[Approved by Governor September 26, 1983. Filed with Secretary of State September 27, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Section 75 of the Revenue and Taxation Code is amended to read:

75. It is the intent of the Legislature in enacting this chapter to fully implement Article XIII A of the California Constitution and to promote increased equity among taxpayers by enrolling and making adjustments of taxes resulting from changes in assessed value due to changes in ownership and completion of new construction at the time they occur. The Legislature finds and declares that under the law in effect prior to the enactment of this chapter, recognition of these increases is delayed from four to sixteen months, which results in an unwarranted reduction of taxes for some taxpayers with a proportionate and inequitable shift of the tax burden to other taxpayers.

SEC. 1.5. Section 75.4 of the Revenue and Taxation Code is amended to read:

75.4. "Current tax rate" means the tax rate applicable to the current roll, including any rate in excess of the limitation prescribed by subdivision (a) of Section 1 of Article XIII A of the California Constitution.

SEC. 2. Section 75.5 of the Revenue and Taxation Code is amended to read:

75.5. "Property" means and includes real property, other than fixtures, which are normally valued as a separate appraisal unit from a structure and mobilehomes subject to taxation under Part 13 (commencing with Section 5800).

SEC. 2.5. Section 75.9 is added to the Revenue and Taxation Code, to read:

75.9. "Taxable value" means and includes the base year full value adjusted for any given lien date as required by law or the full cash value for the same date, whichever is less.

SEC. 3. Section 75.11 of the Revenue and Taxation Code is amended to read:

75.11. (a) If the change in ownership occurs or the new construction is completed on or after March 1 but on or before May 31, then there shall be two supplemental assessments placed on the supplemental roll. The first supplemental assessment shall be the difference between the new base year value and the taxable value on the current roll. The second supplemental assessment shall be the difference between the new base year value and the taxable value to be enrolled on the roll being prepared.

(b) If the change in ownership occurs or the new construction is

completed on or after June 1 but before the succeeding March 1, then the supplemental assessment placed on the supplemental roll shall be the difference between the new base year value and the taxable value on the current roll.

(c) If there are multiple change in ownership occurrences of, or new construction completions to, the same real property, or both, during the same assessment year, then there shall be a net supplemental assessment placed on the supplemental roll, in addition to the assessment pursuant to subdivision (a) or (b). The net supplemental assessment shall be the most recent new base year value less the sum of (1) the previous entry or entries placed on the supplemental roll computed pursuant to subdivision (a) or (b), and (2) the corresponding taxable value on the current roll or the taxable value to be entered on the roll being prepared, or both, depending on the date or dates the change of ownership occurs or new construction is completed as specified in subdivisions (a) and (b).

SEC. 4. Section 75.12 of the Revenue and Taxation Code is amended to read:

75.12. (a) (1) Any real property on which new construction is completed shall not be added to the supplemental roll pursuant to this article until the date that property, in whole or in part, is the subject of any of the following:

(A) Changes ownership.

(B) Is rented or leased.

(C) Is occupied or otherwise used by the owner or with the owner's consent, except a model home or other use which is incidental to an offer for a change of ownership, whichever comes first.

(2) This section applies only if the owner notifies the assessor in writing prior to the commencement of construction that he or she offers or intends to offer that property for sale or other change of ownership, and does not intend to rent, lease, occupy or otherwise use that property, except model homes or other use as is incidental to an offer for a change of ownership, and the owner requests the application of this section. For purposes of orderly implementation of this paragraph, the notice to the assessor shall be made within 45 days of July 29, 1983, as to real property under construction between July 1, 1983, and the date of the notice.

(3) Nothing in this section shall preclude the reassessment of any such property on the assessment roll for the March 1 following the date of completion.

(b) The owner of any real property who makes a request of the assessor pursuant to subdivision (a) shall notify the assessor within 45 days of the earliest date that any of the following occur:

(1) The property changes ownership subject to an unrecorded contract of sale.

(2) The property is rented or leased.

(3) The property is occupied and the occupancy of the property is other than as a model home or incidental to an offer for a change

of ownership.

If the owner fails to provide the assessor with such notice within 45 days of the earliest date specified in paragraph (1), (2), or (3), then a penalty of the amount specified in Section 482 shall be applied, regardless of whether the assessor has made a request for that notice. The procedures provided in Section 482 for collection of the penalty and in Section 483 for the abatement of penalties shall be applicable for the failure of the owner to provide the assessor with timely notice.

SEC. 5. Section 75.14 is added to the Revenue and Taxation Code, to read:

75.14. A supplemental assessment pursuant to this chapter shall not be made for any property not subject to the assessment limitations of Article XIII A of the California Constitution. SEC. 5.5. Article 2.5 (commencing with Section 75.18) is added to Chapter 3.5 of Part 0.5 of Division 1 of the Revenue and Taxation Code, to read:

75.18. On and after July 1, 1983, if the actual date of the most recent change in ownership or completion of new construction entered on the supplemental roll occurs between March 1, and June 30, then the new base year value shall be adjusted on the March 1 following the change in ownership or completion of new construction by the inflation factor, which shall be the percentage change in the cost of living, as defined in Section 2212, provided that any increases shall not exceed 2 percent of the new base year value.

SEC. 6. Section 75.20 of the Revenue and Taxation Code is amended to read:

(b) If the property received an exemption on the current roll or the roll being prepared and the assessee on the supplemental roll is eligible for and makes a timely claim for an exemption of a greater amount, then the difference in the amount between the two exemptions shall be applied to the supplemental assessment.

(c) Any person claiming to be eligible for an exemption to be applied against the amount of the supplemental assessment shall file

a claim, in such form as prescribed by the board, on or before the 30th day following the date of notice of the supplemental assessment.

SEC. 8. Section 75.22 of the Revenue and Taxation Code is amended to read:

75.22. A property shall be eligible for exemption from the supplemental assessment if the person claiming the exemption meets the qualifications for the exemption established by this part no later than 90 days of the date of the change in ownership or the completion of new construction.

Whenever the assessor determines that a change in ownership or the completion of new construction has occurred, the assessor shall place a notice of the pending supplemental billing on the roll being prepared and shall notify the auditor, who shall place a notation on the current roll or on a separate document accompanying the current roll that a supplemental billing may be forthcoming.

SEC. 11. Section 75.31 of the Revenue and Taxation Code is amended to read:

75.31. (a) Whenever the assessor has determined a new base year value as provided in Section 75.10, the assessor shall send a notice to the assessee showing the following:

supplemental assessment, and that the appeal must be received within 60 days of the date of the notice. For the purposes of equalization proceedings, the supplemental assessment shall be considered an assessment made outside of the regular assessment period as provided in Section 1605, except that the application shall be filed within 60 days of notice.

For property on the secured roll, if the tax bill is delinquent on or before January 1, the taxes due shall be computed in two equal installments.

(b) The taxes due shall be adjusted by a proration factor to reflect the portion of the tax year remaining as determined by the date on which the change in ownership occurred or the new construction was completed. In computing the portion of the tax year remaining, the change in ownership or completion of new construction shall be presumed to have occurred on the first day of the month following the date on which change in ownership or completion of new construction occurred.

(c) (1) If the presumed date specified in subdivision (b) is April 1, the taxes on the supplemental assessment for the current roll shall

(d) Counties may submit claims for reimbursement for excess administrative costs of administering the provisions of this chapter to the board no later than January 15, 1984. The board shall review those claims and forward them with recommendations to the Department of Finance by March 1, 1984. (b) For each tax rate area, each special district shall be allocated an amount of property tax revenue equal to the amount of property tax revenue which would have been allocated pursuant to this chapter to such district in the prior fiscal year if no adjustment had been made pursuant to Section 98.6. This amount shall then be adjusted for the current year pursuant to Section 98.6.

(c) The difference between the total amount of property tax revenue and the amounts allocated pursuant to subdivision (a) shall be allocated pursuant to Section 98, and shall be known as the "annual tax increment".

(d) For purposes of this section, in the 1983–84 and 1984–85 fiscal years only, the amount of property tax revenue referred to in subdivision (a) shall not include amounts generated by the increased assessments under Chapter 3.5 (commencing with Section 75).

SEC. 18.1. Section 217.1 is added to the Revenue and Taxation Code, to read:

217.1. (a) Except as provided in subdivision (d), the following articles of personal property which have been made available for display in a publicly owned aerospace museum, or an aerospace museum which is regularly open to the public and which is operated by a nonprofit organization which has qualified for exemption pursuant to Section 23701d, shall be exempt from taxation:

(1) Aircraft which have been restored or maintained, whether currently certified or not for flight purposes.

(2) Aircraft donated in perpetuity to the aerospace museum.

(b) When making a claim for an exemption pursuant to this section, a person claiming the exemption shall give all information required and answer all questions in an affidavit, and shall subscribe and swear to the affidavit before, at the election of the claimant, either the assessor or a notary public. The assessor may require other proof of the facts stated before allowing the exemption. The affidavit shall be accompanied by a certificate of the director or other officer of the aerospace museum in which the property for which an exemption is claimed under this section was made available for display that the property was available for public display in the

aerospace museum for the period specified in subdivision (e).

(d) The exemption provided by subdivision (a) shall not apply to any aircraft loaned by any person who holds aircraft primarily for purposes of sale.

(e) The exemption provided by this section shall not apply unless the property was made available for public display in the aerospace museum for a period of 90 days during the 12-month period immediately preceding the lien date for the year for which the exemption is claimed.

If the property was first made available for public display less than 90 days prior to the lien date, the exemption may be granted if the person claiming the exemption certifies in writing that the property will be made available for public display for at least 90 days during the 12-month period commencing with the first day the property was made available for public display.

(f) For purposes of this section, "regularly open to the public" means that the aerospace museum was open to the public not less than 20 hours per week for not less than 35 weeks of the 12-month period immediately preceding the lien date for the year for which the exemption is claimed.

(g) If a person certifies in writing that the property will be made available and the aerospace museum open for the periods specified in subdivisions (e) and (f), and the property is not so made available or the aerospace museum is not so opened, the exemption shall be canceled, and an escape assessment may be made as provided in Section 531.1.

(b) In the case of a trust or estate, any deduction allowed or allowable for the taxable year—

(1) Under Section 642(c) of the Internal Revenue Code (but only to the extent that the amount of the deduction allowable under such section is included in the income of the beneficiary under Section 662(a) of the Internal Revenue Code for the taxable year of the beneficiary with which or within which the taxable year of the trust ends);

SEC. 21.5. Section 17274 of the Revenue and Taxation Code, as amended by Chapter 488 of the Statutes of 1983, is amended to read:

17274. (a) Notwithstanding any other provisions in this part to the contrary, in the case of a taxpayer who derives rental income from substandard housing located in this state, no deduction shall be allowed for interest, taxes, depreciation, or amortization paid or incurred in the taxable year with respect to the substandard housing, except as provided in subdivision (e).

(b) Substandard housing means housing which (1) has been determined by a state or local government regulatory agency to violate state law or local codes dealing with health, safety, or building; and (2) after written notice of violation by the regulatory agency, specifying the applicability of this section, has not been brought to a condition of compliance within six months after the date of the notice or the time prescribed in the notice, whichever period is later; or on which good faith efforts for compliance have not been commenced, as determined by the regulatory agency. The regulatory agency may, for good cause shown, extend the compliance date prescribed in a violation notice.

(c) When the period specified in subdivision (b) has expired without compliance, the regulatory agency shall mail to the taxpayer a notice of noncompliance. The notice of noncompliance shall be in such form and shall include such information as may be prescribed by the Franchise Tax Board, shall be mailed by certified mail to the taxpayer at the taxpayer's last known address, and shall advise the taxpayer (1) of an intent to notify the Franchise Tax Board of the noncompliance within 10 days unless an appeal is filed, (2) where an appeal may be filed, and (3) a general description of the tax consequences of the filing with the Franchise Tax Board. If no appeal is made within 10 days or after disposition of the appeal if the regulatory agency is sustained, the regulatory agency shall notify the Franchise Tax Board of the noncompliance. No deduction shall be allowed for the items provided in subdivision (a) from the date of the notice of noncompliance until the date the regulatory agency determines that the substandard housing has been brought to a condition of compliance. The regulatory agency shall mail to the Franchise Tax Board and the taxpayer a notice of compliance, which notice shall be in such form and include such information as may be prescribed by

the Franchise Tax Board. In the event the period of noncompliance does not cover an entire taxable year, the deductions shall be denied at the rate of one-twelfth for each full month during the period of noncompliance.

If the property is owned by more than one owner or if recorded title is in the name of a fictitious owner, the notice requirements provided in subdivision (b) and this subdivision shall be satisfied for each owner if the notices are mailed to one owner or to the fictitious name owner at the address appearing on the latest available property tax bill. However, notices made pursuant to this subdivision shall not relieve the regulatory agency from furnishing taxpayer identification information required to implement this section to the Franchise Tax Board.

(d) For the purposes of this section, a notice of noncompliance shall not be mailed by the regulatory agency to the Franchise Tax Board if:

(1) The rental housing was rendered substandard solely by reason of earthquake, flood or other natural disaster except where the condition remains for more than three years after the disaster,

(2) The owner of the rental housing has secured financing to bring the housing into compliance with those laws or codes which have been violated, causing the housing to be classified as substandard, and has commenced repairs or other work necessary to bring the housing into compliance or

(3) The owner of rental housing which is not within the meaning of housing accommodation as defined by subdivision (d) of Section 35805 of the Health and Safety Code has attempted to:

(A) Secure financing to bring such housing into compliance with those laws or codes which have been violated, causing such housing to be classified as substandard; and

(B) The financing is denied solely because such housing is located in a neighborhood or geographical area in which financial institutions do not provide financing for rehabilitation of any such housing.

(e) This section does not apply to deductions from income derived from property rendered substandard solely by reason of a change in applicable state or local housing standards unless the violations cause substantial danger to the occupants of the property, as determined by the regulatory agency which has served notice of violation pursuant to subdivision (b).

(f) The owner of rental housing found to be in noncompliance shall, upon total or partial divestiture of interest in the property, immediately notify the regulatory agency of the name and address of the person or persons to whom the property has been sold or otherwise transferred and the date of the sale or transference.

(g) By July 1st of each year, the regulatory agency shall report to the appropriate legislative body of its jurisdiction all of the following information, for the preceding calendar year, regarding its activities to secure code enforcement, which shall be public information:

(1) The number of written notices of violation issued for substandard dwellings under subdivision (b).

(7) The number of cases in which a notice of noncompliance was not sent pursuant to the provision of subdivision (d).

(8) The number of extensions for compliance granted pursuant to subdivision (b) and the mean average length of the extensions.

(9) The mean average length of time from the issuance of a notice of violation to the mailing of a notice of noncompliance to the Franchise Tax Board where the notice is actually sent to the Franchise Tax Board.

(10) The number of cases where compliance is achieved after a notice of noncompliance has been mailed to the Franchise Tax Board.

(5) A recapitalization;

(6) A mere change in identity, form, or place of organization of one corporation, however effected; or

(7) A transfer by a corporation of all or part of its assets to another corporation in a Title 11 or similar case; but only if, in pursuance of the plan, stock or securities of the corporation to which the assets are transferred are distributed in a transaction which qualifies under Section 24531, 24533, or 24535.

(b) (1) If a transaction is described in both paragraph (3) and paragraph (4) of subdivision (a). then, for purposes of this chapter, such transaction shall be treated as described only in paragraph (4) of subdivision (a).

(2) If—

(A) One corporation acquires substantially all of the properties of another corporation;

(B) The acquisition would qualify under paragraph (3) of subdivision (a) but for the fact that the acquiring corporation exchanges money or other property in addition to voting stock; and

(C) The acquiring corporation acquires, solely for voting stock described in paragraph (3) of subdivision (a), property of the other corporation having a fair market value which is at least 80 percent of the fair market value of all of the property of the other corporation;

then such acquisition shall (subject to paragraph (1) of this

subdivision) be treated as qualifying under paragraph (3) of subdivision (a). Solely for the purpose of determining whether subparagraph (C) of the preceding sentence applies, the amount of any liability assumed by the acquiring corporation, and the amount of any liability to which any property acquired by the acquiring corporation is subject, shall be treated as money paid for the property.

(3) A transaction otherwise qualifying under paragraph (1), paragraph (2) or paragraph (3) of subdivision (a) shall not be disqualified by reason of the fact that part or all of the assets or stock which were acquired in the transaction are transferred to a corporation controlled by the corporation acquiring such assets or stock. A similar rule shall apply to a transaction otherwise qualifying under paragraph (7) of subdivision (a) where the requirements of subparagraphs (A) and (B) of paragraph (1) of subdivision (b) of Section 24531 are met with respect to the acquisition of the assets.

(4) The acquisition by one corporation, in exchange for stock of a corporation (referred to in this paragraph as "controlling corporation") which is in control of the acquiring corporation, of substantially all of the properties of another corporation which in the transaction is merged into the acquiring corporation shall not disqualify a transaction under paragraph (1) or paragraph (7) of subdivision (a), if—

(A) No stock of the acquiring corporation is used in the transaction, and

(B) In the case of a transaction under paragraph (1) of subdivision (a), such transaction would have qualified under paragraph (1) of subdivision (a) had the merger been into the controlling corporation.

(5) A transaction otherwise qualifying under paragraph (1) of subdivision (a) shall not be disqualified by reason of the fact that stock of a corporation (referred to in this paragraph as the "controlling corporation") which before the merger was in control of the merged corporation is used in the transaction, if—

(A) After the transaction, the corporation surviving the merger holds substantially all of its properties and of the properties of the merged corporation (other than stock of the controlling corporation distributed in the transaction); and

(B) In the transaction, former shareholders of the surviving corporation exchanged, for an amount of voting stock of the controlling corporation, an amount of stock in the surviving corporation which constitutes control of such corporation.

(6) (A) If immediately before a transaction described in subdivision (a) (other than paragraph (5) thereof), two or more parties to the transaction were investment companies, then the transaction shall not be considered to be a reorganization with respect to any such investment company (and its shareholders and security holders) unless it was a regulated investment company, a real estate investment trust, or a corporation which meets the

requirements of subparagraph (B).

(B) A corporation meets the requirements of this subparagraph if not more than 25 percent of the value of its total assets is invested in the stock and securities of any one issuer, and not more than 50 percent of the value of its total assets is invested in the stock and securities of five or fewer issuers. For purposes of this paragraph, all members of a controlled group of corporations (within the meaning of Section 1563(a) of the Internal Revenue Code of 1954) shall be treated as one issuer.

(C) For purposes of this paragraph the term "investment company" means a regulated investment company, a real estate investment trust, or a corporation 50 percent or more of the value of whose total assets are stock and securities and 80 percent or more of the value of whose total assets are assets held for investment. In making the 50-percent and 80-percent determinations under the preceding sentence, stock and securities in any subsidiary corporation shall be disregarded and the parent corporation shall be deemed to own its ratable share of the subsidiary's assets, and a corporation shall be considered a subsidiary if the parent owns 50 percent or more of the combined voting power of all classes of stock entitled to vote, or 50 percent or more of the total value of shares of all classes of stock outstanding.

(D) For purposes of this paragraph, in determining total assets there shall be excluded cash and cash items (including receivables), government securities, and, under regulations prescribed by the Franchise Tax Board, assets acquired (through incurring indebtedness or otherwise) for purposes of meeting the requirements of subparagraph (B) or ceasing to be an investment company.

(E) This paragraph shall not apply if the stock of each investment company is owned substantially by the same persons in the same proportions.

(F) If an investment company which does not meet the requirements of subparagraph (B) acquires assets of another corporation, subparagraph (A) shall be applied to such investment company and its shareholders and security holders as though its assets had been acquired by such other corporation. If such investment company acquires stock of another corporation in a reorganization described in Section 24562(a)(2) (hereafter referred to as the "actual acquisition") subparagraph (A) shall be applied to the shareholders of such investment company as though they had exchanged with such other corporation all of their stock in such investment company for stock having a fair market value equal to the fair market value of their stock of such investment company immediately after the exchange.

(G) For purposes of subparagraphs (b) and (c), the term "securities" includes obligations of state and local governments, commodity futures contracts, shares of regulated investment companies and real estate investment trusts, and other investments

constituting a security within the meaning of the Investment Company Act of 1940, 15 U.S.C. 80a-2(36).

(c) The amendments made to this section by the 1971 First Extraordinary Session of the Legislature shall apply to statutory mergers occurring after December 31, 1970.

(d) (1) For purposes of this chapter, the term "Title 11 or similar case" means—

(A) A case under Title 11 of the United States Code, to the extent this chapter is not in conflict with Section 346(q)(17)(C) of Title 11, or

(B) A receivership, foreclosure, or similar proceeding in a federal or state court.

(2) In applying paragraph (7) of subdivision (a), a transfer of the assets of a corporation shall be treated as made in a Title 11 or similar case if and only if—

(A) Any party to the reorganization is under the jurisdiction of the court in such case, and

(B) The transfer is pursuant to a plan of reorganization approved by the court.

(3) If a transaction (but for this paragraph) qualify both—

(A) Under paragraph (7) of subdivision (a), and

(B) Under any other paragraph of subdivision (a) or under Section 24502 or 24521, then, for purposes of this chapter (other than Section 24540(c)(1)), such transaction shall be treated as qualifying only under paragraph (7) of subdivision (a).

(4) For purposes of paragraphs (1) and (2), in the case of a receivership, foreclosure, or similar proceeding before a federal or state agency involving a financial institution to which Section 585 or 593 of the Internal Revenue Code applies, the agency shall be treated as a court.

(5) In the case of a Title 11 or similar case, the requirement of subparagraph (B) of paragraph (5) of subdivision (b) shall be treated as met if—

(A) No former shareholder of the surviving corporation received any consideration for his stock, and

(B) The former creditors of the surviving corporation exchanged, for an amount of voting stock of the controlling corporation, debt of the surviving corporation which had a fair market value equal to 80 percent or more of the total fair market value of the debt of the surviving corporation.

SEC. 30.1. Section 24603 of the Revenue and Taxation Code, as amended by Chapter 498 of the Statutes of 1983, is amended to read:

24603. (a) In the income year when paid, if the contributions are paid into a stock bonus or profit-sharing trust, and if such income year ends within or with an income year of the trust with respect to which the trust is exempt under Section 401(a) of the Internal Revenue Code, in an amount not in excess of 15 percent of the compensation otherwise paid or accrued during the income year to all employees under the stock bonus or profit-sharing plan. If in any

income year there is paid into the trust, or a similar trust then in effect, amounts less than the amounts deductible under the preceding sentence, the excess, or if no amount is paid, the amounts deductible shall be carried forward and be deductible when paid in the succeeding income years in order of time, but the amount so deductible under this sentence in any such succeeding income year shall not exceed 15 percent of the compensation otherwise paid or accrued during such succeeding income year to the beneficiaries under the plan, but the amount so deductible under this sentence in any one succeeding income year together with the amount so deductible under the first sentence of this subdivision shall not exceed 25 percent of the compensation otherwise paid or accrued during such income year to the beneficiaries under the plan. In addition, any amount paid into the trust in any income year in excess of the amount allowable with respect to such year under the preceding provisions of this subsection shall be deductible in the succeeding income years in order of time, but the amount so deductible under this sentence in any one such succeeding income year together with the amount allowable under the first sentence of this subsection shall not exceed 15 percent of the compensation otherwise paid or accrued during such income year to the beneficiaries under the plan. The term "stock bonus or profit-sharing trust," as used in this subsection, shall not include any trust designed to provide benefits upon retirement and covering a period of years, if under the plan the amounts to be contributed by the employer can be determine actuarially as provided in Section 24601. If the contributions are made to two or more stock bonus or profit-sharing trusts, such trusts shall be considered a single trust for purposes of applying the limitations in this subsection.

(b) In the case of a profit-sharing plan, or a stock bonus plan in which contributions are determined with reference to profits, of a group of corporations which is an affiliated group within the meaning of Section 1504 of the Federal Internal Revenue Code of 1954, if any member of such affiliated group is prevented from making a contribution which it would otherwise have made under the plan, by reason of having no current or accumulated earnings or profits or because such earnings or profits are less than the contributions which it would otherwise have made, then so much of the contribution which such member was so prevented from making may be made, for the benefit of the employees of such member, by the other members of the group, to the extent of current or accumulated earnings or profits, except that such contribution by each such other member shall be limited, where the group does not file a consolidated return, to that proportion of its total current and accumulated earnings or profits remaining after adjustment for its contribution deductible without regard to this subsection which the total prevented contribution bears to the total current and accumulated earnings or profits of all members of the group remaining after adjustment for all contributions deductible without

regard to this subsection. Contributions made under the preceding sentence shall be deductible under subsection (a) by the employer making such contribution, and, for the purpose of determining amounts which may be carried forward and deducted under the second sentence of subsection (a) in succeeding income years, shall be deemed to have been made by the employer on behalf of whose employees such contributions were made.

(c) The term "compensation otherwise paid or accrued during the taxable year to all employees" shall include any amount with respect to which an election under Section 415(c)(3)(C) of the Internal Revenue Code is in effect, but only to the extent that any contribution with respect to such amount is nonforfeitable.

SEC. 30.2. Section 26161 of the Revenue and Taxation Code is amended to read:

(a) If any person fails to pay any liability imposed under this part at the time that it becomes due and payable, the amount (including any interest, additional amount, addition to tax, or penalty, together with any costs that may accrue in addition thereto) shall thereupon be a perfected and enforceable state tax lien. Such a lien is subject to Chapter 14 (commencing with Section 7150) of Division 7 of Title 1 of the Government Code.

(b) For the purpose of this section, amounts are "due and payable" on the following dates:

(1) For amounts of any liability disclosed on a return filed on or before the date payment is due, the day after such payment due date, upon which the amount is established on the records of the Franchise Tax Board;

(2) For amounts of any liability disclosed on a return filed after the date payment is due, the date the amount is established on the records of the Franchise Tax Board, except that in no case will it be prior to the day after such payment due date;

(3) For amounts of any liability determined under Section 25761 (pertaining to jeopardy assessments), the date the notice of the Franchise Tax Board's finding is mailed or issued;

These apportionments shall be made as provided for in Sections 2104 to 2122, inclusive. (b) Substantially all of the remuneration (whether or not paid in cash) for the services performed by that individual is directly related to sales or other output (including the performance of services) rather than to the number of hours worked by that individual.

(c) The services performed by the individual are performed pursuant to a written contract between that individual and the person for whom the services are performed and the contract provides that the individual will not be treated as an employee with respect to those services for state tax purposes.

(1) For amounts disclosed on a return received by the director, the date of the notice by the director to the taxpayer of the amount due;

(c) The director shall provide the court clerk with an exact copy of the certified statement upon filing, which copy will be endorsed or certified by the court clerk and returned to the director, along with a certified copy of the court's order. There is hereby appropriated to the California Public Broadcasting Commission the sum of two hundred fifty thousand dollars ($250,000) from the General Fund to the California Public Broadcasting Fund for direct grants in fiscal year 1983–84 to the five minority-controlled and operated public radio stations that, as of January 1, 1983, have been qualified by the commission in California to assist in their development, operation, interconnection, and programing.

SEC. 4. Section 650 of the Unemployment Insurance Code is amended to read:

650. "Employment" does not include services performed as a real estate, mineral. oil and gas, or cemetery broker or as a real estate, cemetery or direct sales salesperson by an individual if all of the following conditions are met:

(a) The individual is licensed under the provisions of Chapter 19 (commencing with Section 9600) of Division 3 of, or Part 1 (commencing with Section 10000) of Division 4 of, the Business and Professions Code or is engaged in the trade or business of primarily inperson demonstration and sales presentation of consumer products in the home or sales to any buyer on a buy-sell basis, a deposit-commission basis, or any similar basis, for resaleby the buyer or any other person in the home or otherwise than from a retail or wholesale establishment.

(b) Substantially all of the remuneration (whether or not paid in cash) for the services performed by that individual is directly related to sales or other output (including the performance of services) rather than to the number of hours worked by that individual.

(c) The services performed by the individual are performed pursuant to a written contract between that individual and the person for whom the services are performed and the contract provides that the individual will not be treated as an employee with respect to those services for state tax purposes.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The continued operation of minority-controlled and operated public radio stations in California depends upon state financial assistance, and recent budget cuts in state funding for public broadcasting stations will have a disproportionately adverse impact upon these stations.

CHAPTER 1105

An act to amend Sections 436.4, 436.8, 437.7, 437.10, 437.11, 437.15, 438.2, 438.3, 438.4, 438.5, 438.8, 438.9, and 1255 of, to add Sections 439.2 and 1255.5 to, and to repeal Section 437.13 of, the Health and Safety Code, relating to health facilities.

[Approved by Governor September 27, 1983 Filed with Secretary of State September 28, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 436.4 of the Health and Safety Code is amended to read:

436.4. The office shall implement the loan insurance program for the construction, improvement, and expansion of public and nonprofit corporation health facilities so that, in conjunction with all other existing facilities, the necessary physical facilities for furnishing adequate health facility services will be available to all the people of the state.

SEC. 1.5. Section 436.8 of the Health and Safety Code is amended to read:

436.8. A loan shall be eligible for insurance under this chapter if all of the following conditions are met:

(a) When the borrower is a nonprofit corporation, such loan shall be secured by a mortgage, first lien, trust indenture, or such other security agreement as the office may require subject only to such conditions, covenants and restrictions, easements, taxes, and assessments of record approved by the office. When the borrower is a political subdivision, such loan may be evidenced by a duly authorized bond issue. A loan to a local hospital district or county may meet the requirement of this subdivision by either method.

(b) The borrower obtains an American Land Title Association title insurance policy with the office designated as beneficiary, with liability equal to the amount of the loan insured under this chapter, and with such additional endorsements as the office may reasonably require.

(c) The proceeds of the loan shall be used exclusively for the construction, improvement, or expansion of the health facility, as approved by the office under Section 436.4. However, loans insured pursuant to this chapter may include loans to refinance another prior loan, whether or not state insured and without regard to the date of the prior loan, if the office determines that the prior loan would have been eligible for insurance under this chapter at the time it was made. The office may not insure a loan for a health facility which is not needed as determined by the state plan developed under the authorization of Section 436.4.

(d) The loan shall have a maturity date not exceeding 30 years from the date of the beginning of amortization of the loan, except as authorized by subdivision (e), or 75 percent of the office's estimate of the economic life of the health facility, whichever is the lesser.

(e) The loan shall contain complete amortization provisions requiring periodic payments by the borrower not in excess of its reasonable ability to pay as determined by the office. The office shall permit a reasonable period of time during which the first payment to amortization may be waived on agreement by the lender and borrower. The office may, however, waive the amortization requirements of this subdivision and of subdivision (g) of this section when a term loan would be in the borrower's best interest.

(f) The loan shall bear interest on the amount of the principal obligation outstanding at any time at a rate, as negotiated by the

borrower and lender, as the office finds necessary to meet the loan money market. As used in this chapter, "interest" does not include premium charges for insurance and service charges if any. Where a loan is evidenced by a bond issue of a political subdivision, the interest thereon may be at any rate which such bonds may legally bear.

(g) The loan shall provide for the application of the borrower's periodic payments to amortization of the principal of the loan.

(h) The loan shall contain such terms and provisions with respect to insurance, repairs, alterations, payment of taxes and assessments, foreclosure proceedings, anticipation of maturity, additional and secondary liens, and other matters as the office may in its discretion prescribe.

(i) The loan shall have a principal obligation not in excess of an amount equal to 90 percent of the total construction cost. Where the borrower is a political subdivision, the office may fully insure loans equal to the total construction cost.

(j) The borrower shall offer reasonable assurance that the services of the health facility will be made available to all persons residing or employed in the area served by the facility.

(k) A certificate of need or certificate of exemption has been issued for the project to be financed pursuant to Part 1.5 (commencing with Section 437) of this division, unless the project is not subject to such requirement.

(*l*) In the case of acquisitions, a project loan shall be guaranteed only for transactions not in excess of the fair market value of the acquisition.

Fair market value shall be determined, for purposes of this subdivision, pursuant to the following procedure, which shall be utilized during the state review of a loan guarantee application:

(1) Completion of a property appraisal by an appraisal firm qualified to make appraisals, as determined by the office, before closing a loan on the project.

(2) Evaluation of the appraisal in conjunction with the book value of the acquisition by the office. When acquisitions involve additional construction, the office shall evaluate the proposed construction to determine that the costs are reasonable for the type of construction proposed. In those cases where this procedure reveals that the cost of acquisition exceeds the current value of a facility, including improvements, then the acquisition cost shall be deemed in excess of fair market value.

In determining financial feasibility of projects of counties pursuant to this section, the office shall take into consideration any assistance for the project to be provided under Section 16715 of the Welfare and Institutions Code or from other sources. It is the intent of the Legislature that the office endeavor to assist counties in whatever ways are possible to arrange loans which will meet the requirements for insurance prescribed by this section.

SEC. 2. Section 437.7 of the Health and Safety Code is amended

to read:

437.7. The Advisory Health Council shall evaluate and shall designate annually no more than one area health planning agency for any area of the state designated by the council, provided such agency shall be incorporated as a nonprofit corporation and be controlled by a board of directors consisting of a majority representing the public and local government as consumers of health services with the balance being broadly representative of the providers of health services and the health professions, or alternatively be a health systems agency established pursuant to Public Law 93-641. The functions of area health planning agencies shall be the following:

(a) To review information on utilization of hospitals and related health facilities.

(b) To develop area plans to be used for the determination of community need and desirability of projects specified in Section 437.10, consistent with the regulations adopted by the Office of Statewide Health Planning and Development pursuant to Section 437.8. Each such plan shall become effective upon a determination by the council that the plan is in conformance with regulations adopted pursuant to Section 437.8. The council shall integrate all such area plans into a single Statewide Health Facilities and Services Plan, which shall become effective upon formal adoption by the council.

(c) To conduct public meetings in which providers of health care and consumers will be encouraged to participate.

(d) Area health planning agencies shall comply with the following requirements:

(1) The governing body of the agency shall, to the extent feasible, be composed of individuals representative of the major social, economic, linguistic, and racial populations, and geographic areas, within the area served by the agency.

(2) The agency shall hold public meetings and hearings only after reasonable public notice. Such notice shall, to the extent feasible, be publicized directly to those who, as determined by the director, are medically underserved and are in other ways denied equal access to good medical care.

(3) The agency shall file with the Advisory Health Council an affirmative action employment plan approved by the office.

Area health planning agencies may divide their areas into local areas for purposes of more effective health facility planning, with the approval of the Advisory Health Council. These local areas shall be of a geographic size and contain adequate population to insure a broad base for planning decisions. Each local area shall contain a local health planning agency which shall meet the requirements of this section.

An organization which meets the requirements of this section may make application to its area health planning agency for designation as a local health planning agency for a designated area. Within 45 days after a complete application for designation has been received, the area agency shall reach a decision concerning the application.

Each area health planning agency existing on the operative date of amendments to this section enacted during the 1976 portion of the 1975–76 Regular Session of the Legislature shall continue to function as an area planning agency pursuant to this part, until such time as one or more designated health systems agencies are fully operational, as determined by the Advisory Health Council in the area served, or formerly served, by the respective area health planning agency.

If the Advisory Health Council determines that an area health planning agency approved under this section is dissolved or unable to carry out the functions required by this part, the office shall fulfill the responsibilities of an area health planning agency pursuant to this part in the area until such time as another area health planning agency is designated by the Advisory Health Council for such area and becomes fully operational.

Adoption of regulations setting forth administrative procedures for area and local area health planning agencies shall be made by the office pursuant to Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 3. Section 437.10 of the Health and Safety Code is amended to read:

437.10. Except as otherwise exempted by Section 437.11 or this section, projects requiring a certificate of need issued by the Office of Statewide Health Planning and Development are the following:

(a) Construction of a new health facility, relocation of a health facility or specialty clinic on a different site or adjacent to the site on which the facility is located, the increase of bed capacity in an existing health facility, the conversion of an entire existing health facility from one license category to another, the conversion of a health facility's existing beds from any bed classification set forth in Section 1250.1 to skilled nursing beds, psychiatric beds, or intermediate care beds, and the conversion of skilled nursing beds, psychiatric beds, or intermediate care beds to any other bed classification set forth in Section 1250.1, except for skilled nursing beds or intermediate care beds licensed as of March 1, 1983, as part of a general acute care hospital. The conversion may not exceed during any three-year period five percent of the existing beds of the bed classification to which the conversion is made.

A health facility may use beds in one bed classification which, pursuant to the facility's license, have been designated in another bed classification, if all of these bed classification changes do not at any time exceed 5 percent of the total number of the facility's beds as set forth by the facility's license and if that use meets the requirements of Chapter 2 (commencing with Section 1250) of Division 2. In addition, a facility may use an additional 5 percent of its beds in this manner if the director finds that seasonal fluctuations justify it.

For purposes of this subdivision, "adjacent" means real property within a 400-yard radius of the site on which a health facility or specialty clinic currently exists.

(b) Establishment of a new specialty clinic, as defined in paragraphs (1) and (3) of subdivision (b) of Section 1204, a project by a health facility for expanded outpatient surgical capacity, the conversion of an existing primary care clinic to a specialty clinic, or the conversion of an existing specialty clinic to a different category of specialty-clinic licensure. It shall not constitute a project and no certificate of need shall be required for the establishment of a primary care clinic, as defined in subdivision (a) of Section 1204, the conversion of an existing specialty clinic to a primary care clinic, or the conversion of an existing primary care clinic to a different category of primary-care-clinic licensure. Any capital expenditure involved in the establishment of a primary care clinic shall also not constitute a project, except as provided in subdivision (d).

(c) The establishment of a new special service delineated in subdivision (a), (b), (c), (e), (f), (g), or (h) of Section 1255, or the establishment by a specialty clinic, as defined in paragraphs (1) and (3) of subdivision (b) of Section 1204, of a new special service identified by or pursuant to Section 1203.

(d) The initial purchase or lease by a clinic subject to licensure under Chapter 1 (commencing with Section 1200) of Division 2, of diagnostic or therapeutic equipment with a value in excess of one million dollars ($1,000,000) in a single fiscal year, or for which the cumulative cost exceeds such amount in more than one fiscal year. For purposes of this subdivision, the purchase or lease of one or more articles of functionally related diagnostic or therapeutic equipment, as determined by the office, shall be considered together.

(e) Any project requiring a capital expenditure for a specialty clinic as defined in paragraphs (1) and (3) of subdivision (b) of Section 1204, or for the services, equipment or modernization of a specialty clinic in excess of one million dollars ($1,000,000) in the current fiscal year or cumulation to an expenditure of one million dollars ($1,000,000) in the same fiscal year or subsequent fiscal years for a single project.

The threshold exemptions from certificate-of-need requirements provided for in this subdivision shall not apply to projects for expanded outpatient surgical capacity.

For the purposes of this subdivision, a "capital expenditure" shall mean any of the following:

(1) An expenditure, including an expenditure for a construction project undertaken by the specialty clinic as its own contractor, which under generally accepted accounting principles is not properly chargeable as an expense of operation and maintenance and which exceeds one million dollars ($1,000,000). The cost of studies, surveys, legal fees, land, offsite improvements, designs, plans, working drawings, specifications and other activities essential to the acquisition, improvement, expansion, or replacement of the physical plant and equipment with respect to which such expenditure is made shall be included in determining whether such cost exceeds one million dollars ($1,000,000). Where the estimated cost of a

proposed project, including cost escalation factors appropriate to the area in which the project is located, is, within 60 days of the date on which the obligation for such expenditure is incurred, certified by a licensed architect or engineer to be one million dollars ($1,000,000) or less, such expenditure shall be deemed not to exceed one million dollars ($1,000,000) regardless of the actual cost of such project. However, in any such case where the actual cost of the project exceeds one million dollars ($1,000,000), the specialty clinic on whose behalf such expenditure is made shall provide written notification of such cost to the state department not more than 30 days after the date on which such expenditure is incurred. Such notification shall include a copy of the certified estimate.

(2) The acquisition, under lease or comparable arrangement, or through donation, of equipment for a specialty clinic, the expenditure for which would have been considered a capital expenditure if the person had acquired it by purchase. For the purposes of this paragraph, "donation" shall not include a bequest.

(3) Any change in a proposed capital expenditure which itself meets the criteria set forth in this subdivision.

A "capital expenditure" shall include the total cost of the proposed project as certified by a licensed architect or engineer based on preliminary plans or specifications and concurred in by the state department. For the purposes of this subdivision, "project" shall not include the purchase of real property for future use or the transfer of ownership, in whole or part, of an existing clinic or the acquisition of all or substantially all of the assets or stock thereof, or the construction, modernization, purchase, lease, or other acquisition of parking lots or parking structures, telephone systems, and nonclinical data-processing systems.

For the purposes of this subdivision, "modernization" means the alteration, expansion, repair, remodeling, replacement, or renovation of existing buildings, including initial equipment thereof, and the replacement of equipment of existing buildings.

The office shall annually adjust the dollar thresholds set forth in subdivisions (d) and (e) of this section to reflect changes in the cost of living, as determined by the Department of Finance, using 1981 as the base year. Notwithstanding the amount of such dollar thresholds, in the event Congress increases or repeals the amount or amounts of such thresholds, the dollar thresholds set forth in subdivisions (d) and (e) of this section and in Section 437.13 shall be the highest amount or amounts permitted by Public Law 93-641, as amended, or one million dollars ($1,000,000), whichever is less, on the date such congressional action is effective.

SEC. 4. Section 437.11 of the Health and Safety Code is amended to read:

437.11. (a) The office shall exempt from the provisions of Sections 438 to 438.13, inclusive, and shall issue a certificate of exemption for those projects which were not previously subject to review under Section 437.7 prior to the effective date of this section

where the applicant has shown and the office director has found all of the following:

(1) The applicant has, prior to the effective date of this section, committed or incurred a financial obligation, including any obligation payable by force account, which is certified by a licensed architect or engineer to be 10 percent of the cost of the total project, or seventy-five thousand dollars ($75,000), whichever is less.

(2) The project cannot be terminated without substantial economic loss to the applicant.

(3) Except with respect to projects set forth in subdivision (d) of Section 437.10, the project was commenced prior to the effective date of this section and is being diligently pursued to completion.

(4) The applicant has filed a notice of such project with the office on forms supplied by the office within 60 days of the effective date of this section.

For the purposes of this subdivision, "project" shall mean any project set forth in Section 437.10, and the term "financial obligation" shall include cost factors set forth in the definition of "capital expenditure" in Section 437.10.

Within 120 days of the effective date of this section, the office shall determine in public hearing which applications are entitled to an exemption under this subdivision.

(b) In addition, the office shall exempt from the provisions of Sections 438 to 438.13, inclusive, and shall issue a certificate of need for those projects where the applicant has shown and the office director has found one of the following:

(1) The project is necessary solely to replace health care services that are no longer available at the facility because of a disaster or other emergency.

(2) The project is solely for the purpose of complying with requirements of law or regulations.

(3) The project was the subject of an application submitted to an area health planning agency prior to the effective date of this section. Such applications shall be processed and decided in the manner prescribed by this part as it existed immediately prior to the operative date of this section, except that any petition for appeal of a decision or lack of decision of such an area health planning agency rendered after the effective date of this section shall be made directly to the Advisory Health Council.

(4) The project is to add not more than 10 percent of licensed bed capacity or 10 beds, whichever is less, to an existing general acute care hospital, an existing acute psychiatric hospital, an existing special hospital, an existing general acute care/rehabilitating hospital, or an existing chemical dependency recovery hospital, where the applicant has shown and the office director has found that:

(A) The applicant hospital has not been granted a certificate of exemption pursuant to this provision or pursuant to Section 437.112, as Section 437.112 existed on January 1, 1982, within the last preceding 24 months.

(B) The applicant hospital has had an occupancy rate for the classification of beds to be added, and for the facility as a whole, for the preceding 12-month period, of not less than 85 percent.

(C) The facility is accessible to persons for whom the cost of care is reimbursed under Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code. In the case of an acute psychiatric hospital, the showing required by this subparagraph shall be limited to those categories of patients for whom acute psychiatric hospitals are eligible to receive reimbursement under Chapter 7 (commencing with Section 1400) of Part 3 of Division 9 of the Welfare and Institutions Code.

(c) A certificate of exemption issued pursuant to this section or Section 1268 shall for all purposes have the same effect as a certificate of need issued pursuant to this part.

SEC. 5. Section 437.13 of the Health and Safety Code is repealed.

SEC. 6. Section 437.15 of the Health and Safety Code is amended to read:

437.15. (a) It is the intent of the Legislature that projects for a general acute care hospital designated as a sole community provider and licensed for less than 100 beds, projects for the establishment or expansion of skilled nursing facilities or intermediate care facilities, and projects for skilled nursing beds or intermediate care beds in health facilities other than skilled nursing or intermediate care facilities be processed as expeditiously as possible, consistent with the purposes of this part.

(b) In reviewing an application for projects for a general acute care hospital designated as a sole community provider and licensed for less than 100 beds, a project for a skilled nursing facility, a project for an intermediate care facility, or a project for skilled nursing beds or intermediate care beds in health facilities, the office director shall consider only need, expected utilization and financial feasibility, compliance with applicable laws and regulations, and whether the proposed facility will enhance access to the population to be served.

(c) The following exceptions to the procedural provisions of this part shall apply to applications for projects for a general acute care hospital designated as a sole community provider and licensed for less than 100 beds, projects for the establishment or expansion of skilled nursing facilities or intermediate care facilities, or a project for skilled nursing beds or intermediate care beds in health facilities other than skilled nursing or intermediate care facilities:

(1) The notification of intent specified in Section 438.3 shall not be required prior to the filing of an application.

(2) Upon a determination that an application is complete pursuant to Section 438.2, the office shall promptly publish notice in a newspaper of general circulation in the geographical area to be served by the project. Such notice shall describe the project and provide that any affected person may request, in writing, that the office hold a public hearing in the course of its review. The notice shall state the address at which such request shall be made and the

time period in which it shall be made. Such written request shall be based upon the applicable review criteria and shall specify the criteria upon which it is based.

(3) No hearing need be held by the office in the course of its review unless ordered by the office within 30 calendar days after the application is determined to be complete. In those cases in which no hearing is required to be held, the office shall, within 30 calendar days after the application is determined to be complete, issue a decision approving the project in its entirety or with such modifications or conditions as have been agreed to in writing by the office and the applicant.

(d) The office shall amend its regulations and application forms as may be necessary to effectuate the purposes of this section.

SEC. 7. Section 438.2 of the Health and Safety Code is amended to read:

438.2. (a) The office, within 15 days of its receipt of an application for a certificate of need submitted pursuant to Section 438, shall make a determination as to whether the application is complete. If the office determines that the applicant has not submitted an application which adequately addresses the information requirements of the application form, it shall provide the applicant a written notification of incompleteness specifying the additional information required to render the application complete. After receipt of this additional information, the office, within 15 days, shall make a determination as to whether the application is complete.

(b) If, after review of additional information pursuant to subdivision (a), the office determines that the application is still incomplete, it shall provide the applicant a written notification of incompleteness, advising the applicant of the additional information needed and the options available to the applicant to render the application complete. Following receipt of notification, the applicant shall exercise one of the following options:

(1) Submit the additional information required by the office.

(2) Request in writing, with or without submitting the additional information, that the review commence notwithstanding the determination of incompleteness.

Upon receipt of a written statement requesting that the review commence, the application shall be deemed complete on the fifth business day following receipt unless the office determines, and notifies the applicant in writing, by the fifth business day, that the lack of information is so material that it would render meaningful analysis of the application impossible and that the application is therefore incomplete. Such a determination shall be based solely on the failure to provide information specifically requested by the application form.

If the applicant submits the requested additional information and does not submit a written statement requesting the office to commence the review notwithstanding its determination of

incompleteness, the office, within 15 days after receipt of the additional information, shall make a determination as to whether the application is complete.

Upon the receipt of any additional notifications of incompleteness, the applicant shall exercise one of the options enumerated in paragraphs (1) and (2). The office, in its second or subsequent completeness inquiry, shall not request information beyond the scope of the preceding request.

(c) If the office does not give the notification of incompleteness within the 15-day period required for review of completeness, the application shall be deemed complete on the 15th day following the receipt of the material submitted and the office shall then proceed with its review.

(d) The office shall publish notice of the commencement of the review promptly after the application review process commences pursuant to subdivision (b) or (c).

(e) A completed application may be amended or withdrawn by the applicant at any time without prejudice, but any amendment to an application, except as the office and the applicant may otherwise agree, shall cause the amended application to be treated as a new application for purposes of the time limits prescribed by this part and for the determination of the amount of the fee.

(f) A filed application shall be a public document and shall be available for inspection at the offices of the area health planning agency and the office. A copy of any filed application shall be furnished to any person upon request and payment of a reasonable fee, to be established by the office in an amount sufficient to defray the costs of reproduction.

(g) Applications filed by any state agency or the Board of Regents of the University of California shall be exempt from a filing fee.

SEC. 8. Section 438.3 of the Health and Safety Code is amended to read:

438.3. At least 30 calendar days prior to the filing of an application for a certificate of need under Section 437.10, or the filing of an application under Section 437.13, the applicant shall notify the office of its intent to apply for a certificate of need. The office may consult with the applicant on the proposed project.

The office may refuse to accept a certificate-of-need application where the applicant has failed to file a notification of intent to apply for a certificate of need pursuant to this section. However, if a certificate of need is issued, it shall not be invalidated on the sole basis of failure of the applicant to notify the office within the time required by this section.

SEC. 9. Section 438.4 of the Health and Safety Code is amended to read:

438.4. The office shall transmit a copy of each application for a certificate of need determined by it to be complete, or otherwise deemed complete pursuant to Section 438.2, to the appropriate area health planning agency. The area health planning agency may, at its

discretion, informally review the application and provide comment on it at the public hearing held pursuant to Section 438.5, if such a public hearing is held. If an area health planning agency intends to provide comment on an application at a public hearing, it shall provide notice to the applicant and to the state 20 days in advance of making a comment. Such a comment shall be deemed to have given the area health planning agency party status.

SEC. 10. Section 438.5 of the Health and Safety Code is amended to read:

438.5. (a) Within 60 calendar days of the receipt of the complete application, or an application otherwise deemed complete pursuant to Section 438.2, the Office of Statewide Health Planning and Development shall do one of the following:

(1) Approve the application. The office may approve the application pursuant to this subdivision with modifications or conditions, provided that the applicant agrees in writing to any such modifications or conditions.

(2) Order a hearing if the office determines that substantial questions exist as to the eligibility of the proposed project for certificate-of-need approval. Except as otherwise provided in this section, the hearing shall be held in the health service area served by the applicant.

(b) The office shall order a hearing by the service of a copy of the order on the applicant and the Office of Administrative Hearings. The order shall include the intended position of the Division of Certificate of Need of the office. Upon receipt of the order, the Office of Administrative Hearings shall promptly consult with the parties to the hearing in order to determine the time and place of hearing. Except as otherwise agreed by the parties and the Office of Administrative Hearings, the hearing shall commence within 20 days of the date of the order. Upon the scheduling of the hearing, the Office of Administrative Hearings shall promptly serve notice of the date, location, and time of the hearing upon the parties to the hearing. The Office of Administrative Hearings shall also publish a notice of the date, location, and time of the hearing in at least one newspaper of general circulation in the health service area served by the applicant. Such notice shall also include the name and address of the applicant, the nature of the proposed project, and other information, deemed relevant by the Office of Administrative Hearings.

(c) The hearing shall be conducted in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, except as otherwise provided in this part. The hearing shall be conducted by a hearing officer assigned by the Office of Administrative Hearings who shall rule on the admission and exclusion of evidence and may exercise all other powers relating to the conduct of the hearing. With the concurrence of the parties to the hearing, law and motion matters pertaining to the hearing may be heard by the hearing officer in a

location other than the geographic location of the hearing.

(d) The hearing shall conclude within 60 calendar days after commencement of the hearing unless one of the following occurs:

(1) The applicant agrees to extend the time for conclusion of the hearing.

(2) The hearing is ongoing and continuing during consecutive business days, in which case it shall be concluded as soon as reasonably practicable thereafter.

(e) Within 10 days after the conclusion of the hearing, the hearing officer shall render a proposed decision supported by findings of fact, based solely upon the record of the hearing, and conclusions of law. The proposed decision, findings of fact, and conclusions of law shall be served upon the parties to the hearing.

(f) The director shall make a final decision on an application within 10 calendar days after issuance of the proposed decision by the hearing officer. The decision shall either approve the application, approve it with modifications, reject it, or approve it with conditions mutually agreed upon by the applicant and the office. The failure of any applicant to fulfill the conditions under which the certificate of need was granted shall constitute grounds for revocation of such certificate of need.

(g) Notice of the substance of the office's decision shall be published in a newspaper of general circulation within the health service area served by the applicant, within 10 calendar days following the decision.

SEC. 11. Section 438.8 of the Health and Safety Code is amended to read:

438.8. Any decision issued pursuant to Section 438.5 shall take effect 30 calendar days following its issuance unless within such time the applicant files a petition for appeal with the Advisory Health Council. The Advisory Health Council shall render a decision on each such appeal, and appeal shall be by right. The filing of a petition shall operate to suspend and stay the decision by the Office of Statewide Health Planning and Development pending the hearing and entry of a final decision.

A petition for appeal shall be filed with the council within 30 calendar days following the date a decision is issued by the office. The petition shall be filed in the form and manner as prescribed by the office. As soon as such a petition is filed, the council shall be polled and respond in writing to determine within 30 calendar days whether it will take oral argument on such petition. The council shall order a hearing if at least seven of the members certify in writing that they agree to take oral argument. CHAPTER 1110

An act to add Section 998 to the Revenue and Taxation Code, relating to property taxation.

[Approved by Governor September 27, 1983. Filed with Secretary of State September 28, 1983]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds that the development and sale of timeshare interests is an important and growing segment of the real estate industry in California and that certainty and uniformity in the assessment of such interests is important to the continued development of timeshare projects in this state.

The Legislature also finds that a significant portion of the purchase price of a timeshare interest may be attributable to features and services that are not real property, in addition to the ownership of real property. These nonreal property items may include vacation exchange rights, vacation conveniences and services, club memberships, and other intangible rights and services which are not real property and are not subject to assessment for property tax purposes.

It is, therefore, the intent of the Legislature in enacting this act to provide uniformity and certainty in the assessment of timeshares by providing a method for valuing timeshare interests which identifies only that portion of the interest constituting real property subject to property tax in accordance with Article XIII and Section 1 of Article XIII A of the California Constitution.

SEC. 2. Section 998 is added to the Revenue and Taxation Code, to read:

998. (a) The full value of a timeshare estate or a timeshare use subject to tax under this division shall be determined by finding the real property value of the interest involved and shall not include the value of any nonreal property items, including, but not limited to, vacation exchange rights, vacation conveniences and services, and club memberships. Accordingly, the full value of a timeshare estate or timeshare use may be determined by reference to resort properties, condominiums, cooperatives, or other properties which are similar in size, type, and location to the property subject to timeshare ownership and are not owned on a timeshare basis. The aggregate assessed value of all the timeshare estates or uses relating to a single lot, parcel, unit, or other segment of real property shall be determined by adding (1) the fair market value of the similar lot, parcel, unit, or other segment not owned on a timeshare basis, and

(2) an amount necessary to reflect any increase or decrease to the market value attributable to the fact that the property is marketed in increments of time, or by any alternate method which will determine the real property value without regard to any nonreal property items which may be included.

(b) Nothing in this section shall authorize a reassessment of real property as a result of the creation or transfer of a timeshare interest in the property unless the creation or transfer of the timeshare interest constitutes a change in ownership under Chapter 2 (commencing with Section 60) of Part 2 and Section 2 of Article XIII A of the California Constitution.

(c) For purposes of this section, "timeshare estate" and "timeshare use" shall have the meanings set forth in Section 11003.5 of the Business and Professions Code, and "timeshare interest" shall refer to both timeshare estates and timeshare uses.

(d) Nothing in this section shall be construed as requiring the assessment of any property at less than fair market value as required by Section 401.

(e) The State Board of Equalization shall adopt by June 30, 1984, regulations to carry out the provisions of this section.

SEC. 3. The Legislature finds and declares that Section 2 of this act is declaratory of, and not a change in existing law. It is the intent of the Legislature in enacting this act to clarify the application of existing law and provide uniformity and certainty in the assessment of timeshare estates and uses.

SEC. 4. Notwithstanding Section 2229 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any property tax revenues lost by it under this act, since this act is declaratory of existing law.

CHAPTER 1111

An act to amend Section 10010.5 of the Elections Code, and to add Section 5010.5 to the Education Code, relating to elections.

[Approved by Governor September 27, 1983 Filed with Secretary of State September 28, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 5010.5 is added to the Education Code, to read:

5010.5. (a) Notwithstanding any other provision of law, the San Diego Unified School District and the San Diego Community College District may, by resolution, require that its trustee primary elections be held on the same day as the statewide direct primary election and that its trustee general elections be held on the same day as the statewide general election.

(b) If, pursuant to subdivision (a), a general trustee election is held on the same day as a statewide election, those trustees whose four-year terms of office would have, prior to the adoption of the resolution, expired prior to that election shall, instead, continue in their offices until successors are elected and qualified.

(c) If a district governing board adopts a resolution pursuant to subdivision (a), primary and general trustee elections following the adoption of the ordinance shall be conducted on the date specified by the governing board in accordance with subdivision (a) unless the resolution in question is later repealed by the governing board.

SEC. 2. Section 10010.5 of the Elections Code is amended to read:

10010.5. In each county, the county central committee of each qualified political party may supply to its county clerk, not less than 60 days prior to the election, a party contributor envelope or a one-page letter, in which both sides may be utilized, to be included in the mailing of the sample ballot to each of that political party's registered voters in the county. In lieu of supplying the clerk with a sufficient number of copies of the one-page letter, a county central committee may supply the clerk with the text of the letter and request the clerk to print, or cause to be printed, a sufficient number of copies of the letter to accommodate the mailing. The clerk shall notify the respective county committee of, and the committee shall reimburse the county for, any actual costs incurred by the inclusion or printing, or both. The clerk may, prior to acting pursuant to this section, require the county committee to post a bond to ensure such reimbursement.

Each envelope or letter shall contain a space for the name and address of the contributor and shall contain language which informs the contributor of the manner in which the money received shall be spent. The language on the envelope or letter shall not contain words critical of any other political party.

All funds received by the return of such party contributor envelopes or in response to the letters shall be kept separate from all other funds and shall be kept in a fund (account) to be established in each county. Any funds which are prohibited under federal law from being used for candidates for federal office shall be further segregated and any portion allocated to candidates shall be disbursed only to candidates for state office.

SEC. 3. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

CHAPTER 1112

An act to add Section 409.6 to the Penal Code, relating to peace officers.

(c) Any unauthorized person who willfully and knowingly enters an area closed pursuant to subdivision (a) or (b) and who willfully remains within such area, or any unauthorized person who willfully remains within an area closed pursuant to subdivision (a) or (b), after receiving notice to evacuate or leave from a peace officer named in subdivision (a) or (b) shall be guilty of a misdemeanor. If necessary, a peace officer named in subdivision (a) or (b) may use reasonable force to remove from the closed area any unauthorized person who willfully remains within such area after receiving notice to evacuate or leave.

Any and all acts of the department in maintaining and using the reserves consistent with this subdivision are hereby ratified and confirmed, it having at all times been the intent of the Legislature that reserves be maintained and that any surpluses therein or refunds or returns therefrom be used by the department for the purposes stated in this subdivision.

(c) Notwithstanding subdivision (b), on and after January 1, 1987, any reserves maintained under the master agreement shall not exceed a level greater than 20 percent in excess of actuarial requirements plus a reasonable contingency reserve, as determined annually by the department, and the department may contract with one or more independent actuaries or actuarial firms to assist the department in the annual determination.

[Approved by Governor September 27, 1983 Filed with Secretary of State September 28, 1983]

The people of the State of California do enact as follows:

SECTION 1 Section 16704 of the Welfare and Institutions Code is amended to read:

16704. Funds from the County Health Services Fund shall be allocated to the governing body of each county, the City of Berkeley, and each existing local health district annually in accordance with the following procedures:

(a) The allocation of the amount determined in subdivision (a) of Section 16702 shall be made to each governing body of each county upon submission of the plan and budget as required by Section 16700. These funds shall be expended for county health services.

(b) The allocation of the amounts up to the maximum determined in subdivisions (b), (c), and (d) of Section 16702 shall be made upon application by the governing body of each local jurisdiction and upon signing of an agreement between the governing body and the State Director of Health Services. In the agreement, (1) all local jurisdictions shall agree to expend funds in an aggregate amount at least equal to the total amount designated in the plan and budget submitted pursuant to Section 16700; (2) counties shall agree to net county costs for county health services of county funds in the same amount as the funds requested under this paragraph pursuant to subdivision (b) of Section 16702; (3) counties shall agree to expend one dollar ($1) of county funds for every three dollars ($3) of state funds requested pursuant to subdivision (d) of Section 16702; and (4) cities shall agree to expend three dollars ($3) of city funds for every one dollar ($1) of state funds requested pursuant to paragraph (2) of subdivision (c) of Section 16702; and (5) all local health districts shall agree to expend two dollars ($2) of district funds for every one dollar ($1) of state funds requested pursuant to paragraph (3) of subdivision (c) of Section 16702. (c) (1) The allocation of funds appropriated pursuant to subdivisions (c) and (d) of Section 16703 shall be made upon application by the county board of supervisors. The board shall assure that it will expend such funds only for the health services specified in Sections

14132 and 14021 provided to persons certified as eligible for such services pursuant to Section 17000. Unless the county has entered into a contract with the department under Section 16709 which is effective either for an entire fiscal year including the 1983–84 fiscal year, or is effective for the period commencing October 1, 1983, and ending on June 30, 1984, the board shall also assure that it will incur no less in net costs of county funds for county health services in any fiscal year than the amount required to obtain the maximum allocation under Section 16702. Such persons may be held financially liable for these services based upon the person's ability to pay. A county may not establish a payment requirement which would deny medically necessary services. This section shall not be construed to mandate that a county provide any specific level or type of health care service or to preclude a county from utilizing its own forms for the purpose of identifying persons eligible for county health care services. The Board of Control shall not honor any claims by a local agency for reimbursement of costs under this section. The provisions of this paragraph shall become inoperative if a court ruling is issued which decrees that the provisions of this paragraph mandates that additional state funds be provided and which requires that additional state reimbursement be made to counties for costs incurred under this paragraph. This paragraph shall be operative only until June 30, 1985, unless a later enacted statute extends or deletes that date.

(d) The agreement shall provide for reports of expenditures and information and shall constitute a contractual obligation. (a) The state shall recover any funds not expended for the health services specified in Sections 14021 and 14132.

(b) The county documents that no fee was required prior to the rendering of those services and that those services have been provided regardless of a person's ability to pay whether or not those services are provided through either county facilities or through facilities or providers with which the county has a contract for the provision of services.

(c) For a county with a contract with a federally qualified health maintenance organization, the county documents that it has made premium payments to the health maintenance organization for persons certified as eligible for services pursuant to Section 17000 based upon actuarially determined rates for a prescribed set of benefits and reasonable cost and utilization projections. Any savings retained by the health maintenance organization shall be taken into account by the county in negotiating premium levels and scope of benefits, if the county continues contracting with the health maintenance organization in future years.

(d) The county, as determined by the Office of County Health Services in the State Department of Health Services, is making good faith efforts to develop a documentation system for verification of expenditures of those funds.

(e) After considering existing bail schedules, adopt a schedule of monetary and nonmonetary sanctions for traffic safety violations; provided, however, that no monetary sanction may exceed the maximum fine established for offenses declared to be infractions pursuant to Chapter 1 (commencing with Section 42000) of Division 18. The schedule of monetary sanctions shall include guidelines setting forth the circumstances under which the hearing officers, in the interest of traffic safety and equality of justice, may reduce the sanction for a traffic safety violation by as much as 50 percent or increase the sanction by as much as 25 percent. These increased or decreased sanctions shall be prescribed in an effort to improve the driving behavior of the person to whom the sanction is applied or to take into account mitigating circumstances. In addition, at the request of any county board of supervisors, the Traffic Adjudication Board may allow increases or decreases of not more than 25 percent from the monetary sanctions established in the schedule of sanctions for that county when the Traffic Adjudication Board has reasonable cause to believe that the deviation will further traffic safety efforts, including, but not limited to, accident reduction programs, better driving programs, or rewards for reduced accident or citation levels. No deviation may be calculated so as to permit a monetary sanction for a traffic safety violation to exceed the maximum fine established for an equivalent infraction or for the purpose of raising revenue.

(f) Give due consideration, in the establishment of the schedules of sanctions, to the amount of use or mileage traveled in the operation of a motor vehicle.

(g) Prescribe, by regulation, the form for the notice to appear to be used for all traffic safety violations pursuant to this chapter and to establish procedures for administrative controls over the disposition thereof.

(h) Submit an annual report to the Governor and the Legislature, including, but not limited to, the past year's accomplishments, identification of problems, and recommendations for future legislation.

(i) The board shall reimburse the department for all administrative staff services provided thereto and not exempted by another statute.

(j) Levy a penalty assessment on all monetary sanctions for traffic safety violations, except for violations relating to parking or registration or violations by pedestrians or bicyclists. The amount of the penalty assessment shall be the same as for infractions adjudicated by the courts within the affected county jurisdiction.

SEC. 4. Section 40691 of the Vehicle Code is amended to read:

40691. (a) Any person who receives a notice to appear for a traffic safety violation shall answer such notice by mail postmarked within 21 days of the date of the alleged violation or by personal appearance at a traffic adjudication office within 21 days of the date of the alleged violation, in the manner provided in this chapter.

(b) A person alleged to have committed a traffic safety violation shall have the following answer options:

(1) Admission.

(2) Admission with explanation.

(3) Denial.

(4) Denial with waiver of full hearing.

(5) No contest.

The terms and conditions under which a person may amend an answer shall be prescribed by rules and regulations of the board.

(c) Notwithstanding the provisions of subdivision (b), the answer option of denial with waiver of full hearing shall not be available to any person cited by a notice of violation, nor to any person who has answered a notice to appear in that manner within three years immediately preceding the violation date as shown on the notice to appear, nor to any person after 90 days from the citation issuance date.

(d) If the person admits to the traffic safety violation alleged in the notice to appear, the person shall complete an appropriate answer form, as prescribed by the board, and forward the form to the local traffic adjudication area processing center specified on the answer form. A check or money order in the amount of the monetary sanction and penalty assessment for the traffic safety violation alleged, if specified on the answer form, shall be submitted with each such answer. Such answer may not be accepted by mail if the admission will result in the assignment of a point or points pursuant to Section 12810, with the result that the person's driving record will show three or more points within a 12-month period, four or more points within a 24-month period, or five or more points within a 36-month period unless the board determines otherwise based on traffic safety implications or geographical considerations. In addition, the board may require a cited person to appear before a hearing officer to answer to a notice to appear when the board determines that to do so is in the interest of traffic safety.

(e) If the person denies part or all of the traffic safety violation alleged in the notice to appear, the person shall complete an appropriate answer form, as prescribed by the board, and forward the form to the local traffic adjudication area processing center specified on the answer form. A check or money order in the amount

of the monetary sanction and penalty assessment for the traffic safety violation alleged may be submitted with such answer. Upon receipt, such answer shall be recorded. The board may change the date, time, and place of appearance in the interests of justice. The local traffic adjudication area processing center shall notify such person by mail of the new date, time, and place of such hearing.

(f) If the person desires to answer with either an admission with explanation or a denial with waiver of full hearing, such answer shall be made within 21 days. The informal hearing may be heard on the day of the answer.

(g) If the person desires to neither admit nor deny the traffic safety violation alleged in the notice to appear, the person shall complete an appropriate answer form, indicating no contest, as prescribed by the board, and forward such form to the local traffic adjudication area processing center specified on the answer form. A check or money order in the amount of the monetary sanction, and penalty assessments, for the traffic safety violation alleged if specified on the answer form, shall be submitted with such answer. This answer shall be treated the same as an admission and shall be recorded in the same manner in the person's driving record. Such answer may be accepted by mail but is subject to the exception set forth in subdivision (d). Such answer shall constitute a waiver of the right to a full hearing.

SEC. 5. Section 40701.5 is added to the Vehicle Code, to read:

40701.5. (a) Any person willfully violating his or her written promise to appear or a lawfully granted continuance of the promise to appear at the Traffic Adjudication Board on more than one notice to appear is guilty of a misdemeanor, regardless of the disposition of the charges specified in the notice to appear.

(b) When a person has an outstanding failure to appear, or lawful continuance thereof, before the Traffic Adjudication Board, and willfully fails to appear on a subsequent notice to appear, the Traffic Adjudication Board shall deliver to a magistrate in the county in which the notice to appear was issued a copy of the notice to appear and an affidavit which explains the circumstances.

(c) When the provisions of subdivision (b) have been complied with, the magistrate may issue and have delivered for execution a warrant for the arrest of the person named on the notice to appear and affidavit.

SEC. 6. Section 40702 of the Vehicle Code is amended to read:

40702. (a) All monetary sanctions and penalty assessments collected by the board or a hearing officer shall be reported monthly to the State Controller and at the same time deposited in the State Treasury to the credit of the Traffic Adjudication Fund, which fund is hereby created.

(b) The money in the Traffic Adjudication Fund is hereby appropriated as specified in this section.

(c) The board shall report monthly to the State Controller and the auditor of each county the amount of all monetary sanctions and all

penalty assessments collected during the preceding month as a result of traffic safety violations occurring in the county. The report to the county auditor shall also identify the amount of the sanctions collected as a result of actions by state officers, county officers, and city officers of each city in the county.

(d) Upon receiving the report from the board, the State Controller shall transfer the reported amount of penalty assessments from the Traffic Adjudication Fund in the same manner as provided by law for infractions adjudicated by the courts within the affected county. The monetary sanctions deposited in the Traffic Adjudication Fund are hereby appropriated to the State Controller, who shall disburse to the auditor of each county the amount of monetary sanctions shown by the report to have been collected as a result of traffic safety violations in that county.

The money disbursed to the auditor shall be distributed among the cities and the county according to the provisions of Section 1463 of the Penal Code.

SEC. 7. Section 40750 of the Vehicle Code is amended to read:

40750. In order to establish the practical application of the administrative adjudication of traffic safety violations, this chapter shall be implemented during the period from January 1, 1979, through July 1, 1985, on a demonstration basis in the Counties of Sacramento and Yolo. The board of supervisors of any participating county may withdraw from the demonstration program upon the giving of 12 months' prior written notice.

SEC. 8. Section 40750.5 of the Vehicle Code is amended to read:

40750.5. This chapter shall become inoperative on July 1, 1985, and, as of January 1, 1986, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1986, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 9. Section 40752 of the Vehicle Code is amended to read:

40752. The board shall submit a report on the progress of the demonstration program to the Governor and the Legislature on January 1 of each year through January 1, 1984. An evaluation prepared by a consultant who is retained by the board and is independent of the state and any state agency shall be submitted with this report, with the consultant's final report due January 1, 1984. The evaluation shall include, but not be limited to, an analysis of the costs and benefits of administrative adjudication, both quantifiable and nonquantifiable, as they relate to the judicial system, law enforcement, local government, the defendant, the general public, public and private driver improvement programs and services and the department. Affected agencies shall develop and provide the data required to conduct such evaluation. The evaluation shall include recommendations relative to maximizing the efficiency and effectiveness of the administrative adjudication program in terms of the preceding identified categories.

The evaluation shall also include an analysis of the traffic safety impacts of administrative adjudication, as compared to the court

system.

The analysis of traffic safety impacts shall be based upon a monitoring of accident records or violation records, or both, of two groups of drivers: one group which shall be composed of drivers whose cases are adjudicated in the administrative adjudication system and one group which shall be a sample of drivers in the demonstration area with driver's license numbers ending in "3", who shall be cited into the municipal court system for a period of two years, or as long as is necessary to achieve a statistically valid analysis, beginning on October 1, 1980. When there is an adequate sample of drivers, the effectiveness of postconviction traffic safety education treatments shall be scientifically evaluated. The evaluation shall utilize randomized treatment assignment and any other control procedures deemed necessary to assure the statistical validity of the study. The study shall include a sufficient sample of drivers who shall be assigned to a minimum of three groups: (1) traffic violator schools accredited pursuant to Sections 1660 and 1661, (2) the department's group educational meeting or experimental home study program, and (3) a no-treatment control group. Drivers subject to the study shall be assigned to the treatment categories when they have at least one prior conviction but no more than four prior convictions, except those drivers subject to Section 12810.5 shall have no more than six prior convictions in the 12 months preceding the assigned treatment. The evaluation shall examine the effectiveness of each treatment category in terms of costs and accident or violation reduction. This section shall not be construed as a limitation on the board's authority to establish a uniform sanction model.

SEC. 10. Article 9 (commencing with Section 40760) is added to Chapter 2.5 of Division 17 of the Vehicle Code, to read:

Article 9. Termination and Transition

40760. Pursuant to Section 40750.5, the administrative adjudication demonstration program will end on July 1, 1985. It is the intent of the Legislature that the transition from administrative adjudication to court adjudication be expeditious, and yet not impose unnecessary operational and fiscal burdens on the courts. The board may develop administrative guidelines and procedures to facilitate this transition, including, but not limited to, procedures to notify cited motorists whose driver licenses have been suspended or revoked pursuant to Section 40701 of this code, that their unresolved citations will be transferred to the jurisdiction of the courts effective July 1, 1985.

40761. All driving privilege suspensions and revocations imposed by the board pursuant to Section 40701 and in effect on July 1, 1985, shall remain in effect until the cited person has complied with all the applicable orders of the board or hearing officer. The municipal court for the district where the underlying citation was issued shall have jurisdiction to determine whether the cited person has so

complied, and shall promptly notify the department when such a suspension or revocation is terminated. Upon termination of a suspension or revocation, a fee of twenty dollars ($20) shall be paid to the court, for deposit into the general fund of the county in addition to any other fees required by this code. However, the court may waive this fee for good cause shown.

40762. (a) Notwithstanding any other provision of this chapter, the board shall not adjudicate notices to appear or notices of violation issued after December 31, 1984. The issuance and adjudication of these citations shall be governed by applicable provisions of this code other than this chapter.

(b) Commencing July 1, 1985, the municipal court for the judicial district where a notice to appear was issued pursuant to Section 40675 shall, with respect to any matter that has not been fully adjudicated by the board, have jurisdiction to receive bail, to adjudicate the matter, and to impose sentence in accordance with Division 18 (commencing with Section 42000). The clerk of the court may fix bail based upon the bail schedules in effect at the time of payment or accept payment of sanctions established by the board, and any payment of sanctions to the court shall be deemed a deposit of bail for all purposes. The citation form, approved pursuant to subdivision (g) of Section 40666 shall constitute a complaint to which the cited person may enter a plea.

SEC. 11. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

713. (a) Not later than August 1 of each year, the Department of Finance shall submit to the department a factor which reflects

changes in an inflationary index developed by the Department of Finance, calculated by comparing the department's cost of salaries, staff benefits, and operating expenses paid from the Fish and Game Preservation Fund in the fiscal year ending on June 30 of that same year with those costs in the base fiscal year designated in paragraphs (1) to (4), inclusive of subdivision (b).

(b) The base years for determining the inflationary index shall be as follows:

(1) The 1977–78 fiscal year for hunting licenses, hunting license stamps, and deer tags.

(4) The 1982–83 fiscal year for sport fishing licenses and sport fishing license stamps.

(c) The factor shall be multiplied by the individual base fee for each license, stamp, or tag. The product shall be rounded to the nearest twenty-five cents ($0.25), and the resulting amount shall be the fee for any license year beginning on or after January 1 of the next succeeding calendar year for any license, stamp, or tag which is adjusted under this section pursuant to other provisions of this code.

SEC. 2. Section 1053 of the Fish and Game Code is amended to read:

(c) No handling charge shall be added for any hunting license stamp or sport fishing license stamp.

(d) The handling charge shall be in addition to the fee for the license or tag, except the Colorado River special use stamp issued pursuant to Section 7180, for which the compensation shall be fifteen cents ($0.15) to be retained by the license agent from the total license stamp fee collected.

(e) All of the fees received for licenses, stamps, or tags, except the compensation for the Colorado River special use stamp issued pursuant to Section 7180, shall be remitted to the department within 10 days following the last day of each calendar month.

(f) The handling charge, which is added to the license, stamp, or tag fee under subdivision (b), may be retained by the license agent as compensation for sales of licenses, stamps, or tags, and no other additional fee or charge shall be made for that sale by the license agent.

CHAPTER 1118

An act to amend Sections 1203.4, 1203.4a, and 1203.45 of the Penal Code, relating to records.

[Approved by Governor September 27, 1983. Filed with Secretary of State September 28, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 1203.4 of the Penal Code is amended to read:

1203.4. (a) In any case in which a defendant has fulfilled the conditions of probation for the entire period of probation, or has been discharged prior to the termination of the period of probation, or in any other case in which a court, in its discretion and the interests of justice, determines that a defendant should be granted the relief available under this section, the defendant shall, at any time after the termination of the period of probation, if he is not then serving a sentence for any offense, on probation for any offense, or charged with the commission of any offense, be permitted by the court to withdraw his plea of guilty or plea of nolo contendere and enter a plea of not guilty; or, if he has been convicted after a plea of not guilty, the court shall set aside the verdict of guilty; and, in either case, the court shall thereupon dismiss the accusations or information against the defendant and except as noted below, he shall thereafter be released from all penalties and disabilities resulting from the offense of which he has been convicted, except as provided in Section 13555 of the Vehicle Code. The probationer shall be informed, in his probation papers, of this right and privilege and his right, if any, to petition for a certificate of rehabilitation and pardon. The probationer may make such application and change of plea in person or by attorney, or by the probation officer authorized in writing; provided, that, in any subsequent prosecution of the defendant for any other offense, the prior conviction may be pleaded and proved and shall have the same effect as if probation had not been granted or the accusation or information dismissed; and provided further that the order shall state, and the probationer shall be informed, that the order does not relieve him of the obligation to disclose the conviction in response to any direct question contained in any questionnaire or application for public office or for licensure by any state or local agency.

Dismissal of an accusation or information pursuant to this section does not permit a person to own, possess, or have in his custody or control any firearm capable of being concealed upon the person or prevent his conviction under Section 12021.

This subdivision shall apply to all applications for relief under this section which are filed on or after November 23, 1970.

(b) Subdivision (a) of this section does not apply to any

misdemeanor which is within the provisions of subdivision (b) of Section 42001 of the Vehicle Code, or to any infraction.

(c) A person who petitions for a change of plea or setting aside of a verdict under this section may be required to reimburse the county for the cost of services rendered at a rate to be determined by the county board of supervisors not to exceed sixty dollars ($60), and to reimburse any city for the cost of services rendered at a rate to be determined by the city council not to exceed sixty dollars ($60). Ability to make this reimbursement shall be determined by the court using the standards set forth in paragraph (2) of subdivision (f) of Section 987.8 and shall not be a prerequisite to a person's eligibility under this section. The court may order reimbursement in any case in which the petitioner appears to have the ability to pay, without undue hardship, all or any portion of the cost for services established pursuant to this subdivision.

SEC. 2. Section 1203.4a of the Penal Code is amended to read:

1203.4a. (a) Every defendant convicted of a misdemeanor and not granted probation shall, at any time after the lapse of one year from the date of pronouncement of judgment, if he or she has fully complied with and performed the sentence of the court, is not then serving a sentence for any offense and is not under charge of commission of any crime and has, since the pronouncement of judgment, lived an honest and upright life and has conformed to and obeyed the laws of the land, be permitted by the court to withdraw his or her plea of guilty or nolo contendere and enter a plea of not guilty; or if he or she has been convicted after a plea of not guilty, the court shall set aside the verdict of guilty; and in either case the court shall thereupon dismiss the accusatory pleading against such defendant, who shall thereafter be released from all penalties and disabilities resulting from the offense of which he has been convicted, except as provided in Section 13555 of the Vehicle Code. The defendant shall be informed of the provisions of this section, either orally or in writing, at the time he or she is sentenced. The defendant may make such application and change of plea in person or by attorney, or by the probation officer authorized in writing; provided, that in any subsequent prosecution of such defendant for any other offense, the prior conviction may be pleaded and proved and shall have the same effect as if relief had not been granted pursuant to this section.

This subdivision applies to convictions which occurred before as well as those occurring after, the effective date of this section.

(b) Subdivision (a) does not apply to any misdemeanor falling within the provisions of subdivision (b) of Section 42001 of the Vehicle Code, or to any infraction.

(c) A person who petitions for a dismissal of a charge under this section may be required to reimburse the county for the cost of services rendered at a rate to be determined by the county board of supervisors not to exceed sixty dollars ($60), and to reimburse any city for the cost of services rendered at a rate to be determined by

the city council not to exceed sixty dollars ($60). Ability to make this reimbursement shall be determined by the court using the standards set forth in paragraph (2) of subdivision (f) of Section 987.8 and shall not be a prerequisite to a person's eligibility under this section. The court may order reimbursement in any case in which the petitioner appears to have the ability to pay, without undue hardship, all or any portion of the cost for services established pursuant to this subdivision.

SEC. 3. Section 1203.45 of the Penal Code is amended to read:

1203.45. (a) In any case in which a person was under the age of 18 years at the time of commission of a misdemeanor and is eligible for, or has previously received, the relief provided by Section 1203.4 or 1203.4a, that person, in a proceeding under Section 1203.4 or 1203.4a, or a separate proceeding, may petition the court for an order sealing the record of conviction and other official records in the case, including records of arrests resulting in the criminal proceeding and records relating to other offenses charged in the accusatory pleading, whether defendant was acquitted or charges were dismissed. If the court finds that the person was under the age of 18 at the time of the commission of the misdemeanor, and is eligible for relief under Section 1203.4 or 1203.4a or has previously received such relief, it may issue its order granting the relief prayed for. Thereafter the conviction, arrest, or other proceeding shall be deemed not to have occurred, and the petitioner may answer accordingly any question relating to their occurrence.

(b) This section applies to convictions which occurred before, as well as those which occur after, the effective date of this section.

(c) This section shall not apply to offenses for which registration is required under Section 290, to violations of Division 10 (commencing with Section 11000) of the Health and Safety Code, or to misdemeanor violations of the Vehicle Code relating to operation of a vehicle or of any local ordinance relating to operation, standing, stopping, or parking of a motor vehicle.

(d) This section does not apply to a person convicted of more than one offense, whether the second or additional convictions occurred in the same action in which the conviction as to which relief is sought occurred or in another action, except in the following cases:

(1) One of the offenses includes the other or others.

(2) The other conviction or convictions were for the following:

(i) Misdemeanor violations of Chapters 1 (commencing with Section 21000) to 9 (commencing with Section 22500), inclusive, or Chapters 12 (commencing with Section 23100) to 14 (commencing with Section 23340), inclusive, of Division 11 of the Vehicle Code, other than Section 23103, 23104, 23152, 23153, or 23220.

(ii) Violation of any local ordinance relating to the operation, stopping, standing, or parking of a motor vehicle.

(3) The other conviction or convictions consisted of any combination of paragraphs (1) and (2).

(e) This section shall apply in any case in which a person was

under the age of 21 at the time of the commission of an offense as to which this section is made applicable if that offense was committed prior to March 7, 1973.

(f) In any action or proceeding based upon defamation, a court, upon a showing of good cause, may order any records sealed under this section to be opened and admitted into evidence. The records shall be confidential and shall be available for inspection only by the court, jury, parties, counsel for the parties, and any other person who is authorized by the court to inspect them. Upon the judgment in the action or proceeding becoming final, the court shall order the records sealed.

(g) A person who petitions for an order sealing a record under this section may be required to reimburse the county for the cost of services rendered at a rate to be determined by the county board of supervisors not to exceed sixty dollars ($60), and to reimburse any city for the cost of services rendered at a rate to be determined by the city council not to exceed sixty dollars ($60). Ability to make this reimbursement shall be determined by the court using the standards set forth in paragraph (2) of subdivision (f) of Section 987.8 and shall not be a prerequisite to a person's eligibility under this section. The court may order reimbursement in any case in which the petitioner appears to have the ability to pay, without undue hardship, all or any portion of the cost for services established pursuant to this subdivision.

CHAPTER 1119

An act to amend Sections 22454, 24005, 24452, and 24454 of, and to add Section 24654 to, the Financial Code, relating to loans.

[Approved by Governor September 27, 1983 Filed with Secretary of State September 28, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 22454 of the Financial Code, as amended by Section 8 of Chapter 58 of the Statutes of 1983, is amended to read:

22454. (a) Except as provided in Article 3 (commencing with Section 22480), all charges on loans made under this division shall be computed and paid only as a percentage per month of the unpaid principal balance or portions thereof, and shall be so expressed in every obligation signed by the borrower. The charges on loans shall be computed on the basis of the number of days actually elapsed, for the purpose of which computations a month is any period of 30 consecutive days.

(b) The loan contract shall provide for payment of the aggregate amount contracted to be paid in substantially equal periodical installments, the first of which shall be due not less than 15 days nor

more than 1 month and 15 days from the date the loan is made.

This subdivision shall not apply to a loan made to a graduate student at an accredited college or university while the student is actively pursuing a study program leading to a postbaccalaureate degree.

(c) This section shall not apply to open end loans.

SEC. 2. Section 24005 of the Financial Code is amended to read:

24005. "Charges" do not include commissions received as a licensed insurance agent or broker in connection with insurance written as provided in Section 24458, court costs, excluding attorney's fees, incurred in a suit and recovered against a debtor who defaults on his or her loan, or fees paid to a licensee for a charge or credit card which entitles a cardholder to participate in an open end credit program, which fees are to cover administrative costs and are imposed upon the issuance of the charge or credit card and on annual renewal dates or anniversary dates thereafter.

SEC. 3. Section 24452 of the Financial Code is amended to read:

24452. (a) As used in this division, "open end credit program" means a licensee's plan for making open end loans pursuant to a loan agreement which sets forth the terms and conditions governing the use of the open end credit program and expressly states that it is made pursuant to this section and pursuant to which:

(1) The borrower may use the open end credit program to obtain money, goods, labor, or services on credit, and the licensee makes open end loans to the borrower for the purpose of paying money to, or at the direction of, the borrower or paying obligations that the borrower creates through use of the open end credit program.

(2) The amount of each advance and the charges and other permitted costs are debited to an account.

(3) The charges are computed from time to time on the unpaid balances of the borrower's account, excluding from the computation any unpaid charges other than permitted fees, costs and expenses.

(4) The borrower has the privilege of paying the account in full at any time or in monthly installments.

(b) Subject to the written approval of the commissioner of the licensee's plan of business for making open end loans as not being misleading or deceptive and subject to regulations the commissioner may promulgate with respect to open end loans under Section 24400, a licensee may make open end loans pursuant to this section and may contract for and receive thereon charges as set forth in Sections 24451, 24451.1, and 24454.1. These charges may be calculated on an amount not exceeding the greater of:

(1) The actual daily unpaid balances of the open end account in the billing cycle for which the charge is made, in which case one-thirtieth of the monthly rate may be charged for each day the unpaid balance is outstanding.

(2) The average daily unpaid balance of the open end account in the billing cycle for which the charge is made, which is the sum of the amount unpaid each day during that cycle divided by the

number of days in that cycle. The amount unpaid on a day is determined by adding to any balance unpaid as of the beginning of that day all advances and other debits and deducting all payments and other credits made or received as of that day.

The billing cycle shall be monthly. A billing cycle is monthly if the closing date of the cycle is the same date each month or does not vary by more than four days from the regular date.

(c) The minimum monthly payment shall be determined by either of the following:

(1) The amount that would result in the full repayment of principal over not more than the maximum periods set forth below opposite the respective size of the loans.

Principal amount of loan	Maximum period
Less than $1,500	24 months and 15 days
$1,500 but less than $2,500	36 months and 15 days
$2,500 but less than $4,000	48 months and 15 days
$4,000 but less than $5,000	60 months and 15 days

The minimum payment shall continue at the amount determined pursuant to this paragraph until a subsequent loan advance is made, at which time the minimum payment shall be determined by the amount of the unpaid balance of the loan after the advance and including the advance.

Minimum payments after each advance shall be determined in the same manner.

(2) The amount calculated by multiplying the unpaid balance at the end of each billing cycle by a percent agreed upon by the borrower and the licensee, which shall be no less than 5 percent.

(d) On open end loans the licensee may contract for and receive the fees, costs, and expenses permitted on other loans, including those permitted by subdivisions (a), (b), (c), and (d) of Section 24458 and subdivision (d) of Section 24458.1, except that the charge for credit life insurance under Section 24458.1 shall be on a monthly basis and shall be actuarially consistent with the single premium rate for the same coverage approved or fixed by the Insurance Commissioner under Section 24458.1, or in accordance with a schedule of monthly rates filed with and not disapproved by the Insurance Commissioner.

(e) A licensee may not take real property as security, in whole or in part, for an open end loan under this section.

(f) Section 24455 shall apply to open end loans with the following variations:

(1) To comply with Section 24455, in the case of open end loan advances directly to the borrower, the licensee shall deliver to or at the direction of the borrower at the time of each loan advance an amount equal to the face value of the advance.

(2) To comply with Section 24455, in the case of an open end loan advance in the form of a payment by the licensee to a person from

whom a borrower obtained money, goods, labor or services, the licensee shall deliver to such person such amounts, at such times, as to fulfill the obligation to such person under the transaction.

(g) If an open end credit program is not primarily for the purpose of purchasing or leasing goods or services from the licensee, then all credit extended through use of the program, including transactions that involve the purchase or lease of goods or services from the licensee, shall be subject to this division.

(h) In lieu of subdivision (a) of Section 24458.1, Section 24468, and subdivision (a) of Section 24473, the following provisions shall apply to open end loans:

(1) A licensee may provide insurance on the life of one or more borrowers, with his or her consent, the form to be approved by the Insurance Commissioner, and in an amount not in excess of the amount of the indebtedness. If life insurance is provided, and if the insured dies when there is an outstanding open end loan indebtedness, the insurance shall be sufficient to pay the total amount due on the loan outstanding on the date of his or her death without any exception, reservation or limitation. Any life insurance as is provided shall be in force as soon as the loan is made or coverage is agreed upon, whichever is later. No credit life insurance written in connection with an open end loan shall be canceled by the lender because of delinquency of the borrower in the making of the minimum payments thereon unless one or more of the payments is past due for a period of 90 days or more, and the lender shall advance to the insurer the amounts required to keep the insurance in force during that period, which amounts may be debited to the borrower's account.

(2) The open end loan agreement shall contain the name, address, and license number of the consumer finance lender and shall disclose the nature of the security taken, if any, the method of determining the minimum payments which will be required to repay the initial advance and any subsequent advances on the loan, and the agreed rate of charge.

(3) Except in the case of an account which the licensee deems to be uncollectible, or with respect to which delinquency collection procedures have been instituted, the licensee shall deliver or cause to be delivered to the borrower, or any one thereof, for each billing cycle at the end of which there is an outstanding balance in the account or with respect to which a finance charge is imposed, a statement setting forth the outstanding balance in the account at the beginning of the billing cycle, the date and amount of any subsequent loan advance during the period, the amounts and dates of crediting to the account during the billing cycle for payments, the amount of any finance charge debited to the account during the billing cycle, the annual percentage rate of finance charge determined under Regulation Z promulgated by the Board of Governors of the Federal Reserve System (12 C.F.R. 226 et seq.), the balance on which the finance charge was computed, the closing date

of the billing cycle, the outstanding balance on that date, and the minimum monthly payment required in the absence of any additional advance. If there has been any change in the nature of the security for the loan since the next preceding advance, the statement shall contain or be accompanied by a statement of the nature of the security for the loan after such change.

(i) Subdivision (a) of Section 24401, Sections 24404, 24462, and subdivision (b) of Section 24473 shall not apply to a licensee who makes advances solely through an open end credit program. Subdivision (e) of Section 24473 shall not apply to an open end loan with respect to which there is no balance outstanding if the open end loan agreement continues in effect.

(j) Section 24480 shall not apply to open end loans.

(k) Nothing in this section may be construed to limit the authority of the commissioner to disapprove advertising with respect to open end loans pursuant to Section 24414.

(*l*) The payment of fees for participation in an open end credit program, the acceptance by a borrower of the form of the licensee's program and the borrower's agreement to the licensee's program shall not be deemed to be a collateral sale, purchase, or agreement within the terms of Section 24004, 24456 or 24457.

(m) This section shall not apply to loans other than open end loans.

SEC. 4. Section 24454 of the Financial Code, as amended by Section 18 of Chapter 58 of the Statutes of 1983, is amended to read:

24454. (a) Except as provided in Section 24451.3 and in Article 3 (commencing with Section 24480), all charges on loans made under this division shall be computed and paid only as a percentage per month of the unpaid principal balance or portions thereof, and shall be so expressed in every obligation signed by the borrower. The charges on loans shall be computed on the basis of the number of days actually elapsed, for the purpose of which computations a month is any period of 30 consecutive days.

(b) The loan contract shall provide for payment of the aggregate amount contracted to be paid in substantially equal periodical installments, the first of which shall be due not less than 15 days nor more than 1 month and 15 days from the date the loan is made.

This subdivision shall not apply to a loan made to a graduate student at an accredited college or university while the student is actively pursuing a study program leading to a postbaccalaureate degree.

(c) This section shall not apply to open end loans.

SEC. 5. Section 24654 is added to the Financial Code, to read:

24654. No provision imposing liability under this division, including the provisions of subdivision (a) of Section 24651 and subdivision (a) of 24652, shall apply to any act done or omitted in good faith in conformity with any written general rule, regulation, or specific ruling of the commissioner, notwithstanding that after the act or omission has occurred, the written general rule, regulation, or

specific ruling is amended, rescinded, or determined by judicial or other authority to be invalid for any reason.

CHAPTER 1120

An act to add Sections 14081.1 and 14125 to, the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 27, 1983 Filed with Secretary of State September 28, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Section 14081.1 is added to the Welfare and Institutions Code, to read:

14081.1. (a) The Legislature finds and declares the need to improve the reporting relationship between the state and hospitals eligible to contract with the state for the provision of inpatient services to Medi-Cal eligible persons as provided for in the Medi-Cal reform legislation enacted during the 1981–82 Legislative Session.

(b) Existing statutes require hospitals to file a multiplicity of reports with various state agencies for a variety of purposes, including, but not limited to, the development of Medi-Cal reimbursement rates for inpatient services. The Medi-Cal reform legislation enacted during the 1981–82 Legislative Session significantly altered the manner in which hospitals are reimbursed under the program for these services, thereby establishing the opportunity to redefine and restructure the existing hospital reporting requirements.

(c) It is the Legislature's intent, therefore, that the existing reporting requirements be reviewed and revised for efficiency, wherever possible, with consideration given to the development of a consolidated, single, multipurpose report for use by all state agencies.

(d) It is the Legislature's further intent that, in determining these efficiencies, the purposes for which the reports are required be preserved.

SEC. 2. Section 14125 is added to the Welfare and Institutions Code, to read:

14125. (a) For purposes of this section, "hospital" means a hospital licensed pursuant to Article 1 (commencing with Section 1250) of Chapter 2 of Division 2 of the Health and Safety Code.

(b) The Secretary of the Health and Welfare Agency shall convene a task force to review current hospital financial reporting requirements and to submit to the Legislature not later than July 1, 1984, a report containing recommendations regarding the consolidation of financial reports required from hospitals pursuant to this chapter and pursuant to Article 8 (commencing with Section

437) of Chapter 5 of Part 1.5 of Division 1 of the Health and Safety Code and pursuant to the Health Facilities Disclosure Act, Article 8 (commencing with Section 441) of Chapter 5 of Part 1.7 of Division 1 of the Health and Safety Code. The report to the Legislature shall also contain a summary of state agency reports which would be deleted or significantly changed by the consolidation of financial reports.

This task force shall be composed of representatives of the State Department of Health Services, the California Medical Assistance Commission, the Office of Statewide Health Planning and Development, the California Health Facilities Commission, and other affected agencies to the extent necessary.

(c) Based upon the recommendations made in the report prepared pursuant to subdivision (b), the Health and Welfare Agency shall develop a consolidated, single, multipurpose report to be submitted by hospitals to meet the reporting requirements of all state agencies as specified in subdivision (b) by January 1, 1985, to the extent technically feasible. The secretary or his or her designee shall consult with the affected state agencies not under his or her jurisdiction in the development of regulations to implement the consolidated, single, multipurpose report.

CHAPTER 1121

An act to amend Sections 22816 and 22816.5 of the Government Code, relating to state employees, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 27, 1983 Filed with Secretary of State September 28, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Section 22816 of the Government Code is amended to read:

22816. An employee enrolled in a health benefits plan under this part (a) who is granted a leave of absence without pay under the State Civil Service Act and the rules of the State Personnel Board, or other comparable leave, or (b) who is laid off and has not yet obtained other employment, for a period of up to one year, or (c) a judge who retires under Chapter 11 (commencing with Section 75000) of Title 8 but is not yet receiving his or her pension, shall be entitled to have his or her coverage and the coverage of any family members continued for the duration of the leave of absence upon his or her application, or until he or she commences to receive his or her pension under Chapter 11 (commencing with Section 75000), but only upon assuming payment of the contributions otherwise required of the employer on account of his or her enrollment.

SEC. 2. Section 22816.5 of the Government Code is amended to read:

22816.5. An employee of the California State University system who is granted a leave of absence for more than halftime, or an employee who is laid off and has not obtained other employment, may maintain enrollment in a health benefit plan under this part, for a period of up to one year, provided the employee pays the contributions otherwise required of the Trustees of the California State University system on account of the employee's enrollment.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

(c) In the name by which the board of education is designated, acquire, lease, lease-purchase, hold and convey real property for the purpose of housing the offices and the services of the county superintendent of schools, except that this subdivision shall only apply to the county boards of education to which all or a portion of the duties and functions of the county board of supervisors specified in subdivision (b) of Section 1080 have been transferred with the

exception of the recreational duties and recreational functions specified in subdivisions (c) and (e) of Section 1080.

(d) Contract with and employ any persons for the furnishing to the board of special services and advice in financial, economic, accounting, engineering, legal, or administrative matters if these persons are specially trained and experienced and competent to perform the special services required. 798.55. (a) The Legislature finds and declares that, because of the high cost of moving mobilehomes, the potential for damage resulting therefrom, the requirements relating to the installation of mobilehomes, and the cost of landscaping or lot preparation, it is necessary that the owners of mobilehomes occupied within mobilehome parks be provided with the unique protection from actual or constructive eviction afforded by the provisions of this chapter.

(b) The management shall not terminate or refuse to renew a tenancy, except for a reason specified in this article and upon the giving of written notice to the homeowner in the manner prescribed by Section 1162 of the Code of Civil Procedure, to remove the mobilehome from the park within a period of not less than 60 days, which period shall be specified in the notice. (c) Failure of the homeowner or resident to comply with a reasonable rule or regulation of the park as set forth in the rental agreement or any amendment thereto.

No act or omission of the homeowner or resident shall constitute such a failure to comply unless and until the management has given the homeowner written notice of the alleged rule or regulation violation and the homeowner or resident has failed to adhere to the rule or regulation within seven days. However, if a homeowner has

been given a written notice of an alleged violation of the same rule or regulation on three or more occasions within a 12-month period after the homeowner or resident has violated that rule or regulation, no written notice shall be required for a subsequent violation of the same rule or regulation.

The three-day written notice shall be given to the homeowner in the manner prescribed by Section 1162 of the Code of Civil Procedure. Such notice may be given at the same time as the 60 days' notice required for termination of the tenancy. Payment by the homeowner prior to the expiration of the three-day notice period, or payment by the legal owner, as defined in Section 18005.8 of the Health and Safety Code, any junior lienholder, as defined in Section 18005.3 of the Health and Safety Code, or the registered owner, as defined in Section 18009.5 of the Health and Safety Code, if other than the homeowner, on behalf of the homeowner prior to the expiration of 30 calendar days following the mailing of the notice to the legal owner, each junior lienholder, and the registered owner provided in subdivision (b) of Section 798.55, shall cure a default under this subdivision with respect to such payment. The homeowner shall remain liable for all payments due up until the time the tenancy is vacated. (e) Condemnation of the park.

(f) Change of use of the park or any portion thereof, provided:

(1) The management gives the homeowners at least 15 days' written notice that the management will be appearing before a local governmental board, commission, or body to request permits for a change of use of the mobilehome park.

(2) After all required permits requesting a change of use have been approved by the local governmental board, commission, or body, the management shall give the homeowners six months' or more written notice of termination of tenancy.

If the change of use requires no local governmental permits, then notice shall be given 12 months or more prior to the management's determination that a change of use will occur. The management in the notice shall disclose and describe in detail the nature of the change of use.

(3) The management gives each proposed homeowner written notice thereof prior to the inception of his or her tenancy that the management is requesting a change of use before local

governmental bodies or that a change of use request has been granted.

(4) The notice requirements for termination of tenancy set forth in Sections 798.56 and 798.57 shall be followed if the proposed change actually occurs.

(B) Such inventory creditor shall consent in writing to other than full payment.

For purposes of this paragraph, "inventory creditor" includes any person who is identified as a creditor on the manufacturer's certificate of origin or any person who places the original certificate of origin in escrow and claims in writing to the escrow agent to have a purchase money security interest in the manufactured home or mobilehome as contemplated by Section 9107 of the Commercial Code.

(3) That the escrow agent shall obtain from the manufacturer a true and correct facsimile of the copy of the certificate of origin retained by the manufacturer pursuant to Section 18093.

(c) For every sale by a dealer of a used manufactured home or mobilehome, the escrow instructions shall provide:

(1) That the current registration card, all copies of the registration cards held by junior lienholders, and the certificate of title be placed in escrow.

(2) That, in the alternative:

(A) (i) The registered owner shall acknowledge in writing the amount of the commission to be received by the dealer for the sale of the manufactured home or mobilehome, and (ii) the registered owner shall release all of its ownership interests in the manufactured home or mobilehome either contemporaneously upon the payment of a specified amount from the escrow account or at the close of the escrow where the buyer has executed a security agreement

approved by the registered owner covering the unpaid balance of the purchase price.

(B) (i) The dealer shall declare in writing that the manufactured home or mobilehome is its inventory, (ii) the registered owner shall acknowledge in writing on the form prescribed by the department that the purchase price relating to the sale of the manufactured home or mobilehome to the dealer for resale has been paid in full by the dealer, (iii) the current registration card shall be appropriately executed by the registered owner to reflect the release of all of its ownership interests, and (iv) the dealer shall release all of its ownership interests in the manufactured home or mobilehome either contemporaneously upon the payment of a specified amount from the escrow account or at the close of escrow where the buyer has executed a security agreement approved by the dealer covering the unpaid balance of the purchase price.

(3) That, in the alternative, the legal owner and each junior lienholder, respectively, shall either:

(A) Release his or her security interest or transfer its security interest to a designated third party contemporaneously upon the payment of a specified amount from the escrow account.

(B) Advise the escrow agent in writing that the new buyer or the buyer's stated designee shall be approved as the new registered owner upon the execution by the buyer of a formal assumption of the indebtedness secured by his or her lien approved by the creditor at or before the close of escrow.

(d) For every sale by a dealer of a used manufactured home or mobilehome:

(1) The escrow agent, upon the opening of the escrow, shall prepare a notice of escrow opening on the form prescribed by the department and forward the completed form to the department with appropriate fees. If the escrow is cancelled for any reason before closing, the escrow agent shall prepare a notice of escrow cancellation on the form prescribed by the department and forward the completed form to the department.

(2) The escrow agent shall forward to the legal owner and each junior lienholder at their addresses shown on the current registration card a written demand for a lien status report as contemplated by Section 18035.5, and a written demand for either an executed statement of conditional lien release or an executed statement of anticipated formal assumption, and shall enclose blank copies of a statement of conditional lien release and a statement of anticipated formal assumption on forms prescribed by the department. The statement of conditional lien release shall include, among other things, (A) a statement of the dollar amount or other conditions required by the creditor in order to release or transfer its lien, and (B) the creditor's release or transfer of the lien in the manufactured home or mobilehome contingent upon the satisfaction of those conditions. The statement of anticipated formal assumption shall include, among other things, (A) a statement of the creditor's belief

that the buyer will formally assume the indebtedness secured by its lien at or before the close of escrow, and (B) the creditor's approval of the buyer or his or her designee as the registered owner upon the execution of the formal assumption.

(3) Within five days of the receipt of the written demand and documents required by paragraph (2), the legal owner or junior lienholder shall complete and execute either the statement of conditional lien release or the statement of anticipated formal assumption, as appropriate, and prepare the lien status report and forward the documents to the escrow agent by first-class mail. If the creditor is the legal owner, the certificate of ownership in an unexecuted form shall accompany the documents. If the creditor is a junior lienholder, the creditor's copy of the current registration card in an unexecuted form shall accompany the documents.

(4) If: (A) the conditions required in order for the creditor to release or transfer his or her lien are not satisfied before the end of the escrow period agreed upon in writing between the buyer and the seller or, if applicable, before the end of any extended escrow period as permitted by subdivision (g), or (B) the registered owner advises the creditor not to accept any satisfaction of his or her lien or not to permit any formal assumption of the indebtedness and the creditor or registered owner advises the escrow agent in writing accordingly, any statement of conditional lien release or statement of anticipated formal assumption executed by the creditor shall become inoperative and the escrow agent shall thereupon return the form to the creditor by first-class mail and the certificate of ownership or the copy of the current registration card, as appropriate.

(5) If a creditor willfully fails to comply with the requirements of paragraph (3) within 21 days of the receipt of the written demand and documents required by paragraph (2), the creditor shall forfeit to the escrow agent three hundred dollars ($300) except where the creditor has reasonable cause for noncompliance. The three hundred dollars ($300) shall be credited to the seller, unless otherwise provided in the escrow instructions. Any penalty paid by a creditor under this paragraph shall preclude any civil liability for noncompliance with Section 18035.5 relating to the same act or omission.

(e) The escrow instructions shall specify one of the following:

(1) Upon the buyer receiving delivery of an installed manufactured home or mobilehome on the site and the manufactured home or mobilehome passing inspection pursuant to Section 18613 or after the manufactured home or mobilehome has been delivered to the location specified in the escrow instructions when the installation is to be performed by the buyer, all funds in the escrow account, other than escrow fees and amounts for accessories not yet delivered, shall be disbursed.

(2) Upon the buyer receiving delivery of an installed manufactured home or mobilehome not subject to the provisions of Section 18613 with delivery requirements as mutually agreed to and

set forth in the sales documents, all funds in the escrow account, other than escrow fees, shall be disbursed.

(f) In the event any dispute arises between the parties to the escrow and upon notification in writing to the escrow agent, unless otherwise specified in the escrow instructions, all funds denoted as deposit shall be held in escrow until such time as a release is signed by the disputing party, or pursuant to new written escrow instructions signed by the parties involved, or pursuant to a final order for payment or division by a court of competent jurisdiction. Any other funds, other than escrow fees, shall be returned to the buyer or any person, other than the dealer or seller, as appropriate.

(g) Escrow shall be for a period of time mutually agreed upon, in writing, by the buyer and the seller. However, the parties may, by mutual consent, extend the time, in writing, with notice to the escrow agent.

(h) No dealer or seller shall establish with an escrow agent any escrow account in an escrow company in which the dealer or seller has more than a 5 percent ownership interest.

(i) The escrow instructions may provide for the proration of any local property tax due or to become due on the manufactured home or mobilehome, and if the tax, or the license fee imposed pursuant to Section 18115, or the registration fee imposed pursuant to Section 18114, is delinquent, the instructions may provide for the payment of such taxes or fees, or both, and any applicable penalties.

(j) No agreement shall contain any provision by which the buyer waives his rights under this section, and any such waiver shall be deemed contrary to public policy and shall be void and unenforceable.

(k) If a portion of the amount in the escrow is for accessories then that portion of the amount shall not be released until the accessories are actually installed.

(*l*) This section creates a civil cause of action against a buyer or dealer or other seller who violates the provisions of this section, and upon prevailing, the plaintiff in such action shall be awarded actual damages plus an amount not in excess of two thousand dollars ($2,000). In addition, attorney's fees and court costs shall also be awarded a plaintiff who prevails in such action.

18035.2. (a) For every sale by a dealer of a new or used manufactured home or mobilehome installed or to be installed on a foundation system pursuant to Section 18551, the dealer shall execute in writing and obtain the buyer's signature on a purchase order, conditional sale contract, or other document evidencing the purchase contemporaneous with or prior to the receipt of any cash or cash equivalent from the buyer and shall establish an escrow account with an escrow agent. The escrow shall not be subject to the

provisions of Section 18035.

(b) For every sale by a dealer of a new manufactured home or mobilehome installed or to be installed on a foundation system pursuant to Section 18551, the escrow instructions shall provide all of the following:

(1) That the original manufacturer's certificate of origin be placed in escrow.

(2) That, in the alternative:

(A) The lien of any inventory creditor on the manufactured home or mobilehome shall be satisified by payment from the escrow account.

(B) Such inventory creditor shall consent in writing to other than full payment.

For purposes of this paragraph, "inventory creditor" includes any person who is identified as a creditor on the manufacturer's certificate of origin or any person who places the original certificate of origin in escrow and claims in writing to the escrow agent to have a purchase money security interest in the manufactured home or mobilehome as contemplated by Section 9107 of the Commercial Code.

(3) That the escrow agent shall obtain from the manufacturer a true and correct facsimile of the copy of the certificate of origin retained by the manufacturer pursuant to Section 18093.

SEC. 19.5. Section 18035.2 of the Health and Safety Code, as added by Senate Bill No. 1235 of the 1983–84 Regular Session of the Legislature, is amended and renumbered to read:

18035.3. (a) Every purchase order, conditional sale contract, security agreement, or other purchase document executed for the sale of a new or used manufactured home, mobilehome, or commercial coach shall be in writing and printed in type no smaller than 6-point and shall contain in a single document all of the agreement of the purchaser and dealer with respect to the total cost and the terms of payment for the manufactured home, mobilehome, or commercial coach, including any accessories and services to be performed.

The conditional sale contract or a purchase order shall be signed by the purchaser, or his or her authorized representative, and by the dealer and an exact copy thereof shall be furnished to the purchaser by the dealer at the time the purchaser and the dealer have signed the purchase document. Any amendments to the purchase document shall be prepared in writing by the dealer and shall be mutually endorsed by both the dealer and the purchaser. The amendments shall not be constructed for the purpose of circumventing the provisions of this section.

The single document requirement shall not be construed to mean one page, as long as all pages are identified and referenced as being part of the document for the sale.

(b) The dealer shall not obtain the signature of the purchaser on any purchase document prepared pursuant to this section, which

contains blank spaces to be filled in after it has been signed.

(c) Every purchase document prepared pursuant to this section shall contain, although not necessarily in the sequence or order set forth below, the following separate items:

(1) The cash price of the manufactured home, mobilehome, or commercial coach described in the document, and each accessory, structure, or service included with the purchase, and their sum total.

(2) The amount of the downpayment made by the purchaser, and whether made in cash or represented by the net agreed value of described property traded in, or both, together with a statement of the respective amounts credited for cash and for the property.

(3) The unpaid balance of the cash price, which is the difference between items (1) and (2).

(4) The cost to the purchaser of any insurance, the premium for which is included in the contract balance. Any cost for credit life or disability insurance may be included in the finance charge if the amount thereof is separately stated on the face of the contract.

(5) The amounts of any fees, paid or to be paid, to any public agency in connection with the transaction for title, registration, permits, and taxes imposed by law.

(6) The amount of any manufactured home or mobilehome escrow fee.

(7) The amount, if any, charged by the dealer for documentary preparation. If a dealer charges a purchaser a documentary preparation charge, then the purchase document shall contain a notice advising the purchaser that the charge is not a governmental fee.

(9) The amount, if any, of loan fees, credit-check fees, or any other administrative finance charge.

(10) The amount financed, which is the difference between items (8) and (9).

(11) The finance charge expressed as an annual percentage rate and expressed in dollars.

(12) The number, amount, and due dates or periods of payments scheduled to repay the indebtedness and the sum of the payments.

(13) Complete identification and disclosure of the finance terms and conditions.

(14) A notice to the purchaser: (A) Do NOT sign this agreement before you read it or if it contains any blank spaces to be filled in. (B) You are entitled to a completely filled-in copy of this agreement, a notice of rights, and a copy of the warranty, if purchasing a new mobilehome or manufactured home.

(15) A statement whether the purchase price includes or excludes the towbar, wheels, wheel hubs, tires, and axles.

(16) A notice to the purchaser, in type no smaller than 8-point, that complaints concerning the purchase shall be referred to the dealer and, if the complaint is not resolved, may be referred to the

Department of Housing and Community Development, Division of Codes and Standards, Occupational Licensing.

SEC. 20. Section 18035.5 of the Health and Safety Code is repealed.

SEC. 21. Section 18035.5 is added to Health and Safety Code, to read:

18035.5. (a) As used in this section:

(1) "Secured party" means a legal owner or junior lienholder.

(2) "Entitled party" means a registered owner or any person holding a security interest or other lien or encumbrance which is subordinate to the security interest of the secured party or an escrow agent in conjunction with an escrow involving the sale or transfer of an interest in a manufactured home, mobilehome, or commercial coach subject to registration under this part.

(b) A secured party shall, on the written demand of an entitled person, or the authorized agent of the entitled person, prepare and deliver to the person demanding it, a true, correct, and complete copy of the conditional sale contract or the promissory note and security agreement and any subsequent modification thereto, and a written statement indicating all of the following:

(1) The amount of the unpaid balance of the obligation owing to the secured party and the interest rate, together with the total amounts, if any, of all overdue installments of either principal or interest, or both.

(2) The amounts of periodic payments, if any.

(3) The date on which the obligation is due in whole or in part.

(4) The date to which taxes and special assessments have been paid to the extent that information is known to the secured party.

(5) The amount of hazard insurance in effect and the term and premium of that insurance to the extent that information is known to the secured party.

(6) The amount in an account, if any, maintained for the accumulation of funds with which to pay taxes and insurance premiums.

(7) The nature and, if known, the amount of any additional charges, costs, or expenses paid or incurred by the secured party which have become a lien on the manufactured home, mobilehome, or commercial coach involved.

(8) If applicable, a statement indicating that subsequently incurred obligations will be secured by the manufactured home, mobilehome, or commercial coach and, if there is a maximum amount that may thereafter become secured, the maximum amount that may thereafter become secured.

(c) The secured party may, before delivering a statement, require reasonable proof that the person making the demand is, in fact, an entitled person, in which event the secured party shall not be subject to the penalties of this section until 21 days after receipt of the proof herein provided for. A statement in writing signed by the entitled person appointing an authorized agent when delivered personally to

the secured party or delivered by registered return receipt mail shall constitute reasonable proof as to the identity of an agent. Similar delivery of a policy of title insurance, preliminary report issued by a title company, original or photographic copy of a sales agreement covering the manufactured home, mobilehome, or commercial coach or certified copy of letters testamentary, guardianship, or conservatorship shall constitute reasonable proof as to the identity of a successor in interest, provided the person demanding a statement is named as successor in interest in the document.

(d) Delivery of the statement by the secured party, as herein referred to, shall mean depositing or causing to be deposited in the United States mail an envelope, with postage prepaid, containing a copy of the statement, addressed to the person whose name and address is set forth in the demand therefor.

(e) If a secured party for a period of 21 days after receipt of the written demand willfully fails to prepare and deliver the statement, the secured party is liable to the entitled person for all damages which may be sustained by reason of the refusal and, whether or not actual damages are sustained, the secured party shall forfeit to the entitled person the sum of three hundred dollars ($300). Each such failure to prepare and deliver such a statement, occurring at a time when, pursuant to this section, the secured party is required to prepare and deliver the statement, creates a separate cause of action, but a judgment awarding an entitled person such forfeiture, or damages and forfeiture, for any such failure to prepare and deliver a statement bars recovery of such damages and forfeiture for any other failure to prepare and deliver a statement, with respect to the same obligation, in compliance with a demand therefor made within six months before or after the demand as to which the award was made.

(f) If the secured party has more than one branch, office, or other place of business, then the demand shall be made to the branch or office at which the payments of the obligation are made, and the statement, unless it specifies otherwise, shall be deemed to apply only to the unpaid balance owing to or payable at that branch office or place of business.

(g) The secured party may make a charge not to exceed fifty dollars ($50) for furnishing the required statement, whether or not the security agreement covering the manufactured home, mobilehome, or commercial coach so provides.

SEC. 22. Section 18036.5 of the Health and Safety Code is amended to read:

18036.5. (a) As used in this section:

(1) "Act" means the federal Truth in Lending Act, as amended (15 U.S.C., Sec. 1601, et seq.).

(2) "Regulation Z" means any rule, regulation, or interpretation promulgated by the Board of Governors of the Federal Reserve System under the act and any interpretation or approval issued by an official or employee of the Federal Reserve System duly

authorized by the board under the act to issue these interpretations or approvals.

(b) A conditional sale contract relating to a new or used manufactured home or mobilehome subject to registration under this part shall contain all the disclosures required by Regulation Z if Regulation Z otherwise applies to the transaction. Any disclosure violation corrected pursuant to subdivision (d) shall not be the basis of any recovery by the buyer.

(c) With respect to a violation which is not corrected as provided in subdivision (d), the seller shall be liable to the buyer in an amount equal to the sum of:

(1) Any actual damage sustained by such person as a result of the failure;

(2) (A) In the case of an individual action twice the amount of any finance charge in connection with the transaction, except that the liability under this subparagraph shall not be less than one hundred dollars ($100) or greater than one thousand dollars ($1,000); or

(B) In the case of a class action, such amount as the court may allow, except that as to each member of the class no minimum recovery shall be applicable, and the total recovery under this subparagraph in any class action or series of class actions arising out of the same failure to comply by the same seller shall not be more than the lesser of five hundred thousand dollars ($500,000) or 1 per cent of the net worth of the seller; and

(3) In the case of any successful action to enforce the foregoing liability, the costs of the action, together with a reasonable attorney's fee as determined by the court.

In determining the amount of award in any class action, the court shall consider, among other relevant factors, the amount of any actual damages awarded, the frequency and persistence of failures of compliance by the seller, the resources of the seller, the number of persons adversely affected, and the extent to which the seller's failure of compliance was intentional. In connection with the disclosures referred to in Section 128 of the act, a seller shall have a liability determined under paragraph (2) of this subdivision only for failing to comply with the requirements of paragraph (2) (insofar as it requires a disclosure of the "amount financed"), (3), (4), (5), (6), or (9) of Section 128(a) of the act. With respect to any failure to make disclosures required under this section, liability shall be imposed only upon the seller required to make disclosure, except as provided in subdivision (k).

(d) A seller or assignee has no liability under this section for any failure to comply with any requirement imposed under this section if within 60 days after discovering an error, whether through the seller's or assignee's own procedures or pursuant to procedures permissible under the act, and prior to the institution of an action under this section or the receipt of written notice of the error from the buyer, the seller or assignee notifies the buyer concerned of the

error and makes whatever adjustments as are necessary to assure that the buyer will not be required to pay an amount in excess of the charge actually disclosed, or the dollar equivalent of the annual percentage rate actually disclosed, whichever is lower.

(e) A seller or assignee may not be held liable in any action brought under this section if the seller or assignee shows by a preponderance of evidence that the violation was not intentional and resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adapted to avoid any such error. Examples of a bona fide error include, but are not limited to, clerical, calculation, computer malfunction and programming, and printing errors, except that an error of legal judgment with respect to a person's obligations under this section is not a bona fide error.

(f) When there are multiple buyers in a transaction, there shall be no more than one recovery of damages under paragraph (2) of subdivision (c).

(g) Any action under this section may be brought within one year from the date of the occurrence of the violation. This subdivision does not bar a person from asserting a violation of this section in an action to collect the debt which was brought more than one year from the date of the occurrence of the violation as a matter of defense by recoupment or set-off in such action, except as otherwise provided by law. No action may be brought under this section if an action relating to the transaction or a defense thereto has been brought or asserted under the act.

(h) No provision of this section imposing any liability shall apply to any act done or omitted in good faith in conformity with any rule, regulation, or interpretation thereof by the Board of Governors of the Federal Reserve System or in conformity with any interpretation or approval by an official or employee of the Federal Reserve System duly authorized by the Board of Governors of the Federal Reserve System to issue such interpretations or approvals under such procedures as the Board of Governors of the Federal Reserve System may prescribe therefor, notwithstanding that after such act or omission has occurred, such rule, regulation, interpretation, or approval is amended, rescinded or determined by judicial or other authority to be invalid for any reason.

(i) The multiple failure to disclose to any person any information required under this section shall entitle the buyer to a single recovery.

(j) A buyer may not take any action to offset any amount for which a seller or assignee is potentially liable to such buyer under paragraph (2) of subdivision (c) against any amount owed by such buyer, unless the amount of the seller's or assignee's liability under this section has been determined by judgment of a court of competent jurisdiction in an action to which such buyer was a party. This subdivision does not bar a buyer then in default on the obligation from asserting a violation of this section as an original action, or as a defense or counterclaim to an action to collect amounts

owed by the buyer brought by a person liable under this title.

(k) Except as otherwise specifically provided in this section, any civil action for a violation of this section which may be brought against a seller may be maintained against any assignee of such seller only if the violation for which such action or proceeding is brought is apparent on the face of the disclosure statement, provided, however, that no civil action may be brought against such assignee for such violation if the assignment was involuntary. For purposes of this section, a violation apparent on the face of the disclosure statement includes, but is not limited to, (1) a disclosure which can be determined to be incomplete or inaccurate from the face of the disclosure statement or other documents assigned, or (2) a disclosure which does not use the terms required to be used in Regulation Z.

(*l*) In any action or proceeding by or against any assignee of the seller without knowledge to the contrary by the assignee when the assignee acquires the obligation, written acknowledgment of receipt by a buyer to whom disclosures are required to be given pursuant to this section shall be conclusive proof of the delivery thereof and, except as provided in subdivision (k), of compliance with this section. This subdivision does not affect the rights of the buyer in any action against the original seller.

(m) No final judgment shall be entered in an action brought pursuant to this section in favor of a buyer until the later of (1) the expiration of one year after the occurrence of the violation, or (2) the entry of judgment in an action for the violation brought under Section 130 of the act and filed within such one-year period. A buyer who has recovered any amount by way of judgment, settlement, or otherwise under Section 130 or 131 of the act shall not be entitled to any damages or other relief for the violation under this section.

SEC. 23. Section 18037 of the Health and Safety Code is amended to read:

18037. Notwithstanding any agreement to the contrary, the holder of a conditional sale contract for which Regulation Z disclosures are required pursuant to Section 18036.5 is subject to all equities and defenses of the buyer against the seller, except as provided by Section 18036.5. However, the assignee's liability may not exceed the amount of the debt owing to the assignee at the time of assignment. The assignee shall have recourse against the seller to the extent of any liability incurred by the assignee pursuant to this section whether the assignment was with or without recourse except to the extent of any written agreement between the seller and assignee which expressly references this section and modifies its effect.

SEC. 24. Section 18037.5 of the Health and Safety Code is repealed.

SEC. 25. Section 18037.5 is added to the Health and Safety Code, to read:

18037.5. (a) In the event of default under the provisions of any security agreement relating to a loan or conditional sale contract

which, according to its terms, gives the secured party the right to foreclose its security interest in a manufactured home or mobilehome subject to registration under this part, including the right to repossess the property, notwithstanding any contrary provisions in the security agreement or conditional sale contract or in any other agreement entered into prior to default, the secured party may foreclose its security interest only by satisfying the requirements of this section.

(1) Unless the registered owner of the manufactured home or mobilehome has abandoned the property or has voluntarily surrendered possession of the property to the foreclosing creditor, the foreclosing creditor shall deposit or cause to be deposited in the United States mail an envelope addressed to each registered owner as shown on the current registration of the manufactured home or mobilehome, registered or certified with postage prepaid, containing a notice in substantially the following form and in at least 10-point type which notice shall be signed by the foreclosing creditor:

If the permanent title

(4) If a legal owner no longer holds an outstanding obligation or a commitment to make advances, incur obligations or otherwise give value to be secured by the manufactured home, mobilehome, or commercial coach, the legal owner shall indicate its release of lien by appropriately signing the certificate of title for the manufactured home, mobilehome, or commercial coach and forward the certificate of title to the department with appropriate fees. SEC. 44. Section 18105 of the Health and Safety Code is amended to read:

18105. (a) Except as otherwise provided in subdivision (e) or (g), the security interest of the legal owner has priority over

conflicting security interests of junior lienholders and holders of security interests perfected pursuant to Section 9305 of the Commercial Code and of unperfected security interests in a manufactured home, mobilehome, or commercial coach subject to registration under this part and its proceeds.

(b) Except as otherwise provided in subdivision (e) or (g), the security interest of a junior lienholder has priority over conflicting security interests of holders of security interests perfected pursuant to Section 9305 of the Commercial Code and of unperfected security interests in a manufactured home, mobilehome, or commercial coach subject to registration under this part and its proceeds. Conflicting security interests of junior lienholders rank in the order designated on the permanent title record maintained by the department.

(2) For purposes of this subdivision receipt of a copy of the registration certificate which reflects the existence of a security interest shall constitute constructive notice of the existence of such security interest. (f) Except as otherwise provided in subdivision (g), the security interest of the legal owner or a junior lienholder has priority over a conflicting security interest of a holder of a perfected security interest in a manufactured home, mobilehome, or commercial coach subject to registration under this part which is inventory, including

the proceeds of the inventory. The rules of priority regarding conflicting security interests of holders of a perfected security interest in a manufactured home, mobilehome, or commercial coach subject to registration under this part which is inventory and of holders of security interests perfected pursuant to Section 9305 of the Commercial Code or unperfected security interests in a manufactured home, mobilehome, or commercial coach subject to registration under this part shall be governed by Section 9312 of the Commercial Code.

(d) A person who becomes a lien creditor while a security interest in a manufactured home, mobilehome, or commercial coach is perfected by any of the means contemplated by subdivision (b) of Section 18080.7 takes subject to the perfected security interest only to the extent that it secures advances either made before that person becomes a lien creditor or made thereafter which would otherwise be senior to a competing security interest as provided in subdivision (e) of Section 18105.

SEC. 46. Section 18119 of the Health and Safety Code is amended to read:

CHAPTER 1128

An act to amend Sections 21201, 21206, and 21208 of, to add Section 21002 to, and to repeal Section 21205 of, the Financial Code, relating to secondhand property.

[Approved by Governor September 27, 1983 Filed with Secretary of State September 28, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 21002 is added to the Financial Code, to read:

21002. (a) As used in this division, "pledged property" is property held as security for a loan, the title to which remains with the pledgor and has not passed to the pawnbroker pursuant to Section 21201.

(b) "Vested property" is property the title to which has been transferred from the pledgor to the pawnbroker pursuant to Section 21201. Vested property is not pledged property.

SEC. 2. Section 21201 of the Financial Code is amended to read:

21201. Every loan made by a pawnbroker for which goods are received in pledge as security shall be evidenced by a written contract a copy of which shall be furnished to the borrower. The loan contract shall set forth the loan period and the date on which the loan is due and payable, and shall clearly inform the borrower of his or her right to redeem the pledge during the redemption period.

Every pawnbroker shall retain in his or her possession, after the date on which the loan became due and payable, clothing and furs pledged to him or her for a period of four months, and every other article pledged to him or her for a period of six months. During such periods the borrower may redeem the articles upon payment of the loan and interest charges.

If any pledged article is not redeemed during the four- or six-month redemption period as provided herein, and the borrower and pawnbroker do not mutually agree in writing to extend the redemption period, the pawnbroker shall notify the borrower within 30 days after expiration of the redemption period. The pawnbroker shall notify the borrower either by registered mail, or by certified mail, or by regular mail for which a certificate of mailing is issued by the United States Post Office addressed to his or her last known address of the termination of the redemption period, and extending the right of redemption for a period of 10 days from date of mailing of such notice. If any pledged article is not redeemed within such 10-day period, the pawnbroker shall become vested with all right, title, and interest of the pledgor, or his or her assigns, to the pledged article, to hold and dispose of as his or her own property. Any other provision of law relating to the foreclosure and sale of pledges shall not be applicable to any pledge the title to which is transferred in accordance with this section. The pawnbroker shall not sell any article of pledged property until he or she has become vested with the title to that property pursuant to this section. The sale of pledged property is a misdemeanor pursuant to Section 21209.

SEC. 3. Section 21205 of the Financial Code is repealed.

SEC. 4. Section 21206 of the Financial Code is amended to read:

21206. Every pawnbroker shall produce his or her records of loans, accounts of all sales of vested property, and all pledged property, for inspection by the following persons:

(a) Any officer holding a warrant authorizing him or her to search for personal property.

(b) Any person appointed by the sheriff of any county or appointed by the head of the police department of any city.

(c) Any officer holding a court order directing him or her to examine such records, account of sales, or pledged property.

SEC. 5. Section 21208 of the Financial Code is amended to read:

21208. Every pawnbroker shall report daily or on the first working day after receipt or purchase, all descriptions of all property received in pledge or purchased as tangible personal property, as defined in Section 21627 of the Business and Professions Code, in whatever quantity received, including property purchased as tangible personal property at wholesale, tangible personal property taken in for sale or possessed on consignment for sale, and tangible personal property taken in trade.

If the transaction took place within the territorial limits of an incorporated city, the report shall be submitted to the police chief executive of the city or his or her designee, at the place the police chief executive or his or her designee designates for the submission of these reports. If the transaction took place outside the territorial limits of an incorporated city, the report shall be submitted to the sheriff of the county or his or her designee, at the place the sheriff or his or her designee designates for the submission of these reports.

All reports shall be on forms approved or provided at actual cost

by the Department of Justice. The police chief executive or sheriff who receives a report on a form filed pursuant to the provisions of this section shall daily submit a legible copy of the transactions to the Department of Justice.

SEC. 6. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

(e) Knives carried in sheaths which are worn openly suspended from the waist of the wearer are not concealed within the meaning of this section.

SEC. 2. Section 12025 of the Penal Code is amended to read:

12025. (a) Except as otherwise provided in this chapter, any person who carries concealed within any vehicle which is under his or her control or direction any pistol, revolver, or other firearm capable of being concealed upon the person without having a license to carry such firearm as provided in this chapter is guilty of a misdemeanor. Any person convicted under this subdivision who has previously been convicted of any felony, or of any crime made punishable by this chapter, is guilty of a felony, and if probation is granted, or if the execution or imposition of sentence is suspended, it shall be a condition thereof that he or she be imprisoned in the county jail for not less than three months.

(b) Any person who carries concealed upon his or her person any pistol, revolver, or other firearm capable of being concealed upon the person without having a license to carry such firearm as provided in this chapter is guilty of a misdemeanor punishable by imprisonment in the county jail not to exceed one year, or by a fine not to exceed one thousand dollars ($1,000), or by both such fine and

imprisonment, except any person, having been convicted of a crime against the person, property or a narcotics or dangerous drug violation, who carries concealed upon his or her person any pistol, revolver, or other firearm capable of being concealed upon the person without having a license to carry such firearm as provided in this chapter is guilty of a public offense and is punishable by imprisonment in a state prison, or by imprisonment in a county jail not to exceed one year, or by a fine not to exceed one thousand dollars ($1,000), or by both such fine and imprisonment. Any person convicted under this subdivision who has previously been convicted of any felony or of any crime made punishable by this chapter, is guilty of a felony, and if probation is granted, or if the execution or imposition of sentence is suspended, it shall be a condition thereof that he or she be imprisoned in the county jail for not less than three months.

(c) Firearms carried openly in belt holsters are not concealed within the meaning of this section, nor are knives which are carried openly in sheaths suspended from the waist of the wearer.

(d) Every person convicted under this section who has previously been convicted of a misdemeanor offense enumerated in Section 12001.6 shall be punished by imprisonment in the county jail for at least three months and not exceeding six months, or, if granted probation, or if the execution or imposition of sentence is suspended, it shall be a condition thereof that he or she be imprisoned in the county jail for at least three months.

(e) The court shall apply the three-month minimum sentence as specified in subdivisions (a), (b), and (d) except in unusual cases where the interests of justice would best be served by granting probation or suspending the imposition or execution of sentence without the minimum imprisonment required in subdivisions (a), (b), and (d) or by granting probation or suspending the imposition or execution of sentence with conditions other than those set forth in subdivisions (a), (b), and (d), in which case, the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by such a disposition.

SEC. 3. Section 12076 of the Penal Code is amended to read:

Where the sale is made in a district where there is no municipal police department, the third copy of the original sheet shall be mailed to the sheriff of the county wherein the sale is made.

(c) If the department determines that the purchaser is a person described in Section 12021 of this code or Section 8100 or 8103 of the Welfare and Institutions Code, it shall immediately notify the dealer of that fact.

(d) The Department of Justice may charge the dealer a fee which it determines to be sufficient to reimburse the department for the cost of furnishing this information. All money received by the department pursuant to this section shall be deposited in the Dealers' Record of Sale Special Account of the General Fund, which is hereby created, to be available, upon appropriation by the Legislature, for expenditure by the department to offset the costs incurred pursuant to this section.

SEC. 4. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

The people of the State of California do enact as follows:

SECTION 1. Section 20221 of the Public Contract Code is amended to read:

20221. (a) The purchase of all supplies, equipment, and materials when the expenditure required exceeds twenty-five thousand dollars ($25,000), and the construction of facilities and works when the expenditure required exceeds ten thousand dollars ($10,000), shall be by contract let to the lowest responsible bidder. Notice requesting bids shall be published at least once in a newspaper of general circulation, which publication shall be made at least 10 days before the bids are received. The board may reject any and all bids and readvertise in its discretion.

(b) Whenever the expected procurement required exceeds one thousand dollars ($1,000) and, in the case of the construction of facilities and works does not exceed ten thousand dollars ($10,000) or in the case of the purchase of supplies, equipment, or materials does not exceed twenty-five thousand dollars ($25,000), the district shall obtain a minimum of three quotations, either written or oral, which permit prices and terms to be compared.

(c) Where the expenditure required by the bid price is less than fifty thousand dollars ($50,000), the general manager may act for the board.

SEC. 2. Section 20224 is added to the Public Contract Code, to read:

20224. Upon determining that immediate remedial measures to avert or alleviate damage to property, or to repair or restore damaged or destroyed property, of the district are necessary in order to insure that the facilities of the district are available to serve the transportation needs of the general public, and upon determining that available remedial measures, including procurement in compliance with Sections 20221, 20222, and 20223, are inadequate, the general manager may authorize the expenditure of money previously appropriated specifically by the board for the direct purchases of goods and services, without observance of the provisions of those sections.

The general manager shall, after any such expenditure, submit to the board a full report explaining the necessity for the action.

SEC. 3. Section 20225 is added to the Public Contract Code, to read:

20225. The general manager may establish districtwide purchasing standards, the purpose of which is to insure the necessary quality of supplies and equipment purchased by, or under the supervision of, the district and to permit the consolidation of purchases in order to effect greater economy in district purchasing.

SEC. 4. Section 20226 is added to the Public Contract Code, to

read:

20226. Notwithstanding Section 20221, and upon a finding by two-thirds of all members of the board that the proposed purchase in compliance with Sections 20221 and 20222 does not constitute a method of procurement adequate for the operation of district facilities or equipment, the board may direct the procurement of prototype equipment or modifications in an amount sufficient to conduct and evaluate operational testing without further observance of any provisions requiring contracts, bids, or notice.

SEC. 5. Section 20227 is added to the Public Contract Code, to read:

20227. Notwithstanding Section 20221, the board may direct the purchase of any supply, equipment, or material without observance of any provision requiring contracts, bids, or notice upon a finding by two-thirds of all members of the board that there is only a single source of procurement therefor and that the purchase is for the sole purpose of duplicating or replacing supply, equipment, or material, as the case may be, in use.

SEC. 6. Section 20228 is added to the Public Contract Code, to read:

20228. Notwithstanding Section 20221, work on the Oakland Wye complex to the MacArthur Station project and on the Daly City turn-back and storage facilities project may be performed by district personnel during periods of operation of the transit system when interconnection work is to be performed within 12 feet of the centerline of the existing track.

SEC. 8. Section 29034.5 of the Public Utilities Code is amended to read:

29034.5. (a) The district may approve annexation of areas to the district pursuant to Chapter 9 (commencing with Section 29500) or other forms of affiliation; however, the district shall meet its service commitments within its boundaries as they existed on January 1, 1971, before the district may expend any district funds for the purpose of extending services and facilities outside of those boundaries.

(b) This section does not preclude either of the following:

(1) Rail line extensions to other areas that may be annexed to, or in some other way are affiliated with, the district, if other than district funds are used to finance the construction and operation of the extensions.

(2) Improvements to existing district stations and yards, including construction of a new turnback zone, storage tracks, and a maintenance facility south of the Daly City station.

(c) As used in this section, "service commitments" means the extension of district services and facilities to the Cities of Antioch, Pittsburg, Pleasanton, Livermore, and Fremont and to the northwest section of the City and County of San Francisco.

CHAPTER 1132

The people of the State of California do enact as follows:

SECTION 1. Section 13131 of the Health and Safety Code is amended to read:

13131. "Nonambulatory persons" means persons unable to leave a building unassisted under emergency conditions. It includes any person who is unable, or likely to be unable, to physically and mentally respond to a sensory signal approved by the State Fire Marshal, or an oral instruction relating to fire danger, and persons who depend upon mechanical aids such as crutches, walkers, and wheelchairs. The determination of ambulatory or nonambulatory status of persons with developmental disabilities shall be made by the Director of Social Services or his or her designated representative, in consultation with the Director of Developmental Services or his or her designated representative. The determination of ambulatory or nonambulatory status of all other disabled persons placed after January 1, 1984, who are not developmentally disabled shall be made by the Director of Social Services, or his or her designated representative.

SEC. 2. Section 13131.3 of the Health and Safety Code is repealed.

SEC. 3. Section 13143 of the Health and Safety Code is amended to read:

13143. (a) Except as provided in Section 18930, the State Fire Marshal, with the advice of the State Board of Fire Services, shall prepare, adopt, and submit building standards for approval pursuant to Chapter 4 (commencing with Section 18935) of Part 2.5 of Division 13 and shall prepare and adopt other regulations establishing minimum requirements for the prevention of fire and for the protection of life and property against fire and panic in any building or structure used or intended for use as an asylum, jail, mental hospital, hospital, sanitarium, home for the aged, children's nursery, children's home or institution not otherwise excluded from the coverage of this subdivision, school, or any similar occupancy of any capacity, and in any theater, dancehall, skating rink, auditorium, assembly hall, meeting hall, nightclub, fair building, or similar place of assemblage where 50 or more persons may gather together in a building, room, or structure for the purpose of amusement, entertainment, instruction, deliberation, worship, drinking or dining, awaiting transportation, or education, and in any building or structure which is open to the public and is used or intended to be used for the showing of motion pictures when an admission fee is

charged and when the building or structure has a capacity of 10 or more persons. The State Fire Marshal shall adopt and submit building standards for approval pursuant to Chapter 4 (commencing with Section 18935) of Part 2.5 of Division 13 for the purposes described in this section. Regulations adopted pursuant to this subdivision and building standards relating to fire and panic safety published in the State Building Standards Code shall establish minimum requirements relating to the means of egress and the adequacy of exits from, the installation and maintenance of fire extinguishing and fire alarm systems in, the storage and handling of combustible or explosive materials or substances, and the installation and maintenance of appliances, equipment, decorations, and furnishings that present a fire, explosion or panic hazard, and the minimum requirements shall be predicated on the height and fire-resistive qualities of the building or structure and the type of occupancy for which it is to be used. The building standards and other regulations shall apply to auxiliary or accessory buildings used or intended for use with any of the occupancies mentioned in this subdivision. Violation of any building standard or other regulation shall be a violation of the provisions of this chapter.

In preparing and adopting building standards for approval pursuant to Chapter 4 (commencing with Section 18935) of Part 2.5 of Division 13, and in preparing and adopting other regulations affecting public schools, the State Fire Marshal shall also secure the advice of the State Department of Education. No regulation adopted by the State Fire Marshal shall conflict with any rule, regulation, or building standard lawfully adopted or enforced by the Department of General Services pursuant to Article 3 (commencing with Section 39140) of Chapter 2 of Part 23 or Article 7 (commencing with Section 81130) of Chapter 1 of Part 49 of the Education Code.

(b) Notwithstanding the provisions of subdivision (a) and Section 13143.6, facilities licensed pursuant to Chapter 3 (commencing with Section 1500) of Division 2 which provide nonmedical board, room, and care for six or fewer ambulatory children placed with the licensee for care or foster family homes and family day care homes for children, licensed pursuant to Chapter 3.6 (commencing with Section 1597.50) of Division 2, with a capacity of six or fewer and providing care and supervision for ambulatory children or children two years of age or younger, or both, shall not be subject to the provisions of Article 1 (commencing with Section 13100) or Article 2 (commencing with Section 13140) of this chapter or regulations adopted pursuant thereto. No city, county, or public district shall adopt or enforce any requirement for the prevention of fire or for the protection of life and property against fire and panic with respect to structures used as facilities specified in this subdivision, unless the requirement would be applicable to a structure regardless of the special occupancy. Nothing in this subdivision shall restrict the application of state or local housing standards to those facilities, if the standards are applicable to residential occupancies and are not based

upon the use of the structure as a facility specified in this subdivision.

"Ambulatory children," as used in this subdivision, does not include nonambulatory persons, as defined in Section 13131, and relatives of the licensee or the licensee's spouse.

SEC. 4. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 5. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

CHAPTER 1133

It is the intent of the Legislature to provide a statewide coordinated basis for all segments of the public education system to respond to the changing educational needs of California's population. The Legislature recognizes its historic commitment to providing youth with education which leads to remunerative employment. The Legislature finds that California's students need strong reading, math, science, and technological skills if they are to find employment in an increasingly technological society.

It is also the intent of the Legislature that budget allocations for educational programs designed to strengthen technological skills be structured to ensure that all California school pupils will have equitable access to those programs, and to remain responsive to changing socioeconomic conditions, developments in knowledge of the learning process, and emerging student needs within a district or region.

priority be placed on educational technology local assistance programs which incorporate elements of computer education. It is further the intent of the Legislature that all segments of public education seek to involve the industrial sector in those programs where that involvement would serve to enhance the responsiveness of technological education to the needs of students and the workplace.

It is the intent of the Legislature that the Educational Technology Committee shall work with industry groups and individual businesses to inform them of educational programs with identified needs. It is not the intent of the Legislature in enacting this act to create any new tax deductions or exemptions for industry in connection with these coordinated efforts.

It is the intention of the Legislature that the system of allowances above the amounts prescribed by this section be used only as means to establish a proposed level of funding for the educational technology local assistance program. It is further the intention of the Legislature that the actual funding level for the educational technology local assistance program be provided each year through the annual Budget Act, commencing with the 1984–85 fiscal year. Any activities mandated pursuant to the educational technology local assistance program shall be undertaken only to the extent that funds are appropriated for support of the activity.

The people of the State of California do enact as follows:

SECTION 1. Section 202 of the Welfare and Institutions Code is amended to read:

202. (a) The purpose of this chapter is to secure for each minor under the jurisdiction of the juvenile court such care and guidance, preferably in the minor's own home, as will serve the spiritual, emotional, mental, and physical welfare of the minor and the best interests of the state; to protect the public from criminal conduct by minors; to impose on the minor a sense of responsibility for his or her own acts; to preserve and strengthen the minor's family ties whenever possible, removing the minor from the custody of his or her parents only when necessary for his or her welfare or for the safety and protection of the public; and, when the minor is removed from his or her own family, to secure for the minor custody, care, and discipline as nearly as possible equivalent to that which should have been given by his or her parents This chapter shall be liberally construed to carry out these purposes.

(b) The purpose of this chapter also includes the protection of the public from the consequences of criminal activity, and to such purpose probation officers, peace officers, and juvenile courts shall take into account such protection of the public in their determinations under this chapter.

(c) It is also the purpose of this chapter to reaffirm that the duty of a parent to support and maintain a minor child continues, subject to the financial ability of the parent to pay, during any period during

which the minor may be declared a ward of the court and removed from the custody of the parent.

SEC. 2. Section 903 of the Welfare and Institutions Code is repealed.

SEC. 3. Section 903 is added to the Welfare and Institutions Code, to read:

A parent of a minor, the estate of a parent, and the estate of the minor, shall be liable for the reasonable costs of support of the minor while the minor is placed, or detained in, or committed to, any institution or other place pursuant to order of the juvenile court. The liability of these persons and estates shall be a joint and several liability.

It shall be the responsibility of a county to demonstrate to any person against whom it seeks to enforce the liability established by this section, that the charges it seeks to impose are limited to the reasonable costs of support of the minor and that these charges exclude any costs of incarceration, treatment, or supervision for the protection of society and the minor and the rehabilitation of the minor. The county shall separately itemize the cost of each major component, such as food, clothing and medical expense, contained within the costs of support of the minor, for any person against whom the county seeks to impose liability under this section.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to insure reimbursement by parents to counties for the

costs of the care, support, and maintenance of minors who have been detained pursuant to an order of the juvenile court that are unrelated to the cost of incarceration, suspension, and treatment attributable to confinement, and to also insure that parents are not charged the cost of incarceration, suspension, and treatment attributable to confinement, it is necessary that this act take immediate effect.

SECTION 1. Section 25365 of the Government Code is amended to read:

25365. The board of supervisors may, by a four-fifths vote, grant, convey, quitclaim, assign, or otherwise transfer to the state or to any community redevelopment agency, housing authority, community development commission, surplus property authority, federal agency, city, school district, irrigation, flood control, county board of education, or other special district within the county or exchange with such public entities, any real or personal property, or interest therein belonging to the county upon such terms and conditions as are agreed upon and without complying with any other provisions of this code, if the property or interest therein to be granted and conveyed or quitclaimed is not required for county use or in the event of an exchange, the property to be acquired is required for county use. The board of supervisors may also, by a four-fifths vote, exchange real property of equal value with any person, firm or corporation, for the purpose of removing defects in the title to real property owned by the county, or where the real property to be exchanged is not required for county use and the property to be acquired is required for county use.

Unless the body or agency to which the property is transferred pursuant to this section and the body or agency transferring the property are governed by the same county board of supervisors, the transferring board of supervisors shall publish a notice of its intended action pursuant to Section 6061 at least one week prior thereto in a newspaper of general circulation published in the county.

SEC. 2. Article 7.5 (commencing with Section 25515) is added to Chapter 5 of Part 2 of Division 2 of Title 3 of the Government Code, to read:

Article 7.5. Development of Public Property

25515. The Legislature finds that counties are faced with critical revenue shortages and a need for additional revenue sources to provide basic and essential public services.

The Legislature finds that counties own property which, if permitted to be developed by a joint venture agreement between private enterprise and commercial, industrial, and cultural uses, would provide a means to produce additional revenue sources for the benefit of the counties owning such property, and aid the economic well-being of the state generally.

The Legislature further finds that due to reductions in personnel or programs counties own or lease properties which are totally or partially vacant but which could be used by compatible private persons, firms or corporations through lease arrangements or joint venture developments which would generate revenue.

Therefore, the Legislature finds that the provisions for residential, commercial, industrial, and cultural development of public property owned by counties constitutes a valid public purpose.

25515.1. In managing its real property acquired prior to January 1, 1984, a county may: (a) lease any of its real property to any person, partnership, corporation, or governmental entity as the governing body may select for purposes of cultural, residential, commercial, or industrial use or development, for a term not to exceed 99 years, subject to periodic review by the county, upon such terms and conditions as the board of supervisors may determine; (b) participate as a principal party in the development of cultural, residential, commercial, or industrial uses of development thereon as a public works project; (c) contract for the management, marketing, operation, or leasing of its real property for purposes of cultural, residential, commercial, or industrial use or development.

Prior to entering into any such agreement the board of supervisors shall determine that the lease, development, or other contract will result in economic benefits to the county. If the proposed agreement is a lease, the board of supervisors shall also determine (a) that the public benefit of the proposed lease agreement is expected to be greater than the public benefit which would result from the sale of the property, and (b) that a reasonable expectation exists that future public need justifies retention of the fee ownership of the property. If the property to be used or developed is adjacent to, or a portion of, real property which is, or will be, used for other governmental activities, the board of supervisors shall also determine that the agreement will not interfere with the use or development of the remaining public property.

25515.2. (a) Any lease, development, or contract agreement entered into pursuant to this article shall be authorized by an ordinance adopted by the board of supervisors. The ordinance shall be subject to referendum in the manner prescribed by law for ordinances of counties.

(b) Prior to adopting an ordinance authorizing a lease, development, or contract agreement the board of supervisors shall hold a public hearing. Notice of the time and place of the hearing shall be published pursuant to Section 6066 in one or more newspapers of general circulation within the county and shall be mailed to any person requesting special notice, to any present tenant of the public property, and to all owners of land adjoining the property.

(c) Any lease, development, or contract agreement shall be awarded after competitive bidding in the manner determined by the board of supervisors, or, if approved by a four-fifths vote of the board of supervisors, after a request for proposals.

(d) Any lease, development, or contract agreement awarded pursuant to competitive bidding shall be determined by the board of supervisors to meet all of the following criteria:

(1) Offers the greatest economic return to the county.

(2) Meets the residential, commercial, industrial, or cultural development needs of the county.

(e) Notice inviting the bids shall be published in the same manner as set forth in subdivision (g).

(f) For the purpose of receiving proposals, the board of supervisors shall, in a regular open meeting, adopt a resolution declaring its intention to consider the proposals. The resolution shall identify the site, shall specify whether the site is intended to be used for residential, commercial, industrial or cultural development or both, and shall fix a time not less than 60 days thereafter for a public meeting of the board of supervisors to be held at its regular place of meeting, at which meeting the board of supervisors shall receive all plans or proposals submitted.

(g) Notice of adoption of the resolution and the time and place of holding the meeting shall be given by publishing the resolution at least once a week for three weeks in a newspaper of general circulation published in the county in which the property is located. In addition, the board of supervisors may authorize the purchase of advertising space and may advertise the proposed transaction in such newspapers, magazines, and other periodicals as, in its judgment, will publicize the proposed transaction to those most likely to submit a proposal or bid.

(h) At the time and place fixed in the resolution the board of supervisors shall meet and open the bids or receive the plans and proposal. The plan or proposal as submitted or as revised by the board of supervisors shall be incorporated into the lease, development, or contract agreement. The board of supervisors may reject any and all bids or plans and proposals submitted.

25515.3. The procedure prescribed by this article may be used by a county notwithstanding any other provision of law and without complying with any other provisions in conflict therewith. This procedure, which shall be an alternative to any other procedure provided by law, shall be applicable to public real property

regardless of the manner in which the real property was acquired, the purposes for which the real property was acquired, or the uses, if any, previously made of the property.

25515.4. The provisions of this article shall not apply to tide and submerged lands granted in trust by the Legislature to a city, county, or a city and county.

25515.5. Nothing in this article shall amend, alter, or modify the duties of a county to comply with the provisions of a community redevelopment plan or an agreement with a community redevelopment agency with respect to property owned by a county within the boundaries of a community redevelopment project.

SEC. 3. Section 25536.7 of the Government Code is amended to read:

25536.7. Whenever real property has been operated by a county as an art institute, the county board of supervisors, in addition to its other powers, may, without complying with the other provisions of this article, enter into an operating lease or management contract with a nonprofit corporation or association or with the governing board of a public or private school, college or university, or school or college district, for the management, operation, or maintenance of such property as a post secondary school of the arts. Any such lease or contract shall not exceed a term of 99 years and may contain such other terms and conditions as may be agreed upon, including the right of the lessee or contractor to use fixtures and personal property situated on the realty at the date of execution of such lease or contract and necessary for the operation of the realty.

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature in adding subdivision (e) to Section 22791 of the Government Code concerning the Public Employees' Medical and Hospital Care Act, to encourage the investigation into the feasibility of health care cost containment and cost reduction incentive programs. Any documented savings resulting from such programs shall be divided between the employer and the participants of the plans.

SEC. 2. Section 22791 of the Government Code is amended to read:

22791. The basic health benefit plans which may be approved by the board shall include the following types:

(a) One or more statewide service benefit plans under which payment is made by a carrier under contracts with physicians, hospitals, or other providers of health services rendered to employees or annuitants or family members, or under which, under certain conditions, payment is made by a carrier to the employee or annuitant or family member.

(b) One or more statewide indemnity benefit plans under which a carrier agrees to pay certain sums of money, not in excess of actual expenses incurred, for health services.

(c) Comprehensive group-practice prepayment plans which offer benefits, in whole or in substantial part, on a prepaid basis, with professional services thereunder provided by physicians practicing as a group in a common center or centers. Such a group shall include physicians representing at least three major medical specialities who receive all or a substantial part of their professional income from the prepaid funds.

(d) Individual practice prepayment plans which offer health services in whole or in part on a prepaid basis, with professional services thereunder provided by individual physicians who agree, under such conditions as may be prescribed by the board, to accept the payments provided by the plans as full payment for covered services rendered by them.

(e) Employee cost containment and cost reduction incentive programs which involve the employee, the annuitant, and family members, as active participants, along with the plan carrier and the plan provider, in a joint effort toward containing and reducing the cost of providing medical and hospital health care services to public employees. In developing such plans the board, in cooperation with the Department of Personnel Administration, may request proposals from carriers and certified public employee representatives.

The board shall report to the Legislature annually, on November 1, relative to the success or failure of any approved plans.

Irrespective of any other provision of law, the sponsors of a plan approved under this subsection may reinsure the operation of such plan with an admitted insurer authorized to write disability insurance, provided that the premium for such insurance shall include the entire prepayment fee.

CHAPTER 1138

An act to amend Section 65907 of, and to add Section 65009 to, the Government Code, relating to planning and zoning.

[Approved by Governor September 27, 1983 Filed with Secretary of State September 28, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 65009 is added to the Government Code, to read:

65009. (a) (1) The Legislature finds and declares that there currently is a housing crisis in California and it is essential to reduce delays and restraints upon expeditiously completing housing projects.

(2) The Legislature further finds and declares that a legal action challenging a decision of a city, county, or city and county has a chilling effect on the confidence with which property owners and local governments can proceed with housing projects. Legal actions filed to attack, review, set aside, void, or annul a decision of a city, county, or city and county pursuant to this division can prevent the completion of needed housing projects even though the housing projects have received required governmental approvals.

(3) The purpose of this section is to provide certainty for property owners and local governments regarding decisions made pursuant to this division.

(b) Except as provided in subdivision (c), any action or proceeding shall not be maintained in any of the following cases by any person unless the action or proceeding is commenced and service is made on the legislative body within 120 days after the legislative body's decision:

(1) To attack, review, set aside, void, or annul the decision of a legislative body to adopt or amend a general or specific plan. This paragraph does not apply where an action is brought based upon the complete absence of a general plan or a mandatory element thereof, but does apply to an action attacking a general plan or mandatory element thereof on the basis that it is inadequate.

(2) To attack, review, set aside, void, or annul the decision of a legislative body to adopt or amend a zoning ordinance.

(3) To determine the reasonableness, legality, or validity of any decision to adopt or amend any regulation attached to a specific plan.

(4) Concerning any of the proceedings, acts, or determinations taken, done, or made prior to any of the decisions listed in paragraphs (1), (2), and (3).

(c) An action or proceeding shall be commenced and the legislative body served within two years after the accrual of the cause of action as provided in this subdivision, if the action or proceeding meets both of the following requirements:

(1) It is brought in support of the development of housing projects which meet the requirements for housing for persons and families with low or moderate incomes set forth in Section 65915.

(2) It is brought with respect to actions taken pursuant to Article 10.6 (commencing with Section 65580) of Chapter 3 of this division, pursuant to Section 65589.5, 65863.6, 65915, or 66474.2 or pursuant to Chapter 4.2 (commencing with Section 65913).

A cause of action brought pursuant to this subdivision shall not be

maintained until 60 days have expired following notice to the city or county clerk by the party bringing the cause of action, or his or her representative, specifying the deficiencies of the general plan, specific plan, or zoning ordinance A cause of action brought pursuant to this subdivision shall accrue 60 days after notice is filed or the legislative body takes a final action in response to the notice, whichever occurs first. A notice or cause of action brought by one party pursuant to this subdivision shall not bar filing of a notice and initiation of a cause of action by any other party.

(d) Upon the expiration of the time limits provided for in this section, all persons are barred from any further action or proceeding.

(e) Notwithstanding Section 65700, this section shall apply to charter cities.

(f) Except as provided in subdivision (c), this section shall not affect any law prescribing or authorizing a shorter period of limitation than that specified herein.

(g) This section shall be applicable to those decisions of the legislative body of a city, county, or city and county made pursuant to this division on or after January 1, 1984.

SEC. 2. Section 65907 of the Government Code is amended to read:

65907. (a) Except as otherwise provided by ordinance, any action or proceeding to attack, review, set aside, void, or annul any decision of matters listed in Sections 65901 and 65903, or concerning any of the proceedings, acts, or determinations taken, done, or made prior to such decision, or to determine the reasonableness, legality, or validity of any condition attached thereto, shall not be maintained by any person unless the action or proceeding is commenced within 90 days and the legislative body is served within 120 days after the date of the decision. Thereafter, all persons are barred from any such action or proceeding or any defense of invalidity or unreasonableness of that decision or of these proceedings, acts, or determinations. All actions brought pursuant to this section shall be given preference over all other civil matters before the court, except probate, eminent domain, and forcible entry and unlawful detainer proceedings.

(b) Notwithstanding Section 65803, this section shall apply to charter cities.

(c) The amendments to subdivision (a) shall apply to decisions made pursuant to this division on or after January 1, 1984.

CHAPTER 1142

An act to amend Sections 53066 and 53066.1 of the Government Code, and to add Section 44009 to the revenue and Taxation Code, relating to community antenna television.

[Approved by Governor September 27, 1983. Filed with Secretary of State September 28, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 53066 of the Government Code is amended to read:

53066. Any city or county or city and county in the State of California may, pursuant to such provisions as may be prescribed by its governing body, authorize by franchise or license the construction of a community antenna television system. In connection therewith, the governing body may prescribe such rules and regulations as it deems advisable to protect the individual subscribers to the services of such community antenna television system. The award of the franchise or license may be made on the basis of quality of service, rates to the subscriber, income to the city, county or city and county, experience and financial responsibility of the applicant plus any other consideration that will safeguard the local public interest, rather than a cash auction bid. The maximum franchise fee for any franchise or license hereafter awarded pursuant to this section or pursuant to any ordinance adopted under authority of this section by any city or county or city and county shall be 5 percent of the grantee's gross receipts from its operations within such city or county or city and county. Intrastate telecommunications services subject to taxation under Part 22 (commencing with Section 44000) of Division 2 of the Revenue and Taxation Code shall not be included, prior to

July 1, 1988, in the gross receipts subject to any cable television franchise fee. Any cable television franchise or license awarded by a city or county or city and county pursuant to this section may authorize the grantee thereof to place wires, conduits and appurtenances for the community antenna television system along or across such public streets, highways, alleys, public properties, or public easements of said city or county or city and county. Public easements, as used in this section, shall include but shall not be limited to any easement created by dedication to the city or county or city and county for public utility purposes or any other purpose whatsoever.

SEC. 2. Section 53066.1 of the Government Code is amended to read:

53066.1. (a) Notwithstanding the provisions of Section 53066, any cable television system which meets all of the following criteria:

(1) Has a capacity of 20 or more video channels,

(2) Receives television signals from a satellite-earth receiving station,

(3) (A) Has a subscriber penetration ratio of less than 70 percent in the entire franchise area which is located in a county or portion of a county which has available three significantly viewed television stations, or two significantly viewed television stations and an educational television station; or (B) has a subscriber penetration ratio of 70 percent or greater in a franchise area which is located in a county or a portion of a county which has available five significantly viewed television stations, or four significantly viewed television stations and an educational television station, and

(4) Complies, upon the filing of a statement pursuant to subdivision (d), with the community services channel requirements set forth in subdivision (f),

shall, upon written notice to the franchisor, and upon publication of that notice in a newspaper of general circulation within the cable television system's franchise area, be exempt from control by that franchisor or any other authority as to rates, charges, and rate structures, provided that such notice may not be given prior to the expiration of two years following the completion and activation of 80 percent of the plant miles required to be constructed by the franchisee pursuant to the original terms of its franchise.

(b) Notwithstanding the provisions of Section 53066, any cable television system which is unable to meet all the requirements of subdivision (a), whose franchise area is located in a county or portion of a county which has available three significantly viewed television stations, or two significantly viewed television stations and an educational television station, and:

(1) Has a subscriber penetration ratio of 70 percent or more in its franchise area and meets all requirements of subdivision (a), except clause (B) of paragraph (3), or

(2) Has a capacity of at least 12 video channels in a franchise

area with fewer than 3,500 subscribers in a community of less than 20,000 in population, and otherwise meets the requirements of paragraph (4) of subdivision (a),

may, upon written notice to the franchisor, and upon publication of that notice in a newspaper of general circulation within the cable television system's franchise area, thereafter adjust those rates, charges, and rate structures previously subject to control, at any time, without the approval of the franchisor or other authority, by an amount not to exceed 75 percent of the percentage increase in the Consumer Price Index for the period since the date of the last previous adjustment, or December 31, 1975, if there have been no adjustments since December 31, 1975.

(c) Notwithstanding the provisions of Section 53066, a cable television system which satisfies the requirements of subdivision (b), and which, prior to January 1, 1980, had a capacity of less than 20 video channels, and subsequently rebuilds its system to a capacity of 20 or more video channels, may initially raise those rates, charges, and rate structures, previously subject to control, without the approval of the franchisor or other authority, to a level not to exceed the statewide average rates for those cable television systems having a capacity of 20 or more video channels, and subsequently thereafter adjust those rates, charges, and rate structures at any time without the approval of the franchisor or other authority, by an amount not to exceed 75 percent of the percentage increase in the Consumer Price Index for the period since the date of the last previous adjustment. The statewide average rates for those cable television systems in California having a capacity of 20 or more video channels shall be determined by the Department of Consumer Affairs on the basis of information as to the respective rates, charges, and rate structures of the cable television systems submitted to the Department of Consumer Affairs by March 1 of each year that this section is in effect. The average rates shall be determined by multiplying each applicable cable television system's rates by the number of its subscribers, adding together that figure for all applicable cable television systems, and dividing that total by the total number of applicable subscribers. The Department of Consumer Affairs shall determine the statewide average rates by July 1 of each year that this section is in effect. If a rate adjustment pursuant to this subdivision occurs one year or more after the date used by the Department of Consumer Affairs for its most recent determination of statewide average rates, the adjustment may include an additional rate increase equal to the percentage increase in the Consumer Price Index occurring since the date of the department's most recent determination of statewide average rates.

(d) Within 15 working days of the issuance of the written notice to the franchisor under subdivision (a) or (b), the cable television system shall submit to the franchisor a statement, certified pursuant to Section 2015.5 of the Code of Civil Procedure, setting forth each of the following:

(1) The name under which the cable television system is doing business.

(2) The mailing address and telephone number of the system.

(3) The video channel capacity of the system.

(4) The subscriber penetration ratio of the system computed within 60 days prior to issuance of the notice to the franchisor.

(5) The method by which the system receives television signals from a satellite-to-earth receiving station.

(6) An identification of the significantly viewed television stations within the county in which the system operates.

(7) The facts demonstrating timely compliance with the community service channel requirement set forth in subdivision (f).

(e) Neither party to a franchise agreement or prospective franchise agreement, or any renewal thereof, shall request, demand, propose, or agree to any provision which by its terms or effect waives any right to which either party is entitled under this section. Any such provision shall be void. This provision is not intended to either validate or invalidate any action by a party to a franchise agreement, prospective franchise agreement or any renewal thereof entered into prior to January 1, 1983, which would otherwise be prohibited by its terms.

(f) A cable television system shall be deemed to be offering a community service channel program if the system does all of the following:

(1) (A) Provides, for those systems which have a capacity of not more than 20 video channels, one channel or its equivalent for use by local members of the public and government entities; or (B) provides for those systems which have a capacity of more than 20 video channels, a second such channel if the first channel is in use during 80 percent of the weekdays for 80 percent of the time during any consecutive 13-hour period for 10 consecutive weeks; or (C) provides, if such system has a capacity of more than 30 video channels, a third such composite channel if the second channel is in use during 80 percent of the weekdays for 80 percent of the time during any consecutive 13-hour period for 10 consecutive weeks.

Upon written request of the franchisor, for those systems which have a capacity of 20 or more channels, the first such channel shall, if possible, consistent with the requirements of federal law, and reserving three additional channels for programming by the system, be provided as part of the basic service of the system.

(2) Participates by payment of fifty cents ($0.50) per subscriber per year to a nonprofit foundation formed by cable operators with a board of directors which shall include cable operators and a group of directors representing both local nongovernmental user groups and governmental user groups representative of the cultural, geographic, sexual, racial and ethnic diversity of the state. The purposes of the foundation shall include the encouragement of and the provision of: (A) instruction and training for individuals, groups, entities, and agencies interested in using community service

channels; (B) the nondiscriminatory employment and promotion of other opportunities for minorities and women in the cable television industry; and (C) public information on the effective use of cable television community service channels. Such foundation shall have grant-making authority.

(3) In the event the local franchising authority has established or designated an entity whose purpose is substantially similar to the foundation identified in paragraph (2), then, in lieu of the requirement of paragraph (2), the cable television system may elect to provide forty cents ($0.40) per subscriber per year to that local entity and ten cents ($0.10) per subscriber per year to the statewide foundation.

(4) Provides, if requested, to individuals, groups and entities using community service channels, technical advice by local program staff and reasonable access to local studio and earth station receiving facilities, if such facilities and staff are part of the local system.

(5) Notifies secondary schools and community colleges located within the franchise area which furnish training in the uses of community service channels of the availability of the system's community service channels.

(6) Has available for use without charge tape playback facilities for entrance into the system.

(7) Provides, by display information on the community service channels, written notice to subscribers, or published notice, information to potential users of the opportunity to have access to community service channels.

(8) Provides, upon election to deregulate and thereafter, as requested, the name, address, and telephone number of the system, the name of the system manager, and the status and utilization of the community service channels, to the foundation for community service channels.

(g) (1) If, at the time of a cable television system's election under subdivision (a), (b), or (c), the franchisor contends that the system is not in compliance with the capacity, satellite-earth receiving station, or penetration ratio requirements thereof, or is not in substantial compliance with the material provisions of its franchise, excluding the performance of any term or condition which the system is or has been excused or prevented from performing or which is, in whole or in part, in the control of a third party, or which is, in whole or in part, invalid, the franchisor may, within 90 days of receipt of the written notice of the system's election, notify the system in writing of the alleged noncompliance, setting forth in detail the grounds therefor. Within 90 days of receipt of the notice from the franchisor, the system shall correct the alleged noncompliance and so notify the franchisor in writing, or shall respond in writing to the allegations set forth in the notice. The franchisor shall have 30 days from the receipt of the system's response within which to renew in writing all or part of its earlier allegations and shall notice a hearing for the purpose of reviewing

the system's alleged noncompliance. The hearing shall be commenced not less than 20 nor more than 30 days from the end of the 30-day period, and shall be concluded within 30 days of its commencement. If the franchisor does not provide such written notice within the 30-day period, it shall be barred, in any proceedings to determine the right to deregulate under this section, from alleging that the system has failed to correct any of the items of noncompliance alleged in the original notice given by the franchisor to the system.

(2) If, as a result of the hearing pursuant to paragraph (1), the franchisor determines that the cable television system was not in compliance at the time of its election and has failed to correct such noncompliance and that no good cause exists for the failure to so comply, the franchisor may file an action in a court of competent jurisdiction to set aside the election. Such action shall be filed within 120 days of the conclusion of the hearing or is forever barred. All factual and legal issues in any such action shall be determined de novo in accordance with the rules of civil procedure and evidence applicable to breach of contract actions between private parties. If it is judicially determined that the system was not in compliance and did not timely correct such noncompliance and that no good cause exists for the failure to so comply, the remedy therefore shall be a refund in the form of a monthly credit to the subscribers. The amount of the refund shall bear a reasonable relation to the nature and extent of the system's noncompliance, but in no event shall be greater than any increase in rates obtained under this section. The maximum number of monthly credits to subscribers shall be limited to the number of months during which the system was in noncompliance. At the franchisor's option, this remedy may be utilized in lieu of any remedies provided for in the franchise. A judicial determination setting aside a system's election hereunder shall not preclude a subsequent election by the system when it has cured its noncompliance. The court shall reserve jurisdiction to determine whether the system has so complied and the date of such compliance.

(3) The alleged breaches of the material provisions of the franchise which may be considered in determining eligibility to deregulate shall be limited to those which (A) the franchisor has notified the franchisee of in writing within the one-year period immediately preceding the date of the election, (B) the franchisor has orally notified the franchisee of during the six months immediately preceding the date of the election, or (C) occurred within the 90 days immediately preceding the election to deregulate, if discovered within 20 days following the election to deregulate.

(h) (1) If at any time after a cable television system's election under subdivision (a), (b), or (c), the franchisor contends that the system is not in compliance with subdivision (f), the franchisor may notify the system in writing of the alleged noncompliance, setting forth in detail the grounds therefor. Within 90 days of receipt of the

notice from the franchisor, the system shall correct the alleged noncompliance and so notify the franchisor in writing or shall respond in writing to the allegations set forth in the notice. The franchisor shall have 30 days from the receipt of the system's response within which to renew in writing all or part of its earlier allegations and shall notice a hearing for the purpose of reviewing the system's alleged noncompliance. The hearing shall be commenced not less than 20 nor more than 30 days from the end of the 30-day period, and shall be concluded within 30 days of its commencement. If the franchisor does not provide such written notice within the 30-day period, it shall be barred, in any proceedings to determine the system's compliance with subdivision (f), from alleging that the system has failed to correct any of the items of noncompliance alleged in the original notice given by the franchisor to the system.

(2) If, as a result of the hearing pursuant to paragraph (1), the franchisor determines that the cable television system was not in compliance at the time of the franchisor's original notice pursuant to paragraph (1) and has failed to correct such noncompliance and that no good cause exists for the failure to so comply, the franchisor's sole remedy shall be an action in a court of competent jurisdiction to set aside any increase in rates obtained under this section. Such action shall be filed within 120 days of the conclusion of the hearing or is forever barred. All factual and legal issues in any such action shall be determined de novo in accordance with the rules of civil procedure and evidence applicable to breach of contract actions between private parties. If it is judicially determined that the system was not in compliance and did not timely correct such noncompliance and that no good cause exists for the failure to so comply, the sole remedy therefore shall be a refund in the form of a monthly credit to the subscribers. The amount of the refund shall bear a reasonable relation to the nature and extent of the system's noncompliance, but in no event shall it be greater than any increase in rates obtained under this section for the number of months which elapsed from the date of the franchisor's original notice pursuant to paragraph (1) to the date the noncompliance was corrected. The maximum number of monthly credits to subscribers shall be limited to that same number of months. In no event, however, shall the refund reduce the cable system's rates to a confiscatory level below that which will enable the cable system to earn a reasonable rate of return on its investment.

(i) The franchisee may utilize any community service channel which is not used for community service programming so long as community service programming is given scheduling priority.

(j) The franchisor may elect to act as public trustee of the community service channel, to ensure the use of such channel or channels as community service channels.

(k) Neither the franchisor nor the franchisee shall be liable for acts arising from the use of such channel or channels by persons other

than the franchisee. The franchisee shall establish regulations governing the use of such channels which provide uniform and nondiscriminatory standards, ensure adequate opportunity for participation by local nongovernmental users and incorporate restrictions on libelous or slanderous or illegal programs.

(*l*) No cable television system which has made an election under subdivision (a), (b), or (c) shall discriminate as to its rates, charges, and rate structures against any portion of a franchise area because that portion of the franchise area has poor broadcast television signal reception.

(m) For purposes of this section, the following definitions shall apply:

(1) "Basic service" means the lowest level of service offered by the system to individual household subscribers.

(2) "Cable television system" means a community antenna television system, under common ownership and control, serving a franchise area or two or more contiguous or electronically connected franchise areas.

(3) "Capacity" means the number of video channels capable of being carried by a cable television system, including optional services, irrespective of programming or lack thereof, or authority to carry any programming.

(4) "Consumer Price Index" means the most recently issued Consumer Price Index published by the United States Bureau of Labor Statistics for the area in which the cable television system is located or the nearest area for which such index is published.

(5) "Franchise" means any franchise or license granted pursuant to Section 53066, or any other authority, for the construction or operation of a cable television system.

(6) "Franchisor" means any city, county, or city and county, including any chartered city, county, or city and county, granting a franchise.

(7) "Satellite-earth receiving station" means any structure or device utilized to receive signals from a satellite.

(8) "Significantly viewed television station" means each station which: (A) is designated as such for the area by the Federal Communications Commission in its 1972 listing or any future such listings; or (B) satisfies the Federal Communications Commission requirements as to significantly viewed signals for the area as contained in the most recent Arbitron study; or (C) has sufficient signal strength in the geographic area served by the cable television system to meet the grade B contour testing procedures outlined in Section 73.683, et seq., of Title 47 of the Code of Federal Regulations (particularly subsection (c) of Section 73.686, "collection of field strength data to determine television service in specific communities") from the rules and regulations of the Federal Communications Commission; except that the test in clause (C) of this paragraph may be utilized only for deregulation pursuant to clause (B) of paragraph (3) of subdivision (a). In the event that the

cable television system utilized clause (A) or clause (B) of this paragraph for qualifying for deregulation pursuant to clause (B) of paragraph (3) of subdivision (a), the franchisor may require the system to submit the results of a test demonstrating that a minimum of five stations have sufficient signal strength to meet the requirements of clause (C). Such request by the franchisor shall be made within 30 days from receipt of the statement provided for in subdivision (d).

(9) "Subscriber penetration ratio" means the number of subscribing residences divided by the total number of residences having cable available. For the purposes of this definition, a "residence" is a single-family dwelling unit which is or would be billed directly by the cable television system on an individual subscriber basis.

(n) In the absence of like provisions in the franchise, if a franchisee elects deregulation pursuant to this section, the franchisor may institute the use of any of the following mechanisms:

(1) The legislative body or bodies having jurisdiction over the franchise area may establish procedures, by ordinance, providing for resolution of individual consumer complaints. Those procedures may include mediation procedures, arbitration procedures, procedures for escrowing the disputed portion of the individual consumer's monthly service payments during pendency of the dispute and prohibition of service disconnection to the complaining consumer during pendency of the dispute if the moneys are paid into such escrow accounts. The ordinance shall provide procedures for administrative hearings and appeals. The legislative body or bodies may appoint mediators, arbitrators, or other persons or bodies to resolve such disputes. The ordinance may contain a schedule of penalties for consumer complaints, but the penalty for an individual complaint shall not exceed two hundred dollars ($200). Prior to enacting such an ordinance, the legislative body or bodies shall give the franchisee 15 days or more written notice of the franchisor's intent to enact the ordinance, together with an outline of the intended provisions or a copy of the proposed ordinance. If requested by the franchisee, the ordinance shall provide for three-person arbitration boards, with one arbitrator chosen by the franchisor, one by the franchisee, and the third arbitrator chosen by the first two arbitrators.

(2) The legislative body may, by ordinance, provide a schedule of penalties for violations of the material franchise terms, not to exceed five hundred dollars ($500) for each occurrence or series of related occurrences. Prior to enacting such an ordinance, the legislative body or bodies shall give the franchisee 15 days or more written notice of the franchisor's intent to enact the ordinance, together with an outline of the intended provisions or a copy of the proposed ordinance. Those penalties may be levied if the franchisor gives written notice to the franchisee to correct the breach, and the franchisee fails to correct the problem within a reasonable period of

time after delivery of such notice. The franchisor may not levy such a penalty more than one year after the date it notifies the franchisee of the alleged franchise breach. The ordinance shall provide that if the franchisee objects to the penalty, in writing, to the franchisor, the franchisee and franchisor shall conduct arbitration in a manner mutually agreed upon, or in accordance with the rules of the American Arbitration Association. The decision of the arbitrator shall be final. The ordinance shall provide a limit on the time the franchisee has to object to a penalty, but the time limit may not be less than 60 days. The franchisor may require the franchisee to post a bond within 90 days of the franchisee's election to deregulate and require maintenance of the bond as a condition to continuing deregulation under this section The bond may not exceed ten thousand dollars ($10,000) for each 5,000 subscribers or fraction thereof in the franchise area, with a maximum limit of fifty thousand dollars ($50,000).

(3) The franchisor may require in the ordinance that the franchisee provide written notice to each subscriber at intervals of not more than one year, of the consumer protection sanctions and procedures enacted pursuant to paragraph (1). The telephone number and address of the franchisee and franchisor to whom complaints may be directed shall be included in such notice.

(o) The Director of Consumer Affairs may, pursuant to the director's authority under Section 321 of the Business and Professions Code, receive and act upon subscriber complaints regarding cable television service, and may initiate action thereon as authorized by that section.

(p) While the development and the regulation of cable television is a matter of statewide concern, the Legislature finds and directs that the exercise of the police power of the State of California concerning cable television should, except as otherwise directed by the Legislature, remain in the cities, counties, or cities and counties; and that the cable television companies and the cities, counties, or cities and counties should remain able, subject to the proper limits of that police power, to contract one with the other pursuant to the ordinary rules of, and subject to the ordinary remedies of, contract law; except that henceforth neither a cable television system nor a franchisor shall be entitled, with respect to any franchise agreement awarded or renewed on or after the effective date of amendments to this section enacted by the Statutes of 1982, to raise the defense of impairment of contract in any case where the due and proper exercise of police power, or the limits thereof, is at issue, and a provision to this effect shall be deemed to be incorporated in any such franchise agreements.

(q) This section, as amended by the Statutes of 1982, shall establish the state's preemption, under the terms and conditions prescribed herein, of the control and regulation of cable television subscriber rates, charges, and rate structures heretofore or hereinafter established by any franchisor pursuant to Section 53066, to the extent

that such control or regulation is inconsistent with this section.

(r) This section shall cease to be operative on January 1, 1991, unless on or before such date its operative date is extended by the Legislature; except that rates, charges, and rate structures in effect on January 1, 1991, shall not be subject to reduction by a franchisor having rate reduction authority.

SEC. 3. Section 44009 is added to the Revenue and Taxation Code, to read:

44009. The provisions of this part shall apply to any intrastate telecommunications service provided by a cable television system where the point of origin and the point of destination are located within this state, but shall not apply to any service provided by a cable television system which consists of transmissions from a cable television system to a subscriber or from a subscriber to a cable television system.

SEC. 4. Sections 1 and 3 of this act shall become operative only if Assembly Bill 1348 is enacted at the 1983–84 Regular Session of the Legislature and becomes effective on or before January 1, 1984, and adds Part 22 (commencing with Section 44000) to Division 2 of the Revenue and Taxation Code, and, in such case, Sections 1 and 3 of this act shall become operative January 1, 1984.

CHAPTER 1143

An act to add and repeal Section 739.2 of the Public Utilities Code, and to add and repeal Part 22 (commencing with Section 44000) of Division 2 of the Revenue and Taxation Code, relating to public utilities, and making an appropriation therefor, to take effect immediately, tax levy.

[Approved by Governor September 27, 1983 Filed with Secretary of State September 28, 1983]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares the following:

(a) Communication by telephone is a basic human need in modern society, and must be made available to all Californians at reasonable cost for basic minimum use.

(b) Potential rate structures for telephone service brought about by federal decisions, the American Telephone and Telegraph Company antitrust settlement, new technological developments, and the rising costs of providing telephone service may penalize consumers of basic local minimum telephone service.

(c) To ensure the availability of basic local minimum telephone service, and to encourage the equitable sharing of the costs of that service among all users of telecommunications services, the

Legislature has enacted this act.

SEC. 2. Section 739.2 is added to the Public Utilities Code, to read:

739.2. (a) The commission shall, on its own motion, institute an investigation for purposes of designing and implementing a program which will designate a class of universal telephone service necessary to meet minimum residential communications needs, including access to telephone service for emergency communications with public agencies and private medical services and for additionally maintaining necessary social contacts by the elderly, the handicapped, and the infirm. The commission shall take into account differentials in communication needs, costs of providing service caused by geographical differences in the locales of residences, personal income of subscribers, and other factors appropriate to designating the characteristics of a class of universal telephone service. On completion of its investigation, the commission shall issue its decision designating the characteristics of a class of universal telephone service and the rates and charges for that service, and eligibility criteria for that service.

(b) The universal service rates shall be not greater than 50 percent of the basic rate for measured service, exclusive of federally mandated access charges, available to the residential subscriber. In the event measured service is not available in a residential subscriber's service area, then the universal service rates shall be not greater than 50 percent of the rates for basic flat rate service, exclusive of federally mandated access charges, available to the universal service subscriber. The universal service rate shall not apply to any other service or charge except the basic rate.

(c) The commission shall require every telephone corporation providing local telephone service to file a schedule of rates and charges providing a class of universal telephone service. Every telephone corporation providing local telephone sevice shall accept applications for universal telephone service according to a procedure specified by the commission, and shall inform its subscribers how they may qualify for and obtain universal telephone service.

(d) Nothing in this section shall preclude the commission from changing any rate established pursuant to subdivision (a) either specifically or pursuant to any general restructuring of all telephone rates, charges, and classifications.

(e) The lifeline rates in effect on January 1, 1983, shall remain in effect until July 1, 1984, or upon action by the commission pursuant to subdivision (a) which may occur before July 1, 1984.

(f) A telephone universal service subscriber shall not be provided with more than one single party line in his or her principal place of residence. An applicant for universal telephone service may report only one address in this state as the principal place of residence. Individual members of a family maintaining together one principal place of residence and additional places of residence, which are not principal, are eligible for universal telephone service only at their

principal place of residence, and they shall not be provided with more than one single party line if any family member residing at the principal place of residence receives universal telephone service.

(g) As used in this section, "residential" means residential use and excludes industrial, commercial, and every other category of end use.

(h) The Universal Telephone Service Fund shall be created and administered pursuant to Part 22 (commencing with Section 44000) of Division 2 of the Revenue and Taxation Code.

(i) This section shall become inoperative on July 1, 1988, and, as of January 1, 1989, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1989, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. Part 22 (commencing with Section 44000) is added to Division 2 of the Revenue and Taxation Code, to read:

(a) A telecommunication for which there is a toll charge which varies in amount with the distance and elapsed transmission time of each individual communication, where the point of origin and the point of destination are located within this state.

(b) A service which entitles the subscriber, upon payment of a periodic charge (determined as a flat amount or upon the basis of total elapsed transmission time), to the privilege of an unlimited number of telecommunications to or from persons having telephone, data, or radiotelephone stations which are outside the exchange area in which the station provided with the service is located, where the

point of origin and the point of destination are located within this state.

(c) A service which entitles the subscriber, upon payment, to transfer or move information whether voice, data, digital, or video in nature where the point or points of origin and the point or points of destination of the service are located in different exchanges in this state.

CHAPTER 2. THE TAX

Article 1. Imposition of Tax

44030. A tax is hereby imposed on every service supplier in the state measured by the gross revenues received from intrastate telecommunications service provided on or after July 1, 1984.

44031. In the payment of the tax imposed by this part, a fractional part of a cent shall be disregarded unless it amounts to one-half or more, in which case it shall be increased to one cent ($0.01).

Article 2. Adjustment of Tax Rate

44040. (a) The commission shall determine annually, on or before May 1, a tax rate that it estimates will produce sufficient revenue to fund the Universal Telephone Service Fund requirements for the period from July 1 of the current calendar year to June 30 of the succeeding calendar year. The tax rate shall be determined by dividing the costs which the commission estimates for that 12-month period of universal telephone service requirements, less the available balance in the Universal Telephone Service Fund, by the commission's estimate of the gross revenues received by all service suppliers for provision of intrastate telecommunications services to which the tax will apply for the period of July 1 of the current calendar year to June 30 of the next succeeding calendar year.

(b) For purposes of this section, "universal telephone service requirements" includes, but is not limited to, the commission's estimates of the amounts specified in Section 44181.

44041. The commission shall make its determination of the tax rate and designate the service suppliers no later than May 1 of each year and shall notify the board of the new rate and the service suppliers. In no event shall the rate of tax exceed 4 percent of the gross revenues received by a service supplier.

44042. Immediately upon fixing the tax rate, the commission shall notify the board of the new tax rate and the service suppliers. The board shall notify every service supplier, by mail or other appropriate means, of the new tax rate. The commission, immediately upon fixing the tax rate and designating the service suppliers, shall also report to the Legislature the reasons for its determination of the new tax rate and its designation of service

suppliers, including all of the following:

(a) How it determined the characteristics of the class of universal telephone service and eligibility criteria for universal telephone service.

(b) How it determined service suppliers to be liable for the tax, and the identity of those service suppliers.

(c) An accounting of the administrative costs incurred by the commission and other state agencies in carrying out the provisions of this part.

(d) Any other related information as the Legislature may request.

44043. The commission shall determine whether any person holding a certificate of public convenience and necessity issued pursuant to Section 1001 of the Public Utilities Code to provide intrastate telecommunications services after July 1, 1984, is a service supplier and shall so notify the board upon issuance of the certificate. The board shall notify the service supplier of its liability for the tax and the prevailing tax rate.

Article 3. Registration

44045. Every service supplier in this state shall register with the board upon a form prescribed by the board and shall set forth the name under which it transacts, or intends to transact, business and any other information that the board may require.

CHAPTER 3. DETERMINATION OF TAX

Article 1. Due and Payable Dates

44051. The tax imposed by this part and the amounts required to be paid are due quarterly. On or before the last day of the second month following the preceding calendar quarter, or at any other time as determined by the board, each service supplier shall deliver to the office of the board a return in a form which the board shall prescribe, together with a remittance of the amount of the tax payable.

44052. The board for good cause may extend, not to exceed one month, the time for making any return or paying any amount required to be paid under this part. The extension may be granted at any time provided a request therefor is filed with the board within or prior to the period for which the extension may be granted.

44053. All amounts required to be paid to the state under this part shall be paid to the board in the form of remittances payable to the State Board of Equalization of the State of California.

44054. The service supplier shall maintain records which may be necessary to determine the amount of gross revenue subject to the tax imposed under the provisions of this part. These records shall be maintained for a period of three years from the time the tax is due.

Article 2. Deficiency Determinations

44060. If the board is not satisfied with the return or returns of the tax or the amount of tax required to be paid upon the basis of the facts contained in the return or returns or upon the basis of any information within its possession or that may come into its possession, one or more deficiency determinations may be made of the amount payable for one or for more than one period.

44061. The amount of the determination, exclusive of penalties, shall bear interest at the adjusted annual rate established pursuant to Section 19269 from the day specified pursuant to Section 44051 for which the amount or any portion thereof should have been returned until the date of payment.

44062. In making a determination the board may offset overpayments for another period or periods, against underpayments for another period or periods, against penalties, and against the interest on the underpayments.

44063. If any part of the deficiency for which a deficiency determination is made is due to negligence or intentional disregard of this part or authorized rules and regulations, a penalty of 10 percent of the amount of the determination shall be added thereto.

44064. If any part of the deficiency for which a deficiency determination is made is due to fraud or an intent to evade this part or authorized rules and regulations, a penalty of 25 percent of the amount of the determination shall be added thereto.

44065. The board shall give to the service supplier written notice of its determination. The notice shall be placed in a sealed envelope, with postage paid, addressed to the service supplier or service user at his or her address as it appears in the records of the board. The giving of notice shall be deemed complete at the time of the deposit of the notice in the United States post office or facility regularly maintained or provided by the United States Postal Service, without extension of time for any reason. In lieu of mailing, a notice may be served personally by delivering to the person to be served, and service shall be deemed complete at the time of delivery. Personal service to a corporation may be made by delivery of a notice to any person designated in the Code of Civil Procedure to be served for the corporation with summons and complaint in a civil action.

44066. Except in the case of fraud, intent to evade this part or authorized rules and regulations, or failure to make a return, every notice of a deficiency determination shall be mailed within three years after the last day of the calendar month following the quarterly period for which the amount is proposed to be determined or within three years after the return is filed, whichever period expires later. In the case of failure to make a return, every notice of determination shall be mailed within eight years after the last day of the calendar month following the month for which the amount is proposed to be determined.

Article 3. Determinations if No Return Is Made

44070. If any person fails to make a return, the board shall make an estimate of the amount of the gross revenue received for services provided by the person in this state which are subject to the tax. The estimate shall be made for the period or periods in respect to which the person failed to make a return and shall be based upon any information which is in the board's possession or may come into its possession. Upon the basis of this estimate, the board shall compute and determine the amount required to be paid to the state, adding to that sum a penalty equal to 10 percent thereof. One or more determinations may be made for one or for more than one period.

44071. In making a determination, the board may offset overpayments for a period or periods, together with interest on the overpayments, against the underpayments for another period or periods, against penalty and against the interest on the underpayments.

44072. The amount of the determination, exclusive of penalties, shall bear interest at the adjusted annual rate established pursuant to Section 19269 from the day specified pursuant to Section 44051 for which the amount or any portion thereof should have been returned until the date of payment.

44073. If the failure of any person to file a return is due to fraud or an intent to evade this part or rules and regulations, a penalty of 25 percent of the amount required to be paid by the person, exclusive of penalties, shall be added thereto in addition to the penalty provided in Section 44070.

44074. Promptly after making its determination, the board shall give to the person written notice of the estimate, determination, and penalty. The notice shall be served personally or by mail in the manner prescribed for service of notice of a deficiency determination.

Article 4. Redeterminations

44080. Any person against whom a determination is made under Article 2 (commencing with Section 44060) or Article 3 (commencing with Section 44070) may petition for a redetermination within 30 days after service upon the person of notice thereof. If a petition for redetermination is not filed within the 30-day period, the determination becomes final at the expiration of the period.

44081. Every petition for redetermination shall be in writing and shall state the specific grounds upon which the petition is founded. The petition may be amended to state additional grounds at any time prior to the date on which the board issues its order or decision upon the petition for redetermination.

44082. If a petition for redetermination is filed within the 30-day period, the board shall reconsider the determination and, if the

person has so requested in his or her petition, shall grant the person an oral hearing and shall give him or her 10 days' written notice of the time and place of the hearing. The board may continue the hearing from time to time as may be necessary.

44083. The board may decrease or increase the amount of the determination before it becomes final, but the amount may be increased only if a claim for the increase is asserted by the board at or before the hearing. Unless the penalty imposed by Section 44064 or 44070 applies to the amount of the determination as originally made or as increased, the claim for increase shall be asserted within eight years after the last day of the calendar month following the quarterly period for which the increase is asserted.

44084. The order or decision of the board upon a petition for redetermination becomes final 30 days after service upon the petitioner of notice thereof.

44085. All determinations made by the board under Article 3 (commencing with Section 44070) or this article are due and payable at the time they become final. If they are not paid when due and payable, a penalty of 10 percent of the amount of the determination, exclusive of interest and penalties, shall be added thereto.

44086. Any notice required by this article shall be served personally or by mail in the manner prescribed for service of notice of a deficiency determination.

Article 5. Interest and Penalties

44090. Any person who fails to pay any tax to the state or any amount of tax required to be paid to the state, except amounts of determinations made by the board under Article 3 (commencing with Section 44070) or Article 4 (commencing with Section 44080), within the time required shall pay a penalty of 10 percent of the amount of the tax due in addition to the tax due plus interest at the adjusted annual rate established pursuant to Section 19269 from the date on which the tax or the amount of tax required to be collected became due and payable to the state until the date of payment.

44091. If the board finds that a person's failure to make a timely return or payment is due to reasonable cause and circumstances beyond the person's control, and occurred notwithstanding the exercise of ordinary care and the absence of willful neglect, the person may be relieved of the penalty provided by Sections 44070 and 44080.

Any person seeking to be relieved of the penalty shall file with the board a statement under penalty of perjury setting forth the facts upon which he or she bases his or her claim for relief.

CHAPTER 4. OVERPAYMENTS AND REFUNDS

Article 1. Claim for Refund

44100. If the board determines that any amount, penalty, or interest has been paid more than once, the board shall set forth that fact in the records of the board and shall certify to the State Board of Control the amount collected in excess of the amount legally due and the person from whom it was collected. If approved by the State Board of Control, the excess amount collected or paid shall be credited by the board on any amounts then due and payable from the person from whom the excess amount was collected or by whom it was paid under this part, and the balance shall be refunded to the person, or his or her successors, administrators, or executors.

In the case of a determination by the board that an amount not exceeding five thousand dolars ($5,000) was not required to be paid under this part, the board without obtaining approval of the State Board of Control may credit the amount on any amounts then due and payable under this part from the person by whom the amount was paid and may refund the balance to the person or his or her successors, administrators, or executors.

44101. No refund shall be approved by the board after three years from the last day of the month following the close of the quarterly period for which the overpayment was made, or, with respect to determinations made under Article 3 (commencing with Section 44070) or Article 4 (commencing with Section 44080) of Chapter 3, after six months from the date the determinations become final, or after six months from the date of overpayment, whichever period expires later, unless a claim therefor is filed with the board within the period. No credit shall be approved by the board after the expiration of the period unless a claim for credit is filed with the board within the period.

44102. Every claim shall be in writing and shall state the specific grounds upon which the claim is founded.

44103. Failure to file a claim within the time prescribed in this article constitutes a waiver of any demand against the state on account of overpayment.

44104. Within 30 days after disallowing any claim in whole or in part, the board shall give notice of its action to the claimant in the manner prescribed for service of notice of deficiency determination.

44105. Interest shall be paid upon any overpayment of any amount of tax at the adjusted annual rate established pursuant to Section 19269 from the date the return is due following the quarterly period for which the overpayment was made. However, no refund or credit shall be made of any interest imposed upon the person making the overpayment with respect to the amount being refunded or credited.

The interest shall be paid as follows:

(a) In the case of a refund, to the last day of the calendar month following the date upon which the person making the overpayment, if he or she has not already filed a claim, is notified by the board that a claim may be filed or the date upon which the claim is approved by the board, whichever date is the earlier.

(b) In the case of a credit, to the same date as that to which interest is computed on the tax or amount against which the credit is applied.

44106. If the board determines that any overpayment has been made intentionally or by reason of carelessness, it shall not allow any interest thereon.

Article 2. Cancellations

44110. If any amount in excess of five thousand dollars ($5,000) has been determined to be inconsistent with this part either by the person filing the return or by the board, the board shall set forth that fact in its records and certify to the State Board of Control the amount determined to be in excess of the amount legally due and the person against whom the determination was made. If the State Board of Control approves, it shall authorize the cancellation of the amount upon the records of the board. If an amount not exceeding five thousand dollars ($5,000) has been illegally determined either by the person filing a return or by the board, the board without certifying this fact to the State Board of Control shall authorize the cancellation of the amount upon the records of the board.

Article 3. Suit for Refund

44120. No injunction, or writ of mandate, judgment of declaratory relief, or other legal or equitable process shall issue in any suit, action, or proceeding in any court against the state or against any officer of the state to prevent or enjoin the collection, under this part, of any tax or any amount of tax required to be collected

44121. No suit or proceeding shall be maintained in any court for the recovery of any amount alleged to have been erroneously or illegally determined or collected unless a claim for refund or credit has been duly filed pursuant to Article 1 (commencing with Section 44100).

44122. Within 90 days after the mailing of the notice the board's action on a claim filed pursuant to Article 1 (commencing with Section 44100), the claimant may bring an action against the board on the grounds set forth in the claim in a court of competent jurisdiction in any city or city and county of this state in which the Attorney General has an office for the recovery of the whole or any part of the amount with respect to which the claim has been disallowed.

44123. If the board fails to mail notice of action on a claim within six months after the claim is filed, the claimant may, prior to the mailing of notice by the board of its action on the claim, consider the claim disallowed and bring an action against the board on the grounds set forth in the claim for the recovery of the whole or any part of the amount claimed as an overpayment.

44124. If judgment is rendered for the plaintiff, the amount of the

judgment shall first be credited on any tax due and payable from the plaintiff. The balance of the judgment shall be refunded to the plaintiff.

44125. In any judgment, interest shall be allowed at the adjusted annual rate established pursuant to Section 19269 upon the amount found to have been illegally collected from the date of payment of the amount to the date of allowance of credit on account of the judgment or to a date preceding the date of the refund warrant by not more than 30 days, the date to be determined by the board.

44126. A judgment shall not be rendered in favor of the plaintiff in any action brought against the board to recover any amount paid when the action is brought by or in the name of an assignee of the person paying the amount or by any person other than the person who paid the amount.

CHAPTER 5. COLLECTION OF TAX

Article 1. Suit for Tax

44130. At any time within 10 years after any tax or any amount of tax required to be collected becomes due and payable, and at any time after any amount determined under Article 2 (commencing with Section 44060), Article 3 (commencing with Section 44070) or Article 4 (commencing with Section 44080) of Chapter 3 becomes due and payable, the board may bring an action in the courts of this state, of any other state, or of the United States in the name of the people of California to collect the amount delinquent together with penalties.

44131. The Attorney General shall prosecute the action, and the provisions of the Code of Civil Procedure relating to service of summons, pleadings, proof, trials, and appeals shall be applicable to the proceedings.

44132. In the action, a writ of attachment may issue, and no affidavit previous to the issuing of the attachment is required.

44133. In the action, a certificate by the board showing the delinquency shall be prima facie evidence of the determination of the tax or the amount of tax, of the delinquency of the amounts set forth, and of the compliance by the board with all the provisions of this part in relation to the computation and determination of the amounts.

44134. In any action brought under this part, process may be served according to the Code of Civil Procedure and the Civil Code or may be served upon any agent or clerk in this state employed by a service supplier in a place of business maintained by the service supplier in this state. In the latter case, a copy of the process shall forthwith be sent by registered mail to the service supplier at its principal or home office.

Article 2. Notice to Withhold

44140. If any person is delinquent in the payment of the amount required to be paid by him or her or in the event a determination has been made against him or her which remains unpaid, the board may, not later than five years after the payment became delinquent, give notice thereof personally or by first-class mail to all persons, including any officer or department of the state or any political subdivision or agency of the state, having in their possession or under their control any credits or other personal property belonging to the delinquent, or person against whom a determination has been made which remains unpaid, or owing any debts to the delinquent or such person. In the case of any state officer, department or agency, the notice shall be given to the officer, department or agency prior to the time it presents the claim of the delinquent to the Controller.

44141. After receiving the notice, the person so notified shall neither transfer nor make any other disposition of the credits, other personal property, or debts in their possession or under their control at the time they receive the notice until the board consents to a transfer or disposition or until 60 days elapse after the receipt of the notice, whichever period expires the earlier.

44142. All persons so notified shall forthwith after receipt of the notice advise the board of all the credits, other personal property, or debts in their possession, under their control, or owed by them. If the notice seeks to prevent the transfer or other disposition of a deposit in a bank or other credits or personal property in the possession or under the control of a bank, the notice to be effective shall state the amount, interest and penalty due from the person and shall be delivered or mailed to the branch or office of the bank at which the deposit is carried or at which the credits or personal property is held. Notwithstanding any other provision, with respect to a deposit in a bank or other credits or personal property in the possession or under the control of a bank, the notice shall only be effective with respect to an amount not in excess of two times the amount, interest, and penalty due from the person.

44143. If, during the effective period of the notice to withhold, any person so notified makes any transfer or disposition of the property or debts required to be withheld pursuant to this chapter, to the extent of the value of the property or the amount of the debts thus transferred or paid, he or she shall be liable to the state for any indebtedness due under this part from the person with respect to whose obligation the notice was given if, solely by reason of the transfer or disposition, the state is unable to recover the indebtedness of the person with respect to whose obligation the notice was given.

44144. The board may, by notice of levy, served personally or by first-class mail, require all persons, having in their possession, or under their control, any credits or other personal property belonging to a service supplier to withhold from such credits or other personal property the amount of any tax, interest, or penalties due from the

service supplier or other person, or the amount of any liability incurred by them under this part, and to transmit the amount withheld to the board at the times which it may designate.

In the case of a financial institution, to be effective, the notice shall state the amount due from the taxpayer and shall be delivered or mailed to the branch office of the financial institution where the credits or other property is held, unless another branch or office is designated by the financial institution to receive the notice.

Article 3. Tax Priority Lien

44150. The amounts required to be paid by any person under this part, together with interest and penalties, shall be satisfied first in any of the following cases:

(a) Whenever the person is insolvent.

(b) Whenever the person makes a voluntary assignment of his or her assets.

This section does not give the state a preference over any lien or security interest which was recorded or perfected prior to the time when the state records or files its lien as provided in Section 7171 of the Government Code.

The preference given to the state by this section shall be subordinate to the preferences given to claims for personal services by Sections 1204 and 1206 of the Code of Civil Procedure.

44151. (a) If any person fails to pay any amount imposed under this part at the time that it becomes due and payable, the amount thereof, including penalties and interest, together with any costs in addition thereto, shall thereupon be a perfected and enforceable state tax lien. Such a lien is subject to Chapter 14 (commencing with Section 7150) of Division 7 of Title 1 of the Government Code.

(b) For the purpose of this section, amounts are "due and payable" on the following dates.

(1) For amounts disclosed on a return received by the board before the date the return is delinquent, the date the return would have been delinquent.

(2) For amounts disclosed on a return filed on or after the date the return is delinquent, the date the return is received by the board.

(3) For all other amounts, the date the assessment is final.

Article 4. Warrant for Collection

44160. At any time within five years after any person is delinquent in the payment of any amount required to be paid under this part, the board or its authorized representative may issue a warrant for the collection of any amount required to be paid to the state under this part. The warrant shall be directed to any sheriff, marshal, or constable and shall have the same effect as a writ of execution. The warrant shall be levied and sale made pursuant to it in the same manner and with the same effect as a levy and a sale

pursuant to a writ of execution.

44161. The board shall pay the sheriff, marshal, or constable upon the completion of his or her services pursuant to a warrant, the same fees, commissions, and expenses for his or her services as are provided by law for similar services pursuant to a writ of execution. The board, and not the court, shall approve the fees for publication in a newspaper.

44162. The fees, commissions, and expenses are the obligation of the person required to pay any amount under this part and may be collected from the person by virtue of the warrant or in any other manner provided in this part for the collection of the tax.

CHAPTER 6. ADMINISTRATION

Article 1. Regulation, Records, and Reports

44170. The board shall enforce the provisions of this part, except for Chapter 1 (commencing with Section 44000), and may prescribe, adopt, and enforce rules and regulations relating to the administration and enforcement of this part. The board shall not prescribe, adopt, or enforce any rule or regulation which has the effect, directly or indirectly, of altering the terms and conditions of service of a service supplier serving the general public, other than the imposition of the tax.

44171. Every service supplier in this state shall keep records pertaining to the requirements of this part in the form which the board may require.

44172. Upon proper notification to the service supplier, the board or its authorized representative shall have the right to inspect and audit all records and returns of the service supplier at all reasonable times.

44173. The board shall have full access to records of the commission, and any political subdivision or public agency of this state that regulates, operates, or owns a public utility, which pertain to the furnishing of telecommunication services in this state.

Article 2. Disposition of Proceeds

44180. All amounts required to be paid to the state under this part shall be paid to the board in the form of remittances payable to the State Board of Equalization of the State of California. The board shall transmit the payments to the Treasurer to be deposited in the State Treasury to the credit of the Universal Telephone Service Fund, which is hereby created.

44181. Funds in the Universal Telephone Service Fund are hereby continuously appropriated solely for the following purposes, to be paid by the Controller:

(d) To pay the Controller for the Controller's cost in the administration of this part.

(e) To pay amounts submitted by telephone corporations pursuant to commission rules and to the procedures specified by the Controller. 44182. The commission shall pay the bills provided in subdivision (e) of Section 44181 only under the following conditions:

(a) The Universal Telephone Service Fund contains an amount sufficient to pay the bills.

(b) The amounts to be paid shall not exceed the amount authorized by the commission for the costs of universal telephone service.

An independent certified public accountant shall examine this report and shall give notice of examination with the report. The commission and the board may audit the report.

44183. Utilizing funds from the Universal Telephone Service Fund, the Controller shall begin paying pursuant to Sections 44181 and 44182 in the 1984–85 fiscal year. on a quarterly basis, any bills which are submitted by telephone corporations providing universal telephone services by September 1, 1984, or any other date contained in a commission order, and which the commission has approved.

44184. Notwithstanding any other provision of this article, if there is not an amount sufficient to pay bills submitted to the Controller by telephone corporations for the provision of universal telephone service, the obligation of telephone corporations to provide universal telephone service pursuant to this part shall terminate, and the service under this part shall not again be required until an amount sufficient to pay such bills is available in the Universal Telephone Service Fund. The commission shall immediately notify the Legislature of any expected insufficiency in the fund to pay bills pursuant to this part, or of any actual insufficiency therefor, and propose to the Legislature a remedy for this expected or actual insufficiency. Nothing in this part shall preclude the commission from ordering the telephone corporations

to continue to provide universal telephone service provided the commission allows the companies to recover their cost.

Article 3. Notices

44190. A certificate by the board or an employee of the board stating that a notice required by this part was given by mailing or personal service shall be prima facie evidence in any administrative or judicial proceeding of the fact and regularity of the mailing of personal service in accordance with any requirement of this part for the giving of notice. SEC. 5. The people of the State of California do enact as follows:

SECTION 1. Section 1197.1 is added to the Labor Code, to read:

1197.1. (a) Any employer or other person acting either individually or as an officer, agent, or employee of another person, who pays or causes to be paid to any employee a wage less than the minimum fixed by an order of the commission shall be subject to a civil penalty as follows:

(1) For any initial violation which is intentionally committed, fifty dollars ($50) for each underpaid employee for each pay period for which the employee is underpaid.

(2) For each subsequent violation for the same specific offense, one hundred dollars ($100) for each underpaid employee for each pay period for which the employee is underpaid regardless of whether the initial violation is intentionally committed.

(b) If, upon inspection or investigation, the Labor Commissioner determines that a person has paid or caused to be paid wages less than the minimum, the Labor Commissioner may issue a citation to the person in violation. The citation may be served personally or by registered mail in accordance with subdivision (c) of Section 11505 of the Government Code. Each citation shall be in writing and shall describe the nature of the violation, including reference to the statutory provision alleged to have been violated.

(c) If a person desires to contest a citation or the proposed assessment of a civil penalty therefor, the person shall within 15 business days after service of the citation notify the office of the Labor Commissioner which appears on the citation of his or her request for an informal hearing. The Labor Commissioner or his or her deputy or agent shall, within 30 days, hold a hearing at the conclusion of which the citation or proposed assessment of a civil penalty shall be affirmed, modified, or dismissed. If the person receiving the citation does not request a hearing with the Labor Commissioner within the prescribed time, the proposed civil penalty shall be deemed a final order of the Labor Commissioner and shall not be subject to further administrative review. The Labor Commissioner's determination after the conclusion of the hearing shall be deemed the final order of the Labor Commissioner and shall not be subject to further administrative review.

A person to whom a citation has been issued shall, in lieu of contesting a citation pursuant to this section, transmit to the office of the Labor Commissioner designated on the citation the amount specified for the violation within 15 business days after issuance of

the citation.

The Labor Commissioner shall promptly take all appropriate action to enforce the citation and recover the civil penalty prescribed thereon or found to be due after a hearing. The Labor Commissioner may maintain an action in any court of competent jurisdiction to recover the amount of civil penalties found to be due.

(d) The civil penalties provided for in this section are in addition to any other penalty provided by law.

(e) This section shall not apply to any order of the commission relating to household occupations.

CHAPTER 1146

An act to add Section 14170.1 to the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 27, 1983. Filed with Secretary of State September 28, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 14170.1 is added to the Welfare and Institutions Code, to read:

14170.1. (a) Prior to the issuance to a provider of pharmaceutical services of any demand for payment pursuant to an audit or examination conducted under Sections 10722 and 14170, the amount of any underpayment to the provider for validly submitted claims or for valid claims which have inadvertently not been submitted shall be determined and credited toward the amount of any overpayment due to the department. This section shall apply to all audits and examinations conducted under Sections 10722 and 14170 relative to amounts paid during the audit period for services provided to Medi-Cal beneficiaries. No audit may be reopened to provide for underpayments in which a final decision has been reached pursuant to Section 14171 or in which a certificate has been filed pursuant to Section 14172.

(b) When a provider of pharmaceutical services asserts that a claim has been underpaid for purposes of receiving a credit against overpayments, as authorized by this section, the provider shall submit to the department information and documentation sufficient to resolve any dispute as to whether such claim was in fact underpaid.

(c) For purposes of this section, the term "underpayments" shall refer to errors made by the pharmacist or the fiscal intermediary in determining payments for claims submitted within the billing time limits specified in Section 14115.

CHAPTER 1147

An act to amend Section 25402 of the Public Resources Code, relating to energy resources.

[Approved by Governor September 27, 1983. Filed with Secretary of State September 28, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 25402 of the Public Resources Code is amended to read:

25402. The commission shall, after one or more public hearings, do all of the following, in order to reduce the wasteful, uneconomic, inefficient, or unnecessary consumption of energy:

(a) Prescribe, by regulation, lighting, insulation climate control system, and other building design and construction standards which increase the efficiency in the use of energy for new residential and new nonresidential buildings. The standards shall be cost-effective, when taken in their entirety, and when amortized over the economic life of the structure when compared with historic practice. The commission shall periodically update the standards and adopt any revision which, in its judgment, it deems necessary. Six months after the commission certifies an energy conservation manual pursuant to subdivision (c) of Section 25402.1, no city, county, city and county, or state agency shall issue a permit for any building unless the building satisfies the standards prescribed by the commission pursuant to this subdivision or subdivision (b) of this section which are in effect on the date an application for a building permit is filed.

(b) Prescribe, by regulation, energy conservation design standards for new residential and new nonresidential buildings. The standards shall be performance standards and shall be promulgated in terms of energy consumption per gross square foot of floorspace, but may also include devices, systems, and techniques required to conserve energy. The standards shall be cost-effective when taken in their entirety, and when amortized over the economic life of the structure when compared with historic practices. The commission shall periodically review the standards and adopt any revision which, in its judgment, it deems necessary. A building that satisfies the standards prescribed pursuant to this subdivision need not comply with the standards prescribed pursuant to subdivision (a) of this section. The commission shall comply with the provisions of this subdivision before January 1, 1981.

(c) (1) Prescribe, by regulation, standards for minimum levels of operating efficiency, based on a reasonable use pattern, for all appliances whose use, as determined by the commission, requires a significant amount of energy on a statewide basis. The minimum levels of operating efficiency shall be based on feasible and attainable

efficiencies or feasible improved efficiencies which will reduce the electrical energy consumption growth rate. The standards shall become effective no sooner than one year after the date of adoption or revision. No new appliance manufactured on or after the effective date of the standards may be sold or offered for sale in the state, unless it is certified by the manufacturer thereof to be in compliance with the standards. The standards shall be drawn so that they do not result in any added total costs to the consumer over the designed life of the appliances concerned.

(2) No new appliance regulated under paragraph (1), which is manufactured on or after July 1, 1984, may be sold, or offered for sale, in the state, unless the date of the manufacture is permanently displayed in an accessible place on that appliance.

(d) Recommend minimum standards of efficiency for the operation of any new facility at a particular site which are technically and economically feasible. No site and related facility shall be certified pursuant to Chapter 6 (commencing with Section 25500), unless the applicant certifies that standards recommended by the commission have been considered, which certification shall include a statement specifying the extent to which conformance with the recommended standards will be achieved.

Whenever the provisions of this section and the provisions of Chapter 11.5 (commencing with Section 19878) of Part 3 of Division 13 of the Health and Safety Code are in conflict, the commission shall be governed by the provisions of that chapter of the Health and Safety Code to the extent of the conflict.

SEC. 2. Section 25402 of the Public Resources Code is amended to read:

25402. The commission shall, after one or more public hearings, do all of the following, in order to reduce the wasteful, uneconomic, inefficient, or unnecessary consumption of energy:

(a) Prescribe, by regulation, lighting, insulation climate control system, and other building design and construction standards which increase the efficiency in the use of energy for new residential and new nonresidential buildings. The standards shall be cost-effective, when taken in their entirety, and when amortized over the economic life of the structure when compared with historic practice. The commission shall periodically update the standards and adopt any revision which, in its judgment, it deems necessary. Six months after the commission certifies an energy conservation manual pursuant to subdivision (c) of Section 25402.1, no city, county, city and county, or state agency shall issue a permit for any building unless the building satisfies the standards prescribed by the commission pursuant to this subdivision or subdivision (b) of this section which are in effect on the date an application for a building permit is filed.

(b) Prescribe, by regulation, energy conservation design standards for new residential and new nonresidential buildings. The standards shall be performance standards and shall be promulgated

in terms of energy consumption per gross square foot of floorspace, but may also include devices, systems, and techniques required to conserve energy. The standards shall be cost-effective when taken in their entirety, and when amortized over the economic life of the structure when compared with historic practices. The commission shall periodically review the standards and adopt any revision which, in its judgment, it deems necessary. A building that satisfies the standards prescribed pursuant to this subdivision need not comply with the standards prescribed pursuant to subdivision (a) of this section. The commission shall comply with the provisions of this subdivision before January 1, 1981.

(c) (1) Prescribe, by regulation, standards for minimum levels of operating efficiency, based on a reasonable use pattern, for all appliances whose use, as determined by the commission, requires a significant amount of energy on a statewide basis. The minimum levels of operating efficiency shall be based on feasible and attainable efficiencies or feasible improved efficiencies which will reduce the electrical energy consumption growth rate. The standards shall become effective no sooner than one year after the date of adoption or revision. No new appliance manufactured on or after the effective date of the standards may be sold or offered for sale in the state, unless it is certified by the manufacturer thereof to be in compliance with the standards. The standards shall be drawn so that they do not result in any added total costs to the consumer over the designed life of the appliances concerned. At least one year prior to the adoption or amendment of a standard for an appliance, the commission shall notify the Legislature of its intent, and the justification therefor, to adopt or amend a standard for the appliance.

(2) During the period of five years after the commission has adopted a standard for a particular appliance, under paragraph (1), no increase or decrease in the minimum level of operating efficiency required by the standard for that appliance shall become effective.

(3) Neither the commission nor any other state agency shall take any action to decrease any standard adopted under this subdivision on or before January 1, 1984, prescribing minimum levels of operating efficiency for any appliance. Prior to January 1, 1986, the commission shall not take any action to increase any standard prescribing minimum levels of operating efficiency for any appliance or adopt any new standard under paragraph (1). Prior to January 1, 1986, any appliance manufacturer doing business in this state shall provide directly, or through an appropriate trade or industry association, information, as specified by the commission after consultation with manufacturers doing business in the state and appropriate trade or industry associations on sales of appliances so that the commission may study the effects of regulations on those sales. The trade or industry association may submit sales information in an aggregated form in a manner that allows the commission to carry out the purposes of the study. The commission shall treat any sales information of an individual manufacturer as confidential and

that information shall not be a public record. The commission shall not request any information that cannot be reasonably produced in the exercise of due diligence by the manufacturer. Notwithstanding paragraph (2) and this paragraph, the commission may do any of the following:

(A) Increase the minimum level of operating efficiency in an existing standard up to the level of the National Voluntary Consensus Standards 90, adopted by the American Society of Heating, Refrigeration, and Air Conditioning Engineers or, for appliances not covered by that standard, up to the level established in a similar nationwide consensus standard.

(B) Change the measure or rating of efficiency of any standard, if the minimum level of operating efficiency remains substantially the same.

(C) Adjust the minimum level of operating efficiency in an existing standard in order to reflect changes in test procedures that the standards require manufacturers to use in certifying compliance, if the minimum level of operating efficiency remains substantially the same.

(D) Adopt a new standard for an appliance using an innovative design or having an innovative or specialized function, if that appliance is of the same general type and category for which a standard already exists.

(E) Readopt a standard preempted, enjoined, or otherwise found legally defective by an administrative agency or a lower court, if final legal action determines that the standard is valid and if the standard which is readopted is not more stringent than the standard that was found to be defective or preempted.

(F) Adopt or amend any existing or new standard at any level of operating efficiency, if the Governor has declared an energy emergency pursuant to Section 8558 of the Government Code.

(4) No new appliance regulated under paragraph (1), which is manufactured on or after July 1, 1984, may be sold, or offered for sale, in the state, unless the date of the manufacture is permanently displayed in an accessible place on that appliance.

(d) Recommend minimum standards of efficiency for the operation of any new facility at a particular site which are technically and economically feasible. No site and related facility shall be certified pursuant to Chapter 6 (commencing with Section 25500), unless the applicant certifies that standards recommended by the commission have been considered, which certification shall include a statement specifying the extent to which conformance with the recommended standards will be achieved.

Whenever the provisions of this section and the provisions of Chapter 11.5 (commencing with Section 19878) of Part 3 of Division 13 of the Health and Safety Code are in conflict, the commission shall be governed by the provisions of that chapter of the Health and Safety Code to the extent of the conflict.

SEC. 3. Section 2 of this bill incorporates amendments to Section

25402 of the Public Resources Code proposed by both this bill and AB 191. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1984, (2) each bill amends Section 25402 of the Public Resources Code, and (3) this bill is enacted after AB 191, in which case Section 1 of this bill shall not become operative.

(b) Notwithstanding Section 25345, upon receiving the request of the director specified in subdivision (a), the board shall recalculate the tax rate, as requested, and shall assess and collect any additional taxes that may be owed and refund or credit any amount of taxes overpaid for that fiscal year under the recalculated rate.

(c) The department shall reimburse the board for its costs in recalculating the rate, making the assessments, collecting the additional tax, and making any refunds pursuant to this section. If there is a dispute as to the amount of these costs, the Director of Finance shall determine this amount and the department and the board shall abide by this determination.

SEC. 3. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

(b) A sale in bulk, for purposes of this section, shall be deemed to have occurred if the amount of monetized bullion sold in the transaction totals, in face amount, the sum of one thousand dollars ($1,000) or more, or its equivalent.

(c) "Monetized bullion," for purposes of this section, means coins or other forms of money manufactured of gold, silver, or other metal and heretofore, now, or hereafter used as a medium of exchange under the laws of this state, the United States, or any foreign nation. CHAPTER 1159

An act to amend Sections 4351, 4352, 4512, 4513, 4514, 4800, 4800.6, 4809, and 5126 of, and to repeal Section 4515 of the Civil Code, to amend Sections 704.710 and 904.1 of the Code of Civil Procedure, to amend Sections 26826 and 26859 of the Government Code, and to amend Sections 10000 and 10360 of the Health and Safety Code, relating to dissolution of marriage

[Approved by Governor September 27, 1983 Filed with Secretary of State September 28, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Section 4351 of the Civil Code is amended to read:

4351. In proceedings under this part, the superior court has jurisdiction to inquire into and render any judgment and make such orders as are appropriate concerning the status of the marriage, the custody and support of minor children of the marriage, the support of either party, the settlement of the property rights of the parties and the award of attorneys' fees and costs; provided, however, no such order or judgment shall be enforceable against an employee pension benefit plan unless the plan has been joined as a party to the proceeding.

SEC. 2. Section 4352 of the Civil Code is amended to read:

4352. Every judgment declaring a marriage a nullity or dissolving a marriage shall contain the following notice:

Notice: Please review your will. Unless a provision is made in the property settlement agreement, this court proceeding does not affect your will and the ability of your former spouse to take under it.

SEC. 3. Section 4512 of the Civil Code is amended to read:

4512. In actions for dissolution of the marriage, the court must file its decision as in other cases, and if it determines that no dissolution shall be granted, judgment shall therefore only be entered accordingly. If it determines that a dissolution ought to be granted, a judgment shall be entered declaring that the parties are entitled to have their marriage dissolved. After the entry of the judgment and before it becomes final, neither party shall have the right to dismiss the action without the consent of the other.

SEC. 3.5. Section 4512 of the Civil Code is amended to read:

4512. In actions for dissolution of the marriage, the court must file its decision and any statement of decision as in other cases, and if it determines that no dissolution shall be granted, judgment shall therefore only be entered accordingly. If it determines that a dissolution ought to be granted, a judgment shall be entered declaring that the parties are entitled to have their marriage dissolved. After the entry of the judgment and before it becomes final, neither party shall have the right to dismiss the action without the consent of the other.

SEC. 4. Section 4513 of the Civil Code is amended to read:

4513. In cases in which the court has determined that a decree of dissolution ought to be granted, but by mistake, negligence or inadvertence, the judgment has not been signed, filed and entered, the court may cause the judgment to be signed, dated, filed and entered therein as of the date when the same could have been signed, dated, filed and entered originally. If it appears to the satisfaction of the court that no appeal is to be taken in the action or

motion made for a new trial, to annul or set aside the judgment or for relief under Chapter 8 (commencing with Section 469) of Title 6 of Part 2 of the Code of Civil Procedure. This action may be taken by the court on its own motion or upon the motion of either party thereto. In contested cases, the motion of a party shall be with notice to the other party. The court may cause the judgment to be entered nunc pro tunc as aforesaid, even though the judgment may have been previously entered, where mistake, negligence or inadvertence the judgment was not entered as soon as it could have been entered under the law if applied for. Upon the entry of the judgment, the parties shall have the same rights with regard to the dissolution of marriage becoming final on the date that it would have become final, had the judgment been entered upon the date when it could have been originally entered.

SEC. 5. Section 4514 of the Civil Code is amended to read:

4514. (a) Unless, for good cause, the court so orders, no judgment entered pursuant to Section 4512 shall be final until six months have expired from the date of service of a copy of summons and petition or the date of appearance of the respondent, whichever occurs first. A decree declaring a marriage dissolved shall specify the date on which the decree becomes finally effective for the purpose of terminating the marriage relationship of the parties. However, if an appeal is taken from the judgment or a motion for a new trial is made, the dissolution of marriage shall not become final until such motion or appeal has been finally disposed of, nor then, if the motion has been granted or judgment reversed.

(b) Notwithstanding any other provision of law, the filing of an appeal or of a motion for a new trial shall not stay the effect of a judgment insofar as it relates to the dissolution of the marriage status restoring the parties to the status of unmarried persons, unless the appealing or moving party specifies in the notice of appeal or motion for new trial an objection to the termination of the marriage status. No party may make such objection to the termination of the marriage status unless such an objection was also made at the time of trial.

(c) Where a joint petition under Chapter 5 (commencing with Section 4550) is thereafter revoked and either party commences a proceeding pursuant to Section 4503 within 90 days from the date of filing of the revocation, the permissible date of entry of judgment pursuant to this section shall be calculated by deducting the period of time which shall have elapsed from the date of filing the joint petition to the date of filing of the revocation.

(d) The death of either party after the entry of the judgment does not impair the power of the court to enter final judgment; but the entry shall not validate any marriage contracted by either party before the entry of such final judgment, nor constitute any defense of any criminal prosecution made against either party.

(e) The court may, upon notice and for good cause shown, or on stipulation of the parties, retain jurisdiction over the date of

termination of the marital status, or may order that the marital status be terminated at a future specified date. On the date of termination of the marital status, the parties are restored to the status of unmarried persons.

SEC. 6. Section 4515 of the Civil Code is repealed.

SEC. 7. Section 4800 of the Civil Code is amended to read:

4800. (a) Except upon the written agreement of the parties, or on oral stipulation of the parties in open court, the court shall, either in its judgment of dissolution of the marriage, in its judgment decreeing the legal separation of the parties, or at a later time if it expressly reserves jurisdiction to make such a property division, divide the community property and the quasi-community property of the parties equally. For purposes of making such division, the court shall value the assets and liabilities as near as practicable to the time of trial, except that, upon 30 days' notice by the moving party to the other party, the court for good cause shown may value all or any portion of the assets and liabilities at a date after separation and prior to trial to accomplish an equal division of the community property and the quasi-community property of the parties in an equitable manner.

(b) Notwithstanding subdivision (a), the court may divide the community property and quasi-community property of the parties as follows:

(1) Where economic circumstances warrant, the court may award any asset to one party on such conditions as it deems proper to effect a substantially equal division of the property.

(2) As an additional award or offset against existing property, the court may award, from a party's share, any sum it determines to have been deliberately misappropriated by such party to the exclusion of the community property or quasi-community property interest of the other party.

(3) If the net value of the community property and quasi-community property is less than five thousand dollars ($5,000) and one party cannot be located through the exercise of reasonable diligence, the court may award all such property to the other party on such conditions as it deems proper in its final judgment decreeing the dissolution of the marriage or in its judgment decreeing the legal separation of the parties.

(4) Educational loans shall be assigned to the spouse receiving the education in the absence of extraordinary circumstances rendering such an assignment unjust.

(c) Notwithstanding the provisions of subdivision (a), community property personal injury damages shall be assigned to the party who suffered the injuries unless the court, after taking into account the economic condition and needs of each party, the time that has elapsed since the recovery of the damages or the accrual of the cause of action, and all other facts of the case, determines that the interests of justice require another disposition. In such case, the community property personal injury damages shall be assigned to the respective

parties in such proportions as the court determines to be just, except that at least one-half of such damages shall be assigned to the party who suffered the injuries. As used in this subdivision, "community property personal injury damages" means all money or other property received or to be received by a person in satisfaction of a judgment for damages for his or her personal injuries or pursuant to an agreement for the settlement or compromise of a claim for such damages, if the cause of action for such damages arose during the marriage but is not separate property as defined in Section 5126, unless such money or other property has been commingled with other community property.

(d) The court may make such orders as it deems necessary to carry out the purposes of this section.

SEC. 8. Section 4800.6 of the Civil Code is amended to read:

4800.6. The judgment of dissolution of marriage, or the judgment of legal separation, shall contain the following notice: "Although an obligation based on a contract is assigned to one party as part of the division of the community, if the party to whom the obligation was assigned defaults on the contract, the creditor may have a cause of action against the other party."

SEC. 9. Section 4809 of the Civil Code is amended to read:

4809. After the entry of a judgment decreeing the dissolution of the marriage or the legal separation of the parties, or after a declaration of void or voidable marriage, or after a permanent order in any other proceeding in which there was at issue the custody, support, maintenance, or education of a minor child, no modification of such judgment, order, or decree, and no subsequent order in such proceedings shall be valid unless any prior notice otherwise required to be given to a party to the proceeding be served, in such manner as such notice is otherwise permitted by law to be served, upon the party himself. For such purpose, service upon the attorney of record shall not be sufficient.

SEC. 10. Section 5126 of the Civil Code is amended to read:

5126. (a) All money or other property received or to be received by a person in satisfaction of a judgment for damages for personal injuries or pursuant to an agreement for the settlement or compromise of a claim for such damages is the separate property of the injured person if the cause of action for such damages arose as follows:

(1) After the rendition of a decree of legal separation or a judgment of dissolution of a marriage.

(2) While either spouse, if he or she is the injured person, is living separate from the other spouse.

This subdivision shall apply retroactively to any case where the property rights of the marriage have not been finally adjudicated by a decree of dissolution or separation.

(b) Notwithstanding subdivision (a), if the spouse of the injured person has paid expenses by reason of the spouse's personal injuries from his or her separate property or from the community property,

he or she is entitled to reimbursement of his separate property or the community property for such expenses from the separate property received by his or her spouse under subdivision (a).

(c) Notwithstanding subdivision (a), if one spouse has a cause of action against the other spouse which arose during the marriage of the parties, money or property paid or to be paid by or on behalf of a party to his or her spouse of that marriage in satisfaction of a judgment for damages for personal injuries to such spouse or pursuant to an agreement for the settlement or compromise of a claim for such damages is the separate property of the injured spouse.

SEC. 11. Section 704.710 of the Code of Civil Procedure, as amended by Chapter 155 of the Statutes of 1983, is amended to read:

(7) A community apartment project, as defined in Section 11004 of the Business and Professions Code.

(b) "Family unit" means any of the following:

(1) The judgment debtor and the judgment debtor's spouse if the spouses reside together in the homestead.

CHAPTER 1162

An act to amend Sections 224s and 227 of, and to add Sections 224t, 224u, and 224v to, the Civil Code, relating to adoptions.

[Approved by Governor September 27, 1983 Filed with Secretary of State September 28, 1983]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as "The Adoption Information Act of 1983."

SEC. 2. The Legislature finds and declares that once parental rights have been terminated and a child is legally free for adoption, all contacts between an adoptee and his or her birth parents, usually are permanently severed. When this occurs, often there is no effective way to reestablish contact because of cost problems, tracing difficulties, and the confidentiality of records.

In this regard, the Legislature recognizes that in order to provide adequate and timely medical care for an adoptee, an adopting parent needs complete medical background information on both the adoptee and the adoptee's birth parents, not only to secure timely and appropriate medical care for the adoptee but to make vital personal, health, and family decisions.

Furthermore, the Legislature also recognizes that as a result of the permanent severence of the relationship between the adoptee and his or her birth parents, the adoptee also may suffer substantial emotional or physical illness resulting from an inability to satisfy personal needs concerning his or her origins, self-identity, and family medical history.

Accordingly, it is the purpose of this act to insure that complete medical background information of both a routine and nonroutine nature, if available, with regard to both the adoptee and the adoptee's birth parents is transmitted to the adopting parents at the time the adoptee is placed for adoption and that the medical background information is also available to the adoptee when he or she reaches 21 years of age or is emancipated by reason of marriage. It is also the purpose of this act to establish a procedure whereby a

birth parent may petition the State Department of Social Services for disclosure of the identity and last known address of his or her son or daughter who has been adopted and who has reached the age of 21; whereby an adoptee who has attained the age of 21 may petition for the identity and last known address of his or her birth parent; and where the adoptive parent of an adoptee who is under the age of 21 may petition on behalf of the adoptee for the identity and last known address of the adoptee's birth parent, while providing safeguards respecting the right of privacy of all of such persons.

It is the intention of the Legislature that the costs incurred by the State Department of Social Services for programs established by subdivision (b) of Section 227 of the Civil Code shall be supported entirely by the Adoption Information Fund. It is the intention of the Legislature that costs incurred by licensed adoption agencies pursuant to programs established by this act shall be funded by fees charged by those agencies for services required by those programs.

SEC. 3. Section 224s of the Civil Code is amended to read:

224s. (a) No agency shall place a child for adoption unless a written medical report on the child's medical background, and if available, so far as ascertainable, the medical background of the child's birth parents, has been submitted to the prospective adopting parents and the prospective adoptive parents have acknowledged in writing the receipt of such report.

The report on the child's background shall contain all known diagnostic information, including current medical reports on the child, psychological evaluations, and scholastic information, as well as all known information regarding the child's developmental history and family life.

In cases of adoption in which no agency licensed to place children for adoption is a party the report shall be made by the State Department of Social Services or delegated county agency as part of the study required by Section 226.2. The report shall be submitted to the prospective adopting parents who shall acknowledge its receipt in writing.

(b) The State Department of Social Services shall adopt regulations specifying the form and content of the report required by this section. In addition to any other material that may be required by the department, the form shall include inquiries designed to elicit information on any illness, disease, or defect of a genetic or hereditary nature. All licensed adoption agencies shall cooperate with and assist the department in devising a plan that will effectuate the effective and discreet transmission to adoptees or adoptive parents of pertinent medical information reported to the department or the licensed agency, upon the request of the person reporting the medical information.

(c) The requirements of this section shall not apply to stepparent or intercountry adoptions.

SEC. 4. Section 224t is added to the Civil Code, to read:

224t. Notwithstanding any other provision of law, the State

Department of Social Services or the licensed adoption agency which made the report required by Section 224s shall, upon the request of a person who has been adopted pursuant to this chapter and who has attained the age of 21 or who presents a certified copy of his or her marriage certificate, or upon the request of the adoptive parent of a person under the age of 21 who has been adopted pursuant to this chapter, provide that person with a copy of the medical report required by Section 224s in the manner that the department shall prescribe by regulation. A person who is denied access to a medical report pursuant to the regulations adopted pursuant to this section may petition the superior court for review of the reasonableness of the department's or licensed adoption agency's decision. The names and addresses of any persons contained in the report shall be removed therefrom unless the person requesting the report has previously received the information pursuant to Section 227s.

The department or licensed adoption agency may charge a reasonable fee, in an amount established by the department, to cover the costs of processing requests generated as a result of Section 227. The revenue resulting from the fees so charged shall be utilized by the department or licensed adoption agency to increase existing staff as needed to process these requests. Fees received by the department shall be deposited in the Adoption Information Fund. This revenue shall be in addition to any other funds appropriated in support of the state adoption program.

The department or licensed adoption agency shall waive the fees authorized by this section for any person who is receiving public assistance pursuant to Part 3 (commencing with Section 11000) of Division 9 of the Welfare and Institutions Code.

SEC. 5. Section 224u is added to the Civil Code, to read:

224u. Whenever the parental rights of a birth parent are terminated pursuant to Section 232 or 7017, the public agency initiating the action under Section 232, or in cases in which the action was not initiated by a public agency, the State Department of Social Services, and, in cases in which the parental rights were terminated under Section 7017, the licensed agency to whom the child has been or is to be relinquished, or in cases in which the child has not or is not to be relinquished to a licensed agency, the State Department of Social Services, shall send a written notice to the birth parent, if his or her address is known, which shall contain the following statement:

"You are encouraged to keep the agency sending you this letter informed of your current address in order to permit a response to any inquiry concerning medical or social history."

SEC. 6. Section 224v is added to the Civil Code, to read:

224v. (a) The State Department of Social Services shall adopt a statement to be presented to the birth parents and adoptive parents at the time the relinquishment or consent to adoption is signed which shall, in a clear and concise manner, in words calculated to assure the confidence of the birth parent in the integrity of the adoption process, communicate to the birth parent of a child that is

the subject of an adoption petition all of the following facts:

(1) It is in the best interest of the child that the birth parent keep the department or the licensed adoption agency to whom the child was relinquished for adoption informed of any health problems that the parent develops that could affect the child.

(2) It is extremely important that the birth parent keep his or her address current with the department or the licensed adoption agency to whom the child was relinquished for adoption in order to permit a response to any inquiries to the department concerning medical or social history.

(3) Section 227 of the Civil Code authorizes a person who has been adopted and who attains the age of 21 to petition the State Department of Social Services or the licensed adoption agency that joined in the petition for his or her adoption to obtain the name and address of his or her birth parent; consequently it is of the utmost importance that the birth parent indicate whether or not he or she wishes his or her name and address to be so disclosed by checking the appropriate box provided on the form.

(4) The relinquishment or consent will be filed in the office of the county clerk of the county in which the adoption takes place and that it is not open to inspection by any persons other than the parties to the adoption proceedings, their attorneys, and the State Department of Social Services, except upon order of the judge of the superior court.

(5) The birth parent may change his or her decision as to whether or not he or she wishes his or her name and address disclosed, at any time, by sending a notarized letter to that effect, by registered mail, return receipt requested, to the State Department of Social Services or to the licensed adoption agency that joined in the petition for adoption.

(b) The State Department of Social Services shall adopt a form to be signed by the birth parents at the time the relinquishment or consent to adoption is signed which shall provide as follows:

"Section 227 of the Civil Code authorizes a person who has been adopted and who attains the age of 21 to petition the State Department of Social Services or the licensed adoption agency that joined in the petition for his or her adoption to obtain the name and address of his or her birth parent. Indicate by checking one of the boxes below whether or not you wish your name and address to be so disclosed:

☐ YES
☐ NO"
☐ UNCERTAIN AT THIS TIME; WILL NOTIFY AGENCY AT LATER DATE

SEC. 7. Section 227 of the Civil Code is amended to read:

227. (a) The person or persons desiring to adopt a child, and the child proposed to be adopted, shall appear before the court;

however, if the adoptive parent is then commissioned or enlisted in the military service, or auxiliary thereof, of the United States, or of any of its allies, or in the American Red Cross, so that it is impossible or impracticable, because of the adoptive parent's absence from the State of California, or otherwise, for him or her to make an appearance in person, and the circumstances are established by satisfactory evidence, the appearance may be made for the adoptive parent by his or her counsel, commissioned and empowered in writing so to do. The power of attorney may be incorporated in the petition for adoption. The court shall examine all persons appearing before it pursuant to this section. The examination of each such person shall be conducted separately but within the physical presence of each such other person or persons unless the court, in its discretion, shall order otherwise. The party or parties adopting shall execute or acknowledge an agreement in writing that the child shall be treated in all respects as the lawful child of the party or parties. If satisfied that the interest of that child will be promoted by the adoption, the court may thereupon make and enter a decree of adoption of the child by the adopting parent or parents, and the child and the adopting parents shall thereupon and thereafter sustain toward each other the legal relationship of parent and child and have all the rights and be subject to all the duties of that relation. In a case where the adopting parent is permitted to appear by counsel, the agreement may be executed and acknowledged by the counsel for the absent party, or may be executed by the absent party before a notary public, or any other person authorized to take acknowledgments including the persons authorized by Sections 1183 and 1183.5. In any case where the adoptive parent is permitted to appear by counsel, or otherwise, the court may, in its discretion, cause an examination of the adoptive parent, other interested party, or witness to be made upon deposition, as it deems necessary. The deposition shall be taken upon commission, as prescribed by the Code of Civil Procedure, and the expense thereof shall be borne by the petitioner. The petition, relinquishment, agreement, order, report to the court from any investigating agency, and any power of attorney and deposition shall be filed in the office of the county clerk and shall not be open to inspection by any other than the parties to the action and their attorneys and the State Department of Social Services, except upon the written authority of the judge of the superior court. A judge of the superior court shall not authorize anyone to inspect the petition relinquishment, agreement, order, report to the court from any investigating agency, or power of attorney or deposition or any portion of any such documents except in exceptional circumstances and for good cause approaching the necessitous. The petitioner may be required to pay the expenses for preparing the copies of the documents to be inspected.

Upon written request of any party to the action and upon the order of any judge of the superior court, the county clerk shall not provide any documents referred to in this section for inspection or copying

to any other person, unless the name of the birth parents of the child or any information tending to identify the birth parents of the child is deleted from the documents or copies thereof.

Upon the request of the adoptive parents or the child, a county clerk may issue a certificate of adoption which states the date and place of adoption, the birthday of the child, the name of the adoptive parents, and the name which the child has taken. Unless the child has been adopted by a stepparent, the certificate shall not state the name of the birth parents of the child.

The provisions of this section permitting an adoptive parent, who is commissioned or enlisted in the military service, or auxilary thereof, of the United States, or of any of it allies, or in the American Red Cross, to make an appearance through his or her counsel, commissioned and empowered in writing to do so, are equally applicable to the spouse of an adoptive parent who resides with the adoptive parent outside of this state.

Where, pursuant to this section, neither adoptive parent need appear before the court, the child proposed to be adopted need not appear. If the law otherwise requires that the child execute any document during the course of the hearing, the child may do so by and through counsel. Where none of the parties appear, no order of adoption shall be made by the court until after a report has been filed with the court pursuant to Section 226.6.

(b) The State Department of Social Services or a licensed adoption agency shall, (1) upon request of a person who has been adopted pursuant to this chapter and who has attained the age of 21, disclose the identity of the birth parent or parents of the person and the most current address of the birth parent or parents as shown in the records of the department or licensed adoption agency, if the birth parent or parents have indicated consent to the disclosure in writing; and (2) upon request of the birth parent of a person who has been adopted pursuant to this chapter and who has attained the age of 21, disclose the adopted name of the adoptee and his or her most current address as shown in the records of the department or licensed adoption agency if the adult adoptee has indicated in writing, pursuant to the registration program developed by the State Department of Social Services, that he or she wishes his or her name and address to be disclosed. The department or licensed adoption agency also shall disclose the identity of a birth parent and his or her most current address as shown in the records of the department or licensed adoption agency upon the request of the adoptive parent of a person under the age of 21 who has been adopted pursuant to this chapter, upon the finding by the department that a medical necessity or other extraordinary circumstances justify the disclosure.

The department may charge a reasonable fee to cover the costs of processing these requests, to be deposited in the Adoption Information Fund.

The form of the request required by this section shall be prescribed by the State Department of Social Services, shall provide

for an affidavit to be executed by the requester that to the best of his or her knowledge he or she is an adoptee; that he or she is the birth parent of an adoptee; or that he or she is the adoptive parent of an adoptee. The department may adopt regulations requiring such additional means of identification from a requester as it deems necessary. The request shall advise an adoptee that if he or she so consents, his or her adoptive parents will be notified of the filing of the request prior to the release of the name and address of his or her birth parent.

The provisions of this subdivision shall not be applicable where a birth parent or an adoptee has indicated that he or she does not wish his or her name or address to be disclosed.

The department shall either respond to a request for information pursuant to this section or forward the request to a licensed adoption agency pursuant to subdivision (c) within 20 working days of its receipt of the request.

(c) The department may forward requests for information pursuant to this section to any licensed adoption agency that was a party to the adoption.

(d) Notwithstanding any other provision of law, the department shall announce the availability of the present method of arranging contact among an adult adoptee, his or her birth parent, and any living adoptive parent authorized by Section 230.6 utilizing a means of communication appropriate to effectively inform the public.

SEC. 8. The State Department of Social Services shall adopt regulations governing the timely release of medical information pursuant to Section 224t of the Civil Code by January 1, 1985. The regulations shall provide for a special procedure for the release of information that it deems likely to cause emotional trauma in a reasonable person. The regulation shall provide that if the information would cause such emotional trauma, and if the requester is a person who has attained the age of 21, the department or licensed adoption agency shall inform the requester that the report contains sensitive material and that he or she has the choice of having the report sent to himself or herself or to a medical professional of his or her choice. The regulations also shall provide that if the requester is a person under the age of 21, the department or licensed adoption agency shall inform the requester that the report contains sensitive material and that the report may only be released to a medical or mental health professional of his or her choice. The regulations shall define "medical or mental health professional" to include a physician and surgeon, a clinical psychologist, a licensed clinical social worker, a person employed as a social worker by a county, and a marriage, family, and child counselor. The regulations shall also provide that any medical information submitted to the department or licensed adoption agency by a birth parent after the filing of the medical report required by Section 224s shall also be transmitted to a requester pursuant to Section 224t.

SEC. 9. There is established in the State Treasury the Adoption

Information Fund. All money in the fund shall be available for appropriation by the Legislature to the State Department of Social Services exclusively for the support of the costs incurred by the State Department of Social Services pursuant to the programs established by subdivision (b) of Section 227 of the Civil Code. The funds may be transferred to and in augmentation of the State Department of Social Services support item in the Budget Act or the adoptions local assistance item for reimbursement of expenditures related to this act in such amounts as the Director of Finance may authorize.

SEC. 10. Sections 2, 4, 5, 6, and 7 of this act shall be operative January 1, 1986.

SEC. 11. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 12. The department shall develop a schedule of fees required by this act. To the extent feasible, the fees established pursuant to this act shall provide sufficient revenue to cover the total cost of the provisions of this act, including the administrative costs of the State Department of Social Services.

SEC. 13. Notwithstanding any other provision of law, the maximum liability of the state for damages caused by any act or omission of any of its officers or employees with regard to the programs authorized by this act is two hundred fifty dollars ($250) for each such act or omission.

SEC. 14. Notwithstanding any other provision of law, the maximum liability of any licensed adoption agency for damage caused by any act or omission of any of its employees with regard to the programs authorized by this act is two hundred fifty dollars ($250) for each such act or omission.

SEC. 15. The provisions of this act shall be applicable only to California adoptions.

SEC. 16. The provisions of subdivision (b) of Section 227 of the Civil Code as amended by this act shall only apply to relinquishments for or consents to adoption signed on or after January 1, 1984.

An act to add and repeal Section 33000.5 of the Education Code, relating to the State Board of Education.

[Approved by Governor September 27, 1983. Filed with Secretary of State September 28, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Section 33000.5 is added to the Education Code, to read:

33000.5. (a) Notwithstanding Sections 33000 and 33001, the Governor shall also appoint a student member to the State Board of Education, with the advice and consent of two-thirds of the Senate.

(b) Notwithstanding subdivisions (c) and (d) the incumbent student member on January 1, 1984, shall be eligible for appointment by the Governor subject to the advice and consent of two-thirds of the Senate.

(c) The term of office of the student member is one year, and shall begin on August 1. An individual may serve only one term as a student member.

(d) Notwithstanding Section 1020 of the Government Code, the student member shall be, at the time the member's one-year term commences, a student enrolled in good standing in grade 12 in a public high school. The student member shall be selected from three students recommended by the State Board of Education pursuant to subdivision (e). The student member shall be a voting member with the full rights and duties of the other 10 members of the board.

(e) The process for selecting the student member shall be as follows:

(1) The State Board of Education shall notify every school district governing board, district superintendent, high school principal, high school student activities director, and student body president by September 15 of each year that applications are being accepted for the student member's position.

(2) Applications for the student member's position shall be submitted to the State Board of Education no later than October 31 of each year.

(3) A screening committee of the State Board of Education shall select 12 semifinalists for the student member's position.

(4) The school district governing board student members shall select six candidates from the 12 semifinalists.

(f) This section shall become inoperative on August 1, 1986, and, as of January 1, 1987, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1987, deletes or extends the

dates on which it becomes inoperative and repealed.

CHAPTER 1164

An act to amend Sections 17052.8 and 23601.5 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Became law without Governor's signature Filed with Secretary of State September 28, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Section 17052.8 of the Revenue and Taxation Code is amended to read:

17052.8. (a) (1) There shall be allowed as a credit against the amount of "net tax" (as defined in Section 17039, an amount equal to the amount determined in paragraph (2), (3), or (5).

(2) Except as provided in paragraphs (3) and (5), the amount of the credit allowed by this section shall be 40 percent of the cost (as defined in paragraph (7)) incurred by the taxpayer for energy conservation measures installed on premises in California which are owned by the taxpayer at the time of installation. For energy conservation measures which are installed on or after August 1, 1983, the percentage specified in the preceding sentence shall be 35 percent (in lieu of 40 percent). The credit shall not exceed one thousand five hundred dollars ($1,500) for each premises. The owner of the premises on which the energy conservation measures are installed may claim the tax credit for costs incurred; however, an owner-builder or owner-developer of new dwellings may elect not to claim the energy conservation tax credit for any or all energy conservation measures installed on new dwellings. If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for energy conservation measures, the original purchaser of the new dwelling on which the measures are installed may claim the credit provided that the purchaser can confirm the election by a written document signed by the owner-builder or owner-developer.

The energy conservation tax credit shall be claimed in the state income tax return for the taxable year in which the energy conservation measures were installed. However, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for energy conservation measures, the original purchaser of the new dwelling on which the energy conservation measures are installed may claim the credit in the taxable year during which the purchaser's escrow closed or the taxable year during which the purchaser acquired legal title to the dwelling.

A taxpayer who claimed the energy conservation tax credit in the

state income tax return for the taxable year in which the energy conservation measure was installed, may in any subsequent year claim an energy conservation tax credit for additional energy conservation measures installed in that tax year.

(3) With regard to premises in California which are owned by the taxpayer, other than dwellings, on which the cost of the measures (as defined in paragraph (7)) exceeds six thousand dollars ($6,000), the amount of the credit allowed by this section shall be 25 percent of the cost (as defined in paragraph (7)) of the energy conservation measures.

(4) (A) If energy conservation measures serve two or more dwelling units, the owner or owners of the dwellings shall be eligible to receive the credit in proportion to the number of dwelling units served. The amount of the credit shall be determined by dividing the cost (as defined in paragraph (7)) of the energy conservation measures by the number of dwelling units served by the energy conservation measures, and applying the formula described in paragraph (2) or (5) to the per dwelling cost.

(B) In the case of a taxpayer who qualifies for a refund provided for under this subdivision, whose credits exceed tax liability computed under this part, minus all other credits provided for in this part, except the credits provided in Sections 17053.5, 17061, and 18551.1, such taxpayer shall be allowed a credit to the extent of the taxpayer's tax liability plus a refund in excess of that amount up to, or combined credit and refund equal to, the credit otherwise provided in this section. For the purposes of this subdivision, a taxpayer qualified for a refund means an individual taxpayer whose adjusted gross income is less than fifteen thousand dollars ($15,000) and married taxpayers filing joint returns whose adjusted gross income is less than thirty thousand dollars ($30,000), in the taxable year in which the credit provided in this section is claimed. This subparagraph shall not apply to taxable years beginning on or after January 1, 1982.

(5) Taxpayers who partially own and partially lease on premises in California which are owned by the taxpayer energy conservation measures from a utility or other lessor shall receive a tax credit as provided in subparagraph (A) or (B).

(A) Except as provided in subparagraph (B), the credit provided by this paragraph shall equal 40 percent of the cost (as defined in paragraph (7)) of the purchased portion and 40 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the energy conservation tax credit terminates, whichever occurs first. For energy conservation measures which are installed on or after August 1, 1983, the percentage specified in the preceding sentence shall be 35 percent (in lieu of 40 percent). The credit shall not exceed one thousand five hundred dollars ($1,500) for each premises

(B) In the case of premises, other than dwellings, on which the cost (as defined in paragraph (7)) incurred by the lessor exceeds six

thousand dollars ($6,000), the credit provided by this paragraph shall equal 25 percent of the cost (as defined in paragraph (7)) of the purchased portion and 25 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the energy conservation tax credit terminates, whichever occurs first.

(6) For purposes of computing the credit provided by this section and the basis of the property, the cost of any energy conservation measure eligible for the credit provided by this section shall be reduced by the amount of any grant or any nonreimbursable financial assistance (other than interest charges) provided by a utility or a public entity.

(7) For the purposes of computing the credit provided by this section, "cost" shall include installation charges, but shall exclude interest charges. In the case of measures which are leased, "cost" shall mean the principal recovery portion of monthly lease payments. "Principal recovery portion" means the cost incurred by the lessor in acquiring the energy conservation measures, but does not include interest charges, sales taxes, or maintenance expenses.

(b) The basis of any energy conservation measure for which a credit is allowed shall be reduced by the amount of the credit. The basis adjustment shall be made for the taxable year for which the credit is allowed.

(c) With the exception of a husband and wife, if there is more than one owner of a premises on which energy conservation measures are installed, each owner shall be eligible to receive the energy conservation tax credit in proportion to his or her ownership interests in the premises. In the case of a partnership, the energy conservation tax credit may be divided between the partners pursuant to a written partnership agreement. In the case of a husband or wife who files a separate return, the credit may be taken by either or equally divided between them.

(d) The tax credit provided by this section shall not apply to trusts or estates subject to tax under this part.

(e) In the case where the credit allowed under this section exceeds the "net tax" for the taxable year, that portion of the credit which exceeds such "net tax" may be carried over to the "net tax" in succeeding taxable years, with respect to which this section shall remain in effect for purposes of carrying over excess credit until such credit is used. The credit shall be applied first to the earliest years possible. With regard to energy conservation measures installed between August 1, 1983, and December 31, 1983, no more than 50 percent of the allowable credits under this section shall be applied against the taxpayer's "net tax" for the 1983 taxable year. The remaining portion of the credit shall be carried over to succeeding taxable years until that credit is used.

(f) The Energy Resources Conservation and Development Commission shall, after one or more public hearings, adopt regulations which establish minimum standards which any item of a

generic category of energy conservation measure, as defined by this section, must meet to be eligible for an energy conservation tax credit. Such standards shall include minimum provisions for effectiveness, safety and consumer protection which are consistent with standards established pursuant to the National Energy Conservation Policy Act and other applicable federal and state law. The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section. Regulations adopted by the Energy Resources Conservation and Development Commission and the Franchise Tax Board, pursuant to this section, shall be in language which is easily understood by the general public.

(g) (1) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of energy conservation measures in dwelling units, then to the extent such credit is allowed or allowable for an energy conservation measure as defined in this section, the state credit provided in paragraph (2) of subdivision (a) shall be reduced so that the combined effective credit shall not exceed either 40 percent or 35 percent, as provided in paragraph (2) and subparagraph (A) of paragraph (5) of subdivision (a), of the costs, notwithstanding the carryover provisions of subdivision (e).

(2) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of energy conservation measures in other than dwelling units, then to the extent such credit is allowed or allowable for an energy conservation measure as defined in this section, the state credit provided in paragraphs (2) and (3) of subdivision (a) shall be reduced by the amount of such federal credit.

(h) For purposes of this section:

(1) "Installed" means placed in position in a functionally operative state.

(2) "Owner" includes duly recorded holders of legal title, lessees with at least three years remaining on their lease, a person purchasing premises under a contract of sale, or who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy to the premises, a person who is a member of a nonprofit corporation or association which is a duly recorded holder of legal title, or a person who is a member of a nonprofit corporation or association which is a lessee with at least three years remaining on its lease.

(3) "Premises" means land, buildings, or mobilehomes.

Energy conservation measures in the generic categories of subparagraphs (A), (B), (C), (D), (E), and (F) installed in multifamily dwelling units, and (G), (H), (I), (J), (L), (M), and (N) installed in any premises, shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for taxable years which begin after December 31, 1985.

Energy conservation measures in the generic categories of subparagraphs (A), (B), (C), (D), (E), and (F), installed in premises other than multifamily dwelling units, and (K) installed in any premises shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for taxable years which begin after December 31, 1986.

Any unused credit may be used beyond the date specified on the same basis and to the same extent as permitted under the law in effect immediately prior to that date.

(7) The energy conservation tax credit provided by this section shall also apply to the cost of conducting energy audits and engineering feasibility studies resulting therefrom.

(8) "Operational Residential Conservation Service Plan" means a Residential Conservation Service (RCS) Plan, developed pursuant to

the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206), and which provides energy audits for measures identified in this section in accordance with the requirements of such an RCS Plan. The Energy Resources Conservation and Development Commission shall, after at least one public hearing, certify when participating utilities identified in the California Plan for the Residential Conservation Service dated January 1981, have operational RCS Plans. In the case of a publicly owned utility, a Residential Conservation Service Plan developed pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206), shall be certified by the governing board of the publicly owned utility to be operational. Certification that a plan is operational by the commission or the governing board of a publicly owned utility shall occur only after a finding is made that audits are available to utility customers within the time specified in the appropriate approved plan.

(i) In lieu of claiming the tax credit provided by this section, the taxpayer may elect to take depreciation pursuant to Section 17208.7. In addition, the taxpayer may take depreciation pursuant to that section for the cost of an energy conservation measure in excess of the amount of the tax credit claimed under this section.

(j) No tax credit may be claimed under this section for any expenditures which have been otherwise claimed as a tax credit for the taxable year in which the energy conservation measure was installed or for any prior taxable year.

(k) No credit shall be allowed under this section if the amount would (but for this subdivision) be less than ten dollars ($10).

(*l*) (1) Except as provided in paragraph (2) of this subdivision, the tax credit provided by this section shall not apply to energy conservation measures required by state laws and regulations pursuant thereto, at the time of installation.

(2) Notwithstanding the provisions of paragraph (1), a credit shall be allowed for energy conservation measures specified in subparagraph (K) of paragraph (6) of subdivision (h).

This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is chaptered before that date, deletes or extends that date.

SEC. 2. Section 23601.5 of the Revenue and Taxation Code is amended to read:

23601.5. (a) (1) There shall be allowed as a credit against the taxes imposed by this part (except the minimum franchise tax and the tax on preference income), an amount equal to the amount determined in paragraph (2), (3), or (5).

(2) Except as provided in paragraphs (3) and (5), the amount of the credit allowed by this section shall be 40 percent of the cost (as defined in paragraph (7)) incurred by the taxpayer for energy conservation measures installed on premises in California which are owned by the taxpayer at the time of installation. For energy conservation measures which are installed on or after August 1, 1983,

the percentage specified in the preceding sentence shall be 35 percent (in lieu of 40 percent). The credit shall not exceed one thousand five hundred dollars ($1,500) for each premises. The owner of the premises on which the energy conservation measures are installed may claim the tax credit for costs incurred; however, an owner-builder or owner-developer of new dwellings may elect not to claim the energy conservation tax credit for any or all measures installed on new dwellings. If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for energy conservation measures, the original purchaser of the new dwelling on which the measures are installed may claim the credit, provided that the purchaser can confirm the election by a written document signed by the owner-builder or owner-developer.

The energy conservation tax credit shall be claimed in the state return for the income year in which the energy conservation measures were installed; however, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for energy conservation measures, the original purchaser of the new dwelling on which the measures are installed may claim the credit in the year during which the purchaser's escrow closed or the year during which the purchaser acquired legal title to the dwelling.

A taxpayer who claimed the energy conservation tax credit in the state income tax return for the year in which the energy conservation measures were installed, may in any subsequent year claim energy conservation measures installed in that year.

(3) With regard to premises in California which are owned by the taxpayer, other than a dwelling, on which the cost of the measures (as defined in paragraph (7)) exceeds six thousand dollars ($6,000), the amount of the credit allowed by this section shall be 25 percent of the cost (as defined in paragraph (7)) of the energy conservation measure.

(4) If energy conservation measures serve two or more dwelling units, the owner or owners of the dwellings shall be eligible to receive the credit in proportion to the number of dwelling units served. The amount of the credit shall be determined by dividing the cost (as defined in paragraph (7)) of the energy conservation measures by the number of dwelling units served by the measures, and applying the formula described in paragraph (2) or (5) to the per dwelling cost.

(5) Taxpayers who partially own and partially lease on premises in California which are owned by the taxpayer energy conservation measures from a utility or other lessor shall receive a tax credit as provided in subparagraph (A) or (B).

(A) Except as provided in subparagraph (B), the credit provided by this paragraph shall equal 40 percent of the cost (as defined in paragraph (7)) of the purchased portion and 40 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the energy conservation tax credit terminates, whichever occurs first. For

energy conservation measures which are installed on or after August 1, 1983, the percentage specified in the preceding sentence shall be 35 percent (in lieu of 40 percent). The credit shall not exceed one thousand five hundred dollars ($1,500) for each premises.

(B) In the case of premises, other than dwellings, on which the cost (as defined in paragraph (7)) incurred by the lessor exceeds six thousand dollars ($6,000), the credit provided by this paragraph shall equal 25 percent of the cost (as defined in paragraph (7)) of the purchased portion and 25 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the energy conservation tax credit terminates, whichever occurs first.

(6) For purposes of computing the credit provided by this section and the basis of the property, the cost of any energy conservation measure eligible for the credit provided by this section shall be reduced by the amount of any grant or any nonreimbursable financial assistance (other than interest charges) provided by a utility or a public entity.

(7) For the purposes of computing the credit provided by this section, "cost" shall include installation charges, but shall exclude interest charges. In the case of measures which are leased, "cost" shall mean the principal recovery portion of monthly lease payments. "Principal recovery portion" means the cost incurred by the lessor in acquiring the energy conservation measures but does not include interest charges, sales taxes, or maintenance expenses.

(b) The basis of any system for which a credit is allowed shall be reduced by the amount of the credit. The basis adjustment shall be made for the income year for which the credit is allowed.

In the case of a partnership, the energy conservation tax credit may be divided between the partners pursuant to a written partnership agreement.

(c) In the case where the credit allowed under this section exceeds the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for the income year, that portion of the credit which exceeds such taxes may be carried over to the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) in succeeding income years, with respect to which this section shall remain in effect for purposes of carrying over excess credit until such credit is used. The credit shall be applied first to the earliest years possible. With regard to energy conservation measures installed between August 1, 1983, and December 31, 1983, no more than 50 percent of the allowable credits under this section shall be applied against the taxpayer's "net tax" for the 1983 income year. The remaining portion of the credit shall be carried over to succeeding income years until that credit is used.

(d) The Energy Resources Conservation and Development Commission shall, after one or more public hearings, adopt regulations which establish minimum standards which any item of a

generic category of energy conservation measure, as defined by this section, must meet to be eligible for an energy conservation tax credit. Such standards shall include minimum provisions for effectiveness, safety and consumer protection which are consistent with standards established pursuant to the National Energy Conservation Policy Act and other applicable federal and state law. The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section. Regulations adopted by the Energy Resources Conservation and Development Commission and the Franchise Tax Board, pursuant to this section, shall be in language which is easily understood by the general public.

(e) (1) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of energy conservation measures in dwelling units, then to the extent such credit is allowed or allowable for an energy conservation measure as defined in this section, the state credit provided in paragraph (2) of subdivision (a) shall be reduced so that the combined effective credit shall not exceed either 40 percent or 35 percent, as provided in paragraph (2) and subparagraph (A) of paragraph (5) of subdivision (a), of the costs, notwithstanding the carryover provisions of subdivision (c).

(2) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of energy conservation measures in other than dwelling units, then to the extent such credit is allowed or allowable for an energy conservation measure as defined in this section, the state credit provided in paragraphs (2) and (3) of subdivision (a) shall be reduced by the amount of such federal credit.

(f) The following definitions govern construction of this section:

(1) "Installed" means placed in position in a functionally operative state.

(2) "Owner" includes duly recorded holders of legal title, lessees with at least three years remaining on their lease, a person purchasing premises under a contract of sale, or who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy to the premises, a person who is a member of a nonprofit corporation or association which is a duly recorded holder of legal title, or a person who is a member of a nonprofit corporation or association which is a lessee with at least three years remaining on its lease.

(3) "Premises" means land, buildings, or mobilehomes.

(C) An external water heater insulation blanket.

(D) Low flow devices on all accessible shower heads.

(E) Caulking or sealing of all major cracks and joints and other openings in building exteriors to reduce the loss of heated or cooled air or the entry of outside air where feasible, and sealing of wall outlets.

Energy conservation measures in the generic categories of subparagraphs (A), (B), (C), (D), (E), and (F) installed in premises other than multifamily dwelling units, and (K) installed in any premises, shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for income years which begin after December 31, 1986.

Any unused credit may be used beyond the date specified on the same basis and to the same extent as permitted under the law in effect immediately prior to that date.

(6) The energy conservation tax credit provided by this section shall also apply to the cost of conducting energy audits and engineering feasibility studies resulting therefrom.

Thereafter, for each succeeding Assembly district, the group of delegates appearing first in the last preceding Assembly district shall be placed last, the order of the other group of delegates remaining unchanged.

(c) Notwithstanding Section 10220, in the case of delegate

In addition, in printing the Democratic presidential primary portion of the ballot, the clerk shall not be required to rotate the groups of delegate candidates by precincts, and, in the case of the use of ballot cards, may split a group of candidates if the group cannot be accommodated on one ballot card.

(2) If more than one pair of facing pages is used or if more than one ballot card is used in the printing of the presidential portion of the ballot, the clerk shall cause the ballot to be marked so as to indicate that delegate candidates are contained on the following page or pages.

CHAPTER 1167

An act to amend Sections 396b, 430.80, 431.10, 436, 472a, 581, 586, 589, and 658 of the Code of Civil Procedure, relating to civil procedure.

[Approved by Governor September 28, 1983 Filed with Secretary of State September 28, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 396b of the Code of Civil Procedure is amended to read:

396b. (a) Except as otherwise provided in Section 396a, if an action or proceeding is commenced in a court having jurisdiction of the subject matter thereof, other than the court designated as the proper court for the trial thereof, under the provisions of this title, the action may, notwithstanding, be tried in the court where commenced, unless the defendant, at the time he or she answers, demurs, or moves to strike, or, at his or her option, without answering, demurring, or moving to strike and within the time otherwise allowed to respond to the complaint, files with the clerk, or with the judge if there is no clerk, a notice of motion for an order transferring the action or proceeding to the proper court, together with proof of service, upon the adverse party, of a copy of such papers. Upon the hearing of the motion the court shall, if it appears that the action or proceeding was not commenced in the proper court, order the action or proceeding transferred to the proper court.

(b) In its discretion, the court may order the payment to the prevailing party of reasonable expenses and attorney's fees incurred in making or resisting the motion to transfer whether or not that party is otherwise entitled to recover his or her costs of action. In determining whether such order for expenses and fees shall be made, the court shall take into consideration (1) whether an offer to stipulate to change of venue was reasonably made and rejected, and (2) whether the motion or selection of venue was made in good faith given the facts and law the party making the motion or selecting the venue knew or should have known. As between the party and his or her attorney, such expenses and fees shall be the personal liability of the attorney not chargeable to the party.

(c) The court in a proceeding for dissolution of marriage or legal separation, may, prior to the determination of the motion to transfer, consider and determine motions for allowance of temporary alimony, support of children, counsel fees and costs, and make all necessary and proper orders in connection therewith.

(d) In any case, if an answer is filed, the court may consider opposition to the motion to transfer, if any, and may retain the action in the county where commenced if it appears that the convenience of the witnesses or the ends of justice will thereby be promoted.

(e) If the motion to transfer is denied, the court shall allow the defendant time to move to strike, demur, or otherwise plead if the defendant has not previously filed a response.

SEC. 2. Section 430.80 of the Code of Civil Procedure is amended to read:

430.80. (a) If the party against whom a complaint or cross-complaint has been filed fails to object to the pleading, either by demurrer or answer, that party is deemed to have waived the objection unless it is an objection that the court has no jurisdiction of the subject of the cause of action alleged in the pleading or an objection that the pleading does not state facts sufficient to constitute a cause of action.

(b) If the party against whom an answer has been filed fails to demur thereto, that party is deemed to have waived the objection unless it is an objection that the answer does not state facts sufficient to constitute a defense.

SEC. 3. Section 431.10 of the Code of Civil Procedure is amended to read:

431.10. (a) A material allegation in a pleading is one essential to the claim or defense and which could not be stricken from the pleading without leaving it insufficient as to that claim or defense.

(b) An immaterial allegation in a pleading is any of the following:

(1) An allegation that is not essential to the claim or defense.

(2) An allegation that is not pertinent to or supported by an otherwise sufficient claim or defense.

(3) A demand for judgment requesting relief not supported by the allegations of the complaint or cross-complaint.

(c) An "immaterial allegation" means "irrelevant matter" as that term is used in Section 436.

SEC. 4. Section 436 of the Code of Civil Procedure is amended to read:

436. The court may, upon a motion made pursuant to Section 435, or at any time in its discretion, and upon terms it deems proper:

(a) Strike out any irrelevant, false, or improper matter inserted in any pleading.

(b) Strike out all or any part of any pleading not drawn or filed in conformity with the laws of this state, a court rule, or an order of the court.

SEC. 5. Section 472a of the Code of Civil Procedure is amended to read:

472a. (a) A demurrer is not waived by an answer filed (or entered in the docket in the justice court) at the same time.

(b) Except as otherwise provided by rule adopted by the Judicial Council, when a demurrer to a complaint or to a cross-complaint is overruled and there is no answer filed (or entered), the court shall allow an answer to be filed (or entered) upon such terms as may be just. If a demurrer to the answer is overruled, the action shall proceed as if no demurrer had been interposed, and the facts alleged in the answer shall be considered as denied to the extent mentioned

in Section 431.20.

(c) When a demurrer is sustained, the court may grant leave to amend the pleading and shall fix the time within which the amendment or amended pleading shall be filed, or entered in the docket.

(d) When a motion to strike is granted pursuant to Section 436, the court may order that an amendment or amended pleading be filed upon terms it deems proper. When a motion to strike a complaint or cross-complaint, or portion thereof, is denied, the court shall allow the party filing the motion to strike to file an answer.

SEC. 6. Section 581 of the Code of Civil Procedure is amended to read:

581. An action may be dismissed in the following cases:

1. By plaintiff, by written request to the clerk, filed with the papers in the case, or by oral or written request to the judge where there is no clerk, at any time before the actual commencement of trial, upon payment of the costs of the clerk or judge; provided, that affirmative relief has not been sought by the cross-complaint of the defendant, and provided further that there is no motion pending for an order transferring the action to another court under the provisions of Section 396b. A trial shall be deemed to be actually commenced at the beginning of the opening statement of the plaintiff or his counsel, and if there shall be no opening statement, then at the time of the administering of the oath or affirmation to the first witness, or the introduction of any evidence.

2. By either party, upon the written consent of the other. No dismissal mentioned in subdivisions 1 and 2 of this section shall be granted unless upon the written consent of the attorney of record of the party or parties applying therefor, or if such consent is not obtained upon order of the court after notice to such attorney.

3. By the court, when either party fails to appear on the trial and the other party appears and asks for the dismissal, or when a demurrer is sustained without leave to amend, or when, after a demurrer to the complaint has been sustained with leave to amend, the plaintiff fails to amend it within the time allowed by the court, or a motion to strike the whole of the complaint is granted without leave to amend, or a motion to strike the whole of a complaint or portion thereof is granted with leave to amend and the plantiff fails to amend within the time allowed by the court, and either party moves for such dismissal.

4. By the court, with prejudice to the cause, when upon the trial and before the final submission of the case, the plaintiff abandons it.

5. The provisions of subdivision 1, of this section shall not prohibit a party from dismissing with prejudice, either by written request to the clerk or oral or written request to the judge, as the case may be, any cause of action at any time before decision rendered by the court. Provided, however, that no such dismissal with prejudice shall have the effect of dismissing a cross-complaint filed in said action. Dismissals without prejudice may be had in either of the manners

provided for in subdivision 1 of this section, after actual commencement of the trial, either by consent of all of the parties to the trial or by order of court on showing of just cause therefor.

6. By the court without prejudice when no party appears for trial following 30 days notice of time and place for trial.

SEC. 7. Section 586 of the Code of Civil Procedure is amended to read:

586. In the following cases the same proceedings shall be had, and judgment shall be rendered in the same manner, as if the defendant had failed to answer:

1. If the complaint has been amended, and the defendant fails to answer it, as amended, or demur thereto, or file a notice of motion to strike, of the character specified in Section 585, within 30 days after service thereof or within the time allowed by the court.

2. If the demurrer to the complaint is overruled and a motion to strike, of the character specified in Section 585, is denied, or where only one thereof is filed, if the demurrer is overruled or the motion to strike is denied, and the defendant fails to answer the complaint within the time allowed by the court.

3. If a motion to strike, of the character specified in Section 585, is granted in whole or in part, and the defendant fails to answer the unstricken portion of the complaint within the time allowed by the court, no demurrer having been sustained or being then pending.

4. If a motion to quash service of summons or to stay or dismiss, the action has been filed or writ of mandate sought and notice thereof given, as provided in Section 418.10, and upon denial of such motion or writ, defendant fails to respond to the complaint, within the time provided in such section or as otherwise provided by law.

5. If the demurrer to the answer is sustained and the defendant fails to amend the answer within the time allowed by the court.

6. (a) If a motion to transfer pursuant to Section 396b is denied and the defendant fails to respond to the complaint within the time allowed by the court pursuant to subdivision (e) of Section 396b or within the time provided in subdivision (c).

(b) If a motion to transfer pursuant to Section 396b is granted and the defendant fails to respond to the complaint within 15 days of the mailing of notice of the filing and case number by the clerk of the court to which the action or proceeding is transferred or within the time provided in subdivision (c).

(c) If the order granting or denying a motion to transfer pursuant to Section 396a or 396b is the subject of an appeal pursuant to Section 904.2 or 904.3 in which a stay is granted or of a mandate proceeding pursuant to Section 400, the court having jurisdiction over the trial, upon application or on its own motion after such appeal or mandate proceeding becomes final or upon earlier termination of a stay, shall allow the defendant a reasonable time to respond to the complaint. Notice of the order allowing the defendant further time to respond to the complaint shall be promptly served by the party who obtained such order or by the clerk if the order is made on the court's own

motion.

(d) For the purposes of this section, "to respond" means: to answer, to demur, or to move to strike.

7. If a motion to strike the answer in whole, of the character specified in Section 585, is granted without leave to amend, or if a motion to strike the answer in whole or in part, of the character specified in Section 585, is granted with leave to amend and the defendant fails to amend the answer within the time allowed by the court.

SEC. 8. Section 589 of the Code of Civil Procedure is amended to read:

589. An issue of law arises:

(a) Upon a demurrer to the complaint, cross-complaint, or answer, or to some part thereof.

(b) Upon a motion to strike made pursuant to Section 435, 436, or 473.

658. When the application is made for a cause mentioned in the first, second, third and fourth subdivisions of Section 657, it must be made upon affidavits; otherwise it must be made on the minutes of the court.

If both proposals are presented as a single ballot proposition, the proposed local agency shall not be created, and the special tax shall not take effect, unless the proposition is approved by two-thirds of

the voters voting upon the proposition.

SEC. 2. Section 1769 is added to the Health and Safety Code, to read:

1769. (a) The Legislature finds and declares that a threat to public health and safety exists whenever there is a need for emergency services and that entities and emergency rescue personnel should be encouraged to provide emergency services. To that end, a qualified immunity from liability shall be provided for public entities and emergency rescue personnel providing emergency services.

(b) Except as provided in Article 1 (commencing with Section 17000) of Chapter 1 of Division 9 of the Vehicle Code, neither a public entity nor emergency rescue personnel shall be liable for any injury caused by an action taken by emergency rescue personnel acting within the scope of their employment to provide emergency services, unless the action taken was performed in bad faith or in a grossly negligent manner.

SEC. 3. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

The contributions shall be collected in the same manner and at the same time as any contributions required under Section 977 or 978.

This section shall remain in effect only until January 1, 1987, and on that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1987, deletes or extends that date.

The employer may appeal from a ruling or reconsidered ruling to a referee within 20 days after mailing or personal service of notice of the ruling or reconsidered ruling. The 20-day period may be

extended for good cause, which shall include, but not be limited to, mistake, inadvertence, surprise, or excusable neglect. The director shall be an interested party to any appeal. The department may for good cause reconsider any ruling or reconsidered ruling within either five days after an appeal to a referee is filed or, if no appeal is filed, within 20 days after mailing or personal service of the notice of the ruling or reconsidered ruling.

1110. (a) Employer contributions required under Sections 976 and 976.5, 976.6 and, except as provided by subdivision (b) of this section, worker contributions required under Section 984 are due and payable on the first day of the calendar month following the close of each calendar quarter and shall become delinquent if not paid on or before the last day of such month.

(b) What plan, if any, for return of the child is recommended to the court by the county welfare department or probation officer.

(c) Whether the best interests of the minor will be served by granting reasonable visitation rights with the minor to his or her grandparents, in order to maintain and strengthen the minor's family relationships.

(p) To the county mental health director or the director's designee, or to a law enforcement officer, or to the person designated by a law enforcement agency, pursuant to Sections 5152.1 and 5250.1.

(q) If the patient gives his or her consent, information specifically pertaining to the existence of genetically handicapping conditions, as defined in Section 341.5 of the Health and Safety Code, may be released to qualified professional persons for purposes of genetic counseling for blood relatives upon request of the blood relative. For purposes of this subdivision, "qualified professional persons" means those persons with the qualifications necessary to carry out the genetic counseling duties under this subdivision as determined by the genetic disease unit established in the State Department of Health Services under Section 309 of the Health and Safety Code. If the patient does not respond or cannot respond to a request for permission to release information pursuant to this subdivision after reasonable attempts have been made over a two-week period to get a response, the information may be released upon request of the blood relative

The amendment of subdivision (d) enacted at the 1970 Regular Session of the Legislature does not constitute a change in, but is declaratory of, the preexisting law.

SEC. 2. Section 5328.1 of the Welfare and Institutions Code is amended to read:

5328.1. (a) Upon request of a member of the family of a patient, or other person designated by the patient, a public or private treatment facility shall give the family member or the designee notification of the patient's diagnosis, the prognosis, the medications prescribed, the side effects of medications prescribed, if any, and the progress of the patient, if, after notification of the patient that this information is requested, the patient authorizes its disclosure. If, when initially informed of the request for notification, the patient is unable to authorize the release of such information, notation of the attempt shall be made into the patient's treatment record, and daily efforts shall be made to secure the patient's consent or refusal of authorization. However, if a request for information is made by the spouse, parent, child, or sibling of the patient and the patient is unable to authorize the release of such information, the requester shall be given notification of the patient's presence in the facility, except to the extent prohibited by federal law.

(b) Upon the admission of any mental health patient to a 24-hour public or private health facility licensed pursuant to Section 1250 of the Health and Safety Code, the facility shall make reasonable attempts to notify the patient's next of kin or any other person designated by the patient, of the patient's admission, unless the patient requests that this information not be provided. The facility shall make reasonable attempts to notify the patient's next of kin or any other person designated by the patient, of the patient's release, transfer, serious illness, injury, or death only upon request of the family member, unless the patient requests that this information not be provided. The patient shall be advised by the facility that he or she has the right to request that this information not be provided.

(c) No public or private entity or public or private employee shall

be liable for damages caused or alleged to be caused by the release of information or the omission to release information pursuant to this section.

Nothing in this section shall be construed to require photocopying of a patient's medical records in order to satisfy its provisions.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 5328 of the Welfare and Institutions Code proposed by both this bill and AB 1551. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1984, (2) each bill amends Section 5328 of the Welfare and Institutions Code, and (3) this bill is enacted after AB 1551, in which case Section 1 of this bill shall not become operative.

SEC. 4. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 5. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

CHAPTER 1175

An act to amend Sections 14154, 15204.5 and 18906 of the Welfare and Institutions Code, relating to welfare.

[Approved by Governor September 28, 1983 Filed with Secretary of State September 28, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 14154 of the Welfare and Institutions Code is amended to read:

14154. The department shall establish and maintain a plan whereby costs for county administration of the determination of eligibility for benefits under this chapter will be effectively controlled within the amounts annually appropriated for such administration. The plan, to be known as the County Administrative Cost Control Plan, shall establish standards and performance criteria, including workload, productivity and support services standards, to which counties shall adhere. The plan shall be part of a single state plan, jointly developed by the department and the State Department of Social Services, in conjunction with the counties, for administrative cost control for the Aid to Families with Dependent

Children (AFDC), Food Stamp, and Medical Assistance (Medi-Cal) programs. Allocations shall be made to each county and shall be limited by and determined based upon the County Administrative Cost Control Plan. In administering the plan to control county administrative costs, the department shall not allocate state funds to cover county cost overruns which result from county failure to meet requirements of the plan. The department and the State Department of Social Services shall budget, administer and allocate state funds for county administration in a uniform and consistent manner.

Nothing in the provisions of this section, Section 15204.5, or Section 18906 shall be construed so as to limit the administrative or budgetary responsibilities of the department in a manner which would violate Section 14100.1, and thereby jeopardize federal financial participation under the Medi-Cal program.

SEC. 2. Section 15204.5 of the Welfare and Institutions Code is amended to read:

15204.5. The department shall establish and maintain a plan whereby costs for county administration of the payment of aid grants under this part will be effectively controlled within the amounts annually appropriated for such administration. The plan, to be known as the County Administrative Cost Control Plan, shall establish standards and performance criteria, including workload, productivity and support services standards, to which counties shall adhere. The plan shall be part of a single state plan, jointly developed by the department and the State Department of Health Services, in conjunction with the counties, for administrative cost control for the Aid to Families with Dependent Children (AFDC), Food Stamp, and Medical Assistance (Medi-Cal) programs. Allocations shall be made to each county and shall be limited by and determined based upon the County Administrative Cost Control Plan. In administering the plan to control county administrative costs, the department shall not allocate state funds to cover county cost overruns which result from county failure to meet requirements of the plan. The department and the State Department of Health Services shall budget, administer, and allocate state funds for county administration in a uniform and a consistent manner.

SEC. 3. Section 18906 of the Welfare and Institutions Code is amended to read:

18906. The department shall establish and maintain a plan whereby costs for county administration of food stamps under this chapter will be effectively controlled within the amounts annually appropriated for such administration. The plan, to be known as the County Administrative Cost Control Plan, shall establish standards and performance criteria, including workload, productivity and support services standards, to which counties shall adhere. The plan shall be part of a single state plan, jointly developed by the department and the State Department of Health Services, for administrative cost control for the Aid to Families with Dependent

Children (AFDC), Food Stamp, and Medical Assistance (Medi-Cal) programs. Allocations shall be made to each county and shall be limited by and determined based upon the County Administrative Cost Control Plan. In administering the plan to control county administrative costs, the department shall not allocate state funds to cover county cost overruns which result from county failure to meet requirements of the plan. The department and the State Department of Health Services shall budget, administer, and allocate state funds for county administration in a uniform and consistent manner.

CHAPTER 1176

An act to amend Section 7155.3 of, to repeal Section 7150.1 of, and to add Sections 7150.1, 7150.2, 7150.3, 7150.4, 7504, 7505, 7506, 7507, and 7508 to, the Financial Code, relating to loans.

[Approved by Governor September 28, 1983. Filed with Secretary of State September 28, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Section 7150.1 of the Financial Code is repealed.

SEC. 2. Section 7150.1 is added to the Financial Code, to read:

7150.1. Notwithstanding any other provision of law, an association may adjust the interest rate, payment, balance, or term-to-maturity on any loan secured by real property as authorized by the loan contract, subject to the limitations of subdivision (b) and Section 341 of P.L. 97-320 (H.R. 6267, the Garn-St. Germain Depository Institutions Act of 1982).

(a) For the purposes of this section:

(1) "Fully amortized loan" means a loan in which, at inception of the loan, the entire principal balance, together with accrued interest, shall be payable within the scheduled term of the loan in substantially equal installments (excepting the last payment, which may be smaller than a regular scheduled payment).

(2) "Home loans" means loans made on the security of one- to four-unit residential dwellings (including condominiums and cooperatives), combinations of such dwellings and business property (where no more than 20 percent of the total appraised value of the real estate is attributable to the business use), farm residences and combinations of farm residences and commercial farm real property.

(3) "Nonamortized loan" means a loan in which none of the principal balance shall be payable prior to the maturity of the loan.

(4) "Open-end line of credit" means a loan plan in which the association reasonably contemplates repeated transactions; the association may impose interest from time to time on the unpaid principal of the loan plan, and the amount of credit that may be

extended to the borrower during the term of the loan plan (up to any limit set by the association) is generally made available to the extent that any outstanding principal balance is repaid.

(5) "Partially amortized loan" means a loan in which some but not all of the principal balance, together with accrued interest, shall be payable prior to the maturity of the loan.

(6) "Reverse annuity mortgage" means an instrument which provides for periodic payments to be made to a homeowner based on accumulated equity. The payments are made monthly directly by the association, or are made through the purchase of an annuity from an insurance company. The loan becomes due on a specified date after disbursement of the entire principal amount of the loan or when a specified event occurs, such as sale of the property or death of the borrower. The interest rate on this instrument may be fixed, or may be adjusted periodically as provided by this section.

(b) Adjustments to the interest rate, payment, balance, or term-to-maturity on home loans shall be subject to the limitations of this subdivision.

(1) The loan term shall not exceed 40 years, with interest payable at least semiannually, except as expressly authorized by this section.

(2) The loan balance for other than nonamortized and open-end line of credit loans shall be repayable in at least semiannual installments; provided, that loans on the security of farm residences and combinations of farm residences and commercial farm real property may be repayable in annual installments.

(3) The loan may be fully amortized, partially amortized, nonamortized, a reverse annuity mortgage, or an open-end line of credit loan. The loan contract may provide for the deferral of principal and capitalization of a portion of interest, or of all interest, in the case of loans to natural persons secured by borrower-occupied real property and on which periodic advances are being made.

(4) (A) At origination, the loan balance may not exceed the maximum loan-to-value ratio allowable under the provisions of this division. During the term of the loan, the loan-to-value ratio may increase above the maximum percentage otherwise permissible if the increase results from an adjustment described in paragraph (3) or (5). The commissioner shall assume continued compliance with applicable loan-to-value limitations where the original loan-to-value ratio met the requirements of this paragraph (4), but in no event may the loan balance exceed 125 percent of the original appraised value of the security property during the term of the loan unless pursuant to clause (i) of subparagraph (B) of paragraph (5) of subdivision (b) or unless the loan contract provides that the payment shall be adjusted at least once every five years, beginning no later than the 10th year of the loan, to a level sufficient to amortize the loan at the then existing interest rate and loan balance over the remaining term of the loan.

(B) If, at maturity of a loan secured by a home that provides for adjustments pursuant to paragraph (3) or (5), the ratio of the loan

balance to the current market value of the security property exceeds the maximum permissible amount, the association may offer to refinance the loan if: (i) that portion of the unpaid balance of the refinanced loan that exceeds 80 percent of the property's value is insured or guaranteed by a mortgage insurance company that the Federal Home Loan Mortgage Corporation has determined to be a "qualified private insurer"; provided, however, that any unpaid loan balance secured by a pledged savings account shall not be required to be guaranteed or insured under this provision; and (ii) the loan contract for the refinanced loan requires that, in addition to full or partial amortization of the loan, the pro rata portion, based on the number of installments due annually, of estimated annual taxes and assessments on the security property be paid in advance to the association with each installment payment.

(5) For any home loan secured by borrower-occupied property, adjustments to the interest rate, payment, balance, or term-to-maturity shall comply with the limitations of this paragraph.

(A) Adjustments to the interest rate shall correspond directly to the movement of an interest-rate index or of a national or regional index that measures the rate of inflation or the rate of change in consumer disposable income, which index is readily available to, and verifiable by, the borrower and is beyond the direct control of the association. An association also may increase the interest rate pursuant to a formula or schedule that specifies the amount of the increase and the time at which it may be made and which is set forth in the loan contract. An association, in its sole discretion, may decrease the interest rate at any time.

(B) Adjustments to the payment and the loan balance that do not reflect an interest rate adjustment may be made if: (i) the adjustments reflect a change in a national or regional index that measures the rate of inflation or the rate of change in consumer disposable income, is readily available to and verifiable by the borrower, and is beyond the direct control of the association; (ii) in the case of a payment adjustment, the adjustment reflects a change in the loan balance or is made pursuant to a formula, or to a schedule specifying the percentage or dollar change in the payment as set forth in the loan contract; or (iii) in the case of an open-end line of credit loan, the adjustment reflects an advance taken by the borrower under the line of credit, or a payment made by the borrower, that is permitted by the loan contract.

(C) Any combination of indices or a moving average of index values may be used as an index, and an association (i) may use more than one index during the term of a loan, if set forth in the loan contract and (ii) may provide for the selection of a substitute index by the association in the event the index being used is no longer available to or verifiable by the borrower or as otherwise provided in the loan contract.

(D) At least 30 but not more than 120 days prior to an adjustment to the interest rate, payment, balance, or term-to-maturity, and at

least 90 but not more than 120 days prior to the expected maturity of a nonamortizing or partially amortizing loan (including a loan with a "call" provision pursuant to subparagraph (E) of paragraph (5) of subdivision (b)), an association shall provide the borrower with notice of the adjustment or of maturity. However, where the loan contract provides that changes in the interest rate shall occur more frequently than changes in the payment, the association need not notify the borrower of changes in the interest rate, or of changes in the loan balance or term resulting from an interest rate change, until notice of a payment adjustment is given. (For purposes of notification, a payment adjustment is considered to occur as of the date of the interest rate change immediately preceding the due date of the adjusted payment.) In addition, where the loan contract sets out a schedule of interest or payment adjustments, notice need not be given of interest or payment changes made pursuant to that schedule. In the case of an open-end line of credit loan, notice of an adjustment to the payment or the balance need not be given if the adjustment reflects advances taken by the borrower under the line of credit, payments made by the borrower, or interest rate changes and notice of a change in the interest rate permitted by the loan contract need not be given.

(E) The loan term may be adjusted only to reflect a change in the interest rate, the payment, or the loan balance. A loan contract may provide an association with the right to call the loan due and payable either after a specified period of time has elapsed following the date of the loan contract or as specified in a reverse annuity mortgage.

(6) Not later than three business days following receipt of a written application an association shall disclose to each applicant for a home loan made pursuant to the provisions of this section and which is secured by property occupied by the borrower the information specified by this paragraph. These disclosures shall be provided for all such loans that are directly originated by the association, for loans purchased from an affiliate (as defined in 12 C.F.R. Sec. 583.15), and for loans purchased from an unaffiliated entity pursuant to a written agreement to purchase loans not yet originated. The disclosures shall be in one or more documents other than the loan documents and shall be in plain language. The purpose of this disclosure requirement is to insure full understanding of the operation of the loan for which the individual is applying. The disclosures do not constitute a commitment on the part of an association to make a loan to the applicant. The disclosure material provided to an applicant shall include at least all of the following information as is relevant to the type of loan being offered:

(A) Whether the loan contract contains a due-on-sale clause and, if so, what rights the association has under the clause.

(B) A statement about whether the loan contract authorizes the imposition of a late charge or a prepayment charge and, if so, the amount of the charge or the manner in which it is to be determined. If the amount of the charge may vary over the term of the loan, the

association shall indicate the approximate minimum and maximum amounts that may be imposed for a loan of the same type and with an initial balance comparable to that of the borrower.

(C) If the loan contract provides for impound payments relating to the security property, a statement explaining the purpose of requiring impound payments, how the amount of the impound payments is established, and the rights of the association if the borrower fails to pay the impound payments.

(D) The term-to-maturity, if known, or the manner in which the term will be established.

(E) The initial interest rate, if known, or the manner in which the initial interest rate will be established.

(F) The amount of the initial payment, if known, and an explanation of how the amount of the payment is determined by reference to the initial loan balance, the interest rate, and the term over which the balance is scheduled to be repaid.

(G) If the interest rate, the payment, the loan balance, or the term-to-maturity may be adjusted, a full explanation of how the adjustments may be made, including identification of the index or indices to be used, and how index values may be obtained by the borrower, and how the adjustment of one item may affect the others.

(H) What information will be contained in each notice of an adjustment and, in the case of a nonamortized or partially amortized loan (including a loan giving the association the right to call the loan due and payable after a specified period of time has elapsed following the date of the loan contract or as specified in a reverse annuity mortgage), in the notice of maturity, and how far in advance of an adjustment or maturity each notice will be provided.

(I) A description of all contractual contingencies, other than those arising from the borrower's breach or nonperformance of an obligation under the loan contract, under which the loan may become due or which may result in a forced sale of the home.

(J) In the case of a nonamortized or partially amortized loan, unless the association unconditionally obligates itself to refinance the loan, a statement that a large payment will be due at maturity of the loan and that the association is under no obligation to refinance the loan; if the loan gives the association the right to call the loan due and payable after a specified period of time has elapsed following the date of the loan contract or upon the occurrence of a specified event external to the loan, a statement that a large payment may be due at such time and that the association is not obligated to refinance the loan.

(K) An example of the interaction of all variable features of the loan over any period of time.

(7) For any home loan secured by borrower-occupied property and on which the interest rate may be adjusted pursuant to paragraph (5), an association may not impose a prepayment charge on any prepayment made within 90 days of a required notice of an interest rate increase with respect to the loan.

(8) If federal law or regulation governing home loans originated by federally chartered savings and loan associations is repealed or revised in any manner which renders it other than technically or nonsubstantively more restrictive and limited in scope than the provisions of this section, as determined in a finding by the commissioner, then the provisions of this section shall also be so restricted, within one year from the date of the finding, by regulations adopted by the commissioner pursuant to Section 5500.5.

SEC. 3. Section 7150.2 is added to the Financial Code, to read:

7150.2. Notwithstanding any other provision of law, loans (including construction loans) on the security of real property for primarily residential use (other than a one- to four-unit dwelling) or the security of real property for primarily nonresidential use shall be subject to the limitations of this section.

(a) The loan term shall not exceed 30 years, except for nonamortized loans, which shall be repayable within five years, and except for construction loans, which shall be repayable within six years.

(b) Interest shall be payable at least semiannually, except to the extent that the loan contract provides for the deferral and capitalization of interest.

(c) At origination, the loan-to-value ratio may not exceed the maximum permitted for that class of loans, as determined by the association's board of directors (but not more than 100 percent). During the term of the loan, the loan-to-value ratio may increase above the maximum permissible percentage if the increase results from the deferral and capitalization of interest, but at no time during the loan term may the ratio of the loan balance to the initial appraised value of the security property exceed 100 percent as a result of the deferral and capitalization of interest.

(d) An association's aggregate investment in real property loans for primarily nonresidential use under this section shall not exceed 40 percent of assets.

SEC. 4. Section 7150.3 is added to the Financial Code, to read:

7150.3. Notwithstanding any other provision of law, an association may make a loan secured by an assignment of a loan or loans to the extent that it could, under applicable law and regulations, make or purchase the underlying assigned loan or loans.

SEC. 5. Section 7150.4 is added to the Financial Code, to read:

7150.4. Notwithstanding any other provision of law, an association may make single family dwelling loans on the security of building lots or sites for construction of the borrower's principal residence, as evidenced by the borrower's certification of intention that the property will be so used. The loan-to-value ratio of the loans shall not exceed that approved for loans of a similar type by the association's board of directors (but not to exceed 100 percent) and shall be repayable within 15 years, with interest payable at least semiannually.

SEC. 6. Section 7155.3 of the Financial Code is amended to read:

7155.3. In addition to loans in which it may invest under other provisions of the law, an association may invest an amount not exceeding 5 percent of its assets in loans, advances of credit, and interests therein, secured by real property for primarily residential use or real property used or to be used for commercial farming, which are not otherwise authorized under this division. Home loans (as defined in Section 7150.1) made under this authority shall conform to the notice and disclosure requirements of subparagraph (D) of paragraph (5) of subdivision (b) and paragraph (6) of subdivision (b) of Section 7150.1, when such loans contain provisions for adjustment of interest rate, payment, balance or term to maturity.

SEC. 7. Section 7504 is added to the Financial Code, to read:

7504. Notwithstanding any other provision of law, an association may adjust the interest rate, payment, balance, or term-to-maturity on any loan secured by real property as authorized by the loan contract, subject to the limitations of subdivision (b) and Section 341 of P.L. 97-320 (H.R. 6267, the Garn-St. Germain Depository Institutions Act of 1982).

(a) For the purposes of this section:

(1) "Fully amortized loan" means a loan in which, at inception of the loan, the entire principal balance, together with accrued interest, shall be payable with the scheduled term of the loan in substantially equal installments (excepting the last payment, which may be smaller than a regular scheduled payment).

(2) "Home loans" means loans made on the security of one- to four-unit residential dwellings (including condominiums and cooperatives), combinations of such dwellings and business property (where no more than 20 percent of the total appraised value of the real estate is attributable to the business use), farm residences and combinations of farm residences and commercial farm real property.

(3) "Nonamortized loan" means a loan in which none of the principal balance shall be payable prior to the maturity of the loan.

(4) "Open-end line of credit" means a loan plan in which the association reasonably contemplates repeated transactions; the association may impose interest from time to time on the unpaid principal of the loan plan, and the amount of credit that may be extended to the borrower during the term of the loan plan (up to any limit set by the association) is generally made available to the extent that any outstanding principal balance is repaid.

(5) "Partially amortized loan" means a loan in which some but not all of the principal balance, together with accrued interest, shall be payable prior to the maturity of the loan.

(6) "Reverse annuity mortgage" means an instrument which provides for periodic payments to be made to a homeowner based on accumulated equity. The payments are made monthly directly by the association, or are made through the purchase of an annuity from an insurance company. The loan becomes due on a specified date after disbursement of the entire principal amount of the loan or

when a specified event occurs, such as sale of the property or death of the borrower. The interest rate on this instrument may be fixed, or may be adjusted periodically as provided by this section.

(b) Adjustments to the interest rate, payment, balance, or term-to-maturity on home loans shall be subject to the limitations of this subdivision.

(1) The loan term shall not exceed 40 years, with interest payable at least semiannually, except as expressly authorized by this section.

(2) The loan balance for other than nonamortized and open-end line of credit loans shall be repayable in at least semiannual installments; provided, that loans on the security of farm residences and combinations of farm residences and commercial farm real property may be repayable in annual installments.

(3) The loan may be fully amortized, partially amortized, nonamortized, a reverse annuity mortgage, or an open-end line of credit loan. The loan contract may provide for the deferral of principal and capitalization of a portion of interest, or of all interest, in the case of loans to natural persons secured by borrower-occupied real property and on which periodic advances are being made.

(A) At origination, the loan balance may not exceed the maximum loan-to-value ratio allowable under the provisions of this division. During the term of the loan, the loan-to-value ratio may increase above the maximum percentage otherwise permissible if the increase results from an adjustment described in paragraph (3) or (5). The commissioner shall assume continued compliance with applicable loan-to-value limitations where the original loan-to-value ratio met the requirements of this paragraph, but in no event may the loan balance exceed 125 percent of the original appraised value of the security property during the term of the loan unless pursuant to clause (i) of subparagraph (B) of paragraph (5) of subdivision (b) or unless the loan contract provides that the payment shall be adjusted at least once every five years, beginning no later than the 10th year of the loan, to a level sufficient to amortize the loan at the then existing interest rate and loan balance over the remaining term of the loan.

(B) If, at maturity of a loan secured by a home that provides for adjustments pursuant to paragraph (3) or (5), the ratio of the loan balance to the current market value of the security property exceeds the maximum permissible amount, the association may offer to refinance the loan if (i) that portion of the unpaid balance of the refinanced loan that exceeds 80 percent of the property's value is insured or guaranteed by a mortgage insurance company that the Federal Home Loan Mortgage Corporation has determined to be a "qualified private insurer"; provided, however, that any unpaid loan balance secured by a pledged savings account shall not be required to be guaranteed or insured under this provision, and (ii) the loan contract for the refinanced loan requires that, in addition to full or partial amortization of the loan, the pro rata portion, based on the number of installments due annually, of estimated annual taxes and

assessments on the security property be paid in advance to the association with each installment payment.

(4) For any home loan secured by borrower-occupied property, adjustments to the interest rate, payment, balance, or term-to-maturity shall comply with the limitations of this paragraph.

(A) Adjustments to the interest rate shall correspond directly to the movement of an interest-rate index or of a national or regional index that measures the rate of inflation or the rate of change in consumer disposable income, which index is readily available to, and verifiable by, the borrower and is beyond the direct control of the association. An association also may increase the interest rate pursuant to a formula or schedule that specifies the amount of the increase and the time at which it may be made and which is set forth in the loan contract. An association, in its sole discretion, may decrease the interest rate at any time.

(B) Adjustments to the payment and the loan balance that do not reflect an interest rate adjustment may be made if: (i) the adjustments reflect a change in a national or regional index that measures the rate of inflation or the rate of change in consumer disposable income, is readily available to and verifiable by the borrower, and is beyond the direct control of the association; (ii) in the case of a payment adjustment, the adjustment reflects a change in the loan balance or is made pursuant to a formula, or to a schedule specifying the percentage or dollar change in the payment as set forth in the loan contract; or (iii) in the case of an open-end line of credit loan, the adjustment reflects an advance taken by the borrower under the line of credit, or a payment made by the borrowers, that is permitted by the loan contract.

(C) Any combination of indices or a moving average of index values may be used as an index, and an association (i) may use more than one index during the term of a loan, if set forth in the loan contract and (ii) may provide for the selection of a substitute index by the association in the event the index being used is no longer available to or verifiable by the borrower or as otherwise provided in the loan contract.

(D) At least 30 but not more than 120 days prior to an adjustment to the interest rate, payment, balance, or term-to-maturity, and at least 90 but not more than 120 days prior to the expected maturity of a nonamortizing or partially amortizing loan (including a loan with a "call" provision pursuant to subparagraph (E) of paragraph (5) of subdivision (b)), an association shall provide the borrower with notice of the adjustment or of maturity. However, where the loan contract provides that changes in the interest rate shall occur more frequently than changes in the payment, the association need not notify the borrower of changes in the interest rate, or of changes in the loan balance or term resulting from an interest rate change, until notice of a payment adjustment is given. (For purposes of notification, a payment adjustment is considered to occur as of the date of the interest rate change immediately preceding the due date

of the adjusted payment.) In addition, where the loan contract sets out a schedule of interest or payment adjustments, notice need not be given of interest or payment changes made pursuant to that schedule. In the case of an open-end line of credit loan, notice of an adjustment to the payment or the balance need not be given if the adjustment reflects advances taken by the borrower under the line of credit, payments made by the borrower or interest rate changes and notice of a change in the interest rate permitted by the loan contract need not be given.

(E) The loan term may be adjusted only to reflect a change in the interest rate, the payment or the loan balance. A loan contract may provide an association with the right to call the loan due and payable either after a specified period of time has elapsed following the date of the loan contract or as specified in a reverse annuity mortgage.

(6) Not later than three business days following receipt of a written application an association shall disclose to each applicant for a home loan made pursuant to the provisions of this section and which is secured by property occupied by the borrower the information specified by this paragraph. These disclosures shall be provided for all such loans that are directly originated by the assocation, for loans purchased from an affiliate (as defined in 12 C.F.R., Sec. 583.15), and for loans purchased from an unaffiliated entity pursuant to a written agreement to purchase loans not yet originated. The disclosures shall be in one or more documents other than the loan documents and shall be in plain language. The purpose of this disclosure requirement is to insure full understanding of the operation of the loan for which the individual is applying. The disclosures do not constitute a commitment on the part of an association to make a loan to the applicant. The disclosure material provided to an applicant shall include at least all of the following information as is relevant to the type of loan being offered:

(A) Whether the loan contract contains a due-on-sale clause and, if so, what rights the association has under the clause.

(B) A statement about whether the loan contract authorizes the imposition of a late charge or a prepayment charge and, if so, the amount of the charge or the manner in which it is to be determined. If the amount of the charge may vary over the term of the loan, the association shall indicate the approximate minimum and maximum amounts that may be imposed for a loan of the same type and with an initial balance comparable to that of the borrower.

(C) If the loan contract provides for impound payments relating to the security property, a statement explaining the purpose of requiring impound payments, how the amount of the impound payment is established, and the rights of the association if the borrower fails to pay the impound payments.

(D) The term-to-maturity, if known or the manner in which the term will be established.

(E) The initial interest rate, if known, or the manner in which the initial interest rate will be established.

(F) The amount of the initial payment, if known, and an explanation of how the amount of the payment is determined by reference to the initial loan balance, the interest rate, and the term over which the balance is scheduled to be repaid.

(G) If the interest rate, the payment, the loan balance, or the term-to-maturity may be adjusted, a full explanation of how the adjustments may be made, including identification of the index or indices to be used, and how index values may be obtained by the borrower, and how the adjustment of one item may affect the others.

(H) What information will be contained in each notice of an adjustment and, in the case of a nonamortized or partially amortized loan (including a loan giving the association the right to call the loan due and payable after a specified period of time has elapsed following the date of the loan contract or as specified in a reverse annuity mortgage), in the notice of maturity, and how far in advance of an adjustment or maturity each notice will be provided.

(I) A description of all contractual contingencies, other than those arising from the borrower's breach or nonperformance of an obligation under the loan contract, under which the loan may become due or which may result in a forced sale of the home.

(J) In the case of a nonamortized or partially amortized loan, unless the association unconditionally obligates itself to refinance the loan, a statement that a large payment will be due at maturity of the loan and that the association is under no obligation to refinance the loan; if the loan gives the association the right to call the loan due and payable after a specified period of time has elapsed following the date of the loan contract or upon the occurrence of a specified event external to the loan, a statement that a large payment may be due at such time and that the association is not obligated to refinance the loan.

(K) An example of the interaction of all variable features of the loan over any period of time.

(7) For any home loan secured by borrower-occupied property and on which the interest rate may be adjusted pursuant to paragraph (5), an association may not impose a prepayment charge on any prepayment made within 90 days of a required notice of an interest rate increase with respect to the loan.

(8) If federal law or regulation governing home loans originated by federal savings and loan associations is repealed or revised in any manner which renders it other than technically or nonsubstantively more restrictive and limited in scope than the provisions of this section, as determined in a finding by the commissioner, then the provisions of this section shall also be so restricted, within one year from the date of the finding, by regulations adopted by the commissioner pursuant to Section 8054.

SEC. 8. Section 7505 is added to the Financial Code, to read:

7505. Notwithstanding any other provision of law, loans (including construction loans) on the security of real property for primarily residential use (other than a one- to four-unit dwelling) or

the security of real property for primarily nonresidential use shall be subject to the limitations of this section.

(a) The loan term shall not exceed 30 years, except for nonamortized loans, which shall be repayable within five years, and except for construction loans, which shall be repayable within six years.

(b) Interest shall be payable at least semiannually, except to the extent that the loan contract provides for the deferral and capitalization of interest.

(c) At origination, the loan-to-value ratio may not exceed the maximum permitted for that class of loans, as determined by the association's board of directors (but not more than 100 percent). During the term of the loan, the loan-to-value ratio may increase above the maximum permissible percentage if the increase results from the deferral and capitalization of interest, but at no time during the loan term may the ratio of the loan balance to the initial appraised value of the security property exceed 100 percent as a result of the deferral and capitalization of interest.

(d) An association's aggregate investment in real property loans for primarily nonresidential use under this section shall not exceed 40 percent of assets.

SEC. 9. Section 7506 is added to the Financial Code, to read:

7506. Notwithstanding any other provision of the law, an association may make a loan secured by an assignment of a loan or loans to the extent that it could, under applicable law and regulations, make or purchase the underlying assigned loan or loans.

SEC. 10. Section 7507 is added to the Financial Code, to read:

7507. Notwithstanding any other provision of law, an association may make single-family dwelling loans on the security of building lots or sites for construction of the borrower's principal residence, as evidenced by the borrower's certification of intention that the property will be so used. The loan-to-value ratio of such loans shall not exceed that approved for loans of a similar type by the association's board of directors (but not to exceed 100 percent) and shall be repayable within 15 years, with interest payable at least semiannually.

SEC. 11 Section 7508 is added to the Financial Code, to read:

7508. In addition to loans in which it may invest under other provisions of the law, an association may invest an amount not exceeding 5 percent of its assets in loans, advances of credit and interests therein, secured by real property for primarily residential use or real property used or to be used for commercial farming, which are not otherwise authorized under this division. Home loans (as defined in Section 7504) made under this authority must conform to the notice and disclosure requirements of subparagraph (D) of paragraph (5) of subdivision (b) and paragraph (6) of subdivision (b) of Section 7504, when such loans contain provisions for adjustment of interest rate, payment, balance or term to maturity.

SEC. 12. It is the intent of the Legislature, if this bill and

Assembly Bill 1434 are both chaptered and become effective January 1, 1984, that Sections 7 to 11, inclusive, of this act shall become effective and, in that event, that Sections 2 to 6, inclusive, shall not become effective. If AB 1434 is not chaptered then Sections 2 to 6, inclusive, of this act shall become effective and Sections 7 to 11, inclusive, shall not become effective.

CHAPTER 1177

An act to amend Sections 25805, 25811.5, 25812, and 25813 of, and to add Sections 25810.1, 25812.4, 25812.5, 25812.6, 25812.7, and 25813.5 to, the Health and Safety Code, relating to radioactive waste, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1983 Filed with Secretary of State September 28, 1983]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that certain medical, industrial, and other operations, which generate low-level radioactive waste contribute to the health and safety of the people of California as well as the state economy, that without means for adequate, safe management and disposal of low-level radioactive waste, these operations may be seriously impaired, and that means are necessary to minimize the impact of low-level radioactive waste upon the environment and the public health and safety.

The Legislature further finds and declares that in December, 1980, the Congress enacted the "Low-Level Radioactive Waste Policy Act" (42 U.S.C. Secs. 2021b to 2021d, inclusive, (P.L. 96-573)) establishing as the policy of the federal government that (1) each state is responsible for providing for the availability of capacity either within or outside the state for the disposal of low-level radioactive waste generated within its borders except for waste generated as a result of defense activities of the Secretary of Energy or federal research and defense activity, and (2) low-level radioactive waste can be most safely and efficiently managed on a regional basis.

The Legislature further finds and declares that in enacting Public Law 96-573, the Congress has encouraged the states to enter into those compacts as may be necessary to provide for the establishment and operation of regional disposal facilities for low-level radioactive waste, and the Congress has provided that after January 1, 1986, any compact may restrict the use of regional disposal facilities under the compact to the disposal of low-level radioactive waste generated within the region.

The Legislature further finds and declares that California, virtually alone among the 50 states, is not now a prospective member of a compact, and that California generators of low-level radioactive

waste may, therefore, be excluded from use of disposal facilities in other states upon which they are now totally reliant.

The Legislature further finds and declares that California generators of low-level radioactive waste are in jeopardy of losing access to those disposal sites in other states on which they now rely even prior to the January 1, 1986, date established in Public Law 96-573.

It is the intent of the Legislature, by amendment to the California Radiation Control Law, to establish a legal and regulatory framework which will assure for California generators, the safe management of low-level radioactive wastes, permit and encourage the expeditious establishment and operation by the private sector of a low-level radioactive waste disposal facility within the state and permit and encourage the establishment of those timely interim measures and facilities as may be required to meet any contingency arising from curtailed access to existing disposal facilities. It is also the intent of the Legislature to continue studies directed toward minimizing the environmental, occupational, and public health impact of low-level radioactive waste by evaluating the technical and economic feasibility of waste reduction, treatment, and the decontamination of materials to permit their reuse, and to accelerate state planning efforts. By requiring these studies and planning efforts, it is not the intent of the Legislature to discourage or delay action by the private sector.

It is the intent of the Legislature that California seek out and enter into mutually beneficial arrangements with other states for the disposal of low-level radioactive waste. These interstate arrangements, however, are not intended to be alternatives to the establishment of facilities in California for the disposal of low-level radioactive waste.

SEC. 2. Section 25805 of the Health and Safety Code is amended to read:

25805. As used in this chapter:

(a) "Secretary" means the Secretary of the Resources Agency.

(f) "Special nuclear material" means (1) plutonium, uranium 233, uranium enriched in the isotope 233 or in the isotope 235, and any other material which the department declares by rule to be special nuclear material after the United States Nuclear Regulatory Commission, or any successor thereto, has determined the material to be such, but does not include source material; or (2) any material artificially enriched by any of the foregoing, but does not include source material.

(g) "General license" means a license, pursuant to regulations promulgated by the department, effective without the filing of an application, to transfer, acquire, own, possess or use quantities of, or devices or equipment utilizing, byproduct, source, or special nuclear materials or other radioactive material occurring naturally or produced artificially.

(h) "Specific license" means a license, issued after application, to use, manufacture, produce, transfer, receive, acquire, own, or possess quantities of, or devices or equipment utilizing, byproduct, source, or special nuclear materials or other radioactive material occurring naturally or produced artificially.

(*l*) "Low-level waste" means any radioactive waste except high-level radioactive waste and transuranic waste. "High-level radioactive wastes" means: (1) irradiated reactor fuel, (2) liquid waste resulting from the operation of the first cycle solvent extraction system, or equivalent, and the concentrated wastes from subsequent extraction cycles, or equivalent, in a facility for reprocessing irradiated reactor fuel, and (3) solids into which such liquid wastes have been converted. "Transuranic waste" includes any waste containing more than 100 nanocuries of alpha-emitting transuranic elements per gram of waste material.

SEC. 3. Section 25810.1 is added to the Health and Safety Code, to read:

25810.1. The authority of the department to issue licenses pursuant to Section 25810 is not affected by any requirements to conduct studies or planning efforts specified in Section 25811.5.

SEC. 4. Section 25811.5 of the Health and Safety Code is amended to read:

25811.5. In addition to the requirements imposed by Section 25811, the department shall develop an overall plan, in consultation with other state, regional, and federal agencies, for the management, treatment, and disposal of low-level radioactive waste generated within California. The plan shall contain, at a minimum, all of the following elements:

(a) Specific contingency plans to address the needs of the state for the short-term storage of low-level radioactive waste in the event of a precipitous closure of existing out-of-state commercial waste disposal facilities and to evaluate feasible alternatives for meeting the state's needs. This element of the plan shall include, but is not limited to, all of the following factors:

(1) The amount and kinds of low-level radioactive waste generated by California licensees and current disposal locations.

(2) The size and nature of an interim storage facility required to meet California's interim low-level radioactive waste disposal needs.

(3) The cost of developing and operating an interim storage site by the department or contracting organizations.

(4) Criteria for the siting of an interim storage site, including, but not limited to, all of the following:

(A) Proximity to population.

(B) Geologic stability.

(C) Proximity to ground or surface water.

(D) Availability of transportation.

(E) General public health and economic considerations.

This element of the plan shall be completed and submitted to the appropriate committees of each house of the Legislature on or before December 31, 1982.

(b) A classification scheme for the separation of low-level waste which will facilitate the management, treatment, storage, and ultimate disposal of such waste. This classification scheme shall consider such matters as possible de minimus radiation levels for specific radionuclides, the quantity and specific activity of the material, its persistence, toxicity, chemical form, reactivity, and the principal radionuclides present. The classification scheme shall also include the specifications necessary to determine which classes of waste may or may not be accepted for storage in an interim storage facility established pursuant to Section 25813, which may or may not be held by the licensee for decay to specified residual radioactivity levels and which require long-term isolation from the environment, as the case may be, for the protection of the public health and safety. The department may require as a condition of licensure the submission of information necessary to determine the total amount of waste produced in each class of the classification scheme. The

department may, by regulation, adopt the classification scheme establishing which wastes may or may not be accepted at an interim storage facility or at a treatment or disposal facility.

This element of the plan shall be completed and submitted to the appropriate committees of each house of the Legislature on or before December 31, 1982.

(c) Siting criteria for potential land burial disposal sites and treatment facilities within the state. In establishing these criteria, the department shall consider the following factors, including, but not limited to:

(1) The present and projected future uses of land, water, and natural resources.

(2) The proximity of the site to major population centers.

(3) The presence of active earthquake faults.

(4) Geologic and other natural barriers which protect against surface or groundwater contamination.

(5) The effectiveness of engineered barriers, waste treatment, and waste packaging in ensuring isolation of the waste from the environment.

(6) Transportation of radioactive materials as it relates to public health and safety.

(7) The relative economic impact of location and operation of treatment or disposal facilities.

This element of the plan shall be completed and submitted to the appropriate committees of each house of the Legislature on or before December 31, 1982.

(d) A plan of action to minimize the environmental, occupational, and public health impact of low-level radioactive waste and to protect the public health and safety by encouraging a reduction in the amount and toxicity of waste produced. This activity shall include conducting or having studies conducted which evaluate the technical and economic feasibility of (1) reducing the volume, reactivity, and chemical and radioactive hazard of such waste, (2) cleaning contaminated, nonactivated metals and other materials to permit their recycle and reuse, and (3) substituting nonradioactive or short-lived radioactive materials for those radionuclides which require long-term isolation from the environment. The results of these studies, along with the departmental recommendations for their implementation, shall be reported by the department to the appropriate committees of the Legislature on or before December 31, 1983.

(e) Within six months after the effective date of the act amending this section during the 1983–84 Regular Session of the Legislature, the Governor shall direct the appropriate state agency or agencies, as determined by the Governor, to conduct and complete a study which identifies those regions of the state within which it is likely the criteria developed pursuant to subdivision (c) could be met. The state agency or agencies, so directed, may also request, when appropriate, the assistance of state or federal agencies or private

organizations.

SEC. 5. Section 25812 of the Health and Safety Code is amended to read:

25812. (a) The department shall not grant any license to receive radioactive material from other persons for disposal on land unless all of the following requirements are satisfied:

(1) The land on which the radioactive wastes are to be buried is owned by the federal or state government.

(2) The department determines that the site is consistent with the public health and safety.

(3) The applicant for the license will comply with the emergency regulations adopted by the department pursuant to subdivision (b).

(b) Not later than six months after the effective date of the act amending this section during the 1983-84 Regular Session of the Legislature, the department shall adopt emergency regulations for the licensing of those persons engaged in the disposal of low-level radioactive waste and for implementing this chapter. The emergency regulations shall be consistent with the federal regulations found in Sections 301 through 311, inclusive, of Part 20 of Title 10 and in Part 61 of Title 10 of the Code of Federal Regulations (Federal Register, Vol. 47, No. 28, page 57446, December 27, 1982) and shall be adopted solely for the purposes of clarifying and rendering specific, for application in California, these federal regulations and implementing this chapter.

(c) The emergency regulations specified in subdivision (b) shall be adopted by the department in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and for the purposes of that chapter, including Section 11349.6 of the Government Code, the adoption of these regulations is an emergency and shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health and safety, and general welfare. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, any emergency regulations adopted by the department pursuant to this subdivision shall not be repealed by the Office of Administrative Law and shall remain in effect until revised or repealed by the department.

(d) The department may, by emergency regulation adopted in accordance with subdivision (c), establish and collect a fee for the issuance or renewal of a license specified in subdivision (a).

SEC. 6. Section 25812.4 is added to the Health and Safety Code, to read:

25812.4. The department may limit the number of licenses issued pursuant to Sections 25810, 25812, and 25812.5 authorizing the receipt of radioactive material from other persons for disposal on land.

SEC. 7. Section 25812.5 is added to the Health and Safety Code, to read:

25812.5. (a) All applicants filing a statement of capabilities and

notice of intention to file an application for a license to receive radioactive materials from other persons for disposal on land shall file the statement and notice within three months after the department adopts the emergency regulations specified in subdivision (b) of Section 25812. Within 45 days after the termination of that three-month filing period, the department shall evaluate the statements of capabilities and notices of intent. The director shall determine, within that 45-day period, whether the department has received one or more statements and notices which is likely to result in the filing of an application for a license satisfying the requirements of Section 25812.

(b) If the director determines, within the 45-day period specified in subdivision (a), that the department has received one or more statements of capabilities and notices of intent which are likely to result in the filing of an application for a license, the department shall, within the 45-day period, select one of the applicants who filed the statement of capabilities and notice of intent to file a license application as a license designee.

(c) The department shall adopt emergency regulations establishing procedures for the review and evaluation of the statements of capabilities and notices of intent, as specified in subdivision (a), and for the selection of a license designee, as specified in subdivision (b). These emergency regulations shall be adopted by the department in accordance with subdivision (c) of Section 25812 and shall include procedures for soliciting, evaluating, ranking, and designating license designees and for selecting alternative license designees based upon the ranking.

(d) The department may solicit additional statements of capabilities and notices of intent if a license designee withdraws or becomes ineligible for licensing, or if a license is issued and is then suspended, revoked, or terminated.

(e) The department may, by emergency regulations adopted in accordance with subdivision (c) of Section 25812, establish and collect a fee for filing a statement of capabilities and notice of intent.

(f) The department may require that a person selected as a license designee pursuant to this section post a bond of up to one million dollars ($1,000,000) to guarantee that the person will carry out the activities connected with completing the license application and obtaining the license. The department shall, by emergency regulation adopted in accordance with subdivision (c) of Section 25812, establish standards for the forfeiture of the bond.

SEC. 8. Section 25812.6 is added to the Health and Safety Code, to read:

25812.6. (a) If, within 45 days after the termination of the three-month filing period specified in subdivision (a) of Section 25812.5, the director determines that the department has not received a statement of capabilities and a notice of intent to file an application for a license to receive radioactive materials from other persons for disposal on land which is likely to result in the filing of

an application which satisfies the requirements of Section 25812, the director shall notify the Secretary of the Resources Agency.

(b) Within one year after receiving the notification specified in subdivision (a), the Secretary of the Resources Agency shall file with the department an application for a license to receive radioactive materials from other persons for disposal on land at a site within a region identified pursuant to subdivision (e) of Section 25811.5 and which is owned, operated, or both, by the state.

(c) (1) Upon the request of the Resources Agency, the Director of Finance may provide a loan from the General Fund to the Resources Agency for the purposes of implementing this section. The Resources Agency shall repay any loans made pursuant to this section pursuant to the terms and conditions prescribed by the Department of Finance, including interest at the rate set by the Pooled Money Investment Board pursuant to Section 16314 of the Government Code.

(2) The Director of Finance shall not provide more than two million dollars ($2,000,000) pursuant to this subdivision during the 1983–84 fiscal year. The amount for loans in the 1984–85 fiscal year, and subsequent fiscal years, shall be specified annually in the Budget Act and the total of all loans made pursuant to this subdivision shall not exceed fifteen million dollars ($15,000,000).

(d) If a radioactive materials disposal site which is owned, operated, or both, by the state is established pursuant to this section, the Secretary of the Resources Agency shall establish a schedule of fees to be charged each person who disposes of radioactive materials at the site. The schedule of fees shall be set at an amount sufficient to reimburse the state for any costs incurred in developing, constructing, and operating the site.

SEC. 9. Section 25812.7 is added to the Health and Safety Code, to read:

25812.7. The department may require that all schedules of fees charged for the disposal of radioactive material by a person owning or operating a site licensed pursuant to Section 25812 are to be submitted to the department prior to their implementation. The department may determine, following a public hearing and based upon written findings, if the fees to be charged are reasonable and may require the owner or operator to modify the fee schedule if so determined by the department.

SEC. 10. Section 25813 of the Health and Safety Code is amended to read:

25813. (a) The department is authorized, pursuant to subdivision (d), to establish and operate, or contract for the establishment and contract for operation, of one or more low-level radioactive waste interim storage facilities for the exclusive use of persons located in California who are licensed by the department or the United States Nuclear Regulatory Commission.

(b) In addition to the fees authorized to be levied pursuant to Sections 25811.7 and 25816, the department is authorized to set and

collect fees, by regulation, to be paid by generators in California of low-level radioactive waste in an amount sufficient to support the development and operation of such facilities including the surveillance and repair of damaged packages, maintenance of the facilities, decontamination, decommissioning, and postclosure maintenance of these facilities, recordkeeping systems, and such other activities as the department finds necessary to ensure the safe operation of such a facility. In no event shall any fee be set in an amount which exceeds the amount reasonably necessary to implement the provisions of this section. The department is also authorized to require the operators or the users of such facilities to post bonds or possess adequate insurance as may be reasonably necessary to protect the state against such liabilities as storage and ultimate disposal costs for abandoned waste and against claims arising out of accidents or failures of the storage facility.

(c) All users of any facility operated pursuant to this section must all meet state and federal orders, requirements, or regulations for handling and management of low-level radioactive waste including those prescribed pursuant to subdivision (b) of Section 25811.5.

(d) No low-level radioactive waste interim storage facility may be established pursuant to subdivision (a) until all of the following occurs:

(1) The department has fulfilled the requirements of subdivisions (a) and (b) of Section 25811.5 and has submitted its findings to the Legislature.

(2) The establishment of the interim storage facility is consistent with the elements of the low-level radioactive waste disposal plan specified in subdivisions (a) and (b) of Section 25811.5.

(3) The department files a notice with the Legislature, while in session, 60 days before establishing the facility.

(e) In addition to any other grounds authorizing the department, or any person with whom it contracts, to cease the operation of a low-level radioactive waste interim storage facility, any such facility shall cease accepting low-level radioactive waste for interim storage (1) no later than five years after the date it commences operating or (2) if the director determines that an alternate disposal site is available to California licensees in the western region of the United States, whichever event occurs first.

(f) Within seven years of commencing operation of any interim storage facility all wastes stored at the facility shall be transferred to a permanent land burial disposal site or permanently disposed of by some other treatment or means of disposal and the facility shall be closed and thereafter, to the extent necessary, as determined by the department, decontaminated and decommissioned.

(g) This section shall remain in effect for a period of eight years from the date of the establishment of a low-level radioactive waste interim storage facility pursuant to this section, and as of such date is repealed. The director shall report the date the facility is established to the appropriate committees of each house of the

Legislature and the Legislative Counsel Bureau.

SEC. 11. Section 25813.5 is added to the Health and Safety Code, to read:

25813.5. The Governor shall negotiate and enter into interstate agreements, interstate compacts, or agreements with compacts, for the purpose of establishing access to, or maintaining access to, land disposal facilities for low-level radioactive waste generated in California. The terms of the agreement or compact may include, but are not limited to, a provision that the other parties to the agreement or compact will have reciprocal access to California permanent disposal facilities, when operational.

The Governor shall report to the Legislature on the status of these negotiations within four months after the effective date of the act adding this section during the 1983–84 Regular Session of the Legislature, and every four months thereafter, until an agreement or compact is entered into or the negotiations are terminated.

Any agreement or compact that proposes membership for California in a compact made pursuant to the Low-Level Radioactive Waste Policy Act (42 U.S.C. Secs. 2021b to 2021d, inclusive) or any interstate agreement or agreement with a compact that includes a provision that the other parties to the agreement will have reciprocal access to California permanent disposal facilities, when operational, shall be submitted to the Legislature for ratification by statute.

SEC. 12. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 13. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 14. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to assure the continued availability of safe methods for the management and disposal of low-level radioactive waste generated by California's licensees, it is necessary that this act take effect immediately.

CHAPTER 1178

An act to amend Section 3496 of the Civil Code, relating to nuisances.

[Approved by Governor September 28, 1983 Filed with Secretary of State September 28, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Section 3496 of the Civil Code is amended to read:

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) Residential utility costs have dramatically escalated during the last several years. This significant increase in residential energy costs has the greatest impact on those individuals who have the least ability to pay for them.

(b) Although there are federal Low-Income Energy Assistance funds available to assist low-income families, the present manner of distribution of these funds does not ensure that all needy low-income households receive assistance in a timely manner or that the funds are necessarily used for their intended purpose.

(c) The distribution plan also does not serve the newly poor; those who have recently lost their jobs due to the declining state of the economy.

(d) The provisions of this act are intended to provide for specific changes in the state's administration of low-income energy assistance programs to ensure that these programs efficiently and effectively distribute funds to the broadest range of qualified households. Further, the provisions of this act require the State Office of Economic Opportunity to report to the Legislature by January 1, 1985, relative to additional specific improvements to the state's distribution system.

The crisis intervention program shall not include advocacy, community mobilization or community planning and education. The program shall include activities to enroll eligible individuals.

An amount not to exceed 10 percent of the total federal allocation for weatherization services for eligible individuals for programs specified in this subdivision, subject to reduction in the Budget Act.

For the purposes of this subdivision these services shall be available only to recipients of aid or persons eligible for aid under Chapter 2 (commencing with Section 11200) and Chapter 3 (commencing with Section 12000) of Part 3 of Division 9 of the Welfare and Institutions Code, county general assistance recipients under Part 5 (commencing with Section 17000) of Division 9 of the Welfare and Institutions Code, of the Food Stamp Program.

(b) Five percent of the total federal allocation for purposes of administration. An additional 2.5 percent of the total federal allocation shall be set aside for administrative purposes and made available upon request of the Department of Finance and pursuant to Section 28 of Chapter 99 of the Statutes of 1981.

(c) An amount not to exceed 10 percent of the total federal allocation to the State Department of Social Services for social service programs under Chapter 5 (commencing with Section 13000) of Part 3 of Division 9 of the Welfare and Institutions Code.

(d) The remainder of the total federal allocation of aid to recipients of Aid to Families with Dependent Children and the Supplemental Security Income/State Supplementary Program for home energy costs.

16367.6. (a) The State Office of Economic Opportunity shall receive and administer all state and federal funds which are allocated for programs to provide energy assistance to qualified low-income individuals only, except for those funds which are allocated to, and distributed by, the California Energy Extension Service.

(b) No later than November 1, 1984, the State Office of Economic Opportunity shall promulgate a comprehensive procedure to assure that those energy assistance funds are utilized in the most productive and efficient manner, including a distribution system whereby all funds allocated for direct assistance payments are distributed by state and local agencies directly to the electrical or gas corporations

or other suppliers of energy on behalf of the qualified low-income individuals or by two-party checks made payable to both the energy supplier and the individual. In establishing this system, the State Office of Economic Opportunity shall consult with representatives of electrical or gas corporations or other suppliers of energy and with local agencies that participate in distributing assistance funds.

The State Office of Economic Opportunity shall have the discretion to adjust payments to the energy supplier or the individual or to make direct payments to the individual for payment to an energy supplier in special or unique circumstances not otherwise provided for in this section.

SEC. 3. Section 16367.9 is added to the Government Code, to read:

16367.9. No later than January 1, 1985, the State Office of Economic Opportunity shall submit a report to the Legislature on the following issues:

(a) The need to modify the state distribution system for federal low-income energy assistance funds to change the percentage allocation for energy crisis intervention programs and to change the relative allocation for low-income home energy assistance programs.

(2) The judge has filed with the Judicial Council a certificate of his status as an inactive member of the State Bar.

(3) The Chairman of the Judicial Council has certified that the judge is acceptable for judicial assignments to other courts after a determination of need and available funding.

(b) The salaries provided by this section shall be paid by the counties and shall be adjusted annually under the formula specified in Section 68203, but the counties shall be reimbursed therefor from appropriations made for that purpose by the state or from any funds made available to the Judicial Council for the assignment of judges.

SEC. 3. Section 2 of this act shall become operative on January 1, 1990.

SEC. 4. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 5. It is the intent of the Legislature that the State Board of Control consider the provisions of Section 1 of this act as constituting cost-of-living salary increases rather than a higher level of service for which reimbursement is required.

Water which is surplus to the needs of the lands and inhabitants within the district may be made available for beneficial use outside the district pursuant to rules and regulations prescribed under subdivision (v) of this Section 3.

(r) To control flood and storm waters within the district and the flood and storm waters of streams outside of the district, which flow into the district; to conserve such waters by storage in surface reservoirs, to divert and transport such waters for beneficial uses within the district; to release such waters from surface reservoirs to replenish and augment the supply of waters in natural underground reservoirs and otherwise to reduce the waste of water and to protect life and property from floods within the district.

(u) To commence, maintain, intervene in, defend and compromise in the name of the district, or otherwise, and to assume the costs and expenses of any action or proceeding involving or affecting the ownership or use of waters or water rights within or without the district, used or useful for any purpose of the district or of common benefit to any lands situated therein, or involving the wasteful use of water therein, to commence, maintain, intervene in,

defend and compromise and to assume the costs and expenses of any and all actions and proceedings now or hereafter begun to prevent interference with or diminution of the natural flow of any stream or surface or subterranean supply of waters used or useful for any purpose of the district or of common benefit to the lands within the district or to its inhabitants; or for the declaration or adjudication of rights in such waters; to prevent unlawful exportation of water from said district; to prevent contamination, pollution or otherwise rendering unfit for beneficial use the surface or subsurface water used in said district, and to commence, maintain and defend actions and proceedings to prevent any such interference with the aforesaid waters as may endanger or damage the inhabitants, lands, or use of water in or flowing into the district; provided, however, that said district shall not have power to intervene or take part in, or to pay the costs or expenses of, actions or controversies between the owners of lands or water rights which do not affect the interests of the district; provided further, that this subdivision (u) shall not limit or impair in any manner whatsoever the right or rights of any landowner to commence, defend, or enter into any compromise agreement in regard to actions or proceedings respecting any water right or rights in which such landowner may have an interest.

(v) To prescribe reasonable rules and regulations and to fix and collect rates, tolls or charges for any water or service or facilities furnished, sold or leased by the district.

(w) To construct, operate, and maintain works to develop hydroelectric energy and transmission lines for the conveyance thereof. The power generated may be used by the district for its purposes, or for the production or transmission of water, but shall not be offered for sale directly by the district to customers other than to a public utility or another public agency. Notwithstanding any other provision of this act or any other provision of law, the power to construct, operate, or maintain works to develop hydroelectric energy and transmission lines for the conveyance thereof shall not include the acquisition of property or works employed in the generation of hydroelectric energy for public utility purposes, except by mutual agreement between the district and the owner of the property or works.

SEC. 2. Section 9 of the Yolo County Flood Control and Water Conservation District Act (Chapter 1657 of the Statutes of 1951) is amended to read:

Sec. 9. The legal title to all property acquired under the provisions of this act shall immediately and by operation of law vest in the district, and shall be held by the district, in trust for, and is hereby dedicated and set apart to, the uses and purposes set forth in this act. The board is authorized to hold, use, acquire, manage, occupy and possess the property, as provided herein. If the board determines by resolution duly passed and entered in its minutes, that any district property, real or personal, is no longer necessary to be retained for the uses and purposes of the district, it may thereafter

sell or otherwise dispose of the property, or lease the same, in the manner provided by law for the disposition and sale of property of counties pursuant to Article 8 (commencing with Section 25520) of Chapter 5 of Part 2 of Division 2 of Title 3 of the Government Code. As an alternative to selling or disposing of district property in the manner provided for the sale or disposition of county property, the district may, upon the unanimous vote of the board, negotiate the sale or disposition upon the best terms available to the district. If the board determines by resolution duly passed and entered in its minutes that any district property, real or personal, may be leased or an interest granted therein for a use or purpose that will not interfere with or be inconsistent with the uses and purposes of the district, the board may thereafter lease or grant an interest in the property for that use or purpose in the manner provided by law for the lease of or grant of interests in property of counties pursuant to Article 8 (commencing with Section 25520) of Chapter 5 of Part 2 of Division 2 of Title 3 of the Government Code. As an alternative to leasing or granting an interest in the property in the manner provided for the lease of or grant of interests in county property, the district may, upon the unanimous vote of the board, negotiate the lease or grant of interest in the property for that use or purpose upon the best terms available to the district.

SEC. 3. Section 10 of the Yolo County Flood Control and Water Conservation District Act (Chapter 1657 of the Statutes of 1951) is repealed.

SEC. 4. Section 10 is added to the Yolo County Flood Control and Water Conservation District Act (Chapter 1657 of the Statutes of 1951), to read:

Sec. 10. All contracts for the construction of any unit of work, except as provided, estimated to cost in excess of five thousand dollars ($5,000) shall be let to the lowest responsible bidder in the manner as provided.

The board shall advertise by three insertions in a daily newspaper of general circulation or two insertions in a weekly newspaper of general circulation published in the district inviting sealed proposals for the construction of the work before any contract shall be made therefor, and may let by contract separately any part of the work. The board shall require the successful bidder to file with the board good and sufficient bonds to be approved by the board conditioned upon the faithful performance of the contract and upon the payment of the claims for labor and material in connection therewith. The board may reject any and all bids.

If all proposals are rejected or no proposals are received pursuant to advertisement therefor, or where the estimated cost of the work does not exceed the sum of five thousand dollars ($5,000) or where the work consists of channel protection, or maintenance work, or emergency work necessary in order to protect life and property from impending flood damage, the board, by unanimous vote of all members present, may, without advertising for bids therefor, have

the work done by force account. The district may purchase in the open market, without advertising for bids therefor, materials and supplies for use in any work either under contract or by force account.

The provisions of this section have no application to a contract entered into with the United States under the authority of Section 3 of this act, or to a contract authorized by a vote of the electorate of the district or zone.

SEC. 5. Section 15.5 is added to the Yolo County Flood Control and Water Conservation District Act (Chapter 1657 of the Statutes of 1951), to read:

Sec. 15.5. This section sets forth an alternative procedure for the formation of zones within the district and the levy of assessments therein.

(a) The board may establish zones within the district without reference to the boundaries of other zones. The land comprising a zone need not be contiguous. A zone shall be established only with respect to a project for the benefit of the zone. Whenever the board determines that a zone should be formed for the purposes set forth in this act, the board shall adopt a resolution of intention which shall state the following:

(1) The intention of the board to form the proposed zone.

(2) The purpose for which the proposed zone is to be formed.

(3) The estimated expense of carrying out the purpose, if known.

(4) That assessments for carrying out the purpose shall be levied exclusively upon the lands in the proposed zone.

(5) That a map showing the exterior boundaries of the proposed zone, which map shall govern for all details as to the extent of the proposed zone, is on file with the district secretary and is available for inspection by any interested person.

(6) The time and place for a hearing by the board on the matters set forth in the resolution of intention.

(7) That at the time and place specified any interested person may appear and be heard.

(b) Notice of the hearing shall be given by publishing a copy of the resolution of intention in a newspaper of general circulation published in the County of Yolo, pursuant to Section 6066 of the Government Code, the first publication to be at least 14 days prior to the time fixed for the hearing.

(c) At the time and place so fixed, or at any time and place to which the hearing is continued, the board shall hold the hearing provided for by the resolution of intention, at which time any interested person may appear and be heard concerning any matter set forth in the resolution of intention or any matters material thereto. Upon the conclusion of the hearing, the board may abandon the proposal, modify it, or proceed with the proposal unless prior to the conclusion of the hearing, or any continued hearing, written protests against the proposal signed by persons owning a majority of the assessed value of lands within the proposed zone shall be filed

with the board, in which event further proceedings relating to the proposal shall be suspended for not less than six months following the date of the conclusion of the hearing.

(d) At the conclusion of the hearing, the board may, by resolution, order the zone formed for the purpose and with the exterior boundaries described therein. The resolution ordering formation shall state the estimated expense of carrying out the purpose described therein, if known. The resolution shall also number and designate the zone substanially as "Zone No. _____ of the Yolo County Flood Control and Water Conservation District."

(e) The district shall be authorized to levy benefit assessments on land only within any zone. The benefit assessment may be levied in any manner which reasonably reflects the benefit that will accrue to the area being assessed for the purpose of the assessment.

(f) Benefit assessments may be levied within a zone for expenditures made, or expenditures estimated to be required during the next calendar or fiscal year, for any lawful purpose of the district, including, but not limited to, the following purposes:

(1) The formation and administration expenses of the zone.

(2) Engineering and other expenses in connection with the investigation and preparation of a plan for a work or project of the zone.

(3) Acquisition or construction of any work or project of the zone.

(4) Operation and maintenance of any work or project of the zone.

(5) Payment of principal and interest on bonds issued for any work or project of the zone.

Revenues derived from the benefit assessment shall be used for no purpose other than the purpose specified at the time of levy of the assessment.

(g) The board may adopt a resolution of intention to levy a benefit assessment. The resolution shall set forth the proposed amount, manner of levy, and purpose of the proposed benefit assessment, shall designate by a map or otherwise the boundaries of the area to be assessed, and shall state the time and place for a hearing by the board on the matters set forth in the resolution of intention.

(h) At the time and place so fixed, or at any time or place to which the hearing is continued, the board shall hold the hearing provided for by the resolution, at which time any interested person may appear and be heard concerning any matter set forth in the resolution. Upon the conclusion of the hearing, the board may terminate further proceedings on the proposed assessment, modify the proposed assessment, order an election on the assessment within the area to be assessed, or levy the assessment, unless prior to the conclusion of the hearing, or any continued hearing, written protests against the proposed assessment signed by persons owning a majority of the assessed value of lands within the area to be assessed are filed with the board, in which event further proceedings related to the proposed assessment shall be suspended for not less than six months

following the date of the conclusion of the hearing. The board shall not levy the assessment without an election unless persons owning at least a majority of the assessed value of lands within the area to be assessed have filed with the board written consent to the levy of the assessment. If any election is held, each voter shall have one vote for each one hundred dollars ($100) of assessed valuation or fraction thereof of land owned by him or her within the area in which the election is to be held. Assessed valuation shall be determined from the county's last equalized assessment roll. For land in multiple ownership, the owner shall designate, in writing to the district before the election, one owner of the land for voting purposes. Where applicable, the owner shall designate, in writing to the district before the election, the legal representative who shall be entitled to vote on behalf of the owner. A majority of the votes cast at the election shall be required to approve the assessment.

(i) Assessments may be collected and enforced in the same manner as standby charges, in accordance with Sections 27.7 to 27.12, inclusive, of this act.

SEC. 6. Section 27.5 of the Yolo County Flood Control and Water Conservation District Act (Chapter 1657 of the Statutes of 1951) is amended to read:

Sec. 27.5. So far as possible, the board shall fix the rates and charges (including the ground water charge) for water, service and benefit from its operation so as to pay such portion of the expenses of the district as the board determines to be justly apportionable to the furnishing of such water, service and benefit; provided, that the board shall not be precluded by this provision from using the tax authorized by Section 12 to help pay such expenses. The expenses to be paid include:

(a) The operating expenses of the district.

(b) Provision for a fund for repairs and depreciation of works owned or operated by the district.

(c) The interest on any bounded debt.

(d) Provision for a fund for payment of the principal of the bonded debt as it becomes due.

(e) Any other costs and expenses of constructing, maintaining, operating, purchasing or leasing works used in providing such water, service and benefit.

It is intended by this section that such rates and charges for water, service and benefit together with the tax authorized by Section 12 of this act shall be fixed so as to be sufficient to pay the interest and principal of any bonded debt incurred to finance the construction and acquisition of the works which provide such water, service and benefit; provided, that this section shall in no way impair the district's general obligation to bondholders to pay the interest and principal of bonds authorized under Section 16 of this act.

The district may, by resolution, provide that rates, charges, and assessments which remain unpaid for a period of not less than 30 days after they have become due shall be delinquent, and a one-time

penalty not in excess of 10 percent shall be added on each rate, charge, or assessment as it becomes delinquent, and all delinquent rates, charges, and assessments and penalties shall bear interest at a rate not in excess of 18 percent per year.

Delinquent rates, charges, and assessments, and penalties and interest thereon, are a lien on the land to which the service is provided or made available or for which the rate, charge, or assessment was levied, and may be enforced in the same manner as county tax liens.

SEC. 7. Section 27.6 of the Yolo County Flood Control and Water Conservation District Act (Chapter 1657 of the Statutes of 1951) is amended to read:

Sec. 27.6. (a) The board may fix a water standby or availability charge for land within the district to which water is made available for any purpose by the district, whether the water is actually used or not. The charges may be restricted to lands lying within one or more improvement districts or zones or any portion thereof within the district. The charge shall not exceed ten dollars ($10) per acre per year for each acre of land within the district or any improvement district or zone thereof or ten dollars per year for any parcel of less than one acre. The board may establish schedules varying the charges depending upon, but not limited to, factors such as land uses, water uses, the cost of transporting the water to the land, and the degree of water availability.

(b) In order to fix the charges, the board shall first adopt a resolution initiating proceedings, which resolution shall include the following information:

(1) A description of the area to be subject to the charges.

(2) Whether the area is inhabited, in that there are 12 or more persons who reside and have been registered to vote within the area for at least 54 days prior to the date of adoption of the resolution, or uninhabited, in that there are less than 12 persons who reside and have been registered to vote within the area for at least 54 days prior to the date of adoption of the resolution.

(3) The proposed charges.

(4) A time, date, and place of hearing.

(5) That any interested person desiring to make written protest shall do so by written communication filed with the district not later than the hour set for the hearing. A written protest by a landowner shall contain a description sufficient to identify the land owned by him. A written protest by a voter shall contain the residential address of the voter.

(c) The secretary shall give notice of any hearing by the following:

(1) Publication of the resolution initiating proceedings pursuant to Section 6066 of the Government Code in a newspaper of general circulation within the area, or if none, within the district.

(2) Posting of the resolution initiating proceedings on or near the doors of the meeting place of the board or on any official bulletin board customarily used for the purpose of posting of public notices.

Publication and posting shall be completed at least seven days prior to the date set for hearing.

(d) The hearing on the proposed charges shall be held by the board upon the date and time specified in the resolution initiating proceedings. The hearing may be continued from time to time. At the hearing, the board shall hear and receive any oral or written protests, objections, or evidence which shall be made, presented, or filed. Any person who filed a written protest may withdraw the protest at any time prior to the conclusion of the hearing.

(e) A majority protest shall be deemed to exist and the proposed charges shall not be adopted if the board finds and declares by resolution that written protests filed not later than the hour set for the hearing, and not withdrawn prior to the conclusion of the hearing, represent the following:

(1) In the case of an inhabited area, more than 50 percent of the registered voters residing within the area.

(2) In the case of an uninhabited area, more than 50 percent of the assessed value of land therein.

A written protest by a resident voter shall contain his signature and a street and number of designation sufficient to enable the place of residence to be readily ascertained. A protest by a landowner shall contain his signature and a description of the land owned by him sufficient to identify the same. A public agency owning land shall be deemed a landowner for the purpose of making a written protest and determining the existence of a majority protest.

(f) The board shall determine the sufficiency of written protests as follows:

(1) If the protests are signed by resident voters, the secretary shall compare the names of the signers on the protests against the voters' register in the office of the county clerk or registrar of voters and ascertain therefrom the number of qualified signers appearing upon the protests.

(2) If the protests are signed by landowners, the secretary shall compare the names of the signers on the protests against the names of the persons shown as owners of land on the last equalized assessment roll of the county and ascertain therefrom:

(A) The total number of landowners owning land within the area which is the subject of the proposed charges and the total assessed valuation of all land within the area.

(B) The total number of landowners represented by qualified signers and the total assessed valuation of land owned by qualified signers.

(3) If a protest is signed by a landowner which is a public agency owning land within the area which is the subject of the proposed charges, the public agency shall be deemed a landowner for the purpose of the signing and certification of the protest. Any such public agency may authorize the protest to be signed for and on its behalf by any duly authorized officer or employee.

(4) In examining any petition signed by a landowner, the

secretary shall disregard the signature of any person not shown as owner on the last equalized assessment roll unless, prior to certification, the secretary is furnished with written evidence, satisfactory to the secretary, that the signer is a legal representative of the owner, is entitled to be shown as owner of land on the next assessment roll, is a purchaser of land under a recorded written agreement of sale, or is authorized to sign for and on behalf of any public agency owning land.

(5) If any person signing a protest as a landowner shall appear as owner on the last equalized assessment roll but be shown thereon as a partner, joint tenant, tenant in common, or husband or wife, the signature of the person shall be counted as if all the owners shown on the roll had signed.

(g) If a majority protest shall not have been filed, the board, not later than 30 days after the conclusion of the hearing, shall adopt a resolution and make one of the following determinations:

(1) Disapproving the proposed charges.

(2) Fixing the proposed charges in the area described.

SEC. 8. Section 32 of the Yolo County Flood Control and Water Conservation District Act (Chapter 1657 of the Statutes of 1951) is repealed.

The county treasurer shall place all assessment amounts collected on nonparking offenses pursuant to paragraph (2) of subdivision (a) of Section 1206.8 of the Penal Code in the fund.

(b) The fund moneys shall be held by the treasurer separate from any funds subject to transfer or division pursuant to Section 1463 of the Penal Code. The moneys of the Courthouse Temporary Construction Fund shall be payable only for courtroom construction as authorized in subdivision (a).

(c) Deposits to the fund in accordance with subdivision (a) shall continue through and including either (1) the 20th year after the initial calendar year in which the surcharge is collected or (2) whatever period of time is necessary to repay any borrowings made by the county to finance construction provided for in this section, whichever time shall be longer.

SEC. 2. Section 1206.8 of the Penal Code is amended to read:

1206.8. (a) In each county, provided that the board of supervisors has adopted a resolution stating that the provisions of this section and Section 68073.1, 68073.2, 68073.4, and 68073.6 of the Government Code are necessary to the establishment of adequate facilities in the county, the following surcharges and assessments shall be collected, except that a resolution adopted pursuant to Section 68073.4 of the Government Code may limit the collection to the assessments specified in paragraph (2) and a resolution adopted pursuant to Section 68073.6 of the Government Code shall limit the collection to the assessments specified in paragraph (2):

The judges of the county shall increase the bail schedule amounts as appropriate to reflect the surcharge provided for by this subdivision.

In those cities, districts, or other issuing agencies which elect to receive, deposit, accept forfeitures, and otherwise process the posting of bail for parking violations pursuant to subdivision (3) of Section 1463 of the Penal Code, that city, district, or issuing agency shall observe the increased bail amounts as established by the court reflecting the surcharge provided for by this paragraph.

(2) With respect to each fund established, there shall be levied an additional amount of one dollar ($1) for every ten dollars ($10) or fraction thereof which shall be collected together with and in the same manner as the assessment established by Section 1464, upon every fine, penalty, or forfeiture imposed and collected by the courts for criminal offenses, including all offenses involving a violation of the Vehicle Code or any local ordinance adopted pursuant to the

Vehicle Code, except offenses relating to parking or registration or offenses by pedestrians or bicyclists, or where an order is made to pay a sum to the general fund of the county pursuant to paragraph (iii) of subdivision (3) of Section 258 of the Welfare and Institutions Code. This amount shall be deposited with the county treasurer and placed in the fund established pursuant to Section 68073.1, 68073.2, 68073.4, and 68073.6 of the Government Code.

(c) No county, city and county, city, district or other issuing agency shall be required to contribute revenues to any fund in excess of those revenues generated from the surcharges and assessments established in the resolution adopted pursuant to this section.

1328d. Notwithstanding Section 1328, a subpoena may be delivered by mail or messenger. Service shall be effected when the witness acknowledges receipt of the subpoena to the sender, by telephone, by mail, or in person, and identifies himself or herself by reference to his or her date of birth and his or her driver's license number or Department of Motor Vehicles identification card number. The sender shall make a written notation of the identifying information obtained during any acknowledgment by telephone or in person. A subpoena issued and acknowledged pursuant to this section shall have the same force and effect as a subpoena personally served. Failure to comply with a subpoena issued and acknowledged pursuant to this section may be punished as a contempt and the subpoena may so state; provided, that a warrant of arrest or a body attachment may not be issued based upon a failure to appear after being subpoenaed pursuant to this section.

A party requesting a continuance based upon the failure of a witness to appear in court at the time and place required for his or her appearance or testimony pursuant to a subpoena, shall prove to the court that the party has complied with the provisions of this section. Such a continuance shall only be granted for a period of time which would allow personal service of the subpoena and in no event longer than that allowed by law, including the requirements of Sections 861 and 1382.

This section shall remain in effect until January 1, 1987, and on that date is repealed.

SEC. 4. Section 1463.8 is added to the Penal Code, to read:

from any person arrested or notified by a member of the police department or fire department of the district, and an amount equal to the remaining 50 percent shall be transferred into the general fund of the county.

SEC. 5. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

SEC. 6. Sections 1 and 2 of this act shall become operative only if Assembly Bill 1485 is enacted.

CHAPTER 1195

An act to amend Sections 66445 and 66499.7 of the Government Code, relating to subdivisions.

[Approved by Governor September 28, 1983 Filed with Secretary of State September 28, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 66445 of the Government Code is amended to read:

66445. The parcel map shall be prepared by or under the direction of a registered civil engineer or licensed land surveyor, shall show the location of streets and property lines bounding the property and shall conform to all of the following provisions:

(a) It shall be legibly drawn, printed or reproduced by a process guaranteeing a permanent record in black on tracing cloth or polyester base film. Certificates may be legibly stamped or printed upon the map with opaque ink. If ink is used on polyester base film, the ink surface shall be coated with a suitable substance to assure permanent legibility.

(b) The size of each sheet shall be 18 by 26 inches. A marginal line shall be drawn completely around each sheet, leaving an entirely blank margin of one inch. The scale of the map shall be large enough to show all details clearly and enough sheets shall be used to accomplish this end. The particular number of the sheet and the total number of sheets comprising the map shall be stated on each of the sheets, and its relation to each adjoining sheet shall be clearly shown.

(c) Each parcel shall be numbered or otherwise designated.

(d) The exterior boundary of the land included within the subdivision shall be indicated by distinctive symbols and clearly so designated.

(e) The map shall show the location of each parcel and its relation to surrounding surveys. The location of a designated remainder

parcel shall be indicated but need not be indicated as a matter of survey but only by deed reference to the existing record boundaries of such remainder if such remainder has a gross area of five acres or more.

(f) Subject to the provisions of Section 66436, a certificate, signed and acknowledged by all parties having any record title interest in the real property subdivided, consenting to the preparation and recordation of the parcel map is required, except that less inclusive requirements may be provided by local ordinance.

With respect to a division of land into four or fewer parcels, where dedications or offers of dedications are not required, the certificate shall be signed and acknowledged by the subdivider only. If the subdivider does not have a record title ownership interest in the property to be divided, the local agency may require that the subdivider provide the local agency with satisfactory evidence that the persons with record title ownership have consented to the proposed division. For purposes of this paragraph, "record title ownership" shall mean fee title of record unless a leasehold interest is to be divided, in which case "record title ownership" shall mean ownership of record of such leasehold interest; "record title ownership" does not include ownership of mineral rights or other subsurface interests which have been severed from ownership of the surface.

(g) It shall also satisfy any additional map requirements of local ordinances consistent with this division.

Notwithstanding any other provision of this article, local agencies may require that those certificates and acknowledgments required pursuant to this subdivision and subdivision (f) be made by separate instrument to be recorded concurrently with the parcel map being filed for record.

(h) Whenever a certificate or acknowledgment is made by separate instrument, there shall appear on the final map a reference to the separately recorded document. This reference shall be completed by the county recorder pursuant to Section 66468.1.

(i) If a field survey was performed, the parcel map shall contain a certificate by the engineer or surveyor responsible for the preparation of the map that states that all monuments are of the character and occupy the positions indicated, or that they will be set in such positions on or before a specified date, and that the monuments are, or will be, sufficient to enable the survey to be retraced.

SEC. 2. Section 66499.7 of the Government Code is amended to read:

66499.7. The security furnished by the subdivider shall be released in whole or in part in the following manner:

(a) Security given for faithful performance of any act or agreement shall be released upon the performance of the act or final completion and acceptance of the required work, or the legislative body may provide for the partial release of the security upon the

partial performance of the act or the acceptance of the work as it progresses, under rules established by the legislative body.

(b) Security securing the payment to the contractor, his or her subcontractors and to persons furnishing labor, materials or equipment shall, after passage of the time within which claims of lien are required to be recorded pursuant to Article 3 (commencing with Section 3114) of Chapter 2 of Title 15 of Part 4 of Division 3 of the Civil Code and after acceptance of the work, be reduced to an amount equal to the total claimed by all claimants for whom claims of lien have been recorded and notice thereof given in writing to the legislative body, and if no such claims have been recorded, the security shall be released in full.

Such release shall not apply to any required guarantee and warranty period nor to the amount of the security deemed necessary by the local agency for such guarantee and warranty period nor to costs and reasonable expenses and fees, including reasonable attorneys' fees.

The legislative body may authorize any of its public officers or employees to authorize release or reduction of the security in accordance with the conditions hereinabove set forth and in accordance with such rules as it may prescribe.

committed in violation of this chapter during the period such certificate is canceled.

(d) A firearms training facility, a firearms training instructor, a baton training facility, or a baton training instructor whose certificate has not been renewed may obtain a new license only upon compliance with all of the provisions of this article relating to the issuance of an original certificate.

On renewal, such evidence of renewal of the license or certificate as the director may prescribe, and renewal pocket cards for the persons mentioned in Section 7529, shall be issued to the licensee.

7558.5. Except as otherwise provided in this article, an expired license or branch office certificate may be renewed at any time within five years after its expiration on filing of application for renewal on a form prescribed by the director, and payment of the renewal fee in effect on the last preceding regular renewal date. If the license or certificate is renewed more than 30 days after its expiration, the licensee, as a condition precedent to renewal, shall also pay the delinquency fee prescribed in this chapter. Renewal under this section shall be effective on the date on which the application is filed, on the date on which the renewal fee is paid, or on the date on which the delinquency fee, if any, is paid, whichever last occurs. If so renewed, the license or certificate shall continue in effect through the date provided in Section 7558 which next occurs after the effective date of the renewal, when it shall expire if it is not again renewed.

Renewal of a license or certificate shall not prohibit the bringing of disciplinary proceedings for an act committed before the effective date of the renewal.

7559. A suspended license or branch office certificate is subject to expiration and shall be renewed as provided in this article, but renewal of the license does not entitle the licensee, while the license remains suspended and until it is reinstated, to engage in the licensed activity, or in any other activity, or in any other activity or conduct in violation of the order or judgment by which the license was

suspended, and renewal of the branch office certificate does not entitle the licensee, while the certificate remains suspended, and until it is reinstated, to engage in the licensed activity at the location for which the certificate was issued, or to engage in any other activity or conduct in violation of the order or judgment by which the certificate was suspended.

7559.5. A revoked license or branch office certificate is subject to expiration as provided in this article, but it may not be renewed. If it is reinstated after its expiration, the licensee, as a condition precedent to its reinstatement, shall pay a reinstatement fee in an amount equal to the renewal fee in effect on the last regular renewal date before the date on which it is reinstated, plus the delinquency fee, if any, accrued at the time of its revocation.

7560. A license or branch office certificate which is not renewed within five years after its expiration may not be renewed, restored, reinstated, or reissued thereafter.

The holder of the license or certificate may obtain a new license or certificate only on compliance with all of the provisions of this chapter relating to the issuance of an original license or certificate.

7561.2. The director may suspend the license or registration of any person who fails to notify the bureau of any change of address within 15 days of such change.

Any license or registration suspended pursuant to this section may only be reinstated upon the payment of a fee of fifteen dollars ($15) for registrants or twenty-five dollars ($25) for licensees.

7561.3. The director may suspend or revoke a license issued under this chapter if he or she determines that the licensee or his or her manager, if an individual, or if the licensee is a person other than an individual, that any of its officers, directors, partners, or its manager, has

(a) Used any letterhead, advertisement or other printed matter, or in any manner whatever represented that he or she is an instrumentality of the federal government, a state, or any political subdivision thereof.

(d) Acceptance of employment adverse to a client or former client relating to a matter with respect to which the licensee has obtained confidential information by reason of or in the course of his or her employment by such client or former client.

7562. The record of conviction, or a certified copy thereof, shall be conclusive evidence of such conviction as that term is used in this article, Section 7538, or Section 480.

A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this article, Section 7538, or Section 480. The director may order the license suspended or revoked, or may decline to issue a license, when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing such person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information or indictment.

7563. The director, in lieu of suspending or revoking a license issued under this chapter for violations of Sections 7561.1, 7561.3, and 7561.4, may impose a civil penalty not to exceed five hundred dollars ($500) upon a licensee, if the director determines that such action better serves the purposes of this chapter.

The citation shall be in writing and shall describe with particularity the nature of the violation, including specific reference to the provision of law determined to have been violated. If the director deems it appropriate, the citation may contain an order of abatement fixing a reasonable time for abatement of the violation and may contain an assessment of an administrative fine. The amount of the fine shall in no event exceed one thousand dollars ($1,000) or as otherwise provided in this chapter, whichever is less.

A citation or fine assessment shall inform the licensee or registrant that if he or she contests the finding of a violation, they may request a review by a disciplinary review committee in accordance with Section 7517.2, if allowed under this chapter. If a review is not requested pursuant to this section, payment of any fine shall not constitute an admission of the violation charged.

If the licensee or registrant neither requests a review nor pays the assessed fine within 20 days of the assessment, the director shall suspend the license or registration of such person 30 days after the assessment.

Administrative fines collected pursuant to this article shall be deposited in the Private Investigator Fund.

CHAPTER 1197

An act to amend Section 49452.5 of the Education Code, relating to pupil health.

[Approved by Governor September 28, 1983 Filed with Secretary of State September 28, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 49452.5 of the Education Code is amended to read:

49452.5. The governing board of any school district shall, subject

to Section 49451 and in addition to the physical examinations required pursuant to Sections 208, 321, and 323.7 of the Health and Safety Code, provide for the screening of every female pupil in grade 7 and every male pupil in grade 8 for the condition known as scoliosis. The screening shall be in accord with standards established by the State Department of Education. The screening shall be supervised only by qualified supervisors of health as specified in Sections 44871 to 44878, inclusive, and Section 49422, or by school nurses employed by the district or the county superintendent of schools, or pursuant to contract with an agency authorized to perform these services by the county superintendent of schools of the county in which the district is located pursuant to Sections 1750 to 1754, inclusive, and Section 49402 of this code, Section 485 of the Health and Safety Code, and guidelines established by the State Board of Education. The screening shall be given only by individuals who supervise, or who are eligible to supervise, the screening, or licensed chiropractors, or by certificated employees of the district or of the county superintendent of schools who have received in-service training, pursuant to rules and regulations adopted by the State Board of Education, to qualify them to perform these screenings. It is the intent of the Legislature that these screenings be performed, at no additional cost to the state, the school district, or the parent or guardian, during the regular schoolday and that any staff time devoted to these activities be redirected from other ongoing activities not related to the pupil's health care. Any individual performing the screening of a particular pupil for scoliosis pursuant to this section is prohibited from treating that pupil for scoliosis should that pupil be found to have such a condition.

In-service training may be conducted by orthopedic surgeons, physicians, registered nurses, physical therapists, and chiropractors, who have received specialized training in scoliosis detection.

Pupils suspected of having scoliosis during the initial screening shall be rescreened by an orthopedic surgeon when there will be no cost to the state, the school district, or the parent or guardian.

The governing board of any school district shall provide for the notification of the parent or guardian of any pupil suspected of having scoliosis. The notification shall include an explanation of scoliosis, the significance of treating it at an early age, and the public services available, after diagnosis, for treatment. Referral of the pupil and the pupil's parent or guardian to appropriate community resources shall be made pursuant to Sections 49426 and 49456.

No action of any kind in any court of competent jurisdiction shall lie against any individual, authorized by this section to supervise or give a screening, by virtue of the provisions of this section.

CHAPTER 1198

An act to amend Sections 434.5 and 435 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 28, 1983. Filed with Secretary of State September 28, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 434.5 of the Revenue and Taxation Code is amended to read:

434.5. (a) On March 1, 1984, and March 1 of each year thereafter, the value per acre of timberland zoned under the provisions of Section 51110 or Section 51113 of the Government Code shall be determined from the following schedule:

Redwood region		Pine-mixed conifer region	
Site I	$180	Site I	$98
Site II	$150	Site II	$69
Site III	$130	Site III	$56
Site IV	$114	Site IV	$39
Site V (and inoperable)	$35	Site V (and inoperable)	$23

When the assessor, pursuant to Section 434, designates a timberland parcel or portion thereof as inoperable, that timberland parcel or portion thereof shall be valued as if it is Site V.

(b) In 1985, the board shall determine the current value of timberland by the following process:

(1) For each fiscal year between July 1, 1979, and June 30, 1984, divide the total value of all timber harvested within the state, less miscellaneous forest products not reported by board foot volume, by the total volume of timber harvested, as reported pursuant to Section 38402. Average the five fiscal year values to obtain the five-year periodic immediate harvest value.

(2) For each fiscal year between July 1, 1978, and June 30, 1983, follow the same procedure as described in paragraph (1).

(3) Divide the value obtained by paragraph (1) by the value obtained by paragraph (2) to obtain the percentage change, rounded to the nearest one-tenth of 1 percent.

(4) Increase or decrease to the nearest dollar the full market values contained in subdivision (a) by one-half of the percentage change determined by paragraph (3).

(c) Beginning January 1, 1986, and each year thereafter, the board shall determine the current value of timberland using the same procedure as described in subdivision (b), except that such adjustment shall be made to the prior year's adjusted values, and the five-year periodic immediate harvest values shall be successively one year more recent.

(d) The board shall certify the values determined pursuant to this section to the county assessors by January 10 of each year.

(e) The Legislature finds and declares that the foregoing values are consistent with the taxation of timberland used primarily for growing timber and that these values are consistent with the intent of subdivision (j) of Section 3 of Article XIII of the Constitution.

SEC. 2. Section 435 of the Revenue and Taxation Code is amended to read:

435. (a) In preparing the assessment roll for the 1984–85 fiscal year and each fiscal year thereafter, the assessor shall use as the value of each parcel of timberland the appropriate site value pursuant to Section 434.5 plus the value, if any, attributable to existing, compatible, nonexclusive uses of the land. Assessments of values attributable to compatible uses determined in accordance with this part are subject to the appeals procedure established by law for other assessments.

(b) Nothing in this article shall prevent the assessor in valuing timberland from taking into consideration the existence of any mines, minerals, and quarries in or upon the land being valued, including, but not limited to, geothermal resources and oil, gas, and other hydrocarbon substances.

(c) The provisions of this article shall not apply to any structure on the land being valued or to an area of reasonable size used as a site for approved compatible uses.

CHAPTER 1199

An act to add and repeal Article 4 (commencing with Section 69560) of Chapter 2 of Part 42 of the Education Code, relating to postsecondary education.

[Approved by Governor September 28, 1983 Filed with Secretary of State September 28, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Article 4 (commencing with Section 69560) is added to Chapter 2 of Part 42 of the Education Code, to read:

Article 4. Student Opportunity and Access Program

69560. The Legislature finds and declares that:

(a) Lack of information about postsecondary opportunities and low achievement levels are primary barriers to college for low-income and ethnic minority students.

(b) Stipends for college students of low-income backgrounds to provide informational and tutorial help for low-income and ethnic minority students is a cost-effective method of increasing access and

of providing student financial aid.

(c) Interinstitutional outreach programs reduce the duplication of outreach efforts among colleges, are more cost-effective than single-institution outreach programs, and improve the services available to secondary school students.

69561. The Student Aid Commission shall apportion funds for the support of projects designed to increase the accessibility of postsecondary educational opportunities to low-income and ethnic minority secondary school students. These projects shall primarily (1) increase the availability of information for low-income and ethnic minority students on the existence of postsecondary schooling and work opportunities, and (2) raise the achievement levels of low-income and ethnic minority students so as to increase the number of high school graduates eligible to pursue postsecondary learning opportunities. Projects may also assist low-income and ethnic minority community college students in transferring to four-year institutions, to the extent that project resources are available. Projects supported by the commission shall also meet the following criteria:

(a) Each project shall be proposed and operated interinstitutionally, involving at least one secondary school district office and one community college and two of the following educational agencies: nonprofit educational, counseling, or community agencies; the University of California; the California State University; the California Maritime Academy; independent colleges and universities, or eligible private vocational or technical schools. As used in this article, eligible private vocational or technical schools shall include schools accredited by a national, state, or regional accrediting association recognized by the United States Office of Education. The commission, in awarding project grants, shall give priority to proposals developed by more than three eligible agencies. At least one project shall be located in a rural area.

(b) Prior to receiving a project grant, each consortium shall conduct a planning process and submit a comprehensive project proposal to include, but not be limited to, the following information: (1) the agencies participating in the project, (2) the students to be served by the project, (3) the ways in which the project will reduce duplication and related costs, (4) the methods for assessing the project's impact, and (5) the alternative means for long-term support of the project.

(c) Each project shall include the direct involvement of secondary school staff in the operations of the project, with preference in funding to those projects which place the administrative responsibility with the school district.

(d) Each project shall maintain within the project headquarters a comprehensive student-specific information system on low-income and ethnic minority students in the eleventh and twelfth grades at secondary schools within the participating districts. This information shall be maintained in a manner consistent with the law relating to

pupil records.

(e) At least 30 percent of each project grant shall be allocated for stipends to peer advisors and tutors who (1) work with low-income and ethnic minority high school students, (2) are currently enrolled in a college or other postsecondary school as an undergraduate or graduate student, and (3) have demonstrated financial need for the stipend.

(f) The activities of each project should enhance the activities of existing educational opportunity programs. The Student Aid Commission may develop additional regulations regarding the award of project grants.

69562. The commission shall establish an 13-member project grant advisory committee to advise project directors and the commission on the development and operation of the projects, and consisting of the following:

(a) Three educational opportunity or student affirmative action program directors, representing the University of California, the California State University, and the California Community Colleges, appointed by their respective governing boards.

(b) One representative of private colleges and universities, appointed by the Association of Independent Colleges and Universities.

(c) One representative of the California Postsecondary Education Commission, appointed by the commission.

(d) Two secondary school staff, appointed by the Superintendent of Public Instruction.

(e) Two persons representing the general public, one appointed by the Speaker of the Assembly and the other by the Senate Rules Committee.

(f) Two postsecondary students, both appointed annually by the Student Advisory Committee of the California Postsecondary Education Commission.

(g) One college campus financial aid officer and one representative of the Student Aid Commission, both appointed by the Student Aid Commission.

The Superintendent of Public Instruction shall appoint a representative of the State Department of Education to consult with the advisory committee in the development of criteria and guidelines for the selection of projects and the identification of potential funding sources within the postsecondary education sector.

69563. By December 31, 1987, the California Postsecondary Education Commission shall complete an evaluation of each of the funded interinstitutional projects. This evaluation shall assess the relative success of each project in achieving its objectives and identify those projects which are the most cost-effective. Funding for those projects which are considered either ineffective or not cost-effective shall be eliminated after the third year, with the funding for these projects made available to new interinstitutional efforts. In making this assessment, special consideration shall be

given to rural projects with a recognition that operating costs will be higher in rural than in urban areas. Every third year, a similar review process shall occur, with the ineffective projects eliminated.

69564. Allocation of any funds appropriated for purposes of this article shall be limited to those agencies meeting requirements of this article and providing equal dollar matching support from existing or budgeted increases in federal, state, local, and private funds.

69565. This article shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1989, deletes or extends that date.

[Became law without Governor's signature Filed with Secretary of State September 29, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 2356 of the Civil Code is amended to read:

2356. (a) Unless the power of an agent is coupled with an interest in the subject of the agency, it is terminated by any of the following:

(1) Its revocation by the principal.

(2) The death of the principal.

(3) The incapacity of the principal to contract.

(b) Notwithstanding subdivision (a), any bona fide transaction entered into with such agent by any person acting without actual knowledge of such revocation, death, or incapacity shall be binding upon the principal, his or her heirs, devisees, legatees, and other

successors in interest.

(c) Nothing in this section shall affect the provisions of Section 1216.

(d) With respect to a power of attorney, the provisions of this section are subject to the provisions of Articles 3 (commencing with Section 2400) and 5 (commencing with Section 2430) of Chapter 2.

(e) With respect to a proxy given by a person to another person relating to the exercise of voting rights, to the extent the provisions of this section conflict with or contravene any other provisions of the statutes of California pertaining to the proxy, the latter provisions shall prevail.

SEC. 2. Section 2402 of the Civil Code is amended to read:

2402. (a) If, following execution of a durable power of attorney, a court of the principal's domicile appoints a conservator of the estate, guardian of the estate, or other fiduciary charged with the management of all of the principal's property or all of his or her property except specified exclusions, the attorney in fact is accountable to the fiduciary as well as to the principal. The fiduciary has the same power to revoke or amend the power of attorney that the principal would have had if he or she were not incapacitated; but, if a conservator is appointed by a court of this state, the conservator can revoke or amend the power of attorney only if the court in which the conservatorship proceeding is pending has first made an order authorizing or requiring the fiduciary to revoke or amend the durable power of attorney and the revocation or amendment is in accord with the order. This subdivision does not apply to a durable power of attorney to the extent that the durable power of attorney authorizes the attorney in fact to make health care decisions, as defined in Section 2430, for the principal.

(b) A principal may nominate, by a durable power of attorney, a conservator of the person or estate or both, or a guardian of the person or estate or both, for consideration by the court if protective proceedings for the principal's person or estate are thereafter commenced. If the protective proceedings are conservatorship proceedings in this state, the nomination shall have the effect provided in Section 1810 of the Probate Code, and the court shall give effect to the most recent writing executed in accordance with Section 1810 of the Probate Code, whether or not such writing is a durable power of attorney.

attorney in fact who was a resident of this state at the time the power of attorney was created or is a resident of this state at the time the petition is filed under this article. For the purposes of this article, a power of attorney does not include a proxy given by a person to another person with respect to the exercise of voting rights that is governed by any other statute of California.

(c) Compelling the attorney in fact to submit his or her accounts or report his or her acts as attorney in fact to the principal, the spouse of the principal, the conservator of the person or the estate of the principal, or to such other person as the court in its discretion may require, if the attorney in fact has failed to submit an accounting and report within 60 days after written request from the person filing the petition.

(d) Declaring that the power of attorney is terminated upon a determination by the court of all of the following:

(1) The attorney in fact has violated or is unfit to perform the fiduciary duties under the power of attorney.

(3) The termination of the power of attorney is in the best interests of the principal or the principal's estate.

SEC. 6. Section 2412.5 is added to the Civil Code, to read:

2412.5. With respect to a durable power of attorney for health care, a petition may be filed under this article for any one or more of the following purposes:

(a) Determining whether the durable power of attorney for health care is in effect or has terminated.

(b) Determining whether the acts or proposed acts of the attorney in fact are consistent with the desires of the principal as expressed in the durable power of attorney or otherwise made known to the court or, where the desires of the principal are unknown or unclear, whether the acts or proposed acts of the attorney in fact are in the best interests of the principal.

(d) Declaring that the durable power of attorney for health care is terminated upon a determination by the court that the attorney in fact has made a health care decision for the principal that authorized anything illegal or upon a determination by the court of both of the following:

(1) The attorney in fact has violated, has failed to perform, or is unfit to perform, the duty under the durable power of attorney for health care to act consistent with the desires of the principal or, where the desires of the principal are unknown or unclear, is acting (by action or inaction) in a manner that is clearly contrary to the best interests of the principal.

(2) At the time of the determination by the court, the principal lacks the capacity to give or to revoke a durable power of attorney for health care.

SEC. 7. Section 2417 of the Civil Code is amended to read:

2417. (a) Upon the filing of a petition under this article, the clerk shall set the petition for hearing.

(b) At least 30 days before the time set for hearing, the petitioner shall serve notice of time and place of the hearing, together with a copy of the petition, on all of the following:

(1) The attorney in fact if not the petitioner.

(2) The principal if not the petitioner.

(3) Any other persons the court in its discretion requires.

(c) Service shall be made by mailing to the last known address of the person required to be served unless the court in its discretion requires that notice be served in some other manner. Personal delivery is the equivalent of mailing.

(d) Proof of compliance with subdivisions (b) and (c) shall be made at or before the hearing. If it appears to the satisfaction of the court that the notice has been given as required, the court shall so find in its order, and the order, when it becomes final, is conclusive on all persons.

(e) Proceedings under this article shall be governed, whenever possible, by the provisions of this article, and where the provisions of this article do not appear applicable, the provisions of Division 3 (commencing with Section 300) of the Probate Code shall apply.

(f) The court for good cause may shorten the time required for the performance of any act required by this section.

(g) In a proceeding under this article commenced by the filing of a petition by a person other than the attorney in fact, the court may in its discretion award reasonable attorney's fees to:

(1) The attorney in fact if the court determines that the proceeding was commenced without any reasonable cause.

(2) The person commencing the proceeding if the court determines that the attorney in fact has clearly violated the fiduciary duties under the power of attorney or has failed without any reasonable cause or justification to submit accounts or report acts to the principal or conservator of the estate or of the person, as the case may be, after written request from the principal or conservator.

(h) With respect to a durable power of attorney for health care, the court in its discretion, upon a showing of good cause, may issue a temporary order prescribing the health care of the principal until the disposition of the petition filed under Section 2412.5. If a durable power of attorney for health care is in effect and a conservator (including a temporary conservator) of the person is appointed for the principal, the court that appoints the conservator in its discretion, upon a showing of good cause, may issue a temporary order prescribing the health care of the principal, such order to continue in effect for such time as is ordered by the court but in no case longer than the time necessary to permit the filing and determination of a petition filed under Section 2412.5.

SEC. 8. Section 2419 of the Civil Code is amended to read:

2419. An appeal may be taken from any of the following:

(a) Any final order or decree made pursuant to subdivision (a), (b), or (d) of Section 2412 or subdivision (a), (b), or (d) of Section 2412.5.

(b) An order dismissing the petition or denying a motion to dismiss under Section 2416.

SEC. 9. Section 2421 of the Civil Code is amended to read:

2421. (a) Except as provided in subdivisions (b), (c), and (d), a power of attorney may expressly eliminate the authority of any person listed in Section 2411 to petition the court under this article for any one or more of the purposes enumerated in Section 2412 or 2412.5 if both of the following requirements are met:

(1) The power of attorney is executed by the principal at a time when the principal has the advice of a lawyer licensed to practice law in the state where the power of attorney is executed.

(2) The approval of the lawyer described in paragraph (1) of the power of attorney is included as a part of the instrument that constitutes the power of attorney.

(b) Notwithstanding any provision of the power of attorney,

except as provided in subdivision (c), the conservator of the estate of the principal may petition the court under this article for any one or more of the purposes enumerated in Section 2412.

(c) Notwithstanding any provision of the power of attorney, in the case of a durable power of attorney for health care, the conservator of the person of the principal may petition the court under this article for any of the purposes enumerated in subdivisions (a), (c), and (d) of Section 2412.5.

(d) Notwithstanding any provision of the power of attorney, in the case of a durable power of attorney for health care, the attorney in fact may petition the court under this article for any of the purposes enumerated in subdivisions (a) and (b) of Section 2412.5.

SEC. 10. Article 5 (commencing with Section 2430) is added to Chapter 2 of Title 9 of Part 4 of Division 3 of the Civil Code, to read:

Article 5. Durable Power of Attorney for Health Care

2430. As used in this article:

(a) "Durable power of attorney for health care" means a durable power of attorney to the extent that it authorizes an attorney in fact to make health care decisions for the principal.

(b) "Health care" means any care, treatment, service, or procedure to maintain, diagnose, or treat an individual's physical or mental condition.

(c) "Health care decision" means consent, refusal of consent, or withdrawal of consent to health care.

(d) "Health care provider" means a person who is licensed, certified, or otherwise authorized or permitted by the law of this state to administer health care in the ordinary course of business or practice of a profession.

(e) "Person" includes an individual, corporation, partnership, association, the state, a city, county, city and county, or other public entity or governmental subdivision or agency, or any other legal entity.

(f) "Community care facility" means a community care facility as defined in Section 1502 of the Health and Safety Code.

2431. (a) A durable power of attorney executed after December 31, 1983, is effective to authorize the attorney in fact to make health care decisions for the principal only if the power of attorney complies with this article.

(b) A durable power of attorney executed before January 1, 1984, that specifically authorizes the attorney in fact to make decisions relating to the medical or health care of the principal shall be deemed to be valid under this article after January 1, 1984, notwithstanding that it fails to comply with the requirement of paragraph (2) of subdivision (a) of Section 2432 or subdivision (c) of Section 2433; but, to the extent that the durable power of attorney authorizes the attorney in fact to make health care decisions for the principal, the durable power of attorney is subject to all tne

provisions of this article and to Article 4 (commencing with Section 2410).

(c) Nothing in this article affects the validity of a decision made under a durable power of attorney before January 1, 1984.

2432. (a) An attorney in fact under a durable power of attorney may not make health care decisions unless both of the following requirements are satisfied:

(1) The durable power of attorney specifically authorizes the attorney in fact to make health care decisions.

(2) The durable power of attorney contains the date of its execution and is witnessed by one of the following methods:

(A) Be signed by at least two persons each of whom witnessed either the signing of the instrument by the principal or the principal's acknowledgment of the signature or of the instrument, each witness making the following declaration in substance: "I declare under penalty of perjury under the laws of California that the principal is personally known to me, that the principal signed or acknowledged this durable power of attorney in my presence, that the principal appears to be of sound mind and under no duress, fraud, or undue influence, that I am not the person appointed as attorney in fact by this document, and that I am not a health care provider, an employee of a health care provider, the operator of a community care facility, nor an employee of an operator of a community care facility." In addition, the declaration of at least one of the witnesses must include the following: "I am not related to the principal by blood, marriage, or adoption, and to the best of my knowledge I am not entitled to any part of the estate of the principal upon the death of the principal under a will now existing or by operation of law."

(B) Be acknowledged before a notary public at any place within this state, the notary public certifying to the substance of the following:

personally appeared _____, personally known to me (or proved to me on the basis of satisfactory evidence) to be the person whose name is subscribed to this instrument, and acknowledged that he or she executed it. I declare under penalty of perjury that the person whose name is subscribed to this instrument appears to be of sound mind and under no duress, fraud, or undue influence.

NOTARY SEAL _____

(Signature of Notary Public)

(b) Neither the treating health care provider nor an employee of the treating health care provider, nor an operator of a community

care facility nor an employee of an operator of a community care facility, may be designated as the attorney in fact to make health care decisions under a durable power of attorney. A health care provider or employee of a health care provider may not act as an attorney in fact to make health care decisions if the health care provider becomes the principal's treating health care provider.

(c) A conservator may not be designated as the attorney in fact to make health care decisions under a durable power of attorney for health care executed by a person who is a conservatee under the Lanterman-Petris-Short Act, Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code, unless (1) the power of attorney is otherwise valid, (2) the conservatee is represented by legal counsel, and (3) the lawyer representing the conservatee signs a certificate stating: "I have advised my client concerning his or her rights in connection with this matter and the consequences of signing or not signing this durable power of attorney and my client, after being so advised, has executed this durable power of attorney."

(d) None of the following may be used as a witness under subdivision (a):

(1) A health care provider.

(2) An employee of a health care provider.

(3) The attorney in fact.

(4) The operator of a community care facility.

(5) An employee of an operator of a community care facililty.

(e) At least one of the persons used as a witness under subdivision (a) shall be a person who is not one of the following:

(1) A relative of the principal by blood, marriage, or adoption.

(f) A durable power of attorney for health care is not effective if the principal is a patient in a skilled nursing facility as defined in subdivision (c) of Section 1250 of the Health and Safety Code at the time of its execution unless one of the witnesses is a patient advocate or ombudsman as may be designated by the State Department of Aging for this purpose pursuant to any other applicable provision of law. The patient advocate or ombudsman shall include in the declaration required by subdivision (a) (2) (A) a declaration that he or she is serving as a witness as required by this subdivision. It is the intent of this subdivision to recognize that some patients in skilled nursing facilities are insulated from a voluntary decisionmaking role, by virtue of the custodial nature of their care, so as to require special assurance that they are capable of willfully and voluntarily executing a durable power of attorney for health care.

2433. (a) A printed form of a durable power of attorney for health care sold in this state for use by a person who does not have the advice of legal counsel shall provide no other authority than the

authority to make health care decisions on behalf of the principal and shall include the following notice in 10-point boldface type:

WARNING TO PERSON EXECUTING THIS DOCUMENT

This is an important legal document. It creates a durable power of attorney for health care. Before executing this document, you should know these important facts:

1. This document gives the person you designate as your attorney in fact the power to make health care decisions for you, subject to any limitations or statement of your desires that you include in this document. The power to make health care decisions for you may include consent, refusal of consent, or withdrawal of consent to any care, treatment, service, or procedure to maintain, diagnose, or treat a physical or mental condition. You may state in this document any types of treatment or placements that you do not desire.

2. The person you designate in this document has a duty to act consistent with your desires as stated in this document or otherwise made known or, if your desires are unknown, to act in your best interests.

3. Except as you otherwise specify in this document, the power of the person you designate to make health care decisions for you may include the power to consent to your doctor not giving treatment or stopping treatment which would keep you alive.

4. Unless you specify a shorter period in this document, this power will exist for seven years from the date you execute this document and, if you are unable to make health care decisions for yourself at the time when this seven-year period ends, this power will continue to exist until the time when you become able to make health care decisions for yourself.

5. Notwithstanding this document, you have the right to make medical and other health care decisions for yourself so long as you can give informed consent with respect to the particular decision. In addition, no treatment may be given to you over your objection, and health care necessary to keep you alive may not be stopped if you object.

6. You have the right to revoke the appointment of the person designated in this document by notifying that person of the revocation orally or in writing.

7. You have the right to revoke the authority granted to the person designated in this document to make health care decisions for you by notifying the treating physician, hospital, or other health care provider orally or in writing.

8. The person designated in this document to make health care decisions for you has the right to examine your medical records and to consent to their disclosure unless you limit this right in this document.

9. If there is anything in this document that you do not understand, you should ask a lawyer to explain it to you.

(b) The printed form described in subdivision (a) shall also include the following notice: "This power of attorney will not be valid for making health care decisions unless it is either (1) signed by two qualified witnesses who are personally known to you and who are present when you sign or acknowledge your signature or (2) acknowledged before a notary public in California."

(c) A durable power of attorney prepared in this state that permits the attorney in fact to make health care decisions and that is not a printed form shall include one of the following:

(1) The substance of the statements provided for in subdivision (a) in capital letters.

(2) A certificate of a lawyer representing the principal stating: "I have advised my client concerning his or her rights in connection with this durable power of attorney and the law applicable thereto, including, but not limited to, the matters listed in subdivision (a) of Section 2433 of the Civil Code, and the consequences of signing or not signing this durable power of attorney and my client, after being so advised, has executed this durable power of attorney."

2434. (a) Unless the durable power of attorney provides otherwise, the attorney in fact designated in a durable power of attorney for health care who is known to the health care provider to be available and willing to make health care decisions has priority over any other person to act for the principal in all matters of health care decisions, but the attorney in fact does not have authority to make a particular health care decision if the principal is able to give informed consent with respect to that decision.

(b) Subject to any limitations in the durable power of attorney, the attorney in fact designated in a durable power of attorney for health care may make health care decisions for the principal, before or after the death of the principal, to the same extent as the principal could make health care decisions for himself or herself if the principal had the capacity to do so, including a disposition under the Uniform Anatomical Gift Act, Chapter 3.5 (commencing with Section 7150.5) of Part 1 of Division 7 of the Health and Safety Code. In exercising the authority under the durable power of attorney for health care, the attorney in fact has a duty to act consistent with the desires of the principal as expressed in the durable power of attorney or otherwise made known to the attorney in fact at any time or, if the principal's desires are unknown, to act in the best interests of the principal.

(c) Nothing in this article affects any right the person designated as attorney in fact may have, apart from the durable power of attorney for health care, to make or participate in the making of health care decisions on behalf of the principal.

2435. A durable power of attorney may not authorize the attorney in fact to consent to any of the following on behalf of the principal:

(a) Commitment to or placement in a mental health treatment facility.

(b) Convulsive treatment (as defined in Section 5325 of the Welfare and Institutions Code).

(c) Psychosurgery (as defined in Section 5325 of the Welfare and Institutions Code).

(d) Sterilization.

(e) Abortion.

2436. Except to the extent the right is limited by the durable power of attorney, an attorney in fact designated to make health care decisions under a durable power of attorney has the same right as the principal to receive information regarding the proposed health care, to receive and review medical records, and to consent to the disclosure of medical records.

2436.5. Unless a shorter period is provided in the durable power of attorney for health care, a durable power of attorney for health care executed after January 1, 1984, expires seven years after the date of its execution unless at the end of the seven-year period the principal lacks the capacity to make health care decisions for himself or herself, in which case the durable power of attorney for health care continues in effect until the time when the principal regains the capacity to make health care decisions for himself or herself.

2437. (a) At any time while the principal has the capacity to give a durable power of attorney for health care, the principal may do any of the following:

(1) Revoke the appointment of the attorney in fact under the durable power of attorney for health care by notifying the attorney in fact orally or in writing.

(2) Revoke the authority granted to the attorney in fact to make health care decisions by notifying the health care provider orally or in writing.

(b) If the principal notifies the health care provider orally or in writing that the authority granted to the attorney in fact to make health care decisions is revoked, the health care provider shall make the notification a part of the principal's medical records and shall make a reasonable effort to notify the attorney in fact of the revocation.

(c) It is presumed that the principal has the capacity to revoke a durable power of attorney for health care. This presumption is a presumption affecting the burden of proof.

(d) Unless it provides otherwise, a valid durable power of attorney for health care revokes any prior durable power of attorney for health care.

(e) Unless the durable power of attorney expressly provides otherwise, if after executing a durable power of attorney for health care the principal's marriage is dissolved or annulled, the dissolution or annulment revokes any designation of the former spouse as an attorney in fact to make health care decisions for the principal. If any designation is revoked solely by this subdivision, it is revived by the principal's remarriage to the former spouse.

2438. (a) Subject to any limitations stated in the durable power

of attorney and to subdivision (b) and to Sections 2435, 2440, 2441, 2442, and 2443, a health care provider is not subject to criminal prosecution, civil liability, or professional disciplinary action except to the same extent as would be the case if the principal, having had the capacity to give informed consent, had made the health care decision on his or her own behalf under like circumstances, if the health care provider relies on a health care decision and both of the following requirements are satisfied:

(1) The decision is made by an attorney in fact who the health care provider believes in good faith is authorized under this article to make the decision.

(2) The health care provider believes in good faith that the decision is not inconsistent with the desires of the principal as expressed in the durable power of attorney or otherwise made known to the health care provider, and, if the decision is to withhold or withdraw health care necessary to keep the principal alive, the health care provider has made a good faith effort to determine the desires of the principal to the extent that the principal is able to convey those desires to the health care provider and the results of the effort are made a part of the principal's medical records.

(b) Nothing in this article authorizes a health care provider to do anything illegal.

(c) Notwithstanding the health care decision of the attorney in fact designated by a durable power of attorney for health care, the health care provider is not subject to criminal prosecution, civil liability, or professional disciplinary action for failing to withdraw health care necessary to keep the principal alive.

2439. (a) Subject to Section 2434, nothing in this article affects any right a person may have to make health care decisions on behalf of another.

(b) This article does not affect the law governing health care treatment in an emergency.

2440. Nothing in this article authorizes an attorney in fact to consent to health care, or to consent to the withholding or withdrawal of health care necessary to keep the principal alive, if the principal objects to the health care or to the withholding or withdrawal of the health care. In such a case, the case is governed by the law that would apply if there were no durable power of attorney for heath care.

2441. No health care provider, health care service plan, insurer issuing disability insurance, self-insured employee welfare plan, or nonprofit hospital plan or similar insurance plan, may condition admission to a facility, or the providing of treatment, or insurance, on the requirement that a patient execute a durable power of attorney for health care.

2442. Any person who, except where justified or excused by law, alters or forges a durable power of attorney for health care of another, or willfully conceals or withholds personal knowledge of a revocation as provided under Section 2437, with the intent to cause

a withholding or withdrawal of health care necessary to keep the principal alive contrary to the desires of the principal, and thereby, because of such act, directly causes health care necessary to keep the principal alive to be withheld or withdrawn and the death of the principal thereby to be hastened, is subject to prosecution for unlawful homicide as provided in Chapter 1 (commencing with Section 187) of Title 8 of Part 1 of the Penal Code.

2443. Nothing in this article shall be construed to condone, authorize, or approve mercy killing, or to permit any affirmative or deliberate act or omission to end life other than the withholding or withdrawal of health care pursuant to a durable power of attorney for health care so as to permit the natural process of dying. In making health care decisions under a durable power of attorney for health care, an attempted suicide by the principal shall not be construed to indicate a desire of the principal that health care treatment be restricted or inhibited.

SEC. 11. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1205

An act to amend Section 8690.4 of the Government Code, relating to natural disaster relief, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1983. Filed with Secretary of State September 29, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Section 8690.4 of the Government Code is amended to read:

8690.4. The Controller shall establish the following three special accounts in the Natural Disaster Assistance Fund:

(a) The Public Facilities Account, into which shall be paid all resources of the appropriation made by Section 4 of Chapter 624 of the Statutes of 1973, any money hereafter appropriated by the Legislature for allocation for public facilities projects, and any income from investment of moneys in the account and payments by local agencies in reimbursement of moneys disbursed from the account, including deferred payments with charges, pursuant to Section 8686.8.

(b) The Street and Highway Account, into which shall be paid all resources transferred from the Street and Highway Disaster Fund, any money received from the federal government as reimbursement to any city or county for expenditures from funds allocated, transferred or expended pursuant to this chapter for a street and highway project, any money hereafter appropriated by the Legislature for allocation for street and highway projects, and any income from investment of moneys in the account and payments by local agencies in reimbursement of moneys disbursed from the account including deferred payments with charges, pursuant to Section 8686.8.

(c) The 1983 Natural Disasters Account, into which shall be paid all moneys appropriated by the Legislature for allocation to those who have incurred losses or expenses resulting from the Coalinga earthquake of May 2, 1983, as follows:

(1) To reimburse local agencies for personnel overtime costs and for supplies used for disaster assistance.

(2) To provide for the repair, cleanup, and reconstruction of damaged public facilities.

(3) To provide state matching funds for federal assistance.

(4) To provide other assistance as the Director of the Office of Emergency Services deems necessary to carry out the provisions of this subdivision

SEC. 2. Notwithstanding the provisions of Sections 50660 through 50668 of the Health and Safety Code, funds in the Housing Rehabilitation Loan Fund may be used for the purpose of reconstructing, rather than merely rehabilitating, owner-occupied single family residences which were condemned as a result of damage caused by the earthquakes in the City of Coalinga.

This section shall remain in effect only until January 1, 1989, and as of that date is repealed unless a later enacted statute, which is chaptered before January 1, 1989, deletes or extends that date.

SEC. 3. The sum of five million dollars ($5,000,000) is hereby appropriated from the General Fund to the 1983 Natural Disasters Account in the Natural Disaster Assistance Fund for allocation by the Director of the Office of Emergency Services pursuant to Section 8690.4 of the Government Code.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Areas of the City of Coalinga were damaged by the May 1983 earthquake and are urgently in need of aid and assistance which can be provided through the State's Deferred Payment Rehabilitation Program. In order to exempt the use of funds to finance the reconstruction of demolished housing from an existing limitation as soon as possible, and in order to enable the state to utilize these funds to provide immediate aid and assistance, it is necessary that this act take effect immediately.

CHAPTER 1206

An act to amend Section 85023 of the Education Code, relating to community colleges, and declaring the urgency thereof, to take effect immediately.

[Became law without Governor's signature. Filed with Secretary of State September 29, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Section 85023 of the Education Code is amended to read:

85023. (a) On or before the first day of July in each year, each community college district shall file a tentative budget with the county superintendent of schools.

(1) The budget shall indicate the date, time, and location at which the governing board of the district will hold the public hearing required pursuant to Section 85003.

(2) If the governing board of the district does not want all or a portion of the property tax requirement levied for the purpose of making payments for the interest and principal on outstanding general obligation bonds or other indebtedness approved by the voters prior to July 1, 1978, the budget shall include a statement of the amount or portion for which a levy shall not be made.

(3) For the 1981–82 fiscal year only, the information specified in paragraphs (1) and (2) may be filed separately, but no later than August 1, 1981.

(b) On or before August 1, in each year, the county superintendent of schools:

(1) Shall examine and may make technical corrections to the tentative budget, and indicate changes desirable or necessary to determine the tax requirement.

(2) Shall make any recommendations necessary to ensure that the proposed expenditures do not exceed the anticipated revenues and that the anticipated revenues are realistic, and shall transmit to the governing board of the community college district a written explanation of the reasons for such changes.

(3) May make written recommendations as to anticipated revenues at any time prior to final adoption of the budget by the governing board of the district.

(4) May accept changes in the date, time, or location of the public hearing pursuant to Section 85003 and changes in the statement required by paragraph (2) of subdivision (a) of this section of the amount or portion for which a property tax levy shall not be made.

(c) The county superintendent or the county auditor shall compute the actual amounts to be levied on the property tax rolls of the district for purposes which exceed apportionments to the district pursuant to Sections 95 to 100, inclusive, of the Revenue and Taxation

Code. Each community college district shall provide all data needed by the county superintendent or the county auditor to compute the amounts. On or before August 15, the county superintendent shall transmit the amounts so computed to the county auditor who shall compute the tax rates necessary to produce the amounts. On or before September 1, the county auditor shall submit the rate so computed to the board of supervisors for adoption.

(d) On or before the seventh day of September the governing board of each community college district shall adopt a final budget including any tax requirements computed pursuant to subdivision (c) as adjusted by paragraph (2) of subdivision (a) and shall file the budget with the county superintendent of schools.

(e) On or before the 15th day of September, the county superintendent shall approve the adopted budget for each community college district as officially adopted and submitted by its governing board, and shall file one copy of the adopted budget of each community college district with the county board of supervisors, one copy with the county auditor, and two copies with the office of the Chancellor of the California Community Colleges.

(f) Notwithstanding subdivision (d), for the 1983–84 fiscal year only, the governing board of each community college district may adopt a final budget on or before October 7, 1983.

Notwithstanding subdivision (e), for the 1983–84 fiscal year only, the county superintendent may approve the adopted budget for each community college district on or before October 15, 1983.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit the orderly transition of recently enacted legislation relating to community college finance, and to provide community college districts sufficient time to plan and adopt new budgets for the 1983–84 fiscal year as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 1207

An act to amend Sections 437.11 and 1255 of the Health and Safety Code, to amend Sections 5458, 5606, and 5705.1 of and to amend, repeal, and add Section 5705.2 of, the Welfare and Institutions Code, relating to health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1983 Filed with Secretary of State September 30, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 437.11 of the Health and Safety Code is amended to read:

437.11. (a) The office shall exempt from the provisions of Sections 438 to 438.13, inclusive, and shall issue a certificate of exemption for those projects which were not previously subject to review under Section 437.7 prior to the effective date of this section where the applicant has shown and the office director has found all of the following:

(1) The applicant has, prior to the effective date of this section, committed or incurred a financial obligation, including any obligation payable by force account, which is certified by a licensed architect or engineer to be 10 percent of the cost of the total project, or seventy-five thousand dollars ($75,000), whichever is less.

(2) The project cannot be terminated without substantial economic loss to the applicant.

(3) Except with respect to projects set forth in subdivision (d) of Section 437.10, the project was commenced prior to the effective date of this section and is being diligently pursued to completion.

(4) The applicant has filed a notice of such project with the office on forms supplied by the office within 60 days of the effective date of this section.

For the purposes of this subdivision, "project" shall mean any project set forth in Section 437.10, and the term "financial obligation" shall include cost factors set forth in the definition of "capital expenditure" in Section 437.10.

Within 120 days of the effective date of this section, the office shall determine in public hearing which applications are entitled to an exemption under this subdivision.

(b) In addition, the office shall exempt from the provisions of Sections 438 to 438.13, inclusive, and shall issue a certificate of need for those projects where the applicant has shown and the office director has found one of the following:

(1) The project is necessary solely to replace health care services that are no longer available at the facility because of a disaster or other emergency.

(2) The project is solely for the purpose of complying with requirements of law or regulations.

(3) The project was the subject of an application submitted to an area health planning agency prior to the effective date of this section. Such applications shall be processed and decided in the manner prescribed by this part as it existed immediately prior to the operative date of this section, except that any petition for appeal of a decision or lack of decision of such an area health planning agency rendered after the effective date of this section shall be made directly to the Advisory Health Council.

(4) The project is to add not more than 10 percent of licensed bed capacity or 10 beds, whichever is less, to an existing general acute

care hospital, an existing acute psychiatric hospital, an existing special hospital, an existing general acute care/rehabilitating hospital, or an existing chemical dependency recovery hospital, where the applicant has shown and the office director has found that:

(A) The applicant hospital has not been granted a certificate of exemption pursuant to this provision or pursuant to Section 437.112, as Section 437.112 existed on January 1, 1982, within the last preceding 24 months.

(B) The applicant hospital has had an occupancy rate for the classification of beds to be added, and for the facility as a whole, for the preceding 12-month period, of not less than 85 percent.

(C) The facility is accessible to persons for whom the cost of care is reimbursed under Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code. In the case of an acute psychiatric hospital, the showing required by this subparagraph shall be limited to those categories of patients for whom acute psychiatric hospitals are eligible to receive reimbursement under Chapter 7 (commencing with Section 1400) of Part 3 of Division 9 of the Welfare and Institutions Code.

(5) The project is to add not more than five beds to an existing skilled nursing facility which is operated as a distinct part of a primary health service hospital, as defined in Section 1339.9 that participates in Medi-Cal programs, provided that all of the following conditions exist:

(A) At the time of the application, the Statewide Health Facility and Services Plan indicates a need for the proposed number of beds taking into account the number of approved beds in the health facilities planning area in which the project is located including beds approved pursuant to this subdivision.

(B) The applicant skilled nursing facility has had at least a 95 percent occupancy rate for existing beds for the 12 months preceding the submission of an application.

(C) The applicant facility has not been issued within the 12 months preceding application a citation for a class A violation or more than one class B violation, as defined at Section 1424, which is one of the following:

(i) Uncontested.

(ii) Contested, but not adjudicated.

(iii) Contested, but sustained upon adjudication.

In determining the current number of approved beds in the health facilities planning area in which the project is located, the office shall count the number of beds for which applications for a certificate of need have been deemed complete pursuant to Section 438.2, before the effective date of the amendments to this section enacted by the Statutes of 1983.

Such a project shall not require a capital expenditure which exceeds ten thousand dollars ($10,000), and only one such project may be approved for a facility in a 12-month period. However, no facility shall receive approval pursuant to this section for more than

two projects. The office shall annually adjust this capital expenditure threshold to reflect changes in the cost of living as determined by the Department of Finance, using 1981 as the base year.

Any certificate issued for such projects shall expire if the applicant does not complete the project within 12 months after issuance unless the office, for good cause shown, extends the certificate.

(c) A certificate of exemption issued pursuant to this section or Section 1268 shall for all purposes have the same effect as a certificate of need issued pursuant to this part.

SEC. 1.5. Section 1255 of the Health and Safety Code is amended to read:

1255. In addition to the basic services offered under the license, a general acute care hospital may be approved in accordance with subdivision (c) of Section 1277 to offer special services including, but not limited to, the following:

(a) Radiation therapy department.
(b) Burn center.
(c) Emergency center.
(d) Hemodialysis center (or unit).
(e) Psychiatric.
(f) Intensive-care newborn nursery.
(g) Cardiac surgery.
(h) Cardiac catheterization laboratory.
(i) Renal transplant.
(j) Such other special services as the department may prescribe by regulation.

A general acute care hospital which exclusively provides acute medical rehabilitation center services may be approved in accordance with subdivision (b) of Section 1277 to offer special services not requiring surgical facilities.

The state department shall adopt standards for special services and such other regulations as may be necessary to implement this section. For cardiac catheterization laboratory service, the state department shall, at a minimum, adopt standards and regulations which specify that only diagnostic services, and which diagnostic services, may be offered by an acute care hospital or a multispecialty clinic as defined in subdivision (*l*) of Section 1206 which is approved to provide cardiac catheterization laboratory service but is not also approved to provide cardiac surgery service, together with the conditions under which such cardiac catheterization laboratory service may be offered.

A cardiac catheterization laboratory service shall be located in a general acute care hospital which is either licensed to perform cardiovascular procedures requiring extracorporeal coronary artery bypass, which meets all of the applicable licensing requirements relating to staff, equipment, and space for service; or shall, at a minimum, have a licensed intensive care service, coronary care service and maintain a written agreement for the transfer of patients to a general acute care hospital which is licensed for cardiac surgery

or shall be located in a multispecialty clinic as defined in subdivision (*l*) of Section 1206. The transfer agreement shall include protocols which will minimize the need for duplicative cardiac catheterizations at the hospital in which the cardiac surgery is to be performed.

SEC. 1.7. Section 5458 of the Welfare and Institutions Code is amended to read:

5458. The following shall be the programs in the community residential treatment system. These programs shall be designed to provide, at every level, alternatives to institutional settings. Counties in applying for these funds shall show how each of these programs works with the current programs and in-place programs. Counties may apply for funds in the following programs:

(a) A program for a short-term crisis residential alternative to hospitalization for individuals experiencing an acute episode or situational crisis requiring temporary removal from their home environment. The program shall be available for admissions 24 hours a day, seven days a week. The primary focus of this program shall be on reduction of the crisis, on stabilization, and on a diagnostic assessment of the person's existing support system, including recommendations for referrals upon discharge.

The services in the program shall include, but not be limited to, provision for direct family work, connections to prevocational and vocational programs, and development of a support system, including income and treatment referrals. This program shall be designed for persons who would otherwise be referred to an inpatient unit, either locally or in the state hospital. It shall be a 24-hour program, with an emphasis on stabilization and appropriate referral for further treatment or support services, or both.

Respite care services, as defined in Chapter 5 (commencing with Section 5800), may be provided as a component of this program.

Rates established for this program shall differentiate short-term crisis residential treatment from community residential care. Further, rates established for this program shall differentiate two distinct levels of care. The first level of care shall include 24-hour nonhospital acute care programs that provide alternatives to hospital care and that generally utilize a length of stay of less than 14 days. The second level of care shall include crisis residential care programs that generally utilize a length of stay of less than 30 days. In developing the 125 percent limitation pursuant to Section 5705.1, the director shall separately calculate the statewide weighted average for each of these levels.

The rates established for these programs shall be commensurate with standards that are consistent with the requirements of Chapter 5 (commencing with Section 5450) to be developed by the State Department of Mental Health.

(b) A long-term residential treatment program, with a full day treatment component as a part of the program, for persons who may require intensive support for as long as two or three years. This

program shall be designed to provide a rehabilitation program for the so-called "chronic" patient who needs long-term support in order to develop independent living skills. The clients in this program are to be those who would otherwise be living marginally in the community with little or no service support, and who would return many times to the hospital for treatment. It also is to serve those who are referred to, and maintained in, state hospitals or nursing homes because they require long-term, intensive support. This program is to go beyond maintenance to provide an active rehabilitation focus for these individuals.

The services in this program shall include, but not be limited to, intensive diagnostic work, including learning disability assessment, full day treatment program with an active prevocational and vocational component, special education services, outreach to develop linkages with the general social service system, and counseling to aid clients in developing the skills to move toward a less structured setting.

Rates established for this program by the Director of Mental Health pursuant to Section 5705.1 shall reflect the broad array of mandated services that are not required in other community care facilities.

(c) A transitional residential program designed for persons who are able to take part in programs in the general community, but who, without the support of counseling, as well as the therapeutic community, would be at risk of returning to the hospital. This program may employ a variety of staffing patterns and is for persons who may be expected to move toward a more independent living setting within approximately three months to one year. The clients shall be expected to play a major role in the functioning of the household, and shall be encouraged to accept increasing levels of responsibility, both in the residential community, and in the community as a whole. Residents are required to be involved in daytime activities outside of the house which are relevant to their personal goals and conducive to their achieving more self-sufficiency.

The services in this program include, but are not limited to, counseling and ongoing assessment, development of support systems in the community, a day program which encourages interaction between clients and the community-at-large, and an activity program that encourages socialization and utilization of general community resources.

Rates established for this program by the Director of Mental Health pursuant to Section 5705.1 shall differentiate between programs which include 24-hour programming and those that do not include 24-hour programming.

(d) A program for semisupervised, independent, but structured living arrangement for persons who do not need the intensive support of the other system programs, but who, without some support and structure, are at risk to return to a condition requiring

hospitalization. The individual apartments or houses are to be shared by three to five persons. These small cooperative housing units shall function as independent households with direct linkages to staff support in case of emergencies, as well as for regular assessment and evaluation meetings. Individuals may use satellite housing as a transition to independent living, or may remain in this setting indefinitely in order to avoid the need for more intensive settings.

This program is for persons who only need minimum support in order to live in the community. These individuals may require rent subsidy, as well as the backup of another system, in order to remain in this setting. The satellite units are to be as normative as the general living arrangements in the communities in which they are developed.

Rates established for this program by the Director of Mental Health pursuant to Section 5705.1 shall differentiate two levels of care. Rates for semisupervised living arrangements shall reflect a higher degree of staff supervision than the degree of supervision required for independent living arrangements.

(e) In areas applying for a system where there is no day treatment program, or where the day treatment program is housed totally in a hospital, the county shall be encouraged to develop such a program, consistent with the principles and practices outlined above, in a noninstitutional setting and employing a rehabilitation focus. Where there are already existing services, efforts should be made to assure the capability of such day treatment services with the goals of the system programs. This may require the relocation of such services or the addition of staff.

Community vocational training programs may be provided as a component of this program. The Director of Mental Health, pursuant to Section 5705.1, shall designate a rate for community vocational training programs which shall reflect the intensive staffing of programs in which clients participate in supervised work-training crews.

(f) The program for socialization centers shall be designed to serve a broad range of clients, including those in the system programs, when appropriate, as well as persons living in the community in general. This program is designed to provide regular daytime, evening, and weekend activities for persons who require long-term, structured support, but who do not receive such services in their living setting. Although the socialization center is meant to provide a maintenance support program for those individuals who only wish or require regular socialization opportunities, the programs should also provide the opportunity to develop the skills to move toward more independent functioning.

The services in this program shall include, but not be limited to, outings, recreational activities, cultural events, linkages to community resources, as well as prevocational counseling, life skills training, and other rehabilitation efforts. This program is for persons who would lose contact with a social or treatment system, or both, if left to their isolated living situation, or their ability to participate in activities for the "general public." With this level of support,

persons would be able to lead full and active lives, with the opportunity to develop the skills to move toward independent living. Also included in the program are adult education support programs which utilize community college and other adult education agencies. These services would provide opportunities to individuals throughout the community residential treatment system and in other living settings, including independent living, to develop skills necessary for independent living through the utilization of resources available to the general population.

(g) An in-home treatment program designed as an alternative to out-of-home placement for individuals who are otherwise not appropriate for, or do not choose to participate in, other elements of the community residential treatment system. This program is designed for those individuals who would benefit most from a treatment intervention in their home environment. It is a basic premise of this element that treatment focus on the development of family and other personal and community supports, rather than exclusively on the individual. The goal of the program is to reintegrate the individual with the family unit, when appropriate, and with the greater community without removing the person from his or her home environment.

The service may be designed as a crisis intervention for persons experiencing an acute episode or an ongoing independent living service, or both, for persons wishing to obtain or maintain housing and services in the community. Services provided shall include, but not be limited to, crisis intervention, family work, when appropriate, development of a specific treatment plan, development of an ongoing rehabilitation plan utilizing available resources in the community, and coordination with such services as case management, vocational rehabilitation, schools and other education services, and various special programs which would act as a support system for the individual.

(h) A volunteer-based companion program designed to encourage the development of personal relationships with residents of community care facilities with the goal of motivating and assisting residents to make a successful transition to independent living, or to programs of the community residential treatment system.

The service shall be provided primarily by volunteers, including students as a part of a college or university curriculum, who are supervised and coordinated by trained and experienced personnel. Services provided shall include, but not be limited to, recreation, one-to-one companionship, advocacy, and assistance in developing the knowledge and use of community resources, including housing and vocational services, and follow-up for persons who make the transition to independent living.

(i) A self-help independent living program that utilizes mentally disabled persons living independently in the community to work with clients of the mental health system. Staff for this program shall consist of unpaid volunteers who are or have been clients of the mental health system. Paid staff shall be limited to coordinators of volunteer activities. The duties of the volunteers shall include, but

not be limited to, training in independent living skills, housing advocacy and referral, financial benefits counseling, and peer counseling.

SEC. 1.9. Section 5606 of the Welfare and Institutions Code is amended to read:

5606. The local mental health advisory board shall:

(a) Review and evaluate the community's mental health needs, services, facilities, and special problems.

(b) Review the county Short-Doyle plan or contract.

(c) Advise the governing body and the local mental health director as to any aspect of the local mental health program.

(d) Review and approve the procedures used to insure citizen and professional involvement at all stages of the planning process as specified in Section 5651.

(e) Submit an annual report to the governing body.

(f) Make recommendations regarding the appointment of a local director of mental health services.

SEC. 2. Section 5705.1 of the Welfare and Institutions Code is amended to read:

5705.1. (a) The Director of Mental Health shall establish, by regulation, rates and methods of reimbursement based on provider-specific costs for local mental health services specified in the approved county Short-Doyle plans.

(b) In establishing rates, no rate shall exceed the lower of each individual provider's actual cost or 125 percent of the statewide weighted average of the cost of services as reflected in the most recently completed cost reports. This shall not prohibit the adjustment of the rates for cost-of-living increases appropriated by the Legislature. This subdivision shall not apply to prepaid health plans or in those cases where the county and the state or the county and the provider have entered into a negotiated net amount contract in accordance with Section 5705.2.

(c) The Director of Mental Health, subject to the availability of funds, may approve a waiver of the 125 percent limitation set forth in subdivision (b) requested by the board of supervisors of a county if the county demonstrates that the imposition of the 125 percent limitation will result in a substantial inability to provide mental health services. The Department shall report annually to the Legislature as to the factors justifying waivers granted by it.

(d) The provisions of subdivision (b) shall not apply to consolidated mental health programs established in accordance with Article 5 (commencing with Section 14660) of Chapter 8.8 of Division 9.

(e) Notwithstanding the provisions of this section, in the event that a health facility has entered into a negotiated rate agreement pursuant to Article 2.6 (commencing with Section 14081) of Chapter 7 of Part 4 of Division 9, the facility's rates shall be governed by such agreement.

(f) The State Department of Mental Health shall promulgate regulations implementing the provisions of this article. The Director of the State Department of Mental Health shall adopt all regulations

pursuant to subdivision (a) as emergency regulations in accordance with the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For the purposes of the Administrative Procedure Act, the adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. These regulations shall not be subject to the review and approval of the Office of Administrative Law; shall not be subject to approval by the California Conference of Local Mental Health Directors; shall not be subject to automatic repeal until 180 days after the regulations take effect; and shall become effective immediately upon filing with the Secretary of State.

(g) Notwithstanding any other provision of law, the department may, in fiscal year 1982–83, make monthly payments to the counties for services specified in the approved county Short-Doyle plan. However, these payments shall be adjusted at the end of the fiscal year on the basis of year-end cost reports to reflect the amount reimbursable pursuant to this section.

SEC. 3. Section 5705.2 of the Welfare and Institutions Code is amended to read:

5705.2. (a) It is the intent of the Legislature that the use of negotiated net amounts or rates, as provided in subdivision (b), be given preference in contracts for services under this division.

(b) Negotiated net amounts or rates may be used as the cost of services only in accordance with the following provisions:

(1) A negotiated net amount shall be determined by calculating the total budget for services for a program or a component of a program, less the amount of projected revenue from nongovernment, patient-related funds. This net amount shall be negotiated between the provider of services and the county mental health program, and may be used by providers in contracts with the county. The negotiated net amount shall be submitted to the State Department of Mental Health prior to the commencement date of the contract. No contract shall become final until the State Department of Mental Health has approved the net amount. If approval is received after the commencement date of the contract, the approval shall be retroactive to the commencement date. Should the negotiated net amount be disapproved after the commencement date of the contract, the provider shall be compensated for work performed pursuant to the contract in accordance with the provisions of Section 5705.1. Once the negotiated net amount is approved by the State Department of Mental Health, all participating government funding sources shall be bound to that amount as the cost of providing all or part of the total county mental health program as described in the county Short-Doyle annual plan for each fiscal year to the extent that the governmental funding source participates in funding the county mental health program. Any federal authorization or any waiver that is necessary to allow Medi-Cal funds for mental health services to be bound pursuant to this paragraph, shall be sought by the State Department of Mental Health and the State Department of Health Services. Where the

State Department of Health Services promulgates regulations for determining reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program, those regulations shall be controlling only as to the rates for reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries. Providers under this subdivision shall report to the State Department of Mental Health and the local mental health program any information required by the State Department of Mental Health in accordance with procedures established by the Director of Mental Health. Contracts entered into pursuant to this paragraph shall be financed within an approved Short-Doyle plan or contract.

(2) A negotiated rate is the payment for services delivered on a per unit of service basis. This rate shall be negotiated between the provider of services and the county mental health program. The negotiated rate shall be submitted to the State Department of Mental Health prior to the commencement date of the contract. No contract shall become final until the State Department of Mental Health has approved the rate. If approval is received after the commencement date of the contract, the approval shall be retroactive to the commencement date. Should the negotiated rate be disapproved after the commencement date of the contract, the provider shall be compensated for work performed pursuant to the contract in accordance with the provisions of Section 5705.1. Once this rate is approved by the State Department of Mental Health, all participating governmental funding sources shall be bound by that amount as the cost of providing that service for that county mental health program to the extent that the governmental funding source participates in funding the county mental health program. Any federal authorization or any waiver that is necessary to allow Medi-Cal funds for mental health services to be bound pursuant to this paragraph, shall be sought by the State Department of Mental Health and the State Department of Health Services. Where the State Department of Health Services promulgates regulations for determining reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program, those regulations shall be controlling only as to the rates for reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries. Providers under this subdivision shall report to the State Department of Mental Health and the local mental health program any information required by the State Department of Mental Health in accordance with procedures established by the Director of Mental Health.

(c) The director may negotiate net amount contracts between counties and the State Department of Mental Health in lieu of the annual Short-Doyle plan and budgets. Provisions of the contract shall include at least the following:

(1) Assurance of an adequate quality and quantity of services.

(2) Provision for access to services by patients residing within the contracting county.

(3) Statistical and cost reporting necessary to maintain the statewide mental health data base. For the purpose of verifying the conformance to provisions of the contract and the establishment of data necessary for subsequent contract negotiation, the State Department of Mental Health shall have access to financial and service records.

(4) A method for reimbursing the State Department of Mental Health for state hospital obligations incurred by the county.

(5) Assurance that citizen participation as described in Section 5606 will be achieved.

(6) A negotiated net amount contract shall not preclude the county from subcontracting to purchase all or part of the delivery of mental health services from noncounty providers.

(7) Assurance that all funds paid out by the state under this subdivision shall be used exclusively for the purpose of providing mental health services, which shall include, but not be limited to, defraying operating and capital costs.

Contracts entered into under this subdivision shall be subject to all the provisions of subdivisions (a) and (b).

When established, these regulations supersede any ordinance enacted by any city, county, or city and county applicable to manufactured home, mobilehome, and commercial coach foundation systems. The department may approve alternate foundations systems to those provided by regulation where the department is satisfied of equivalent performance. The department shall document approval of alternate systems by its stamp of approval on the plans and specifications for the alternate foundation system.

(a) Prior to installation of a manufactured home, mobilehome, or commercial coach on a foundation system, the manufactured home, mobilehome, or commercial coach owner or a licensed contractor shall obtain a building permit from the appropriate local agency. To obtain a permit, the owner or contractor shall provide the following:

(1) Written evidence acceptable to the local agency that the manufactured home, mobilehome, or commercial coach owner owns or holds title to or is purchasing the real property where the mobilehome is to be installed on a foundation system. A lease held by the manufactured home, mobilehome, or commercial coach owners, which is transferable, for the exclusive use of the real property where the manufactured home, mobilehome, or commercial coach is to be installed, shall be deemed to comply with this paragraph if the lease is for a term of 35 years or more from the date of application for the building permit required by this subdivision and the term of the lease is not revocable at the

discretion of the lessor except for cause, as described in subdivisions 2 to 5, inclusive, of Section 1161 of the Code of Civil Procedure.

(2) Written evidence acceptable to the local agency that the registered owner owns the manufactured home, mobilehome, or commercial coach free of any liens or encumbrances or, in the event that the legal owner is not the registered owner, or liens and encumbrances exist on the manufactured home, mobilehome, or commercial coach, written evidence provided by the legal owner and any lienors or encumbrancers that the legal owner, lienor, or encumbrancer consents to the attachment of the manufactured home, mobilehome, or commercial coach upon the discharge of any personal lien, which may be conditioned upon the satisfaction by the registered owner of the obligation secured by the lien.

(3) Plans and specifications required by department regulations or a department-approved alternate for the manufactured home, mobilehome, or commercial coach foundation system.

(4) The manufactured home, mobilehome, or commercial coach manufacturer's installation instructions, or plans and specifications signed by a California licensed architect or engineer covering the installation of an individual manufactured home, mobilehome, or commercial coach in the absence of the manufactured home, mobilehome, or commercial coach manufacturer's instructions.

(5) Building permit fees established by ordinance of the city, county, or city and county of the appropriate local agency.

(6) A fee payable to the department in the amount of eleven dollars ($11) for each transportable section of the manufactured home, mobilehome, or commercial coach, which shall be immediately transmitted to the department with a copy of the building permit and such other information concerning the manufactured home, mobilehome, or commercial coach as the department may prescribe on forms provided by the department.

On the same day that the certificate of occupancy for the manufactured home, mobilehome, or commercial coach is issued by the appropriate local agency, the local agency shall record with the county recorder of the county in which the real property is situated, on which the manufactured home, mobilehome, or commercial coach has been installed, a document naming the owner of the real property, describing the real property with certainty, and stating that a manufactured home, mobilehome, or commercial coach has been affixed to such real property by installation on a foundation system pursuant to this section.

When recorded, the document referred to above shall be indexed by the county recorder to the named owner and shall be deemed to give constructive notice as to its contents to all persons thereafter dealing with the real property.

If the manufactured home, mobilehome, or commercial coach is registered with the department, the local agency shall notify the department that the manufactured home, mobilehome, or commercial coach has been installed on a foundation system.

Fees received by the department pursuant to this subdivision shall be deposited in the Mobilehome-Manufactured Home Revolving Fund established under subdivision (a) of Section 18016. To the extent these fees are utilized for enforcement of consumer protections, the provisions of subdivision (b) of Section 18016.5 shall not apply.

(b) The department shall adopt regulations providing for the cancellation of registration of a manufactured home, mobilehome, or commercial coach which is permanently attached to the ground on a foundation system pursuant to this section. The regulations shall provide for the surrender to the department of the certificate of title and other indicia of registration. For the purposes of this subdivision, permanent affixation to a foundation system shall be deemed to have occurred on the day a certificate of occupancy is issued to the manufactured home, mobilehome, or commercial coach owner and the document referred to in paragraph (6) of subdivision (a) is recorded. Cancellation shall be effective as of such date and the department shall enter such cancellation on its records upon receipt of a copy of the certificate of occupancy. This subdivision shall not be construed to affect the application of existing laws, or the department's regulations or procedures with regard to the cancellation of registration, except as to the requirement therefor and the effective date thereof.

(c) Once installed on a foundation system in compliance with the provisions of subdivisions (a) and (b), a manufactured home, mobilehome, or commercial coach shall be deemed a fixture and a real property improvement to the real property to which it is affixed. Physical removal of the manufactured home, mobilehome, or commercial coach shall thereafter be prohibited without the consent of all persons or entities who, at the time of removal, have title to any estate or interest in the real property to which the manufactured home, mobilehome, or commercial coach is affixed.

For the purposes of this part:

(1) "Physical removal" shall include, without limitation, the unattaching of the manufactured home, mobilehome, or commercial coach from the foundation system, except for temporary purposes of repair or improvement thereto.

(2) Consent to removal shall not be required from the owners of rights-of-way or easements or the owners of subsurface rights or interests in or to minerals, including, but not limited to, oil, gas, or other hydrocarbon substances.

(d) At least 30 days prior to a legal removal of the manufactured home, mobilehome, or commercial coach from the foundation system and transportation away from the real property to which it was formerly affixed, the manufactured home, mobilehome, or commercial coach owner shall notify the department and the county assessor of the intended removal of the manufactured home, mobilehome, or commercial coach. The department shall require written evidence that the necessary consents have been obtained

pursuant to this section and shall require application for either a transportation permit or manufactured home, mobilehome, or commercial coach registration as the department may decide is appropriate to the circumstances. Immediately upon removal, as defined in this section, the manufactured home, mobilehome, or commercial coach shall be deemed to have become personal property and subject to all laws governing the same as applicable to a manufactured home, mobilehome, or commercial coach.

(e) Notwithstanding any other provision of law, any manufactured home, mobilehome, or commercial coach installed on a foundation system, attached, or otherwise permanently affixed to real property without compliance with the provisions of subdivisions (a) and (b), shall not be deemed a fixture or improvement to such real property. This subdivision shall not be construed to affect the application of sales and use or property taxes.

(f) Once installed on a foundation system, a manufactured home, mobilehome, or commercial coach shall be subject to state enforced health and safety standards for manufactured homes, mobilehomes, or commercial coaches enforced pursuant to Section 18020.

(g) No local agency shall require that any manufactured home, mobilehome, or commercial coach currently on private property be placed on a foundation system.

SEC. 6. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 3. Section 2957 of the Civil Code is amended to read:

2957. The following definitions shall apply for the purposes of this article:

(a) "Arranger of credit" means:

(1) A person, other than a party to the credit transaction (except as provided in paragraph (2)), who is involved in developing or negotiating credit terms, participates in the completion of the credit documents, and directly or indirectly receives compensation for arrangement of the credit or from any transaction or transfer of the real property which is facilitated by that extension of credit. As used in this paragraph, "arranger of credit" does not apply to an attorney who is representing one of the parties to the credit transaction.

(2) A party to the transaction who is either a real estate licensee, licensed under provisions of Part 1 (commencing with Section 10000) of Division 4 of the Business and Professions Code, or is an attorney licensed under Chapter 4 (commencing with Section 6000) of Division 3 of the Business and Professions Code if neither party to the transaction is represented by an agent who is a real estate licensee. In any transaction in which disclosure is required solely by the provisions of this paragraph, the obligations of this article shall apply only to a real estate licensee or attorney who is a party to the transaction, and not to any other party.

(3) An arranger of credit does not include a person acting in the capacity as an escrow in the transaction.

(4) Persons described in paragraph (2) who are acting in the capacity as an escrowholder in the transaction shall nevertheless be deemed arrangers of credit where such persons act on behalf of a party to the transaction or an agent of such party in the development or negotiation of credit terms. Neither the completion of credit documents in accordance with instructions of a party or his or her agent nor the furnishing of information regarding credit terms to a party or his or her agent shall be considered to be the development or negotiation of credit terms.

(b) "Credit" means the right granted by a vendor to a purchaser to purchase property and to defer payment therefore.

The credit involved must be subject to a finance charge or payable by written agreement in more than four installments, whether providing for payment of principal and interest, or interest only, not including a downpayment.

(c) "Credit documents" are those documents which contain the binding credit terms, and include a note or a contract of sale if the contract spells out terms upon which a vendor agrees to provide financing for a purchaser.

(d) "Purchase" includes acquisition of equitable title by a real property sales contract as defined in Section 2985, or lease with an option to purchase, where the facts demonstrate intent to transfer equitable title.

(e) "Security documents" include a mortgage, deed of trust, real property sales contract as defined in Section 2985, or lease with an option to purchase, where the facts demonstrate an intent to transfer equitable title.

(f) "Balloon payment note" means a note under which the

purchaser is obligated to pay at maturity a balloon payment which is a scheduled payment which is more than twice the amount of the smallest regularly scheduled payment.

(g) "All inclusive trust deed" is an instrument which secures indebtedness owed by the trustor to the beneficiary, which indebtedness includes a debt or debts owed by that beneficiary to the beneficiary of another security document secured by the same property which is senior in priority.

SEC. 4. Section 2963 of the Civil Code is amended to read:

2963. The disclosures required to both purchaser and vendor by this article are:

(a) An identification of the note or other credit documents or security documents and of the property which is the security for the transaction.

(b) A description of the terms of the promissory note or other credit documents or a copy of the note or other credit documents.

(c) Insofar as available, the principal terms and conditions of each recorded encumbrance which constitutes a lien upon the property which is or will be senior to the financing being arranged, including the original balance, the current balance, the periodic payment, any balloon payment, the interest rate (and any provisions with respect to variations in the interest rate), the maturity date, and whether or not there is any current default in payment on that encumbrance.

(d) A warning that, if refinancing would be required as a result of lack of full amortization under the terms of any existing or proposed loans, such refinancing might be difficult or impossible in the conventional mortgage marketplace.

(e) If negative amortization is possible as a result of any variable or adjustable rate financing being arranged, a clear disclosure of this fact and an explanation of its potential effect.

(f) In the event that the financing involves an all inclusive trust deed, the disclosure shall indicate whether the credit or security documents specify who is liable for payment or responsible for defense in the case of an attempted acceleration by a lender or other obligee under a prior encumbrance, and whether or not the credit or security documents specify the responsibilities and rights of the parties in the event of a loan prepayment respecting a prior encumbrance which may result in a requirement for refinancing, a prepayment penalty, or a prepayment discount and, if such specification occurs, a recital of the provisions which apply.

(g) If the financing being arranged or any of the financing represented by a prior encumbrance could result in a balloon payment, or in a right in the lender or other obligee under such financing to require a prepayment of the principal balance at or after a stipulated date, or upon the occurrence of a stipulated event, a disclosure of the date and amount of any balloon payment or the amount which would be due upon the exercise of such right by the lender or obligee, and a statement that there is no assurance that new financing or loan extension will be available at the time of such

occurrence.

(h) If the financing being arranged involves an all inclusive trust deed or real property sales contract, a disclosure of the party to whom payments will be made and who will be responsible for remitting these funds to payees under prior encumbrances and vendors under this transaction and a warning that, if that person is not a neutral third party, the parties may wish to agree to have a neutral third party designated for these purposes.

(i) A disclosure on the identity, occupation, employment, income, and credit data about the prospective purchaser, as represented to the arranger by the prospective purchaser; or, specifically, that no representation as to the credit-worthiness of the specific prospective purchaser is made by the arranger. A warning should also be expressed that Section 580b of the Code of Civil Procedure may limit any recovery by the vendor to the net proceeds of the sale of the security property in the event of foreclosure.

(j) A statement that loss payee clauses have been added to property insurance protecting the vendor, or that instructions have been or will be directed to the escrowholder, if any, in the transaction or the appropriate insurance carriers for addition of such loss payee clauses, or a statement that, if such provisions have not been made, that the vendor should consider protecting himself or herself by securing such clauses.

(k) A statement that a request for notice of default under Section 2924b has been recorded, or that, if it has not been recorded, the vendor should consider recording a request for notice of default.

(*l*) That a policy of title insurance has been obtained or will be obtained and be furnished to the vendor and purchaser, insuring the respective interests of the vendor and purchaser, or that the vendor and purchaser individually should consider obtaining a policy of title insurance.

(m) That a tax service has been arranged to report to the vendor whether property taxes have been paid on the property, and who will be responsible for the continued retention and compensation of tax service; or that the vendor should otherwise assure for himself that the taxes on the property have been paid.

(n) A disclosure whether the security documents on the financing being arranged have been or will be recorded pursuant to Section 27280 of the Government Code, or a statement that the security of the vendor may be subject to intervening liens or judgments which may occur after the note is executed and before any resort to security occurs if the security documents are not recorded.

(o) If the purchaser is to receive any cash from the proceeds of the transaction, a statement of that fact, the amount, the source of the funds, and the purpose of the disbursement as represented by the purchaser.

SEC. 5. The provisions of Sections 1 and 2 of this act shall apply to foreclosure proceedings commenced on or after the effective date of this act, and, with respect to foreclosure proceedings pending on

the effective date of this act, the provisions of Sections 1 and 2 shall apply as to any acts taken, costs incurred, trustee's or attorney's fees charged, or any other matter affected by Section 1 or 2, occurring on or after the effective date of this act.

SEC. 6. It is the intent of the Legislature that no change contained in Section 1 or 2 of this act shall be construed in any manner to affect the validity of any fees, costs, or expenses charged prior to the effective date of this act. It is further the intent of the Legislature that the rights and obligations of a trustor, trustee, beneficiary, mortgagor, mortgagee, their agents or subagents or successors in interest existing prior to the effective date of this act shall be determined by the law in effect prior to the effective date of this act, and without application of the changes in law effected by this act.

(b) The Legislature finds and declares that the matter of appointing, promoting, demoting, and dismissing persons in positions with the municipal courts and all other aspects of the personnel management of municipal courts of Orange County is one for local concern. It further finds and declares that wherever possible such personnel management may grant to persons in positions with the municipal courts similar treatment with persons in positions with the County of Orange who are performing similar duties and who possess similar qualifications.

(c) To achieve the legislative intent expressed in subdivisions (a) and (b), the municipal courts of Orange County may create a personnel committee consisting of five judges selected one from each court by a majority vote of the judges of the respective courts, or where there is an equal division of the judges of a court, by the senior judge of that court. The personnel committee may adopt rules and regulations providing for a personnel system for all municipal courts of Orange County which may provide for similar treatment for em-

In so providing for a personnel system, the judges may adopt all or any part of the personnel and salary resolution or appropriate memoranda of understanding of the County of Orange.

Rates of compensation of such other officers, attachés, and employees may be set by joint action and approval of the board of supervisors and a majority of the municipal court judges of Orange County. The establishment of additional titles, positions, and pay rates and changes in compensation made pursuant to this subdivision shall be on an interim basis and shall expire on January 1 of the second year following the year in which such establishment or change is made. The provisions of this section are directory only and are not intended to affect the application of Section 72150.

SEC. 7. Section 74005 of the Government Code is amended to read:

74005. The schedule of biweekly salary ranges referred to in Sections 74002, 74003, and 74004 are those ranges set forth in the Personnel and Salary Resolution adopted by the Orange County Board of Supervisors.

Notwithstanding any other provisions of law, the salaries of municipal court officers, attachés, and employees may upon the joint approval of the personnel committee and the board of supervisors be increased or decreased in order to provide compensation that is comparable to county employees of similar qualifications and experience holding equal or comparable positions in the Orange County classified service as the comparability is determined jointly by the personnel committee and the board of supervisors, except that any such increase or decrease shall be effective only until January 1 of the second year following the year in which such increase or decrease is made.

In the event that the board of supervisors adopts a revised salary schedule for county employees, the board shall confer with the personnel committee, and if both are agreed that the new schedule shall apply also to the officers, attachés, and employees of the municipal courts and marshal's office, the revised salary schedule shall apply equally to the officers, attachés, and employees of municipal courts and marshal's office in the same manner and date as for county employees, except that any such salary adjustment shall only be effective until January 1 of the second year following the year in which such adjustment is made.

SEC. 8. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

(a) Subject to the provisions of this division and any limitations in the articles relating to action required to be approved by the shareholders (Section 153) or by the outstanding shares (Section 152), or by a less than majority vote of a class or series of preferred shares (Section 402.5), the business and affairs of the corporation shall be managed and all corporate powers shall be exercised by or under the direction of the board. The board may delegate the management of the day-to-day operation of the business of the corporation to a management company or other person provided that the business and affairs of the corporation shall be managed and all corporate powers shall be exercised under the ultimate direction of the board.

(b) Notwithstanding subdivision (a) or any other provision of this division, but subject to subdivision (c), no shareholders' agreement, which relates to any phase of the affairs of a close corporation, including but not limited to management of its business, division of its profits or distribution of its assets on liquidation, shall be invalid as between the parties thereto on the ground that it so relates to the conduct of the affairs of the corporation as to interfere with the discretion of the board or that it is an attempt to treat the corporation as if it were a partnership or to arrange their relationships in a manner that would be appropriate only between partners. A transferee of shares covered by such an agreement which is filed with the secretary of the corporation for inspection by any prospective purchaser of shares, who has actual knowledge thereof or notice thereof by a notation on the certificate pursuant to Section 418, is bound by its provisions and is a party thereto for the purposes of subdivision (d). Original issuance of shares by the corporation to a new shareholder who does not become a party to the agreement terminates the agreement, except that if the agreement so provides it shall continue to the extent it is enforceable apart from this subdivision. The agreement may not be modified, extended or revoked without the consent of such a transferee, subject to any provision of the agreement permitting modification, extension or revocation by less than unanimous agreement of the parties. A transferor of shares covered by such an agreement ceases to be a party thereto upon ceasing to be a shareholder of the corporation unless the transferor is a party thereto other than as a shareholder. An agreement made pursuant to this subdivision shall terminate when the corporation ceases to be a close corporation, except that if

the agreement so provides it shall continue to the extent it is enforceable apart from this subdivision. This subdivision does not apply to an agreement authorized by subdivision (a) of Section 706.

(c) No agreement entered into pursuant to subdivision (b) may alter or waive any of the provisions of Sections 158, 417, 418, 500, 501, and 1111, subdivision (e) of Section 1201, Sections 2009, 2010, and 2011, or of Chapters 15 (commencing with Section 1500), 16 (commencing with Section 1600), 18 (commencing with Section 1800), and 22 (commencing with Section 2200). All other provisions of this division may be altered or waived as between the parties thereto in a shareholders' agreement, except the required filing of any document with the Secretary of State.

(d) An agreement of the type referred to in subdivision (b) shall, to the extent and so long as the discretion or powers of the board in its management of corporate affairs is controlled by such agreement, impose upon each shareholder who is a party thereto liability for managerial acts performed or omitted by such person pursuant thereto that is otherwise imposed by this division upon directors, and the directors shall be relieved to that extent from such liability.

(e) The failure of a close corporation to observe corporate formalities relating to meetings of directors or shareholders in connection with the management of its affairs, pursuant to an agreement authorized by subdivision (b), shall not be considered a factor tending to establish that the shareholders have personal liability for corporate obligations.

SEC. 4. Section 311 of the Corporations Code is amended to read:

311. The board may, by resolution adopted by a majority of the authorized number of directors, designate one or more committees, each consisting of two or more directors, to serve at the pleasure of the board. The board may designate one or more directors as alternate members of any committee, who may replace any absent member at any meeting of the committee. The appointment of members or alternate members of a committee requires the vote of a majority of the authorized number of directors. Any such committee, to the extent provided in the resolution of the board or in the bylaws, shall have all the authority of the board, except with respect to:

(a) The approval of any action for which this division also requires shareholders' approval (Section 153) or approval of the outstanding shares (Section 152).

(b) The filling of vacancies on the board or in any committee.

(c) The fixing of compensation of the directors for serving on the board or on any committee.

(d) The amendment or repeal of bylaws or the adoption of new bylaws.

(e) The amendment or repeal of any resolution of the board which by its express terms is not so amendable or repealable.

(f) A distribution (Section 166), except at a rate, in a periodic amount or within a price range set forth in the articles or determined

by the board.

(g) The appointment of other committees of the board or the members thereof.

SEC. 5. Section 402 of the Corporations Code is amended to read:

402. (a) A corporation may provide in its articles for one or more classes or series of shares which are redeemable, in whole or in part, (1) at the option of the corporation or (2) to the extent and upon the happening of one or more specified events, and not otherwise except as herein provided. A corporation may provide in its articles for one or more classes or series of preferred shares which are redeemable, in whole or in part, (1) as specified above, (2) at the option of the holder, or (3) upon the vote of at least a majority of the outstanding shares of the class or series to be redeemed. An open end investment company registered under the United States Investment Company Act of 1940 may, if its articles so provide, issue shares which are redeemable at the option of the holder at a price approximately equal to the shares' proportionate interest in the net assets of the corporation and a shareholder may compel redemption of such shares in accordance with their terms.

(b) Any such redemption shall be effected at such price or prices, within such time and upon such terms and conditions as are stated in the articles. When the articles permit partial redemption of a class or series of shares, the articles shall prescribe the method of selecting the shares to be redeemed, which may be pro rata, by lot, at the discretion of, or in a manner approved by, the board or upon such other terms as are specified in the articles.

(c) No redeemable common shares, other than (1) shares issued by an open end investment company registered under the United States Investment Company Act of 1940, (2) shares of a corporation which has a license or franchise from a governmental agency to conduct its business or is a member corporation of a national securities exchange registered under the United States Securities Exchange Act of 1934, which license, franchise or membership is conditioned upon some or all of the holders of its stock possessing prescribed qualifications, to the extent necessary to prevent the loss of such license, franchise or membership or to reinstate it, or (3) shares of a professional corporation, as defined in Part 4 (commencing with Section 13400) of Division 3 of Title 1, shall be issued or redeemed unless the corporation at the time has outstanding a class of common shares that is not subject to redemption.

(d) Any redemption by a corporation of its shares shall be subject to the provisions of Chapter 5 (commencing with Section 500). Nothing in this section shall prevent a corporation from creating a sinking fund or similar provision for, or entering into an agreement for, the redemption or purchase of its shares to the extent permitted by Chapter 5, but unless such purchase or redemption is permitted under Chapter 5, the holder of shares to be so purchased or redeemed shall not become a creditor of the corporation.

SEC. 6. Section 402.5 is added to the Corporations Code, to read:

402.5. The rights, preferences, privileges, and restrictions granted to or imposed upon a class or series of preferred shares (Section 176) the designation of which includes either the word "preferred" or the word "preference" may:

(a) Notwithstanding paragraph (9) of subdivision (a) of Section 204, include a provision requiring a vote of a specified percentage or proportion of the outstanding shares of the class or series that is less than a majority of the class or series to approve any corporate action, except where the vote of a majority or greater proportion of the class or series is required by this division, regardless of restrictions or limitations on the voting rights thereof.

(b) Notwithstanding paragraph (5) of subdivision (a) of Section 204, provide that in addition to the requirement of subdivision (a) of Section 1900 the corporation may voluntarily wind up and dissolve only upon the vote of a specified percentage (which shall not exceed 66⅔ percent) of such class or series.

(c) Provide that Section 502 or 503 not apply in whole or in part with respect to distributions on shares junior to the class or series.

SEC. 7. Section 403 of the Corporations Code is amended to read:

403. (a) When so provided in the articles, a corporation may issue shares convertible within such time or upon the happening of one or more specified events and upon such terms and conditions as are stated in the articles:

(1) At the option of the holder or automatically upon either the vote of at least a majority of the outstanding shares of the class or series to be converted or upon the happening of one or more specified events, into shares of any class or series; or

(2) If it is a corporation which has a license or franchise from a governmental agency to conduct its business or a member corporation of a national securities exchange registered under the United States Securities Exchange Act of 1934, the license, franchise or membership of which is conditioned upon some or all of the holders of its stock possessing prescribed qualifications, to the extent necessary to prevent the loss of such license, franchise or membership or to reinstate it, at the option of the corporation, into shares of any class or series or into any other security of the corporation.

(b) Unless otherwise provided in the articles, a corporation may issue its debt securities convertible into other debt securities or into shares of the corporation within such time or upon the happening of one or more specified events and upon such terms and conditions as are fixed by the board.

SEC. 8. Section 15533 is added to the Corporations Code, to read:

15533. This chapter shall be of no force and effect except as provided by Article 11 (commencing with Section 15710) or Article 12 (commencing with Section 15721) of Chapter 3.

SEC. 9. Chapter 2 (commencing with Section 15511) of Title 2 of the Corporations Code, as added by Chapter 807 of the Statutes of

1981 and as amended by Chapter 997 of the Statutes of 1982, is repealed.

(b) A limited partnership is formed at the time of the filing of the certificate of limited partnership in the office of the Secretary of State.

(d) A limited partnership may record in the office of the county recorder of any county in this state a certified copy of the certificate of limited partnership, or any amendment thereto, which has been filed by the Secretary of State. A foreign limited partnership may record in the office of the county recorder of any county in the state a certified copy of the application for registration, together with the certificate of registration, referred to in Section 15692, or any amendment thereto, which has been filed by the Secretary of State. The recording shall create a conclusive presumption in favor of any

bona fide purchaser or encumbrancer for value of the partnership real property located in the county in which the certified copy has been recorded, that the persons named as general partners therein are the general partners of the partnership named and that they are all of the general partners of the partnership, and the recording shall also create such other presumptions as provided in Section 15010.5.

15622. (a) A certificate of limited partnership is amended by filing a certificate of amendment thereto executed and acknowledged by all general partners (unless a lesser number is provided in the certificate of limited partnership) in the office of, and on a form prescribed by, the Secretary of State. (d) Any general partner, or any limited partner executing a certificate pursuant to Section 15633 or a certificate of amendment pursuant to Section 15625 or a certificate of dissolution pursuant to paragraph (1) of subdivision (a) of Section 15623 or a certificate of cancellation of certificate of limited partnership pursuant to paragraph (1) of subdivision (b) of Section 15623, shall be liable for any statement materially inconsistent with the partnership agreement or any material misstatement of fact contained in the certificate or the certificate of amendment if the partner knew or should have known that the statement was false when made or became false and an amendment required by subdivision (b) was not filed, and the person suffering the loss relied on the statement or misstatement.

(e) No person has any liability because an amendment to a certificate of limited partnership has not been filed to reflect the

occurrence of any event referred to in subdivision (b) if the amendment is filed within the time specified in subdivision (b).

(f) Except as provided in subdivision (d), no limited partner shall incur any liability for any misstatement contained in the certificate or for the failure to file an amendment to a certificate of limited partnership pursuant to subdivision (b).

15623. (a) (1) The general partners shall cause to be filed in the office of, and on a form prescribed by, the Secretary of State, a certificate of dissolution upon the dissolution of the limited partnership pursuant to Article 8 (commencing with Section 15681), unless the event causing the dissolution is that specified in subdivision (c) of Section 15681, in which case the limited partners conducting the winding up of the partnership affairs under Section 15683 shall have the obligation to file the certificate of dissolution.

(2) The certificate of dissolution shall set forth all of the following:

(A) The name of the limited partnership and the Secretary of State's file number.

(B) The event causing, and the date of, the dissolution.

(b) (1) The general partners shall cause to be filed in the office of, and on a form prescribed by, the Secretary of State, a certificate of cancellation of certificate of limited partnership upon the completion of the winding up of the affairs of the limited partnership, pursuant to Article 8 (commencing with Section 15681), unless the event causing the dissolution is that specified in subdivision (c) of Section 15681, in which case the limited partners conducting the winding up of the partnership affairs under Section 15683 shall have the obligation to file the certificate of cancellation of certificate of limited partnership.

(2) The certificate of cancellation of certificate of limited partnership shall set forth all of the following:

(A) The name of the limited partnership and the Secretary of State's file number.

(B) Any other information the partners filing the certificate of cancellation of certificate of limited partnership determine to include.

15624. (a) Each certificate required by this article to be filed in the office of the Secretary of State shall be executed in the following manner:

(1) A certificate referred to in Section 15621 shall be executed by all general partners, unless filed by a limited partner pursuant to Section 15633.

(2) A certificate of amendment shall be executed by all general partners (or a lesser number provided in the certificate of limited partnership) and by each general partner designated in the certificate as a new partner, unless filed by a limited partner pursuant to Section 15625.

(3) A certificate of dissolution shall be executed by all general partners (or a lesser number provided in the certificate of limited partnership) unless filed by a limited partner pursuant to paragraph

(1) of subdivision (a) of Section 15623.

(4) A certificate of cancellation of certificate of limited partnership shall be executed by all general partners (or a lesser number provided in the certificate of limited partnership) unless filed by a limited partner pursuant to paragraph (1) of subdivision (b) of Section 15623.

(5) A certificate filed by a limited partner pursuant to Section 15633 or a certificate of amendment filed by a limited partner pursuant to Section 15625 or a certificate of dissolution filed by a limited partner pursuant to paragraph (1) of subdivision (a) of Section 15623 or a certificate of cancellation of certificate of limited partnership filed by a limited partner pursuant to paragraph (1) of subdivision (b) of Section 15623 shall be signed by the limited partner.

(b) Any person may execute a certificate referred to in Section 15621 or any certificate of amendment thereto by an attorney-in-fact.

15625. If a general partner required by this article to execute or file a certificate of amendment fails after demand to do so within a reasonable time or refuses to do so, any other partner may prepare, execute, and file with the Secretary of State an appropriate certificate of amendment.

15626. Upon the filing of a certificate of amendment in the office of the Secretary of State, the certificate of limited partnership is amended as set forth therein, and upon the filing of a certificate of cancellation of certificate of limited partnership pursuant to paragraph (1) of subdivision (b) of Section 15623, the certificate of limited partnership is canceled.

15627. (a) In addition to the provisions of Chapter 4 (commencing with Section 413.10) of Title 5 of Part 2 of the Code of Civil Procedure, process may be served upon limited partnerships and foreign limited partnerships as provided in this section.

(b) Personal service of a copy of any process against the limited partnership or the foreign limited partnership by delivery (1) to any individual designated by it as agent or, if a limited partnership, to any general partner or (2) if the designated agent or, if a limited partnership, general partner is a corporation, to any person named in the latest certificate of the corporate agent filed pursuant to Section 1505 at the office of the corporate agent or to any officer of the general partner, shall constitute valid service on the limited partnership or the foreign limited partnership. No change in the address of the agent for service of process or appointment of a new agent for service of process shall be effective (1) for a limited partnership until an amendment to the certificate of limited partnership is filed pursuant to paragraph (3) of subdivision (b) of Section 15622 or (2) for a foreign limited partnership until an amendment to the application for registration is filed pursuant to Section 15695.

(c) (1) If an agent for service of process has resigned and has not been replaced or if the agent designated cannot with reasonable

diligence be found at the address designated for personal delivery of the process, and it is shown by affidavit to the satisfaction of the court that process against a limited partnership or foreign limited partnership cannot be served with reasonable diligence upon the designated agent or, if a foreign limited partnership, upon any general partner by hand in the manner provided in Section 415.10, subdivision (a) of Section 415.20 or subdivision (a) of Section 415.30, of the Code of Civil Procedure, the court may make an order that the service shall be made upon a domestic limited partnership which has filed a certificate pursuant to Section 15621 or upon a registered foreign limited partnership by delivering by hand to the Secretary of State, or to any person employed in the Secretary of State's office in the capacity of assistant or deputy, one copy of the process for each defendant to be served, together with a copy of the order authorizing the service. Service in this manner shall be deemed complete on the 10th day after delivery of the process to the Secretary of State.

(2) Upon receipt of any such copy of process and the fee therefor, the Secretary of State shall give notice of the service of the process to the limited partnership or foreign limited partnership, at its principal executive office, by forwarding to that office, by registered mail with request for return receipt, the copy of the process.

(3) The Secretary of State shall keep a record of all process served upon the Secretary of State under this chapter and shall record therein the time of service and the Secretary of State's action with reference thereto. A certificate under the Secretary of State's official seal, certifying to the receipt of process, the giving of notice thereof to the limited partnership or foreign limited partnership, and the forwarding of the process pursuant to this section, shall be competent and prima facie evidence of the matters stated therein.

(d) (1) The certificate of a limited partnership and the application for registration of a foreign limited partnership shall designate, as the agent for service of process, an individual residing in this state or a corporation which has complied with Section 1505 and whose capacity to act as an agent has not terminated. If an individual is designated, the statement shall set forth that person's complete business or residence address in this state.

(2) An agent designated for service of process may file with the Secretary of State a signed and acknowledged written statement of resignation as an agent. Thereupon the authority of the agent to act in that capacity shall cease and the Secretary of State forthwith shall give written notice of the filing of the statement of resignation by mail to the limited partnership or foreign limited partnership addressed to its principal executive office.

(3) If an individual who has been designated agent for service of process dies or resigns or no longer resides in the state or if the corporate agent for that purpose, resigns, dissolves, withdraws from the state, forfeits its right to transact intrastate business, has its corporate rights, powers and privileges suspended or ceases to exist, (A) the limited partnership shall promptly file an amendment to the

certificate pursuant to paragraph (3) of subdivision (b) of Section 15622 designating a new agent or (B) the foreign limited partnership shall promptly file an amendment to the application for registration pursuant to Section 15695.

15628. Upon receipt of any instrument accompanied by the fee prescribed therefor in the Government Code by the Secretary of State for filing pursuant to this chapter, it shall be filed by, and in the office of, the Secretary of State and the date of filing endorsed thereon. The date of filing shall be the date the instrument is received by the Secretary of State unless withheld from filing for a period of time not to exceed 90 days pursuant to a request by the party submitting it for filing or unless in the judgment of the Secretary of State the filing is intended to be coordinated with the filing of some other document which cannot be filed. The Secretary of State shall file a document as of any requested future date not more than 90 days after its receipt, including a Saturday, Sunday or legal holiday, if that document is received in the Secretary of State's office at least one business day prior to the requested date of filing. Upon receipt and after filing of any document under this chapter the Secretary of State may microfilm or reproduce by other techniques any such filings or documents and destroy the original filing or document. The microfilm or other reproduction of any document under the provision of this section shall be admissible in any court of law.

Article 3. Limited Partners

15631. (a) After the filing of a certificate referred to in Section 15621, a person may become a limited partner:

(1) In the case of a person acquiring a limited partnership interest directly from the limited partnership, upon the compliance with the partnership agreement or, if the partnership agreement does not so provide, upon the written consent of the partners.

(2) In the case of an assignee of a partnership interest, upon compliance with subdivision (a) of Section 15674.

(b) In each case under subdivision (a), the person acquiring the partnership interest shall be added by the general partners as a limited partner to the list required by subdivision (a) of Section 15615.

15632. (a) Except as provided in subdivision (d), a limited partner is not liable for any obligation of a limited partnership unless named as a general partner in the certificate or, in addition to the exercise of the rights and powers of a limited partner, the limited partner participates in the control of the business. If a limited partner participates in the control of the business without being named as a general partner, that partner is nevertheless not liable to persons who transact business with the limited partnership unless they do so with actual knowledge of that partner's participation in control and reasonably believing that partner to be a general partner.

(b) A limited partner does not participate in the control of the business within the meaning of subdivision (a) solely by doing one or more of the following:

(1) Being a contractor for or an agent or employee of the limited partnership or of a general partner, or an officer, director or shareholder of a corporate general partner.

(2) Consulting with and advising a general partner with respect to the business of the limited partnership.

(3) Acting as surety for the limited partnership or guaranteeing one or more specific debts of the limited partnership.

(4) Approving or disapproving an amendment to the partnership agreement.

(5) Voting on one or more of the following matters:

(A) The dissolution and winding up of the limited partnership.

(B) The sale, exchange, lease, mortgage, pledge, or other transfer of all or a substantial part of the assets of the limited partnership other than in the ordinary course of its business.

(C) The incurrence of indebtedness by the limited partnership other than in the ordinary course of its business.

(D) A change in the nature of the business.

(E) Transactions in which the general partners have an actual or potential conflict of interest with the limited partners or the partnership.

(F) The removal of a general partner.

(G) An election to continue the business of the limited partnership other than under the circumstances described in subparagraph (I) or (J) of this paragraph (5).

(H) The admission of a general partner other than under the circumstances described in subparagraph (I) or (J) of this paragraph (5).

(I) The admission of a general partner or an election to continue the business of the limited partnership after a general partner ceases to be a general partner other than by removal where there is no remaining or surviving general partner.

(J) The admission of a general partner or an election to continue the business of the limited partnership after the removal of a general partner where there is no remaining or surviving general partner.

(6) Winding up the partnership pursuant to Section 15683.

(7) Executing and filing a certificate pursuant to Section 15633 or a certificate of amendment pursuant to Section 15625 or a certificate of dissolution pursuant to paragraph (1) of subdivision (a) of Section 15623 or a certificate of cancellation of certificate of limited partnership pursuant to paragraph (1) of subdivision (b) of Section 15623.

(8) Serving on an audit committee or committee performing the functions of an audit committee.

(c) The enumeration in subdivision (b) does not mean that any other conduct or the possession or exercise of any other power by a limited partner constitutes participation by the limited partner in

the control of the business of the limited partnership.

(d) A limited partner who knowingly permits that partner's name to be used in the name of the limited partnership, except under circumstances permitted by subdivision (b) of Section 15612, is liable for all obligations of the limited partnership to persons without actual knowledge or notice that the limited partner is not a general partner.

15633. (a) Except as provided in subdivision (b), if a certificate of limited partnership has not been filed, a person who makes a contribution to the purported limited partnership and in good faith believes that that person has become a limited partner is not liable for the obligations of the purported limited partnership, if, on ascertaining that the certificate has not been filed and after a failure of the general partner or partners to file the certificate within a reasonable time after request, that person promptly files the certificate of limited partnership.

(b) A person who makes a contribution to the purported limited partnership and in good faith believes that that person has become a limited partner is liable only to any third party who transacted business with the purported limited partnership before the certificate is filed and who reasonably believed that the person was a general partner at the time of the transaction.

15634. (a) Upon the request of a limited partner, the general partners shall promptly deliver to the limited partner, at the expense of the partnership, a copy of the information required to be maintained by subdivision (a), (b), or (d) of Section 15615.

(b) Each limited partner has the right upon reasonable request to each of the following:

(1) Inspect and copy during normal business hours any of the partnership records required to be maintained by Section 15615.

(2) Obtain from the general partners, promptly after becoming available, a copy of the limited partnership's federal, state and local income tax or information returns for each year.

(c) In the case of any limited partnership with more than 35 limited partners:

(1) The general partners shall cause an annual report to be sent to each of the partners not later than 120 days after the close of the fiscal year. That report shall contain a balance sheet as of the end of the fiscal year and an income statement and statement of changes in financial position for the fiscal year.

(2) Limited partners representing at least 5 percent of the interests of limited partners may make a written request to a general partner for an income statement of the limited partnership for the initial three-month, six-month, or nine-month period of the current fiscal year ended more than 30 days prior to the date of the request and a balance sheet of the partnership as of the end of that period. The statement shall be delivered or mailed to the limited partners within 30 days thereafter.

(3) The financial statements referred to in this section shall be accompanied by the report thereon, if any, of the independent

accountants engaged by the partnership or, if there is no such report, the certificate of a general partner of the partnership that such financial statements were prepared without audit from the books and records of the limited partnership.

(d) The general partners shall promptly furnish to a limited partner a copy of any amendment to the partnership agreement executed by a general partner pursuant to a power of attorney from the limited partner.

(e) The general partners shall send to each of the partners within 90 days after the end of each taxable year such information as is necessary to complete federal and state income tax or information returns, and, in the case of a limited partnership with 35 or fewer limited partners, a copy of the limited partnership's federal, state, and local income tax or information returns for the year.

(f) In addition to any other remedies, a court of competent jurisdiction may enforce the duty of making and mailing or delivering the information and financial statements required by this section and, for good cause shown, may extend the time therefor.

(g) In any action under this section, if the court finds the failure of the partnership to comply with the requirements of this section to have been without justification, the court may award an amount sufficient to reimburse the partners bringing the action for the reasonable expenses incurred by the partners, including attorneys' fees, in connection with the action or proceeding.

(h) Any waiver by a partner of the rights provided in this section shall be unenforceable.

15635. (a) The Attorney General, upon complaint that a limited partnership is failing to comply with the provisions of Section 15634, or to afford to the partners rights given to them in the partnership agreement, may in the name of the people of the State of California send to the principal executive office, as specified pursuant to paragraph (2) of subdivision (a) of Section 15621, notice of the complaint.

(b) If the answer of the limited partnership is not received within 30 days of the date the notice was transmitted, or if the answer is not satisfactory, and if the enforcement of the rights of the aggrieved persons by private civil action, by class action or otherwise, would be so burdensome or expensive as to be impracticable, the Attorney General may institute, maintain, or intervene in their suits, actions or proceedings in any court of competent jurisdiction or before any administrative agency for relief by way of injunction, the dissolution of entities, the appointment of receivers, or any other temporary, preliminary, provisional, or final remedies as may be appropriate to protect the rights of partners or to restore the position of the partners for the failure to comply with the requirements of Section 15634 or the partnership agreement. In any such action, suit, or proceeding there may be joined as parties all persons and entities responsible for or affected by the activity.

15636. The rights and duties of the partners in relation to the

limited partnership shall be determined, subject to any provision in the partnership agreement to the contrary, by the following rules:

(a) No limited partner shall be required to make any additional contribution to the limited partnership.

(b) No limited partner shall have a priority over any other limited partner, as to return of contributions or as to compensation as a limited partner by way of income.

(c) The obligation of a partner to make a contribution or return money or property distributed in violation of this chapter may be compromised only by the written consent of all the partners.

(d) No limited partner shall have the right to receive property other than money upon any distribution.

(e) A partner may not be compelled to accept a distribution of any asset in kind from a limited partnership in lieu of a proportionate distribution of money being made to other partners.

(f) The limited partners shall have the right to vote on all matters specified in subparagraphs (A) to (G), inclusive, of paragraph (5) of subdivision (b) of Section 15632 and the actions specified therein may be taken by the general partners only with the affirmative vote of a majority in interest of the limited partners. The limited partners shall also have the right to vote on matters specified in subparagraphs (H) and (I) of paragraph (5) of subdivision (b) of Section 15632. Notwithstanding any other provision of this chapter or any provision of the partnership agreement to the contrary, the actions specified in that subparagraph (H) may only be taken by the affirmative vote of a majority in interest of the limited partners, and the actions specified in that subparagraph (I) may only be taken by the affirmative vote of all of the limited partners.

15637. (a) Meetings of partners may be held at any place within or without this state as may be stated in or fixed in accordance with the partnership agreement If no other place is stated or so fixed, partners' meetings shall be held at the principal executive office of the partnership, or if the principal executive office is not in this state, at the street address of an office in this state as set forth in the certificate.

(b) A meeting of the partners may be called by the general partners or by limited partners representing more than 10 percent of the interests of limited partners for any matters on which the limited partners may vote.

(c) (1) Whenever partners are required or permitted to take any action at a meeting, a written notice of the meeting shall be given not less than 10, nor more than 60, days before the date of the meeting to each partner entitled to vote at the meeting. The notice shall state the place, date, and hour of the meeting and the general nature of the business to be transacted, and no other business may be transacted.

(2) Notice of a partners' meeting or any report shall be given either personally or by mail or other means of written communication, addressed to the partner at the address of the

partner appearing on the books of the partnership or given by the partner to the partnership for the purpose of notice, or, if no address appears or is given, at the place where the principal executive office of the partnership is located or by publication at least once in a newspaper of general circulation in the county in which the principal executive office is located. The notice or report shall be deemed to have been given at the time when delivered personally or deposited in the mail or sent by other means of written communication. An affidavit of mailing of any notice or report in accordance with the provisions of this article, executed by a general partner, shall be prima facie evidence of the giving of the notice or report.

If any notice or report addressed to the partner at the address of the partner appearing on the books of the partnership is returned to the partnership by the United States Postal Service marked to indicate that the United States Postal Service is unable to deliver the notice or report to the partner at the address, all future notices or reports shall be deemed to have been duly given without further mailing if they are available for the partner at the principal executive office of the partnership for a period of one year from the date of the giving of the notice or report to all other partners.

(3) Upon written request to the general partners by any person entitled to call a meeting of partners, the general partners immediately shall cause notice to be given to the partners entitled to vote that a meeting will be held at a time requested by the person calling the meeting, not less than 10, nor more than 60, days after the receipt of the request. If the notice is not given within 20 days after receipt of the request, the person entitled to call the meeting may give the notice or the superior court of the proper county shall summarily order the giving of the notice, after notice to the partnership giving it an opportunity to be heard. The procedure provided in subdivision (c) of Section 305 of the Corporations Code shall apply to the application. The court may issue any order as may be appropriate, including, without limitation, an order designating the time and place of the meeting, the record date for determination of partners entitled to vote, and the form of notice.

(d) When a partners' meeting is adjourned to another time or place, unless the partnership agreement otherwise requires and, except as provided in this subdivision, notice need not be given of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken. At the adjourned meeting the partnership may transact any business which might have been transacted at the original meeting. If the adjournment is for more than 45 days or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each partner of record entitled to vote at the meeting.

(e) The transactions of any meeting of partners, however called and noticed, and wherever held, are as valid as though had at a meeting duly held after regular call and notice, if a quorum is present

either in person or by proxy, and if, either before or after the meeting, each of the persons entitled to vote, not present in person or by proxy, signs a written waiver of notice or a consent to the holding of the meeting or an approval of the minutes thereof. All waivers, consents, and approvals shall be filed with the partnership records or made a part of the minutes of the meeting. Attendance of a person at a meeting shall constitute a waiver of notice of the meeting, except when the person objects, at the beginning of the meeting to the transaction of any business because the meeting is not lawfully called or convened and except that attendance at a meeting is not a waiver of any right to object to the consideration of matters required by this chapter to be included in the notice but not so included, if the objection is expressly made at the meeting. Neither the business to be transacted at nor the purpose of any meeting of partners need be specified in any written waiver of notice, unless otherwise provided in the partnership agreement, except as provided in subdivision (f).

(f) Any partner approval at a meeting, other than unanimous approval by those entitled to vote, pursuant to paragraph (5) of subdivision (b) of Section 15632 shall be valid only if the general nature of the proposal so approved was stated in the notice of meeting or in any written waiver of notice.

(g) (1) Unless otherwise provided in the partnership agreement, a majority in interest of the limited partners represented in person or by proxy shall constitute a quorum at a meeting of partners.

(2) The partners present at a duly called or held meeting at which a quorum is present may continue to transact business until adjournment notwithstanding the withdrawal of enough partners to leave less than a quorum, if any action taken (other than adjournment) is approved by the requisite percentage of interests of limited partners specified in this chapter or in the partnership agreement.

(3) In the absence of a quorum, any meeting of partners may be adjourned from time to time by the vote of a majority of the interests represented either in person or by proxy, but no other business may be transacted, except as provided in paragraph (2).

(h) Unless otherwise provided in the partnership agreement, any action which may be taken at any meeting of the partners may be taken without a meeting if a consent in writing, setting forth the action so taken, shall be signed by partners having not less than the minimum number of votes that would be necessary to authorize or take that action at a meeting at which all entitled to vote thereon were present and voted. In the event the limited partners are requested to consent on a matter without a meeting, each partner shall be given notice of the matter to be voted upon in the same manner as described in subdivision (c). In the event any general partner, or limited partners representing more than 10 percent of the interests of the limited partners, request a meeting for the purpose of discussing or voting on the matter, the notice of a meeting

shall be given in accordance with subdivision (c) and no action shall be taken until the meeting is held. Unless delayed in accordance with the provisions of the preceding sentence, any action taken without a meeting will be effective 15 days after the required minimum number of voters have signed the consent, however, the action will be effective immediately if all general partners and limited partners representing at least 90 percent of the interests of the limited partners have signed the consent.

(i) The use of proxies in connection with this section will be governed in the same manner as in the case of corporations formed under the General Corporation Law.

(j) In order that the limited partnership may determine the partners entitled to notices of any meeting or to vote, or entitled to receive any distribution or to exercise any rights in respect of any other lawful action, the general partners, or limited partners representing more than 10 percent of the interests of limited partners, may fix, in advance, a record date, which is not more than 60 nor less than 10 days prior to the date of the meeting nor more than 60 days prior to any other action. If no record date is fixed:

(1) The record date for determining partners entitled to notice of or to vote at a meeting of partners shall be at the close of business on the business day next preceding the day on which notice is given or, if notice is waived, at the close of business on the business day next preceding the day on which the meeting is held.

(2) The record date for determining partners entitled to give consent to partnership action in writing without a meeting shall be the day on which the first written consent is given.

(3) The record date for determining partners for any other purpose shall be at the close of business on the day on which the general partners adopt it, or the 60th day prior to the date of the other action, whichever is later.

(4) The determination of partners of record entitled to notice of or to vote at a meeting of partners shall apply to any adjournment of the meeting unless the general partners, or the limited partners who called the meeting, fix a new record date for the adjourned meeting, but the general partners, or the limited partners who called the meeting, shall fix a new record date if the meeting is adjourned for more than 45 days from the date set for the original meeting.

Article 4. General Partners

15641. Unless otherwise provided in the partnership agreement, after the filing of a certificate referred to in Section 15621, a general partner may be admitted only (a) with the written consent of each general partner in accordance with the provisions of subdivision (f) of Section 15636 or (b) with the written consent of each partner in accordance with the provisions of subdivision (c) of Section 15681.

15642. A person ceases to be a general partner of a limited partnership upon the happening of any of the following events:

(a) The general partner withdraws from the limited partnership.

(b) The general partner is removed as a general partner.

(c) Unless otherwise provided in the partnership agreement, an order for relief against the general partner is entered under Chapter 7 of the federal bankruptcy law, or the general partner: (1) makes a general assignment for the benefit of creditors, (2) files a voluntary petition under the federal bankruptcy law, (3) files a petition or answer seeking for that partner any reorganization, arrangement, composition, readjustment, liquidation, dissolution or similar relief under any statute, law, or regulation, (4) files an answer or other pleading admitting or failing to contest the material allegations of a petition filed against that partner in any proceeding of this nature, or (5) seeks, consents to, or acquiesces in the appointment of a trustee, receiver, or liquidator of the general partner or of all or any substantial part of that partner's properties.

(d) Unless otherwise provided in the partnership agreement, 60 days after the commencement of any proceeding against the general partner seeking reorganization, arrangement, composition, readjustment, liquidation, dissolution or similar relief under any statute, law, or regulation, the proceeding has not been dismissed, or if within 60 days after the appointment without that partner's consent or acquiescence of a trustee, receiver, or liquidator of the general partner or of all or any substantial part of that partner's properties, the appointment is not vacated or stayed, or within 60 days after the expiration of any such stay, the appointment is not vacated.

(e) In the case of a general partner who is an individual, either of the following:

(1) The death of that partner.

(2) The entry by a court of competent jurisdiction of an order adjudicating the partner incompetent to manage the general partner's person or estate.

(f) Unless otherwise provided in the partnership agreement, in the case of a general partner who is acting as a general partner by virtue of being a trustee of a trust, the termination of the trust (but not merely the substitution of a new trustee, in which case the new trustee automatically becomes the new general partner).

(g) Unless otherwise provided in the partnership agreement, in the case of a general partner that is a separate partnership, the dissolution of the separate partnership.

(h) In the case of a general partner that is a corporation, the filing of a certificate of dissolution, or its equivalent, for the corporation.

(i) In the case of a general partner that is an estate, the distribution by the fiduciary of the estate's entire interest in the limited partnership.

15643. (a) Except as otherwise provided in this chapter or in the partnership agreement, a general partner of a limited partnership has the rights and powers and is subject to the restrictions of a partner in a partnership without limited partners.

(b) Except as provided in this chapter, a general partner of a limited partnership has the liabilities of a partner in a partnership without limited partners to persons other than the partnership and the other partners. Except as provided in this chapter or in the partnership agreement, a general partner of a limited partnership has the liabilities of a partner in a partnership without limited partners to the partnership and to the other partners.

15644. A general partner of a limited partnership may make contributions to the limited partnership and share in the profits and losses of, and in distributions from, the limited partnership as a general partner. A general partner also may make contributions, and share in the profits and losses and distributions, as a limited partner, if the general partner's interest as a limited partner is separately designated in the partnership agreement. A person who is both a general partner and a limited partner has the rights and powers, and is subject to the restrictions and liabilities, of a general partner and, except as otherwise provided in the partnership agreement, also has the powers, and is subject to the restrictions, of a limited partner to the extent of his participation in the limited partnership as a limited partner.

Article 5. Finance

15651. The contribution of a partner may be in money, property, or services rendered, or a promissory note or other obligation to contribute money or property or to render services. A limited partner may not make a contribution of an obligation to render future services in consideration of the receipt of a partnership interest.

15652. Notwithstanding the compromise of a claim referred to in subdivision (c) of Section 15636, a person whose claim against a limited partnership arises before the receipt of notice of the compromise may enforce the original obligation.

15653. The profits and losses of a limited partnership shall be allocated among the partners in the manner provided in the partnership agreement. If the partnership agreement does not so provide, profits and losses shall be allocated in proportion to the contributions of each partner.

15654. Distributions of the money or property of a limited partnership shall be made to the partners in the manner provided in the partnership agreement. If the partnership agreement does not so provide, distributions which are a return of capital shall be made in proportion to the contributions of each partner and distributions which are not a return of capital shall be made in proportion to the allocation of profits.

Article 6. Distributions and Withdrawals

15661. Except as provided in this article, a partner is entitled to receive distributions from a limited partnership before the withdrawal of that partner from the limited partnership and before the dissolution and winding up thereof, subject to the limitations contained in Section 15666, to the extent and at the times or upon the happening of the events specified in the partnership agreement.

15662. (a) A general partner may withdraw from a limited partnership at any time by giving written notice to the other partners, but if the withdrawal violates the partnership agreement the limited partnership may recover from the withdrawing general partner damages for breach of the partnership agreement and, in addition to any other remedies, shall have the right to offset the damages against any amounts otherwise distributable to the general partner. Unless otherwise provided in the partnership agreement, in the case of a partnership for a fixed term, a withdrawal by a general partner prior to the expiration of that term is a breach of the partnership agreement.

(b) Unless otherwise provided in the partnership agreement, and subject to the liability created under subdivision (a), a general partner who ceases to be a general partner under Section 15642 shall:

(1) Retain the same interest in that partner's capital account, profits, losses, and distributions, but that interest shall be that of a limited partner.

(2) Not be personally liable for partnership debts incurred after the person ceases to be a general partner.

(3) Be entitled to vote as a limited partner on all matters except the admission and compensation of a general partner.

(4) Have the partner's interest in profits, losses, and distributions reduced pro rata with all other partners to provide compensation, or an interest in the partnership, or both, to a new general partner.

15663. A limited partner may withdraw from a limited partnership at the time or upon the happening of events specified in the partnership agreement. If the partnership agreement does not specify the time or the events upon the happening of which a limited partner may withdraw or a definite time for the dissolution and winding up of the limited partnership, a limited partner may withdraw upon not less than six months' prior written notice to each general partner at his address set forth in the certificate.

15664. Upon withdrawal, any withdrawing limited partner is entitled to receive any distribution to which that partner is entitled under the partnership agreement and, if not otherwise provided in the partnership agreement, the limited partner is entitled to receive, within a reasonable time after withdrawal, the fair value of the limited partner's interest in the limited partnership as of the date of withdrawal based upon the limited partner's right to share in distributions from the limited partnership.

15665. Subject to Section 15684, at the time a partner becomes

entitled to receive a distribution, that partner has the status of, and is entitled to all remedies available to a creditor of the limited partnership with respect to the distribution.

15666. A partner is obligated to return a distribution from a limited partnership to the extent that, after giving effect to the distribution, and notwithstanding the compromise of a claim referred to in subdivision (c) of Section 15636, all liabilities of the limited partnership, other than liabilities to partners on account of their interest in the limited partnership and liabilities as to which recourse of creditors is limited to specified property of the limited partnership, exceed the fair salable value of the partnership assets other than those assets which are subject to liabilities as to which recourse of creditors is so limited.

Article 7. Assignment of Partnership Interests

15671. An interest in a limited partnership is personal property and a partner has no interest in specific partnership property.

15672. Except as otherwise provided in the partnership agreement, a limited partnership interest is assignable in whole or in part. An assignment of a limited partnership interest does not dissolve a limited partnership or entitle the assignee to become or to exercise any rights of a partner. An assignment entitles the assignee to receive, to the extent assigned, only the distributions to which the assignor would be entitled. A limited partner remains a partner upon assignment of all or part of the limited partner's limited partnership interest, subject to the assignee becoming a limited partner pursuant to subdivision (a) of Section 15674.

15673. On application to a court of competent jurisdiction by any judgment creditor of a partner, the court may charge the limited partnership interest of the partner with payment of the unsatisfied amount of the judgment with interest. To the extent so charged, the judgment creditor has only the rights of an assignee of the limited partnership interest. This chapter does not deprive any partner of the benefit of any exemption laws applicable to the partner's limited partnership interest.

15674. (a) An assignee of a limited partnership interest may become a limited partner if and to the extent that (1) the partnership agreement so provides or (2) all partners consent.

(b) An assignee who has become a limited partner has, to the extent assigned, the rights and powers, and is subject to the restrictions and liabilities, of a limited partner under the partnership agreement and this chapter. An assignee who becomes a limited partner also is liable for the obligations of the assignor to make contributions as provided in Article 5 (commencing with Section 15651). However, the assignee is not obligated for liabilities unknown to the assignee at the time the assignee became a limited partner and which could not be ascertained from the partnership agreement.

(c) If an assignee of a limited partnership interest becomes a

limited partner, the assignor is not released from the assignor's liability to the limited partnership under subdivision (d) of Section 15622, and Sections 15652 and 15666.

15675. If a limited partner who is an individual dies or a court of competent jurisdiction adjudges the limited partner to be incompetent to manage the limited partner's person or property, the partner's executor, administrator, guardian, conservator, or other legal representative may exercise all the partner's rights for the purpose of settling the partner's estate or administering the partner's property.

Article 8. Dissolution

15681. A limited partnership is dissolved and its affairs shall be wound up upon the happening of the first to occur of the following:

(a) At the time or upon the happening of events specified in the partnership agreement.

(b) Except as otherwise provided in the partnership agreement, written consent of all general partners and a majority in interest of the limited partners.

(c) A general partner ceases to be a general partner under Section 15642 (other than by removal), unless (1) at the time there is at least one other general partner and the partnership agreement permits the business of the limited partnership to be continued by the remaining general partner or partners, if any, and such partner or partners do so, or (2) all partners agree in writing to continue the business of the limited partnership and to admit one or more general partners.

(d) Entry of a decree of judicial dissolution under Section 15682.

15682. Pursuant to an action filed by a partner, a court of competent jurisdiction may decree the dissolution of a limited partnership whenever any of the following occurs:

(a) It is not reasonably practicable to carry on the business in conformity with the partnership agreement.

(b) The general partners have been guilty of or have knowingly countenanced persistent and pervasive fraud or abuse of authority or persistent unfairness toward any partner, or the property of the limited partnership is being misapplied or wasted by the general partners.

(c) Dissolution is reasonably necessary for the protection of the rights or interest of the complaining partners.

15683. In the event of a dissolution of a limited partnership:

(a) Except as provided in the partnership agreement, the general partners who have not wrongfully dissolved a limited partnership or, if none, the limited partners, may wind up the limited partnership's affairs, unless the dissolution occurs pursuant to subdivision (d) of Section 15681, in which event the winding up shall be conducted in accordance with the decree of dissolution.

(b) Upon the petition of limited partners representing 5 percent

or more of the interests of limited partners, or three or more creditors, a court of competent jurisdiction may enter a decree ordering the winding up of the limited partnership if that appears necessary for the protection of any parties in interest. The decree shall designate the partners who are to wind up the limited partnership's affairs.

(c) Unless otherwise provided in the partnership agreement, the limited partners winding up the affairs of the partnership pursuant to this section, shall be entitled to reasonable compensation.

15684. Upon the winding up of a limited partnership, the assets shall be distributed in the following order:

(a) To creditors, including partners who are creditors to the extent permitted by law, in satisfaction of liabilities of the limited partnership other than liabilities for distributions to partners under Section 15661, 15664 or 15665.

(b) Except as provided in the partnership agreement, to partners and former partners in satisfaction of liabilities for distributions under Sections 15661, 15664, and 15665.

(c) To partners in accordance with their rights under the partnership agreement and Section 15636.

15685. After dissolution, a general partner can bind the partnership as follows:

(a) By any act appropriate for winding up partnership affairs or completing transactions unfinished at dissolution.

(b) By any transaction which would bind the partnership if dissolution had not taken place, if, the other party to the transaction:

(1) Had extended credit to the partnership prior to dissolution and had no actual knowledge or notice of the dissolution.

(2) Though not so extending credit, had nevertheless known of the partnership prior to dissolution, and, had no actual knowledge or notice of dissolution, and a certificate of dissolution has not been filed as provided in subdivision (a) of Section 15623.

Article 9. Foreign Limited Partnerships

15691. Subject to Section 15694, (a) the laws of the state or country under which a foreign limited partnership is organized govern its organization and internal affairs and the liability of its limited partners, and (b) a foreign limited partnership may not be denied registration by reason of any difference between those laws and the laws of this state.

15692. Before transacting intrastate business in this state, a foreign limited partnership shall register with the Secretary of State. In order to register, a foreign limited partnership shall submit to the Secretary of State an application for registration as a foreign limited partnership, signed and acknowledged by a general partner on a form prescribed by the Secretary of State and setting forth all of the following:

(a) The name of the foreign limited partnership and, if different,

the name under which it proposes to register and transact business in this state.

(b) The state or country and date of its formation and a statement that the foreign limited partnership is authorized to exercise its powers and privileges in such state or country of formation.

(c) The name and address of an agent for service of process on the foreign limited partnership meeting the qualifications specified in paragraph (1) of subdivision (d) of Section 15627.

(d) A statement that the Secretary of State is appointed the agent of the foreign limited partnership for service of process if the agent has resigned and has not been replaced or if the agent cannot be found or served with the exercise of reasonable diligence.

(e) The address of the principal executive office of the foreign limited partnership and of its principal office in this state, if any.

(f) The names and business or residence addresses of the general partners.

15693. If the Secretary of State finds that an application for registration conforms to law and all requisite fees have been paid, the Secretary of State shall issue a certificate of registration to transact intrastate business in this state. However, no certificate of registration shall be issued for a foreign limited partnership to transact intrastate business in this state under a name which falls within the prohibitions of subdivision (c) of Section 15612.

15694. If the limited partners of a foreign limited partnership residing in this state represent 25 percent or more of the interests of limited partners of that partnership, those limited partners shall be entitled to all information and rights provided in Section 15634.

15695. If any statement in the application for registration of a foreign limited partnership was false when made or any statements made have become erroneous, the foreign limited partnership shall promptly file in the office of the Secretary of State an amendment to the application for registration, signed and acknowledged by a general partner, amending the statement.

15696. A foreign limited partnership may cancel its registration by filing with the Secretary of State a certificate of cancellation signed and acknowledged by a general partner. A cancellation does not terminate the authority of the Secretary of State to accept service of process on the foreign limited partnership with respect to causes of action arising out of the transaction of business in this state.

15697. (a) A foreign limited partnership transacting intrastate business in this state may not maintain any action, suit, or proceeding in any court of this state until it has registered in this state.

(b) Any foreign limited partnership which transacts intrastate business in this state without registration is subject to a penalty of twenty dollars ($20) for each day that such unauthorized intrastate business is transacted, up to a maximum of ten thousand dollars ($10,000). An action to recover such penalty may be brought, and any recovery shall be paid, as provided in Section 2258.

(c) The failure of a foreign limited partnership to register in this

state does not impair the validity of any contract or act of the foreign limited partnership or prevent the foreign limited partnership from defending any action, suit, or proceeding in any court of this state.

(d) A limited partner of a foreign limited partnership is not liable as a general partner of the foreign limited partnership solely by reason of its having transacted intrastate business in this state without registration.

(e) A foreign limited partnership, transacting intrastate business in this state without registration, appoints the Secretary of State as its agent for service of process with respect to causes of action arising out of the transaction of business in this state.

15698. The Attorney General may bring an action to restrain a foreign limited partnership from transacting intrastate business in this state in violation of this article.

Article 10. Class Actions and Derivative Actions

15701. Any limited partner may bring a class action on behalf of all or a class of limited partners to enforce any claim common to those limited partners against a domestic or foreign partnership or any or all general partners, without regard to the number of those limited partners, but each of those limited partners shall be given an opportunity to procure exclusion from the class.

15702. (a) No action may be instituted or maintained in right of any domestic or foreign limited partnership by any partner of the limited partnership unless both of the following conditions exist:

(1) The plaintiff alleges in the complaint that plaintiff was a partner of record or beneficially, at the time of the transaction or any part thereof of which plaintiff complains or that plaintiff's interest thereafter devolved upon plaintiff by operation of law from a partner who was a partner at the time of the transaction or any part thereof complained of. Any partner who does not meet these requirements may nevertheless be allowed in the discretion of the court to maintain the action on a preliminary showing to and determination by the court, by motion and after a hearing at which the court shall consider any evidence, by affidavit or testimony, as it deems material, that (A) there is a strong prima facie case in favor of the claim asserted on behalf of the limited partnership, (B) no other similar action has been or is likely to be instituted, (C) the plaintiff acquired the interest before there was disclosure to the public or to the plaintiff of the wrongdoing of which plaintiff complains, (D) unless the action can be maintained the defendant may retain a gain derived from defendant's willful breach of a fiduciary duty, and (E) the requested relief will not result in unjust enrichment of the limited partnership or any partner of the limited partnership.

(2) The plaintiff alleges in the complaint with particularity plaintiff's efforts to secure from the general partners such action as plaintiff desires or the reasons for not making that effort, and alleges further that plaintiff has either informed the limited partnership or

the general partners in writing of the ultimate facts of each cause of action against each defendant or delivered to the limited partnership or the general partners a true copy of the complaint which plaintiff proposes to file.

(b) In any action referred to in subdivision (a), at any time within 30 days after service of summons upon the limited partnership or upon any defendant who is a general partner of the limited partnership or held that position at the time of the acts complained of, the limited partnership or the defendant may move the court for an order, upon notice and hearing, requiring the plaintiff to furnish security as hereinafter provided. The motion shall be based upon one or both of the following grounds:

(1) That there is no reasonable possibility that the prosecution of the cause of action alleged in the complaint against the moving party will benefit the limited partnership or its partners.

(2) That the moving party, if other than the limited partnership, did not participate in the transaction complained of in any capacity. The court on application of the limited partnership or any defendant may, for good cause shown, extend the 30-day period for an additional period not exceeding 60 days.

(c) At the hearing upon any motion pursuant to subdivision (b), the court shall consider evidence, written or oral, by witnesses or affidavit, as may be material (1) to the ground upon which the motion is based, or (2) to a determination of the probable reasonable expenses, including attorneys' fees, of the limited partnership and the moving party which will be incurred in the defense of the action. If the court determines after hearing the evidence adduced by the parties, that the moving party has established a probability in support of any of the grounds upon which the motion is based, the court shall fix the nature and amount of security, not to exceed fifty thousand dollars ($50,000), to be furnished by the plaintiff for reasonable expenses, including attorneys' fees, which may be incurred by the moving party and the limited partnership in connection with the action. A ruling by the court on the motion shall not be a determination of any issue in the action or of the merits thereof. The amount of the security may thereafter be increased or decreased in the discretion of the court upon a showing that the security provided has or may become inadequate or is excessive, but the court may not in any event increase the total amount of the security beyond fifty thousand dollars ($50,000) in the aggregate for all defendants. If the court, upon any such motion, makes a determination that security shall be furnished by the plaintiff as to any one or more defendants, the action shall be dismissed as to such defendant or defendants, unless the security required by the court shall have been furnished within any reasonable time as may be fixed by the court. The limited partnership and the moving party shall have recourse to the security in such amount as the court shall determine upon the termination of the action.

(d) If the plaintiff shall, either before or after a motion is made

pursuant to subdivision (b), or any order or determination pursuant to such motion, post good and sufficient bond or bonds in the aggregate amount of fifty thousand dollars ($50,000) to secure the reasonable expenses of the parties entitled to make the motion, the plaintiff has complied with the requirements of this section and with any order for security theretofore made pursuant hereto, and any such motion then pending shall be dismissed and no further or additional bond or other security shall be required.

(e) If a motion is filed pursuant to subdivision (b), no pleadings need be filed by the limited partnership or any other defendant and the prosecution of the action shall be stayed until 10 days after the motion has been disposed of.

Article 11. Transition Provisions

15710. Filings with the Secretary of State under the provisions of this section may only be made on or after March 1, 1984. Those documents acceptable for filing shall be filed as of July 1, 1984.

15711. Except as provided in Section 15712, this Chapter 3 shall not apply to any limited partnership organized under the laws of this state and existing on the effective date, which shall continue to be governed by the law previously applicable to it.

15712. A limited partnership organized under the laws of this state and existing on the effective date:

(a) (1) Shall be governed by the law previously applicable to it unless it elects to be goverend by this chapter instead of by the law previously applicable to it. Such election shall be made by the written consent of all partners, or of the lesser number provided by the partnership agreement for this election. The election shall be prospective only and shall not affect preexisting rights of third parties.

(2) Shall file a certificate as provided by subdivision (a) of Section 15621, including therein the date that the limited partnership filed under the law previously applicable to it, and shall thereafter be governed by the provisions of Article 2 (commencing with Section 15621), and not by the law previously applicable to it relating to filing requirements.

(3) Shall not be subject to the requirement of subdivision (a) of Section 15612 or to the limitations of subdivision (c) of Section 15612

if a certificate as required by paragraph (2) of this subdivision is filed prior to July 1, 1985.

(4) May not maintain any action, suit, or proceeding in any court of this state until it has filed a certificate as required by paragraph (2) of this subdivision.

(b) To the extent that the provisions of the certificate filed under the law previously applicable to a limited partnership governed the rights and obligations of the partners and the limited partnership among each other, those provisions will continue to govern those rights and obligations except (i) as they may subsequently be affected by amendments to the partnership agreement or by the terms of a certificate filed pursuant to paragraph (6) of subdivision (a) of Section 15621 or by the terms of a certificate of amendment filed pursuant to subdivision (c) of Section 15622, and (ii) for the effect upon those rights and obligations of an election to be governed by this chapter pursuant to this Section 15712.

15713. (a) A foreign limited partnership existing on the effective date shall not be subject to the limitations of subdivision (c) of Section 15612 if a certificate of registration referred to in Section 15693 is issued prior to July 1, 1985.

(b) The provisions of subdivision (b) of Section 15697 shall not be operative until July 1, 1985.

15714. As used in this article, "effective date" means July 1, 1984.

Article 12. Miscellaneous

15721. This chapter may be cited as the California Revised Limited Partnership Act.

15722. In any case not provided for in this chapter, the provisions of the Uniform Partnership Act, Chapter 1 (commencing with Section 15001), govern.

15723. All provisions of this chapter and all provisions that may hereafter be added to this chapter may be altered from time to time or repealed and all rights of partners are subject to this reservation.

SEC. 11. Chapter 3 (commencing with Section 15700) of Title 2 of the Corporations Code is repealed.

SEC. 12. Chapter 4 (commencing with Section 15800) is added to Title 2 of the Corporations Code, to read:

CHAPTER 4. PROCESS AGENTS FOR CERTAIN FOREIGN CORPORATIONS

15800. Every partnership, other than a commercial or banking partnership established and transacting business in a place without the United States, which is domiciled without this state and has no regular place of business within this state, shall, within 40 days from the time it commences to do business in this state, file a statement in the office of the Secretary of State in accordance with Section 24003 designating some natural person or corporation as the agent of

the partnership upon whom process issued by authority of or under any law of this state directed against the partnership may be served. A copy of such designation, duly certified by the Secretary of State, is sufficient evidence of such appointment.

Such process may be served in the manner provided in subdivision (e) of Section 24003 on the person so designated, or, in the event that no such person has been designated, or if the agent designated for the service of process is a natural person and cannot be found with due diligence at the address stated in the designation, or if such agent is a corporation and no person can be found with due diligence to whom the delivery authorized by subdivision (e) of Section 24003 may be made for the purpose of delivery to such corporate agent, or if the agent designated is no longer authorized to act, then service may be made by personal delivery to the Secretary of State, Assistant Secretary of State or a Deputy Secretary of State of the process, together with a written statement signed by the party to the action seeking such service, or by his attorney, setting forth the last-known address of the partnership and a service fee of five dollars ($5). The Secretary of State shall forthwith give notice of such service to the partnership by forwarding the process to it by registered mail, return receipt requested, at the address given in the written statement.

Service on the person designated, or personal delivery of the process and statement of address together with a service fee of five dollars ($5) to the Secretary of State, Assistant Secretary of State or a Deputy Secretary of State, pursuant to this section is a valid service on the partnership. The partnership so served shall appear within 30 days after service on the person designated or within 30 days after delivery of the process to the Secretary of State, Assistant Secretary of State or a Deputy Secretary of State.

SEC. 13. Section 12209 of the Government Code, as amended by Chapter 418 of the Statutes of 1983, is amended to read:

12209. SEC. 14. Section 1 of Chapter 807 of the Statutes of 1981 is repealed.

SEC. 15. Sections 8 to 13, inclusive, of this act shall become operative on July 1, 1984.

SEC. 16. The Legislture finds and declares as follows:

(a) The legislative intent in enacting Chapter 997 of the Statutes of 1982 was that the provisions of the Corporations Code and Government Code adopted by Sections 1 through 43 thereof would substitute for the corresponding provisions of the Corporations Code

and Government Code adopted by Chapter 807 of the Statutes of 1981 upon such latter chapter becoming operative and hence, that the provisions adopted by Sections 1 through 43 would not be operative until that operative date.

(b) The current legislative intent in enacting Sections 8 to 13, inclusive, of this act is to restate the limited partnership law as intended by Chapter 807 of the Statutes of 1981 and Chapter 997 of the Statutes of 1982 and to make certain numbering and other changes thereto.

A record of that use shall be maintained, containing sufficient information to identify the account, identify the person making the payment which was not equal to the amount due the county, and show the amount of the difference.

SEC. 2. Section 29375.1 of the Government Code is amended to read:

29375.1. When an amount paid to any county officer exceeds the amount due the county for any account, and such excess does not exceed ten dollars ($10), the officer may deposit the excess in the overage fund in the county treasury. If the excess is not so deposited, it shall be refunded to the person making the payment.

SEC. 3. Section 66463 of the Government Code is amended to read:

66463. Except as otherwise provided for in this code, the procedure for processing, approval, conditional approval, or disapproval and filing of parcel maps and modifications thereof shall be as provided by local ordinance. The provisions of Sections 66477.1,

66477.2, and 66477.3 relating to dedications and offers of dedication on final maps shall apply to dedications and offers of dedications on parcel maps.

Whenever a local agency provides, by ordinance, for the approval, conditional approval, or disapproval of parcel maps by the county engineer, surveyor, or other designated official, the local agency may also, by ordinance, provide that the officer may accept or reject dedications and offers of dedication that are made by certificate on the map.

SEC. 4. Section 66464 of the Government Code is amended to read:

66464. (a) After the approval by the city of a final map of a subdivision or a parcel map, the city clerk shall transmit the map to the clerk of the county board of supervisors for ultimate transmittal to the county recorder.

(b) After the approval by the county of a final or parcel map of a subdivision within unincorporated territory, the map shall be transmitted ultimately to the county recorder.

(c) When all certificates and security required under the provisions of Sections 66492 and 66493 have been filed and deposited with the clerk of the board of supervisors and approved by the county, the clerk of the board of supervisors shall certify that the certificates have been filed and deposits have been made and shall transmit the final map to the county recorder.

SEC. 5. Section 66492 of the Government Code is amended to read:

66492. Prior to the filing of the final map or parcel map with the legislative body, the subdivider shall file with the clerk of the board of supervisors of the county in which any part of the subdivision is located, a certificate from the official computing redemptions in any public agency in which any part of the subdivision is located, showing that, according to the records of that office, there are no liens against the subdivision or any part thereof for unpaid, state, county, municipal or local taxes or special assessments collected as taxes, except taxes or special assessments not yet payable.

As to taxes or special assessments collected as taxes which are a lien but not yet payable, the subdivider shall file with the clerk of the board of supervisors a certificate by each proper officer giving his or her estimate of the amount of taxes and assessments which are a lien but not yet payable.

SEC. 6. Section 66493 of the Government Code is amended to read:

66493. (a) Whenever any part of the subdivision is subject to a lien for taxes or special assessments collected as taxes which are not yet payable, the final map or parcel map shall not be recorded until the owner or subdivider executes and files with the clerk of the board of supervisors of the county wherein any part of the subdivision is located, security conditioned upon the payment of all state, county, municipal and local taxes and the current installment of principal

and interest of all special assessments collected as taxes, which at the time the final map is recorded are a lien against the property, but which are not yet payable.

(b) If the land being subdivided is a portion of a larger parcel shown on the last preceding tax roll as a unit, the security for payment of taxes need be only for that sum as may be determined by the county to be sufficient to pay the current and delinquent taxes on the land being subdivided, together with all accrued penalties and costs if those taxes have been or are allowed to become delinquent. Separate assessor's parcel numbers shall be given to the portion of the larger parcel which is not within the proposed subdivision and to the parcel or parcels which are within the proposed subdivision.

If the land being subdivided is sold for taxes, it may be redeemed for the sale without the redemption of the remainder of the larger parcel of which it is a part pursuant to the provisions of the Revenue and Taxation Code as if it were held in ownership separate from and other than the ownership of the remainder.

(c) Whenever land subject to a special assessment or bond which may be paid in full is divided by the line of a lot or parcel of the subdivision, that assessment or bond shall be paid in full, or security shall be filed with the clerk of the board of supervisors, payable to the county as trustee for the assessment bondholders for the payment of the special assessment or bond. This section shall not apply to bonds issued under the provisions of the Improvement Bond Act of 1915.

(d) The amount of security for "taxes" in subdivision (a) or "current taxes" for subdivision (b), shall consider only amounts shown on the regular assessment roll or shown on any supplemental rolls prepared pursuant to Chapter 3.5 (commencing with Section 75) of Part 0.5 of Division 1 of the Revenue and Taxation Code.

SEC. 7.5. Section 75.13 of the Revenue and Taxation Code is amended to read:

75.13. Any supplemental assessment made within one year of the date of the change in ownership or the completion of new construction shall not be deemed to be an escaped assessment subject to Section 4837.5.

SEC. 8. Section 155.20 of the Revenue and Taxation Code is amended to read:

155.20. A county board of supervisors may exempt from property tax all real property with a base year value (as determined pursuant to Chapter 1 (commencing with Section 50) of Part 0.5 and personal property with a full value so low that, if not exempt, the total taxes, special assessments and applicable subventions on the property would amount to less than the cost of assessing and collecting them.

The board shall have no authority to exempt property with a base year value or full value of more than one thousand five hundred dollars ($1,500).

In determining the level of the exemption, the board of supervisors shall determine at what level of exemption the costs of

assessing the property and collecting taxes, assessments and subventions on such property exceeds the proceeds to be collected. The board shall establish the exemption level uniformly for classes of property. In making this determination, the board may consider the total taxes, special assessments and applicable subventions for the year of assessment only or for the year of assessment and succeeding years where cumulative revenues will not exceed the cost of assessments and collections.

This section does not apply to those real or personal properties enumerated in Section 52.

The exemption authorized by this section shall be adopted by the board on or before the lien date for the fiscal year to which the exemption is to apply and may, at the option of the board, continue in effect for succeeding fiscal years. Any revision or rescission of the exemption shall be adopted by the board on or before the lien date for the fiscal year to which that revision or rescission is to apply.

SEC. 9. Section 482 of the Revenue and Taxation Code is amended to read:

482. (a) If a person or legal entity required to file a statement described in Section 480 fails to do so within 45 days from the date of a written request by the assessor, a penalty of either: (1) one hundred dollars ($100), or (2) 10 percent of the taxes applicable to the new base year value reflecting the change in ownership of the real property or mobilehome, whichever is greater, but not to exceed two thousand five hundred dollars ($2,500) if the failure to file was not willful, shall, except as otherwise provided in this section, be added to the assessment made on the roll. The penalty shall apply for failure to file a complete change in ownership statement notwithstanding the fact that the assessor determines that no change in ownership has occurred as defined in Chapter 2 (commencing with Section 60) of Part 0.5. The penalty may also be applied if after a request the transferee files an incomplete statement and does not supply the missing information upon a second request.

(b) If a person or legal entity required to file a statement described in Section 480.1 or 480.2 fails to do so within 45 days from the date of a written request by the State Board of Equalization, a penalty of 10 percent of the taxes applicable to the new base year value reflecting the change in control or change in ownership of the real property owned by the corporation, partnership, or legal entity, or 10 percent of the current year's taxes on that property if no change in control or change in ownership occurred, shall be added to the assessment made on the roll. The penalty shall apply for failure to file a complete statement notwithstanding the fact that the board determines that no change in control or change in ownership has occurred as defined in subdivision (c) or (d) of Section 64. The penalty may also be applied if after a request the person or legal entity files an incomplete statement and does not supply the missing information upon a second request. That penalty shall be in lieu of the penalty provisions of subdivision (a).

(c) The penalty for failure to file a timely statement pursuant to Sections 480, 480.1, and 480.2 for any one transfer may be imposed only one time, even though the assessor may initiate a request as often as he or she deems necessary.

(d) The penalty shall be added to the roll in the same manner as a special assessment and treated, collected, and subject to the same penalties for the delinquency as all other taxes on the roll in which it is entered.

(1) When the transfer to be reported under this section is of a portion of a property or parcel appearing on the roll during the fiscal year in which the 45-day period expires, the current year's taxes shall be prorated so the penalty will be computed on the proportion of property which has transferred.

(2) Any penalty added to the roll pursuant to this section between March 1 and June 30 may be entered either on the unsecured roll or the roll being prepared. After March 1, the penalty may be added to the current roll only with the approval of the tax collector.

(3) If the property is transferred or conveyed to a bona fide purchaser for value or becomes subject to a lien of a bona fide encumbrancer for value after the transfer of ownership resulting in the imposition of the penalty and before the enrollment of the penalty, the penalty shall be entered on the unsecured roll in the name of the transferee whose failure to file the change in ownership statement resulted in the imposition of the penalty.

(e) When a penalty imposed pursuant to this section is entered on the unsecured roll, the tax collector may immediately file a certificate authorized by Section 2191.3.

(f) Notice of any penalty added to either the secured or unsecured roll pursuant to this section shall be mailed by the assessor to the transferee at his or her address contained in any recorded instrument or document evidencing a transfer of an interest in real property or mobilehome or at any address reasonably known to the assessor.

SEC. 9.5. Section 532.1 is added to the Revenue and Taxation Code, to read:

532.1. If, before the expiration of the period specified in Section 532 for making an escape assessment, the taxpayer and the assessor have agreed in writing to extend the time for making an assessment, correction, or claim for refund, the assessment may be made at any time prior to the expiration of the period agreed upon. The period may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

SEC. 10. Section 532.5 of the Revenue and Taxation Code is repealed.

SEC. 11. Section 534.5 of the Revenue and Taxation Code is repealed.

SEC. 12. Section 1637 of the Revenue and Taxation Code is amended to read:

1637. Hearings before an assessment hearing officer shall be

conducted pursuant to the provisions of Article 1 (commencing with Section 1601) governing equalization proceedings by a county board of equalization or an assessment appeals board. The assessment hearing officer may conduct hearings on applications where:

(a) The applicant is the assessee and has filed an application under Section 1607;

(b) For counties in which the board of supervisors has not adopted the provisions of Section 1641.1, the total assessed value of the property under consideration, as shown on the current assessment roll, does not exceed one hundred thousand dollars ($100,000); or the property under consideration is a single-family dwelling, condominium or cooperative, or a multiple-family dwelling of four units or less regardless of value; and

(c) The applicant has requested that the hearing be held before an assessment hearing officer.

(d) In addition to subdivisions (a) and (c), the board of supervisors may, by resolution, require the assent of the assessor to hearings before an assessment hearing officer in all cases in which the total assessed value on the current roll of the property under consideration exceeds a sum set by the resolution. However, that requirement shall not apply in cases involving owner-occupied residential property.

SEC. 13. Section 1640.1 of the Revenue and Taxation Code is amended to read:

1640.1. (a) The clerk shall transmit by mail to the protesting party and shall transmit to the county board of equalization or assessment appeals board the hearing officer's report and recommendation on the assessment protest. The protesting party shall be informed that the county board of equalization or the assessment appeals board is not bound by the recommendation of the assessment hearing officer and that he or she or the assessor is entitled to a full hearing before the county board or the assessment appeals board.

(b) The provision of this section shall supersede the provisions of Section 1641 in those counties in which the board of supervisors by resolution adopts the provisions of this section.

SEC. 14. Section 1641.1 of the Revenue and Taxation Code is amended to read:

1641.1. (a) Upon being notified of the recommendation of an assessment hearing officer, the protesting party or the assessor may request the county board of equalization or assessment appeals board to accept or reject the recommendation of the assessment hearing officer. The assessor may request the board to reject the recommendation of the assessment hearing officer. The county board of equalization or assessment appeals board shall, without further testimony, do either of the following:

(1) Accept the recommendation and change the assessed value in accordance with Section 1610.8.

(2) Reject the recommendation and set the application for

reduction for hearing by the local board of equalization.

If a request is not filed with the county board of equalization or assessment appeals board, the protesting party or the assessor may, within 14 days after mailing of the hearing officer's report and recommendation, make application for a hearing before the county board or the assessment appeals board, and the application shall be set for hearing by the county board or the assessment appeals board. The board may consider, but shall not be bound by, the recommendation of the assessment hearing officer.

(b) The provisions of this section shall supersede the provisions of Section 1641 in those counties in which the board of supervisors by resolution adopts the provisions of this section.

SEC. 15. Section 2611.4 of the Revenue and Taxation Code is amended to read:

2611.4. (b) A county may reserve a site expansion or a potential site for a solid waste facility in the county solid waste management plan only if the site is consistent with the applicable city or county general plan. (2) The land uses authorized adjacent to and near the site are compatible with the establishment or expansion of the site.

(c) A city or county shall not authorize land uses adjacent to or near a site for any solid waste facility designated in the applicable city or county general plan if the land uses would restrict or preclude the establishment of a solid waste facility or expansion of the facility or site.

[Approved by Governor September 28, 1983 Filed with Secretary of State September 30, 1983]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares:

(a) That automation of the field office and central operations of the Employment Development Department would provide a benefit to the citizens of California by improving services and reducing costs.

(b) That the unemployment and employment services programs in most of the department's field offices currently are not automated.

(c) That sufficient data is often not available to make prudent management decisions on the cost-effective automation of the department's programs.

(d) That greater coordination between the department and the State Office of Information Technology would result in the more efficient and timely automation of the department's field office operations.

(e) That the citizens of the state would benefit if the department more actively seeks opportunities to automate its operations and coordinate with other state or public agencies to share use of technologies and facilities.

SEC. 2. The Legislature further finds and declares:

(a) That overpayments of unemployment insurance benefits by the department create an unnecessary and detrimental burden on California's tax-paying employers and employees.

(b) That unemployment insurance overpayments could be significantly reduced through the automation of program activities, changes in statute, and modification of departmental procedures.

SEC. 3. Section 330 is added to the Unemployment Insurance Code, to read:

330. The Director of Employment Development shall prepare an annual report on the comprehensive automation of the department in accordance with the guidelines published and maintained in the State Administrative Manual. The report shall be transmitted to the Legislative Analyst, legislative committees on Finance and Insurance, Economic Development and New Technologies, Industrial Relations, Labor and Employment, Finance, and Ways and Means of the Senate and Assembly, Department of Finance, and the Governor, on August 31st of each calendar year. The report shall do all of the following:

(a) Identify all operations, including unemployment and employment services programs, which would benefit from initial or further automation. For each operation so identified, the report shall:

(1) Estimate the one-time and on-going costs of automation.

(2) Project the benefits of automation, including improvements in services, reductions in personnel and operating costs, and continued or ceased utilization of data processing systems provided by the state's Health and Welfare Agency Data Center.

(3) Identify how the personnel and costs savings will be used, transferred, or otherwise accounted for.

(b) Establish a three-year plan for the automation of all the operations identified in subdivision (a). The plan shall be updated annually. For all operations identified in subdivision (a), the plan shall:

(1) Determine priorities for automation with specific attention to unemployment and employment services programs in the department's field offices.

(2) Establish time-lines for automation.

(3) Identify existing or needed funds for automation.

(c) Explain, when requesting approval for an automation proposal from the Department of Finance, the method by which the proposal will be evaluated for its costs and benefits. The method for each automation proposal may differ.

CHAPTER 1227

An act to amend Section 33471.5 of, and to add Sections 33476, 33476.3, and 33476.5 to, the Health and Safety Code, and to amend Sections 7, 10, and 13 of, and to add Section 13.5 to, Chapter 995 of the Statutes of 1982, relating to fiscal affairs, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1983. Filed with Secretary of State September 30, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Section 33471.5 of the Health and Safety Code is amended to read:

33471.5. After the refunding has occurred as provided in Section 33471, not less than 20 percent of all taxes which are allocated to the redevelopment agency pursuant to subdivision (b) of Section 33670 for redevelopment projects merged pursuant to this article shall be used by the agency for the purposes set forth in Section 33334.2, provided that such taxes shall first be used for the payment of principal, interest, and premium, if any, under the bond resolution or resolutions providing for the issuance of the refunding bonds and providing necessary reserves for such refunding bonds, but only to the extent that such refunding is necessary to refinance existing bonded obligations.

SEC. 2. Section 33476 is added to the Health and Safety Code, to read:

33476. Notwithstanding any other provision in this article, except the provisions of Section 33471.5, for the purpose of allocating taxes pursuant to Section 33670 which are subject to the provisions of this article, redevelopment project areas under the jurisdiction of the redevelopment agency of the City of San Bernardino designated Meadowbrook/Central City, Central City East, and Central City South, are hereby merged into one contiguous project areas designated Central City. Each constitutent project area so merged, shall continue under its own redevelopment plan for the longest term of the three plans, but, except as otherwise provided in this article, taxes attributable to each project area merged pursuant to this section which are allocated to the redevelopment agency pursuant to Section 33670 shall be allocated, as provided in subdivision (b) of such section, to the entire merged project area for the purpose of paying the principal of and interest on loans, moneys advanced to, or indebtedness (whether funded, refunded, assumed, or otherwise) incurred by the redevelopment agency to finance or refinance, in whole or in part, such merged redevelopment project.

SEC. 3. Section 33476.3 is added to the Health and Safety Code, to read:

33476.3. If the redevelopment agency has, prior to merger of

redevelopment project areas pursuant to Section 33476, incurred any indebtedness on account of a constituent project area so merged, taxes attributable to such area which are allocated to the agency pursuant to subdivision (b) of Section 33670 shall be first used to comply with the terms of any bond resolution or other agreement pledging such taxes from such constituent project area until a refunding has occurred which satisfies the terms of such resolution or agreement.

SEC. 4. Section 33476.5 is added to the Health and Safety Code, to read:

33476.5. The Legislature finds and declares that the merger of the project areas specified in Section 33476 in the City of San Bernardino is necessary to prevent a default on the outstanding bonds of the Meadowbrook/Central City Project due to the drastic reduction in property taxes caused by the adoption of Article XIII A to the Constitution. This project area is already substantially redeveloped, making it unlikely that further redevelopment can be used to increase the tax base. The Redevelopment Agency of the City of San Bernardino has already had to call on the state for support of its bonded debt. This is an undesirable burden on the state which can be avoided by merging the two contiguous project areas into the combined Central City Project so that the tax increment from the buildout in Central City East and Central City South Project areas, when added to the tax increment of the Meadowbrook/Central City Project Area, resulting from combining the project areas, can serve the debt of all three projects, or the debt as refunded, thus preventing an undesirable default, or, in lieu thereof, further draws on the funds of the state.

SEC. 5. Section 7 of Chapter 995 of the Statutes of 1982 is amended to read:

Sec. 7. Property acquired with such revenues shall be considered an asset of the trust and subject to the terms and conditions of this act. The trust revenues may be combined with nontrust revenues for purposes of a plan designed to benefit the granted lands and adjacent uplands without imposition of the trust upon the uplands or the improvements thereon so long as it can be demonstrated on an accounting basis that an amount, including financing costs, equal to or greater than the trust revenues is, or has been, expended on the granted lands pursuant to that plan.

SEC. 6. Section 10 of Chapter 995 of the Statutes of 1982 is amended to read:

Sec. 10. On June 30, 1985, and at the end of every third fiscal year thereafter, that portion of the trustee's tidelands trust revenues in excess of two hundred fifty thousand dollars ($250,000) remaining after current and accrued operating costs and expenditures directly related to the operation or maintenance of tidelands trust activities shall be deemed excess revenues; provided, however, that any funds deposited in a reserve fund for future capital expenditures or any funds used to retire bond issues or other obligations for the

improvement or operation of the granted lands or in furtherance of trust activities on the granted lands shall not be deemed excess revenue. Capital improvements of the granted lands made for purposes authorized by this act may be considered as expenditures for the purpose of determining excess revenues.

The excess revenues, as determined pursuant to this section, shall be allocated as follows: 85 percent shall be transmitted to the State Treasurer for deposit in the General Fund in the State Treasury; and 15 percent to the trustee for expenditures consistent with the provisions of this act.

SEC. 7. Section 13 of Chapter 995 of the Statutes of 1982 is amended to read:

Sec. 13. The lands granted in Section 1 are those salt marsh, tidelands, and submerged lands described as follows:

Sec. 13.5. The Legislature hereby finds and declares that Parcels C and D of the land heretofore purported to be granted to the City of Brisbane by Chapter 995 of the Statutes of 1982 had ceased to be tidelands or submerged lands prior to the grant and prior to February 22, 1980, and pursuant to the holding of the California Supreme Court in City of Berkeley v. Superior Court, 26 Cal. 3d 515 (1980), concerning filled lots no longer subject to tidal action and originally conveyed by the Board of Tideland Commissioners, the lots are free from all trusts and restrictions imposed thereon by any of the provisions of the granting act or the public trust.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The City of Brisbane and the Redevelopment Agency of the City of Brisbane are engaged in a program of public works, including the extension and construction of streets, marinas, and improvements in connection therewith, and the financing thereof, which affect the lands described in this act, and the act is designed to provide recreation facilities. In order for this program to proceed promptly and without undue and costly delay, it is necessary that this act take effect as soon as possible.

For the foregoing reasons and in order to extend local control over the issuance of revenue bonds for industrial development and to effectuate local planning in this regard and to aid the redevelopment agency of San Bernardino County in expediting its redevelopment projects and to prevent default of certain projects, it is necessary that this act take effect immediately.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the benefits of this act to be available as soon as possible, it is necessary for this act to take effect immediately.

CHAPTER 1229

An act to add Section 783 to the Public Utilities Code, relating to public utilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 1983 Filed with Secretary of State September 30, 1983]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) Gas and electrical corporations providing utility service operate as monopolies under the authority of the State of California and have an obligation to provide extensions of service to new residential, commercial, agricultural, and industrial customers under reasonable terms and conditions.

(b) Rules governing the extension of gas and electric service to new residential, commercial, agricultural, and industrial customers must strike a balance between the interests of new residential, commercial, and industrial customers in obtaining essential utility services without undue economic burden and the interests of existing utility customers in ensuring that extension of service to new customers does not result in an unreasonable impact on utility rates.

(c) The Public Utilities Commission has recently proposed implementing new rules regarding the extension of gas and electric utility service to new residential, commercial, and industrial

customers.

(d) Pursuant to those proposed rules, new customers will pay a far greater portion of the cost of the extension of facilities than is the case under the existing rules.

(e) The impact of the proposed rules is especially severe with respect to agricultural and other rural customers who frequently require utility service at points distant from existing utility systems.

(f) Implementation of the proposed rules will also dramatically affect California's construction and housing industry since cost increases to developers may either render projects no longer economically viable or result in increased costs to ultimate purchasers and lessees of such a magnitude as to significantly diminish the availability of affordable housing.

(g) The alleged positive effect, if any, of the proposed rules on rates to existing ratepayers has not been shown to exist beyond a miniscule level, if at all.

(h) Because of the impact on a broad segment of California's economy occasioned by the proposed rules, it is imperative that the Public Utilities Commission study their impact on these segments of California's economy as well as on new and existing ratepayers.

(i) The proposed rules should not be placed into effect during the pendency of the commission's study.

(j) It is the intent of the Legislature, in enacting this act, to prevent the Public Utilities Commission from approving any changes in the existing line and service extension regulations until there has been further study of the issue in accordance with this act.

(k) It is the further intent of the Legislature that the provisions of the following advice letters submitted to the commission shall not be affected by the enactment of this act:

(1) No. 891-E by Pacific Gas and Electric Company effective July 7, 1982.

(2) No. 594-E by Southern California Edison Company effective August 25, 1982.

(3) No. 153 by Pacific Power and Light Company effective December 22, 1982.

SEC. 2. Section 783 is added to the Public Utilities Code, to read:

783. (a) The commission shall continue to enforce the rules governing the extension of service by gas and electrical corporations to new residential, commercial, agricultural, and industrial customers in effect on January 1, 1982, except that the commission shall amend the existing rules to permit applicants for service to install extensions in accordance with subdivision (f). Except for periodic review provisions of existing rules, and amendments to permit installations by an applicant's contractor, the commission shall not investigate amending these rules or issue any orders or decisions which amend these rules, unless the investigation or proceeding for the issuance of the order or decision is conducted pursuant to subdivision (b).

(b) Whenever the commission institutes an investigation into the

terms and conditions for the extension of services provided by gas and electrical corporations to new or existing customers, or considers issuing an order or decision amending those terms or conditions, the commission shall make written findings on all of the following issues:

(1) The economic effect of the line and service extension terms and conditions upon agriculture, residential housing, mobilehome parks, rural customers, urban customers, employment, and commercial and industrial building and development.

(2) The effect of requiring new or existing customers applying for an extension to an electrical or gas corporation to provide transmission or distribution facilities for other customers who will apply to receive line and service extensions in the future.

(3) The effect of requiring a new or existing customer applying for an extension to an electrical or gas corporation to be responsible for the distribution of, reinforcements of, relocations of, or additions to that gas or electrical corporation.

(4) The economic effect of the terms and conditions upon projects, including redevelopment projects, funded or sponsored by cities, counties, or districts.

(5) The effect of the line and service extension regulations, and any modifications to them, on existing ratepayers.

(6) The effect of the line and service extension regulations, and any modifications to them, on the consumption and conservation of energy.

(7) The extent to which there is cost-justification for a special line and service extension allowance for agriculture.

(c) The commission shall request the assistance of appropriate state agencies and departments in conducting any investigation or proceeding pursuant to subdivision (b), including, but not limited to, the Business, Transportation and Housing Agency, the Department of Food and Agriculture, the Department of Consumer Affairs, the Department of Real Estate, the Department of Housing and Community Development, and the Department of Economic and Business Development.

(d) Any new order or decision issued pursuant to an investigation or proceeding conducted pursuant to subdivision (b) shall become effective on July 1 of the year which follows the year when the new order or decision is adopted by the commission, so as to ensure that the public has at least six months to consider the new order or decision.

(e) The commission shall conduct any investigation or proceeding pursuant to subdivision (b) within the commission's existing budget, and any state agency or department which is requested by the commission to provide assistance pursuant to subdivision (c) shall also provide the assistance within the agency's or department's existing budget.

(f) An electrical or gas corporation shall permit any new or existing customer who applies for an extension of service from that corporation to install a gas or electric extension in accordance with

the regulations of the commission and any applicable specifications of that electrical or gas corporation.

SEC. 3. The Legislature recognizes that the Public Utilities Commission is required to redirect existing resources to accomplish the tasks and purposes required by this act, and directs the commission to report to the Legislature pursuant to Section 28 of the Budget Act those activities which will be curtailed or eliminated, notwithstanding any other provisions of law which require those activities, in order to accomplish the purposes of this act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The Public Utilities Commission plans to implement proposed rules governing the extension of service by gas and electrical corporations to new residential, commercial, and industrial customers very shortly. In order to ensure that the commission not implement these proposed rules during the pendency of the Legislature's study of the economic impact of the rules, it is necessary that this act take effect immediately.

All contracts entered into by any state agency for (a) the hiring or purchase of equipment, supplies, materials, and elementary school textbooks, (b) services, whether or not the services involve the furnishing or use of equipment, materials or supplies or are performed by an independent contractor, (c) the construction, alteration, improvement, repair or maintenance of property, real or personal, or (d) the performance of work or services by the state agency for or in cooperation with any person or public body, are void unless and until approved by the department. Every such contract shall be transmitted with all papers, estimates, and recommendations concerning it to the department and, if approved by the department, shall be effective from the date of the approval. This section shall apply to any state agency which by general or specific statute is expressly or impliedly authorized to enter into transactions referred to herein. This section shall not apply to any contract let by a department under the State Contract Act or the California State University and Colleges Contract Law, nor to any contract of a type specifically mentioned and authorized to be entered into by the Department of Transportation under Section 14035 or 14035.5 of the Government Code, Sections 99316 to 99319, inclusive, of the Public Utilities Code, or the Streets and Highways Code, nor any contract entered into by the Department of Transportation which is not funded by money derived by state tax sources but, rather, is funded by money derived from federal or local tax sources, nor to any contract let by the Legislature, nor to any contract entered into under the authority of Chapter 4 (commencing with Section 11770) of Part 3 of Division 2 of the Insurance Code.

This section shall become operative January 1, 1987.

10296. Every contract entered into by any state agency for any purpose specified in subdivisions (a) through (d), inclusive, of Section 10295 shall contain a statement by which the contractor swears under penalty of perjury that no more than one final, unappealable finding of contempt of court by a federal court has been issued against the contractor within the immediately preceding two-year period because of the contractor's failure to comply with an order of a federal court which orders the contractor to comply with an order of the National Labor Relations Board. For purposes of this

section, a finding of contempt does not include any finding which has been vacated, dismissed, or otherwise removed by the court because the contractor has complied with the order which was the basis for the finding. The state may rescind any contract in which the contractor falsely swears to the truth of the statement required by this section.

10297. The provisions of Section 10295 shall apply both to contracts awarded through competitive bidding and those not subject to competitive bidding. The department shall deny its approval of a contract awarded through competitive bidding if it finds that the contract does not meet the specifications or other conditions of the bidding process, or if any applicable statutes or regulations regarding competitive bidding have been violated. With regard to any contract not awarded through competitive bidding, the department shall ascertain whether the contract is subject to competitive bidding requirements, and if it finds that is the case, the department shall deny its approval.

In making its determination on any contract, the department shall consider all other relevant factors, such as clarity of language and legality, and shall utilize its legal staff as necessary to facilitate the approval process.

10298. The provisions of this article shall not apply to contracts covered under Article 4 (commencing with Section 10335) or 5 (commencing with Section 10355).

Article 3. Competitive Bidding and Other Purchase Procedures

10300. It is the intent of the Legislature, in enacting this article, to achieve the following objectives:

(a) In conjunction with Article 2 (commencing with Section 10295), to clarify the law with respect to competitive bidding requirements.

(b) To ensure full compliance with competitive bidding statutes as a means of protecting the public from misuse of state funds.

(c) To provide all qualified bidders with a fair opportunity to enter the bidding process, thereby stimulating competition in a manner conducive to sound state fiscal practices.

(d) To eliminate favoritism, fraud, and corruption in the awarding of state contracts.

10301. Except in cases when the agency and the department agree that an article of a specified brand or trade name is the only article which will properly meet the needs of the agency, or in cases where the State Board of Control has made a determination pursuant to Section 10308, all written contracts for the sale or hiring of materials, supplies, or equipment in an amount of five thousand dollars ($5,000) or more, and all other purchases or hiring of materials, supplies, or equipment in an amount of five thousand dollars ($5,000) or more, shall be made or entered into with the lowest responsible bidder meeting specifications.

The department may, however, prescribe that contracts or purchases in amounts less than five thousand dollars ($5,000) but not less than one thousand dollars ($1,000) for certain specific types or classes of materials, supplies, or equipment shall be made or entered into only with the lowest responsible bidder meeting specifications in lieu of any other method of procurement.

If an agency or a vendor is of the opinion that the method of procurement prescribed by the department for purchases of specified types or classes of materials, supplies, and equipment in amounts less than five thousand dollars ($5,000) will not best serve the interests of the state, the agency or vendor may request a hearing before the State Board of Control and the board shall determine which method of procurement will best serve the interests of the state, whereupon the department shall proceed in accordance with the board's determination.

For purposes of determining the lowest bid, the amount of sales tax shall be excluded from the total amount of the bid.

10302. Except in cases of emergency where immediate purchase of supplies or equipment without bid is necessary for the protection of the public health, welfare, or safety, whenever the department purchases supplies or equipment in excess of five thousand dollars ($5,000), or whenever the department pursuant to Section 10301 requires that contracts or purchases in amounts less than five thousand dollars ($5,000) be made or entered into with the lowest responsible bidder meeting specifications, all vendors who have notified the department in writing they desire to bid on such supplies or equipment, and who have been prequalified in accordance with the provisions of this section, shall be furnished with complete specifications as to the type, quality, quantity, and whenever practicable the date, place and method of delivery of the equipment or supplies to be purchased. In addition to notifying all such persons, the department shall post in a public place a copy of such specifications which shall remain posted until seven days after an award has been made. Whenever a purchase in excess of five thousand dollars ($5,000) is made under this section or Section 10301 without the taking of bids, the department shall report to the State Board of Control the fact of the purchase together with a written statement of the facts requiring the purchase of the supplies or equipment without the taking of bids.

10303. The department shall adopt, publish and apply uniform standards of rating bidders, on the basis of questionnaires and required statements, with respect to contracts upon which each bidder is qualified to bid. The department may adopt and publish lists of qualified bidders. No list so adopted and published shall preclude a qualified bidder not on the list from submitting a bid or bids and from being awarded a contract or contracts as the successful bidder.

The department may remove, for a period not to exceed 90 calendar days, from any list of qualified bidders prepared by the

department any bidder who, based upon his performance on contracts which he has previously been awarded by the state, has demonstrated a lack of reliability in complying with and completing such previously awarded contracts.

Any bidder temporarily removed under this section shall be returned to the list of qualified bidders at any time during this 90-day period, upon demonstrating to the department's satisfaction that the problems which resulted in the bidder's previously demonstrated unreliability in completing state contracts, have been corrected.

10304. All bids shall be sealed and shall be publicly opened and read at the time set forth in the request for bids, provided any person present desires the bids to be so read. No bids shall be considered which have not been received in the office of the department prior to the closing time for bids set forth in the invitations to bids. The department shall maintain confidentiality regarding each bid until the public opening and reading takes place.

10305. After being opened the bids shall be available for public inspection and tabulations shall be completed within seven days.

10306. Whenever a contract or purchase order under this article is not to be awarded to the lowest bidder, the bidder shall be notified by telegram 24 hours prior to awarding the contract or purchase order to another bidder. Upon written request by any bidder who has submitted a bid, notice of the proposed award shall be posted in a public place in the offices of the department at least 24 hours prior to awarding the contract or purchase order. If prior to making the award, any bidder who has submitted a bid files a protest with the department against the awarding of the contract or purchase order on the ground that he or she is the lowest responsible bidder meeting specifications, the contract or purchase order shall not be awarded until either the protest has been withdrawn or the State Board of Control has made a final decision as to the action to be taken relative to the protest. In computing the 24-hour periods provided for in this section Saturdays, Sundays and legal holidays shall be excluded.

Within 10 days after filing a protest, the protesting bidder shall file with the State Board of Control a full and complete written statement specifying in detail the ground of the protest and the facts in support thereof.

10307. The director shall establish statewide purchasing standards, the purpose of which shall be to ensure the necessary quality of supplies and equipment purchased by or under the supervision of the department and to permit the consolidation of purchases in order to effect greater economies in state purchasing.

10308. Except as provided otherwise in this chapter, every purchase of supplies or equipment in excess of one hundred dollars ($100) for any state agency shall be made by or under the supervision of the department. However, the state agency may specify the quality of the supplies or equipment to be purchased. If the department determines that the quality specified by the agency is inconsistent with the statewide purchasing standards established by

the director under Section 10307, it shall change the order to make it consistent with the standards, and it shall notify the state agency, within a reasonable time, before a purchase order is issued. If the agency is of the opinion the interests of the state would not be served by the purchase of supplies or equipment of a lesser quality or different than that specified by the agency, the agency may request a hearing before the State Board of Control and the board shall determine which supplies or equipment will best serve the interests of the state, whereupon the department shall issue a purchase order for the supplies or equipment specified by the State Board of Control.

10309. Except as provided in Sections 10332 and 10333, no state agency may purchase equipment, supplies, or materials in the open market, unless permission has been given by the department, upon a showing of the necessity therefor.

10310. Upon the request of the department, every state agency that is authorized by law to make purchases of equipment, material or supplies shall designate some person in the agency whose duty it shall be to make reports to the department at times and in a manner as it may require.

10311. An estimate or requisition approved by the state agency in control of the appropriation or fund against which a purchase is to be charged, is full authority for any contract and purchase of supplies of the quality specified by the agency or determined by the Board of Control as provided in this article made pursuant thereto by the department.

The department shall issue a call for bids within 30 days after receiving a requisition for any supplies, material, or equipment that are regularly purchased within this state. The period of closing time designated in the invitations for bids shall be exclusive of holidays and shall be extended to the next working day after a holiday.

After the closing date for receiving any bids within or without this state, the contract of purchase shall be awarded or the bids shall be rejected within 30 days unless a protest is filed as provided in Section 10306.

10312. Immediately upon the rendition of services or the delivery of supplies, the disbursing officer shall transmit the invoice or demand for payment together with his or her sworn statement to the Controller. The sworn statement shall show that the services have been rendered and the supplies delivered to the state agency in accordance with the contract and law.

10313. The director may make the services of the department under this article available, upon such terms and conditions as he or she may deem satisfactory, to any tax-supported public agency in the state, including a school district, for assisting the agency in the purchase or lease of television communications equipment.

10314. Any contract or purchase order for supplies or equipment to be manufactured by the contractor specially for the state and not suitable for sale to others in the ordinary course of the contractor's

business may provide, on such terms and conditions as the department deems necessary to protect the state's interests, for progress payments for work performed and costs incurred at the contractor's shop or plant, provided that not less than 10 percent of the contract price is required to be withheld until final delivery and acceptance of the supplies or equipment, and provided further, that the contractor is required to submit a faithful performance bond, acceptable to the department, in a sum not less than one-half of the total amount payable under the contract securing the faithful performance of the contract by the contractor.

10315. The department may rent, lease, construct, and maintain warehouses and make such rules and regulations as are necessary for the proper and economical making of state purchases.

10316. The department may insure in the name of the state any goods or merchandise belonging to the state which are stored in any warehouse or storage depot not under exclusive state control, in an amount sufficient to indemnify the state against loss or damage by fire. Premiums for such insurance shall be paid out of the Service Revolving Fund and prorated and added to the price of the goods or merchandise.

10317. Each person in the department who has personal supervision and control of any warehouse or storage depot wherein merchandise or goods belonging to the state are stored, shall execute to the people of the state a bond in the penal sum of five thousand dollars ($5,000). Premiums on the bonds shall be paid by the state as are the premiums upon the bonds of state officers.

10318. No state agency or employee thereof shall draft or cause to be drafted, any specifications for bids, in connection with the purchase or contemplated purchase of any supplies or materials, or textbooks for use in the day and evening elementary schools of the state, in such a manner as to limit the bidding directly or indirectly, to any one bidder.

Bidders may be required to furnish a bond or other indemnification to the state against claims or liability for patent infringement.

10319. To meet an emergency, supplies and materials of a perishable nature, in an amount not exceeding one hundred dollars ($100) in value, may be purchased by a state agency without the permission of the department.

10320. The Department of General Services shall annually prepare a purchasing delegation program for district agricultural associations to be administered by the Department of Food and Agriculture and the Department of General Services pursuant to the following criteria:

(a) Purchases shall not exceed five thousand dollars ($5,000).

(b) The Department of General Services shall annually review purchases to be included in the program and the amount of delegation for each type of purchase.

(c) The Department of General Services shall annually review

with the Department of Food and Agriculture the aggregate limit for the delegation program.

(d) The Department of General Services shall annually communicate with each fair eligible for the delegation program, information relating to the procedure to be followed for using the delegation, including, but not limited to, the things included in the delegation program.

10321. (a) The Legislature finds and declares that fairs are a valuable community resource and recognizes that local businesses and local communities make valuable contributions to fairs that include direct and indirect support of fair programs. The Legislature further finds and declares that local businesses often provide opportunity purchases to local fairs that, for similar things available through the state purchasing program, may be purchased locally at a price equivalent to or less than that available through the state purchasing program.

(b) Notwithstanding any other provision of law to the contrary, the Department of General Services and the Department of Food and Agriculture shall develop criteria to be applied for opportunity purchases that are made by district agricultural associations.

As used in this section, opportunity purchases means purchases locally at a price equal to or less than the price available through the state purchasing program on or off state contract.

10322. Any person who supplies any state agency with livestock products derived from any of the animals enumerated in Section 19501 of the Food and Agricultural Code shall file with the department a sworn statement that the animals were slaughtered by methods defined in that section and in Sections 19502 and 19503 of the Food and Agricultural Code.

10323. To assist the department and other state agencies in the enforcement of the provisions of Section 19501 of the Food and Agricultural Code, the Department of Food and Agriculture shall provide, through cooperation with the United States Department of Agriculture in the enforcement of Public Law 85-765 and by means of appropriate regulations, suitable methods of identifying the carcasses of animals inspected and passed under Chapter 4 (commencing with Section 18651) of Part 3 of Division 9 of the Food and Agricultural Code that have been slaughtered by methods prescribed by Sections 19501, 19502, and 19503 of that code.

10324. The department is authorized to make purchases of materials, equipment, or supplies, other than printed material, on behalf of any city, county, city and county, district, or other local governmental body or corporation empowered to expend public funds for the acquisition of property, upon written request of such local agency; provided that the purchases can be made by the department upon the same terms, conditions and specifications at a price lower than the local agency can obtain through its normal purchasing procedures. The state shall incur no financial responsibility in connection with purchases for local agencies under

this section. No purchase shall be for less than five hundred dollars ($500) and the local agency shall accept sole responsibility for payment to the vendor. All purchases shall be subject to audit and inspection by the local agency for which made.

The competitive bidding requirements of this chapter shall apply to purchases made under this section.

Purchases under this section shall be subject to the provisions of Section 10306.

No purchase shall be made under this section when bids have been received by the local agency for the furnishing of the materials, equipment, or supplies, unless the purchase by the department can be made at a lower price upon the same terms, conditions and specifications.

A charge shall be made to each local agency availing itself of this service, the charge to be not less than the estimated cost to the department of rendering the service, including costs incurred by the department in preparation for a purchase requested by a local agency in instances where such request is canceled or withdrawn by the local agency prior to award of the contract or purchase order by the department.

The department may adopt such rules and regulations as are necessary for the purposes of this section.

10325. Each quarter the department shall upon request provide each city, county, city and county, district, local government body, or public corporation empowered to expend public funds for the acquisition of consumable materials and supplies and other interested parties with a list of such items available for purchase under Section 10324. The department may supplement the quarterly lists with a monthly supplement of changes, additions and deletions. Terms, conditions and specifications shall be provided upon request.

10326. In establishing bid specifications for the purchase of motor vehicles and in determining the lowest responsible bidder, consideration may be given by the state to the probable resale value of the vehicles as determined by recognized published used car marketing guides and other established historical evidence of future used motor vehicle value or, in lieu thereof, by contractual guarantee of the apparent low bidder that the resale value of the vehicle will be no less in proportion to bid price than any other comparable vehicle complying with specifications for which a bid was received.

10327. Except for motor vehicles described in Section 43805 of the Health and Safety Code, the provisions of Article 1 (commencing with Section 43800), Chapter 4, Part 5, Division 26 of the Health and Safety Code shall govern the purchase of all motor vehicles by the state to the extent that the Department of General Services determines that these low-emission vehicles are reasonable to meet state needs pursuant to Section 43804 of the Health and Safety Code.

10328. The bid requirements prescribed in this article are not applicable to purchases or contracts for the purchase of the following:

(a) Fluid milk and fluid cream, the price of which is established in accordance with Section 61871 of the Food and Agricultural Code.

(b) Fruits and vegetables procured under contract with growers for the use of canneries maintained and operated by state agencies, if these canneries are maintained and operated so that their canned products will meet the standards prescribed for similar commercially packed canned products under federal law.

(c) Such agricultural surpluses as may be available to the state or its agencies by any governmental agency.

10329. No person shall willfully split a single transaction into a series of transations for the purposes evading the bidding requirements of this article.

10330. On July 1 of each year, the department shall establish the minimum dollar level below which authority to purchase materials, supplies, and equipment shall be delegated to state agencies that meet the requirements of Section 10333. The level established at eight hundred dollars ($800) on January 1, 1983, and adjusted on July 1, 1983, pursuant to former Section 14792.1 of the Government Code, shall be retained and adjusted each July 1 thereafter to reflect, at a minimum, the percentage change from April 1 of the prior year to April 1 of the current year in the California Consumer Price Index for all items, as determined by the California Department of Industrial Relations.

10331. The department shall establish a program for delegating authority to purchase materials, supplies, and equipment to state agencies which meet the requirements of Section 10333. Each delegation shall be subject to annual review by the department. Delegated authority may be withdrawn at any time the department finds that the state agency to which authority has been delegated is not in compliance with the requirements of Section 10333.

10332. Any state agency which receives delegated authority to purchase materials, supplies, and equipment shall be authorized, at a minimum, to make the following types of purchases:

(a) Purchases not exceeding the dollar value established pursuant to Section 10330.

(b) Purchases in any amount of commodities available under an unexpired statewide or regional commodities contract. Purchases of commodities for which a valid statewide or regional commodities contract is in effect may not be made, without the approval of the office, from a vendor other than the vendor with whom the state has a valid contract.

(c) Purchases in any amount of articles, materials, and supplies which state agencies are required, by Section 2807 of the Penal Code, to purchase from the prison industry authority.

(d) Purchases not exceeding five thousand dollars ($5,000) of materials, supplies, and equipment designated in price schedules which the office has established with vendors. Purchases not exceeding five thousand dollars ($5,000) of materials, supplies, and equipment designated in price schedules may be made from a

vendor other than the vendor specified on a price schedule if another vendor offers the same or an equivalent commodity at a price lower than the price established in the price schedule. The agency shall notify the office prior to making the purchase. The purchase may be made 48 hours after receipt of the notice by the office unless the office advises the agency that the commodity to be purchased is not the same or equivalent to a commodity specified on a price schedule.

(e) Purchases not exceeding five thousand dollars ($5,000) of materials, supplies, and equipment which are available from the state warehouses but which the state agency can purchase from another vendor at a price lower than the price charged by the department. The agency shall notify the office prior to making such a purchase. The purchase may be made 48 hours after receipt of the notice by the office unless the office advises the agency that the commodity to be purchased is not the same or equivalent to the commodity available from the state warehouses.

10333. (a) The department shall delegate purchasing authority, as specified in Section 10332, to any state agency which does all of the following:

(1) Designates an agency officer as responsible and directly accountable for the agency's purchasing program.

(2) Establishes written policies and procedures, including procedures for ensuring and documenting competitive purchasing, complying with purchasing standards established pursuant to Section 10307, inspecting purchased products for compliance with specifications, reporting vendor failures to deliver products as specified in purchase orders, ensuring that agency purchasing personnel are free from conflict of interest, and complying with other provisions of law as the department may require.

(3) Establishes procedures for complying with the provisions of the Small Business Procurement and Contract Act. The procedures shall include procedures for meeting the goals for the extent of participation of small businesses in state procurement as established by the department pursuant to subdivision (a) of Section 14838 of the Government Code.

(4) Establishes policies for training personnel in purchasing law and procedures, controlling and reviewing purchasing practices, auditing purchasing activities, and delegating purchasing authority within the agency.

(5) Reports such data to the Office of Procurement as the department may require.

(b) The department shall conduct an audit of each state agency to which purchasing authority has been delegated at least once in each three-year period. The authority to purchase materials, supplies, and equipment may be withdrawn by the department at any time that the department finds that the state agency to which authority has been delegated is not in compliance with the requirements of this section.

Article 4. Contracts for Services

10335. The provisions of this article shall apply to all contracts entered into by any state agency for services to be rendered to the state, whether or not the same involves the furnishing or use of equipment, materials or supplies or are performed by an independent contractor. Except as provided in Section 10351, all contracts subject to the provisions of this article are of no effect unless and until approved by the department. Every such contract shall be transmitted with all papers, estimates, and recommendations concerning it to the department and, if approved by the department, shall be effective from the date of approval. This article shall apply to any state agency which by general or specific statute is expressly or impliedly authorized to enter into the transactions referred to in this section. This article shall not apply to contracts covered under Article 5 (commencing with Section 10355), contracts for the construction, alteration, improvement, repair, or maintenance of real or personal property, contracts for architectural and engineering services subject to the provisions of Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code, or to contracts which are expressly excepted from the provisions of Section 10295.

10336. The Department of Finance may establish those controls over approval of contracts by the Department of General Services as are necessary to assure that approval is consistent with program and budgetary determinations of the Department of Finance. The controls established under this section shall not be constructed in a fashion or be construed in a manner which would authorize the Department of Finance to establish a separate program for reviewing and approving contracts in the place of, or in addition to, the program administered by the Department of General Services pursuant to this article. The Department of Finance, when it has reason to believe that a proposed contract is not in compliance with its program and budgetary determinations, may direct a state agency to transmit the contract to it for review. It is the intent of the Legislature, however, that any review of this type shall be restricted to individual contracts and shall occur only if no alternative course of action satisfactory to the Department of Finance is available.

10337. (a) The State Personnel Board may establish such standards and controls over approval of contracts by the Department of General Services as are necessary to assure that the approval is consistent with the merit employment principles and requirements contained in Article VII of the California Constitution. The substantive provisions of the standards shall be established at the discretion of the State Personnel Board. The specific procedures for contract review pursuant to such standards shall be established jointly by the board and the department.

It is the intent of the Legislature that except as provided in this section, the standards and controls established under this subdivision

shall not be constructed in such a fashion or construed in such a manner as to authorize the State Personnel Board to establish a separate program for reviewing and approving each and every contract in the place of, or in addition to, the program administered by the Department of General Services pursuant to this article. The State Personnel Board may, when it has reason to believe that a proposed contract is not in compliance with the provisions of Section 19130 of the Government Code, and shall, when requested to do so by an employee organization representing state employees, direct a state agency to transmit the contract to it for review.

(b) The State Personnel Board shall direct any state agency to transmit to it for review any contract proposed or executed pursuant to subdivision (a) of Section 19130 of the Government Code, if the review has been requested by an employee organization notified pursuant to Section 19131 of the Government Code. The review shall occur prior to any review conducted by the Department of General Services. The board shall restrict its review to the question as to whether the contract complies with the provisions of subdivision (a) of Section 19130 of the Government Code and any additional standards and controls established pursuant to subdivision (a) of this section. The board may disapprove the contract only if it determines that the contract does not comply.

The board shall delegate the review of such a contract to the executive officer of the board. Within 15 days of its receipt, the executive officer shall notify the employee organization which requested the review whether he or she intends to approve or disapprove it. If the employee organization requests it, the executive officer shall grant the employee organization the opportunity to present its case against the contract and the reasons why the contract should be referred to the board for a hearing. Upon a showing of good cause by the employee organization, the executive officer shall schedule the disputed contract for a hearing before the board for the purpose of receiving evidence and hearing arguments concerning the propriety of the disputed contract. In any case, the executive officer shall approve or disapprove the contract or refer it to the board for a hearing within 30 days of its receipt. The reasons for a decision by the executive officer, or the board, approving or disapproving the contract shall be stated in writing.

(c) A contract proposed or executed pursuant to subdivision (b) of Section 19130 of the Government Code shall be reviewed by the State Personnel Board if the board receives a request to conduct such a review from an employee organization representing state employees. Any such review shall be restricted to the question as to whether the contract complies with the provisions of subdivision (b) of Section 19130 of the Government Code. The board shall delegate the review of such a contract to the executive officer of the board. If the employee organization requests it, the executive officer shall grant the employee organization the opportunity to present its case against the contract and the reasons why the contract should be

referred to the board for a hearing. Upon a showing of good cause by the employee organization, the executive officer shall schedule the disputed contract for a hearing before the board for the purpose of receiving evidence and hearing arguments concerning the propriety of the disputed contract. The executive officer shall approve or disapprove the contract or refer it to the board for a hearing within 30 days of its receipt. The reasons for the decision by the executive officer, or the board, approving or disapproving the contract shall be stated in writing.

(d) Contracts subject to State Personnel Board review under this section shall not become effective unless and until approval is granted.

10338. State agencies which enter into contracts subject to the provisions of this article shall document the need for each contract on a form prescribed by the department. The agency shall do all of the following:

(1) Identify and fully describe the specific problem, administrative requirement, program need, or other circumstance the contract is intended to address and which makes the contract necessary.

(2) State the specific intended purpose of the contract and describe the services or product which will result.

(3) Describe how the agency will use the contract product and how that use will fill the need which makes the contract necessary.

(4) State the basis for the agency's determination that contracting is the most effective method for achieving the agency's purpose.

(5) Transmit the completed form to the department.

10339. (a) Subject to the provisions of Section 10348, no state agency shall draft, or cause to be drafted, any invitation to bid or request for proposal, in connection with the awarding of a contract, in such a manner as to limit the bidding directly or indirectly to any one bidder.

(b) Any contract awarded in violation of subdivision (a) shall be void.

10340. (a) Except as provided by subdivision (b), state agencies shall secure at least three competitive bids or proposals for each contract.

(b) Three competitive bids or proposals are not required in any of the following cases:

(1) In cases of emergency where a contract is necessary for the immediate preservation of the public health, welfare, or safety, or protection of state property.

(2) When the agency awarding the contract has advertised the contract in the California State Contracts Register and has solicited all potential contractors known to the agency but has received less than three bids or proposals.

(3) The contract is with another state agency, a local governmental entity, or an auxiliary organization of the California State University.

(4) The contract meets the conditions prescribed by the department pursuant to subdivision (a) of Section 10348.

(5) The contract has been awarded without advertising and calling for bids pursuant to Section 19404 of the Welfare and Institutions Code.

(c) Any agency which has received less than three bids or proposals on a contract shall document, in a manner prescribed by the department, the names and addresses of the firms or individuals it solicited for bids or proposals.

10341. Whenever a contract subject to the provisions of this article is awarded under a procedure which provides for competitive bidding, the bids shall be publicly opened at the time stated in the invitation for bids and the dollar amount of each bid shall be read. No bids shall be considered which have not been received at the place, and prior to the closing time for bids, stated in the invitation for bids.

10342. After opening, all bids shall be available for public inspection.

10343. Whenever a contract is awarded under a procedure which provides for competitive bidding, but the contract is not to be awarded to the low bidder, the low bidder shall be notified by telegram five working days prior to the award of the contract. Upon written request by any bidder who has submitted a bid, notice of the proposed award shall be posted in a public place in the offices of the contracting agency at least five working days prior to awarding the contract. If, prior to the award, any bidder files a protest with the state agency against the awarding of the contract on the ground that he or she is the lowest responsible bidder meeting the specifications for the contract, the contract shall not be awarded until either the protest has been withdrawn or the department has decided the matter.

Within five days after filing the protest, the protesting bidder shall file with the department a full and complete written statement specifying the grounds for the protest.

The department shall establish written procedures for deciding protests.

10344. (a) Contracts subject to the provisions of this article may be awarded under a procedure which makes use of a request for proposal. State agencies which use this procedure shall include in the request for proposal a clear, precise description of the work to be performed or services to be provided, a description of the format which proposals shall follow and the elements they shall contain, the standards the agency will use in evaluating proposals, the date on which proposals are due and the timetable the agency will follow in reviewing and evaluating them.

State agencies which use a procedure which makes use of a request for proposal shall evaluate proposals and award contracts in accordance with the provisions of subdivision (b) or (c). No proposals shall be considered which have not been received at the

place, and prior to the closing time, stated in the request for proposal.

(b) State agencies which use the evaluation and selection procedure in this subdivision shall include in the request for proposal, in addition to the information required by subdivision (a), a requirement that bidders submit their proposals with the bid price and all cost information in a separate, sealed envelope.

Proposals shall be evaluated and the contract awarded in the following manner:

(1) All proposals received shall be reviewed to determine those which meet the format requirements and the standards specified in the request for proposal.

(2) The sealed envelopes containing the bid price and cost information for those proposals which meet the format requirements and standards shall then be publicly opened and read.

(3) The contract shall be awarded to the lowest responsible bidder meeting the standards.

(c) State agencies which use the evaluation and selection procedure in this subdivision shall include in the request for proposal, in addition to the information required by subdivision (a), a description of the methods which will be used in evaluating and scoring the proposals.

Proposals shall be evaluated and the contract awarded in the following manner:

(1) All proposals shall be reviewed to determine which meet the format requirements specified in the request for proposal.

(2) All proposals meeting the formal requirements shall then be submitted to an agency evaluation committee which shall evaluate and score the proposals using the methods specified in the request for proposal. All proposals and all evaluation and scoring sheets shall be available for public inspection at the conclusion of the committee scoring process.

(3) The contract shall be awarded to the bidder whose proposal is given the highest score by the evaluation committee.

(d) Nothing in this section shall require the awarding of the contract if no proposals are received containing bids offering a contract price which in the opinion of the state agency is a reasonable price.

10345. Contracts awarded under the provisions of Section 10344 shall be awarded only after a notice of the proposed award has been posted in the offices of the contracting agency for five working days. If, prior to the award, any bidder files a protest against the awarding of the contract, the contract shall not be awarded until either the protest has been withdrawn or the department has decided the matter.

Within five days after filing the protest, the protesting bidder shall file with the department a full and complete written statement specifying the grounds for the protest. Protests shall be limited to the following grounds:

(a) The agency failed to follow the procedures specified in either

subdivision (b) or (c) of Section 10344.

(b) The agency failed to apply correctly the standards for reviewing the format requirements or evaluating the proposals as specified in the request for proposal.

(c) The agency used the evaluation and selection procedure in subdivision (b) of Section 10344, but is proposing to award the contract to a bidder other than the lowest responsible bidder.

(d) The agency used the evaluation and selection procedure in subdivision (c) of Section 10344, but failed to follow the methods for evaluating and scoring the proposals specified in the request for proposal.

(e) The agency used the evaluation and selection procedure in subdivision (c) of Section 10344, but is proposing to award the contract to a bidder other than the bidder given the highest score by the agency evaluation committee.

The department shall establish written procedures for deciding protests under this section.

10346. Contracts may provide for progress payments to contractors for work performed or costs incurred in the performance of the contract, provided that not less than 10 percent of the contract amount shall be withheld pending final completion of the contract and an evaluation of the contractor's performance and work product, as required by Section 10347.

No state agency shall make progress payments on a contract unless it first has established procedures, approved by the department, which will ensure that the work or services contracted are being delivered in accordance with the contract.

10347. Each state agency shall conduct an evaluation of each contract awarded. The evaluation shall be prepared within 30 days of completion of the contract and shall have two purposes, as follows:

(a) An evaluation of the performance of the contractor in doing the work or delivering the services for which the contract was awarded. The agency shall report on all of the following:

(1) Whether the contracted work or services were completed as specified in the contract.

(2) Whether the contracted work or services met the quality standards specified in the contract.

(3) Whether the contractor fulfilled all the requirements of the contract.

(4) Factors outside the control of the contractor which caused difficulties in contractor performance.

(5) Other information as may be required by the department.

The evaluation shall be carried out on a form prescribed by the department, and one copy shall be filed with the department within 30 days of the completion of the contract.

(b) An evaluation of the contracted work or services in furthering the objectives of the contracting agency. The agency shall do all of the following:

(1) Evaluate the contract product or services rendered in light of

the specific problem, administrative requirement, program need, or other circumstances which made the contract necessary.

(2) Evaluate the use of the contract product by the agency.

10348. The department shall prescribe the following:

(a) The conditions under which a contract may be awarded without competition, and the methods and criteria which shall be used in determining the reasonableness of contract costs when a contract is awarded without competition.

(b) Any special requirements for evaluating multiple-year contracts which the department deems necessary to protect the financial interest of the state.

10349. The Department of Personnel Administration shall establish a program for training state agency contracting personnel in contract administration and contract management. The cost of training state agency contracting personnel shall be paid by state agencies out of their appropriations for personnel training. The Department of Personnel Administration shall, prior to establishing the training program required by this section, consult with the Department of General Services concerning the training curriculum and the development of a training manual on contract administration.

10350. The department shall report to the Legislature, in accordance with such procedures as the Legislature may require, those contracts entered into by state agencies which the Legislature specifies in the Budget Act.

10351. (a) The department shall exempt from its approval contracts under fifty thousand dollars ($50,000) awarded by any state agency which are of a class or type that the department finds may be entered into without the department's approval. Exemptions shall be granted to any state agency which:

(1) Designates an agency officer as responsible and directly accountable for the agency's contracting program.

(2) Establishes written policies and procedures and a management system which will ensure that agency contracting activities comply with applicable provisions of law and regulations.

(3) Establishes a plan for ensuring that contracting personnel are adequately trained in contract administration and contract management.

(4) Conducts an annual internal audit of the contracting program and reports to the department as it may require.

(5) Establishes procedures for reporting to the department and the Legislature on such contracts as the Legislature may require in the Budget Act.

(b) Any state agency may request the department to exempt from its approval classes or types of contracts under this section. When the department receives such a request but refuses to grant the exemption, it shall state in writing the reasons for the refusal. It is the intent of the Legislature that the department shall actively implement the provisions of this section and shall exempt from its

approval as wide a range of classes or types of contracts as is consistent with proper administrative controls and the best interests of the state.

10352. (a) The department shall conduct an audit at least once in each three-year period of the contracting program of any state agency which has been granted the exemption provided by Section 10351.

(b) The exemption provided by Section 10351 may be withdrawn by the department at any time that the department finds that the state agency to which the exemption has been granted is out of compliance with the requirements of Section 10351. In any case where the exemption is withdrawn, the department shall state in writing, the reasons for the withdrawal and shall specify the actions the state agency is required to take before the exemption again may be requested.

Article 5. Consulting Services Contracts

10355. The Legislature of the State of California hereby finds and declares there is a present and growing need to reduce state fiscal expenditures, whenever and wherever it is practicable to do so.

The Legislature further finds and declares that fees for consulting services contracts are a major budget item for many departments and agencies.

The Legislature further finds and declares that many agencies are awarding consulting services contracts without adequate competition; that there are inadequate controls over payments for consulting services contracts; that there is sometimes improper administration of consulting services contracts; that reports produced by consulting services contracts are often not used; and that there is inaccurate reporting of consulting services contracts.

Therefore, in order to achieve accountability and reduced fiscal expenditures, it is the intent of the Legislature, in enacting this article, to ensure the development of methods of applying cost-benefit standards, standards of initial merit for awarding consulting services contracts, and standards for determining product benefit of such contracts.

10356. (a) "Consulting services contract," as used in this article, means all services which are of an advisory nature, provide a recommended course of action or personal expertise, have an end product which is basically a transmittal of information either written or verbal and which is related to the governmental functions of state agency administration and management and state agency program management or innovation, and which are obtained by awarding a procurement-type contract, a grant, or any other payment of funds for services of the above type.

The product may include anything from answers to specific questions to design of a system or plan, and includes workshops, seminars, retreats, and conferences for which paid expertise is

retained by contract.

(b) "Consulting services contract" does not include any of the following:

(1) Contracts between a state agency or department and the federal government.

(2) Contracts with local agencies, as defined in Section 2211 of the Revenue and Taxation Code, to subvene federal funds for which no matching state funds are required.

(3) Contracts for the development, maintenance, administration, or use of licensing or proficiency testing examinations.

(4) Contracts for architectural and engineering services subject to the provisions of Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code.

(5) Contracts which are expressly excepted from the provisions of Section 10295.

(c) The following consulting services contracts are exempt from the advertising and bidding requirements of this article:

(1) Contracts which are temporary or time-limited appointments to a nontesting civil service classification for the purpose of meeting a time-limited employment need. Selection and compensation for these appointments shall be made in accordance with state civil service requirements. Payment under a consulting service contract may be on the basis of each hour or day devoted to the task or in one lump sum for the end product.

(2) Contracts that can only be performed by a public entity as defined in subdivision (b) of Section 605 of the Unemployment Insurance Code.

(3) Contracts for the work or services of one state, local, or federal agency by another state, local, or federal agency.

(4) Contracts for which only per diem and travel expenses are paid and there is no payment for services rendered.

(5) Contracts solely for the purpose of obtaining expert witnesses for litigation.

(6) Contracts for legal defense, legal advice, or legal services.

10357. "State agency or department" as used in this article, means every state office, department, division, bureau, board, or commission, but does not include the Legislature, the courts, or any agency in the judicial branch of government.

10358. (a) Each state agency or department shall designate at least one currently existing person or position within the state agency or department as a contract manager. Every contract manager shall have knowledge of legal contractual arrangements.

(b) The Department of Personnel Administration shall establish a program for training state agency contracting personnel in contract administration and contract management. The cost of training state agency contracting personnel shall be paid by state agencies out of their appropriations for personnel training. The Department of Personnel Administration shall, prior to establishing the training program required by this section, consult with the

Department of General Services concerning the training curriculum and the development of a training manual on contract administration.

10359. (a) Each quarter, each state agency and department shall prepare a report pursuant to this section which includes a list of the consultant contracts into which it has entered during the previous three months or the period otherwise specified by this section. The listing shall include the following information:

(1) The name and identification of each contractor.

(2) The type of bidding entered into, the number of bidders, whether the low bidder was accepted, and if the low bidder was not accepted, an explanation of why the contract was a sole-source contract.

(3) The amount of the contract price.

(4) Whether the contract was a sole-source contract, and why the contract was a sole-source contract.

(5) The purpose of the contract and the potential beneficiaries.

(6) The date on which the initial contract was signed, the date on which the work began and was completed.

The report shall also include a separate listing of consultant contracts completed during the quarter, with the same information as above.

(b) The report required by this section shall also include a list of any contracts underway during that quarter on which any change was made regarding the following:

(1) The completion date of the contract.

(2) The amount of money to be received by the contractor, if it exceeds 3 percent of the original contract price.

(3) The purpose of the contract or duties of the contractor. A brief explanation shall be given if the change in purpose is significant.

(c) The report due on March 30 of each year shall include the above information for each consultant contract entered into or completed during the preceding nine months, rather than the quarterly report. The June 30 report shall be an annual report of the preceding 12 months. Copies of the quarterly and annual reports shall be sent within 10 days after the end of the quarter to the Legislative Analyst, the Department of Finance, the Auditor General, the Senate Finance Committee, and the Assembly Ways and Means Committee.

(d) State agencies and departments shall not utilize the temporary budget allocation process as a means of circumventing the requirements of this section.

10360. All consulting services contracts are of no effect unless and until approved by the Department of General Services. Every such contract shall be transmitted with all papers, evaluation forms, estimates, and recommendations concerning it to the department and, if approved by the department, shall be effective from the date of approval.

10361. Except as provided in Sections 10362 and 10363, the

department shall have sole responsibility for supervising contracting, including the state agency and department application of the pre- and post-evaluation mechanism, and the administration of contracts in state government as provided in this article during the 1983–84, and 1984–85 fiscal years only. During this period, each consulting services contract for an amount of ten thousand dollars ($10,000) or more shall be subject to the approval of the department. It is the intent of the Legislature that the purpose of this supervision is to ensure that an orderly process for the control of the contracting function is established and that state agencies with express or implied authority to contract for the performance of work or services exercise that authority in accordance with applicable law.

This section shall remain in effect only until July 1, 1985, and on that date is repealed.

10362. (a) The State Personnel Board may establish such standards and controls over approval of consulting services contracts by the Department of General Services as are necessary to assure that the approval is consistent with the merit employment principles and requirements contained in Article VII of the California Constitution. The substantive provisions of the standards shall be established at the discretion of the State Personnel Board. The specific procedures for contract review pursuant to such standards shall be established jointly by the board and the department.

It is the intent of the Legislature that except as provided in this section, the standards and controls established under this subdivision shall not be constructed in such a fashion or construed in such a manner as to authorize the State Personnel Board to establish a separate program for reviewing and approving each and every contract in the place of, or in addition to, the program administered by the Department of General Services pursuant to this article. The State Personnel Board may, when it has reason to believe that a proposed contract is not in compliance with the provisions of Section 19130 of the Government Code, and shall, when requested to do so by an employee organization representing state employees, direct a state agency to transmit the contract to it for review.

(b) The State Personnel Board shall direct any state agency to transmit to it for review any consulting services contract proposed or executed pursuant to subdivision (a) of Section 19130 of the Government Code, if the review has been requested by an employee organization notified pursuant to Section 19131 of the Government Code. The review shall occur prior to any review conducted by the Department of General Services. The board shall restrict its review to the question as to whether the contract complies with the provisions of subdivision (a) of Section 19130 of the Government Code and any additional standards and controls established pursuant to subdivision (a) of this section. The board may disapprove the contract only if it determines that the contract does not comply.

The board shall delegate the review of such a contract to the executive officer of the board. Within 15 days of its receipt, the

executive officer shall notify the employee organization which requested the review whether he or she intends to approve or disapprove it. If the employee organization requests it, the executive officer shall grant the employee organization the opportunity to present its case against the contract and the reasons why the contract should be referred to the board for a hearing. Upon a showing of good cause by the employee organization, the executive officer shall schedule the disputed contract for a hearing before the board for the purpose of receiving evidence and hearing arguments concerning the propriety of the disputed contract. In any case, the executive officer shall approve or disapprove the contract or refer it to the board for a hearing within 30 days of its receipt. The reasons for a decision by the executive officer, or the board, approving or disapproving the contract shall be stated in writing.

(c) A consulting services contract proposed or executed pursuant to subdivision (b) of Section 19130 of the Government Code shall be reviewed by the State Personnel Board if the board receives a request to conduct such a review from an employee organization representing state employees. Any such review shall be restricted to the question as to whether the contract complies with the provisions of subdivision (b) of Section 19130 of the Government Code. The board shall delegate the review of such a contract to the executive officer of the board. If the employee organization requests it, the executive officer shall grant the employee organization the opportunity to present its case against the contract and the reasons why the contract should be referred to the board for a hearing. Upon a showing of good cause by the employee organization, the executive officer shall schedule the disputed contract for a hearing before the board for the purpose of receiving evidence and hearing arguments concerning the propriety of the disputed contract. The executive officer shall approve or disapprove the contract or refer it to the board for a hearing within 30 days of its receipt. The reasons for the decision by the executive officer, or the board, approving or disapproving the contract shall be stated in writing.

(d) Contracts subject to State Personnel Board review under this section shall not become effective unless and until approval is granted.

10363. The Department of Finance may establish controls over approval of contracts by the Department of General Services which are necessary to assure that approval is consistent with program and budgetary determinations of the Department of Finance. The controls established under this section shall not be constructed in any fashion or construed in any manner which authorizes the Department of Finance to establish a separate program for reviewing and approving contracts in the place of, or in addition to, the program administered by the Department of General Services pursuant to this article. The Department of Finance may, when it has reason to believe that a proposed contract is not in compliance with its program and budgetary determinations, direct a state agency or

department to transmit the contract to it for review. It is the intent of the Legislature, however, that this review shall be restricted to individual contracts and shall occur only if no alternative course of action satisfactory to the Department of Finance is available.

10364. (a) The department shall exempt from its approval consulting services contracts under fifty thousand dollars ($50,000) awarded by any state agency which are of a class or type that the department finds may be entered into without the department's approval. Exemptions shall be granted to any state agency which:

(1) Designates an agency officer as responsible and directly accountable for the agency's contracting program.

(2) Establishes written policies and procedures and a management system which will ensure that agency contracting activities comply with applicable provisions of law and regulations.

(3) Establishes a plan for ensuring that contracting personnel are adequately trained in contract administration and contract management.

(4) Conducts an annual internal audit of the contracting program and reports to the department as it may require.

(5) Establishes procedures for reporting to the department and the Legislature on such contracts as the Legislature may require in the Budget Act.

(b) Any state agency may request the department to exempt from its approval classes or types of contracts under this section. When the department receives such a request but refuses to grant the exemption, it shall state in writing the reasons for the refusal. It is the intent of the Legislature that the department shall actively implement the provisions of this section and shall exempt from its approval as wide a range of classes or types of contracts as is consistent with proper administrative controls and the best interests of the state.

10365. (a) The department shall conduct an audit at least once in each three-year period of the contracting program of any state agency which has been granted the exemption provided by Section 10364.

(b) The exemption provided by Section 10364 may be withdrawn by the department at any time that the department finds that the state agency to which the exemption has been granted is out of compliance with the requirements of Section 10364. In any case where the exemption is withdrawn, the department shall state in writing the reasons for the withdrawal and shall specify the actions the state agency is required to take before the exemption again may be requested.

10366. Consulting services contracts subject to the approval of the department shall also have approval for a modification or amendment thereto, with the following exception:

An amendment to a consulting services contract which only extends the original time for completion of performance for a period of one year or less is exempt. If the original contract was subject to

approval by the department, then one fully executed copy, with Contract Transmittal Standard Form 15, explaining the reason for the extension, shall be sent to the Legal Office of the department. A contract may only be amended once under this exemption.

Contracts let or awarded on the basis of a law requiring competitive bidding may be modified or amended only if the contract so provides or if authorized by the law requiring competitive bidding.

If an amendment to a consulting services contract has the effect of giving the contract as amended an increase in monetary amount, or an agreement by the state to indemnify or save harmless any person, the amendment shall be approved by the Department of General Services.

10367. (a) The department shall utilize the standardized pre- and post-evaluation forms prepared pursuant to former Section 14830.12 of the Government Code, and submit the forms to every state agency or department. The forms shall be continued in use and reprinted as necessary in order to meet the requirements of this section. Upon receipt of the forms, each state agency or department shall use the forms to evaluate each consulting services contract which totals one thousand dollars ($1,000) or more. Any contract which totals less than one thousand dollars ($1,000) shall not be subject to the evaluation procedures of this article, but contracts exempt under Section 10364 shall be subject to these procedures. No state agency or office may enter into a consultant contract covered by evaluation procedures until it has completed and had accepted, a pre-evaluation form for the contract.

The department shall devise standards and criteria for the pre- and post-evaluation forms. These standardized pre- and post-evaluation forms shall consist of a form for assessing the need and value of the consulting services contract to the state, and a form for assessing the usability and utility of the completed consulting services contract.

(b) The Auditor General shall review the pre- and post-consulting services contract standardized form prepared by the department for efficaciousness and communicate his or her comments to the Legislature and to the department.

In addition, the Auditor General shall periodically, during the 1983–84 and 1984–85 state fiscal years, randomly select and audit contracts to determine if the contract has effectively been evaluated in accordance with the standard evaluation forms, if the contracts are cost effective, and if the pre- and post-evaluation forms are effective.

10368. State agencies which enter into consulting services contracts shall document the need for each contract by doing all of the following on the pre-evaluation form:

(a) Identify and fully describe the specific problem, administrative requirement, program need, or other circumstance the contract is intended to address and which makes the contract necessary.

(b) State the specific intended purpose of the contract and

describe the services or product which will result.

(c) Describe how the agency will use the contract product and how that use will fill the need which makes the contract necessary.

(d) State the basis for the agency's determination that contracting is the most effective method for achieving the agency's purpose.

(e) Include a description of the product benefit and the estimated number of persons served by the benefit.

(f) State the cost of contract, and the bidding mechanism planned.

10369. Each state agency shall conduct a post-evaluation of each consulting services contract which it executes by completing the post-evaluation form. The post-evaluation shall be prepared within 30 days of completion of the contract and shall have two purposes, as follows:

(a) An evaluation of the performance of the contractor in doing the work or delivering the services for which the contract was awarded. The agency shall report on all of the following:

(1) Whether the contracted work or services were completed as specified in the contract, and reasons for and amount of any cost overruns.

(2) Whether the contracted work or services met the quality standards specified in the contract.

(3) Whether the contractor fulfilled all the requirements of the contract.

(4) Factors outside the control of the contractor which caused difficulties in contractor performance.

(5) Other information as may be required by the Department of General Services.

One copy of the form shall be filed with the department within 30 days of the completion of the contract.

(b) An evaluation of the contracted consulting services in furthering the objectives of the contracting agency. The agency shall do all of the following:

(1) Evaluate the contract product or services rendered in light of the specific problem, administrative requirement, program need, or other circumstances which made the contract necessary.

(2) Evaluate the use of the contract product by the agency.

10370. (a) The contractor shall be advised in writing on the standard contract form that his or her performance under the contract will be evaluated.

(b) A copy of each post-evaluation shall be sent to the legal office of the department. These evaluations shall not be public records. The legal office shall act as a central depository for all state agencies making evaluation or desiring information on a contractor's record with the state and shall send a copy of any post-evaluation report to the director of any state agency upon receiving a written request stating the reason for the request. These post-evaluations shall remain on file for a period of 36 months only.

In addition, one copy of a standardized contractor evaluation form

shall be sent to Electronic Data Processing Control and Development Office of the Department of Finance, if a consultant has performed an electronic data processing related service.

Failure to send a post-evaluation to the legal office of the department, shall be grounds for rejection of future contracts or modification of exemptions.

10371. The following provisions shall apply to all consulting services contracts:

(a) Each state agency or department shall, regardless of the fiscal amount involved, use available private resources only when the quality of work of private resources is of at least equal quality compared with the state agency or department operated resources.

(b) Any state agency or department which enters into or expects to enter into more than one consulting services contract with the same individual, business firm, or corporation within a 12-month period for an aggregate amount of ten thousand dollars ($10,000) or more, shall notify, in writing, the Department of General Services and shall have each contract that exceeds an aggregate amount of ten thousand dollars ($10,000) approved by the Department of General Services.

(c) Each state agency or department shall, prior to signing a consulting services contract, regardless of the fiscal amount involved, prepare a detailed criteria and mandatory progress schedule for the performance of the contract and shall require each selected contractor to provide a detailed analysis of the costs of performing the contract.

(d) No consulting services contract shall be commenced prior to formal approval by the department or, if the department's approval is not otherwise required, by the director of the state agency or department. No payments for any consulting services contract shall be made prior to this approval of the award.

(e) No consulting services contractor shall be awarded a contract unless either of the following apply:

(1) The state agency or department has reviewed a contractor evaluation form on file with the Department of General Services in accordance with Section 10369.

(2) If the contractor has not performed a previous contract for any state entity, a completed resume for each contract participant who will exercise a major administrative role or major policy or consultant role, as identified by the contractor, shall be attached to the contract for public record.

(f) The department may require special evaluation procedures for multiyear contracts between the pre-evaluation and post-evaluation otherwise required by this article, or for contracts calling for special evaluation procedures beyond the pre-evaluation and post-evaluation.

(g) Any sole-source contract for consulting services shall be listed in the State Contracts Register. The information contained in the listing shall include the contract recipient, amount, and services

covered. The requirement of this subdivision shall not apply to any sole-source contract executed with an expert witness for purposes of civil litigation in a pending case.

(h) The department shall have the duty to restrict or terminate the authority of a state agency or office to enter into consultant contracts if the agency or office has consistently avoided the proper preparation and submission of pre- and post-evaluation forms, as required by this article.

10372. (a) Subject to the provisions of Section 10380, no state agency shall draft, or cause to be drafted, any invitation to bid or request for proposal, in connection with the awarding of a consulting services contract, in such a manner as to limit the bidding directly or indirectly to any one bidder.

(b) Any contract awarded in violation of subdivision (a) shall be void.

10373. (a) Except as provided by subdivision (b), state agencies shall secure at least three competitive bids or proposals for each consulting services contract.

(b) Three competitive bids or proposals are not required in any of the following cases:

(1) In cases of emergency where a contract is necessary for the immediate preservation of the public health, welfare, or safety, or protection of state property.

(2) When the agency awarding the contract has advertised the contract in the California State Contracts Register and has solicited all potential contractors known to the agency but has received less than three bids or proposals.

(3) The contract is with another state agency or with a local governmental entity.

(4) The contract meets the conditions prescribed by the department pursuant to subdivision (a) of Section 10380.

(c) Any agency which has received less than three bids or proposals on a contract shall document, in a manner prescribed by the department, the names and addresses of the firms or individuals it solicited for bids or proposals.

10374. Whenever a consulting services contract is awarded under a procedure which provides for competitive bidding, the bids shall be publicly opened at the time stated in the invitation for bids and the dollar amount of each bid shall be read. No bids shall be considered which have not been received at the place, and prior to the closing time for bids, stated in the invitation for bids.

10375. After opening, all bids shall be available for public inspection.

10376. Whenever a consulting services contract is awarded under a procedure which provides for competitive bidding, but the contract is not to be awarded to the low bidder, the low bidder shall be notified by telegram five working days prior to the award of the contract. Upon written request by any bidder who has submitted a bid, notice of the proposed award shall be posted in a public place

in the offices of the contracting agency at least five working days prior to awarding the contract. If, prior to the award, any bidder files a protest with the state agency against the awarding of the contract on the ground that he or she is the lowest responsible bidder meeting the specifications for the contract, the contract shall not be awarded until either the protest has been withdrawn or the Department of General Services has decided the matter.

Within five days after filing the protest, the protesting bidder shall file with the department a full and complete written statement specifying the grounds for the protest.

The department shall establish written procedures for deciding protests.

10377. (a) Consulting services contracts may be awarded under a procedure which makes use of a request for proposal. State agencies which use this procedure shall include in the request for proposal a clear, precise description of the work to be performed or services to be provided, a description of the format which proposals shall follow and the elements they shall contain, the standards the agency will use in evaluating proposals, the date on which proposals are due and the timetable the agency will follow in reviewing and evaluating them.

State agencies which use a procedure which makes use of a request for proposal shall evaluate proposals and award contracts in accordance with the provisions of subdivision (b) or (c). No proposals shall be considered which have not been received at the place, and prior to the closing time, stated in the request for proposal.

(b) State agencies which use the evaluation and selection procedure in this subdivision shall include in the request for proposal, in addition to the information required by subdivision (a), a requirement that bidders submit their proposals with the bid price and all cost information in a separate, sealed envelope.

Proposals shall be evaluated and the contract awarded in the following manner:

(1) All proposals received shall be reviewed to determine those which meet the format requirements and the standards specified in the request for proposal.

(2) The sealed envelopes containing the bid price and cost information for those proposals which meet the format requirements and standards shall then be publicly opened and read.

(3) The contract shall be awarded to the lowest responsible bidder meeting the standards.

(c) State agencies which use the evaluation and selection procedure in this subdivision shall include in the request for proposal, in addition to the information required by subdivision (a), a description of the methods which will be used in evaluating and scoring the proposals.

Proposals shall be evaluated and the contract awarded in the following manner:

(1) All proposals shall be reviewed to determine which meet the

format requirements specified in the request for proposal.

(2) All proposals meeting the formal requirements shall then be submitted to an agency evaluation committee which shall evaluate and score the proposals using the methods specified in the request for proposal. All proposals and all evaluation and scoring sheets shall be available for public inspection at the conclusion of the committee scoring process.

(3) The contract shall be awarded to the bidder whose proposal is given the highest score by the evaluation committee.

(d) Nothing in this section shall require the awarding of the contract if no proposals are received containing bids offering a contract price which in the opinion of the state agency is a reasonable price.

10378. Contracts awarded under the provisions of Section 10377 shall be awarded only after a notice of the proposed award has been posted in the offices of the contracting agency for five working days. If, prior to the award, any bidder files a protest against the awarding of the contract, the contract shall not be awarded until either the protest has been withdrawn or the Department of General Services has decided the matter.

Within five days after filing the protest, the protesting bidder shall file with the department a full and complete written statement specifying the grounds for the protest. Protests shall be limited to the following grounds:

(a) The agency failed to follow the procedures specified in subdivision (b) or (c) of Section 10377.

(b) The agency failed to apply correctly the standards for reviewing the format requirements or evaluating the proposals as specified in the request for proposal.

(c) The agency used the evaluation and selection procedure in subdivision (b) of Section 10377, but is proposing to award the contract to a bidder other than the lowest responsible bidder.

(d) The agency used the evaluation and selection procedure in subdivision (c) of Section 10377, but failed to follow the methods for evaluating and scoring the proposals specified in the request for proposal.

(e) The agency used the evaluation and selection procedure in subdivision (c) of Section 10377, but is proposing to award the contract to a bidder other than the bidder given the highest score by the agency evaluation committee.

The department shall establish written procedures for deciding protests under this section.

10379. Contracts may provide for progress payments to contractors for work performed or costs incurred in the performance of the contract, provided that not less than 10 percent of the contract amount shall be withheld pending final completion of the contract and an evaluation of the contractor's performance and work product, as required by Section 10369.

No state agency shall make progress payments on a contract unless

it first has established procedures, approved by the department, which will ensure that the work or services contracted are being delivered in accordance with the contract.

10380. The department shall prescribe conditions under which a contract may be awarded without competition, and the methods and criteria which shall be used in determining the reasonableness of contract costs when a contract is awarded without competition.

10381. (a) The department shall ensure that all state agencies and departments are kept fully informed of the department's plans and procedures for implementing the provisions of this article. The department shall make information available on implementation procedures to all interested parties.

(b) The department shall ensure that every consultant services contract contains standard language that fully informs the contractor of his or her duties, obligations, and rights under this article, and any additional contractor rights and obligations which the department determines should be included.

(c) Each consulting services contract shall have a provision for settlement of contract disputes.

10382. The department shall report to the Legislature, in accordance with such procedures as the Legislature may require, those contracts entered into by state agencies which the Legislature specifies in the Budget Act.

Article 6. Purchase of Federal Surplus Property

10385. The department may purchase, lease or otherwise acquire from the federal government or any agency thereof for use of state agencies, surplus real property, including buildings, fixtures, and equipment situated thereon, whenever in the department's judgment the purchase or acquisition and the terms and conditions thereof are in the best interests of the state.

10386. Any and all negotiations with the federal government or its agencies for or in connection with the purchase or acquisition of such property, and all activities, functions and responsibilities pertaining thereto, are hereby vested in and shall be assumed and conducted exclusively by the department. No other state officer or agency shall, except on the authorization of the department, negotiate with the federal government or its agencies for or in connection with the purchase or acquisition of such property. Any state agency may inspect such property to determine whether the same would be useful in the performance of its duties and may make recommendations to the department concerning the same.

10387. The department shall do all of the following:

(1) Keep in constant touch with federal agencies charged with the sale or disposition of federal property and secure from them full details as to the nature and availability of the property and the terms and conditions under which it can be purchased or acquired.

(2) Transmit information thus secured to all state agencies in

order that they may possess complete and up-to-date information as to the nature and selling price of available property.

(3) Prescribe procedures consistent with this article to be followed by state agencies in requisitioning and paying for the property and inform them of the procedures.

10388. Unless otherwise prescribed by the department, state agencies desiring to purchase or acquire federal property shall submit their estimates or requisitions therefor to the department, and shall pay for the property, in accordance with existing laws governing state purchases.

10389. This article shall not apply to the Trustees of the California State University.

This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is chaptered on or before January 1, 1987, deletes or extends that date.

Article 7. Recycling

10390. The Legislature finds and declares that it is the policy of the state to conserve and protect its resources. The maintenance of a quality environment for the people of this state now and in the future is a matter of statewide concern.

The Legislature further finds and declares that the volume of solid waste generated within the state coupled with an increased rate in the consumption of paper products and the absence of adequate programs and procedures for the reuse of these materials threaten the quality of the environment and well-being of the people of California.

In making these findings the Legislature declares that the policy and intent of this article is to improve environmental quality by the recycling of paper products.

10391. For the purposes of this article, "recycled paper" shall mean all paper and woodpulp products containing postconsumer waste and secondary waste materials as defined in this section. "Postconsumer waste" means a finished material which would normally be disposed of as solid waste, having completed its life cycle as a consumer item. "Secondary waste" means fragments of products or finished products of a manufacturing process which has converted a virgin resource into a commodity of real economic value, and includes postconsumer waste, but does not include mill broke, wood slabs, chips, sawdust or other wood residue from a manufacturing process.

"Recycled paper" means a paper product with not less than 50 percent of its total weight consisting of secondary and postconsumer waste with not less than 10 percent of its total weight consisting of postconsumer waste.

10392. The department shall revise its procedures and specifications for state purchases of paper to give preference, wherever feasible, to the purchase of paper products containing

recycled paper.

The department shall give preference to the suppliers of recycled paper products if the bids of such suppliers do not exceed by more than 5 percent the lowest bid or price quoted by suppliers offering nonrecycled paper products.

To encourage the use of postconsumer waste, the department's specifications shall require recycled paper contracts to be awarded to the bidder whose paper contains the greater percentage of postconsumer waste if the fitness and quality and price are otherwise equal.

The department may adopt rules and regulations to carry out the provisions of this article.

10393. (a) The director shall review the procurement specifications currently used by the department in order to eliminate, wherever economically feasible, discrimination against the procurement of recovered resources and recycled materials.

(b) The director shall review the recycled paper content specifications at least annually to consider increasing the percentage of recycled paper in paper and woodpulp product purchases.

(c) When contracting with the department for the sale of material subject to this article, the contractor shall certify in writing to the contracting officer or his or her representative that the material offered contains the minimum percentage of recycled paper required by Section 10392 and shall specify the percentage of recycled paper content in the paper or paper products.

The certification shall be furnished under penalty of perjury.

(d) The department shall establish purchasing practices which, to the maximum extent economically feasible, assure purchase of materials which may be recycled or reused when discarded.

(e) The department shall make every effort to eliminate purchases of paper and paper products deemed potential contaminants to the state's recycling program.

10394. The department shall require the persons with whom it contracts to use, to the maximum extent economically feasible in the performance of the contract work, recycled paper.

10395. The department, with the advice of the State Solid Waste Management Board, shall establish a paper recycling plan for all paper refuse of all state agencies and all offices in state buildings in Sacramento, Los Angeles, and San Francisco Counties, and in any other area as the director deems feasible. The plan shall provide either for the collection and sale of wastepaper to private paper brokers or recycling plants, or the operation of these plants by the state, or a combination thereof. The plan shall be put into operation, to the extent feasible, as soon as possible.

10396. The department may contract as necessary for the recycling of paper products which have been returned pursuant to Section 10395.

10397. Revenues received from sale of wastepaper through paper recycling programs operated by the department shall be used when

appropriated by the Legislature, first, to offset recycling program costs, and second, to reduce increased charges for recycled paper furnished to state agencies by the department due to the preference which must be given the suppliers of recycled paper pursuant to Section 10392. Any remaining revenues not expended during a fiscal year shall be transferred to the General Fund.

10398. Fitness and quality being equal, all local public agencies shall purchase recycled paper and paper products instead of unrecycled paper or paper products whenever available at no more than the total cost of unrecycled paper and paper products. All local public agencies may and state agencies shall give preference to the suppliers of recycled paper or paper products if the bids of these suppliers do not exceed by more than 5 percent the lowest bid or price quoted by suppliers offering unrecycled paper or paper products.

10399. All local public agencies shall require the bidder to specify the percentage of recycled paper content in the paper or paper products. All contract provisions impeding the consideration of products with reclaimed paper content shall be deleted in favor of performance standards.

All printing contracts made by any local agency shall provide that the paper used shall meet the requirements of these provisions.

Except as otherwise provided in this article, state agencies shall also be subject to the provisions of this section.

Article 8. Conflict of Interest

10410. No officer or employee in the state civil service or other appointed state official shall engage in any employment, activity, or enterprise which is sponsored or funded, or sponsored and funded, by any state agency or department through or by a state contract unless the employment, activity, or enterprise is required as a condition of the officer's or employee's regular state employment. No officer or employee in the state civil service shall contract on his or her own individual behalf as an independent contractor with any state agency to provide services or goods.

10411. (a) No retired, dismissed, separated, or formerly employed person of any state agency or department employed under the state civil service or otherwise appointed to serve in state government may enter into a contract in which he or she engaged in any of the negotiations, transactions, planning, arrangements, or any part of the decision-making process relevant to the contract while employed in any capacity by any state agency or department. The prohibition of this subdivision shall apply to a person only during the two-year period beginning on the date the person left state employment.

(b) For a period of 12 months following the date of his or her retirement, dismissal, or separation from state service, no person employed under state civil service or otherwise appointed to serve

in state government may enter into a contract with any state agency, if he or she was employed by that state agency in a policymaking position in the same general subject area as the proposed contract within the 12-month period prior to his or her retirement, dismissal, or separation. The prohibition of this subdivision shall not apply to a contract requiring the person's services as an expert witness in a civil case or to a contract for the continuation of an attorney's services on a matter he or she was involved with prior to leaving state service.

10412. Each contractor who enters into a state contract with the state for ten thousand dollars ($10,000) or more, shall be assigned an identification number by the department. Each contractor who has been assigned a number, shall list it on each contract he or she enters into with the state, regardless of the amount of the contract. In the case of a corporation or firm, the president's assigned number shall be used exclusively on each contract. The assigned number shall remain unchanged regardless of future name changes.

Article 9. Remedies and Penalties

10420. Every contract or other transaction entered in violation of any provision of this chapter is void, unless the violation is technical or nonsubstantive.

10421. The state, or any person acting on behalf of the state, may bring a civil action seeking a determination by the Superior Court that a contract or other transaction has been entered in violation of any provision of this chapter. If the court finds substantial evidence of such a violation, it may issue a temporary injunction to prevent any further dealings upon the contract or other transaction, pending a final determination on the merits of the case. If the action results in a final determination that the contract or other transaction has been entered in violation of this chapter, it shall be void, and the state or person bringing the action shall be awarded costs and attorney's fees. This section shall not be construed to permit an award of costs and attorney fees to the person or entity contracting or otherwise transacting with the state.

10422. Any officer or employee of the department who corruptly performs any official act under this chapter to the injury of the state is guilty of a felony.

10423. Any person contracting with the state by oral or written contract who corruptly permits the violation of any contract made under this chapter is guilty of a felony.

10424. Persons convicted under Section 10422 or 10423 are also liable to the state for double the amount the state may have lost, or be liable to lose by reason of the acts made crimes by this article.

10425. Willful violation of any other provision of this chapter shall constitute a misdemeanor.

Article 10. Exemptions

10430. This chapter does not apply to any of the following:

(a) The Regents of the University of California.

(b) Transactions covered under Chapter 3 (commencing with Section 12100).

(c) Except as otherwise provided in this chapter, any entity exempted from the provisions of Section 10295. However, the Trustees of the California State University shall be governed by this chapter except with regard to transactions covered under the California State University and Colleges Contract Law, and except as provided in Sections 10295, 10335, 10356, and 10389.

(d) Transactions covered under Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code.

SEC. 5. Section 12100.5 is added to the Public Contract Code, to read:

12100.5. With regard to any contract involving an expenditure of less than one hundred thousand dollars ($100,000), the Trustees of the California State University shall not be subject to supervision or approval of the Department of General Services, but shall be subject to all the other procedures of this chapter, including, but not limited to, competitive bidding requirements.

The Regents of the University of California shall not be subject to the provisions of this chapter.

This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is chaptered on or before January 1, 1987, deletes or extends that date.

SEC. 6. Section 12100.5 is added to the Public Contract Code, to read:

12100.5. The Regents of the University of California shall not be subject to the provisions of this chapter.

This section shall become operative January 1, 1987.

SEC. 7. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act clarifies, reorganizes and revises statutes enacted for the protection of the public, which relate to state procurement of materials, supplies, equipment, and services, including statutes governing state approval of contracts and competitive bidding. This act also adds specific civil remedies and criminal penalties to further

the policy of protecting the public against favoritism, fraud, and corruption in the awarding of state contracts. It is vital that these changes and public safeguards are enacted at the earliest possible time to reduce misuse and misappropriation of state funds. It is therefore necessary that this act take effect immediately.

CHAPTER 1232

An act to add Chapter 2.5 (commencing with Section 5490) to Division 3 of the Business and Professions Code, relating to on-premises advertising.

[Approved by Governor September 29, 1983 Filed with Secretary of State September 30, 1983]

The people of the State of California do enact as follows:

SECTION 1. Chapter 2.5 (commencing with Section 5490) is added to Division 3 of the Business and Professions Code, to read:

CHAPTER 2.5. ON-PREMISES ADVERTISING DISPLAYS

5490. (a) This chapter applies only to lawfully erected on-premises advertising displays. "On-premises advertising displays" means any structure, housing, sign, device, figure, statuary, painting, display, message placard, or other contrivance, or any part thereof, which has been designed, constructed, created, intended, or engineered to have a useful life of 15 years or more, and intended or used to advertise, or to provide data or information in the nature of advertising for any of the following purposes:

(1) To designate, identify, or indicate the name or business of the owner or occupant of the premises upon which the advertising display is located.

(2) To advertise the business conducted, services available or rendered, or the goods produced, sold, or available for sale, upon the property where the advertising display has been lawfully erected.

(b) This chapter does not apply to advertising displays used exclusively for outdoor advertising pursuant to the Outdoor Advertising Act (Chapter 2 (commencing with Section 5200)).

5491. Notwithstanding any provision of Chapter 2 (commencing with Section 5200), except as provided in this chapter, no on-premises advertising display which is used for any of the purposes set forth and conforming to Section 5490 shall be compelled to be removed or abated, and its customary maintenance, use, or repair shall not be limited, whether or not removal or limitation is required because of any ordinance or regulation of any city or county, without the payment of fair and just compensation.

5492. For purposes of compliance with Section 5491, fair and just

compensation is presumed to be paid upon the payment of the fair market value of the on-premises advertising display as of the date written notice is given to the owner of the display requiring conformance or removal thereof.

Fair market value consists of the actual cost of removal for the display, the actual cost to repair any damage caused to the real property or improvements thereon as a result of the removal of the display, and the actual cost to duplicate the advertising display required to be removed as of the date written notice requiring removal for nonconformance is given to the owner by the governmental body requiring conformance or removal.

5493. (a) As an alternative to payment of fair and just compensation under Section 5492, a city or county may pay fair and just compensation to the owner of the on-premises advertising display by paying the actual replacement cost to the owner for an on-premises advertising display which shall conform with the laws in effect that are applicable to the owner's business premises, and shall include, as part of the actual replacement cost, the actual cost for removal of the nonconforming on-premises advertising display and the actual cost of the repair to the real property caused by the removal of the display.

(b) The sum payable as fair and just compensation to the owner of any on-premises advertising display shall be the greater of the two methods provided in subdivision (a) of this section or Section 5492 as the basis for fair and just compensation. In any event, before any on-premises advertising display is required to be removed, the fair and just compensation required by subdivision (a) of this section or Section 5492 shall be paid.

5494. The ordinances and regulations of any city or county, introduced or adopted prior to March 12, 1983, which make nonconforming, lawfully in place erected on-premises advertising displays, and which have provided for amortization for the lawfully in place nonconforming signs, shall not be subject to Section 5491. All on-premises advertising displays which are nonconforming as a result of any such ordinance or regulation, or which become nonconforming as a result of annexation to a city or county, are presumed to be illegal when the period of time for amortization has lapsed as provided in the preexisting laws. Except as otherwise provided in this section, amendments or modifications to existing ordinances and regulations of any city or county, introduced or adopted after March 12, 1983, shall be subject to this chapter if the amendments or modifications are more restrictive than the preexisting ordinance. Ordinances which have or will terminate may be reenacted and are not subject to Section 5491 if reenacted within 12 months of their termination and if it is not more restrictive than the preexisting ordinance. Amendments or modifications to existing ordinances and regulations by a city or county which require removal of additional displays, including displays which had previously been made conforming, shall not be subject to this

chapter if the amortization period is not more restrictive than the amortization period set forth in preexisting ordinances or regulations within the city or county.

5495. A city or county whose ordinances or regulations are introduced or adopted after March 12, 1983, and any amendments or modifications to those ordinances and regulations, are not in violation of Section 5491 if the entity elects to require the removal without compensation of any on-premise advertising display which meets all of the following requirements:

(a) The display is located within an area shown as residential or agricultural on a local general plan as of the date the display was lawfully erected.

(b) The display is located within an area zoned for residential or agricultural use on the date the display was lawfully erected.

(c) The display is not required to be removed because of an overlay zone, combining zone, special sign zone, or any other special zoning district whose primary purpose is the removal or control of advertising displays.

(d) The display is allowed to remain in existence after March 12, 1983, for a period of 15 years from the date of adoption of the ordinance or regulation. For purposes of this section, every sign has a useful life of 15 years. Fair and just compensation for signs required to be removed during the 15-year period and before the amortization period has lapsed shall be entitled to fair and just compensation which is equal to 1/15 of the duplication cost of construction of the display being removed multiplied by the number of years of useful life remaining for the sign as determined by this section.

5495.5. A city or county with an ordinance or regulation adopted prior to March 12, 1983, is not in violation of Section 5491 for an ordinance or regulation introduced or adopted after March 12, 1983, and any amendments to that ordinance or regulation, even though it requires removal of on-premises advertising displays in additional portions of the city or county, if the amortization period in the ordinance or regulation is not more restrictive than the amortization period set forth in the preexisting ordinance or regulation of the city or county.

5496. A city or county, whose ordinances or regulations are otherwise in full compliance with Section 5491 is not in violation of that section if it elects to deactivate, without compensation, any flashing or rotating features of the on-premises advertising display, unless the flashing or rotating feature of the display has historical significance.

5497. A city or county, whose ordinances or regulations were introduced or adopted after March 12, 1983, or any amendments to those ordinances and regulations, is not in violation of Section 5491 if it elects to require the removal, without compensation, of any on-premise advertising display which meets any of the following criteria:

(a) Any advertising display erected without first complying with

all ordinances and regulations in effect at the time of its construction and erection or use.

(b) Any advertising display which was lawfully erected anywhere in this state, but whose use has ceased, or the structure upon which the display has been abandoned by its owner, for a period of not less than 90 days. Costs incurred in removing an abandoned display may be charged to the legal owner.

(c) Any advertising display which has been more than 50 percent destroyed, and the destruction is other than facial copy replacement, and the display cannot be repaired within 30 days of the date of its destruction.

(d) Any advertising display whose owner, outside of a change of copy, requests permission to remodel and remodels that advertising display, or expand or enlarge the building or land use upon which the advertising display is located, and the display is affected by the construction, enlargement or remodeling, or the cost of construction, enlargement, or remodeling of the advertising display exceeds 50 percent of the cost of reconstruction of the building.

(e) Any advertising display whose owner seeks relocation thereof and relocates the advertising display.

(f) Any advertising display for which there has been an agreement between the advertising display owner and the city or county, for its removal as of any given date.

(g) Any advertising display which is temporary.

(h) Any advertising display which is or may become a danger to the public or is unsafe.

(i) Any advertising display which constitutes a traffic hazard not created by relocation of streets or highways or by acts of any city or county.

(j) Ordinances adopted by a city within three years of its incorporation, which incorporation occurs after March 12, 1982, shall not be subject to Section 5491 except as provided by Section 5494.

5498. (a) Sections 5491 and 5495 do not apply to redevelopment project areas created pursuant to the Community Redevelopment Law (Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code), planned commercial districts, or to areas listed or eligible for listing on the National Register of Historical Places, or areas registered by the Department of Parks and Recreation as a state historical landmark or point of historical interest pursuant to Section 5021 of the Public Resources Code, or areas created as historic zones or individually designated properties by a city or county, pursuant to Article 12 (commencing with Section 50280) of Chapter 1 of Division 1 of Title 5 of the Government Code.

(b) As used in this section, "planned commercial districts" means areas subject to binding agreements, including, but not limited to, conditions, covenants, restrictions, which do all of the following:

(1) Affect on-premise advertising displays.

(2) Are at least as restrictive as any ordinance of a city or county, which affects on-premise advertising displays at the time the

agreement was entered into.

(3) Contain a binding financing commitment sufficient to carry out the agreements.

5499. No city or county shall require the removal of any on-premise advertising display on the basis of its height if special topographic circumstances would result in a material impairment of visibility of the sign or the owner's ability to adequately and effectively continue to communicate with the public through the use of the on-premise advertising display by conformance with any ordinance or regulation of any city or county, introduced or adopted after March 12, 1983. Under these circumstances, the owner or user may maintain advertising displays at the business premise and at a location necessary to accomplish continued noticeability at the height the display was previously erected and in doing so, the owner or user is in conformance.

CHAPTER 1233

An act to amend Sections 1597.51, 1597.52, 1597.54, and 1597.61 of, to amend and renumber Sections 1597.50 and 1597.501 of, to add Sections 1597.35, 1597.45, 1597.46, 1597.47, and 1597.63 to, and to repeal Section 1597.63 of, the Health and Safety Code, relating to family day care homes.

[Approved by Governor September 29, 1983. Filed with Secretary of State September 30, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 1597.50 of the Health and Safety Code is amended and renumbered to read:

1597.30. The Legislature finds and declares:

(a) It has a responsibility to ensure the health and safety of children in family homes that provide day care.

(b) That there are insufficient numbers of regulated family day care homes in California.

(c) There will be a growing need for child day care facilities due to the increase in working parents.

(d) Many parents prefer child day care located in their neighborhoods in family homes.

(e) There should be a variety of child care settings, including regulated family day care homes, as suitable alternatives for parents.

(f) That the program to be operated by the state should be cost effective, streamlined, and simple to administer in order to ensure adequate care for children placed in family day care homes, while not placing undue burdens on the providers.

(g) That the state should maintain an efficient program of regulating family day care homes that ensures the provision of

adequate protection, supervision. and guidance to children in their homes.

SEC. 2. Section 1597.35 is added to the Health and Safety Code, to read:

1597.35. For purposes of this chapter, the following definitions shall apply:

(a) "Department" means the State Department of Social Services.

(b) "Director" means the Director of Social Services.

(c) "Family day care" means regularly provided care, protection and supervision of 12 or fewer children, in the provider's own home, for periods of less than 24 hours per day, while the parents or guardians are away, and includes the following:

(1) "Large family day care home" which means a home which provides family day care to seven to 12 children, inclusive, including children who reside at the home, as defined in departmental regulations.

(2) "Small family day care home" which means a home which provides family day care to six or fewer children, including children who reside at the home, as defined in departmental regulations.

(d) "Planning agency" means the agency designated pursuant to Section 65100 of the Government Code.

(e) "Provider" means a person who operates a family day care home and is licensed or registered pursuant to the provisions of this chapter.

SEC. 3. Section 1597.501 of the Health and Safety Code is amended and renumbered to read:

1597.40. (a) It is the intent of the Legislature that family day care homes for children must be situated in normal residential surroundings so as to give children the home environment which is conducive to healthy and safe development. It is the public policy of this state to provide children in a family day care home the same home environment as provided in a traditional home setting.

The Legislature declares this policy to be of statewide concern with the purpose of occupying the field to the exclusion of municipal zoning, building and fire codes and regulations governing the use or occupancy of family day care homes for children, except as specifically provided for in this chapter, and to prohibit any restrictions relating to the use of single-family residences for family day care homes for children except as provided by this chapter.

(b) Every provision in a written instrument entered into relating to real property which purports to forbid or restrict the conveyance, encumbrance, leasing, or mortgaging of such real property for use or occupancy as a family day care home for children, is void and every restriction or prohibition in any such written instrument as to the use or occupancy of the property as a family day care home for children is void.

(c) Every restriction or prohibition entered into, whether by way of covenant, condition upon use or occupancy, or upon transfer of

title to real property, which restricts or prohibits directly, or indirectly limits, the acquisition, use, or occupancy of such property for a family day care home for children is void.

SEC. 4. Section 1597.45 is added to the Health and Safety Code, to read:

In all other cases where the licensing agency determines such a facility is operating without a license and notifies the unlicensed provider of the requirements for such license, the licensing agency may issue a cease and desist order only if such unlicensed provider does not apply for a license within a reasonable time after such notice.

(b) If an unlicensed family day care home fails to respond to a cease and desist order issued pursuant to subdivision (a), or if the department determines it necessary to protect the immediate health and safety of the children, the licensing agency may bring an action to enjoin such a home from continuing to operate.

(c) The district attorney of a county shall, upon application by the department, institute and conduct the prosecution of any action brought by the licensing agency against an unlicensed family day care home located in that county.

(d) Any action brought by the department against an unlicensed family day care home shall not abate by reason of a sale or other transfer of ownership of the family day care home which is party to the action except with written consent of the licensing agency.

[Approved by Governor September 29, 1983. Filed with Secretary of State September 30, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 11482 of the Welfare and Institutions Code is amended to read:

11482. Any person other than a needy child, who willfully and knowingly, with the intent to deceive, makes a false statement or representation or knowingly fails to disclose a material fact to obtain aid, or who, knowing he is not entitled thereto, attempts to obtain aid or to continue to receive aid to which he is not entitled, or a larger amount than that to which he is legally entitled, is guilty of a misdemeanor, except as specified in Section 11482.5.

CHAPTER 1236

An act to amend Sections 17052.5, 17250, 23601, and 24349 of, and to repeal Section 24349 of, the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 29, 1983 Filed with Secretary of State September 30, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 17052.5 of the Revenue and Taxation Code is amended to read:

17052.5. (a) (1) There shall be allowed as a credit against the amount of "net tax" (as defined in Section 17039), an amount equal to the amount determined in paragraph (2), (3), or (6).

(2) Except as provided in subparagraphs (A) and (D) of this paragraph, the amount of the credit allowed by this section shall be 55 percent of the cost (as defined in subdivision (h)) incurred by the taxpayer for any solar energy system installed on premises in California which are owned by the taxpayer at the time of installation. For any such solar energy system installed on or after August 1, 1983, the percentage specified by this paragraph, subparagraph (C), subparagraph (A) of paragraph (6), and subdivision (g) shall be 50 percent. The credit shall not exceed three thousand dollars ($3,000) per solar energy system as defined in subdivision (h).

(A) Only the owner of the premises (as defined in subdivision (h)) on which the solar energy system is installed may claim the tax credit for costs incurred; however, an owner-builder or owner-developer of new single-family dwellings may elect not to claim the solar energy tax credit for any or all systems installed on new dwellings. If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new single-family dwelling on which the system is installed may claim the credit provided that the purchaser can confirm the election, if necessary, by a written document signed by the owner-builder or owner-developer.

If an owner-builder or owner-developer of new single-family dwellings elects to claim the credit for any system for which the federal credit is allowed, the credit shall be equal to 15 percent of the cost of these systems. If an owner-builder or owner-developer of new single-family dwellings elects to claim the credit for any other installations which qualify for this credit, the credit shall be as defined in paragraph (2).

(B) The solar energy tax credit shall be claimed in the state income tax return for the taxable year in which the solar energy system was installed; however, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new dwelling on which the system is installed may claim the credit for the taxable year during which the purchaser's escrow closed or the taxable year during which the purchaser acquired legal title to the dwelling.

(C) A taxpayer who claimed the solar energy tax credit in the state income tax return for the taxable year in which the solar energy

system was installed, may claim the credit in subsequent years for additions to the system or additional systems on the basis of the formula in this paragraph, so long as the total amount of the credit claimed does not exceed three thousand dollars ($3,000) per system.

(D) With regard to recreational or therapeutic solar energy water heating systems, the amount of the credit allowed by this section shall be 45 percent of the cost of the system for systems installed between January 1, 1981, and December 31, 1981, 35 percent of the cost of the system for systems installed between January 1, 1982, and December 31, 1982, and 25 percent of the cost of the systems installed after January 1, 1983, and before August 1, 1983. Such credit shall not exceed three thousand dollars ($3,000). No credit shall be allowed pursuant to this section with regard to recreational or therapeutic solar energy water heating systems installed on or after August 1, 1983.

(3) With regard to premises in California which are owned by the taxpayer, other than dwellings, the amount of the credit allowed by this section shall be 25 percent of the cost (as defined in subdivision (h)) of the solar energy system.

A taxpayer who claimed the solar energy tax credit in the state income tax return for the taxable year in which the solar energy system was installed, may claim the credit in subsequent years for additions to the system or additional systems by the amount prescribed by this paragraph.

(4) If a solar energy system serves two or more dwellings, the owner or owners of the system shall be eligible to receive the credit in proportion to the number of dwelling units served. The amount of the credit shall be determined by dividing the cost (as defined in paragraph (7)) of the solar energy system by the number of dwelling units served by the system, and applying the formula described in paragraph (2) or (6) to the per dwelling cost.

(5) Energy conservation measures applied in conjunction with solar energy systems to reduce the total cost or backup energy requirements of such systems shall be considered part of the systems, and shall be eligible for the tax credit. Qualified energy conservation measures installed within six months of the date of installation of the solar energy system are considered to be installed "in conjunction with" the solar energy system, even if the period spans two taxable years. In cases involving more than six months between the dates of installation of the energy conservation measures and the solar energy system, the taxpayer must be able to provide persuasive evidence that the energy conservation measures were in fact installed in conjunction with a solar energy system. Eligible conservation measures applied in conjunction with solar space heating shall include, but not be limited to, ceiling, wall, and floor insulation above that required by law at the time of original construction. Eligible conservation measures applied in conjunction with solar water heating shall include, but not be limited to, water heater insulation jackets, and shower and faucet flow reducing devices. Energy

conservation measures which shall be eligible for the tax credit when applied in conjunction with solar energy systems shall be defined by the Energy Resources Conservation and Development Commission as part of the solar energy system eligibility criteria.

(6) Taxpayers who lease a solar energy system installed on premises in California shall receive a tax credit as provided in subparagraphs (A) or (B) provided the lessee can confirm, if necessary, by a written document signed by the lessor that (i) the lessor irrevocably elects not to claim a state tax credit for the solar energy system, and (ii) if the system is installed in a locality served by a municipal solar utility, that the lessor holds a valid permit from the municipal solar utility. Leasing requirements may be established by the Energy Resources Conservation and Development Commission as part of the solar energy system eligibility criteria.

(A) Except as provided in subparagraph (B), the credit shall equal 55 percent of the cost (as defined in subdivision (h)) of the purchased portion, and 55 percent of the principal recovery portion (as defined in subdivision (h)) of the lease payments for the term of the lease, not to exceed 10 years. That credit shall not exceed three thousand dollars ($3,000) for each system. In any one year, the tax credit shall apply only to the principal recovery portion of lease payments made during that year and to amounts expended on the purchased portion of the solar energy system (including installation charges) during that year. For any solar energy system installed on or after August 1, 1983, the percentage specified by this subparagraph shall be 50 percent.

(B) In the case of premises other than dwellings, the credit shall equal 25 percent of the cost (as defined in subdivision (h)) of the purchased portion and 25 percent of the principal recovery portion (as defined in subdivision (h)) of the lease payments for the term of the lease, not to exceed 10 years.

(7) For purposes of computing the credit provided by this section, the cost of any solar energy system eligible for the credit provided by this section shall be reduced by any grant provided by a public entity for such system.

(b) The basis of any system for which a credit is allowed shall be reduced by the amount of the credit and any grant provided by a utility or public agency for such solar energy system. The basis adjustment shall be made for the taxable year for which the credit is allowed.

(c) With the exception of a husband and wife, if there is more than one owner of a premises on which a solar energy system is installed, each owner shall be eligible to receive the solar energy tax credit in proportion to his or her ownership interests in the premises.

(d) In the case of a partnership, the solar energy tax credit may be divided between the partners pursuant to a written partnership agreement. In the case of a husband or wife who files a separate return, the credit may be taken by either or equally divided between them.

(e) In the case where the credit allowed under this section exceeds the "net tax" for the taxable year, that portion of the credit which exceeds such "net tax" may be carried over to the "net tax" in succeeding taxable years, until such credit is used. The credit shall be applied first to the earliest years possible. With regard to solar energy systems installed between August 1, 1983, and December 31, 1983, no more than 50 percent of the allowable credits under this section shall be applied against the taxpayer's "net tax" for the 1983 taxable year. The remaining portion of the credit shall be carried over to succeeding taxable years until such credit is used.

(f) The Energy Resources Conservation and Development Commission shall, after one or more public hearings, establish guidelines and criteria for solar energy systems which shall be eligible for the credit provided by this section. Such guidelines and criteria may include, but shall not be limited to, minimum requirements for safety, reliability and durability of solar energy systems. The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section.

(g) To the extent that federal energy tax credits are allowed or allowable for costs incurred by a taxpayer for the purchase and installation of a solar energy system as defined in this section, the state credit provided in paragraph (2) of subdivision (a) and subparagraph (A) of paragraph (6) shall be reduced so that the combined effective credit shall not exceed 55 percent of such costs, notwithstanding the carryover provisions of subdivision (e). For any solar energy system installed on or after August 1, 1983, the percentage specified by this subdivision shall be 50 percent.

(h) For purposes of this section:

(1) "Installed" means placed in position in a functionally operative state.

(2) "Cost" includes all of the following:

(A) Equipment and installation charges.

(B) Compensation paid to the owner of burdened property in connection with the acquisition of a solar easement, as defined in Section 801.5 of the Civil Code, and the fees for the recording of this easement.

(C) In the case of a system which is leased, the principal recovery portion of lease payments, which is the cost incurred by the taxpayer in acquiring the solar energy system excluding interest charges and maintenance expenses.

"Cost" does not include interest charges and costs associated with the acquisition of an easement other than a solar easement.

(3) "Owner" includes duly recorded holders of legal title, lessees with at least three years remaining on their lease or easement granting use of the premises, a person purchasing premises under a contract of sale, or who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy to the premises, a person who is a member of a nonprofit corporation or association which is a duly recorded holder

of legal title, or a person who is a member of a nonprofit corporation or association which is a lessee with at least three years remaining on its lease.

(4) "Premises" means the principal stationary location in California where the system is installed for direct use or for purposes of sale of energy, and includes land, easements, buildings or portions thereof, and mobilehomes.

(5) "Dwelling" means a building, or portion thereof, used for residential purposes, and includes single-family residences, mobilehomes, and the individual units of condominiums, cooperatives, apartment buildings, or other similar multiple dwellings.

(6) (A) "Solar energy system" means the use of solar devices for the individual function of:

(i) Water heating.

(ii) Space conditioning.

(iii) Production of electricity.

(iv) Process heat.

(v) Solar mechanical energy.

(vi) Wind energy for the production of electricity or mechanical work.

The term "solar energy system" shall include, but is not limited to, passive thermal systems, semipassive thermal systems, active thermal systems, photovoltaic systems and wind-driven systems.

(B) Eligible solar energy systems shall have a useful life of not less than three years.

(7) "Solar device" means the equipment associated with the collection, conversion, transfer, distribution, storage or control of solar energy. In the case of a solar device associated with two or more solar energy systems, the credit allowed for the solar device may be taken for any one of the systems, or divided equally between them.

(8) "Passive thermal system" means a system which utilizes the structural elements of the building, and is not augmented by mechanical components, to provide for collection, storage, or distribution of solar energy for heating or cooling.

(9) "Active thermal system" means a system which utilizes solar devices thermally isolated from the living or commercial space to provide for collection, storage, or distribution of solar energy for heating or cooling.

(10) "Semipassive thermal system" means a system which utilizes the structural elements of a building and is augmented by mechanical components to provide for collection, storage, or distribution of solar energy for heating or cooling.

(11) "Municipal solar utility" means a city, county, or municipal utility district, or agency thereof, which sells or leases solar or other energy generating equipment or energy saving devices for residential, commercial, agricultural, or industrial uses or which issues permits to companies engaged in the leasing of this equipment.

(i) In lieu of claiming the tax credit provided by this section, the taxpayer may elect to take depreciation pursuant to Section 17250. In addition, the taxpayer may take depreciation pursuant to that section for the cost of a solar energy system in excess of the amount of the tax credit claimed under this section.

(j) No tax credit may be claimed under this section for any expenditures which have been otherwise claimed as a tax credit for the current or any prior taxable year as energy conservation measures under this part.

(k) This section shall remain in effect only until January 1, 1987, and on that date is repealed, unless a later enacted statute, which is chaptered before this date, deletes or extends the date. However, any unused credit may be used beyond that date on the same basis and to the same extent as permitted under the law immediately prior to January 1, 1987.

SEC. 2. Section 17250 of the Revenue and Taxation Code is amended to read:

(b) No deduction shall be allowed for any of the following:

(1) Amortization of certain railroad rolling stock as provided for by Section 184 of the Internal Revenue Code.

(2) Amortization of railroad grading and tunnel bores as provided for by Section 185 of the Internal Revenue Code.

(c) The deduction for amortization of pollution control facilities shall be determined in accordance with Section 17251, in lieu of Section 169 of the Internal Revenue Code.

(d) The capitalization of expenditures incurred in planting and developing fruit and nut groves shall be determined in accordance with Section 17261, in lieu of Section 278 of the Internal Revenue Code.

(e) For property used in a trade or business, or held for production of income, there shall be allowed as a depreciation deduction a reasonable allowance for the cost of a solar energy system and allowable conservation measures over a 60-month period for taxable years beginning before January 1, 1987.

SEC. 3. Section 23601 of the Revenue and Taxation Code is amended to read:

23601. (a) (1) There shall be allowed as a credit against the taxes imposed by this part (except the minimum franchise tax and the tax on preference income), an amount equal to the amount determined in paragraph (2), (3), or (6).

(2) Except as provided in subparagraphs (A) and (D) of this paragraph, the amount of the credit allowed by this section shall be 55 percent of the cost (as defined in subdivision (f)) incurred by the taxpayer for any solar energy system installed on premises in California which are owned by the taxpayer at the time of installation. For any such solar energy system installed on or after

August 1, 1983, the percentage specified by this paragraph, subparagraph (C), paragraph (6) (A), and subdivision (e) shall be 50 percent. Such credit shall not exceed three thousand dollars ($3,000) per solar energy system as defined in subdivision (f).

(A) Only the owner of the premises (as defined in subdivision (f)) on which the solar energy system is installed may claim the tax credit for costs incurred; however, an owner-builder or owner-developer of new single-family dwellings may elect not to claim the solar energy tax credit for any or all systems installed on new dwellings. If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new single-family dwelling on which the system is installed may claim the credit provided that the purchaser can confirm the election if necessary, by a written document signed by the owner-builder or owner-developer.

If an owner-builder or owner-developer of new single-family dwellings elects to claim the credit for any system for which the federal credit is allowed, the credit shall be equal to 15 percent of the cost of these systems. If an owner-builder or owner-developer of new single-family dwellings elects to claim the credit for any other installations which qualify for this credit, the credit shall be as defined in paragraph (2).

(B) The solar energy tax credit shall be claimed in the state return for the income year in which the solar energy system was installed; however, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new dwelling on which the system is installed may claim the credit for the year during which the purchaser's escrow closed or the year during which the purchaser acquired legal title to the dwelling.

(C) A taxpayer who claimed the solar energy tax credit in the state income tax return for the income year in which the solar energy system was installed, may claim the credit in subsequent years for additions to the system or additional systems on the basis of the formula in this paragraph, so long as the total amount of the credit claimed does not exceed three thousand dollars ($3,000) per system.

(D) With regard to recreational or therapeutic solar energy water heating systems, the amount of the credit allowed by this section shall be 45 percent of the cost of the system for systems installed between January 1, 1981, and December 31, 1981, 35 percent of the cost of the system for systems installed between January 1, 1982, and December 31, 1982, and 25 percent of the cost of the systems installed after January 1, 1983, and before August 1, 1983. Such credit shall not exceed three thousand dollars ($3,000). No credit shall be allowed pursuant to this section with regard to recreational or therapeutic solar energy water heating systems installed on or after August 1, 1983.

this section shall be 25 percent of the cost (as defined in subdivision (f)) of the solar energy system.

A taxpayer, who claimed the solar energy tax credit on the state income tax return for the income year in which the solar energy system was installed, may claim the credit in subsequent years for additions to the system or additional systems by the amount prescribed by this paragraph.

(4) If a solar energy system serves two or more dwellings, the owner or owners of the system shall be eligible to receive the credit in proportion to the number of dwelling units served. The amount of the credit shall be determined by dividing the cost (as defined in paragraph (8)) of the solar energy system by the number of dwelling units served by the system, and applying the formula described in paragraph (2) or (6) to the per dwelling cost.

(5) Energy conservation measures applied in conjunction with solar energy systems to reduce the total cost or backup energy requirements of such systems shall be considered part of the systems, and shall be eligible for the tax credit. Qualified energy conservation measures installed within six months of the date of installation of the solar energy system are considered to be installed "in conjunction with" the solar energy system, even if the period spans two taxable years. In cases involving more than six months between the dates of installation of the energy conservation measures and the solar energy system, the taxpayer must be able to provide persuasive evidence that the energy conservation measures were in fact installed in conjunction with a solar energy system. Eligible conservation measures applied in conjunction with solar space heating shall include, but not be limited to, ceiling, wall, and floor insulation above that required by law at the time of original construction. Eligible conservation measures applied in conjunction with solar water heating shall include, but not be limited to, water heater insulation jackets, and shower and faucet flow reducing devices. Energy conservation measures which shall be eligible for the tax credit when applied in conjunction with solar energy systems shall be defined by the Energy Resources Conservation and Development Commission as part of the solar energy system eligibility criteria.

(6) Taxpayers who lease a solar energy system installed on premises in California shall receive a tax credit as provided in subparagraphs (A) or (B) provided that the lessee can confirm, if necessary, by a written document signed by the lessor that (i) the lessor irrevocably elects not to claim a state tax credit for the solar energy system, and (ii) if the system is installed in a locality served by a municipal solar utility, that the lessor holds a valid permit from the municipal solar utility. Leasing requirements may be established by the Energy Resources Conservation and Development Commission as part of the solar energy system eligibility criteria.

(A) Except as provided in subparagraph (B), the credit shall equal 55 percent of the cost (as defined in subdivision (f)) of the purchased portion, and 55 percent of the principal recovery portion

(as defined in subdivision (f)) of the lease payments for the term of the lease, not to exceed 10 years. That credit shall not exceed three thousand dollars ($3,000) for each system. In any one year, the tax credit shall apply only to the principal recovery portion of lease payments made during that year and to amounts expended on the purchases portion of the solar energy system (including installation charges) during that year. For any solar energy system installed on or after August 1, 1983, the percentage specified by this subparagraph shall be 50 percent.

(B) In the case of premises other than dwellings, the credit shall equal 25 percent of the cost (as defined in subdivision (f)) of the purchased portion and 25 percent of the principal recovery portion (as defined in subdivision (f)) of the lease payments for the term of the lease, not to exceed 10 years.

(7) For purposes of computing the credit provided by this section, the cost of any solar energy system eligible for the credit provided by this section shall be reduced by any grant provided by a public agency for such system.

(b) The basis of any system for which a credit is allowed shall be reduced by the amount of the credit and grant provided by a utility or public agency for such solar energy system. The basis adjustment shall be made for the income year for which the credit is allowed.

In the case of a partnership, the solar energy tax credit may be divided between the partners pursuant to a written partnership agreement.

(c) In the case where the credit allowed under this section exceeds the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for the income year, that portion of the credit which exceeds such taxes may be carried over to the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) in succeeding income years until such credit is used. The credit shall be applied first to the earliest years possible. With regard to solar energy systems installed between August 1, 1983, and December 31, 1983, no more than 50 percent of the allowable credits under this section shall be applied against the taxpayer's "net tax" for the 1983 income year. The remaining portion of the credit shall be carried over to succeeding income years until such credit is used.

(d) The Energy Resources Conservation and Development Commission shall, after one or more public hearings, establish guidelines and criteria for solar energy systems which shall be eligible for the credit provided by this section. Such guidelines and criteria may include, but shall not be limited to, minimum requirements for safety, reliability and durability of solar energy systems. The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section.

(e) If federal income tax credit is enacted for costs incurred by a taxpayer for the purchase or lease and installation of solar energy systems, then to the extent such credit is allowed or allowable for a

solar energy system as defined in this section, the state credit provided in paragraph (2) of subdivision (a) and subparagraph (A) of paragraph (6) shall be reduced so that the combined effective credit shall not exceed 55 percent of such costs, notwithstanding the carryover provisions of subdivision (c). For any solar energy system installed on or after August 1, 1983, the percentage specified by this subdivision shall be 50 percent.

(f) The following definitions govern construction of this section:

(1) "Installed" means placed in position in a functionally operative state.

(2) "Cost" includes equipment and installation charges, but shall exclude interest charges. In the case of a system which is leased, "cost" means the principal recovery portion of lease payments which is the cost incurred by the taxpayer in acquiring the solar energy system, but excluding interest charges and maintenance expenses.

(3) "Owner" includes duly recorded holders of legal title, lessees with at least three years remaining on their lease or easement granting use of the premises, a person purchasing premises under a contract of sale, or who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy to the premises, a person who is a member of a nonprofit corporation or association which is a duly recorded holder of legal title, or a person who is a member of a nonprofit corporation or association which is a lessee with at least three years remaining on its lease.

collection, conversion, transfer, distribution, storage or control of solar energy. In the case of a solar device associated with two or more solar energy systems, the credit allowed for the solar device may be taken for any one of the systems, or divided equally between them.

(h) No tax credit may be claimed under this section for any expenditures which have been otherwise claimed as a tax credit for the current or any prior taxable year as energy conservation measures under this part.

(i) This section shall remain in effect only until January 1, 1987, and on that date is repealed, unless a later enacted statute, which is chaptered before this date, deletes or extends the date. However, any unused credit may be used beyond that date on the same basis and to the same extent as permitted under the law immediately prior to January 1, 1987.

SEC. 4. Section 24349 of the Revenue and Taxation Code, as added by Section 10 of Chapter 700 of the Statutes of 1982, is amended to read:

(1) Of property used in the trade or business; or

(2) Of property held for the production of income.

(b) For income years ending after December 31, 1958, the term "reasonable allowance" as used in subdivision (a) shall include (but shall not be limited to) an allowance computed in accordance with regulations prescribed by the Franchise Tax Board, under any of the

following methods:

(2) The declining balance method, using a rate not exceeding twice the rate which would have been used had the annual allowance been computed under the method described in paragraph (1).

(3) The sum of the years-digits method.

(4) Any other consistent method productive of an annual allowance which, when added to all allowances for the period commencing with the taxpayer's use of the property and including the income year, does not, during the first two-thirds of the useful life of the property, exceed the total of such allowances which would have been used had such allowances been computed under the method described in paragraph (2).

Nothing in this subsection shall be construed to limit or reduce an allowance otherwise allowable under subdivision (a).

(c) For property used in a trade or business, or held for production of income, there shall be allowed as a depreciation deduction a reasonable allowance for the cost of a solar energy system and allowable conservation measures over a 60-month period.

(d) This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1987, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1987, pursuant to Section 9611 of the Government Code, Section 24349 of the Revenue and Taxation Code, added by Section 10 of Chapter 700 of the Statutes of 1982, shall have the same force and effect as if this temporary provision had not been enacted.

[Approved by Governor September 29, 1983 Filed with Secretary of State September 30, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 12419.8 is added to the Government Code, to read:

12419.8. (a) For the purposes of Section 12419.5, an amount due a state agency from a person or entity shall include any amount due an educational institution authorized pursuant to subdivision (a) of Section 94310 of the Education Code from a person for repayment of federally subsidized student loans. The Controller may establish procedures to minimize administrative costs of collecting obligations pursuant to this section.

(b) If the Controller, in his or her discretion, offsets an amount due an educational institution from a person pursuant to Section 12419.5, the Controller shall remit the amount offset to the educational institution.

(c) Offset pursuant to Section 12419.5 and this section shall be limited to amounts due a person on a claim for a personal income tax refund. Whenever the amount available is insufficient to offset all amounts due state agencies, the amount available shall be applied in such manner as the Controller, in his or her discretion, shall determine.

(d) The Controller shall deduct and retain from any amount offset pursuant to this section an amount sufficient to reimburse the Controller and the Franchise Tax Board for the administrative costs of processing the request for an offset.

CHAPTER 1244

An act to amend Sections 11580.06, 11580.2, and 11580.9 of the Insurance Code, and to amend Section 16451 of the Vehicle Code, relating to insurance.

[Approved by Governor September 29, 1983 Filed with Secretary of State September 30, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 11580.06 of the Insurance Code is amended to read:

11580.06. Except as may be otherwise provided in this article:

(a) The term "motor vehicle" means any vehicle designed for use principally upon streets and highways and subject to motor vehicle registration under the laws of this state.

(b) The term "insured" shall include the person or persons to whom any policy subject to this article is issued as named insured and any other person to whom coverage is afforded under the terms of any such policy.

(c) The term "bodily injury" shall include sickness or disease, including death resulting therefrom.

(d) The term "automobile" means any self-propelled motor vehicle, with neither more than nor less than four wheels, designed for use principally upon streets and highways and subject to motor vehicle registration under the laws of this state.

(e) The term "arrest" shall have the same meaning as set forth in Section 834 of the Penal Code.

(f) The term "operated by" or "when operating" shall be conclusively presumed to describe the conduct of the person sitting immediately behind the steering controls of the motor vehicle.

SEC. 2. Section 11580.2 of the Insurance Code is amended to read:

11580.2. (a) (1) No policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle, except for policies which provide insurance in the Republic of Mexico issued or delivered in this state by nonadmitted Mexican insurers, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be issued or delivered by any insurer licensed in this state upon any motor vehicle then principally used or principally garaged in this state, unless the policy contains, or has added to it by endorsement, a provision with coverage limits at least equal to the limits specified in subdivision (m) and in no case less than the financial responsibility requirements specified in Section 16056 of the Vehicle Code insuring the insured, the insured's heirs or legal representative for all sums within such limits which he, she, or they, as the case may be, shall be legally entitled to recover as damages for bodily injury or wrongful death from the owner or operator of an uninsured motor vehicle. The insurer and any named insured, prior to or subsequent to the issuance or renewal of a policy, may, by agreement in writing, in the form specified in paragraph (2), delete the provision covering damage caused by an uninsured motor vehicle (1) completely, or (2) delete such coverage when a motor vehicle is operated by a natural person or persons designated by name, or agree to provide such coverage in an amount less than that required by subdivision (m) but not less than the financial responsibility requirements specified in Section 16056 of the Vehicle Code. Any such agreements by any named insured or agreement for the amount of coverage shall be binding upon every insured to whom the policy or endorsement provisions apply while the policy is in force, and shall continue to be so binding with respect to any continuation, renewal, or replacement

of the policy by the named insured, or with respect to reinstatement of the policy within 30 days of any lapse thereof. A policy shall be excluded from the application of this section if the only coverage with respect to the use of any motor vehicle is limited to the contingent liability arising out of the use of nonowned motor vehicles.

(2) The agreement specified in paragraph (1) shall be in the following form:

"The California Insurance Code requires an insurer to provide uninsured motorists coverage in each bodily injury liability insurance policy it issues covering liability arising out of the ownership, maintenance, or use of a motor vehicle. Such section also permits the insurer and the applicant to delete such coverage completely or to delete such coverage when a motor vehicle is operated by a natural person or persons designated by name, or agree to provide such coverage in an amount less than that required by subdivision (m) of Section 11580.2 of the Insurance Code, but not less than the financial responsibility requirements. Uninsured motorists coverage insures the insured, his heirs, or legal representatives for all sums within the limits established by law, which such person or persons are legally entitled to recover as damages for bodily injury, including any resulting sickness, disease, or death, to him from the owner or operator of an uninsured motor vehicle not owned or operated by the insured."

The agreement may contain additional statements not in derogation of or in conflict with the foregoing. The execution of the agreement shall relieve the insurer of liability under this section while the agreement remains in effect.

(b) As used in (a) above, "bodily injury" includes sickness or disease, including death, resulting therefrom; the term "named insured" means only the individual or organization named in the declarations of the policy of motor vehicle bodily injury liability insurance referred to in (a) above; as used in (a) above the term "insured" means the named insured and the spouse of the named insured and, while residents of the same household, relatives of either while occupants of a motor vehicle or otherwise, heirs and any other person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he or she is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply; the term "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist endorsement or coverage is a part, a temporary substitute automobile for which liability coverage is provided in the policy or a newly acquired automobile for which liability coverage is provided in the policy if the motor vehicle is used by the named insured or with his or her permission or consent, express or implied, and any other automobile not owned by the named insured or any resident of the same household, or by a natural person or persons for whom

coverage has been deleted in accordance with subdivision (a) while being operated by the named insured or his or her spouse if a resident of the same household, but the term "insured motor vehicle" shall not include any automobile while used as a public or livery conveyance. As used in this section, the term "uninsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance or use of which there is no bodily injury liability insurance or bond applicable at the time of the accident, or there is such applicable insurance or bond but the company writing the same denies coverage thereunder or refuses to admit coverage thereunder except conditionally or with reservation, or a motor vehicle used without the permission of the owner thereof if there is no bodily injury liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof, or the owner or operator thereof be unknown, provided that, with respect to an "uninsured motor vehicle" whose owner or operator is unknown:

(1) The bodily injury has arisen out of physical contact of the automobile with the insured or with an automobile which the insured is occupying.

(2) The insured or someone on his or her behalf shall have reported the accident within 24 hours to the police department of the city where the accident occurred or, if the accident occurred in unincorporated territory then either the sheriff of the county where the accident occurred or the local headquarters of the California Highway Patrol, and have filed with the insurer within 30 days thereafter a statement under oath that the insured or his or her legal representative has or the insured's heirs have a cause of action arising out of the accident for damages against a person or persons whose identity is unascertainable and set forth facts in support thereof. As used in this section, the term "uninsured motor vehicle" shall not include a motor vehicle owned or operated by the named insured or any resident of the same household or self-insured within the meaning of the Safety Responsibility Law of the state in which the motor vehicle is registered or which is owned by the United States of America, Canada, a state or political subdivision of any such government or an agency of any of the foregoing, or a land motor vehicle or trailer operated on rails or crawler treads or while located for use as a residence or premises and not as a vehicle, or a farm-type tractor or equipment designed for use principally off public roads, except while actually upon public roads.

As used in this section, the term "uninsured motor vehicle" also means an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency. An insurer's solvency protection shall be applicable only to accidents occurring during a policy period in which its insured's motor vehicle coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one year of the accident. In the event of payment to any person under the coverage required by this section

and subject to the terms and conditions of such coverage, the insurer making the payment, shall to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent insurer through any settlement or judgment of the person against the insolvent insurer.

(c) The insurance coverage provided for in this section does not apply either as primary or as excess coverage to:

(1) To property damage sustained by the insured.

(2) To bodily injury of the insured while in or upon or while entering into or alighting from a motor vehicle other than the described motor vehicle if the owner thereof has insurance similar to that provided in this section.

(3) To bodily injury of the insured with respect to which the insured or his or her representative shall, without the written consent of the insurer, make any settlement with or prosecute to judgment any action against any person who may be legally liable therefor.

(4) In any instance where it would inure directly or indirectly to the benefit of any workers' compensation carrier or to any person qualified as a self-insurer under any workers' compensation law, or directly to the benefit of the United States, or any state or any political subdivision thereof.

(5) To establish proof of financial responsibility as provided in subdivisions (a) (b), and (c) of Section 16054 of the Vehicle Code.

(6) To bodily injury of the insured while occupying a motor vehicle owned by an insured, unless the occupied vehicle is an insured motor vehicle.

(7) To bodily injury of the insured when struck by a vehicle owned by an insured.

(d) Subject to paragraph (2) of subdivision (c), the policy or endorsement may provide that if the insured has insurance available to the insured under more than one uninsured motorist coverage provision, any damages shall not be deemed to exceed the higher of the applicable limits of the respective coverages, and such damages shall be prorated between the applicable coverages as the limits of each coverage bear to the total of such limits.

(e) The policy or endorsement added thereto may provide that if the insured has valid and collectible automobile medical payment insurance available to him or her, the damages which the insured shall be entitled to recover from the owner or operator of an uninsured motor vehicle shall be reduced for purposes of uninsured motorist coverage by the amounts paid or due to be paid under the automobile medical payment insurance. This subdivision shall become operative on January 1, 1971.

(f) The policy or an endorsement added thereto shall provide that the determination as to whether the insured shall be legally entitled to recover damages, and if so entitled, the amount thereof, shall be made by agreement between the insured and the insurer or, in the event of disagreement, by arbitration. The arbitration shall be

conducted by a single neutral arbitrator. An award or a judgment confirming an award shall not be conclusive on any party in any action or proceeding between (i) the insured, his or her insurer, his or her legal representative, or his or her heirs and (ii) the uninsured motorist to recover damages arising out of the accident upon which the award is based. If the insured has or may have rights to benefits, other than nonoccupational disability benefits, under any workers' compensation law, the arbitrator shall not proceed with the arbitration until the insured's physical condition is stationary and ratable. In those cases in which the insured claims a permanent disability, the claims shall, unless good cause be shown, be adjudicated by award or settled by compromise and release before the arbitration may proceed. Any demand or petition for arbitration shall contain a declaration, under penalty of perjury, stating whether (i) the insured has a workers' compensation claim; (ii) the claim has proceeded to findings and award or settlement on all issues reasonably contemplated to be determined in that claim; and (iii) if not, what reasons amounting to good cause are grounds for the arbitration to proceed immediately. The provisions of Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure shall be applicable to these determinations, and all rights, remedies, obligations, liabilities and procedures set forth in Article 3 shall be available to both the insured and the insurer at any time after the accident, both before and after the commencement of arbitration, if any, with the following limitations:

(1) Whenever in Article 3, reference is made to the court in which the action is pending, or provision is made for application to the court or obtaining leave of court or approval by the court, the court which shall have jurisdiction for the purposes of this section shall be the superior court of the State of California, in and for any county which is a proper county for the filing of a suit for bodily injury arising out of the accident, against the uninsured motorist, or any county specified in the policy or an endorsement added thereto as a proper county for arbitration or action thereon.

(2) Any such proper court to which application is first made by either the insured or the insurer under the provisions of Article 3 for any discovery or other relief or remedy, shall thereafter be the only court to which either of the parties shall make any applications under Article 3 with respect to the same accident, subject, however, to the right of the court to grant a change of venue after a hearing upon notice, upon any of the grounds upon which change of venue might be granted in an action filed in the superior court.

(3) A deposition pursuant to the provisions of Section 2016 of the Code of Civil Procedure may be taken without leave of court, except that leave of court, granted with or without notice and for good cause shown, must be obtained if the notice of the taking of the deposition is served by either party within 20 days after the accident.

(4) The provisions of paragraph (4) of subdivision (a) of Section

2019 of the Code of Civil Procedure shall not be applicable to discovery under this section.

(5) For the purposes of discovery under this section, the insured and the insurer shall each be deemed to be "a party to the record of any civil action or proceedings," where that phrase is used in paragraph (2) of subdivision (b) of Section 2019 of the Code of Civil Procedure.

(6) Interrogatories under the provisions of Section 2030 of the Code of Civil Procedure and requests for admission under Section 2033 of the Code of Civil Procedure may be served by either the insured or the insurer upon the other at any time more than 20 days after the accident without leave of court.

(7) Nothing in this section shall be construed to limit the rights of any party to discovery in any action pending or which may hereafter be pending in any court.

(g) The insurer paying a claim under an uninsured motorist endorsement or coverage shall be entitled to be subrogated to the rights of the insured to whom such claim was paid against any person legally liable for such injury or death to the extent that payment was made. Such action may be brought within three years from the date that payment was made hereunder.

(h) An insured entitled to recovery under the uninsured motorist endorsement or coverage shall be reimbursed within the conditions stated herein without being required to sign any release or waiver of rights to which he or she may be entitled under any other insurance coverage applicable; nor shall payment under this section to such insured be delayed or made contingent upon the decisions as to liability or distribution of loss costs under other bodily injury liability insurance or any bond applicable to the accident. Any loss payable under the terms of the uninsured motorist endorsement or coverage to or for any person may be reduced:

(1) By the amount paid and the present value of all amounts payable to him or her, his or her executor, administrator, heirs, or legal representative under any workers' compensation law, exclusive of nonoccupational disability benefits.

(2) By the amount the insured is entitled to recover from any other person insured under the underlying liability insurance policy of which the uninsured motorist endorsement or coverage is a part.

(i) No cause of action shall accrue to the insured under any policy or endorsement provision issued pursuant to this section unless within one year from the date of the accident:

(1) Suit for bodily injury has been filed against the uninsured motorist, in a court of competent jurisdiction and notice of such suit has been given the insurer, or

(2) Agreement as to the amount due under the policy has been concluded, or

(3) The insured has formally instituted arbitration proceedings.

(j) Notwithstanding the provisions of subdivisions (b) and (i), in the event the accident occurs in any other state or foreign

jurisdiction to which coverage is extended under the policy and the insurer of the tortfeasor becomes insolvent, any action authorized pursuant to the provisions of this section may be maintained within three months of the insolvency of the tortfeasor's insurer, but in no event later than the pertinent period of limitation of the jurisdiction in which the accident occurred.

(k) Notwithstanding the provisions of subdivision (i), any insurer whose insured has made a claim under his or her uninsured motorist coverage, and such claim is pending, shall, at least 30 days before the expiration of the applicable statute of limitation, notify its insured in writing of the statute of limitation applicable to the injury or death. Failure of the insurer to provide the written notice shall operate to toll any applicable statute of limitation or other time limitation for a period of 30 days from the date the written notice is actually given. The notice shall not be required if the insurer has received notice that the insured is represented by an attorney.

(*l*) As used in subdivision (b), "public or livery conveyance," or terms of similar import, shall not include the operation or use of a motor vehicle by the named insured in the performance of volunteer services for a nonprofit charitable organization or governmental agency by providing social service transportation as defined in subdivision (f) of Section 11580.1. This subdivision shall apply only to policies of insurance issued, amended, or renewed on or after January 1, 1976.

(m) Coverage provided under an uninsured motorist endorsement or coverage shall be offered with coverage limits equal to the limits of liability for bodily injury in the underlying policy of insurance, but shall not be required to be offered with limits in excess of the following amounts:

(1) A limit of thirty thousand dollars ($30,000) because of bodily injury to or death of one person in any one accident.

(2) Subject to the limit for one person set forth in paragraph (1), a limit of sixty thousand dollars ($60,000) because of bodily injury to or death of two or more persons in any one accident.

(n) If an insured has failed to provide an insurer with wage loss information or medical treatment record releases within 15 days of the insurer's request or has failed to submit to a medical examination arranged by the insurer within 20 days of the insurer's request, the insurer may, at any time prior to 30 days before the actual arbitration proceedings commence, request, and the insured shall furnish, wage loss information or medical treatment record releases, and the insurer may require the insured, except during periods of hospitalization, to make himself or herself available for a medical examination. The wage loss information or medical treatment record releases shall be submitted by the insured within 10 days of request and the medical examination shall be arranged by the insurer no sooner than 10 days after request, unless the insured agrees to an earlier examination date, not later than 20 days after the request. If the insured fails to comply with the requirements of this subdivision,

the actual arbitration proceedings shall be stayed for at least 30 days following compliance by the insured. The proceedings shall be scheduled as soon as practicable following expiration of the 30-day period.

SEC. 2.5. Section 11580.2 of the Insurance Code is amended to read:

11580.2. (a) (1) No policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle, except for policies which provide insurance in the Republic of Mexico issued or delivered in this state by nonadmitted Mexican insurers, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be issued or delivered by any insurer licensed in this state upon any motor vehicle then principally used or principally garaged in this state, unless the policy contains, or has added to it by endorsement, a provision with coverage limits at least equal to the limits specified in subdivision (m) and in no case less than the financial responsibility requirements specified in Section 16056 of the Vehicle Code insuring the insured, the insured's heirs or legal representative for all sums within such limits which he, she, or they, as the case may be, shall be legally entitled to recover as damages for bodily injury or wrongful death from the owner or operator of an uninsured motor vehicle. The insurer and any named insured, prior to or subsequent to the issuance or renewal of a policy, may, by agreement in writing, in the form specified in paragraph (2), delete the provision covering damage caused by an uninsured motor vehicle (1) completely, or (2) delete such coverage when a motor vehicle is operated by a natural person or persons designated by name, or agree to provide such coverage in an amount less than that required by subdivision (m) but not less than the financial responsibility requirements specified in Section 16056 of the Vehicle Code. Any such agreements by any named insured or agreement for the amount of coverage shall be binding upon every insured to whom the policy or endorsement provisions apply while the policy is in force, and shall continue to be so binding with respect to any continuation or renewal of the policy or with respect to any other policy which extends, changes, supersedes, or replaces the policy issued to the named insured by the same insurer, or with respect to reinstatement of the policy within 30 days of any lapse thereof. A policy shall be excluded from the application of this section if the only coverage with respect to the use of any motor vehicle is limited to the contingent liability arising out of the use of nonowned motor vehicles or if the automobile liability coverage is provided only on an excess or umbrella basis. Nothing in this section shall be construed to require that uninsured motorist coverage shall be offered or provided in any homeowner policy, personal and residents' liability policy, comprehensive personal liability policy, manufacturers' and contractors' policy, premises liability policy, special multiperil policy, or any other policy or endorsement where automobile liability coverage is offered as

incidental to some other basic coverage, notwithstanding that the policy may provide automobile or motor vehicle liability coverage on insured premises or the ways immediately adjoining.

(2) The agreement specified in paragraph (1) shall be in the following form:

"The California Insurance Code requires an insurer to provide uninsured motorists coverage in each bodily injury liability insurance policy it issues covering liability arising out of the ownership, maintenance, or use of a motor vehicle. Such section also permits the insurer and the applicant to delete such coverage completely or to delete such coverage when a motor vehicle is operated by a natural person or persons designated by name, or agree to provide such coverage in an amount less than that required by subdivision (m) of Section 11580.2 of the Insurance Code, but not less than the financial responsibility requirements. Uninsured motorists coverage insures the insured, his heirs, or legal representatives for all sums within the limits established by law, which such person or persons are legally entitled to recover as damages for bodily injury, including any resulting sickness, disease, or death, to him from the owner or operator of an uninsured motor vehicle not owned or operated by the insured."

The agreement may contain additional statements not in derogation of or in conflict with the foregoing. The execution of the agreement shall relieve the insurer of liability under this section while the agreement remains in effect.

(b) As used in (a) above, "bodily injury" includes sickness or disease, including death, resulting therefrom; the term "named insured" means only the individual or organization named in the declarations of the policy of motor vehicle bodily injury liability insurance referred to in (a) above; as used in (a) above the term "insured" means the named insured and the spouse of the named insured and, while residents of the same household, relatives of either while occupants of a motor vehicle or otherwise, heirs and any other person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he or she is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply; the term "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist endorsement or coverage is a part, a temporary substitute automobile for which liability coverage is provided in the policy or a newly acquired automobile for which liability coverage is provided in the policy if the motor vehicle is used by the named insured or with his or her permission or consent, express or implied, and any other automobile not owned by the named insured or any resident of the same household, or by a natural person or persons for whom coverage has been deleted in accordance with subdivision (a) while being operated by the named insured or his or her spouse if a resident of the same household, but the term "insured motor

vehicle" shall not include any automobile while used as a public or livery conveyance. As used in this section, the term "uninsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance or use of which there is no bodily injury liability insurance or bond applicable at the time of the accident, or there is such applicable insurance or bond but the company writing the same denies coverage thereunder or refuses to admit coverage thereunder except conditionally or with reservation, or a motor vehicle used without the permission of the owner thereof if there is no bodily injury liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof, or the owner or operator thereof be unknown, provided that, with respect to an "uninsured motor vehicle" whose owner or operator is unknown:

(1) The bodily injury has arisen out of physical contact of the automobile with the insured or with an automobile which the insured is occupying.

(2) The insured or someone on his or her behalf shall have reported the accident within 24 hours to the police department of the city where the accident occurred or, if the accident occurred in unincorporated territory then either the sheriff of the county where the accident occurred or the local headquarters of the California Highway Patrol, and have filed with the insurer within 30 days thereafter a statement under oath that the insured or his or her legal representative has or the insured's heirs have a cause of action arising out of the accident for damages against a person or persons whose identity is unascertainable and set forth facts in support thereof. As used in this section, the term "uninsured motor vehicle" shall not include a motor vehicle owned or operated by the named insured or any resident of the same household or self-insured within the meaning of the Safety Responsibility Law of the state in which the motor vehicle is registered or which is owned by the United States of America, Canada, a state or political subdivision of any such government or an agency of any of the foregoing, or a land motor vehicle or trailer operated on rails or crawler treads or while located for use as a residence or premises and not as a vehicle, or a farm-type tractor or equipment designed for use principally off public roads, except while actually upon public roads.

As used in this section, the term "uninsured motor vehicle" also means an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency. An insurer's solvency protection shall be applicable only to accidents occurring during a policy period in which its insured's motor vehicle coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one year of the accident. In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of such coverage, the insurer making the payment, shall to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent

insurer through any settlement or judgment of the person against the insolvent insurer.

(c) The insurance coverage provided for in this section does not apply either as primary or as excess coverage to:

(1) To property damage sustained by the insured.

(2) To bodily injury of the insured while in or upon or while entering into or alighting from a motor vehicle other than the described motor vehicle if the owner thereof has insurance similar to that provided in this section.

(3) To bodily injury of the insured with respect to which the insured or his or her representative shall, without the written consent of the insurer, make any settlement with or prosecute to judgment any action against any person who may be legally liable therefor.

(4) In any instance where it would inure directly or indirectly to the benefit of any workers' compensation carrier or to any person qualified as a self-insurer under any workers' compensation law, or directly to the benefit of the United States, or any state or any political subdivision thereof.

(5) To establish proof of financial responsibility as provided in subdivisions (a), (b), and (c) of Section 16054 of the Vehicle Code.

(6) To bodily injury of the insured while occupying a motor vehicle owned by an insured, unless the occupied vehicle is an insured motor vehicle.

(7) To bodily injury of the insured when struck by a vehicle owned by an insured.

(d) Subject to paragraph (2) of subdivision (c), the policy or endorsement may provide that if the insured has insurance available to the insured under more than one uninsured motorist coverage provision, any damages shall not be deemed to exceed the higher of the applicable limits of the respective coverages, and such damages shall be prorated between the applicable coverages as the limits of each coverage bear to the total of such limits.

(e) The policy or endorsement added thereto may provide that if the insured has valid and collectible automobile medical payment insurance available to him or her, the damages which the insured shall be entitled to recover from the owner or operator of an uninsured motor vehicle shall be reduced for purposes of uninsured motorist coverage by the amounts paid or due to be paid under the automobile medical payment insurance. This subdivision shall become operative on January 1, 1971

(f) The policy or an endorsement added thereto shall provide that the determination as to whether the insured shall be legally entitled to recover damages, and if so entitled, the amount thereof, shall be made by agreement between the insured and the insurer or, in the event of disagreement, by arbitration. The arbitration shall be conducted by a single neutral arbitrator. An award or a judgment confirming an award shall not be conclusive on any party in any action or proceeding between (i) the insured, his or her insurer, his

or her legal representative, or his or her heirs and (ii) the uninsured motorist to recover damages arising out of the accident upon which the award is based. If the insured has or may have rights to benefits, other than nonoccupational disability benefits, under any workers' compensation law, the arbitrator shall not proceed with the arbitration until the insured's physical condition is stationary and ratable. In those cases in which the insured claims a permanent disability, the claims shall, unless good cause be shown, be adjudicated by award or settled by compromise and release before the arbitration may proceed. Any demand or petition for arbitration shall contain a declaration, under penalty of perjury, stating whether (i) the insured has a workers' compensation claim; (ii) the claim has proceeded to findings and award or settlement on all issues reasonably contemplated to be determined in that claim; and (iii) if not, what reasons amounting to good cause are grounds for the arbitration to proceed immediately. The arbitration shall be deemed to be a proceeding and the hearing before the arbitrator shall be deemed to be the trial of an issue therein for purposes of issuance of a subpoena by an attorney of a party to the arbitration under Section 1985 of the Code of Civil Procedure. The provisions of Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure shall be applicable to these determinations, and all rights, remedies, obligations, liabilities and procedures set forth in Article 3 shall be available to both the insured and the insurer at any time after the accident, both before and after the commencement of arbitration, if any, with the following limitations:

(1) Whenever in Article 3, reference is made to the court in which the action is pending, or provision is made for application to the court or obtaining leave of court or approval by the court, the court which shall have jurisdiction for the purposes of this section shall be the superior court of the State of California, in and for any county which is a proper county for the filing of a suit for bodily injury arising out of the accident, against the uninsured motorist, or any county specified in the policy or an endorsement added thereto as a proper county for arbitration or action thereon.

(2) Any such proper court to which application is first made by either the insured or the insurer under the provisions of Article 3 for any discovery or other relief or remedy, shall thereafter be the only court to which either of the parties shall make any applications under Article 3 with respect to the same accident, subject, however, to the right of the court to grant a change of venue after a hearing upon notice, upon any of the grounds upon which change of venue might be granted in an action filed in the superior court.

(3) A deposition pursuant to the provisions of Section 2016 of the Code of Civil Procedure may be taken without leave of court, except that leave of court, granted with or without notice and for good cause shown, must be obtained if the notice of the taking of the deposition is served by either party within 20 days after the accident.

(4) The provisions of paragraph (4) of subdivision (a) of Section 2019 of the Code of Civil Procedure shall not be applicable to discovery under this section.

(5) For the purposes of discovery under this section, the insured and the insurer shall each be deemed to be "a party to the record of any civil action or proceedings," where that phrase is used in paragraph (2) of subdivision (b) of Section 2019 of the Code of Civil Procedure.

(6) Interrogatories under the provisions of Section 2030 of the Code of Civil Procedure and requests for admission under Section 2033 of the Code of Civil Procedure may be served by either the insured or the insurer upon the other at any time more than 20 days after the accident without leave of court.

(7) Nothing in this section shall be construed to limit the rights of any party to discovery in any action pending or which may hereafter be pending in any court.

(g) The insurer paying a claim under an uninsured motorist endorsement or coverage shall be entitled to be subrogated to the rights of the insured to whom such claim was paid against any person legally liable for such injury or death to the extent that payment was made. Such action may be brought within three years from the date that payment was made hereunder.

(h) An insured entitled to recovery under the uninsured motorist endorsement or coverage shall be reimbursed within the conditions stated herein without being required to sign any release or waiver of rights to which he or she may be entitled under any other insurance coverage applicable; nor shall payment under this section to such insured be delayed or made contingent upon the decisions as to liability or distribution of loss costs under other bodily injury liability insurance or any bond applicable to the accident. Any loss payable under the terms of the uninsured motorist endorsement or coverage to or for any person may be reduced:

(1) By the amount paid and the present value of all amounts payable to him or her, his or her executor, administrator, heirs, or legal representative under any workers' compensation law, exclusive of nonoccupational disability benefits.

(2) By the amount the insured is entitled to recover from any other person insured under the underlying liability insurance policy of which the uninsured motorist endorsement or coverage is a part.

(i) No cause of action shall accrue to the insured under any policy or endorsement provision issued pursuant to this section unless within one year from the date of the accident:

(1) Suit for bodily injury has been filed against the uninsured motorist, in a court of competent jurisdiction and notice of such suit has been given the insurer, or

(2) Agreement as to the amount due under the policy has been concluded, or

(3) The insured has formally instituted arbitration proceedings.

(j) Notwithstanding the provisions of subdivisions (b) and (i), in

the event the accident occurs in any other state or foreign jurisdiction to which coverage is extended under the policy and the insurer of the tortfeasor becomes insolvent, any action authorized pursuant to the provisions of this section may be maintained within three months of the insolvency of the tortfeasor's insurer, but in no event later than the pertinent period of limitation of the jurisdiction in which the accident occurred.

(k) Notwithstanding the provisions of subdivision (i), any insurer whose insured has made a claim under his or her uninsured motorist coverage, and such claim is pending, shall, at least 30 days before the expiration of the applicable statute of limitation, notify its insured in writing of the statute of limitation applicable to the injury or death. Failure of the insurer to provide the written notice shall operate to toll any applicable statute of limitation or other time limitation for a period of 30 days from the date the written notice is actually given. The notice shall not be required if the insurer has received notice that the insured is represented by an attorney.

(*l*) As used in subdivision (b), "public or livery conveyance," or terms of similar import, shall not include the operation or use of a motor vehicle by the named insured in the performance of volunteer services for a nonprofit charitable organization or governmental agency by providing social service transportation as defined in subdivision (f) of Section 11580.1. This subdivision shall apply only to policies of insurance issued, amended, or renewed on or after January 1, 1976.

(m) Coverage provided under an uninsured motorist endorsement or coverage shall be offered with coverage limits equal to the limits of liability for bodily injury in the underlying policy of insurance, but shall not be required to be offered with limits in excess of the following amounts:

(1) A limit of thirty thousand dollars ($30,000) because of bodily injury to or death of one person in any one accident.

(2) Subject to the limit for one person set forth in paragraph (1), a limit of sixty thousand dollars ($60,000) because of bodily injury to or death of two or more persons in any one accident.

(n) If an insured has failed to provide an insurer with wage loss information or medical treatment record releases within 15 days of the insurer's request or has failed to submit to a medical examination arranged by the insurer within 20 days of the insurer's request, the insurer may, at any time prior to 30 days before the actual arbitration proceedings commence, request, and the insured shall furnish, wage loss information or medical treatment record releases, and the insurer may require the insured, except during periods of hospitalization, to make himself or herself available for a medical examination. The wage loss information or medical treatment record releases shall be submitted by the insured within 10 days of request and the medical examination shall be arranged by the insurer no sooner than 10 days after request, unless the insured agrees to an earlier examination date, and not later than 20 days after the request.

If the insured fails to comply with the requirements of this subdivision, the actual arbitration proceedings shall be stayed for at least 30 days following compliance by the insured. The proceedings shall be scheduled as soon as practicable following expiration of the 30-day period.

SEC. 3. Section 11580.9 of the Insurance Code is amended to read:

11580.9. (a) Where two or more policies affording valid and collectible automobile liability insurance apply to the same motor vehicle in an occurrence out of which a liability loss shall arise, and one policy affords coverage to a named insured engaged in the business of selling, repairing, servicing, delivering, testing, road-testing, parking, or storing motor vehicles, then both of the following shall be conclusively presumed:

(1) If, at the time of loss, the motor vehicle is being operated by any person engaged in any of these businesses, or by his or her employee or agent, the insurance afforded by the policy issued to the person engaged in the business shall be primary, and the insurance afforded by any other policy shall be excess.

(2) If, at the time of loss, the motor vehicle is being operated by any person other than as described in paragraph (1), the insurance afforded by the policy issued to any person engaged in any of these businesses shall be excess over all other insurance available to the operator as a named insured or otherwise.

(b) Where two or more policies apply to the same loss, and one policy affords coverage to a named insured engaged in the business of renting or leasing motor vehicles without operators, it shall be conclusively presumed that the insurance afforded by such policy to a person other than the named insured or his or her agent or employee, shall be excess over and not concurrent with, any other valid and collectible insurance applicable to the same loss covering the person as a named insured or as an additional insured under a policy with limits at least equal to the financial responsibility requirements specified in Section 16056 of the Vehicle Code. The presumption provided by this subdivision shall apply only if, at the time of the loss, the involved motor vehicle either:

(1) Qualifies as a "commercial vehicle" as that term is used in Section 260 of the Vehicle Code.

(2) Has been leased for a term of six months or longer.

(c) Where two or more policies are applicable to the same loss arising out of the loading or unloading of a motor vehicle, and one or more of the policies is issued to the owner, tenant, or lessee of the premises on which the loading or unloading occurs, it shall be conclusively presumed that the insurance afforded by the policy covering the motor vehicle shall not be primary, notwithstanding anything to the contrary in any endorsement required by law to be placed on the policy, but shall be excess over all other valid and collectible insurance applicable to the same loss with limits up to the financial responsibility requirements specified in Section 16056 of the

Vehicle Code; and, in such event, the two or more policies shall not be construed as providing concurrent coverage, and only the insurance afforded by the policy or policies covering the premises on which the loading or unloading occurs shall be primary and the policy or policies shall cover as an additional insured with respect to the loading or unloading operations all employees of the owner, tenant, or lessee while acting in the course and scope of their employment.

(d) Except as provided in subdivisions (a), (b), and (c), where two or more policies affording valid and collectible liability insurance apply to the same motor vehicle in an occurrence out of which a liability loss shall arise, it shall be conclusively presumed that the insurance afforded by that policy in which the motor vehicle is described or rated as an owned automobile shall be primary and the insurance afforded by any other policy or policies shall be excess.

(e) Any insurance policy which, under the terms of subdivisions (a) to (d), inclusive, applies as excess coverage may provide with respect to any primary policy or to any loss to which primary insurance is not valid and collectible in whole or in part, that the excess policy shall apply only to the extent necessary to provide the insured with the coverage limits specified in Section 16056 of the Vehicle Code.

(f) The presumptions stated in subdivisions (a) to (d), inclusive, may be modified or amended only by written agreement signed by all insurers who have issued a policy or policies applicable to a loss described in these subdivisions and all named insureds under these policies.

(g) For purposes of this article, a certificate of self-insurance issued pursuant to Section 16053 of the Vehicle Code or a report filed pursuant to Section 16051 of the Vehicle Code shall be considered a policy of automobile liability insurance.

SEC. 4. Section 16451 of the Vehicle Code is amended to read:

16451. An owner's policy of motor vehicle liability insurance shall insure the named insured and any other person using any motor vehicle registered to the named insured with the express or implied permission of the named insured, against loss from the liability imposed by law for damages arising out of ownership, maintenance, or use of the motor vehicle within the continental limits of the United States to the extent and aggregate amount, exclusive of interest and costs, with respect to each motor vehicle, of fifteen thousand dollars ($15,000) for bodily injury to or death of each person as a result of any one accident and, subject to the limit as to one person, the amount of thirty thousand dollars ($30,000) for bodily injury to or death of all persons as a result of any one accident and the amount of five thousand dollars ($5,000) for damage to property of others as a result of any one accident.

SEC. 5. Section 2.5 of this bill incorporates amendments to Section 11580.2 of the Insurance Code proposed by both this bill and SB 570. It shall only become operative if (1) both bills are enacted

and become effective on January 1 1984, (2) each bill amends Section 11580.2 of the Insurance Code, and (3) this bill is enacted after SB 570, in which case Section 2 of this bill shall not become operative.

[Approved by Governor September 29, 1983 Filed with Secretary of State September 30, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 12024.2 of the Business and Professions Code is amended to read:

A violation of this subdivision is a misdemeanor, punishable by a fine of not less than twenty-five dollars ($25) nor more than one thousand dollars ($1,000), by imprisonment in the county jail for a period not exceeding one year, or by both, if the violation is willful or grossly negligent, or when the difference between the value actually computed and the total true value of the commodity offered for sale (pursuant to the advertised, posted, or quoted price per unit) is more than one dollar ($1) greater than the total true value of the commodity offered for sale.

(b) A violation of this section is an infraction when the difference between the value actually computed and the total true value of the commodity offered for sale (pursuant to the advertised, posted, or quoted price per unit) is not more than one dollar ($1) greater than the total true value of the commodity offered for sale. The violation is punishable by a fine of not more than one hundred dollars ($100).

SEC. 2. Section 12024.3 of the Business and Professions Code is amended to read:

12024.3. (a) For commodities prepackaged and sold or offered for sale on the same premises, a violation of Section 12024 is a misdemeanor punishable by a fine of not less than fifty dollars ($50) nor more than one thousand dollars ($1,000), by imprisonment in the county jail for a period not exceeding one year, or by both, if any of the following occurs:

(1) The violation is willful.

(2) The total monetary value of the shortage, calculated on the basis of the average error of an individual lot, exceeds two dollars ($2), as determined pursuant to regulations adopted pursuant to

Section 12211.

(3) The total monetary value of shortages, calculated on the basis of the average error of each individual lot, as determined from a sample of packages selected pursuant to regulations adopted pursuant to Section 12211, within all lots found to be in violation of Section 12024 at a single location, exceeds ten dollars ($10).

(b) For commodities prepackaged and sold or offered for sale on the same premises, a violation of Section 12024 is an infraction, punishable by a fine of not more than one hundred dollars ($100), if the violation is of less monetary value than that specified in subdivision (a) and it is not willful.

SEC. 3. Section 12240 of the Business and Professions Code is amended to read:

12240. The board of supervisors may, by ordinance, charge an annual device registration fee to recover the costs of inspecting or testing weighing and measuring devices required of the county sealer pursuant to Section 12210. The fee shall not exceed the county's total cost of actually inspecting or testing the devices, as required by law, or the amount prescribed in the table in subdivision (b) of Section 12241, except that the county may collect the fees biennially in which case they shall not exceed twice the amount of an annual fee. The ordinance shall be adopted pursuant to Article 7 (commencing with Section 25120) of Chapter 1 of Part 2 of Division 2 of Title 2 of the Government Code.

Retail gasoline pump meters, for which the above fees are assessed, shall be inspected as frequently as required by regulations, but not less than once every two years.

SEC. 4. Section 12241 of the Business and Professions Code is amended to read:

12241. (a) The Director of Food and Agriculture shall, after consultation with representatives of industry groups and local officers, develop a schedule which classifies the types of weighing and measuring devices shown in the table in subdivision (b). It is the intent of the Legislature that the weighing and measuring devices include small retail scales, taxi meters, retail gasoline pump meters and other devices of similar size or difficulty in testing.

(b) Table of Maximum Annual Charges

Number of Devices	1 to 3	4 to 9	Over 9
Charge Per Location	$20	$40	$60

(c) Subdivisions (a) and (b) do not apply to any retail scale used primarily for the purpose of weighing feed and seed.

SEC. 5. Section 12242 of the Business and Professions Code is amended to read:

12242. The revenue from any fee charged pursuant to Section 12240 shall be deposited in the general fund of the county and used solely for the activities required by Section 12210.

SEC. 6. Section 12243 of the Business and Professions Code is amended to read:

12243. In addition to providing notice as otherwise required, before adopting an ordinance charging fees pursuant to Section 12240, the board of supervisors shall hold at least one public meeting, at which oral or written presentations can be made, as part of a regularly scheduled meeting. Notice of the time and place of the meeting, including a general explanation of the matter to be considered, and a statement that the information required by this section is available, shall be mailed at least 14 days prior to the meeting to any interested party who files a written request with the board of supervisors. Any written request for the mailed notices shall be valid for one year from the date on which it is filed unless a renewal request is filed. Renewal requests for the mailed notices shall be filed on or before April 1 of each year. The board of supervisors may establish a reasonable annual charge for sending the notices based on the estimated cost of providing that service. At least 10 days prior to the meeting, the board of supervisors shall make available to the public information indicating the amount of cost, or estimated cost, required to provide the service for which the fee is charged and the revenue sources anticipated to provide the service, including general fund revenues. If the fees create revenues in excess of actual cost, those revenues shall be used to reduce the fee creating the excess.

[Approved by Governor September 29, 1983 Filed with Secretary of State September 30, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 56.10 of the Civil Code is amended to read:

56.10. (a) No provider of health care shall disclose medical information regarding a patient of the provider without first obtaining an authorization, except as provided in subdivision (b) or (c).

(b) A provider of health care shall disclose medical information if the disclosure is compelled by any of the following:

(1) By a court pursuant to an order of that court.

(2) By a board, commission, or administrative agency for purposes of adjudication pursuant to its lawful authority.

(3) By a party to a proceeding before a court or administrative agency pursuant to a subpoena, subpoena duces tecum, notice to appear served pursuant to Section 1987 of the Code of Civil Procedure, or any provision authorizing discovery in a proceeding before a court or administrative agency.

(4) By a board, commission, or administrative agency pursuant to an investigative subpoena issued under Article 2 (commencing with Section 11180) of Chapter 2 of Part 1 of Division 3 of Title 2 of the Government Code.

(5) By an arbitrator or arbitration panel, when arbitration is lawfully requested by either party, pursuant to a subpoena duces tecum issued under Section 1282.6 of the Code of Civil Procedure, or any other provision authorizing discovery in a proceeding before an arbitrator or arbitration panel.

(6) By a search warrant lawfully issued to a government law enforcement agency.

(7) When otherwise specifically required by law.

(c) A provider of health care may disclose medical information as follows:

(1) The information may be disclosed to providers of health care or other health care professionals or facilities for purposes of diagnosis or treatment of the patient. This includes, in an emergency situation, the communication of patient information by radio transmission between emergency medical personnel at the scene of an emergency, or in an emergency medical transport vehicle, and emergency medical personnel at a health facility licensed pursuant to Division 2 (commencing with Section 1200) of the Health and Safety Code.

(2) The information may be disclosed to an insurer, employer, health care service plan, hospital service plan, employee benefit plan, governmental authority, or any other person or entity responsible for paying for health care services rendered to the patient, to the extent necessary to allow responsibility for payment to be determined and payment to be made. The information may also be disclosed to another provider as necessary to assist the other provider in obtaining payment for health care services rendered by that provider to the patient.

(3) The information may be disclosed to any person or entity that provides billing, claims management, medical data processing, or other administrative services for providers or for any of the persons or entities specified in paragraph (2). However, no information so disclosed shall be further disclosed by the recipient in any way which would be violative of this part.

(4) The information may be disclosed to organized committees and agents of professional societies or of medical staffs of licensed hospitals, or to professional standards review organizations, or to persons or organizations insuring, responsible for, or defending professional liability which a provider may incur, if the committees, agents, organizations, or persons are engaged in reviewing the competence or qualifications of health care professionals or in reviewing health care services with respect to medical necessity, level of care, quality of care, or justification of charges.

(5) The information in the possession of any provider of health care may be reviewed by any private or public body responsible for licensing or accrediting such provider of health care. However, no patient identifying medical information may be removed from the premises except as expressly permitted or required elsewhere by law.

(6) The information may be disclosed to the county coroner in the course of an investigation by the coroner's office.

(7) The information may be disclosed to public agencies, clinical investigators, health care research organizations, and accredited public or private nonprofit educational or health care institutions for bona fide research purposes. (8) A provider of health care that has created medical information as a result of employment-related health care services to an employee conducted at the specific prior written request and expense of the employer may disclose to the employee's employer that part of the information which:

(A) Is relevant in a law suit, arbitration, grievance, or other claim or challenge to which the employer and the employee are parties and in which the patient has placed in issue his or her medical history, mental or physical condition, or treatment, provided it may only be used or disclosed in connection with that proceeding.

(B) Describes functional limitations of the patient that may entitle the patient to leave from work for medical reasons or limit the patient's fitness to perform his or her present employment, provided that no statement of medical cause is included in the information disclosed.

(9) Unless the provider is notified in writing of an agreement by the sponsor, insurer, or administrator to the contrary, the information may be disclosed to a sponsor, insurer, or administrator of a group or individual insured or uninsured plan or policy which the patient seeks coverage by or benefits from, if the information was

CHAPTER 1248

An act to add and repeal Sections 41511.5, 41511.6, and 41511.7 of the Health and Safety Code, relating to air pollution.

[Approved by Governor September 29, 1983 Filed with Secretary of State September 30, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 41511.5 is added to the Health and Safety Code, to read:

41511.5. Notwithstanding any other provision of this division, district rules and regulations pertaining to new source review for

food processors shall be amended to reflect the emissions cutoff level adopted by the state board for seasonal particulate sources within the Sacramento Valley Air Basin, and the same cutoff level, 1,000 pounds per day, but not to exceed 50 tons per year, shall be used to define new source review emissions criteria for food processors' new facilities.

A district shall exempt food processors from new source review regulations when there is a need to modify a facility because of either of the following:

(a) There is a demonstrated shortage of gaseous fuel because of a supply shortage or curtailment by a public utility.

(b) There is an economic advantage to modify and convert to the use of liquid or alternative fuels.

The exemption for modifications to existing food processors' facilities does not apply when increased emissions exceed the federal criteria of 40 tons per year of nitrogen oxides, 40 tons per year of sulfur dioxide, 40 tons per year of ozone (volatile organic compounds), or 25 tons per year of particulate matter.

This section shall be inoperative if the Environmental Protection Agency disapproves the amended state implementation plan as a result of the provisions of this section and Section 41511.6 or 41511.7, or shall be inoperative within any district in which applicable sanctions are imposed under the Clean Air Act as a result of this section or Section 41511.6 or 41511.7.

Any revision of the state implementation plan as a result of this section or Section 41511.6 or 41511.7 shall be submitted to the Environmental Protection Agency by July 1, 1984.

If the state implementation plan is disapproved by the Environmental Protection Agency as a result of this section or Section 41511.6 or 41511.7, the state board shall submit written notification to the Secretary of State that this section is inoperative.

If sanctions are imposed as a result of any of these sections the state board shall submit written notification to the Secretary of State stating the districts in which this section is inoperative and shall notify those districts in writing.

This section and Sections 41511.6 and 41511.7 do not apply to the south coast district.

This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends that date.

SEC. 2. Section 41511.6 is added to the Health and Safety Code, to read:

41511.6. Any prevention of significant deterioration rule of a district, when applied to food processors, shall be no more stringent than that required by the Environmental Protection Agency.

This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends that date.

This section shall be inoperative if the Environmental Protection

Agency disapproves the amended state implementation plan as a result of the provisions of this section and Section 41511.5 or 41511.7, or shall be inoperative within any district in which applicable sanctions are imposed under the Clean Air Act as a result of this section or Section 41511.5 or 41511.7.

Any revision of the state implementation plan as a result of this section or Section 41511.5 or 41511.7 shall be submitted to the Environmental Protection Agency by July 1, 1984.

If the state implementation plan is disapproved by the Environmental Protection Agency as a result of this section or Section 41511.5 or 41511.7, the state board shall submit written notification to the Secretary of State that this section is inoperative.

If sanctions are imposed as a result of any of these sections, the state board shall submit written notification to the Secretary of State stating the districts in which this section is inoperative and shall notify those districts in writing.

SEC. 3. Section 41511.7 is added to the Health and Safety Code, to read:

41511.7. The rules and regulations of a district imposing prohibitions on particulate emissions for each food processor's permitted source shall be consistent with the state board's adopted emissions level of 480 pounds per day, but not to exceed 20 pounds per hour, which has been adopted for seasonal particulate sources for districts in the Sacramento Valley Air Basin.

As used in Sections 41511.5 and 41511.6 and this section, "food processor" means a processor of food which is classified according to the Standard Industrial Classification Manual, 1972, Group 203, Canned and Preserved Fruits and Vegetables, (Division D, Manufacturing, Major Group 20, Food and Kindred Products).

This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends that date.

This section shall be inoperative if the Environmental Protection Agency disapproves the amended state implementation plan as a result of the provisions of this section and Section 41511.5 or 41511.6, or shall be inoperative within any district in which applicable sanctions are imposed under the Clean Air Act as a result of this section or Section 41511.5 or 41511.6.

Any revision of the state implementation plan as a result of this section or Section 41511.5 or 41511.6 shall be submitted to the Environmental Protection Agency by July 1, 1984.

[Approved by Governor September 29, 1983 Filed with Secretary of State September 30, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 65361 of the Government Code is amended to read:

(b) This section does not apply to amendment of any general plan element requested and necessary for a single development of residential units, at least 25 percent of which will be occupied by or available to persons and families of low or moderate income, as defined by Section 50093 of the Health and Safety Code. The specified percentage of low- or moderate-income housing may be developed on the same site as the other residential units proposed for

development, or on another site or sites encompassed by the general plan, in which case the combined total number of residential units shall be considered a single development proposal.

(c) This section does not apply to the adoption of any element to the general plan or to the amendment of the general plan, or an element thereof, in order to comply with a court decision pursuant to Article 14 (commencing with Section 65750).

SEC. 2. Section 65585 of the Government Code is amended to read:

65585. (a) Each local government shall consider the guidelines adopted by the department pursuant to Section 50459 of the Health and Safety Code in the preparation and amendment of its housing element pursuant to this article. Those guidelines shall be advisory to each local government in order to assist it in the preparation of its housing element.

(b) At least 90 days prior to adoption of the housing element pursuant to this article and Section 65357, or at least 45 days prior to the adoption of an amendment to this element, the planning agency of a local government shall submit a draft of the element or amendment to the department. The department shall review drafts submitted to it and report its findings to the planning agency within 90 days of receipt of the draft in the case of adoption of the housing element pursuant to this article, or within 45 days of receipt of the draft in the case of an amendment. The legislative body shall consider the department's findings prior to final adoption of the housing element or amendment unless the department's findings are not available within the above prescribed time limits. If the department's findings are not available within those prescribed time limits, the legislative body may take the department's findings into consideration at the time it considers future amendments to the housing element.

(c) Each local government shall provide the department with a copy of its adopted housing element or amendments. The department may review adopted housing elements or amendments and report its findings.

SEC. 3. Section 50189 of the Health and Safety Code is amended to read:

50189. One-third of the annual state ceiling shall be reserved for the entire calendar year for entitlement allocations to local agencies pursuant to subdivision (a). An additional one-third of the annual state ceiling shall be reserved until April 1 of each calendar year for supplementary allocations to local agencies pursuant to paragraphs (1) and (2) of subdivision (b). The maximum allocation of qualified mortgage bonds to any single local agency in a calendar year shall be the sum of the amounts determined pursuant to subdivisions (a) and (b), but not to exceed two hundred fifty million dollars

($250,000,000). In no case, may a local agency be granted an approval of an entitlement or supplementary allocation which exceeds one hundred fifty million ($150,000,000) at any one time. However, nothing shall preclude the local agency from requesting, after expiration of any previously granted allocation, a new allocation which together with previously sold allocations shall not exceed two hundred fifty million dollars ($250,000,000) in a calendar year.

In no case, may a local agency file a request for an allocation for a particular issue if a previous request for an allocation for such issue is then pending before the committee or if a previously approved allocation for such issue is not yet sold or expired.

(a) The entitlement allocation for a local agency in any calendar year shall be the greatest of one of the following:

(1) The local bond limit times the ratio of the population of the territory of such local agency for the prior calendar year to the population of the state for the prior calendar year, but not to exceed sixty million dollars ($60,000,000).

(2) The local bond limit times the ratio of the amount of growth in population of the territory of the local agency from the year 1975 to the year 1980 to the amount of growth in population of the state over the same period, but not to exceed sixty million dollars ($60,000,000).

(3) The local bond limit times the housing need of the local agency, not to exceed sixty million dollars ($60,000,000).

(4) Twenty million dollars ($20,000,000).

For purposes of this subdivision only, the population of the territory of a local agency for any given calendar year shall be deemed to be the Department of Finance's population estimate for that territory and year as of the effective date of this chapter and as subsequently revised.

The housing need of the local agency shall be the ratio of the number of households within the territory of the local agency paying more than 35 percent of their income for rent to the number of households in the state paying more than 35 percent of their income for rent, according to the most recent available census.

(b) In addition to an entitlement allocation under subdivision (a), a local agency shall be eligible for a supplementary allocation of qualified mortgage bonds by filing a notice of intent pursuant to subdivision (b) of Section 50191 prior to April 1 of the calendar year, if the supplementary allocation of qualified mortgage bonds is restricted, by reason of provisions in the resolution or indenture authorizing the issuance of such qualified mortgage bonds or by reason of the statute under which such qualified mortgage bonds are issued, for use exclusively to provide mortgages to persons and families whose incomes do not exceed:

(1) One hundred twenty percent of the median household income in the case of financing for improving a residence or for residences where the purchaser will be the first occupant. Upon the resale of a home for which financing was originally provided under

this paragraph, the maximum income of persons and families shall also be 120 percent of the median household income.

(2) The median household income where the purchaser will not be the first occupant. However, the issuer shall assure that no less than half the funds allocated for financing where the purchaser will not be the first occupant shall be for households whose income does not exceed 80 percent of such median household income; provided, that the legislative body of the issuer may, by resolution, increase this income limitation to 90 percent of the median household income if the legislative body finds that there are insufficient numbers of creditworthy persons whose income does not exceed 80 percent of the median household income. Such a resolution shall be final and conclusive as to the findings required by this paragraph.

Supplementary allocations requested after April 1, may be for any purpose lawful under the federal act and state law. The committee shall not provide a supplementary allocation not restricted for use pursuant to paragraphs (1) and (2) of this subdivision until the committee has acted upon any pending requests for supplementary allocations filed prior to April 1 of each calendar year which are so restricted. However, after September 1, 1983, if the committee determines that the amount reserved for supplementary allocations shall not be used by the end of that year, the committee, in its discretion, may allocate sums reserved for supplementary allocations for any purpose lawful under the federal act and state law; provided, however, that the committee shall, in the order in which the applications were received, make every effort to allocate such sums to local agencies for entitlement and supplementary allocations in proportion to the amounts requested by the local agency in its application for entitlement and supplementary allocations.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to use the state's bond allocation under the Federal Mortgage Subsidy Bond Tax Act and thereby make housing available to the people of the state, it is necessary that this act take effect immediately. However, Sections 1 and 2 of this act shall become operative on January 1, 1984, and Section 3 shall become operative on the effective date of this act.

[Approved by Governor September 29, 1983. Filed with Secretary of State September 30, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Section 11580.26 is added to the Insurance Code, to read:

11580.26. (a) Except where a named insured has agreed pursuant to Section 11580.2 to delete the coverages provided by that section, no policy of motor vehicle liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle, except where the policy provides insurance in the Republic of Mexico issued or delivered in this state by nonadmitted Mexican insurers, and except a policy insuring a commercial vehicle as defined in Section 260 of the Vehicle Code, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be issued or delivered by any insurer licensed in this state upon any motor vehicle then principally used or principally garaged in this state, unless a named insured has been offered the following coverage:

(1) Where the policy of motor vehicle liability insurance includes collision coverage as defined in subdivision (d) of Section 660, coverage which provides that the deductible amount, if any, to be paid by the named insured under the collision coverage shall be payable by the insurer in the event of collision involving a vehicle owned by the named insured and insured under the policy and an uninsured motor vehicle.

(2) Where the policy of motor vehicle liability insurance does not include collision coverage as defined in subdivision (d) of Section 660, coverage for property damage to the insured motor vehicle, but not including personal property contained therein, caused by the owner or operator of an uninsured motor vehicle. As used in this subdivision, "property damage" means payment not to exceed three thousand five hundred dollars ($3,500) for loss or damage to the insured motor vehicle resulting from collision, but does not include compensation for loss of use of the motor vehicle. As used in this subdivision, the term "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist property damage coverage or endorsement applies.

(b) Every payment by an insurer under either coverage provided

in paragraphs (1) and (2) of subdivision (a) shall be made only where the collision involves actual, direct physical contact between the insured and the uninsured motor vehicle and the owner or operator of the uninsured motor vehicle is identified or the uninsured motor vehicle is identified by its license number, provided that the insured or someone on his or her behalf shall have reported the accident within three business days to his or her insurer or their agent and, provided further, that it is also determined by the insured and insurer or, in the event of disagreement, by arbitration conducted by a single neutral arbitrator, that the insured is legally entitled to recover the amount of such payments for property damage from the owner or operator of the uninsured motor vehicle. No cause of action shall exist against either an insured or insurer from exercising the right to request arbitration of a claim under this section or Section 11580.2.

(c) Any named insured, prior to or subsequent to the issuance or renewal of a policy, may elect not to accept the type of coverage provided by this section. That election shall be binding upon every insured to whom the policy or endorsement provisions apply while the policy is in force and shall continue to be so binding, with respect to any continuation or renewal of the policy, or with respect to any other policy which extends, changes, supersedes, or replaces the policy issued to the named insured by the same insurer or with respect to reinstatement of the policy within 30 days of any lapse thereof. A policy shall be excluded from the application of this section if the only coverage, with respect to the use of any motor vehicle, is limited to the contingent liability arising out of the use of nonowned motor vehicles or if the automobile liability coverage is provided only on an excess or umbrella basis.

(d) An insurer paying a claim under any coverage required by this section shall be entitled to be subrogated to the rights of the insured to whom the claim was paid against any person legally liable for the injury or death to the extent that payment was made. Such action may be brought within three years from the date that payment was made pursuant to this section.

(e) As used in this section, the term "uninsured motor vehicle" means any motor vehicle with respect to the ownership, maintenance, or use of which there is no property damage liability insurance or bond applicable at the time of the accident, or there is applicable insurance or bond but the company writing the insurance or bond denies coverage thereunder or refuses to admit coverage thereunder, except conditionally or with reservation, or a motor vehicle used without the permission of the owner thereof if there is no property damage liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof. A motor vehicle which has at least the minimum property damage liability limits required pursuant to Section 16056 of the Vehicle Code shall not be held to be an uninsured motor vehicle even when such property damage liability limits are not sufficient to

compensate for all property damage caused by the owner or operator of the vehicle. As used in this section, the term "uninsured motor vehicle" shall not include a motor vehicle owned or operated by any insured or any resident of the named insured's household or self-insured within the meaning of the financial responsibility provisions of the state in which the motor vehicle is registered or which is owned by the United States of America, Canada, a state or political subdivision of any government, or an agency of any of the foregoing, or a land motor vehicle or trailer operated on rails or crawler treads or while located for use as a residence for premises and not as a vehicle, or a farm-type tractor or equipment designed for use principally off public roads, except while actually upon public roads. As used in this section, the term "uninsured motor vehicle" also means an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency. An insurer's solvency protection shall be applicable only to accidents occurring during a policy period in which its insured's motor vehicle coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one year of the accident. In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of the coverage, the insurer making the payment shall, to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent insurer through any settlement or judgment of the person against the insolvent insurer.

(f) The offer of coverage required by this section shall be made only for policies issued or renewed on or after July 1, 1984.

(g) This section shall remain in effect only until January 1, 1989, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1989, deletes or extends such date.

SEC. 2. Section 16022 of the Vehicle Code is repealed.

If the driver, at the time of an accident, was driving, with the permission of his employer, a vehicle owned, operated, or leased by that employer, the proof of financial responsibility requirements and the suspension provisions of this chapter shall apply to such employer and shall not apply to such driver.

If such proof is established by the filing of evidence that the driver or owner procured an automobile or motor vehicle liability policy or bond, and coverage under such policy or bond terminates, the insurer or surety shall inform the department of the date of termination.

This section shall become operative on January 1, 1989.

SEC. 4. Section 16023 of the Vehicle Code is repealed.

SEC. 5. Section 16023 is added to the Vehicle Code, to read:

(b) The suspension provisions of this section shall not apply if the accident is not reported to the department within 60 days following the date of the accident.

The suspension shall become effective not earlier than the 76th day after receipt of the first accident report described in Section 16000 by the department.

(b) The suspension provisions of this section shall not apply whenever evidence that the accident has resulted in damage to the property of any one person in excess of five hundred dollars ($500) or in bodily injury or in the death of any person is not submitted to the department within 60 days following the date of the accident.

SEC. 8. Section 16072 of the Vehicle Code is amended to read:

16072. (a) The suspension of the driving privilege of a person as

provided in Section 16070 shall not be terminated until one year has elapsed from the date of the accident and until the person files proof of financial responsibility, provided that the suspension shall be reinstated if the person fails to maintain such proof of financial responsibility for three years. If such proof is established by the filing of evidence that the person procured an automobile or motor vehicle liability policy or bond, and coverage under such policy or bond terminates, the insurer or surety shall inform the department of the date of termination.

(b) The driving privilege shall not be suspended under Section 16070, and, if a suspension has been imposed and is in effect under Section 16070, that suspension shall be terminated, if the driving privilege is suspended under Section 16370 or 16381 as the result of a judgment arising out of the accident for which proof of financial responsibility was required to be established. The department may suspend or reimpose the suspension of the driving privilege of a person under Section 16070 if the suspension under Section 16370 or 16381 is later set aside for a reason other than that the person has satisfied the judgment in full or to the extent provided in Chapter 2 (commencing with Section 16250) and has given proof of ability to respond in damages as provided in Chapter 3 (commencing with Section 16430).

(b) The driving privilege shall not be suspended under Section 16070, and, if a suspension has been imposed and is in effect under Section 16070, that suspension shall be terminated, if the driving privilege is suspended under Section 16370 or 16381 as the result of a judgment arising out of the accident for which proof of financial responsibility was required to be established pursuant to Section 16022. The department may suspend or reimpose the suspension of the driving privilege of a person under Section 16070 if the suspension under Section 16370 or 16381 is later set aside for a reason other than that the person has satisfied the judgment in full or to the extent provided in Chapter 2 (commencing with Section 16250) and has given proof of ability to respond in damages as provided in Chapter 3 (commencing with Section 16430).

CHAPTER 1254

An act to amend Sections 8277.7, 17722, 17761, and 54444.3 of, and to repeal Section 17763 of, the Education Code, and to add Section 65975 to the Government Code, relating to facilities.

[Approved by Governor September 29, 1983 Filed with Secretary of State September 30, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 8277.7 of the Education Code is amended to read:

8277.7. (a) As used in this section:

(1) "Board" means the State Allocation Board.

(2) "Lessee" means a child care and development contracting agency to whom the board has leased a relocatable facility pursuant to this section.

(b) The board, with the advice of the Superintendent of Public Instruction, may do all of the following:

(1) Establish such qualifications as it deems will best serve the purposes of this section for determining the eligibility of child care and development contracting agencies to lease relocatable facilities under this section.

(2) Establish such procedures and policies in connection with the administration of this section as it deems necessary.

(3) Adopt such rules and regulations for the administration of this section requiring such procedure, forms, and information, as it may deem necessary.

(4) Have constructed, furnished, equipped, or otherwise require whatever work is necessary to place relocatable child care and development facilities where needed.

(5) Own, have maintained, and lease relocatable classrooms to qualifying child care and development contracting agencies.

(c) The board shall lease relocatable facilities to qualifying child care and development contracting agencies for a rate based upon the intensity of use, location, and cost of the facilities, and shall require lessees to undertake all necessary maintenance, repairs, renewal, and replacement to ensure that a project is at all times kept in good repair, working order, and condition. All costs incurred for this purpose shall be borne by the lessee.

(d) The board shall require lessees to insure at their own expense for the benefit of the state, any leased relocatable facility which is the property of the state, against such risks, including liability from the use thereof, in such amounts as the board may deem necessary to protect the interest of the state.

(e) The board shall have authority to adopt rules establishing priorities for the acquisition and leasing of facilities to contracting agencies which will most benefit children needing child care and

development programs. The board shall require each lessee to demonstrate that relocatable facilities are utilized solely for operation of child care and development programs.

(f) No relocatable facilities shall be made available to a contracting agency unless the agency furnishes evidence, satisfactory to the board, that the contracting agency has no other facility available for rental, lease, or purchase in the geographic service area.

(g) The board shall have prepared for its use, performance specifications for relocatable facilities which are capable of being economically moved, and bids for the construction of which can be solicited from more than one responsible bidder. The board shall from time to time solicit bids from, and award to, the lowest responsible competitive bidder, contracts for the construction or purchase of only such numbers of relocatable facilities as have been approved for lease to eligible child care and development contracting agencies.

(h) If at any time the board determines that a lessee's need for particular relocatable facilities which were made available to the lessee pursuant to this chapter has ceased, the board may take possession of the relocatable facilities and may lease them to other eligible contracting agencies or, if there is no longer a need for the relocatable facilities, the board may dispose of them to public or private parties in such manner as it deems to be in the best interests of the state.

Any revenue which is derived from a lease or other disposition of such relocatable facilities pursuant to this section is continuously appropriated to the board for the purposes of this section to fund the purchase of other relocatable facilities for child care and development programs.

SEC. 2. Section 17722 of the Education Code is amended to read:

17722. Except as provided in Section 17741, the board shall not approve any new school facilities for any applicant school district or county superintendent of schools until it has first made a determination that the applicant will utilize all existing facilities to the extent economically and practically feasible.

The board may also require the applicant to explore cooperative efforts with adjacent districts or, in the case of county superintendents of schools, adjacent county superintendents of schools, in order that all existing or planned facilities in the general area of need shall be utilized to the extent economically and practically feasible.

SEC. 3. Section 17761 of the Education Code is amended to read:

17761. (a) Except as provided in subdivision (b), each school district to which funds are allocated pursuant to this chapter shall either: (1) provide 10 percent of the cost of the project from other district funds; or (2) agree to contribute, each year for a period of 10 years, to the State School Deferred Maintenance Fund an amount equal to 1 percent of the cost of the project.

(b) The State Allocation Board may grant a waiver of either or both of the requirements prescribed by subdivision (a) in a case of hardship, as defined by the State Allocation Board. This subdivision shall only apply to buildings used solely for housing special education pupils.

C.) of a school project to be constructed in an attendance area where fees have been collected pursuant to Section 65974, all or a portion of the fees so collected for interim facilities may be used by the district to provide its 10 percent of the project as required by item (1) of Section 17761 of the Education Code. Nothing in this section shall increase the amount of fees that would otherwise be collected pursuant to Section 65974.

(b) Whenever a school district has received approval, under the State School Building Lease-Purchase Law of 1976 (Ch. 22 (commencing with Section 17700), Pt. 10, Ed. C.), of a school project to be constructed in an attendance area where land has been received pursuant to Section 65974, the district may use the fair market value of the land to provide all or a portion of its 10 percent of the school project as required by item (1) of subdivision (a) of Section 17761. In order to use the value of land to meet the 10 percent match requirement, the district shall construct the capital outlay project on the land used to make the match, and shall provide the full 10 percent of the project cost at one time as provided in item (1) of subdivision (a) of Section 17761 of the Education Code.

20 teaching days.

(C) For grades 7 to 12, not less than 240 minutes per day, including passing time but excluding noon intermissions, for not less than 30 teaching days.

Exemptions from the requirements of this paragraph may be made by the Superintendent of Public Instruction upon petition submitted to him by the district. The basis for the exemption shall be agricultural labor factors, climatic conditions, specialized educational programs, and other conditions appearing to the superintendent to warrant exemption.

For purposes of this paragraph, holidays designated in Section 37220 other than Saturday and Sunday may be deducted from the required number of teaching days.

(2) That the program has been established with the prior written approval of the superintendent based upon the submission of an application which is in the form prescribed and furnished by the superintendent. Each application shall designate the persons who will exercise administrative or supervisorial responsibilities for the summer school program and shall be submitted prior to the establishment of the summer school program.

(3) That the summer school program contains coursework which is of the same level of difficulty in each subject as that provided to pupils enrolled in regular classes of instruction within the school district in the preceding year.

(4) That instructional programs are taught by staff with cultural training or background and understanding of the special needs of migrant children, and who are properly credentialed for the subjects and grade levels to which they are assigned.

(5) That the summer school program supplements other summer school programs, whether required or optional and whether federally or state funded, operated by the school district, including the programs for graduating high school seniors, handicapped children, pupils enrolled in grade 11, pupils enrolled in grades 7 to 12 who do not meet the district's adopted proficiency standards, and eligible compensatory education pupils.

(b) Each school district, county office of education, and community college district shall, upon request, make facilities available at cost for the operation of migrant summer school programs whenever they are available. Where available, these facilities shall be suitable for the summer climate. The superintendent may allow neighboring districts to jointly offer facilities if he or she determines that the use of one district's facilities for an area will adequately meet the needs of the migrant summer school program for the entire area.

If the Superintendent of Public Instruction determines that requests from prospective users of these facilities were denied without just cause, the superintendent shall reduce the district's or county superintendent's entitlement from Section A of the State School Fund by an amount equal to one thousand dollars ($1,000) or

four times the costs to the prospective user for alternative facilities for the entire period for which the facilities were requested, whichever is greater.

SEC. 1.5. Section 441.2 of the Health and Safety Code is repealed.

SEC. 2. Section 441.4 of the Health and Safety Code is amended to read:

441.4. No public member of the commission appointed after January 1, 1984, shall at any time during his or her period of service own, operate, manage, or be employed by any health facility or organization composed of health facilities subject to the provisions of this part.

SEC. 3. Section 441.9 of the Health and Safety Code is amended to read:

441.9. (a) The commission, in its implementation of this part, shall formulate general policies which shall advance the purposes of this part and direct the executive director in his or her execution of

these policies. It may, after consultation with, and receipt of, the recommendations of the advisory council and advisory committees appointed pursuant to this section with respect thereto, adopt, promulgate, repeal, and amend rules and regulations consistent with law to carry out the provisions of this part. In carrying out its duties under this part, the commission shall follow the procedures established by the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, regulations adopted under this section, however, need not be published in the California Administrative Code or California Administrative Register if they are included in the publications of the commission.

(b) The commission may do all of the following:

(1) Appoint committees from its membership and appoint advisory committees which may include as members individuals and representatives of interested public and private groups and organizations.

(2) Contract for any professional and business services and employ staff members including officers, examiners, statisticians, accountants, inspectors, consultants, clerks and employees as it deems necessary to carry out the provisions of this part or to perform the duties and exercise the powers conferred on it by law.

(3) Contract for the use of, or otherwise procure, necessary physical facilities and all necessary books, maps, charts, stationery, instruments, office furniture, apparatus, and appliances.

The authority granted by this section does not limit the contracting authority granted the commission under Section 442.6. All contracts or purchases authorized by this part shall be subject to the provisions of Chapter 1 (commencing with Section 10100) of Part 2 of Division 2 of Title 2 of the Public Contract Code, and Chapter 6 (commencing with Section 14780) of Part 5.5 of Division 3 of Title 2 of the Government Code. The commission shall have no administrative or executive functions other than those set forth in this part.

SEC. 4. Section 441.14 of the Health and Safety Code is amended to read:

441.14. On or before the first day of November of each year, the commission shall prepare and transmit to the Governor and the Legislature a report of all commission operations and activities for the preceding fiscal year, together with a record of all its receipts and disbursements for that year. This report shall include copies of all summaries, compilations, and supplementary reports prepared in accordance with the provisions of Section 442.2 together with such facts, suggestions, and recommendations as the commission deems valuable to the people of the state.

SEC. 5. Section 441.15 of the Health and Safety Code, as amended by Section 2 of Chapter 594 of the Statutes of 1980, is amended to read:

441.15. The commission, after consultation with the advisory council, receipt of the recommendations of the advisory council, and public hearings with respect thereto, shall, as soon as practicable after the effective date of this part, have prepared, published, and ready for distribution to all the health facilities subject to the provisions of this part approved systems of health facility accounting and uniform reporting which shall be structured so as to enable all such health facilities to fairly, accurately, and efficiently prepare the particular financial reports required by Sections 441.18 and 441.185. Existing systems of accounting and reporting used by health facilities shall be examined and given due consideration by the commission in carrying out its duty of preparing the systems of accounting and uniform reporting required by this section.

The commission, after receipt of the recommendations of the advisory council and public hearings with respect thereto, shall as soon as practicable on or after July 1, 1975, have prepared, published, and ready for distribution to all skilled nursing facilities and intermediate care facilities, approved systems of accounting and uniform reporting, which shall be structured so as to enable all such health facilities to fairly, accurately, and efficiently prepare the particular financial reports required by the commission. Existing systems of accounting and reporting used by skilled nursing facilities and intermediate care facilities shall be examined and given due consideration by the commission in preparing the systems of accounting and uniform reporting required by this section.

SEC. 6. Section 441.15 of the Health and Safety Code, as added by Section 2.5 of Chapter 594 of the Statutes of 1980, is repealed.

SEC. 7. Section 441.16 of the Health and Safety Code is amended to read:

441.16. (a) The commission shall allow and provide, in accordance with appropriate regulations, for modifications in the accounting and reporting systems approved pursuant to Section 441.15 for use by health facilities in meeting the requirements of this part if such modifications will not interfere with the purposes established in Section 441 and if the modifications are necessary to do any the following:

(1) To correctly reflect differences in size of, provision of, or payment for, services rendered by health facilities.

(2) To correctly reflect differences in scope, type, or method of provision of, or payment for, services rendered by health facilities.

(3) To avoid unduly burdensome costs for those health facilities in meeting the requirements of differences pursuant to paragraphs (1) and (2).

(b) The commission shall allow and provide, in accordance with appropriate regulations, for modifications to discharge data reporting requirements if these modifications will not impair the commission's ability to process the data or interfere with the purposes of this part. This modification authority shall not be construed to permit the commission to administratively require the

reporting of discharge data items not specified in Section 441.18.

(c) The commission shall establish specific reporting provisions for health facilities that receive a preponderance of their revenue from associated comprehensive group-practice prepayment health care service plans. Such health facilities shall be authorized to utilize established accounting systems, and to report costs and revenues in a manner which is consistent with the operating principles of such plans and with generally accepted accounting principles. When these health facilities are operated as units of a coordinated group of health facilities under common management, they shall be authorized to report as a group rather than as individual institutions. As a group, they shall submit a consolidated balance sheet, an income and expense statement, and a statement of source and application of funds. However, cost data shall be reported for each individual institution.

The commission shall adopt comparable modifications to the financial reporting requirements of this part for county hospital systems consistent with the purposes of Section 441.

(d) The commission shall establish approved systems of health facility accounting, uniform reporting, and auditing to create, to the extent feasible, one uniform, comprehensive state system which takes into account the data requirements of all state programs. The commission shall make available information required by other state agencies for programs they administer or in which they have an interest.

This section shall not preclude the state administrative agency responsible for administration of a program from obtaining from health care institutions data not available from the commission which the administrative agency determines is necessary for administration of the program. Administrative agencies shall use the comprehensive system provided for in this section to the maximum extent feasible.

SEC. 8. Section 441.18 of the Health and Safety Code, as amended by Chapter 329 of the Statutes of 1982, is amended to read:

441.18. Every organization which operates, conducts, or maintains a health facility and the officers thereof, shall make and file with the commission, within four months after the close of the organization's calendar or fiscal year for all annual accounting periods to which the systems of accounting and uniform reporting approved under Section 441.17 are made applicable thereby, all of the following reports on forms specified by the commission which shall be in accord with such systems of accounting and uniform reporting:

(a) A balance sheet detailing the assets, liabilities, and net worth of the health facility at the end of its fiscal year.

(b) A statement of income, expenses, and operating surplus or deficit for the annual period ending on the balance sheet date.

(c) A statement detailing the source and application of funds expended by the health facility for the period encompassed by the

income statement required by subdivision (b).

(d) A statement reporting the information required in subdivisions (a), (b), and (c) of this section for each separately licensed health facility operated, conducted, or maintained by the reporting organization.

(e) A report of health facility expenditures which allocates the costs of non-revenue-producing departments of a health facility to the other non-revenue- and revenue-producing centers which they serve, similar to the "step-down" or "double-apportionment" methods of cost finding used in reporting health facility cost experience under Title XVIII of the Federal Social Security Act. Any health facility which participates in Title XVIII as a provider of health care services may elect to file the cost data reports required under the regulations of the Social Security Administration in its administration of Title XVIII in place of the report required by the commission under this subdivision.

(f) The report required by subdivision (e) shall be accompanied by an accurate and sufficiently detailed statistical report containing data taken from the health facility's basic accounts and patient statistics as maintained under one of the systems approved in accordance with Section 441.17, which identifies costs related to categories, types or units of health care services delivered to patients by the operating departments of the health facility in accordance with a list of such services provided by the commission acting under the provisions of Section 441.15. Any health facility which participates in Title XVIII of the Federal Social Security Act may elect to file the statistical reports covering the provision of such health care services required under Title XVIII in place of the report required by the commission under this subdivision.

Health facilities described in subdivision (c) of Section 441.16 shall file such statements and reports, not inconsistent with subdivision (c) of Section 441.16, as the commission may reasonably require for the annual financial reporting period of such health facilities or group of health facilities.

On or before January 1, 1981, the commission, with the advice and consultation of the State Department of Health Services, shall adopt a single, uniform fiscal reporting document for long-term care facilities for use by the commission and the department.

(g) If federal regulations implementing subsection (a) of Section 19 of Public Law 95-142 relating to hospital reporting requirements for the Uniform Hospital Discharge Data Set (UHDDS) have not been adopted on or before July 1, 1981, every hospital for the first accounting year commencing on or after July 1, 1981, shall file a Hospital Discharge Abstract Data Record limited to all of the following:

(1) Date of birth.

(2) Sex.

(3) Race.

(4) Zip code.

(5) Admission date.
(6) Source of admission.
(7) Type of admission.
(8) Discharge date.
(9) Principal diagnosis.
(10) Other diagnoses.
(11) Principal procedure and date
(12) Other procedures and dates.
(13) Total charges.
(14) Disposition of patient.
(15) Expected source of payment.

It is the expressed intent of the Legislature that the patient's rights of confidentiality shall not be violated in any manner.

A hospital or its designee shall annually file the Hospital Discharge Abstract Data Record not later than six months after the end of the calendar year, and the commission shall publish individual hospital discharge data summaries no later than six months after the date that the data required by this subdivision is submitted. A hospital may submit the Hospital Discharge Abstract Data Record in a computer tape format, and a hospital shall use coding from the International Classification of Diseases in reporting diagnoses and procedures. General acute care hospitals with a psychiatric component may use coding from the Diagnostic and Statistical Manual of Mental Disorders when reporting psychiatric patient discharge data. The commission shall have authority to grant modifications to systems of reporting the Hospital Discharge Abstract Data Record.

When the discharge data reporting requirements of Public Law 95-142 are implemented, the requirements of the Hospital Discharge Abstract Data Record adopted by the commission pursuant to this subdivision shall cease to be effective and the requirements of the federal regulations shall thereafter govern the data to be reported pursuant to this subdivision.

(h) The commission shall adopt forms of authentication for use by health facility officers or licensed accountants preparing reports under this section stating that each such officer or accountant making the authentication believes that to the extent of his knowledge and information each statement in the report is true.

With the exception of hospital discharge abstract data, all reports required to be filed by the health facility with the commission shall be available for inspection by the public during regular working hours at the principal location of the health facility and at the commission.

SEC. 8.5. Section 441.18 of the Health and Safety Code, as added by Section 4.5 of Chapter 594 of the Statutes of 1980, is repealed.

SEC. 9. Section 441.185 of the Health and Safety Code is amended to read:

441.185. Beginning with the first calendar quarter of 1981, summary financial and utilization data shall be reported by each hospital within 45 days of the end of every calendar quarter. Adjusted

reports reflecting changes as a result of audited financial statements may be filed within four months of the close of the hospital's fiscal or calendar year. The quarterly summary financial and utilization data shall conform to the uniform description of accounts as contained in the commission's Accounting and Reporting Manual for California Hospitals and shall be limited only to the following:

(h) Total inpatient gross revenues.
(i) Total outpatient gross revenues.
(j) Total deductions from revenues.
(k) Total capital expenditures.
(*l*) Total net fixed assets.

For the purpose of establishing a base period, hospitals shall file reports for similar quarters from 1980 when reporting the calendar quarters of 1981. Hospitals reporting pursuant to Section 441.16 may provide the items in subdivisions (g), (h), (i), and (j) on a group basis, as described in subdivision (c) of Section 441.16.

The commission shall make available at cost, to all interested parties, a computer tape of all reports made pursuant to this section within 105 days of the end of every calendar quarter.

The commission shall publish within 105 days of the close of every calendar quarter a preliminary report.

SEC. 10. Section 441.20 of the Health and Safety Code is amended to read:

441.20. A hospital that is a charitable research hospital is exempt from the provisions of subdivision (g) of Section 441.18 and Section 441.185.

For purposes of this section, "charitable research hospital" means a hospital that meets all the following criteria:

(a) Is internationally recognized as devoting itself primarily to medical research.

(b) Expends not less than 10 percent of its operating budget in each fiscal year exclusively on medical research activities which are not directly related to the provision of services to patients.

(c) Derives not less than one-third of its gross revenues in each fiscal year from contributions, donations, grants, gifts, or other gratuitous forms from individuals, groups, persons, or entities unrelated to the hospital. Contributions, donations, grants, gifts, or other gratuitous sources of revenue received as compensation for medical services provided patients shall not be considered for purposes of this subdivision.

(d) Accepts patients without regard to the patient's ability to pay for medical services.

(e) Not less than two-thirds of the patients admitted have a primary diagnosis or suspected disease or condition directly related to the specific area or areas in which the hospital conducts research. Patients admitted because of an emergent life-threatening condition who could not be safely transported to another hospital shall not be considered as patients for purposes of this section.

SEC. 11. Section 442 of the Health and Safety Code, as added by Section 7 of Chapter 594 of the Statutes of 1980, is amended to read:

442. (a) The commission shall maintain a file of all the reports filed under Sections 441.18, 441.185, and 442.1 at its Sacramento office. Subject to such rules as the commission may prescribe, such reports shall be produced and made available for inspection upon the demand of any person.

(b) Copies certified by the commission as being true and correct copies of reports properly filed with the commission pursuant to Sections 441.18 and 441.185, together with summaries, compilations, or supplementary reports prepared by the commission pursuant to Section 442.1, shall be introduced as evidence, where relevant, at any hearing, investigation, or other proceeding held, made or taken by any state, county, or local governmental agency, board, or commission which participates as a purchaser of health facility services pursuant to the provisions of a publicly financed state or federal health care program. Each such state, county, or local governmental agency, board, or commission shall weigh and consider the reports made available to it pursuant to the provisions of this subdivision in its formulation and implementation of policies, regulations, or procedures regarding reimbursement methods and rates in the administration of such publicly financed programs.

SEC. 12. Section 442 of the Health and Safety Code, as added by Section 7.5 of Chapter 594 of the Statutes of 1980, is repealed.

SEC. 13. Section 442.1 of the Health and Safety Code, as amended by Section 8 of Chapter 594 of the Statutes of 1980, is amended to read:

442.1. In addition to its other responsibilities under the provisions of this part, the commission shall prepare and file such summaries, compilations, or other supplementary reports based on the information filed with the commission pursuant to Sections 441.18 and 441.185 as it determines will advance the purposes of this part. All such summaries, compilations, and reports shall be open to public inspection and shall be made available to public agencies in accord with the provisions of Section 442 of this part.

SEC. 14. Section 442.1 of the Health and Safety Code, as added by Section 8.5 of Chapter 594 of the Statutes of 1980, is repealed.

SEC. 15. Section 442.3 of the Health and Safety Code, as amended by Section 3 of Chapter 1594 of the Statutes of 1982, is repealed.

SEC. 16. Section 442.3 of the Health and Safety Code, as amended by Section 4 of Chapter 1594 of the Statutes of 1982, is repealed.

SEC. 17. Section 442.3 is added to the Health and Safety Code, to read:

442.3. (a) Any health facility which does not file any report as required by Sections 441.18 and 441.185 with the commission is liable for a civil penalty of one hundred dollars ($100) a day for each day the filing of any report is delayed. No penalty shall be imposed if an extension is granted in accordance with the guidelines and procedures established by the commission pursuant to Section 442.4.

(b) Any health facility which does not use an approved system of accounting pursuant to the provisions of subdivision (d) of Section 441.16 for purposes of submitting financial and statistical reports as required by this part shall be liable for a civil penalty of not more than five thousand dollars ($5,000).

(c) Civil penalties are to be assessed and recovered in a civil action brought in the name of the people of the State of California by the commission. Assessment of a civil penalty may, at the request of any health facility, be reviewed on appeal, and the penalty may be reduced or waived for good cause.

(d) Any money which is received by the commission pursuant to this section shall be paid into the commission's operating fund established by Section 442.10.

SEC. 18. Section 442.4 of the Health and Safety Code, as amended by Section 10 of Chapter 594 of the Statutes of 1980, is amended to read:

442.4. The commission shall, by regulation, establish guidelines and procedures to enable all health facilities subject to the provisions of this part to request reasonable extensions of time in which to file any or all of the reports required by Sections 441.18 and 441.185. The regulations shall provide for the grant of such extensions by the executive director in cases where the health facility requesting them can show good and sufficient cause for the extension.

Any health facility denied an extension under this section may petition the commission for a hearing on appeal to review the action of the executive director in refusing its request for the extension in accord with the provisions of Section 442.5; but the filing of a petition pursuant to that section shall not, unless a decision of the executive director is reversed on appeal, limit the continued accrual of the charges levied under this section against a health facility which fails to meet the deadline for filing reports established by Sections 441.18 and 441.185.

SEC. 19. Section 442.4 of the Health and Safety Code, as added by Section 10.5 of Chapter 594 of the Statutes of 1980, is repealed.

SEC. 20. Section 442.5 of the Health and Safety Code is repealed.

SEC. 21. Section 442.5 is added to the Health and Safety Code, to read:

442.5. Any health facility affected by any determination made under this part by the executive director may petition the commission for review of the decision. This petition shall be filed with the commission within 15 calendar days, or within such greater time as the commission may allow, and shall specifically describe the matters which are disputed by the petitioner.

A hearing shall be commenced within 60 calendar days of the date on which the petition was filed. The hearing shall be held before a committee of the commission chosen by the chairperson for this purpose, or a hearing officer employed by the Office of Administrative Hearings. If held before a committee of the commission, the hearing shall be held in accordance with such procedures as the commission shall prescribe. If held before a hearing officer employed by the Office of Administrative Hearings, the hearing shall be held in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Division 3 of the Government Code. The hearing officer shall prepare a recommended decision including findings of fact and conclusions of law and present it to the committee for its adoption. The decision of a majority of the committee shall be in writing and shall be final. The decision of the committee shall be made within 60 calendar days after the conclusion of the hearing and shall be effective upon filing at the commission's office and service upon the petitioner.

Judicial review of any final action, determination, or decision may be had by any party to the proceedings as provided in Section 1094.5 of the Code of Civil Procedure. The decision of the committee shall be upheld against a claim that its findings are not supported by the evidence unless the court determines that the findings are not supported by substantial evidence.

The committee, or hearing officer designated to conduct a hearing pursuant to this section shall be permitted to issue subpoenas and subpoenas duces tecum in a manner and subject to the conditions established by Section 11510 of the Government Code.

SEC. 22. Section 442.10 of the Health and Safety Code is amended to read:

442.10. The California Hospital Commission Fund is hereby renamed the California Health Facilities Commission Fund. For the purposes of funding such contracts of the commission as are authorized by the provisions of this part and for meeting the costs of the commission in carrying out its duties in the administration thereof, fees shall be collected by the commission as follows and shall be deposited in the California Health Facilities Commission Fund which is hereby established:

(a) The commission shall set, and charge to, and collect from all health facilities a special fee, which shall be due on July 1 and delinquent on July 31 of each year, of not more than 0.05 of 1 percent, with respect to skilled nursing facilities and intermediate care facilities, and not more than 0.024 of 1 percent, with respect to other health facilities, of the health facility's gross operating cost for the provision of health care services for its last fiscal year which ended on or before December 31 of the preceding calendar year. Each year the commission shall establish the fee to produce revenues equal to the appropriation for these purposes in the Budget Act for the current fiscal year.

(b) Any amounts raised by the collection of the special fees

provided for by subdivision (a) which are not required to meet appropriations in the Budget Act for the current fiscal year shall be available to the commission in succeeding years, when appropriated by the Legislature, for expenditure under the provisions of this part and shall reduce the amount of such special fees which the commission is authorized to set and charge.

(c) No health facility against which the fees required by this section are charged shall be issued a license or have an existing license renewed unless the fees are paid. The commission may bring an action to enjoin the violation or threatened violation of this subdivision in the superior court in and for the county in which the violation occurred or is about to occur. Any proceeding under the provisions of this subdivision shall conform to the requirements of Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except the commission shall not be required to allege facts necessary to show or tending to show lack of adequate remedy at law or to show or tending to show irreparable damage or loss.

SEC. 23. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 1256

As used in this chapter, "transmission of electric energy" does not include the final distribution of electric energy to the consumer.

SEC. 2. Section 16731 of the Government Code is amended to read:

16731. Whenever the committee determines that the sale of all or any part of the bonds authorized to be issued is necessary or desirable, it shall adopt a resolution to that effect. The resolution shall authorize and direct the Treasurer to arrange for the preparation of the requisite number of suitable bonds, either in coupon or registered form, and shall specify as to such bonds then to be sold:

(a) The aggregate number, aggregate par value, denominations and the date of the bonds to be then sold. Such denominations shall be in the sum of one thousand dollars ($1,000), or multiples thereof. The date appearing on said bonds shall be deemed to be the date of issuance for all purposes of this chapter, irrespective of the actual date of delivery of such bonds and the payment of the purchase price thereof.

(b) The dates of maturity, and the amount of the bonds maturing at each date of maturity, which amounts need not be equal, but which dates shall be at annual or semiannual intervals, and the first of which dates of maturity shall be not more than five years, and the last of which dates of maturity shall be not more than 45 years, after the date of the bonds.

(c) Whether or not the bonds are to be subject to redemption at the option of the board prior to maturity, and, if so, the provisions for such redemption, the manner of the call thereof, and the price or prices at which the bonds shall be subject to redemption.

(d) The annual rate, or rates, of interest which the bonds to be issued shall bear, which may be in multiples of one-eighth or one-twentieth of 1 percent, payable semiannually, but not in excess of 11 percent effective until July 1, 1986, and thereafter not in excess of 9 percent, which rate or rates may be determined at the time of

the sale of the bonds.

(e) The interest payment dates.

(f) The technical form and language of the bonds and any interest coupons to be attached thereto.

(g) Whether or not the right is reserved to make delivery in the form of temporary or interim bonds, certificates, or receipts, exchangeable for definitive bonds when executed and available for delivery, and if such right is reserved the denominations and form of such temporary securities.

(h) Whether the bonds are to be issued in coupon form or in fully registered form, or both, and whether or not any coupon bonds are to be subject to registration, and if so, whether such registration is to be as to principal only, or as to both principal and interest, or in either of such forms at the option of the holder, and the form and all of the terms and conditions of such registration. If such registration is provided for, coupon bonds may be interchanged for registered bonds and registered bonds for coupon bonds, and all of the provisions of this chapter with reference to the payment of bonds and interest coupons shall be subject to the terms and conditions of such registration with respect to the payment of registered bonds and the interest thereon.

(i) All other terms and conditions of the bonds and of the execution, issuance and sale thereof, which shall be consistent with all of the provisions of this chapter.

CHAPTER 1.10. ACQUIRED IMMUNE DEFICIENCY SYNDROME RESEARCH AND WORKSHOP GRANTS

195. The Legislature hereby finds and declares the following:

(a) Acquired Immune Deficiency Syndrome is a serious disease threatening the lives of men and women of all segments of society.

The committee shall advise and assist the state in addressing the public health issues associated with Acquired Immune Deficiency Syndrome, and shall work with the State Department of Health Services in statewide efforts to promote primary prevention, public

education, and the advancement of knowledge regarding Acquired Immune Deficiency Syndrome.

198. The committee may establish such rules or criteria for grants under this chapter as it deems necessary. Pursuant to the rules or criteria, the committee may review and recommend approval by the director of grant applications and monitor programs receiving grants under this chapter.

[Approved by Governor September 29, 1983 Filed with Secretary of State September 30, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Section 22731 of the Education Code is amended to read:

22731. Notwithstanding any other provisions of this part, whenever the Governor, by executive order, determines that because of an impending curtailment of, or change in the manner of performing service, the best interests of the state would be served by encouraging the retirement of state employees, and that sufficient economies could be realized to offset any cost to state agencies resulting from this section, an additional two years of service shall be credited to members, who are state employees, if the following conditions exist:

(a) The member is credited with five or more years of service and retires during a period not to exceed 120 days or less than 60 days commencing no sooner than the date of issuance of the Governor's executive order which shall specify such period.

(b) The appointing power, as defined in Section 18524, of the Government Code, transmits to the retirement fund an amount determined by the board which is equal to the actuarial equivalent of the difference between the allowance the member receives after the receipt of service credit under this section and the amount the member would have received without the service credit. The transfer to the retirement fund shall be made in a manner and time period acceptable to the employer and the board.

(c) The appointing power determines that it is electing to exercise the provisions of this section, pursuant to the Governor's order, and certifies to the Department of Finance and to the Legislative Analyst, as to the specific economies that will be realized were the additional service credit towards retirement granted.

As used in this section, "member" means a state employee who is employed in a job classification, department, or other organizational unit designated by the appointing power, as defined in Section 18524 of the Government Code.

The amount of service credit shall be two years regardless of credited service, but shall not exceed the number of years intervening between the date of the member's retirement and the date the member would be required to be retired because of age. The appointing power shall make the payment with respect to all eligible employees who retired pursuant to this section.

Any member who qualifies under this section, upon subsequent re-entry to the system shall forfeit the service credit acquired under this section.

This section shall not be applicable to any member otherwise eligible if such member receives any unemployment insurance payments arising out of employment with an employer subject to this part during a period extending one year beyond the date of issuance of the executive order or if the member is not eligible to retire without the additional credit available under this section.

The benefit provided by this section shall not be applicable to the employees of any appointing power until the Director of Finance approves the transmittal of funds by that appointing power or the Board of Regents or the Board of Trustees to the retirement fund pursuant to subdivision (b).

The Director of Finance shall approve the transmittal of funds by the appointing power not sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of the committee, or his or her designee, may in each instance determine. If there is any written communication between the Director of Finance and the Legislative Analyst, a copy thereof shall be forthwith transmitted to the chairperson of each appropriate policy committee.

The Legislative Analyst and the Department of Finance shall report to the Governor and the Legislature as of the first legislative day of each year, as to the extent to which economies realized under the provisions of this section have equaled the cost to agencies as estimated by the board.

SEC. 1.2. Section 3516 of the Government Code is amended to read:

3516. The scope of representation shall be limited to wages, hours, and other terms and conditions of employment, except, however, that the scope of representation shall not include consideration of the merits, necessity, or organization of any service or activity provided by law or executive order.

SEC. 1.3. Section 18850 of the Government Code is repealed.

SEC. 1.4. Section 19826 of the Government Code is amended to read:

19826. (a) The department shall establish and adjust salary ranges for each class of position in the state civil service subject to any merit limits contained in Article VII of the California Constitution. The salary range shall be based on the principle that like salaries shall be paid for comparable duties and responsibilities. In establishing or changing such ranges consideration shall be given to the prevailing rates for comparable service in other public employment and in private business. The department shall make no adjustments which require expenditures in excess of existing appropriations which may be used for salary increase purposes. The department may make a change in salary range retroactive to the date of application for such change.

(b) Notwithstanding any other provision of law, the department shall not establish, adjust, or recommend a salary range for any employees in an appropriate unit where an employee organization has been chosen as the exclusive representative pursuant to Section 3520.5.

(c) On or before January 10 of each year, the department shall submit to the parties meeting and conferring pursuant to Section

3517 and to the Legislature, a report containing the department's findings relating to the salaries of employees in comparable occupations in private industry and other governmental agencies.

(d) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 1.5. Article 1.7 (commencing with Section 19996.30) is added to Chapter 7 of Part 2.6 of Division 5 of Title 2 of the Government Code, to read:

Article 1.7. Reduced Worktime for Partial Service Retirement

19996.30. This article shall be known and may be cited as the "Partial Service Retirement Act."

19996.31. It is the intent of the Legislature in adopting this article to pursue the following objectives:

(a) To protect the fiscal soundness of the Public Employees' Retirement System.

(b) To increase the number and kinds of retirement options available to members of the system.

(c) To enhance the quality of service to the general public by retaining longer, on the average, the skill and expertise of our most experienced public servants.

(d) To reduce insofar as possible by this indirect means the social costs attributable to inappropriate or premature severance of connection with the labor market by retirees.

(e) To conduct and disseminate studies determining the extent to which the concepts embodied in this article are effective in achieving such objectives in hopes that, if successful, the program established under this article may be useful as a guide for extension of the concept to other retirement systems, public and private.

19996.32. Any state employee who is a state miscellaneous member working standard hours on a full-time basis, other than a university member, of the Public Employees' Retirement System and who has attained the age of 62 years and is eligible to retire pursuant to Article 1 (commencing with Section 20950) of Chapter 8 of Part 3 may elect to participate in reduced worktime for partial service retirement pursuant to this article, provided that the participation may be modified only pursuant to Section 19996.37.

19996.33. "Reduced worktime for partial service retirement" means any arrangement of worktime agreeable to both the appointing authority and the employee which aggregates no less, on an monthly basis, than a 20 percent reduction nor more than a 60 percent reduction from what would in that classification be considered full-time employment, combined with the concurrent

payment of proportionally reduced compensation and proportionally reduced retirement benefits.

19996.34. It is the policy of the state that reduced worktime for partial service retirement shall be made available to state employees eligible pursuant to Section 19996.32 who do not desire to work standard working hours on a full-time basis. Further, it is the intent of the Legislature that nothing in this act shall be used to reduce the number of full-time equivalency positions authorized to any department.

19996.35. (a) Any employee who is being coerced, or who has been required, by the appointing power, a supervisor, or another employee, to involuntarily reduce his or her worktime for partial service retirement contrary to the intent of this article, or who has been unreasonably denied the right to participate in this program, may file a grievance in accordance with either the applicable memorandum of understanding or rules and regulations of the department.

(b) Nothing in this article shall impair the employment or employment rights or benefits of any employee.

19996.36. In counting the number of employees any state agency employs for purposes of any personnel ceiling, an employee employed on a reduced worktime basis for partial service retirement shall be counted as a fraction which is determined by dividing 40 hours into the average number of hours that an employee works each week.

19996.37. (a) A permanent employee who voluntarily reduces his or her worktime for partial service retirement pursuant to this article shall, upon request and subject to subdivision (b), be given priority for returning to a full-time work schedule to the extent that such full-time work is available; provided, that any employee who so voluntarily returns to full-time work shall be ineligible for five years thereafter to again participate pursuant to this article. The appointing authority may require a participating employee to return to full-time employment only if a state of emergency has been declared pursuant to Section 8558 which affects the area of the state in which the employee works.

(b) A state employee who is participating pursuant to this article in reduced worktime for partial service retirement may: (1) elect only once in each fiscal year to further reduce his or her worktime; (2) elect only once in five years to increase his or her worktime to another less than full-time schedule.

19996.38. If the provisions of this article are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

19996.39. All persons employed in reduced worktime positions

for partial service retirement pursuant to this article, shall receive proportionally reduced compensation and, on a pro rata basis, except for benefits provided under the Public Employees' Medical and Hospital Care Act and the State Employees' Dental Care Act, all benefits customarily available to full-time employees of state agencies in similar classes or positions. With regard to benefits provided under the Public Employees' Medical and Hospital Care Act, persons employed in reduced worktime positions for partial service retirement shall receive the same benefits as are provided by law for employees under the same circumstances who are employed, full time. The department may, for purposes of administrative efficiency, treat the class of partially retired employees as fully employed with respect to health care benefits, provided that such administrative treatment does not impair the level of benefits to which the class would be entitled if treated administratively another way.

19996.40. The department, in cooperation with the Public Employees' Retirement System, shall prepare and submit to the Legislature, for referral to the appropriate policy and fiscal committees of each house, a report by June 30 of the calendar year after this article becomes effective, and a follow-up report by June 30, of every even-numbered year thereafter. Such reports shall include, but not be limited to, the following:

(a) The extent that reduced worktime programs for partial service retirement are in use.

(b) The cost effectiveness of reduced worktime programs for partial service retirement.

(c) The actuarial impact of reduced worktime programs for partial service retirement.

(d) Recommendations on continuation of reduced worktime programs for partial service retirement and suggested statutory changes.

SEC. 2. Section 20013.6 is added to the Government Code, to read:

20013.6. Except as otherwise expressly provided, and notwithstanding Section 20035, state miscellaneous members participating in reduced worktime for partial service retirement pursuant to Article 1.7 (commencing with Section 19996.30) of Chapter 7 of Part 2.6 shall be considered members and shall not be considered retired, until they elect to become fully retired.

SEC. 3. Section 20334 of the Government Code is amended to read:

20334. An employee serving on a part-time basis is excluded from this system unless:

(a) He or she is a member at the time he or she renders part-time service.

(b) His or her position requires service for at least an average of 20 hours a week, or requires service which is equivalent to at least an average of 20 hours a week, and he or she is not excluded pursuant

to Section 20336.

(c) He or she is a member of the Board of Prison Terms and elects to become a member of this system pursuant to Section 20360.

(d) He or she is participating in partial service retirement pursuant to Article 1.7 (commencing with Section 19996.30) of Chapter 7 of Part 2.6.

(e) He or she is included by specific provision of the board relating to the exclusion of part-time employees.

SEC. 4. Section 20390 of the Government Code is amended to read:

20390. A person ceases to be a member:

(a) Upon retirement, except while participating in reduced worktime for partial service retirement.

(b) If he or she is paid his or her normal contributions, or if he or she is paid a portion of his or her normal contributions where more than one payment is made, or these contributions are held pursuant to Section 20208. For the purposes of this subdivision, (1) deposit in the United States mail of a warrant drawn in favor of a member, addressed to the latest address of the member on file in the office of this system, constitutes payment to the member of the amount for which the warrant is drawn or (2) electronic fund transfer to the person's bank, savings and loan association or credit union account, constitutes payment to the person of the amount of the warrant of funds electronically transferred.

(c) If the member has less than five years of service credit and no accumulated contributions in the retirement fund at the time of termination of service.

SEC. 4.5. Section 20816 of the Government Code is amended to read:

20816. Notwithstanding any other provisions of this part, whenever the Governor, by executive order, determines that because of an impending curtailment of, or change in the manner of performing service, the best interests of the state would be served by encouraging the retirement of state employees, and that sufficient economies could be realized to offset any cost to state agencies resulting from this section, an additional two years of service shall be credited to state members, other than school members, if the following conditions exist:

(a) The member is credited with five or more years of service and retires during a period not to exceed 120 days or less than 60 days commencing no sooner than the date of issuance of the Governor's executive order which shall specify such period.

(b) The appointing power, as defined in Section 18524, or the Board of Regents of the University of California or the Board of Trustees of the California State University, transmits to the retirement fund an amount determined by the board which is equal to the actuarial equivalent of the difference between the allowance the member receives after the receipt of service credit under this section and the amount the member would have received without

such service credit. The transfer to the retirement fund shall be made in a manner and time period acceptable to the employer and the board.

(c) The appointing power or the Board of Regents or the Board of Trustees determines that it is electing to exercise the provisions of this section, pursuant to the Governor's order, and certifies to the State Department of Finance and to the Office of Legislative Analyst, as to the specific economies that will be realized were the additional service credit towards retirement granted.

As used in this section, "member" means a state employee who is employed in a job classification, department, or other organizational unit designated by the appointing power, as defined in Section 18524, the Board of Regents of the University of California, or the Board of Trustees of the California State University.

The amount of service credit shall be two years regardless of credited service, but shall not exceed the number of years intervening between the date of the member's retirement and the date the member would be required to be retired because of age. The appointing power or the Board of Regents or the Board of Trustees shall make such payment with respect to all eligible employees who retired pursuant to this section.

Any member who qualifies under this section, upon subsequent re-entry to the system shall forfeit the service credit acquired under this section.

This section shall not be applicable to any member otherwise eligible if such member receives any unemployment insurance payments arising out of employment with an employer subject to this part during a period extending one year beyond the date of issuance of the executive order or if the member is not eligible to retire without the additional credit available under this section.

The benefit provided by this section shall not be applicable to the employees of any appointing power or the Board of Regents or the Board of Trustees until the Director of Finance approves the transmittal of funds by that appointing power or the Board of Regents or the Board of Trustees to the retirement fund pursuant to subdivision (c).

The Director of Finance shall approve the transmittal of funds by the appointing power or the Board of Regents or the Board of Trustees not sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of the committee, or his or her designee, may in each instance determine. If there is any written communication between the Director of Finance and the Legislative Analyst, a copy thereof shall be forthwith transmitted to the chairperson of each appropriate policy committee.

The Office of the Legislative Analyst and the Department of Finance shall report to the Governor and the Legislature as of the

first legislative day of each year, as to the extent to which economies realized under the provisions of this section have equaled the cost to agencies as estimated by the board.

SEC. 4.7. Section 20603.2 is added to the Government Code, to read:

20603.2. Notwithstanding Section 20603.01, the normal rate of contribution for patrol members for service rendered on and after January 1, 1984, shall be 8 percent of the compensation in excess of eight hundred sixty-three dollars ($863) per month paid such members. The Legislature reserves the right to increase the rate of contribution of patrol members as it may find appropriate from time to time. The employer may apply the specified amount of salaries and wages excluded from the normal rate of contribution to those employees not covered by a memorandum of understanding.

(b) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 5. Section 20953 is added to the Government Code, to read:

20953. A state miscellaneous member, other than a university member, shall be partially retired for service upon his or her written application to the board if he or she has attained the age of 62 years, is credited with five years of state service, and has elected to participate in partial service retirement pursuant to Article 1.7 (commencing with Section 19996.30) of Chapter 7 of Part 2.6 of this division.

SEC. 6. Section 21100.5 is added to the Government Code, to read:

21100.5. A person who has been partially retired under this system pursuant to Article 1.7 (commencing with Section 19996.30) of Chapter 7 of Part 2.6 may be reinstated from partial retirement by the board as provided in this article, and thereafter may continue to be employed on a full-time basis by the state, in the same manner as a person who has not been so retired.

SEC. 7. Section 21251.14 is added to the Government Code, to read:

21251.14. (a) A member who elects, pursuant to Article 1.7 (commencing with Section 19996.30) of Chapter 7 of Part 2.6, to participate in partial service retirement, while so participating, shall receive a reduced service retirement allowance. The reduced service retirement allowance shall be the amount of the service retirement allowance to which the employee would otherwise have been entitled had he or she fully retired on the effective date of the partial service retirement, reduced by the percentage of the employee's full-time work which the employee has elected to work while on partial service retirement.

(b) A member who elects pursuant to Article 1.7 (commencing with Section 19996.30) of Chapter 7 of Part 2.6 to participate in partial service retirement and after so participating elects to become fully retired is entitled to the service retirement allowance as authorized by this article and as computed pursuant to Section 21251.15.

(c) The provisions of Article 4 (commencing with Section 21330) of Chapter 9, shall not apply to an employee who is participating in reduced worktime for partial service retirement.

(d) For a member who elects pursuant to Article 1.7 (commencing with Section 19996.30) of Chapter 7 of Part 2.6 to become fully retired, the current service pension, or current and prior service pensions, as the case may be, upon his or her full service retirement shall be (1) the sum of a current service pension calculated on the basis of service rendered during participation in reduced worktime in accordance with the formula applicable to his or her current service pension, plus his or her current service pension, or current and prior service pensions, as the case may be, as it was prior to his or her full service retirement, provided, that full service retirement occurs before he or she renders, while participating in reduced worktime for partial service retirement, one year of state service credited under this system; or (2) if he or she has rendered one year or more of such state service while participating in reduced worktime for partial service retirement, a current service pension, or current and prior service pensions, as the case may be, based on the total years of service with which the member is entitled to be credited, calculated on the basis of the formula currently applicable to the employment in which the service was rendered. A member shall receive service credit for service during participation in reduced worktime for partial retirement and service credited at the time of the election to participate in reduced worktime for partial retirement.

SEC. 8. Section 21251.15 of the Government Code is amended to read:

21251.15. For a member reinstated from service retirement or partial service retirement, the current service pension, or current and prior service pensions, as the case may be, upon his service retirement subsequent to such reinstatement, shall be the sum of (1) a current service pension calculated on the basis of service rendered after reinstatement in accordance with the formula applicable to him in such service and membership, plus (2) his current service pension, or current and prior service pensions, as the case may be, as it was prior to his reinstatement, adjusted for any service on which such pension was based which was included in coverage of the federal system during reinstatement according to the formula applicable to such service in employment for which he was retired, and further adjusted according to any change after reinstatement in the provisions governing the calculation of his pension which would have applied to him had he continued in retirement but been subject to the formula applied in the first adjustment; provided, that such

subsequent retirement occurs before he renders, after his reinstatement, at least one year of state service credited under this system; or if he has rendered one year or more of such state service after reinstatement, in lieu of (2), plus (3) a current service pension based on current service rendered prior to such reinstatement, calculated on the basis of the formula currently applicable to the employment in which the service was rendered but on the basis of an age taken to the preceding completed quarter year but not less than the minimum retirement age applicable to him at his last retirement and determined by deducting from his age at his subsequent retirement, the aggregate time during which he was under retirement. For such a member reinstated from nonindustrial disability retirement, the current service pension upon his service retirement after attaining an age one year less than the minimum age at which he could have retired without an actuarial discount because of age in the employment from which he was last retired, or upon his disability retirement after attaining such minimum age, and subsequent to such reinstatement, shall be calculated in the manners described in the preceding sentence, but the age determined upon subsequent retirement after rendering at least one year of state service credited under the system shall not be taken at less than one year less than such minimum age if the subsequent retirement is for service, or such minimum age if the retirement is for disability.

The current service pension otherwise payable under this section to a member whose allowance prior to reinstatement was paid pursuant to his election under Section 21338 shall be reduced by the actuarial equivalent, on the date of retirement subsequent to reinstatement, of the amount (converted as below), if any, by which—

(a) The total amount, paid in the period during which a temporary annuity was included in the payments, said amount being reduced by the total amount that would have been payable during said period had said election not been made; exceeds

(b) The excess of the total amount that would have been payable, had said election not been made, during the time subsequent to said period and prior to reinstatement over the total amount actually paid during said time.

The amount determined by the above formula shall be converted to an amount equaling the actuarial equivalent on the date of reinstatement and this latter amount shall be the basis of the actuarial equivalent, on the date of retirement subsequent to reinstatement.

Actuarial equivalents required by this section shall be based on the interest rate and mortality tables in use by this system on the date of retirement subsequent to reinstatement.

Notwithstanding this section, or any other provision of this part, the current service pension payable to any member subject to this section who rendered one year or more of state service credited

under the system after reinstatement on retirement for service subsequent to reinstatement from service retirement for any credited service for which a current service pension was paid prior to reinstatement shall not be less than the current service pension which would be payable on the date of such subsequent retirement had the member not been reinstated, adjusted, however, by any reduction under this section because of an election under Section 21338 and, for any service so credited which was included in coverage of the federal system during reinstatement, according to the formula applicable to such service in employment from which he was retired.

SEC. 9. Section 21360 of the Government Code is amended to read:

21360. CHAPTER 1259

An act to amend Section 1373 of the Health and Safety Code, to amend Sections 10125, 10127, and 11512.5 of the Insurance Code, and to add Section 5600.5 to the Welfare and Institutions Code, relating to insurance.

[Approved by Governor September 29, 1983. Filed with Secretary of State September 30, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Section 1373 of the Health and Safety Code is amended to read:

1373. (a) A plan contract may not provide an exception for other coverage where such other coverage is entitlement to Medi-Cal benefits under Chapter 7 (commencing with Section 14000) or Chapter 8 (commencing with Section 14200) of Part 3 of Division 9 of the Welfare and Institutions Code.

Each plan contract shall be interpreted not to provide an exception for such Medi-Cal benefits.

A plan contract may not provide that the benefits payable thereunder are subject to reduction if the individual insured has entitlement to such Medi-Cal benefits.

(b) A plan contract which provides coverage, whether by specific benefit or by the effect of general wording, for sterilization operations or procedures shall not impose any disclaimer, restriction on, or limitation of, coverage relative to the covered individual's reason for sterilization.

As used in this section, "sterilization operations or procedures" shall have the same meaning as that specified in Section 10120 of the Insurance Code.

(c) Every plan contract which provides coverage to family members or dependents of the subscriber or enrollee shall grant immediate accident and sickness coverage, from and after the moment of birth, to each newborn infant, and to each minor adopted child from and after the moment the child is placed in the custody of the adoptive parents for adoption, of any subscriber or enrollee covered. No such plan may be entered into or amended if it contains any disclaimer, waiver, or other limitation of coverage relative to the coverage or insurability of newborn infants of a subscriber or enrollee covered from and after the moment of birth or of minor adopted children from and after the moment the child is placed in the custody of the adoptive parents for adoption.

(d) Every plan contract which provides that coverage of a dependent child of a subscriber shall terminate upon attainment of the limiting age for dependent children specified in the plan, shall also provide in substance that attainment of such limiting age shall not operate to terminate the coverage of such child while the child

is and continues to be both (a) incapable of self-sustaining employment by reason of mental retardation or physical handicap and (b) chiefly dependent upon the subscriber for support and maintenance, provided proof of such incapacity and dependency is furnished to the plan by the member within 31 days of the request for such information by the plan or group plan contract holder and subsequently as may be required by the plan or group plan contract holder, but not more frequently than annually after the two-year period following the child's attainment of the limiting age.

(e) A plan contract which provides coverage, whether by specific benefit or by the effect of general wording, for both an employee and one or more covered persons dependent upon such employee and provides for an extension of such coverage for any period following a termination of employment of the employee shall also provide that such extension of coverage shall apply to dependents upon the same terms and conditions precedent as applied to the covered employee, for the same period of time, subject to payment of premiums, if any, as required by the terms of the policy and subject to any applicable collective-bargaining agreement.

(f) A group contract shall not discriminate against handicapped persons or against groups containing handicapped persons. Nothing in this subdivision shall preclude reasonable provisions in a plan contract against liability for services or reimbursement of the handicap condition or conditions relating thereto, as may be allowed by rules of the commissioner.

(g) Every group contract shall set forth the terms and conditions under which subscribers and enrollees may remain in the plan in the event the group ceases to exist, the group contract is terminated or an individual subscriber leaves the group, or the enrollees' eligibility status changes.

(h) A health care service plan or specialized health care service plan may provide for coverage of, or for payment for, professional mental health services, or vision care services, or for the exclusion of such services. A health care service plan that offers outpatient mental health services but does not cover such services in all of its group contracts shall communicate to prospective group contract holders as to the availability of outpatient coverage for the treatment of mental or nervous disorders. No plan shall prohibit the member from selecting any psychologist who is licensed pursuant to the Psychology Licensing Law or, any optometrist who is the holder of a certificate issued pursuant to Chapter 7 (commencing with Section 3000) of Division 2 of the Business and Professions Code or, upon referral by a physician and surgeon licensed pursuant to the Medical Practice Act, (1) any marriage, family, and child counselor who is the holder of a license under Section 17805 of the Business and Professions Code, or (2) any licensed clinical social worker who is the holder of a license under Section 9040 of the Business and Professions Code, or (3) any registered nurse licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and

Professions Code who possesses a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, at such time as the State Board of Registered Nurses produces and maintains a list of those psychiatric-mental health nurses who possess a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, to perform the particular services covered under the terms of the plan, such certificate holder being expressly authorized by law to perform such services. Nothing in this section shall be construed to allow any certificate holder or licensee enumerated in this section to perform professional mental health services beyond his or her field or fields of competence as established by his or her education, training and experience. For the purposes of this section, "marriage, family and child counselor" shall mean a licensed marriage, family and child counselor who has received specific instruction in assessment, diagnosis, prognosis, and counseling, and psychotherapeutic treatment of premarital, marriage, family and child relationship dysfunctions which is equivalent to the instruction required for licensure on January 1, 1981. Nothing in this section shall be construed to allow a member to select and obtain mental health or psychological or vision care services from a certificate or license holder who is not directly affiliated with or under contract to the health care service plan or specialized health care service plan to which the member belongs. All health care service plans and individual practice associations which offer mental health benefits shall make reasonable efforts to make available to their members the services of licensed psychologists. However, a failure of a plan or association to comply with the requirements of the preceding sentence shall not constitute a misdemeanor.

As used in this subdivision, "individual practice association" means an entity as defined in subsection (5) of Section 1307 of the federal Public Health Service Act (subs. (5), Sec. 300e-1, 42 U.S.C.).

(i) If the plan utilizes arbitration to settle disputes, the plan contracts shall set forth the type of disputes subject to arbitration, the process to be utilized, and how it is to be initiated.

(j) A plan contract which provides benefits that accrue after a certain time of confinement in a health care facility shall specify what constitutes a day of confinement or the number of consecutive hours of confinement which are requisite to the commencement of benefits.

SEC. 1.5. Section 1373 of the Health and Safety Code is amended to read:

1373. (a) A plan contract may not provide an exception for other coverage where such other coverage is entitlement to Medi-Cal benefits under Chapter 7 (commencing with Section 14000) or Chapter 8 (commencing with Section 14200) of Part 3 of Division 9 of the Welfare and Institutions Code.

Each plan contract shall be interpreted not to provide an

exception for such Medi-Cal benefits.

A plan contract may not provide that the benefits payable thereunder are subject to reduction if the individual insured has entitlement to such Medi-Cal benefits.

(b) A plan contract which provides coverage, whether by specific benefit or by the effect of general wording, for sterilization operations or procedures shall not impose any disclaimer, restriction on, or limitation of, coverage relative to the covered individual's reason for sterilization.

As used in this section, "sterilization operations or procedures" shall have the same meaning as that specified in Section 10120 of the Insurance Code.

(c) Every plan contract which provides coverage to family members or dependents of the subscriber or enrollee shall grant immediate accident and sickness coverage, from and after the moment of birth, to each newborn infant, and to each minor adopted child from and after the moment the child is placed in the custody of the adoptive parents for adoption, of any subscriber or enrollee covered. No such plan may be entered into or amended if it contains any disclaimer, waiver, or other limitation of coverage relative to the coverage or insurability of newborn infants of a subscriber or enrollee covered from and after the moment of birth or of minor adopted children from and after the moment the child is placed in the custody of the adoptive parents for adoption.

(d) Every plan contract which provides that coverage of a dependent child of a subscriber shall terminate upon attainment of the limiting age for dependent children specified in the plan, shall also provide in substance that attainment of such limiting age shall not operate to terminate the coverage of such child while the child is and continues to be both (a) incapable of self-sustaining employment by reason of mental retardation or physical handicap and (b) chiefly dependent upon the subscriber for support and maintenance, provided proof of such incapacity and dependency is furnished to the plan by the member within 31 days of the request for such information by the plan or group plan contract holder and subsequently as may be required by the plan or group plan contract holder, but not more frequently than annually after the two-year period following the child's attainment of the limiting age.

(e) A plan contract which provides coverage, whether by specific benefit or by the effect of general wording, for both an employee and one or more covered persons dependent upon such employee and provides for an extension of such coverage for any period following a termination of employment of the employee shall also provide that such extension of coverage shall apply to dependents upon the same terms and conditions precedent as applied to the covered employee, for the same period of time, subject to payment of premiums, if any, as required by the terms of the policy and subject to any applicable collective-bargaining agreement.

(f) A group contract shall not discriminate against handicapped

persons or against groups containing handicapped persons. Nothing in this subdivision shall preclude reasonable provisions in a plan contract against liability for services or reimbursement of the handicap condition or conditions relating thereto, as may be allowed by rules of the commissioner.

(g) Every group contract shall set forth the terms and conditions under which subscribers and enrollees may remain in the plan in the event the group ceases to exist, the group contract is terminated or an individual subscriber leaves the group, or the enrollees' eligibility status changes.

(h) A health care service plan or specialized health care service plan may provide for coverage of, or for payment for, professional mental health services, or vision care services, or for the exclusion of such services. A health care service plan that offers outpatient mental health services but does not cover such services in all of its group contracts shall communicate to prospective group contract holders as to the availability of outpatient coverage for the treatment of mental or nervous disorders. No plan shall prohibit the member from selecting any psychologist who is licensed pursuant to the Psychology Licensing Law or, any optometrist who is the holder of a certificate issued pursuant to Chapter 7 (commencing with Section 3000) of Division 2 of the Business and Professions Code or, upon referral by a physician and surgeon licensed pursuant to the Medical Practice Act, (1) any marriage, family and child counselor who is the holder of a license under Section 4980.50 of the Business and Professions Code, or (2) any licensed clinical social worker who is the holder of a license under Section 9040 of the Business and Professions Code, or (3) any registered nurse licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code who possesses a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, at such time as the State Board of Registered Nurses produces and maintains a list of those psychiatric-mental health nurses who possess a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, to perform the particular services covered under the terms of the plan, such certificate holder being expressly authorized by law to perform such services. Nothing in this section shall be construed to allow any certificate holder or licensee enumerated in this section to perform professional mental health services beyond his or her field or fields of competence as established by his or her education, training and experience. Nothing in this section shall be

construed to allow a member to select and obtain mental health or psychological or vision care services from a certificate or license holder who is not directly affiliated with or under contract to the health care service plan or specialized health care service plan to which the member belongs. All health care service plans and individual practice associations which offer mental health benefits shall make reasonable efforts to make available to their members the services of licensed psychologists. However, a failure of a plan or association to comply with the requirements of the preceding sentence shall not constitute a misdemeanor.

As used in this subdivision, "individual practice association" means an entity as defined in subsection (5) of Section 1307 of the federal Public Health Service Act (subs. (5), Sec. 300e-1, 42 U.S.C.).

(i) If the plan utilizes arbitration to settle disputes, the plan contracts shall set forth the type of disputes subject to arbitration, the process to be utilized, and how it is to be initiated.

(j) A plan contract which provides benefits that accrue after a certain time of confinement in a health care facility shall specify what constitutes a day of confinement or the number of consecutive hours of confinement which are requisite to the commencement of benefits.

(b) Privately operated taxicab transportation service provides vital transportation links within the state and between the state and the people and economic systems of the nation and the world. Taxicab transportation service operated in the cities and counties enables the state to provide the benefits of privately operated, demand-responsive transportation services to its people and to persons who travel to California for business or tourist purposes.

(c) The economic viability and stability of privately operated taxicab transportation service is, consequently, a matter of statewide importance.

of an insurer with intent to deceive.

(e) Making any false entry in any book, report or statement of any insurer with intent to deceive any agent or examiner lawfully appointed to examine into its condition or into any of its affairs, or any public official to whom such insurer is required by law to report, or who has authority by law to examine into its condition or into any of its affairs, or, with like intent, willfully omitting to make a true entry of any material fact pertaining to the business of such insurer in any book, report or statement of such insurer.

(f) Making or permitting any unfair discrimination between individuals of the same class and equal expectation of life in the rates charged for any contract of life insurance or of life annuity or in the dividends or other benefits payable thereon, or in any other of the terms and conditions of such contract.

This subdivision shall be interpreted, for any contract of ordinary life insurance or individual life annuity applied for and issued on or after January 1, 1981, to require differentials based upon the sex of the individual insured or annuitant in the rates or dividends or benefits, or any combination thereof. This requirement is satisfied if such differentials are substantially supported by valid pertinent data segregated by sex, including, but not necessarily limited to, mortality data segregated by sex.

However, for any contract of ordinary life insurance or individual life annuity applied for and issued on or after January 1, 1981, but before the compliance date, in lieu of such differentials based on data segregated by sex, rates or dividends or benefits, or any combination thereof, for ordinary life insurance or individual life annuity on a female life may be calculated as follows: (a) according to an age not less than three years nor more than six years younger than the actual age of the female insured or female annuitant, in the case of a contract of ordinary life insurance with a face value greater than five thousand dollars ($5,000) or a contract of individual life annuity; and (b) according to an age not more than six years younger than the actual age of the female insured, in the case of a contract of ordinary life insurance with a face value of five thousand dollars ($5,000) or less. "Compliance date" as used in this paragraph shall mean the date or dates established as the operative date or dates by future amendments to this code directing and authorizing life insurers to use a mortality table containing mortality data segregated by sex for the calculation of adjusted premiums and present values for nonforfeiture benefits and valuation reserves as specified in Sections 10163.5 and 10489.2 or successor sections.

Notwithstanding the provisions of this subdivision, sex based differentials in rates or dividends or benefits, or any combination thereof, shall not be required for (1) any contract of life insurance or life annuity issued pursuant to arrangements which may be considered terms, conditions, or privileges of employment as such terms are used in Title VII of the Civil Rights Act of 1964, as amended, and (2) tax sheltered annuities for employees of public

schools or of tax exempt organizations described in Section 501 (c) (3) of the Internal Revenue Code.

(g) Making or disseminating, or causing to be made or disseminated, before the public in this state, in any newspaper or other publication, or any other advertising device, or by public outcry or proclamation, or in any other manner or means whatever, whether directly or by implication, any statement that a named insurer, or named insurers, are members of the California Insurance Guarantee Association, or insured against insolvency as defined in Section 119.5. This subdivision shall not be interpreted to prohibit any activity of the California Insurance Guarantee Association or the commissioner authorized, directly or by implication, by Article 14.2 (commencing with Section 1063) of this chapter.

(h) Knowingly committing or performing with such frequency as to indicate a general business practice any of the following unfair claims settlement practices:

(1) Misrepresenting to claimants pertinent facts or insurance policy provisions relating to any coverages at issue.

(2) Failing to acknowledge and act reasonably promptly upon communications with respect to claims arising under insurance policies.

(3) Failing to adopt and implement reasonable standards for the prompt investigation and processing of claims arising under insurance policies.

(4) Failing to affirm or deny coverage of claims within a reasonable time after proof of loss requirements have been completed and submitted by the insured.

(5) Not attempting in good faith to effectuate prompt, fair, and equitable settlements of claims in which liability has become reasonably clear.

(6) Compelling insureds to institute litigation to recover amounts due under an insurance policy by offering substantially less than the amounts ultimately recovered in actions brought by such insureds, when such insureds have made claims for amounts reasonably similar to the amounts ultimately recovered.

(7) Attempting to settle a claim by an insured for less than the amount to which a reasonable man would have believed he was entitled by reference to written or printed advertising material accompanying or made part of an application.

(8) Attempting to settle claims on the basis of an application which was altered without notice to, or knowledge or consent of, the insured, his representative, agent, or broker.

(9) Failing, after payment of a claim, to inform insureds or beneficiaries, upon request by them, of the coverage under which payment has been made.

(10) Making known to insureds or claimants a practice of the insurer of appealing from arbitration awards in favor of insureds or claimants for the purpose of compelling them to accept settlements or compromises less than the amount awarded in arbitration

(11) Delaying the investigation or payment of claims by requiring an insured, claimant, or the physician of either, to submit a preliminary claim report, and then requiring the subsequent submission of formal proof of loss forms, both of which submissions contain substantially the same information.

(12) Failing to settle claims promptly, where liability has become apparent, under one portion of the insurance policy coverage in order to influence settlements under other portions of the insurance policy coverage.

(13) Failing to provide promptly a reasonable explanation of the basis relied on in the insurance policy, in relation to the facts or applicable law, for the denial of a claim or for the offer of a compromise settlement.

(14) Directly advising a claimant not to obtain the services of an attorney.

(15) Misleading a claimant as to the applicable statute of limitations.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The United States Supreme Court decision in Arizona Governing Committee v. Norris, interpreting Title VII of the Civil Rights Act of 1964, became effective August 1, 1983. In order for life insurers to continue to offer insured benefits on an individual basis for persons affected by this decision in California, it is necessary that this act take effect immediately.

CHAPTER 1262

An act to add Article 4.6 (commencing with Section 1211) to Chapter 2 of Part 2 of Division 1 of the Insurance Code, relating to insurance.

[Approved by Governor September 29, 1983. Filed with Secretary of State September 30, 1983]

The people of the State of California do enact as follows:

SECTION 1. Article 4.6 (commencing with Section 1211) is added to Chapter 2 of Part 2 of Division 1 of the Insurance Code, to read:

Article 4.6. Hedging

1211. Any domestic incorporated insurer, after investing an amount equal to its required minimum paid-in capital in securities specified in Article 3 (commencing with Section 1170), may invest

in bona fide hedging transactions and positions in interest rate futures contracts or options on interest rate futures contracts within the meaning of the Commodity Exchange Act (Chapter 1 (commencing with Section 1) of Title 7, United States Code) and traded on an exchange or board of trade regulated under that act.

(a) For purposes of this section "interest rate futures contracts" means contracts for future delivery, in accordance with the rules of the exchange or board of trade on which the contracts are traded, of obligations issued or guaranteed by the government of the United States or any agency or instrumentality thereof or certificates of deposit of banks or savings and loan associations the accounts of which are insured by an agency or instrumentality of the federal government. "Options on interest rate futures contracts," for purposes of this section, means put or call options, in accordance with the rules of the exchange or board of trade on which the options are traded, in interest rate futures contracts on obligations issued or guaranteed by the government of the United States or any agency or instrumentality thereof or certificates of deposit of banks or savings and loan associations the accounts of which are insured by an agency or instrumentality of the federal government.

(b) Interest rate futures contracts may be purchased when upon execution, (1) the futures contract is specifically identified with a liability or a group of liabilities or the insurer reasonably expects to acquire in the ordinary course of its business an asset or group of assets which, in each case, is identified in its records as being associated with such futures contract and (2) the futures contract has a positive correlation (prices tend to move in the same direction with reasonably similar magnitude) with the identified asset, liability or group of assets or liabilities.

Interest rate futures contracts may be sold when upon execution, (1) the futures contract is specifically identified with an asset or a group of assets or the insurer reasonably expects to incur in the ordinary course of its business a liability or group of liabilities which, in each case, is identified in its records as being associated with such futures contract and (2) the futures contract has a positive correlation (prices tend to move in the same direction with a reasonably similar magnitude) with the identified asset, liability or group of assets or liabilities.

(c) Put or call options on interest rate futures contracts may be purchased when upon execution, (1) the option and its related interest rate futures contract is specifically identified with an asset, liability or group of assets or liabilities or the insurer reasonably expects to acquire in the ordinary course of business an asset, liability or group of assets or liabilities which, in each case is identified in its records as being associated with such option and (2) the option and its related interest rate futures contract has a positive correlation (prices tend to move in the same direction with a reasonably similar magnitude) with the identified asset, liability or a group of assets or liabilities. An insurer may sell an exchange traded put or call option

on an interest rate futures contract only through an exchange and only for the purpose of a closing transaction. No other sales of options on interest rate futures contracts are authorized under this section.

(d) If an identified asset or liability or all of an identified group of assets or liabilities is sold or an expected identified asset or liability position is no longer expected to occur, the interest rate futures contract or option, or both, shall be closed out.

(e) Except with the prior approval of the commissioner, an investment shall not be made under the authority of subdivisions (b) and (c) if at the time of its making, the investment would result in an insurer hedging assets, liabilities or anticipated assets or liabilities in an amount exceeding 5 percent of admitted assets plus 100 percent of the amount of the investments in notes or bonds secured by a first mortgage or lien upon real property as determined by the last preceding annual statement filed with the commissioner. The term "notes or bonds secured by a first mortgage or lien upon real property" for purposes of this section means notes or bonds secured by a first mortgage or lien upon a real property containing a residence of one to four units or upon which a residence of one to four units is to be constructed and all bonds, debentures, certificates and notes set forth in Section 1100 and 1180.

A request to exceed the limitations contained herein shall be in writing and shall be deemed approved unless the commissioner disapproves it within 60 days after the request has been filed in the commissioner's office. The commissioner shall require the payment of a one thousand dollar ($1,000) fee for the determination of whether to approve or disapprove the request to exceed the limitations.

(f) An insurer shall not engage in hedging transactions and positions in interest rate futures contracts or options on interest rate futures contracts except pursuant to this section.

(g) The commissioner may establish criteria for, and prescribe procedures to be followed by insurers effecting transactions and positions pursuant to this section.

1212. This article shall be known and may be cited as the Insurance Company Investment Act of 1983.

CHAPTER 1263

An act to amend Sections 65913.3, 65923, 65923.5, and 65942 of, to add Sections 65922.3, 65922.5, 65922.7, 65923.8, 65941.5, 65945, 65945.3, 65945.5, and 65945.7 to, and to repeal Article 6 (commencing with Section 65050) of Chapter 1.5 of Division 1 of Title 7 of, the Government Code, and to add Section 25616 to the Public Resources Code, relating to development projects, and making an appropriation therefor.

[Approved by Governor September 29, 1983 Filed with Secretary of State September 30, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Article 6 (commencing with Section 65050) of Chapter 1.5 of Division 1 of Title 7 of the Government Code is repealed.

SEC. 2. Section 65913.3 of the Government Code is amended to read:

65913.3. Every city, county, or city and county shall provide for coordination of review and decisionmaking and the provision of information regarding the status of all applications and permits for residential, commercial, and industrial developments, as required by such city, county, or city and county, by a single administrative entity. The city, county, or city and county may charge fees to defray costs which are directly attributable to the coordination of an application of a developer by a single administrative entity.

For the purposes of this section, "administrative entity" means a person or agency designated by the legislative body of the city, county, or city and county to coordinate the review and decisionmaking and provide information regarding the status of all permits or applications required by the local agency.

A city, county, or city and county may adopt, by resolution or ordinance, procedures for the implementation of this section by the designated administrative entity.

SEC. 3. Section 65922.3 is added to the Government Code, to read:

65922.3. The Office of Permit Assistance is hereby created in the Office of Planning and Research. The office succeeds to, and is vested with, all of the duties, purposes, and responsibilities required to be performed by the Office of Planning and Research pursuant to former Article 6 (commencing with Section 65050) of Chapter 1.5 of Division 1 of Title 7 of the Government Code. The office shall develop guidelines to provide technical assistance to counties and cities in establishing and operating an expedited development permit process. The guidelines shall include, but not be limited to, all of the following elements of a local permit process:

(a) A central contact point with a public agency where all permit applications can be filed and information on all permit requirements can be obtained.

(b) A referral process to (1) refer the applicant to the appropriate functional area for resolution of problems and fulfillment of requirements, (2) refer the applicant to cities within the county in whose sphere of influence the proposed project lies for review, comment, or imposition of condition permits, (3) assign an individual from the local government to be responsible for guiding the application through all local permit bodies, or (4) include any combination of the above.

(c) A master permit document which covers permits for all functional areas and which could be used for obtaining the approvals of the various functional areas.

(d) A method of tracking progress on various permit applications, which may include identifying a staff person responsible for monitoring permits.

(e) A determination as to completeness of the master permit document upon its submission and a written statement of specific information that is missing, if any.

(f) Timetables for action on individual permits.

(g) An expedited appeal process to assure fair treatment to the applicant using existing agencies, staffs, commissions or boards, where possible.

(h) A variety of administrative mechanisms that will describe the least costly approaches for implementation in a variety of local circumstances.

In developing the guidelines, local variations in population rate of growth, types of proposed development projects, geography and differences in local government structure shall be recognized.

SEC. 4. Section 65922.5 is added to the Government Code, to read:

65922.5. The guidelines established by the Office of Permit Assistance pursuant to Section 65922.3 shall be advisory in nature and in no way shall they constitute a mandate upon cities and counties to take any of the actions contained therein.

SEC. 5. Section 65922.7 is added to the Government Code, to read:

65922.7. Subject to the availability of funds appropriated therefor, the Office of Permit Assistance shall provide technical assistance and grants-in-aid to assist counties and cities in establishing an expedited permit process pursuant to Section 65922.3. Any city or county receiving such a grant shall enact an expedited permit process within 10 months of the date of receipt. Nothing in this section or Section 65922.3 shall in any way preclude a county or city from establishing an expedited permit process pursuant to a procedure established solely by that county or city. If the office has adopted guidelines pursuant to Section 65922.3 and a county or city has established an expedited permit process pursuant to its own procedures, in all cases the process established by the city or county shall prevail over conflicting provisions of the guidelines.

SEC. 6. Section 65923 of the Government Code is amended to read:

65923. The Office of Permit Assistance shall provide information to developers explaining the permit approval process at the state and local level. The office shall ensure that all state agencies comply with applicable requirements of this chapter.

SEC. 7. Section 65923.5 of the Government Code is amended to read:

65923.5. (a) The Office of Permit Assistance may call a

conference of parties to resolve questions or mediate disputes arising from permit applications on any proposed development project.

(b) The office shall assist state and local agencies in an attempt to streamline the permit approval process at the state and local level.

(c) The office shall provide information to developers to assist them in meeting the requirements of the California Environmental Quality Act, Division 13 (commencing with Section 21000) of the Public Resources Code.

SEC. 8. Section 65923.8 is added to the Government Code, to read:

65923.8. Any state agency which is the lead agency for a development project shall inform the applicant for a permit that the Office of Permit Assistance has been created in the Office of Planning and Research to assist, and provide information to, developers relating to the permit approval process.

SEC. 9. Section 65941.5 is added to the Government Code, to read:

65941.5. Each local agency shall notify applicants for development permits of the time limits established for the review and approval of development permits pursuant to Article 3 (commencing with Section 65940) and Article 5 (commencing with Section 65950). The local agency may charge applicants a reasonable fee not to exceed the amount reasonably necessary to provide the service required by this section. If a fee is charged pursuant to this section, the fee shall be collected as part of the application fee charged for the development permit.

SEC. 10. Section 65942 of the Government Code is amended to read:

65942. The information and the criteria specified in Sections 65940, 65941, 65941.5 shall be revised as needed so that they shall be current and accurate at all times.

SEC. 11. Section 65945 is added to the Government Code, to read:

65945. (a) At the time of filing an application for a development permit with a city or county, the city or county shall inform the applicant that he or she may make a written request to receive notice from the city or county of a proposal to adopt or amend any of the following plans or ordinances:

(1) A general plan.

(2) A specific plan.

(3) A zoning ordinance.

(4) An ordinance affecting building permits or grading permits.

The applicant shall specify, in the written request, the types of proposed action for which notice is requested. Prior to taking any of those actions, the city or county shall give notice to any applicant who has requested notice of the type of action proposed and whose development project is pending before the city or county if the city or county determines that the proposal is reasonably related to the applicant's request for the development permit. Notice shall be given only for those types of actions which the applicant specifies in

the request for notification.

The city or county may charge the applicant for a development permit, to whom notice is provided pursuant to this subdivision, a reasonable fee not to exceed the actual cost of providing that notice. If a fee is charged pursuant to this subdivision, the fee shall be collected as part of the application fee charged for the development permit.

(b) As an alternative to the notification procedure prescribed by subdivision (a), a city or county may inform the applicant at the time of filing an application for a development permit that he or she may subscribe to a periodically updated notice or set of notices from the city or county which lists pending proposals to adopt or amend any of the plans or ordinances specified in subdivision (a), together with the status of the proposal and the date of any hearings thereon which have been set.

Only those proposals which are general, as opposed to parcel-specific in nature, and which the city or county determines are reasonably related to requests for development permits, need be listed in the notice. No proposal shall be required to be listed until such time as the first public hearing thereon has been set. The notice shall be updated and mailed at least once every six weeks; except that a notice need not be updated and mailed until a change in its contents is required.

The city or county may charge the applicant for a development permit, to whom notice is provided pursuant to this subdivision, a reasonable fee not to exceed the actual cost of providing that notice, including the costs of updating the notice, for the length of time the applicant requests to be sent the notice or notices.

SEC. 12. Section 65945.3 is added to the Government Code, to read:

65945.3. At the time of filing an application for a development permit with a local agency, other than a city or county, the local agency shall inform the applicant that he or she may make a written request to receive notice of any proposal to adopt or amend a rule or regulation affecting the issuance of development permits.

Prior to adopting or amending any such rule or regulation, the local agency shall give notice to any applicant who has requested such notice and whose development project is pending before the agency if the local agency determines that the proposal is reasonably related to the applicant's request for the development permit.

The local agency may charge the applicant for a development permit, to whom notice is provided pursuant to this section, a reasonable fee not to exceed the actual cost of providing that notice. If a fee is charged pursuant to this section, the fee shall be collected as part of the application fee charged for the development permit.

SEC. 13. Section 65945.5 is added to the Government Code, to read:

65945.5. At the time of filing an application for a development permit with a state agency, the state agency shall inform the

applicant that he or she may make a written request to receive notice of any proposal to adopt or amend a regulation affecting the issuance of development permits and which implements a statutory provision.

Prior to adopting or amending any such regulation, the state agency shall give notice to any applicant who has requested such notice and whose development project is pending before the state agency if the state agency determines that the proposal is reasonably related to the applicant's request for the development permit.

SEC. 14. Section 65945.7 is added to the Government Code, to read:

65945.7. No action, inaction, or recommendation regarding any ordinance, rule, or regulation subject to this Section 65945, 65945.3, or 65945.5 by any legislative body, administrative body, or the officials of any state or local agency shall be held void or invalid or be set aside by any court on the ground of any error, irregularity, informality, neglect or omission (hereinafter called "error") as to any matter pertaining to notices, records, determinations, publications or any matters of procedure whatever, unless after an examination of the entire case, including evidence, the court shall be of the opinion that the error complained of was prejudicial, and that by reason of such error the party complaining or appealing sustained and suffered substantial injury, and that a different result would have been probable if such error had not occurred or existed. There shall be no presumption that error is prejudicial or that injury was done if error is shown.

SEC. 15. Section 25616 is added to the Public Resources Code, to read:

25616. It is the intent of the Legislature to encourage local agencies to expeditiously review permit applications to site energy projects, and to encourage energy project developers to consider all cost-effective and environmentally superior alternatives that achieve their project objectives. Subject to the availability of funds appropriated therefor, the commission shall provide technical assistance and grants-in-aid to assist local agencies to site energy production or transmission projects which are not otherwise subject to the provisions of Chapter 6 (commencing with Section 25500). The commission shall provide assistance at the request of local agencies and shall coordinate that assistance with the assistance provided by the Office of Permit Assistance, created pursuant to Section 65922.3.

As used in this section, an energy project is any project designed to produce, convert, or transmit energy as one of its primary functions.

SEC. 16. The Legislative Analyst shall conduct a study and report to the Legislature on January 1, 1987, with respect to whether the Office of Permit Assistance in the Office of Planning and Research has effectively streamlined the development permit process pursuant to Chapter 4.5 (commencing with Section 65920) of

Division 1 of Title 7 of the Government Code.

SEC. 17. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

SEC. 18. Notwithstanding Section 40182 of the Revenue and Taxation Code, the sum of one hundred thousand dollars ($100,000) is hereby appropriated from the Energy Resources Programs Account, created pursuant to Section 25801 of the Public Resources Code, to the State Energy Resources Conservation and Development Commission to carry out the provisions of Section 25616 of the Public Resources Code during the 1983–84 fiscal year.

CHAPTER 1264

An act to add Division 22 (commencing with Section 32000) to the Public Resources Code, relating to waterfront restoration, and making an appropriation therefor.

[Approved by Governor September 29, 1983. Filed with Secretary of State September 30, 1983]

The people of the State of California do enact as follows:

SECTION 1. Division 22 (commencing with Section 32000) is added to the Public Resources Code, to read:

DIVISION 22. CALIFORNIA URBAN WATERFRONT AREA RESTORATION FINANCING AUTHORITY ACT

CHAPTER 1. GENERAL PROVISIONS AND DEFINITIONS

Article 1. General Provisions

32000. This division shall be known and may be cited as the California Urban Waterfront Area Restoration Financing Authority Act.

32001. The Legislature finds and declares that it is essential that the state, in cooperation with local governments, use all practical means and measures to restore, revitalize, and develop, in an economically and environmentally sound manner, the coastal and inland urban waterfront areas of the state.

The Legislature further finds that existing conditions in some of the state's coastal urban waterfront areas prevent the attainment of one or more of the basic goals of the state set forth in Section 30001.5

for the coastal zone, and that existing sources of funding are not adequate to restore these areas in accordance with those goals.

The Legislature further finds that properly planned development of coastal and inland urban waterfronts with public recreation facilities, shoreline access facilities, visitor-serving commercial facilities, or coastal-dependent facilities, or with public works necessary for the implementation or preservation of an urban waterfront project, will promote attainment of the basic goals of the state for the coastal zone and will stimulate economic development and promote employment in coastal and inland urban waterfront areas.

32002. As to urban waterfront areas in the coastal zone, the purpose of this division is to carry out and make effective Chapter 7 (commencing with Section 31300) of Division 21 and, to that end, provide an economically feasible method of financing urban waterfront restoration.

32003. This division is necessary for the welfare of the state and its inhabitants and shall be liberally construed to implement its purposes.

Article 2. Definitions

32020. Unless the context otherwise requires, the definitions in this article govern the interpretation of this division.

32021. "Authority" means the California Urban Waterfront Area Restoration Financing Authority established pursuant to Section 32050, and any board, commission, department, or officer succeeding to the functions thereof or to whom the powers conferred upon the authority by this division shall be given.

Project includes, but is not limited to, lands, buildings, or roads, and improvements thereto, work, rehabilitation, structure, or property, real or personal, located wholly or partly within the coastal zone or within the territory of the Sacramento-Yolo Port District, the Stockton Port District, or on a river, lake, or reservoir located within a metropolitan statistical area, providing or designed to provide visitor serving commercial facilities, transient visitor accommodations, coastal or inland waterfront dependent industry, public utility systems, mass transit facilities, and public recreation and shoreline access facilities, including, but not limited to, parks, stairways, piers, and wharves, boat berthing facilities, parking facilities, visitor service centers, or interpretive center and shoreline protection and erosion control facilities. Project does not include new permanent residential structures, office structures, noncoastal dependent industrial facilities, or other noncoastal related uses, or industrial facilities or other uses that are unrelated to an inland waterfront.

32028. "Revenue" means all rents, receipts, purchase payments, loan repayments, proceeds of bonds, and all other income or receipts derived by the authority from the sale, lease, or other disposition of projects, or the making of loans to finance projects, and any income derived from the investment of any money in any fund or account of the authority.

CHAPTER 2. ORGANIZATION OF THE AUTHORITY: GENERAL POWERS AND DUTIES

32050. (a) There is in state government the California Urban Waterfront Area Restoration Financing Authority. The authority constitutes a public instrumentality and a political subdivision of the State of California, and the exercise by the authority of powers

32054. The chairman shall appoint an executive director who shall not be a member of the authority and who shall serve at the pleasure of the authority and shall employ the staff of the conservancy and other necessary persons to enable the authority to properly perform the duties imposed upon it by this division. The executive director shall receive compensation as fixed by the authority.

32055. The authority shall, in accordance with the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, adopt the necessary rules and regulations to carry out this division.

32056. 32060. (a) The California Urban Waterfront Area Restoration Financing Authority Fund is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, all moneys in the fund are continuously appropriated to the authority for carrying out the purposes of this division.

The authority may pledge any or all of the moneys in the fund as security for payment of the principal of, and interest on, any particular issuance of bonds issued pursuant to this division, and, for that purpose, or as necessary or convenient to the accomplishment of any other purpose of the authority, may divide the fund into separate accounts. All moneys accruing to the authority pursuant to this division from any source shall be deposited in the fund.

(b) Subject to priorities that may be created by the pledge of particular moneys in the fund to secure any issuance of bonds of the authority, and subject further to reasonable costs that may be incurred by the authority in administering the program authorized by this division, all moneys in the fund derived from any source shall be held in trust for the security and payment of bonds of the authority and shall not be used or pledged for any other purpose so long as the bonds are outstanding and unpaid. However, nothing in this section shall limit the power of the authority to make loans with the proceeds of bonds in accordance with the terms of the resolution authorizing the bonds.

(c) Pursuant to any agreements with the holders of particular bonds pledging any particular assets, revenues, or moneys, the authority may create separate accounts in the fund to manage assets, revenues, or moneys in the manner set forth in the agreements.

(d) The authority may, from time to time, direct the Treasurer to invest moneys in the fund which are not required for its current

needs, including proceeds from the sale of any bonds, in such eligible securities specified in Section 16430 of the Government Code as the authority shall designate. The authority may direct the Treasurer to deposit moneys in interest-bearing accounts in state or national banks or other financial institutions having principal offices in this state. The authority may alternatively require the transfer of moneys in the fund to the Surplus Money Investment Fund for investment pursuant to Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. Notwithstanding Section 16305.7 of the Government Code, all interest or other increment resulting from the investment or deposit of moneys from the fund shall be deposited in the fund. 32061. All expenses incurred in carrying out this division shall be payable solely from funds provided under the authority of this division, and no liability or obligation shall be imposed upon the State of California and, except as provided in Section 32116, none shall be incurred by the authority beyond the extent to which money shall have been provided under this division. 32062. All projects financed by the authority shall be constructed or completed subject to the rules and regulations of the authority.

32063. When the principal of, and interest on, bonds of the authority issued to finance the cost of a particular project for a participating party, including any refunding bonds issued to refund and refinance all or any part of the bonds, have been fully paid and retired, or when adequate provisions have been made for the payment and retirement of the bonds, and all other conditions of any resolution, lease, indenture, mortgage or deed of trust, security interest, or any other instrument or instruments authorizing and securing the bonds have been satisfied, and any lien created has been released in accordance with the provisions thereof, the authority is authorized, upon terms and conditions it may prescribe, to do all things and execute releases, release deeds, reassignments, deeds, and conveyances necessary or required to convey or release its right, title, and interest in the project financed and any other instruments pledged or transferred to secure bonds to the participating party.

32064. (a) The authority, or its executive director if authorized by resolution of the authority, shall take official action towards the issuance of bonds with respect to any participating party at the next meeting of the authority occurring more than 30 days following the receipt of a completed application. Official action towards the issuance of bonds may reserve the right of the authority to further review an application for financing and consider terms thereof prior

to the issuance of bonds therefor.

(b) The authority shall take final action to approve or disapprove the issuance of bonds to lend financial assistance to participating parties within 60 days from the receipt by the authority of a request from a participating party for action. Any request by a participating party shall be accompanied by evidence of fulfillment of any and all conditions to the issuance of the bonds imposed at the time the first action towards the issuance was taken by the authority and copies of forms of all principal legal documents to be approved by the authority.

(c) The authority may give final approval for the issuance of the bonds upon terms it deems necessary or desirable.

(d) Any action under this section shall be at the sole discretion of the authority.

32065. The authority, not later than March 1 of each year, shall submit to the Legislature a report of its activities for the preceding calendar year ending December 31. The report shall include a listing of applications received, a listing of applications accepted for financing, a specification of bonds sold, interest rates thereon, and whether bond sales were pursuant to public bid or were negotiated, a specification of the amount of bonds authorized but currently unsold, a projection of the authority's needs and requirements for the coming year, and a report of revenues and expenditures for the preceding fiscal year.

32066. The Treasurer is the elected representative of the state to approve the issuance of bonds issued by or on behalf of the state pursuant to this chapter to the extent this approval is required by federal tax law.

The Treasurer may sell any bonds at a price below the par value if the discount on any bonds sold does not exceed 6 percent of the par value.

(k) The mortgaging of land, improvements, or other assets owned by a participating party for the purpose of securing the bondholders.

(*l*) Procedures for the selection of projects to be financed with the proceeds of the bonds authorized by the resolution, if the bonds are to be sold in advance of the designation of the projects and the participating parties to receive the financing.

32107. Neither the members of the authority nor any person executing the bonds or notes shall be liable personally on the bonds or notes or be subject to any personal liability or accountability by reason of the issuance thereof.

32108. The authority may, out of any funds available therefor, purchase its bonds or notes. The authority may hold, pledge, cancel, or resell the bonds, subject to and in accordance with agreements with bondholders.

32109. In the discretion of the authority, any bonds issued under this division may be secured by a trust agreement by and between the authority and a corporate trustee or trustees, which may be the Treasurer or any trust company or bank having the powers of a trust company within or without the state.

32110. In addition, any trust agreement or resolution may contain other provisions that the authority may deem reasonable and proper for the security of the bondholders.

32111. Notwithstanding any other provision of law, the Treasurer shall not be deemed to have a conflict of interest by reason of acting as trustee pursuant to this division.

32112. All expenses incurred in carrying out the provisions of this trust agreement or resolution may be treated as a part of the cost of the operation of a project.

32113. Bonds issued under this division do not constitute a debt or liability of the state or of any political subdivision thereof, other than the authority, or a pledge of the full faith and credit of the state or any of its political subdivisions, other than the authority, but are payable solely from the funds provided therefor under this division. All the bonds shall contain on the face thereof a statement to the following effect:

"Neither the full faith and credit nor the taxing power of the State of California is pledged to the payment of the principal of or interest on this bond."

The issuance of bonds under this division shall not directly or indirectly or contingently obligate the state or any political subdivision thereof to levy or to pledge any form of taxation whatever therefor or to make any appropriation for their payment. Nothing in this section shall prevent, or be construed to prevent, the authority from pledging its full faith and credit to the payment of bonds or issue of bonds authorized pursuant to this division.

32114. (a) The authority may provide for the issuance of bonds of the authority for the purpose of refunding any bonds, notes, or other securities of the authority then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the earliest or subsequent date of redemption, purchase, or maturity of these bonds and, if deemed advisable by the authority, for the additional purpose of paying all or any part of the cost of constructing and acquiring additions, improvements, extensions, or enlargements of an urban waterfront restoration project or any portion thereof.

(b) The proceeds of any bonds issued for the purpose of refunding outstanding bonds, notes, or other securities may, in the discretion of the authority, be applied to the purchase or retirement at maturity

or redemption of these outstanding bonds either on their earliest or any subsequent redemption date or upon the purchase or retirement at the maturity thereof and may, pending the application, be placed in escrow to be applied to the purchase or retirement at maturity or redemption on the date as may be determined by the authority.

(c) Pending this use, the escrowed proceeds may be invested and reinvested by the Treasurer in obligations of, or guaranteed by, the United States of America, or in certificates of deposit or time deposits secured by obligations of, or guaranteed by, the United States of America, maturing at time or times appropriate to assure the prompt payment, as to principal, interest, and redemption premium, if any, of the outstanding bonds to be so refunded. The interest, income, and profits, if any, earned or realized on the investment may also be applied to the payment of the outstanding bonds to be so refunded. After the terms of the escrow have been fully satisfied and carried out, any balance of the proceeds and interest, income, and profits, if any earned or realized on the investments thereof, shall be returned to the authority and the conservancy for use in carrying out this division.

(d) The portion of the proceeds of the bonds issued for the additional purpose of paying all or any part of the cost of constructing and acquiring additions, improvements, extensions, or enlargements of an urban waterfront restoration project may be invested and reinvested by the Treasurer in obligations of, or guaranteed by, the United States of America, or in certificates of deposit or time deposits secured by obligations of, or guaranteed by, the United States of America, maturing not later than the time or times when these proceeds will be needed for the purpose of paying all or any part of the cost. The interest, income and profits, if any earned or realized on this investment, may be applied to the payment of all or any part of the cost or may be used by the authority and the conservancy in carrying out this division.

(e) All these bonds are subject to this division in the same manner and to the same extent as other bonds issued pursuant to the provisions of this division.

32115. Bonds issued by the authority are legal investments for all trust funds, the funds of all insurance companies, banks, both commercial and savings, trust companies, savings and loan associations, and investment companies, for executors, administrators, trustees, and other fiduciaries, for state school funds, and for any funds which may be invested in county, municipal, or school district bonds, and these bonds are securities which may properly and legally be deposited with, and received by, any state or municipal officer or agency or political subdivision of the state for any purpose for which the deposit of bonds or obligations of the state, is now, or may hereafter be, authorized by law, including deposits to secure public funds if, and only to the extent that, evidence of indebtedness or debt securities of the participating party receiving financing through the issuance of these bonds which qualify or are

eligible for these purposes and uses.

32116. No liability shall be incurred by the authority beyond the extent to which moneys have been provided under this division, except that, for the purposes of meeting the necessary expenses of initial organization and operation until the date that the authority derives revenues or proceeds from bonds or notes as provided under this division, the authority may borrow money as needed for these expenses from the General Fund in the State Treasury. The borrowed money shall be repaid with interest within a reasonable time after the authority receives revenues or proceeds from bonds or notes as provided under this division.

Article 2. Supplemental Bond Provisions

32150. The authority is not required to pay any property taxes or assessments upon, or with respect to, an urban waterfront restoration project or any property acquired by or for the authority under this division or upon the income therefrom, so long as the authority holds title to the project or to the property or facilities comprised in the project.

The exemption of the authority from taxation of any project ceases when title to the property is transferred from the authority to any normally taxable participating party. This section does not exempt any normally taxable participating party from taxation, including, but not limited to, taxation upon a possessory interest, with respect to any project, or the property or facilities comprised in any project, which may otherwise be applicable to the participating party.

32151. Subject to Section 32153, the existence of the authority may be terminated by statute at any time by the Legislature. Upon dissolution of the authority, the title to all properties owned by it shall, subject to the interests of any participating parties therein, vest in and become the property of the State of California and shall not inure to the benefit of any private party.

32152. This division provides a complete, additional, and alternative method for the doing of the things authorized thereby, and shall be regarded as supplemental and additional to powers conferred by other laws, except that the issuance of bonds and refunding bonds under this division need not comply with the requirements of any other law applicable to the issuance of bonds.

32153. The State of California does hereby pledge to, and agree with, the holders of any obligations issued under this division, and with those parties who may enter into contracts with the authority pursuant to this division, that the state will not limit or alter the rights hereby vested in the authority to finance any project and to fulfill the terms of any loan agreement, lease, or other contract with the authority pursuant to this division, or in any way impair the rights or remedies of the bonds or the parties until those obligations, together with the interest thereon, are fully met and discharged and those contracts are fully performed on the part of the authority. However,

nothing in this section precludes this limitation or alteration if and when adequate provision has been made by law for the protection of the holders of those obligations of the authority or those entering into those contracts with the authority. The authority, as agent for the state, is authorized to include this pledge and undertaking for the state in its obligations or contracts.

32154. The powers granted to the authority by this division may be exercised without regard or reference to any department or agency of the state. All other general or special laws, or parts thereof, inconsistent with this division are hereby declared to be inapplicable to the provisions of this division. Nothing in this division shall be interpreted to exempt the construction or acquisition of any urban waterfront restoration project by any participating party from compliance with all applicable local, state, or federal laws and regulations.

CHAPTER 4. CONSTRUCTION AND LEASES OF FACILITIES

32200. The authority may contract with any participating party for the construction of an urban waterfront restoration project by the participating party. All contracts for the construction of a project by a participating party shall provide that the participating party is responsible for the architectural and engineering design and for the construction and completion thereof, subject to the standards for architectural and engineering design as may be established, and subject to the supervision, as the conservancy and the authority deem necessary.

The authority may agree to pay the cost of the project constructed by any participating party and to advance the costs from time to time in installments or otherwise as required by the contract for the construction thereof. Title to all projects shall be vested in the authority, subject to the terms of any lease thereof to the participating party or the rights of a participating party under any contract for the purchase of the project, including the payment of the purchase price under installment sales contracts.

32201. The authority may, as lessor or lessee, enter into leases and agreements with any participating party relating to the acquisition, construction, and installation of any project, including real property, buildings, machinery, furnishings, equipment, and urban waterfront restoration facilities of any kind or character. The terms and conditions of these leases may be as mutually agreed upon. The lease may provide the means or methods by which title shall vest in a participating party upon the termination of the lease and shall contain other terms and conditions that the authority may determine.

The authority may fix, revise, charge, and collect rates, rents, fees, and charges for each project. These rates, rents, fees, and charges shall be fixed and adjusted with respect to the aggregate of rates, rents, fees, and charges from all projects so as to provide funds

sufficient with other revenues and moneys available therefor, if any, to do all of the following:

(a) Pay the principal of, and the interest on, outstanding bonds, notes, or other evidences of indebtedness of the authority issued with respect to the urban waterfront restoration project that become due and payable.

(b) Create and maintain reserves required or provided for in any resolution authorizing, or trust agreement securing, the bonds. A sufficient amount of the revenues derived from a project may be set aside at regular intervals as may be provided in the resolution or trust agreement in a sinking or other similar fund which is hereby pledged to, and charged with, the payment of the principal of and interest on these bonds as they become due, and the redemption price or the purchase price of bonds retired by call or purchase as provided therein. The pledge shall be valid and binding from the time the pledge is made; the rates, rents, fees, and charges and other revenues or other moneys so pledged and thereafter received by the authority shall immediately be subject to the lien of this pledge without any physical delivery thereof or further act, and the lien of this pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the authority, regardless of whether the parties have notice thereof. The resolution or any trust agreement or any other agreement or any lease by which a pledge is created need not be filed or recorded except in the records of the authority. The use and disposition of moneys to the credit of the sinking or other similar fund shall be subject to the resolution authorizing the issuance of the bonds or of the trust agreement. Except as may otherwise be provided in the resolution or the trust agreement, the sinking or other similar fund may be a fund for all bonds of the authority issued to finance projects of a particular participating party without distinction or priority of one over another. However, the authority, in any resolution or trust agreement, may provide that the sinking or other similar fund shall be the fund for a particular project or projects and for the bonds issued to finance a particular project or projects and may, additionally, permit and provide for the issuance of bonds having a subordinate lien with respect to the security authorized for other bonds of the authority, and, in such case, the authority may create separate sinking or other similar funds with respect to the subordinate lien bonds.

(c) Pay the operating and administrative costs of the authority, and the operating and administrative expenses of the conservancy in carrying out its responsibilities under this division.

32202. The authority may enter into contracts of sale with any participating party covering any urban waterfront restoration project financed by the authority. The purchase price pursuant to the contract of sale shall be treated in substantially the same manner and shall be at least sufficient to provide funds for all the purposes specified in Section 32201 and may be paid in installments, together

with interest on the unpaid balance, or otherwise, as may be mutually agreed and set forth in the contract of sale.

All payments received by the authority under any installment sales or conditional sales contract shall be applied by the authority substantially in the same manner as in Section 32201 in the case of lease payments or rental charges received by the authority.

32203. As an alternative to leasing or selling an urban waterfront restoration project to a participating party, the authority may finance the acquisition, construction, or installation of a project by means of a loan to the participating party.

The principal amount of the participating party's obligation, as borrower, shall be sufficient to provide funds for all the purposes specified in subdivisions (a), (b), and (c) of Section 32201 and may be paid in installments, together with interest on the unpaid balance, or otherwise as may be mutually agreed by the authority and the participating party and set forth in the loan agreement. Loans made pursuant to this section may be secured or unsecured, in the discretion of the authority.

Section 32200 is not applicable to projects constructed with money loaned pursuant to this section.

32204. All moneys received pursuant to this division, whether as proceeds from the sale of bonds, notes, or other evidence of indebtedness or as revenues, are trust funds to be held and applied solely as provided in this division.

Any bank or trust company with which the moneys are deposited shall act as trustee of these moneys and shall hold and apply them for the purposes of this division, subject to the resolution authorizing the bonds of any issue or the trust agreements securing the bonds provide.

32205. Any holder of bonds, notes, or other obligations issued under this division or any of the coupons appertaining thereto, and the trustee or trustees under any trust agreement, except to the extent the rights herein given which may be restricted by any resolution authorizing the issuance of, or the trust agreement securing, the bonds, notes, or other obligations, may, either at law or in equity, by suit, action, mandamus, or other proceedings, protect and enforce any and all rights under the laws of the state or granted hereunder or under the resolution or trust agreements, and may enforce and compel the performance of all duties required by this division or by the resolution or trust agreement to be performed by the authority or by any officer, employee, or agent thereof, including the fixing, charging, and collecting of the rates, rents, fees, and charges authorized by this division and required by the resolution or trust agreement to be fixed, established, and collected.

CHAPTER 1265

An act to amend Section 741 of the Public Utilities Code, relating to public utilities.

[Approved by Governor September 29, 1983. Filed with Secretary of State September 30, 1983]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that it is in the public interest that ammonia production in California be preserved because of its importance to California agriculture. Natural gas is the raw material out of which ammonia is made, and to preserve ammonia production in California, it is critical that the rates charged for natural gas used in the manufacture of ammonia be no higher than is necessary to compensate the gas corporation for providing that gas to the ammonia producers, including a reasonable rate of return.

The Legislature further finds and declares that the costs of preserving ammonia production in California should be borne on a statewide basis by an equitable charge on natural gas sales by gas

corporations within the state.

SEC. 2. Section 741 of the Public Utilities Code is amended to read:

741. (a) The rates for natural gas supplied for the manufacture of ammonia shall not exceed the the price paid by the gas corporation for its marginal gas supply, plus twenty cents ($.20) for each million British thermal units (Btu) of gas sold to an ammonia producer, except that the rates shall in no event be lower than the rates in effect on December 31, 1979. For purposes of this section, "marginal gas supply" means that amount of gas which a gas corporation would not purchase in the absence of providing service to those California ammonia producers which are provided that service by the gas corporation.

(b) If the commission determines that the difference in revenues collected by gas corporations on natural gas sales to ammonia producers pursuant to subdivision (a) and the revenues which the gas corporations would otherwise collect on natural gas sales to ammonia producers under the rates in effect on December 31, 1983 , is an amount that is less than the total revenues which gas corporations collect on natural gas sales to ammonia producers, the commission shall establish a rate recovery mechanism by placing a uniform surcharge on sales of natural gas to ratepayers by every gas corporation equal to this difference.

The commission shall distribute the amount of the surcharge collected to any gas corporation selling natural gas to an ammonia producer.

The commission shall require that any costs associated with the implementation of this subdivision shall be borne by the nonresidential natural gas service customer class, through a method to be determined by the commission.

(c) This section shall not apply to the sale of natural gas which is subject to the incremental pricing provisions of the federal Natural Gas Policy Act of 1978, (P.L. 95-621; 15 U.S.C. Sec. 3301 et seq.).

(d) It is the intent of the Legislature, in enacting this section, that those ammonia manufacturers purchasing natural gas under the provisions of this section shall continue to sell ammonia manufactured from that gas principally for California agricultural purposes and not for export.

(e) The commission shall prepare and submit to the Legislature on or before January 1, 1986, a report on the effects of the provisions of this section, including, but not limited to, the rates for gas charged to ammonia producers and changes in rates charged to other categories of gas customers by gas corporations as a result of carrying out this section

(f) This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1987, deletes or extends that date.

CHAPTER 1266

SECTION 1. Section 2653 of the Unemployment Insurance Code is amended to read:

2653. The maximum amount of benefits payable to an individual during any one disability benefit period shall be 52 times his or her weekly benefit amount, but in no case shall the total amount of such benefits payable be more than the total wages paid to the individual during his or her disability base period. If the benefit is not a multiple of one dollar ($1) it shall be computed to the next higher multiple of one dollar ($1).

This section shall apply to periods of disability commencing on or after January 1, 1984, but prior to January 1, 1987.

SEC. 2. Section 2653.5 is added to the Unemployment Insurance Code, to read:

2653.5. The maximum amount of benefits payable to an individual during any one disability benefit period shall be 39 times his or her weekly benefit amount, but in no case shall the total amount of such benefits payable be more than 75 percent of the total wages paid to the individual during his or her disability base period. If the benefit is not a multiple of one dollar ($1) it shall be computed to the next higher multiple of one dollar ($1).

This section shall apply to periods of disability commencing prior to January 1, 1984, and on or after January 1, 1987.

SEC. 3. Section 19005.5 is added to the Welfare and Institutions Code, to read:

19005.5. (a) The Department of Rehabilitation shall establish a program authorizing rehabilitation professionals serving industrially injured workers under the provisions of Labor Code Section 139.5 to refer clients to the Department of Rehabilitation for federal targeted jobs tax credit eligibility determination. Any peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, may, upon the complaint of any person, remove a vehicle parked within a residence district from a highway or from public or private property if an alarm device has been activated within the vehicle, the peace officer is unable to locate the owner of the vehicle within 45 minutes from the time of arrival at the vehicle's location, and the alarm device has not been silenced prior to removal.

Upon removal of a vehicle from a highway or from public or private property pursuant to this section, the peace officer ordering the removal shall immediately report the removal and the location to which the vehicle is removed to the Stolen Vehicle System of the Department of Justice.

SEC. 2. The people of the State of California do enact as follows:

SECTION 1. Section 115 of the Health and Safety Code is amended to read:

115. (a) The fees or charges required to accompany an application for the issuance or renewal of any license pursuant to Sections 1403, 1575.9, and 1729 shall be adjusted annually, commencing January 1, 1984, by the percentage change printed in the Budget Act and determined by dividing the General Fund appropriation to the Licensing and Certification Division in the current state fiscal year by the General Fund appropriation to the Licensing and Certification Division in the preceding state fiscal year. Commencing January 1, 1984, the fees or charges subject to adjustment pursuant to this subdivision shall be the fees or charges which would have been payable in the prior calendar year without regard to the provisions of subdivision (b).

(b) The fees or charges required to accompany an application for the issuance or renewal of any license pursuant to Section 1729 shall also be adjusted annually, commencing January 1, 1983, by a percentage determined by dividing the total amount of federal funds available for Home Health Agencies during the federal fiscal year ending on September 30 of the year immediately preceding the effective date of the change in fees, less federal funds available for Home Health Agencies for the federal fiscal year which began on October 1 of the year immediately preceding the effective date of the change in fees, by the total estimated revenue derived pursuant to Section 1729 for the fiscal year beginning July 1 of the year immediately preceding the effective date of the change in fees.

(c) The department shall by January 1 of each year publish a list of the actual numerical fee charges as adjusted pursuant to this section. 533. The provisions of this article do not affect or replace any other requirements or qualifications imposed pursuant to state or federal law on persons involved in activities under subdivision (e) of Section 518.

534. Only a person who has qualified as a registered sanitarian and who holds a valid registration certificate for use in this state shall have the right and privilege of using the title "registered sanitarian" and to use the abbreviation "R.S." after the person's name. SEC. 2. Article 5 (commencing with Section 540) of Chapter 1 of Part 2 of Division 1 of the Health and Safety Code is repealed

SEC. 3. Article 6 (commencing with Section 548) of Chapter 1 of Part 2 of Division 1 of the Health and Safety Code is repealed.

SEC. 4. If any provisions of this act, or the application thereof to any person or circumstances, is held invalid, the invalidity shall not affect other provisions of applications of the act which can be given effect without the invalid provisions or application, and to this end the provisions of this act are declared to be severable.

SEC. 5. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1272

An act to amend Sections 441.4 and 441.95 of, and to repeal and amend Section 441.18 of, of the Health and Safety Code, relating to health facilities.

[Approved by Governor September 29, 1983. Filed with Secretary of State September 30, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 441.4 of the Health and Safety Code is amended to read:

441.4. No public member of the commission appointed after January 1, 1984, shall at any time during his or her period of service own, operate, manage, or be employed by any health facility or organization composed of health facilities subject to the provisions of this part.

SEC. 2. Section 441.95 of the Health and Safety Code is amended to read:

441.95. The commission shall:

(a) Be responsible for establishing an aggregate annual expenditure estimate covering all health facilities in the state as a whole and in each health systems area in California. The estimate projected shall be established after public hearings conducted by the commission at a regularly scheduled meeting following 45 days notice to the public.

The estimate shall be, in the judgment of the commission, an objective determination of the balance between the projection of patient service needs and the cost of services to meet these needs. Expenditure estimates shall be used as guidelines and addressed in the Health Systems Agency plans and the state plan. The Advisory Health Council shall approve the guidelines.

(b) Be responsible for developing, after public hearings conducted by the commission at a regularly scheduled meeting following 45 days' notice to the public, aggregate industry and individual facility cost and operational data for health facilities. Health systems agencies' plans and the state plan shall take these data into account in planning.

(c) Submit a report to the Legislature no later than March 1 of each year setting forth the annual expenditure estimate and cost and operational data developed pursuant to subdivisions (a) and (b).

SEC. 3. Section 441.18 of the Health and Safety Code, as amended by Chapter 329 of the Statutes of 1982, is amended to read:

441.18. Every organization which operates, conducts, or maintains a health facility and the officers thereof, shall make and file with the commission, within four months after the close of the organization's calendar or fiscal year for all annual accounting periods to which the systems of accounting and uniform reporting

approved under Section 441.17 are made applicable thereby, all of the following reports on forms specified by the commission which shall be in accord with such systems of accounting and uniform reporting:

(a) A balance sheet detailing the assets, liabilities, and net worth of the health facility at the end of its fiscal year.

(b) A statement of income, expenses, and operating surplus or deficit for the annual period ending on the balance sheet date.

(c) A statement detailing the source and application of funds expended by the health facility for the period encompassed by the income statement required by subdivision (b).

(d) A statement reporting the information required in subdivisions (a), (b), and (c) of this section for each separately licensed health facility operated, conducted, or maintained by the reporting organization.

(e) A report of health facility expenditures which allocates the costs of non-revenue-producing departments of a health facility to the other non-revenue- and revenue-producing centers which they serve, similar to the "step-down" or "double-apportionment" methods of cost finding used in reporting health facility cost experience under Title XVIII of the Federal Social Security Act. Any health facility which participates in Title XVIII as a provider of health care services may elect to file the cost data reports required under the regulations of the Social Security Administration in its administration of Title XVIII in place of the report required by the commission under this subdivision.

(f) The report required by subdivision (e) shall be accompanied by an accurate and sufficiently detailed statistical report containing data taken from the health facility's basic accounts and patient statistics as maintained under one of the systems approved in accordance with Section 441.17, which identifies costs related to categories, types or units of health care services delivered to patients by the operating departments of the health facility in accordance with a list of such services provided by the commission acting under the provisions of Section 441.15. Any health facility which participates in Title XVIII of the Federal Social Security Act may elect to file the statistical reports covering the provision of such health care services required under Title XVIII in place of the report required by the commission under this subdivision.

Health facilities described in subdivision (c) of Section 441.16 shall file such statements and reports, not inconsistent with subdivision (c) of Section 441.16, as the commission may reasonably require for the annual financial reporting period of such health facilities or group of health facilities.

On or before January 1, 1981, the commission, with the advice and consultation of the State Department of Health Services, shall adopt a single, uniform fiscal reporting document for long-term care facilities for use by the commission and the department.

(g) If federal regulations implementing subsection (a) of Section

19 of Public Law 95-142 relating to hospital reporting requirements for the Uniform Hospital Discharge Data Set (UHDDS) have not been adopted on or before July 1, 1981, every hospital for the first accounting year commencing on or after July 1, 1981, shall file a Hospital Discharge Abstract Data Record limited to all of the following:

(1) Date of birth.
(2) Sex.
(3) Race.
(4) Zip code.
(5) Admission date.
(6) Source of admission.
(7) Type of admission.
(8) Discharge date.
(9) Principal diagnosis.
(10) Other diagnoses.
(11) Principal procedure and date.
(12) Other procedures and dates.
(13) Total charges.
(14) Disposition of patient.
(15) Expected source of payment.

It is the expressed intent of the Legislature that the patient's rights of confidentiality shall not be violated in any manner.

A hospital or its designee shall annually file the Hospital Discharge Abstract Data Record not later than six months after the end of the calendar year, and the commission shall publish individual hospital discharge data summaries no later than six months after the date that the data required by this subdivision is submitted. A hospital may submit the Hospital Discharge Abstract Data Record in a computer tape format, and a hospital shall use coding from the International Classification of Diseases in reporting diagnoses and procedures. General acute care hospitals with a psychiatric component may use coding from the Diagnostic and Statistical Manual of Mental Disorders when reporting psychiatric patient discharge data. The commission shall have authority to grant modifications to systems of reporting the Hospital Discharge Abstract Data Record.

When the discharge data reporting requirements of Public Law 95-142 are implemented, the requirements of the Hospital Discharge Abstract Data Record adopted by the commission pursuant to this subdivision shall cease to be effective and the requirements of the federal regulations shall thereafter govern the data to be reported pursuant to this subdivision.

(h) The commission shall adopt forms of authentication for use by health facility officers or licensed accountants preparing reports under this section stating that each such officer or accountant making the authentication believes that to the extent of his or her knowledge and information each statement in the report is true.

With the exception of hospital discharge abstract data, all reports required to be filed by the health facility with the commission shall

be available for inspection by the public during regular working hours at the principal location of the health facility and at the commission's office.

SEC. 4. Section 441.18 of the Health and Safety Code, as added by Section 4.5 of Chapter 594 of the Statutes of 1980, is repealed.

CHAPTER 1273

An act to amend Sections 15610, 15620, 15621, and 15631 of, and to add Chapter 4.5 (commencing with Section 9380) to Division 8.5 of, the Welfare and Institutions Code, relating to elder abuse.

[Approved by Governor September 29, 1983. Filed with Secretary of State September 30, 1983]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature in enacting the provisions of this act to establish a mechanism to document the extent and type of elder abuse through reporting and evaluating instances of suspected elder abuse, in order to ascertain the need for planning and development of programs for provision of services to victims of elder abuse. County adult protection services agencies shall not be responsible for any increase in adult protective services resulting from the provisions of this act, except to the extent that existing state and federal funds are available for these services.

SEC. 2. Chapter 4.5 (commencing with Section 9380) is added to Division 8.5 of the Welfare and Institutions Code, to read:

CHAPTER 4.5. ELDER ABUSE REPORTING

9380. As used in this chapter:

(a) "Elder" means a person 65 years of age or older.

(b) "Elder abuse" means any one or more of the following acts which are inflicted by other than accidental means on an elder by another person: physical abuse, fiduciary abuse, neglect, or abandonment.

(c) "Physical abuse" means a situation where any person who has the care or custody of, or who stands in a position of trust with, an elder, willfully inflicts upon that elder any cruel or inhuman corporal punishment or injury. Physical abuse includes, but is not limited to, direct beatings, sexual assault, unreasonable physical constraint, or prolonged deprivation of food or water.

(d) "Fiduciary abuse" means a situation where any person who stands in a position of trust with respect to an elder, willfully steals the money or property of that elder, or secretes or appropriates the money or property of that elder, to any use or purpose not in the due and lawful execution of his or her trust.

(e) "Neglect" means the negligent failure of any person having the care or custody of an elder to exercise that degree of care which a reasonable person in a like position would exercise. Neglect includes, but is not limited to:

(1) Failure to assist in personal hygiene, or in the provision of food, and clothing for an elder.

(2) Failure to provide the medical care for the physical and mental health needs of an elder. No person shall be deemed neglected or abused for the sole reason that he or she voluntarily relies on treatment by spiritual means through prayer alone in lieu of medical treatment.

(3) Failure to protect an elder from health and safety hazards.

(4) Failure to prevent an elder from suffering malnutrition.

(f) "Abandonment" means the desertion or willful forsaking of an elder person by any person having the care or custody of that elder under circumstances in which a reasonable person would continue to provide care or custody.

(g) "Elder care custodian" means an administrator of a community care facility licensed to care for the elderly, a public assistance worker, a probation officer, a social worker, a licensed home aide, or an employee of an elder care institution, including personnel of residential care facilities, skilled nursing facilities, and intermediate care facilities.

(h) "Medical practitioner" means a physician and surgeon, psychiatrist, psychologist, dentist, osteopath, podiatrist, chiropractor, resident, intern, nurse, pharmacist, or any other person who is currently licensed under Division 2 (commencing with Section 500) of the Business and Professions Code.

(i) "Nonmedical practitioner" means a state or county public health employee who treats an elder for any condition, a paramedic, a coroner, a geriatric or family counselor, or a lawyer.

(j) "Elder protective agency" means the State Department of Social Services, a county probation department, a county welfare department, a police or sheriff's department, or a nursing home ombudsman.

9381. (a) Any elder care custodian, medical practitioner, nonmedical practitioner, or employee of an elder protective agency who has actual knowledge that an elder whom he or she observes in his or her professional capacity or within the scope of his or her employment has been the victim of physical abuse shall report the suspected instance of physical abuse to an elder protective agency immediately or as soon as possible by telephone and shall prepare and send a written report thereof within 36 hours.

(b) Any person who has knowledge of or observes an elder whom he or she reasonably suspects has been a victim of elder abuse may report the suspected abuse to an elder protective agency. For the purpose of this article, "reasonable suspicion" means that it is objectively reasonable for a person to entertain such a suspicion, based upon facts that could cause a reasonable person in a like

position, drawing when appropriate on his or her training and experience, to suspect elder abuse.

(c) Any elder care custodian, medical practitioner, nonmedical practitioner, or employee of an elder protective agency who has knowledge of, or who reasonably suspects that mental suffering has been inflicted on an elder, or that his or her emotional well-being is endangered in any other way, may report that suspected instance of elder abuse to an elder protective agency.

(d) When two or more persons who are required to report are present and jointly have knowledge of a suspected instance of elder abuse, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so, shall thereafter make the report.

(e) The reporting duties under this section are individual, and no supervisor or administrator may impede or inhibit the reporting duties and no person making the report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting and apprise supervisors and administrators of reports may be established provided that they are not inconsistent with the provisions of this chapter.

9382. (a) Except as provided in subdivision (c), a telephone report of suspected elder abuse shall include the name of the person making the report, the name, address, and age of the elder, the nature and extent of the elderly person's condition, and any other information, including information that led the person to suspect elder abuse, requested by the elder protective agency.

(b) Information relevant to the incident of elder abuse may also be given to an investigator from an elder protective agency who is investigating the suspected case of elder abuse.

(c) The identity of all persons who report under this chapter shall be confidential and disclosed only by court order or between elder protective agencies. Persons who may report pursuant to subdivision (b) of Section 9381 are not required to include their names.

(d) The written reports required for the reporting procedures, as defined in this chapter, shall be submitted not later than April 1, 1984, on forms adopted by the State Department of Social Services after consultation with representatives of the various professional medical associations, hospital associations, and county probation or welfare departments. These forms shall be distributed by the elder protective agencies.

(e) In any court proceeding or administrative hearing, neither the physician-patient privilege nor the psychotherapist-patient privilege applies to the specific information required to be reported pursuant to this chapter. Nothing in this chapter shall be interpreted as requiring an attorney to violate his or her oath and duties pursuant to Section 6067 and subdivision (e) of Section 6068 of the Business

and Professions Code, and Article 3 (commencing with Section 950) of Chapter 4 of Division 8 of the Evidence Code.

9383. (a) If a telephone report made pursuant to subdivision (a) of Section 9381 is received by an elder protective agency other than the appropriate law enforcement agency, the receiving agency shall relay the information to the law enforcement agency by telephone as soon as possible.

(b) An elder abuse victim may refuse or withdraw consent at any time to an investigation or the provision of protective services by an elder abuse agency. The agency shall act only with the consent of the victim unless a violation of the Penal Code has been alleged.

(c) If the elder abuse victim is so incapacitated that he or she cannot legally give or deny consent to protective services, a petition for temporary conservatorship or guardianship may be initiated in accordance with Section 2250 of the Probate Code.

9384. Each county shall report to the State Department of Social Services on the number of reports of abuse received pursuant to this chapter. The department shall determine the frequency of these reports.

9385. No person making a report pursuant to subdivision (a) of Section 9381 shall be civilly or criminally liable for that report. Any other person reporting a suspected instance of elder abuse shall not incur civil or criminal liability as a result of any report authorized by this chapter unless it can be proved that the report was falsely made and the person knew or should have known that the report was false.

9386. Any person who knowingly fails to report as required by subdivision (a) of Section 9381 is guilty of a misdemeanor and is punishable by a fine of not more than one thousand dollars ($1,000). Evidence of a final judgment adjudging a person guilty of a crime under this section is inadmissible when offered in a civil action to prove any fact essential to the civil action, whether or not the final judgment was based upon a plea of nolo contendere.

SEC. 3. Section 15610 of the Welfare and Institutions Code is amended to read:

15610. As used in this chapter:

(5) The term "mental suffering" means deliberately subjecting a person to fear, agitation, confusion, severe depression, or other forms of serious emotional distress, through threats, harassment, or other forms of intimidating behavior.

(6) The term "dependent adult" means any person residing in California who is between the ages of 18 and 64 who has physical, mental, or financial limitations which restrict his or her individual ability to carry out normal activities of daily living, ability to protect his or her own rights, and which threaten the individual's capacity to live an independent life.

(7) The term "goods or services which are necessary to avoid physical harm or mental suffering" includes but is not limited to: (a) the provision of medical care for physical and mental health needs, (b) assistance in personal hygiene, (c) possessing adequate clothing, (d) adequately heated and ventilated shelter, (e) protection from health and safety hazards, (f) protection from malnutrition, under those circumstances where the results include, but are not limited to, malnutrition and deprivation of necessities or physical punishment, and (g) transportation and assistance necessary to secure any of the needs set forth in paragraphs (a) through (f). SEC. 4. Section 15620 of the Welfare and Institutions Code is

amended to read:

15620. The State Department of Social Services shall submit a report to the Legislature and Governor on the characteristics of abuse victims. The State Department of Social Services shall incorporate any and all comments or observations on abuse of the elderly as defined in Section 9380. The State Department of Social Services shall design the report form for dependent adult abuse by April 1, 1983. The counties, or the designated contract agency shall begin using the form by January 1, 1984.

SEC. 5. Section 15621 of the Welfare and Institutions Code is amended to read:

15621. The evaluation and report shall include, but not be limited to, the following areas of inquiry relating to dependent adult abuse, and abuse of the elderly, as defined in Section 9380:

(b) The nature of adult abuse, including data concerning the following:

(1) The age of each dependent or elderly person 18 years of age or older reported as having been abused, neglected, or abandoned.

(2) The type of incident specified as abuse, either physical or mental, neglect, or abandonment.

(3) The frequency of abuse reported in a general time frame such as daily, weekly, monthly, sporadically, or unknown.

Information on institutional abuse filed with the State Department of Health Services district licensing and certification offices shall be included in the report. The State Department of Health Services and the State Department of Social Services shall coordinate the confidential exchange of this information.

SEC. 6. Section 15631 of the Welfare and Institutions Code is amended to read:

15631. The County Board of Supervisors may designate a

voluntary or private nonprofit community agency to receive reports filed pursuant to this article and pursuant to Chapter 4.5 (commencing with Section 9380) of Division 8.5.

Each county adult protective agency or designated contract agency shall maintain an inventory of all public and private service agencies available to assist victims of abuse as defined by Sections 9380 and 15610. This inventory shall be used to refer victims in the event that the county adult protective services agency cannot resolve the immediate needs of the victim, and to serve the victim on a long-term, followup basis. The intent of this section is to acknowledge that limited funds are available to resolve all suspected cases of abuse reported to a county adult protective services agency. Counties are encouraged to establish a formal agreement with the local nursing home ombudsman programs to help resolve suspected cases of abuse occurring in an institutional setting.

SEC. 7. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 8. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

thousand dollars ($100,000) in any one calendar year shall be paid into the General Fund.

(b) This section shall remain in effect only until January 1, 1986, and on that date is repealed unless a later enacted statute which is chaptered on or before January 1. 1986, deletes or extends that date.

SEC. 3. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 4. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

The funds derived from the sale of surplus property shall be used for capital outlay or for costs of maintenance of school district property that the governing board of the school district determines will not recur within a five-year period. Proceeds from a lease of school district property with an option to purchase may be deposited into a restricted fund for the routine repair of district facilities, as defined by the State Allocation Board, for up to a five-year period. In addition, the proceeds may be deposited in the general fund of the district for any general fund purpose if the school district governing board and the State Allocation Board have determined that the district has no anticipated need for additional sites or building construction for the five-year period following such sale or lease, and the district has no major deferred maintenance requirements.

The proceeds may also be deposited into a special reserve fund for capital outlay, for costs of maintenance of school district property that the governing board determines will not recur within a five-year period, or for the future maintenance and renovation of school sites if the district governing board and the State Allocation Board have determined that the district has no anticipated need for school sites or building construction or major deferred maintenance projects for a five-year period following the sale or lease. Proceeds deposited in the special reserve fund shall not be available for general operating expenses as provided in Section 42842.

CHAPTER 1277

An act to amend Section 4351.5 of the Civil Code, and to amend Section 26840.3 of the Government Code, relating to family law.

[Approved by Governor September 29, 1983 Filed with Secretary of State September 30, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 4351.5 of the Civil Code is amended to read:

4351.5. (a) Notwithstanding the provisions of Section 4351, in proceedings under Sections 4450 and 4503, the superior court has jurisdiction to award reasonable visitation rights to a person who is a party to the marriage that is the subject of the proceeding with respect to a minor child of the other party to the marriage, if visitation by that person is determined to be in the best interests of the minor child.

(b) Notwithstanding any other provision of law, in proceedings under Sections 4450 and 4503, the superior court has jurisdiction pursuant to Section 4601 to award reasonable visitation rights to a person who is a grandparent of a minor child of a party to the marriage, if visitation by that person is determined to be in the best interests of the minor child.

(c) If a stepparent or grandparent has petitioned or otherwise applied for an order of reasonable visitation rights pursuant to this section, the court shall set the matter of visitation rights for mediation. The purpose of the mediation proceeding shall be to effect a settlement of the issue of visitation rights of all parties. The mediator shall meet the minimum qualifications required of a counselor of conciliation as provided in Section 1745 of the Code of Civil Procedure.

(d) Mediation proceedings shall be held in private and shall be confidential, and all communications, verbal or written, from the parties to the mediator made in a proceeding pursuant to this section shall be deemed to be official information within the meaning of Section 1040 of the Evidence Code.

(e) The mediator shall have the authority to exclude counsel from participation in the mediation proceedings where, in the discretion of the mediator, exclusion of counsel is deemed by the mediator to be appropriate or necessary. The mediator shall have the duty to assess the needs and interests of the child involved in the controversy and shall be entitled to interview the child when the mediator deems that the interview is appropriate or necessary.

(f) The mediator may, consistent with local court rules, render a recommendation to the court as to the visitation of the child. The mediator may, in cases where the parties have not reached agreement as a result of the mediation proceeding, recommend to the court that an investigation shall be conducted pursuant to

Section 4602, or that other action shall be taken to assist the parties to effect a resolution of the controversy prior to any hearing on the issues. The mediator may, in appropriate cases, recommend that mutual restraining orders shall be issued, pending determination of the controversy, to protect the well-being of the child involved in the controversy. Any agreement reached by the parties as a result of the mediation shall be reported to the court and to counsel for the parties by the mediator on the day set for mediation or any time thereafter designated by the court.

(g) A natural or adoptive parent who is not a party to the proceeding shall not be required to participate in the mediation proceedings; however, failure to participate shall be a waiver of that parent's right to object to any settlement reached by the other parties during mediation or to require a hearing on the matter.

(h) If the issue of visitation rights of all parties is not settled by agreement of all parties who participate in mediation, the mediator shall so inform the court in writing and the court shall set the matter of visitation rights for hearing. Each natural or adoptive parent and the stepparent or grandparent seeking visitation rights shall be given an opportunity to appear and be heard on that issue.

(i) Notice of mediation and of any hearing to be held pursuant to this section shall be given to the stepparent or grandparent seeking visitation rights, to each of the parents of the child, and to the counsel of record of each of the parents in any proceeding under Section 4450 or 4503 with regard to their marriage. The notice shall be given by certified mail, return receipt requested, postage prepaid, to the last known address of each of the parents and his or her counsel.

(j) Any visitation right granted to a stepparent or grandparent pursuant to this section shall not conflict with any visitation or custodial right of a natural or adoptive parent who is not a party to the proceeding.

(k) There shall be a rebuttable presumption affecting the burden of proof that the visitation of a grandparent is not in the best interests of a minor child if the parties to the marriage agree that the grandparent should not be awarded visitation rights.

(*l*) In making an award of visitation pursuant to this section, if an order has been directed to a stepparent or grandparent pursuant to paragraph (2), (3), or (6) of subdivision (a) of Section 4359 or Sections 7020 and 7021 of this code, or Section 546 or 547 of the Code of Civil Procedure, during the pendency of the proceeding, the court shall consider whether the best interests of the child require that any visitation by that stepparent or grandparent should be denied.

SEC. 2. Section 26840.3 of the Government Code is amended to read:

26840.3. (a) The superior court in any county may, for the support of the family conciliation court or for conciliation and mediation services provided pursuant to Section 4607 of the Civil Code, or for mediation services provided pursuant to Section 4351.5 of the Civil Code, upon action of the board of supervisors to provide

all space costs and indirect overhead costs from other sources, increase:

(1) The fee for filing a petition, except a joint petition filed pursuant to Section 4551 of the Civil Code, for dissolution of a marriage, legal separation, or nullity of a marriage, and the fee for a response to such a petition, by an amount not to exceed seventeen dollars ($17). In addition to the amount otherwise authorized by this paragraph, the superior court may increase that fee for filing such a petition, and the fee for a response thereto, by an additional five dollars ($5) for the mediation services required by the amendments to Section 4351.5 of the Civil Code enacted at the 1983–84 Regular Session of the Legislature.

(2) The fee for issuing a marriage license, by an amount not to exceed five dollars ($5).

(3) The fee for issuing a marriage certificate pursuant to Section 4213 of the Civil Code, by an amount not to exceed five dollars ($5).

(b) The funds shall be paid to the county treasury and an amount equal thereto shall be used exclusively to pay the costs of maintaining the family conciliation court or conciliation and mediation services provided pursuant to Section 4607 or 4351.5 of the Civil Code.

SEC. 3. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 1278

An act to add Article 7 (commencing with Section 18510) to Chapter 17 of Part 10 of Division 2 of the Revenue and Taxation Code, relating to income taxation, and making an appropriation therefor.

Article 7. Designations to United States Olympic Committee Fund

(b) A designation under subdivision (a) shall be made with respect to any taxable year on the individual return for that taxable year, and once made shall be irrevocable. In the event that payments and credits reported on the return, together with any other credits associated with the taxpayer's account do not exceed the taxpayer's liability, if any, shown thereupon, the return shall be treated as though no designation had been made. Overpayments which are insufficient to satisfy the total amount designated shall be allocated among the designees on a pro rata basis. In the event a fund, person, or account which is not authorized by statute is designated or if no designee is specified, the contribution shall be transferred to the General Fund after reimbursement of the Franchise Tax Board and the Controller pursuant to Section 18512. The taxpayer shall be notified in cases where the discrepancy between the amount actually available for designation and the amount designated exceeds ten dollars ($10).

(c) The Franchise Tax Board shall design the forms and instructions to ensure effective administration of this article.

(d) No deduction shall be allowed under Article 6 (commencing with Section 17201) of Chapter 3 of Part 10 of Division 2 for any contribution made pursuant to subdivision (a).

18511. (a) The Franchise Tax Board shall determine annually the total amount designated pursuant to this article and shall notify the Controller of the amounts to be transferred to the Contribution Fund, which is hereby created.

(b) The Controller shall transfer from the Contribution Fund to the United States Olympic Committee an amount not in excess of the sum of the amounts designated by individuals pursuant to subdivision (a).

18512. Notwithstanding Section 13340 of the Government Code, all money transferred to the Contribution Fund is hereby continuously appropriated to the Controller, without regard to fiscal years, for allocation as follows:

(a) To the Franchise Tax Board and the Controller for reimbursement of all costs incurred by the Franchise Tax Board and the Controller in connection with their duties under this article.

(b) To the United States Olympic Committee to carry out the functions and duties of that committee.

18513. The provisions of this article shall be applicable to taxes paid and refunds payable for the 1983 tax year and taxable years thereafter.

67002. As an exotic tropical fruit, the avocado is not heavily consumed in major portions of this country. Opportunity exists for continued growth and expansion of the industry, by creating new markets in these areas. The success of such an expansion program is uniquely dependent upon effective advertising, promotion, and collection and dissemination of public information, since the creation of new markets is essentially a matter of educating and informing people of the use, nutritional value, and availability of a previously unknown or unrecognized food.

SEC. 4. Section 67034 of the Food and Agricultural Code is amended to read:

67034. "Marketing research" means any research relating to the sale or inventory of avocados.

SEC. 5. Section 67051 of the Food and Agricultural Code is amended to read:

67051. There is in the state government the California Avocado Commission. The commission shall be composed of 10 avocado producers who are not handlers, four avocado handlers, and one

SEC. 6. Section 67053 of the Food and Agricultural Code is amended to read:

67053. Any vacancy on the commission occurring for any reason including the failure of any person elected to the commission as a member or alternate member to continue in his position due to a change in status making him or her ineligible to serve, or through death, removal, or resignation, shall be filled, for the unexpired portion of the term, by the commission by majority vote. However, that member shall fulfill all the qualifications set forth in this article as required for the member whose office he or she is to fill. Qualification of any member on the commission to fill vacancies shall be certified, in writing, by the director.

(b) To keep accurate books, records, and accounts of all of its dealings, which books, records, and accounts are subject to an annual independent audit by an auditing firm approved by the director. The independent audit shall be made a part of an annual report to all producers and handlers of avocados, copies of which shall also be submitted to the Legislature. In addition, the director may, as he or she determines necessary, conduct, or cause to be conducted, a fiscal and compliance audit of the commission.

(d) To enter into cost-sharing advertising with other products considered, by the commission, to be fair and equitable to both parties.

SEC. 10. Section 67093 of the Food and Agricultural Code is amended to read:

Information on volume shipments, inventory, crop value, and any other information which is required for reports to governmental agencies and the commission, and other information which the handlers request from the commission that gives only totals, excluding individual handler information, may be disclosed by the commission so long as the information excludes individual handler data which shall be kept confidential as provided in this section.

SEC. 12. Section 67111 of the Food and Agricultural Code is amended to read:

The commission may commence civil actions and utilize all remedies provided in law or equity for the collection of assessments and civil penalties, and to obtain injunctive relief or specific performance, with respect to this chapter and the rules and regulations adopted under this chapter. The commission is entitled, upon a favorable verdict for the commission, to receive reimbursement for any reasonable attorney's fees and other actual related costs incurred in any action commenced by the commission for the enforcement of this chapter. SEC. 16. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1280

An act to amend Sections 33211 and 33215 of, and to add Sections 33204.7 and 33205.5 to, the Public Resources Code, relating to the Santa Monica Mountains Conservancy.

SECTION 1. Section 33204.7 is added to the Public Resources Code, to read:

33204.7. On January 1, 1984, the Department of Parks and Recreation shall transfer Fryman Canyon, which was acquired pursuant to Section 4 of Chapter 809 of the Statutes of 1980, to the conservancy. Subject to the approval of the Director of Parks and Recreation, the conservancy, not sooner than January 1, 1986, may transfer in fee only to the National Park Service to be used for the benefit of the state park system, without payment of compensation, in accordance with Section 33205 of the Public Resources Code, that portion of Stunt Ranch not transferred to the regents pursuant to subdivision (c), subject to rights reserved to the regents by subdivision (c). If operating funds for Stunt Ranch become available

to the Department of Parks and Recreation prior to a transfer to the National Park Service, the conservancy shall, upon the request of the Director of Parks and Recreation, retransfer the property, without payment of compensation, to the Department of Parks and Recreation and the property shall be operated as a unit of the state park system, subject to rights reserved to the regents by subdivision (c).

(b) If the conservancy acquires property of the regents commonly known as "362 acres more or less in Upper Temescal Canyon" (hereafter called Upper Temescal Canyon) and "40 acres more or less in Arroyo Sequit" (hereafter called Arroyo Sequit property), the executive director, on behalf of the conservancy, shall do the following:

The Department of General Services shall appraise Upper Temescal Canyon, the Arroyo Sequit property, and the Stunt Ranch property and the costs of the appraisal shall be borne equally by the conservancy and the regents. The executive director, on behalf of the conservancy, the Director of Parks and Recreation, and the regents shall each certify that the properties transferred to and offered to the Department of Parks and Recreation pursuant to subdivision (b) are of equivalent value to that portion of Stunt Ranch transferred to the regents pursuant to this subdivision. Subject to the approval of the Director of Parks and Recreation, the executive director shall also execute an agreement with the regents, which shall be effective upon execution, for the use of such other areas of Stunt Ranch as may be necessary for scientific and educational purposes. The agreement may provide that any transfer of other portions of Stunt Ranch to the National Park Service or to the Department of Parks and Recreation shall reserve to the regents the right to continue scientific and educational use under substantially the same conditions as existed prior to the transfer.

(d) The Legislature finds and declares that the transfers of and reservations of rights in, property provided for by this section are in the public interest, further the objectives of, and benefit, the state park system, and further the interest in protecting the Santa Monica

A gift of personal property otherwise required to be approved by the Director of Finance pursuant to Section 11005 of the Government Code is deemed approved, unless it is disapproved within 60 days of receipt of a request from the executive director of the conservancy to approve the gift. A gift of real property shall be submitted by the executive director to the Department of General Services for its review. The Department of General Services shall complete its review within 30 days of receipt of a completed request and shall transmit the request for approval to the Director of Finance within that period. The people of the State of California do enact as follows:

SECTION 1. Section 16110 of the Government Code is amended to read:

16110. (a) It is the purpose of this chapter to provide replacement revenues to local government by reason of the repeal or reduction of the property tax on the following classes of property affected by the following provisions of the Revenue and Taxation Code: (1) business inventories under Section 219; (2) motion pictures under Section 988; and (3) wine and brandy under Section 992.

(b) If for any reason, Section 226 of the Revenue and Taxation Code should be invalid or inapplicable, no state revenues shall be paid under this chapter on escape assessments for any assessment year prior to the 1976–1977 assessment year on any property formerly deemed exempt from taxation under statutory and case law existing prior to the decision in Michelin v. Wages (1976), 46 L. Ed. 2d 495.

SEC. 4. Section 43005.7 of the Government Code is amended to read:

43005.7. Notwithstanding any other provision of law to the contrary, the legislative body of a city which collects its own taxes may by ordinance waive any penalties and interest on the second half of taxes, unpaid and delinquent at 5 p.m. on April 12, 1965, on any property damaged in excess of five hundred dollars ($500) by storms and floods occurring between December 1, 1964, and January 30, 1965, in an area proclaimed by the Governor to be in a state of disaster. With respect to those penalties and interest, the waiver shall constitute a complete relinquishment of all legal claim thereto by the city.

Any ordinance adopted pursuant to this section shall waive all

those penalties and interest on taxes due the city, effective at 5 p.m. on April 12, 1965, and for all time thereafter, but shall not operate to reduce any tax delinquent at that time.

SEC. 5. Section 51155 of the Government Code is amended to read:

51155. When any action in eminent domain for the condemnation of the fee title of an entire parcel of land zoned as timberland production is filed or when that land is acquired in lieu of eminent domain for a public agency or person or whenever there is any such action or acquisition by the federal government or any person, instrumentality or agency acting under authority or power of the federal government, the parcel shall be deemed immediately rezoned (pursuant to Section 51130) as to the land actually being condemned or so acquired as of the date the action is filed and for the purposes of establishing the value of the land, the timberland production zone (TPZ) shall be deemed never to have existed.

Upon the termination of such a proceeding, the parcel shall be immediately rezoned for all land actually taken or acquired.

When an action to condemn or acquire less than all of a parcel of land subject to a TPZ is commenced, the parcel shall be deemed immediately rezoned as to the land actually condemned or acquired and shall be disregarded in the valuation process only as to the land actually being taken, unless the remaining land subject to the TPZ will be adversely affected by the condemnation, in which case the value of that damage shall be computed without regard to the TPZ.

When an action to condemn or acquire an interest which is less than the fee title of an entire parcel or any portion thereof, of land subject to a TPZ is commenced, the parcel shall be deemed immediately rezoned as to that interest and for the purpose of establishing the value of that interest only shall be deemed never to have existed, unless the remaining interests in any of the land subject to the TPZ will be adversely affected, in which case the value of that damage shall be computed without regard to the TPZ.

The land actually taken shall be removed from the TPZ. Under no circumstances shall land be removed that is not actually taken, except that when only a portion of the land or less than a fee interest in the land is taken or acquired, the parcel may be immediately rezoned with respect to the remaining portion or interest upon petition of either party, and pursuant to the provisions of Article 4 (commencing with Section 51130).

For the purposes of this section, a finding by the board or council that no authorized use may be made of the land if the TPZ is continued on the remaining portion or interest in the land may satisfy the requirements of subdivisions (a), (b), and (c) of Section 51134, and subdivisions (a), (b), and (c) of Section 4621.2 of the Public Resources Code.

SEC. 6. Section 4582.8 of the Public Resources Code is amended to read:

4582.8. Within 10 days after a timber harvesting plan is deemed

in conformance under Section 4582.7, or within 10 days after receipt of a notice of timber operations, the director shall transmit copies thereof to the State Board of Equalization.

SEC. 8. Section 110.1 of the Revenue and Taxation Code is amended to read:

110.1. (a) For purposes of subdivision (a) of Section 2 of Article XIII A of the California Constitution, "full cash value" of real property, including possessory interests in real property, means the fair market value as determined pursuant to Section 110 for either:

(1) The 1975 lien date; or,

(2) For property which is purchased, is newly constructed, or changes ownership after the 1975 lien date:

(A) The date on which a purchase or change in ownership occurs; or

(B) The date on which new construction is completed, and if uncompleted, on the lien date.

(b) The value determined under subdivision (a) shall be known as the base year value for the property.

(c) Notwithstanding any provisions of Section 405.5, for property which was not purchased or newly constructed or has not changed ownership after the 1975 lien date, if the value as shown on the 1975–76 roll is not its 1975 lien date base year value and if the value of that property had not been determined pursuant to a periodic reappraisal under Section 405.5 for the 1975–76 assessment roll, a new 1975 lien date base year value shall be determined at any time until June 30, 1980, and placed on the roll being prepared for the current year; provided, however, that for any county over 4 million in population the board of supervisors may adopt a resolution granting the assessor of that county until June 30, 1981, the authority to determine those values. In determining the new base year value for that property, the assessor shall use only those factors and indicia of fair market value actually utilized in appraisals made pursuant to Section 405.5 for the 1975 lien date. The new base year values shall be consistent with the values established by reappraisal for the 1975 lien date of comparable properties which were reappraised pursuant to Section 405.5 for the fiscal year. In the event that determination is made, no escape assessment may be levied and the newly determined "full cash value" shall be placed on the roll for the current year only; provided, however, the preceding shall not prohibit a determination which is made prior to June 30 of a fiscal year from being reflected on the assessment roll for the current fiscal year.

(d) If the value of any real property as shown on the 1975–76 roll was determined pursuant to a periodic appraisal under Section 405.5, that value shall be the 1975 lien date base year value of the property.

(e) As used in subdivisions (c) and (d), a parcel of property shall be presumed to have been appraised for the 1975–76 fiscal year if the assessor's determination of the value of the property for the 1975–76 fiscal year differed from the value used for purposes of computing

the 1974–75 fiscal year tax liability for the property, but the assessor may rebut that presumption by evidence that, notwithstanding the difference in value, that parcel was not appraised pursuant to Section 405.5 for the 1975–76 fiscal year.

(f) For each lien date after the lien date in which the full cash value is determined pursuant to this section, the full cash value of real property, including possessory interests in real property, shall reflect the percentage change in cost of living, as defined in Section 2212; provided, that the value shall not reflect an increase in excess of 2 percent of the full cash value of the preceding lien date.

SEC. 9. Section 167 of the Revenue and Taxation Code is amended to read:

167. Notwithstanding any other provision of law to the contrary, there shall be a rebuttable presumption affecting the burden of proof in favor of the taxpayer or assessee who has supplied all information as required by law to the assessor in any administrative hearing involving the imposition of a tax on an owner-occupied single-family dwelling or the assessment of an owner-occupied single-family dwelling pursuant to this division.

SEC. 10. Section 172.1 of the Revenue and Taxation Code is amended to read:

172.1. (a) To claim tax relief in accordance with the provisions of this chapter, the owner shall execute an declaration under penalty of perjury that the replaced mobilehome was destroyed by a disaster declared by the Governor and shall furnish with that declaration any other information, prescribed by the Department of Housing and Community Development after consultation with the California Assessors' Association, as is necessary to establish eligibility for relief under this chapter.

To be eligible for relief under this chapter, the replacement mobilehome must be comparable in size, utility, and location, as determined by the county assessor, with the destroyed mobilehome.

For purpose of this section, "destroyed" means damaged to such an extent that the cost of repair to the mobilehome would exceed its value at that time immediately preceding its destruction, or the mobilehome is declared a total loss for insurance purposes.

(b) If the replacement mobilehome is subject to local property taxation, the affidavit and documentation required by subdivision (a) shall be forwarded to the assessor of the county of situs. If the assessor determines that the owner of the replacement mobilehome is eligible for tax relief in accordance with the provisions of this chapter, the assessor shall, notwithstanding any other provision of law, do either of the following:

(1) If the destroyed mobilehome was subject to the vehicle license fee, enroll the replacement mobilehome with an assessed valuation so that the local property taxes paid shall be the same amount as the vehicle license fee and registration fee due on the destroyed mobilehome for the year prior to its destruction.

(2) If the destroyed mobilehome was subject to local property

taxation, enroll the replacement mobilehome at a taxable value equal to the taxable value of the destroyed mobilehome at the time of its destruction.

(c) If the assessor determines that the owner of the replacement mobilehome is not eligible for tax relief in accordance with the provisions of this chapter, the replacement mobilehome shall be assessed in accordance with Part 13 (commencing with Section 5800).

(d) If the replacement mobilehome is subject to vehicle license fee, the affidavit and documentation required by subdivision (a) shall be forwarded to the Department of Housing and Community Development. If the department determines that the owner is eligible for tax relief in accordance with the provisions of this chapter, the department shall do either of the following:

(1) If the destroyed mobilehome was subject to the vehicle license fee, assign an in-lieu taxation classification and rating year for determination of depreciation such that the owner of the replacement mobilehome will be charged registration and license fees no greater than those he or she would have been charged for the destroyed mobilehome.

(2) If the destroyed mobilehome was subject to local property taxation, assign an in-lieu taxation classification and rating year for determination of depreciation such that the owner of the replacement mobilehome will be charged registration and license fees equal to local property taxes paid on the destroyed mobilehome for the year prior to its destruction.

(e) If the department determines that a replacement mobilehome subject to vehicle license fee is not eligible for tax relief in accordance with the provisions of this chapter, the vehicle license fee for the replacement mobilehome shall be determined in accordance with the provisions of Sections 18115 and 18115.5 of the Health and Safety Code.

(f) If the tax on a replacement mobilehome determined in accordance with subdivision (b) or (d) is greater than the tax would be if determined without reference to this chapter, the lesser amount shall be levied.

(g) If a mobilehome subject to tax relief in accordance with the provisions of this chapter is subsequently sold or transferred to another party, the subsequent owner shall not receive this tax relief unless he or she is eligible in his or her own right for that relief.

SEC. 11. Section 228 of the Revenue and Taxation Code is amended to read:

228. (a) A vessel with a market value of four hundred dollars ($400) or less shall be free from taxation. This section shall only apply to vessels used or held for noncommercial purposes and shall not apply to lifeboats or other vessels used in conjunction with operations of vessels with a market value of more than four hundred dollars ($400). This section shall not apply to more than one vessel owned, claimed, possessed, or controlled by an assessee on the lien date.

(b) For purposes of this section, "vessel" includes every description of watercraft used or capable of being used as a means of transportation on water, except vessels described in paragraphs (1) and (2) of subdivision (c) of Section 651 of the Harbors and Navigation Code.

(c) For purposes of this section, "vessel" includes all equipment, including mode of power, and furnishings that are normally required aboard the vessel during the accomplishment of the functions for which the vessel is being utilized.

SEC. 12. Section 255.8 of the Revenue and Taxation Code is amended to read:

255.8. In counties having 10 percent or more persons who are of Spanish origin according to the most recent federal decennial census, claim forms and accompanying instructions required to be sent to homeowners by Section 255.3 shall be in English and Spanish. Claim forms and instructions in Spanish may also be sent or made available in any other county, at the discretion of the county assessor.

SEC. 13. Section 273.5 of the Revenue and Taxation Code is amended to read:

273.5. (a) If a claimant for the veterans' exemption for the 1976–77 fiscal year or any year thereafter fails to file the required affidavit with the assessor by 5 p.m. on April 15 of the calendar year in which the fiscal year begins, but files such claim on or before the following December 1, an exemption of the lesser of three thousand two hundred dollars ($3,200) or 80 percent of the full value of the property shall be granted by the assessor.

(b) On such claims filed pursuant to subdivision (a) after November 15, this exemption may be applied to the second installment, and if applied to the second installment, the first installment will still become delinquent on December 10, and the delinquent penalty provided for in this division will attach if the tax amount due is not paid.

If this exemption is applied to the second installment and if both installments are paid on or before December 10, or if the reduction in taxes from this exemption exceeds the amount of taxes due on the second installment, a refund shall be made to the taxpayer upon a claim submitted by the taxpayer to the auditor.

SEC. 14. Section 275 of the Revenue and Taxation Code is amended to read:

275. (a) If a claimant for the homeowners' property tax exemption fails to file the required affidavit with the assessor by 5 o'clock p.m. on April 15 of the calendar year in which the fiscal year begins, but files such claims on or before the following December 1, an exemption of the lesser of five thousand six hundred dollars ($5,600) or 80 percent of the full value of the dwelling shall be granted by the assessor.

(b) On such claims filed pursuant to subdivision (a) after November 15, this partial homeowners' exemption may be applied to the second installment, and if applied to the second installment,

the first installment will still become delinquent on December 10 and the delinquent penalty provided for in this division will attach if the tax amount due is not paid.

If this partial homeowners' exemption is applied to the second installment and if both installments are paid on or before December 10 or if the reduction in taxes from this partial exemption exceeds the amount of taxes due on the second installment, a refund shall be made to the taxpayer upon a claim submitted by the taxpayer to the auditor.

SEC. 15. Section 276 of the Revenue and Taxation Code is amended to read:

276. (a) A claimant for the disabled veterans' property tax exemption for the 1976–77 fiscal year or any year thereafter may qualify for a partial exemption if such claimant fails to file the required affidavit with the assessor by 5:00 p.m. on April 15 of the calendar year in which the fiscal year begins, but files such claims on or before the following December 1. Commencing with the 1979–80 assessment year, late-filed claims for the forty thousand dollar ($40,000) exemption provided in Section 205.5 shall receive the lesser of thirty-two thousand dollars ($32,000) or 80 percent of the full value of the dwelling. Late-filed claims for the sixty thousand dollar ($60,000) exemption provided in Section 205.5, when filed in conjunction with the late-filed claim for the forty thousand dollar ($40,000) exemption, shall receive the lesser of forty-eight thousand dollars ($48,000) or 80 percent of the full value of the dwelling. Late-filed claims for the sixty thousand dollar ($60,000) exemption, when filed in conjunction with timely filed claims for the forty thousand dollar ($40,000) exemption, shall receive the lesser of fifty-six thousand dollars ($56,000) or forty thousand dollars ($40,000) plus 80 percent of the full value of the dwelling over forty thousand dollars ($40,000).

(b) On such claims filed pursuant to subdivision (a) after November 15, this exemption may be applied to the second installment, and if applied to the second installment, the first installment will still become delinquent on December 10, and the delinquent penalty provided for in this division will attach if the tax amount due is not paid.

If this exemption is applied to the second installment and if both installments are paid on or before December 10, or if the reduction in taxes from this exemption exceeds the amount of taxes due on the second installment, a refund shall be made to the taxpayer upon a claim submitted by the taxpayer to the auditor.

(c) This section shall be operative on January 1, 1981, and shall be applied with regard to claims filed for the 1981–82 fiscal year and fiscal years thereafter.

SEC. 16. Section 423.7 of the Revenue and Taxation Code is amended to read:

423.7. (a) When valuing open-space land subject to a wildlife habitat contract, as defined in subdivision (f) of Section 421, the

board, for purposes of surveys required by Section 15640 of the Government Code, and all assessors shall value that land by using the average current per-acre value based on recent sales including the sale of an undivided interest therein, of lands subject to a wildlife habitat contract within the same county. Whenever ownership of open-space land is held by a corporation and the principal underlying asset of that corporation is represented by those lands, the price received for each bona fide sale of shares of stock in those corporations or certificates of membership in nonprofit corporations shall be treated as a sale of open-space land by the assessor in determining average value for open-space lands within the meaning of this section.

(b) In the valuation of open-space land subject to a wildlife habitat contract as defined in subdivision (f) of Section 421, irrespective of the number of parcels represented by a single ownership, the assessor shall use sales of less than 150 acres in determining the average value of those lands only if the sale is of an undivided interest of land subject to a wildlife habitat contract as defined in subdivision (f) of Section 421. The assessor shall not use any other sale of less than 150 acres of land.

(c) In the event of sales of corporate stock or membership, as referred to in subdivision (a), the assessor shall determine the average per-acre sales price and multiply such sales price by the number of acres held under the single ownership from which the land was sold, in order to determine the current total value of the single ownership.

(d) The assessor shall then determine the average current per-acre value of that land subject to a wildlife habitat contract, as defined in subdivision (f) of Section 421, by adding the current value of all those lands including corporate sales as set forth in subdivision (c), of which there has been a recent sale, and then dividing the total current value by the total number of acres of all that land of which there has been a recent sale.

(e) Whenever less than 10 years remain to the expiration of a wildlife habitat contract, the value of land determined under subdivision (a) shall be modified pursuant to this subdivision. If the full cash value of that land as determined under Section 110.1 is greater than the value determined under subdivision (a) of this section, a pro rata share of the amount of that difference shall be added in annual equal installments to the value determined pursuant to subdivision (a) over the remaining term of the wildlife habitat contract.

(f) Owners of open-space land subject to a wildlife habitat contract which has been used exclusively for habitat by native or migratory wildlife, recreation, and native pasture shall report the sale of that land, or an interest therein, to the county assessor within 30 days of the sale.

(g) In the event that a wildlife habitat contract is canceled upon the application of an owner of the land covered by the contract, a

penalty equal to 6 percent of the full cash value of the land as determined under Section 110.1 on the lien date next following cancellation shall be imposed. The penalty shall become delinquent on the December 10 next following that lien date and shall be treated in all respects as a delinquent penalty imposed under Section 2617 or 2704. This subdivision shall not apply when a wildlife habitat contract is canceled without the consent of an owner of the land affected.

(h) The provisions of Section 426 shall not apply to any lands valued for assessment purposes pursuant to the provisions of this section.

(i) The assessor shall not value any land under a single ownership under this section unless the owners of that land have provided the assessor with a schedule of sales of that land that have occurred during the previous four years.

(j) If there are no prior sales within the county of open-space land subject to a wildlife contract and used exclusively for habitat by native or migratory wildlife, recreation, and native pasture, the assessor shall value the land pursuant to Section 110.1.

(k) Unless a party to an instrument which creates an enforceable restriction expressly prohibits that valuation, the valuation resulting from the method described in this section shall not exceed the valuation that would have resulted by calculation under Section 110.1, as though the property was not subject to an enforceable restriction in the base year.

SEC. 17. Section 434 of the Revenue and Taxation Code is amended to read:

434. On or before September 1, 1976, the board after consultation with the Timber Advisory Committee shall prepare instructions setting forth temporary criteria and procedures for grading timberland on the basis of its site quality and operability. Five general site quality classes shall be established. These classes shall be the same as those adopted by the Board of Forestry pursuant to subdivision (d) of Section 4528 and Section 4551 of the Public Resources Code. Within each of the five site quality classes, appropriate classes of operability shall be established, based on factors such as accessibility, topography, and legislative or administrative restraints. On or before December 31, 1979, these classes shall be designated as operative or inoperative. Commencing with January 1, 1980, the board shall determine appropriate designations of operability. On or before March 1, 1977, each assessor shall grade all timberland within the county on the basis of these instructions. The assessor's grading is subject to the appeals procedure established by law for other assessments, as provided in Chapter 4 (commencing with Section 721) of Part 2 and Chapter 1 (commencing with Section 1601) of Part 3.

SEC. 18. Section 868 is added to the Revenue and Taxation Code, to read:

868. If, before the expiration of the time prescribed in Section 866

for making an escape assessment, the taxpayer has consented in writing to allow an assessment after that time, the assessment may be made by the board at any time prior to the expiration of the period agreed upon. The period may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

SEC. 19. Section 995.1 of the Revenue and Taxation Code is repealed.

SEC. 20. Section 2052 of the Revenue and Taxation Code is amended to read:

SEC. 21. Section 2192.1 of the Revenue and Taxation Code is amended to read:

2192.1. Every tax declared in this chapter to be a lien on real property, and every public improvement assessment declared by law to be a lien on real property, have priority over all other liens on the real property, regardless of the time of their creation.

SEC. 22. Section 2325 of the Revenue and Taxation Code is amended to read:

2325. Annually, no later than 15 days after the property tax rate for a local agency has been fixed, each local agency shall report to the Controller, on a form to be specified by the Controller, the property tax rate levied by, or on behalf of, the agency for the current fiscal year. That information shall show the amount of the rate, if any, levied pursuant to Sections 2260, 2261, 2262, 2263, 2263.1, 2263.2, 2264, 2265, 2266, 2266.1, 2267, 2270, 2271, 2272, 2273, 2274, 2275, 2276, 2277, 2278, 2279 and 2280. That information shall also show any property tax rate authorized or levied pursuant to the provisions of Article 6 (commencing with Section 2285), Article 7 (commencing with Section 2295), and Article 8 (commencing with Section 2305). Information with respect to any rate levied pursuant to Section 2270 shall also indicate the rate levied to pay interest and redemption charges on bonded indebtedness, the rate levied to pay the cost of retirement and pension benefits and the rate levied to make payments to special funds as required by charter. The Controller shall, by regulation, require any tax rate exempt from rate limitations imposed by this chapter to be reported in the manner specified by this section.

SEC. 23. Section 2752 of the Revenue and Taxation Code is amended to read:

2752. Notwithstanding the provisions of Sections 2605, 2606, 2617, 2618, 2619, 2621, 2622, 2623, 2624, and 2626 of this code, if so ordered by a resolution of the board of supervisors of any county, the provisions of this chapter shall be applicable to that county, provided that the resolution must be adopted prior to the time the county auditor is required to compute and enter on the secured roll the respective amounts due in installments as taxes for the assessment year in which the resolution shall become effective. The provisions of this chapter shall then continue in effect in that county until otherwise ordered by a resolution of the board of supervisors.

(a) To the purchaser, or his or her grantee or successor in interest, the amount of taxes, penalties and costs expended by him or her as determined by the court in pursuit of the state's title to the property, and when the purchaser at that sale or the grantee in any deed for taxes or his or her grantee or successor in interest is in possession of that property in good faith and claiming the property under a tax deed, which is regular upon its face, and has made permanent improvements thereon, the court shall not make that decree until there has also been repaid to the purchaser or his or her grantee or successor in interest a sum, as determined by the court, equal to the amount by which the value of the property has been enhanced by those permanent improvements; and

(b) To the county tax collector, the balance, if any, of the correct amount as determined by the court that should be paid upon redemption, which shall be distributed by the county to the taxing agencies and revenue districts as redemption money.

The refund shall be made in the same manner as a refund of an overpayment of tax, except that the claim shall be presented within one year after the judgment becomes final.

SEC. 27. Section 3793.5 of the Revenue and Taxation Code is amended to read:

3793.5. (a) The terms of any agreement under this chapter may provide that no payment is to be made by the purchasing taxing agency at the time the property is acquired from the state but that the proceeds of a resale of the property by the purchasing taxing agency shall, after the deduction by the taxing agency of its expenses of purchase and sale, be distributed by the county under Chapter 1.3 (commencing with Section 4671) of Part 8.

(b) If the terms provided for in subdivision (a) are included in an agreement under this chapter, the agreement shall require the purchasing taxing agency to sell the property to a private purchaser within two years after the date of recordation of the deed to the taxing agency, which period may be extended by resolution of the board of supervisors for a reasonable length of time. Upon the granting of an extension, notice thereof shall be given by the clerk of the board of supervisors to the tax collector and the Controller.

SEC. 28. Section 3808 of the Revenue and Taxation Code is amended to read:

(a) The tax losses reserve fund shall be used exclusively as hereinafter provided to cover losses which may occur in the amount of tax liens as a result of special sales of tax-deeded property. Except as provided in subdivision (b) of this section, whenever in any year the amount of the tax losses reserve fund shall have reached an amount equivalent to 5 percent of the total of all taxes and assessments levied on the secured roll for that year the amounts hereinafter authorized to be credited to that fund shall, for the remainder of that year, be credited to the county general fund.

(b) If any county for which the rate of secured tax delinquency has been 3 percent or less for the preceding three consecutive fiscal years, whenever in any year the amount of the tax losses reserve fund shall have reached the amount equivalent to 3 percent of the total

of all taxes and assessments levied on the secured rolls for that year the amounts hereinafter authorized to be credited to that fund shall, for the remainder of that year, be credited to the county general fund.

(c) If any county utilizing the procedure set forth in subdivision (b) of this section, incurs a rate of secured tax delinquency for one fiscal year that exceeds 3 percent of the total of all taxes and assessments levied on the secured rolls, the provisions of subdivision (a) of this section shall apply, including the 5-percent limit, until such time as the rate of secured tax delinquency has been 3 percent or less for three consecutive years at which time the provisions of subdivision (b) of this section shall again apply.

(d) The auditor and treasurer shall keep apportioned tax resources accounts in such a manner that the balance of amounts apportioned to funds on an accrual basis shall be known by both officers. In addition, the auditor shall keep secured taxes receivable accounts in such a manner as to establish accountability for the amounts receivable on the secured tax rolls. Secured tax rolls as used in this chapter include delinquent rolls prescribed by Section 2627.

SEC. 30. Section 4712 of the Revenue and Taxation Code is amended to read:

4712. In any county electing to follow the procedure authorized by this chapter the amount remaining after determination of the claims of other taxing agencies out of any amount received for the rental of tax-deeded land under Part 6 (commencing with Section 3351), shall be prorated on the basis of tax levies between the years before the procedure was put into effect and the years during which it has been in effect. The proration for the former years shall be distributed as provided in the aforementioned Part 6. The proration for the latter years shall be credited to the tax losses reserve fund.

SEC. 31. Section 4876 of the Revenue and Taxation Code is amended to read:

4876. When it can be ascertained from any roll or from any papers of the board what was intended or what should have been assessed, defects in description or form or clerical errors of the board in assessing state-assessed property or other errors of the board not involving the exercise of judgment as to value which result in the entry on the roll of assessed values other than those intended by the board may be corrected by the board under this article at any time within four years after the assessment was made or within the period for which a waiver is given pursuant to Section 868.

SEC. 32. Section 4876.5 of the Revenue and Taxation Code is amended to read:

4876.5. When it can be ascertained by the board from an audit of an assessee's books of account or other papers that the property of the assessee was incorrectly valued or misclassified for any cause, then to the extent that this error caused the board to assess taxable tangible property which should not have been assessed or to assess it at a higher valuation than the board would have entered on the roll

if the error had not occurred, the roll may be corrected under this article at any time within four years after the assessment was made or within the period for which a waiver is given pursuant to Section 868.

SEC. 33. Section 4991 of the Revenue and Taxation Code is amended to read:

4991. If the tax collector sells property to the state for taxes which were a lien on the property for any year, and:

(a) The taxes for that year had been paid prior to the date of sale, or

(b) The taxes have been legally canceled, or

(c) The taxes are valid but an error subsequent to the levy of the taxes renders void the sale to the state; the tax collector, with the approval of the auditor, shall cancel the sale. The fact and date of the cancellation shall be entered on the abstract or electronic data processing records.

If the tax collector is not operating under the provisions of Article 2 (commencing with Section 3446) of Chapter 2 of Part 6, the tax collector shall transmit a copy of the cancellation to the Controller in the form prescribed by the Controller.

SEC. 34. Section 5145 of the Revenue and Taxation Code is amended to read:

5145. (a) Notwithstanding the fact that all taxes on property have not been paid in full, the owner of that property may bring an action under Section 5140 at any time within six months after the rejection of a claim for the first installment under an installment plan of redemption pursuant to Article 2 (commencing with Section 4216) of Chapter 3 of Part 7, if the following requirements are satisfied:

(1) The first installment payment is made within six months of the delinquency of the taxes being paid by installments.

(2) If the balance of the unpaid tax liability remaining after the first installment payment has been made, plus penalties and interest thereon to the date of filing the actions, exceeds 66⅔ percent of the full value of the property on which the taxes are a lien, as of the last equalized assessment roll, the taxpayer shall post a bond with the county tax collector in a sum equal to that excess or, in the alternative, pledge other property with the county tax collector in that amount as security. The requirement for a bond or additional security specified in this paragraph shall terminate when the balance of unpaid tax liability remaining after a subsequent installment payment, plus penalties and interest thereon to the date of such subsequent installment payment, no longer exceeds 66⅔ percent of the full value of the property on which the taxes are a lien, as of the last equalized assessment roll. However, a new bond shall be posted or property pledged if, during the pendency of the action, the balance of unpaid tax liability, plus penalties and interest thereon, again exceeds 66⅔ percent of the full value.

(b) The right to maintain an action under this section shall

terminate if there is a default of any obligation by the owner in the installment plan of redemption on the property.

(c) If the owner does not recover the amount of taxes in dispute in an action brought under this section, he or she shall pay additional interest to the county or city equal to the difference between the interest he or she has paid under Article 2 (commencing with Section 4216) of Chapter 3 of Part 7 and the amount of interest the county or city would have earned on the funds in the impound account on the entire amount of tax determined by the court to be due, if the amount had been paid in equal installments on the tax delinquency dates.

SEC. 35. Section 5783 of the Revenue and Taxation Code is amended to read:

5783. The auditor of the county in which a report is filed shall transfer any taxes paid pursuant to this part belonging to another county as shown on the report, together with a copy of the report, in order that the auditor of any county receiving transferred funds can allocate them in the manner provided for in Section 5790.

SEC. 36. Section 5814 of the Revenue and Taxation Code is repealed.

SEC. 37. Section 5814 is added to the Revenue and Taxation Code, to read:

5814. For purposes of this part, "change in ownership" and "purchase" shall have the same meanings as provided in Sections 60 to 68, inclusive, to the extent applicable. The operative dates of those sections shall be controlling in the determination of whether a change in ownership or purchase of a mobilehome has occurred.

SEC. 38. Section 5815 of the Revenue and Taxation Code is repealed.

SEC. 39. Section 5816 of the Revenue and Taxation Code is repealed.

SEC. 40. Section 5817 of the Revenue and Taxation Code is repealed.

SEC. 41. Section 5818 of the Revenue and Taxation Code is repealed.

SEC. 42. Section 5819 of the Revenue and Taxation Code is repealed.

SEC. 43. Section 5820 of the Revenue and Taxation Code is repealed.

SEC. 44. Section 10759.5 of the Revenue and Taxation Code is amended to read:

10759.5. (a) Notwithstanding the provisions of Section 10758, on or after July 1, 1980, any mobilehome, with respect to which the license fee required to be paid by this part has been delinquent for a period of 120 days or more, shall no longer be subject to the provisions of this part. Instead, that mobilehome shall be subject to the provisions of law governing local property taxation. However, until the time the mobilehome is actually enrolled on the local property tax roll pursuant to Section 5812, any fees which would

otherwise be due under this part shall be deemed delinquent and subject to the collection procedures provided in subdivision (c). The mobilehome shall not become subject to local property taxes until it is enrolled.

Except as provided in Article 4 (commencing with Section 10910) of Chapter 3, if a mobilehome consists of two or more transportable sections which have been assembled as a single unit or were manufactured or fabricated for later assembly as a single unit, and each section has been separately registered under the Vehicle Code, and the license fee for any section of the mobilehome has been delinquent for 120 days or more, all sections of the mobilehome shall no longer be subject to the provisions of this part and shall become subject to the provisions of law governing local property taxation.

(b) In determining whether the license fee has been delinquent for 120 days or more, the 120-day period shall not include any days during which the mobilehome is the subject of any probate proceedings in this state. The 120-day period shall commence upon sale or distribution of the mobilehome by the executor or administrator. If the license fee was delinquent for 120 days or more prior to the date of death, the mobilehome shall be subject to property taxation.

(c) With regard to any mobilehome subject to local property taxation pursuant to the provisions of subdivision (a), any delinquent fees and penalties due under this part and under Article 2 (commencing with Section 9250) of Chapter 6 of Division 3 of the Vehicle Code as reported by the Department of Motor Vehicles or the Department of Housing and Community Development shall be added to the applicable property tax bill. The delinquent fees and penalties may be added to the secured roll and may be collected and distributed in the same manner as property taxes, or, in the alternative, may be added to the unsecured roll, collected like and distributed like all other taxes on that roll. If the amount of delinquent fees and penalties does not appear in the records of the Department of Motor Vehicles or the Department of Housing and Community Development, the Department of Housing and Community Development shall determine from available information, if any, what the delinquent fees and penalties would have been had the mobilehome been registered. If the amount of delinquent fees and penalties cannot be determined by the Department of Housing and Community Development, there shall be added an amount representing delinquent fees and penalties which shall be one hundred dollars ($100) or 1 percent of the current value of the mobilehome for each year or part thereof the mobilehome has been in this state without a current registration, not to exceed four years, whichever is more.

Whenever there is a transfer of registration, the liability for delinquent fees and penalties is that of the seller and not the buyer of the mobilehome.

(d) The State Board of Equalization shall adopt and amend as

necessary rules and regulations to carry out as well as enforce the provisions of this section.

(e) For purposes of this section, "mobilehome" is defined in Section 396 of the Vehicle Code.

(f) If any mobilehome owner disputes the amount of delinquent fees and penalties reported by the Department of Housing and Community Development, the owner shall pay the amount reported to the county tax collector. If the Department of Housing and Community Development determines that a refund is due, it shall notify the auditor who shall refund the overpayment or erroneous payment of fees and penalties to the owner.

10760. (a) Notwithstanding any other provision of law, any owner of a mobilehome for which the license fee required to be paid became delinquent between July 1, 1980, and March 1, 1982, and who paid the delinquent fee due or furnishes proof or verification by a county tax collector that payment of property taxes on the mobilehome is current as of the date of filing a waiver of delinquency with the Department of Housing and Community Development, shall not be subject to penalty or local property taxation, if a request for waiver of the delinquency postmarked between September 24, 1982, and January 1, 1984, is filed with the department.

(b) Notwithstanding any other provision of law, payment of the first installment on property taxes due and payable in fiscal year 1982–83 by delinquent mobilehome owners filing a waiver of delinquency under this section shall be deemed full payment of that 1982–83 property tax liability, if the waiver of delinquency is filed and postmarked no later than April 9, 1983.

(c) The department shall establish a vehicle license fee renewal date for mobilehome owners paying property taxes on the mobilehome for the 1982–83 calendar year, who file a waiver of delinquency and are reinstated pursuant to this section not sooner than 180 days after the delinquency date on which property taxes for 1982–83 are due and payable, as follows:

(1) For those mobilehome owners filing a waiver of delinquency no later than April 9, 1983, pursuant to subdivision (b), December 10th.

(2) For those mobilehome owners filing a waiver of delinquency pursuant to subdivision (a) between April 10, 1983, and January 1, 1984, April 10, 1983.

SEC. 46. Section 38402 of the Revenue and Taxation Code is

amended to read:

38402. On or before the last day of the month following each calendar quarter, a return for the preceding quarterly period shall be filed with the board in such form as the board may prescribe. The return shall include the following information with respect to timber harvested by the timber owner in the preceding calendar quarter: the volume harvested and the number of Christmas trees cut; the quarter the timber was harvested and the quarter the Christmas trees were cut; the date or dates the timber was scaled; the species; and any other information deemed necessary by the board for the administration of this part. At the assessor's request, the board shall provide copies of these returns to the assessor of the county from which the timber was harvested.

SEC. 47. Section 38903 of the Revenue and Taxation Code is amended to read:

38903. (a) All taxes, interest, penalties and other amounts paid or collected pursuant to this part on or before July 31, 1983, except taxes paid or collected pursuant to Section 38301, shall be deposited in the Timber Tax Fund, which is hereby created.

(b) On and after August 1, 1983, all taxes, interest, penalties, and other amounts paid or collected pursuant to this part shall be deposited in the Timber Tax Fund.

SEC. 48. For purposes of Sections 36 to 43, inclusive, of this act, it is the intent of the Legislature that the general provisions governing the change in ownership and purchase of real property be equally applicable to mobilehomes subject to property taxation. It is also the intent of the Legislature that all operative dates of the provisions of Sections 60 to 68, inclusive, of the Revenue and Taxation Code be equally applicable to changes in ownership and purchases of those mobilehomes.

SEC. 49. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 50. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to extend a one-time waiver for delinquent mobilehome registration fees payable because of a lack of notice of the change in delinquent penalties and confusion resulting from changes in the administration of mobilehome registration fees, at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 1282

An act to amend Section 8263 of, to add Section 8263.5 to, and to add and repeal Article 19 (commencing with Section 8420) to Chapter 2 of Part 6 of, the Education Code, relating to child care and development.

[Approved by Governor September 29, 1983 Filed with Secretary of State September 30, 1983.]

The people of the State of California do enact as follows:

SECTION 1. Section 8263 of the Education Code is amended to read:

8263. (a) The Superintendent of Public Instruction shall adopt such rules and regulations on eligibility, enrollment, and priority of services as needed to implement this chapter. In order to be eligible for federal and state subsidized child development services, families shall meet at least one requirement in each of the following areas:

(1) A family shall be (A) a current aid recipient, (B) income eligible, or (C) one whose children are recipients of protective services, or whose children have been identified as being abused, neglected, or exploited, or at risk of being abused, neglected, or exploited; and

(2) A family shall need the child care service because the child is identified by a legal, medical, or social service agency as being (A) a recipient of protective services, (B) being neglected, abused, or exploited, or at risk of neglect, abuse, or exploitation, or (C) having a medical or psychiatric special need which cannot be met without provision of child day care, or the parents are (i) engaged in vocational training leading directly to a recognized trade, paraprofession, or profession, (ii) employed or seeking employment, or (iii) incapacitated, including a medical or psychiatric special need which cannot be met without provision of child day care.

(b) Priority for state and federally subsidized child development services shall be as follows:

(1) First priority shall be given to recipients of child protective services for children who are neglected or abused, or at risk of being neglected or abused, upon written referral from a legal, medical, or social service agency. When an agency is unable to enroll a child in the first priority category, the agency shall refer the family to local resource and referral services to locate services for the child.

(2) Second priority shall be equally given to eligible families, regardless of the number of parents in the home, who are income eligible. Within this priority, families with the lowest gross monthly income shall be admitted first. For purposes of determining order of admission, the grants of public assistance recipients shall be counted as income.

(3) The superintendent shall set criteria for and may grant

specific waivers of the priorities established in this subdivision for agencies which wish to serve specific populations, such as handicapped children or children of prisoners. These new waivers shall not include proposals to avoid appropriate fee schedules or admit ineligible families, but may include proposals to accept members of special populations in other than strict income order, as long as appropriate fees are paid.

(c) A physical examination and evaluation, including age-appropriate immunization, shall be required prior to, or within six weeks of, enrollment. No standard, rule, or regulation shall require medical examination or immunization for admission to a child care and development program of a child whose parent or guardian files a letter with the governing board of the child care and development program stating that such medical examination or immunization is contrary to his or her religious beliefs, or provide for the exclusion of a child from the program because of a parent or guardian having filed such letter. However, whenever there is good cause to believe that a child is suffering from a recognized contagious or infectious disease, the child shall be temporarily excluded from the program until the governing board of the child care and development program is satisfied that any contagious or infectious disease does not exist.

(d) Regulations formulated and promulgated pursuant to this section shall include the recommendations of the State Department of Health Services relative to health care screening and the provision of health care services. The Superintendent of Public Instruction shall seek the advice and assistance of these health authorities in situations where service under this chapter includes or requires care of ill or disabled children.

(e) The Superintendent of Public Instruction shall establish a fee schedule for families utilizing child care and development services pursuant to this chapter.

(f) The superintendent shall establish regulations for the collection of payments from families receiving benefits under the Aid to Families with Dependent Children program. The regulations shall require payment by those families of a benefit adjustment authorized for child care services, but not to exceed the actual cost of child care and development services provided. The regulations shall be designed to ensure that charging the payment does not result in a significant loss in spendable income to the family. The assessment of this benefit shall occur regardless of the applicable fee based on the fee schedule.

The child care and development agency collecting the fee shall be entitled to keep 10 percent of the fee to defer the cost of collection.

Upon receiving an appropriation therefor, the State Department of Education shall utilize the balance of these funds for local assistance for the following purposes:

(1) To reimburse the child care and development agency, which collected the fee caused by the operation of this section, for

providing additional services to eligible families.

(2) The balance shall be transferred to the local child care and employment fund in accordance with the formula established pursuant to Section 15053 of the Unemployment Insurance Code.

(g) The superintendent shall establish guidelines for the collection of employer sponsored child care benefit payments from any parent whose child receives subsidized child care and development services. These guidelines shall provide for the collection of the full amount of the benefit payment, but not to exceed the actual cost of child care and development services provided, notwithstanding the applicable fee based on the fee schedule.

(h) The Superintendent of Public Instruction shall establish guidelines according to which the director or a duly authorized representative of the child care and development program will certify children as eligible for state reimbursement pursuant to this section.

(i) No public funds shall be paid directly or indirectly to any agency which does not pay at least the minimum wage to each of its employees.

SEC. 2. Section 8263.5 is added to the Education Code, to read:

8263.5. (a) On or before April 1 of each year, the State Department of Education shall report the total amount of fees collected pursuant to subdivision (f) of Section 8263 to the Department of Finance.

(b) The Department of Finance shall transfer an amount equal to the amount reported pursuant to subdivision (a) from the amount appropriated from the General Fund to the Department of Education for child care according to the following priorities:

(1) First, to reimburse the State Department of Social Services for any increase in Aid to Families with Dependent Children costs caused by the operation of Section 8263.

(2) The net balance to the General Fund to offset the amount appropriated therefrom for child care.

SEC. 3. Article 19 (commencing with Section 8420) is added to Chapter 2 of Part 6 of the Education Code, to read:

Article 19. Child Care and Development Services for Participants in Job Training Programs

8423. (a) It is the intent of the Legislature that any program expansion which results from the enactment of this article shall be continued only to the extent that funds are made available from the sources identified in subdivision (b).

(2) Funds designated for child care by the private industry council, established pursuant to Section 15030 of the Unemployment Insurance Code, but not less than 75 percent of the cost of care for every recipient of job training or placement services funded using the area's fedral Job Training Partnership Act (P.L. 97-300) appropriation, whose job readiness assessment includes the need for child care. The private industry council may refer, for information, all participants who need or use child care to the agency administering the child care and employment fund. The private industry council shall provide funds only for those participants whose child care needs are not met by other community resources and whose child care needs can be met within the council's annual budget. The private industry council and the child care and employment fund agency shall negotiate the local contract for child care. The identification process shall include consultation with and approval of the private industry council and local elected officials.

(b) The superintendent shall identify a child development agency within the service delivery area operating a program at the time of the identification that meets the criteria of subdivisions (a) to (i), inclusive, of Section 8425. Selection of the agency shall take into account past performance at delivering child care arrangements for parents, fiscal accountability, and ability to coordinate services with the private industry council.

(c) If the superintendent determines that no child development agency within the service delivery area meets the criteria of Section 8425, then other agencies operating within the service delivery area may apply.

(d) If the superintendent determines that more than one child development agency within the service delivery area meet the criteria of Section 8425, the superintendent may identify a consortium of these agencies to administer the child care and development fund.

8425. The superintendent shall identify pursuant to Section 8424 only agencies which demonstrate the ability to do the following:

(a) Coordinate community resources.

Support services shall include those items listed in subdivisions (a), (b), (e), and (f) of Section 8425. All services provided shall conform to state licensing requirements.

8428. Services provided under this article may be continued to parents in transition from training or employment to unsubsidized

Transition services may be extended for a second 90 days if the needs of all trainees are being met and funds are available within the child care and employment fund.

4600. Medical, surgical, chiropractic, and hospital treatment, including nursing, medicines, medical and surgical supplies, crutches, and apparatus, including artificial members, which is reasonably required to cure or relieve from the effects of the injury shall be provided by the employer. In the case of his neglect or refusal seasonably to do so, the employer is liable for the reasonable expense incurred by or on behalf of the employee in providing treatment. After 30 days from the date the injury is reported, the employee may be treated by a physician of his own choice or at a facility of his own choice within a reasonable geographic area. However, if an employee has notified his or her employer in writing prior to the date of injury that he or she has a personal physician, the employee shall have the right to be treated by that physician from the date of injury. For the purpose of this section, "personal physician" means the employee's regular physician and surgeon, licensed pursuant to Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code, who has previously directed the medical treatment of the employee, and who retains the employee's medical records, including his or her medical history.

In accordance with the rules of practice and procedure of the appeals board, the employee, or the dependents of a deceased employee, shall be reimbursed for expenses reasonably, actually, and necessarily incurred for X-rays, laboratory fees, medical reports, medical testimony, and, as needed, interpreter's fees, to prove a contested claim. Where at the request of the employer, the employer's insurance carrier, the administrative director, the appeals board or a referee, the employee submits to examination by a physician, he shall be entitled to receive in addition to all other benefits herein provided all reasonable expenses of transportation, meals and lodging incident to reporting for such examination, together with one day of temporary disability indemnity for each day of wages lost in submitting to such an examination. "Reasonable expenses of transportation" includes mileage fees from the employee's home to the place of the examination and back at the rate of twenty-one cents ($0.21) a mile, plus any bridge tolls. Such mileage and tolls shall be paid to the employee at the time he is given notification of the time and place of the examination.

This section shall remain in effect only until July 1, 1984, and as of such date is repealed, unless a later enacted statute, which is chaptered before July 1, 1984, deletes or extends such date.

SEC. 4. Section 4600 of the Labor Code, as added by Section 7 of Chapter 1150 of the Statutes of 1981, is amended to read:

4600. Medical, surgical, chiropractic, and hospital treatment, including nursing, medicines, medical and surgical supplies, crutches, and apparatus, including artificial members, which is

In accordance with the rules of practice and procedure of the appeals board, the employee, or the dependents of a deceased employee, shall be reimbursed for expenses reasonably, actually, and necessarily incurred for X-rays, laboratory fees, medical reports, medical testimony, and, as needed, interpreter's fees, to prove a contested claim. The reasonableness of and necessity for incurring such expenses to prove a contested claim shall be determined with respect to the time when such expenses were actually incurred. Expenses of medical testimony shall be presumed reasonable if in conformity with the fee schedule charges provided for impartial medical experts appointed by the administrative director.

Where at the request of the employer, the employer's insurance carrier, the administrative director, the appeals board or a referee, the employee submits to examination by a physician, he shall be entitled to receive in addition to all other benefits herein provided all reasonable expenses of transportation, meals and lodging incident to reporting for such examination, together with one day of temporary disability indemnity for each day of wages lost in submitting to such an examination. CHAPTER 1285

An act to amend Sections 437.10 and 1254 of, to add Section 438.51 to, the Health and Safety Code, and to add Section 14005.13 to the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 29, 1983 Filed with Secretary of State September 30, 1983]

The people of the State of California do enact as follows:

SECTION 1. Section 437.10 of the Health and Safety Code is amended to read:

437.10. Except as otherwise exempted by Section 437.11 or this section, projects requiring a certificate of need issued by the Office of Statewide Health Planning and Development are the following:

(a) Construction of a new health facility, relocation of a health facility or speciality clinic on a site which is not the same site or adjacent thereto, the increase of bed capacity in an existing health facility, the conversion of an entire existing health facility from one license category to another, or the conversion of a health facility's existing beds from any bed classification set forth in Section 1250.1 to skilled nursing beds, psychiatric beds, or intermediate care beds, and the conversion of skilled nursing beds, psychiatric beds, or intermediate care beds to any other bed classification set forth in Section 1250.1, except for skilled nursing beds or intermediate care beds licensed as of March 1, 1983, as part of a general acute care hospital. The conversion may not exceed during any three-year period 5 percent of the existing beds of the bed classification to which the conversion is made.

A health facility may use beds in one bed classification which, pursuant to the facility's license, have been designated in another bed classification, if all of these bed classification changes do not at any time exceed 5 percent of the total number of the facility's beds as set forth by the facility's license and if use meets the requirements of Chapter 2 (commencing with Section 1250) of Division 2. In addition, a facility may use an additional 5 percent of its beds in this manner if the director finds that seasonal fluctuations justify it.

For purposes of this subdivision, "adjacent," means real property within a 400-yard radius of the site on which a health facility or specialty clinic currently exists.

(b) Establishment of a new specialty clinic, as defined in paragraphs (1) and (3) of subdivision (b) of Section 1204, a project by a health facility for expanded outpatient surgical capacity, the conversion of an existing primary care clinic to a specialty clinic, or the conversion of an existing specialty clinic to a different category of specialty-clinic licensure. It shall not constitute a project and no certificate of need shall be required for the establishment of a primary care clinic, as defined in subdivision (a) of Section 1204, the conversion of an existing specialty clinic to a primary care clinic, or the conversion of an existing primary care clinic to a different category of primary-care-clinic licensure. Any capital expenditure involved in the establishment of a primary care clinic shall also not constitute a project, except as provided in subdivision (d).

(c) The establishment of a new special service delineated in subdivision (a), (b), (c), (e), (f), (g), or (h) of Section 1255, or the establishment establishment by a specialty clinic, as defined in paragraphs (1) and (3) of subdivision (b) of Section 1204, of a new

special service identified by or pursuant to Section 1203.

(d) The initial purchase or lease by a clinic subject to licensure under Chapter 1 (commencing with Section 1200) of Division 2, of diagnostic or therapeutic equipment with a value in excess of one million dollars ($1,000,000) in a single fiscal year, or for which the cumulative cost exceeds such amount in more than one fiscal year. For purposes of this subdivision, the purchase or lease of one or more articles of functionally related diagnostic or therapeutic equipment, as determined by the office, shall be considered together.

(e) Any project requiring a capital expenditure for a specialty clinic as defined in paragraphs (1) and (3) of subdivision (b) of Section 1204, or for the services, equipment or modernization of a specialty clinic in excess of one million dollars ($1,000,000) in the current fiscal year or cumulation to an expenditure of one million dollars ($1,000,000) in the same fiscal year or subsequent fiscal years for a single project.

The threshold exemptions from certificate-of-need requirements provided for in this subdivision shall not apply to projects for expanded outpatient surgical capacity.

For the purposes of this subdivision, a "capital expenditure" shall mean any of the following:

(1) An expenditure, including an expenditure for a construction project undertaken by the specialty clinic as its own contractor, which under generally accepted accounting principles is not properly chargeable as an expense of operation and maintenance and which exceeds one million dollars ($1,000,000). The cost of studies, surveys, legal fees, land, offsite improvements, designs, plans, working drawings, specifications, and other activities essential to the acquisition, improvement, expansion, or replacement of the physical plant and equipment with respect to which the expenditure is made shall be included in determining whether the cost exceeds one million dollars ($1,000,000). Where the estimated cost of a proposed project, including cost escalation factors appropriate to the area in which the project is located, is, within 60 days of the date on which the obligation for the expenditure is incurred, certified by a licensed architect or engineer to be one million dollars ($1,000,000) or less, that expenditure shall be deemed not to exceed one million dollars ($1,000,000) regardless of the actual cost of such project. However, in any such case where the actual cost of the project exceeds one million dollars ($1,000,000) the specialty clinic on whose behalf such expenditure is made shall provide written notification of such cost to the state department not more than 30 days after the date on which such expenditure is incurred. The notification shall include a copy of the certified estimate.

(2) The acquisition, under lease or comparable arrangement, or through donation, of equipment for a specialty clinic, the expenditure for which would have been considered a capital expenditure if the person had acquired it by purchase. For the purposes of this paragraph, "donation" shall not include a bequest.

(3) Any change in a proposed capital expenditure which itself meets the criteria set forth in this subdivision.

A "capital expenditure" shall include the total cost of the proposed project as certified by a licensed architect or engineer based on preliminary plans or specifications and concurred in by the state department. For the purposes of this subdivision, "project" shall not include the purchase of real property for future use or the transfer of ownership, in whole or part, of an existing specialty clinic or the acquisition of all or substantially all of the assets or stock thereof, or the construction, modernization, purchase, lease, or other acquisition of parking lots or parking structures, telephone systems, and nonclinical data-processing systems.

For the purposes of this subdivision, "modernization" means the alteration, expansion, repair, remodeling, replacement, or renovation of existing buildings, including initial equipment thereof, and the replacement of equipment of existing buildings.

The office shall annually adjust the dollar thresholds set forth in subdivisions (d) and (e) of this section to reflect changes in the cost of living, as determined by the Department of Finance, using 1981 as the base year. Notwithstanding the amount of such dollar thresholds, in the event Congress increases or repeals the amount or amounts of such thresholds, the dollar thresholds set forth in subdivisions (d) and (e) of this section shall be the highest amount or amounts permitted by Public Law 93-641, as amended, or one million dollars ($1,000,000), whichever is less, on the date such congressional action is effective.

SEC. 2. Section 438.51 is added to the Health and Safety Code, to read:

438.51. (a) Notwithstanding the provisions of subdivisions (b), (c), (d), (e), or (f) of Section 438.5 to the contrary, if the office orders a hearing on an application, the applicant may request an informal hearing of the matter, described in this section, in lieu of, and in the alternative to, the formal procedures described in subdivisions (b), (c), (d), (e), and (f) of Section 438.5.

Upon the scheduling of the hearing, the office shall promptly serve notice of the date, location, and time of the informal public hearing upon the applicant. The office shall also publish a notice of the date, location, and time of the informal public hearing in at least one newspaper of general circulation in the health service area served by the applicant. The person conducting the informal public hearing may exercise all powers relating to the conduct of the hearing, including the power to reasonably limit the length of oral presentations by any person who has been allowed to make a statement.

The informal public hearing shall be conducted as follows:

(A) The applicant shall be given an opportunity to present the merits of the project and to address the issues raised by the staff report and recommendations.

(C) Other interested persons shall be given an opportunity to present written or oral statements.

(D) The person conducting the informal public hearing may question any person making a written or oral statement and may give the applicant and office staff an opportunity to question any person who has made a written or oral statement.

(E) The applicant and staff shall be given an opportunity to make closing statements.

(F) The office shall make a tape recording of the hearing, and copies of the tape shall be made available at cost upon reasonable notice. However, the applicant shall have a right to bring a certified shorthand reporter to be used in place of the tape recording, provided that they provide the office with a copy of the transcript.

(c) The informal public hearing shall conclude within 10 calendar days after commencement of the hearing unless one of the following occurs:

(1) The applicant agrees to extend the time for conclusion of the hearing.

(d) Within 10 days after the conclusion of the informal public hearing, the person conducting the hearing shall render a proposed decision supported by findings of fact, based solely upon the record of the hearing. The proposed decision shall be service upon the applicant and the office staff.

(e) The director shall make a final decision on an application within 10 calendar days after issuance of the propsed decision. The decisions shall either approve the application, approve it with modifications, reject it, or approve it with conditions mutually agreed upon by the applicant and the office. The failure of any applicant to fulfill the conditions under which the certificate of need was granted shall constitute grounds for revocation of such

certificate of need.

(f) Notice of the substance of the office's decisions shall be published in a newspaper of general circulation within the health service area served by the applicant, within 10 calendar days following the decision.

CHAPTER 1287

An act to add Section 785 to the Public Utilities Code, relating to public utilities.

[Approved by Governor September 29, 1983. Filed with Secretary of State September 30, 1983]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the California Gas Policy Act.

SEC. 2. The Legislature finds and declares as follows:

(a) California gas production is an important part of the state's gas supply.

(b) The actual delivered cost of California produced gas is presently lower than the cost of alternative out-of-state and Canadian gas supplies.

(c) California gas is produced and made available by California businesses and California taxpayers employing California workers.

(d) California gas consumers are entitled to a "least cost supply mix" in the gas supplies made available to them for purchase.

It is, therefore, the intent of the Legislature in enacting this act to declare it to be the policy of this state, for the benefit of the state's economy and people, both as producers and consumers, to require, to the extent consistent with federal law and regulation and contractual obligations regarding other available gas, the state's public utility gas corporations to purchase all available supplies of low-cost California gas first, provided that such purchases do not result in higher overall costs of gas or other consequences adverse to the interests of gas customers.

SEC. 3. Section 785 is added to the Public Utilities Code, to read:

785. (a) To the extent consistent with federal law and regulation and contractual obligations regarding other available gas, the commission shall, in consultation with the Division of Oil and Gas of the Department of Conservation and with the State Energy Resources Conservation and Development Commission, encourage, as a first priority, the increased production of gas in this state, including gas produced from that area of the Pacific Ocean along the coast of California commonly known as the outer continental shelf, and shall require, after a hearing, every gas corporation to purchase that gas which is compatible with the corporation's gas plant and which is produced in this state, unless this requirement will result in higher overall costs of gas or other consequences adverse to the interests of gas customers.

(b) During any hearing held pursuant to subdivision (a), but not more than once a year, the Business, Transportation and Housing Agency shall submit to the commission an analysis of the impact on the economy of the state and on the state and local governments of

the production of California gas. The commission shall take into consideration, to the extent it deems appropriate, the analysis as provided by the agency in determining the appropriate level of California gas production established under subdivision (a).

(c) On or before July 1, 1984, and annually thereafter, to and including January 1, 1986, the commission shall report to the Legislature on its implementation of this section, including the specific findings made by the Business, Transportation and Housing Agency pursuant to subdivision (b).

subdivision or the management documents of the governing body on the lot or unit as of the date of the request. The governing body may impose a fee for providing such documents and statement, but in no event shall the fee exceed the reasonable cost to prepare and reproduce the requested documents.

(c) The provisions of this section, except those provisions relating to a written statement of delinquent assessments and such other charges as may be authorized by the declaration of restrictions or management documents, shall not apply to the transfer of a lot or unit the transfer of which is required to be preceded by the furnishing to a prospective purchaser of a copy of a public report pursuant to Section 11018.1 of the Business and Professions Code.
