CHAPTER 946

An act to amend Section 11479 of, and to add Section 11479.1 to, the Health and Safety Code, relating to chemicals.

[Approved by Governor September 20, 1983. Filed with Secretary of State September 20, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Section 11479 of the Health and Safety Code is amended to read:

11479. Notwithstanding the provisions of Sections 11474 and 11474.5, at any time after seizure by a law enforcement agency of a suspected controlled substance, that amount in excess of 10 pounds in gross weight may be destroyed without a court order by the chief of the law enforcement agency or a designated subordinate. Notwithstanding the provisions of Sections 11474 and 11474.5, at any time after seizure by a law enforcement agency of a suspected hazardous chemical believed to have been used or intended to have been used in the unlawful manufacture of controlled substances, that amount in excess of two fluid ounces if liquid, or two avoirdupois ounces if solid, and its container, may be disposed of without a court order by the chief of the law enforcement agency or a designated subordinate. Destruction shall not take place pursuant to this section until all of the following requirements are satisfied:

(a) At least five random and representative samples have been taken, for evidentiary purposes, from the total amount of suspected controlled substances to be destroyed.

(b) At least one 2-ounce sample has been taken from each suspected hazardous chemical to be destroyed.

(c) Photographs have been taken which reasonably demonstrate the total amount of the suspected controlled substance or container of the suspected hazardous chemical sampled and to be destroyed.

(d) The gross weight of the suspected controlled substance or suspected hazardous chemical has been determined, either by actually weighing the suspected controlled substance or suspected hazardous chemical, or by estimating such weight after dimensional measurement of the total suspected controlled substance or container of the suspected hazardous chemical. When the suspected controlled substance consists of growing or harvested plants, only a representative sample need to be retained for evidentiary purposes.

(e) The chief of the law enforcement agency has determined that it is not reasonably possible to preserve the suspected controlled substance in place, or to remove the suspected controlled substance to another location. In making this determination, the difficulty of transporting and storing the suspected controlled substance to another site and the storage facilities may be taken into consideration.

Subsequent to any destruction of a suspected controlled substance pursuant to this section, an affidavit shall be filed within 30 days in the court which has jurisdiction over any pending criminal proceedings pertaining to that suspected controlled substance, reciting the applicable information required by subdivisions (a), (b), (c), (d), and (e) together with information establishing the location of the suspected controlled substance, and specifying the date and time of the destruction. In the event that there are no criminal proceedings pending which pertain to that suspected controlled substance, the affidavit may be filed in any court within the county which would have jurisdiction over a person against whom such criminal charges might be filed.

Subsequent to any disposal of a suspected hazardous chemical and its container pursuant to this section, the law enforcement agency involved shall maintain records concerning the details of its compliance with, and reciting the applicable information required by, subdivisions (a), (b), (c), (d), and (e), together with the information establishing the location of the suspected hazardous chemical and its container, and specifying the date and time of the disposal.

A law enforcement agency responsible for the disposal of any hazardous chemical shall comply with the provisions of Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code, as well as all applicable state and federal laws and regulations.

For the purposes of this section, "hazardous chemical" means any material that is believed by the chief of the law enforcement agency to be toxic, carcinogenic, explosive, corrosive, or flammable, and that is believed by the chief of the law enforcement agency to have been used or intended to have been used in the unlawful manufacture of controlled substances.

SEC. 2. Section 11479.1 is added to the Health and Safety Code, to read:

11479.1. (a) Notwithstanding the provisions of Sections 11474, 11474.5, and 11479, at any time after seizure by a law enforcement agency and identification by a forensic chemist or criminalist of phencyclidine, or an analog thereof, that amount in excess of one gram of a crystalline substance containing phencyclidine or its analog, 10 milliliters of a liquid substance containing phencyclidine or its analog, two grams of plant material containing phencyclidine or its analog, or five hand-rolled cigarettes treated with phencyclidine or its analog, may be destroyed without a court order by the chief of the law enforcement agency or a designated subordinate. Destruction shall not take place pursuant to this section until all of the following requirements are satisfied:

(1) At least one gram of a crystalline substance containing phencyclidine or its analog, 10 milliliters of a liquid substance containing phencyclidine or its analog, two grams of plant material containing phencyclidine or its analog, or five hand-rolled cigarettes

treated with phencyclidine or its analog have been taken as samples from the phencyclidine or analog to be destroyed.

(2) Photographs have been taken which reasonably demonstrate the total amount of phencyclidine or its analog to be destroyed.

(3) The gross weight of the phencyclidine or its analog has been determined by actually weighing the phencyclidine or analog.

(b) Subsequent to any destruction of phencyclidine or its analog, an affidavit shall be filed within 30 days in the court which has jurisdiction over any pending criminal proceedings pertaining to that phencyclidine or its analog, reciting the applicable information required by paragraphs (1), (2), and (3) of subdivision (a), together with information establishing the location of the phencyclidine or analog and specifying the date and time of the destruction. In the event that there are no criminal proceedings pending which pertain to that phencyclidine or analog, the affidavit may be filed in any court within the county which would have jurisdiction over a person against whom such criminal charges might be filed.

SEC. 3. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 947

An act to amend Sections 1034 and 1036 of, and to add Section 1036.5 to, of the Penal Code, relating to criminal proceedings.

[Approved by Governor September 20, 1983 Filed with Secretary of State September 20, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 1034 of the Penal Code is amended to read:

1034. In a criminal action pending in a municipal or justice court, the court shall order a change of venue:

(1) On motion of the defendant, to another judicial district when it appears that there is a reasonable likelihood that a fair and impartial trial cannot be had in the judicial district. When a change of venue is ordered by a municipal or justice court, it shall be for the trial itself. All proceedings before trial shall occur in the judicial district of original venue, except when it is evident that a particular proceeding must be heard by the judge who is to preside over the trial.

(2) On its own motion or on motion of any party, to an adjoining

judicial district in the same county when it appears as a result of the exhaustion of all of the jury panels called that it will be impossible to secure a jury to try the cause in the judicial district or, when for the same reason it appears that it will be impossible to try the cause in any judicial district in the county, to a judicial district in an adjoining county.

SEC. 2. Section 1036 of the Penal Code is amended to read:

1036. Unless the court reserves jurisdiction to hear other pretrial motions, if a defendant is incarcerated and the court orders a change of venue to another county, the court shall direct the sheriff to deliver the defendant to the custody of the sheriff of such other county for the purpose of trial.

SEC. 7. Section 1036.5 is added to the Penal Code, to read:

1036.5. Following the resolution of pre-trial motions, and prior to the issuance of an order under Section 1036 or the transmittal of the case file for the purpose of trial to the court to which venue has been ordered transferred, the court may, upon its own motion or the motion of any party and on appropriate notice to the court to which venue has been transferred, set aside its order to change venue on the ground that the conditions which originally required the order to change venue, as set forth in Section 1033 or 1034, no longer apply.

CHAPTER 948

An act to amend Sections 11470, 11473, 11473.1, 11488, 11488.2, 11488.4, 11488.5, and 11488.6 of, to amend and renumber Sections 11498 and 11499 of, to add Sections 11473.2 and 11489 to, to repeal Sections 11488.3, 11490, 11491, 11491.1, 11491.2, 11491.3, 11491.4, 11491.5, 11491.6, 11491.7, 11493, 11493.1, 11494, 11495, 11495.1, and 11495.5 of, and to repeal and add Sections 11492 and 11493 to, the Health and Safety Code, relating to controlled substances.

11470. The following are subject to forfeiture:

(a) All controlled substances which have been manufactured, distributed, dispensed, or acquired in violation of this division.

(b) All raw materials, products and equipment of any kind which are used, or intended for use, in manufacturing, compounding, processing, delivering, importing, or exporting any controlled substance in violation of this division.

(e) The interest of any registered owner of a boat, airplane, or any vehicle other than an implement of husbandry, as defined in Section 36000 of the Vehicle Code, which has been used as an instrument to facilitate the possession for sale or sale of 28.5 grams or more of Schedule I controlled substances except marijuana, peyote or psilocybin; 10 pounds dry weight or more of marijuana, peyote or psilocybin; or 28.5 grams or more of any Schedule II controlled substances and the defendant has been convicted of a violation of Section 11351, 11352, 11353, 11359, 11360, 11361, 11378, 11378.5, 11379, 11379.5, or a conspiracy to commit any such violation and the vehicle was used in the commission of the crime for which the conviction was obtained. No interest in a vehicle which may be lawfully driven on the highway with a class 3 or class 4 license, as prescribed in Section 12804 of the Vehicle Code, may be forfeited under this subdivision if there is a community property interest in the vehicle by a person other than the defendant and the vehicle is the sole class 3 or class 4 vehicle available to the defendant's immediate family.

(f) All moneys, negotiable instruments, securities, or other things of value furnished or intended to be furnished by any person in exchange for a controlled substance in violation of Section 11351, 11352, 11355, 11359, 11360, 11378, 11378.5, 11379, 11379.5, or 11382 of this code, or Section 182 of the Penal Code, insofar as the offense involves manufacture, sale, possession for sale, offer for sale, or offer to manufacture, or conspiracy to commit at least one of those offenses, all proceeds traceable to such an exchange, and all moneys, negotiable instruments, and securities used or intended to be used to facilitate any violation of Section 11351, 11352, 11355, 11359, 11360, 11378, 11378.5, 11379, 11379.5, or 11382 of this code, or Section 182 of the Penal Code, insofar as the offense involves manufacture, sale, possession for sale, offer for sale or offer to manufacture, or conspiracy to commit at least one of those offenses, provided that the individual is arrested and convicted, for any of the offenses enumerated in this subdivision, and provided further that, the exchange, violation, or other conduct which is the basis for the forfeiture occurred within five years of the arrest leading to the conviction of any of the offenses enumerated in this subdivision.

SEC. 2. Section 11473 of the Health and Safety Code is amended to read:

11473. All seizures under provisions of this chapter, except seizures of vehicles, boats, or airplanes, as specified in subdivision (e) of Section 11470, or seizures of moneys, negotiable instruments, securities, or other things of value as specified in subdivision (f) of Section 11470, shall, upon conviction of the owner or defendant, be ordered destroyed by the court in which conviction was had.

SEC. 3. Section 11473.1 of the Health and Safety Code is amended to read:

11473.1. All seizures under provisions of this chapter of vehicles which may be lawfully driven upon the highway which a class 3 or class 4 license shall, upon conviction of the defendant, be ordered sold by the court in which conviction was had and the proceeds distributed pursuant to Section 11489.

SEC. 4. Section 11473.2 is added to the Health and Safety Code, to read:

11473.2. All seizures under provisions of this chapter of vehicles, boats, or airplanes, excluding vehicles which may be lawfully driven upon the highway with a class 3 or class 4 license, may, upon conviction of the defendant, be placed in the name of the law enforcement agency for use in its law enforcement program. A certified copy of the judgment of forfeiture issued by the court as a result of the proceeding, filed with the Department of Motor Vehicles, appropriate federal agency, or other appropriate registry, shall constitute authority for the government entity to convey clear title in its own name for use in its law enforcement program.

SEC. 5. Section 11488 of the Health and Safety Code is amended to read:

11488. (a) Any peace officer of this state, subsequent to making or attempting to make an arrest for a violation of Section 11351, 11352, 11355, 11359, 11360, 11378, 11378.5, 11379, 11379.5, or 11382 of this code, or Section 182 of the Penal Code insofar as the offense involves manufacture, sale, possession for sale or offer to manufacture or sell, or conspiracy to commit one of those offenses, may seize all moneys, negotiable instruments, securities, boats, vehicles, airplanes, or other things of value which the officer has probable cause to believe are forfeitable pursuant to subdivision (e) or (f) of Section 11470.

(b) The peace officer shall notify the Franchise Tax Board of a seizure where there is reasonable cause to believe that the value of the seized property exceeds five thousand dollars ($5,000).

(c) Receipts for property seized pursuant to this section shall be delivered to any person out of whose possession such property was seized, in accordance with Section 1412 of the Penal Code. In the event property seized was not seized out of anyone's possession, receipt for the property shall be delivered to the individual in possession of the premises at which the property was seized.

(d) There shall be a presumption affecting the burden of proof that the person to whom a receipt for property was issued is the owner thereof. This presumption may, however, be rebutted at the forfeiture hearing specified in Section 11488.5.

SEC. 6. Section 11488.2 of the Health and Safety Code is amended to read:

11488.2. Within 15 days after the seizure, if the peace officer does not hold the property seized pursuant to Section 11488 for evidence or if the law enforcement agency for which such person is employed does not initiate forfeiture proceedings pursuant to Section 11488.1, the officer shall comply with any notice to withhold issued with

respect to the property by the Franchise Tax Board. If no notice to withhold has been issued with respect to the property by the Franchise Tax Board, the officer shall return the property to the individual designated in the receipt therefor or if the property is a vehicle, boat, or airplane, it shall be returned to the registered owner.

SEC. 7. Section 11488.3 of the Health and Safety Code is repealed.

SEC. 8. Section 11488.4 of the Health and Safety Code is amended to read:

11488.4. (a) If the Department of Justice or the local governmental entity determines that the factual circumstances do warrant that the moneys, negotiable instruments, securities, or other things of value seized come within the provisions of subdivision (e) or (f) of Section 11470, the Attorney General or district attorney shall file a petition of forfeiture with the superior court of the county in which the defendant has been charged with the underlying criminal offense.

(b) The prosecuting attorney shall cause to be recorded a lis pendens on any real property alleged to be forfeitable in the petition in the county in which the property is located.

(c) Physical seizure of assets shall not be necessary in order to have that particular asset alleged to be forfeitable in a petition under this section. The prosecuting attorney may seek protective orders for any asset pursuant to Section 11492.

(d) The Attorney General or district attorney shall make service of process regarding this petition upon every individual designated in a receipt issued for the property seized. In addition, the Attorney General or district attorney shall cause a notice of the seizure and of the intended forfeiture proceeding, as well as a notice stating that any interested party may file a verified claim with the superior court of the county in which the property was seized with respect to any interest in the property seized, to be served by personal delivery or by registered mail upon any person who has an interest in the seized property other than persons designated in a receipt issued for the property seized.

(e) An investigation shall be made by the law enforcement agency as to any claimant to a vehicle, boat, or airplane whose right, title, interest, or lien is of record in the Department of Motor Vehicles or appropriate federal agency. If the law enforcement agency finds that any person, other than the registered owner, is the legal owner thereof, and such ownership did not arise subsequent to the date and time of arrest or seizure of the vehicle, boat, or airplane, it shall forthwith send a notice of the seizure to such legal owner at his or her address appearing on the records of the Department of Motor Vehicles or appropriate federal agency.

(f) When a forfeiture action is filed, the notices shall be published once a week for three successive weeks in a newspaper of general circulation in the county where the seizure was made.

(g) All notices shall set forth the time within which a claim of

interest in the property seized is required to be filed pursuant to Section 11488.5.

(h) Nothing contained in this chapter shall preclude a defendant from moving for a return of property pursuant to Section 1538.5 of the Penal Code.

(i) A defendant may move for the return of the property on the grounds that there is not probable cause to believe that the property is forfeitable pursuant to subdivision (e) or (f) of Section 11470. The motion may be made at the preliminary examination or subsequent thereto. If made subsequent to the preliminary examination, the district attorney may submit the record of the preliminary hearing to establish that probable cause exists to believe that the underlying criminal violations have occurred.

Within 15 days after a defendant's motion is granted, the people may file a petition for a writ of mandate or prohibition seeking appellate review of the ruling.

(j) If the defendant is found guilty of the underlying criminal offense, the issue of forfeiture shall be tried before the same jury, if trial was by jury, or tried before the same court, if trial was by court, unless waived by all parties. At the hearing, the state or local governmental entity shall have the burden of proving beyond a reasonable doubt that the assets in question are subject to forfeiture pursuant to Section 11470.

SEC. 9. Section 11488.5 of the Health and Safety Code is amended to read:

11488.5. (a) (1) Any person claiming an interest in the property seized pursuant to Section 11488 may, at any time within 30 days from the date of the first publication of the notice of seizure, or within 10 days after receipt of actual notice, file with the superior court of the county in which the defendant has been charged with the underlying criminal offense a verified claim stating his or her interest in the property seized. A verified copy of the claim shall be given by the claimant to the Attorney General or district attorney, as appropriate.

(2) Any person who claims that the property was assigned to him or to her prior to the seizure of the property under this chapter shall file a claim with the court pursuant to Section 11488.5 declaring an interest in that property and such interest shall be adjudicated at the forfeiture hearing. The property shall remain under control of the law enforcement or prosecutorial agency until the adjudication of the forfeiture hearing.

(3) The claim of a law enforcement agency to property seized pursuant to Section 11488 shall have priority over a claim to the seized property made by the Franchise Tax Board in a notice to withhold issued pursuant to Section 18817 or 26132 of the Revenue and Taxation Code.

(b) (1) If, at the end of the time set forth in subdivision (a), there is no claim on file, the court, upon motion, shall declare the property seized pursuant to subdivision (e) or (f) of Section 11470 forfeited to

the state upon conviction of a violation set forth in subdivision (e) or (f) of Section 11470.

(2) The clerk of the court shall dispose of the forfeited property as set forth in Section 11489.

(c) (1) If a verified claim is filed, the forfeiture proceeding shall be set for hearing on a day not less than 30 days therefrom, and the proceeding shall have priority over other civil cases. Notice of the hearing shall be given in the same manner as provided in Section 11488.4. Such verified claim shall not be admissible in the proceedings regarding the underlying criminal offense set forth in subdivision (a) of Section 11488.

(2) The hearing shall be by jury, unless waived by consent of all parties.

(d) (1) At the hearing, the state or local governmental entity shall have the burden of establishing beyond a reasonable doubt that the owner of any interest in the seized property consented to the use of the property with knowledge that it would be or was used for a purpose for which forfeiture is permitted.

(2) No interest in the seized property shall be affected by a forfeiture decree under this section unless the state or local governmental entity has proven that the owner of such interest consented to the use of the property with knowledge that it would be or was used for the purpose charged. No forfeiture shall be ordered unless and until a conviction is had for an offense set forth in subdivision (e) or (f) of Section 11470.

(e) The forfeiture hearing may be continued, and upon motion of the defendant for the underlying criminal charges shall be continued, until after a verdict of guilty on the related charges has been decided. The forfeiture hearing shall be conducted in accordance with Sections 600 to 630, inclusive, of the Code of Civil Procedure if a trial by jury, and by Sections 631 to 636, inclusive, of the Code of Civil Procedure if by court. Unless the court or jury finds that the seized property was used for a purpose for which forfeiture is permitted, the court shall order the seized property released to the person it determines is entitled thereto.

If the court or jury finds that the seized property was used for a purpose for which forfeiture is permitted, but does not find that a person claiming an interest therein, to which the court has determined he or she is entitled, had actual knowledge that the seized property would be or was used for a purpose for which forfeiture is permitted, the court shall order the seized property released to the claimant.

(f) All seized property which was the subject of the forfeiture hearing and which was not released by the court to a claimant shall, upon motion, be declared by the court forfeited upon conviction of a violation set forth in subdivision (e) or (f) of Section 11470. Except as provided in Section 11473.2, the clerk of the court shall dispose of the forfeited property as set forth in Section 11489.

(g) All seized property which was the subject of the forfeiture

hearing and which was not forfeited shall remain subject to any order to withhold issued with respect to the property by the Franchise Tax Board.

SEC. 10. Section 11488.6 of the Health and Safety Code is amended to read:

11488.6. (a) If the court or jury at the forfeiture hearing finds that the property is forfeitable pursuant to subdivision (e) or (f) of Section 11470, but does not find that a person holding a valid lien, mortgage, security interest, or interest under a conditional sales contract acquired such interest with actual knowledge that the property was to be used for a purpose for which forfeiture is permitted, and the amount due such person is less than the appraised value of the property, such person may pay to the state or the local governmental entity which initiated the forfeiture proceeding the amount of the registered owner's equity, which shall be deemed to be the difference between the appraised value and the amount of the lien, mortgage, security interest, or interest under a conditional sales contract. Upon such payment, the state or local governmental entity shall relinquish all claims to the property. If the holder of the interest elects not to make such payment to the state or local governmental entity, the property shall be deemed forfeited to the state or local governmental entity and the ownership certificate shall be forwarded. The appraised value shall be determined as of the date judgment is entered on a wholesale basis either by agreement between the legal owner and the governmental entity involved, or if they cannot agree, then by the inheritance tax appraiser for the county in which the action is brought. A person holding a valid lien, mortgage, security interest, or interest under a conditional sales contract shall be paid the appraised value of his or her interest in accordance with the provisions of Section 11489.

(b) If the amount due to a person holding a valid lien, mortgage, security interest, or interest under a conditional sales contract is less than the value of the property and the person elects not to make payment to the governmental entity, the property, excluding vehicles identified in Section 11473.2 which a law enforcement agency may place in its own name for use in its law enforcement program, shall be sold at public auction by the Department of General Services or by the local governmental entity which shall provide notice of such sale by one publication in a newspaper published and circulated in the city, community, or locality where the sale is to take place.

(c) The proceeds of sale pursuant to subdivision (b) shall be first distributed in accordance with the provisions of Section 11489.

SEC. 11. Section 11489 is added to the Health and Safety Code, to read:

11489. Notwithstanding Section 11502 and except as otherwise provided in Sections 11473 and 11473.2, in all cases where the property is seized pursuant to this chapter and forfeited to the state or local governmental entity and, where necessary, sold by the

Department of General Services or local governmental entity, the money forfeited or the proceeds of sale shall be distributed by the state or local governmental entity as follows:

(a) To the bona fide or innocent purchaser, conditional sales vendor, or mortgagee of the property, if any, up to the amount of his or her interest in the property, when the court declaring the forfeiture orders a distribution to such person.

(b) The balance, if any, to accumulate, and from time to time, as the proceeds become sufficient, to be distributed as follows:

(1) To the Department of General Services or local governmental entity for all expenditures made or incurred by it in connection with the sale of the property, including expenditures for any necessary repairs, storage, or transportation of any property seized under this chapter.

(2) (A) Fifty percent of the remaining funds shall be allocated to the Department of Mental Health for primary prevention programs in accordance with Chapter 1083 of the Statutes of 1981.

(B) The remaining 50 percent shall be distributed to the local governmental entity or the state for all expenditures made or incurred by the local governmental entity's law enforcement and prosecutorial agency or by the Department of Justice, or any other state agency, in connection with the forfeiture proceedings and underlying criminal conviction, including, but not limited to, personnel costs, expenditures for witness' fees, reporters' fees, transcripts, printing, traveling, undertakings, and investigation. Any remainder shall be distributed to the Controller for deposit into the Narcotics Assistance and Relinquishment by Criminal Offender Fund as provided in Section 11493.

All funds distributed to a local governmental entity under this subparagraph shall be distributed by that entity only to its law enforcement and prosecutorial agency to be used solely for investigation, detection, and prosecution of criminal activities. All funds distributed to the state under this subparagraph shall be allocated to the Department of Justice for investigation, detection, and prosecution of criminal activities. The first priority for the fund shall be to support financial investigator positions within the Department of Justice which will be utilized to support financial investigation undertakings by local or state law enforcement agencies. Funds distributed under this subparagraph shall not supplant any local funds that would, in the absence of the provisions of this subparagraph, be made available to support the law enforcement and prosecutorial efforts of local agencies.

(3) Each governmental agency seeking reimbursement under this subdivision shall notify the district attorney or the Attorney General prosecuting the forfeiture of the nature and amount of its claim. The prosecuting agency shall petition the court for these costs and the court shall order the forfeiture proceeds distributed to the local governmental entity or the state for any agency expenditures. Should the amount forfeited be insufficient to pay all expenditures

claimed, the court shall order the funds distributed on a pro rata basis.

(c) For the purposes of this section, "local governmental entity" means any city, county, or city and county in this state.

SECTION 1. Chapter 7 (commencing with Section 13860) is added to Title 6 of Part 4 of the Penal Code, to read:

CHAPTER 7. SUPPRESSION OF DRUG ABUSE IN SCHOOLS

13860. The Legislature finds and declares that a substantial drug abuse and drug trafficking problem exists among school-age children on and around school campuses in the State of California. By enacting this chapter, it is the intention of the Legislature to support increased efforts by local law enforcement agencies, working in conjunction with school districts and county drug offices to suppress trafficking and prevent drug abuse among school age children on and around school campuses through the development of innovative and model programs by local law enforcement agencies and schools and drug abuse agencies. As used in this chapter, drugs are defined as marijuana, inhalants, narcotics, dangerous drugs, pharmaceuticals, glue and alcohol. It is the further intention of the Legislature to establish a program of financial and technical assistance for local law enforcement and school districts.

13861. There is hereby created in the Office of Criminal Justice Planning the Suppression of Drug Abuse in Schools Program. All funds made available to the Office of Criminal Justice Planning for the purposes of this chapter shall be administered and disbursed by the executive director of the office in consultation with the State Suppression of Drug Abuse in Schools Advisory Committee established pursuant to Section 13863.

(a) The executive director, in consultation with the State Suppression of Drug Abuse in Schools Advisory Committee, is authorized to allocate and award funds to local law enforcement agencies and public schools jointly working to develop drug abuse prevention and drug trafficking suppression programs in substantial compliance with the policies and critieria set forth in Sections 13862 and 13863.

(b) The allocation and award of funds shall be made upon the joint application by the chief law enforcement officer of the coapplicant law enforcement agency and approved by the law enforcement agency's legislative body and the superintendent and board of the school district coapplicant. The joint application of the law enforcement agency and the school district shall be submitted for review to the Local Suppression on Drug Abuse in Schools Advisory Committee established pursuant to paragraph (4) of subdivision (a) of Section 13862. After review, the application shall be submitted to the Office of Criminal Justice Planning. Funds disbursed under this chapter may enhance but shall not supplant local funds that would, in the absence of the Suppression of Drug Abuse in Schools Program, be made available to suppress and prevent drug abuse among school-age children and to curtail drug trafficking in and around

school areas.

(c) The coapplicant local law enforcement agency and the coapplicant school district may enter into interagency agreements between themselves which will allow the management and fiscal tasks created pursuant to this chapter and assigned to both the law enforcement agency and the school district to be performed by only one of them.

(d) Within 90 days of the effective date of this chapter, the Executive Director of the Office of Criminal Justice Planning in consultation with the State Suppression of Drug Abuse in Schools Advisory Committee established pursuant to Section 13863 shall prepare and issue administrative guidelines and procedures for the Suppression of Drug Abuse in Schools Program consistent with this chapter. In addition to all other formal requirements that may apply to the enactment of such guidelines and procedures a complete and final draft shall be submitted within 60 days of the effective date of this chapter to the Chairpersons of the Committee on Criminal Law and Public Safety of the Assembly and the Judiciary Committee of the Senate of the California Legislature.

(e) By July 1, 1984, or after a full year of program operation, the executive director shall prepare and submit an annual report to the Legislature describing in detail the operation of the program and the results obtained from the Suppression of Drug Abuse in Schools Program receiving funds under this chapter. The report shall also list the full costs applicable both to the Office of Criminal Justice Planning for processing and reviewing applications, and to the state and local agencies for obtaining grants, from any source, to support the program. The purpose of the program evaluation shall be to identify successful methods of conducting Suppression of Drug Abuse in Schools Programs. Ongoing evaluation findings shall be used to replicate proven successful methods, identify, implement, and refine new methods.

13862. Law enforcement agencies and school districts receiving funds under this chapter shall concentrate enhanced apprehension, prevention and education efforts and resources on drug abuse and drug trafficking in and around school campuses.

(a) Such enhanced apprehension, prevention, and education efforts shall include, but not be limited to:

(3) Family oriented programs aimed at preventing drug abuse which may include the participation of community-based organizations experienced in the successful operation of such programs.

(4) The establishment of a Local Suppression of Drug Abuse in Schools Advisory Committee. (6) Development of prevention and intervention programs for elementary school teachers and students, including utilization of existing prevention and intervention programs.

(7) Development of a coordinated intervention system that identifies students with chronic drug abuse problems and facilitates their referral to a drug abuse treatment program.

(b) Enhanced apprehension, prevention, and education efforts commenced under this section shall be a joint effort between local law enforcement and local school districts in cooperation with county drug program offices. These efforts shall include, but not be limited to, the concentration of apprehension efforts in "problem" areas identified by local school authorities.

(c) Funds appropriated pursuant to this chapter may be used in part to support state-level development and statewide distribution of appropriate written and audio-visual aids for public awareness and training of school and law enforcement staff for handling drug-related problems and offenses. When existing aids can be identified, these aids may be utilized in lieu of the development of new aids.

13863. Criteria for selection of law enforcement agencies and school districts to receive Suppression of Drug Abuse in Schools Program funding shall be developed by the State Suppression of Drug Abuse in Schools Advisory Committee.

(a) The State Suppression of Drug Abuse in Schools Advisory Committee shall be composed of two police chiefs, two sheriffs, two district attorneys, one attorney primarily engaged in criminal defense, one representative of parent groups, one representative of the Department of Alcohol and Drug Programs, one county drug program administrator designated pursuant to Section 11962 of the

(b) Each committee member shall be personally present to cast a vote or be counted toward a quorum. An appointed member of the committee unable to attend any meeting may designate a representative to attend such meetings on his or her behalf. Such a representative shall be accorded full privilege to address the committee on any matter under consideration but shall not have the right to vote on any motions entertained by the committee.

(c) The State Suppression of Drug Abuse in Schools Advisory Committee shall develop specific guidelines and administrative procedures for the Suppression of Drug Abuse in Schools Program.

(d) These guidelines and administrative procedures shall set forth the terms and conditions upon which the Office of Criminal Justice Planning is prepared to offer grants of funds pursuant to statutory authority. The guidelines and administrative procedures do not constitute rules, regulations, orders, or standards of general application.

(e) Administration of the overall program and the evaluation and monitoring of all grants made under this chapter shall be performed by the Office of Criminal Justice Planning.

(f) The Office of Criminal Justice Planning shall, to the extent possible, coordinate the administration of the Suppression of Drug Abuse in Schools Program with those of the Department of Alcohol and Drug Programs and the Department of Education established pursuant to Article 2 (commencing with Section 11965) of Chapter 2 of Part 3 of Division 10.5 of the Health and Safety Code.

(h) Funds disbursed under this chapter shall not be used for the acquisition of equipment.

(i) Funds disbursed under this chapter shall not be used to purchase information or drugs.

(j) In the interest of maximizing the use of funds for program support and implementation, local law enforcement agencies and

school districts receiving funds under this chapter are expressly discouraged from using Suppression of Drug Abuse in Schools Program funds for personnel costs. Where it can be demonstrated that personnel costs are essential to the success of the program and that sufficient law enforcement and school personnel are not available to carry out the program, exceptions to this section may be requested through the Executive Director of the Office of Criminal Justice Planning.

(k) No more than 5 percent of the total amount of funds disbursed under this chapter shall be used for administrative costs.

SEC. 2. Section 23109 of the Vehicle Code is amended to read:

23109. (a) No person shall engage in any motor vehicle speed

contest on a highway. As used in this section, a motor vehicle speed contest includes a motor vehicle race against another vehicle, a clock, or other timing device. For purposes of this section, an event in which the time to cover a prescribed route of more than 20 miles is measured, but where the vehicle does not exceed the speed limits, is not a speed contest.

(b) No person shall aid or abet in any motor vehicle speed contest on any highway.

(c) No person shall engage in any motor vehicle exhibition of speed on a highway, and no person shall aid or abet in any motor vehicle exhibition of speed on any highway.

(d) No person shall for the purpose of facilitating or aiding or as an incident to any motor vehicle speed contest or exhibition upon a highway in any manner obstruct or place any barricade or obstruction or assist or participate in placing any barricade or obstruction upon any highway.

The person's privilege to operate a motor vehicle shall be subject to suspension as provided in subdivision (a) of Section 13352. The person's privilege to operate a motor vehicle may be restricted for 90 days to six months to necessary travel to and from that person's place of employment and, if driving a motor vehicle is necessary to perform the duties of the person's employment, restricted to driving in that person's scope of employment. This subdivision does not interfere with the court's power to grant probation in a suitable case.

(f) Any person convicted of a violation of subdivision (a) for an offense which occurred within five years of the date of a prior offense which resulted in a conviction of a violation of subdivision (a) shall be punished by imprisonment in the county jail for not less than four days nor more than six months and by a fine of not less than five hundred dollars ($500) nor more than one thousand dollars ($1,000). Additionally, the Department of Motor Vehicles shall either suspend the person's privilege to operate a motor vehicle, as provided in subdivision (a) of Section 13352, or the person's privilege to operate a motor vehicle shall be restricted for six months to necessary travel to and from that person's place of employment and, if driving a motor vehicle is necessary to perform the duties of the person's employment, restricted to driving in that person's scope of employment. This subdivision does not interfere with the court's power to grant probation in a suitable case.

(g) If the court grants probation to any person punishable under subdivision (f), in addition to the provisions of subdivision (f) and any other terms and conditions imposed by the court, which may include a fine, the court shall impose as a condition of probation that the person be confined in the county jail for not less than 48 hours

nor more than six months. The person's privilege to operate a motor vehicle shall also be suspended by the Department of Motor Vehicles pursuant to subdivision (a) of Section 13352 or shall be restricted pursuant to subdivision (f).

(i) Any person who violates subdivision (b), (c), or (d) of this section shall upon conviction thereof be punished by imprisonment in the county jail for not more than 90 days or by fine of not more than two hundred fifty dollars ($250) or by both that fine and imprisonment

(j) If a person's privilege to operate a motor vehicle is restricted by a court pursuant to this section, the court shall clearly mark the restriction and the dates of the restriction on that person's driver's license and promptly notify the Department of Motor Vehicles of the terms of the restriction in a manner prescribed by the department. The Department of Motor Vehicles shall place that restriction in the person's records in the Department of Motor Vehicles and enter the restriction on any license subsequently issued by the Department of Motor Vehicles to that person during the period of the restriction.

(k) The court may order that any person convicted under this section, who is to be punished by imprisonment in the county jail, be imprisoned on days other than days of regular employment of the person, as determined by the court.

(*l*) This section shall be known and may be cited as the Louis Friend Memorial Act.

(b) No person shall aid or abet in any motor vehicle speed contest on any highway.

(c) No person shall engage in any motor vehicle exhibition of speed on a highway, and no person shall aid or abet in any motor vehicle exhibition of speed on any highway.

(d) No person shall for the purpose of facilitating or aiding or as an incident to any motor vehicle speed contest or exhibition upon a highway in any manner obstruct or place any barricade or obstruction or assist or participate in placing any barricade or obstruction upon any highway.

(e) Any person convicted of a violation of subdivision (a) shall be punished by imprisonment in the county jail for not less than 24 hours nor more than 90 days or by a fine of not less than three

hundred fifty-five dollars ($355) nor more than five hundred dollars ($500) or both that fine and imprisonment. The person's privilege to operate a motor vehicle shall be subject to suspension as provided in subdivision (a) of Section 13352. The person's privilege to operate a motor vehicle may be restricted for 90 days to six months to necessary travel to and from that person's place of employment and, if driving a motor vehicle is necessary to perform the duties of the person's employment, restricted to driving in that person's scope of employment. This subdivision does not interfere with the court's power to grant probation in a suitable case.

(f) Any person convicted of a violation of subdivision (a) for an offense which occurred within five years of the date of a prior offense which resulted in a conviction of a violation of subdivision (a) shall be punished by imprisonment in the county jail for not less than four days nor more than six months and by a fine of not less than five hundred dollars ($500) nor more than one thousand dollars ($1,000). This subdivision does not interfere with the court's power to grant probation in a suitable case.

(g) If the court grants probation to any person punishable under subdivision (f), in addition to the provisions of subdivision (f) and any other terms and conditions imposed by the court, which may include a fine, the court shall impose as a condition of probation that the person be confined in the county jail for not less than 48 hours nor more than six months. The person's privilege to operate a motor vehicle shall also be suspended by the Department of Motor Vehicles pursuant to subdivision (a) of Section 13352 or shall be restricted pursuant to subdivision (f).

(h) If any person is convicted of a violation of subdivision (a) and the vehicle used in the violation is registered to that person, the vehicle may be impounded at the registered owner's expense for not less than one day nor more than 30 days.

(i) Any person who violates subdivision (b), (c), or (d) of this section shall upon conviction thereof be punished by imprisonment in the county jail for not more than 90 days or by fine of not more than two hundred fifty dollars ($250) or by both that fine and imprisonment.

(j) If a person's privilege to operate a motor vehicle is restricted by a court pursuant to this section, the court shall clearly mark the restriction and the dates of the restriction on that person's driver's license and promptly notify the Department of Motor Vehicles of the terms of the restriction in a manner prescribed by the department. The Department of Motor Vehicles shall place that restriction in the

person's records in the Department of Motor Vehicles and enter the restriction on any license subsequently issued by the Department of Motor Vehicles to that person during the period of the restriction.

(k) The court may order that any person convicted under this section, who is to be punished by imprisonment in the county jail, be imprisoned on days other than days of regular employment of the person, as determined by the court.

(b) In any case charging a violation of subdivision (a) of Section 23109, the court shall obtain a copy of the driving record of the person charged from the Department of Motor Vehicles and may obtain any records from the Department of Justice or any other source to determine if one or more prior convictions of the person for violation of subdivision (a) of Section 23109 have occurred within five years of the charged offense.

SEC. 4. Section 1.5 of this bill incorporates amendments to Section 13352 of the Vehicle Code proposed by both this bill and AB 332. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1984, (2) each bill amends Section 13352 of the Vehicle Code, and (3) this bill is enacted after AB 332, in which case Section 1 of this bill shall not become operative.

SEC. 5. Section 2.5 of this bill incorporates amendments to Section 23109 of the Vehicle Code proposed by both this bill and AB 369. [Approved by Governor September 20, 1983. Filed with Secretary of State September 20, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Section 13967.5 is added to the Government Code, to read:

13967.5. (a) The restitution fine imposed pursuant to subdivision (a) of Section 13967 shall be payable to the clerk of the court, the judge if there be no clerk at the time of judgment, the probation officer, or any other person responsible for the collection of criminal fines. If the defendant is unable or otherwise fails to pay such fine in a felony case and there is an amount unpaid of one thousand dollars ($1,000) or more within 60 days after the imposition of sentence, or in a case in which probation is granted, within the period of probation, the clerk of the court, probation officer, or other person to whom the fine is to be paid shall forward to the Controller the abstract of judgment along with such information which may be relevant to the present and future location of the defendant and his or her assets, if any, and any verifiable amount which the defendant may have paid to the victim as a result of the crime.

(b) A restitution fine shall be deemed a debt of the defendant owing to the state for the purposes of Sections 12418 and 12419.5 of the Government Code, excepting any amounts the defendant has paid to the victim as a result of the crime. Upon request by the Controller, the district attorney of a county or the Attorney General may take any necessary action to recover amounts owing on a restitution fine. The amount of the recovery shall be increased by a sum sufficient to cover any costs incurred by any state or local agency in the administration of this section. The remedies provided by this subdivision are in addition to any other remedies provided by law for the enforcement of a judgment.

SEC. 2. Section 1206 of the Penal Code is amended to read:

1206. A judgment that a defendant pay a fine, including a restitution fine ordered pursuant to Section 13967 of the Government Code, with or without the alternative of imprisonment constitutes a lien in like manner as a judgment for money rendered in a civil action.

SEC. 3. Section 1214 of the Penal Code is amended to read:

1214. (a) If the judgment is for a fine with or without imprisonment, the judgment may be enforced in the manner provided for the enforcement of money judgments generally.

In any case in which a prisoner owes a restitution fine imposed pursuant to subdivision (a) of Section 13967 of the Government Code, the Director of Corrections may deduct a reasonable amount not to exceed 20 percent from the wages of a prisoner and shall transfer such amount, exclusive of the costs of administering the provisions of this section, which shall be retained by the director, to the State Board of Control for deposit in the Restitution Fund in the State Treasury. Any amount so deducted shall be credited against the amount owing on such fine. The sentencing court shall be provided a record of any such payments.

1752.82. Whenever a person is committed to a California Youth Authority facility and such person owes a restitution fine imposed pursuant to subdivision (a) of Section 13967 of the Government Code, the director may deduct a reasonable amount not to exceed 20 percent from the wages of any such person and such amount so deducted, exclusive of the costs of administering the provisions of this section, which shall be retained by the director, shall be transferred to the State Board of Control for deposit in the Restitution Fund in the State Treasury. (b) Records pertaining to pending litigation to which the public agency is a party, or to claims made pursuant to Division 3.6 (commencing with Section 810) of Title 1 of the Government Code, until such litigation or claim has been finally adjudicated or otherwise settled.

the investigation, or unless disclosure would endanger the successful completion of the investigation or a related investigation; provided, however, that nothing herein shall require the disclosure of that portion of those investigative files which reflect the analysis or conclusions of the investigating officer.

Other provisions of this subdivision notwithstanding, state and local law enforcement agencies shall make public the following information, except to the extent that disclosure of a particular item of information would endanger the safety of a person involved in an investigation or would endanger the successful completion of the investigation or a related investigation:

(1) The full name, current address, and occupation of every individual arrested by the agency, the individual's physical description including date of birth, color of eyes and hair, sex, height and weight, the time and date of arrest, the time and date of booking, the location of the arrest, the factual circumstances surrounding the arrest, the amount of bail set, the time and manner of release or the location where the individual is currently being held, and all charges the individual is being held upon, including any outstanding warrants from other jurisdictions and parole or probation holds; and

(2) The time, substance, and location of all complaints or requests for assistance received by the agency and the time and nature of the response thereto, including, to the extent such information regarding crimes alleged or committed or any other incident investigated is recorded, the time, date and location of occurrence, the time and date of the report, the name, age and current address of the victim, except that the address of the victim of any crime defined by Section 261, 264, 264.1, 273a, 273d, 286, 288, 288a, or 289 of the Penal Code shall not be disclosed, the factual circumstances surrounding the crime or incident, and a general description of any injuries, property or weapons involved. The name of a victim of any crime defined by Section 261, 264, 264.1, 273a, 273d, 286, 288, 288a, or 289 of the Penal Code may be withheld at the victim's request, or at the request of the victim's parent or guardian if the victim is a minor. When a person is the victim of more than one crime, information disclosing that the person is a victim of a crime defined by Section 261, 264, 264.1, 273a, 273d, 286, 288, 288a, or 289 of the Penal Code may be deleted at the request of the victim, or the victim's parent or guardian if the victim is a minor, in making the report of such crime, or of any crime or incident accompanying such crime, available to the public in compliance with the requirements of this paragraph.

(h) The contents of real estate appraisals, engineering or feasibility estimates and evaluations made for or by the state or local agency relative to the acquisition of property, or to prospective public supply and construction contracts, until such time as all of the

property has been acquired or all of the contract agreement obtained, provided however, the law of eminent domain shall not be affected by this provision.

(i) Information required from any taxpayer in connection with the collection of local taxes which is received in confidence and the disclosure of the information to other persons would result in unfair competitive disadvantage to the person supplying such information.

(j) Library circulation records kept for the purpose of identifying the borrower of items available in libraries, and library and museum materials made or acquired and presented solely for reference or exhibition purposes. The exemption in this subdivision shall not apply to records of fines imposed on such borrowers.

(k) Records the disclosure of which is exempted or prohibited pursuant to provisions of federal or state law, including, but not limited to, provisions of the Evidence Code relating to privilege.

(*l*) Correspondence of and to the Governor or employees of the Governor's office or in the custody of or maintained by the Governor's legal affairs secretary, provided public records shall not be transferred to the custody of the Governor's legal affairs secretary to evade the disclosure provisions of this chapter.

(o) Financial data contained in applications for financing under Division 27 (commencing with Section 44500) of the Health and Safety Code, where an authorized officer of the California Pollution Control Financing Authority determines that disclosure of such financial data would be competitively injurious to the applicant and such data is required in order to obtain guarantees from the United States Small Business Administration. The California Pollution Control Financing Authority shall adopt rules for review of individual requests for confidentiality under this section and for making available to the public those portions of an application which are subject to disclosure under this chapter.

Nothing in this subdivision shall be construed to limit the disclosure duties of a state agency with respect to any other records relating to the activities governed by the employee relations acts referred to in this subdivision.

(q) Records of state agencies related to activities governed by Articles 2.6, 2.8, and 2.91 of Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code, which reveal the special negotiator's deliberative processes, impressions, opinions, recommendations, meeting minutes, research, work product, theories, or strategy, or which provide instruction, advice, or training to employees. All or portions of contracts entered into pursuant to these articles may be exempted from the provisions of this chapter as specified by the terms of each contract.

(r) Records of Native American graves, cemeteries, and sacred places maintained by the Native American Heritage Commission.

Nothing in this section is to be construed as preventing any agency from opening its records concerning the administration of the agency to public inspection, unless disclosure is otherwise prohibited by law.

CHAPTER 956

An act to amend Sections 2762, 2806, 5059, 6052, and 6257 of, and to repeal Chapter 8.5 (commencing with Section 6125) of Title 7 of Part 3 of the Penal Code, relating to prisons and prisoners, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1983 Filed with Secretary of State September 20, 1983]

The people of the State of California do enact as follows:

SECTION 1. (a) Notwithstanding any other provision of law, the Department of Corrections shall immediately construct or establish, or both, minimum and medium security, work-based facilities with a capacity of 2,000 inmates in the following manner:

(1) One thousand inmates who shall be employed by the Departments of Forestry, Transportation, Water Resources, and Parks and Recreation in conservation and maintenance camps. From funds appropriated to it for such purposes, the Department of Corrections shall be responsible for the construction and establishment of such camps and shall be responsible for the housing and custody of camp inmates. Each named department shall endeavor to house 250 inmates but if any one department houses more than its quota, up to 500 inmates, that number may be deducted from the quota of any one of the remaining departments.

(2) One thousand inmates who shall be housed in an abandoned industrial plant or plants to be located on sites consistent with the provisions of Section 3 of Chapter 1122 of the Statutes of 1980.

(b) To the extent feasible, the Department of Corrections shall develop each facility authorized by this section in a manner to

provide all inmates the opportunity to work full time for the benefit of the state.

(c) The Department of Corrections shall not, pursuant to paragraph (1) of subdivision (a), house prisoners in camps previously constructed without prior approval of the Joint Legislative Committee on Prison Construction and Operation.

SEC. 1.5. Section 2762 of the Penal Code is amended to read:

2762. The Director of Corrections shall fix a daily rate to be expended for convict labor, and when so fixed, the Department of Transportation shall monthly set aside funds to the director to pay for this labor from funds appropriated in the Budget Act for this purpose, and where no funds are available to the Department of Transportation the director may set aside the department's own funds to pay for this labor from funds appropriated in the Budget Act for this purpose. The Department of Corrections shall set up an account for each convict which shall be credited monthly with an amount computed by multiplying the daily rate by the number of days such convict actually performed labor during the month. Such account shall be debited monthly with the convict's proportionate share of expenses of camp maintenance, including the expenses for food, medicine, medical attendance, clerical and accounting personnel, and the expenses necessary to maintain care and welfare facilities such as camp hospital for first aid, barbershop and cobbler shop, and the convict's personal expenses covering his drawings from the commissary for clothing, toilet articles, tobacco, candy, and other personal items. The charge for camp maintenance may be made at a standard rate determined by the department maintaining the camps to be adequate to cover expenses and shall be adjusted periodically at the discretion of the department as needs of the camp require. No charge shall be made against such account for the costs of transporting prisoners to and from prison and camp or for the expense of guarding prisoners, which items shall be paid by the Department of Corrections from appropriations made for the support of the department. The director, by regulation, may fix the maximum amount, over and above all deductions, that a convict may receive. The Department of Corrections, in computing the debits to be made to the convict's accounts, may add not to exceed 10 percent on all items.

SEC. 2. Section 2806 of the Penal Code is amended to read:

2806. There is hereby constituted a permanent revolving fund in the sum of not less than seven hundred thirty thousand dollars ($730,000), to be known as the Prison Industries Revolving Fund, and to be used to meet the expenses necessary in the purchasing of materials and equipment, salaries, construction and cost of administration of the prison industries program. The fund may also be used to refund deposits either erroneously made or made in cases where delivery of products cannot be consummated. The fund shall at all times contain the amount of at least seven hundred thirty thousand dollars ($730,000), either in cash or in receivables,

consisting of raw materials, finished or unfinished products, inventory at cost, equipment, or any combination of the above. Money received from the rendering of services or the sale of products in the prisons and institutions under the jurisdiction of the board shall be paid to the State Treasurer monthly and shall be credited to the fund. At any time that the authority and the Director of Finance jointly determine that the balance in said revolving fund is greater than is necessary to carry out the purposes of the authority, they shall so inform the Controller and request a transfer of the unneeded balance from the revolving fund to the General Fund of the State of California. The Controller is authorized to transfer balances upon request. Funds deposited in the revolving fund are not subject to annual appropriation by the Legislature and may be used without a time limit by the authority.

The Prison Industries Revolving Fund is not subject to the provisions of Articles 2 (commencing with Section 13320) and 3 (commencing with Section 13335) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code.

The revolving fund created by Section 2714 known as the Correctional Industries Revolving Fund is abolished, and the Controller shall transfer the balance in that revolving fund to the Prison Industries Revolving Fund. Any major capital outlay project undertaken by the authority shall be subject to review by the Public Works Board pursuant to the provisions of Part 10.5 (commencing with Section 15752) of Division 3 of Title 2 of the Government Code.

SEC. 2.5. Section 5059 of the Penal Code is amended to read:

5059. This title shall not affect the powers or jurisdiction of the Department of Transportation as to road camps pursuant to Article 4, Chapter 5, Title 1, Part 3 of this code.

SEC. 3. Section 6052 of the Penal Code is amended to read:

Class 2. Officers and employees (i) holding positions on July 1, 1944, exempt from civil service under Section 4 of Article VII of the Constitution, (ii) on the effective date absent due to service for which a right to return is granted by the State Civil Service Act, and (iii) otherwise continuously for six months prior to January 1, 1945, employed in the service of the Board of Prison Directors, the

(d) The entire amount of the net operating loss for any taxable year shall be carried to the earliest of the taxable years to which such loss may be carried. The portion of the loss which shall be carried to each of the other taxable years shall be the excess, if any, of the amount of the loss over the sum of the taxable income for each of the prior taxable years to which such loss may be carried.

(e) For purposes of this section, the term "net operating loss"

means the excess of the deductions attributable to the business which are allowed by this chapter over the total of the taxpayer's gross income. That excess shall be computed with the following modifications:

(1) The amount deductible on account of losses from sales or exchanges of capital assets shall not exceed the amount includable on account of gains from sales or exchanges of capital assets.

(2) Paragraphs (2) and (3) of subdivision (a) of Section 18162.5 shall not apply with respect to gains or losses from the sale or exchange of capital assets.

For purposes of this section, the definition of "small business" established by the Department of General Services shall apply. A net operating loss deduction by a taxpayer shall be allowed only for losses occurring within the first 24 months of active operation of the small business, which shall begin with the first month immediately following the last month startup expenditures may no longer be treated as deferred expenses pursuant to Section 24414.

(c) A net operating loss for any income year beginning after December 31, 1983, shall be a net operating loss carryover to each of the 15 income years following the income year of the loss. A net operating loss may be carried over only by the corporation incurring the net operating loss.

(d) The entire amount of the net operating loss for any income year shall be carried to the earliest of the income years to which such loss may be carried. The portion of such loss which shall be carried to each of the other income years shall be the excess, if any, of the amount of such loss over the sum of the taxable income for each of the prior income years to which the loss may be carried.

(e) For purposes of this section, the term "net operating loss" means the excess of the deductions attributable to the business which

are allowed by this chapter over the total of the taxpayer's gross income.

For purposes of this paragraph, "controlled" means the ownership of stock possessing more than 50 percent of the total combined voting power of all classes of stock entitled to vote.

(h) No net operating loss deduction shall be allowed for any loss which occurs prior to January 1, 1984.

214.11. For purposes of Section 214, property owned and operated by a nonprofit organization, otherwise qualifying for exemption under Section 214, shall be deemed to be exclusively used for hospital purposes so long as the property is exclusively used to meet the needs of hospitals which qualify for exemption from property taxation under Section 214 or any other law of the United

States or this state. As used in this section, "needs of hospitals" includes any use incidental to, and reasonably necessary for, the functioning of a full hospital operation.

SEC. 2. The Controller shall report to the Legislature on the amount of claims made by county auditors under Section 16113 of the Government Code for compensation for property tax revenues lost by reason of the classification or exemption of property by this act. The report shall be made on or before the first day of October next following the operative date of this act for claims made under subdivision (a) of Section 16113 and shall be made on or before the first day of December next following the operative date of this act for claims made under subdivision (b) of Section 16113. SEC. 2. Section 14087.6 of the Welfare and Institutions Code is amended to read:

14087.6. A county which has contracted for the provision of services pursuant to this article may provide the services directly to recipients, or arrange for any or all of the services to be provided by subcontracting with primary care providers, health maintenance organizations, insurance carriers, or other entities or individuals. The subcontracts may utilize a prospectively negotiated reimbursement rate, fee-for-service, retainer, capitation, or other basis for payment. The rate of payment established under the contract shall not exceed the total per capita amount which the department estimates would be payable for all services and requirements covered under the contract if all such services and requirements were to be furnished Medi-Cal beneficiaries under the Medi-Cal fee-for-service program.

Counties which are responsible for providing health care under this chapter shall make efforts to utilize existing health service resources where these resources can be estimated by the county to result in lower total long-term costs and accessibility quality care to persons served under this chapter. but not the dispenser or distributor, of prescribed drugs under the Medi-Cal program for the purpose of enabling the department to obtain from one or more manufacturers of prescribed drugs the most favorable price for such drugs furnished by one or more manufacturer, based upon the large quantity of such drugs purchased under the Medi-Cal program, and to enable the department, notwithstanding any other provision of California law, to obtain from such manufacturers discounts, rebates, or refunds based on such quantities purchased under said program, insofar as may be permissible under federal law. Nothing in this section shall interfere with usual and customary distribution practices in the drug industry.

(b) The department may enter into exclusive or nonexclusive contracts on a bid or negotiated basis with manufacturers, distributors, dispensers, or suppliers of drugs, appliances, durable medical equipment, medical supplies, and other product-type health care services and laboratories for the purpose of obtaining the most favorable prices to the state and to assure adequate quality of the product or service. This subdivision shall not apply to pharmacies licensed pursuant to Section 4080 of the Business and Professions Code.

(c) The department is hereby specifically authorized to contract with one or more manufacturers of each multisource prescribed product or supplier of outpatient clinical laboratory services on a bid or nonbid basis. Contracts for outpatient clinical laboratory services shall require that the contractor be a clinical laboratory licensed or certified by the State of California. Nothing in this section shall be construed as prohibiting the department from contracting with less than all manufacturers or clinical laboratories including just one manufacturer or clinical laboratory, on a bid or nonbid basis.

(d) Prior to entering into any contract under this section, the department shall submit a report to the Legislature demonstrating the cost-effectiveness of the contract.

(e) In order to achieve maximum cost savings the Legislature hereby determines that an expedited contract process for contracts under this section is necessary. Therefore contracts under this section may be on a nonbid basis and shall be exempt from the provisions of Chapter 6 (commencing with Section 14780), Part 5.5, Division 3 of the Government Code. Contracts shall have no force and effect unless approved by the Department of Finance.

(b) Reimbursement of a clinical laboratory for performance of

pathology services that are referred to another clinical laboratory.

(c) Reimbursement of a clinical laboratory when pathology services are performed at a different testing location owned and operated by the same clinical laboratory.

Services provided pursuant to subdivision (a), (b), or (c) shall be reimbursed in accordance with the rules and regulations of the department.

SEC. 6. Section 14123.2 of the Welfare and Institutions Code is amended to read:

Funds derived from fees collected pursuant to the amendments made to this section at the 1975–76 Regular Session of the Legislature shall be deposited in the General Fund.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide parity between cities and counties with respect to the subletting of leased premises to restaurant operators and thereby afford cities the same revenue opportunities now enjoyed by counties, it is necessary that this act take effect immediately.

CHAPTER 967

An act to add Sections 21068.5 and 21093 to, and to add and repeal Section 21151.6 of, the Public Resources Code, relating to environmental quality.

[Approved by Governor September 20, 1983 Filed with Secretary of State September 21, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 21068.5 is added to the Public Resources Code, to read:

21068.5. "Tiering" or "tier" means the coverage of general matters and environmental effects in an environmental impact report prepared for a policy, plan, program or ordinance followed by narrower or site-specific environmental impact reports which incorporate by reference the discussion in any prior environmental impact report and which concentrate on the environmental effects which (a) are capable of being mitigated, or (b) were not analyzed as significant effects on the environment in the prior environmental impact report.

SEC. 2. Section 21093 is added to the Public Resources Code, to

read:

21093. (a) The Legislature finds and declares that tiering of environmental impact reports will promote construction of needed housing and other development projects by (1) streamlining regulatory procedures, (2) avoiding repetitive discussions of the same issues in successive environmental impact reports, and (3) ensuring that environmental impact reports prepared for later projects which are consistent with a previously approved policy, plan, program, or ordinance concentrate upon environmental effects which may be mitigated or avoided in connection with the decision on each later project. The Legislature further finds and declares that tiering is appropriate when it helps a public agency to focus upon the issues ripe for decision at each level of environmental review and in order to exclude duplicative analysis of environmental effects examined in previous environmental impact reports.

(b) To achieve this purpose, public agencies may tier environmental impact reports wherever possible.

SEC. 3. Section 21151.6 is added to the Public Resources Code, to read:

21151.6. (a) At the time that an application is received and accepted as complete by a local agency requiring a discretionary approval subject to this division, the agency shall determine whether or not it is able to meet the time limits specified in this chapter for assessing environmental impacts. If the local agency determines that it will be unable to meet those time limits with its existing staff resources, the agency shall, upon request of an applicant, contract with or employ qualified private entities or persons on a temporary basis to perform the services necessary to permit the agency to meet the time limits. In choosing the entity or person to perform the necessary services, the agency shall take into consideration the views of the applicant. The entity or person is solely responsible to the local agency. However, a local agency need not enter into a contract or employ persons if it determines that no entities or persons are available or qualified to perform the services.

(b) Entities or persons contracted with or employed by a local agency may, pursuant to an agreement with the local agency, perform functions necessary to meet the requirements of this division and shall not perform those functions reserved by this division or local ordinance to the decisionmaking body.

(c) A local agency may charge and may require the applicant to pay a fee in the amount necessary to defray costs directly attributable to employing or contracting with entities or persons performing services pursuant to this section.

(d) This section shall not be construed to affect any provision of this division which may require independent judgment of the lead agency.

(e) This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1990, deletes or extends that date.

SEC. 4. Notwithstanding Section 6 of Article XIII B of the California Constitut on and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 968

An act to add Section 367a to the Penal Code, relating to crimes.

[Approved by Governor September 20, 1983. Filed with Secretary of State September 21, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 367a is added to the Penal Code, to read:

367a. (a) Any person who, under circumstances or conditions likely to produce great bodily harm or death, willfully causes or permits any dependent adult, with knowledge that he or she is a dependent adult, to suffer, or inflicts thereon unjustifiable physical pain or mental suffering, or having the care or custody of any dependent adult, willfully causes or permits the person or health of the dependent adult to be injured, or willfully causes or permits the dependent adult to be placed in a situation such that his or her person or health is endangered, is punishable by imprisonment in the county jail not exceeding one year, or in the state prison for two, three, or four years.

(b) Any person who, under circumstances or conditions other than those likely to produce great bodily harm or death, willfully causes or permits any dependent adult, with knowledge that he or she is a dependent adult, to suffer, or inflicts thereon unjustifiable physical pain or mental suffering, or having the care or custody of any dependent adult, willfully causes or permits the person or health of the dependent adult to be injured or willfully causes or permits the dependent adult to be placed in a situation such that his or her person or health may be endangered, is guilty of a misdemeanor.

(c) Any caretaker of a dependent adult who violates any provision of law proscribing theft or embezzlement, with respect to the property of that dependent adult, is punishable by imprisonment in the county jail not exceeding one year, or in the state prison for two, three, or four years when the money, labor, or real or personal property taken is of a value exceeding four hundred dollars ($400), and by fine not exceeding one thousand dollars ($1,000) or by imprisonment in the county jail not exceeding one year, or both, when the money, labor, or real or personal property taken is of a

value not exceeding four hundred dollars ($400).

(d) As used in this section, "dependent adult" means a person who, because of any mental disability due to birth defect, physical disorder, or advanced age, is unable to properly provide for his or her own personal needs with regard to his or her physical health, food, clothing, or shelter, or is substantially unable to manage his or her own financial resources or to resist fraud or undue influence.

(e) As used in this section, "caretaker" means any person who has the care, custody, or control of or who stands in a position of trust with, a dependent adult.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 969

An act to amend Sections 26820.6, 27293, and 72054 of, to amend, add, and repeal Section 72055 of, and to add Sections 26835, 26863, and 68090.7 to, the Government Code, relating to county records.

The fees authorized for the maintenance of the conciliation court pursuant to Sections 26840.3 and 26840.4, and for the automation and conversion of court records pursuant to Section 26863, may be included in the total fee, or may be in addition thereto, as determined by the board of supervisors pursuant to Section 68090.

SEC. 3. Section 26863 is added to the Government Code, to read:

Upon completion of the automation and conversion, and payment of the costs therefore, that additional fee shall no longer be imposed.

SEC. 4. Section 27293 of the Government Code is amended to read:

27293. (a) Except as otherwise provided in subdivision (b), when an instrument intended for record is executed or certified in whole or in part in any language other than English, the recorder shall not accept the instrument for record. A translation in English of an instrument executed or certified in whole or in part in any language other than English may be presented to the judge of a court of record, and upon verification that the translation is a true translation the judge shall duly make certification of the fact under seal of the court, attach the certification to the translation, and attach the certified translation to the original instrument. For such verification and certification, a fee of one dollar and fifty cents ($1.50) shall be paid for each folio contained in the translation. The attached original instrument and certified translation may be presented to the recorder, and upon payment of the usual fees the recorder shall accept and permanently file the instrument and record the certified translation. The recording of the certified translation gives notice and is of the same effect as the recording of an original instrument. Certified copies of the recorded translation may be recorded in other counties, with the same effect as the recording of the original translation; provided, however, that in those counties where photostatic or photographic method of recording is employed, the whole instrument, including the foreign language and the translation may be recorded, and the original instrument returned to the party leaving it for record or upon his or her order.

(b) The provisions of subdivision (a) do not apply to any instrument offered for record which contains provisions in English and a translation of the English provisions in any language other than English, provided that the English provisions and the translation thereof are specifically set forth in state or federal law.

If the plaintiff would have been entitled to recover those fees from the defendant had they been paid, the court may assess the amount of the waived fees against the defendant and order the defendant to pay that sum to the county.

(c) This section shall remain in effect only until January 1, 1988, and as of such date is repealed.

SEC. 10. Section 72055 is added to the Government Code, to read:

CHAPTER 970

An act to add Section 68511.5 to the Government Code, relating to courts.

[Approved by Governor September 20, 1983 Filed with Secretary of State September 21, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 68511.5 is added to the Government Code, to read:

68511.5. Not later than January 1, 1985, the Judicial Council shall adopt rules of court regulating the selection of appointed counsel, other than the State Public Defender, to handle criminal appeals by indigent defendants. These rules shall establish procedures for the appointment of counsel in all appellate districts. In developing these rules, the Judicial Council shall consider the need to include screening of eligible appointees, the need to match the skills and experience of the attorney with the demands of the case and the process by which this might be done, and the need or desirability of evaluating an attorney's performance before assigning the attorney to another case. Further, in developing these rules, the Judicial Council shall consult with local bar associations and the Office of the State Public Defender.

SEC. 2. It is the intent of the Legislature that the rules of court adopted pursuant to Section 1 of this act shall not require the Office of the State Public Defender to handle cases in excess of its budgeted capacity.

CHAPTER 971

An act to add Section 1001.5 to the Public Utilities Code, relating to public utilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1983 Filed with Secretary of State September 21, 1983.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that the interests of the taxpayer are best served when state government expends its resources on activities which clearly affect California and avoids engaging in regulatory activities that are duplicative of, and more properly the concern of, other states.

The Legislature further finds and declares that recent decisions of the Public Utilities Commission asserting jurisdiction over the construction of electrical generation facilities in other states are examples of unnecessary and duplicative activities in which state government should not be engaged, where the customers of a public utility constructing a plant reside predominately outside the boundaries of California.

It is, therefore, the intent of the Legislature, in enacting Section 1001.5 of the Public Utilities Code, that public utilities whose customers reside predominantly outside the boundaries of this state should not be required to obtain a certificate of public convenience and necessity from the commission before constructing a facility outside the boundaries of this state, except in those instances where the construction of those facilities could result in a significant impact on the state.

SEC. 2. Section 1001.5 is added to the Public Utilities Code, to read:

1001.5. (a) The commission shall exempt the construction of any line, plant, or system, or extension thereof, located outside the boundaries of the state from the requirements of Section 1001, upon the application of the public utility constructing that line, plant, or system, or extension thereof, if the public utility derives 75 percent or more of its operating revenues from outside the state, as recorded in the fiscal period immediately before the filing of the application, unless the commission determines that the public interest requires that the construction should not be exempt from Section 1001.

(b) Except as provided in subdivision (c), the commission shall make the determination denying the exemption, as specified in subdivision (a), within 90 days after the public utility files the application for exemption with the commission. If the commission fails to make this determination within that 90-day period, the construction of that line, plant, or system, or extension thereof, is exempt from the requirements of Section 1001.

(c) The commission and the public utility filing the application for exemption may, if both agree, extend the time period within which the commission is required to make the determination denying the exemption, for not more than an additional 60 days after the expiration of the 90-day period specified in subdivision (b).

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to insure that the Public Utilities Commission immediately desists from expending its time and resources in certification proceedings for power plants situated outside this state constructed by public utilities whose operations are primarily outside this state, and to insure that an unreasonable impediment is removed from the certification process for these new energy sources, it is necessary that this act take effect immediately.

CHAPTER 972

An act to add Section 33487 to the Food and Agricultural Code, relating to dairy farms.

[Approved by Governor September 20, 1983. Filed with Secretary of State September 21, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Section 33487 is added to the Food and Agricultural Code, to read:

33487. No environmental impact report may be required by any state agency for any activity of a dairy farm, including adoption of waste discharge requirements pursuant to Division 7 (commencing with Section 13000) of the Water Code, under all of the following circumstances:

(a) When the proposed dairy will be constructed and operated in accordance with the minimum standards established under this chapter.

(b) Where the applicable local public agencies have completed all necessary reviews and approvals, including the provisions of Division 13 (commencing with Section 21000) of the Public Resources Code, where applicable.

(c) Where a permit for construction has been issued by the appropriate local agency or agencies, and construction undertaken.

This section shall not apply to any dairy that received a permit, and undertook construction, prior to the effective date of the legislation enacting this section.

CHAPTER 973

An act to add Title 2.9 (commencing with Section 1812.400) to Part 4 of Division 3 of the Civil Code, and to add Sections 779.30, 779.31, and 10127.5 to the Insurance Code, relating to credit insurance.

[Approved by Governor September 20, 1983 Filed with Secretary of State September 21, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Title 2.9 (commencing with Section 1812.400) is added to Part 4 of Division 3 of the Civil Code, to read:

TITLE 2.9. CREDITOR REMEDIES: DISABILITY INSURANCE

1812.400. The Legislature finds and declares that it is unfair for a creditor who has directly participated in, arranged, or received a commission or other compensation for the sale of credit disability insurance to the debtor, or that creditor's successor in interest, to invoke a creditor's remedy because of a debtor's nonpayment of any sum which has become due during a period of disability until a reasonable time has passed for the disability insurance claim to be filed, verified and processed.

1812.401. For the purposes of this title:

(a) "Credit disability insurance" means insurance of a debtor to provide indemnity for payments becoming due on a specific loan or other credit transaction while the debtor is disabled as defined in the policy.

(b) "Creditor" means the lender of money or vendor or lessor of goods, services, property, rights, or privileges, for which payment is arranged through a credit transaction, who has directly participated in, arranged, or received a commission or other compensation for the sale of credit disability insurance to the debtor, or any successor to the right, title, or interest of any such lender, vendor, or lessor, and an affiliate, associate, or subsidiary of any of them or any director, officer, or employee of any of them or any other person in any way associated with any of them.

(c) "Debtor" means a borrower of money or a purchaser or lessee of goods, services, property, rights, or privileges for which payment is arranged through a credit transaction.

(d) "Creditor's remedy" means and includes the imposition of any late charge or penalty, the acceleration of the maturity of all or any part of the indebtedness, the collection or assignment for the collection of all or any part of the indebtedness, the commencement of any action or special proceeding, or the enforcement of any security interest in any manner including, but not limited to, repossession, foreclosure, or the exercise of a power sale contained in a deed of trust or mortgage.

(e) "Disability claim period" or "claim period" means the period beginning on the due date of the first payment not paid by the debtor for which the debtor claims disability coverage arising from a then current disability and continuing until three calendar months thereafter or until the insurer pays or rejects the claim, whichever occurs sooner.

1812.402. (a) No creditor, as defined in Section 1812.401, shall invoke any creditor's remedy against a debtor because of the debtor's nonpayment of any sum which becomes due during any disability claim period and for which credit disability insurance coverage, subject to this title, is provided.

(b) Upon receiving notice of the debtor's claim of disability, the creditor shall inform the debtor in writing of the name, address, and telephone number of the insurer or its designated representative from whom the debtor may obtain claim forms. Upon receiving notice of the disability claim, the insurer or its designated representative shall send necessary claim forms to the debtor. The debtor shall submit the claim to the insurer or its designated representative and shall notify the creditor that a claim has been submitted.

This subdivision shall apply to the original creditor who sold the disability insurance and shall not apply to that creditor's successor in interest if the successor in interest (1) is not related by common ownership or control to that creditor and (2) has no information regarding the name, address, and telephone number of the insurer or its designated representative.

(c) Nothing herein shall prohibit a creditor from invoking any creditor's remedy during or after the claim period for the debtor's nonpayment of any sum due prior to the claim period, whether or not such nonpayment is related to the claimed disability, or for the debtor's nonpayment of any interest, finance charge, or late charge accruing during the claim period of any sum due prior to such period.

(d) Nothing herein shall prohibit a creditor from foreclosing a lien on any property to protect that creditor's security interest if a senior lienholder on that property (1) has initiated the foreclosure of its lien, (2) is not prohibited from continuing the foreclosure by any law or order of court, or (3) will not otherwise suspend or delay its foreclosure proceeding until after the disability claim period.

(e) If the insurer pays the claim within the disability claim period, the creditor shall treat each payment made by the insurer as though it were timely made by the debtor. If the insurer rejects the claim within the disability claim period or accepts the claim within the claim period as a partial disability which results in a payment of less than the full benefit which would be paid for the total disability, the debtor shall have the opportunity to pay the entire amount which became due during the claims period or the difference between the amount which became due during the claims period and the amount paid by the insurer for the partial disability without being subject to any creditor's remedy, except the imposition of late charges, for 35

days following the date on which the insurer sends notice of the rejection of the claim or acceptance of the claim as a partial disability. In the event the debtor does not pay the entire amount which became due during the claim period plus any accrued late charges within 35 days from such date, the creditor may then invoke any creditor's remedy.

(f) The obligations of the creditor and debtor pursuant to this section shall be disclosed in writing in at least 10-point type by the creditor to the debtor at the time the creditor sells the insurance, in the manner provided in paragraph (1), and by the insurer to the debtor at the time the insurer sends claim forms pursuant to subdivision (b), in the manner provided in paragraph (2).

(1) The disclosure required by the creditor shall be substantially in the following form:

CLAIM PROCEDURE

If you become disabled, tell us (your creditor) right away. We will tell you where to get claim forms. Send in the completed form to the insurance company as soon as possible and tell us as soon as you do.

If your disability insurance covers all of your missed payment, WE CANNOT TRY TO COLLECT WHAT YOU OWE OR FORECLOSE UPON OR REPOSSESS ANY COLLATERAL UNTIL THREE CALENDAR MONTHS AFTER your first missed payment is due or until the insurance company pays or rejects your claim, whichever comes first. We can, however, try to collect, foreclose, or repossess if you have money due and owing us or are otherwise in default when your disability claim is made or if a senior mortgage or lien holder is foreclosing.

If the insurance company pays the claim within the three calendar months, we must accept the money as though you paid on time. If the insurance company rejects the claim within the three calendar months or accepts the claim within the three calendar months as a partial disability and pays less than for a total disability, you will have 35 days from the date that the rejection or the acceptance of the partial disability claim is sent to pay past due payments, or the difference between past due payments and what the insurance company pays for the partial disability, plus late charges. You can contact us, and we will tell you how much you owe. After that time, we can take action to collect or foreclose or repossess any collateral you may have given.

If the insurance company accepts your claim but requires that you send in additional forms to remain eligible for continued payments, you should send in these completed additional forms no later than required. If you do not send in these forms on time, the insurance company may stop paying, and we will then be able to take action to collect or foreclose or repossess any collateral you may have given.

(2) The disclosure required by the insurer shall be substantially in the following form:

CLAIM PROCEDURE

Send in the completed form to the insurance company as soon as possible and tell your creditor as soon as you do.

If your disability insurance covers all of your missed payments, YOUR CREDITOR CANNOT TRY TO COLLECT WHAT YOU OWE OR FORECLOSE UPON OR REPOSSESS ANY COLLATERAL UNTIL THREE CALENDAR MONTHS AFTER your first missed payment is due or until the insurance company pays or rejects your claim, whichever comes first. Your creditor can, however, try to collect, foreclose, or repossess if you have money due and owing or are otherwise in default when your disability claim is made or if a senior mortgage or lien holder is foreclosing.

If the insurance company pays the claim within the three calendar months, your creditor must accept the money as though you paid on time. If the insurance company rejects the claim within the three calendar months or accepts the claim within the three calendar months as a partial disability and pays less than for a total disability, you will have 35 days from the date that the rejection or the acceptance of the partial disability claims was sent to pay past due payments, or the difference between past due payments and what the insurance company pays for the partial disability, plus late charges. You can contact your creditor who will tell you how much you owe. After that time, your creditor can take action to collect or foreclose or repossess any collateral you may have given.

If the insurance company accepts your claim, but requires that you send in additional forms to remain eligible for continued payments, you should send in these completed additional forms no later than required. If you do not send in these forms on time, the insurance company may stop paying, and your creditor will then be able to take action to collect or foreclose or repossess any collateral you have given.

(g) If a debtor does not make a payment for which the debtor claims disability coverage arising from a then current disability and if the creditor, after sending the debtor notice of the debtor's delinquency, invokes any creditor's remedy because of such nonpayment without knowledge of the debtor's claim of disability coverage, subject to this title, the following provisions shall apply:

(1) Upon receiving notice of the debtor's claim, the creditor shall not invoke any further creditor's remedy during the remainder of the claim period and the period provided in subdivision (e).

(2) Upon receiving notice of the debtor's claim, the creditor shall rescind every creditor's remedy that has been invoked relating to the delinquency for which coverage is claimed, except that the creditor shall not be obligated to restore property which has been sold in a bona fide lawful sale to any person not related by common ownership or control to the creditor.

(3) The debtor shall be liable for costs and expenses actually incurred in connection with the invocation or rescission of any

creditor's remedy.

(4) The creditor shall not be in violation of this title and shall not be liable under subdivision (i) provided the creditor complies with paragraphs (1) and (2) of this subdivision.

(h) The rights and remedies afforded debtors by this title shall be cumulative to each other and to all other rights and remedies which the debtors may have under other laws.

(i) The debtor may bring an action for damages, equitable relief, or other relief for any violation of this title.

1812.403. A creditor may invoke any creditor's remedy 15 days after receiving notice that the insurer has ceased making payments on a credit disability insurance claim because of the debtor's failure to timely submit any forms required by the insurer for recertification of a temporary disability.

1812.404. This title shall apply to a creditor only if the creditor, the predecessor to the right, title, or interest of the creditor, or the representative of either of them directly arranges or participates in the sale or receives a commission or other compensation for the sale of credit disability insurance to the debtor.

1812.405. This title shall not prohibit a creditor from invoking any creditor's remedy as a result of a debtor's nonpayment when due of any amount obtained under an open-end credit plan, as hereafter defined, after the debtor has given notice of a disability claim unless the nonpayment is related to a covered disability then affecting the debtor other than the disability previously claimed. The creditor's termination of the open-end credit plan because the debtor does not meet the creditor's customary credit standards at the time the debtor notifies the creditor of the disability claim is not a creditor's remedy.

An "open-end credit plan" means credit extended by a creditor under a plan in which the creditor reasonably contemplates repeated transactions, the creditor may impose a finance charge from time to time on an outstanding unpaid balance, and the amount of credit that may be extended to the debtor during the term of the plan (up to any limit set by the creditor) is generally made available to the extent that any outstanding balance is repaid.

1812.406. This title shall not apply to credit disability insurance covering a key person, as hereinafter defined, which a creditor requires as a condition to making a loan of at least twenty-five thousand dollars ($25,000) to be used in the operation of a business in which the key person is employed or has an ownership interest.

For the purposes of this section, a "key person" is a person who the creditor and the debtor or debtors mutually agree must be involved in the operation of the business to assure its success.

1812.407. The provisions of this title shall apply to the nonpayment of any sum which becomes due on or after April 1, 1984, and for which the debtor claims disability coverage.

1812.408. Any waiver by the debtor of the provisions of this title shall be void and unenforceable.

1812.409. If any provision of this title or the application thereof to

any person or circumstance is held to be unconstitutional, the remainder of the title and the application of such provision to other persons and circumstances shall not be affected thereby.

SEC. 2. Section 779.30 is added to the Insurance Code, to read:

779.30. An individual policy or group certificate may exclude from credit disability insurance coverage only those preexisting illnesses, diseases or physical conditions for which the debtor actually received medical advice, consultation, or treatment both within six months before and six months after the effective date of the debtor's coverage and which result in disability commencing within two years of such effective date. This provision shall not preclude the exclusion of other preexisting diseases or physical conditions by name or specific description.

SEC. 3. Section 779.31 is added to the Insurance Code, to read:

779.31. The debtor shall have the right to terminate credit life insurance or credit disability insurance at any time for any reason upon notice to the creditor. A refund shall be paid or credited as provided in Section 779.14 or by the regulation of the commissioner. If the premium refund is paid to the creditor, the creditor shall credit the debtor's account with the refund and any interest or finance charge adjustment as provided in the credit agreement.

SEC. 4. Section 10127.5 is added to the Insurance Code, to read:

10127.5. Every application for, certificate, and policy of credit life or credit disability insurance shall set forth a statement in bold capital letters indicating that any preexisting health condition of the applicant may render the coverage void, if that is the case.

For the purpose of this section, "credit life or credit disability insurance" means insurance on the life or health of a borrower sold by a creditor to provide for repayment of the amount of a loan or other extension of credit in the event of the debtor's death or disability as defined in the policy.

The people of the State of California do enact as follows:

SECTION 1. Section 2714 of the Unemployment Insurance Code is amended to read:

This section shall become operative on January 1, 1986.

SEC. 3. The department shall submit a copy of the report to the Employment Development Department for review and comment.

SEC. 4. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to facilitate the provision of services by the Department of Rehabilitation at the earliest possible time, it is necessary for this act to take effect immediately.

No club may conduct, hold, or give, and no person performing tasks for which licensure is required by the commission may participate in, or be employed in connection with, any such boxing contest, sparring or wrestling matches, or wrestling exhibitions unless the club or person has been licensed for that purpose by the commission.

18690. (a) Before any license is granted to any club to conduct, hold, or give a boxing contest or a sparring match, other than an amateur boxing contest or sparring match, or to conduct, hold, or give a wrestling match or a wrestling exhibition, the applicant therefor shall file a bond with the commission, in an amount determined by the commission, conditioned for the faithful performance by the club of the provisions of this chapter and the payment of the taxes herein imposed. Only one such bond shall be required of a club regardless of the number of licenses held as long as no two events are staged by that club on the same date.

(b) Before any license is granted to any club to conduct, hold, or give an amateur boxing contest, sparring or wrestling match for which an admission fee is received, the applicant therefor shall file a bond of not less than one thousand dollars ($1,000) with the commission, conditioned for the faithful performance by the club of the provisions of this chapter and the payment of taxes herein imposed. CHAPTER 976

An act to amend and repeal Section 8 of Chapter 1192 of the Statutes of 1979, relating to subdivisions.

[Approved by Governor September 20, 1983 Filed with Secretary of State September 21, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 8 of Chapter 1192 of the Statutes of 1979 is amended to read:

Sec. 8. (a) Except as provided in subdivision (b):

(1) Any sales made pursuant to a subdivision public report hereafter issued by the Department of Real Estate for a stock cooperative conversion shall not be deemed invalid under the provisions of this act, if the application for that public report,

including payment of an appropriate fee, was made prior to January 1, 1980; provided that the stock cooperative conversion occurred in the jurisdiction of governmental agencies which did not regulate such conversions by legislative action.

(2) Paragraph (1) shall not apply to stock cooperative conversions which occur in the jurisdiction of governmental agencies which by legislative action regulated such conversions under the provisions of the Subdivision Map Act prior to January 1, 1980. Governmental agency regulation of such conversions under the provisions of the Subdivision Map Act, which was exercised pursuant to a legislative enactment prior to January 1, 1980, shall not be invalidated by this section; provided, that no such regulation enacted after July 1, 1979, shall affect a stock cooperative conversion if the application for that conversion's public report, including payment of an appropriate fee, was made prior to July 1, 1979.

(b) If the application for a subdivision public report for a stock cooperative conversion in a general law city, including payment of an appropriate fee, was made prior to September 30, 1979, and the general law city did not by legislative action regulate the conversion under the provisions of the Subdivision Map Act prior to the application for the subdivision public report, including payment of an appropriate fee, the provisions of this act shall not affect the stock cooperative conversion and the Real Estate Commissioner shall, if the conversion meets all applicable requirements of Chapter 1 (commencing with Section 11000) of Part 2 of Division 4 of the Business and Professions Code, issue the public report for the conversion.

However, a stock cooperative conversion described in this subdivision shall, as a condition of the issuance of the public report, meet the requirements of the provisions of Section 66427.1 of the Government Code without the requirement of obtaining a final map approval of the stock cooperative conversion.

This section shall become inoperative on June 30, 1984, and as of January 1, 1985, is repealed, unless a later enacted statute, which becomes effective on or before June 30, 1984, deletes or extends the date on which it becomes inoperative and is repealed.

CHAPTER 977

An act to amend Sections 14155, 15200, 15201, and 15202 of, and to add Section 14201.5 to, the Financial Code, relating to credit unions.

[Approved by Governor September 20, 1983 Filed with Secretary of State September 21, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 14155 of the Financial Code is amended to read:

14155. Upon reasonable notice and opportunity to be heard, the commissioner may deny the application for a certificate or disapprove a merger or an expansion of the field of membership of an existing credit union for any of the following reasons:

(a) The field of membership of the applicant is contrary to the principles of organizing credit unions based on common bond of occupation, association, or groups within a well-defined neighborhood, community or rural district.

(b) The field of membership substantially encroaches upon that of an existing credit union to such an extent that it will probably impair the successful operation of either credit union.

(c) The number of persons eligible for membership is less than 200.

(d) A false statement of a material fact has been made in the application for certificate.

(e) Any officer, director, or committee member of the applicant has, within the last 10 years, been (1) convicted of or pleaded nolo contendere to a crime, or (2) committed any act involving dishonesty, fraud, or deceit, which crime or act is substantially related to the qualifications, functions, or duties of a person engaged in business in accordance with the provisions of this division.

(f) The applicant or any officer, director, or committee member of the applicant has violated any provision of this division or the rules thereunder or any similar regulatory scheme of a foreign jurisdiction.

(g) The applicant's showing as to the economic feasibility of the proposed credit union is inadequate.

SEC. 2. Section 14201.5 is added to the Financial Code, to read:

14201.5. (a) For the purpose of preventing substantial encroachment upon an existing credit union when such encroachment will probably impair the successful operation of that credit union and which may have, among other results, an adverse effect on the National Credit Union Share Insurance Fund or the California Credit Union Share Guaranty Corporation, the Commissioner of Corporations and the Regional Director of Region VI of the National Credit Union Administration, upon the implementation of a reciprocal notice procedure, shall provide notice to the other regulatory agency when authorizing a new credit union or expanding the field of membership of an existing credit union in this state. The commissioner shall provide notice to all California credit unions of the actions taken by the Regional Administrator of Region VI of the National Credit Union Administration when the National Credit Union Administration proposes to charter a new credit union or proposes to expand the field of membership of an existing credit union in this state.

(b) The commissioner shall not be liable for any injury resulting

from a failure to provide notice as required by this section.

SEC. 3. Section 15200 of the Financial Code is amended to read:

15200. Any credit union may, with the approval of the commissioner, merge with another credit union or with a central credit union, under the charter of such central credit union.

SEC. 4. Section 15201 of the Financial Code is amended to read:

15201. (a) The merger shall be made pursuant to any plan agreed upon by the majority of the board of directors of each credit union joining in the merger, and approved by the affirmative vote of at least a majority of the members of the merging credit union, in person or by proxy, at meetings of the members called for that purpose or by written consent of a majority of the members of such merging credit union.

(b) The commissioner may approve a merger according to the plan agreed upon by the majority of the board of directors of each credit union, as set forth in subdivision (a), if the plan of merger is approved by less than a majority of the entire membership as provided in this section if the commissioner finds, upon the written and verified application filed by the board of directors, that (1) notice of the meeting called to consider the merger or the ballot for written vote on the merger was mailed to each member entitled to vote upon the question, (2) such notice or ballot disclosed the purpose of the meeting or the written vote, (3) such notice or ballot informed the membership that approval of the merger might be sought pursuant to this section, and (4) a majority of the votes cast upon the question were in favor of the merger.

(c) Notwithstanding subdivisions (a) and (b), the commissioner may approve a merger without a vote of the membership of the merging credit union if a majority of the members of the board of directors of the surviving credit union approves the merger, the disappearing credit union is in danger of insolvency and the merger would reduce the risk or avoid a threatened loss to the California Credit Union Share Guaranty Corporation, or other form of share guaranty or insurance approved by the commissioner. For purposes of this chapter, a credit union is insolvent when, from the most recent available financial statements, it can be shown that the total amount of its shares exceeds the present cash value of its assets after providing for liabilities unless:

(1) It is determined by the commissioner that the facts that caused the deficient share-asset ratio no longer exist; and

(2) The likelihood of further depreciation of the share-asset ratio is not probable; and

(3) The return of the share-asset ratio to its normal limits within a reasonable time for the credit union concerned is probable; and

(4) The probability of a further potential loss is negligible to the California Credit Union Share Guaranty Corporation, or other form of share guaranty or insurance approved by the commissioner.

SEC. 5. Section 15202 of the Financial Code is amended to read:

15202. After the agreement by the directors and approval by the

members of the merging credit union of the plan of merger, as provided in Section 15201, each credit union shall execute a certificate of merger as an officers' certificate pursuant to Section 5062 of the Corporations Code which shall set forth:

(a) That the plan of merger has been approved by the board of directors.

(b) That the plan of merger has been duly approved by any required vote of the members pursuant to Section 15201.

(c) The total number of members of the credit union. A copy of the plan of merger and of the written approval thereof by the commissioner shall be annexed to the certificate of merger.

CHAPTER 978

An act to amend Section 1141.11 of the Code of Civil Procedure, relating to judicial arbitration, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1983 Filed with Secretary of State September 21, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 1141.11 of the Code of Civil Procedure is amended to read:

1141.11. (a) In each superior court with 10 or more judges, all at-issue civil actions pending on or filed after the operative date of this chapter shall be submitted to arbitration, by the presiding judge or the judge designated, under this chapter if the amount in controversy in the opinion of the court will not exceed fifteen thousand dollars ($15,000) for each plaintiff, which decision shall not be appealable.

(b) In each superior court with less than 10 judges, the court may provide by local rule, when it determines that it is in the best interests of justice, that all at-issue civil actions pending on or filed after the operative date of this chapter, shall be submitted to arbitration by the presiding judge or the judge designated under this chapter if the amount in controversy in the opinion of the court will not exceed fifteen thousand dollars ($15,000) for each plaintiff, which decision shall not be appealable. In the Superior Court of Sonoma County all at-issue civil actions pending between October 1, 1979, and October 1, 1983, shall be submitted to arbitration by the presiding judge or the judge designated under this chapter if the amount in controversy in the opinion of the court will not exceed fifteen thousand dollars ($15,000) for each plaintiff, which decision shall not be appealable.

(c) In each municipal court district, the municipal court district may provide by local rule, when it is determined to be in the best interests of justice, that all at-issue civil actions pending on or filed

after the operative date of this chapter in such judicial district, shall be submitted to arbitration by the presiding judge or the judge designated under this chapter. The provisions of this section shall not apply to any action maintained pursuant to Section 1781 of the Civil Code or Section 116.2 or 1161 of this code.

(d) The provisions of this chapter shall not apply to those actions filed in a superior or municipal court which has been selected pursuant to Section 1823.1 and is participating in a pilot project pursuant to Title 1 (commencing with Section 1823) of Part 3.5; provided, however, that any superior or municipal court may provide by local rule that the provisions of this chapter shall apply to actions pending on or filed after July 1, 1979. Any action filed in such court after the conclusion of the pilot project shall be subject to the provisions of this chapter.

(e) In the Counties of Los Angeles, San Bernardino, Santa Barbara, and Ventura, actions in which the amount in controversy does not exceed twenty-five thousand dollars ($25,000) shall be submitted to arbitration.

(f) In any county, other than a county specified in subdivision (e), in which there is provision for judicial arbitration pursuant to this chapter, whether by statute or local rule, the board of supervisors, upon adoption of a resolution, may require actions in which the amount in controversy does not exceed twenty-five thousand dollars ($25,000) to be submitted to arbitration.

SEC. 2. The provisions of this act, shall be applicable to actions pending on or filed after its effective date.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The Judicial Council is charged with the responsibility of making recommendations to the Governor and Legislature to improve the administration of justice. (Art. VI, Section 6, California Constitution). The council has recommended that the monetary amount in controversy, which determines whether a case will be submitted to arbitration, should be increased to twenty-five thousand dollars ($25,000). In order to authorize counties which have judicial arbitration programs to increase the jurisdictional scope of the judicial arbitration program in their respective counties to twenty-five thousand dollars ($25,000) as soon as possible, it is necessary that this act go into effect immediately.

CHAPTER 979

An act to add Section 1463.8 to the Penal Code, relating to the disposition of fines and forfeitures.

[Approved by Governor September 20, 1983. Filed with Secretary of State September 21, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 1463.8 is added to the Penal Code, to read:

1463.8. Notwithstanding the provisions of Section 1463, out of the moneys deposited with the county treasurer pursuant to Section 1463, there shall be credited, once a month, to any police protection district for which the county treasurer is the depositary an amount equal to 50 percent of all fines and forfeitures collected during the preceding month upon the conviction or upon the forfeiture of bail from any person arrested or notified by a member of the police department or fire department of the district, and an amount equal to the remaining 50 percent shall be transferred into the general fund of the county.

SEC. 2. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

The people of the State of California do enact as follows:

SECTION 1. Section 13200.5 is added to the Vehicle Code, to read:

13200.5. Whenever any person licensed under this code is convicted of a violation of subdivision (b) of Section 22348, the court shall, unless this code makes mandatory a revocation by the department, suspend the privilege of the person to operate a motor vehicle for a period of not to exceed 30 days.

SEC. 2. Section 13355 is added to the Vehicle Code, to read:

13355. The department shall immediately suspend the privilege of any person to operate a motor vehicle upon receipt of a duly certified abstract of the record of any court showing that the person has been convicted of a violation of subdivision (b) of Section 22348, or upon a receipt of a report of a judge of a juvenile court, a juvenile traffic hearing officer, or a referee of a juvenile court showing that the person has been found to have committed a violation of subdivision (b) of Section 22348 under the following conditions and for the periods, as follows:

(a) Upon a conviction or finding of an offense under subdivision (b) of Section 22348 which occurred within three years of a prior offense resulting in a conviction of an offense under subdivision (b) of Section 22348, the privilege shall be suspended for a period of six months, or the privilege shall be restricted for six months to necessary travel to and from the person's place of employment and, if driving a motor vehicle is necessary to perform the duties of the person's employment, restricted to driving within the person's scope of employment.

(b) Upon a conviction or finding of an offense under subdivision (b) of Section 22348 which occurred within five years of two or more prior offenses resulting in convictions of offenses under subdivision (b) of Section 22348, the privilege shall be suspended for a period of one year, or the privilege shall be restricted for one year to necessary travel to and from the person's place of employment and, if driving a motor vehicle is necessary to perform the duties of the person's employment, restricted to driving within the person's scope of employment.

SEC. 3. Section 22348 of the Vehicle Code is amended to read:

22348. (a) Notwithstanding Section 22349, 22356, or any other provision of this chapter to the contrary, no person shall drive a vehicle upon a highway at a speed greater than 55 miles per hour.

(b) Any person who violates subdivision (a) by driving a vehicle upon a highway at a speed greater than 100 miles per hour is guilty of an infraction punishable, as follows:

(1) Upon a first conviction of a violation of this subdivision, by a fine of not to exceed five hundred dollars ($500). The court may also suspend the privilege of the person to operate a motor vehicle for a period not to exceed 30 days pursuant to Section 13200.5.

(2) Upon a conviction under this subdivision of an offense which occurred within three years of a prior offense resulting in a conviction of an offense under this subdivision by a fine of not to exceed five hundred dollars ($500). The person's privilege to operate a motor vehicle shall be suspended by the Department of Motor Vehicles pursuant to subdivision (a) of Section 13355.

Vehicles pursuant to subdivision (b) of Section 13355.

(c) Any vehicle subject to the provisions of Section 22406 shall be driven in a lane designated pursuant to Section 21655, or if no such lane has been designated, in the right-hand lane for traffic or as close as practicable to the right-hand edge or curb. When overtaking and passing another vehicle proceeding in the same direction, such drivers shall use either the designated lane, the lane to the immediate left of the right-hand lane, or the right-hand lane for traffic as permitted under the provisions of this code. If, however, specific lane or lanes have not been designated on a divided highway having four or more clearly marked lanes for traffic in one direction, any such vehicle may also be driven in the lane to the immediate left of such right-hand lane, unless otherwise prohibited under the provisions of this code. This subdivision shall not apply to a driver who is preparing for a left- or right-hand turn or who is in the process of entering into or exiting from a highway or to a driver who must necessarily drive in a lane other than the right-hand lane to continue on his intended route.

(d) This section shall remain in effect 120 days from the date that the 55-mile-per-hour national maximum speed limit, as specified in Section 154 of Title 23 of the United States Code, is repealed.

SEC. 4. Section 42000.1 is added to the Vehicle Code, to read:

42000.1. Notwithstanding Section 42001, every person convicted of an infraction for a violation described in subdivision (b) of Section 22348 shall be punished by a fine not exceeding five hundred dollars ($500).

SEC. 5. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 2. This act is part of the Crime Victim Restitution Program of 1983 in that it increases the ability of victims of juvenile crime to obtain restitution by doubling parental liability for crimes committed by minors.

CHAPTER 982

An act to add and repeal Article 8 (commencing with Section 6590) of Chapter 5 of Part 1 of Division 6 of the Fish and Game Code, relating to fishing.

[Approved by Governor September 21, 1983 Filed with Secretary of State September 21, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Article 8 (commencing with Section 6590) is added to Chapter 5 of Part 1 of Division 6 of the Fish and Game Code, to read:

Article 8. Ocean Fishery Research

6590. The Legislature finds and declares all of the following:

(d) Funding for the research and development is most appropriately borne by a special fund derived from user fees on sport and commercial fishermen who stand to benefit directly from the resurgence of various marine species.

(e) The department has continuing resource management, administrative, and policy review responsibility in marine resources issues.

(f) Campuses of the University of California and the California State University are ideally suited to perform basic and applied research by virtue of their missions, experience, reputations, and ocean proximity.

(g) A program in this field involving the department with the cooperation and assistance of the University of California and the California State University is in the public interest.

6591. For purposes of this article, the following terms shall have the following meanings:

(a) "Account" means the Ocean Fishery Research and Hatchery Account created by this article.

(b) "Program" means the California Ocean Resources Enhancement and Hatchery Program established by this article.

6592. There is hereby established in state government the California Ocean Resources Enhancement and Hatchery Program for the purpose of supporting basic and applied research on the artificial propagation, rearing, stocking, and distribution of adversely affected marine fish species which are important to sport and commercial fishing in the ocean waters off the coast of California south of a line extending due west from Point Arguello.

6593. The program is administered by the director with the advice and assistance of the advisory panel created in Section 6594. The director may appoint, with the advice and consent of the advisory panel, a program manager to assist in administering the program.

6594. To assist the director in establishing policy direction for research projects to be supported from the account, there is hereby created in the department an Ocean Resources Enhancement and Hatchery Advisory Panel. The panel shall consist of the following members:

(f) One member representing southern California marine sport fishermen, appointed by the director from a list of at least three persons submitted by the National Coalition for Marine Conservation, Pacific Region.

(g) One member representing the California Aquaculture Industry Advisory Committee established pursuant to Section 15700.

6595. (a) The Ocean Fishery Research and Hatchery Account is hereby created in the Fish and Game Preservation Fund. All fees received by the department pursuant to this article shall be deposited in the account and shall be available for appropriation for basic and applied research for purposes of the program.

(b) An amount, not to exceed 15 percent of the total annual revenues deposited in the account, may be appropriated for the administration of the program, including any reasonable and necessary expenses incurred by members of the panel in the discharge of their duties pursuant to this article.

(c) No research project may be financed pursuant to this article unless it has been approved by both the director and a majority of the members of the panel.

6596. (a) In addition to a valid California sport fishing license issued pursuant to Section 7149 and any applicable sport license stamp issued pursuant to this code, a person taking fish from ocean waters south of a line extending due west from Point Arguello for sport purposes shall have permanently affixed to his or her sport fishing license an ocean fishing enhancement stamp which shall be issued upon payment of a fee of one dollar ($1).

(b) In addition to a valid California commercial fishing license issued pursuant to Section 7850 and any applicable commercial license stamp or permit issued pursuant to this code, a person using gill nets or other entangling nets to take fish from ocean waters south of a line extending due west from Point Arguello for commercial purposes shall have permanently affixed to his or her license a commercial ocean fishing enhancement stamp which may be obtained from the department upon payment of a fee of ten dollars ($10).

(c) In addition to a valid California commercial passenger fishing boat license issued pursuant to Section 7920, the owner of any boat or vessel who, for profit, permits any person to fish therefrom, south of a line extending due west from Point Arguello, shall obtain and permanently affix to the license a commercial ocean fishing enhancement stamp which may be obtained from the department upon payment of a fee of ten dollars ($10).

6597. The department may contract with private nonprofit organizations which, prior to January 1, 1984, were conducting research related to the purposes of the program, to conduct research projects pursuant to this article.

6598. Any place at which all or a significant part of the program is conducted shall be named the "California Marine Hatchery Institute."

6599. On or before December 31 of each year, the director shall prepare and submit a report to the Legislature and the Legislative Analyst regarding the effectiveness of the program.

6600. This article shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1990, deletes or extends that date.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or infraction.

CHAPTER 983

An act to amend Section 16114 of the Government Code, to amend Sections 100.5, 100.7, and 11005 of the Revenue and Taxation Code, to amend Sections 13365 and 41103.2 of the Vehicle Code, to amend Item 9100-101-001 of the Budget Act of 1983, and to repeal Item 9100-101-064 of the Budget Act of 1983, relating to fiscal affairs, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1983. Filed with Secretary of State September 21, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 16114 of the Government Code, as amended by Chapter 323 of the Statutes of 1983, is amended to read:

16114. (a) For the 1980–81 fiscal year, for the purpose of computing assessed valuation for the purposes of Section 33670 of the Health and Safety Code, there shall be added to the actual assessed valuation as shown on the assessment roll, an amount equal to the assessed valuation of business inventories in the project area in the 1979–80 fiscal year multiplied by the quotient derived by dividing four dollars ($4) by the tax rate applicable within the project area, with the resulting amount to be increased by a percentage equal to the State Reimbursement for Inventory Tax Factor.

(b) For the 1981–82 fiscal year and each fiscal year thereafter, for the purpose of computing assessed valuation for the purpose of Section 33670 of the Health and Safety Code, there shall be added to the actual assessed valuation shown on the assessment roll an amount equal to the assessed valuation of business inventories in the project area computed for the prior fiscal year, pursuant to subdivision (a), increased by a percentage equal to the State Reimbursement for Inventory Tax Factor.

(c) Notwithstanding the provisions of subdivision (b), for the 1983–84 fiscal year only, for the purpose of computing assessed valuation for the purposes of Section 33670 of the Health and Safety Code, there shall be added to the actual assessed valuation shown on the assessment roll an amount equal to the assessed valuation of business inventories in the project area computed for the 1982–83 fiscal year, pursuant to subdivision (b).

SEC. 2. Section 100.5 of the Revenue and Taxation Code, as amended by Chapter 323 of the Statutes of 1983, is amended to read:

100.5. (a) For the 1982–83 fiscal year, if the total of General Fund revenues and transfers for fiscal year 1982–83 plus the amount of General Fund surplus available for appropriation as of June 30, 1982, as estimated on June 10, 1982, by the organization, is more than one hundred million dollars ($100,000,000) less than the base amount, then the amount of local assistance funds for fiscal year 1982–83 shall be reduced by an amount equal to the difference between the base amount and the amount of the organization's estimate, which difference shall be known as the deflator amount.

(b) For the 1982–83 fiscal year and each fiscal year thereafter, the Governor's Budget for the prior fiscal year shall contain a base amount for the next succeeding fiscal year determined pursuant to paragraph (2) of subdivision (g). This amount may be changed by the Legislature in the Budget Act for the prior fiscal year, in which case this revised amount shall become the base amount for purposes of this section.

(c) Commencing in 1983, the organization shall, on June 10 of each year, determine the difference between the base amount, as determined pursuant to subdivision (b), and the amount of available resources, as defined in paragraph (3) of subdivision (g), and if the amount of available resources is more than one hundred million dollars ($100,000,000) less than the base amount, then the amount of local assistance funds for the next fiscal year shall be reduced by the amount of the difference, which difference shall be known as the deflator amount.

(d) Notwithstanding any other provision of law, the Controller shall deduct 50 percent of the deflator amount from local assistance funds for local agencies in the next fiscal year, to the extent these funds are available, and 50 percent shall be deducted from local assistance funds for school entities, to the extent these funds are available. However, the deduction for all school entities statewide shall not exceed the deduction for all local agencies statewide.

(e) The reductions provided for in subdivision (a) or (c) for local agencies shall be made in the following manner:

(1) The Controller shall total the local assistance funds for local agencies based on the amounts estimated for the next fiscal year in the Governor's Budget for that fiscal year.

(2) The Controller shall then calculate a factor derived by dividing 50 percent of the deflator amount by the amount determined in paragraph (1).

(3) If the factor determined in paragraph (2) is less than 1.0, then this factor shall be multiplied by the amount of funds for each individual source of local assistance funds for local agencies. The resulting amount shall be the amount of funds retained by the state from each individual source of local assistance funds for local agencies. The remaining funds from each source of amounts shall be allocated in accordance with the statutes cited in paragraph (1) of subdivision (g).

(4) If the factor determined in paragraph (2) is equal to or greater than 1.0, then no funds from any source of local assistance funds for local agencies shall be allocated to any local agency.

(f) The reductions provided for in subdivision (a) or (c) for school entities shall be made in proportion to the amount each local educational agency's apportionment pursuant to subdivision (f) of Section 41301 or subdivision (a) of Section 84728 of the Education Code bears to 50 percent of the deflator amount provided for in subdivision (a) or (c). However, no educational agency shall receive less than one hundred twenty dollars ($120) per unit of average daily attendance from all state sources. Reductions under this paragraph for community college districts shall be determined by the Chancellor of the California Community Colleges, and for other school entities by the Superintendent of Public Instruction.

(g) For purposes of this section:

(1) "Local assistance funds" means:

(A) For local agencies, the funds allocated by the state to local agencies pursuant to Chapter 1.5 (commencing with Section 16110) of Part 1 of Division 4 of Title 2 of the Government Code; Chapter 5 (commencing with Section 11001) of Part 5 (exclusive of trailer coach fees disbursed pursuant to Sections 11003.3 and 11003.4) and Chapter 9 (commencing with Section 30461) of Part 13 of Division 2 of the Revenue and Taxation Code.

(B) For school entities, the amounts allowed pursuant to subdivision (f) of Section 41301 of the Education Code to all elementary, high school and unified school districts, and county offices of education, and by the Chancellor's Office of the California Community Colleges from the amounts allowed pursuant to subdivision (a) of Section 84301 of the Education Code to all community college districts, or any appropriation in lieu thereof.

(2) "Base amount" means, for the fiscal year 1981–82, twenty-one billion five hundred million dollars ($21,500,000,000). For each fiscal year thereafter, "base amount" means the base amount for the prior

year, adjusted annually by the estimated percentage change from the next fiscal year over the current fiscal year in the total state appropriations subject to limitation for purposes of Article XIII B of the California Constitution.

(3) "Available resources" means the total of General Fund revenues and transfers under current law for the next fiscal year, plus the amount of General Fund surplus available at the end of the current fiscal year, less any amounts of General Fund expenditures estimated by the organization on June 10 to be required in the next fiscal year as a replacement for federal government funding cuts in programs during the 1981–82 fiscal year.

(4) "Local agency" has the meaning provided in subdivision (a) of Section 95.

(5) "School entity" means any school district, community college district, or county office of education.

(6) "Organization" means the organization responsible for accurate and comprehensive long-range estimates, which is the Commission on State Finance, or, if this commission is subsequently abolished, it is the Joint Legislative Budget Committee, assisted by the Department of Finance and the Legislative Analyst.

(h) Notwithstanding any other provision of this section, the amounts of all local assistance funds which are not paid to local agencies or school entities by operation of this section, shall be transferred from their respective funds or accounts to the General Fund for the fiscal year in which such payment is not made.

(i) The reductions provided by this section shall be effective for any fiscal year unless a provision stating a contrary finding is enacted by the Legislature on or before June 30 of each year in the Budget Act.

(j) Notwithstanding any other provision of law, the transfer authority in subdivision (c) of Section 14002 and subdivision (d) of Section 14020 of the Education Code shall have no force or effect if the provisions of subdivision (f) are implemented.

(k) Notwithstanding any other provision of this section, no reduction shall be made pursuant to this section for the 1982–83 fiscal year.

(*l*) Notwithstanding any other provision of this section, no reduction shall be made to school entities pursuant to this section for the 1983–84 fiscal year.

(m) Notwithstanding any other provision of this section, no reduction shall be made to local agencies pursuant to this section for the 1983–84 fiscal year.

SEC. 3. Section 100.7 of the Revenue and Taxation Code, as added by Chapter 323 of the Statutes of 1983, is amended to read:

100.7. (a) Notwithstanding any other provision of law, to the extent funds are available, the Controller shall reduce the amount of local assistance funds (as defined by Section 100.5) less cigarette tax, which would otherwise be transmitted to cities and counties during the 1983–84 fiscal year.

(b) (1) The Department of Finance shall determine the percentage that "state assistance payments," as defined in Section 95, for each city bears to the total of all such amounts for all cities and shall apply the percentage for each city to four hundred seventy-seven million dollars ($477,000,000).

(2) The Department of Finance shall determine the percentage that the January 1, 1983, population of each city (as determined by the department) bears to the total population of all cities, and shall apply the percentage for each city to four hundred seventy-seven million dollars ($477,000,000).

(3) The Department of Finance shall compute for each city an amount equal to its state assistance payments, as defined in Section 95, multiplied by the quotient of the city's 1983–84 assessed valuation divided by the city's 1978–79 assessed valuation. This amount shall then be reduced by the sum of the amounts which would have been received by the city from state subventions in the 1981–82 fiscal year pursuant to Section 25761 of the Business and Professions Code, Section 4306 of the Public Utilities Code, and subdivision (c) of Section 26483 of the Revenue and Taxation Code, had those provisions been effective for 1981–82.

(4) The Department of Finance shall determine the lesser of the amounts computed in paragraphs (1), (2), and (3).

(5) The Department of Finance shall compute for each city the total of the paragraph (4) amount plus the greater of (A) zero or (B) its paragraph (3) amount minus three times its paragraph (4) amount. This amount shall be the city's reduction in payments amount.

(6) For any city identified by paragraph (8) of subdivision (b) of Section 11005.75, upon written request to the Director of Finance by the official described in subdivision (i) of Section 95, the reduction in payments amount shall be reduced by the amount provided in paragraph (8) of subdivision (b) of Section 11005.75 multiplied by 1.3509726.

(7) For any city identified by paragraph (9) of subdivision (b) of Section 11005.75, upon written request to the Director of Finance by the official described in subdivision (i) of Section 95, the reduction in payments amount shall be reduced by 22.009 percent.

(c) (1) The Department of Finance shall determine the percentage that "state assistance payments," as defined in Section 95, for each county bears to the total of all such amounts for all counties and shall apply the percentage for each county to one hundred five million eight hundred thousand dollars ($105,800,000).

(2) The Department of Finance shall determine the percentage that the January 1, 1983, population of each county (as determined by the department) bears to the total population of all counties and shall apply the percentage for each county to one hundred five million eight hundred thousand dollars ($105,800,000).

(3) The Department of Finance shall compute for each county an amount equal to its state assistance payments, as defined in Section

95, multiplied by the quotient of the county's 1983–84 assessed valuation divided by the county's 1978–79 assessed valuation. This amount shall then be reduced by the sum of the amounts which would have been received by the county from state subventions in the 1981–82 fiscal year pursuant to Section 25761 of the Business and Professions Code, Section 4306 of the Public Utilities Code, and subdivision (c) of Section 26483 of the Revenue and Taxation Code, had those provisions been effective for 1981–82.

(4) The Department of Finance shall determine the lesser of the amounts computed in subparagraphs (1), (2), and (3). This amount shall be the county's reduction in payments amount.

(d) A city and county shall be considered a county for purposes of this section.

(e) (1) For the purposes of subdivision (b), "1983–84 assessed value" shall be determined as follows:

(A) The Department of Finance shall determine for each city the percentage that the amount of change in assessed value between 1978–79 and 1982–83 bears to the total of such assessed value changes for all cities.

(B) The percentage computed in subparagraph (A) shall be applied to the amount of assessed value change between 1982–83 and 1983–84 for all cities, as estimated by the Department of Finance.

(C) The amount computed in subparagraph (B) shall be added to the 1982–83 assessed value.

(2) For the purposes of subdivision (c), "1983–84 assessed value" shall be determined as follows:

(A) The Department of Finance shall determine for each county and city and county the percentage that the amount of change in assessed value between 1978–79 and 1982–83 bears to the total of such assessed value changes for all counties and cities and counties.

(B) The percentage computed in subparagraph (A) shall be applied to the amount of assessed value change between 1982–83 and 1983–84 for all counties and cities and counties, as estimated by the Department of Finance.

(C) The amount computed in subparagraph (B) shall be added to the 1982–83 assessed value.

(3) For purposes of this section, "1978–79 assessed value" shall not include the taxable portion of business inventory assessed value.

(f) Notwithstanding any other provision of law, the amount of the reductions in payments amounts for cities and counties pursuant to this section shall be transferred to the unappropriated surplus of the General Fund.

SEC. 4. Section 11005 of the Revenue and Taxation Code, as amended by Chapter 323 of the Statutes of 1983, is amended to read:

11005. After payment of refunds therefrom and after making the deductions authorized by Section 11003 and reserving such amount as is determined by the Pooled Money Investment Board to be necessary to meet the transfers ordered or proposed to be ordered pursuant to Section 16310 of the Government Code, 81.25 percent of

the balance of all motor vehicle license fees and any other money appropriated by law for expenditure pursuant to this section and deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund and remaining unexpended therein at the close of business on the last day of the calendar month shall be allocated by the Controller by the 10th day of the following month in the manner provided by subdivisions (a) and (b). Eighteen and three-quarters percent shall be transferred by the Controller to the unappropriated surplus of the General Fund.

(a) Fifty percent thereof shall be paid to the cities and cities and counties of this state in the proportion that the population of each city or city and county bears to the total population of all cities and cities and counties in this state, as determined by the population research unit of the Department of Finance. For the purpose of this subdivision, the population of each city or city and county is that determined by the last federal decennial or special census, or a subsequent census validated by the population research unit of the Department of Finance or subsequent estimate prepared pursuant to Section 2107.2 of the Streets and Highways Code. In the case of a city incorporated subsequent to the last federal census, or census validated by the population research unit of the Department of Finance, or in the case of an inhabited unincorporated territory being annexed to a city subsequent to the last federal census, or a subsequent census validated by the population research unit of the Department of Finance, the Controller shall ascertain the population of the city, or the annexed territory, by multiplying the number of registered electors therein by three. In the case of the consolidation of one city with another subsequent to the last federal census, or a subsequent census validated by the population research unit of the Department of Finance, the population of the consolidated city, for the purpose of this subdivision, is the aggregate population of the respective cities as determined by the last federal census, or a subsequent census or estimate validated by the population research unit of the Department of Finance.

(b) Fifty percent thereof shall be paid to the counties and cities and counties of the state in the proportion that the population of each county or city and county bears to the total population of all the counties and cities and counties of the state, as determined by the population research unit of the Department of Finance. For the

purpose of this subdivision, the population of each county or city and county is that determined by the last federal census, or subsequent census validated by the population research unit of the Department of Finance, or as determined by Section 11005.6.

(c) Money disbursed by the Controller to cities and counties pursuant to this section may be used for county or city purposes and may, but need not necessarily, be used for purposes of general interest and benefit to the state.

Population changes based on a federal special census or a subsequent census validated by the Department of Finance shall be accepted by the Controller only if certified to him at the request of the city, city and county, or county for which the census was made and shall become effective on the first day of the month following receipt of such certification.

SEC. 10. The Legislature finds and declares that it is necessary to examine both the fiscal and programmatic relationships between the state and counties, cities and special districts, and to develop a stable, predictable system of local government finance effective for the 1984–85 fiscal year. It is the intent of the Legislature that in making any adjustments in the programmatic responsibilities of the state and local governments that corresponding adjustments be made in the funding responsibilities for such programs to ensure that local governments are not required to meet new state mandated costs through existing discretionary revenues.

Moreover, it is the intent of the Legislature that, in examining the options for adjusting the fiscal base of local governments, special consideration be given to providing local governments with stable revenue sources which would not be subject to annual state budgetary decisions. It is the further intent of the Legislature that any adjustment made in the revenue base of local agencies, may include, but need not be limited to, an authorization to generate new local revenues, a reduction, elimination, or long-term protection of state subventions, or a transfer of state revenues to local governments.

Finally, it is the intent of the Legislature to conduct hearings during the 1983 Interim Study Recess for the purpose of reviewing the recommendations of the Governor's New Partnership Task Force on State and Local Government, as proposed by the Governor, and for developing, by January 1, 1984, legislation to implement a system of long term local government finance.

SEC. 12. Section 4 of this act shall become operative on November 1, 1983.

SEC. 13. Sections 7 and 8 of this act shall become operative on October 1, 1983.

SEC. 14. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that this act, which would make statutory changes necessary to provide for local government financing during the 1983–84 fiscal year and to implement the Budget Act of 1983, may take effect for the majority of the 1983–84 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 984

An act relating to public utilities.

[Approved by Governor September 21, 1983 Filed with Secretary of State September 22, 1983.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares it is in the best interest of the state to ensure competition in the energy conservation industry because of the innovation, price competition, aggressive marketing, and freedom of entry which characterize competitive industries, and that the energy conservation industry, because its decentralized nature, has the potential to be truly competitive.

The Legislature further finds and declares that the current uncertainty with regard to the role of electrical and gas corporations subject to regulation as public utilities by the Public Utilities Commission with regard to energy conservation development hinders the full-scale development of the energy conservation industry, and therefore requires legislative clarification.

The Legislature further finds and declares that there may be an inherent conflict for a public utility which furnishes gas and electricity on the one hand and installs energy conservation

materials or devices on the other hand, and that it would be detrimental to the energy industry and to the state if privately-owned public utilities used their status as monopolies to dominate the energy conservation industry or exercise unfair market power.

The Legislature further finds and declares that the basis for regulation of public utilities extends to their participation in energy conservation development as well as in the production and delivery of forms of energy derived from conventional sources.

It is, therefore, the intent of the Legislature that the Public Utilities Commission be given a clear and explicit mandate to regulate the involvement of electrical and gas corporations in energy conservation development, and to ensure that the energy conservation industry develops in a manner which is competitive and free from the potential dominance of regulated electrical and gas corporations.

CHAPTER 985

An act to amend Sections 99243 and 99243.5 of the Public Utilities Code, relating to transit.

The report shall specify (1) the amount of revenue generated from each source and its application for the prior fiscal year and (2) the data necessary to determine which section, with respect to Sections 99268.1, 99268.2, 99268.3, 99268.4, 99268.5, and 99268.9, the operator is required to be in compliance with in order to be eligible for funds under this article.

(b) As a supplement to the annual report prepared pursuant to subdivision (a), each operator shall include an estimate of the amount of revenues to be generated from each source and its proposed application for the next fiscal year.

(c) The Controller shall instruct the county auditor to withhold payments from the fund to any operator which has not submitted its annual report to the Controller within the time specified by subdivision (a).

(d) In establishing the uniform system of accounts and records, the Controller shall include the data required by the United States Department of Transportation, the department, and the Business and Transportation Agency.

SEC. 2. Section 99243.5 of the Public Utilities Code, is amended to read:

99243.5. On the basis of data in the annual reports submitted pursuant to Section 99243 and the information submitted pursuant to Section 99406 to the Controller, the Controller shall submit, within three months of receiving such data and information, an annual report to the Legislature on the revenues available and expenditures made under this chapter.

The Controller shall take such steps as he deems necessary to insure that such data and information submitted are adequate and accurate.

CHAPTER 986

An act to amend Sections 5204, 5304, 9259, and 9800 of, to amend, repeal, and add Sections 5301 and 8005 of, and to add Section 8164 to, the Vehicle Code, relating to vehicles.

The people of the State of California do enact as follows:

SECTION 1. Section 5204 of the Vehicle Code is amended to read:

5204. (a) Except as provided by subdivision (b), a tab shall indicate the year number for which issued and a tab shall indicate the month of expiration, which tabs, stickers, or other suitable devices shall be attached to the rear license plate assigned to the vehicle for the last preceding registration year in which license plates were issued, and, when so attached, the license plate with the tabs, stickers, or other devices shall, for the purposes of this code, be deemed to be the license plate for the ensuing registration year; except that truck tractors shall, and vehicles having an unladen weight of 10,000 pounds or more shall, display the tabs, stickers, or other devices upon the front license plate assigned to such vehicle.

(b) The requirement of subdivision (a) that the tab indicate the year number for which issued and the month of expiration does not apply to fleet vehicles subject to Article 9.5 (commencing with Section 5300).

SEC. 1.5. Section 5301 of the Vehicle Code is amended to read:

5301. (a) Notwithstanding any other provision of this code and Part 5 (commencing with Section 10701) of Division 2 of the Revenue and Taxation Code, the registered owner or lessee of a fleet

of vehicles consisting of commercial motor vehicles or commercial trailers or passenger automobiles may, upon payment of appropriate fees, apply to the department for permanent license plates or decals and registration cards.

(b) Fleets shall consist of at least 500 vehicles to qualify for this program. However, the director may conduct a pilot program to provide for permanent fleet registration through an association providing a combination of fleets of vehicles of more than 1,000 vehicles and with no individual fleet of less than 300 vehicles. An association submitting an application for participation in the pilot program shall provide within the overall application a listing identifying the owner of each fleet and the vehicles within each fleet. Identification of the vehicles as provided in this article shall apply to the ownership of the vehicles and not the association submitting the application.

(c) This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1987, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1987, pursuant to Section 9611 of the Government Code, Section 5301 of the Vehicle Code, as added by Section 2 of Chapter 695 of the Statutes of 1982, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 2. Section 5304 of the Vehicle Code is amended to read:

It may determine, by such examination, and declare the extent and nature of the reciprocal exemptions, benefits, and privileges to which owners of foreign commercial vehicles or other persons from those jurisdictions are entitled under the laws of this state.

This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1987, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1987, pursuant to Section 9611 of the Government Code, Section 8005 of the Vehicle Code, as added by Section 2 of Chapter 3 of the Statutes of 1959, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 4. Section 9259 of the Vehicle Code is amended to read:

9259. A fee of two dollars ($2) shall be paid for each sticker or device issued under Section 8157 or for each vehicle in a fleet upon transfer of ownership as provided in Section 8164.

SEC. 5. Section 9800 of the Vehicle Code is amended to read:

9800. (a) Payments for any of the following, and any interest, penalties or service fees added thereto, required to register or transfer the registration of a vehicle, constitute a lien on the vehicle on which they are due or which was involved in the offense:

(3) License fees.

(4) Use taxes.

(5) Bail for offenses relating to the standing or parking of a vehicle.

(b) Notwithstanding the provisions of subdivision (a), if a person is cited for a foreign registered auxiliary dolly, semitrailer, or trailer having been operated without current year registration or valid California permits or registration, an amount equal to the minimum registration fees or transfer fees, and any penalty added thereto, from the date they became due, shall, by election of the power unit operator, constitute a lien upon the California registered power unit which was pulling the dolly, semitrailer, or trailer. However, this subdivision shall not be applicable if the citation is issued at a scale operated by the Department of the California Highway Patrol and registration for the vehicle can be issued there immediately upon payment of the fees due.

(c) Every lien arising under this section shall expire three years from the date the fee, tax, or bail first became due.

(d) Employees and members of the Department of the California Highway Patrol assigned to commercial vehicle scale facilities are agents of the department for the purposes of collecting fees and taxes which are a lien on commercial vehicles.

However, this subdivision shall not be applicable if the citation is issued at a scale operated by the Department of the California Highway Patrol and registration for the vehicle can be issued there immediately upon payment of the fees due.

(c) Every lien arising under this section shall expire three years from the date the fee, tax, or bail first became due.

(d) Employees and members of the Department of the California Highway Patrol assigned to commercial vehicle scale facilities are agents of the department for the purposes of collecting fees and taxes which are a lien on commercial vehicles.

(e) Employees and members of the Department of the California Highway Patrol assigned to commercial vehicle scale facilities may possess and sell trip permits approved by the department.

SEC. 7. The Department of Motor Vehicles shall submit an interim report on the implementation of this act to both houses of the Legislature on or before July 1, 1985.

SEC. 8. Section 6 of this bill incorporates amendments to Section 9800 of the Vehicle Code proposed by both this bill and Assembly Bill 23. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1984, (2) each bill amends Section 9800 of the Vehicle Code, and (3) this bill is enacted after Assembly Bill 23, in which case Section 5 of this bill shall not become operative.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 988

An act to add Chapter 14 (commencing with Section 11535) to Part 2 of Division 2 of the Insurance Code, relating to insurance.

[Approved by Governor September 21, 1983 Filed with Secretary of State September 22, 1983]

The people of the State of California do enact as follows:

SECTION 1. Chapter 14 (commencing with Section 11535) is added to Part 2 of Division 2 of the Insurance Code, to read:

CHAPTER 14. CONVERSION OF AN INCORPORATED MUTUAL LIFE OR LIFE AND DISABILITY INSURER INTO AN INCORPORATED STOCK LIFE INSURER ISSUING POLICIES ON A RESERVE BASIS

Article 1. Authority and Requirements to Convert

11535. A domestic incorporated mutual life insurer, or life and disability insurer, issuing nonassessable policies on a reserve basis may be converted into an incorporated stock life or stock life and disability insurer issuing, on a reserve basis, nonassessable policies of life insurance or of both life and disability insurance. To that end it may provide and carry out a plan for the conversion by complying with the requirements of this chapter.

11536. The plan shall include appropriate proceedings for amending the insurer's articles of incorporation to give effect to the conversion from a non-stock corporation into a stock corporation. The plan shall be:

(a) Approved by a resolution of the majority of the board of directors. The resolution shall specify the reasons for and the purposes of the proposed conversion and the manner in which the conversion is expected to benefit and serve the best interests of the policyholders.

(b) Submitted to the commissioner for approval in writing, subject to the provisions of Section 11538.

(c) Approved by a majority vote of the members of the corporation voting at a meeting of the members called for that purpose, subject to the provisions of Section 11539.

(d) Filed in the office of the commissioner after having been approved as provided in subdivisions (b) and (c).

11537. The plan for conversion shall include the following:

(a) A fair and reasonable formula, approved by the commissioner, for determining the equity of each eligible member in the insurer, which equity shall be based upon an appraisal of the fair value of the insurer by one or more qualified disinterested persons appointed by the insurer with the approval of the commissioner. Those persons shall consider the assets and liabilities of the insurer and any factors bearing on the value of the mutual insurer.

(b) Each eligible member of the mutual insurer shall be given a preemptive right to acquire his or her proportionate part of all of the proposed capital stock of the insurer, within a designated reasonable period, by applying upon the purchase of such part the amount of his or her equity as determined under the formula described in subdivision (a).

(c) The members entitled to participate in the purchase of stock or distribution of assets shall be limited to all current policyholder members whose policies have been of record for not less than one year prior to the date the board of directors adopted the plan of conversion.

(d) Each member not applying his or her equity upon the purchase price of stock shall elect to receive either a cash payment or a certificate of contribution. The cash payment shall not be greater than 50 percent of his or her equity as determined by the formula in subdivision (a). The certificate of contribution shall be in an amount equal to 100 percent of his or her equity, as determined by the formula in subdivision (a), shall bear interest at the rate established in Section 10489.4 for minimum standard valuation of all life insurance policies of more than 20 years' duration issued in the year, and shall be repayable within 10 years or, if necessary under the terms of the plan, later, only on written approval of the commissioner and only out of surplus in excess of an amount established in the plan. Any member not electing to receive cash or purchase stock shall be deemed to have elected to receive a certificate of contribution. The stock purchased, cash payment, or certificate of contribution shall constitute full payment and discharge of the member's equity or property interest in the mutual insurer, and, notwithstanding any other provision of law, the member shall have no other rights with respect thereto.

(e) The number of shares to be authorized for the new stock insurer, their par value, and the method for determining the price at which the shares will be offered to eligible members, to the end that the plan, when completed, would provide for the converted insurer paid-in capital and surplus in an amount not less than the minimum paid-in capital and surplus required of a domestic stock

insurer upon initial authorization to transact like kinds of insurance.

(f) Provision for the offering to others of shares not purchased by eligible members within the designated period referred to in subdivision (b) at a price not less than the offering price to members.

11538. The commissioner shall examine the plan submitted pursuant to subdivision (b) of Section 11536. As a part of the examination the commissioner may order a hearing on the plan after giving written notice of the hearing to the insurer, and its members, all of whom shall have the right to appear at the hearing. The commissioner shall approve the plan if he or she finds it will be fair and equitable to the insurer and its policyholders and does not violate the law.

11539. The election prescribed by subdivision (c) of Section 11536 shall be called by the board of directors, the chairman of the board, or the president. Notice of the election shall be given to eligible members by mail at least 30 days prior to the date set for the election. Voting shall be by ballot, in person or by proxy. A quorum shall consist of 5 per centum of the members of the insurer entitled to vote at the meeting.

11540. Subdivision (f) of Section 11537 shall not be deemed to prohibit the inclusion in the conversion plan of provisions under which the individuals comprising the insurer's management, employees and agents shall be entitled to purchase for cash, at the same price as offered to the insurer's members, shares of stock not taken by members on the preemptive offering to members, in accordance with such reasonable classifications of such individuals as may be included in the plan. In no event shall the plan provide for such individuals to acquire in excess of 25 percent of the shares of stock issued pursuant to the plan for a mutual insurer having assets in excess of two hundred million dollars ($200,000,000) or 35 percent for a mutual insurer having assets of two hundred million dollars ($200,000,000) or less.

11541. No director, officer, agent or employee of the insurer shall receive any fee, commission or other valuable consideration whatsoever, other than regular salary and compensation, for in any manner aiding, promoting or assisting in the conversion except as set forth in the plan approved by the commissioner. This provision shall not be deemed to prohibit the payment of reasonable fees and compensation to attorneys at law, accountants and actuaries for services performed in the independent practice of their professions, even though they may also be directors of the insurer.

11542. Upon approval of the conversion plan in accordance with the provisions of this chapter, the commissioner shall issue a new certificate of authority to the converted corporation. The issuance of the certificate is the act of conversion and the mutual insurer shall immediately become a stock corporation. The insurer shall be a continuation of the original insurer, and the conversion shall in no way annul, modify or change any of such insurer's existing suits, rights, contracts or liabilities except as provided in the approved

conversion plan. The insurer, after conversion, shall exercise all the rights and powers and perform all the duties conferred or imposed by law upon insurers writing the classes of insurance written by it, and shall retain the rights and contracts existing prior to conversion, subject to the effect of the plan.

11543. The directors and officers of the mutual insurer shall serve until new directors and officers have been duly elected and qualified pursuant to the articles of incorporation and bylaws of the stock insurer.

11544. The offer or sale of securities issued pursuant to the plan of conversion developed and approved in accordance with the provisions of this chapter, shall be exempt from Article 8 (commencing with Section 820) of Chapter 1 of Part 2 of Division 1.

11545. The commissioner shall have the authority from time to time, to make, amend and rescind such rules and regulations as may be necessary to carry out the provisions of this chapter. The commissioner shall also have the authority to charge and collect from the insurer for the actual amount of expenses reasonably incurred by the state in discharge of the commissioner's duties hereunder.

11546. Upon completion of the act of conversion and issuance of the certificate of authority under Section 11542, the Secretary of State shall accept for filing a verified copy of the amended articles of incorporation.

CHAPTER 989

An act to add Chapter 8 (commencing with Section 41610) to Division 17 of the Vehicle Code, relating to traffic offenses.

[Approved by Governor September 21, 1983 Filed with Secretary of State September 22, 1983]

The people of the State of California do enact as follows:

SECTION 1. Chapter 8 (commencing with Section 41610) is added to Division 17 of the Vehicle Code, to read:

CHAPTER 8. CONSOLIDATED DISPOSITION

41610. (a) Whenever any person who is in custody enters a guilty plea to any infraction or misdemeanor under this code and there is outstanding any warrant of arrest for a violation of this code or a local ordinance adopted pursuant to this code that is filed in any court within the same county, the defendant may elect to enter a guilty plea to any of these charged offenses of which the court has a record, except offenses specified in subdivision (b). The court shall sentence the defendant for each of the offenses for which a guilty plea has been entered pursuant to this section, and shall notify the

appropriate court or department in each affected judicial district of the disposition. After receiving that notice of disposition, the court in which each complaint was filed shall prepare and transmit to the department any certification required by applicable provisions of Section 40509 as if the court had heard the case.

(b) Subdivision (a) does not authorize entry of a guilty plea as specified in that subdivision to any offense for which a notice of parking violation has been issued, nor to any offense specified in Section 14601.2, 14601.3, 20002, 23103, 23104, 23152, or 23153, subdivision (a) of Section 14601, or subdivision (a) of Section 14601.1.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

CHAPTER 990

An act to amend Sections 4604 and 4607 of the Civil Code, and to amend Sections 278, 278.5, 784 and 1497 of, and to add Sections 279 and 784.5 to, the Penal Code, relating to child concealment.

[Approved by Governor September 21, 1983 Filed with Secretary of State September 22, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 4604 of the Civil Code is amended to read:

4604. (a) In any case where a petition to determine custody of a child has been filed in a court of competent jurisdiction, or where a temporary order pending determination of custody has been entered in accordance with Section 4600.1, and the whereabouts of a party in possession of the child are not known, or there is reason to believe that such party may not appear in the proceedings although ordered to appear personally with the child pursuant to Section 5160, the district attorney shall take all actions necessary to locate such party and the child and to procure compliance with the order to appear with the child for purposes of adjudication of custody. The petition to determine custody may be filed by the district attorney.

(b) In any case where a custody or visitation decree has been entered by a court of competent jurisdiction and the child is taken or detained by another person in violation of the decree, the district attorney shall take all actions necessary to locate and return the child and the person who violated the decree and the child and to assist in the enforcement of the custody or visitation decree or other order of the court by use of any appropriate civil or criminal proceeding.

(c) In performing the functions described in subdivisions (a) and (b), the district attorney shall act on behalf of the court and shall not represent any party to the custody proceedings.

SEC. 2. Section 4607 of the Civil Code is amended to read:

4607. (a) In any proceeding where there is at issue the custody of or visitation with a minor child, and where it appears on the face of the petition or other application for an order or modification of an order for the custody or visitation of a child or children that either or both such issues are contested, as provided in Section 4600, 4600.1 or 4601, the matter shall be set for mediation of the contested issues prior to or concurrent with the setting of the matter for hearing. The purpose of such mediation proceeding shall be to reduce acrimony which may exist between the parties and to develop an agreement assuring the child or children's close and continuing contact with both parents. The mediator shall use his or her best efforts to effect a settlement of the custody or visitation dispute.

(b) Each superior court shall make available a mediator. Such mediator may be a member of the professional staff of a family conciliation court, probation department, or mental health services agency, or may be any other person or agency designated by the court. In order to provide mediation services, the court shall not be required to institute a family conciliation court. The mediator shall meet the minimum qualifications required of a counselor of conciliation as provided in Section 1745 of the Code of Civil Procedure.

(c) Mediation proceedings shall be held in private and shall be confidential, and all communications, verbal or written, from the parties to the mediator made in a proceeding pursuant to this section shall be deemed to be official information within the meaning of Section 1040 of the Evidence Code.

(d) The mediator shall have the authority to exclude counsel from participation in the mediation proceedings where, in the discretion of the mediator, exclusion of counsel is deemed by the mediator to be appropriate or necessary. The mediator shall have the duty to assess the needs and interests of the child or children involved in the controversy and shall be entitled to interview the child or children when the mediator deems such interview appropriate or necessary.

(e) The mediator may, consistent with local court rules, render a recommendation to the court as to the custody or visitation of the child or children. The mediator may, in cases where the parties have not reached agreement as a result of the mediation proceeding, recommend to the court that an investigation be conducted pursuant to Section 4602, or that other action be taken to assist the parties to effect a resolution of the controversy prior to any hearing on the issues. The mediator may, in appropriate cases, recommend that mutual restraining orders be issued, pending determination of the controversy, to protect the well-being of the children involved in the controversy. Any agreement reached by the parties as a result of mediation shall be reported to the court and to counsel for the parties

by the mediator on the day set for mediation or any time thereafter designated by the court.

SEC. 3. Section 278 of the Penal Code is amended to read:

278. (a) Every person, not having a right of custody, who maliciously takes, entices away, detains or conceals any minor child with intent to detain or conceal such child from a person, guardian, or public agency having the lawful charge of such child shall be punished by imprisonment in the state prison for two, three or four years, a fine of not more than ten thousand dollars ($10,000), or both, or imprisonment in a county jail for a period of not more than one year, a fine of not more than one thousand dollars ($1,000), or both.

(b) Pursuant to Sections 27 and 778, a violation of this section is punishable in California, whether the intent to commit the offense is formed within or without the state, if the child was a resident of California or present in California at the time of the taking, or if the child is thereafter found in California.

SEC. 4. Section 278.5 of the Penal Code is amended to read:

278.5. (a) Every person who in violation of the physical custody or visitation provisions of a custody order, judgment, or decree takes, retains, detains, or conceals the child with the intent to deprive another person of his or her rights to physical custody or visitation shall be punished by imprisonment in the state prison for 16 months, or two or three years, a fine of not more than ten thousand dollars ($10,000), or both; or by imprisonment in a county jail for a period of not more than one year, a fine of not more than one thousand dollars ($1,000), or both.

(b) Every person who, whether within or without this state, causes a child to be transported out of this state with the intent to deprive another of his or her rights to physical custody or visitation, in violation of the physical custody or visitation provisions of a custody order, judgment, or decree, shall be punished by imprisonment in the state prison for 16 months, or two or three years, a fine of not more than ten thousand dollars ($10,000), or both; or by imprisonment in a county jail for a period of not more than one year, a fine of not more than one thousand dollars ($1,000), or both.

(c) Every person who has a right to physical custody of or visitation with a child pursuant to an order, judgment or decree of any court which grants another person, guardian or public agency right to physical custody of or visitation with that child, and who within or without the state detains, conceals, takes or entices away that child with the intent to deprive the other person of such right to custody or visitation shall be punished by imprisonment in the state prison for 16 months, or two or three years, a fine of not more than ten thousand dollars ($10,000), or both; or by imprisonment in a county jail for a period of not more than one year, a fine of not more than one thousand dollars ($1,000), or both.

Pursuant to Sections 27 and 778, a violation of this subdivision is punishable in California, whether the intent to commit the offense is formed within or without the state, if the child was a resident of

California or present in California at the time of the taking, or if the child is thereafter found in California.

SEC. 5. Section 279 is added to the Penal Code, to read:

279. (a) A peace officer investigating a report of a violation of Section 278 or 278.5 may take a minor child into protective custody if it reasonably appears to the officer that any person unlawfully will flee the jurisdictional territory with the minor child.

(b) A child who has been detained or concealed shall be returned to the person, guardian, or pubic agency having lawful charge of the child, or to the court in which a custody proceeding is pending, or to the probation department of the juvenile court in the county in which the victim resides.

(c) The offenses enumerated in Sections 278 and 278.5 are continuous in nature, and continue for so long as the minor child is concealed or detained.

(d) Any expenses incurred in returning the child shall be reimbursed as provided in Section 4605 of the Civil Code. Those expenses, and costs reasonably incurred by the victim, shall be assessed against any defendant convicted of a violation of Section 278 or 278.5.

SEC. 6. Section 784 of the Penal Code is amended to read:

784. The jurisdiction of a criminal action:

(a) For forcibly and without lawful authority seizing and confining another, or inveigling or kidnapping another, with intent, against his or her will, to cause him or her to be secretly confined or imprisoned in this state, or to be sent out of the state, or from one county to another, or to be sold as a slave, or in any way held to service;

(b) For inveigling, enticing, or taking away any person for the purpose of concubinage or prostitution, as defined in subdivision (b) of Section 647;

Is in any competent court within the jurisdictional territory in which the offense was committed, or in the jurisdictional territory out of which the person upon whom the offense was committed was taken or within the jurisdictional territory in which an act was done by the defendant in instigating, procuring, promoting, or aiding in the commission of the offense, or in abetting the parties concerned therein.

SEC. 7. Section 784.5 is added to the Penal Code, to read:

784.5. The jurisdiction of a criminal action for a violation of Section 278 or 278.5 shall be in any one of the following jurisdictional territories:

(a) Any jurisdictional territory in which the victimized person resides, or where the agency deprived of custody is located, at the time of the taking.

(b) In the jurisdictional territory out of which the minor child was taken.

(c) The jurisdictional territory in which the minor child is found.

When the jurisdiction lies in more than one jurisdictional territory,

the district attorneys concerned may agree which of them will prosecute the case.

SEC. 8. Section 1497 of the Penal Code is amended to read:

1497. When it appears to any court, or judge, authorized by law to issue the writ of habeas corpus, that any one is illegally held in custody, confinement, or restraint, and that there is reason to believe that the person will be carried out of the jurisdiction of the court or judge before whom the application is made, or will suffer some irreparable injury before compliance with the writ of habeas corpus can be enforced, the court or judge may cause a warrant to be issued, reciting the facts, and directed to any peace officer, commanding the peace officer to take the person held in custody, confinement, or restraint, and immediately bring him or her before the court or judge, to be dealt with according to law.

SEC. 9. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 10. If subdivision (b) of Section 278 of the Penal Code, as amended by Section 3 of this act, or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 11. If subdivision (c) of Section 278.5 of the Penal Code, as amended by Section 4 of this act, or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application and to this end the provisions of this act are severable.

SEC. 12. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 991

An act to amend Section 16707 of the Welfare and Institutions Code, relating to county health services, and making an appropriation therefor.

[Approved by Governor September 21, 1983 Filed with Secretary of State September 22, 1983]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that:

(a) State-funded services provided by local health departments are vitally important in maintaining the health and welfare of the people of California.

(b) Some state funds appropriated for public health purposes are not fully expended each year.

(c) With proper legislative direction, these otherwise unexpended funds can improve the public health by being used for response to emergencies, aiding distressed county hospitals, supporting refugee health services, computerizing local information systems, facilitating county and community clinic coordination, and assisting elderly care programs.

SEC. 2. Section 16707 of the Welfare and Institutions Code is amended to read:

16707. (a) Savings that occur in the County Health Services Fund due to a lack of applications for funds or for failure of local jurisdictions to expend funds as required to qualify for funding under this part may be appropriated to the State Department of Health Services by the Legislature in the annual Budget Act. To the extent that these savings are appropriated, the state department shall allocate these funds pursuant to priority categories established by the Legislature in the Budget Act pursuant to subdivision (b). The funds shall be available to local jurisdictions for one-time projects upon application by the governing body of the jurisdiction. These state funds shall only be expended if a local jurisdiction agrees to a net expenditure of local jurisdiction funds in the same amount as the state funds. However, the Director of Health Services may waive or reduce this matching fund requirement when funds are needed for a public health emergency or for a distressed county hospital if the director determines that one of the following exists:

(1) Due to financial constraints, a local jurisdiction is unable to incur net expenditures of local jurisdiction funds in the same amount as state funds provided.

(2) The interest of the state would best be served by the waiver or reduction of the matching fund requirement.

(b) The priority categories established pursuant to subdivision (a) may include, but are not limited to, the following:

(1) Public health emergencies which are unforeseen events that pose an immediate threat to the public health, such as an impending outbreak of encephalitis, plague, or other infectious disease.

(2) Distressed county hospitals which are facilities in danger of closure due to deterioration, age, or lack of compliance with code standards, and which would, in the opinion of the State Department of Health Services, be likely to stay open if certain identifiable

improvements are made. No expenditure in this category shall exceed one hundred fifty thousand dollars ($150,000).

(3) Computerization of county information systems which is equipment or software, or both, that would help county health departments' accounting, revenue recovery, collections and billings, patient records, management information, and birth certification systems, or help provide the Legislature with information to better enable it to assess the impact and effectiveness of state funds used for public health and medically indigent care services.

(4) Refugee health programs which are projects that address the unique public health problems posed by the influx of refugees into California, such as tuberculosis testing, parasitic disease control, and nutrition education.

(5) County-clinic coordination which are projects that facilitate effective utilization of private nonprofit clinics to reduce costs and improve access to primary care and public health services in medically underserved areas. These funds shall not be used for capital financing.

(6) Elder care projects, which includes the development of adult day health care centers, which are projects for developing adult day health care councils, plans, and new centers, and assisting centers which have been licensed in the prior two years, and the development of previously nonexistent programs for the elderly, which are projects establishing new programs such as cervical and breast cancer education and detection, public health nursing programs specifically for seniors, addition of case management components to existing programs, and audio-visual nutrition education programs.

(7) Any public health purpose the Legislature deems necessary.

(c) The amount of savings which may be utilized pursuant to this section shall be limited in the 1983–84 fiscal year and each fiscal year thereafter, to an amount equal to one quarter of 1 percent of the total amount of funds appropriated to the County Health Services Fund in that fiscal year or two million two hundred thousand dollars ($2,200,000), whichever is greater. Any funds in excess of that amount which are savings from the allocation made pursuant to Section 16702 shall revert to the General Fund. Any funds in excess of that amount allocated to a county which did not contract with the department, pursuant to Section 16709, for the fiscal year and which are savings from allocations made from the Medically Indigent Services Account pursuant to subdivision (b) of Section 16703 shall be deposited in the Local Health Capital Expenditure Account and shall be available for the purposes specified in Section 16715. For the 1983–84 fiscal year, funds shall not be available for projects until two million three hundred sixty-five thousand dollars ($2,365,000) has reverted to the General Fund.

(d) The director shall report annually to the Legislature on the prior year's distribution of funds under this section.

(e) The State Department of Health Services is authorized to

utilize funds that accumulate in the County Health Services Fund for administration of this program so long as these costs are authorized through the regular budget process.

CHAPTER 992

An act to amend Sections 1267, 1279, and 1282 of the Health and Safety Code, relating to health facilities.

[Approved by Governor September 21, 1983. Filed with Secretary of State September 22, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 1267 of the Health and Safety Code is amended to read:

1267. Each license issued pursuant to this chapter shall expire 12 months from the date of its issuance and each special permit shall expire on the expiration date of the license. Application for renewal of a license or special permit accompanied by the necessary fee shall be filed with the state department not less than 30 days prior to the expiration date. Failure to make a timely renewal shall result in expiration of the license or special permit.

A renewal license or special permit may be issued for a period not to exceed two years if the holder of the license or special permit has been found in substantial compliance with any statutory requirements, regulations, or standards during the preceding license period. However, for a health facility specified in subdivision (a) or (b) of Section 1250, a renewal license or special permit may be issued for a period not to exceed three years, if the holder of the license or special permit has been found in substantial compliance with statutory requirements, regulations, or standards during the preceding license period.

SEC. 2. Section 1279 of the Health and Safety Code is amended to read:

1279. Every health facility for which a license or special permit has been issued shall be periodically inspected by a representative or representatives appointed by the state department, depending upon the type and complexity of the health facility or special service to be inspected. Inspections shall be conducted no less than once every two years and as often as necessary to insure the quality of care being provided. However, for a health facility specified in subdivision (a) or (b) of Section 1250, inspections shall be conducted no less than once every three years, and as often as necessary to insure the quality of care being provided. During the inspection, the representative or representatives shall offer such advice and assistance to the health facility as they deem appropriate.

For acute care hospitals of 100 beds or more, the inspection team

shall include at least a physician, registered nurse, and persons experienced in hospital administration and sanitary inspections. During the inspection, the team shall offer such advice and assistance to the hospital as it deems appropriate.

SEC. 3. Section 1282 of the Health and Safety Code is amended to read:

1282. (a) The state department shall have the authority to contract for outside personnel to perform inspections of health facilities as the need arises. The state department, when feasible, shall contract with nonprofit, professional organizations which have demonstrated the ability to carry out the provisions of this chapter. The organizations shall include, but not be limited to, the California Medical Association Committee on Medical Staff Surveys and participants in the Consolidated Hospital Survey Program.

Quality of care inspections have been performed in recent years by the California Medical Association Committee on Staff Surveys and other organizations which have combined their efforts in the Consolidated Hospital Survey Program. It is the intent of the Legislature that these organizations or comparable organizations shall continue to perform these inspections by contract when sufficient manpower is available from the organizations to do so, unless the state department demonstrates that the inspections fail to assure compliance with the quality of care standards set by this chapter.

(b) If, pursuant to this section, the state department contracts with the Joint Commission on Accreditation of Hospitals to perform all or any part of a quality of care inspection for a health facility specified in subdivision (a) of Section 1250, and if that health facility contracts with the Joint Commission on Accreditation of Hospitals to perform an accreditation inspection and survey at the same time as the quality of care inspection, the health facility shall transmit to the state department, within 30 days of receipt, a copy of the final accreditation report of the Joint Commission on the Accreditation of Hospitals. However, if the Joint Commission on Accreditation of Hospitals conducts an accreditation inspection and survey at a health facility at a time other than the time at which, pursuant to this section, it participates in a quality of care inspection at that facility, then the health facility shall not be required to transmit a copy of the final accreditation report to the state department.

SEC. 4. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 993

An act to amend Section 1203.09 of the Penal Code, relating to crimes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1983 Filed with Secretary of State September 22, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 1203.09 of the Penal Code is amended to read:

1203.09. (d) As used in this section "great bodily injury" means "great bodily injury" as defined in Section 12022.7.

(e) This section shall apply in all cases, including those cases where the infliction of great bodily injury is an element of the offense.

(f) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not

be granted to, nor shall the execution or imposition of sentence be suspended for, any person convicted of having committed one or more of the following crimes against a person who is 60 years of age or older: assault with a deadly weapon or instrument, battery which results in physical injury which requires professional medical treatment, robbery, or mayhem.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for more certain and effective punishment for persons committing offenses against persons 60 years of age or older and thereby improve protection for the elderly population of the state, it is necessary that this act go into effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 5344 of the Food and Agricultural Code is amended to read:

5344. It is unlawful for the operator of any vehicle to fail to stop the vehicle at an inspection station or upon demand of a clearly identified plant quarantine officer, or officers authorized pursuant to Section 5348 to cite persons for violations committed pursuant to this article, for the purpose of determining whether any quarantine which is established pursuant to any provision of this division is being violated.

SEC. 2. Section 5346 of the Food and Agricultural Code is amended to read:

SEC. 4. CHAPTER 995

An act to amend Sections 39250 and 39250.7 of, and to add Section 39250.5 to, the Education Code, relating to schools, and declaring the urgency thereof, to take effect immediately.

(b) Lease property from the federal government, the state, or any county, city and county, city, or district for the purpose of constructing school buildings and facilities thereon.

Except as otherwise provided, any building leased for a total time in excess of three years, or under a lease-purchase agreement, shall be deemed the construction or alteration of a school building, as those terms are used in Article 3 (commencing with Section 39140) of this chapter. A building or facility used by a school district under a lease or a lease-purchase agreement into which neither pupils nor teachers are required to enter and which would be excluded from the meaning of "school building" in Section 39214 shall not be

considered to be a "school building" within the meaning of Section 39141. The governing board of a school district may request and obtain from the State Allocation Board authority for use of any such building not meeting the structural standards prescribed by Article 3 (commencing with Section 39140) of this chapter for an additional three years upon presentation of satisfactory evidence to the State Allocation Board that the district is proceeding in a timely manner with a construction program that will eliminate the need for the leased facilities.

SEC. 2. Section 39250.5 is added to the Education Code, to read:

39250.5. Any building which is used exclusively for adult education purposes and (1) which is being leased on the effective date of this section by the governing board of a school district pursuant to this article or (2) which may, thereafter, be leased by the governing board of a school district pursuant to this article, is exempt from the provisions of Article 3 (commencing with Section 39140) and Section 39210.

If any exempt building has not been constructed in accordance with Article 3 (commencing with Section 39140) and has not been repaired, reconstructed, or replaced in accordance with Article 6 (commencing with Section 39210), the governing board shall post in a conspicuous place on the building a public notice stating that the building does not meet the structural standards imposed by law for earthquake safety.

This section shall apply only to school districts with an average daily attendance of 400,000 or more.

SEC. 3. Section 39250.7 of the Education Code is amended to read:

39250.7. Notwithstanding any other provision of law to the contrary, the governing board of a school district whose average daily attendance is 400,000, or more, may lease buildings and other facilities, such as administrative offices, warehouses, athletic facilities, outdoor assembly facilities, auditoriums, quarters for adult education, transportation facilities, and communication facilities, for a period of not to exceed 16 years, and, upon the expiration of the lease, may lease these buildings and facilities for an additional period of not to exceed 16 years. However, if such facilities are used for programs which are fully or partially funded by other than state or district sources, the facilities may be leased for the duration of the funding. The governing board may also lease for any amount of time health facilities which: (1) are owned by the parent-teachers' association or other similar type organization; (2) are utilized and operated for other than educational services by the school district in which such facility is located; and (3) are for the benefit of those pupils who are brought to the facility by their parents for health services.

SEC. 4. (a) Notwithstanding any other provision of law, the governing board of any school district may, with the approval of the county superintendent of schools of the county in which the school

district is located, contract with the Los Angeles Olympic Organizing Committee, a private nonprofit corporation, to provide the following services during the period of June 1, 1984, through August 31, 1984:

(1) Lease equipment, including schoolbuses and support facilities.

(2) Provide transportation services for persons, except spectators, involved in the 1984 Olympic Games.

(b) The contract shall require the Los Angeles Olympic Organizing Committee to reimburse the school district for all direct costs associated with the contracts.

(c) Any school district which files forms with the Superintendent of Public Instruction covering the annual report of transportation expense in connection with reimbursement for transportation shall show on the forms the total mileage of schoolbuses used in providing transportation for Olympic games purposes. The Superintendent of Public Instruction, in accordance with regulations adopted by him or her, shall deduct from the allowances to a school district for transportation an amount equal to the depreciation of schoolbuses due to their use in transporting persons for the Olympic games.

SEC. 5. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Many of the leases affected by this act terminate prior to January 1, 1984. Therefore, in order to ensure that school districts are able to continue using the facilities without interruption, and so permit the orderly operation of the districts' programs, it is necessary that this act take effect immediately.

In order to protect the public and the environment in the geographic areas where the Olympic games will be held by reducing the number of vehicles needed to transport participants and in order to allow sufficient time to arrange the contracts needed to implement the transportation scheme, it is necessary that this act take effect immediately.

separate premises as provided in Section 1250.8. A general acute care hospital which exclusively provides acute medical rehabilitation center services, including at least physical therapy, occupational therapy, and speech therapy, may provide for the required surgical and anesthesia services through a contract with another acute care hospital. In addition, a general acute care hospital which, on July 1, 1983, provided required surgical and anesthesia services through a contract or agreement with another acute care hospital may continue to provide these surgical and anesthesia services through a contract or agreement with an acute care hospital.

(b) "Acute psychiatric hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff which provides 24-hour inpatient care for mentally disordered, incompetent, or other patients referred to in Division 5 (commencing with Section 5000) or Division 6 (commencing with Section 6000) of the Welfare and Institutions Code, including the following basic services: medical, nursing, rehabilitative, pharmacy, and dietary services.

SEC. 2. Section 1250.8 is added to the Health and Safety Code, to read:

1250.8. (a) Notwithstanding subdivision (a) of Section 437.10,

the state department, upon application of a general acute care hospital which meets all the criteria of subdivision (b), and other applicable requirements of licensure, shall issue a single, consolidated license to a general acute care hospital which includes more than one physical plant maintained and operated on separate premises or which has multiple licenses for a single health facility on the same premises. A single, consolidated license shall not be issued where the separate physical plant is a skilled nursing facility or an intermediate care facility located on premises which are not adjacent to the general acute care hospital.

(b) The issuance of a single, consolidated license shall be based on the following criteria:

(1) There is a single governing body for all of the facilities maintained and operated by the licensee.

(2) There is a single administration for all of the facilities maintained and operated by the licensee.

(3) There is a single medical staff for all of the facilities maintained and operated by the licensee, with a single set of bylaws, rules, and regulations, which prescribe a single committee structure.

(4) The physical plants maintained and operated by the licensee which are to be covered by the single, consolidated license are located not more than 15 miles apart. However, the director may issue a single, consolidated license to a general acute care hospital which maintains and operates two or more physical plants which are located beyond 15 miles if all of the following exist:

(A) One or more physical plants are located in a rural area, as defined by regulations of the director.

(B) The director finds, after consultation with the Director of the Office of Statewide Health Planning and Development, that the issuance of the single, consolidated license for the general acute care hospital would not significantly impair the operation of Part 1.5 (commencing with Section 437) of Division 1.

(C) The director finds that the licensee can comply with the requirements of licensure and maintain the provision of quality care, and adequate administrative and professional supervision.

(c) In issuing the single, consolidated license, the state department shall specify the location of each supplemental service and the location of the number and category of beds provided by the licensee.

(d) To the extent required by Part 1.5 (commencing with Section 437) of Division 1, a general acute care hospital which has been issued a single consolidated license:

(1) Shall not transfer from one facility to another a special service described in Section 1255 without first obtaining a certificate of need.

(2) Shall not transfer, in whole or in part, from one facility to another, a supplemental service, as defined in regulations of the director pursuant to this chapter, without first obtaining a certificate of need, unless the licensee, 30 days prior to such relocation, notifies the Office of Statewide Health Planning and Development, the

applicable health systems agency, and the state department of the licensee's intent to relocate the supplemental service, and includes with this notice a cost estimate, certified by a person qualified by experience or training to render such estimates, which estimates that the cost of the transfer will not exceed the capital expenditure threshold established by the Office of Statewide Health Planning and Development pursuant to Section 437.10.

(3) Shall not transfer beds from one facility to another facility, without first obtaining a certificate of need unless, 30 days prior to the relocation, the licensee notifies the Office of Statewide Health Planning and Development, the applicable health systems agency, and the state department of the licensee's intent to relocate health facility beds, and includes with this notice both of the following:

(A) A cost estimate, certified by a person qualified by experience or training to render such estimates, which estimates that the cost of the relocation will not exceed the capital expenditure threshold established by the Office of Statewide Health Planning and Development pursuant to Section 437.10.

(B) The identification of the number, classification, and location of the health facility beds in the transferor facility and the proposed number, classification, and location of the health facility beds in the transferee facility.

Except as otherwise permitted in Part 1.5 (commencing with Section 437) of Division 1, or as authorized in an approved certificate of need pursuant to that part, health facility beds transferred pursuant to this section shall be used in the transferee facility in the same bed classification as defined in Section 1250.1, as the beds were classified in the transferor facility.

Health facility beds transferred pursuant to this section shall not be transferred back to the transferor facility for two years from the date of the transfer, regardless of cost, without first obtaining a certificate of need pursuant to Part 1.5 (commencing with Section 437) of Division 1.

(e) All transfers pursuant to subdivision (d) shall satisfy all applicable requirements of licensure and shall be subject to the written approval, if required, of the state department. The state department may adopt regulations which are necessary to implement the provisions of this section. These regulations may include a requirement that each facility of a health facility subject to a single consolidated license have an onsite full-time or part-time administrator.

(f) As used in this section, "facility" means any physical plant operated or maintained by a health facility subject to a single, consolidated license issued pursuant to this section.

(g) For purposes of selective provider contracts negotiated under the Medi-Cal program, the treatment of a health facility with a single consolidated license issued pursuant to this section shall be subject to negotiation between the health facility and the California Medical Assistance Commission. A general acute care hospital which is issued

a single consolidated license pursuant to this section may, at its option, receive from the state department a single Medi-Cal program provider number or separate Medi-Cal program provider numbers for one or more of the facilities subject to the single consolidated license. Irrespective of whether the general acute care hospital is issued one or more Medi-Cal provider numbers, the state department may require the hospital to file separate cost reports for each facility pursuant to Section 14170 of the Welfare and Institutions Code.

(h) For purposes of the Annual Report of Hospitals required by regulations adopted by the state department pursuant to this part, the state department and the Office of Statewide Health Planning and Development may require reporting of bed and service utilization data separately by each facility of a general acute care hospital issued a single consolidated license pursuant to this section.

SEC. 3. Section 14053 of the Welfare and Institutions Code is amended to read:

14053. The term "health care services" means the benefits set forth in Article 4 (commencing with Section 14131) of this chapter and in Section 14021. The term includes inpatient hospital services for any individual under 21 years of age in an institution for mental diseases. Any individual under 21 years of age receiving such inpatient psychiatric hospital services immediately preceding the date on which he or she attains age 21 may continue to receive such services until he or she attains age 22.

CHAPTER 1. GENERAL DECLARATION AND POLICY

10610. This part shall be known and may be cited as the "Urban Water Management Planning Act."

10610.2. The Legislature finds and declares as follows:

(a) The waters of the state are a limited and renewable resource subject to ever increasing demands.

(b) The conservation and efficient use of urban water supplies are of statewide concern; however, the planning for that use and the implementation of those plans can best be accomplished at the local level.

10610.4. The Legislature finds and declares that it is the policy of the state as follows:

(a) The conservation and efficient use of water shall be actively pursued to protect both the people of the state and their water resources.

(b) The conservation and efficient use of urban water supplies shall be a guiding criterion in public decisions.

(c) Urban water suppliers shall be required to develop water management plans to achieve conservation and efficient use.

CHAPTER 2. DEFINITIONS

10611. Unless the context otherwise requires, the definitions of this chapter govern the construction of this part.

10611.5. "Conservation" means those measures that limit the amount of water used only to that which is reasonably necessary for the beneficial use to be served.

10612. "Customer" means a purchaser of water from a water supplier who uses the water for municipal purposes, including residential, commercial, governmental, and industrial uses.

10613. "Efficient use" means those management measures that result in the most effective use of water so as to prevent its waste or unreasonable use or unreasonable method of use.

10615. "Plan" means an urban water management plan prepared pursuant to this part. A plan shall describe and evaluate reasonable and practical efficient uses and conservation activities. The plan shall address measures for residential, commercial, governmental, and industrial water management as set forth in Article 2 (commencing with Section 10630) of Chapter 3. In addition, a strategy and time schedule for implementation shall be included in the plan.

10616. "Public agency" means any board, commission, county, city and county, city, regional agency, district, or other public entity.

An urban water supplier includes a supplier or contractor for water, regardless of the basis of right, which distributes or sells for ultimate resale to customers. This part applies only to water supplied from public water systems subject

to Chapter 7 (commencing with Section 4010) of Part 1 of Division 5 of the Health and Safety Code.

CHAPTER 3. URBAN WATER MANAGEMENT PLANS

Article 1. General Provisions

10620. (a) Every urban water supplier serving water directly to customers shall, not later than December 31, 1985, prepare and adopt an urban water management plan in the manner set forth in Article 3 (commencing with Section 10640).

(b) Every person that becomes an urban water supplier after December 31, 1984, shall adopt an urban water management plan within one year after it has become an urban water supplier.

(c) An urban water supplier indirectly providing water to customers may adopt an urban water management plan or participate in areawide, regional, watershed, or basinwide urban water management planning; provided, however, an urban water supplier indirectly providing water shall not include planning elements in its water management plan as provided in Article 2 (commencing with Section 10630) that would be applicable to urban water suppliers or public agencies directly providing water, or to their customers, without the consent of those suppliers or public agencies.

(d) An urban water supplier may satisfy the requirements of this part by participation in areawide, regional, watershed, or basinwide urban water management planning where those plans will reduce preparation costs and contribute to the achievement of conservation and efficient water use.

(e) The urban water supplier may prepare the plan with its own staff, by contract, or in cooperation with other governmental agencies.

10621. Each urban water supplier shall periodically review its plan at least once every five years. After the review, it shall make any amendments or changes to its plan which are indicated by the review. Amendments or changes in its plan shall be adopted and filed in the manner set forth in Article 3 (commencing with Section 10640).

Article 2. Contents of Plans

10630. It is the intention of the Legislature, in enacting this part, to permit levels of water management planning commensurate with the numbers of customers served and the volume of water supplied.

10631. A plan shall include all of the following elements:

(a) Contain an estimate of past, current, and projected water use and, to the extent records are available, segregate those uses between residential, industrial, commercial, and governmental uses.

(b) Identify conservation measures currently adopted and being

practiced.

(c) Describe alternative conservation measures, if any, which would improve the efficiency of water use with an evaluation of their costs and their environmental and other significant impacts.

(d) Provide a schedule of implementation for proposed actions as indicated by the plan.

(e) Describe the frequency and magnitude of supply deficiencies, including conditions of drought and emergency, and the ability to meet short-term deficiencies.

10632. In addition to the elements required pursuant to Section 10631, a plan projecting a future use which indicates a need for expanded or additional water supplies shall contain an evaluation of the following:

(a) Waste water reclamation.

(b) Exchanges or transfer of water on a short-term or long-term basis.

(c) Management of water system pressures and peak demands.

(d) Incentives to alter water use practices, including fixture and appliance retrofit programs.

(e) Public information and educational programs to promote wise use and eliminate waste.

(f) Changes in pricing, rate structures, and regulations.

10633. The plan shall contain an evaluation of the alternative water management practices identified in Sections 10631 and 10632, taking into account economic and noneconomic factors, including environmental, social, health, customer impact, and technological factors.

Evaluation of the elements in Section 10632 shall include a comparison of the estimated cost of alternative water management practices with the incremental costs of expanded or additional water supplies, and in the course of the evaluation first consideration shall be given to water management practices, or combination of practices, which offer lower incremental costs than expanded or additional water supplies, considering all the preceding evaluation factors.

Article 3. Adoption and Implementation of Plans

10640. Every urban water supplier required to prepare a plan pursuant to this part shall prepare its plan pursuant to Article 2 (commencing with Section 10630).

The supplier shall likewise periodically review the plan as required by Section 10621, and any amendments or changes required as a result of that review shall be adopted pursuant to this article.

10641. (a) An urban water supplier required to prepare a plan may consult with, and obtain comments from, any public agency or state agency or any person who has special expertise with respect to water conservation and management methods and techniques.

(b) In order to assist urban water suppliers in obtaining needed

expertise as provided for in subdivision (a), the department, upon request of an urban water supplier, shall provide the supplier with a list of persons or agencies having expertise or experience in the development of water management plans.

10642. Prior to adopting a plan, the urban water supplier shall make the plan available for public inspection and shall hold a public hearing thereon. Prior to the hearing, notice of the time and place of hearing shall be published within the jurisdiction of the publicly owned water supplier pursuant to Section 6066 of the Government Code. A privately owned water supplier shall provide an equivalent notice within its service area. After the hearing, the plan shall be adopted as prepared or as modified after the hearing.

10643. An urban water supplier shall implement its plan adopted pursuant to this chapter in accordance with the schedule set forth in its plan.

10644. An urban water supplier shall file with the department a copy of its plan no later than 30 days after adoption. Copies of amendments or changes to the plans shall be filed with the department within 30 days after adoption.

The department shall annually prepare and submit to the Legislature a report summarizing the status of the plans adopted pursuant to this part.

CHAPTER 4. MISCELLANEOUS PROVISIONS

10650. Any actions or proceedings to attack, review, set aside, void, or annul the acts or decisions of an urban water supplier on the grounds of noncompliance with this part shall be commenced as follows:

(a) An action or proceeding alleging failure to adopt a plan shall be commenced within 18 months after that adoption is required by this part, or within 18 months after commencement of urban water service by a supplier commencing that service after January 1, 1984.

(b) Any action or proceeding alleging that a plan, or action taken pursuant to the plan, does not comply with this part shall be commenced within 90 days after filing of the plan or amendment thereto pursuant to Section 10644 or the taking of that action.

10651. In any action or proceeding to attack, review, set aside, void, or annul a plan, or an action taken pursuant to the plan by an urban water supplier on the grounds of noncompliance with this part, the inquiry shall extend only to whether there was a prejudicial abuse of discretion. Abuse of discretion is established if the supplier has not proceeded in a manner required by law or if the action by the water supplier is not supported by substantial evidence.

10652. The California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) does not apply to the preparation and adoption of plans prepared and adopted under this part. Nothing in this part shall be interpreted as exempting projects for implementation of the plan or for expanded

or additional water supplies from the provisions of the California Environmental Quality Act.

10653. The adoption of a plan shall satisfy any requirements of state law, regulation, or order, including those of the State Water Resources Control Board, for the preparation of water management plans or conservation plans; provided, that if the State Water Resources Control Board requires additional information concerning water conservation to implement its existing authority, nothing in this part shall be deemed to limit the board in obtaining that information. The requirements of this part shall be satisfied by any water conservation plan prepared to meet federal laws or regulations after the effective date of this part, and which substantially meets the requirements of this part, or by any existing water management or conservation plan which includes the contents of a plan required under this part.

10654. All costs incurred by an urban water supplier in developing or implementing its plan shall be borne by it unless otherwise provided for by statute.

10655. If any provision of this part or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of this part which can be given effect without the invalid provision or application thereof, and to this end the provisions of this part are severable.

10656. This part shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1991, deletes or extends that date.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 1010

An act to amend Sections 708.730, 708.740, 708.770, 708.780, and 708.795 of the Code of Civil Procedure, relating to child support.

[Approved by Governor September 21, 1983. Filed with Secretary of State September 22, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 708.730 of the Code of Civil Procedure is amended to read:

708.730. (a) If money is owing and unpaid to the judgment debtor by a public entity, the judgment creditor may file, in the manner provided in this article, an abstract of the money judgment

or a certified copy of the money judgment, together with an affidavit that states that the judgment creditor desires the relief provided by this article and states the exact amount then required to satisfy the judgment. The judgment creditor may state in the affidavit any fact tending to establish the identity of the judgment debtor.

(b) Promptly after filing the abstract or certified copy of the judgment and the affidavit with the public entity, the judgment creditor shall serve notice of the filing on the judgment debtor. Service shall be made personally or by mail.

(c) If the judgment is for child support and money is owing and unpaid to the judgment debtor by a state agency as a result of overpayment of a tax, penalty, or interest, or interest allowable with respect to an overpayment, under Part 10 (commencing with Section 17001) of Division 2 of the Revenue and Taxation Code, and the district attorney is enforcing the child support obligation pursuant to Section 11475.1 of the Welfare and Institutions Code, the claim may be submitted as follows: The district attorney may file the affidavit referred to in subdivision (a) without filing an abstract or certified copy of the judgment. In lieu thereof, the affidavit shall also state that an abstract of the judgment could be obtained. Where there is more than one judgment debtor, the district attorney may include all such judgment debtors in a single affidavit. Separate affidavits need not be submitted for each judgment debtor. The affidavit need not on its face separately identify each judgment debtor or the exact amount required to satisfy the judgment, so long as it incorporates by reference forms or other automated data transmittals, as required by the State Department of Social Services, which contain this information. Affidavits so submitted by the district attorney shall meet the standards and procedures prescribed by the Franchise Tax Board.

In serving the notice required by subdivision (b), the Director of the State Department of Social Services or his or her designee may act in lieu of the judgment creditor as to judgments enforced under this division.

SEC. 2. Section 708.740 of the Code of Civil Procedure is amended to read:

708.740. (a) Except as provided in subdivision (e), if money is owing and unpaid to the judgment debtor by a state agency, the judgment creditor shall file the abstract or certified copy of the judgment and the affidavit with the state agency owing the money to the judgment debtor prior to the time the state agency presents the claim of the judgment debtor to the Controller. Where the affidavit is prepared under subdivision (c) of Section 708.730, the affidavit shall be filed with the State Department of Social Services, and no abstract need be filed. Filing of the affidavit with the department shall be sufficient to require the Controller to transfer the funds claimed by the judgment debtor, notwithstanding that the claim of the judgment debtor has been filed with another state agency.

(b) When presenting the claim of the judgment debtor to the Controller, the state agency shall do all of the following:

(1) Note the fact of the filing of the abstract or certified copy of the judgment and the affidavit.

(2) State the amount required to satisfy the judgment as shown by the affidavit.

(3) State any amounts advanced to the judgment debtor by the state, or owed by the judgment debtor to the state, for expenses or for any other purpose.

(c) Except as provided in subdivisions (d) and (e), to discharge the claim of the judgment debtor, the Controller shall (1) deposit with the court, by a warrant or check payable to the court, the amount due the judgment debtor (after deducting an amount sufficient to reimburse the state for any amounts advanced to the judgment debtor or owed by the judgment debtor to the state) required to satisfy the money judgment as shown by the affidavit in full or to the greatest extent and (2) pay the balance thereof, if any, to the judgment debtor.

(d) Where an affidavit stating the existence of a judgment for child support has been submitted to the State Department of Social Services, pursuant to subdivision (c) of Section 708.730, to discharge the claim of a judgment debtor, the Controller shall direct payment to the county agency designated by the district attorney in his or her affidavit.

(e) Where the judgment is for child support and the money owed is a refund of overpayment of tax, penalty, interest, or interest allowable with respect to an overpayment under Part 10 (commencing with Section 17001) of Division 2 of the Revenue and Taxation Code, and the support obligation is not being enforced pursuant to Section 11475.1 of the Welfare and Institutions Code, the judgment creditor shall file the abstract or certified copy of the judgment with the district attorney of the county in which the child support judgment is entered or registered. The district attorney shall then file the claim of the judgment creditor pursuant to subdivision (c) of Section 708.730. When funds are received by the district attorney he or she shall discharge any claim of the judgment debtor by forwarding those sums to the clerk of the court pursuant to subdivision (c) of this section. Any and all notices otherwise required of a judgment creditor or the clerk of court, and any litigation to enforce rights under this subdivision shall be the responsibility of the judgment creditor, the same as if service had been directly on the Controller without the intervention of the district attorney.

(f) Where the claim of the judgment debtor is less than ten dollars ($10) and the claim of the judgment creditor arises under an affidavit filed pursuant to subdivision (c) of Section 708.730, the Controller may disregard the claim of the judgment creditor and forward any and all sums due to the judgment debtor. In the event that there is more than one claimant for a refund, the Franchise Tax Board shall have discretion in allocating the overpayment among claimants.

(g) Should two or more district attorneys submit claims on behalf of a judgment creditor, the Controller in his or her discretion may select which claim or claims he or she shall honor.

(h) Any claims which are honored in behalf of a judgment creditor shall be considered as refunds of tax overpayments to the judgment debtor.

SEC. 3. Section 708.770 of the Code of Civil Procedure is amended to read:

708.770. (a) Except as provided in subdivision (g), promptly after deposit with the court by the public entity, the court clerk shall cause a notice of deposit to be served on the judgment debtor. Service shall be made personally or by mail.

(b) Within 10 days after service of the notice of deposit pursuant to subdivision (a), the judgment debtor who claims an exemption shall do both of the following:

(1) File with the court a claim of exemption and a notice of motion for an order determining the claim of exemption. The claim of exemption shall include all of the matters set forth in subdivision (b) of Section 703.520.

(2) Serve on the judgment creditor a copy of the notice of motion, a copy of the claim of exemption, and a notice of hearing on the motion. Service shall be made personally or by mail.

(c) The hearing on the motion shall be held not later than 30 days from the date the notice of motion was filed with the court unless continued by the court for good cause.

(d) Within 10 days after the judgment creditor is served under subdivision (b), the judgment creditor who opposes the motion shall do both of the following:

(1) File with the court a notice of opposition to the claim of exemption. The notice of opposition to the claim of exemption shall be executed under oath and shall include all of the matters set forth in Section 703.560.

(2) Serve on the judgment debtor a copy of the notice of opposition to the claim of exemption. Service shall be made personally or by mail.

(e) Subdivisions (a) to (d), inclusive, of Section 703.580 and Sections 703.590 and 703.600 apply to a claim of exemption made pursuant to this section.

(f) The failure of the judgment debtor to make a claim of exemption under this section constitutes a waiver of the exemption.

(g) In lieu of service of the notice of deposit described herein, where a state agency has been served with an affidavit pursuant to subdivision (c) of Section 708.730 and has presented the claim of the judgment creditor to the Controller pursuant to subdivision (a) of Section 708.740, the state agency shall cause a notice of deposit to be sent to the judgment debtor instructing the judgment debtor to file any and all requests for relief with the district attorney who filed the affidavit, or the court clerk if the seizure arises under subdivision (e) of Section 708.740. Except in those cases arising under subdivision (e)

of Section 708.740, the judgment debtor shall file the request for relief with the district attorney within 15 days after service of notice from the public agency, or the judgment debtor shall be deemed to have waived any claim he or she might otherwise have. If the matter cannot be resolved with the district attorney, the district attorney shall so advise the judgment debtor and the judgment debtor shall then be authorized to commence proceedings under this section or any other appropriate provision of law. The notice from the district attorney shall for any limitation have the same effect as a notice of deposit under subdivision (a). Service of any notice or request under this subdivision shall be made personally or by mail.

Claims arising from the filing of an abstract or certified copy of a judgment, under subdivision (e) of Section 708.740 shall be governed by the procedure and limitations set forth in subdivisions (a) through (f).

SEC. 3.5. Section 708.780 of the Code of Civil Procedure is amended to read:

708.780. (a) Filing of the abstract or certified copy of the judgment and the affidavit pursuant to this article creates a lien on the money owing and unpaid to the judgment debtor by the public entity in an amount equal to that which may properly be applied to the satisfaction of the money judgment under this article.

(b) When an affidavit is filed pursuant to subdivision (c) of Section 708.730, it shall apply to all overpayments of tax, penalty, interest, or interest allowable with respect to an overpayment which the judgment debtor subsequently claims during a period one year after filing of the affidavit, or October 1 of the year following the filing of the affidavit, whichever occurs later, the same as if claims for these overpayments were filed by the judgment debtor with the appropriate state agency on the date the affidavit was filed.

SEC. 4. Section 708.795 of the Code of Civil Procedure is amended to read:

708.795. Except as to sums due and unpaid under a judgment for child support, nothing in this article authorizes the filing against an overpayment of tax, penalty, or interest, or interest allowable with respect to an overpayment, under Part 10 (commencing with Section 17001), or Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code or under Division 6 (commencing with Section 13000) of the Unemployment Insurance Code.

SEC. 5. Any state agency that incurs administrative costs because of the requirements of this act shall seek any federal funds available for reimbursement of those costs. To the extent that reimbursement is unavailable, any such agency may impose a fee to cover the reasonable costs of its administrative expenses incurred pursuant to this act.

SEC. 6. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect

unless and until they are amended or repealed by a later enacted act.

SEC. 7. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 1011

An act to amend Sections 4212 and 4213 of the Commercial Code, and to add Article 1.8 (commencing with Section 866) to Chapter 7 of Division 1 of the Financial Code, relating to financial institutions.

[Approved by Governor September 21, 1983. Filed with Secretary of State September 22, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 4212 of the Commercial Code is amended to read:

4212. (1) If a collecting bank has made provisional settlement with its customer for an item and itself fails by reason of dishonor, suspension of payments by a bank or otherwise to receive a settlement for the item which is or becomes final, the bank may revoke the settlement given by it, charge back the amount of any credit given for the item to its customer's account or obtain refund from its customer whether or not it is able to return the items if by its midnight deadline or within a longer reasonable time after it learns the facts it returns the item or sends notification of the facts. These rights to revoke, charge back and obtain refund terminate if and when a settlement for the item received by the bank is or becomes final (subdivision (3) of Section 4211 and subdivisions (2) and (3) of Section 4213).

(2) Within the time and manner prescribed by this section and Section 4301, an intermediary or payer bank, as the case may be, may return an unpaid item directly to the depository bank and may send for collection a draft on the depository bank and obtain reimbursement. In such case, if the depository bank has received provisional settlement for the item, it shall reimburse the bank drawing the draft, and any provisional credits for the item between banks shall become and remain final.

(3) A depositary bank which is also the payer may charge back the amount of an item to its customer's account or obtain refund in accordance with the section governing return of an item received by a payer bank for credit on its books (Section 4301).

(4) The right to charge back is not affected by

(a) Prior use of the credit given for the item; or

(b) Failure by any bank to exercise ordinary care with respect to the item but any bank so failing remains liable.

(5) A failure to charge back or claim refund does not affect other rights of the bank against the customer or any other party.

(6) If credit is given in dollars as the equivalent of the value of an item payable in a foreign currency the dollar amount of any chargeback or refund shall be calculated on the basis of the buying sight rate for the foreign currency prevailing on the day when the person entitled to the chargeback or refund learns that it will not receive payment in ordinary course.

(7) The right to obtain refund is not affected by

(a) Prior use of the credit given for the item; or

(b) Failure by any bank to exercise ordinary care with respect to the item except to the extent of the bank's liability therefor.

SEC. 1.5. Section 4213 of the Commercial Code is amended to read:

4213. (1) An item is finally paid by a payer bank when the bank has done any of the following, whichever happens first:

(a) Paid the item in cash; or

(b) Settled for the item without having a right to revoke the settlement under any of the following: statute, clearinghouse rule, agreement, or reservation thereof; or

(d) Settled for the item having a right to revoke the settlement under any one or more of the following: statute, clearinghouse rule, agreement or reservation thereof, and failed to revoke the settlement in the time and manner permitted under such right.

Upon final payment under paragraphs (b) or (d) the payer bank shall be accountable for the amount of the item.

(2) If provisional settlement for an item between the presenting and payer banks is made through a clearinghouse or by debits or credits in an account between them, then to the extent that provisional debits or credits for the item are entered in accounts between the presenting and payer banks or between the presenting and successive prior collecting banks seriatim, they become final upon final payment of the item by the payer bank.

(3) If a collecting bank receives a settlement for an item which is or becomes final (subdivision (3) of Section 4211, subdivision (2) of this section) the bank is accountable to its customer for the amount of the item and any provisional credit given for the item in an account with its customer becomes final.

(4) Subject to any right of a bank or other depository institution to apply the credit to an obligation of the customer, credit given by a bank or other depository institution for an item in an account with its customer becomes available for withdrawal as of right.

(a) In any case where the bank or other depository institution has received a provisional settlement for the item, at the expiration of a reasonable time for the collection and return of that item as

prescribed in regulations of an appropriate state regulatory agency, unless the bank or other depository institution has received notice that settlement will not become final, or if there are no such regulations, when the settlement has become final and the bank or other depository institution has had a reasonable time to receive notice of the return of the item. The terms of this subdivision and the regulations issued pursuant to this subdivision shall not be varied by agreement.

(b) In any case where a bank or other depository institution is both a depository and a payer and the item is finally paid—at the opening of the institutions second business day following receipt of the item.

(5) A deposit of money in a bank is final when made but, subject to any right of the bank to apply the deposit to an obligation of the customer, the deposit becomes available for withdrawal as of right at the opening of the bank's next banking day following receipt of the deposit.

SEC. 2. Article 1.8 (commencing with Section 866) is added to Chapter 7 of Division 1 of the Financial Code, to read:

Article 1.8. Disclosure of Delayed Availability Policy

866. As used in this article:

(a) "Depository institution" means any of the following:

(1) Any insured bank as defined in Section 3 of the Federal Deposit Insurance Act (12 U.S.C. Sec. 1811 et seq.) or any bank which is eligible to make application to become an insured bank under Section 5 of the act.

(2) A mutual savings bank as defined in Section 3 of the Federal Deposit Insurance Act (12 U.S.C. Sec. 1811 et seq.) or any bank which is eligible to make application to become an insured bank under Section 5 of the act.

(3) A savings bank as defined in Section 3 of the Federal Deposit Insurance Act (12 U.S.C. Sec. 1811 et seq.) or any bank which is eligible to make application to become an insured bank under Section 5 of the act.

(4) An insured credit union as defined in Section 101 of the Federal Credit Union Act (12 U.S.C. Sec. 1751 et seq.) or any credit union which is eligible to make application to become an insured credit union pursuant to Section 201 of that act.

(5) Any member as defined in Section 2 of the Federal Home Loan Bank Act (12 U.S.C. Sec. 1421 et seq.).

(6) Any insured institution as defined in Section 401 of the National Housing Act (12 U.S.C. Sec. 1701 et seq.) or any institution which is eligible to make application to become an insured institution under Section 403 of that act.

(b) "Deposit account" means an account in a depository institution on which the account holder is permitted to make withdrawals from time to time in person by negotiable or

transferable instrument, payment orders of withdrawal, telephone transfers, or other similar items for the purpose of making payments or transfers to third persons or others. The term includes demand deposits, negotiable order of withdrawal draft accounts, savings deposits subject to automatic transfers, share draft accounts, and all savings deposits and share accounts, other than time deposits.

866.2. (a) Prior to opening a deposit account a depository institution shall provide a written disclosure to the potential customer of its general policy with respect to when a customer may withdraw funds deposited by check or similar instrument into the customer's deposit account.

(b) A depository institution shall furnish its customers preprinted deposit slips, envelopes for automatic teller machine deposits, or other individual notice bearing a conspicuous summary statement of its general policy with respect to when a customer may withdraw funds deposited by check or similar instrument into the customer's deposit account; and, in the case of a particular deposit by check or similar instrument into a deposit account for which funds may not be immediately available for withdrawal, provide specific notice of the time the customer may withdraw such funds.

866.3. For the purposes of computing the amount of interest or dividends payable with respect to an interest-bearing deposit account, a depository institution shall not delay beginning to compute interest on funds deposited by check or similar instrument to such an account beyond the date on which that depository institution receives provisional credit for the check or similar instrument. However, the payment of interest with respect to funds deposited by check or similar instrument which is returned unpaid shall not be required.

866.4. Except as otherwise provided in this section, any depository institution which fails to comply with any requirement imposed pursuant to this article shall be liable to the aggrieved party in an amount equal to the sum of any actual damage sustained by the person as a result of the failure; and, in the case of an individual action an additional amount as the court may allow, except that the amount shall not be less than fifty dollars ($50) or greater than five hundred dollars ($500); or, in the case of a class action, such amount as the court may allow, except that as to each member of the class no minimum recovery shall be applicable, and the total recovery in any class action or series of class actions arising out of the same failure to comply by the same depository institution shall not be more than the lesser of five hundred thousand dollars ($500,000) or 1 percentum of the net worth of the depository institution; and, in the case of any successful action to enforce the foregoing liability, the costs of the action, together with a reasonable attorney's fee as determined by the court.

In determining the amount of award in any class action, the court shall consider, among other relevant factors, the amount of any actual damages awarded, the frequency and persistence of failures of

compliance, the resources of the depository institution, the number of persons adversely affected, and the extent to which the failure of compliance was intentional.

A depository institution may not be held liable in any action brought under this section for a violation of this article if the violation was not intentional and resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adapted to avoid any such error. Examples of a bona fide error include, but are not limited to, clerical, calculation, computer malfunction and programming, and printing errors. An error of legal judgment with respect to a person's obligations under this article shall not constitute a bona fide error.

Any action under this section may be brought in any court of competent jurisdiction, within one year from the date of the occurrence of the violation.

No provision of this section imposing any liability shall apply to any act done or omitted in good faith in conformity with any rule, regulation, or interpretation thereof by the Federal Reserve Board or in conformity with any interpretation or approval by an official or employee of the Federal Reserve System duly authorized by the board to issue interpretations or approvals under such procedures as the board may prescribe therefor, notwithstanding that after any act or omission has occurred, the rule, regulation, interpretation, or approval is amended, rescinded, or determined by judicial or other authority to be invalid for any reason.

866.5. The appropriate state regulatory agency for each depository institution shall issue administrative regulations pursuant to Section 4213 of the Commercial Code to define a reasonable time for permitting customers to draw on items received for deposit in the customer's account. It is the public policy of this state to provide retail banking customers with the right to withdraw against items deposited with any depository institution located in this state within a reasonable period of time.

866.6. Pursuant to Section 866.5, the Superintendent of Banks, the Savings and Loan Commissioner, and the Commissioner of Corporations shall each promulgate regulations which shall be reviewed annually to establish a reasonable period of time within which a depository institution must permit a customer to draw as a matter of right on an item which has been received for deposit in the customer's account.

In determining what constitutes a reasonable period of time the appropriate state regulatory agencies shall consider the following factors:

(a) The actual time for processing and transport between the depository and payer institutions.

(b) The fastest air transport time between depository and payer institutions to be used for purposes of setting the reasonable time for transport.

(c) The most expeditious route and means for processing of

returned items.

866.7. The appropriate state regulatory agencies are authorized to gather from depository institutions such information as may be necessary for the formulation and promulgation of the regulations required by Section 866.5.

866.8. The first regulations issued pursuant to this article shall be issued on or before July 1, 1984.

866.9. The Superintendent of Banks, the Savings and Loan Commissioner, and the Commissioner of Corporations are authorized to issue regulations which provide for a different period of time for withdrawal as a matter of right against deposited items, if there has been a determination that the application of the regulations adopted pursuant to this article would result in unsafe or unsound practices by a depository institution subject to the regulatory jurisdiction of the respective state regulatory agency.

SEC. 3. It is not the intent of the Legislature in enacting this act to affect a depository institution's existing right to accept or reject an item for deposit.

CHAPTER 1012

An act to amend Sections 13440 and 13480 of, and to add Sections 13440.5, 13570, and 13571 to, the Business and Professions Code, relating to motor vehicle fuels.

[Approved by Governor September 21, 1983 Filed with Secretary of State September 22, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 13440 of the Business and Professions Code is amended to read:

13440. (a) Gasoline, as defined in this chapter, means any liquid petroleum product which conforms to the specifications of this article. The department may adopt and enforce rules and regulations necessary to carry out this article. In adopting the rules and regulations, the department shall adopt the latest standards as set forth in American Society for Testing and Materials D-439, except that vapor pressure specifications shall not be more than the maximum specified by any California state law.

(b) Any gasoline blend containing methanol shall also contain an alcohol cosolvent (butanol (C_4) or higher molecular weight alcohol) in an amount equal to or greater than the volume percentage of methanol except those blends previously granted a waiver by the Environmental Protection Agency.

SEC. 2. Section 13440.5 is added to the Business and Professions Code, to read:

13440.5. For purposes of determining the percentage of a motor

SEC. 3. Section 13480 of the Business and Professions Code is amended to read:

13480. (a) It is unlawful for any person to sell any petroleum product referred to in this chapter at any place where petroleum products are kept or stored for sale, unless there is affixed to each container, receptacle, pump, dispenser, and inlet end of the fill pipe of each underground storage tank, from which or into which such product, is drawn or poured out for sale or delivery, a sign or label plainly visible consisting of the name of the product, the brand, trademark, or trade name of the product, and in the case of gasoline, diesel fuel, and other motor fuel, the grade or brand name designation.

(b) When the product is oil, as defined by Section 13401, each sign or label shall also have in letters or numerals, plainly visible, the viscosity grade classification as determined in accordance with the Society of Automotive Engineers latest recommended practice for crankcase oil or transmission and axle lubricants and shall be preceded by the letters "S.A.E.". (2) The department may reduce or eliminate interest on the loans, if, in the exercise of sound discretion, the department determines such action is necessary for the provision of decent housing to very low income households, as described in Section 50105. However, if the department eliminates interest on a loan, it shall charge a loan origination fee of not to exceed 2 percent of the loan amount.

(f) The department may make loans for the development of mobilehome parks and manufactured housing subdivisions.

SEC. 5. Section 50532 of the Health and Safety Code is amended to read:

50532. (a) The department shall require adequate security for all loans made from the loan fund. For purposes of this subdivision "adequate security" includes, but need not be limited to, a first lien on any property purchased with loan fund moneys, a promissory note, or an assignment of a land option, except that in the case of Indian trust land a mortgage on a leasehold interest in the property shall be acceptable.

(c) (1) Except as provided in paragraph (2) of this subdivision, the balance of any loan made from the loan fund which remains unpaid on the effective date of the act amending this section enacted at the 1983–84 Regular Session of the Legislature, except any portion which is delinquent, and all loans made from that fund on or after that date, shall bear interest at a rate of 7 percent per annum.

(2) The department may reduce or eliminate interest on the loans, if, in the exercise of sound discretion, the department

determines such action is necessary for the provision of decent housing to very low income households. However, if the department eliminates interest on a loan, it shall charge a loan origination fee, not to exceed 2 percent of the loan amount.

(d) In complying with the provisions of Section 50408, the department shall also report annually to the Legislature and the Governor on the administration of the loan fund. The report shall include, but need not be limited to, (1) the number of units assisted, (2) the average income of households assisted and the distribution of annual incomes among assisted households, (3) the rents in assisted units, (4) the number and amount of loans made to each agency or nonprofit corporation in the preceding year, (5) data on the number of delinquencies and defaults, (6) recommendations, as needed, to improve operations of the fund, and (7) the location of housing developments aided in relation to public transit corridors.

(e) Other things being equal, the department shall give priority to assisting developments which will be located in public transit corridors.

SEC. 6. Section 50680 of the Health and Safety Code is amended to read:

50680. The Legislature finds and declares that recent deemphasis of programs of institutional care for the developmentally disabled, the mentally disordered, and the physically disabled has resulted in participation by many of those persons in programs of rehabilitation, education, and social services within the community. Because of the outpatient status of persons enrolled in those programs, there is a need to provide housing for them which will aid in accomplishment and maintenance of the objectives of those programs, thereby minimizing the numbers of developmentally disabled, mentally disordered, and physically disabled persons in public institutions and improving the quality of life for those persons. In order to assist in providing the variety of living arrangements required for such purpose, it is necessary that the state cooperate with cities, counties, cities and counties, and nonprofit corporations in obtaining federal housing subsidies therefor.

It is the intent of the Legislature in enacting this chapter to vest in the department authority to obtain federal housing subsidies for housing for persons requiring supportive services, as defined in this part.

SEC. 7. Section 50687.5 of the Health and Safety Code is amended to read:

50687.5. The department, after consultation with the State Department of Developmental Services, the State Department of Rehabilitation, or the State Department of Mental Health, may adopt, amend or repeal regulations for the administration of this chapter.

The department shall submit applications for federal housing subsidies for persons requiring supportive services.

SEC. 8. Section 50705 of the Health and Safety Code is amended

to read:

50705. (a) Except as provided in subdivision (b), the balance of any loan made pursuant to this chapter which remains unpaid on the effective date of the act amending this section enacted at the 1983–84 Regular Session of the Legislature, except any portion which is delinquent, and all loans made from that fund on or after that date, shall bear interest at a rate of 7 percent per annum.

(b) The department may reduce or eliminate interest on loans made pursuant to this chapter if, in the exercise of sound discretion, the department determines such action is necessary for the provision of decent housing to very low income households. If the department eliminates interest on a loan pursuant to this subdivision, it shall charge a loan origination fee of not more than 2 percent of the loan amount.

(c) All moneys received in repayment of those loans, including interest, and any other moneys received by the department pursuant to this chapter shall be deposited in the Rural Land Purchase Fund.

SEC. 9. Section 50736 of the Health and Safety Code is amended to read:

50736. (a) Not less than 30 percent of the units in each rental housing development consisting of ten or more units which receives any funds pursuant to this chapter shall be available on a priority basis to or occupied by eligible households pursuant to the agreement required by Section 50739, and not less than 20 percent of all the units in each rental housing development shall be available on a priority basis to, or occupied by, very low income households.

(b) Every sponsor shall, with respect to assisted units, conduct an affirmative marketing program, on a continuous basis, which program has been approved by the department or by the agency in cases where the agency provides financing. For the purposes of this subdivision, "affirmative marketing program" means any program approved by the department that is designed to achieve greater access to housing opportunities created by this chapter for eligible households. Such program shall include educational, promotional, and other appropriate activity designed to secure greater housing opportunities for those households. Where a significant number of persons in a community have limited fluency in the English language, publications implementing an affirmative marketing program in that community shall be provided in the native language of those persons.

(c) Of all assisted units, under this chapter, not less than two-thirds shall be allocated to very low income households and the balance for lower income households.

(d) Elderly or physically handicapped households shall be allocated not less than 20 percent, nor more than 30 percent, of the assisted units provided pursuant to this chapter. Other handicapped households shall be eligible for assisted units pursuant to this subdivision or subdivision (a), (b), (c), or (e) if they otherwise meet the requirements imposed by those provisions.

(e) The department shall ensure that not less than 20 percent of all units assisted pursuant to this chapter shall be allocated to rural areas.

SEC. 10. Section 21080.17 is added to the Public Resources Code, to read:

21080.17. This division does not apply to the adoption of an ordinance by a city or county to implement the provisions of Section 65852.1 or Section 65852.2 of the Government Code.

SEC. 11. Notwithstanding any other provisions of law, the encumbered and unencumbered balances of the two million five hundred thousand dollars ($2,500,000) of the amount appropriated by Item 2240-101-001 of the Budget Act of 1982 for local assistance is reappropriated on the effective date of this act for transfer to the Farmworker Housing Grant Fund for expenditure by the Farmworker Housing Grant Program pursuant to Section 50517.5 of the Health and Safety Code.

Notwithstanding Section 13340 of the Government Code, the money so reappropriated shall be available for expenditure without regard to fiscal year.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect The facts constituting the necessity are:

In order to assure that local agencies do not have to endure excessive and unnecessary costs and time delays in implementing state law relating to second dwelling units and in order to assure the timely and effective implementation of state housing programs, it is necessary that this act take effect immediately.

CHAPTER 1014

An act to add Section 66022 to the Education Code, relating to the California State University.

[Approved by Governor September 21, 1983 Filed with Secretary of State September 22, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 66022 is added to the Education Code, to read:

66022. The Legislature determines that increases in student charges at the California State University shall be gradual, moderate, and predictable and that, in order to keep fees as low as possible, the state shall continue to bear primary responsibility for the cost of providing public postsecondary education. It is the intent of the Legislature that the adoption of this section in no way encourage or promote the imposition of tuition or additional fees. It is also the

intent of the Legislature that the state's long-term policy is to assume responsibility for providing financial assistance for students with demonstrated need.

Student charges in the California State University shall be set and adjusted according to the following formula. The level of charges for the California State University shall be within 10 percent to 20 percent of the average of the sum of the state General Fund appropriations and property tax revenues for the previous three years for the support of full-time equivalent students in public postsecondary education.

This section shall be operative commencing with the academic year which begins after July 1, 1984.

CHAPTER 1015

The people of the State of California do enact as follows:

SECTION 1. Section 1501.1 of the Health and Safety Code is amended to read:

1501.1. (a) It is the policy of the state to facilitate the proper placement of every child in residential care facilities where such placement is in the best interests of the child. The placement agencies shall actively seek out-of-home care facilities capable of meeting the varied needs of the child. Therefore, in placing children in out-of-home care, particular attention should be given to the individual child's needs, the ability of the facility to meet those needs, the needs of other children in the facility, the licensing requirements of the facility as determined by the licensing agency, and the impact of the placement on the family reunification plan.

(b) Pursuant to the provisions of this section, children with varying designations and varying needs, except as provided by statute, may be placed in the same facility provided the facility is licensed, complies with all licensing requirements relevant to the protection of the child, and has a special permit, if necessary, to meet the needs of each child so placed. Children with developmental disabilities, mental disorders, or physical disabilities may be placed in licensed foster family homes, provided that an appraisal of the child's needs and the ability of the receiving home to meet those needs is made jointly by the placement agency and the licensee, and is followed by written confirmation by the licensing agency prior to placement.

(c) Neither the requirement for any license nor any regulation

shall restrict the implementation of the provisions of this section. Implementation of this section does not obviate the requirement for a facility to be licensed by the department.

SEC. 2. Section 1502 of the Health and Safety Code is amended to read:

1502. As used in this chapter:

(a) "Community care facility" means any facility, place, or building which is maintained and operated to provide nonmedical residential care, day care, or homefinding agency services for children, adults, or children and adults, including, but not limited to, the physically handicapped, mentally impaired, or incompetent persons, and includes the following:

(1) "Residential facility" which means any family home, group care facility, or similar facility determined by the director, for 24-hour nonmedical care of persons in need of personal services, supervision, or assistance essential for sustaining the activities of daily living or for the protection of the individual.

(2) "Residential care facility for the elderly" which means a group housing arrangement chosen voluntarily by residents who are over 62 years of age and who are provided varying levels of supportive services or care, as agreed upon at the time of admission, based upon their varying needs.

(3) "Day care center" which means any facility which provides nonmedical care to persons in need of personal services, supervision, or assistance essential for sustaining the activities of daily living or for the protection of the individual on less than a 24-hour basis.

Such placement may be by a public or private child placement agency or by a court order, or by voluntary placement by a parent, parents, or guardian.

(6) "Small family home" means any residential facility providing 24-hour care for six or fewer foster children who have mental disorders or developmental or physical disabilities and who require special care and supervision as a result of their disabilities.

Nothing in this section shall be construed to prohibit or discourage placement of persons who have mental or physical disabilities into any category of community care facility that meets the needs of the individual placed, if the placement is consistent with the licensing regulations of the department.

(b) "Department" or "state department" means the State Department of Social Services.

(c) "Director" means the Director of Social Services.

SEC. 3. (a) For the seven bay area child development programs

serving severely handicapped children, outstanding audit exceptions for the 1981–82 fiscal year shall be waived, except where there is evidence of fraud, if both of the following conditions occurred:

(1) The contract was the first in which a rate per hour was contained as a contract provision.

(2) The contract was executed in final form after December 31, 1981.

(b) These programs shall, in future years, be subject to the provisions of the normal contracting process.

SEC. 4. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1016

An act to add Section 2224.1 to the Civil Code, relating to felons, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1983. Filed with Secretary of State September 22, 1983.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) Victims of felonies have a special relationship to proceeds from the sale of stories about those felonies which are written by persons convicted of committing them.

(b) It is not the intent of the Legislature in enacting this act to criminalize the selling of stories about felonies by convicted felons, or to discourage, inhibit, or prevent anyone from exercising the fundamental right of freedom of expression.

SEC. 2. Section 2224.1 is added to the Civil Code, to read:

2224.1. (a) As used in this section:

(1) "Convicted felon" means any person convicted of a felony, or found not guilty by reason of insanity of a felony committed in California, either by a court or jury trial or by entry of a plea in court.

(2) "Felony" means a felony defined by any California or United States statute.

(3) "Representative of the felon" means any person or entity receiving proceeds by designation of that felon, or on behalf of that felon or in the stead of that felon, whether by the felon's designation or by operation of law.

(4) (A) "Beneficiary" means a person who, under applicable law,

other than the provisions of this section, has or had a right to recover damages from the convicted felon for physical, mental, or emotional injury, or pecuniary loss proximately caused by the convicted felon as a result of the crime for which the felon was convicted.

(B) If a beneficiary described in subparagraph (A) has died, "beneficiary" also includes a person or estate entitled to recover damages pursuant to Section 573 of the Probate Code.

(C) If a person has died and the death was proximately caused by the convicted felon as a result of the crime for which the felon was convicted, "beneficiary" also includes a person described in Section 377 of the Code of Civil Procedure and any beneficiary of a will of the decedent who had a right under that will to receive more than 25 percent of the value of the estate of the decedent.

(5) "Beneficiary's interest in the proceeds" means that portion of the proceeds necessary to pay the following:

(A) In the case of a beneficiary described in subparagraph (A) or (B) of paragraph (4), those damages which, under applicable law other than the provisions of this section, the beneficiary has or had a right to recover from the convicted felon for injuries proximately caused by the convicted felon as a result of the crime for which the felon was convicted.

(B) In the case of a beneficiary described in subparagraph (C) of paragraph (4), those damages which under all the circumstances of the case may be just.

(C) A beneficiary's interest in the proceeds shall be reduced by the following amount:

(i) Money paid to the beneficiary from the restitution fund because of the crime for which the felon was convicted.

(ii) Money paid to the beneficiary by the convicted felon because of a requirement of restitution imposed by a court in connection with the crime for which the felon was convicted.

(iii) Money paid to the beneficiary because of a judgment against the convicted felon based upon the crime for which the felon was convicted.

(D) In the case of an unsatisfied existing judgment or order of restitution against the convicted felon and in favor of a beneficiary, any money paid to the beneficiary pursuant to this section shall be applied to reduce the amount of the unsatisfied judgment or order.

(6) "Materials" means books, magazine or newspaper articles, movies, films, video tapes, sound recordings, interviews or appearances on television and radio stations, and live presentations of any kind.

(7) "Story" means a depiction, portrayal, or reenactment of a felony and shall not be taken to mean a passing mention of the felony, as in a footnote or bibliography.

(8) "Sale" includes lease, license, or any other transfer or alienation taking place in California or elsewhere.

(9) "Proceeds" means all fees, royalties, real property, or other consideration of any and every kind or nature received by or owing

to a felon or his or her representatives for the preparation for the purpose of sale of materials, for the sale of the rights to materials, or the sale or distribution by the convicted felon of materials whether earned, accrued, or paid before or after the conviction. It includes any interest, earnings, or accretions upon proceeds, and any property received in exchange for proceeds.

(b) All proceeds from the preparation for the purpose of sale, the sale of the rights to, or the sale of materials that include or are based on the story of a felony for which a convicted felon was convicted, shall be subject to an involuntary trust for the benefit of the beneficiaries set forth in this section. That trust shall continue until five years after the time of payment of the proceeds to the felon or five years after the date of conviction, whichever is later. If an action is filed by a beneficiary to recover his or her interest in a trust within those time limitations, the trust character of the property shall continue until the conclusion of the action.

(c) (1) Any beneficiary may bring an action against a convicted felon or representative of the felon to recover his or her interest in the trust established by this section.

(2) That action may be brought in the superior court of the county in which the beneficiary resides, or of the county in which the convicted felon resides, or of the county in which proceeds are located.

(3) If the court determines that a beneficiary is entitled to proceeds pursuant to this section, the court shall order the payment from proceeds which have been received, and, if that is insufficient, from proceeds which may be received in the future.

(d) If there are two or more beneficiaries and if the available proceeds are insufficient to pay all beneficiaries, the proceeds shall be equitably apportioned among the beneficiaries taking into account the impact of the crime upon them.

Prior to any distribution of any proceeds to a beneficiary, the court shall determine whether the convicted felon has failed to pay any portion of a restitution fine or penalty fine imposed by a court, or any restitution imposed as a condition of probation. The court shall also determine whether the felon is obligated to reimburse a governmental entity for the costs of his or her defense and whether a portion of the proceeds is needed to cover his or her reasonable attorney's fees incurred in the criminal proceeding related to the felony, or any appeal or other related proceeding, or in the defense of the action brought under this section. The court shall order payment of these obligations prior to any payment to a beneficiary, except that 10 percent of the proceeds shall be reserved for payment to the beneficiaries.

(e) (1) The Attorney General may bring an action to require proceeds received by a convicted felon to be held in an express trust in a bank authorized to act as a trustee.

(2) An action may be brought under this subdivision within six months after the receipt of proceeds by a convicted felon or six

months after the date of conviction, whichever is later.

That action may be brought in the superior court of any county in which the Attorney General has an office.

(3) If the Attorney General proves that the proceeds are proceeds from the sale of a story which are subject to an involuntary trust pursuant to this section, and that it is more probable than not that there are beneficiaries within the meaning of this section, the court shall order that all proceeds be deposited in a bank and held by the bank as trustee of the trust until an order of disposition is made by a court pursuant to subdivision (d), or until the expiration of the period specified in subdivision (b).

(4) If the Attorney General prevails in an action under this subdivision, the court shall order the payment from the proceeds to the Attorney General of reasonable costs and attorney's fees.

(f) In any action brought pursuant to subdivision (d) or (e), upon motion of a party the court shall grant a preliminary injunction to prevent any waste of proceeds if it appears that the proceeds are subject to the provisions of this section, and that they may be subject to waste.

(g) Any violation of an order of a court made pursuant to this section shall be punishable as contempt.

(h) The remedies provided by this section are in addition to other remedies provided by law.

No period of limitations, except those provided by this section, shall limit the right of recovery under this section.

SEC. 3. This act amplifies, supplements, and, except for subdivision (e) of Section 2224.1 of the Civil Code, is declaratory of existing law, as contained in Sections 2224 and 3517 of the Civil Code. Therefore, this act shall apply in the case of felonies committed and rights and materials sold before, as well as after, the effective date of this act.

SEC. 4. If any word, phrase, clause, or sentence in any section amended or added by this act, or any section or provision of this act, or application thereof to any person or circumstance, is held invalid, such invalidity shall not affect any other word, phrase, clause, or sentence in any section amended or added by this act, or any other section, provisions or application of this act which can be given effect without the invalid word, phrase, clause, sentence, section, provision or application and to this end the provisions of this act are declared to be severable.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The public safety requires that persons who have committed heinous crimes not be allowed to profit from that wrongdoing, and that there is a need to clarify rights under existing law in view of controversy over presently contested rights.

The people of the State of California do enact as follows:

SECTION 1. Section 2805 of the Vehicle Code is amended to read:

2805. (a) For the purpose of locating stolen vehicles, a member of the California Highway Patrol, or a member of a city police department or county sheriff's office whose primary responsibility is to conduct vehicle theft investigations, may inspect any vehicle of a type required to be registered under this code or any indentifiable vehicle component thereof on a highway or in any public garage, repair shop, parking lot, new or used car lot, automobile dismantler's lot, vehicle shredding facility, vehicle leasing or rental lot, vehicle equipment rental yard, vehicle salvage pool, or other similar establishment, and may inspect the title or registration of vehicles, in order to establish the rightful ownership or possession of the vehicle or indentifiable vehicle component.

As used in this subdivision, "identifiable vehicle component" means any component which can be distinguished from other similar components by a serial number or other unique distinguishing number, sign, or symbol.

(b) A member of the California Highway Patrol, or a member of a city police department or county sheriff's office whose primary responsibility is to conduct vehicle theft investigations, may also inspect, for the purposes specified in subdivision (a), implements of husbandry, special construction equipment, and special mobile equipment in the places described in subdivision (a) or when such a vehicle is incidentally operated or transported upon a highway.

(c) Whenever possible, inspections conducted pursuant to subdivision (a) or (b) shall be conducted at a time and in a manner so as to minimize any interference with, or delay of, business operations.

SEC. 2. Section 22651 of the Vehicle Code is amended to read:

22651. Any peace officer, as that term is defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code; or any regularly employed and salaried employee, who is engaged in directing traffic or enforcing parking laws and regulations, of a city or a county in which a vehicle is located may remove a vehicle from a highway located within the territorial limits in which the officer or employee may act under any of the following circumstances:

(a) When any vehicle is left unattended upon any bridge, viaduct, or causeway or in any tube or tunnel where the vehicle constitutes

an obstruction to traffic.

(b) When any vehicle is parked or left standing upon a highway in a position so as to obstruct the normal movement of traffic or in a condition so as to create a hazard to other traffic upon the highway.

(c) When any vehicle is found upon a highway and a report has previously been made that the vehicle has been stolen or a complaint has been filed and a warrant thereon issued charging that the vehicle has been embezzled.

(d) When any vehicle is illegally parked so as to block the entrance to a private driveway and it is impractical to move the vehicle from in front of the driveway to another point on the highway.

(e) When any vehicle is illegally parked so as to prevent access by firefighting equipment to a fire hydrant and it is impracticable to move the vehicle from in front of the fire hydrant to another point on the highway.

(f) When any vehicle, except any highway maintenance or construction equipment, is stopped, parked, or left standing for more than four hours upon the right-of-way of any freeway which has full control of access and no crossings at grade and the driver, if present, cannot move the vehicle under its own power.

(g) When the person or persons in charge of a vehicle upon a highway are by reason of physical injuries or illness incapacitated to an extent so as to be unable to provide for its custody or removal.

(h) When an officer arrests any person driving or in control of a vehicle for an alleged offense and the officer is, by this code or other law, required or permitted to take, and does take, the person arrested before a magistrate without unnecessary delay.

(i) When any vehicle registered in a foreign jurisdiction or without a current California registration is found upon a highway and it is known to have been issued five or more notices of parking violation over a period of five or more days, to which the owner or person in control of the vehicle has not responded, the vehicle may be impounded until that person furnishes to the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located and satisfactory evidence that bail has been deposited for all notices of parking violation issued for the vehicle. A notice of parking violation issued to such a vehicle shall be accompanied by a warning that repeated violations may result in the impounding of the vehicle. In lieu of requiring satisfactory evidence that the bail has been deposited, the impounding law enforcement agency may, in its discretion, issue a notice to appear for the offenses charged, as provided in Article 2 (commencing with Section 40500) of Chapter 2 of Division 17. In lieu of either furnishing satisfactory evidence that the bail has been deposited or accepting the notice to appear, that person may demand to be taken without unnecessary delay before a magistrate within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is

nearest or most accessible with reference to the place where the vehicle is impounded. Evidence of current registration shall be produced after a vehicle has been impounded or a notice to appear for violation of subdivision (a) of Section 4000 shall be issued to that person.

(j) When any vehicle is found illegally parked and there are no license plates or other evidence of registration displayed, the vehicle may be impounded until the owner or person in control of the vehicle furnishes the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located.

(k) When any vehicle is parked or left standing upon a highway for 72 or more consecutive hours in violation of a local ordinance authorizing removal.

(*l*) When any vehicle is illegally parked on a highway in violation of any local ordinance forbidding standing or parking and the use of a highway or a portion thereof is necessary for the cleaning, repair, or construction of the highway, or for the installation of underground utilities, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(m) Wherever the use of the highway, or any portion thereof, is authorized by local authorities for a purpose other than the normal flow of traffic or for the movement of equipment, articles, or structures of unusual size, and the parking of any vehicle would prohibit or interfere with that use or movement, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(n) Whenever any vehicle is parked or left standing where local authorities, by resolution or ordinance, have prohibited parking and have authorized the removal of vehicles. No vehicle may be removed unless signs are posted giving notice of the removal.

(a) When any vehicle is left unattended upon any bridge, viaduct, or causeway or in any tube or tunnel where the vehicle constitutes an obstruction to traffic.

(b) When any vehicle is parked or left standing upon a highway in a position so as to obstruct the normal movement of traffic or in

a condition so as to create a hazard to other traffic upon the highway.

(c) When any vehicle is found upon a highway and a report has previously been made that the vehicle has been stolen or a complaint has been filed and a warrant thereon issued charging that the vehicle has been embezzled.

(f) When any vehicle, except any highway maintenance or construction equipment, is stopped, parked, or left standing for more than four hours upon the right-of-way of any freeway which has full control of access and no crossings at grade and the driver, if present, cannot move the vehicle under its own power.

(g) When the person or persons in charge of a vehicle upon a highway are by reason of physical injuries or illness incapacitated to an extent so as to be unable to provide for its custody or removal.

(h) When an officer arrests any person driving or in control of a vehicle for an alleged offense and the officer is, by this code or other law, required or permitted to take, and does take, the person arrested before a magistrate without unnecessary delay.

A notice of parking violation issued to such a vehicle shall be accompanied by a warning that repeated violations may result in the impounding of the vehicle. In lieu of requiring satisfactory evidence that the bail has been deposited, the impounding law enforcement agency may, in its discretion, issue a notice to appear for the offenses charged, as provided in Article 2 (commencing with Section 40500) of Chapter 2 of Division 17. In lieu of either furnishing satisfactory evidence that the bail has been deposited or accepting the notice to appear, that person may demand to be taken without unnecessary delay before a magistrate within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is impounded. for violation of subdivision (a) of Section 4000 shall be issued to that person.

(j) When any vehicle is found illegally parked and there are no license plates or other evidence of registration displayed, the vehicle may be impounded until the owner or person in control of the vehicle furnishes the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located.

(k) When any vehicle is parked or left standing upon a highway for 72 or more consecutive hours in violation of a local ordinance authorizing removal.

(*l*) When any vehicle is illegally parked on a highway in violation of any local ordinance forbidding standing or parking and the use of a highway or a portion thereof is necessary for the cleaning, repair, or construction of the highway, or for the installation of underground utilities, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(m) Wherever the use of the highway, or any portion thereof, is authorized by local authorities for a purpose other than the normal flow of traffic or for the movement of equipment, articles, or structures of unusual size, and the parking of any vehicle would prohibit or interfere with that use or movement, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(o) When any unattended vehicle is found upon a highway with a registration expiration date in excess of one year before the date it is found on the highway. For purposes of this subdivision, the unattended vehicle shall be released to the owner or person in control of the vehicle only after the owner or person furnishes the storing law enforcement agency with proof of current registration. Any vehicle so removed from the highway shall not be released to the registered owner or his or her agent except upon presentation of the registered owner's or his or her agent's currently valid driver's license to operate the vehicle or upon order of a court.

SEC. 4. Section 25252.5 of the Vehicle Code is amended to read:

25252.5. (a) Every authorized emergency vehicle may be

equipped with a system which flashes the upper-beam headlamps of the vehicle with the flashes occurring alternately from the front headlamp on one side of the vehicle to the front headlamp on the other side of the vehicle. The flashing of the headlamps shall consist only of upper-beam flashing, and not the flashing of any other light beam.

(b) "Upper-beam headlamp," as used in this section, means a headlamp or that part of a headlamp which projects a distribution of light, or composite beam, so aimed and of such intensity as to reveal persons and vehicles at a distance of at least 350 feet ahead for all conditions of loading.

[Approved by Governor September 21, 1983. Filed with Secretary of State September 22, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 437.117 is added to the Health and Safety Code, to read:

437.117. Projects for freestanding outpatient surgery units which only perform cataract surgery under the state Medi-Cal program shall be exempt from the certificate of need requirement of this part.

SEC. 2. Section 14302.1 is added to the Welfare and Institutions Code, to read:

14302.1. Once it is determined that a contract shall be renewed pursuant to the provisions of this chapter with a prepaid health plan, by the state agency responsible for negotiating these contracts, the agency shall, no later than 25 working days prior to the expiration date of the existing contract or immediately, if that date has passed, draft an extension of the existing contract for a period not to exceed two calendar months. Such a contract extension shall contain the same terms as the prior existing contract except for the contract's

expiration date. The contract extension shall be for a period of time not to exceed two months from the termination date of the original contract.

The state agency responsible for negotiating the contract shall simultaneously submit to each federal and state agency required to approve a contract extension, a draft of the contract for extension no later than 20 working days prior to the expiration date of the prior existing contract.

Each state agency to which an extension for contract has been submitted shall approve or disapprove the extension no later than 10 working days after receipt of the contract.

In the course of any contract negotiations, the responsible state agency shall encourage the participation of other involved state and federal agencies in the negotiation process and shall cooperate with those agencies and with the contractor, or proposed contractor, to seek the resolution of any obstacles to contractual agreement.

No extension shall become effective until and unless federal approval is received indicating that federal funds will be available for services provided under the Medi-Cal program during the period of the contract extension.

These contract extensions shall remain in force and effect until such time as:

(1) The contract expires because the extension date has been reached.

(2) The contract for renewal is entered into and is in force and effect.

(3) The state agency responsible for negotiating the contract determines not to contract or renew a contract with the provider and notifies the provider in writing to that effect.

(4) The state agency responsible for negotiating the contract terminates the contract in accordance with Section 14304.

When contract renewals are entered into, the effective date of the contract shall be the termination date of the prior contract, not the ending date of any contract extension. The state agency responsible for negotiating the contract, once a new contract is finalized, shall retroactively make adjustments in any amounts paid under the contract extension to reflect the new terms and rates of reimbursements as provided in the new contract.

It is the intent of the Legislature to provide for the payment of services provided for under this chapter in a timely and efficient manner. Nothing in this chapter shall be construed as to hinder, prohibit, or interfere with the negotiating and contract process of the responsible state agency and provider.

The provisions of this section shall apply only to those instances in which both parties have reason to believe that their contract renewal process will not be completed by the termination date of the contract.

SEC. 3. Section 14462 is added to the Welfare and Institutions Code, to read:

14462. In accordance with Section 14081.5, the provisions of Section 15459 of the Government Code shall not be applicable to a hospital, whether or not it negotiates to obtain a contract pursuant to Article 2.6 (commencing with Section 14081), if the hospital predominantly serves or will predominantly serve members of a health maintenance organization that has negotiated in good faith to obtain a prepaid contract pursuant to this part or pursuant to Article 2.91 (commencing with Section 14089).

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Each of these judgments shall specify the extent of the imprisonment for nonpayment of the fine, which shall not be more than one day for each thirty dollars ($30) of the fine, nor exceed in any case the term for which the defendant might be sentenced to imprisonment for the offense of which he has been convicted. A defendant held in custody for nonpayment of a fine shall be entitled to credit on the fine for each day he is so held in custody, at the rate specified in the judgment. CHAPTER 1030

An act to amend Section 437.11 of the Health and Safety Code, relating to health facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1983 Filed with Secretary of State September 22, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Section 437.11 of the Health and Safety Code is amended to read:

437.11. (a) The office shall exempt from the provisions of Sections 438 to 438.13, inclusive, and shall issue a certificate of exemption for those projects which were not previously subject to review under Section 437.7 prior to the effective date of this section where the applicant has shown and the office director has found all of the following:

(1) The applicant has, prior to the effective date of this section, committed or incurred a financial obligation, including any obligation payable by force account, which is certified by a licensed architect or engineer to be 10 percent of the cost of the total project, or seventy-five thousand dollars ($75,000), whichever is less.

(2) The project cannot be terminated without substantial economic loss to the applicant.

(3) Except with respect to projects set forth in subdivision (d) of Section 437.10, the project was commenced prior to the effective date of this section and is being diligently pursued to completion.

(4) The applicant has filed a notice of such project with the office on forms supplied by the office within 60 days of the effective date of this section.

For the purposes of this subdivision, "project" shall mean any project set forth in Section 437.10, and the term "financial obligation" shall include cost factors set forth in the definition of "capital expenditure" in Section 437.10.

Within 120 days of the effective date of this section, the office shall determine in public hearing which applications are entitled to an exemption under this subdivision.

(b) In addition, the office shall exempt from the provisions of Sections 438 to 438.13, inclusive, and shall issue a certificate of need for those projects where the applicant has shown and the office director has found one of the following:

(1) The project is necessary solely to replace health care services that are no longer available at the facility because of a disaster or other emergency.

(2) The project is solely for the purpose of complying with requirements of law or regulations.

(3) The project was the subject of an application submitted to an

area health planning agency prior to the effective date of this section. Such applications shall be processed and decided in the manner prescribed by this part as it existed immediately prior to the operative date of this section, except that any petition for appeal of a decision or lack o ' decision of such an area health planning agency rendered after the effective date of this section shall be made directly to the Advisory Health Council.

(4) The project is to add not more than 10 percent of licensed bed capacity or 10 beds, whichever is less, to an existing general acute care hospital, an existing acute psychiatric hospital, an existing special hospital, an existing general acute care/rehabilitating hospital, or an existing chemical dependency recovery hospital, where the applicant has shown and the office director has found that:

(A) The applicant hospital has not been granted a certificate of exemption pursuant to this provision or pursuant to Section 437.112, as Section 437.112 existed on January 1, 1982, within the last preceding 24 months.

(B) The applicant hospital has had an occupancy rate for the classification of beds to be added, and for the facility as a whole, for the preceding 12-month period, of not less than 85 percent.

(C) The project does not exceed the capital expenditure threshold identified in subdivision (e) of Section 437.10 as adjusted to reflect changes in the cost of living.

(D) The facility is accessible to persons for whom the cost of care is reimbursed under Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code. In the case of an acute psychiatric hospital, the showing required by this subparagraph shall be limited to those categories of patients for whom acute psychiatric hospitals are eligible to receive reimbursement under Chapter 7 (commencing with Section 1400) of Part 3 of Division 9 of the Welfare and Institutions Code.

(5) The project is to add not more than five beds to an existing skilled nursing facility which is operated as a distinct part of a primary health service hospital, as defined in Section 1339.9 that participates in Medi-Cal programs, provided that all of the following conditions exist:

(A) At the time of the application, the Statewide Health Facility and Services Plan indicates a need for the proposed number of beds taking into account the number of approved beds in the health facilities planning area in which the project is located including beds approved pursuant to this subdivision.

(B) The applicant skilled nursing facility has had at least a 95 percent occupancy rate for existing beds for the 12 months preceding the submission of an application.

(C) The applicant facility has not been issued within the 12 months preceding application a citation for a class A violation or more than one class B violation, as defined at Section 1424, which is one of the following:

(i) Uncontested.

(ii) Contested, but not adjudicated.

(iii) Contested, but sustained upon adjudication.

In determining the current number of approved beds in the health facilities planning area in which the project is located, the office shall count the number of beds for which applications for a certificate of need have been deemed complete pursuant to Section 438.2, before the effective date of the amendments to this section enacted by the Statutes of 1983.

Such a project shall not require a capital expenditure which exceeds ten thousand dollars ($10,000) and only one such project may be approved for a facility in a 12-month period. However, no facility shall receive approval pursuant to this section for more than two projects. The office shall annually adjust this capital expenditure threshold to reflect changes in the cost of living as determined by the Department of Finance, using 1981 as the base year.

Any certificate issued for such projects shall expire if the applicant does not complete the project within 12 months after issuance unless the office, for good cause shown, extends the certificate.

(c) A certificate of exemption issued pursuant to this section or Section 1268 shall for all purposes have the same effect as a certificate of need issued pursuant to this part.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

(b) In determining the eligibility of a married individual pursuant to Section 14005.4 or 14005.7 who resides in a skilled nursing facility or an intermediate care facility, and who is in a Medi-Cal family budget unit that does not include his or her spouse, the community property interest of the institutionalized individual in the unearned income of the noninstitutionalized spouse shall be considered income available to that individual.

SEC. 2. (a) Any provision of this act that is in conflict with any federal statute or regulation shall be inapplicable to the extent of such conflict, but the provision and the remainder of the provisions shall be unaffected to the extent no conflict exists.

(b) The State Department of Health Services shall, within 30 days of the operative date of this act, seek all federal waivers necessary to implement the provisions. The provisions for which appropriate federal waivers cannot be obtained shall not be implemented, but provisions for which waivers are either obtained or found to be unnecessary shall be unaffected by the inability to obtain federal waivers for the other provisions.

(c) The State Director of Health Services shall, within 30 days of obtaining all necessary federal waivers, adopt regulations implementing the provisions as emergency regulations in accordance with the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. These regulations shall become effective immediately upon filing with the Secretary of State.

(d) If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

CHAPTER 1032

An act to repeal and add Article 3 (commencing with Section 76030) to Chapter 1 of Part 47 of the Education Code, to add Section 11591.5 to the Health and Safety Code, and to add Section 291.5 to the Penal Code, relating to community colleges.

[Approved by Governor September 21, 1983 Filed with Secretary of State September 22, 1983]

The people of the State of California do enact as follows:

SECTION 1. Article 3 (commencing with Section 76030) of Chapter 1 of Part 47 of the Education Code is repealed.

SEC. 2. Article 3 (commencing with Section 76030) is added to Chapter 1 of Part 47 of the Education Code, to read:

Article 3. Removal, Suspension, or Expulsion

76030. Consistent with requirements of due process of law, with the provisions of this article, and with the rules of student conduct adopted by the governing board under Section 66300, the governing board, the president of a community college or the president's designee, or an instructor shall suspend a student for good cause. In addition, the governing board is authorized to expel a student for good cause when other means of correction fail to bring about proper conduct, or when the presence of the student causes a continuing danger to the physical safety of the student or others. The suspension or expulsion of a student shall be accompanied by a hearing conducted pursuant to the requirements of Section 66017.

76031. The adopted rules of student conduct may authorize the president of a community college or the president's designee to suspend a student for good cause as follows:

(a) From one or more classes for a period of up to 10 days of instruction.

(b) From one or more classes for the remainder of the school term.

(c) From all classes and activities of the community college for one or more terms.

The adopted rules of student conduct shall prohibit a student from being enrolled in any community college in the district for the period of suspension.

The president of the community college shall report all suspension of students to the governing board or to the district superintendent.

Whenever a minor is suspended from a community college, the parent or guardian shall be notified in writing by the president or the president's designee.

Nothing in this section shall be construed to prohibit the president of a community college or the president's designee from imposing a lesser disciplinary sanction than suspension. A lesser sanction may include, but need not be limited to, verbal or written reprimand, probation, or ineligibility to participate in extracurricular activities.

76032. The adopted rules of student conduct may authorize an instructor to remove a student from his or her class for the day of the removal and the next class meeting. The instructor shall immediately report the removal to the chief administrative officer for appropriate

action.

If the student removed by an instructor is a minor, the college president or the president's designee shall ask the parent or guardian of the student to attend a parent conference regarding the removal as soon as possible. If the instructor or the parent or guardian so requests, a college administrator shall attend the conference. During the period of removal, a student shall not be returned to the class from which he or she was removed without the concurrence of the instructor of the class.

76033. As used in this article, "good cause" includes, but is not limited to, the following offenses:

(a) Continued disruptive behavior, continued willful disobedience, habitual profanity or vulgarity, or the open and persistent defiance of the authority of, or persistent abuse of, college personnel.

(b) Assault, battery, or any threat of force or violence upon a student or college personnel.

(c) Willful misconduct which results in injury or death to a student or college personnel or which results in cutting, defacing, or other injury to any real or personal property owned by the district.

(d) The use, sale, or possession on campus of, or presence on campus under the influence of, narcotics, other hallucinogenic drugs or substances, or any poison classified as such by Schedule D in Section 4160 of the Business and Professions Code.

(e) Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the governing board.

(f) Persistent, serious misconduct where other means of correction have failed to bring about proper conduct.

76034. No student shall be removed, suspended, or expelled unless the conduct for which the student is disciplined is related to college activity or college attendance.

76035. The president or the president's designee at a community college shall, upon the suspension or expulsion of any student, notify the appropriate law enforcement authorities of the county or city in which the school is situated of any acts of the student which may be in violation of Section 245 of the Penal Code.

76036 Any violation or violations of law, ordinance, regulation, or rule regulating, or pertaining to, the parking of vehicles, shall not be cause for the removal, suspension, or expulsion of a student from a community college.

76037. Nothing in this article shall be construed to limit the authority of a governing board to adopt additional rules and regulations which are not inconsistent with the requirements of this article. These additional rules may, among other things, prescribe specific rules and regulations governing student behavior, along with applicable penalties for violations of the adopted rules and regulations, and may prescribe appropriate due process procedures, including procedure by which students shall be informed of these rules and regulations.

SEC. 3. Section 11591.5 is added to the Health and Safety Code, to read:

11591.5. Every sheriff or chief of police, upon the arrest for any of the controlled substance offenses enumerated in Section 11590, or Section 11364, insofar as that section relates to paragraph (9) of subdivision (d) of Section 11054, of any teacher or instructor employed in any community college district shall immediately notify by telephone the superintendent of the community college district employing the teacher or instructor and shall immediately give written notice of the arrest to the Office of the Chancellor of the California Community Colleges. Upon receipt of such notice, the district superintendent shall immediately notify the governing board of the community college district employing the person.

Upon receipt of such notice, the district superintendent shall immediately notify the governing board of the community college district employing the person.

SEC. 5. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

The people of the State of California do enact as follows:

SECTION 1. Article 16 (commencing with Section 51880) is added to Chapter 5 of Part 28 of the Education Code, to read:

Article 16. Aquatic Safety

51880. The Legislature finds that, given the great diversity of water recreation activities available statewide and the significant loss of life associated with those activities, there is a great need for an aquatic safety program in the state.

It is the intent of the Legislature in enacting this article that fundamental water safety training be provided for all the children of the state so that California's youth will be able to enjoy water recreation while avoiding its hazards.

51881. The Department of Boating and Waterways, in cooperation with the Department of Education and other appropriate agencies, industry, and nonprofit organizations involved with water safety, shall develop an aquatic safety program which shall be made available for use at an appropriate grade level in public elementary schools, as determined by the Director of Boating and Waterways, at no expense to the schools. The aquatic education program shall include, but not be limited to, an audiovisual instructional aid and parental involvement materials. The Department of Boating and Waterways will act as liaison between the schools and school districts and the industry and nonprofit organizations involved with water safety.

for administrative hearings. The surcharge shall not exceed 6 percent applied to the annual fees provided for in Section 23320, but shall otherwise be adjusted periodically to ensure that sufficient amounts are collected to pay these costs.

(c) All money collected from the fees provided for in this section shall be deposited directly into the General Fund in the State Treasury, rather than in the Alcoholic Beverage Control Fund as provided in Section 25671.

The department may reject protests, except protests made by a public agency or public official or protests made by the governing body of a city or county, if it determines the protests are false, vexatious, or without reasonable or probable cause at any time before hearing thereon, notwithstanding the provisions of Section 24016 or 24300. The department shall also reject any protests against an off-sale beer and wine retail alcoholic beverage license which are based on evidence, information or conditions resulting from operation of the premises, such as operating hours, parking availability or operating noise, not resulting solely from the sale of alcoholic beverages. If the department rejects a protest as provided in this section and issues a license, a protestant whose protest has been rejected may, within 10 days after the issuance of the license, file an accusation with the department alleging the grounds of protest as a cause for revocation of the license and the department shall hold a hearing as provided in Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

Nothing in this section shall be construed as prohibiting or restricting any right which the individual making the protest might have to a judicial proceeding.

CHAPTER 1035

An act to amend Section 1110 of, and to add Section 1382 to, the Unemployment Insurance Code, relating to unemployment insurance.

[Approved by Governor September 21, 1983 Filed with Secretary of State September 22, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 1110 of the Unemployment Insurance Code is amended to read:

1110. (a) Employer contributions required under Sections 976, 976.5, and 976.6, the amount of benefits received by any individual pursuant to this part that is deducted from an award or settlement made by the employer under the provisions of Section 1382, and, except as provided by subdivision (b) of this section, worker contributions required under Section 984, are due and payable on the first day of the calendar month following the close of each calendar quarter and shall become delinquent if not paid on or before the last day of such month.

(b) Workers' contributions required under Section 984 are due and payable at the same time as amounts required to be withheld under Section 13020 are paid to the department pursuant to Section 13021, regardless of the amount of accumulated unpaid liability for workers' contributions.

SEC. 2. Section 1382 is added to the Unemployment Insurance Code, to read:

1382. No person shall be liable for the amount of benefits received for any period for which the person also received an award or settlement of backpay resulting from an action or grievance for wrongful discharge, if the amount of the backpay award or settlement was reduced by the amount of benefits received pursuant to this part. When the amount of the backpay award or settlement was reduced by the amount of benefits received, the employer shall pay to the Unemployment Fund an amount equal to the amount subtracted from the backpay award or settlement for benefits received by the person in order to reimburse the fund. When an individual has been awarded or receives backpay, the amount of the backpay shall constitute wages paid in the period for which it is awarded

A mediator or arbitrator who is a party to the backpay award or settlement shall, within 30 days of the settlement, report to the department the name and address of the employer, the amount of benefits by which the award or settlement was reduced, and the name and social security number of the person who received the award or settlement.

CHAPTER 1036

An act to add Sections 4700.1 and 4700.3 to the Civil Code, relating to child support.

[Approved by Governor September 21, 1983 Filed with Secretary of State September 22, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 4700.1 is added to the Civil Code, to read:

4700.1. (a) It is the intention of the Legislature in enacting this section to provide an additional, simplified method for the modification of child support awards.

(b) A notice of motion to modify an order awarding child support may be filed under this section at any time subsequent to one year after the entry of a previous order for the award of child support, except that the one-year limitation shall not be applicable if the request for modification is based on a significant decrease in the income of the moving party.

A motion to modify child support shall include a proposed order

for modification of child support, and a declaration that the facts on which the motion is based are true and correct, under penalty of perjury. The moving party shall cause the notice of motion and the proposed order to be served on the other party to the child support award. The responding party shall have 30 days from the date of service within which to file an objection and request for a hearing. If the responding party so files, he or she shall be responsible for requesting a hearing date and giving notice thereof to the moving party. The original proof of service of the notice of the objection and request shall be filed at the same time as the filing of the objection and the request for hearing.

(c) No attorney at law or person other than the moving or responding party shall take any part in the filing or prosecution or defense of a proceeding pursuant to this section, unless the attorney is appearing as a party to the proceeding. Nothing in this section shall be construed to prohibit an attorney from rendering advice to a party to the proceeding, either before or after the commencement of the proceeding. However, if a party to such a proceeding elects to be represented by counsel, the court shall proceed on the motion as specified in subdivision (i).

(d) Only one modification of child support pursuant to this section shall be granted within any 12-month period, except in cases where the request for a modification is based on a significant decrease in the income of the moving party.

The court may grant a modification of child support, not to exceed an amount equal to 10 percent of the current award for each year subsequent to the date on which the current award was granted, without requiring a showing of changed circumstances by the moving party, to the extent justified by the economic evidence presented by way of the income statements (and expense statements, if the court deems them necessary and relevant) of the parties. In the event of a default by the responding party, the court shall award a modification, without requiring the submission of economic evidence by the moving party.

In cases in which the request for modification is based on a significant decrease in the income of the moving party, the moving party shall present evidence of his or her decline in economic circumstances. The amount of the modification shall be based on the economic evidence presented by way of income statements (and expense statements, if the court deems them necessary and relevant) of the parties. In the event of a default by the responding party in a case where the request for the modification is based on a significant decrease in the income of the moving party, the court shall award a modification based on the evidence. If the court considering the request for modification awards child support according to guidelines in use within its jurisdiction, the amount of modification shall be based on those guidelines. If no guidelines are in use, the amount of the modification shall be based on the factors employed in determining the existing award.

In addition to the income statement (and the expense statement, if required by the court), in a contested proceeding, both the moving party and the responding party shall make available to the court copies of their state income tax returns for the preceding year at the time of the hearing. No relief shall be granted pursuant to this procedure to a party who fails to submit such documents as may be required by the court or a declaration under penalty of perjury that no such documents exist, or that, in the case of a tax return, it cannot be produced but a copy has been requested from the Franchise Tax Board. A tax return so submitted may be reviewed by the other party and a party also may be examined by the other party as to contents of any such return.

(e) Notice pursuant to this section shall be by certified mail, postage prepaid, return receipt requested, to the last known address of the party to be served, or by personal service. Proof of service shall be filed with the court. In order to facilitate service of process, each party to an order for child support shall provide the other party with his or her current mailing address and any subsequent change of address.

(f) In any proceeding in which the court orders a payment for the support of a minor child, the court shall, at the time of providing written notice of the order, provide the parties with a document describing the procedures by which the order may subsequently be modified.

(g) The party filing a notice of motion to modify child support with the clerk pursuant to this section shall also file a duplicate copy of the notice with the district attorney within five working days of filing.

(h) Nothing in this section shall be construed to infringe upon the duty of the state to comply with federal rules and regulations pertaining to the establishment, enforcement, and collection of child support payments in cases in which the child is receiving public assistance.

(i) Upon notice by a party to a proceeding under this section that he or she elects to be represented by counsel in the proceeding, the court shall proceed on the motion as in a proceeding for modification of child support pursuant to Section 4700. A party's notice of intent to proceed with the benefit of counsel shall be accompanied by the party's declaration under penalty of perjury stating facts evidencing that intent.

(j) The Judicial Council shall adopt forms or notices for the use of the procedure provided by this section, which shall include a notice advising of the right of a party to proceed with or without benefit of counsel, and which shall incorporate, where appropriate, advice as to the availability of this additional, simplified method for the modification of child support.

(k) Where it appears in the response to a request for a modification pursuant to this section that issues other than support are contested with respect to the child for whom support is sought,

those issues shall be set for mediation pursuant to Section 4607. A separate hearing shall be scheduled with regard to any such issue. The pendency of such a mediation proceeding shall not delay a hearing on the request for a modification pursuant to this section.

SEC. 2. Section 4700.3 is added to the Civil Code, to read:

4700.3. In making a modification based on a request to increase the amount of child support payments pursuant to Section 4700.1, the court shall take into consideration the age increase factor developed by the Judicial Council pursuant to Section 246.

SEC. 3. If any provision of this act or the application thereof to any person or circumstances is held invalid, the invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 4. The provisions of this act shall be operative July 1, 1984.

SEC 5. The provisions of Section 2 of this act shall be operative only if SB 1213 is enacted and becomes effective on July 1, 1984.

SEC. 6. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 1037

An act to amend Sections 25163 and 25342 of, and to add Section 25163.1 to, the Health and Safety Code, relating to hazardous waste, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1983 Filed with Secretary of State September 22, 1983]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares the following:

(a) Existing law encourages private citizens and small business to violate the state's hazardous waste control laws by making proper disposal of minimal amounts of hazardous waste unreasonably costly.

(b) In some instances, the misinterpretation of state law governing the transportation of hazardous waste has prohibited private citizens from properly disposing of hazardous waste byproducts without registering as a hazardous waste hauler or employing the use of one.

(c) The costs involved in utilizing a hazardous waste hauler for these purposes is an undue financial burden on small hazardous waste generators, thereby encouraging individuals to illegally dump

hazardous byproducts at solid waste disposal sites or to engage in illegal dumping by other means as these are the most cost-effective alternative methods.

(d) Since the illegal disposal of hazardous wastes constitutes a clear and present danger to the public and the environment, it is the intent of the Legislature to encourage and promote the proper disposal of minimal amounts of hazardous wastes, thereby promoting public responsibility for that activity.

SEC. 2. Section 25163 of the Health and Safety Code is amended to read:

25163. (a) Except as otherwise provided in subdivisions (b) and (c), it is unlawful for any person to carry on, or engage in the hauling of hazardous wastes, unless such person holds a valid registration issued by the department, and it shall be unlawful for any person to transfer custody of a hazardous waste to a hauler who does not hold a valid registration issued by the department. Any registration issued by the department to a hauler of hazardous waste is not transferable from the person to whom it was issued to any other person.

(b) Persons hauling only septic tank, cesspool, seepage pit, or chemical toilet waste that does not contain a hazardous waste originating from other than the body of a human or animal and who hold an unrevoked registration issued by the health officer or his duly authorized representative pursuant to Chapter 6 (commencing with Section 25000) shall be exempt from the requirements of subdivision (a).

(c) Persons hauling hazardous wastes to a permitted hazardous waste facility for transfer, treatment, recycling, or disposal, which wastes do not exceed a total volume of five gallons or do not exceed a total weight of 50 pounds, shall be exempt from the requirements of subdivisions (a) and (e) and from the requirements of Section 25160 concerning possession of the list while carrying or handling hazardous waste, upon meeting all of the following conditions:

(1) The contents of any single container hauled do not exceed one gallon or 10 pounds.

(2) The hazardous wastes are hauled in closed containers and packed in a manner that prevents the containers from tipping, spilling, or breaking during the hauling.

(3) Different hazardous waste materials are not mixed within a container during the hauling.

(4) The hazardous waste hauled is not listed as an extremely hazardous waste in Section 66685 of Title 22 of the California Administrative Code.

(5) The person hauling the hazardous waste is the generator of that hazardous waste.

(d) Any person registered as a hazardous waste hauler pursuant to subdivision (a) shall not be subject to the registration requirements of Chapter 6 (commencing with Section 25000) of the Health and Safety Code, but shall comply with the terms, conditions, orders, and directions as the health officer or his or her duly

authorized representative may deem necessary for the protection of human health and comfort, and shall otherwise comply with the requirements for statements as provided in Section 25007. Violations of those requirements of Section 25007 shall be punished as provided in Section 25010. Proof of registration pursuant to subdivision (a) shall be submitted by mail or in person to the local health officer in the city, county, or city and county in which the registered hazardous waste hauler will be conducting the activities described in Section 25001.

(e) It is unlawful for any person to transport hazardous waste in any truck, trailer, semitrailer, vacuum tank, or cargo tank not inspected by the California Highway Patrol or to transport hazardous waste in any container, other than a container packaged pursuant to Federal Department of Transportation regulations, which has not been inspected by the California Highway Patrol.

SEC. 3. Section 25163.1 is added to the Health and Safety Code, to read:

25163.1. The department shall not adopt any regulations requiring a person hauling hazardous wastes, who is not in the business of hauling hazardous wastes or who is not hauling these wastes as a part of, or incidental to, any business, to obtain the registration specified in subdivision (a) of Section 25163 if that person meets the conditions specified in subdivision (c) of Section 25163.

SEC. 4. Section 25342 of the Health and Safety Code is amended to read:

25342. On or before March 1, 1982, and March 1 of each year thereafter, every person who submitted for disposal offsite, or who disposed of onsite, more than 500 pounds of hazardous waste or extremely hazardous waste in the state during the preceding calendar year shall report to the board the following information:

(a) The total amount of hazardous or extremely hazardous waste, as defined by Sections 25117 and 25115, respectively, the federal regulation of which has been suspended under the Solid Waste Disposal Act (42 U.S.C. Sec. 6901 et seq.) by act of Congress, which that person has disposed of, or submitted for disposal, in the state, plus the total amount of hazardous or extremely hazardous waste and material, which that person has transferred to a surface impoundment in the state for purposes of reducing the water content of the waste and material by evaporation, plus the total amount of hazardous waste disposed of into an injection well or landfarm, as defined in subdivision (g) of Section 25345, exclusive of that waste specified in subdivision (d).

(b) The total amount of hazardous waste disposed of, or submitted for disposal, in the state by that person, exclusive of that waste specified in subdivisions (a), (c), and (d).

(c) The total amount of extremely hazardous waste disposed of, or submitted for disposal, in the state by that person, exclusive of that waste specified in subdivisions (a), (b), and (d).

(d) The total amount of hazardous or extremely hazardous waste that person has disposed of, or submitted for disposal, in the state from the extraction, beneficiation, and processing of ores and minerals, including phosphate rock and overburden from mining of uranium ore.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to protect the public health and safety by regulating the disposal of hazardous wastes by individuals generating relatively small amounts of wastes, it is necessary that this act take effect immediately.

CHAPTER 1038

An act to amend Sections 44252 and 44830 of the Education Code, relating to education.

[Approved by Governor September 22, 1983 Filed with Secretary of State September 22, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 44252 of the Education Code, as amended by Section 1 of Chapter 536 of the Statutes of 1983, is amended to read:

44252. (a) The commission shall establish standards and procedures for the initial issuance and renewal of credentials.

(b) Commencing on February 1, 1983, the Commission on Teacher Credentialing shall not issue initially any credential, permit, certificate, or renewal of an emergency credential to any person to serve in the public schools unless the person has demonstrated proficiency in basic reading, writing, and mathematics skills in the English language as provided in Section 44252.5. The commission shall exempt from the basic skills proficiency test requirement any of the following persons:

(1) A person credentialed solely for the purpose of teaching adults in an apprenticeship program.

(2) An applicant for an adult education designated subject credential for other than an academic subject.

(3) A person credentialed in another state who is an applicant for employment in a school district in this state who has passed a basic skills proficiency examination which has been developed and administered by the school district offering that person employment. School districts administering a basic skills proficiency examination under this paragraph shall comply with the requirements of subdivision (h) of Section 44830. Such an applicant shall be granted

a nonrenewable emergency credential, valid for not longer than one year, pending fulfillment of the basic skills proficiency requirement pursuant to Section 44261.5. The commission shall report to the Legislature no later than January 1, 1984, on the number of teachers receiving emergency credentials without fulfilling the basic skills proficiency requirement, the districts in which these teachers are employed, the number of teachers granted clear credentials after the expiration of an emergency credential granted under these conditions, and a comparison of success rate of these teachers on the basic skills test with the success rate of the general pool of credential applicants. This exemption shall remain in effect no later than June 30, 1984.

(4) An applicant for a child care center permit or a permit authorizing service in a development center for the handicapped, so long as the holder of the permit is not required to have a baccalaureate degree.

(5) The holder of a credential, permit, or certificate to teach, other than an emergency credential, who seeks an additional authorization to teach.

(6) An applicant for a credential to provide service in the health profession.

(c) By December 31, 1982, the Superintendent of Public Instruction shall adopt an appropriate state test to measure proficiency in these basic skills. In adopting the test, the superintendent shall seek assistance from the commission and an advisory board. A majority of the members of the advisory board shall be classroom teachers. The board shall also include representatives of local school boards, school administrators, parents, and postsecondary institutions.

The superintendent shall adopt any normed test that the superintendent determines will sufficiently test basic skills for purposes of this section.

The superintendent, in conjunction with the commission and approved teacher training institutions, shall take steps necessary to insure the effective implementation of this provision.

(d) Nothing in this section shall be construed as requiring the holders of, or applicants for, a vocational designated subject credential to pass the state basic skills proficiency test. The governing board of each school district, or each governing board of a consortium of school districts, or each governing board involved in a joint powers agreement, which employs a holder of a vocational designated subject credential shall establish its own basic skills proficiency criteria for the holders of these credentials and shall arrange for those individuals to be assessed. The basic skills proficiency criteria established by the governing board shall be at least equivalent to the test required by the district, or in the case of a consortium or a joint powers agreement, by any of the participating districts, for graduation from high school. The governing board or boards may charge a fee to individuals being tested to cover the costs

of the test, including the costs of developing, administering, and grading the test.

(e) The commission shall compile data regarding the rate of passing the state basic skills proficiency test by persons who have been trained in various institutions of higher education. The data shall be available to members of the public, including to persons who intend to enroll in teacher education programs.

SEC. 2. Section 44830 of the Education Code, as amended by Section 3 of Chapter 536 of the Statutes of 1983, is amended to read:

44830. (a) A governing board of a school district shall employ for positions requiring certification qualifications, only persons who possess the qualifications therefor prescribed by law. It is contrary to the public policy of this state for any person or persons charged, by the governing boards, with the responsibility of recommending such persons for employment by the boards to refuse or to fail to do so for reasons of race, color, religious creed, sex, or national origin of the applicants for such employment.

(b) Commencing on February 1, 1983, no school district governing board shall initially hire on a permanent, temporary, or substitute basis a certificated person seeking employment in the capacity designated in his or her credential unless that person has demonstrated basic skills proficiency as provided in Section 44252.5 or unless the person is exempted from the requirement by subdivisions (c), (d), (e), (f), (g), (h), (i), (j), (k), (*l*), (m), and (n).

(1) The governing board of a school district, with the authorization of the Commission on Teacher Credentialing, may administer the basic skills proficiency test required under the provisions of Sections 44252 and 44252.5.

(2) The superintendent, in conjunction with the commission and local governing boards, shall take steps necessary to ensure the effective implementation of this subdivision.

It is the intent of the Legislature that in effectively implementing the provisions of this subdivision, school district governing boards shall direct superintendents of schools to prepare for emergencies by developing a pool of qualified emergency substitute teachers. This preparation shall include public notice of the test requirements and of the dates and locations of administrations of the tests. District governing boards shall make special efforts to encourage individuals who are known to be qualified in other respects as substitutes to take the state basic skills proficiency test at its earliest administration.

(3) Demonstration of proficiency in reading, writing, and mathematics by any person pursuant to Section 44252 shall satisfy the requirements of this subdivision.

(c) A certificated person shall not be required to take the state basic skills proficiency test if he or she has been employed in a position requiring certification in any school district within 39 months prior to employment with the district.

(d) Nothing in this section shall require a person employed solely for purposes of teaching adults in an apprenticeship program,

approved by the Apprenticeship Standards Division of the Department of Industrial Relations, to pass the state proficiency assessment instrument as a condition of employment.

(e) Nothing in this section shall require the holder of a child care permit or a permit authorizing service in a development center for the handicapped to take the state basic skills proficiency test, so long as the holder of the permit is not required to have a baccalaureate degree.

(f) Nothing in this section shall require the holder of a credential issued by the commission who seeks an additional credential or authorization to teach, to take the state basic skills proficiency test.

(g) Nothing in this section shall require the holder of a credential to provide service in the health profession to take the state basic skills proficiency test, so long as that person does not teach in the public schools.

(h) If the basic skills proficiency test is not administered at the time of hiring, the holder of a vocational designated subject credential who has not already taken and passed the basic skills proficiency test may be hired on the condition that he or she will take the test at its next local administration.

(i) If the holder of a vocational designated subject credential does not pass a proficiency assessment in basic skills pursuant to this section, he or she shall be given one year in which to retake and pass the proficiency assessment in basic skills. If at the expiration of the one-year period he or she has not passed the proficiency assessment in basic skills, he or she shall be subject to dismissal under procedures established in Article 3 (commencing with Section 44930) of Chapter 4.

(j) Nothing in this section shall be construed as requiring the holder of a vocational designated subject credential to pass the state basic skills proficiency test as a condition of employment. The governing board of each school district, or each governing board of a consortium of school districts, or each governing board involved in a joint powers agreement, which employs the holder of a vocational designated subject credential shall establish its own basic skills proficiency for these credentials and shall arrange for those individuals to be assessed. The basic skills proficiency criteria established by the governing board shall be at least equivalent to the test required by the district, or in the case of a consortium or a joint powers agreement, by any of the participating districts, for graduation from high school. The governing board or boards may charge a fee to individuals being tested to cover the costs of the test, including the costs of developing, administering, and grading the test.

(k) Nothing in this section shall be construed as requiring the holder of an adult education designated subject credential for other than academic subjects, who is employed in an instructional setting for 20 hours or less per week, to pass the state proficiency assessment as a condition of employment.

(*l*) Nothing in this section shall be construed to require certificated personnel employed under a foreign exchange program to take the state basic skills proficiency test. The maximum period of exemption under this subdivision shall be one year.

(m) A school district may hire a teacher credentialed in another state who has not taken the state basic skills test if, at a public meeting, the school district governing board certifies that no person who meets the credentialing requirements and who has satisfied the basic skills requirement specified in Section 44261.5 is available to fill a position deemed necessary to the normal operation of the school curriculum. The board shall include in the certification a statement of the need to fill the position and the reasons for the need, proof of its attempts to recruit qualified teachers in California, and a statement attesting to the failure of those attempts. Such certification shall be submitted to the commission with the name of the teacher the board intends to employ pursuant to this section. The commission shall issue an emergency credential pursuant to paragraph 3 of subdivision (b) of Section 44252, upon receipt of this documentation.

(n) Notwithstanding any other provision of law, a school district may hire a certificated teacher who has not taken the state basic skills proficiency test if that person has not yet been afforded the opportunity to take the test. The person shall then take the test at the earliest opportunity and may remain employed by the district pending the receipt of his or her test results.

(o) The commission shall require that each applicant for a credential issued by the commission, unless exempted by the provisions of Section 44252, take the state basic skills proficiency test for diagnostic purposes. Each applicant shall take the test no later than the deadline for the submission of his or her application for entrance to the credential program. Test results shall be forwarded to each California postsecondary institution to which the applicant has applied.

SEC. 3. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 1039

An act to add and repeal Article 6.5 (commencing with Section 18510) to Chapter 17 of Part 10 of Division 2 of, the Revenue and Taxation Code, relating to aging, and making an appropriation therefor.

[Approved by Governor September 22, 1983 Filed with Secretary of State September 22, 1983]

The people of the State of California do enact as follows:

SECTION 1. Article 6.5 (commencing with Section 18510) is added to Chapter 17 of Part 10 of Division 2 of the Revenue and Taxation Code, to read:

Article 6.5. Designations to the California Seniors' Fund

18510. (a) Any taxpayer may designate on the tax return that a contribution in excess of the tax liability, if any, be made to the California Seniors' Fund established by Section 18511 to be used to conduct the sessions of the California Senior Legislature and to support its ongoing activities on behalf of older persons.

(b) The contribution shall be in full dollar amounts and may be made individually by each signatory on the joint return.

(c) A designation under subdivision (a) shall be made for any taxable year on the initial return for that taxable year, and once made shall be irrevocable.

In the event that payments and credits reported on the return, together with any other credits associated with the taxpayer's account do not exceed the tax liability, if any, shown thereupon, the return shall be treated as though no designation had been made.

In the event that no designee is specified, the contribution shall, after reimbursement of the direct actual costs of the Franchise Tax Board for the collection and administration of funds under this article, be transferred to the General Fund.

The taxpayer shall be notified in cases where the discrepancy between the amount actually available for designation and the amount designated exceeds ten dollars ($10).

(d) In the event a taxpayer designates a contribution to more than one account, and the amount available is insufficient to satisfy the total amount designated, the contribution shall be allocated among the designees on a pro rata basis.

(e) The Franchise Tax Board shall revise the forms of the return to include a space labeled the "California Seniors' Fund" to allow for the designation permitted under subdivision (a). The forms shall also include in the instructions the information that the contribution may be in the amount of one dollar ($1) or more and that the contribution will be used to conduct the sessions of the California Senior Legislature and to support its ongoing activities on behalf of older persons.

(f) No deduction shall be allowed under Article 6 (commencing with Section 17201) of Chapter 3 for any contribution made pursuant to subdivision (a).

18511. There is hereby established in the State Treasury the California Seniors' Fund to receive contributions made pursuant to

Section 18510.

The Franchise Tax Board shall notify the Controller of both the amount of money paid by taxpayers in excess of their tax liability and the amount of refund money which taxpayers have designated pursuant to Section 18510 to be transferred to the California Seniors' Fund. The Controller shall transfer from the Personal Income Tax Fund to the California Seniors' Fund an amount not in excess of the sum of the amounts designated by individuals pursuant to Section 18510 for payment into that fund.

18512. Notwithstanding Section 13340 of the Government Code, all money transferred to the California Seniors' Fund pursuant to Section 18511 is hereby continuously appropriated, without regard to fiscal years, for allocation as follows:

(a) To the Franchise Tax Board for reimbursement of all costs incurred by the Franchise Tax Board in connection with its duties under this article.

(b) To the California Commission on Aging for allocation as follows:

(1) To the California Senior Legislature for the 1984 calendar year, and each succeeding calendar year thereafter, the sum of seventy-five thousand dollars ($75,000), or the balance of the fund if less than that amount remains in the fund, for the conduct of sessions of the California Senior Legislature.

(2) The balance, if any, but not to exceed two hundred fifty thousand dollars ($250,000), to the California Senior Legislature in any calendar year for its ongoing activities on behalf of older persons.

(3) The balance, if any, to the commission for senior citizen direct service programs through contracts with the Department of Aging.

18513. The provisions of this article shall be applicable to taxes paid and refunds payable for the 1983, 1984, and 1985 taxable years.

18514. This article shall remain in effect until December 31, 1986, and on that date is repealed, unless a later enacted statute, which is chaptered on or before December 31, 1986, deletes or extends that date.

CHAPTER 1040

An act to amend Sections 89500 and 89504 of, and to add Sections 89008, 89501, 89505.5, 89523, 89524, 89525, 89526, 89527, and 89557 to, the Education Code, and to amend Sections 3572.5, 19823, 19830, 19831, 19839, 19842, 19847, 19850, 19850.1, 19850.2, 19850.3, 19850.4, 19850.5, 19851, 19852, 19853, 19854, 19856.1, 19858.1, 19859, 19861, 19862, 19863, 19863.1, 19866, and 19868.1 of, to add Sections 18717 and 19993.8 to, and to repeal Sections 18861, 19815.1, 19838, 19858, and 19867 of, the Government Code, relating to state employees.

[Approved by Governor September 22, 1983 Filed with Secretary of State September 22, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Section 89008 is added to the Education Code, to read:

89008. The trustees shall prescribe rules and regulations governing the use of state-owned or leased motor vehicles by employees of the California State University. The rules shall include the remedies of assessing actual costs of misuse of state-owned or leased motor vehicles, and employee discipline under Section 89535.

SEC. 2. Section 89500 of the Education Code is amended to read:

89500. (a) Notwithstanding any other provision of law, the trustees shall provide by rule for the government of their appointees and employees, pursuant to the provisions of this chapter and other applicable provisions of law, including, but not limited to, appointment, classification, terms, duties, pay and overtime pay, uniform and equipment allowances, travel expenses and allowances, rates for housing and lodging, except that no charges shall be assessed against residences occupied by the Chancellor or the presidents during the 1983–84 fiscal year, moving expenses, leave of absence, tenure, vacation, holidays, layoff, dismissal, demotion, suspension, sick leave, and reinstatement.

The rules adopted by the trustees relating to tenure, layoff, dismissal, demotion, suspension, and reinstatement of academic and administrative employees shall be adopted on or before February 1, 1962, and become effective on July 1, 1962, with respect to employees who are academic teaching and administrative employees as defined in subdivision (1) (e) of Section 24301, as added by Chapter 1010 of the Statutes of 1972.

(b) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1 of the Government Code, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 3. Section 89501 is added to the Education Code, to read:

89501. (a) For the purpose of facilitating the recruitment of professional and technically trained persons to fill positions for which there is a shortage of qualified applicants, the trustees may authorize payment of all or a part of the travel expense of applicants who are called for interview and all or a part of the travel and moving expense of persons who change their place of residence to accept employment with the state. These payments shall be made only upon the certification of the trustees that the expenditure is necessary in order to recruit qualified persons needed by the California State

University.

If, for reasons that do not meet the approval of the trustees, the employee or applicant for employment does not accept or continue the employment for a period of two years, he or she shall reimburse the trustees for the moving and travel expenses for the full or proportionate amount.

For the purposes of this section, satisfactory reasons for not completing two years of employment shall be death, prolonged illness, disability, unacceptability of the applicant or employee to the trustees, and similar eventualities beyond the control of the applicant or employee.

(b) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1 of the Government Code, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 4. Section 89504 of the Education Code is amended to read:

89504. (a) Upon separation from service without fault on his or her part, an employee is entitled to a lump-sum payment as of the time of separation for any unused or accumulated vacation or for any time off to which the employee is entitled by reason of previous overtime work where compensating time off for overtime work is provided for by the trustees. This sum shall be computed by projecting the accumulated time on a calendar basis so that the lump sum will equal the amount which the employee would have been paid had the employee taken the time off but not separated from the service.

(b) Employees separated from service through fault of their own are entitled to a lump-sum payment for compensating time off for overtime work, and in addition, the portion, if any, of unused vacation as the trustees may determine. The computation of this sum shall be based on actual accumulated time without projection as provided in subdivision (a).

(c) Lump-sum payment for vacation shall not be made to a person who separates from a position for the purpose of accepting another position in the state service, except either of the following:

(1) Upon movement to a position in which vacation credits are neither accrued nor used.

(2) Upon reassignment of an employee, subsequent to January 1, 1965, from a position other than an academic year position, to an academic year position.

However, a lump-sum payment shall not be made to a person who returns to a position in the same class within 15 working days of the date of the person's resignation.

(d) Except for payment authorized or excluded under subdivision (c), an employee who returns to state service during the period

through which his or her lump-sum payment was computed may refund the amount of lump-sum payment which exceeds his or her break in service and have the balance of credits restored as though he or she had remained in state service and taken the time off.

(e) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1 of the Government Code, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 5. Section 89505.5 is added to the Education Code, to read:

89505.5. (a) Officers and employees of the California State University may participate in the deferred compensation plan established pursuant to Section 19993 of the Government Code upon compliance with the statutory prerequisites for participation in the plan.

(b) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1 of the Government Code, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 6. Section 89523 is added to the Education Code, to read:

89523. (a) Any employee who, immediately prior to becoming an employee, was an employee of an auxiliary organization as provided in Section 89900, and whose functions and employment were, subsequent to January 1, 1969, transferred to and assumed by a state university or college, shall be entitled to accumulate credit for vacation at the rate to which he or she would have been entitled if his or her employment by the auxiliary organization had been employment by a state university or college.

(b) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1 of the Government Code, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 7. Section 89524 is added to the Education Code, to read:

89524. CHAPTER 1041

An act to amend Section 14006 of, and to add Section 14006.1 to, the Welfare and Institutions Code, relating to Medi-Cal, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 1983 Filed with Secretary of State September 22, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 14006 of the Welfare and Institutions Code is amended to read:

14006. (a) For the purposes of Sections 14005.4 and 14005.7, the term "other resources" means the real or personal property, or any combination of both, held by a medically needy or medically indigent individual or family.

(b) For the purposes of this section, the term "principal residence" means the home, including a multiple-dwelling unit, in which the individual resides or formerly resided. The home will continue to be considered the principal residence if any of the following is applicable: (1) during any absence, the individual intends to return to the home; (2) the individual lives in a skilled nursing or intermediate care facility and can reasonably be expected to return home; (3) the individual's spouse or a dependent relative

of the individual continues to reside in the home during the individual's absence; (4) the individual does not have the right, authority, power, or legal capacity to liquidate the property, but a bona fide effort is being made to attain the right, authority, power, or legal capacity to liquidate the property; (5) the property cannot readily be converted to cash but a bona fide effort is being made to sell the property; (6) if it is a multiple-dwelling unit, one unit of which is occupied by the applicant or recipient, any unit not occupied by the applicant or recipient is producing income for the individual or family reasonably consistent with its value; or (7) it is inhabited by any sibling or child of the recipient who has continuously resided in the property since at least one year prior to the date the owner entered a skilled nursing or intermediate care facility. The state shall have a lien against the property, to the extent permitted by federal law, for the cost of medical services. The lien shall be recorded, and from the date of recording shall have force, effect, and priority of a judgment lien.

For purposes of this subdivision, "bona fide effort" means that the property shall be listed with a licensed real estate broker at the value determined to be the fair market value by a qualified real estate appraiser and the applicant or recipient provides evidence that a continuous effort is being made to sell the property, offers at fair market value are accepted, and all offers are reported.

(c) The amount of other resources is limited to not more than one thousand five hundred dollars ($1,500) for an aged, blind or disabled individual, or not more than three thousand dollars ($3,000) for an aged, blind or disabled individual and his spouse. For a medically needy family person or for a medically indigent person or family, this limit shall be established at not less than one thousand five hundred dollars ($1,500) and not more than three thousand dollars ($3,000), in accordance with family size. In addition, a medically needy or medically indigent person or family may retain: (1) other property in accordance with the provisions of Sections 11158 and 12152 of this code; (2) real property other than the principal residence, up to a value of six thousand dollars ($6,000) provided it is producing income for the individual or family reasonably consistent with its value; (3) the principal residence; (4) any additional resources allowed under the provisions of Title XVI of the Social Security Act.

(d) The director, to meet the requirements of the federal Social Security Act and to insure the highest percentage of federal financial participation in the program provided by this chapter, may decrease or increase the amounts set forth herein.

(e) If the holdings are in the form of real property, the value shall be the assessed value, determined under the most recent county property tax assessment, less the unpaid amount of any encumbrance of record.

If the real property other than the home is not producing income reasonably consistent with its value, the applicant or recipient shall be allowed reasonable time to begin producing such income from the

property. If the property cannot produce reasonable income or be sold based on the market value, the applicant or recipient shall be allowed to submit evidence from a qualified real estate appraiser which indicates the value for which the property can be adequately utilized or sold. If the applicant or recipient provides evidence that the only method of adequately utilizing the property is sale, and the property has not been sold at market value during a reasonable period of time, the property shall be considered to be adequately utilized provided it is listed with a licensed real estate broker at the value determined to be the fair market value by a qualified real estate appraiser and the applicant or recipient provides evidence that a bona fide and continuous effort is being made to sell the property.

(f) Any mortgage or note secured by a deed of trust shall be deemed real property if its value does not exceed six thousand dollars ($6,000) and it is obtained by the applicant or recipient, or in combination with his spouse, through the sale of such real property.

(g) If the holdings consist of money on deposit, the value shall be the actual amount thereof. If the holdings are in any other form of personal property or investment, except life insurance, the value shall be the conversion value as of the date of application or the anniversary date of such application. If the holdings are in the form of life insurance, the value shall be the cash value as of the policy anniversary nearest the date of such application.

(h) The value of property holdings shall be determined as of the date of application and, if the person is found eligible, this determination shall establish the amount of such holdings to be considered during the ensuing 12 months except a new determination to govern during the succeeding 12 months shall be made on the first anniversary date of the application or such alternate date as may be established following the acquisition of additional holdings as provided in the following paragraph and on each succeeding anniversary date thereafter.

(i) If any person shall by gift, inheritance, or other manner, acquire additional holdings during any such interval, other than from his own earnings, he shall immediately report such acquisition, and the anniversary date shall become the date of such acquisition.

SEC. 2. Section 14006.1 is added to the Welfare and Institutions Code, to read:

14006.1. (a) The State Director of Health Services shall adopt emergency regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 3 of the Government Code to implement subdivision (b) of Section 14006. The adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health or safety. not be subject to the review and approval of the Office of Administrative Law. These regulations shall become effective immediately upon filing with the Secretary of State.

(b) Any provision of Section 14006 that is in conflict with any federal statute or regulation shall be inapplicable to the extent of this conflict, but the provision and the remainder of the provisions shall be unaffected to the extent that no conflict exists.

where:

(1) "M" is the existing unobligated balance in the fund (M shall equal zero (0) for June 30, 1982). As used in this article, "unobligated balance" means all unencumbered funds in the account as of June 30, as estimated on March 1 of each year, less:

The addresses and information obtained under this section shall be confidential and may be disclosed by the state board only when required by other governmental agencies exercising their authority with respect to underground storage tanks and for official proceedings of the state board or other governmental agencies.

On July 1, 1984, the state board and regional boards may apply Section 13173 to underground farm storage tanks, except that the statement prescribed in Section 13173 shall not be required to be filed with the state board prior to October 1, 1984, and no civil liability for failure to file the statement shall arise before January 1, 1985.

CHAPTER 1046

An act to add Section 25150.1 to, and to add Chapter 6.7 (commencing with Section 25280) to Division 20 of, the Health and Safety Code, relating to hazardous substances.

[Approved by Governor September 23, 1983 Filed with Secretary of State September 23, 1983]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares as follows:

(1) Substances hazardous to the public health and safety, and to the environment, are stored prior to use or disposal in thousands of underground locations in the state.

(2) Underground tanks used for the storage of hazardous substances and wastes are potential sources of contamination of the ground and underlying aquifers, and may pose other dangers to public health and the environment.

(3) In several known cases, underground storage has resulted in undetected and uncontrolled releases of hazardous substances into the ground. These releases have contaminated public drinking water supplies and created a potential threat to the public health and to the waters of the state.

(4) The Legislature has previously enacted laws regulating the management of hazardous wastes, including statutes providing the means to clean up releases of hazardous substances into the environment when the public health, domestic livestock, wildlife and the environment are endangered. Current laws do not specifically govern the construction, maintenance, testing and use of underground tanks used for the storage of hazardous substances, or the short-term storage of hazardous wastes prior to disposal, for the purposes of protecting the public health and the environment.

(5) The protection of the public from releases of hazardous substances is an issue of statewide concern.

(b) The Legislature therefore declares that it is in the public interest to establish a continuing program for the purpose of preventing contamination from, and improper storage of, hazardous substances stored underground. It is the intent of the Legislature, in enacting this act, to establish orderly procedures that will ensure that newly constructed underground storage tanks meet appropriate standards and that existing tanks be properly maintained, inspected, and tested so that the health, property, and resources of the people of the state will be protected.

SEC. 2. Section 25150.1 is added to the Health and Safety Code, to read:

25150.1. The requirements in Sections 25284 and 25284.1 apply to the construction, operation, maintenance, monitoring, and testing of underground storage tanks, as defined in subdivision (m) of Section

25280, which are required to obtain hazardous waste facilities permits from the department. The department shall adopt regulations implementing the requirements of Sections 25284 and 25284.1, for regulating the construction, operation, maintenance, monitoring, and testing of underground storage tanks used for the storage of hazardous wastes which standards and regulations are necessary to protect against hazards to the public health, to domestic livestock, to wildlife, or to the environment. The regulations department shall adopt the regulations by January 1, 1985. If the regulations are not adopted by that date, the regulations adopted by the board implementing Section 25284.1 shall be deemed to be the regulations of the department pursuant to this section until new regulations are adopted by the department pursuant to this section.

SEC. 3. Chapter 6.7 (commencing with Section 25280) is added to Division 20 of the Health and Safety Code, to read:

CHAPTER 6.7. UNDERGROUND STORAGE OF HAZARDOUS SUBSTANCES

25280. For purposes of this chapter, the following definitions apply:

(a) "Department" means the State Department of Health Services.

(b) "Facility" means any one, or combination of, underground storage tanks used by a single business entity at a single location or site.

(c) "Hazardous substance" means all of the following liquid and solid substances, unless the department, in consultation with the State Water Resources Control Board, determines the substance could not adversely affect the quality of the waters of the state:

(1) Substances on the list prepared by the Director of the Department of Industrial Relations pursuant to Section 6382 of the Labor Code.

(2) Hazardous substances, as defined in Section 25316.

(3) Any substance or material which is classified by the National Fire Protection Association (NFPA) as a flammable liquid, a class II combustible liquid, or a class III-A combustible liquid.

(d) "Local agency" means the department, office, or other agency of a county or city designated pursuant to Section 25282.

(e) "Person" means an individual, trust, firm, joint stock company, corporation, including a government corporation, partnership, and association. "Person" also includes any city, county, district, the state, or any department or agency thereof.

(f) "Board" means the State Water Resources Control Board.

(g) "Primary containment" means the first level of containment, such as the portion of a tank which comes into immediate contact on its inner surface with the hazardous substance being contained.

(h) "Product-tight" means impervious to the substance which is contained, or is to be contained, so as to prevent the seepage of the

substance from the primary containment. To be product-tight, the tank shall not be subject to physical or chemical deterioration by the substance which it contains over the useful life of the tank.

(i) "Secondary containment" means the level of containment external to, and separate from, the primary containment.

(j) "Single-walled" means construction with walls made of only one thickness of material. For the purpose of this chapter, laminated, coated, or clad materials shall be considered single-walled.

(k) "Storage" or "store" means the containment, handling or treatment of hazardous substances either on a temporary basis or for a period of years. "Storage" or "store" does not mean the storage of hazardous wastes in an underground storage tank if the person operating the tank has been issued a hazardous waste facilities permit by the department pursuant to Section 25200 or granted interim status under Section 25200.5.

(*l*) "Unauthorized release" means any release or emission of any hazardous substance which does not conform to the provisions of this chapter, unless this release is authorized by the State Water Resources Control Board pursuant to Division 7 (commencing with Section 13000) of the Water Code.

(m) "Underground storage tank" means any one or combination of tanks, including pipes connected thereto, which is used for the storage of hazardous substances and which is substantially or totally beneath the surface of the ground. "Underground storage tank" does not include any of the following:

(1) A tank used for the storage of hazardous substances used for the control of external parasites of cattle and subject to the supervision of the county agricultural commissioner if the county agricultural commissioner determines, by inspection prior to use, that the tank provides a level of protection equivalent to that required by Section 25284, if the tank was installed after June 30, 1984, or protection equivalent to that provided by Section 25284.1, if the tank was installed on or before June 30, 1984.

(2) Tanks which are located on a farm and store motor vehicle fuel which is used only to propel vehicles used primarily for agricultural purposes.

(3) Tanks used for aviation or motor vehicle fuel located within one mile of a farm and the tank is used by a licensed pest control operator, as defined in Section 11705 of the Food and Agricultural Code, who is primarily involved in agricultural pest control activities.

(4) Structures such as sumps, separators, storm drains, catch basins, oil field gathering lines, refinery pipelines, lagoons, evaporation ponds, well cellars, separation sumps, lined and unlined pits, sumps and lagoons. Sumps which are a part of a monitoring system required under Section 25284 or Section 25284.1 are not exempted by this section. These structures may be regulated by the board pursuant to the Porter-Cologne Water Quality Control Act (Division 7 (commencing with Section 13000) of the Water Code) to ensure that they do not pose a threat to water quality. The board shall

conduct a study which analyzes the necessity of applying the standards of Section 25284 and 25284.1 to the structures exempted by this section. The board shall complete the study by January 1, 1985. After completing the study the board shall review existing regulatory authority over such structures.

(n) "Special inspectors" means a professional engineer, registered pursuant to Chapter 7 (commencing with Section 6700) of Division 3 of the Business and Professions Code, who is qualified to attest, at a minimum, to structural soundness, seismic safety, the compatibility of construction materials with contents, cathodic protection, and the mechanical compatibility of the structural elements.

(o) "Owner" means the owner of an underground storage tank.

(p) "Operator" means the operator of an underground storage tank.

(q) "Pipe" means any pipeline or system of pipelines which is used in connection with the storage of hazardous substances and which are not intended to transport hazardous substances in interstate or intrastate commerce or to transfer hazardous materials in bulk to or from a marine vessel.

25281. (a) The department shall compile a comprehensive master list of hazardous substances. The master list shall be made available to the public and mailed to each local agency no later than June 30, 1984, notwithstanding any other provision of law, including Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. Local agencies and owners or operators of underground storage tanks shall use the master list or, when adopted, the revised list adopted pursuant to subdivision (b), to determine which underground storage tanks require permits pursuant to this chapter. Hazardous substances included on the list may be denominated by scientific, common, trade, or brand names

(b) The department may revise, when appropriate, the master list of all the hazardous substances specified in subdivision (a). The revised list of hazardous substances shall be prepared and adopted, and may be further revised, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

25282. Every county shall implement this chapter pursuant to the regulations adopted by the board. A city may, by ordinance, assume responsibility for the implementation of this chapter pursuant to the regulations adopted by the board and, if so, shall have exclusive jurisdiction within the boundary of the city for the purposes of carrying out this chapter. A city which assumes responsibility for implementation of this chapter shall provide notice of its program and consult with the county in which the city is located. A county shall designate a department, office, or other agency of that county as the local agency responsible for administering and enforcing the provisions of this chapter and a city which assumes responsibility for implementing this chapter shall also make a similar designation.

25283. (a) Except as provided in subdivision (b), no person shall own or operate an underground storage tank unless a permit for its operation has been issued by the local agency to the owner. Each local agency shall prepare a form which provides for the acceptance of the obligations of a transferred permit by any person who is to assume the ownership of an underground storage tank from the previous owner and is to be transferred the permit to operate the tank. That person shall complete the form accepting the obligations of the permit and submit the completed form to the local agency at least 30 days after the ownership of the underground storage tank is to be transferred. A local agency may review and modify, or terminate, the transfer of the permit to operate the underground storage tank, pursuant to the criteria specified in subdivision (c) of Section 25284.1, upon receiving the completed form.

(b) Any person assuming ownership of an underground storage tank used for the storage of hazardous substances for which a valid operating permit has been issued shall have 30 days after the date of assumption of ownership to apply for an operating permit pursuant to Section 25283.2 or, if accepting a transferred permit, shall submit to the local agency the completed form accepting the obligations of the transferred permit, as specified in subdivision (a). During the period from the date of application until the permit is issued or refused, the person shall not be held to be in violation of this section.

(c) When, in its judgment, it is appropriate to do so, the local agency may issue a single permit to a person for a facility.

25283.1. A permit to operate issued by the local agency pursuant to Section 25283 shall be effective for five years. A local agency shall not issue or renew a permit to operate an underground storage tank if the local agency inspects the tank and determines that the tank does not comply with this chapter.

25283.2. (a) An application for a permit to operate an underground storage tank, or for renewal of the permit, shall be made, by the owner, on a standardized form prepared by the board and provided by the local agency and shall be accompanied by the appropriate fee, as specified in Section 25283.3. The local agency shall provide the board with a copy of the completed application.

(b) The board shall store this information on a computer, for the purpose of managing and appropriately cross-referencing and indexing this data. The application form shall include, but not be limited to, requests for the following information:

(1) A description of the construction of the underground storage tank or tanks.

(2) A list of all the hazardous substances which are or will be stored in the underground storage tank or tanks, specifying the hazardous substances for each underground storage tank.

(3) A description of the monitoring program for the underground storage tank or tanks.

(4) The name and address of the person, firm, or corporation which owns the underground storage tank or tanks and, if different,

the name and address of the person who operates the underground storage tank or tanks.

(5) The address of the facility at which the underground storage tank or tanks are located.

(6) The name of the person making the application.

(7) The name and 24-hour phone number of the contact person in the event of an emergency involving the facility.

(8) If the owner or operator of the underground storage tank is a public agency, the application shall include the name of the supervisor of the division, section, or office which operates the tank.

(c) As a condition of any permit to operate an underground storage tank, the permittee shall complete an annual report form, prepared by the board, which will detail any changes in the usage of any underground storage tanks, including the storage of new hazardous substances, changes in monitoring procedure and unauthorized release occurrences, as defined in Sections 25284.3 and 25284.4. The requirements for computer storage and management of the data generated by the application forms specified in subdivision (b) also apply to information generated by the annual reports.

(d) If a permittee stores in an underground storage tank or tanks a hazardous substance which is not listed in the application, as required by paragraph (2) of subdivision (b), the permittee shall apply for a new or amended permit within 30 days after commencing the storage of that hazardous substance.

25283.3. (a) A fee shall be paid to the local agency by each person who submits an application for a permit to operate an underground storage tank or to renew or amend a permit. The governing body of the county, or a city which assumes enforcement jurisdiction, shall establish the amount of the fees at a level sufficient to pay the necessary and reasonable costs incurred in administering this chapter, including, but not limited to, permitting and inspection responsibilities. The governing body may provide for the waiver of fees when a public agency makes an application for a permit to operate or an application to renew a permit.

(b) This fee shall include a surcharge, the amount of which shall be determined by the Legislature annually to cover the costs of the board in carrying out its responsibilities under this chapter. The surcharge shall be transmitted to the board and deposited in the Underground Storage Tank Fund hereby created in the General Fund. The money in this account is available, upon appropriation by the Legislature, to the board for the purposes of implementing this chapter.

(c) From January 1, 1984 to June 30, 1984 there shall be a one-time surcharge of five dollars ($5) on each tank permitted pursuant to this chapter, which surcharge shall be forwarded to the board, by the local agency, to cover the costs of developing the statewide regulations implementing this chapter, and shall be deposited in the Underground Storage Tank Fund.

25283.4. (a) The local agency shall inspect every underground

storage tank within its jurisdiction at least once every three years. The purpose of the inspection is to determine whether the tank complies with the design and construction standards of Section 25284 or 25284.1, whichever is applicable, whether the operator has monitored and tested the tank as required by the permit, and whether the tank is in a safe operating condition. After an inspection, the local agency shall prepare a compliance report detailing the inspection and shall send a copy of this report to the permitholder.

(b) In addition to, or instead of, the inspections specified in subdivision (a), the local agency may require the permitholder to employ, periodically, special inspectors to conduct an audit or assessment of the permitholder's facility to determine whether the facility complies with the factors specified in subdivision (a) and to prepare a special inspection report with recommendations concerning the safe storage of hazardous materials at the facility. The report shall contain recommendations consistent with the provisions of this chapter, where appropriate. A copy of the report shall be filed with the local agency at the same time the inspector submits the report to the permitholder. Within 30 days after receiving this report, the permitholder shall file with the local agency a plan to implement all recommendations contained in the report or shall demonstrate, to the satisfaction of the local agency, why these recommendations should not be implemented.

25283.5. In order to carry out the purposes of this chapter, any duly authorized representative of the local agency or the board has the authority specified in Section 25185, with respect to any place where underground storage tanks are located, and in Section 25185.5, with respect to real property which is within 2,000 feet of any place where underground storage tanks are located.

25283.6. (a) "Trade secrets," as used in this chapter, may include, but is not limited to, any formula, plan, pattern, process, tool, mechanism, compound, procedure, production data, or compilation of information which is not patented, which is known only to certain individuals within a commercial concern who are using it to fabricate, produce, or compound an article of trade or a service having commercial value, and which gives its user an opportunity to obtain a business advantage over competitors who do not know or use it.

(b) The board or a local agency may disclose trade secrets received by the board or the local agency pursuant to this chapter to authorized representatives or other governmental agencies only in connection with the board's or local agency's responsibilities pursuant to this chapter. The board and the local agency shall establish procedures to ensure that these trade secrets are utilized only in connection with these responsibilities and are not otherwise disseminated without the consent of the person who provided the information to the board or the local agency.

(c) Any person providing information pursuant to Section 25283.2 shall, at the time of its submission, identify all information which the

person believes is a trade secret. Any information or record not identified as a trade secret is available to the public, unless exempted from disclosure by other provisions of law.

(d) Where the local agency, by ordinance, provides an alternative to the listing of a substance which is a trade secret, the person storing that substance shall provide the identification of the material directly to the board pursuant to this section.

25284. Every underground storage tank installed after January 1, 1984, shall meet the following requirements.

(a) Be designed and constructed to provide primary and secondary levels of containment of the hazardous substances stored in them in accordance with the following performance standards:

(1) Primary containment shall be product-tight.

(2) Secondary containment shall be constructed to prevent structural weakening as a result of contact with any released hazardous substances, and also shall be capable of storing, for the maximum anticipated period of time necessary for the recovery of any released hazardous substance.

(3) In the case of an installation with one primary container, the secondary containment shall be large enough to contain at least 100 percent of the volume of the primary tank.

(4) In the case of multiple primary tanks, the secondary container shall be large enough to contain 150 percent of the volume of the largest primary tank placed in it, or 10 percent of the aggregate internal volume of all primary tanks, whichever is greater.

(5) If the facility is open to rainfall, then the secondary containment must be able to additionally accommodate the volume of a 24-hour rainfall as determined by a 100-year storm history.

(6) Single-walled containers do not fulfill the requirement of an underground storage tank providing both a primary and a secondary containment.

(7) The design and construction of underground storage tanks for motor vehicle fuels storage need not meet the requirements of paragraphs (1) to (6), inclusive, if the primary containment construction is of glass fibre reinforced plastic, cathodically protected steel, or steel clad with glass fibre reinforced plastic, any such alternative primary containment is installed in conjunction with a system that will intercept and direct a leak from any part of the tank to a monitoring well to detect any release of motor vehicle fuels stored in the tank and which is designed to provide early leak detection, response, and to protect groundwater from releases, and if the monitoring is in accordance with the alternative method identified in paragraph (3) of subdivision (b) of Section 25284.1. Pressurized piping systems connected to underground storage tanks used for the storage of motor vehicle fuels and monitored in accordance with paragraph (3) of subdivision (b) of Section 25284.1 shall also be deemed to meet the requirements of this subdivision.

(b) Be designed and constructed with a monitoring system capable of detecting the entry of the hazardous material stored in the

primary containment into the secondary containment. If water could intrude into the secondary containment, a means of monitoring for water intrusion and for safely removing the water shall also be provided.

(c) When required by the local agency, a means of overfill protection for any primary tank, including an overfill prevention device or an attention-getting higher level alarm, or both. Primary tank filling operations of underground storage tanks containing motor vehicle fuels which are visually monitored and controlled by a facility operator satisfy the requirements of this paragraph.

(d) Different substances that in combination may cause a fire or explosion, or the production of flammable, toxic, or poisonous gas, or the deterioration of a primary or secondary container, shall be separated in both the primary and secondary containment so as to avoid potential intermixing.

(e) If water could enter into the secondary containment by precipitation or infiltration, the facility shall contain a means of removing the water by the owner or operator. This removal system shall also provide for a means of analyzing the removed water for hazardous substance contamination and a means of disposing of the water, if so contaminated, at an authorized disposal facility.

25284.1. For every underground storage tank installed on or before January 1, 1984, and used for the storage of hazardous substances the following actions shall be taken:

(a) On or before January 1, 1985, the owner shall outfit the facility with a monitoring system capable of detecting unauthorized releases of any hazardous substances stored in the facility, and thereafter, the operator shall monitor each facility, based on materials stored and the type of monitoring installed.

(b) Provide a means for visual inspection of the tank, wherever practical, for the purpose of the monitoring required by subdivision (a). Alternative methods of monitoring the tank on a monthly, or more frequent basis, may be required by the local agency, consistent with the regulations of the board.

The alternative monitoring methods include, but are not limited to, the following methods:

(1) Pressure testing, vacuum testing or hydrostatic testing of the piping systems or underground storage tanks.

(2) A groundwater monitoring well or wells which are down gradient and adjacent to the underground storage tank, vapor analysis within a well where appropriate, and analysis of soil borings at the time of initial installation of the well. The board shall develop regulations specifying monitoring alternatives. The local agency, or any other public agency specified by the local agency, shall approve the location and number of wells, the depth of wells and the sampling frequency, pursuant to these regulations.

(3) For monitoring tanks containing motor vehicle fuels, daily gauging and inventory reconciliation by the operator, if inventory records are kept on file for one year and are reviewed quarterly, the

tank is tested for tightness hydrostatically or, when appropriate with pressure between three and five pounds, inclusive, per square inch at time intervals specified by the board and whenever any pressurized system has a leak detection device to monitor for leaks in the piping. The tank shall also be tested for tightness hydrostatically or where appropriate, with pressure between three and five pounds, inclusive, per square inch whenever there is a shortage greater than the amount which the board shall specify by regulation.

25284.2. The operator of the underground storage facility shall monitor the facility using the method specified on the permit for the facility. Records shall be kept in sufficient detail to enable the local agency to determine that the operator has undertaken all monitoring activities required by the permit to operate.

If the operator is not the owner, the owner shall provide a copy of the permit to the operator, enter into a written contract with the operator which requires the operator to monitor the tank as set forth in the permit, and provide the operator with a copy of Section 25287, or a summary of this section, in the form which the board specifies by regulation. The owner shall notify the local agency of any change of operator.

25284.3. Any unauthorized release from the primary containment which the operator is able to cleanup within eight hours, and which does not escape from the secondary containment, does not increase the hazard of fire or explosion and does not cause any deterioration of the secondary containment of the underground storage tank, shall be recorded on the operator's monitoring reports.

25284.4. (a) Any unauthorized release which escapes from the secondary containment, increases the hazard of fire or explosion, or causes any deterioration of the secondary containment of the underground tank shall be reported by the operator or the local agency within 24 hours after the release has been detected or should have been detected. A full written report shall be transmitted by the owner or operator of the underground storage tanks within five working days of the occurrence of the release.

The local agency shall review the permit whenever there has been an unauthorized release or when it determines that the underground storage tank is unsafe. In determining whether to modify or terminate the permit, the local agency shall consider the age of the tank, the methods of containment, the methods of monitoring, the feasibility of any required repairs, the concentration of the hazardous substances stored in the tank, the severity of potential unauthorized releases, and the suitability of any other long-term measures preventive measures which would meet the requirements of this chapter.

(b) In cooperation with the Office of Emergency Services, the board shall submit an annual statewide report by county, to the Legislature, of all unauthorized releases, indicating for each unauthorized release the operator, the hazardous substance, the

quantity of the unauthorized release, and the actions taken to abate the problem.

(c) The reporting requirements imposed by this section are in addition to any requirements which may be imposed by Section 13271 of the Water Code.

25284.5. If there has been any unauthorized release, as defined in subdivision (a) of Section 25284.4, from an underground storage tank containing motor vehicle fuel not under pressure, the permitholder may repair the tank once by an interior-coating process if the tank meets all of the following requirements:

(a) An ultrasonic test, or comparable test, has been conducted to determine the thickness of the storage tank. If the result of the test indicates that a serious corrosion problem exists with regard to the tank, as determined by the person conducting the test, the local agency may require additional corrosion protection for the tank or may deny the authorization to repair.

(b) A hydrostatic test is an alternative to the ultrasonic test in subdivision (a). If the result of the test indicates that a serious problem exists with regard to the integrity of the tank, as determined by the person conducting the test or the local agency, the local agency may require additional protection for the tank or may deny authorization for the repair.

(c) A vacuum test has been conducted with a result indexed at not more than 5.3 inches of mercury. This requirement shall not be applicable if technology is not available for testing the tank on site using accepted engineering practices.

(d) Following the repair, the standard installation testing for requirements for underground storage tanks specified in Section 2-7.3 of the Flammable and Combustible Liquids Code, adopted by the National Fire Protection Association on November 20, 1981 (NFPA 30-1981), and published in the 1982 edition of the National Fire Code shall be followed.

(e) The material used to repair the tank by an interior-coating process is compatible with the motor vehicle fuel that is stored, as approved by the board by regulation.

(f) The material used to repair the tank by an interior-coating process is applied in accordance with nationally recognized engineering practices such as the American Petroleum Institute's recommended practice No. 1631 for the interior lining of existing underground storage tanks.

(g) The board may develop regulations, in consultation with the State Fire Marshal, for the repair of underground storage tanks, and the standards in this section shall remain in effect until the adoption of these regulations.

25285. The local agency may request the following agencies to utilize that agency's authority to remedy the effects of, and remove, any hazardous substance which has been released from an underground storage tank:

(a) The department which may take action pursuant to Chapter

6.8 (commencing with Section 25300) and, for this purpose, any unauthorized release shall be deemed a release as defined in Section 25320.

(b) A regional water quality control board may take action pursuant to Division 7 (commencing with Section 13000) of the Water Code and, for this purpose, the discharged hazardous substance shall be deemed a waste as defined in subdivision (d) of Section 13050.

25286. (a) No person shall abandon an underground storage tank or close or temporarily cease operating an underground storage tank, except as provided in this section.

(b) An underground storage tank which is temporarily taken out of service, but which the operator intends to return to use, shall continue to be subject to all the permit, inspection, and monitoring requirements of this chapter, unless the operator complies with the provisions of subdivision (c) for the period of time the underground tank is not in use.

(c) No person shall close an underground storage tank unless the person undertakes all of the following actions:

(1) Demonstrates to the local agency that all residual amounts of the hazardous substance or hazardous substances which were stored in the tank prior to its closure have been removed, properly disposed of, and neutralized.

(2) Adequately seals the tank to minimize any threat to the public safety and the possibility of water intrusion into, or runoff from, the tank.

(3) Provides for, and carries out, the maintenance of the tank as the local agency determines is necessary, for the period of time the local agency requires.

(4) Demonstrates to the local agency that there has been no significant soil contamination resulting from a discharge in the area surrounding the underground storage tank or facility.

25287. (a) Any operator of an underground storage tank shall be liable for a civil penalty of not less than five hundred dollars ($500) or more than five thousand dollars ($5,000) per day for any of the following:

(1) Operates an underground storage tank which has not been issued a permit.

(2) Fails to monitor the underground storage tank, as required by the permit.

(3) Fails to maintain records, as required by Section 25283.2.

(4) Fails to report an unauthorized release, as required by Sections 25284.3 and 25284.4.

(5) Fails to properly close an underground storage tank, as required by Section 25286.

(b) Any owner of an underground storage tank shall be liable for a civil penalty of not less than five hundred dollars ($500) or more than five thousand dollars ($5,000) per day for any of the following:

(1) Failure to obtain a permit as specified by this chapter

(2) Failure to repair an underground tank in accordance with the provisions of this chapter.

(3) Abandonment or improper closure of any underground tank subject to the provisions of this chapter.

(4) Knowing failure to take reasonable and necessary steps to assure compliance with this chapter by the operator of an underground tank.

(c) Any person who falsifies any monitoring records required by this chapter, or knowingly fails to report an unauthorized release, shall, upon conviction, be punished by a fine of not less than five thousand dollars ($5,000) or more than ten thousand dollars ($10,000), or by imprisonment in the county jail for not to exceed one year, or by both that fine and imprisonment.

(d) In determining both the civil and criminal penalties imposed pursuant to this section, the court shall consider all relevant circumstances, including, but not limited to, the extent of harm or potential harm caused by the violation, the nature of the violation and the period of time over which it occurred, the frequency of past violations, and the corrective action, if any, taken by the person who holds the permit.

(e) Penalties under this section are in addition to, and do not supersede or limit, any and all other legal remedies and penalties, civil or criminal, which may be applicable under other laws.

25288. (a) Any city, county or city and county which prior to January 1, 1984, has adopted an ordinance which, at a minimum meets the requirements set forth in Section 25284 and 25284.1, providing for double containment, monitoring of underground storage tanks and under which permits are issued therefor is exempt from the provisions of this chapter so long as the ordinance, as it may be amended, continues to meet the requirements of Sections 25284 and 25284.1.

Those local agencies which are exempted from this chapter pursuant to this subdivision shall submit to the board the application form and annual information specified by Section 25283.2 and shall submit a written report of any unauthorized release from an underground storage tank to the Office of Emergency Services within 10 working days from the time the local agency is notified of the unauthorized release.

(b) This chapter shall not be construed to limit or abridge the authority of any city, county, or city and county to adopt an ordinance requiring information, conducting investigations, inspections, or implementing and enforcing this chapter.

25288.1. The Legislature hereby finds and declares that the provisions of this chapter are of statewide interest and concern and are intended to preempt any local regulations of underground storage tanks, which regulations are for the protection of the soil from contamination or the protection of the beneficial uses of waters of the state, and which conflict with these provisions, except as provided in Section 25288.

25288.2. (a) The board shall develop regulations implementing the standards of Section 25284, 25284.1, 25284.3, 25284.4, 25284.5, 25286, and 25288.3. These regulations shall be promulgated by the board by January 1, 1985. The board may adopt regulations implementing Sections 25283.2, 25283.3 and 25283.6, as it deems necessary.

(b) Until the board adopts regulations, any city, county, or city and county may implement the provisions of Section 25284 with regard to permits. Any tank or facility so permitted shall be deemed to be in compliance with the regulations of the board implementing that section. Any underground storage tank installed within a city, county or city and county which has not implemented the provisions of Section 25284 prior to the adoption of regulations by the board shall be subject to the same requirements of this chapter as an underground storage tank installed prior to January 1, 1984.

25288.3. (a) Any permitholder or permit applicant may apply to the board for a categorical variance from Section 25824 or 25824.1. The application shall include a description of the proposed alternative program, method, device, or process and description of the region, area, or circumstances under which the variance would apply. The board shall give notice to all affected cities, counties and city and counties. The board shall issue a categorical variance from this chapter if it finds, after investigation and at least two public hearings held in different areas of the state, as selected by the board, that the applicant has demonstrated by clear and convincing evidence that the proposed alternative will adequately protect the soil and the beneficial uses of water of the state from an unauthorized release. The board may remand the application to the appropriate regional board if it determines the application falls within subdivision (c).

(b) After January 1, 1984, any local agency may apply to the board for authority to implement design and construction standards for the containment of a hazardous substance in underground storage tanks which are in addition to those set forth in this chapter. The application shall include a description of the additional standards and a discussion of the need to implement them. The board shall approve the application if it finds, after an investigation and public hearing, that the local agency has demonstrated by clear and convincing evidence that the additional standards are necessary to adequately protect the soil and the beneficial uses of the waters of the state from unauthorized releases.

The board shall make its determination within six months of the date of application for authority to implement additional standards. If the board's determination upholds the application for authority to implement additional standards, the standards shall be effective as of the date of the determination. If the board's determination does not uphold the application, the additional standards shall not go into effect.

(c) Any permitholder or permit applicant may apply to the

regional water quality control board having jurisdiction over the location of the permitholder or applicant's facility for a site-specific variance from Section 25824 or 25824.1. Before applying for a variance, the applicant shall contact the local agency. If the local agency decides that a variance would be necessary to approve a proposal, or if the local agency does not make a decision within 60 days, the permitholder or applicant may proceed with a variance application. At least 30 days before applying to the appropriate regional water quality control board the applicant shall notify and request the local agency and the city, county, or city and county having land use jurisdiction over the city to join the applicant in the variance application. The city, county, or city and county shall provide notice of the receipt of this request to any person who has requested the notice. The local agency shall have 30 days from completion of any documents required by the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) and the receipt of the regional board's staff recommendation and analysis to act on the request. The regional board shall not hold a hearing upon the application until after the expiration of this 30-day period. Failure of the local agency or city, county, or city and county to join in the variance application shall not affect the request of the applicant to proceed with the variance application, except that the board shall consider the local agency's and the city, county, or city and county's recommendations in rendering its decision. The notification and request to join to the local agency and the city, county, or city and county and the appplication to the appropriate regional board shall include a description of the proposed alternative program method or process. The regional water quality control board shall approve the variance if it finds, after investigation and public hearing, that the applicant has demonstrated by clear and convincing evidence that because of special circumstances not generally applicable to other property or facilities, including size, shape, design, topography, location or surroundings, the strict application of the standards of this chapter would be unnecessary to adequately protect the soil and beneficial uses of the waters of the state from an unauthorized release, or that strict application would create practical difficulties not generally applicable to other facilities or property and that the proposed alternative will adequately protect the soil and beneficial uses of the waters of the state from an unauthorized release.

(d) Applicants for action under this section shall pay a fee determined by the state water quality control board to be reasonable in covering costs in considering the application.

25289. This chapter shall not be construed to limit or abridge the powers and duties granted to the State Department of Health Services by Chapter 6.5 (commencing with Section 25100) and by Chapter 6.8 (commencing with Section 25300) or to the State Water Resources Control Board and each regional water quality control board by Division 7 (commencing with Section 13000) of the Water

Code.

SEC. 4. It is the intent of the Legislature that the program created by this act within the State Department of Health Services will be funded both through the department's budget commencing with the 1984–85 fiscal year and through the use of existing financial resources.

SEC. 5. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 6. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for administering the program or level of service mandated by this act or else it is recognized, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 1047

An act to add Article 1.5 (commencing with Section 14021) to Chapter 3 of Division 7 of the Food and Agricultural Code, and to add Chapter 3.5 (commencing with Section 39650) to Part 2 of Division 26 of the Health and Safety Code, relating to air pollution.

[Approved by Governor September 23, 1983 Filed with Secretary of State September 23, 1983]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.5 (commencing with Section 39650) is added to Part 2 of Division 26 of the Health and Safety Code, to read:

CHAPTER 3.5. TOXIC AIR CONTAMINANTS

Article 1. Findings, Declarations and Intent

39650. The Legislature finds and declares the following:

(a) That public health, safety, and welfare may be endangered by the emission into the ambient air of substances which are determined to be carcinogenic, teratogenic, mutagenic, or otherwise toxic or injurious to humans.

(b) That persons residing in California may be exposed to a multiplicity of toxic air contaminants from numerous sources which may act cumulatively to produce adverse effects, and that this

phenomenon should be taken into account when evaluating the health effects of individual compounds.

(c) That it is the public policy of the state that emissions of toxic air contaminants should be controlled to levels which prevent harm to the public health.

(d) That the identification and regulation of toxic air contaminants should utilize the best available scientific evidence gathered from the public, private industry, the scientific community, and federal, state, and local agencies, and that the scientific research on which decisions related to health effects are based should be reviewed by a scientific review panel and members of the public.

(e) That, while absolute and undisputed scientific evidence may not be available to determine the exact nature and extent of risk from toxic air contaminants, it is necessary to take action to protect public health.

(f) That the state board has adopted regulations regarding the identification and control of toxic air contaminants, but that the statutory authority of the state board, the relationship of its proposed program to the activities of other agencies, and the role of scientific and public review of the regulations should be clarified by the Legislature.

(g) That the Department of Food and Agriculture has jurisdiction over pesticides to protect the public from environmentally harmful pesticides by regulating the registration and uses of pesticides.

(h) That while there is a statewide program to control levels of air contaminants subject to state and national ambient air quality standards, there is no specific statutory framework in this division for the evaluation and control of substances which may be toxic air contaminants.

(i) That the purpose of this chapter is to create a program which specifically addresses the evaluation and control of substances which may be toxic air contaminants and which complements existing authority to establish, achieve, and maintain ambient air quality standards.

(j) That this chapter is limited to toxic air contaminants and nothing in the chapter is to be construed as expanding or limiting the authority of any agency or district concerning pesticides which are not identified as toxic air contaminants.

(k) That a statewide program to control toxic air contaminants is necessary and desirable in order to provide technical and scientific assistance to the districts, to achieve the earliest practicable control of toxic air contaminants, to promote the development and use of advanced control technologies and alternative processes and materials, to identify the toxic air contaminants of concern and determine the priorities of their control, and to minimize inconsistencies in protecting the public health in various areas of the state.

Article 2. Definitions

39655. For purposes of this chapter, "toxic air contaminant" means an air pollutant which may cause or contribute to an increase in mortality or an increase in serious illness, or which may pose a present or potential hazard to human health. Substances which have been identified as hazardous air pollutants pursuant to Section 7412 of Title 42 of the United States Code shall be identified by the state board as toxic air contaminants. Toxic air contaminants which are pesticides shall be regulated in their pesticidal use by the Department of Food and Agriculture pursuant to Article 1.5 (commencing with Section 14021) of Chapter 3 of Division 7 of the Food and Agricultural Code.

39656. For purposes of this chapter, "airborne toxic control measure" means recommended methods, and where appropriate a range of methods, of reducing the emissions of a toxic air contaminant, including, but not limited to, emission limitations, control technologies, the use of operational and maintenance conditions and closed system engineering.

39657. For purposes of this chapter, "pesticide" means any economic poison as defined by Section 12753 of the Food and Agricultural Code.

Article 3. Identification of Toxic Air Contaminants

39660. (a) Upon the request of the state board, the State Department of Health Services, in consultation with and with the participation of the state board, shall evaluate the health effects of and prepare recommendations regarding substances, other than pesticides in their pesticidal use, which may be or are emitted into the ambient air of California which may be determined to be toxic air contaminants.

(b) In conducting this evaluation, the State Department of Health Services shall consider all available scientific data, including, but not limited to, relevant data provided by the state board, the Occupational Safety and Health Division of the Department of Industrial Relations, international and federal health agencies, private industry, academic researchers, and public health and environmental organizations.

(c) The evaluation shall assess the availability and quality of data on health effects, including potency, mode of action, and other relevant biological factors, of the substance.

The evaluation shall also contain an estimate of the levels of exposure which may cause or contribute to adverse health effects and, in the case where there is no threshold of significant adverse health effects, the range of risk to humans resulting from current or anticipated exposure.

(d) The State Department of Health Services shall submit its written evaluation and recommendations to the state board within

90 days after receiving the request of the state board pursuant to subdivision (a). The State Department of Health Services may, however, petition the state board for an extension of the deadline, not to exceed 30 days, setting forth its statement of the reasons which prevent the department from completing its evaluation and recommendations within 90 days. Upon receipt of a request for extension of, or noncompliance with, the deadline contained in this section, the state board shall immediately transmit to the Assembly Committee on Rules and the Senate Committee on Rules, for transmittal to the appropriate standing, select, or joint committee of the Legislature, a statement of reasons for extension of the deadline, along with copies of the department's statement of reasons which prevent it from completing its evaluation and recommendations in a timely manner.

(e) The state board or a district may request, and any person shall provide, information on any substance which is or may be under evaluation and which is manufactured, distributed, emitted, or used by the person of whom the request is made, in order to carry out its responsibilities pursuant to this chapter. To the extent practical, the state board or a district may collect the information in aggregate form or in any other manner designed to protect trade secrets.

Any person providing information pursuant to this subdivision may, at the time of submission, identify a portion of the information submitted to the state board or a district as a trade secret and shall support the claim of a trade secret, upon the written request of the state board or district board. Information supplied which is a trade secret, as specified in Section 6254.7 of the Government Code, and which is so marked at the time of submission, shall not be released to any member of the public. This section shall not be construed to prohibit the exchange of properly designated trade secrets between public agencies when those trade secrets are relevant and necessary to the exercise of their jurisdiction provided that the public agencies exchanging those trade secrets shall preserve the protections afforded that information by this paragraph.

Any information not identified as a trade secret shall be available to the public unless exempted from disclosure by other provisions of law. The fact that information is claimed to be a trade secret is public information. Upon receipt of a request for the release of information which has been claimed to be a trade secret, the state board or district shall immediately notify the person who submitted the information, and shall determine whether or not the information claimed to be a trade secret is to be released to the public. The state board or district board, as the case may be, shall make its determination within 60 days after receiving the request for disclosure, but not before 30 days following the notification of the person who submitted the information. If the state board or district decides to make the information public, it shall provide the person who submitted the information 10 days' notice prior to public disclosure of the information.

(f) The State Department of Health Services and the state board shall give priority to the evaluation and regulation of substances based on factors related to the risk of harm to public health, amount or potential amount of emissions, manner of usage of the substance in California, persistence in the atmosphere, and ambient concentrations in the community.

39661. (a) Upon receipt of the evaluation and recommendations prepared pursuant to Section 39660, the state board, in consultation with and with the participation of the State Department of Health Services, shall prepare a report in a form which may serve as the basis for regulatory action regarding a particular substance pursuant to subdivisions (b) and (c) of Section 39662.

The report shall include and be developed in consideration of the evaluation and recommendations of the State Department of Health Services.

(b) The report, together with the scientific data on which the report is based, shall, with the exception of trade secrets, be made available to the public and shall be formally reviewed by the scientific review panel established pursuant to Section 39670. The panel shall review the scientific procedures and methods used to support the data, the data itself, and the conclusions and assessments on which the report is based. Any person may submit any information for consideration by the panel which may, at its discretion, receive oral testimony. The panel shall submit its written findings to the state board within 45 days after receiving the report. The panel may, however, petition the state board for an extension of the deadline, which may not exceed 15 working days.

(c) If the scientific review panel determines that the health effects report is seriously deficient, the report shall be returned to the state board, and the state board, in consultation with and with the participation of the State Department of Health Services, shall prepare revisions to the report which shall be resubmitted, within 30 days following receipt of the panel's determination, to the scientific review panel which shall review the report in conformance with subdivision (b) prior to a formal proposal by the state board pursuant to Section 39662.

39662. (a) Within 10 working days following receipt of the findings of the scientific review panel pursuant to subdivision (c) of Section 39661, the state board shall prepare a hearing notice and a proposed regulation which shall include the proposed determination as to whether a substance is a toxic air contaminant.

(b) After conducting a public hearing pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the state board shall list, by regulation, substances determined to be toxic air contaminants.

(c) If a substance is determined to be a toxic air contaminant, the regulation shall specify a threshold exposure level, if any, below which no significant adverse health effects are anticipated.

(d) In evaluating the nature of the adverse health effect and the

range of risk to humans from exposure to a substance, the state board shall utilize scientific criteria which are protective of public health, consistent with current scientific data.

(e) Any person may petition the state board to review a determination made pursuant to this section. The petition shall specify the additional scientific evidence regarding the health effects of a substance which was not available at the time the original determination was made and any other evidence which would justify a revised determination.

Article 4. Control of Toxic Air Contaminants

39665. (a) Following adoption of the determinations pursuant to Section 39662, the executive officer of the state board shall, with the participation of the districts, and in consultation with affected sources and the interested public, prepare a report on the need and appropriate degree of regulation for each substance which the state board has determined to be a toxic air contaminant.

(b) The report shall address all of the following issues, to the extent data can reasonably be made available:

(1) The rate and extent of present and anticipated future emissions and estimated levels of human exposure.

(2) The stability, persistence, transformation products, dispersion potential, and other physical and chemical characteristics of the substance when present in the ambient air.

(3) The categories, numbers, and relative contribution of present or anticipated sources of the substance, including mobile, industrial, agricultural, and natural sources.

(4) The availability and technological feasibility of airborne toxic control measures to reduce or eliminate emissions, and the anticipated effect of airborne toxic control measures on levels of exposure.

(5) The approximate cost of each airborne toxic control measure and the magnitude of risks posed by the substances as reflected by the amount of emissions from the source or category of sources.

(6) The availability, suitability, and relative efficacy of substitute compounds of a less hazardous nature.

(7) The potential adverse health, safety, or environmental impacts that may occur as a result of implementation of an airborne toxic control measure.

(c) The staff report, and relevant comments received during consultation with the districts, affected sources, and the public, shall be made available for public review and comment at least 45 days prior to the public hearing required by Section 39666.

39666. (a) Following a noticed public hearing, the state board shall adopt airborne toxic control measures to reduce emissions of toxic air contaminants from nonvehicular sources.

(b) For toxic air contaminants for which the state board has determined, pursuant to Section 39662, that there is a threshold

exposure level below which no significant adverse health effects are anticipated, the airborne toxic control measure shall be designed, in consideration of the factors specified in subdivision (b) of Section 39665, to reduce emissions sufficiently so that the source will not result or contribute to ambient levels at or in excess of the threshold exposure.

(c) For toxic air contaminants for which the state board has not specified a threshold exposure level pursuant to Section 39662, the airborne toxic control measure shall be designed, in consideration of the factors specified in subdivision (b) of Section 39665, to reduce emissions to the lowest level achievable through application of best available control technology or a more effective control method, unless the state board or a district board determines, based on an assessment of risk, that an alternative level of emission reduction is adequate or necessary to prevent an endangerment of public health.

(d) Not later than 120 days after the adoption by the state board of an airborne toxic control measure pursuant to this section, the districts shall propose regulations enacting control measures on nonvehicular sources within their jurisdiction which meet the requirements of subdivisions (b), (c), and (e), except that a district may, at its option, adopt and enforce equally effective or more stringent control measures than the airborne toxic control measures adopted by the state board. A district shall adopt rules and regulations implementing airborne toxic control measures on nonvehicular sources within its jurisdiction in conformance with the requirements of subdivisions (b), (c), and (e), not later than six months following the adoption of airborne toxic control measures by the state board.

(e) District new source review rules and regulations shall require new or modified sources to control emissions of toxic air contaminants consistent with subdivisions (b), (c), and (d) except for processors of food and fiber that operate for six months or less in any calendar year. The exception for processors of food and fiber shall become inoperative on January 1, 1987. On or before January 1, 1986, the state board, in consultation and with the participation of the Department of Food and Agriculture, shall report to the Legislature on the feasibility of implementation and the economic impact of this section on processors of food and fiber.

39667. Based on its determinations pursuant to Section 39662, the state board shall determine if revisions are needed in the emission standards for vehicular sources, or in the standards for motor vehicle fuel additives, adopted pursuant to Part 5 (commencing with Section 43000), in order to prevent harm to the public health from vehicular emissions.

Article 5. Scientific Review Panel

39670. (a) A nine-member Scientific Review Panel on Toxic Air Contaminants shall be appointed to advise the state board and the

Department of Food and Agriculture in their evaluation of the health effects toxicity of substances pursuant to Article 3 (commencing with Section 39660) of this chapter and Article 1.5 (commencing with Section 14021) of Chapter 3 of Division 7 of the Food and Agricultural Code.

(b) The members of the panel shall be highly qualified and professionally active or engaged in the conduct of scientific research, and shall be appointed as follows for a term of three years:

(1) Five members shall be appointed by the Secretary of the Environmental Affairs Agency, one of whom shall be qualified as a pathologist, one of whom shall be qualified as an oncologist, one of whom shall be qualified as an epidemiologist, one of whom shall be qualified as an atmospheric scientist, and one who shall have relevant scientific experience and shall be experienced in the operation of scientific review or advisory bodies.

(2) Two members shall be appointed by the Senate Committee on Rules, one of whom shall be qualified as a biostatistician and one of whom shall be a physician or scientist specializing in occupational medicine.

(3) Two members shall be appointed by the Speaker of the Assembly, one of whom shall be qualified as a toxicologist and one of whom shall be qualified as a biochemist.

(4) Members of the panel shall be appointed from a pool of nominees submitted to each appointing body by the President of the University of California. The pool shall include, at a minimum, three nominees for each discipline represented on the panel, and shall include only individuals who hold, or have held, academic or equivalent appointments at universities and their affiliates in California.

(c) The panel may establish ad hoc committees, which may include other scientists, to assist it in performing its functions.

(d) Members of the panel, and any ad hoc committee established by the panel, shall submit annually a financial disclosure statement that includes a listing of income received within the preceding three years, including investments, grants, and consulting fees derived from individuals or businesses which might be affected by regulatory actions undertaken by the state board or districts pursuant to this chapter. The financial disclosure statements submitted pursuant to this subdivision are public information. Members of the panel shall be subject to the disqualification requirements of Section 87100 of the Government Code.

(e) Members of the panel shall receive one hundred dollars ($100) per day for attending panel meetings, and shall be reimbursed for reasonable and necessary travel and other expenses incurred in the performance of their duties.

(f) The state board and the State Department of Health Services, and, in the case of pesticides, the Department of Food and Agriculture shall provide technical and clerical staff support to the panel.

Article 6. Penalties

39674. (a) Any person who violates any rule or regulation, emission limitation, or permit condition adopted pursuant to Article 4 (commencing with Section 39665) is liable for a civil penalty not to exceed ten thousand dollars ($10,000) for each day in which the violation occurs.

(b) There is no liability under subdivision (a) if the person accused of the violation alleges by affirmative defense and establishes that the violation is caused by an act which was not the result of intentional or negligent conduct.

SEC. 2. Article 1.5 (commencing with Section 14021) is added to Chapter 3 of Division 7 of the Food and Agricultural Code, to read:

Article 1.5. Pesticides

14021. (a) As used in this article, "pesticide" means any economic poison as defined in Section 12753.

(b) For purposes of this article, "toxic air contaminant" means an air pollutant which may cause or contribute to an increase in mortality or an increase in serious illness, or which may pose a present or potential hazard to human health. Pesticides which have been identified as hazardous air pollutants pursuant to Section 7412 of Title 42 of the United States Code shall be identified by the director as toxic air contaminants.

14022. (a) In consultation with the State Department of Health Services and the State Air Resources Board, the director shall evaluate the health effects of pesticides which may be or are emitted into the ambient air of California and which may be determined to be a toxic air contaminant which poses a present or potential hazard to human health. Upon request of the State Air Resources Board, the director shall include a pesticide for evaluation.

(b) In conducting this evaluation, the director shall consider all available scientific data, including, but not limited to, relevant data provided by the State Department of Health Services, the Occupational Safety and Health Division of the Department of Industrial Relations, international and federal health agencies, private industry, academic researchers, and public health and environmental organizations. At the request of the director, the State Air Resources Board shall document the level of airborne emissions and the State Department of Health Services shall provide an assessment of related health effects of pesticides which may be determined to pose a present or potential hazard and each agency shall provide technical assistance to the department as it conducts its evaluation.

(c) The director may request, and any person shall provide, information on any substance which is or may be under evaluation and which is manufactured, distributed, or used by the person to whom the request is made, in order to carry out his or her

responsibilities pursuant to this chapter. Any person providing information pursuant to this subdivision shall, at the request of the director, identify that portion of the information submitted to the department which is a trade secret and, upon the request of the director, shall provide documentation to support the claim of the trade secret. Information supplied which is trade secret, as specified in Section 6254.7 of the Government Code, and which is so marked at the time of submission shall not be released to the public by the director, except in accordance with Section 1060 of the Evidence Code and Section 21160 of the Public Resources Code.

(d) The director shall give priority to the evaluation and regulation of substances based on factors related to the risk of harm to public health, amount or potential amount of emissions, manner of usage of the pesticide in California, persistence in the atmosphere, and ambient concentrations in the community.

14023. (a) Upon completion of the evaluation conducted pursuant to Section 14022, the director shall, in consultation and with the participation of the State Department of Health Services, prepare a report on the health effects of the pesticide which may be determined to be a toxic air contaminant which poses a present or potential hazard to human health due to airborne emission from its use. The report shall assess the availability and quality of data on health effects, including potency, mode of action, and other relevant biological factors, of the substance. The report shall also contain an estimate of the levels of exposure which may cause or contribute to adverse health effects and, in the case where there is no threshold of significant adverse health effects, the range of risk to humans, resulting from current or anticipated exposure. The report shall include the findings of the State Department of Health Services. The report shall be made available to the public, subject to subdivision (c) of Section 14022.

(b) The report prepared pursuant to subdivision (a) shall be formally reviewed by the scientific review panel established according to Section 39670 of the Health and Safety Code. The director shall also make available the data deemed necessary to the scientific review panel, according to departmental procedures established to ensure confidentiality of proprietary information. The panel shall review, as appropriate, the scientific data on which the report is based, the scientific procedures and methods used to support the data, and the conclusions and assessments on which the report is based.

(c) If the scientific review panel determines that the health effects report is seriously deficient, the report shall be returned to the director who shall revise and resubmit the report to the panel prior to development of emission control measures.

(d) The director shall determine which pesticides are toxic air contaminants.

(e) The director shall determine, in consultation with the State Department of Health Services, the State Air Resources Board, and

the air pollution control districts or air quality management districts in the affected counties, the need for and appropriate degree of control measures for each pesticide identified as a toxic air contaminant in subdivision (d). Any person may submit written information for consideration by the director in making his determinations pursuant to subdivisions (d) and (e).

14024. (a) For those pesticides for which a need for control measures has been determined pursuant to subdivision (e) of Section 14023 and pursuant to provisions of this code, the director, in consultation with the agricultural commissioners and air pollution control districts and air quality management districts in the affected counties, shall develop and adopt control measures designed to reduce emissions sufficiently so that the source will not expose the public to the levels of exposure which may cause or contribute to significant adverse health effects. Where no demonstrable safe level or threshold of significant adverse health effects has been established by the director, the control measures shall be designed to adequately prevent an endangerment of public health through the application of best practicable control techniques.

(b) Best practicable control techniques may include, but are not limited to, the following:

(1) Label amendments.

(2) Applicator training.

(3) Restrictions on use patterns or locations.

(4) Changes in application procedures.

(5) Reclassification as a restricted material.

(6) Cancellation.

14025. Any person may petition the department to review a determination made pursuant to this article. The petition shall specify the additional scientific evidence regarding the health effects of a pesticide which was not available at the time the original determination was made and any other evidence which would justify a revised determination.

14026. Nothing in this article shall be construed to limit or expand the department's authority regarding pesticides which are not determined to be toxic air contaminants.

SEC. 3. It is the intention of the Legislature, in the enactment of this act, that the State Air Resources Board, the State Department of Health Services, and the Department of Food and Agriculture shall perform the functions required by this act within their respective existing resources and budgetary authorizations during the 1983–84 fiscal year, by appropriating sufficient funds in Items 3400-001-001, 3400-001-044, 4260-001-001, 4260-001-044, 4260-001-455, 8570-001-001, 8570-001-111, 8570-001-890, 8570-101-001 and 8570-101-111 of the Budget Act of 1983 (Ch. 324, Stats. 1983).

CHAPTER 1049

An act to add Article 4 (commencing with Section 773) to Chapter 5 of Division 3 of the Harbors and Navigation Code, relating to charter boat safety, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1983 Filed with Secretary of State September 26, 1983]

The people of the State of California do enact as follows:

SECTION 1. Article 4 (commencing with Section 773) is added to Chapter 5 of Division 3 of the Harbors and Navigation Code, to read:

Article 4. Charter Boat Safety

773. The Legislature finds and declares that the charter boat industry operates in the public interest by providing jobs, nutritious food, education, recreation, and joy for Californians and their visitors. The appreciation of whales in their natural habitat has increased enormously in recent years, along with the number of off-shore excursions embarking from California harbors, carrying people from all over the world close to whales that pass along our shore. Because Pacific Ocean conditions, especially in winter, may suddenly turn rough or even hazardous, the public health and safety, as well as the continued vitality of the charter boat industry, is best served by appropriate safety regulation.

773.1. This article shall be known and may be cited as the Charter Boat Safety Act of 1983.

773.2. As used in this article:

(a) "For-hire vessel" means a for-hire vessel as defined in Section 4661 of the Public Utilities Code, irrespective of the number of passengers carried.

(b) "Charter boat" means a for-hire vessel operating on navigable water of the state in the coastal zone as defined in Section 30103 of the Public Resources Code, whether or not the vessel is licensed by the state. However, "charter boat" does not include any boat operating solely within a harbor, as defined in Section 34, or any boat licensed for point-to-point service while operating within the scope of that license.

(c) "Operator" means a person owning, controlling, operating, or managing a for-hire vessel.

(d) "Charterer" means a person who receives compensation for contracting with an operator to transport three or more passengers.

(e) "Coast Guard" means the United States Coast Guard.

(f) "Life preserver" means a life preserver approved and certified by the Coast Guard and capable of providing at least 90 percent of factory-rated flotation capacity.

(g) "Person" means any individual, firm, partnership, for-profit corporation, not for-profit corporation, company, association, joint stock association, trustee, receiver, assignee, or other similar entity or representative.

773.3. No person shall take or offer to take seven or more passengers on a charter boat unless the vessel is licensed by the United States Coast Guard.

773.4. (a) No operator or charterer shall prevent any person from complying with, or direct any person to violate, any provision of this article, or direct the captain to get underway over the captain's objection that the condition of the vessel, or the weather, or a combination of both, makes the trip inadvisable.

(b) It shall be a full and complete defense to a charge of violating this section that, given the then-existing conditions of the vessel and the weather, the captain's or other person's compliance, however

obtained, did not violate and would not have violated any provision of this article or any regulation of the Coast Guard, and was and would have been consistent with all safety precautions and procedures recommended by the Coast Guard.

(c) As used in this section:

(1) "Direct" means to coerce or attempt to coerce by threat of loss of employment or charter earnings or, if by an operator but not a charterer, to make a demand in violation of this section under circumstances in which it would be reasonable for the captain or other person to believe that failure to comply could lead to the loss of his or her employment or charter earnings.

(2) "Captain" means the individual responsible for the operation of the vessel while underway.

773.5. The operator of a charter boat, or the operator's employee or agent, shall require each passenger to don a life preserver under any of the following conditions:

(a) When conditions of rough weather or heavy seas pose a threat to the vessel or its passengers.

(b) When there is a casualty to the vessel including, but not limited to, any of the following:

(1) Loss of watertight integrity.

(2) Loss of propulsion or steering in close proximity to a shoal or shore.

(3) Fire at sea.

(4) When under tow

(c) When crossing or navigating the bar or shoal at or near the entrance of any California harbor where weather conditions, surface current, breaking seas, or severely reduced visibility, cause an increase in the possibility of a sudden emergency that might prevent passengers from donning life preservers before entering the water.

(d) As used in this section:

(1) "An increase in the possibility" means a decrease in the certainty of a reasonably prudent operator that normal operation of the charter boat would avoid any sudden mishap.

(2) "Normal operation" means operation without resort to emergency procedures or other extraordinary measures to maintain course.

773.6. An operator, or the operator's employee or agent, who directs the passengers to the life preservers while announcing that the passengers are required for their safety to don them shall be deemed to have complied with Section 773.5, if the operator, or the operator's employee or agent, or the operator's employee at least once instructs any passenger who fails to don a life preserver to do so, and if the life preservers are unwrapped, ready to be donned, and stowed in a conveniently accessible place.

773.7. The operator, or the operator's employee or agent, of a charter boat, prior to getting underway, shall orient each passenger concerning emergency procedures. The orientation shall include, but not be limited to, a demonstration of how to don and use a life

preserver. On charter boats of over 100 passenger capacity, the demonstration may be verbal or pictorial.

773.8. A charterer or operator who organizes charter boat trips during December, January, February, March, or April shall inform each adult passenger as soon as practicable after the passenger contracts or pays for passage or boards the charter boat, whichever occurs first, that life jackets will be provided at the adult passenger's request. Adult and minor passengers shall be informed that life jackets are required to be worn at the direction of the operator or the operator's employee or agent.

774. (a) Every charterer and every charter boat operator shall include in all advertising for any charter trips in the coastal zone, as defined in Section 30103 of the Public Resources Code, the statement that for the public safety all personal flotation devices carried aboard these United States Coast Guard Certificated Vessels are inspected and approved by the United States Coast Guard.

(b) Any operator or charterer who violates this section shall be liable for a civil penalty not less than fifty dollars ($50) and not more than one hundred dollars ($100) for each violation. The action shall be brought in the manner specified in Section 17206 of the Business and Professions Code.

774.1. No operator of a for-hire vessel shall leave or enter Morro Bay after being directed by the harbormaster of the harbor not to do so because of the condition of the weather, the sea, the vessel, or a combination thereof.

774.2. The operation of Section 773.5, 773.7, or 774.1 shall be suspended when the Legislature by resolution finds that the Coast Guard or other appropriate federal agency has adopted and is enforcing a substantially similar regulation.

774.3. (a) Except as provided in Section 774, violation of any provision of this article is a misdemeanor punishable by imprisonment for not more than one year in the county jail, or a fine of not more than fifty thousand dollars ($50,000), or both the fine and imprisonment.

(b) Any operator who violates any provision of this article shall be liable for a civil penalty not less than fifty dollars ($50) and not more than one hundred dollars ($100) for each violation. The action shall be brought in the manner specified in Section 17206 of the Business and Professions Code.

(c) Any violation of this article may be enjoined by the manner specified in Section 17203 of the Business and Professions Code and a violation of an injunction may be punished to the extent provided in Section 17207 of the Business and Professions Code.

774.4. (a) This article does not impose any mandatory duties upon any public entity to monitor sea or weather conditions or to warn or prevent vessels from leaving or entering a harbor entrance during unsafe conditions.

(b) No public entity or employee thereof is liable for any injury which results from any act, or omission to act, prohibiting an operator

for a for-hire vessel from leaving or entering a harbor.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the charter boat safety regulations contained in this act may take effect at the earliest possible date, it is necessary that this act take effect immediately.

(1) For the period ending June 30, 1984, the rate of interest shall be 7 percent per annum.

(2) The Controller shall establish an adjusted rate of interest for the purpose of this subdivision not later than July 15th of any year if the effective annual yield of the Pooled Money Investment Account for the prior fiscal year is at least a full percentage point more or less than the interest rate which is then in effect. The adjusted rate of interest shall be equal per annum to the effective annual yield earned in the prior fiscal year by the Pooled Money Investment

Account rounded to the nearest full percent, and shall become effective for new deferrals, beginning on July 1, 1984, and on July 1 of each immediately succeeding year.

(3) The rate of interest provided pursuant to this subdivision for the first fiscal year commencing after payment is made pursuant to Section 16180 shall apply for that fiscal year and each fiscal year thereafter until these postponed property taxes are repaid.

(b) The interest provided for in subdivision (a) shall be applied beginning the first day of the month following the month in which that payment is made and continuing on the first day of each month thereafter until that amount is paid. In the event that any payments are applied, in any month, to reduce the amount paid pursuant to Section 16180, the interest provided for herein shall be applied to the balance of that amount beginning on the first day of the following month.

(c) In computing interest in accordance with this section, fractions of a cent shall be disregarded.

(d) For the purpose of this section, the time a payment is made shall be deemed to be the time a certificate of eligibility is countersigned by the tax collector or the delinquency date of the respective tax installment, whichever is later.

(e) The Controller shall include on forms supplied to claimants pursuant to Sections 20621, 20630.5, 20639.9, 20640.9, and 20641 of the Revenue and Taxation Code, a statement of the interest rate which shall apply to amounts postponed for the fiscal year to which the form applies.

The Controller shall also increase the amount of the obligation secured by such lien by the amount of any subsequent payments made pursuant to Section 16180 with respect to the real property and to reflect the accumulation of interest. All such increases and decreases shall be entered in the record described in Section 16181.

SEC. 6. Section 16186 of the Government Code is amended to read:

16186. If at any time the amount of the obligation secured by the lien for postponed property taxes is paid in full or otherwise discharged, the Controller, or the authorized delegate of the Controller, shall:

(a) In the case of real property:

(1) Execute and cause to be recorded in the office of the county recorder of the county wherein the real property described in the lien is located, a release of the lien conclusively evidencing the

satisfaction of all amounts secured by the lien. The cost of recording the release of the lien shall be added to and become part of the obligation secured by the lien being released.

(2) Direct the tax collector to remove from the secured roll, the information required to be entered thereon by paragraph (1) of subdivision (a) of Section 2514 of the Revenue and Taxation Code with respect to the property described in the lien.

16190. All amounts owing pursuant to Article 1 (commencing with Section 16180) of this chapter shall become due if any of the following occurs:

(a) The claimant, who is either the sole owner or sole possessory interest holder of the residential dwelling, as defined in Section 20583 or Section 20640 of the Revenue and Taxation Code, or a coowner or copossessory interest holder with a person other than a spouse or other individual eligible to postpone property taxes pursuant to Chapter 2 (commencing with Section 20581), Chapter 3.3 (commencing with Section 20639), or Chapter 3.5 (commencing with Section 20640) of Part 10.5 of Division 2 of such code, ceases to occupy the premises as his residential dwelling, dies, or sells, conveys, or disposes of the property, or allows any tax or special assessment on the premises described in Section 20583 of such code to become delinquent. If the sole owner or possessory interest holder claimant dies and his or her surviving spouse inherits the premises and continues to own and occupy it as his or her principal place of residence, then the lien amount does not become due and payable unless taxes or special assessments described in the preceding sentence become delinquent, or such surviving spouse dies, or sells, conveys or disposes of the interest in the property.

(b) The claimant, who is a coowner or copossessory interest holder of the residential dwelling, as defined in Section 20583 or Section 20640.2 of the Revenue and Taxation Code, with a spouse or another individual eligible to postpone property taxes pursuant to

Chapter 2 (commencing with Section 20581), Chapter 3.3 (commencing with Section 20639), or Chapter 3.5 (commencing with Section 20640) of Part 10.5 of Division 2 of such code, dies, and the surviving spouse or other surviving eligible individual allows any tax or special assessment on the premises described in Section 20583 of such code to become delinquent or such surviving spouse or other individual ceases to occupy the premises as a residential dwelling, dies, or conveys, or disposes of the interest in the property.

(c) The failure of the claimant to perform those acts the claimant is required to perform where such performance is secured, or will be secured in the event of nonperformance, by a lien which is senior to that of the lien provided by Section 16182.

(d) Postponement was erroneously allowed because eligibility requirements were not met.

SEC. 8. Section 16191 of the Government Code is amended to read:

16191. The amounts paid pursuant to Section 16180 shall continue to draw interest but amounts owing pursuant to Article 1 (commencing with Section 16180) of this chapter shall not become due and payable if any of the following occurs:

(a) The claimant continues to own and occupy or hold the possessory interest and occupy the premises as a residential dwelling, but ceases to postpone property taxes pursuant to Chapter 2 (commencing with Section 20581), Chapter 3.3 (commencing with Section 20639), or Chapter 3.5 (commencing with Section 20640) of Part 10.5 of Division 2 of the Revenue and Taxation Code, and does not allow any tax or assessment against the premises, as described in Section 20583 of such code, to become delinquent.

(b) The surviving spouse of a claimant continues to own and occupy or hold the possessory interest and occupy the premises as a residential dwelling, but is ineligible to postpone property taxes pursuant to Chapter 2 (commencing with Section 20581), Chapter 3.3 (commencing with Section 20639), or Chapter 3.5 (commencing with Section 20640) of Part 10.5 of Division 2 of the Revenue and Taxation Code, or elects not to postpone such taxes, and does not allow any tax or assessment against the premises, as described in Section 20583 of such code, to become delinquent.

(c) The surviving individual otherwise eligible to postpone property taxes pursuant to Chapter 2 (commencing with Section 20581), Chapter 3.3 (commencing with Section 20639), or Chapter 3.5 (commencing with Section 20640) of Part 10.5 of Division 2 of the Revenue and Taxation Code continues to own and occupy or hold the possessory interest and occupy the premises as a residential dwelling, but elects not to postpone the property taxes pursuant to such chapter, and does not allow any tax or assessment against the premises, as described in Section 20583 of such code, to become delinquent.

SEC. 9. Section 16192 of the Government Code is amended to read:

16192. If, at any time, a person meeting the requirements of subdivision (a) or (c) of Section 16191 elects, or any surviving spouse described in subdivision (b) of such section becomes eligible, or otherwise elects, to postpone property taxes pursuant to Chapter 2 (commencing with Section 20581), Chapter 3.3 (commencing with Section 20639), or Chapter 3.5 (commencing with Section 20640) of Part 10.5 of Division 2 of the Revenue and Taxation Code, payments made pursuant to Section 16180 shall be added to the amount of the lien existing against the residential dwelling.

SEC. 10. Section 16201 of the Government Code is amended to read:

16201. If the Controller, by reason of the notice described in Section 3375 of the Revenue and Taxation Code or by reason of information from any other source, determines that all amounts owing under Article 1 (commencing with Section 16180) of this chapter have become due and payable pursuant to Section 16190, the Controller may, in addition to the options provided in Section 16200, take any of the following actions which will best serve the interest of the state:

(a) The Controller may demand payment of such amount from any person liable therefor.

(b) If the Controller has reasonable cause to believe that sale of the property will not satisfy the amount secured by the state's lien, the Controller may file a claim against the estate of any decedent whose property is liable for such amount or the Controller may request the Attorney General to bring an action under Section 2931c of the Civil Code to recover the amount of the state's lien.

(c) The Controller may direct the Department of General Services to sell such property pursuant to Chapter 4.5 (commencing with Section 14735) of Part 5.5 of Division 3 of this title or, if applicable, Division 9 (commencing with Section 9109) of the Commercial Code.

SEC. 11. Section 16211 of the Government Code is amended to read:

16211. The claimant under Chapter 2 (commencing with Section 20581), Chapter 3 (commencing with Section 20625), Chapter 3.3 (commencing with Section 20639, or Chapter 3.5 (commencing with Section 20640) of Part 10.5 of Division 2 of the Revenue and Taxation Code whose residential dwelling was sold or condemned may draw upon the amount in the account to purchase a new residential dwelling, and the amount so drawn shall be secured by a new lien against the new residential dwelling from the time the Controller records the new lien against the new residential dwelling as provided for under Section 16182.

In the case of real property, the Controller shall subordinate the new lien to the lien of the note and deed of trust of the purchase money obligations used in the acquisition of the new residential dwelling, provided the claimant has an equity of at least 20 percent of the full value of the property, as required by paragraph (1) of

subdivision (b) of Section 20583 of the Revenue and Taxation Code, prior to recordation of that subordination. The lien shall have priority over all subsequent liens, except as provided in Section 2192.1 of the Revenue and Taxation Code.

SEC. 11.5. Section 18079 is added to the Health and Safety Code, to read:

18079. The department shall implement property tax postponement programs on behalf of eligible mobilehome owners, as provided by law.

SEC. 12. Section 2505 of the Revenue and Taxation Code is amended to read:

2505. (a) Except as provided in subdivision (b), the assessor, tax collector, or treasurer for any city or county may in his discretion accept negotiable paper in payment of any tax, or assessment, or on a redemption.

(b) The tax collector of a county shall accept a certificate of eligibility to pay all or any part of any ad valorem property tax, special assessment, or other charge or user fee appearing on the county tax bill. The tax collector, treasurer, or other official charged with the duty of collecting taxes for a chartered city which levies and collects its own property taxes shall accept a certificate of eligibility to pay all or any part of any ad valorem property tax, special assessment, or other charge or user fee appearing on the tax bill of such city. A certificate for partial payment shall not be accepted unless accompanied by an amount sufficient to fully pay the remaining ad valorem property taxes, special assessment, or other charge or fee appearing on the respective tax bill installment.

(c) Except as provided in Chapter 2 (commencing with Section 20581), Chapter 3.3 (commencing with Section 20639), Chapter 3.5 (commencing with Section 20640), or Chapter 4 (commencing with Section 20641) of Part 10.5 of Division 2, a certificate of eligibility shall not be used to pay any delinquent taxes, assessments, penalties, costs, fees, or interest, or any redemption charges.

(d) For the 1978–79 fiscal year and thereafter, except as to those amounts which can be paid by a certificate pursuant to subdivision (c), the tax collector shall not accept a certificate of eligibility to pay all or part of any installment if tendered after the delinquency date thereof, unless accompanied by an amount sufficient to fully pay any delinquent taxes, assessments, costs, penalties, interest, fees or other charges resulting from the delinquency or delinquencies.

(e) In no event shall a certificate of eligibility be accepted later than the expiration date designated thereon.

SEC. 13. Section 2514 of the Revenue and Taxation Code is amended to read:

2514. (a) Upon receipt of a certificate of eligibility described in Section 20602, Section 20639.6, or Section 20640.6 signed by the claimant, the claimant's spouse, or authorized agent appointed under regulations adopted by the Controller pursuant to Section 20603 or Section 20640.7, the tax collector shall ascertain whether the

amount of money entered on the certificate by such claimant or agent, when added to other amounts available for such purpose, are sufficient to pay the amount due and owing.

If such is the case, the tax collector or his designee shall countersign the certificate and mark the tax paid. Once signed and countersigned, a certificate of eligibility shall be deemed a negotiable instrument for purposes of all laws of this state, as specified in subdivision (d) of Section 20602. Upon acceptance of such a certificate:

(1) The tax collector shall enter the fact that taxes on the property have been postponed in appropriate columns on the roll. In the case of the secured roll, this information may be entered in that portion of the roll which has been designated for sale to the state information required by Section 3439.

(2) In the case of a certificate of eligibility issued pursuant to Section 20602, the tax collector shall determine if the property described in the certificate of eligibility is subject to a lien recorded pursuant to Section 16182 of the Government Code. If the property is not subject to such a lien, the tax collector shall enter the amount paid by use of the certificate, the date of such payment, the Controller's identification number shown on the certificate of eligibility, the address of the property covered by the certificate, and the name of the claimant as shown on the certificate on a "notice of lien for postponed property taxes" form which shall be provided by the Controller. The tax collector shall thereafter forward such notice of lien form to the assessor.

(3) With respect to a claimant whose property taxes are paid by a lender from an impound, trust, or other type of account described in Section 2954 of the Civil Code, the tax collector shall notify the auditor of the claimant's name and address, and the amount of money entered on the certificate.

The auditor, treasurer, or disbursing officer shall send a check in the amount of money entered on the certificate to said claimant within 30 days following the date on which the installment is paid by the lender or the certificate of eligibility is received from the claimant, whichever is later.

(b) The procedures established by this chapter shall not be construed to require a lender to alter the manner in which a lender makes payment of the property taxes of such claimant.

SEC. 14. Section 20501.5 of the Revenue and Taxation Code is repealed.

SEC. 15. Section 20505 of the Revenue and Taxation Code is amended to read:

20505. "Claimant" means an individual who—

(a) For purposes of this chapter was either (1) 62 years of age or older on the last day of the calendar year or approved fiscal year designated in subdivision (b) or (c) of Section 20503, whichever is applicable, or (2) blind or disabled, as defined in Section 12050 of the Welfare and Institutions Code on the last day of the calendar year or

approved fiscal year designated in subdivision (b) of Section 20503, who was a member of the household, and who was either: (1) the owner and occupier of a residential dwelling on the last day of the year designated in subdivision (b) or (c) of Section 20503, or (2) the renter of a rented residence on or before the last day of the year designated in subdivision (b) of Section 20503. An individual who qualifies as an owner-claimant may not qualify as a renter-claimant for the same year.

(b) For purposes of Chapter 2 (commencing with Section 20581), Chapter 3 (commencing with Section 20625), Chapter 3.3 (commencing with Section 20639), and Chapter 3.5 (commencing with Section 20640) was a member of the household and either an owner-occupant, or a tenant stockholder occupant, or a possessory interest holder occupant, or a mobilehome owner-occupant, as the case may be, of the residential dwelling as to which postponement is claimed on the last day of the year designated in subdivision (b) or (c) of Section 20503, and who was 62 years of age or older by December 31 of the fiscal year for which postponement is claimed provided, for purposes of eligibility for postponement of taxes for the 1977–78 fiscal year, an individual must be 62 years of age or older by March 15, 1978.

(c) Where amounts have been postponed for any given fiscal year and the claimant continues to own and occupy the residential dwelling on December 31 of the calendar year in which such fiscal year begins, and the claimant sells such dwelling and buys a new residential dwelling in this state on or before December 31 of the following fiscal year and the new dwelling is the claimant's principal place of residence, then in such event, the claimant shall be deemed to be a qualified claimant for the purpose of this section.

SEC. 16. Section 20542 of the Revenue and Taxation Code is amended to read:

20542. (a) The Franchise Tax Board, pursuant to the provisions of Article 3 (commencing with Section 20561), of this chapter, shall provide assistance to the claimant based on a percentage of the property tax accrued and paid by the claimant on the residential dwelling as provided in Section 20543 or the statutory property tax equivalent pursuant to Section 20544. In case of an owner-claimant, the assistance shall be equal to the applicable percentage of property taxes paid on the full value of the residential dwelling up to, and including, thirty-four thousand dollars ($34,000). No assistance shall be allowed for property taxes paid on that portion of full value of a residential dwelling exceeding thirty-four thousand dollars ($34,000). No assistance shall be provided if the amount of the assistance claim is five dollars ($5) or less.

(b) For purposes of allowing assistance provided for by this section:

(1) (A) Only one owner-claimant from one household each year shall be entitled to assistance under this chapter. When two or more individuals of a household are able to meet the qualifications for an

owner-claimant, they may determine who the owner-claimant shall be. If they are unable to agree, the matter shall be referred to the Franchise Tax Board and its decision shall be final.

(B) When two or more individuals pay rent for the same premises and each individual meets the qualifications for a renter-claimant, each qualified individual shall be entitled to assistance under this part.

For the purposes of this subparagraph, a husband and wife residing in the same premises shall be presumed to be one renter.

(2) Except as provided in paragraph (3), the right to file a claim shall be personal to the claimant and shall not survive his death; however, when a claimant dies after having filed a timely claim, the amount thereof may be disbursed to the surviving spouse and, if no surviving spouse, to any other member of the household who is a qualified claimant. If there is no surviving spouse or otherwise qualified claimant, the claim shall be disbursed to any other member of the household. In the event two or more individuals qualify for payment as either an otherwise qualified claimant or a member of the household, they may determine which of them will be paid. If they are unable to agree, the matter shall be referred to the Franchise Tax Board and its decision shall be final.

(3) If, after January 1 of the property tax fiscal year for which a claim may be filed, a claimant dies without filing a timely claim, a claim on behalf of such claimant may be filed by the surviving spouse within the filing period prescribed in subdivision (a) or (b) of Section 20563.

(4) If an individual postponed taxes for any given property tax fiscal year under Chapter 2 (commencing with Section 20581), Chapter 3 (commencing with Section 20625), Chapter 3.3 (commencing with Section 20639), or Chapter 3.5 (commencing with Section 20640), then any claim for assistance under this chapter for the same property tax fiscal year shall be filed by such individual (assuming all other eligibility requirements in this chapter are satisfied) and not an otherwise qualified member of the individual's household.

SEC. 17. Section 20564 of the Revenue and Taxation Code is amended to read:

20564. (a) If a lien for the assistance fiscal year has been acquired against the property, or, in the case of a mobilehome, against the certificate of title, of the claimant by reason of the claimant's use of a certificate of eligibility which was paid pursuant to Chapter 6 (commencing with Section 16180) of Part 1 of Division 4 of Title 2 of the Government Code, the net payment otherwise due such claimant shall first be applied by the Controller to reduce the obligation secured by such lien.

(b) If a lien has been reduced as provided in subdivision (a) and the Franchise Tax Board subsequently determines that the assistance allowed for such year was erroneous, the Franchise Tax Board shall notify the Controller who will make an appropriate adjustment to

the lien.

SEC. 18. Section 20583 of the Revenue and Taxation Code is amended to read:

20583. (a) "Residential dwelling" means a dwelling occupied as the principal place of residence of the claimant, and so much of the land surrounding it as is reasonably necessary for use of the dwelling as a home, owned by the claimant, the claimant and spouse, or by the claimant and either another individual eligible for postponement under this chapter or an individual described in subdivision (a), (b) or (c) of Section 20511 and located in this state. It shall include condominiums and mobilehomes which are assessed as realty for local property tax purposes. It also includes part of a multidwelling or multipurpose building and a part of the land upon which it is built. In the case of a mobilehome not assessed as real property which is located on land owned by the claimant, residential "dwelling" includes the land on which such mobilehome is situated and so much of the land surrounding it as reasonably necessary for use of the mobilehome as a home.

(b) As used in this chapter in reference to ownership interests in residential dwellings, "owned" includes (1) the interest of a vendee in possession under a land sale contract provided that the contract or memorandum thereof is recorded and only from the date of recordation of the contract or memorandum thereof in the office of the county recorder where the residential dwelling is located, (2) the interest of the holder of a life estate provided that the instrument creating the life estate is recorded and only from the date of recordation of the instrument creating the life estate in the office of the county recorder where the residential dwelling is located, but "owned" does not include the interest of any remainderman or holder of a reversionary interest in the residential dwelling, (3) the interest of a joint tenant or a tenant in common in the residential dwelling or the interest of a tenant where title is held in tenancy by the entirety or a community property interest where title is held as community property.

(c) For purposes of this chapter, the registered owner of a mobilehome shall be deemed to be the owner of the mobilehome.

(d) Except as provided in subdivision (c), and Chapter 3 (commencing with Section 20625), ownership must be evidenced by an instrument duly recorded in the office of the county where the residential dwelling is located.

(e) "Residential dwelling" does not include any of the following:

(1) Any residential dwelling in which the owners do not have an equity of at least 20 percent of the full value of the property as determined for purposes of property taxation at the time the claimant or authorized agent tenders to the tax collector for the purposes of postponement the certificate or certificates of eligibility described in Section 20602 and Section 20639.6.

(2) Any residential dwelling in which the claimant's interest is held pursuant to a contract of sale or under a life estate, unless such

claimant obtains the written consent of the vendor under the contract of sale, or the holder of the reversionary interest upon termination of the life estate for the postponement of taxes and the creation of a lien on the real property in favor of the state for amounts postponed pursuant to this act.

(3) Any residential dwelling on which the claimant does not receive a secured tax bill.

(4) Any residential dwelling in which the claimant's interest is held as a possessory interest, except as provided in Chapter 3.5 (commencing with Section 20640).

(5) (A) Except as provided in this section, any residential dwelling on which the property taxes, as defined in Section 20584, are delinquent at the time the application for postponement under this chapter is made or on which any other property tax or special assessment imposed by a special district or other tax code area is delinquent at the time the application for postponement under this chapter is made.

(B) Any taxes or assessments described in subparagraph (A) which are delinquent on July 1, 1977, shall not disqualify an otherwise eligible dwelling for postponement under this chapter. An application for postponement under this chapter to postpone the payment of property taxes for the 1977–78 fiscal year, shall also constitute an application for the postponement of all such delinquent taxes and assessments, together with any penalties, interest, fees, or other charges resulting from such delinquency and such amounts shall, unless otherwise paid by the claimant, be paid out of the amount appropriated by Section 16100 of the Government Code and shall be added to and become part of the obligation secured by the lien provided by Section 16182 of the Government Code; provided, however, that upon payment of delinquent taxes and assessments for fiscal year 1976–77 out of the amount appropriated by Section 16100, any delinquent penalties, interest, fees or other charges resulting from the delinquency of such taxes and assessments for fiscal year 1976–77 shall be canceled.

(C) For 1978–79 and thereafter, any taxes or assessments described in subparagraph (A) which became delinquent after the claimant was 62 and before the claimant first has established a lien pursuant to Section 16182 of the Government Code shall not disqualify an otherwise eligible dwelling for postponement under this chapter. An application to postpone taxes for 1978–79 or thereafter shall also constitute an application for the postponement of all such delinquent taxes and assessments, together with any penalties, interest, fees, or other charges resulting from such delinquency and such amounts shall, unless otherwise paid by the claimant, be paid out of the amount appropriated by Section 16100 of the Government Code and shall be added to and become part of the obligation secured by the lien provided by Section 16182 of the Government Code.

SEC. 19. Section 20585 of the Revenue and Taxation Code is

amended to read:

20585. Postponement shall not be allowed under this chapter or Chapter 3 (commencing with Section 20625), Chapter 3.3 (commencing with Section 20639), or Chapter 3.5 (commencing with Section 20640) if household income exceeds either of the following amounts:

(a) For the 1976 calendar year or for an approved fiscal year commencing within such calendar year, household income shall not exceed twenty thousand dollars ($20,000).

(b) For all subsequent calendar years and approved fiscal years, postponement shall not be allowed under this chapter, Chapter 3 (commencing with Section 20625), Chapter 3.3 (commencing with Section 20639), or Chapter 3.5 (commencing with Section 20640) if household income exceeds an amount determined as follows:

(1) On or before March 1 of each year, the California Department of Industrial Relations shall transmit to the Controller the percentages of increase in the California Consumer Price Index for all Urban Consumers and in the California Consumer Price Index for Urban Wage Earners and Clerical Workers of December of the prior calendar year over December of the preceding calendar year.

(2) The Controller shall compute an inflation adjustment factor by adding 100 percent to the larger of the California Consumer Price Index percentage increases furnished pursuant to paragraph (1).

(3) In 1978, the Franchise Tax Board shall multiply twenty thousand dollars ($20,000) by the inflation adjustment factor to determine the maximum allowable gross household income for the 1977 calendar year and for approved fiscal years commencing within such years. In 1979 and subsequent calendar years through and including 1983, the Controller shall multiply the maximum allowable household income determined for the preceding calendar year by the inflation adjustment factor to determine the maximum allowable household income for the applicable calendar year and approved fiscal years commencing within such calendar year. In determining the maximum allowable household income pursuant to this section, the Controller shall round such amount to the nearest hundred dollar amount.

The notice shall be published at least 30 days before the date of opening the bids in a newspaper of general circulation, printed and published in the jurisdiction of the public agency, and also in a construction trade publication circulated within the jurisdiction of the public agency; or, if there is no newspaper or construction trade publication printed and published within the jurisdiction of the public agency, in a newspaper of general circulation which is circulated within the jurisdiction of the public agency, or, if there is no newspaper or construction trade publication which is circulated within the jurisdiction of the public agency, publication shall be by posting the notice in at least three places within the jurisdiction of the public agency as have been designated by ordinance or regulation of the public agency as places for the posting of its notices. In addition to notice required by this section, the public agency may give such other notice as it deems proper.

21208. (a) In its discretion, the public agency may reject any bids presented. If after the first invitation for bids all bids are rejected, after reevaluating its cost estimates of the project, the public agency shall have the option of either of the following:

(c) If no bids are received, the project may be performed by employees of the public agency by force account, or by informal bidding procedures set forth in Section 21204 without further complying with this article.

21209. The governing body of the public agency shall adopt plans, specifications, and working details for all public projects of more than one hundred thousand dollars ($100.000).

21210. Any person may examine the plans, specifications, or working details, or all of these, adopted by the public agency for any project.

21211. This article does not apply to the construction of any public building used for facilities of juvenile forestry camps or juvenile homes, ranches, or camps established under Article 15 (commencing with Section 880) of Chapter 2 of Part 1 of Division 2 of the Welfare and Institutions Code, if a major portion of the construction work is to be performed by wards of the juvenile court assigned to those camps, ranches, or homes.

21212. The commission shall review the accounting procedures of any participating public agency where an interested party presents evidence that the work undertaken by the public agency falls within any of the following categories:

(a) Is to be performed by a public agency after rejection of all bids, claiming work can be done less expensively by the public agency.

(b) Exceeded the force account limits.

(c) Has been improperly classified as maintenance.

21213. In those circumstances as set forth in subdivision (a) of Section 21212, a request for commission review shall be by letter received by the commission not later than five days from the date the public agency has rejected all bids. In those circumstances set forth in subdivision (b) or (c) of Section 21212, a request for commission review shall be by letter received by the commission not later than five days from the date an interested party formally complains to the public agency. subdivision (a) of Section 21212, the agency shall not proceed on the project until a final decision is received by the commission.

21214. The commission shall prepare written findings. Should the commission find that the provisions of this chapter or of the uniform cost accounting procedures provided for in this chapter were not complied with by the public agency, the following steps shall be implemented by that agency:

(b) The Controller shall, upon receipt of the commission's recommendation, review and evaluate the recommended procedures and either formally adopt or reject the recommended procedures within 90 days of submission of the commission.

[Approved by Governor September 25, 1983 Filed with Secretary of State September 26, 1983]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known as the Emergency Mosquito Abatement Funding Act of 1983.

SEC. 2. Article 4 (commencing with Section 25850) is added to Chapter 8 of Part 2 of Division 2 of Title 3 of the Government Code, to read:

Article 4. Standby Charges for Public Health Emergencies

25850. The Legislature finds and declares that unabated outbreaks of mosquitoes pose a serious threat to the public health and safety and that public agencies, including counties, must be prepared to abate extraordinary outbreaks of mosquitoes. The Legislature further finds and declares that to protect the public health and safety from unabated outbreaks of mosquitoes, it is necessary to enact this article to provide counties with the ability to abate mosquitoes.

25851. (a) On or before the third Monday of August in each year, the board of supervisors may adopt an ordinance to fix an emergency mosquito abatement standby charge in the county or any portion of the county, whether incorporated or unincorporated.

(b) The ordinance shall establish schedules varying the charges according to land uses, water uses, and degree of hazard. The emergency mosquito abatement standby charge shall not exceed ten dollars ($10) per year for each parcel of land on which the charge is levied.

(c) The ordinance shall not apply to any parcel which is subject to an emergency mosquito abatement standby charge ordinance adopted by a mosquito abatement district, vector control district, or pest abatement district, nor shall it apply to any parcel which is owned by a local agency, as defined by Section 2211 of the Revenue and Taxation Code.

25852. (a) All revenues generated from the emergency mosquito abatement standby charge ordinance shall be deposited in a separate emergency mosquito abatement trust account in the county treasury, except that the county may retain an amount not to exceed the actual costs of performing the duties required by Section 25853.

(b) The trust account shall not exceed fifty thousand dollars ($50,000) or 25 percent of the county's expenditures for the operation and maintenance of its mosquito abatement program in the immediately preceding fiscal year, whichever is greater, except that the trust account may exceed these limits by the amount of interest earned.

(c) (1) The emergency mosquito abatement trust account shall be used solely for the abatement and extermination of mosquitoes, except that the county may use 50 percent of any interest earned on the trust account for its regular mosquito abatement programs. However, the board of supervisors may, on or before June 30, appropriate not more than 50 percent of any interest earned on the trust account to the Mosquitoborne Disease Surveillance Account in the General Fund, which is hereby created. Counties which agree to contribute to the Mosquitoborne Disease Surveillance Account shall enter into a cooperative agreement pursuant to subdivision (c) of Section 2426 of the Health and Safety Code. The funds deposited in the Mosquitoborne Disease Surveillance Account shall be available for expenditure, when appropriated by the Legislature, by the State

Department of Health Services to support those mosquitoborne disease field and laboratory surveillance activities which are needed to carry out the provisions of this article. The department shall not commit expenditures for such mosquitoborne disease field and laboratory surveillance activities unless the funds deposited in the Mosquitoborne Disease Surveillance Account are sufficient for the ensuing fiscal year.

(2) If the Department of Finance determines that the amount in the Mosquitoborne Disease Surveillance Account exceeds the amount required for the ensuing fiscal year, plus a reserve of fifty thousand dollars ($50,000), the excess shall be returned to the counties contributing the same in the proportion that the counties contributed it. The funds shall be deposited in the county emergency mosquito abatement trust account for use as otherwise provided in this article.

(3) The Legislature finds and declares that the use of county funds for mosquitoborne disease surveillance serves a public purpose of a county, as well as a public purpose of the state, within the meaning of Section 6 of Article XVI of the California Constitution.

(d) The county shall not spend any part of the principal of the emergency mosquito abatement trust account unless the State Director of Health Services has declared that the public health and safety are, or may be, threatened by an unabated outbreak of mosquitoes in a portion or all of the territory within the county, or that conditions require emergency preventive mosquito abatement work, and that the expenditure is necessary to protect the public health and safety.

(e) The department shall adopt emergency regulations to implement, interpret, or make specific the provisions of this article, including, but not limited to, conditions under which the principal of the emergency mosquito abatement trust account may be expended and criteria for determining if the county has established adequate emergency mosquito abatement procedures.

(f) Nothing in this section shall be construed as an alternative for the abatement procedures authorized by Article 4 (commencing with Section 2270) of Chapter 5 of Division 3 of the Health and Safety Code.

(g) Nothing in this section shall be construed as an alternative for the abatement procedures authorized by a county ordinance, or for an agreement for mosquito abatement between a county and a parcel owner.

25853. (a) On or before the third Monday in August in each year, the board of supervisors shall furnish in writing to the county auditor a description of each parcel of land within the county upon which a standby charge is to be levied and collected for the current fiscal year, together with the amount of standby charge fixed by the board on each parcel of land.

(b) The board of supervisors, at the time and in the manner required by law for the levying of taxes for county purposes, shall

levy the standby charges in the amounts for the respective parcels fixed by the board.

(c) All county officers charged with the duty of collecting taxes shall collect the standby charges with the regular tax payments to the county. The charges shall be paid to the emergency mosquito abatement trust account.

(d) Charges fixed by the board shall be a lien on all the property benefited thereby. Liens for the charges shall be of the same force and effect as liens for taxes, and their collection may be enforced by the same means as provided for the enforcement of liens for county taxes.

25854. If the board of supervisors has adopted an ordinance to fix an emergency mosquito abatement standby charge, no state agency shall alter or deny priority for an allocation of funds to the county solely because the board has an emergency mosquito abatement trust account.

SEC. 3. Article 5.1 (commencing with Section 2315) is added to Chapter 5 of Division 3 of the Health and Safety Code, to read:

Article 5.1. Standby Charges for Public Health Emergencies

2315. The Legislature finds and declares that unabated outbreaks of mosquitoes pose a serious threat to the public health and safety and that public agencies, including mosquito abatement districts and vector control districts, must be prepared to abate extraordinary outbreaks of mosquitoes. The Legislature further finds and declares that to protect the public health and safety from unabated outbreaks of mosquitoes, it is necessary to enact this article to provide mosquito abatement districts and vector control districts with the ability to abate mosquitoes.

2316. (a) On or before the third Monday of August in each year, the district may adopt an ordinance to fix an emergency mosquito abatement standby charge in the district or any portion of the district.

(b) The trust fund shall not exceed fifty thousand dollars ($50,000) or 25 percent of the district's expenditures for operations and maintenance in the immediately preceding fiscal year, whichever is greater, except that the trust fund may exceed these limits by the amount of interest earned.

(c) (1) The emergency mosquito abatement trust fund shall be used solely for the abatement and extermination of mosquitoes, as provided by Section 2270, except that the district may use 50 percent of any interest earned on the trust fund for the general purposes of the district. Not more than 50 percent of any interest earned on the trust fund may be appropriated for deposit on or before June 30 of each fiscal year in the Mosquitoborne Disease Surveillance Account in the General Fund, created by Section 25852 of the Government Code. Districts which agree to contribute to the Mosquitoborne Disease Surveillance Account shall enter into a cooperative agreement pursuant to subdivision (c) of Section 2426. The funds deposited in the state account, when appropriated by the Legislature, shall be used by the State Department of Health Services to support those mosquitoborne disease field and laboratory surveillance activities which are needed to carry out the provisions of this article. The department shall not commit expenditures for such mosquitoborne disease field and laboratory surveillance activities unless the funds deposited in the Mosquitoborne Disease Surveillance Account are sufficient for the ensuing fiscal year. If the amount of the Mosquitoborne Disease Surveillance Account exceeds the amount required for the ensuing fiscal year, plus a reserve of fifty thousand dollars ($50,000), the excess shall be credited to the participating districts as a reduction in the amount deposited in the Mosquitoborne Disease Surveillance Account for the ensuing fiscal year.

(2) The Legislature finds and declares that the use of district funds for mosquitoborne disease surveillance serves a public purpose of a district, as well as a public purpose of the state, within the meaning of Section 6 of Article XVI of the California Constitution.

(d) The district shall not spend any part of the principal of the emergency mosquito abatement trust fund unless the State Director of Health Services has declared that the public health and safety are, or may be, threatened by an unabated outbreak of mosquitoes in a portion or all of the territory within the district, or that conditions require emergency preventive mosquito abatement work, and that the expenditure is necessary to protect the public health and safety.

(e) The department shall adopt emergency regulations to implement, interpret, or make specific the provisions of this article, including, but not limited to, conditions under which the principal

of the emergency mosquito abatement trust fund may be expended, and criteria for determining if a district has established adequate emergency mosquito abatement procedures.

(f) Nothing in this section shall be construed as an alternative for the abatement procedures authorized by Article 4 (commencing with Section 2270).

2318. (a) On or before the third Monday in August in each year, the board of trustees shall furnish in writing to the board of supervisors and the county auditor of each affected county a description of each parcel of land within the county upon which a standby charge is to be levied and collected for the current fiscal year, together with the amount of standby charge fixed by the district on each parcel of land.

(b) The board of supervisors, at the time and in the manner required by law for the levying of taxes for county purposes, shall levy the standby charges in the amounts for the respective parcels fixed by the board of trustees.

(c) All county officers charged with the duty of collecting taxes shall collect district standby charges with the regular tax payments to the county. The charges shall be paid to the district's emergency mosquito abatement trust fund.

(d) Charges fixed by the district shall be a lien on all the property benefited thereby. Liens for the charges shall be of the same force and effect as liens for taxes, and their collection may be enforced by the same means as provided for the enforcement of liens for county taxes.

2319. If the district has adopted an ordinance to fix an emergency mosquito abatement standby charge, no state agency or board of supervisors shall alter or deny priority for an allocation of funds to the district solely because the district has an emergency mosquito abatement trust fund.

(b) Such agreement may provide for financial assistance on behalf of the state and for the doing of all or any portion of the necessary work by either of the contracting parties, except that in no event shall the state department agree that the state's contribution shall exceed 50 percent of the total cost of any acceptable plan.

(c) The agreement may provide for contributions by the local district or other public agency to the Mosquitoborne Disease Surveillance Account.

An act to amend Section 52178 of the Education Code, relating to bilingual education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1983 Filed with Secretary of State September 26, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 52178 of the Education Code is amended to read:

52178. All principal teachers providing instruction in programs defined by subdivision (a), (b), or, unless waived by the board, (c), and insofar as teachers are available, (d) of Section 52163 shall be bilingual-crosscultural teachers as defined pursuant to subdivision (h) of Section 52163, or shall be bilingual in English and the primary language of the pupils of limited-English proficiency in the bilingual class and hold an internship credential or an emergency bilingual-crosscultural credential.

In recognition of the shortage of qualified bilingual-crosscultural teachers, a school district may request a renewable two-year waiver from the board for each teacher who is not bilingual-crosscultural but who is enrolled and participating in a program leading to a bilingual specialist credential or a certificate of competence for bilingual-crosscultural instruction pursuant to Section 44253.5. Such a teacher, with the assistance of a bilingual-crosscultural aide, may teach in a program of bilingual instruction mandated by Section 52165 for not more than four school years commencing with the first year that the teacher was under waiver, so long as continuing progress toward the certificate of competence is indicated in accordance with this section.

Each school district which requests waivers shall file its application for such a waiver with the State Board of Education on or before October 1 of the appropriate year, and shall give assurance that all teachers receiving such a waiver are, or will be, participating in an appropriate program leading to a bilingual specialist credential or a certificate of competence for bilingual-crosscultural instruction pursuant to Section 44253.5 during each of the school years for which

the waiver is granted, and shall state who is in charge of the program and which institution or district is conducting it Existing state and federal staff development funds may be used for training and assessment leading to a bilingual specialist credential or a bilingual-crosscultural certificate of competence. The district shall further assure that all teachers receiving such a waiver have been notified in writing by the school board as to their obligations while under waiver The waiver application shall list the names of the teachers who are to receive the waiver, the school to which they are assigned, and the date by which the teacher is expected to obtain a bilingual specialist credential or the certificate of competence. Each district, whether or not it requests a waiver, shall report the number of classrooms for which a bilingual teacher is required pursuant to Section 52165, the total number of certificated bilingual-crosscultural teachers employed by the district in classroom positions, and, in the event the district requests a waiver, the total number of teachers for whom a waiver is being requested. If a district hires new teachers, no waiver shall be granted unless the board finds that the district made a good faith effort to contact, recruit, and hire bilingual-crosscultural teachers.

It is not the intent of the Legislature, by amending this section in the 1979–80 Regular Legislative Session, to expand the requirements for the certificate of bilingual-crosscultural competence.

For purposes of this section, programs for the study of language offered by accredited institutions of higher education shall be approved by the Commission on Teacher Credentialing. Courses for the study of language established by the State Department of Education pursuant to Article 4 (commencing with Section 52180) of Chapter 7 of Part 28 shall be approved by the State Department of Education and shall be deemed appropriate.

Commencing September 1, 1984, all initial waiver applications, shall include certification by an assessor agency approved by the Commission on Teacher Credentialing, that the applicant teacher is making the following progress toward meeting the requirements for the bilingual-crosscultural certificate of competence:

(a) For the teacher who is just entering the bilingual program: no requirement.

(b) For the teacher beginning his or her second year on waiver: (1) competence in language, culture, or methodology, as required by subdivision (a), (b), or (c) of Section 44253.5, and (2), for the teacher who is not competent in language, enrollment in a program for the study of language which is approved by the Commission on Teacher Credentialing or enrollment in a course for the study of language which is established and approved by the State Department of Education.

(c) For the teacher beginning his or her third year on waiver: (1) competence in language as required by subdivision (a) of Section 44253.5, or (2) continued enrollment in a program for the study of language which is approved by the Commission on Teacher

Credentialing or continued enrollment in a course for the study of language which is established and approved by the State Department of Education.

(d) For the teacher beginning his or her fourth year on waiver: (1) competence in two of the three areas required by Section 44253.5 and (2), for the teacher who is not competent in language, continued enrollment in a program for the study of language which is approved by the Commission on Teacher Credentialing or continued enrollment in a course for the study of language which is established and approved by the State Department of Education.

(e) For the teacher who has completed his or her fourth year on waiver: competence in the three areas required by Section 44253.5, except as follows:

It is the intent of the Legislature that both conditional sentence and probation are authorized whenever probation is authorized in any code as a sentencing option for infractions or misdemeanors.

(b) In every case in which a person is convicted of a felony and is eligible for probation, before judgment is pronounced, the court shall immediately refer the matter to the probation officer to investigate and report to the court, at a specified time, upon the circumstances surrounding the crime and the prior history and record of the person, which may be considered either in aggravation or mitigation of the punishment. The probation officer shall immediately investigate and make a written report to the court of his or her findings and recommendations, including his or her recommendations as to the granting or denying of probation and the conditions of probation, if granted. Pursuant to Section 828 of the Welfare and Institutions Code, the probation officer shall include in his or her report any information gathered by a law enforcement agency relating to the taking of the defendant into custody as a minor, which shall be considered for purposes of determining whether adjudications of commissions of crimes as a juvenile warrant a finding that there are circumstances in aggravation pursuant to Section 1170 or to deny probation. The probation officer shall also include in the report his or her determination of whether the defendant is a person who is required to pay a fine pursuant to Section 13967 of the Government Code. At a time fixed by the court, the court shall hear and determine the application, if one has been made, or, in any case, the suitability of probation in the particular case. At the hearing, the court shall consider any report of the probation officer and shall make a statement that it has considered such report which shall be filed with the clerk of the court as a record in the case. (c) If a defendant is not represented by an attorney, the court shall order the probation officer who makes the probation report to discuss its contents with the defendant.

(d) In every case in which a person is convicted of a misdemeanor, the court may either refer the matter to the probation officer for an investigation and a report or summarily pronounce a conditional sentence. If such a case is not referred to the probation officer, in sentencing the person, the court may consider any information concerning the person which could have been included in a probation report. The court shall inform the person of the information to be considered and permit him or her to answer or controvert such information. For this purpose, upon the request of the person, the court shall grant a continuance before the judgment is pronounced.

(e) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not be granted to any of the following persons:

Upon such referral, the probation officer shall immediately investigate the circumstances surrounding the crime and the prior

record and history of the person and make a written report to the court of his or her findings.

(h) In any case in which a defendant is convicted of a felony and a probation report is prepared pursuant to subdivision (b) or (g), the probation officer shall obtain and include in such report a statement of the comments of the victim concerning the offense. All proceeds retained by a district attorney pursuant to this subdivision shall be deposited in the appropriate account as provided by law.

(j) Nothing in this section shall be construed to authorize any district attorney to exercise the powers conferred upon the Attorney General by an act of Congress of September 30, 1976, (P.L. 94-905; 90 Stat. 1983) also known as the Hart-Scott-Rodino Antitrust Improvements Act of 1976, except at the direction of the Attorney General.

SEC. 2. Section 16760 of the Business and Professions Code is amended to read:

16760. (a) (1) The Attorney General may bring a civil action in the name of the people of the State of California, as parens patriae on behalf of natural persons residing in the state, in the superior court of any county which has jurisdiction of a defendant, to secure monetary relief as provided in this section for injury sustained by such natural persons to their property by reason of any violation of this chapter. The court shall exclude from the amount of monetary relief awarded in such action any amount of monetary relief (A) which duplicates amounts which have been awarded for the same injury, or (B) which is properly allocable to (i) natural persons who have excluded their claims pursuant to paragraph (2) of subdivision (b), and (ii) any business entity.

(2) The court shall award the state as monetary relief the total damage sustained as described in paragraph (1), the interest on the total damages pursuant to Section 16761, and the costs of suit, including a reasonable attorney's fee.

(3) The court may, in its discretion, award a reasonable attorney's fee to a prevailing defendant upon a finding that the attorney general or district attorney has acted in bad faith, vexatiously, wantonly, or for oppressive reasons.

(b) (1) In any action brought under this section, the Attorney General shall, at such times, in such manner, and with such content as the court may direct, cause notice thereof to be given by publication. If the court finds that notice given solely by publication would deny due process of law to any person or persons, the court may direct further notice to such person or persons according to the circumstances of the case.

(2) Any person on whose behalf an action is brought under

paragraph (1) of subdivision (a) may elect to exclude from adjudication the portion of the claim for monetary relief attributable to him by filing notice of such election with the court within such time as specified in the notice given pursuant to paragraph (1).

(3) The final judgment in an action under paragraph (1) of subdivision (a) shall be res judicata as to any claim under this section by any person on behalf of whom such action was brought and who fails to give such notice within the period specified in the notice given pursuant to paragraph (1).

(c) An action under paragraph (1) of subdivision (a) shall not be dismissed or compromised without the approval of the court, and notice of any proposed dismissal or compromise shall be given in such manner as the court directs.

(d) In any action under this chapter, where there has been a determination that a defendant agreed to fix prices, damages may be proved and assessed in the aggregate by statistical or sampling methods, by the pro rata allocation of illegal overcharges or of excess profits, or by such other reasonable system of estimating aggregate damages as the court in its discretion may permit without the necessity of separately proving the individual claim of, or amount of damage to, persons on whose behalf the suit was brought.

(e) Monetary relief recovered by the Attorney General under this section shall be distributed as follows:

(1) In such manner as the superior court having jurisdiction over the action in its discretion may authorize to insure, to the extent possible, that each person be afforded a reasonable opportunity to secure his appropriate portion of the monetary relief.

(2) The Attorney General shall retain that portion of the monetary relief awarded by the court as costs of suit and attorney's fee for deposit in the Attorney General Antitrust Account within the General Fund.

(3) To the extent that the monetary relief awarded by the court is not exhausted by distribution under paragraphs (1) and (2), the remaining funds shall be treated under the provisions of Article 3 (commencing with Section 1530) and Article 4 (commencing with Section 1540) of Chapter 7 of Title 10 of Part 3 of the Code of Civil Procedure as if it were unclaimed property, as defined in Section 1300 of the Code of Civil Procedure

(f) The powers granted in this section are in addition to and not in derogation of the powers granted to the Attorney General by common law in respect to bringing actions parens patriae.

(g) The district attorney of any county may prosecute any action on behalf of the natural persons residing in such county which the Attorney General is authorized to bring pursuant to subdivision (a), whenever it appears that the activities giving rise to such prosecution or the effects of such activities occur primarily within such county. Prior to bringing any such action, a district attorney shall comply with the notice requirements provided in subdivision (g) of Section 16750. In any action brought pursuant to this subdivision, the

provisions of subdivisions (a) to (e), inclusive, shall be applicable, except that the portion of monetary relief awarded by the court as attorney's fee and costs shall be retained by the district attorney for deposit in the appropriate account as provided by law.

SEC. 3. Section 16761 is added to the Business and Professions Code, to read:

16761. The court may award, pursuant to a motion by a person who has recovered damages pursuant to Section 16750, or by the Attorney General who has secured monetary relief pursuant to Section 16760, interest on actual damages at the rate of 10 percent per annum for the period beginning on the date of service of such person's or the Attorney General's complaint setting forth a claim for violation of this chapter and ending on the date of judgment, or for any shorter period therein, if the court finds that the award of interest for such period is just in the circumstances. In determining whether an award of interest under this section for any period is just in the circumstances, the court shall consider only the following:

(a) Whether the person, the Attorney General, or the opposing party, or the representative of any of those parties, made motions or asserted claims or defenses so lacking in merit as to show that the party or representative acted intentionally for delay, or otherwise acted in bad faith.

(b) Whether, in the course of the action involved, the person, the Attorney General, or the opposing party, or the representative of any of those parties, violated any applicable rule, statute, or court order providing for sanctions for dilatory behavior or otherwise providing for expeditious proceedings.

(c) Whether the person, the Attorney General, or the opposing party, or the representative of any of those parties, engaged in conduct primarily for the purpose of delaying the litigation or increasing the cost thereof.

CHAPTER 1070

An act to amend Section 25402 of the Public Resources Code, relating to energy resources.

[Approved by Governor September 26, 1983 Filed with Secretary of State September 27, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 25402 of the Public Resources Code is amended to read:

25402. The commission shall, after one or more public hearings, do all of the following, in order to reduce the wasteful, uneconomic, inefficient, or unnecessary consumption of energy:

(a) Prescribe, by regulation, lighting, insulation climate control

system, and other building design and construction standards which increase the efficiency in the use of energy for new residential and new nonresidential buildings. The standards shall be cost effective, when taken in their entirety, and when amortized over the economic life of the structure when compared with historic practice. The commission shall periodically update the standards and adopt any revision which, in its judgment, it deems necessary. Six months after the commission certifies an energy conservation manual pursuant to subdivision (c) of Section 25402.1, no city, county, city and county, or state agency shall issue a permit for any building unless the building satisfies the standards prescribed by the commission pursuant to this subdivision or subdivision (b) of this section which are in effect on the date an application for a building permit is filed.

(b) Prescribe, by regulation, energy conservation design standards for new residential and new nonresidential buildings. The standards shall be performance standards and shall be promulgated in terms of energy consumption per gross square foot of floor space, but may also include devices, systems, and techniques required to conserve energy. The standards shall be cost effective when taken in their entirety, and when amortized over the economic life of the structure when compared with historic practices The commission shall periodically review the standards and adopt any revision which, in its judgment, it deems necessary. A building that satisfies the standards prescribed pursuant to this subdivision need not comply with the standards prescribed pursuant to subdivision (a) of this section. The commission shall comply with the provisions of this subdivision before January 1, 1981.

(c) (1) Prescribe, by regulation, standards for minimum levels of operating efficiency, based on a reasonable use pattern, for all appliances whose use, as determined by the commission, requires a significant amount of energy on a statewide basis. The minimum levels of operating efficiency shall be based on feasible and attainable efficiencies or feasible improved efficiencies which will reduce the electrical energy consumption growth rate. The standards shall become effective no sooner than one year after the date of adoption or revision. No new appliance manufactured on or after the effective date of the standards may be sold or offered for sale in the state, unless it is certified by the manufacturer thereof to be in compliance with the standards. The standards shall be drawn so that they do not result in any added total costs to the consumer over the designed life of the appliances concerned.

(2) No new appliance regulated under paragraph (1), which is manufactured on or after July 1, 1984, may be sold, or offered for sale, in the state, unless the date of manufacture is permanently displayed in an accessible place on that appliance.

(d) Recommend minimum standards of efficiency for the operation of any new facility at a particular site which are technically and economically feasible. No site and related facility shall be

certified pursuant to Chapter 6 (commencing with Section 25500), unless the applicant certifies that standards recommended by the commission have been considered, which certification shall include a statement specifying the extent to which conformance with the recommended standards will be achieved.

Whenever the provisions of this section and the provisions of Chapter 11.5 (commencing with Section 19878) of Part 3 of Division 13 of the Health and Safety Code are in conflict, the commission shall be governed by the provisions of that chapter of the Health and Safety Code to the extent of the conflict.

SEC. 2. Section 25402 of the Public Resources Code is amended to read:

25402. The commission shall, after one or more public hearings, do all of the following, in order to reduce the wasteful, uneconomic, inefficient, or unnecessary consumption of energy:

(a) Prescribe, by regulation, lighting, insulation climate control system, and other building design and construction standards which increase the efficiency in the use of energy for new residential and new nonresidential buildings. The standards shall be cost effective, when taken in their entirety, and when amortized over the economic life of the structure when compared with historic practice. The commission shall periodically update the standards and adopt any revision which, in its judgment, it deems necessary. Six months after the commission certifies an energy conservation manual pursuant to subdivision (c) of Section 25402.1, no city, county, city and county, or state agency shall issue a permit for any building unless the building satisfies the standards prescribed by the commission pursuant to this subdivision or subdivision (b) of this section which are in effect on the date an application for a building permit is filed.

(b) Prescribe, by regulation, energy conservation design standards for new residential and new nonresidential buildings. The standards shall be performance standards and shall be promulgated in terms of energy consumption per gross square foot of floor space, but may also include devices, systems, and techniques required to conserve energy. The standards shall be cost effective when taken in their entirety, and when amortized over the economic life of the structure when compared with historic practices. The commission shall periodically review the standards and adopt any revision which, in its judgment, it deems necessary. A building that satisfies the standards prescribed pursuant to this subdivision need not comply with the standards prescribed pursuant to subdivision (a) of this section. The commission shall comply with the provisions of this subdivision before January 1, 1981.

(c) (1) Prescribe, by regulation, standards for minimum levels of operating efficiency, based on a reasonable use pattern, for all appliances whose use, as determined by the commission, requires a significant amount of energy on a statewide basis. The minimum levels of operating efficiency shall be based on feasible and attainable

efficiencies or feasible improved efficiencies which will reduce the electrical energy consumption growth rate. The standards shall become effective no sooner than one year after the date of adoption or revision. No new appliance manufactured on or after the effective date of the standards may be sold or offered for sale in the state, unless it is certified by the manufacturer thereof to be in compliance with the standards. The standards shall be drawn so that they do not result in any added total costs to the consumer over the designed life of the appliances concerned. At least one year prior to the adoption or amendment of a standard for an appliance, the commission shall notify the Legislature of its intent, and the justification therefor, to adopt or amend a standard for the appliance.

(2) During the period of five years after the commission has adopted a standard for a particular appliance, under paragraph (1), no increase or decrease in the minimum level of operating efficiency required by the standard for that appliance shall become effective.

(3) Neither the commission nor any other state agency shall take any action to decrease any standard adopted under this subdivision on or before January 1, 1984, prescribing minimum levels of operating efficiency for any appliance. Prior to January 1, 1986, the commission shall not take any action to increase any standard prescribing minimum levels of operating efficiency for any appliance or adopt any new standard under paragraph (1). Prior to January 1, 1986, any appliance manufacturer doing business in this state shall provide directly, or through an appropriate trade or industry association, information, as specified by the commission after consultation with manufacturers doing business in the state and appropriate trade or industry associations on sales of appliances so that the commission may study the effects of regulations on those sales. The trade or industry association may submit sales information in an aggregated form in a manner that allows the commission to carry out the purposes of the study. The commission shall treat any sales information of an individual manufacturer as confidential and that information shall not be a public record. The commission shall not request any information that cannot be reasonably produced in the exercise of due diligence by the manufacturer. Notwithstanding paragraph (2) and this paragraph, the commission may do any of the following:

(A) Increase the minimum level of operating efficiency in an existing standard up to the level of the National Voluntary Consensus Standards 90, adopted by the American Society of Heating, Refrigeration, and Air Conditioning Engineers or, for appliances not covered by that standard, up to the level established in a similar nationwide consensus standard.

(B) Change the measure or rating of efficiency of any standard, if the minimum level of operating efficiency remains substantially the same.

(C) Adjust the minimum level of operating efficiency in an existing standard in order to reflect changes in test procedures that

the standards require manufacturers to use in certifying compliance, if the minimum level of operating efficiency remains substantially the same.

(D) Adopt a new standard for an appliance using an innovative design or having an innovative or specialized function, if that appliance is of the same general type and category for which a standard already exists.

(E) Readopt a standard preempted, enjoined, or otherwise found legally defective by an administrative agency or a lower court, if final legal action determines that the standard is valid and if the standard which is readopted is not more stringent than the standard that was found to be defective or preempted.

(F) Adopt or amend any existing or new standard at any level of operating efficiency, if the Governor has declared an energy emergency pursuant to Section 8558 of the Government Code.

(4) No new appliance regulated under paragraph (1), which is manufactured on or after July 1, 1984, may be sold, or offered for sale, in the state, unless the date of the manufacture is permanently displayed in an accessible place on that appliance.

(d) Recommend minimum standards of efficiency for the operation of any new facility at a particular site which are technically and economically feasible. No site and related facility shall be certified pursuant to Chapter 6 (commencing with Section 25500), unless the applicant certifies that standards recommended by the commission have been considered, which certification shall include a statement specifying the extent to which conformance with the recommended standards will be achieved.

Whenever the provisions of this section and the provisions of Chapter 11.5 (commencing with Section 19878) of Part 3 of Division 13 of the Health and Safety Code are in conflict, the commission shall be governed by the provisions of that chapter of the Health and Safety Code to the extent of the conflict.

SEC. 3. Section 2 of this bill incorporates amendments to Section 25402 of the Public Resources Code proposed by both this bill and AB 191. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1984, (2) each bill amends Section 25402 of the Public Resources Code, and (3) this bill is enacted after AB 191, in which case Section 1 of this bill shall not become operative.

(a) The county superintendent of schools of each county, with the consent of the State Board of Education, may establish and maintain, or with one or more counties may establish and maintain, at least one regional occupational center, or regional occupational program, in the county to provide education and training in vocational courses. The governing boards of any school districts maintaining high schools in the county may, with the consent of the State Board of Education and of the county superintendent of schools, cooperate in the establishment and maintenance of a regional occupational center, or regional occupational program, except that if such a school district also maintains 500 or more schools its governing board may establish and maintain one or more regional occupational centers, or regional occupational programs, without such restrictions. A regional occupational center or regional occupational program may be established by two or more school districts maintaining high schools through the use of the staff and facilities of a community college or community colleges serving the same geographic area as the school districts maintaining the high schools, with the consent of the State Board of Education and the county superintendent of schools. The establishment and maintenance of a regional occupational center, or regional occupational program, by two or more school districts may be undertaken pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code. In such a regional occupational center or program, the functions of the county auditor undertaken pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code shall be performed by the county superintendent of schools in a county in which the board of supervisors has transferred educational functions from the county auditor to the county superintendent of schools pursuant to Sections 42649, as added by Chapter 533 of the Statutes of 1977, and 85265.5. If a school district or school districts establish and maintain such a regional occupational center, or regional occupational program, pursuant to this chapter, the county superintendent of schools may, with the consent of the State Board of Education, establish and maintain a separate regional occupational center or centers, or regional occupational program or programs.

(b) Notwithstanding other provisions of this section, a single school district located in a class 1 county, as defined in Section 1205, and having an average daily attendance of 50,000 or more, or a single school district located in a class 2 county, as defined in Section 1206, and having an average daily attendance of 100,000 or more, may apply to the State Board of Education through the county superintendent of schools for permission to establish a regional

occupational center or program. Except as provided in subdivision (c), the State Board of Education shall, within 90 days of receipt of an application, prescribe a procedure whereby the district may establish a center or program in accordance with its application and in compliance with the provisions of the State Plan for Vocational Education. The county superintendent of schools may supervise establishment of the center or program.

(c) The State Board of Education may disapprove a waiver application submitted by a single school district pursuant to Article 3 (commencing with Section 33050) of Chapter 1 of Part 20 for permission to establish a regional occupational center or program which does not meet the requirements of this section if the board determines that the establishment of the center or program would have an adverse effect upon existing regional occupational centers or programs located in school districts which are contiguous to the applicant school district.

The State Board of Education shall establish criteria to measure adverse effect The criteria shall include, but not be limited to, hardship on (1) districts operating regional occupational centers or programs which are contiguous to the applicant district and (2) students of districts operating regional occupational centers or programs which are contiguous to the applicant district.

CHAPTER 1072

An act to amend Sections 1035.2 and 1035.4 of the Evidence Code, relating to counselors.

[Approved by Governor September 26, 1983 Filed with Secretary of State September 27, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 1035.2 of the Evidence Code is amended to read:

1035.2. As used in this article, "sexual assault victim counselor" means a person who is engaged in any office, hospital, institution, or center commonly known as a rape crisis center, whose primary purpose is the rendering of advice or assistance to victims of sexual assault and who has received a certificate evidencing completion of a training program in the counseling of sexual assault victims issued by a counseling center that meets the criteria for the award of a grant established pursuant to Section 13837 of the Penal Code and who meets one of the following requirements:

(a) Be a psychotherapist as defined in Section 1010; or have a master's degree in counseling or a related field; or have one year of counseling experience, at least six months of which is in rape crisis counseling.

(b) Have 40 hours of training as described below and be supervised by an individual who qualifies as a counselor under subdivision (a). The training, to be supervised by a person qualified under subdivision (a), shall include, but not be limited to, the following areas: law, medicine, societal attitudes, crisis intervention and counseling techniques, role playing, referral services, and sexuality.

SEC. 2. Section 1035.4 of the Evidence Code is amended to read:

1035.4. As used in this article, "confidential communication between the sexual assault counselor and the victim" means information transmitted between the victim and the sexual assault counselor in the course of their relationship and in confidence by a means which, so far as the victim is aware, discloses the information to no third persons other than those who are present to further the interests of the victim in the consultation or those to whom disclosures are reasonably necessary for the transmission of the information or an accomplishment of the purposes for which the sexual assault counselor is consulted. The term includes all information regarding the facts and circumstances involving the alleged sexual assault and also includes all information regarding the victim's prior or subsequent sexual conduct, and opinions regarding the victim's sexual conduct or reputation in sexual matters.

The court may compel disclosure of information received by the sexual assault counselor which constitutes relevant evidence of the facts and circumstances involving an alleged sexual assault about which the victim is complaining and which is the subject of a criminal proceeding if the court determines that the probative value outweighs the effect on the victim, the treatment relationship, and the treatment services if disclosure is compelled. The court may also compel disclosure in proceedings related to child abuse if the court determines the probative value outweighs the effect on the victim, the treatment relationship, and the treatment services if disclosure is compelled.

When a court is ruling on a claim of privilege under this article, the court may require the person from whom disclosure is sought or the person authorized to claim the privilege, or both, to disclose the information in chambers out of the presence and hearing of all persons except the person authorized to claim the privilege and such other persons as the person authorized to claim the privilege is willing to have present. If the judge determines that the information is privileged and must not be disclosed, neither he or she nor any other person may ever disclose, without the consent of a person authorized to permit disclosure, what was disclosed in the course of the proceedings in chambers.

If the court determines certain information shall be disclosed, the court shall so order and inform the defendant. If the court finds there is a reasonable likelihood that particular information is subject to disclosure pursuant to the balancing test provided in this section, the following procedure shall be followed:

(1) The court shall inform the defendant of the nature of the information which may be subject to disclosure.

(2) The court shall order a hearing out of the presence of the jury, if any, and at the hearing allow the questioning of the sexual assault counselor regarding the information which the court has determined may be subject to disclosure.

(3) At the conclusion of the hearing, the court shall rule which items of information, if any, shall be disclosed. The court may make an order stating what evidence may be introduced by the defendant and the nature of questions to be permitted. The defendant may then offer evidence pursuant to the order of the court. Admission of evidence concerning the sexual conduct of the complaining witness is subject to Sections 352, 782, and 1103.

CHAPTER 1073

An act to amend Section 1717 of the Civil Code, relating to attorney's fees and costs.

The people of the State of California do enact as follows:

SECTION 1. Section 1717 of the Civil Code is amended to read:

1717. (a) In any action on a contract, where the contract specifically provides that attorney's fees and costs, which are incurred to enforce the provisions of that contract, shall be awarded either to one of the parties or to the prevailing party, then the party who is determined to be the prevailing party, whether he or she is the party specified in the contract or not, shall be entitled to reasonable attorney's fees in addition to costs and necessary disbursements.

Where a contract provides for attorney's fees, as set forth above, such provision shall be construed as applying to the entire contract, unless each party was represented by counsel in the negotiation and execution of the contract, and the fact of that representation is specified in the contract.

Reasonable attorney's fees shall be fixed by the court, upon notice and motion by a party, and shall be an element of the costs of suit.

Attorney's fees provided for by this section shall not be subject to waiver by the parties to any contract which is entered into after the effective date of this section. Any provision in any such contract which provides for a waiver of attorney's fees is void.

(b) (1) The court, upon notice and motion by a party, shall determine who is the prevailing party, whether or not the suit proceeds to final judgment. Except as provided in paragraph (2), the prevailing party shall be the party who is entitled to recover costs of

suit.

(2) Where an action has been voluntarily dismissed or dismissed pursuant to a settlement of the case, there shall be no prevailing party for purposes of this section.

Where the defendant alleges in his or her answer that he or she tendered to the plaintiff the full amount to which he or she was entitled, and thereupon deposits in court, for the plaintiff, the amount so tendered, and the allegation is found to be true, then the defendant is deemed to be a prevailing party within the meaning of this section.

CHAPTER 1074

An act to add Title 5 (commencing with Section 13600) to Part 4 of the Penal Code, relating to peace officer training.

[Approved by Governor September 26, 1983 Filed with Secretary of State September 27, 1983]

SECTION 1. Title 5 (commencing with Section 13600) is added to Part 4 of the Penal Code, to read:

TITLE 5. YOUTH AND ADULT CORRECTIONAL PEACE OFFICER STANDARDS AND TRAINING

13600. (a) The Legislature finds and declares that peace officers of the state correctional system, including youth and adult correctional facilities, have a role in the criminal justice system that has previously been ignored in terms of creation and application of sound selection criteria for applicants and their training prior to assuming their duties. For the purposes of this section, correctional peace officers are peace officers as defined in Section 830 5 and employed by the Department of Corrections or the Department of the Youth Authority.

The Legislature further finds that sound applicant selection and training are essential to public safety and in carrying out the missions of the Youth and Correctional Agency in the custody and care of the state's offender population. The greater degree of professionalism which will result from sound screening criteria and a significant training curriculum will greatly aid the Youth and Adult Correctional Agency in maintaining smooth, efficient, and safe operations and effective programs in the Departments of Corrections and the Youth Authority.

(b) It is the intent of the Legislature that the training divisions of the Departments of Corrections and the Youth Authority shall each accomplish any research for creating permanent standards for

selection of correctional peace officer cadets and expansion of training curriculum to insure economics in selecting and training correctional peace officer staffs and to insure that cadets meet standards of physical, mental, emotional and moral fitness.

13601. The training divisions of the Department of Corrections and the Youth Authority shall create advanced correctional peace officer, supervisory, and management curricula. When a correctional peace officer is promoted, he or she shall be required to complete these secondary training experiences as a prerequisite to successful passage of probation.

The training divisions shall also provide training to correctional peace officers in the handling of stress associated with their duties.

13602. The departments shall jointly use the training academy at Galt. The training divisions, in using the funds, shall endeavor to minimize costs of administration so that a maximum amount of the funds will be used for providing training and support to correctional peace officers, while being trained, by the departments.

The policy shall include a loss payee endorsement that provides coverage to any lending institution as its interest may appear. In addition, the contract shall conspicuously state the name and address of the licensed underwriting insurer and contain a statement that the holder shall be entitled to make a direct claim against that insurer upon the failure of the maker to pay any claim within sixty days after proof of loss has been filed with the maker. (a) To make or disseminate or cause to be made or disseminated before the public in this state, in any newspaper or other publication, or any advertising device, or by public outcry or proclamation, or by any other manner or means whatsoever, any statement which is untrue or misleading, and which is known, or which by the exercise of reasonable care should be known, to be untrue or misleading, or to so make or disseminate or cause to be so disseminated any statement as part of a plan or scheme with the intent not to sell any manufactured home, mobilehome, or commercial coach or service so advertised at the price therein, or as so advertised.

(b) To advertise or offer for sale or exchange in any manner, any manufactured home, mobilehome, or commercial coach not actually for sale at the premises of the dealer or available to the dealer from the manufacturer or distributor of the manufactured home, mobilehome, or commercial coach at the time of the advertisement or offer. However, this subdivision does not apply to advertising or offering for sale or exchange any used manufactured home, used mobilehome, or used commercial coach, other than a recreational vehicle, where the advertising or offering for sale is not contrary to any terms of a contract between the seller of the manufactured home, mobilehome, or commercial coach and the owner of the mobilehome park, and which manufactured home, mobilehome, or commercial coach is either in place on a lot rented or leased for human habitation within an established mobilehome park, or is otherwise located, pursuant to a local zoning ordinance or permit, on a lot where its presence has been authorized or its continued

presence and use would be authorized for a total and uninterrupted period of at least one year.

(d) To advertise or represent a manufactured home, mobilehome, or commercial coach as a new manufactured home, mobilehome, or commercial coach if the manufactured home, mobilehome, or commercial coach has been previously installed as a model without also advertising that it was a model.

(e) To advertise or otherwise represent, or knowingly to allow to be advertised or represented on his or her behalf, or at his or her established place of business, that no downpayment is required in connection with the sale of a manufactured home, mobilehome, or commercial coach when a downpayment is in fact required and the buyer is advised or induced to finance the downpayment by a loan in addition to any other loan financing the remainder of the purchase price of the manufactured home, mobilehome, or commercial coach.

SEC. 42. Section 18062.5 of the Health and Safety Code is amended to read:

18062.5. It is unlawful for any manufacturer or distributor to coerce or attempt to coerce any dealer in this state to do any of the following:

(a) Order or accept delivery of any manufactured home, mobilehome, or commercial coach, part or accessory thereof, appliance, equipment or any other commodity not required by law which shall not have been voluntarily ordered by the dealer.

(b) Order or accept delivery of any manufactured home, mobilehome, or commercial coach with special features, appliances, accessories or equipment not included in the list price of the manufactured home, mobilehome, or commercial coach as publicly advertised by the manufacturer or distributor.

(c) Order for any person any parts, accessories, equipment, machinery, tools, appliances, or any commodity whatsoever.

(d) Participate in an advertising campaign or contest, any promotional campaign, promotional materials, training materials, showroom or other display decorations or materials at the sole expense of the dealer.

(e) Enter into any agreement with the manufacturer or distributor or to do any other act prejudicial to the dealer by threatening to cancel a franchise or any contractual agreement existing between the dealer and manufacturer or distributor. Notice in good faith to any dealer of the dealer's violation of any terms or provisions of the franchise or contractual agreement shall not constitute a violation of this section.

SEC. 43. Section 18062.8 of the Health and Safety Code is amended to read:

18062.8. It is unlawful for any manufacturer or distributor licensed under this part to do any of the following:

(a) Refuse or fail to deliver, in reasonable quantities and within a reasonable time after receipt of an order from a dealer having a franchise for the retail sale of any new manufactured home, mobilehome, or commercial coach sold or distributed by the manufacturer or distributor, any new manufactured home, mobilehome, or commercial coach or parts or accessories to new manufactured homes, mobilehomes, or commercial coaches that are covered by the franchise, if the mobilehome or commercial coach, parts or accessories are publicly advertised as being available for delivery or actually being delivered. This subdivision is not violated, however, if the failure is caused by acts or causes beyond the control of the manufacturer or distributor.

(b) Prevent or require or attempt to prevent or require, by contract or otherwise, any change in the capital structure of a dealership, if the dealer at all times meets any reasonable capital standards agreed to by the dealer and the manufacturer or distributor, and also provided that no change in capital structure shall cause a change in the principal management or have the effect of a sale of the franchise without the consent of the manufacturer or distributor.

(c) Prevent or require, or attempt to prevent or require, a dealer to change the executive management of a dealership, other than the principal dealership operator or operators, if the franchise was granted the dealer in reliance upon the personal qualifications of that person or persons.

(d) Prevent or require, or attempt to prevent or require, by contract or otherwise, any dealer, or any officer, partner, or stockholder of any dealership, to participate in the sale or transfer of any part of the interest of any of them to any other person or persons. No dealer, officer, partner, or stockholder shall, however, have the right to sell, transfer, or assign the franchise, or any right thereunder, without the consent of the manufacturer or distributor if the consent is not unreasonably withheld.

(e) Prevent, or attempt to prevent, a dealer from receiving fair and reasonable compensation for the value of the franchised business. There shall be no transfer or assignment of the dealer's franchise without the consent of the manufacturer or distributor, if the consent is not unreasonably withheld.

(f) Obtain money, goods, services, or any other benefit from any other person with whom the dealer does business, on account of, or in relation to, the transaction between the dealer and any other person, other than for compensation for services rendered, unless the benefit is promptly accounted for, and transmitted to, the dealer.

(g) Require a dealer to prospectively assent to a release, assignment, novation, waiver, or estoppel which would relieve any person from liability imposed by this part or to require any controversy between a dealer and a manufacturer or distributor to be referred to any person other than the department, if the referral would be binding on the dealer. This subdivision shall not, however,

prohibit arbitration before an independent arbitrator.

(h) Increase prices of manufactured homes, mobilehomes, or commercial coaches which the dealer had ordered for private retail consumers prior to the dealer's receipt of the written official price increase notification. A sales contract signed by a private retail consumer shall constitute evidence of each order. In the event of manufacturer price reductions, the amount of any reduction received by a dealer shall be passed on to the private retail consumer by the dealer if the retail price was negotiated on the basis of the previous higher price to the dealer. Price reductions shall apply to all manufactured homes, mobilehomes, and commercial coaches in the dealer's inventory which were subject to the price reduction. Price differences applicable to new model or series manufactured homes, mobilehomes, or commercial coaches at the time of the introduction of new models or series shall not be considered a price increase or price decrease. Price changes caused by either of the following shall not be subject to the provisions of this subdivision:

(1) The addition to a manufactured home, mobilehome, or commercial coach of required or optional equipment pursuant to state or federal law.

(2) Revaluation of the United States dollar in the case of foreign-made manufactured homes, mobilehomes, or commercial coaches.

(i) Fail to pay to a dealer, within a reasonable time following receipt of a valid claim by a dealer thereof, any payment agreed to be made by the manufacturer or distributor to the dealer by reason of the fact that a new manufactured home, mobilehome, or commercial coach of a prior year model is in the dealer's inventory at the time of introduction of new model manufactured homes, mobilehomes, or commercial coaches. A manufacturer or distributor shall not authorize or enable any new model to be delivered by dealers at retail more than 30 days prior to the eligibility date of the model change allowance payment for prior year model manufactured homes, mobilehomes, or commercial coaches.

(j) Deny the widow or heirs designated by a deceased owner of a dealership, the opportunity to participate in the ownership of the dealership or successor dealership under a valid franchise for a reasonable time after the death of the owner.

(k) Offer any refunds or other types of inducements to any dealer or other person for the purchase of new manufactured homes, mobilehomes, or commercial coaches of a certain make and model to be sold to the state or any political subdivision thereof without making the same offer to all other dealers in the same make and model within the relevant market area.

(*l*) Employ a person as a distributor who has not been licensed pursuant to this chapter.

(m) Deny any dealer the right of free association with any other dealer for any lawful purpose.

(n) Compete with a dealer in the same make and model operating

under an agreement or franchise from a manufacturer or distributor in the relevant market area. A manufacturer or distributor shall not, however, be deemed to be competing when operating a dealership either temporarily for a reasonable period, or in a bona fide retail operation which is for sale to any qualified independent person at a fair and reasonable price, or in a bona fide relationship in which an independent person has made a significant investment subject to loss in the dealership and can reasonably expect to acquire full ownership of the dealership on reasonable terms and conditions.

(o) Unfairly discriminate among its franchisees with respect to warranty reimbursement or authority granted its franchisees to make warranty adjustments with retail customers.

(p) Sell manufactured homes, mobilehomes, or commercial coaches to persons not licensed under this part for resale.

(q) Fail to exercise reasonable supervision over the activities of employees who negotiate or promote the sale of manufactured homes, mobilehomes, or commercial coaches.

A charge of three dollars ($3) for each transportable section shall be added to delinquent registration fees. No additional charge shall be imposed on a registration fee received by mail after the date of delinquency if the fee was, by evidence of postmark, placed in the mail before midnight on the date of delinquency.

The market value shall be determined by the department upon the basis of the original sales price of the manufactured home, mobilehome, or commercial coach when first sold to a consumer as a new manufactured home, mobilehome, or commercial coach. The annual amount of the fee charged to the owner of a manufactured home or mobilehome subject to a license fee which replaces a manufactured home or mobilehome destroyed, on or after January 1, 1982, as the result of a disaster declared by the Governor, and which meets the requirements of Chapter 2.6 (commencing with Section 172) of Part 1 of Division 1 of the Revenue and Taxation Code, shall be determined in accordance with Section 172.1 of the Revenue and Taxation Code. 18118. SEC. 90. Section 18122.5 of the Health and Safety Code is amended to read:

If the applicant so desires, he or she may pay the use tax and penalty, if any, to the department so as to secure immediate action upon his or her application for registration or transfer of registration, and thereafter he or she may apply through the department to the State Board of

Equalization under the provisions of the Sales and Use Tax Law for a refund of the amount so paid.

(b) The department shall transmit to the State Board of Equalization all collections of use tax and penalty made under this section. This transmittal shall be made at least monthly, accompanied by a schedule, in such form as the department and board may prescribe.

(c) The State Board of Equalization shall reimburse the department for its costs incurred in carrying out the provisions of this section. The reimbursement shall be effected under agreement between the agencies, approved by the Department of Finance.

(d) In computing any use tax or penalty thereon under the provisions of this section, a fraction of a dollar shall be disregarded, unless it exceeds fifty cents ($0.50), in which case it shall be treated as the next higher full dollar. Computation of any penalty shall be made from the tax after the same has been computed as provided in this section. Any tax or penalty in the amount of one dollar ($1) or less shall be one dollar ($1). Payment of tax and penalty on this basis shall be deemed full compliance with the requirements of the Sales and Use Tax Law insofar as the requirements are applicable to the use of manufactured homes, mobilehomes, or commercial coaches to which this section relates.

18250. The Legislature finds and declares that increasing numbers of Californians live in manufactured homes and mobilehomes and that most of those living in such manufactured homes and mobilehomes reside in mobilehome parks. Because of the high cost of moving manufactured homes and mobilehomes, most

owners of manufactured homes and mobilehomes reside within mobilehome parks for substantial periods of time. Because of the relatively permanent nature of residence in such parks and the substantial investment which a manufactured home or mobilehome represents, residents of mobilehome parks are entitled to live in conditions which assure their health, safety, general welfare, and a decent living environment, and which protect the investment of their manufactured homes and mobilehomes.

SEC. 106. Section 18253 of the Health and Safety Code is amended to read:

18253. The Legislature finds and declares that the specific requirements relating to construction, maintenance, occupancy, use, and design of mobilehome parks are best developed by the Department of Housing and Community Development in accordance with the criteria established by the provisions of this part. Placing such responsibility with the department will allow for modifications of specific requirements in a rapid fashion and in a manner responsive to the needs of mobilehome park residents and owners. However, the necessity for avoiding conflicting building standards with their attendant cost and confusion is best fulfilled by approval and publication of all building standards by one state agency pursuant to the provisions of the State Building Standards Law, Part 2.5 (commencing with Section 18901) of this division.

SEC. 107. Section 18300 of the Health and Safety Code, as amended by Section 3 of Chapter 974 of the Statutes of 1981, is amended to read:

18300. (a) The provisions of this part apply to all parts of the state and supersede any ordinance enacted by any city, county, or city and county, whether general law or chartered, applicable to the provisions of this part. Except as provided in Section 18930, the department may adopt regulations to interpret and make specific the provisions of this part and when adopted such regulations shall apply to all parts of the state.

(b) Upon 30 days' written notice from the governing body to the department, any city, county, or city and county may assume the responsibility for the enforcement of this part, the building standards published in the State Building Standards Code relating to mobilehome parks, recreational vehicle parks, temporary recreational vehicle parks, incidental camping areas, and tent camps, and the regulations adopted pursuant to the provisions of this part following approval by the department for such assumption.

(c) The department shall adopt regulations which set forth the conditions for assumption and may include required qualifications of local enforcement agencies. The conditions set forth and the qualifications required in the regulations which set forth the conditions for assumption shall relate solely to the ability of local agencies to enforce properly the building standards published in the State Building Standards Code relating to mobilehome parks, recreational vehicle parks, temporary recreational vehicle parks,

incidental camping areas, and tent camps, and the other regulations relating to mobilehome parks promulgated pursuant to this part. The regulations which set forth the conditions for assumption shall not set requirements for local agencies different than those which the state maintains for its own enforcement program. When assumption is approved, the department shall transfer the responsibility for enforcement to the city, county, or city and county, together with all records of mobilehome parks within the jurisdiction of the city, county, or city and county.

(d) (1) In the event of nonenforcement of the provisions of this part, the building standards published in the State Building Standards Code relating to mobilehome parks, recreational vehicle parks, temporary recreational vehicle parks, incidental camping areas, and tent camps, or the other regulations adopted pursuant to the provisions of this part by a city, county, or city and county, the department shall enforce the provisions of this part, the building standards published in the State Building Standards Code relating to mobilehome parks, recreational vehicle parks, temporary recreational vehicle parks, incidental camping areas, and tent camps, and the other regulations adopted pursuant to the provisions of this part in any such city, county, or city and county after the department has given written notice to the governing body of such city, county, or city and county setting forth in what respects the city, county, or city and county has failed to discharge its responsibility, and the city, county, or city and county has failed to initiate corrective measures to carry out its responsibility within 30 days of such notice

(2) Where the department determines that the local enforcement agency is not properly enforcing this part, the local enforcement agency shall have the right to appeal such a decision to the director of the department

(e) Any city, city and county, or county, upon written notice from the governing body to the department, may cancel its assumption of responsibility for the enforcement of this part. The department, upon receipt of such notice, shall assume such responsibility within 30 days.

(f) Every city, county, or city and county, within its jurisdiction, shall enforce all of the provisions of this part, the building standards published in the State Building Standards Code relating to mobilehome parks, recreational vehicle parks, temporary recreational vehicle parks, incidental camping areas, and tent camps, and the other regulations adopted pursuant to the provisions of this part, as they relate to manufactured homes or mobilehomes and to mobilehome accessory buildings or structures located outside of mobilehome parks.

(g) The provisions of this part shall not prevent local authorities of any city, county, or city and county, within the reasonable exercise of their police powers.

(1) From establishing, subject to the requirements of Sections 65852.3 and 65852.7 of the Government Code, certain zones for

manufactured homes, mobilehomes, or mobilehome parks, recreational vehicle parks, temporary recreational vehicle parks, or tent camps within such city, county, or city and county, or establishing types of uses and locations, including family mobilehome parks, adult mobilehome parks, mobilehome condominiums, mobilehome subdivisions, or mobilehome planned unit developments within such city, county, or city and county, as defined in the zoning ordinance, or from adopting rules and regulations by ordinance or resolution prescribing park perimeter walls or enclosures on public street frontage, signs, access, and vehicle parking or from prescribing the prohibition of certain uses for mobilehome parks, recreational vehicle parks, temporary recreational vehicle parks, or tent camps.

(2) From regulating the construction and use of equipment and facilities located outside of a manufactured home, mobilehome, or recreational vehicle used to supply gas, water, or electricity thereto, except facilities owned, operated, and maintained by a public utility, or to dispose of sewage or other waste therefrom when such facilities are located outside a mobilehome park, recreational vehicle park, or temporary recreational vehicle park for which a permit is required by this part, or the regulations adopted pursuant thereto.

(3) From requiring a permit to use a manufactured home, mobilehome, or recreational vehicle outside a mobilehome park, recreational vehicle park, or temporary recreational vehicle park for which a permit is required by this part or by regulations adopted pursuant thereto, and require a fee therefor by local ordinance commensurate with the cost of enforcing this part and local ordinance with reference to the use of manufactured homes, mobilehomes, and recreational vehicles, which permit may be refused or revoked if such use violates any provisions of this part or Part 2 (commencing with Section 18000) of this division, any regulations adopted pursuant thereto, or any local ordinance applicable to such use.

(4) From requiring a local building permit to construct an accessory structure for a manufactured home or mobilehome when such manufactured home or mobilehome is located outside a mobilehome park, recreational vehicle park or temporary recreational vehicle park, under circumstances which the provisions of this part or Part 2 (commencing with Section 18000) of this division and the regulations adopted pursuant thereto do not require the issuance of a permit therefor by the department.

(h) (1) A city, including a charter city, county, or city and county, shall not require the average density in a new mobilehome park to be less than that permitted by the applicable zoning ordinance, plus any density bonus, as defined in Section 65915 of the Government Code, for other affordable housing forms.

(2) A city, including a charter city, county, or city and county, shall not require a new mobilehome park to include a clubhouse. Recreational facilities, recreational areas, accessory structures, or

improvements may be required only to the extent that such facilities or improvements are required in other types of residential developments containing a like number of residential dwelling units.

(i) This section shall remain in effect only until January 1, 1988, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends such date.

SEC. 108. Section 18300 of the Health and Safety Code, as added by Section 4 of Chapter 974 of the Statutes of 1981, is amended to read:

18300. (a) The provisions of this part apply to all parts of the state and supersede any ordinance enacted by any city, county, or city and county, whether general law or chartered, applicable to the provisions of this part. Except as provided in Section 18930, the department may adopt regulations to interpret and make specific the provisions of this part and when adopted such regulations shall apply to all parts of the state.

(b) Upon 30 days' written notice from the governing body to the department, any city, county, or city and county may assume the responsibility for the enforcement of this part, the building standards published in the State Building Standards Code relating to mobilehome parks, recreational vehicle parks, temporary recreational vehicle parks, incidental camping areas, and tent camps, and the regulations adopted pursuant to the provisions of this part following approval by the department for such assumption.

(c) The department shall adopt regulations which set forth the conditions for assumption and may include required qualifications of local enforcement agencies. The conditions set forth and the qualifications required in the regulations which set forth the conditions for assumption shall relate solely to the ability of local agencies to enforce properly the building standards published in the State Building Standards Code relating to mobilehome parks, recreational vehicle parks, temporary recreational vehicle parks, incidental camping areas, and tent camps, and the other regulations relating to mobilehome parks promulgated pursuant to this part. The regulations which set forth the conditions for assumption shall not set requirements for local agencies different than those which the state maintains for its own enforcement program. When assumption is approved, the department shall transfer the responsibility for enforcement to the city, county, or city and county, together with all records of mobilehome parks within the jurisdiction of the city, county, or city and county.

(d) (1) In the event of nonenforcement of the provisions of this part, the building standards published in the State Building Standards Code relating to mobilehome parks, recreational vehicle parks, temporary recreational vehicle parks, incidental camping areas, and tent camps, or the other regulations adopted pursuant to the provisions of this part by a city, county, or city and county, the department shall enforce the provisions of this part, the building standards published in the State Building Standards Code relating to

mobilehome parks, recreational vehicle parks, temporary recreational vehicle parks, incidental camping areas, and tent camps, and the other regulations adopted pursuant to the provisions of this part in any such city, county, or city and county after the department has given written notice to the governing body of such city, county, or city and county setting forth in what respects the city, county, or city and county has failed to discharge its responsibility, and the city, county, or city and county has failed to initiate corrective measures to carry out its responsibility within 30 days of such notice.

(2) Where the department determines that the local enforcement agency is not properly enforcing this part, the local enforcement agency shall have the right to appeal such a decision to the director.

(e) Any city, city and county, or county, upon written notice from the governing body to the department, may cancel its assumption of responsibility for the enforcement of this part. The department, upon receipt of such notice, shall assume such responsibility within 30 days.

(f) Every city, county, or city and county, within its jurisdiction, shall enforce all of the provisions of this part, the building standards published in the State Building Standards Code relating to mobilehome parks, recreational vehicle parks, temporary recreational vehicle parks, incidental camping areas, and tent camps, and the other regulations adopted pursuant to the provisions of this part, as they relate to manufactured homes, mobilehomes, and to manufactured home or mobilehome accessory buildings or structures located outside of mobilehome parks.

(g) The provisions of this part shall not prevent local authorities of any city, county, or city and county, within the reasonable exercise of their police powers:

(1) From establishing, subject to the requirements of Section 65852.3 of the Government Code, certain zones for manufactured homes or mobilehomes or mobilehome parks, recreational vehicle parks, temporary recreational vehicle parks, or tent camps within such city, county, or city and county, or establishing types of uses and locations, including family mobilehome parks, adult mobilehome parks, mobilehome condominiums, mobilehome subdivisions, or mobilehome planned unit developments within such city, county, or city and county, as defined in the zoning ordinance, or from adopting rules and regulations by ordinance or resolution prescribing standards of lot, yards, or park area, landscaping, walls or enclosures, signs, access, and vehicle parking or from prescribing the prohibition of certain uses for mobilehome parks, recreational vehicle parks, temporary recreational vehicle parks, or tent camps.

(2) From regulating the construction and use of equipment and facilities located outside of a manufactured home, mobilehome, or recreational vehicle used to supply gas, water, or electricity thereto, except facilities owned, operated, and maintained by a public utility, or to dispose of sewage or other waste therefrom when such facilities are located outside a mobilehome park, recreational vehicle park, or

temporary recreational vehicle park for which a permit is required by this part, or the regulations adopted pursuant thereto.

(3) From requiring a permit to use a mobilehome or recreational vehicle outside a mobilehome park, recreational vehicle park, or temporary recreational vehicle park for which a permit is required by this part or by regulations adopted pursuant thereto, and require a fee therefor by local ordinance commensurate with the cost of enforcing this part and local ordinance with reference to the use of mobilehomes and recreational vehicles, which permit may be refused or revoked if such use violates any provisions of this part or Part 2 (commencing with Section 18000) of this division, any regulations adopted pursuant thereto, or any local ordinance applicable to such use.

(4) From requiring a local building permit to construct an accessory structure for a manufactured home or mobilehome when such manufactured home or mobilehome is located outside a mobilehome park, recreational vehicle park, or temporary recreational vehicle park, under circumstances which the provisions of this part or Part 2 (commencing with Section 18000) of this division and the regulations adopted pursuant thereto do not require the issuance of a permit therefor by the department.

(h) This section shall become operative January 1, 1988.

CHAPTER 1078

An act to add Chapter 2.4 (commencing with Section 999i) to Title 6 of Part 2 of the Penal Code, relating to crimes.

[Approved by Governor September 26, 1983 Filed with Secretary of State September 27, 1983]

The people of the State of California do enact as follows

SECTION 1. Chapter 2.4 (commencing with Section 999i) is added to Title 6 of Part 2 of the Penal Code, to read:

CHAPTER 2 4. REPEAT SEXUAL OFFENDERS

999i. The Legislature hereby finds that repeat sexual offenders present a clear and present danger to the mental and physical well-being of the citizens of the State of California, especially of its children. The Legislature further finds that the concept of vertical prosecution, in which one deputy district attorney is assigned to a case from its filing to its completion, is a proven way of demonstrably increasing the likelihood of convicting repeat sex offenders and ensuring appropriate sentences for such offenders. In enacting this chapter, the Legislature intends to support increased efforts by district attorneys' offices to prosecute repeat sexual offenders through organizational and operational techniques that have already proven their effectiveness in selected counties in this and other states, as demonstrated by the California Career Criminal Prosecution Program and the California Gang Violence Suppression

Program, as well as sexual assault prosecution units in several counties.

999j. (a) There is hereby established in the Office of Criminal Justice Planning a program of financial and technical assistance for district attorneys' offices, designated the Repeat Sexual Offender Prosecution Program. All funds appropriated to the Office of Criminal Justice Planning for the purposes of this chapter shall be administered and disbursed by the executive director of such office, and shall to the greatest extent feasible, be coordinated or consolidated with any federal or local funds that may be made available for these purposes.

The Office of Criminal Justice Planning shall establish guidelines for the provision of grant awards to proposed and existing programs prior to the allocation of funds under this chapter. These guidelines shall contain the criteria for the selection of agencies to receive funding, as developed in consultation with an advisory group to be known as the Repeat Sexual Offender Prosecution Program Steering Committee The membership of the Steering Committee shall be designated by the Executive Director of the Office of Criminal Justice Planning.

A draft of the guidelines shall be developed and submitted to the Chairpersons of the Assembly Criminal Law and Public Safety Committee and the Senate Judiciary Committee within 60 days of the effective date of this chapter and issued within 90 days of the same effective date. These guidelines shall set forth the terms and conditions upon which the Office of Criminal Justice Planning is prepared to offer grants pursuant to statutory authority. The guidelines shall not constitute rules, regulations, orders, or standards of general application

(b) The executive director is authorized to allocate and award funds to counties in which repeat sexual offender prosecution units are established or are proposed to be established in substantial compliance with the policies and criteria set forth below in Sections 999k, 999*l*, and 999m.

(c) Such allocation and award of funds shall be made upon application executed by the county's district attorney and approved by its board of supervisors. Funds disbursed under this chapter shall not supplant local funds that would, in the absence of the California Repeat Sexual Offender prosecution program, be made available to support the prosecution of repeat sexual offender felony cases. Local grant awards made under this program shall not be subject to review as specified in Section 14780 of the Government Code.

(d) Annually, commencing January 1985, or after one year of program operation, the executive director shall, in cooperation with local district attorneys whose offices are selected for funding, prepare a report to the Legislature describing the operation and results of the statewide program.

999k. Repeat sexual offender prosecution units receiving funds under this chapter shall concentrate enhanced prosecution efforts

and resources upon individuals identified under selection criteria set forth in Section 999*l*. Enhanced prosecution efforts and resources shall include, but not be limited to:

(a) Vertical prosecutorial representation, whereby the prosecutor who makes the initial filing or appearance in a repeat sexual offender case will perform all subsequent court appearances on that particular case through its conclusion, including the sentencing phase.

(b) The assignment of highly qualified investigators and prosecutors to repeat sexual offender cases. "Highly qualified" for the purposes of this chapter shall be defined as: (1) individuals with one year of experience in the investigation and prosecution of felonies or specifically the felonies listed in subdivision (a) of Section 999*l*; or (2) individuals whom the district attorney has selected to receive training as set forth in Section 13836; or (3) individuals who have attended a program providing equivalent training as approved by the Office of Criminal Justice Planning.

(c) A significant reduction of caseloads for investigators and prosecutors assigned to repeat sexual offender cases.

(d) Coordination with local rape victim counseling centers, child abuse services programs, and victim witness assistance programs. Such coordination shall include, but not be limited to: referrals of individuals to receive client services; participation in local training programs; membership and participation in local task forces established to improve communication between criminal justice system agencies and community service agencies; and cooperating with individuals serving as liaison representatives of local rape victim counseling centers and victim witness assistance programs.

999*l*. (a) An individual shall be the subject of a repeat sexual offender prosecution effort who is under arrest for the commission or attempted commission of one or more of the following offenses: assault with intent to commit rape, sodomy, oral copulation or any violation of Section 264.1, Section 288, or Section 289; rape, in violation of Section 261, sexual battery, in violation of Section 243.4; sodomy, in violation of Section 286; lewd acts on a child under 14, in violation of Section 288; oral copulation, in violation of Section 288a; penetration of genital or anal openings by a foreign object, in violation of Section 289; and (1) who is being prosecuted for offenses involving two or more separate victims, or (2) who is being prosecuted for the commission or attempted commission of three or more separate offenses not arising out of the same transaction involving one or more of the above-listed offenses, or (3) who has suffered at least one conviction during the preceding 10 years for any of the above-listed offenses. For purposes of this chapter, the 10-year periods specified in this section shall be exclusive of any time which the arrested person has served in state prison or in a state hospital pursuant to a commitment as a mentally disordered sex offender.

(b) In applying the repeat sexual offender selection criteria set forth above: (1) a district attorney may elect to limit repeat sexual offender prosecution efforts to persons arrested for any one or more

of the offenses listed in subdivision (a) if crime statistics demonstrate that the incidence of such one or more offenses presents a particularly serious problem in the county; (2) a district attorney shall not reject cases for filing exclusively on the basis that there is a family or personal relationship between the victim and the alleged offender.

(c) In exercising the prosecutorial discretion granted by Section 999n, the district attorney shall consider the following. (1) the character, the background, and prior criminal background of the defendant, and (2) the number and seriousness of the offenses currently charged against the defendant.

(a) All reasonable prosecutorial efforts will be made to resist the pretrial release of a charged defendant meeting repeat sexual offender selection criteria.

(b) All reasonable prosecutorial efforts will be made to persuade the court to impose the most severe authorized sentence upon a person convicted after prosecution as a repeat sexual offender. In the prosecution of an intrafamily sexual abuse case, discretion may be exercised as to the type and nature of sentence recommended to the court.

(c) All reasonable prosecutorial efforts will be made to reduce the time between arrest and disposition of charge against an individual meeting repeat sexual offender criteria.

999n. (a) The selection criteria set forth in Section 999*l* shall be adhered to for each repeat sexual offender case unless, in the reasonable exercise of prosecutor's discretion, extraordinary circumstances require departure from such policies in order to promote the general purposes and intent of this chapter.

(b) Each district attorney's office establishing a repeat sexual offender prosecution unit and receiving state support under this chapter shall submit the following information, on a quarterly basis, to the Office of Criminal Justice Planning:

(1) The number of sexual assault cases referred to the district attorney's office for possible filing.

(2) The number of sexual assault cases filed for felony prosecution.

(3) The number of sexual assault cases taken to trial.

(4) The percentage of sexual assault cases tried which resulted in conviction.

999o. The characterization of a defendant as a "repeat sexual offender" as defined by this chapter shall not be communicated to the trier of fact.

999p. The Office of Criminal Justice Planning is encouraged to utilize any federal funds which may become available in order to implement the provisions of this chapter.

CHAPTER 1079

An act to amend Sections 1245.230 and 1250.125 of the Code of Civil Procedure, and to amend Section 7267.2 of the Government Code, relating to eminent domain.

[Approved by Governor September 26, 1983 Filed with Secretary of State September 27, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 1245.230 of the Code of Civil Procedure is amended to read:

1245.230. In addition to other requirements imposed by law, the resolution of necessity shall contain all of the following:

(a) A general statement of the public use for which the property is to be taken and a reference to the statute that authorizes the public entity to acquire the property by eminent domain.

(b) A description of the general location and extent of the property to be taken, with sufficient detail for reasonable identification.

(c) A declaration that the governing body of the public entity has found and determined each of the following:

(1) The public interest and necessity require the proposed project.

(2) The proposed project is planned or located in the manner that will be most compatible with the greatest public good and the least private injury.

(3) The property described in the resolution is necessary for the proposed project.

(4) That either the offer required by Section 7267.2 of the Government Code has been made to the owner or owners of record, or the offer has not been made because the owner cannot be located with reasonable diligence.

If at the time the governing body of a public entity is requested to adopt a resolution of necessity and the project for which the property is needed has been determined by the public entity to be an emergency project, which project is necessary either to protect or preserve health, safety, welfare, or property, the requirements of Section 7267.2 of the Government Code need not be a prerequisite to the adoption of an authorizing resolution at the time. However, in those cases the provisions of Section 7267.2 of the Government Code shall be implemented by the public entity within a reasonable time thereafter but in any event, not later than 90 days after adoption of the resolution of necessity.

SEC. 2. Section 1250.125 of the Code of Civil Procedure is amended to read:

1250.125. (a) Where summons is served by publication, the publication may name only the defendants to be served thereby and

describe only the property in which the defendants to be served thereby have or claim interests.

(b) Judgment based on failure to appear and answer following service under this section shall be conclusive against the defendants named in respect only to property described in the publication.

(c) Notwithstanding subdivision (b), a defendant who did not receive the offer required by Section 7267.2 of the Government Code because the owner could not be located with reasonable diligence, who was served by publication, and who failed to appear, may contest the amount of compensation within one year of the judgment and for good cause shown, whereupon that issue shall be litigated according to the provisions of this title.

SEC. 3. Section 7267.2 of the Government Code is amended to read:

7267.2. Prior to adopting a resolution of necessity pursuant to Section 1245.230 and initiating negotiations for the acquisition of real property, the public entity shall establish an amount which it believes to be just compensation therefor, and shall make an offer to the owner or owners of record to acquire the property for the full amount so established, unless the owner cannot be located with reasonable diligence. The offer may be conditioned upon the legislative body's ratification of the offer by execution of a contract of acquisition or adoption of a resolution of necessity or both. In no event shall such amount be less than the public entity's approved appraisal of the fair market value of the property Any decrease or increase in the fair market value of real property to be acquired prior to the date of valuation caused by the public improvement for which the property is acquired, or by the likelihood that the property would be acquired for such improvement, other than that due to physical deterioration within the reasonable control of the owner or occupant, shall be disregarded in determining the compensation for the property. The public entity shall provide the owner of real property to be acquired with a written statement of, and summary of the basis for, the amount it established as just compensation Where the property involved is owner occupied residential property and contains no more than four residential units, the homeowner shall, upon request, be allowed to review a copy of the appraisal upon which the offer is based. Where appropriate, the just compensation for the real property acquired and for damages to remaining real property shall be separately stated.

[Approved by Governor September 26, 1983. Filed with Secretary of State September 27, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Section 11167.5 is added to the Penal Code, to read:

11167.5. (a) The reports required by Section 11166 shall be confidential and may be disclosed only as provided in subdivision (b). Any violation of the confidentiality provided by this article shall be a misdemeanor punishable by up to six months in jail or by a fine of five hundred dollars ($500) or by both.

(b) Reports of suspected child abuse and information contained therein may be disclosed only to the following:

(1) Persons or agencies to whom disclosure of the identity of the reporting party is permitted under Section 11167.

(2) Persons or agencies to whom disclosure of information is permitted under subdivision (b) of Section 11170.

(3) Persons or agencies with whom investigations of child abuse are coordinated under the regulations promulgated under Section 11174.

(4) Multidisciplinary personnel teams as defined in subdivision (d) of Section 18951 of the Welfare and Institutions Code.

(c) Nothing in this section shall be interpreted to require the Department of Justice to disclose information contained in records maintained under Section 11169 or under the regulations promulgated pursuant to Section 11174, except as otherwise provided in this article.

(d) This section shall not be interpreted to allow disclosure of any

reports or records relevant to the reports of child abuse if the disclosure would be prohibited by any other provisions of state or federal law applicable to the reports or records relevant to the reports of child abuse.

SEC. 2. Article 6 (commencing with Section 18500) is added to Chapter 17 of Part 10 of Division 2 of the Revenue and Taxation Code, to read:

Article 6. Designations to the State Children's Trust Fund

18500. (a) Any taxpayer may designate on the tax return that a contribution in excess of the tax liability, if any, be made to the State Children's Trust Fund.

(b) The contribution shall be in full dollar amounts and may be made individually by each signatory on the joint return.

(c) A designation under subdivision (a) shall be made for any taxable year on the initial return for that taxable year, and once made shall be irrevocable. In the event that payments and credits reported on the return, together with any other credits associated with the taxpayer's account do not exceed the tax liability, if any, shown thereupon, the return shall be treated as though no designation had been made. In the event that no designee is specified, the contribution shall, after reimbursement of the direct actual costs of the Franchise Tax Board for the collection and administration of funds under this article, be transferred to the General Fund. The taxpayer shall be notified in cases where the discrepancy between the amount actually available for designation and the amount designated exceeds ten dollars ($10).

(d) If a taxpayer designates a contribution to more than one account, and the amount available is insufficient to satisfy the total amount designated, the contribution shall be allocated among the designees on a pro rata basis.

(e) The Franchise Tax Board shall revise the form of the return to include a space labeled the "State Children's Trust Fund" to allow for the designation permitted under subdivision (a).

(f) No deduction shall be allowed under Article 6 (commencing with Section 17201) of Chapter 3 for any contribution made pursuant to subdivision (a).

18501. (a) The Franchise Tax Board shall determine annually the total amount designated pursuant to this article and notify the Controller of that amount.

(b) The Controller shall transfer that amount, less the direct, actual costs of the Franchise Tax Board for the collection and administration of funds under this article, to the State Children's Trust Fund. The Controller shall transfer the amount of the board's costs to the board. Notwithstanding Section 13340 of the Government Code, money transferred to the Franchise Tax Board pursuant to this section is hereby continuously appropriated, without regard to fiscal years, to reimburse the board for its costs incurred pursuant to this

article.

18502. It is the intent of the Legislature that this article create an additional source of funding for a specified purpose. The funds generated by this article shall not be used in place of funds from other sources which are available for appropriation to the State Children's Trust Fund.

18503. This article applies to taxable years ending on or after December 31, 1983.

18504. This article shall become inoperative on January 1, 1987, unless the Franchise Tax Board certifies to the Secretary of State, on or before January 1, 1987, that the board has been able to retain, in every year up to that date, an amount equal to its direct, actual cost for the collection and administration of funds under the article. If the Franchise Tax Board certifies this fact to the Secretary of State, this article shall remain operative.

SEC. 3. Section 18969 of the Welfare and Institutions Code is amended to read:

18969. There is hereby created in the State Treasury a fund which shall be known as the State Children's Trust Fund. The fund shall consist of funds received from a county pursuant to Section 18968, funds collected by the state and transferred to the fund pursuant to subdivision (b) of Section 10605 of the Health and Safety Code and Article 6 (commencing with Section 18500) of Chapter 17 of Part 10 of Division 2 of the Revenue and Taxation Code, grants, gifts, or bequests made to the state from private sources to be used for child abuse and neglect prevention and money appropriated to the fund for this purpose by the Legislature. The State Registrar may retain a percentage of the fees collected pursuant to Section 10605 of the Health and Safety Code, not to exceed 10 percent, in order to defray the costs of collection.

Notwithstanding Section 13340 of the Government Code, money in the State Children's Trust Fund is continuously appropriated without regard to fiscal years to the State Department of Social Services for the purpose of funding child abuse and neglect prevention and intervention programs. The department shall use no more than 5 percent of the funds appropriated pursuant to this section for administrative costs.

SEC. 4. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

association or between the association and any other persons, existing at the time this division takes effect, shall not be impaired by the provisions of this division. With these exceptions, each association in existence on the effective date of this division shall possess all the rights, powers, privileges, and immunities and shall be subject to all the duties, liabilities, disabilities, and restrictions conferred and imposed by this division, notwithstanding anything to the contrary in its articles of incorporation, bylaws, or rules.

The notice shall state the name of the proposed association, where the petitioners propose to establish the home office of the association, and if the commissioner determines that a hearing is to be held on the petition, the time and place of the hearing. The hearing shall be held 10 or more days after the mailing of the notice but in no event later than 60 days after the mailing of the notice. Any interested person may appear at the hearing in person or by agent or attorney, and orally or in writing show cause upon any relevant ground why a certificate should not be issued.

5502. The commissioner shall not approve any petition for certificate of authority unless it is found from the data furnished with the petition, the evidence adduced at the hearing, if one is held, and official records, that the prerequisites of this division have been complied with and that:

Within 30 days after the corporate existence of an association begins, the directors of the association shall hold an organization meeting and shall elect officers pursuant to the provisions of this division and the bylaws. At the organization meeting, the directors shall take any other action that is appropriate in connection with the organization of the association. The minimum required capital shall be established by regulations issued by the commissioner

5602. In addition to the minimum capital required, the commissioner may require that the consideration for the issuance of capital stock shall be sufficient to create a paid-in surplus in an amount satisfactory to the commissioner. The minimum capital and surplus may be used for the reserves required by law and for other purposes as may be permitted by the board of directors, provided that the par value or stated value of the stock subscribed shall be

maintained as the permanent capital of the association, as required by Sections 5604 and 5605.

5603. In the case of a stock association, prior to issuance of a certificate of authority, the association shall file with the commissioner a statement in a form and with supporting data and proof that the commissioner may require, that verifies that the entire capital and paid-in surplus has been unconditionally paid in, that these funds are on deposit with the depository financial institution, and that all conditions contained in the notice of conditional approval of the petition for a certificate of authority have been met.

5604. (a) In the case of a stock association, on or after the date the commissioner issues the association a certificate of authority, the association shall issue the capital stock necessary to satisfy the minimum capital requirements of Section 5601 and any additional capital stock approved for issuance by its board of directors, up to the amount authorized in its articles of incorporation, and shall issue no additional shares except as authorized in this division.

(b) The capital stock of an association, when issued, shall constitute permanent capital and shall not be retired or withdrawn except as provided in this division until all liabilities of the association have been satisfied in full, including the withdrawal value of all savings accounts, and until outstanding capital certificates have been retired.

5605. (a) Any association that does not commence business within one year after the date of the issuance of its certificate of approval of articles of incorporation shall forfeit its certificate of approval of articles of incorporation, unless the commissioner, before the expiration of the one year period, shall have approved the extension of time within which it may commence business, upon a written application stating the reasons for delay. Upon forfeiture, the association's certificate of approval of articles of incorporation shall expire and shall be returned to the commissioner for cancellation. Amounts credited on savings accounts or paid in on capital stock, less expenditures authorized by the commissioner, shall be returned on a pro rata basis to their respective holders.

(b) The commissioner shall immediately notify the Secretary of State of forfeiture under this section.

Article 4. Issuance of Stock and Certificates

5620. (a) A stock association may issue shares of common stock and preferred stock, with or without par value, and common and preferred stock may be divided into classes and the classes into series.

5621. With the approval of the commissioner, a mutual association may amend its articles of incorporation to authorize the

issuance of stock and may issue stock. Any amendment to the articles of incorporation and bylaws of an association which for the first time authorizes it to issue stock must be approved by the vote or written assent of a majority of the total votes of members outstanding. An amendment to the articles of incorporation of an association pursuant to this section may include provisions with respect to the surplus, reserves, and undivided profits of such association and in such case the surplus, reserves, and undivided profits shall be retained and disposed of in accordance with such provisions.

5622. Capital stock of a stock association shall be issued pursuant to the following requirements:

(a) Except for stock issued pursuant to a stock dividend, stock split, reverse stock split, reclassification of outstanding stock into stock of another class, exchange of outstanding stock for stock of another class or other change affecting outstanding stock or an employee stock option plan or a plan of merger, consolidation, conversion from a mutual to a stock association, or other type of reorganization that has been approved by the commissioner, the consideration for the issuance of capital stock shall be money paid, debts or securities canceled or tangible or intangible property actually received either by the association or by a wholly owned subsidiary. The par value or stated value of stock shall be maintained as the permanent capital of the association and any additional amount paid in shall be credited to paid-in surplus.

(b) The aggregate par value or stated value of all outstanding shares of capital stock shall be the permanent capital of the association and except as otherwise specifically provided by this division, capital stock shall not be retired until final liquidation of the association.

(c) No association shall reduce the par or stated value of its outstanding capital stock without first obtaining the written approval of the commissioner, and approval shall be withheld if the reduction would cause the par or stated value of outstanding capital stock to be less than the minimum required by this division or would result in less than adequate statutory net worth as the commissioner may determine under Section 6475.

(d) No association shall retire any part of its capital stock unless the retirement is approved by the commissioner.

(e) With the written approval of the commissioner, an association may purchase its capital stock or may contract with a stockholder for purchase of stock upon the stockholder's death. However, the purchase shall not reduce the net worth accounts of the association, or any of them, to an amount less than required by applicable law. An association which agrees with a stockholder to purchase that stockholder's capital stock upon death may purchase insurance upon the life of the stockholder to fund or partially fund the purchase.

5623. A mutual association may issue mutual capital certificates in accordance with regulations of the commissioner.

(a) No certificate of approval of articles of incorporation of a proposed association having the same name as an association in existence in this state on the date an application is filed under Section 5401, or a name so nearly resembling it as to be likely to deceive, shall be issued by the commissioner, except to an association formed by the reincorporation, reorganization, or consolidation of the association with other associations, or upon the sale of the property or franchise of an association. The commissioner may presume that the use of any word or words already adopted, appropriated, or used in its corporate name by any association then existing in this state, except the words "the," "and," "mutual," "guarantee," "building," "loan," "savings," "association," or "bank," constitutes such similarity of names as to be likely to mislead the public.

(b) An association shall not adopt or change to a name that will result in unfair competition or public confusion, or be deceptive, scandalous, or otherwise unsuitable.

5652. Except as otherwise authorized under existing law, no person, unless lawfully authorized to do business in this state under the provisions of this division and who is actually engaged in carrying on a savings association business, shall:

99) or under procedures and regulations promulgated by the Comptroller of the Currency, Federal Reserve Board, Federal Home Loan Bank Board, Federal Savings and Loan Insurance Corporation, or Federal Deposit Insurance Corporation. 5653. Upon application by the commissioner or any association, a court of competent jurisdiction may issue an injunction to restrain any person from violating or continuing to violate any of the provisions of Section 5652. Any person who violates any provision of Section 5652 shall be punished by a fine of not more than five thousand dollars ($5,000), and each day of violation shall constitute a separate offense. The prohibitions of Section 5652 shall not apply to any corporation or association formed for the purpose of promoting the interests of thrift institutions, the membership of which is comprised of thrift institutions, their officers, or other representatives.

5654. (a) Without the prior approval of the commissioner, as provided in this division, no association shall do any of the following:

(d) No certificate of amendment or other certificate to amend the articles of incorporation of an association shall be filed in the office of the Secretary of State unless there is attached thereto the certificate of the commissioner approving the same.

Article 6. Conversions

5700. A state association may convert itself into a federal association by following the procedure outlined in Sections 5701

through 5708.

5701. At any regular or special meeting called to consider the conversion of an association into a federal association, in the case of a stock association, the stockholders entitled to vote and any members entitled to vote, by an affirmative majority of the votes cast in person or by proxy; and in the case of a mutual association the members, by action on a proposal approved by the members, may resolve to convert the association into a federal association.

5702. Any executor, administrator, guardian, conservator of a natural person or receiver, and any fiduciary or trustee, and any public corporation, political subdivision, public instrumentality, charitable institution, educational and eleemosynary institution, trust company or financial institution, and any insurance company or cemetery association may, without obtaining court approval:

(b) Exchange any stock, savings accounts, or other rights or claims, for securities issued by the federal association, and hold the securities as legal investments.

5703. Promptly after the meeting approving a conversion into a federal association, the association shall file in the office of the commissioner a certificate verified by the president or vice president and the secretary or assistant secretary of the association The certificate shall contain a copy of the minutes of the meeting and a statement of the number of stockholders and members entitled to vote and the number voting to approve the determination to convert the association into a federal association. A like certificate shall be filed in the office of the Secretary of State.

5704. A certified copy of the certificate required by Section 5703 filed in the office of the Secretary of State is presumptive evidence of the holding of the meeting, the action taken at the meeting, and of the approval of stockholders and members.

5705. After the meeting of the stockholders and members, the association shall take any action necessary to make it a federal association, and promptly after receipt of the federal charter the association shall file in the office of the commissioner and in the office of the Secretary of State, a copy of the charter issued to it by the Federal Home Loan Bank Board or a certificate showing the organization of the association as a federal association certified by or on behalf of the Federal Home Loan Bank Board. Upon the filing of this instrument in the office of the Secretary of State the association ceases to be a state association and is a federal association.

5706. At the time the conversion into a federal association becomes effective the association ceases to be supervised by this state and all of the property of the association, including all of its right, title, and interest in and to all property of every kind and character immediately, by operation of law and without any conveyance, or transfer and without any further act or deed, is vested in the

association under its new name and style as a federal association and under its new jurisdiction.

5707. The converted federal association shall have, hold, and enjoy the property mentioned in Section 5706 in its own right as fully and to the same extent as the property was possessed, held, and enjoyed by it as a state association and the federal association shall continue to be responsible for all of the obligations of the converted state association to the same extent as though the conversion had not taken place. The federal association is merely a continuation of the state association under a new name and new jurisdiction and the revision of its corporate structure as is considered necessary for its proper operation under the new jurisdiction.

5708. Where a copy of a charter of a federal association, issued by the Federal Home Loan Bank Board pursuant to the laws of the United States was filed with the Secretary of State prior to September 13, 1941, with the intent of converting a building and loan association organized and existing under the laws of this state into a federal association, those conversions are validated, legalized, ratified and confirmed.

5709. Any federal association may convert itself into an association by following the procedure set forth in Sections 5710 through 5719.

5710. At any regular or special meeting called to consider the action, the stockholders and members entitled to vote by an affirmative majority of the votes cast in person or by proxy, may resolve to convert a federal association into an association.

5711. Copies of the minutes of the proceedings of the meeting of the stockholders or members in which they vote to convert into an association, verified by the president or vice president and the secretary or an assistant secretary, shall be filed promptly after the meeting in the office of the commissioner, and, in duplicate, with the federal home loan bank of which the association is a member.

5712. The verified copies of the minutes of the meeting, when filed as required by Section 5711, are presumptive evidence of the holding and action of the meeting.

5713. After a meeting as provided for in Section 5710, the federal association shall take or cause to be taken such action as shall make it an association in the manner prescribed and authorized by this division. The directors elected at the meeting shall file the documents and take such proceedings as are required by this division in the case of the original incorporation of an association. No association incorporated by conversion from a federal association is required to comply with any of the provisions of law or any regulations promulgated by the commissioner relating to the minimum amounts of capital required to be subscribed in connection with the original incorporation of an association under this division.

5714. The directors of an association converted from a federal association may insert in the articles of incorporation the following statement: "This association is incorporated by conversion from a

federal savings and loan association."

5715. Promptly after the filing of the articles of incorporation with the Secretary of State, there shall be filed with the federal home loan bank of which the association is a member, two copies of the articles of incorporation, certified by the Secretary of State.

5716. Upon the filing of the articles of incorporation with the Secretary of State, the federal association ceases to be a federal association and is an association under the laws of this state. All of the property of the federal association, including all of its right, title, and interest in and to all property of every kind and character immediately, by operation of law and without any conveyance or transfer, and without any further act or deed, is vested in the association under its new name and style as an association and under its new jurisdiction.

5717. The converted association shall have, hold, and enjoy the property mentioned in Section 5716 in its own right as fully and to the same extent as the property was possessed, held and enjoyed by it as a federal association and the converted association continues responsible for all of the obligations of the converted federal association to the same extent as though conversion had not taken place. The association is merely a continuation of the federal association under a new name and new jurisdiction and such revision of its corporate structure as is considered necessary for its proper operation under the new jurisdiction.

5718. In the event stock is to be issued by the converted association, the commissioner may issue an organizing permit to the federal association or to the board of directors elected to serve after conversion, authorizing the association or the board of directors to take subscriptions to stock, to collect subscription payments and to impound the payments pending the issuance of stock, and authorizing the converted association to issue stock after the filing of its articles of incorporation with the Secretary of State. The commissioner may require that all stock to be initially issued be subscribed and fully paid. The commissioner may also issue a certificate of authority to the converted association to be effective upon filing of its articles of incorporation, and may also issue any other orders and permits necessary to authorize the association to continue business without interruption upon the filing of its articles of incorporation.

consolidate with or transfer all or substantially all its assets to another association or federal association, provided that the principal terms of the plan of the reorganization, merger, consolidation, or transfer shall, in the case of a stock association, be approved at an annual meeting or at any special meeting, or by the written consent of the stockholders voting on the action, by not less than a majority of the total number of votes eligible to be cast. (e) The percentage vote required of each class.

(f) That the agreement for merger or consolidation submitted to the commissioner for written approval and for filing with the Secretary of State concurrently with this certificate is the agreement hereinabove referred.

5756. Any amendment to a merger or consolidation agreement may be adopted, and the agreement so amended may be approved at the meeting of the stockholders or members of any of the associations or by written consent of the stockholders or members, in the same manner and by the same vote as the original agreement. If the agreement so amended is approved at a meeting or by written consent by the stockholders or members and by the board of directors of each of the associations by the vote or written consent required for approval of the original agreement, the agreement so amended shall be signed and acknowledged and shall have certified therewith the approval of the directors and of the stockholders or members in the same manner as provided for in the original agreement, and shall then constitute the merging or consolidating agreement.

The association shall submit to the commissioner for approval a certificate of ownership in its name signed by its president or a vice president, and its secretary or an assistant secretary, which shall be verified by their affidavit, stating, in effect, that the matters set forth in the certificate are true of their own knowledge. (c) "Completed application" means an application to become a savings and loan holding company, as filed with the commissioner, together with any amendments by the applicant and any additional information requested in writing by the commissioner. If the additional information is not received within 30 days of the date of the request, the commissioner may consider the application complete upon written notice to the applicant.

5801. No person may become a savings and loan holding company unless the commissioner approves a completed application. The commissioner shall issue a decision on a completed application within 60 days of its filing. The application shall be in a form prescribed by the commissioner, contain the following information and any additional information that the commissioner may determine by regulation to be necessary or appropriate to preserve the public interest, the integrity of the state's savings association system, and to protect the interests of savings account holders, borrowers, and stockholders resident in this state:

(b) The financial condition of any acquiring person might jeopardize the financial stability of the association or the savings and loan holding company sought to be acquired or might prejudice the interest of the savings account holders, borrowers, or stockholders of the association or is not in the public interest.

(c) The plan or proposal under which the acquiring person intends to liquidate the savings association or the savings and loan holding company, to sell its assets or to merge it with any person or association, or to make any other major change in its business or corporate structure or management, is not fair and reasonable to the association, its savings account holders, borrowers, or resident stockholders, or would tend to impair the integrity of the state's savings association system, or is not in the public interest.

(d) The competence, experience, integrity, or resources of any acquiring person does not indicate that approval would be in the interest of the association, its savings account holders, borrowers, or resident stockholders or of the community that the association serves.

(e) The requirements of this article have not been met.

(f) The acquisition would violate state or federal law or the commissioner determines that approval is not in the public interest.

5803. After the decision under this article by the commissioner either approving or denying the application, upon the filing with the commissioner within 30 days after the date of the decision of a written request for a hearing by any person aggrieved by the decision, the commissioner shall hold a public hearing on the merits of the request, after which the decision shall be affirmed, modified, or reversed.

5804. Within 60 days after becoming a savings and loan holding company or the effective date of this division, whichever is later, or a later date if extended by the commissioner, each savings and loan

holding company that has not registered under prior law shall register with the commissioner in a prescribed form which shall require information with respect to the financial condition, ownership, operations, management, and intercompany relationships of the savings and loan holding company and its subsidiaries, and related matters as the commissioner may deem necessary or appropriate.

5805 Accompanying the registration, each savings and loan holding company shall file with the commissioner an irrevocable appointment of the Secretary of State as an agent for service of process upon the registrant.

5806. Each savings and loan holding company shall pay an initial and an annual registration fee of five hundred dollars ($500) if the registrant's association subsidiaries have total assets of up to one hundred million dollars ($100,000,000) or one thousand dollars ($1,000) if the subsidiaries have total assets of one hundred million dollars ($100,000,000) or more.

5807. When a savings and loan holding company has satisfied the requirements of this article, the commissioner shall issue the holding company a certificate of registration, and shall send a copy to each association subsidiary in this state with respect to which the holding company has registered.

5808. No association that is a subsidiary in this state of any savings and loan holding company that does not have in effect a certificate of registration as required by this article or whose holding company has failed to comply with an order of a court made in respect to the provisions of this article, shall knowingly, without consent of the commissioner, do any of the following:

(a) Transfer or register stock or other securities on its books for or issue certificates to its holding company.

(b) Pay dividends on stock of which its holding company is the record or beneficial owner.

(c) Make any other payments of any nature to its holding company.

(d) Enter into any agreement, contract, or transaction with its holding company.

5809. (a) The commissioner from time to time may require reports from any savings and loan holding company and its subsidiaries in a format deemed necessary or appropriate and relevant to the jurisdiction and responsibilities of the commissioner under this division. Any savings and loan holding company and its subsidiaries shall file reports and be subject to examination as required by the commissioner in the manner provided for associations in Article 3 (commencing with Section 8150) of Chapter 7.

(b) The cost of any examination may be assessed against each savings and loan holding company examined and the assessment shall be paid to the department.

5810. (a) The commissioner shall have the enforcement powers

with respect to savings and loan holding companies and their subsidiaries that are provided with respect to associations in Section 8200.

(b) Any person that willfully violates any provision of this article or any implementing regulation or order issued by the commissioner, shall pay as a penalty a sum not to exceed one thousand dollars ($1,000) for each day during which the violation continues. This fine shall be in addition to any other applicable penalties or remedies provided in this division.

5811. This article shall not apply to an acquisition of stock made pursuant to a plan or agreement of reorganization, merger, consolidation, or transfer of assets under Section 5750.

Article 9. Dissolution

5850. (a) An association may dissolve pursuant to the General Corporation Law (Division 1 (commencing with Section 100) of Title 1 of the Corporations Code).

(b) In the case of a mutual association, the required vote of members to elect voluntarily to wind up and dissolve shall be by members representing 50 percent or more of the voting power required to elect directors of the association.

(c) No certificate of election to dissolve or certificate of dissolution of an association shall be filed with the Secretary of State unless there is attached thereto the certificate of the commissioner approving the same.

CHAPTER 3. CORPORATE ADMINISTRATION

Article 1. Meetings of Members of Mutual Associations

6000. An annual meeting of the members of each mutual association shall be held at a time and place fixed in the bylaws of the association

6001. Special meetings of the members of a mutual association may be called at any time by the president or the board of directors, and shall be called by the president, a vice president, or the secretary upon the written request of members holding of record in the aggregate at least 10 percent of the outstanding savings deposits of the association. Such written request shall state the purposes of the meeting and shall be delivered at the principal office of the association addressed to the president.

6002. Notice of each annual and special meeting shall be either published once a week for the two successive calendar weeks (in each instance on any day of the week) immediately prior to the week in which such annual meeting shall convene, in a newspaper printed in the English language and of general circulation in the city or county in which the principal office of the association is located, or mailed postage prepaid at least 15 days and not more than 45 days

prior to the date on which such annual meeting shall convene to each of its members of record at his last address appearing on the books of the association. Such notice shall state the name of the association, the place of the annual meeting, the time when it shall convene and, in the case of a special meeting, the purpose or purposes for which the meeting is called. A similar notice shall be posted in a conspicuous place in each of the offices of the association during the 14 days immediately preceding the date on which such annual meeting shall convene. Notice need not be given to any member who in person or by proxy, in writing, waives notice of such annual meeting.

6003. In the consideration of all questions requiring action by the members of a mutual association, each member shall be entitled to cast one vote for each one hundred dollars ($100), or fraction thereof, of the withdrawal value of his or her savings account or accounts.

6004. (a) In order that the association may determine the members entitled to notice of any meeting or to vote or entitled to receive any distribution or entitled to exercise any rights in respect of any other lawful action, the board of directors of the association may fix, in advance, a record date, which shall not be more than 60 or less than 10 days prior to the date of such meeting or more than 60 days prior to any other action, provided, however, that if the provisions hereof conflict with the provisions of any federal statute or regulation relating to fixing of record dates for associations, the provisions of the federal statute or regulation shall prevail.

(b) If no record date is fixed pursuant to subdivision (a) above:

(1) The record date for determining members entitled to notice of or to vote at a meeting of members shall be at the close of business on the business day next preceding the day on which notice is given or first published, or if notice is waived, at the close of business on the business day next preceding the date on which the meeting is held.

(2) The record date for determining members entitled to give consent to action in writing without a meeting, when no prior action by the board of directors has been taken, shall be the date on which the first written consent is given.

(3) The record for determining members for any other purpose shall be at the close of business on the day on which the board adopts the resolution relating thereto, or the 60th day prior to the date of such other action, whichever is later.

(c) A determination of members of record entitled to notice of or to vote at a meeting of members shall apply to any adjournment of the meeting unless the board fixes a new record date for the adjourned meeting.

6005. At any meeting of the members, voting may be in person or by proxy, provided that no proxy is eligible to be voted at any meeting unless it has been filed with the secretary of the association, for verification, prior to the meeting. Each proxy shall be in writing and when filed with the secretary, shall, unless otherwise specified

in the proxy, continue in force from year to year until revoked by a writing delivered to the secretary or by a subsequent proxy executed by the member executing the prior proxy or as to any meeting by attendance at such meeting and voting in person by the person executing the proxy. A proxy is not revoked by the death or incapacity of the maker unless, before the vote is counted, written notice of such death or incapacity is received by the association. Section 604 of the Corporations Code does not apply to any mutual association.

6006. Any number of members present at a regular or special meeting of the members shall constitute a quorum. A majority of all votes cast at any meeting of members shall determine any question unless this division specifically provides otherwise.

Article 2. Access to Books and Records; Communication with Stockholders or Members; Derivative Actions

6050. (a) The register of stockholders or members, the books of account and the minutes of an association shall be subject to inspection upon the written demand of any stockholder or member, but only with the prior approval of the commissioner, after notice to the association. Approval shall not be given unless the commissioner determines that the inspection is not contrary to the best interests of the association and its stockholders or members. Unless the written demand under this subdivision is approved, the commissioner shall hold a hearing to determine whether the demand should be approved. The hearing shall be held within 20 days of mailing a written notice to the association.

(b) Each association director shall have the right at any reasonable time to inspect all books, records, documents of every kind, and the physical properties of that association. The inspection may be made in person or by agent or attorney, and the right of inspection includes the right to make extracts. In the case of foreign associations the right of inspection extends only to books, records, documents and property located in this state.

(c) Savings account holders who are neither stockholders, members or directors of an association shall have no right of inspection under this section.

6051. (a) If any member, members, stockholder or stockholders desire to communicate with other members or stockholders of an association about any question pending or to be presented for consideration at a meeting of the members or stockholders, the association shall furnish upon request a statement of the approximate number of members or stockholders of the association at the time of the request, and an estimate of the cost of forwarding the communication. The requesting member, members, stockholder or stockholders shall then submit the communication, together with a sworn statement that the proposed communication is not for any reason other than the business welfare of the association, to the

commissioner. If after examination of the facts the commissioner finds it to be appropriate, truthful, and in the best interests of the association and the association's members or stockholders, the commissioner shall execute a certificate setting out the facts and findings and shall forward the certificate together with the communication to the association and direct that the communication be prepared and mailed by the association to the members or stockholders upon the payment to it by those making the request of the expenses of preparation and mailing.

(b) If the commissioner finds the proposed communication to be inappropriate, untruthful, or contrary to the best interests of the association and its members or stockholders, the commissioner may deny or make other disposition of the request to communicate deemed proper and shall execute a certificate setting out facts and findings and deliver it to the party or parties making the request together with an order denying or making other disposition of the request.

6052. (a) No action may be instituted or maintained in the right of any association by any savings account holder who is not a stockholder or member of the association.

(b) An action may be instituted or maintained in the right of an association by a stockholder or member of that association only if all the following conditions exist:

(1) The plaintiff alleges in the complaint that the plaintiff was a registered stockholder or member at the time of the transaction or any part of it, or that the stock or membership devolved upon the plaintiff by operation of law from a holder who was a holder at the time of the transaction or any part of it.

(2) The plaintiff alleges in the complaint with particularity the efforts of the plaintiff to secure from the board of directors the desired action and alleges further that the plaintiff has either informed the association or its board of directors in writing of the ultimate facts of each cause of action against each defendant director or delivered to the association or its board of directors a true copy of the complaint which plaintiff proposes to file, and the reasons for the plaintiff's failure to obtain the desired action or the reasons for not making an effort to secure the desired action from the association.

(3) The commissioner has determined, after a hearing upon at least 20 days' written notice to the association and each of its directors, that the action is proposed in good faith and that there is a reasonable probability that the prosecution of the action will benefit the association and its stockholders or members.

(c) Subdivisions (c), (d), (e), and (f) of Section 800 of the Corporations Code apply to any actions under this section.

Article 3. Financial Statement Publication

6100. Each association shall prepare and publish annually within the time prescribed by the commissioner in a newspaper of general circulation in the county in which its home office is located, and shall deliver to each member or stockholder upon request, a statement of its financial condition in the form prescribed or approved by the commissioner.

Article 4. Directors

6150. The business of each association shall be directed by a board of directors elected by ballot by a plurality of the votes of the members or stockholders present or voting by proxy.

6151. No person shall be eligible for election or shall serve as a director or officer of an association who has been convicted of a criminal offense involving dishonesty or a breach of trust.

6152. A director shall automatically cease to be a director upon being adjudicated a bankrupt or upon conviction of a criminal offense involving dishonesty or a breach of trust.

6153. Directors shall be elected for periods of three years and until their successors are elected and qualified, but provision shall be made for the election of approximately one-third of the board of directors each year.

6154. If the members or stockholders fail to elect a director to fill each vacancy created by an increase in the number of directors, the current directors may fill the vacancy by electing a director to serve until the next annual meeting of the members or stockholders at which time a director shall be elected to fill the vacancy for the unexpired term for the class of directors in which the vacancy exists.

6155. Whenever the number of directors is changed and vacancies caused by the change are filled, the directors so elected shall be elected to terms in accordance with the provisions of Section 6153.

6156. (a) Any vacancy among directors, not filled by the members or stockholders, may be filled by a majority vote of the remaining directors, though less than a quorum, by electing a director to serve until the next annual meeting of the members or stockholders, at which time a director shall be elected to fill the vacancy for the unexpired term for the class of director in which the vacancy exists.

(b) In the event of a vacancy on the board of directors from any cause, the remaining directors shall have full power and authority to continue direction of the association until the vacancy is filled.

Article 5. Indemnity Bonds

6200. Except as provided in subdivision (b) of Section 6203, all directors, officers, and employees of an association shall, before

6201. Associations that employ collection agents, who for any reason are not covered by a bond required under Section 6200, shall provide for the bonding of each of those agents in an amount equal to at least twice the average monthly collection of the agent. The agents shall be required to make settlement with the association at least monthly.

6202. No indemnity bond coverage is required of any agent that is a financial institution insured by the Federal Deposit Insurance Corporation or by the Federal Savings and Loan Insurance Corporation.

6203. (a) The amounts and form of indemnity bonds and sufficiency of the surety shall be approved by the board of directors and by the commissioner.

(b) In lieu of individual bonds, a blanket bond, protecting the association from loss through any act or acts of any director, officer, employee or agent, may be obtained.

(c) A true copy of every indemnity bond shall be on file at all times at the association's home office.

6204. Indemnity bonds shall provide that their cancellation either by the surety or by the insured shall not become effective unless and until 10 days' notice in writing first shall have been given to the commissioner, unless the cancellation is approved earlier by the commissioner.

Article 6. Records

6450. Each association shall keep correct and complete books and records of accounts, as specified in Section 1500 of the Corporations Code.

6451. Each agency of an association, as defined in Section 6551, shall keep an original record of each transaction of business of the association. Records of transactions are not required to be maintained at the agency if they are maintained at the association's home office or branch office.

6452. Each association shall observe generally accepted accounting principles and practices except to the extent that the commissioner may require or permit different accounting treatment of accounts by regulation.

6453. Each association shall close its books at the close of business at least annually, or more often if authorized for all associations by

the commissioner.

6454. No association by any system of accounting or any device of bookkeeping shall, either directly or indirectly, enter any of its assets upon its books in the name of any other person, partnership, association, or corporation or under any title or designation that is not truly descriptive of the assets.

6455. (a) Each association shall maintain complete loan and investment records, and shall do so in a manner satisfactory to the commissioner. Detailed records necessary to make determinations of compliance by an association with the requirements of Chapter 6 (commencing with Section 7200) and other provisions of this division shall be maintained at all times.

(b) The record of each real estate loan or other secured loan or investment shall contain documentation satisfactory to the commissioner of the type, adequacy and characteristics of the security.

6456. Each mutual association shall maintain membership records which shall show the name and address of the member, the status of the member as a savings account holder, an obligor, or a savings account holder and obligor, and the date of membership. In the case of members holding a savings account the association shall obtain a savings account contract containing the signature of each holder of the account or duly authorized representative of the holder, and shall preserve the contract in the records of the association.

6457. Each capital stock association shall maintain a register of stockholders.

6460. (a) Any association may cause any or all records of the association to be copied or reproduced by any photostatic, photographic, or microfilming process that correctly and permanently copies, reproduces, or forms a medium for copying or reproducing the original record on a film or other durable material.

(b) Any copy or reproduction made under subdivision (a) shall be deemed to be an original record for all purposes and shall be treated as an original record in all courts or administrative agencies for the purpose of its admissibility in evidence.

(c) A facsimile, exemplification, or certified copy of any copy made pursuant to subdivision (a), or a reproduction produced from a film record, shall, for all purposes, be deemed a facsimile, exemplification, or certified copy of the original record.

Article 7. Statutory Net Worth; Reserve Accounts

6475. (a) Each association shall maintain an adequate statutory net worth appropriate for the conduct of its business and the protection of its savings account holders.

(b) The commissioner shall fix a minimum statutory net worth requirement applicable to all associations, but the requirement shall not exceed 3 percent of an association's total assets. In defining total

assets, the commissioner may issue regulations to exclude from the total asset figure any asset items deemed appropriate by the commissioner. For the purpose of computing total assets as of any given date, an association at its option may use the average of total assets as of the end of the preceding calendar year and the total assets of the association at the end of any one or more, up to four, of the immediately preceding calendar years providing all the dates are consecutive.

(c) If the statutory net worth falls below the level specified by the commissioner, the commissioner may require the association to increase its statutory net worth within the time and in a manner designated by the commissioner, so as to bring the amount to the level determined adequate under this section, and may, in addition, require the association to do any one or more of the following:

(1) Increase its liquid assets and maintain that increased liquidity at the level specified by the commissioner.

(2) Cease to:

(A) Accept savings accounts of all classes or categories, except in exchange for accounts already outstanding.

(B) Accept savings accounts of any particular class, category, or amount.

(4) Cease purchase of loans or other investments.

(5) Cease or limit promotional expenditures.

The certificates shall constitute a claim in liquidation against any reserves, surplus, and other statutory net worth accounts remaining after the payment in full of all savings accounts, debt obligations, and claims of creditors. The capital certificates shall be entitled to the payment of interest prior to the allocation of any income to surplus or other statutory net worth accounts of the association and may be issued with a fixed rate of interest or with a prior claim to distribution of a specified percentage of any net income remaining after required allocations to reserves, or a combination of those features. (b) A stock split, as defined in Section 188 of the Corporations Code, and a reverse stock split, as defined in Section 182 of the Corporations Code, are authorized and shall not be construed to be dividends within the meaning of this section.

6523. (a) An association may use advertising, whether printed, broadcasted by radio, televised, displayed, or communicated in any other manner or make any representation that is accurate and does not misrepresent its services, contracts, investments, or financial condition.

(b) The commissioner may require an association to file a true copy of the text of any advertising in the office of the commissioner at least five days prior to its issuance, circulation, or publication. Advertising filed under this subdivision may be used upon the commissioner's express approval or failure to disapprove it within five days of its filing.

(c) Associations shall not issue, circulate, or publish any advertising after notice in writing from the commissioner that in the commissioner's opinion the advertising is inaccurate or misrepresents the association's services, contracts, investments, or financial condition.

6524. An association may organize, sponsor, operate, control, or render investment advice to, an investment company, or underwrite, distribute, or sell securities of any investment company which has qualified to sell its securities in this state pursuant to Part 2 (commencing with Section 25100) of Division 1 of Title 4 of the Corporations Code, if the officers and employees of the association who sell these securities meet such standards with respect to training experience, and sales practices as established by the Savings and Loan Commissioner. For the purpose of this section, "investment company" means an investment company as defined in the Investment Company Act of 1940 (15 U.S.C., Sec. 80a-1 et seq.).

6525. (a) Notwithstanding the provisions of Sections 1051, 1052, and 1054 of the Labor Code and Section 2947 of the Penal Code, an association or officer or employee thereof may deliver fingerprints taken of an applicant for employment to local, state, or federal law enforcement agencies for the purpose of obtaining information as to the existence and nature of a criminal record, if any, of the applicant relating to convictions, and to any arrest for which the applicant is released on bail or on his or her own recognizance pending trial, for the commission or attempted commission of a crime involving

robbery, burglary, theft, embezzlement, fraud, forgery, bookmaking, receiving stolen property, counterfeiting, or involving checks or credit cards or using computers.

If, upon evaluation of the criminal history information received pursuant to this section, the association determines that employment of the applicant would constitute an unreasonable risk to the association or its customers, the applicant may be denied employment.

(c) A request for records pursuant to this section made of the Department of Justice shall be on a form approved by the department. The department may charge a fee to be paid by the requesting savings and loan association pursuant to subdivision (e) of Section 11105 of the Penal Code. (b) The issuer's undertaking must contain a specified expiration date or be for a definite term, and must be limited in amount.

(d) The account party must have an unqualified obligation to reimburse the issuer for payments made under the letter of credit.

To the extent funds are advanced under a letter of credit without compensation from the account party, the amount shall be treated as an extension of credit subject to percentage of assets limits and other requirements under an applicable provision of this division.

6527. If a loan or other investment is authorized under more than one section of this division an association may designate under which section the loan or investment has been made. Such a loan or investment may be apportioned among appropriate categories, and may be moved, in whole or in part, from one category to another

6552. No association may establish or maintain a branch office or agency without the prior written approval of the commissioner, except that temporary and incidental agencies may be created for individual transactions and for special temporary purposes without approval.

6553. (a) Each application for approval of the establishment and maintenance of a branch office or one or more agencies shall include the following

6554. (a) Upon receipt of a complete application for a branch office or agency, the commissioner shall give written notice of the filing of the application to each association. The notice shall state the name of the association and the name of the city or community in which the branch or agency is proposed to be located, and in the case of an agency, the function to be performed.

(b) If a hearing is to be held, the hearing shall not be held less than 10 days after the mailing of a notice of hearing under subdivision (a).

6555. (a) Before acting on an application for a branch office or

(b) Any person may appear at the hearing in person or by agent or attorney, and, pursuant to regulations issued by the commissioner, show cause why the application should not be approved.

6556. (a) Upon review of the application for a branch office or agency and holding a hearing if one is deemed necessary, the commissioner shall determine whether all of the following criteria are met:

(1) The applicant's policies, financial condition, and operations afford no basis for supervisory objection.

(2) The proposed branch office or agency will be opened within a reasonable time after approval, as determined by the commissioner.

(b) If the commissioner determines that the criteria set forth in subdivision (a) are met the application shall be approved.

(c) If the commissioner determines that the criteria set forth in subdivision (a) are not met the application shall be denied. An application may also be denied on the basis of restrictions imposed by the commissioner under an existing agreement with the Federal Home Loan Bank Board.

6557. The provisions of this article relating to branch office and agency applications do not apply to a branch office or agency of an existing association acquired pursuant to a merger, consolidation, conversion, or transfer of assets.

6558. The commissioner may adopt rules and regulations relating to any action pertaining to branch offices and agencies regulated by this article.

CHAPTER 5. SAVINGS OPERATIONS

Article 1. Savings Liability

6600. The savings liability of an association shall consist only of the aggregate amount of its savings accounts, plus interest earned or credited to the accounts, less redemption and withdrawal payments.

6601. Except as limited by the association from time to time or by state or federal law or regulations, account holders may make additions to their savings accounts in amounts and at times they elect.

6602. Savings accounts may be opened for cash or, subject to any limitations or restrictions in regulations issued by the commissioner, for property in which the association is authorized to invest. In the absence of fraud in the transaction, the value of the property taken in payment, as determined by the board of directors, shall be conclusive.

6603. No member of a mutual association is responsible for any losses of the association, no savings account is subject to assessment, and no savings account holder is liable for any unpaid installments

on the account.

Article 2. Savings Accounts

6650. As used in this article:

(a) "Account" means withdrawable or repurchasable shares, investment certificates, deposits or savings accounts as defined in Section 561.11 of Title 12 of the Code of Federal Regulations or in regulations promulgated pursuant to Section 3502 of Title 12 of the United States Code, pursuant to which the account holder from time to time may make deposits and effect withdrawals and as to which the address shown on the records of the association is within the United States or its territories.

(b) "Account holder" means a person who is identified on the signature card for an account, or in the absence of a signature card, a person who has an interest in an account which is reflected on the records of the association for that account to whom statements of account or other notices are normally given, or the agent of such person.

(c) "Charges" means those charges which an association may, from time to time, impose on an account in the normal course of business in the operation of the account and, does not include:

(1) Charges which may be imposed for extraordinary services furnished at the specific request of the account holder.

(2) Charges or amounts required to be disclosed to the depositor pursuant to the Truth-in-Lending Act (15 U.S.C. 1601, et seq.) and Regulation Z (12 C.F.R. 226 1, et seq.), as amended.

6651. Except for savings accounts issued in marketable or bearer form, savings accounts shall be represented only by the account of each savings account holder on the books of the association, and the accounts or any interest in the accounts shall be transferable only on the books of the association and upon proper written application, and acceptance by the association of the transferee as a holder upon terms approved by the board of directors.

6652. (a) Upon the filing with an association by the savings account holder of record as shown by the books of the association, or by the holder's legal representative, of an affidavit to the effect that the evidence of account has been lost or destroyed, and that the account has not been pledged or assigned in whole or in part, the association shall issue a new evidence of account in the name of the holder of record.

(b) The new evidence of account may state that it is issued in lieu of the one lost or destroyed and that the association shall not be liable for the loss or destruction of the original evidence of account.

(c) The association may require an indemnification or a bond in an amount it deems sufficient to indemnify the association against any loss which might result from the issuance of a new evidence of account under this section.

6653. (a) No association shall, directly or indirectly, for the

opening or increasing of any savings account, give, sell, dispose of, or permit the giving, selling, or disposition of, for any one opening or increase anything having a cost or value in excess of the amount authorized by the commissioner by regulation.

(b) Notwithstanding subdivision (a) the commissioner is authorized to impose by regulation restrictions on associations, relating to the distribution and advertising of giveaways, equivalent to those imposed on federal associations doing business in this state.

6654. (a) No later than 10 days, and no sooner than 60 days prior to the maturity date of any fixed-term savings account, an association shall notify the account holder, in writing, of the maturity date.

(b) The notification shall also inform the holder of the length of time available for changing the status of the account after its maturity date.

(c) If no interest is paid beyond the maturity date, the holder shall be so informed.

(d) If, pursuant to an agreement, the fixed-term savings account is renewed, the account holder shall be informed of the rate of interest and new maturity date.

However, if the rate of interest is not ascertainable when the notice is sent, the notice shall state when the rate of interest will become available, and shall inform the account holder how to obtain the rate. If the rate of interest may vary over the term of the deposit, the association shall inform the depositor of the initial rate of interest, the circumstances under which such variation may occur, including, if any, the index or formula to be utilized in determining such variation.

(e) It is the intent of the Legislature that associations not be precluded from supplying account holders with additional written notices of the maturity date and the new rate of interest in the event the certificate is renewed.

(f) This section is not applicable to:

(1) A fixed-term savings account payable to bearer.

(2) A fixed-term savings account that contemplates subsequent additions to the account having the same maturity date as the initial deposit, as to which the association has agreed to pay the balance of the account to the holder on an annual or more frequent basis.

(3) A fixed-term savings account having a fixed term of not more than 92 days.

(g) For the purposes of this section, fixed-term savings account includes an account that represents funds deposited to the credit of one or more natural persons, or an unincorporated association, organization, partnership, or corporation operated primarily for religious, philanthropic, charitable, educational, fraternal, or other similar purposes, and does not include accounts that represent funds deposited to the credit of an unincorporated association, organization, partnership, or corporation operated for profit.

6655. An association shall maintain information about: (1) the amount or, if no amount can be stated, the method of determining

the amount of each charge which the association may impose on an account; (2) the rate of interest, the annual yield, and method that will be used in computing and paying interest on the account, if any, including any provision for nonpayment of interest on deposits made after the beginning of the interest payment period or withdrawn before the end of such period; (3) if the rate of interest may vary, the circumstances under which a variation may occur and the method of determining the new rate of interest; and (4) the effective date thereof. The information shall be available to the public at each office in California at which such accounts are maintained in one or both of the following ways: (1) in written materials displayed and available to the public in an area of the association open to the public; or (2) in any form of communication; provided that written materials displayed in an area of the association open to the public tell how to get the information

6656. (a) Except as hereafter provided, prior to the time of accepting the initial deposit into an account, an association shall furnish a written statement or statements to the account holder, which the account holder may retain, setting forth the information described in Section 6655.

If the account holder is not physically present at a branch office of the association at the time the initial deposit is accepted and the written statement has not been furnished previously, the association shall deliver the written statement to the account holder personally, or mail or deliver it to the account holder at the address shown on the records of the association for that account, not later than 10 days after the date of the initial deposit.

(b) (1) Before any charge which has been disclosed in a statement furnished to an account holder is increased for that account, or any charge which has not been disclosed in a statement furnished to an account holder is imposed on that account, or any charge is imposed on an account if a statement has not been furnished as required by subdivision (a), the association shall deliver to the account holder personally, or mail or deliver to the account holder at the address shown on the records of the association for that account, a written statement or statements disclosing the increased charge or new charge in the manner provided by subdivision (a), or the written statement or statements required by subdivision (a), not less than 15 days prior to the date on which the charge is to be increased or first imposed unless such charge or change therein is required by law or regulation.

(2) Except with respect to an account as to which the rate of interest applicable to all or any portion of the account balance may vary, whether or not pursuant to a specified index or formula, before an association makes a change in the rate of interest or the method or frequency of computing or paying interest such that the annual yield will be less favorable to an account holder than under the previous rate, method, or frequency, the association shall deliver to the account holder personally, or mail or deliver to the account

holder at the address shown on the records of the association for that account, a written statement or statements disclosing such change not less than 15 days prior to the effective date of such change, unless such change is required by law or regulation.

(c) If there is more than one account holder with respect to an account, the association need furnish the information required by this section to only one of them.

(d) An unincorporated association of natural persons may execute a written waiver of the requirements of this section when establishing an account which provides for specially negotiated arrangements with respect to the charges, interest rate, and method or frequency of computing and paying interest applicable to such account.

(e) For the purposes of the second paragraph of subdivision (a), an association is not required to make subsequent initial disclosures solely because an account holder makes or authorizes subsequent deposits which individually may bear different rates of interest notwithstanding that federal or state law or regulation treat such deposits as separate accounts, if the deposits are made or authorized in accordance with an arrangement contemplating a series of deposits which individually may bear different rates of interest, and that disclosure has been furnished at the time the arrangement was established or at a later time prior to the acceptance of a particular deposit for which a subsequent initial disclosure would otherwise be required by this section.

6657. (a) An association which imposes a charge or an increase thereof on an account in violation of Section 6656 is liable to the account holder of that account in an amount equal to the sum of all charges or the increases therein imposed on that account in violation of that section.

(b) An association which makes a change in the rate of interest or the method or frequency of computing or paying interest on an account that will be less favorable to an account holder in violation of Section 6656 is liable to the account holder of that account in an amount equal to the interest that would have been earned pursuant to the previous rate, method, or frequency less the interest earned pursuant to the previous rate, method, or frequency less the interest earned pursuant to the less favorable rate, method or frequency.

(c) An association shall not be liable for a violation of Section 6656 if the association shows by a preponderance of the evidence that the violation was not intentional and resulted from a bona fide error, that the association maintains reasonable procedures to avoid such error, and that such error was corrected by furnishing the written statement or statements in the manner provided in Section 6656 within 60 days from the date on which the violation occurred, provided that the association credits to the account holder's account the amounts described in subdivisions (a) and (b) not later than 20 days from the date of which the violation was discovered.

(d) Notwithstanding any other provision of law but subject to the

power of the court to transfer actions or proceedings under Title 4 (commencing with Section 392) of Part 2 of the Code of Civil Procedure, the proper court for the trial of an action under this article is the court in the county in which the branch office of the association is located at which the account is maintained as to which a violation of this article is alleged to have occurred.

(e) Reasonable attorney's fees may be awarded by the court to the prevailing party in an action under this section which is brought by an aggrieved account holder.

(f) (1) An action to enforce a liability established by subdivision (a) shall be commenced within one year from the date on which the violation of Section 6656 occurs.

(2) An action to enforce a liability established by subdivision (b) shall be commenced within one year from the date on which interest is first paid following the violation of Section 6656.

(g) An association shall not be liable for any failure to comply with the provisions of this article to the extent that any of such provisions are inconsistent with federal statutes or regulations.

(h) The remedies and defenses provided in this section are cumulative to, in addition to, and not exclusive of, any other remedies or defenses which an account holder or an association may have in an action or proceeding arising out of the same facts but not brought pursuant to this article. If an association complies with the provisions of subdivision (c), any duties imposed by this article shall not result in a cause of action which did not exist prior to the operative date of this article.

6658 Notwithstanding Section 5202, a violation of Section 6654, 6655 and 6656 shall not constitute a public offense.

6659. An association shall inform a depositor of the applicable period for the escheat of the account to the state and the circumstances under which escheat may occur pursuant to subparagraph (a) of Section 1513 of the Code of Civil Procedure at the time of furnishing the written statement described in subdivision (a) of Section 6656, and the information described in this section may be included in the written statement. The failure to provide information pursuant to this section shall not constitute a violation of Section 6656.

6660. (a) For the purposes of this section:

(1) "Customer" means one or more natural persons.

(2) "Debt" means an interest-bearing obligation or an obligation that by its terms is payable in installments, which has not been reduced to judgment, arising from an extension of credit to a natural person primarily for personal, family, or household purposes, and does not mean a charge for savings and loan services, for a debit for uncollected funds, for dishonored checks cashed for a customer, or for an overdraft account imposed by an association on a savings account.

(b) An association is limited in exercising any setoff for a debt claimed to be owed to the association by a customer in that a setoff

(4) A statement that (A) if the notice is executed and returned, the association may file an action in court to collect the debt, (B) that if a lawsuit is filed, the customer will be notified and have an opportunity to appear and defend, and (C) that if the association is successful, the customer will be liable for court costs, and attorney's fees, if the debt so provides.

6801. The moneys in a joint ownership account may be paid to or on the order of any one of the joint owners during their lifetimes or to or on the order of any one of the survivors of them after the death of any one or more of them, subject to the provisions of Section 14345 of the Revenue and Taxation Code. (b) Payment of all or any of the moneys in the account as provided in this article shall discharge the association from liability with respect to the moneys so paid, prior to receipt by the association of a written notice from any one of the joint owners directing the association not to permit withdrawals in accordance with the terms of the account or the instructions. After receipt of the notice an association may refuse, without liability, to honor any check, receipt, or withdrawal order on the account pending determination of the rights of the parties.

deemed to be a testamentary disposition of property. The right of the designated payee or payees to receive such property shall not be denied, abridged, or affected on the grounds that the right has not been created by a writing executed in accordance with the laws of this state prescribing the requirements to effect a valid testamentary disposition of property.

This sum may be recovered in an action brought by the commissioner in the name of the people of this state.

Article 4. Enforcement

The Department of the California Highway Patrol, however, shall only notify those fire chiefs which have requested, in writing, to be so notified. A fire chief may revoke this request, in writing, at any time.

This paragraph shall not apply to any fire chief of a fire department or fire protection district which is composed of 50 percent or more volunteer firefighters.

(b) Subdivision (a) shall apply only to the extent that it does not conflict with federal law.

(c) Each advance notification shall contain the following information:

(1) The name, address, and telephone number of the shipper, carrier, and receiver of the shipment.

(2) If the shipment is originating within California, the point of origin of the shipment and the 48-hour period during which departure of the shipment is estimated to occur, the destination of the shipment within Calilfornia, and the 48-hour period during which the shipment is estimated to arrive.

(d) The Department of the California Highway Patrol shall design a standard notification form to include all of the information specified in subdivision (c) and shall make these forms available by April 1, 1984.

(4) The deterrent value of the penalty based on the financial resources of the violator.

CHAPTER 1094

An act to add Section 2924i to the Civil Code, relating to secured obligations.

[Approved by Governor September 26, 1983 Filed with Secretary of State September 27, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Section 2924i is added to the Civil Code, to read:

2924i. (a) This section applies to loans secured by a deed of trust or mortgage on real property containing one to four residential units at least one of which at the time the loan is made is or is to be occupied by the borrower if the loan is for a period in excess of one year and is a balloon payment loan.

(b) This section shall not apply to (1) open-end credit as defined in Regulation Z, whether or not the transaction is otherwise subject to Regulation Z, (2) transactions subject to Section 2956, or (3) loans made for the principal purpose of financing the construction of one or more residential units.

(c) At least 90 days but not more than 150 days prior to the due date of the final payment on a loan that is subject to this section, the holder of the loan shall deliver or mail by first-class mail to the trustor, or his or her successor in interest, at the last known address of that person, a written notice which shall include all of the following:

(1) A statement of the name and address of the person to whom the final payment is required to be paid.

(2) The date on or before which the final payment is required to be paid.

(3) The amount of the final payment, or if the exact amount is unknown, a good faith estimate of the amount thereof, including unpaid principal, interest and any other charges, such amount to be determined assuming timely payment in full of all scheduled installments coming due between the date the notice is prepared and the date when the final payment is due.

(4) If the borrower has a contractual right to refinance the final payment, a statement to that effect.

(d) For purposes of this section:

(1) A "balloon payment loan" is a loan which provides for a final payment as originally scheduled which is more than twice the amount of any of the immediately preceding six regularly scheduled payments or which contains a call provision, provided, however, that if the call provision is not exercised by the holder of the loan, the

existence of the unexercised call provision shall not cause the loan to be deemed to be a balloon payment loan.

(2) "Call provision" means a loan contract term that provides the holder of the loan with the right to call the loan due and payable either after a specified period has elapsed following closing or after a specified date.

(3) "Regulation Z" means any rule, regulation, or interpretation promulgated by the Board of Governors of the Federal Reserve System under the Federal Truth in Lending Act, as amended (15 U.S.C. 1601 et seq.), and any interpretation or approval thereof issued by an official or employee of the Federal Reserve System duly authorized by the board under the Truth in Lending Act, as amended, to issue such interpretations or approvals.

(e) Failure to provide notice as required by subdivision (a) does not extinguish any obligation of payment by the borrower, except that the due date for any balloon payment shall be the date specified in the balloon payment note, or 90 days from the date of delivery or mailing of the notice required by subdivision (a), or the due date specified in the notice required by subdivision (a), whichever date is later. If the operation of this section acts to extend the term of any note, interest shall continue to accrue for the extended term at the contract rate and payments shall continue to be due at any periodic interval and on any payment schedule specified in the note and shall be credited to principal or interest under the terms of the note. Default in any extended periodic payment shall be considered a default under terms of the note or security instrument.

(f) (1) The validity of any credit document or of any security document subject to the provisions of this section shall not be invalidated solely because of the failure of any person to comply with this section. However, any person who willfully violates any provision of this section shall be liable in the amount of actual damages suffered by the debtor as the proximate result of the violation, and, if the debtor prevails in any suit to recover that amount, for reasonable attorney's fees.

(2) No person may be held liable in any action under this section if it is shown by a preponderance of the evidence that the violation was not intentional and resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adopted to avoid any such error.

(g) The provisions of this section shall apply to any note executed on or after January 1, 1984.

The election shall be held at the general election in accordance with the provisions of this code for conducting a regular election of governing board members. The ballots used in the election shall contain the words "Separate Community College Board—Yes" and "Separate Community College Board—No." The governing board of the district maintaining a community college shall prepare an impartial statement explaining the ballot measures and the expected results of continuing a common governing board or establishing two separate boards and this statement shall be distributed to the voters with the sample ballot and "pro" and "con" arguments, if any, as provided by law. Each elector voting at the election shall indicate the answer he or she desires to give in accordance with regular election procedures.

(b) If the proposition for a separate community college governing board receives a majority "yes" vote, those persons who serve as members of the governing boards of both a community college district and any unified school district shall, on or before June 1, 1973, choose on which of the two boards they will continue to serve. Those persons who choose to serve as members of either the governing boards of a community college district or the governing board of any unified school district shall continue to serve also as members of the governing board from which they have chosen to withdraw until their successors on those boards are elected after June 1, 1973, and have assumed office. If these special primary and general elections are called, the governing board of the unified district shall designate for these elections, and only for these elections, (1) three positions on the new community college district governing board for which the initial term of office shall be four years plus the necessary number of days to allow such term to end on the same date as the end of the term of a member of the unified district governing board whose term expires in December, 1977, and (2) two positions on the new community college district governing board for which the initial term of office shall be two years plus the necessary number of days to allow such term to end on the same date as the end of the term of a member of the unified district governing board whose term expires in December, 1975. These elections shall be held, insofar as possible, under the same conditions as elections for the unified district governing board pursuant to a city charter. Thereafter, all elections of governing board members of the community college district shall be held under the same conditions, at the same times, and for the same terms as elections for the unified district governing board pursuant to a city charter. The governing board of the unified district shall continue to govern the community college district until members of the new governing board of the community college district are elected and qualified to serve, at which time the governance of the community college district shall pass to the new governing board of the community college district.

(e) Each member of the separate governing board of the community college district shall receive the same compensation as received by members of the separate governing board of the unified district under Section 72425, notwithstanding any requirements to the contrary contained in that section.

(f) Notwithstanding subdivisions (c) and (d) of this section, if a person serving on the common governing board chooses, prior to
