more members, all of whom shall be physicians and surgeons licensed in California, participating members in the interindemnity arrangement, and elected biennially or more frequently by at least a majority of all members participating in the interindemnity arrangement.

(3) The board of trustees shall be the custodian of all funds of the interindemnity arrangement, and all such funds shall be deposited in such bank or banks and savings and loan associations in California as the board may designate, and each such account shall require two or more signatories for withdrawal of funds. The authorized signatories shall be appointed by the board and shall be physicians and surgeons licensed in California and participating members in the interindemnity arrangement. Each signatory on such accounts shall maintain, at all times while empowered to draw on such funds, for the benefit of the interindemnity arrangement, a bond against loss suffered through embezzlement, mysterious disappearance, holdup or burglary or other loss issued by a bonding company licensed to do business in California in a penal sum of not less than one hundred thousand dollars ($100,000).

(4) All funds held in trust which are in excess of current financial needs shall be invested and reinvested from time to time, under the direction of the board of trustees, in eligible securities, as defined in Section 16430 of the Government Code, in portfolios of eligible securities, in exchange traded financial futures contracts or exchange traded options contracts to hedge investment in those eligible securities, or in certificates of deposits or time deposits issued by banks and savings and loan associations in California duly insured by instrumentalities of the United States government.

Pursuant to the authority contained in Section 1 of Article XV of the California Constitution, the restrictions upon rates of interest contained in Section 1 of Article XV of the California Constitution shall not apply to any obligations of, loans made by, or forbearances

of, any trust established by a cooperative corporation providing indemnity pursuant to this section.

(5) The income earned on the corpus of the trust fund shall be the source for the payment of the claims, costs, judgments, settlements, and costs of administration contemplated by such interindemnity arrangement, and to the extent such income is insufficient for such purposes, the board of trustees shall have the power and authority to assess participating members for all amounts necessary to meet the obligations of such interindemnity arrangement in accordance with the terms thereof. Where necessary in the best interests of the interindemnity arrangement, the board of trustees may make assessments to increase the corpus of the trust fund in accordance with the terms of such interindemnity arrangement. Any assessment levied against a member shall be the personal obligation of such member. Any person who obtains a final judgment of recovery for medical malpractice against a member of such interindemnity arrangement shall have, in addition to any other remedy, the right to assert directly all rights to indemnification which the judgment debtor has under the interindemnity arrangement. Such final judgment shall be a lien on the reserve trust fund to secure payment of such judgment, limited to the extent of the judgment debtor's rights to indemnification.

Any change in the assessment agreement between the interindemnity arrangement and its membership shall be submitted to the entire membership for ratification. If the ratification process is to be performed by a mail ballot, a ballot shall be sent to each member by certified mail. Within 45 days after the posted date on the certified letter containing the ballot, each member who decides to vote on the assessment change shall return his or her ballot to the interindemnity arrangement for the tallying of the ballots. An affirmative vote of 75 percent of those voting shall be required to effectuate any change in the assessment agreement.

If a change in the assessment agreement is to be submitted to members at a properly called meeting, the membership shall be notified of the meeting and the proposed assessment change by certified mail posted at least 45 days prior to the meeting. Seventy-five percent of those present in person or by proxy at the meeting shall be required to effectuate any change in the assessment agreement.

(6) Each participating member shall be covered by such interindemnity arrangement for not less than one million dollars ($1,000,000) for each occurrence of professional negligence, with the terms and conditions of such coverage to be specified in the trust agreement, except that such interindemnity arrangement may provide participating members with an aggregate limit for all payments on behalf of such member and may provide participating members with less than one million dollars ($1,000,000) of such coverage for each occurrence of professional negligence if the interindemnity arrangement obtains for the benefit of such

members reinsurance of excess limits coverage in an amount which when added to the coverage provided by such interindemnity arrangement would equal not less than one million dollars ($1,000,000) for each occurrence of professional negligence.

Any change in the coverage provided for professional negligence by the trust agreement between the interindemnity arrangement and its membership shall be submitted to the entire membership for ratification. If the ratification process is to be performed by a mail ballot, a ballot shall be sent to each member by certified mail. Within 45 days after the posted date on the certified letter containing the ballot, each member who decides to vote on the coverage change shall return his or her ballot to the interindemnity arrangement for the tallying of the ballot. An affirmative vote of 75 percent of those voting shall be required to effectuate any change in the coverage provided for professional negligence by the trust agreement.

If any such change is to be submitted to members at a properly called meeting, the membership shall be notified of the meeting and the proposed coverage change by certified mail posted at least 45 days prior to the meeting. An affirmative vote of 75 percent of the membership present at the meeting, in person or by proxy, shall be required to effectuate any such change, except that at least 50 percent of the entire membership must agree to any such change.

(7) Withdrawal of all, or any portion of, the corpus of the reserve trust fund shall be upon the written authorization signed by at least two-thirds of the members of the board of trustees.

(8) The board of trustees shall cause both of the following to be furnished to each member participating in such interindemnity arrangement, and to be filed with the Commissioner of Corporations:

(A) Within 90 days after the end of each fiscal year a statement of the assets and liabilities of the interindemnity arrangement as of the end of such year, a statement of the revenue and expenditures of the interindemnity arrangement, and a statement of the changes in corpus of the reserve trust for such year, in each case accompanied by a certificate signed by a firm of independent certified public accountants selected by the board of trustees indicating that such firm has conducted an audit of such statements in accordance with generally accepted auditing standards and indicating the results of such audit.

(B) Within 45 days after the end of each of the first three quarterly periods of each fiscal year a statement of the assets and liabilities of the interindemnity arrangement as of the end of such quarterly period, a statement of the revenue and expenditures of the interindemnity arrangement and a statement of the changes in corpus of the reserve trust for such period, in each case accompanied by a certificate signed by a majority of the members of the board of trustees to the effect that such statements were prepared from the official books and records of the interindemnity arrangement.

(C) In addition to the statements required to be filed pursuant to this paragraph, the board of trustees shall annually file with the

Commissioner of Corporations an authorization for disclosure to the commissioner of all financial records pertaining to the interindemnity arrangement. For the purpose of this clause, the authorization for disclosure shall also include the financial records of any association, partnership, or corporation that has management or control of the funds or the operation of the interindemnity arrangement.

(9) The trust agreement shall also provide for all the following:

(A) In the event a participating member who is in full compliance with the trust agreement, including the payment of all outstanding dues and assessments, dies, the initial contribution made by the decedent shall be returned to such member's estate or designated beneficiary; the indemnity coverage shall continue for the benefit of the decedent's estate in respect of occurrences during the time the decedent was a participating member; and neither the person receiving the repayment of the initial contribution nor the decedent's estate shall be responsible for any assessments levied following the death of the member.

(B) A participating member who is then in full compliance with the trust agreement and who has reached the age of 65 and who has retired completely from the practice of medicine may elect to retire from the interindemnity arrangement, in which case such member shall not be responsible for assessments levied following the date notice of retirement is given to the trust. Following such retirement, the indemnity coverage shall continue for the benefit of such member in respect of occurrences prior to the time such member retired from the interindemnity arrangement. Such retired member's initial contribution shall be repaid 10 years from the date the notice of retirement is received by the trust, or such earlier date as specified in the trust agreement.

(C) During any period in which a participating member, who is then in full compliance with the trust agreement, has, in the judgment of the board of trustees, become unable to perform any and every duty of his or her regular professional occupation, such participating member may request disability status in accordance with the terms of the interindemnity arrangement. During any period of disability status, such member shall not be responsible for assessments levied during such period and, where so provided in the interindemnity arrangement, all indemnity coverage, both as to defense and payment of claims, shall terminate as to occurrences arising out of the actions of such participating member during the period of disability status.

(D) In the event a participating member fails to pay any assessment when the same is due, the board of trustees may terminate such person's membership status if such failure to pay is not cured within 30 days from the date the assessment was due. Upon such termination the former participating member shall not be entitled to the return of all or any part of his or her initial contribution, and the indemnity coverage shall thereupon terminate

as to all claims then pending against such person and in respect to all occurrences prior to the date of such termination of membership. However, in the event the interindemnity arrangement is then providing legal defe ıse services to such person, the interindemnity arrangement shall continue to provide those services for a period of 10 days following such termination.

(E) In the event a participating member fails to comply with any provision of the trust agreement (other than a failure to pay assessments when due), the board of trustees may terminate such person's membership status if such failure to comply is not cured within 60 days from the date such person is notified of the failure; provided that before such membership status may be terminated such person shall be given the right to call for a hearing before the board of trustees (to be held before the expiration of such 60-day period), at which hearing such person shall be given the opportunity to demonstrate to the board of trustees that no failure to comply has occurred or, if it has occurred, that it has been cured. Upon such termination, the former participating member shall not be entitled to the return of all or any part of his or her initial contribution, and the indemnity coverage shall thereupon terminate as to all claims then pending against such person and in respect to all occurrences prior to the date of such termination of membership. However, in the event the interindemnity arrangement is then providing legal defense services to such person, the interindemnity arrangement shall continue to provide those services for a period of 10 days following such termination.

(F) A participating member who is then in full compliance with the trust agreement may elect voluntarily to terminate his or her membership in the interindemnity arrangement. Upon such voluntary termination, such person may further elect to cease being responsible for future assessments, or to continue to pay such assessments until such time as such person's initial contribution is repaid. In the event such person elects to cease being responsible for future assessments, the indemnity coverage shall thereupon terminate and such person shall either be responsible for his or her own exposure for acts committed while a participating member in the interindemnity arrangement, or he or she may request the interindemnity arrangement to purchase or provide, at the cost of such person, coverage for such exposure. The initial contribution of such person shall be repaid on the 10th anniversary of the date such contribution was made. In the event such person elects to continue to be responsible for assessments, the indemnity coverage shall continue in respect of occurrences prior to the date of such voluntary termination, and the initial contribution of such person shall be repaid at such time as the board of trustees is satisfied that (i) there are no claims pending against such person in respect of occurrences during the time such person was a participating member, and (ii) the statute of limitations has run on all claims which might be asserted against such person in respect of occurrences during such time. In

no event shall such repayment be made earlier than the 10th anniversary of the date such contribution was made.

(G) The board of trustees shall have the right to terminate the membership of a participating member where the board of trustees determines that such termination is in the best interests of the interindemnity arrangement even though such person has complied with all of the provisions of the trust agreement. Such a termination may be effected only if at least two-thirds of the members of the board of trustees indicate in writing their decision so to terminate. If the board of trustees proposes so to terminate a member, such member shall have the right to call a special meeting of all participating members in accordance with the rules established by the board of trustees for the purpose of voting on whether or not such member shall be so terminated. Such member shall not be so terminated if at least two-thirds of the participating members present, in person or by proxy, indicate that such member should not be so terminated. In the event a member is so terminated, such person shall elect either: (i) to request the return of his or her initial contribution, in which case the same shall be repaid and the indemnity coverage shall thereupon terminate as to all claims then pending against such person and in respect to all occurrences prior to the date of such termination of membership. However, in the event the interindemnity arrangement is then providing legal defense services to such person, the interindemnity arrangement shall continue to provide those services for a period of 30 days to enable such person to assume his or her own defense; or (ii) to release all rights to the return of such initial contribution, in which case the indemnity coverage shall continue for the benefit of such member in respect of occurrences during the time such person was a participating member and such person shall have no responsibility for assessments levied following such termination. The interindemnity arrangement may provide that if a member is so terminated and fails to make the election set forth herein within 45 days of the date of notification of termination of membership, such participating member shall be deemed to have elected to release all rights to a return of his or her initial contribution, in which case indemnity coverage shall apply for the benefit of the member with respect to occurrences occurring prior to the termination.

(10) Each member participating in such interindemnity arrangement shall have the right of access to, and the inspection of, the books and records of the interindemnity arrangement, which rights shall be similar to the corporate shareholders pursuant to Section 3003 of the Corporations Code, or, commencing January 1, 1977, Sections 1600 to 1605, inclusive, of the Corporations Code.

(11) There shall be a meeting of all members participating in the interindemnity arrangement, at least annually, after not less than 10 days' written notice has been given, at a location reasonably convenient to such participating members and on a date which is within a reasonable period of time following the distribution of the

annual financial statements.

(12) Notwithstanding Sections 12453 and 12703 of the Corporations Code, on any matter to be voted upon by the membership at either a regular or special meeting, a member shall have the right to vote in person or by written proxy filed with the corporate secretary prior to such meeting. No such proxy shall be made irrevocable, nor be valid beyond the earliest of the following dates:

(A) The date of expiration set forth in the proxy; or

(B) The date of termination of membership; or

(C) Eleven months from the date of execution of the proxy; or

(D) Such time as may be specified in the bylaws, not to exceed 11 months.

(13) The interindemnity arrangement, and the reserve trust fund incident thereto, shall be subject to termination at any time by the vote or written consent of not less than three-fourths of the participating members.

(b) The board of trustees shall cause to be recorded with the office of the county recorder of the county of the principal place of business of the interindemnity arrangement within 90 days following the end of each fiscal year, a written statement, executed by a majority of the board of trustees under penalty of perjury, reciting that each member participating in such interindemnity arrangement was mailed a copy of the annual financial statement and quarterly audit certificates by first-class mail, postage prepaid, required pursuant to paragraph (8) of subdivision (a).

(c) Each person solicited to become a participating member in such an interindemnity arrangement shall receive in writing, at least 48 hours prior to the execution by the prospective participating member of the trust agreement, and at least 48 hours prior to the payment by such prospective participating member of any consideration in connection with such interindemnity arrangements, the following information:

(1) A copy of the articles of incorporation and bylaws of the cooperative corporation and a copy of the form of trust agreement to be executed by such prospective participating member.

(2) A disclosure statement regarding the interindemnity arrangement. The disclosure statement shall contain on the first or cover page a legend in boldface type reading substantially as follows:

"THE INTERINDEMNITY ARRANGEMENT CONTEMPLATED HEREIN PROVIDES THAT PARTICIPATING MEMBERS HAVE UNLIMITED PERSONAL LIABILITY FOR ASSESSMENTS WHICH MAY BE LEVIED TO PAY FOR THE PROFESSIONAL NEGLIGENCE LIABILITIES COVERED BY THIS ARRANGEMENT. NO ASSURANCES CAN BE GIVEN REGARDING THE AMOUNT OR FREQUENCY OF ASSESSMENTS WHICH MAY BE SO LEVIED, OR THAT ALL PARTICIPATING MEMBERS WILL MAKE TIMELY PAYMENT OF THEIR ASSESSMENTS TO COVER THE PROFESSIONAL

NEGLIGENCE LIABILITY OF A PARTICIPATING MEMBER."

(3) The disclosure statement shall further contain all of the following information:

(A) The amount, nature and terms and conditions of the professional negligence coverage available under the interindemnity arrangement.

(B) The amount of the initial contribution required of each participating member and a statement of the minimum number of members and aggregate contributions required for the interindemnity arrangement to commence.

(C) The names, addresses and professional experience of each member of the board of trustees.

(D) The requirements for admission as a participating member.

(E) A statement of the services to be provided under the interindemnity arrangement to each participating member.

(F) A statement regarding the obligation of each member to pay assessments and the consequences for failure to do so.

(G) A statement of the rights and obligations of a participating member in the event such member dies, retires, becomes disabled or terminates participation for any reason, or the interindemnity arrangement terminates for any reason.

(H) A statement regarding the claims administration services to be provided, indicating whether these services will be delegated to others pursuant to a contractual arrangement.

(I) A statement of the voting rights of the members and the circumstances under which participation of such a member may be terminated and under which the interindemnity arrangement may be terminated.

(J) If any statement of estimated or projected financial information for the interindemnity arrangement is used, a statement of such estimation or projection and a summary of the data and assumptions upon which it is based.

(4) A list with the names and addresses of all then current participating members of the interindemnity arrangement.

(d) No officer, director, trustee, employee or member of the interindemnity arrangement or the cooperative corporation shall receive, or be entitled to receive, any payment, bonus, salary, income, compensation or other benefit whatsoever, either from the reserve trust fund or the income therefrom or from any other funds of the interindemnity arrangement or the members thereof based on the number of participating members, or the amount of the reserve trust fund or other funds of the interindemnity arrangement.

(e) A peer review committee or committees shall be established by the trust agreement to review the qualifications of any physician and surgeon to participate or continue to participate in such interindemnity arrangement, and to review the quality of medical services rendered by any participating member, as well as the validity of medical malpractice claims made against participating members. Any physician and surgeon, prior to becoming a

participating member of such interindemnity arrangement, shall be reviewed and approved by a majority of the members of such peer review committee. No peer review committee, or any of its members, shall be liable for any action taken by such committee in reviewing the qualifications of a physician and surgeon to participate or continue to participate, or the quality of medical services rendered, or the validity of a medical malpractice claim, unless it is alleged and proved that such action was taken with actual malice.

(f) The following are hereby defined as unfair methods of competition and deceptive acts or practices with respect to cooperative corporations or interindemnity arrangements provided for in this section.

(1) Making any false or misleading statement as to, or issuing, circulating, or causing to be made, issued or circulated, any estimate, illustration, circular, or statement misrepresenting the terms of any interindemnity arrangement or the benefits or advantages promised thereby, or making any misleading representation or any misrepresentation as to the financial condition of such interindemnity arrangement, or making any misrepresentation to any participating member for the purpose of inducing or tending to induce such member to lapse, forfeit, or surrender his or her rights to indemnification under such interindemnity arrangement. It shall be a false or misleading statement to state or represent that a cooperative corporation or interindemnity arrangement is or constitutes "insurance" or an "insurance company" or an "insurance policy."

(2) Making or disseminating or causing to be made or disseminated before the public in this state, in any newspaper or other publication, or any advertising device, or by public outcry or proclamation, or in any other manner or means whatsoever, any statement containing any assertion, representation, or statement with respect to such cooperative corporations or interindemnity arrangements, or with respect to any person in the conduct of such cooperative corporations or interindemnity arrangements, which is untrue, deceptive, or misleading, and which is known, or which by the exercise of reasonable care should be known, to be untrue, deceptive, or misleading. It shall be a false or misleading statement to state or represent that a cooperative corporation or interindemnity arrangement is or constitutes "insurance" or an "insurance company" or an "insurance policy."

(4) Filing with any supervisory or other public official, or making, publishing, disseminating, circulating, or delivering to any person, or placing before the public, or causing directly or indirectly, to be made, published, disseminated, circulated, or delivered to any

person, or placed before the public any false statement of financial condition of such a cooperative corporation or interindemnity arrangement with intent to deceive.

(5) Making any false entry in any book, report, or statement of such a cooperative corporation or interindemnity arrangement with intent to deceive any agent or examiner lawfully appointed to examine into its condition or into any of its affairs, or any public official to whom such a cooperative corporation or interindemnity arrangement is required by law to report, or who has authority by law to examine into its condition or into any of its affairs, or, with like intent, willfully omitting to make a true entry of any material fact pertaining to such a cooperative corporation or interindemnity arrangement in any book, report, or statement of such a cooperative corporation or interindemnity arrangement.

(6) Making or disseminating, or causing to be made or disseminated, before the public in this state, in any newspaper or other publication, or any other advertising device, or by public outcry or proclamation, or in any other manner or means whatever, whether directly or by implication, any statement that such a cooperative corporation or interindemnity arrangement is a member of the California Insurance Guarantee Association, or insured against insolvency as defined in Section 119.5. This paragraph shall not be interpreted to prohibit any activity of the California Insurance Guarantee Association or of the commissioner authorized, directly or by implication, by Article 14.2 (commencing with Section 1063) of Chapter 1 of this part.

ultimately recovered.

(G) Attempting to settle a claim by a participating member for less than the amount to which a reasonable person would have believed he or she was entitled by reference to written or printed advertising material accompanying or made part of an application for membership in such an interindemnity arrangement.

(H) Attempting to settle claims on the basis of an interindemnity arrangement which was altered without notice to the participating member.

(I) Failing, after payment of a claim, to inform participating members, upon request by them, of the coverage under which payment has been made.

(J) Making known to claimants a practice of such cooperative corporation or interindemnity arrangement of appealing from arbitration awards in favor of claimants for the purpose of compelling them to accept settlements or compromises less than the amount awarded in arbitration.

(K) Delaying the investigation or payment of claims by requiring a claimant, or his or her physician, to submit a preliminary claim report, and then requiring the subsequent submission of formal proof of loss forms, both of which submissions contain substantially the same information.

(L) Failing to settle claims promptly, where liability has become apparent, under one portion of an interindemnity arrangement in order to influence settlements under other portions of the interindemnity arrangement.

Mail balloting may also be used in conjunction with a meeting at which directors are to be elected and all mail ballots shall count toward establishing a quorum for such meeting for the limited purpose of the issues set forth in the mail ballot. Directors shall be elected as follows:

(1) The candidates receiving the highest number of votes, up to the number of directors to be elected, by a specified date at least 45 days but not later than 60 days after the ballots are first mailed to the members (or the date of a meeting of members held in conjunction therewith) shall be elected.

(2) In the event that no candidate receives a majority of the votes cast for a vacant office, a runoff election shall be held between the two candidates receiving the highest number of votes cast. The runoff election shall be held at least 45 days but not more than 60 days after the ballots for such election are mailed. In the event that there is more than one office for which no candidate receives a majority of the votes cast, the candidates for the runoff shall be twice the number of vacant offices, and shall be those persons who received the highest number of votes therefor.

Such certified mail ballots shall be kept on file for a period of three months after all vacant board positions have been filled, and shall be subject to inspection at any reasonable time by any members of the cooperative corporation.

CHAPTER 884

An act to add Section 1463.02 to the Penal Code, and to amend Section 5008 of, and to add Section 5008.4 to, the Public Resources Code, relating to parks and recreation.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 1463.02 is added to the Penal Code, to read:

1463.02. Notwithstanding Section 1463, out of moneys deposited with the county treasurer pursuant to Section 1463, there shall be transferred once a month into the State Treasury to the credit of the State Parks and Recreation Fund an amount equal to 50 percent of all fines and forfeitures collected during the preceding month upon conviction of any person or upon the forfeiture of bail from any person arrested or notified by a peace officer of the Department of Parks and Recreation and charged with committing any public offense occurring on or about property owned, administered, or controlled by the Department of Parks and Recreation, and an amount equal to the remaining 50 percent shall be transferred into the general fund of the county.

Any student under 21 years of age, and any student under 25 years of age who has been honorably discharged or is otherwise returning from active or inactive military service with the armed forces of the United States, who resides in this state and more than 90 miles from the nearest public community college attendance center where the student can satisfy his or her program requirements, measured by the usual vehicular route between the student's home and the attendance center, may request to attend credit courses at any public community college in the state, whether or not the student's residence is in a district maintaining a community college. If the student resides within territory not included within any community college district and resides more than 90 miles from the nearest community college attendance center, measured by the usual vehicular route between the student's home and the attendance center, there shall be paid to the parents or other persons having charge or control of the student and directly to adult students and married minors, by the district in which the student attends, a maintenance allowance not to exceed four dollars ($4) per calendar day, including weekends and school holidays, for the portion of a semester, quarter, or other session or term in which the student is enrolled full time in credit classes in a community college under this section. No later than 90 days after the close of each fiscal year the community college districts shall pay eligible students at the rate prescribed by the chancellor.

The chancellor shall prescribe procedures for the submission of claims by community college districts and verification of the claims by the appropriate county superintendent of schools.

For the purpose of this section, a person shall be deemed to be honorably discharged from the armed forces (a) if he or she was honorably discharged from the armed forces of the United States or (b) if he or she was inducted into the armed forces of the United States under the "Universal Military Training and Service Act," and (1) satisfactorily completes his or her period of training and service under that act and is issued a certificate to that effect pursuant to that act, or (2) having served honorably on active duty was transferred to a reserve component of the armed forces of the United States pursuant to that act, or (3) was otherwise released pursuant to that act under honorable conditions.

(b) For the purposes of applying the provisions of this article, a real estate broker is acting within the meaning of subdivision (d) of

Section 10131 if he or she solicits borrowers, or causes borrowers to be solicited, through express or implied representations that the broker will act as an agent in arranging a loan, but in fact makes the loan to the borrower from funds belonging to the broker.

CHAPTER 887

An act to add Sections 2188.8 and 2188.9 to the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 2188.8 is added to the Revenue and Taxation Code, to read:

2188.8 (a) Whenever the assessor receives a written request for separate assessment of timeshare estates in a timeshare project, as defined in Section 11003.5 of the Business and Professions Code and as specified in subdivision (h) of this section, the assessor shall, on the

first lien date which occurs more than 60 days following the request, and on each lien date thereafter, separately assess each timeshare estate in the project if the assessor determines that the conditions specified in subdivision (c) have been met. Whenever estates in a timeshare project are separately assessed, they shall continue to be separately assessed in subsequent fiscal years and once a request for separate assessment is made with respect to a project, it is binding on all future timeshare estate owners.

(b) The interest that is to be separately assessed is the value of the right of recurrent, exclusive use or occupancy of real property, annually or on some other periodic basis, for a specific period of time that has been, or will be, allotted from the use or occupancy periods into which the project has been divided.

(c) The separate assessment of a timeshare estate may not be made by the assessor unless:

(1) The person making the request certifies that the request for separate assessment has been approved in the manner provided in the organizational documents of the organization involved for approval of matters affecting the affairs of the organization generally; and

(2) A diagrammatic floor plan of the improvements, a copy of the documents setting forth the procedures for scheduling time and units to each timeshare estate owner, and a list of every timeshare estate owner, with a date notation thereon showing when, according to the organization's records, each timeshare estate was acquired, have been filed with the assessor. A plot map of the land showing the location of the improvements on the land need not be filed unless requested by the assessor. The organization shall file an annual statement for each succeeding assessment year, on or before April 1, with the assessor setting forth any changes to such required information known to the organization. The list or other information provided pursuant to this section is not a public document and shall not be open to public inspection, except as provided in Section 408.

(d) Notwithstanding the provisions of subdivision (c), this section shall not be construed to require any person making a request for separate assessment to meet the requirements of the Subdivision Map Act, nor shall the approval of any governmental agency be required for separate assessment.

(e) The tax on a timeshare estate that is separately assessed pursuant to this section shall be a lien solely on the timeshare estate and shall be entered on and be subject to all provisions of law applicable to taxes on the secured roll.

(f) The assessor shall provide to the principal office of each timeshare project within the taxing jurisdiction, at such time and in such manner as he deems appropriate, adequate notice of the provisions of this section and other pertinent information relative to the implementation thereof.

(g) The county may charge a fee for the initial and the on-going costs, not to exceed the actual cost, of the separate assessment and

billing with respect to a timeshare project. This fee shall be proportionately allocated to each of the timeshare estate owners, collected commencing with the initial separate tax bills, and deposited in the county's general fund.

(h) For purposes of this section, "timeshare estate" applies to timeshare estates, as defined in Section 11003.5 of the Business and Professions Code, which include a fee simple interest in the underlying property involved. However, "timeshare estate" does not include timeshare estates that are coupled with a leasehold interest or an estate for years.

SEC. 2. Section 2188.9 is added to the Revenue and Taxation Code, to read:

2188.9. (a) Whenever the assessor receives a written request for separate assessment of a timeshare project, as defined in Section 11003.5 of the Business and Professions Code, the assessor shall, on the first lien date which occurs more than 60 days following the request, and on each lien date thereafter, separately assess the individual interests in the project described in subdivision (b) if the conditions specified in subdivision (c) have been met. Whenever a timeshare project becomes subject to separate assessment, it shall continue to be so subject in subsequent fiscal years and once a request for separate assessment is made, it is binding on all future owners and occupants of the project.

(b) The interest in a timeshare project that is to be separately assessed is the value of the right of recurrent, exclusive use or occupancy of real property, annually or on some other periodic basis, for a period of time that has been, or will be, allotted from the use or occupancy periods into which the project has been divided.

(c) A separate assessment may not be made by the assessor under this section unless:

(1) The person making the request certifies that the request for separate assessment has been approved in the manner provided in the organizational documents of the organization involved for approval of matters affecting the affairs of the organization generally; and

(2) A diagrammatic floor plan of the improvements, a copy of the documents setting forth the procedures for scheduling time and units to each timeshare interest owner, and a list of every timeshare interest owner, with a date notation thereon showing when, according to the organization's records, each interest was acquired, have been filed with the assessor. A plot map of the land showing the location of the improvements on the land need not be filed unless requested by the assessor. The organization shall file an annual statement for each succeeding assessment year, on or before April 1, with the assessor, setting forth any changes to the required information known to the organization. The list or other information provided pursuant to this section is not a public document and shall not be open to public inspection, except as provided in Section 408 of the Revenue and Taxation Code.

(d) Notwithstanding the provisions of subdivision (c), this section shall not be construed to require applicants for separate assessments to meet the requirements of the Subdivision Map Act, nor shall the approval of any governmental agency be required for separate assessment except for the assessor's approval.

(e) The assessor shall cumulate all the separate assessments in a timeshare project and enter the total assessment on the secured roll in the name of the organization or timeshare owners' association. The assessor shall notify each owner of a timeshare interest subject to separate assessment under this section of the amount of an increased assessment pursuant to Section 619.

(f) The tax on the total assessment with respect to a timeshare project shall be a lien on the entire timeshare project and shall be subject to all provisions of law applicable to taxes on the secured roll.

(g) The tax collector shall send a single tax bill, with an itemized breakdown detailing the taxes applicable to each separate assessment, to the timeshare project organization or owners' association.

(h) The assessor shall provide to the principal office of each timeshare project within the taxing jurisdiction, at that time and in that manner as he or she deems appropriate, adequate notice of the provisions of this section and other pertinent information relative to the implementation thereof.

(i) The county may charge a fee for the initial cost of separately assessing and implementing subdivision (g), not to exceed the actual cost, which may be collected on the tax bill to the timeshare project, which fee shall be deposited in the county's general fund.

(j) This section shall not apply to timeshare estates or to timeshare projects that are subject to the provisions of Section 2188.8.

SEC. 3. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because self-financing authority is provided in this act to cover costs that may be incurred in carrying on any program or performing any service required to be carried on or performed by this act.

CHAPTER 891

An act to add Chapter 10 (commencing with Section 72001) to Division 22 of the Food and Agricultural Code, relating to wheat, and making an appropriation therefor.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 10 (commencing with Section 72001) is added to Division 22 of the Food and Agricultural Code, to read:

CHAPTER 10. CALIFORNIA WHEAT COMMISSION

Article 1. Declaration and General Provisions

72001. The wheat industry in this state is expanding rapidly. It provides over three hundred fifty million dollars ($350,000,000) in farm income annually, increased by almost 20 percent in 1981, and is expected to show continued growth in the future. It is one of California's five biggest agricultural exports. In total production, the state is among the top 10 states nationwide. The industry is a major employer of agricultural labor and is also a source of employment in the transportation, warehousing, and shipping industries.

72002. Opportunity exists for continued expansion, particularly if the industry can develop better varieties more suited to the California climate and the needs of the marketplace. The unique qualities of California wheat need to be promoted to foreign buyers, who purchase most of the wheat grown in this state. Opportunity also exists for increasing sales to domestic customers.

72003. The establishment of a California Wheat Commission is necessary for the efficient development and management of an international sales promotion program, and is essential to ensure that the California wheat industry can compete successfully in the marketplace.

72004. A commission is also necessary to conduct research into the development of varieties more suitable to the export trade, as well as more productive under California growing conditions.

72005. A California Wheat Commission would also be the means for California producers to take a more active role in national wheat organizations and wheat policymaking bodies. Producers in this state lack effective input at the national level, while producers in all other major wheat-growing states have this advantage through their own state commissions.

72006. The production and marketing of wheat produced in this state is hereby declared to be affected with public interest. The provisions of this chapter are enacted in the exercise of the police power of this state for the purpose of protecting the health, peace, safety, and general welfare of the people of this state.

72007. A commission form of administration created by this chapter is designed to deal with the broad fields of advertising, promotion, marketing research, and production research.

72008. No action taken by the commission, nor by any individual

in accordance with this chapter or with rules or regulations adopted under the chapter, shall be deemed a violation of the Cartwright Act, the Unfair Practices Act, the Fair Trade Act, or any rule of statutory or common law against monopolies or combinations in restraint of trade.

Article 2. Definitions

72021. Unless the context otherwise requires, the definitions in this article govern the construction of this chapter.

72022. "Wheat" means any variety of wheat produced in this state.

72028. "Ex officio member" shall be a nonvoting member of the commission.

72029. "Handle" means to engage in the business of a handler as defined in Section 72030.

72030. "Handler" means any person who engages in the operation of selling, marketing, or distributing wheat which he or she has produced, purchased, or acquired from a producer, or which he or she is marketing on behalf of a producer, whether as owner, agent, employee, broker, or otherwise.

Article 3. The California Wheat Commission

72051. There is in the state government the California Wheat Commission. The producers, one from each district, shall be elected by and from producers within the respective districts. The two handler members shall be elected by and from handlers doing business within the state.

The public member shall be appointed to the commission by the director from the nominees recommended by the commission.

The director and other appropriate individuals as determined by the commission shall be nonvoting ex officio members of the commission.

72052. The director may require the commission to correct or cease any existing activity or function which is determined by the director not to be in the public interest or is in violation of this chapter.

If the commission refuses or fails to cease those activities or functions or to make such corrections as required by the director, the director may, upon written notice, suspend all or a portion of the activities of the commission until that time that the cessation or correction of activities or functions as required by the director has been accomplished by the commission.

Actions of the commission in violation of that written notice shall be without legal force or effect.

The director, to the extent feasible, shall issue the written notice prior to the commission entering into any contractual relationship

affecting the existing or proposed activities or functions which are the subject of the written notice.

Upon service of the written notice, the director shall notify the commission, in writing, of the specific acts which he determines are not in the public interest or are in violation of this chapter and his reasons for requiring a cessation or correction of specific activities or functions, and may make recommendations that will make the activities or functions acceptable to the director.

72052.5. When the director is required to determine whether or not to concur with a decision of the commission, he shall indicate his response to the commission within 15 working days after notification of the decision. The response may be a request that additional information be provided.

72053. The commission or the director may bring an action for judicial relief from the director's written notice, or from noncompliance by the commission with the written notice, in a court of competent jurisdiction, which may issue a temporary restraining order, permanent injunction, or other applicable relief.

72054. The commission shall reimburse the director for all expenditures incurred by the director in carrying out his duties and responsibilities under this chapter. However, the court may, if it finds that the director acted arbitrarily or capriciously in restricting the activities or functions of the commission, relieve the commission of the responsibility for payment of the director's legal costs with regard to that action.

72055. Each member of the commission, except the ex officio members, shall have an alternate member, to be elected in the same manner as the member. An alternate member shall, in the absence of the member for whom he is alternate, serve in place of the member on the commission, and may exercise, all the rights, privileges, and powers of the member when serving on the commission. In the event of death, removal, resignation, or the disqualification of a member, the alternate shall act as a member on the commission until a successor is qualified and elected.

72056. Any vacancy on the commission occurring by the failure of any person elected to the commission as a member or alternate member to continue in his position due to a change in status making him ineligible to serve, or due to death, removal, disqualification, or resignation, shall be filled, for the unexpired portion of the term, by a majority vote of the commission. However, the person shall fulfill all the qualifications set forth in this article as required for the member whose office he is to fill. Qualifications of any person to fill a vacancy on the commission shall be certified, in writing, to the director. The director shall notify the commission if he or she determines that any such person is not qualified.

72057. A producer member and his or her alternate on the commission shall be an individual, partner, or employee of a producer who has a financial interest in producing, or causing to be produced, wheat for market. Not more than two such members shall

be persons employed by, or connected in a proprietary capacity with, the same corporation, firm, partnership, association, or business organization and not more than one member in any one district shall be so employed or connected. Qualification as a producer member shall continue during the entire term of office.

A handler member and his or her alternate on the commission shall be an individual, or a partner or employee of a handler, who has a financial interest in handling wheat for market.

The public member or his alternate on the commission, shall have all the powers, rights, and privileges of any other member on the commission. The public member shall not have any financial interest in the wheat industry.

72058. The term of office of all commissioners, except any ex officio member, shall be for three years from the date of their election and until their successors are qualified and elected. However, of the first producer members of the commission, five shall serve for one year, five shall serve for two years, and five shall serve for three years, with the determination of term of each member to be made by lot at the time of election. Terms of office of each commissioner shall be limited to four consecutive terms.

It shall have the power to sue and be sued, to contract and be contracted with, and to have and possess all of the powers of a corporation. It may adopt a corporate seal. Copies of its proceedings, records, and acts, when authenticated, shall be admissible in evidence in all courts of the state, and shall be prima facie evidence of the truth of all statements therein.

72060. A quorum of the commission shall be any 10 voting commissioners. Except as provided in Sections 72027 and 72133, the vote of a majority of members present at a meeting at which there is a quorum shall constitute the act of the commission.

72061. The director or his representatives shall be notified and may attend each meeting of the commission and any committee meeting of the commission.

72062. No commissioner or member of a committee established by the commission who is a nonmember of the commission shall receive a salary. Each commissioner, except the ex officio member, and each member of a committee established by the commission who is a nonmember of the commission may receive a sum of not to exceed one hundred dollars ($100) per day, as established by the commission, for each day spent in actual attendance at, or in traveling to and from, meetings of the commission or committees of the commission, or on special assignment for the commission, as approved by the commission, together with the necessary traveling expenses and meal allowances, as approved by the commission.

72063. All moneys received by any person from the assessments levied under the authority of this chapter or otherwise received by the commission, shall be deposited in such banks as the commission may designate and shall be disbursed by order of the commission

through such agent or agents as it may designate for that purpose. Any agent or agents shall be bonded by a fidelity bond, executed by a surety company authorized to transact business as such in the State of California, in favor of the commission, in the amount of not less than twenty-five thousand dollars ($25,000).

72064. The commission shall defend any of its members against any claims made or actions taken against any commission members on matters in which the members acted on behalf of the commission.

72065. The state shall not be liable for the acts of the commission or its contracts. Payments of all claims arising by reason of the administration of this chapter or acts of the commission shall be limited to the funds collected by the commission. No member of the commission or alternate member, or any employee or agent thereof, shall be personally liable on the contracts of the commission nor shall a commissioner, alternate member, or employee of the commission be responsible individually in any way to any producer, handler, or any other person for error in judgment, mistakes, or other acts, either of commission or omission, as principal, agent, or employee, except for his own individual acts of dishonesty or crime. No commissioner or alternate member shall be held responsible individually for any act or omission of any member of the commission. The liability of the commissioners shall be several and not joint, and no commissioner shall be liable for the default of any other commissioner.

Article 4. Powers and Duties of the Commission

72081. The powers and duties of the commission shall include, but are not limited to, all of the following:

(a) To adopt, and from time to time, alter, rescind, modify, and amend all proper and necessary bylaws, rules, regulations, and orders for carrying out the provisions of this chapter, including rules for regulation of appeals from any bylaw, rule, regulation, or order of the commission.

(b) To administer and enforce this chapter, and to do and perform all acts and exercise all powers incidental to, or in connection with or deemed reasonably necessary for, proper or advisable effectuation of the purposes of this chapter.

(c) To appoint its own officers, including a chairman, one or more vice-chairmen, and such other officers as it deems necessary. The officers shall have the powers and duties delegated to them by the commission.

(d) To employ a manager to serve, at the pleasure of the commission, as president and chief executive officer of the commission and other personnel, including legal counsel, that is necessary to carry out the provisions of this chapter. The commission may retain a management firm or any staff from any board, commission, or committee of the state to perform the functions prescribed by this subdivision under the control of the commission. If the manager engages in any conduct which the director

determines is not in the public interest or which is in violation of this chapter, the director shall notify the commission of the conduct and request that corrective and, if appropriate, disciplinary action be taken by the commission. In the event that the commission fails or refuses to correct the situation or to take disciplinary action satisfactory to the director, the director may suspend or discharge the manager.

(e) To fix the compensation for all employees of the commission.

(f) To appoint committees composed of both members and nonmembers of the commission to advise the commission in carrying out the provisions of this chapter.

(g) To establish offices and incur expenses, and to enter into any and all contracts and agreements, and to create such liabilities and borrow such funds in advance of receipt of assessments as may be necessary, in the opinion of the commission, for the proper administration and enforcement of this chapter and the performance of its duties.

(h) To keep accurate books, records and accounts of all of its dealings, which books, records and accounts shall be subject to an annual audit by an auditing firm selected by the commission with the concurrence of the director. The audit shall be made a part of an annual report to all producers and handlers of wheat, copies of which shall also be submitted to the Legislature and the Department of Food and Agriculture. In addition, the director may, as he determines necessary, conduct, or cause to be conducted, a fiscal and compliance audit of the commission.

(i) To promote the sale of wheat by advertising and other promotional means, including cost-sharing advertising, for the purpose of maintaining and expanding present markets and creating new and larger intrastate, interstate, and foreign markets for wheat and to educate and instruct the public with respect to the uses of the several varieties and the healthful properties and nutritional value of wheat.

(j) To appoint an advisory committee composed of handlers to aid the commission in its deliberations.

(k) To make, in the name of the commission, contracts to render service in formulating and conducting plans and programs, and such other contracts or agreements as the commission may deem necessary for the promotion of the sale of wheat.

(*l*) To conduct and contract with others to conduct scientific research, including the study, analysis, dissemination, and accumulation of information obtained from this research or elsewhere respecting cultural and production practices, marketing, and distribution of wheat. In connection with research, the commission shall have the power to accept contributions of, or to match, private, state, or federal funds that may be available for those purposes, and to employ or make contributions of funds to other persons or state or federal agencies conducting the research.

(m) To publish and distribute, without charge, a bulletin or other

communication for dissemination of information relating to the wheat industry to producers and handlers.

(n) To establish an assessment rate to defray operating costs of the commission.

(o) To establish an annual budget according to accepted accounting practices. The budget shall be concurred in by the director prior to disbursement of funds, except for disbursements made pursuant to subdivision (e) of Section 72081.

(p) To educate and instruct wheat customers and buyers with respect to proper methods of handling and selling wheat, to make market surveys and analyses, to present facts to, and negotiate with, state, federal and foreign agencies on matters which affect the marketing of wheat, and to maintain and expand present markets and create new markets for wheat.

Article 5. Implementation and Voting Procedures

72091. Within 90 days after January 1, 1983, the director shall establish a list of producers eligible to vote on implementation of this chapter. In establishing the list, the director shall require that handlers, county agricultural commissioners, and wheat producers in this state submit the names, mailing addresses, and district numbers of all wheat producers. The request for this information shall be in writing. The list shall be filed within 30 days following receipt of the written notice.

Any producer of wheat, whose name does not appear upon the director's list of producers affected, may have his name established on the list by filing with the director a signed statement, identifying himself as a producer. Failure to be on the list does not exempt the producer from paying assessments under this chapter.

72092. The provisions of this chapter, except as necessary to conduct an implementation referendum vote, shall not become operative until the director finds, in a referendum conducted by the director, that at least 40 percent of the total number of producers from the list established by the director pursuant to Section 72091, participate, and either of the following:

(a) Sixty-five percent or more of the producers who voted in the referendum, and the producers so voting marketed a majority or more of the total quantity of wheat in the preceding season by all of the producers who voted in the referendum, voted in favor of the provisions of this chapter.

(b) A majority or more of the producers who voted in the referendum, and the producers so voting marketed 65 percent or more of the total quantity of wheat in the preceding season by all of the producers who voted in the referendum, voted in favor of the provisions of this chapter.

72093. The director shall establish a period in which to conduct the referendum which shall not be less than 10 days nor more than 60 days in duration, and may prescribe any additional procedure that

may be necessary to conduct the referendum. If the initial period established is less than 60 days, the director may extend the period.

72094. Failure to receive a ballot shall not invalidate the referendum.

72095. If the director finds that a favorable vote has been given as provided in Section 72092, he shall certify and give notice of the favorable vote to all producers and handlers whose names and addresses may be on file with the director.

72096. If the director finds that a favorable vote has not been given as provided in Section 72092, he shall so certify and declare all provisions of this chapter inoperative.

72097. Upon certification of the commission, the director shall contact all producers in each district by mail, or call meetings of producers in each district, for the purpose of nominating and electing persons for appointment to the commission by the director. All producers on the director's list shall be given written notice of the election meetings at least 15 days prior to the meeting date.

Upon certification of the commission, the director shall establish a list of handlers and shall, by mail or calling a meeting of all handlers, conduct the nomination and election of handlers for appointment to the commission by the director. All handlers on the director's list shall be given written notice of any nomination or election meetings at least 15 days prior to the meeting date.

72097.5. To be eligible for election to the commission, producer nominees shall present to the director a nomination petition with the signatures of at least six eligible producers from the district from which the nominee is seeking election.

72098. Subsequent to the first election of commissioners under this chapter, persons to be elected to the commission shall be selected pursuant to the nomination and election procedures which shall be established by the rules and regulations adopted by the commission with concurrence of the director.

72099. Prior to the referendum vote conducted by the director pursuant to Section 72092, the proponents of the commission shall deposit with the director such amount as the director may deem necessary to defray the expenses of preparing the necessary lists and information and conducting the vote.

Any unused funds in carrying out the provisions of Section 72092 shall be returned to the proponents of the commission who deposited the funds with the director.

Upon establishment of the commission, the commission is authorized to reimburse the proponents of the commission for any funds deposited with the director and which were used in carrying out the provisions of Section 72092, and for any legal expenses and costs incurred in establishing the commission.

Article 6. Assessments and Records

72101. The commission shall, not later than May 31 of each year, establish the assessment for the following year beginning June 1 and ending May 31. In no event shall the combined assessment of the commission and any other state authorized wheat production research and market program exceed 1 percent of the gross dollar value of the year's sale of wheat by all producers to handlers.

The commission shall establish producer gross dollar value through rules and regulations.

72103. Every handler shall keep a complete and accurate record of all wheat received by him or her and the name of the producer whose wheat was shipped. The records shall be in simple form and contain such information as the commission shall prescribe. The records shall be preserved by the handler for a period of two years and shall be offered and submitted for inspection at any reasonable time upon written demand of the commission or its duly authorized agent.

72104. All proprietary information obtained by the commission or the director from handlers and all lists of producers in the possession of the director shall be confidential and shall not be disclosed except when required in a judicial proceeding. Information on volume shipments, crop value, and any other related information which is required for reports to governmental agencies; financial reports to the commission or aggregate sales and inventory information; and any other such information which the handlers request from the commission to receive in total, excluding individual handler information, may be disclosed by the commission.

72105. Assessments provided for in this article shall be upon the producer. The handler first handling the wheat being assessed shall deduct the assessments from amounts paid by him to the producer and shall be a trustee of the funds until they are paid to the commission at the time and in the manner prescribed by the commission.

72106. Every handler shall be personally liable for the payment of the collected assessments, and failure of the handler to collect the assessment from any producer shall not exempt any handler from liability for payment of the assessment.

72107. Any assessment which is levied as provided for in this chapter, is a personal debt of every producer so assessed. Failure of a handler to make payment of the collected assessment to the commission shall not relieve the producer of this obligation.

72108. Any producer or handler who fails to file a return or pay any assessment within the time required by the commission shall pay to the commission a penalty of 10 percent of the amount of such assessment determined to be due and, in addition, 1½ percent interest per month on the unpaid balance.

72109. Any person, firm, or corporation subject to the assessment in this chapter may request a total or partial refund of a paid

assessment from the commission. No refund shall be made by the commission unless requested within 90 days from the date of collection of the assessment. However, the commission may extend that period upon a showing of good cause. The refund of assessment shall be made by the commission within 60 days of the date of the request for the refund. The commission shall establish procedures and provide forms for each request, shall maintain complete records, and shall ensure confidentiality.

Article 7. Actions and Penalties

72111. It shall be a misdemeanor punishable by imprisonment in the county jail not exceeding six months, or by a fine not exceeding five hundred dollars ($500), or by both the fine and imprisonment, for any person to do any of the following:

(a) Willfully to render or furnish a false report, statement, or record required by the commission.

(b) When engaged in the shipping of wheat or in the wholesale or retail trade of wheat, to fail or refuse to furnish to the commission or its duly authorized agents, upon request, information concerning the name and address of the persons from whom he has received wheat and the quantity so received.

(c) Secrete, destroy, or alter records required to be kept under the provisions of this chapter.

72112. The commission shall adopt regulations for the purpose of according individuals aggrieved by its actions or determinations an informal hearing before the commission, or before a committee of the commission designated for this purpose. Appeals from decisions the commission made after the hearing may be made to the director. The determination of the director shall be subject to judicial review upon petition filed with the appropriate court.

72112.5. The commission shall be empowered to commence civil actions and to utilize all remedies provided in law or equity for the collection of assessments and civil penalties, and for the obtaining of injunctive relief or specific performance, respecting the provisions of this chapter and the rules and regulations adopted under this chapter. Upon a favorable verdict for the commission, it shall be entitled to receive reimbursement for any reasonable attorneys' fees and other related costs. Venue for the actions may be established at the domicile or place of business of the defendant or in the county of the principal office of the commission. The commission may be sued only in the county of its principal office.

Article 8. Continuation, Suspension, and Termination

72131. Between June 1, 1987, and May 31, 1988, the commission shall cause a referendum to be conducted among producers in the manner prescribed in Section 72092 to determine whether the operations of the provisions of this chapter shall be reapproved and

continued effective. If the director finds that a favorable vote has been given, he shall so certify and all provisions of this chapter shall remain effective. If the director finds that a favorable vote has not been given, he shall so certify and declare the operation of the provisions of this chapter and the commission suspended upon the expiration of the current marketing season ending May 31, 1988. Thereupon, the operations of the commission shall be concluded and funds distributed in the manner provided in Section 72134. No bond or security shall be required for any such referendum.

72132. Following a favorable referendum conducted prior to May 31, 1988, a referendum shall be conducted by the commission every fifth year thereafter between June 1st and May 31, following procedures provided by this section, unless a referendum is conducted as the result of an industry petition pursuant to Section 72133. In that case the referendum shall be every fifth year following the industry petitioned referendum.

72133. Upon the finding of a two-thirds vote of the commission that the operation of the provisions of this chapter has not tended to effectuate its declared purposes, the commission may recommend to the director that the operation of this chapter shall be suspended. However, any such suspension shall not become effective until the expiration of the current marketing season. The director shall, upon receipt of the recommendation, or may upon a petition filed with him requesting the suspension, signed by 15 percent of the producers by number who produced not less than 15 percent of the volume in the immediately preceding season, and after a public hearing, cause a referendum to be conducted among the listed producers to determine if the operation and the operations of the commission shall be suspended. The director shall establish a referendum period, which shall not be less than 10 nor more than 60 days in duration. The director is authorized to prescribe additional procedures as may be necessary to conduct the referendum. At the close of the established referendum period, the director shall tabulate the ballots filed during the period. If at least 40 percent of the total number of producers from the list established by the director, participate in the referendum, the director shall continue the operation of this chapter, if he finds either one of the following:

(a) Sixty-five percent or more of the producers who voted in the referendum voted in favor of continuation, and the producers so voting marketed a majority or more of the total quantity of wheat marketed in the preceding marketing season by all of the producers who voted in the referendum.

(b) That a majority or more of the producers who voted in the referendum voted in favor of continuation, and that the producers so voting marketed 65 percent or more of the total quantity of wheat marketed in the preceding season by all of the producers who voted in the referendum.

72134. After the effective date of suspension of the operation of the provisions of this chapter and of the commission, the operations

of the commission shall be concluded and any and all moneys remaining held by the commission, collected by assessment and not required to defray the expenses of concluding and terminating operations of the commission, shall be returned upon a pro rata basis to all persons from whom assessments were collected in the immediately preceding current marketing season. However, if the commission finds that the amounts so returnable are so small as to make impractical the computation and remitting of the pro rata refund to those persons, any moneys remaining and any moneys remaining after payment of all expenses of winding up and terminating operations shall be withdrawn from the approved depository and paid into the State Treasury as unclaimed trust moneys.

72135. Upon suspension of the operation of this chapter and of the commission, the commission shall mail a copy of the notice of suspension to all producers and handlers affected by the suspension whose names and addresses are on file.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 892

An act to add Sections 39021.5, 39024.5, and 43660 to, and to add and repeal Chapter 5 (commencing with Section 44000) of Part 5 of Division 26 of, the Health and Safety Code, and to amend Sections 4000.1, 4000.2, and 4602.1 of, and to add Section 4000.3 to, the Vehicle Code, relating to air pollution, and making an appropriation therefor.

[Approved by Governor September 9, 1982. Filed with Secretary of State September 10, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 39021.5 is added to the Health and Safety Code, to read:

39021.5. "Components of emissions control systems" are those parts included in the state board's "Emissions Warranty Parts List," dated December 14, 1978, referenced in subdivision (c) of Section 2036 of Title 13 of the California Administrative Code.

SEC. 1.2. Section 39024.5 is added to the Health and Safety Code, to read:

39024.5. "Department" means the Department of Consumer Affairs.

SEC. 1.7. Section 43660 is added to the Health and Safety Code, to read:

43660. The state board shall review the requirement that every 1966 through 1970 light-duty motor vehicle be equipped with a certified device to control its exhaust emissions of oxides of nitrogen upon initial registration and upon transfer of ownership and registration, to determine the contribution of that requirement to the maintenance of ambient air quality standards in the state and the cost effectiveness of that requirement. The state board shall report to the Legislature its findings and recommendations with regard to the requirement not later than January 1, 1984.

SEC. 2. Chapter 5 (commencing with Section 44000) is added to Part 5 of Division 26 of the Health and Safety Code, to read:

CHAPTER 5. MOTOR VEHICLE INSPECTION PROGRAM

Article 1. General

44000. It is the intent of the Legislature, in enacting this chapter, to commit the State of California to the steps necessary to commence a biennial motor vehicle inspection and maintenance program in the urban nonattainment areas of the state as soon as practicable after January 1, 1983.

44001. This chapter shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1990, deletes or extends that date.

44002. The department shall have the sole and exclusive authority within the state for developing and implementing the motor vehicle inspection program in accordance with this chapter.

For the purposes of administration and enforcement of this chapter, the department, and the director and officers and employees thereof, shall have all the powers and authority granted under Chapter 20.3 (commencing with Section 9880) of Division 3 of the Business and Professions Code and under Chapter 33 (commencing with Section 3300) of Title 16 of the California Administrative Code. Inspections and repairs performed pursuant to this chapter, in addition to meeting the specific requirements imposed by this chapter, shall also comply with all requirements imposed pursuant to Chapter 20.3 (commencing with Section 9880) of Division 3 of the Business and Professions Code and Chapter 33 (commencing with Section 3300) of Title 16 of the California Administrative Code.

44003. Any district, or portion thereof, located within a federally designated urban nonattainment area for the primary federal ambient air quality standards for ozone or carbon monoxide may request the department to implement within its area of jurisdiction

a motor vehicle inspection program which meets the requirements of this chapter. The area to be covered by the program shall be specified by the requesting district.

44004. (a) The motor vehicle inspection program provided by this chapter, when implemented in a district, shall supersede and replace any other program for motor vehicle emission inspection in the district.

However, this chapter shall not apply to any vehicle permanently located on an island in the Pacific Ocean located 20 miles or more from the mainland coast.

(b) The motor vehicle inspection program provided by this chapter shall be in accordance with Sections 4000.1, 4000.2, and 4000.3 of the Vehicle Code.

44005. The department, with the cooperation of the Department of Motor Vehicles, shall implement the motor vehicle inspection program provided for by this chapter consisting of a testing portion, a repair portion, and a consumer protection-oriented quality assurance portion, in accordance with the requirements of this chapter.

The program shall provide for inspection of motor vehicles upon initial registration, biennially upon renewal of registration, and upon transfer of ownership.

44006. The department shall implement the program as expeditiously as possible, after January 1, 1983.

Article 2. Program Requirements

44010. The motor vehicle inspection program shall provide for privately operated vehicle test stations and repair stations which shall be authorized to issue certificates of compliance to vehicles which meet the requirements specified in this chapter.

44011. All motor vehicles powered by internal combustion engines which are registered and garaged within a nonattainment area designated for program coverage shall be required biennially to obtain a certificate of compliance, except for all of the following:

(a) Every motorcycle, every heavy-duty vehicle, and every diesel-powered vehicle, until the department determines that the inclusion of those vehicles is technologically and economically feasible.

(b) Any motor vehicle which has been issued a certificate of compliance or a waiver upon a change of ownership or initial registration in this state during the preceding 12 months.

(c) Any motor vehicle over 20 years old, as determined by the department.

(d) Any other vehicle which the department determines would present prohibitive inspection or repair problems.

44012. The test at the test stations shall include all of the following:

(a) A determination that emission control devices and systems

required by state and federal law are installed and functioning correctly in accordance with the test procedure adopted pursuant to subdivision (b) of Section 44013.

(b) A test of the vehicle's exhaust emissions of hydrocarbons, carbon monoxide, and carbon dioxide in an idle mode or loaded mode in accordance with the procedure prescribed by the department. Testing for nitrogen oxide emissions shall be included at the option of the district requesting the inspection program.

(c) A determination as to whether the vehicle complies with the emission standards for that vehicle's class and model-year as prescribed by the department.

44013. (a) The department, in cooperation with the state board, shall prescribe maximum emission standards to be applied in inspecting motor vehicles under this chapter.

In prescribing the standards, the department shall undertake studies and experiments which are necessary and feasible, evaluate available data, and confer with automotive engineers.

The standards shall be set at a level reasonably achievable for each class and model of motor vehicle when operating in a reasonably sound mechanical condition, allowing for the effects of installed motor vehicle pollution control devices and the motor vehicle's age and total mileage. The standards shall be designed so that motor vehicles will be operated, as soon as possible, with a substantial reduction in emissions, and shall be revised from time to time as experience justifies.

(b) The department, in cooperation with the state board, shall prescribe test procedures to be applied in inspecting motor vehicles under this chapter, which procedures shall be simple, cost effective, and consistent with the requirements of Section 44012. The department may revise the test procedures from time to time as experience justifies.

44014. (a) The testing portion of the program shall be conducted by automotive test stations licensed by the department, and by test mechanics who have qualified by completing courses prescribed by the department, pursuant to this chapter.

(b) The repair portion of the program shall be conducted by repair stations licensed by the department, and by repair mechanics who have qualified by completing courses prescribed by the department, pursuant to this chapter if the repairs are performed for compensation.

(c) The consumer protection-oriented quality assurance portion of the program shall be conducted by more than one private entity on a statewide basis pursuant to contracts with the department.

44015. (a) A licensed test station or a licensed repair station shall issue a certificate of compliance signed by a licensed inspector for a vehicle if it meets the requirements of Section 44012.

(b) A licensed repair station shall issue a certificate of compliance signed by a licensed inspector for a vehicle if a low-emissions service and adjustment is performed, measurements of the emissions before

and after the low-emissions service and adjustment are made and recorded by a qualified repair mechanic, and the mechanic certifies that the emission reductions achieved are the maximum that can be obtained without exceeding the cost limitation established by the department.

(c) With the approval of the department, a certificate of compliance may be issued by a licensed repair station when a qualified repair mechanic certifies that no adjustment or repair can be made that will reduce emissions from the inspected vehicle without exceeding the cost limitation established by the department.

(d) A certificate of compliance shall be valid for 90 days.

(e) A test may be made at any time within three months prior to the date otherwise required.

44016. The department shall, with the cooperation of the state board and after consultation with the motor vehicle manufacturers and representatives of the service industry, establish and update as necessary, specifications and procedures for motor vehicle maintenance and tuneup procedures and for repair of motor vehicle pollution control devices and systems referred to in this chapter as low-emissions service and adjustment. Licensed repair stations and qualified mechanics shall perform low-emissions service and adjustment in accordance with specifications and procedures so established.

44017. The department shall set a cost limitation on low-emission service and adjustment, including parts and repairs, which may vary from district to district, based upon the rate which mechanics charge in the different districts. The cost limitation on the low-emissions service and adjustment shall be set initially at not more than fifty dollars ($50), and may be increased to one hundred dollars ($100) taking into consideration mechanics' hourly rates and increases in the cost of living as reflected in the Consumer Price Index, as published by the United States Bureau of Labor Statistics. No limit shall be imposed in those cases where emissions control equipment is missing or is partially or totally inoperative as a result of tampering.

44018. (a) The motor vehicle inspection program may include advisory safety and fuel efficiency checks on the motor vehicle if the department finds that a cost effective method for conducting a check exists and that the cost of the inspection to the vehicle owner due to the additional checks would not be increased by more than 10 percent. The department shall specify the equipment to be checked and the procedures for conducting the checks.

(b) If an advisory safety check is performed, the entity performing the check shall give a notice to the motor vehicle owner which states that, under California law, the owner is personally liable for personal or property damage which is caused, or contributed to, by failure of the vehicle to operate properly.

44019. The motor vehicle inspection program shall require that any motor vehicle subject to this chapter owned by a governmental entity or public utility, and not required by law to have its

registration renewed, be tested, and that necessary service and adjustments be performed, in accordance with a schedule established by the department.

44020. Notwithstanding any other provision of this chapter, the department may license any owner of a fleet of 15 or more motor vehicles subject to this chapter, who so elects, to implement and conduct the tests and to perform necessary service and adjustment on the fleet's vehicles under this chapter, subject to all of the following conditions:

(a) The owner's facilities or personnel, or both, or a designated contractor of the owner, shall be certified by the department, and the test and repair system shall conform, in the department's determination, with all provisions of this chapter and all rules and regulations adopted by the department. The regulations shall provide for adequate onsite inspection by the department.

(b) A license issued under this section shall be suspended or rescinded by the department whenever the department determines, on the basis of random spot checks of the owner's inspection system and fleet vehicles, that the system fails to conform or that certificates of compliance have been issued by the owner in violation of regulations adopted by the department. Any person licensed to conduct tests and service and adjustments under this section is deemed to have consented to provide the department with whatever access, information, and other cooperation the department reasonably determines are necessary to facilitate the random spot checks.

(c) A fleet owner authorized to conduct tests or make repairs pursuant to this chapter shall issue certificates of compliance for motor vehicles which comply with the requirements of this chapter. The cost limitations in Section 44017 shall not apply to any motor vehicle owned by a fleet owner licensed pursuant to this section.

44021. (A) The department shall conduct ongoing cost benefit analyses and other evaluations of the inspection program, including, but not limited to, observed patterns of malfunctions in inspected motor vehicles' emissions control systems, inspection and repair costs, the failure rate after repairs, and recommendations for legislation to improve the inspection program.

Commencing not later than two years after the date of implementation of the program, the department shall submit periodic written reports, at least every 12 months, to the Legislature on the analyses and evaluations of the program. The department shall conduct at least one public hearing prior to submitting the first report and shall include pertinent information which it receives from the public hearing in that report.

(b) A review committee is hereby created to analyze the effect of the program on vehicle emissions and air quality. The review committee shall consist of a representative from the state board and a representative from each of the districts in which the motor vehicle inspection program has been implemented. The committee shall

conduct at least one public hearing prior to submitting its report to the Legislature and shall include pertinent information which it receives from the public hearings in its report. The first report shall be submitted not later than 36 months following the implementation of the program. Thereafter, the committee shall submit periodic written reports to the Legislature on the program at least every 24 months.

The committee's report shall quantify the reduction in emissions and improvement in air quality attributed to the program. If the study determines that the average reduction in emissions of hydrocarbons and carbon monoxide from inspected vehicles is less than 10 percent, the report shall recommend improvements to increase the effectiveness of the program. If the committee cannot identify and recommend improvements to the program to achieve emissions reductions of at least 10 percent, the report shall recommend termination of the program.

Article 3. Quality Assurance

44030. (a) The department shall develop standards for the licensing of test stations. Tests performed at test stations shall be performed by a qualified test mechanic.

The licensing standards for test stations may include, but not be limited to, requirements for all of the following:

Test mechanics and repair mechanics shall have the option to do hands-on work in lieu of written work in order to successfully complete the training and retraining courses. The department shall issue a certificate of completion to each person

successfully completing the courses and testing.

(c) There is hereby created a training course advisory board to assist and advise the department in recommending the form and content of training courses. The advisory board shall consist of five members appointed by the Director of Consumer Affairs, of whom two shall represent repair station or test station owners or managers, two shall represent repair or test mechanics, and one shall be a public member. The members of the advisory board shall receive no compensation for their services, but shall be reimbursed for their actual and necessary expenses in performing their duties under this subdivision.

44032. No person shall perform, for compensation, tests or repairs of emission control devices or systems of vehicles in an area where the program provided by this chapter is being implemented, unless the person performing the test or repair is a qualified test mechanic or qualified repair mechanic and the test or repair is performed at a licensed test or repair station, respectively.

(c) The department may approve certified test equipment in use prior to January 1, 1982, if the equipment meets the specifications developed by the department under subdivision (b). Any equipment required may be supplied by a single supplier in any nonattainment area if it is determined that there would be a demonstrable cost savings as shown through the solicitation and evaluation of competitive bids for each nonattainment area. If it is determined that any equipment required shall be supplied by a single supplier, the supplier shall enter into a master agreement with the department specifying the prices, terms, and conditions under which the supplier will provide equipment in a uniform manner within the nonattainment area. The master agreement shall contain terms consistent with the bid upon which it is based.

(d) In contracting pursuant to subdivision (c) of Section 44014, the department shall prepare detailed specifications and solicit bids from private entities for the implementation of the quality assurance portion. 44050. Any person who violates any provision of this chapter, or any order, rule, or regulation of the department adopted pursuant to this chapter, shall be liable for a civil penalty not to exceed five hundred dollars ($500) for each day in which each violation occurs. Any action to recover civil penalties shall be brought by the attorney general in the name of the state on behalf of the department, or may be brought by any district attorney, city attorney, or attorney for a district.

A continuing violation of any provision of this chapter, or any order, rule, or regulation of the department adopted pursuant to this chapter, may be enjoined by the superior court of the county in which the violation is occurring. In no event shall the fee for each certificate of compliance exceed six dollars ($6). It is the intent of the Legislature that the Vehicle Inspection Fund shall maintain a prudent surplus. If the surplus exceeds reasonable costs of administration of the program, the department shall, by regulation, prescribe a lower fee for the certificate of compliance.

44061. The fees collected by the department pursuant to Sections 44034 and 44060, and penalties collected pursuant to Section 44050, shall be deposited in the Vehicle Inspection Fund in accordance with the procedures established by the department, and shall be available to the department to carry out its functions and duties specified in this chapter upon appropriation by the Legislature.

The department shall maintain such fences and gates in good condition.

This act enacts provisions relating to facilities for physically handicapped persons in the California Recreational Trails System. Also, property which would be acquired for the South Yuba Independence Trail Project with funds appropriated pursuant to this

act may be sold for other purposes if not purchased immediately.

In order to begin the removal of toxic substances from mine tailings at Empire Mine State Historical Park, and in order to ensure the acquisition of such property for the South Yuba Independence Trail Project and also to ensure that the California Recreational Trails System includes facilities to meet the needs of physically handicapped persons, at the earliest possible time, it is necessary that this act go into immediate effect.

CHAPTER 904

An act to amend Section 2706.1 of, and to add Section 2612 to, the Unemployment Insurance Code, relating to disability insurance, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 2612 is added to the Unemployment Insurance Code, to read:

2612. Notwithstanding any other provision of law, except as provided in subdivision (b) of Section 2611, in determining the benefit rights of any person who cannot establish a valid claim pursuant to Section 2652 because he or she is unemployed during the normal disability base period established pursuant to Section 2610, there shall be excluded from the disability base period those quarters during which the person performed no services in employment for 60 days or more and was actively seeking work. For all quarters so excluded, there shall be substituted an equal number of quarters immediately preceding the commencement of the normal disability base period. Benefit rights under this section shall terminate for any disability benefit period that begins when the substitution quarters no longer contain sufficient wages to establish a valid claim under Section 2652.

SEC. 2. Section 2706.1 of the Unemployment Insurance Code is amended to read:

2706.1. A first claim, accompanied by a certificate on a form furnished by the department to the claimant, shall be filed not later than the 41st consecutive day following the first compensable day of unemployment and disability with respect to which the claim is made for benefits, which time shall be extended by the department upon a showing of good cause. If a first claim is not complete, the claim form shall be returned to the claimant for completion and it shall be completed and returned not later than the 10th consecutive day after the date it was mailed by the department to the claimant,

except that such time shall be extended by the department upon a showing of good cause.

SEC. 3. The provisions of law in effect prior to this act shall continue to be applicable with respect to periods of disability commencing prior to the effective date of this act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Experience has shown that the current time limit for filing an initial state disability insurance claim does not adequately protect the filing rights of many claimants. In order to extend the current time limit and thereby prevent any further loss of benefits to covered workers, and in order to alleviate the effects of extreme unemployment as soon as possible, it is necessary that this act go into effect immediately.

CHAPTER 905

such that his or her person or health is endangered, as proscribed by subdivision (d), including the intentional failure to provide adequate food, clothing, or shelter.

(2) "General neglect" means the negligent failure of a person having the care or custody of a child to provide adequate food, clothing, shelter, or supervision where no physical injury to the child has occurred.

For the purposes of this chapter, a child receiving treatment by spiritual means as provided in Section 16508 of the Welfare and Institutions Code or not receiving specified medical treatment for religious reasons, shall not for that reason alone be considered a neglected child.

(d) "Willful cruelty or unjustifiable punishment of a child" means a situation where any person willfully causes or permits any child to suffer, or inflicts thereon, unjustifiable physical pain or mental suffering, or having the care or custody of any child, willfully causes or permits the person or health of the child to be placed in a situation such that his or her person or health is endangered.

For the purposes of this article, "reasonable suspicion" means that it is objectively reasonable for a person to entertain such a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect child abuse.

(b) Any child care custodian, medical practitioner, nonmedical practitioner, or employee of a child protective agency who has knowledge of or who reasonably suspects that mental suffering has been inflicted on a child or his or her emotional well-being is endangered in any other way, may report such known or suspected instance of child abuse to a child protective agency.

(e) When two or more persons who are required to report are present and jointly have knowledge of a known or suspected instance of child abuse, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by such selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so, shall thereafter make the report.

(f) The reporting duties under this section are individual, and no supervisor or administrator may impede or inhibit the reporting duties and no person making such a report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting and apprise supervisors and administrators of reports may be established provided that they are not inconsistent with the provisions of this article.

(g) A county probation or welfare department shall immediately or as soon as practically possible report by telephone to the law enforcement agency having jurisdiction over the case, and to the agency given the responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code, every known or suspected instance of child abuse as defined in Section 11165, except acts or omissions coming within the provisions of paragraph (2) of subdivision (c) of Section 11165, which shall only be reported to the county welfare department. (b) Any transfer for the purpose of perfecting title to the property.

(c) (1) The creation, assignment, termination, or reconveyance of a security interest; or (2) the substitution of a trustee under a security instrument.

If the provisions of this section concerning whether a hearing should be held are in conflict with the provisions of a memorandum of understanding reached pursuant to the State Employer-Employee Relations Act (SEERA), commencing with Section 3512, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

CHAPTER 917

An act to amend Section 987 of, and to amend, repeal and add Sections 1239 and 1240.1 of, and to add Section 190.7 to, the Penal Code, relating to criminal procedure.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 190.7 is added to the Penal Code, to read:

190.7. The "entire record" referred to in Section 190.6 shall include, but not be limited to, the following:

(a) The normal and additional record prescribed in the rules adopted by the Judicial Council pertaining to an appeal taken by the defendant from a judgment of conviction.

(b) A copy of any other paper or record on file or lodged with the superior court and a transcript of any other oral proceeding reported in the superior court pertaining to the trial of the cause.

Nothing contained in this section shall preclude a court from ordering that the entire record include municipal court or settlement proceedings pertaining to the case.

Notwithstanding this section, the Judicial Council may adopt rules, not inconsistent with the purpose of Section 190.6, specifically pertaining to the content, preparation and certification of the record on appeal when a judgment of death has been pronounced.

SEC. 2. Section 987 of the Penal Code is amended to read:

987. (a) In a noncapital case, if the defendant appears for arraignment without counsel, he shall be informed by the court that it is his right to have counsel before being arraigned, and shall be asked if he desires the assistance of counsel. If he desires and is unable to employ counsel the court shall assign counsel to defend him.

(b) In a capital case, if the defendant appears for arraignment without counsel, the court shall inform him that he must be represented by counsel at all stages of the preliminary and trial proceedings and that such representation will be at his expense if he is able to employ counsel or at public expense if he is unable to employ counsel, inquire of him whether he is able to employ counsel and, if so, whether he desires to employ counsel of his choice or to have counsel assigned to him, and allow him a reasonable time to send for his chosen or assigned counsel. If the defendant is unable to employ counsel, the court shall assign counsel to defend him. If the defendant is able to employ counsel and either refuses to employ counsel or appears without counsel after having had a reasonable time to employ counsel, the court shall assign counsel to him.

The court shall at the first opportunity inform the defendant's trial counsel, whether retained by the defendant or court-appointed, of the additional duties imposed upon trial counsel in any capital case

as set forth in paragraph (1) of subdivision (b) of Section 1240.1.

(c) In order to assist the court in determining whether a defendant is able to employ counsel in any case, the court may require a defendant to file a financial statement under penalty of perjury. The financial statement shall be confidential and privileged and shall not be admissible in evidence in any criminal proceeding except the prosecution of an alleged offense of perjury based upon false material contained in the financial statement. The financial statement shall be made available to the prosecution only for purposes of investigation of an alleged offense of perjury based upon false material contained in the financial statement at the conclusion of the proceedings for which such financial statement was required to be submitted. The financial statement shall not be confidential and privileged in a proceeding under Section 987.8.

SEC. 3. Section 1239 of the Penal Code is amended to read:

1239. (a) Where an appeal lies on behalf of the defendant or the people, it may be taken by the defendant or his counsel, or by counsel for the people, in the manner provided in rules adopted by the Judicial Council.

(b) When upon any plea a judgment of death is rendered, an appeal is automatically taken by the defendant without any action by him or his counsel. The defendant's trial counsel, whether retained by the defendant or court-appointed, shall continue to represent the defendant until completing the additional duties set forth in paragraph (1) of subdivision (b) of Section 1240.1.

SEC. 4. Section 1239 is added to the Penal Code, to read:

1239. (a) Where an appeal lies on behalf of the defendant or the people, it may be taken by the defendant or his counsel, or by counsel for the people, in the manner provided in rules adopted by the Judicial Council.

(b) When upon any plea a judgment of death is rendered, an appeal is automatically taken by the defendant without any action by him or his counsel.

SEC. 5. Section 1240.1 of the Penal Code, is amended to read:

1240.1. (a) (1) In any noncapital criminal, juvenile court, or civil commitment case wherein the defendant would be entitled to the appointment of counsel on appeal if indigent, it shall be the duty of the attorney who represented the person at trial to provide counsel and advice as to whether arguably meritorious grounds exist for reversal or modification of the judgment on appeal. The attorney shall admonish the defendant that he is not able to provide advice concerning his own competency, and that the State Public Defender or other counsel should be consulted for advice as to whether an issue regarding the competency of counsel should be raised on appeal. The trial court may require trial counsel to certify that he has counselled the defendant as to whether arguable meritorious grounds for appeal exist at the time a notice of appeal is filed. Nothing in this section shall be construed to prevent any person having a right to appeal from doing so.

(2) It shall be the duty of every attorney representing an indigent defendant in any noncapital criminal, juvenile court, or civil commitment case to execute and file on his client's behalf a timely notice of appeal when such attorney is of the opinion that arguably meritorious grounds exist for a reversal or modification of the judgment or orders to be appealed from, and where, in the attorney's judgment, it is in the defendant's interest to pursue such relief as may be available to him on appeal; or when directed to do so by a defendant having a right to appeal.

With the notice of appeal the attorney shall file a brief statement of the points to be raised on appeal and a designation of any document, paper, pleading, or transcript of oral proceedings necessary to properly present such points on appeal when such document, paper, pleading or transcript of oral proceedings would not be included in the normal record on appeal according to the applicable provisions of the California Rules of Court. The executing of such notice of appeal by the defendant's attorney shall not constitute an undertaking to represent the defendant on appeal unless such undertaking is expressly stated in the notice of appeal.

If the defendant was represented by appointed counsel on the trial level, or if it appears that the defendant will request the appointment of counsel on appeal by reason of indigency, the trial attorney shall also assist the defendant in preparing and submitting a motion for the appointment of counsel and any supporting declaration or affidavit as to the defendant's financial condition. These documents shall be filed with the trial court at the time of filing a notice of appeal, and shall be transmitted by the clerk of such trial court to the clerk of the appellate court within three judicial days of their receipt. The appellate court shall act upon such motion without unnecessary delay. An attorney's failure to file a motion for the appointment of counsel with the notice of appeal shall not foreclose the defendant from filing a motion at any time it becomes known to him that the attorney has failed to do so, or at any time he shall become indigent if he was not previously indigent.

(3) The State Public Defender shall, at the request of any attorney representing a prospective indigent appellant or at the request of the prospective indigent appellant himself, provide counsel and advice to such prospective indigent appellant or attorney as to whether arguably meritorious grounds exist on which the judgment or order to be appealed from would be reversed or modified on appeal.

(4) The failure of a trial attorney to perform any duty prescribed in this section, assign any particular point or error in the notice of appeal, or designate any particular thing for inclusion in the record on appeal shall not foreclose any defendant from filing a notice of appeal on his own behalf or from raising any point or argument on appeal; nor shall it foreclose the defendant or his counsel on appeal from requesting the augmentation or correction of the record on appeal in the reviewing court.

(b) (1) In order to expedite certification of the entire record on

appeal in all capital cases, defendant's trial counsel, whether retained by the defendant or court-appointed, shall continue to represent the defendant until the entire record on the automatic appeal is certified. In any capital case, trial counsel shall check that the entire record on appeal has been prepared, and shall check for errors or omissions in that record and request any corrections thereto within the time provided by rules adopted by the Judicial Council.

(2) The duties imposed on trial counsel in paragraph (1) of this subdivision shall not foreclose the defendant's appellate counsel from requesting additions or corrections to the entire record on appeal in either the trial court or the Supreme Court.

SEC. 6. Section 1240.1 is added to the Penal Code, to read:

1240.1. (a) In any criminal, juvenile court, or civil commitment case wherein the defendant would be entitled to the appointment of counsel on appeal if indigent, it shall be the duty of the attorney who represented the person at trial to provide counsel and advice as to whether arguably meritorious grounds exist for reversal or modification of the judgment on appeal. The attorney shall admonish the defendant that he is not able to provide advice concerning his own competency, and that the State Public Defender or other counsel should be consulted for advice as to whether an issue regarding the competency of counsel should be raised on appeal. The trial court may require trial counsel to certify that he has counselled the defendant as to whether arguably meritorious grounds for appeal exist at the time a notice of appeal is filed. Nothing in this section shall be construed to prevent any person having a right to appeal from doing so.

(b) It shall be the duty of every attorney representing an indigent defendant in any criminal, juvenile court, or civil commitment case to execute and file on his client's behalf a timely notice of appeal when such attorney is of the opinion that arguably meritorious grounds exist for a reversal or modification of the judgment or orders to be appealed from, and where, in the attorney's judgment, it is in the defendant's interest to pursue such relief as may be available to him on appeal; or when directed to do so by a defendant having a right to appeal.

With the notice of appeal the attorney shall file a brief statement of the points to be raised on appeal and a designation of any document, paper, pleading, or transcript of oral proceedings necessary to properly present such points on appeal when such document, paper, pleading or transcript of oral proceedings would not be included in the normal record on appeal according to the applicable provisions of the California Rules of Court. The executing of such notice of appeal by the defendant's attorney shall not constitute an undertaking to represent the defendant on appeal unless such undertaking is expressly stated in the notice of appeal.

If the defendant was represented by appointed counsel on the trial level, or if it appears that the defendant will request the appointment of counsel on appeal by reason of indigency, the trial attorney shall

also assist the defendant in preparing and submitting a motion for the appointment of counsel and any supporting declaration or affidavit as to the defendant's financial condition. These documents shall be filed with the trial court at the time of filing a notice of appeal, and shall be transmitted by the clerk of such trial court to the clerk of the appellate court within three judicial days of their receipt. The appellate court shall act upon such motion without unnecessary delay. An attorney's failure to file a motion for the appointment of counsel with the notice of appeal shall not foreclose the defendant from filing a motion at any time it becomes known to him that the attorney has failed to do so, or at any time he shall become indigent if he was not previously indigent.

(c) The State Public Defender shall, at the request of any attorney representing a prospective indigent appellant or at the request of the prospective indigent appellant himself, provide counsel and advice to such prospective indigent appellant or attorney as to whether arguably meritorious grounds exist on which the judgment or order to be appealed from would be reversed or modified on appeal.

(d) The failure of a trial attorney to (1) perform any duty prescribed in this section, (2) assign any particular point or error in the notice of appeal, or (3) designate any particular thing for inclusion in the record on appeal shall not foreclose any defendant from filing a notice of appeal on his own behalf or from raising any point or argument on appeal; nor shall it foreclose the defendant or his counsel on appeal from requesting the augmentation or correction of the record on appeal in the reviewing court.

SEC. 6.5. Any savings of funds realized by the Office of the Attorney General or the Office of the State Public Defender as a result of this act, as determined by the Department of Finance, shall, from funds appropriated to those offices for the 1982–83 fiscal year, be reverted to the unappropriated balance of the General Fund by the Controller upon notice by the Department of Finance.

SEC. 7. Sections 3 and 5 of this act shall remain in effect only until January 1, 1989, and as of such date are repealed, unless a later enacted statute, which is chaptered before January 1, 1989, deletes or extends such date. Sections 4 and 6 of this act shall become operative January 1, 1989.

SEC. 8. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 918

An act to amend Section 23919 of the Education Code, relating to the State Teachers' Retirement System.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 23919 of the Education Code is amended to read:

23919. Any retirant may be employed by a school district or other employing agency, except as provided in Sections 45134 and 88033, and earn not more than five thousand dollars ($5,000), in any one school year and the rate of pay for such employment shall not be less than the minimum, nor exceed that paid by the employer to other employees performing comparable duties. The employment shall not operate to reinstate the retirant as a member of this system, or to terminate or suspend his or her retirement allowance, and no deduction shall be made from his or her salary as contributions to this system.

The maximum amount earnable under this section shall be adjusted by the board on July 1, 1983, and on each July 1, thereafter, by 50 percent of the annual amount of increase in All Urban California Consumer Price Index using December 1980 as the base.

CHAPTER 919

An act to amend Section 4007 of, and to repeal and add Article 1 (commencing with Section 11150) of Chapter 2 of Title 1 of Part 4 of, the Penal Code, relating to prisoners.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 4007 of the Penal Code is amended to read:

4007. When there is no jail in the county, or when the jail becomes unfit or unsafe for the confinement of prisoners, the judge of the superior court may, by a written order filed with the county clerk, designate the jail of a contiguous county for the confinement of the prisoners of his county, or of any of them, and may at any time modify or vacate such order.

When there are any reasonable grounds to believe that a prisoner may be forcibly removed from a county jail the sheriff may remove such prisoner to any California state prison for safekeeping and it is

hereby made the duty of the warden of such prison to accept and detain such prisoner in his custody until his removal is ordered by the superior court of the county from which he was delivered. Immediately upon receiving such prisoner the warden shall advise the Director of Corrections of that fact in writing.

When a county prisoner requires medical treatment necessitating hospitalization which cannot be provided at the county jail or county hospital because of lack of adequate detention facilities, and when, because of his past or present behavior, such prisoner presents a serious custodial problem, with the consent of the Director of Corrections, the judge of the superior court may, upon request of the county sheriff, by a written order filed with the county clerk, designate, for the confinement of such prisoner, the nearest prison or correctional facility of this state which would be able to provide the necessary medical treatment and secure confinement of such prisoner, and may at any time modify or vacate such order. The rate of compensation for such medical treatment and confinement within a California state prison or correctional facility shall be established by the Department of Corrections of this state and shall be a charge against the county making the request for such treatment and confinement.

When there are any reasonable grounds to believe that there are prisoners in a county jail who are acting in concert and are likely to be a threat to other persons in the facility or are likely to cause substantial damage to the facility, with the consent of the Director of Corrections, the judge of the superior court may, upon the request of the county sheriff, by written order filed with the county clerk, designate for the confinement of such persons the nearest state prison or correctional facility of the state which would, subject to space available, be able to secure confinement of such prisoners. The court shall immediately calendar the matter for a hearing to determine if the order shall continue or be rescinded. Such hearing shall be held within 48 hours of the initial order or the next judicial day, whichever occurs later. At such hearing, the prisoner shall be entitled to be present and to be represented by counsel. The court may at any time modify or vacate such order. The rate of compensation for such confinement within a California state prison or correctional facility shall be established by the Department of Corrections and shall be a charge against the county making the request for such confinement.

SEC. 2. Article 1 (commencing with Section 11150) of Chapter 2 of Title 1 of Part 4 of the Penal Code is repealed.

SEC. 3. Article 1 (commencing with Section 11150) is added to Chapter 2 of Title 1 of Part 4 of the Penal Code, to read:

the Director of Corrections shall notify in writing the State Fire Marshal and all police departments and the sheriff in the county in which the person was convicted and, if known, in the county in which he is to reside. The notice shall state the name of the person to be released, the county in which he was convicted and, if known, the county in which he will reside.

11151. Within five days after release of a person convicted of arson from an institution under the jurisdiction of the Department of Mental Hygiene, the Director of Mental Hygiene shall send the notice provided in Section 11150.

11152. Upon receipt of a notice as provided in Section 11150 or 11151, the State Fire Marshal shall notify all regularly organized fire departments in the county in which the person was convicted and, if known, in the county in which he is to reside.

The people of the State of California do enact as follows:

SECTION 1. Section 84309 is added to the Government Code, to read:

84309. (a) No person shall receive or personally deliver or attempt to deliver a contribution in the State Capitol, in any state office building, or in any office for which the state pays the majority of the rent other than a legislative district office.

SEC. 3. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the

CHAPTER 922

An act to amend Sections 132a, 139.5, 3600, 3601, 3602, 4453, 4453.1, 4460, 4553, 4553.1, 4702, 5410, and 5803 of, and to add Sections 3202.5, 4558, and 5405.5 to, the Labor Code, relating to workers' compensation.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 11003.4 of the Business and Professions Code is amended to read:

11003.4. (a) A "limited-equity housing cooperative" is a corporation which meets the criteria of Section 11003.2 and which also meets the criteria of Section 33007.5 of the Health and Safety Code. Except as provided in subdivision (b), a limited-equity housing cooperative shall be subject to all the requirements of this chapter pertaining to stock cooperatives.

(b) A limited-equity housing cooperative shall be exempt from the requirements of this chapter if the limited-equity housing cooperative complies with all the following conditions:

(1) The United States Department of Housing and Urban Development, the Farmers Home Administration, the National Consumers Cooperative Bank, the California Housing Finance Agency, or the State Department of Housing and Community Development, alone or in any combination with each other, or with the city, county, or redevelopment agency in which the cooperative is located, directly finances or subsidizes at least 50 percent of the total development cost; or, the real property to be occupied by the cooperative was sold by the State Department of Transportation for the development of the cooperative and has a regulatory agreement approved by the State Department subject to the increased compensation and costs provided by paragraph (1).

(3) Any employer who discharges, or threatens to discharge, or in any manner discriminates against any employee because the employee testified or made known his or her intentions to testify in another employee's case before the appeals board, is guilty of a misdemeanor, and the employee shall be entitled to reinstatement and reimbursement for lost wages and work benefits caused by the acts of the employer.

(4) Any insurance carrier who advises, directs, or threatens an insured under penalty of cancellation or a raise in premium or for any other reason, to discharge or in any manner discriminate against an employee because the employee testified or made known his or her intentions to testify in another employee's case before the appeals board, is guilty of a misdemeanor.

Proceedings for increased compensation as provided in paragraph (1), or for reinstatement and reimbursement for lost wages and work benefits, are to be instituted by filing an appropriate petition with the appeals board, but these proceedings may not be commenced more than one year from the discriminatory act or date of termination of the employee. The appeals board is vested with full power, authority, and jurisdiction to try and determine finally all the matters specified in this section subject only to judicial review, except that the appeals board shall have no jurisdiction to try and determine a misdemeanor charge. The appeals board may refer and any worker may complain of suspected violations of the criminal misdemeanor provisions of this section to the Division of Labor Standards Enforcement, or directly to the office of the public prosecutor.

SEC. 2. Section 139.5 of the Labor Code is amended to read:

139.5. (a) The administrative director shall establish within the Division of Industrial Accidents a rehabilitation unit, which shall include appropriate professional staff, and which shall have all of the following duties:

(1) To foster, review, and approve rehabilitation plans developed by a qualified rehabilitation representative of the employer, insurance carrier, state agency, or employee.

(2) To adopt rules and regulations which would expedite and facilitate the identification, notification, and referral of industrially

injured employees to rehabilitation services.

(3) To coordinate and enforce the implementation of rehabilitation plans.

(b) The salaries of the personnel of the rehabilitation unit shall be fixed by the State Personnel Board.

(c) When a qualified injured worker chooses to enroll in a rehabilitation program, he or she shall continue to receive temporary disability indemnity payments, plus additional living expenses necessitated by the rehabilitation program, together with all reasonable and necessary vocational training, at the expense of the employer or the insurance carrier, as the case may be.

(d) No provision of this section nor of any rule, regulation, or rehabilitation plan developed or promulgated under this section nor any benefit provided pursuant to this section shall apply to any injured employee whose injury occurred prior to January 1, 1975. Nothing in this section shall affect any plan, benefit, or program authorized by this section as added by Chapter 1513 of the Statutes of 1965 or as amended by Chapter 83 of the Statutes of 1972.

(e) The time within which an employee may request vocational rehabilitation benefits is set forth in Sections 5405.5, 5410, and 5803.

SEC. 3. Section 3202.5 is added to the Labor Code, to read:

3202.5. Nothing contained in Section 3202 shall be construed as relieving a party from meeting the evidentiary burden of proof by a preponderance of the evidence. "Preponderance of the evidence" means such evidence as, when weighed with that opposed to it, has more convincing force and the greater probability of truth. When weighing the evidence, the test is not the relative number of witnesses, but the relative convincing force of the evidence.

SEC. 4. Section 3600 of the Labor Code is amended to read:

3600. (a) Liability for the compensation provided by this division, in lieu of any other liability whatsoever to any person except as otherwise specifically provided in Sections 3602, 3706, and 4558, shall, without regard to negligence, exist against an employer for any injury sustained by his or her employees arising out of and in the course of the employment and for the death of any employee if the injury proximately causes death, in those cases where the following conditions of compensation concur:

(1) Where, at the time of the injury, both the employer and the employee are subject to the compensation provisions of this division.

(2) Where, at the time of the injury, the employee is performing service growing out of and incidental to his or her employment and is acting within the course of his or her employment.

(3) Where the injury is proximately caused by the employment, either with or without negligence.

(4) Where the injury is not caused by the intoxication of the injured employee.

(5) Where the injury is not intentionally self-inflicted.

(6) Where the employee has not willfully and deliberately caused his or her own death.

(7) Where the injury does not arise out of an altercation in which the injured employee is the initial physical aggressor.

(8) Where the injury does not arise out of voluntary participation in any off-duty recreational, social, or athletic activity not constituting part of the employee's work-related duties, except where these activities are a reasonable expectancy of, or are expressly or impliedly required by, the employment. The administrative director shall promulgate reasonable rules and regulations requiring employers to post and keep posted in a conspicuous place or places a notice advising employees of the provisions of this subdivision. Failure of the employer to post such a notice shall not constitute an expression of intent to waive the provisions of this subdivision.

(b) Where an employee, or his or her dependents, receives the compensation provided by this division and secures a judgment for, or settlement of, civil damages pursuant to those specific exemptions to the employee's exclusive remedy set forth in subdivision (b) of Section 3602 and Section 4558, such compensation as is paid under this division shall be credited against the judgment or settlement, and the employer shall be relieved from the obligation to pay further compensation to, or on behalf of, the employee or his or her dependents up to the net amount of the judgment or settlement received by the employee or his or her heirs, or such portion of the judgment as has been satisfied.

SEC. 5. Section 3601 of the Labor Code is amended to read:

3601. (a) Where the conditions of compensation set forth in Section 3600 concur, the right to recover such compensation, pursuant to the provisions of this division is, except as specifically provided in this section, the exclusive remedy for injury or death of an employee against any other employee of the employer acting within the scope of his or her employment, except that an employee, or his or her dependents in the event of his or her death, shall, in addition to the right to compensation against the employer, have a right to bring an action at law for damages against the other employee, as if this division did not apply, in either of the following cases:

(1) When the injury or death is proximately caused by the willful and unprovoked physical act of aggression of the other employee.

(2) When the injury or death is proximately caused by the intoxication of the other employee.

(b) In no event, either by legal action or by agreement whether entered into by the other employee or on his or her behalf, shall the employer be held liable, directly or indirectly, for damages awarded against, or for a liability incurred by the other employee under paragraph (1) or (2) of subdivision (a).

(c) No employee shall be held liable, directly or indirectly, to his or her employer, for injury or death of a coemployee except where the injured employee or his or her dependents obtain a recovery under subdivision (a).

SEC. 6. Section 3602 of the Labor Code is amended to read:

3602. (a) Where the conditions of compensation set forth in Section 3600 concur, the right to recover such compensation is, except as specifically provided in this section and Sections 3706 and 4558, the sole and exclusive remedy of the employee or his or her dependents against the employer, and the fact that either the employee or the employer also occupied another or dual capacity prior to, or at the time of, the employee's industrial injury shall not permit the employee or his or her dependents to bring an action at law for damages against the employer.

(b) An employee, or his or her dependents in the event of his or her death, may bring an action at law for damages against the employer, as if this division did not apply, in the following instances:

(1) Where the employee's injury or death is proximately caused by a willful physical assault by the employer.

(2) Where the employee's injury is aggravated by the employer's fraudulent concealment of the existence of the injury and its connection with the employment, in which case the employer's liability shall be limited to those damages proximately caused by the aggravation. The burden of proof respecting apportionment of damages between the injury and any subsequent aggravation thereof is upon the employer.

(3) Where the employee's injury or death is proximately caused by a defective product manufactured by the employer and sold, leased, or otherwise transferred for valuable consideration to an independent third person, and that product is thereafter provided for the employee's use by a third person.

(c) In all cases where the conditions of compensation set forth in Section 3600 do not concur, the liability of the employer shall be the same as if this division had not been enacted.

SEC. 7. Section 4453 of the Labor Code is amended to read:

4453. (a) Except as provided in Section 4453.1, in computing average annual earnings for the purposes of temporary disability indemnity and permanent total disability indemnity only, the average weekly earnings shall be taken at:

(1) Not less than one hundred twenty-six dollars ($126) nor more than two hundred ninety-four dollars ($294), for injuries occurring on and after January 1, 1983.

(2) Not less than one hundred sixty-eight dollars ($168) nor more than three hundred thirty-six dollars ($336), for injuries occurring on and after January 1, 1984.

(b) In computing average annual earnings for purposes of permanent partial disability indemnity, except as provided in Section 4659, the average weekly earnings shall be taken at:

(1) Not less than seventy-five dollars ($75) nor more than one hundred ninety-five dollars ($195), for injuries occurring on and after January 1, 1983.

(2) Not less than one hundred five dollars ($105) nor more than two hundred ten dollars ($210), for injuries occurring on and after

January 1, 1984.

(c) Between the limits specified in subdivisions (a) and (b), the average weekly earnings, except as provided in Sections 4456 to 4459, shall be arrived at as follows:

(1) Where the employment is for 30 or more hours a week and for five or more working days a week, the average weekly earnings shall be 100 percent of the number of working days a week times the daily earnings at the time of the injury.

(2) Where the employee is working for two or more employers at or about the time of the injury, the average weekly earnings shall be taken as 100 percent of the aggregate of such earnings from all employments computed in terms of one week; but the earnings from employments other than the employment in which the injury occurred shall not be taken at a higher rate than the hourly rate paid at the time of the injury.

(3) If the earnings are at an irregular rate, such as piecework, or on a commission basis, or are specified to be by week, month, or other period, then the average weekly earnings mentioned in subdivision (a) shall be taken as 100 percent of the actual weekly earnings averaged for such period of time, not exceeding one year, as may conveniently be taken to determine an average weekly rate of pay.

(4) Where the employment is for less than 30 hours per week, or where for any reason the foregoing methods of arriving at the average weekly earnings cannot reasonably and fairly be applied, the average weekly earnings shall be taken at 100 percent of the sum which reasonably represents the average weekly earning capacity of the injured employee at the time of his or her injury, due consideration being given to his or her actual earnings from all sources and employments.

SEC. 8. Section 4453.1 of the Labor Code is amended to read:

'4453.1. In computing average annual earnings for the purposes of temporary disability indemnity, the average weekly earnings for a claimant whose last employment was either (i) as an employee as defined in subdivision (d) of Section 3351, or (ii) as an employee engaged in vending, selling, offering for sale, or delivering directly to the public, any newspaper published at least weekly, shall be taken at not less than the lesser of the minimum amounts specified in subdivision (a) of Section 4453, or 1.2 times the employee's actual weekly earnings from all employers, nor more than two hundred ninety-four dollars ($294), for injuries occurring on and after January 1, 1983, or three hundred thirty-six dollars ($336), for injuries occurring on and after January 1, 1984. Between these limits, the average weekly earnings, except as provided in Sections 4456 to 4459, shall be arrived at as provided in paragraphs (1) through (4), inclusive, of subdivision (c) of Section 4453.

SEC. 9. Section 4460 of the Labor Code is amended to read:

4460. For the purpose of computing the temporary disability indemnity or permanent total disability indemnity payable to any employee who sustains an original injury causing temporary

disability or permanent total disability, the maximum average weekly earnings shall be taken at two hundred ninety-four dollars ($294), if the injury occurred on and after January 1, 1983, or three hundred thirty-six dollars ($336), if the injury occurred on and after January 1, 1984. For the purpose of computing the permanent partial disability indemnity payable to any employee who sustains an original injury causing permanent partial disability, the maximum average weekly earnings shall be taken at one hundred ninety-five dollars ($195), if the injury occurred on and after January 1, 1983, or two hundred ten dollars ($210), if the injury occurred on and after January 1, 1984.

Every computation made pursuant to this section as last amended shall be made only with reference to temporary disability or permanent disability resulting from an original injury sustained after the act last amending this section becomes effective; provided, however, that all rights presently existing under this section shall be continued in force.

SEC. 10. Section 4553 of the Labor Code is amended to read:

4553. The amount of compensation otherwise recoverable shall be increased one-half, together with costs and expenses not to exceed two hundred fifty dollars ($250), where the employee is injured by reason of the serious and willful misconduct of any of the following:

(a) The employer, or his managing representative.

(b) If the employer is a partnership, on the part of one of the partners or a managing representative or general superintendent thereof.

(c) If the employer is a corporation, on the part of an executive, managing officer, or general superintendent thereof.

SEC. 11. Section 4553.1 of the Labor Code is amended to read:

4553.1. In order to support a holding of serious and willful misconduct by an employer based upon violation of a safety order, the appeals board must specifically find all of the following:

(1) The specific manner in which the order was violated.

(2) That the violation of the safety order did proximately cause the injury or death, and the specific manner in which the violation constituted the proximate cause.

(3) That the safety order, and the conditions making the safety order applicable, were known to, and violated by, a particular named person, either the employer, or a representative designated by Section 4553, or that the condition making the safety order applicable was obvious, created a probability of serious injury, and that the failure of the employer, or a representative designated by Section 4553, to correct the condition constituted a reckless disregard for the probable consequences.

SEC. 12. Section 4558 is added to the Labor Code, to read:

4558. (a) As used in this section:

(1) "Employer" means a named identifiable person who is, prior to the time of the employee's injury or death, an owner or supervisor having managerial authority to direct and control the acts of

employees.

(2) "Failure to install" means omitting to attach a point of operation guard either provided or required by the manufacturer, when the attachment is required by the manufacturer and made known by him or her to the employer at the time of acquisition, installation, or manufacturer-required modification of the power press.

(3) "Manufacturer" means the designer, fabricator, or assembler of a power press.

(4) "Power press" means any material-forming machine that utilizes a die which is designed for use in the manufacture of other products.

(5) "Removal" means physical removal of a point of operation guard which is either installed by the manufacturer or installed by the employer pursuant to the requirements or instructions of the manufacturer.

(6) "Specifically authorized" means an affirmative instruction issued by the employer prior to the time of the employee's physical injury or death, but shall not mean any subsequent acquiescence in, or ratification of, removal of a point of operation safety guard.

(b) An employee, or his or her dependents in the event of the employee's death, may bring an action at law for damages against the employer where the employee's injury or death is proximately caused by the employer's knowing removal of, or knowing failure to install, a point of operation guard on a power press, and this removal or failure to install is specifically authorized by the employer under conditions known by the employer to create a probability of serious injury or death.

(c) No liability shall arise under this section absent proof that the manufacturer designed, installed, required, or otherwise provided by specification for the attachment of the guards and conveyed knowledge of the same to the employer. Proof of conveyance of this information to the employer by the manufacturer may come from any source.

(d) No right of action for contribution or indemnity by any defendant shall exist against the employer; however, a defendant may seek contribution after the employee secures a judgment against the employer pursuant to the provisions of this section if the employer fails to discharge his or her comparative share of the judgment.

SEC. 13. Section 4702 of the Labor Code is amended to read:

4702. Except as otherwise provided in this section and in Sections 4553, 4554, 4557, and 4558, the death benefit in cases of total dependency, when added to all accrued disability indemnity, shall be as follows:

(a) In the case of two or more total dependents and regardless of the number of partial dependents, eighty-five thousand dollars ($85,000), if the injury resulting in death occurred on and after January 1, 1983, or ninety-five thousand dollars ($95,000), if the injury

occurred on and after January 1, 1984.

(b) In the case of one total dependent and one or more partial dependents, sixty thousand dollars ($60,000), if the injury resulting in death occurred on and after January 1, 1983, or seventy thousand dollars ($70,000), if the injury occurred on and after January 1, 1984, plus four times the amount annually devoted to the support of the partial dependents, but not more than a total of eighty-five thousand dollars ($85,000), if the injury resulting in death occurred on and after January 1, 1983, or ninety-five thousand dollars ($95,000), if the injury occurred on and after January 1, 1984.

(c) In the case of one total dependent and no partial dependents, sixty thousand dollars ($60,000), if the injury resulting in death occurred on and after January 1, 1983, or seventy thousand dollars ($70,000), if the injury occurred on and after January 1, 1984.

(d) In the case of no total dependents and one or more partial dependents, four times the amount annually devoted to the support of the partial dependents, but not more than a total of sixty thousand dollars ($60,000), if the injury resulting in death occurred on and after January 1, 1983, or seventy thousand dollars ($70,000) if the injury occurred on and after January 1, 1984.

The death benefit in all cases shall be paid in installments in the same manner and amounts as temporary disability indemnity, payments to be made at least twice each calendar month, unless the appeals board otherwise orders.

Disability indemnity shall not be deducted from the death benefit and shall be paid in addition to the death benefit when the original injury resulting in death occurs after the effective date of the amendment to this section adopted at the 1949 Regular Session of the Legislature.

Every computation made pursuant to this section shall be made only with reference to death resulting from an original injury sustained after this section as amended in 1982 during the 1981–82 Regular Session of the Legislature becomes effective; provided, however, that all rights presently existing under this section shall be continued in force.

SEC. 14. Section 5405.5 is added to the Labor Code, to read:

5405.5. Except as otherwise provided in Section 5410, the period within which an employee may request vocational rehabilitation benefits provided by Section 139.5 is one year from the date of the last finding of permanent disability by the appeals board, or one year from the date the appeals board approved a compromise and release of other issues.

SEC. 15. Section 5410 of the Labor Code is amended to read:

5410. Nothing in this chapter shall bar the right of any injured employee to institute proceedings for the collection of compensation within five years after the date of the injury upon the ground that the original injury has caused new and further disability or the need for vocational rehabilitation benefits. The jurisdiction of the appeals board in these cases shall be a continuing jurisdiction at all times

within this period. This section does not extend the limitation provided in Section 5407.

SEC. 16. Section 5803 of the Labor Code is amended to read:

5803. The appeals board has continuing jurisdiction over all its orders, decisions, and awards made and entered under the provisions of this division, and the decisions and orders of the rehabilitation unit established under Section 139.5. At any time, upon notice and after an opportunity to be heard is given to the parties in interest, the appeals board may rescind, alter, or amend any order, decision, or award, good cause appearing therefor.

This power includes the right to review, grant or regrant, diminish, increase, or terminate, within the limits prescribed by this division, any compensation awarded, upon the grounds that the disability of the person in whose favor the award was made has either recurred, increased, diminished, or terminated.

SEC. 17. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 18. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

CHAPTER 923

An act to amend Section 39362 of the Education Code, and to amend Sections 65504, 65974, and 66463.5 of the Government Code, relating to local government, and declaring the urgency thereof, to take effect immediately.

The provisions of this section may be applied to sales made before the effective date of the amendments to this section made by the Statutes of 1982, with the consent of the parties to the sale.

SEC. 2. Section 65504 of the Government Code is amended to read:

Any modification proposed by the legislative body which was not previously considered by the planning commission during its hearing shall first be referred to the planning commission for its report and recommendation to the legislative body. It shall not be necessary for the planning commission to hold a public hearing on the proposed modification. Failure of the planning commission to report within 40 days after the reference, or such longer period as may be designated by the legislative body, shall be deemed to be approval of the proposed change or addition.

SEC. 3. Section 65974 of the Government Code is amended to read:

65974. For the purpose of establishing an interim method of providing classroom facilities where overcrowded conditions exist, as determined necessary pursuant to Section 65971, and notwithstanding Section 66478, a city, county, or city and county may, by ordinance, require the dedication of land, the payment of fees in lieu thereof, or a combination of both, for classroom and related facilities for elementary or high schools as a condition to the approval of a residential development, provided that all of the following occur:

(a) The general plan provides for the location of public schools.

(b) The ordinance has been in effect for a period of 30 days prior to the implementation of the dedication or fee requirement.

(c) The land or fees, or both, transferred to a school district shall be used only for the purpose of providing interim elementary or high school classroom and related facilities.

(d) The location and amount of land to be dedicated or the amount of fees to be paid, or both, shall bear a reasonable relationship and will be limited to the needs of the community for interim elementary or high school facilities and shall be reasonably related and limited to the need for schools caused by the development; provided, the fees shall not exceed the amount necessary to pay five annual lease payments for the interim facilities. In lieu of the fees, the builder of a residential development may, at his or her option and at his or her expense, provide interim facilities, owned or controlled by the builder, at the place designated by the school district, and at the conclusion of the fifth school year the builder shall, at the builder's expense, remove the interim facilities from that place.

(e) A finding is made by the city council or board of supervisors that the facilities to be constructed from the fees or the land to be

dedicated, or both, is consistent with the general plan.

The ordinance may specify the methods for mitigating the conditions of overcrowding which the school district shall consider when making the finding required by subdivision (b) of Section 65971.

If the payment of fees is required, the payment shall be made at the time the building permit is issued or at a later time as may be specified in the ordinance.

Only the payment of fees may be required in subdivisions containing 50 parcels or less.

SEC. 4. Section 66463.5 of the Government Code is amended to read:

(b) The expiration of the approved or conditionally approved tentative map shall terminate all proceedings and no parcel map of all or any portion of the real property included within such tentative map shall be filed without first processing a new tentative map.

(c) Upon application of the subdivider filed prior to the expiration of the approved or conditionally approved tentative map, the time at which such map expires may be extended by the legislative body or by an advisory agency authorized to approve or conditionally approve such tentative maps for a period or periods not exceeding a total of three years. If the advisory agency denies a subdivider's application for extension, the subdivider may appeal to the legislative body within 15 days after the advisory agency has denied the extension.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that local governmental agencies can exercise the additional authority granted them by the provisions of this act at the earliest possible date, it is necessary that this act take effect immediately.

CHAPTER 924

An act to amend Section 216 of the Public Utilities Code, relating to public utilities.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 216 of the Public Utilities Code is amended to read:

216. (a) "Public utility" includes every common carrier, toll bridge corporation, pipeline corporation, gas corporation, electrical corporation, telephone corporation, telegraph corporation, water corporation, sewer system corporation, wharfinger, and heat corporation, where the service is performed for, or the commodity is delivered to, the public or any portion thereof.

(b) Whenever any common carrier, toll bridge corporation, pipeline corporation, gas corporation, electrical corporation, telephone corporation, telegraph corporation, water corporation, sewer system corporation, wharfinger, or heat corporation performs a service for, or delivers a commodity to, the public or any portion thereof for which any compensation or payment whatsoever is received, that common carrier, toll bridge corporation, pipeline corporation, gas corporation, electrical corporation, telephone corporation, telegraph corporation, water corporation, sewer system corporation, wharfinger, or heat corporation, is a public utility subject to the jurisdiction, control, and regulation of the commission and the provisions of this part.

(c) When any person or corporation performs any service for, or delivers any commodity to, any person, private corporation, municipality, or other political subdivision of the state, which in turn either directly or indirectly, mediately or immediately, performs that service for, or delivers that commodity to, the public or some portion thereof, that person or corporation is a public utility subject to the jurisdiction, control, and regulation of the commission and the provisions of this part.

(d) In no event shall ownership or operation of a facility which employs cogeneration technology or producing power from other than a conventional power source or the ownership or operation of a facility which employs landfill gas technology be deemed to make a corporation or person a public utility, within the meaning of this section, solely because of the ownership or operation of such a facility.

(e) In no event shall any corporation or person engaged directly or indirectly in developing, producing, transmitting, distributing, delivering, or selling any form of heat derived from geothermal or solar resources or from cogeneration technology to any privately owned or publicly owned public utility, or to the public or any portion thereof, be a public utility within the meaning of this section solely by reason of engaging in any of those activities.

SEC. 2. Section 216 of the Public Utilities Code is amended to read:

(d) In no event shall ownership or operation of a facility which employs cogeneration technology or producing power from other than a conventional power source or the ownership or operation of a facility which employs landfill gas technology be deemed to make a corporation or person a public utility, within the meaning of this section, solely because of the ownership or operation of such a facility.

(e) In no event shall any corporation or person engaged directly or indirectly in developing, producing, transmitting, distributing, delivering, or selling any form of heat derived from geothermal or solar resources or from cogeneration technology to any privately owned or publicly owned public utility, or to the public or any portion thereof, be a public utility within the meaning of this section solely by reason of engaging in any of those activities.

(f) In no event shall ownership or operation of a qualifying small power production facility by a private energy producer be deemed to make a corporation or person a public utility, within the meaning of this section, solely because of the ownership or operation of such a facility.

(c) Any limited-equity cooperative which meets the requirements for exemption pursuant to subdivision (b) may elect to be subject to all provisions of this chapter.

(d) The developer of the cooperative shall notify the Department of Real Estate, on a form provided by the department, that an exemption is claimed under this section. The Department of Real Estate shall retain this form for at least four years for statistical purposes.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 928

An act to amend Sections 510, 1155.6, and 18613 of the Health and Safety Code, relating to inspections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 510 of the Health and Safety Code is amended to read:

510. Whenever the governing body of any city, county, or city and county determines that the expenses of its health officer or other officers or employees in the enforcement of any statute, order, quarantine, rule, or regulation prescribed by a state officer or department relating to public health, which either requires or authorizes its health officer or other officers or employees to perform

specified acts, are not met by any fees prescribed by the state, the governing body may adopt an ordinance or resolution prescribing fees that will pay the reasonable expenses of the health officer or other officers or employees incurred in the enforcement, and may authorize a direct assessment against the real property in cases where the real property is owned by the operator of a business and the property is the subject of the enforcement. The schedule of fees prescribed by ordinance or resolution of the governing body shall be applicable in the area in which the health officer or other officers or employees enforce any statute, order, quarantine, rule, or regulation prescribed by a state health officer or department relating to public health.

SEC. 2. Section 1155.6 of the Health and Safety Code is amended to read:

1155.6. If such transfer is made:

(a) Each agency shall employ as the immediate supervisor of the environmental health and sanitation services a director of environmental health who is a registered sanitarian and such agency shall employ an adequate number of registered sanitarians to carry on the program of environmental health and sanitation services.

(b) Wherever, in any statute, rule, regulation, resolution, or order, a power is granted to, or a duty is imposed upon, a county or district health officer, county health department, or county health district pertaining to environmental health and sanitation services and programs transferred by the board of supervisors or health district board, such powers and duties shall be delegated by the local health officer to the director of environmental health and such powers and duties shall thereafter be administered by the director of environmental health.

(c) The State Department of Health Services shall adopt rules and regulations pertaining to minimum program and personnel requirements of such environmental health and sanitation services and programs. The State Department of Health Services shall periodically review such programs to determine if minimum requirements are met.

(d) Whenever the board of supervisors or health district board determines that the expenses of its environmental health director in the enforcement of any statute, order, quarantine, rule, or regulation prescribed by a state officer or department relating to environmental health and sanitation are not met by any fees prescribed by the state, such board may adopt an ordinance or resolution prescribing such fees as will pay the reasonable expenses of such director incurred in such enforcement. The schedule of fees prescribed by ordinance or resolution of the board of supervisors or health district board shall be applicable in the area in which the environmental health director enforces any statute, order, quarantine, rule, or regulation prescribed by a state officer or department relating to environmental health and sanitation.

SEC. 3. Section 18613 of the Health and Safety Code is amended

to read:

18613. On and after July 1, 1974, a permit shall be obtained from the enforcement agency each time a mobilehome, which is required to be moved under a permit, is to be located or installed on any site for the purpose of human habitation or occupancy as a dwelling.

The contractor engaged to install the mobilehome shall obtain the permit, except when the owner of the mobilehome proposes to perform the installation. When a contractor applies for a permit to install a mobilehome, he shall display a valid contractor's license. The contractor shall complete the installation of the mobilehome in accordance with the building standards published in the State Building Standards Code relating to mobilehome parks and the other regulations adopted by the commission within the time limitations which shall be established by regulations of the commission. The time limitations shall allow contractors a reasonable amount of time within which to complete mobilehome installations. If inspection of the mobilehome installation by the enforcement agency determines that the mobilehome cannot be approved for occupancy due to defective material, systems, workmanship, or equipment of the mobilehome, the contractor shall be allowed a reasonable amount of time, as determined by regulations of the commission, to complete the installation after the defects in the mobilehome have been corrected. The enforcement agency shall immediately notify the department whenever any mobilehome cannot be approved for occupancy due to defects of the mobilehome. The report of notification shall indicate health and safety defects and, in the case of new mobilehomes, substantial defects of materials and workmanship. For purposes of this section, "substantial defects of materials and workmanship" means defects objectively manifested by broken, ripped, cracked, stained, or missing parts or components and shall not include alleged defects concerning color combinations or grade of materials used. If the mobilehome fails the installation inspection because of conditions which do not endanger the health or safety of the occupant, the owner may occupy the mobilehome. If, however, the installation fails inspection due to immediate hazards to the health or safety of the occupant, as determined by the enforcement agency, the mobilehome shall not be occupied.

Except as provided in Section 18930, the commission shall adopt regulations for the installations and the department shall adopt regulations which specify a standard form required to be used statewide by enforcement agencies as a certificate of occupancy or statement of installation acceptance. The department shall transmit a copy of the standard form to all enforcement agencies. An enforcement agency shall not be required to use the standard forms until their existing stock of forms for this purpose is depleted. The commission shall adopt and submit building standards for approval pursuant to Chapter 4 (commencing with Section 18935) of Part 2.5 for the purposes described in this section. The building standards published in the State Building Standards Code relating to

mobilehomes and mobilehome parks and the other regulations adopted by the commission pursuant to this section shall establish such requirements as the commission determines are reasonably necessary for the protection of life and property and to carry out the purposes of this section. In adopting building regulations or adopting other regulations pursuant to this section, the commission shall consider reassembly of the mobilehome, stabilizing devices and load-bearing supports, and utility connections and connectors.

The commission shall establish a schedule of fees for the permits required by this section commensurate with the cost of the enforcement of this section, the building standards published in the State Building Standards Code relating to mobilehomes and mobilehome parks, and the other regulations adopted pursuant to the provisions of this section. Where a city, county, or city and county is responsible for the enforcement, the city, county, or city and county may establish a schedule of fees not to exceed the actual cost of enforcement and not to exceed those fees established by the department where the department is the enforcement agency. Permit fees and reinspection fees shall be paid to the enforcement agency by the permittee.

This section does not apply to recreational vehicles or commercial coaches.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to allow the local agency to provide an orderly administration and establishment of fees, it is necessary that this act take effect immediately.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 1170.8 is added to the Penal Code, to read:

1170.8. (a) The fact that a robbery or an assault with a deadly weapon or instrument or by means of any force likely to produce great bodily injury was committed against a person while that person was in a church, synagogue, or building owned and occupied by a religious educational institution, or any other place primarily used as a place of worship where religious services are regularly conducted, shall be considered a circumstance in aggravation of the crime in imposing a term under subdivision (b) of Section 1170.

(b) Upon conviction of any person for a violation of Section 451 or 453, the fact that the person intentionally burned, or intended to burn, a church, synagogue, or building owned and occupied by a religious educational institution, or any other place primarily used as a place of worship where religious services are regularly conducted, shall be considered a circumstance in aggravation of the crime in imposing a term under subdivision (b) of Section 1170.

CHAPTER 930

An act to amend Sections 1026.2 and 1611 of the Penal Code, relating to crimes.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 1026.2 of the Penal Code is amended to read:

1026.2. An application for the release of a person who has been committed to a state hospital or other treatment facility, as provided in Section 1026, upon the ground that sanity has been restored, may be made to the superior court of the county from which the commitment was made, either by such person, or by the medical director of the state hospital or other treatment facility to which the person is committed or by the county mental health director where the person is on outpatient status under Title 15 (commencing with Section 1600) of Part 2. The applicant shall transmit a copy of the application to the county mental health director or a designee. The court shall give notice of the hearing date to the prosecuting attorney, the county mental health director or a designee and to the Director of Mental Health. No hearing upon such application shall be allowed until the person committed shall have been confined or placed on outpatient status or on parole under Section 1611 for a period of not less than 90 days from the date of the order of commitment. If the finding of the court is adverse to releasing such person on the ground that sanity has not been restored, no application shall be filed by the person until one year has elapsed from the date of hearing upon the last preceding application. In any hearing authorized by this section, the burden of proving that sanity has been restored shall be upon the applicant. The court shall notify the county mental health director or a designee and the Director of Mental Health whether or not the defendant was found by the court to have recovered sanity.

If the application for the release is not made by the medical director of the state hospital or other treatment facility to which the person is committed, no action on the application shall be taken by

the court without first obtaining the written recommendation of the medical director of the state hospital or other treatment facility.

SEC. 2. Section 1611 of the Penal Code is amended to read:

1611. Where a county has no program appropriate for supervision and treatment of persons under Sections 1602 and 1603, or where the report of the county mental health director to the court under such sections indicates that the county does not wish to assume treatment responsibility, the following provisions shall be applicable:

(a) Whenever any person has been confined in a state hospital or other treatment facility for 90 days or more, after having been committed to a state hospital or other facility under the provisions of Section 1026 in a criminal proceeding in which the offense alleged to have been committed by such person was punishable by a penalty other than death, or for three years or more if the offense alleged to have been committed was punishable by death, and the medical director of the state hospital or other facility is of the opinion that the person has improved to such an extent that the person is no longer a danger to the health and safety of others while on parole and that the person will receive benefit from parole, the medical director may certify that opinion to the committing court. The court shall notify the prosecuting attorney, the attorney of record for the person, and the county mental health director or a designee of the certification and shall make the evaluation and outpatient treatment plan available to them at least 15 days in advance of this hearing. The court shall hold a hearing in open court prior to ordering parole treatment, and shall either approve or disapprove the plan. If the approval of the court is given, parole shall be granted subject to the terms and conditions specified by the court. The court shall transmit a copy of its order to the county mental health director or a designee and to the Director of Mental Health. At 90-day intervals following the beginning of parole treatment, the parole supervisor shall submit a written report to the state hospital or other facility from which the person was placed on parole setting forth the status and progress of the person. The medical director shall continue such reports at six-month intervals under Section 1026. If the court disapproves of such recommendation, no further recommendation for parole shall be made by the medical director until six months have elapsed from the date of the last preceding recommendation. The maximum period of parole treatment shall not exceed one year. The court shall, at the end of such maximum period, hold a hearing and either renew its approval for additional parole treatment upon the recommendation of the medical director of the state hospital or other facility from which the person was paroled, discharge from the commitment pursuant to Section 1026.2, or direct that the person be returned to the state hospital or other facility. The court shall transmit a copy of its order to the county mental health director or a designee, the medical director of the state hospital or other facility, and to the Director of Mental Health.

(b) If at any time during the period of parole the supervisor of the

paroled person is of the opinion that the person no longer meets the conditions of parole and needs extended inpatient treatment, or that the person refuses to accept parole supervision, this information shall be communicated to the medical director of the inpatient facility from which the person was paroled, or a designee. If the medical director or a designee concurs, the parole supervisor shall notify the paroled person, the committing court, the prosecuting attorney, and the attorney of record for the person, of the intent to return the person to an inpatient facility. Such notice shall be in writing and shall state the reasons for the transfer. Within 15 judicial days after the notice has been served on the paroled person, the court shall set a hearing at which the court shall determine whether the transfer will be approved or disapproved.

(c) (1) Upon the filing of a request for revocation of parole status, and pending the court's decision on revocation, the person subject to revocation may be confined in a state hospital or other treatment facility by the parole supervisor when it is the parole supervisor's opinion that the person will now be a danger to himself or herself or to another while on parole status and that to delay hospitalization until the revocation hearing would pose an imminent risk of harm to the person or to another. Upon the request of the parole supervisor, a peace officer shall take, or cause to be taken, the person into custody and transport the person to a treatment facility for hospitalization under this section. The parole supervisor shall notify the court in writing of the admission of the person to inpatient status and of the factual basis for the opinion that such immediate return to inpatient treatment was necessary. The court shall supply a copy of these documents to the prosecutor and defense counsel.

(2) A person hospitalized under this subdivision shall have the right to judicial review of the detention in the manner prescribed in Article 5 (commencing with Section 5275) of Chapter 2 of Part 1 of Division 5 of the Welfare and Institutions Code and to an explanation of rights in the manner prescribed in Section 5252.1 of the Welfare and Institutions Code.

(3) Nothing in this subdivision shall prevent hospitalization pursuant to the provisions of Section 5150, 5250, 5350, or 5353 of the Welfare and Institutions Code.

(4) A person whose return from parole status to an inpatient facility is approved under this subdivision shall not be released again on parole unless court approval is again obtained pursuant to subdivision (a).

CHAPTER 932

An act to amend Sections 11217, 11483, 11876, 11877, 11878, 11880, and 11881 of, and to add Section 11877.5 to, the Health and Safety Code, relating to drugs.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 11217 of the Health and Safety Code is amended to read:

11217. No person shall treat an addict for addiction to a narcotic drug which is an opiate except in one of the following:

(a) An institution approved by the State Department of Mental Health, and where the patient is at all times kept under restraint and control.

(b) A city or county jail.

(c) A state prison.

(d) A facility designated by a county and approved by the State Department of Mental Health pursuant to Division 5 (commencing with Section 5000) of the Welfare and Institutions Code.

(e) A state hospital.

(f) A county hospital.

Methadone in the continuing treatment of addiction to a controlled substance shall be used only in those programs licensed by the department pursuant to Article 4 (commencing with Section 11885) of Chapter 1 of Part 3 of Division 10.5 on either an inpatient or outpatient basis, or both.

This section does not apply during emergency treatment, or where the patient's addiction is complicated by the presence of incurable disease, serious accident, or injury, or the infirmities of old age.

Neither this section nor any other provision of this division shall be construed to prohibit the maintenance of a place in which persons seeking to recover from addiction to a controlled substance reside and endeavor to aid one another and receive aid from others in recovering from such addiction, nor does this section or such division prohibit such aid, provided that no person is treated for addiction in such place by means of administering, furnishing, or prescribing of controlled substances. The preceding sentence is declaratory of preexisting law.

Neither this section or any other provision of this division shall be

construed to prohibit short-term methadone detoxification treatment in a controlled setting approved by the director and pursuant to rules and regulations of the director. Facilities and treatment approved by the director under this paragraph shall not be subject to approval or inspection by the Board of Medical Quality Assurance, nor shall persons in such facilities be required to register with, or report the termination of residence with, the police department or sheriff's office.

SEC. 2. Section 11483 of the Health and Safety Code is amended to read:

11483. No provision of this division shall be construed to prohibit the establishment and effective operation of a methadone maintenance treatment program licensed pursuant to Article 4 (commencing with Section 11885) of Chapter 1 of Part 3 of Division 10.5.

SEC. 3. Section 11876 of the Health and Safety Code is amended to read:

11876. In addition to the duties authorized by other provisions, the department shall have all of the following powers:

(a) Exclusive authority to license the establishment of methadone programs in this state, except that the Research Advisory Panel shall have authority to approve methadone research programs. The department shall establish the criteria for the eligibility of patients to be included in the programs, program operation guidelines, such as dosage levels, recordkeeping and reporting, urinalysis requirements, take-home doses of methadone, security against redistribution of the drug and any other regulations which, in its discretion, the department finds are necessary to protect the safety and well-being of the patient and the public and to carry out the provisions of this chapter. The arrest and conviction records and the records of pending charges against any person seeking admission to a methadone program shall be furnished to methadone program directors upon written request of the methadone program director provided such request is accompanied by a signed release from the person whose records are being requested.

(b) To monitor methadone programs in this state to ensure that the programs are operating within promulgated regulations. The department shall have sole responsibility for compliance monitoring. Monitoring of methadone programs shall be based on objective criteria, as provided in regulations adopted by the department. Nothing in this section shall preclude counties from monitoring their contract providers for compliance with contract requirements. Counties shall not charge a fee for this monitoring.

(c) To study and evaluate, on an ongoing basis, methadone programs in this state and annually report to the Legislature on the effectiveness and needs of the programs.

(d) To provide advice, consultation, and technical assistance to methadone programs.

(e) In its discretion, to approve local agencies or bodies to assist

it in carrying out the provisions of this chapter.

(f) It is the intent of the Legislature in enacting this section in order to protect the general public, that self-administered dosage shall only be provided when the patient is clearly adhering to the requirements of his program, and where daily attendance at a clinic would be incompatible with gainful employment, education, and responsible homemaking. The director shall define "satisfactory adherence" and shall ensure that patients not satisfactorily adhering to their programs shall not be provided take-home dosage.

SEC. 4. Section 11877 of the Health and Safety Code is amended to read:

11877. In addition to the duties authorized by other provisions, the department shall be responsible for licensing methadone programs established by the county mental health program, pursuant to Division 5 (commencing with Section 5000) of the Welfare and Institutions Code.

No such programs shall be established without first obtaining a license therefor as provided in this chapter. The department may license such programs on an inpatient or outpatient basis, or both.

SEC. 5. Section 11877.5 is added to the Health and Safety Code, to read:

11877.5. Each methadone program in this state, except methadone research programs approved by the Research Advisory Panel, shall be licensed by the department. Each methadone program, other than a program owned and operated by the state, county, city, or city and county, shall, upon application for licensure and for renewal of a license, pay an annual license fee to the department. Annual license renewal date shall be on the yearly anniversary of the most recent license. The department shall set a fee for licensing which shall be at a level sufficient to cover all administrative costs associated with licensing incurred by the department, but shall not increase at a rate greater than the Consumer Price Index. Such fee may be paid quarterly in arrears determined by the department. Licensing shall be contingent upon determination by the department that the program is in compliance with methadone regulations promulgated by the department and upon payment of the licensing fee. A license shall not be transferrable.

As used in this chapter, "license" means a basic permit to operate a methadone treatment program.

Existing methadone treatment programs with department approval on January 1, 1983, shall be deemed licensed on that date. Nothing in this section shall be interpreted as a waiver of the department's responsibility to conduct reviews of methadone programs.

SEC. 6. Section 11878 of the Health and Safety Code is amended to read:

11878. The department shall not license the establishment of a methadone program without a written application by the treatment

facility which meets evaluative criteria required by the department.

The department shall not require disclosure of the identity of patients or former patients or of any records containing identifying information except as provided in Section 11879. Other information and records shall be subject to the confidentiality and disclosure provisions contained in Article 7 (commencing with Section 5325) of Chapter 2 of Part 1 of Division 5 of the Welfare and Institutions Code.

SEC. 7. Section 11880 of the Health and Safety Code is amended to read:

11880. It is the intent of the Legislature in licensing methadone programs to provide a means whereby the patient may be rehabilitated and will no longer be forced to resort to illegal activities in order to support a dependency on heroin. It is, therefore, the intent of the Legislature that each methadone program shall have a strong rehabilitative element, including, but not limited to, individual and group therapy, counseling, vocational guidance, and job and education counseling. The Legislature declares the ultimate goal of all methadone programs shall be to aid the patient in altering his or her life style and eventually to eliminate all dependency on drugs.

The department shall promulgate such regulations as are necessary to ensure that every program is making a sustained effort to end the drug dependency of the patients on its program.

SEC. 8. Section 11881 of the Health and Safety Code is amended to read:

11881. The State Department of Health Services shall establish criteria for acceptable performance from those laboratories performing urinalysis or other body fluid analysis and shall not permit utilization of laboratories unable to meet an acceptable level of performance. The results of any performance evaluation of any laboratory shall immediately be made available to the local programs upon request. Nothing in this section shall prohibit body fluid analysis to be performed by a licensed methadone program upon approval of the State Department of Health Services.

CHAPTER 933

An act to add Section 10952.5 to the Welfare and Institutions Code, relating to public social services.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 10952.5 is added to the Welfare and Institutions Code, to read:

10952.5. If regulations require a county to write a position

statement concerning the issues in question in a fair hearing, or if the county chooses to develop such a statement, not less than two working days prior to the date of a hearing provided for pursuant to this chapter, the county shall make available to the applicant for, or recipient of, public social services requesting a fair hearing, a copy of the county's position statement on the forthcoming hearing. The county shall make the copy available to the applicant or recipient at the county welfare department. A county shall be required to comply with the provisions of this section only if the county has received a ten-day prior notice of the date and time of the scheduled hearing.

If the county does not make the position statement available not less than two working days prior to the hearing or if the county decides to modify the position statement, the hearing shall be postponed upon the request of the applicant or recipient, provided an applicant or recipient agrees to waive the right to obtain a decision on the hearing within the deadline that would otherwise be applicable under regulations. A postponement for reason of the county not making the position statement available within not less than two working days shall be deemed a postponement for good cause for purposes of determining eligibility to any applicable benefits pending disposition of the hearing.

CHAPTER 934

An act relating to school districts, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. (a) An amount not to exceed one million eight hundred thousand dollars ($1,800,000) is hereby reappropriated from the unencumbered balances in the State School Building Lease-Purchase Fund, created pursuant to Section 17708 of the Education Code, to the State Allocation Board for apportionment without regard to fiscal year to the Taft City School District for the rehabilitation or replacement of Jefferson School.

(b) The board is authorized to apportion to the district from the funds reappropriated pursuant to subdivision (a) the cost of either rehabilitating the existing buildings of Jefferson School or constructing new buildings sufficient to house 291 units of average daily attendance in accordance with building area and cost standards established by the board, whichever is less.

(c) Prior to receiving any apportionment from the State

Allocation Board, the Taft City School District shall sell any surplus property that will result from the rehabilitation of existing buildings of Jefferson School or construction of new buildings. The proceeds of the sale shall be deducted from any apportionment made to Taft City School District by the State Allocation Board.

(d) This section shall remain in effect only until June 30, 1985, and as of that date is repealed, unless a later enacted statute, which is chaptered before June 30, 1985, extends or deletes that date.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the Taft City School District can repair, replace, or relocate as soon as possible the two buildings of Jefferson School which have been declared unsafe for use as a result of subsidence, it is necessary that this act take effect immediately.

CHAPTER 935

An act to amend Section 496 of the Penal Code, relating to stolen property.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION. 1. Section 496 of the Penal Code is amended to read:

496. 1. Every person who buys or receives any property which has been stolen or which has been obtained in any manner constituting theft or extortion, knowing the property to be so stolen or obtained, or who conceals, sells, withholds or aids in concealing, selling, or withholding any such property from the owner, knowing the property to be so stolen or obtained, is punishable by imprisonment in a state prison, or in a county jail for not more than one year; provided, that where the district attorney or the grand jury determines that such action would be in the interests of justice, the district attorney or the grand jury, as the case may be, may, if the value of the property does not exceed four hundred dollars ($400), specify in the accusatory pleading that the offense shall be a misdemeanor, punishable only by imprisonment in the county jail not exceeding one year.

2. Every swap meet vendor as defined in Section 21661 of the Business and Professions Code and every person whose principal business is dealing in or collecting used or secondhand merchandise or personal property, and every agent, employee or representative of such person, who buys or receives any property which has been stolen or obtained in any manner constituting theft or extortion,

under such circumstances as should cause such person, agent, employee or representative to make reasonable inquiry to ascertain that the person from whom such property was bought or received had the legal right to sell or deliver it, without making such reasonable inquiry, shall be presumed to have bought or received such property knowing it to have been so stolen or obtained. This presumption may, however, be rebutted by proof.

3. When in a prosecution under this section it shall appear from the evidence that the defendant was a swap meet vendor or that the defendant's principal business was as set forth in the preceding paragraph, that the defendant bought, received, or otherwise obtained, or concealed, withheld or aided in concealing or withholding from the owner, any property which had been stolen or obtained in any manner constituting theft or extortion, and that the defendant bought, received, obtained, concealed or withheld such property under such circumstances as should have caused him or her to make reasonable inquiry to ascertain that the person from whom he bought, received, or obtained such property had the legal right to sell or deliver it to him or her, then the burden shall be upon the defendant to show that before so buying, receiving, or otherwise obtaining such property, he or she made such reasonable inquiry to ascertain that the person so selling or delivering the same to him or her had the legal right to so sell or deliver it.

4. Any person who has been injured by a violation of paragraph 1 of this section may bring an action for three times the amount of actual damages, if any, sustained by the plaintiff, costs of suit and reasonable attorney's fees.

5. Notwithstanding Section 664, any attempt to commit any act prohibited by this section, except an offense specified in the accusatory pleading as a misdemeanor, is punishable by imprisonment in a state prison, or in a county jail for not more than one year.

SEC. 2. The changes in monetary limits or amounts contained in this bill, Assembly Bill 1389 of the 1981–82 Regular Session of the Legislature, and Assembly Bill 629, which was enacted as Chapter 80 of the Statutes of 1982, shall apply only to offenses committed on or after January 1, 1983. It is the intent of the Legislature that the changes in these bills be given no retroactive effect.

SEC. 3. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 936

An act to amend Section 313 of the Penal Code, relating to harmful matter.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 313 of the Penal Code is amended to read:

313. As used in this chapter:

(a) "Harmful matter" means matter, taken as a whole, the predominant appeal of which to the average person, applying contemporary standards, is to prurient interest, i.e., a shameful or morbid interest in nudity, sex, or excretion; and is matter which taken as a whole goes substantially beyond customary limits of candor in description or representation of such matters; and is matter which taken as a whole is utterly without redeeming social importance for minors.

(1) When it appears from the nature of the matter or the circumstances of its dissemination, distribution or exhibition that it is designed for clearly defined deviant sexual groups, the predominant appeal of the matter shall be judged with reference to its intended recipient group.

(2) In prosecutions under this chapter, where circumstances of production, presentation, sale, dissemination, distribution, or publicity indicate that matter is being commercially exploited by the defendant for the sake of its prurient appeal, such evidence is probative with respect to the nature of the matter and can justify the conclusion that the matter is utterly without redeeming social importance for minors.

(b) "Matter" means any book, magazine, newspaper, or other printed or written material or any picture, drawing, photograph, motion picture, or other pictorial representation or any statue or other figure, or any recording, transcription, or mechanical, chemical, or electrical reproduction, computer program, or any other articles, equipment, machines, or materials.

(c) "Person" means any individual, partnership, firm, association, corporation, or other legal entity.

(d) "Distribute" means to transfer possession of, whether with or without consideration.

(e) "Knowingly" means being aware of the character of the matter.

(f) "Exhibit" means to show.

(g) "Minor" means any natural person under 18 years of age.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and

Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 937

An act to amend Sections 84604, 84605, and 84642 of, to add Section 71094 to, and to repeal Chapter 4.5 (commencing with Section 84600) of Part 50 of, the Education Code, and to add Section 12419.7 to the Government Code, relating to postsecondary education.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 71094 is added to the Education Code, to read:

71094. The chancellor's office may contract with community college districts for the performance of administrative services necessary to implement Section 12419.7 of the Government Code. The chancellor's office may charge the districts for the costs of those administrative services.

SEC. 1.5. Section 84604 of the Education Code is amended to read:

84604. The base 1981–82 fiscal year revenues for each community college district shall be those revenues received pursuant to Section 84720, exclusive of Section 84724, minus the child development program deduction computed pursuant to Item 388.1 of the Budget Act of 1980, plus the timber yield tax minimum revenue guarantee for the 1980–81 fiscal year certified pursuant to Section 27423 of the Government Code, except in the event that the general state aid plus local property tax revenues available for the purposes of Sections 84720 to 84724, inclusive, are less than 0.98 times the revenues calculated pursuant to Sections 84720 to 84724, inclusive, in which case the base 1981–82 fiscal year revenues shall be the amount in subdivision (b) plus the amount in subdivision (c) minus the child development program deduction computed pursuant to Item 388.1 of the Budget Act of 1980, plus the timber yield tax minimum revenue guarantee for the 1980–81 fiscal year certified pursuant to Section 27423 of the Government Code, but in no case less than the amount in subdivision (a) plus the timber yield tax minimum revenue guarantee for the 1980–81 fiscal year certified pursuant to Section 27423 of the Government Code, minus the child development program deduction computed pursuant to Item 388.1 of the Budget Act of 1980:

(a) The total general revenue for the district received for the 1979–80 fiscal year pursuant to Section 84700, exclusive of Section 84705, multiplied by 1.01.

(b) 0.99 multiplied by the amount computed pursuant to Section 84721 plus the amount computed pursuant to Section 84723.

(c) The amount computed pursuant to Section 84722 multiplied by the deficit factor which results in a total statewide apportionment equal to the amount budgeted for state general apportionment for the 1980–81 fiscal year.

SEC. 2. Section 84605 of the Education Code is amended to read:

84605. For the 1981–82 fiscal year, the chancellor shall apportion state aid to community college districts according to the following procedure:

(a) The 1981–82 fiscal year revenues for each community college district shall be its base 1981–82 fiscal year revenues, as defined in Section 84604, as adjusted by Section 84604.5, plus or minus the average daily attendance adjustments based on incremental costs, as defined in Sections 84606 and 84607 subject to the provisions of subdivision (g); plus the inflation adjustment specified in Section 84608; plus the capital outlay or lease-purchase assistance, if any, as specified in Section 84609.

(b) The chancellor shall adjust the amounts determined pursuant to subdivision (a) to provide for prior year adjustments or adjustments which are required pursuant to Section 84330, as well as adjustments for the effects of annexation or transfer of territory occurring after June 30, 1978.

(c) From the 1981–82 fiscal year revenues of each community college district, as adjusted by subdivision (b), the chancellor shall subtract local property tax revenues, specified by law for the general operating support of community colleges, exclusive of bond interest and redemption, timber yield tax revenue received pursuant to Section 38905 of the Revenue and Taxation Code, and motor vehicle license fees received pursuant to Section 11003.4 of the Revenue and Taxation Code. The remainder shall be the state general apportionment for each such district.

(d) The Controller shall draw warrants on the State Treasury in favor of the county treasurer of each county containing a community college district at such times and in such amounts as determined by the chancellor. However, no more than 75 percent of the state general apportionment provided for in this section shall be made prior to February 1, 1982.

(e) On or before March 1, 1982, the chancellor shall publish and shall provide to the Legislature, a report on revenues per unit of average daily attendance in the community colleges. The report shall include comparisons on a district-by-district basis, as well as on a statewide basis, of revenues per unit of average daily attendance for fiscal years 1980–81 and 1981–82. The report shall also include information on the amounts of actual and estimated sources of revenue that comprise the base for the calculation of revenues per

unit of average daily attendance.

(f) For purposes of this article, "average daily attendance" shall mean the attendance of state residents attending within the district.

(g) Statewide average daily attendance computed for apportionment purposes shall not exceed 1.025 times 1980–81 fiscal year statewide average daily attendance. To the extent possible, statewide workload changes to be funded on a district-by-district basis shall be determined by the chancellor, in cooperation with the Department of Finance, and shall include such factors as changes in adult population in the district, unemployment rates, and increases in refugee population.

SEC. 3. Section 84642 of the Education Code is amended to read:

84642. This chapter shall remain in effect only until June 30, 1983, and as of that date is repealed, unless a later enacted statute, which is chaptered before June 30, 1983, deletes or extends that date.

SEC. 4. Section 12419.7 is added to the Government Code, to read:

12419.7. For the purposes of Section 12419.5, an amount due a state agency from a person or entity shall include any amount due a community college district from a person for repayment of student financial assistance.

If the Controller, in his or her discretion, offsets an amount due a community college district from a person pursuant to Section 12419.5, the Controller shall remit the amount offset to the district.

SEC. 5. Regardless of when this act becomes effective, it is the intent of the Legislature to make changes in state apportionments to community college districts in the 1981–82 and 1982–83 fiscal years. For the purpose of implementing the changes required by Sections 1 and 2 of this act, the Chancellor of the California Community Colleges and other public officers shall take all necessary steps to effect the required adjustments, including the authority to adjust allowance computations, apportionments, and disbursements ordered from Section B of the State School Fund and other public funds.

SEC. 6. The Legislature hereby finds and declares that the changes made in state apportionments to community college districts in the 1981–82 and 1982–83 fiscal years by Sections 1 and 2 of this act, recognize the need for maintaining a stable source of funding for those districts which receive timber tax revenues. Therefore, it is the intent of the Legislature that future legislation prescribing the method of determining state apportionments to community college districts in the 1983–84 fiscal year and each fiscal year thereafter, also recognize this need.

CHAPTER 938

An act to add Section 18801.1 to, and to add Chapter 3.5 (commencing with Section 19992.8) to Part 2.6 of Division 5 of Title 2 of, the Government Code, relating to state employees.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds that an effective employee performance appraisal system depends on the active involvement of appointing powers and managerial employees in its design and application. The history of performance appraisals in the California civil service demonstrates that when employees do not participate in the formation and use of the system, it often is ignored or otherwise rendered ineffective.

The Legislature finds that an employee performance appraisal system can be worthwhile only if agencies have adequate time for reviewing methods currently used in business and government, developing appropriate standards which reflect the unique characteristics of each governmental unit, and testing on-the-job effectiveness before implementation.

The Legislature finds that when an employee performance appraisal system is administered properly:

(1) Employees who do especially good work are given recognition.

(2) Employees are assisted in preparing for promotion and in improving present performance.

(3) The judgment of the supervisor is not based on his or her personal likes and dislikes.

(4) The supervisor and the employee have a clearer understanding of what is expected in their work.

(5) Dissatisfactions are brought into the open and adjusted more promptly and fairly.

The Legislature declares it is in the public interest to measure performance at every level of employment in the state civil service. Moreover, this goal can be achieved best by first establishing practical approaches enabling appointing powers to evaluate managers.

SEC. 2. Section 18801.1 is added to the Government Code, to read:

18801.1. The Department of Personnel Administration shall designate managerial positions, as defined in subdivision (e) of Section 3513, and shall report the designations to the board annually. Any disputes as to the managerial classification or position designations may be appealed to the State Personnel Board.

SEC. 3. Chapter 3.5 (commencing with Section 19992.8) is added

to Part 2.6 of Division 5 of Title 2 of the Government Code, to read:

CHAPTER 3.5. PERFORMANCE REPORTS FOR MANAGERIAL EMPLOYEES

19992.8. After consultation with appointing powers and other supervising officials the department shall assist and encourage state agencies to establish standards of performance for managerial employees and may provide training in developing performance appraisal systems. Such standards shall be mutually developed by managerial employees and their appointing powers. These standards shall be based on individual and organizational requirements established, in writing, for the reporting period. The reporting period shall be no more than 12 months from the date of the last report following the end of the employee's probationary period.

19992.9. The system of performance appraisal reports shall be designed by managerial employees and their appointing powers to permit the evaluation by appointing powers of each employee's work performance as accurately and fairly as is reasonably possible. The evaluation shall be set forth in a written performance appraisal report, the form for which shall be approved by the department. The department may investigate administration of the system and enforce adherence to appropriate standards.

19992.10. Appointing powers shall prepare performance appraisal reports and keep them on file as prescribed by department rule.

The rules shall provide that managerial employees be shown the performance appraisal report covering their own service and are privileged to discuss it and sign it with the appointing power before it is filed. The extent to which the reports shall be open to inspection by the public shall be prescribed by department rule.

19992.11. Performance reports shall be considered, in the manner prescribed by department rule, for purposes of employee development, in determining salary increases and decreases, the order of layoffs, the advisability of transfers, demotions, and dismissals. Performance reports shall be considered in promotional examinations in the manner prescribed by State Personnel Board rule. On or before July 1, 1988, performance appraisal reports for managers shall be used to award merit salary increases on a flexible basis so that each such employee may receive up to a 10-percent increase provided that this does not increase the employee's salary beyond the highest step of the range for the class of position occupied by the employee. The total amount awarded by the appointing power for merit salary increases through this practice shall not exceed the amount which otherwise would be available under current methods.

19992.12. The department may establish rules under which records of unsatisfactory service may lead to reduction in class and compensation, and providing for the manner in which persons falling

below the standards of efficiency may be removed from their positions by the appointing powers, substantially as in the case of removals for cause.

19992.13. The department shall establish a procedure whereby a managerial employee may appeal his or her performance appraisal report to the appointing power. At a minimum, these procedures shall permit appeals on the basis that the performance appraisal report was used to abuse, harass, or discriminate against the employee.

19992.14. Each state agency shall establish a system of performance appraisal reports which shall form the basis for awarding merit salary increases to managers on or before July 1, 1988. Any agency which fails to establish such a system on or before July 1, 1988, shall forfeit 50 percent of merit salary funds otherwise available for eligible managerial employees during that fiscal year. Any agency which fails to establish such a system on or before July 1, 1989, shall forfeit 75 percent of merit salary funds otherwise available for eligible managerial employees during that fiscal year. Any agency which fails to establish such a system on or before July 1, 1990, shall forfeit all merit salary funds otherwise available for eligible managerial employees during that fiscal year, and during each subsequent fiscal year during which such a system is not established.

SEC. 4. Section 3 of this act shall become operative on July 1, 1983.

CHAPTER 939

An act to amend Sections 11251 and 11492 of the Revenue and Taxation Code, relating to taxation.

The people of the State of California do enact as follows:

SECTION 1. Section 11251 of the Revenue and Taxation Code is amended to read:

11251. Private railroad cars operated upon railroads into, out of, or through this state shall be assessed by the board at their full value, and taxed as prescribed in this part.

SEC. 2. Section 11492 of the Revenue and Taxation Code is amended to read:

11492. The lien upon personal property created by this part attaches as of 12:01 a.m. on the first day of January of each year with respect to taxes, together with the interest and penalties thereon, to be levied during the year.

SEC. 3. The provisions of this act shall become operative on January 1, 1984.

CHAPTER 940

An act to amend Sections 10163.1, 10163.2, 10489.1, 10489.2, 10489.4, 10489.5, 11134, and 11136 of the Insurance Code, relating to insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 10163.1 of the Insurance Code is amended to read:

10163.1. (a) In the case of ordinary policies issued on or after the operative date of this subdivision as defined herein, all adjusted premiums and present values referred to in this article shall be calculated on the basis of the Commissioners 1958 Standard Ordinary Mortality Table and the rate of interest specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits, provided that such rate of interest shall not exceed 3½ percent per annum except that a rate of interest not exceeding 4 percent per annum may be used for all policies issued on or after January 1, 1970, and prior to January 1, 1980, and a rate of interest not exceeding 5½ percent per annum may be used for all such policies issued on or after January 1, 1980, except that for any single premium whole life or endowment insurance policy a rate of interest not exceeding 6½ percent per annum may be used; provided, that for any category of ordinary insurance issued on female risks, adjusted premiums and present values may be calculated according to an age not more than six years younger than the actual age of the insured; provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the Commissioners 1958 Extended Term Insurance Table; provided further, that for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the commissioner.

On or after January 1, 1961, any company may file with the commissioner a written notice of its election to comply with the provisions of this subdivision after a specified date before January 1, 1966. After the filing of such notice, then upon such specified date (which shall be the operative date of this subdivision for such company), this subdivision shall become operative with respect to the ordinary policies thereafter issued by such company. If a company makes no such election, the operative date of this subdivision for such company shall be January 1, 1966.

(b) In the case of industrial policies issued on or after the

operative date of this subdivision as defined herein, all adjusted premiums and present values referred to in this article shall be calculated on the basis of the Commissioners 1961 Standard Industrial Mortality Table and the rate of interest specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits, provided that such rate of interest shall not exceed 3½ percent per annum except that a rate of interest not exceeding 4 percent per annum may be used for all such policies issued on or after January 1, 1970, and prior to January 1, 1980, and a rate of interest not exceeding 5½ percent per annum may be used for all such policies issued on or after January 1, 1980, except that for any single premium whole life or endowment insurance policy a rate of interest not exceeding 6½ percent per annum may be used. Provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the Commissioners 1961 Industrial Extended Term Insurance Table. Provided, further, that for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the commissioner.

After September 20, 1963, any company may file with the commissioner a written notice of its election to comply with the provisions of this subdivision after a specified date before January 1, 1968. After the filing of such notice, then upon such specified date (which shall be the operative date of this subdivision for such company), this subdivision shall become operative with respect to the industrial policies thereafter issued by such company. If a company makes no such election, the operative date of this subdivision for such company shall be January 1, 1968.

This section shall not apply to ordinary or industrial policies issued on or after the operative date of Section 10163.2.

SEC. 2. Section 10163.2 of the Insurance Code is amended to read:

10163.2. (a) This section shall apply to all policies issued on or after the operative date of this section as defined herein. Except as provided in subdivision (g), the adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year, excluding amounts payable as extra premiums to cover impairments or special hazards and also excluding any uniform annual contract charge or policy fee specified in the policy in a statement of the method to be used in calculating the cash surrender values and paid-up nonforfeiture benefits, that the present value, at the date of issue of the policy, of all adjusted premiums shall be equal to the sum of (1) the then present value of the future guaranteed benefits provided for by the policy; (2) 1 percent of either the amount of insurance, if the insurance be uniform in amount, or the

average amount of insurance at the beginning of each of the first 10 policy years; and (3) 125 percent of the nonforfeiture net level premium as hereinafter defined. Provided, however, that in applying the percentage specified in (3) no nonforfeiture net level premium shall be deemed to exceed 4 percent of either the amount of insurance, if the insurance be uniform in amount, or the average amount of insurance at the beginning of each of the first 10 policy years. The date of issue of a policy for the purpose of this section shall be the date as of which the rated age of the insured is determined.

(b) The nonforfeiture net level premium shall be equal to the present value, at the date of issue of the policy, of the guaranteed benefits provided for by the policy, divided by the present value, at the date of issue of the policy, of an annuity of 1 per annum payable on the date of issue of the policy and on each anniversary of such policy on which a premium falls due.

(c) In the case of policies which cause on a basis guaranteed in the policy, unscheduled changes in benefits or premiums, or which provide an option for changes in benefits or premiums other than a change to a new policy, the adjusted premiums and present values shall initially be calculated on the assumption that future benefits and premiums do not change from those stipulated at the date of issue of the policy. At the time of any such change in the benefits or premiums the future adjusted premiums, nonforfeiture net level premiums and present values shall be recalculated on the assumption that future benefits and premiums do not change from those stipulated by the policy immediately after the change.

(d) Except as otherwise provided in subdivision (g), the recalculated future adjusted premiums for any such policy shall be such uniform percentage of the respective future premiums specified in the policy for each policy year, excluding amounts payable as extra premiums to cover impairments and special hazards, and also excluding any uniform annual contract charge or policy fee specified in the policy in a statement of the method to be used in calculating the cash surrender values and paid-up nonforfeiture benefits, that the present value, at the time of change to the newly defined benefits or premiums, of all such future adjusted premiums shall be equal to the excess of (1) the sum of (A) the then present value of the then future guaranteed benefits provided for by the policy and (B) the additional expense allowance, if any, over (2) the then cash surrender value, if any, or present value of any paid-up nonforfeiture benefit under the policy.

(e) The additional expense allowance, at the time of the change to the newly defined benefits or premiums, shall be the sum of (1) 1 percent of the excess, if positive, of the average amount of insurance at the beginning of each of the first 10 policy years subsequent to the change over the average amount of insurance prior to the change at the beginning of each of the first 10 policy years subsequent to the time of the most recent previous change, or, if there has been no previous change, the date of issue of the policy;

and (2) 125 percent of the increase, if positive, in the nonforfeiture net level premium.

(f) The recalculated nonforfeiture net level premium shall be equal to the result obtained by dividing (1) by (2) where:

(1) It equals the sum of:

(A) The nonforfeiture net level premium applicable prior to the change times the present value of an annuity of 1 per annum payable on each anniversary of the policy on or subsequent to the date of the change on which a premium would have fallen due had the change not occurred, and

(B) The present value of the increase in future guaranteed benefits provided for by the policy, and

(2) It equals the present value of an annuity of 1 per annum payable on each anniversary of the policy on or subsequent to the date of change on which a premium falls due.

(g) Notwithstanding any other provisions of this section to the contrary, in the case of a policy issued on a substandard basis which provides reduced graded amounts of insurance so that, in each policy year, such policy has the same tabular mortality cost as an otherwise similar policy issued on the standard basis which provides higher uniform amounts of insurance, adjusted premiums and present values for such substandard policy may be calculated as if it were issued to provide such higher uniform amounts of insurance on the standard basis.

(h) All adjusted premiums and present values referred to in this article shall for all policies of ordinary insurance be calculated on the basis of (1) the Commissioners 1980 Standard Ordinary Mortality Table or (2) at the election of the company for any one or more specified plans of life insurance, the Commissioners 1980 Standard Ordinary Mortality Table with Ten-Year Select Mortality Factors; shall for all policies of industrial insurance be calculated on the basis of the Commissioners 1961 Standard Industrial Mortality Table; and shall for all policies issued in a particular calendar year be calculated on the basis of a rate of interest not exceeding the nonforfeiture interest rate as defined in this section for policies issued in that calendar year. Provided, however, that:

(1) At the option of the company, calculations for all policies issued in a particular calendar year may be made on the basis of a rate of interest not exceeding the nonforfeiture interest rate, as defined in this section, for policies issued in the immediately preceding calendar year.

(2) Under any paid-up nonforfeiture benefit, including any paid-up dividend additions, any cash surrender value available, whether or not required by Section 10160, shall be calculated on the basis of the mortality table and rate of interest used in determining the amount of such paid-up nonforfeiture benefit and paid-up dividend additions, if any.

(3) A company may calculate the amount of any guaranteed paid-up nonforfeiture benefit including any paid-up additions under

the policy on the basis of an interest rate no lower than that specified in the policy for calculating cash surrender values.

(4) In calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the Commissioners 1980 Extended Term Insurance Table for policies of ordinary insurance and not more than the Commissioners 1961 Industrial Extended Term Insurance Table for policies of industrial insurance.

(5) For insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on appropriate modifications of the aforementioned tables.

(6) Any ordinary mortality tables, adopted after 1980 by the National Association of Insurance Commissioners, or its successor, that are approved by regulation promulgated by the commissioner for use in determining the minimum nonforfeiture standard may be substituted for the Commissioners 1980 Standard Ordinary Mortality Table with or without Ten-Year Select Mortality Factors or for the Commissioners 1980 Extended Term Insurance Table.

(7) Any industrial mortality tables, adopted after 1980 by the National Association of Insurance Commissioners, or its successor, that are approved by regulation promulgated by the commissioner for use in determining the minimum nonforfeiture standard may be substituted for the Commissioners 1961 Standard Industrial Mortality Table or the Commissioners 1961 Industrial Extended Term Insurance Table.

(i) The nonforfeiture interest rate per annum for any policy issued in a particular calendar year shall be equal to 125 percent of the calendar year statutory valuation interest rate for such policy as defined in the Standard Valuation Law, rounded to the nearer one-quarter of 1 percent.

(j) Notwithstanding any other provision in this code to the contrary, any refiling of nonforfeiture values or their methods of computation for any previously approved policy form which involves only a change in the interest rate or mortality table used to compute nonforfeiture values shall not require refiling of any other provisions of that policy form.

(k) After the effective date of this section, any company may file with the commissioner a written notice of its election to comply with the provision of this section after a specified date before January 1, 1989, which shall be the operative date of this section for such company. If a company makes no such election, the operative date of this section for such company shall be January 1, 1989.

SEC. 3. Section 10489.1 of the Insurance Code is amended to read:

10489.1. This article and Sections 10479, 10480, 10481, 10483, 10484, 10486, and 10489 shall apply to the valuation of policies and contracts issued on or after the operative date as to policies or contracts of Article 3a (commencing with Section 10159.1) of Chapter 1 of Part

2 of Division 2 and shall also apply as provided in Section 10489.3 to the valuation of benefits purchased under group annuity and pure endowment contracts issued prior to such operative date.

SEC. 4. Section 10489.2 of the Insurance Code is amended to read:

10489.2. Except as otherwise provided in Sections 10489.3 and 10489.4, the minimum standard for the valuation of all such policies and contracts shall be the commissioners reserve valuation methods defined in Sections 10489.5, 10489.6, and 10489.9, 3½ percent per annum interest, except that the interest specified in subdivisions (c) and (d) may be used for certain annuity and pure endowment contracts, 4 percent per annum interest for such policies issued or contracts entered into on or after January 1, 1970, but prior to January 1, 1980, 5½ percent per annum interest may be used for single premium life insurance policies and 4½ percent per annum interest for all other such policies issued on or after January 1, 1980, and the following tables:

(a) For all ordinary policies of life insurance issued on the standard basis, excluding any disability and accidental death benefits in such policies—the Commissioners 1941 Standard Ordinary Mortality Table for such policies issued prior to the operative date of subdivision (a) of Section 10163.1, and the Commissioners 1958 Standard Ordinary Mortality Table for such policies issued on or after such operative date and prior to the operative date of Section 10163.2, provided that for any category of such policies issued on female risks, all modified net premiums and present values referred to in Sections 10489.5, and 10489.9 may be calculated, at the option of the insurer, according to an age not more than six years younger than the actual age of the insured; and for such policies issued on or after the operative date of Section 10163.2, as amended (i) the Commissioners 1980 Standard Ordinary Mortality Table, or (ii) at the election of the company for any one or more specified plans of life insurance, the Commissioners 1980 Standard Ordinary Mortality Table with Ten-Year Select Mortality Factors, or (iii) any ordinary mortality table, adopted after 1980 by the National Association of Insurance Commissioners, or its successor, that is approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such policies.

(b) For all industrial life insurance policies issued on the standard basis, excluding any disability and accidental death benefits in such policies, the 1941 Standard Industrial Mortality Table for such policies issued prior to the operative date of subdivision (b) of Section 10163.1, and for such policies issued on or after such operative date the Commissioners 1961 Standard Industrial Mortality Table or any industrial mortality table, adopted after 1980 by the National Association of Insurance Commissioners, or its successor that is approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such policies.

(c) For individual annuity and pure endowment contracts issued

prior to the compliance date of Section 10489.3, excluding any disability and accidental death benefits in such policies—the 1937 Standard Annuity Mortality Table or, at the option of the company, the Annuity Mortality Table for 1949, ultimate, or any modification of these tables approved by the commissioner. However, the minimum standard for such contracts issued from January 1, 1968, through December 31, 1968, with commencement of benefits deferred not more than one year from date of issue, may be, at the option of the company, 4 percent per annum interest, and for contracts issued from January 1, 1969, to the compliance date of Section 10489.3, with commencement of benefits deferred not more than 10 years from date of issue and with premiums payable in one sum may be, at the option of the company, 5 percent per annum interest.

(d) For group annuity and pure endowment contracts, excluding any disability and accidental death benefits in such policies—the Group Annuity Mortality Table for 1951, any modification of such table approved by the commissioner, or, at the option of the company, any of the tables or modifications of the tables specified for individual annuity and pure endowment contracts. However, the minimum standard for annuities and pure endowments purchased or to be purchased prior to the compliance date of Section 10489.3, under group annuity and pure endowment contracts with considerations received on or after January 1, 1968, through December 31, 1968, may be, at the option of the company, 4 percent per annum interest, and for annuities and pure endowments purchased or to be purchased prior to the compliance date of Section 10489.3, under group annuity and pure endowment contracts with considerations received from January 1, 1969, to the compliance date of Section 10489.3, may be at the option of the company, 5 percent per annum interest.

(e) For total and permanent disability benefits in or supplementary to ordinary policies or contracts—for policies or contracts issued on or after January 1, 1966, the tables of Period 2 disablement rates and the 1930 to 1950 termination rates of the 1952 Disability Study of the Society of Actuaries, with due regard to the type of benefit or any tables of disablement rates and termination rates, adopted after 1980 by the National Association of Insurance Commissioners, or its successor, that are approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such policies; for policies or contracts issued on or after January 1, 1961, and prior to January 1, 1966, either such tables or, at the option of the company, the Class (3) Disability Table (1926); and for policies issued prior to January 1, 1961, the Class (3) Disability Table (1926). Any such table shall for active lives, be combined with a mortality table permitted for calculating the reserves for life insurance policies.

(f) For accidental death benefits in or supplementary to policies for policies issued on or after January 1, 1966, the 1959 Accidental

Death Benefits Table or any accidental death benefits table, adopted after 1980 by the National Association of Insurance Commissioners, or its successor, that is approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such policies; for policies issued on or after January 1, 1961, and prior to January 1, 1966, either such table or, at the option of the company, the Inter-Company Double Indemnity Mortality Table; and for policies issued prior to January 1, 1961, the Inter-Company Double Indemnity Mortality Table. Either table shall be combined with a mortality table permitted for calculating the reserves for life insurance policies.

(g) For group life insurance, life insurance issued on the substandard basis and other special benefits, such tables as may be approved by the commissioner.

SEC. 5. Section 10489.4 of the Insurance Code is amended to read:

10489.4. (a) The interest rates used in determining the minimum standard for the valuation of all life insurance policies issued in a particular calendar year, on or after the operative date of Section 10163.2, all individual annuity and pure endowment contracts issued in a particular calendar year on or after January 1, 1982, all annuities and pure endowments purchased in a particular calendar year on or after January 1, 1982, under group annuity and pure endowment contracts, and the net increase, if any, in a particular calendar year after January 1, 1982, in amounts held under guaranteed interest contracts shall be the calendar year statutory valuation interest rates as defined in subdivision (b).

(b) (1) The calendar year statutory valuation interest rates, I, shall be determined as follows and the results rounded to the nearer one-quarter of 1 percent:

(A) For life insurance:

$$I = .03 + W\ (R_1 - .03) + \frac{W}{2}\ (R_2 - .09)$$

(B) For single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and from guaranteed interest contracts with cash settlement options:

$$I = .03 + W\ (R - .03)$$

Where

R_1 is the lesser of R and .09,

R_2 is the greater of R and .09,

R is the reference interest rate defined in subdivision (d) or (e) of this section, and

W is the weighting factor defined in subdivision (c) of this section.

(C) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on an issue year basis, except as stated in (B), the formula for life insurance stated in (A) shall apply to annuities and guaranteed interest contracts with guarantee durations in excess of 10 years and the formula for single premium immediate annuities stated in (B) shall apply to annuities and guaranteed interest contracts with guarantee duration of 10 years or less.

(D) For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the formula for single premium immediate annuities stated in (B) shall apply.

(E) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change-in-fund basis, the formula for single premium immediate annuities stated in (B) shall apply.

(2) However, if the calendar year statutory valuation interest rate for any life insurance policies issued in any calendar year determined without reference to this sentence differs from the corresponding actual rate for similar policies issued in the immediately preceding calendar year by less than one-half of 1 percent, the calendar year statutory valuation interest rate for such life insurance policies shall be equal to the corresponding actual rate for the immediately preceding calendar year. For purposes of applying the immediately preceding sentence, the calendar year statutory valuation interest rate for life insurance policies issued in a calendar year shall be determined for 1980 (using the reference interest rate defined for 1979) and shall be determined for each subsequent calendar year regardless of the operative date of Section 10163.2.

(c) Weighting Factors.

(1) The weighting factors referred to in the formulas stated above are given in the following tables:

(A) Weighting Factors for Life Insurance:

Guarantee Duration (Years)	*Weighting Factors*
10 or less	.50
More than 10, but not more than 20	.45
More than 20	.35

For life insurance, the guarantee duration is the maximum number of years the life insurance can remain in force on a basis guaranteed in the policy or under options to convert to plans of life insurance with premium rates or nonforfeiture values or both which are guaranteed in the original policy.

(B) Weighting factor for single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest

contracts with cash settlement options:

.80

(C) Weighting factors for other annuities and for guaranteed interest contracts, except as stated in (B), shall be as specified in tables (i), (ii), and (iii) below, according to the rules and definitions in (iv), (v), and (vi):

(i) For annuities and guaranteed interest contracts valued on an issue year basis:

	Weighting Factor for Plan Type		
Guarantee Duration (Years)	A	B	C
5 or less	.80	.60	.50
More than 5, but not more than 10	.75	.60	.50
More than 10, but not more than 20	.65	.50	.45
More than 20	.45	.35	.35

(ii) For annuities and guaranteed interest contracts valued on a change-in-fund basis, the factors shown in (i) above increased by:.. .15 .25 .05

(iii) For annuities and guaranteed interest contracts valued on an issue year basis (other than those with no cash settlement options) which do not guarantee interest on considerations received more than one year after issue or purchase and for annuities and guaranteed interest contracts valued on a change-in-fund basis which do not guarantee interest rates on considerations received more than 12 months beyond the valuation date, the factors shown in (i) or derived in (ii) increased by: .05 .05 .05

(iv) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the guarantee duration is the number of years for which the contract guarantees interest rates in excess of the calendar year statutory valuation interest rate for life insurance policies with guarantee duration in excess of 20 years. For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the guarantee duration is the number of years from the date of issue or date of purchase to the date annuity benefits are scheduled to commence.

(v) Plan type as used in the above tables is defined as follows:

Plan Type A: At any time policyholder may withdraw funds only (1) with an adjustment to reflect changes in interest rates or asset

values since receipt of the funds by the insurance company, or (2) without such adjustment but in installments over five years or more, or (3) as an immediate life annuity, or (4) no withdrawal permitted.

Plan Type B: Before expiration of the interest rate guarantee, policyholder may withdraw funds only (1) with an adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company, or (2) without such adjustment but in installments over five years or more, or (3) no withdrawal permitted. At the end of interest rate guarantee, funds may be withdrawn without such adjustment in a single sum or installments over less than five years.

Plan Type C: Policyholder may withdraw funds before expiration of interest rate guarantee in a single sum or installments over less than five years either (1) without adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company, or (2) subject only to a fixed surrender charge stipulated in the contract as a percentage of the fund.

(vi) A company may elect to value guaranteed interest contracts with cash settlement options and annuities with cash settlement options on either an issue year basis or on a change-in-fund basis. Guaranteed interest contracts with no cash settlement options and other annuities with no cash settlement options must be valued on an issue year basis. As used in this section, an issue year basis of valuation refers to a valuation basis under which the interest rate used to determine the minimum valuation standard for the entire duration of the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of issue or year of purchase of the annuity or guaranteed interest contract, and the change-in-fund basis of valuation refers to a valuation basis under which the interest rate used to determine the minimum valuation standard applicable to each change in the fund held under the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of the change in the fund.

(d) The reference interest rate referred to in subdivision (b) of this section shall be defined as follows:

(1) For all life insurance, the lesser of the average over a period of 36 months and the average over a period of 12 months, ending on June 30 of the calendar year next preceding the year of issue, of Moody's Corporate Bond Yield Average—Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(2) For single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the average over a period of 12 months, ending on June 30 of the calendar year of issue or year of purchase, of Moody's Corporate Bond Yield Average—Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(3) For other annuities with cash settlement options and

guaranteed interest contracts with cash settlement options, valued on a year-of-issue basis, except as stated in (2) above, with guarantee duration in excess of 10 years, the lesser of the average over a period of 36 months and the average over a period of 12 months, ending on June 30 of the calendar year of issue or purchase, of Moody's Corporate Bond Yield Average—Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(4) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a year-of-issue basis, except as stated in (2) above, with guarantee duration of 10 years or less, the average over a period of 12 months, ending on June 30 of the calendar year of issue or purchase, of Moody's Corporate Bond Yield Average—Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(5) For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the average over a period of 12 months, ending on June 30 of the calendar year of issue or purchase, of Moody's Corporate Bond Yield Average—Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(6) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change-in-fund basis, except as stated in (2) above, the average over a period of 12 months, ending on June 30 of the calendar year of the change in the fund, of Moody's Corporate Bond Yield Average—Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(e) In the event that Moody's Corporate Bond Yield Average—Monthly Average Corporates is no longer published by Moody's Investors Service, Inc., or in the event that the National Association of Insurance Commissioners, or its successor, determines that Moody's Corporate Bond Yield Average—Monthly Average Corporates as published by Moody's Investors Service, Inc. is no longer appropriate for the determination of the reference interest rate, then an alternative method for determination of the reference interest rate, which is adopted by the National Association of Insurance Commissioners, or its successor, and approved by regulation promulgated by the commissioner, may be substituted.

(f) This section shall apply to all certificates and contracts issued by a fraternal benefit society.

SEC. 6. Section 10489.5 of the Insurance Code is amended to read:

10489.5. Except as otherwise provided in Sections 10489.6 and 10489.9, reserves according to the commissioners reserve valuation method, for the life insurance and endowment benefits of policies providing for a uniform amount of insurance and requiring the payment of uniform premiums shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such policies, over the then present value

of any future modified net premiums therefor. The modified net premiums for any such policy shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the date of issue of the policy, of all such modified net premiums shall be equal to the sum of the then present value of such benefits provided for by the policy and the excess of (a) of (b), as follows:

(a) A net level annual premium equal to the present value, at the date of issue of such benefits provided for after the first policy year, divided by the present value, at the date of issue, of an annuity of one per annum payable on the first and each subsequent anniversary of such policy on which a premium falls due; except that such net level annual premium shall not exceed the net level annual premium, on the 19-year premium whole life plan for insurance of the same amount at an age one year higher than the age at issue of such policy.

(b) A net one-year term premium for such benefits provided for in the first policy year.

Provided that for any life insurance policy issued on or after January 1, 1986, for which the contract premium in the first policy year exceeds that of the second year and for which no comparable additional benefit is provided in the first year for such excess and which provides an endowment benefit or a cash surrender value or a combination thereof in an amount greater than such excess premium, the reserve according to the commissioners reserve valuation method as of any policy anniversary occurring on or before the assumed ending date defined herein as the first policy anniversary on which the sum of any endowment benefit and any cash surrender value then available is greater than such excess premium shall, except as otherwise provided in Section 10489.9, be the greater of the reserve as of such policy anniversary calculated as described in the first paragraph of this section and the reserve as of such policy anniversary calculated as described in the first paragraph of this section, but with (i) the value defined in subparagraph (a) of that paragraph being reduced by 15 percent of the amount of such excess first year premium, (ii) all present values of benefits and premiums being determined without reference to premiums or benefits provided for by the policy after the assumed ending date, (iii) the policy being assumed to mature on such date as an endowment, and (iv) the cash surrender value provided on such date being considered as an endowment benefit. In making the above comparison the mortality and interest bases stated in Sections 10489.2 and 10489.4 shall be used.

Reserves according to the commissioners reserve valuation method for (1) life insurance policies providing for a varying amount of insurance or requiring the payment of varying premiums, (2) group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation, established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other

than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended; (3) disability and accidental death benefits in all policies and contracts; and (4) all other benefits, except life insurance and endowment benefits in life insurance policies and benefits provided by all other annuity and pure endowment contracts, shall be calculated by a method consistent with the principles of the preceding paragraphs of this section, except that any extra premiums charged because of impairments or special hazards shall be disregarded in the determination of modified net premiums.

SEC. 7. Section 11134 of the Insurance Code is amended to read:

11134. Except as otherwise provided in Section 10489.6, reserves according to the commissioners' reserve valuation method, for the life insurance and endowment benefits of certificates providing for a uniform amount of insurance and requiring the payment of uniform rates shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such certificates, over the then present value of any future modified net rates therefor. The modified net rates for any such certificate shall be such uniform percentage of the respective contract payment for such benefits that the present value, at the date of issue of the certificate, of all such modified net rates shall be equal to the sum of the then present value of such benefits provided for by the certificate and the excess of (a) over (b), as follows:

(a) A net level annual payment equal to the present value at the date of issue, of such benefits provided for after the first certificate year, divided by the present value, at the date of issue, of an annuity of one per annum payable on the first and each subsequent anniversary of such certificate on which a payment falls due; provided, however, that such net level annual payment shall not exceed the net level annual payment on the 19-year payment whole life plan for insurance of the same amount at an age one year higher than the age at issue of such certificate.

(b) A net one-year term payment for such benefits provided for in the first certificate year.

Provided that for any certificate issued on or after January 1, 1986, for which the contract premium in the first policy year exceeds that of the second year and for which no comparable additional benefit is provided in the first year for such excess and which provides an endowment benefit or a cash surrender value or a combination thereof in an amount greater than such excess premium, the reserve according to the commissioners reserve valuation method as of any policy anniversary occurring on or before the assumed ending date defined herein as the first policy anniversary on which the sum of any endowment benefit and any cash surrender value then available is greater than such excess premium shall be the greater of the reserve as of such policy anniversary calculated as described in the preceding paragraph and the reserve as of such policy anniversary calculated

as described in that paragraph, but with (i) the value defined in subdivision (a) of that paragraph being reduced by 15 percent of the amount of such excess first year premium, (ii) all present values of benefits and premiums being determined without reference to premiums or benefits provided for by the policy after the assumed ending date, (iii) the policy being assumed to mature on such date as an endowment, and (iv) the cash surrender value provided on such date being considered as an endowment benefit. In making the above comparison the mortality and interest bases stated in Sections 11136 and 11136.1 shall be used.

Reserves according to the commissioners' reserve valuation method for (1) life insurance certificates providing for a varying amount of insurance or requiring the payment of varying rates, (2) group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation, established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended, (3) disability and accidental death benefits in all certificates and contracts, and (4) all other benefits, except life insurance and endowment benefits in life insurance certificates, shall be calculated by a method consistent with the principles of the first paragraph of this section, except that any extra premiums charged because of impairments or special hazards shall be disregarded in the determination of modified net premiums.

SEC. 8. Section 11136 of the Insurance Code is amended to read:

11136. Except as otherwise provided in Section 10489.4, such valuation shall be certified by a competent actuary or, at the expense of the society, verified by the actuary of the insurance supervisory official of the state of domicile of the society, and the legal minimum standard of valuation shall be as follows:

(1) For all ordinary certificates of life insurance issued on the

standard basis, excluding any disability and accidental death benefits in such certificates—the American Men Ultimate Table of Mortality, with Bowerman's or Davis' Extension thereof, or, at the option of the society, the Commissioners 1941 Standard Ordinary Mortality Table or the Commissioners 1958 Standard Ordinary Mortality Table, using actual age of the insured for male risks and an age not more than six years younger than the actual age of the insured for female risks, and for such policies issued on or after the operative date of Section 10163.2 (i) the Commissioners 1980 Standard Ordinary Mortality Table, or (ii) at the election of the company for any one or more specified plans of life insurance, the Commissioners 1980 Standard Ordinary Mortality Table with Ten-Year Select Mortality Factors, or (iii) any ordinary mortality table, adopted after 1980 by the National Association of Insurance Commissioners, or its successor, that is approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such policies.

(3) For annuity and pure endowment certificates, excluding any disability and accidental death benefits in such certificates—the 1937 Standard Annuity Mortality Table, or the Annuity Mortality Table for 1949 Ultimate, or the Individual Annuity Mortality Table for 1971, or any individual annuity mortality table, adopted after 1980 by the National Association of Insurance Commissioners, or its successor, that is approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such contracts, or any modification of any of these tables approved by the commissioner.

(4) For disability benefits in or supplementary to ordinary certificates—Hunter's Disability Table or the Class 3 Disability Table (1926), modified to conform to the contractual waiting period, or the tables of Period 2 disablement rates and the 1930 to 1950 termination rates of the 1952 Disability Study of the Society of Actuaries with due regard to the type of benefit, or the 1964 Commissioners Disability Table, or any tables of disablement rates and termination rates, adopted after 1980 by the National Association of Insurance Commissioners, or its successor, that are approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such policies. (7) For life insurance issued upon the substandard basis and other special benefits—such tables as may be approved by the commissioner.

(c) The commissioner may, in his discretion, accept other standards for valuation if he finds that the reserves produced thereby will not be less in the aggregate than reserves computed in accordance with the minimum valuation standard prescribed. Whenever the mortality experience under the certificates valued on the same mortality table is in excess of the expected mortality according to such table for a period of three consecutive years, the commissioner may require additional reserves when in his judgment deemed necessary on account of such certificates.

(d) Notwithstanding the provisions of subdivisions (a) and (b), any society, with the consent of the insurance supervisory official of the state of domicile of the society, and under such conditions, if any, which he may impose, may establish and maintain reserves on its certificates in excess of the reserves required thereunder, but the contractual rights of any insured member shall not be affected thereby.

CHAPTER 941

An act to repeal and add Article 4 (commencing with Section 500) of Chapter 2 of Division 3 of, and to repeal Section 755 of, the Harbors and Navigation Code, relating to vessels.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Article 4 (commencing with Section 500) of Chapter 2 of Division 3 of the Harbors and Navigation Code is repealed.

SEC. 2. Article 4 (commencing with Section 500) is added to Chapter 2 of Division 3 of the Harbors and Navigation Code, to read:

Article 4. Boaters Lien Law

500. This article shall be known and may be cited as the "Boaters Lien Law".

501. As used in this article:

(a) "Department" means the Department of Motor Vehicles or any successor agency thereto which registers vehicles.

(b) "Mail" means first-class mail, postage prepaid, unless registered mail is specified. Registered mail includes certified mail.

(c) "Services" means the making of repairs or performing labor upon or to, and the furnishing of supplies or materials for, any vessel or any trailer used in connection with a vessel.

(d) "Storage" means the safekeeping, mooring, berthage, wharfage, or anchorage of a vessel and the providing of parking space for any trailer used in connection with the vessel.

(e) "Vessel" means every description of watercraft, other than a seaplane on the water or a floating home, used or capable of being used as a means of transportation on the water and required to be registered, excluding any vessel which has a valid marine document issued by the United States or any agency thereof. For the purposes of this article, "vessel" includes any trailer used in connection with the vessel which is in the possession of the lienholder at the time the lien arises.

501.3. The time a notice or statement is given or sent, unless otherwise expressly provided, means the time a written notice to a person is deposited in the United States mails; or the time any other written notice is personally delivered to the recipient.

501.5. The possessory vessel lien procedures described by the provisions of this article shall supersede any local ordinance and shall provide the exclusive means of enforcing these liens. Nothing in this article shall be construed as affecting any maritime lien cognizable under any federal law.

502. (a) Every person has a lien dependent upon possession of the vessel for the compensation to which he or she is legally entitled for services rendered to or storage of any vessel subject to registration with the Department of Motor Vehicles. The lien shall arise at the time a written statement of lien is sent to the registered owner of the vessel which specifies the charges for services or storage rendered and states that the vessel is subject to sale pursuant to the California Boater's Lien Law.

(b) Notwithstanding subdivision (a), no lien provided by this section for storage or service provided upon the request of any person other than the legal owner as shown on the registration certificate of the vessel shall be valid against the interest of the legal owner to the extent that the lien exceeds seven hundred fifty dollars ($750) unless the person performing such storage or service obtains the consent of the legal owner to the amount of the excess. The legal owner may limit his or her consent to a specified dollar amount or period of time. The lien claimant shall give actual notice in writing, prior to exceeding such amount, either by personal service or by registered mail to the legal and registered owner or owners as named and at the addresses as shown on the registration certificate, on a standard form provided by the department, containing a description of the storage or services, or both, a description and registration number of the vessel, the name of the registered owner or owners, the dollar amount or rate of the charges for the storage or services, and a statement in boldface type that, with respect to storage charges, consent of the legal owner shall be presumed unless the legal owner notifies the lien claimant within 15 days of receipt of the request for consent that he or she declines to consent to such storage.

(c) Notwithstanding subdivision (b), any claim for the cost of services may exceed the estimate given therefor by an amount not in excess of 10 percent thereof and the lien of the lien claimant shall be valid against the legal owner to the full amount of such excess to the same extent as would be a lien for the original estimate.

(d) With respect to claims for storage charges, a legal owner shall be presumed to consent to storage charges if he or she fails to respond to the request for consent set forth in subdivision (b) within 15 days after receipt thereof, such response to be addressed to the lien claimant at the address stated in the request for consent. In addition, consent in all cases is presumed for the 30-day period immediately following the giving of the request for consent notice.

(e) The legal owner may, upon declining consent, remove the vessel from the lien claimant only upon satisfying the lien of the lien claimant.

(f) Any lien arising under this section shall be extinguished, and no lien sale shall be conducted unless, 60 days after the lien arises, the lienholder does either of the following:

(1) Applies to the department for an authorization to conduct a lien sale.

(2) Files an action on the claim in court.

(g) Nothing in this section shall impair any rights or remedies which are otherwise available to the lien claimant against the registered owner under any other provisions of law.

503. (a) A lienholder shall apply to the department for the issuance of an authorization to conduct a lien sale pursuant to the provisions of this section for any vessel with a value determined to be over one thousand five hundred dollars ($1,500). A fee shall be charged by the department and may be recovered by the lienholder if a lien sale is conducted or if the vessel is redeemed. The application shall be executed under penalty of perjury and shall include all of the following information:

(1) A description of the vessel, including make, hull identification number, and state of registration, to the extent available.

(2) The names and addresses of the registered and legal owners of the vessel, if ascertainable from the registration certificate within the vessel, and the name and address of any person whom the lienholder knows or reasonably should know claims a proprietary interest in the vessel.

(3) A statement of the amount of the lien and the facts which give rise to the lien. The statement shall include, as a separate item, an estimate of any additional storage costs accruing pending the lien sale.

(b) Upon receipt of an application made pursuant to subdivision (a), the department shall within 15 days thereafter do both of the following:

(1) Notify the vessel registry agency of a foreign state of the pending lien sale, if the vessel bears indicia of registration in that state.

(2) By mail, send a notice, a copy of the application, and a return envelope preaddressed to the department to the registered and legal owners at their addresses of record with the department, and to any other person whose name and address is listed in the application.

(c) The notice required pursuant to subdivision (b) shall include all of the following statements:

(1) An application has been made with the department for authorization to conduct a lien sale.

(2) Each person to whom notice is sent pursuant to subdivision (b) is entitled to a hearing in court if that person so desires.

(3) If a hearing in court is desired, a declaration of opposition, signed under penalty of perjury, is required to be signed and returned to the department within 15 days of the date that the notice required pursuant to subdivision (b) was mailed.

(4) If the declaration of opposition is signed and returned to the department, the lienholder will be allowed to sell the vessel only if he or she obtains a court judgment or a subsequent release from the declarant.

(5) If a court action is filed, the declarant will be served by mail with legal process in the court proceedings at the address shown on the declaration of opposition and may appear to contest the claim.

(6) The person may be liable for court costs if a judgment is entered in favor of the lienholder.

(d) If the department receives the declaration of opposition in the time provided, the department shall notify the lienholder within 16 days of the receipt of the declaration of opposition that a lien sale shall not be conducted unless the lienholder files an action in court within 60 days of the notice. A lien sale of the vessel shall not be conducted unless judgment is subsequently entered in favor of the lienholder or the declarant subsequently releases his or her interest in the vessel.

(e) Service of legal process on the declarant, with return receipt requested signed by the declarant or an authorized agent of the declarant at the address shown on the declaration of opposition, shall be effective. Return of a declaration of opposition shall constitute consent by the declarant to service of legal process for the desired court hearing upon him or her in the foregoing manner. Notwithstanding subdivision (d) of Section 415.3 of the Code of Civil Procedure, if the lienholder has attempted service upon declarant by that method at the address shown on the declaration of opposition and the mail has been returned unclaimed, the department shall promptly authorize the sale.

(f) Upon receipt of authorization to conduct the lien sale, the lienholder shall do all of the following:

(1) At least 10 days, but not more than 30 days, prior to the lien sale, not counting the day of the sale, give notice of the sale by advertising once in a newspaper of general circulation published in the county in which the vessel is located. If there is no newspaper published in the county, notice shall be given by posting a notice of sale form in three of the most public places in the area in which the vessel is located and at the place where the vessel is to be sold for 10 consecutive days prior to and including the day of the sale.

(2) Send a notice of pending lien sale 20 days prior to the sale, but not counting the day of sale, by mail with return receipt requested, to each of the following:

(A) The registered and legal owners of the vessel, if registered in this state.

(B) All persons known to have an interest in the vessel.

(C) The department.

(g) Upon receipt of the notice, the department shall mark its records and thereafter notify any person having a proprietary interest in the vessel that there is a pending lien sale and that title will not be transferred until the lien is satisfied or released.

(h) All notices required by this section, including the notice forms prescribed by the department, shall specify the make, hull identification number, and state of registration, if available, and the specific date, exact time, and place of sale.

504. (a) For vessels with a value determined to be one thousand five hundred dollars ($1,500) or less, the department shall promptly furnish the lienholder with the names and addresses of the registered

and legal owners of record.

(b) The lienholder shall, immediately upon receipt of the names and addresses, send by mail, with return receipt requested, a completed notice of pending lien sale form, a blank declaration of opposition form, and a return envelope preaddressed to the department, to the registered owner and legal owner at their addresses of record with the department, to any other person known to have a proprietary interest in the vessel, and to the department.

(c) Upon receipt of the notice, the department shall mark its records and thereafter notify any person having a proprietary interest in the vessel that there is a pending lien sale and that title will not be transferred until the lien is satisfied or released.

(d) All notices shall be signed under penalty of perjury and shall include all of the following information and statements:

(1) A description of the vessel, including make, identification number, and state of registration, to the extent available.

(2) The specific date, exact time, and place of sale, which shall be set not less then 35 days, but not more than 60 days, from the date of mailing.

(3) The names and addresses of the registered and legal owners of the vessel and any other person known to have an interest in the vessel.

(4) All of the following statements:

(A) The amount of the lien and the facts which give rise to the lien. The statement shall include, as a separate item, an estimate of any additional storage costs accruing pending the lien sale.

(B) The person has a right to a hearing in court.

(C) If a court hearing is desired, a declaration of opposition signed under penalty of perjury is required to be signed and returned to the department within 15 days of the date the notice of pending lien sale was mailed.

(D) If the declaration of opposition is signed and returned, the lienholder will be allowed to sell the vessel only if he or she obtains a court judgment or if he or she obtains a subsequent release from the declarant.

(E) If a court action is filed, the declarant will be served by mail with legal process in the court proceedings at the address shown on the declaration of opposition and may appear to contest the claim.

(F) The person may be liable for court costs if a judgment is entered in favor of the lienholder.

(e) If the department receives the completed declaration of opposition within the time provided, the department shall notify the lienholder within 16 days that a lien sale shall not be conducted unless the lienholder files an action in court within 20 days of the notice and judgment is subsequently entered in favor of the lienholder or the declarant subsequently releases his interest in the vessel.

(f) Service on the declarant by mail with return receipt requested, signed by the declarant or an authorized agent of the

declarant at the address shown on the declaration of opposition, shall be effective. Return of a declaration of opposition shall constitute consent by the declarant to service of legal process for the desired court hearing upon him or her in the foregoing manner. If the lienholder has attempted service upon the declarant by that method at the address shown on the declaration of opposition and the mail has been returned unclaimed, the lienholder may proceed with the sale.

505. (a) A registered or legal owner of a vessel may release any interest in the vessel after the lien has arisen. The release shall be dated when signed and a copy shall be given at the time the release is signed to the person releasing the interest.

(b) The release shall be in at least 12-point type and shall contain all of the following information in simple, nontechnical language:

(1) A description of the vessel, including the make, the identification number, and the state of registration, to the extent available.

(2) The names and addresses of the registered and legal owners of record with the department, to the extent available.

(3) A statement of the amount of the lien and the facts which give rise to the lien.

(4) A statement that the person releasing the interest understands that (i) he or she has a legal right to a hearing in court prior to any sale of the vessel to satisfy the lien and (ii) he or she is giving up the right to appear to contest the claim of the lienholder.

(5) A statement that (i) the person releasing the interest gives up any interest he or she may have in the vessel and (ii) he or she is giving the lienholder permission to sell the vessel.

(c) The release required by this section shall be filed with the department in connection with any transfer of interest in a vessel following a lien sale.

505.5. (a) Whenever the lien upon any vessel is lost by reason of the loss of possession through trick, fraud, or device, the repossession of the vessel by the former lienholder claimant revives the lien but any lien so revived is subordinate to any right, title, or interest of any person under any sale, transfer, encumbrance, lien, or other interest acquired or secured in good faith and for value between the time of the loss of possession and the time of repossession.

(b) It is a misdemeanor for any person to obtain possession of any vessel or any part thereof subject to a lien pursuant to the provisions of this chapter by trick, fraud, or device.

(c) It is a misdemeanor for any person claiming a lien on a vessel to knowingly violate any provisions of this article.

506. No lien sale shall be undertaken pursuant to Section 503 or 504 unless the vessel has been available for inspection at a location easily accessible to the public for at least one hour before the sale and is at the place of sale at the time and date specified on the notice of sale. Sealed bids shall not be accepted. The lienholder shall conduct the sale in a commercially reasonable manner.

506.5. Within 10 days after the sale of any vessel pursuant to the provisions of Section 503 or 504, the legal or registered owner may redeem the vessel upon the payment of the amount of the lien, all costs and expenses of the lien, together with interest on that sum at the legal rate from the due date thereof until the repayment. If the vessel is not redeemed, all lien sale documents required by the department to effect transfer of title shall then be completed and delivered to the buyer.

507. At the time a lienholder applies to the department to conduct a sale under the provisions of Section 504, the lienholder shall submit with the application a declaration by a licensed yacht and ship broker of the fair market value of the described vessel at a specific date within 30 days of that submission. The opinion need not be based upon a marine survey, but shall be based on a physical inspection of the vessel. No cause of action shall lie against the declarant on account of the opinion given.

507.5. The proceeds of a vessel lien sale shall be disposed of as follows:

(a) The amount necessary to discharge the lien and the actual cost of selling the vessel shall be paid to the lienholder. Actual cost of sale shall include any fees charged by the department, publication fees, postage and service of notices, whether incurred as a result of a sale or redemption by the registered or legal owner without a sale. The actual cost of sale shall not exceed one hundred dollars ($100) for a vessel without a trailer and one hundred twenty-five dollars ($125) for a vessel with a trailer, exclusive of the charges of the department.

(b) The balance, if any, shall be forwarded to the department within 15 days of any sale. Within 30 days thereafter, the department shall send notice of the receipt of the funds, if the amount thereof exceeds ten dollars ($10), to the legal and registered owners at the most current addresses shown in the department's records.

(c) Any person claiming an interest in the vessel may file a claim with the department for any portion of the funds forwarded to the department pursuant to subdivision (b). Upon determination of the department that the claimant is entitled to a portion of those funds, the department shall pay any entitled amount which does not exceed the balance of the funds remaining on deposit with the department that pertain to the vessel. The department shall not honor any claim unless the claim has been filed within three years of the date the funds were received. At the end of each fiscal year the department shall deposit in the Harbors and Watercraft Revolving Fund all funds held by it for which no claim was filed within the three-year period.

508. Any lien provided for in this article for repairs, labor, supplies, or materials, or for storage or safekeeping of a vessel may be assigned by written instrument accompanied by delivery of possession of the vessel subject to the lien, and the assignee may exercise the rights of a lienholder as provided in this article. Any lienholder assigning a lien as authorized in this section shall at the time of assigning the lien give written notice of the assignment either

by personal delivery of by certified mail, to the registered and legal owners of the vessel, indicating the name and address of the person to whom the lien is assigned.

508.5. All forms required pursuant to this article shall be prescribed by the department. Language used in the notices and declarations shall be simple and nontechnical.

509. No lien shall attach to any personal property in or on the vessel except that which is carried on the vessel for lifesaving, safety, mooring, and operating purposes. Personal property not subject to lien shall be given to the registered owner or the owner's authorized agent upon demand.

SEC. 3. Section 755 of the Harbors and Navigation Code is repealed.

SEC. 4. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 942

An act to amend Sections 6401, 7200.5, and 7201 of the Elections Code, relating to elections.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 6401 of the Elections Code is amended to read:

6401. (a) No declaration of candidacy for a partisan office or for membership on a county central committee shall be filed, by a candidate unless (1) at the time of presentation of the declaration and continuously for not less than three months immediately prior to that time, or for as long as he has been eligible to register to vote in the state, the candidate is shown by his affidavit of registration to be affiliated with the political party the nomination of which he seeks, and (2) the candidate has not been registered as affiliated with a qualified political party other than that political party the nomination of which he seeks within 12 months, or, in the case of an election governed by Chapter 7 (commencing with Section 7200), within three months immediately prior to the filing of the declaration.

(b) The county clerk shall attach a certificate to the declaration

of candidacy showing the date on which the candidate registered as intending to affiliate with the political party the nomination of which he seeks, and indicating that the candidate has not been affiliated with any other qualified political party for the period specified in subdivision (a) immediately preceding the filing of the declaration. The provisions of this section shall not apply to declarations of candidacy filed by a candidate of a political party participating in its first direct primary election subsequent to its qualification as a political party pursuant to the provisions of Section 6430.

SEC. 2. Section 7200.5 of the Elections Code is amended to read:

7200.5. A special election to fill a vacancy in the office of Representative in Congress, State Senator, or Member of Assembly shall be conducted on a Tuesday at least 112 days, but not more than 119 days, following the issuance of an election proclamation by the Governor pursuant to Section 1773 of the Government Code, except that any such special election may be conducted within 180 days following the proclamation in order that the election or the primary election may be consolidated with the next regularly scheduled statewide election or local election occurring wholly or partially within the same territory in which such vacancy exists, provided that the voters eligible to vote in the local election comprise at least 50 percent of all the voters eligible to vote on the vacancy.

In no event may a special election or a primary election be conducted on the day after a state holiday.

SEC. 3. Section 7201 of the Elections Code is amended to read:

7201. A special primary election shall be held in the district in which the vacancy occurred on the eighth Tuesday or, if the eighth Tuesday is the day of a state holiday, the ninth Tuesday preceding the day of the special general election at which the vacancy is to be filled. Candidates at the primary election shall be nominated in the manner set forth in Chapter 5 (commencing with Section 6400) of Division 5 of this code, except that nomination papers shall not be circulated more than 63 days before the primary election, shall be left with the county clerk for examination not less than 43 days before the primary election, and shall be filed with the Secretary of State not less than 39 days before the primary election.

Notwithstanding the provisions of Section 1002, applications for absent voter ballots may be submitted not more than 25 days before the primary election, except that the provisions of Section 1002 shall apply if the special election or special primary election is consolidated with a statewide election. Applications received by the clerk prior to the 25th day shall not be returned to the sender, but shall be held by the clerk and processed by him following the 25th day prior to the election in the same manner as if received at that time.

CHAPTER 943

An act to amend Section 1031 of, and to add Section 1031.5 to, the Government Code, relating to peace officers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 1031 of the Government Code is amended to read:

1031. Each class of public officers or employees declared by law to be peace officers shall meet all of the following minimum standards:

(a) Be a citizen of the United States or a permanent resident alien who is eligible for and has applied for citizenship.

(b) Be at least 18 years of age.

(c) Be fingerprinted for purposes of search of local, state, and national fingerprint files to disclose any criminal record.

(d) Be of good moral character, as determined by a thorough background investigation.

(e) Be a high school graduate or pass the general education development test indicating high school graduation level; provided that this subdivision shall not apply to any public officer or employee who was employed, prior to the effective date of the amendment of this section made at the 1971 Regular Session of the Legislature, in any position declared by law prior to the effective date of such amendment to be peace officer positions.

(f) Be found, after examination by a licensed physician and surgeon, to be free from any physical, emotional, or mental condition which might adversely affect his exercise of the powers of a peace officer.

This section shall not be construed to preclude the adoption of additional or higher standards, including age.

SEC. 2. Section 1031.5 is added to the Government Code, to read:

1031.5. (a) Any person employed by a governmental agency on the effective date of this section as a peace officer or a peace officer trainee, or who, prior to the effective date of this section, had applied to fill a position as a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, is not subject to the requirement of subdivision (a) of Section 1031 prior to its amendment at the 1981–82 Regular Session of the Legislature, provided that any person qualifying for this exemption shall, as soon as legally possible, apply for and meet all of the requirements for United States citizenship specified in existing law, and shall be subject to subdivisions (c) and (d).

(b) Any permanent resident alien who applies for employment as

a peace officer shall have applied for citizenship at least one year prior to his or her application for employment, except that the one-year requirement shall not be applicable to any person who applies for employment prior to his or her 19th birthday.

(c) Any permanent resident alien who is employed as a peace officer shall diligently cooperate with the Immigration and Naturalization Service in the processing of his or her application for citizenship and shall be disqualified from holding that position if, three years after the filing of his or her application for employment, the person has not obtained citizenship due to his or her failure to cooperate in the processing of the application for citizenship.

(d) Any permanent resident alien who is employed as a peace officer shall be disqualified from holding that position if his or her application for citizenship is denied.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The recent United States Supreme Court decision upholding a California statute which requires that peace officers be United States citizens will result in hardship for certain peace officers and other law enforcement employees presently employed unless this act takes effect immediately.

SEC. 4. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 5. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The Legislature hereby finds and declares that the rights and protections provided to peace officers under this chapter constitute a matter of statewide concern. The Legislature further finds and declares that effective law enforcement depends upon the maintenance of stable employer-employee relations, between public safety employees and their employers. In order to assure that such stable relations are continued throughout the state and to further assure that effective services are provided to all people of the state, it is necessary that this chapter be applicable to all public safety officers, as defined in this section, wherever situated within the State of California.

SEC. 2. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

The people of the State of California do enact as follows:

SECTION 1. Section 1045 of the Evidence Code is amended to read:

1045. (2) In any criminal proceeding the conclusions of any officer investigating a complaint filed pursuant to Section 832.5 of the Penal Code.

(3) Facts sought to be disclosed which are so remote as to make disclosure of little or no practical benefit.

(c) In determining relevance where the issue in litigation concerns the policies or pattern of conduct of the employing agency, the court shall consider whether the information sought may be obtained from other records maintained by the employing agency in the regular course of agency business which would not necessitate the disclosure of individual personnel records.

(d) Upon motion seasonably made by the governmental agency which has custody or control of the records to be examined or by the officer whose records are sought, and upon good cause showing the necessity thereof, the court may make any order which justice requires to protect the officer or agency from unnecessary annoyance, embarrassment or oppression.

(e) The court shall, in any case or proceeding permitting the disclosure or discovery of any peace officer records requested pursuant to Section 1043, order that the records disclosed or discovered may not be used for any purpose other than a court proceeding pursuant to applicable law.

(d) The peace officer's motor vehicle is operated by a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, and that peace officer is wearing a distinctive uniform.

SEC. 3. Section 2800.2 is added to the Vehicle Code, to read:

2800.2. CHAPTER 948

An act to amend Section 12403.7 of the Penal Code, relating to tear gas.

The people of the State of California do enact as follows:

SECTION 1. Section 12403.7 of the Penal Code is amended to read:

12403.7. (a) Notwithstanding any other provision of law, any person may purchase, possess or use tear gas and tear gas weapons for the projection or release of tear gas if such tear gas and tear gas weapons are approved by the Department of Justice and are used solely for self-defense purposes, subject to the following requirements:

(1) No person convicted of a felony or any crime involving an assault under the laws of the United States, of the State of California, or any other state, government, or country or convicted of misuse of tear gas under paragraph (8) shall purchase, possess, or use tear gas or tear gas weapons.

(2) No person who is addicted to any narcotic drug shall purchase, possess, or use tear gas or tear gas weapons.

(3) No person shall sell or furnish any tear gas or tear gas weapon to a minor.

(4) No person who is a minor shall purchase, possess, or use tear gas or tear gas weapons.

(5) (A) No person shall purchase, possess or use any tear gas weapon which expels a projectile, or which expels the tear gas by any method other than an aerosol spray, or which is of a type, or size of container, other than authorized by regulation of the Department of Justice.

(B) The department, with the cooperation of the State Department of Health Services, shall develop standards and promulgate regulations regarding the type of tear gas and tear gas weapons which may lawfully be purchased, possessed, and used pursuant to this section.

(C) The regulations of the department shall include a requirement that every tear gas container and tear gas weapon which may be lawfully purchased, possessed, and used pursuant to this section have a label which states: "WARNING: The use of this substance or device for any purpose other than self-defense is a felony under the law. The contents are dangerous—use with care."

(6) (A) No person shall purchase, possess, or use any tear gas or any tear gas weapon who has not completed a course certified by the Department of Justice in the use of tear gas and tear gas weapons pursuant to which a card is issued identifying the person who has

completed such a course. Such a course shall be taken under the auspices of any institution approved by the Department of Justice to offer tear gas training. Such a training institution is authorized to charge a fee covering the actual cost of such training. The requirements of this paragraph shall not apply to a person who is a retired peace officer, as peace officer is defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, if the person prior to retirement had satisfactorily completed a course of instruction approved by the Commission on Peace Officer Standards and Training in the use of tear gas and tear gas weapons.

(8) Any person who uses tear gas or tear gas weapons except in self-defense or as authorized for training purposes by the department is guilty of a public offense and is punishable by imprisonment in a state prison for 16 months, or two or three years or in a county jail not to exceed one year or by fine not to exceed one thousand dollars ($1,000) or by both such fine and imprisonment, except that if such use is against a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, engaged in the performance of his or her official duties and the person committing the offense knows or reasonably should know that the victim is a peace officer, the offense is punishable by imprisonment in a state prison for 16 months or two or three years or by fine not to exceed one thousand dollars ($1,000) or by both such fine and imprisonment.

(b) Such identification card as specified in paragraph (6) of subdivision (a) shall be valid so long as the person meets the requirements in subdivision (a), and shall be nontransferable.

All forms, cards, and other documentation necessary to administer the provisions of this section shall be uniform throughout the state as prescribed by the Department of Justice.

The Department of Justice may adopt and promulgate such regulations concerning the purchase and disposal of self-defense tear gas weapons, the standards for tear gas training courses, and the approval of facilities at which such training shall occur as are necessary to insure the safe use and possession of such tear gas weapons.

(c) Any person who successfully completes training under this

section for which the course and training facility must be approved by the Department of Justice is entitled to receive a certificate of completion issued by the Department of Justice. A fee shall be charged by the Department of Justice for the certificate. The fee shall be no more than is necessary to reimburse the Department of Justice for the costs of approving the courses, the facilities, maintaining control of the quality of the courses, and issuing the certificate of completion. The Department of Justice may provide by regulation the manner in which the fee is collected and paid.

SEC. 1.5. Section 12403.7 of the Penal Code is amended to read:

12403.7. (a) Notwithstanding any other provision of law, any person may purchase, possess or use tear gas and tear gas weapons for the projection or release of tear gas if such tear gas and tear gas weapons are approved by the Department of Justice and are used solely for self-defense purposes, subject to the following requirements:

(1) No person convicted of a felony or any crime involving an assault under the laws of the United States, of the State of California, or any other state, government, or country or convicted of misuse of tear gas under paragraph (8) shall purchase, possess, or use tear gas or tear gas weapons.

(C) The regulations of the department shall include a requirement that every tear gas container and tear gas weapon which may be lawfully purchased, possessed, and used pursuant to this section have a label which states: "WARNING: The use of this substance or device for any purpose other than self-defense is a felony under the law. The contents are dangerous—use with care."

(D) The regulations of the department shall include a requirement that after January 1, 1984, every tear gas container and tear gas weapon which may be lawfully purchased, possessed, and used pursuant to this section have a label which discloses the date on which the useful life of the tear gas weapon expires.

(6) (A) No person shall purchase, possess, or use any tear gas or

any tear gas weapon who has not completed a course certified by the Department of Justice in the use of tear gas and tear gas weapons pursuant to which a card is issued identifying the person who has completed such a course. Such a course shall be taken under the auspices of any institution approved by the Department of Justice to offer tear gas training. Such a training institution is authorized to charge a fee covering the actual cost of such training. The requirements of this paragraph shall not apply to a person who is a retired peace officer, as peace officer is defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, if the person prior to retirement had satisfactorily completed a course of instruction approved by the Commission on Peace Officer Standards and Training in the use of tear gas and tear gas weapons.

(B) The Department of Justice, in cooperation with the Commission on Peace Officer Standards and Training, shall develop standards for a course in the use of tear gas and tear gas weapons.

(7) If the purchase of tear gas or any tear gas weapon is denied, the vendor denying such purchase shall inform the person in writing of the reason for such denial. The valid identification card specified in paragraph (6) shall be carried on the person when carrying tear gas or tear gas weapons and shall be presented for examination to the vendor from whom any tear gas or tear gas weapons are purchased. The sale of tear gas or tear gas weapons by a vendor to a person who fails to present a valid identification card specified in paragraph (6) is a violation of Section 12420.

(8) Any person who uses tear gas or tear gas weapons except in self-defense or as authorized for training purposes by the department is guilty of a public offense and is punishable by imprisonment in a state prison for 16 months, or two or three years or in a county jail not to exceed one year or by fine not to exceed one thousand dollars ($1,000) or by both such fine and imprisonment, except that if such use is against a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, engaged in the performance of his or her official duties and the person committing the offense knows or reasonably should know that the victim is a peace officer, the offense is punishable by imprisonment in a state prison for 16 months or two or three years or by fine of one thousand dollars ($1,000) or by both such fine and imprisonment.

(b) Such identification card as specified in paragraph (6) of subdivision (a) shall be valid so long as the person meets the requirements in subdivision (a), and shall be nontransferable.

All forms, cards, and other documentation necessary to administer the provisions of this section shall be uniform throughout the state as prescribed by the Department of Justice.

The Department of Justice may adopt and promulgate such regulations concerning the purchase and disposal of self-defense tear gas weapons, the standards for tear gas training courses, and the approval of facilities at which such training shall occur as are necessary to insure the safe use and possession of such tear gas

weapons.

(c) Any person who successfully completes training under this section for which the course and training facility must be approved by the Department of Justice is entitled to receive a certificate of completion issued by the Department of Justice. A fee shall be charged by the Department of Justice for the certificate. The fee shall be no more than is necessary to reimburse the Department of Justice for the costs of approving the courses, the facilities, maintaining control of the quality of the courses, and issuing the certificate of completion. The Department of Justice may provide by regulation the manner in which the fee is collected and paid.

SEC. 2. It is the intent of the Legislature, if this bill and Assembly Bill 2419 are both chaptered and become effective January 1, 1983, both bills amend Section 12403.7 of the Penal Code, and this bill is chaptered after Assembly Bill 2419, that the amendments to Section 12403.7 proposed by both bills be given effect and incorporated in Section 12403.7 in the form set forth in Section 1.5 of this act. Therefore, Section 1.5 of this act shall become operative only if this bill and Assembly Bill 2419 are both chaptered and become effective January 1, 1983, both amend Section 12403.7, and this bill is chaptered after Assembly Bill 2419, in which case Section 1 of this act shall not become operative.

SEC. 3. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SECTION 1. Section 189 of the Penal Code is amended to read:

is committed in the perpetration of, or attempt to perpetrate, arson, rape, robbery, burglary, mayhem, or any act punishable under Section 288, is murder of the first degree; and all other kinds of murders are of the second degree.

As used in this section, "destructive device" shall mean any destructive device as defined in Section 12301, and "explosive" shall mean any explosive as defined in Section 12000 of the Health and Safety Code.

To prove the killing was "deliberate and premeditated," it shall not be necessary to prove the defendant maturely and meaningfully reflected upon the gravity of his or her act.

SEC. 2. Section 12022.2 is added to the Penal Code, to read:

12022.2. Notwithstanding any other provision of law, any person who, while armed with a firearm in the commission or attempted commission of any felony, has in his or her immediate possession ammunition for such firearm designed primarily to penetrate metal or armor, shall upon conviction of such felony or attempted felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony, be punished by an additional term of three years.

SEC. 3. Chapter 2.6 (commencing with Section 12320) is added to Title 2 of Part 4 of the Penal Code, to read:

12321. Any person, firm, or corporation who, within this state, manufactures, imports, sells, offers to sell, or knowingly transports any handgun ammunition designed primarily to penetrate metal or armor is guilty of a felony and upon conviction thereof shall be punished by imprisonment in state prison or by a fine not to exceed five thousand dollars ($5,000), or by both such fine and imprisonment.

12322. Nothing in this chapter shall prohibit the sale to, purchase by, possession of, or use of any ammunition by any member of the Army, Navy, Air Force, or Marine Corps of the United States, or the National Guard, while on duty and acting within the scope and course of his employment, or any police agency or forensics laboratory or any person who is the holder of a valid permit issued pursuant to Section 12305 or 12306.

SEC. 4. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The availability of handgun ammunition designed primarily to penetrate metal or armor which, according to recent tests, can penetrate soft body armor poses a life-threatening situation to peace officers, public officials, and other persons.

SEC. 6. CHAPTER 952

An act to amend Section 1050 of the Penal Code, relating to criminal procedure.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 1050 of the Penal Code is amended to read:

1050. (a) The welfare of the people of the State of California requires that all proceedings in criminal cases shall be set for trial and heard and determined at the earliest possible time. To this end the Legislature finds that the criminal courts are becoming increasingly congested with resulting adverse consequences to the welfare of the people and the defendant. It is therefore recognized that both the people and the defendant have the right to an expeditious disposition, and to that end it shall be the duty of all courts and judicial officers and of all counsel, both the prosecution and the defense, to expedite such proceedings to the greatest degree that is consistent with the ends of justice. In accordance with this policy, criminal cases shall be given precedence over, and set for trial and

heard without regard to the pendency of, any civil matters or proceedings.

(b) To continue any hearing in a criminal proceeding, including the trial, a written notice must be filed within two court days of the hearing sought to be continued, together with affidavits or declarations detailing specific facts showing that a continuance is necessary, unless the court for good cause entertains an oral motion for continuance. Continuances shall be granted only upon a showing of good cause. The convenience of the parties is not in and of itself good cause.

(c) When deciding whether or not good cause for a continuance exists, the court shall consider prior commitments of peace officer witnesses in the same manner as it would consider prior commitments of lay witnesses.

(d) Upon a showing that the attorney of record at the time of the defendant's first appearance in the superior court is a Member of the Legislature of this state and that the Legislature is in session or that a legislative interim committee of which the attorney is a duly appointed member is meeting or is to meet within the next seven days, the defendant shall be entitled to a reasonable continuance not to exceed 30 days.

(e) A continuance shall be granted only for that period of time shown to be necessary by the evidence considered at the hearing on the motion. Whenever any continuance is granted, the facts proved which require the continuance shall be entered upon the minutes of the court.

(f) Whenever it shall appear that any court may be required, because of the condition of its calendar, to dismiss an action pursuant to Section 1382 of this code, the court must immediately notify the Chairman of the Judicial Council.

CHAPTER 953

An act to add Section 26228 to the Government Code, relating to law enforcement services.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 26228 is added to the Government Code, to read:

26228. (a) Except as provided by Section 1112 of the Labor Code, the board of supervisors of any county may contract on behalf of the sheriff of that county to provide supplemental law enforcement services to private individuals or private entities to preserve the peace at special events or occurrences that happen on an occasional

basis. Contracts entered into under the authority of this section shall provide for full reimbursement to the county of the actual costs of providing such services, as determined by the county auditor or auditor-controller.

(b) The services provided under this section shall be rendered by regularly appointed full-time peace officers, as defined in Section 830.1 of the Penal Code or as negotiated with the respective certified employee organizations.

(c) Peace officer rates of pay shall be governed by a memorandum of understanding.

(d) A contract entered into pursuant to this section shall encompass only law enforcement duties and not services authorized to be provided by a private patrol operator, as defined in Section 7521 of the Business and Professions Code.

(e) Contract law enforcement services permitted under this section shall not reduce the normal and regular on-going service that the county, or agency of the county, would otherwise provide if the county did not contract for any law enforcement services allowed by this section.

CHAPTER 954

An act to amend Section 12078 of the Penal Code, and to amend Section 25258 of the Vehicle Code, relating to peace officers.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 12078 of the Penal Code is amended to read:

12078. The preceding provisions of this article do not apply to sales of concealable firearms made to persons properly identified as full-time paid peace officers as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, provided that the peace officers are authorized by their employer to carry firearms while in the performance of their duties, nor to sales of concealable firearms made to authorized representatives of cities, cities and counties, counties, state or federal governments for use by such governmental agencies. Proper identification is defined as verifiable written certification from the head of the agency by which the purchaser is employed, identifying the purchaser as a peace officer who is authorized to carry firearms while in the performance of his or her duties, and authorizing the purchase. The certification shall be delivered to the seller at the time of purchase and the purchaser shall identify himself as the person authorized in such certification. On the day the sale is made, the dealer shall forward by prepaid mail to the Department of Justice a report of such sale and the type of

information concerning the buyer and the firearm sold as is indicated in Section 12077.

SEC. 2. Section 25258 of the Vehicle Code is amended to read:

25258. (a) An authorized emergency vehicle operating under the conditions specified in Section 21055 may display a flashing white light from a gaseous discharge lamp designed and used for the purpose of controlling official traffic control signals.

SEC. 5. It is the intent of the Legislature that sufficient funds be appropriated in the Budget Act of 1983 to reimburse the federal government, pursuant to Section 408 of P.L. 93-288, for 25 percent of the amount of financial assistance provided under the Individual and Family Grant Program.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the needed disaster relief afforded by this act may be rendered at the earliest possible time, it is necessary that this act take effect immediately.

(b) "Relevant" means having a tendency to make the existence of any fact that is of consequence to the investigation or determination of an issue more probable or less probable than it would be without the information.

(c) Information shall be deemed important if, within the sole discretion of the authorized governmental agency, that information is requested by that authorized governmental agency.

10903. (a) Upon written request to an insurer by an authorized governmental agency, an insurer, or agent authorized by that insurer to act on behalf of the insurer, shall release to the requesting authorized governmental agency any or all relevant information deemed important to the authorized governmental agency which the insurer may possess relating to any specific motor vehicle theft or motor vehicle insurance fraud. Relevant information may include, but is not limited to, all of the following:

(1) Insurance policy information relevant to the motor vehicle theft or motor vehicle insurance fraud under investigation, including, but not limited to, any application for a policy.

(2) Policy premium payment records which are available.

(3) History of previous claims made by the insured.

(4) Information relating to the investigation of the motor vehicle theft or motor vehicle insurance fraud, including statements of any person, proof of loss, and notice of loss.

(b) (1) When an insurer knows or reasonably believes it knows the identity of a person whom it has reason to believe committed a criminal or fraudulent act relating to a motor vehicle theft or motor vehicle insurance claim or has knowledge of such a criminal or fraudulent act which is reasonably believed not to have been reported to an authorized governmental agency, then, for the purpose of notification and investigation, the insurer, or an agent authorized by an insurer to act on its behalf, shall notify the local police department, sheriff's office, the Department of the California Highway Patrol, or district attorney's office, and may notify any other authorized governmental agency of that knowledge or reasonable belief and provide any additional information in accordance with subdivision (a).

(2) When an insurer provides the local police department, sheriff's office, the Department of the California Highway Patrol, or district attorney's office with notice pursuant to this section, it shall be deemed sufficient notice to all authorized governmental agencies for the purpose of this chapter. Nothing in this section shall relieve an insurer of its obligations under Section 12992 of the Insurance Code.

10904. (a) Any information acquired pursuant to this chapter shall not be a part of any public record. (b) The evidence or information described in this section shall be privileged and shall not be subject to subpoena or subpoena duces tecum in a civil or criminal proceeding unless, after reasonable notice to any insurer, agent authorized by an insurer to act on its behalf, and authorized governmental agency which has an interest in the information, and a hearing, the court determines that the public interest and any ongoing investigation by the authorized governmental agency, insurer, or an agent authorized by an insurer to act on its behalf will not be jeopardized by its disclosure, or by the issuance of and compliance with a subpoena or subpoena duces tecum.

10905. In the absence of fraud or malice, no insurer, or agent authorized by an insurer to act on behalf of the insurer, and no authorized governmental agency or its respective employees, shall be subject to any civil liability in a cause of action of any kind for releasing or receiving any information pursuant to Section 10903 or 10904. SEC. 3. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

10501. (a) It is unlawful for any person to make or file a false or fraudulent report of theft of a vehicle required to be registered under this code with any law enforcement agency with intent to deceive.

(b) If a person has been previously convicted of a violation of subdivision (a), he or she is punishable by imprisonment in the state prison for 16 months, or two or three years, or in a county jail for not to exceed one year.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 959

An act to add and repeal Section 37227.6 of the Education Code, relating to educational observances.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

SECTION 1. Section 37227.6 is added to the Education Code, to read:

37227.6. The Tuesday in the week designated by the Legislature or by the Governor as Public Schools Week is designated and set apart as the Day of the Teacher. The third Tuesday in April is designated and set apart as the Day of the Teacher in the event that a Public Schools Week is not designated.

All public schools and educational institutions shall observe this day with suitable exercises commemorating and directing attention to teachers and the teaching profession. The exercises required by this section shall be integrated into the regular school program and shall be conducted by the school or institution within the amount otherwise budgeted for educational programs.

This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1989, deletes or extends that date.

SEC. 2. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 960

An act to amend and repeal Section 14026.5 of the Welfare and Institutions Code, and to repeal Section 3 of Chapter 1008 of the Statutes of 1980, relating to Medi-Cal.

(b) Nothing in this section shall be construed to mean that it is the exclusive method for conducting investigations for Medi-Cal fraud or for violations of the Medical Practice Act as set forth at Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code.

(c) A magistrate may issue an order for the issuance of Medi-Cal cards to peace officers upon a showing of reasonable suspicion that the person being investigated has committed or is committing Medi-Cal fraud or a violation of the Medical Practice Act as set forth at Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code. As used in this section, "reasonable suspicion" means that the peace officer subjectively entertains such a suspicion and that it is objectively reasonable for him to do so. The facts must be those which would cause any reasonable peace officer in a like position, drawing when appropriate on his training and experience, to suspect the same criminal activity and the same involvement by the person in question. A showing of reasonable suspicion may be made either by written statement under penalty of perjury or by oral statement taken under oath, recorded and transcribed.

(d) The State Department of Health Services shall report to the Legislature every six months commencing June 1, 1981, on the utilization of Medi-Cal cards issued pursuant to this section. The report shall include, among other matters, a description of the types of criminal investigations conducted pursuant thereto.

This section shall remain in effect only until January 1, 1987, and on that date is repealed unless the Legislature enacts a statute which is chaptered before that date to delete or extend the date.

SEC. 2. Section 3 of Chapter 1008 of the Statutes of 1980 is

repealed.

In counties with a population of 5,000,000 or more, the adoption of an ordinance or resolution pursuant to Section 31691 shall remain in effect for any member heretofore or hereafter retired for as long as the board of supervisors or governing body provides similar types of benefits to any active member in current county service.

SEC. 2. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 3. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. The people of the State of California do enact as follows:

SECTION 1. Section 1170.8 is added to the Penal Code, to read:

1170.8. In the case of any person convicted of a felony who would otherwise be sentenced to state prison the court shall consider whether the defendant was a member of the military forces of the United States who served in combat in Vietnam and who suffers from substance abuse or psychological problems resulting from that service. If the court concludes that the defendant is such a person, the court may order the defendant committed to the custody of federal correctional officials for incarceration for a term equivalent to that which the defendant would have served in state prison. The court is authorized to make such a commitment only if the defendant agrees to such a commitment, the court has determined that appropriate federal programs exist, and federal law authorizes the receipt of the defendant under such conditions.

SEC. 2. The Department of Corrections may enter into

cooperative arrangements with the Veterans Administration Vet Centers, the California Department of Veterans Affairs, the Department of Alcohol and Drug Programs and programs under its jurisdiction, and community-based veterans' organizations for the purposes of providing appropriate counseling and treatment for those defendants who are veterans specified in Section 1170.8 of the Penal Code.

CHAPTER 965

An act to amend Section 554 of the Penal Code, relating to trespass.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 554 of the Penal Code is amended to read:

554. Any property, except that portion of such property to which the general public is accorded access, may be posted against trespassing and loitering in the manner provided in Section 554.1, and thereby become posted property subject to the provisions of this article applicable to posted property, if such property consists of, or is used, or is designed to be used, for any one or more of the following:

(a) An oil well, oilfield, tank farm, refinery, compressor plant, absorption plant, bulk plant, marine terminal, pipeline, pipeline pumping station, or reservoir, or any other plant, structure, or works, used for the production, extraction, treatment, handling, storage, or transportation, of oil, gas, gasoline, petroleum, or any product or products thereof.

(b) A gas plant, gas storage station, gas meter, gas valve, or regulator station, gas odorant station, gas pipeline, or appurtenances, or any other property used in the transmission or distribution of gas.

dynamite, black blasting powder, gunpowder, or other explosives.

(g) A railroad right-of-way, railroad bridge, railroad tunnel, railroad shop, railroad yard, or other railroad facility.

(h) A plant and facility for the collection, pumping, transmission, treatment, outfall, and disposal of sanitary sewerage or storm and waste water, including a water pollution or quality control facility.

(i) A quarry used for the purpose of extracting surface or subsurface material or where explosives are stored or used for that purpose.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 966

An act to amend, repeal and add Section 987.8 of the Penal Code, relating to legal assistance.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 987.8 of the Penal Code is repealed.

SEC. 2. Section 987.8 is added to the Penal Code, to read:

987.8. (a) In any case in which a defendant is provided legal assistance, either through the public defender or private counsel appointed by the court, upon conclusion of the criminal proceedings in the trial court, or upon the withdrawal of the public defender or appointed private counsel, the court may, after notice and a hearing, make a determination of the present ability of the defendant to pay all or a portion of the cost thereof. The court may, in its discretion, hold one additional hearing within six months of the conclusion of the criminal proceedings. The court may, in its discretion, order the defendant to appear before a county officer designated by the court to make an inquiry into the ability of the defendant to pay all or a portion of the legal assistance provided.

(b) In any case in which the defendant hires counsel replacing a publicly provided attorney; in which the public defender or appointed counsel was required by the court to proceed with the case after a determination by the public defender that the defendant was not indigent; or, in which the defendant, at the conclusion of the case, appears to have sufficient assets to repay, without undue

hardship, all or a portion of the cost of the legal assistance provided to him or her, by monthly installments or otherwise; the court shall make a determination of the defendant's ability to pay as provided in subdivision (a), and may, in its discretion, make other orders as provided in that subdivision.

The provisions of this subdivision shall be operative in a county only upon the adoption of a resolution by the board of supervisors to that effect.

(c) If the defendant, after having been ordered to appear before a county officer, has been given proper notice and fails to appear before a county officer within 20 working days, the county officer shall recommend to the court that the full cost of the legal assistance shall be ordered to be paid by the defendant. The notice to the defendant shall contain (1) a statement of the cost of the legal assistance provided to the defendant as determined by the court; (2) the defendant's procedural rights under this section; (3) the time limit within which the defendant's response is required; and (4) a warning that if the defendant fails to appear before the designated officer, the officer will recommend that the court order the defendant to pay the full cost of the legal assistance provided to him or her.

(d) At a hearing, the defendant shall be entitled to, but shall not be limited to, all of the following rights:

(1) The right to be heard in person.

(2) The right to present witnesses and other documentary evidence.

(3) The right to confront and cross-examine adverse witnesses.

(4) The right to have the evidence against him or her disclosed to him or her.

(5) The right to a written statement of the findings of the court.

If the court determines that the defendant has the present ability to pay all or a part of the cost, the court shall set the amount to be reimbursed and order the defendant to pay the sum to the county in the manner in which the court believes reasonable and compatible with the defendant's financial ability. Failure of a defendant who is not in custody to appear after due notice is a sufficient basis for an order directing the defendant to pay the full cost of the legal assistance determined by the court. Executions may be issued on the order in the same manner as on a judgment in a civil action. The order to pay all or a part of the costs shall not be enforced by contempt.

Any order entered under this subdivision is subject to relief under the provisions of Section 473 of the Code of Civil Procedure.

(e) Prior to the furnishing of counsel or legal assistance by the court, the court shall give notice to the defendant that the court may, after a hearing, make a determination of the present ability of the defendant to pay all or a portion of the cost of counsel. The court shall also give notice that, if the court determines that the defendant has the present ability, the court shall order him or her to pay all or a part

of the cost. The notice shall inform the defendant that the order shall have the same force and effect as a judgment in a civil action and shall be subject to execution.

(f) As used in this section:

(1) "Legal assistance" means legal counsel and supportive services including, but not limited to, medical and psychiatric examinations, investigative services, expert testimony and any other form of services provided to assist the defendant in the preparation and presentation of the defendant's case.

(2) "Ability to pay" means the overall capability of the defendant to reimburse the costs, or a portion of the costs, of the legal assistance provided to him or her, and shall include, but not be limited to, all of the following:

(A) The defendant's present financial position.

(B) The defendant's reasonably discernible future financial position. In no event shall the court consider a period of more than six months from the date of the hearing for purposes of determining the defendant's reasonably discernible future financial position. Unless the court finds unusual circumstances, a defendant sentenced to state prison shall be determined not to have a reasonably discernible future financial ability to reimburse the costs of his or her defense.

(C) The likelihood that the defendant shall be able to obtain employment within a six-month period from the date of the hearing.

(D) Any other factor which may bear upon the defendant's financial capability to reimburse the county for the costs of the legal assistance provided to the defendant.

(g) At any time during the pendency of the judgment rendered according to the terms of this section, a defendant against whom a judgment has been rendered may petition the rendering court to modify or vacate its previous judgment on the grounds of a change in circumstances with regard to the defendant's ability to pay the judgment. The court shall advise the defendant of this right at the time it renders the judgment.

(h) The provisions of this section shall apply to all proceedings, including contempt proceedings, in which the party is represented by a public defender or appointed counsel.

SEC. 3. Section 987.8 as added to the Penal Code by Section 2 of this act is amended to read:

987.8. (a) In any case in which a defendant is provided legal assistance, either through the public defender or private counsel appointed by the court, upon conclusion of the criminal proceedings in the trial court, or upon the withdrawal of the public defender or appointed private counsel, the court may, after notice and a hearing, make a determination of the present ability of the defendant to pay all or a portion of the cost thereof. The court may, in its discretion, hold one such additional hearing within six months of the conclusion of the criminal proceedings. The court may, in its discretion, order the defendant to appear before a county officer designated by the

court to make an inquiry into the ability of the defendant to pay all or a portion of the legal assistance provided.

(b) In any case in which the defendant hires counsel replacing a publicly provided attorney; in which the public defender or appointed counsel was required by the court to proceed with the case after a determination by the public defender that the defendant is not indigent; or, in which the defendant, at the conclusion of the case, appears to have sufficient assets to repay, without undue hardship, all or a portion of the cost of the legal assistance provided to him or her, by monthly installments or otherwise; the court shall make a determination of the defendant's ability to pay as provided in subdivision (a), and may, in its discretion, make other orders as provided in that subdivision.

The provisions of this subdivision shall be operative in a county only upon the adoption of a resolution by the board of supervisors to that effect.

(c) If the defendant, after having been ordered to appear before a county officer, has been given proper notice and fails to appear before a county officer within 20 working days, the county officer shall recommend to the court that the full cost of the legal assistance shall be ordered to be paid by the defendant. The notice to the defendant shall contain (1) a statement of the cost of the legal assistance provided to the defendant as determined by the court; (2) the defendant's procedural rights under this section; (3) the time limit within which the defendant's response is required; and (4) a warning that if the defendant fails to appear before the designated officer, the officer will recommend that the court order the defendant to pay the full cost of the legal assistance provided to him or her.

(d) At a hearing, the defendant shall be entitled to, but shall not be limited to, all of the following rights:

(1) The right to be heard in person.

(2) The right to present witnesses and other documentary evidence.

(3) The right to confront and cross-examine adverse witnesses.

(4) The right to have the evidence against him or her disclosed to him or her.

(5) The right to a written statement of the findings of the court.

If the court determines that the defendant has the present ability to pay all or a part of the cost, the court shall set the amount to be reimbursed and order the defendant to pay the sum to the county in the manner in which the court believes reasonable and compatible with the defendant's financial ability. Failure of a defendant who is not in custody to appear after due notice is a sufficient basis for an order directing the defendant to pay the full cost of the legal assistance determined by the court. The order to pay all or a part of the costs may be enforced in the manner provided for enforcement of money judgments generally but may not be enforced by contempt.

Any order entered under this subdivision is subject to relief under the provisions of Section 473 of the Code of Civil Procedure.

(e) Prior to the furnishing of counsel or legal assistance by the court, the court shall give notice to the defendant that the court may, after a hearing, make a determination of the present ability of the defendant to pay all or a portion of the cost of counsel. The court shall also give notice that, if the court determines that the defendant has the present ability, the court shall order him or her to pay all or a part of the cost. The notice shall inform the defendant that the order shall have the same force and effect as a judgment in a civil action and shall be subject to enforcement against the property of the defendant in the same manner as any other money judgment.

(f) As used in this section:

(1) "Legal assistance" means legal counsel and supportive services including, but not limited to, medical and psychiatric examinations, investigative services, expert testimony and any other form of services provided to assist the defendant in the preparation and presentation of the defendant's case.

(2) "Ability to pay" means the overall capability of the defendant to reimburse the costs, or a portion of the costs, of the legal assistance provided to him or her, and shall include, but not be limited to, all of the following:

(A) The defendant's present financial position.

(B) The defendant's reasonably discernible future financial position. In no event shall the court consider a period of more than six months from the date of the hearing for purposes of determining the defendant's reasonably discernible future financial position. Unless the court finds unusual circumstances, a defendant sentenced to state prison shall be determined not to have a reasonably discernible future financial ability to reimburse the costs of his or her defense.

(C) The likelihood that the defendant shall be able to obtain employment within a six-month period from the date of the hearing.

(D) Any other factor or factors which may bear upon the defendant's financial capability to reimburse the county for the costs of the legal assistance provided to the defendant.

(g) At any time during the pendency of the judgment rendered according to the terms of this section, a defendant against whom a judgment has been rendered may petition the rendering court to modify or vacate its previous judgment on the grounds of a change in circumstances with regard to the defendant's ability to pay the judgment. The court shall advise the defendant of this right at the time it renders the judgment.

(h) The provisions of this section shall apply to all proceedings, including contempt proceedings, in which the party is represented by a public defender or appointed counsel.

SEC. 4. It is the intent of the Legislature, if this bill and Assembly Bill 707 are both chaptered and become effective on or before January 1, 1982, that Section 987.8 as added to the Penal Code by

Section 2 of this act shall remain operative until the operative date of Assembly Bill 707, and that on the operative date of Assembly Bill 707, Section 987.8 as added to the Penal Code by Section 2 of this act shall be amended in the form set forth in Section 3 of this act. Therefore, if this bill and Assembly Bill 707 are both chaptered and become effective on or before January 1, 1982, Section 3 of this act shall become operative on the operative date of Assembly Bill 707.

CHAPTER 967

An act to amend Sections 1194.8 and 1210 of the Insurance Code, relating to insurance.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 1194.8 of the Insurance Code is amended to read:

1194.8. (a) Excess fund investments may be made by any admitted insurer in real estate and leases thereof and in making improvements thereon for business or residential purposes as an investment for the production of income. The phrase "business or residential purposes" shall not include real estate or leases primarily intended for use or valued as agricultural, horticultural, farm, ranch or mineral property. Any such investment may be made by admitted insurers having admitted assets aggregating in value not less than twenty-five million dollars ($25,000,000).

Admitted insurers, other than life, title, mortgage and mortgage guaranty insurers, having admitted assets aggregating in value less than twenty-five million dollars ($25,000,000) but not less than ten million dollars ($10,000,000) may also qualify to make such investments for a period of 12 months with the prior approval of the commissioner. Real estate and leases acquired and improvements made thereon under this section shall not exceed in the aggregate an amount equal to 10 percent of the insurer's admitted assets. Real estate and leases acquired under this section shall be in addition to that which is authorized to be acquired under the provisions of paragraphs (a) to (h), inclusive, of Section 1150. Except upon the prior approval in writing of the commissioner, an investment may not be made under the authority of this section if at the time of the making of such investment it would result in the insurer then owning real estate and leases thereof, other than of the kind and for the purposes described in paragraphs (a), (b) and (f) of Section 1150, in an amount exceeding 10 percent of the insurer's admitted assets. Any investment in a single parcel of real estate or in a single leasehold including improvements thereon made under the authority of this

section shall not be made in an amount in excess of 1 percent of the insurer's admitted assets or 10 percent of the aggregate of the insurer's capital paid-up and unassigned surplus, whichever amount is larger. A lease eligible for purchase hereunder shall be for a term which at the date of purchase shall not expire for at least 24 years. Percentage or dollar value of assets and capital paid-up and unassigned surplus as provided herein shall be determined by the insurer's last preceding annual statement of conditions and affairs made as of the December 31st last preceding and which has been filed with the commissioner pursuant to law.

(b) In computing the value of real estate held by any admitted insurer for the purpose of complying with the asset standards or percentage of asset standards, the insurer shall add the net equity of such real estate owned by the insured to the amount of encumbrances and liens against the property for which the insurer could be held liable for any deficiency in the event of foreclosure or other action to realize the value of such liens. "Net equity" as used in this section means book value less the value of liens and encumbrances.

SEC. 2. Section 1210 of the Insurance Code is amended to read:

1210. Any admitted insurer, after investing an amount equal to its required minimum paid-in capital in securities specified in Article 3 (commencing with Section 1170) of this chapter, may make such investments as it may see fit in the purchase of, or loans upon, properties and securities other than or in addition to or in excess of those set forth in Articles 2 (commencing with Section 1150), 2.5 (commencing with Section 1160.1), 3 (commencing with Section 1170) and 4 (commencing with Section 1190) of this chapter. Investments under this section shall not exceed in the aggregate the lesser of (a) or (b) as follows:

(a) Five percent of the insurer's admitted assets or

(b) Fifty percent of the excess of admitted assets over the sum of capital paid-up, liabilities and the surplus required by subdivision (a) of Section 700.02. Percentage or dollar value of admitted assets and capital paid-up and liabilities shall be determined by the insurer's last preceding annual statement of conditions and affairs made as of December 31st last preceding and which has been filed with the commissioner pursuant to law. Such investments shall be subject to the provisions of Sections 1153.5, 1154, 1200, 1201, and 1202 as if they were excess funds investments. This section shall apply to an insurer other than life only if such insurer has aggregate capital and surplus of at least ten million dollars ($10,000,000).

An investment originally made by an insurer pursuant to this section which subsequently meets the requirements of an investment contained in Article 2 (commencing with Section 1150), Article 2.5 (commencing with Section 1160.1), Article 3 (commencing with Section 1170) or Article 4 (commencing with Section 1190) may, at the election of such insurer, be considered to be held pursuant to any provision contained in such articles.

CHAPTER 968

An act to add Article 3 (commencing with Section 2956) to Chapter 2 of Title 14 of Part 4 of Division 3 of the Civil Code, relating to real property.

[Approved by Governor September 10, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Article 3 (commencing with Section 2956) is added to Chapter 2 of Title 14 of Part 4 of Division 3 of the Civil Code, to read:

Article 3. Disclosures on Purchase Money Liens on Residential Property

2956. In a transaction for the purchase of a dwelling for not more than four families in which there is an arranger of credit, which purchase includes an extension of credit by the vendor, a written disclosure with respect to that credit transaction shall be made, as required by this article:

(a) To the purchaser, by the arranger of credit and the vendor (with respect to information within the knowledge of the vendor).

(b) To the vendor, by the arranger of credit and the purchaser (with respect to information within the knowledge of the purchaser).

If there is more than one arranger of credit and one of those arrangers has obtained the offer by the purchaser to purchase the property, that arranger shall make the disclosure, unless the parties designate another person in writing.

2957. The following definitions shall apply for the purposes of this article:

(a) "Arranger of credit" means:

(1) A person, other than a party to the credit transaction (except as provided in paragraph (2)), who is involved in developing or negotiating credit terms, participates in the completion of the credit documents, and directly or indirectly receives compensation for arrangement of the credit or from any transaction or transfer of the real property which is facilitated by that extension of credit. As used in this paragraph, "arranger of credit" does not apply to an attorney who is representing one of the parties to the credit transaction.

(2) A party to the transaction who is either a real estate licensee, licensed under provisions of Part 1 (commencing with Section 10000) of Division 4 of the Business and Professions Code, or an attorney licensed under Chapter 4 (commencing with Section 6000) of Division 3 of the Business and Professions Code.

(3) An arranger of credit does not include a person acting in the

capacity as an escrow in the transaction.

(b) "Credit" means the right granted by a vendor to a purchaser to purchase property and to defer payment therefore.

The credit involved must be subject to a finance charge or payable by written agreement in more than four installments, whether providing for payment of principal and interest, or interest only, not including a down payment.

(c) "Credit documents" are those documents which contain the binding credit terms, and include a note or a contract of sale if the contract spells out terms upon which a vendor agrees to provide financing for a purchaser.

(d) "Purchase" includes acquisition of equitable title by a real property sales contract as defined in Section 2985, or lease with an option to purchase, where the facts demonstrate intent to transfer equitable title.

(e) "Security documents" include a mortgage, deed of trust, real property sales contract as defined in Section 2985, or lease with an option to purchase, where the facts demonstrate an intent to transfer equitable title.

(f) "Balloon payment note" means a note under which the purchaser is obligated to pay at maturity a balloon payment which is a scheduled payment which is more than twice the amount of the smallest regularly scheduled payment.

(g) "All inclusive trust deed" is an instrument which secures indebtedness owed by the trustor to the beneficiary, which indebtedness includes a debt or debts owed by that beneficiary to the beneficiary of another security document secured by the same property which is senior in priority.

2958. A disclosure is not required under this article, to a purchaser when that purchaser is entitled to receive, a disclosure pursuant to the Federal Truth-In-Lending Act (15 U.S. Code 1604, as amended), the Real Estate Settlement Procedures Act (12 U.S. Code 2601, as amended), or Section 10240 of the Business and Professions Code; or to a vendor if the vendor is entitled to receive, a disclosure pursuant to Sections 10232.4 and 10232.5 of the Business and Professions Code, or disclosure pursuant to a qualification under Section 25110 of the Corporations Code or disclosure pursuant to regulations of the Department of Corporations granting an exemption from Section 25110 of the Corporations Code.

2959. The disclosures required by this article shall be made as soon as practicable, but before execution of any note or security documents. If any disclosure is made after the execution of credit documents by the purchaser, such documents shall be contingent on the purchaser's approval of the disclosures prior to execution of the security documents. The disclosure statement shall be receipted for by the purchaser and the vendor. The disclosure shall be signed by the arranger of credit and a copy shall be delivered respectively to the purchaser and the vendor and the arranger shall retain a true copy of the executed statements for three years.

The provisions of this section do not apply to the disclosures required by Section 2966.

2960. If information disclosed in accordance with this article is subsequently rendered inaccurate as a result of any act, occurrence, or agreement between the parties to the transaction subsequent to the delivery of the required disclosures, the inaccuracy resulting therefrom shall not constitute a violation of this article. If, at the time disclosure is to be made, an item of information required to be disclosed is unknown or not available to the vendor, purchaser, or arranger of credit, and the arranger of credit has made a reasonable effort to ascertain it, the disclosure may employ an approximation of the information, provided the approximation is clearly identified as such, is reasonable, is based on the best information available to the arranger, and is not used for the purpose of circumventing or evading the provisions of this article.

2961. Every disclosure required by this article and every act which is to be performed in making that disclosure shall be made in good faith. For the purposes of this article, "good faith" means honesty in fact in the conduct of the transaction.

2962. Any disclosure made pursuant to this article may be amended in writing by the person making the disclosure, provided that any amendment shall be subject to the provisions of Section 2959.

2963. The disclosures required to both purchaser and vendor by this article are:

(a) An identification of the note or other credit documents or security documents and of the property which is the security for the transaction.

(b) A description of the terms of the promissory note or other credit documents or a copy of the note or other credit documents.

(c) Insofar as available, the principal terms and conditions of each recorded encumbrance which constitutes a lien upon the property which is or will be senior to the financing being arranged, including the original balance, the current balance, the periodic payment, any ballon payment, the interest rate (and any provisions with respect to variations in the interest rate), the maturity date, and whether or not there is any current default in payment on that encumbrance.

(d) A warning that, if refinancing would be required as a result of lack of full amortization under the terms of any existing or proposed loans, such refinancing might be difficult or impossible in the conventional mortgage marketplace.

(e) If negative amortization is possible as a result of any variable or adjustable rate financing being arranged, a clear disclosure of this fact and an explanation of its potential effect.

(f) In the event that the financing involves an all inclusive trust deed, the disclosure shall indicate whether the contract documents specify who is liable for payment or responsible for defense in the case of an attempted acceleration by a lender under a prior encumbrance, and whether or not the contract documents specify

the responsibilities and rights of the parties in the event of a loan prepayment respecting a prior encumbrance which may result in a requirement for refinancing, a prepayment penalty, or a prepayment discount and, if such specification occurs, a recital of the provisions which apply.

(g) If the financing being arranged or any of the financing represented by a prior encumbrance could result in a balloon payment, or in a right in the lender under such financing to require a prepayment of the principal balance at or after a stipulated date, a disclosure of the date and amount of any balloon payment or the amount which would be due upon any prior call, and a statement that there is no assurance that new financing or loan extension will be available at the time of such occurrence.

(h) If the financing being arranged involves an all inclusive trust deed or real property sales contract, a disclosure of the party to whom payments will be made and who will be responsible for remitting these funds to payees under prior encumbrances and vendors under this transaction and a warning that, if that person is not a neutral third party, the parties may wish to agree to have a neutral third party designated for these purposes.

(i) A disclosure on the identity, occupation, employment, income, and credit data about the prospective purchaser, as represented to the arranger by the prospective purchaser; or, specifically, that no representation as to the credit-worthiness of the specific prospective purchaser is made by the arranger. A warning should also be expressed that Section 580b of the Code of Civil Procedure may limit any recovery by the vendor to the net proceeds of the sale of the security property in the event of foreclosure.

(j) A statement that loss payee clauses have been added to property insurance protecting the vendor, or that instructions have been or will be directed to the escrow holder, if any, in the transaction or the appropriate insurance carriers for addition of such loss payee clauses, or a statement that, if such provisions have not been made, that the vendor should consider protecting himself or herself by securing such clauses.

(k) A statement that a request for notice of default under Section 2924b has been recorded, or that, if it has not been recorded, the vendor should consider recording a request for notice of default.

(*l*) That a policy of title insurance has been obtained or will be obtained and be furnished to the vendor and purchaser, insuring the respective interests of the vendor and purchaser, or that the vendor and purchaser individually should consider obtaining a policy of title insurance.

(m) That a tax service has been arranged to report to the vendor whether property taxes have been paid on the property, and who will be responsible for the continued retention and compensation of tax service; or that the vendor should otherwise assure for himself that the taxes on the property have been paid.

(n) A disclosure whether the security documents on the financing

being arranged have been or will be recorded pursuant to Section 27280 of the Government Code, or a statement that the security of the vendor may be subject to intervening liens or judgments which may occur after the note is executed and before any resort to security occurs if the security documents are not recorded.

(o) If the purchaser is to receive any cash from the proceeds of the transaction, a statement of that fact, the amount, the source of the funds, and the purpose of the disbursement as represented by the purchaser.

2964. The specification of items for disclosure in this article does not limit or abridge any obligation for disclosure created by any other provision of law or which may exist in order to avoid fraud, misrepresentation, or deceit in the transaction.

2965. The validity of any credit document or of any security document subject to the provisions of this article shall not be invalidated solely because of the failure of any person to comply with this article. However, any person who willfully violates any provision of this article shall be liable in the amount of actual damages suffered by the vendor or purchaser as the proximate result of the violation.

No person may be held liable in any action under this article if it is shown by a preponderance of the evidence that the violation was not intentional and resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adopted to avoid any such error.

2966. (a) In a transaction regulated by this article, which includes a balloon payment note, the holder of such note shall, not less than 60 nor more than 150 days before the balloon payment is due, deliver or mail by first-class mail to the trustor, or his or her successor in interest, at the last known address of such person a written notice, to include:

(1) A statement of the name and address of the person to whom the balloon payment is required to be paid.

(2) The date on or before which the balloon payment was or is required to be paid.

(3) The amount of the balloon payment, or if its exact amount is unknown a good faith estimate of the amount thereof, including unpaid principal, interest, and any other charges (assuming payment in full of all scheduled installments coming due between the date of the notice and the date when the balloon payment is due).

(4) A description of the trustor's right, if any, to refinance the balloon payment, including a summary of the actual terms of the refinancing or an estimate or approximation thereof, to the extent known.

(b) Failure to provide notice as required by subdivision (a) does not extinguish any obligation of payment by the trustor, except that the due date for any balloon payment shall be the date specified in the note, or 60 days from the date the delivery or mailing of the notice, or the date specified in the notice, whichever date is later. If the operation of this section acts to extend the term of any such note,

interest shall continue to accrue for the extended term at the contract rate and payments shall continue to be due at any periodic interval and on any scheduled payment schedule specified in the note and shall be credited to principal or interest under terms of the note. Default in any extended periodic payment shall be considered a default under terms of the note or security instrument.

(c) Any failure to comply with the provisions of this section shall not affect the validity of a sale in favor of a bona fide purchaser or the rights of an encumbrancer for value and without notice.

(d) Every note subject to the provisions of this section shall include the following statement:

"This note is subject to Section 2966 of the Civil Code, which provides that the holder of this note shall give written notice to the trustor, or his successor in interest, of prescribed information at least 60 and not more than 150 days before any balloon payment is due."

Failure to include this notice shall not invalidate the note.

(e) The provisions of this section shall apply to any note executed on or after July 1, 1983.

2967. Any action arising under this article may be brought within two years from the date on which the liability arises, except that where any material disclosure under this article has been materially and willfully misrepresented, the action may be brought within two years of discovery of the misrepresentation.

SEC. 2. This act shall become operative on July 1, 1983.

The owner or person in lawful possession of an offstreet parking facility, after notifying the police or sheriff's department, as the case may be, and any local authority owning or operating an offstreet parking facility, may cause the removal, from a stall or space designated for physically handicapped persons in the facility to the nearest public garage, of any vehicle not displaying one of the distinguishing placards or license plates specified in this section if

(c) As a condition to this privilege, the vehicle shall display a distinguishing license plate which shall be issued for a vehicle registered to the disabled veteran. The distinguishing license plate shall be issued without additional fees by the Department of Motor Vehicles pursuant to procedures adopted by the department.

(d) Any disabled veteran who qualifies for issuance of, and has been issued, a distinguishing license plate, may apply to the Department of Motor Vehicles for issuance of a distinguishing placard. It is the intent of the Legislature to hereby encourage the use of these distinguishing placards which, when displayed in conjunction with the distinguishing license plate, provide law enforcement officers with a more readily recognizable symbol for distinguishing vehicles qualified for the parking privilege. The placard may be used in lieu of the distinguishing license plate for

parking purposes when displayed on the driver's side dashboard of a vehicle. The placard shall be at least 6 inches by 12 inches in size, and blue in color.

[Approved by Governor September 12, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 224n of the Civil Code is amended to read:

224n. (a) The department or licensed adoption agency to which a child has been freed for adoption by either relinquishment or termination of parental rights shall be responsible for the care of the child, and shall be entitled to the exclusive custody and control of the child until either an interlocutory decree of adoption or a final decree of adoption has been granted. Any placement for temporary care, or for adoption made by the department or a licensed adoption agency, may be terminated at its discretion at any time prior to the granting of an interlocutory decree of adoption or final decree of adoption. In the event of termination of any placement for temporary care or for adoption, the child shall be returned promptly to the physical custody of the agency.

No petition may be filed to adopt a child relinquished to the department or a licensed adoption agency or a child declared free from the custody and control of either or both of his parents and

referred to the department or a licensed adoption agency for adoptive placement, except by the prospective adoptive parents with whom the child has been placed for adoption by the department or licensed adoption agency. After the petition for adoption has been filed, the department or licensed adoption agency may remove the child from the prospective adoptive parents only with the approval of the court, upon motion by the department or a licensed adoption agency after notice to the prospective adoptive parents, supported by an affidavit or affidavits stating the grounds on which removal is sought. If the department or a licensed adoption agency refuses to consent to the adoption of a child by the person or persons with whom the department or licensed adoption agency placed the child for adoption, the superior court may nevertheless decree the adoption if it finds that the refusal to consent is not in the best interest of the child.

(b) The petitioner for adoption and the department or a licensed adoption agency having exclusive custody of the child may jointly petition the court for an interlocutory decree of adoption for a child eligible for aid under the Adoption Assistance Program. The court receiving such a petition may grant an interlocutory decree of adoption, which gives the petitioner legal custody of the child, if the court finds the child to be free for adoption, and which shall become a final decree of adoption upon the expiration of not more than 12 months from entry, unless a motion to set aside this decree, or to shorten or extend the interlocutory period, has been filed with the court.

The petitioner for adoption or the department or licensed adoption agency may file a motion with the court for an order rescinding the interlocutory decree of adoption. The motion shall be supported by an affidavit stating the grounds upon which the decree should be rescinded. A copy of the motion and notice of the hearing on the motion shall be served upon the other petitioners for the interlocutory decree of adoption at least 10 days before the hearing. The court, after proof of notice and after giving the parties an opportunity to be heard on the motion, may enter an order rescinding the interlocutory decree of adoption.

An interlocutory decree of adoption shall become a final decree of adoption 12 months after entry of the interlocutory decree, unless the 12-month period is shortened or extended for good cause by the court upon motion of a party to the petition for adoption. In no event shall the extension granted exceed an additional six months.

A final decree of adoption pursuant to Section 227 may not be entered less than six months after issuance of an interlocutory decree of adoption if such an interlocutory decree has been issued pursuant to this section.

For purposes of this section, the "department" means the State Department of Social Services.

SEC. 2. Section 226 of the Civil Code is amended to read:

226. Any person desiring to adopt a child may for that purpose

petition the superior court of the county in which the petitioner resides and the clerk of the court shall immediately notify the State Department of Social Services at Sacramento in writing of the pendency of the action of any subsequent action taken, and of the date on which an interlocutory decree has become a final decree of adoption. In all cases in which consent is required, except in the case of an adoption by a stepparent where one natural or adoptive parent retains his or her custody and control of the child, unless an agency licensed by the State Department of Social Services to find homes for children and place children in homes for adoption joins in the petition for adoption, the petition shall contain an allegation that the petitioners will file promptly with the department or the county adoption agency information required by the department in the investigation of the proposed adoption. The omission of such allegation from a petition so filed shall not, however, affect the jurisdiction of the court to proceed, nor shall it have heretofore affected the jurisdiction of any court to have proceeded, upon such petition omitting such allegation, in any manner provided in this chapter or otherwise, nor shall such omission have affected or affect the validity of any decree of adoption or other order heretofore or hereafter made by any court with respect to such petition omitting such allegation.

The caption of the petition for adoption of a minor shall contain the name or names of the petitioners but shall not contain the name of the minor. The petition shall contain the sex and date of birth of the minor. The name that the minor had prior to adoption shall appear in the petition or, in the case where a licensed adoption agency joins in the petition, the name may appear in the joinder signed by the adoption agency. The decree of adoption shall contain the adopted name of the minor but shall not contain the name that the minor had prior to adoption.

SEC. 2.3. Section 10430 of the Health and Safety Code is amended to read:

10430. The clerk of the court shall complete a report upon a form provided for that purpose and forward the report to the State Registrar within five days after a decree of adoption has been entered declaring a child legally adopted by any court in the state. Such report shall be forwarded within five days after an interlocutory decree of adoption becomes a final decree of adoption, and not earlier.

(a) Who is in need of proper and effective parental care or control and has no parent or guardian, or has no parent or guardian willing to exercise or capable of exercising such care or control, or has no

parent or guardian actually exercising such care or control. No parent shall be found to be incapable of exercising proper and effective parental care or control solely because of a physical disability, including, but not limited to, a defect in the visual or auditory functions of his or her body, unless the court finds that the disability prevents the parent from exercising such care or control.

(b) Who is destitute, or who is not provided with the necessities of life, or who is not provided with a home or suitable place of abode.

(c) Who is physically dangerou to the public because of a mental or physical deficiency, disorder or abnormality.

The court shall receive in evidence the social study of the minor made by the probation officer and such other relevant and material evidence as may be offered, and in any judgment and order of disposition, shall state the social study made by the probation officer has been read and considered by the court.

(b) If the court finds that a minor is described by subdivision (e) of Section 300, the court shall conduct the dispositional proceeding described under subdivision (a) pursuant to Section 366.25.

11210. The department shall make such reports, in such form and containing such information, as the United States Department of Health and Human Services from time to time requires, and shall comply with such provisions as that department from time to time finds necessary to assure correctness and verification of such reports. Therefore, notwithstanding Section 11402 and subject to Section 15200.5, it is the intent of the Legislature that a child who is otherwise eligible for federal financial participation in the AFDC-FC payment may be eligible for aid under the provisions of this chapter when the child is placed in a public child care institution. Payment under the provisions of this section cannot exceed 30 days, except as provided in subdivision (b). This provision is effective only if and during such federal fiscal year when no restriction, as defined by the department, on federal matching for AFDC-FC payments exists. Pursuant to this section, the county shall request reimbursement at the close of the federal fiscal year. As used in this section, "public child care institution" means a nondetention facility which has been licensed in accordance with the Community Care Facilities Act, Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code, and which has a licensed capacity not exceeding 25 children.

(b) In order for the child to be eligible for AFDC-FC, the agency with responsibility for the child's placement and care must in accordance with departmental regulations:

(1) For children removed after October 1, 1983, document that it provided preplacement preventive services to the child prior to the child's placement in foster care, and document why provisions of these services were not successful in maintaining the child in his or her home, unless it is documented that these services were not provided due to:

(A) Either the voluntary relinquishment of the child by one or both parents or court action declaring a child free from the custody and control of one or both parents.

(B) The child's residence with a nonrelated legal guardian.

(2) Develop a written assessment of the reasons necessitating the child's placement in foster care and the treatment needs of the child while in foster care to be updated by the agency no less frequently than once every six months; and

SEC. 9.2. Section 11404.2 of the Welfare and Institutions Code is amended to read:

11404.2. In the case of a child who has been found by a qualified mental health professional to be severely emotionally disturbed and is in placement pursuant to subdivision (c) of Section 11401.1, the county welfare department shall be responsible for developing and shall encourage the county mental health department or a qualified mental health professional to assist in developing the written assessment and the service plan, as well as all updates to the written assessment or the service plan, which are required pursuant to subdivision (b) of Section 11404. If the county mental health department or the qualified mental health professional continues to recommend out-of-home placement for the child, then the county mental health department or a qualified mental health professional shall cooperate with the responsible agency in development of the written assessment and the service plan, as well as all updates to the written assessment and the service plan, and in arranging for the treatment services identified in the service plan.

This section shall remain in effect only until January 1, 1984, and as of that date is repealed, unless a later enacted statute deletes or extends that date.

SEC. 10. Section 11409 is added to the Welfare and Institutions Code, to read:

11450. Number of eligible needy persons in the same home	Maximum aid
1	$ 248
2	408
3	506

4	601
5	686
6	771
7	846
8	922
9	996
10 or more	1,071

If, when and during such times as the United States government increases or decreases its contributions in assistance of needy children in this state above or below the amount paid on July 1, 1972, the amounts specified in the above table shall be increased or decreased by an amount equal to such increase or decrease by the United States government, provided that no such increase or decrease shall be subject to subsequent adjustment pursuant to Section 11453.

(b) When the family does not include a needy child qualified for aid under this chapter, aid shall be paid to a pregnant mother in the amount which would otherwise be paid to one person as specified in subdivision (a) from the date of verification of pregnancy if the mother, and child if born, would have qualified for aid under this chapter.

(c) The amount of seventy dollars ($70) per month shall be paid to pregnant mothers qualified for aid under subdivisions (a) or (b) to meet special needs resulting from pregnancy if the mother, and child, if born, would have qualified for aid under this chapter. County welfare departments shall refer all recipients of aid under this subdivision to a local provider of the Women, Infants and Children program. If such payment to pregnant mothers qualified for aid under subdivision (a) is considered income under federal law in the first five months of pregnancy, payments under this subdivision shall not apply to persons eligible under subdivision (a), except for the month in which birth is anticipated and for the three-month period immediately prior to the month in which delivery is anticipated, if the mother, and the child if born, would have qualified for aid under this chapter.

(d) For children receiving AFDC-FC under the provisions of this chapter, there shall be paid, exclusive of any amount considered exempt as income, an amount of aid each month which when added to the child's income is equal to the rate specified in Section 11461, 11462, 11462.5, or 11463. In addition, the child shall be eligible for special needs, as specified in departmental regulations.

(e) (1) In addition to the amounts payable under subdivision (a) and Section 11453.1, a family shall be entitled to receive an allowance for recurring special needs not common to a majority of recipients. Such recurring special needs shall include but not be limited to special diets upon the recommendation of a physician for circumstances other than pregnancy, and unusual costs of transportation, laundry, housekeeping service, telephone, and

utilities. The recurring special needs allowance for each family per month shall not exceed that amount resulting from multiplying the sum of ten dollars ($10) by the number of recipients in the family who are eligible for assistance.

(2) A family shall also be entitled to receive an allowance for nonrecurring special needs caused by sudden and unusual circumstances beyond the control of the needy family; provided, however, that such needs shall not be taken into consideration in determining the eligibility of the family for aid.

(3) The department shall establish rules and regulations assuring the uniform application statewide of the provisions of this subdivision.

(f) Except for the purposes of Section 15200, the amounts payable to recipients pursuant to Section 11453.1 shall not constitute part of the payment schedule set forth in subdivision (a) of this section.

The amounts payable to recipients pursuant to Section 11453.1 shall not constitute income to recipients of aid under this section.

SEC. 12. Section 11460 is added to the Welfare and Institutions Code, to read:

11460. (a) It is the intent of the Legislature that foster care providers shall be paid a rate determined in accordance with Section 11461, 11462 or 11463 in return for the care and supervision of the AFDC-FC child placed with them.

(b) The department is designated the single organizational unit whose duty it shall be to administer a state system for establishing rates in the AFDC-FC program. State functions shall be performed by the department or by delegation of the department to county welfare departments.

SEC. 13. Section 11461 is added to the Welfare and Institutions Code, to read:

11461. (a) For children placed in a licensed or approved family home with a capacity of six or less, or in an approved home of a relative or nonrelated legal guardian, the rates in the following table shall be in effect, beginning July 1, 1982, subject to the availability of funds:

Age	Basic rate
0-4	$ 269
5-8	292
9-11	312
12-14	346
15-20	377

In the event sufficient funds are not available to implement these rates, the department shall determine the amounts by which county basic rates below these levels shall be raised.

(b) Effective July 1, 1983, the amounts in the above table shall be adjusted annually for cost-of-living increases or decreases in accordance with the procedures in Section 11453, subject to the

availability of funds.

(c) (1) Any county that, as of June 30, 1982, has in effect a basic rate that is at or below the levels set forth in subdivision (a) shall receive state participation in the new level.

(2) Any county that, as of June 30, 1982, has in effect a basic rate that exceeds the new levels in subdivision (a) shall receive increases in state participation of up to 70 percent of the cost-of-living increases provided in accordance with Section 11453, during the first year that such cost-of-living increases are provided. In each subsequent year, such counties shall receive increases in state participation of up to one-half of the cost-of-living increases provided in accordance with Section 11453 until cost-of-living adjustments to the new schedule eliminate the difference between the new basic rates and the state participation level.

(d) As used in this section, "specialized care rate" means an amount paid on behalf of a foster child requiring specialized care to a home listed in subdivision (a) in addition to the basic rate. The department, with the advice and assistance of the counties, shall develop and implement a ratesetting system for specialized care rates by July 1, 1984. No county shall be reimbursed for any percentage increases in specialized care payments which exceed the percentage cost-of-living increase provided in any fiscal year beginning with the 1982–83 fiscal year to persons eligible for aid under subdivision (a) of Section 11450. Existing criteria for establishing these specialized care rates shall be frozen until a new rate system for specialized care is implemented. During the interim period between July 1, 1982, and implementation, the following procedures shall apply:

(1) A child receiving foster care at the basic rate as of July 1, 1982, shall not receive care at the specialized care rate unless he or she is reclassified as needing specialized care in a home other than the one in which he or she is residing. A child shall be reclassified as needing specialized care without a change in placement only when movement would cause the child physical or emotional harm and the agency documents that the child's foster parent has the skills necessary to meet the increased needs of the child.

(2) A child receiving care at a specialized care rate as of July 1, 1982, shall continue to receive care at this rate unless the needs of the child are determined to justify the reduction or elimination of the specialized care rate or to justify additional specialized care in a home other than the one in which the child is residing. A child shall be reclassified as needing additional specialized care without a change in placement only when movement would cause the child physical or emotional harm and the child's foster parent has the skills necessary to meet the increased needs of the child.

(3) A child entering the foster care system after July 1, 1982, who requires specialized care, shall receive a rate based on the county's specialized care system.

(e) This section shall remain in effect only until December 31,

1983, and as of that date is repealed, unless a later enacted statute chaptered prior to that date extends or deletes that date.

11462. (a) For children receiving AFDC-FC under the provisions of this chapter who are placed in group homes, or public child care institutions, as defined in Section 11402.5, there shall be a rate established based on actual allowable costs.

(b) (1) As used in this section, "allowable costs" means: (A) the reasonable cost of, and the cost of providing food, clothing, shelter, daily supervision, school supplies, a child's personal incidentals, liability insurance with respect to a child, and reasonable travel to the child's home for visitation; (B) reasonable cost of administration and operation necessary to provide the items described in paragraph (A); and (C) reasonable activities performed by social workers employed by group home providers which are not otherwise allowable as daily supervision or as the costs of administration.

(2) The director, with the advice and assistance of the counties, shall have the authority to define reasonableness as he determines it to be necessary and appropriate, for paragraph (1) of this subdivision.

(3) Provided the necessary statistics are available or can be reasonably obtained, the Department of Finance shall report to the Legislature on the cost of savings of subsection (b) (1) by July 1, 1983.

(4) The services specified in subparagraph (C) of paragraph (1) of subdivision (b) will be funded to the extent any general or federal welfare fund savings result from any federal changes in the 1983 federal Budget Act, or if these savings do not materialize, from other federal funds not otherwise appropriated by the Legislature.

(c) During the 1983–84 fiscal year, the department, with the advice and assistance of the counties and the Department of Finance, shall develop and implement a plan whereby AFDC-FC payment rates shall be effectively controlled. Implementation of the rate control method shall be effective not sooner than 30 days after submission of the plan to the Chairman of the Joint Legislative Budget Committee.

(d) The 1983–84 fiscal year payments to group homes shall not exceed the 1982–83 fiscal year payments adjusted for cost of living in accordance with procedures in Section 11453, subject to the availability of funds. This limitation shall not apply to group homes which received noncost-based, scheduled rates during the 1982–83 fiscal year.

(e) The department shall perform an audit at least once every three years beginning October 1, 1982, on all group homes who received funds on behalf of children receiving assistance under the AFDC-FC program.

(b) Either is located in a different facility from current programs operated by the provider or current programs operated by the provider are discontinued in favor of a new program.

In accordance with standards which shall be developed by the department, the county in which the new facility is located shall substantiate that these criteria have been met and certify that General Fund costs shall not increase as a result of the new rate of payment. The department shall have authority to audit the county certification for final reimbursement. The new rate, if approved, shall only apply to a provider's new program and not to previously existing programs operated by that provider.

This section shall be effective for payments made on or after the effective date of the section.

SEC. 26. Section 16120.5 of the Welfare and Institutions Code is repealed.

SEC. 27. Section 16121 of the Welfare and Institutions Code is repealed.

SEC. 28. Section 16121 is added to the Welfare and Institutions Code, to read:

(b) Payment shall begin on or after the effective date of an interlocutory decree of adoption or final adoption.

(c) Children on whose behalf an aid for adoption of children agreement had been executed prior to October 1, 1982, shall continue to receive aid for adoption of children benefits in accordance with the terms of that agreement.

This aid for adoption of children agreement may be renewed, provided total benefits do not exceed five years. Prior to the end of the five-year period, if there is a continuing need, related to a chronic health condition of the child which necessitated the initial financial assistance, a parent may petition the department or the designated licensed adoption agency to continue financial assistance. The amount of financial assistance and the time period for which it may be given, shall be determined by the department or the agency but shall not exceed the age of majority of the child. Prior to the expiration of the extension period, if there is a continuing need, a parent may petition the department or the designated licensed adoption agency for a new period of termination. The department or the agency shall make its determination regarding the financial ability of the parents to meet the continuing medical needs of the child, related to the child's health condition at the time of adoption, taking into consideration community resources.

Security Act. When such funds cease to be available the maximum length for payment of the Adoption Assistance Program shall be five years except in instances in which there is a continuing need, related to a chronic health condition of the child which necessitated the initial financial assistance. In such cases, a parent may petition the department or licensed adoption agency to continue financial assistance up to age of majority.

SEC. 32. Notwithstanding the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, regulations adopted by the State Department of Social Services within 120 days of the enactment of this act in order to implement the provisions of this act shall not be subject to review and approval of the Office of Administrative Law. (1) If this bill and Assembly Bill 3040 are both chaptered and become effective on or before January 1, 1983, both bills amend Section 11400 of the Welfare and Institutions Code, but Assembly Bill 3424 is not chaptered or as chaptered does not amend that section, and this bill is chaptered after Assembly Bill 3040, the amendments proposed by Section 7 of this act, shall remain operative until the effective date of Assembly Bill 3040, and that on the effective date of Assembly Bill 3040 Section 11400 of the Welfare and Institutions Code, as amended by Section 7 of this act, be further amended in the form set forth in Section 7.1 of this act to incorporate the changes in Section 11400 proposed by Assembly Bill 3040. Therefore, if this bill and Assembly Bill 3040 are both chaptered and become effective on or before January 1, 1983, and Assembly Bill 3040 is chaptered before this bill and amends Section 11400, and Assembly Bill 3424 is not chaptered or as chaptered does not amend that section, Section 7.1 of this act shall become operative on the effective date of Assembly Bill 3040 and Sections 7.2 and 7.3 shall not become operative.

(2) If this bill and Assembly Bill 3424 are both chaptered and become effective on or before January 1, 1983, both bills amend Section 11400 of the Welfare and Institutions Code, but Assembly Bill 3040 is not chaptered or as chaptered does not amend that section, and this bill is chaptered after Assembly Bill 3424, the amendments proposed by Section 7 of this act shall remain operative until the effective date of Assembly Bill 3424, and that on the effective date

of Assembly Bill 3424 Section 11400 of the Welfare and Institutions Code, as amended by Section 7 of this act, be further amended in the form set forth in Section 7.2 of this act to incorporate the changes in Section 11400 proposed by Assembly Bill 3424. Therefore, if this bill and Assembly Bill 3424 are both chaptered and become effective on or before January 1, 1983, and Assembly Bill 3424 is chaptered before this bill and amends Section 11400, and Assembly Bill 3040 is not chaptered or as chaptered does not amend that section, Section 7.2 of this act shall become operative on the effective date of Assembly Bill 3424 and Sections 7.1 and 7.3 of this act shall not become operative.

(3) If this bill and Assembly Bill 3040 and Assembly Bill 3424 are all chaptered and become effective on or before January 1, 1983, all three bills amend Section 11400 of the Welfare and Institutions Code, and this bill is chaptered after Assembly Bill 3040 and Assembly Bill 3424, the amendments proposed by Section 7 of this act shall remain operative until the effective date of Assembly Bills 3040 and 3424, and that on the effective date of Assembly Bills 3040 and 3424, Section 11400 of the Welfare and Institutions Code, as amended by Section 7 of this act, be further amended in the form set forth in Section 7.3 of this act to incorporate the changes in Section 11400 proposed by Assembly Bills 3040 and 3424. Therefore, if this bill and Assembly Bills 3040 and 3424 are all chaptered and become effective on or before January 1, 1983, and Assembly Bills 3040 and 3424 are chaptered before this bill and amend Section 11400, Section 7.3 of this act shall become operative on the effective date of Assembly Bills 3040 and 3424 and Section 7.1 and 7.2 shall not become operative.

[Approved by Governor September 12, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 232 of the Civil Code is amended to read:

232. (a) An action may be brought for the purpose of having any child under the age of 18 years declared free from the custody and control of either or both of his parents when the child comes within any of the following descriptions:

(1) The child has been left without provision for the child's identification by his parent or parents or by others or has been left by both of his parents or his sole parent in the care and custody of another for a period of six months or by one parent in the care and custody of the other parent for a period of one year without any provision for the child's support, or without communication from the parent or parents, with the intent on the part of the parent or parents to abandon the child. The failure to provide identification, failure to provide, or failure to communicate shall be presumptive evidence of the intent to abandon. If the parent or parents have made only token efforts to support or communicate with the child, the court may declare the child abandoned by the parent or parents. In those cases in which the child has been left without provision for the child's identification and the whereabouts of the parents are unknown, a petition may be filed after the 120th day following the discovery of the child and citation by publication may be commenced. The petition may not be heard until after the 180th day following the discovery of the child.

The fact that a child is in a foster care home, licensed under Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code, shall not prevent a licensed adoption agency which is planning adoption placement for the child, from instituting, under this subdivision, an action to declare the child free from the custody and control of the child's parents. When the requesting agency is a licensed county adoption agency, the county counsel, and if there is no county counsel, the district attorney shall institute such action.

(2) Who has been cruelly treated or neglected by either or both of the child's parents, if the person has been a dependent child of the juvenile court, and the parent or parents have been deprived of the child's custody for the period of one year prior to the filing of a petition praying that the child be declared free from the custody and control of such cruel or neglectful parent or parents.

(3) Whose parent or parents suffer a disability because of the habitual use of alcohol, or any of the controlled substances specified in Schedules I to V, inclusive, of Division 10 (commencing with Section 11000) of the Health and Safety Code, except when these controlled substances are used as part of a medically prescribed plan, or are morally depraved, if the person has been a dependent child

of the juvenile court, and the parent or parents have been deprived of the child's custody because of this disability, or moral depravity, for the period of one year continuously immediately prior to the filing of the petition praying that the child be declared free from the custody and control of the parent or parents. As used in this subdivision, "disability" means any physical or mental incapacity which renders the parent or parents unable to adequately care for and control the child.

(4) Whose parent or parents are convicted of a felony, if the facts of the crime of which the parent or parents were convicted are of a nature so as to prove the unfitness of the parent or parents to have the future custody and control of the child.

(5) Whose parent or parents have been declared by a court of competent jurisdiction wherever situated to be developmentally disabled or mentally ill, if, in the state or country in which the parent or parents reside or are hospitalized, the Director of Mental Health or the Director of Developmental Services, or their equivalent, if any, and the superintendent of the hospital of which, if any, the parent or parents are inmates or patients certify that the parent or parents so declared to be developmentally disabled or mentally ill will not be capable of supporting or controlling the child in a proper manner.

(6) Whose parent or parents are, and will remain incapable of supporting or controlling the child in a proper manner because of mental deficiency or mental illness, if there is testimony to this effect from two physicians and surgeons each of whom must have been certified either by the American Board of Psychiatry and Neurology or under Section 6750 of the Welfare and Institutions Code or licensed psychologists who have a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders. If, however, the parent or parents reside in another state or in a foreign country, the testimony herein may be supplied by two physicians and surgeons who are residents of such state or foreign country, if such physicians and surgeons have been certified by a medical organization or society of that state or foreign country to practice psychiatric or neurological medicine and if the court determines that the certification requirements of such organization or society are comparable to those of the American Board of Psychiatry and Neurology, or by two licensed psychologists who have a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders and who are licensed in that state or who have statutory recognition for practice in that country.

The parent or parents shall be cited to be present at the hearing, and if the parent or parents have no attorney, the court shall appoint an attorney or attorneys to represent the parent or parents and fix the compensation to be paid by the county for such services, if the court determines the parent or parents are not financially able to

employ counsel.

(7) Who has been cared for in one or more foster homes, residential facilities licensed pursuant to Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code, or health facilities licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code, under the supervision of the juvenile court, the county welfare department or other public or private licensed child-placing agency for 12 months, provided the court finds by clear and convincing evidence that return of the child to the child's parent or parents would be detrimental to the child and that the parent or parents have failed during such period, and are likely to fail in the future, to do all of the following:

(i) Provide a home for the child.

(ii) Provide care and control for the child.

(iii) Maintain an adequate parental relationship with the child.

The court shall make a determination that reasonable services have been provided or offered to the parents or guardians which were designed to aid the parents or guardians to overcome the problems which led to the deprivation or continued loss of custody and that despite the availability of these services, return of the child to the parents or guardians would be detrimental to the child. Probation officers or social workers who provided these services shall appear at the termination proceedings.

Physical custody of the child by the parent or parents for insubstantial periods of time during the required 12-month period will not serve to interrupt the running of such period.

This subdivision shall not apply to a parent or parents who have been convicted of a felony and thereby are unable to receive reasonable services designed to aid them to overcome the problems which originally led to the deprivation of physical custody.

(b) At all termination proceedings, the court shall consider the wishes of the child and shall act in the best interests of the child.

SEC. 2. Section 232.9 of the Civil Code is amended to read:

232.9. The State Department of Social Services, a county welfare department, a licensed private or public adoption agency, a county adoption department, or a county probation department which is planning adoptive placement of a child with a licensed adoption agency, or the State Department of Social Services acting as an adoption agency in counties which are not served by a county adoption agency, may initiate an action under Section 232 to declare a child free from the custody and control of his parents. The fact that a child is in a foster care home subject to the requirements of Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code shall not prevent the institution of such an action by any such agency or by a licensed adoption agency pursuant to Section 232.

The county counsel or, if there is no county counsel, the district attorney of the county specified in Section 233 shall, in a proper case,

institute the action upon the request of any of the state or county agencies mentioned herein. The action shall be instituted pursuant to Section 232 within 30 days of the request.

If, at the time of the filing of a verified petition by any department or agency specified in this section, the child is in the custody of the petitioner, the petitioner may continue to have custody of the child pending the hearing on the petition unless the court, in its discretion, makes other orders regarding custody pending the hearing which it finds will best serve and protect the interest and welfare of the child.

SEC. 3. Section 202.5 is added to the Welfare and Institutions Code, to read:

202.5. The duties of the probation officer, as described in this chapter with respect to minors alleged or adjudged to be described by Section 300, whether or not delegated pursuant to Section 272, shall be deemed to be social service as defined by Section 10051, and subject to the administration, supervision and regulations of the State Department of Social Services.

SEC. 3.5. Section 206 of the Welfare and Institutions Code is repealed.

SEC. 3.8. Section 206 is added to the Welfare and Institutions Code, to read:

206. Persons taken into custody and persons alleged to be within the description of Section 300, or persons adjudged to be such and made dependent children of the court pursuant to this chapter solely upon that ground, shall be provided by the board of supervisors with separate facilities segregated from persons either alleged or adjudged to be wards of the court within the description of Section 601 or 602 except as provided in Section 16514 of the Welfare and Institutions Code. Separate segregated facilities may be provided in the juvenile hall or elsewhere.

The facilities required by this section shall, with regard to minors alleged or adjudged to come within subdivision (a), (b), or (d) of Section 300, be nonsecure. The facilities provided to minors alleged or adjudged to come within subdivision (c) of Section 300 shall be secure.

For the purposes of this section, the term "secure facility" means a facility which is designed and operated so as to insure that all entrances to, and exits from, the facility are under the exclusive control of the staff of the facility, whether or not the person being detained has freedom of movement within the perimeters of the facility, or which relies on locked rooms and buildings, fences, or physical restraints in order to control behavior of its residents. The term "nonsecure facility" means a facility that is not characterized by the use of physically restricting construction, hardware, and procedures and which provides its residents access to the surrounding community with minimal supervision. A facility shall not be deemed secure due solely to any of the following conditions: (1) the existence within the facility of a small room for the protection of individual residents from themselves or others; (2) the adoption

of regulations establishing reasonable hours for residents to come and go from the facility based upon a sensible and fair balance between allowing residents free access to the community and providing the staff with sufficient authority to maintain order, limit unreasonable actions by residents, and to insure that minors placed in their care do not come and go at all hours of the day and night or absent themselves at will for days at a time; and (3) staff control over ingress and egress no greater than that exercised by a prudent parent. The State Department of Social Services may adopt regulations governing the use of small rooms pursuant to this section.

No record of the detention of such a person shall be made or kept by any law enforcement agency or the Department of Justice as a record of arrest.

SEC. 4. Section 304.5 is added to the Welfare and Institutions Code, to read:

304.5. The fact that a minor is a dependent of the juvenile court pursuant to Section 300 shall not divest a superior court, pursuant to Section 4600 of the Civil Code, from hearing proceedings between two parents regarding the custody of a minor who is within the jurisdiction of the superior court. The records of any juvenile court proceeding involving a minor who is the subject of a proceeding pursuant to Section 4600 of the Civil Code may be introduced in evidence in these proceedings. These records shall be examined in camera by the judge and counsel for both sides and shall remain confidential.

SEC. 5. Section 307 of the Welfare and Institutions Code is amended to read:

307. A peace officer or probation officer who takes a minor into temporary custody under the provisions of Section 305 shall thereafter proceed as follows:

(a) The officer may release the minor.

(b) The officer may prepare in duplicate a written notice for the parent or parents of the minor to appear with the minor before the probation officer of the county in which the minor was taken into custody at a time and place specified in the notice. The notice shall also contain a concise statement of the reasons the minor was taken into custody. The officer shall deliver one copy of the notice to the minor and a parent, guardian, or responsible relative of the minor and may require the minor and the parent, guardian, or relative to sign a written promise that he or she shall appear at the time and place designated in the notice. Upon the execution of the promise to appear, the officer shall immediately release the minor. The officer shall, as soon as practicable, file one copy of the notice with the probation officer.

(c) The officer may take the minor without unnecessary delay before the probation officer of the county in which the minor was taken into custody, or in which the minor resides, or in which the acts take place or the circumstances exist which are alleged to bring the minor within the provisions of Section 300, and deliver the minor into

the custody of the probation officer.

In determining which disposition of the minor shall be made, the officer shall give preference to the alternative which least interferes with the parents' or guardians' custody of the minor if this alternative is compatible with the safety of the minor. The officer shall also consider the needs of the minor for the least restrictive environment and the protective needs of the community.

SEC. 6. Section 308 of the Welfare and Institutions Code is amended to read:

308. (a) When an officer takes a minor before a probation officer pursuant to this article, he shall take immediate steps to notify the minor's parent, guardian, or a responsible relative that such minor is in custody and the place where he is being held, except that, upon order of the juvenile court, the parents shall not be notified of the exact whereabouts of the minor. The court shall issue such order only upon a showing that notifying the parents of the exact whereabouts would endanger the child or that the parents are likely to flee with the child.

(b) Immediately after being taken to a place of confinement pursuant to this article and, except where physically impossible, no later than one hour after he has been taken into custody, the minor shall be advised and has the right to make at least two telephone calls from the place where he is being held, one call completed to his parent or guardian, a responsible relative, or his employer, and another call completed to an attorney. The calls shall be at public expense, if the calls are completed to telephone numbers within the local calling area, and in the presence of a public officer or employee. Any public officer or employee who willfully deprives a minor taken into custody of his right to make such telephone calls is guilty of a misdemeanor.

SEC. 7. Section 309 of the Welfare and Institutions Code is amended to read:

309. (a) Upon delivery to the probation officer of a minor who has been taken into temporary custody under the provisions of this article, the probation officer shall immediately investigate the circumstances of the minor and the facts surrounding the minor's being taken into custody and attempt to maintain the minor with the minor's family through the provision of services. The probation officer shall immediately release such minor to the custody of the minor's parent, guardian, or responsible relative unless one or more of the following conditions exist:

(1) The minor is in need of proper and effective parental care or control and has no parents, guardians, or responsible relative; or has no parents, guardians, or responsible relative willing to exercise this care or control; or has no parents, guardians, or responsible relative actually exercising this care or control.

(2) Continued detention of the minor is a matter of immediate and urgent necessity for the protection of the minor.

(3) The minor is physically dangerous to the public because of a

mental or physical deficiency, disorder or abnormality.

(4) The minor or his parent, guardian, or responsible relative is likely to flee the jurisdiction of the court.

(5) The minor has violated an order of the juvenile court.

(b) In any case in which there is reasonable cause for believing that a minor who is under the care of a physician or surgeon or a hospital, clinic, or other medical facility and cannot be immediately moved is a person described in subdivision (d) of Section 300, the minor shall be deemed to have been taken into temporary custody and delivered to the probation officer for the purposes of this chapter while the minor is at the office of the physician or surgeon or such medical facility.

SEC. 8. Section 311 of the Welfare and Institutions Code is amended to read:

311. (a) If the probation officer determines that the minor shall be retained in custody, he shall immediately file a petition pursuant to Section 332 with the clerk of the juvenile court who shall set the matter for hearing on the detention hearing calendar. The probation officer shall thereupon notify each parent or each guardian of the minor of the time and place of the hearing if the whereabouts of each parent or guardian can be ascertained by due diligence, and the probation officer shall serve those persons entitled to notice of the hearing under the provisions of Section 335 with a copy of the petition and notify these persons of the time and place of the detention hearing. This notice may be given orally and shall be given in this manner if it appears that the parent does not read.

(b) In the hearing the minor, parents or guardians have a privilege against self-incrimination and have a right to confrontation by, and cross-examination of, any person examined by the court as provided in Section 319.

SEC. 9. Section 319 of the Welfare and Institutions Code is amended to read:

319. At the initial petition hearing the court shall examine such minor, the minor's parents, guardians, or other persons having relevant knowledge and hear the relevant evidence as the minor, the minor's parents or guardians or their counsel desires to present.

The probation officer shall report to the court on the reasons why the minor has been removed from the parent's custody, the need, if any, for continued detention, and on the available services and the referral methods to be used which would facilitate the return of the minor to the custody of the minor's parents or guardians. The court shall order the release of such minor from custody unless it finds any of the following:

(a) There is a substantial danger to the physical health of the minor or the minor is suffering severe emotional damage, and there are no reasonable means by which the minor's physical or emotional health may be protected without removing the minor from the parents' or guardians' physical custody.

(b) The minor has violated an order of the juvenile court or has

escaped from the commitment of the juvenile court.

(c) The minor is a threat to the person or property of another or his or her parent or guardian or responsible relative is likely to flee the jurisdiction of the court.

Whenever a court orders a minor detained, the court shall state the facts on which the decision is based.

When the minor is not released from custody the court may order that such minor be placed in an emergency shelter or other suitable licensed place or a place exempt from licensure designated by the juvenile court for a period not to exceed 15 judicial days.

SEC. 10. Section 320 of the Welfare and Institutions Code is repealed.

SEC. 11. Section 321 of the Welfare and Institutions Code is amended to read:

321. When a hearing is held under the provisions of this article and no parent or guardian of such minor is present and no parent or guardian has had actual notice of the hearing, a parent or guardian of the minor may file an affidavit setting forth such facts with the clerk of the juvenile court and the clerk shall immediately set the matter for rehearing at a time within 24 hours, excluding Sundays and nonjudicial days from the filing of the affidavit. Upon the rehearing, the court shall proceed in the same manner as upon the original hearing.

If the minor, a parent or guardian or the minor's attorney or guardian ad litem, if either one or the other has been appointed by the court, requests evidence of the prima facie case, a rehearing shall be held within three judicial days to consider evidence of the prima facie case. If the prima facie case is not established, the minor shall be released from detention.

When the court ascertains that the rehearing cannot be held within three judicial days because of the unavailability of a witness, a reasonable continuance may be granted for a period not to exceed five judicial days.

SEC. 12. Section 328 of the Welfare and Institutions Code is amended to read:

328. Whenever the probation officer has cause to believe that there was or is within the county, or residing therein, a person within the provisions of Section 300, the probation officer shall immediately make such investigation as he or she deems necessary to determine whether child welfare services should be offered to the family and whether proceedings in the juvenile court shall be commenced. If the probation officer determines that it is appropriate to offer these services to the family, the probation officer shall make a referral to such services pursuant to Chapter 5 (commencing with Section 16500) of Part 4 of Division 9.

The probation officer shall interview any minor four years of age or older who is a subject of an investigation, and who is in juvenile hall or other custodial facility, or has been removed to a foster home, to ascertain the minor's view of the home environment. If

proceedings are commenced, the probation officer shall include the substance of the interview in any written report submitted at an adjudicatory hearing, or if no report is then received in evidence, the probation officer shall include the substance of the interview in the social study required by Section 358.

SEC. 13. Section 330 of the Welfare and Institutions Code is amended to read:

330. In any case in which a probation officer after investigation of an application for petition or other investigation he is authorized to make, determines that a minor is within the jurisdiction of the juvenile court or will probably soon be within such jurisdiction, the probation officer may, in lieu of filing a petition or subsequent to dismissal of a petition already filed, and with consent of the minor's parent or guardian, undertake a program of supervision of the minor, for a period not to exceed six months. Commencing on October 1, 1983, services may be extended up to an additional six months if it can be shown that the objectives of the service plan can be achieved within the extended time period. If a program of supervision is undertaken, the probation officer shall attempt to ameliorate the situation which brings the minor within, or creates the probability that the minor will be within, the jurisdiction of Section 300 by providing or arranging to contract for all appropriate child welfare services pursuant to Chapter 5 (commencing with Section 16500) of Part 4 of Division 9. No further in-home child welfare services shall be provided subsequent to these time limits. If the family has refused to cooperate with the services being provided, the probation officer may file a petition with the juvenile court pursuant to Section 332. Nothing in this section shall be construed to prevent the probation officer from filing a petition pursuant to Section 332 when otherwise authorized by law.

The program of supervision of the minor undertaken pursuant to this section may call for the minor to obtain care and treatment for the misuse of restricted dangerous drugs or addiction to narcotics from a county mental health service or other appropriate community agency.

SEC. 14. Section 341 of the Welfare and Institutions Code is amended to read:

341. Upon request of the probation officer, district attorney, the minor or the minor's parent, guardian, or custodian, or upon its own motion, the court or the clerk of the court, or an attorney, pursuant to Section 1985 of the Code of Civil Procedure shall issue subpoenas requiring attendance and testimony of witnesses and production of papers at any hearing under the provisions of this chapter. When a person attends a juvenile court hearing as a witness upon a subpoena at its discretion, the court may by an order on its minutes, direct the county auditor to draw his warrant upon the county treasurer in favor of such witness for witness fees in the amount and manner prescribed by Section 68093 of the Government Code. Such fees are county charges.

SEC. 15. Section 346 of the Welfare and Institutions Code is amended to read:

346. Unless requested by a parent or guardian and consented to or requested by the minor concerning whom the petition has been filed, the public shall not be admitted to a juvenile court hearing. The judge or referee may nevertheless admit such persons as he deems to have a direct and legitimate interest in the particular case or the work of the court.

SEC. 16. Section 352 of the Welfare and Institutions Code is amended to read:

352. (a) Upon request of counsel for the parent, minor, or petitioner, the court may continue any hearing under this chapter beyond the time limit within which the hearing is otherwise required to be held, provided that no continuation shall be granted if contrary to the interest of the minor. In considering the minor's interests, the court shall give substantial weight to a minor's need for prompt resolution of his or her custody status, the need to provide children with stable environments, and the damage to a minor of prolonged temporary placements.

(b) In any case in which the minor is represented by counsel and no objection is made to an order continuing any such hearing beyond the time limit within which the hearing is otherwise required to be held, the absence of such an objection shall be deemed a consent to the continuance.

SEC. 17. Section 355.8 of the Welfare and Institutions Code is repealed.

SEC. 18. Section 356 of the Welfare and Institutions Code is amended to read:

356. After hearing such evidence, the court shall make a finding, noted in the minutes of the court, whether or not the minor is a person described by Section 300. If it finds that the minor is not such a person, it shall order that the petition be dismissed and the minor be discharged from any detention or restriction theretofore ordered. If the court finds that the minor is such a person, it shall make and enter its findings and order accordingly and shall then proceed to hear evidence on the question of the proper disposition of the minor. Prior to making a finding required under this section, the court may continue the hearing, if necessary, to receive the social study of the probation officer, or to receive other evidence on its own motion, the motion of a parent or guardian, or minor as follows:

(a) If the minor is detained during the continuance, the continuance shall not exceed 10 judicial days.

(b) If the minor is not detained during the continuance, the continuance shall not exceed 30 days after the date of filing the petition. However, the court may, for cause, continue the hearing for an additional 15 days.

(c) The court may make such order for detention of the minor or for the minor's release from detention, during the period of the continuance, as is appropriate.

SEC. 19. Section 360 of the Welfare and Institutions Code is amended to read:

360. After receiving and considering the evidence on the proper disposition of the case, the juvenile court may enter judgment as follows:

(a) If the court finds that the minor is a person described by Section 300, it may, without adjudicating the minor a dependent child of the court, order that services be provided to keep the family together and place the minor and the minor's parent or guardian under the supervision of the probation officer for a time period consistent with Section 330.

(b) If the court finds that the minor is a person described by Section 300, it may order and adjudge the minor to be a dependent child of the court.

SEC. 20. Section 361 of the Welfare and Institutions Code is amended to read:

361. (a) In all cases wherein a minor is adjudged a dependent child of the court on the ground that the minor is a person described by Section 300, the court may limit the control to be exercised over such dependent child by any parent or guardian and shall by its order clearly and specifically set forth all such limitations. The limitations shall not exceed those necessary to protect the child.

(b) No dependent child shall be taken from the physical custody of his or her parents or guardians unless, upon the hearing, the juvenile court finds clear and convincing evidence of any of the following:

(1) There is a substantial danger to the physical health of the minor or would be if the minor was returned home, and there are no reasonable means by which the minor's physical health can be protected without removing the minor from the minor's parents' or guardians' physical custody.

(2) The parent or guardian of the minor is unwilling to have physical custody of the minor, and the parent or guardian has been notified that if the minor remains out of their physical custody for the period specified in Section 366, the minor may be declared permanently free from their custody and control under Section 232 of the Civil Code.

(3) The minor is suffering severe emotional damage, as indicated by extreme anxiety, depression, withdrawal, or untoward aggressive behavior toward self or others, and there are no reasonable means by which the minor's emotional health may be protected without removing the minor from the minor's parents' or guardians' physical custody.

(4) The minor has been sexually abused and there are no reasonable means by which the minor can be protected from further sexual abuse without removing the minor from his parent or guardian or the minor does not wish to return to his parent or guardian.

The court shall state the facts on which the decision to remove the

child is based. The court also shall inform the parent or parents of the provisions of Section 366.25 and Section 232 of the Civil Code and shall specify that their parental rights may be terminated permanently under these sections if they are not able to resume custody within 12 months.

(c) If the minor is taken from the physical custody of the minor's parents or guardians and unless the minor is placed with relatives, the minor shall be placed in foster care in the county of residence of the minor's parents or guardians in order to facilitate reunification of the family.

In the event that there are no appropriate placements available in the parents' or guardians' county, a placement may be made in an appropriate place in another county, preferably a county located adjacent to the parents' or guardians' community of residence.

Nothing in this section shall be interpreted as requiring multiple disruptions of the minor's placement corresponding to frequent changes of residence by the parents or guardians. In determining whether the minor should be moved, the probation officer will take into consideration the potential harmful effects of disrupting the placement on the minor and the parents' or guardians' reason for the move.

(d) Whenever the probation officer must change the placement of the minor and is unable to find a suitable placement within the county and must place the minor outside the county, no such placement shall be made until he or she has served written notice on the parents or guardians in the same manner as provided in Section 366 at least 14 days prior to the placement unless the child's health or well-being is endangered by delaying the action or would be endangered if prior notice were given. The notice shall state the reasons which require placement outside the county. The parents or guardians may object to the placement not later than seven days after receipt of the notice and, upon objection the court shall hold a hearing not later than five days after the objection and prior to such placement. The court shall order out-of-county placement if it finds that the minor's particular needs require placement outside the county.

(e) The juvenile court shall order the probation officer to provide child welfare services to the minor and the minor's parents or guardians for the purpose of facilitating reunification of the family within a maximum time period not to exceed 12 months. Services may be extended up to an additional six months if it can be shown that the objectives of the service plan can be achieved within the extended time period. Physical custody of the minor by the parents or guardians during the 18-month period shall not serve to interrupt the running of the period.

SEC. 21. Section 362 of the Welfare and Institutions Code is amended to read:

362. (a) When a minor is adjudged a dependent child of the court on the ground that the minor is a person described by Section

300, the court may make any and all reasonable orders for the care, supervision, custody, conduct, maintenance, and support of such minor, including medical treatment, subject to further order of the court and consistent with subdivision (e) of Section 361.

When the court orders removal pursuant to Section 361, the court shall order the care, custody, control, and conduct of such minor to be under the supervision of the probation officer who may place the minor in any of the following:

(1) The home of a relative.

(2) A suitable licensed community care facility.

(3) With a home-finding agency to be placed in a suitable licensed home or exclusive use home which has been certified by the agency as meeting licensing standards.

(b) Where the court has ordered a specific minor placed under the supervision of the probation officer and the probation officer has found that the needs of the child cannot be met in any available licensed or exempt facility, including emergency shelter, the minor may be placed in a suitable family home that has filed a license application with the State Department of Social Services, provided all the following certification conditions are met:

(1) A preplacement home visit is made by the probation officer to determine the suitability of the family home.

(2) The probation officer verifies to the licensing agency in writing that the home lacks any deficiencies which would threaten the physical health, mental health, safety, or welfare of the minor.

(3) The probation officer notifies the licensing agency of the proposed placement and determines that the foster family home applicant has filed specific license application documents prior to and after the placement of the minor. If the license is subsequently denied, the minor shall be removed from the home immediately. The denial of the license constitutes a withdrawal of the certification.

(c) When a minor is adjudged a dependent child of the court, on the ground that the minor is a person described by Section 300 and the court orders that a parent or guardian shall retain custody of such minor subject to the supervision of the probation officer, the parents or guardians may be required, and may be ordered, to participate in child welfare services or services provided by an appropriate agency designated by the court. When a minor is adjudged a dependent child of the court on the ground that the minor is a person described by subdivision (d) of Section 300 and the court orders that a parent or guardian shall retain custody of such minor subject to the supervision of the probation officer, the parents or guardians shall be required to participate in child welfare services or services provided by an appropriate agency, designated by the court.

(d) The juvenile court may direct any and all reasonable orders to the parents or guardians of the minor who is the subject of any proceedings under this chapter as the court deems necessary and proper to carry out the provisions of subdivisions (a) and (b).

SEC. 22. Section 364 of the Welfare and Institutions Code is

amended to read:

364. (a) Every hearing in which an order is made placing a minor under the supervision of the juvenile court pursuant to Section 300 and in which the minor is not removed from the physical custody of his or her parent or guardian shall be continued to a specific future date not to exceed six months after the date of the original dispositional hearing. The continued hearing shall be placed on the appearance calendar. The court shall advise all persons present of the date of the future hearings, of their rights to be present, and to be represented by counsel.

(b) At least 16 days prior to the hearing, the probation officer shall file a supplemental report with the court describing the services offered to the family and the progress made by the family in eliminating the conditions or factors requiring court supervision. The probation officer shall also make a recommendation regarding the necessity of continued supervision. A copy of this report shall be furnished to all parties at least 14 days prior to the hearing.

(c) After hearing any evidence presented by the probation officer, the parent or the minor, the court shall determine whether continued supervision is necessary. The court shall terminate its jurisdiction unless the probation department establishes by a preponderance of evidence that the conditions still exist which would justify initial assumption of jurisdiction under Section 300.

(d) If the court retains jurisdiction it shall continue the matter to a specified date, not more than six months from the time of the hearing, at which point the court shall again determine whether conditions exist which would justify initial assumption of jurisdiction under Section 300.

(e) In any case in which the court has ordered that a parent or guardian shall retain physical custody of a minor subject to supervision by a probation officer, and the probation officer subsequently receives a report of acts or circumstances which indicate that there is reasonable cause to believe that the minor is a person described in subdivision (d) of Section 300, the probation officer shall commence proceedings under this chapter. If, as a result of the proceedings required, the court finds that the minor is a person described in subdivision (d) of Section 300, the court shall remove such minor from the care, custody, and control of the minor's parent or guardian and shall commit such minor to the care, custody, and control of the probation officer pursuant to Section 362.

SEC. 23. Section 365 of the Welfare and Institutions Code is amended to read:

365. The court may require the probation officer or any other agency to render such periodic reports concerning minors committed to its care, custody, and control under the provisions of Section 362 as the court may deem necessary or desirable. The court may require that the probation officer, or any other public agency organized to provide care for needy or neglected children, shall perform such visitation and make such periodic reports to the courts

concerning minors committed under such provisions as the court may deem necessary or desirable.

SEC. 24. Section 366 of the Welfare and Institutions Code is repealed.

SEC. 25. Section 366 is added to the Welfare and Institutions Code, to read:

366. (a) The status of every dependent child in foster care shall be reviewed periodically as determined by the court but no less frequently than once every six months until the permanency planning hearing required under Section 366.25 is completed. The court shall determine the continuing necessity for and appropriateness of the placement, the extent of compliance with the case plan, and the extent of progress which has been made toward alleviating or mitigating the causes necessitating placement in foster care, and to project a likely date by which the child may be returned to the home or placed for adoption or legal guardianship.

(b) Subsequent to the permanency planning hearing periodic reviews of each child in foster care shall be conducted pursuant to the requirements of Sections 366.25 and 16503.

SEC. 26. Section 366.2 is added to the Welfare and Institutions Code, to read:

366.2. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing, of their right to be present and represented by counsel.

(b) Notice of the hearing shall be mailed by the probation officer to the same persons as in the original proceeding, to the minor's present custodian, and to counsel of record, by certified mail addressed to the last known address of the person to be notified, or shall be personally served on such persons, not earlier than 30 days nor later than 15 days preceding the date to which the hearing was continued.

(c) At least 16 days prior to the hearing the probation officer shall file a supplemental report with the court regarding the services offered to the family, the progress made, and, where relevant, the prognosis for return of the minor to the physical custody of his or her parent or guardian, and make his or her recommendation for disposition. The probation officer shall provide the parent or parents with a copy of the report, including his or her recommendation for disposition, at least 14 days before the hearing.

(d) At the review hearing, the court shall order the return of the minor to the physical custody of his or her parents or guardians unless it finds that return of the child would create a substantial risk of detriment to the physical or emotional well-being of the minor. The probation department shall have the burden of establishing such detriment. The failure of the parent or guardian to participate in any court-ordered treatment programs shall constitute prima facie evidence that return would be detrimental. In making its

determination, the court shall review the probation officer's report and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she cooperated and availed himself or herself of services provided; shall make appropriate findings; and where relevant, shall order any additional services reasonably believed to facilitate the return of the minor to the custody of his or her parent or guardian. The court shall also inform the parent or guardian that if the minor cannot be returned home by the next review hearing a proceeding pursuant to Section 232 of the Civil Code may be instituted.

SEC. 27. Section 366.25 is added to the Welfare and Institutions Code, to read:

366.25. (a) In order to provide stable, permanent homes for children, a court shall, if the minor cannot be returned home pursuant to subdivision (d) of Section 366.2, conduct a permanency planning hearing to make a determination regarding the future status of the minor no later than 12 months after the original placement and periodically, but no less frequently than once each 18 months, thereafter during the continuation of foster care. The permanency planning hearing may be combined with the six months review as provided for in Section 366.

(b) Notice of the proceeding to conduct the review shall be mailed by the probation officer to the same persons as in an original proceeding, to the minor's present custodian, and to the counsel of record, by certified mail addressed to the last known address of the person to be notified, or shall be personally served on such persons not earlier than 30 days, nor later than 15 days prior to the date the review is to be conducted.

(c) At the hearing the court shall first determine whether the minor should be returned to his or her parent or guardian, pursuant to subdivision (d) of Section 366.2. If the minor is not returned to the custody of his or her parent or guardian the court shall determine whether there is a substantial probability that the minor will be returned to the physical custody of his or her parent or guardian within six months. If the court so determines it shall set another review hearing for not more than six months, which shall be a permanency planning hearing.

(d) If the court determines that the minor cannot be returned to the physical custody of his or her parent or guardian and that there is not a substantial probability that the minor will be returned within six months, the court shall develop a permanent plan for the minor. In order to enable the minor to obtain a permanent home the court shall make the following determinations and orders:

(1) If the court finds that the minor is adoptable, according to the provisions of this article, the court shall order the county counsel, or if there is no county counsel, the district attorney, to initiate an action to declare the minor permanently free from the custody and control of his or her parents or guardians pursuant to Section 232 of the Civil Code unless the court finds that any of the following conditions exist:

(A) The parents or guardians have maintained regular visitation and contact with the minor and the minor would benefit from continuing this relationship.

(B) A minor 12 years of age or older objects to termination of parental rights.

(C) The minor's foster parents are unable to adopt the minor because of exceptional circumstances which do not include an unwillingness to accept legal responsibility for the minor, but are willing and capable of providing the minor with a stable and permanent environment and the removal of the minor from the physical custody of his or her foster parents would be seriously detrimental to the emotional well-being of the minor.

(2) If the court finds that the minor is not adoptable or that one of the conditions in subparagraph (A), (B), or (C) of paragraph (1) apply, but that one or more adults are available and eligible to become legal guardians for the minor, the court shall order the appropriate county department to initiate or facilitate guardianship proceedings, unless the minor's foster parents are unable to become legal guardians of the minor because of exceptional circumstances which do not include an unwillingness to accept legal responsibility for the minor, but are willing and capable of providing the minor with a stable and permanent environment and the removal of the minor from the physical custody of his or her foster parents would be seriously detrimental to the emotional well-being of the minor.

(3) If the court finds that the minor is not adoptable and that there is not a suitable adult available to become the legal guardian of the child, the court shall order the county welfare department or probation department to facilitate the placement of the minor in a home environment that can reasonably be expected to be stable and permanent. When the minor is in a foster home and the foster parents are willing and capable of providing a stable and permanent environment, the minor shall not be removed from the home if the removal would be seriously detrimental to the emotional well-being of the minor because the minor has substantial psychological ties to the foster parents.

(e) Notwithstanding Section 1510 of the Probate Code, the proceeding for the appointment for a guardian for a minor under this section shall be in the juvenile court. In such a case, the juvenile court shall have the power to appoint a guardian pursuant to the standards and procedures otherwise specified by the Probate Code.

(f) When an adoption of the minor has been granted, the court shall terminate its jurisdiction over the minor.

(g) Periodic reviews conducted by the court subsequent to the initial permanency planning hearing shall determine the appropriateness of the placement, the continuing appropriateness and extent of compliance with the permanent plan for the child, the extent of compliance with the case plan, and adequacy of services provided to the child.

(h) Physical custody of a minor by his or her parents or guardians

for insubstantial periods during the 12-month period prior to a permanency planning hearing shall not serve to interrupt the running of such periods.

(i) Permanency planning hearings need not be held if (1) an action under Section 232 of the Civil Code has been commenced or (2) an action to establish a legal guardianship or appoint a legal guardian under the Probate Code has been commenced.

(j) Subsequent reviews shall be conducted every six months and be conducted by an administrative review board except when the court requires a court review or a court review is requested by the minor's parents or guardian or by the minor.

SEC. 28. Section 727 of the Welfare and Institutions Code is amended to read:

727. (a) When a minor is adjudged a ward of the court on the ground that he or she is a person described by Section 601 or Section 602 the court may make any and all reasonable orders for the care, supervision, custody, conduct, maintenance, and support of such minor, including medical treatment, subject to further order of the court.

The court shall order the care, custody, and control of such minor to be under the supervision of the probation officer who may place such minor in any of the following:

(1) The home of a relative.

(2) A suitable licensed community care facility.

(3) With a home-finding agency to be placed in a suitable licensed home or exclusive use home which has been certified by the agency as meeting licensing standards.

(b) Where the court has ordered a specific minor placed under the supervision of the probation officer and the probation officer has found that the needs of the child cannot be met in any available licensed or exempt facility, including emergency shelter, the minor may be placed in a suitable family home that has filed a license application with the State Department of Social Services, provided all the following certification conditions are met:

(1) A preplacement home visit is made by the probation officer to determine the suitability of the family home.

(2) The probation officer verifies to the licensing agency in writing that the home lacks any deficiencies which would threaten the physical health, mental health, safety, or welfare of the minor.

(3) The probation officer notifies the licensing agency of the proposed placement and determines that the foster family home applicant has filed specific license application documents prior to and after the placement of the minor. If the license is subsequently denied, the minor shall be removed from the home immediately. The denial of the license constitutes a withdrawal of the certification.

When a minor has been adjudged a ward of the court on the ground that he or she is a person described in Section 601 or 602 and the court finds that notice has been given in accordance with Section 661, and when the court orders that a parent or guardian shall retain

custody of such minor subject to the supervision of the probation officer, the parent or guardian may be required to participate with such minor in a counseling program to be provided by an appropriate agency designated by the court.

(c) The juvenile court may direct any and all reasonable orders to the parents and guardians of the minor who is the subject of any proceedings under this chapter as the court deems necessary and proper to carry out the provisions of subdivisions (a) and (b).

SEC. 29. Chapter 5 (commencing with Section 10200) is added to Part 1.5 of Division 9 of the Welfare and Institutions Code, to read:

Nothing in this section shall be construed to affect any matching requirement established upon each county pursuant to Section 12306.

10201. Nothing in this chapter shall mandate a county share of more than 25 percent of actual county expenditures for each year. The county shares, as specified in Section 10200, shall be increased annually by the percentage cost-of-living increase contained in the Budget Act for county administered social services or shall be 25 percent of expenditures by the county in that year for county administered social services, whichever is less.

10202. The State Department of Social Services shall establish and maintain a plan whereby costs of county administered social services programs will be effectively controlled within the amount annually appropriated for these services. Each county shall utilize least cost services, provided that the quality of services is maintained. Allocations shall be made to each county and shall be limited by, and

determined based upon, an allocation plan developed by the State Department of Social Services and approved by the Department of Finance. In administering the plan, the State Department of Social Services shall not allocate funds to cover county cost overruns which result from county failure to meet requirements of the plan.

10203. All federal funds under Title IV-B of the Social Security Act, which are appropriated to the state shall be passed on to the counties, except for those reasonable funds needed to finance a required statewide foster care management information system. In passing on federal funds to the counties, the state shall not require counties to provide matching funds in amounts greater than the amount required of the state by the federal government.

SEC. 30. Section 12054 of the Welfare and Institutions Code is amended to read:

Failure to give this notice shall be a ground for the

dismissal of the action.

The rules adopted by the board of governors shall provide that the client's failure to request arbitration within 30 days after receipt of notice from the attorney shall be deemed a waiver of the client's right to arbitration under the provisions of this article.

(b) If an attorney, or the attorney's assignee, subject to the provisions of this article, commences an action in any court, other than a small claims court, and the dispute is one to which subdivision (a) of Section 6200 applies, the client may stay the action by serving and filing a request for arbitration in accordance with the rules established by the board of governors pursuant to subdivision (a) of Section 6200. If, prior to the client initiating arbitration proceedings under this article, the attorney files an action against the client in small claims court for recovery of a fee covered by the provisions of this article, the small claims action, including any appeal, shall not be stayed under the provisions of this section, and the matter shall not be subject to arbitration under this article while the matter is pending in small claims court or after judgment is given in that court. The request for arbitration shall be served and filed prior to the filing of an answer in the action; failure to so request arbitration prior to the filing of an answer shall be deemed a waiver of the client's right to arbitration under the provisions of this article if notice of the client's right to arbitration was given pursuant to subdivision (a).

(c) Upon filing and service of the request, unless the court finds that the matter is not an appropriate one for arbitration under the provisions of this article, the action shall be stayed until the award of the arbitrators is issued or the arbitration is otherwise terminated. The action may thereafter proceed upon application of the attorney subject to the provisions of Section 6204.

(d) A client's right to request or maintain arbitration under the provisions of this article is waived by the commencement of an action or the filing of any pleading by the client seeking judicial resolution of a fee dispute in which subdivision (a) of Section 6200 applies, or seeking affirmative relief against the attorney for damages or otherwise based upon alleged malpractice or professional misconduct.

SEC. 2. Section 6202 of the Business and Professions Code is amended to read:

6202. The provisions of Article 3 (commencing with Section 950) of Chapter 4 of Division 8 of the Evidence Code shall not prohibit the disclosure of any communication which may be relevant to a dispute in an arbitration hearing pursuant to this article or to enforce an arbitration award pursuant to Section 6203 or in connection with a trial de novo pursuant to Section 6204. The provisions of Section 2016 of the Code of Civil Procedure shall not prohibit the disclosure of any work product of the attorney which may be relevant to a dispute in the arbitration hearing or to enforce such an arbitration award or in connection with the judicial review of such award. The disclosure of any attorney-client communication or attorney's work

product, as provided in this section, shall be limited to relevant communications between the parties to the fee dispute and the work product for which the disputed fee has been demanded, and in no event shall such disclosure be deemed a waiver of the confidential character of such matters for any other purpose.

SEC. 3. Section 6203 of the Business and Professions Code is amended to read:

6203. (a) The award shall be in writing and signed by the arbitrators concurring therein. It shall include a determination of all the questions submitted to the arbitrators, the decision of which is necessary in order to determine the controversy.

(b) Unless a party to the arbitration has timely sought a trial de novo pursuant to subdivision (a) of Section 6204 and in no event before the passage of 30 days after mailing of notice of the award, an arbitration award shall become final and may be confirmed, corrected, or vacated by petition to the court in the same manner as with arbitration awards generally, as provided in Chapter 4 (commencing with Section 1285) of Title 9 of Part 3 of the Code of Civil Procedure. A court confirming, correcting, or vacating an award under this section may award to the prevailing party reasonable fees and costs including, if applicable, fees or costs on appeal, incurred in obtaining confirmation, correction, or vacation of the award. The party obtaining judgment confirming, correcting, or vacating the award shall be the prevailing party except that, without regard to consideration of who the prevailing party may be, if a party did not appear at the arbitration hearing in the manner provided by the rules adopted by the Board of Governors, that party shall not be entitled to attorney's fees or costs upon confirmation, correction, or vacation of the award.

SEC. 4. Section 6204 of the Business and Professions Code is amended to read:

6204. (a) The parties may agree in writing to be bound by the award of the arbitrators. In the absence of an agreement, either party shall be entitled to a trial de novo. The trial de novo shall be initiated by the commencement of an action in the court having jurisdiction over the amount of money in controversy within 30 days after mailing of notice of the award.

In lieu of commencing such an action, and within 30 days after the mailing of notice of the award, a party seeking a trial de novo may file a pleading to such effect in any action which has been abated pursuant to Section 6201.

(b) The party seeking a trial de novo shall be the prevailing party if that party obtains a judgment more favorable than that provided by the arbitration award, and in all other cases the other party shall be the prevailing party. The prevailing party may, in the discretion of the court, be entitled to an allowance for reasonable attorneys' fees and costs incurred in the trial de novo, which allowance shall be fixed by the court. Without regard to consideration of who the prevailing party may be, if a party does not appear at the arbitration hearing

in the manner provided by the rules adopted by the board of governors, that party shall not be entitled to attorneys' fees upon a trial de novo. In fixing the attorneys' fees, the court shall consider the award and determinations of the arbitrators, in addition to any other relevant evidence.

(c) Except as provided in this section, the award and determinations of the arbitrators shall not be admissible nor operate as collateral estoppel or res judicata in any action or proceeding.

CHAPTER 980

An act to amend Section 84890 of, to add and repeal Sections 5019.1 and 84520.5 of, and to repeal and add Section 84520 to, the Education Code, relating to community college districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 13, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 5019.1 is added to the Education Code, to read:

5019.1. Notwithstanding any other provision of law, each community college district which contains a total population figure of more than 500,000, as determined by the 1980 federal census, and which has community colleges located in more than one county, may reapportion its trustee areas so that each area is, as nearly as may be, of equal population density, and may require that trustees be elected only by the voters of that area. The reapportionment of trustee areas and any modification in election procedures shall be completed prior to the first trustee election which is conducted subsequent to January 1, 1983.

This section shall remain in effect only until January 1, 1989, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1989, deletes or extends that date.

SEC. 2. Section 84520 of the Education Code is repealed.

SEC. 3. Section 84520 is added to the Education Code, to read:

84520. (a) Pursuant to the provisions of Section 84500 and rules and regulations adopted by the board of governors, the units of average daily attendance for apportionment purposes shall be computed for courses based on the type of course, the way the course is scheduled, and the length of the course.

(b) The governing board of each community college district shall, for each of its colleges or its district, select and establish a single primary term length for credit courses that are scheduled regularly with respect to the number of days of the week and the number of hours the course meets on each scheduled day. The units of average

daily attendance of these courses scheduled coterminous with the term shall be computed by multiplying the average weekly student contact hours of enrollment as of Monday of the weeks nearest to one-fifth and three-fifths of the length of the term, unless other weeks are specified by the chancellor to incorporate past practice, by the term length multiplier, multiplied by the statewide factor established by the board of governors subject to the approval of the Department of Finance, and divided by 525. The term length multiplier for attendance accounting purposes shall be determined in accordance with regulations of the board of governors, provided that the maximum multiplier for semester length terms shall be 17.5 and the maximum multiplier for quarter length terms shall be 11.67.

(c) For credit courses scheduled to meet for five or more days, and scheduled regularly with respect to the number of hours during each scheduled day, but not scheduled coterminous with the college's primary term established pursuant to subdivision (b), the units of average daily attendance shall be computed by multiplying the average daily student contact hours of enrollment as recorded for the census days nearest to one-fifth and three-fifths of the length of the course by the number of days the course is scheduled to meet, multiplied by the statewide factor established by the board of governors subject to the approval of the Department of Finance, and divided by 525.

(d) For credit courses scheduled to meet for fewer than five days, and all credit courses scheduled irregularly with respect to the number of days of the week and the number of hours the course meets on the scheduled days, the units of average daily attendance shall be computed by dividing actual student contact hours of attendance by 525.

(e) For all open entry-open exit credit courses and for all noncredit courses otherwise eligible for state aid, the units of average daily attendance shall be computed by dividing actual student contact hours of attendance by 525.

(f) For independent study or work experience courses, one weekly student contact hour shall be counted for each unit of credit for which the student is enrolled. Units of average daily attendance shall be computed by multiplying the weekly student contact hours by the number of weeks the course is scheduled, and dividing by 525.

(g) Notwithstanding subdivision (b) and (c) of this section, the units of average daily attendance for any credit course may, at the option of the district, be computed by dividing the actual student contact hours of attendance by 525.

(h) The provisions of this section shall become operative on July 1, 1983, except that the chancellor may make this section applicable to individual districts prior to July 1, 1983, upon written request of those districts. If the chancellor grants the written request of any district to operate under this section prior to July 1, 1983, the chancellor shall file written notice of his or her action with both houses of the California Legislature.

SEC. 4. Section 84520.5 is added to the Education Code, to read:

84520.5. (a) Pursuant to the provisions of Section 84500, the units of average daily attendance for apportionment purposes of regularly enrolled students of a community college district during the academic year, as defined in Section 79001, shall be computed by multiplying the weekly student contact hours of enrollment as recorded for the census day or days each semester or quarter by statewide factors heretofore established by the board of governors, subject to review by the Department of Finance. The census day shall be Monday of each of two census weeks of five or six consecutive days of regularly scheduled classes each term or session as approved by the board of governors.

(b) For purposes of computing the units of average daily attendance for courses which do not have a regularly scheduled number of weekly student contact hours, one weekly student contact hour shall be counted for each unit of credit in which a student is enrolled during any census period. The nature, manner, and place of conducting courses and programs under this section shall be determined by the community college district pursuant to rules and regulations adopted by the board of governors.

(c) Attendance of regularly enrolled students enrolled in classes conducted in intersession schools, as distinct from summer quarters, of four weeks or more shall be counted in the computation of average daily attendance for apportionment purposes under the provisions of this section using the following formula: Multiply the sum of the weekly student contact hours of enrollment in each class during the census week of each class of the intersession schools by the number of scheduled weeks for each class; multiply the product so derived by the statewide factors established by the board of governors, subject to approval by the Department of Finance, and divide by 525. The census day shall be Monday of the second week. For classes of less than four weeks, the units of average daily attendance shall be computed by dividing the total actual class hours of attendance by 525.

(d) The board of governors shall adopt rules and regulations to implement this section.

(e) This section shall remain in effect only until July 1, 1983, and of that date is repealed, unless a later enacted statute, which is chaptered before July 1, 1983, deletes or extends that date.

SEC. 5. Section 84890 of the Education Code is amended to read:

84890. A community college district board may offer, subject to the approval of the Chancellor's office of the California Community Colleges, and in accordance with rules and regulations to be adopted by the board of governors, courses under a flexible calendar. The sum of the days in the academic year of a district operating pursuant to a flexible calendar shall be at least 175 days, and at least 160 of these days must meet or exceed the standards for counting a day prescribed by the board of governors pursuant to Section 84370 of the Education Code. Not more than 20 days during the academic year

and not more than 15 days per employee per academic year may be designated by a district for conducting staff, student, and instructional improvement activities as specified in Section 84891; and such activities shall be conducted in lieu of part of the regular classroom instruction during the designated days.

SEC. 6. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The fact constituting the necessity are:

In order to avoid substantial administrative costs which would result from legislation enacted in 1981, and to authorize specified community college districts to initiate proceedings to reapportion trustee areas at the earliest possible time, it is necessary that this act take effect immediately.

[Approved by Governor September 13, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 11512 of the Food and Agricultural Code is amended to read:

11512. Except as provided in Section 11512.5, the proceedings for all hearings pursuant to this division shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. The director shall have all of the powers which are granted in that chapter.

The following procedure shall apply to the appeal:

(a) The appeal need not be formal but it shall be in writing and signed by the appellant or his authorized agent, shall state the grounds for the appeal, and may include a request that the commissioner's suspension order be stayed pending the director's decision.

(b) Any party may, at the time of filing the appeal or within 10 days thereafter, make written application to the director to present new evidence, stating the materiality of the evidence, and the reasons why the evidence was not introduced at the hearing before the commissioner. The evidence may be allowed in the discretion of the director. Thereafter, 10 days shall be given the parties to rebut the evidence and make written application to the director to present oral or written argument. An application to present written argument shall be granted, but the director shall have discretion to grant oral argument or to grant both oral and written argument. If an application to present oral argument is granted, written notice of the time and place for oral argument shall be given each party at least 10 days before the date set therefor. SEC. 8. Section 14009 of the Food and Agricultural Code, as amended by Section 10 of Chapter 660 of the Statutes of 1979, is amended to read:

14009. The proceedings for the hearing shall be conducted in accordance with Chapter 5 (commencing with Section 11500), Part 1, Division 3, Title 2 of the

CHAPTER 983

An act to amend, repeal, and add Section 66427.4 of the Government Code, relating to subdivisions.

[Approved by Governor September 13, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 66427.4 of the Government Code is amended to read:

66427.4. At the time of filing a tentative or parcel map for a subdivision to be created from the conversion of a mobilehome park to another use, the subdivider shall also file a report on the impact of the conversion upon the displaced residents of the mobilehome park to be converted. In determining the impact of the conversion on displaced mobilehome park residents, the report shall address the availability of adequate replacement space in mobilehome parks.

The subdivider shall make a copy of the report available to each resident of the mobilehome park at least 15 days prior to the hearing on the map by the advisory agency or, if there is no advisory agency, by the legislative body.

The legislative body, or an advisory agency which is authorized by local ordinance to approve, conditionally approve, or disapprove the map, shall be required to (a) take steps to mitigate any significant adverse impact of the conversion on the ability of displaced mobilehome park residents to find adequate space in a mobilehome park by zoning for additional replacement housing, (b) find that there already exists land zoned for replacement housing or adequate

space in other mobilehome parks for those residents who will be displaced, (c) require the subdivider to take steps to mitigate any significant adverse impact of the conversion on the ability of displaced mobilehome park residents to find adequate space in a mobilehome park, or (d) make a finding, based upon substantial evidence, that mitigation pursuant to subparagraphs (a) and (c) is not feasible. Such finding shall be reviewable pursuant to Section 1094.5 of the Code of Civil Procedure. As used herein, "feasible" shall mean capable of being accomplished in a successful manner within a reasonable period of time, taking into account economic, environmental, social, and technological factors.

This section establishes a minimum standard for local regulation of conversions of mobilehome parks into other uses and shall not prevent a local agency from enacting more stringent measures.

This section shall remain in effect only until January 1, 1989, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1989, deletes or extends such date.

SEC. 2. Section 66427.4 is added to the Government Code, to read:

66427.4. At the time of filing a tentative or parcel map for a subdivision to be created from the conversion of a mobilehome park to another use, the subdivider shall also file a report on the impact of the conversion upon the displaced residents of the mobilehome park to be converted. In determining the impact of the conversion on displaced mobilehome park residents, the report shall address the availability of adequate replacement space in mobilehome parks.

The subdivider shall make a copy of the report available to each resident of the mobilehome park at least 15 days prior to the hearing on the map by the advisory agency or, if there is no advisory agency, by the legislative body.

The legislative body, or an advisory agency which is authorized by local ordinance to approve, conditionally approve, or disapprove the map, may require the subdivider to take steps to mitigate any adverse impact of the conversion on the ability of displaced mobilehome park residents to find adequate space in a mobilehome park.

This section establishes a minimum standard for local regulation of conversions of mobilehome parks into other uses and shall not prevent a local agency from enacting more stringent measures.

This section shall become operative January 1, 1989.

SEC. 3. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 984

An act to amend Section 1241 of, and to add Section 805 to, the Unemployment Insurance Code, relating to unemployment insurance.

[Approved by Governor September 13, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 805 is added to the Unemployment Insurance Code, to read:

805. (a) Any employing unit described by Section 634.5 or 801 which the department has assessed under Chapter 4 (commencing with Section 901) for unpaid employer contributions, may elect to finance its coverage in a manner provided by Section 803 effective upon the day an application under Section 801 is filed, if the employing unit meets all of the following conditions:

(1) The employing unit has filed a petition for review of a denial of a claim for refund pursuant to Section 1133 or 1180 for the entire period of the assessment.

(2) The employing unit files a written request for such an election with the director prior to a final administrative decision on the employing unit's petition described in paragraph (1).

(b) If an employing unit makes an election pursuant to subdivision (a), then it shall pay to the department the cost of benefits required by Section 803 from the date of the application for exemption. In addition, the employing unit shall pay a penalty of 10 percent of the amount of benefits paid by the department from the first day of the period for which the assessment was made to the first day of the calendar quarter during which the employing unit files its written request for an election pursuant to this section. The employing unit also shall pay interest on the benefits paid by the department at the rate of 1 percent per month, or fraction thereof, from the day benefits were paid during the period for which the assessment was made to the first day of the calendar quarter during which the employing unit files its request for an election pursuant to this section. The amounts to be paid by the employing unit under this subdivision shall be deemed a cost of benefits and billed as such by the department pursuant to Section 803.

(c) An election pursuant to this section shall not prohibit the department from assessing the employing unit in the manner described in Chapter 4 (commencing with Section 901) for unpaid contributions from the employing unit's first date of operation, as determined by the director, to the date of the election pursuant to subdivision (a).

(d) An election pursuant to this section shall not affect the right of the employing unit to a final decision on the merits of the petition

described in paragraph (1) of subdivision (a). If the employing unit prevails on the merits of its petition, it shall be granted a refund of the cost of benefits and of any penalty and interest paid pursuant to its election under this section.

(e) The election under this section shall continue in effect for not less than wo full calendar years from the effective date of the election, but no election shall be terminated before January 1 of the calendar year following the filing with the director of a written request for an election under this section.

SEC. 2. Section 1241 of the Unemployment Insurance Code is amended to read:

1241. (a) No suit or proceeding shall be maintained in any court for the recovery of any amount of contributions, interest or penalties alleged to have been erroneously or illegally assessed or collected unless a claim for refund or credit has been filed pursuant to this chapter. Within 90 days after the service of the notice of the decision of the appeals board upon an appeal, the claimant may bring an action against the director on the grounds set forth in the claim in a court of competent jurisdiction in the County of Sacramento for the recovery of the whole or any part of the amount with respect to which the claim has been denied. The director may, in writing, extend for a period of not exceeding two years the time within which such action may be instituted if written request for such extension is filed with the director within the 90-day period. Failure to bring action within the time specified constitutes a waiver of any demand against the state on account of alleged overpayments. If the appeals board fails to serve notice of its decision on the appeal within 90 days after an appeal is filed, the claimant may consider the claim denied and may bring an action against the director under this section.

(b) To the extent permitted by federal law, any entity or organization which has made a bona fide claim that it is a church or convention or association of churches, or an organization which is operated primarily for religious purposes and which is operated, supervised, controlled, or principally supported by a church or convention or association of churches, may bring suit to challenge a decision of the appeals board denying an exemption as a church or religious organization by paying the amount of the last quarter assessed immediately preceding the initial appeals board decision denying the exemption and then making a claim for refund or credit pursuant to this section.

An entity or organization shall be deemed to have made a bona fide claim that it is a church or religious entity for purposes of this section if either of the following is established:

(1) That it has been recognized as a church or religious organization by any entity of state or federal government.

(2) That the appeals board found that the department has failed to show by a preponderance of the evidence admitted at the proceedings to determine tax liability that the petitioner has not made a bona fide claim of coverage under subdivision (a) as a church

or religious entity.

(c) A petition for writ of mandate shall lie to challenge any decision denying eligibility under subdivision (b), and shall not be deemed an action proscribed by or within the meaning of Section 32 of Article XIII of the California Constitution or Section 1851. The time within which to file any claim or action under subdivision (a) shall be extended during the pendency of any action brought pursuant to this subdivision.

SEC. 3. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

CHAPTER 985

An act to amend Sections 19140.5 and 19570 of, to add Section 18801.1 to, and to add Article 4 (commencing with Section 19590) to Chapter 8 of Part 2 of Division 5 of Title 2 of, the Government Code, relating to state officers and employees.

[Approved by Governor September 13, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 18801.1 is added to the Government Code, to read:

18801.1. The Department of Personnel Administration shall designate managerial positions, as defined in subdivision (e) of Section 3513, and shall report such designations to the board annually. Any disputes as to the managerial classification or position designations may be appealed to the State Personnel Board.

SEC. 2. Section 19140.5 of the Government Code is amended to read:

19140.5. This section applies only to a permanent employee, or an employee who previously had permanent status and who, since such permanent status, has had no break in the continuity of state service due to a permanent separation.

An employee who is (a) terminated from a temporary or limited-term appointment by either the employee or the appointing power; or (b) rejected during probationary period from his former class, or a class with substantially the same or higher level of duties, responsibilities and salary; or (c) rejected during probationary period from a lower class under the same appointing power; or (d) demoted from a managerial position pursuant to Section 19590; shall be reinstated to his former position provided:

(1) He vacated a civil service position to accept another civil

service position; and

(2) He accepted the appointment without a break in the continuity of state service; and

(3) The reinstatement is requested in the manner provided by board rule within 10 working days after the effective date of such termination.

SEC. 2.5. Section 19570 of the Government Code is amended to read:

19570. As used in this article "adverse action" means dismissal, demotion, suspension, or other disciplinary action. This article shall not apply to any demotion subject to Article 4 (commencing with Section 19590).

SEC. 3. Article 4 (commencing with Section 19590) is added to Chapter 8 of Part 2 of Division 5 of Title 2 of the Government Code, to read:

Article 4. Tenure of Managerial Employees

19590. Notwithstanding the provisions of Article 3 (commencing with Section 19570), persons designated as managerial employees under Section 3513, but whose positions are not in the career executive category shall, as requested by the appointing power and approved by the board, hold their appointments subject to the following adverse action process:

(a) The employee may be demoted from a managerial position under the provisions of this section for any of the causes specified in Section 19572, but shall not be demoted for any cause constituting prohibited discrimination as set forth in Sections 19700 to 19703, inclusive.

(b) At least 20 days prior to the effective date of the demotion, the appointing power shall give the employee written notice of the proposed action setting forth the reasons for the action, the effective date of the action, the right of the employee to answer the notice orally or in writing within 10 days of receipt of notice, and the employee's appeal rights. Within 15 days after the effective date of the demotion, a copy thereof shall be filed with the board.

(c) The board, at the written request of a demoted managerial employee filed within 30 days of the employees receipt of the demotion notice, may investigate with or without a hearing the reasons for demotion. After this investigation, the board shall do either of the following:

(1) Affirm or reduce the action of the appointing power.

(2) Restore the employee to the position from which the employee was demoted. This restoration shall be done only if the board determines, after hearing, that there is no substantial evidence to support the reason or reasons for demotion, or that the demotion was made in fraud or bad faith. At the hearing the terminated managerial employee shall have the burden of proof. Subject to rebuttal by the employee, it shall be presumed that the demotion was

free from fraud and bad faith and that the statement of reasons in the notice of demotion is true.

19591. Any employee demoted pursuant to Section 19590 shall, as specified by Section 19140.5, have the right to be reinstated to his or her former civil service position.

19592. Except as provided in this article, adverse actions against managerial employees shall be subject to the provisions in Article 3 (commencing with Section 19570).

19593. This article shall not apply to tenure in managerial appointments that took effect prior to January 1, 1983, or in subsequent appointments, except that it shall apply when the provisions of this part and board rule would have required the employee to serve a new probationary period in a subsequent appointment. Where service of a new probationary period would have been discretionary on the part of the appointing power, the appointing power may either apply the provisions of this article to the new appointment, or require the employee to serve the probationary period previously prescribed for the class by the State Personnel Board, or appoint the employee with no new probationary period.

SEC. 4. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

CHAPTER 986

An act to add Chapter 6 (commencing with Section 37700) to Part 22 of the Education Code, relating to schools.

[Approved by Governor September 13, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 6 (commencing with Section 37700) is added to Part 22 of the Education Code, to read:

CHAPTER 6. FOUR-DAY SCHOOL WEEK

37700. (a) The following school districts may, independently, operate experimental programs pursuant to this chapter:

(1) The Potter Valley Community Unified School District.

(2) The French Gulch-Whiskeytown Union Elementary School District.

(b) Notwithstanding Sections 37620 and 41420, the district may, during the 1983–84, 1984–85, and 1985–86 school years, conduct an

experimental program for the operation of the schools in the district on a four-day school week, so long as the district complies with the requirements of this chapter.

37701. The district shall provide on an annual basis, while operating under the experimental program, not less than 560 hours of instructional time for kindergarten, not less than 700 hours of instructional time for grades 1, 2, and 3, and not less than 845 hours of instructional time for grades 4 to 12, inclusive. The district may exceed these minimum instructional times except that no pupil in a kindergarten shall be kept in school more than four hours in any day, exclusive of recesses. In no event shall the school day exceed eight hours, nor shall the school week be less than four days. The Legislature recognizes that these minimum amounts of instructional times for grades 1 to 12, inclusive, exceed the weekly minimum instructional time required by state law during the 1981–82 school year.

37702. Prior to conducting the experimental program, the district shall secure the approval of the governing board of the district and of any collective bargaining agents representing employees of the district.

37703. Any school site councils in the district shall be involved in the planning and evaluation of the experimental program.

37704. The district shall consider the impact of the longer schoolday on primary grade pupils, and the impact of the four-day school week on working parents who may be required to find child care services for their school age children due to the shortened school week.

37705. The district shall report annually to the Legislature and to the State Department of Education regarding the following:

(a) The impact of the experimental program on pupil achievement.

(b) The impact of the experimental program on district operating costs.

(c) The reactions of parents, pupils, and staff to the experimental program.

37705.5. From funds available to the department, the State Department of Education shall, within six months after the termination of the experimental program authorized by this chapter, submit to the Legislature an evaluation of the experimental program. The evaluation shall include comparisons between the district and a unified district, elementary school district, or high school district, depending on the type of district participating in the experimental program, of a similar geographic and socioeconomic composition, relating to student achievement, district operating costs, and other data deemed relevant by the department. The evaluation shall also include a report on the evaluations of the experimental program by the parents and staff of the district. The department shall utilize, to the extent possible, data ordinarily available to the department. The districts participating in this

evaluation shall provide other data required by the department for the purposes of the evaluation.

37706. If the district elects to conduct an experimental program as authorized by this chapter, the district shall be entitled to receive the same support, but not more support, from the State School Fund due to the average daily attendance at the schools within the district that it would have received if the district had been operating under the provisions of law relating to the 175-day school year.

37707. If the district elects to conduct an experimental program pursuant to this chapter, the reduced number of schooldays in the district shall not affect any rights of certificated or classified employees of the district with regard to classification, tenure, or notice, and shall not otherwise affect the contract rights of the employees.

SEC. 2. Due to the unique circumstances regarding scarcity of funds for schools in the Potter Valley Community Unified School District and the French Gulch-Whiskeytown Union Elementary School District, the Legislature hereby finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 3. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

CHAPTER 987

An act to amend Sections 4464, 4475.5, and 4491 of, and to add Sections 4464.5 and 4480 to, the Public Resources Code, relating to forestry, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 13, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 4464 of the Public Resources Code is amended to read:

4464. Unless the context clearly requires otherwise, the following definitions govern the construction of this chapter:

(a) "Wildland" means any land that is classified as a state responsibility area pursuant to Article 3 (commencing with Section 4125) of Chapter 1 of this part and includes any such land having a plant cover consisting principally of grasses, forbs, or shrubs that are valuable for forage. "Wildland" also means any lands that are

contiguous to lands classified as a state responsibility area if wildland fuel accumulation is such that a wildland fire occurring on these lands would pose a threat to the adjacent state responsibility area.

(b) "Wildland fuel" means any timber, brush, grass, or other flammable vegetation, living or dead, standing or down.

(c) "Wildland fire" means any uncontrolled fire burning on wildland.

(d) "Prescribed burning" or "prescribed burning operation" means the planned application and confinement of fire to wildland fuels on wildland selected in advance of such application to achieve any specific objective and any necessary follow-up activities, such as revegetation and erosion control measures.

(e) "Prescribed burn crew" means personnel and firefighting equipment of the department that are prepared to contain fire set in a prescribed burning operation and to suppress any fire that escapes during a prescribed burning operation.

(f) "Person" means any natural person, firm, association, partnership, business trust, corporation, company, or combination thereof, or any public agency other than an agency of the federal government.

SEC. 2. Section 4464.5 is added to the Public Resources Code, to read:

4464.5. The Legislature finds that, due to the absence of significant forest resources, lands in the Sutter Buttes in the County of Sutter are not likely to become eligible for classification as a state responsibility area under existing statutory criteria, but that those lands possess all other characteristics set forth in Section 4475, and substantial public benefits can be derived from prescribed burning operations on those lands. Accordingly, notwithstanding subdivision (a) of Section 4464, lands in the Sutter Buttes that have substantial accumulations of wildland fuel, the burning of which in a prescribed burning operation will achieve a combination of the purposes set forth in Section 4475, other than forest improvement, shall be deemed "wildland" for the purposes of Article 2 (commencing with Section 4475).

SEC. 3. Section 4475.5 of the Public Resources Code is amended to read:

4475.5. (a) The state may assume a proportionate share of the costs of site preparation and prescribed burning conducted pursuant to this article on wildlands other than wildlands under the jurisdiction of the federal government. The state's share of such costs shall bear the same ratio to the total costs of the operation as the public benefits bear to all public and private benefits to be derived from the prescribed burning operation, as estimated and determined by the director. In no event may the state's share of such costs exceed 90 percent of the total costs of the operation.

(b) The board shall adopt regulations establishing standards to be used by the director in determining the state's share of such costs and in determining whether, pursuant to Section 4475, the public

benefits of a prescribed burning operation will equal or exceed the foreseeable damage therefrom.

(c) The determination of public and private benefits pursuant to this section shall reflect any substantial benefit to be derived from accomplishing any of the purposes specified in Section 4475 and the prevention of degradation of air quality.

(d) All or part of such costs to be borne by the person contracting with the department may be met by the value of materials, services, or equipment furnished by that person directly, or furnished by that person pursuant to an agreement with a private consultant or contractor, or furnished by a combination of both means, that are determined by the department to be suitable for the preparation for, and the conduct of, the prescribed burning operation.

SEC. 4. Section 4480 is added to the Public Resources Code, to read:

4480. In any area of the state where there are substantially more requests for prescribed burning operations pursuant to this article than can be conducted directly by the department in a single fiscal year, the director may, with the approval of the Director of Finance, enter into an agreement with private consultants or contractors or with other public agencies for furnishing all or a part of the state's share of the responsibility for planning the operation, preparing the site, and conducting the prescribed burning. The private consultant or contractor or other public agency, and the work assignments of its employees, shall be supervised by the fire boss, as provided in subdivision (c) of Section 4476. No agreement may be entered into pursuant to this section unless the director determines that it will enable the prescribed burning operation to be conducted at a cost equal to, or less than, the cost that would otherwise be incurred by the state.

SEC. 5. Section 4491 of the Public Resources Code is amended to read:

4491. Cooperation by the department, as provided in this article, with any person desiring to use prescribed burning as a means of converting brush-covered lands into forage lands, which has as its objective prevention of high intensity wildland fires, watershed management, range improvement, vegetation management, forest improvement, wildlife habitat improvement, and maintenance of air quality, or any combination thereof, is declared to be for a public purpose.

This article shall be administered by the director or, if responsibility therefor is delegated by the director, by the chief of a county fire department in a county contracting with the department pursuant to the provisions of Section 4129.

In furtherance of the provisions of this article, the department shall provide advisory service to applicants for permits as to precautions to be taken by the applicant to prevent damage to the property of others by reason of the prescribed burning, and shall provide standby fire protection, to such extent as personnel, fire

crews, and firefighting equipment are available.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that this act may be applicable to the 1982 prescribed burning season, it is necessary that this act take effect immediately.

[Approved by Governor September 13, 1982. Filed with Secretary of State September 13, 1982.]

The people of the State of California do enact as follows:

SECTION 1. The sum of one hundred ninety thousand three hundred twenty-eight dollars and ninety-eight cents ($190,328.98) is hereby appropriated from the General Fund to the State Board of Control to pay the claims of the Secretary of the State Board of Control.

SEC. 2. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to settle claims against the state and ending a hardship to claimants as quickly as possible, it is necessary for this act to take effect immediately.

CHAPTER 990

An act to amend Section 232.3 of, and to add Section 230.6 to, the Civil Code, and to amend Section 11400 of the Welfare and Institutions Code, relating to children.

[Approved by Governor September 13, 1982. Filed with Secretary of State September 14, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 230.6 is added to the Civil Code, to read:

230.6. Notwithstanding any other provision of law, if an adult adoptee, his or her natural parent, and any living adoptive parent have each filed a written waiver of his or her rights with respect to the confidentiality of adoption records with the State Department of Social Services or any licensed adoption agency, the department or the licensed agency may arrange for contact among those persons. Neither the department nor a licensed adoption agency shall solicit, directly or indirectly, the execution of such a waiver.

The waiver authorized by this section shall be in the form that shall be prescribed by the State Department of Social Services.

SEC. 2. Section 232.3 of the Civil Code is amended to read:

The matter so set shall have precedence over all other civil matters on the date set for trial. The court may continue the proceeding as provided in subdivision (d) of Section 237.5.

(c) In order to obtain a motion for a continuance of the hearing, written notice shall be filed within two court days of the date set for the hearing, together with affidavits or declarations detailing specific facts showing that a continuance is necessary, unless the court for good cause entertains an oral motion for continuance. Continuances shall be granted only upon a showing of good cause. Neither a stipulation between counsel nor the convenience of the parties is in

and of itself a good cause.

A continuance shall be granted only for that period of time shown to be necessary by the evidence considered at the hearing on the motion. Whenever any continuance is granted, the facts proven which require the continuance shall be entered upon the minutes of the court.

No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 5. It is the intent of the Legislature that if this bill and Assembly Bill 2695 or Assembly Bill 3424, or both, are chaptered and become effective on or before January 1, 1983, each of the bills amend Section 11400 of the Welfare and Institutions Code, and this bill is chaptered last, that amendments proposed by each of the bills which are chaptered be given effect as follows:

(1) If this bill and Assembly Bill 2695 are both chaptered and become effective on or before January 1, 1983, both bills amend Section 11400 of the Welfare and Institutions Code, but Assembly Bill 3424 is not chaptered or as chaptered does not amend that section, and this bill is chaptered after Assembly Bill 2695, that Section 11400 of the Welfare and Institutions Code as amended by Section 7 of Assembly Bill 2695 be further amended on the effective date of this act in the form set forth in Section 3.1 of this act to incorporate the changes in Section 11400 proposed by this bill. Therefore, if this bill and Assembly Bill 3424 are both chaptered and become effective on or before January 1, 1983, and Assembly Bill 3424 is chaptered before this bill and amends Section 11400, and Assembly Bill 2695 is not chaptered or as

(3) If this bill and Assembly Bill 2695 and Assembly Bill 3424 are all chaptered and become effective on or before January 1, 1983, all three bills amend Section 11400 of the Welfare and Institutions Code, and this bill is chaptered after Assembly Bill 2695 and Assembly Bill 3424, that Section 11400 of the Welfare and Institutions Code as amended by Section 7 of Assembly Bill 2695 be further amended on the effective date of this act in the form set forth in Section 3.3 of this act to incorporate the changes in Section 11400 proposed by this bill and Assembly Bill 3424. Therefore, if this bill, Assembly Bills 2695 and 3424 are all chaptered and become effective on or before January 1, 1983, and Assembly Bills 2695, and 3424 are chaptered before this bill and amend Section 11400, Section 3.3 of this act shall become operative on the effective date of this act and Assembly Bill 3424 and Sections 3, 3.1, and 3.2 shall not become operative.

CHAPTER 991

An act to add Sections 31652.1, 31652.2, and 31831.2 to, the Government Code, relating to the County Employees Retirement Plan of 1937.

[Approved by Governor September 13, 1982. Filed with Secretary of State September 14, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 31652.1 is added to the Government Code, to read:

31652.1. (a) Any member may redeposit in the retirement fund, prior to filing an application for retirement, by lump-sum payment or by installment payments over a period of one year or for a longer time upon approval of the board, an amount equal to all of the accumulated normal contributions which he has withdrawn, plus regular interest thereon from the date of separation from the retirement system, and his membership is the same as if unbroken by such termination. Except as provided in this section his rate of contribution shall be based on age at the nearest birthday at time of reentrance into the system. If he does not redeposit all of the accumulated normal contributions previously withdrawn he shall be considered as a new member without credit for any previous service.

"Regular interest" as used in this section shall mean that amount of interest which would have been credited to the account of the member on the amount to be deposited at the interest rates established for the system if the contributions required by this section had been on deposit from the date of separation from the

retirement system until the amount required to be deposited has been paid.

(b) Any member who left county service on or before December 31, 1974, and thereafter again became a member of the county system which he left and (1) who did not withdraw his accumulated normal contributions, or (2) who elected to leave his accumulated normal contributions on deposit pursuant to Article 9 (commencing with Section 31700), or (3) who redeposited or redeposits withdrawn accumulated normal contributions plus interest as authorized in this section, shall be eligible for all benefits granted a member entering a reciprocal retirement system under Article 15 (commencing with Section 31830), including the benefits granted to members who left their accumulated contributions on deposit or who redeposited their accumulated contributions pursuant to Section 31831.1. This paragraph shall not be applicable to any member entering service after December 31, 1979.

(c) Any member who left county service on or after January 1, 1975, and who within 90 days thereafter again became a member of the county system which he left and (1) who did not withdraw his accumulated normal contributions, or (2) who elected to leave his accumulated normal contributions on deposit pursuant to Article 9 (commencing with Section 31700), or (3) who redeposits or redeposited his withdrawn accumulated normal contributions plus interest as authorized by Section 31652 within 180 days after leaving county service, shall be eligible for all benefits granted a member entering a reciprocal retirement system under Article 15 (commencing with Section 31830), except that Section 31831.1 shall not apply to such members.

(d) This section shall not apply to members who are retired or who are not in service of an employer making him a member of this system.

(e) This section shall apply only in a county of the first class, as established by Sections 28020 and 28022 but shall not be operative in a county until adopted by resolution of the board of supervisors.

SEC. 2. Section 31652.2 is added to the Government Code, to read:

31652.2. (a) Any member of a retirement system established pursuant to this chapter who was previously a member of the same county retirement system and who thereafter became a member of the Public Employees' Retirement System as a result of employment by a public agency contracting with the Public Employees' Retirement System, shall receive credit in the county retirement system for service rendered as an officer or employee of such public agency, provided that he or she makes the contributions specified by Section 31641.2, and provided further that he or she is not entitled to receive any other pension or retirement allowance from any public agency for such service.

(b) Notwithstanding any other provision of law, any person who would otherwise qualify under subdivision (a) who elected to leave

his or her contributions on deposit with the Public Employees' Retirement System and receive the benefits of reciprocity, may rescind that election and withdraw his or her contributions plus accrued interest from the Public Employees' Retirement System and deposit the same in the county retirement system of which he or she is a member as payment in full or in part for the service credit described in this section. The person shall not thereafter have the right to redeposit the withdrawn contributions in the Public Employees' Retirement System or to receive any credit for such service in that system. Any member of a county retirement system who is eligible to receive credit for other public service pursuant to this section shall receive the benefit of any motion or resolution adopted by the board of supervisors pursuant to subdivision (c) of Section 31641.2 which was in effect during the member's county service.

(c) This section shall apply only in a county of the first class, as established by Sections 28020 and 28022, but shall not be operative in a county until adopted by resolution of the board of supervisors.

SEC. 3. Section 31831.2 is added to the Government Code, to read:

31831.2. Any member who left county or district service on or before December 31, 1974, and became a member of a retirement system established under this chapter in another county or of the Public Employees' Retirement System, who did not elect to, or was not eligible to, leave his contributions on deposit pursuant to Article 9 (commencing with Section 31700) may now elect to leave his accumulated contributions on deposit pursuant to Article 9 (commencing with Section 31700) by redepositing in the retirement fund of the county or district he left the amount of accumulated contributions and interest he withdrew from such retirement fund plus regular interest thereon from date of separation.

Any such member whose accumulated contributions are on deposit as provided in this section and any other member who left county or district service on or before December 31, 1974, who became a member of a retirement system established under this chapter in another county or of the Public Employees' Retirement System and who elected to leave his accumulated contributions on deposit pursuant to Article 9 (commencing with Section 31700) shall be eligible for the benefits provided in this article, and for purposes of such benefits shall be deemed to have entered membership in such other system within 90 days of his separation from county or district employment. The deferred retirement allowance for such member shall be determined in accordance with the provisions of this chapter applicable to members retiring directly from county employment on the date of his retirement. Any member who qualifies for a reduced age at entry pursuant to this section shall be entitled to use such age only from and after the date he completes the redeposit as provided in this section or, if he elected to leave his accumulated contributions on deposit pursuant to Article 9

(commencing with Section 31700), from and after the date he notifies the board in writing that he desires the benefits of this section. This section shall not apply to members who are retired or who are not in service of an employer making him a member of a retirement system established under this chapter or of the Public Employees' Retirement System.

Unless this chapter expressly provides to the contrary the retirement allowance received by a member pursuant to this section shall be calculated based upon the laws pertaining to the retirement system of such district or county as of the date of retirement and not the laws pertaining to such system as of the date the member first left county or district service.

This section shall not be applicable to any member entering service after December 31, 1979.

This section shall apply only in a county of the first class, as established by Sections 28020 and 28022 but shall not be operative in a county until adopted by resolution of the board of supervisors.

SEC. 4. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

The board of directors may by resolution adopt reasonable rules and regulations not inconsistent with this act for the administration and government of the affairs of said district, and alter them from time to time as conditions may require; they may also appoint appropriate officers or agents to represent them as directed in administering the affairs of the district, which officers or agents shall receive the compensation established by the board from time to time, and serve at the pleasure of the board. Said board may require any of said officers or agents to furnish bond in the form and amount fixed by it.

SEC. 6. Section 6 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 6. A majority of the members of the board shall constitute a quorum for the transaction of business. The board of directors shall act only by resolution or motion. Resolutions and motions may be adopted by a voice vote, but on demand of any member the roll shall be called. No motion or resolution shall be passed or become effective without the affirmative vote of a majority of the members of the board. Any hearings or meetings held by the district or its board of directors as required by this act or in carrying out the provisions of this act may be continued or adjourned from time to time.

SEC. 7. Section 6.5 is added to the Orange County Water District Act (Chapter 924 of the Statutes of 1933), to read:

Sec. 6.5. The board of directors may fix the compensation of its members for their services as directors as follows:

(a) A sum not exceeding one hundred dollars ($100) for each meeting of the board of directors attended.

(b) A sum not exceeding one hundred dollars ($100) for each day, and a sum not exceeding fifty dollars ($50) for each half day, for service rendered as a director, other than attending meetings of the

board of directors, authorized, directed, or approved by the board. Three hours or less, including travel time, shall be deemed one-half day, and time in excess of three hours, including travel time, shall be deemed one day.

(c) No director shall receive in any calendar month a sum in excess of six hundred dollars ($600) for meetings attended or services rendered.

As used in this section, "meeting of the board of directors" shall not include meetings of committees of the board of directors. Attending meetings of committees of the board of directors shall be considered as services rendered as a director.

In addition to compensation for meetings attended and services rendered, and in addition to the limitations of amounts of that compensation provided for in this section, each director shall receive reimbursement for all actual, necessary, and reasonable expenses, including mileage, incurred in the performance of his duties authorized, directed, or approved by the board.

SEC. 8. Section 12 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 12. An election shall be held on the first Tuesday after the first Monday in November of each odd-numbered year, in those divisions of 1 to 7 inclusive, at which directors for the district shall be elected to fill the offices of the directors whose terms of office shall expire at noon on the last Friday in that month, in accordance with the provisions of the Uniform District Election Law.

In Divisions 8, 9 and 10 of the district, the governing body of the city comprising each such division shall appoint the director to represent such division upon the board of directors, to serve at the pleasure of such governing body.

Vacancies occurring in any elective office shall be filled pursuant to Section 1780 of the Government Code. If the vacancy is that of an appointed director, the appointing body shall appoint a successor.

Each director shall execute an official bond in the sum of one thousand dollars ($1,000) which shall be approved by a judge of the Superior Court of the County of Orange, and shall be recorded in the office of the county recorder of such county, and then filed with the secretary manager of the board of directors. All official bonds herein provided for shall be in the form prescribed by law for the official bonds of the county officers.

Premiums for bonds required by this act shall constitute a proper charge against the district.

SEC. 9. Section 13 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 13. At the regular meeting of the board of directors in December following the election, the directors elected at that election, those whose terms have not expired and those appointed, shall meet and organize as a board, elect a president and a first and second vice president, and may appoint a secretary manager and an assistant secretary, who shall each hold office at the pleasure of the

board. Each director appointed or elected shall hold office until his successor is elected, or appointed, and has qualified. The term of office of each elected director is hereby fixed at four years, except as herein otherwise provided or as provided in the Uniform District Election Law. The office of the district shall be established by the board of directors at some proper and convenient place within the County of Orange, but does not have to be established or maintained within the district. After the office is once established, it shall not be changed without giving notice thereof by posting in three public places within the district and by publishing a similar notice pursuant to Section 6066 of the Government Code at least once a week for two weeks in some newspaper of general circulation published in Orange County.

The secretary manager and assistant secretary of the district need not be one of the directors. The salary of the secretary manager and assistant secretary and amount of the bond to be given for the faithful performance of their duties shall be fixed by the board of directors. The bond of the secretary manager and assistant secretary of the district shall be filed in the office of the district.

SEC. 10. Section 16 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 16. The board of directors at their regular monthly meeting of the fourth month following the close of each fiscal year shall render and immediately thereafter cause to be filed with the secretary manager and posted conspicuously in the office of the district a verified statement of the financial condition of the district, showing in detail the receipts and disbursements during the last preceding year, together with the sources of the receipts and purposes of the disbursements. A summary of the statement shall be published pursuant to Section 6066 of the Government Code in some newspaper published in the district, and shall refer to the itemized statement filed and posted in the office of the district for further particulars.

For the purpose of rendering such statement, the district shall designate a certified public accountant who shall make an independent audit of the accounts and other evidences of financial transactions of the district during the preceding year. Such certified public accountant shall have no personal interest directly or indirectly in the financial affairs of the district.

Sec. 17.1. "General reserve" means funds allocated from the general fund used to meet cash requirements before the proceeds from taxes are available and to meet emergency expenditures. The amount of the general reserve shall not at any time exceed the sum of 15 percent of the total current annual general and water reserve fund budgets.

"Appropriation for contingencies" means funds allocated from the general fund and the water reserve fund to cover expenditures that

have not been provided for or that have been insufficiently provided for or for unappropriated requirements. The appropriation for contingencies shall not at any time exceed the sum of three million dollars ($3,000,000).

SEC. 12. Section 19 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 19. The general assessment and the assessment for payment of bond principal and interest so levied by the district shall be computed and entered on the assessment roll by the county auditor, and if the board of supervisors fail to levy the general assessment and the assessment for payment of bond principal and interest as provided in the preceding section, then the auditor must do so. Such general assessments and assessments for payment of bond principal and interest shall be collected at the same time and in the same manner as state and county taxes, and when collected, shall be paid into the treasury of Orange County for payment to or the use of the district.

The provisions of the statutes of this State, prescribing the manner of levying, assessing, equalizing and collecting taxes, including the sale of property for delinquency, and the redemption from that sale, and the duties of the several county officers with respect thereto, are, so far as they are applicable, and not in conflict with the specific provisions of this act, hereby adopted and made a part hereof. Such officers shall be liable upon their several official bonds for the faithful discharge of the duties imposed upon them by this act.

SEC. 13. Section 20 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 20. The following funds are hereby created and established for the district to which the moneys of the district shall be deposited and applied, to wit, the general fund, the replenishment fund, the water reserve fund, the bond fund, the basin equity assessment fund, and various improvement funds. All funds collected and received by the district from the levy of the district's replenishment assessment shall be deposited and applied to the replenishment fund. All funds collected and received by the district from the levy of the district's basin equity assessment shall be deposited and applied to the basin equity assessment fund. All funds collected and received by the district from the levy of the general assessment, other than those derived from the portion thereof in excess of those derived from eight cents ($0.08) for each one hundred dollars ($100), or fraction thereof, of assessable property in the district as provided in Section 17 of this act, shall be deposited and applied to the general fund. All funds collected and received by the district from the levy of assessments for the payment of the principal and interest on the bonded debt of the district shall be deposited and applied to the bond fund. All funds collected and received by the district from the levy of the general assessment derived from that portion thereof in excess of eight cents ($0.08) for each one hundred dollars ($100), or fraction thereof, of assessable property in the district, as provided in Section

17 of this act, shall be deposited and applied to the water reserve fund. All other funds received by the district shall be deposited in the fund designated by the board of directors. The board of directors of said district may, from time to time, upon an affirmative vote of eight (8) of the members of the board, transfer funds in such amounts as they deem advisable from the general fund to the water reserve fund.

SEC. 14. Section 29 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 29. Each operator of a water-producing facility within said district, until such time as said water-producing facility has been permanently abandoned, shall file with said district, on or before the 31st day of January and on or before the 31st day of July of each year, a statement setting forth the total production in acre-feet of water for the preceding six months period (excluding the month in which the statement is due), a general description or number locating each water-producing facility and the method or basis of the computation of such water production. If no water has been produced from said water-producing facility during the preceding six months period, said statement shall be filed as provided for herein setting forth that no water has been produced during said period. Said statement shall be verified by a written declaration that it is made under the penalties of perjury. The replenishment assessment and the additional replenishment assessment are payable to said district on or before the last date on which the water production statements shall be filed and are computed by multiplying the production in acre-feet of water as disclosed in the statement, by the replenishment assessment rate and the additional replenishment assessment rate. At such time as any said water-producing facility has been permanently abandoned, the operator thereof shall give written notice of such abandonment to said district.

If any operator of a water-producing facility shall fail to pay the replenishment assessments when due, the district shall charge interest on the delinquent amount of the replenishment assessments at the rate of 1 percent each month or fraction thereof that the replenishment assessments remain delinquent.

Should any operator of a water-producing facility fail to register each water-producing facility or fail to file on or before the 31st day of January and the 31st day of July of each year the water production statement, said district shall in addition to charging interest as provided herein assess a penalty charge against such operator in an amount of 10 percent of the amount found by said district to be due.

The board of directors may, at the time of fixing the replenishment assessment rate and additional replenishment assessment rate, provide by resolution that the operator of any water-producing facilities having a discharge opening not greater than two inches in diameter and which do not provide domestic or irrigation water for an area in excess of one acre may pay a fixed amount as his replenishment assessment and additional replenishment assessment,

in lieu of filing a sworn statement as to the production of groundwater.

SEC. 15. Section 31 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 31. The district shall maintain records in which shall be noted the annual water production from each water producing facility within the district.

The district shall also maintain records in which shall be entered each district assessment levy and charge, a general description of the property upon which each water producing facility is located and any identifying number or code which may be assigned to such facility.

SEC. 16. Section 31.5 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 31.5. Basin equity assessments, as well as production requirements and limitations on persons and operators within the district are declared to be in furtherance of district activities in the protection of water supplies for users within the district which are necessary for the public health, welfare and safety of the people of this state. The basin equity assessments, as well as the production requirements and limitations provided for herein, are authorized to be levied upon and applied to all persons and producers within such district for the benefit of all who rely directly or indirectly upon the groundwater supplies of such district.

The proceeds of the basin equity assessments levied and collected shall be used as provided for herein to equalize the cost of water to all persons and operators within the district, and to acquire water to replenish the groundwater supplies of the district.

"Supplemental sources" as used in this act means sources of water outside the watershed of the Santa Ana River, excepting that portion of that watershed on and along Santiago Creek upstream of the downstream toe of the slope of the Villa Park Flood Control Dam, such as but not limited to water produced from the Metropolitan Water District of Southern California.

"Basin production percentage" as used in this act means the ratio that all water to be produced from groundwater supplies within the district bears to all water to be produced by persons and operators within the district from supplemental sources as well as from groundwater within the district during the ensuing water year.

(a) Annually the district shall order an investigation and report to be prepared by an engineer or engineers employed by such district. The investigation and report shall set forth the following information, together with such other information as the district may desire, relating to the preceding water year:

(1) Amount of water produced by persons and operators from groundwater within district;

(2) Amount of water produced by persons and operators from supplemental sources;

(3) Amount of water produced by persons and operators from all

other sources;

(4) Condition of groundwater supplies within district;

(5) Information as to the probable availability of water from supplemental sources during the next succeeding fiscal year;

(6) The cost of producing water from groundwater within the district, including any replenishment assessment of district;

(7) The cost of water produced within the district from supplemental sources.

(b) On the second Wednesday in February of each year the engineering investigation and report provided for herein shall be delivered to the secretary of such district, in writing. The secretary shall publish, pursuant to Section 6061 of the Government Code, a notice of the receipt of such report and of the public hearing to be held on the date of the regular meeting of the board of directors in March, in a newspaper of general circulation printed and published within the district, at least 10 days prior to the date at which the public hearing regarding water supplies within the district shall be held. The notice, among other information which the district may provide therein, shall contain an invitation to all persons or operators within the district to call at the offices of said district to examine said engineering investigation and report. There shall be held, by the board of directors on the date of the regular meeting of the board of directors in March of each year, a public hearing at which time any person or operator within the district or any person interested in the amounts and source from which all persons and operators produce their total supply of water as well as the estimated difference in the cost of water produced from groundwater within district or supplemental sources, may in person, or by representative, appear and be heard.

(c) On the date of the regular meeting of the board of directors in April of each year, the board of directors shall hold a public hearing for the purpose of determining the need and desirability of levying a basin equity assessment and the amount thereof as well as the need for establishing production requirements and limitations and the extent thereof as to each person or operator within the district for the ensuing water year. In computing and fixing the amount of any such basin equity assessment the board may allow a percent not to exceed 10 percent, as shall be determined by the board of directors of the district, for delinquencies. Notice of the proposed hearing shall be published in the district pursuant to Section 6061 of the Government Code at least 10 days prior to the date set for said hearing.

Such notice shall set forth the following:

(1) That a report regarding water supplies within the district has been prepared;

(2) The date, time and place of the proposed hearing;

(3) The board shall consider at said hearing the need and desirability of levying a basin equity assessment and the amount thereof as well as the need for establishing production requirements

and limitations on persons and operators within the district for the ensuing water year and surcharges in connection therewith;

(4) An invitation to all persons and operators to appear at the public hearing and be heard in regard to any of the foregoing matters.

(d) At the hearing the board shall hear, take, and receive all competent evidence presented and offered in regard to the need for a basin equity assessment, production requirements and limitations in general, and specifically, the extent of such requirements or limitations as to each person or operator within the district, the amount of the basin equity assessment which shall be levied against all persons and operators for all purposes other than irrigation at a uniform rate and may be levied against all persons and operators for irrigation purposes at a different uniform rate for the ensuing water year and the amount of surcharges for production in excess of the basin production limitations. Subsequent to the hearing, the board may, by adopting a resolution which resolution shall require the vote of eight members of the board, find and determine for the ensuing water year as follows:

(1) The estimated total amount of water to be produced by all persons and operators within the district from the groundwater within the district and the estimated amount to be produced by such persons and operators from supplemental sources;

(2) The basin production percentage;

(3) That a basin equity assessment and production requirement and limitation from groundwater within the district are necessary for the protection of the water supply of the district;

(4) The surcharge, in an amount to be determined in the discretion of the board, for production in excess of the production limitations;

(5) The amount of the basin equity assessment to be levied against all persons and operators in a dollar amount per acre-foot of water produced from the groundwater supply for all purposes other than irrigation and that such amount is reasonable;

(6) The amount of the basin equity assessment to be levied against all persons and operators in a dollar amount per acre-foot of water produced from the groundwater supply for irrigation purposes and that such amount is reasonable;

(7) Production requirements or limitations and the surcharge for production in excess of the basin production limitations on persons and operators within the district shall be applicable during the ensuing water year. Such requirements and limitations shall be on the amount of groundwater produced by such persons and operators expressed in a percentage of overall water produced or obtained by such persons or operators from groundwater within the district and from supplemental sources;

(8) That during the ensuing water year, upon the district giving published notice thereof, pursuant to Section 6061 of the Government Code in a newspaper of general circulation printed and

published within the district at least 10 days prior to such a hearing, a subsequent public hearing may be held to modify the basin production percentage, the basin equity assessment, any production requirement or limitation, or the surcharge for production in excess of the production limitation established by the district. Such modifications, if any, shall be effective on the date established by the board and the district shall give notice of such modification 10 days prior to the effective date thereof in the manner provided hereafter in subdivision (e).

The board may exclude all persons and operators who produced 25 acre-feet or less of water from groundwater within the district during the ensuing water year from the levy of the basin equity assessment and the production requirements and limitations provided for herein.

The findings and determinations of the board in regard to any of the foregoing shall be final, conclusive and binding upon all persons and parties.

(e) The district shall thereafter, and in any event prior to July 1 in each year, give notice to each person or operator within the district which notice shall state:

(1) The amount of the basin equity assessment per acre-foot of water produced for purposes other than irrigation and the amount of the basin equity assessment per acre-foot of water produced for irrigation purposes;

(2) The basin production percentage;

(3) The production requirement or limitation upon the person or operator; and

(4) The amount of surcharge imposed for production in excess of the basin production limitations.

The notice provided for herein and the notice of any subsequent modifications may be sent by post card or by other first-class mail with postage prepaid by the district.

(f) Each person or operator within the district not excluded from the levy of the basin equity assessment and the production requirements and limitations, shall file with the district, on or before the 30th day of September of each year, a basin equity assessment report in the form prescribed by the district setting forth the total amounts of water produced from groundwater within the district and from supplemental sources during the preceding water year by such person or operator. The statement shall be verified by a written declaration under penalty of perjury. In the event that the person or operator has been required by the district to produce or has in fact produced more water from groundwater within the district than the equivalent of the basin production percentage determined by the district, such person or operator shall pay to the district, on or before September 30, an amount determined by the number of acre-feet of water which such person or operator has produced from groundwater within the district in excess of the acre-foot equivalent of the basin production percentage multiplied by the applicable

basin equity assessment rate, plus the amount of surcharge due for production in excess of the production limitations. In the event that a person or operator, pursuant to the requirement of the district, has produced from groundwater within the district less than the equivalent of the basin production percentage, such person or operator, on or before the 30th day of November, shall be paid by the district from the basin equity assessment fund an amount determined by the number of acre-feet by which the production of such person or operator from groundwater as required by the district is less than the acre-foot equivalent of the basin production percentage multiplied by the applicable basin equity assessment rate, or if the production of such person or operator from groundwater is more than the production required by the district and less than the equivalent of the basin equity production percentage, then such person or operator shall be paid by the district an amount determined by the number of acre-feet by which the actual production of such person or operator from groundwater is less than the acre-foot equivalent of the basin production percentage multiplied by the applicable basin equity assessment.

(g) If any person or operator shall fail to pay the amount due by reason of the basin equity assessment or surcharge due for production in excess of the production limitations when due, the district shall charge interest on the delinquent amount due at the rate of 1 percent each month or fraction thereof for which the amount due remains delinquent. Should any person or operator within the district fail to file a basin equity assessment report on or before the 30th day of September of any year, the district shall, in addition to charging interest as provided herein, assess a penalty charge against such operator in the amount of 10 percent of the amount found by said district to be due.

The district may, from time to time, require other reports from persons and operators as necessary and desirable in the application of the basin equity assessment procedures provided herein.

Upon good cause shown an amendment to any report required under this section may be filed or a correction of any such report may be made within six (6) months after the date such report was filed with the district.

SEC. 17. Section 36 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 36. The district shall not be bound by any contract except as hereinafter provided unless the same shall be made in writing approved by resolution of the board of directors and properly executed by its officers who have been so authorized to do by the district. The approval of the form of all contracts shall be endorsed thereon by an attorney for the district.

The district may prescribe methods for the construction of works and for the letting of contracts for any of the following purposes:

(a) The construction of works, structures, or equipment.

(b) The performance or furnishing of labor, materials, or supplies,

necessary or convenient for carrying out any of the purposes of this act.

(c) The acquisition or disposal of any real or personal property.

When work is not to be done by the district itself by force account, and the amount involved is ten thousand dollars ($10,000), or more, any contract for the doing of such works shall be made by the district with the lowest and best bidder after the publication pursuant to Section 6061 of the Government Code in a newspaper of general circulation published within said district, of a notice calling for bids and fixing a period during which such bids will be received, which shall be not less than 10 days after the publication of said notice. The district may reject any and all such bids presented and may readvertise in its discretion. After rejecting such bids or if no bids are received, said district may determine and declare that in its opinion, based on estimates submitted by the engineer for said district, any work may be performed better or more economically by said district with its own employees, or after hiring additional employees; and after the adoption of a resolution to this effect by at least seven affirmative votes of the directors of said district, said district may proceed to have such work done in the manner stated and without further observance of the provisions of this section.

Contracts may be let or work undertaken without advertising for bids if such work shall be deemed by the district to be of urgent necessity for the preservation of life, health or property and shall be authorized by a resolution passed by at least eight affirmative votes of the board of directors and containing a declaration of the facts constituting such urgency.

Contracts, in writing or otherwise, for the acquisition or disposal of any real property, for the acquisition or leasing of personal property, the purchase of water to replenish the groundwater supplies of the district, the repair of district equipment or structures, and for legal, engineering, and other professional services may be let without calling for competitive bids.

Any person or persons to whom a contract may be awarded shall enter into a bond, with good and sufficient sureties, to be approved by the board payable to said district for its use, for at least 25 percent of the amount of the estimated contract price, conditioned for the faithful performance of said contract. The work shall be done under the direction and to the satisfaction of the engineer of said district, and be subject to approval by the board of directors of said district.

SEC. 18. Section 37 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 37. No claim shall be paid by the treasurer until allowed by the board, and only upon a warrant or check signed by the president and countersigned by the secretary manager or signed and countersigned by such persons as the board may approve. The treasurer shall report, at such times as the board of directors shall request, the amount of money of the district on deposit, the amount of receipts, and the amount or amounts paid out of the district funds

since the last preceding report. The report shall be verified and filed with the secretary manager of the board.

SEC. 19. Section 38.1 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 38.1. Any water-producing facility which is producing water within the exterior boundaries of the district may be exempted by order of the board of directors from the payment of the replenishment assessments and from the levy of the basin equity assessment and the production requirements and limitations provided for in this act upon the filing of a verified petition by the owner of the water-producing facility.

The petition shall be filed with the board of directors of the district and shall include a description of the land upon which the water-producing facility is located, a description of the water-producing facility, a statement of water quality analysis of the water produced by the water-producing facility, the names and addresses of the owners of the water-producing facility, and shall set forth the purpose or purposes for which any water produced from the water-producing facility will be used. The petition may include one or more water-producing facilities located in the same general area, provided each of such facilities are owned by the same owner. Petitioner shall pay to the district the expenses of advertising and costs incident to the proceedings.

Upon the filing of the petition, the secretary of the district shall cause an investigation to be made by the district geologist or an engineer or engineers for the purpose of determining whether the water produced by the water-producing facility is suitable or unsuitable for domestic or agricultural purposes. Upon completion of the investigation, a report of the results thereof shall be filed with the board of directors and a copy shall be mailed to the petitioner. Upon filing of the report, the board of directors shall fix a time for a hearing upon said petition and report, which time shall be not less than ten (10) days and not more than seventy-five (75) days after the filing of said report, and shall cause a notice of the filing thereof and time and place fixed for the holding of the hearing to be published one time, at least ten (10) days before the date fixed for such hearing, in a newspaper of general circulation printed and published within the district. A copy of such notice shall be mailed to the petitioner by first-class mail with postage prepaid not less than seven (7) days prior to the date of the hearing.

At the time of the hearing, the board of directors shall determine whether the water produced from the water-producing facility or facilities is suitable or unsuitable for domestic or agricultural purposes. If the board of directors finds and determines the water produced from such facility or facilities or any of them is unsuitable for domestic or agricultural purposes, and further finds and determines that the production of such unsuitable water will have no adverse effects on the groundwater supplies of the district, the board of directors may make an order that water produced from the

water-producing facility or facilities shall be exempted from the payment of the replenishment assessments and from the levy of the basin equity assessment and the production requirements and limitations as provided in this act.

Nothing contained in this section shall exclude the operator of any water-producing facility exempted from the payments of replenishment assessments from affixing a water measuring device to the facility as provided in Section 35 or from filing the water production statements provided for in Section 29.

The board of directors of the district may from time to time require that the owner of any water-producing facility or facilities, which are exempted from the payment of replenishment assessments and basin equity assessments, provide additional water quality analyses of water being produced from any water-producing facility which has been exempted from the payment of replenishment assessments and from the levy of the basin equity assessment and the production requirements and limitations as provided in this act.

The district shall at all times have the right to enter upon the premises where such exempted water-producing facility or facilities are located for the purpose of obtaining samples of the water being produced.

If at any time it appears that the quality of water being produced from a water-producing facility which has been exempted from payment of replenishment assessments and from the levy of the basin equity assessment and the production requirements and limitations has become suitable for domestic or irrigation purposes, the secretary manager of the district shall fix a time for a hearing to determine whether the water produced from the water-producing facility has become suitable for domestic or agricultural purposes. The secretary manager of the district shall cause a notice of the hearing to be published one time, at least ten (10) days before the date fixed for such hearing, in a newspaper of general circulation printed and published within the district. A copy of such notice shall be mailed to the owner of the water-producing facility by first-class mail with postage prepaid not less than seven (7) days prior to the date of the hearing.

If upon such hearing, the board of directors finds and determines that the quality of the water being produced from such water-producing facility has become suitable for domestic or irrigation purposes or that the production of water therefrom will have an adverse effect on the groundwater supplies of the district, the board of directors shall make an order that the exemption of payment of replenishment assessments and from the levy of the basin equity assessment and the production requirements and limitations on water being produced from said water-producing facility shall be canceled. Notice of such cancellation of exemption shall be sent to the owner of the specified water-producing facility by first-class mail with postage prepaid. The effective date of the

cancellation of exemption from the payment of replenishment assessments and from the levy of the basin equity assessment and the production requirements and limitations shall be ten (10) days after the date of mailing of the notice of cancellation.

SEC. 20. Section 42 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 42. Whenever any warrant of the district payable on demand is presented to the treasurer for payment when funds are not available for the payment thereof, it shall thereafter draw interest at a rate to be determined by resolution of the board of directors, not, however, to exceed seven per centum per annum, until public notice is given that such funds are available. Upon the presentation of any such warrants for payment, when funds of the district are not available to pay the same, the treasurer shall endorse thereon the words "funds not available for payment," with the date of presentation and shall note thereon the rate of interest that such warrant shall thereafter bear and shall sign his name thereto. He shall keep a record showing the number and amount of each such warrant, the date of its issuance, the person in whose favor it was issued, and the date of its presentation for payment. Whenever there is sufficient money in the treasury to pay all such outstanding warrants or whenever the board of directors shall order that payment shall be made of all such warrants presented for payment prior to a certain date, and there is sufficient money available for such payments, the treasurer shall give notice by publication in some newspaper published in the district, stating that he is prepared to pay all warrants of the district for the payment of which funds were not available upon their original presentation, or all such warrants which were presented for payment prior to the date fixed by the board of directors, as the case may be, and no further description of the warrants entitled to payment need be made in the notice. (d) State vehicular recreational trails, including vehicular recreational trails that are under the jurisdiction of another governmental agency that has authorized their designation as components of the system.

5090.41. The following lands within the boundaries of the state vehicular recreation areas listed in subdivision (a) of Section 5090.40 are part of the state park system:

(a) Sixty acres classified as natural preserve and 830 acres classifed as cultural preserve at Hungry Valley State Vehicular Recreation Area. The division shall continue the management of 4,160 acres of grassland as a part of the State Vehicular Recreation Area and Trail System, but shall provide for the operation of off-highway motor vehicles in a manner compatible with the continued healthy growth of natural grasses and associated flora.

(b) One acre classified as a cultural preserve at Ocotillo Wells

State Vehicular Recreation Area.

(c) Two hundred eighty acres at Hollister Hills State Vehicular Recreation Area set aside for nature study and closed to the operation of off-highway motor vehicles; however, any portion of that 280 acres that, as of January 1, 1985, has not been classified by the State Park and Recreation Commission pursuant to subdivision (c) of Section 5090.43 shall become a part of the State Vehicular Recreation Area and Trail System on that date.

5090.42. Lands in the system shall be selected, developed, and managed to provide outdoor recreational opportunities consistent with the findings in Section 5090.02 and pursuant to the other provisions of this chapter. Upon acquisition for the system, the area or trail shall be designated and named by the commission.

5090.43. (a) State vehicular recreation areas shall be established on lands where topographic features and associated recreational opportunities for off-highway motor vehicles are the primary values. Areas shall be developed, managed, and operated for the purpose of making the fullest public use of the outdoor recreational opportunities present, and the natural and cultural elements of the environment may be managed or modified to enhance the recreational experience.

(b) Lands shall be selected for acquisition for state vehicular recreation areas so as to minimize the need for establishing natural or cultural preserves or state wildernesses. The establishment of a natural or cultural preserve or state wilderness within the Carnegie, Clay Pit, or Pismo Dunes State Vehicular Recreation Area is prohibited.

(c) Whenever it would be impracticable to acquire lands for an area without establishing a natural or cultural preserve or a state wilderness within the boundaries of the area, the director shall recommend to the State Park and Recreation Commission proposed boundaries and a resource management policy for the preserve or wilderness for its review and approval and for classification as a preserve or wilderness. No general plan shall be prepared for the preserve or wilderness unless the resource management policy contemplates that the preserve or wilderness will itself be a public attraction necessitating management as if it were a unit of the state park system.

(d) All lands within a state vehicular recreation area that are not classified by the State Park and Recreation Commission pursuant to subdivision (c) are under the jurisdiction of the Off-Highway Motor Vehicle Recreation Commission and the division and are part of the system.

5090.44. State vehicular recreation trails shall consist of corridors which are designated and maintained for recreational travel by off-highway motor vehicles, which are not suitable for normal travel by conventional two-wheel drive vehicles, and which are designated for off-highway motor vehicle travel by the owner of, or other person or public entity having control over, the property traversed by the

trail. State vehicular recreation trails may include lands designated and maintained as trailheads.

5090.45. Eminent domain shall not be exercised to acquire any interest in property for a state vehicular recreation trail by the department or any public agency that has entered into a cooperative agreement with the division.

5090.46. No owner or other person having legal control of property in the vicinity of any lands in the system is liable for any actions of any type resulting from, or caused by, the user of an off-highway motor vehicle who is trespassing on property outside the system; and no owner or other person having legal control of property in the vicinity of any lands in the system is liable for any one's actions of any type commenced on, or taking place within, the boundaries of lands in the system.

Article 5. Local Assistance Grants and Cooperative Agreements with Federal Agencies

5090.50. Grants may be made to cities, counties, and appropriate districts for the planning, acquisition, development, construction, maintenance, administration, operation, and conservation of trails, trailheads, areas, and other facilities for the use of off-highway motor vehicles that are in accordance with local plans and any plans for off-highway motor vehicle recreation areas and trails prepared by the division.

5090.51. (a) Except as provided in subdivision (b), to be eligible for a grant, the applicant shall agree to provide, and provide, matching funds, or the equivalent value of services, material, or property used, in an amount of not less than 25 percent of the total expense of the off-highway motor vehicle facility.

(b) Notwithstanding subdivision (a), there shall be no matching fund requirement imposed with respect to any grant, or portion of any grant, that consists of funding for the planning, acquisition, development, or construction of a regional off-highway motor vehicle facility. The commission shall adopt criteria for the determination of which facilities are regional and which are less than regional. The criteria shall take into account, at a minimum, all of the following:

(a) That the facility for which a grant is requested is or will be primarily for casual usage.

(b) The size of each facility.

(c) The diversity of vehicle-related recreational activities to be provided by the facility.

(d) The size of the population of potential users of the facility and the extent of the geographic area to be served by the facility.

(e) The potential for each facility for which a grant is requested to become financially self-sustaining.

5090.52. No grant may be made pursuant to Section 5090.50 unless the governing body of the applicant has, by resolution, approved the

facility.

5090.55. Any moneys in the fund allocated pursuant to subdivision (a) of Section 5090.61 and not appropriated for local assistance grants pursuant to Section 5090.50, shall be available for appropriation to the division for expenditure pursuant to cooperative agreements with agencies of the United States for any joint undertaking of any function that the division is authorized by this chapter to perform, except the enforcement of laws controlling the operation of off-highway motor vehicles.

Article 6. Fiscal Management

5090.60. The fund consists of deposits from the following sources:

(a) Revenues transferred from the Motor Vehicle Fuel Account in the Transportation Tax Fund.

(b) Fees paid pursuant to subdivision (b) of Section 38225 of the Vehicle Code.

(c) Unexpended service fees.

(d) Fees and other proceeds collected at state vehicular recreation areas, as provided in subdivision (c) of Section 5010.

Any portion of this amount not granted to local public agencies shall be available to the division for coopertive agreements with agencies of the United States pursuant to Section 5090.55.

(b) The remainder of the revenues from the special fee required by subdivision (b) of Section 38225 of the Vehicle Code and the remainder of the revenues transferred from the Motor Vehicle Fuel Account, together with all other moneys in the fund, shall be available for the support of the division in implementing the program and for the planning, acquisition, development, construction, maintenance, administration, operation, and conservation of lands in the system. As used in this subdivision, "support of the division" includes functions performed outside the division by others on behalf of the division, including costs incurred on behalf of the division for personnel management and training, accounting and fiscal analysis, records, purchasing, public information activities, and legal services. "Support of the division" does not include any costs incurred by, or attributable to, the director

or the director's immediate staff or their salaries.

5090.62. No money in the fund may be encumbered for the planning, development, maintenance, operation, administration, or conservation of any natural or cultural preserve or any state wilderness classified pursuant to subdivision (c) of Section 5090.43, except that the cost of erecting fences or barriers and posting and otherwise designating a preserve or wilderness may be met from money appropriated from the fund if that cost is incurred prior to, or contemporaneously with, the opening of the state vehicular recreation area to public use.

5090.63. This article shall become operative on July 1, 1983.

Article 7. Termination

5090.70. This chapter shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends that date.

For the purposes of this division, the term "highway" does not include fire trails, logging roads, service roads regardless of surface composition, or other roughly graded trails and roads upon which vehicular travel by the public is permitted.

All fees received by the department pursuant to this subdivision, and all day use, overnight use, or annual or biennial use fees for state vehicular recreation areas received by the Department of Parks and Recreation, shall be deposited in the Off-Highway Vehicle Fund, which is hereby created. There shall be a separate

reporting of special fee revenues by vehicle type, including four-wheeled vehicles, three-wheelers, motorcycles, and snowmobiles. All money in the fund is continuously appropriated for expenditure by the Department of Parks and Recreation for the purposes specified in Article 6 (commencing with Section 5090.60) of Chapter 1.25 of Division 5 of the Public Resources Code.

CHAPTER 995

An act to convey certain tide and submerged lands to the City of Brisbane.

[Approved by Governor September 13, 1982. Filed with Secretary of State September 14, 1982.]

The people of the State of California do enact as follows:

SECTION 1. (a) There is hereby granted to the City of Brisbane, hereinafter referred to as the "trustee" all of the right, title, and interest of the State of California, held by the state by virtue of its sovereignty in and to all tide and submerged lands whether filled or unfilled, situated in the County of San Mateo and described in Section 13. Such lands shall be held by the trustee and its successors, in trust for the benefit of all the people of the state for purposes of commerce, navigation, and fisheries, and for other public purposes, including, but not limited to, preservation of the lands in their natural state for scientific study, open space, wildlife habitat, and recreational uses, as more particularly provided in this act.

(b) This grant is subject to the following express conditions:

(1) That the lands shall be used by the trustee and its successors, for purposes in which there is a general statewide interest. The use of the granted lands shall be in conformity with a general use proposal adopted by the trustee and reviewed and approved by the State Lands Commission, hereafter referred to as the "commission." Changes or amendments to the general use proposal shall be reviewed and approved by the commission as provided under Section 3.

(2) That the trustee or its successors shall not at any time grant, convey, give, or alienate the lands, or any part thereof, to any individual, firm, or corporation for any purposes whatsoever; provided, however, that the trustee or its successors may grant franchises thereon for limited periods, not exceeding 66 years for wharves and other public uses and purposes, may lease the lands, or any part thereof, for limited periods, not exceeding 66 years, for purposes consistent with the trusts upon which the lands are held, and may collect and retain rents and other revenues from such leases, franchises, and privileges under rules and regulations adopted in accordance with the provisions of Section 5.

Nothing contained in this paragraph shall be deemed to affect the validity or terms of any franchise granted by the trustee under Division 3 (commencing with Section 6001) of the Public Utilities Code, and any such franchise shall be effective with respect to the affected lands when title thereto passes to the trustee under this act.

(3) That in the management, conduct, operation, and control of the granted lands or any improvement, betterments, or structures thereon, the trustee or its successors shall make no discrimination in rates, tolls, or charges for any use or service in connection therewith.

(4) That the state shall have the right to use without charge, any transportation, landing, or storage improvements, betterments, or structures constructed upon the granted lands for any vessel or other watercraft or railroad owned or operated by the state.

(5) That there is reserved to the people of the State of California the absolute right to fish in the waters over the granted lands, with the right of convenient access to such waters over the lands for such purpose.

(6) That there is excepted and reserved to the state all remains of

archealogical and historical significance and all deposits of minerals, including, but not limited to, all substances specified in Section 6407 of the Public Resources Code, in the granted lands, and the right to prospect for, mine, and remove such deposits from the lands.

(7) That the trustee shall not authorize a capital outlay project, lease, or agreement for port facilities, such as marine terminals, pipelines, or other related energy facilities, on the granted lands without first requesting and receiving the approval, in writing, of the commission. Prior to approving any such capital outlay project, lease, or agreement, the commission shall consult with other governmental agencies and shall determine that the project is in and for the best interest of the people of the state and consistent with provisions of law.

SEC. 2. (a) On or before September 30 of every succeeding fifth year, commencing on September 30, 1987, the trustee shall submit a report of its utilization of the granted lands for each immediately preceding five-calendar-year period ending with June 30 of the calendar year in which the report is required to be submitted.

(b) The report required by this section shall include all of the following:

(1) A general description of the uses to which the granted lands have been placed during the period covered by the report.

(2) A list of the owners and holders of leases, permits, and franchises granted or issued by the trustee, which list shall specify, as to each such owner or holder:

(A) The use to which the granted lands have been placed by the owner or holder.

(B) The consideration provided for in each such lease, permit, or franchise and the consideration actually received by the trustee for the lease, permit, or franchise granted or issued.

(C) An enumeration of the restrictions which the trustee has placed on the use of the granted lands and each area thereof for the period covered by the report.

SEC. 3. (a) On or before January 1, 1985, the trustee shall submit to the commission a general use proposal indicating details of intended development, preservation, or other use of the granted lands, and covering a period of not less than five years.

(b) The general use proposal may consist of any plan, program, or other document which includes all of the following:

(1) A general description of the type of uses planned or proposed for the granted lands. The location of these land uses shall be shown on a map or aerial photograph.

(2) The projected statewide benefit to be derived from the planned or proposed uses of the granted lands, including, but not limited to, the financial benefit, the benefit to commerce, navigation, and fisheries, and the recreational, educational, or industrial benefit.

(3) The proposed method of financing the planned or proposed uses of the granted lands, including estimated capital costs, annual operating costs, and anticipated annual revenues.

(4) Estimated timetable for implementation of the general use proposal or any phase thereof.

(5) A description of how the trustee proposes to protect and preserve natural and manmade resources in connection with the use of the granted lands.

(c) The trustee shall submit to the commission all changes and amendments to the general use proposal.

(d) The commission shall review with reasonable promptness the general use proposal submitted by the trustee, and any changes or amendments, to determine that they are in accordance with the public trust obligation and the requirements of this act. On the basis of such review, the commission shall furnish the trustee with its formal recommendations.

SEC. 4. The trustee shall demonstrate good faith in carrying out the provisions of its general use proposal and amending it when necessary in accordance with Section 3. If the commission determines that the trustee has substantially failed to improve, restore, preserve, or maintain the granted lands, as required by the general use proposal, or has unreasonably delayed adopting such proposal, all right, title, and interest of the trustee in and to the granted lands shall revert to the state. All improvements, restoration, preservation, or maintenance of the granted lands shall be effected in accordance with the general use proposal.

SEC. 5. (a) The governing body of the trustee shall, within 180 days of the effective date of this act, submit to the commission for its approval, procedures, rules, and regulations to govern the issuance, renewal, or renegotiation of any lease of the granted lands, or any development thereon. These rules and regulations shall specify lease rates, the bases upon which the rates are established, lease terms and conditions, provision for renegotiation of rates and terms and assignments, and such other information as may be required by the commission.

(b) All leases, franchises, or agreements proposed, or entered into, by any trustee after the effective date of this section shall be consistent with the provisions of the general use proposal submitted by the trustee.

(c) Upon request, the trustee shall submit to the commission a copy of all leases, franchises, and agreements entered into, renewed, or renegotiated.

SEC. 6. The trustee shall, with the approval of the commission, establish accounting procedures whereby an accurate record of all revenues derived from the use of the granted lands and of all expenditures of any such revenues shall be maintained. The purpose of such requirement is to provide for the segregation of funds derived from the use of the granted lands in order to ensure that they are only expended to enhance the lands in accordance with the trust uses and purposes upon which the granted lands are held.

SEC. 7. Property acquired with such revenues shall be considered an asset of the trust and subject to the terms and

conditions of this act.

SEC. 8. Notwithstanding any other provision of law, the trustee shall, on or before October 1 of each year, cause to be made and filed with the commission a detailed statement of all revenue and expenditures thereof from the administration of the granted lands, including obligations incurred but not yet paid. This statement shall be in a form specified by the commission and shall cover the fiscal year preceding its submission.

SEC. 9. As to the expenditure of revenues for any single capital improvement on the granted lands involving an amount in excess of two hundred fifty thousand dollars ($250,000) in the aggregate, the trustee shall file with the commission a detailed description of the capital improvement not less than 90 days prior to the time of any disbursement therefor or in connection therewith. Within 90 days after the time of such filing, the commission shall determine, whether such capital improvement is in the statewide interest and benefit and is consistent with the conditions of this act. The commission may request the opinion of the Attorney General on the matter; and if it does so, a copy of that opinion shall be delivered to the trustee with the notice of its determination. In the event the commission notifies the trustee that the capital improvement is not authorized, the trustee shall not disburse any revenue for, or in connection with, the capital improvement, unless and until it is determined to be authorized by a final order or judgment of a court of competent jurisdiction. The trustee is authorized to bring suit against the state for the purpose of securing such an order or judgment, which suit shall have priority over all other civil matters. Service shall be made upon the executive officer of the commission and the Attorney General, and the Attorney General shall defend the state in that suit. If judgment is given against the state in the suit, no costs may be recovered.

SEC. 10. On June 30, 1985, and at the end of every third fiscal year thereafter, that portion of the trustee's tidelands trust revenues in excess of two hundred fifty thousand dollars ($250,000) remaining after current and accrued operating costs and expenditures directly related to the operation or maintenance of tidelands trust activities shall be deemed excess revenues; provided, however, that any funds deposited in a reserve fund for future capital expenditures or any funds used to retire bond issues for the improvement or operation of the granted lands shall not be deemed excess revenue. Capital improvements of the granted lands made for purposes authorized by this act may be considered as expenditures for the purpose of determining excess revenues.

The excess revenues, as determined pursuant to this section, shall be allocated as follows: 85 percent shall be transmitted to the State Treasurer for deposit in the General Fund in the State Treasury; and 15 percent to the trustee for expenditures consistent with the provisions of this act.

SEC. 11. The commission shall, from time to time, institute a

formal inquiry to determine that the terms and conditions of this act, and amendments thereto, have been complied with, and that all other applicable provisions of law concerning the granted lands are being complied with in good faith.

SEC. 12. The provisions of Section 6359 of the Public Resources Code shall not apply to this act.

(c) (1) If an agent for service of process has resigned and has not been replaced or if the agent designated cannot with reasonable diligence be found at the address designated for personal delivery of the process, and it is shown by affidavit to the satisfaction of the court that process against a limited partnership or foreign limited partnership cannot be served with reasonable diligence upon the designated agent or, if a foreign limited partnership, upon any general partner by hand in the manner provided in Section 415.10, subdivision (a) of Section 415.20 or subdivision (a) of Section 415.30, of the Code of Civil Procedure, the court may make an order that the service shall be made upon a domestic limited partnership which

The date of filing shall be the date the instrument is received by the Secretary of State unless withheld from filing for a period of time not to exceed 90 days pursuant to a request by the party submitting it for filing or unless in the judgment of the Secretary of State the filing is intended to be coordinated with the filing of some other document which cannot be filed. The Secretary of State shall file a document as of any requested future date not more than 90 days after its receipt, including a Saturday, Sunday or legal holiday, if that document is received in the Secretary of State's office at least one business day prior to the requested date of filing. Upon receipt and after filing of any document under this chapter the Secretary of State may microfilm or reproduce by other techniques any such filings or documents and destroy the original filing or document. The microfilm or other reproduction of any document under the provision of this section shall be admissible in any court of law.

(8) Serving on an audit committee or committee performing the functions of an audit committee.

(c) The enumeration in subdivision (b) does not mean that any other conduct or the possession or exercise of any other power by a limited partner constitutes participation by the limited partner in the control of the business of the limited partnership.

(d) A limited partner who knowingly permits that partner's name to be used in the name of the limited partnership, except under circumstances permitted by subdivision (b) of Section 15512, is liable for all obligations of the limited partnership to persons without actual knowledge or notice that the limited partner is not a general partner.

for the obligations of the purported limited partnership, if, on ascertaining that the certificate has not been filed and after a failure of the general partner or partners to file the certificate within a reasonable time after request, that person promptly files the certificate of limited partnership.

(b) A person who makes a contribution to the purported limited partnership and in good faith believes that that person has become a limited partner is liable only to any third party who transacted business with the purported limited partnership before the certificate is filed and who reasonably believed that the person was a general partner at the time of the transaction.

SEC. 14. Section 15534 of the Corporations Code is amended to read:

15534. (a) Upon the request of a limited partner, the general partners shall promptly deliver to the limited partner, at the expense of the partnership, a copy of the information required to be maintained by subdivision (a), (b), or (d) of Section 15515.

(b) Each limited partner has the right upon reasonable request to each of the following:

(1) Inspect and copy during normal business hours any of the partnership records required to be maintained by Section 15515.

(2) Obtain from the general partners, promptly after becoming available, a copy of the limited partnership's federal, state and local income tax or information returns for each year.

(c) In the case of any limited partnership with more than 35 limited partners:

(1) The general partners shall cause an annual report to be sent to each of the partners not later than 120 days after the close of the fiscal year. That report shall contain a balance sheet as of the end of the fiscal year and an income statement and statement of changes in financial position for the fiscal year.

(2) Limited partners representing at least 5 percent of the interests of limited partners may make a written request to a general partner for an income statement of the limited partnership for the initial three-month, six-month, or nine-month period of the current fiscal year ended more than 30 days prior to the date of the request and a balance sheet of the partnership as of the end of that period. The statement shall be delivered or mailed to the limited partners within 30 days thereafter.

(3) The financial statements referred to in this section shall be accompanied by the report thereon, if any, of the independent accountants engaged by the partnership or, if there is no such report, the certificate of a general partner of the partnership that such financial statements were prepared without audit from the books and records of the limited partnership.

(d) The general partners shall promptly furnish to a limited partner a copy of any amendment to the partnership agreement executed by a general partner pursuant to a power of attorney from the limited partner.

(f) In addition to any other remedies, a court of competent jurisdiction may enforce the duty of making and mailing or delivering the information and financial statements required by this section and, for good cause shown, may extend the time therefor.

(g) In any action under this section, if the court finds the failure of the partnership to comply with the requirements of this section to have been without justification, the court may award an amount sufficient to reimburse the partners bringing the action for the reasonable expenses incurred by the partners, including attorneys' fees, in connection with the action or proceeding.

(h) Any waiver by a partner of the rights provided in this section shall be unenforceable.

SEC. 15. Section 15535 of the Corporations Code is amended to read:

(b) If the answer of the limited partnership is not received within 30 days of the date the notice was transmitted, or if the answer is not satisfactory, and if the enforcement of the rights of the aggrieved persons by private civil action, by class action or otherwise, would be so burdensome or expensive as to be impracticable, the Attorney General may institute, maintain, or intervene in their suits, actions or proceedings in any court of competent jurisdiction or before any administrative agency for relief by way of injunction, the dissolution of entities, the appointment of receivers, or any other temporary, preliminary, provisional, or final remedies as may be appropriate to protect the rights of partners or to restore the position of the partners for the failure to comply with the requirements of Section 15534 or the partnership agreement. In any such action, suit, or proceeding there may be joined as parties all persons and entities responsible for or affected by the activity.

SEC. 16. Section 15536 of the Corporations Code is amended to read:

15536. The rights and duties of the partners in relation to the limited partnership shall be determined, subject to any provision in the partnership agreement to the contrary, by the following rules:

(a) No limited partner shall be required to make any additional contribution to the limited partnership.

(b) No limited partner shall have a priority over any other limited partner, as to return of contributions or as to compensation as a limited partner by way of income.

(c) The obligation of a partner to make a contribution or return money or property distributed in violation of this chapter may be compromised only by the written consent of all the partners.

(d) No limited partner shall have the right to receive property other than money upon any distribution.

(e) A partner may not be compelled to accept a distribution of any asset in kind from a limited partnership in lieu of a proportionate distribution of money being made to other partners.

(f) The limited partners shall have the right to vote on all matters specified in subparagraphs (A) to (H), inclusive, of paragraph (5) of subdivision (b) of Section 15532 and the actions specified therein may be taken by the general partners only with the affirmative vote of a majority in interest of the limited partners. The limited partners shall also have the right to vote on matters specified in subparagraph (I) of paragraph (5) of subdivision (b) of Section 15532 and that action may only be taken by the affirmative vote of all of the limited partners.

SEC. 17. Section 15537 of the Corporations Code is amended to read:

15537. (a) Meetings of partners may be held at any place within or without this state as may be stated in or fixed in accordance with the partnership agreement. If no other place is stated or so fixed, partners' meetings shall be held at the principal executive office of the partnership, or if the principal executive office is not in this state, at the street address of an office in this state as set forth in the certificate.

(b) A meeting of the partners may be called by the general partners or by limited partners representing more than 10 percent of the interests of limited partners for any matters on which the limited partners may vote.

(c) (1) Whenever partners are required or permitted to take any action at a meeting, a written notice of the meeting shall be given not less than 10, nor more than 60, days before the date of the meeting to each partner entitled to vote at the meeting. The notice shall state the place, date, and hour of the meeting and the general nature of the business to be transacted, and no other business may be transacted.

(2) Notice of a partners' meeting or any report shall be given either personally or by mail or other means of written communication, addressed to the partner at the address of the partner appearing on the books of the partnership or given by the partner to the partnership for the purpose of notice, or, if no address appears or is given, at the place where the principal executive office of the partnership is located or by publication at least once in a newspaper of general circulation in the county in which the principal executive office is located. The notice or report shall be deemed to

have been given at the time when delivered personally or deposited in the mail or sent by other means of written communication. An affidavit of mailing of any notice or report in accordance with the provisions of this article, executed by a general partner, shall be prima facie evidence of the giving of the notice or report.

If any notice or report addressed to the partner at the address of the partner appearing on the books of the partnership is returned to the partnership by the United States Postal Service marked to indicate that the United States Postal Service is unable to deliver the notice or report to the partner at the address, all future notices or reports shall be deemed to have been duly given without further mailing if they are available for the partner at the principal executive office of the partnership for a period of one year from the date of the giving of the notice or report to all other partners.

(3) Upon written request to the general partners by any person entitled to call a meeting of partners, the general partners immediately shall cause notice to be given to the partners entitled to vote that a meeting will be held at a time requested by the person calling the meeting, not less than 10, nor more than 60, days after the receipt of the request. If the notice is not given within 20 days after receipt of the request, the person entitled to call the meeting may give the notice or the superior court of the proper county shall summarily order the giving of the notice, after notice to the partnership giving it an opportunity to be heard. The procedure provided in subdivision (c) of Section 305 of the Corporations Code shall apply to the application. The court may issue any order as may be appropriate, including, without limitation, an order designating the time and place of the meeting, the record date for determination of partners entitled to vote, and the form of notice.

(d) When a partners' meeting is adjourned to another time or place, unless the partnership agreement otherwise requires and, except as provided in this subdivision, notice need not be given of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken. At the adjourned meeting the partnership may transact any business which might have been transacted at the original meeting. If the adjournment is for more than 45 days or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each partner of record entitled to vote at the meeting.

(e) The transactions of any meeting of partners, however called and noticed, and wherever held, are as valid as though had at a meeting duly held after regular call and notice, if a quorum is present either in person or by proxy, and if, either before or after the meeting, each of the persons entitled to vote, not present in person or by proxy, signs a written waiver of notice or a consent to the holding of the meeting or an approval of the minutes thereof. All waivers, consents, and approvals shall be filed with the partnership records or made a part of the minutes of the meeting. Attendance

of a person at a meeting shall constitute a waiver of notice of the meeting, except when the person objects, at the beginning of the meeting to the transaction of any business because the meeting is not lawfully called or convened and except that attendance at a meeting is not a waiver of any right to object to the consideration of matters required by this chapter to be included in the notice but not so included, if the objection is expressly made at the meeting. Neither the business to be transacted at nor the purpose of any meeting of partners need be specified in any written waiver of notice, unless otherwise provided in the partnership agreement, except as provided in subdivision (f).

(f) Any partner approval at a meeting, other than unanimous approval by those entitled to vote, pursuant to paragraph (5) of subdivision (b) of Section 15532 shall be valid only if the general nature of the proposal so approved was stated in the notice of meeting or in any written waiver of notice.

(g) (1) Unless otherwise provided in the partnership agreement, a majority in interest of the limited partners represented in person or by proxy shall constitute a quorum at a meeting of partners.

(2) The partners present at a duly called or held meeting at which a quorum is present may continue to transact business until adjournment notwithstanding the withdrawal of enough partners to leave less than a quorum, if any action taken (other than adjournment) is approved by the requisite percentage of interests of limited partners specified in this chapter or in the partnership agreement.

(3) In the absence of a quorum, any meeting of partners may be adjourned from time to time by the vote of a majority of the interests represented either in person or by proxy, but no other business may be transacted, except as provided in paragraph (2).

(h) Unless otherwise provided in the partnership agreement, any action which may be taken at any meeting of the partners may be taken without a meeting if a consent in writing, setting forth the action so taken, shall be signed by partners having not less than the minimum number of votes that would be necessary to authorize or take that action at a meeting at which all entitled to vote thereon were present and voted. In the event the limited partners are requested to consent on a matter without a meeting, each partner shall be given notice of the matter to be voted upon in the same manner as described in subdivision (c). In the event any general partner, or limited partners representing more than 10 percent of the interests of the limited partners, request a meeting for the purpose of discussing or voting on the matter, the notice of a meeting shall be given in accordance with subdivision (c) and no action shall be taken until the meeting is held. Unless delayed in accordance with the provisions of the preceding sentence, any action taken without a meeting will be effective 15 days after the required minimum number of voters have signed the consent, however, the action will be effective immediately if all general partners and limited partners

representing at least 90 percent of the interests of the limited partners have signed the consent.

(i) The use of proxies in connection with this section will be governed in the same manner as in the case of corporations formed under the General Corporation Law.

(j) In order that the limited partnership may determine the partners entitled to notices of any meeting or to vote, or entitled to receive any distribution or to exercise any rights in respect of any other lawful action, the general partners, or limited partners representing more than 10 percent of the interests of limited partners, may fix, in advance, a record date, which is not more than 60 nor less than 10 days prior to the date of the meeting nor more than 60 days prior to any other action. If no record date is fixed:

(1) The record date for determining partners entitled to notice of or to vote at a meeting of partners shall be at the close of business on the business day next preceding the day on which notice is given or, if notice is waived, at the close of business on the business day next preceding the day on which the meeting is held.

(2) The record date for determining partners entitled to give consent to partnership action in writing without a meeting shall be the day on which the first written consent is given.

(3) The record date for determining partners for any other purpose shall be at the close of business on the day on which the general partners adopt it, or the 60th day prior to the date of the other action, whichever is later.

(4) The determination of partners of record entitled to notice of or to vote at a meeting of partners shall apply to any adjournment of the meeting unless the general partners, or the limited partners who called the meeting, fix a new record date for the adjourned meeting, but the general partners, or the limited partners who called the meeting, shall fix a new record date if the meeting is adjourned for more than 45 days from the date set for the original meeting.

SEC. 39. Section 15602 of the Corporations Code is amended to read:

15602. (a) No action may be instituted or maintained in right of any domestic or foreign limited partnership by any partner of the limited partnership unless both of the following conditions exist:

(1) The plaintiff alleges in the complaint that plaintiff was a partner of record or beneficially, at the time of the transaction or any part thereof of which plaintiff complains or that plaintiff's interest thereafter devolved upon plaintiff by operation of law from a partner who was a partner at the time of the transaction or any part thereof complained of. Any partner who does not meet these requirements may nevertheless be allowed in the discretion of the court to maintain the action on a preliminary showing to and determination

by the court, by motion and after a hearing at which the court shall consider any evidence, by affidavit or testimony, as it deems material, that (A) there is a strong prima facie case in favor of the claim asserted on behalf of the limited partnership, (B) no other similar action has been or is likely to be instituted, (C) the plaintiff acquired the interest before there was disclosure to the public or to the plaintiff of the wrongdoing of which plaintiff complains, (D) unless the action can be maintained the defendant may retain a gain derived from defendant's willful breach of a fiduciary duty, and (E) the requested relief will not result in unjust enrichment of the limited partnership or any partner of the limited partnership.

(2) The plaintiff alleges in the complaint with particularity plaintiff's efforts to secure from the general partners such action as plaintiff desires or the reasons for not making that effort, and alleges further that plaintiff has either informed the limited partnership or the general partners in writing of the ultimate facts of each cause of action against each defendant or delivered to the limited partnership or the general partners a true copy of the complaint which plaintiff proposes to file.

(b) In any action referred to in subdivision (a), at any time within 30 days after service of summons upon the limited partnership or upon any defendant who is a general partner of the limited partnership or held that position at the time of the acts complained of, the limited partnership or the defendant may move the court for an order, upon notice and hearing, requiring the plaintiff to furnish security as hereinafter provided. The motion shall be based upon one or both of the following grounds:

(1) That there is no reasonable possibility that the prosecution of the cause of action alleged in the complaint against the moving party will benefit the limited partnership or its partners.

(2) That the moving party, if other than the limited partnership, did not participate in the transaction complained of in any capacity. The court on application of the limited partnership or any defendant may, for good cause shown, extend the 30-day period for an additional period not exceeding 60 days.

(c) At the hearing upon any motion pursuant to subdivision (b), the court shall consider evidence, written or oral, by witnesses or affidavit, as may be material (1) to the ground upon which the motion is based, or (2) to a determination of the probable reasonable expenses, including attorneys' fees, of the limited partnership and the moving party which will be incurred in the defense of the action. If the court determines after hearing the evidence adduced by the parties, that the moving party has established a probability in support of any of the grounds upon which the motion is based, the court shall fix the nature and amount of security, not to exceed fifty thousand dollars ($50,000), to be furnished by the plaintiff for reasonable expenses, including attorneys' fees, which may be incurred by the moving party and the limited partnership in connection with the action. A ruling by the court on the motion shall not be a

determination of any issue in the action or of the merits thereof. The amount of the security may thereafter be increased or decreased in the discretion of the court upon a showing that the security provided has or may become inadequate or is excessive, but the court may not in any event increase the total amount of the security beyond fifty thousand dollars ($50,000) in the aggregate for all defendants. If the court, upon any such motion, makes a determination that security shall be furnished by the plaintiff as to any one or more defendants, the action shall be dismissed as to such defendant or defendants, unless the security required by the court shall have been furnished within any reasonable time as may be fixed by the court. The limited partnership and the moving party shall have recourse to the security in such amount as the court shall determine upon the termination of the action.

(d) If the plaintiff shall, either before or after a motion is made pursuant to subdivision (b), or any order or determination pursuant to such motion, post good and sufficient bond or bonds in the aggregate amount of fifty thousand dollars ($50,000) to secure the reasonable expenses of the parties entitled to make the motion, the plaintiff has complied with the requirements of this section and with any order for security theretofore made pursuant hereto, and any such motion then pending shall be dismissed and no further or additional bond or other security shall be required.

(e) If a motion is filed pursuant to subdivision (b), no pleadings need be filed by the limited partnership or any other defendant and the prosecution of the action shall be stayed until 10 days after the motion has been disposed of.

SEC. 40. Section 15612 of the Corporations Code is amended to read:

parties.

15613. (a) A foreign limited partnership existing on the effective date shall not be subject to the limitations of subdivision (c) of Section 15512 if a certificate of registration referred to in Section 15593 is issued prior to January 1, 1985.

(b) The provisions of subdivision (b) of Section 15597 shall not be operative until January 1, 1985.

SEC. 44. Section 8 of Chapter 807 of the Statutes of 1981 is amended to read:

Sec. 8. This act shall become operative on January 1, 1984.

The people of the State of California do enact as follows:

SECTION 1. Chapter 2 (commencing with Section 995.010) is added to Title 14 of Part 2 of the Code of Civil Procedure, to read:

CHAPTER 2. BONDS AND UNDERTAKINGS

Article 1. Preliminary Provisions and Definitions

995.010. This chapter shall be known and may be cited as the Bond and Undertaking Law.

995.020. (a) The provisions of this chapter apply to a bond or undertaking executed, filed, posted, furnished, or otherwise given as security pursuant to any statute of this state, except to the extent the statute prescribes a different rule or is inconsistent.

(b) The provisions of this chapter apply to a bond or undertaking given at any of the following times:

(1) On or after January 1, 1983.

(2) Before January 1, 1983, to the extent another surety is substituted for the original surety on or after January 1, 1983, or to the extent the principal gives a new, additional, or supplemental bond or undertaking on or after January 1, 1983.

(c) The provisions of this chapter do not apply to a bail bond or an undertaking of bail.

995.030. If service of a notice, paper, or other document is required under this chapter, service shall be made in the same manner as service of process in civil actions generally.

995.040. An affidavit made under this chapter shall conform to the standards prescribed for an affidavit made pursuant to Section 437c.

995.050. The times provided in this chapter, or in any other statute relating to a bond given in an action or proceeding, may be extended pursuant to Sections 1054 and 1054.1.

995.110. Unless the provision or context otherwise requires, the definitions in this article govern the construction of this chapter.

995.120. (a) "Admitted surety insurer" means a corporate insurer or a reciprocal or interinsurance exchange to which the Insurance Commissioner has issued a certificate of authority to transact surety insurance in this state, as defined in Section 105 of the Insurance Code.

(b) For the purpose of application of this chapter to a bond given pursuant to any statute of this state, the phrases "admitted surety insurer," "authorized surety company," "bonding company," "corporate surety," and comparable phrases used in the statute mean "admitted surety insurer" as defined in this section.

995.130. (a) "Beneficiary" means the person for whose benefit a bond is given, whether executed to, in favor of, in the name of, or payable to the person as an obligee.

(c) For the purpose of application of this chapter to a bond given pursuant to any statute of this state, the terms "beneficiary," "obligee," and comparable terms used in the statute mean "beneficiary" as defined in this section.

995.140. (a) "Bond" includes both of the following:

(1) A surety, indemnity, fiduciary, or like bond executed by both the principal and sureties.

(2) A surety, indemnity, fiduciary, or like undertaking executed

by the sureties alone.

(b) A bond provided for or given "in an action or proceeding" does not include a bond provided for, or given as, a condition of a license or permit.

995.150. "Court" means, if a bond is given in an action or proceeding, the court in which the action or proceeding is pending.

995.160. "Officer" means the sheriff, marshal, constable, clerk of court, judge or magistrate (if there is no clerk), board, commission, department, or other public official or entity to whom the bond is given or with whom a copy of the bond is filed or who is required to determine the sufficiency of the sureties or to approve the bond.

995.170. (a) "Principal" means the person who gives a bond.

(b) For the purpose of application of this chapter to a bond given pursuant to any statute of this state, the terms "obligor," "principal," and comparable terms used in the statute mean "principal" as defined in this section.

995.180. "Statute" includes administrative regulation promulgated pursuant to statute.

995.185. (a) "Surety" has the meaning provided in Section 2787 of the Civil Code and includes personal surety and admitted surety insurer.

995.190. "Undertaking" means a surety, indemnity, fiduciary, or like undertaking executed by the sureties alone.

Article 2. General Provisions

995.210. Unless the provision or context otherwise requires:

(a) If a statute provides for a bond, an undertaking that otherwise satisfies the requirements for the bond may be given in its place with the same effect as if a bond were given, and references in the statute to the bond shall be deemed to be references to the undertaking.

(b) If a statute provides for an undertaking, a bond that otherwise satisfies the requirements for the undertaking may be given in its place with the same effect as if an undertaking were given, and references in the statute to the undertaking shall be deemed to be references to the bond.

995.220. Notwithstanding any other statute, if a statute provides for a bond in an action or proceeding, including but not limited to a bond for issuance of a restraining order or injunction, appointment of a receiver, or stay of enforcement of a judgment on appeal, the following public entities and officers are not required to give the bond and shall have the same rights, remedies, and benefits as if the bond were given:

(a) The State of California or the people of the state, a state agency, department, division, commission, board, or other entity of

the state, or a state officer in an official capacity or on behalf of the state.

(b) A county, city, or district, or public authority, public agency, or other political subdivision in the state, or an officer of the local public entity in an official capacity or on behalf of the local public entity.

(c) The United States or an instrumentality or agency of the United States, or a federal officer in an official capacity or on behalf of the United States or instrumentality or agency.

995.230. The beneficiary of a bond given in an action or proceeding may in writing consent to the bond in an amount less than the amount required by statute or may waive the bond.

995.240. The court may, in its discretion, waive a provision for a bond in an action or proceeding and make such orders as may be appropriate as if the bond were given, if the court determines that the principal is unable to give the bond because the principal is indigent and is unable to obtain sufficient sureties, whether personal or admitted surety insurers. In exercising its discretion the court shall take into consideration all factors it deems relevant, including but not limited to the character of the action or proceeding, the nature of the beneficiary, whether public or private, and the potential harm to the beneficiary if the provision for the bond is waived.

995.250. If a statute allows costs to a party in an action or proceeding, the costs shall include all of the following:

(a) The premium on a bond reasonably paid by the party pursuant to a statute that provides for the bond in the action or proceeding.

(b) The premium on a bond reasonably paid by the party in connection with the action or proceeding, unless the court determines that the bond was unnecessary.

995.260. If a bond is recorded pursuant to statute, a certified copy of the record of the bond with all affidavits, acknowledgments, endorsements, and attachments may be admitted in evidence in an action or proceeding with the same effect as the original, without further proof.

Article 3. Execution and Filing

995.310. Unless the statute providing for the bond requires execution by an admitted surety insurer, a bond shall be executed by two or more sufficient personal sureties or by one sufficient admitted surety insurer or by any combination of sufficient personal sureties and admitted surety insurers.

995.320. (a) A bond shall be in writing signed by the sureties under oath and shall include all of the following:

(1) A statement that the sureties are jointly and severally liable on the obligations of the statute providing for the bond.

(2) The address at which the principal and sureties may be served with notices, papers, and other documents under this chapter.

(3) If the amount of the bond is based upon the value of property or an interest in property, a description of the property or interest, and the principal's estimate of the value of the property or interest, or if given pursuant to the estimate of the beneficiary or court, the value as so estimated.

(b) The sureties signing the bond are jointly and severally liable on the obligations of the bond, the provisions of this chapter, and the statute providing for the bond.

995.330. A bond or undertaking given in an action or proceeding may be in the following form:

"(Title of court. Title of cause.)

Whereas the . . . desires to give (a bond) (an undertaking) for (state what) as provided by (state sections of code requiring bond or undertaking); now, therefore, the undersigned (principal and) (sureties) (surety) hereby (obligate ourselves, jointly and severally) (obligates itself) to (name who) under the statutory obligations, in the amount of . . . dollars."

995.340. If a bond is given in an action or proceeding:

(a) The bond shall be filed with the court unless the statute providing for the bond requires that the bond be given to another person.

(b) If the statute providing for the bond requires that the bond be given to an officer, the officer shall file the bond with the court unless the statute providing for the bond otherwise provides.

(c) A bond filed with the court shall be preserved in the office of the clerk of the court.

995.350. (a) Upon the filing of a bond with the court in an action or proceeding, the clerk shall enter in the register of actions the following information:

(1) The date and amount of the bond.

(2) The names of the sureties on the bond.

(b) In the event of the loss of the bond, the entries in the register of actions are prima facie evidence of the giving of the bond in the manner required by statute.

995.360. A bond given in an action or proceeding may be withdrawn from the file and returned to the principal on order of the court only if one of the following conditions is satisfied:

(a) The beneficiary so stipulates.

(b) The bond is no longer in force and effect and the time during which the liability on the bond may be enforced has expired.

995.370. At the time a bond is given, the principal shall serve a copy of the bond on the beneficiary. An affidavit of service shall be given and filed with the bond.

995.380. (a) If a bond does not contain the substantial matter or conditions required by this chapter or by the statute providing for the bond, or if there are any defects in the giving or filing of the bond, the bond is not void so as to release the principal and sureties from liability.

(b) The beneficiary may, in proceedings to enforce the liability on

the bond, suggest the defect in the bond, or its giving or filing, and enforce the liability against the principal and the persons who intended to become and were included as sureties on the bond.

Article 4. Approval and Effect

995.410. (a) A bond becomes effective without approval unless the statute providing for the bond requires that the bond be approved by the court or officer.

(b) If the statute providing for a bond requires that the bond be approved, the court or officer may approve or disapprove the bond on the basis of the affidavit or certificate of the sureties or may require the attendance of witnesses and the production of evidence and may examine the sureties under oath touching their qualifications.

(c) Nothing shall be construed to preclude approval of a bond in an amount greater than that required by statute.

995.420. (a) Unless the statute providing for a bond provides that the bond becomes effective at a different time, a bond is effective at the time it is given or, if the statute requires that the bond be approved, at the time it is approved.

(b) If the statute providing for a bond provides that the bond becomes effective at a time other than the time it is given or approved, the bond is effective at the time provided unless an objection is made to the bond before that time. If an objection is made to a bond before the time provided, the bond becomes effective when the court makes an order determining the sufficiency of the bond.

995.430. A bond remains in force and effect until the earliest of the following events:

(a) The sureties withdraw from or cancel the bond or a new bond is given in place of the original bond.

(b) The purpose for which the bond was given is satisfied or the purpose is abandoned without any liability having been incurred.

(c) A judgment of liability on the bond that exhausts the amount of the bond is satisfied.

(d) The term of the bond expires. Unless the statute providing for the bond prescribes a fixed term, the bond is continuous.

995.440. A bond given as a condition of a license or permit shall be continuous in form, remain in full force and effect, and run concurrently with the license or permit period and any and all renewals, or until cancellation or withdrawal of the surety from the bond.

Article 5. Personal Sureties

995.510. (a) A personal surety on a bond is sufficient if all of the following conditions are satisfied:

(1) The surety is a person other than the principal. No officer of

the court or member of the State Bar shall act as a surety.

(2) The surety is a resident, and either an owner of real property or householder, within the state.

(3) The surety is worth the amount of the bond in real or personal property, or both, situated in this state, over and above all debts and liabilities, exclusive of property exempt from enforcement of a money judgment.

(b) If the amount of a bond exceeds ten thousand dollars ($10,000) and is executed by more than two personal sureties, the worth of a personal surety may be less than the amount of the bond, so long as the aggregate worth of all sureties executing the bond is twice the amount of the bond.

995.520. (a) A bond executed by personal sureties shall be accompanied by an affidavit of qualifications of each surety.

(b) The affidavit shall contain all of the following information:

(1) The name, occupation, residence address, and business address (if any) of the surety.

(2) A statement that the surety is a resident, and either an owner of real property or householder, within the state.

(3) A statement that the surety is worth the amount of the bond in real or personal property, or both, situated in this state, over and above all debts and liabilities, exclusive of property exempt from enforcement of a money judgment.

(c) If the amount of the bond exceeds five thousand dollars ($5,000), the affidavit shall contain, in addition to the information required by subdivision (b), all of the following information:

(1) A description sufficient for identification of real and personal property of the surety situated in this state and the nature of the surety's interest therein that qualifies the surety on the bond.

(2) The surety's best estimate of the fair market value of each item of property.

(3) A statement of any charge or lien and its amount, known to the surety, whether of public record or not, against any item of property.

(4) Any other impediment or cloud known to the surety on the free right of possession, use, benefit, or enjoyment of the property.

(d) If the amount of the bond exceeds ten thousand dollars ($10,000) and is executed by more than two sureties, the affidavit may state that the surety is worth less than the amount of the bond and the bond may stipulate that the liability of the surety is limited to the worth of the surety stated in the affidavit, so long as the aggregate worth of all sureties executing the bond is twice the amount of the bond.

Article 6. Admitted Surety Insurers

995.610. (a) If a statute provides for a bond with any number of sureties, one sufficient admitted surety insurer may become and shall be accepted as sole surety on the bond.

(b) The admitted surety insurer is subject to all the liabilities and entitled to all the rights of personal sureties.

995.620. Two or more admitted surety insurers may be sureties on a bond by executing the same or separate bonds for amounts aggregating the required amount of the bond. Each admitted surety insurer is jointly and severally liable to the extent of the amount of the liability assumed by it.

995.630. An admitted surety insurer shall not be accepted or approved by the court or officer as surety on a bond unless, and shall be accepted or approved by the court or officer without further acknowledgment if, all of the following conditions are satisfied:

(a) A copy of the transcript or record of the unrevoked appointment, power of attorney, bylaws, or other instrument, duly certified by the proper authority and attested by the seal of the insurer entitling or authorizing the person who executed the bond to do so for and in behalf of the insurer, is filed in the office of the clerk of the county in which the court or officer is located.

(b) The bond is executed in the name of the insurer under penalty of perjury or the fact of execution of the bond is duly acknowledged before an officer authorized to take and certify acknowledgments.

995.640. The county clerk of any county shall, upon request of any person, do any of the following:

(a) Issue a certificate stating whether the certificate of authority of an admitted surety issuer issued by the Insurance Commissioner authorizing the insurer to transact surety insurance, has been surrendered, revoked, canceled, annulled, or suspended, and in the event that it has, whether renewed authority has been granted. The county clerk in issuing the certificate shall rely solely upon the information furnished by the Insurance Commissioner pursuant to Article 2 (commencing with Section 12070) of Chapter 1 of Part 4 of Division 2 of the Insurance Code.

(b) Issue a certificate stating whether a copy of the transcript or record of the unrevoked appointment, power of attorney, bylaws, or other instrument, duly certified by the proper authority and attested by the seal of an admitted surety insurer entitling or authorizing the person who executed a bond to do so for and in behalf of the insurer, is filed in the office of the clerk.

995.650. If an objection is made to the sufficiency of an admitted surety insurer, the person making the objection shall attach to and incorporate in the objection one or both of the following:

(a) The certificate of the county clerk of the county in which the court is located stating that the insurer has not been certified to the county clerk by the Insurance Commissioner as an admitted surety insurer or that the certificate of authority of the insurer has been surrendered, revoked, canceled, annulled, or suspended and has not been renewed.

(b) An affidavit stating facts that establish the insufficiency of the insurer.

995.660. (a) If an objection is made to the sufficiency of an

admitted surety insurer on a bond or if the bond is required to be approved, the insurer shall submit to the court or officer the following documents:

(1) The original, or a certified copy, of the unrevoked appointment, power of attorney, bylaws, or other instrument entitling or authorizing the person who executed the bond to do so.

(2) A certified copy of the certificate of authority of the insurer issued by the Insurance Commissioner.

(3) A certificate from the county clerk of the county in which the court or officer is located that the certificate of authority of the insurer has not been surrendered, revoked, canceled, annulled, or suspended or, in the event that it has, that renewed authority has been granted.

(4) A financial statement of the assets and liabilities of the insurer at the end of the quarter calendar year prior to 30 days next preceding the date of the execution of the bond. The financial statement shall be made by an officers' certificate as defined in Section 173 of the Corporations Code. In the case of a foreign insurer the financial statement may, instead of an officers' certificate, be verified by the oath of the principal officer or manager residing within the United States.

(b) If the admitted surety insurer complies with subdivision (a) and if it appears that the bond was duly executed, that the insurer is authorized to transact surety insurance in the state, and that its assets exceed its liabilities in an amount equal to or in excess of the amount of the bond, the insurer is sufficient and shall be accepted or approved as surety on the bond, subject to Section 12090 of the Insurance Code.

Article 7. Deposit in Lieu of Bond

995.710. (a) Except to the extent the statute providing for a bond precludes a deposit in lieu of bond or limits the form of deposit, the principal may, instead of giving a bond, deposit with the officer any of the following:

(1) Lawful money of the United States. The money shall be maintained by the officer in an interest-bearing trust account.

(2) Bearer bonds or bearer notes of the United States or the State of California.

(3) Certificates of deposit payable to the officer, not exceeding the federally insured amount, issued by banks authorized to do business in this state and insured by the Federal Deposit Insurance Corporation or by savings and loan associations authorized to do business in this state and insured by the Federal Savings and Loan Insurance Corporation.

(4) Savings accounts assigned to the officer, not exceeding the federally insured amount, together with evidence of the deposit in the savings accounts with banks authorized to do business in this state and insured by the Federal Deposit Insurance Corporation.

(5) Investment certificates or share accounts assigned to the officer, not exceeding the federally insured amount, issued by savings and loan associations authorized to do business in this state and insured by the Federal Savings and Loan Insurance Corporation.

(6) Certificates for funds or share accounts assigned to the officer, not exceeding the guaranteed amount, issued by a credit union, as defined in Section 14002 of the Financial Code, whose share deposits are guaranteed by the National Credit Union Administration or guaranteed by any other agency approved by the Department of Corporations.

(b) The deposit shall be in an amount or have a face value, or in the case of bearer bonds or bearer notes have a market value, equal to or in excess of the amount that would be required to be secured by the bond if the bond were given by an admitted surety insurer.

(c) The deposit shall be accompanied by an agreement executed by the principal authorizing the officer to collect, sell, or otherwise apply the deposit to enforce the liability of the principal on the deposit. The agreement shall include the address at which the principal may be served with notices, papers, and other documents under this chapter.

995.720. (a) The market value of bearer bonds or bearer notes shall be agreed upon by stipulation of the principal and beneficiary or, if the bonds or notes are given in an action or proceeding and the principal and beneficiary are unable to agree, the market value shall be determined by court order in the manner prescribed in this section. A certified copy of the stipulation or court order shall be delivered to the officer at the time of the deposit of the bonds or notes.

(b) If the bonds or notes are given in an action or proceeding, the principal may file a written application with the court to determine the market value of the bonds or notes. The application shall be served upon the beneficiary and proof of service shall be filed with the application. The application shall contain all of the following:

(1) A specific description of the bonds or notes.

(2) A statement of the current market value of the bonds or notes as of the date of the filing of the application.

(3) A statement of the amount of the bonds or notes that the principal believes would be equal to the required amount of the deposit.

(c) The application pursuant to subdivision (b) shall be heard by the court not less than five days or more than 10 days after service of the application. If at the time of the hearing no objection is made to the current market value of the bonds or notes alleged in the application, the court shall fix the amount of the bonds or notes on the basis of the market value alleged in the application. If the beneficiary contends that the current market value of the bonds or notes is less than alleged in the application, the principal shall offer evidence in support of the application, and the beneficiary may offer evidence in opposition. At the conclusion of the hearing, the court

shall make an order determining the market value of the bonds or notes and shall fix and determine the amount of the bonds or notes to be deposited by the principal.

995.730. A deposit given instead of a bond has the same force and effect, is treated the same, and is subject to the same conditions, liability, and statutory provisions, including provisions for increase and decrease of amount, as the bond.

995.740. If no proceedings are pending to enforce the liability of the principal on the deposit, the officer shall:

(a) Pay quarterly, on demand, any interest on the deposit, when earned in accordance with the terms of the account or certificate, to the principal.

(b) Deliver to the principal, on demand, any interest coupons attached to bearer bonds or bearer notes as the interest coupons become due and payable, or pay annually any interest payable on the bonds or notes.

995.750. (a) The principal shall pay the amount of the liability on the deposit within 30 days after the date on which the judgment of liability becomes final.

(b) If the deposit was given to stay enforcement of a judgment on appeal, the principal shall pay the amount of the liability on the deposit, including damages and costs awarded against the principal on appeal, within 30 days after the filing of the remittitur from the appellate court in the court from which the appeal is taken.

995.760. (a) If the principal does not pay the amount of the liability on the deposit within the time prescribed in Section 995.750, the deposit shall be collected, sold, or otherwise applied to the liability upon order of the court that entered the judgment of liability, made upon five days' notice to the parties.

(b) Bearer bonds or bearer notes without a prevailing market price shall be sold at public auction. Notice of sale shall be served on the principal. Bearer bonds or bearer notes having a prevailing market price may be sold at private sale at a price not lower than the prevailing market price.

(c) The deposit shall be distributed in the following order:

(1) First, to pay the cost of collection, sale, or other application of the deposit.

(2) Second, to pay the judgment of liability of the principal on the deposit.

(3) Third, the remainder, if any, shall be returned to the principal.

995.770. A deposit given pursuant to this article shall be returned to the principal at the earliest of the following times:

(a) Upon substitution of a sufficient bond for the deposit. The bond shall be in full force and effect for all liabilities incurred, and for acts, omissions, or causes existing or which arose, during the period the deposit was in effect.

(b) The time provided by Section 995.360 for return of a bond.

(c) The time provided by statute for return of the deposit.

Article 8. Bonds to the State of California

995.810. The provisions of this article apply to a bond executed to, in favor of, in the name of, or payable to the State of California or the people of the state, including but not limited to an official bond.

995.820. Except as otherwise provided by statute, a bond given by an officer of the court for the faithful discharge of the officer's duties and obedience to the orders of the court shall be to the State of California.

995.830. If a statute or court order pursuant thereto providing for a bond does not specify the beneficiary of the bond, the bond shall be to the State of California.

995.840. If a bond under this article is given in an action or proceeding:

(a) The bond shall be approved by the court.

(b) Any party for whose benefit the bond is given may object to the bond.

995.850. (a) The liability on a bond under this article may be enforced by or for the benefit of, and in the name of, any and all persons for whose benefit the bond is given who are damaged by breach of the condition of the bond.

(b) A person described in subdivision (a) may, in addition to any other remedy the person has, enforce the liability on the bond in the person's own name, without assignment of the bond.

Article 9. Objections to Bonds

995.910. This article governs objections to a bond given in an action or proceeding.

995.920. The beneficiary may object to a bond on any of the following grounds:

(a) The sureties are insufficient.

(b) The amount of the bond is insufficient.

(c) The bond, from any other cause, is insufficient.

995.930. (a) An objection shall be in writing and shall be made by noticed motion. The notice of motion shall specify the precise grounds for the objection. If a ground for the objection is that the amount of the bond is insufficient, the notice of motion shall state the reason for the insufficiency and shall include an estimate of the amount that would be sufficient.

(b) The objection shall be made within 10 days after service of a copy of the bond on the beneficiary or such other time as is required by the statute providing for the bond.

(c) If no objection is made within the time required by statute, the beneficiary is deemed to have waived all objections except upon a showing of changed circumstances.

995.940. If a ground for the objection is that the value of property or an interest in property on which the amount of the bond is based exceeds the value estimated in the bond:

(a) The objection shall state the beneficiary's estimate of the market value of the property or interest in property.

(b) The principal may accept the beneficiary's estimate of the market value of the property or interest in property and immediately file an increased bond based on the estimate. In such case, no hearing shall be held on that ground for the objection, and the beneficiary is bound by the estimate of the market value of the property or interest in property.

995.950. (a) Unless the parties otherwise agree, the hearing on an objection shall be held not less than two or more than five days after service of the notice of motion.

(b) The hearing shall be conducted in such manner as the court determines is proper. The court may permit witnesses to attend and testify and evidence to be procured and introduced in the same manner as in the trial of a civil case.

(c) If the value of property or an interest in property is a ground for the objection, the court shall estimate its value. The court may appoint one or more disinterested persons to appraise property or an interest in property for the purpose of estimating its value.

995.960. (a) Upon the hearing, the court shall make an order determining the sufficiency or insufficiency of the bond.

(b) If the court determines that the bond is insufficient:

(1) The court shall specify in what respect the bond is insufficient and shall order that a bond with sufficient sureties and in a sufficient amount be given within five days. If a sufficient bond is not given within the time required by the court order, all rights obtained by giving the bond immediately cease and the court shall upon ex parte motion so order.

(2) If a bond is in effect, the bond remains in effect until a bond with sufficient sureties and in a sufficient amount is given in its place, or the time in which to give the bond has expired, whichever first occurs. If the time in which to give a sufficient bond expires, the original bond remains in full force and effect for all liabilities incurred before, and for acts, omissions, or causes existing or which arose before, expiration.

(c) If the court determines that a bond is sufficient, no future objection to the bond may be made except upon a showing of changed circumstances.

Article 10. Insufficient and Excessive Bonds

996.010. (a) If a bond is given in an action or proceeding, the court may determine that the bond is or has from any cause become insufficient because the sureties are insufficient or because the amount of the bond is insufficient.

(b) The court determination shall be upon motion supported by affidavit or upon the court's own motion. The motion shall be deemed to be an objection to the bond. The motion shall be heard and notice of motion shall be given in the same manner as an

objection to the bond.

(c) Upon the determination the court shall order that a sufficient new, additional, or supplemental bond be given within a reasonable time not less than five days. The court order is subject to any limitations in the statute providing for the bond.

(d) If a sufficient bond is not given within the time required by the court order, all rights obtained by giving the original bond immediately cease and the court shall upon ex parte motion so order.

996.020. (a) If a bond is given other than in an action or proceeding and it is shown by affidavit of a credible witness or it otherwise comes to the attention of the officer that the bond is or has from any cause become insufficient because the sureties are insufficient or because the amount of the bond is insufficient, the officer may serve an order on the principal to appear and show cause why the officer should not make a determination that the bond is insufficient. The order shall name a day not less than three or more than 10 days after service.

(b) If the principal fails to appear or show good cause on the day named why a determination that the bond is insufficient should not be made, the officer may determine that the bond is insufficient and order a sufficient new, additional, or supplemental bond to be given.

(c) If a sufficient bond is not given within 10 days after the order, the officer shall make an order vacating the rights obtained by giving the original bond, including declaring vacant any office and suspending or revoking any license or certificate for which the bond was given. Any office vacated, license suspended or revoked, or any other rights lost, for failure to give a new, additional, or supplemental bond, shall not be reinstated until a new, additional, or supplemental bond is given.

996.030. (a) The court if a bond is given in an action or proceeding, or the officer if a bond is given other than in an action or proceeding, may determine that the amount of the bond is excessive and order the amount reduced to an amount that in the discretion of the court or officer appears proper under the circumstances. The order is subject to any limitations in the statute providing for the bond.

(b) The determination shall be made upon motion or affidavit of the principal in the same manner as a motion or affidavit for a determination under this article that a bond is insufficient. The notice of motion or the order to show cause made pursuant to affidavit shall be served on the beneficiary. The determination shall be made in the same manner and pursuant to the same procedures as a determination under this article that the bond is insufficient.

(c) The principal may give a new bond for the reduced amount. The sureties may be the same sureties as on the original bond.

Article 11. Release or Substitution of Sureties on Bond Given in Action or Proceeding

996.110. (a) A surety on a bond given in an action or proceeding may at any time apply to the court for an order that the surety be released from liability on the bond.

(b) The principal on a bond may, if a surety applies for release from liability on a bond, apply to the court for an order that another surety be substituted for the original surety.

(c) The applicant shall serve on the principal or surety (other than the applicant) and on the beneficiary a copy of the application and a notice of hearing on the application. Service shall be made not less than 15 days before the date set for hearing.

996.120. Upon the hearing of the application, the court shall determine whether injury to the beneficiary would result from substitution or release of the surety. If the court determines that release would not reduce the amount of the bond or the number of sureties below the minimum required by the statute providing for the bond, substitution of a sufficient surety is not necessary and the court shall order the release of the surety. If the court determines that no injury would result from substitution of the surety, the court shall order the substitution of a sufficient surety within such time as appears reasonable.

996.130. (a) If a substitute surety is given, the substitute surety is subject to all the provisions of this chapter, including but not limited to the provisions governing insufficient and excessive bonds.

(b) Upon the substitution of a sufficient surety, the court shall order the release of the original surety from liability on the bond.

996.140. If the principal does not give a sufficient substitute surety within the time ordered by the court or such longer time as the surety consents to, all rights obtained by giving the original bond immediately cease and the court shall upon ex parte motion so order.

996.150. If a surety is ordered released from liability on a bond:

(a) The bond remains in full force and effect for all liabilities incurred before, and for acts, omissions, or causes existing or which arose before, the release. Legal proceedings may be had therefor in all respects as though there had been no release.

(b) The surety is not liable for any act, default, or misconduct of the principal or other breach of the condition of the bond that occurs after, or for any liabilities on the bond that arise after, the release.

(c) The release does not affect the bond as to the remaining sureties, or alter or change their liability in any respect.

Article 12. New, Additional, and Supplemental Bonds

996.210. (a) The principal shall give a new, additional, or supplemental bond if the court or officer orders that a new, additional, or supplemental bond be given.

(b) The principal may give a new bond if a surety withdraws from

or cancels the original bond or to obtain the release of sureties from liability on the original bond.

996.220. (a) A new, additional, or supplemental bond shall be in the same form and have the same obligation as the original bond and shall be in all other respects the same as the original bond, and shall be in such amount as is necessary for the purpose for which the new, additional, or supplemental bond is given.

(b) A supplemental bond shall, in addition to any other requirements, recite the names of the remaining original sureties, the name of the new surety, and the amount for which the new surety is liable. The supplemental bond shall be for the amount for which the original surety was liable on the original bond.

996.230. A new, additional, or supplemental bond is subject to all the provisions applicable to the original bond and to the provisions of this chapter, including but not limited to the provisions governing giving and objecting to a bond and liabilities and enforcement procedures.

996.240. If a new bond is given in place of the original bond:

(a) The original bond remains in full force and effect for all liabilities incurred before, and for acts, omissions, or causes existing or which arose before, the new bond became effective.

(b) The sureties on the original bond are not liable for any act, default, or misconduct of the principal or other breach of the condition of the bond that occurs after or for any liabilities on the bond that arise after, the new bond becomes effective.

996.250. (a) An additional or supplemental bond does not discharge or affect the original bond. The original bond remains in full force and effect as if the additional or supplemental bond had not been given.

(b) After an additional or supplemental bond is given, the principal and sureties are liable upon either or both bonds for injury caused by breach of any condition of the bonds. Subject to subdivision (c), the beneficiary may enforce the liability on either bond, or may enforce the liability separately on both bonds and recover separate judgments of liability on both.

(c) If the beneficiary recovers separate judgments of liability on both bonds for the same cause of action, the beneficiary may enforce both judgments. The beneficiary may collect, by execution or otherwise, the costs of both proceedings to enforce the liability and the amount actually awarded to the beneficiary on the same cause of action in only one of the proceedings, and no double recovery shall be allowed.

(d) If the sureties on either bond have been compelled to pay any sum of money on account of the principal, they are entitled to recover from the sureties on the remaining bond a distributive part of the sum paid, in the proportion the amounts of the bonds bear one to the other and to the sums paid.

Article 13. Cancellation of Bond or Withdrawal of Sureties

996.310. This article governs cancellation of or withdrawal of a surety from a bond given other than in an action or proceeding.

996.320. A surety may cancel or withdraw from a bond by giving a notice of cancellation or withdrawal to the officer to whom the bond was given in the same manner the bond was given, notwithstanding Section 995.030. The surety shall at the same time mail or deliver a copy of the notice of cancellation or withdrawal to the principal.

996.330. Cancellation or withdrawal of a surety is effective at the earliest of the following times:

(a) Thirty days after notice of cancellation or withdrawal is given.

(b) If a new surety is substituted for the original surety, the date the substitution becomes effective.

(c) If a new bond is given, the date the new bond becomes effective.

996.340. (a) If the principal does not give a new bond within 30 days after notice of cancellation or withdrawal is given, all rights obtained by giving the original bond immediately cease, any office for which the bond is given is vacant, any commission for which the bond is given is revoked, and any license for which the bond is given is suspended.

(b) A person whose license is suspended shall not operate or carry on business pursuant to the license during the period of suspension. A license that is suspended may be revived only by the giving of a new bond during the license period in which the cancellation or withdrawal occurred.

996.350. If the withdrawal of a surety does not reduce the amount of the bond or the number of sureties below the minimum required by the statute providing for the bond, no new bond is required or necessary to maintain the original bond in effect.

996.360. If a surety cancels or withdraws from a bond:

(a) The bond remains in full force and effect for all liabilities incurred before, and for acts, omissions, or causes existing or which arose before, the cancellation or withdrawal. Legal proceedings may be had therefor in all respects as though there had been no cancellation or withdrawal.

(b) The surety is not liable for any act, default, or misconduct of the principal or other breach of the condition of the bond that occurs after, or for any liabilities on the bond that arise after, the cancellation or withdrawal.

(c) The cancellation or withdrawal does not affect the bond as to the remaining sureties, or alter or change their liability in any respect.

Article 14. Liability of Principal and Sureties

996.410. (a) The beneficiary may enforce the liability on a bond against both the principal and sureties.

(b) If the beneficiary is a class of persons, any person in the class may enforce the liability on a bond in the person's own name, without assignment of the bond.

996.420. (a) A surety on a bond given in an action or proceeding submits itself to the jurisdiction of the court in all matters affecting its liability on the bond.

(b) This section does not apply to a bond of a public officer or fiduciary.

996.430. (a) The liability on a bond may be enforced by civil action. Both the principal and the sureties shall be joined as parties to the action.

(b) If the bond was given in an action or proceeding, the action shall be commenced in the court in which the action or proceeding was pending. If the bond was given other than in an action or proceeding, the action shall be commenced in any court of competent jurisdiction, and the amount of damage claimed in the action, not the amount of the bond, determines the jurisdiction of the court.

(c) A cause of action on a bond may be transferred and assigned as other causes of action.

996.440. (a) If a bond is given in an action or proceeding, the liability on the bond may be enforced on motion made in the court without the necessity of an independent action.

(b) The motion shall not be made until after entry of the final judgment in the action or proceeding in which the bond is given and the time for appeal has expired or, if an appeal is taken, until the appeal is finally determined. The motion shall not be made or notice of motion served more than one year after the later of the preceding dates.

(c) Notice of motion shall be served on the principal and sureties at least 30 days before the time set for hearing of the motion. The notice shall state the amount of the claim and shall be supported by affidavits setting forth the facts on which the claim is based. The notice and affidavits shall be served in accordance with any procedure authorized by Chapter 5 (commencing with Section 1010).

(d) Judgment shall be entered against the principal and sureties in accordance with the motion unless the principal or sureties serve and file affidavits in opposition to the motion showing such facts as may be deemed by the judge hearing the motion sufficient to present a triable issue of fact. If such a showing is made, the issues to be tried shall be specified by the court. Trial shall be by the court and shall be set for the earliest date convenient to the court, allowing sufficient time for such discovery proceedings as may be requested.

(e) The principal and sureties shall not obtain a stay of the

proceedings pending determination of any conflicting claims among beneficiaries.

996.450. No provision in a bond is valid that attempts by contract to shorten the period prescribed by Section 337 or other statute for the commencement of an action on the bond or the period prescribed by Section 996.440 for a motion to enforce a bond. This section does not apply if the principal, beneficiary, and surety accept a provision for a shorter period in a bond.

996.460. (a) Notwithstanding Section 2845 of the Civil Code, a judgment of liability on a bond shall be in favor of the beneficiary and against the principal and sureties and shall obligate each of them jointly and severally.

(b) The judgment shall be in an amount determined by the court.

(c) A judgment that does not exhaust the full amount of the bond decreases the amount of the bond but does not discharge the bond. The liability on the bond may be enforced thereafter from time to time until the amount of the bond is exhausted.

(d) The judgment may be enforced by the beneficiary directly against the sureties. Nothing in this section affects any right of subrogation of a surety against the principal or any right of a surety to compel the principal to satisfy the judgment.

996.470. (a) Notwithstanding any other statute, the aggregate liability of a surety to all persons for all breaches of the condition of a bond is limited to the amount of the bond. Except as otherwise provided by statute, the liability of the principal is not limited to the amount of the bond.

(b) If a bond is given in an amount greater than the amount required by statute or by order of the court or officer pursuant to statute, the liability of the surety on the bond is limited to the amount required by statute or by order of the court or officer, unless the amount of the bond has been increased voluntarily or by agreement of the parties to satisfy an objection to the bond made in an action or proceeding.

(c) The liability of a surety is limited to the amount stipulated in any of the following circumstances:

(1) The bond contains a stipulation pursuant to Section 995.520 that the liability of a personal surety is limited to the worth of the surety.

(2) The bond contains a stipulation that the liability of a surety is an amount less than the amount of the bond pursuant to a statute that provides that the liability of sureties in the aggregate need not exceed the amount of the bond.

996.480. (a) If the nature and extent of the liability of the principal is established by final judgment of a court and the time for appeal has expired or, if an appeal is taken, the appeal is finally determined and the judgment is affirmed:

(1) A surety may make payment on a bond without awaiting enforcement of the bond. The amount of the bond is reduced to the extent of any payment made by the surety in good faith.

(2) If the beneficiary makes a claim for payment on a bond given in an action or proceeding after the liability of the principal is so established and the surety fails to make payment, the surety is liable for costs incurred in obtaining a judgment against the surety, including a reasonable attorney's fee, and interest on the judgment from the date of the claim, notwithstanding Section 996.470.

(b) Partial payment of a claim by a surety shall not be considered satisfaction of the claim and the beneficiary may enforce the liability on the bond. If a right is affected or a license is suspended or revoked until payment of a claim, the right continues to be affected and the license continues to be suspended or revoked until the claim is satisfied in full.

996.490. (a) Payment by a surety of the amount of a bond constitutes a full discharge of all the liability of the surety on the bond.

(b) Each surety is liable to contribution to cosureties who have made payment in proportion to the amount for which each surety is liable.

996.495. A judgment of liability on a bond may be enforced in the same manner and to the same extent as other money judgments.

Article 15. Enforcement Lien

996.510. This article applies to proceedings for the benefit of the state to enforce the liability on a bond executed to, in favor of, or payable to the state or the people of the state, including but not limited to an official bond.

996.520. The person enforcing the liability may file with the court in the proceedings an affidavit stating the following:

(a) The bond was executed by the defendant or one or more of the defendants (designating whom).

(b) The bond is one to which this article applies.

(c) The defendant or defendants have real property or an interest in real property (designating the county or counties in which the real property is situated).

(d) The liability is being enforced for the benefit of the state.

996.530. The clerk receiving the affidavit shall certify to the recorder of the county in which the real property is situated all of the following:

(a) The names of the parties.

(b) The court in which the proceedings are pending.

(c) The amount claimed.

(d) The date of commencement of the proceedings.

996.540. (a) Upon receiving the certificate the county recorder shall endorse upon it the time of its receipt.

(b) The certificate shall be filed and recorded in the same manner as notice of the pendency of an action affecting real property.

996.550. (a) Any judgment recovered is a lien upon all real property belonging to the defendant situated in any county in which

the certificate is filed, from the filing of the certificate.

(b) The lien is for the amount for which the owner of the real property is liable upon the judgment.

996.560. If an agreement to sell real property affected by the lien created by the filing of a certificate was made before the filing of the certificate and the purchase price under the agreement was not due until after the filing of the certificate, and the purchaser is otherwise entitled to specific performance of the agreement:

(a) The court in an action to compel specific performance of the agreement shall order the purchaser to pay the purchase price, or so much of the purchase price as may be due, to the State Treasurer, and to take the State Treasurer's receipt for payment.

(b) Upon payment, the purchaser is entitled to enforcement of specific performance of the agreement. The purchaser takes the real property free from the lien created by the filing of the certificate.

(c) The State Treasurer shall hold the payment pending the proceedings referred to in the certificate. The payment is subject to the lien created by the filing of the certificate.

SEC. 2. The Judicial Council may prescribe the form of a bond or undertaking and other forms relating to bonds and undertakings given in an action or proceeding. A form prescribed by the Judicial Council is deemed to comply with Chapter 2 (commencing with Section 995.010) of Title 14 of Part 2 of the Code of Civil Procedure.

SEC. 3. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

CHAPTER 999

An act to amend Section 2112 of, and to add Sections 2114 and 2115 to, the Unemployment Insurance Code, relating to unemployment insurance.

[Approved by Governor September 13, 1982. Filed with Secretary of State September 14, 1982.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the misdemeanor penalties of the Unemployment Insurance Code are inadequate for two types of unemployment insurance fraud, and intends by this act to provide felony penalties for the following:

(a) Those situations where an employer, in order to subsidize its payroll, makes false reports regarding an employee's earning or work status and the employee claims unemployment insurance benefits

available pursuant to those false reports.

(b) Those situations where a person registers a fictitious employer with, or reports a fictitious employee to, the Employment Development Department and reports payment of fictitious wages for the purpose of establishing a claim for unemployment insurance or unemployment disability insurance benefits.

SEC. 2. Section 2112 of the Unemployment Insurance Code is amended to read:

2112. Unless otherwise specified in subdivision (b) of Section 2101 or in Section 2114 or 2115, every person who willfully violates any provision of this division or any authorized regulation promulgated or published in accordance with this division, is guilty of a misdemeanor.

SEC. 3. Section 2114 is added to the Unemployment Insurance Code, to read:

2114. Any individual who, with the intent to defraud, reports or registers a fictitious employer or fictitious employee, and fictitious wages, to the department in order to obtain benefits or increase any benefit or payment in an aggregate amount of four hundred dollars ($400) or more, whether for the maker or for any other person, is punishable by imprisonment in the county jail for a period not to exceed one year, or in the state prison, or by a fine of not more than five thousand dollars ($5,000), or both such fine and imprisonment.

SEC. 4. Section 2115 is added to the Unemployment Insurance Code, to read:

2115. Any employing unit or any officer or agent of an employing unit who, with the intent to defraud, falsely reports the amount of wages earned by an employee or who falsely reports the time period in which wages are earned by an employee for the purpose of obtaining or increasing any benefit amount for that employee, is punishable by imprisonment in the county jail not to exceed one year, or in the state prison, or by fine of not more than five thousand dollars ($5,000), or both such fine and imprisonment.

SEC. 5. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1000

An act to amend Section 45060 of the Education Code, relating to school district employees.

[Approved by Governor September 13, 1982. Filed with Secretary of State September 14, 1982.]

The people of the State of California do enact as follows:

SECTION 1. Section 45060 of the Education Code is amended to read:

45060. The governing board of each school district, when drawing an order for the salary payment due to a certificated employee of the district, shall with or without charge reduce the order by the amount which it has been requested in a revocable written authorization by the employee to deduct for the purpose of paying the dues of the employee for membership in any local professional organization or in any statewide professional organization, or in any other professional organization affiliated or otherwise connected with a statewide professional organization which authorizes such statewide organization to receive membership dues on its behalf and for the purpose of paying his or her pro rata share of the costs incurred by the district in making the deduction. No charge shall exceed the actual cost to the district of such dues deduction. Any revocation of a written authorization shall be in writing and shall be effective commencing with the next pay period.

Unless otherwise provided in an agreement negotiated pursuant to Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code, the governing board shall, no later than the 10th day of each pay period for certificated employees, draw its order upon the funds of the district in favor of the organization designated by the employee for an amount equal to the total of the dues deductions made with respect to that organization for the previous pay period and shall transmit the total amount to that organization no later than the 15th day of each pay period for certificated employees. When timely transmittal of dues payments by a county is necessary for a school district to comply with the provisions of this section, the county shall act in a timely manner. If the employees of a district do not authorize the board to make a deduction to pay their pro rata share of the costs of making deductions for the payment of dues, the board shall deduct from the amount transmitted to the organization on whose account the dues payments were deducted the actual costs of making the deduction.

The revocable written authorization shall remain in effect until expressly revoked in writing by the employee. Whenever there is a change in the amount required for the payment to the organization, the employee organization shall provide the employee with

adequate and necessary data on the change at a time sufficiently prior to the effective date of the change to allow the employee an opportunity to revoke the written authorization, if desired. The employee organization shall provide the public school employer with notification of the change at a time sufficiently prior to the effective date of the change to allow the employer an opportunity to make the necessary adjustments and with a copy of the notification of the change which has been sent to all concerned employees.

The governing board shall not require the completion of a new deduction authorization when a dues change has been effected or at any other time without the express approval of the concerned employee organization.

SEC. 2. Section 45060 of the Education Code is amended to read:

45060. Except as provided in Section 45061, the governing board of each school district, when drawing an order for the salary payment due to a certificated employee of the district, shall with or without charge reduce the order by the amount which it has been requested in a revocable written authorization by the employee to deduct for the purpose of paying the dues of the employee for membership in any local professional organization or in any statewide professional organization, or in any other professional organization affiliated or otherwise connected with a statewide professional organization which authorizes the statewide organization to receive membership dues on its behalf and for the purpose of paying his or her pro rata share of the costs incurred by the district in making the deduction. No charge shall exceed the actual cost to the district of the dues deduction. Any revocation of a written authorization shall be in writing and shall be effective commencing with the next pay period.

Unless otherwise provided in an agreement negotiated pursuant to Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code, the governing board shall, no later than the 10th day of each pay period for certificated employees, draw its order upon the funds of the district in favor of the organization designated by the employee for an amount equal to the total of the dues deductions made with respect to that organization for the previous pay period and shall transmit the total amount to that organization no later than the 15th day of each pay period for certificated employees. When timely transmittal of dues payments by a county is necessary for a school district to comply with the provisions of this section, the county shall act in a timely manner. If the employees of a district do not authorize the board to make a deduction to pay their pro rata share of the costs of making deductions for the payment of dues, the board shall deduct from the amount transmitted to the organization on whose account the dues payments were deducted the actual costs of making the deduction.

The revocable written authorization shall remain in effect until expressly revoked in writing by the employee. Whenever there is a change in the amount required for the payment to the organization, the employee organization shall provide the employee with

adequate and necessary data on the change at a time sufficiently prior to the effective date of the change to allow the employee an opportunity to revoke the written authorization, if desired. The employee organization shall provide the public school employer with notification of the change at a time sufficiently prior to the effective date of the change to allow the employer an opportunity to make the necessary adjustments and with a copy of the notification of the change which has been sent to all concerned employees.

The governing board shall not require the completion of a new deduction authorization when a dues change has been effected or at any other time without the express approval of the concerned employee organization.

SEC. 3. Section 45060 of the Education Code is amended to read:

45060. Except as provided in Section 45062, the governing board of each school district, when drawing an order for the salary payment due to a certificated employee of the district, shall with or without charge reduce the order by the amount which it has been requested in a revocable written authorization by the employee to deduct for the purpose of paying the dues of the employee for membership in any local professional organization or in any statewide professional organization, or in any other professional organization affiliated or otherwise connected with a statewide professional organization which authorizes the statewide organization to receive membership dues on its behalf and for the purpose of paying his or her pro rata share of the costs incurred by the district in making the deduction. No charge shall exceed the actual cost to the district of the dues deduction. Any revocation of a written authorization shall be in writing and shall be effective commencing with the next pay period.

Unless otherwise provided in an agreement negotiated pursuant to Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code, the governing board shall, no later than the 10th day of each pay period for certificated employees, draw its order upon the funds of the district in favor of the organization designated by the employee for an amount equal to the total of the dues deductions made with respect to that organization for the previous pay period and shall transmit the total amount to that organization no later than the 15th day of each pay period for certificated employees. When timely transmittal of dues payments by a county is necessary for a school district to comply with the provisions of this section, the county shall act in a timely manner. If the employees of a district do not authorize the board to make a deduction to pay their pro rata share of the costs of making deductions for the payment of dues, the board shall deduct from the amount transmitted to the organization on whose account the dues payments were deducted the actual costs of making the deduction.

The revocable written authorization shall remain in effect until expressly revoked in writing by the employee. Whenever there is a change in the amount required for the payment to the organization, the employee organization shall provide the employee with

adequate and necessary data on the change at a time sufficiently prior to the effective date of the change to allow the employee an opportunity to revoke the written authorization, if desired. The employee organization shall provide the public school employer with notification of the change at a time sufficiently prior to the effective date of the change to allow the employer an opportunity to make the necessary adjustments and with a copy of the notification of the change which has been sent to all concerned employees.

The governing board shall not require the completion of a new deduction authorization when a dues change has been effected or at any other time without the express approval of the concerned employee organization.

SEC. 4. Section 45060 of the Education Code is amended to read:

45060. Except as provided in Sections 45061 and 45062, the governing board of each school district, when drawing an order for the salary payment due to a certificated employee of the district, shall with or without charge reduce the order by the amount which it has been requested in a revocable written authorization by the employee to deduct for the purpose of paying the dues of the employee for membership in any local professional organization or in any statewide professional organization, or in any other professional organization affiliated or otherwise connected with a statewide professional organization which authorizes the statewide organization to receive membership dues on its behalf and for the purpose of paying his or her pro rata share of the costs incurred by the district in making the deduction. No charge shall exceed the actual cost to the district of the dues deduction. Any revocation of a written authorization shall be in writing and shall be effective commencing with the next pay period.

Unless otherwise provided in an agreement negotiated pursuant to Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code, the governing board shall, no later than the 10th day of each pay period for certificated employees, draw its order upon the funds of the district in favor of the organization designated by the employee for an amount equal to the total of the dues deductions made with respect to that organization for the previous pay period and shall transmit the total amount to that organization no later than the 15th day of each pay period for certificated employees. When timely transmittal of dues payments by a county is necessary for a school district to comply with the provisions of this section, the county shall act in a timely manner. If the employees of a district do not authorize the board to make a deduction to pay their pro rata share of the costs of making deductions for the payment of dues, the board shall deduct from the amount transmitted to the organization on whose account the dues payments were deducted the actual costs of making the deduction.

The revocable written authorization shall remain in effect until expressly revoked in writing by the employee. Whenever there is a change in the amount required for the payment to the organization,

the employee organization shall provide the employee with adequate and necessary data on the change at a time sufficiently prior to the effective date of the change to allow the employee an opportunity to revoke the written authorization, if desired. The employee organization shall provide the public school employer with notification of the change at a time sufficiently prior to the effective date of the change to allow the employer an opportunity to make the necessary adjustments and with a copy of the notification of the change which has been sent to all concerned employees.

The governing board shall not require the completion of a new deduction authorization when a dues change has been effected or at any other time without the express approval of the concerned employee organization.

SEC. 5. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

SEC. 6. It is the intent of the Legislature that if this bill and Assembly Bill 404 or Assembly Bill 2967, or both, are chaptered and become effective January 1, 1983, each of the bills amend Section 45060 of the Education Code, and this bill is chaptered last, that amendments proposed by each of the bills which are chaptered be given effect as follows:

(1) If this bill and Assembly Bill 404 are both chaptered and become effective January 1, 1983, both bills amend Section 45060 of the Education Code, but Assembly Bill 2967 is not chaptered or as chaptered does not amend that section, and this bill is chaptered after Assembly Bill 404, the amendments proposed by both bills shall be given effect and incorporated in Section 45060 in the form set forth in Section 2 of this act. Therefore, if this bill and Assembly Bill 404 are both chaptered and become effective January 1, 1983, both bills amend Section 45060, this bill is chaptered after Assembly Bill 404, and Assembly Bill 2967 is not chaptered or as chaptered does not amend that section, Sections 2 of this act shall be operative and Sections 1, 3, and 4 of this act shall not become operative.

(2) If this bill and Assembly Bill 2967 are both chaptered and become effective January 1, 1983, both bills amend Section 45060 of the Education Code, but Assembly Bill 404 is not chaptered or as chaptered does not amend that section, and this bill is chaptered after Assembly Bill 2967, the amendments proposed by both bills shall be given effect and incorporated in Section 45060 in the form set forth in Section 3 of this act. to which:

(1) The licensee may permit the borrower to obtain advances of money from the licensee from time to time or the licensee may advance money on behalf of the borrower from time to time as directed by the borrower.

(2) The amount of each advance and the charges and other permitted costs are debited to an account.

(3) The charges are computed from time to time on the unpaid balances of the borrower's account, excluding from the computation any unpaid charges other than permitted fees, costs and expenses.

(4) The borrower has the privilege of paying the account in full at any time or in monthly installments.

(b) Subject to the written approval of the commissioner of the licensee's plan of business for making open end loans as not being misleading or deceptive and subject to regulations the commissioner may promulgate with respect to open end loans under Section 22400, a licensee may make open end loans pursuant to this section and may contract for and receive thereon charges as set forth in Sections 22451, 22451.1, and 22454.1. These charges may be calculated on an amount not exceeding the greater of:

(1) The actual daily unpaid balances of the open end account in the billing cycle for which the charge is made, in which case one-thirtieth of the monthly rate may be charged for each day the unpaid balance is outstanding.

(2) The average daily unpaid balance of the open end account in the billing cycle for which the charge is made, which is the sum of the amount unpaid each day during that cycle divided by the number of days in that cycle. The amount unpaid on a day is determined by adding to any balance unpaid as of the beginning of that day all advances and other debits and deducting all payments and other credits made or received as of that day.

The billing cycle shall be monthly. A billing cycle is monthly if the closing date of the cycle is the same date each month or does not vary by more than four days from the regular date.

(c) No licensee shall enter into any agreement for an open end consumer loan that provides for a minimum monthly payment that would result in the full repayment of principal over more than the maximum periods set forth below opposite the respective size of loans.

Less than $1,500	24 months and 15 days
$1,500 but less than $2,500	36 months and 15 days

$4,000 but less than $6,000	60 months and 15 days
$6,000 but less than $10,000	84 months and 15 days

The minimum payment shall be determined by the amount of the initial loan advance and shall continue at that amount until a subse-

quent loan advance is made, at which time the minimum payment shall be determined by the amount of the unpaid balance of the loan after the advance and including the advance. Minimum payments after each advance shall be determined in the same manner.

(d) On open end loans the licensee may contract for and receive the fees, costs and expenses permitted on other loans, including those permitted by subdivisions (a), (b), (c), and (d) of Section 22458 and subdivision (d) of Section 22458.1, except that the charge for credit life insurance under Section 22458.1 shall be on a monthly basis and shall be actuarially consistent with the single premium rate for the same coverage approved or fixed by the Insurance Commissioner under Section 22458.1, or in accordance with a schedule of monthly rates filed with and not disapproved by the Commissioner of Insurance.

(e) A licensee may not take real property as security, in whole or in part, for an open end loan under this section.

(f) Sections 22454 and 22455 shall apply to open end loans with the following variations:
