STATUTES OF CALIFORNIA

1985–86

REGULAR SESSION

1985 CHAPTERS

CHAPTER 1

An act to amend Section 1596.886 of the Health and Safety Code, relating to the California Child Day Care Facilities Act, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor December 10, 1984. Filed with Secretary of State December 10, 1984.]

The people of the State of California do enact as follows:

SECTION 1. Section 1596.886 of the Health and Safety Code is amended to read:

1596.886. The director may temporarily suspend any license, registration, or special permit prior to any hearing when, in the opinion of the director, the action is necessary to protect any child of a child day care facility from physical or mental abuse, abandonment, or any other substantial threat to health or safety. The director shall notify the licensee, registrant, or holder of the special permit of the temporary suspension and the effective date thereof and at the same time shall serve the provider with an accusation. Upon receipt of a notice of defense to the accusation by the licensee, registrant, or holder of the special permit, the director shall, within 15 days, set the matter for hearing, and the hearing shall be held as soon as possible but not later than 30 days after receipt of the notice. The temporary suspension shall remain in effect until such time as the hearing is completed and the director has made a final determination on the merits. However, the temporary suspension shall be deemed vacated if the director fails to make a final determination on the merits within 30 days after the original hearing has been completed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Chapter 1615 of the Statutes of 1984, effective January 1, 1985, inadvertently deprived the Director of Social Services of power to temporarily suspend licenses, registrations, and special permits of family day care homes in the same manner as the licenses, registrations, and special permits of other child care facilities may be suspended. In order to rectify this oversight at the earliest possible time, it is necessary for this act to take effect immediately.

CHAPTER 2

An act relating to public works, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor December 10, 1984. Filed with Secretary of State December 10, 1984.]

The people of the State of California do enact as follows:

SECTION 1. The State Public Works Board may issue bond anticipation notes, according to Article 3 of Chapter 3.5 of Division 3 of Title 2 (commencing with Section 15820.10) of the Government Code and Section 15832.5 of the Government Code, in anticipation of High Technology Education Revenue Bonds for the construction of the facilities authorized by the Budget Act of 1984 (Ch. 258, Stats. 1984).

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to expedite the construction of public high technology facilities already approved in the Budget Act of 1984, it is necessary that this act take effect immediately.

CHAPTER 3

An act to amend Sections 11055, 11356.5, 11377, 11378, 11378.5, 11379, 11379.5, 11380, 11380.5, 11382, 11383, 11470, and 11550 of, and to add Section 11379.6 to, the Health and Safety Code, and to amend Section 1203.07 of the Penal Code, relating to controlled substances, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor January 29, 1985. Filed with Secretary of State January 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 11055 of the Health and Safety Code is amended to read:

11055. (a) The controlled substances listed in this section are included in Schedule II.

(b) Any of the following substances, except those narcotic drugs listed in other schedules, whether produced directly or indirectly by extraction from substances of vegetable origin, or independently by means of chemical synthesis, or by combination of extraction and chemical synthesis:

(1) Opium and opiate, and any salt, compound, derivative, or

preparation of opium or opiate, with the exception of naloxone hydrochloride (N-allyl-14-hydroxy-nordihydromorphinone hydrochloride), but including the following:

(A) Raw opium.
(B) Opium extracts.
(C) Opium fluid extracts.
(D) Powdered opium.
(E) Granulated opium.
(F) Tincture of opium.
(G) Apomorphine.
(H) Codeine.
(I) Ethylmorphine.
(J) Hydrocodone.
(K) Hydromorphone.
(L) Metopon.
(M) Morphine.
(N) Oxycodone.
(O) Oxymorphone.
(P) Thebaine.

(2) Any salt, compound, isomer, derivative, or preparation thereof which is chemically equivalent or identical with any of the substances referred to in paragraph (1), but not including the isoquinoline alkaloids of opium.

(3) Opium poppy and poppy straw.

(4) Coca leaves and any salt, compound, derivative, or preparation of coca leaves and any salt, compound, isomer, derivative, or preparation thereof which is chemically equivalent or identical with any of these substances, but not including decocainized coca leaves or extractions which do not contain cocaine or ecgonine.

(5) Concentrate of poppy straw (the crude extract of poppy straw in either liquid, solid, or powder form which contains the phenanthrene alkaloids of the opium poppy).

(c) Opiates. Unless specifically excepted or unless in another schedule, any of the following opiates, including its isomers, esters, ethers, salts, and salts of isomers, esters, and ethers whenever the existence of those isomers, esters, ethers, and salts is possible within the specific chemical designation, dextrorphan and levopropoxyphene excepted:

(1) Alphaprodine.
(2) Anileridine.
(3) Bezitramide.
(4) Bulk dextropropoxyphene (nondosage forms).
(5) Dihydrocodeine.
(6) Dihenoxylate.
(7) Fentanyl.
(8) Isomethadone.
(9) Levomethorphan.
(10) Levorphanol.

(11) Metazocine.
(12) Methadone.
(13) Methadone-Intermediate, 4-cyano-2-dimethylamino-4, 4-diphenyl butane.
(14) Moramide-Intermediate, 2-methyl-3-morpholino-1, 1-diphenylpropane-carboxylic acid.
(15) Pethidine (meperidine).
(16) Pethidine-Intermediate-A, 4-cyano-1-methyl-4-phenylpiperidine.
(17) Pethidine-Intermediate-B, ethyl-4-phenylpiperidine-4-carboxylate.
(18) Pethidine-Intermediate-C,-1-methyl 4-phenylpiperidine-4-carboxylic acid.
(19) Phenazocine.
(20) Piminodine.
(21) Racemethorphan.
(22) Racemorphan.

(d) Stimulants. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having a stimulant effect on the central nervous system:

(1) Amphetamine, its salts, optical isomers, and salts of its optical isomers.
(2) Methamphetamine, its salts, isomers, and salts of its isomers.
(3) Phenmetrazine and its salts.
(4) Methylphenidate.

(e) Depressants. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having a depressant effect on the central nervous system, including its salts, isomers, and salts of isomers whenever the existence of those salts, isomers, and salts of isomers is possible within the specific chemical designation:

(1) Amobarbital.
(2) Pentobarbital.
(3) Phencyclidines, including the following:
(A) 1-(1-phenylcyclohexyl) piperidine (PCP).
(B) 1-(1-phenylcyclohexyl) morpholine (PCM).

The Attorney General, or his or her designee, may, by rule or regulation, add additional analogs of phencyclidine to those enumerated in this paragraph after notice, posting, and hearing pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The Attorney General shall, in the calendar year of the regular session of the Legislature in which the rule or regulation is adopted, submit a draft of a proposed bill to each house of the Legislature which would incorporate the analogs into this code. No rule or regulation shall remain in effect beyond January 1 after the calendar year of the regular session in which the draft of the proposed bill is submitted

to each house. However, if the draft of the proposed bill is submitted during a recess of the Legislature exceeding 45 calendar days, the rule or regulation shall be effective until January 1 after the next calendar year.

(4) Secobarbital.

(f) Immediate precursors. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances:

(1) Immediate precursor to amphetamine and methamphetamine:

(A) Phenylacetone. Some trade or other names: phenyl-2 propanone; P2P; benzyl methyl ketone; methyl benzyl ketone.

(2) Immediate precursors to phencyclidine (PCP):

(A) 1-phenylcyclohexylamine.

(B) 1-piperidinocyclohexanecarbonitrile (PCC).

SEC. 2. Section 11356.5 of the Health and Safety Code is amended to read:

11356.5. Any person convicted of a violation of Section 11351, 11352, 11379.5, or 11379.6 insofar as the latter section relates to phencyclidine or any of its analogs which is specified in paragraph (21), (22), or (23) of subdivision (d) of Section 11054 or in paragraph (3) of subdivision (e) of Section 11055, who, as part of the transaction for which he or she was convicted, has induced another to violate Section 11351, 11352, 11379.5, or 11379.6 insofar as the latter section relates to phencyclidine or its analogs, shall be punished by an additional one year in prison if the value of the controlled substance involved in the transaction for which the person was convicted exceeds five hundred thousand dollars ($500,000), by an additional two years in prison if the value of the controlled substance involved in the transaction for which the person was convicted exceeds two million dollars ($2,000,000), or by an additional three years in prison if the value of the controlled substance involved in the transaction for which the person was convicted exceeds five million dollars ($5,000,000). For purposes of this section, "value of the controlled substance" means the retail price to the user.

SEC. 3. Section 11377 of the Health and Safety Code is amended to read:

11377. (a) Except as otherwise provided in Article 7 (commencing with Section 4211) of Chapter 9 of Division 2 of the Business and Professions Code, every person who possesses any controlled substance which is (1) classified in Schedule III, IV, or V, and which is not a narcotic drug, (2) specified in subdivision (d) of Section 11054, except paragraphs (13), (14), (15), and (20) of subdivision (d), or (3) specified in subdivision (d), (e), or (f) of Section 11055, unless upon the prescription of a physician, dentist, podiatrist, or veterinarian, licensed to practice in this state, shall be punished by imprisonment in the county jail for a period of not more than one year or the state prison.

SEC. 4. Section 11378 of the Health and Safety Code is amended

to read:

11378. Except as otherwise provided in Article 7 (commencing with Section 4211) of Chapter 9 of Division 2 of the Business and Professions Code, every person who possesses for sale any controlled substance which is (1) classified in Schedule III, IV, or V and which is not a narcotic drug, (2) specified in subdivision (d) of Section 11054, except paragraphs (13), (14), (15), (20), (21), (22), and (23) of subdivision (d), or (3) specified in subdivision (d), (e), or (f), except paragraph (3) of subdivision (e) and subparagraphs (A) and (B) of paragraph (2) of subdivision (f), of Section 11055, shall be punished by imprisonment in the state prison.

SEC. 5. Section 11378.5 of the Health and Safety Code is amended to read:

11378.5. Except as otherwise provided in Article 7 (commencing with Section 4211) of Chapter 9 of Division 2 of the Business and Professions Code, every person who possesses for sale phencyclidine or any analog or any precursor of phencyclidine which is specified in paragraph (21), (22), or (23) of subdivision (d) of Section 11054 or in paragraph (3) of subdivision (e) or in subdivision (f), except subparagraph (A) of paragraph (1) of subdivision (f), of Section 11055, shall be punished by imprisonment in the state prison for a period of three, four, or five years.

SEC. 6. Section 11379 of the Health and Safety Code is amended to read:

11379. Except as otherwise provided in Article 7 (commencing with Section 4211) of Chapter 9 of Division 2 of the Business and Professions Code, every person who transports, imports into this state, sells, furnishes, administers, or gives away, or offers to transport, import into this state, sell, furnish, administer, or give away, or attempts to import into this state or transport any controlled substance which is (1) classified in Schedule III, IV, or V and which is not a narcotic drug, (2) specified in subdivision (d) of Section 11054, except paragraphs (13), (14), (15), (20), (21), (22), and (23) of subdivision (d), or (3) specified in subdivision (d) or (e), except paragraph (3) of subdivision (e), or specified in subparagraph (A) of paragraph (1) of subdivision (f), of Section 11055, unless upon the prescription of a physician, dentist, podiatrist, or veterinarian, licensed to practice in this state, shall be punished by imprisonment in the state prison for a period of two, three, or four years.

SEC. 7. Section 11379.5 of the Health and Safety Code is amended to read:

11379.5. Except as otherwise provided in Article 7 (commencing with Section 4211) of Chapter 9 of Division 2 of the Business and Professions Code, every person who transports, imports into this state, sells, furnishes, administers, or gives away, or offers to transport, import into this state, sell, furnish, administer, or give away, or attempts to import into this state or transport phencyclidine or any of its analogs which is specified in paragraph (21), (22), or (23) of subdivision (d) of Section 11054 or in paragraph (3) of subdivision

(e) of Section 11055, or its precursors as specified in subparagraph (A) or (B) of paragraph (2) of subdivision (f) of Section 11055, unless upon the prescription of a physician, dentist, podiatrist, or veterinarian licensed to practice in this state, shall be punished by imprisonment in the state prison for a period of three, four, or five years.

SEC. 8. Section 11379.6 is added to the Health and Safety Code, to read:

11379.6. (a) Except as otherwise provided by law, every person who manufactures, compounds, converts, produces, derives, processes, or prepares, either directly or indirectly by chemical extraction or independently by means of chemical synthesis, any controlled substance specified in Section 11054, 11055, 11056, 11057, or 11058 shall be punished by imprisonment in the state prison for three, four, or five years.

(b) Except as otherwise provided by law, every person who offers to perform an act which is punishable under subdivision (a) shall be punished by imprisonment in the state prison for three, four, or five years.

SEC. 9. Section 11380 of the Health and Safety Code is amended to read:

11380. Every person 18 years of age or over who violates any provision of this chapter involving controlled substances which are (1) classified in Schedule III, IV, or V and which are not narcotic drugs or (2) specified in subdivision (d) of Section 11054, except paragraphs (13), (14), (15), (20), (21), (22), and (23) of subdivision (d), or specified in subdivision (d), (e), or (f) of Section 11055, except paragraph (3) of subdivision (e) and subparagraphs (A) and (B) of paragraph (2) of subdivision (f), by the use of a minor as agent, who solicits, induces, encourages, or intimidates any minor with the intent that the minor shall violate any provision of this article involving those controlled substances or who unlawfully furnishes, offers to furnish, or attempts to furnish those controlled substances to a minor shall be punished by imprisonment in the state prison for a period of three, four, or five years.

(b) Nothing in this section applies to a registered pharmacist furnishing controlled substances pursuant to a prescription.

SEC. 10. Section 11380.5 of the Health and Safety Code is amended to read:

11380.5. (a) Every person 18 years of age or over who violates any provision of this chapter involving phencyclidine or any of its analogs which is specified in paragraph (21), (22), or (23) of subdivision (d) of Section 11054 or paragraph (3) of subdivision (e) of Section 11055, or its precursors as specified in subparagraphs (A) and (B) of paragraph (2) of subdivision (f) of Section 11055 by the use of a minor as agent, who solicits, induces, encourages, or intimidates any minor with the intent that the minor shall violate any provision of this article involving the controlled substances or who unlawfully furnishes, offers to furnish, or attempts to furnish the

controlled substances to a minor shall be punished by imprisonment in the state prison for a period of three, four, or five years.

(b) Nothing contained in this section applies to a registered pharmacist furnishing controlled substances pursuant to a prescription.

SEC. 11. Section 11382 of the Health and Safety Code is amended to read:

11382. Every person who agrees, consents, or in any manner offers to unlawfully sell, furnish, transport, administer, or give any controlled substance which is (1) classified in Schedule III, IV, or V and which is not a narcotic drug, or (2) specified in subdivision (d) of Section 11054, except paragraphs (13), (14), (15), and (20) of subdivision (d), or specified in subdivision (d), (e), or (f) of Section 11055, to any person, or offers, arranges, or negotiates to have any such controlled substance unlawfully sold, delivered, transported, furnished, administered, or given to any person and then sells, delivers, furnishes, transports, administers, or gives, or offers, or arranges, or negotiates to have sold, delivered, transported, furnished, administered, or given to any person any other liquid, substance, or material in lieu of any such controlled substance shall be punished by imprisonment in the county jail for not more than one year, or in the state prison.

SEC. 12. Section 11383 of the Health and Safety Code is amended to read:

11383. (a) Any person who possesses both methylamine and phenyl-2-propanone (phenylacetone) at the same time with the intent to manufacture methamphetamine, or who possesses both ethylamine and phenyl-2-propanone (phenylacetone) at the same time with the intent to manufacture N-ethylamphetamine, is guilty of a felony and shall be punished by imprisonment in the state prison.

(b) Any person who possesses at the same time any of the following combinations, or a combination product thereof, with intent to manufacture phencyclidine (PCP) or any of its analogs specified in paragraph (22) of subdivision (d) of Section 11054 or paragraph (3) of subdivision (e) of Section 11055 is guilty of a felony and shall be punished by imprisonment in the state prison for three, four, or five years:

(1) Piperidine and cyclohexanone.

(2) Pyrrolidine and cyclohexanone.

(3) Morpholine and cyclohexanone.

(c) For purposes of this section, possession of immediate precursors sufficient for the manufacture of methylamine, ethylamine, phenyl-2-propanone, piperidine, cyclohexanone, pyrrolidine, or morpholine shall be deemed to be possession of such a derivative substance. Additionally, possession of any compound or mixture containing piperidine, cyclohexanone, pyrrolidine, or morpholine shall be deemed to be possession of such substance.

(d) The provisions of subdivisions (a), (b), and (c) shall not apply to drug manufacturers licensed by this state or persons authorized by

regulation of the Board of Pharmacy to possess such substances or combinations of substances.

SEC. 13. Section 11470 of the Health and Safety Code is amended to read:

11470. The following are subject to forfeiture:

(a) All controlled substances which have been manufactured, distributed, dispensed, or acquired in violation of this division.

(b) All raw materials, products and equipment of any kind which are used, or intended for use, in manufacturing, compounding, processing, delivering, importing, or exporting any controlled substance in violation of this division.

(c) All property which is used, or intended for use, as a container for property described in subdivision (a) or (b).

(d) All books, records, and research products and materials, including formulas, microfilm, tapes, and data which are used, or intended for use, in violation of this division.

(e) The interest of any registered owner of a boat, airplane, or any vehicle other than an implement of husbandry, as defined in Section 36000 of the Vehicle Code, which has been used as an instrument to facilitate the possession for sale or sale of 28.5 grams or more of Schedule I controlled substances except marijuana, peyote or psilocybin; 10 pounds dry weight or more of marijuana, peyote or psilocybin; or 28.5 grams or more of any Schedule II controlled substances and the defendant has been convicted of a violation of Section 11351, 11352, 11353, 11359, 11360, 11361, 11378, 11378.5, 11379, 11379.5, 11379.6, or a conspiracy to commit any such violation and the vehicle was used in the commission of the crime for which the conviction was obtained. No interest in a vehicle which may be lawfully driven on the highway with a class 3 or class 4 license, as prescribed in Section 12804 of the Vehicle Code, may be forfeited under this subdivision if there is a community property interest in the vehicle by a person other than the defendant and the vehicle is the sole class 3 or class 4 vehicle available to the defendant's immediate family.

(f) All moneys, negotiable instruments, securities, or other things of value furnished or intended to be furnished by any person in exchange for a controlled substance in violation of Section 11351, 11352, 11355, 11359, 11360, 11378, 11378.5, 11379, 11379.5, 11379.6, or 11382 of this code, or Section 182 of the Penal Code, insofar as the offense involves manufacture, sale, possession for sale, offer for sale, or offer to manufacture, or conspiracy to commit at least one of those offenses, all proceeds traceable to such an exchange, and all moneys, negotiable instruments, and securities used or intended to be used to facilitate any violation of Section 11351, 11352, 11355, 11359, 11360, 11378, 11378.5, 11379, 11379.5, 11379.6, or 11382 of this code, or Section 182 of the Penal Code, insofar as the offense involves manufacture, sale, possession for sale, offer for sale or offer to manufacture, or conspiracy to commit at least one of those offenses, provided that the individual is arrested and convicted, for any of the offenses

enumerated in this subdivision, and provided further that, the exchange, violation, or other conduct which is the basis for the forfeiture occurred within five years of the arrest leading to the conviction of any of the offenses enumerated in this subdivision.

SEC. 14. Section 11550 of the Health and Safety Code is amended to read:

11550. (a) No person shall use, or be under the influence of any controlled substance which is (1) specified in subdivision (b), (c), or (e) of Section 11054, specified in paragraph (14), (15), or (20) of subdivision (d) of Section 11054, or specified in subdivision (b) or (c) of Section 11055, or (2) a narcotic drug classified in Schedule III, IV, or V, except when administered by or under the direction of a person licensed by the state to dispense, prescribe, or administer controlled substances. It shall be the burden of the defense to show that it comes within the exception. Any person convicted of violating any provision of this subdivision is guilty of a misdemeanor and shall be sentenced to serve a term of not less than 90 days or more than one year in the county jail. The court may place a person convicted under this subdivision on probation for a period not to exceed five years and shall in all cases in which probation is granted require as a condition thereof that such person be confined in the county jail for at least 90 days. In no event does the court have the power to absolve a person who violates this subdivision from the obligation of spending at least 90 days in confinement in the county jail.

(b) No person shall use, or be under the influence of, any controlled substance which is specified in paragraph (21), (22), or (23) of subdivision (d) of Section 11054 or in paragraph (3) of subdivision (e) of Section 11055, except when administered by or under the direction of a person licensed by the state to dispense, prescribe, or administer controlled substances. It shall be the burden of the defense to show that it comes within the exception. Any person convicted of violating any provision of this subdivision is guilty of a misdemeanor and shall be sentenced to serve a term of not less than 30 days nor more than one year in the county jail. The court may place a person convicted under this subdivision on probation for a period not to exceed five years and shall in all cases in which probation is granted require as a condition thereof that the person be confined in the county jail for at least 30 days. In no event does the court have the power to absolve a person who violates this subdivision from the obligation of spending at least 30 days in confinement in the county jail.

SEC. 15. Section 1203.07 of the Penal Code is amended to read:

1203.07. (a) Notwithstanding the provisions of Section 1203, probation shall not be granted to, nor shall the execution or imposition of sentence be suspended for, any of the following persons:

(1) Any person who is convicted of violating Section 11351 of the Health and Safety Code by possessing for sale 14.25 grams or more of a substance containing heroin.

(2) Any person who is convicted of violating Section 11352 of the Health and Safety Code by selling or offering to sell 14.25 grams or more of a substance containing heroin.

(3) Any person convicted of violating Section 11351 of the Health and Safety Code by possessing heroin for sale or convicted of violating Section 11352 of the Health and Safety Code by selling or offering to sell heroin, and who has one or more prior convictions for violating Section 11351 or Section 11352 of the Health and Safety Code.

(4) Any person who is convicted of violating Section 11378.5 of the Health and Safety Code by possessing for sale 14.25 grams or more of any salt or solution of any controlled substance specified in paragraph (21), (22), or (23) of subdivision (d) of Section 11054 or in paragraph (3) of subdivision (e) of Section 11055 of the Health and Safety Code.

(5) Any person who is convicted of violating Section 11379.5 of the Health and Safety Code by transporting for sale, importing for sale, or administering phencyclidine, or offering to transport for sale, import for sale, or administer phencyclidine, or by attempting to import for sale or transport for sale phencyclidine.

(6) Any person who is convicted of violating Section 11379.5 of the Health and Safety Code by selling, or offering to sell phencyclidine.

(7) Any person who is convicted of violating subdivision (a) of Section 11379.6 of the Health and Safety Code by manufacturing phencyclidine.

As used in this section "manufacture" refers to the act of any person who manufactures, compounds, converts, produces, derives, processes, or prepares, either directly or indirectly by chemical extraction or independently by means of chemical synthesis.

(8) Any person who is convicted of violating Section 11380.5 of the Health and Safety Code by the use of a minor as an agent or who solicits, induces, encourages, or intimidates a minor with the intent that the minor shall violate the provisions of Section 11378.5, 11379.5, or 11379.6 of the Health and Safety Code insofar as the violation relates to phencyclidine or any of its analogs as specified in paragraph (21), (22), or (23) of subdivision (d) of Section 11054 or paragraph (3) of subdivision (e) of Section 11055 of the Health and Safety Code.

(9) Any person who is convicted of violating subdivision (b) of Section 11383 of the Health and Safety Code by possessing piperidine and cyclohexanone with intent to manufacture phencyclidine.

(b) The existence of any fact which would make a person ineligible for probation under subdivision (a) shall be alleged in the information or indictment, and either admitted by the defendant in open court, or found to be true by the jury trying the issue of guilt or by the court where guilt is established by plea of guilty or nolo contendere or by trial by the court sitting without a jury.

SEC. 16. The Legislature finds and declares that Chapter 1635 of the Statutes of 1984 was enacted solely to conform California's

schedules to federal law wherever possible. Over 100 sections in nine separate codes were amended by the measure, which passed the Assembly on the consent calendar and the Senate by unanimous vote.

The Legislature further finds and declares that after enactment of the measure it was discovered that the bill contained drafting errors in technical cross-references inadvertently creating ambiguities regarding the applicability of a number of provisions of prior law regarding the manufacture, sale, or use of certain controlled substances. Accordingly, this measure was introduced at the earliest opportunity available to correct those errors and clarify the continued application of all previous provisions prohibiting the manufacture, sale, or use of controlled substances. It additionally adds provisions unanimously approved by the Legislature in Assembly Bill No. 3165 of the 1983–84 Regular Session of the Legislature regarding the manufacture of controlled substances.

The Legislature therefore expressly finds and declares that Chapter 1635 of the Statutes of 1984 was not intended to reduce or eliminate in any manner previously existing prohibitions against or penalties for the manufacture, sale, or use of controlled substances.

SEC. 17. If this bill and any other bill adding Section 11379.6 to the Health and Safety Code are chaptered during the first year of the 1985–86 Regular Session of the Legislature, the version of Section 11379.6 which contains the higher penalties for the conduct prohibited by that section shall prevail, regardless of the order of chaptering.

SEC. 18. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 19. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessary are:

In order to prevent the further manufacture of controlled substances and to clarify other provisions of law relating to controlled substances at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 4

An act making an appropriation for the payment of certain claims against the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 5, 1985. Filed with Secretary of State February 5, 1985]

The people of the State of California do enact as follows:

SECTION 1. Although reimbursement of the claims paid hereby is not required by Section 6 of Article XIII B of the California Constitution, the sum of thirty-one million seven hundred seventy thousand six hundred fourteen dollars ($31,770,614) is appropriated from the General Fund to the Controller for the payment of claims for reimbursement of costs according to the following schedule:

(a) Twenty-two million four hundred seven thousand nine hundred nineteen dollars ($22,407,919) to the Controller for the payment of claims of school districts pursuant to Section 42243.6 of the Education Code.

(b) Three million five hundred seven thousand two hundred dollars ($3,507,200) to the Controller for the payment of a claim of the San Francisco Unified School District for costs incurred pursuant to Section 42243.6 of the Education Code and Provision 3 of Item 6100-114-001 of the Budget Act of 1983, Chapter 324 of the Statutes of 1983, for the 1982–83 and 1983–84 fiscal years.

(c) Five million two hundred nine thousand nine hundred thirty-nine dollars ($5,209,939) to the Controller for the payment of a claim of the Long Beach Unified School District for costs incurred pursuant to Chapter 1619 of the Statutes of 1982.

(d) Six hundred forty-five thousand five hundred fifty-six dollars ($645,556) to the Controller for the payment of a claim of the San Jose Unified School District for costs incurred pursuant to Chapter 1619 of the Statutes of 1982.

SEC. 2. This act is an urgency statute necessary for the preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to settle local government claims against the state and end hardship to local governments, it is necessary that this act take effect immediately.

CHAPTER 5

An act to amend Section 4205 of the Civil Code, relating to marriage, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 19, 1985. Filed with Secretary of State February 19, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 4205 of the Civil Code is amended to read:

4205. Marriage may be solemnized by any judge or retired judge, commissioner of civil marriages or retired commissioner of civil marriages, commissioner or retired commissioner, or assistant commissioner of a court of record or justice court in this state, by any judge or magistrate of the United States, or by any priest, minister, or rabbi of any religious denomination, of the age of 18 years or over.

A marriage may also be solemnized by a judge or magistrate who has resigned from office.

SEC. 2. Any marriage solemnized by a judge or magistrate of the United States in this state prior to the effective date of this act that is not otherwise invalid is hereby retroactively validated as of the date on which it was solemnized.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the provisions of this act may be incorporated into law at the earliest possible time, thereby clarifying the validity of marriages solemnized by federal judges and magistrates, it is necessary that this act take effect immediately.

CHAPTER 6

An act to amend Section 193 of the Penal Code, and to amend Sections 13351 and 13361 of the Vehicle Code, relating to crimes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 21, 1985 Filed with Secretary of State February 21, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 193 of the Penal Code is amended to read:

193. (a) Voluntary manslaughter is punishable by imprisonment in the state prison for three, six, or eleven years.

(b) Involuntary manslaughter is punishable by imprisonment in

the state prison for two, three, or four years.

(c) Vehicular manslaughter is punishable as follows:

(1) A violation of paragraph (1) of subdivision (c) of Section 192 is punishable either by imprisonment in the county jail for not more than one year or by imprisonment in the state prison for two, four, or six years.

(2) A violation of paragraph (2) of subdivision (c) of Section 192 is punishable by imprisonment in the county jail for not more than one year.

(3) A violation of paragraph (3) of subdivision (c) of Section 192 is punishable by imprisonment in the state prison for four, six, or eight years.

(4) A violation of paragraph (4) of subdivision (c) of Section 192 is punishable either by imprisonment in the county jail for not more than one year or by imprisonment in the state prison for 16 months or two or four years.

SEC. 2. Section 13351 of the Vehicle Code is amended to read:

13351. (a) The department shall immediately revoke the privilege of any person to drive a motor vehicle upon receipt of a duly certified abstract of the record of any court showing that the person has been convicted of any of the following crimes or offenses:

(1) Manslaughter resulting from the operation of a motor vehicle except when convicted under paragraph (2) of subdivision (c) of Section 192 of the Penal Code.

(2) Upon conviction of three or more violations of Section 20001, 20002, 23103, or 23104 within a period of 12 months from the time of the first offense to the third or subsequent offense, or upon a combination of three or more convictions of violations within a like period.

(b) The department shall not renew the privilege revoked under subdivision (a) until the expiration of three years after the date of revocation and until the person whose privilege was revoked gives proof of ability to respond in damages as defined in Section 16430.

SEC. 3. Section 13361 of the Vehicle Code is amended to read:

13361. The department may suspend the privilege of any person to operate a motor vehicle upon receipt of a duly certified abstract of the record of any court showing that the person has been convicted of any of the following crimes or offenses:

(a) Failure to stop in the event of an accident resulting in damage to property only, or otherwise failing to comply with the requirements of Section 20002.

(b) A second or subsequent conviction of reckless driving.

(c) Manslaughter resulting from the operation of a motor vehicle as provided in paragraph (2) of subdivision (c) of Section 192 of the Penal Code.

In any case under this section the department is authorized to require proof of ability to respond in damages as defined in Section 16430.

SEC. 4. The amendments to Section 193 of the Penal Code and

Sections 13351 and 13361 of the Vehicle Code made by this act do not constitute a change in, but are declaratory of, the existing law.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify the law as soon as possible, it is necessary that this bill take immediate effect.

CHAPTER 7

An act making an appropriation to the Department of Justice, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 28, 1985. Filed with Secretary of State February 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. The sum of two hundred thousand dollars ($200,000) is hereby appropriated from the General Fund to the Department of Justice to pay the settlement in the action captioned Ronald E. Henderson v. State of California, No. 28260, brought in the Indio Branch of the Superior Court of the State of California for the County of Riverside.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to relieve substantial hardship to the plaintiff by paying the settlement in the action described in this act as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 8

An act relating to school buildings, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 28, 1985 Filed with Secretary of State February 28, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any other provision of law, the governing board of the Yuba City Unified School District may continue to use, until one year from the date of receipt of the apportionment to fund the construction of a replacement building

from the State Allocation Board or December 31, 1986, whichever is earlier, the Albert Powell Continuation High School located at 21921 Live Oak Boulevard, Yuba City, California. During the period of use authorized by this section, the building shall not be subject to Article 3 (commencing with Section 39140) or Article 6 (commencing with Section 39210) of Chapter 2 of Part 23 of the Education Code.

SEC. 2. The Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution due to the unique circumstances concerning the Yuba City Unified School District and the Albert Powell Continuation High School.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to continue school programs until the existing building is repaired or new buildings for school use are constructed, it is necessary for this act to take effect immediately.

CHAPTER 9

An act to add Section 17026.5 to the Business and Professions Code, relating to cigarettes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 3, 1985 Filed with Secretary of State March 4, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 17026.5 is added to the Business and Professions Code, to read:

17026.5. Notwithstanding the provisions of Section 17026, regular term discounts granted to distributors by manufacturers of cigarettes for cash payment customarily offered to distributors without discrimination may be used to reduce cost.

This section shall not apply to any anticipatory or special discount for cash that may be offered by the manufacturers of cigarettes.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Since 1951, the major manufacturers selling cigarettes to distributors in the State of California have customarily required cash payment within a specified period of time without discrimination between distributors. They offer a 2 percent discount from the list price of cigarettes upon conformance with their payment requirements. Present law prohibits reduction of the price of

cigarettes by the customary discount granted for cash. The effect of the prohibition is to artificially maintain the price of cigarettes paid by California consumers at 2 percent above their cost to distributors. Numerous California cigarette distributors are now engaged in litigation regarding the legality of adjusting prices to reflect actual costs to distributors. In order to restore certainty to the pricing practices by cigarette distributors and to assure that California cigarette consumers are not penalized by higher retail pricing as a result of the prohibitions against recognition of cash discounts offered as a matter of custom and practice to all distributors, it is necessary that this act go into effect immediately.

CHAPTER 10

An act to add Section 86.1 to the Code of Civil Procedure, to amend Sections 1266, 1290, 1419, and 1424 of, to add Sections 1271, 1418.2, 1418.6, 1424.1, 1428.1, 1430.5, 1439.5, 1439.7, and 1439.8 to, to repeal and add Section 1427 of, and to repeal and add Article 2.5 (commencing with Section 1272) of Chapter 2 of Division 2 of, the Health and Safety Code, to amend Sections 9724 and 14019.3 of, and to add Sections 14022.3, 14110.6, 14110.7, 14124.7, and 14124.10 to, the Welfare and Institutions Code, relating to health, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 6, 1985. Filed with Secretary of State March 6, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 86.1 is added to the Code of Civil Procedure, to read:

86.1. In addition to Section 86, each municipal and justice court has original jurisdiction of civil cases and proceedings in actions brought pursuant to the Long-Term Care, Health, Safety, and Security Act of 1973 (Chapter 2.4 (commencing with Section 1417) of Division 2 of the Health and Safety Code) if civil penalties are not sought or amount to fifteen thousand dollars ($15,000) or less. These actions may be transferred to the superior court for consolidation with any other citation enforcement action pending in that court, on the motion of either party.

SEC. 2. Section 1266 of the Health and Safety Code is amended to read:

1266. (a) Each new and renewal application for a license for the health facilities listed below shall be accompanied by an annual fee as set forth below.

The annual fee for a general acute care hospital, acute psychiatric hospital, special hospital, general acute care/rehabilitation hospital,

psychiatric health facility, and chemical dependency recovery hospital, based on the number of licensed beds, is as follows:

1–49 beds	$460 plus $8 per bed
50–99 beds	$850 plus $8 per bed
100 or more beds	$1,175 plus $8 per bed

The annual fee for a skilled nursing facility, intermediate care facility, and intermediate care facility/developmentally disabled, based on the number of licensed beds, is as follows:

1–59 beds	$2,068 plus $26 per bed
60–99 beds	$2,543 plus $26 per bed
100 or more beds	$3,183 plus $26 per bed

The fees provided in this subdivision shall be adjusted, commencing July 1, 1983, as proposed in the state department's 1983–84 fiscal year Health Facility License Fee Report to the Legislature. Commencing July 1, 1984, fees provided in this subdivision shall be adjusted annually, as directed by the Legislature in the annual Budget Act.

(b) The state department shall submit to the Legislature, on or before January 17 of each year, a report describing program costs within the Licensing and Certification Division, and a methodology for calculating fee levels in an amount sufficient to provide revenues equal to (1) the General Fund expenditures for the fiscal year ending on June 30 of that year, as specified in the proposed Governor's Annual Budget, less license fees which shall be collected in that fiscal year by the Licensing and Certification Program pursuant to sections other than this section, plus (2) the amount of federal funds budgeted for the fiscal year ending June 30 of that year for the Licensing and Certification Program, less federal funds received or credited, or anticipated to be received or credited, during that fiscal year for that purpose.

The report shall specifically identify federal funds received, but not previously budgeted, for the Licensing and Certification Program which are used to offset the amount of General Fund dollars to be recovered through license fees. The report shall also identify the purpose of federal funds received for any additional activities under the Licensing and Certification Program which are not used to offset the amount of General Fund dollars.

(c) The annual fees determined pursuant to this section shall be waived for any health facility conducted, maintained, or operated by this state or any state department, authority, bureau, commission, or officer, or by the Regents of the University of California, or by a local hospital district, city, county, or city and county.

(d) The department shall, by July 30 of each year, publish a list of actual numerical fee charges as adjusted pursuant to this section. This adjustment of fees and the publication of the fee list shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(e) Prior to the establishment of the annual fee, the state department shall prepare a staffing and systems analysis to ensure efficient and effective utilization of fees collected, proper allocation of departmental resources to licensing and certification activities, survey schedules, complaint investigations, enforcement and appeal activities, data collection and dissemination, surveyor training, and policy development.

The analysis under this subdivision shall include all of the following:

(1) The number of surveyors and administrative support personnel devoted to the licensing and certification of health care facilities.

(2) The percentage of time devoted to licensing and certification activities for the various types of health facilities.

(3) The number of facilities receiving full surveys and the frequency and number of followup visits.

(4) The number and timeliness of complaint investigations.

(5) Data on deficiencies and citations issued, and numbers of citation review conferences and arbitration hearings.

(6) Training courses provided for surveyors.

(7) Other applicable activities of the licensing and certification division.

The analysis shall also include recommendations for administrative changes to streamline and prioritize the survey process, complaint investigations, management information systems, word processing capabilities and effectiveness, consumer information system, and surveyor training.

The annual staffing and systems analysis shall be presented to the Health Care Advisory Committee and the Legislature prior to the establishment and adoption of the annual fee.

SEC. 3. Section 1271 is added to the Health and Safety Code, to read:

1271. (a) The Legislature finds and declares that uniform orientation and training are fundamental to ensuring a high level of competency of state personnel charged with enforcing state law regulating the licensure, certification, and inspection of long-term health care facilities.

(b) The state department shall develop, adopt, and implement comprehensive continuing orientation and in-service training programs. The comprehensive programs shall, at a minimum, include, but not be limited to, both of the following:

(1) An orientation program consisting of instruction in basic enforcement, inspection, investigation, and survey skills and techniques, patients' rights and safety, health facility, clinic, and agency licensing regulations, and supervised on-the-job training in long-term health care facilities.

(2) Ongoing in-service training to maintain continuing competency in existing and new inspection, investigation, and enforcement skills, patient care modalities, and to assure statewide uniform interpretation and application of long-term health care facility licensing

regulations.

(c) The state department shall establish and maintain a program review function responsible for inspecting, monitoring, evaluating, and providing consultative support and assistance to licensing and certification field offices. The program review shall ensure that the licensing and certification field offices implement, enforce, and interpret applicable state statutes, licensing regulations, certification standards, and departmental policies and procedures in an effective and uniform manner statewide.

SEC. 3.5. Article 2.5 (commencing with Section 1272) of Chapter 2 of Division 2 of the Health and Safety Code is repealed.

SEC. 4. Article 2.5 (commencing with Section 1272) is added to Chapter 2 of Division 2 of the Health and Safety Code, to read:

Article 2.5. Health Care Advisory Committee

1272. There is hereby created the Health Care Advisory Committee which shall assist, advise, and make written recommendations to the director regarding existing and proposed regulations, policies, and administrative practices affecting the delivery of services rendered by skilled nursing facilities, intermediate care facilities, intermediate care facilities/developmentally disabled, general acute care hospitals, acute psychiatric hospitals, special hospitals, psychiatric health facilities, chemical dependency recovery hospitals, home health agencies, and specialty clinics. For these purposes, the committee shall serve as consultants to the director.

The committee shall consist of the director, or the director's designee, who shall serve as chairman ex officio, and 12 members who shall be appointed by the Governor. Five members shall be public members representing consumers, one member shall be an ombudsman certified by the Department of Aging, and six members shall be representatives of the health care industry, consisting of two members representing general acute care hospitals, one member representing acute psychiatric hospitals, one member representing chemical dependency recovery hospitals, one member representing specialty clinics, and one member shall be a physician and surgeon currently licensed to practice in this state.

Committee members shall serve for four-year terms and until the appointment and qualification of their successors. Initial terms of the members of the committee shall expire in the following order: one public member, the certified ombudsman, and one industry member, on July 1, 1986; two public members, the physician and surgeon, and three industry members, on July 1, 1987; two public members and two industry members on July 1, 1988. The Governor shall designate the term for which each member is initially appointed. Vacancies shall be filled by the Governor for the unexpired term.

1273. Members of the committee shall serve without compensation, but shall receive the current per diem, subsistence, and travel reimbursement paid to state managers, supervisors, and confidential

employees for expenses incurred in the performance of their duties.

1274. The committee shall meet on call of the director.

SEC. 5. Section 1290 of the Health and Safety Code is amended to read:

1290. (a) Except as provided in subdivision (b) or (c), any person who violates this chapter or who willfully or repeatedly violates any rule or regulation adopted under this chapter is guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed one thousand dollars ($1,000) or by imprisonment in the county jail for a period not to exceed 180 days, or by both the fine and imprisonment.

(b) Any person who violates Section 1286 is guilty of an infraction and shall be punished by a fine of not more than one hundred dollars ($100).

(c) Any person who willfully or repeatedly violates this chapter or Chapter 2.4 (commencing with Section 1417), excluding Sections 1425 and 1432, or any rule or regulation adopted under this chapter, relating to the operation or maintenance of a long-term health care facility as defined in Section 1418, is guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed two thousand five hundred dollars ($2,500) or by imprisonment in the county jail for a period not to exceed 180 days, or by both.

In determining the punishment to be imposed upon a conviction under this subdivision, the court shall consider all relevant facts, including, but not limited to, the following:

(1) Whether the violation exposed the patient to the risk of death or serious physical harm.

(2) Whether the violation had a direct or immediate relationship to the health, safety, or security of the patient.

(3) Evidence, if any, of willfulness.

(4) The number of repeated violations.

(5) The presence or absence of good faith efforts by the defendant to prevent the violation.

(d) For the purposes of this section, "willfully" or "willful" means the person doing an act or omitting to do an act intends the act or omission, and knows the relevant circumstances connected therewith.

SEC. 6. Section 1418.2 is added to the Health and Safety Code, to read:

1418.2. (a) Every licensed long-term health care facility shall establish and maintain a patient-oriented council. Each council shall include the patients or residents of the long-term health care facility, and may include family members of patients or residents, advocates, or ombudsman groups interested in patients of long-term health care facilities, and personnel of the long-term health care facility.

The council shall meet at regularly scheduled intervals, maintain written minutes, including names of council members present, and have minutes available for review by the state department upon its request.

Written council minutes may include recommendations from the council to the licensee of the long-term health care facility which shall be provided to the licensee. The licensee shall provide evidence of review and action on these recommendations to the state department upon its request.

(b) Any long-term health care facility which fails to establish a patient-oriented council as prescribed in subdivision (a) shall not be entitled to an abbreviated inspection for a period of one full inspection year, unless exempted from this requirement by the state department.

(c) The state department shall, by regulation, specify those circumstances under which a long-term health care facility may be exempted from the provisions of subdivisions (a) and (b).

SEC. 7. Section 1418.6 is added to the Health and Safety Code, to read:

1418.6. No long-term health care facility shall accept or retain any patient for whom it cannot provide adequate care.

SEC. 8. Section 1419 of the Health and Safety Code is amended to read:

1419. Any person may request an inspection of any long-term health care facility in accordance with this chapter by giving oral or written notice to the state department of an alleged violation of applicable requirements of state law. Any such notice may be in writing signed by the complainant setting forth with reasonable particularity the matters complained of. The complaint may also be made by telephone or personal visit. Any oral complaint shall be reduced to writing by the state department. The substance of the complaint shall be provided to the licensee no earlier than at the commencement of the inspection. Neither the substance of the complaint provided the licensee nor any copy of the complaint or record published, released, or otherwise made available to the licensee shall disclose the name of any individual complainant or other person mentioned in the complaint, except the name or names of any duly authorized officer, employee, or agent of the state department conducting the investigation or inspection pursuant to this chapter, unless the complainant specifically requests the release of the name or names or the matter results in a judicial proceeding.

SEC. 9. Section 1424 of the Health and Safety Code is amended to read:

1424. Citations issued pursuant to this chapter shall be classified according to the nature of the violation and shall indicate the classification on the face thereof.

(a) In determining the amount of the civil penalty, all relevant facts shall be considered, including, but not limited to, the following:

(1) The probability and severity of the risk which the violation presents to the patient's mental and physical condition.

(2) The patient's medical condition.

(3) The patient's mental condition and his or her history of mental disability or disorder.

(4) The good faith efforts exercised by the facility to prevent the violation from occurring.

(5) The licensee's history of compliance with regulations.

(b) Class "AA" violations are violations which meet the criteria for a class "A" violation and which the state department determines to have been a direct proximate cause of death of a patient of a long-term health care facility. A class "AA" violation is subject to a civil penalty in the amount of not less than five thousand dollars ($5,000) and not exceeding twenty-five thousand dollars ($25,000) for each violation. In any action to enforce a citation issued under this subdivision, the state department shall prove all of the following:

(1) The violation was a direct proximate cause of death of a patient.

(2) The death resulted from an occurrence of a nature which the regulation was designed to prevent.

(3) The patient suffering the death was among the class of persons for whose protection the regulation was adopted.

If the state department meets this burden of proof, the licensee shall have the burden of proving that the licensee violating the regulation did what might reasonably be expected of a long-term health care facility licensee, acting under similar circumstances, to comply with the regulation. If the licensee sustains this burden, then the citation may be reduced.

For each class "AA" violation within a 12-month period which has become final, the state department shall consider the suspension or revocation of the facility's license in accordance with Section 1294. For a third or subsequent class "AA" violation in a facility within that 12-month period which has been sustained following a citation review conference, the state department shall commence action to suspend or revoke the facility's license in accordance with Section 1294.

(c) Class "A" violations are violations which the state department determines present either (1) imminent danger that death or serious harm to the patients of the long-term health care facility would result therefrom, or (2) substantial probability that death or serious physical harm to patients of the long-term health care facility would result therefrom. A physical condition or one or more practices, means, methods, or operations in use in a long-term health care facility may constitute a class "A" violation. The condition or practice constituting a class "A" violation shall be abated or eliminated immediately, unless a fixed period of time, as determined by the state department, is required for correction. A class "A" violation is subject to a civil penalty in an amount not less than one thousand dollars ($1,000) and not exceeding ten thousand dollars ($10,000) for each and every violation.

(d) Class "B" violations are violations which the state department determines have a direct or immediate relationship to the health, safety, or security of long-term health care facility patients, other than class "AA" or "A" violations. Unless otherwise determined by

the state department to be a class "A" violation pursuant to this chapter and rules and regulations adopted pursuant thereto, any violation of a patient's rights as set forth in Sections 72527 and 73523 of Title 22 of the California Administrative Code, which is determined by the state department to cause or under circumstances likely to cause significant humiliation, indignity, anxiety, or other emotional trauma to a patient is a class "B" violation. A class "B" violation is subject to a civil penalty in an amount not less than one hundred dollars ($100) and not exceeding one thousand dollars ($1,000) for each and every violation. A citation for a class "B" violation shall specify the time within which the violation is required to be corrected.

If a class "B" violation is corrected within the time specified, no civil penalties shall be imposed, unless it is a second or subsequent violation of the same regulation occurring within the period since and including the previous full annual licensing survey inspection or 12 months, whichever is greater. In no case, shall the period extend beyond 13 months. At the citation review conference, the director's designee may, utilizing the criteria set forth in subdivision (a), waive or reduce the penalty as specified in subdivision (a) of Section 1428, taking into consideration the seriousness of the previous and present violations, the similarity between the two violations, the extent to which there is a direct relationship to the health and safety or security of patients, and the good faith exercised by the licensee in correcting the problem. The decision to waive or not to waive these penalties shall not be reviewable.

(e) Any willful material falsification or willful material omission in the health record for a patient of a long-term health care facility is a violation. "Willful material falsification," as used in this section, means any entry in the patient health care record pertaining to the administration of medication, or treatments ordered for the patient, or pertaining to services for the prevention or treatment of decubitus ulcers or contractures, or pertaining to tests and measurements of vital signs, or notations of input and output of fluids, which was made with the knowledge that the records falsely reflect the condition of the resident or the care or services provided.

"Willful material omission," as used in this section, means the willful failure to record any untoward event which has affected the health, safety, or security of the specific patient, and which was omitted with the knowledge that the records falsely reflect the condition of the resident or the care or services provided. A violation of this subdivision may result in a civil penalty not to exceed ten thousand dollars ($10,000), as specified in paragraphs (1) to (3), inclusive. However, in no case shall the civil penalty be trebled.

(1) The willful material falsification or willful material omission is subject to a civil penalty of not less than two thousand five hundred dollars ($2,500) or more than ten thousand dollars ($10,000) in instances where the health care record is relied upon by a health care professional to the detriment of a patient by affecting the administra-

tion of medications or treatments, the issuance of orders, or the development of plans of care. In all other cases, violations of this subdivision are subject to a civil penalty not exceeding two thousand five hundred dollars ($2,500).

(2) Where the penalty assessed is one thousand dollars ($1,000) or less, the violation shall be issued and enforced in the same manner as a class "B" violation. Where the assessed penalty is in excess of one thousand dollars ($1,000), the violation shall be issued and enforced in the same manner as a class "A" violation.

(3) Nothing in this subdivision shall preclude the state department from issuing a class "A" or class "B" citation for any violation which meets the requirements for that citation, regardless of whether the violation also constitutes a violation of this subdivision. However, no single act, omission, or occurrence may be cited both as a class "A" or class "B" violation and as a violation of this subdivision.

(f) The director shall prescribe procedures for the issuance of a notice of violation with respect to violations having only a minimal relationship to patient safety or health.

SEC. 10. Section 1424.1 is added to the Health and Safety Code, to read:

1424.1. (a) On and after the effective date of this section, no citation shall be issued or sustained under this chapter for a violation of any regulation discovered and recorded by a facility if all of the following conditions have been met:

(1) The facility maintains an ongoing quality assurance and patient care audit program, which includes maintenance of a quality assurance log which is made available to the state department at the commencement of each inspection and investigation. The facility shall retain this log for the current year and the preceding three years.

(2) The violation was not willful and resulted in no actual harm to any patient or guest.

(3) The violation was first discovered by the licensee and was promptly and accurately recorded in the quality assurance log prior to discovery by the state department.

(4) Promptly upon discovery, the facility implemented remedial action satisfactory to the state department to correct the violation and prevent a recurrence. If the state department determines that remedial action voluntarily undertaken by the facility is unsatisfactory, the state department shall allow the facility reasonable time to augment the remedial action before the condition shall be deemed to be a violation.

(b) Except as otherwise provided in this section, a quality assurance log which meets the criteria of this section shall not be discoverable or admissible in any action against the licensee. The quality assurance log shall be discoverable pursuant to a motion to produce under Section 2031 of the Code of Civil Procedure and admissible only for purposes of impeachment. However, the court, in a motion

pursuant to paragraph (1) of subdivision (b) of Section 2019 of the Code of Civil Procedure, or at trial or other proceeding, may limit access to those entries which would be admissible for impeachment purposes.

(c) The quality assurance log shall be made available upon request to any of the following:

(1) Full-time state employees of the Office of the State Long-Term Care Ombudsman.

(2) Ombudsman coordinators, as defined in subdivision (h) of Section 9701 of the Welfare and Institutions Code.

(3) Ombudsmen qualified by medical training as defined in subdivision (g) of Section 9701 of the Welfare and Institutions Code, with the approval of either the State Long-Term Care Ombudsman or ombudsman coordinator.

The licensee may make the quality assurance log available, in the licensee's discretion, to any representative of the Office of the State Long-Term Care Ombudsman, as defined in subdivision (c) of Section 9701 of the Welfare and Institutions Code, without liability for the disclosure. Each representative of the Office of the State Long-Term Care Ombudsman who has been provided access to a facility's quality assurance log pursuant to this section shall maintain all disclosures in confidence.

SEC. 10.5. Section 1427 of the Health and Safety Code is repealed.

SEC. 11. Section 1427 is added to the Health and Safety Code, to read:

1427. (a) When the administration of medications, treatments, or other care is not recorded, as required by law, in the health care record for a patient of a long-term health care facility, it shall be presumed that the required medication, treatment, or care has not been provided.

(b) The presumption established by this section may be rebutted by a licensee only upon a showing of a preponderance of the evidence.

(c) This presumption applies to any action against any long-term health care facility which is filed by the state department pursuant to this chapter or Chapter 2 (commencing with Section 1250). In any other action against a long-term health care facilty, the court may apply the presumption when the interests of justice requires.

SEC. 12. Section 1428.1 is added to the Health and Safety Code, to read:

1428.1. (a) A licensee may, in lieu of contesting a citation pursuant to Section 1428, transmit to the state department the minimum amount specified by law, or 50 percent of the amount specified in the citation, whichever is greater, for each violation within five business days after the issuance of the citation.

(b) If a licensee requests a citation review conference, and if following the citation review conference the citation is sustained for the same class of violation for which it was issued but the penalty assessed is reduced to at least 30 percent less than the amount origi-

nally assessed, the licensee may pay the minimum amount specified by law, or 50 percent of the amount determined by the citation review conference, whichever is greater, for each violation within five business days after notice of the citation review conference determination.

SEC. 13. Section 1430.5 is added to the Health and Safety Code, to read:

1430.5. Upon the implementation of the automated information system pursuant to Section 1439.5, the state department shall once each quarter issue a public information release to the state's news media identifying all long-term health care facilities in the state which have had no class "AA," class "A," or class "B" violations in the past 12 months.

A facility's inclusion in this public information release shall not be admissible in litigation involving the facility which is unrelated to the 12-month period identified in that release.

SEC. 14. Section 1439.5 is added to the Health and Safety Code, to read:

1439.5. (a) The state department shall undertake the immediate development, implementation, and maintenance of an automated information system. The automated information system shall be developed to ensure both of the following:

(1) The most effective operation of this chapter and Chapter 2 (commencing with Section 1250), including, but not limited to, all of the following:

(A) Gathering data necessary to maximize enforcement and monitoring capabilities.

(B) Increasing accessibility of facility information.

(C) Identifying any trends of substandard care.

(D) Providing management information.

(2) The provision of information to the general public pursuant to subdivision (b).

The state department shall take all necessary action to obtain maximum federal funding assistance to develop, implement, and maintain an automated information system.

(b) The state department shall develop a consumer information system, pursuant to Section 1422.5, to provide information to the general public and long-term health care services consumers regarding long-term health care facilities in this state. The state department shall utilize, to the extent possible, the information provided by its automated information system. Prior to implementation, the consumer information system shall be presented to the Health Care Advisory Committee for its review and comments.

SEC. 15. Section 1439.7 is added to the Health and Safety Code, to read:

1439.7. Notwithstanding Section 14124.7 of the Welfare and Institutions Code, a long-term health care facility participating as a provider under the Medi-Cal program may transfer or seek to evict a resident, within 90 days of admission, if all of the following conditions

are met:

(a) The facility requests specific information regarding the assets and liabilities of a prospective private-pay resident prior to acceptance of the resident into the facility.

(b) The facility relies on the information provided pursuant to subdivision (a) in deciding to admit the resident.

(c) The facility promptly and diligently investigates the representation regarding the resident's assets and liabilities, and discovers that the resident's financial assets and liabilities are materially different than represented.

(d) The 90-day limit on transfer or eviction shall not apply if, in fact, the resident fraudulently misrepresented his or her assets and liabilities so that if the material facts were known at the time by the facility the resident would not have been admitted, and the facility could not have discovered the misrepresentation with the exercise of reasonable diligence.

(e) In no event, shall the facility take action to transfer or evict a resident under subdivision (d) unless the action is initiated within 18 months of the date of admission.

(f) A facility shall promptly notify the state department and the Office of the Long-Term Care Ombudsman as defined in subdivision (c) of Section 9701 of the Welfare and Institutions Code, prior to taking action to transfer or evict a resident under this section.

SEC. 16. Section 1439.8 is added to the Health and Safety Code, to read:

1439.8. Every long-term health care facility shall reveal to applicants for admission, or their designated representatives, orally and in writing, and prior to admission, whether the facility participates in the Medi-Cal program, and the circumstances under which the law permits a Medi-Cal recipient to be transferred involuntarily.

SEC. 17. Section 9724 of the Welfare and Institutions Code is amended to read:

9724. Notwithstanding Section 56 of the Civil Code, in order for the office to carry out its responsibilities under this chapter, the office shall have access to the medical or personal records of a patient or resident of a long-term care facility which are retained by the facility, under the following conditions:

(a) If the patient or resident has the ability to write, access may only be obtained by the written consent of the patient or resident.

(b) If the patient or resident is unable to write, oral consent may be given in the presence of a third party as witness.

(c) If the patient or resident is under a California guardianship or conservatorship of the person, which provides the guardian or conservator with the authority to approve review of records, the office shall obtain the permission of the guardian or conservator for review of the records, unless any of the following apply:

(1) The existence of the guardianship or conservatorship is unknown to the office or the facility.

(2) The guardian or conservator cannot be reached within three

working days.

(3) The office has reason to believe the guardian or conservator is not acting in the best interests of the ward or the conservatee.

(d) If the patient or resident is unable to express written or oral consent and there is no guardian or conservator, or the notification of the guardian or conservator is not applicable for reasons set forth in subdivision (c), inspection of records may be made by full-time state employees of the office ombudsman coordinator, and by ombudsmen qualified by medical training and with the approval of the ombudsman coordinator or the State Ombudsman, when there is sufficient cause for the inspection. The licensee may, in his or her discretion, permit other representatives of the office to inspect records in the performance of their official duties. Copies may be reproduced by the office. The licensee and facility personnel who disclose records pursuant to this subdivision shall not be liable for the disclosure. If investigation of records is sought pursuant to this subdivision, the ombudsman shall, upon request, produce a statement signed by the ombudsman coordinator authorizing the ombudsman to review the records.

Facilities providing copies of records pursuant to this section may charge the actual copying cost for each page copied.

Upon request by the office, a long-term care facility shall provide to the office the name, address, and telephone number of the conservator, legal representative, or next of kin of any patient or resident.

SEC. 18. Section 14019.3 of the Welfare and Institutions Code is amended to read:

14019.3. A beneficiary or any person on behalf of the beneficiary who has paid for health care services otherwise covered by the Medi-Cal program received by the beneficiary shall be entitled to a return from the provider of any part of the payment which meets all of the following:

(a) Was rendered during any period prior to the receipt of his or her Medi-Cal card, for which the card authorizes payment under Section 14018 or 14019.

(b) Was reimbursed to the provider by the Medi-Cal program, following all audits and appeals to which the provider is entitled.

(c) Is not payable by a third party under contractual or other legal entitlement.

(d) Was not used to satisfy his or her paid or obligated liability for health care services or to establish eligibility.

To the extent permitted by federal law, whether or not a facility actually evicts a beneficiary, a beneficiary who may validly be evicted pursuant to Section 1439.7 of the Health and Safety Code, and who has received and paid for health care services otherwise covered by the Medi-Cal program shall not be entitled to the return from the provider of any part of the payment for which service was rendered during any period prior to the date upon which knowledge is acquired by the licensee of the application of the beneficiary for Medi-Cal or the date of application for Medi-Cal, whichever is later.

Upon presentation of the Medi-Cal card or other proof of eligibility, the provider shall submit a Medi-Cal claim for reimbursement, subject to the rules and regulations of the Medi-Cal program. Payment received from the state in accordance with Medi-Cal fee structures shall constitute payment in full. The provider shall return any and all payments made by the beneficiary, or any person on behalf of the beneficiary, for Medi-Cal program covered services upon receipt of Medi-Cal payment.

SEC. 19. Section 14022.3 is added to the Welfare and Institutions Code, to read:

14022.3. Long-term health care facilities shall reveal to applicants for admission, or their designated representatives, orally and in writing and prior to admission, whether the facility participates in the Medi-Cal program, and the circumstances under which the law permits a Medi-Cal recipient to be transferred involuntarily.

SEC. 20. Section 14110.6 is added to the Welfare and Institutions Code, to read:

14110.6. (a) The director shall adopt regulations, effective March 15, 1985, establishing payment rates for skilled nursing facilities, intermediate care facilities, and intermediate care facilities/developmentally disabled, as defined in Section 1250 of the Health and Safety Code, which are sufficient to provide an increase of one dollar and ninety-six cents ($1.96) per patient day for skilled nursing patients, one dollar and fifty-eight cents ($1.58) per patient day for intermediate care patients, and two dollars and twenty-nine cents ($2.29) per patient day for intermediate care facilities/developmentally disabled patients to be used for wage increases and benefits to all employees, except a licensed nursing home administrator or an administrator-in-training. However, if the entry level wages of the lowest paid nonadministrative employee of a skilled nursing facility, intermediate care facility or intermediate care facility/developmentally disabled exceeds six dollars ($6) per hour as of August 1, 1984, the funds received pursuant to regulations adopted pursuant to this section shall be used solely for labor costs directly related to providing patient care services in order to meet patients' needs including the uses of funds provided for under subdivision (d) of Section 14110.7. Any increase in wages and benefits required by this section shall be in addition to any future mandatory increases required by federal or state law. The rate shall provide funding for the portion of additional costs necessary to implement the wage and benefit increase required by this section attributable to Medi-Cal patients. The portion of those additional costs shall be the same as the ratio of Medi-Cal patients to the total number of patients in the facility.

(b) Each skilled nursing facility or intermediate care facility or intermediate care facility/developmentally disabled shall certify all of the following:

(1) All employees, except a licensed nursing home administrator or an administrator-in-training of a licensed nursing home, shall receive at least the prevailing federal or state minimum wage rate plus

the average hourly wage increase established pursuant to Chapter 19 of the Statutes of 1978, and this section.

(2) All employees of the facility, except a licensed administrator or administrator-in-training, shall be paid not less than the sum of the employee's actual rate of pay as of the effective date of the Medi-Cal rate increase provided for under Section 14110.7 plus the amount of the adjustment specified pursuant to this section, or not less than the applicable agreed to rate plus the amount of the adjustment, whichever is greater.

(3) Any wage increase required pursuant to Section 1268.5 of the Health and Safety Code, is in addition to any minimum wages provided in this section.

(4) For purposes of determining the amount of Medi-Cal funds to be distributed for employee wages and benefits, the total Medi-Cal patient days recorded by the facility in the month of December 1983 shall be multiplied by the amount per patient day specified in subdivision (a) plus the amount provided by Chapter 19 of the Statutes of 1978. The new wage levels shall be determined by dividing the Medi-Cal funds received by the nonovertime hours worked by covered employees in December 1983, plus any adjustments due to additional employees as specified in Section 14110.7 and adjustments to reflect employee benefit allowances.

(c) The director shall order the inspection of relevant payroll and personnel records of skilled nursing facilities, intermediate care facilities, and intermediate care facilities/developmentally disabled which are reimbursed for Medi-Cal patients under the rate of reimbursement established pursuant to subdivision (a) to ensure that the wage and benefit increases provided for have been implemented.

(d) Any facility which is paid under the rate provided for in subdivision (a) which the director finds has not made the wage and benefit increases provided for shall be liable for the amount of funds paid to the facility based upon the wage and benefit requirements provided for by this section but not distributed to employees for wages and benefits, plus a penalty equal to 10 percent of the funds not so distributed.

SEC. 21. Section 14110.7 is added to the Welfare and Institutions Code, to read:

14110.7. (a) It is the intent of the Legislature that funds expended to implement this section be utilized by long-term health care facilities participating in Medi-Cal to improve patient care in such facilities by increasing staffing levels to meet patients' needs and to comply with new regulatory requirements, as well as to ensure that those facilities providing care to Medi-Cal patients have the needed resources and staff to provide quality care to Medi-Cal supported patients.

(b) The director shall adopt regulations, effective March 15, 1985, establishing payment rates for skilled nursing facilities, intermediate care facilities, and intermediate care facilities/developmentally disabled, as defined in Section 1250 of the Health and Safety Code,

which are sufficient to provide an increase of one dollar and eighteen cents ($1.18) per patient day for skilled nursing patients, for intermediate care patients, and for intermediate care/developmentally disabled patients to increase staffing.

(c) The director shall adopt regulations increasing the minimum number of equivalent nursing hours per patient required in skilled nursing facilities to 3.0, in skilled nursing facilities with special treatment programs to 2.3, in intermediate care facilities to 1.1, and in intermediate care facilities/developmentally disabled to 2.7.

(d) Effective August 1, 1985, and annually thereafter, each long-term health care facility shall certify to the department that funds received pursuant to this section were expended solely for labor costs directly related to providing patient care services in order to meet patients' needs and to comply with new regulatory requirements. Each facility shall also certify that these funds were not expended to increase salaries or benefits for facility administrators or administrators-in-training. The requirements of this subdivision shall apply to a long-term health care facility even if the facility's staffing ratio equals or exceeds the applicable ratio provided for in subdivision (c).

The department shall, after consultation with the California Association of Health Facilities and the California Association of Homes for the Aging, develop a methodology to determine whether facilities have spent funds in accordance with their certification. Thirty days prior to adoption of the methodology, the department shall notify the Joint Legislative Budget Committee and the fiscal committees of each house. Whenever the department finds that a facility has not spent funds in accordance with these provisions, the facility shall be liable for the amount paid to the facility pursuant to this section which was not distributed according to this section.

SEC. 22. Section 14124.7 is added to the Welfare and Institutions Code, to read:

14124.7. No long-term health care facility participating as a provider under the Medi-Cal program shall transfer, or seek to evict, out of the facility any resident as a result of the resident changing his or her manner of purchasing the services from private payment or Medicare to Medi-Cal.

SEC. 23. Section 14124.10 is added to the Welfare and Institutions Code, to read:

14124.10. No licensed long-term health care facility participating as a provider under the Medi-Cal program shall discriminate against a Medi-Cal patient on the basis of the source of payment for the facility's services that are required to be provided to individuals entitled to services under the Medi-Cal program. Nothing in this section shall be construed to prohibit a facility from charging private-pay patients for services required to be provided to Medi-Cal patients or which are in addition to those required under the Medi-Cal program. This section applies to licensed long-term health care facilities, to the extent not prohibited by federal law.

SEC. 23.5. The State Department of Health Services shall con-

duct a skilled nursing facility expenditure study. The State Department of Health Services may request the cooperation of the Joint Legislative Audit Committee in conducting the study. For the "Salaries, Wages and Benefits" component of annual Medi-Cal rate increases for skilled nursing facilities, the study shall compare both the annual percentage increases provided in this component, including other rate adjustments, and the annual aggregate Medi-Cal rate increase to the percentage of average hourly wage and benefit increases paid to nonadministrative employees by employee classification for the period beginning with the 1979–80 fiscal year through the 1984–85 fiscal year. For the three other components of the annual Medi-Cal rate increase for skilled nursing facilities, the study shall compare both the annual percentage increases provided in each component and the annual aggregate Medi-Cal rate increase to the average percentage changes in actual expenditures by skilled nursing facilities for the major elements of each of the three components for the same time period as above. Skilled nursing facilities shall be required to make available all necessary and appropriate records, as determined by the State Department of Health Services. The study shall compare these factors on a statewide and regional basis consistent with Medi-Cal reimbursement categories. The study shall be submitted to the Governor and the Legislature on or before May 1, 1986.

SEC. 24. The sum of eight million eight hundred eighty-three thousand dollars ($8,883,000) is hereby appropriated from the General Fund to the Controller for allocation in accordance with the following schedule:

(a) To the Office of the State Long-Term Care Ombudsman for purposes of carrying out the provisions of Section 9726.1 of the Welfare and Institutions Code.....	$208,500
(b) To be allocated to the State Department of Health Services, upon approval of the Director of Finance, for costs incurred during the 1984–85 fiscal year in implementing Sections 14110.6 and 14110.7 of the Welfare and Institutions Code.....	$8,524,500
(c) To be allocated to the State Department of Health Services to conduct the skilled nursing facility expenditure study on or before May 1, 1986, pursuant to Section 23.5 of this act	$150,000

SEC. 24.5. If this bill and Senate Bill 53 are both chaptered and

become effective, this bill is chaptered after Senate Bill 53, and Senate Bill 53 makes an appropriation for any or all of the purposes described in Section 24 of this bill, then Section 24 of this bill shall not become operative.

SEC. 25. The State Department of Health Services shall in its budget proposals for fiscal year 1986–87 provide for the creation of 12 additional auditor positions and two additional support staff within the Audits and Investigations Division of the State Department of Health Services. The purpose for the creation of these auditor positions is to ensure compliance with Sections 14110.6 and 14110.7 of the Welfare and Institutions Code, and to evaluate cost reports and payroll records submitted by long-term health care facilities pursuant to Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code.

SEC. 26. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 27. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

SEC. 28. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 29. Except as otherwise provided in Section 24.5 of this act, Sections 1 to 28, inclusive, of this act shall not become operative unless Senate Bill 53 of the 1985–86 Regular Session becomes effective and operative, and in that case Sections 1 to 28, inclusive, of this act shall become operative at the same time as Senate Bill 53 or this act, whichever is later.

SEC. 30. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the fundamental statutory revisions affecting the quality of care rendered in California long-term health care facilities take effect at the earliest possible time, it is necessary that this act go into immediate effect.

CHAPTER 11

An act to add Section 86.1 to the Code of Civil Procedure, to amend Sections 1266, 1290, 1419, and 1424 of, to add Sections 1271, 1418.2, 1418.6, 1424.1, 1428.1, 1430.5, 1439.5, 1439.7, and 1439.8 to, to repeal and add Section 1427 of, and to repeal and add Article 2.5 (commencing with Section 1272) of Chapter 2 of Division 2 of, the Health and Safety Code, to amend Sections 9724 and 14019.3 of, and to add Sections 14022.3, 14110.6, 14110.7, 14124.7, and 14124.10 to, the Welfare and Institutions Code, relating to health, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 6, 1985. Filed with Secretary of State March 6, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 86.1 is added to the Code of Civil Procedure, to read:

86.1. In addition to Section 86, each municipal and justice court has original jurisdiction of civil cases and proceedings in actions brought pursuant to the Long-Term Care, Health, Safety, and Security Act of 1973 (Chapter 2.4 (commencing with Section 1417) of Division 2 of the Health and Safety Code) if civil penalties are not sought or amount to fifteen thousand dollars ($15,000) or less. These actions may be transferred to the superior court for consolidation with any other citation enforcement action pending in that court, on the motion of either party.

SEC. 2. Section 1266 of the Health and Safety Code is amended to read:

1266. (a) Each new and renewal application for a license for the health facilities listed below shall be accompanied by an annual fee as set forth below.

The annual fee for a general acute care hospital, acute psychiatric hospital, special hospital, general acute care/rehabilitation hospital, psychiatric health facility, and chemical dependency recovery hospital, based on the number of licensed beds, is as follows:

1–49 beds	$460 plus $8 per bed
50–99 beds	$850 plus $8 per bed
100 or more beds	$1,175 plus $8 per bed

The annual fee for a skilled nursing facility, intermediate care facility, and intermediate care facility/developmentally disabled, based on the number of licensed beds, is as follows:

1–59 beds	$2,068 plus $26 per bed
60–99 beds	$2,543 plus $26 per bed
100 or more beds	$3,183 plus $26 per bed

The fees provided in this subdivision shall be adjusted, commencing July 1, 1983, as proposed in the state department's 1983–84 fiscal year Health Facility License Fee Report to the Legislature. Commencing July 1, 1984, fees provided in this subdivision shall be adjusted annually, as directed by the Legislature in the annual Budget Act.

(b) The state department shall submit to the Legislature, on or before January 17 of each year, a report describing program costs within the Licensing and Certification Division, and a methodology for calculating fee levels in an amount sufficient to provide revenues equal to (1) the General Fund expenditures for the fiscal year ending on June 30 of that year, as specified in the proposed Governor's Annual Budget, less license fees which shall be collected in that fiscal year by the Licensing and Certification Program pursuant to sections other than this section, plus (2) the amount of federal funds budgeted for the fiscal year ending June 30 of that year for the Licensing and Certification Program, less federal funds received or credited, or anticipated to be received or credited, during that fiscal year for that purpose.

The report shall specifically identify federal funds received, but not previously budgeted, for the Licensing and Certification Program which are used to offset the amount of General Fund dollars to be recovered through license fees. The report shall also identify the purpose of federal funds received for any additional activities under the Licensing and Certification Program which are not used to offset the amount of General Fund dollars.

(c) The annual fees determined pursuant to this section shall be waived for any health facility conducted, maintained, or operated by this state or any state department, authority, bureau, commission, or officer, or by the Regents of the University of California, or by a local hospital district, city, county, or city and county.

(d) The department shall, by July 30 of each year, publish a list of actual numerical fee charges as adjusted pursuant to this section. This adjustment of fees and the publication of the fee list shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(e) Prior to the establishment of the annual fee, the state department shall prepare a staffing and systems analysis to ensure efficient and effective utilization of fees collected, proper allocation of departmental resources to licensing and certification activities, survey schedules, complaint investigations, enforcement and appeal activities, data collection and dissemination, surveyor training, and policy development.

The analysis under this subdivision shall include all of the following:

(1) The number of surveyors and administrative support personnel devoted to the licensing and certification of health care facilities.

(2) The percentage of time devoted to licensing and certification activities for the various types of health facilities.

(3) The number of facilities receiving full surveys and the fre-

quency and number of followup visits.

(4) The number and timeliness of complaint investigations.

(5) Data on deficiencies and citations issued, and numbers of citation review conferences and arbitration hearings.

(6) Training courses provided for surveyors.

(7) Other applicable activities of the licensing and certification division.

The analysis shall also include recommendations for administrative changes to streamline and prioritize the survey process, complaint investigations, management information systems, word processing capabilities and effectiveness, consumer information system, and surveyor training.

The annual staffing and systems analysis shall be presented to the Health Care Advisory Committee and the Legislature prior to the establishment and adoption of the annual fee.

SEC. 3. Section 1271 is added to the Health and Safety Code, to read:

1271. (a) The Legislature finds and declares that uniform orientation and training are fundamental to ensuring a high level of competency of state personnel charged with enforcing state law regulating the licensure, certification, and inspection of long-term health care facilities.

(b) The state department shall develop, adopt, and implement comprehensive continuing orientation and in-service training programs. The comprehensive programs shall, at a minimum, include, but not be limited to, both of the following:

(1) An orientation program consisting of instruction in basic enforcement, inspection, investigation, and survey skills and techniques, patients' rights and safety, health facility, clinic, and agency licensing regulations, and supervised on-the-job training in long-term health care facilities.

(2) Ongoing in-service training to maintain continuing competency in existing and new inspection, investigation, and enforcement skills, patient care modalities, and to assure statewide uniform interpretation and application of long-term health care facility licensing regulations.

(c) The state department shall establish and maintain a program review function responsible for inspecting, monitoring, evaluating, and providing consultative support and assistance to licensing and certification field offices. The program review shall ensure that the licensing and certification field offices implement, enforce, and interpret applicable state statutes, licensing regulations, certification standards, and departmental policies and procedures in an effective and uniform manner statewide.

SEC. 3.5. Article 2.5 (commencing with Section 1272) of Chapter 2 of Division 2 of the Health and Safety Code is repealed.

SEC. 4. Article 2.5 (commencing with Section 1272) is added to Chapter 2 of Division 2 of the Health and Safety Code, to read:

Article 2.5. Health Care Advisory Committee

1272. There is hereby created the Health Care Advisory Committee which shall assist, advise, and make written recommendations to the director regarding existing and proposed regulations, policies, and administrative practices affecting the delivery of services rendered by skilled nursing facilities, intermediate care facilities, intermediate care facilities/developmentally disabled, general acute care hospitals, acute psychiatric hospitals, special hospitals, psychiatric health facilities, chemical dependency recovery hospitals, home health agencies, and specialty clinics. For these purposes, the committee shall serve as consultants to the director.

The committee shall consist of the director, or the director's designee, who shall serve as chairman ex officio, and 12 members who shall be appointed by the Governor. Five members shall be public members representing consumers, one member shall be an ombudsman certified by the Department of Aging, and six members shall be representatives of the health care industry, consisting of two members representing general acute care hospitals, one member representing acute psychiatric hospitals, one member representing chemical dependency recovery hospitals, one member representing specialty clinics, and one member shall be a physician and surgeon currently licensed to practice in this state.

Committee members shall serve for four-year terms and until the appointment and qualification of their successors. Initial terms of the members of the committee shall expire in the following order: one public member, the certified ombudsman, and one industry member, on July 1, 1986; two public members, the physician and surgeon, and three industry members, on July 1, 1987; two public members and two industry members on July 1, 1988. The Governor shall designate the term for which each member is initially appointed. Vacancies shall be filled by the Governor for the unexpired term.

1273. Members of the committee shall serve without compensation, but shall receive the current per diem, subsistence, and travel reimbursement paid to state managers, supervisors, and confidential employees for expenses incurred in the performance of their duties.

1274. The committee shall meet on call of the director.

SEC. 5. Section 1290 of the Health and Safety Code is amended to read:

1290. (a) Except as provided in subdivision (b) or (c), any person who violates this chapter or who willfully or repeatedly violates any rule or regulation adopted under this chapter is guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed one thousand dollars ($1,000) or by imprisonment in the county jail for a period not to exceed 180 days, or by both the fine and imprisonment.

(b) Any person who violates Section 1286 is guilty of an infraction and shall be punished by a fine of not more than one hundred dollars ($100).

(c) Any person who willfully or repeatedly violates this chapter or Chapter 2.4 (commencing with Section 1417), excluding Sections 1425 and 1432, or any rule or regulation adopted under this chapter, relating to the operation or maintenance of a long-term health care facility as defined in Section 1418, is guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed two thousand five hundred dollars ($2,500) or by imprisonment in the county jail for a period not to exceed 180 days, or by both.

In determining the punishment to be imposed upon a conviction under this subdivision, the court shall consider all relevant facts, including, but not limited to, the following:

(1) Whether the violation exposed the patient to the risk of death or serious physical harm.

(2) Whether the violation had a direct or immediate relationship to the health, safety, or security of the patient.

(3) Evidence, if any, of willfulness.

(4) The number of repeated violations.

(5) The presence or absence of good faith efforts by the defendant to prevent the violation.

(d) For the purposes of this section, "willfully" or "willful" means the person doing an act or omitting to do an act intends the act or omission, and knows the relevant circumstances connected therewith.

SEC. 6. Section 1418.2 is added to the Health and Safety Code, to read:

1418.2. (a) Every licensed long-term health care facility shall establish and maintain a patient-oriented council. Each council shall include the patients or residents of the long-term health care facility, and may include family members of patients or residents, advocates, or ombudsman groups interested in patients of long-term health care facilities, and personnel of the long-term health care facility.

The council shall meet at regularly scheduled intervals, maintain written minutes, including names of council members present, and have minutes available for review by the state department upon its request.

Written council minutes may include recommendations from the council to the licensee of the long-term health care facility which shall be provided to the licensee. The licensee shall provide evidence of review and action on these recommendations to the state department upon its request.

(b) Any long-term health care facility which fails to establish a patient-oriented council as prescribed in subdivision (a) shall not be entitled to an abbreviated inspection for a period of one full inspection year, unless exempted from this requirement by the state department.

(c) The state department shall, by regulation, specify those circumstances under which a long-term health care facility may be exempted from the provisions of subdivisions (a) and (b).

SEC. 7. Section 1418.6 is added to the Health and Safety Code, to

read:

1418.6. No long-term health care facility shall accept or retain any patient for whom it cannot provide adequate care.

SEC. 8. Section 1419 of the Health and Safety Code is amended to read:

1419. Any person may request an inspection of any long-term health care facility in accordance with this chapter by giving oral or written notice to the state department of an alleged violation of applicable requirements of state law. Any such notice may be in writing signed by the complainant setting forth with reasonable particularity the matters complained of. The complaint may also be made by telephone or personal visit. Any oral complaint shall be reduced to writing by the state department. The substance of the complaint shall be provided to the licensee no earlier than at the commencement of the inspection. Neither the substance of the complaint provided the licensee nor any copy of the complaint or record published, released, or otherwise made available to the licensee shall disclose the name of any individual complainant or other person mentioned in the complaint, except the name or names of any duly authorized officer, employee, or agent of the state department conducting the investigation or inspection pursuant to this chapter, unless the complainant specifically requests the release of the name or names or the matter results in a judicial proceeding.

SEC. 9. Section 1424 of the Health and Safety Code is amended to read:

1424. Citations issued pursuant to this chapter shall be classified according to the nature of the violation and shall indicate the classification on the face thereof.

(a) In determining the amount of the civil penalty, all relevant facts shall be considered, including, but not limited to, the following:

(1) The probability and severity of the risk which the violation presents to the patient's mental and physical condition.

(2) The patient's medical condition.

(3) The patient's mental condition and his or her history of mental disability or disorder.

(4) The good faith efforts exercised by the facility to prevent the violation from occurring.

(5) The licensee's history of compliance with regulations.

(b) Class "AA" violations are violations which meet the criteria for a class "A" violation and which the state department determines to have been a direct proximate cause of death of a patient of a long-term health care facility. A class "AA" violation is subject to a civil penalty in the amount of not less than five thousand dollars ($5,000) and not exceeding twenty-five thousand dollars ($25,000) for each violation. In any action to enforce a citation issued under this subdivision, the state department shall prove all of the following:

(1) The violation was a direct proximate cause of death of a patient.

(2) The death resulted from an occurrence of a nature which the

regulation was designed to prevent.

(3) The patient suffering the death was among the class of persons for whose protection the regulation was adopted.

If the state department meets this burden of proof, the licensee shall have the burden of proving that the licensee violating the regulation did what might reasonably be expected of a long-term health care facility licensee, acting under similar circumstances, to comply with the regulation. If the licensee sustains this burden, then the citation may be reduced.

For each class "AA" violation within a 12-month period which has become final, the state department shall consider the suspension or revocation of the facility's license in accordance with Section 1294. For a third or subsequent class "AA" violation in a facility within that 12-month period which has been sustained following a citation review conference, the state department shall commence action to suspend or revoke the facility's license in accordance with Section 1294.

(c) Class "A" violations are violations which the state department determines present either (1) imminent danger that death or serious harm to the patients of the long-term health care facility would result therefrom, or (2) substantial probability that death or serious physical harm to patients of the long-term health care facility would result therefrom. A physical condition or one or more practices, means, methods, or operations in use in a long-term health care facility may constitute a class "A" violation. The condition or practice constituting a class "A" violation shall be abated or eliminated immediately, unless a fixed period of time, as determined by the state department, is required for correction. A class "A" violation is subject to a civil penalty in an amount not less than one thousand dollars ($1,000) and not exceeding ten thousand dollars ($10,000) for each and every violation.

(d) Class "B" violations are violations which the state department determines have a direct or immediate relationship to the health, safety, or security of long-term health care facility patients, other than class "AA" or "A" violations. Unless otherwise determined by the state department to be a class "A" violation pursuant to this chapter and rules and regulations adopted pursuant thereto, any violation of a patient's rights as set forth in Sections 72527 and 73523 of Title 22 of the California Administrative Code, which is determined by the state department to cause or under circumstances likely to cause significant humiliation, indignity, anxiety, or other emotional trauma to a patient is a class "B" violation. A class "B" violation is subject to a civil penalty in an amount not less than one hundred dollars ($100) and not exceeding one thousand dollars ($1,000) for each and every violation. A citation for a class "B" violation shall specify the time within which the violation is required to be corrected.

If a class "B" violation is corrected within the time specified, no civil penalties shall be imposed, unless it is a second or subsequent

violation of the same regulation occurring within the period since and including the previous full annual licensing survey inspection or 12 months, whichever is greater. In no case, shall the period extend beyond 13 months. At the citation review conference, the director's designee may, utilizing the criteria set forth in subdivision (a), waive or reduce the penalty as specified in subdivision (a) of Section 1428, taking into consideration the seriousness of the previous and present violations, the similarity between the two violations, the extent to which there is a direct relationship to the health and safety or security of patients, and the good faith exercised by the licensee in correcting the problem. The decision to waive or not to waive these penalties shall not be reviewable.

(e) Any willful material falsification or willful material omission in the health record for a patient of a long-term health care facility is a violation. "Willful material falsification," as used in this section, means any entry in the patient health care record pertaining to the administration of medication, or treatments ordered for the patient, or pertaining to services for the prevention or treatment of decubitus ulcers or contractures, or pertaining to tests and measurements of vital signs, or notations of input and output of fluids, which was made with the knowledge that the records falsely reflect the condition of the resident or the care or services provided.

"Willful material omission," as used in this section, means the willful failure to record any untoward event which has affected the health, safety, or security of the specific patient, and which was omitted with the knowledge that the records falsely reflect the condition of the resident or the care or services provided. A violation of this subdivision may result in a civil penalty not to exceed ten thousand dollars ($10,000), as specified in paragraphs (1) to (3), inclusive. However, in no case shall the civil penalty be trebled.

(1) The willful material falsification or willful material omission is subject to a civil penalty of not less than two thousand five hundred dollars ($2,500) or more than ten thousand dollars ($10,000) in instances where the health care record is relied upon by a health care professional to the detriment of a patient by affecting the administration of medications or treatments, the issuance of orders, or the development of plans of care. In all other cases, violations of this subdivision are subject to a civil penalty not exceeding two thousand five hundred dollars ($2,500).

(2) Where the penalty assessed is one thousand dollars ($1,000) or less, the violation shall be issued and enforced in the same manner as a class "B" violation. Where the assessed penalty is in excess of one thousand dollars ($1,000), the violation shall be issued and enforced in the same manner as a class "A" violation.

(3) Nothing in this subdivision shall preclude the state department from issuing a class "A" or class "B" citation for any violation which meets the requirements for that citation, regardless of whether the violation also constitutes a violation of this subdivision. However, no single act, omission, or occurrence may be cited both

as a class "A" or class "B" violation and as a violation of this subdivision.

(f) The director shall prescribe procedures for the issuance of a notice of violation with respect to violations having only a minimal relationship to patient safety or health.

SEC. 10. Section 1424.1 is added to the Health and Safety Code, to read:

1424.1. (a) On and after the effective date of this section, no citation shall be issued or sustained under this chapter for a violation of any regulation discovered and recorded by a facility if all of the following conditions have been met:

(1) The facility maintains an ongoing quality assurance and patient care audit program, which includes maintenance of a quality assurance log which is made available to the state department at the commencement of each inspection and investigation. The facility shall retain this log for the current year and the preceding three years.

(2) The violation was not willful and resulted in no actual harm to any patient or guest.

(3) The violation was first discovered by the licensee and was promptly and accurately recorded in the quality assurance log prior to discovery by the state department.

(4) Promptly upon discovery, the facility implemented remedial action satisfactory to the state department to correct the violation and prevent a recurrence. If the state department determines that remedial action voluntarily undertaken by the facility is unsatisfactory, the state department shall allow the facility reasonable time to augment the remedial action before the condition shall be deemed to be a violation.

(b) Except as otherwise provided in this section, a quality assurance log which meets the criteria of this section shall not be discoverable or admissible in any action against the licensee. The quality assurance log shall be discoverable pursuant to a motion to produce under Section 2031 of the Code of Civil Procedure and admissible only for purposes of impeachment. However, the court, in a motion pursuant to paragraph (1) of subdivision (b) of Section 2019 of the Code of Civil Procedure, or at trial or other proceeding, may limit access to those entries which would be admissible for impeachment purposes.

(c) The quality assurance log shall be made available upon request to any of the following:

(1) Full-time state employees of the Office of the State Long-Term Care Ombudsman.

(2) Ombudsman coordinators, as defined in subdivision (h) of Section 9701 of the Welfare and Institutions Code.

(3) Ombudsmen qualified by medical training as defined in subdivision (g) of Section 9701 of the Welfare and Institutions Code, with the approval of either the State Long-Term Care Ombudsman or ombudsman coordinator.

The licensee may make the quality assurance log available, in the licensee's discretion, to any representative of the Office of the State Long-Term Care Ombudsman, as defined in subdivision (c) of Section 9701 of the Welfare and Institutions Code, without liability for the disclosure. Each representative of the Office of the State Long-Term Care Ombudsman who has been provided access to a facility's quality assurance log pursuant to this section shall maintain all disclosures in confidence.

SEC. 10.5. Section 1427 of the Health and Safety Code is repealed.

SEC. 11. Section 1427 is added to the Health and Safety Code, to read:

1427. (a) When the administration of medications, treatments, or other care is not recorded, as required by law, in the health care record for a patient of a long-term health care facility, it shall be presumed that the required medication, treatment, or care has not been provided.

(b) The presumption established by this section may be rebutted by a licensee only upon a showing of a preponderance of the evidence.

(c) This presumption applies to any action against any long-term health care facility which is filed by the state department pursuant to this chapter or Chapter 2 (commencing with Section 1250). In any other action against a long-term health care facility, the court may apply the presumption when the interests of justice requires.

SEC. 12. Section 1428.1 is added to the Health and Safety Code, to read:

1428.1. (a) A licensee may, in lieu of contesting a citation pursuant to Section 1428, transmit to the state department the minimum amount specified by law, or 50 percent of the amount specified in the citation, whichever is greater, for each violation within five business days after the issuance of the citation.

(b) If a licensee requests a citation review conference, and if following the citation review conference the citation is sustained for the same class of violation for which it was issued but the penalty assessed is reduced to at least 30 percent less than the amount originally assessed, the licensee may pay the minimum amount specified by law, or 50 percent of the amount determined by the citation review conference, whichever is greater, for each violation within five business days after notice of the citation review conference determination.

SEC. 13. Section 1430.5 is added to the Health and Safety Code, to read:

1430.5. Upon the implementation of the automated information system pursuant to Section 1439.5, the state department shall once each quarter issue a public information release to the state's news media identifying all long-term health care facilities in the state which have had no class "AA," class "A," or class "B" violations in the past 12 months.

A facility's inclusion in this public information release shall not be

admissible in litigation involving the facility which is unrelated to the 12-month period identified in that release.

SEC. 14. Section 1439.5 is added to the Health and Safety Code, to read:

1439.5. (a) The state department shall undertake the immediate development, implementation, and maintenance of an automated information system. The automated information system shall be developed to ensure both of the following:

(1) The most effective operation of this chapter and Chapter 2 (commencing with Section 1250), including, but not limited to, all of the following:

(A) Gathering data necessary to maximize enforcement and monitoring capabilities.

(B) Increasing accessibility of facility information.

(C) Identifying any trends of substandard care.

(D) Providing management information.

(2) The provision of information to the general public pursuant to subdivision (b).

The state department shall take all necessary action to obtain maximum federal funding assistance to develop, implement, and maintain an automated information system.

(b) The state department shall develop a consumer information system, pursuant to Section 1422.5, to provide information to the general public and long-term health care services consumers regarding long-term health care facilities in this state. The state department shall utilize, to the extent possible, the information provided by its automated information system. Prior to implementation, the consumer information system shall be presented to the Health Care Advisory Committee for its review and comments.

SEC. 15. Section 1439.7 is added to the Health and Safety Code, to read:

1439.7. Notwithstanding Section 14124.7 of the Welfare and Institutions Code, a long-term health care facility participating as a provider under the Medi-Cal program may transfer or seek to evict a resident, within 90 days of admission, if all of the following conditions are met:

(a) The facility requests specific information regarding the assets and liabilities of a prospective private-pay resident prior to acceptance of the resident into the facility.

(b) The facility relies on the information provided pursuant to subdivision (a) in deciding to admit the resident.

(c) The facility promptly and diligently investigates the representation regarding the resident's assets and liabilities, and discovers that the resident's financial assets and liabilities are materially different than represented.

(d) The 90-day limit on transfer or eviction shall not apply if, in fact, the resident fraudulently misrepresented his or her assets and liabilities so that if the material facts were known at the time by the facility the resident would not have been admitted, and the facility

could not have discovered the misrepresentation with the exercise of reasonable diligence.

(e) In no event, shall the facility take action to transfer or evict a resident under subdivision (d) unless the action is initiated within 18 months of the date of admission.

(f) A facility shall promptly notify the state department and the Office of the Long-Term Care Ombudsman as defined in subdivision (c) of Section 9701 of the Welfare and Institutions Code, prior to taking action to transfer or evict a resident under this section.

SEC. 16. Section 1439.8 is added to the Health and Safety Code, to read:

1439.8. Every long-term health care facility shall reveal to applicants for admission, or their designated representatives, orally and in writing, and prior to admission, whether the facility participates in the Medi-Cal program, and the circumstances under which the law permits a Medi-Cal recipient to be transferred involuntarily.

SEC. 17. Section 9724 of the Welfare and Institutions Code is amended to read:

9724. Notwithstanding Section 56 of the Civil Code, in order for the office to carry out its responsibilities under this chapter, the office shall have access to the medical or personal records of a patient or resident of a long-term care facility which are retained by the facility, under the following conditions:

(a) If the patient or resident has the ability to write, access may only be obtained by the written consent of the patient or resident.

(b) If the patient or resident is unable to write, oral consent may be given in the presence of a third party as witness.

(c) If the patient or resident is under a California guardianship or conservatorship of the person, which provides the guardian or conservator with the authority to approve review of records, the office shall obtain the permission of the guardian or conservator for review of the records, unless any of the following apply:

(1) The existence of the guardianship or conservatorship is unknown to the office or the facility.

(2) The guardian or conservator cannot be reached within three working days.

(3) The office has reason to believe the guardian or conservator is not acting in the best interests of the ward or the conservatee.

(d) If the patient or resident is unable to express written or oral consent and there is no guardian or conservator, or the notification of the guardian or conservator is not applicable for reasons set forth in subdivision (c), inspection of records may be made by full-time state employees of the office ombudsman coordinator, and by ombudsmen qualified by medical training and with the approval of the ombudsman coordinator or the State Ombudsman, when there is sufficient cause for the inspection. The licensee may, in his or her discretion, permit other representatives of the office to inspect records in the performance of their official duties. Copies may be reproduced by the office. The licensee and facility personnel who

disclose records pursuant to this subdivision shall not be liable for the disclosure. If investigation of records is sought pursuant to this subdivision, the ombudsman shall, upon request, produce a statement signed by the ombudsman coordinator authorizing the ombudsman to review the records.

Facilities providing copies of records pursuant to this section may charge the actual copying cost for each page copied.

Upon request by the office, a long-term care facility shall provide to the office the name, address, and telephone number of the conservator, legal representative, or next-of-kin of any patient or resident.

SEC. 18. Section 14019.3 of the Welfare and Institutions Code is amended to read:

14019.3. A beneficiary or any person on behalf of the beneficiary who has paid for health care services otherwise covered by the Medi-Cal program received by the beneficiary shall be entitled to a return from the provider of any part of the payment which meets all of the following:

(a) Was rendered during any period prior to the receipt of his or her Medi-Cal card, for which the card authorizes payment under Section 14018 or 14019.

(b) Was reimbursed to the provider by the Medi-Cal program, following all audits and appeals to which the provider is entitled.

(c) Is not payable by a third party under contractual or other legal entitlement.

(d) Was not used to satisfy his or her paid or obligated liability for health care services or to establish eligibility.

To the extent permitted by federal law, whether or not a facility actually evicts a beneficiary, a beneficiary who may validly be evicted pursuant to Section 1439.7 of the Health and Safety Code, and who has received and paid for health care services otherwise covered by the Medi-Cal program shall not be entitled to the return from the provider of any part of the payment for which service was rendered during any period prior to the date upon which knowledge is acquired by the licensee of the application of the beneficiary for Medi-Cal or the date of application for Medi-Cal, whichever is later.

Upon presentation of the Medi-Cal card or other proof of eligibility, the provider shall submit a Medi-Cal claim for reimbursement, subject to the rules and regulations of the Medi-Cal program. Payment received from the state in accordance with Medi-Cal fee structures shall constitute payment in full. The provider shall return any and all payments made by the beneficiary, or any person on behalf of the beneficiary, for Medi-Cal program covered services upon receipt of Medi-Cal payment.

SEC. 19. Section 14022.3 is added to the Welfare and Institutions Code, to read:

14022.3. Long-term health care facilities shall reveal to applicants for admission, or their designated representatives, orally and in writing and prior to admission, whether the facility participates in the Medi-Cal program, and the circumstances under which the law per-

mits a Medi-Cal recipient to be transferred involuntarily.

SEC. 20. Section 14110.6 is added to the Welfare and Institutions Code, to read:

14110.6. (a) The director shall adopt regulations, effective March 15, 1985, establishing payment rates for skilled nursing facilities, intermediate care facilities, and intermediate care facilities/developmentally disabled, as defined in Section 1250 of the Health and Safety Code, which are sufficient to provide an increase of one dollar and ninety-six cents ($1.96) per patient day for skilled nursing patients, one dollar and fifty-eight cents ($1.58) per patient day for intermediate care patients, and two dollars and twenty-nine cents ($2.29) per patient day for intermediate care facilities/developmentally disabled patients to be used for wage increases and benefits to all employees, except a licensed nursing home administrator or an administrator-in-training. However, if the entry level wages of the lowest paid nonadministrative employee of a skilled nursing facility, intermediate care facility or intermediate care facility/developmentally disabled exceeds six dollars ($6) per hour as of August 1, 1984, the funds received pursuant to regulations adopted pursuant to this section shall be used solely for labor costs directly related to providing patient care services in order to meet patients' needs including the uses of funds provided for under subdivision (d) of Section 14110.7. Any increase in wages and benefits required by this section shall be in addition to any future mandatory increases required by federal or state law. The rate shall provide funding for the portion of additional costs necessary to implement the wage and benefit increase required by this section attributable to Medi-Cal patients. The portion of those additional costs shall be the same as the ratio of Medi-Cal patients to the total number of patients in the facility.

(b) Each skilled nursing facility or intermediate care facility or intermediate care facility/developmentally disabled shall certify all of the following:

(1) All employees, except a licensed nursing home administrator or an administrator-in-training of a licensed nursing home, shall receive at least the prevailing federal or state minimum wage rate plus the average hourly wage increase established pursuant to Chapter 19 of the Statutes of 1978, and this section.

(2) All employees of the facility, except a licensed administrator or administrator-in-training, shall be paid not less than the sum of the employee's actual rate of pay as of the effective date of the Medi-Cal rate increase provided for under Section 14110.7 plus the amount of the adjustment specified pursuant to this section, or not less than the applicable agreed to rate plus the amount of the adjustment, whichever is greater.

(3) Any wage increase required pursuant to Section 1268.5 of the Health and Safety Code, is in addition to any minimum wages provided in this section.

(4) For purposes of determining the amount of Medi-Cal funds to be distributed for employee wages and benefits, the total Medi-Cal

patient days recorded by the facility in the month of December 1983 shall be multiplied by the amount per patient day specified in subdivision (a) plus the amount provided by Chapter 19 of the Statutes of 1978. The new wage levels shall be determined by dividing the Medi-Cal funds received by the nonovertime hours worked by covered employees in December 1983, plus any adjustments due to additional employees as specified in Section 14110.7 and adjustments to reflect employee benefit allowances.

(c) The director shall order the inspection of relevant payroll and personnel records of skilled nursing facilities, intermediate care facilities, and intermediate care facilities/developmentally disabled which are reimbursed for Medi-Cal patients under the rate of reimbursement established pursuant to subdivision (a) to ensure that the wage and benefit increases provided for have been implemented.

(d) Any facility which is paid under the rate provided for in subdivision (a) which the director finds has not made the wage and benefit increases provided for shall be liable for the amount of funds paid to the facility based upon the wage and benefit requirements provided for by this section but not distributed to employees for wages and benefits, plus a penalty equal to 10 percent of the funds not so distributed.

SEC. 21. Section 14110.7 is added to the Welfare and Institutions Code, to read:

14110.7. (a) It is the intent of the Legislature that funds expended to implement this section be utilized by long-term health care facilities participating in Medi-Cal to improve patient care in such facilities by increasing staffing levels to meet patients' needs and to comply with new regulatory requirements, as well as to ensure that those facilities providing care to Medi-Cal patients have the needed resources and staff to provide quality care to Medi-Cal supported patients.

(b) The director shall adopt regulations, effective March 15, 1985, establishing payment rates for skilled nursing facilities, intermediate care facilities, and intermediate care facilities/developmentally disabled, as defined in Section 1250 of the Health and Safety Code, which are sufficient to provide an increase of one dollar and eighteen cents ($1.18) per patient day for skilled nursing patients, for intermediate care patients, and for intermediate care/developmentally disabled patients to increase staffing.

(c) The director shall adopt regulations increasing the minimum number of equivalent nursing hours per patient required in skilled nursing facilities to 3.0, in skilled nursing facilities with special treatment programs to 2.3, in intermediate care facilities to 1.1, and in intermediate care facilities/developmentally disabled to 2.7.

(d) Effective August 1, 1985, and annually thereafter, each long-term health care facility shall certify to the department that funds received pursuant to this section were expended solely for labor costs directly related to providing patient care services in order to meet patients' needs and to comply with new regulatory requirements.

Each facility shall also certify that these funds were not expended to increase salaries or benefits for facility administrators or administrators-in-training. The requirements of this subdivision shall apply to a long-term health care facility even if the facility's staffing ratio equals or exceeds the applicable ratio provided for in subdivision (c).

The department shall, after consultation with the California Association of Health Facilities and the California Association of Homes for the Aging, develop a methodology to determine whether facilities have spent funds in accordance with their certification. Thirty days prior to adoption of the methodology, the department shall notify the Joint Legislative Budget Committee and the fiscal committees of each house. Whenever the department finds that a facility has not spent funds in accordance with these provisions, the facility shall be liable for the amount paid to the facility pursuant to this section which was not distributed according to this section.

SEC. 22. Section 14124.7 is added to the Welfare and Institutions Code, to read:

14124.7. No long-term health care facility participating as a provider under the Medi-Cal program shall transfer, or seek to evict, out of the facility any resident as a result of the resident changing his or her manner of purchasing the services from private payment or Medicare to Medi-Cal.

SEC. 23. Section 14124.10 is added to the Welfare and Institutions Code, to read:

14124.10. No licensed long-term health care facility participating as a provider under the Medi-Cal program shall discriminate against a Medi-Cal patient on the basis of the source of payment for the facility's services that are required to be provided to individuals entitled to services under the Medi-Cal program. Nothing in this section shall be construed to prohibit a facility from charging private-pay patients for services required to be provided to Medi-Cal patients or which are in addition to those required under the Medi-Cal program. This section applies to licensed long-term health care facilities, to the extent not prohibited by federal law.

SEC. 23.5. The State Department of Health Services shall conduct a skilled nursing facility expenditure study. The State Department of Health Services may request the cooperation of the Joint Legislative Audit Committee in conducting the study. For the "Salaries, Wages and Benefits" component of annual Medi-Cal rate increases for skilled nursing facilities, the study shall compare both the annual percentage increases provided in this component, including other rate adjustments, and the annual aggregate Medi-Cal rate increase to the percentage of average hourly wage and benefit increases paid to nonadministrative employees by employee classification for the period beginning with the 1979–80 fiscal year through the 1984–85 fiscal year. For the three other components of the annual Medi-Cal rate increase for skilled nursing facilities, the study shall compare both the annual percentage increases provided in each component and the annual aggregate Medi-Cal rate increase

to the average percentage changes in actual expenditures by skilled nursing facilities for the major elements of each of the three components for the same time period as above. Skilled nursing facilities shall be required to make available all necessary and appropriate records, as determined by the State Department of Health Services. The study shall compare these factors on a statewide and regional basis consistent with Medi-Cal reimbursement categories. The study shall be submitted to the Governor and the Legislature on or before May 1, 1986.

SEC. 24. The sum of eight million eight hundred eighty-three thousand dollars ($8,883,000) is hereby appropriated from the General Fund to the Controller for allocation in accordance with the following schedule:

(a) To the Office of the State Long-Term Care Ombudsman for purposes of carrying out the provisions of Section 9726.1 of the Welfare and Institutions Code.....	$ 208,500
(b) To be allocated to the State Department of Health Services, upon approval of the Director of Finance, for costs incurred during the 1984–85 fiscal year in implementing Sections 14110.6 and 14110.7 of the Welfare and Institutions Code.....	$8,524,500
(c) To be allocated to the State Department of Health Services to conduct the skilled nursing facility expenditure study on or before May 1, 1986, pursuant to Section 23.5 of this act	$150,000

SEC. 24.5. If this bill and Assembly Bill 180 are both chaptered and become effective, this bill is chaptered after Assembly Bill 180, and Assembly Bill 180 makes an appropriation for any or all of the purposes described in Section 24 of this bill, then Section 24 of this bill shall not become operative.

SEC. 25. The State Department of Health Services shall in its budget proposals for fiscal year 1986–87 provide for the creation of 12 additional auditor positions and two additional support staff within the Audits and Investigations Division of the State Department of Health Services. The purpose for the creation of these auditor positions is to ensure compliance with Sections 14110.6 and 14110.7 of the Welfare and Institutions Code, and to evaluate cost reports and payroll records submitted by long-term health care facilities pursuant to Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code.

SEC. 26. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 27. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

SEC. 28. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 29. Except as otherwise provided in Section 24.5 of this act, Sections 1 to 28, inclusive, of this act shall not become operative unless Assembly Bill 180 of the 1985–86 Regular Session becomes effective and operative, and in that case Sections 1 to 28, inclusive, of this act shall become operative at the same time as Assembly Bill 180 or this act, whichever is later.

SEC. 30. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the fundamental statutory revisions affecting the quality of care rendered in California long-term health care facilities take effect at the earliest possible time, it is necessary that this act go into immediate effect.

CHAPTER 12

An act to amend and repeal Sections 8152 and 8153 of the Education Code, relating to apprentice education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Became law without Governor's signature. Filed with Secretary of State March 11, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 8152 of the Education Code is amended to read:

8152. (a) Except as provided in subdivision (b), each 50-minute hour of teaching time devoted to each indentured apprentice

enrolled in and attending classes of related and supplemental instruction as provided under Section 3074 of the Labor Code shall be reimbursed at the rate of three dollars and twenty-five cents ($3.25) per hour.

(b) With respect to academy training conducted under the California Firefighter Joint Apprenticeship Program, each 50-minute hour of teaching time devoted to each indentured apprentice enrolled in and attending classes of related and supplemental instruction as provided under Section 3074 of the Labor Code at a firefighter apprenticeship training academy shall be reimbursed at the rate of five dollars and seventy-five cents ($5.75) per hour.

(c) This section shall remain in effect only until July 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 1987, deletes or extends that date. If that date is not deleted or extended, then, on and after July 1, 1987, pursuant to Section 9611 of the Government Code, Section 8152 of the Education Code, as amended by Section 1 of Chapter 1068 of the Statutes of 1983, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 2. Section 8153 of the Education Code is amended to read:

8153. (a) Except as provided in subdivision (b), the Superintendent of Public Instruction or the Chancellor of the California Community Colleges, whichever is appropriate, shall allow three dollars and twenty-five cents ($3.25) for each hour of teaching time, as defined in Section 8152, devoted to each indentured apprentice in classes of related and supplemental instruction provided by high schools, unified school districts, regional occupation centers or programs, community colleges, or adult schools.

(b) The Superintendent of Public Instruction or the Chancellor of the California Community Colleges, whichever is appropriate, shall allow five dollars and seventy-five cents ($5.75) for each hour of teaching time, as defined by subdivision (b) of Section 8152, devoted to each indentured apprentice in classes of related and supplemental instruction provided by high schools, unified school districts, regional occupational centers or programs, community colleges, or adult schools.

(c) This section shall remain in effect only until July 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 1987, deletes or extends that date. If that date is not deleted or extended, then, on and after July 1, 1987, pursuant to Section 9611 of the Government Code, Section 8153 of the Education Code, as amended by Section 2 of Chapter 1068 of the Statutes of 1983, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 3. (a) It is the intent of the Legislature that any reimbursement received by the California Firefighter Joint Apprenticeship Program under subdivision (b) of Section 8152 in excess of the reimbursement rate provided in subdivision (a) of

Section 8152 shall be deemed an interest-free loan, repayable to the General Fund on July 1, 1992.

(b) The California Firefighter Joint Apprenticeship Program shall report to the Legislature on or before January 1, 1987, on the effectiveness of the program in accomplishing the affirmative action goals of participating public employers, and the extent to which the methods employed for placing qualified women and minorities as firefighters may serve as a model program for other public employers.

SEC. 4. The sum of one hundred fifty thousand dollars ($150,000) is hereby appropriated from the General Fund in augmentation of Item 6870-101-001 of the Budget Act of 1984 for allocation by the Chancellor of the California Community Colleges, as appropriate, for reimbursement for apprenticeship training provided under subdivision (b) of Section 8153 of the Education Code during the 1984–85 fiscal year.

In the event the appropriation made by this section is inadequate to fund the higher rate established in Sections 8152 and 8153 of the Education Code, the rate of reimbursement shall be proportionately adjusted by the chancellor.

If additional federal training funds are made available through the California Firefighter Joint Apprenticeship Committee, the amount of expenditures pursuant to this appropriation shall be reduced by the amount of those available federal funds.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to authorize reimbursement for firefighter apprenticeship training at the rates prescribed by Sections 8152 and 8153 at the earliest possible time, it is necessary that this act take effect immediately as an urgency statute.

CHAPTER 13

An act to amend Sections 17085, 17504, 17506, and 24564 of, and to add Sections 17088, 17151, and 17325 to, the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor March 12, 1985. Filed with Secretary of State March 13, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 17085 of the Revenue and Taxation Code is amended to read:

17085. (a) (1) This section shall apply to amounts—

(A) Distributed to a distributee, in the case of an employee's

trust described in Section 401(a) of the Internal Revenue Code, which is exempt from tax under Section 17631, or

(B) Paid to a payee, in the case of an annuity plan described in Section 403(a) of the Internal Revenue Code,

if the total distributions or amounts payable to the distributee or payee with respect to an employee (including an individual who is an employee within the meaning of Section 401(c)(1) of the Internal Revenue Code) are paid to the distributee or payee within one taxable year of the distributee or payee, but only to the extent that Section 402(a)(2) of the Internal Revenue Code or Section 403(a)(2) of the Internal Revenue Code does not apply to those amounts.

(2) This section shall apply only to distributions or amounts paid—

(A) On account of the employee's death,

(B) With respect to an individual who is an employee without regard to Section 401(c)(1) of the Internal Revenue Code, on account of his or her separation from the service,

(C) With respect to an employee within the meaning of Section 401(c)(1) of the Internal Revenue Code, after he or she has attained the age of 59½ years, or

(D) With respect to an employee within the meaning of Section 401(c)(1) of the Internal Revenue Code, after he or she has become disabled (within the meaning of Section 72(m)(7) of the Internal Revenue Code.

(3) This section shall apply to amounts distributed or paid to an employee from or under a plan only if he or she has been a participant in the plan for five or more taxable years prior to the taxable year in which those amounts are distributed or paid.

(4) This section shall not apply to amounts described in Section 72(m)(5)(A)(ii) of the Internal Revenue Code.

(b) In any case to which this section applies, the tax attributable to the amounts to which this section applies for the taxable year in which those amounts are received shall not exceed whichever of the following is the greater:

(1) Five times the increase in tax which would result from the inclusion in gross income of the recipient of 20 percent of so much of the amount so received as is includable in gross income, or

(2) Five times the increase in tax which would result if the taxable income of the recipient for that taxable year equaled 20 percent of the amount of the taxable income of the recipient for that taxable year determined under paragraph (1) of subdivision (c).

(c) Notwithstanding Section 17073 (relating to definition of taxable income), for purposes only of computing the tax under this part attributable to amounts to which this section or Section 72(m)(5) of the Internal Revenue Code applies and which are includable in gross income—

(1) The taxable income of the recipient for the taxable year of receipt shall be treated as being not less than the aggregate of those amounts so includable in gross income; and

(2) In making ratable inclusion computations under Section

72(m) (5) (B) of the Internal Revenue Code, the taxable income of the recipient for each taxable year involved in the ratable inclusion shall be treated as being not less than the amount required by Section 72(m) (5) (B) of the Internal Revenue Code to be treated as includable in gross income for that taxable year.

In any case in which the preceding sentence results in an increase in taxable income for any taxable year, the resulting increase in the taxes imposed by Section 17041 for that taxable year shall not be reduced by any credit under this part which, but for this sentence, would be allowable.

(d) In the case of amounts to which this section applies which are distributed or paid with respect to an individual who is an employee without regard to Section 401(c) (1) of the Internal Revenue Code, subdivision (b) shall be applied with the following modifications:

(1) "Seven times" shall be substituted for "five times," and "14⅔ percent" shall be substituted for "20 percent."

(2) Any amount which is received during the taxable year by the employee as compensation (other than as deferred compensation within the meaning of Sections 404(a) to 404(g), inclusive, of the Internal Revenue Code) for personal services performed for the employer in respect of whom the amounts distributed or paid are received shall not be taken into account.

(3) No portion of the total distributions or amounts payable (of which the amounts distributed or paid are a part) to which Section 402(a) (2) of the Internal Revenue Code or Section 403(a) (2) (A) applies shall be taken into account.

Paragraph (2) shall not apply if the employee has not attained the age of 59½ years unless he or she has died or become disabled (within the meaning of Section 72(m) (7) of the Internal Revenue Code).

(e) With respect to redemptions of qualified bonds under a qualified bond purchase plan after July 18, 1984, in taxable years ending after that date, if any portion of a lump-sum distribution is attributable to a transfer described in Section 405(d) (3) (A) (ii) of the Internal Revenue Code (as in effect before its repeal by Public Law 98-369):

(1) Subdivisions (b) and (d) shall not be applicable to that portion.

(2) Section 402(a) (2) of the Internal Revenue Code, as modified by Section 17504, shall not be applicable to that portion.

SEC. 2. Section 17088 is added to the Revenue and Taxation Code, to read:

17088. (a) In the case of any transfer of property in connection with the performance of services after June 30, 1976, and on or before November 18, 1982, the election permitted by former Section 17122.7, relating to inclusion in gross income in the year of transfer, may be made as provided under Section 83 of the Internal Revenue Code, notwithstanding Section 83(b) (2) of the Internal Revenue Code or paragraph (2) of subdivision (b) of former Section 17122.7, if all of the following occur:

(1) The amount paid for that property was not less than its fair market value at the time of transfer (determined without regard to any restriction other than a restriction which by its terms will never lapse).

(2) The election is consented to by the person transferring the property.

(3) On the first day of the first taxable year ending on or after December 31, 1984, the rights of the person having the beneficial interest in that property were not transferable or there remained a substantial risk of forfeiture, whichever is applicable.

(b) The election pursuant to this section shall contain the same information as is required by the Secretary of the Treasury for elections permitted by Section 83(b) of the Internal Revenue Code and shall be filed prior to January 1, 1986.

(c) The period for assessing any deficiency attributable to a transfer of property which is the subject of an election made pursuant to this section shall not expire before the date which is four years after the date that election was made.

SEC. 3. Section 17151 is added to the Revenue and Taxation Code, to read:

17151. The amendments made to Section 127 of the Internal Revenue Code by Public Law 98-611, relating to educational assistance programs, shall apply to taxable years beginning on or after January 1, 1984.

SEC. 4. Section 17325 is added to the Revenue and Taxation Code, to read:

17325. The amendments made to Section 368(c) of the Internal Revenue Code by Public Law 98-369, relating to corporate reorganizations, shall apply to transactions pursuant to plans adopted after July 18, 1984.

SEC. 5. Section 17504 of the Revenue and Taxation Code is amended to read:

17504. The provisions of Section 402(a) of the Internal Revenue Code, relating to taxability of beneficiaries of exempt trusts, shall be modified as follows:

(a) The amendments made to Section 402(a) of the Internal Revenue Code by Public Law 98-369 shall apply to distributions made after July 18, 1984, in taxable years ending after that date.

(b) Any amount qualifying for capital gain treatment under Section 402(a)(2) of the Internal Revenue Code shall be treated as a gain from the sale of exchange of a capital asset held for more than five years.

(c) Section 402(a)(2) of the Internal Revenue Code shall not apply to any distribution to the extent that such distribution is attributable to contributions made on behalf of the employee while he or she was an employee within the meaning of Section 401(c)(1) of the Internal Revenue Code.

SEC. 6. Section 17506 of the Revenue and Taxation Code is amended to read:

17506. (a) The provisions of Section 403(a) of the Internal Revenue Code, relating to taxation of employee annuities, shall be modified as follows:

(1) Any amount qualifying for capital gain treatment under Section 403(a)(2) of the Internal Revenue Code shall be treated as a gain from the sale or exchange of a capital asset held for more than five years.

(2) Section 403(a)(2) of the Internal Revenue Code shall not apply to any distribution to the extent that such distribution is attributable to contributions made on behalf of the employee while he or she was an employee within the meaning of Section 401(c)(1) of the Internal Revenue Code.

(3) The amendments made to Section 403(a)(4) of the Internal Revenue Code by Public Law 98-369, relating to rollovers, shall apply to distributions made after July 18, 1984, in taxable years ending after that date.

(b) The amendments made to Section 403(b)(8) of the Internal Revenue Code by Public Law 98-369, relating to rollovers, shall apply to distributions made after July 18, 1984, in taxable years ending after that date.

SEC. 7. Section 24564 of the Revenue and Taxation Code is amended to read:

24564. (a) For purposes of Chapter 8, and this article, the term "control" means the ownership of stock possessing at least 80 percent of the total combined voting power of all classes of stock entitled to vote and at least 80 percent of the total number of shares of all other classes of stock of the corporation.

(b) (1) In the case of any transaction with respect to which the requirements of subparagraphs (A) and (B) of paragraph (1) of subdivision (b) of Section 24531 are met, for purposes of determining whether that transaction is described in paragraph (4) of subdivision (a) of Section 24562, the term "control" has the meaning given to that term by subdivision (c) of Section 24457.

(2) This subdivision shall apply to transactions pursuant to plans adopted after July 18, 1984.

SEC. 8. Notwithstanding any other provision of the Revenue and Taxation Code or Unemployment Insurance Code to the contrary, no penalty or interest shall be assessed or imposed for any failure to withhold tax during calendar year 1984 for amounts received under an educational assistance program, as defined by Section 127 of the Internal Revenue Code.

SEC. 9. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, the provisions of this act shall be applied in the computation of taxes for taxable or income years beginning on or after January 1, 1984.

CHAPTER 14

An act to amend Section 23401 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor March 12, 1985. Filed with Secretary of State March 13, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 23401 of the Revenue and Taxation Code is amended to read:

23401. For purposes of this chapter the items of tax preference are:

(a) With respect to each property as described in Section 1250(c) of the Internal Revenue Code as that provision read on April 1, 1970, the amount by which the deduction allowable for the income year for exhaustion, wear, tear, obsolescence, or amortization exceeds the depreciation deduction which would have been allowable for the income year, had the taxpayer depreciated the property under the straight line method for each income year of its useful life (determined without regard to Section 24354.2 or 24381) for which the taxpayer has held the property.

(b) In the case of a taxpayer subject to tax under Article 3 (commencing with Section 23181) of Chapter 2, the amount by which the deduction allowable for the income year for a reasonable addition to a reserve for bad debts exceeds the amount that would have been allowed if the taxpayer maintained its bad debt reserve for all income years on the basis of actual experience, as defined in Section 585(b)(3)(A) of the Internal Revenue Code of 1954.

It is the intent of the Legislature that this subdivision shall apply only to new additions each year to the bad debt reserve.

(c) With respect to each property, as defined in Sections 24831 to 24835, inclusive, the excess of the deduction for depletion allowable under Section 24835 for the income year over the adjusted basis of the property at the end of the income year, as determined without regard to the depletion deduction for the income year.

SEC. 2. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, the provisions of this act shall be applied in the computation of taxes for income years beginning on or after January 1, 1984.

CHAPTER 15

An act to add Section 19531.6 to the Business and Professions Code, relating to horseracing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 28, 1985. Filed with Secretary of State March 28, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 19531.6 is added to the Business and Professions Code, to read:

19531.6. Notwithstanding subdivision (b) of Section 19531, the maximum number of racing weeks which may be allocated by the board for horseracing other than at the California Exposition and State Fair, or county or district agricultural association fairs, shall be for harness racing: 15 weeks per year in the northern zone; 10 weeks per year in the central zone; and 15 weeks per year in the southern zone.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to allow a more efficient allocation of harness racing dates so that revenues accruing to the state during the 1984–85 fiscal year can be maximized, it is necessary that this act take effect immediately.

CHAPTER 16

An act to amend Section 17514 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor March 28, 1985. Filed with Secretary of State March 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 17514 of the Revenue and Taxation Code is amended to read:

17514. (a) The provisions of Section 422A of the Internal Revenue Code shall apply with respect to options granted and exercised on or after January 1, 1982.

(b) For taxable years beginning on or after January 1, 1984, the provisions of Section 422A of the Internal Revenue Code shall apply with respect to options granted on or after January 1, 1976, and exercised on or after January 1, 1984. In the case of an option granted

prior to January 1, 1981, this subdivision shall apply only if the corporation granting that option made a federal election to have Section 422A of the Internal Revenue Code apply to that option.

(c) In the case of an option granted on or after January 1, 1976, and outstanding on December 31, 1983, Section 425(h)(1) of the Internal Revenue Code shall not apply to any change in the terms of that option (or the terms of the plan under which granted, including shareholder approval) made within one year after August 13, 1981, to permit that option to qualify as an incentive stock option.

SEC. 2. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 17

An act to amend Section 8901 of the Government Code, relating to the Legislature, and making an appropriation therefor.

[Approved by Governor March 29, 1985 Filed with Secretary of State March 29, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 8901 of the Government Code is amended to read:

8901. Commencing at noon on January 2, 1967, each Member of the Legislature shall receive as compensation for his or her services sixteen thousand dollars ($16,000) per year, during the term for which he or she was elected, payable in equal monthly amounts.

Commencing at noon on January 4, 1971, the annual compensation provided by this section shall be increased to nineteen thousand two hundred dollars ($19,200).

Commencing at noon on December 2, 1974, the annual compensation provided by this section shall be increased to twenty-one thousand one hundred twenty dollars ($21,120).

Commencing at noon on December 6, 1976, the annual compensation provided by this section shall be increased to twenty-three thousand two hundred thirty-two dollars ($23,232).

Commencing at noon on December 4, 1978, the annual compensation provided by this section shall be increased to twenty-five thousand five hundred fifty-five dollars ($25,555).

Commencing at noon on December 1, 1980, the annual compensation provided by this section shall be increased to twenty-eight thousand one hundred ten dollars ($28,110).

Commencing at noon at December 3, 1984, the annual compensation provided by this section shall be increased to thirty-three thousand seven hundred thirty-two dollars ($33,732).

Commencing at noon on December 1, 1986, the annual compensation provided by this section shall be increased to

thirty-seven thousand one hundred five dollars ($37,105).

CHAPTER 18

An act to add Chapter 6 (commencing with Section 63101) to Part 3 of Division 21 of the Food and Agricultural Code, relating to agricultural marketing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 29, 1985. Filed with Secretary of State March 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Chapter 6 (commencing with Section 63101) is added to Part 3 of Division 21 of the Food and Agricultural Code, to read:

CHAPTER 6. MARKETING OF PROCESSING STRAWBERRIES

Article 1. General Provisions

63101. It is the declared policy of the state to eliminate fraud, misinformation, deception, and other unfair trade practices that have existed in the processing strawberry industry and are detrimental to producers, processors, and consumers of processing strawberries due to the unavailability of accurate and reliable market price information. In order to prevent fraud, misinformation, deception, and other unfair trade practices, it is hereby declared as the policy of the state that the purchase of processing strawberries be subject to this chapter. The necessity for the enactment of this chapter, including the exemptions contained within it, is declared to be for the purpose of protecting the health, peace, safety, and general welfare of the people of this state.

63102. "Processing strawberries" means strawberries produced, in whole or in part, for the purpose of being ultimately processed into a use other than fresh consumption.

63103. "Purchase price" means all price and price terms for processing strawberries, including any and all forms of compensation from processors to producers.

63104. "Integrated producer-processor" means any producer who processes strawberries of his or her own production either as an individual, a business entity, or as a separate business entity operating as parent and subsidiary, or otherwise, which are under the same ownership and control, and who retains title to the processed strawberries, including, but not limited to, all rights to hypothecate the processed strawberries.

63105. This chapter covers any marketing order issued pursuant

to Chapter 1 (commencing with Section 58601) of Part 2 which exclusively affects processing strawberries.

Article 2. Marketing Orders

63121. Any marketing order affecting processing strawberries shall require that each time during a marketing season that a processor establishes or changes purchase prices for processing strawberries, the processor shall, on or before the effective date of the purchase prices, post a schedule of the purchase prices at each receiving station for which each schedule applies, and file each schedule with the marketing order advisory board established under the marketing order. The advisory board shall, within five days of the effective date of each purchase price schedule, mail or deliver a copy of the schedule to every other processor. Except as otherwise provided in this chapter, a processor shall acquire processing strawberries at the filed purchase price.

63122. The director shall adopt a seasonal marketing regulation pursuant to Section 59171 for price filing and posting. The regulation shall not become effective prior to April 1 of any year.

63123. The director, with the assistance of the advisory board, shall establish administrative rules and regulations that provide for, but are not limited to, the specific manner of filing, posting, and revising purchase prices and any additional action necessary to assure adequate public disclosure of purchase prices.

63124. (a) The following are exempt from this chapter:

(1) An integrated producer-processor. This exemption does not apply to the acquisition of strawberries for processing from any person who is not involved in a proprietary manner in the integrated producer-processor operation and who is not compensated for strawberries delivered through a proportionate share of the profits of the business entity.

(2) A processor registered in the state as a bona fide nonprofit cooperative when it acquires strawberries from members of the cooperative. This exemption does not apply to the acquisition of strawberries for processing from any person who is not a member of the cooperative.

(3) A contract with a fixed purchase price for the purchase of processing strawberries by a processor from a producer which is entered into and filed prior to the effective date of any seasonal marketing regulation for price filing and posting adopted pursuant to this chapter.

(4) Any contract for the purchase of strawberries for processing by a processor from a producer entered into prior to January 1, 1985, and filed prior to the effective date of any seasonal marketing regulation for price filing and posting adopted pursuant to this chapter.

(b) Information obtained by the advisory board pursuant to this chapter shall be maintained in confidence. However, the advisory

board may disclose, upon request, whether a particular producer's processing strawberries are covered by an exempt contract or other arrangement.

63125. The director shall actively supervise the requirements of this chapter and conduct an annual review of its provisions. The review may include an analysis of written reports from processors which the director is authorized to require, an investigation of industry conditions, an audit of processor records required to be maintained pursuant to this chapter, and any other actions relating to this chapter that are deemed necessary by the director.

63126. On or before the last day of each year in which a marketing order exclusively affecting processing strawberries is in effect, the director shall prepare and file with the Legislature a written report of the operations of this chapter and shall make recommendations regarding its various provisions. Each report and recommendation shall be based on determinations made by the director as a result of the annual review specified in Section 63125.

63127. The director shall suspend the requirements of this chapter if he or she determines as a result of the annual review and states in the annual report required in Section 63126 that price filing and posting is not required to prevent unfair trade practices. The suspension shall apply to the year following the determination unless legislation requiring the adoption of a seasonal marketing regulation for price posting is enacted prior to April 1 of that year.

63128. This chapter does not apply to the acquisition of strawberries for processing by a processor from another processor.

63129. The director shall amend any existing marketing order exclusively affecting processing strawberries in a manner necessary to conform to this chapter without the necessity of complying with any provisions of Chapter 1 (commencing with Section 58601) of Part 2 including those sections relating to the amendment of a marketing order.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that the provisions of this act become operative in time for the 1985 strawberry processing season, it is necessary that this act take effect immediately.

CHAPTER 19

An act to amend Section 1228 of, and to add Section 3375.5 to, the Financial Code, relating to banks, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 29, 1985. Filed with Secretary of State March 29, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1228 of the Financial Code is amended to read:

1228. A commercial bank may lend on the security of a first lien on real property or a first lien on a leasehold under a lease which does not expire, or which has been extended or renewed so that it does not expire, for at least 10 years beyond the maturity date of the loan, if the criteria of any of the following subdivisions are satisfied:

(a) The loan is fully guaranteed or insured or covered by a commitment to guarantee or insure by the United States, the Federal Housing Administrator, or by any other agency of the United States which the superintendent shall have approved for the purposes of this subdivision as an issuer of insurance or guarantees of loans on real property, whether the proceeds of the guarantee or insurance is payable in cash or in obligations of the United States.

(b) The loan is fully guaranteed by the United States or any agency thereof pursuant to the "Servicemen's Readjustment Act of 1944" or any act of Congress supplementary or amendatory thereof, or, if a portion of the loan is so guaranteed, then if the unguaranteed portion of the loan does not exceed 80 percent of the sound market value of the property or leasehold for loan purposes as determined by proper appraisal.

(c) The loan is one in which the Small Business Administration cooperates through agreements to participate on an immediate or deferred basis under the Small Business Act, as amended.

SEC. 2. Section 3375.5 is added to the Financial Code, to read:

3375.5. A bank may make a loan, otherwise complying with the provisions of this division, for the benefit of a trust, notwithstanding that the bank or any one or more executive officers or directors of the bank are trustees of the trust, provided that no executive officer or director of the bank is a beneficiary of the trust.

SEC. 3. Section 2 of this act shall become operative on April 1, 1985.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

When Article 2 (commencing with Section 3370) of Chapter 18 of Division 1 of the Financial Code was repealed and reenacted by

Chapter 975 of the Statutes of 1984, operative April 1, 1985, the substance of Section 3377.1 thereof was inadvertently omitted. In order for that omission to be remedied and operative by April 1, 1985, when the new article becomes operative, it is necessary that this act take effect immediately. Also, in order to clarify existing law respecting real property loans of commercial banks without delay, it is necessary that this act take effect immediately.

CHAPTER 20

An act to amend Section 1656.1 of the Civil Code, to amend Sections 25174 and 25174.6 of the Health and Safety Code, and to amend Section 43151 of, to add Section 43153 to, repeal Sections 6595, 8879, 12637, 30284, 32320, 40101.1, 41098, and 44092 of, and to repeal Article 5 (commencing with Section 7741) of Chapter 5 of Part 2 of, and Article 6 (commencing with Section 43361) of Chapter 3 of Part 22 of, Division 2 of, the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 29, 1985 Filed with Secretary of State March 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1656.1 of the Civil Code is amended to read:

1656.1. (a) Whether a retailer may add sales tax reimbursement to the sales price of the tangible personal property sold at retail to a purchaser depends solely upon the terms of the agreement of sale. It shall be presumed that the parties agreed to the addition of sales tax reimbursement to the sales price of tangible personal property sold at retail to a purchaser if:

(1) The agreement of sale expressly provides for such addition of sales tax reimbursement;

(2) Sales tax reimbursement is shown on the sales check or other proof of sale; or

(3) The retailer posts in his premises in a location visible to purchasers, or includes on a price tag or in an advertisement or other printed material directed to purchasers, a notice to the effect that reimbursement for sales tax will be added to the sales price of all items or certain items, whichever is applicable.

(b) It shall be presumed that the property, the gross receipts from the sale of which is subject to the sales tax, is sold at a price which includes tax reimbursement if the retailer posts in his premises, or includes on a price tag or in an advertisement (whichever is applicable) one of the following notices:

(1) "All prices of taxable items include sales tax reimbursement computed to the nearest mill."

(2) "The price of this item includes sales tax reimbursement computed to the nearest mill."

(c) (1) The State Board of Equalization shall prepare and make available for inspection and duplication or reproduction a sales tax reimbursement schedule which shall be identical with the following tables up to the amounts specified therein:

(2) Reimbursement on sales prices in excess of those shown in the schedules may be computed by applying the applicable tax rate to the sales price, rounded off to the nearest cent by eliminating any fraction less than one-half cent and increasing any fraction of one-half cent or over to the next higher cent.

(3) If sales tax reimbursement is added to the sales price of tangible personal property sold at retail, the retailer shall use a schedule provided by the board, or a schedule approved by the board.

(d) The presumptions created by this section are rebuttable presumptions.

SEC. 1.3. Section 25174 of the Health and Safety Code is amended to read:

25174. (a) Each person who disposes of hazardous wastes onsite, or who submits the hazardous waste for disposal offsite, shall pay a fee directly to the State Board of Equalization for disposal of those wastes. The director shall establish a schedule of the fees to be paid to the State Board of Equalization by the operator for disposal of hazardous or extremely hazardous waste, which shall provide revenues which shall not exceed the amount necessary, but shall be sufficient, to cover all costs incurred in the administration of this chapter and to provide a 5 percent operating reserve. The fees shall be deposited by the State Board

of Equalization in the Hazardous Waste Control Account in the General Fund. The funds deposited in that account are continuously appropriated for expenditure without regard to fiscal years for the following purposes:

(1) To the State Board of Equalization to pay refunds of fees collected pursuant to Section 43051 of the Revenue and Taxation Code.

(2) To the department to carry out the provisions of this chapter.

(b) This section shall become operative on July 1, 1985.

SEC. 1.5. Section 25174.6 of the Health and Safety Code is amended to read:

25174.6. (a) Except as otherwise provided in Section 25174.9, the fee provided pursuant to Section 25174 to be paid, through June 30, 1985, by the operators of onsite and offsite hazardous waste facilities for each ton, or fraction thereof, of hazardous waste which the operator disposes of on land or applies to land, shall be at the following rates, and, on and after July 1, 1985, the fee provided pursuant to Section 25174 to be paid by persons disposing of hazardous waste onsite, or submitting hazardous waste for disposal offsite, for each ton, or fraction thereof, of hazardous waste disposed of on land or applied to land, shall be at the following rates:

(1) Two dollars and forty-eight cents ($2.48) for each ton, or fraction thereof, for up to the first 3,500 tons of hazardous waste disposed of, or submitted for offsite disposal, at each specific facility by each producer or at each specific onsite facility, per month, except as provided in subdivision (f), which is not subject to Subchapter III (commencing with Section 6921) of Chapter 82 of Title 42 of the United States Code, pursuant to subsection (b) of Section 6921 of Title 42 of the United States Code and which is not otherwise subject to the fee specified in paragraph (3) or (4), or hazardous waste for which the Administrator of the Environmental Protection Agency has determined that regulation is unwarranted, as specified in subparagraph (C) of paragraph (2) of, and subparagraph (c) of paragraph (3) of, subsection (b) of Section 6921 of Title 42 of the United States Code and which is not otherwise subject to the fee specified in paragraph (3) or (4). Except as provided in subdivision (f), any of this hazardous waste disposed of, or submitted for offsite disposal, which exceeds 3,500 tons per month, is exempt from any fee imposed by this section.

(2) Two dollars and forty-eight cents ($2.48) for each ton, or fraction thereof, for up to the first 3,500 tons, of hazardous waste disposed of, or submitted for offsite disposal, at each specific facility by each producer or at each specific onsite facility, per month, except as provided in subdivision (f), which result from the extraction, beneficiation, and processing of ores and minerals, including phosphate rock and the overburden from the mining of

uranium ore and which is not otherwise subject to the fee specified in paragraph (3) or (4). Except as provided in subdivision (f), any of this hazardous waste disposed of, or submitted for offsite disposal, which exceeds 3,500 tons per month is exempt from any fee imposed by this section.

(3) Nineteen dollars and eighty-four cents ($19.84) for each ton, or fraction thereof, of extremely hazardous waste.

(4) Nineteen dollars and eighty-four cents ($19.84) for each ton, or fraction thereof, of restricted hazardous wastes listed in Section 66900 of Title 22 of the California Administrative Code.

(5) Fifty cents ($0.50) for each ton or fraction thereof of solid hazardous waste residues resulting from incineration or other controlled chemical or physical treatment processes if the department determines that the processes alter the physical properties of the waste being incinerated or treated and effectively remove all free liquids and volatile organic constituents from the waste being incinerated or treated.

(6) Nine dollars and ninety-two cents ($9.92) for each ton, or fraction thereof, for up to the first 3,500 tons of hazardous waste disposed of, or submitted for offsite disposal, at each specific facility by each producer or at each specific onsite facility, per month, of hazardous waste, except as provided in subdivision (f), which is not otherwise subject to the fees specified in paragraph (1), (2), (3), (4) or (5).

(b) The amount of fees payable to the State Board of Equalization pursuant to this section shall be calculated using the total wet weight, measured in tons or fractions thereof, of the hazardous waste in the form in which the hazardous waste existed at the time of disposal, submission for disposal, or application to land using the land disposal methods defined in Section 66122 of Title 22 of the California Administrative Code.

(c) Notwithstanding subdivision (a), the fee rate for hazardous waste disposed of, or submitted for offsite disposal, into a surface impoundment which is double lined, meets the criteria specified in paragraph (1), and for which a report has not been submitted pursuant to paragraph (2), is ninety-nine cents ($0.99) for each ton or fraction thereof, of hazardous waste so disposed of or submitted for disposal. The owner or operator of the surface impoundment shall certify to the State Board of Equalization that the requirements of subparagraphs (A), (B), (C), (D), and (E) of paragraph (1) have been met before the fee rate specified in this subdivision may be applied to the hazardous waste disposed of, or submitted for disposal, into the surface impoundment.

(1) This subdivision applies only to hazardous waste disposed of, or submitted for disposal, into a surface impoundment which meets all the following criteria:

(A) The surface impoundment is double lined and is equipped with a leachate collection system which is in place and in operation, and complies with existing federal and state regulations

and guidance documents published by the United States Environmental Protection Agency prior to July 1, 1984.

(B) The surface impoundment has in place and in operation a minimum of one up-gradient and two down-gradient monitoring wells capable of identifying the migration of any hazardous waste constituents disposed of into the surface impoundment.

(C) The surface impoundment has in place and in operation a vadose zone monitoring system capable of identifying the migration of any hazardous waste constituents disposed of into the surface impoundment from the impoundment into the zone between the surface and the water table.

(D) The surface impoundment has an enforceable site closure plan which initiates closure of the impoundment within 12 years after the surface impoundment is certified pursuant to this subdivision. This plan shall require the surface impoundment, and any surrounding soils contaminated by the impoundment, to be returned to a nonhazardous condition within five years of initiating closure.

(E) The owner or operator has submitted to the department and to the California Regional Water Quality Control Board documentation demonstrating full compliance with subparagraphs (A), (B), (C), and (D).

(2) Upon discovering that, or receiving notification that, a surface impoundment certified for the fee rate specified in this subdivision has leaked or overflowed, and that there is migration into the vadose zone or into the waters of the state, the owner or operator of the surface impoundment shall report the migration to the department and the California Regional Water Quality Control Board within 24 hours after the migration or unauthorized release has been detected. The owner or operator shall transmit a full written report to the department and the regional board within five working days after the detection of the migration. The reporting requirements imposed by this paragraph are in addition to any requirements which may be imposed by Section 13271 of the Water Code. Unless the regional board, or its executive officer, determines that the presence of the hazardous waste constituents in the migration do not pose any short-term or long-term, present or potential, hazards to human health or the environment, the regional board shall issue a cease and desist order pursuant to Section 13301 of the Water Code prohibiting any discharge into the surface impoundment and shall take any other actions which are necessary.

(3) After a surface impoundment has been the subject of a report specified in paragraph (2), the fee rate specified in this subdivision for hazardous waste disposed of, or submitted for disposal, into that surface impoundment shall not apply and the fees shall be calculated pursuant to subdivision (a). The fee rate specified in this subdivision may again be applied to the hazardous waste disposed of, or submitted for disposal, into the surface

impoundment only after the department and the California Regional Water Quality Control Board determines that hazardous constituents are no longer migrating from the surface impoundment, and that there is no significant potential for them to migrate from the surface impoundment into the vadose zone or into the waters of the state, so that the presence of the hazardous constituents poses, or would pose, a present or potential hazard to human health or the environment.

(d) All fees imposed by this section shall be paid in accordance with Part 22 (commencing with Section 43001) of Division 2 of the Revenue and Taxation Code.

(e) The fees specified in subdivision (a) shall be effective commencing July 1, 1984, and shall remain in effect only until July 1, 1985.

(f) The monthly tonnage limits on the amount of hazardous waste subject to the fee imposed by this section shall remain in effect only until July 1, 1985, and after that date the fees specified in this section shall apply to all amounts of the hazardous waste disposed of, or submitted for offsite disposal, per month.

SEC. 2. Section 6595 of the Revenue and Taxation Code is repealed.

SEC. 3. Article 5 (commencing with Section 7741) of Chapter 5 of Part 2 of Division 2 of the Revenue and Taxation Code is repealed.

SEC. 4. Section 8879 of the Revenue and Taxation Code is repealed.

SEC. 5. Section 12637 of the Revenue and Taxation Code is repealed.

SEC. 6. Section 30284 of the Revenue and Taxation Code is repealed.

SEC. 7. Section 32320 of the Revenue and Taxation Code is repealed.

SEC. 8. Section 40101.1 of the Revenue and Taxation Code is repealed.

SEC. 9. Section 41098 of the Revenue and Taxation Code is repealed.

SEC. 9.3. Section 43151 of the Revenue and Taxation Code is amended to read:

43151. The taxes collected and administered under Section 43051 are due and payable to the board quarterly on or before the 15th day of the calendar month following the quarterly period for which the tax is due. Each taxpayer, on or before the 15th day of the month following the quarterly period for which the tax is due, shall make out a tax return for the preceding quarterly period, in the form as prescribed by the board, showing the total amount of hazardous waste subject to the tax, the amount of tax for the period covered by the return, and any other information that the board deems necessary. The taxpayer shall deliver the return, together with a remittance of the amount of tax due, to the office

of the board on or before the 15th day of the month following the quarterly period for which the tax is due.

With the approval of the board, a taxpayer who has more than one hazardous waste facility subject to the taxes collected and administered under this chapter, may file a combined tax return covering operations at more than one, or all, of those hazardous waste facilities.

This section shall become operative July 1, 1985.

SEC. 9.5. Section 43153 is added to the Revenue and Taxation Code, to read:

43153. The board, if it deems it necessary in order to facilitate the administration of this part, may require returns and payments specified under Section 43151 to be made for periods longer than quarterly.

SEC. 10. Article 6 (commencing with Section 43361) of Chapter 3 of Part 22 of Division 2 of the Revenue and Taxation Code is repealed.

SEC. 11. Section 44092 of the Revenue and Taxation Code is repealed.

SEC. 12. Section 1 of this act shall become operative on April 1, 1985, and Sections 1.3 and 2 to 11, inclusive, of this act shall become operative on July 1, 1985.

SEC. 12.5. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

SEC. 13. This act is an urgency statute necessary for the immediate preservation of public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to eliminate any financial hardship on California taxpayers caused by the accrual of compound interest on penalties and to implement the intent of Chapter 1020 of the Statutes of 1984, which is to accrue simple interest only on tax liabilities; and in order to provide taxpayers guidance on computing the proper amount of tax on increments of sales that would generate up to a tax amount of seven cents ($.07), when selling tangible personal property in or for use in Santa Clara County; and in order to implement and administer effectively the California Hazardous Substance Tax Law, it is necessary that this act take effect immediately.

CHAPTER 21

An act to amend Sections 11019 and 11055 of, and to add Section 11033 to, the Health and Safety Code, relating to controlled substances, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 1, 1985. Filed with Secretary of State April 2, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 11019 of the Health and Safety Code is amended to read:

11019. "Narcotic drug" means any of the following, whether produced directly or indirectly by extraction from substances of vegetable origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis:

(a) Opium and opiate, and any salt, compound, derivative, or preparation of opium or opiate.

(b) Any salt, compound, isomer, or derivative, whether natural or synthetic, of the substances referred to in subdivision (a), but not including the isoquinoline alkaloids of opium.

(c) Opium poppy and poppy straw.

(d) Coca leaves and any salt, compound, derivative, or preparation of coca leaves, but not including decocainized coca leaves or extractions of coca leaves which do not contain cocaine or ecgonine.

(e) Cocaine, whether natural or synthetic, or any salt, isomer, derivative, or preparation thereof.

(f) Ecgonine, whether natural or synthetic, or any salt, isomer, derivative, or preparation thereof.

SEC. 2. Section 11033 is added to the Health and Safety Code, to read:

11033. As used in this division, except as otherwise defined, the term "isomer" includes optical and geometrical (diastereomeric) isomers.

SEC. 3. Section 11055 of the Health and Safety Code is amended to read:

11055. (a) The controlled substances listed in this section are included in Schedule II.

(b) Any of the following substances, except those narcotic drugs listed in other schedules, whether produced directly or indirectly by extraction from substances of vegetable origin, or independently by means of chemical synthesis, or by combination of extraction and chemical synthesis:

(1) Opium and opiate, and any salt, compound, derivative, or preparation of opium or opiate, with the exception of naloxone hydrochloride (N-allyl-14-hydroxy-nordihydromorphinone

hydrochloride), but including the following:

(A) Raw opium.

(B) Opium extracts.

(C) Opium fluid extracts.

(D) Powdered opium.

(E) Granulated opium.

(F) Tincture of opium.

(G) Apomorphine.

(H) Codeine.

(I) Ethylmorphine.

(J) Hydrocodone.

(K) Hydromorphone.

(L) Metopon.

(M) Morphine.

(N) Oxycodone.

(O) Oxymorphone.

(P) Thebaine.

(2) Any salt, compound, isomer, or derivative, whether natural or synthetic, of the substances referred to in paragraph (1), but not including the isoquinoline alkaloids of opium.

(3) Opium poppy and poppy straw.

(4) Coca leaves and any salt, compound, derivative, or preparation of coca leaves, but not including decocainized coca leaves or extractions which do not contain cocaine or ecgonine.

(5) Concentrate of poppy straw (the crude extract of poppy straw in either liquid, solid, or powder form which contains the phenanthrene alkaloids of the opium poppy).

(6) Cocaine, whether natural or synthetic, or any salt, isomer, derivative, or preparation thereof.

(7) Ecgonine, whether natural or synthetic, or any salt, isomer, derivative, or preparation thereof.

(c) Opiates. Unless specifically excepted or unless in another schedule, any of the following opiates, including its isomers, esters, ethers, salts, and salts of isomers, esters, and ethers whenever the existence of those isomers, esters, ethers, and salts is possible within the specific chemical designation, dextrorphan and levopropoxyphene excepted:

(1) Alphaprodine.

(2) Anileridine.

(3) Bezitramide.

(4) Bulk dextropropoxyphene (nondosage forms).

(5) Dihydrocodeine.

(6) Diphenoxylate.

(7) Fentanyl.

(8) Isomethadone.

(9) Levomethorphan.

(10) Levorphanol.

(11) Metazocine.

(12) Methadone.

(13) Methadone-Intermediate, 4-cyano-2-dimethylamino-4, 4-diphenyl butane.

(14) Moramide-Intermediate, 2-methyl-3-morpholino-1, 1-diphenylpropane-carboxylic acid.

(15) Pethidine (meperidine).

(16) Pethidine-Intermediate-A, 4-cyano-1-methyl-4-phenylpiperidine.

(17) Pethidine-Intermediate-B, ethyl-4-phenylpiperidine-4-carboxylate.

(18) Pethidine-Intermediate-C,-1-methyl 4-phenylpiperidine-4-carboxylic acid.

(19) Phenazocine.

(20) Piminodine.

(21) Racemethorphan.

(22) Racemorphan.

(d) Stimulants. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having a stimulant effect on the central nervous system:

(1) Amphetamine, its salts, optical isomers, and salts of its optical isomers.

(2) Methamphetamine, its salts, isomers, and salts of its isomers.

(3) Phenmetrazine and its salts.

(4) Methylphenidate.

(e) Depressants. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having a depressant effect on the central nervous system, including its salts, isomers, and salts of isomers whenever the existence of those salts, isomers, and salts of isomers is possible within the specific chemical designation:

(1) Amobarbital.

(2) Pentobarbital.

(3) Phencyclidines, including the following:

(A) 1-(1-phenylcyclohexyl) piperidine (PCP).

(B) 1-(1-phenylcyclohexyl) morpholine (PCM).

The Attorney General, or his or her designee, may, by rule or regulation, add additional analogs of phencyclidine to those enumerated in this paragraph after notice, posting, and hearing pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The Attorney General shall, in the calendar year of the regular session of the Legislature in which the rule or regulation is adopted, submit a draft of a proposed bill to each house of the Legislature which would incorporate the analogs into this code. No rule or regulation shall remain in effect beyond January 1 after the calendar year of the regular session in which the draft of the proposed bill is submitted to each house. However, if the draft of the proposed bill is submitted during a recess of the Legislature exceeding 45 calendar days, the

rule or regulation shall be effective until January 1 after the next calendar year.

(4) Secobarbital.

(f) Immediate precursors. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances:

(1) Immediate precursor to amphetamine and methamphetamine:

(A) Phenylacetone. Some trade or other names: phenyl-2 propanone; P2P; benzyl methyl ketone; methyl benzyl ketone.

(2) Immediate precursors to phencyclidine (PCP):

(A) 1-phenylcyclohexylamine.

(B) 1-piperidinocyclohexanecarbonitrile (PCC).

SEC. 4. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This is an emergency situation in which court cases may be dismissed unless ambiguities regarding forms of cocaine are resolved by statute.

CHAPTER 22

An act to add Chapter 1.11 (commencing with Section 199.20) to Part 1 of Division 1 of the Health and Safety Code, relating to health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 3, 1985. Filed with Secretary of State April 4, 1985]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1.11 (commencing with Section 199.20) is added to Part 1 of Division 1 of the Health and Safety Code, to read:

CHAPTER 1.11. MANDATED BLOOD TESTING AND CONFIDENTIALITY TO PROTECT PUBLIC HEALTH

199.20. To protect the privacy of individuals who are the subject of blood testing for antibodies to the probable causative agent of acquired immune deficiency syndrome (AIDS) the following shall

apply:

Except as provided in Section 1603.1 or 1603.3, as amended by AB 488 of the 1985–86 Regular Session, no person shall be compelled in any state, county, city, or other local civil, criminal, administrative, legislative, or other proceedings to identify or provide identifying characteristics which would identify any individual who is the subject of a blood test to detect antibodies to the probable causative agent of AIDS.

199.21. (a) Any person who negligently discloses results of a blood test to detect antibodies to the probable causative agent of acquired immune deficiency syndrome to any third party, except pursuant to a written authorization, as described in subdivision (g), or except as provided in Section 1603.1 or 1603.3, as amended by AB 488 of the 1985–86 Regular Session, shall be assessed a civil penalty in an amount not to exceed one thousand dollars ($1,000) plus court costs, as determined by the court, which penalty and costs shall be paid to the subject of the test.

(b) Any person who willfully discloses the results of a blood test to detect antibodies to the probable causative agent of the acquired immune deficiency syndrome, to any third party, except pursuant to a written authorization, as described in subdivision (g), or except as provided in Section 1603.1 or 1603.3, as amended by AB 488 of the 1985–86 Regular Session, shall be assessed a civil penalty in an amount not less than one thousand dollars ($1,000) and not more than five thousand dollars ($5,000) plus court costs, as determined by the court, which penalty and costs shall be paid to the subject of the test.

(c) Any person who willfully or negligently discloses the results of a blood test to detect antibodies to the probable causative agent of acquired immune deficiency syndrome to a third party, except pursuant to a written authorization, as described in subdivision (g), or except as provided in Section 1603.1 or 1603.3, as amended by AB 488 of the 1985–86 Regular Session, which results in economic, bodily, or psychological harm to the subject of the test, is guilty of a misdemeanor, punishable by imprisonment in the county jail for a period not to exceed one year or a fine of not to exceed ten thousand dollars ($10,000) or both.

(d) Any person who commits any act described in subdivision (a) or (b) shall be liable to the subject for all actual damages, including damages for economic, bodily, or psychological harm which is a proximate cause of the act.

(e) Each disclosure made in violation of this chapter is a separate and actionable offense.

(f) The results of a blood test to detect antibodies to the probable causative agent of acquired immune deficiency syndrome shall not be used in any instance for the determination of insurability or suitability for employment.

(g) "Written authorization," as used in this section, applies only to the disclosure of test results by a person responsible for the care and treatment of the person subject to the test. Written

authorization is required for each separate disclosure of the test results, and shall include to whom the disclosure would be made.

(h) Nothing in this section limits or expands the right of an injured subject to recover damages under any other applicable law.

(i) Nothing in this section shall be construed to impose liability or criminal sanction for disclosure of a blood test to detect antibodies to the probable causative agent of AIDS in accordance with any reporting requirement for a diagnosed case of AIDS by the state department or the Centers for Disease Control under the United States Public Health Services.

(j) The state department may require blood banks and plasma centers to submit monthly reports summarizing statistical data concerning the results of tests to detect the presence of viral hepatitis and antibodies to the probable causative agent of AIDS. This statistical summary shall not include the identity of individual donors or identifying characteristics which would identify individual donors.

(k) "Disclosed," as used in this section, means to disclose, release, transfer, disseminate, or otherwise communicate all or any part of any record orally, in writing, or by electronic means to any person or entity.

(*l*) "Results of a blood test," as used in this section, means to identify or provide identifying characteristics of the person to whom the results apply.

199.22. No person shall test a person's blood for evidence of antibodies to the probable causative agent of AIDS without the written consent of the subject of the test, and the person giving the test shall have a written statement signed by the subject confirming that he or she obtained the consent from the subject.

This requirement does not apply to a test performed at an alternative site, as established pursuant to Article 8 (commencing with Section 1630) of Chapter 4 of Division 2. This requirement also does not apply to any blood and blood products specified in paragraph (2) of subdivision (a) of Section 1603.1, as amended by Assembly Bill 488 of the 1985–86 Regular Session.

199.23. Neither the state department nor any blood bank or plasma center, including a blood bank or plasma center owned or operated by a public entity, shall be held liable for any damages resulting from the notification of test results, as set forth in paragraph (3) of subdivision (a) of, and in subdivision (c) of, Section 1603.3, as amended by AB 488 of the 1985–86 Regular Session.

SEC. 2. (a) No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because part of the costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

(b) No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500)

of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

SEC. 3. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to protect the confidentiality of persons undergoing a blood test for the detection of anitbodies to acquired immune deficiency syndrome, and to encourage individuals who are stricken with the disease to undergo treatment which would ultimately benefit the health and welfare of all citizens of the State of California, it is necessary that this act take immediate effect.

CHAPTER 23

An act to amend Sections 199.21 and 1603.1 of, to add Sections 1603.3 and 1603.4 to, and to add Article 8 (commencing with Section 1630) to Chapter 4 of Division 2 of, the Health and Safety Code, relating to health, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 3, 1985. Filed with Secretary of State April 4, 1985.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that acquired immune deficiency syndrome is a serious and growing viral-based epidemic in the United States.

The incidence of acquired immune deficiency syndrome (AIDS) caused by blood transfusions is a growing and serious problem and is expected to increase and since a test will soon be available to indicate exposure to the probable causative agent of AIDS, it is crucial that donations of blood be tested for the presence of the antibodies to the probable causative agent of AIDS to safeguard against the possibility of transmitting the disease by transfusion.

The Legislature finds and declares it is a desired goal to discourage individuals in high-risk groups, as defined by the State Department of Health Services, who are expected to be exposed to AIDS, from donating blood in order to safeguard against transmitting the disease by transfusion.

Furthermore, the Legislature declares that it is imperative to delay notification of all persons who test reactive for the antibody test at a blood bank or plasma center for that period of time necessary to discourage members from high-risk groups from visiting a blood donation site.

SEC. 1.5. Section 199.21 of the Health and Safety Code, as added by Assembly Bill No. 403 of the 1985–86 Regular Session, is amended to read:

199.21. (a) Any person who negligently discloses results of a blood test to detect antibodies to the probable causative agent of acquired immune deficiency syndrome to any third party, in a manner which identifies or provides identifying characteristics of the person to whom the test results apply, except pursuant to a written authorization, as described in subdivision (g), or except as provided in Section 1603.1 or 1603.3, as amended by AB 488 of the 1985–86 Regular Session, shall be assessed a civil penalty in an amount not to exceed one thousand dollars ($1,000) plus court costs, as determined by the court, which penalty and costs shall be paid to the subject of the test.

(b) Any person who willfully discloses the results of a blood test to detect antibodies to the probable causative agent of the acquired immune deficiency syndrome to any third party, in a manner which identifies or provides identifying characteristics of the person to whom the test results apply, except pursuant to a written authorization, as described in subdivision (g), or except as provided in Section 1603.1 or 1603.3, as amended by AB 488 of the 1985–86 Regular Session, shall be assessed a civil penalty in an amount not less than one thousand dollars ($1,000) and not more than five thousand dollars ($5,000) plus court costs, as determined by the court, which penalty and costs shall be paid to the subject of the test.

(c) Any person who willfully or negligently discloses the results of a blood test to detect antibodies to the probable causative agent of acquired immune deficiency syndrome to a third party, in a manner which identifies or provides identifying characteristics of the person to whom the test results apply, except pursuant to a written authorization, as described in subdivision (g), or except as provided in Section 1603.1 or 1603.3, as amended by AB 488 of the 1985–86 Regular Session, which results in economic, bodily, or psychological harm to the subject of the test, is guilty of a misdemeanor, punishable by imprisonment in the county jail for a period not to exceed one year or a fine of not to exceed ten thousand dollars ($10,000) or both.

(d) Any person who commits any act described in subdivision (a) or (b) shall be liable to the subject for all actual damages, including damages for economic, bodily, or psychological harm which is a proximate cause of the act.

(e) Each disclosure made in violation of this chapter is a separate and actionable offense.

(f) The results of a blood test to detect antibodies to the probable causative agent of acquired immune deficiency syndrome, which

identifies or provides identifying characteristics of the person to whom the test results apply, shall not be used in any instance for the determination of insurability or suitability for employment.

(g) "Written authorization," as used in this section, applies only to the disclosure of test results by a person responsible for the care and treatment of the person subject to the test. Written authorization is required for each separate disclosure of the test results, and shall include to whom the disclosure would be made.

(h) Nothing in this section limits or expands the right of an injured subject to recover damages under any other applicable law.

(i) Nothing in this section imposes liability or criminal sanction for disclosure of a blood test to detect antibodies to the probable causative agent of AIDS in accordance with any reporting requirement for a diagnosed case of AIDS by the state department or the Centers for Disease Control under the United States Public Health Services.

(j) The state department may require blood banks and plasma centers to submit monthly reports summarizing statistical data concerning the results of tests to detect the presence of viral hepatitis and antibodies to the probable causative agent of AIDS. This statistical summary shall not include the identity of individual donors or identifying characteristics which would identify individual donors.

(k) "Disclosed," as used in this section, means to disclose, release, transfer, disseminate, or otherwise communicate all or any part of any record orally, in writing, or by electronic means to any person or entity.

SEC. 2. Section 1603.1 of the Health and Safety Code, is amended to read:

1603.1. (a) Except as provided in this subdivision, no blood or blood components shall be used in vivo for humans in this state, unless the blood or blood components have been tested and found nonreactive for the probable causative agent of acquired immune deficiency syndrome or the blood or blood components are used for research or vaccination programs pursuant to an informed consent.

Additional exceptions to the requirement of this subdivision are as follows:

(1) Frozen red blood cells of a rare type, as determined by the blood bank or plasma center, collected prior to the effective date of this paragraph, for which no specimen is available.

(2) Inventories of blood and blood components collected prior to 60 days after the effective date of this paragraph or the date of licensing of a test by the Federal Drug Administration to determine exposure to the antibodies to the probable causative agent of AIDS, whichever is later.

(3) Blood or blood products released for transfusion in emergency circumstances, as determined by the state department.

(4) Blood used for autologous purposes.

(b) Blood banks and plasma centers shall make laboratory tests of all human whole blood and plasma received to detect the presence

of viral hepatitis and antibodies to the probable causative agent of acquired immune deficiency syndrome in the manner specified in Section 1603.3. If the blood bank or plasma center finds the presence of viral hepatitis, or an antigen thereof, in the blood tested, it shall report that finding, the date of the human whole blood donation, the name, address, and social security number of the person who donated the blood, and the name and address of the blood bank which received the human whole blood from the person and any additional information required by the department, to the department and the county health officer within 72 hours of the confirmation of the presence of viral hepatitis, or an antigen thereof, in the blood tested.

(c) As soon as practicable following diagnosis, a physician shall report to the department and the county health officer the name, date of birth, address, and social security number of all carriers of viral hepatitis under his treatment, the type of viral hepatitis contracted if known, and any additional information required by the department and shall report immediately all transfusion-associated hepatitis and transfusion-associated AIDS cases to the county health officer for investigation.

(d) As soon as practicable following hospitalization, a hospital shall report to the department and to the county health officer the name, date of birth, address, and social security number of all confirmed cases of AIDS carriers, as determined by a person responsible for the care and treatment of a person with AIDS, and all carriers of viral hepatitis hospitalized for treatment of viral hepatitis or AIDS, the name of the hospital, the date of hospitalization, the type of viral hepatitis contracted if known, and any additional information required by the department and shall report immediately all transfusion-associated hepatitis and all confirmed transfusion-associated AIDS cases, as determined by a person responsible for the care and treatment of a person with AIDS, to the county health officer for investigation.

(e) The county health officer shall investigate all transfusion-associated hepatitis cases and transfusion-associated AIDS cases and shall, if possible, trace the sources of human whole blood which was transfused. The county health officer shall report to the department within 72 hours following an investigation the name, date of birth, address, and social security number of carrier donors, possible carrier donors and carriers of viral hepatitis and any additional information required by the department.

(f) The department shall compile two times each month a list of carrier donors, possible carrier donors, and carriers of viral hepatitis and persons who test reactive for antibodies to the probable causative agent of the acquired immune deficiency syndrome and shall distribute the list to blood banks and plasma centers two times each month. The list shall include the name, date of birth, address, and social security number of people who are carrier donors, possible carrier donors and carriers of viral hepatitis and persons reactive for,

the antibody to the probable causative agent of AIDS, and confirmed cases of AIDS, as determined by a person responsible for the care and treatment of a person with AIDS, the date of the human whole blood donation if applicable, the name and address of the blood bank who received the human whole blood donation if applicable, and any other information which the department deems necessary to protect the public health and safety. This list shall be known as the Donor Deferral Register and shall include names of individuals who are indefinitely deferred from blood donations without identifying the reasons for the deferral. The state department may develop guidelines governing the instances when a person is to be removed from the register. These guidelines may include, but shall not be limited to nor be required to include, death of an identified donor or the licensure by the Federal Food and Drug Administration of a new, confirmatory test for AIDS which would allow the state department to more accurately determine if a person should be kept on the registry due to any threat to the state's blood supply that the prospective donor may represent.

(g) The department shall, if possible, contact carrier donors to inform them that they may be carriers of viral hepatitis and should not make blood donations, and shall suggest appropriate treatment alternatives. County health or state department officials shall contact all persons who have confirmed cases of AIDS, as determined by a person responsible for the care and treatment of the person with AIDS, to suggest appropriate treatment alternatives and for the purposes of epidemiological studies and followup.

(h) The department may adopt regulations governing the procedures in this section as it deems necessary to protect the public health and safety.

(i) The state department may replace the test for the antibody to the probable causative agent for AIDS with a superior antibody test, as the state department deems appropriate.

(j) "Plasma center," as used in this chapter, means any place where the process of plasmapheresis is conducted, as defined in Section 1025 of Title 17 of the California Administration Code and includes a place where leukopheresis or platlet pheresis, or both, is conducted.

(k) "AIDS," as used in this chapter, means acquired immune deficiency syndrome.

(*l*) "Blood components", as used in this chapter, means preparations separated from single units of whole blood or prepared for hemapheresis and intended for use as final products for transfusions.

SEC. 3. Section 1603.3 is added to the Health and Safety Code, to read:

1603.3. (a) Prior to a donation of blood or blood components each donor shall be notified in writing of, and shall have signed a written statement confirming the notification of, all of the following:

(1) That the blood or blood components shall be tested for

evidence of antibodies to the probable causative agent of acquired immune deficiency syndrome.

(2) That donors found to have serologic evidence of the antibodies shall be placed on a confidential statewide blood donor deferral register without a listing of the reason for being included on the register.

(3) That the donor shall be notified of the test results in accordance with the requirements described in subdivision (c).

(4) That the donor blood or blood component which is found to have the antibodies shall not be used for transfusion.

(5) That blood or blood components shall not be donated for transfusion purposes by a person if the person has reason to believe that he or she has been exposed to acquired immune deficiency syndrome.

(6) That the donor is required to complete a health screening questionnaire to assist in the determination as to whether he or she has been exposed to acquired immune deficiency syndrome.

(b) A blood bank or plasma center shall incorporate voluntary means of self-deferral for donors. The means of self-deferral may include, but is not limited to, a form with checkoff boxes specifying that the blood donated is for research or test purposes only and a telephone callback system for donors to use in order to inform the blood bank that blood donated should not be used for transfusion.

(c) Blood or blood products from any donor initially found to have serologic evidence of antibodies to the probable causative agent of AIDS shall be retested for confirmation. Only if a further test confirms the conclusion of the earlier test shall the donor be notified of a reactive result by the blood bank or plasma center, as provided in paragraph (1) or (2) of this subdivision.

(1) The state department shall permit a blood bank to inform blood donors of the test result if all of the following apply:

(A) The alternative test sites required pursuant to Article 8 (commencing with Section 1630) are established and operational in the county where the blood bank is located.

(B) The state department has determined that the alternative test sites are functioning in an adequate manner in the county where the blood bank is located and has established a date after which these test sites were functioning in this manner.

After the date determined in category (B) is established, the blood bank shall wait three months. When the three-month period elapses, blood banks may inform a donor of blood or blood components of the test results no sooner than 60 days from the date of donation.

(2) In the case of a plasma center on or after the operative date of this section, a donor donating for the first or second time in any 60-day period shall not be notified of the test result, but upon a third or subsequent donation within that period, the plasma center may notify the donor of the test result.

The state department shall develop permissive guidelines for blood banks and plasma centers on the method or methods to be used

to notify a donor of a test result. Each blood bank or plasma center shall, upon positive confirmation using the best available and reasonable techniques, provide the information to the state department for inclusion in the Donor Deferral Register. Blood banks and plasma centers shall provide the information on donations testing reactive for the antibodies to the probable causative agent of AIDS and carrier donors of viral hepatitis to the department on a single list in the same manner without specification of the reason the donor appears on the list.

(d) The Donor Deferral Register, as described in subdivision (e) of Section 1603.1, shall include names of individuals who are deferred from blood donations without identifying the reasons for deferral.

(e) Each blood bank or plasma center operating in California shall prominently display at each of its collection sites a notice which provides the addresses and phone numbers of sites, within the proximate area of the blood bank or plasma center, where tests provided pursuant to Article 8 (commencing with Section 1630) may be administered without charge.

SEC. 3.5. Section 1603.4 is added to the Health and Safety Code, to read:

1603.4. (a) Notwithstanding Chapter 1.11 (commencing with Section 199.20) of Part 1 of Division 1, as added by Assembly Bill No. 403 of the 1985–86 Regular Session, or any other provision of law, no public entity or any private blood bank or plasma center shall be liable for an inadvertent, accidental, or otherwise unintentional disclosure of the results of a test for the probable causation agent for acquired immune deficiency syndrome or information in the Donor Referral Register.

As used in this section, "public entity" includes, but is not limited to, any publicly owned or operated blood bank or plasma center and the state department.

(b) Neither the state department nor any blood bank or plasma center, including a blood bank or plasma center owned or operated by a public entity, shall be held liable for any damage resulting from the notification of test results, as set forth in paragraph (3) of subdivision (a) of, or in subdivision (c) of, Section 1603.3.

SEC. 4. Article 8 (commencing with Section 1630) is added to Chapter 4 of Division 2 of the Health and Safety Code, to read:

Article 8. Antibody Testing

1630. The Legislature finds and declares it is of great benefit to the public health and essential to the protection of safe blood and blood components available for transfusion to provide testing for the presence of antibodies to the probable causative agent of acquired immune deficiency syndrome (AIDS) as a function separate from the donation of blood or blood components.

1631. The director shall, in order to protect the public health and in order to make blood and blood components safe for transfusion,

designate counties which shall establish alternative testing sites, within the funds available, pursuant to this article. When designating a county pursuant to this section, the director may consider whether the county contains a permanent operational blood bank. All alternative test sites, established pursuant to this article, shall be under the supervision of a physician and surgeon or be a clinic or health facility licensed by the state department.

1632. (a) Each county, designated by the director, shall make the test available within its jurisdiction without charge, in an accessible manner and the tests shall be made available by the county on a confidential basis through use of a coded system with no linking of individual identity with the test request or results. The number and location of sites in each county designated by the director shall be approved by the director. The test shall be made available by the county either directly or by contract with a physician and surgeon or with any clinic or health facility licensed by the state department. Neither the county nor anyone else administering the test described in this article, shall ask for the name, social security number, or any other information which could reveal the identity of the individual who takes the test. Each alternative test site shall make available confidential information and referral services, within the funds available, to individuals who seek testing. A county may subcontract with individuals or entities to provide information and referral services.

All alternative test sites shall provide a referral list of physicians and surgeons or clinics knowledgeable about AIDS, to all persons who have any known risk factor for AIDS, especially those who have a reactive antibody test, for further information and explanation of the test results and for medical evaluation.

At a minimum, individuals seeking testing shall be informed about the validity and accuracy of the antibody test before the test is performed. All testing site personnel shall be required to attest to having provided the above information. Furthermore, all individuals who are tested at the sites established by this article shall be given the results of this test in person. All sites providing antibody testing pursuant to this article shall have a protocol for referral for 24-hour inpatient and mental health services. All individuals awaiting test results and all persons to whom results are reported shall be informed of available crisis services and shall be directly referred, if necessary.

Each county, designated by the director, shall be required to submit a plan to the state department within 45 days after the effective date of this section which details where testing and pretest and posttest information and referral will be provided and the qualifications of the staff who will be performing the services required by this article. The state department shall make training available, especially to smaller counties.

(b) The state department shall establish a reimbursement process for counties within 30 days after the effective date of this section for

the following services:

(1) Informing test applicants on the test's reliability and validity.

(2) Administration of tests, analysis of test samples, and costs associated with the laboratory work required by this antibody test.

(3) Short-term information and referral sessions, of no more than one visit per person tested for the purpose of transmitting the person's test results and, as requested, for referral to available followup services.

The state department shall establish the amounts to be reimbursed for each of these services, but the amounts shall be established at a level to ensure that the purposes of this article are carried out. Reimbursements shall be made for each service provided.

(c) The state department may replace the test for the antibody to the probable causative agent for AIDS with a superior antibody test, as the state department deems appropriate.

(d) The director may grant a waiver to a county from the requirements of this article if the county petitions the director for the waiver and the director determines that the waiver is consistent with the purposes of this article.

(e) A participating county or the state department may accept grants, donations, and in-kind services for purposes of carrying out this article.

SEC. 5. Tests to be performed for the detection of antibodies to the probable causative agent for AIDS shall only be performed by laboratories specifically approved by the State Department of Health Services to perform this test.

SEC. 6. The sum of five million dollars ($5,000,000) is hereby appropriated from the General Fund to the State Department of Health Services for purposes of administering Article 8 (commencing with Section 1630) of Chapter 4 of Division 2 of the Health and Safety Code and making reimbursements to counties pursuant to Section 1632 of the Health and Safety Code. In addition, the state department shall use up to two hundred seventy-five thousand dollars ($275,000) of this appropriation for the development and procurement of materials about the antibody test, as set forth in Article 8, and for the distribution of this material for use in the alternative sites established pursuant to Article 8.

All federal moneys received by either the state department or by a county for the purposes enumerated in this section shall be used prior to the moneys appropriated by this section.

SEC. 6.7. Sections 2 and 3 of this act shall become operative 60 days after the effective date of this act or the date of the licensing of a test by the Federal Drug Administration to determine exposure to the antibodies to the probable causative agent of AIDS, whichever is later.

SEC. 7. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the

claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

SEC. 8. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Since a blood test to detect the antibodies to the probable causative agent of acquired immune deficiency syndrome has recently been licensed by the federal government, in order to safeguard the blood supply and to provide for a testing, information, and referral system for persons who suspect they may have been exposed to AIDS, it is necessary for this act to take effect immediately.

CHAPTER 24

An act to amend Section 9042 of the Business and Professions Code, relating to social workers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 3, 1985 Filed with Secretary of State April 4, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 9042 of the Business and Professions Code is amended to read:

9042. Each applicant shall furnish evidence satisfactory to the board that he or she complies with all of the following requirements:

(a) Is at least 21 years of age.

(b) Has received a master's degree from an accredited school of social work.

(c) Has had two years of full-time post-masters' experience, acceptable to the board, in the use of psychosocial and psychotherapeutic methods and measures in a hospital, clinic, or agency. One year of such experience shall have been in a hospital, clinic, or agency in which the applicant, under professional supervision or with professional consultation or both, has employed such methods or measures. The board may establish standards for equivalent means of meeting the requirements of this subdivision. Such standards shall insure that the performance of services authorized by Section 9047 by persons complying with such standards shall be done in a manner which protects the health and welfare of the persons receiving such services.

(d) Has not committed any crimes or acts constituting grounds for denial of licensure under Section 480.

(e) Has completed adequate instruction and training in the subject of alcoholism and other chemical substance dependency. This requirement applies only to applicants who matriculate on or after January 1, 1986.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to assure that the intent of the Legislature regarding the enactment of Chapter 1149 of the Statutes of 1984 is effectively carried out, it is necessary that this act go into immediate effect.

CHAPTER 25

An act to amend Section 19614.2 of the Business and Professions Code, relating to horseracing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 3, 1985 Filed with Secretary of State April 4, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 19614.2 of the Business and Professions Code is amended to read:

19614.2. (a) In addition to the amounts otherwise deducted pursuant to this chapter, the California Exposition and State Fair, or a district or county fair, or an association conducting its meeting pursuant to Section 19549.1, may deduct from the total amount handled in daily double, quiniela, exacta, and other multiple wagering pools approved by the board up to 3 percent thereof to be distributed as additional commissions and purses in the current year of the fair meet. Of the amount deducted, if any, 52 percent shall be distributed as additional purses and 48 percent shall be distributed as additional commissions.

(b) At least 30 days prior to the commencement of its meeting, the association shall file with the board a statement of the additional deduction to be made pursuant to subdivision (a). Except with the consent of the board the amount of the deduction shall not be changed during the course of the meeting.

(c) From the amount deducted for thoroughbred purses under subdivision (a), a sum equal to 13.33 percent thereof shall be held by the association to be paid as owners' premiums for California-breds winning at the meeting. The sum shall be deposited within seven days of the close of the meeting with the official registering agency of California thoroughbred racehorses in a depository approved by

the board. After deduction of expenses, not to exceed 5 percent, and approval of all the deductions by the board, the fund shall then be distributed on a prorated percentage basis of first moneys earned to the persons owning California-bred thoroughbreds at the time of their wins, in accordance with the qualifying standards specified in subdivision (c) of Section 19617.

(d) From the amount deducted for quarter horse purses under subdivision (a), a sum equal to 25 percent thereof shall be held by the association to be paid as owners' premiums for California-breds winning or placing at the meeting. The premiums shall be distributed within 30 days of the date on which the funds are received by the officially recognized organization designated to administer this subdivision on a prorated percentage basis of first and second place moneys earned to persons owning California-bred quarter horses at the time of their wins or places in races having a total purse value equal to or in excess of the average purse value for races, other than stakes races, won by California-bred horses during the previous year.

The board shall designate the officially recognized organizations representing quarter horse horsemen to administer this subdivision and to distribute premiums.

The organization may, with the approval of the board, make a deduction for expenses not to exceed 5 percent of the total awards fund.

(e) From the amount deducted for Appaloosa horse purses under subdivision (a), a sum equal to 13.33 percent thereof shall be held by the association to be paid as owner's premiums for California-breds winning at the meeting. The premiums shall be distributed within 30 days of the close of the meeting on a prorated percentage basis of first moneys earned to persons owning California-bred Appaloosa horses at the time of their wins in races having a total purse value in excess of the average purse value for races, other than stakes races, won by California-bred horses during the previous year. The board shall designate the officially recognized organization representing Appaloosa horsemen to administer this subdivision and to distribute premiums. The organization may, with the approval of the board, make a deduction for expenses not to exceed 5 percent of the total awards fund.

SEC. 2. This act shall become operative January 1, 1985.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the changes proposed by this act to be effective during the next racing season, it is necessary that the act take effect immediately.

CHAPTER 26

An act to add Title 14 (commencing with Section 95000) to, to repeal Sections 95004, 95005, and 95006 of, to repeal Article 2 (commencing with Section 95010) of Chapter 1 of Title 14 of, and to repeal Chapter 2 (commencing with Section 95030) and Chapter 3 (commencing with Section 95039) of Title 14 of, the Government Code, relating to individuals with exceptional needs, and making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 9, 1985 Filed with Secretary of State April 9, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Title 14 (commencing with Section 95000) is added to the Government Code, to read:

TITLE 14. CALIFORNIA EARLY INTERVENTION SERVICES ACT

CHAPTER 1. GENERAL PROVISIONS AND DEFINITIONS

Article 1. General Provisions

95000. This title may be cited as the California Early Intervention Services Act.

95001. The Legislature finds that handicapped and high-risk infants now survive the newborn period due to greatly improved surgical and medical care services; however, in many communities, services which provide the careful nurturing and stimulation that these infants need to develop to their potential are not available. The Legislature hereby finds and declares that individualized early intervention services for infants, who are at high risk or who have a handicapping condition, and for their families, which provide educational, developmental, health, and social services with active parent involvement, can significantly reduce the potential impact of many handicapping conditions and positively influence later development when the child reaches school age.

The Legislature further finds that infants have unique needs and therefore require both a unique service delivery model, which may be different from any system currently in place in California, and unique program and personnel standards specific to the needs of infants who are at high risk or who have a handicapping condition and their families.

The Legislature further acknowledges that early intervention services are cost-effective, in that these services frequently make productive citizens of children and eliminate the far greater costs of

long-term remedial treatment for, and unnecessary lifelong dependency on others.

95002. It is the intent of the Legislature that those agencies which possess the greatest expertise in providing early intervention services to infants and their families in the past continue to provide these services. It is the further intent of the Legislature that existing early intervention services rendered by state and local public agencies and private agencies be coordinated and maximized through interagency services with specific state and local government responsibilities.

95003. It is the intent of the Legislature that the State Department of Health Services, the State Department of Developmental Services, the State Department of Mental Health, the State Department of Social Services, and the State Department of Education work together to provide coordinated, interagency services to handicapped and high-risk infants and their families.

95004. It is the intent of the Legislature that the interagency task force established pursuant to this title not duplicate the effort of state or local agencies which are required to plan for or provide early intervention services.

This section shall become inoperative on July 1, 1988, and, as of January 1, 1989, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1989, deletes or extends the dates on which it becomes inoperative and is repealed.

95005. (a) It is the intent of the Legislature that recommendations regarding the delivery of early intervention services take into consideration the experience of the demonstration projects established pursuant to Chapter 3 (commencing with Section 95039), and that no changes in the delivery of those services occur without explicit legislative authorization.

(b) It is the purpose of this title to carry out and make effective the findings and intent of the Legislature and, to that end, to establish a comprehensive and coordinated system for delivery of early intervention services to infants and their families.

This section shall become inoperative on July 1, 1988, and, as of January 1, 1989, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1989, deletes or extends the dates on which it becomes inoperative and is repealed.

95006. It is the intent of the Legislature that early intervention services funded by state moneys shall be maintained at, or above, the 1984–85 fiscal year funding level.

This section shall become inoperative on July 1, 1988, and, as of January 1, 1989, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1989, deletes or extends the dates on which it becomes inoperative and is repealed.

Article 2. Definitions

95010. Unless the context otherwise requires, the definitions prescribed by this article apply to the construction of this title.

95011. "Crisis intervention services" means counseling and resource services provided to families of infants determined to be at risk by a physician or other qualified professional.

95012. "Early intervention services" means those educational, developmental, health, and social services which are essential for an infant's development. These services include, but are not limited to, early identification, evaluation, and assessment; early educational, developmental, and therapeutic services, including speech and language, physical, and occupational therapy, visual services, audiological services, crisis intervention services, and transportation services. Early intervention services also include services to the family which are essential to the infant's development, such as respite care, psychosocial support, health and nutritional consultation, and parent education. These services may vary in number and intensity, according to the individual infant and family as expressed in the individualized infant service plan. Early intervention services do not include surgical and hospitalization services, routine medical care, or residential care services.

95013. "Infant" means a child from the ages of birth to three years.

95014. Infants eligible for early intervention services provided by demonstration projects pursuant to this title are those who meet one of the following:

(a) Infants who have a handicapping condition as defined in paragraph (1) of Section 1401 of Title 20 of the United States Code, or in paragraph (7) of Section 6001 of Title 42 of the United States Code, as those provisions read on January 1, 1984.

(b) Infants who are at high risk of developing a handicapping condition, as defined in guidelines approved by the Secretary of Health and Welfare for inclusion in the request for proposals for demonstration projects. The guidelines shall conform to the eligibility guidelines utilized by the regional centers operated under the jurisdiction of the State Department of Developmental Services and the Maternal and Child Health Branch of the State Department of Health Services.

This article shall become inoperative on July 1, 1988, and, as of January 1, 1989, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1989, deletes or extends the dates on which it becomes inoperative and is repealed.

CHAPTER 2. INTERAGENCY TASK FORCE ON EARLY INTERVENTION SERVICES

95030. The infant subcommittee of the State Planning Grant Advisory Committee, which also serves as the early intervention

subcommittee of the Prevention Task Force of the State Health and Welfare Agency, shall serve as the Interagency Task Force on Early Intervention Services.

95031. Membership of the task force provided for in Section 95030 shall, when the task force acts pursuant to this title, include all of the following:

(a) At least two parents of children who have received or are receiving early intervention services.

(b) Public providers and private providers of health, developmental, and educational early intervention services.

(c) Representatives from the State Department of Education, the State Department of Health Services, the State Department of Developmental Services, the State Department of Mental Health, and the State Department of Social Services.

95032. Staff to the task force shall be selected by the Secretary of Health and Welfare and the Superintendent of Public Instruction, jointly, taking into consideration the recommendations of the task force named pursuant to Section 95030.

95033. The duties of the interagency task force shall include, but not be limited to, all of the following:

(a) The submission of recommendations pertaining to the operation of the interagency demonstration projects to the Secretary of Health and Welfare and the Superintendent of Public Instruction regarding all of the following:

(1) Interagency demonstration projects as provided in Section 95040. The interagency demonstration projects shall represent various administrative structures.

(2) Interagency monitoring, data collection, and program evaluation procedures.

(3) A definition of "high risk" which conforms with the eligibility guidelines utilized by the State Department of Health Services' Maternal and Child Health Branch and the regional centers operated under the jurisdiction of the State Department of Developmental Services.

(4) The need for waivers of state or federal law, as appropriate, to facilitate operation of the demonstration projects.

(b) On or before July 1, 1987, the submission of interim recommendations and on or before November 1, 1987, final recommendations to the Secretary of Health and Welfare and the Superintendent of Public Instruction regarding all of the following:

(1) A plan to avoid the duplication of the efforts of state and local agencies which have the responsibility to plan for or provide early intervention services.

(2) Procedures for assessing infant and family needs on a statewide basis, and for coordinating all available federal, state, and local resources to meet those needs.

(3) An interagency method of providing early intervention services to infants and their families.

(4) Procedures for assessing personnel needs on a statewide basis,

and strategies to meet those needs.

(5) Incentives to be offered for private sources to maintain present commitments and to assist in developing new programs.

(6) A uniform and appropriate system to ensure procedural safeguards, including, but not limited to, complaint filing and due process hearing procedures, for all infants and their parents who receive early intervention services.

(7) A procedure for the provision of technical assistance.

(8) A statewide standard for programs and personnel.

(9) A funding mechanism. It is the intent of the Legislature that this mechanism be developed with the cooperation of the Department of Finance and the Legislative Analyst.

(10) A structure to administer early intervention services which address the unique characteristics of the area served by the project.

(11) The need for waivers of federal law, as appropriate, to overcome barriers to interagency early intervention services.

(c) The evaluation of the interagency demonstration projects selected pursuant to Section 95039. The evaluation shall commence January 1, 1986, and shall be completed by January 1, 1988. The evaluation shall include, but not be limited to, a comparison of all of the following elements of the interagency demonstration projects:

(1) Administrative structure.

(2) Case management systems.

(3) Interagency coordination models.

(4) The efficiency of delivery systems.

(5) The potential for short-term and long-term cost savings to the departments listed in subdivision (c) of Section 95031.

95034. (a) The first meeting of the interagency task force shall be convened by the Secretary of Health and Welfare and the Superintendent of Public Instruction on or before April 15, 1985. The interagency task force shall meet at least six times each year.

(b) The interagency task force may consult with additional persons, advisory bodies, and government agencies, as necessary.

95035. (a) All members of the interagency task force shall serve without compensation, except that members, other than state employees, shall receive their actual and necessary expenses incurred in the performance of their duties and responsibilities, including traveling expenses, and except that travel expenses of state employees shall be incurred by their respective departments.

(b) Each department specified in subdivision (c) of Section 95031 shall delegate staff time and provide for necessary expenses from its existing budget for its staff members assisting the interagency task force.

(c) The expenses of members other than state employees shall be borne by the task force through its existing funds as of the effective date of this section.

95037. This chapter shall become inoperative on July 1, 1988, and, as of January 1, 1989, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1989, deletes or extends the

dates on which it becomes inoperative and is repealed.

CHAPTER 3. INTERAGENCY DEMONSTRATION PROJECTS

95039. The Secretary of Health and Welfare and the Superintendent of Public Instruction, or their designees, shall meet as necessary to do all of the following:

(a) Select interagency demonstration projects to receive funding as provided in Section 95040 by December 1, 1985.

(b) Review and act on recommendations of the interagency task force pursuant to Section 95033 as deemed appropriate.

(c) Prepare recommendations to the policy and fiscal committees of the Legislature and to the Governor. Interim recommendations shall be submitted by September 1, 1987, and final recommendations shall be submitted by January 1, 1988. These recommendations shall take into consideration the evaluation conducted pursuant to subdivision (c) of Section 95033 and the recommendations submitted by the interagency task force pursuant to Section 95033.

(d) Foster interagency coordination and commitment to provide early intervention services for infants and their families.

95040. (a) The interagency task force established pursuant to Chapter 2 (commencing with Section 95030) shall solicit proposals on or before July 15, 1985, for the establishment of interagency demonstration projects to be conducted from January 1, 1986, to June 30, 1988, inclusive, for the purpose of exploring effective means of coordinating and delivering interagency early intervention services for infants and their families within specific geographic boundaries. Both existing and new programs which serve handicapped and high-risk infants shall be eligible to be considered. The interagency task force shall submit recommendations to the Secretary of Health and Welfare and the Superintendent of Public Instruction regarding which proposals should receive funding pursuant to this chapter.

(b) Taking into consideration the recommendations submitted by the interagency task force pursuant to subdivision (a), the Secretary of Health and Welfare and the Superintendent of Public Instruction shall select three interagency demonstration projects to receive funding pursuant to this chapter. Both existing and new programs which serve handicapped and high-risk infants shall be eligible to be selected. In order to be eligible to receive funding pursuant to this chapter, an interagency demonstration project shall meet all of the requirements established in this chapter.

95041. (a) Interagency demonstration projects shall ensure that an interdisciplinary team, which includes the infant's parent or guardian, develops a service plan for each infant to meet the infant's educational, developmental, health, and social service needs. The plan shall be based on the assessment and recommendations of appropriately qualified professionals and of the infant's parent or guardian.

(b) Interagency demonstration projects shall provide early

intervention services through interagency coordination, and shall develop written procedures for the provision of those coordinated services. These procedures shall include, but not be limited to, all of the following:

(1) A description of existing public and private programs and early intervention services available to infants and their families within the area covered by the interagency demonstration project, including, but not limited to, the number of infants and their families served and the type of services provided.

(2) An assessment of any remaining unmet needs.

(3) A description of the intake procedure, including public awareness and outreach activities.

(4) A description of the case management system.

(5) A description of the process for coordinating all of the following:

(A) Referral services among agencies.

(B) Evaluation and assessment services.

(C) The development, implementation, and annual review of each infant's service plan by an interdisciplinary team.

(6) A description of placement alternatives, including programs which foster integration opportunities for infants and their families receiving early intervention services.

95042. (a) Each interagency demonstration project shall include the participation of local public agencies and private agencies representing health, mental health, social services, education, and developmental services, as appropriate, and parents of infants receiving or having received early intervention services. The local agencies participating in the demonstration project shall determine all of the following:

(1) A specific administrative structure to plan and maintain the coordination of services.

(2) The specific geographic area served by the interagency demonstration project.

(b) Each interagency demonstration project shall make the procedures developed pursuant to subdivision (b) of Section 95041 available to the public, including local governing boards and advisory committees.

95043. Each interagency demonstration project shall ensure that applicable requirements prescribed by the federal Education for All Handicapped Children Act of 1975 (20 U.S.C. Sec. 1232, P.L. 94-142), as amended, are established and maintained by the agencies providing early intervention services as part of the interagency demonstration project.

95044. Each interagency demonstration project shall submit a comprehensive written report to the interagency task force by June 1 of each year of operation. The report shall include, but not be limited to, recommendations regarding the implementation of coordinated interagency early intervention services. These recommendations shall include, but not be limited to, all of the

following:

(a) Identification of any barriers to coordination of services imposed by federal or state law, and recommended solutions to those barriers, including requests for waivers.

(b) Suggested definitions and eligibility criteria for early intervention services.

95045. (a) The sum of eighteen thousand five hundred dollars ($18,500) is hereby appropriated from the General Fund to the Secretary of Health and Welfare for the 1984–85 fiscal year for provision of administrative staff to the task force.

(b) The sum of twenty thousand dollars ($20,000) is hereby appropriated, without regard to fiscal years, from the General Fund to the Secretary of Health and Welfare for provision of a third party evaluation of the demonstration projects. These funds shall be available for encumbrance only during the 1985–86, 1986–87, and 1987–88 fiscal years.

(c) The sum of one hundred forty-five thousand dollars ($145,000) is hereby appropriated from the General Fund to the Secretary of Health and Welfare for the 1985–86 fiscal year as follows:

(1) Seventy thousand dollars ($70,000) for provision of administrative staff to the task force.

(2) Seventy-five thousand dollars ($75,000) for grants to the demonstration projects for provision of administrative staff.

(d) It is the intent of the Legislature that funds for provision of administrative staff to the task force and grants for the demonstration projects for provision of administrative staff be provided through appropriations in the Budget Act for the 1986–87 and 1987–88 fiscal years.

95046. This chapter shall become inoperative on July 1, 1988, and as of January 1, 1989, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1989, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide early intervention services for infants and their families at the earliest possible time, it is necessary for this act to take effect immediately.

CHAPTER 27

An act to amend Section 1636 of the Business and Professions Code, relating to dentistry, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 19, 1985 Filed with Secretary of State April 22, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1636 of the Business and Professions Code is amended to read:

1636. (a) Notwithstanding subdivision (b) of Section 1628, a person who has been issued a degree of doctor of dental medicine or doctor of dental surgery by a foreign dental school listed by the World Health Organization, or by a foreign dental school approved by the Board of Dental Examiners, shall be eligible for examination as provided in this section upon complying with subdivisions (a) and (c) of Section 1628 and furnishing all of the following documentary evidence satisfactory to the board, that:

(1) He or she has completed in a dental school or schools a resident course of professional instruction in dentistry for the full number of academic years of undergraduate courses required for graduation.

(2) Subsequent thereto, he or she has been issued by the dental school, a dental diploma or a dental degree, as evidence of the completion of the course of dental instruction required for graduation.

(b) An applicant who is a graduate of a foreign dental school accredited by a body which has a reciprocal accreditation agreement with any commission or accreditation agency whose findings are accepted by the board shall be exempt from the qualifying examination provided for in paragraph (2) of subdivision (c).

(c) Examination by the board of a foreign-trained dental applicant shall be a progressive examination given in the following sequence:

(1) Examination in writing which shall be comprehensive and sufficiently thorough to test the knowledge, skill, and competence of the applicant to practice dentistry, and both questions and answers shall be written in the English language.

The written examination may be the National Board of Dental Examiners' examination. A foreign-trained applicant who passes the written examination shall be permanently exempt from retaking the examination.

Those applicants who have passed the California written examination are permanently exempt from retaking any written examination, except any examination required for continuing education purposes.

(2) Demonstration of the applicant's skill in restorative technique. An applicant shall obtain a minimum grade of 75 percent in each subsection of the restorative technique examination to be deemed to have passed the examination. However, an applicant who obtains a grade of 85 percent in any subsection of the examination is exempt from retaking the subsection for two years following the

date of the examination in which a grade of 85 percent was obtained. Every applicant who passes the entire restorative technique examination is permanently exempt from retaking the examination.

(d) An applicant who has successfully completed the written examination and the restorative technique examination shall be eligible to take and shall pass the examinations in diagnosis-treatment planning, prosthetic dentistry, diagnosis and treatment of periodontics, and operative dentistry in the identical manner in which the examinations are taken by and administered to other dental applicants. Exemptions in the examinations shall be applied to foreign-trained applicants in the same manner as they are applied to other dental applicants.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This bill would require the State Board of Dental Examiners to interpret the law as it relates to exempting graduates of foreign dental schools in accordance with its past policies. In order to achieve its intended results, it is necessary that this act go into immediate effect.

CHAPTER 28

An act relating to education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 23, 1985 Filed with Secretary of State April 24, 1985.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that the Institute for Computer Technology, as California's first public institute devoted exclusively to education and training in computer technology, is unique, innovative, and a premier program in a pioneering state.

The Legislature further finds and declares that the Institute for Computer Technology has received equipment and services from private industry exceeding $800,000 in value, and constitutes an excellent model of partnership between public and private entities.

SEC. 2. The Legislative Analyst is directed to conduct an evaluation of the Institute for Computer Technology and, no later than September 6, 1985, to submit a report to the Legislature that shall address the following:

(a) The institute's operations, pursuant to the purposes set forth in Article 8 (commencing with Section 52480) of Chapter 9 of Part 28 of the Education Code.

(b) The level of private sector participation in, and support of, the operations of the institute.

(c) The feasibility of the institute's participation in the development and field testing of its curricula, and the training of teachers on a statewide basis.

SEC. 3. The sum of sixty thousand dollars ($60,000) is hereby appropriated from the General Fund to the Superintendent of Public Instruction for allocation to the Institute for Computer Technology for the 1984–85 fiscal year for the purposes set forth in Article 8 (commencing with Section 52480) of Chapter 9 of Part 28 of the Education Code.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the Institute for Computer Technology may be funded until June 30, 1985, to continue its unique role in providing education and training in the area of computer technology, it is necessary that this act take effect immediately.

CHAPTER 29

An act to amend Sections 13961.1, 13962, and 13965 of the Government Code, relating to victims of crimes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 25, 1985. Filed with Secretary of State April 26, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 13961.1 of the Government Code is amended to read:

13961.1. (a) An emergency award shall be available for a victim of a crime if any of the following occur as a result of the crime:

(1) The victim incurs loss of income or support.

(2) The victim requires emergency medical treatment.

(b) Emergency award application forms shall be provided by the board upon request of the applicant. The board shall make available the application forms through all means at its disposal.

(c) The board may grant an emergency award based solely on the application of the victim. Disbursements of emergency awards funds shall be made within 30 business days of application. The board may refuse to grant an emergency award where it has reason to believe that the applicant will not qualify for an award for assistance under this article. The board may delegate authority to designated staff persons, who will use guidelines established by the board, to grant emergency awards. By mutual agreement between the staff of the

board and the applicant or the applicant's representative, the staff of the board or the victim's representative may take additional 10-day periods to verify the emergency award claim and make payment.

(d) If the applicant does not complete the application for a grant or, if, upon final disposition of the victim's claim under this article, it is found that the victim is not eligible for assistance from the board, the victim shall reimburse the board for the emergency award pursuant to an agreed upon repayment schedule. If upon final disposition of the victim's application, the board grants assistance to the claimant, the amount of the emergency award shall be deducted from the final award of compensation granted to the victim; and, if the amount of the grant is less than the amount of the emergency award, the excess amount shall be repaid according to an agreed upon repayment schedule. Final disposition for the purposes of this section shall mean the final decision of the board with respect to the victim's application for assistance, before any appellate action is instituted. If an application for an emergency award is denied, the board shall notify the applicant in writing of the reasons for denial.

(e) The amount of the emergency award shall be dependent upon the immediate needs of the victim, as evidenced by the victim's loss of income or support and losses incurred as a direct result of the crime before filing or reasonably anticipated during the first 90 days after the initial filing of an application. In no event shall the amount of the emergency award exceed one thousand dollars ($1,000).

(f) The emergency award application shall require only the following:

(1) The name, address, and telephone number of the victim.

(2) A brief description of the nature and circumstances of the crime, including the date and location.

(3) The date the crime was reported to a law enforcement agency and the name and address of such agency.

(4) The name, address, and telephone number of the employer or self-employing entity, the loss of income or support to date and estimate of future loss.

(5) The nature of the injury and the name, address, and telephone number of medical providers and the cost of medical care incurred to date.

(6) A statement that in the event the victim is denied assistance under this article or the final award is less than the emergency award, the applicant will be required to repay the excess amount.

(7) The applicant's signature and a statement that the victim was a resident of the state on the date of the crime and that the information is supplied under penalty of perjury, violation of which is punishable by six months in the county jail.

(8) The board shall report to the Legislature annually on the advances which became uncollectible in prior years.

SEC. 2. Section 13962 of the Government Code is amended to read:

13962. (a) The staff of the board shall appoint a clerk to review

all applications for assistance in order to insure that they are complete. If the application is not complete, it shall be returned to the victim with a brief statement of the additional information required. The victim, within 30 days of receipt thereof, may either supply the additional information or appeal such action to the board which shall review the application to determine whether or not it is complete.

(b) If the application is accepted, it shall be verified promptly by the staff of the board. The verification process shall include sending supplemental forms to all hospitals, physicians, law enforcement officials and other interested parties involved, verifying the treatment of the victim, circumstances of the crime, amounts paid or received by or for the victim and other pertinent information as may be deemed necessary by the board. Verification forms shall be provided by the board and shall be returned to the board within 10 business days. The board shall include on the verification forms reference to this section with respect to the prompt return of the verification forms. The board, thereupon, shall consider the application at a hearing at a time and place of its choosing. The board shall notify all interested persons not less than five days prior to the date of the hearing. If the application is accepted by the board as fully verified, the board shall process the claim within 90 days, including payment on an approved claim.

(c) The victim shall cooperate with the staff of the board or the local victim center in the verification of the information contained in the application. Failure to cooperate shall be reported to the board, which, in its discretion, may reject the application on this ground alone.

(d) Hearings shall be held in various locations with the frequency necessary to provide for the speedy adjudication of the applications. If the applicant's presence is required at the hearing, the board shall consider convenience to the applicant in scheduling the locations. If necessary, the board shall delegate the hearing of applications to hearing examiners.

(e) The board may contract with local victim centers to provide verification of claims processed by the centers pursuant to conditions stated in subdivision (b).

SEC. 3. Section 13965 of the Government Code is amended to read:

13965. (a) If the application for assistance is approved, the board shall determine what type of state assistance will best aid the victim. The board may take any or all of the following actions:

(1) Authorize a cash payment to or on behalf of the victim equal to the pecuniary loss attributable to medical or medical-related expenses directly resulting from the injury.

(2) Authorize a cash payment to the victim equal to the pecuniary loss resulting from loss of wages or support directly resulting from the injury.

(3) Authorize cash payments to or on behalf of the victim for job

retraining or similar employment-oriented rehabilitative services.

(4) The total award to or on behalf of the victim shall not exceed twenty-three thousand dollars ($23,000).

(b) Assistance granted pursuant to this article shall not disqualify an otherwise eligible victim from participation in any other public assistance program.

(c) Cash payments made pursuant to this article may be on a one-time or periodic basis. If periodic, the board may increase, reduce, or terminate the amount of assistance according to need, subject to the maximum limit of twenty-three thousand dollars ($23,000).

(d) The board may also authorize payment of attorney's fees representing the reasonable value of legal services rendered to the applicant, but not to exceed 10 percent of the amount of the award, or five hundred dollars ($500), whichever is less.

(e) No attorney shall charge, demand, receive, or collect any amount for services rendered in connection with any proceedings under this article except as awarded under this section.

(f) The maximum cash payments authorized in subdivision (a) shall be increased to forty-six thousand dollars ($46,000) if federal funds for such increases are available.

SEC. 4. The provisions of Sections 1 and 3 of this act shall be given retroactive effect to January 1, 1985, so that claims of victims filed between that date and the effective date of this act shall not be prejudiced by the changes in law occurring during that period.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to restore provisions establishing necessary emergency award procedures and more complete restitution of victims of violent crimes for losses suffered as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 30

An act to amend Sections 1140, 1142, 1177, 1180, 1181, 1182, 1183, 1200, and 1202 of, and to add Section 1142.5 to, the Harbors and Navigation Code, relating to pilots, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 25, 1985. Filed with Secretary of State April 26, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1140 of the Harbors and Navigation Code is amended to read:

1140. (a) It is the intent of the Legislature to provide for a unified system of state regulated bar and inland pilotage for the Bays of San Francisco, San Pablo, and Suisun.

(b) In order to carry out the unification of pilotage without interfering with the employment of presently operating inland pilots, those pilots operating as inland pilots may continue to do so in accordance with Section 1142, but it is the intent of the Legislature that no person shall hold both a pilot license and an inland pilot license concurrently.

(c) The Legislature finds and declares that unified pilotage will be beneficial to the safety of people, vessels, and property using those bays.

(d) The Legislature further finds and declares that unified systems of regulated pilotage are common to the ports of the world and are most familiar to, and best able to serve, both foreign and domestic vessels.

SEC. 2. Section 1142 of the Harbors and Navigation Code is amended to read:

1142. (a) The board shall issue an inland pilot license to those existing inland pilots who apply for the license on or before March 31, 1985.

(b) Each inland pilot license shall be for a period of one year and may be renewed upon application and the applicant's passing of the physical examination required in Section 1176.

(c) An inland pilot license shall not be renewed if the pilot possessing the license does not actively pilot vessels for any consecutive period of one year, unless the board determines that the pilot has presented satisfactory proof of medical disability during that period or unless the board has granted the pilot a leave of absence without pay during that period.

(d) An inland pilot shall at all times hold an active and proper license to pilot vessels on the waters on which the pilot operates.

(e) The board may revoke or suspend the license of any inland pilot who does not use proper equipment or who operates on territorial waters not described in the license. The suspension or revocation of licenses under this section is governed by Article 2 (commencing with Section 1180) of Chapter 4.

SEC. 2.5. Section 1142.5 is added to the Harbors and Navigation Code, to read:

1142.5. An existing inland pilot may apply for both a pilot license under Section 1141 and an inland pilot license under Section 1142. If the applicant qualifies for both, the board shall issue a pilot license. The applicant may, however, surrender the pilot license and receive in lieu thereof an inland pilot license. The surrendered pilot license may not be reissued to the applicant once surrendered.

SEC. 3. Section 1177 of the Harbors and Navigation Code is amended to read:

1177. On or before March 31, 1985, all pilots licensed pursuant to this division, other than pilots retiring not later than December 31, 1988, shall have proper federal endorsements allowing them to pilot on the high seas and on all waters of the Bays of San Francisco, San Pablo, and Suisun and the tributaries thereof, except for the Ports of Sacramento and Stockton.

SEC. 4. Section 1180 of the Harbors and Navigation Code is amended to read:

1180. When, in the opinion of the board, there is reasonable cause to believe that the public interest requires that a pilot or inland pilot be summarily suspended pending hearing on charges of misconduct which include any of the causes for suspension or revocation specified in Section 1181 or when the board has information which leads it to believe that a pilot or inland pilot has become unable to comply with the standards of health or physical condition requisite to a pilot's or inland pilot's duties, the board may, without hearing, temporarily suspend the license of the pilot or inland pilot for not exceeding 40 days pending hearing and decision on the charges. Unless an accusation on the charge is served on the pilot or inland pilot as provided in Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, prior to the close of the sixth day after the suspension becomes effective, the temporary suspension terminates at the close of the sixth day.

SEC. 5. Section 1181 of the Harbors and Navigation Code is amended to read:

1181. The license of a pilot or inland pilot may be revoked or suspended before its expiration only for any of the following reasons:

(a) Neglect, for 30 days after it becomes due, to render an account to the board of all money received for pilotage.

(b) Neglect, for 30 days after it becomes due, to pay over to the board the 5 percent of all pilotage money received.

(c) Rendering to the board a false account of pilotage received.

(d) Absence from duty for more than one month at any one time without leave granted by the board, unless sickness or personal injury causes the absence. This subdivision does not apply to inland pilots.

(e) Refusing to exhibit the pilot or inland pilot license when requested to do so by the master of any vessel boarded.

(f) Intoxication or being under the influence of any substance or combination of substances which so affects the nervous system, brain, or muscles as to impair, to an appreciable degree, the ability to conduct the duties of a pilot or inland pilot while on duty.

(g) Negligently, ignorantly, or willfully running any vessel on shore, or otherwise rendering it liable to damage, or otherwise causing injury to persons or damage to property.

(h) Willful violation of the rules and regulations adopted by the board for the government of pilots or inland pilots.

(i) Inability to comply with the standards of health or physical condition requisite to the duties of a pilot or inland pilot, but in that case the burden of proving compliance with these standards is upon

the licensee, unless prior to the hearing the licensee takes and passes those physical tests or examinations as would be required under the rules of the board upon application for renewal of the license.

SEC. 6. Section 1182 of the Harbors and Navigation Code is amended to read:

1182. If, after a hearing, the board finds that the pilot or inland pilot is guilty of any misconduct sufficient for deprivation of the license, the board shall revoke or suspend the license of the pilot or inland pilot. The order shall be entered of record in the minutes by the secretary. The proceedings shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the board shall have all the powers granted therein.

SEC. 7. Section 1183 of the Harbors and Navigation Code is amended to read:

1183. Upon notification of nonrenewal of the license, a pilot or inland pilot is entitled to a trial and hearing in the same manner that other charges and accusations against pilots and inland pilots are tried.

In every case of nonrenewal, suspension, or revocation of the license of a pilot or inland pilot for cause, the final decision of the board is subject to judicial review in accordance with law, and the court shall exercise its independent judgment on the evidence.

SEC. 8. Section 1200 of the Harbors and Navigation Code is amended to read:

1200. The board shall make recommendations to the Legislature on the rates for pilotage which should be established pursuant to Sections 1190 to 1193, inclusive.

The board shall, from time to time, review pilotage expenses and establish guidelines for the evaluation and application of these expenses regarding its recommendations for adjustments in rates.

SEC. 9. Section 1202 of the Harbors and Navigation Code is amended to read:

1202. Public hearings for the purpose of investigating pilotage rates shall be conducted in accordance with the Bagley-Keene Open Meeting Act, Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code and a full record shall be kept of all evidence offered.

This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Existing law, enacted in 1984, provides for a unified system of state regulated bar and inland pilotage for the Bays of San Francisco, San Pablo, and Suisun with provision for the continuation of inland pilots licenses for those existing inland pilots who apply for those licenses prior to March 31, 1985. In order to clarify these laws to make certain that the provisions relating to suspension and revocation of licenses continue to apply to this category of pilot, and in order to include

drug abuse as a ground for suspension or revocation, it is necessary that this act take effect immediately.

CHAPTER 31

An act to amend Section 65962 of the Government Code, to amend Sections 33413 and 37913 of the Health and Safety Code, to add Chapter 6 (commencing with Section 22675) to Part 2 of Division 15 of, and to repeal the heading of Chapter 6 of Part 2 of Division 15 of, the Streets and Highways Code, relating to local government, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 25, 1985. Filed with Secretary of State April 26, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 65962 of the Government Code is amended to read:

65962. (a) As used in this section, "local agency" means a city, county, city and county, a school district, and special district.

(b) Any action adopting a fee or charge, or increasing a fee or charge adopted, upon a single family or multifamily development project, as defined in Section 65928, which applies to the filing, accepting, reviewing, approving, or issuing of an application, permit, or entitlement to use shall be enacted in accordance with the procedure specified in Sections 54986 and 54992 and shall be effective no sooner than 60 days following the final action on the adoption of the fee or charge or increase in the fee or charge.

(c) Without following the procedure otherwise required for the adoption of a fee or charge, or increasing a fee or charge, the legislative body of a local agency may adopt an urgency measure as an interim authorization for a fee or charge, or increase in a fee or charge, to protect the public health, welfare and safety. The interim authorization shall require four-fifths vote of the legislative body for adoption. The interim authorization shall have no force or effect 30 days after its adoption. The interim authority shall contain findings describing the current and immediate threat to the public health, welfare and safety. After notice and public hearing pursuant to Sections 54986 and 54992, the legislative body may extend the interim authority for an additional 30 days. Not more than two extensions may be granted. Any extension shall also require a four-fifths vote.

SEC. 2. Section 33413 of the Health and Safety Code is amended to read:

33413. (a) Whenever dwelling units housing persons and families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project, the agency shall, within four years of the

destruction or removal, rehabilitate, develop, or construct, or cause to be rehabilitated, developed, or constructed, for rental or sale to persons and families of low or moderate income, an equal number of replacement dwelling units at affordable housing cost within the project area or within the territorial jurisdiction of the agency.

(b) (1) At least 30 percent of all new or rehabilitated dwelling units developed within the project area by an agency shall be available at affordable housing cost to persons and families of low or moderate income. Not less than 50 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low-income households.

(2) At least 15 percent of all new or rehabilitated dwelling units developed within the project area by public or private entities or persons other than the agency shall be available at affordable housing cost to persons and families of low or moderate income. Not less than 40 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing cost to very low-income households.

(3) The requirements of this subdivision shall apply in the aggregate to housing in the project area and not to each individual case of rehabilitation, development, or construction of dwelling units.

(c) The agency shall require that the aggregate number of dwelling units rehabilitated, developed, or constructed pursuant to subdivision (a) or (b) remain available at affordable housing cost to persons and families of low or moderate income and very low-income households, respectively, for not less than the period of the land use controls established in the redevelopment plan.

(d) (1) This section applies only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) on or after January 1, 1976, and to areas which are added to a project area by amendment to a final redevelopment plan adopted on or after January 1, 1976. However, any agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project of the agency for which the final redevelopment plan was adopted prior to January 1, 1976.

(2) An agency may, by resolution, elect to require that whenever dwelling units housing persons or families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project, the agency shall replace each dwelling unit with up to two replacement dwelling units pursuant to subdivision (a).

(e) Except as otherwise authorized by law, this section does not authorize an agency to operate a rental housing development beyond the period reasonably necessary to sell or lease the housing development.

SEC. 3. Section 37913 of the Health and Safety Code is amended to read:

37913. Local agencies operating rehabilitation programs pursuant to this part shall submit a report to the California Debt Advisory Commission pursuant to the requirements of Section 8855.5 of the Government Code.

Local agencies may contract with the Department of Housing and Community Development for technical assistance in the operation of rehabilitation programs conducted pursuant to this part.

SEC. 4. The heading of Chapter 6 of Part 2 of Division 15 of the Streets and Highways Code, immediately following Section 22663 of the Streets and Highways Code, is repealed.

SEC. 5. Chapter 6 (commencing with Section 22675) is added to Part 2 of Division 15 of the Streets and Highways Code, to read:

CHAPTER 6. CLAIMS AND ACTIONS

22675. The validity of an assessment levied under this part for the purpose of raising revenue necessary to pay the debt service on bonds issued pursuant to Section 22662.5 shall not be contested in any action or proceeding, unless the action or proceeding is commenced within 30 days after the initial assessment is levied. Any appeal from a final judgment in the action or proceeding shall be perfected within 30 days after the entry of judgment.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to promote the production of housing and related facilities as soon as possible, it is necessary for this act to take effect immediately.

CHAPTER 32

An act to amend Section 1138.1 of the Probate Code, relating to powers of courts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 7, 1985. Filed with Secretary of State May 7, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1138.1 of the Probate Code is amended to read:

1138.1. (a) A trustee, beneficiary, or remainderman may petition the superior court for any of the following purposes:

(1) Determining to whom the property shall pass or be delivered

upon final or partial termination of the trust, to the extent such determination is not concluded by the trust instrument.

(2) Settling the accounts and passing upon the acts of the trustee.

(3) Authorizing the trustee to accept additions to the trust when the trust instrument does not prohibit such additions.

(4) Instructing the trustee.

(5) Compelling the trustee to submit his accounts and report his acts as trustee to a beneficiary or remainderman when it appears that the trustee has failed to submit an accounting and report within 60 days after written request of a beneficiary or remainderman and no accounting and report has been made within six months preceding such request.

(6) Granting to the trustee powers not expressly contained in the trust instrument to the extent provided in Section 1120.2.

(7) Fixing, directing, or allowing payment of compensation to the trustee in accordance with Section 2274 of the Civil Code.

(8) Appointing a trustee.

(9) Accepting the resignation of a trustee.

(10) Removing a trustee.

(11) Authorizing or directing removal of the trusts or assets of the trust to another jurisdiction pursuant to the procedure provided in Article 3 (commencing with Section 1139) of Chapter 19 of Division 3.

(12) Directing the relief provided in Section 2279.1 of the Civil Code.

(13) Amending or conforming the trust instrument in the manner required to qualify the decedent's estate for the charitable estate tax deduction permitted by federal law, including the addition of mandatory governing instrument requirements for a charitable remainder trust as required by final regulations and rulings of the United States Internal Revenue Service, in any case in which all parties interested in the trust have submitted written agreements to the proposed changes or written disclaimer of interest.

(14) Dividing a trust into two or more separate trusts upon good cause shown and with the consent of all parties in interest.

(b) The terms of a trust subject to this article may expressly or by necessary implication limit or eliminate the authority of any trustee, beneficiary, remainderman or other person to petition the court under this article for any one or more of the purposes enumerated in subdivision (a).

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify the powers of courts to divide trusts because of the reluctance of some courts to so act in the absence of specific statutory authority, it is necessary that this act take effect immediately.

CHAPTER 33

An act to amend Section 2982 of the Civil Code, relating to consumer loans, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 7, 1985. Filed with Secretary of State May 7, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 2982 of the Civil Code is amended to read:

2982. Every conditional sale contract subject to this chapter shall contain the disclosures required by Regulation Z whether or not Regulation Z applies to the transaction. In addition, to the extent applicable, the contract shall contain the other disclosures and notices required by, and shall satisfy the requirements and limitations of, this section. The disclosures required by subdivision (a) may be itemized or subtotaled to a greater extent than as required by that subdivision and shall be made together and in the sequence set forth in that subdivision. All other disclosures and notices may appear in the contract in any location or sequence and may be combined or interspersed with other provisions of the contract.

(a) The contract shall contain the following disclosures, as applicable, which shall be labeled "itemization of the amount financed":

(1) (A) The cash price, exclusive of document preparation fees, taxes imposed on the sale, pollution control certification fees, and the amount charged for a service contract.

(B) The fee to be retained by the seller for document preparation.

(C) The fee charged by the seller for certifying that the motor vehicle complies with applicable pollution control requirements.

(D) Taxes imposed on the sale.

(E) The amount charged for a service contract.

(F) The total cash price, which is the sum of subparagraphs (A) to (E), inclusive.

(2) An itemization of the amounts to be paid to any public officer for license, certificate of title, and registration.

(3) The aggregate amount of premiums agreed, upon execution of the contract, to be paid for policies of insurance included in the contract, excluding the amount of any insurance premium included in the finance charge.

(4) The amount of the state fee for issuance of a certificate of compliance, noncompliance, or waiver pursuant to any applicable pollution control statute.

(5) A subtotal representing the sum of the foregoing items.

(6) The amount of the buyer's downpayment itemized to show the following:

(A) The net agreed value of the property being traded in.

(B) The amount of any portion of the downpayment to be deferred until not later than the due date of the second regularly scheduled installment under the contract and which is not subject to a finance charge.

(C) The amount of any manufacturer's rebate applied or to be applied to the downpayment.

(D) The remaining amount paid or to be paid by the buyer as a downpayment.

(7) The amount of any administrative finance charge, labeled "prepaid finance charge."

(8) The difference between item (5) and the sum of items (6) and (7), labeled "amount financed."

(b) No particular terminology is required to disclose the items set forth in subdivision (a) except as therein expressly provided.

(c) If payment of all or a portion of the downpayment is to be deferred, the deferred payment shall be reflected in the payment schedule disclosed pursuant to Regulation Z.

(d) If the downpayment includes property being traded in, the contract shall contain a brief description of that property.

(e) The contract shall contain the names and addresses of all persons to whom the notice required under Section 2983.2 and permitted under Sections 2983.5 and 2984 is to be sent.

(f) (1) Where the contract includes a finance charge determined on the precomputed basis, the contract shall identify the method of computing the unearned portion of the finance charge in the event of prepayment in full of the buyer's obligation and contain a statement of the amount or method of computation of any charge that may be deducted from the amount of any such unearned finance charge in computing the amount that will be credited to the obligation or refunded to the buyer. Reference to the Rule of 78's, the sum of the digits, the sum of the periodic time balances or the actuarial method shall constitute a sufficient identification of the method of computing the unearned portion of the finance charge.

(2) Where the contract includes a finance charge which is determined on the simple-interest basis but provides for a minimum finance charge in the event of prepayment in full, the contract shall contain a statement of that fact and the amount of the minimum finance charge or its method of calculation.

(g) (1) Where the contract includes a finance charge which is determined on the precomputed basis and provides that the unearned portion of the finance charge to be refunded upon full prepayment of the contract is to be determined by a method other than actuarial, the contract shall contain a notice, in at least 10-point bold type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a

partial refund of the finance charge if it is $1 or more. Because of the way the amount of this refund will be figured, the time when you prepay could increase the ultimate cost of credit under this agreement. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(2) Where the contract includes a finance charge which is determined on the precomputed basis and provides for the actuarial method for computing the unearned portion of the finance charge upon prepayment in full, the contract shall contain a notice, in at least 10-point bold type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is $1 or more. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(3) Where the contract includes a finance charge which is determined on the simple-interest basis, the contract shall contain a notice, in at least 10-point bold type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(h) The contract shall contain a notice, in at least 8-point bold type if the contract is printed, that complaints concerning unfair or deceptive practices or methods by the seller shall be referred to the seller and, if the complaint is not resolved, may be referred to the Department of Motor Vehicles, Division of Compliance, 2570 24th Street, Sacramento, 95818.

(i) (1) The contract shall contain an itemization of any insurance included as part of the amount financed disclosed pursuant to paragraph (3) of subdivision (a) and of any insurance included as part of the finance charge. The itemization shall identify the type of insurance coverage and the premium charged therefor, and, if the insurance expires before the date of the last scheduled installment included in the repayment schedule, the term of the insurance shall be stated.

(2) If any charge for insurance (other than for credit life or disability) is included in the contract balance and disbursement of any part thereof is to be made more than one year after the date of the conditional sale contract, any finance charge on the amount to

be disbursed after one year shall be computed from the month the disbursement is to be made to the due date of the last installment under the conditional sale contract.

(j) (1) The dollar amount of the disclosed finance charge shall not exceed the greater of:

(A) (i) One and one-half percent on so much of the unpaid balance as does not exceed two hundred twenty-five dollars ($225), 1 ⅙ percent on so much of the unpaid balance in excess of two hundred twenty-five dollars ($225) as does not exceed nine hundred dollars ($900), ⅚ of 1 percent on so much of the unpaid balance in excess of nine hundred dollars ($900) as does not exceed one thousand six hundred fifty dollars ($1,650), and $^{13}/_{24}$ of 1 percent on that portion of the unpaid balance which exceeds one thousand six hundred fifty dollars ($1,650), or

(ii) One percent of the entire unpaid balance; multiplied in either case by the number of months (computed on the basis of a full month for any fractional month period in excess of 15 days) elapsing between the date of the contract and the due date of the last installment; or

(B) If the finance charge is determined by the precomputed basis, twenty-five dollars ($25); or

(C) If the finance charge or a portion thereof is determined by the simple-interest basis:

(i) Twenty-five dollars ($25) if the unpaid balance does not exceed one thousand dollars ($1,000), (ii) fifty dollars ($50) if the unpaid balance exceeds one thousand dollars ($1,000) but does not exceed two thousand dollars ($2,000), or (iii) seventy-five dollars ($75) if the unpaid balance exceeds two thousand dollars ($2,000).

(2) The holder of the contract shall not charge, collect or receive a finance charge which exceeds the disclosed finance charge, except to the extent (A) caused by the holder's receipt of one or more payments under a contract which provides for determination of the finance charge or a portion thereof on the 365-day basis at a time or times other than as originally scheduled whether or not the parties enter into an agreement pursuant to Section 2982.3, (B) permitted by paragraph (2), (3), or (4) of subdivision (c) of Section 226.17 of Regulation Z, or (C) permitted by subdivisions (a) and (c) of Section 2982.8.

(3) If the finance charge or a portion thereof is determined by the simple-interest basis and the amount of the unpaid balance exceeds five thousand dollars ($5,000), the holder of the contract may, in lieu of its right to a minimum finance charge under subparagraph (C) of paragraph (1), charge, receive, or collect on the date of the contract an administrative finance charge not to exceed seventy-five dollars ($75), provided that the sum of any such administrative finance charge and the portion of the finance charge determined by the simple-interest basis shall not exceed the maximum total finance charge permitted by subparagraph (A) of paragraph (1). Any administrative finance charge which is charged, received or

collected by a holder shall be deemed a finance charge earned on the date of the contract.

(4) When a contract provides for unequal or irregular payments, or payments on other than a monthly basis, the maximum finance charge shall be at the effective rate provided for in paragraph (1), having due regard for the schedule of installments.

(k) The contract may provide that for each installment in default for a period of not less than 10 days the buyer shall pay a delinquency charge in an amount not to exceed in the aggregate 5 percent of the delinquent installment, which amount may be collected only once on any installment regardless of the period during which it remains in default. Payments timely received by the seller under an extension or deferral agreement shall not be subject to a delinquency charge. The contract may provide for reasonable collection costs and fees in the event of delinquency.

(*l*) Notwithstanding any provision of a contract to the contrary, the buyer may pay at any time before maturity the entire indebtedness evidenced by the contract without penalty. In the event of prepayment in full:

(1) If the finance charge was determined on the precomputed basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, provided, however, that the buyer shall be entitled to a refund credit in the amount of the unearned portion of the finance charge, except as provided in paragraphs (3) and (4). The amount of the unearned portion of the finance charge shall be at least as great a proportion of the finance charge, including any additional finance charge imposed pursuant to Section 2982.8 or other additional charge imposed because the contract has been extended, deferred or refinanced, as the sum of the periodic monthly time balances payable more than 15 days after the date of prepayment bears to the sum of all the periodic monthly time balances under the schedule of installments in the contract or, if the contract has been extended, deferred or refinanced, as so extended, deferred or refinanced. Where the amount of the refund credit is less than one dollar ($1), no refund credit need be made by the holder. Any refund credit may be made in cash or credited to the outstanding obligations of the buyer under the contract.

(2) If the finance charge or a portion thereof was determined on the simple-interest basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, including any earned finance charges which are unpaid as of that date and, if applicable, the amount provided in paragraph (3), and provided further that in cases where a finance charge is determined on the 360-day basis, the payments theretofore received will be assumed to have been received on their respective due dates regardless of the actual dates on which such payments were received.

(3) Where the minimum finance charge provided by subparagraph (B) or subparagraph (C) of paragraph (1) of subdivision (j), if either is applicable, is greater than the earned

finance charge as of the date of prepayment, the holder shall be additionally entitled to the difference.

(4) The provisions of this subdivision shall not impair the right of the seller or the seller's assignee to receive delinquency charges on delinquent installments and reasonable costs and fees as provided in subdivision (k) of this section or extension or deferral agreement charges as provided in Section 2982.3.

(5) Notwithstanding any provision of a contract to the contrary, whenever the indebtedness created by any contract is satisfied prior to its maturity through surrender of the motor vehicle, repossession of the motor vehicle, redemption of the motor vehicle after repossession, or any judgment, the outstanding obligation of the buyer shall be determined as provided in paragraph (1) or (2); provided further that the buyer's outstanding obligation shall be computed by the holder as of the date the holder recovers the value of the motor vehicle through disposition thereof or judgment is entered or, if the holder elects to keep the motor vehicle in satisfaction of the buyer's indebtedness, as of the date the holder takes possession of the motor vehicle.

(m) Notwithstanding any other provision of this chapter to the contrary, any information required to be disclosed in a conditional sale contract under this chapter may be disclosed in any manner, method, or terminology required or permitted under Regulation Z, as in effect at the time such disclosure is made, except that permitted by paragraph (2) of subdivision (c) of Section 226.18 of Regulation Z, provided that all of the requirements and limitations set forth in subdivision (a) of this section are satisified. Nothing contained in this chapter shall be deemed to prohibit the disclosure in such contract of additional information required or permitted under Regulation Z, as in effect at the time such disclosure is made.

(n) If the seller imposes a fee for document preparation, the contract shall contain a disclosure that such fee is not a governmental fee.

(o) No seller may impose an application fee for a transaction governed by this chapter.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Due to the anticipation and reliance by the industry upon the enactment of those provisions, which were approved by the Governor (Ch. 710, Stats. 1984) but then chaptered out (Ch. 1114, Stats. 1984), and the need to remedy confusion in finance charges on certain installment contracts, it is necessary for this act to take effect immediately.

CHAPTER 34

An act to add Section 13982 to, and to repeal Sections 13982 and 13982.5 of, the Health and Safety Code, relating to the Fire Protection District Law of 1961, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 7, 1985. Filed with Secretary of State May 7, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 13982 of the Health and Safety Code is repealed.

SEC. 2. Section 13982 is added to the Health and Safety Code, to read:

13982. If the board of supervisors finds that the statements in the petition are correct, it may make an order describing the exterior boundaries of the territory included within the district, as determined by the board, and may order that the territory be organized as a district under this part.

SEC. 3. Section 13982.5 of the Health and Safety Code is repealed.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Chapter 80 of the Statutes of 1984 inadvertently amended the Fire Protection District Law of 1961 to permit an inappropriate number of signatures on a petition to cause a reorganization of large special districts. In order to remedy this situation at the earliest possible time, it is necessary for this act to take effect immediately.

CHAPTER 35

An act to add Section 30105 to the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor May 7, 1985. Filed with Secretary of State May 7, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 30105 is added to the Revenue and Taxation Code, to read:

30105. The taxes imposed by this part shall not apply to the sale of cigarettes by the original importer to a licensed distributor if the cigarettes are manufactured outside the United States.

SEC. 2. This act provides for a tax levy within the meaning of

Article IV of the Constitution and shall go into immediate effect.

CHAPTER 36

An act to amend Sections 2881 and 4531 of the Business and Professions Code, relating to the Board of Vocational Nurse and Psychiatric Technician Examiners.

[Approved by Governor May 7, 1985. Filed with Secretary of State May 7, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 2881 of the Business and Professions Code is amended to read:

2881. An accredited school of vocational nursing is one which has been approved by the Board of Vocational Nurse and Psychiatric Technician Examiners, gives a course of instruction in vocational nursing of not less than 1530 hours or 50 semester units approved by the board pursuant to Section 2882 whether the same be established by the State Board of Education, other educational institutions, or other public or private agencies or institutions and is affiliated or conducted in connection with one or more hospitals.

One hour of instruction for purposes of computing the total hours of instruction or for calculating semester units as specified in this section shall consist of not less than 50 minutes of actual class time.

SEC. 2. Section 4531 of the Business and Professions Code is amended to read:

4531. The course of instruction of an accredited school shall consist of not less than the number of hours or semester units of instruction required for the other program administered by the board. The subjects of instruction shall include the principles of the care of the mentally disabled and the developmentally disabled. Clinical inpatient experience shall be an integral part of that prescribed or equivalent course of study and training. The experience shall be obtained in a state hospital, except where the board finds that the requirement is not feasible due either to the distance of a state hospital from the school or the unavailability, as determined by the Department of Developmental Services or the Department of Mental Health, of state hospital clinical training placements.

CHAPTER 37

An act to add Section 938.7 to the Unemployment Insurance Code, relating to unemployment, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 7, 1985. Filed with Secretary of State May 7, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 938.7 is added to the Unemployment Insurance Code, to read:

938.7. "Wages," does not include any payment made by an employer to a survivor, or the estate of a former employee, after the calendar year in which the employee died.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to prevent inappropriate withholding from the income earned by deceased persons, as soon as possible, this act shall go into immediate effect.

CHAPTER 38

An act to amend and renumber Section 1463.03 of the Penal Code, and to amend Section 5536 of the Public Resources Code, relating to parks and recreation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 13, 1985. Filed with Secretary of State May 13, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1463.03 of the Penal Code, as added by Chapter 991 of the Statutes of 1984 is amended and renumbered to read:

1463.05. Notwithstanding Section 1463, out of moneys deposited with the county treasurer pursuant to Section 1463, there shall be transferred once a month, to the treasurer of any recreation and park district in the county for deposit in the district fund, an amount equal to 50 percent of all fines and forfeitures collected during the preceding month upon conviction of any person or upon the forfeiture of bail from any person arrested or notified by a peace officer of the district and charged with a violation of any rule, regulation, or ordinance of the district committed on property

owned, administered, or controlled by the district, and an amount equal to the remaining 50 percent shall be transferred into the general fund of the county.

SEC. 2. Section 5536 of the Public Resources Code is amended to read:

5536. (a) The board shall establish rules for its proceedings.

(b) The board may provide, by ordinance or resolution, that each of its members may receive an amount not to exceed one hundred dollars ($100) per day for each attendance at a meeting of the board. For purposes of this section, a meeting of the board includes, but is not limited to, closed sessions of the board, board field trips, district public hearings, or meetings of a committee of the board. The maximum compensation allowable to a board member on any given day shall be one hundred dollars ($100). Board members shall not receive any other compensation, and no board member shall receive more than five hundred dollars ($500) compensation under this section in any one calendar month. A board member may elect to waive the per diem. In addition, the board may provide, by ordinance or resolution, that each of its members not otherwise eligible for an employer-paid or partially employer-paid group medical or group dental plan, or both, may participate in any of those plans available to permanent employees of the district on the same terms available to those district employees or on terms and conditions as the board may determine. A board member who elects to participate in any plan may also elect to have the premium for the plan charged against his or her per diem and may further elect to waive the balance of the per diem.

(c) The board shall fill all vacancies on the board, including those caused by the death or resignation of a member, or the establishment of new wards; but, whenever a vacancy exists for 30 days, the Governor shall fill the vacancy. The person appointed to fill any vacancy shall hold office for the remainder of the unexpired term of his or her predecessor; except that, in the case of newly created wards, the directors shall, prior to making appointments, determine by lot, for the purpose of fixing the terms of the first directors to be elected in the wards, which ward shall have a four-year term and which ward shall have a two-year term, and the persons appointed to fill vacancies caused by the establishment of new wards shall hold office until the next general election following their appointment and until their successors are elected and qualified for the terms previously determined by lot.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to avoid confusion resulting from the inadvertent addition of two provisions with identical code section numbers, and in order to clarify a provision authorizing regional park districts to provide for per diem to members of the board of directors of the district for

attendance at board meetings, at the earliest possible time, it is necessary that this bill take effect immediately.

CHAPTER 39

An act to amend Section 70141.9 of the Government Code, and to amend Section 15 of Chapter 1311 of the Statutes of 1984, relating to courts, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 13, 1985. Filed with Secretary of State May 13, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 70141.9 of the Government Code is amended to read:

70141.9. In a county of the 11th class, the superior court, subject to prior approval by the board of supervisors, may appoint four commissioners. The superior court may provide that the commissioners, in addition to the duties prescribed in Section 259 of the Code of Civil Procedure, shall perform the duties prescribed by Section 259a of the Code of Civil Procedure and in addition thereto the duties of a probate commissioner appointed pursuant to Section 69897. The superior court may also authorize the commissioners to perform the duties of a juvenile court referee appointed pursuant to Section 247 of the Welfare and Institutions Code. Any commissioner authorized to perform the duties set forth above shall receive a salary equal to 75, 80, or 85 percent of the salary of a judge of the superior court. The court shall determine the level of the salary to be received by a court commissioner, making adjustments on the three levels in accordance with the qualifications, performance, and other factors deemed relevant by the court. The salary shall be adjusted by the court at the time and in the manner specified in Section 68203. Each commissioner shall also be allowed actual traveling expenses pursuant to Section 70148.

The amendment of this section made at the 1985-86 Regular Session of the Legislature does not constitute a change in, but is declaratory of, the existing law.

SEC. 2. Section 15 of Chapter 1311 of the Statutes of 1984 is amended to read:

Sec. 15. The sum of two million seven hundred eighty-six thousand eight hundred eighty dollars ($2,786,880) is hereby appropriated from the General Fund to the Controller for allocation and disbursement, as follows:

(a) In augmentation of Item 0420-101-001 of the Budget Act of 1984 for the state's share of sala-

	ries of judges of the superior court as provided by Section 68206 of the Government Code ..	$ 986,880
(b)	In augmentation of, and subject to the limitations contained in, Item 0440-101-001 of the Budget Act of 1984 for payment to counties for disbursement as a $60,000 block grant, for each of the superior court judgeships created by statutes enacted since January 1, 1973.....	$1,800,000
		$2,786,880

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make a technical, nonsubstantive correction in the law relative to the superior court in Riverside County as soon as possible, and to provide for disbursal of the funds which are the subject of this act in augmentation of the Budget Act of 1984, it is necessary that this act take effect immediately.

CHAPTER 40

An act to amend Section 52097.5 of, and to add Section 52032.5 to, the Health and Safety Code, relating to housing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 15, 1985. Filed with Secretary of State May 15, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 52032.5 is added to the Health and Safety Code, to read:

52032.5. Any city, county, or city and county, prior to approving the sale of bonds on a negotiated sale basis, shall retain an investment firm which has had no prior underwriting relationship with the city, county, or city and county relating to the issuance of housing bonds within the last three years. The firm shall make findings of fact in a report certifying both of the following:

(a) The underwriter's spread is reasonable.

(b) The final negotiated offering is consistent with common practices in the industry and is comparable to other bond offerings of a comparable amount being offered within the last six months.

SEC. 2. Section 52097.5 of the Health and Safety Code is amended to read:

52097.5. At least 30 days prior to issuing bonds pursuant to this chapter or a charter provision or ordinance for the purposes

specified in Section 52097, a city, county, or city and county shall notify the State Treasurer that it intends to issue bonds pursuant to this chapter or other authority, the amount of bonds expected to be issued, and the approximate date on which the bonds will be issued. The State Treasurer shall advise the city, county, or city and county of the aggregate amount of bonds previously issued in the calendar year pursuant to this chapter or other authority.

(b) Within five days of the issuance of bonds pursuant to this chapter or other authority, the city, county, or city and county shall notify the State Treasurer of the amount of bonds issued.

(c) The maximum aggregate amount of bonds which may be issued pursuant to this chapter or a charter provision or ordinance for the purposes specified in Section 52097, shall not exceed one billion five hundred million dollars ($1,500,000,000) in any calendar year.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to develop necessary housing at the earliest possible time, it is necessary for this act to take effect immediately.

CHAPTER 41

An act to amend Sections 488.450, 681.030, 683.160, 697.590, 701.680, 704.770, 704.790, 708.310, 720.160, 720.260, and 720.660 of, to add Sections 489.010 and 720.710 to, and to repeal Sections 2067, 2068, 2069, and 2070 of, the Code of Civil Procedure, relating to civil procedure.

[Approved by Governor May 15, 1985 Filed with Secretary of State May 15, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 488.450 of the Code of Civil Procedure is amended to read:

488.450. To attach a security, the levying officer shall comply with Section 8317 of the Commercial Code. The legal process referred to in Section 8317 of the Commercial Code means the legal process required by the state in which the chief executive office of the issuer of the security is located and, where that state is California, means personal service by the levying officer of a copy of the writ of attachment and notice of attachment on the person who is to be served.

SEC. 2. Section 489.010 is added to the Code of Civil Procedure, to read:

489.010. The Bond and Undertaking Law (Chapter 2

(commencing with Section 995.010) of Title 14) applies to a bond given pursuant to this title, except to the extent this title prescribes a different rule or is inconsistent.

SEC. 3. Section 681.030 of the Code of Civil Procedure is amended to read:

681.030. (a) The Judicial Council may provide by rule for the practice and procedure in proceedings under this title.

(b) The Judicial Council may prescribe the form of the applications, notices, orders, writs, and other papers to be used under this title. The Judicial Council may prescribe forms in languages other than English. The timely completion and return of a Judicial Council form prescribed in a language other than English has the same force and effect as the timely completion and return of an English language form.

(c) The Judicial Council shall prepare a form containing both of the following:

(1) A list of each of the federal and this state's exemptions from enforcement of a money judgment against a natural person.

(2) A citation to the relevant statute of the United States or this state which creates each of the exemptions.

SEC. 4. Section 683.160 of the Code of Civil Procedure is amended to read:

683.160. (a) The judgment creditor shall serve a notice of renewal of the judgment on the judgment debtor. Service shall be made personally and proof of service shall be filed with the court clerk. The notice shall be in a form prescribed by the Judicial Council and shall inform the judgment debtor that the judgment debtor has 30 days within which to make a motion to vacate or modify the renewal.

(b) Until proof of service is filed pursuant to subdivision (a), no writ may be issued, nor may any enforcement proceedings be commenced to enforce the judgment, except to the extent that the judgment would be enforceable had it not been renewed.

SEC. 5. Section 697.590 of the Code of Civil Procedure is amended to read:

697.590. (a) As used in this section:

(1) "Filing" means:

(A) With respect to a judgment lien on personal property, the filing of a notice of judgment lien in the office of the Secretary of State to create a judgment lien on personal property under this article.

(B) With respect to a security interest, the filing of a financing statement pursuant to Division 9 (commencing with Section 9101) of the Commercial Code.

(2) "Perfection" means perfection of a security interest pursuant to Division 9 (commencing with Section 9101) of the Commercial Code.

(3) "Personal property" means:

(A) With respect to a judgment lien on personal property, the

property to which a judgment lien has attached pursuant to this article.

(B) With respect to a security interest, the collateral subject to a security interest pursuant to Division 9 (commencing with Section 9101) of the Commercial Code.

(4) "Purchase money security interest" means "purchase money security interest" as defined in Section 9107 of the Commercial Code.

(b) Except as provided in subdivisions (d) and (e), priority between a judgment lien on personal property and a conflicting security interest in the same personal property shall be determined according to this subdivision. Conflicting interests rank according to priority in time of filing or perfection. In the case of a judgment lien, priority dates from the time filing is first made covering the personal property. In the case of a security interest, priority dates from the time a filing is first made covering the personal property or the time the security interest is first perfected, whichever is earlier, provided that there is no period thereafter when there is neither filing nor perfection.

(c) For the purposes of subdivision (b), a date of filing or perfection as to personal property is also a date of filing or perfection as to proceeds.

(d) A purchase money security interest has priority over a conflicting judgment lien on the same personal property or its proceeds if the purchase money security interest is perfected at the time the judgment debtor (as a debtor under the security agreement) receives possession of the personal property or within 10 days thereafter.

(e) If a purchase money security interest in inventory has priority over a judgment lien pursuant to subdivision (d) and a conflicting security interest has priority over the purchase money security interest in the same inventory pursuant to subdivision (3) of Section 9312 of the Commerical Code, the conflicting security interest also has priority over the judgment lien on the inventory subject to the purchase money security interest notwithstanding that the conflicting security interest would not otherwise have priority over the judgment lien.

(f) A judgment lien that has attached to personal property and that is also subordinate under subdivision (b) to a security interest in the same personal property is subordinate to the security interest only to the extent that the security interest secures advances made before the judgment lien attached or within 45 days thereafter or made without knowledge of the judgment lien or pursuant to a commitment entered into without knowledge of the judgment lien. For the purpose of this subdivision, a secured party shall be deemed not to have knowledge of a judgment lien on personal property until (1) the judgment creditor serves a copy of the notice of judgment lien on the secured party personally or by mail and (2) the secured party has knowledge of the judgment lien on personal property, as "knowledge" is defined in Section 1201 of the Commercial Code. If

service on the secured party is by mail, it shall be sent to the secured party at the address shown in the financing statement or security agreement.

SEC. 6. Section 701.680 of the Code of Civil Procedure is amended to read:

701.680. (a) Except as provided in paragraph (1) of subdivision (c), a sale of property pursuant to this article is absolute and may not be set aside for any reason.

(b) If the judgment is reversed, vacated, or otherwise set aside, the judgment debtor may recover from the judgment creditor the proceeds of a sale pursuant to the judgment with interest at the rate on money judgments to the extent the proceeds were applied to the satisfaction of the judgment.

(c) If the sale was improper because of irregularities in the proceedings, because the property sold was not subject to execution, or for any other reason:

(1) The judgment debtor, or the judgment debtor's successor in interest, may commence an action within six months after the date of sale to set aside the sale if the purchaser at the sale is the judgment creditor. Subject to paragraph (2), if the sale is set aside, the judgment of the judgment creditor is revived to reflect the amount that was satisfied from the proceeds of the sale and the judgment creditor is entitled to interest on the amount of the judgment as so revived as if the sale had not been made.

(2) The judgment debtor, or the judgment debtor's successor in interest, may recover damages caused by the impropriety. If damages are recovered against the judgment creditor, they shall be offset against the judgment to the extent the judgment is not satisfied. If damages are recovered against the levying officer, they shall be applied to the judgment to the extent the judgment is not satisfied.

(d) For the purposes of subdivision (b), the purchaser of the property at the sale is not a successor in interest.

SEC. 7. Section 704.770 of the Code of Civil Procedure is amended to read:

704.770. (a) Upon the filing of the application by the judgment creditor, the court shall set a time and place for hearing and order the judgment debtor to show cause why an order for sale should not be made in accordance with the application. The time set for hearing shall be not later than 45 days after the application is filed or such later time as the court orders upon a showing of good cause.

(b) Not later than 30 days before the time set for hearing, the judgment creditor shall do both of the following:

(1) Serve on the judgment debtor a copy of the order to show cause, a copy of the application of the judgment creditor, and a copy of the notice of the hearing in the form prescribed by the Judicial Council. Service shall be made personally or by mail.

(2) Personally serve a copy of each document listed in paragraph (1) on an occupant of the dwelling or, if there is no occupant present

at the time service is attempted, post a copy of each document in a conspicuous place at the dwelling.

SEC. 8. Section 704.790 of the Code of Civil Procedure is amended to read:

704.790. (a) This section applies in any case where the court makes an order for sale of the dwelling upon a hearing at which none of the following appeared:

(1) The judgment debtor.

(2) The judgment debtor's spouse.

(3) The attorney for the judgment debtor.

(4) The attorney for the judgment debtor's spouse.

(b) Not later than 10 days after the date of the order for sale, the judgment creditor shall serve a copy of the order and a notice of the order in the form prescribed by the Judicial Council:

(1) Personally or by mail on the judgment debtor and the judgment debtor's spouse.

(2) Personally on an occupant of the dwelling or, if there is no occupant present at the time service is attempted, post a copy of the order and notice in a conspicuous place at the dwelling.

(c) Proof of service and of any posting shall be filed with the court and with the levying officer. If the judgment creditor fails to comply with this subdivision and with subdivision (b) in any case where this section applies, the dwelling may not be sold under the order for sale.

(d) If, within 10 days after service of notice of the order, the judgment debtor or the judgment debtor's spouse files with the levying officer a declaration that the absence of the judgment debtor and the judgment debtor's spouse or the attorney for the judgment debtor or the judgment debtor's spouse from the hearing was due to mistake, inadvertence, surprise, or excusable neglect and that the judgment debtor or spouse of the judgment debtor wishes to assert the homestead exemption, the levying officer shall transmit the declaration forthwith to the court. Upon receipt of the declaration, the court shall set a time and place for hearing to determine whether the determinations of the court should be modified. The time set for hearing shall be not later than 20 days after receipt of the declaration. The court clerk shall cause notice of the hearing promptly to be given to the parties.

SEC. 9. Section 708.310 of the Code of Civil Procedure is amended to read:

708.310. If a money judgment is rendered against a partner but not against the partnership, the judgment debtor's interest in the partnership may be applied toward the satisfaction of the judgment by an order charging the judgment debtor's interest pursuant to Section 15028 or 15673 of the Corporations Code.

SEC. 10. Section 720.160 of the Code of Civil Procedure is amended to read:

720.160. (a) If the creditor files with the levying officer an undertaking that satisfies the requirements of this section within the time allowed under subdivision (b) of Section 720.140:

(1) The levying officer shall execute the writ in the manner provided by law unless the third person files an undertaking to release the property pursuant to Chapter 6 (commencing with Section 720.610).

(2) After sale, payment, or delivery of the property pursuant to the writ, the property is free of all claims of the third person for which the creditor has given the undertaking.

(b) Subject to Sections 720.770 and 996.010, unless the creditor elects to file an undertaking in a larger amount, the amount of the undertaking filed by the creditor under this section shall be in the amount of:

(1) If the action is pending or the judgment was entered in the superior court, seven thousand five hundred dollars ($7,500), or twice the amount of the execution lien as of the date of levy or other enforcement lien as of the date it was created, whichever is the lesser amount.

(2) If the action is pending or the judgment was entered in a municipal or justice court, two thousand five hundred dollars ($2,500), or twice the amount of the execution lien as of the date of levy or other enforcement lien as of the date it was created, whichever is the lesser amount.

(c) An undertaking given by the creditor under this chapter shall:

(1) Be made in favor of the third person.

(2) Indemnify the third person against any loss, liability, damages, costs, and attorney's fees, incurred by reason of the enforcement proceedings.

(3) Be conditioned on a final judgment that the third person owns or has the right of possession of the property.

(d) If the creditor is a public entity exempt from giving an undertaking, the public entity shall, in lieu of filing the undertaking, file with the levying officer a notice stating that the public entity opposes the claim of the third person. When so filed, the notice is deemed to satisfy the requirement of this section that an undertaking be filed.

SEC. 11. Section 720.260 of the Code of Civil Procedure is amended to read:

720.260. (a) If the creditor within the time allowed under subdivision (b) of Section 720.240 either files with the levying officer an undertaking that satisfies the requirements of this section and a statement that satisfies the requirements of Section 720.280 or makes a deposit with the levying officer of the amount claimed under Section 720.230:

(1) The levying officer shall execute the writ in the manner provided by law unless, in a case where the creditor has filed an undertaking, the secured party or lienholder files an undertaking to release the property pursuant to Chapter 6 (commencing with Section 720.610).

(2) After sale, payment, or delivery of the property pursuant to the writ, the property is free of all claims or liens of the secured party

or lienholder for which the creditor has given the undertaking or made the deposit.

(b) Subject to Sections 720.770 and 996.010, unless the creditor elects to file an undertaking in a larger amount, the amount of the undertaking filed by the creditor under this section shall be in the amount of:

(1) If the action is pending or the judgment was entered in the superior court, seven thousand five hundred dollars ($7,500), or twice the amount of the execution lien as of the date of levy or other enforcement lien as of the date it was created, whichever is the lesser amount.

(2) If the action is pending or the judgment was entered in a municipal or justice court, two thousand five hundred dollars ($2,500), or twice the amount of the execution lien as of the date of levy or other enforcement lien as of the date it was created, whichever is the lesser amount.

(c) An undertaking given by the creditor under this chapter shall:

(1) Be made in favor of the secured party or lienholder.

(2) Indemnify the secured party or lienholder against any loss, liability, damages, costs, and attorney's fees, incurred by reason of the enforcement proceedings.

(3) Be conditioned on a final judgment that the security interest or lien of the third person is entitled to priority over the creditor's lien.

(d) If the creditor is a public entity exempt from giving an undertaking, the public entity shall, in lieu of filing the undertaking, file with the levying officer a notice stating that the public entity opposes the claim of the third person. When so filed, the notice is deemed to satisfy the requirement of this section that an undertaking be filed.

SEC. 12. Section 720.660 of the Code of Civil Procedure is amended to read:

720.660. The levying officer shall release the property described in the third person's undertaking in the manner provided by Section 720.170 promptly after the expiration of the time allowed for objecting to the undertaking, unless the creditor has objected to the undertaking, and filed with the levying officer a copy of the notice of motion as required by Section 720.760, prior to the expiration of that time.

SEC. 13. Section 720.710 is added to the Code of Civil Procedure, to read:

720.710. The Bond and Undertaking Law (Chapter 2 (commencing with Section 995.010) of Title 14) applies to a bond given pursuant to this title, except to the extent this title prescribes a different rule or is inconsistent.

SEC. 14. Section 2067 of the Code of Civil Procedure is repealed.

SEC. 15. Section 2068 of the Code of Civil Procedure is repealed.

SEC. 16. Section 2069 of the Code of Civil Procedure is repealed.

SEC. 17. Section 2070 of the Code of Civil Procedure is repealed.

CHAPTER 42

An act to amend Sections 1799.2 and 1799.4 of, and to add Section 1799.3 to, the Health and Safety Code, relating to emergency medical services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 15, 1985. Filed with Secretary of State May 15, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1799.2 of the Health and Safety Code is amended to read:

1799.2. The commission shall consist of 14 members appointed as follows:

(a) One full-time physician and surgeon, whose primary practice is emergency medicine, appointed by the Senate Rules Committee from a list of three names submitted by the California Chapter of the American College of Emergency Physicians.

(b) One physician and surgeon, who is a trauma surgeon, appointed by the Speaker of the Assembly from a list of three names submitted by the California Chapter of the American College of Surgeons.

(c) One physician and surgeon appointed by the Senate Rules Committee from a list of three names submitted by the California Medical Association.

(d) One county health officer or medical director of a local EMS agency appointed by the Governor from a list of three names submitted by the California Conference of Local Health Officers.

(e) One registered nurse, who is currently, or has been previously, authorized as a mobile intensive care nurse and who is knowledgeable in state emergency medical services programs and issues, appointed by the Governor from a list of three names submitted by the Emergency Nurses Association.

(f) One full-time paramedic or EMT-II, who is not employed as a full-time peace officer, appointed by the Senate Rules Committee from a list of three names submitted by the California Rescue and Paramedic Association.

(g) One prehospital emergency medical service provider from the private sector, appointed by the Speaker of the Assembly from a list of three names submitted by the California Ambulance Association.

(h) One management member of an entity providing fire protection and prevention services appointed by the Governor from a list of three names submitted by the California Fire Chiefs Association.

(i) One physician and surgeon who is board eligible or board certified in the specialty of emergency medicine by the American

Board of Emergency Medicine and who is knowledgeable in state emergency medical services programs and issues appointed by the Speaker of the Assembly.

(j) One hospital administrator of a base hospital who is appointed by the Governor from a list of three names submitted by the California Hospital Association.

(k) One full-time peace officer, who is either an EMT-II or a paramedic, who is appointed by the Governor from a list of three names submitted by the California Peace Officers Association.

(*l*) Two public members who have experience in local EMS policy issues, at least one of whom resides in a rural area as defined by the authority, and who are appointed by the Governor.

(m) One administrator from a local EMS agency appointed by the Governor from a list of four names submitted jointly by the Northern California EMS Administrators Association and the Southern California EMS Administrator Council.

SEC. 2. Section 1799.3 is added to the Health and Safety Code, to read:

1799.3. At the discretion of the appointing power or body, a member of the commission may be reappointed or may continue to serve if he or she no longer continues to function in the capacity which originally qualified him or her for appointment. However, where Section 1799.2 requires that an appropriate organization submit names to the appointing power or body, a person shall not be reappointed pursuant to this section unless his or her name is submitted by that appropriate organization.

SEC. 3. Section 1799.4 of the Health and Safety Code is amended to read:

1799.4. (a) Except as otherwise provided in this section, the terms of the members of the commission shall be three calendar years, commencing January 1 of the year of appointment. No member shall serve more than two consecutive full terms; provided, however, that a term or part of a term served pursuant to paragraph (1) or (2) of subdivision (b) shall not be included in this limitation.

(b) (1) The first members appointed on or after January 1, 1985, pursuant to subdivisions (a), (b), (c), and (d) of Section 1799.2 shall serve from the date of appointment to the end of that calendar year, plus one additional year.

(2) The first members appointed on or after January 1, 1985, pursuant to subdivisions (e), (f), (g), (h), and (i) of Section 1799.2 shall serve from the date of appointment to the end of that calendar year, plus two additional years.

(3) The first members appointed on or after January 1, 1985, pursuant to subdivisions (j), (k), and (m) of Section 1799.2 shall be from the date of appointment to the end of that calendar year, plus three additional years.

(4) The first member appointed on or after January 1, 1985, pursuant to subdivision (*l*) of Section 1799.2 shall serve from the date of appointment to the end of that calendar year, plus one additional

year, and the second member shall serve from the date of appointment to the end of that calendar year, plus two additional years.

(5) It is the purpose of this subdivision to provide for staggered terms for the members of the commission.

SEC. 4. If an existing member of the Commission on Emergency Medical Services on the effective date of this act who was appointed pursuant to subdivision (*l*) of Section 1799.2 of the Health and Safety Code qualifies for the position created by subdivision (m) of that section, then that existing member shall automatically become a member of the commission pursuant to subdivision (m) and complete his or her existing term in the new position.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the valuable expertise of members of the Commission on Emergency Medical Services not be lost and in order to continue persons with varied experiences on the commission, it is necessary for this act to take effect immediately.

CHAPTER 43

An act to add Section 1347 to the Penal Code, relating to witnesses, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 18, 1985. Filed with Secretary of State May 20, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1347 is added to the Penal Code, to read:

1347. (a) It is the intent of the Legislature in enacting this section to provide the court with discretion to employ unusual court procedures to protect the rights of a child witness, the rights of the defendant, and the integrity of the judicial process. In exercising its discretion, the court necessarily will be required to balance the rights of the defendant against the need to protect a child witness and to preserve the integrity of the court's truthfinding function. This discretion is intended to be used selectively when the facts and circumstances in the individual case present compelling evidence of the need to use these unusual procedures.

(b) Notwithstanding any other provision of law, the court in any criminal proceeding, upon written notice of the prosecutor made at least three days prior to the date of the prelminary hearing or trial date on which the testimony of the minor is scheduled, or during the course of the proceeding on the court's own motion, may order that the testimony of a minor 10 years of age or younger at the time of

the motion be taken by contemporaneous examination and cross-examination in another place and out of the presence of the judge, jury, defendant, and attorneys, and communicated to the courtroom by means of two-way closed-circuit television, if the court makes all of the following findings:

(1) The minor's testimony will involve a recitation of the facts of an alleged sexual offense committed on or with the minor.

(2) The impact on the minor of one or more of the factors enumerated in subparagraphs (A) to (D), inclusive, is shown by clear and convincing evidence to be so substantial as to make the minor unavailable as a witness unless closed-circuit television is used.

(A) Threats of serious bodily injury to be inflicted on the minor or a family member, of incarceration or deportation of the minor or a family member, or of removal of the minor from the family or dissolution of the family, in order to prevent or dissuade the minor from attending or giving testimony at any trial or court proceeding or to prevent the minor from reporting the alleged sexual offense or from assisting in criminal prosecution.

(B) Use of a firearm or any other deadly weapon during the commission of the crime.

(C) Infliction of great bodily injury upon the victim during the commission of the crime.

(D) Conduct on the part of the defendant or defense counsel during the hearing or trial which causes the minor to be unable to continue his or her testimony.

In making the determination required by this section, the court shall consider the age of the minor, the relationship between the minor and the defendant or defendants, any handicap or disability of the minor, and the nature of the acts charged. The minor's refusal to testify shall not alone constitute sufficient evidence that the special procedure described in this section is necessary in order to obtain the minor's testimony.

(3) The equipment available for use of two-way closed-circuit television would accurately communicate the image and demeanor of the minor to the judge, jury, defendant or defendants, and attorneys.

(c) (1) The hearing on a motion brought pursuant to this section shall be conducted out of the presence of the jury.

(2) Notwithstanding Section 804 of the Evidence Code or any other provision of law, the court, in determining the merits of the motion, shall not compel the minor to testify at the hearing; nor shall the court deny the motion on the ground that the minor has not testified.

(3) In determining whether the impact on an individual child of one or more of the four factors enumerated in paragraph (2) of subdivision (b) is so substantial that the minor is unavailable as a witness unless closed-circuit television is used, the court may question the minor in chambers, or at some other comfortable place other than the courtroom, on the record for a reasonable period of

time with the support person, the prosecutor, and defense counsel present. The defendant or defendants shall not be present. The court shall conduct the questioning of the minor and shall not permit the prosecutor or defense counsel to examine the minor. The prosecutor and defense counsel shall be permitted to submit proposed questions to the court prior to the session in chambers. Defense counsel shall be afforded a reasonable opportunity to consult with the defendant or defendants prior to the conclusion of the session in chambers.

(d) When the court orders the testimony of a minor to be taken in another place outside of the courtroom, the court shall do all of the following:

(1) Make a brief statement on the record, outside of the presence of the jury, of the reasons in support of its order. While the statement need not include traditional findings of fact, the reasons shall be set forth with sufficient specificity to permit meaningful review and to demonstrate that discretion was exercised in a careful, reasonable, and equitable manner.

(2) Instruct the members of the jury that they are to draw no inferences from the use of two-way closed-circuit television as a means of facilitating the testimony of the minor.

(3) Instruct respective counsel, outside of the presence of the jury, that they are to make no comment during the course of the trial on the use of two-way closed-circuit television procedures.

(4) Instruct the support witness, outside of the presence of the jury, that he or she is not to coach, cue, or in any way influence or attempt to influence the testimony of the minor.

(5) Order that a complete record of the examination of the minor, including the images and voices of all persons who in any way participate in the examination, be made and preserved on video tape in addition to being stenographically recorded. The video tape shall be transmitted to the clerk of the court in which the action is pending and shall be made available for viewing to the prosecuting attorney, the defendant, and his or her attorney during ordinary business hours. The video tape shall be destroyed after five years have elapsed from the date of entry of judgment. If an appeal is filed, the tape shall not be destroyed until a final judgment on appeal has been ordered. Any video tape which is taken pursuant to this section is subject to a protective order of the court for the purpose of protecting the privacy of the witness. This subdivision does not affect the provisions of subdivision (b) of Section 868.7.

(e) When the court orders the testimony of a minor to be taken in another place outside the courtroom, only the minor, a support person designated pursuant to Section 868.5 of the Penal Code, a nonuniformed bailiff, and, after consultation with the prosecution and the defense, a representative appointed by the court, shall be physically present for the testimony. A videotape shall record the image of the minor and his or her testimony, and a separate videotape shall record the image of the support person.

(f) When the court orders the testimony of a minor to be taken

in another place outside the courtroom, the minor shall be brought into the judge's chambers prior to the taking of his or her testimony to meet for a reasonable period of time with the judge, the prosecutor, and defense counsel. A support person for the minor shall also be present. This meeting shall be for the purpose of explaining the court process to the child and to allow the attorneys an opportunity to establish rapport with the child to facilitate later questioning by closed-circuit television. No participant shall discuss the defendant or any of the facts of the case with the minor during this meeting.

(g) When the court orders the testimony of a minor to be taken in another place outside the courtroom, nothing in this section shall prohibit the court from ordering the minor to be brought into the courtroom for a limited purpose including the identification of the defendant or defendants as the court deems necessary.

(h) The examination shall be under oath, and the defendant's image shall be transmitted live to the witness via two-way contemporaneous closed-circuit television.

(i) Nothing in this section shall affect the disqualification of witnesses pursuant to Section 701 of the Evidence Code.

(j) The Judicial Council shall submit a report to the Legislature on or before January 1, 1988, summarizing the experience of courts which have used contemporaneous closed-circuit television pursuant to this section.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to protect minors who are complaining witnesses in cases of alleged sexual abuse at the earliest possible time, it is necessary that this bill take effect immediately.

CHAPTER 44

An act to amend Sections 25189.5, 25190, 25191, and 25242 of, to amend and renumber Sections 24342.3, 25342.1, and 25342.2 of, and to repeal Section 25191.5 of, the Health and Safety Code, relating to hazardous waste, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 18, 1985. Filed with Secretary of State May 20, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 24342.3 of the Health and Safety Code is amended and renumbered to read:

25242.3. If any provision of this article or the application thereof

to any person or circumstance is held invalid, this holding shall not affect other provisions or applications of this article which can be given effect without the invalid provision or application, and to this end, the provisions of the article are severable.

SEC. 2. Section 25189.5 of the Health and Safety Code is amended to read:

25189.5. (a) The disposal of any hazardous waste, or the causing thereof, is prohibited when the disposal is at a facility which does not have a permit from the department issued pursuant to this chapter, or at any point which is not authorized according to this chapter.

(b) Any person who is convicted of knowingly disposing or causing the disposal of any hazardous waste, or who reasonably should have known that he or she was disposing or causing the disposal of any hazardous waste, at a facility which does not have a permit from the department issued pursuant to this chapter, or at any point which is not authorized according to this chapter shall, upon conviction, be punished by imprisonment in the county jail for not more than one year or by imprisonment in the state prison for 16, 24, or 36 months.

(c) Any person who knowingly transports or causes the transportation of hazardous waste, or who reasonably should have known that he or she was causing the transportation of any hazardous waste, to a facility which does not have a permit from the department issued pursuant to this chapter, or at any point which is not authorized according to this chapter, shall, upon conviction, be punished by imprisonment in the county jail for not more than one year or by imprisonment in the state prison for 16, 24, or 36 months.

(d) The court shall also impose upon a person convicted of violating subdivision (b) or (c) a fine of not less than five thousand dollars ($5,000) or more than fifty thousand dollars ($50,000) for each day of violation.

SEC. 3. Section 25190 of the Health and Safety Code is amended to read:

25190. Except as otherwise provided in Sections 25189.5, 25191, and 25195, any person who violates any provision of this chapter, or any permit, rule, regulation, standard, or requirement issued or adopted pursuant to this chapter, is, upon conviction, guilty of a misdemeanor.

If the conviction is for a second or subsequent violation, the person shall, upon conviction, be punished by imprisonment in the county jail for not more than one year or by imprisonment in the state prison for 16, 20, or 24 months. The court shall also impose upon the person a fine of not less than five thousand dollars ($5,000) or more than twenty-five thousand dollars ($25,000).

SEC. 4. Section 25191 of the Health and Safety Code is amended to read:

25191. (a) Any person who knowingly does any of the following acts shall, upon conviction, be punished by a fine of not less than two thousand dollars ($2,000) or more than twenty-five thousand dollars

($25,000) for each day of violation, or by imprisonment in the county jail for not more than one year, or by both the fine and imprisonment. Each day or partial day that a violation occurs is a separate violation. If the conviction is for a second or subsequent violation of this subdivision, the person shall be punished by imprisonment in the state prison for 16, 20, or 24 months, or in the county jail for not more than one year, or by a fine of not less than two thousand dollars ($2,000) or more than fifty thousand dollars ($50,000) for each day of violation, or by both the fine and imprisonment:

(1) Makes any false statement or representation in any application, label, manifest, record, report, permit, or other document filed, maintained, or used for the purposes of compliance with this chapter.

(2) Has in his or her possession any record relating to the generation, storage, treatment, transportation, disposal, or handling of hazardous waste required to be maintained pursuant to this chapter, that has been altered or concealed, whether altered or concealed prior to January 1, 1982.

(3) Destroys, alters, or conceals any record relating to the generation, storage, treatment, transportation, disposal, or handling of hazardous waste required to be maintained pursuant to this chapter.

(4) Withholds information regarding a real and substantial danger to the public health or safety when such information has been requested by the department and is required to carry out the department's responsibilities pursuant to this chapter in response to a real and substantial danger.

(5) Except as otherwise provided in this chapter, engages in transportation of hazardous waste in violation of Section 25160 or 25161, or subdivision (a) or (e) of Section 25163, or in violation of any regulation adopted by the department pursuant to those sections, including, but not limited to, failing to complete or provide the manifest in the form and manner required by the department.

(6) Except as otherwise provided in this chapter, produces, receives, stores, or disposes of hazardous waste, or submits hazardous waste for transportation, in violation of Section 25160 or 25161 or any regulation adopted by the department pursuant to those sections, including, but not limited to, failing to complete, provide, or submit the manifest in the form and manner required by the department.

(7) Transports any waste, for which there is provided a manifest, if the transportation is in violation of this chapter or the regulations adopted by the department pursuant thereto.

(b) The penalties imposed by subdivision (a) on any person who commits any of the acts specified in paragraph (5) or (7) of that subdivision shall be imposed only (1) on the owner or lessee of the vehicle in which the hazardous wastes are unlawfully transported, carried, or handled or (2) on the person who authorizes or causes the transporting, carrying, or handling. These penalties shall not be

imposed on the driver of the vehicle, unless the driver is also the owner or lessee of the vehicle or authorized or caused the transporting, carrying, or handling.

If any person other than the person producing the hazardous waste prepares the manifest specified in Section 25160, that other person is also subject to the penalties imposed on a person who commits any of the acts specified in paragraph (6) of subdivision (a).

(c) Any person who knowingly does any of the following acts shall, upon conviction, be punished by a fine of not more than five hundred dollars ($500) for each day of violation, or by imprisonment in the county jail for not to exceed six months, or both the fine and imprisonment. Each day or partial day that a violation occurs is a separate violation:

(1) Transports, or authorizes the transportation of, hazardous waste in a truck, trailer, semitrailer, vacuum tank, cargo tank, or container which does not contain a current certificate of compliance, as specified in Section 25168.3.

(2) Carries or handles, or authorizes the carrying or handling of, a hazardous waste without having in the driver's possession the manifest specified in Section 25160.

(d) Any person who knowingly treats or stores any hazardous waste at a facility which does not have a permit from the department issued pursuant to this chapter, or at any point which is not authorized according to this chapter, shall, upon conviction, be punished by a fine of not less than two thousand dollars ($2,000) or more than fifty thousand dollars ($50,000) for each day of violation, or by imprisonment in the county jail for not more than one year, or by both the fine and imprisonment. Each day or partial day that a violation occurs is a separate violation. If the conviction is for a second or subsequent violation of this subdivision, the person shall be punished by imprisonment in the state prison for 16, 20, or 24 months, or in the county jail for not more than one year, or by a fine of not less than five thousand dollars ($5,000) or more than fifty thousand dollars ($50,000) for each day of violation, or by both the fine and imprisonment.

(e) Whenever any person is prosecuted for a violation pursuant to paragraph (5), (6), or (7) of subdivision (a), subdivision (c), or subdivision (c) of Section 25189.5, the prosecuting attorney may take appropriate steps to make the owner or lessee of the vehicle in which the hazardous wastes are unlawfully transported, carried, or handled, the driver of the vehicle, or any other person who authorized or directed the loading, maintenance, or operation of the vehicle, who is reasonably believed to have violated these provisions, a codefendant. If a codefendant is held solely responsible and found guilty, the court may dismiss the charge against the person who was initially so charged.

SEC. 5. Section 25191.5 of the Health and Safety Code is repealed.

SEC. 6. Section 25242 of the Health and Safety Code is amended to read:

25242. (a) Any city, county, or state agency which, as owner, lessor, or lessee, knows or has probable cause to believe that a disposal of hazardous waste which is not authorized pursuant to this chapter has occurred on, under, or into the land which the city, county, or state agency owns or leases shall notify the department. Upon receiving that notice, the department shall determine if there has been a disposal of hazardous waste which is not authorized pursuant to this chapter.

(b) If the department determines that there has been a disposal of hazardous waste which is not authorized pursuant to this chapter, the department shall do all of the following:

(1) Conduct, or arrange for the conducting of, tests to determine the general chemical and mineral composition of the hazardous waste.

(2) Require the city, county, or state agency which submitted the notice pursuant to subdivision (a) to prepare a hazardous waste management plan specifying those removal or remedial actions, as defined in Sections 25322 and 25323, which are needed to be taken concerning the hazardous waste. The hazardous waste management plan shall provide for the protection of human health and the environment and minimize or eliminate the escape of hazardous waste constituents, leachate, contaminated rainfall, and waste decomposition products into ground and surface waters and into the atmosphere.

(3) Send notice of the department's findings made pursuant to paragraph (1) to the county in which the land is located, the city, if any, in which the land is located, the owner of the property, and residents living within 2,000 feet of the property line of the land on which the hazardous wastes were disposed. The department shall also post signs in the vicinity of the land which contain this information and are visible to the public. The department may also provide this notice to other persons, or post these signs in any other area, to protect the public health and safety or to provide the maximum opportunity for comment from the potentially affected public.

(4) Conduct public hearings on the proposed hazardous waste management plan during those times and at those places which are convenient to the affected public. These hearings shall be conducted even if the hazardous waste management plan provides that no removal or remedial actions will be taken. The department shall publish notice of these hearings in newspapers of general circulation, as defined in Section 6000 of the Government Code, and shall use all other reasonable means to publicize these hearings.

(5) Take all actions required by Section 25358.7 concerning any proposed removal or remedial actions.

(6) Take any other actions authorized by this chapter or Chapter 6.8 (commencing with Section 25300) to carry out the legislative intent specified in Section 25242.1.

(c) The city, county, or state agency which is required to prepare

a hazardous waste management plan pursuant to paragraph (2) of subdivision (b) shall submit the proposed hazardous waste management plan for approval to the department or a California Regional Water Quality Control Board, whichever the department determines is appropriate. A city or state agency shall submit the plan to the county in which the land is located, and a county or state agency shall submit the plan to the city, if any, in which the land is located, for comments and recommendations. The city, county, or state agency shall also consider whether to incorporate any changes in the plan which are recommended by the county, city, and the public.

SEC. 7. Section 25342.1 of the Health and Safety Code is amended and renumbered to read:

25242.1. It is the intention of the Legislature, in enacting this article, to protect the public health and safety and the environment by requiring all of the following:

(a) Prompt steps to remedy the unauthorized disposal of hazardous waste on public land be taken as soon as possible.

(b) Prompt notice be given to the affected public of such an unauthorized disposal of hazardous waste.

(c) Affording the public an opportunity for input into the manner in which the hazardous waste will be cleaned up or rendered safe.

SEC. 8. Section 25342.2 of the Health and Safety Code is amended and renumbered to read:

25242.2. Prior to, or simultaneously with, utilizing the provisions of this article, the department shall diligently pursue all feasible civil and criminal actions against the owner of the land or other party responsible for the disposal of the hazardous waste, who violates this chapter or the regulations adopted pursuant to this chapter.

The owner, lessee, or lessor of any land which is affected by hazardous waste which was disposed on, under, or into the land may recover the costs incurred in complying with this article, in a civil action, from any person who produced the waste or from any other person who was responsible for the disposal of the hazardous waste.

The lessee of any land, who was not responsible for the unauthorized disposal of the hazardous waste upon that land, may also recover the costs incurred in complying with this article from the owner of the land if the person who produced the waste or who was responsible for the disposal of hazardous waste cannot be located or cannot compensate the lessee for these costs.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Due to the need to avoid confusion in existing law and, thus, clarify the laws used to protect the public health and safety and the environment from hazardous waste, it is necessary that this act take effect immediately.

CHAPTER 45

An act to amend Section 22507.2 of the Vehicle Code, relating to vehicle parking.

[Approved by Governor May 18, 1985. Filed with Secretary of State May 20, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 22507.2 of the Vehicle Code is amended to read:

22507.2. Notwithstanding subdivision (e) of Section 22500, a local authority may, by ordinance, authorize the owner or lessee of property to park a vehicle in front of the owner's or lessee's private driveway when the vehicle displays a permit issued pursuant to the ordinance authorizing such parking.

The local authority may charge a nonrefundable fee to defray the costs of issuing and administering the permits.

A local ordinance adopted pursuant to this section may not authorize parking on a sidewalk in violation of subdivision (f) of Section 22500.

CHAPTER 46

An act to amend Sections 365 and 448 of the Streets and Highways Code, relating to state highways.

[Approved by Governor May 18, 1985. Filed with Secretary of State May 20, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 365 of the Streets and Highways Code is amended to read:

365. Route 65 is from:

(a) Route 99 near Bakersfield to Route 198 near Exeter.

(b) Route 198 near Exeter to Route 80 near Roseville on a route along the easterly side of the San Joaquin Valley, which route may include all or portions of any existing state highway route.

(c) Route 80 near Roseville to Route 70 near Marysville.

(d) Route 70 near Marysville to Route 99 in or near Yuba City.

SEC. 2. Section 448 of the Streets and Highways Code is amended to read:

448. (a) Route 148 is from Route 5 near Sacramento to Route 143 south of Route 16.

(b) Route 143 south of Route 16 to Route 65.

CHAPTER 47

An act to amend Section 22102 of the Vehicle Code, relating to vehicles.

[Approved by Governor May 18, 1985. Filed with Secretary of State May 20, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 22102 of the Vehicle Code is amended to read:

22102. No person in a business district shall make a U-turn, except at an intersection, or on a divided highway where an opening has been provided in accordance with Section 21651. This turning movement shall be made as close as practicable to the extreme left-hand edge of the lanes moving in the driver's direction of travel immediately prior to the initiation of the turning movement, when more than one lane in the direction of travel is present.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 48

An act to amend Section 25851 of the Government Code, and to amend Sections 2270, 2316, and 2866 of the Health and Safety Code, relating to pest abatement, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 18, 1985 Filed with Secretary of State May 20, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 25851 of the Government Code is amended to read:

25851. (a) On or before August 10th of each year, the board of supervisors may adopt an ordinance to fix an emergency mosquito abatement standby charge in the county or any portion of the county, whether incorporated or unincorporated.

(b) The ordinance shall establish schedules varying the charges according to land uses. The emergency mosquito abatement standby charge shall not exceed ten dollars ($10) per year for each parcel of land on which the charge is levied.

(c) The ordinance shall not apply to any parcel which is subject to an emergency mosquito abatement standby charge ordinance adopted by a mosquito abatement district, vector control district, or pest abatement district, nor shall it apply to any parcel which is owned by a local agency, as defined by Section 2211 of the Revenue and Taxation Code.

SEC. 2. Section 2270 of the Health and Safety Code is amended to read:

2270. The district board may do all of the following:

(a) Take all necessary or proper steps for the control of mosquitoes, flies, or other vectors, either in the district or in territory not in the district but so situated with respect to the district that mosquitoes, flies, or other vectors may disperse from the territory into the district.

(b) Abate as nuisances all standing water and other breeding places for mosquitoes, flies, or other vectors, either in the district or in territory not in the district but so situated with respect to the district that mosquitoes, flies, or other vectors from the territory disperse into the district.

(c) Purchase the supplies and materials, employ the personnel and contract for the services which may be necessary or proper in furtherance of the objects of this chapter.

(d) If necessary or proper in the furtherance of the objects of this chapter, build, construct, repair, and maintain the necessary dikes, levees, cuts, canals, or ditches upon any land and acquire by purchase, condemnation, or by other lawful means, in the name of the district, any lands, rights-of-way, easements, property, or material necessary for any of those purposes.

(e) Make contracts to indemnify or compensate any owner of land or other property for any injury or damage necessarily caused by the use or taking of property for dikes, levees, cuts, canals, or ditches.

(f) Enter upon any property without hinderance or notice, either within the district or so reasonably adjacent thereto that vectors may disperse into the district, for any of the following purposes:

(1) To inspect to ascertain the presence of vectors or their breeding places.

(2) To abate public nuisances in accordance with this article, either directly or by giving notice to the property owner to abate a nuisance.

(3) To ascertain if a notice to abate vectors has been complied with.

(4) To treat property with appropriate physical, chemical, or biological control measures.

(g) Sell or lease any service, land, rights-of-way, easements, property or material acquired by the district. Equivalent properties may be exchanged, if it is in the best interests of the district to do so.

(h) Borrow money in any fiscal year and repay it in the same or in the next ensuing fiscal year. The amount borrowed in any fiscal year shall not exceed fifteen cents ($0.15) on each one hundred

dollars ($100) of assessed valuation of property in the district.

(i) Issue warrants payable at the time stated in the warrant to evidence the obligation to repay money borrowed or any other obligation incurred by the district. Warrants so issued shall draw interest at a rate fixed by the board not to exceed 5 percent per year, payable annually or semiannually as the board may prescribe.

(j) Provide a civil service system for any or all employees of the district.

(k) Assess civil penalties, as determined in the discretion of the board, but not to exceed five hundred dollars ($500) per day for each day that a notice or hearing order to abate a nuisance has not been complied with.

Any sum which may be collected shall become part of the district's general fund to be used solely for vector control purposes.

(*l*) Levy, by resolution or ordinance, a service charge or benefit assessment against any or all parcels of land within the district to pay for the cost of inspection and protection against mosquitoes, flies, or other vectors. The schedule of charges shall be made, reviewed, and adopted annually after notice and hearing in connection with the schedule. Following the hearing, the board may classify parcels of property according to their use in relation to the cost of vector control. The board may bill for the charges annually or more frequently. The charges shall be collected and paid by the county in the same manner as property taxes by the county. The service charge shall be reasonably related to the district's cost for providing the inspection or protection and shall not be deemed a tax of any kind. Any sum collected shall be used solely for purposes of vector control.

(m) Set the tax or assessment rates which are necessary to carry out the purposes of this article.

(n) Do any and all things necessary for, or incident to, the powers granted by, and to carry out the objects specified in, this chapter.

SEC. 3. Section 2316 of the Health and Safety Code is amended to read:

2316. (a) On or before August 10th of each year, the district may adopt an ordinance to fix an emergency mosquito abatement standby charge in the district or any portion of the district.

(b) The ordinance shall establish schedules varying the charges according to land uses. The emergency mosquito abatement standby charge shall not exceed ten dollars ($10) per year for each parcel of land on which the charge is levied.

(c) Any ordinance to fix an emergency mosquito abatement standby charge shall be adopted pursuant to the provisions of Article 7 (commencing with Section 25120) of Division 2 of Title 3 of the Government Code. The ordinance shall be subject to the provisions of Chapter 4 (commencing with Section 5150) of Division 5 of the Elections Code.

(d) The ordinance shall not apply to any parcel which is owned by a local agency, as defined in Section 2211 of the Revenue and Taxation Code.

SEC. 4. Section 2866 of the Health and Safety Code is amended to read:

2866. The amount of the lien shall be collected at the same time and in the same manner as ordinary county taxes are collected, and shall be subject to the same penalties and the same procedure and sale in case of delinquency, as provided for ordinary county taxes. All laws applicable to the levy, collection, and enforcement of county taxes shall be applicable to the lien, except that if any real property to which the cost of abatement relates has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of taxes would become delinquent, then the cost of abatement shall not result in a lien against the real property, but instead shall be transferred to the unsecured roll for collection.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that additional changes to the law relative to pest abatement for the protection of health and safety become effective as soon as possible, it is necessary for this act to take effect immediately.

CHAPTER 49

An act to validate the organization, boundaries, acts, proceedings, and bonds of public bodies, as herein defined, and to provide limitations of time within which actions may be commenced in connection therewith, and declaring the urgency thereof, to take effect immediately.

The term "public body" and the plural thereof, as used in this act, shall include only those entities which are specifically enumerated in this section.

(b) The term "bonds" means all instruments evidencing an indebtedness of a public body incurred or to be incurred for any public purpose, leases, installment purchase agreements, or similar agreements in which the obligor is one or more public bodies,

certificates of participation evidencing interests in the leases or agreements, and all instruments evidencing the borrowing of money in anticipation of taxes, revenues, or other income of such body, and all instruments payable from revenues or special funds of such public bodies, and all instruments funding or refunding any thereof or any indebtedness.

SEC. 2. All public bodies heretofore organized or existing under, or under color of, any law are hereby declared to have been legally organized and to be legally functioning as such public body. Every such public body shall have all the rights, powers, and privileges, and be subject to all the duties and obligations, of such a public body regularly formed pursuant to law.

SEC. 3. The boundaries of every public body as heretofore established, defined, or recorded, or as heretofore actually shown on maps or plats used by the assessor, are hereby confirmed, validated, and declared legally established.

SEC. 4. All acts and proceedings heretofore taken by any public body or bodies under any law, or under color of any law, for the annexation or inclusion of territory into any such public body or for the annexation of any such public body to any other such public body or for the withdrawal or exclusion of territory from any such public body or for the consolidation, merger, or dissolution of any public bodies are hereby confirmed, validated, and declared legally effective. This shall include all acts and proceedings of the governing board of any such public body and of any person, public officer, board, or agency heretofore done or taken upon the question of the annexation or inclusion or of the withdrawal or exclusion of such territory or the consolidation, merger, or dissolution of such public bodies.

SEC. 5. All acts and proceedings heretofore taken by or on behalf of any public body under any law, or under color of any law, for the authorization, issuance, sale, or exchange of bonds of any such public body for any public purpose are hereby confirmed, validated, and declared legally effective. This shall include all acts and proceedings of the governing board of such public body and of any person, public officer, board, or agency heretofore done or taken upon the question of the authorization, issuance, sale, or exchange of such bonds.

All bonds of any public body heretofore issued shall be, in the form and manner in which issued and delivered, the legal, valid, and binding obligations of the public body. All bonds of any public body heretofore awarded and sold to a purchaser and hereafter issued and delivered in accordance with the contract of sale and other proceedings for the award and sale shall be the legal, valid, and binding obligations of the public body. All bonds of any public body heretofore authorized to be issued by ordinance, resolution, order, or other action adopted or taken by or on behalf of the public body and hereafter issued and delivered in accordance with such authorization shall be the legal, valid, and binding obligations of the public body. All bonds of any public body heretofore authorized to be issued at an

election and hereafter issued and delivered in accordance with such authorization shall be the legal, valid, and binding obligations of the public body. Whenever an election has heretofore been called for the purpose of submitting to the voters of any public body the question of issuing bonds for any public purpose, such bonds, if hereafter authorized by the required vote and in accordance with the proceedings heretofore taken, and issued and delivered in accordance with such authorization, shall be the legal, valid, and binding obligations of the public body.

SEC. 6. (a) The foregoing provisions of this act shall operate to supply such legislative authorization as may be necessary to validate any such acts and proceedings heretofore taken which the Legislature could have supplied or provided for in the law under which such acts or proceedings were taken.

(b) The foregoing provisions of this act shall be limited to the validation of acts and proceedings to the extent to which the same can be effectuated under the State and Federal Constitutions.

(c) The foregoing provisions of this act shall not operate to confirm, validate, or legalize any act, proceeding, or other matter the legality of which is being contested or inquired into in any legal proceeding now pending and undetermined or which is pending and undetermined during the period of 30 days from and after the effective date of this act, and shall not operate to confirm, validate, or legalize any act, proceeding, or other matter which has heretofore been determined in any legal proceeding to be illegal, void, or ineffective.

(d) This act shall not operate to confirm, validate, or legalize a contract between any district and the United States.

SEC. 7. Any action or proceeding contesting the validity of any action or proceeding heretofore taken under any law, or under color of any law, for the formation, organization, or incorporation of any public body, or for any annexation thereto, exclusion therefrom, or other change of boundaries thereof, or for the consolidation, merger, or dissolution of any public bodies, or for the authorization, issuance, sale, or exchange of bonds thereof upon any ground involving any alleged defect or illegality not effectively validated by the prior provisions of this act and not otherwise barred by any statute of limitations or by laches must be commenced within six months of the effective date of this act; otherwise each and all of such matters shall be held to be valid and in every respect legal and incontestable. This section shall not extend the period in which any action may be brought beyond the period in which it would be barred by any presently existing valid statute of limitations.

SEC. 8. Nothing contained in this act shall be construed to render the creation of any city or district, or any change in the boundaries of any city or district, effective for purposes of assessment or taxation unless the statement, together with the map or plat, required to be filed under Sections 54900 to 54904, inclusive, of the Government Code, is filed within the time and substantially in the manner

required by said sections.

SEC. 9. As used in this act, the word "now" means the date this act takes effect; the word "heretofore" means any time prior to such effective date; and the word "hereafter" means any time subsequent to such effective date.

SEC. 10. This act may be cited as the First Validating Act of 1985.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To validate the organization, boundaries, acts, proceedings, and bonds of public bodies as soon as possible, it is necessary that this act take immediate effect.

CHAPTER 50

An act to amend Sections 8664.5 and 8664.7 of, and to repeal Section 8664.6 of, the Fish and Game Code, relating to fishing nets, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 24, 1985. Filed with Secretary of State May 24, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 8664.5 of the Fish and Game Code is amended to read:

8664.5. (a) Notwithstanding Sections 8693 and 8724, gill nets and trammel nets shall not be used in those portions of District 17 between a line extending 220° magnetic from the mouth of Waddel Creek in Santa Cruz County and a line extending due west from Yankee Point, Carmel Highlands, in Monterey County in waters 15 fathoms or less in depth at mean lower low water, and in waters 25 fathoms or less in depth at mean lower low water between a line extending 225° magnetic from Franklin Point in San Mateo County and a line extending 220° magnetic from the mouth of Waddel Creek in Santa Cruz County.

(b) Notwithstanding Sections 8693 and 8724, gill nets and trammel nets shall not be used in that portion of District 18 north of a line extending due west from Point Sal in Santa Barbara County in waters 15 fathoms or less in depth at mean lower low water. However, the director may issue an order allowing the use of gill or trammel nets in all, or any part, of the area of District 18 south of Point San Luis in San Luis Obispo County for a specified period if he or she determines, on the basis of written findings, that the use of those nets will not result in any accidental take of sea otters. The director shall immediately rescind any order issued pursuant to this subdivision if

he or she determines that further use of those nets may result in the accidental entanglement or take of sea otters.

(c) If the director determines that the use of gill or trammel nets is having an adverse impact on any population of any species of seabird, marine mammal, or fish, the director shall issue an order prohibiting or restricting the use, method of use, size, or materials used in the construction of either or both types of those nets in all or any part of District 10 or 17, or in all or any part of District 18 north of a line extending due west from Point Conception in Santa Barbara County for a specified period. The order shall take effect no later than 48 hours after its issuance. The director shall hold a properly noticed public hearing in a place convenient to the affected area within one week of the effective date of the order to describe the action taken and shall take testimony as to the effect of the order and determine whether any modification of the order is necessary.

(d) For the purposes of this section, "adverse impact" means either of the following:

(1) The danger of irreparable injury to, or mortality in, any population of any species of seabird, marine mammal, or fish which is occurring at a rate that threatens the viability of the population as a direct result of the use of gill nets or trammel nets.

(2) The impairment of the recovery of a species listed as an endangered species or threatened species pursuant to the federal Endangered Species Act (16 U.S.C. Sec. 1531 et seq.) or the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3) or a species of seabird, marine mammal, or fish designated as fully protected under this code, as a direct result of the use of gill nets or trammel nets.

(e) This section does not apply to any gill net with meshes 3½ inches or less in length in any portion of District 18 between Yankee Point in Monterey County and Point Sal in Santa Barbara County.

(f) The department shall explore, as alternatives to the use of gill and trammel nets, what fishing gear and methods may be used to take California halibut in areas closed pursuant to this section. The department shall consider issuing experimental gear permits pursuant to Section 8606 for authorizing the use of the alternative fishing gear and methods in the California halibut fishery in those areas.

SEC. 2. Section 8664.6 of the Fish and Game Code is repealed.

SEC. 3. Section 8664.7 of the Fish and Game Code is amended to read:

8664.7. The initial period of effectiveness of an order issued pursuant to subdivision (c) of Section 8664.5 shall not exceed 120 days. After a further public hearing, the director may, on the basis of a report prepared by the department on the condition of the local population of any species of seabird, marine mammal, or fish, extend the order for a further specified period or reissue the order for a further specified period.

SEC. 4. No reimbursement is required by this act pursuant to

Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that marine mammals, fish, and seabirds are protected during the 1985 fishing season, it is necessary that this act take effect immediately.

CHAPTER 51

An act to add Section 66796.44 to the Government Code, relating to solid waste and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 29, 1985. Filed with Secretary of State May 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 66796.44 is added to the Government Code, to read:

66796.44. Notwithstanding any other provision of law, a solid waste facility for the conversion of solid waste into energy shall be deemed to have been granted a permit for the purposes of this chapter and shall be deemed to be in conformance with the county solid waste management plan for the county in which the solid waste facility will be located, if all of the following conditions are met:

(a) The solid waste facility is located in a county containing a population of more than five million persons and is undertaken by an agency or entity created by a joint powers agreement between a city containing a population of between 300,000 and 500,000 persons and a county sanitation district.

(b) The requirements of subdivision (b) of Section 66796.32 have been met, and the enforcement agency has certified the permit pursuant to subdivision (c) of Section 66796.32.

SEC. 2. The Legislature hereby finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution, as this act concerns a one-of-a-kind waste-to-energy pilot project which has potential to be the first operating waste-to-energy project in southern California.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into

immediate effect. The facts constituting the necessity are:

Since administrative delays are jeopardizing the expeditious construction of the Southeast Resource Recovery Facility Project in the City of Long Beach, which may make the project financially unfeasible, and since the project would protect the health and safety of the public by helping to alleviate the region's lack of solid waste disposal capacity, it is necessary that this act take effect immediately.

CHAPTER 52

An act to add and repeal Section 1808.6 of the Vehicle Code, relating to driving records.

[Approved by Governor May 30, 1985. Filed with Secretary of State May 31, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1808.6 is added to the Vehicle Code, to read:

1808.6. (a) The department may withhold from public inspection the most recent conviction on the driving record of a person whose driving record shows a point count of three or more points pursuant to Section 12810 if all of the following requirements are met:

(1) The most recent conviction has a value of one point pursuant to Section 12810.

(2) The person participated in any of the department's traffic safety programs that proved effective during the demonstration program authorized pursuant to Section 1808.6, as added by Chapter 544 of the Statutes of 1980.

(3) For a period of six months or more, the person has not been involved in a traffic accident, has not committed an offense under this code which is reportable under Section 1803 or 1816, or has not committed a violation of Section 40508.

(b) The record of a conviction withheld from public inspection under subdivision (a) shall be disclosed to any court, law enforcement agency, traffic adjudication board, or peace officer.

(c) For purposes of this section, "conviction" has the same meaning as in Sections 13103 and 13105.

(d) This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute which is chaptered on or before January 1, 1991, deletes or extends that date.

CHAPTER 53

An act to amend Sections 5103, 10110, and 10110.1 of the Streets and Highways Code, relating to public works.

[Approved by Governor May 30, 1985. Filed with Secretary of State May 31, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 5103 of the Streets and Highways Code is amended to read:

5103. Whenever the work or improvement includes the installation of works or appliances for supplying electric or telephone service, sanitary sewers or instrumentalities of sanitation, domestic or industrial waters supplies, or mains and appurtenances for supplying or distributing a domestic or industrial gas supply, and the territory in which the work or improvement is contemplated is within the service area of a public utility, public agency, or mutual water company supplying the service, the legislative body may, before the adoption of the resolution of intention, enter into an agreement with the public utility, public agency, or mutual water company which agreement may, among other things, provide for the following:

(a) For the supplying or approval by the public utility, public agency, or mutual water company of plans and specifications for the work or improvement.

(b) For the performance of work or service, for an allowance or contribution by the public utility, public agency, or mutual water company toward the cost of the work or service where provided for by its adopted rules or regulations, and for the payment for the work or service.

(c) That the agreement shall become effective upon the effective date of the resolution or ordinance ordering the work in proceedings taken pursuant to this division.

(d) That, after the confirmation of the assessment, the public utility, public agency, or mutual water company shall have exclusive possession, control, and use of the work or improvement as long as the public utility, public agency, or mutual water company uses the work or improvement to render to the lands within the assessment district the services intended to be furnished by the work or improvement.

SEC. 2. Section 10110 of the Streets and Highways Code is amended to read:

10110. Before the ordering of the work, acquisitions, or improvements which are to be owned, managed, or controlled by any other public agency, regulated public utility, or mutual water company, the legislative body shall enter into an agreement with the public agency, public utility, or mutual water company which has, or

may have, charge of the works, appliances, or improvements. Among other things, the agreement may provide for any or all of the following:

(a) For the supplying by the public agency, public utility, or mutual water company of plans and specifications in accordance with Chapter 5 (commencing with Section 5170) of Part 3 of Division 7.

(b) For the performance of work or service by the public agency, public utility, or mutual water agency, and the payment to the public agency, public utility, or mutual water company out of the improvement fund for the work or service. Any agreement providing for the performance of work by a public utility or mutual water company may provide for the posting of labor, material, and performance bonds in accordance with Chapter 6 (commencing with Section 10500).

(c) For the acquisition by the legislative body of works or appliances already installed and for the conveyance of these works or appliances to the public agency, public utility, or mutual water company. The owner of these works or appliances may be a party to the agreement.

(d) That the agreement shall become effective after proceedings have been taken pursuant to this division and the funds are available to carry out all the terms thereof. Whenever it is proposed to annex to the public agency the territory in which the installation or acquisition is contemplated, proceedings may be taken up to and including the confirmation of the assessment as provided for in Section 10312 prior to the commencement of the annexation proceedings. If the annexation is successful, the assessment shall be recorded and other proceedings taken that may enable the parties to comply with the terms of the agreement. If the annexation proceedings fail, further proceedings under the resolution of intention are barred.

Any agreement entered into pursuant to this section, to the extent that utilities have been financed by special assessments, shall provide that no main extension refund agreement shall be entered into with a developer.

SEC. 3. Section 10110.1 of the Streets and Highways Code is amended to read:

10110.1. If an agreement entered into pursuant to Sections 10109 and 10110 provides for the payment of refunds, and to the extent that the works, appliances, or improvements to which the refund payments are applicable are financed by special assessments, any amounts paid by the public agency, public utility, or mutual water company as a refund payment for the works, appliances, or improvements to be transferred to the public agency, public utility, or mutual water company under the agreement shall be deposited into a special fund to be established and administered by the city treasurer and applied as a credit upon the assessment and supplemental assessment, if any, in the same manner as provided in

Section 10427.1. The credits shall be applied only to the assessments levied for the particular improvements for which the refund is made. Any such amounts shall be transferred to the general fund of the city if either of the following occurs:

(a) The amounts are paid later than four years from the date of recordation of the assessment and any supplemental assessment.

(b) If bonds have been issued, the amounts have been paid later than four years after the due date of the last installment upon the bonds or of the last principal coupons attached thereto.

CHAPTER 54

An act to repeal Sections 22312, 22313, and 22314 of the Education Code, relating to the State Teachers' Retirement System.

[Approved by Governor June 4, 1985 Filed with Secretary of State June 4, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 22312 of the Education Code, as added by Chapter 1194 of the Statutes of 1982, is repealed.

SEC. 2. Section 22313 of the Education Code is repealed.

SEC. 3. Section 22314 of the Education Code is repealed.

SEC. 4. It is the intent of the Legislature, in enacting this act, to repeal provisions which were made unnecessary by the adoption by the voters on June 5, 1984, of Proposition No. 21 (Resolution Chapter 105 of the Statutes of 1983), which amended Section 17 of Article XVI of the California Constitution.

CHAPTER 55

An act to amend Sections 56460 and 56461 of the Education Code, relating to education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 4, 1985 Filed with Secretary of State June 4, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 56460 of the Education Code is amended to read:

56460. The Superintendent of Public Instruction shall establish an Awareness Program to help make nonhandicapped pupils aware of the special problems encountered by individuals with exceptional needs, and how those individuals overcome their problems. The

program shall be conducted as a pilot project established in up to six school districts selected pursuant to Section 56461. The purposes of the Awareness Program shall be to do all of the following:

(a) To impart knowledge about individuals with exceptional needs.

(b) To minimize the isolation of individuals with exceptional needs by breaking down barriers created by lack of understanding, fear, and curiosity.

(c) To increase the awareness of nonhandicapped pupils and teachers regarding physical barriers faced by individuals with exceptional needs, including, but not limited to, architectural barriers and transportation difficulties.

(d) To demonstrate ways to increase the peer status and self-esteem of the disabled student.

SEC. 2. Section 56461 of the Education Code is amended to read:

56461. The superintendent shall solicit requests from school districts maintaining the grades kindergarten and 1 to 8, inclusive, to participate in the Awareness Program. The superintendent shall select up to six of these school districts located in the northern, central, and southern parts of the state to participate in the Awareness Program, based upon all of the following criteria:

(a) The content and activities of the district's awareness program are designed to promote positive attitudes towards individuals with exceptional needs among other pupils by increasing their knowledge of, and experience with, individuals with exceptional needs.

(b) The program training staff includes individuals with disabilities who are experienced in providing awareness programs to nonhandicapped pupils.

(c) The district has adopted a plan to disseminate the results of the pilot program to the other elementary and secondary schools located in the district.

(d) The district's budget for the development and implementation of the awareness program shall not exceed thirty-five thousand dollars ($35,000).

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that this act encompasses all school districts in the state that maintain elementary school grade levels, and to begin eliminating in those districts the social and psychological barriers that tend to separate nonhandicapped pupils from their peers who are individuals with exceptional needs, it is necessary that this act take effect immediately.

CHAPTER 56

An act relating to the Department of Transportation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 4, 1985 Filed with Secretary of State June 4, 1985.]

The people of the State of California do enact as follows:

SECTION 1. The sum of seven million five hundred thousand dollars ($7,500,000) is hereby appropriated from the State Highway Account in the State Transportation Fund for allocation to the State Department of Transportation in augmentation of Item 2660-001-042 of the Budget Act of 1984 (Chapter 258, Statutes of 1984) to be expended for the purposes of category (a) of the item for the payment of tort liability settlements and judgments.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to meet court-ordered obligations in regard to unanticipated recent tort liability judgments, additional monies must be appropriated to the Department of Transportation during the current fiscal year.

CHAPTER 57

An act to add Sections 10035 and 11008 to the Business and Professions Code, relating to real property sales.

[Approved by Governor June 4, 1985. Filed with Secretary of State June 4, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 10035 is added to the Business and Professions Code, to read:

10035. Neither Section 10185 nor any other provision of this part which makes violation of this part a crime shall be construed to preclude application of any other criminal provision of the law of this state to an act or omission which constitutes a violation of this part.

SEC. 2. Section 11008 is added to the Business and Professions Code, to read:

11008. No provision of this part which makes a violation of this part a crime shall be construed to preclude application of any other criminal provision of the law of this state to an act or omission which

constitutes a violation of this part.

CHAPTER 58

An act to amend Section 8153.5 of the Education Code, relating to apprenticeship education.

[Approved by Governor June 4, 1985. Filed with Secretary of State June 4, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 8153.5 of the Education Code is amended to read:

8153.5. For purposes of the California Firefighter Joint Apprenticeship Program, classes of related and supplemental instruction which qualify for funding pursuant to Sections 8152 and 8153, include, but are not limited to, classes which meet both of the following requirements:

(a) The classes are conducted at the workplace.

(b) The person providing instruction is qualified, by means of education or experience, as a journeyman and shares the responsibility for supervision of the apprentices participating in the classes with the certified community college or adult education coordinator.

CHAPTER 59

An act to amend Section 61601.10 of the Government Code, relating to community services districts.

[Approved by Governor June 4, 1985. Filed with Secretary of State June 4, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 61601.10 of the Government Code is amended to read:

61601.10. In addition to the powers which may be exercised pursuant to Section 61600, whenever the Board of Directors of the El Dorado Hills Community Services District or the Salton Community Services District determines by resolution, entered in the minutes, that it is feasible, economically sound, and in the public interest, and if a majority of the voters voting on the proposition vote in favor of the adoption of the additional purpose pursuant to Section 61601, the district may enforce the covenants, conditions, and restrictions adopted for each tract within the boundaries of the

district, and assume the duties of the architectural control committee for each tract within the boundaries of the district and for other tracts as may be annexed from time to time, for the purpose of maintaining uniform standards of development within the district as adopted in the covenants, conditions, and restrictions. However, the district shall exercise the duties of an architectural control committee for any tract only to the extent authorized by the covenants, conditions, and restrictions applicable to the tract.

The power to carry on that activity may be divested in the same manner as the power was acquired.

For the purposes of this section, "tract" means any parcel of land for which the county has authorized development.

CHAPTER 60

An act to amend Sections 60545, and 60604 of, and to repeal Section 60601 of, the Government Code, relating to districts.

[Approved by Governor June 4, 1985. Filed with Secretary of State June 4, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 60545 of the Government Code is amended to read:

60545. In the ordinance calling the election, the legislative body of the city shall establish one or more voting precincts for the election within the boundaries of the proposed district.

SEC. 2. Section 60601 of the Government Code is repealed.

SEC. 3. Section 60604 of the Government Code is amended to read:

60604. All vacancies occurring in the office of a director shall be filled as provided in Section 1780.

CHAPTER 61

An act to amend Section 27472 of the Government Code, relating to coroners.

[Approved by Governor June 5, 1985. Filed with Secretary of State June 5, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 27472 of the Government Code is amended to read:

27472. If authorized by the county board of supervisors by

ordinance, the coroner, whenever he or she takes custody of a dead body pursuant to law, may charge and collect from the person entitled to control the disposition of the remains, as specified in Section 7100 of the Health and Safety Code, the actual expense incurred by the coroner in removing the body from the place of death and keeping the body until its release to the person responsible for its interment. The charge shall not exceed one hundred dollars ($100), shall not be imposed upon a person who claims and proves to be indigent, or in cases in which the body is that of a child not more than 14 years of age or in cases in which the coroner ascribes the death to the criminal act of another unless the coroner has reasonable grounds to believe that the deceased was involved in any criminal activity which contributed to his or her own death. The charge shall not include expenses of keeping the body during the time necessary for the coroner to perform his or her duties in connection with it. The charge, if not paid, may be considered a part of the funeral expenses and paid as a preferred charge against the estate of the decedent.

CHAPTER 62

An act relating to the California Exposition and State Fair, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 6, 1985 Filed with Secretary of State June 6, 1985.]

The people of the State of California do enact as follows:

SECTION 1. (a) The sum of two million two hundred thousand dollars ($2,200,000) is hereby appropriated from the General Fund to the Controller for allocation to the California Exposition and State Fair for its support expenditures in the 1984–85 fiscal year and for payment of valid claims submitted to the Controller pursuant to law.

SEC. 2. On or before September 1, 1985, the General Manager of the California Exposition and State Fair shall submit a report to chairpersons of the fiscal committees of each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee on the status of the Fair's negotiations with the County of Sacramento regarding Bushy Lake.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for this act to take effect in the 1984–85 fiscal year, it is necessary that the act take effect immediately.

CHAPTER 63

An act to repeal and add Section 72425 of the Education Code, relating to community colleges.

[Approved by Governor June 6, 1985 Filed with Secretary of State June 6, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 72425 of the Education Code is repealed.

SEC. 2. Section 72425 is added to the Education Code, to read:

72425. (a) In any community college district in which the average daily attendance exceeds 60,000, and which is not located in a city and county, or in any community college district in which the average daily attendance exceeded 60,000 in the 1982–83 school year or any subsequent school year, and which is not located in a city and county, the governing board may prescribe, as compensation for the services of each member of the board who actually attends all meetings held by the board, a sum not to exceed one thousand five hundred dollars ($1,500) in any month. In any community college district in which the average daily attendance for the school year 1982–83 was less than 60,000, except a district which also comes within the terms of the preceding sentence, but more than 25,000, each member of the governing board of the district who actually attends all meetings held by the board, may receive as compensation for his or her services a sum not to exceed seven hundred fifty dollars ($750) in any month. In any community college district in which the average daily attendance for the school year 1982–83 was 25,000 or less but more than 10,000, each member of the governing board of the district who actually attends all meetings held may receive as compensation for his or her services a sum not to exceed four hundred dollars ($400) in any month. In any community college district in which the average daily attendance for the 1982–83 school year was 10,000 or less, but more than 1,000, each member of the governing board of the district who actually attends all meetings held by the board may receive as compensation for his or her services a sum not to exceed two hundred forty dollars ($240) in any month. In any community college district in which the average daily attendance for the 1982–83 school year was 1,000 or less but more than 150, each member of the governing board of the district who actually attends all meetings held by the board may receive as compensation for his or her services a sum not to exceed one hundred twenty dollars ($120) in any month.

Any member of a governing board who does not attend all meetings held by the board in any month may receive, as compensation for his or her services, an amount not greater than a pro rata share of the number of meetings actually attended based upon the maximum compensation authorized by this subdivision.

(b) The compensation of members of the governing board of a community college district newly organized or reorganized after June 30, 1983, shall be governed by subdivision (a). For purposes of the total average daily attendance in all of the community colleges of the district in the school year in which the organization or reorganization became effective pursuant to Section 4062 shall be deemed to be the average daily attendance in the district for the 1982–83 school year.

(c) A member may be paid for any meeting when absent if the board by resolution duly adopted and included in its minutes finds that at the time of the meeting he or she is performing services outside the meeting for the community college district. The compensation shall be a charge against the funds of the district.

(d) Notwithstanding any provision of law to the contrary, any member of the governing board of the community college district who also is a member of, and entitled to receive benefits from, any public retirement or pension system administered by the Teachers' Retirement Board or the Board of Administration of the Public Employees' Retirement System may elect to forego any compensation provided by subdivision (a), (b), or (c) and, if the compensation is foregone, the member shall not have his or her retirement benefits reduced and shall not be required to be reinstated in his or her retirement system.

CHAPTER 64

An act to amend Section 1279.5 of the Unemployment Insurance Code, relating to unemployment insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 6, 1985 Filed with Secretary of State June 6, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1279.5 of the Unemployment Insurance Code is amended to read:

1279.5. (a) Notwithstanding Section 1252 or 1252.2 or any other provision of this part, for the purposes of this section an individual is "unemployed" in any week if the individual works less than his or her normal weekly hours of work for the individual's regular employer, and the director finds that the regular employer has reduced or restricted the individual's normal hours of work, or has rehired an individual previously laid off and reduced that individual's normal hours of work from those previously worked, as the result of a plan by the regular employer to, in lieu of layoff, reduce employment and stabilize the work force by a program of sharing the work remaining after a reduction in total hours of work

and a corresponding reduction in wages of at least 10 percent. The application for approval of a plan shall require the employer to briefly describe the circumstances requiring the use of work sharing to avoid a layoff. Normal weekly hours of work means the number of hours in a week that the employee normally would work for the regular employer or 40 hours, whichever is less. The plan must involve the participation of at least two employees and include not less than 10 percent of the employer's regular permanent work force involved in the affected work unit or units in each week, or in at least one week of a two-consecutive-week period. A plan approved by the director shall expire six months after the effective date of the plan.

(b) Except as otherwise provided in this section, each individual eligible under this chapter who is "unemployed" in any week shall be paid with respect to that week a weekly shared work unemployment compensation benefit amount equal to the percentage of reduction of the individual's wages resulting from an approved plan, rounded to the nearest 5 percent, multiplied by the individual's weekly benefit amount.

(c) No individual who receives any benefits under this section during any benefit year shall receive any benefits pursuant to Section 1252 or 1252.2 as a partially unemployed individual with respect to any week during such benefit year while in employment status with the regular employer who initiated the program of sharing work under this section. No benefits under this section shall be payable on any type of extended claim.

(d) Any amount payable under this section shall be reduced by the amount of any and all compensation payable for personal services whether performed as an employee or an independent contractor or as a juror or as a witness, except compensation payable by the regular employer under a shared work plan.

For the purposes of this subdivision, "regular employer" may include, pursuant to an approved plan, a labor organization which periodically employs individuals in accordance with a collective bargaining agreement.

(e) The benefit payment under this section, if not a multiple of one dollar ($1), shall be increased to the next higher multiple of one dollar ($1).

(f) Section 1279 shall not apply to any individual eligible for any payment under this section.

(g) For the purposes of this section, an individual shall not be disqualified under subdivision (c) of Section 1253 for any week if both of the following conditions exist:

(1) The individual has not been absent from work without the approval of the regular employer.

(2) The individual accepted all work the regular employer made available to the individual during hours scheduled off due to the worksharing plan.

(h) Except as otherwise provided by or inconsistent with this section, all provisions of this division and authorized regulations

apply to benefits under this section. Authorized regulations may, to the extent permitted by federal law, make such distinctions and requirements as may be necessary in the procedures and provisions applicable to unemployed individuals to carry out the purposes of this section, including regulations defining normal hours, days, workweek, and wages.

(i) Employees shall not be eligible to receive any benefits under this section unless their employer agrees, in writing, and their bargaining agent pursuant to any applicable collective bargaining agreement agrees, in writing, to voluntarily participate in the shared work unemployment insurance benefit program created by this section.

(j) Notwithstanding Section 1327, the department shall not be required to notify an employer of additional claims which result from an approved plan submitted by the employer under which benefits are not paid in each week.

(k) The director may terminate a shared work plan for good cause if the plan is not being carried out according to its terms and intent.

(*l*) This section shall remain in effect only until December 31, 1986, and on that date is repealed.

SEC. 2. This act shall be operative with respect to employer shared work unemployment insurance plans in effect on and after April 1, 1985, and with respect to weeks of unemployment beginning after that date.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to prevent hardships for workers and employers due to scheduled expiration of shared work unemployment compensation benefit programs under existing law, it is necessary that this act take effect immediately.

CHAPTER 65

An act to amend Sections 8573, 8650, 8650.1, 8651, 8652, 8653, 8654, 8671, 8672, 8681, 8687, 8688, 8750, 8751, 8752, 8763, 8766, 8770, 8771, 8772, 8773, 8775, 8776, 8850, 9600, 9605, 9606, 9607, 9609, and 9610 of, to add Sections 8651.5 and 10204.2 to, and to repeal Sections 8673, 8682.2, 8751.5, and 8764 of, the Streets and Highways Code, relating to improvement bonds, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 6, 1985. Filed with Secretary of State June 6, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 8573 of the Streets and Highways Code is amended to read:

8573. The bond declaration in the resolution of intention, assessment, and notice of recording the assessment may be substantially in the following form:

"Notice is hereby given that serial bonds to represent unpaid assessments, and to bear interest at the rate of not to exceed _____ percent per annum, will be issued hereunder in the manner provided by Division 10 of the Streets and Highways Code, the Improvement Bond Act of 1915, and the last installment of such bonds shall mature _____ years from the second day of September next succeeding 12 months from their date."

SEC. 2. Section 8650 of the Streets and Highways Code is amended to read:

8650. Except as the legislative body shall provide otherwise under Section 8650.1, the bonds shall be issued in series and an even annual proportion of the aggregate principal sum thereof shall be payable on the second day of September every year succeeding the first 12 months after their date, until the whole is paid. The bonds shall bear interest at a rate not in excess of the maximum rate permitted by law from the 31st day after recording the assessment, or from their date if the work was done under the Municipal Improvement Act of 1913, on all sums unpaid, until the whole of the principal sum and interest are paid.

Interest shall be payable semiannually on the second day of March and September, respectively, of each year. The first payment of interest shall become due on the interest payment date which is six months before the maturity of the first series of bonds, but, if any portion of the interest is funded, the legislative body may specify that the first payment of interest shall become due on any earlier interest payment date following the date of the bonds. Interest shall be payable to the registered holders of the bonds as their names and addresses appeared on the records of the issuing agency or its registration agent on the 15th day preceding the interest payment date.

SEC. 3. Section 8650.1 of the Streets and Highways Code is amended to read:

8650.1. The legislative body, in its discretion, may determine, either (a) in the resolution of intention describing the improvement work, or (b) thereafter in the change proceedings taken under and in accordance with the provisions of the same act under which the resolution of intention was adopted, that the principal amount of the bonds maturing each year shall be other than an amount equal to an even annual proportion of the aggregate principal of the bonds, and it may determine that the amount of principal maturing in each year plus the amount of interest payable in that year will be an aggregate amount that is equal each year, except for the moneys falling due on

the first series of the bonds which shall be adjusted to reflect the amount of interest earned from the date when the bonds bear interest to the date when the first interest is payable on the bonds; or it may make other determination of the amount of the aggregate principal of the bonds that shall fall due in a year as it shall choose.

Notwithstanding Section 8652, the legislative body may prescribe the form of the bonds and shall fix the date of the bonds. The legislative body may divide the principal amount of any issue into two or more divisions and fix different dates for the payment of bonds of each division. The bonds of one division may be made payable at different times than bonds of any other division.

The legislative body, in its discretion, may determine in like manner to classify assessments into different terms of maturity so that smaller assessments may be made to mature over a shorter period of time and, in that event, the bond declaration in the resolution of intention, or in the change proceedings taken under and in accordance with the provisions of the same act under which the resolution of intention was adopted, in the assessment, and in the notice of recording the assessment may recite that the last installment of bonds shall mature a maximum rather than an exact number of years from the second day of September next succeeding 12 months from their date.

SEC. 4. Section 8651 of the Streets and Highways Code is amended to read:

8651. The final series of installment of the bonds shall mature and be payable on a date which shall not exceed 39 years from the second day of September next succeeding 12 months from their date.

SEC. 5. Section 8651.5 is added to the Streets and Highways Code, to read:

8651.5. Each bond, or any portion of the bond in a fixed amount or any integral multiple of the fixed amount, shall be subject to redemption in advance of its maturity on any interest payment date upon payment to the registered owner of the principal and accrued interest to the date of redemption together with a redemption premium equal to 5 percent of the principal. At or before issuance of the bonds, the legislative body may reduce the redemption premium to an amount equal to not less than 3 percent of the principal.

SEC. 6. Section 8652 of the Streets and Highways Code is amended to read:

8652. The bonds shall be substantially in the following form:

ADDITIONAL PROVISIONS OF THE BOND

This bond is one of several annual series of bonds of like date, tenor, and effect, but differing in amounts, maturities, and interest rates, issued by the City (or County) of _____ under the Act and the Resolution of Issuance, for the purpose of providing means for paying for the improvements described in the proceedings, and is secured by the moneys in said redemption fund and by the unpaid portion of said assessments made for the payment of said improvements, and, including principal and interest, is payable exclusively out of said fund.

This bond is transferable by the registered owner hereof, in person or by the owner's attorney duly authorized in writing, at the office of _____ (issuing agency or its registration agent), subject to the terms and conditions provided in the Resolution of Issuance, including the payment of certain charges, if any, upon surrender and cancellation of this bond. Upon such transfer, a new registered bond or bonds, of any authorized denomination or denominations, of the same maturity, for the same aggregate principal amount, will be issued to the transferee in exchange therefor.

Bonds shall be registered only in the name of an individual (including joint owners), a corporation, a partnership, or a trust.

Neither the issuing agency nor the registration agent shall be required to make such exchange or registration of transfer of bonds during the 15 days immediately preceding any interest payment date.

The issuing agency and the registration agent may treat the owner hereof as the absolute owner for all purposes, and the issuing agency and the registration agent shall not be affected by any notice to the contrary.

This bond or any portion of it in the amount of five thousand dollars ($5,000), or any integral multiple thereof, may be redeemed and paid in advance of maturity upon the second day of March or September in any year by giving at least 60 days' notice by registered mail to the registered owner hereof at the owner's address as it appears on the registration books of the _____ (issuing agency or registration agent) by paying principal and accrued interest together with a premium equal to _____ percentum of the principal.

I hereby certify that the following is a correct copy of the signed legal opinion of _____

City (or County) Clerk

SEC. 7. Section 8653 of the Streets and Highways Code is amended to read:

8653. The bonds shall be signed by the treasurer and the clerk. However, the legislative body may by order authorize the use upon the bonds of an engraved, printed, or lithographed signature of the treasurer and the clerk in place of a signature by hand. It may also authorize the seal to be placed in like manner on the bonds.

SEC. 8. Section 8654 of the Streets and Highways Code is amended to read:

8654. The bonds shall bear interest at the rate specified or determined in the proceedings. The bonds maturing in any year shall constitute the annual series of that year and the aggregate principal of the bonds in such series shall equal the annual proportion of the aggregate principal sum of the entire bond issue hereinbefore referred to.

SEC. 9. Section 8671 of the Streets and Highways Code is amended to read:

8671. The treasurer shall keep a redemption fund designated by the name of the bonds, into which he shall place all sums received by him from the collection of the assessments made for the payment of the cost of the work or improvements upon which the bonds are issued and of the interest and penalties thereon and from which fund he shall disburse and pay the bonds and the interest due thereon. Under no circumstances shall the bonds or the interest thereon be paid out of any other fund.

SEC. 10. Section 8672 of the Streets and Highways Code is amended to read:

8672. The treasurer shall keep a register in his office showing

the series, number, date, amount, rate of interest, and registered holder of each bond, and the number and amount of each interest payment paid by him. He shall cancel and file each bond which he pays.

SEC. 11. Section 8673 of the Streets and Highways Code is repealed.

SEC. 12. Section 8681 of the Streets and Highways Code is amended to read:

8681. Interest on all unpaid assessments shall begin to run from the date of filing of the contractor's statement, or as otherwise provided in the law pursuant to which the work was done or from 30 days after the first publication of notice of recording the assessment, if the work was done under the Street Opening Act of 1903, or from the date of the bonds if the work was done under the Municipal Improvement Act of 1913, and shall be computed at the rate specified in the bonds secured by such assessments. Such interest shall for each year be computed and collected up to the next second day of September succeeding, no deduction being made by reason of any installment of such assessment being due or paid prior thereto in such year.

SEC. 13. Section 8682.2 of the Streets and Highways Code is repealed.

SEC. 14. Section 8687 of the Streets and Highways Code is amended to read:

8687. Any assessment may be paid by depositing with the treasurer the total unpaid balance due on the assessment together with the total interest which would become due on the assessment if it were paid in the regular way. If the amount of the payment, along with prepayments of other assessments, is sufficient to provide surplus moneys with which to redeem any bond outstanding and not due on the next succeeding second day of September, the treasurer shall then give the proper notice for redeeming such bond, by advancing its maturity in accordance with the provisions of Part 11 upon which redemption the person paying the assessment shall be entitled to credit and reimbursement for the par value of any interest payments thereon which shall be canceled but not paid less any accrued interest paid thereon and less the premium paid on the bond, and less any costs incurred for administering the retirement of the bond.

SEC. 15. Section 8688 of the Streets and Highways Code is amended to read:

8688. Any interested owner shall have the right to tender to the treasurer in payment or part payment of any installment of his assessment or interest or penalties thereon which may be due or payable, any bond secured thereby, the said bond to be taken at par and credit to be given for the accrued interest shown thereby computed to date of such tender. The treasurer shall thereupon cancel such bond and shall cause proper credit therefor to be entered on the records of such assessment, in the office of the

auditor and tax collector.

SEC. 16. Section 8750 of the Streets and Highways Code is amended to read:

8750. By proceeding in accordance with the provisions of this part the treasurer may advance the maturity of any bond to the second day of March or September in any year and pay and cancel the same whenever there is sufficient surplus moneys in the redemption fund for its retirement.

SEC. 17. Section 8751 of the Streets and Highways Code is amended to read:

8751. Notice of advanced maturity shall be given in writing to the registered holder or owner of the bond by registered mail or personal service. Service or mailing of the notice shall be made at least 60 days before the date fixed for advanced maturity.

SEC. 18. Section 8751.5 of the Streets and Highways Code is repealed.

SEC. 19. Section 8752 of the Streets and Highways Code is amended to read:

8752. If notice of advanced maturity is given, the bond shall mature and become payable on the date fixed for maturity in the notice. The holder or owner of the bond may prior to the date of advanced maturity surrender it and receive the principal and interest thereon to the date of payment together with the redemption premium provided for the bond. If the bond has not been sooner surrendered on the date fixed for advanced maturity, the treasurer shall set aside to the credit of the owner of the bond the amount of principal and accrued interest then due on the bond together with the redemption premium and the bond shall then be deemed to have matured and interest shall cease to accrue on the bond. The amount so set aside shall upon demand and upon the surrender and cancellation of the bond be paid to the holder or owner of the bond.

SEC. 20. Section 8763 of the Streets and Highways Code is amended to read:

8763. An annual installment of interest on the unpaid assessments shall be payable and be collected in each year corresponding in amount to the amount of interest which will accrue on the bonds outstanding for said year, and which shall be sufficient to pay the interest thereon which shall become due in the next succeeding March and September.

SEC. 21. Section 8764 of the Streets and Highways Code is repealed.

SEC. 22. Section 8766 of the Streets and Highways Code is amended to read:

8766. The amount to be paid by the owner shall be the total of the following sums:

(a) The amount of any delinquent installments of principal and interest, together with penalties, interest, and costs due thereon.

(b) Any installment of principal and interest which has been

posted to the tax roll for said fiscal year.

(c) The unpaid balance of principal thereof, plus a percentage of said balance equaling the percentage established for the redemption premium on the bonds.

(d) An amount to be fixed by the treasurer for administering the advanced redemption of the bonds.

(e) Interest to the date of call on the amount of principal to be used for call, less the amount of interest in (b) above. If the amount of principal is in excess of the amount for which bonds may be called, additional interest shall be collected on the excess for an additional six months.

SEC. 23. Section 8770 of the Streets and Highways Code is amended to read:

8770. If it appears to the treasurer that there is danger of an ultimate loss accruing to the bondholders for any reason, he shall withhold payment on all matured bonds and interest and report the facts to the legislative body so that proper action may be taken by that body to equitably protect all bondholders.

SEC. 24. Section 8771 of the Streets and Highways Code is amended to read:

8771. On receipt of the report, the legislative body shall fix a date for hearing thereon. The clerk shall give notice of the hearing by posting for 10 days. At the hearing the legislative body shall determine whether in its judgment there will ultimately be insufficient money in the redemption fund to discharge the unpaid bonds and interest. If it determines that in its judgment there will be no such shortage, it shall direct the treasurer to pay matured bonds and interest as long as there is available money in the redemption fund.

SEC. 25. Section 8772 of the Streets and Highways Code is amended to read:

8772. If the legislative body determines that in its judgment there will be a shortage in the redemption fund, it shall direct the treasurer to pay to the holders of all outstanding and unpaid bonds such proportion thereof as the amount of funds on hand bears to the total amount of the unpaid principal of the bonds and the interest which has accrued or will accrue thereon. Similar proportionate payments shall thereafter be made periodically as moneys come into the redemption fund.

SEC. 26. Section 8773 of the Streets and Highways Code is amended to read:

8773. In order to facilitate the making of proportionate payments, the holders of outstanding bonds shall surrender them to the treasurer for registration and cancellation. Upon such cancellation each holder shall be credited with the amount of his bond so canceled. Thereupon the treasurer shall by warrant pay to each holder such proportionate amount of principal and accrued interest due on his bonds as may be available from time to time out of the money in the redemption fund. Interest shall

cease on payments made on account of principal from the date of payment, but interest shall continue to run on the unpaid principal at the rate specified in such bonds until payment thereof be made. No premiums shall be paid on payments made in advance of the due date. If bonds are not surrendered for registration and payment the treasurer shall give notice to the holder thereof by registered mail, at the holder's address as last known to the treasurer, of the amount available for payment. Thereupon interest shall cease as to the amount so available for payment 10 days from the date of mailing of the notice.

SEC. 27. Section 8775 of the Streets and Highways Code is amended to read:

8775. If a deficiency occurs in the redemption fund with which to pay past due bonds, past due interest, or bonds or interest which will become due during the current tax collecting year, but it does not appear to the treasurer that there will be an ultimate loss to the bondholders, he shall pay matured bonds as presented and make interest payments when due as long as there are available funds in the redemption fund, in the following order of priority:

(1) All matured interest payments shall be made before the principal of any bonds is paid.

(2) Interest on bonds of earlier maturity shall be paid before interest on bonds of later maturity.

(3) Within a single maturity, interest on lower-numbered bonds shall be paid before interest on higher-numbered bonds.

(4) The principal of bonds shall be paid in the order in which the bonds are presented for payment. Any bond which is presented but not paid shall be assigned a serial number according to the order of presentment and shall be returned to the bondholder.

Bonds not paid when presented, and interest payments not paid when due, shall bear interest at the rate stated in the bonds, without compounding, until paid.

SEC. 28. Section 8776 of the Streets and Highways Code is amended to read:

8776. When funds become available for the payment of any bond which was not paid upon presentment, the treasurer shall notify the registered owner thereof by registered mail to present the bond for payment. If the bond is not presented for payment within 10 days after the mailing of the notice, interest shall cease to run on the bond.

SEC. 29. Section 8850 of the Streets and Highways Code is amended to read:

8850. No bond, assessment, or installment thereof or of the interest or penalties thereon, or certificate of sale or deed shall be held invalid for any error in the computation of the proper amount due on the same, if the error is found to be comparatively negligible, or is found to be in favor of the owner of the real property affected thereby.

SEC. 30. Section 9600 of the Streets and Highways Code is amended to read:

9600. In this chapter, the following terms are used with the following meanings:

(a) "Costs of issuing refunding bonds" means those of the following costs and expenses which are designated by the legislative body in the resolution providing for the issuance of the bonds.

(1) All expenses incident to the calling, retiring, or paying of the bonds to be refunded and to the issuance of refunding bonds, including any bond counsel, financial consultants, underwriters, and rating agency fees, printing and advertising costs, city administrative expenses, and the charges of any escrow agent or trustee in connection with the issuance of the refunding bonds or in connection with the redemption or retirement of the bonds to be refunded.

(2) Interest upon the refunding bonds from the September 2 next preceding the date of sale thereof to no later than the September 2 next succeeding two years from the date.

(3) Any accrued and unpaid interest on the bonds to be refunded.

(4) Any premium necessary in the calling or retiring of the bonds to be refunded.

(b) "Designated costs of issuing the refunding bonds" means whichever of the items specified in paragraphs (1), (2), (3), and (4) of subdivision (a) which are designated by the legislative body in the resolution providing for the issuance of refunding bonds.

(c) "Federal securities" means those securities described in Sections 1360 and 1360.1 of the Financial Code and includes United States Treasury notes, bonds, bills, or certificates of indebtedness, or obligations for which the faith and credit of the United States are pledged for the payment of principal and interest, including the guaranteed portions of small business administration loans, so long as the loans are obligations for which the faith and credit of the United States are pledged for the payment of principal and interest.

SEC. 31. Section 9605 of the Streets and Highways Code is amended to read:

9605. All of the refunding bonds shall mature on September 2.

SEC. 32. Section 9606 of the Streets and Highways Code is amended to read:

9606. In no event shall the first maturity of any refunding bonds be earlier than the second day of September next succeeding 12 months after the date of the bonds.

SEC. 33. Section 9607 of the Streets and Highways Code is amended to read:

9607. The last maturity of any refunding bonds shall not exceed 24 years from the second day of September next succeeding 12 months after the date of the bonds.

SEC. 34. Section 9609 of the Streets and Highways Code is amended to read:

9609. The interest on refunding bonds shall be payable on March 2, and September 2, respectively, of each year.

SEC. 35. Section 9610 of the Streets and Highways Code is amended to read:

9610. The first interest payment on the bonds shall in every case be March 2 next preceding the second day of September next succeeding 12 months after the date of the bonds.

SEC. 36. Section 10204.2 is added to the Streets and Highways Code, to read:

10204.2. If improvement bonds are to be issued pursuant to the Improvement Bond Act of 1915, and if more than one year's interest on the bonds is expected to be payable before and at the maturity date of the first annual series of bonds, the costs and expenses of the proposed improvement may include an allowance for interest not exceeding one year's estimated interest on the bonds. The amount of the allowance for interest shall be paid into the redemption fund for the bonds upon sale and delivery of the bonds.

SEC. 37. This act shall not apply to any improvement bonds issued prior to the effective date of this act.

This act shall not apply to improvement bonds to be issued in any special assessment proceedings initiated by a resolution of intention adopted prior to the effective date of this act, except that the legislative body of the issuing agency may elect by resolution to make this act applicable to the bond issue.

SEC. 38. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Special assessments to pay interest and principal on bonds issued under the Improvement Bond Act of 1915 are collected with property taxes. There is inadequate time between the tax delinquency dates and the bond and interest payment dates to ensure that cities will receive the funds to make bond payments. The resulting risk of default in bond payments endangers the credit standing of cities and the marketability of their bonds.

CHAPTER 66

An act to add Section 35012.3 to the Government Code, relating to local agencies.

[Approved by Governor June 9, 1985 Filed with Secretary of State June 10, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 35012.3 is added to the Government Code, to read:

35012.3. (a) Nothwithstanding Section 35011, upon approval of the commission a city may annex noncontiguous territory not exceeding 3,100 acres in area, which is located in the same county as that in which the city is situated, and which is owned by the city and is being used for municipal water purposes at the time preliminary proceedings are initiated pursuant to Chapter 2 (commencing with Section 35100). If, after the completion of the annexation, the city sells that territory or any part thereof, all of that territory which is no longer owned by the city shall cease to be a part of the city.

(b) If territory is annexed pursuant to this section, the annexing city may not annex any territory not owned by it and not contiguous to it although that territory is contiguous to the territory annexed pursuant to this section.

(c) When territory ceases to be part of a city pursuant to this section, the legislative body of the city shall adopt a resolution confirming the detachment of that territory from the city. The resolution shall describe the detached territory and shall be accompanied by a map indicating the territory. Immediately upon adoption of the resolution, the city clerk shall make any filing provided for by Chapter 4 (commencing with Section 35350).

(d) If territory annexed to a city pursuant to this section becomes contiguous to the city, the limitations imposed by this section shall cease to apply.

(e) If territory is annexed pursuant to this section, it shall be used only for municipal water purposes. The city may, however, enter into agreements to lease the land for timber production or grazing by animals. If the territory is used by the city for any other purpose at any time, it shall cease to be a part of the city.

(f) This section shall apply only to the City of Willits.

SEC. 2. Existing limitations on the amount of noncontiguous municipal property which may be annexed to a city have operated to prevent the City of Willits in the County of Mendocino from annexing to the city property used for municipal purposes and comprising a municipally owned water system and watershed which provides the water for that system. It would be advantageous to the city to annex these properties without affecting other unincorporated territory. Due to the uniqueness of this particular situation, the Legislature finds and declares that it is neither desirable nor appropriate to enact a general statute within the meaning of Section 16 of Article IV of the California Constitution.

CHAPTER 67

An act to amend Section 65301 of the Government Code, relating to land use planning.

[Approved by Governor June 12, 1985. Filed with Secretary of State June 12, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 65301 of the Government Code is amended to read:

65301. (a) The general plan shall be so prepared that all or individual elements of it may be adopted by the legislative body, and so that it may be adopted by the legislative body for all or part of the territory of the county or city and such other territory outside its boundaries which in its judgment bears relation to its planning. The general plan may be adopted in any format deemed appropriate or convenient by the legislative body, including the combining of elements. The legislative body may adopt all or part of a plan of another public agency in satisfaction of all or part of the requirements of Section 65302 if the plan of the other public agency is sufficiently detailed and its contents are appropriate, as determined by the legislative body, for the adopting city or county.

(b) The general plan may be adopted as a single document or as a group of documents relating to subjects or geographic segments of the planning area.

(c) The general plan shall address each of the elements specified in Section 65302 to the extent that the subject of the element exists in the planning area. The degree of specificity and level of detail of the discussion of each such element shall reflect local conditions and circumstances. However, this section shall not affect the requirements of subdivision (c) of Section 65302, nor be construed to expand or limit the authority of the Department of Housing and Community Development to review housing elements pursuant to Section 50459 of the Health and Safety Code.

The requirements of this section shall apply to charter cities.

CHAPTER 68

An act to amend Section 10971 of the Insurance Code, relating to insurance.

[Approved by Governor June 12, 1985. Filed with Secretary of State June 12, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 10971 of the Insurance Code is amended to read:

10971. This chapter shall not, except as provided by Sections 10972 and 10974, affect:

(a) A lodge operating under the lodge system, which provides in its bylaws or rules or regulations for the payment of death benefits not exceeding one thousand dollars ($1,000) on the death of a member or for the payment of disability benefits not exceeding one thousand dollars ($1,000) to a member during any period of 12 consecutive calendar months, or both such types of benefits.

(b) The subordinate branch of a lodge, as a lodge is defined in Section 10972, or any association formed by the members of a lodge, which association confines its membership to the members of such lodge, which subordinate branch or association (1) is organized without capital stock, (2) is organized and operated solely for the benefit of its members or their beneficiaries and not for profit, and (3) provides in its bylaws or rules or regulations for the payment of either or both of the following benefits: (i) a benefit of not exceeding one thousand dollars ($1,000) on the death of a member from any cause; (ii) a benefit of not exceeding one thousand dollars ($1,000) on the accidental death of a member or benefits not exceeding one thousand dollars ($1,000) during any period of 12 consecutive calendar months to a member for his or her disability.

(c) A lodge operating under the lodge system or any subordinate branch thereof or any association formed by the members thereof which association confines its membership to the members of such lodge, which subordinate branch or association (1) is organized without capital stock, (2) is organized and operated solely for the benefit of its members or their beneficiaries and not for profit, and (3) provides in its bylaws or rules or regulations for the payment of death benefits not exceeding one thousand dollars ($1,000) on the death of a member or for the payment of disability benefits not exceeding one thousand dollars ($1,000) to a member during any period of 12 consecutive calendar months, or both such types of benefits.

(d) An organization authorized to operate pursuant to a superior court judgment issued between January and April of 1940 whether or not the amount of benefits offered by that organization conforms to that judgment.

(e) Contracts of reinsurance on a plan under subdivisions (a), (b), (c), or (d).

CHAPTER 69

An act to amend Section 8013 of, and to repeal Section 8014 of, the Welfare and Institutions Code, relating to public guardians.

[Approved by Governor June 12, 1985 Filed with Secretary of State June 12, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 8013 of the Welfare and Institutions Code is amended to read:

8013. The public guardian shall have a claim against the ward's estate for his or her reasonable expenses incurred in the execution of the guardianship or conservatorship, and such compensation for his or her services, those of his or her attorney, and the filing and processing services of the county clerk, as the court in which his or her accounts are settled deems just and reasonable.

SEC. 2. Section 8014 of the Welfare and Institutions Code is repealed.

CHAPTER 70

An act to amend Section 36521 of the Streets and Highways Code, relating to parking and business improvement areas.

[Approved by Governor June 12, 1985. Filed with Secretary of State June 13, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 36521 of the Streets and Highways Code is amended to read:

36521. The city council may adopt a resolution of intention to establish an area, either on its own initiative or if it is requested to do so by at least 20 percent of the owners of businesses within the area to be formed. The resolution shall contain all of the following information:

(a) A description of the boundaries of the proposed area.

(b) The time and place of a hearing to be held by the city council to consider establishment of an area.

(c) The proposed uses to which the proposed revenue shall be put.

(d) A description of the system of assessments or charges which will be used and the businesses upon which the levy will be made. If a classification system is used in making assessments or charges there shall be included a description by class or business of the classification system to be used.

CHAPTER 71

An act to amend Section 2 of the Storm Water District Act of 1909 (Chapter 222 of the Statutes of 1909), relating to storm water districts.

[Approved by Governor June 12, 1985. Filed with Secretary of State June 13, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 2 of the Storm Water District Act of 1909 (Chapter 222 of the Statutes of 1909) is amended to read:

Sec. 2. Thereupon the clerk shall cause to be published in the newspaper or newspapers so designated, for a period of 20 days before the date fixed for the hearing, a notice, which shall be headed "Notice of intention of the board of supervisors to form a storm water district." The notice shall set forth the fact of the passage of the resolution with the date thereof, the boundaries of the proposed district, and the time and place for the hearing, and shall state that it is proposed to assess all property embraced in the proposed storm water district, for the purpose of paying the damages, costs and expenses of constructing and repairing those dikes, levees, ditches, canals, reservoirs, shafts and other improvements as may be necessary to protect the land in the district from damage from storm water and from waters of any innavigable stream, canyon or wash, or to spread, conserve, store, retain or cause to percolate into the soil within the district any or all of those waters, and the necessary expense of maintaining the district, and shall refer to the resolution for further particulars. The assessor shall certify to the clerk the name of each owner of land in the proposed district whose name appears on the last assessment roll of the county or counties in which the proposed district lies, and the clerk shall forthwith send a copy of the notice by certified mail, postage prepaid, to each owner so certified, addressed to the owner at his or her address given on the assessment roll or, if no address is given, then at his or her last known address, or if it be not known, then at the county seat of the county in which his or her land lies. The clerk shall make and file in his or her office an affidavit of the mailing, showing the names and addresses of the persons to whom the notices were sent, which shall be prima facie evidence that the notices were mailed as required in this section.

CHAPTER 72

An act to amend Section 30801 of the Food and Agricultural Code, and to amend Section 38792 of the Government Code, relating to animals.

[Approved by Governor June 12, 1985 Filed with
Secretary of State June 13, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 30801 of the Food and Agricultural Code is amended to read:

30801. (a) A board of supervisors may provide for the issuance of serially numbered metallic dog licenses pursuant to this section. The dog licenses shall be:

(1) Stamped with the name of the county and the year of issue.

(2) Unless the board of supervisors designates the animal control department to issue the licenses, issued by the county clerk directly or through judges of justice or municipal courts, to owners of dogs, that make application.

(b) The licenses shall be issued for a period of not to exceed two years.

SEC. 2. Section 38792 of the Government Code is amended to read:

38792. The legislative body of a city may impose and collect a license fee for a period not to exceed two years and not exceeding the cost of services relating to dogs, including, but not limited to, animal shelters and control and the programs specified in Section 30652 of the Food and Agricultural Code, provided by the city, on every dog owned or harbored within the city limits. The license fee for spayed bitches and neutered males shall be 50 percent of the license fee otherwise imposed.

CHAPTER 73

An act to add Section 1367.4 to the Health and Safety Code, and to add Sections 10123.7 and 11512.175 to the Insurance Code, relating to insurance.

[Approved by Governor June 13, 1985. Filed with
Secretary of State June 13, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1367.4 is added to the Health and Safety Code, to read:

1367.4. On and after January 1, 1986, every health care service plan, except a specialized health care service plan, that covers hospital, medical, or surgical expenses on a group basis shall offer coverage for orthotic and prosthetic devices and services under such terms and conditions as may be agreed upon between the group subscriber and the plan. Every plan shall communicate the availability of that coverage to all group contract holders and to all prospective group contract holders with whom they are negotiating.

SEC. 2. Section 10123.7 is added to the Insurance Code, to read:

10123.7. On or after January 1, 1986, every insurer issuing group disability insurance which covers hospital, medical, or surgical expenses shall offer coverage for orthotic and prosthetic devices and services under such terms and conditions as may be agreed upon between the group policyholder and the insurer. Every insurer shall communicate the availability of that coverage to all group policyholders and to all prospective group policyholders with whom they are negotiating.

SEC. 3. Section 11512.175 is added to the Insurance Code, to read:

11512.175. On or after January 1, 1986, every nonprofit hospital service plan that covers hospital, medical or surgical expenses on a group basis shall offer coverage for orthotic and prosthetic devices and services under such terms and conditions as may be agreed upon between the group subscriber and the plan. Every plan shall communicate the availability of that coverage to all group contract holders, and to all prospective group contract holders with whom they are negotiating.

CHAPTER 74

An act to amend Section 12246 of the Business and Professions Code, relating to weights and measures.

[Approved by Governor June 18, 1985. Filed with Secretary of State June 18, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 12246 of the Business and Professions Code is amended to read:

12246. This article shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date.

CHAPTER 75

An act to amend Section 33760.5 of the Health and Safety Code, relating to redevelopment agencies.

[Approved by Governor June 18, 1985. Filed with Secretary of State June 18, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 33760.5 of the Health and Safety Code is amended to read:

33760.5. (a) Notwithstanding the requirements of Section 33760, agencies which operate within a jurisdiction, the population of which is in excess of 600,000 persons, as determined by the Department of Finance, may additionally provide financing for residential construction of multifamily rental units outside of a redevelopment project area as set forth in and subject to the limitations of this section.

(b) Within its territorial jurisdiction, an agency may determine the location and character of any residential construction to be financed under the provisions of this chapter and may make mortgage or construction loans to participating parties through qualified mortgage lenders, or purchase mortgage or construction loans without premium made by qualified mortgage lenders to participating parties for financing residential construction of multifamily rental units.

(c) Not less than 20 percent (15 percent in target areas) of the units in each project financed pursuant to this section shall be occupied by, or made available to, individuals of low and moderate income, as defined in Section 103(b)(12)(C) of the Internal Revenue Code of 1954 for the period required by Section 103(b)(4)(A) of the Internal Revenue Code of 1954.

(d) Not less than one-half of the low and moderate income units shall be occupied by, or made available to, very low-income households, as defined in Section 50105.

(e) The provisions of subdivision (d) shall apply for the period the provisions of subdivision (c) apply to a project financed pursuant to this section. However, in the event an agency finds and determines that federal rent subsidies are unavailable to a project financed pursuant to this section, as of the date revenue bonds are authorized pursuant to Section 33776, or on any subsequent date, for the project, the requirements of this subdivision and subdivision (d) shall not apply.

(f) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends that date.

CHAPTER 76

An act to amend Section 798.74 of the Civil Code, relating to mobilehome parks.

[Approved by Governor June 18, 1985. Filed with Secretary of State June 18, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 798.74 of the Civil Code is amended to read:

798.74. (a) The management may require the right of prior approval of a purchaser of a mobilehome that will remain in the park and that the selling homeowner or his or her agent give notice of the sale to the management before the close of the sale. Approval cannot be withheld if the purchaser has the financial ability to pay the rent and charges of the park unless the management reasonably determines that, based on the purchaser's prior tenancies, he or she will not comply with the rules and regulations of the park. If the ownership or management rejects a purchaser as a prospective homeowner, the ownership or management shall inform the selling homeowner in writing of its reasons for the rejection.

(b) If the management collects a fee or charge from a prospective purchaser of a mobilehome in order to obtain a financial report or credit rating, the full amount of the fee or charge shall be credited toward payment of the first month's rent for that mobilehome purchaser. If, for whatever reason, the prospective purchaser is rejected by the management, the management shall refund to the prospective purchaser the full amount of that fee or charge within 30 days from the date of rejection. If the prospective purchaser is approved by the management, but, for whatever reason, the prospective purchaser elects not to purchase the mobilehome, the management may retain the fee, or a portion thereof, to defray its administrative costs under this section.

CHAPTER 77

An act to amend Sections 27465, 27466, 27467, and 27468 of the Government Code, relating to coroners.

[Approved by Governor June 18, 1985. Filed with Secretary of State June 18, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 27465 of the Government Code is amended to read:

27465. Within 90 days after an inquest upon a dead body the coroner shall deliver to the legal representatives of the deceased any money or other property found upon the body.

SEC. 2. Section 27466 of the Government Code is amended to read:

27466. If, within 90 days after the inquest, no legal representative makes a demand upon the coroner for the money or property found upon the body of the decedent, the coroner shall deliver to the treasurer any money, and the proceeds of the sale of any property

found upon the body. At the same time, the coroner shall deliver an affidavit to the treasurer showing:

(a) The amount of money belonging to the estate of the deceased person which has come into his possession since the coroner's last statement.

(b) The disposition made of any property.

SEC. 3. Section 27467 of the Government Code is amended to read:

27467. If the coroner fails to deliver to the treasurer within 120 days after any inquest upon a dead body all money and proceeds from the sale of property found upon the body, unless claimed in the meantime by the public administrator or other legal representative of the decedent, the district attorney shall proceed against the coroner to recover the money or proceeds by civil action in the name of the county.

SEC. 4. Section 27468 of the Government Code is amended to read:

27468. If within 90 days after an inquest upon a dead body no legal representative of the decedent demands from the coroner the property found upon the person of the decedent, the coroner shall sell the property at public auction upon reasonable public notice, and immediately thereafter deliver the proceeds of the sale to the treasurer, who shall place them to the credit of the county.

CHAPTER 78

An act to add Section 22557.5 to the Public Utilities Code, relating to aviation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 18, 1985 Filed with Secretary of State June 18, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 22557.5 is added to the Public Utilities Code, to read:

22557.5. (a) Notwithstanding Section 22557, the Big Bear Airport District may issue temporary negotiable notes bearing interest at a rate not exceeding the maximum rate permitted pursuant to Section 53531 of the Government Code. These notes shall be general obligations of the district payable from revenues and taxes, unless paid from other available funds of the district, in the same manner as bonds of the district. The notes shall mature not later than 20 years from the date thereof, and the total aggregate amount of notes outstanding at any one time shall not exceed 2 percent of the assessed valuation of the taxable property in the district, or if the assessed valuation is not obtained, 2 percent of the county auditor's estimate

of the assessed valuation of the taxable property of the district evidenced by the auditor's certificate. The total aggregate amount of notes outstanding at any one time shall further not exceed one million five hundred thousand dollars ($1,500,000).

(b) Any note proposed to be issued pursuant to subdivision (a) with a term longer than five years shall not be issued until after a public hearing is conducted with respect to the issuance and a resolution is adopted approving the issuance. At least 15 days prior to the public hearing, the board shall cause notice of the hearing to be published pursuant to Section 6061 of the Government Code in a newspaper published in the principal county. The resolution is subject to referendum pursuant to Section 5200 of the Elections Code and shall so provide. Within 15 days after adoption of the resolution of issuance, the board shall cause the resolution to be published at least once in a newspaper of general circulation published in the principal county, or if there is none, posted in at least three public places in the district.

SEC. 2. The Legislature finds and declares that Section 22557.5 of the Public Utilities Code, as added by Section 1 of this act, is necessary since special facts and circumstances applicable to the Big Bear Airport District and not generally applicable make the accomplishment of this purpose impossible by any general law. The district has certain outstanding obligations at burdensome rates of interest which it could refinance at more favorable rates pursuant to the authorization contained in this act. The Legislature further finds and declares that this is the only such situation involved, that the purpose of this act is impossible to accomplish by any general law, and that special legislation applicable to the Big Bear Airport District is therefore necessary.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the Big Bear Airport District to increase its borrowing capacity and take advantage of currently favorable financing so as to be able to commence urgently needed projects and improvements as soon as possible, it is necessary that this act become effective immediately.

CHAPTER 79

An act to amend Section 202.5 of the Code of Civil Procedure, relating to juries.

[Approved by Governor June 18, 1985. Filed with Secretary of State June 18, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 202.5 of the Code of Civil Procedure is amended to read:

202.5. A peace officer, as defined in Section 830.1 and subdivision (a) of Section 830.2 of the Penal Code, and a judge shall be exempt from jury service. As used in this section, "judge" means only an active judge of a court of record or a full-time justice court judge and does not include a temporary judge, as specified in Section 21 of Article VI of the California Constitution.

CHAPTER 80

An act to amend Section 1584.5 of the Civil Code, relating to unsolicited services.

[Approved by Governor June 18, 1985. Filed with Secretary of State June 18, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1584.5 of the Civil Code is amended to read:

1584.5. No person, firm, partnership, association, or corporation, or agent or employee thereof, shall, in any manner, or by any means, offer for sale goods, wares, merchandise, or services, where the offer includes the voluntary and unsolicited sending or providing of goods, wares, merchandise, or services not actually ordered or requested by the recipient, either orally or in writing. The receipt of any goods, wares, merchandise, or services shall for all purposes be deemed an unconditional gift to the recipient who may use or dispose of the goods, wares, merchandise, or services in any manner he or she sees fit without any obligation on his or her part to the sender or provider.

If, after any receipt deemed to be an unconditional gift under this section, the sender or provider continues to send bill statements or requests for payment with respect to the gift, an action may be brought by the recipient to enjoin the conduct, in which action there may also be awarded reasonable attorney's fees and costs to the prevailing party.

For the purposes of this section and limited to merchandise or services offered for sale through the mails, the "voluntary and unsolicited sending or providing of goods, wares, merchandise, or services not actually ordered or requested by the recipient, either orally or in writing," includes any merchandise or services selected by the company and offered to the consumer which will be mailed to him or her for sale or on approval or provided to him or her unless he or she exercises an option to reject the offer of sale or receipt on approval. Merchandise or services selected by the seller and offered for sale on a periodic basis must be affirmatively ordered by a

statement or card signed by the consumer as to each periodic offer of merchandise or services. This paragraph shall not apply to any of the following:

(a) Contractual plans or arrangements complying with this subdivision under which the seller periodically provides the consumer with a form or announcement card which the consumer may use to instruct the seller not to ship the offered merchandise. Any instructions not to ship merchandise included on the form or card shall be printed in type as large as all other instructions and terms stated on the form or card. The form or card shall specify a date by which it shall be mailed by the consumer (the "mailing date") or received by the seller (the "return date") to prevent shipment of the offered merchandise. The seller shall mail the form or card either at least 25 days prior to the return date or at least 20 days prior to the mailing date, or provide a mailing date of at least 10 days after receipt by the consumer, except that whichever system the seller chooses for mailing the form or card, the system must be calculated to afford the consumer at least 10 days in which to mail his or her form or card. The form or card shall be preaddressed to the seller so that it may serve as a postal reply card or, alternatively, the form or card shall be accompanied by a return envelope addressed to seller. Upon the membership contract or application form or on the same page and immediately adjacent to the contract or form, and in clear and conspicuous language, there shall be disclosed the material terms of the plan or arrangement including all of the following:

(1) That aspect of the plan under which the subscriber must notify the seller, in the manner provided for by the seller, if he or she does not wish to purchase or receive the selection.

(2) Any obligation assumed by the subscriber to purchase a minimum quantity of merchandise.

(3) The right of a contract-complete subscriber to cancel his or her membership at any time.

(4) Whether billing charges will include an amount for postage and handling.

(b) Other contractual plans or arrangements not covered under subdivision (a), such as continuity plans, subscription arrangements, standing order arrangements, supplements and series arrangements under which the seller periodically ships merchandise to a consumer who has consented in advance to receive the merchandise on a periodic basis.

CHAPTER 81

An act to amend Sections 24353 and 29802 of the Government Code, relating to public funds.

[Approved by Governor June 18, 1985. Filed with Secretary of State June 18, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 24353 of the Government Code is amended to read:

24353. Each officer of a county or judicial district authorized to collect money shall pay into the county treasury all money collected by him or her or under his or her control that is payable into the treasury in the form and at the time the auditor requires.

SEC. 2. Section 29802 of the Government Code is amended to read:

29802. (a) Unless otherwise provided by ordinance, any warrant issued is void if not presented to the county treasurer for payment within six months after its date.

Whenever, under the provisions of this section, warrants drawn on trust funds became void, the moneys in the county treasury represented by the warrants may be transferred to the general fund of the county by the county auditor unless disposition is otherwise provided by law.

(b) Any time within two years from the date on which the original warrant became void, the payee or assignee of any warrant which is void as provided in this section may present the warrant to the governing body of the agency on which the warrant was drawn, or declare by affidavit that the warrant has been lost or destroyed, and the governing body may by resolution authorize the auditor to draw new warrants within the limitations prescribed by the resolution without prior individual order of the governing body, provided the limitations prescribed by this section have been complied with. The new warrant shall be subject to the same limitations as the original warrant which it replaces.

(c) If, at any time after a period of two years from the date on which the original warrant became void, or during such other period of time as specified by ordinance, the payee or assignee presents such warrant to the governing body of the agency on which the warrant was drawn, the governing body may adopt an order instructing the county auditor to draw a new warrant in favor of the payee or assignee in the same amount as the original warrant, or the governing body, by resolution, may authorize the auditor, without prior individual order of the governing body, to draw warrants within the limitations prescribed by the resolution in any case in which the auditor determines that it would be inequitable or unreasonable not to draw the warrant, and money is available in the county treasury to make payment on the indebtedness. If the auditor deems it necessary, he or she may present a voided warrant to the governing body for its review, approval, and appropriation of funds. Any such new warrant shall be subject to the same limitations as the original warrant which it replaces.

CHAPTER 82

An act to add Chapter 2.67 (commencing with Section 1000.30) to Title 6 of Part 2 of the Penal Code, and to repeal Chapter 13 (commencing with Section 18985) of Part 6 of Division 9 of the Welfare and Institutions Code, relating to child abuse, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 19, 1985. Filed with Secretary of State June 19, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 2.67 (commencing with Section 1000.30) is added to Title 6 of Part 2 of the Penal Code, to read:

CHAPTER 2.67. COUNSELING FOR CHILD ABUSE OR SEXUAL MOLESTATION

1000.30. The Office of Criminal Justice Planning shall, pursuant to Chapter 1660 of the Statutes of 1984, establish a pilot project for a period of two years in not more than three counties. The pilot projects shall test a program to provide treatment to child sexual abuse perpetrators, including intrafamilial and pedophiliac abusers, and including abusers who are incarcerated, as well as those who are not. The office shall designate the pilot project counties from among those counties that wish to participate. The office shall give priority to selection of at least two of the three pilot projects in counties where an existing project provides services to child sexual abuse perpetrators and where the proposed pilot project is an expansion of, and integrated with, existing services.

These counties shall provide all of the following information to the Office of Criminal Justice Planning:

(a) Identification of sexual abuse perpetrator treatment and victim services as a need in the county's child abuse services plan developed pursuant to Section 18962 of the Welfare and Institutions Code.

(b) Evidence in the application to provide service under this chapter that county mental health, welfare department, district attorney, juvenile court, superior court, municipal court, probation department, and private child welfare service agencies are participating in and coordinating case referral, case management, and service delivery to the target population.

(c) Evidence as to how incest offender treatment will be integrated with victim treatment.

Nothing in this section prohibits the use by district attorneys of counseling and other treatment programs as a diversion from prosecution. In pilot counties, diversion services shall be integrated with the services provided under this chapter.

1000.31. The provisions of this chapter shall be applicable in the designated counties for the duration of the pilot project.

1000.32. (a) Except as provided in subdivision (b), in any case in which the defendant has been convicted in a pilot project county of violating Section 261, 264.1, 285, 286, 288, 288a, or 289, and the victim is a person who was under 18 years of age at the time the offense was committed, the court shall, in addition to any other punishment or confinement that may be imposed, require counseling of the convicted person pursuant to Section 1000.33, when the person is confined or placed on probation within the county.

(b) Notwithstanding subdivision (a), a court may exclude from counseling and other treatment programs any convicted person described in subdivision (a) who is confined within the county, if the person is found by the court not to be amenable to counseling or other treatment services on either of the following bases:

(1) The person is a repeat offender who has previously been ordered by a court to receive counseling and who has been found by either the court or a counselor to be nonresponsive or not amenable to counseling services.

(2) The person has professed to the court that he or she continues to sexually abuse children and has refused counseling services.

1000.33. In a pilot project county, the county mental health department shall do both of the following:

(a) Assign a counselor to the convicted person described in Section 1000.32. The counselor shall be qualified, as determined by the county mental health department, in carnal abuse or sexual molestation counseling, as appropriate.

(b) Determine and collect from the convicted person a fee for the counseling, according to ability to pay, but not exceeding actual cost.

1000.34. The state shall reimburse each pilot project county less any fees received pursuant to subdivision (b) of Section 1000.33 for any costs it incurs in conducting the pilot project under this chapter.

1000.35. In order that the Legislature may determine the cost and potential benefits of the counseling programs authorized by this chapter, the Office of Criminal Justice Planning shall submit a written report to the Legislature within six months of completion of all of the pilot projects authorized by this chapter. The reports shall detail all of the following information:

(a) The number of defendants who participated in the counseling programs during the pilot project.

(b) The cost of the pilot project, including data concerning the amount of the cost recovered from participants in the counseling programs.

(c) The nature of the treatment provided to participants in the counseling programs.

(d) The results of the treatment provided to participants in the counseling programs, including data concerning recidivism by participants, other criminal offenses committed by participants, and failures to participate in the counseling programs.

(e) The results of combining counseling services to intrafamilial and pedophiliac child sexual abusers.

1000.36. To the extent funds are appropriated in the 1985–86 Budget Act, the Office of Criminal Justice Planning shall award project funds to three counties who meet the criteria set forth in Section 1000.30. The Office of Criminal Planning shall not utilize for administrative expenses more than 5 percent of the funds which are appropriated. Pilot counties shall utilize each of the following:

(a) Third-party payments, where appropriate.

(b) Defendant fees, where ordered by the court.

(c) Existing counseling treatment and education services, where appropriate.

(d) Project funds to provide case management for each defendant and to purchase appropriate services where subdivisions (a), (b) and (c) are not applicable.

SEC. 2. Chapter 13 (commencing with Section 18985) of Part 6 of Division 9 of the Welfare and Institutions Code is repealed.

SEC. 3. It is the intent of the Legislature in enacting this bill to continue in existence, without interruption, the pilot projects established under Chapter 1660 of the Statutes of 1984. It is not the intent of the Legislature to extend the life of those pilot projects beyond the time period specified in Chapter 1660 of the Statutes of 1984.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to effectively implement Chapter 1660 of the Statutes of 1984 which established a pilot project for the counseling of perpetrators of sexual abuse of children, it is necessary that this act go into immediate effect.

CHAPTER 83

An act to amend Section 14024 of the Corporations Code, to amend Sections 7072, 7073, 7074, 7075, 7076, 7082, 7083, 7085, 7086, 7087, 7087.5, 7088, 7089, 7091, 7092, 7093, and 54222 of, and to add Sections 7073.5 and 7078 to, the Government Code, and to repeal Section 18 of Chapter 45 of the Statutes of 1984, relating to economic development, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 19, 1985. Filed with Secretary of State June 19, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 14024 of the Corporations Code is amended to read:

14024. The board shall not allocate any funds to a small business development corporation unless the board determines to its satisfaction:

(a) That there is sufficient interest in the region, including commitments to provide financial support, business consultation and education, and other assistance.

(b) That the plan of operation submitted by the corporation includes all of the following:

(1) Substantiation of the ability of the corporation to maintain and increase its loan guarantee fund.

(2) A reasonably complete description of the disadvantaged area or areas to be served.

(3) A description of methods to be used to mobilize community resources within the region to carry out the purposes of this chapter.

(4) An agreement that at least one-half of the corporation's lendable funds and guarantee capacity will be utilized to make or guarantee small business loans. There shall be no discrimination on the basis of race, creed, national origin, sex, age, or physical handicap in considering individual applications for loans. To prevent discrimination, small business loans shall be made to persons whose characteristics coincide, to the fullest extent possible consistent with provisions of law, with the characteristics of the economically disadvantaged area or economically disadvantaged areas to be served.

(5) An agreement to require, as a condition to the granting of any loan or guarantee, that the borrower in an employment incentive loan will accept for permanent employment a significant number of disadvantaged persons referred for placement by the Employment Development Department. There shall be no discrimination on the basis of race, creed, national origin, sex, age, or physical handicap by an employment incentive borrower in hiring employees from disadvantaged areas. To prevent discrimination, the characteristics of these employees shall, to the fullest extent possible consistent with provisions of law, coincide with the characteristics of the unemployed in the economically disadvantaged area or economically disadvantaged areas served by the corporation.

(6) An agreement to require, as a condition to the granting of any loan or guarantee, that the borrower in a small business loan will agree to a continuing consulting relationship with the corporation during the existence of the loan or guarantee.

(7) An agreement to coordinate to the maximum extent feasible with existing job development and placement programs.

(8) An agreement that the corporation's lendable funds and guarantee capacity will be utilized in accordance with the priority established by regulations of the Office of Small Business pursuant to

Section 7089 of the Government Code.

(c) That upon a subsequent request for additional allocations, the corporation will certify that the information provided pursuant to subdivision (b) is still current or will supply revised information and provide information describing the current status of its fund and anticipated financial assistance transactions.

SEC. 1.5. Section 7072 of the Government Code is amended to read:

7072. For purposes of this chapter:

(a) "Department" means the Department of Commerce.

(b) "Enterprise zone" means any area within a city, county, or city and county which is designated as such by the department in accordance with the provisions of Section 7073.

(c) "Governing body" means a county board of supervisors or a city council, as appropriate.

(d) "High technology industries" include, but are not limited to, the computer, biological engineering, electronics, and telecommunications industries.

(e) "Eligible area" means a geographic area meeting the criteria described in Section 7073.5.

SEC. 2. Section 7073 of the Government Code is amended to read:

7073. (a) The governing body of a city or county may, either by ordinance or resolution, propose an eligible area plus one commercial or industrial area or both within its respective jurisdiction as the geographic area for an enterprise zone. A county may propose an area within the unincorporated area as the geographic area for an enterprise zone, but shall not propose an area within an incorporated area. This proposed geographic area shall be based upon findings by the governing body that the area is a depressed area and that the designation as an enterprise zone is necessary in order to assist in attracting private sector investment in the area. The city or county shall establish definitive boundaries for the area to be included in the application for designation and, if designated by the department, the designation shall be binding for a period of 15 years.

(b) Following the application for designation of an enterprise zone by a city or county, the governing body shall apply to the department for designation. The department shall adopt regulations and guidelines concerning the necessary contents of each application for designation.

(c) Any city, county, or city and county with an eligible area within its jurisdiction may complete a preliminary application. A maximum of 20 applications may be chosen each year to complete a final application.

(d) From the applications received, the department may designate not more than 10 enterprise zones within the state, not more than two of which may be designated high technology enterprise zones.

(e) In designating enterprise zones, the department shall select from the applications submitted those proposed enterprise zones which, based on those applications, meet, to the extent possible, the following criterion:

Those proposed enterprise zones which, upon a comparison of all of the applications submitted, indicate that they propose the most effective, innovative, and comprehensive regulatory, tax, program, and other incentives in attracting private sector investment in the zone proposed.

For purposes of this paragraph, regulatory incentives include, but are not limited to, all of the following: the suspension or relaxation of locally originated or modified building codes, zoning laws, general development plans, or rent controls; the elimination or reduction of fees for applications, permits, and local government services; and the establishment of a streamlined permit process.

Tax incentives include, but are not limited to, the elimination or reduction of construction taxes or business license taxes.

Program and other incentives may include, but are not limited to, all of the following: the provision or expansion of infrastructure; the targeting of federal block grant moneys, including small cities, education, and health and welfare block grants; the targeting of economic development grants and loan moneys, including grant and loan moneys provided by the federal Urban Development Action Grant program and the federal Economic Development Administration; the privatization of local government services; the targeting of state and federal job disadvantaged and vocational education grant moneys, including moneys provided by the federal Job Partnership Training Act of 1982; the targeting of federal or state transportation grant moneys; and the targeting of federal or state low-income housing and rental assistance moneys.

(f) In evaluating applications for designation, the department shall ensure that applications are not disqualified solely because of technical deficiencies and shall provide applicants with an opportunity to correct the deficiencies. Applications shall be disqualified if the deficiencies are not corrected within two weeks.

(g) For purposes of this section, "high technology enterprise zone" means an enterprise zone which is intended to attract private sector investment in high technology industries and is proposed to be located in an area which would permit the association of those industries with an urban university or college.

SEC. 3. Section 7073.5 is added to the Government Code, to read:

7073.5. (a) An enterprise zone shall consist of both one eligible area plus one commercial or industrial area or both..

(b) An eligible area is a geographic area which, based upon the determination of the department, fulfills at least one of the following:

(1) The proposed geographic area meets the Urban Development Action Grant criteria of the United States Department of Housing and Urban Development.

(2) The area within the proposed zone has experienced plant

closures within the past two years affecting more than 100 workers.

(3) The city or county has submitted material to the department for a finding that the proposed geographic area meets criteria of economic distress related to those used in determining eligibility under the Urban Development Action Grant Program and is therefore an eligible area.

SEC. 4. Section 7074 of the Government Code is amended to read:

7074. (a) Individuals residing within an enterprise zone may establish, under the provisions of this chapter, a nonprofit neighborhood enterprise association corporation (NEAC) as follows:

(1) There shall be only one nonprofit neighborhood enterprise association corporation chartered for each, or any portion of, a geographic neighborhood area.

(2) The geographic neighborhood area to which each corporation applies shall be defined by the incorporating residents.

(3) An association shall become a chartered, nonprofit NEAC by a resolution of each governing body that has any of its area within the proposed NEAC area.

(b) The incorporating residents shall draft articles of incorporation and bylaws for a nonprofit mutual benefit corporation pursuant to the Nonprofit Mutual Benefit Corporation Law (Part 3 (commencing with Section 7110) of Division 2 of Title 1 of the Corporations Code). The articles and bylaws of each corporation shall provide for each of the following:

(1) Describe the geographic neighborhood area to which the incorporating association applies.

(2) Describe the manner in which a membership interest in that corporation shall be offered to each resident and business owner of the neighborhood.

(3) Contain provisions for the amendment of the articles and bylaws by a majority of the members.

(4) Authorize the corporation to engage in business only within the particular zone in which the neighborhood area of the corporation is located.

(5) Establish only one class of membership, which shall have voting rights.

(6) Provide technical and financial assistance to private sector investors within an enterprise zone.

(c) The incorporating residents shall send to all residents and business owners of the corporation's neighborhood area each of the following:

(1) An explanation of the proposed new corporation and their rights in it.

(2) A copy of the corporate articles and bylaws.

(3) An offer of a membership interest to which each particular resident and business owner is entitled without any charge for that membership.

(d) The board of directors of the corporation shall apply to the

Secretary of State for certification of its articles of incorporation establishing the corporation as a nonprofit corporation. The Secretary of State shall provide technical assistance to zone residents attempting to incorporate under this section.

(e) Upon certification of its articles of incorporation and compliance with paragraph (3) of subdivision (a), the NEAC shall send the department a copy of its articles of incorporations and bylaws, the names of its officers, and an official copy of each resolution required in paragraph (3) of subdivision (a). The NEAC shall send the department a copy of any and all changes in the above items or in the geographic neighborhood area to which the incorporating association applies.

(f) All property which is owned by the state or local government within the neighborhood area of a certified corporation and is not in current use by that government and which is not necessary for a public purpose of the state or local agency owning the property may be leased to the corporation at terms to be specified. Any lease agreement so executed shall permit the corporation to sublease or assign its leasehold interest to private entities conducting or intending to conduct business operations within the zone. The lease may be renewed upon expiration if the corporation has continuously complied with the requirements of this chapter.

SEC. 5. Section 7075 of the Government Code is amended to read:

7075. Upon filing a preliminary application, the applicant, as lead agency, shall submit an initial study and a notice of preparation to the department, the state clearinghouse, and all responsible agencies. Only a city, county, or city and county chosen by the department as a final applicant shall prepare, or cause to be prepared, a draft environmental impact report, which shall set forth the potential environmental impacts of any and all development planned within the enterprise zone. The draft environmental impact report shall be submitted to the department with the final application. Prior to final designation by the department, the applicant shall complete and certify the final environmental impact report. The environmental impact report shall comply with the information disclosure provisions and the substantive requirements of Division 13 (commencing with Section 21000) of the Public Resources Code. No further environmental impact report shall be required if the effects of the project were either (1) mitigated or avoided as a result of the environmental impact report prepared for the area, or (2) examined at a sufficient level of detail in the environmental impact report for the area to enable those effects to be mitigated or avoided by specific site revisions, the imposition of conditions, or other means in connection with the designation of the area, or (3) identified in the final environmental impact report and the lead agency made written findings that specific economic, social, or other considerations made infeasible the mitigation measures or project alternatives identified in the final environmental impact report.

SEC. 6. Section 7076 of the Government Code is amended to read:

7076. (a) The department shall design, develop, and make available the applications and the criteria for selection of enterprise zones, and shall adopt all regulations necessary to carry out this chapter.

(b) The applications, selection criteria, and all necessary regulations for designation shall be adopted and made available not later than 250 days following the effective date of this chapter.

(c) The department may commence the designation of areas for the program on the effective date of the regulations described in subdivision (a) and shall complete those designations as expeditiously as practicable, but in no event later than four years from the effective date of this chapter.

(d) The department shall adopt regulations concerning the designation procedures and application process as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2. For the purpose of the Administrative Procedure Act, the adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare, notwithstanding subdivision (e) of Section 11346.1. Notwithstanding subdivision (e) of Section 11346.1, the regulations shall not remain in effect more than 180 days unless the agency complies with all provisions of Chapter 3.5 as required by subdivision (e) of Section 11346.1.

SEC. 6.5. Section 7078 is added to the Government Code, to read:

7078. The department shall submit a report to the Legislature no later than March 20, 1987, and every five years thereafter, which evaluates the effect of the program on employment, investment, and incomes, and on state and local tax revenues in designated enterprise zones.

SEC. 7. Section 7082 of the Government Code is amended to read:

7082. For purposes of this chapter:

(a) "Block group" means the smallest area for which the United States Department of Commerce, Bureau of the Census, provides data on personal income.

(b) "Cluster of block groups" means one or more contiguous block groups.

(c) "Poverty level" means the poverty level, as defined by the United States Department of Commerce, Bureau of the Census, as periodically updated.

(d) "High density unemployment area" means any of the following:

(1) A metropolitan statistical area or nonmetropolitan statistical area within this state, as identified by the Department of Commerce, which contains at least 4,000 people (in the case of a metropolitan statistical area) or at least 2,500 people (in the case of a

nonmetropolitan statistical area) in a cluster of block groups, each of which meets the following criteria according to the most recent available decennial census information:

(A) The average unemployment rate for the block group for the most recent 12-month period for which data are available was at least one and one-half times the average national rate of unemployment for that 12-month period.

(B) The average poverty rate for the block group for the most recent 12-month period was at least one and one-half times the average national poverty rate for that 12-month period.

(C) At least 70 percent of the household earnings for the block group for the most recent 12-month period was a maximum of 80 percent of the average state household earnings for that 12-month period.

(D) Excludes nondistressed areas.

(2) If an area does not meet the criteria of a high density unemployment area specified above, an applicant may petition to the department for the designation based upon compliance with one or more of the following:

(A) A special census is conducted and approved by the population research unit of the Department of Finance which demonstrates compliance with paragraph (1).

(B) The applicant's jurisdiction has experienced a major economic dislocation resulting from plant closure or closure of a federal installation within the last 12 months prior to the application.

(C) The applicant's jurisdiction contains a specifically defined geographic area that meets the eligibility criteria for pockets of poverty under the United States Department of Housing and Urban Development's Urban Development Action Grant (UDAG) program as described in 24 CFR Part 570, Sections 570.466(a) (2) and (a) (3), and as periodically updated.

(D) A block group meets substantially similar criteria measuring economic distress as that measured in paragraph (1). Each census block shall meet the "substantially similar" criteria.

(E) The area consists of the entire geographic area of a community. Area boundaries shall be synonymous with the boundaries of the community. As used in this subparagraph, "community" means a subdivision of a city or county (not including a city), including a neighborhood or suburb which has distinct boundaries, is recognized as a community by the individuals residing and working within the community, and has existed prior to the program planning process. Documentation demonstrating that the area meets the definition of "community" may include a map prepared for purposes other than the program, which lists both the name and boundaries of the community. The area shall meet the following criteria:

(i) Complies with the above definition of "community."

(ii) A minimum of 51 percent of the geographic area or population of the area meets the criteria of subparagraphs (A), (B),

and (C) of paragraph (1), and the remainder of the area has substantially similar economic distress.

(3) A petition for designation of a high density unemployment area received by the department after April 1, 1985, shall be reviewed by the department pursuant to the criteria specified in paragraph (2).

(e) "Nondistressed area" means any block group which does not meet the definition of a high density unemployment area.

(f) "One-stop service" means an efficient and expeditious method for providing services to qualified businesses.

(g) "Department" means the Department of Commerce.

(h) "Qualified business" means any person, corporation, or other entity which is certified by the department as meeting paragraphs (1) and (2).

(1) During the period of designation, the entity is engaged in the active conduct of a trade or business within the program area.

(2) Meets any of the following requirements:

(A) Has an average of at least 50 percent of its employees who are residents of a high density unemployment area.

(B) Has an average of at least 30 percent of its employees who are residents of a high density unemployment area, and has set up a community service program or programs approved by the local government entity and the community advisory council in which the program area is located.

(C) Is a business at least 30 percent owned and operated by a resident or residents of a high density unemployment area. For purposes of this subparagraph, "owned and operated" means that the resident or residents of a high density unemployment area who are owners of the business are responsible for at least 30 percent of the work performed by the business and share in at least 30 percent of the ownership, control, management responsibility, risks, and profits of the business.

For purposes of this subdivision, "a high density unemployment area" means the high density unemployment area contained in the applicant's final application to the department if the population of that high density unemployment area is in excess of 150,000.

A business entity shall be certified prior to obtaining any benefits of a qualified business, and shall be recertified no less than every three years, as determined by the department. The department shall periodically audit qualified businesses for compliance with this section, and decertify any business found not in compliance. Priority shall be given to auditing qualified businesses within 18 months of the original certification of a business. A business may appeal to the director of the department a decision to deny certification or recertification or a decision to decertify, within 30 days of the decision.

Financial institutions shall not be qualified businesses. A business shall not be a qualified business if it abandons operations elsewhere in the state or relocates existing operations within the state, unless

the business obtains written approval of its relocation from the appropriate office of the city or county it is moving from.

(3) A person, corporation, or other entity shall not be a qualified business if the business uses a residential structure in a high density unemployment area for a nonresidential use, unless the structure has been unoccupied for at least one year prior to designation of the program area.

(i) "Program area" means one targeted economic development area and, where applicable, one neighborhood economic development area in the Employment and Economic Incentive Program. The term applies both to areas contained in an application for designation, and an area awarded designation. In an application containing a high density unemployment area with a population in excess of 75,000, "program area" means the targeted economic development area, the high density unemployment area, and, where applicable, the neighborhood economic development area. The benefits of the employment and economic incentive program shall only accrue to program areas after designation.

(j) "Agent" means the person or entity designated by an applicant to facilitate the operations of the Employment and Economic Incentive Program as described in subdivisions (a) and (b) of Section 7087.

(k) "Applicant" means a city, county, or city and county applying for designation under the Employment and Economic Incentive Act.

(*l*) "Resident" means, unless otherwise defined, a person whose principal place of residence is within a high density unemployment area and who has lived in that area for six months prior to employment by the qualified business.

(m) "Infrastructure" means the physical systems and services which support development and people, including, but not limited to, streets and highways, transit services, airports, and water and sewer systems.

(n) "Community services" means any type of emergency assistance, counseling and advice, medical care, instructional or social services, or recreational programs and facilities furnished to individuals or groups in high density unemployment areas or program areas.

(o) "Neighborhood economic development area" means an area which meets all of the following criteria:

(1) It shall be located entirely within or contiguous to the high density unemployment area contained in the application for designation.

(2) It shall be zoned primarily commercial.

(3) Its boundary shall be continuous.

(4) It shall be of sufficient size to sustain a diverse mix of commercial businesses and its size and location shall be appropriate to reducing the economic distress within the high density unemployment area.

(5) At least a part of its area shall be within the territorial

jurisdiction of the applicant. If an area for which designation is sought encompasses the territorial jurisdiction of two or more local governmental entities, all of those entities shall be a party to the application for designation, except that any one or more of those entities by resolution or ordinance may specify that it shall not participate in the application as an applicant, but shall agree to complete all actions stated within the application which apply to its jurisdiction, if the area is designated.

No residential structure may be used for nonresidential use unless the structure has been unoccupied for at least one year prior to designation as a program area, or unless comparable replacement housing is provided for all persons displaced in accordance with Section 33413 of the Health and Safety Code. No person shall be displaced under this section unless relocation assistance is provided pursuant to Section 33415 of the Health and Safety Code.

An agricultural area shall not be designated as a neighborhood economic development area.

(p) "Targeted economic development area" means an area which meets all of the following criteria:

(1) Its boundary shall be continuous.

(2) It shall be zoned primarily industrial or other mixed business uses.

(3) It shall be of sufficient size to sustain a diverse mix of businesses and its size and location shall be appropriate to reducing the economic distress within the high density unemployment area.

(4) At least a part of its area shall be within the territorial jurisdiction of the applicant. If an area for which designation is sought encompasses the territorial jurisdiction of two or more local governmental entities, all of those entities shall be a party to the application for designation, except that any one or more of those entities by resolution or ordinance may specify that it shall not participate in the application as an applicant, but shall agree to complete all actions stated within the application which apply to its jurisdiction, if the area is designated.

The area may be, but is not required to be, within a high density unemployment area. However, if the area is outside a high density unemployment area, it shall be within reasonable commuting distance of the high density unemployment area which is contained in the application for designation. If the area is outside a high density unemployment area, the applicant jurisdiction in which the area is located, in making its application, shall secure the endorsement of its application from at least one city or county which has jurisdiction within the high density unemployment area and is in close geographic proximity to the high density unemployment area.

The area may include vacant or sparsely developed parcels of land or abandoned facilities.

No residential structure may be used for nonresidential use unless the structure has been unoccupied for at least one year prior to designation as a program area, or unless comparable replacement

housing is provided for all persons displaced in accordance with Section 33413 of the Health and Safety Code. No person shall be displaced under this section unless relocation assistance is provided pursuant to Section 33415 of the Health and Safety Code.

An agricultural area shall not be designated as a targeted economic development area.

(q) "Application area" means the program area and high density unemployment area contained in an application for designation.

SEC. 7.5. The provisions of this act which add paragraph (3) to subdivision (d) of Section 7082 of the Government Code and amend subdivision (i) of Section 7082 of that code shall be applied retroactively to the Employment and Economic Incentive Act petitions for designation of a high density unemployment area and program area preliminary applications received by the department after April 1, 1985.

SEC. 8. Section 7083 of the Government Code is amended to read:

7083. There shall be in the state an Employment and Economic Incentive Program, a demonstration program for economic development. Targeted economic development and neighborhood economic development areas shall be designated. These areas shall receive tax incentives, special assistance, startup capital, and other incentives for private investment and employment.

The department shall use the most recent decennial census data to identify all high density unemployment areas in a statewide map according to county. The department shall distribute the county maps to the respective counties and provide for statewide public notification of the availability of the maps. Cities, counties, and the department are authorized to charge a reasonable fee to members of the public requesting copies of the maps.

SEC. 9. Section 7085 of the Government Code is amended to read:

7085. (a) An applicant may apply to the department to have an area designated as a targeted economic development area, and if applicable, a neighborhood economic development area for a 15-year period.

(b) The applicant shall first file with the department a preliminary application which shall include, but not be limited to, all of the following:

(1) One program area and one high density unemployment area, including the eligibility and geographic location and proximity of each.

(2) An economic development plan for the program area.

(c) The department shall select no more than 20 final applicants annually to complete a final application. The final application shall include, but not be limited to, all of the following:

(1) A comprehensive economic development strategy for the program area which provides for meaningful involvement of community residents, community businesses, and other community

entities in the planning and preparation of that strategy. The strategy shall only be approved by local ordinance or resolution following a public hearing. The applicant shall provide for public notice of the hearing on the strategy.

(2) A community impact statement which analyzes the impact of designation on the community and includes both of the following:

(A) An evaluation of the effect of the new development on the area's infrastructure.

(B) The effect of the new development on the provision of community services.

(3) A plan which specifies economic development objectives and assigns a priority to each objective.

(4) The manner and level in which community services and infrastructure, particularly through experimentation with community and private sector involvement, will be improved to accommodate new development.

(5) A description of current economic development projects in the application area and an analysis of how participation in the application area will supplement existing economic development activities.

(6) An identification of funds for economic development activities from federal, state, local, and private sources which are planned for use in the application area.

(7) An evaluation of the employment, job skills, and management training needs of businesses and residents in the application area.

(8) An estimate of the number of new jobs that will result from the program based on the employment needs evaluation made pursuant to paragraph (7).

(9) A description of specific actions and timetables to reduce, remove, simplify, or streamline local requirements and the local permit process within the application area without endangering the public health, safety, and welfare in the community.

(10) Proposed involvement in the program by private entities, organizations, neighborhood organizations, and neighborhood groups.

(d) The department shall design, develop, and make available the applications, the criteria for selection, and all regulations regarding this chapter.

(e) In competitively evaluating the applications for the program designation, the department shall give special preference to those areas with respect to which the strongest and highest quality contributions described in subdivision (b) are indicated. The form and manner in which applications are required to be submitted shall minimize the paperwork of the applicant.

(f) The department shall also give preference to those applications that provide a plan for local efforts to reduce impediments to economic development and maintain the quality of life of the community, which include, but are not limited to, the following:

(1) A proposal for program areas close enough for easy access to the high density unemployment areas or which route transit service to serve employees.

(2) A plan to encourage the retention and expansion of existing businesses.

(3) A strategy for the recruitment of new businesses into the program area.

(4) A realistic projection of the new job opportunities that are suitable to the needs of application area residents.

(5) A plan to demonstrate innovative and comprehensive strategies to improve community services through the utilization of contracts with private entities, organizations, neighborhood organizations, and neighborhood groups.

(6) A plan to provide insurance for qualified businesses in the program area.

(7) A plan to establish a loan bank or fund to provide capital to qualified businesses in the program area.

(8) A plan to rehabilitate existing abandoned and vacant structures.

(g) The department shall establish regulations and make available the applications for the program not later than 250 days after the effective date of this chapter.

(h) The department may designate areas for the program beginning on the effective date of the regulations described in subdivision (g).

(i) The department may designate not more than a total of nine program areas. In complying with this limitation, the department shall designate not more than three program areas by the end of 1985, not more than six program areas by the end of 1986, and not more than nine program areas by the end of 1987. The department may not designate pursuant to this chapter any area that has been designated for economic development as an enterprise zone under any other provision of state law.

In evaluating applications for designation, the department shall ensure that applications are not disqualified solely because of technical deficiencies and shall provide applicants with an opportunity to correct the deficiencies. Applications shall be disqualified if the deficiencies are not corrected within two weeks.

(j) The department shall adopt regulations concerning the designation procedures and application process as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2. For the purpose of the Administrative Procedure Act, the adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare, notwithstanding subdivision (e) of Section 11346.1. Notwithstanding subdivision (e) of Section 11346.1, the regulations shall not remain in effect more than 180 days unless the agency complies with all provisions of Chapter 3.5 as required by subdivision

(e) of Section 11346.1.

SEC. 10. Section 7086 of the Government Code is amended to read:

7086. (a) The department shall provide technical assistance to the areas designated pursuant to this chapter with respect to all of the following activities:

(1) Furnish limited onsite assistance to the program areas when appropriate.

(2) Ensure that the agent has developed a method to make residents, businesses, and neighborhood organizations aware of the opportunities to participate in the program.

(3) Help the locality develop a marketing program for the program areas.

(4) Coordinate activities of other state agencies regarding the program areas.

(5) Monitor the progress of the program.

(6) Help qualified businesses to participate in the program.

Notwithstanding existing law, the provision of services in paragraphs (1) to (6), inclusive, shall be a high priority of the department.

The department may, at its discretion, undertake other activities in providing management and technical assistance for successful implementation of this section.

(b) The department shall submit a report to the Legislature no later than March 20, 1987, and every five years thereafter, which evaluates the effect of the program on employment, investment, and incomes, and on state and local tax revenues in designated program areas.

(c) The applicant shall be required to begin implementation of the program plan contained in the final application within six months after notification of final designation or the program area shall lose its designation.

(d) No designation of a neighborhood economic development area shall be made without an accompanying designation of a targeted economic development area serving the same high density unemployment area. However, designation of a targeted economic development area does not require concurrent designation of a neighborhood economic development area.

SEC. 11. Section 7087 of the Government Code is amended to read:

7087. (a) The applicant shall designate an agent which shall be the prime facilitator of all activities relating to the Employment and Economic Incentive Program. In designating an agent, the applicant may consider the designation of a community-based nonprofit organization, a joint venture between the public and private sector, or an agency of the applicant as the agent.

(b) The responsibilities of the agent shall include, but are not limited to, assisting and coordinating in all of the following:

(1) Providing one-stop service for permit processing for qualified

businesses in the program area. Facilitating the development of qualified businesses shall be the primary responsibility of the agent.

(2) Coordinating the sequence of all inspections to minimize delay to businesses.

(3) Helping the qualified businesses find low-interest capital.

(4) Maintaining labor availability data, which may be obtained from the Employment Development Department.

(5) Assisting in employment recruitment and screening.

(6) Reducing the processing time of the permit process for builders.

(7) Centralizing the processing of documents, permits, and licenses.

(8) Informing all qualified businesses of all the various incentives offered by, and available from, local, state, and the federal government, including, but not limited to, incentives relating to taxation, fee schedules and structures, and modified procedures for permits.

(9) Working with the local and state job training and recruitment resources to make those resources available to qualified businesses.

(c) A community advisory council shall be formed in conjunction with each application for designation, the purpose of which is to allow community involvement in the program. The members of the council shall be appointed by the local governing body and shall consist of at least one representative from each of the following groups:

(1) Program area residents.

(2) High density unemployment area residents.

(3) Businesses located in a program area.

(4) Local government representatives.

(5) Private industry council members.

(6) Department officials, when necessary.

(7) Small business development corporations created pursuant to the Small Business Development Corporation Law, where available.

(8) Community-based organizations.

(d) Any existing community advisory council which contains substantially the same membership may serve as the advisory council provided for by this section.

(e) The advisory council shall do all of the following:

(1) Meet at least once a month during the formulation of the comprehensive economic development strategy for the final application.

(2) Following designation, meet at least once every three months throughout the duration of the program to monitor the progress of the program and to aid and assist the agent with plan implementation.

(3) Initiate or coordinate community programs which may include programs providing for the following:

(A) Neighborhood crime prevention and improved security.

(B) Recreation.

(C) Health care.
(D) Senior citizens nutrition.
(E) Child care.
(F) Job training.

SEC. 12. Section 7087.5 of the Government Code is amended to read:

7087.5. Upon filing a preliminary application, the applicant, as lead agency, shall submit an initial study and a notice of preparation to the department, the state clearinghouse, and all responsible agencies. Only a city, county, or city and county chosen by the department as a final applicant shall prepare, or cause to be prepared, a draft environmental impact report, which shall set forth the potential environmental impacts of any and all development planned within the program area. The draft environmental impact report shall be submitted to the department with the final application. Prior to final designation by the department, the applicant shall complete and certify the final environmental impact report. The environmental impact report shall comply with the information disclosure provisions and the substantive requirements of Division 13 (commencing with Section 21000) of the Public Resources Code. No further environmental impact report shall be required if the effects of the project were either (1) mitigated or avoided as a result of the environmental impact report prepared for the program area, or (2) examined at a sufficient level of detail in the environmental impact report for the program area to enable those effects to be mitigated or avoided by specific site revisions, the imposition of conditions, or other means in connection with the designation of the program area, or (3) identified in the final environmental impact report and the lead agency made written findings that specific economic, social, or other considerations made infeasible the mitigation measures or project alternatives identified in the final environmental impact report.

SEC. 13. Section 7088 of the Government Code is amended to read:

7088. Notwithstanding any other provision of law, state and local agencies are authorized to lease land to qualified businesses in a designated program area at a price below fair market value, provided that it serves a public purpose to lease at below fair market value.

SEC. 14. Section 7089 of the Government Code is amended to read:

7089. Notwithstanding any other provision of law, the Office of Small Business shall establish regulations for loans and loan guarantees administered by the office which give high priority to qualified businesses in a designated program area, or for any business located within an enterprise zone which is designated under any other provision of state law.

SEC. 15. Section 7091 of the Government Code is amended to read:

7091. (a) Notwithstanding the bonding limitation specified in Section 91573, the California Industrial Development Financing Advisory Commission shall authorize an annual maximum amount of qualifying bonds of seventy-five million dollars ($75,000,000).

(b) Notwithstanding Section 91503, the bonding authorization contained in subdivision (a) shall be used for providing funds to qualified businesses within designated program areas or any business which is located within an enterprise zone which is designated under any other provision of state law.

(c) The annual maximum bonding authority specified in subdivision (a) is exclusive of, and in addition to, the maximum bonding authority specified in Section 91573.

(d) The provisions of subdivision (a) shall be operative only until December 31, 1987.

SEC. 16. Section 7092 of the Government Code is amended to read:

7092. Notwithstanding any other provision of law, and to the extent permitted by federal law, the Employment Development Department and the State Department of Education shall give high priority to the training of unemployed individuals who reside in a high density unemployment area, designated program area, or any enterprise zone which is designated under any other provision of state law. The Department of Commerce may assist local agents in designating local business, labor, and education consortia to broker activities between the employment community and educational and training institutions. Any available discretionary funds may be used to assist the creation of those consortia.

SEC. 17. Section 7093 of the Government Code is amended to read:

7093. Notwithstanding any other provision of law, the Office of Criminal Justice Planning shall give high priority to designated program areas, high density unemployment areas, or any enterprise zone which is designated under any other provision of state law, in the allocation of its program resources.

SEC. 18. Section 54222 of the Government Code is amended to read:

54222. Any agency of the state and any local agency disposing of surplus land shall, prior to disposing of that property, send a written offer to sell or lease the property as follows:

(a) A written offer to sell or lease for the purpose of developing low- and moderate-income housing shall be sent to any local agencies including, but not limited to, housing authorities or redevelopment agencies within whose jurisdiction the surplus land is located.

(b) A written offer to sell or lease for park and recreational purposes or open-space purposes shall be sent:

(1) To any park or recreation department of any city within which the land may be situated.

(2) To any park or recreation department of the county within which the land is situated.

(3) To any regional park authority having jurisdiction within the area in which the land is situated.

(4) To the State Resources Agency or any agency which may succeed to its powers.

(c) A written offer to sell or lease for enterprise zone purposes any surplus property in an area designated as an enterprise zone pursuant to Section 7073 shall be sent to the nonprofit neighborhood enterprise association corporation in that zone.

(d) A written offer to sell or lease any surplus property in a designated program area, as defined in subdivision (i) of Section 7082, shall be sent to the program area agent.

(e) A written offer to sell or lease surplus land for school purposes shall be sent to any public school district within whose jurisdiction the surplus land is located.

(f) The entity or association desiring to purchase or lease the surplus land for low- and moderate-income housing purposes, or for park or recreation purposes, or for open-space purposes, or for enterprise zone or program area purposes, shall notify in writing the disposing agency of its intent to purchase or lease the land within 60 days after receipt of the agency's notification of intent to sell the land.

This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1991, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1991, pursuant to Section 9611, this section, as amended by Section 1 of Chapter 45 of the Statutes of 1984, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 19. Section 18 of Chapter 45 of the Statutes of 1984 is repealed.

SEC. 20. The Auditor General shall submit a report to the Legislature on or before June 30, 1987, evaluating the effects of this act, as well as Chapters 44, 45, and 1471 of the Statutes of 1984, for the first two years of their operation.

SEC. 21. The sum of one hundred twenty-five thousand dollars ($125,000) is hereby appropriated from the General Fund to the Department of Commerce for the purposes of Chapters 44, 45, and 1471 of the Statutes of 1984 and this act. The funds appropriated by this section shall remain available for expenditure only until July 1, 1985, and on that date shall revert to the General Fund.

SEC. 22. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that some of the depressed areas within this state may be economically revitalized as soon as possible in accordance with Chapters 44, 45, and 1471 of the Statutes of 1984, it is necessary that this act go into immediate effect.

CHAPTER 84

An act to amend Section 1373.4 of the Health and Safety Code, relating to health care service plans.

[Approved by Governor June 19, 1985 Filed with Secretary of State June 19, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1373.4 of the Health and Safety Code is amended to read:

1373.4. (a) On and after January 1, 1985, every health care service plan, that is not a health maintenance organization or is not a plan that enters exclusively into specialized health care service plan contracts, as defined by subdivision (n) of Section 1345, which provides coverage for hospital, medical, or surgical expenses, shall offer coverage to group contract holders for expenses incurred as a result of treatment by holders of certificates under Section 4938 of the Business and Professions Code, under such terms and conditions as may be agreed upon between the health care service plan and the group contract holder.

A health care service plan is not required to offer the coverage provided by this section as part of any contract covering employees of a public entity.

(b) For the purposes of this section, "health maintenance organization" or "HMO" means a public or private organization, organized under the laws of this state, which does all of the following:

(1) Provides or otherwise makes available to enrolled participants health care services, including at least the following basic health care services: usual physician services, hospitalization, laboratory, X-ray, emergency and preventive services, and out-of-area coverage.

(2) Is compensated, except for copayments, for the provision of basic health care services listed in paragraph (1) to enrolled participants on a predetermined periodic rate basis.

(3) Provides physician services primarily directly through physicians who are either employees or partners of the organization, or through arrangements with individual physicians or one or more groups of physicians, organized on a group practice or individual practice basis.

CHAPTER 85

An act to add Section 21003.1 to the Public Resources Code, relating to environmental quality.

[Approved by Governor June 19, 1985. Filed with Secretary of State June 19, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 21003.1 is added to the Public Resources Code, to read:

21003.1. The Legislature further finds and declares it is the policy of the state that:

(a) Comments from the public and public agencies on the environmental effects of a project shall be made to lead agencies as soon as possible in the review of environmental documents, including, but not limited to, draft environmental impact reports and negative declarations, in order to allow the lead agencies to identify, at the earliest possible time in the environmental review process, potential significant effects of a project, alternatives, and mitigation measures which would substantially reduce the effects.

(b) Information relevant to the significant effects of a project, alternatives, and mitigation measures which substantially reduce the effects shall be made available as soon as possible by lead agencies, other public agencies, and interested persons and organizations.

(c) Nothing in subdivisions (a) or (b) reduces or otherwise limits public review or comment periods currently prescribed either by statute or in guidelines prepared and adopted pursuant to Section 21083 for environmental documents, including, but not limited to, draft environmental impact reports and negative declarations.

CHAPTER 86

An act to amend Sections 12301 and 12302 of the Welfare and Institutions Code, relating to public social services, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 20, 1985. Filed with Secretary of State June 21, 1985.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that it has adopted the policy of fostering maximum independence, and that the In-Home Supportive Services program, provided for pursuant to Article 7 (commencing with Section 12300) of Chapter 3 of Part 3 of Division 9 of the Welfare and Institutions Code, is a major program which meets this goal. It is, therefore, the intent of this act to assess how In-Home Supportive Services program funds are being utilized.

SEC. 2. Section 12301 of the Welfare and Institutions Code is amended to read:

12301. The intent of the Legislature in enacting this article is to

provide supplemental or additional services to the social and rehabilitative services in Article 6 (commencing with Section 12250) of this chapter. The Legislature further intends that necessary in-home supportive services shall be provided in a uniform manner in every county based on individual need consistent with the appropriation provided for such services in the annual Budget Act and the provisions of this chapter, in the absence of alternative in-home supportive services provided by an able and willing individual or local agency at no cost to the recipient, except as required under Section 12304.5. An able spouse who is available to assist the recipient shall be deemed willing to provide at no cost any services under this article except nonmedical personal services and paramedical services. When a spouse leaves full-time employment or is prevented from obtaining full-time employment because no other suitable provider is available and where the inability of such provider to provide supportive services may result in inappropriate placement or inadequate care, the spouse shall also be paid for accompaniment when needed during necessary travel to health-related appointments and protective supervision.

Commencing in fiscal year 1985–86, each county shall be notified of its allocation and projected caseload by July 31 of each fiscal year and shall submit a plan to the department within 30 days showing how the county intends to keep program expenditures under this article within the amount of its allocation plus any matching funds required to be expended by the county. If a county cannot keep expenditures within the amount of its allocation plus any matching funds required to be expended by each county, prior to implementing any program reductions, the county shall submit a reduction plan to the department that is prepared in accordance with subdivisions (a) to (e), inclusive. The reduction plan shall specify which services will be cut and which client population will be affected. Program reductions shall occur only as an incident to an approved plan.

In approving any reduction plan, the department shall consider all program cost components it determines to be relevant. The department shall approve or require modification of such reduction plan as it determines appropriate.

The department may provide additional funds from the existing appropriation to forestall the requirement of any program reductions on a county-by-county basis.

In the event program reductions are necessary, reductions shall be calculated to reduce services only by an amount which would enable a county to remain within the amount of its allocation plus any matching funds required to be expended by each county. Counties that can remain within their allocation shall not implement reductions.

Counties shall also continually monitor their program expenditures throughout the fiscal year. If at any time a county discovers that its anticipated expenditures will exceed the amount of

its allocation plus any matching funds required to be expended by each county, the county shall immediately notify, and submit a reduction plan to, the department for approval prior to implementing program reductions.

The department shall notify the Joint Legislative Budget Committee and the fiscal committees of both houses within 30 days of the date it approves a reduction plan.

Each county shall report all of the following to the department by August 31 of each year:

(1) Information on caseload, including the number of persons who receive 20 or more hours of personal services, between 18 and 20 hours of personal services, the number of persons receiving personal supervision, other special characteristics and the number of cases per age of recipient.

(2) Expected impact on the In-Home Supportive Services program from any new or expanded programs or changed health characteristics of the population, including, but not limited to, the impact of all of the following:

(A) The new linkages program authorized by Chapter 1637 of the Statutes of 1984.

(B) Multipurpose senior service centers.

(C) Adult day health care centers.

(D) Diagnostically related groups and early hospital discharges.

(E) Preadmission screening.

(F) Reported adult abuse.

The county shall also report which methods of outreach are being utilized by the county regarding the availability of services under this article.

When a county does not have the capability of reporting on all cases specified under paragraphs (1) and (2) in a timely manner, the county may report to the department on the basis of a representative sample of cases.

The department shall consider using this information to develop its annual budget request or, should the department decide that a deficiency appropriation is necessary, any deficiency request.

On or before January 10 of each year, the department shall submit a report to the Joint Legislative Budget Committee and the fiscal committees of both houses which includes a compilation of the data collected pursuant to paragraphs (1) and (2) by individual counties and, by county (1) the amount allocated at the beginning of the fiscal year, (2) the amount expended during the first three months of the fiscal year, (3) an estimate of total fiscal year expenditures, (4) any reallocation of funds among counties, and (5) any approved reductions including a description of which services were cut and what clients were affected.

The following priorities are established to direct counties and the department on how to implement needed program reductions:

(1) Reduction in the frequency with which nonessential services are provided.

(2) Elimination of nonessential-service categories.

(3) Termination or denial of eligibility to persons requiring only domestic services.

(4) Termination or denial of eligibility to persons who, in the absence of services, would not require placement in a medical out-of-home care facility.

(5) Per capita reduction in the cost of services authorized.

Any program reductions shall be implemented so as to avoid, to the extent feasible within budgetary constraints, out-of-home placements.

The counties and the State Department of Social Services shall utilize these options in the order of their appearance. In no event shall services be terminated or denied to any eligible person who in the absence of services would require medical out-of-home care. In no event shall services be terminated or denied to any eligible person who in the absence of such services would become unemployed.

Nonessential services are routine mending, ironing, heavy cleaning, domestic services, yard hazard abatement except for snow removal, teaching and demonstration, and any other services specified by the department. Restrictions on nonessential services shall be excepted on a case by case basis when denial or termination of such services would result in placement in a medical out-of-home facility or in a loss of employment, in a life threatening situation in conditions which present a substantial threat to health or safety, or in any other condition specified by the department. Essential services shall at a minimum include those services listed in subdivision (e) of Section 12304.

SEC. 3. Section 12302 of the Welfare and Institutions Code is amended to read:

12302. A county shall, to the extent feasible make any reductions in services evenly throughout the year and shall not wait until the end of the fiscal year to make massive reductions in services to eligible recipients. Each county is obligated to ensure that services are provided to all eligible recipients during each month of the year in accordance with the county plan.

In order to implement such a plan, an individual county may hire homemakers and other in-home supportive personnel in accordance with established county civil service requirements or merit system requirements for those counties not having civil service, or may contract with a city, county, or city and county agency, a local health district, a voluntary nonprofit agency, a proprietary agency, or an individual or make direct payment to a recipient for the purchase of services.

County plans are effective upon submission to the department. In reviewing county plans the department shall assure that plans are in compliance with provisions of this article including compliance with Section 12301. In the event the department finds a county plan is not in compliance it shall take appropriate action to assure compliance.

The department shall monitor the actual monthly expenditures

where available for services to assure compliance with the county plans. If the county's expenditure pattern is not consistent with the plan, the department shall require the county to amend the plan.

SEC. 4. Notwithstanding the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted by the State Department of Social Services within 120 days of the effective date of this act in order to implement the provisions of this act shall not be subject to the review and approval of the Office of Administrative Law. The regulations shall not remain in effect more than 120 days unless the adopting agency complies with all the provisions of Chapter 3.5 as required by subdivision (e) of Section 11345.1 of the Government Code.

SEC. 5. The sum of six million nine hundred sixty-eight thousand three hundred dollars ($6,968,300) is hereby appropriated from the General Fund to the Department of Social Services in augmentation of, and subject to the same terms and conditions of Item 5180-151-001 (b) (1) of the Budget Act of 1984 (Chapter 258, Statutes of 1984).

SEC. 6. Pursuant to Section 17579 of the Government Code, the Legislature finds that there is no mandate contained in this act which will result in costs incurred by a local agency or school district for a new program or higher level of service which require reimbursement pursuant to Section 6 of Article XIII B of the California Constitution and Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, and safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the in-home supportive services provider payments be uninterrupted, it is necessary that this act go into immediate effect.

CHAPTER 87

An act to amend Sections 33130 and 33201 of the Health and Safety Code, relating to redevelopment.

[Approved by Governor June 25, 1985. Filed with Secretary of State June 25, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 33130 of the Health and Safety Code is amended to read:

33130. (a) No agency or community officer or employee who in the course of his or her duties is required to participate in the

formulation of, or to approve plans or policies for, the redevelopment of a project area shall acquire any interest in any property included within a project area within the community. If any such officer or employee owns or has any direct or indirect financial interest in property included within a project area, that officer or employee shall immediately make a written disclosure of that financial interest to the agency and the legislative body and the disclosure shall be entered on the minutes of the agency and the legislative body. Failure to make the disclosure required by this subdivision constitutes misconduct in office.

(b) Subdivision (a) does not prohibit any agency or community officer or employee from acquiring an interest in property within the project area for the purpose of participating as an owner or reentering into business pursuant to this part if that officer or employee has owned a substantially equal interest as that being acquired for the three years immediately preceding the selection of the project area.

(c) A rental agreement or lease of property which meets all of the following conditions is not an interest in property for purposes of subdivision (a):

(1) The rental or lease agreement contains terms that are substantially equivalent to the terms of a rental or lease agreement available to any member of the general public for comparable property in the project area.

(2) The rental or lease agreement includes a provision which prohibits any subletting, sublease, or other assignment at a rate in excess of the rate in the original rental or lease agreement.

(3) The property which is subject to the rental or lease agreement is used in the pursuit of the principal business, occupation, or profession of the officer or employee.

(4) The agency or community officer or employee who obtains the rental or lease agreement immediately makes a written disclosure of that fact to the agency and the legislative body.

SEC. 2. Section 33201 of the Health and Safety Code is amended to read:

33201. (a) A legislative body which has declared itself to be the agency pursuant to Section 33200 may by ordinance create a community redevelopment commission. The ordinance shall establish the number of members of the commission, but not less than seven, their terms of office, and the method of their appointment and removal.

(b) (1) No member of the commission shall acquire any interest in any property included within a project area. Any member who owns or has any direct or indirect financial interest in any property within a project area shall immediately make a written disclosure of that interest to the legislative body.

(2) A rental agreement or lease of property which meets all of the following conditions is not an interest in property for purposes of paragraph (1):

(A) The rental or lease agreement contains terms that are substantially equivalent to the terms of a rental or lease agreement available to any member of the general public for comparable property in the project area.

(B) The rental or lease agreement includes a provision which prohibits any subletting, sublease, or other assignment at a rate in excess of the rate in the original rental or lease agreement.

(C) The property which is subject to the rental or lease agreement is used in the pursuit of the principal business, occupation, or profession of the member of the commission.

(D) The member of the commission who obtains the rental or lease agreement immediately makes a written disclosure of that fact to the commission and the legislative body.

CHAPTER 88

An act to repeal Sections 35792, 35793, and 35794 of the Vehicle Code, relating to transportation permits.

[Approved by Governor June 25, 1985 Filed with Secretary of State June 25, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 35792 of the Vehicle Code is repealed.

SEC. 2. Section 35793 of the Vehicle Code is repealed.

SEC. 3. Section 35794 of the Vehicle Code is repealed.

CHAPTER 89

An act to add Section 9403.5 to the Commercial Code, relating to secured transactions.

[Approved by Governor June 25, 1985 Filed with Secretary of State June 25, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 9403.5 is added to the Commercial Code, to read:

9403.5. For purposes of Section 9403:

(1) A financing statement becomes effective on the date when filed, other than that portion of the day preceding the time of filing.

(2) The final day of effectiveness of a financing statement or continuation statement is, except as provided in subdivision (3), the same day of the year as the filing of the financing statement, in five-year increments specified in Section 9403. The financing

statement or continuation statement is in effect for the entirety of its final day of effectiveness.

(3) If, under subdivision (2), the final day of effectiveness of a financing statement or continuation statement would occur on a Saturday, Sunday, or legal holiday, the effectiveness thereof is extended until the next day that is not a Saturday, Sunday, or legal holiday. If, under subdivision (2), the last day of effectiveness would occur on February 29 in any calendar year that does not include February 29, the final day of effectiveness is February 28.

(4) A continuation statement may be filed at any time on the final day of effectiveness of the financing statement or prior continuation statement.

(5) This section clarifies the meaning of Section 9403. As this section affects lapse and continuation, it shall be applied to all financing and continuation statements, whether filed before or on or after January 1, 1986, so long as the effectiveness of the financing statement has not lapsed prior to that date.

CHAPTER 90

An act to amend Sections 3918 and 6345 of the Probate Code, relating to the Uniform Transfers to Minors Act.

[Approved by Governor June 25, 1985. Filed with Secretary of State June 25, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 3918 of the Probate Code is amended to read:

3918. (a) A person nominated under Section 3903 or designated under Section 3909 as custodian may decline to serve by delivering a valid disclaimer under Division 2.5 (commencing with Section 260) to the person who made the nomination or to the transferor or the transferor's legal representative. If the event giving rise to a transfer has not occurred and no substitute custodian able, willing, and eligible to serve was nominated under Section 3903, the person who made the nomination may nominate a substitute custodian under Section 3903; otherwise the transferor or the transferor's legal representative shall designate a substitute custodian at the time of the transfer, in either case from among the persons eligible to serve as custodian for that kind of property under subdivision (a) of Section 3909. The custodian so designated has the rights of a successor custodian.

(b) A custodian at any time may designate a trust company or an adult other than a transferor under Section 3904 as successor custodian by executing and dating an instrument of designation before a subscribing witness other than the successor. If the

instrument of designation does not contain or is not accompanied by the resignation of the custodian, the designation of the successor does not take effect until the custodian resigns, dies, becomes incapacitated, or is removed. The transferor may designate one or more persons as successor custodians to serve, in the designated order of priority, in case the custodian originally designated or a prior successor custodian is unable, declines, or is ineligible to serve or resigns, dies, becomes incapacitated, or is removed. The designation either (1) shall be made in the same transaction and by the same document by which the transfer is made or (2) shall be made by executing and dating a separate instrument of designation before a subscribing witness other than a successor as a part of the same transaction and contemporaneously with the execution of the document by which the transfer is made. The designation is made by setting forth the successor custodian's name, followed in substance by the words: " is designated [first, second, etc., where applicable] successor custodian." A successor custodian designated by the transferor may be a trust company or an adult other than a transferor under Section 3904. A successor custodian effectively designated by the transferor has priority over a successor custodian designated by a custodian.

(c) A custodian may resign at any time by delivering written notice to the minor if the minor has attained the age of 14 years and to the successor custodian and by delivering the custodial property to the successor custodian.

(d) If the transferor has not effectively designated a successor custodian, and a custodian is ineligible, dies, or becomes incapacitated without having effectively designated a successor and the minor has attained the age of 14 years, the minor may designate as successor custodian, in the manner prescribed in subdivision (b), an adult member of the minor's family, a conservator of the minor, or a trust company. If the minor has not attained the age of 14 years or fails to act within 60 days after the ineligibility, death, or incapacity, the conservator of the minor becomes successor custodian. If the minor has no conservator or the conservator declines to act, the transferor, the legal representative of the transferor or of the custodian, an adult member of the minor's family, or any other interested person may petition the court to designate a successor custodian.

(e) A custodian who declines to serve under subdivision (a) or resigns under subdivision (c), or the legal representative of a deceased or incapacitated custodian, as soon as practicable, shall put the custodial property and records in the possession and control of the successor custodian. The successor custodian by action may enforce the obligation to deliver custodial property and records and becomes responsible for each item as received.

(f) A transferor, the legal representative of a transferor, an adult member of the minor's family, a guardian of the person of the minor, the conservator of the minor, or the minor if the minor has attained

the age of 14 years, may petition the court to remove the custodian for cause and to designate a successor custodian other than a transferor under Section 3904 or to require the custodian to give appropriate bond.

(g) Upon the filing of a petition under subdivision (d) or (f), the court shall grant an order, directed to the persons and returnable on such notice as the court may require, to show cause why the relief prayed for in the petition should not be granted and, in due course, grant such relief as the court finds to be in the best interests of the minor.

SEC. 2. Section 6345 of the Probate Code is amended to read:

6345. The testator in his or her will may provide for successor or substitute custodians and may specify the standard of compensation of the custodian.

CHAPTER 91

An act to add Section 71250.5 to the Water Code, relating to municipal water districts.

[Approved by Governor June 25, 1985 Filed with Secretary of State June 25, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 71250.5 is added to the Water Code, to read:

71250.5. If a director moves his or her residence, as defined in Section 244 of the Government Code, outside the boundaries of that director's division, and if within 180 days of the move or the effective date of this section, the director fails to reestablish a place of residence within the director's division, it shall be presumed that a permanent change of residence has occurred and that a vacancy exists on the board of directors pursuant to Section 1770 of the Government Code.

CHAPTER 92

An act to amend Section 36447.10 of the Water Code, relating to California water districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 25, 1985 Filed with Secretary of State June 25, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 36447.10 of the Water Code is amended to read:

36447.10. The board may provide for the bonds to bear a variable interest rate, for the manner and intervals in which the rate shall vary, and for the dates on which the interest shall be payable.

The variable rate shall on no day exceed the maximum rate permitted for bonds of the district on that day by Section 53541 of the Government Code or any other applicable provisions of law. However, the variable interest rate so permitted may on any day exceed that maximum rate if the interest paid on the bonds from their date of original issuance to that day does not exceed the total interest which would have been permitted to have been paid on the bonds if the bonds had borne interest at all times from the date of issuance to that day at the maximum rate permitted from time to time by Section 53541 of the Government Code or any other applicable provisions of law.

The district may enter into arrangements for the remarketing or resale of the bonds, the purchase and holding of the bonds, liquidity support, debt service insurance or other credit enhancement, and such other matters related to the bonds as the board determines to be necessary or appropriate. The board may provide for the payment of the fees and costs of those arrangements from the proceeds of the bonds or from any other lawfully available source designated by the board, or from any combination thereof.

SEC. 2. The Legislature finds and declares that there are special financial circumstances unique to the Irvine Ranch Water District and the Santa Margarita Water District which make the provisions of this act necessary and that a general law within the meaning of Section 16 of Article IV of the California Constitution cannot be made applicable.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Reduced issuance expenses are achievable for bonds of the Irvine Ranch Water District's improvement districts if authority is given to those districts to comply with the statutory maximum interest rate in a certain manner differing from that currently specified. To afford the district the earliest possible opportunity to lower the financial burden of debt service for the ratepayers and taxpayers, it is necessary that this act take effect immediately.

CHAPTER 93

An act to add Section 40007 to the Vehicle Code, relating to vehicle occupational licensing.

[Approved by Governor June 26, 1985. Filed with Secretary of State June 26, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 40007 is added to the Vehicle Code, to read:

40007. Division 5 (commencing with Section 11100) does not preclude the application of any other statutory provision which is applicable to any act violating any provision of Division 5.

CHAPTER 94

An act to amend Section 1141.24 of the Code of Civil Procedure, relating to judicial arbitration.

[Approved by Governor June 26, 1985. Filed with Secretary of State June 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1141.24 of the Code of Civil Procedure is amended to read:

1141.24. In cases ordered to arbitration pursuant to subdivision (a) of Section 1141.16, absent a stipulation to the contrary, no discovery other than that permitted by Section 2037 is permissible after an arbitration award except by leave of court upon a showing of good cause.

SEC. 2. This act shall become operative only if the January 1, 1986, repeal date of Section 1141.24 of the Code of Civil Procedure, pursuant to Section 1141.32 of that code, is deleted or extended by another act which is enacted and becomes operative on or before January 1, 1986.

CHAPTER 95

An act to amend Sections 12031, 12034, and 12052 of the Food and Agricultural Code, relating to pest control advisers.

[Approved by Governor June 26, 1985 Filed with Secretary of State June 26, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 12031 of the Food and Agricultural Code is amended to read:

12031. Each agricultural pest control adviser who makes any recommendation for agricultural use shall register in person with the agricultural commissioner in the county listed in the adviser's address on the license issued pursuant to Article 2 (commencing with Section 12021) or with the director if the county does not have an agricultural commissioner. If the address of the adviser on the state license is not within this state, the registration shall be in the county of occupational choice. Registration in any additional county shall be made by mail or in person, at the discretion of the commissioner of the additional county. The additional registration by mail shall be made on prescribed forms which may be obtained and processed in the county listed in the address of the adviser on the state license or the county of occupational choice, as the case may be.

SEC. 2. Section 12034 of the Food and Agricultural Code is amended to read:

12034. County boards of supervisors may set fees for registration to cover the cost of registering pest control advisers, but in no case shall the fee total more than ten dollars ($10) per year for a pest control adviser to register in person in the county listed in the adviser's address on the license issued pursuant to Article 2 (commencing with Section 12021) or the county of occupational choice, as the case may be, and five dollars ($5) per year for an adviser to register in an additional county as provided in Section 12031.

SEC. 3. Section 12052 of the Food and Agricultural Code is amended to read:

12052. It is unlawful for any person to act or offer to act as an agricultural pest control adviser in any county wherein the adviser makes any recommendation for agricultural use without first registering with the county agricultural commissioner of that county.

CHAPTER 96

An act to amend Section 4513 of the Civil Code, and to amend Section 26826 of the Government Code, relating to family law.

[Approved by Governor June 26, 1985 Filed with Secretary of State June 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 4513 of the Civil Code is amended to read:

4513. In cases in which the court has determined that a decree of dissolution ought to be granted, but by mistake, negligence or

inadvertence, the judgment has not been signed, filed and entered, the court may cause the judgment to be signed, dated, filed and entered therein as of the date when the same could have been signed, dated, filed and entered originally, if it appears to the satisfaction of the court that no appeal is to be taken in the action or motion made for a new trial, to annul or set aside the judgment or for relief under Chapter 8 (commencing with Section 469) of Title 6 of Part 2 of the Code of Civil Procedure. This action may be taken by the court on its own motion or upon the motion of either party thereto. In contested cases, the motion of a party shall be with notice to the other party. The court may cause the judgment to be entered nunc pro tunc as aforesaid, even though the judgment may have been previously entered, where mistake, negligence or inadvertence the judgment was not entered as soon as it could have been entered under the law if applied for. Upon the entry of the judgment, the parties shall have the same rights with regard to the dissolution of marriage becoming final on the date that it would have become final, had the judgment been entered upon the date when it could have been originally entered.

SEC. 2. Section 26826 of the Government Code is amended to read:

26826. (a) The total fee for filing the first paper in the action on behalf of any defendant, intervenor, respondent, or adverse party, whether separately or jointly, except for the purpose of making disclaimer shall be the sum fixed by resolution adopted pursuant to Section 68090, which shall not exceed the following maximum amounts:

(1) In any county where a fee is collected for the court reporter fund, the total fees shall not exceed sixty-three dollars ($63).

(2) In any county where a fee is not collected for the court reporter fund, the total fee shall not exceed thirty-five dollars ($35).

(b) As used in this section the word "paper" does not include any of the following:

(1) A stipulation for the appointment of a temporary judge or of a court investigator or the report made by the investigator.

(2) The declaration of a spouse filed in an order to show cause proceeding.

(3) A marital settlement agreement which is signed by a defaulted respondent and intended for incorporation in a proposed decree of dissolution of marriage.

(4) A stipulation regarding the date of termination of the marital status when the court has retained jurisdiction over that date.

(5) A document relating to a stipulated postjudgment modification of child support.

CHAPTER 97

An act to amend Section 56039 of the Government Code, and to amend Sections 1178, 1179, 1185, 1194, and 1197 of, and to add Sections 1179.5 and 1194.5 to, the Streets and Highways Code, relating to permanent road divisions.

[Approved by Governor June 26, 1985. Filed with Secretary of State June 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 56039 of the Government Code is amended to read:

56039. "District" means an agency of the state, formed pursuant to general law or special act, for the local performance of governmental or proprietary functions within limited boundaries. "District" includes a county service area, but excludes all of the following:

(a) The state.

(b) A county.

(c) A city, except for the provisions of this division relating to a merger, the establishment of a subsidiary district, or a reorganization which includes an annexation to, a detachment from, or disincorporation of, a city when the affected city does not object to such annexation, detachment, or disincorporation, or the incorporation of a new city when the board of supervisors does not object to such incorporation.

(d) A school district.

(e) A unified or union high school library district.

(f) A special assessment district.

(g) An improvement district.

(h) A community facilities district formed pursuant to either of the Mello-Roos Community Facilities Acts of 1982, Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5, as added by Chapter 1439 or Chapter 1451 of the Statutes of 1982.

(i) An air pollution control district or an air quality maintenance district.

(j) A bridge and highway district or a joint highway district.

(k) A transit or rapid transit district or authority.

(*l*) A metropolitan water district.

(m) A flood control district, a flood control and floodwater conservation district, a flood control and water conservation district, a conservation district, a water conservation district, a water replenishment district, the Orange County Water District, a California water storage district, a water agency, a county water authority or a water authority, if the commission of the principal county determines, in accordance with Sections 56015 and 56016, that any district, agency, or authority enumerated in this subdivision is

not a "district" within the meaning of this division.

(n) A permanent road division formed pursuant to Article 3 (commencing with Section 1160) of Chapter 4 of Division 2 of the Streets and Highways Code.

SEC. 2. Section 1178 of the Streets and Highways Code is amended to read:

1178. If two-thirds of the votes cast are for the tax, the board shall annually, at the time of levying the county taxes, levy a special tax in the division sufficient to raise the amount voted for the current fiscal year, sufficient to meet estimated costs of maintenance for the current fiscal year, and sufficient to reimburse the county for any expenses recoverable under Section 1197.

SEC. 3. Section 1179 of the Streets and Highways Code is amended to read:

1179. The tax so levied shall be collected in the same manner as county taxes and, when collected, shall be paid into the county treasury for the use of the division in which the tax is collected.

SEC. 4. Section 1179.5 is added to the Streets and Highways Code, to read:

1179.5. In lieu of, or in addition to, any special tax levied pursuant to Section 1178, the board may fix and collect parcel charges for any permanent road division in the same manner as for miscellaneous extended services in county services areas pursuant to Article 7 (commencing with Section 25210.70) of Chapter 2.2 of Part 2 of Division 2 of Title 3 of the Government Code.

SEC. 5. Section 1185 of the Streets and Highways Code is amended to read:

1185. The board, by an order entered upon its minutes, shall prescribe all of the following:

(a) The form of the bonds.

(b) The time when the bonds become due, not exceeding 40 years from the date thereof.

(c) The rate of interest the bonds shall bear, not exceeding the maximum rate permitted by law.

SEC. 6. Section 1194 of the Streets and Highways Code is amended to read:

1194. On payment of all debts of the division or on the failure of the division within two years after formation to vote a special tax or bonds for any proposed work, the division shall cease to exist, unless the division also exists for the purpose of maintenance.

SEC. 7. Section 1194.5 is added to the Streets and Highways Code, to read:

1194.5. A permanent road division formed for the purpose of maintenance that has ceased to exist as a result of the amendments made to Section 1194 by Section 3 of Chapter 1025 of the Statutes of 1969 may be reinstated as an active and functioning division upon order of the board of supervisors adopted by resolution, if the board finds that the necessity for maintenance work within the division continues to exist and any limited period of maintenance set forth in

the petition for the formation of the division has not expired.

SEC. 8. Section 1197 of the Streets and Highways Code is amended to read:

1197. The expenses of organizing a division, conducting any necessary election, and providing engineering services, pursuant to this article, shall be a county charge payable out of the county general fund. If a division is formed and a tax levy authorized or parcel charge imposed, the expenses shall be recovered by the county from the funds of the division.

SEC. 9. It is the intent of the Legislature, in enacting this act, to provide an opportunity for counties and for residents within existing and former permanent road divisions to offset the partial or total loss of revenue to any division resulting from the adoption of Article XIII A of the California Constitution, and to provide for the reinstatement of any former permanent road division, formed for the purpose of maintenance, that ceased to exist due to the effect of Article XIII A of the California Constitution and the amendment of Section 1194 of the Streets and Highways Code by Section 3 of Chapter 1025 of the Statutes of 1969.

CHAPTER 98

An act to add and repeal Section 36516.6 of the Government Code, relating to cities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 26, 1985 Filed with Secretary of State June 26, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 36516.6 is added to the Government Code, to read:

36516.6. Notwithstanding Section 36516.5, a city council, one or more members of which were elected or reelected to a term of office which commenced on or after January 1, 1984, may, by an ordinance adopted by the council which becomes effective on or prior to December 31, 1986, increase the salaries of all council members in accordance with the schedule prescribed by Section 36516.

This section shall not be construed as authorizing an increase in salary for any period of time prior to the effective date of an ordinance adopted pursuant to this section.

This section shall remain in effect only until January 1, 1987, and on that date is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that cities may implement the salary increases for city council members authorized by Chapter 100 of the Statutes of 1984, prior to councilmanic elections in 1986, it is necessary that this act take effect immediately, as an urgency statute.

CHAPTER 99

An act to add Section 33.2 to the Kings River Conservation District Act (Chapter 931 of the Statutes of 1951), relating to the Kings River Conservation District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 26, 1985. Filed with Secretary of State June 26, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 33.2 is added to the Kings River Conservation District Act (Chapter 931 of the Statutes of 1951), to read:

Sec. 33.2. Notwithstanding Section 54388 of the Government Code or any other provision of law, the board may sell up to four hundred fifty million dollars ($450,000,000) principal amount of the bonds authorized to be issued for the Dinkey Creek Hydroelectric Project and related facilities at the election held in the district on November 3, 1981, pursuant to the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code) at private sale or at public sale, whichever it determines.

The board, prior to approving the sale of the bonds authorized in this section, shall retain a nationally recognized investment firm which has had no prior relationship with the district, to make findings of fact in a report which finds both of the following:

(a) The underwriter's spread is reasonable.

(b) The final negotiated offering is consistent with common practices in the industry and is comparable to other bond offerings of a like amount being offered at the same time.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the Kings River Conservation District may issue revenue bonds at the earliest possible date, it is necessary that this act take effect immediately.

CHAPTER 100

An act to repeal and add Section 1511 of the Evidence Code, relating to evidence.

[Approved by Governor June 26, 1985 Filed with Secretary of State June 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1511 of the Evidence Code is repealed.

SEC. 2. Section 1511 is added to the Evidence Code, to read:

1511. A duplicate is admissible to the same extent as an original unless (a) a genuine question is raised as to the authenticity of the original or (b) in the circumstances it would be unfair to admit the duplicate in lieu of the original.

CHAPTER 101

An act to amend Section 741 of the Welfare and Institutions Code, relating to juvenile court law.

[Approved by Governor June 26, 1985 Filed with Secretary of State June 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 741 of the Welfare and Institutions Code is amended to read:

741. The juvenile court may, in any case before it in which a petition has been filed as provided in Article 16 (commencing with Section 650), order that the probation officer obtain the services of such psychiatrists, psychologists, physicians and surgeons, dentists, optometrists, audiologists, or other clinical experts as may be required to assist in determining the appropriate treatment of the minor and as may be required in the conduct or implementation of the treatment. Payment for the services shall be a charge against the county.

CHAPTER 102

An act to amend Section 2924f of the Civil Code, and to amend Section 9504 of the Commercial Code, relating to secured creditors, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 26, 1985 Filed with Secretary of State June 26, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 2924f of the Civil Code is amended to read:

2924f. (a) As used in this section and Sections 2924g and 2924h "property" means real property or a leasehold estate therein.

(b) Except as provided in subdivision (c), before any sale of property can be made under the power of sale contained in any deed of trust or mortgage notice of the sale thereof shall be given by posting a written notice of the time of sale and of the street address and the specific place at the street address where the sale will be held, and describing the property to be sold, at least 20 days before the date of sale in one public place in the city where the property is to be sold, if the property is to be sold in a city, or, if not, then in one public place in the judicial district in which the property is to be sold, and publishing a copy thereof once a week for the same period, in a newspaper of general circulation published in the city in which the property or some part thereof is situated, if any part thereof is situated in a city, if not, then in a newspaper of general circulation published in the judicial district in which the property or some part thereof is situated, or in case no newspaper of general circulation is published in the city or judicial district, as the case may be, in a newspaper of general circulation published in the county in which the property or some part thereof is situated, or in case no newspaper of general circulation is published in the city or judicial district or county, as the case may be, in a newspaper of general circulation published in the county in this state that (1) is contiguous to the county in which the property or some part thereof is situated and (2) has, by comparison with all similarly contiguous counties, the highest population based upon total county population as determined by the most recent federal decennial census published by the Bureau of the Census. A copy of the notice of sale shall also be posted in a conspicuous place on the property to be sold at least 20 days before the date of sale, where possible and where not restricted for any reason. If the property is a single-family residence the posting shall be on a door of the residence, but, if not possible or restricted, then the notice shall be posted in a conspicuous place on the property; however, if access is denied because a common entrance to the property is restricted by a guard gate or similar impediment, the property may be posted at that guard gate or similar impediment to any development community. Additionally, the notice of sale shall be

recorded with the county recorder of the county in which the property or some part thereof is situated at least 14 days prior to the date of sale. The notice of sale shall contain the name, street address, and telephone number of the trustee or other person conducting the sale and shall contain the statement required by paragraph (3) of subdivision (c). In addition to any other description of the property, the notice shall describe the property by giving its street address, if any, or other common designation, if any; but if the property has no street address or other common designation, the notice shall contain the name and address of the beneficiary at whose request the sale is to be conducted and a statement that directions may be obtained pursuant to a written request submitted to the beneficiary within 10 days from the first publication of the notice. Directions shall be deemed reasonably sufficient to locate the property if information as to the location of the property is given by reference to the direction and approximate distance from the nearest crossroads, frontage road, or access road. If a legal description of the property is given, the validity of the notice and the validity of the sale shall not be affected by the fact that the street address, other common designation, name and address of the beneficiary, or the directions obtained therefrom are erroneous or that the street address, other common designation, name and address of the beneficiary or directions obtained therefrom are omitted. The term newspaper of general circulation as used in this section has the same meaning as defined in Article 1 (commencing with Section 6000) of Chapter 1 of Division 7 of Title 1 of the Government Code.

The notice of sale shall contain a statement of the total amount of the unpaid balance of the obligation secured by the property to be sold and reasonably estimated costs, expenses, and advances at the time of the initial publication of the notice of sale; provided, that the trustee shall incur no liability for any good faith error in stating the proper amount. An inaccurate statement of this amount shall not affect the validity of any sale to a bona fide purchaser for value, nor shall the failure to post the notice of sale on a door as provided by this subdivision affect the validity of any sale to a bona fide purchaser for value.

(c) (1) This subdivision applies only to deeds of trust or mortgages which contain a power of sale and which are secured by real property containing a single-family, owner-occupied residence, where the obligation secured by the deed of trust or mortgage is contained in a contract for goods or services subject to the provisions of the Unruh Act (Chapter 1 (commencing with Section 1801) of Title 2 of Part 4 of Division 3).

(2) Except as otherwise expressly set forth in this subdivision, all other provisions of law relating to the exercise of a power of sale shall govern the exercise of a power of sale contained in a deed of trust or mortgage described in paragraph (1).

(3) If any default of the obligation secured by a deed of trust or

mortgage described in paragraph (1) has not been cured within 30 days after the recordation of the notice of default, the trustee or mortgagee shall mail to the trustor or mortgagor, at his or her last known address, a copy of the following statement:

YOU ARE IN DEFAULT UNDER A

_____ ,
(Deed of trust or mortgage)

DATED _____. UNLESS YOU TAKE ACTION TO PROTECT YOUR PROPERTY, IT MAY BE SOLD AT A PUBLIC SALE. IF YOU NEED AN EXPLANATION OF THE NATURE OF THE PROCEEDING AGAINST YOU, YOU SHOULD CONTACT A LAWYER.

(4) All sales of real property pursuant to a power of sale contained in any deed of trust or mortgage described in paragraph (1) shall be held in the county where the residence is located and shall be made to the person making the highest offer. The trustee may receive offers during the 10-day period immediately prior to the date of sale and if any offer is accepted in writing by both the trustor or mortgagor and the beneficiary or mortgagee prior to the time set for sale, the sale shall be postponed to a date certain and, prior to which the property may be conveyed by the trustor to the person making the offer according to its terms. The offer is revocable until accepted. The performance of the offer following acceptance, according to its terms by a conveyance of the property to the offeror shall operate to terminate any further proceeding under the notice of sale and it shall be deemed revoked.

(5) In addition to the trustee fee pursuant to Section 2924c, the trustee or mortgagee pursuant to a deed of trust or mortgage subject to this subdivision shall be entitled to charge an additional fee of fifty dollars ($50).

(6) This subdivision applies only to property on which notices of default were filed on or after the effective date of this subdivision.

SEC. 2. Section 9504 of the Commercial Code is amended to read:

9504. (1) A secured party after default may sell, lease or otherwise dispose of any or all of the collateral in its then condition or following any commercially reasonable preparation or processing Any sale of goods is subject to the division on sales (Division 2). The proceeds of disposition shall be applied in the order following to:

(a) The reasonable expenses of retaking, holding, preparing for sale or lease, selling, leasing and the like and, to the extent provided for in the agreement and not prohibited by law, the reasonable attorneys' fees and legal expenses incurred by the secured party;

(b) The satisfaction of indebtedness secured by the security interest under which the disposition is made;

(c) The satisfaction of indebtedness secured by any subordinate security interest in the collateral if written notification of demand therefor is received before distribution of the proceeds is completed

and to the satisfaction of any subordinate attachment lien or execution lien pursuant to subdivision (b) of Section 701.040 of the Code of Civil Procedure if notice of the levy of attachment or execution is received before distribution of the proceeds is completed. If requested by the secured party, the holder of a subordinate security interest must seasonably furnish reasonable proof of his interest, and unless he does so, the secured party need not comply with his demand.

(2) If the security interest secures an indebtedness, the secured party must account to the debtor for any surplus except as provided in Section 701.040 of the Code of Civil Procedure, and, unless otherwise agreed, the debtor is liable for any deficiency. But if the underlying transaction was a sale of accounts or chattel paper, the debtor is entitled to any surplus or is liable for any deficiency only if the security agreement so provides and the provisions of Section 701.040 of the Code of Civil Procedure relating to payment of proceeds and the liability of the secured party apply only if the security agreement provides that the debtor is entitled to any surplus.

(3) A sale or lease of collateral may be as a unit or in parcels, at wholesale or retail and at any time and place and on any terms, provided the secured party acts in good faith and in a commercially reasonable manner. Unless collateral is perishable or threatens to decline speedily in value or is of a type customarily sold on a recognized market, the secured party must give to the debtor, if he has not signed after default a statement renouncing or modifying his right to notification of sale, and to any other person who has a security interest in the collateral and who has filed with the secured party a written request for notice giving his address (before that secured party sends his notification to the debtor or before debtor's renunciation of his rights), a notice in writing of the time and place of any public sale or of the time on or after which any private sale or other intended disposition is to be made. Such notice must be delivered personally or be deposited in the United States mail postage prepaid addressed to the debtor at his address as set forth in the financing statement or as set forth in the security agreement or at such other address as may have been furnished to the secured party in writing for this purpose, or, if no address has been so set forth or furnished, at his last known address, and to any other secured party at the address set forth in his request for notice, at least five days before the date fixed for any public sale or before the day on or after which any private sale or other disposition is to be made. Notice of the time and place of a public sale shall also be given at least five days before the date of sale by publication once in a newspaper of general circulation published in the county in which the sale is to be held or in case no newspaper of general circulation is published in the county in which the sale is to be held, in a newspaper of general circulation published in the county in this state that (1) is

contiguous to the county in which the sale is to be held and (2) has, by comparison with all similarly contiguous counties, the highest population based upon total county population as determined by the most recent federal decennial census published by the Bureau of the Census. Any public sale shall be held in the county or place specified in the security agreement, or if no county or place is specified in the security agreement, in the county in which the collateral or any part thereof is located or in the county in which the debtor has his residence or chief place of business, or in the county in which the secured party has his residence or a place of business if the debtor does not have a residence or chief place of business within this state. If the collateral is located outside of this state or has been removed from this state, a public sale may be held in the locality in which the collateral is located. Any public sale may be postponed from time to time by public announcement at the time and place last scheduled for the sale. The secured party may buy at any public sale and if the collateral is customarily sold in a recognized market or is the subject of widely or regularly distributed standard price quotations he may buy at private sale. Any sale of which notice is delivered or mailed and published as herein provided and which is held as herein provided is a public sale.

(4) When collateral is disposed of by a secured party after default, the disposition transfers to a purchaser for value all of the debtor's rights therein, discharges the security interest under which it is made and any security interest or lien subordinate thereto. The purchaser takes free of all such rights and interest even though the secured party fails to comply with the requirements of this chapter or of any judicial proceedings.

(a) In the case of a public sale, if the purchaser has no knowledge of any defects in the sale and if he does not buy in collusion with the secured party, other bidders or the person conducting the sale; or

(b) In any other case, if the purchaser acts in good faith.

(5) A person who is liable to a secured party under a guaranty, indorsement, repurchase agreement or the like and who receives a transfer of collateral from the secured party or is subrogated to his rights has thereafter the rights and duties of the secured party. Such a transfer of collateral is not a sale or disposition of the collateral under this division.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

There is at least one county in California where the absence of a newspaper of general circulation which is published in the county renders impossible strict compliance with the requirements of Section 2924f of the Civil Code or Section 9504 of the Commercial Code. It is necessary that this measure take immediate effect so that this situation is remedied without delay.

CHAPTER 103

An act to amend Section 6254 of the Government Code, relating to records.

[Approved by Governor June 26, 1985 Filed with Secretary of State June 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 6254 of the Government Code is amended to read:

6254. Except as provided in Section 6254.7, nothing in this chapter shall be construed to require disclosure of records that are any of the following:

(a) Preliminary drafts, notes, or interagency or intraagency memoranda which are not retained by the public agency in the ordinary course of business, provided that the public interest in withholding those records clearly outweighs the public interest in disclosure.

(b) Records pertaining to pending litigation to which the public agency is a party, or to claims made pursuant to Division 3.6 (commencing with Section 810) of Title 1 of the Government Code, until the pending litigation or claim has been finally adjudicated or otherwise settled.

(c) Personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy.

(d) Contained in or related to:

(1) Applications filed with any state agency responsible for the regulation or supervision of the issuance of securities or of financial institutions, including, but not limited to, banks, savings and loan associations, industrial loan companies, credit unions, and insurance companies.

(2) Examination, operating, or condition reports prepared by, on behalf of, or for the use of, any state agency referred to in subdivision (1).

(3) Preliminary drafts, notes, or interagency or intraagency communications prepared by, on behalf of, or for the use of, any state agency referred to in subdivision (1).

(4) Information received in confidence by any state agency referred to in subdivision (1).

(e) Geological and geophysical data, plant production data, and similar information relating to utility systems development, or market or crop reports, which are obtained in confidence from any person.

(f) Records of complaints to, or investigations conducted by, or records of intelligence information or security procedures of, the office of the Attorney General and the Department of Justice, and any state or local police agency, or any such investigatory or security

files compiled by any other state or local police agency, or any such investigatory or security files compiled by any other state or local agency for correctional, law enforcement, or licensing purposes, except that state and local law enforcement agencies shall disclose the names and addresses of persons involved in, or witnesses other than confidential informants to, the incident, the description of any property involved, the date, time, and location of the incident, all diagrams, statements of the parties involved in the incident, the statements of all witnesses, other than confidential informants, to the victims of an incident, or an authorized representative thereof, an insurance carrier against which a claim has been or might be made, and any person suffering bodily injury or property damage or loss, as the result of the incident caused by arson, burglary, fire, explosion, larceny, robbery, vandalism, vehicle theft, or a crime of violence as defined by subdivision (b) of Section 13960, unless the disclosure would endanger the safety of a witness or other person involved in the investigation, or unless disclosure would endanger the successful completion of the investigation or a related investigation; provided, however, that nothing in this division shall require the disclosure of that portion of those investigative files which reflect the analysis or conclusions of the investigating officer.

Other provisions of this subdivision notwithstanding, state and local law enforcement agencies shall make public the following information, except to the extent that disclosure of a particular item of information would endanger the safety of a person involved in an investigation or would endanger the successful completion of the investigation or a related investigation:

(1) The full name, current address, and occupation of every individual arrested by the agency, the individual's physical description including date of birth, color of eyes and hair, sex, height and weight, the time and date of arrest, the time and date of booking, the location of the arrest, the factual circumstances surrounding the arrest, the amount of bail set, the time and manner of release or the location where the individual is currently being held, and all charges the individual is being held upon, including any outstanding warrants from other jurisdictions and parole or probation holds.

(2) The time, substance, and location of all complaints or requests for assistance received by the agency and the time and nature of the response thereto, including, to the extent the information regarding crimes alleged or committed or any other incident investigated is recorded, the time, date, and location of the occurrence, the time and date of the report, the name, age, and current address of the victim, except that the address of the victim of any crime defined by Section 261, 264, 264.1, 273a, 273d, 286, 288, 288a, or 289 of the Penal Code shall not be disclosed, the factual circumstances surrounding the crime or incident, and a general description of any injuries, property or weapons involved. The name of a victim of any crime defined by Section 261, 264, 264.1, 273a, 273d, 286, 288, 288a, or 289 of the Penal Code may be withheld at the victim's request, or at the

request of the victim's parent or guardian if the victim is a minor. When a person is the victim of more than one crime, information disclosing that the person is a victim of a crime defined by Section 261, 264, 264.1, 273a, 273d, 286, 288, 288a, or 289 of the Penal Code may be deleted at the request of the victim, or the victim's parent or guardian if the victim is a minor, in making the report of the crime, or of any crime or incident accompanying the crime, available to the public in compliance with the requirements of this paragraph.

(g) Test questions, scoring keys, and other examination data used to administer a licensing examination, examination for employment, or academic examination, except as provided for in Chapter 3 (commencing with Section 99150) of Part 65 of the Education Code.

(h) The contents of real estate appraisals or engineering or feasibility estimates and evaluations made for or by the state or local agency relative to the acquisition of property, or to prospective public supply and construction contracts, until all of the property has been acquired or all of the contract agreement obtained, provided, however, the law of eminent domain shall not be affected by this provision.

(i) Information required from any taxpayer in connection with the collection of local taxes which is received in confidence and the disclosure of the information to other persons would result in unfair competitive disadvantage to the person supplying the information.

(j) Library circulation records kept for the purpose of identifying the borrower of items available in libraries, and library and museum materials made or acquired and presented solely for reference or exhibition purposes. The exemption in this subdivision shall not apply to records of fines imposed on the borrowers.

(k) Records the disclosure of which is exempted or prohibited pursuant to provisions of federal or state law, including, but not limited to, provisions of the Evidence Code relating to privilege.

(*l*) Correspondence of and to the Governor or employees of the Governor's office or in the custody of or maintained by the Governor's legal affairs secretary, provided that public records shall not be transferred to the custody of the Governor's legal affairs secretary to evade the disclosure provisions of this chapter.

(m) In the custody of or maintained by the Legislative Counsel.

(n) Statements of personal worth or personal financial data required by a licensing agency and filed by an applicant with the licensing agency to establish his or her personal qualification for the license, certificate, or permit applied for.

(o) Financial data contained in applications for financing under Division 27 (commencing with Section 44500) of the Health and Safety Code, where an authorized officer of the California Pollution Control Financing Authority determines that disclosure of the financial data would be competitively injurious to the applicant and the data is required in order to obtain guarantees from the United States Small Business Administration. The California Pollution Control Financing Authority shall adopt rules for review of

individual requests for confidentiality under this section and for making available to the public those portions of an application which are subject to disclosure under this chapter.

(p) Records of state agencies related to activities governed by Chapter 10.3 (commencing with Section 3512) of Division 4 of Title 1, Chapter 10.5 (commencing with Section 3525) of Division 4 of Title 1, and Chapter 12 (commencing with Section 3560) of Division 4 of Title 1, which reveal a state agency's deliberative processes, impressions, evaluations, opinions, recommendations, meeting minutes, research, work products, theories, or strategy, or which provide instruction, advice, or training to employees who do not have full collective bargaining and representation rights under the above chapters. Nothing in this subdivision shall be construed to limit the disclosure duties of a state agency with respect to any other records relating to the activities governed by the employee relations acts referred to in this subdivision.

(q) Records of state agencies related to activities governed by Articles 2.6 (commencing with Section 14081), 2.8 (commencing with Section 14087.5), and 2.91 (commencing with Section 14089) of Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code, which reveal the special negotiator's deliberative processes, discussions, communications, or any other portion of the negotiations with providers of health care services, impressions, opinions, recommendations, meeting minutes, research, work product, theories, or strategy, or which provide instruction, advice, or training to employees.

Contracts for inpatient services entered into pursuant to these articles, on or after April 1, 1984, shall be open to inspection one year after they are fully executed. In the event that a contract for inpatient services which is entered into prior to April 1, 1984, is amended on or after April 1, 1984, the amendment shall be open to inspection one year after it is fully executed. If the California Medical Assistance Commission enters into contracts with health care providers for other than inpatient hospital services, those contracts shall be open to inspection one year after they are fully executed.

(r) Records of Native American graves, cemeteries, and sacred places maintained by the Native American Heritage Commission.

(s) A final accreditation report of the Joint Commission on Accreditation of Hospitals which has been transmitted to the State Department of Health Services pursuant to subdivision (b) of Section 1282 of the Health and Safety Code.

Nothing in this section is to be construed as preventing any agency from opening its records concerning the administration of the agency to public inspection, unless disclosure is otherwise prohibited by law.

Nothing in this section is to be construed as preventing any health facility from disclosing to a certified bargaining agent relevant financing information pursuant to Section 8 of the National Labor Relations Act.

CHAPTER 104

An act to amend Sections 25354, 25372, 25375, 25378, and 25381 of, to add Section 25375.5 to, and to repeal and add Section 25379 of, the Health and Safety Code, relating to hazardous substances, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 26, 1985 Filed with Secretary of State June 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 25354 of the Health and Safety Code is amended to read:

25354. (a) There is hereby continuously appropriated from the state account to the department the sum of one million dollars ($1,000,000) for each fiscal year as a reserve account for emergencies, notwithstanding Section 13340 of the Government Code. The department shall expend moneys available in the reserve account only for the purpose of taking immediate corrective action necessary to remedy or prevent an emergency resulting from a fire or an explosion of, or human exposure to, hazardous substances caused by the release or threatened release of a hazardous substance.

(b) Notwithstanding any other provision of law, the department may enter into written contracts for corrective action taken or to be taken pursuant to subdivision (a), and may enter into oral contracts, not to exceed two thousand dollars ($2,000) in obligation, when, in the judgment of the department, immediate corrective action is necessary to remedy or prevent an emergency specified in subdivision (a). The contracts, whether written or oral, may include provisions for the rental of tools or equipment, either with or without operators furnished, and for the furnishing of labor and materials necessary to accomplish the work. If the department finds that the corrective action includes the relocation of individuals, the department may contract with those individuals for out-of-pocket expenses incurred in moving for an amount of not more than one thousand dollars ($1,000).

(c) Any disbursement made pursuant to subdivision (a) shall be reported to the Director of Finance within 72 hours of commencement of the corrective action taken.

(d) Once the appropriation made pursuant to subdivision (a) is fully expended, the director shall file a report with the Legislature if it is in session or, if it is not in session, with the Committee on Rules of the Assembly and the Senate as to the moneys expended pursuant to this section. The Legislature may appropriate moneys from the state account, in addition to those moneys appropriated pursuant to subdivision (a), to the department for the purpose of taking corrective action pursuant to subdivision (a).

(e) Except as provided in subdivision (d), in no event shall the

amount deposited in the reserve account and appropriated pursuant to this section exceed one million dollars ($1,000,000) in any fiscal year. On June 30 of each year, the unencumbered balance of the reserve account shall revert to and be deposited in the state account.

SEC. 2. Section 25372 of the Health and Safety Code is amended to read:

25372. Any person may apply to the board, pursuant to Section 25373, for compensation of a loss caused by the release, in California, of a hazardous substance if any of the following conditions are met:

(a) The source of the release of the hazardous substance, or the identity of the party liable for damages in connection therewith or responsible for the costs of removal of the hazardous substance, is unknown or cannot, with reasonable diligence, be determined.

(b) The loss was not compensable pursuant to law, including Chapter 6.5 (commencing with Section 25100), because there is no liable party or the judgment could not be satisfied, in whole or part, against the party determined to be liable for the release of the hazardous substance.

(c) The person has presented a written demand for compensation, which sets forth the basis for the claim, to the party which the person reasonably believes is liable for a loss specified in paragraph (1) of subdivision (a) of Section 25375 which was incurred by that person and is compensable pursuant to this article, the person has presented the board with a copy of the demand, and, within 60 days after presenting the demand, the party has either rejected, in whole or in part, the demand to be compensated for a loss specified in paragraph (1) of subdivision (a) of Section 25375, or has not responded to the demand. Only losses specified in paragraph (1) of subdivision (a) of Section 25375 are compensable under a claim filed pursuant to this subdivision.

SEC. 3. Section 25375 of the Health and Safety Code is amended to read:

25375. (a) If the board makes the determination, specified in subdivision (b), that losses resulted from the claimant's damages, injury, or disease, only the following losses are compensable pursuant to this article:

(1) One hundred percent of uninsured, out-of-pocket medical expenses, for up to three years from the onset of treatment.

(2) Eighty percent of any uninsured, actual lost wages, or business income in lieu of wages, caused by injury to the claimant or the claimant's property, not to exceed fifteen thousand dollars ($15,000) per year for three years.

(b) A loss specified in subdivision (a) is compensable if the board makes all of the following findings, based upon a preponderance of the evidence:

(1) A release of a hazardous substance occurred.

(2) The claimant or the claimant's property was exposed to the release of the hazardous substance.

(3) The exposure of the claimant to the release of the hazardous

substance was of such a duration, and to such a quantity of the hazardous substance, that the exposure caused the damages, injury, or disease which resulted in the claimant's loss.

(c) No money shall be used for the payment of any claim authorized by this chapter, where the claim is the result of long-term exposure to ambient concentrations of air pollutants.

SEC. 4. Section 25375.5 is added to the Health and Safety Code, to read:

25375.5. (a) Except as specified in subdivision (b), the procedures specified in Section 11513 of the Government Code apply to the proceedings conducted by the board pursuant to this article.

(b) Notwithstanding subdivision (a), Sections 801, 802, 803, 804, and 805 of the Evidence Code apply to the proceedings conducted by the board pursuant to this article.

(c) The board may consider evidence presented by any person against whom a demand was made pursuant to subdivision (c) of Section 25372. The evidence presented by that person shall become a part of the record upon which the board's decision shall be based.

SEC. 5. Section 25378 of the Health and Safety Code is amended to read:

25378. (a) Compensation of any loss pursuant to this article shall preclude indemnification or reimbursement from any other source for the identical loss, and indemnification or reimbursement from any other source shall preclude compensation pursuant to this article.

(b) If a claimant recovers any compensation from a party in a civil or administrative action for a loss for which the claimant has received compensation pursuant to this article, the claimant shall reimburse the state account in an amount equal to the compensation which the claimant has received from the state account pursuant to this article. The Attorney General may bring an action against the claimant to recover the amount which the claimant is required to reimburse the state account, and until the account is reimbursed, the state shall have a lien of first priority on the judgment or award recovered by the claimant. If the state account is reimbursed pursuant to this subdivision, the state shall not acquire, by subrogation, the claimant's rights pursuant to Section 25380.

(c) The Legislature hereby finds and declares that it is the purpose of this section to prevent double recovery for a loss compensable pursuant to this article.

SEC. 6. Section 25379 of the Health and Safety Code is repealed.

SEC. 7. Section 25379 is added to the Health and Safety Code, to read:

25379. (a) The following evidence is not admissible as evidence in any civil or criminal proceeding, including a subrogation action by the state pursuant to Section 25380, to establish the liability of any person for any damages alleged to have been caused by a release of a hazardous substance:

(1) A final decision made by the board pursuant to this article.

(2) A decision made by the board to admit or not admit any evidence.

(3) Any finding of fact or conclusion of law entered by the board in a proceeding for a claim pursuant to this article.

(4) The fact that any person has done any of the following in a proceeding for a claim pursuant to Section 25372:

(A) Chosen to participate or appear.

(B) Chosen not to participate or appear.

(C) Failed to appear.

(D) Settled or offered to settle the claim.

(b) Subdivision (a) does not apply to any civil action or writ by a claimant against the board for any act, decision, or failure to act on a claim submitted by the claimant.

SEC. 8. Section 25381 of the Health and Safety Code is amended to read:

25381. On or before July 1, 1985, the board shall, in consultation with the department, adopt, and revise when appropriate, all rules and regulations necessary to implement this article, including methods that provide for establishing that a claimant has exercised reasonable diligence in satisfying the conditions specified in Sections 25372, 25373, 25375, and 25375.5, and regulations that specify the proof necessary to establish a loss compensable pursuant to this article.

(a) Claims approved by the board pursuant to this article shall be paid from the state account.

(b) The Legislature may appropriate up to two million dollars ($2,000,000) annually from the state account to be used by the board for the payment of awards pursuant to this article.

(c) Claims against or presented to the board shall not be paid in excess of the amount of money appropriated for this purpose from the state account. These claims shall be paid only when additional money is collected, appropriated, or otherwise added to that account.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to aid victims of toxic chemical exposure who are currently suffering medical conditions resulting from their exposure, it is necessary that this act take effect immediately.

CHAPTER 105

An act to add and repeal Section 15977 of the Public Utilities Code, relating to public utility districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 26, 1985. Filed with Secretary of State June 26, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 15977 is added to the Public Utilities Code, to read:

15977. (a) Notwithstanding any other provision of this division, the board of directors of any district formed within the County of Trinity after the effective date of this section shall, after approval of the local agency formation commission, consist of five members elected from territorial units within the district as nearly equal in population as practicable. Every director shall be a resident and qualified elector of the territorial unit from which he or she is elected.

(b) The candidates for director of a district formed pursuant to subdivision (a) may be placed upon the same ballot and elected as part of the formation election held pursuant to Article 3 (commencing with Section 15761) of Chapter 2. The candidates for director shall be nominated in accordance with Section 15966.

(c) If a district is not formed within the County of Trinity on or before January 1, 1987, this section, as of that date, is repealed, unless a later enacted statute, which is enacted before January 1, 1987, deletes or extends that date.

SEC. 2. The Legislature finds and declares that Section 15977 of the Public Utilities Code is necessary since special facts and circumstances applicable only to the County of Trinity and not generally applicable in other counties make the accomplishment of this purpose impossible by any general law. The territory of the county is large in relation to a relatively small population which is concentrated in two areas within the county, each of which areas presents special and unique problems with respect to the utility services proposed to be furnished by the contemplated public utility district. The Legislature further finds and declares that the purpose of this act is impossible to accomplish by any general law within the meaning of Section 16 of Article IV of the California Constitution, and that special legislation applicable only to the County of Trinity is therefore necessary.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Pursuant to Public Law 83-386 (69 Stats. 872) preference customers in Trinity County are given a first preference to the extent of 25 percent of the additional energy available from the Central Valley Project power system as a result of construction of plants authorized by P. L. 84-386. Those preference customers must be ready, able, and willing to enter into contracts for the energy and must exercise their option on specified dates every five years. Unless

this act is enacted to take effect immediately in order to permit an election for the formation of a public utility district or districts and the election of five directors from territorial units for each district heretofore described to be placed on the same ballot and elected as part of the formation election, residents in certain areas of Trinity County will not be able to be served by an operating preference customer in Trinity County and may not be able to qualify for Central Valley Project power for another five years, and it is therefore necessary that this act take effect immediately.

CHAPTER 106

An act to amend Sections 151, 2652, 4160, 4521, 5010, 6508, 10131.6, and 10131.7 of, and to amend and renumber the heading of Article 5 (commencing with Section 4140) of Chapter 9 of Division 2 of, the Business and Professions Code, to amend Section 4513 of the Civil Code, to amend Section 1710.15 of the Code of Civil Procedure, to amend Section 15712 of the Corporations Code, to amend Sections 14240, 35145, 39362, 42238.8, 44252, 56722, 66903.7, 89048, 89303, 89410, 90002, 90010, 90036, 90087, 90403, and 90440 of, to amend the heading of Article 2 (commencing with Section 90010) of Chapter 8 of Part 55 of, and to repeal the heading of Article 4 (commencing with Section 14070) of Chapter 1 of Part 9 of, and Section 54004 of, the Education Code, to amend Section 451 of the Evidence Code, to amend Sections 250, 1925, 8665, and 13100 of, and to amend and renumber Sections 7660 and 7661 of, the Fish and Game Code, to amend Section 58503.4 of, to amend and renumber the heading of Article 6 (commencing with Section 520) of Chapter 3 of Part 1 of Division 1 of, and Section 4141 of, to amend the heading of Chapter 5 (commencing with Section 4501) of Part 4 of Division 3 of, and to repeal the heading of Article 2.5 (commencing with Section 4141) of Chapter 6 of Part 3 of Division 2 of, the Food and Agricultural Code, to amend Sections 8295, 9359.8, 11041, 11263, 15606, 25210.4a, 26205.1, 35011, 35045, 35047, 35158, 35159, 35161, 37110.5, 37396, 37658, 37659, 39587, 40582, 51284, 51286, 68090.3, 72645, 72706, and 92100 of, to amend and renumber Sections 6254.1, 12804.5, 14770, 15335, 17313, and 19140 of, and repeal Section 16368 of, the Government Code, to amend Section 1150 of the Harbors and Navigation Code, to amend Sections 432.4, 436.52, 1397, 1447, 1580, 18959, 25242, 28479, and 28801 of, to amend and renumber Sections 1339.50, 1597.98, 24342.3, 25342.1, and 25342.2 of, and to repeal Section 1172.5 of, the Health and Safety Code, to amend Sections 383.5, 779.21, 882.5, 1370, 10191, 10270.94, 10291.5, 10293, 10507.4, 12389, 12752, 12763, and 12923 of, and to amend and renumber Sections 11512.3 and 11513 of, the Insurance Code, to amend Sections 115, 600, 1205, 11105.5, 12076, 12306, and 13505 of the Penal Code, to repeal Sections 21005 and 21167.8 of the Public Resources Code, to amend Sections 140003 and 140256.7 of,

and to repeal Section 1039 of, the Public Utilities Code, to amend Sections 75.72, 17046, 17052.8, 17274, 17281, 17504, 17635, 18033, 18162.5, 18244, 18586, 18654, 18802.5, 18819, 19062.11, 19085, 20645.7, 24354.2, 24359.1, 24414, 24521, 24562, and 24918 of, to amend and renumber Sections 480.4, 6471.5, 6472.5, and 6474.5 of, and to repeal Sections 6471, 6472, 6474, and 19051.1 of, the Revenue and Taxation Code, to amend Sections 134, 213, 1732, 2007, 2110, 3012, and 19303 of, and to repeal the heading of Chapter 3 (commencing with Section 6780) of Part 6 of Division 7 of, and the heading of Chapter 6 (commencing with Section 22675) of Part 2 of Division 15 of, the Streets and Highways Code, to amend Sections 5310, 9004, 10201, 10206, and 15050 of the Unemployment Insurance Code, to amend Sections 320, 34024, and 35555 of, and to add Sections 1670 and 1671 to, the Vehicle Code, to amend the heading of Article 2 (commencing with Section 71630) of Chapter 2 of Part 5 of Division 20 of the Water Code, to amend Sections 3154, 3156, 3303, 3305, and 4017 of, and to repeal Section 652.5 of, the Welfare and Institutions Code, and to repeal Section 3 of Chapter 757 of the Statutes of 1978, relating to the maintenance of the codes.

[Approved by Governor June 26, 1985 Filed with Secretary of State June 26, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 151 of the Business and Professions Code is amended to read:

151. The director is appointed by the Governor and holds office at the Governor's pleasure. The director shall receive the annual salary provided for by Chapter 6 (commencing with Section 11550) of Part 1 of Division 3 of Title 2 of the Government Code, and his or her necessary traveling expenses.

SEC. 2. Section 2652 of the Business and Professions Code is amended to read:

2652. All schools, whether situated in this state or not, furnishing courses of study meeting the minimum standard required by Sections 2650 and 2651 and the rules of the examining committee adopted pursuant to this chapter shall be approved by the examining committee and shall be entitled to compel this approval, if it is denied, by action in the Superior Court of the State of California, the procedure and power of the court in which action shall be the same as provided in Section 2087.

SEC. 3. The heading of Article 5 (commencing with Section 4140) of Chapter 9 of Division 2 of the Business and Professions Code is amended and renumbered to read:

Article 5.5. Hypodermics

SEC. 4. Section 4160 of the Business and Professions Code is amended to read:

4160. (a) The California Hazardous Substances Act, Chapter 13 (commencing with Section 28740) of Division 21 of the Health and Safety Code, applies to pharmacies and pharmacists and any other person or place subject to the jurisdiction of the board.

(b) The board may enforce that act when necessary for the protection of the health and safety of the public if prior regulatory notice is given in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340), Chapter 4 (commencing with Section 11370), and Chapter 5 (commencing with Section 11500) of Division 3 of Title 2 of the Government Code, as amended). Board enforcement shall focus on those hazardous substances which relate significantly to or overlap the practice of pharmacy.

(c) "Poison," as used elsewhere in this chapter, shall reference a category of hazardous substances defined in Section 28743 of the Health and Safety Code which the board may by regulation make more specific.

SEC. 5. Section 4521 of the Business and Professions Code is amended to read:

4521. The board may suspend or revoke a license issued under this chapter for any of the following reasons:

(a) Unprofessional conduct, which includes but is not limited to any of the following:

(1) Incompetence or gross negligence in carrying out usual psychiatric technician functions.

(2) A conviction of practicing medicine without a license in violation of Chapter 5 (commencing with Section 2000) of Division 2, the record of conviction being conclusive evidence thereof.

(3) The use of advertising relating to psychiatric technician services which violates Section 17500.

(4) Obtain or possess in violation of law, or prescribe, or except as directed by a licensed physician and surgeon, dentist, or podiatrist administer to himself or herself or furnish or administer to another, any controlled substance as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code or any dangerous drug as defined in Article 8 (commencing with Section 4210) of Chapter 9 of Division 2 of this code.

(5) Use any controlled substance as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code, or any dangerous drug as defined in Article 8 (commencing with Section 4210) of Chapter 9 of Division 2 of this code, or alcoholic beverages, to an extent or in a manner dangerous or injurious to himself or herself, any other person, or the public or to the extent that such use impairs his or her ability to conduct with safety to the public the practice authorized by his or her license.

(6) Be convicted of a criminal offense involving the falsification of records concerning prescription, possession, or consumption of any of the substances described in paragraphs (4) and (5), in which event the record of the conviction is conclusive evidence of the conviction. The board may inquire into the circumstances surrounding the commission of the crime in order to fix the degree of discipline.

(7) Be committed or confined by a court of competent jurisdiction for intemperate use of or addiction to the use of any of the substances described in paragraphs (4) and (5), in which event the court order of commitment or confinement is prima facie evidence of the commitment or confinement.

(8) Falsify, or make grossly incorrect, grossly inconsistent, or unintelligible entries in any hospital, patient, or other record pertaining to the substances described in paragraph (4).

(b) Procuring a certificate or license by fraud, misrepresentation, or mistake.

(c) Procuring, or aiding, or abetting, or attempting, or agreeing or offering to procure or assist at a criminal abortion.

(d) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate any provision or terms of this chapter.

(e) Giving any false statement or information in connection with an application.

(f) Conviction of any offense substantially related to the qualifications, functions, and duties of a psychiatric technician, in which event the record of the conviction shall be conclusive evidence of such conviction. The board may inquire into the circumstances surrounding the commission of the crime in order to fix the degree of discipline.

(g) Impersonating any applicant or acting as proxy for an applicant in any examination required by this chapter.

(h) Impersonating another practitioner, or permitting another person to use his or her certificate or license.

(i) The use of excessive force upon or the mistreatment or abuse of any patient.

(j) Aiding or assisting, or agreeing to aid or assist any person or persons, whether a licensed physician or not, in the performance of or arranging for a violation of any of the provisions of Article 12 (commencing with Section 2220) of Chapter 5 of Division 2.

SEC. 6. Section 5010 of the Business and Professions Code is amended to read:

5010. The board may adopt, repeal, or amend such regulations as may be reasonably necessary and expedient for the orderly conduct of its affairs and for the administration of this chapter. The regulations shall be adopted in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 7. Section 6508 of the Business and Professions Code is amended to read:

6508. The board may make rules and regulations and also prescribe sanitary requirements in aid or furtherance of this chapter in addition to those prescribed by law.

The practice and procedure of the board with respect to adopting rules and regulations shall be in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 8. Section 10131.6 of the Business and Professions Code is amended to read:

10131.6. (a) Notwithstanding any other provision of law, a person licensed as a real estate broker may sell or offer to sell, buy or offer to buy, solicit prospective purchasers of, solicit or obtain listings of, or negotiate the purchase, sale, or exchange of any mobilehome only if the mobilehome has been registered under Part 2 (commencing with Section 18000) of Division 13 of the Health and Safety Code for at least one year.

(b) No real estate broker who engages in the activities authorized by this section shall maintain any place of business where two or more mobilehomes are displayed and offered for sale by the person, unless the broker is also licensed as a mobilehome dealer as provided for by Part 2 (commencing with Section 18000) of Division 13 of the Health and Safety Code.

(c) As used in this chapter, "mobilehome" means a structure transportable in one or more sections, designed and equipped to contain not more than two dwelling units to be used with or without a foundation system. "Mobilehome" does not include a recreational vehicle, as defined in Section 18010 of the Health and Safety Code, a commercial coach, as defined in Section 18001.8 of the Health and Safety Code, or factory-built housing, as defined in Section 19971 of the Health and Safety Code.

(d) In order to carry out the provisions of this section, the commissioner shall prescribe by regulation, after consultation with the Department of Housing and Community Development, methods and procedures to assure compliance with requirements of the Health and Safety Code pertaining to mobilehome registration, collection of sales and use taxes, and transaction documentation.

SEC. 9. Section 10131.7 of the Business and Professions Code is amended to read:

10131.7. It is unlawful for any real estate licensee acting under authority of Section 10131.6 to do any of the following:

(a) To advertise or offer for sale in any manner any mobilehome, unless it is either in place on a lot rented or leased for human habitation within an established mobilehome park as defined in Section 18214 of the Health and Safety Code and the advertising or offering for sale is not contrary to any terms of a contract between the seller of the mobilehome and the owner of the mobilehome park, or is otherwise located, pursuant to a local zoning ordinance or permit, on a lot where its presence has been authorized or its continued presence and that use would be authorized for a total and

uninterrupted period of at least one year.

(b) To fail to withdraw any advertisement of a mobilehome for sale, lease, or exchange within 48 hours after the real estate licensee's receipt of notice that the mobilehome is no longer available for sale, lease, or exchange.

(c) To advertise or represent a mobilehome as a new mobilehome.

(d) To include as an added cost to the selling price of a mobilehome, an amount for licensing, as prescribed by Section 10751 of the Revenue and Taxation Code, except where the buyer and seller agree to the proration of the license fees for the applicable license period, or transfer of title of the mobilehome as a vehicle, which amount is not due to the state unless, prior to the sale, the amount has been paid by the licensee to the state in order to avoid penalties that would have accrued because of late payment of the fees.

(e) To make any representation that a mobilehome is capable of being transported on California highways if the mobilehome does not meet all of the equipment requirements applicable to mobilehomes of Division 12 (commencing with Section 24000) of the Vehicle Code, or to fail to disclose any material fact respecting those equipment requirements.

(f) To advertise or otherwise represent, or knowingly to allow to be advertised or represented on the real estate licensee's behalf or at the real estate licensee's place of business, that no downpayment is required in connection with the sale of a mobilehome when downpayment is in fact required and the buyer is advised or induced to finance the downpayment by a loan in addition to any other loan financing the remainder of the purchase price of the mobilehome.

(g) To fail or neglect properly to cause the endorsement, dating, and delivery (or fail to endorse, date, and deliver) of the certificate of ownership or certificate of title of the mobilehome, and, when having possession, to fail to deliver the registration card to a transferee who is lawfully entitled to a transfer of registration. Except when the certificate of ownership or certificate of title is demanded in writing by a purchaser, the licensee shall satisfy the delivery requirement of this subdivision by submitting appropriate documents and fees to the Department of Housing and Community Development for transfer of registration in accordance with Chapter 8 (commencing with Section 18075) of Part 2 of Division 13 of the Health and Safety Code and rules and regulations promulgated thereunder.

SEC. 10. Section 4513 of the Civil Code is amended to read:

4513. In cases in which the court has determined that a decree of dissolution ought to be granted, but by mistake, negligence, or inadvertence, the judgment has not been signed, filed, and entered, the court may cause the judgment to be signed, dated, filed, and entered therein as of the date when it could have been signed, dated, filed, and entered originally , if it appears to the satisfaction of the

court that no appeal is to be taken in the action or motion made for a new trial, to annul or set aside the judgment or for relief under Chapter 8 (commencing with Section 469) of Title 6 of Part 2 of the Code of Civil Procedure. This action may be taken by the court on its own motion or upon the motion of either party thereto. In contested cases, the motion of a party shall be with notice to the other party. The court may cause the judgment to be entered nunc pro tunc as aforesaid, even though the judgment may have been previously entered, where through mistake, negligence, or inadvertence the judgment was not entered as soon as it could have been entered under the law if applied for. Upon the entry of the judgment, the parties shall have the same rights with regard to the dissolution of marriage becoming final on the date that it would have become final, had the judgment been entered upon the date when it could have been originally entered.

SEC. 11. Section 1710.15 of the Code of Civil Procedure is amended to read:

1710.15. (a) A judgment creditor may apply for the entry of a judgment based on a sister state judgment by filing an application pursuant to Section 1710.20.

(b) The application shall be executed under oath and shall include all of the following:

(1) A statement that an action in this state on the sister state judgment is not barred by the applicable statute of limitations.

(2) A statement, based on the applicant's information and belief, that no stay of enforcement of the sister state judgment is currently in effect in the sister state.

(3) A statement of the amount remaining unpaid under the sister state judgment and, if accrued interest on the sister state judgment is to be included in the California judgment, a statement of the amount of interest accrued on the sister state judgment (computed at the rate of interest applicable to the judgment under the law of the sister state), a statement of the rate of interest applicable to the judgment under the law of the sister state, and a citation to the law of the sister state establishing the rate of interest.

(4) A statement that no action based on the sister state judgment is currently pending in any court in this state and that no judgment based on the sister state judgment has previously been entered in any proceeding in this state.

(5) Where the judgment debtor is an individual, a statement setting forth the name and last known residence address of the judgment debtor. Where the judgment debtor is a corporation, a statement of the corporation's name, place of incorporation, and whether the corporation, if foreign, has qualified to do business in this state under the provisions of Chapter 21 (commencing with Section 2100) of Division 1 of Title 1 of the Corporations Code. Where the judgment debtor is a partnership, a statement of the name of the partnership, whether it is a foreign partnership, and, if it is a foreign partnership, whether it has filed a statement pursuant

to Section 15800 of the Corporations Code designating an agent for service of process. Except for facts which are matters of public record in this state, the statements required by this paragraph may be made on the basis of the judgment creditor's information and belief.

(6) A statement setting forth the name and address of the judgment creditor.

(c) A properly authenticated copy of the sister state judgment shall be attached to the application.

SEC. 12. Section 15712 of the Corporations Code is amended to read:

15712. (a) A limited partnership organized under the laws of this state and existing on the effective date:

(1) Shall be governed by the law previously applicable to it unless it elects to be governed by this chapter instead of by the law previously applicable to it. The election shall be made by the written consent of all partners, or of the lesser number provided by the partnership agreement for this election. The election shall be prospective only and shall not affect preexisting rights of third parties.

(2) Shall file a certificate as provided by subdivision (a) of Section 15621, including therein the date that the limited partnership filed under the law previously applicable to it, and shall thereafter be governed by Article 2 (commencing with Section 15621), and not by the law previously applicable to it relating to filing requirements.

(3) Shall not be subject to the requirement of subdivision (a) of Section 15612 or to the limitations of subdivision (c) of Section 15612 if a certificate as required by paragraph (2) of this subdivision is filed prior to July 1, 1985.

(4) May not maintain any action, suit, or proceeding in any court of this state until it has filed a certificate as required by paragraph (2).

(b) To the extent that the provisions of the certificate filed under the law previously applicable to a limited partnership governed the rights and obligations of the partners and the limited partnership among each other, those provisions shall continue to govern those rights and obligations except (i) as they may subsequently be affected by amendments to the partnership agreement or by the terms of a certificate filed pursuant to paragraph (6) of subdivision (a) of Section 15621 or by the terms of a certificate of amendment filed pursuant to subdivision (c) of Section 15622, and (ii) for the effect upon those rights and obligations of an election to be governed by this chapter pursuant to this section.

SEC. 13. The heading of Article 4 (commencing with Section 14070) of Chapter 1 of Part 9 of the Education Code is repealed.

SEC. 14. Section 14240 of the Education Code is amended to read:

14240. The county auditor may impound the disputed revenues of school district or community college district taxes, upon secured or unsecured property, levied and collected in the 1954–1955 fiscal year, and thereafter, whenever, pursuant to Chapter 5 (commencing

with Section 5096) of Part 9 of Division 1 of the Revenue and Taxation Code, a claim or action is filed for the return of those revenues, or the taxes have been paid under protest. The county auditor may continue to impound the revenues until the final disposition of the claim or action. If, under the final disposition, it is determined that the taxes were properly levied against the property, the auditor shall release the revenues to the school district or community college district, and the auditor shall thereupon immediately notify, in writing, the Superintendent of Public Instruction or board of governors, as the case may be, of the release.

SEC. 15. Section 35145 of the Education Code is amended to read:

35145. Except as provided in Sections 54957 and 54957.6 of the Government Code and in Section 35146 of, and subdivision (c) of Section 48918 of, this code, all meetings of the governing board of any school district shall be open to the public, and all actions authorized or required by law of the governing board shall be taken at the meetings and shall be subject to the following requirements:

(a) Minutes shall be taken at all of those meetings, recording all actions taken by the governing board. The minutes are public records, and shall be available to the public.

(b) An agenda shall be posted at a place where members of the public, including district employees, may view the agenda at least 48 hours prior to the time of regular meetings and at least 24 hours prior to special meetings. This agenda shall include, but is not limited to, items on which the governing board may take action at that meeting.

SEC. 16. Section 39362 of the Education Code is amended to read:

39362. The sale may be made for cash, or for part cash and upon such terms of deferred payments as are determined by the action of the governing board and which are secured by purchase money, mortgage, deed of trust, an irrevocable letter of credit issued by a state or federally chartered financial institution, or any other form of security which is acceptable to the governing board.

This section may be applied to sales made before the effective date of the amendments to this section made by the Statutes of 1982, with the consent of the parties to the sale.

SEC. 17. Section 42238.8 of the Education Code is amended to read:

42238.8. (a) In the 1984–85, 1985–86, and 1986–87 fiscal years, any school district which offers at least the amounts of instructional time specified in Section 46201 for the applicable fiscal year shall increase the amount computed pursuant to Section 42238 in that fiscal year by the product of the amount computed for the school district pursuant to Section 46201 in that fiscal year.

(b) This section shall remain in effect only until July 1, 1987, and as of that date is repealed, unless a later enacted statute, which is chaptered before July 1, 1987, deletes or extends that date.

SEC. 18. Section 44252 of the Education Code is amended to read:

44252. (a) The commission shall establish standards and procedures for the initial issuance and renewal of credentials.

(b) Commencing on February 1, 1983, the Commission on Teacher Credentialing shall not issue initially any credential, permit, certificate, or renewal of an emergency credential to any person to serve in the public schools unless the person has demonstrated proficiency in basic reading, writing, and mathematics skills in the English language as provided in Section 44252.5. However, an emergency credential holder who has passed the basic skills proficiency test shall not be required to repeat the test in order to obtain a renewal of his or her emergency credential. The commission shall exempt from the basic skills proficiency test requirement any of the following persons:

(1) A person credentialed solely for the purpose of teaching adults in an apprenticeship program.

(2) An applicant for an adult education designated subject credential for other than an academic subject.

(3) A person credentialed in another state who is an applicant for employment in a school district in this state who has passed a basic skills proficiency examination which has been developed and administered by the school district offering that person employment. School districts administering a basic skills proficiency examination under this paragraph shall comply with the requirements of subdivision (m) of Section 44830. Such an applicant shall be granted a nonrenewable emergency credential, valid for not longer than one year, pending fulfillment of the basic skills proficiency requirement pursuant to Section 44252.5. The commission shall report to the Legislature no later than January 1, 1984, on the number of teachers receiving emergency credentials without fulfilling the basic skills proficiency requirement, the districts in which these teachers are employed, the number of teachers granted clear credentials after the expiration of an emergency credential granted under these conditions, and a comparison of success rate of these teachers on the basic skills test with the success rate of the general pool of credential applicants.

(4) An applicant for a child care center permit or a permit authorizing service in a development center for the handicapped, so long as the holder of the permit is not required to have a baccalaureate degree.

(5) The holder of a credential, permit, or certificate to teach, other than an emergency credential, who seeks an additional authorization to teach.

(6) An applicant for a credential to provide service in the health profession.

(c) By December 31, 1982, the Superintendent of Public Instruction shall adopt an appropriate state test to measure proficiency in these basic skills. In adopting the test, the superintendent shall seek assistance from the commission and an advisory board. A majority of the members of the advisory board shall be classroom teachers. The board shall also include representatives of local school boards, school administrators, parents,

and postsecondary institutions.

The superintendent shall adopt any normed test that the superintendent determines will sufficiently test basic skills for purposes of this section.

The superintendent, in conjunction with the commission and approved teacher training institutions, shall take steps necessary to insure the effective implementation of this provision.

(d) Nothing in this section shall be construed as requiring the holders of, or applicants for, a vocational designated subject credential to pass the state basic skills proficiency test. The governing board of each school district, or each governing board of a consortium of school districts, or each governing board involved in a joint powers agreement, which employs a holder of a vocational designated subject credential shall establish its own basic skills proficiency criteria for the holders of these credentials and shall arrange for those individuals to be assessed. The basic skills proficiency criteria established by the governing board shall be at least equivalent to the test required by the district, or in the case of a consortium or a joint powers agreement, by any of the participating districts, for graduation from high school. The governing board or boards may charge a fee to individuals being tested to cover the costs of the test, including the costs of developing, administering, and grading the test.

(e) The commission shall compile data regarding the rate of passing the state basic skills proficiency test by persons who have been trained in various institutions of higher education. The data shall be available to members of the public, including to persons who intend to enroll in teacher education programs.

SEC. 19. Section 54004 of the Education Code is repealed.

SEC. 20. Section 56722 of the Education Code is amended to read:

56722. For each district or county office, the county superintendent shall compute an instructional personnel cost unit rate based on the 1979–80 costs submitted pursuant to Section 56721 for each of the following instructional personnel services:

(a) Special classes and centers with one special class teacher, using the amount computed pursuant to subdivision (a) of Section 56721.

(b) Special classes and centers for the severely handicapped, as defined in Section 56030.5, with one special class teacher and one instructional aide, using the amounts computed pursuant to subdivisions (a) and (d) of Section 56721.

(c) Special classes and centers for the severely handicapped, as defined in Section 56030.5, with one special class teacher and two instructional aides, using the amounts computed pursuant to subdivisions (a) and (d) of Section 56721.

(d) Resource specialist programs with one resource specialist only, using the amount computed pursuant to subdivision (b) of Section 56721.

(e) Resource specialist programs with one resource specialist and one instructional aide, using the amounts computed pursuant to

subdivision (b) of Section 56721 and 85 percent of the amount computed to subdivision (d) of Section 56721.

(f) Certificated specialists providing designated instruction and services, using the amount computed pursuant to subdivision (c) of Section 56721. For the purpose of this subdivision, aides providing designated instruction and services may be funded in lieu of a certificated specialist.

(g) Special classes and centers for other than the severely handicapped with one special class teacher and one instructional aide using the amount computed pursuant to subdivision (a) and 85 percent of the amount computed pursuant to subdivision (d) of Section 56721.

(h) Special classes and centers for other than the severely handicapped with one special class teacher and two instructional aides using the amount computed pursuant to subdivision (a) and 85 percent of the amount computed pursuant to subdivision (d) of Section 56721.

SEC. 21. Section 66903.7 of the Education Code is amended to read:

66903.7. (a) There is hereby established the Commission for the Review of the Master Plan for Higher Education, to be comprised of 16 members who shall be citizens knowledgeable in the area of postsecondary education, business, and community leaders representative of the cultural, ethnic, and geographic diversity of the state. Members of the Commission for the Review of the Master Plan for Higher Education shall be appointed as follows:

(1) One representative appointed by the Regents of the University of California.

(2) One representative appointed by the Trustees of the California State University.

(3) One representative appointed by the Board of Governors of the California Community Colleges.

(4) One representative appointed from among the membership of the California Postsecondary Education Commission.

(5) The Superintendent of Public Instruction, or his or her designee.

(6) Four representatives appointed by the Governor.

(7) Three representatives appointed by the Speaker of the Assembly.

(8) Three representatives appointed by the Senate Rules Committee.

(9) One representative appointed by the Association of Independent California Colleges and Universities.

The Governor may designate any one of the 16 members appointed to the commission pursuant to this subdivision to serve as chairperson of the commission.

(b) No person who is employed or retained by any public or private postsecondary educational institution shall be appointed to or serve on the commission. Representatives to the commission shall

receive reimbursement for actual and necessary travel expenses incurred while conducting the business of the commission.

(c) The duties of the Commission for the Review of the Master Plan for Higher Education shall include, but need not be limited to, the review of relevant reports by the California Postsecondary Education Commission, the University of California, the California State University, the Board of Governors of the California Community Colleges, the Department of Finance, the Legislative Analyst, or any other reports the commission deems appropriate.

The commission shall select and designate a state administrative agency to carry out the personnel, contractual, and all other fiscal services required by the commission.

In addition, the commission shall, at a minimum, report on all of the following to the Joint Legislative Committee on the Review of the Master Plan established pursuant to Assembly Concurrent Resolution 162 of the 1983–84 Regular Session:

(1) California's postsecondary educational needs through the year 2000, with emphasis on the demography of student, societal, and employment needs in the next decade versus the projected supply of postsecondary education faculty.

(2) Basic and lower division instruction at the various postsecondary institutions, with an initial emphasis on the mission and function of the California Community Colleges, as specified in Senate Bill 2064 of the 1983–84 Regular Session.

(3) Strategies to promote an increase in the access and success of students, particularly those underrepresented in postsecondary education, including adult education through graduate instruction, in the following areas:

(A) Preparation and outreach: basic skills and college preparation in kindergarten through grade 12, and community college curriculum.

(B) Matriculation: admission, assessment, and advisement.

(C) Retention: remediation, academic support, and financial assistance.

(D) Articulation: transition from secondary education to postsecondary education and employment.

(E) Accountability: assurance that courses offered are consistent with the mission of various segments of postsecondary education.

(4) The appropriateness of existing educational delivery systems and their ability to serve present and future student populations.

(5) Analysis of direct and indirect expenditures for students attending California postsecondary institutions, including student financial assistance and instructional support, as to the efficient use of state resources.

The commission shall conduct public hearings designed to solicit testimony of private citizens, public interest groups, alumni organizations, or any other interested private groups and organizations, as well as professors, administrators, students, and others who are directly affected by that master plan, for the purpose

of soliciting the input of these groups in the formulation of the commission's recommendations regarding the master plan.

The commission shall formulate and submit recommendations regarding the policies and content of the master plan, in addition to recommendations regarding the goals, programs, functions, funding, and interrelationships of the Master Plan for Higher Education.

(d) The commission shall develop and submit a management plan identifying the commission's specific objectives and output for review by the Joint Legislative Committee for the Review of the Master Plan for Higher Education by March 1, 1985. The management plan shall also include resource and staffing requirements and specific dates for the completion of interim and final reports to the Joint Committee.

(e) Not later than January 1, 1987, the Commission for the Review of the Master Plan for Higher Education shall submit a report to the Legislature and the Governor relative to its findings and recommendations regarding the master plan and the functions and interrelationships of public postsecondary education institutions.

(f) It is the intent of the Legislature that any agency receiving public funds for postsecondary education shall, upon request by the commission, provide all necessary information or assistance required by the commission.

(g) This section shall become inoperative on June 30, 1987, and, as of January 1, 1988, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1988, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 22. Section 89048 of the Education Code is amended to read:

89048. Notwithstanding Article 1 (commencing with Section 11000) of Chapter 1 of Part 1, Article 2 (commencing with Section 14660) of Chapter 2 of Part 5.5, and Part 11 (commencing with Section 15850), of Division 3 of Title 2 of the Government Code, or any other provision of law to the contrary, the trustees may perform the following functions, without prior approval of any other state department or agency, when necessary to carry out the purposes of the California State University:

(a) Acquire easements or rights-of-way necessary for the proper utilization of real property of the California State University.

(b) Grant and convey in the name of the California State University easements and rights-of-way across property belonging to the California State University subject to the conditions, limitations, restrictions, and reservations the trustees determine are in the best interests of the California State University.

(c) Quitclaim the right, title, and interest of the California State University in and to easements and rights-of-way owned by the California State University which the trustees determine are no longer needed for California State University purposes.

(d) Sell or exchange any personal property belonging to the California State University if the trustees determine that the sale or exchange is in the best interests of the California State University.

(e) Transactions under this subdivision shall be for consideration based on fair market values.

(f) This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1987, deletes or extends that date.

SEC. 23. Section 89303 of the Education Code is amended to read:

89303. The trustees may provide for the construction of a building to serve as a student body center to be financed entirely or in part by fees required of students as authorized in Section 89304 pursuant to the provisions of the State University Revenue Bond Act of 1947.

SEC. 24. Section 89410 of the Education Code is amended to read:

89410. The San Francisco State University may maintain a child care center as an integral part of the state university. The center shall be used for observation, demonstration, study, student experience, and student teaching.

SEC. 25. Section 90002 of the Education Code is amended to read:

90002. All student housing and any other related facilities operated by the College Auxiliary Enterprise Fund are hereby designated a "project" under the State University Revenue Bond Act of 1947 and subject to the provisions of that act. All assets, liabilities, and fund balances of the College Auxiliary Enterprise Fund are hereby transferred from that fund to a separate account to be established by the trustees within the California State University Dormitory Revenue Fund.

SEC. 26. The heading of Article 2 (commencing with Section 90010) of Chapter 8 of Part 55 of the Education Code is amended to read:

Article 2. The State University Revenue Bond Act of 1947

SEC. 27. Section 90010 of the Education Code is amended to read:

90010. This article may be cited as "The State University Revenue Bond Act of 1947."

SEC. 28. Section 90036 of the Education Code is amended to read:

90036. The State Treasurer shall act as trustee for the board and the holders of bonds issued hereunder, and the board may authorize the trustee to act on behalf of the holders of the bonds, or any stated percentage thereof, and to exercise and prosecute on behalf of the holders of the bonds such rights and remedies as may be available to the holders. The board may provide in the indenture for the deposit of all revenues received from the project with the trustee to be held in a separate account in the California State University Dormitory Revenue Fund created by this article. The money in the fund shall be disbursed only as provided in the indenture.

SEC. 29. Section 90087 of the Education Code is amended to read:

90087. (a) There is in the State Treasury the Affordable Student Housing Revolving Fund. Notwithstanding Section 13340 of the

Government Code, the money in the fund is hereby continuously appropriated for the purposes of this article.

(b) Moneys in the fund shall be available for use by the trustees, as they deem necessary, in combination with the proceeds of bonds issued pursuant to the State University Revenue Bond Act of 1947 (Article 2 (commencing with Section 90010)) to ensure that the housing projects constructed will be affordable to students. Moneys in the fund shall be used in connection with newly constructed student housing projects in accordance with the priorities adopted by the trustees pursuant to Section 90089.

(c) Any funds received from the Affordable Student Housing Revolving Fund for use as authorized in this article shall be repaid from user fees over a 40-year period, with interest at a rate not to exceed two-thirds of the most current investment rate of the Pooled Money Investment Account as of the date of disbursement of funds from the Affordable Student Housing Revolving Fund.

SEC. 30. Section 90403 of the Education Code is amended to read:

90403. Other sections to the contrary notwithstanding, tuition fees adequate to meet the cost of maintaining limited residence programs which are established by the trustees in the area of military installations and which are designed primarily for the benefit of military and nonmilitary personnel at the installations, shall be required of, and collected from resident and nonresident students enrolled in the programs, under and pursuant to rules and regulations prescribed by the trustees. Students whose enrollment is entirely in those programs shall not be required to pay nonresident tuition established pursuant to Section 89705.

The trustees shall not establish a limited residence program in the area of a military installation which is designed primarily for the benefit of military and nonmilitary personnel at the installation without the prior approval of the California Postsecondary Education Commission.

The state shall not provide capital outlay expenditures for any limited residence program in the area of a military installation which is designed primarily for the benefit of military and nonmilitary personnel at the installation.

This section applies only to classes provided by California Polytechnic State University at Vandenberg Air Force Base.

If any provision of this section or the application thereof to any person or circumstances is held invalid, the invalidity shall not affect other provisions or applications of the section which can be given effect without the invalid provision or application, and to this end the provisions of this section are severable.

SEC. 31. Section 90440 of the Education Code is amended to read:

90440. Notwithstanding any other provision of law, the trustees may rent, lease, sell, or trade the property belonging to the state and used for the San Francisco State University Downtown Center, located at 540 Powell Street, San Francisco, California. All proceeds derived from the renting, leasing, sale, or trade shall be used for the

acquisition, construction, improvement, or leasing of a downtown center for the San Francisco State University.

SEC. 32. Section 451 of the Evidence Code is amended to read:

451. Judicial notice shall be taken of the following:

(a) The decisional, constitutional, and public statutory law of this state and of the United States and the provisions of any charter described in Section 3, 4, or 5 of Article XI of the California Constitution.

(b) Any matter made a subject of judicial notice by Section 11343.8, 11344.6, or 18576 of the Government Code or by Section 1507 of Title 44 of the United States Code.

(c) Rules of professional conduct for members of the bar adopted pursuant to Section 6076 of the Business and Professions Code and rules of practice and procedure for the courts of this state adopted by the Judicial Council.

(d) Rules of pleading, practice, and procedure prescribed by the United States Supreme Court, such as the Rules of the United States Supreme Court, the Federal Rules of Civil Procedure, the Federal Rules of Criminal Procedure, the Admiralty Rules, the Rules of the Court of Claims, the Rules of the Customs Court, and the General Orders and Forms in Bankruptcy.

(e) The true signification of all English words and phrases and of all legal expressions.

(f) Facts and propositions of generalized knowledge that are so universally known that they cannot reasonably be the subject of dispute.

SEC. 33. Section 250 of the Fish and Game Code is amended to read:

250. If Article 1 (commencing with Section 200) ceases to be effective, all regulations adopted pursuant to that article which are in effect on the day of final adjournment of the regular session of the Legislature in the year in which the article ceases to have effect are continued as statutory enactments and shall have the same force and effect as if enacted by the Legislature. Whenever, in any such regulation of the commission continued under this section, a period of time is designated with reference to a particular year, that period of time is applicable on a continuing basis in each succeeding year. All regulations of the commission, insofar as practicable, shall be phrased in general terms to facilitate the operation of this section.

SEC. 34. Section 1925 of the Fish and Game Code is amended to read:

1925. The department shall enforce the provisions of the California Desert Native Plants Act Division 23 (commencing with Section 80001) of the Food and Agricultural Code except that permits, tags, seals, and wood receipts shall be issued pursuant to Chapter 4 (commencing with Section 80101) of Division 23 of the Food and Agricultural Code, by the county agricultural commissioner or the sheriff. Nothing in the California Desert Native Plants Act, or any other law, prohibits the department from taking,

for scientific or propagation purposes, any species of native plants. The department may import, propagate, and distribute native plants, and the California Desert Native Plants Act does not apply to those activities.

SEC. 35. Section 7660 of the Fish and Game Code, as added by Chapter 1323 of the Statutes of 1984, is amended and renumbered to read:

7654. The Legislature finds and declares:

(a) That the actions taken by the federal Pacific Fishery Management Council have resulted in significant economic losses to California's salmon and groundfish fisheries, have caused significant waste of fish, and have failed to manage and conserve fisheries for their optimum yield.

(b) That the California Salmon Fishery has been severely affected by regulations imposed by the Pacific Fishery Management Council and the federal Department of Commerce.

(c) That the membership of the Pacific Fishery Management Council has never included a commercial salmon troll fisherman and has at times lacked balance and representation from major fisheries subject to the fishery management plans of the council.

SEC. 36. Section 7661 of the Fish and Game Code, as added by Chapter 1323 of the Statutes of 1984, is amended and renumbered to read:

7655. (a) It is the policy of the State of California that the state be represented on the Pacific Fishery Management Council by representatives of those fisheries directly subject to the fishery management plans of the council. Special emphasis shall be made on the nominations and appointments to the Pacific Fishery Management Council for a California commercial salmon troll fisherman. In addition to a commercial salmon troll fisherman, in order to assure a balanced representation on the Pacific Fishery Management Council, nominations shall also include representatives from the seafood processing industry, the commercial passenger carrying fishing industry, the groundfish fishery, and the anchovy fishery.

(b) When the Governor nominates persons for any seat on the Pacific Fishery Management Council, those individuals shall be knowledgeable of California's fishery resources and its fishing industry and needs. Further, the nominations shall be made after consultation with fishery organizations whose members are directly affected by the actions of the Pacific Fishery Management Council.

SEC. 37. Section 8665 of the Fish and Game Code is amended to read:

8665. In District 118.5, nets may not be used within 750 feet of any pier or dock, except for bait nets described in Section 8780 used to capture live bait and lobster traps authorized for use pursuant to Section 9010.

Johnson, (1933), 219 Cal. 513, Riley v. Johnson, (1936), 6 Cal. 2d 529, and Flournoy v. Priest, (1971), 5 Cal. 3d 350.

SEC. 55. Section 19140 of the Government Code, as added by Chapter 1759 of the Statutes of 1984, is amended and renumbered to read:

19140.3. In addition to reinstatement required under any other section, an appointing power may, in his or her discretion, reinstate any person having probationary or permanent status who was separated from his or her position (a) by resignation, (b) by service retirement, (c) by termination from limited-term, temporary, career executive assignment, or exempt appointment, (d) under Section 19996.2, or (e) without a break in continuity of state service to accept another civil service or exempt appointment. Reinstatement shall be undertaken subject to all of the following:

(a) Subject to board rule.

(b) Within three years if the employee, at the time of separation was a member of the California Highway Patrol.

For reinstatement after separation, for members of the California Highway Patrol, the time spent (1) in a position which is exempt from civil service or (2) as a temporary employee in another governmental agency engaged in a technical cooperation program under an agreement approved by the state or (3) in a recognized military service, shall not be considered in computing the three-year period.

(c) Subject to certification regarding eligibility pursuant to Section 20983.5, if applicable.

(d) To any vacant position as follows:

(1) In the class vacated or from which separated, or,

(2) In a lower class in the same series, or,

(3) In a lower class in a related series requiring similar types of qualifications, knowledge, and abilities, or,

(4) In another class having substantially similar duties, responsibilities, and qualifications, and substantially the same salary range.

An employee separated from state service by layoff, or by resignation in lieu of layoff, may be reinstated at the discretion of the appointing power; provided, however, that the reinstatement shall

be subject to the requirements of this section and shall not be to a position that is specifically subject to the employee's reemployment list eligibility.

26205.1. (a) The county officer having custody of nonjudicial public records, documents, instruments, books, and papers may

cause to be destroyed any or all of the records, documents, instruments, books, and papers if all of the following conditions exist:

(1) The board of supervisors of the county has adopted a resolution authorizing the county officer to destroy records, documents, instruments, books, and papers pursuant to this subdivision. The resolution may impose such conditions, in addition to those specified in this subdivision, as the board of supervisors determines are appropriate.

(2) The county officer who destroys any record, document, instrument, book, or paper pursuant to the authority granted by this subdivision and a resolution of the board of supervisors adopted pursuant to paragraph (1) shall maintain for the use of the public a photographic or microphotographic film, electronic recorded video production, a record contained in the county's electronic data-processing system, or other duplicate of the record, document, instrument, book, or paper destroyed.

(b) Paragraph (2) of subdivision (a) does not apply to records prepared or received other than pursuant to a state statute or county charter, or records which are not expressly required by law to be filed and preserved.

For the purposes of this section, every reproduction shall be deemed to be an original record and a transcript, exemplification, or certified copy of any reproduction shall be deemed to be a transcript, exemplification, or certified copy, as the case may be, of the original.

(c) The county clerk having custody of the original or a copy of the articles of any corporation may cause the destruction of any or all the documents. "Articles" includes the articles of incorporation, amendments thereto, amended articles, restated articles, certificate of incorporation, certificates of determination of preferences, dissolution certificates, merger certificates, and agreements of consolidation or merger.

SEC. 58. Section 35011 of the Government Code is amended to read:

35011. Unless otherwise provided in this part, territory may not be annexed to a city unless it is located in the same county and is contiguous to the city at the time preliminary proceedings are initiated pursuant to Chapter 2 (commencing with Section 35100).

SEC. 59. Section 35045 of the Government Code is amended to read:

35045. "Preliminary proceedings" means proceedings which are taken by the commission pursuant to Chapter 2 (commencing with Section 35100).

SEC. 61. Section 35158 of the Government Code is amended to read:

35158. The resolution making determinations shall also do all of the following:

(a) Make any of the findings or determinations authorized or required pursuant to Section 35150.

(b) If applicable, assign a distinctive short-term designation to the affected territory and a description therefor.

(c) Direct the appropriate conducting authority to initiate proceedings in compliance with the resolution.

SEC. 62. Section 35159 of the Government Code is amended to read:

35159. The executive officer shall mail a certified copy of the commission's resolution making determinations to all of the following:

(a) The conducting authority.

(b) The chief petitioners, if any.

(c) Each affected city, county, and district.

SEC. 63. Section 35161 of the Government Code is amended to read:

35161. If a proposal is approved by the commission, with or without amendment, wholly, partially, or conditionally, it shall be mandatory upon the conducting authority to take the proceedings in accordance with Chapter 3 (commencing with Section 35200). The proceedings shall be initiated, conducted, and completed pursuant to those provisions which are applicable to the proposal and the territory contained in the proposal as it is approved by the commission. If the commission approves the proposal with modifications or conditions, proceedings shall be initiated, conducted, and completed in compliance with such modifications or conditions.

SEC. 64. Section 37110.5 of the Government Code is amended to read:

37110.5. The legislative body may authorize and provide for contributions to nonprofit educational radio and television stations, provided all of the following conditions exist:

(a) The purpose of the contribution is to enable the citizens of the city to enjoy greater educational and cultural advantages.

(b) A substantial number of the residents of the city live within the reception area of the station.

(c) The station regularly broadcasts programs which have educational or cultural significance.

(d) The contribution is to the general funds of the station and not for or in connection with any particular program.

(e) The contribution is not accompanied, directly or indirectly, by any direction of, sponsorship of, control of, or restriction of any program or the content of any program.

SEC. 65. Section 37396 of the Government Code is amended to read:

37396. A city, county, or city and county may lease property owned, held, or controlled by it for not to exceed 99 years, for stadium, park, recreational, fair, exposition, or exhibition purposes.

A lease made by a county pursuant to this section is subject to the provisions of Article 8 (commencing with Section 25520) of Chapter 5 of Part 2 of Division 2 of Title 3.

SEC. 66. Section 37658 of the Government Code is amended to read:

37658. The indebtedness shall be incurred and interest paid pursuant to Article 1 (commencing with Section 43600) of Chapter 4 of Division 4. The ordinance calling the bond election shall not contain any statement as to bonds to be issued. In general terms the ordinance shall describe the proposed donation, the purpose for which it is to be used, and the terms upon which it is to be made and accepted.

SEC. 67. Section 37659 of the Government Code is amended to read:

37659. The city may incur a bonded indebtedness pursuant to Article 1 (commencing with Section 43600) of Chapter 4 of Division 4, for the acquisition of real or personal property for the hospital and its construction and equipment.

The question of incurring such an indebtedness may be submitted at the election determining whether a hospital is to be established.

SEC. 68. Section 39587 of the Government Code is amended to read:

39587. The proceedings provided by this article are an alternative to any procedure established by ordinance pursuant to Article 1 (commencing with Section 39500).

SEC. 69. Section 40582 of the Government Code is amended to read:

40582. Proceedings for the issuance of the bonds shall be had, the commission shall have such powers and duties, and the bondholders shall have such rights and remedies, all in substantial accordance with, and with like legal effect, as provided in Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5. As used in that chapter, "resolution" means ordinance, the word "local agency" means authority, and "legislative body" means commission.

SEC. 69.5. Section 51284 of the Government Code is amended to read:

51284. No contract may be canceled until after the city or county has given notice of, and has held, a public hearing on the matter. Notice of the hearing shall be published pursuant to Section 6061 and shall be mailed to the Director of Conservation and every owner of land under contract, any portion of which is situated within the same agricultural preserve and within one mile of the exterior boundary of the land upon which the contract is proposed to be canceled.

SEC. 70. Section 51286 of the Government Code is amended to read:

51286. Any action or proceeding which, on the grounds of alleged noncompliance with the requirements of this chapter, seeks to attack, review, set aside, void, or annul a decision of a board of supervisors or a city council to cancel a contract shall be brought pursuant to Section 1094.5 of the Code of Civil Procedure.

The action or proceeding shall be commenced within 180 days from the council or board order acting on a petition for cancellation filed under this chapter.

SEC. 71. Section 68090.3 of the Government Code, as added by Section 3.5 of Chapter 1249 of the Statutes of 1984, is amended to read:

68090.3. (a) Notwithstanding Section 26820.8 or 72056.5, in any county where the fee adjustment for courts for the 1983–84 biennium did not exceed 6 percent, the adjustment for the two-year period covering calendar years 1985 and 1986 may exceed 6 percent when any adjustment in excess of 6 percent for those two years reflects a law library fee increase pursuant to Section 6322.1 of the Business and Professions Code. However, the adjustment shall not exceed 10 percent for the biennium.

(b) This section shall remain in effect only until January 1, 1987, and as of that date is repealed.

SEC. 72. Section 72645 of the Government Code is amended to read:

72645. The marshal shall appoint all of the following:

(a) One assistant marshal. The marshal shall make the appointment from the peace officer members of the marshal's office of the rank of lieutenant or higher and the appointee shall serve solely at the pleasure of the marshal. Section 72649 does not apply to the appointment to, nor removal of a person from, this position, but all other provisions of Section 72649 apply. Upon removal by the marshal for any reason other than that which would be cause for the discharge of any other member, an appointee shall revert to the rank held by the appointee prior to his or her appointment to the position of assistant marshal.

(b) Two commanders. Upon the occurrence of a vacancy, any succeeding appointment to this position may be made by the marshal at his or her sole discretion. At that time and thereafter, Section 72649 shall not be applicable to the appointment to, nor removal of, a person from, this position, but all other provisions of Section 72649 shall be applicable. The marshal shall make this appointment from the peace officer members of his or her office of the rank of lieutenant or higher, and the appointee shall serve solely at the pleasure of the marshal. Upon removal by the marshal for any reason other than that which would be cause for the discharge of any other member, an appointee shall revert to the rank held prior to appointment as commander.

(c) Ten captains.

(d) Twenty-two lieutenants.

(e) Thirty-seven sergeants.

(f) Five hundred deputy marshals; except that the number of deputy marshals shall be reduced by the number of deputy marshal IV positions required to be retained pursuant to Section 72645.5.

(g) Twenty-seven deputy marshal trainees. Appointments to the positions shall be made from civil service lists resulting from open competitive examinations, provided that notwithstanding Section 72649, the appointees shall be subject to a 12-month period of probation.

(h) Four deputy marshal-matrons, each of whom shall have completed a course of training which meets the requirements of the POST commission for a specialized law enforcement basic certificate.

(i) Four deputy clerk-custody officers.

(j) Ten legal services specialists, marshal, each of whom shall receive monthly compensation at the same rate specified for the county's class of security officer II.

SEC. 73. Section 72706 of the Government Code is amended to read:

72706. In lieu of any position established in this chapter and to meet the needs of the court, the court administrator may appoint additional deputy clerks to any appropriate classification and title set forth in the Los Angeles County Ordinance 6222 (Title 6, Los Angeles County Code), provided, however, that a budgeted position of an equal or greater pay level is encumbered.

SEC. 74. Section 92100 of the Government Code is amended to read:

92100. There is in the state government the California Passenger Rail Financing Commission.

The commission constitutes a public instrumentality and a political subdivision of the State of California, and the exercise by the commission of the powers conferred by this title shall be deemed and held to be the performance of an essential public function.

SEC. 75. Section 1150 of the Harbors and Navigation Code is amended to read:

1150. (a) There is in the state government a Board of Pilot Commissioners for the Bays of San Francisco, San Pablo, and Suisun, consisting of seven members appointed by the Governor, with the consent of the Senate, as follows:

(1) Two members shall be pilots, one of whom shall be licensed as a bar pilot, and one of whom shall be selected from among those serving as inland pilots on January 1, 1985. Subsequent pilot member vacancies shall be filled by pilots licensed pursuant to this division.

(2) Two members shall represent the industry and shall be persons currently engaged as owners, officers, directors, employees, or representatives of firms, or associations of firms, which are substantial users of pilotage service in San Francisco, San Pablo, and Suisun Bays, one of whom shall be engaged in the field of tanker company operations, and one of whom shall be engaged in dry cargo operations. The board of directors of a regional maritime trade

association controlled by West Coast vessel operators which specifically represents the owners and operators of vessels or barges engaged in transportation by water of cargo or passengers from or to the Pacific area of the United States shall nominate, rank, and submit to the Governor the names of three persons for each category of industry member to be appointed. Industry member vacancies shall be filled by the same process. The persons serving as industry members of the Pilotage Rate Committee on December 1, 1984, shall serve as the industry members pursuant to this paragraph and subdivision (b).

(3) Three members shall be public members and shall be appointed by the Governor. Any person may serve as a public member unless otherwise prohibited by law.

(4) Notwithstanding any other provision of law, nothing contained in this chapter shall prohibit the Governor from notifying the respective nominating authorities identified in paragraph (2) that persons nominated are unacceptable for appointment. Following that notification, the nominating authority shall submit a new list of nominees to the Governor, naming three persons for each board vacancy, none of which were previously nominated, from which the Governor may make the appointment. This process shall be continued until persons nominated by the nominating authority and satisfactory to the Governor have been appointed.

(b) Each of the members appointed pursuant to subdivision (a) shall be appointed for a four-year term, and shall not be appointed for more than two terms. Vacancies on the board for both expired and unexpired terms shall be filled by the appointing power in the manner prescribed by subdivision (a).

(c) The board members serving on January 1, 1985, shall continue to serve as the public members on the board and shall select one board member to serve a two-year term, one board member to serve a three-year term, and one board member to serve a four-year term. The board member selected for the initial two-year term may serve two additional four-year terms, if appointed pursuant to this section, and the remaining board members may only serve one additional four-year term, if appointed pursuant to this section.

(d) A quorum of the board members consists of four members, including at least one industry member and one pilot member. All actions of the board shall require the vote of four members, a quorum being present.

SEC. 76. Section 432.4 of the Health and Safety Code is amended to read:

432.4. The state department shall, by regulation, prescribe minimum requirements for the maintenance and operation of hospitals which receive federal aid for construction under the state plan and shall adopt and submit building standards for approval pursuant to Chapter 4 (commencing with Section 18935) of Part 2.5 of Division 13 as required for those purposes.

SEC. 77. Section 436.52 of the Health and Safety Code is amended

to read:

436.52. The testing of breath samples by or for law enforcement agencies for purposes of determining the concentration of ethyl alcohol in the blood of persons involved in traffic accidents or in traffic violations shall be performed in accordance with regulations adopted by the State Department of Health Services.

The rules and regulations shall establish the procedures to be used by law enforcement agencies in administering breath tests for the purposes of determining the concentration of ethyl alcohol in a person's blood. The rules and regulations shall be adopted and published in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 78. Section 1172.5 of the Health and Safety Code is repealed.

SEC. 79. Section 1339.50 of the Health and Safety Code is amended and renumbered to read:

1339.70. Notwithstanding any other provision of law, a county may by ordinance establish a department of the county which may combine in the department any or all of the functions specified in this section or related functions. The duties of the department shall be specified in the county ordinance establishing the department. Such duties may include the following:

(a) The performance of any function which is authorized by Section 1257 to be delegated to local health departments, to the extent delegated by the state department to the department established pursuant to this section. For purposes of this section and Section 1257, a department established pursuant to this section shall be deemed to be a local health department.

(b) The performance of any function which is authorized by Section 1511 to be delegated by the state department to a county, to the extent delegated by the state department to the department authorized by this section.

(c) The performance of any function in connection with, or related to, the certification of health facilities or community care facilities for participation in programs conducted pursuant to Title XVIII, Title XIX, or other provisions of the federal Social Security Act.

(d) The performance of any information and referral activities which are authorized by law to be performed by a county or any of its departments or officers in connection with health facilities or community care facilities.

(e) The performance of any function authorized by law to be performed by a county or any of its officers or departments in connection with the sanitation, maintenance, occupancy, or other aspects of the physical plant or environmental management of or concerning any health facility or community care facility. For purposes of this section, the department authorized by this section shall be deemed to be a county health department under the control of a county health officer with respect to any provision of law

authorizing the performance of any function concerning any health facility or community care facility by a local health department or health officer.

(f) The determination of the suitability for county use, placements, or referrals of particular health facilities or community care facilities.

This section shall not be construed as authorizing the performance of any activity by any county which the county would not otherwise be authorized to perform. This section shall not operate as an independent grant of authority for the performance of any function by a county, but shall permit the consolidation in an existing or new county department of any or all functions which counties are authorized to perform in connection with the matters specified in this section.

For purposes of this section, "health facility" means a health facility as defined in Section 1250, and "community care facility" means a community care facility as defined in Section 1502.

SEC. 80. Section 1397 of the Health and Safety Code is amended to read:

1397. (a) Whenever reference is made in this chapter to a hearing before or by the commissioner, the hearing shall be held in accordance with the Administrative Procedure Act (Chapter 5(commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code), and the commissioner shall have all of the powers granted under that act.

(b) Every final order, decision, license, or other official act of the commissioner under this chapter is subject to judicial review in accordance with the law.

SEC. 81. Section 1447 of the Health and Safety Code is amended to read:

1447. Notwithstanding any other provisions of the Welfare and Institutions Code, the county which is responsible for the payment of public assistance to any person or group of persons under Chapter 2 (commencing with Section 11200), Chapter 3 (commencing with Section 12000), or Chapter 4 (commencing with Section 12500) of Part 3 of Division 9 of that code, and the needy relative in the case of aid to needy children, shall provide the necessary hospital or medical care, or both, if otherwise qualified for that care. If a recipient of public assistance moves from one county to another county within this state to make his or her home, the county to which the recipient removes shall become responsible for providing medical or hospital care or both upon notification by the first county that the recipient has moved to the second county for the purpose of making his or her home in that county, provided that the recipient is otherwise qualified for the care, except that he or she need not meet the residence qualifications set forth in Section 17105 of the Welfare and Institutions Code.

SEC. 82. Section 1580 of the Health and Safety Code is amended to read:

1580. The state department shall adopt and may from time to time amend or repeal, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, such reasonable rules and regulations as may be necessary or proper to carry out the purposes and intent of this chapter and to enable the state department to exercise the powers and perform the duties conferred upon it by this chapter, not inconsistent with any statute of this state. The regulations shall prescribe standards of safety and sanitation for the physical plant of adult day health centers and standards for the quality of adult day health care services, including, but not limited to, staffing with duly qualified personnel. In adopting the regulations, the state department shall take into account the physical and mental capabilities and needs of the persons to be served, and consideration shall be given to flexible application of safety and sanitation standards, if necessary, to be consistent with the legislative intent of establishing adult day health care programs in locations easily accessible to economically disadvantaged older persons. Program standards contained in regulations adopted pursuant to this section shall be those specified in Chapter 8.7 (commencing with Section 14520) of Part 3 of Division 9 of the Welfare and Institutions Code.

SEC. 83. Section 1597.98 of the Health and Safety Code is amended and renumbered to read:

1596.98. The department shall notify the day care center in writing of all deficiencies in its compliance with this chapter and the rules and regulations adopted pursuant to this chapter, and shall set a reasonable length of time for compliance by the center. Upon a finding of noncompliance, the department may levy a civil penalty not to exceed fifty dollars ($50) per day which shall be paid to the department each day until the department finds the center in compliance. If the center fails to comply within the established length of time, then the amount collected from the facility shall be forfeited to the department. In that case, the department may also initiate action against the facility in accordance with Article 4 (commencing with Section 1596.885) of Chapter 3.4.

SEC. 84. Section 18959 of the Health and Safety Code is amended to read:

18959. (a) Except as otherwise provided in Part 2.5 (commencing with Section 18901), all the state agencies shall administer and enforce this part with respect to qualified historical buildings or structures under their respective jurisdiction.

(b) Except as otherwise provided in Part 2.5 (commencing with Section 18901), all local building authorities shall administer and enforce this part with respect to qualified historical structures under their respective jurisdictions where applicable.

(c) The State Historical Building Code Advisory Board shall coordinate and consult with the other applicable state agencies affected by this part and, except as provided in Section 18943, disseminate provisions adopted pursuant to this part to all local

building authorities and state agencies at cost.

(d) Regulations adopted by the State Fire Marshal pursuant to this part shall be enforced in the same manner as regulations are enforced under Sections 13145, 13146, and 13146.5.

(e) Regular and alternative building standards published in the State Building Standards Code shall be enforced in the same manner by the same governmental entities as provided by law.

(f) When administering and enforcing the provisions of this part, all local agencies may make changes or modifications in the requirements contained in the State Historical Building Code, as described in Section 18944.7, as it determines are reasonably necessary because of local climatic, geological, and topographical conditions. The local agency shall make an express finding that the modifications or changes are needed, and the finding shall be available as a public record. A copy of the finding and change or modification shall be filed with the State Historical Building Code Advisory Board. No modification or change shall become effective or operative for any purpose until the finding and modification or change have been filed with the department.

This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before such date, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1991, pursuant to Section 9611 of the Government Code, Section 18959 of the Health and Safety Code, as amended by Section 4 of Chapter 598 of the Statutes of 1981, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 85. Section 24342.3 of the Health and Safety Code, as added by Chapter 1546 of the Statutes of 1984, is amended and renumbered to read:

25242.3. If any provision of this article or the application thereof to any person or circumstance is held invalid, this holding shall not affect other provisions or applications of this article which can be given effect without the invalid provision or application, and to this end, the provisions of the article are severable.

SEC. 86. Section 25242 of the Health and Safety Code is amended to read:

25242. (a) Any city, county, or state agency which, as owner, lessor, or lessee, knows or has probable cause to believe that a disposal of hazardous waste which is not authorized pursuant to this chapter has occurred on, under, or into the land which the city, county, or state agency owns or leases shall notify the department. Upon receiving that notice, the department shall determine if there has been a disposal of hazardous waste which is not authorized pursuant to this chapter.

(b) If the department determines that there has been a disposal of hazardous waste which is not authorized pursuant to this chapter, the department shall do all of the following:

(1) Conduct, or arrange for the conducting of, tests to determine

the general chemical and mineral composition of the hazardous waste.

(2) Require the city, county, or state agency which submitted the notice pursuant to subdivision (a) to prepare a hazardous waste management plan specifying those removal or remedial actions, as defined in Sections 25322 and 25323, which are needed to be taken concerning the hazardous waste. The hazardous waste management plan shall provide for the protection of human health and the environment and minimize or eliminate the escape of hazardous waste constituents, leachate, contaminated rainfall, and waste decomposition products into ground and surface waters and into the atmosphere.

(3) Send notice of the department's findings made pursuant to paragraph (1) to the county in which the land is located, the city, if any, in which the land is located, the owner of the property, and residents living within 2,000 feet of the property line of the land on which the hazardous wastes were disposed. The department shall also post signs in the vicinity of the land which contain this information and are visible to the public. The department may also provide this notice to other persons, or post these signs in any other area, to protect the public health and safety or to provide the maximum opportunity for comment from the potentially affected public.

(4) Conduct public hearings on the proposed hazardous waste management plan during those times and at those places which are convenient to the affected public. These hearings shall be conducted even if the hazardous waste management plan provides that no removal or remedial actions will be taken. The department shall publish notice of these hearings in newspapers of general circulation, as defined in Section 6000 of the Government Code, and shall use all other reasonable means to publicize these hearings.

(5) Take all actions required by Section 25358.7 concerning any proposed removal or remedial actions.

(6) Take any other actions authorized by this chapter or Chapter 6.8 (commencing with Section 25300) to carry out the legislative intent specified in Section 25242.1.

(c) The city, county, or state agency which is required to prepare a hazardous waste management plan pursuant to paragraph (2) of subdivision (b) shall submit the proposed hazardous waste management plan for approval to the department or a California regional water quality control board, whichever the department determines is appropriate. A city or state agency shall submit the plan to the county in which the land is located, and a county or state agency shall submit the plan to the city, if any, in which the land is located, for comments and recommendations. The city, county, or state agency shall also consider whether to incorporate any changes in the plan which are recommended by the county, city, and the public.

SEC. 87. Section 25342.1 of the Health and Safety Code, as added

by Chapter 1546 of the Statutes of 1984, is amended and renumbered to read:

25242.1. It is the intention of the Legislature, in enacting this article, to protect the public health and safety and the environment by requiring all of the following:

(a) Prompt steps to remedy the unauthorized disposal of hazardous waste on public land be taken as soon as possible.

(b) Prompt notice be given to the affected public of such an unauthorized disposal of hazardous waste.

(c) The public be afforded an opportunity for input into the manner in which the hazardous waste will be cleaned up or rendered safe.

SEC. 88. Section 25342.2 of the Health and Safety Code, as added by Chapter 1546 of the Statutes of 1984, is amended and renumbered to read:

25242.2. Prior to, or simultaneously with, utilizing the provisions of this article, the department shall diligently pursue all feasible civil and criminal actions against the owner of the land or other party responsible for the disposal of the hazardous waste, who violates this chapter or the regulations adopted pursuant to this chapter.

The owner, lessee, or lessor of any land which is affected by hazardous waste which was disposed on, under, or into the land may recover the costs incurred in complying with this article, in a civil action, from any person who produced the waste or against any other person who was responsible for the disposal of the hazardous waste.

The lessee of any land, who was not responsible for the unauthorized disposal of the hazardous waste upon that land, may also recover the costs incurred in complying with this article from the owner of the land if the person who produced the waste or who was responsible for the disposal of hazardous waste cannot be located or cannot compensate the lessee for these costs.

SEC. 89. Section 28479 of the Health and Safety Code is amended to read:

28479. On receipt of an application showing that the applicant is properly equipped to package or manufacture olive oil, or is a wholesale distributor of olive oil whose name and address will appear upon olive oil containers as distributor and whose name also will appear upon those containers as the only California addressee, the department shall, free of charge, issue the applicant a license, not transferable, but good until revoked, to package, manufacture, or distribute olive oil as the case may be.

The department may revoke or suspend the license after a hearing. The proceedings for the revocation or suspension of a license shall be in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the department shall have all the powers granted in that chapter.

SEC. 90. Section 28801 of the Health and Safety Code is amended to read:

28801. "Food," as used in this chapter, means all articles used for food, drink, confection, or condiment, for human consumption, or consumption by any animal which is maintained in the home as a pet, whether simple or compound, and all substances and ingredients used in the preparation thereof. The term, however, does not include any commercial feed as defined in Section 14925 of the Food and Agricultural Code.

SEC. 91. Section 383.5 of the Insurance Code is amended to read:

383.5. "Document," as used in this section, means a policy or a certificate evidencing insurance under a master policy. The policy or certificate shall conform to Section 381 and shall segregate the premiums charged for each risk insured against. The certificate, in lieu of specifying the risks insured against, may designate them by name or by description. "Document" also includes the applicable policy form and a subsequently issued declarations page conforming to Section 381 or an endorsement.

"Owner," as used in this section, means any person who is named as an insured in the contract of insurance or document, or in a loss payable clause therein, and, whether or not he or she is named therein, the vendee, pledgor, or chattel mortgagor of a motor vehicle where insurance contracts subject to this section are procured with respect to the motor vehicle by or on behalf of either party to the purchase, pledge, or mortgage.

Every contract of insurance against hazards incident to ownership, maintenance, operation, and use of motor vehicles shall be embodied in a document.

The original or true copy of the document shall be delivered to each owner. Where it is executed by an insurer, the insurer shall deliver the original or a true copy to either of the following:

(a) The agent or broker who negotiated the insurance, for delivery to each owner of the motor vehicle.

(b) Each owner of the motor vehicle.

Any owner whose interest in the insured vehicle is for security purposes only may by written notice to the insurer waive delivery of the policy and in lieu thereof there shall be delivered to the owner a written certificate of insurance setting forth in brief form the matters specified in Section 381.

The agent or broker receiving the original or copy shall deliver one to each owner. Where coverage subject to this section is evidenced by a document executed by an agent licensed under Chapter 5 (commencing with Section 1621) of Part 2, and not by an insurer, the agent and not the insurer is responsible for delivery of the original or a true copy to each owner.

The licenses of any agent or broker found by the commissioner after hearing to have violated this section may be suspended or revoked in accordance with the procedure provided in Article 13 (commencing with Section 1737) of Chapter 5 of Part 2, or the certificate of authority of any insurer found by the commissioner after hearing to have violated this section may be suspended or

revoked in accordance with the procedure provided in Section 704.

The purpose of this section is to prevent fraud or mistake in connection with the transaction of insurance covering motor vehicles and in furtherance of that purpose the commissioner may make reasonable rules and regulations therefor. The rules and regulations shall be adopted, amended, or repealed in accordance with the procedure provided in Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 92. Section 779.21 of the Insurance Code is amended to read:

779.21. The commissioner may adopt, pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, such reasonable rules and regulations as may be necessary to carry out the provisions of this article.

SEC. 93. Section 882.5 of the Insurance Code is amended to read:

882.5. (a) A home protection company proposing to issue a contract bearing the name of itself as well as another name which is the name of a person, persons, or organization of persons licensed pursuant to Part 1 (commencing with Section 10000) of Division 4 of the Business and Professions Code, or a franchised name therefor, shall first file an application with the commissioner for approval of the other name. The commissioner may reject any name so submitted when it is an interference with, or too similar to, one already appropriated or when it is likely to mislead the public in any respect. However, the name shall not be rejected, except pursuant to subdivision (b), if the name was used by the same entity for a similar offering in this state prior to May 3, 1978. In case of any rejection of a name pursuant to this subdivision, the application may be amended to submit another or other names.

(b) No such name shall be approved unless all power to transact home protection business (except as authorized in Section 771.1) and other powers specified by the commissioner by regulation, are specifically retained by the home protection company and the home protection contracts prominently disclose that fact.

The commissioner, pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, may adopt reasonable regulations to implement this section.

SEC. 94. Section 1370 of the Insurance Code is amended to read:

1370. Every exchange shall maintain its required assets in any one, or more, or all of the following forms:

(a) In cash or deposits in solvent banks.

(b) Invested in securities of the kind designated for the investment of assets of incorporated insurers having a capital stock by the laws of the state where the principal office is located.

(c) Invested in real property acquired by or for it to secure the payment of loans heretofore contracted or for moneys heretofore due, or purchased at sales upon deeds of trust or upon judgments obtained for the loans or debts, or conveyed to it in satisfaction of

debts heretofore contracted in the course of its dealings. The real property may be acquired, held, and conveyed on behalf of the exchange in trust by the attorney, but shall be sold and disposed of within five years after acquisition of title thereto unless the time for any such sale or disposal is extended by the commissioner in writing.

(d) Excess fund investments may be made in real estate and in making improvements thereon for business or residential purposes as an investment for the production of income. "Business or residential purposes" does not include real estate primarily intended for use or valued as agricultural, horticultural, farm, ranch, or mineral property. Any such investment may be made only by admitted exchanges having admitted assets aggregating in value not less than twenty-five million dollars ($25,000,000). Real estate acquired and improvements made thereon shall not exceed an amount equal to 5 percent of the admitted assets of the exchange. Any investment in a single parcel of real estate including improvements thereon made under the authority of this subdivision shall not be made in an amount in excess of 1 percent of the admitted assets of the exchange. The percentage or dollar value of assets as provided in this subdivision shall be determined by the exchange's last preceding annual statement of conditions and affairs made as of the December 31 last preceding and which has been filed with the commissioner pursuant to law.

(e) In addition to the investments authorized by subdivisions (a) to (d), inclusive, every exchange may purchase, hold, or reconvey real estate for any of the following purposes:

(1) The building, and the land upon which that building stands, owned by it and in which is located its home office or principal office in this state by virtue of the occupancy thereof, in whole or in part, by its attorney-in-fact. The exchange may make any type of arrangement which is fair and reasonable for the occupation of the building, in whole or in part, by its attorney.

(2) Real estate requisite for its accommodation in the convenient transaction of its business.

(f) Subject to the limitations established under subdivisions (c), (d), and (e), every exchange in its own name as in the case of an individual, may purchase, receive, own, hold, lease, mortgage, pledge, or encumber, by deed of trust or otherwise, manage, and sell real estate for the purposes and objects of the exchange.

SEC. 95. Section 10191 of the Insurance Code is amended to read:

10191. (a) The commissioner may, from time to time as conditions warrant, after notice and hearing, promulgate such reasonable rules and regulations, and amendments and additions thereto, as are necessary or advisable, to establish and maintain a procedure for the filing and approval of documents, as defined in this section, prior to their issuance, delivery, or use in this state, in lieu of the requirements of submission, filing, or approval for the documents presently provided in Section 10205, 10205.5, 10205.6, 10225, 10270, 10270.1, 10270.57, 10270.9, 10270.91, 10270.92, 10270.93,

10290, 10292, 11066, 11069, 11513, 11513.1, 11513.2, 11515, or 11658. For purposes of this section, "document" includes, but is not limited to, every form of contract, insurance policy, application, rider, endorsement, amendment, insert policy page, certificate, or other evidence or notice of insurance, fill-in material, schedules of rates and classifications of risks, and any modification to any document, which is subject to the requirements of any of the enumerated sections.

(b) Any such rule or regulation shall be promulgated in accordance with the procedure provided in Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) In promulgating any such rule or regulation, the commissioner may give consideration to the following circumstances:

(1) Whether all such documents, the submission, filing, or approval of which is governed by any of the foregoing enumerated sections, or only a portion thereof described in the rule or regulation, shall be subject thereto.

(2) Whether certain documents or portions thereof should be regulated in respect of submission, filing, or approval in a fashion differing from similar requirements applicable to other documents.

(3) Whether varying procedures may be made applicable among admitted insurers in respect of the submission, filing or approval predicated, in whole or in part, upon such factors as the age and size of the submitting insurer, the period of its licensing in this state for the class or classes of insurance represented by the documents, the nature and number of prior submissions of similar documents and the disposition thereof by the commissioner, and similar criteria which is relevant to a determination that the submitting insurer has demonstrated compliance with all applicable statutes, rules, and regulations relating to documents comprising prior submissions.

(d) In promulgating any such rules and regulations, the commissioner shall, so far as practical, describe or define certain provisions: (1) which the commissioner will authorize without review when accompanied by a certification prescribed by him or her by rule, and (2) which the commissioner will under no circumstances approve.

(e) The commissioner shall establish a period of time, not shorter than one year, during which any change in the provisions which pursuant to subdivision (d), he or she has provided he or she will under no circumstances approve, will not apply to policies filed prior to the effective date of the change.

(f) Except as otherwise provided in this section any document approved by the commissioner pursuant to rules and regulations authorized by this section may have its approval withdrawn in accordance with subdivision (d) of Section 10291.5 or Section 12957, whichever is applicable.

SEC. 96. Section 10270.94 of the Insurance Code is amended to

read:

10270.94. The commissioner shall promulgate forms of provisions which incorporate in substance the applicable provisions set forth in Articles 4 (commencing with Section 10329), 4a (commencing with Section 10350), 5 (commencing with Section 10359), and 5a (commencing with Section 10369.1), and shall promulgate rules governing the use of those provisions, incorporating the substance, insofar as applicable, of the corresponding rules contained in this chapter for the use of the provisions set forth in Articles 4, 4a, 5, and 5a. However, as of January 1, 1957, the promulgation of provisions and rules governing their use incorporating in substance the applicable provisions of Articles 3 (commencing with Section 10309), 4 (commencing with Section 10329), and 5 (commencing with Section 10359) shall cease to be effective, and on and after January 1, 1957, only the promulgation of provisions and rules governing their use incorporating in substance the applicable provisions of Articles 3a (commencing with Section 10320), 4a (commencing with Section 10350), and 5a (commencing with Section 10369.1) shall be effective. The commissioner may from time to time thereafter change any such provisions or rules governing their use previously promulgated by him or her. The promulgation of any such provisions or rules governing their use and of any changes or amendments thereof shall be in accordance with the procedure provided in Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 97. Section 10291.5 of the Insurance Code is amended to read:

10291.5. (a) The purpose of this section is to achieve both of the following:

(1) Prevent, in respect to disability insurance, fraud, unfair trade practices, and insurance economically unsound to the insured.

(2) Assure that the language of all insurance policies can be readily understood and interpreted.

(b) The commissioner shall not approve any disability policy for insurance or delivery in this state in any of the following circumstances:

(1) If the commissioner finds that it contains any provision, or has any label, description of its contents, title, heading, backing, or other indication of its provisions which is unintelligible, uncertain, ambiguous, or abstruse, or likely to mislead a person to whom the policy is offered, delivered or issued.

(2) If it contains any provision for payment at a rate, or in an amount (other than the product of rate times the periods for which payments are promised) for loss caused by particular event or events (as distinguished from character of physical injury or illness of the insured) more than triple the lowest rate, or amount, promised in the policy for the same loss caused by any other event or events (loss caused by sickness, loss caused by accident, and different degrees of disability each being considered, for the purpose of this paragraph,

a different loss); or if it contains any provision for payment for any confining loss of time at a rate more than six times the least rate payable for any partial loss of time or more than twice the least rate payable for any nonconfining total loss of time; or if it contains any provision for payment for any nonconfining total loss of time at a rate more than three times the least rate payable for any partial loss of time.

(3) If it contains any provision for payment for disability caused by particular event or events (as distinguished from character of physical injury or illness of the insured) payable for a term more than twice the least term of payment provided by the policy for the same degree of disability caused by any other event or events; or if it contains any benefit for total nonconfining disability payable for lifetime or for more than 12 months and any benefit for partial disability, unless the benefit for partial disability is payable for at least three months; or if it contains any benefit for total confining disability payable for lifetime or for more than 12 months, unless it also contains benefit for total nonconfining disability caused by the same event or events payable for at least three months, and, if it also contains any benefit for partial disability, unless the benefit for partial disability is payable for at least three months. The provisions of this paragraph shall apply separately to accident benefits and to sickness benefits.

(4) If it contains provision or provisions which would have the effect, upon any termination of the policy, of reducing or ending the liability as the insurer would have, but for the termination, for loss of time resulting from accident occurring while the policy is in force or for loss of time commencing while the policy is in force and resulting from sickness contracted while the policy is in force or for other losses resulting from accident occurring or sickness contracted while the policy is in force, and also contains provision or provisions reserving to the insurer the right to cancel or refuse to renew the policy, unless it also contains other provision or provisions the effect of which is that termination of the policy as the result of the exercise by the insurer of any such right shall not reduce or end the liability in respect to the hereinafter specified losses as the insurer would have had under the policy, including its other limitations, conditions, reductions, and restrictions, had the policy not been so terminated.

The specified losses referred to in the preceding paragraph are:

(i) Loss of time which commences while the policy is in force and results from sickness contracted while the policy is in force.

(ii) Loss of time which commences within 20 days following and results from accident occurring while the policy is in force.

(iii) Losses which result from accident occurring or sickness contracted while the policy is in force and arise out of the care or treatment of illness or injury and which occur within 90 days from the termination of the policy or during a period of continuous compensable loss or losses which period commences prior to the end of such 90 days.

(iv) Losses other than those specified in clause (i), (ii), or (iii) of this paragraph which result from accident occurring or sickness contracted while the policy is in force and which losses occur within 90 days following the accident or the contraction of the sickness.

(5) If by any caption, label, title, or description of contents the policy states, implies, or infers without reasonable qualification that it provides loss of time indemnity for lifetime, or for any period of more than two years, if the loss of time indemnity is made payable only when house confined or only under special contingencies not applicable to other total loss of time indemnity.

(6) If it contains any benefit for total confining disability payable only upon condition that the confinement be of an abnormally restricted nature unless the caption of the part containing any such benefit is accurately descriptive of the nature of the confinement required and unless, if the policy has a description of contents, label, or title, at least one of them contain reference to the nature of the confinement required.

(7) (A) If, irrespective of the premium charged therefor, any benefit of the policy is, or the benefits of the policy as a whole are, not sufficient to be of real economic value to the insured.

(B) In determining whether benefits are of real economic value to the insured, the commissioner shall not differentiate between insureds of the same or similar economic or occupational classes and shall give due consideration to all of the following:

(i) The right of insurers to exercise sound underwriting judgment in the selection and amounts of risks.

(ii) Amount of benefit, length of time of benefit, nature or extent of benefit, or any combination of those factors.

(iii) The relative value in purchasing power of the benefit or benefits.

(iv) Differences in insurance issued on an industrial or other special basis.

(C) To be of real economic value, it shall not be necessary that any benefit or benefits cover the full amount of any loss which might be suffered by reason of the occurrence of any hazard or event insured against.

(8) If it substitutes a specified indemnity upon the occurrence of accidental death for any benefit of the policy, other than a specified indemnity for dismemberment, which would accrue prior to the time of that death or if it contains any provision which has the effect, other than at the election of the insured exercisable within not less than 20 days in the case of benefits specifically limited to the loss by removal of one or more fingers or one or more toes or within not less than 90 days in all other cases, of doing any of the following:

(A) Of substituting, upon the occurrence of the loss of both hands, both feet, one hand and one foot, the sight of both eyes or the sight of one eye and the loss of one hand or one foot, some specified indemnity for any or all benefits under the policy unless the indemnity so specified is equal to or greater than the total of the

benefit or benefits for which such specified indemnity is substituted and which, assuming in all cases that the insured would continue to live, could possibly accrue within four years from the date of such dismemberment under all other provisions of the policy applicable to the particular event or events (as distinguished from character of physical injury or illness) causing the dismemberment.

(B) Of substituting, upon the occurrence of any other dismemberment some specified indemnity for any or all benefits under the policy unless the indemnity so specified is equal to or greater than one-fourth of the total of the benefit or benefits for which the specified indemnity is substituted and which, assuming in all cases that the insured would continue to live, could possibly accrue within four years from the date of the dismemberment under all other provisions of the policy applicable to the particular event or events (as distinguished from character of physical injury or illness) causing the dismemberment.

(C) Of substituting a specified indemnity upon the occurrence of any dismemberment for any benefit of the policy which would accrue prior to the time of dismemberment.

As used in this section, loss of a hand shall be severance at or above the wrist joint, loss of a foot shall be severance at or above the ankle joint, loss of an eye shall be the irrecoverable loss of the entire sight thereof, loss of a finger shall mean at least one entire phalanx thereof and loss of a toe the entire toe.

(9) If it contains provision, other than as provided in Section 10370, reducing any original benefit more than 50 percent on account of age of the insured.

(10) If the insuring clause or clauses contain no reference to the exceptions, limitations, and reductions (if any) or no specific reference to, or brief statement of, each abnormally restrictive exception, limitation, or reduction.

(11) If it contains benefit or benefits for loss or losses from specified diseases only unless:

(A) All of the diseases so specified in each provision granting the benefits fall within some general classification based upon the following:

(i) The part or system of the human body principally subject to all such diseases.

(ii) The similarity in nature or cause of such diseases.

(iii) In case of diseases of an unusually serious nature and protracted course of treatment, the common characteristics of all such diseases with respect to severity of affliction and cost of treatment.

(B) The policy is entitled and each provision granting the benefits is separately captioned in clearly understandable words so as to accurately describe the classification of diseases covered and expressly point out, when that is the case, that not all diseases of the classification are covered.

(12) If it does not contain provision for a grace period of at least

the number of days specified below for the payment of each premium falling due after the first premium, during which grace period the policy shall continue in force provided, that the grace period to be included in the policy shall be not less than seven days for policies providing for weekly payment of premium, not less than 10 days for policies providing for monthly payment of premium and not less than 31 days for all other policies.

(13) If it fails to conform in any respect with any law of this state.

(c) The commissioner may, from time to time as conditions warrant, after notice and hearing, promulgate such reasonable rules and regulations, and amendments and additions thereto, as are necessary or convenient, to establish, in advance of the submission of policies, the standard or standards conforming to subdivision (b), by which he or she shall disapprove or withdraw approval of any disability policy.

In promulgating any such rule or regulation the commissioner shall give consideration to the criteria herein established and to the desirability of approving for use in policies in this state uniform provisions, nationwide or otherwise, and is hereby granted the authority to consult with insurance authorities of any other state and their representatives individually or by way of convention or committee, to seek agreement upon those provisions.

Any such rule or regulation shall be promulgated in accordance with the procedure provided in Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(d) The commissioner may withdraw approval of filing of any policy or other document or matter required to be approved by the commissioner, or filed with him or her, by this chapter when the commissioner would be authorized to disapprove or refuse filing of the same if originally submitted at the time of the action of withdrawal.

Any such withdrawal shall be in writing and shall specify reasons. An insurer adversely affected by any such withdrawal may, within a period of 30 days following mailing or delivery of the writing containing the withdrawal, by written request secure a hearing to determine whether the withdrawal should be annulled, modified, or confirmed. Unless, at any time, it is mutually agreed to the contrary, a hearing shall be granted and commenced within 30 days following filing of the request and shall proceed with reasonable dispatch to determination. Unless the commissioner in writing in the withdrawal, or subsequent thereto, grants an extension, any such withdrawal shall, in the absence of any such request, be effective, prospectively and not retroactively, on the 91st day following the mailing or delivery of the withdrawal, and, if request for the hearing is filed, on the 91st day following mailing or delivery of written notice of the commissioner's determination.

(e) No proceeding under this section is subject to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2

of the Government Code.

(f) Except as provided in subdivision (i), any action taken by the commissioner under this section is subject to review by the courts of this state and proceedings on review shall be in accordance with the Code of Civil Procedure.

Notwithstanding any other provision of law to the contrary, petition for any such review may be filed at any time before the effective date of the action taken by the commissioner. No action of the commissioner shall become effective before the expiration of 20 days after written notice and a copy thereof are mailed or delivered to the person adversely affected, and any action so submitted for review shall not become effective for a further period of 15 days after the filing of the petition in court. The court may stay the effectiveness thereof for a longer period.

(g) This section shall be liberally construed to effectuate the purpose and intentions herein stated; but shall not be construed to grant the commissioner power to fix or regulate rates for disability insurance or prescribe a standard form of disability policy, except that the commissioner shall prescribe a standard supplementary disclosure form for presentation with all disability insurance policies, pursuant to Section 10603.

(h) This section shall be effective on and after July 1, 1950, as to all policies thereafter submitted and on and after January 1, 1951, the commissioner may withdraw approval pursuant to subdivision (d) of any policy thereafter issued or delivered in this state irrespective of when its form may have been submitted or approved, and prior to those dates the provisions of law in effect on January 1, 1949, shall apply to those policies.

(i) Any such policy issued by an insurer to an insured on a form approved by the commissioner, and in accordance with the conditions, if any, contained in the approval, at a time when that approval is outstanding shall, as between the insurer and the insured, or any person claiming under the policy, be conclusively presumed to comply with, and conform to, this section.

SEC. 98. Section 10293 of the Insurance Code is amended to read:

10293. (a) The commissioner shall, after notice and hearing, withdraw approval of an individual or mass-marketed policy of disability insurance if after consideration of all relevant factors the commissioner finds that the benefits provided under the policy are unreasonable in relation to the premium charged. The commissioner shall, from time to time as conditions warrant, after notice and hearing, promulgate such reasonable rules and regulations, and amendments and additions thereto, as are necessary to establish the standard or standards by which the commissioner shall withdraw approval of any such policy. Any such rule or regulation shall be promulgated in accordance with the procedure provided in Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and shall be effective 90 days after adoption by the commissioner.

(b) Unless the commissioner specifies otherwise in writing in the withdrawals, or subsequent thereto, grants an extension, any such withdrawal shall be effective prospectively and not retroactively on the 91st day following the mailing or delivery of the withdrawal.

(c) As used in this section:

(1) "Mass-marketed policy" means any group or blanket disability insurance policy which is offered by means of direct response solicitation through a sponsoring organization, or through the mails or other mass communications media and under which a person insured pays all or substantially all of the cost of his or her insurance.

(2) "Direct response solicitation" means any offer by an insurer to persons in this state, either directly or through a third party, to effect health insurance coverage which enables the individual to apply or enroll for the insurance on the basis of the offer. It shall not include solicitation for insurance through an employer benefit plan which is defined in Public Law 93-406, nor shall it include such a solicitation through the individual's creditor with respect to credit health insurance.

SEC. 99. Section 10507.4 of the Insurance Code is amended to read:

10507.4. In furtherance of the purpose of this article, the commissioner may make reasonable rules and regulations. The rules and regulations shall be adopted, amended, or repealed in accordance with the procedure provided in Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 100. Section 11512.3 of the Insurance Code, as amended by Chapter 540 of the Statutes of 1984, is amended and renumbered to read:

11512.97. A hospital service plan contract where the plan is licensed to do business in this state and which provides coverage under a contract which includes California residents but which may be written or issued for delivery outside of California where benefits are provided within the scope of practice of a licensed clinical social worker, a registered nurse licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code who possesses a master's degree in psychiatric-mental health nursing and two years of supervised experience in psychiatric-mental health nursing, or a marriage, family, and child counselor who is the holder of a license under Section 17805 of the Business and Professions Code, shall not be deemed to prohibit persons covered under the contract from selecting those licensees in California to perform the services in California which are within the terms of the contract even though the licensees are not licensed in the state where the contract is written or issued for delivery.

It is the intent of the Legislature in amending this section in the 1984 portion of the 1983–84 Legislative Session that persons covered by the contract and those providers of health care specified in this

section who are licensed in California should be entitled to the benefits provided by the plan for services of those providers rendered to those persons.

SEC. 101. Section 11513 of the Insurance Code, as added by Chapter 163 of the Statutes of 1984, is amended and renumbered to read:

11513.3. A nonprofit hospital service plan that offers or provides one or more podiatry services, as defined in Section 2472 of the Business and Professions Code, as a specific podiatric plan benefit shall not refuse to give reasonable consideration to affiliation with podiatrists for the provision of service solely on the basis that they are podiatrists.

SEC. 102. Section 12389 of the Insurance Code is amended to read:

12389. (a) An underwritten title company as defined in Section 12340.5, which shall be a stock corporation, may engage in the business of preparing title searches, title reports, title examinations, certificates or abstracts of title, upon the basis of which a title insurer writes title policies, provided that:

(1) Only domestic corporations may be licensed under this section and no underwritten title company, as defined in Section 12340.5, shall become licensed under this section, or change the name under which it is licensed or operates, unless it has first complied with Section 881.

(2) Depending upon the county or counties in which the company is licensed to transact business, it shall maintain required minimum net worth as follows:

Aggregate number of documents recorded and documents filed in the offices of the county recorders in the preceding calendar year in all counties where the company is licensed to transact business	Amount of required minimum net worth
Less than 50,000	$ 75,000
50,000 to 100,000	120,000
100,000 to 500,000	200,000
500,000 to 1,000,000	300,000
1,000,000 or more	400,000

"Net worth" means the excess of assets over all liabilities and required reserves. It may carry as an asset the actual cost of its title plant provided the value ascribed to the asset shall not exceed the aggregate value of all other assets.

Where a title plant of an underwritten title company is not being currently maintained, the asset value of the plant shall not exceed its

asset value as determined in the preceding paragraph as of the date to which the plant is currently maintained, less 1/10th thereof for each succeeding year or part thereof that the plant is not being currently maintained. For the purposes of this section, a title plant shall be deemed currently maintained so long as it is used in the normal conduct of the business of title insurance, and (1) the owner thereof continues regularly to obtain and index title record data to the plant or to a continuation thereof in a format other than that previously used, including, but not limited to, computerization of the data, or (2) the owner thereof is a participant, in an arrangement for joint use of a title plant system regularly maintained in any format, provided the owner is contractually entitled to receive a copy of the title record data contained in the jointly used title plant system during the period of the owner's participation therein, either periodically or upon termination of that participation, at a cost not to exceed the actual cost of duplication of the title record data.

An underwritten title company at all times shall maintain current assets of at least ten thousand dollars ($10,000) in excess of its current liabilities, as the current assets and liabilities may be defined pursuant to regulations made by the commissioner. In making the regulations, the commissioner shall be guided by generally accepted accounting principles followed by certified public accountants in this state.

(3) Such an underwritten title company shall obtain from the commissioner a license to transact its business. The license shall not be granted until the applicant conforms to the requirements of this section and all other provisions of this code specifically applicable to the applicant. After issuance the holder shall continue to comply with the requirements as to its business set forth in this code, in the applicable rules and regulations of the commissioner, and in the laws of this state.

Any underwritten title company who possesses, or is required to possess, a license pursuant to this section shall be subject as if an insurer to the provisions of Article 8 (commencing with Section 820) of Chapter 1 of Part 2 of Division 1 of this code and shall be deemed to be subject to authorization by the Insurance Commissioner within the meaning of subdivision (e) of Section 25100 of the Corporations Code.

The license may be obtained by filing an application on a form prescribed by the commissioner accompanied by a filing fee of three hundred dollars ($300). The license, when issued, shall be for an indefinite term and shall expire with the termination of the existence of the holder, subject to the annual renewal fee imposed under Sections 12415 and 12416.

An underwritten title company seeking to extend its license to an additional county shall pay a one hundred seventy-five dollar ($175) fee for each such additional county, and shall furnish to the commissioner evidence, at least sufficient to meet the minimum net

worth requirements of paragraph (2), of its financial ability to expand its business operation to include the additional county or counties.

(4) Such an underwritten title company shall furnish an audit to the commissioner on the forms provided by the commissioner annually, either on a calendar year basis on or before March 31 or, if approved in writing by the commissioner in respect to any individual company, on a fiscal year basis on or before 90 days after the end of the fiscal year. The time for furnishing any such audit may be extended, for good cause shown, on written approval of the commissioner for a period, not to exceed 60 days. Failure to submit an audit on time, or within such extended time as the commissioner may grant, shall be grounds for an order by the commissioner to accept no new business pursuant to subdivision (d). The audits shall be private, except that a synopsis of the balance sheet on a form prescribed by the commissioner may be made available to the public.

The audits shall be made in accordance with generally accepted auditing standards by an independent certified public accountant or independent licensed public accountant whose certification or license is in good standing at the time of the preparation. The fee for filing the audit shall be two hundred sixty-five dollars ($265).

The commissioner may refuse to accept an audit or order a new audit for any of the following reasons:

(i) Adverse result in any proceeding before the State Board of Accountancy affecting the auditor's license.

(ii) The auditor has an affiliation with the underwritten title company or any of its officers or directors which would prevent his or her reports on the company from being reasonably objective.

(iii) The auditor has suffered conviction of any misdemeanor or felony based on his or her activities as an accountant.

(iv) Judgment adverse to the auditor in any civil action finding him or her guilty of fraud, deceit, or misrepresentation in the practice of his or her profession.

Any company which fails to file any audit or other report on or before the date it is due shall pay to the commissioner a penalty fee of one hundred dollars ($100) and on failure to pay that fee or any other fee or file the audit required by this section shall forfeit the privilege of accepting new business until the delinquency is corrected.

(b) Such an underwritten title company may engage in the escrow business and act as escrow agent provided that it does all of the following:

(1) Maintain a record of all receipts and disbursements of escrow funds.

(2) Deposit seven thousand five hundred dollars ($7,500) for each county in which it transacts business in some form permitted by Section 12351 with the commissioner who shall forthwith make a special deposit thereof in the State Treasury and the deposit shall be

subject to Sections 12353, 12356, 12357, and 12358 and as long as there are no claims against the deposit all interest and dividends thereon shall be paid to the depositor. The deposit shall be for the security and protection of persons having lawful claims against the depositor growing out of escrow transactions with it. The deposit shall be maintained until four years after all escrows handled by the depositor have been closed.

(A) The commissioner may release the deposits prior to the passage of the four-year period upon presentation of evidence satisfactory to the commissioner of either a statutory merger of the depositor into a licensee or certificate holder subject to the jurisdiction of the commissioner, or a valid assumption agreement under which all liability of the depositor stemming from escrow transactions handled by it is assumed by a licensee or certificate holder subject to the jurisdiction of the commissioner.

(B) With the foregoing exceptions, the deposit shall be returned to the depositor or lawful successor in interest following the four-year period, upon presentation of evidence satisfactory to the commissioner that there are no claims against the deposit stemming from escrow transactions handled by the depositor. If the commissioner has evidence of one or more claims against the depositor, and the depositor is not in conservatorship or liquidation, the commissioner may interplead the deposit by special endorsement to a court of competent jurisdiction for distribution on the basis that claims against the depositor stemming from escrow transactions handled by it have priority in the distribution over other claims against the depositor.

(c) The commissioner shall, whenever it appears necessary, examine the business and affairs of a company licensed under this section. All the examinations shall be at the expense of the company.

(d) At any time that the commissioner determines, after notice and hearing, that a company licensed under this section has willfully failed to comply with any of the provisions of this section, the commissioner shall make his or her order prohibiting the company from conducting its business for a period of not more than one year.

Any company violating such an order is subject to seizure under Article 14 (commencing with Section 1010) of Chapter 1 of Part 2 of Division 1 is guilty of a misdemeanor and the commissioner may revoke its license. Any person aiding and abetting any company in a violation of such an order is guilty of a misdemeanor.

The purpose of this section is to maintain the solvency of the companies subject to this section and to protect the public by preventing fraud and requiring fair dealing. In order to carry out these purposes, the commissioner may make reasonable rules and regulations to govern the conduct of the business of companies subject to this section.

The name under which each underwritten title company is licensed shall at all times be an approved name. The fee for filing an

application for a change of name shall be one hundred dollars ($100). Each such company is subject to Article 14 (commencing with Section 1010) and Article 14.5 (commencing with Section 1065.1) of Chapter 1 of Part 2 of Division 1.

The rules and regulations shall be adopted, amended, or repealed in accordance with the procedure provided in Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 103. Section 12752 of the Insurance Code is amended to read:

12752. (a) Each home protection company shall file statements exhibiting its conditions and affairs in accordance with Sections 900, 900.5, 900.7, 900.8, 900.9, 902, 903, 903.5, 904 to 911, inclusive, 922.1 to 922.8, inclusive, 923, 923.5, and 924. However, the required contents of the statements may be varied from the requirements thereof, pursuant to regulation adopted by the commissioner in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, so as to adapt the requirements to the home protection business.

(b) The commissioner shall, prior to licensure and at such times as appear necessary, examine the business and affairs of any home protection company subject to this part. Every home protection company so examined shall open its books and records for inspection by the commissioner and shall otherwise facilitate and cooperate in the examination. In making the examination, the commissioner shall have the rights specified in Section 733, and the examinee shall be subject to the obligations of Section 736.

SEC. 104. Section 12763 of the Insurance Code is amended to read:

12763. No home protection contract shall be issued or delivered until a copy of the form thereof is filed with the commissioner. The commissioner may charge a fee for the filing, which fee shall be established by regulation adopted pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 105. Section 12923 of the Insurance Code is amended to read:

12923. (a) With respect to all classes of insurance (1) to (20), inclusive, as defined in Sections 101 to 120, inclusive, "actuary," for the purposes of this section, means either of the following:

(1) A member of the American Academy of Actuaries.

(2) An individual who has demonstrated by training and experience actuarial competence to the satisfaction of the Insurance Commissioner.

(b) The commissioner shall, after notice and hearing, pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, promulgate reasonable rules and regulations which do all of the following:

(1) Describe the documents which must be signed by an actuary when the documents are filed with the commissioner.

(2) Implement paragraph (2) of subdivision (a).

SEC. 106. Section 115 of the Penal Code is amended to read:

115. (a) Every person who knowingly procures or offers any false or forged instrument to be filed, registered, or recorded in any public office within this state, which instrument, if genuine, might be filed, registered, or recorded under any law of this state or of the United States, is guilty of a felony.

(b) Each instrument which is procured or offered to be filed, registered, or recorded in violation of subdivision (a) shall constitute a separate violation of this section.

(c) Except in unusual cases where the interests of justice would best be served if probation is granted, probation shall not be granted to, nor shall the execution or imposition of sentence be suspended for, any of the following persons:

(1) Any person with a prior conviction under this section who is again convicted of a violation of this section in a separate proceeding.

(2) Any person who is convicted of more than one violation of this section in a single proceeding, with intent to defraud another, and where the violations resulted in a cumulative financial loss exceeding one hundred thousand dollars ($100,000).

(d) For purposes of prosecution under this section, each act of procurement or of offering a false or forged instrument to be filed, registered, or recorded shall be considered a separately punishable offense.

SEC. 107. Section 600 of the Penal Code is amended to read:

600. (a) Any person who willfully strikes, beats, kicks, cuts, stabs, shoots with a firearm, administers any poison or other harmful or stupefying substance to, or throws, hurls, or projects at, or places any rock, object, or other substance which is used in such a manner as to be capable of producing injury and likely to produce injury, on or in the path of, any horse being used by any peace officer in the discharge or attempted discharge of his or her duties, is guilty of a public offense. If the injury inflicted is a serious injury, as defined in subdivision (c), the person shall be punished by imprisonment in the state prison for 16 months, two or three years, or in a county jail for not exceeding one year, or by a fine not exceeding two thousand dollars ($2,000), or by both a fine and imprisonment. If the injury inflicted is not a serious injury, the person shall be punished by imprisonment in the county jail for not exceeding one year, or by a fine not exceeding one thousand dollars ($1,000), or by both a fine and imprisonment.

(b) Any person who willfully interferes with or obstructs any horse being used by any peace officer in the discharge or attempted discharge of his or her duties by frightening, teasing, agitating, harassing, or hindering the horse shall be punished by imprisonment in a county jail for not exceeding one year, or by a fine not exceeding

one thousand dollars ($1,000), or by both a fine and imprisonment.

(c) Any person who, in violation of this section, and with intent to inflict such injury or death, personally causes the death, destruction, or serious physical injury including bone fracture, loss or impairment of function of any bodily member, wounds requiring extensive suturing, or serious crippling, of any horse, shall, upon conviction of a felony under this section, in addition and consecutive to the punishment prescribed for the felony, be punished by an additional term of imprisonment in the state prison for one year.

(d) Any person who, in violation of this section, and with the intent to inflict such injury, personally causes great bodily injury, as defined in Section 12022.7, to any person not an accomplice, shall, upon conviction of a felony under this section, in addition and consecutive to the punishment prescribed for the felony, be punished by an additional term of imprisonment in the state prison for two years unless the conduct described in this subdivision is an element of any other offense of which the person is convicted or receives an enhancement under Section 12022.7.

SEC. 108. Section 1205 of the Penal Code is amended to read:

1205. (a) A judgment that the defendant pay a fine, with or without other punishment, may also direct that he or she be imprisoned until the fine is satisfied and may further direct that the imprisonment begin at and continue after the expiration of any imprisonment imposed as a part of the punishment or of any other imprisonment to which he or she may theretofore have been sentenced. Each of these judgments shall specify the extent of the imprisonment for nonpayment of the fine, which shall not be more than one day for each thirty dollars ($30) of the fine, nor exceed in any case the term for which the defendant might be sentenced to imprisonment for the offense of which the defendant has been convicted. A defendant held in custody for nonpayment of a fine shall be entitled to credit on the fine for each day he or she is so held in custody, at the rate specified in the judgment. When the defendant has been convicted of a misdemeanor, a judgment that the defendant pay a fine may also direct that he or she pay the fine within a limited time or in installments on specified dates and that in default of payment as therein stipulated he or she be imprisoned in the discretion of the court either until the defaulted installment is satisfied or until the fine is satisfied in full; but unless the direction is given in the judgment, the fine shall be payable forthwith.

(b) Except as otherwise provided in case of fines imposed as conditions of probation, the defendant shall pay the fine to the clerk of the court, or to the judge thereof if there is no clerk, unless the defendant is taken into custody for nonpayment of the fine, in which event payments made while the defendant is in custody shall be made to the officer who holds the defendant in custody and all amounts so paid shall be forthwith paid over by the officer to the court which rendered the judgment. The clerk shall report to the

court every default in payment of a fine or any part thereof, or if there is no clerk, the court shall take notice of the default. If time has been given for payment of a fine or it has been made payable in installments, the court shall, upon any default in payment, immediately order the arrest of the defendant and order the defendant to show cause why he or she should not be imprisoned until the fine or installment thereof, as the case may be, is satisfied in full. If the fine or installment is payable forthwith and it is not so paid, the court shall without further proceedings, immediately commit the defendant to the custody of the proper officer to be held in custody until the fine or installment thereof, as the case may be, is satisfied in full. This section applies to any violation of any of the codes or statutes of the state punishable by a fine or by a fine and imprisonment.

(c) The defendant shall pay to the clerk of the court or the collecting agency a fee for the processing of installment accounts. This fee shall equal the administrative and clerical costs, as determined by the board of supervisors, except that the fee shall not exceed thirty dollars ($30).

(d) In order to determine the feasibility and potential benefits of such a system, the Legislature hereby authorizes the establishment of the following program, to be implemented on a demonstration basis in the County of San Diego, upon the adoption of a resolution by the board of supervisors authorizing it, for the period from January 1, 1984, to January 1, 1986. The Board of Supervisors of the County of San Diego may establish a fee for the processing of accounts receivable that are not to be paid in installments. The defendant shall pay to the clerk of the court or the collecting agency the fee established for the processing of these accounts. The fee shall equal the administrative and clerical costs, as determined by the board of supervisors, except that the fee shall not exceed thirty dollars ($30).

(e) The Board of Supervisors of the County of San Diego, if it has implemented the program authorized by subdivision (d), shall submit a written report to the Legislature, on an annual basis, detailing the following information:

(1) The number of defendants upon whom the county has imposed fees pursuant to subdivision (d).

(2) The number of defendants upon whom the county has imposed fines pursuant to this section.

(3) The actual costs associated with processing accounts receivable that are not to be paid in installments.

(4) The amount of revenue derived from assessment of fees pursuant to subdivision (d).

SEC. 109. Section 11105.5 of the Penal Code is amended to read:

11105.5. When the Department of Justice receives a report that the record of a person has been sealed under Section 851.7, 851.8, or 1203.45, it shall send notice of that fact to all officers and agencies that

it had previously notified of the arrest or other proceedings against the person.

SEC. 110. Section 12076 of the Penal Code is amended to read:

12076. (a) The purchaser of any firearm capable of being concealed upon the person shall be required to present clear evidence of his or her identity, as defined in Section 12071, to the dealer, and the dealer shall require him or her to sign his or her legal name and affix his or her residence address and date of birth to the register in quadruplicate. The salesperson shall affix his or her signature to the register in quadruplicate as a witness to the signature and identification of the purchaser. Any person furnishing a fictitious name or address or knowingly furnishing an incorrect birth date, and any person violating any provision of this section is guilty of a misdemeanor.

(b) Two copies of the original sheet of the register shall, on the date of sale, be placed in the mail, postage prepaid, and properly addressed to the Department of Justice at Sacramento. The third copy of the original shall be mailed, postage prepaid, to the chief of police, or other head of the police department, of the city or county wherein the sale is made. Where the sale is made in a district where there is no municipal police department, the third copy of the original sheet shall be mailed to the sheriff of the county wherein the sale is made.

(c) If the department determines that the purchaser is a person described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code, it shall immediately notify the dealer of that fact.

If the department determines that the copies of the register submitted to it pursuant to subdivision (b) contain any blank spaces or inaccurate, illegible, or incomplete information, preventing identification of the purchaser or the pistol, revolver, or other firearm to be purchased, or if any fee required pursuant to subdivision (d) is not submitted by the dealer in conjunction with submission of copies of the register, the department may notify the dealer of that fact. Upon notification by the department, the dealer shall submit corrected copies of the register to the department, or shall submit any fee required pursuant to subdivision (d) or both, as appropriate and, if notification by the department is received by the dealer at any time prior to delivery of the pistol, revolver, or other firearm to be purchased, the dealer shall withhold delivery until the conclusion of the waiting period described in Sections 12071 and 12072.

(d) The Department of Justice may charge the dealer a fee, not to exceed the actual processing costs of the department, sufficient to reimburse the department for the cost of furnishing this information. All money received by the department pursuant to this section shall be deposited in the Dealers' Record of Sale Special Account of the General Fund, which is hereby created, to be available, upon

appropriation by the Legislature, for expenditure by the department to offset the costs incurred pursuant to this section.

SEC. 111. Section 12306 of the Penal Code is amended to read:

12306. (a) Any person, firm or corporation, other than those included in Section 12305, shall obtain a permit from the Department of Justice before possessing or transporting any destructive device.

(b) Applications for permits shall be filed in writing, signed by the applicant if an individual, or by a member or officer qualified to sign if the applicant is a firm or corporation, and shall state the name, business in which engaged, business address and a full description of the use to which the destructive devices are to be put.

(c) Applications and permits shall be uniform throughout the state on forms prescribed by the Department of Justice.

(d) Each applicant for a permit shall pay at the time of filing his or her application a fee determined by the Department of Justice not to exceed the application processing costs of the Department of Justice. A permit granted pursuant to this article may be renewed one year from the date of issuance, and annually thereafter, upon the filing of a renewal application and the payment of a permit renewal fee not to exceed the application processing costs of the Department of Justice. After the department establishes fees sufficient to reimburse the department for processing costs, fees charged shall increase at a rate not to exceed the legislatively approved annual cost-of-living adjustments for the department's budget.

SEC. 112. Section 13505 of the Penal Code is amended to read:

13505. In exercising its functions, the commission shall endeavor to minimize costs of administration so that a maximum of funds will be expended for the purpose of providing training and other services to local law enforcement agencies. All expenses shall be a proper charge against the revenue accruing under Article 3 (commencing with Section 13520).

SEC. 113. Section 21005 of the Public Resources Code, as added by Chapter 1438 of the Statutes of 1984, is repealed. The repeal made by this section shall not affect the existence or validity of Section 21005 of the Public Resources Code, as added by Chapter 1514 of the Statutes of 1984.

SEC. 114. Section 21167.8 of the Public Resources Code, as added by Chapter 1438 of the Statutes of 1984, is repealed. The repeal made by this section shall not affect the existence or validity of Section 21167.8 of the Public Resources Code, as added by Chapter 1514 of the Statutes of 1984.

SEC. 115. Section 1039 of the Public Utilities Code is repealed.

SEC. 116. Section 140003 of the Public Utilities Code is amended to read:

140003. "Board of supervisors" means the Santa Clara County Board of Supervisors.

SEC. 117. Section 140256.7 of the Public Utilities Code is amended to read:

140256.7. It is the intent of the Legislature that funds generated pursuant to this division do not replace local funds which would otherwise be spent on highway projects. Funds generated pursuant to this division shall not be expended to replace local funds committed by local governments for expenditure on the portion of State Highway Route 85 east of State Highway Route 87 as of July 16, 1984. However, these funds may be expended on Route 85 for the purposes of adding lanes for vehicular traffic or for costs associated with the conversion of Route 85 into an expressway or a freeway.

SEC. 118. Section 75.72 of the Revenue and Taxation Code is amended to read:

75.72. Any penalties, costs, or other charges resulting from delinquency of supplemental taxes shall be distributed pursuant to Part 8 (commencing with Section 4651).

SEC. 119. Section 480.4 of the Revenue and Taxation Code, as added by Chapter 872 of the Statutes of 1984, is amended and renumbered to read:

480.5. (a) Every owner of tax-exempt real property shall report to the local assessor the creation, renewal, sublease, or assignment of any lease, sublease, license, use permit, or other document which conveys the right to use that real property within 60 days of the transaction. The report shall include all of the following:

(1) The name and address of the owner.

(2) The names and addresses of all other parties to the transaction, including an identification of each party and of his or her possessory interest.

(3) The type of transaction, whether creation, renewal, sublease, or assignment.

(4) A description of the property.

(5) The date of the transaction.

(6) The terms of the transaction, including all of the following:

(A) The consideration for the possessory interest, whether paid in money or otherwise.

(B) The term of the possessory interest, including any renewal or extension options.

(C) If a sublease, the original term, the remaining term, and the consideration paid for the master lease.

(D) If an assignment, the original term, the remaining term, and the consideration paid for the underlying lease.

(b) This section shall be applicable only in those counties in which the board of supervisors, by ordinance or resolution, specifically elects to have this section applicable in the county. This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute which is chaptered on or before January 1, 1991, deletes or extends that date.

SEC. 120. Section 6471 of the Revenue and Taxation Code is repealed.

SEC. 121. Section 6471.5 of the Revenue and Taxation Code is

amended and renumbered to read:

6471. (a) Upon written notification by the board, any person whose estimated measure of tax liability under this part averages seventeen thousand dollars ($17,000) or more per month, as determined by the board, shall, without regard to the measure of tax in any one month make prepayments as prescribed in this section.

(1) In the first, third, and fourth calendar quarters, the person shall prepay not less than 90 percent of the amount of state and local tax liability for each of the first two monthly periods of each quarterly period.

(2) In the second calendar quarter, the person shall prepay a first prepayment of 95 percent of the amount of state and local tax liability for the first monthly period of each quarterly period and a second prepayment of either of the following:

(A) Ninety-five percent of the amount of state and local tax liability for the second monthly period of the quarterly period, plus 95 percent of the amount of state and local tax liability for the first 15 days of the third monthly period of the quarterly period.

(B) Ninety-five percent of the amount of state and local tax liability for the second monthly period of the quarterly period, plus 50 percent of 95 percent of the amount of the liability for the second monthly period of the quarterly period.

(b) Persons engaged in their present business during all of the corresponding quarterly period of the preceding year, or persons who are successors to a business which was in operation during all of that quarterly period, may satisfy the above monthly prepayment requirements for the first, third, and fourth calendar quarters by payment of an amount equal to one-third of the measure of tax liability reported on the return or returns filed for that quarterly period of the preceding year multiplied by the state and local tax rate in effect during the month for which the prepayment is made.

The persons may satisfy their prepayment requirements for the second calendar quarter by making a first prepayment of an amount equal to one-third of the measure of tax liability reported, and a second prepayment of an amount equal to one-half of the measure of tax liability reported, on the return or returns filed for that quarterly period of the preceding year multiplied by the state and local tax rate in effect during the month for which the prepayment is made.

Prepayments shall be made during the quarterly periods designated by the board and during each succeeding quarterly periods until further notified in writing by the board.

SEC. 122. Section 6472 of the Revenue and Taxation Code is repealed.

SEC. 123. Section 6472.5 of the Revenue and Taxation Code is amended and renumbered to read:

6472. For purposes of Section 6471.5, prepayment shall be accompanied by a report of the amount of the prepayment in a form

prescribed by the board and shall be made to the board as follows:

(a) In the first, third, and fourth calendar quarters, on or before the 24th day next following the end of each of the first two monthly periods of each quarterly period.

(b) In the second calendar quarter as follows:

(1) The first prepayment on or before the 24th day next following the end of the first monthly period of each quarterly period.

(2) The second prepayment on or before the 23rd day of the third monthly period of each quarterly period for the second monthly period and the first 15 days of the third monthly period of each quarterly period.

SEC. 124. Section 6474 of the Revenue and Taxation Code is repealed.

SEC. 125. Section 6474.5 of the Revenue and Taxation Code is amended and renumbered to read:

6474. In determining whether a person's estimated measure of tax liability averages seventeen thousand dollars ($17,000) or more per month for purposes of Section 6471.5, the board may consider tax returns filed pursuant to this part as well as any information in the board's possession or which may come into its possession.

SEC. 126 Section 17046 of the Revenue and Taxation Code is amended to read:

17046. For purposes of this part, "surviving spouse" has the same meaning as that term is defined by Section 2(a) of the Internal Revenue Code.

SEC. 127. Section 17052.8 of the Revenue and Taxation Code is amended to read:

17052.8. (a) (1) There shall be allowed as a credit against the amount of "net tax" (as defined in Section 17039, an amount equal to the amount determined in paragraph (2), (3), or (5).

(2) Except as provided in paragraphs (3) and (5), the amount of the credit allowed by this section shall be 40 percent of the cost (as defined in paragraph (7)) incurred by the taxpayer for energy conservation measures installed on premises in California which are owned by the taxpayer at the time of installation. For energy conservation measures which are installed on or after August 1, 1983, the percentage specified in the preceding sentence shall be 35 percent (in lieu of 40 percent). The credit shall not exceed one thousand five hundred dollars ($1,500) for each premises. The owner of the premises on which the energy conservation measures are installed may claim the tax credit for costs incurred; however, an owner-builder or owner-developer of new dwellings may elect not to claim the energy conservation tax credit for any or all energy conservation measures installed on new dwellings. If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for energy conservation measures, the original purchaser of the new dwelling on which the measures are installed may claim the credit provided that the purchaser can confirm the

election by a written document signed by the owner-builder or owner-developer.

The energy conservation tax credit shall be claimed in the state income tax return for the taxable year in which the energy conservation measures were installed. However, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for energy conservation measures, the original purchaser of the new dwelling on which the energy conservation measures are installed may claim the credit in the taxable year during which the purchaser's escrow closed or the taxable year during which the purchaser acquired legal title to the dwelling.

A taxpayer who claimed the energy conservation tax credit in the state income tax return for the taxable year in which the energy conservation measure was installed, may in any subsequent year claim an energy conservation tax credit for additional energy conservation measures installed in that tax year.

(3) With regard to premises in California which are owned by the taxpayer, other than dwellings, on which the cost of the measures (as defined in paragraph (7)) exceeds six thousand dollars ($6,000), the amount of the credit allowed by this section shall be 25 percent of the cost (as defined in paragraph (7)) of the energy conservation measures.

(4) (A) If energy conservation measures serve two or more dwelling units, the owner or owners of the dwellings shall be eligible to receive the credit in proportion to the number of dwelling units served. The amount of the credit shall be determined by dividing the cost (as defined in paragraph (7)) of the energy conservation measures by the number of dwelling units served by the energy conservation measures, and applying the formula described in paragraph (2) or (5) to the per dwelling cost.

(B) In the case of a taxpayer who qualifies for a refund provided for under this subdivision, whose credits exceed tax liability computed under this part, minus all other credits provided for in this part, except the credits provided in Sections 17053.5, 17061, and 18551.1, the taxpayer shall be allowed a credit to the extent of the taxpayer's tax liability plus a refund in excess of that amount up to, or combined credit and refund equal to, the credit otherwise provided in this section. For the purposes of this subdivision, a taxpayer qualified for a refund means an individual taxpayer whose adjusted gross income is less than fifteen thousand dollars ($15,000) and married taxpayers filing joint returns whose adjusted gross income is less than thirty thousand dollars ($30,000), in the taxable year in which the credit provided in this section is claimed. This subparagraph does not apply to taxable years beginning on or after January 1, 1982.

(5) Taxpayers who partially own and partially lease on premises in California which are owned by the taxpayer energy conservation measures from a utility or other lessor shall receive a tax credit as

provided in subparagraph (A) or (B).

(A) Except as provided in subparagraph (B), the credit provided by this paragraph shall equal 40 percent of the cost (as defined in paragraph (7)) of the purchased portion and 40 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the energy conservation tax credit terminates, whichever occurs first. For energy conservation measures which are installed on or after August 1, 1983, the percentage specified in the preceding sentence shall be 35 percent (in lieu of 40 percent). The credit shall not exceed one thousand five hundred dollars ($1,500) for each premises.

(B) In the case of premises, other than dwellings, on which the cost (as defined in paragraph (7)) incurred by the lessor exceeds six thousand dollars ($6,000), the credit provided by this paragraph shall equal 25 percent of the cost (as defined in paragraph (7)) of the purchased portion and 25 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the energy conservation tax credit terminates, whichever occurs first.

(6) For purposes of computing the credit provided by this section and the basis of the property, the cost of any energy conservation measure eligible for the credit provided by this section shall be reduced by the amount of any grant or any nonreimbursable financial assistance (other than interest charges) provided by a utility or a public entity.

(7) For the purposes of computing the credit provided by this section, "cost" includes installation charges, but excludes interest charges. In the case of measures which are leased, "cost" means the principal recovery portion of monthly lease payments. "Principal recovery portion" means the cost incurred by the lessor in acquiring the energy conservation measures, but does not include interest charges, sales taxes, or maintenance expenses.

(b) The basis of any energy conservation measure for which a credit is allowed shall be reduced by the amount of the credit. The basis adjustment shall be made for the taxable year for which the credit is allowed.

(c) With the exception of a husband and wife, if there is more than one owner of a premises on which energy conservation measures are installed, each owner shall be eligible to receive the energy conservation tax credit in proportion to his or her ownership interests in the premises. In the case of a partnership, the energy conservation tax credit may be divided between the partners pursuant to a written partnership agreement. In the case of a husband or wife who files a separate return, the credit may be taken by either or equally divided between them.

(d) The tax credit provided by this section does not apply to trusts or estates subject to tax under this part.

(e) In the case where the credit allowed under this section

exceeds the "net tax" for the taxable year, that portion of the credit which exceeds this "net tax" may be carried over to the "net tax" in succeeding taxable years, with respect to which this section shall remain in effect for purposes of carrying over excess credit until the credit is used. The credit shall be applied first to the earliest years possible. With regard to energy conservation measures installed between August 1, 1983, and December 31, 1983, no more than 50 percent of the allowable credits under this section shall be applied against the taxpayer's "net tax" for the 1983 taxable year. The remaining portion of the credit shall be carried over to succeeding taxable years until that credit is used.

(f) The Energy Resources Conservation and Development Commission shall, after one or more public hearings, adopt regulations which establish minimum standards which any item of a generic category of energy conservation measure, as defined by this section, must meet to be eligible for an energy conservation tax credit. The standards shall include minimum provisions for effectiveness, safety, and consumer protection which are consistent with standards established pursuant to the National Energy Conservation Policy Act and other applicable federal and state law. The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section. Regulations adopted by the Energy Resources Conservation and Development Commission and the Franchise Tax Board, pursuant to this section, shall be in language which is easily understood by the general public.

(g) (1) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of energy conservation measures in dwelling units, then to the extent the credit is allowed or allowable for an energy conservation measure as defined in this section, the state credit provided in paragraph (2) of subdivision (a) shall be reduced so that the combined effective credit shall not exceed either 40 percent or 35 percent, as provided in paragraph (2) and subparagraph (A) of paragraph (5) of subdivision (a), of the costs, notwithstanding the carryover provisions of subdivision (e).

(2) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of energy conservation measures in other than dwelling units, then to the extent the credit is allowed or allowable for an energy conservation measure as defined in this section, the state credit provided in paragraphs (2) and (3) of subdivision (a) shall be reduced by the amount of the federal credit.

(h) For purposes of this section:

(1) "Installed" means placed in position in a functionally operative state.

(2) "Owner" includes duly recorded holders of legal title, lessees with at least three years remaining on their lease, a person purchasing premises under a contract of sale, or who holds shares or

membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy to the premises, a person who is a member of a nonprofit corporation or association which is a duly recorded holder of legal title, or a person who is a member of a nonprofit corporation or association which is a lessee with at least three years remaining on its lease.

(3) "Premises" means land, buildings, or mobilehomes.

(4) "Dwelling" means a building used for residential purposes, and includes single-family residences, mobilehomes, and individual units of apartments, condominiums, cooperatives, or other similar multiple dwellings.

(5) "Energy conservation measure" means any item with a useful life of not less than three years of one of the following generic categories which meets the minimum standards as specified pursuant to subdivision (f):

(A) Ceiling insulation.

(B) Weatherstripping of all doors and windows which lead to unheated or uncooled areas so as to effectively and reliably limit air infiltration.

(C) An external water heater insulation blanket.

(D) Low flow devices on all accessible shower heads.

(E) Caulking or sealing of all major cracks and joints and other openings in building exteriors to reduce the loss of heated or cooled air or the entry of outside air where feasible, and sealing of wall outlets.

(F) Insulation of all accessible supply and return heating and cooling system ducts and plenums which are located in unheated or uncooled areas and sealing of all duct and plenum joints with pressure-sensitive tape or mastic.

(G) Wall insulation.

(H) Floor insulation in premises with electrical resistance heating.

(I) Ventilation cooling fans, attic ventilators, and economizer systems.

(J) Heat pumps and water heating heat pumps (including those which use air, water, or earth as a source or sink of heat) which replace electric resistance heaters or are used in conjunction with a solar energy system.

(K) Covers for swimming pools or hot tubs which transmit the sun's radiation energy into the water or reduce heat loss or water evaporation.

(L) For existing dwellings, such other measures or devices as may be designated "residential energy conservation measures" approved and adopted as part of the operational California plan approved in 1983 pursuant to Section 456.204 of Title 10 of the Code of Federal Regulations and maintained under the authority of this section until December 31, 1985, or an appropriate operational Residential Conservation Service Plan pursuant to the provisions of Section 210

of Title II of the National Energy Conservation Policy Act (92 Stat. 3206) and recommended as the result of an audit conducted under the auspices of such a plan. This generic category includes, but is not limited to, all of the following:

(i) Electrical or mechanical furnace ignition systems which replace gas pilot lights.

(ii) Devices modifying the openings of heating and cooling systems which achieve increased efficiency.

(iii) Storm or thermal windows or doors for the exterior of dwellings, evaporative coolers, heat absorbing or heat reflective glazed windows and door materials, exterior shading devices, and movable insulation such as shutters or thermal drapes, which substantially reduce the energy needed for space heating and cooling.

(iv) Load management devices to reduce the direct or indirect use of electricity through interruption, storage, or load limiting.

(v) Floor insulation except as specified in subparagraph (H).

(M) For existing dwellings where there is no operational Residential Conservation Service (RCS) Plan certified in accordance with this section or in regions where such a plan does not provide energy audits, and for premises, other than dwellings:

(i) Electrical or mechanical furnace ignition systems which replace gas pilot lights.

(ii) Devices modifying the openings of restaurant food preparation appliances or heating and cooling systems so as to achieve increased energy efficiency.

(iii) Storm or thermal windows or doors for the exterior of dwellings, evaporative coolers, heat absorbing or heat reflective glazed windows and door materials, exterior shading devices, and movable insulation such as shutters or thermal drapes, which substantially reduce the energy needed for space heating and cooling, and glazing materials (other than doors and windows), controls, or automatic switching devices for effective use of natural light to replace electric interior lighting which result in a net energy savings.

(iv) Load management devices to reduce the direct or indirect use of electricity through interruption, storage, or load limiting.

(v) Floor insulation, except as specified in subparagraph (H).

(N) For newly constructed dwellings:

(i) Storm or thermal windows or doors for the exterior of dwellings.

(ii) Evaporative coolers.

(iii) Heat absorbing or heat reflective glazed windows and door materials.

(iv) Exterior shading devices.

(v) Movable insulation such as shutters or thermal drapes.

(vi) Load management devices.

(vii) Floor insulation.

Energy conservation measures in the generic categories of subparagraphs (A), (B), (C), (D), (E), and (F) installed in multifamily dwelling units, and (G), (H), (I), (J), (L), (M), and (N) installed in any premises, shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for taxable years which begin after December 31, 1985. State agencies shall ensure that taxpayers may qualify for a tax credit under the provisions of subparagraph (L) until the termination date set forth in this paragraph.

Energy conservation measures in the generic categories of subparagraphs (A), (B), (C), (D), (E), and (F), installed in premises other than multifamily dwelling units, and (K) installed in any premises shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for taxable years which begin after December 31, 1986.

Any unused credit may be used beyond the date specified on the same basis and to the same extent as permitted under the law in effect immediately prior to that date.

(6) The energy conservation tax credit provided by this section also applies to the cost of conducting energy audits and engineering feasibility studies resulting therefrom.

(7) "Operational Residential Conservation Service Plan" means the operational California plan approved in 1983 pursuant to Section 456.204 of Title 10 of the Code of Federal Regulations and maintained under the authority of this section until December 31, 1985, or a Residential Conservation Service (RCS) Plan, developed pursuant to Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206), and which provides energy audits for measures identified in this section in accordance with the requirements of such an RCS Plan. The Energy Resources Conservation and Development Commission shall, after at least one public hearing, certify when participating utilities identified in the California Plan for the Residential Conservation Service dated January 1981, have operational RCS Plans. In the case of a publicly owned utility, a Residential Conservation Service Plan developed pursuant to Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206), shall be certified by the governing board of the publicly owned utility to be operational. Certification that a plan is operational by the commission or the governing board of a publicly owned utility shall occur only after a finding is made that audits are available to utility customers within the time specified in the appropriate approved plan.

(i) In lieu of claiming the tax credit provided by this section, the taxpayer may elect to take depreciation pursuant to Section 17253. In addition, the taxpayer may take depreciation pursuant to that section for the cost of an energy conservation measure in excess of the amount of the tax credit claimed under this section.

(j) No tax credit may be claimed under this section for any

expenditures which have been otherwise claimed as a tax credit for the taxable year in which the energy conservation measure was installed or for any prior taxable year.

(k) No credit shall be allowed under this section if the amount would (but for this subdivision) be less than ten dollars ($10).

(*l*) (1) Except as provided in paragraph (2), the tax credit provided by this section does not apply to energy conservation measures required by state laws and regulations pursuant thereto, at the time of installation.

(2) Notwithstanding paragraph (1), a credit shall be allowed for energy conservation measures specified in subparagraph (K) of paragraph (5) of subdivision (h).

This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is chaptered before that date, deletes or extends that date.

SEC. 128. Section 17274 of the Revenue and Taxation Code is amended to read:

17274. (a) Notwithstanding any other provisions in this part to the contrary, in the case of a taxpayer who derives rental income from substandard housing located in this state, no deduction shall be allowed for interest, taxes, depreciation, or amortization paid or incurred in the taxable year with respect to the substandard housing, except as provided in subdivision (e).

(b) "Substandard housing" means housing which (1) has been determined by a state or local government regulatory agency to violate state law or local codes dealing with health, safety, or building; and (2) after written notice of violation by the regulatory agency, specifying the applicability of this section, has not been brought to a condition of compliance within six months after the date of the notice or the time prescribed in the notice, whichever period is later; or on which good faith efforts for compliance have not been commenced, as determined by the regulatory agency. The regulatory agency may, for good cause shown, extend the compliance date prescribed in a violation notice.

(c) When the period specified in subdivision (b) has expired without compliance, the regulatory agency shall mail to the taxpayer a notice of noncompliance. The notice of noncompliance shall be in such form and shall include such information as may be prescribed by the Franchise Tax Board, shall be mailed by certified mail to the taxpayer at the taxpayer's last known address, and shall advise the taxpayer (1) of an intent to notify the Franchise Tax Board of the noncompliance within 10 days unless an appeal is filed, (2) where an appeal may be filed, and (3) of a general description of the tax consequences of the filing with the Franchise Tax Board. Appeals shall be made to the same body and in the same manner as appeals from other actions of the regulatory agency. If no appeal is made within 10 days or after disposition of the appeal if the regulatory agency is sustained, the regulatory agency shall notify the Franchise

Tax Board of the noncompliance. No deduction shall be allowed for the items provided in subdivision (a) from the date of the notice of noncompliance until the date the regulatory agency determines that the substandard housing has been brought to a condition of compliance. The regulatory agency shall mail to the Franchise Tax Board and the taxpayer a notice of compliance, which notice shall be in such form and include such information as may be prescribed by the Franchise Tax Board. In the event the period of noncompliance does not cover an entire taxable year, the deductions shall be denied at the rate of one-twelfth for each full month during the period of noncompliance.

If the property is owned by more than one owner or if recorded title is in the name of a fictitious owner, the notice requirements provided in subdivision (b) and this subdivision shall be satisfied for each owner if the notices are mailed to one owner or to the fictitious name owner at the address appearing on the latest available property tax bill. However, notices made pursuant to this subdivision shall not relieve the regulatory agency from furnishing taxpayer identification information required to implement this section to the Franchise Tax Board.

(d) For the purposes of this section, a notice of noncompliance shall not be mailed by the regulatory agency to the Franchise Tax Board if any of the following occur:

(1) The rental housing was rendered substandard solely by reason of earthquake, flood, or other natural disaster except where the condition remains for more than three years after the disaster.

(2) The owner of the rental housing has secured financing to bring the housing into compliance with those laws or codes which have been violated, causing the housing to be classified as substandard, and has commenced repairs or other work necessary to bring the housing into compliance.

(3) The owner of rental housing which is not within the meaning of housing accommodation as defined by subdivision (d) of Section 35805 of the Health and Safety Code has attempted to:

(A) Secure financing to bring the housing into compliance with those laws or codes which have been violated, causing the housing to be classified as substandard; and

(B) The financing is denied solely because the housing is located in a neighborhood or geographical area in which financial institutions do not provide financing for rehabilitation of any such housing.

(e) This section does not apply to deductions from income derived from property rendered substandard solely by reason of a change in applicable state or local housing standards unless the violations cause substantial danger to the occupants of the property, as determined by the regulatory agency which has served notice of violation pursuant to subdivision (b).

(f) The owner of rental housing found to be in noncompliance

shall, upon total or partial divestiture of interest in the property, immediately notify the regulatory agency of the name and address of the person or persons to whom the property has been sold or otherwise transferred and the date of the sale or transference.

(g) By July 1 of each year, the regulatory agency shall report to the appropriate legislative body of its jurisdiction all of the following information, for the preceding calendar year, regarding its activities to secure code enforcement, which shall be public information:

(1) The number of written notices of violation issued for substandard dwellings under subdivision (b).

(2) The number of violations complied with within the period prescribed in subdivision (b).

(3) The number of notices of noncompliance issued pursuant to subdivision (c).

(4) The number of appeals from those notices pursuant to subdivision (c).

(5) The number of successful appeals by owners.

(6) The number of notices of noncompliance mailed to the Franchise Tax Board pursuant to subdivision (c).

(7) The number of cases in which a notice of noncompliance was not sent pursuant to subdivision (d).

(8) The number of extensions for compliance granted pursuant to subdivision (b) and the mean average length of the extensions.

(9) The mean average length of time from the issuance of a notice of violation to the mailing of a notice of noncompliance to the Franchise Tax Board where the notice is actually sent to the Franchise Tax Board.

(10) The number of cases where compliance is achieved after a notice of noncompliance has been mailed to the Franchise Tax Board.

(11) The number of instances of disallowance of tax deductions by the Franchise Tax Board resulting from referrals made by the regulatory agency. This information may be filed in a supplemental report in succeeding years as it becomes available.

SEC. 129. Section 17281 of the Revenue and Taxation Code is amended to read:

17281. In computing taxable income, no deductions shall be allowed to any taxpayer on any of his or her gross income directly derived from illegal activities as defined in Chapter 9 (commencing with Section 319), 10 (commencing with Section 330), or 10.5 (commencing with Section 337.1) of Title 9 of Part 1 of the Penal Code; nor shall any deductions be allowed to any taxpayer on any of his or her gross income derived from any other activities which directly tend to promote or to further, or are directly connected or associated with, those illegal activities. A prior, final determination by a court of competent jurisdiction of the state in any criminal proceeding or any proceeding in which the state, county, city and county, city, or other political subdivision was a party thereto on the

merits of the legality of the activities of a taxpayer or predecessor in interest of a taxpayer shall be binding upon the Franchise Tax Board and State Board of Equalization.

SEC. 130. Section 17504 of the Revenue and Taxation Code is amended to read:

17504. Section 402(a) of the Internal Revenue Code, relating to taxability of beneficiaries of exempt trusts, shall be modified as follows:

(a) Any amount qualifying for capital gain treatment under Section 402(a)(2) of the Internal Revenue Code shall be treated as a gain from the sale or exchange of a capital asset held for more than five years.

(b) Section 402(a)(2) of the Internal Revenue Code does not apply to any distribution to the extent that the distribution is attributable to contributions made on behalf of the employee while he or she was an employee within the meaning of Section 401(c)(1) of the Internal Revenue Code.

SEC. 131. Section 17635 of the Revenue and Taxation Code is amended to read:

17635. (a) An organization described in Section 401(a) of the Internal Revenue Code which is subject to the provisions of this section shall not be exempt from taxation under Section 17631 if it has engaged in a prohibited transaction after December 31, 1960.

(b) An organization described in Section 401(a) of the Internal Revenue Code shall be denied exemption from taxation under Section 17631 by reason of subdivision (a) only for taxable years after the taxable year during which it is notified by the Franchise Tax Board that it has engaged in a prohibited transaction, unless the organization entered into the prohibited transaction with the purpose of diverting corpus or income of the organization from its exempt purposes, and the transaction involved a substantial part of the corpus or income of the organization.

SEC. 132. Section 18033 of the Revenue and Taxation Code is amended to read:

18033. Section 1014(b) of the Internal Revenue Code, relating to property acquired from a decedent, shall be modified as follows:

(a) Sections 1014(b)(5) through (10), inclusive, do not apply.

(b) The following property shall be considered to have been acquired from or to have passed from the decedent:

(1) In case of decedents dying on or after January 1, 1976, property which represents the surviving spouse's one-half share of community property held by the decedent and the surviving spouse under the community property laws of any state, territory, or possession of the United States or any foreign country, if the decedent's one-half of the whole of the community interest in the property was transferred, within the meaning of Chapter 3 (commencing with Section 13551) of the California Inheritance Tax Law, to someone other than the surviving spouse.

(2) In the case of decedents dying after April 8, 1953, but before January 1, 1976, property which represents the surviving spouse's one-half share of community property held by the decedent and the surviving spouse under the community property laws of any state, territory, or possession of the United States or any foreign country, if at least one-half of the whole of the community interest in the property was includable in determining the value of the decedent's gross estate under Chapter 3 (commencing with Section 13551) of the California Inheritance Tax Law.

(3) In the case of decedents dying after December 31, 1952, and before the annuity starting date, if the date is on or after January 1, 1968, property which represents the survivor's interest in a joint and survivor's annuity if the value of any part of the interest was required to be included in determining the value of the decedent's gross estate under the California Inheritance Tax Law.

(4) In the case of decedents dying after December 31, 1954, property acquired from the decedent by reason of death, form of ownership, or other conditions (including property acquired through the exercise or nonexercise of a power of appointment), if by reason thereof the property is required to be included in determining the value of the decedent's estate under Part 8 (commencing with Section 13301). In that case, if the property is acquired before the death of the decedent, the basis shall be the amount determined under Section 1014(a) of the Internal Revenue Code reduced by the amount allowed to the taxpayer as deductions in computing taxable income under this part or prior income tax laws for exhaustion, wear and tear, obsolescence, amortization, and depletion on that property before the death of the decedent. The basis shall be applicable to the property commencing on the death of the decedent. This paragraph does not apply to any of the following:

(A) Property described in any other subdivision of this section.

(B) Annuities described in Sections 72(a) to 72(*l*), inclusive, of the Internal Revenue Code.

SEC. 133. Section 18162.5 of the Revenue and Taxation Code is amended to read:

18162.5. (a) In the case of any taxpayer, only the following percentages of the gain or loss recognized upon the sale or exchange of a capital asset, except gains from small business stock or nonproductive assets, shall be taken into account in computing taxable income:

(1) One hundred percent if the capital asset has been held for not more than one year.

(2) Sixty-five percent if the capital asset has been held for more than one year but not more than five years.

(3) Fifty percent if the capital asset has been held more than five years.

(b) In the case of any taxpayer, only the following percentages of

the gain recognized upon the sale or exchange of small business stock shall be taken into account in computing taxable income:

(1) One hundred percent if the small business stock has been held for not more than one year.

(2) Sixty-five percent if the small business stock has been held for more than one year but not more than three years.

(3) Zero percent if the small business stock has been held for more than three years, and if at the time of sale, the fair market value (as defined in Section 110) of land owned or controlled by the corporation does not exceed 25 percent of the fair market value of the corporation (as reflected in the price at which the stock was sold).

(c) In the case of any taxpayer, only the following percentages of the gain recognized upon the sale or exchange of nonproductive assets shall be taken into account in computing taxable income:

(1) One hundred percent if the nonproductive asset has been held for not more than one year.

(2) Seventy percent if the nonproductive asset has been held for more than one year but not more than five years.

(3) Fifty percent if the nonproductive asset has been held for more than five years.

(d) Subdivision (b) applies with respect to small business stock acquired after September 16, 1981.

(e) For purposes of this section, "small business stock" is an equity security issued by a corporation which has the following characteristics at the time of acquisition by the taxpayer:

(1) The commercial domicile or primary place of business is located within California.

(2) The total employment of the corporation is no more than 500 employees, as measured by the number of employees covered by federal unemployment insurance on December 31 of the year preceding acquisition of the small business stock, a majority of which employees were covered by California unemployment insurance on December 31 of the year preceding acquisition of the small business stock. However, if more than 50 percent of the outstanding equity securities of all classes are held by another corporation, the employment of the controlling corporation shall be counted as employment of the eligible corporation for purposes of this section.

(3) The outstanding issues of the corporations, including those held by the taxpayer, are not listed on the New York Stock Exchange, the American Stock Exchange, or the National Association of Securities Dealers Automated Quotation System.

(4) No more than 25 percent of gross receipts in the immediate prior income year were obtained from rents, interest, dividends, or sales of assets.

(5) The corporation is not engaged primarily in the business of holding land.

(6) Notwithstanding paragraph (4), "small business stock"

includes an equity security issued by a corporation which has derived no more than 25 percent of its gross receipts from rents, dividends, or sales of assets during any of the first four income years following the date of its incorporation.

Paragraph (6) shall not be deemed satisfied by a corporation which issues equity securities if that corporation, for tax purposes only, liquidates its assets, in whole or in part, in anticipation of qualifying under those provisions and then subsequently reorganizes that portion of the corporation under a new name.

(f) For purposes of this section, "small business stock" does not include an equity security issued by a corporation which has either of the following characteristics in the income year immediately prior to the taxpayer's sale or exchange of the equity security:

(1) More than 25 percent of its gross receipts were obtained from rents, interest, dividends, or sales of assets.

(2) The corporation was primarily engaged in the business of holding land.

(g) For purposes of this section, a "nonproductive asset" is any piece of property which is any of the following:

(1) A precious or strategic metal, including but not limited to, gold, silver, and platinum, except when used by the taxpayer in his or her trade or business.

(2) Jewelry or individual gems, except when used by the taxpayer in his or her trade or business.

(3) Objects of art, except when used by the taxpayer in his or her trade or business.

(4) Antique items, including, but not limited to, furniture, automobiles, coins, and ceramic objects, except when used by the taxpayer in his or her trade or business.

(5) Stamps, except when used by the taxpayer in his or her trade or business.

SEC. 134. Section 18244 of the Revenue and Taxation Code is amended to read:

18244. (a) This article applies to the taxable year only if the taxpayer chooses to have the benefits of this article for that taxable year. The choice may be made or changed at any time before the expiration of the period prescribed for making a claim for credit or refund of the tax imposed by this part for the taxable year.

(b) If the taxpayer chooses the benefits of this article for the taxable year, subdivision (b) of Section 17085 (relating to limitation of tax in case of certain distributions with respect to contributions by self-employed individuals) shall not apply to him or her for that year.

(c) (1) Paragraph (2) applies to any individual who was married for any base period year or the computation year. However, the paragraphs do not apply in respect of a base period year if all of the following apply:

(A) The individual and the individual's spouse make a joint return for the computation year.

(B) The individual was not married to any other spouse for the base period year.

(2) For purposes of this article, the base period income of an individual for any base period year shall not be less than 50 percent of the base period income which would result from combining his or her income and deductions for the year with any of the following, as appropriate:

(A) With the income and deductions for the year of the individual who is his or her spouse for the computation year.

(B) If greater, with the income and deductions for the year of the individual who was his or her spouse for the base period year.

(3) For purposes of this subdivision, Section 143 of the Internal Revenue Code applies in determining whether an individual is married for any taxable year.

(d) In the case of a joint return, the three thousand dollars ($3,000) figure contained in Section 18241 shall be applied to the aggregate averageable income.

(e) (1) Section 72(m) of the Internal Revenue Code (relating to penalties applicable to certain amounts received by owner-employees) shall be applied as if this article had not been enacted.

(2) Except as otherwise provided in this article, the order and manner in which items of income or limitations on tax shall be taken into account in computing the tax imposed by this part on the income of any eligible individual to whom Section 18241 applies for any computation year shall be determined under regulations prescribed by the Franchise Tax Board.

(f) In the case of any computation year or base period year which is a short taxable year, this article shall be applied in the manner provided in regulations prescribed by the Franchise Tax Board.

SEC. 135. Section 18586 of the Revenue and Taxation Code is amended to read:

18586. (a) Except in the case of a fraudulent return and except as otherwise expressly provided in this part, every notice of a proposed deficiency assessment shall be mailed to the taxpayer within four years after the return was filed. No deficiency shall be assessed or collected with respect to the year for which the return was filed unless the notice is mailed within the four-year period or the period otherwise fixed.

(b) The running of the period of limitations provided in subdivision (a) on mailing a notice of proposed deficiency assessment shall, in a case under Title 11 of the United States Code, be suspended for any period during which the Franchise Tax Board is prohibited by reason of that case from mailing the notice of proposed deficiency assessment and 60 days thereafter.

SEC. 136. Section 18654 of the Revenue and Taxation Code is amended to read:

18654. (a) If the individual who is in physical possession of cash

in excess of ten thousand dollars ($10,000) does not claim that cash in any of the capacities specified in paragraphs (1) and (2), then for purposes of Sections 18641 and 18642, it shall be presumed that the cash represents gross income of a single individual for the taxable year in which the possession occurs, and that the collection of tax will be jeopardized by delay:

(1) The cash is not claimed as his or hers.

(2) The cash is not claimed as belonging to another person whose identity the Franchise Tax Board can readily ascertain and who acknowledges ownership of that cash.

(b) In the case of any assessment resulting from the application of subdivision (a), all of the following apply:

(1) The entire amount of the cash shall be treated as taxable income for the taxable year in which the possession occurs.

(2) That income shall be treated as taxable at an 11 percent rate.

(3) Except as provided in subdivision (c), the possessor of the cash shall be treated (solely with respect to that cash) as the taxpayer for purposes of Chapter 18 (commencing with Section 18551) and Chapter 19 (commencing with Section 18801).

(c) If, after an assessment resulting from the application of subdivision (a), that assessment is abated and replaced by an assessment against the owner of the cash, that later assessment shall be treated for purposes of all laws relating to lien, levy, and collection as relating back to the date of the original assessment.

(d) For purposes of this section, the following definitions apply:

(1) "Cash" includes any cash equivalent.

(2) "Cash equivalent" means any of the following:

(A) Foreign currency.

(B) Any bearer obligation.

(C) Any medium of exchange to which both of the following apply:

(i) It is of a type which has been frequently used in illegal activities.

(ii) It is specified as a cash equivalent for purposes of this part in regulations prescribed by the Franchise Tax Board.

(3) Any cash equivalent shall be taken into account in the following manner:

(A) In the case of a bearer obligation, at its face amount.

(B) In the case of any other cash equivalent, at its fair market value.

SEC. 137. Section 18802.5 of the Revenue and Taxation Code is amended to read:

18802.5. (a) Every employer who during any calendar year provides group-term life insurance on the life of an employee during part or all of the calendar year under a policy (or policies) carried directly or indirectly by the employer shall make a return according to the forms or regulations prescribed by the Franchise Tax Board, setting forth the cost of the insurance and the name and address of

the employee on whose life the insurance is provided, but only to the extent that the cost of the insurance is includable in the employee's gross income under Section 79(a) of the Internal Revenue Code. For purposes of this section, the extent to which the cost of group-term life insurance is includable in the employee's gross income under Section 79(a) of the Internal Revenue Code shall be determined as if the employer were the only employer paying the employee remuneration in the form of that insurance.

(b) Every employer making a return under subdivision (a) shall furnish to each employee whose name is set forth in the return a written statement showing the cost of the group-term life insurance shown on the return. The written statement required under the preceding sentence shall be furnished to the employee on or before January 31 of the year following the calendar year for which the return under subdivision (a) was made.

SEC. 138. Section 18819 of the Revenue and Taxation Code is amended to read:

18819. (a) Any employer or person required to withhold and transmit any amount pursuant to this article shall comply with the requirement without resort to any legal or equitable action in a court of law or equity. Any employer or person paying to the Franchise Tax Board any amount required by it to be withheld is not liable therefor to the person from whom withheld unless the amount withheld is refunded to the withholding agent. However, if a depository institution, as defined in subparagraph (A) of paragraph 1 of subsection (b) of Section 461 of Title 12 of the United States Code withholds and pays to the Franchise Tax Board pursuant to this article any moneys held in a deposit account in which the delinquent taxpayer and another person or persons have an interest, or in an account held in the name of a third party or parties in which the delinquent taxpayer is ultimately determined to have no interest, the depository institution paying those moneys to the Franchise Tax Board is not liable therefor to any of the persons who have an interest in the account, unless the amount withheld is refunded to the withholding agent.

(b) In the case of a deposit account or accounts for which this notice to withhold applies, the depository institution shall send a notice by first-class mail to each person named on the account or accounts included in the notice from the Franchise Tax Board, provided that a current address for each person is available to the institution. This notice shall inform each person as to the reason for the hold placed on the account or accounts, the amount subject to being withheld, and the date by which this amount is to be remitted to the Franchise Tax Board. An institution may assess the account or accounts of each person receiving this notice a reasonable service charge not to exceed three dollars ($3).

SEC. 139. Section 19051.1 of the Revenue and Taxation Code is repealed.

SEC. 140. Section 19062.11 of the Revenue and Taxation Code is amended to read:

19062.11. (a) Except as provided in subdivisions (b), (c), and (d), if any overpayment of tax imposed by this part is refunded or credited within 90 days after the return is filed, or within 90 days after the last day prescribed for filing the return of tax (determined without regard to any extension of time for filing the return), whichever is later, no interest shall be allowed under Section 19062 on the overpayment.

For the purposes of this section, "overpayment of tax" includes a refund in excess of tax liability as prescribed in subdivision (h) of Section 17053.5.

(b) In the case of returns which set forth no determination or amount of tax liability, or credits other than that allowed under Section 17053.5, and which are filed solely for the purpose of claiming the renter credit, no interest shall be allowed on refunds made within 90 days from the date on which the return is filed, or within 90 days after the last day prescribed for filing the return, whichever is later. This subdivision applies only when communication with the claimant or other verification is necessary to determine entitlement to the claimed credit.

(c) For the 1982 taxable year and each taxable year thereafter, the 90-day time periods specified in subdivision (a) shall be 45 days.

(d) In the case of a return of tax which is filed after the last date prescribed for filing the return (determined with regard to extensions), no interest shall be allowed or paid for any day before the date on which the return is filed.

SEC. 141. Section 19085 of the Revenue and Taxation Code is amended to read:

19085. If the Franchise Tax Board fails to mail notice of action on any refund claim within six months after the claim was filed, the taxpayer may, prior to mailing of notice of action on the refund claim, consider the claim disallowed and bring an action against the Franchise Tax Board on the grounds set forth in the claim for the recovery of the whole or any part of the amount claimed as an overpayment. For substitution of the 120-day period for the six-month period contained in this section in a Title 11 case, see Section 505(a)(2) of Title 11 of the United States Code.

SEC. 142. Section 20645.7 of the Revenue and Taxation Code is amended to read:

20645.7. (a) In addition to the criminal penalty provided by Section 20645.9, any tax preparer who endorses or otherwise negotiates (directly or through an agent) any warrant made with respect to assistance claimed under this part which is issued to a claimant (other than the tax preparer) shall pay a penalty of two hundred fifty dollars ($250) with respect to each such warrant. The preceding sentence does not apply with respect to the deposit by a bank (as defined by Section 581 of the Internal Revenue Code) of the

full amount of the warrant in the claimant's account in that bank for the benefit of the claimant.

(b) For purposes of subdivision (a), "tax preparer" means any person who prepares for compensation, or who employs one or more persons to prepare for compensation, any claim for assistance under this part. For purposes of the preceding sentence, the preparation of a substantial portion of such a claim shall be treated as if it were the preparation of the claim.

A person shall not be a "tax preparer" merely because the person does any of the following:

(1) Furnishes typing, reproducing, or other mechanical assistance.

(2) Prepares as a fiduciary a claim for assistance for any person.

(c) This section does not apply where the tax preparer has advanced the taxpayer an amount of money equal to or greater than the amount of the taxpayer's tax refund.

SEC. 143. Section 24354.2 of the Revenue and Taxation Code is amended to read:

24354.2. (a) The taxpayer may elect, in accordance with regulations prescribed by the Franchise Tax Board, to compute the depreciation deduction provided by subdivision (a) of Section 24349 attributable to rehabilitation expenditures incurred with respect to low-income rental housing after December 31, 1970, and before January 1, 1984, under the straight line method using a useful life of 60 months and no salvage value. The method shall be in lieu of any other method of computing the depreciation deduction under subdivision (a) of Section 24349, and in lieu of any deduction for amortization, for the expenditures.

(b) (1) Except as provided in paragraph (2), the aggregate amount of rehabilitation expenditures paid or incurred by the taxpayer with respect to any dwelling unit in any low-income rental housing which may be taken into account under subdivision (a) shall not exceed twenty thousand dollars ($20,000).

(2) The aggregate amount of rehabilitation expenditures paid or incurred by the taxpayer with respect to any dwelling unit in any low-income rental housing which may be taken into account under subdivision (a) may exceed twenty thousand dollars ($20,000), but shall not exceed forty thousand dollars ($40,000), if the rehabilitation is conducted pursuant to a program certified by the Secretary of Housing and Urban Development, or his or her delegate, or by the government of this state or a political subdivision of the United States, and if any or all of the following occur:

(A) The certification of development costs is required.

(B) The tenants occupy units in the property as their principal residence and the program provides for sale of the units to tenants demonstrating home ownership responsibility.

(C) The leasing and sale of those units are pursuant to a program in which the sum of the taxable income, if any, from leasing of each

unit, for the entire period of leasing, and the amount realized from sale or other disposition of a unit, if sold, normally does not exceed the excess of the taxpayer's cost basis for the unit of property, before adjustment under Sections 24916 and 24917 for deductions under Sections 24349 through 24354.4, over the net tax benefits realized by the taxpayer, consisting of the tax benefits from the deductions under Sections 24349 through 24354.4 minus the tax incurred on the taxable income from leasing, if any.

(3) Rehabilitation expenditures paid or incurred by the taxpayer in any income year with respect to any dwelling unit in any low-income rental housing shall be taken into account under subdivision (a) only if over a period of two consecutive years, including the income year, the aggregate amount of those expenditures exceeds three thousand dollars ($3,000).

(c) For purposes of this section:

(1) "Rehabilitation expenditures" means amounts chargeable to capital account and incurred for property or additions or improvements to property (or related facilities) with a useful life of five years or more, in connection with the rehabilitation of an existing building for low-income rental housing; but the term does not include the cost of acquisition of the building or any interest therein.

(2) "Low-income rental housing" means any building the dwelling units in which are held for occupancy on a rental basis by families and individuals of low or moderate income, as determined by the Franchise Tax Board in a manner consistent with the Leased Housing Program under Section 8 of the United States Housing Act of 1937 pursuant to regulations prescribed under this section.

(3) "Dwelling unit" means a house or an apartment used to provide living accommodations in a building or structure, but does not include a unit in a hotel, motel, inn, or other establishment more than one-half of the units in which are used on a transient basis.

(4) Rehabilitation expenditures incurred pursuant to a binding contract entered into before January 1, 1984, and rehabilitation expenditures incurred with respect to low-income rental housing the rehabilitation of which has begun before January 1, 1984, shall be deemed incurred before January 1, 1984.

(d) The amendments to this section made by the 1977–78 Regular Session of the Legislature apply to expenditures paid or incurred after December 31, 1976, and before January 1, 1982, and expenditures made pursuant to a binding contract entered into before January 1, 1982. The amendment made in subdivision (b) applies to expenditures incurred after December 31, 1976.

(e) The amendment made to this section by Chapter 1558 of the Statutes of 1982 applies with respect to rehabilitation expenditures incurred after December 31, 1981.

SEC. 144. Section 24359.1 of the Revenue and Taxation Code is amended to read:

24359.1. Notwithstanding any other provision of law, any credit or deduction allowed by Section 23603 or 24357.8 shall not be disallowed on the basis that the contribution is made for the primary or incidental purpose of benefiting the donor in any of the following ways:

(a) Encouraging institutions to interest and train students to use a computer, scientific equipment, or apparatus, thereby enlarging the future potential market by developing prospective purchases.

(b) Developing and maintaining a favorable public image.

SEC. 145. Section 24414 of the Revenue and Taxation Code is amended to read:

24414. (a) Startup expenditures of a bank or corporation may, at the election of the bank or corporation, be treated as deferred expenses. These deferred expenses shall be allowed as a deduction ratably over such period of not less than 60 months as may be selected by the taxpayer (beginning with the month in which the bank or corporation begins business).

(b) For purposes of subdivision (a), "startup expenditure" means any amount paid or incurred in connection with any of the following activities, and which, if paid or incurred in connection with the expansion of an existing trade or business (in the same field as the trade or business referred to in paragraph (1) or (2)), would be allowable as a deduction for the income year in which paid or incurred:

(1) Investigating the creation or acquisition of an active trade or business.

(2) Creating an active trade or business.

(c) An election under subdivision (a) shall be made not later than the time prescribed by law for filing the return for the income year in which the business begins (including extensions thereof).

(d) The period selected under subdivision (a) shall be adhered to in computing net income for the income year for which the election is made and all subsequent income years.

SEC. 146. Section 24521 of the Revenue and Taxation Code is amended to read:

24521. (a) No gain or loss shall be recognized if property is transferred to a corporation by one or more persons solely in exchange for stock or securities in the corporation and immediately after the exchange the person or persons are in control (as defined in Section 24564) of the corporation.

(b) If subdivision (a) would apply to an exchange but for the fact that there is received, in addition to the stock or securities permitted to be received under subdivision (a), other property or money, then:

(1) Gain (if any) to the recipient shall be recognized, but not in excess of the total of both of the following:

(A) The amount of money received.

(B) The fair market value of the other property received.

(2) No loss to the recipient shall be recognized.

(c) In determining control, for purposes of this section, the fact that any corporate transferor distributes part or all of the stock which it receives in the exchange to its shareholders shall not be taken into account.

(d) For purposes of this section, stock or securities issued for any of the following shall not be considered as issued in return for property:

(1) Services.

(2) Indebtedness of the transferee corporation which is not evidenced by a security.

(3) Interest on indebtedness of the transferee corporation which accrued on or after the beginning of the transferor's holding period for the debt.

(e) This section does not apply to a transfer of property of a debtor pursuant to a plan while the debtor is under the jurisdiction of a court in a Title 11 or similar case (within the meaning of paragraph (1) of subdivision (d) of Section 24562), to the extent that the stock or securities received in the exchange are used to satisfy the indebtedness of the debtor.

SEC. 147. Section 24562 of the Revenue and Taxation Code is amended to read:

24562. (a) For purposes of Chapters 8 (commencing with Section 24451), 9 (commencing with Section 24501), and this chapter, "reorganization" means:

(1) A statutory merger or consolidation.

(2) The acquisition by one corporation, in exchange solely for all or a part of its voting stock (or in exchange solely for all or a part of the voting stock of a corporation which is in control of the acquiring corporation), of stock of another corporation if, immediately after the acquisition, the acquiring corporation has control of that other corporation (whether or not the acquiring corporation had control immediately before the acquisition).

(3) The acquisition by one corporation, in exchange solely for all or a part of its voting stock (or in exchange solely for all or a part of the voting stock of a corporation which is in control of the acquiring corporation), of substantially all of the properties of another corporation, but in determining whether the exchange is solely for stock the assumption by the acquiring corporation of a liability of the other, or the fact that property acquired is subject to a liability, shall be disregarded.

(4) A transfer by a corporation of all or a part of its assets to another corporation if immediately after the transfer the transferor, or one or more of its shareholders (including persons who were shareholders immediately before the transfer), or any combination thereof, is in control of the corporation to which the assets are transferred; but only if, in pursuance of the plan, stock or securities of the corporation to which the assets are transferred are distributed in a transaction which qualifies under Section 24531, 24533, or 24535.

(5) A recapitalization.

(6) A mere change in identity, form, or place of organization of one corporation, however effected.

(7) A transfer by a corporation of all or part of its assets to another corporation in a Title 11 or similar case; but only if, in pursuance of the plan, stock or securities of the corporation to which the assets are transferred are distributed in a transaction which qualifies under Section 24531, 24533, or 24535.

(b) (1) If a transaction is described in both paragraph (3) and paragraph (4) of subdivision (a), then, for purposes of this chapter, the transaction shall be treated as described only in paragraph (4) of subdivision (a).

(2) If:

(A) One corporation acquires substantially all of the properties of another corporation;

(B) The acquisition would qualify under paragraph (3) of subdivision (a) but for the fact that the acquiring corporation exchanges money or other property in addition to voting stock; and

(C) The acquiring corporation acquires, solely for voting stock described in paragraph (3) of subdivision (a), property of the other corporation having a fair market value which is at least 80 percent of the fair market value of all of the property of the other corporation;

then the acquisition shall (subject to paragraph (1) of this subdivision) be treated as qualifying under paragraph (3) of subdivision (a). Solely for the purpose of determining whether subparagraph (C) of the preceding sentence applies, the amount of any liability assumed by the acquiring corporation, and the amount of any liability to which any property acquired by the acquiring corporation is subject, shall be treated as money paid for the property.

(3) A transaction otherwise qualifying under paragraph (1), (2), or (3) of subdivision (a) shall not be disqualified by reason of the fact that part or all of the assets or stock which were acquired in the transaction are transferred to a corporation controlled by the corporation acquiring the assets or stock A similar rule shall apply to a transaction otherwise qualifying under paragraph (7) of subdivision (a) where the requirements of subparagraphs (A) and (B) of paragraph (1) of subdivision (b) of Section 24531 are met with respect to the acquisition of the assets.

(4) The acquisition by one corporation, in exchange for stock of a corporation (referred to in this paragraph as "controlling corporation") which is in control of the acquiring corporation, of substantially all of the properties of another corporation which in the transaction is merged into the acquiring corporation shall not disqualify a transaction under paragraph (1) or paragraph (7) of subdivision (a), if—

(A) No stock of the acquiring corporation is used in the transaction, and

(B) In the case of a transaction under paragraph (1) of subdivision (a), the transaction would have qualified under paragraph (1) of subdivision (a) had the merger been into the controlling corporation.

(5) A transaction otherwise qualifying under paragraph (1) of subdivision (a) shall not be disqualified by reason of the fact that stock of a corporation (referred to in this paragraph as the "controlling corporation") which before the merger was in control of the merged corporation is used in the transaction, if both of the following apply:

(A) After the transaction, the corporation surviving the merger holds substantially all of its properties and of the properties of the merged corporation (other than stock of the controlling corporation distributed in the transaction).

(B) In the transaction, former shareholders of the surviving corporation exchanged, for an amount of voting stock of the controlling corporation, an amount of stock in the surviving corporation which constitutes control of the corporation.

(6) (A) If immediately before a transaction described in subdivision (a) (other than paragraph (5) thereof), two or more parties to the transaction were investment companies, then the transaction shall not be considered to be a reorganization with respect to any such investment company (and its shareholders and security holders) unless it was a regulated investment company, a real estate investment trust, or a corporation which meets the requirements of subparagraph (B).

(B) A corporation meets the requirements of this subparagraph if not more than 25 percent of the value of its total assets is invested in the stock and securities of any one issuer, and not more than 50 percent of the value of its total assets is invested in the stock and securities of five or fewer issuers. For purposes of this paragraph, all members of a controlled group of corporations (within the meaning of Section 1563(a) of the Internal Revenue Code of 1954) shall be treated as one issuer.

(C) For purposes of this paragraph, "investment company" means a regulated investment company, a real estate investment trust, or a corporation 50 percent or more of the value of whose total assets are stock and securities and 80 percent or more of the value of whose total assets are assets held for investment. In making the 50-percent and 80-percent determinations under the preceding sentence, stock and securities in any subsidiary corporation shall be disregarded and the parent corporation shall be deemed to own its ratable share of the subsidiary's assets, and a corporation shall be considered a subsidiary if the parent owns 50 percent or more of the combined voting power of all classes of stock entitled to vote, or 50 percent or more of the total value of shares of all classes of stock

outstanding.

(D) For purposes of this paragraph, in determining total assets there shall be excluded cash and cash items (including receivables), government securities, and, under regulations prescribed by the Franchise Tax Board, assets acquired (through incurring indebtedness or otherwise) for purposes of meeting the requirements of subparagraph (B) or ceasing to be an investment company.

(E) This paragraph does not apply if the stock of each investment company is owned substantially by the same persons in the same proportions.

(F) If an investment company which does not meet the requirements of subparagraph (B) acquires assets of another corporation, subparagraph (A) shall be applied to the investment company and its shareholders and security holders as though its assets had been acquired by the other corporation. If the investment company acquires stock of another corporation in a reorganization described in Section 24562(a)(2) (hereafter referred to as the "actual acquisition") subparagraph (A) shall be applied to the shareholders of the investment company as though they had exchanged with such other corporation all of their stock in the investment company for stock having a fair market value equal to the fair market value of their stock of the investment company immediately after the exchange.

(G) For purposes of subparagraphs (B) and (C), "securities" includes obligations of state and local governments, commodity futures contracts, shares of regulated investment companies and real estate investment trusts, and other investments constituting a security within the meaning of the Investment Company Act of 1940, 15 U.S.C. Sec. 80a-2(36).

(c) The amendments made to this section by the 1971 First Extraordinary Session of the Legislature shall apply to statutory mergers occurring after December 31, 1970.

(d) (1) For purposes of this chapter, "Title 11 or similar case" means—

(A) A case under Title 11 of the United States Code, to the extent this chapter is not in conflict with Section 346(q)(17)(C) of Title 11, or

(B) A receivership, foreclosure, or similar proceeding in a federal or state court.

(2) In applying paragraph (7) of subdivision (a), a transfer of the assets of a corporation shall be treated as made in a Title 11 or similar case only if both of the following apply:

(A) Any party to the reorganization is under the jurisdiction of the court in that case.

(B) The transfer is pursuant to a plan of reorganization approved by the court.

(3) If a transaction (but for this paragraph) qualifies both—

(A) Under paragraph (7) of subdivision (a), and

(B) Under any other paragraph of subdivision (a) or under Section 24502 or 24521, then, for purposes of this chapter (other than Section 24540(c)(1)), the transaction shall be treated as qualifying only under paragraph (7) of subdivision (a).

(4) For purposes of paragraphs (1) and (2), in the case of a receivership, foreclosure, or similar proceeding before a federal or state agency involving a financial institution to which Section 585 or 593 of the Internal Revenue Code applies, the agency shall be treated as a court.

(5) In the case of a Title 11 or similar case, the requirement of subparagraph (B) of paragraph (5) of subdivision (b) shall be treated as met if both of the following apply:

(A) No former shareholder of the surviving corporation received any consideration for his stock.

(B) The former creditors of the surviving corporation exchanged, for an amount of voting stock of the controlling corporation, debt of the surviving corporation which had a fair market value equal to 80 percent or more of the total fair market value of the debt of the surviving corporation.

SEC. 148. Section 24918 of the Revenue and Taxation Code is amended to read:

24918. (a) If:

(1) An amount is excluded from gross income under subdivision (a) of Section 24307 (relating to discharge of indebtedness), and

(2) Under subparagraph (D) of paragraph (2) of subdivision (b), paragraph (5) of subdivision (b), or subparagraph (A) of paragraph (1) of subdivision (c) of Section 24307, any portion of the amount is to be applied to reduce basis,

then the portion shall be applied in reduction of the basis of any property held by the taxpayer at the beginning of the taxable year following the taxable year in which the discharge occurs.

(b) (1) The amount of reduction to be applied under subdivision (a) (not in excess of the portion referred to in subdivision (a)), and the particular properties the bases of which are to be reduced, shall be determined under regulations prescribed by the Franchise Tax Board.

(2) In the case of a discharge to which subparagraph (A) of paragraph (1) of subdivision (a) of Section 24307 applies, the reduction in basis under subdivision (a) of this section shall not exceed the excess of:

(A) The aggregate of the bases of the property held by the taxpayer immediately after the discharge, over

(B) The aggregate of the liabilities of the taxpayer immediately after the discharge.

The preceding sentence does not apply to any reduction in basis by reason of an election under paragraph (5) of subdivision (b) of Section 24307.

(3) (A) Any amount which under paragraph (5) of subdivision (b) or subparagraph (A) of paragraph (1) of subdivision (c) of Section 24307 is to be applied to reduce the basis shall be applied only to reduce the basis of depreciable property held by the taxpayer.

(B) For purposes of this section, "depreciable property" means any property of a character subject to the allowance for depreciation, but only if a basis reduction under subdivision (a) will reduce the amount of depreciation or amortization which otherwise would be allowable for the period immediately following the reduction.

(C) For purposes of this section, any interest of a partner in a partnership shall be treated as depreciable property to the extent of that partner's proportionate interest in the depreciable property held by the partnership. The preceding sentence applies only if there is a corresponding reduction in the partnership's basis in depreciable property with respect to that partner.

(D) For purposes of this section, if—

(i) A corporation holds stock in another corporation (hereinafter in this subparagraph referred to as the "subsidiary"), and

(ii) The corporations are members of the same unitary group which file a combined report under Section 25101 for the income year in which the discharge occurs,

then the stock shall be treated as depreciable property to the extent that the subsidiary consents to a corresponding reduction in the basis of its depreciable property.

(E) (i) At the election of the taxpayer, for purposes of this section, "depreciable property" includes any real property which is described in Section 1221(1) of the Internal Revenue Code.

(ii) An election under clause (i) shall be made on the taxpayer's return for the income year in which the discharge occurs or at such other time as may be permitted in regulations prescribed by the Franchise Tax Board. Such an election, once made, may be revoked only with the consent of the Franchise Tax Board.

(c) For purposes of this title, a reduction in basis under this section shall not be treated as a disposition.

SEC. 149. Section 134 of the Streets and Highways Code is amended to read:

134. In the expenditure of funds allocated under Sections 2107 and 2117 for expenditure on other than state highways, the department may, upon the application of the governing body of the city, acquire in the name of the city real property, or any interest therein, for any of the purposes provided for in those sections.

SEC. 150. Section 213 of the Streets and Highways Code is amended to read:

213. The commission shall cause to be filed and published, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, copies of the procedural resolution. All revisions made subsequent to the time of

filing of the first resolution shall be filed and published in the same manner. In addition to the filing and publication, the department and the commission shall furnish copies of the procedural resolutions to any person or organization requesting them.

SEC. 151. Section 1732 of the Streets and Highways Code is amended to read:

1732. County highways established pursuant to this article shall be included in the terms "maintained mileage of county roads" and "miles of maintained county road" as those terms are used in Chapter 3 (commencing with Section 2100) of Division 3.

SEC. 152. Section 2007 of the Streets and Highways Code is amended to read:

2007. The road commissioner shall each year prepare a tentative road budget covering all proposed expenditures for the ensuing fiscal year for county road purposes. The road commissioner shall submit the budget to the board of supervisors in accordance with Chapter 1 (commencing with Section 29000) of Division 3 of Title 3 of the Government Code and in the form and manner prescribed by the Controller and at the same time as other county departments submit their recommended budgets.

The board of supervisors shall hold public hearings on the proposed road budget at the same time as the general county budget is considered and after like notice. In adopting the budget, the board may make such changes and revisions as it considers will subserve the public interest.

After adoption of the budget by the board of supervisors, the road commissioner shall not obligate or expend funds appropriated for county road purposes other than as set forth in the budget as adopted. However, the board of supervisors may, by appropriate action at any regular or special meeting, authorize the cancellation or transfer, in whole or in part, of any appropriation or appropriations set forth in the budget and reappropriate funds thus canceled for road purposes not set forth in the budget or to expenditure classifications insufficiently provided for where this action will best serve the interests of the people. Funds transferred pursuant to this section, or as authorized by the board of supervisors, shall immediately be made available for expenditure by the road commissioner for road purposes.

SEC. 153. Section 2110 of the Streets and Highways Code is amended to read:

2110. (a) The moneys payable to the counties under subdivision (b) of Section 2104 shall be apportioned monthly among the several counties as follows:

(1) A sum equal to the total of all reimbursable snow removal costs filed pursuant to subdivision (d) of Section 2152, or three million dollars ($3,000,000), whichever is less, shall be apportioned in 12 approximately equal monthly apportionments for snow removal on county roads as follows:

(2) If the total is less than three million dollars ($3,000,000), the full amount of reimbursable snow removal costs shall be apportioned to the several counties in an amount equal to that computed pursuant to the report filed by each county pursuant to subdivision (d) of Section 2152.

(3) If the total is three million dollars ($3,000,000) or more for the fiscal year, the Controller shall compute percentages for the apportionment of three million dollars ($3,000,000) to the several counties in the state for snow removal on county roads, including the purchase of snow removal equipment therefor, and shall apportion the amount to the counties in the computed percentages. The percentage each county is to be apportioned during the fiscal year shall be derived by adding its reimbursable snow removal expenditures for the three preceding fiscal years as to which the Controller has received snow removal expenditure reports pursuant to Section 2152, and dividing the sum by the total amount of reimbursable snow removal expenditures by all counties in the state during those fiscal years.

(b) On or before the first day of March of each year, the Controller shall notify each county of the amount apportioned to it pursuant to this section for expenditure for snow removal on county roads during the following fiscal year.

SEC. 154. Section 3012 of the Streets and Highways Code is amended to read:

3012. Any action, suit, or proceeding of any kind or nature in which the validity of any of the proceedings taken under this division is questioned or attacked, and any defense in the action, suit, or proceeding, shall be filed within 30 days after the date of the adoption of the resolution or ordinance finally acting on the investigation report or after the date of final action taken pursuant to Section 2804 or 2808 or Part 7 (commencing with Section 2950). If the action is not brought or a defense is not filed within those 30 days, then thereafter all persons shall be barred in any action, suit, or proceeding from pleading, asserting, or claiming that any of the proceedings up to and including the action on the investigation report, or other action specified in this section, were defective, faulty, or invalid in any respect.

SEC. 155. The heading of Chapter 3 (commencing with Section 6780) of Part 6 of Division 7 of the Streets and Highways Code is repealed.

SEC. 156. Section 19303 of the Streets and Highways Code is amended to read:

19303. If the certifying officer certifies that the petition bears the signatures of the owners of taxable property within the proposed zone representing 60 percent or more of the total assessed value of all taxable property in the zone, the petition shall be filed, and the board of supervisors shall fix a time for hearing the petition and the protests of interested parties, and shall cause a notice of the filing of

the petition and the time set for the hearing to be published pursuant to Section 6061 of the Government Code in a newspaper designated by the board as most likely to give notice to the inhabitants of the district and the proposed zone. If there is no such newspaper, copies of the notice shall be posted in three conspicuous places in the proposed zone to be annexed, for three weeks prior to the date fixed for hearing the petition. The notice shall contain the text of the petition, but the names of the signers of the petition need not be published. Notice given pursuant to this section is a sufficient compliance with Section 19211.

If the certifying officer's certificate shows that the petition does not bear the required number of signatures, the request for the formation of a temporary zone shall be denied, without prejudice to the filing of a new petition therefor, and the board of supervisors shall proceed to consider and act upon the petition as a petition filed pursuant to Chapter 9 (commencing with Section 19160) or Chapter 12 (commencing with Section 19210), as the case may be.

SEC. 157. The heading of Chapter 6 (commencing with Section 22675) of Part 2 of Division 15 of the Streets and Highways Code is repealed.

SEC. 158. Section 5310 of the Unemployment Insurance Code is amended to read:

5310. (a) Any party who disagrees with the hearing officer's decision may request a review of the decision by the appeals board within 10 days following the date on which the hearing officer's decision is mailed. A request for appellate review of the hearing officer's decision shall not stay implementation of the decision.

(b) Within 30 days after receipt of the request for review, the appeals board shall prepare a written decision either affirming or reversing the hearing officer's decision or it may remand the case to a hearing officer for further evidence. The decision shall be based on its review of the entire hearing record and any additional written evidence submitted or obtained in connection with its consideration of the appeal. However, in no case shall new evidence be admitted if it brings into question the validity or constitutionality of the applicable law. The decision shall state the findings of fact and conclusions of law and the reasons therefor. Copies of the decision shall be mailed to the individual, his or her authorized representative, if any, the department, the SAU, the regional coordination committee, and the National Review Panel. Instructions for appealing a decision to the National Review Panel and the rules under which it considers appeals shall be attached to the individual's copy of the decision.

(c) While reviewing a case, the appeals board may consider novel questions of law or policy or certify the case within five days after rendering its decision to the National Review Panel for review and decision.

(d) If a hearing officer's adverse decision is reversed on appellate

review, the individual shall be paid such retroactive WIN and welfare benefits as may be applicable and, where appropriate, shall be reinstated in the program.

SEC. 159. Section 9004 of the Unemployment Insurance Code is amended to read:

9004. Upon receipt of a formal ruling from the United States Secretary of Labor, the United States Secretary of Health and Human Services, or the head of any federal agency that any provision of Chapter 1206 of the Statutes of 1973 or Chapter 1212 of the Statutes of 1973 cannot be given effect without causing the state's plan to be out of conformity with federal requirements or would result in decertification of provisions of this code and notification of intention to withdraw federal funds from the state, that provision shall become inoperative to the extent that it is not in conformity with federal requirements.

SEC. 160. Section 10201 of the Unemployment Insurance Code is amended to read:

10201. As used in this chapter:

(a) "Employer" means any employer subject to Part 1 (commencing with Section 100) of Division 1, except any public entity, as defined by paragraph (3) of subdivision (a) of Section 135, and any nonprofit organization, as described in Section 608.

(b) "Eligible participant" means any person who, prior to beginning training or employment pursuant to this chapter, was either of the following:

(1) Unemployed and either receiving unemployment insurance benefits, or had exhausted eligibility for unemployment insurance benefits within the previous 52 weeks.

(2) Is employed but is determined by the panel to be likely to be displaced and therefore claiming unemployment insurance benefits.

(c) "Panel" means the Employment Training Panel created by Section 10202.

(d) "Fund" means the Employment Training Fund created by Section 1610.

(e) "Department" means the Employment Development Department.

(f) "Training agency" means any private training entity or local educational agency.

SEC. 161. Section 10206 of the Unemployment Insurance Code is amended to read:

10206. The panel may allocate money in the fund for any of the following purposes:

(a) Reimbursement of actual training costs incurred by employers and training agencies and for reasonable administrative costs.

(b) Costs of program administration incurred under this chapter. These costs shall be reviewed annually by the Department of Finance and the Legislature and determined through the normal budgetary process.

The panel's administrative costs exclusive of the cost of administering Section 976.6 shall not exceed more than 15 percent of the amount collected pursuant to Section 976.6. Expenditures for marketing and research provided under contract to the panel under subdivision (a) which otherwise would have been provided directly by the panel shall be included in this limitation.

(c) Costs of the Legislative Analyst's program evaluation conducted pursuant to Section 10216.

SEC. 162. Section 15050 of the Unemployment Insurance Code is amended to read:

15050. The Governor shall, after receiving the recommendation of the State Job Coordinating Council, designate directly or by contract the agency or agencies responsible for the provisions of this division.

The functions of the Governor's designee shall include all of the following:

(a) Overall direction, pursuant to the policies established by the state council of the statewide programs operated by service delivery areas under this division.

(b) Administration, either directly or by contract with another entity, of these statewide programs in service delivery areas that request the state to assume this function.

(c) Administration of special assistance programs to areas facing urgent employment and training needs that cross jurisdictional lines or result from major plant closures under Chapter 7.5 (commencing with Section 15075), arrival and resettlement of significant numbers of refugees, or comparable circumstances. Nothing in this section shall be construed as modifying the manner in which federal Office of Refugee Resettlement Funds are used in this state.

(d) The Employment Development Department shall be responsible for the administration of demonstration programs testing innovative approaches to assisting clients eligible under this division to find unsubsidized employment, which include, but are not limited to, any of the following:

(1) The Employment Preparation Program, as authorized by Article 3.5 (commencing with Section 11325) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code.

(2) The Employment Training Program for unemployed parents in families that qualify for assistance under paragraph (2) of subdivision (a) of Section 11201 of the Welfare and Institutions Code, as authorized by Article 3.6 (commencing with Section 11335) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code.

(3) The Supported Work Program, as authorized by Article 3.3 (commencing with Section 11321) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code.

(4) The California Welfare Employment Skills Training Act, as authorized by Article 3.7 (commencing with Section 11340) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code.

(5) The Youth Employment and Development Act, as authorized by Chapter 2.5 (commencing with Section 9800) of Division 3.

(6) The Regional Employment Assessment, Job Search Assistance, and Placement Services for Displaced Workers Act of 1982, as authorized by Chapter 2.9 (commencing with Section 9970) of Division 3.

To the extent feasible, in implementing demonstration programs designed for eventual merger into the statewide programs operated by the administrative entity in service delivery areas under this division, the Employment Development Department shall involve appropriate local agencies in program planning and operation within the demonstration sites. Once the demonstration programs are completed, if they have proven to be effective in achieving the intent and objectives of this division, the Employment Development Department shall take the steps necessary to ensure their implementation and integration wherever appropriate within the statewide employment and training programs operated by the administrative entity in the service delivery areas.

SEC. 163. Section 320 of the Vehicle Code is amended to read:

320. "Established place of business" is a place actually occupied either continuously or at regular periods by any of the following:

(a) A dealer, remanufacturer, remanufacturer branch, manufacturer, manufacturer branch, distributor, distributor branch, automobile driving school, or traffic violator school where the books and records pertinent to the type of business being conducted are kept.

(b) An automobile dismantler where the books and records pertinent to the type of business being conducted are kept. A place of business of an automobile dismantler which qualified as an "established place of business" before September 17, 1970, is an "established place of business" as defined in this section.

SEC. 164. Section 1670 is added to the Vehicle Code, to read:

1670. A licensee issued an occupational license by the department and conducting more than one type of business from an established place of business shall provide a clear physical division between the types of business involving vehicles or their component parts. The established place of business shall be open to inspection of the premises, pertinent records, and vehicles by any peace officer during business hours.

SEC. 165. Section 1671 is added to the Vehicle Code, to read:

1671. (a) The established place of business of a dealer, remanufacturer, remanufacturer branch, manufacturer, manufacturer branch, distributor, distributor branch, automobile driving school, or traffic violator school shall have an office and a dealer, manufacturer, or remanufacturer shall also have a display or manufacturing area situated on the same property where the business peculiar to the type of license issued by the department is or may be transacted. When a room or rooms in a hotel, rooming

house, apartment house building, or a part of any single- or multiple-unit dwelling house is used as an office or offices of an established place of business, the room or rooms shall be devoted exclusively to and occupied for the office or offices of the dealer, manufacturer, manufacturer branch, remanufacturer, remanufacturer branch, distributor, distributor branch, automobile driving school, or traffic violator school, shall be located on the ground floor, and shall be so constructed as to provide a direct entrance into the room or rooms from the exterior of the building. A dealer who does not offer vehicles for sale at retail, or a dealer who is a wholesaler involved for profit only in the sale of vehicles between licensed dealers, shall have an office, but a display area is not required.

(b) The established place of business of an automobile dismantler shall have an office and a dismantling area located in a zone property zoned for that purpose by the city or county.

SEC. 166. Section 34024 of the Vehicle Code is amended to read:

34024. The regulations adopted by the commissioner pursuant to this division shall be adopted, amended, and repealed in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 167. Section 35555 of the Vehicle Code, as amended by Chapter 270 of the Statutes of 1984, is amended to read:

35555. During the period commencing October 1 of each year and ending January 31 of the following year, the weight limitations of Section 35551 do not apply to any cotton module mover or any truck tractor pulling a semitrailer that is a cotton module mover, when operated as follows:

(a) Laterally across a state highway.

(b) Upon any county highway within the Counties of Fresno, Imperial, Kern, Kings, Madera, Merced, Riverside, San Benito, San Bernardino, and Tulare, except as prohibited or limited on county highways or portions thereof by resolution of the county board of supervisors having jurisdiction.

SEC. 168. The heading of Article 2 (commencing with Section 71630) of Chapter 2 of Part 5 of Division 20 of the Water Code is amended to read:

Article 2. Standby Charges

SEC. 169. Section 652.5 of the Welfare and Institutions Code, as added by Chapter 260 of the Statutes of 1984, is repealed. The repeal made by this section shall not affect the existence or validity of Section 652.5 of the Welfare and Institutions Code, as added by Chapter 1227 of the Statutes of 1984.

SEC. 170. Section 3154 of the Welfare and Institutions Code is amended to read:

3154. A person released in an outpatient status from the

California Rehabilitation Center may, with the approval of the Department of Corrections and the Narcotic Addict Evaluation Authority, voluntarily participate in a methadone maintenance project approved under Section 11876 of the Health and Safety Code.

Participation in a methadone maintenance project shall not be construed to break the abstention from the use of narcotics for the purpose of Section 3200.

SEC. 171. Section 3156 of the Welfare and Institutions Code is amended to read:

3156. (a) Any rules and regulations, including any resolutions and policy statements, promulgated by the authority, shall be promulgated and filed pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and shall, to the extent practical, be stated in language that is easily understood by the general public.

(b) The authority shall maintain, publish, and make available to the general public, a compendium of its rules and regulations, including any resolutions and policy statements, promulgated pursuant to this section.

(c) The following exceptions to the procedures specified in this section apply to the authority: The chairman may specify an effective date that is any time more than 30 days after the rule or regulation is filed with the Secretary of State; provided that no less than 20 days prior to that effective date, copies of the rule or regulation shall be posted in conspicuous places throughout each institution and shall be mailed to all persons or organizations who request them.

SEC. 172. Section 3303 of the Welfare and Institutions Code is amended to read:

3303. (a) The Director of Corrections may prescribe and amend rules and regulations for the administration of the California Rehabilitation Center. These rules and regulations shall be promulgated and filed pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and shall, to the extent practical, be stated in language that is easily understood by the general public.

(b) The director shall maintain, publish, and make available to the general public, a compendium of the rules and regulations promulgated by the director pursuant to this section.

(c) The following exceptions to the procedures specified in this section apply to the rules and regulations made by the director for the California Rehabilitation Center:

(1) The director may specify an effective date that is any time more than 30 days after the rule or regulation is filed with the Secretary of State; provided that no less than 20 days prior to that effective date, copies of the rule or regulation shall be posted in conspicuous places throughout each institution and shall be mailed to all persons or organizations who request them.

(2) The director may rely upon a summary of the information

compiled by a hearing officer; provided that the summary and the testimony taken regarding the proposed action shall be retained as part of the public record for at least one year after the adoption, amendment, or repeal.

SEC. 173. Section 3305 of the Welfare and Institutions Code is amended to read:

3305. The supervision, management and control of the California Rehabilitation Center and the responsibility for the care, custody, training, discipline, employment, and treatment of the persons confined in the center are vested in the Director of Corrections. Part 3 (commencing with Section 1999) of the Penal Code applies to the institution as a prison under the jurisdiction of the Department of Corrections and to the persons confined in the institution insofar as those provisions may be applicable.

SEC. 174. Section 4017 of the Welfare and Institutions Code is amended to read:

4017. The department shall have the authority to provide a county or combination of counties acting jointly with services described in Part 2 (commencing with Section 5600) of Division 5, pursuant to Section 5401.

SEC. 175. Section 3 of Chapter 757 of the Statutes of 1978 is repealed.

SEC. 176. Sections 164 and 165 of this act shall not become operative unless Section 163 of this act becomes operative and no other act prevails over this act with respect to Section 163 of this act during the 1985 calendar year.

SEC. 177. Any section of any act enacted by the Legislature during the 1985 calendar year, which takes effect on or before January 1, 1986, and which amends, amends and renumbers, adds, repeals and adds, or repeals a section amended, amended and renumbered, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to or subsequent to this act.

CHAPTER 107

An act to amend Sections 7587, 7588, 13332.04, and 16304.1 of the Government Code, to repeal Section 27 of Chapter 258 of the Statutes of 1984, and to make an appropriation in augmentation of Items 5180-111-001, 9840-001-001, 9840-001-494, 9840-001-988, and 9840-011-001 of the Budget Act of 1984, and Item 5180-111-001 of the Budget Act of 1985, relating to fiscal affairs, to take effect immediately, usual current expenses.

[Approved by Governor June 26, 1985. Filed with Secretary of State June 27, 1985]

I am reducing the General Fund appropriation contained in Assembly Bill No 1304 by $6,738,000 for the following reasons:

Commission on California State Government and Economy (Little Hoover Commission)

I previously vetoed funds for a 1984–85 study of pesticide regulations by the Commission on California State Government Organization and Economy (Little Hoover Commission) because extensive studies have previously been made. The Commission, however, chose to conduct the study and now seeks funding of $20,000 to cover their costs. In view of my previous action on this specific issue, the appropriation of $20,000 is not appropriate and the Commission should be required to absorb as much of the cost as possible It is my understanding that the Commission will need only $5,000 and can absorb the remaining amount. For this reason I am reducing this appropriation from $20,000 to $5,000

Department of Social Services - In-Home Supportive Services (IHSS) Program

I have already signed AB 1470 (Chapter 86) which provides the necessary funding for the IHSS Program I have retained $540,000 of the appropriation contained in the bill for this program. This amount will offset a technical error that was made in an earlier version of this bill and will provide funding for the programs as proposed by the Administration and accepted by the Legislature

Department of Education - Gifted and Talented Education (GATE) Program

Education Code Section 52211 provides for apportioning shortfalls which may occur in this program I have reduced the appropriation by $295,000 which will allow the provision of Education Code 52211 to be put in place.

I am also eliminating the language contained in Section 13332 04(c) of the Government Code added by this bill because it is an infringement on the separation of powers in that it usurps Executive Branch authority to effectively administer State Government I am opposed to the language which requires the Department of Finance to submit budget planning data to the Legislature during the Budget preparation process Such data has always been confidential information because they are an integral part of the development of the Governor's Budget and should remain confidential until the decision process to which they relate is completed with the presentation of the Budget to the Legislature

With these reductions and deletions, I approve Assembly Bill No. 1304

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 7587 of the Government Code is amended to read:

7587. By July 1, 1986, each state department named in this chapter shall develop regulations, as necessary, for the department

or designated local agency to implement this act. All regulations shall be reviewed and approved by the Superintendent of Public Instruction prior to filing with the Office of Administrative Law, in order to ensure consistency with federal and state laws and regulations governing the education of handicapped children.

SEC. 2. Section 7588 of the Government Code is amended to read:

7588. This chapter shall become operative on July 1, 1986, except Section 7583, which shall become operative on January 1, 1985.

SEC. 3. Section 13332.04 of the Government Code is amended to read:

13332.04. (a) Approval by the Department of Finance to the creation of deficiencies pursuant to Section 11006 or approval to expend at rates which, in the opinion of the Director of Finance, will require a deficiency appropriation shall not be made unless the approval is made in writing and filed with the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee in each house which considers appropriations not later than 30 days prior to the effective date of the approval, except for an approval for an emergency expenditure or an approval which is due to caseload increases in Medi-Cal, subsistence grants, developmental services, state mental hospitals, California Children's Services, or youth or adult correctional facilities, or an approval which is due to increased enrollments in local school districts, the University of California, or the California State University, or an approval which is due to increased claims for tax relief or unemployment insurance and disability insurance. All notifications shall include: (1) the date a deficiency request is received by the Department of Finance; (2) the reason for the proposed deficiency; and (3) the approved amount.

(b) Approval for an emergency expenditure shall be made in writing and filed with the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee in each house which considers appropriations not later than 10 days after the effective date of the approval. All notices shall state the reason for and amount of the deficiency.

As used in this section, "emergency expenditure" means a proposed expenditure arising from unexpected conditions or losses for which no appropriation, or insufficient appropriation, has been made by law and which, in the judgment of the Director of Finance, requires immediate action to avert undesirable consequences or to preserve the public peace, health, or safety.

(c) In order for the Legislature to adequately plan for current and budget year expenditures, prior to October 1, 1985, the Department of Finance shall provide to the Chairpersons of the Joint Legislative Budget Committee and the chairperson of the committee in each house which considers appropriations the planning data for each department for the 1985–86 and 1986–87 fiscal years.

(d) The Department of Finance shall report quarterly to the

Chairpersons of the Joint Legislative Budget Committee and the chairperson of the committee in each house which considers appropriations on the cumulative deficiency requests approved pursuant to subdivisions (a) and (b). The report shall contain the information required in provisions (1), (2), and (3) of subdivision (a). This report shall be filed within 15 days after the close of each fiscal quarter.

(e) The Department of Finance shall provide copies of all requests from agencies to spend at rates which would result in a deficiency appropriation to the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee in each house which considers appropriations. The department shall submit these copies within 10 days of receipt. The transmittal of this information to the Legislature shall not be construed by the requesting agency as approval of the deficiency request.

SEC. 4. Section 16304.1 of the Government Code is amended to read:

16304.1. Disbursements in liquidation of encumbrances may be made before or during the two years following the last day an appropriation is available for encumbrance, except in the case of a fund made up of federal funds. Disbursements in liquidation of encumbrances may be made before or during the four years following the last day an appropriation of federal funds is available for encumbrance. Whenever, during either liquidation period, the Director of Finance determines that the project for which the appropriation was made is completed and that a portion of the appropriation is not necessary for disbursements, such portion shall, upon order of the Director of Finance, revert to and become a part of the fund from which the appropriation was made. Upon the expiration of two years, or four years in the case of a fund made up of federal funds, following the last day of the period of its availability, the undisbursed balance in any appropriation shall revert to and become a part of the fund from which the appropriation was made. Subsequent to reversion any unpaid encumbrance against the appropriation may be paid, with approval of the Board of Control, from any current appropriations available for the same purposes.

To the extent that appropriations are exempt from limitations as to periods of availability under Section 16304, they shall not be subject to the provisions of this section.

SEC. 5. Section 27.00 of Chapter 258 of the Statutes of 1984 is repealed.

SEC. 6. The sum of four hundred fifty-two million eight hundred sixty-nine thousand dollars ($452,869,000) is hereby appropriated in accordance with the following schedule:

(a) Four hundred forty-six million five hundred eighty-seven thousand seven hundred nine dollars ($446,587,709) is appropriated for expenditure in the 1984–85 fiscal year in augmentation of, and for the purposes of contingencies or emergencies as provided in, Items 9840-001-001, 9840-001-494,, and 9840-011-001 of the Budget Act of

1984 as follows:

(1) From the General Fund to the reserve for contingencies or emergencies in Item 9840-001-001	$422,349,709
(2) From special funds to the reserve for contingencies or emergencies in Item 9840-001-494	$20,803,000
(3) From nongovernmental cost funds to the reserve for contingencies or emergencies in Item 9840-001-988	$3,435,000
(4) From the General Fund to the reserve for contingencies or emergencies (loans) in Item 9840-011-001	($2,000,000)

(b) Six million two hundred eighty-one thousand two hundred ninety-one dollars ($6,281,291) is appropriated from the Federal Revenue Sharing Fund to the General Fund, for transfer by the Controller to Item 5180-111-001 of the Budget Act of 1984, in augmentation of the state's share of the State Supplementary Payment Program for aged, blind, and disabled persons. The appropriation contained in this subdivision shall be expended prior to the expenditure of funds appropriated by subdivision (a) for the same purpose.

(c) Of the amount appropriated in paragraph (1) of subdivision (a), twenty-one million eight hundred thousand dollars ($21,800,000) is for allocation by the Controller in the form of a loan to special districts for shortfalls in funding received through the supplemental roll tax revenues during the 1984–85 fiscal year. The amount allocated to a special district by the Controller shall be in accordance with the provisions of Section 16111.5 of the Government Code. The amount loaned to any special district for the 1984–85 fiscal year shall be repaid to the Controller by the special district from proceeds it receives from the supplemental roll tax revenues attributable to the 1984–85 fiscal year after June 30, 1985.

(d) Notwithstanding any other provision of law, inasmuch as any special district has not repaid a loan obtained pursuant to subdivision (c) and the district has received supplemental property tax revenues attributable to the 1984–85 fiscal year after June 30, 1985, the Controller shall withhold from that district the amount of revenue received after June 30, 1985, that is attributable to the 1984–85 fiscal year from the reimbursement for revenue lost by reason of the homeowners' property tax exemption until the loan is repaid in full.

(e) It is the intent of the Legislature that the loans to special districts for shortfalls in supplemental property tax revenues be provided on a one-time-only basis and, if shortfalls occur in subsequent years, the shortfall shall be financed through other revenue sources available to special districts.

SEC. 7. The Director of Finance may withhold authorization for

expenditure of funds provided in subdivision (a) of Section 6 until such time and to the extent that preliminary estimates of potential deficiencies are verified.

SEC. 8. Any balance in the Federal Revenue Sharing Fund after June 30, 1985, including interest earnings, is hereby appropriated from the Federal Revenue Sharing Fund to the General Fund, for transfer by the Controller to Item 5180-111-001 of the Budget Act of 1985, in augmentation of the state's share of the State Supplementary Payment Program for aged, blind, and disabled persons during the 1985–86 fiscal year. Any funds transferred and expended pursuant to this section shall be expended prior to the expenditure of funds appropriated by Item 5180-111-001 of the Budget Act of 1985 and in the month following any such credit to the Federal Revenue Sharing Fund.

SEC. 9. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 108

An act to amend Sections 17052.5, 17052.8, 23601, and 23601.5 of the Revenue and Taxation Code, and to amend Item 9100-101-001 of Section 2.00 of the Budget Act of 1985, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor June 26, 1985. Filed with Secretary of State June 28, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 17052.5 of the Revenue and Taxation Code is amended to read:

17052.5. (a) (1) There shall be allowed as a credit against the amount of "net tax" (as defined in Section 17039), an amount equal to the amount determined in paragraph (2), (3), or (6).

(2) Except as provided in subparagraph (A), the amount of the credit allowed by this section shall be 55 percent of the cost (as defined in subdivision (h)) incurred by the taxpayer for any solar energy system installed on premises in California which are owned by the taxpayer at the time of installation. For any such solar energy system installed on dwellings, including multifamily dwellings, on or after August 1, 1983, and before August 1, 1985, the percentage specified by this paragraph, subparagraph (C), subparagraph (A) of paragraph (6), and subdivision (g) shall be 50 percent, and the credit shall not exceed three thousand dollars ($3,000) per solar energy system as defined in subdivision (h). For any such solar energy system installed on dwellings, excluding multifamily dwellings on or after August 1, 1985, the percentage specified by this paragraph,

subparagraph (C), subparagraph (A) of paragraph (6), and subdivision (g) shall be 10 percent and the credit shall not exceed one thousand dollars ($1,000) per solar energy system as defined in subdivision (h).

(A) Only the owner of the premises (as defined in subdivision (h)) on which the solar energy system is installed may claim the tax credit for costs incurred; however, an owner-builder or owner-developer of new single-family dwellings may elect not to claim the solar energy tax credit for any or all systems installed on new single-family dwellings. If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new single-family dwelling on which the system is installed may claim the credit provided that the purchaser can confirm the election, if necessary, by a written document signed by the owner-builder or owner-developer.

If an owner-builder or owner-developer of new single-family dwellings elects to claim the credit for any system installed prior to August 1, 1985, for which the federal credit is allowed, the credit shall be equal to 15 percent of the cost of these systems. If an owner-builder or owner-developer of new single-family dwellings elects to claim the credit for any other installations made prior to August 1, 1985, which qualify for this credit, the credit shall be as defined in paragraph (2).

(B) The solar energy tax credit shall be claimed in the state income tax return for the taxable year in which the solar energy system was installed; however, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new single-family dwelling on which the system is installed may claim the credit for the taxable year during which the purchaser's escrow closed or the taxable year during which the purchaser acquired legal title to the single-family dwelling.

(C) A taxpayer who claimed the solar energy tax credit in the state income tax return for the taxable year in which the solar energy system was installed, may claim the credit in subsequent years for additions to the system or additional systems on the basis of the formula in this paragraph, so long as the total amount of the credit claimed does not exceed three thousand dollars ($3,000) per system for installations made on or before July 31, 1985, and one thousand dollars ($1,000) per system for installations made on or after August 1, 1985.

(3) With regard to premises in California which are owned by the taxpayer, other than single-family dwellings and those multifamily dwellings on which systems are installed before August 1, 1985, the amount of the credit allowed by this section shall be 25 percent of the cost (as defined in subdivision (h)) of the solar energy system, except for wind energy systems installed on or after January 1, 1986, for which the credit shall be 15 percent of the cost. This paragraph shall apply to solar energy systems installed on multifamily dwellings

on or after August 1, 1985.

A taxpayer who claimed the solar energy tax credit in the state income tax return for the taxable year in which the solar energy system was installed, may claim the credit in subsequent years for additions to the system or additional systems by the amount prescribed by this paragraph.

(4) If a solar energy system serves two or more dwellings, the owner or owners of the system shall be eligible to receive the credit in proportion to the number of dwelling units served. The amount of the credit shall be determined by dividing the cost (as defined in paragraph (7)) of the solar energy system by the number of dwelling units served by the system, and applying the formula described in paragraph (2) or (6) to the per dwelling cost. This paragraph shall not apply to systems installed on or after August 1, 1985.

(5) Energy conservation measures applied in conjunction with solar energy systems to reduce the total cost or backup energy requirements of such systems shall be considered part of the systems, and shall be eligible for the tax credit. Qualified energy conservation measures installed within six months of the date of installation of the solar energy system are considered to be installed "in conjunction with" the solar energy system, even if the period spans two taxable years. In cases involving more than six months between the dates of installation of the energy conservation measures and the solar energy system, the taxpayer must be able to provide persuasive evidence that the energy conservation measures were in fact installed in conjunction with a solar energy system. Eligible conservation measures applied in conjunction with solar space heating shall include, but not be limited to, ceiling, wall, and floor insulation above that required by law at the time of original construction. Eligible conservation measures applied in conjunction with solar water heating shall include, but not be limited to, water heater insulation jackets, and shower and faucet flow reducing devices. Energy conservation measures which shall be eligible for the tax credit when applied in conjunction with solar energy systems shall be defined by the Energy Resources Conservation and Development Commission as part of the solar energy system eligibility criteria.

(6) Taxpayers who lease a solar energy system installed on premises in California owned by the taxpayer shall receive a tax credit as provided in subparagraph (A) or (B) provided the lessee can confirm, if necessary, by a written document signed by the lessor that (i) the lessor irrevocably elects not to claim a state tax credit for the solar energy system, and (ii) if the system is installed in a locality served by a municipal solar utility, that the lessor holds a valid permit from the municipal solar utility. Leasing requirements may be established by the Energy Resources Conservation and Development Commission as part of the solar energy system eligibility criteria.

(A) Except as provided in subparagraph (B), the credit shall equal 55 percent of the cost (as defined in subdivision (h)) of the

purchased portion, and 55 percent of the principal recovery portion (as defined in subdivision (h)) of the lease payments for the term of the lease, not to exceed 10 years. That credit shall not exceed three thousand dollars ($3,000) for each system installed on or before July 31, 1985, and one thousand dollars ($1,000) for each system installed on or after August 1, 1985. In any one year, the tax credit shall apply only to the principal recovery portion of lease payments made during that year and to amounts expended on the purchased portion of the solar energy system (including installation charges) during that year. For any solar energy system installed on or after August 1, 1983, and on or before July 31, 1985, the percentage specified by this subparagraph shall be 50 percent. For any solar energy system installed on dwellings, exclusive of multifamily dwellings, on or after August 1, 1985, the percentage specified by this subparagraph shall be 10 percent.

(B) In the case of premises other than single-family dwellings and those multifamily dwellings on which systems are installed before August 1, 1985, the credit shall equal 25 percent of the cost (as defined in subdivision (h)) of the purchased portion and 25 percent of the principal recovery portion (as defined in subdivision (h)) of the lease payments for the term of the lease, not to exceed 10 years. This subparagraph shall apply to systems installed on multifamily dwellings on and after August 1, 1985. In any one year, the tax credit shall apply only to the principal recovery portion of lease payments made during that year and to amounts expended on the purchased portion of the solar energy system (including installation charges) during that year.

(7) For purposes of computing the credit provided by this section, the cost of any solar energy system eligible for the credit provided by this section shall be reduced by any grant provided by a public entity for such system.

(b) The basis of any system for which a credit is allowed shall be reduced by the amount of the credit and any grant provided by a utility or public agency for such solar energy system. The basis adjustment shall be made for the taxable year for which the credit is allowed.

(c) With the exception of a husband and wife, if there is more than one owner of a premises on which a solar energy system is installed, each owner shall be eligible to receive the solar energy tax credit in proportion to his or her ownership interests in the premises.

(d) In the case of a partnership, the solar energy tax credit may be divided between the partners pursuant to a written partnership agreement. In the case of a husband or wife who files a separate return, the credit may be taken by either or equally divided between them.

(e) In the case where the credit allowed under this section exceeds the "net tax" for the taxable year, that portion of the credit which exceeds the "net tax" may be carried over to the "net tax" in succeeding taxable years, until the credit is used. The credit shall be

applied first to the earliest years possible. With respect to solar energy systems installed before January 1, 1985, where the credit allowed exceeds the taxpayer's net tax for the taxable year in which the system was installed, no excess portion of the credit shall be applied against the taxpayer's "net tax" for the 1985 taxable year and no more than one-third of the excess portion of the credit shall be applied against the taxpayer's "net tax" for each of the 1986, 1987, and 1988 taxable years. For the 1989 taxable year and taxable years thereafter, any remaining excess credit may be applied and carried forward without restriction. With regard to wind energy systems purchased and installed on or after August 1, 1985, and on or before December 31, 1985, no more than one-third of the allowable credit under this section shall be applied against the taxpayer's "net tax" for each of the 1985, 1986, and 1987 taxable years. Any credit remaining after the 1987 taxable year shall be applied and carried forward without restriction. However, the full credit allowed under this section for wind energy systems may be applied against the taxpayer's "net tax" for the 1985 taxable year if (i) a written binding contract to purchase the primary components of a system is entered into by the taxpayer or any other party before August 1, 1985, and (ii) the system is installed on or before December 31, 1985. With regard to wind energy systems installed on or after January 1, 1986, no more than one-third of the allowable credit under this section shall be applied against the taxpayer's "net tax" for each of the taxpayer's 1986, 1987, and 1988 taxable years. Any credit remaining after the 1988 taxable year shall be applied and carried forward without restriction.

(f) The Energy Resources Conservation and Development Commission shall, after one or more public hearings, establish guidelines and criteria for solar energy systems which shall be eligible for the credit provided by this section. These guidelines and criteria may include, but shall not be limited to, minimum requirements for safety, reliability and durability of solar energy systems. The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section.

(g) To the extent that federal energy tax credits are allowed or allowable for costs incurred by a taxpayer for the purchase and installation of a solar energy system as defined in this section, the state credit provided in paragraph (2) of subdivision (a) and subparagraph (A) of paragraph (6) of subdivision (a) shall be reduced so that the combined effective credit shall not exceed 55 percent of these costs, notwithstanding the carryover provisions of subdivision (e). For any solar energy system installed on or after August 1, 1983, and on or before July 31, 1985, the percentage specified by this subdivision shall be 50 percent. This subdivision shall not apply to solar energy systems installed on or after August 1, 1985.

(h) For purposes of this section:

(1) "Installed" means placed in position in a functionally operative state.

(2) "Cost" includes all of the following:

(A) Equipment and installation charges.

(B) Compensation paid to the owner of burdened property in connection with the acquisition of a solar easement, as defined in Section 801.5 of the Civil Code, and the fees for the recording of this easement.

(C) In the case of a system which is leased, the principal recovery portion of lease payments, which is the cost incurred by the taxpayer in acquiring the solar energy system excluding interest charges and maintenance expenses.

"Cost" does not include interest charges and costs associated with the acquisition of an easement other than a solar easement.

(3) "Owner" includes duly recorded holders of legal title, lessees with at least three years remaining on their lease or easement granting use of the premises, a person purchasing premises under a contract of sale, or who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy to the premises, a person who is a member of a nonprofit corporation or association which is a duly recorded holder of legal title, or a person who is a member of a nonprofit corporation or association which is a lessee with at least three years remaining on its lease.

(4) "Premises" means the principal stationary location in California where the system is installed for direct use or for purposes of sale of energy, and includes land, easements, buildings or portions thereof, and mobilehomes.

(5) "Dwelling" means a building, or portion thereof, used for residential purposes, and includes each of the following:

(A) "Single-family dwelling" means single-family residences, mobilehomes, and the individual units of condominiums.

(B) "Multifamily dwelling" means cooperatives, apartment buildings, or other similar multiple dwellings.

(6) (A) "Solar energy system" means the use of solar devices for the individual function of:

(i) Domestic or service water heating.

(ii) Space conditioning.

(iii) Production of electricity.

(iv) Process heat.

(v) Solar mechanical energy.

(vi) Wind energy for the production of electricity or mechanical work.

The term "solar energy system" shall include, but is not limited to, passive thermal systems, semipassive thermal systems, active thermal systems, photovoltaic systems and wind-driven systems.

(B) Eligible solar energy systems shall have a useful life of not less than three years.

(7) "Solar device" means the equipment associated with the collection, conversion, transfer, distribution, storage or control of solar energy. In the case of a solar device associated with two or more

solar energy systems, the credit allowed for the solar device may be taken for any one of the systems, or divided equally between them.

(8) "Passive thermal system" means a system which utilizes the structural elements of the building, and is not augmented by mechanical components, to provide for collection, storage, or distribution of solar energy for heating or cooling.

(9) "Active thermal system" means a system which utilizes solar devices thermally isolated from the living or commercial space to provide for collection, storage, or distribution of solar energy for heating or cooling.

(10) "Semipassive thermal system" means a system which utilizes the structural elements of a building and is augmented by mechanical components to provide for collection, storage, or distribution of solar energy for heating or cooling.

(11) "Municipal solar utility" means a city, county, or municipal utility district, or agency thereof, which sells or leases solar or other energy generating equipment or energy saving devices for residential, commercial, agricultural, or industrial uses or which issues permits to companies engaged in the leasing of this equipment.

(i) In lieu of claiming the tax credit provided by this section, the taxpayer may elect to take depreciation pursuant to Section 17250. In addition, the taxpayer may take depreciation pursuant to that section for the cost of a solar energy system in excess of the amount of the tax credit claimed under this section.

(j) No tax credit may be claimed under this section for any expenditures which have been otherwise claimed as a tax credit for the current or any prior taxable year as energy conservation measures under this part.

(k) This section shall remain in effect only until January 1, 1987, and on that date is repealed, unless a later enacted statute, which is chaptered before this date, deletes or extends the date. However, any unused credit may be used beyond that date on the same basis and to the same extent as permitted under the law immediately prior to January 1, 1987.

(*l*) Notwithstanding the provisions of subdivision (k), a taxpayer or any other party who has undertaken significant construction or expenditures associated with the acquisition or installation of a solar energy system on or before October 31, 1986, shall be eligible for the tax credit authorized by this section in the taxable year in which the system is installed if the installation is completed on or before June 30, 1987.

For purposes of this section, "significant construction or expenditures associated with the acquisition or installation of a solar energy system" requires the completion of at least two of the following:

(*i*) The placement of at least 50 percent of the funds necessary for project completion in an escrow account. Funds placed in escrow may include funds borrowed pursuant to a construction loan or other

debt arrangement.

(ii) The payment of all necessary earnest money required to maintain interconnection priority with a purchasing utility and the receipt of all required building permits or zoning approval, such as a conditional use permit.

(iii) The signing of a binding agreement (such as a lease, easement, or purchase agreement) for the land necessary for the solar energy system and the signing of a binding agreement for major solar energy production equipment purchases necessary for the solar energy system.

SEC. 2. Section 17052.8 of the Revenue and Taxation Code is amended to read:

17052.8. (a) (1) There shall be allowed as a credit against the amount of "net tax" (as defined in Section 17039, an amount equal to the amount determined in paragraph (2), (3), or (5).

(2) Except as provided in paragraphs (3) and (5), the amount of the credit allowed by this section shall be 40 percent of the cost (as defined in paragraph (7)) incurred by the taxpayer for energy conservation measures installed on premises in California which are owned by the taxpayer at the time of installation. For energy conservation measures which are installed on or after August 1, 1983, and before August 1, 1985, including measures installed on multifamily dwellings before August 1, 1985, the percentage specified in the preceding sentence shall be 35 percent, and the credit shall not exceed one thousand five hundred dollars ($1,500) for each premises. For energy conservation measures which are installed on or after August 1, 1985, excluding measures installed on multifamily dwellings on or after August 1, 1985, the percentage specified in the preceding sentence shall be 10 percent, and the credit shall not exceed seven hundred fifty dollars ($750) for each premises. The owner of the premises on which the energy conservation measures are installed may claim the tax credit for costs incurred; however, an owner-builder or owner-developer of new dwellings may elect not to claim the energy conservation tax credit for any or all energy conservation measures installed on new dwellings. If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for energy conservation measures, the original purchaser of the new dwelling on which the measures are installed may claim the credit provided that the purchaser can confirm the election by a written document signed by the owner-builder or owner-developer.

The energy conservation tax credit shall be claimed in the state income tax return for the taxable year in which the energy conservation measures were installed. However, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for energy conservation measures, the original purchaser of the new single-family dwelling on which the energy conservation measures are installed may claim the credit in the taxable year during which the purchaser's escrow closed or the taxable year during which the

purchaser acquired legal title to the single-family dwelling.

A taxpayer who claimed the energy conservation tax credit in the state income tax return for the taxable year in which the energy conservation measure was installed, may in any subsequent year claim an energy conservation tax credit for additional energy conservation measures installed in that tax year.

(3) With regard to premises in California which are owned by the taxpayer, other than single-family dwellings and those multifamily dwellings on which measures are installed before August 1, 1985, the amount of the credit allowed by this section which is applicable to installations of measures made prior to August 1, 1985, shall be 25 percent of the cost (as defined in paragraph (7)) of the energy conservation measures. With regard to premises in California which are owned by the taxpayer, other than single-family dwellings, the amount of the credit allowed by this section which is applicable to installations made on or after January 1, 1986, shall be 20 percent of the cost, as defined in paragraph (7) of the energy conservation measures.

(4) If energy conservation measures serve two or more dwelling units, the owner or owners of the dwellings shall be eligible to receive the credit in proportion to the number of dwelling units served. The amount of the credit shall be determined by dividing the cost (as defined in paragraph (7)) of the energy conservation measures by the number of dwelling units served by the energy conservation measures, and applying the formula described in paragraph (2) or (5) to the per dwelling cost. This paragraph shall not apply to energy conservation measures installed on or after August 1, 1985.

(5) Taxpayers who partially own and partially lease on premises in California which are owned by the taxpayer energy conservation measures from a utility or other lessor shall receive a tax credit as provided in subparagraph (A) or (B).

(A) Except as provided in subparagraph (B), the credit provided by this paragraph shall equal 40 percent of the cost (as defined in paragraph (7)) of the purchased portion and 40 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the energy conservation tax credit terminates, whichever occurs first. For energy conservation measures which are installed on dwellings, including multifamily dwellings, on or after August 1, 1983, and on or before July 31, 1985, the percentage specified in the preceding sentence shall be 35 percent and the credit shall not exceed one thousand five hundred dollars ($1,500) for each premises. For energy conservation measures which are installed on premises, excluding multifamily dwellings, on or after August 1, 1985, the percentage specified in the preceding sentence shall be 10 percent , and the credit shall not exceed seven hundred fifty dollars ($750) for each premises. In any one year, the tax credit shall apply only to the principal recovery portion of the lease payments made during that

year and to amounts expended on the purchased portion of the measure (including installation charges) during that year.

(B) In the case of premises, other than single-family dwellings and those multifamily dwellings on which measures are installed before August 1, 1985, the credit provided by this paragraph for installation of measures made before August 1, 1985, shall equal 25 percent of the cost (as defined in paragraph (7)) of the purchased portion and 25 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the energy conservation tax credit terminates, whichever occurs first. In the case of premises, other than single-family dwellings, the credit provided by this paragraph for installations of measures made on or after January 1, 1986, shall equal 20 percent of the cost (as defined in paragraph (7)) of the purchased portion and 20 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payment for the first three years of operation or until the credit terminates, whichever occurs first. In any one year, the tax credit shall apply only to the principal recovery portion of the lease payments made during that year and to amounts expended on the purchased portion of the measure (including installation charges) during that year.

(6) For purposes of computing the credit provided by this section and the basis of the property, the cost of any energy conservation measure eligible for the credit provided by this section shall be reduced by the amount of any grant or any nonreimbursable financial assistance (other than interest charges) provided by a utility or a public entity.

(7) For the purpose of computing the credit provided by this section, "cost" shall include installation charges, but shall exclude interest charges. In the case of measures which are leased, "cost" shall mean the principal recovery portion of monthly lease payments. "Principal recovery portion" means the cost incurred by the lessor in acquiring the energy conservation measures, but does not include interest charges, sales taxes, or maintenance expenses.

(b) The basis of any energy conservation measure for which a credit is allowed shall be reduced by the amount of the credit. The basis adjustment shall be made for the taxable year for which the credit is allowed.

(c) With the exception of a husband and wife, if there is more than one owner of a premises on which energy conservation measures are installed, each owner shall be eligible to receive the energy conservation tax credit in proportion to his or her ownership interests in the premises. In the case of a partnership, the energy conservation tax credit may be divided between the partners pursuant to a written partnership agreement. In the case of a husband or wife who files a separate return, the credit may be taken by either or equally divided between them.

(d) In the case where the credit allowed under this section exceeds the "net tax" for the taxable year, that portion of the credit

which exceeds such "net tax" may be carried over to the "net tax" in succeeding taxable years, provided that no excess portion of the allowable credit available with respect to measures installed before January 1, 1985, shall be applied against the taxpayer's "net tax" for the 1985 taxable year and no more than one-third of the allowable excess portion of the credit shall be applied against the taxpayer's "net tax" for each of the taxpayer's 1986, 1987, and 1988 taxable years. For the 1989 taxable year and taxable years thereafter, any unused portion of the credit shall be applied and carried forward without restriction.

(e) The Energy Resources Conservation and Development Commission shall, after one or more public hearings, adopt regulations which establish minimum standards which any item of a generic category of energy conservation measure, as defined by this section, must meet to be eligible for an energy conservation tax credit. Such standards shall include minimum provisions for effectiveness, safety and consumer protection which are consistent with standards established pursuant to the National Energy Conservation Policy Act and other applicable federal and state law. The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section. Regulations adopted by the Energy Resources Conservation and Development Commission and the Franchise Tax Board, pursuant to this section, shall be in language which is easily understood by the general public.

(f) (1) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of energy conservation measures in dwelling units, then to the extent such credit is allowed or allowable for an energy conservation measure as defined in this section, the state credit provided in paragraph (2) of subdivision (a) shall be reduced so that the combined effective credit shall not exceed either 40 percent of the cost for measures installed on or before July 31, 1983, or 35 percent of the costs for measures installed on or after August 1, 1983, and on or before July 31, 1985, notwithstanding the carryover provisions of subdivision (e). This paragraph shall not apply to measures installed on or after August 1, 1985.

(2) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of energy conservation measures in other than dwelling units, then to the extent the credit is allowed or allowable for an energy conservation measure as defined in this section, the state credit provided in paragraph (3) of subdivision (a), for measures installed prior to August 1, 1985, shall be reduced by the amount of the federal credit. This paragraph shall not apply to measures installed on or after August 1, 1985.

(g) For purposes of this section:

(1) "Installed" means placed in position in a functionally operative state.

(2) "Owner" includes duly recorded holders of legal title, lessees with at least three years remaining on their lease, a person

purchasing premises under a contract of sale, or who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy to the premises, a person who is a member of a nonprofit corporation or association which is a duly recorded holder of legal title, or a person who is a member of a nonprofit corporation or association which is a lessee with at least three years remaining on its lease.

(3) "Premises" means land, buildings, or portions thereof, or mobilehomes.

(4) "Dwelling" means a building used for residential purposes, and includes each of the following:

(A) "Single-family dwelling" means single-family residences, mobilehomes, and individual units of condominiums.

(B) "Multifamily dwelling" means cooperatives, apartment buildings, or other similar multiple dwellings.

(5) "Energy conservation measure" means any item with a useful life of not less than three years of one of the following generic categories which meets the minimum standards as specified pursuant to subdivision (f):

(A) Ceiling insulation.

(B) Weatherstripping of all doors and windows which lead to unheated or uncooled areas so as to effectively and reliably limit air infiltration.

(C) An external water heater insulation blanket.

(D) Low flow devices on all accessible shower heads.

(E) Caulking or sealing of all major cracks and joints and other openings in building exteriors to reduce the loss of heated or cooled air or the entry of outside air where feasible, and sealing of wall outlets.

(F) Insulation of all accessible supply and return heating and cooling system ducts and plenums which are located in unheated or uncooled areas and sealing of all duct and plenum joints with pressure-sensitive tape or mastic.

(G) Wall insulation.

(H) Floor insulation in premises with electrical resistance heating.

(I) Ventilation cooling fans, attic ventilators, and economizer systems.

(J) Heat pumps and water heating heat pumps (including those which use air, water, or earth as a source or sink of heat) which replace electric resistance heaters or are used in conjunction with a solar energy system.

(K) Covers for swimming pools or hot tubs which transmit the sun's radiation energy into the water or reduce heat loss or water evaporation.

(L) For existing dwellings, such other measures or devices as may be designated "residential energy conservation measures" approved and adopted as part of the operational California plan approved in 1983 pursuant to Section 456.204 of Title 10 of the Code of Federal

Regulations and maintained under the authority of this section until December 31, 1985, or an appropriate operational Residential Conservation Service Plan pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206) and recommended as the result of an audit conducted under the auspices of such a plan. This generic category includes, but is not limited to:

(i) Electrical or mechanical furnace ignition systems which replace gas pilot lights.

(ii) Devices modifying the openings of heating and cooling systems which achieve increased efficiency.

(iii) Storm or thermal windows or doors for the exterior of dwellings, evaporative coolers, heat absorbing or heat reflective glazed windows and door materials, exterior shading devices, and movable insulation such as shutters or thermal drapes, which substantially reduce the energy needed for space heating and cooling.

(iv) Load management devices to reduce the direct or indirect use of electricity through interruption, storage or load limiting.

(v) Floor insulation except as specified in subparagraph (H).

(M) For existing dwellings where there is no operational Residential Conservation Service (RCS) Plan certified in accordance with this section or in regions where such a plan does not provide energy audits, and for premises other than dwellings:

(i) Electrical or mechanical furnace ignition systems which replace gas pilot lights.

(ii) Devices modifying the openings of restaurant food preparation appliances or heating and cooling systems so as to achieve increased energy efficiency.

(iii) Storm or thermal windows or doors for the exterior of dwellings, evaporative coolers, heat absorbing or heat reflective glazed windows and door materials, exterior shading devices, and movable insulation such as shutters or thermal drapes, which substantially reduce the energy needed for space heating and cooling, and glazing materials (other than doors and windows), controls or automatic switching devices for effective use of natural light to replace electric interior lighting which result in a net energy savings.

(iv) Load management devices to reduce the direct or indirect use of electricity through interruption, storage or load limiting.

(v) Floor insulation, except as specified in subparagraph (H).

(N) For newly constructed dwellings:

(i) Storm or thermal windows or doors for the exterior of dwellings.

(ii) Evaporative coolers.

(iii) Heat absorbing or heat reflective glazed windows and door materials.

(iv) Exterior shading devices.

(v) Movable insulation such as shutters or thermal drapes.

(vi) Load management devices.

(vii) Floor insulation.

Energy conservation measures in the generic categories of subparagraphs (A), (B), (C), (D), (E), (F), and (K) installed in any premises shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for taxable years which begin after December 31, 1986.

Energy conservation measures in the generic categories of subparagraphs (G), (H), (I), (J), (L), (M), and (N) installed on single-family dwellings shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for taxable years which begin after December 31, 1985. State agencies shall ensure that taxpayers may qualify for a tax credit under the provisions of subparagraph (L) until the termination date specified in this paragraph.

Energy conservation measures in the generic categories of subparagraphs (G), (H), (I), (J), and (M) installed on premises, other than single-family dwellings, shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for taxable years which begin after December 31, 1986.

(6) The energy conservation tax credit provided by this section shall also apply to the cost of conducting energy audits and engineering feasibility studies resulting therefrom.

(7) "Operational Residential Conservation Service Plan" means the operational California plan approved in 1983 pursuant to Section 456.204 of Title 10 of the Code of Federal Regulations and maintained under the authority of this section until December 31, 1985, or a Residential Conservation Service (RCS) Plan, developed pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206), and which provides energy audits for measures identified in this section in accordance with the requirements of such an RCS Plan. The Energy Resources Conservation and Development Commission shall, after at least one public hearing, certify when participating utilities identified in the California Plan for the Residential Conservation Service dated January 1981, have operational RCS Plans. In the case of a publicly owned utility, a Residential Conservation Service Plan developed pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206), shall be certified by the governing board of the publicly owned utility to be operational. Certification that a plan is operational by the commission or the governing board of a publicly owned utility shall occur only after a finding is made that audits are available to utility customers within the time specified in the appropriate approved plan.

(h) In lieu of claiming the tax credit provided by this section, the taxpayer may elect to take depreciation pursuant to Section 17253. In addition, the taxpayer may take depreciation pursuant to that section for the cost of an energy conservation measure in excess of

the amount of the tax credit claimed under this section.

(i) No tax credit may be claimed under this section for any expenditures which have been otherwise claimed as a tax credit for the taxable year in which the energy conservation measure was installed or for any prior taxable year.

(j) No credit shall be allowed under this section if the amount would (but for this subdivision) be less than ten dollars ($10).

(k) (1) Except as provided in paragraph (2) of this subdivision, the tax credit provided by this section shall not apply to energy conservation measures required by state laws and regulations pursuant thereto, at the time of installation.

(2) Notwithstanding the provisions of paragraph (1), a credit shall be allowed for energy conservation measures specified in subparagraph (K) of paragraph (5) of subdivision (g).

This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is chaptered before that date, deletes or extends that date.

SEC. 3. Section 23601 of the Revenue and Taxation Code is amended to read:

23601. (a) (1) There shall be allowed as a credit against the taxes imposed by this part (except the minimum franchise tax and the tax on preference income), an amount equal to the amount determined in paragraph (2), (3), or (6).

(2) Except as provided in subparagraph (A), the amount of the credit allowed by this section shall be 55 percent of the cost (as defined in subdivision (f)) incurred by the taxpayer for any solar energy system installed on premises in California which are owned by the taxpayer at the time of installation. For any such solar energy system installed on dwellings, including multifamily dwellings, on or after August 1, 1983, and before August 1, 1985, the percentage specified by this paragraph, subparagraph (C), subparagraph (A) of paragraph (6), and subdivision (e) shall be 50 percent, and the credit shall not exceed three thousand dollars ($3,000) per solar energy system as defined in subdivision (f). For any such solar energy system installed on single-family dwellings, on or after August 1, 1985, the percentage specified by this paragraph, subparagraph (C), subparagraph (A) of paragraph (6), and subdivision (e) shall be 10 percent, and the credit shall not exceed one thousand dollars ($1,000) per solar energy system as defined in subdivision (f).

(A) Only the owner of the premises (as defined in subdivision (f)) on which the solar energy system is installed may claim the tax credit for costs incurred; however, an owner-builder or owner-developer of new single-family dwellings may elect not to claim the solar energy tax credit for any or all systems installed on new single-family dwellings. If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new single-family dwelling on which the system is installed may claim the credit provided that the purchaser can confirm the election if necessary, by a written document signed by

the owner-builder or owner-developer.

If an owner-builder or owner-developer of new single-family dwellings elects to claim the credit for any system installed prior to August 1, 1985, for which the federal credit is allowed, the credit shall be equal to 15 percent of the cost of these systems. If an owner-builder or owner-developer of new single-family dwellings elects to claim the credit for any other installations made prior to August 1, 1985, which qualify for this credit, the credit shall be as defined in paragraph (2).

(B) The solar energy tax credit shall be claimed in the state return for the income year in which the solar energy system was installed; however, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new single-family dwelling on which the system is installed may claim the credit for the year during which the purchaser's escrow closed or the year during which the purchaser acquired legal title to the single-family dwelling.

(C) A taxpayer who claimed the solar energy tax credit in the state income tax return for the income year in which the solar energy system was installed, may claim the credit in subsequent years for additions to the system or additional systems on the basis of the formula in this paragraph, so long as the total amount of the credit claimed does not exceed three thousand dollars ($3,000) per system for installations made on or before July 31, 1985, and one thousand dollars ($1,000) per system for installations made on or after August 1, 1985.

(3) With regard to premises in California which are owned by the taxpayer, other than single-family dwellings and those multifamily dwellings on which systems are installed before August 1, 1985, the amount of the credit allowed by this section shall be 25 percent of the cost (as defined in subdivision (f)) of the solar energy system, except for wind energy systems installed on or after January 1, 1986, for which the credit shall be 15 percent of the cost. This paragraph shall apply to solar energy systems installed on multifamily dwellings on or after August 1, 1985.

A taxpayer, who claimed the solar energy tax credit on the state income tax return for the income year in which the solar energy system was installed, may claim the credit in subsequent years for additions to the system or additional systems by the amount prescribed by this paragraph.

(4) If a solar energy system serves two or more dwellings, the owner or owners of the system shall be eligible to receive the credit in proportion to the number of dwelling units served. The amount of the credit shall be determined by dividing the cost (as defined in paragraph (8)) of the solar energy system by the number of dwelling units served by the system, and applying the formula described in paragraph (2) or (6) to the per dwelling cost. This paragraph shall not apply to systems installed on or after August 1, 1985.

(5) Energy conservation measures applied in conjunction with

solar energy systems to reduce the total cost or backup energy requirements of such systems shall be considered part of the systems, and shall be eligible for the tax credit. Qualified energy conservation measures installed within six months of the date of installation of the solar energy system are considered to be installed "in conjunction with" the solar energy system, even if the period spans two taxable years. In cases involving more than six months between the dates of installation of the energy conservation measures and the solar energy system, the taxpayer must be able to provide persuasive evidence that the energy conservation measures were in fact installed in conjunction with a solar energy system. Eligible conservation measures applied in conjunction with solar space heating shall include, but not be limited to, ceiling, wall, and floor insulation above that required by law at the time of original construction. Eligible conservation measures applied in conjunction with solar water heating shall include, but not be limited to, water heater insulation jackets, and shower and faucet flow reducing devices. Energy conservation measures which shall be eligible for the tax credit when applied in conjunction with solar energy systems shall be defined by the Energy Resources Conservation and Development Commission as part of the solar energy system eligibility criteria.

(6) Taxpayers who lease a solar energy system installed on premises in California owned by the taxpayer shall receive a tax credit as provided in subparagraph (A) or (B) provided that the lessee can confirm, if necessary, by a written document signed by the lessor that (i) the lessor irrevocably elects not to claim a state tax credit for the solar energy system, and (ii) if the system is installed in a locality served by a municipal solar utility, that the lessor holds a valid permit from the municipal solar utility. Leasing requirements may be established by the Energy Resources Conservation and Development Commission as part of the solar energy system eligibility criteria.

(A) Except as provided in subparagraph (B), the credit shall equal 55 percent of the cost (as defined in subdivision (f)) of the purchased portion, and 55 percent of the principal recovery portion (as defined in subdivision (f)) of the lease payments for the term of the lease, not to exceed 10 years. That credit shall not exceed three thousand dollars ($3,000) for each system installed on or before July 31, 1985, and one thousand dollars ($1,000) for each system installed on or after August 1, 1985. In any one year, the tax credit shall apply only to the principal recovery portion of lease payments made during that year and to amounts expended on the purchases portion of the solar energy system (including installation charges) during that year. For any solar energy system installed on or after August 1, 1983, and on or before July 31, 1985, the percentage specified by this subparagraph shall be 50 percent. For any solar energy system installed on single-family dwellings on or after August 1, 1985, the percentage specified by this subparagraph shall be 10 percent.

(B) In the case of premises other than single-family dwellings and

those multifamily dwellings on which systems are installed before August 1, 1985, the credit shall equal 25 percent of the cost (as defined in subdivision (f)) of the purchased portion and 25 percent of the principal recovery portion (as defined in subdivision (f)) of the lease payments for the term of the lease, not to exceed 10 years. This subparagraph shall apply to systems installed on multifamily dwellings on or after August 1, 1985. In any one year, the tax credit shall apply only to the principal recovery portion of lease payments made during that year and to amounts expended on the purchased portion of the solar energy system (including installation charges) during that year.

(7) For purposes of computing the credit provided by this section, the cost of any solar energy system eligible for the credit provided by this section shall be reduced by any grant provided by a public agency for such system.

(b) The basis of any system for which a credit is allowed shall be reduced by the amount of the credit and grant provided by a utility or public agency for such solar energy system. The basis adjustment shall be made for the income year for which the credit is allowed.

In the case of a partnership, the solar energy tax credit may be divided between the partners pursuant to a written partnership agreement.

(c) In the case where the credit allowed under this section exceeds the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for the income year, that portion of the credit which exceeds such taxes may be carried over to the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) in succeeding income years until the credit is used. The credit shall be applied first to the earliest years possible. With respect to solar energy systems installed before January 1, 1985, where the credit allowed exceeds the taxpayer's taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for the income year in which the system was installed, no excess portion of the credit shall be applied against the taxpayer's taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for the 1985 income year and no more than one-third of the excess portion of the credit shall be applied against the taxpayer's taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for each of the 1986, 1987, and 1988 income years. For the 1989 income year and income years thereafter, any remaining excess credit may be applied and carried forward without restriction. With regard to wind energy systems purchased and installed on or after August 1, 1985, and on or before December 31, 1985, no more than one-third of the allowable credit under this section shall be applied against the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for each of the 1985, 1986, and 1987 income years. Any credit remaining after the 1987 taxable year shall be applied and carried forward

without restriction. However, the full credit allowed under this section for wind energy systems may be applied against the taxpayer's taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for the 1985 income year if (i) a written binding contract to purchase the primary components of a system is entered into by the taxpayer or any other party before August 1, 1985, and (ii) the system is installed on or before December 31, 1985. With regard to wind energy systems installed on or after January 1, 1986, no more than one-third of the allowable credit under this section shall be applied against the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for each of the 1986, 1987, and 1988 income years. Any credit remaining after the 1988 income year may be applied and carried forward without restriction.

(d) The Energy Resources Conservation and Development Commission shall, after one or more public hearings, establish guidelines and criteria for solar energy systems which shall be eligible for the credit provided by this section. These guidelines and criteria may include, but shall not be limited to, minimum requirements for safety, reliability and durability of solar energy systems. The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section.

(e) If federal income tax credit is enacted for costs incurred by a taxpayer for the purchase or lease and installation of solar energy systems, then to the extent such credit is allowed or allowable for a solar energy system as defined in this section, the state credit provided in paragraph (2) of subdivision (a) and subparagraph (A) of paragraph (6) shall be reduced so that the combined effective credit shall not exceed 55 percent of such costs, notwithstanding the carryover provisions of subdivision (c). For any solar energy system installed on or after August 1, 1983, and before August 1, 1985, the percentage specified by this subdivision shall be 50 percent. This subdivision shall not apply to solar energy systems installed on or after August 1, 1985.

(f) The following definitions govern construction of this section:

(1) "Installed" means placed in position in a functionally operative state.

(2) "Cost" includes equipment and installation charges, but shall exclude interest charges. In the case of a system which is leased, "cost" means the principal recovery portion of lease payments which is the cost incurred by the taxpayer in acquiring the solar energy system, but excluding interest charges and maintenance expenses.

(3) "Owner" includes duly recorded holders of legal title, lessees with at least three years remaining on their lease or easement granting use of the premises, a person purchasing premises under a contract of sale, or who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy to the premises, a person who is a member of a nonprofit corporation or association which is a duly recorded holder

of legal title, or a person who is a member of a nonprofit corporation or association which is a lessee with at least three years remaining on its lease.

(4) "Premises" means the principal stationary location in California where the system is installed for direct use or for purposes of sale of energy, and includes land, easements, buildings or portions thereof, and mobilehomes.

(5) "Dwelling" means a building, or portion thereof, used for residential purposes, and includes each of the following:

(A) "Single-family dwelling" means single-family residences, mobilehomes, and the individual units of condominiums.

(B) "Multifamily dwelling" means cooperatives, apartment buildings, or other similar multiple dwellings.

(6) (A) "Solar energy system" means the use of solar devices for the individual function of:

(i) Domestic or service water heating.

(ii) Space conditioning.

(iii) Production of electricity.

(iv) Process heat.

(v) Solar mechanical energy.

(vi) Wind energy for the production of electricity or mechanical work.

The term "solar energy system" shall include, but is not limited to, passive thermal systems, semipassive thermal systems, active thermal systems, photovoltaic systems and wind-driven systems.

(B) Eligible solar energy systems shall have a useful life of not less than three years.

(7) "Solar device" means the equipment associated with the collection, conversion, transfer, distribution, storage or control of solar energy. In the case of a solar device associated with two or more solar energy systems, the credit allowed for the solar device may be taken for any one of the systems, or divided equally between them.

(8) "Passive thermal system" means a system which utilizes the structural elements of the building, and is not augmented by mechanical components, to provide for collection, storage, or distribution of solar energy for heating or cooling.

(9) "Active thermal system" means a system which utilizes solar devices thermally isolated from the living or commercial space to provide for collection, storage, or distribution of solar energy for heating or cooling.

(10) "Semipassive thermal system" means a system which utilizes the structural elements of a building and is augmented by mechanical components to provide for collection, storage, or distribution of solar energy for heating or cooling.

(11) "Municipal solar utility" means a city, county, or municipal utility district, or agency thereof, which sells or leases solar or other energy generating equipment or energy saving devices for residential, commercial, agricultural, or industrial uses, or which issues permits to companies engaged in the leasing of this

equipment.

(g) In lieu of claiming the tax credit provided by this section, the taxpayer may elect to take a depreciation pursuant to Section 24349. Also, the taxpayer may take depreciation pursuant to that section for the cost of a solar energy system in excess of the amount of the tax credit claimed under this section.

(h) No tax credit may be claimed under this section for any expenditures which have been otherwise claimed as a tax credit for the current or any prior taxable year as energy conservation measures under this part.

(i) This section shall remain in effect only until January 1, 1987, and on that date is repealed, unless a later enacted statute, which is chaptered before this date, deletes or extends the date. However, any unused credit may be used beyond that date on the same basis and to the same extent as permitted under the law immediately prior to January 1, 1987.

(j) Notwithstanding the provisions of subdivision (i), a taxpayer or any other party who has undertaken significant construction or expenditures associated with the acquisition or installation of a solar energy system on or before October 31, 1986, shall be eligible for the tax credit authorized by this section in the income year in which the system is installed if the installation is completed on or before June 30, 1987.

For purposes of this section, "significant construction or expenditures associated with the acquisition or installation of a solar energy system" requires the completion of at least two of the following:

(i) The placement of at least 50 percent of the funds necessary for project completion in an escrow account. Funds placed in escrow may include funds borrowed pursuant to a construction loan or other debt arrangement.

(ii) The payment of all necessary earnest money required to maintain interconnection priority with a purchasing utility and the receipt of all required building permits or zoning approval, such as a conditional use permit.

(iii) The signing of a binding agreement (such as a lease, easement, or purchase agreement) for the land necessary for the solar energy system and the signing of a binding agreement for major energy production equipment purchases necessary for the solar energy system.

SEC. 4. Section 23601.5 of the Revenue and Taxation Code is amended to read:

23601.5. (a) (1) There shall be allowed as a credit against the taxes imposed by this part (except the minimum franchise tax and the tax on preference income), an amount equal to the amount determined in paragraph (2), (3), or (5).

(2) Except as provided in paragraphs (3) and (5), the amount of the credit allowed by this section shall be 40 percent of the cost (as defined in paragraph (7)) incurred by the taxpayer for energy

conservation measures installed on premises in California which are owned by the taxpayer at the time of installation. For energy conservation measures which are installed on or after August 1, 1983, and before August 1, 1985, including measures installed on multifamily dwelling units before August 1, 1985, the percentage specified in the preceding sentence shall be 35 percent (in lieu of 40 percent) and the credit shall not exceed one thousand five hundred dollars ($1,500) for each premises. For energy conservation measures installed on or after August 1, 1985, excluding measures installed on multifamily dwellings on or after August 1, 1985, the percentage specified in the preceding sentence shall be 10 percent, and the credit shall not exceed seven hundred fifty dollars ($750) for each premises. The owner of the premises on which the energy conservation measures are installed may claim the tax credit for costs incurred; however, an owner-builder or owner-developer of new single-family dwellings may elect not to claim the energy conservation tax credit for any or all measures installed on new single-family dwellings. If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for energy conservation measures, the original purchaser of the new single-family dwelling on which the measures are installed may claim the credit, provided that the purchaser can confirm the election by a written document signed by the owner-builder or owner-developer.

The energy conservation tax credit shall be claimed in the state return for the income year in which the energy conservation measures were installed; however, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for energy conservation measures, the original purchaser of the new single-family dwelling on which the measures are installed may claim the credit in the year during which the purchaser's escrow closed or the year during which the purchaser acquired legal title to the new single-family dwelling.

A taxpayer who claimed the energy conservation tax credit in the state income tax return for the year in which the energy conservation measures were installed, may in any subsequent year claim an energy conservation tax credit for additional energy conservation measures installed in that year.

(3) With regard to premises in California which are owned by the taxpayer, other than single-family dwellings and those multifamily dwellings on which measures are installed before August 1, 1985, the amount of the credit allowed by this section which is applicable to installations of measures made prior to August 1, 1985, shall be 25 percent of the cost (as defined in paragraph (7)) of the energy conservation measure. With regard to premises in California which are owned by the taxpayer, other than single-family dwellings, the amount of the credit allowed by this section which is applicable to installations made on or after January 1, 1986, shall be 20 percent of the cost (as defined in paragraph (7)) of the energy conservation measure.

(4) If energy conservation measures serve two or more dwelling units, the owner or owners of the dwellings shall be eligible to receive the credit in proportion to the number of dwelling units served. The amount of the credit shall be determined by dividing the cost (as defined in paragraph (7)) of the energy conservation measures by the number of dwelling units served by the measures, and applying the formula described in paragraph (2) or (5) to the per dwelling cost. This paragraph shall not apply to energy conservation measures installed on or after August 1, 1985.

(5) Taxpayers who partially own and partially lease on premises in California which are owned by the taxpayer energy conservation measures from a utility or other lessor shall receive a tax credit as provided in subparagraph (A) or (B).

(A) Except as provided in subparagraph (B), the credit provided by this paragraph shall equal 40 percent of the cost (as defined in paragraph (7) of the purchased portion and 40 percent of the principal recovery portion (as defined in paragraph (7) of the lease payments for the first three years of operation or until the energy conservation tax credit terminates, whichever occurs first. For energy conservation measures which are installed on dwellings, including multifamily dwellings, on or after August 1, 1983, and on or before July 31, 1985, the percentage specified in the preceding sentence shall be 35 percent and the credit shall not exceed one thousand five hundred dollars ($1,500) for each premises. For energy conservation measures which are installed on dwellings, excluding multifamily dwellings, on or after August 1, 1985, the percentage specified in the preceding sentence shall be 10 percent and the credit shall not exceed seven hundred fifty dollars ($750) for each premises. In any one year, the tax credit shall apply only to the principal recovery portion of the lease payments made during that year and to amounts expended on the purchased portion of the measure (including installation charges) during that year.

(B) In the case of premises, other than single-family dwellings and those multifamily dwellings on which measures are installed before August 1, 1985, the credit provided by this paragraph for installation of measures made before August 1, 1985, shall equal 25 percent of the cost (as defined in paragraph (7)) of the purchased portion and 25 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the energy conservation tax credit terminates, whichever occurs first. In the case of premises, other than single-family dwellings, the credit provided by this paragraph for installations of measures made on or after January 1, 1986, shall equal 20 percent of the cost (as defined in paragraph (7)) of the purchased portion and 20 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the credit terminates, whichever occurs first. In any one year, the tax credit shall apply only to the principal recovery portion of the lease payments made during that year and to amounts expended on

the purchased portion of the measure (including installation charges) during that year.

(6) For purposes of computing the credit provided by this section and the basis of the property, the cost of any energy conservation measure eligible for the credit provided by this section shall be reduced by the amount of any grant or any nonreimbursable financial assistance (other than interest charges) provided by a utility or a public entity.

(7) For the purpose of computing the credit provided by this section, "cost" shall include installation charges, but shall exclude interest charges. In the case of measures which are leased, "cost" shall mean the principal recovery portion of monthly lease payments. "Principal recovery portion" means the cost incurred by the lessor in acquiring the energy conservation measures but does not include interest charges, sales taxes, or maintenance expenses.

(b) The basis of any system for which a credit is allowed shall be reduced by the amount of the credit. The basis adjustment shall be made for the income year for which the credit is allowed.

In the case of a partnership, the energy conservation tax credit may be divided between the partners pursuant to a written partnership agreement.

(c) In the case where the credit allowed under this section exceeds the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for the income year, that portion of the credit which exceeds such taxes may be carried over to the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) in succeeding income years, provided that no excess portion of the allowable credit available with respect to measures installed before January 1, 1985, is applied against the taxpayer's taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for the 1985 income year and no more than one-third of the excess portion of the credit is applied against the taxpayer's taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for each of the taxpayer's 1986, 1987, and 1988 income years. For the 1989 income year and income years thereafter, any unused portion of credit shall be applied and carried forward without restriction.

(d) The Energy Resources Conservation and Development Commission shall, after one or more public hearings, adopt regulations which establish minimum standards which any item of a generic category of energy conservation measure, as defined by this section, must meet to be eligible for an energy conservation tax credit. Such standards shall include minimum provisions for effectiveness, safety and consumer protection which are consistent with standards established pursuant to the National Energy Conservation Policy Act and other applicable federal and state law. The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section. Regulations

adopted by the Energy Resources Conservation and Development Commission and the Franchise Tax Board, pursuant to this section, shall be in language which is easily understood by the general public.

(e) (1) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of energy conservation measures in dwelling units, then to the extent such credit is allowed or allowable for an energy conservation measure as defined in this section, the state credit provided in paragraph (2) of subdivision (a) shall be reduced so that the combined effective credit shall not exceed either 40 percent of the costs for measures installed on or before July 31, 1983, or 35 percent of the costs for measures installed on or after August 1, 1983, and on or before July 31, 1985, notwithstanding the carryover provisions of subdivision (c). This paragraph shall not apply to measures installed on or after August 1, 1985.

(2) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of energy conservation measures in other than dwelling units, then to the extent the credit is allowed or allowable for an energy conservation measure as defined in this section, the state credit provided in paragraph (3) of subdivision (a) for measures installed prior to August 1, 1985, shall be reduced by the amount of such federal credit. This paragraph shall not apply to measures installed on or after August 1, 1985.

(f) The following definitions govern construction of this section:

(1) "Installed" means placed in position in a functionally operative state.

(2) "Owner" includes duly recorded holders of legal title, lessees with at least three years remaining on their lease, a person purchasing premises under a contract of sale, or who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy to the premises, a person who is a member of a nonprofit corporation or association which is a duly recorded holder of legal title, or a person who is a member of a nonprofit corporation or association which is a lessee with at least three years remaining on its lease.

(3) "Premises" means land, buildings or portions thereof, or mobilehomes.

(4) "Dwelling" means a building used for residential purposes, and includes each of the following:

(A) "Single-family dwelling" means single-family residences, mobilehomes, and individual units of condominiums.

(B) "Multifamily dwelling" means cooperatives, apartment buildings, or other similar multiple dwellings.

(5) "Energy conservation measure" means any item with a useful life of not less than three years of one of the following generic categories which meets the minimum standards as specified pursuant to subdivision (d):

(A) Ceiling insulation.

(B) Weatherstripping of all doors and windows which lead to

unheated or uncooled areas so as to effectively and reliably limit air infiltration.

(C) An external water heater insulation blanket.

(D) Low flow devices on all accessible shower heads.

(E) Caulking or sealing of all major cracks and joints and other openings in building exteriors to reduce the loss of heated or cooled air or the entry of outside air where feasible, and sealing of wall outlets.

(F) Insulation of all accessible supply and return heating and cooling system ducts and plenums which are located in unheated or uncooled areas and sealing of all duct and plenum joints with pressure-sensitive tape or mastic.

(G) Wall insulation.

(H) Floor insulation in premises with electrical resistence heating.

(I) Ventilation cooling fans; attic ventilators, and economizer systems.

(J) Heat pumps and water heating heat pumps (including those which use air, water, or earth as a source or sink of heat) which replace electric resistance heaters or are used in conjunction with a solar energy system.

(K) Covers for swimming pools or hot tubs which transmit the sun's radiation energy into the water or reduce heat loss or water evaporation.

(L) For existing dwellings, such other measures or devices as may be designated "residential energy conservation measures" approved and adopted as part of the operational California plan approved in 1983 pursuant to Section 456.024 of Title 10 of the Code of Federal Regulations and maintained under the authority of this section until December 31, 1985, or an appropriate operational Residential Conservation Service Plan pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206) and recommended as the result of an audit conducted under the auspices of such a plan. This generic category includes, but is not limited to:

(i) Electrical or mechanical furnace ignition systems which replace gas pilot lights.

(ii) Devices modifying the opening of heating and cooling systems which achieve increased efficiency.

(iii) Storm or thermal windows or doors for the exterior of dwellings, evaporative coolers, heat absorbing or heat reflective glazed windows and door materials, exterior shading devices, and movable insulation such as shutters or thermal drapes, which substantially reduce the energy needed for space heating and cooling.

(iv) Load management devices to reduce the direct or indirect use of electricity through interruption, storage or load limiting.

(v) Floor insulation, except as specified in subparagraph (H).

(M) For existing dwellings where there is no operational

Residential Conservation Service (RCS) Plan certified in accordance with this section or in regions where such a plan does not provide energy audits, and for premises other than dwellings:

(i) Electrical or mechanical furnace ignition systems which replace gas pilot lights.

(ii) Devices modifying the openings of restaurant food preparation appliances or heating and cooling systems so as to achieve increased energy efficiency.

(iii) Storm or thermal windows or doors for the exterior of dwellings, evaporative coolers, heat absorbing or heat reflective glazed window and door materials, exterior shading devices, and movable insulation such as shutters or thermal drapes which substantially reduce the energy needed for space heating and cooling, and glazing material (other than doors and windows), controls or automatic switching devices for effective use of natural light to replace electric interior lighting which result in a net energy savings.

(iv) Load management devices to reduce the direct or indirect use of electricity through interruption, storage or load limiting.

(v) Floor insulation, except as specified in subparagraph (H).

(N) For newly constructed dwellings:

(i) Storm or thermal windows or doors for the exterior of dwellings.

(ii) Evaporative coolers.

(iii) Heat absorbing or heat reflective glazed windows and door materials.

(iv) Exterior shading devices.

(v) Movable insulation such as shutters or thermal drapes.

(vi) Load management devices.

(vii) Floor insulation.

Energy conservation measures in the generic categories of subparagraph (A), (B), (C), (D), (E), (F), and (K) installed in any premises shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for income years which begin after December 31, 1986.

Energy conservation measures in the generic categories of subparagraphs (G), (H), (I), (J), (L), (M), and (N) installed on single-family dwellings shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for income years which begin after December 31, 1985. State agencies shall ensure that taxpayers may qualify for a tax credit under the provisions of subparagraph (L) until the termination date specified in this paragraph.

Energy conservation measures in the generic categories of subparagraphs (G), (H), (I), (J), and (M) installed on premises, other than single-family dwellings, shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for income years which begin after December 31, 1986.

(6) The energy conservation tax credit provided by this section shall also apply to the cost of conducting energy audits and engineering feasibility studies resulting therefrom.

(7) "Operational Residential Conservation Service Plan" means the operational California plan approved in 1983 pursuant to Section 456.024 of Title 10 of the Code of Federal Regulations and maintained under the authority of this section until December 31, 1985, or a Residential Conservation Service (RCS) Plan, developed pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206), and which provides energy audits for measures identified in this section in accordance with the requirements of such an RCS Plan. The Energy Resources Conservation and Development Commission shall, after at least one public hearing, certify when participating utilities identified in the California Plan for the Residential Conservation Service dated January 1981, have operational RCS Plans. In the case of a publicly owned utility, a Residential Conservation Service Plan developed pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206), shall be certified by the governing board of the publicly owned utility to be operational. Certification that a plan is operational by the commission or the governing board of a publicly owned utility shall occur only after a finding is made that audits are available to utility customers within the time specified in the appropriate approved plan.

(g) In lieu of claiming the tax credit provided by this section, the taxpayer may elect to take depreciation pursuant to Section 24349.7. In addition, the taxpayer may take depreciation pursuant to that section for the cost of an energy conservation measure in excess of the amount of the tax credit claimed under this section.

(h) No tax credit shall be claimed under this section for any expenditures which have been otherwise claimed as a tax credit for the income year in which the energy conservation measure was installed or any prior income year.

(i) No credit shall be allowed under this section if the amount would (but for this subdivision) be less than ten dollars ($10).

(j) (1) Except as provided in paragraph (2) of this subdivision, the energy credit provided by this section shall not apply to any energy conservation measure required by state laws and regulations pursuant thereto, at the time of installation.

(2) Notwithstanding the provisions of paragraph (1), a credit shall be allowed for energy conservation measures specified in subparagraph (K) of paragraph (5) of subdivision (f).

This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is chaptered before that date, deletes or extends that date.

SEC. 5. Item 9100-101-001 of Section 2.00 of the Budget Act of 1985, as enacted by Senate Bill 150 of the Regular Session of 1985–86, is amended to read:

9100-101-001—For local assistance, Tax Relief 726,532,000

Schedule:

(a) 10-Senior Citizens' Property Tax Assistance	7,425,000
(b) 20-Senior Citizens' Property Tax Deferral Program	8,576,000
(c) 30-Senior Citizen Renters' Tax Assistance	31,429,000
(d) 50-Homeowners' Property Tax Relief	334,500,000
(e) 60-Subvention for Open Space	14,100,000
(f) 80-Renters' Tax Relief	455,400,000
(g) 90-Substandard Housing	102,000

Provisions:

1. Schedule (a) is for property tax assistance to homeowner claimants in accordance with the provisions of the Senior Citizens Property Tax Assistance and Postponement Law, Part 10.5 (commencing with Section 20501), of Division 2 of the Revenue and Taxation Code, Franchise Tax Board.

   Any unexpended balance in Schedule (a) may be used to make payments to senior citizen renter claimants under Schedule (c).
2. Schedule (b) is for property tax postponement and assistance to claimants, in accordance with the provisions of the Senior Citizens Property Tax Assistance and Postponement Law, Part 10.5 (commencing with Section 20501), Division 2 of the Revenue and Taxation Code, State Controller. The appropriation made by this schedule shall be in lieu of the appropriation for the same purpose contained in Section 16100 of the Government Code.
3. Schedule (c) is for property tax assistance to renter claimants, in accordance with the provisions of the Senior Citizens Property Tax Assistance and Postponement Law, Part 10.5 (commencing with Section 20501), of Division 2 of the Revenue and Taxation Code, Franchise Tax Board.

   Any unexpended balance in Schedule (c) may be used to make payments to senior citizen homeowner claimants under Schedule (a).
4. Schedule (d) is for reimbursement to local taxing authorities for revenue lost by reason of the homeowners' property tax exemption granted pursuant to subdivision (k) of Section 3 of Article XIII of the Constitution, Controller. The ap-

propriation made by this schedule shall be in lieu of the appropriation required pursuant to Section 25 of Article XIII of the Constitution and the appropriation for the same purposes contained in Section 16120 of the Government Code.

5. Schedule (e) is for providing reimbursement to local taxing authorities for revenue lost by reason of the assessment of open-space lands under Sections 423, 423.3, and 423.5 of the Revenue and Taxation Code, and in accordance with the provisions of Chapter 3 (commencing with Section 16140) of Part 1 of Division 4 of Title 2 of the Government Code, State Controller. The appropriation made by this schedule shall be in lieu of the appropriation for the same purpose contained in Section 16100 or 16140 of the Government Code.
6. Schedule (f) is for transfer by the State Controller, as needed, to the Tax Relief and Refund Account, General Fund, for the purpose of providing credits and refunds to renters as required by Section 17053.5 of the Revenue and Taxation Code, Franchise Tax Board.
7. Schedule (g) is for transfer by the State Controller to the Local Agency Code Enforcement and Rehabilitation Fund, for the purpose of providing funds to defray costs incurred in the enforcement of local housing code provisions and to fund housing rehabilitation programs for persons and families of low and moderate income as defined in Section 50093 of the Health and Safety Code, to be allocated to local agencies prorated on the basis of their share of disallowed deductions which resulted from the agencies' proceedings.

   This amount is in lieu of any statutory requirements.

SEC. 6. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 109

An act to add Section 14998.2 to the Government Code, relating to state government.

[Approved by Governor June 28, 1985. Filed with Secretary of State June 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 14998.2 is added to the Government Code, to read:

14998.2. (a) There is in the state government the Motion Picture Council consisting of 21 members. The Governor shall appoint 13 members, the Senate Rules Committee shall appoint four members and the Speaker of the Assembly shall appoint four members. The members of the council appointed by the Governor may include representatives of state and local government, motion picture development companies, employee and professional organizations composed of persons employed in the motion picture industry, and other appropriate members of this or related industries.

All members of the council, except legislators who are appointed either by the Senate Rules Committee or by the Speaker of the Assembly, shall serve at the pleasure of the appointing authority for a term of two years from the effective date of the appointment.

(b) One of the members appointed by the Senate Rules Committee shall, and another one may, be a Senator and one of the members appointed by the Speaker shall, and another one may, be a Member of the Assembly. Such persons shall be appointed for terms of four years.

Of the legislators appointed to the council, no more than three legislators from the same political party may be appointed to or serve on the council at the same time.

(c) Any legislator appointed shall serve as a voting member of the council, and shall meet with, and participate in the activities of, the council to the extent that such participation is not incompatible with his or her respective position as a Member of the Legislature, but shall only serve in that capacity while concurrently serving as a Member of the Legislature. Whenever a legislator vacates an office, the appointing power shall appoint another person for a new full term.

(d) Six of the 13 members appointed by the Governor shall be as follows:

(1) One shall be a person who is a member or employee of a union or guild of motion picture artists.

(2) One shall be a person who is a member or employee of a union or guild representing motion picture craftsmen, technicians, or photographers.

(3) Two shall be from major motion picture studios.

(4) One shall be a member of the city council or a member of the county board of supervisors of a city or a county with a population of at least two million people.

(5) One shall be a member of the city council or a member of the county board of supervisors of a city or a county with a population of less than two million people.

CHAPTER 110

An act to add and repeal Section 35355.5 of the Government Code, relating to city incorporation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 28, 1985 Filed with Secretary of State June 28, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 35355.5 is added to the Government Code, to read:

35355.5. (a) Any proposed city incorporation approved by the voters at an election prior to July 1, 1985, to become effective more than six months following the election, on a date set by the local agency formation commission or the county board of supervisors, shall, notwithstanding Section 35355, become effective for all purposes on July 1, 1985.

(b) A city, the incorporation date of which is affected by this section, shall transfer to the county in which it is located an amount which the county auditor determines is equal to the one-time revenue loss to the county from sales taxes, utility franchise fees, property transfer taxes, fines and forfeitures, and planning fees which were due and payable on and after July 1, 1985, to, but not including, the date upon which incorporation would have become effective pursuant to Section 35355. This amount shall be reimbursement for revenue losses to the county resulting from changing the effective date of the incorporation of the city.

(c) This section shall remain in effect until December 31, 1985, and on that date is repealed.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that this act may be effectively implemented prior to its December 31, 1985, expiration date, it is necessary that the act go into effect immediately.

CHAPTER 111

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 28, 1985, Filed with Secretary of State June 28, 1985]

I object to the following appropriations contained in Senate Bill No. 150:

Item 0250-001-001—For support of Judiciary. I reduce this item from $68,310,939 to $68,160,939 by reducing:

(c) 30—Judicial Council from $13,356,456 to $13,206,456.

I am reducing this item by $150,000 for judicial education related to the handling of child abuse victims. Funding for this purpose should be included in the pending legislation that would authorize the establishment of this program

Item 0630-495—For support of the Governor's Office of Special Health Care Negotiations

I support reversion of the unexpended balance of the 1982 appropriation provided by Chapter 328, Statutes of 1982 for the Governor's Office of Special Health Care Negotiations. The responsibilities of this office to negotiate Medi-Cal hospital contracts has been completed. However, I do not believe that the reappropriation of these funds, added by the Legislature, to the California Medical Assistance Commission for a pilot capitation program for educational and technical assistance to disproportionate provider physicians is appropriate. Such a program is not presently a function of the commission and I believe adding this type of activity would detract from the commission's effectiveness in its primary concern.

I am also revising the language in this item as follows

"Reversion, Governor's Office of Special Health Care Negotiations. As of June 30, 1985 the unencumbered balance of the appropriation provided in Chapter 328, Statutes of 1982, shall revert to the unappropriated surplus of the General Fund. ~~The amount reverted pursuant to this item is hereby reappropriated for transfer by the State Controller to the California Medical Assistance Commission for the purpose of establishing a pilot capitated health program to provide educational and technical assistance to disproportionate health provider physicians and surgeons.~~"

Item 0820-001-001—For support of Department of Justice I reduce this item from $121,479,572 to $117,923,000 by reducing:

(a) 11 01—Executive-Administration from $37,255,000 to $36,418,000,

(b) 11.02—Distributed Executive-Administration from −$37,255,000 to −$36,418,000,

(e) 40—Criminal Law from $31,486,000 to $28,712,000,

(f) 45—Public Rights from $16,417,000 to $15,893,000, and

(g) 50—Law Enforcement from $97,187,572 to $96,929,000.

I am reducing $258,572 and 5 positions for the expansion of staff in the forensic services laboratories. Recognizing the important role of the laboratories in the criminal justice system, I have included in the budget $1,200,000 for 5 new positions, additional overtime, and new equipment. This action represents the first phase of a three-year effort to upgrade the laboratory system to one of the most modern in the nation The program currently includes $10 4 million and 178.7 personnel years. Additional staffing needs will be monitored as workload trends and efficiencies due to the new equipment are evaluated

I am reducing the legislative augmentation of $524,000 and 6 8 positions from the Public Rights Program for the Diablo Canyon Rate Case. Participation in this case by the Attorney General is discretionary and can be handled on a priority basis within

the Public Rights Program which consists of $15.6 million and 139.6 personnel years.

I am reducing the legislative augmentation of $1,193,000 and 20 positions from the Major Fraud Unit because the primary responsibility for major fraud investigation and prosecution rests with local and federal governments. Recognizing that local agencies lack the expertise and resources to handle all cases, I have retained $1,152,000 and 17 positions to provide increased expertise and multijurisdictional coordination.

I am eliminating $1,581,000 and 32.8 positions of the legislative augmentation for the Criminal Law Program for appeals and prison litigation because of uncertainties associated with workload projections and the use of an unjustified revised workload standard. Recognizing recent increases in workload, however, I am retaining $1,581,000 and 32.9 new positions of the augmentation. I believe this augmentation, in addition to significant increases in the 1984–85 and 1985–86 base budget, is sufficient to address workload needs. Total resources for appeals, writs, trials and other constitutional duties now total $22 1 million and 229.7 personnel years.

Item 0850-001-562—For support of California State Lottery I eliminate this item.

The lottery initiative recently approved by the voters specifies a funding mechanism which does not require a budget act appropriation for the administrative costs of the Lottery. The augmentation and related control language could restrict the ability of the Lottery to make rapid adjustments in expenditure levels in responding to fluctuations in game revenues and market conditions This could make it difficult for the Lottery to achieve the goal of maximizing revenues to education. Therefore, I am eliminating this $141,176,500 item and the related language An appropriate fiscal display on lottery operations will be presented in the 1986–87 Governor's Budget.

Item 0860-001-001—For support of State Board of Equalization. I reduce this item from $86,394,000 to $81,826,000 by eliminating:

(bx) 300001-Consolidation of office space $4,568,000

I am reducing this item by $4,568,000 for the consolidation of the office space and the purchase of furniture for the Board until the costs and justification for the move have been fully developed and reviewed. To aid in this task, I have retained $55,000 in Item 1760-001-666 which will be used to complete a space needs assessment

Item 0977-101-666—For local assistance. I eliminate this item.

I am eliminating this $10,000,000 item to make future interest payments on bonds issued for county hospital improvements from the General Fund and would guarantee repayment of principal on such bonds from the General Fund Commitments of general revenues for bond financing should be limited to general obligation bonds which are approved by the voters

Item 0977-101-036—For local assistance. I eliminate this item

I am deleting this item because there is also an appropriation of $5 million for acquisition of equipment by county hospitals in Item 4260-101-036 which makes this item duplicative.

Item 1100-001-001—For support of Museum of Science and Industry.

I have taken the opportunity to review the Legislature's action on my contracting-out proposals, which I initiated to encourage the development of innovative alternatives to traditional State operations with the intent of increasing the efficiency of the delivery of services to the public. Although many of my proposals were adopted by the Legislature, the contracting-out proposal which would have allowed the Museum of Science and Industry to realize cost savings in supervisory and administrative staff involved with the operation of the Museum's parking lots was not accepted In reviewing the basis for the Legislature's action, I have determined that this proposal continues to be an appropriate opportunity to contract-out I am therefore, eliminating the 14 4 personnel years added by the Legislature which would allow the traditional delivery of services and will use the related funds to contract these services.

Item 1655-090-702—For support of the Department of Consumer Affairs.

I have approved this item and its related language. However, Provision 1 requires the department to implement a plan to decentralize inspection services by January 1, 1986. While this is desirable, current law (Business and Professions Code Sections 159 5 and 160.5) requires inspectors to be employees of the Division of Investigation

Since this change requires legislation, implementation cannot be completed until enactment of such legislation.

Item 1655-092-001—For support of Department of Consumer Affairs. I eliminate this item.

I am eliminating $200,000 appropriated to the Department of Consumer Affairs for transfer to the Legislative Analyst for a study of the organization of the Department. The Department complied with 1984–85 supplemental language to prepare one such study. If the Legislature believes that further study is warranted, and that the study should be undertaken by the Legislative Analyst, it would be more appropriate to augment Item 0130-021-001 for support of joint expenses of the Legislature.

Item 1655-094-494—For support of Department of Consumer Affairs I eliminate this item.

This action conforms to the action taken in Item 1655-092-001

Item 1705-001-001—For support of the Fair Employment and Housing Commission I reduce this item from $767,000 to $734,000 by reducing.

(a) 100000—Personal Services from $605,000 to $572,000.

I am eliminating a legislative augmentation of $33,000 for the restoration of one legal counsel position. Currently, the Fair Employment and Housing Commission's legal staff rewrite 90 percent of the decisions made by the Office of Administrative Hearings, compared to an average of 5 percent for other users of the Office

The five remaining attorneys, coupled with a closer coordination with the Office of Administrative Hearings, will enable the Commission to maintain the same level and quality of service currently provided to the public.

Item 1710-001-001—For support of the State Fire Marshal

I have taken the opportunity to review the Legislature's action on my contracting-out proposals, which I initiated to encourage the development of innovative alternatives to traditional State operations with the intent of increasing the efficiency of the delivery of services to the public. Although many of my proposals were adopted by the Legislature, the contracting-out proposal which would have allowed the Fire Marshal to contract work activities within the Fireworks Testing Program that are both seasonal and highly technical was not accepted. In reviewing the basis for the Legislature's action, I have determined that this proposal continues to be an appropriate opportunity to contract-out. I am therefore, eliminating the 2.6 personnel years added by the Legislature which would allow the traditional delivery of services and will use the related funds to contract these services.

Item 1710-001-199—For support of the State Fire Marshal I am deleting Provision 1.

I am deleting Provision 1 regarding the contract for fireworks testing, disposal and development of a testing guide This language precludes the possible economic advantage of entering into more than one contract for these diverse services It is unlikely that one contractor will have the necessary expertise to perform all three phases of this work effort. I believe that during the initial implementation of this program it is important to allow the Fire Marshal flexibility to obtain those services needed at the most favorable price for the State.

Item 1730-001-001—For support of Franchise Tax Board. I reduce this item from $120,264,000 to $118,638,000 by reducing.

(a) 100000—Personal Services from $90,964,000 to $89,608,000,

(b) 300000—Operating Expenses and Equipment from $32,342,000 to $32,072,000

I am reducing this item by $1,526,000 to eliminate 49.5 personnel years added to expand the Franchise Tax Board's audit program. The 1985–86 Budget Act provides an additional $2,288,000 and 38.3 personnel years to enforce the provisions of the "Tax Amnesty" bill (Chapter 1490, Statutes of 1984). I believe this augmentation increases the Board's enforcement capabilities sufficiently and that additional resources are not needed at this time

I am also reducing this item by $100,000 to eliminate 4.2 personnel years added for the Board's Telephone Information Center. The Board currently maintains a staffing level of 132 personnel years at the center This augmentation would increase the access level by only 1.6 percent. An increase of this size appears unnecessary as there

does not appear to be dissatisfaction with the current level of service.

Item 1760-001-001—For support of Department of General Services. I reduce this item from $8,185,000 to $7,900,000 and delete Provision 4.

This action conforms to the action taken in Item 1760-001-666. I am deleting Provision 4 since the funds for this study are eliminated in this item as well as the main support item.

"4. The Director of the Department of Finance shall assess affected agencies and departments included in the State Procurement Task Force study of statewide contracting and procurement procedures to cover costs. The Task Force shall review the RFP issued by the Department of General Services prior to its being made public and shall jointly determine the award of the Procurement/Contracting study contract with the Department."

Item 1760-001-397—For support of Department of General Services. I eliminate Provision 1.

I am eliminating Provision 1 to correspond to the actions I have taken in eliminating Items 1840-001-666 and 1840-001-397.

Item 1760-001-666—For support of Department of General Services I change this item by reducing·

(a) 100000—Personal Services from $138,842,000 to $138,800,000,

(b) 300000—Operating expenses and equipment from $215,898,000 to $215,655,000, and

(e) Amount payable from the General Fund (Item 1760-001-001) from −$8,185,000 to −$7,900,000,

and by deleting:

Provisions 11 and 14.

I am reducing this item by $285,000 and 72.7 personnel years to include the following reductions I am reducing $110,000 and 1 2 personnel years for increased staff to develop building codes for historical buildings. My action retains 1.2 personnel years and $110,000 to provide the necessary staff support for this program.

I am also eliminating $175,000 to support a task force examining the Department's contracting-out and procurement procedures The Department recently received a major consultant study of its procurement program. I am leaving an augmentation of $25,000 for a follow-up evaluation of the Department's implementation, as well as language authorizing the Director of Finance to augment the Department's budget to implement recommendations where benefits or service improvements exceed costs It would appear that until this process is completed, another study would be of marginal utility

I have taken the opportunity to review the Legislature's action on my contracting-out proposals, which I initiated to encourage the development of innovative alternatives to traditional State operations with the intent of increasing the efficiency of the delivery of services to the public. Although many of my proposals were adopted by the Legislature, the contracting-out proposal which would have provided janitorial services to the Franchise Tax Board, San Francisco, and Van Nuys State Office Buildings at a reduced cost was not accepted. In reviewing the basis for the Legislature's action, I have determined that this proposal continues to be an appropriate opportunity to contract out I am therefore eliminating the 71.5 personnel years added by the Legislature which would allow the traditional delivery of services and will use the related funds to contract these services To correspond to this action, I am deleting Provision 11 which states.

"11. The Department of General Services shall not contract for janitorial services in State office buildings scheduled for occupation in 1985–86 in San Francisco and Sacramento, and the state office building in Van Nuys."

I am also deleting Provision 14.

"14. If SB 620 of the 1985–86 Regular Session is chaptered during the 1985–86 fiscal year, any unexpended funds appropriated in this item specifically for the support of the California State Police shall be transferred to Item 1840-001-666 upon the effective date of that bill."

This corresponds to the actions I have taken in eliminating Items 1840-001-666 and 1840-001-397

I am approving $55,000 appropriated for a space needs assessment for the Legislature in order to complete a plan to meet the space needs of both the Legislature and the Executive Branch described in Item 0860-001-001

Item 1760-101-036—For local assistance, Department of General Services. I eliminate this item

I am eliminating this item because I am concerned about the seeming proliferation of appropriations related to museums and exhibitions that have been added to this Budget Bill. Projects of this type are complex and deserve adequate study and review to determine the State's proper level of participation in their development or operation. I am willing to work with the Legislature in the development of a process to assure full consideration of the State's role in projects of this type.

Item 1760-301-036—For Capital Outlay, Department of General Services. I reduce this item from $3,925,000 to $3,303,000 by eliminating.

(14) 50.10 045—Sacramento-New State Building, Site 5 $622,000

I am eliminating $622,000 for working drawings for the New State Building, Site 5. I believe it is inappropriate to construct another state facility containing general office space in downtown Sacramento when growth in the State's workforce has been halted and the Sacramento area has an apparent abundance of office space available for lease The Department of General Services should evaluate these concerns in the context of programming future space needs for the State Library, one of the proposed tenants for Site 5.

Item 1840-001-397—For support of California State Police. I eliminate this item.

I am eliminating this item to correspond to the action I have taken in Item 1840-001-666

Item 1840-001-666—For support of California State Police I eliminate this item.

This item was added to the budget bill to provide for the separation of the California State Police from the Department of General Services' budget should SB 630 be chaptered. I am eliminating the item because adequate funding for the State Police has been provided in Item 1760-001-666 and because I believe the State Police is appropriately located in the Department of General Services Support and overhead costs for the State Police would be increased by $889,000 if a separate department were created.

Item 1880-001-001—For support of State Personnel Board. I reduce this item from $21,020,000 to $20,708,000 by reducing

(a) 10—Merit System Administration from $20,609,000 to $20,352,000, and

(d) 50.01—Administrative Services from $3,978,000 to $3,923,000.

I am reducing this item by $312,000 and 14.4 personnel years. The result of this action is to retain $1,059,000 and 36.6 personnel years of the legislative augmentation. Of this total, $262,000 and 10 personnel years permit a continuation of centralized examination administration by the Board for those examinations that are not delegated to departments. The balance of this amount, or $797,000 and 26.6 personnel years, provides for an orderly phaseout of 32 positions In addition, the Department of Finance will authorize the Board to administratively establish up to 10 positions pursuant to interagency agreements in those instances where departments need additional assistance from the Board

Item 1900-001-830—For support of Public Employees' Retirement System. I reduce this item from $30,917,000 to $30,447,000 by reducing·

(a) 10—Retirement from $30,315,000 to $30,029,000,

(b) 20—Social Security from $691,000 to $690,000,

(c) 30—Health Benefits from $2,598,000 to $2,575,000,

(d) 40—PERS System Redesign Project from $1,023,000 to $1,016,000 and

(e) 50 01—Administration from $17,684,000 to $17,531,000

I am reducing this item by $470,000 and 20.4 personnel years leaving a legislative augmentation of $346,000 and 15.1 personnel years to achieve a salary savings level of 7 6 percent. This action retains full funding of staff benefits which, historically, have been underfunded, and brings budgeted salary savings into accord with actual salary savings over the past few years If salary savings for 1985–86 are lower than the budgeted rate, the Department of Finance will consider an appropriate adjustment

to the PERS budget.

Item 1920-001-835—For support of State Teachers' Retirement System. I reduce this item from $14,259,000 to $13,829,000 by reducing:

(a) 100000—Personal Services from $9,847,207 to $9,451,855, and

(b) 300000—Operating Expenses and Equipment from $4,878,793 to $4,844,145.

I am reducing this item by $430,000 and 12.3 personnel years, with $172,000 and 3.8 personnel years of this total being reduced from the Investment Office. In 1984–85 STRS added 10 positions to the Investment Office to provide civil service support to the 20 contract professional positions authorized for internal investments. Since these 20 contract positions have not all been filled, consideration of further augmentations should be deferred. The balance of this total, or 8.5 personnel years and $258,000, is reduced from the Public Inquiry Unit, leaving 15.7 personnel years. This is an addition of 1.5 personnel years for 1985–86 to assist in staffing 6 additional toll-free lines. This will provide an acceptable access level based on calls received since the lines became operational on January 1, 1985. Further adjustments will be considered after STRS has had more experience with these toll-free lines.

Item 2100-001-001—For support of Department of Alcoholic Beverage Control. I reduce this item from $16,687,000 to $16,341,000 by reducing:

(b) 10.20—Compliance from $6,294,000 to $5,948,000.

I am eliminating this augmentation of $346,000 and 10.9 personnel years because the Department of Alcoholic Beverage Control has submitted workload data which indicate that, when fully staffed at the authorized level, it will be possible to complete the investigative workload required by current statutes within the resources provided by this budget. During 1984–85, the Department has experienced an unusually high vacancy rate in their special investigator positions as a result of unavoidable delays in the hiring process. I believe that the provision of any additional resources would be premature until they have an opportunity to fully utilize their existing positions.

Item 2200-001-001—For support of Department of Commerce. I reduce this item from $17,100,000 to $16,198,000 by reducing:

(b) 15—California Film Office from $522,000 to $405,000, and

(c) 30—Tourism from $6,696,000 to $5,911,000.

I am reducing this item by $117,000 to eliminate the legislative augmentations for the California Film Office ($50,000) and the Motion Picture Council ($67,000). My budget provides funding for these agencies at the level set by Chapter 1639, Statutes of 1984, which established the California Film Office and transferred the Motion Picture Council to the Department of Commerce. I am also deleting Provision 4 because it constitutes an infringement of executive authority.

"4. Of the amount appropriated in category (b), no more than 60 percent shall be available for expenditure until the California Film Office has submitted a filmmaking marketing plan to the Motion Picture Council and the plan has been approved by the council."

I am also eliminating the legislative augmentation of $785,000 to provide planning funds for the establishment of a Hollywood Exposition. I am concerned about the seeming proliferation of appropriations related to museums and exhibitions that have been added to this Budget Bill. Projects of this type are complex and deserve adequate study and review of the State's proper level of participation in their development or operation. I am willing to work with the Legislature in the development of a process to assure full consideration of the State's role in projects of this type.

I am also deleting Provision 3 as a conforming action.

"3. Of the amount appropriated in category (c) for support of the Office of Tourism, $785,000 shall be for allocation to a non-profit corporation for the purpose of implementing Phase II planning for the Hollywood Exposition. The nonprofit corporation to which these funds are allocated shall have as its primary purpose the planning, construction, and operation of a Hollywood Exposition, which would include exhibits dealing with the past, present, and future of the entertainment industry. Phase II planning shall include the establishment of a fundraising committee and the completion of architectural and exhibit design work, including detailed cost estimates and construction and exhibit development schedules."

Item 2200-101-922—For local assistance, Department of Commerce.

I am deleting Provision 2.

"2. Of the amount appropriated by this item, $500,000 shall be available for the purpose of making a loan to capitalize a bonding program for small business contractors. In the development of this program, the department shall utilize a surety company which has at least five years of experience in providing management, financial and technical assistance to minority contractors, at least five years of experience in bonding minority contractors, and at least 50 percent of its bonding portfolio with minority contractors."

This Provision would have required that $500,000 of the economic development grant and loan funds in this item be allocated to a specified surety company for the purpose of capitalizing a bonding program for small business contractors. However, the funds available for this program are to be allocated on a competitive basis to those applicants whose projects can demonstrate the highest ratio of jobs created per dollar spent. The surety company referenced by this augmentation will still be eligible to compete for available funds as part of the competitive allocation process and can be funded if their proposal has sufficient merit

Item 2240-001-001—For support of Department of Housing and Community Development I change this item by reducing:

(b) 20—Community Affairs Program from $11,763,000 to $11,713,000, and by eliminating:

(p) Amount payable from the General Fund (Item 2240-011-001) —$50,000.

I am reducing the Community Affairs Program by $50,000 to correspond to my veto of Item 2240-011-001, which eliminated that item. These funds, intended for support of the Independent Living Housing Assistance Program (ILHAP), are unnecessary because ILHAP completed its authorized activities during 1984–85

Item 2240-011-001—For support of Department of Housing and Community Development. I eliminate this item.

I am eliminating this item of $50,000 because the Independent Living Housing Assistance Program completed its authorized activities during 1984–85. I have also eliminated a related $1,000,000 appropriation in Item 2240-107-001 for the same program While the objective of the program, to aid disabled individuals in moving from institutional to independent living situations, is commendable, it proved to be a complex program which was difficult to administer and use. California continues to provide substantial resources to serve the disabled through the Department of Developmental Services and the Department of Social Services I remain open to future proposals for transitioning disabled persons to independent living through programs existing in those departments This reduction also eliminates the amount payable from this item to Item 2240-001-001.

Item 2240-011-648—For support of Department of Housing and Community Development I eliminate this item.

I am eliminating this item of $100,000 because similar studies have already been performed by CALTRANS and the California Highway Patrol The results of these studies have concluded that it is unsafe to transport manufactured homes in excess of 12 feet in width on state highways unless accompanied by a pilot car There is no reason to believe the proposed study would provide new information or produce a different conclusion.

Item 2240-102-001—For local assistance, Department of Housing and Community Development. I eliminate this item

I am eliminating this item of $10,000,000 because a substantial augmentation to programs supporting rental housing construction already exists In May of this year I signed Chapter 40, Statutes of 1985, which permits cities and counties to sell $1 5 billion annually in mortgage revenue bonds—an increase of $600 million over the prior authorization. This legislation provides Californians with a large increase in funds for affordable housing over the coming year

Item 2240-103-001—For local assistance, Department of Housing and Community Development I eliminate this item

I am eliminating this item of $7,000,000 because a substantially larger housing

rehabilitation effort funded by Federal Community Development Block Grants (CDBG) is currently available. For federal fiscal year 1986, the President has proposed that approximately $270 million in CDBG funds be made available to California, at least $150 million of which will be used for housing rehabilitation. The 1985–86 State Budget contains an increase of three positions for administration of the CDBG Small Cities Program. These funds, plus the additional funds available for rehabilitation through local mortgage revenue bond programs, more than compensate for the elimination of this proposed augmentation.

Item 2240-104-001—For local assistance, Department of Housing and Community Development I eliminate this item

I am eliminating this item of $5,000,000 because I have already increased the funding available for the Emergency Shelter Program during 1985–86 by $5,000,000 This amount is sufficient to provide 30 days of emergency housing for 46,000 of the State's 50,000–70,000 homeless, and is the amount recommended in the April 1985 *Study of the Issues and Characteristics of the Homeless Population in California.* Given this substantial commitment, and the fact that other private and federal funds have been directed towards helping the homeless, I believe that the $5 million I am approving in Item 2240-111-001 represents a major step towards addressing this problem for 1985–86

Item 2240-105-001—For local assistance, Department of Housing and Community Development. I eliminate this item

I am eliminating this item of $2,000,000 because I have already increased the budget for the Residential Hotel Rehabilitation Program by $3,000,000 in Item 2240-111-001 This was the full amount recommended in the April 1985 *Study of the Issues and Characteristics of the Homeless Population in California* In addition, at least $150 million in Federal Community Development Block Grants will be available for housing rehabilitation during federal fiscal year 1986

Item 2240-106-001—For local assistance, Department of Housing and Community Development I reduce this item from $5,000,000 to $1,500,000.

I am reducing this item by $3,500,000 This program provides funds to be used to match the Farmers Home Administration Section 515 low interest loan program for rural rental housing Typically, for each dollar of State funds provided, California receives $20 of Farmers Home Administration loans. For federal fiscal year 1986, California will receive between $18 and $44 million through this program, therefore, I am approving $1,500,000, which will enable California to receive and make use of the available federal funds

Item 2240-107-001—For local assistance, Department of Housing and Community Development I eliminate this item.

I am eliminating this item of $1,000,000 because the Independent Living Housing Assistance Program completed its authorized activities during 1984–85 I have also eliminated a related $50,000 appropriation in Item 2240-011-001 for the same program While the objective of the program, to aid disabled individuals in moving from institutional to independent living situations, is commendable, it proved to be a complex program which was difficult to administer and use California continues to provide substantial resources to serve the disabled through the Department of Developmental Services and the Department of Social Services I remain open to future proposals for transitioning disabled persons to independent living through programs existing in those departments

Item 2240-108-001—For local assistance, Department of Housing and Community Development. I reduce this item from $5,000,000 to $2,000,000.

The California Housing Advisory Service's loan program provides a unique opportunity for industrious Californians who are willing to help themselves by building their own homes. However, I am reducing this item by $3,000,000 because the original $3,000,000 appropriation for the program still remains to be spent The loan component of this program was first provided through SB 2243 (Chapter 1690, Statutes of 1984) This is an attractive program to help people help themselves, but because it is a new program the department has not yet had sufficient time to evaluate its effectiveness Therefore, a smaller augmentation than that proposed by the

Legislature is reasonable at this time. The $2,000,000 which I am approving, coupled with the $3,000,000 still available, will provide a $5,000,000 program level for 1985–86.

Item 2240-109-001—For local assistance, Department of Housing and Community Development. I eliminate this item.

I am eliminating this item of $2,500,000 because the department has sufficient resources to proceed with these three migrant housing centers in Riverside, San Diego and Imperial Counties. In 1984, I signed AB 2580 (Chapter 1689, Statutes of 1984) which authorized HCD to develop three centers at these locations by using existing departmental and federal funds. The Riverside center is currently going forward on this basis and requires no additional state funds. The San Diego and Imperial County centers are also being pursued on this basis, but are experiencing serious delays due to a lack of necessary matching funds or in-kind contributions at the local level, the lack of a local sponsor/administrator for each project, and the lack of identified sites upon which to construct the centers Even if this augmentation were made available, neither of these projects will have progressed enough to make appropriate use of the funds during 1985–86. I remain ready to reconsider augmentations for these projects in the future if the need for them can be clearly demonstrated

Item 2290-001-217—For support of Department of Insurance. I reduce this item from $21,975,000 to $21,675,000 by reducing:

(a) 10—Regulation of Insurance Companies and Insurance Producers from $21,010,000 to $20,710,000.

I am reducing this item by $300,000 to eliminate the legislative augmentation for increased consumer services to the public. The budget provides $1.9 million to fund consumer-related activities in the Consumer Affairs Division of the Department of Insurance. The Department is currently reviewing its consumer services program and the results of that review will be available for consideration in the 1986–87 budget

I am also deleting the language in Provision 4 because the corresponding appropriation has been eliminated

"4. Of the funds appropriated in this item, $300,000 shall be available for the purposes of increasing consumer services to the public."

Item 2660-051-001—For transfer of $10,000,000 General Fund to the Transportation Planning and Development Account, State Transportation Fund. I eliminate this item.

I believe it is inappropriate to use General Fund monies for transportation purposes since the Transportation Planning and Development Account and the State Highway Account were specifically established and funded from Transportation-related revenues for expenditure on transportation activities. The total estimated amount remaining in the Transportation Planning and Development Account for expenditure in 1985–86 is $116 million which is sufficient to fund the highest priority mass transportation projects.

Item 2660-101-042—For local assistance, Department of Transportation I reduce this item from $113,316,652 to $110,500,000 by reducing:

(1) 20.30—Local Assistance from ($273,436,652) to ($264,299,000), and

(g) Amount payable from the Transportation Planning and Development Account, State Transportation Fund (Item 2660-101-046) from −$26,153,000 to −$19,832,000

I am reducing this item by $2,816,652 because it includes costs which are more appropriately shared with local governments. I believe it is inappropriate to use state transportation funds to pay the entire cost for maintaining grade crossing warning devices. The $1,000,000 which I am approving in this item is consistent with the requirements of the Public Utilities Code and the historical funding level for this activity.

Item 2660-101-046—For local assistance, Department of Transportation I reduce this item from $26,153,000 to $19,832,000.

I am eliminating this legislative augmentation of $6,321,000 for the Transit Capital Improvement Program because there are insufficient funds in the Transportation Planning and Development Account to finance the entire program, as approved by the California Transportation Commission. However, if funds subsequently become available, and absent other funding needs, I will reconsider approving an augmentation to the Transit Capital Improvement Program

Item 2660-490—Reappropriation, Department of Transportation I reduce this item by $2,500,000 by eliminating:

046—Transportation Planning and Development Account

(2) Item 2660-301-046, Budget Act of 1982 $2,500,000, and

deleting Provision 1.

I am eliminating $2,500,000 in the Transportation Planning and Development Account Although I recognize that restoration of the San Francisco to Monterey rail route has merit, I cannot support this reappropriation due to the lack of funds in the account. Some of the objections that I raised last year regarding this project have been partially addressed, but I still have the following concerns.

1. Based upon current Transportation Planning and Development revenue estimates, there are insufficient funds to finance this project
2. There is an existing process by which the California Transportation Commission reviews and approves projects for funding. This project proposal should be submitted to the commission for their review and approval, rather than appropriating funds directly to the project.
3 The cost to upgrade the required track, construct the necessary facilities and make the service viable would be approximately $12 5 million Therefore, the $2.5 million reappropriation would be insufficient and would commit California to a costly project for which sufficient funds may not be available

I am also deleting Provision 1 as a conforming action.

Item 2700-001-044—For support of Office of Traffic Safety. I change this item by reducing:

(a) Support from $7,896,000 to $7,796,000, and by eliminating:

(b) Reimbursements —$100,000.

I am reducing reimbursements by $100,000 for the purpose of studying the safety of transporting manufactured homes without the use of pilot cars This reduction will conform to my action on Item 2240-011-648.

Item 2720-001-044—For support of Department of the California Highway Patrol. I reduce this item from $389,442,500 to $389,126,500 by reducing·

(a) 10—Traffic Management from $386,317,109 to $386,001,109

I am eliminating the legislative augmentation of $316,000 and 6.7 personnel years for continuation of the Los Angeles area helicopter unit This helicopter is no longer essential to CHP operations because of increased CHP staff and improved traffic control and accident detection technology in the Los Angeles area. Since 1969, this helicopter has been functioning primarily as an aerial observation platform. In addition, the Los Angeles area is currently being patrolled by 44 aircraft from various law enforcement agencies.

Item 2740-001-044—For support of Department of Motor Vehicles I reduce this item from $197,458,490 to $197,415,740 by reducing.

(b) Operating Expenses and Equipment from $88,446,490 to $88,403,740.

I am eliminating the $42,750 legislative augmentation to provide the Department of Motor Vehicles with funding to enter into a pilot Teleguide System project The initial pilot proposal was intended to assist in implementing the new telephone appointment system Since the Department has recently changed to an *optional* appointment system, this pilot project is unnecessary

Item 3110-101-001—For local assistance, Tahoe Regional Planning Agency I delete the language contained in Provision 4.

I am deleting Provision 4 which would transfer any unexpended balance of this appropriation to the Resources Agency in the event the Tahoe Regional Planning Agency is dissolved My elimination of this language conforms to my veto of Item 3150-101-001.

"4 In the event the State of Nevada enacts a statute which would have the effect of dissolving the Tahoe Regional Planning Compact, as provided in Article 10 thereof, the unexpended portion of any funds appropriated by this item shall be transferred to the Resources Agency and made available for expenditure by the California Tahoe Regional Planning Agency, for the purpose of enforcing terms and conditions of all permits issued by the Tahoe Regional Planning Agency which are applicable to the California portion of the Lake Tahoe Basin."

Item 3150-101-001—For local assistance, Resources Agency. I eliminate this item. This appropriation was added to the budget to activate the California Tahoe Regional Planning Agency in the event the State of Nevada enacted legislation to withdraw from the bistate compact which provides the authority for the Tahoe Regional Planning Agency. The Nevada Legislature has adjourned its biennial session without enacting such legislation and this contingency item is not necessary.

Item 3340-001-001—For support of California Conservation Corps. I reduce this item from $34,432,000 to $32,144,000 by reducing:

(b) 10.20—Base and Fire Centers from $36,574,000 to $36,474,000,

(d) 10.40—Nonresidential Program from $4,069,524 to $2,000,000,

(e) 20 01—Administration from $3,944,476 to $3,826,000, and

deleting Provision 2, 3, and 5.

I am reducing this item by $2,188,000 and 6.2 personnel years, to expand the neighborhood corps program. Further expansion of this new program should be deferred until there has been sufficient time to evaluate the program's effectiveness and benefits.

I am also deleting the related Provisions 2 and 3 as follows:

"2. Of the funds appropriated for this item, $2,000,000 shall be for expansion of the nonresidential program, with locations to be determined by the California Conservation Corps. Priority shall be given to sites in Central and Southern California."

"3. Up to 6.5 personnel-years are authorized, if necessary to implement the $2,000,000 expansion of the nonresidential program (Chapter 3.5 (commencing with Section 14400) of Division 12 of the Public Resources Code) The CCC shall contract for the $2,000,000 expansion, unless it determines that it is most effective to expand the nonresidential program utilizing its own staff. In that event, up to 18 additional personnel-years shall be authorized, with the additional personnel-years to be funded from the $2,000,000 augmentation in Provision 2.

The CCC shall notify the Department of Finance, the Joint Legislative Budget Committee, and the Department of Personnel Administration of the number of personnel-years necessary to implement the nonresidential program expansion."

In addition, I am reducing the $100,000 General Fund legislative augmentation for construction of a Federal Sierra Forest Trail The CCC should be reimbursed from federal funds for projects undertaken by corpsmembers on federal lands If federal funds become available, a Section 28 letter will be submitted to the Legislature.

I am also deleting Provision 5 to conform to this action

"5. Of the funds appropriated in this item, $100,000 is available to the Corps for crew members to work along the trail in the Sierra and Sequoia Forests from Garlic Meadow Creek to the Little Tehipite Valley along the Middle Fork of the Kings River. This amount is available contingent upon the request, cooperation, and supervision of the project by the United States Forest Service"

Item 3400-001-001—For support of the Air Resources Board. I reduce this item from $6,211,000 to $5,311,000 by reducing

(a) 100000—Personal Services from $25,486,000 to $24,986,000, and

(b) 300000—Operating Expenses and Equipment from $21,862,000 to $21,462,000.

I am eliminating an augmentation of $900,000 and 12 personnel years to monitor additional pesticides, referred by the Department of Food and Agriculture as potential toxic air contaminants My original budget contains an adequate level of resources to monitor pesticides referred by the Department This action conforms to my action on Item 8570-001-001.

Item 3540-001-001—For support of the Department of Forestry I reduce this item from $174,038,000 to $173,141,000 by reducing·

(b) 300000—Operating Expenses and Equipment from $85,843,045 to $84,946,045.

I am eliminating a General Fund augmentation of $897,000 for the department's cost of administering the Forest Practice Act program. I am also eliminating related control language in Item 3540-001-928. This latter action will enable $897,000 from the

Forest Resources Improvement Fund to continue to be used for Forest Practice Act administrative costs consistent with the policy established last year by the Legislature. While this action does reduce funding for reforestation, the budget still provides over $4 million for this purpose

Item 3540-001-928—For support of the Department of Forestry.

I am deleting Provision 1 of this item to conform to the action taken in Item 3540-001-001.

Item 3540-301-928—For Capital Outlay, Department of Forestry. I eliminate this item.

I am eliminating this augmentation of $270,000 from the Forest Resources Improvement Fund and the related language because I believe this land acquisition for the Mountain Home Demonstration Forest would be more appropriately funded from the Special Account for Capital Outlay as proposed in my budget

Item 3600-001-140—For support of the Department of Fish and Game. I reduce this item from $10,083,000 to $9,963,000

I am reducing this item by $70,000 for a study on the mountain lion population. This same study is being proposed in SB 76. Funding for the program should be contained in the bill. I am also deleting Provision 1 relating to this study.

"1 Of the amount appropriated in this item, an amount, not to exceed $70,000, shall be available for encumbrance by the department for the costs of preparing mountain lion management plans, as required by Section 4856 of the Fish and Game Code, as proposed by Senate Bill 76 of the 1985–86 Regular Session of the Legislature. This provision shall become operative only if Senate Bill 76 is enacted. If Senate Bill 76 is not enacted, $70,000 of the amount appropriated in this item shall revert to the unappropriated surplus in the California Environmental License Plate Fund "

I am approving $150,000 of a $200,000 augmentation for construction of a Suisun Marsh wildlife rehabilitation center and an interpretive center. It is my understanding that construction of the interpretive center will not commence during the 1985–86 fiscal year. Therefore, the $50,000 provided for this purpose has been eliminated

I am also deleting Provision 2

"2. Of the amount appropriated in this item, an amount, not less than $200,000, shall be available for encumbrance by the Department of Fish and Game for the Suisun Marsh Wildlife Rehabilitation Center."

These actions reduce the amount payable from this item to Item 3600-001-200

Item 3600-001-200—For support of the Department of Fish and Game. I change this item by reducing.

(b) 300000—Operating Expenses and Equipment from $44,255,000 to $44,135,000, and

(f) Amount payable from the California Environmental License Plate Fund from −$10,083,000 to −$9,963,000.

I am reducing $120,000 from the amount payable from the Environmental License Plate Fund to reflect the elimination of an augmentation of $70,000 to conduct a study on the population of the mountain lion and the elimination of an augmentation of $50,000 for construction of a Suisun Marsh interpretive center I am reducing these augmentations to correspond to the actions taken in Item 3600-001-140.

Item 3640-001-447—For support of the Wildlife Conservation Board. I reduce this item from $556,000 to $496,000 by reducing.

(a) 100000—Personal Services from $456,911 to $405,000, and

(b) 300000—Operating Expenses and Equipment from $99,089 to $91,000

I am reducing this item by the legislative augmentation of $60,000 and 1.9 personnel years because the 9.0 personnel years already authorized for this program are sufficient to meet workload requirements during 1985–86

Item 3680-101-516—For local assistance, Department of Boating and Waterways I reduce this item from $25,382,000 to $23,632,000 by reducing.

(b) Loans: Local Government from $18,650,000 to $16,900,000,

by eliminating

(9.5) Pittsburg Marina Loan ($1,750,000)

I am reducing this item by $1,750,000 to eliminate the augmentation of a loan for the Pittsburg Marina project. This project should be submitted for consideration during the normal budget process where a thorough analysis and evaluation of its merits can be achieved.

Item 3720-001-001—For support of California Coastal Commission. I reduce this item from $6,253,000 to $5,781,000 by reducing.

(a) 100000—Personal Services from $5,256,000 to $4,784,000,

(b) 300000—Operating Expenses and Equipment from $3,352,000 to $2,712,000, and

(e) Amount payable from the Federal Trust Fund from −$2,000,000 to −$1,360,000.

I am reducing this item by $472,000 and 13.5 personnel years by eliminating the Eureka district office and reducing the Santa Cruz district office. These reductions reflect the reduced workloads resulting from the completion and near completion of local coastal plans in these areas. The remaining district offices are available to handle any workload generated in these two areas.

Further, I am reducing this item by $640,000 from the amount payable from the Federal Trust Fund to correspond to my action in Item 3720-001-890.

Item 3720-001-890—For support of California Coastal Commission. I reduce this item from $2,000,000 to $1,360,000

I am reducing this item by $640,000 because the need for this funding has not been justified. I am approving $1,360,000 in this item to provide. 1) $594,000 for support of the Coastal Commission; 2) $186,000 for support of the San Francisco Bay Conservation and Development Commission, and 3) $580,000 for the Coastal Conservancy for various coastal enhancement projects.

Item 3760-001-140—For support of State Coastal Conservancy. I eliminate this item

I am eliminating this item in the amount of $60,000 for the support of coastal access publications for handicapped individuals The California Coastal Commission currently publishes the California Coastal Access Guide, along with other publications Information for all visitors should be incorporated in existing publications to avoid duplication This eliminates the amount payable from this item to Item 3760-001-565.

Item 3760-001-565—For support of State Coastal Conservancy. I change this item by reducing:

(a) 100000—Personal Services from $1,556,000 to $1,466,000,

(b) 300000—Operating Expenses and Equipment from $833,000 to $773,000, and

(g) Amount payable from the State Coastal Conservancy Fund of 1984 (Item 3760-001-730) from −$359,000 to −$269,000,

and by eliminating.

(e) Amount payable from the California Environmental License Plate Fund (Item 3760-001-140) (−$60,000)

I am eliminating the $60,000 amount payable from the Environmental License Plate Fund for the support of coastal access publications for handicapped individuals to correspond to my action on Item 3760-001-140

I am also reducing $90,000 from the amount payable from the State Coastal Conservancy Fund of 1984 for the support of the Commercial Fishing Industry Project. I am reducing this subitem to correspond to my action on Item 3760-001-730

Item 3760-001-730—For support of State Coastal Conservancy. I reduce this item from $359,000 to $269,000, and delete the related language.

I am reducing this item in the amount of $90,000 and two positions for support of the Commercial Fishing Industry Project The need for these positions has not been clearly established. This action reduces the amount payable from this item to Item 3760-001-565 The budget language is being eliminated to conform to this action

Item 3760-101-730—For local assistance, State Coastal Conservancy I reduce this item from $11,000,000 to $9,000,000

by eliminating

(g) Eastbay Shoreline Project ($2,000,000).

I am reducing this item by $2,000,000 for the East Bay Shoreline Project There is insufficient information at this time to determine the merits of this project, relative to the merits of other projects which might also qualify for Coastal Conservancy funds

This project should be submitted during the normal budget process where it can be evaluated competitively with other proposals. With this action, I am approving $9,000,000 in this item to provide: 1) $6,000,000 for coastal and urban waterfront restoration; 2) $2,000,000 for public access; and, 3) $1,000,000 for agricultural land preservation.

Item 3760-301-748—For Capital Outlay, State Coastal Conservancy. I reduce this item from $1,500,000 to $500,000 by eliminating:

(a) 20.19 011—Sinkyone Wilderness—Acquisition $1,000,000

I am eliminating this project because it provides only one-seventh of the funding proposed for Sinkyone Wilderness in this Budget Bill, and the funds comprising the remainder of the $7,000,000 total appropriation are needed for higher priority projects. The Special Account for Capital Outlay (Item 3790-301-036(14.5), $4,000,000) is necessary for general capital outlay needs of the State. The Parklands Fund of 1984 (Item 3790-301-722(36.1), $2,000,000) tentatively is allocated for projects that typically are closer to the state's urban centers and have the potential for serving more people.

Item 3790-001-001—For support of the Department of Parks and Recreation I reduce this item from $72,020,295 to $71,977,000 by reducing·

(a) 100000—Personal Services from $82,842,269 to $82,806,269,

(b) 300000—Operating Expenses and Equipment from $38,760,026 to $38,752,731.

I am reducing this item by $43,295 to reflect the following actions:

I am eliminating 2 personnel years and $36,000 added to the Audits and Concessions Office because these personnel years were proposed for reduction in the Governor's Budget due to increased efficiencies The Department has indicated that these functions can be carried out adequately with existing staff

I am eliminating the augmentation of $7,295 in operating expenses for the Scripps Beach lifeguard services because the Department has sufficient funds within operating expenses to meet these costs.

I have taken the opportunity to review the Legislature's action on contracting-out proposals which I initiated to encourage the development of innovative alternatives to traditional State operations with the intent of increasing the efficiency of the delivery of services to the public Although many of my proposals were adopted by the Legislature, the contracting-out proposal which would allow the Department of Parks and Recreation to use the advanced technology and expertise of the private sector for ownership mapping services was not accepted. In reviewing the basis for the Legislature's action, I have determined that this proposal continues to be an appropriate opportunity to contract-out I am therefore eliminating the three personnel years added by the Legislature which would allow the traditional delivery of services and will use the related funds to contract these services

Item 3790-101-001—For local assistance, Department of Parks and Recreation. I eliminate this item

I am eliminating this item by deleting appropriations for.

(1) 80.80.026—City of Galt, softball fields $100,000,

(2) 80 80.059—City of Avenal, Rice Park $133,000, and

(3) 80.80 095.055—Riverside—Chinatown Archaeological project $29,500.

I am also eliminating the budget control language relating to these projects as a conforming action.

As a general principle I do not favor use of the General Fund for local park and recreation grants. The Roberti-Z'berg-Harris Program, which is to commence in 1986–87, would be a more appropriate funding source for the projects in the Cities of Galt and Avenal if they were found to be competitive and otherwise met established criteria The project for the County of Riverside can apply for funding through the California Park and Recreational Facilities Act of 1984 as a project of historic significance.

Item 3790-101-036—For local assistance, Department of Parks and Recreation I reduce this item from $4,250,000 to $2,000,000 by eliminating:

(2) City of Sunnyvale, Sunnyvale Bayland Park $1,500,000, and

(3) City of Los Angeles for the Japanese American National Museum Foundation, Japanese American Museum $750,000,

and by deleting provision 1.

I am eliminating the augmentation of $1,500,000 for the City of Sunnyvale, Sunnyvale Bayland Park, because the Special Account for Capital Outlay generally is reserved for projects that provide significant benefit to the State. This project primarily provides a local benefit, and it should compete for funding from an established grant program such as the California Park and Recreational Facilities Act of 1984 or the Roberti-Z'berg-Harris program

I am eliminating the augmentation of $750,000 for the City of Los Angeles for the Japanese-American National Museum Foundation, Japanese-American Museum, because I am concerned about the seeming proliferation of appropriations related to museums and exhibitions that have been added to this Budget Bill Projects of this type are complex and deserve adequate study and review of the State's proper level of participation in their development or operation I am willing to work with the Legislature in the development of a process to assure full consideration of the State's role in projects of this type. I am also eliminating Provision 1 as a conforming action

Item 3790-101-140—For local assistance, Department of Parks and Recreation I reduce this item from $3,164,500 to $2,100,000
by eliminating:

(2) City of Downey, Olympic Pool Recreational Complex $500,000,
(3) City of Ripon, Mavis Stouffer Park $128,500,
(4) Pixie Woods Board of Directors, Pixie Woods Children's Park $80,000,
(5) County of San Joaquin, Oak Grove Regional Park, picnic shelter $44,000,
(6) County of San Joaquin, Micke Grove Park $58,000, and
(9) City of San Ramon, Vista San Ramon Community Park $254,000.

I am eliminating $1,064,500 for these six local assistance projects because they would be more appropriately funded from a source such as the Roberti-Z'berg-Harris Program in 1986–87 if they were found to be competitive and otherwise met established criteria. Projects such as these generally fail to meet the funding criteria that have been established for the Environmental License Plate Fund

Item 3790-101-190—For local assistance, Department of Parks and Recreation I eliminate this item

I am eliminating this item by deleting appropriations for

(1) City of Desert Hot Springs, Wardman Park $20,000,
(2) Lake Elsinore Recreation and Park District, Butterfield Park $150,000,
(3) Southgate Recreation and Park District, Resource-efficient prototype park $166,000, and
(4) City of Coachella, Bagdouma Regional Park—tennis courts $150,000.

Because these projects essentially benefit local areas, this proposed funding source is not appropriate. The Roberti-Z'berg-Harris Program, which is to commence in 1986–87, would be a more appropriate funding source for these projects if they were found to be competitive and otherwise met established criteria

Item 3790-101-722—For local assistance, Department of Parks and Recreation I reduce this item from $61,953,000 to $61,208,000, by reducing·

(a) from $28,403,000 to $28,273,000,
(b) from $5,265,000 to $4,950,000, and
(d) from $4,300,000 to $4,000,000

by eliminating:

(a) (130 1) City of Brawley, Hinojosa Park $70,000,
(a) (130.2) City of Brawley, Meserve Park $60,000,
(b) (22 1) County of San Joaquin, Durham Ferry $315,000, and
(d) (33 1) County of San Diego, Temple Beth Israel $300,000

I am eliminating the two local assistance grants amounting to $130,000 for the City of Brawley because these projects failed to compete favorably in the 1985–86 regional competitive bond fund allocation process under the California Park and Recreational Facilities Act of 1984. Two other projects in Brawley, however, were funded Similarly, the $315,000 project for San Joaquin County is being eliminated because it did not receive sufficient ranking in the competitive bond fund allocation process I am deleting $300,000 for Temple Beth Israel in San Diego because the Department of Parks and Recreation already has allocated $300,000 for the project during 1984–85

from the Roberti-Z'berg component of the California Park and Recreational Facilities Act of 1984.

Item 3790-301-036—For Capital Outlay, Department of Parks and Recreation. I reduce this item from $19,095,000 to $12,715,000 by reducing:

(12.5) 90 99.100—San Luis Reservoir SRA—Family Campground and Day Use Area—facility development from $1,500,000 to $120,000,

and by eliminating:

(2.5) 90.H6.100—Cuyamaca Rancho SP—Development $1,000,000, and

(14 5) 90.3P.400—Sinkyone Wilderness SP—acquisition $4,000,000.

The effect of my action is a net reduction of $6,380,000 in this item.

I am reducing the augmentation of $1,500,000 for the San Luis Reservoir SRA development to $120,000 to provide funding for preliminary plans and working drawings only. I recognize the need for additional development at this facility; however, without a well-defined scope of the proposed development, it is premature to fund the full project at this time.

I am eliminating the augmentation of $1,000,000 for the Cuyamaca Rancho SP development because it is premature to propose any new development prior to completion of the general plan for this park unit

I am eliminating the augmentation of $4,000,000 for Sinkyone Wilderness SP acquisition because higher priority capital outlay needs exist for the Special Account for Capital Outlay. I also note that this appropriation is coupled with funding from the Parklands Fund of 1984 (Item 3790-301-722(36.1)), and that fund has been recommended for use on higher priority projects closer to the State's population centers

Item 3790-301-722—For capital outlay, Department of Parks and Recreation. I reduce this item from $54,010,000 to $45,810,000 by reducing·

(36 4) 90 CS.400—South Monterey Bay Dunes ARCO Bosland property acquisition from $1,200,000 to $1,000,000.

and by eliminating

(4.1) 90.EC.400.000—Baldwin Hills SRA—Acquisition ($3,000,000),

(12.2) 90.9E.400 851—Delta Meadows Project—Acquisition ($500,000),

(15.3) 90.7P.100—Half Moon Bay SB—campground development $2,500,000, and

(36 1) 90.3P.400.851—Sinkyone Wilderness SP—Acquisition $2,000,000

The effect of my action is a net reduction of $8,200,000 in this item

I am reducing the augmentation of $1,200,000 for South Monterey Bay Dunes-ARCO Bosland property acquisition to $1,000,000 because the State's last appraisal of this property does not indicate a need for this additional amount

I am eliminating the augmentation of $3,000,000 for the Baldwin Hills SRA-Acquisition because I have approved an augmentation of $3,500,000 in this budget for development at Baldwin Hills which I consider to be a more appropriate use of funds.

I am eliminating the augmentation of $500,000 for the Delta Meadows Project-Acquisition. This acquisition should be deferred until there is resolution of issues which will result from the reduction in scope of the existing acquisition project at Delta Meadows caused by the high cost of a stipulated judgment pertaining to Southern Pacific right-of-way

I am eliminating the augmentation of $2,500,000 for the Half Moon Bay SB-campground development because this project, while meritorious, is quite costly, and this fund has limited reserves that will be needed to meet other pressing recreational needs.

I am eliminating the augmentation of $2,000,000 for the Sinkyone Wilderness SP-Acquisition because this fund source has limited reserves and has been recommended for higher priority projects closer to the State's population centers.

Item 3790-490—Reappropriation, Department of Parks and Recreation.

I am approving the reappropriation of Item 3790-301-722(25), Budget Act of 1984, as proposed in Item 3790-490, Category 722(4 5), Seccombe Lake SURA, in an amount not to exceed $1 million. I am reserving the remaining $2,176,000 of the appropriation and would support legislation to reappropriate this balance for development at Seccombe Lake, provided that all operational responsibilities and costs for this facility

are reassumed by the City of San Bernardino or another nonstate agency.

Item 3810-301-036—For Capital Outlay, Santa Monica Mountains Conservancy. I reduce this item from $8,474,000 to $2,475,000 by reducing:

(1) 20.10.015—Appraisals, project planning and design from $40,000 to $25,000, and by eliminating.

(4) 20.10 115—Lower Zuma Canyon—Acquisition $5,984,000,
and deleting Provisions 4 and 5.

The effect of my action is a net reduction of $5,999,000 in this item. I am eliminating the augmentation of $5,984,000 for the acquisition of Lower Zuma Canyon and deleting the related appraisal, planning, and design costs of $15,000 This acquisition would constitute a multi-year loan to the National Park Service from the Special Account for Capital Outlay and that fund is needed for higher priority projects.

I am also deleting Provisions 4 and 5 to conform with this action.

"4. Notwithstanding any other provision of law, if the National Park Service has not, within four years from date of acquisition, reimbursed the appraised market value of the property acquired in category (4), pursuant to Section 33204 of the Public Resources Code, the property shall be sold for fair market value by the Department of General Services, pursuant to Section 33205 of the Public Resources Code. Notwithstanding Section 11011 of the Government Code and Section 33205 of the Public Resources Code, the net proceeds from any property sold, or any reimbursement made, pursuant to this provision shall be deposited in the Special Account for Capital Outlay."

"5. No funds may be encumbered for acquisition pursuant to category (4) unless the Executive Director of the Conservancy certifies to the State Public Works Board that adequate assurances have been received from the Department of the Interior that reimbursement will be made within the time specified in Provision 4."

Item 3860-001-001—For support of Department of Water Resources. I reduce this item from $30,357,000 to $28,057,000 by reducing:

(a) 10—Continuing Formulation of the California Water Plan from $17,333,000 to $15,033,000.

I am reducing this $4,450,000 legislative augmentation by $2,300,000, for selenium-related projects and deleting Provision 2.

"2. Of the amount appropriated in this item, $1,500,000 shall be to establish, pursuant to an interagency agreement with an appropriate state educational institution, a comprehensive service laboratory for analysis of water, soil, and air systems associated with agriculture in order to implement AB 791 of the 1985–86 Regular Session. $2,500,000 shall be for a study to operate, under controlled conditions, a water delivery system in the Grassland Water District in order to minimize the impacts on water quality in the San Joaquin River and on groundwater supplies and the habitat in the District $450,000 shall be to purchase water from the federal Central Valley Project to provide water as part of a study to improve water quality in the San Joaquin River "

This $2,150,000 funding augmentation for the Department of Water Resources is in addition to $2,270,000 included for the State Water Resources Control Board and $651,000 for the University of California, for a total program of $5,071,000. I believe this $5,071,000 program represents a comprehensive state response to the selenium problem in California.

I am directing the Department of Water Resources to use the $2,150,000 as follows: $1,100,000 to improve the water delivery system in the Grassland Water District, $450,000 to contract with the University of California for lab analyses of trace elements, $400,000 to upgrade the Department of Water Resources' chemistry laboratory at Bryte, $120,000 to investigate desalting technologies, and $80,000 to augment the Agricultural Drainage Monitoring Program. The Department of Finance will submit a Section 28 notification letter to the Legislature prior to the expenditure of $1,050,000 in funding redirected from the comprehensive service laboratory to some of the above-mentioned activities

Item 3860-101-001—For local assistance, Department of Water Resources. I reduce

this item from $19,800,000 to $19,500,000 by reducing:

(b) Delta Levee Subventions from $2,000,000 to $1,700,000.

I am reducing this item by the $300,000 legislative augmentation to the Delta Levee Subventions program. While I have been supportive of additional funding for delta levees as part of an overall, comprehensive water management program, I believe the remaining $1,700,000 local assistance budget is adequate to maintain the Sacramento-San Joaquin Delta levees This amount conforms to the State's standard for maintenance of the delta levees under current law.

Item 3860-101-140—For local assistance, Department of Water Resources. I eliminate this item.

I am eliminating $100,000 added by the Legislature for a waste water reclamation project for the Monterey Peninsula Water Management District, as well as control language in Provision 1 regarding the project The project would use water hyacinths to treat waste water. I believe that more information is needed on the benefits of the project to the State before State funds are budgeted for this purpose

Item 3940-001-001—For support of the State Water Resources Control Board. I reduce this item from $36,833,000 to $27,975,000 by reducing·

(a) 10—Water Quality from $52,012,000 to $41,947,000,

(i) Amount Payable from the Surface Impoundment Assessment Account, General Fund (Item 3940-001-482) from —$2,729,000 to —$2,095,000, and

(1) Amount Payable from the General Fund (Item 3940-011-001) from —$153,000 to —$80,000, and

by eliminating

(ff) Amount Payable from the California Environmental License Plate Fund (Item 3940-001-140) —$500,000,

revising Provisions 1 and 2,

and deleting Provisions 3 and 4

I am reducing this item by $8,858,000 to reflect the following actions

The elimination of an augmentation of $300,000 and 6 personnel years for additional enforcement staff Increases of $1,349,000 and 23 7 personnel years have already been provided in the budget which bring the total resources for enforcement activities to $2,815,000 and 60.7 personnel years.

The elimination of an augmentation of $7,600,000 and 167 personnel years for an expanded underground tank cleanup program I am maintaining this program at the level of $3,771,000 and 60 8 personnel years which I proposed in January. This approach relies on local agency oversight over all but the most major of the anticipated cleanup efforts The approach taken by the Legislature in this augmentation would have the State, rather than local government, oversee all cleanup. This type of major policy change should be addressed through specific legislation and not the Budget Bill

The reduction of $129,000 from an augmentation of $2,399,000 and 9 3 personnel years to study selenium and other trace elements throughout the State. The Board has provided a detailed workplan requiring only $2,270,000 to perform these studies I am also revising Provision 2 which requires $700,000 be used to study the San Francisco Bay because sufficient Federal and State resources will be dedicated for this purpose. However, the Department of Finance will submit a Section 28 request to the Legislature prior to expenditure of those funds redirected from the San Francisco Bay study.

The elimination of an augmentation of $106,000 and 1 personnel year for a management system to track the progress of the cleanup of groundwater contamination sites This augmentation was to provide contingency funding for a portion of a pilot program negotiated by the Board with the Environmental Protection Agency. I will address the potential Federal grant through the normal process.

The reduction of $423,000 and 8.5 personnel years from an augmentation of $765,000 and 17 personnel years to provide additional resources for the updating and issuance of waste discharge orders. The remaining resources, $342,000 and 8 5 personnel years, represent the increase to this regulatory program as recommended by the legislative task force on toxics contamination This will provide a total of $4,742,000 and 80 3 personnel years for this effort

The elimination of an augmentation of $100,000 and 1.9 personnel years to prepare a management strategy to minimize the spread of groundwater contamination through active and abandoned wells. I am eliminating this augmentation because the Board already has over 600 personnel years in the budget to address priority water quality problems.

The elimination of an augmentation of $200,000 and 3 8 personnel years to provide for additional regional Board public participation and public information. Regional Boards were formed to allow the public access to the water quality and water rights decision making process and, as such, there should be no need for additional staff for public participation In addition, regional board management should already be actively providing public information and should not require additional staff for this purpose.

The elimination of an augmentation of $500,000 from the amount payable from the Environmental License Plate Fund to provide funding to study the toxicity of the New River. This international problem should be addressed in separate legislation such as AB 1012, which concerns both the Tijuana and New River problems However, AB 1012 in its current form has serious shortfalls in that it relies entirely on state financial support and no form of support from either the Federal Government or the Government of Mexico. The State cannot control or stop the pollution of the New River because it occurs on the Mexican side of the border I am reducing this subitem to correspond to Item 3940-001-140.

The reduction of $634,000 and 15.8 personnel years from an augmentation of $834,000 and 19.8 personnel years from the amount payable from the Surface Impoundment Assessment Account, General Fund for staff for the toxic pits program. The budget already includes $222,000 and 6 5 administrative and supervisory positions added for the toxic pits program In addition, the base budget includes a total of over 100 clerical positions This should be a sufficient amount of administrative, clerical, and supervisory positions for the program. However, I agree with the Legislature that 48 technical positions should be available December 1, 1985 as opposed to the original plan of having these positions available January 1, 1986 I am reducing this subitem to correspond to Item 3940-001-482.

The reduction of $73,000 and 2 personnel years which the Legislature specified for enforcement and other activities at the Lahontan Regional Water Quality Control Board. Additional Staff are unnecessary because this work is currently being performed even though the positions have been vacant for some time. (The budget proposed elimination of these positions but the Legislature reestablished them)

I am revising Provisions 1 and 2 to conform to the above actions as follows.

"1 ~~$14,054,000~~ *$4,062,000* of the amount appropriated for category (a) Water Quality shall be used to add staff and for associated resources according to the following schedule:

~~(a) Underground tanks cleanup oversight (167 personnel years) .. 7,600,000~~

(b) Selenium studies (9 3 personnel years) ~~2,399,000~~ *2,270,000*

(c) Investigation and enforcement related to contaminated drinking water wells (18.0 personnel years) 1,000,000

(d) Update waste discharge orders (~~17 0~~ *8.5* personnel years) ~~765,000~~ *342,000*

~~(e) Enforcement (6.0 personnel years) 300,000~~

(f) Toxic Pits regulation (~~19.8~~ *4 0* personnel-years) ~~831,000~~ *200,000*

~~(g) Pilot computerized tracking system (1.0 personnel/year) 106,000~~

~~(h) Abandoned wells (1 9 personnel/years) 100,000~~

~~(i) Public participation (3.8 personnel/years) 200,000~~

(j) Russian River Monitoring (1 0 personnel-year) 250,000

~~(k) New River monitoring 500,000~~"

"2 Of the amount appropriated for category (a) Water Quality for selenium and trace element studies, ~~$2,399,000~~ *$2,270,000* shall be for a statewide survey of 12 elements, including selenium, to determine their effects on the environment and the public health, to specify necessary protective actions, and to expand

laboratory capacity to meet ongoing needs. ~~Of the $2,399,000, $700,000 shall be used to study the San Francisco Bay.~~"

I am deleting Provisions 3 and 4 to conform with the above actions as follows:

"~~3. $100,000 of the amount appropriated for category (a) Water Quality to the San Francisco Bay Area Water Quality Control Board for a public participation program shall be reduced by any federal funds received by that regional board for the same purpose.~~"

"~~4. Of the amount appropriated by this item, 35 personnel years and $1,750,000 shall be allocated to the San Francisco Bay Area Regional Water Quality Control Board and 25 personnel years and $1,250,000 shall be allocated to the Los Angeles Regional Water Quality Control Board for work related to leaking underground tanks. At least 10 personnel years allocated to the Los Angeles Regional Water Quality Control Board shall be assigned to activities in the San Gabriel Valley. Any allocation that is different from that described by this provision shall require prior notification to the legislature.~~"

Item 3940-001-140—For support of the State Water Resources Control Board. I eliminate this item.

I am eliminating this item in the amount of $500,000 to conform to my action on Item 3940-001-001. This eliminates the amount payable from this item to Item 3940-001-001.

Item 3940-001-482—For support of the State Water Resources Control Board. I reduce this item from $2,729,000 to $2,095,000

I am reducing this item by $634,000 and 15 8 personnel years to conform to my action on Item 3940-001-001. This eliminates the amount payable from this item to Item 3940-001-001.

Item 3940-011-001—For support of the State Water Resources Control Board I reduce this item from $153,000 to $80,000 and delete the related control language

I am reducing this item by $73,000 and 2 personnel years to conform to my action on Item 3940-001-001 This eliminates the amount payable from this item to Item 3940-001-001.

In line with my actions on this item, I am deleting Provision 2

"2. The State Water Resources Control Board shall use not less than $73,000 of these funds to reinstate 2 0 personnel years for enforcement and other activities in the Lake Tahoe Basin provided by Lahontan Regional Water Quality Control Board."

Item 3940-101-144—For local assistance, State Water Resources Control Board. I eliminate this item.

I am eliminating this item in the amount of $7,500,000 for the Tijuana River cleanup because this is an international problem that requires an international solution The United States Government must take a lead in resolving this problem by securing the cooperation of the Mexican Government. Although the 1984–85 budget included $5,500,000 for the Tijuana River, the funds were specifically designated to be used to match federal funds Recent problems in the negotiations with the Mexican Government, however, have diminished the possibility of future federal funding In addition, AB 1012, which addresses both the Tijuana River and the New River problems, already includes the funding proposed by this augmentation.

Item 4120-101-001—For local assistance, Emergency Medical Services Authority I reduce this item from $783,840 to $753,840.

I am reducing this item by $30,000 to eliminate an augmentation to support the training of one technician for the Northern California Local Emergency Medical Services (EMS) Agency. The augmentation would not have contributed to program compliance or development. My action will provide a total of $2.4 million in local assistance funding ($753,840 in General Funds and $1,685,000 in federal funds) to support local EMS agencies

Item 4140-001-001—For support of The Office of Statewide Health Planning and Development I change this item by changing the following category amounts.

(a) 100000—Personal Services from $8,742,539 to $8,614,630,

(b) 300000—Operating Expenses and Equipment from $8,848,744 to $8,825,370,

(d) Reimbursements from −$5,199,283 to −$5,048,000, and

deleting Provision 1.

The Legislature provided the Office $151,283 in increased expenditure authority from reimbursements and 3.7 personnel years effective January 1, 1986, to ensure that the Office has adequate staff resources to meet the public liaison, technical assistance and research analysis functions pursuant to Chapter 1326, Statutes of 1984. This statute provides for the transfer of the health facility data collection and reporting functions from the California Health Facilities Commission to the Office effective January 1, 1986. I am reducing reimbursements by $151,283 and the 3.7 personnel years because the public liaison functions currently performed by the commission will be provided by the Office's public information office The technical assistance for data collection and reporting requests will be handled by the Office's data processing staff of 16 personnel years and $1,063,821. Chapter 1326, Statutes of 1984 limits the scope of the reporting data, thereby reducing the workload of the research and analysis staff I am confident that these tasks, as well as the ongoing statutory requirements for the consolidation, will be met without restoring these positions.

I am also deleting Provision 1 to conform with this action.

Item 4140-101-001—For local assistance, Office of Statewide Health Planning and Development for Health Professions Development (Family Physician Training). I reduce this item from $3,000,000 to $2,880,000.

I am reducing this item by the $120,000 added by the Legislature to provide a 4 percent cost-of-living adjustment for the Family Physician Training Program. Cost-of-living adjustments are generally allocated to programs where funds or medical services are directly provided to the program participants. This program does not provide direct funds or services Therefore, it is inappropriate to base the program level on a formula which has no apparent relationship to need

Item 4170-101-001—For local assistance, Department of Aging. I reduce this item from $22,327,000 to $19,458,000 by reducing:

(a) 10—Nutrition from $61,239,000 to $59,859,000,

(1) 10.10—Congregate Nutrition from $46,209,000 to $45,025,000,

(2) 10.20—Home Delivered Nutrition from $15,030,000 to $14,834,000,

(c) 30—Supportive Services and Centers from $27,046,000 to $26,061,000,

(d) 40—Special Projects from $5,824,000 to $5,320,000,

and deleting Provision 3

I am reducing $1,380,000 from Nutrition, $985,000 from Supportive Services and Centers, and $4,000 from Special Projects because I do not believe that the General Fund should provide a discretionary cost-of-living increase for the federally funded portion of these programs. However, I have retained $538,000 to provide a 4 percent cost-of-living increase to the General Fund portion of the Nutrition and Supportive Services and Centers programs

I am reducing $500,000 from the $1,000,000 legislative augmentation for the expansion of the Linkages Program Although, I believe that the 10 Linkages Projects initially funded in the Budget would provide sufficient data to evaluate this program, I am retaining $500,000 to fund two or three additional sites in Southern California in order to achieve an equitable geographical distribution of sites

I am also eliminating Provision 3 related to this augmentation because the appeal process provided for in the language would limit the department's ability to reconsider all of the unfunded proposals in order to select the highest quality projects that would address the issue of geographical equity.

"3 (a) Applicants not selected, and who appealed the director's decisions on the initial 10 sites, shall have the right to appeal the director's decision to the Department of General Services. If the department finds in favor of an applicant, the department shall fund that project from funds appropriated in this item

(b) If funds are available after the appeal process is completed, the department shall establish, by January 1, additional linkages sites for a maximum of 15 linkages sites around the state. These sites shall be selected from either the list submitted to the director by the Long Term Care Committee or from the top 10 projects ranked by the department staff. In making these selections the director shall give priority to projects that (a) provide a

balanced geographic and demographic distribution of the 15 linkages sites, and (b) serve a large population of minority and poor elderly in their community.

Sites not selected shall be able to appeal the director's decision to the Department of General Services."

Item 4200-001-001—For support of Department of Alcohol and Drug Programs. I reduce this item from $6,900,000 to $6,882,000 by reducing:

(a) 10—Alcohol Programs from $4,716,000 to $4,698,000

I am reducing the augmentation of $18,000 for the department to increase operating expenses for the Alcohol Recovery Facility Licensing activity. The department operating expense budget is $2.4 million. There is no evidence that it cannot produce cost efficiencies within this amount so as not to impact the level of services provided.

Item 4200-101-001—For local assistance, Department of Alcohol and Drug programs. I reduce this item from $82,732,000 to $71,722,000 by reducing:

(a) 10—Alcohol Program from $54,765,000 to $49,287,000,

(b) 20—Drug Program from $62,378,000 to $56,846,000, and

deleting Provisions 3 and 4

I am reducing this item by the $11,010,000 augmentation that was provided as the initial step in funding all counties at a specific standard The different per capita allocations of Alcohol and Drug funds to the various counties are the result of years of individual programmatic decisions and allocations made for these activities by the county, state and federal governments Given the fact that these differences were based upon meeting specific needs in specific areas it is not appropriate to now argue that all counties should have an equalized amount of funds. Since the present distribution was based upon specific needs, any increase in this program should be made in the same manner.

I am deleting Provisions 3 and 4 to conform to this action:

"3. $5,478,000 of the amount scheduled in Item 4200-101-001 shall be allocated to those county alcohol programs with state and federal per capita allocations less than the statewide average, so that no county's per capita allocation is less than $1.74."

"4. $5,532,000 of the amount schedule in Item 4200-101-001 shall be allocated to those county drug programs with state and federal per capita allocations less than the statewide average, so that no county's per capita allocation, based on the Touche-Ross 50-30-10-10 formula is less than $1.94 The department shall also make additional allocations, to assure that no county's per capital allocation is less than $1.94."

Item 4200-101-890—For local assistance, Department of Alcohol and Drug Programs. I am deleting Provisions 3 and 4 to conform to my veto of the funding augmentation in Item 4200-101-001

"3. $502,000 of the amount scheduled in Item 4200-101-890 shall be allocated to those county alcohol programs with state and federal per capita allocations less than the statewide average, so that no county's per capita allocation is less than $1.74 "

"4. $372,000 of the amount scheduled in Item 4200-101-890 shall be allocated to those county drug programs with state and federal per capita allocations less than the statewide average, so that no county's per capita allocations less than the statewide average, so that no county's per capita allocation, based on the Touche-Ross 50-30-10-10 formula, is less than $1.94. The department shall also make additional allocations, to assure that no county's per capita allocation is less than $1.94."

Item 4260-001-001—For support of Department of Health Services I reduce this item from $123,142,486 to $111, 945,050 by reducing:

(a) 100000—Personal Services from $146,762,225 to $143,719,427,

(b) 300000—Operating Expenses and Equipment from $124,437,428 to $115,040,412,

(d) Reimbursements from −$8,843,799 to −$8,729,000,

(e) Amount payable from the Hazardous Waste Control Account, General Fund (Item 4260-001-014) from −$17,180,903 to −$16,364,485,

(g) Amount payable from the Genetic Disease Testing Fund (Item 4260-001-203) from −$17,024,195 to −$16,964,921, and

(k) Amount payable from the Federal Trust Fund (Item 4260-001-890) from −$86,653,034 to −$86,401,147, and

deleting Provisions 5, 20, 21, 23, 26, 29, 30, 31, 32, 33, 36, 38, 45, 46, 47, 48, 49, 56, 58, 59 and 66 and revising Provisions 35 and 39.

I am deleting Provisions 20 and 21, added by the Legislature, which would restrict expenditure of appropriated funds for development of drinking water standards

"20 The department shall develop, at a minimum, three primary drinking water standards (maximum contaminant levels) during the 1985–86 fiscal year from among the following organic chemicals: trichloroethylene (TCE), 1,1,1-trichloroethane (TCA), perchloroethylene (PCE), ethylene dibromide (EDB) and dibromochloropropane (DBCP) and develop five action levels (health advisories), as appropriate

In developing maximum contaminant levels the department shall, in cases of scientific ambiguity, use the criteria most protective of public health and incorporate the following considerations:

(a) The existence of groups or individuals in the population which are more susceptible to adverse effects than the normal healthy adult.

(b) The exposure of contaminants in media other than drinking water (including exposures in food, in the ambient air, and in occupational settings) and the resulting body burden of contaminants

(c) Possible synergistic effects resulting from exposure to, or interaction by two or more contaminants

(d) The contaminants exposure and body burden levels which alter physiological function or structure in a manner reasonably suspected of increasing the risk of illness

The department shall not award any contract for the development of maximum contaminant levels until such time as conflict of interest guidelines have been developed

Not more than $1,400,000 shall be spent on the development of primary drinking water standards, which shall be based on the state statutes in effect on July 1, 1985."

"21 Of the amount appropriated by this item $2,600,000 shall not be available for expenditure until such time as legislation has been chaptered the provisions of which

(a) Immediately establish interim public health drinking water standards for at least 30 organic chemicals, and

(b) Set forth specific public health criteria for the development of maximum contaminant levels."

The language requires enactment of legislation providing interim health standards and specifying public health criteria for maximum contaminant levels The provisions constitute undue restrictions upon Executive authority and I believe it is unconstitutional to appropriate funds conditional on future legislative action

I am eliminating a legislative augmentation of $450,000 to develop a pilot study of treatment and management strategies for improving water quality affected by organic chemicals I have already included $4,000,000 in the budget for the development of drinking water standards As part of the development process for these standards, each contaminant will be reviewed through a technical and economic feasibility study which will focus on the available treatment technology I am also deleting Provision 23 to conform with this action.

"23 Of the amount appropriated by this item, $450,000 shall be used to conduct a special pilot study on treatment technologies and management strategies for improving water quality affected by organic chemicals and trihalomethanes provided that

(a) $25,000 shall be available immediately, contingent upon the availability of an equal amount from private sector companies in Santa Clara County, to review available literature regarding drinking water treatment technologies and develop an appropriate work plan to evaluate these technologies, and

(b) An additional amount of $425,000 shall be available for execution of the

work plan, contingent upon the availability of matching funds of $150,000 from the Santa Clara Valley Water District and an additional $275,000 from private sector companies in Santa Clara County."

I am deleting Provision 5, added by the Legislature, which would require a report within thirty days after a month in which the salary savings exceeds 9.5 percent.

"5. The Department of Health Services shall submit a report within 30 days of the end of each month to the chairperson of the fiscal committee of each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee if, in any given month, the department's salary savings rate exceeds 9.5 percent. The first report shall be due September 30 and shall cover the July and August pay periods. The report shall identify the reason for the excess savings and the steps the department plans to take to ensure that budgeted positions are filled."

It was the intent of this language to report shifts of salary savings in excess of 1 percent of the amount budgeted. The effect of my actions upon this budget raised the budgeted salary savings level to 9.3 percent. If this language remains operative, given the small difference between the budgeted level and reporting threshold of 0.2 percent, the department would have to report monthly. This clearly was not the intent of the Legislature and my actions on dollar issues has essentially made this language inoperable. However, I am directing the Director of Finance to furnish the Legislature with periodic reports on statewide salary savings

I am eliminating a legislative augmentation of $1,291,406 to restore specified unallocated reductions My budget included unallocated reductions for all state departments with varying amounts dependent upon the amount of General Fund in each department's budget. These reductions were intended as a means to maximize existing program efficiencies to provide resources for new programs. The department has consistently identified General Fund savings of at least $2,000,000 during the last three years and, therefore, can meet this reduction.

I am eliminating a legislative augmentation of $1,430,591 in this item, $186,282 from other funding sources, and 38 6 personnel years which provide for the restoration of funds and positions associated with a reorganization of the Preventive Health Services Division because the department can continue the program without these resources. I am committed to reducing the size of the bureaucracy, particularly when it can be done through a realignment of resources which maintain current services. The department has provided evidence that the remaining $36,603,822 and 1,328.3 positions will provide sufficient resources so as not to adversely affect program performance. I am also deleting Provision 26 to conform with this action

"26. The Department of Health Services is prohibited from implementing a preventive health services reorganization proposal until 30 days after it provides a report to the Legislature which·

(a) Meets the requirements of the law regarding the Rural Health Division.

(b) Details position changes associated with the proposal, absent any other department proposals, and provides specific justification for any position increases or decreases.

(c) Describes the need for and benefits of the reorganization."

I am eliminating a legislative augmentation of $225,439 in this item, $272,096 in subsidiary items and 11.5 personnel years which reinstate funding and positions associated with the department's identification of non-critical administrative staff. I directed each department and agency to review its complement of administrative staff and eliminate those positions which were not integral to the delivery of public services I believe that we must do everything possible to eliminate and not perpetuate unnecessary bureaucracy.

I am reducing this item by $362,000 because I question the benefits to be derived from expanding the cancer registry to 27 counties at this time. I believe it would be imprudent to expand the registry program to a level that is beyond the recommendation of a recent report to the Legislature prepared by the department on this subject. The report concluded that an eleven county expansion is adequate to meet the objectives of the program I have proposed to include an additional $1,238,000 and 1.8 personnel years over the current level of state funding ($538,000) to expand the program to eleven new counties This increase offers an adequate

sample and I believe further expansion would be premature I am also deleting Provision 29 to conform with this action.

"29 The department shall implement cancer registries in the following counties Amador, El Dorado, Fresno, Kern, Kings, Lassen, Madera, Merced, Monterey, Sacramento, San Benito, San Joaquin, San Luis Obispo, Santa Barbara, Santa Clara, Santa Cruz, Stanislaus, Tulare, Ventura, and Yolo Any funds not used to implement the cancer registry shall revert to the General Fund. The department shall maintain data that identify the actual cost of implementing a cancer registry. Funds appropriated for the purpose of implementing a cancer registry shall be used only for that purpose "

I am eliminating the $365,000 legislative augmentation and 6 9 personnel years to conduct risk assessments of water contamination resulting from underground tank leaks The department's role regarding the contamination of water is to assure that the quality of drinking water is safe for consumption. The 1985–86 Governor's Budget proposes a $6.4 million expenditure program for the department to ensure that drinking water is safe. Specific augmentations are proposed to develop and adopt maximum contaminant levels for thirty water contaminants within three years In addition, the department will establish action levels for any new contaminants discovered. I believe it is more effective to focus our efforts on assessing the water supplies themselves rather than to investigate one among the many possible sources. I am also deleting Provision 30 to conform with this action

"30. Of the amount appropriated by this item, $365,000 should be used to assist the 9 regional water quality control boards in cleaning up contamination from leaking underground storage tanks The department shall provide expert advice and assistance to the state regional water boards on matters relating to the health effects of toxic substances in water supplies and the cleanup on contamination or pollution from leaking underground tanks and other sources Such advice and assistance shall include, but not be limited to.

(a) Assistance in developing procedures and protocols for assessing risks resulting from leaking underground tanks.

(b) Preparation of toxicological risk assessments

(c) Expert testimony.

(d) Assistance in preparing public information and educational materials."

I am reducing this item by $2,323,000 added by the Legislature to expand the Birth Defects Monitoring Program to 25 counties. This will continue the current level of funding of $467,000 and 8 positions for five counties. Future expansion will be considered subsequent to a progress report to be submitted by the department on the project in the Fall of 1985. It would be premature to augment this item for this program until the progress report has been reviewed. I am also deleting Provision 31 to conform with this action.

"31 Of the amount appropriated by this item, the sum of $2,323,000 shall be allocated without regard to fiscal years, for the purpose of implementing Division 9.5 (commencing with Section 10800) of the Health and Safety Code as follows:

(a) To expand the Birth Defects Monitoring Program by contracting with the Counties of Fresno, Sacramento, Orange, Merced, Monterey, Santa Cruz, Solano, Yolo, Yuba, Sutter, Nevada, Amador, Calaveras, Stanislaus, Placer, Tuolumne, Colusa, Humboldt, San Joaquin, and Del Norte 2,016,000

(b) To purchase new computer and computer-related equipment and services for the Birth Defects Monitoring Program . ... 307,000"

I am reducing this item by the $500,000 and 5.9 personnel years added by the Legislature for the department to establish an Occupational Health and Disease Prevention Program. Primary responsibility for investigating concerns about health and disease associated with the workplace has been given to the Department of Industrial Relations through its Occupational Safety and Health Administration program This legislative augmentation would bifurcate the State's efforts to ensure worker health and safety and result in a less effective use of resources I am also deleting Provision 32 and 33 to conform to this action

"32 The Department of Health Services shall establish an Occupational Health and

Disease Prevention Program. The program shall be directed toward:

(a) Establishing an effective occupational disease surveillance program and developing baseline data to be used by epidemiological and occupational health researchers and the Department of Industrial Relations.

(b) Providing technical assistance to local health agencies and other state agencies regarding occupational health issues

(c) Providing specialized training and technical assistance to local health agencies and other state agencies regarding occupational health issues "

"33. The department shall establish 6 positions and allocate $500,000 from this item for the following activities.

(a) Assessing and evaluating deficiencies in existing surveillance mechanisms including but not limited to physicians First Reports of Occupational Illness, employers First Reports of Occupational Illness, ongoing death certificate studies, and the Northern California Tumor Registry

(b) Working with other state and local agencies to improve the utility and validity of existing data bases for surveillance of occupational exposures, morbidity and mortality

(c) Working with other programs within the Department of Health Services to generate data pertinent to the study of occupational morbidity and mortality Such programs shall include but not be limited to the Birth Defects Monitoring Program, Resource for Cancer Epidemiology, and the Center for Health Statistics

(d) Establishing with local health agencies, private health practitioners, and the Northern and Southern California Occupational Health Centers, pilot surveillance systems for occupational disease

(e) Providing medical, statistical, and epidemiological assistance to counties to investigate and evaluate occupational health problems

(f) Establishing a health hazard evaluation program to which county and other state agencies may refer matters for investigation

(g) Providing epidemiological consultation to Cal/OSHA "

I am revising Provision 35, the control language added to schedule the legislative augmentation for AIDS-related activities These changes are necessary to conform to my actions on these individual augmentations The specific changes are as follows

"35 Of the funds augmented to this item ~~$6,335,000~~ *$3,012,000* shall be allocated ~~as follows:~~

~~(a) $85,000 to develop informational educational materials on AIDS.~~

~~(b) $1,500,000 to train crisis center staff on AIDS treatment and the ELISA test.~~

~~(c) $150,000 for an evaluation of educational materials developed.~~

~~(d) $100,000 to support an office of AIDS ombudsman within the department, the ombudsman shall be appointed by the director.~~

~~(e) $250,000 to educate home health agency and attendant care workers.~~

~~(f) $4,250,000~~ for information and education grants."

I am reducing this item by $85,000 added by the Legislature to develop educational materials related to the AIDS antibody blood test AB 488 (Chapter 23, Statutes of 1985), already appropriates $275,000 for education materials related to the blood test. There are many unknowns about the potential costs related to the AIDS antibody test This is primarily due to the fact that the test was only approved on March 2, 1985 and has not been available long enough to determine an average sample of the number of people who will take the test. I believe that the funds appropriated in AB 488 should be expended prior to adding additional funds I am also deleting Provision 36 to conform with this action.

"36 $360,000 of the funds appropriated by this item shall be used to develop the following:

(a) Audio and video materials for a media campaign that informs the general public that (1) the ELISA test does not diagnose AIDS and (2) it is safe to give blood.

(b) Written and video materials for individuals considering use of the ELISA test which clarify that the ELISA test is not a diagnostic test

(c) Written and video materials providing health professionals with basic

information concerning the test and its potential psychological effects."

I am reducing this item by $1,500,000 added by the Legislature to train crisis center staff to treat and provide short-term counseling to AIDS test patients AB 488 appropriates $5 million for the department to administer the AIDS antibody blood test program. These funds are used in part to provide information and referral services to AIDS test patients Other than medical information that should be provided by the patient's physician, this is a mental health issue, not one of public health There are currently mental health programs in place to address these needs. The mental health budget proposes a $40 million block grant program which could be used for AIDS-related mental health needs I am also deleting Provision 38 to conform with this action.

"38. The department shall adhere to the following requirements when spending the $1,500,000 augmentation for mental health needs arising from the HTLV-III Anti-bodies test

(a) The funds shall be spent on (1) training staff in crisis centers on the treatment of AIDS patients or (2) short-term counseling, not to exceed five visits per individual, for individuals who have taken the ELISA test and need additional counseling.

(b) The department shall develop the request for proposals in conjunction with the Department of Mental Health

(c) Funds shall be allocated through the competitive bid process established by Chapter 1257 of the Statutes of 1983.

(d) The department shall include in the request for proposals, language that authorizes grantees to accept donations from those receiving services."

The Legislature augmented this item by $4,250,000 to meet the increased need for AIDS-related information and education projects. Given the tremendous increase in public concern and misconceptions about AIDS, it is evident an adequate amount of state resources are needed to increase public information about this disease My original budget included $1,238,000 for this activity and, therefore, I am reducing this augmentation by this $1,238,000. This additional $3,012,000 will allow the full $4,250,000 to be available to meet the cost of the projects in this area. I am also deleting this portion of Provision 39 requiring the department to make the educational materials available in other languages as needed.

"39. The department shall ensure that ~~(a) educational materials on AIDS are made available in languages other than English, as needed, and that (b)~~ agencies receiving information and education funds coordinate their plans to avoid duplication of effort."

The language is nebulous in that the term "as needed" does not provide sufficient specificity to permit the program to be reasonable. I believe this provision could prove extremely expensive for a very limited benefit.

I am reducing this item by $100,000 added by the Legislature to establish the Office of the AIDS Ombudsman. The department's reorganization plan, effective July 1, 1985, establishes an AIDS unit and I believe that staff in this unit could assume the ombudsman functions without additional funds.

I am reducing this item by $927,000 added by the Legislature to provide state funds for hypertension control activities. The $1 8 million program which I proposed provides a reasonable level of support for the department to contract with ten Regional Hypertension Control Areas which serve the ethnic populations, the professions, and the geographical areas for which this augmentation was proposed Also, this program has been 100 percent federally funded since it was established in 1976 and I see no reason to now expand it with General Funds. I am also deleting Provisions 45 through 47 and Provision 66 to conform with this action.

"45. The department shall ensure that Hypertension Control areas, shall subcontract with the Asian Pacific Islander Task Force, the East Los Angeles Task Force, and the Martin Luther King-Drew Medical Center for no less than $60,000 each."

"46. Of the amount appropriated by this item, $747,000 shall be used to fund hypertension control services for identified hypertensive patients of target ethnic groups in Los Angeles, the San Francisco Bay Area, Fresno, and San Diego."

"47. The department shall periodically evaluate the hypertension control services provided to determine their effectiveness in assisting patients to maintain preferred treatment regimes."

"66. Of the amounts appropriated for hypertension control projects, $180,000 shall be used to conduct a study on stress and hypertension among bus drivers."

I am reducing this item by $150,000 added by the Legislature to evaluate information and education contracts for AIDS The budget proposes seven new positions for surveillance and monitoring of information and education contracts. I believe that these positions are sufficient to perform the evaluations that are proposed. I am also deleting Provision 48 to conform with this action.

"48. The department shall issue contracts to evaluate the effectiveness of the AIDS information and education materials produced by its contractors and shall submit a written evaluation to all appropriate parties."

I am reducing this item by $250,000 added by the Legislature to provide an educational program for hospital and home health care personnel The Federal Center for Disease Control has published AIDS guidelines for health professionals, and the Department of Health Services has sent this information to local health facilities as a reference when treating AIDS patients. Therefore, I question the benefit to be derived from this augmentation. I am also deleting Provision 49 to conform with this action.

"49 The department shall spend $250,000 on education of hospital, home health agency and attendance care workers In expending the funds, the department·

(a) Shall ensure that educational materials shall be developed in languages other than English

(b) Shall allocate funds through the competitive process established by Chapter 1257 of the Statutes of 1983

(c) Shall ensure that local agencies allocated funds coordinate plans to avoid duplication of effort "

I am deleting Provision 59 which directs the Department to propose regulations by June 30, 1986 to restrict specified wastes from land.

"59 The Department of Health Services shall complete a study which identifies types or categories of hazardous wastes which should not be placed in or onto the land due to the toxicity, persistence, mobility or bioaccumlative properties of the waste The department shall propose regulations by June 30, 1986, to restrict these wastes from land disposal."

I believe such a short timeframe is unrealistic and will not allow the department to develop workable regulations. The United States Congress has adopted a five-year timetable for study and banning specified wastes from landfill. I am in agreement with the five-year timetable as I believe it is more realistic.

I am vetoing the legislative augmentation of 4.5 personnel years and $250,000 from the Hazardous Waste Control Account for the Abandoned Hazardous Waste Site Assessment Program. The Legislature directed the department to survey rural, unsurveyed counties to detect abandoned hazardous waste sites The department has completed an Abandoned Site Project and is now doing extensive follow-up which is federally funded Since they have already surveyed all counties that would have potentially had an abandoned site, which included rural counties, it would not be an effective use of funds to survey the remaining rural counties I am also deleting Provision 56, which would have specified the procedures the department was to follow in implementing the Abandoned Site Assessment Program.

"56 In 1985–86, the department shall survey rural, unsurveyed counties to detect sites that pose a potential threat to the public health and the environment. The following procedures shall be used in surveying counties to detect potential hazardous waste sites (a) review history of hazardous materials and waste generation in the county; (b) review available information from county/local agencies and the Regional Water Quality Control Boards, and (c) conduct initial assessments for all potential sites identified."

I am eliminating the $34,000 added by the Legislature from federal funds to restore a position to the California Medical Assistance Commission which is partially funded from the Medicaid Program through this item. The position is one of 8 that negotiates contracts with hospitals serving Medi-Cal beneficiaries. Past workload and vacancy

experience do not indicate a need for this position. This action is consistent with the action in Item 4270-001-001

I am also reducing this amount payable item by $205,678 to eliminate funding for non-critical administrative positions identified by the department. I am further reducing this amount payable item by $12,209 to recognize program efficiencies also identified by the department. These actions are consistent with actions taken on Item 4260-001-890

I am reducing the amount payable item from Item 4260-001-014 by $250,000 added by the Legislature for the Abandoned Hazardous Waste Site Assessment Program. I am also eliminating $66,418 added by the Legislature for non-critical administrative positions identified by the department. I am further reducing $500,000 added by the Legislature for classroom training of county employees I do not believe that classroom training is the most effective use of funds. I believe that the internship method which I proposed at a level of $841,000, and which the Legislature appropriated at $341,000, is a more effective way to provide county staff with the necessary training. I am also deleting Provision 58, which would have specified the precedures for the department to follow in contracting out for the classroom training These actions are consistent with my action on Item 4260-001-014.

"58. The sum of $500,000 is appropriated to the Department of Health Services to fund a contract for purposes of training local health department personnel in the management and control of hazardous waste The contractor shall conduct training sessions in locations throughout the state The training sessions shall include, but not be limited to, the following.

(a) Statutes and regulations dealing with hazardous waste emphasizing recent changes in federal and state statutes and regulations.
(b) Inspection of hazardous waste storage facilities. Training to include procedures for working with law enforcement agencies and collection and presentation of evidence in legal proceedings.
(c) Personnel protection and safety.
(d) Manifest requirements for hazardous waste generators, transporters and storers
(e) Department of Transportation Title 49 requirements
(f) Emergency response to hazardous waste spills.
(g) Hazardous waste treatment technology.
(h) Remedial action, site cleanup and mitigation

The contractor shall have demonstrated abilities in the following areas

(a) Curriculum development and provision of training in the public health aspects of hazardous waste management.
(b) Development of needs assessments and program evaluation instruments as such instruments relate to local public health agencies.
(c) Experience in provision of training to local public health agency personnel.
(d) Capabilities to recruit expert consultants in the field of hazardous waste management including individuals with expertise in the delivery of local programs.
(e) Detailed knowledge of the delivery of local public health services
(f) Detailed knowledge of local hazardous waste management programs "

I am reducing this amount payable item from Item 4260-001-203 by $59,274 to recognize program efficiencies identified by the department This action is consistent with my action on Item 4260-001-203.

Finally, for many years we have been addressing the problems resulting from the dumping of toxic wastes at the Stringfellow disposal site in Riverside County This is recognized as one of the top priority toxic waste problems in the United States and it will be many years before the combined efforts of the state and federal governments will result in fully correcting this problem

In the meantime it is incumbent upon us to do all we can to protect the currently clean groundwater in the area from exposure to the potential of spreading contaminants in this underground source Therefore, I am reserving and will be requesting the Legislature to appropriate $25,000,000 (approximately $15,000,000 for capital costs from the Special Account for Capital Outlay and $10,000,000 for ongoing

operating costs from the General Fund) for the expansion of the current extraction, treatment and disposal of the contaminated portion of the groundwater, to expand our efforts to minimize the generation of newly contaminated groundwater, and where necessary assist in the provision of alternate sources of drinking water supply to those people dependent upon this groundwater.

Item 4260-001-014—For support of Department of Health Services I reduce this item from $17,180,903 to $16,364,485.

I am reducing this item by $250,000 which was added by the Legislature for the Abandoned Hazardous Waste Site Assessment Program I am further reducing this item by $500,000 added by the Legislature for classroom training of county employees I am also eliminating $66,418 added by the Legislature for non-critical administrative positions identified by the department These actions are consistent with my action on Item 4260-001-001.

Item 4260-001-203—For support of Department of Health Services. I reduce this item from $17,024,195 to $16,964,921.

I am reducing this item by $59,274 to recognize program efficiencies identified by the department This is consistent with my action on Item 4260-001-001.

Item 4260-001-890—For support of Department of Health Services I reduce this item from $86,818,034 to $86,401,147.

I am eliminating the $34,000 added by the Legislature to restore a position in the California Medical Assistance Commission which is partially funded by the Medi-Cal Program through this item. I am reducing this item to correspond to Items 4260-001-001 and 4270-001-001

I am reducing this item by $205,678 to eliminate funding for noncritical administrative positions identified by the department This conforms to my action on Item 4260-001-001.

I am also reducing this item by $12,209 to recognize program efficiencies identified by the department This also conforms to my action on Item 4260-001-001

Finally, I am reducing this item by $165,000 as a technical correction to conform to Item 4260-001-001, Schedule (k).

Item 4260-101-001—For local assistance, Department of Health Services I reduce this item from $2,177,287 000 to $2,160,457,000 by reducing

(a) 50 10—Eligibility (County Administration) from $127,332,000 to $121,532,000,

(b) 50.11—Benefits (Medical Care and Services) from $4,351,565,000 to $4,332,435,000, and

(c) Amount Payable from the Federal Trust Fund (Item 4260-101-890) from −$2,307,166,000 to −$2,299,066,000, deleting Provisions 12, 13 and 22, and revising Provisions 24

I am deleting Provision 12

"12 For the purpose of determining rates paid during 1985–86 to prepaid health plans (PHP), the Department of Health Services shall use the method used in calculating 1984–85 PHP rates Subject to the availability of full federal financial participation, rates for PHPs with Medi-Cal contracts in effect as of June 30, 1985, shall be no lower than the lesser of rates paid during 1984–85 or PHP costs as projected for the 1985–86 rate period (including the costs of administration) as these costs have been customarily calculated by the department

In light of recent information indicating the Prepaid Health Plans may be more costly than the Medi-Cal fee-for-service system, the Speaker of the Assembly, the Chairman of the Senate Rules Committee, and the Governor shall each appoint two members to an advisory group which shall oversee a study to be conducted by the Department of Health Services to determine the relative cost efficiencies of Prepaid Health Plans and the fee-for-service system in delivering Medi-Cal services and the causes of such efficiencies The study shall be completed and submitted to the Legislature by April 1, 1986.

The Department of Health Services shall submit a report to the Legislature by April 1, 1986, comparing services under Medi-Cal in the fee-for-service (FFS) and prepaid health plan (PHP) systems and the way in which the use of services has changed in the past six fiscal years The report shall at least the

following:

(a) Comparisons of various services' utilization rates over time in the two systems controlling for appropriate factors (such as age or sex).

(b) Comparisons of changes in various services' utilization rates over time in the two systems controlling for appropriate factors.

(c) Changes in PHP enrollment and the factors contributing to those changes.

(d) Changes in the conditions being treated under the FFS and PHP systems "

I believe the prepaid health plan rate-setting methodology should be determined annually on an actuarily sound basis. This language guarantees existing prepaid health plans rates for Fiscal Year 1985–86 that are no lower than the rates paid during Fiscal Year 1984–85 or prepaid health plan costs as projected for the 1985–86 rate period By doing so, this language compromises the Administration's rate development process and may result in prepaid health plan rates that exceed 100 percent of Medi-Cal fee-for-service costs If this language were to take affect, it would constitute an appropriation because it would provide prepaid health plans more funds than current law would provide. In addition, guaranteeing prepaid health plan rates eliminates the "at-risk" concept which is a fundamental principle in a capitated health delivery system.

I am eliminating the $5,800,000 legislative augmentation which would allow counties to be retroactively exempt from fiscal sanctions, under certain circumstances, if their denial rate for Medi-Cal applications exceeds the rate established in Chapter 1594, Statutes of 1982 (SB 2012) I recognize the need to update the base year for excess denial rates We will be working with the Legislature to craft a bill which would update the base year to 1983–84 for Medi-Cal applications processed in Fiscal Year 1984–85 forward. This approach will appropriately address this issue by funding excess denials prospectively Also, I am deleting the language relative to the funds appropriated as contained in Provision 13 in this item

"13. Due to Medi-Cal eligibility changes caused by legislative mandate, the Legislature has determined that these eligibility changes have caused a significant increase in the number of nonapproved Medi-Cal applications. The Legislature therefore makes a finding of special circumstances for all counties whose nonapproval ratios have increased beyond the base year level due to these circumstance and, notwithstanding any other provision of law, provides in this item, (a) 50.10-Eligibility (County Administration), $5 8 million for Medi-Cal eligibility determination costs in the 1982–83 fiscal year and the 1983–84 fiscal year which have not been reimbursed to counties because of the base year limitation. In order to obtain these reimbursements, counties shall apply for these funds and the State Department of Health Services shall certify there is sufficient evidence that counties are not including eligibility determination costs for the medically indigent services (MIA) program in their Medi-Cal administrative costs

The Department of Finance shall report to the Chairperson of the Joint Legislative Budget Committee and the chairperson of the fiscal committee of each house, 30 days prior to expenditure of the funds on its finding of the existence of special circumstances and the amount to be withheld from each county. Any funds withheld shall revert to the General Fund The State Department of Health Services shall report to the chairperson of the fiscal committee of each house and to the Chairperson of the Joint Legislative Budget Committee by March 15, 1986, regarding the feasibility of continuing the excess denial rate withhold policy established by Chapter 1594, Statutes of 1982 "

I am eliminating the $2,930,000 legislative augmentation to continue the Medi-Cal maintenance need level of $742 which is $142 higher than the $600 level permitted under federal ruling Chapter 323, Statutes of 1983 (AB 223-Trailer Bill) established a maintenance need for adult couples which is higher than the normal two person maintenance need level Existing law also contains provisions that allow for this higher level if federal financial participation is provided under Title XIX of the Federal Social Security Act. The Federal Department of Health and Human Services has ruled that the maintenance need levels for two adults is not permissible The $2,930,000 legislative augmentation sets an undesirable precedent by requiring the State General

Fund to pay for higher maintenance need levels than those for which the federal government will provide 50 percent funding. This becomes more important as the federal government attempts to limit the growth of health care costs. However, I am instructing the Department of Health Services to work with the Legislature to continue to explore alternatives regarding this issue.

I am also deleting Provision 22 relative to the funds appropriated for this purpose.

"22. Notwithstanding subdivision (a) of Section 14005 12 and Section 11003 of the Welfare and Institutions Code, it is the intent of the Legislature that maintenance need levels for a family of two adults be set at levels prescribed by subdivision (c) of Section 14005.12, even if Federal financial participation is only available for those families at a lower maintenance need level. However, if the U.S. Department of Health and Human Services issues a final ruling that would result in loss of federal financial participation for more than the added cost of a higher maintenance need level for two-adult families, then the maintenance need level for these families shall be set at the maximum allowed under federal law."

I am reducing by $7,500,000 the $10,000,000 legislative augmentation to be used by the California Medical Assistance Commission in negotiating contracts with hospitals serving a disproportionate share of Medi-Cal or other low-income patients. While I recognize that hospitals serving a disproportionate number of low-income patients do not have the same flexibility in recovering costs as do other hospitals, I do not believe in the concept of addressing such deficiencies through an automatic increase in Medi-Cal rates. However, I am leaving $2,500,000 in the budget to ensure that disproportionate provider hospitals are fully compensated for their costs of providing care to Medi-Cal beneficiaries

I am also revising the following language in Provision 24, relative to this augmentation consistent with my action·

"24 In allocating the ~~$10~~ *$2.5* million appropriated in this item and ~~$10~~ *$2.5* million in Item 4260-101-890 for disproportionate providers, the California Medical Assistance Commission shall take into consideration the $15 million augmentation for operating subsidies to the University of California teaching hospitals in Item 6440-001-001 "

I am eliminating the $600,000 legislative augmentation to include all FDA approved nonsteroidal anti-inflamatory drugs in the Medi-Cal Formulary which were approved for inclusion or addition by the Medical Therapeutic and Drug Advisory Committee at their December 7, 1984 meeting. I do not believe there will be any additional costs once these drugs are included in the Medi-Cal Drug Formulary. However, I am retaining the control language added by the Legislature, Provision 20, which requires that the drugs be added within 60 days of the effective date of this bill While I do not believe we should circumvent the current administrative process for adding drugs to the Formulary, I recognize this process is a lengthy one. The excessive time it has taken, and is still projected to take to add these drugs, would prolong the time the beneficial uses of these drugs would be denied to Medi-Cal patients.

I am also directing the Department of Health Services to take the necessary steps, including working with the Legislature, to simplify the statutory process to develop a more expeditious process for adding and deleting drugs to its formulary.

Item 4260-101-890—For local assistance, Department of Health Services I reduce this item from $2,307,166,000 to $2,299,066,000.

I am reducing by $7,500,000 the $10,000,000 legislative augmentation to be used by the California Medical Assistance Commission in negotiating Medi-Cal contracts with hospitals serving a disproportionate number of low income patients. This conforms with my action in Item 4260-101-001

I am eliminating the $600,000 legislative augmentation to include all FDA approved nonsteroidal anti-inflamatory drugs in the Medi-Cal Formulary which were approved for inclusion or addition by the Medical Therapeutic and Drug Advisory Committee at their December 7, 1984 meeting. This conforms with my action in Item 4260-101-001.

Item 4260-106-001—For cost-of-living increases, Department of Health Services. I reduce this item from $80,458,001 to $69,863,001 by reducing:

(b) 50.11—Benefits (Medical care and services) from $159,911,002 to $138,717,002,

and

(c) Amount Payable from Federal Trust Fund from —$81,587,001 to —$70,988,001.

and revising Provision 2.

I am reducing the $800,000 legislative augmentation by $372,000 to provide rate increases for Home Health Agencies under the Medi-Cal Program. The reduced level will permit a 28 percent increase over existing rates and would reflect the median service costs based on audited 1983 cost reports. This is consistent with the recommendations of the Department of Health Services I believe this 28 percent increase will eliminate much of the inequity and allow the Department time to re-evaluate rates for any necessary adjustments.

I am also revising Provision 2 as follows:

"Except as provided in Provision 25 of Item 4260-101-001, ~~$19,411,001~~ *$19,039,001* from the General Fund in this item, together with ~~$19,393,001~~ *$19,019,001* in federal funds appropriated in Item 4260-106-890, is intended for purposes of permitting the restoration of rate decreases effected by Sections 77, 78 and 79 of Chapter 1594, Statutes of 1982, except for those portions restored pursuant to Section 66 of Chapter 268, Statutes of 1984."

I am reducing this item by $10,223,000 to eliminate a 4 percent discretionary cost-of-living adjustment for the following Medi-Cal providers. Physicians, chiropractors, psychologists, podiatrists, hospital outpatient services, clinical laboratories, hearing aid dispensing, surgical clinics, acupuncturists, portable x-rays, outpatient clinics (pathology) and dentists. While these providers received a 10 percent (clinical laboratories 25 percent) reduction pursuant to Chapter 328, Statutes of 1982, rates have been restored to their pre-1982 levels and beyond through increases in 1984–85 and the final 1985–86 budget. The increase remaining in this budget for these providers is $18.6 million I believe the existing rates are adequate in view of the low inflation rate in recent years and the continued availability of all medically necessary services.

Item 4260-106-890—For cost-of-living increases, Department of Health Services I reduce this item from $80,787,001 to $70,988,001.

I am reducing the $800,000 legislative augmentation by $374,000 to provide rate increases for Home Health Agencies under the Medi-Cal Program. This item provides payables to its main Item 4260-106-001 and conforms to my action in that item

I am reducing this item by $10,225,000 to eliminate a 4 percent discretionary cost-of-living adjustment for certain Medi-Cal providers. This action is consistent with action in Item 4260-106-001.

I am adjusting the net reduction in this item by $800,000 to compensate for a technical error in the Budget Act

Item 4260-111-001—For local assistance, Department of Health Services I reduce this item from $1,066,641,334 to $1,051,472,334 by reducing·

(b) 11—Health Protection from $6,827,000 to $5,327,000,

(c) 20—Community Health Services from $109,136,334 to $103,635,334,

(d) 25—County Health Services from $942,473,000 to $934,365,000,

(e) 40—Rural Health Services from $8,205,000 to $8,145,000, and

delete Provisions 3(b) and 7.

I am reducing this item by $60,000 added by the Legislature to require the department to develop a proposal for the Farmworker Health Insurance Program to be considered during the 1986–87 budget process. I proposed $2,052,000 for the Farmworker Health Insurance Program based on a lengthy proposal prepared by the "Center For Strategic Health Planning," and, therefore, I do not believe an appropriation of $60,000 in contract funds to develop another proposal for this program is what is needed.

I am eliminating a legislative augmentation of $1,500,000 which was added for Acquired Immune Deficiency Syndrome (AIDS) for medically indigent adults It is not clear how these funds could be used in the Medically Indigent Program This Spring I included AIDS as a presumptive eligible disease in the Medi-Cal program. As such, once an individual is diagnosed as an AIDS Victim, the costs become Medi-Cal eligible Further, I know of no means to ensure that this augmentation could be used for medically indigent adults with AIDS.

I am also deleting Provision 3(b) to conform to this action.

"3. Program 25-County Health Services·

(a) The reimbursement rate for any procedure or service shall not be increased to exceed the Medicare rate for a comparable procedure or service, nor shall the reimbursement rate for any procedure or service which is currently above the Medicare rate be increased above its current level

~~(b) The $1,5 million for AIDS treatment through county medically indigent services programs shall be distributed to counties on the basis of need through a request for proposals process.~~ "

I am reducing this item by $1,500,000 for AIDS related community support services because providing funds for hospice, home health and attendant care for AIDS patients exclusive of other terminal illnesses is inappropriate If this approach is effective and cost beneficial then it should be considered in all areas. However, the Department of health Services prepared a report to the Legislature in 1980 on the cost effectiveness and need of these services under Medi-Cal The study indicated that there was not conclusive evidence on the effectiveness and efficiency of this type of care to include it as a part of the regular Medi-Cal benefit program.

I am eliminating $1,000 which would be required to perform the study for the Genetically Handicapped Persons Program. If the Legislature wishes to consider changing from the current diagnosis-based program to a generic program based on standards and criteria it should do so in separate legislation rather than the Budget Bill

I am also deleting Provision 7 to conform to this action.

"7 By January 1, 1987, the department shall develop standards and priorities for determining whether a genetically handicapping condition should be eligible for services under the Genetically Handicapped Persons Program pursuant to Sections 341 and 341.5 of the Health and Safety Code The department shall submit a report to the policy committees, the fiscal committees, and the Joint Legislative Budget Committee by February 1, 1987, which (1) contains the proposed standards and priorities; (2) determines whether including Von Hippel-Lindau's Syndrome as a genetically handicapping condition would be consistent with the proposed standards and priorities; and (3) estimates the cost of including Von Hippel-Lindau's Syndrome under the Genetically Handicapped Persons Program."

I am reducing the legislative augmentation of $9,500,000 for family planning by $5,500,000 This will leave an augmentation of $4,000,000 which when combined with the COLA I proposed will give this program a 17 1 percent increase in 1985–86.

I am eliminating a legislative augmentation of $6,608,000 for the "AB 8 Program" which provides support for county hospitals and facilities as well as other local health agencies Changes in funding for this program are made pursuant to a statutory formula based on changes in population and a specified economic index This augmentation would provide a discretionary increase of 1.7 percent in addition to the statutory increase of 3 63 percent. If the Legislature believes that the statutory provisions for changing the funding of this program are inappropriate, then legislation should be introduced to address the Legislature's concerns

Item 4260-492—Reappropriation, Department of Health Services I eliminate this item.

I am eliminating a legislative augmentation of one position which was added to monitor local health capital projects. This work can continue to be accomplished with existing staff We will continue to monitor this program to determine if additional personnel are necessary.

Item 4270-001-001—For support, the California Medical Assistance Commission I reduce this item from $954,000 to $921,000 by reducing:

(a) 100000—Personal Services from $1,248,000 to $1,192,000,

(b) 300000—Operating Expenses and Equipment from $519,000 to $508,000, and

(c) Reimbursements from −$813,000 to −$779,000.

I am eliminating the $33,000 and 1 personnel year added by the Legislature, including $34,000 in additional reimbursements, to continue the 1984–85 negotiator staff level This position is one of 8 that negotiate contracts with hospitals serving

Medi-Cal beneficiaries. Past workload and vacancy experience do not indicate a need for this position. This action reduces a corresponding $34,000 in Item 4260-001-890 and the amount payable from federal funds through Item 4260-001-001.

Item 4270-490—Reappropriation, California Medical Assistance Commission I eliminate this item.

I am eliminating this item, added by the Legislature, which reappropriates the unexpended balance of the appropriation provided by Chapter 328, Statutes of 1982 for the Governor's Office of Special Health Care Negotiations. The Legislature reappropriated this money to the California Medical Assistance Commission Funds would be used for a pilot capitation program providing educational and technical assistance to disproportionate provider physicians. Such a program is not presently a function of the California Medical Assistance Commission and I believe adding this type of activity would detract from the Commission's effectiveness in its primary mission.

Item 4300-101-001—For local assistance, Department of Developmental Services. I reduce this item from $333,132,000 to $317,641,000 by reducing·

(b) Purchase of services from $227,664,000 to $212,173,000, and

(b) (1) Out-of-Home Care from $87,678,000 to $72,187,000.

I am reducing the $18 million legislative augmentation for Residential Care Facility rate increases by $15,491,000. This action maintains a 4 percent discretionary cost-of-living increase of $6 7 million, the passthrough of a 1 6 percent SSI/SSP increase of $2 8 million, and provides a 1.5 percent augmentation of $2.5 million for a 7.1 percent total increase of $12 million. This increase is equal to one-third of the rate adjustment identified in the rate study which the department performs every three years

I am retaining the budget act language adopted by the Legislature which directs the department to implement a pilot study of their Residential Rate Proposal The proposal restructures the existing rate reimbursement system, eliminates duplicate funding, and provides for a more equitable and client-related rate setting mechanism I am deferring approval of the full amount of the rate increase identified in the 1985 study until the required report on the pilot projects is completed The study, which is due April 1, 1986, will provide the programmatic and fiscal data needed to determine the appropriate level of a rate adjustment. The findings will be available for consideration in the 1986 May Revision.

Item 4440-001-001—For support of Department of Mental Health I reduce this item from $19,206,000 to $19,106,000 by reducing.

(c) 35.01—Departmental Administration from $17,584,000 to $17,484,000, and revising Provision 2.

I am reducing this item by $100,000 to reflect the elimination of an augmentation for the development of self-help groups in communities. These are needs which should appropriately be funded within existing $489 million local Mental Health funds which have been augmented by $40 million in the Budget.

I am retaining a $400,000 augmentation to develop a youth suicide prevention program in the Department of Mental Health This goes along with legislation I signed last year to establish a pilot project for development of suicide prevention programs in schools and communities I am revising Provision 2 to conform to this action

"2. Of the amount appropriated in category (c), ~~$500,000~~ *$400,000* shall be expended ~~as follows: $100,000 for contractual services to promote the development of self/help groups and $100,000~~ to support the costs of developing a youth suicide prevention program."

Item 4440-016-001—For support of Department of Mental Health I am deleting Provision 2 of this item.

"2. The department shall spend up to $500,00 to support a pilot project in Los Angeles County designed to evaluate the effectiveness of providing intensive after-care and supervision services to up to 100 state prison mentally disordered parolees. The Departments of Mental Health and Corrections shall develop a research protocol which provides for random selection of the parolees and implements the research projects no later than January 1, 1986"

This conforms to my veto of the pilot project for mentally disordered parolees in

Item 5240-001-001, for support of the Department of Corrections.

Item 4440-101-001—For local assistance, Department of Mental Health. I reduce this item from $494,556,000 to $460,056,000 by reducing

(b) Community Service—Other from $535,783,000 to $501,283,000, and deleting Provisions 11, 13 and 17 and revising Provision 14

I am reducing this item by $34,500,000 to reflect the following actions: Elimination of an augmentation of $5,000,000 that was provided to fund county proposals for alternatives to state hospital usage. I had included this amount in my proposed budget in addition to $5,045,000 in state hospital savings to provide incentive for counties to reduce 400 state hospital beds Because the bed reductions have been restored, the $5 million is no longer required.

Elimination of an augmentation of $500,000 for providing training to county mental health programs in peer counseling for senior citizens. These services should be funded by counties at their option within the $40 million augmentation provided in the budget

Elimination of an augmentation of $1,000,000 that was provided to fund mental health services for victims of Acquired Immune Deficiency Syndrome. If these services are viewed as a priority by county mental health services, they should also be funded by counties at their option within the $40 million augmentation provided in the budget

Reduce by $28,000,000 the $48,000,000 legislative augmentation that was provided to fund mental health needs of homeless, seriously emotionally distrubed children and their families and equity funding needs of counties This augmentation was to implement provisions also included in AB 2541 which is still being considered by the Legislature. I believe this new funding should be included and considered in conjunction with the specific functions of that bill However, the needs of chronically mentally ill homeless adults presents such an immediate problem that I am retaining the $20,000,000 included for that purpose so we can begin assisting these people as soon as possible

I am deleting Provisions 13 and 17.

"13 $1,000,000 of the funds appropriated by this item shall be available for Acquired Immune Deficiency Syndrome (AIDS) mental health services as follows.

(a) The department shall spend $1,000,000 on programs addressing the mental health needs associated with AIDS,

(b) The funds shall be allocated as follows $500,000 to San Francisco County, $335,000 to Los Angeles County, and $165,000 for other counties;

(c) The director is authorized to reallocate funds among counties for treatment associated with AIDS if a county cannot efficiently and effectively spend the funds initially allocated for AIDS treatment.

(e) The director is authorized to allocate the $165,000 for other counties based on his assessment of needs, and

(f) The department shall include language in the request-for-proposal which authorizes grantees to accept donations from those receiving services."

"17. $500,000 of the funds appropriated by this item shall be used by the department to contract with a nonprofit organization with expertise in peer counseling to (1) provide training to county mental health programs on the design and implementation of peer counseling programs, and (2) provide technical assistance to counties as they implement peer counseling programs. The purpose of the training is to train county staff to train senior volunteer counselors who would then counsel senior citizens with mental health problems."

I am deleting Provision 11 of this item which puts greater restrictions on Los Angeles County, relative to the distribution of new Local Mental Health funds, than are required of any other county I do not believe that one county should be treated differently than all others

"11 That portion of the $40,000,000 in new funds appropriated by this item for mental health programs in counties with a population of 3 million or above shall be allocated to these counties only in accordance with all of the following provisions.

(a) The Departments of Mental Health and Finance shall determine that these funds shall be utilized in accordance with the index of relative need formulas in use in the county during the previous program year before county plans are approved.

(b) The funds shall be utilized to develop, insofar as possible, a balanced service system in each portion of the county or in each mental health region of that county if it is so divided

(c) The determination of regional equity and balance shall be made on the basis of fullyear costs for each program funded by the funds in the county plan.

(d) The Department of Mental Health shall report to the Legislature by March 1, 1986, as to the actual use of these funds in affected counties and as to revisions in the base budgets of these counties."

I am making the following revisions to Provision 14 in order to conform with my actions on this item:

"14. ~~$18,000,000~~ *$20,000,000* of the funds appropriated by this item shall be identified as a Targeted Supplemental Fund directed towards rebuilding the state's commitment to provide specific funding for mental health treatment and support services in the following manner

(a) $20,000,000 for chronically mentally disabled adults who are homeless or at risk of becoming homeless These services shall include basic living support services as well as alternatives to inappropriate placement in the criminal justice system

~~(b) $18,000,000 for seriously emotionally disturbed children and their families. These services should include treatment for juvenile sex offenders and juvenile victims of sex offenses. The development of locally coordinated systems among the public agencies servicing seriously emotionally distrubed children and their families shall be encouraged whenever possible~~

~~(c) $10,000,000 for increasing the state's Short/Doyle allocations to those counties based on the "poverty/population model" currently used by the department to determine equity allocations~~ "

Item 5100-001-185—For support of Employment Development Department. I reduce this item from $21,657,785 to $15,747,000

I am reducing this item by $114,091 to eliminate a legislative augmentation that would have added 4.2 positions for workload on the Occupational Employment Statistics survey.

I am also reducing this item by $2,023,028 to eliminate a legislative augmentation that would have added 67 4 positions for employment services workload.

I am also reducing this item by $3,773,666 to eliminate a legislative augmentation that would have added 93 1 positions in the job services program

In total, I am reducing this item by $5,910,785 payable from this fund to Item 5100-001-870

Item 5100-001-870—For support of Employment Development Department I reduce this item from $295,594,213 to $292,634,610 by reducing

(a) 10—Employment and Employment Related Services from $166,708,201 to $152,332,813,

(c) 30 01—General Administration from $32,468,000 to $31,468,000,

(f) Reimbursements from −$42,578,341 to −$36,073,341, and

(i) Amount payable from the Employment Development Contingent Fund from −$21,657,785 to −$15,747,000.

I am reducing this item by $114,091 to eliminate a legislative augmentation that would have added 4 2 personnel years for workload on the Occupational Employment Statistics Survey. The remaining 6 personnel years will be adequate to maintain the usefulness of the survey This action reduces the amount payable to this item from Item 5100-001-185

I am also reducing this item by $6,505,000 in reimbursements to eliminate a legislative augmentation that would have added 52 personnel years for the provision of contractual services to local service delivery areas (SDA's) These services are now

performed by the SDA's, by community-based operators or by local educational agencies It is consistent with the philosophy of the Job Training Partnership Act that these services be provided at the local level.

I am also reducing this item by $2,023,028 to eliminate a legislative augmentation that would have added 67.4 personnel years for employment services workload. This 1.3 percent augmentation to a $151 million, 2,860 personnel year activity is not necessary as the same level of services will be provided due to efficiencies achieved from the automation of the Job Service Order Sharing System. $10.9 million is being invested to accomplish this automation. This action reduces the amount payable to this item from Item 5100-001-185.

I am also reducing this item by $3,773,666 to eliminate a legislative augmentation that would have added 93.1 personnel years to the Wagner-Peyser Job Services Program (budget of 1,440 personnel years and $66 million) in such areas as Olympics-Related Employment and the High School Senior Model Program. The Olympics program has terminated and the High School program is incorporated within the new Model Employment Programs for Youth. This augmentation is not necessary as the appropriate level of services will be provided by community-based operators, service delivery areas or community-based organizations. It is consistent with federal and state policy that services be provided at the local level. This action reduces the amount payable to this item from Item 5100-001-185.

I am also reducing this item by $1,959,603 to eliminate a legislative augmentation that would have added 59 1 personnel years for workload that no longer exists. Automation of various functions of the Unemployment Insurance Program has resulted in efficiencies which reduced the number of personnel years required to operate this $1 9 billion program from 4,357 to 4,298.

Finally, I am reducing this item by $1,000,000 to eliminate a legislative augmentation that would have added 35 administrative personnel years related to other legislative staff augmentations. The budgeted level of 722 administrative personnel years is sufficient to address projected workload There is no basis for approving 35 additional personnel years.

Item 5100-011-870—For support of Employment Development Department. I eliminate this item.

I am deleting this $865,000 item, and the related language, for a pilot project of five-day workshops in the WIN-Demo program. I believe that the original purposes for which I recommended these funds be spent (an In-Home Care Provider project, an Older Workers project, a Veterans Employment program, and the Job Track program for unemployed youth) will return greater benefits than the pilot project Five-day workshops have been implemented and evaluated and there is no evidence that their higher costs result in a significantly higher job placement rate than the current three-day workshops.

Item 5100-011-890—For support of Employment Development Department, for transfer to the Unemployment Administration Fund. I reduce this item from $296,459,213 to $292,634,610.

I am reducing this item by $3,824,603 to reflect the reduced transfer need because of veto reductions to Item 5100-001-870 (−$2,959,603) and Item 5100-011-870 (−$865,000) This is conforming action.

Item 5160-001-001—For support of Department of Rehabilitation I am deleting Provision 3

I am deleting Provision 3, which directs the department to provide the Independent Living Skills Center a 10 percent inflationary adjustment. This language circumvents the department's competitive bidding process for contracts, and inequitably provides one contractor an inflationary adjustment

"3 At least $23,300 of the funds appropriated in this item shall be awarded to the Living Skills Center for the Visually Handicapped in San Pablo, California in order to provide a 10 percent inflation adjustment to the center's 1984–85 contracted reimbursement rate with the Department of Rehabilitation."

I am also reducing the legislative augmentation of 79.2 positions by 42.2 administrative and support staff. This action retains 37 counselor positions to provide direct counseling services to rehabilitation clients I am not eliminating the funding

however for the 42.2 positions. Consistent with the Budget I proposed, I am directing the department to redirect the $1,059,000 related to the position reductions to their miscellaneous client services category to meet direct client service needs such as transportation, work clothing and tools, and specialized training needs.

Item 5160-101-001—For local assistance, Department of Rehabilitation. I reduce this item from $59,116,000 to $57,566,000 by reducing:

(b) 20—Habilitation Services from $50,874,000 to $50,274,000,

(c) 30—Support of Community Facilities from $5,483,000 to $4,533,000, and

deleting Provisions 1 and 4.

I am eliminating the $950,000 legislative augmentation for new Independent Living Centers (ILC). The department has a study underway to review the existing ILC encatchment areas and service needs and will propose changes such as service expansion, center consolidations, or the establishment of satellite centers. The study will be completed by December 1, 1985. It is premature to fund new centers before the department completes this study. I am deleting Provision 4 to conform with this action:

"4. Of the amount appropriated in category (c), $950,000 shall be used to establish new Independent Living Centers (ILC) in order to serve part of the 30 percent of the state's unserved disabled population. Each new center shall receive a $90,000 base allocation plus an additional amount based on the proportion of disabled population served The department shall accept requests for proposals and distribute the funds by October 15, 1985.

Organizations for independent living in the following areas shall be given priority for the funding: Santa Cruz, Nevada, Contra Costa, Stanislaus, San Luis Obispo, and Yolo Counties, and Pasadena/Altadena and Claremont. To the extent possible, new ILC's shall be established in accordance with the preliminary findings of the statewide plan to deliver independent living services

The $950,000 shall be used to support the development of ILC's by making grants to organizations which:

(a) Are incorporated as nonprofit public-benefit corporations prior to June 30, 1985;

(b) Require at least 51 percent of the members of the board of directors to be persons with disabilities, and

(c) Will serve persons with disabilities (regardless of the nature of disability) who,

(1) Reside outside the defined catchment areas of ILC's funded during 1984–85, or

(2) Reside in areas which are not effectively served by an existing center

Any organization satisfying the above criteria shall be eligible to apply for these funds despite failure to meet any other requirements set forth in Sections 19800 et seq. of the Welfare and Institutions Code, provided, however, that all organizations must, by June 30, 1986, meet all statutory and regulatory requirements to qualify for continuation funding in the 1986–87 fiscal year "

I am eliminating the $600,000 legislative augmentation for Supported Employment Projects The same program and the necessary funding is being proposed in AB 1667 I believe that this augmentation should continue to be considered in the legislation I am also deleting Provision 1 to conform with this section.

"1 Of the amount appropriated within schedule (b), $600,000 shall be used to fund up to 20 Habilitation Supported Employment Projects which lead to employment of persons with developmental disabilities, with ongoing support as needed in order for those persons to maintain employment The department shall report to the Legislature by April 1, 1986, on the progress and cost of these projects. If federal funding is received for this purpose, it shall be used in place of the General Fund dollars provided."

Item 5180-101-001—For local assistance, Department of Social Services. I reduce this item from $1,653,560,000 to $1,640,454,000 by reducing:

(a) 10.04 005—Aid to Families with Dependent Children from $3,366,982,000 to $3,350,663,000,

(e) Amount payable from the Federal Trust Fund (Item 5180-101-890) from −$1,759,873,000 to −$1,756,660,000,

and deleting Provisions 6 and 7.

I am reducing this item by $13,106,000 The DSS has developed a rate control system for Group Home Providers which will be effective July 1, 1985. This system is intended to bring rates for similar homes into a comparable rate group. Given the fact that group homes received an average rate increase of 8 percent in 1984–85 ($13.1 million) and the disparity that exists between comparable group homes, I believe it is premature to provide an additional augmentation until the mandated rate control system has been implemented and some comparability is established. However, I am retaining sufficient funds in this item to provide a 4 percent cost-of-living increase ($6.2 million) for Foster Care Group Home Providers to be allocated according to current law. I am also deleting Provision 6 because it would preclude the DSS from implementing the rate control system effective July 1, 1985, and requires the development of a prospective rate system before the current rate control system can be evaluated.

"6. If the amount appropriated by the Budget Act is less than the amount necessary to reimburse group homes for their actual allowable costs, all group homes shall receive a cost-of-living adjustment (COLA) that is equal to the percentage appropriated by the Budget Act. The department shall not adopt or promulgate regulations that in any way preclude a home from receiving the full COLA. If the amount appropriated by the Budget Act is sufficient to reimburse group homes for their actual allowable costs, the rates paid for foster children placed in group homes shall be the 1985–86 cost rate, defined as proposed by the department in Section 11.400 1(c) of the Administrative Standards for Public Social Services, AFDC-Foster Care Rates. Only if all group homes are reimbursed for their actual allowable costs can the department establish rates in 1985–86 as proposed in regulations submitted to the Office of Administrative Law.

It is the intent of the Legislature that, effective July 1, 1987, rates paid for foster children placed in group homes shall be made on a prospective basis. The department, with the cooperation of the counties and agencies which provide care for foster children in group homes, shall develop a prospective payment system in adequate time that it may be implemented by July 1, 1987."

In addition, I am deleting Provision 7 which requires that all Foster Care Family Home Providers be provided a full cost-of-living increase because it represents a substantive change in law. Welfare and Institutions Code Section 11461(c)(2) specifically requires the DSS to limit the cost-of-living increase to one-half that provided to any county whose foster family home rates exceeds the standard rate Furthermore, elimination of this language will continue the process of reducing the rate gap that exists in this program because some counties' rates are currently above the statewide standard rate.

"7 The Legislature finds and declares that all counties now meet or exceed the foster family rate schedule established pursuant to Section 11461 of the Welfare and Institutions Code. For the 1985–86 fiscal year, notwithstanding Section 11461 of the Welfare and Institutions Code, it is the intent of the Legislature that foster families in each county receive the full COLA provided in this budget Whatever rate adjustment is necessary to accomplish the above, and which is not provided in the COLA section of this budget, shall be provided in this item."

Item 5180-101-890—For local assistance, Department of Social Services I reduce this item from $1,759,873,000 to $1,756,660,000.

I am reducing this item by $3,213,000 to correspond with action taken in Item 5180-101-001 which will allow the mandated rate control system for Foster Care Group Homes Providers to be implemented and established prior to considering additional augmentations In addition, sufficient funds are retained in this item to provide a 4 percent cost-of-living increase for Foster Care Group Homes Providers

Item 5180-151-001—For local assistance, Department of Social Services I reduce this item from $285,180,000 to $274,812,000 by reducing:

(a) 20 30—Other County Social Services from $225,603,000 to $223,603,000,

(a) (2) 20.30.030—County Services Block Grant from $58,896,000 to $56,896,000,
(b) 20.35—Specialized Adult Services from $369,780,000 to $369,730,000,
(b) (1) 20.35.220—In Home Supportive Services from $364,303,000 to $364,253,000,
(d) 20.42—Adoptions from $24,378,000 to $20,319,000,
(f) 20.47—Child Abuse Prevention from $14,859,000 to $10,359,000,
(g) Amount Payable from the Federal Trust Fund (Item 5180-151-890) from −$431,577,000 to −$431,336,000, and
deleting Provisions 9, 10 and 11.

I am reducing this item by $2,000,000 for adult protective services in the Other County Social Services (OCSS) program. Currently, there are several bills that propose major reforms in the adult protective services area and there is insufficient data on which to base an augmentation to the counties at this time. I am also deleting Provision 11 to conform to this action.

"11 Of the funds appropriated in category (a) (2), the County Services Block Grant (CSBG), $2,000,000 shall be an augmentation for adult protective services It is the intent of the Legislature, in providing this augmentation, to address the underfunding of adult protective services and the losses in purchasing power in the Adult Protective Services Program since the 1981–82 fiscal year. No county shall expend less of its CSBG for adult protective services in the 1985–86 fiscal year, including county matching funds required under the provisions of Chapter 978 of the Statutes of 1982, than it did in the 1984–85 fiscal year This augmentation represents half-year funding to be allocated beginning January 1, 1986, and shall supplement, not supplant, those CSBG funds, including mandatory county matching funds, expended in the 1984–85 fiscal year.

Augmentation funds shall be utilized to develop and maintain a basic system in each county to ensure that reports of elder and dependent adult abuse can be reported to the county on a 24-hour basis and that the county shall arrange for services in situations of extreme emergency, which may include, but are not limited to, any of the following. law enforcement intervention, paramedic services, and emergency shelter services. In those adult protective service situations which are not of extreme emergency, the county may refer the reports taken after normal business hours to the appropriate services unit for action the following day.

In consultation with representatives of county government, the Department of Social Services shall determine those funds necessary from this augmentation for the development and maintenance of the 24-hour access capability in each county. These funds in excess of that amount shall be used to fund additional adult protective services in each county. Prior to the receipt of any adult protective services augmentation funds, each county shall prepare a plan for approval by the Department of Social Services which outlines how the county shall comply with the 24-hour access requirement and the services the county shall make available with the augmentation funds. In consultation with representatives of county government, the department shall: (1) by August 31, 1985, develop minimum guidelines for counties to follow when developing their county plans; (2) by December 31, 1985, develop an allocation formula for the augmentation funds, and, (3) no later than January 1, 1986, allocate these augmentation funds.

Each county shall utilize available adult protective services resources in the county prior to developing new county-operated resources when the private adult protective service resources are of at least equal quality and lesser, or equal, cost as compared with county-operated resources.

The Department of Social Services shall provide a status report to the Joint Legislative Budget Committee by March 1, 1986, on the implementation of these requirements "

I am also reducing this item by $50,000 for an In-Home Supportive Services pilot project proposing to train workers on providing services to recipients with severe disabilities who have major behavioral problems. This pilot would be administratively infeasible to implement because of the subjectivity in defining an agressive or belligerent recipient I am also deleting Provision 9 to conform with this action.

"9. Funds shall be appropriated from this item for an In-Home Supportive Services Pilot Project, as follows:

(a) The Legislature finds and declares that due to severe physical or mental disabilities, some recipients of In-Home Supportive Services are incapable of adequately supervising services providers, and others cause extreme difficulties in a service provider's efforts to interact with the client due to the client's aggressiveness or belligerence.

(b) Of the funds appropriated by this item, $50,000 is for an In-Home Supportive Services Pilot Project (Pilot Project) in Sacramento County for the training of service providers, and for mediating disputes with, not to exceed 50 clients whose severe physical or mental disabilities present problems either to the provider or the client, as described in subdivision (a). The pilot project provided for under this section shall be operated for a period of one year.

(c) Under the pilot project established pursuant to subdivision (b), the county shall choose up to 50 clients whose severe physical or mental impairment create difficulties in supervising service providers, or difficulties in interaction with a service provider. The county shall provide training to service providers who shall be providing services to these clients. The training shall be designed to address the problems which these client's disabilities create. The county shall also handle mediation of disputes arising between clients selected for this pilot project and their service providers.

(d) As an incentive for providing services to clients selected for this pilot project, service providers shall be provided with an incentive wage increase of $0.45 cents per hour in addition to the existing wage which would be paid to the provider, with the incentive payment limited to 260 hours for each client per month.

(e) The Department of Social Services shall submit a report to the chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committee of each house by March 1, 1986, describing the project and evaluating the effectiveness of training and incentive pay in reducing IHSS provider turnover as follows:

(1) The impact of training on the level of care for clients.

(2) The reduction in the provider turnover rate and in administrative costs for mediating client problems and securing frequent provider replacement

(3) The criteria to be developed for the selection of the clients and providers for training to ensure the appropriate use of project funds.

(4) The most cost-effective way to provide training to individual providers."

I am further reducing this item by $3,818,000 which I included in the budget to fully fund the Adoptions Program transfer to the counties The additional funding was provided to ensure that counties would have sufficient funds to increase the number of county adoptions workers Since the Legislature did not accept my proposed transfer, these funds are no longer needed. However, sufficient funds are retained in this item to provide a 4 percent cost-of-living adjustment for the adoption program. In addition, I am reducing this item by $4,500,000 in the Child Abuse Prevention Program because of insufficient data on current service needs Recent legislation, Chapter 1638, Statutes of 1984 (AB 2443) which appropriated $11 25 million for primary prevention program in schools and two training centers, and Chapter 1618, Statutes of 1984 (AB 1562) which appropriates $1 5 million each year for 3 years for in-home therapy services and self-care training, increased this program by more the 100 percent above the funding level of $10,000,000 established by Chapter 1398, Statutes of 1982 (AB 1733).

I am also deleting Provision 10 to conform with this action

"10 Of the funds appropriated in category (f), Child Abuse Prevention, expansion funds shall be apportioned to counties in a manner proportionate to their 19854-85 entitlements Expansion funds shall be used for direct services

provided by public or private nonprofit agencies from January 1, 1986, through June 30, 1986. In distributing the expansion funds, counties shall give priority to programs that address unmet needs for services to children at risk of abuse and for their families, including, but not limited to, children under the age of five, victims of sexual abuse or children at risk of sexual abuse, and teenage parents. In provision of services, emphasis shall be placed on development of mechanisms to respond to children who, in the estimation of social workers, are at risk of abuse, but who are unable to testify in court, or for other reasons are excluded from the SB 14 system. Programs which are no longer continued as a result of the rebidding process may submit claims to the Department of Social Services for ending activities such as reasonable final services to clients, evaluation, and payment of staff benefits. Claims may not exceed the programs' unused 1984–85 funds. Counties shall make an effort to coordinate funds available from SB 14, AB 1733, and the Children's Trust Fund, Child Abuse Prevention Training in the Schools, and the Victims Restitution Program.

The Department of Social Services shall report back to the Legislature as follows:

(a) An evaluation of currently funded programs by December 30, 1985.

(b) The status of new funding on a county-by-county basis by December 30, 1985.

(c) All activities mandated by AB 1733 and subsequent budget language by March 30, 1986."

Item 5180-151-890—For local assistance, Department of Social Services. I reduce this item from $431,577,000 to $431,336,000

I am reducing this item by $241,000 to correspond with action taken in Item 5180-151-001 as a result of the Adoption Program not being transferred to the counties

Item 5180-161-001—For local assistance, Department of Social Services. I reduce this item from $9,901,000 to $8,033,000 by reducing:

(a) 30—Community Care Licensing from $12,636,000 to $10,768,000.

I am reducing $568,000 for Family Day Care licensing caseload growth pending the completion of a workload standard study which will be used as the basis for funding caseload growth in both the local and state portions of the Community Care Licensing Program beyond the current level of $32 2 million

In addition, I am reducing $1,300,000 of the $2,300,000 proposed in this item for family home recruitment. I believe the remaining $1 million for family home recruitment, in conjunction with the $1 million provided for training of foster parents in Chapter 1597, Statutes of 1984 (SB 2003), will provide sufficient resources for counties to increase the number of available family homes by 20 percent. This increase should address any current shortages of family homes for infants and children with special needs

Item 5180-181-001—For local assistance, Department of Social Services I reduce this item from $260,226,000 to $227,379,000 by reducing:

(b) 20—Social Services from $53,413,000 to $22,599,000,

(d) 10.04.005—Aid to Families with Dependent Children from $199,549,000 to $196,577,000,

(g) Amount payable from the Federal Trust Fund (Item 5180-181-890) from −$124,426,000 to −$123,487,000, and

deleting Provision 3.

I am reducing this item by $20,300,000 for the Child Welfare Services Program prior year cost-of-living increases. Currently, the Budget Bill reflects a $25,600,000 increase for this issue rather than the correct amount ($20,300,000) adopted by the Legislature Therefore, I am also reducing this item by $5,300,000 to correct this technical error Since 1982–83, when Chapter 978, Statutes of 1982 (SB 14) was fully implemented, the Child Welfare Services Program has increased by approximately $76.7 million ($135 7 million to $212.4 million, which includes a proposed 1985–86 4.0 percent COLA). This amounts to a 57 percent increase The Department of Social Services has informed me that because of the relative newness of SB 14 they do not have sufficient historical statistical data for reliable program trend analysis The department's May Subvention Estimate indicated a 17 percent decrease in caseload in the Emergency Response

Program and a 3 percent decrease in caseload in the Family Maintenance Program which may indicate program stabilization. Therefore, it would be premature to augment this program in light of the limited data to analyze program trends and recent caseload changes.

I am also deleting Provision 3 of this item which reserves $200,000 to supplement Child Welfare Services to Indian Children Indian children are already under the protection and services of federal and state child welfare laws and the supplemental protections of the federal government Indian Child Welfare Act.

"3. Of the $20,300,000 dollars within Item 5180-181-001(b), for Child Welfare Services, $200,000 shall be reserved for eleven Indian Services Centers to provide Child Welfare Services to Indian children "

I am also reducing this item by $5,214,000 for the In-Home Supportive Services Program service providers for the increased cost-of-living adjustment (COLA) from 4.0 percent to 5.7 percent. This reduction maintains the 4.0 percent discretionary cost-of-living increase I proposed for this program ($12,266,000) and is more in line with the rate of inflation and the cost-of-living increase provided for most other discretionary programs Currently there is no data to suggest there is a lack of IHSS service providers in the employment market that would justify special treatment for IHSS service providers over other similar service providers.

Finally, I am reducing the COLA for foster care family home providers by $2,033,000 This reduction eliminates the difference between the discretionary COLA of 4 percent and the 5 7 percent ($1,435,000) It also recognizes the overstatement of COLA ($598,000) in the budget for foster care family home providers that exceed the standard rate However, it maintains the discretionary COLA of 4 percent for foster care family home providers.

Item 5180-181-890—For local assistance, Department of Social Services I reduce this item from $124,426,000 to $123,487,000

I am also reducing the foster care family home provider COLA in this item by $939,000 to conform to my action in Item 5180-181-001

Item 5240-001-001—For support of Department of Corrections I reduce this item from $827,568,000 to $827,068,000 by reducing

(b) 31—Community Correctional Program from $83,781,000 to $83,281,000, and deleting Provision 8.

I am reducing this item by $500,000 to eliminate the legislative augmentation for a pilot psychiatric treatment project. The 1985–86 budget for the Department of Corrections already includes a partial year funding increase of over $900,000, or about $3,600,000 annualized to fund an enhanced level of institutional-based psychiatric services. The department's budget also includes $4,000,000 to fund out-patient treatment services for parolees In addition, this Administration is sponsoring legislation which would carefully control the release of and provide expanded supervision and treatment for the state's parolees who suffer from psychiatric conditions Until the combined benefits of these treatment services have been properly evaluated, a further augmentation is premature

I am also deleting Provision 8 to conform with this action

"8. Of the amount appropriated in Schedule (b) $500,000 shall reimburse Item 4440-001-001 to support a pilot project in Los Angeles County designed to serve up to 100 state prison parolees in Department of Mental Health intensive aftercare and supervision services such as currently are provided to offenders returning to the community from state hospitals The project shall begin no later than January 1, 1986 The Departments of Corrections and Mental Health shall jointly conduct a study of the effectiveness of the project and report the findings to the Joint Legislative Budget Committee and legislative fiscal committees by December 1, 1986 "

Item 6100-001-001—For support of Department of Education I reduce this item from $32,463,000 to $31,920,000 by reducing:

(b) 20—Instructional Support from $25,002,000 to $24,602,000,

(c) 30—Special Programs from $16,042,000 to $15,997,000,

(d) 41—Executive Management and Special Services from $8,240,000 to $8,142,000, and revising Provision 8

I am reducing the $800,000 augmentation for the Golden State Examination Program to $400,000 to provide for the development of four subject area examinations These funds, in addition to the appropriation made by SB 813, will allow for the completion of six subject area examinations in the Golden State Examination Program during the 1985–86 fiscal year

I am eliminating the $45,000 which the Legislature added to further fund the administrative activities related to the implementation of Chapter 1603, Statutes of 1984, and Chapter 1604, Statutes of 1984. My budget includes the continuation of 1.5 positions and appropriate operating expenses to carry out the tasks associated with the enactment of this legislation. I do not believe that the operating expense augmentation is necessary for these tasks

I am reducing the $148,000 augmentation for the Teacher Recruitment Initiative by $98,000. The California Commission on the Teaching Profession is currently doing a study of the teaching profession that includes the element of recruitment The $50,000 remaining in this item for the Teacher Recruitment Initiative will allow initial steps to be taken towards a recruitment effort while waiting for completion of the California Commission on the Teaching Profession study before fully implementing a recruitment effort. Even with this reduction, the Department of Education's budget for Executive Management and Special Services will be $3,058,000 greater than its current year level.

Consistent with this action, I am reducing the $148,000 amount specified in Provision 8 by $98,000. This Provision also prescribes the means of expending funds for the Teacher Recruitment Initiative.

"8. Of the funds appropriated in schedule (d) of this item, ~~$148,000~~ *$50,000* shall be for the purpose of conducting a teacher recruitment campaign. The campaign shall be conducted by a contractor selected through a competitive bidding process, with at least two bids required for the awarding of the contract No elected public official shall appear in, or be the subject of, advertisements used in conducting this campaign "

Item 6100-011-001—For support of Department of Education, California State Library. I reduce this item from $9,437,000 to $8,659,000 by reducing

(a) 50—Library Services from $10,945,000 to $10,167,000

I am eliminating the $244,000 General Fund augmentation for support of additional microfilming activities at the Library I believe that the $321,000 remaining in this budget for microfilming services is sufficient to support the microfilming of the seriously endangered newspapers in accordance with the legislative priorities expressed in Provision 1 of this item.

I am eliminating the $534,000 added for automation of the Library card catalogs. I believe providing funds for these purposes is premature until such time as system tests and feasibility study reports are completed and reviewed.

Item 6100-025-001—For support of Federation of California Minority Radio Stations. I eliminate this item.

I am eliminating this item of $150,000 for support of six minority radio stations. In the 1984–85 fiscal year, I approved an augmentation of $125,000 for one-time assistance to enable the minority radio stations to pursue more permanent sources of funding for on-going operations. I do not believe the general taxpayer should be responsible for funding these kinds of programs on an ongoing basis

Item 6100-101-001—For local assistance, Department of Education I reduce this item from $6,725,098,000 to $6,701,735,000 by reducing

(a) 10 10.001.001—School apportionments, for district revenue limits from $6,475,028,000 to $6,463,559,000,

(b) 10.10 001.002—School apportionments, for necessary small schools from $15,541,000 to $15,491,000,

(c) 10.10 001.003—School apportionments, for small school district transportation aid from $19,403,000 to $19,126,000, and

(f) 10.10.011—School apportionments, for summer school programs from $60,996,000 to $60,972,000,

and by eliminating.

(i) For transfer to schedule (dd) of Item 9680-101-001, for funding STRS unused sick

leave credits $11,543,000.

I am also deleting Provisions 8 and 21.

I am reducing this item by $23,363,000 to eliminate $277,000 for increased funding for small school district transportation aid, $11,543,000 for funding an increase in base revenue limits, and $11,543,000 for the funding of State Teachers' Retirement System unused sick leave credits.

I am eliminating the increase for small district transportation because I believe that the cost-of-living increase budgeted for small school district transportation aid is sufficient to provide aid to small districts with substantial transportation costs and that the apportionments to districts should continue to be allocated on a funds available basis. Even with this reduction an additional $765,000 for this purpose will be available in 1985–86 through the cost-of-living adjustment applied to these allocations

I am eliminating the $11,543,000 legislative augmentation to increase districts' 1985–86 base entitlements. The amount remaining in this item after my reduction fully funds the base entitlements established by the 1984 Budget Act. Together with the statutory cost-of-living adjustment provided in Item 6100-226-001, the amount remaining in this item will fully fund 1985–86 district revenue limits.

I am eliminating $11,543,000 for transfer to the Local Mandate item, Item 9680-101-001, because I believe that it will imply that the costs of service credit awarded STRS retirants for unused sick leave pursuant to Chapter 89, Statutes of 1974, are reimbursable State mandated costs However, I recognize the need to permanently resolve the issue of support for STRS sick leave service credit. Therefore, I am retaining Provision 13 in Item 9680-101-001 which states the Legislature's intent to permanently resolve this issue through separate legislation. In addition, I am setting aside $18,000,000 to be used, if necessary, to fund the first year cost of the legislation.

To conform to this action, I am also deleting Provision 21 which provides for direct payment to the State Teachers' Retirement System for the purpose of funding the cost of increased service credit retirement benefits.

"21 The funds appropriated in schedule (i) of this item are for direct payment to the State Teachers' Retirement System for the purpose of funding the cost of increased service credit retirement benefits in lieu of the amount required pursuant to Section 22720 of the Education Code On July 1, 1985, the Controller shall transfer the amount appropriated in Schedule (i) of this item to Schedule (dd) of Item 9680-101-001 of this act "

I am deleting Provision 8, which would require the State to fund one-half of the cost of salary increases for San Francisco Unified School District for the 1980–81 and 1981–82 fiscal years. I am deleting this provision because it would result in a $1 8 million deficiency in this item and because providing such special treatment to San Francisco Unified is unfair to other districts. The situation that exists in San Francisco that prompted this language is one created by the local governance structure. A solution to the school district's problem should be negotiated at the local level

"8. In addition to other apportionsments, the Superintendent of Public Instruction shall also allocate to districts one-half of salary increases granted to classified employees of a school district in the fiscal years 1980–81 through 1981–82, inclusive, by the board of supervisors of a city and county "

Item 6100-102-001—For local assistance, Department of Education I reduce this item from $193,897,000 to $191,744,500.

I am reducing the ROC/P base amount by $2,152,500 to reflect a technical adjustment. When the Governor's Budget was prepared, it included funding to reflect the 1984–85 ROC/P deficiency which was estimated to be $5.6 million Because the average daily attendance reported by ROC/Ps was less than anticipated, the current estimate of the 1984–85 deficiency is $3.5 million.

Item 6100-106-001—For local assistance, Department of Education I reduce this item from $81,341,000 to $81,041,000.

I am eliminating the $300,000 legislative augmentation to increase county offices' 1985–86 base entitlements. The amount remaining in this item after my reduction fully funds the base entitlements established by the 1984 Budget Act Together with the statutory cost-of-living adjustment provided in Item 6100-226-001, the amount remaining in this item will fully fund 1985–86 county office revenue limits

Item 6100-121-001—For local assistance, Department of Education.

I am deleting Provision 3. This Provision would prohibit the adoption of changes in administrative regulations pertaining to the classification of bilingual students pending the outcome of the sunset review of the bilingual education programs.

"3. Pending the outcome of the sunset review of bilingual education programs pursuant to Section 62006 of the Education Code, there shall be no change in administrative regulations pursuant to Section 52164.6 of the Education Code as it was in effect on May 1, 1985."

Section 231 of Chapter 498, Statutes of 1983, requires the State Board of Education and the Superintendent of Public Instruction to review and make recommendations regarding the regulations governing the reclassification of limited English speaking pupils. The State Board of Education has adopted amendments to these regulations in accordance with its vested powers, and it is my belief that these amendments should be allowed to take affect in accordance with current statutes

Item 6100-161-001—For local assistance, Department of Education. I reduce this item from $780,198,000 to $778,698,000.

I am eliminating the $1,500,000 legislative augmentation to increase 1985–86 base entitlements for special education. The amount remaining in this item, after my reduction, fully funds the base entitlements established by the 1984 Budget Act. Together with the statutory cost-of-living adjustment provided in Item 6100-226-001, the amount remaining in this item will fully fund 1985–86 special education entitlements

Despite this reduction, the Budget Act contains more than $1.2 billion in state and federal funds for the special education program Within this total is $32.5 million of new state funding for program expansion, including $10 million for growth in the regular program; $5 million for expansion of the infant program, $3.5 million for incentives for the longer day and year for county offices; $3.5 million for vocational education for handicapped individuals, $5 5 million for increased numbers of instructional aides for severely handicapped pupils; and $5 million for the purchase of specialized equipment for pupils with low incidence disabilities These expansions and improvements of the special education program represent the first year of my three-year plan for improving the quality of special education programs in California.

Item 6100-183-178—For local assistance, Drug Abuse Prevention I eliminate this item

I am eliminating the $300,000 augmentation, and the related language, to establish pilot drug prevention projects. While I believe these programs are necessary, drug prevention programs are already provided for all K–12 pupils as required by current law. Additionally, during 1985–86, the budget provides $500,000 for School-Community Primary Prevention programs designed to prevent drug and alcohol abuse In addition, there is over $235 million in categorical K–12 education program funds, and over $10 billion in general apportionments that may be used by school districts for drug abuse prevention programs

I encourage schools and the community to develop drug abuse prevention programs utilizing existing resources available for such purposes

Item 6100-193-001—For local assistance, Regional Science Resource Centers. I eliminate this item

I am deleting the $225,000 augmentation for Regional Science Resource Centers, established by Chapter 1651, Statutes of 1984, to increase science education and training opportunities for K–12 students and teachers

I support the concept of such training The 1985–86 Budget provides over $10 billion in general purpose revenues, $71.6 million for staff development and teacher training and over $235 million for categorical programs that may be used for science education and teacher training in K–12 schools I would, therefore, encourage school districts to review the training techniques being used in such centers and to provide for the emulation of these techniques in science classrooms throughout our schools

Item 6100-201-001—For local assistance, Department of Education I reduce this item from $46,872,000 to $33,872,000 and revising Provision 2

I am reducing $13,000,000 of the $16,800,000 augmentation provided to increase the reimbursement rates for child nutrition meal subsidies

I have reviewed the funding for this program and find that $3,800,000, which I have retained, will ensure that nutritious meals are provided to the children in greatest need in accordance with current statutes.

Consistent with this action, I am revising Provision 2 as follows:

"2. Notwithstanding any other provisions of law, except as provided in this provision, funds appropriated by this item shall be available for allocation in accordance with provisions of Section 49536 of the Education Code, except that such allocation shall not be made on the basis of all meals served but shall be made on the basis of the number of meals that are served and which qualify as free or reduced priced meals in accordance with provisions of Sections 49501, 49550, and 49552 of the Education Code. Notwithstanding Section 49536 of the Education Code, of the amount appropriated in this item, ~~$16.8~~ *$3.8* million shall be used to increase the reimbursement to child nutrition entities under Section 49536 of the Education Code on a pro rata basis."

Item 6100-221-001—For local assistance, Department of Education, California State Library. I reduce this item from $20,250,000 to $18,300,000.

I am reducing the $5,000,000 augmentation for the Public Library Foundation by $1,950,000. I believe that the $18.3 million remaining, which is $6.3 million and 53 percent more than the current year level of funding, will provide a reasonable level of State assistance to local public libraries.

Item 6100-226-001—For local assistance, Department of Education. I reduce this item from $794,626,450 to $765,160,700 by reducing:

(a) (1) K-12 District Revenue Limits from $594,100,000 to $580,256,000,

(a) (2) Necessary Small Schools from $3,884,000 to $3,795,000,

(a) (5) Apprentice Programs from $154,897 to $152,000,

(a) (6) Regional Occupational Centers and Programs from $11,880,972 to $11,649,700,

(a) (7) K-12 County Offices of Education from $11,360,000 to $11,092,000,

(a) (10) Summer School Programs from $3,861,000 to $3,775,000,

(b) Demonstration Programs in Reading and Math from $252,120 to $247,000,

(e) Economic Impact Aid from $11,867,553 to $7,500,000,

(g) (1) Special Education-Exceptional Children from $84,293,000 to $82,336,000,

(g) (2) Special Education-Regional Services from $1,825,000 to $1,784,000,

(j) Miller-Unruh Reading Program from $1,149,666 to $1,124,000,

(k) Instructional Materials (K-8) from $3,941,000 to $3,854,000,

(*l*) Instructional Materials (9-12) from $1,260,307 to $1,233,000,

(s) School Improvement Program (for transfer to Item 6100-116-001) from $11,845,000 to $11,607,000,

(s) (1) School Improvement (K-6) from $10,747,000 to $10,509,000,

(u) Preschool Education from $2,157,854 to $1,364,000,

(v) (1) General Child Development Programs from $12,456,305 to $7,872,000,

(v) (2) Campus Children's Center from $371,470 to $236,000,

(v) (3) Parenting and Infant Development from $303,085 to $192,000,

(v) (4) Migrant Day Care from $398,308 to $252,000,

(v) (5) Special Allowances for Rent from $24,128 to $16,000,

(v) (6) Special Allowances for Handicapped from $43,256 to $27,000,

(v) (7) Alternative Payment Program from $1,209,342 to $765,000,

(v) (8) Resources and Referral from $429,145 to $272,000,

(v) (9) Campus Child Care and Tax Bailout from $242,410 to $153,000,

(v) (10) Protective Services from $60,675 to $39,000,

(x) Urban Impact Aid Unified School Districts from $4,589,957 to $2,902,000,

(x) (1) Urban Impact Aid—Unified School Districts from $4,006,914 to $2,533,000, and

(x) (2) Urban Impact Aid—Non-Unified School Districts from $583,043 to $369,000, and revising Provision 3.

I am reducing $29,465,750 from this item to: (1) reduce the legislative augmentation for programs receiving discretionary COLA's, from $19,235,450 to $6,429,000; (2) eliminate the legislative augmentation of $16,523,000 for programs receiving the statutory revenue limit COLA, and (3) reflect a technical adjustment of $136,300 to

the COLA for ROC/P's.

I am reducing the legislative augmentation for certain programs receiving a discretionary COLA from $19,235,450 to $6,429,000. The funds remaining in the budget after this reduction will provide a 6.19 percent COLA for programs with a substantial portion of costs tied to salaries and benefits of school employees and a 4 percent COLA for other discretionary programs

I am also eliminating legislative augmentations totaling $16,523,000 that relate to the 1985–86 cost-of-living adjustment for those programs receiving the statutory revenue limit COLA The appropriations remaining in this budget after my reduction fully fund the base entitlements established by the 1984 Budget Act and the 1985–86 statutory COLAs. To be consistent with this action, I am also revising in paragraph (b) of Provision 3 of Item 6100-226-001 which was added by the Legislature and would change the methodology used to calculate the statutory COLA for school apportionments.

"3. Notwithstanding Section 42238.1 of the Education Code, for the 1985–86 fiscal year the Superintendent of Public Instruction shall compute an inflation adjustment for each type of school district equal to the product of subdivisions (a) and (b):

(a) Compute for the sum of the following.

(1) The statewide average base revenue limit per unit of average daily attendance for the 1984–85 fiscal year for districts of similar type

(2) The amount, if any, per unit of average daily attendance received by the district pursuant to Article 8 (commencing with Section 46200) of Chapter 2 of Part 26 of the Education Code for the 1984–85 fiscal year.

(b) The percentage change in the annual average value of the Implicit Price Deflator for State and Local Government Purchases of Goods and Services for the United States, as published by the United States Department of Commerce for the 12-month period ending in the third quarter of the 1984–85 fiscal year. This percentage change shall be determined using the latest data available as of May 1, 1985 ~~; compared with the annual average value of the same deflator for the 12/month period ending in the third quarter of the 1983/84 fiscal year, using the data upon which the inflation adjustment calculated for the 1984/85 fiscal year was based~~. The percentage change computed pursuant to this provision shall be deemed to be the percentage change computed pursuant to Section 42238.1 of the Education Code for the 1985–86 fiscal year."

Finally, I am eliminating $136,300 from the COLA for ROC/P's to correspond to my reduction of the base amount for this program resulting from the revised estimate of current year entitlements.

Item 6360-001-001—For support of Commission on Teacher Credentialing. I eliminate this item.

I have already approved and the Legislature has concurred with four Department of Finance letters totaling $962,000 to augment the Commission's budget I believe the total currently proposed, all of which is a proper charge against the Teacher Credentials Fund, will be adequate for Commission operations. Therefore, I am eliminating the General Fund appropriation of $1,361,000 for support of the Commission on Teacher Credentialing

Item 6440-001-001—For support of University of California. I reduce this item from $1,516,561,400 to $1,509,629,000 by reducing·

(a) Support from $1,499,604,400 to $1,496,972,000,

(f) AIDS Research from $9,200,000 to $4,900,000, and

deleting Provision 13 and revising Provision 7.

I am eliminating legislative augmentations of $400,000 for the California Policy Seminar, $200,000 for the Aging Health Policy Center, and $55,400 and 1 position for the Student Affirmative Action Council The Regents have an established method of requesting support for University activities. These requests have not received internal University review nor the assessment of priority within the University's programs.

In addition, I am eliminating the legislative augmentation of $227,000 for stipends for preventive medicine residents. These residents work for county public health

departments, which should pay for any necessary stipends

I am also eliminating the legislative augmentation of $750,000 for the Lawrence Hall of Science. The University can obtain additional resources for this program by reallocating funds internally or by increasing fees for services

I am reducing the legislative augmentation for janitorial services by $1,000,000 and 41 positions. The University will retain $33,000,000 and 1,258 positions for janitorial services I am also deleting Provision 13 to conform to this action

"13. Of the funds appropriated in schedule (a), $2,000,000 shall be available for additional janitorial services. It is intended that these additional services be performed by university employees only, and not by contract personnel."

In addition, I am reducing $4,300,000 from the legislative augmentation for research into Acquired Immune Deficiency Syndrome (AIDS) The budget will retain $4,900,000 for AIDS research, which should provide sufficient resources for high quality research into this urgent public health problem I am also revising the corresponding language in Provision 7 as follows:

"7 Of the funds appropriated in Schedule (f), $3,900,000 shall be available only for expenditure to support research into Acquired Immune Deficiency Syndrome (AIDS) within the University of California Of this amount, $1,000,000 shall be available to fund research into AIDS in conjunction with non-University of California institutions; ~~$1,600,000 shall be made available for career development awards to encourage the entry of additional researchers into the field of AIDS, and $2,300,000 shall be available for research into AIDS with particular emphasis upon: the replacement of funds lost as result of funding cutbacks by the National Institute of Health, the funding of clinical drug trials at those centers which have been accredited to conduct such trials, which funding may include the administrative appraratus necessary to monitor trial results, and the providing of resources necessary to conduct viral cultures of AIDS causative and related agents. In addition, $400,000 shall be made available to the Institute for Health Policy Studies at the University of California at San Francisco to conduct a study for the Legislature on the medical costs associated with AIDS.~~"

Item 6440-011-001—For support of University of California

I am retaining the $5,360,000 augmentation for general compensation increases for nonacademic employees, which represents a one percent increase to the nonacademic employee compensation package These additional funds will provide for sufficient resources for salary and benefit increases, including special salary adjustments, of up to 7 5 percent in recognition of our interest to recruit and retain competent and dedicated employees and to achieve necessary management objectives through the collective bargaining process

Item 6440-012-001—For support of University of California. I eliminate this item

Special salary adjustments related to the comparability of the value of the work should be addressed through the collective bargaining process I have provided funds for up to a 7.5 percent compensation increase for non-academic employees with the intent that, subject to collective bargaining negotiations, these funds be used for all salary and benefit increases including special salary adjustments. I am, therefore, eliminating $5,055,000 and the related language

Item 6440-301-525—For Capital Outlay, University of California.

I am approving this item with the condition that the Public Works Board is to authorize only short-term notes to finance the equipment purchase projects in categories

(4) 99.03.010—Davis Campus—Equip Food and Agricultural Sciences Building $4,682,000,

(6) 99 08 005—Santa Barbara Campus—Equipment Engineering Unit 2 $4,387,000

The short-term notes to be authorized by the Public Works Board are to be retired by a direct appropriation from the Capital Outlay Fund for Public Higher Education and not refinanced

I am taking this action because I do not believe it is sound fiscal policy to sell bonds for the purchase of equipment when the equipment alone would provide the collateral for those bonds

Item 6600-001-001—For support of Hastings College of Law. I reduce this item from $10,390,000 to $10,244,000 by reducing:

(a) 100000—Personal Services from $9,834,000 to $9,702,000 and

(b) 300000—Operating Expenses and Equipment from $2,861,000 to $2,847,000

I am eliminating the legislative augmentation of $146,000 and 2 8 positions for clinical program supervision. My budget includes $158,000 and 2 positions for a new program for Hastings' students to develop their legal skills through actual work experience by conducting legal research for state policy makers. These additional resources should meet the need for an improved work experience program for Hastings' students.

Item 6600-011-001—For support of Hastings College of Law

I am retaining the $26,566 augmentation for general compensation increases for nonacademic employees which represents a one percent increase to the nonacademic employee compensation package. These additional funds will provide for sufficient resources for salary and benefit increases, including special salary adjustments, of up to 7.5 percent in recognition of our interest to recruit and retain competent and dedicated employees and to achieve necessary management objectives through the collective bargaining process.

Item 6600-012-001—For support of Hastings College of Law I eliminate this item

Special salary adjustments related to the comparability of the value of the work should be addressed through the collective bargaining process. I have provided funds for up to a 7.5 percent compensation increase for non-academic employees with the intent that, subject to collective bargaining negotiations, these funds be used for all salary and benefit increases including special salary adjustments. I am, therefore, eliminating $26,000 and the related language

Item 6610-001-001—For support of California State University I reduce this item from $1,170,323,000 to $1,169,756,000 by reducing.

(a) 01—Instruction from $809,576,000 to $809,268,000,

(c) 04—Academic Support from $149,702,000 to $149,443,000, and

deleting Provision 8 and revising Provision 9.

I am reducing the $308,000 and 12 position augmentation in Instruction for Librarian sabbaticals The 1984–85 collective bargaining process resulted in the shift of librarians to the faculty salary schedule, thus making librarians eligible for sabbaticals This is viewed as a Memorandum of Understanding (MOU) cost, and as such should be funded from the budgeted employee compensation item The budget includes $86,618,000 for employee compensation and benefits for CSU employees of which $52,305,000, equating to an average 10 5 percent salary increase, would be for CSU faculty. This represents the second year of higher than 10 percent increases for CSU faculty. To conform with this action, I am deleting Provision 8.

"8. Of the funds appropriated in this item, $308,000 shall be for sabbaticals for librarians."

I am reducing a legislative augmentation in Academic Support of $737,000 and 8 positions for a Center for Government Studies at the CSU Sacramento campus by $259,000 and 3 5 positions The three elements of this request being reduced include the Sacramento Semester Program, the Survey Center and Issue Dialogue. I am retaining the Senate, Assembly, and Executive Fellows components of this request. Two of the eliminated elements, the Sacramento Semester Program and the Survey Center, were previously denied by this Administration These elements would have added activities to CSU of unknown priority within the scope of its programs. I am accordingly reducing the $737,000 cited in Provision 9 to $478,000.

"9 Of the funds appropriated in this item, ~~$737,000~~ *$478,000* shall be to fund the Center for Government Studies at the California State University Sacramento campus."

Item 6610-031-001—For support of California State University.

I am retaining the $4,575,000 augmentation for general compensation increases for nonacademic employees, which represents a one percent increase to the nonacademic employee compensation package. These additional funds will provide for sufficient resources for salary and benefit increases, including special salary adjustments, of up to 7 5 percent in recognition of our interest to recruit and retain competent and

dedicated employees and to achieve necessary management objectives through the collective bargaining process.

Item 6610-033-001—For support of California State University I eliminate this item. Special salary adjustments related to the comparability of the value of the work should be addressed through the collective bargaining process. I have provided funds for up to 7.5 percent compensation increase for nonacademic employees with the intent that, subject to collective bargaining negotiations, these funds be used for all salary and benefit increases including special salary adjustments. I am, therefore, eliminating $4,067,000 and the related language.

Item 6610-035-001—For support of California State University. I eliminate this item. The additional 1985–86 cost of providing a special salary schedule for the hard-to-hire disciplines resulted from the 1984–85 collective bargaining process, with both CSU and CFA agreeing that the cost would come off the top of any 1985–86 compensation funds. Each party should abide by its agreement and not attempt to circumvent the collective bargaining process Sufficient funds exist in Item 6610-031-001 ($52 3 million for a three-stage average 11.3 percent increase in salary and benefits) to allow the State University to maintain a competitive position for faculty recruitment and retention. In addition, this budget reflects the second year of plus 10 percent average salary increases for CSU faculty. I am therefore eliminating $3,175,000 and the related language

Item 6610-492—Reappropriation, California State University. I reduce the expenditure authority in this item from $2,000,000 to $1,134,000

The budget initially proposed that the General Fund share 50/50 in the concurrent enrollment program revenues, or $2,000,000, but also returned $866,000 to fund specific faculty development requests, $616,000 for faculty travel and $250,000 for faculty retraining In all fairness I believe that $2,000,000 should be reduced by the $866,000 initially returned to CSU under the original proposal

Additionally, for 1986–87 I believe that the revenues and expenditures for the concurrent enrollment program should be included in the Budget Act. If CSU wishes continuation of the $866,000 for faculty development in 1986–87, a budget change proposal should be submitted with funding from the concurrent enrollment revenues.

Item 6870-001-001—For support of Board of Governors of the California Community Colleges I reduce this item from $6,449,000 to $6,249,000 by reducing:

(b) 20 00—Special Services and Operations from $6,968,000 to $6,808,000.

I am reducing this item by $160,000 and 2 0 positions. This amount was added by the Legislature to provide State support for the implementations of a matriculation plan in the community colleges. This conforms to the action I have taken in Item 6870-101-001.

Item 6870-101-001—For local assistance, Board of Governors, California Community Colleges I reduce this item from $1,228,590,100 to $1,168,531,800 by reducing:

(a) 10—Apportionments from $1,151,261,000 to $1,105,315,000,

(b) 20 10 010—Community College Extended Opportunity Programs and Services from $28,736,800 to $27,882,000,

(c) 20.10 020—Disabled Students from $28,435,300 to $25,679,000,

(e) 20.20.020—Partial Financing of the Academic Senate for the Community Colleges from $74,000 to $72,800, and

(f) 20.30.020—Instructional Improvement, for Transfer to the Community College Fund for Instructional Improvement from $783,000 to $283,000,

by eliminating·

(j) 20 10.060—Matriculation $10,000,000, and

deleting Provisions 13 and 15 and revising Provision 2.

I am reducing the community college apportionment program by $45,946,000. The Legislature has indicated in this budget that it is willing to commit $61.5 million on an ongoing basis to community colleges by funding the elimination of the .911 attendance factor with an additional $16,600,000 for a one percent make-up COLA. I am not prepared to make such a major commitment of future General Fund resources. Any such change should take place only in the context of a change in the funding mechanism and recommendations from the Commission for the Review of the Master

Plan on the prioritization of the mission of the colleges.

However, I believe it is essential to provide one-time funds to districts experiencing a loss of revenue due to declining ADA. My budget provides $31,800,000 for this purpose which will be allocated to 49 community college districts to cover 66 percent of that loss. The funding level in the Budget will provide a 9.9 percent apportionment program increase.

Consistent with this action, I am revising Provision 2

"2. (a) Notwithstanding any other provision of law, after sufficient funds have been allocated to comply with the provisions of Article 1 (commencing with Section 84700) of Chapter 5 of Part 50 of the Education Code, an amount not to exceed ~~$75,290,000~~ *$31,844,000* of the amount appropriated in Schedule (a) shall be allocated to community college districts by the Chancellor of the California Community Colleges ~~Of this $75,290,000 the Chancellor may allocate an amount not to exceed $13,790,000 as an augmentation to the provisions of Section 84701 of the Education Code and an amount not to exceed $61,500,000 for purposes of meeting the costs associated with adjusting the absence penalty factor as specified in Section 58003 of Title 5 of the Administrative Code or~~ for allocation to those districts which are most in need of revenue adjustments due to declining average daily attendance

~~(b) If allocations are made for the purpose of funding the costs associated with adjusting the absence penalty factor, the Chancellor may adjust the number of funded average daily attendance for any community college district above that level defined in subdivision (c) of Section 84701 of the Education Code. However, no district shall receive these additional funds for the average daily which exceeds that district's 1982/83 level of funded average daily attendance plus any allowable growth in the average daily attendance for the 1985/86 fiscal year funded pursuant to the provisions of Section 84706 of the Education Code.~~

(c) Unless allocated to districts for purposes of deferring revenue adjustments for declining average daily attendance, amounts allocated pursuant to these provisions shall be considered as part of the district base revenues for the 1986–87 fiscal year Prior to the allocation of funds in excess of the amount necessary to meet the provisions of Article 1 (commencing with Section 84700) of Chapter 5 of Part 50 of the Education Code, the Chancellor shall first obtain the approval of the Director of Finance The Director of Finance shall notify the Joint Legislative Budget Committee of the methods to be used for allocating these funds not less than 30 days prior to the allocation."

I am reducing the EOPS program by $854,800 and the Disabled Student Program by $756,300 which were additional cost-of-living adjustments provided by the Legislature My budget provides $53 6 million for these programs. This includes a 4 percent cost-of-living adjustment consistent with that provided other categorical programs.

I am also reducing the Disabled Student Program by $2,000,000. These funds were requested to serve additional disabled students in the community colleges While I am supportive of this program, I believe it is critical that the Chancellor's Office provide better documentation on how estimates of program growth are derived Until such documentation is provided, we cannot ascertain how these funds will be allocated and cannot, therefore, justify this augmentation.

I am reducing the partial Financing of the Academic Senate by $1,200 This will provide a 4 percent cost-of-living adjustment for this program which is consistent with that provided other categorical programs.

I am reducing the amount provided for Instructional Improvement Grants by $500,000. The $283,000 provided in my budget is sufficient to fund the high priority grant requests.

I am eliminating the $10,000,000 provided for matriculation services. As indicated in my veto message of AB 2638 of last year, I believe this area of student services is one that should be reviewed by the Commission for the Review of the Master Plan

To conform to this action I am also deleting Provision 13.

"13. The funds appropriated in Category (i) are to be allocated for matriculation services in accordance with statutory provisions. If there are no statutory provisions, the funds shall be allocated by the Chancellor in accordance with a plan specified by the Board of Governors. No funds shall be allocated prior to 30-day notification to the Joint Legislative Budget Committee of the allocation plan."

To conform to action taken elsewhere in this budget, I am also deleting Provision 15.

"15 Of the funds appropriated in Category (a), $2,810,000 is for direct payment to State Teachers' Retirement System for the purpose of funding the cost of increased service credit retirement benefits in lieu of the amount required pursuant to Section 22720 of the Education Code On July 1, 1985, the Controller shall transfer $2,810,000 from the amount appropriated in Category (a) of this item to Category (ee) of Item 9680-101-001 of this act"

I am eliminating this transfer of funds because I believe it will imply that the costs of service credit awarded STRS retirees for unused sick leave pursuant to Chapter 89, Statutes of 1974, are reimbursable State mandated costs However, I recognize the need to permanently resolve the issue of support for STRS sick leave service credit. Therefore, I am retaining Provision 13 in Item 9680-101-001 which states the Legislature's intent to permanently resolve this issue through separate legislation. In addition, I am setting aside $18,000,000 to be used, if necessary, to fund the first year cost of the legislation.

Item 6870-101-146—For local assistance, Board of Governors of the California Community Colleges. I reduce this item from $12,200,000 to $6,100,000, and modifying Provision 2.

Of the $6,100,000 remaining in this item, $5,000,000 is provided to fund additional deferred maintenance projects in the community colleges. This is a high priority use of funds and will provide a budget total of $13,000,000 to help eliminate the critical backlog of repairs The remaining funds are for equipment replacement needs. This is another high priority use of one-time funds in the community colleges With the $25,000,000 provided in Item 6870-101-036, community colleges will receive $40 per ADa for equipment replacement needs

I am adjusting the language in Provision 2 to reflect this reduction.

"2 Of the amount appropriated in this item, ~~$7,200,000~~ *$1,100,000* is available on a one-time basis for the purpose of providing community college districts with funds to make one-time purchases of instructional equipment. These funds are to be allocated by the Chancellor on a per ADA basis to the districts."

Item 6870-101-909—For local assistance, Board of Governors of the California Community Colleges. I reduce this item from $967,000 to $467,000, and revising Provision 1.

This action conforms to the reduction made in Item 6870-101-001 (f), Instructional Improvement. The $467,000 provided in my budget will fund the high priority program requests.

I am also adjusting the language in this item so that $283,000 is available for allocation for grants.

The remaining amount in this appropriation is for Instructional Improvement loans to community colleges.

I am revising Provision 1 to reflect this reduction.

"1 Of the amount appropriated by this item, not more than ~~$783,000~~ *$283,000* shall be allocated for grants and not more than $184,000 shall be allocated for loans."

Item 6870-111-146—For local assistance, Board of Governors of the California Community Colleges. I eliminate this item.

I am deleting the $2,000,000 in this item. AB 1177, which was introduced this year, would authorize the construction of child care facilities at community college districts under the terms of the Community College Construction Act of 1980. If the determination is made that child care facilities should qualify for allocation of funds, then any such proposals should be reviewed during the regular capital outlay budget process in order to determine need and priority use of the funds.

Item 6870-301-146—For capital outlay, Board of Governors of the California

Community Colleges. I reduce this item from $33,138,000 to $28,304,000, by eliminating.

(10.1) 40 26 060.020—Los Angeles Community College District, Los Angeles Southwest College, working drawings, occupational technology building $236,000,

(10 2) 40.26.060 040—Los Angeles Community College District, Los Angeles Southwest College, working drawings, physical education facilities $426,000,

(40) 40.19.010 030—Grossmont Community College District, Cuyamaca College, working drawings, outdoor physical education facilities $93,000,

(45) 40.40.40 030—Peralta Community College District, Merritt College, working drawings, conversion of existing space $75,000, and

(46) 40 70 010.020—Yosemite Community College District, Columbia College, construction, multipurpose instructional facility $4,004,000

I am reducing this item by a total of $4,834,000 The five projects I am deleting are not high priority projects for 1985–86 and in most cases the campuses are overbuilt and have excess space due to reduced enrollment The future costs of these projects would require $18 1 million

I am requesting that the Board of Governors review these projects during their consideration of other projects for 1986–87 funding This deferral will not have a detrimental effect on State educational programs and will allow proper review through the budgetary process

Item 8100-001-001—For support of Office of Criminal Justice Planning I reduce this item from $3,763,000 to $3,463,000 by reducing

(b) 300000—Operating Expenses and Equipment from $2,520,000 to $2,220,000, and deleting Provision 6.

I am reducing $200,000 for courtroom renovation because there are other less costly alternatives for making courtrooms more "friendly" to minors I also believe that it would be appropriate that the authorizing legislation contain funding for the program

I am reducing $100,000 for an Indian consultant because the Federal Government has the primary responsibility for addressing criminal justice matters on federal trust land In addition, the Attorney General's Office has an Indian liaison addressing the specialized legal needs of Indian communities. In conjunction with this action, I am deleting Provision 6

"6 Of the funds appropriated in Schedule (b), $100,000 shall be available to support the development of a report which would define criminal justice problems and needs unique to California Indians living on trust land and would develop specific recommendations on responsibilities and potential remedies. The Indian Justice Ad Hoc Committee, comprising representatives from the Southern California Tribal Chairmen's Association, the California Council of Tribal Government, the Owens Valley Tribal Association, and other appropriate groups, will participate with the Office of Criminal Justice Planning in the selection of consultant services utilized and in providing the direction for the needs assessment."

Item 8100-101-001—For local assistance, Program 50, Local Project Awards, Office of Criminal Justice Planning I reduce this item from $23,046,000 to $16,046,000 by eliminating·

(j) 50 90—Runaway and Homeless Youth Program $6,000,000,

(k) 50 95—Courtroom Renovation for Minors $800,000,

(*l*) 50.96—Family Violence Prevention Program $200,000, and

deleting Provision 7

I am eliminating the $200,000 in the Family Violence Prevention Program because I have already expanded funding for family violence prevention activities from $200,000 to $1,700,000 (including $200,000 in the Community Crime Resistance Program)

I am eliminating the $6,000,000 augmentation for the Runaway and Homeless Youth Program because. (1) it would be premature to establish such a program before the State Advisory Group on Runaways completes its study, (2) the detailed needs of the program have not been delineated and the basis for the proposed level of support is unclear, and (3) it would be appropriate that the authorizing legislation contain funding for the program I also am deleting Provision 7 in conjunction with this action

as follows:

"7. The amount appropriated in Schedule (j) shall be for transfer to the Runaway and Homeless Youth Account in the General Fund, contingent upon the enactment of legislation during the 1985–86 Regular Session of the Legislature authorizing the Runaway and Homeless Youth Program."

I am eliminating the $800,000 augmentation for the Courtroom Renovation for Minors Program because there are other less costly alternatives for making courtrooms more "friendly" to minors. I also believe that it would be appropriate that the authorizing legislation contain funding for the program

Item 8100-101-483—For local assistance, Office of Criminal Justice Planning. I eliminate this item.

I am eliminating this $6,000,000 item consistent with my action on Item 8100-101-001 related to the Runaway and Homeless Youth Program.

Item 8260-001-001—For support of California Arts Council. I reduce this item from $2,818,000 to $2,340,000 by reducing.

(a) 100000—Personal Services from $1,857,000 to $1,707,000,

(b) 300000—Operating Expenses and Equipment from $1,024,000 to $672,000, and

(c) Amount payable from the Federal Trust Fund (Item 8260-001-890) from −$63,000 to −$39,000,

and deleting Provision 1

I am eliminating the $478,000 legislative augmentation to administer the $3,504,000 in additional grant money to correspond with my veto in Item 8260-101-001 In addition, I am also deleting Provision 1 because the related augmentation is eliminated.

Item 8260-001-890—For support of California Arts Council I reduce this item from $63,000 to $39,000.

I am eliminating the $24,000 legislative augmentation to administer the $3,504,000 in additional grant money to correspond to my veto in Item 8260-101-001.

Item 8260-101-001—For local assistance, California Arts Council. I reduce this item from $12,856,000 to $9,352,000,

and deleting Provisions 2, 3 and 4.

I am eliminating the $3,504,000 legislative augmentation for the local assistance, grants and subventions for the California Arts Council. The budget provides a 16 percent increase over the 1984–85 fiscal year which I consider to be an adequate funding level.

In addition, I am also deleting Provisions 2, 3, and 4, as follows, because the related augmentation is reduced in its entirety.

"2. Of the amount appropriated in this item, the council shall allocate $25,000 to the Los Angeles Film Exposition (Filmex) for the purpose of providing funding for a Hispanic film series."

"3 Of the amount appropriated in this item, $100,000 shall be used to develop a minority technical assistance network."

"4 Of the amount appropriated in this item, $500,000 shall be used for the Independent Artists portion of the Artists in Residence and Independent Artists program."

Item 8300-001-001—For support of Agricultural Labor Relations Board. I reduce this item from $9,180,000 to $7,980,000 by eliminating:

(e) 40—Compliance Workload $1,200,000, and

deleting Provisions 1, 2, and 3

I am eliminating the $1,200,000 legislative augmentation for the compliance cases backlog because the budget includes $4,192,000 in the General Counsel Program to accomplish the existing workload, including the elimination of the compliance cases backlog. In addition, I am deleting Provisions 2 and 3 to conform to this action

"2. The five-member board shall prepare a report which evaluates the feasibility of contracting-out to an external source all or portions of the work required in compliance cases. The report shall include a plan for pursuing compliance which details both the internal and external resource to be used by the agency for compliance workload. The report shall be due to the fiscal committees and

to the Joint Legislative Budget Committee no later than September 1, 1985."

"3 No fund shall be encumbered by the five-member board from those provided in schedule (e) until such time as the five-member board has submitted the report specified in Provision (1) to the fiscal committees and the Joint Legislative Budget Committee. Any funds encumbered from schedule (e) shall be committed in accordance with the compliance plan by January 1, 1986."

I am also deleting Provision 1, which requires notification of the Joint Legislative Budget Committee prior to granting request for release of confidential materials This language places undue restrictions on the authority of the Executive Branch to release confidential information.

"1. Thirty days prior to granting any request for the release of confidential materials related to farmworker complaints or litigation, the General Counsel or the Agricultural Labor Relations Board, whichever party is the recipient of the request, shall notify the Joint Legislative Budget Committee of (1) the nature of the request, (2) the requesting party, and (3) the nature of the material"

Item 8350-001-001—For support of the Department of Industrial Relations. I reduce this item from $94,673,000 to $93,375,000 by reducing:

(c) 30—The Preventing, Settling, Adjudicating and Administering Disputes under Workers' Compensation Laws from $43,578,000 to $42,530,000,

(d) 40—The Prevention of Industrial Injuries and Deaths of California Workers from $39,104,000 to $38,854,000,

I am reducing the Department of Industrial Relations' budget by $1,298,000 to eliminate certain augmentations made to the Governor's Budget. This reduction includes $1,048,000 and 21 positions for the Workers' Compensation Appeals Board (WCAB). The current budget of $42,530,000 and 782 personnel years provides an adequate level of funding to accomplish the existing workload I am reducing $100,000 for purposes of compliance inspections and monitoring of school asbestos abatement projects The Department of Industrial Relations can provide the same services within their existing resources of $24,041,000 and 396.3 personnel years. I am reducing $150,000 to partially fund four positions in the Department of Health Services. These positions were vetoed in the Department of Health Services, Item 4260-001-001 The Department of Health Services has provided evidence that the remaining $36,603,822 and 1,328.3 positions will provide sufficient resources so as not to adversely affect program performance

Item 8350-011-001—For support of the Department of Industrial Relations I eliminate this item.

I am eliminating the $200,000 legislative augmentation, and the related language, to contract for an external consultant's services for an evaluation of the departmentwide automated management information system This evaluation is unnecessary and would cause additional delays toward the implementation of the departmentwide automation plan.

Item 8570-001-001—For support of the Department of Food and Agriculture I reduce this item from $54,515,000 to $54,014,000 by reducing:

(a) 10—Pesticide Regulatory Program from $18,359,000 to $17,959,000,

(b) 20—Plant Pest and Disease Prevention from $23,946,000 to $23,891,000, and

(f) 50—Measurement Standards from $2,165,000 to $2,119,000

I am reducing the Department of Food and Agriculture's budget by $501,000 This reduction includes $400,000 and 4 positions for toxic air contaminant-pesticide activities in the Pesticide Regulatory Program. The budget provides an adequate level of funding for an effective toxic air contaminants-pesticide review in coordination with the workload activities of the Scientific Review Panel and the Air Resources Board. This action conforms to my veto in Item 3400-001-001.

I am eliminating $55,000 for a study of specified pest introductions for which related funding has already been provided

In addition I am deleting $46,000 for kosher food inspection activities. There is legislation regarding this program and funding should be contained in the bill

Item 8660-001-412—For support of Public Utilities Commission. I change this item by reducing.

(a) 100000—Personal Services from $39,979,000 to $39,713,000,

(b) 300000—Operating Expenses and Equipment from $16,074,000 to $15,710,000,

(g) Amount payable from the Public Utilities Commission Utilities Reimbursement Account from −$32,242,000 to −$31,612,000, and

deleting Provision 5.

I am reducing these subitems to conform to a reduction of $630,000 in Item 8660-001-462 which was added in augmentation of the Commission's data processing capabilities with respect to computer models. I am also deleting Provision 5, because the veto of this augmentation makes the language unnecessary

"5 Of the amount appropriated in this item, $630,000 budgeted for monitoring utility computer models may be expended no sooner than 30 days after the Department of Finance notifies the Chairperson of the Joint Legislative Budget Committee and the chairperson of the fiscal committee of each house which considers appropriations of its approval of funding for this "

Item 8660-001-462—For support of Public Utilities Commission I reduce this item from $32,242,000 to $31,612,000

I am reducing this item by $630,000 and 6 personnel years to eliminate the augmentation which would provide additional staffing for the study and oversight of computer models used by utility companies. Pending legislation, AB 475, would mandate a specific program within the Public Utilities Commission for the oversight, improvement, validation, and verification of computer models used by utility companies. Both the need for that policy change and its requisite funding should be considered together as part of AB 475

Item 8735-001-001—For support of California Tax Reform Study Commission I eliminate this item.

I am eliminating this $300,000 item because I believe there are sufficient funds available in this budget for the Legislature to use for a study such as this.

Item 8820-001-001—For support of Commission on the Status of Women.

While this Budget Act proposes a reduced level of expenditure, I will be requesting separate legislation to restore the Commission on the Status of Women's budget to the level as proposed in my 1985–86 budget

Item 8860-001-001—For support of Department of Finance I change this item by eliminating

(g) Capital Outlay Cost Estimating $652,000,

(h) Amount payable from the Architecture Revolving Fund (Item 8860-001-602) −$652,000, and

deleting Provisions 7, 8, 9, 10, 11 and 12

I am eliminating the amount payable from the Architecture Revolving Fund which would have allowed the expenditure of $652,000, in order to prevent the transfer of the Capital Outlay Control Unit from the Department of General Services (Office of the State Architect) to the Department of Finance. Although this action has no net funding impact on this item, the $652,000 payable from Item 8860-001-602 has been eliminated Existing statutes specify that the services provided by the State Architect are to be performed under the general direction of the Department of General Services, and that such services be supported by appropriations received by the Department of General Services. The transfer of this function to the Department of Finance, therefore, cannot be accomplished To insure that the Capital Outlay Project estimating process function is performed, I am recommending that the Legislature authorize urgency legislation to re-establish the $652,000 and 14 positions within the Department of General Services

I am also deleting Provisions 7, 8, 9, 10, 11 and 12

"7 The funds in category (g) shall be used to establish a Capital Outlay Control Unit in the Department of Finance None of these funds shall be used for staff of the Office of the State Architect."

"8. The Capital Outlay Control Unit, in consultation with the Office of the State Architect, shall determine which projects the Office of the State Architect will design using in-house professional staff. The selected projects shall be determined based on (1) the State Architect's selection of the projects he or she determines the office can accomplish within the time frames established for the ensuing fiscal year and (2) maintaining the level of professional staff assigned

to basic and non-basic architectural and engineering services as specified under Item 1760-001-602 of this act."

"9. The Capital Outlay Control Unit shall negotiate a fee for services with the Office of State Architect for each project assigned to that office. The unit shall enter into an interagency agreement with the office which sets forth the project schedule, and the fees for each phase of the project. The unit shall make progress payments to the office based on a set percentage completion of each phase of each project Prior to any payment to the office, the Department of Finance shall review and concur in the percentage of project completion used as the basis for payment. The interagency agreement and payment schedule for each project shall be similar to contracts entered into with private architectural/engineering consulting firms."

"10. The Capital Outlay Control Unit shall be responsible for contracting with private sector firms to undertake work on the capital outlay projects assigned to the Department of General Services. After establishing the projects to be undertaken by the Office of the State Architect, the unit shall immediately begin the process for selecting private Architectural/Engineering consulting firms to undertake the remaining projects."

"11 The Director of the Department of Finance shall, by March 1, 1986, report to the Chairperson of the Joint Legislative Budget Committee and the chairperson of the fiscal committee in each house which considers appropriations, on the status of each project under the Capital Outlay Control Unit The report shall include, for each project, the project status compared to the original schedule, interagency/contractual fees and any cost savings or overruns."

"12 The office of the Legislative Analyst shall provide to the chairperson and vice chairperson of the fiscal committee of each house which considers appropriations a copy of all written questions asked by that office concerning state capital outlay projects "

Item 8860-001-602—For support of Department of Finance I eliminate this item. I am eliminating this $652,000 item which would have transferred the Capital Outlay Control Unit functions from the Department of General Services to the Department of Finance. This action corresponds to action taken on Item 8860-001-001

Item 9680-101-001—For local assistance, State Mandated Local Programs I reduce this item from $109,842,000 to $105,478,000 by reducing:

(xh) Unused Sick Leave Credit from $18,718,000 to $1,000 and eliminating,

(dd) Reimbursement from Department of Education for payment of STRS unused sick leave credit —$11,543,000, and

(ee) Reimbursement from California Community Colleges for payment of STRS unused sick leave credit —$2,810,000.

I am reducing this augmentation to $1,000 because I believe that it will imply that the costs of service credit awarded STRS retirants for unused sick leave pursuant to Chapter 89, Statutes of 1974, are reimbursable State mandated costs However, I recognize the need to permanently resolve the issue of support for STRS sick leave service credit Therefore, I am retaining Provision 13 in Item 9680-101-001 which states the Legislature's intent to permanently resolve this issue through separate legislation In addition, I am setting aside $18,000,000 to be used, if necessary, to fund the first year cost of the legislation.

Item 9800-001-001—For support of Employee Compensation Increases. I reduce this item from $196,550,000 to $185,698,000,

by eliminating:

(b) Pay equity adjustments $10,852,000, and

deleting Provision 3

I am eliminating this augmentation for pay equity adjustments related to the comparability of the value of the work, as the issue is a subject of current negotiations which is consistent with State law which specifies that no such adjustments may be made without the agreement of employee unions. All salary and benefit increases, including special salary adjustments, must be negotiated and funded within resources available for compensation increases.

I am also deleting Provision 3 of this item, relating to pay equity adjustments The criteria set forth in this language, which restricts the use of funds for the subject purposes, are also negotiable.

"3 The funds appropriated in Schedule (c) shall be used solely for pay equity adjustments related to the comparability of the value of the work, in accordance with provisions of Section 19827 2 of the Government Code, to be allocated by the Department of Finance to the several state offices, departments, boards, bureaus, commissions, and other state agencies, the Assembly Committee on Rules, the Senate Committee on Rules, the Joint Rules Committee, the Joint Legislative Audit Committee, and the Joint Legislative Budget Committee, in augmentation of their respective appropriations or allocations for support or for other purposes, in such amounts as will make sufficient money available for each state officer or employee in the state service, whose compensation, or portion thereof, is chargeable to the General Fund, and each officer or employee of either house of the Legislature or joint committee thereof, to receive any such pay equity adjustments provided on or after January 1, 1986, by the Department of Personnel Administration, or any committee of the Legislature responsible for establishing salaries for officers and employees of the Legislature, as the case may be. Appropriated funds are to allocated proportionally (a) to each of the bargaining units representing employees in state civil service based on the number of employees in female-dominated classifications within each of these units, and (b) to the several state offices, departments, boards, bureaus, commissions, and other state agencies for nonrepresented employees based on the number of employees in female-dominated nonrepresented classes of the several state offices, departments, boards, bureaus, commissions, and other state agencies. Distribution of any appropriated funds within each bargaining unit shall be determined by memoranda of understanding between the Department of Personnel Administration and the exclusive representatives representing state civil service employees

Bargaining over pay equity adjustments made from these funds shall not commence prior to the implementation of regular 1985–86 employee compensation adjustments. Pay equity adjustments shall not be retroactive to any time prior to January 1, 1986.

Funds appropriated for pay equity adjustments related to comparability of the value of the work are to be allocated by executive order of the Department of Finance in accordance with approved memoranda of understanding or, for employees excluded from collective bargaining, in a manner consistent with Section 19827.2 of the Government Code."

I am retaining the $23,390,000 augmentation for general compensation increases which represents a one percent increase to the employee compensation package These additional funds will provide for sufficient resources for salary and benefit increases, including special salary adjustments, of up to 7.5 percent in recognition of our interest to recruit and retain competent and dedicated employees and to achieve necessary management objectives through the collective bargaining process

Item 9800-001-494—For support of Employee Compensation Increases I reduce this item from $104,526,000 to $98,187,000,

by eliminating

(b) Pay equity adjustments $6,339,000, and

deleting Provision 3.

This augmentation of various special funds for pay inequity adjustments is reduced for the same reasons stated in my action on Item 9800-001-001 Accordingly, I am also deleting Provision 3 of this item, relating to pay equity adjustments.

"3 The funds appropriated in Schedule (c) are to be used solely for pay equity adjustments related to the comparability of the value of the work, in accordance with provisions of Section 19827 2 of the Government Code, to be allocated by the Department of Finance to the several state offices, departments, boards, bureaus, commissions, and other state agencies, in augmentation of their respective appropriations or allocations for support or for other purposes, in such amounts as will make sufficient money available for each state officer or

employee in the state service, whose compensation, or portion thereof, is chargeable to special funds, to receive any such pay equity adjustments provided on or after January 1, 1986, by the Department of Personnel Administration. Appropriated funds are to be allocated proportionally: (a) to each of the bargaining units representing employees in state civil service based on the number of employees in female-dominated classifications within each of these units, and (b) to the several state offices, departments, boards, bureaus, commissions, and other state agencies for nonrepresented employees based on the number of employees in female-dominated nonrepresented classes of the several state offices, departments, boards, bureaus, commissions, and other state agencies Distribution of any appropriated funds within each bargaining unit shall be determined by memoranda of understanding between the Department of Personnel Administration and the exclusive representatives representing state civil service employees.

Bargaining over pay equity adjustments made from these funds shall not commence prior to the implementation of regular 1985–86 employee compensation adjustments Pay equity adjustments shall not be retroactive to any time prior to January 1, 1986.

Funds appropriated for pay equity adjustments related to comparability of the value of work are to be allocated by executive order of the Department of Finance in accordance with approved memoranda of understanding or, for employees excluded from collective bargaining, in a manner consistent with Section 19827.2 of the Government Code."

I am retaining the $13,303,000 augmentation to various special funds which represents a one percent increase to the 6 5 percent employee compensation package I provided for the same reasons stated under Item 9800-001-001

Item 9800-001-988—For support of Employee Compensation Increases I reduce this item from $84,519,000 to $79,326,000 by eliminating·

(b) Pay equity adjustments $5,193,000, and

deleting Provision 3.

This augmentation of various nongovernmental funds for pay inequity adjustments is reduced for the same reasons stated in my action on Item 9800-001-001 Accordingly, I am also deleting Provision 3 of this item, relating to pay equity adjustments

"3. The funds appropriated in Schedule (c) are to be used solely for pay equity adjustments related to the comparability of the value of the work, in accordance with provisions of Section 19827 2 of the Government Code, to be allocated by the Department of Finance to the several state offices, departments, boards, bureaus, commissions, and other state agencies, in augmentation of their respective appropriations or allocations for support or for other purposes, in such amounts as will make sufficient money available for each state officer or employee in the state service, whose compensation, or portion thereof, is chargeable to nongovernmental cost funds, to receive any such pay equity adjustments provided on or after January 1, 1986, by the Department of Personnel Administration. Appropriated funds are to be allocated proportionally (a) to each of the bargaining units representing employees in state civil service based on the number of employees in female-dominated classifications within each of these units, and (b) to the several state offices, departments, boards, bureaus, commissions, and other state agencies for nonrepresented employees based on the number of employees in female-dominated nonrepresented classes of the several state offices, departments, boards, bureaus, commissions, and other state agencies. Distribution of any appropriated funds within each bargaining unit shall be determined by memoranda of understanding between the Department of Personnel Administration and the exclusive representatives representing state civil service employees Bargaining over pay equity adjustments made from these funds shall not commence prior to the implementation of regular 1985–86 employee compensation adjustments. Pay equity adjustments shall not be retroactive to any time prior to January 1, 1986

Funds appropriated for pay equity adjustments related to comparability of

the value of the work are to be allocated by executive order of the Department of Finance in accordance with approved memoranda of understanding or, for employees excluded from collective bargaining, in a manner consistent with Section 19827.2 of the Government Code "

I am also retaining the $9,789,000 augmentation to various nongovernmental funds which represents a one percent increase to the 6.5 percent employee compensation package I provided for the same reasons stated under Item 9800-001-001.

SEC. 8.50

I am deleting Provisions (d) and (e).

"(d) The director of any department who submits a proposal for applications for federal grant funds to the Director of Finance for prior review shall, at the same time this proposal is submitted, send a copy thereof to the chairperson of the committee in each house which considers appropriations and to the Chairperson of the Joint Legislative Budget Committee "

"(e) On or before October 1, 1985, the director of any department which received federal grant funds in the 1984-85 fiscal year shall submit to the chairperson of the committee in each house which considers appropriations and to the Chairperson of the Joint Legislative Budget Committee a report listing the amount and source of all federal funds received by that department during the 1984-85 fiscal year "

This restrictive control language is inappropriate and unnecessary. It has been the policy and practice of this Administration, through the appearances of its appointees before legislative committees and through the provision of written information upon request, to make available to the Legislature the information to which it is entitled regarding budgetary proposals and expenditures.

SEC. 11.50—I am revising general control subdivisions

I am reducing the Energy and Resources Fund transfer in Subdivision (a) and the Capital Outlay Fund for Public Higher Education transfer in Subdivision (b) to conform to my veto actions in this budget.

I am deleting Subdivisions (c) and (d) of Section 11.50 to retain the unallocated balances of tidelands oil revenues in the Special Account for Capital Outlay as specified in Section 6217, Subdivision (h), of the Public Resources Code The effect of this action is to prevent the transfer of tidelands oil revenues to the General Fund. As a general principle, I do not favor diverting special funds to maintain the General Fund.

"SEC 11.50 (a) Notwithstanding any other provisions of law, the allocation to the Energy and Resources Fund made pursuant to subdivision (g) of Section 6217 of the Public Resources Code ~~and subdivision (d) of this section~~ shall be ~~six million one hundred sixty/eight thousand dollars ($6,168,000)~~ *five million six hundred eighty-two thousand dollars ($5,682,000)* for the 1985-86 fiscal year. The Director of Finance may allocate funds among the Energy and Resources Fund· the Energy Account, Energy and Resources Fund; and the Resources Account, Energy and Resources Fund

(b) Notwithstanding any other provisions of law, the allocation to the Capital Outlay Fund for Public Higher Education made pursuant to subdivision (e) of Section 6217 of the Public Resources Code ~~and subdivision (d) of this section~~ shall be ~~one hundred thirty eight million nine hundred twenty/six thousand dollars ($138,926,000)~~ *one hundred twenty-five million nine hundred ninety-two thousand dollars ($125,992,000)* for the 1985-86 fiscal year.

~~(c) Notwithstanding any other provision of law, the allocation to the Special Account for Capital Outlay made pursuant to subdivision (h) of Section 6217 of the Public Resources Code and subdivision (d) of this section shall be one hundred eighteen million seven hundred eighteen thousand dollars ($118,718,000) for the 1985/86 fiscal year~~

~~(d) Notwithstanding any other provisions of law, the allocations of revenues, following the allocation made pursuant to subdivision (d) of Section 6217 of the Public Resources Code shall, for the next one hundred fifty million dollars ($150,000,000), be distributed, equally each month among the funds designated in subdivisions (a), (b), and (c) of this section and in subdivision (f) of Section 6217~~

~~of the Public Resources Code subject to the dollar limitations contained in subdivisions (a), (b), and (c) of this section and subdivision (f) of Section 6217 of the Public Resources Code, Revenues, moneys and remittances received in excess of the one hundred fifty million dollar ($150,000,000) amount shall be allocated to subdivisions (a) and (b) of this section an subdivision (f) of Section 6217 of the Public Resources Code and subdivision (c) of this section in that order, subject to the dollar limitations contained in subdivisions (a), (b), and (c) of this section and subdivision (f) of Section 6217 of the Public Resources Code, with any remaining amounts deposited in the General Funds.~~ "

SEC. 24 50—California State University I eliminate this section

I do not believe a lottery loan program is necessary, simply because the Lottery has not yet been fully implemented Further, this loan program is contrary to statutory law Since lottery funds are "supplemental", no existing programs will been jeopardized.

SEC. 24 70—I eliminate this section

I join with the Legislature as it "acknowledges and supports the basic premises of human dignity and self-determination, recognizing that fundamental freedoms and democratic principles are the cornerstones of individual rights."

I also agree with the Legislature as it "condemns in the strongest terms possible the denial of human rights throughout the world, including the official apartheid policies of the Republic of South Africa. These policies, which deny freedom, equality, self-determination, physical security and economic opportunity to black and other nonwhite individuals, are contrary to the fundamental concepts of human rights and liberty cherished in our country and upon which it was founded "

However, I have concluded that the State Budget is not the appropriate instrument in which to express our abhorrence of apartheid and our advice to the fiduciaries of state pension funds. An appropriate instrument for the Legislature would be an official resolution.

The budget is a spending plan for the programs and services of state government It is not a foreign policy document That is the responsibility of Congress and the President They have the authority to turn up the pressure against the repressive South African regime. I believe it is time they did.

The language in the State Budget pertaining to South Africa raises some constitutional questions pertaining to the fiduciary obligations of the governing boards of state retirement funds

Article XVI, Section 17 of the California Constitution reads in part

"(a) The assets of a public pension or retirement system are trust funds and shall be held for the exclusive purpose of providing benefits to participants in the pension or retirement system and their beneficiaries and defraying reasonable expenses of administering the system."

"(b) The fiduciary of the public pension or retirement system shall discharge his or her duties with respect to the system solely in the interest of, and for the exclusive purpose of providing benefits to, participants and their beneficiaries, minimizing employer contributions thereto, and defraying reasonable expenses of administering the system."

In deleting the budget language pertaining to South Africa, I am also urging the governing boards of all state pension systems to immediately begin a systematic review of their investments, utilizing the standards of good corporate conduct established by the Board Regents of the University of California on June 21, 1985

I believe that approach sends a clear, unmistakable signal to both our policymakers in Washington and more importantly, to the regime in South Africa, that the pace of change away from apartheid is too slow. At the same time, this anti-apartheid message is sent in a manner which is consistent with our legal and moral obligations to those who are depending on the sound investment of their pension funds

SEC 24 80—For local assistance, Department of Education I revise this Section to reduce the appropriation from $60,000,000 to $4,000,000

In the 1984–85 fiscal year, in response to a variety of demands for increased State assistance for child care services, I established the Child Care Task Force to conduct a review of the various demands and to recommend a course of action which would

provide the most cost effective services for those with the greatest needs.

The Child Care Task Force conducted a statewide survey and analysis and found that needs for child care vary widely as to type of care desired, and as to the ages of children for which parents seek child care. On this basis, the task force has recommended that local jurisdictions individually assess the availability and needs for child care.

In the 1984–85 fiscal year, I signed AB 3138 and SB 1674 to provide an increase of $8.5 million in those child care programs which help the neediest—programs for the handicapped and respite care for children of parents needing temporary assistance. My actions also provided for the funding of at least one Resource and Referral Agency in each county, so that parents and child care providers, as well as local jurisdictions, would have a local base of expertise to turn to for assistance in meeting demands for child care services. I believe that this base will be of great assistance to local jursidictions in this effort.

The Child Care Task Force also found that additional state assistance in selected child care programs could have an immediate and significant impact on providing for the most urgent child care needs. On this basis, I am approving an augmentation of $1.6 million for the School-Age Parenting and Infant Development Program, which will provide a 33 percent increase in State funding to assist high school and junior high school parents complete their educations. I am also approving the augmentation of $2 4 million for the Alternative Payment Program which is one of the most cost effective means of providing additional child care while retaining parental choice in the selection of such services. I will also support the passage of legislation to appropriate an additional $3.6 million for the Alternative Payment Program, which when combined with the augmentation in this act, will provide a total augmentation of $6 million, or 32 percent, in such funding. Finally, I will support legislation to appropriate an additional $1 million in augmentation of the Work Incentive Program to provide child care services for parents participating in job search activities in the WIN program This 33 percent increase is consistent with the goals of my Administration to encourage those that are able to become selfsufficient members of society

My total proposed increase of $8 6 million will, I believe, provide for our most urgent child care needs.

I revise this section as follows:

"SEC. 24 80 (a) the sum of ~~thirty million dollars ($30,000,000)~~ *four million dollars ($4,000,000)* is hereby appropriated from the General Fund to the Superintendent of Public Instruction for the 1985–86 fiscal year, in addition to, and in augmentation of, the appropriation in Item 6100-196-001 and any other appropriations for the purposes of child care and development services, for expenditure for the purposes of Chapter 2 (commencing with Section 8200) of Part 6 of the Education Code for allocation in accordance with the following schedule:

~~(1) Campus child care and development programs ..... $3,000,000~~

~~(2) Migrant child care and development programs ..... $3,000,000~~

(3) Child care and development programs serving the children of teenage parents, including, but not limited to, school age parenting and infant development programs ..... ~~$3,000,000~~ *$1,600,000*

~~(4) Respite child care service ..... $3,000,000~~

(5) Alternative payment programs $2,400,000

~~(6) State preschool program reimbursement rate increases ..... $1,200,000~~

~~(7) State preschool program transportation ..... $300,000~~

~~(8) Intergenerational child care ..... $300,000~~

~~(9) Parent services projects ..... $300,000~~

~~(10) Child development division study of severely handicapped needs $45,000~~

~~(11) All other child care and development programs ..... $13,455,000~~

~~(b) The sum of thirty million dollars ($30,000,000) is hereby appropriated from the General Fund for expenditure for latchkey programs pursuant to the provisions of SB 303 and contingent upon the enactment of SB 303 into law.~~"

SEC. 25.00—I eliminate this section.

This section would appropriate $5,000,000 for a new Academy for the Advancement of Public Policy. My budget includes sufficient resources for the Legislature and the Administration to enable State policy makers to stay informed about public policy issues. To the extent that the proposed activities of the Academy represent an improvement over current means of obtaining information, existing resources could be redirected to those types of activities.

With the above deletions and reductions, I hereby approve Senate Bill No. 150.

The actions I have taken on Senate Bill No. 150 will continue the reserve established in the 1984 Budget Act at the 3.7 percent level and provide funding for budget-related legislation now before me but not fully funded. These measures are:

- Assembly Bill No 38 dealing with court-ordered and voluntary desegregation costs, ($95,000,000);
- Senate Bills No 1079 and No. 125 reducing the cost of the solar and energy conservation tax credits ($16,000,000 net change from the Budget Act); and
- Assembly Bill No 36 and Senate Bill No. 20 providing for a guarantee of a loan in the Western Money Center situation ($63,000,000)

Additionally, these actions will reverse the proposed transfer of Tidelands revenues to the General Fund which I believe is not sound budget policy and reverse the arbitrary increase in revenues based on the unjustified addition of auditors to the Franchise Tax Board.

The actions I have taken on Senate Bill No 150 will also permit me to set aside sufficient funds to support legislation to address the following priorities and obligations;

- Provision for further funding equalization for school districts ($21,000,000),
- Funds to assist in repairing our streets and roads ($125,000,000);
- Increased efforts to clean up the groundwater in the Stringfellow toxic waste situation ($10,000,000 General Fund and $15,000,000 special funds).
- Additional funds for child care ($4,600,000),
- Addressing the costs to local governments of the mandate for unemployment insurance coverage ($42,000,000);
- Addressing the cost of service credit awarded STRS retirants for unused sick leave ($18,000,000);
- Repayment of money redirected from the emergency telephone account in previous years ($54,300,000);
- Repayment of money redirected from the Off-Highway Vehicle Account in previous years ($14,500,000); and
- Restoration of funding reductions made by the Legislature in the budget of The Commission on the Status of Women ($119,000).

SECTION 1 00. This act shall be known and may be cited as the "Budget Act of 1985."

SEC 1 50. (a) In accordance with Section 13338 of the Government Code, as added by Chapter 1284, Statutes of 1978 (AB 3322), and as amended by Chapter 1286, Statutes of 1984 (AB 3372), it is the intent of the Legislature that this act utilize a coding scheme compatible with the Governor's Budget and the records of the State Controller, and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

(1) Appropriation item numbers have a code which is common to all the state's fiscal systems. The meaning of this common coded item number is as follows.

2720—Organization Code (this code represents the California Highway Patrol)
001—Reference Code (first appropriation for a particular fund for support of each department)
044—Fund Code (Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in organization code order as reflected in the Governor's Budget.

(3) All the appropriation items, reappropriation items and reversion items, if any, for each department or entity have been brought together and are adjacent to one

another.

(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes used in this act in order to provide compatibility between the codes used in this act and those used in the Governor's Budget and in the records of the State Controller.

(d) Notwithstanding any other provisions of this act, the Department of Finance may revise the schedule of any appropriation made in this act where such revision is of a technical nature and is consistent with legislative intent. Such revisions may include, but shall not be limited to, the substitution of category for program or program for category limitations, the proper categorization of allocated administration costs and cost recoveries, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations including the elimination of categories providing for amounts payable from other items or other appropriations and the distribution of unscheduled amounts to programs or categories. Such revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other provision of this act, when the Department of Finance, pursuant to (d) above, approves the schedule or revision of any appropriation relating to the elimination of amounts payable, the language authorizing such transfer shall also be eliminated.

SEC. 2.00. The following sums of money, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 1985–86 fiscal year beginning July 1, 1985, and ending June 30, 1986. Appropriations for Capital Outlay, unless otherwise provided herein, shall be available for expenditure during the 1985–86, 1986–87 and 1987–88 fiscal years, except that appropriations for studies, planning, and working drawings, and minor capital outlay shall, except as provided herein, be available for expenditure only during the 1985–86 fiscal year In addition, every appropriation made in this act for construction, or working drawings and construction, that has not been allocated, through fund transfer or approval to proceed to bid, by the Director of Finance on or before June 30, 1986, shall, except as provided herein, revert as of that date to the fund from which the appropriation was made. All such appropriations, unless otherwise herein provided, shall be paid out of the General Fund in the State Treasury

Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for salaries, support or any proper purpose, expenditures shall be made therefrom for any such purposes, to the extent only of the amount herein appropriated, unless otherwise stated herein, or authorized pursuant to Section 11006 of the Government Code

Appropriations for purposes not otherwise provided for herein which have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

(b) 300000-Operating Expenses and Equipment	3,561,000
(c) Reimbursements	−19,000

Provisions:

1. The Director of General Services may not approve a contract, permit, or lease agreement by the museum (excluding those for museum exhibits), which reduces state revenues or increases state costs by $25,000 or more, unless, not sooner than 30 days prior to giving his or her approval, the director submits in writing to the Chairperson of the Joint Legislative Budget Committee notification of the director's intent to approve such contract, permit, or lease, or not sooner than such lesser time as the chairperson may in each instance determine.
2. The Executive Director of the Museum of Science and Industry, when acting in the capacity of the Executive Vice President of the Museum Foundation of Los Angeles, shall notify the Legislature of his or her intent to enter into contractual arrangements which involve the Museum of Science and Industry. The Executive Director shall provide the Legislature with copies of all such executed contracts.
3. Of the funds appropriated in this item, $318,000 shall be available only for the provision of 19 Exhibit Information Assistant (EIA) positions. The museum shall use, to the maximum extent possible, federal work-study funds to support the EIA positions and shall revert to the General Fund any savings achieved by participating in the Work-Study Program. The Museum of Science and Industry shall provide to the Chairperson of the Joint Legislative Budget Committee and the Chairperson of the fiscal committee of each house by December 1, 1985 (1) information on the feasibility of obtaining federal work-study funds to support the EIA positions, and (2)

Item Amount

Director of Finance for the purchase of office copier machines are hereby appropriated from the Service Revolving Fund as a loan to be repaid upon such terms and conditions as prescribed by the Director of Finance.

2. No more than $36,595,000 appropriated in this item may be expended for support of the Office of State Printing.
3. Purchase of any equipment for the Office of State Printing, except as provided for in this item, is subject to Section 28 of this act.
4. Any surplus resulting from legislative printing shall be shown as reimbursements to Item 0130-021-001 of this act.
5. None of the funds appropriated in this item may be expended to operate the gasification plant in Sacramento unless the Department of General Services determines that it is economical to do so. The Department of General Services shall report to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees of each house on a quarterly basis beginning October 1, 1984, on the status of the gasification plant and the department's determination of any savings achieved by operation of the gasification plant.
7. The limitation of Item 9840-001-988 shall not apply to any deficiency expenditure authorization for the Service Revolving Fund pursuant to Section 11006 of the Government Code, in cases where the Legislature approves funds for a particular service or purchase of equipment, the provision of the service or purchase of the equipment involves additional expense to be incurred by the Department of General Services and no additional funds have been appropriated to the department for that purpose.
8. The Department of General Services shall immediately establish whether the state or the consulting contractor or architect is liable for the cost of correcting the design and/or construction deficiencies in new state office buildings, including the building in San Jose, The Long Beach Energy Commission Building in Sacramento, the Site 3 Building in Sacramento, the Gregory Bateson Building, and the Justice Building in Sacramento, as identified in Department of General Services' 1985–86 special repairs projects. The Department of General Services shall take immediate action to require the responsible contractor or architect to correct these problems at no cost to the state.
9. The Department of General Services shall repair all improperly installed doorways in the San Jose State office building using funds within the Service Revolving Fund.

Item Amount

11. The Department of General Services shall not contract for janitorial services in state office buildings scheduled for occupation in 1985–86 in San Francisco and Sacramento, and the state office building in Van Nuys.
12. The Department of General Services shall expend up to $4,583,000 for the purchase of customer premise telephone equipment subject to repayment without interest at a rate subject to agreement with each client department for repayment. Information about the purchase cost of equipment and rate of repayment shall be reported to the Department of Finance and the Joint Legislative Budget Committee within 30 days of the commitment of funds.
13. The budget for the 1986–87 fiscal year for two program elements of this budget item shall be prepared using a zero-base budget technique. The Department of Finance and the Department of General Services shall select the two program elements.
14. If Senate Bill 630 of the 1985–86 Regular Session is chaptered during the 1985–86 fiscal year, any unexpended funds appropriated in this item specifically for the support of the California State Police shall be transferred to Item 1840-001-666 upon the effective date of that bill.

Provisions:

1. For Program 20—Notwithstanding other provisions of law, up to 10 percent of any of the amounts scheduled within Item 2660-001-042, may be transferred to Item 2660-101-042 or Item 2660-301-042 only under emergency situations, for implementation of cost savings programs, or to maximize the use of federal funds. These transfers shall require the prior approval of the California Transportation Commission and the Department of Finance.
2. For Program 20—Highways, funds appropriated by this item shall be available for support of those projects which have been included in a State Transportation Improvement Plan adopted by the California Transportation Commission.
3. For Program 20—The department shall notify the chairperson of the fiscal committees and the Chairperson of the Joint Legislative Budget Committee at least 20 days prior to spending funds to expand activities above budgeted levels or to implement a new activity not identified in the budget, including any such expenditures to be funded through a transfer of money from other expenditure categories or programs, except in the case of emergency snow or storm

Item Amount

damage work increases.

4. For Program 20—$7,500,000 appropriated in this item may be encumbered for the procurement of computer-aided design and drafting (CADD) system equipment only after the Office of Information Technology (OIT) has approved the feasibility study report for the 1985–86 phase of the CADD project, and has reviewed a cost-benefit analysis of the lease-purchase versus purchase alternatives for the equipment, and has provided the Joint Legislative Budget Committee with this information and its recommendations. The amount spent shall not exceed the amount approved by OIT in its review. Any approved amount in excess of the appropriation is authorized for expenditure no sooner than 30 days after the Director of Finance has notified the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees, and when the proper funding is secured.
5. For Program 20—The department shall report to the Joint Legislative Budget Committee no later than May 15, 1986, on all highway roadside maintenance contracts in effect, providing information on the cost of each contract, the service provided, the duration of the contract, and the amount in personnel-years equivalent and total cost to the department had the service been provided by department staff. The report shall also identify the total amount allocated for contracted roadside maintenance work for the year. Any amount not expended or obligated for such contracted services shall be reverted by June 30, 1986.
6. The department shall not encumber any of the $1,635,000 included in this appropriation for distributed data processing (DDP) until a final feasibility study report (FSR) has been submitted to, and approved by the Office of Information Technology. At a minimum, the FSR shall address (a) how this project integrates with other computer automation projects, (2) the computer and personnel needs on a statewide basis, and (3) the impact the DDP project will have on the operation of the Teale Data Center.
7. Of the amount appropriated in toll bridge funds, $200,000 shall be for a study to identify the traffic patterns of westbound trucks on the San Francisco Bay Bridge and its East Bay approaches. The department shall consult with the Metropolitan Transportation Commission and the San Francisco Port Authority in the design of the study and in the review and approval of the final report by March 15, 1986.

Provisions:

1. Notwithstanding Section 2.00 of this act, funds appropriated in category (1) shall be available for expenditure only during the 1985–86 fiscal year.
3. Funds appropriated in category (10) for acquisitions as additions to Chino Hills State Park shall be encumbered subject to the following conditions:
   (a) The Bryant property which the state has an option to purchase for approximately $4,800,000 shall be the first priority for acquisition by the Department of Parks and Recreation.
   (b) In the event that the purchase is not completed, then any remaining funds shall be reappropriated for the acquisition of property commonly known as the Brea-Olinda Wilderness Area, Rimpau, Chevron, Lamb, Hobbs, Brown, or any other high priority property in the Chino Hills area.
4. Funds appropriated in category (10.1) for acquisitions as additions to Chino Hills State Park shall be encumbered subject to the following conditions:
   (a) The Shell Oil property which is commonly known as the Brea-Olinda Wilderness Area (approximately 1,100 acres) shall be acquired or leased by the Department of

Item Amount

Parks and Recreation. However, a maximum of $11,000,000 shall be expended to purchase the 1100 acres.

(b) If the owner has not reached agreement with the Department of Parks and Recreation by June 30, 1988, then the funds that would have been available for acquisition of the property are reappropriated for the acquisition of other properties commonly known as Rimpau, Chevron, Lamb, Hobbs, Brown, Getty, or any other high priority property in the Chino Hills project area.

5. Funds appropriated in category (17) of this item for the acquisition of lands for the Coit Ranch access at Henry W. Coe State Park shall not be encumbered unless and until the Director of Parks and Recreation determines the portion of the acquisition which ultimately will not be required for the purpose of park access and reports his finding to the State Public Works Board. Upon completion of the acquisition, the Director of General Services shall offer for sale for fair market value that portion of the acquired lands which the Director of Parks and Recreation and the State Public Works Board have determined is not needed for the purpose of park access. The sale proceeds shall be deposited in the Parklands Fund of 1984.
6. The funds appropriated in category (4) are approved with the condition that there shall be a 30-day review by the Joint Legislative Budget Committee prior to Public Works Board action.
7. No funds appropriated in category (3) of this item for construction of a visitor center at Ano Nuevo State Reserve shall be encumbered unless and until the Director of Parks and Recreation certifies to the State Public Works Board that at least $1,000,000 of nonstate funds is available for the purposes of the project for eventual reimbursement to this item. Funds for working drawings and agency retained items, however, which are needed for expenditure prior to construction, may be encumbered prior to the above certification.
8. Funds appropriated in categories (23) and (23.5) for the acquisition and development of the Old Sacramento Railroad Excursion Line shall not provide for passenger origination from Land Park.

3810-001-941—For support of the Santa Monica Mountains Conservancy, for transfer to Item 3810-001-001, payable from the Santa Monica Mountains Conservancy Fund		211,000
Provision:		
1. Notwithstanding any other provisions of law, up to $211,000 deposited in the Santa Monica Mountains Conservancy Fund from the sale of lots at Wilacre Estate may be transferred to schedule (d) of Item 3810-001-001 if otherwise required to fund the reimbursement required in that schedule. Funds subsequently deposited in the Santa Monica Mountains Conservancy Fund shall replace any of the Wilacre Estate proceeds which have been transferred to schedule (d) of Item 3810-001-001 pursuant to this provision.		
3810-301-036—For capital outlay and local assistance, Santa Monica Mountains Conservancy, payable from the Special Account for Capital Outlay		8,474,000

Item		Amount
Schedule:		
(1)	20.10.015—Appraisals, project planning and design	40,000
(2)	20.10.105—Cherry Canyon—Property options, acquisition	1,200,000
(3)	20.10.110—La Tuna Canyon—Property acqusition	1,250,000
(4)	20.10.115—Lower Zuma Canyon—Acquisition	5,984,000

Provisions:

1. The conservancy shall transfer necessary funds appropriated in category (2) to the City of La Canada-Flintridge for the purpose of acquiring the Cherry Canyon property, subject to Provision 2 of this item. The City of La Canada-Flintridge shall be responsible for the operation and maintenance of the Cherry Canyon property.
2. No funds appropriated in category (2) shall be expended unless and until local sources contribute a minimum of $500,000 toward the purchase price of the Cherry Canyon property.
3. The conservancy shall seek an operating agreement with the City of Los Angeles for the La Tuna Canyon property after the acquisition of that property.
4. Notwithstanding any other provision of law, if the National Park Service has not, within four years from date of acquisition, reimbursed the appraised market value of the property acquired in category (4), pursuant to Section 33204 of the Public Resources Code, the property shall be sold for fair market value by the Department of General Services, pursuant to Section 33205 of the Public Resources Code. Notwithstanding Section 11011 of the Government Code and Section 33205 of the Public Resources Code, the net proceeds from any property sold, or any reimbursement made, pursuant to this provision shall be deposited in the Special Account for Capital Outlay.
5. No funds may be encumbered for acquisition pursuant to category (4) unless the Executive Director of the Conservancy certifies to the State Public Works Board that adequate assurances have been received from the Department of the Interior that reimbursement will be made within the time specified in Provision 4.
6. No funds appropriated in this item shall be expended for grants unless and until both of the following conditions are met:
   (a) The conservancy adopts written procedures to prevent premature transfers of grant funds that would result in significant interest earnings being foregone by state funds. The procedures may provide for the conservancy to determine that a deferred

transfer would jeopardize the purpose of a grant and that an early transfer is necessary. Where this determination is made, grant agreements shall provide that any interest earned shall be transferred to the General Fund on a quarterly basis, provided that the cumulative interest earnings to be transferred exceed $10,000. The transferred interest shall be specifically identified in the 1986–87 Governor's Budget.

(b) The Executive Director of the Conservancy certifies to the Controller that the conservancy has complied with the procedures and requirements in subdivision (a).

(f) 50.02-Distributed Management and Administration	−28,057,000	
(g) Reimbursements	−7,654,000	

Provisions:

1. The amounts appropriated in Items 3860-001-001 to 3860-001-940, inclusive, shall be transferred to the Water Resources Revolving Fund (691) for direct expenditure in such amounts as the Department of Finance may authorize, including cooperative work with other agencies. The money so transferred shall be placed in a special account in that fund and shall not be available for expenditure after June 30, 1986. Any unencumbered balances shall be returned to the appropriate funds as of June 30, 1986. Expenditures for technical services and general management charged to programs from all support appropriations for the Department of Water Resources in this act shall not exceed $24,727,000 and $10,766,000, respectively, without prior approval of the Department of Finance.
2. Of the amount appropriated in this item, $1,500,000 shall be to establish, pursuant to an interagency agreement with an appropriate state educational institution, a comprehensive service laboratory for analysis of water, soil, and air systems associated with agriculture in order to implement AB 791 of the 1985–86 Regular Session. $2,500,000 shall be for a study to operate, under controlled conditions, a water delivery system in the Grassland Water District in order to minimize the impacts on water quality in the San Joaquin River and on groundwater supplies and the habitat in the district. $450,000 shall be to purchase water from the federal Central Valley Project to provide water as part of a study to improve water quality in the San Joaquin River.

Item		Amount
3. Expenditure of funds appropriated in this item for a water delivery system in the Grassland Water District is contingent upon the following conditions being met:		
(a) An agreement is signed by the Secretary of the Resources Agency and local interests, within 180 days of the effective date of this act, which establishes an equitable sharing of costs for the construction and operation of any proposed facilities.		
(b) The operation of any proposed facilities shall not adversely impact the beneficial uses of the San Joaquin River. Grassland Water District and those entities draining through the district shall develop and implement a phased program to reduce selenium concentrations and loads in water entering the San Joaquin River from the district. The program shall be modified, as necessary, to conform to future water quality objectives adopted by the regional board.		
(c) The state board exercises its jurisdiction, if necessary, to place conditions in water rights permits which appropriate water for delivery to Grassland Water District.

(b) Delta Levee Subventions	2,000,000	

Item Amount

Provisions:

1. The funds appropriated in category (a) of this item shall be available for partial payment (90 percent of the amount recommended by the Department of Water Resources) of claims for reimbursement following a completed engineering review by the Department of Water Resources. The remaining portion of the claims shall be paid after an audit has been completed by the Controller's office. Funds available in this item shall be available in the final quarter of the fiscal year for payment of advance claims only after the necessary funds are first committed to paying reimbursement claims that will be ready for payment in 1985–86. No expenditures shall be made until the local organizations give assurances that they will maintain and operate the projects after completion in a manner which will accomplish the purposes for which the projects were authorized and constructed and as may be required by the federal agencies concerned and the Department of Water Resources, and that the local organizations will hold and save the State of California free from damages or claims due to the construction, installation, or operation and maintenance of the project.
2. The funds appropriated in category (a) of this item are for expenditure by the Department of Water Resources, in accordance with Chapters 1 (commencing with Section 12570), 2 (commencing with Section 12639), 3 (commencing with Section 12800), 3.5 (commencing with Section 12840), and 4 (commencing with Section 12850) of Part 6 of Division 6 of the Water Code, for payment of, and for reimbursement for necessary advances made for, the cost of cooperation by the state for major flood control projects adopted by the Legislature, for small flood control projects approved under Section 12750 of the Water Code, and for watershed protection and flood prevention projects as authorized pursuant to Chapter 4 (commencing with Section 12850) of Part 6 of Division 6 of the Water Code, and administrative costs.
3. No costs incurred for maintenance or improvement shall be reimbursed from the appropriation in category (b) of this item if the entire cost incurred per mile of levee is $1,000 or less. Up to 50 percent of any costs incurred in excess of $1,000 per mile shall be reimbursed. No funds appropriated by this item shall be expended for the purposes of the item unless a nonstate entity provides hold harmless assurances to the State of California for the work which would be done with such funds.

completion or operation of the following projects and for materials and necessary construction, reconstruction, relocation, or alterations to highways, railroads, bridges, powerlines, communication lines, pipelines, irrigation works and other structures and facilities and for appraisals, surveys, and engineering studies incidental thereto.

2. The funds appropriated in categories (1) and (5) of this item include funding for preliminary plans, working drawings, construction supervision, and contract administration to be performed by Department of Water Resources personnel in completion of the project.
3. Notwithstanding the provisions of Section 2.00, the amounts appropriated in this item shall be available for expenditure only during the 1985–86 fiscal year.
4. Any assurance agreement signed by the Reclamation Board and the United States Army Corps of Engineers for snagging and clearing work on the San Joaquin River shall include a plan for financing all of the required mitigation, including the objective of net long-term enhancement, as provided in Chapter 1530 of the Statutes of 1984. This financing plan shall establish whether federal, state, and/or local funds and resources shall be used to pay for each cost associated with providing the required mitigation, as set forth above, the amount that each source will be responsible for providing, and a schedule establishing when these funds and resources are to be made available.

   The assurance agreement shall also provide that the required mitigation work, where possible, shall proceed concurrently with the project implementation. The Director of the Department of Water Resources shall certify the adequacy of this financing plan. The certified financing plan shall be transmitted to the Legislature at least 30 days prior to any assurance agreement being signed.

   The Department of Fish and Game shall monitor and report to the Legislature on the implementation and effectiveness of the mitigation plan.
5. (1) Any assurance agreement entered into between the Secretary of the Army and the Reclamation Board for the Chico Landing to Red Bluff Project shall provide for full mitigation of the impacts of the project on riparian habitat, wildlife, and fisheries. (2) Prior to entering into the above assurance agreement, the Reclamation Board shall enter into an agreement with the Department of Fish and Game that will provide for full mitigation of the impacts of the project on riparian habitat, wildlife, and fisher-

Provisions:

1. The Office of Statewide Health Planning and Development shall report to the Legislature by August 1, 1985, on its proposed system of disclosure pursuant to Chapter 1326, Statutes of 1984. The report shall demonstrate that the office's proposed system is equivalent to the reporting and disclosure requirements of the California Health Facilities Disclosure Act as it existed on December 31, 1984. Such demonstration shall, at a minimum, include the following:
   (a) Detailed information about the office's proposed system for making individual health facility data available to the public in a manner equivalent to the system currently operated by the California Health Facilities Commission. This shall include information about the specific methods by which members of the public may request data from the office on the Health Services Agencies (HSA), and about the procedures for filling such requests.
   (b) Detailed information about the individual and aggregate health facility data documents, reports, and publications which will be available to the public from the office and from the HSA, the prices that will be charged for those items, a comparison of the office's specific proposals and the system currently operated by the California Health Facilities Commission, and an analysis of the effect of the proposed system on public access to health facility data.
   (c) Detailed information about the public liaison function required of the office by Chapter 1326, Statutes of 1984, including the following:
      (1) Definition of the activities to be performed in this function, including definition of how technical assistance on the uses and applications of health facility data will be provided; educational programs and materials to be produced to inform the public about health care costs and opportunities to use health care resources more cost effectively; and provisions for assessing and meeting changing needs of data users.
      (2) Definition of the role, if any, that the HSA will play in this function; arrangements for those areas of the state which have no HSA; and an assessment of the

(i)	Amount payable from Chapter 1626, Statutes of 1984	−159,000

Provisions:

1. The Director of the Department of Finance may authorize the transfer of funds between this item and Item 4170-101-001 no sooner than 30 days after written notification to the chairpersons of the fiscal committees of each house and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee may determine of: (1) the amount of the proposed transfer; (2) an identification of the purposes for which the funds will be used; (3) documentation that the proposed activities must be carried out in the current year and that no other funds are available for their support; and (4) the impact of any transfer on the level of services.
2. The Department of Aging shall expand the Multi-Purpose Senior Services Program (MSSP) to four additional sites which shall serve major, well-populated, well-defined geographic areas which are currently not being served by existing MSSP projects and which demonstrate a need for services.

   Priority shall be given to areas which have (1) a low-income senior citizens and (2) a higher than state average proportion of minority representation.
3. The department shall conduct a study to assess the impact of the condition and limitation on transfers, and the delivery of social services to seniors within this state.

   The study shall encompass the following two major components:

   (a) Assessment of the impact of the transfer language on both nutrition and social services within individual Planning and Service Areas and on a statewide basis; and
   (b) Assessment of current uses of Title III-B funds and recommendations as to priority uses of social service funds which will complement the policy directions already established within California; and assessment of any level of unmet needs for Title III-B services.

   The department shall provide this report to the Secretary of the Health and Welfare Agency and the Legislature by February 1, 1986.
4. The department shall expend up to $100,000 of the funds appropriated in this item for consulting services for development of a Long-Term Care Division Management Information System.

Provisions:

1. Provision 1 of Item 4170-001-001 is also applicable to this item.
2. No more than 5 percent of the funds received under Title III-(C) (1) of the Older Americans Act, by either the Department of Aging or by individual Area Agencies on Aging, shall be transferred to provide for services under other titles of the Older Americans Act or for other uses, until the following conditions, within each Planning and Service Area, have been satisfied:
   (1) Full implementation of the priorities specified in subdivisions (b) and (c) of Section 4 of Chapter 616, Statutes of 1984, which addresses the issues of reducing the number of elderly persons who are currently on waiting lists, and increasing the number of days per week that meals are provided under the home-delivered meals program from 5 to 7.
   (2) Ethnic minority participation within the congregate meal program is equal to at least

Item Amount

5 percent, and ethic minority participation within the home-delivered meal program is equal to at least 5 percent of the number of ethnic minority persons aged 60 years and older residing within each Planning and Service Area, based on the current United States Census Bureau reports.

Transfers between Title III-C (1) and III-(C) (2) may be made to the extent permitted by federal law; transfers from Title III-C (2) to Title III-B are prohibited. Transfers between state congregate and home-delivered meals program funds shall be unrestricted to allow for maximum flexibility in meeting local nutrition needs.

3. (a) Applicants not selected, and who appealed the director's decisions on the initial 10 sites, shall have the right to appeal the director's decision to the Department of General Services. If the department finds in favor of an applicant, the department shall fund that project from funds appropriated in this item.

(b) If funds are available after the appeal process is completed, the department shall establish, by January 1, additional linkages sites for a maximum of 15 linkages sites around the state. These sites shall be selected from either the list submitted to the director by the Long Term Care Committee or from the top 10 projects ranked by the department staff.

In making these selections the director shall give priority to projects that (a) provide a balanced geographic and demographic distribution of the 15 linkages sites, and (b) serve a large population of minority and poor elderly in their community.

Sites not selected shall be able to appeal the director's decision to the Department of General Services.

Provisions:

1. Should any additional federal funds become available to support venereal disease programs currently operated pursuant to state law by the Department of Health Services, such funds shall be used in lieu of funds appropriated by this item for the same purpose to the extent consistent with federal law or regulations.
2. Department fees subject to the annual fee increase provisions of subdivision (a) of Section 113 and subdivision (a) of Section 114 of the Health and Safety Code as added by Chapter 1012, Statutes of 1980 and Chapter 327, Statutes of 1982, shall be increased at a rate of 1.72 percent effective January 1, 1986. For each 1 percent increase in employee compensation granted in the Budget Act, 0.57 percent shall be added to the fee adjustment.
3. Departmental fees subject to the annual fee increase provisions of Section 116 of the Health and Safety Code as added by Chapter 327, Statutes of 1982 shall be decreased at a rate of 6.38 percent effective January 1, 1986. For each 1 percent increase in employee compensation granted in the Budget Act, 0.53 percent shall be added to the fee adjustment.
4. Effective July 1, 1985, the annual fee, for a general acute hospital, acute psychiatric hospital, special hospital, general acute care/rehabilitation hospital, psychiatric health facility, and chemical dependency recovery hospital is $11.03 per bed.

   Effective July 1, 1985, the annual fee for a skilled nursing facility, intermediate care facility, or intermediate care facility for the developmentally disabled is $52.20 per bed.
5. The Department of Health Services shall submit a report within 30 days of the end of each month to the chairperson of the fiscal committee of each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee if, in any given month, the department's salary savings rate exceeds 9.5 percent. The first report shall be due September 30 and shall cover the July and August pay periods. The report shall identify the reason for the excess savings and the steps the department plans to take to ensure that budgeted positions are filled.

18. Departmental fees subject to the annual fee adjustment pursuant to Section 115(a) of the Health and Safety Code, added by Chapter 327, Statutes of 1982, shall be increased by 1.03 percent effective January 1, 1986. For each 1 percent increase in employee compensation granted in the 1985 Budget Act, 0.37 percent shall be added to the fee adjustment.

Item Amount

19. The regulation package prepared by the department to establish maximum contaminant levels for drinking water shall include separate documentation of the results from the risk assessment and engineering feasibility studies used to develop the levels so that health risks and costs of achieving recommended levels and alternative levels can be determined. In addition, the regulation establishing the maximum contaminant level shall include an estimate of the health risk imposed on persons exposed to drinking water with contaminants at a level equal to the allowed maximum.

20. The department shall develop, at a minimum, three primary drinking water standards (maximum contaminant levels) during the 1985–86 fiscal year from among the following organic chemicals: trichloroethylene (TCE), 1,1,1,-trichloroethane (TCA), perchloroethylene (PCE), ethylene dibromide (EDB) and dibromochloropropane (DBCP) and develop five action levels (health advisories), as appropriate.

In developing maximum contaminant levels the department shall, in cases of scientific ambiguity, use the criteria most protective of public health and incorporate the following considerations:

(a) The existence of groups or individuals in the population which are more susceptible to adverse effects than the normal healthy adult.

(b) The exposure of contaminants in media other than drinking water (including exposures in food, in the ambient air, and in occupational settings) and the resulting body burden of contaminants.

(c) Possible synergistic effects resulting from exposure to, or interaction by two or more contaminants.

(d) The contaminants exposure and body burden levels which alter physiological function or structure in a manner reasonably suspected of increasing the risk of illness.

The department shall not award any contract for the development of maximum contaminant levels until such time as conflict of interest guidelines have been developed.

Not more than $1,400,000 shall be spent on the development of primary drinking water standards, which shall be based on the state statutes in effect on July 1, 1985.

Item Amount

21. Of the amount appropriated by this item $2,600,000 shall not be available for expenditure until such time as legislation has been chaptered the provisions of which:
    (a) Immediately establish interim public health drinking water standards for at least 30 organic chemicals; and
    (b) Set forth specific public health criteria for the development of maximum contaminant levels.
22. Funds for state services, administration, research and training projects as identified on page HW56 through HW61 of the 1985–86 Governor's Budget, excluding reimbursement from responsible parties for Superfund clean-ups, are hereby approved for expenditure. The Department of Health Services shall process a budget revision for each project through the Department of Finance prior to any expenditure of funds and shall provide notification pursuant to Section 28 for any amounts in excess of those identified and for projects not identified.
23. Of the amount appropriated by this item, $450,000 shall be used to conduct a special pilot study on treatment technologies and management strategies for improving water quality affected by organic chemicals and trihalomethanes provided that:
    (a) $25,000 shall be available immediately, contingent upon the availability of an equal amount from private sector companies in Santa Clara County, to review available literature regarding drinking water treatment technologies and develop an appropriate work plan to evaluate these technologies; and
    (b) An additional amount of $425,000 shall be available for execution of the work plan, contingent upon the availability of matching funds of $150,000 from the Santa Clara Valley Water District and an additional $275,000 from private sector companies in Santa Clara County.
24. Of the amount appropriated by this item, $553,000 shall be used to contract with the County of Santa Clara for a pilot program to test private domestic water wells. The department shall secure a detailed work plan and evidence of a 25 percent match in cash or in-kind services from the county prior to awarding this contract and shall require a comprehensive report on the findings of this pilot program.

Item Amount

26. The Department of Health Services is prohibited from implementing a preventive health services reorganization proposal until 30 days after it provides a report to the Legislature which:
    (a) Meets the requirements of the law regarding the Rural Health Division.
    (b) Details position changes associated with the proposal, absent any other department proposals, and provides specific justification for any position increases or decreases.
    (c) Describes the need for and benefits of the reorganization.
27. Whenever the department discovers a contaminant in an existing or potential source of drinking water for which no action level or maximum contaminant level has been established, the department shall develop an action level within 120 days of discovery or advise the Legislature regarding why an action level is not needed or cannot be developed within the time limits prescribed.
28. Of the funds appropriated by this act, the department shall use $48,000 from the General Fund and $52,000 from federal funds for overtime related to off-hours nursing home inspections.
29. The department shall implement cancer registries in the following counties: Amador, El Dorado, Fresno, Kern, Kings, Lassen, Madera, Merced, Monterey, Sacramento, San Benito, San Joaquin, San Luis Obispo, Santa Barbara, Santa Clara, Santa Cruz, Stanislaus, Tulare, Ventura, and Yolo. Any funds not used to implement the cancer registry shall revert to the General Fund. The department shall maintain data that identify the actual cost of implementing a cancer registry. Funds appropriated for the purpose of implementing a cancer registry shall be used only for that purpose.
30. Of the amount appropriated by this item, $365,000 shall be used to assist the 9 regional water quality control boards in cleaning up contamination from leaking underground storage tanks. The department shall provide expert advice and assistance to the State Regional Water Boards on matters relating to the health effects of toxic substances in water supplies and the cleanup of contamination or pollution from leaking underground tanks and other sources. Such advice and assistance shall include, but not be limited to:
    (a) Assistance in developing procedures and protocols for assessing risks resulting from leaking underground tanks.
    (b) Preparation of toxicological risk assess-

ments.
(c) Expert testimony.
(d) Assistance in preparing public information and educational materials.

31. Of the amount appropriated by this item, the sum of $2,323,000 shall be allocated without regard to fiscal years, for the purpose of implementing Division 9.5 (commencing with Section 10800) of the Health and Safety Code as follows:
(a) To expand the Birth Defects Monitoring Program by contracting with the Counties of Fresno, Sacramento, Orange, Merced, Monterey, Santa Cruz, Solano, Yolo, Yuba, Sutter, Nevada, Amador, Calaveras, Stanislaus, Placer, Tuolumne, Colusa, Humboldt, San Joaquin, and Del Norte .. 2,016,000
(b) To purchase new computer and computer-related equipment and services for the Birth Defects Monitoring Program 307,000

32. The Department of Health Services shall establish an Occupational Health and Disease Prevention Program. The program shall be directed toward:
(a) Establishing an effective occupational disease surveillance program and developing baseline data to be used by epidemiological and occupational health researchers and the Department of Industrial Relations.
(b) Providing technical assistance to local health agencies and other state agencies regarding occupational health issues.
(c) Providing specialized training and technical assistance to local health agencies and other state agencies regarding occupational health issues.

33. The department shall establish 6 positions and allocate $500,000 from this item for the following activities:
(a) Assessing and evaluating deficiencies in existing surveillance mechanisms including but not limited to: physicians First Reports of Occupational Illness, employers First Reports of Occupational Illness, ongoing death certificate studies, and the Northern California Tumor Registry.
(b) Working with other state and local agencies to improve the utility and validity of existing data bases for surveillance of occupational exposures, morbidity and mortality.
(c) Working with other programs within the

Item Amount

Department of Health Services to generate data pertinent to the study of occupational morbidity and mortality. Such programs shall include but not be limited to the Birth Defects Monitoring Program, Resource for Cancer Epidemiology, and the Center for Health Statistics.

(d) Establishing with local health agencies, private health practitioners, and the Northern and Southern California Occupational Health Centers, pilot surveillance systems for occupational disease.

(e) Providing medical, statistical, and epidemiological assistance to counties to investigate and evaluate occupational health problems.

(f) Establishing a health hazard evaluation program to which county and other state agencies may refer matters for investigation.

(g) Providing epidemiological consultation to Cal/OSHA.

34. The Director of the Department of Health Services shall notify the chairperson of the committee in each house that considers appropriations no later than 30 days after it determines that it is unable fully to respond to a request from a local air district for technical assistance or for a risk assessment related to toxic air contaminants. The notification shall, at a minimum, include a description of the request and the reasons why the request cannot be met.

The Department of Health Services, as part of the toxic air contaminants program, shall recommend to the Department of Industrial Relations a workplace standard for each air contaminant analyzed pursuant to a request from the Air Resources Board.

35. Of the funds augmented to this item, $6,335,000 shall be allocated as follows:

(a) $85,000 to develop informational and educational materials on AIDS.

(b) $1,500,000 to train crisis center staff on AIDS treatment and the ELISA test.

(c) $150,000 for an evaluation of educational materials developed.

(d) $100,000 to support an office of AIDS ombudsman within the department; the ombudsman shall be appointed by the director.

(e) $250,000 to educate home health agency and attendant care workers.

(f) $4,250,000 for information and education grants.

Item Amount

36. $360,000 of the funds appropriated by this item shall be used to develop the following:
    (a) Audio and video materials for a media campaign that informs the general public that (1) the ELISA test does not diagnose AIDS and (2) it is safe to give blood.
    (b) Written and video materials for individuals considering use of the ELISA test which clarify that the ELISA test is not a diagnostic test.
    (c) Written and video materials providing health professionals with basic information concerning the test and its potential psychological effects.
37. Beginning on October 1, 1985, the Department of Health Services shall submit to the chairperson of the fiscal committee of each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee quarterly status reports on the testing program specified in Chapter 23 of the Statutes of 1985.
38. The department shall adhere to the following requirements when spending the $1,500,000 augmentation for mental health needs arising from the HTLV-III Anti-bodies test.
    (a) The funds shall be spent on (1) training staff in crisis centers on the treatment of AIDS patients or (2) short-term counseling, not to exceed five visits per individual, for individuals who have taken the ELISA test and need additional counseling.
    (b) The department shall develop the request for proposals in conjunction with the Department of Mental Health.
    (c) Funds shall be allocated through the competitive bid process established by Chapter 1257 of the Statutes of 1983.
    (d) The department shall include in the request for proposals, language that authorizes grantees to accept donations from those receiving services.
39. The department shall ensure that (a) educational materials on AIDS are made available in languages other than English, as needed, and that (b) agencies receiving information and education funds coordinate their plans to avoid duplication of effort.
40. The funds available for AIDS information and education contracts may be used for purposes including, but not limited to, (a) General education of the public; and (b) Support of a media campaign on AIDS. The department shall create a reserve with $100,000 of these funds, which shall be used to address specific situations where public concern or fear of AIDS has become, or threatens to become, a problem as determined by the director.

Item Amount

41. Agencies receiving contracts for AIDS information and education projects may include in their contract up to: (a) 15 percent in overhead costs as long as the overhead is directly related to the project funded by the department; and (b) 20 percent in overhead costs if the committee established pursuant to Chapter 1257, Statutes of 1983 determines that exceptional circumstances exist. All contractors must attest, under penalty of perjury, that the overhead costs claimed are directly related to the project funded by the department. It is the intent of the Legislature that restrictions on overhead costs shall prevent any increase in the size of the state bureaucracy.
42. The department shall (a) develop and submit to the Legislature by October 31, 1985, a comprehensive plan to address the information and education, testing, mental health, research, and treatment needs resulting from the AIDS epidemic, and (b) consider the needs identified when developing the 1986–87 Budget.
43. The committee established pursuant to Chapter 1257 of the Statutes of 1983 shall establish and convene an advisory group consisting of (a) representatives of the committee; (b) the University of California AIDS Research Committee; (c) providers; (d) the Legislature; and (e) the executive branch in order to review both the department's comprehensive plan and issues regarding implementation. The group shall meet no less than twice a year and report its findings to the Legislature and the Governor.
45. The department shall ensure that Hypertension Control areas, shall subcontract with the Asian Pacific Islander Task Force, the East Los Angeles Task Force, and the Martin Luther King-Drew Medical Center for no less than $60,000 each.
46. Of the amount appropriated by this item, $747,000 shall be used to fund hypertension control services for identified hypertensive patients of target ethnic groups in Los Angeles, the San Francisco Bay Area, Fresno, and San Diego.
47. The department shall periodically evaluate the hypertension control services provided to determine their effectiveness in assisting patients to maintain preferred treatment regimes.
48. The department shall issue contracts to evaluate the effectiveness of the AIDS information and education materials produced by its contractors and shall submit a written evaluation to all appropriate parties.

Item Amount

49. The department shall spend $250,000 on education of hospital, home health agency and attendance care workers. In expending the funds, the department:
(a) Shall ensure that educational materials shall be developed in languages other than English.
(b) Shall allocate funds through the competitive process established by Chapter 1257 of the Statutes of 1983.
(c) Shall ensure that local agencies allocated funds coordinate plans to avoid duplication of effort.

52. The department, in consultation with the counties, shall develop a method for including assets in determining eligibility and repayment obligations, based on the systems proposed by the southern California CCS administrators and the Auditor General, a combination of these systems, or other methods.

The department shall submit to the fiscal committees and the Joint Legislative Budget Committee by December 1, 1985, a detailed plan for a pilot project to collect information on the feasibility of implementing the method selected by the department. Under the pilot project, families would submit information about assets for purposes of information gathering and testing administrative procedures. Actual eligibility and repayment obligations would be based on existing law. The plan shall include (a) a detailed description of the proposed method and the specific administrative procedures involved, (b) a schedule for implementing the pilot project, (c) an evaluation plan, and (d) a procedure for reimbursing county administrative costs.

The department shall implement the nine-month pilot program in no fewer than four independent counties by February 1, 1986. The department shall make status reports available as requested.

The department shall submit to the fiscal committees and the Joint Legislative Budget Committee a final evaluation by April 1, 1987. The evaluation report shall include, at a minimum, a comparison between the current system and the method tested of (a) the number of families that are determined eligible; (b) the costs for services to eligible clients; (c) the number of families subject to repayment; (d) the total repayments assessed; distributed by the amount of the repayment; and (e) county and state administrative costs. The report shall also identify problems with implementing the method and discuss how the tested system might be modified to ameliorate these problems.

Item Amount

53. The California Children's Services program and the Audits and Investigations Division shall jointly develop a schedule and procedures by October 1, 1985, that ensure independent CCS programs are comphrehensively reviewed every two years for compliance with both programmatic and fiscal requirements. The program and the division shall each conduct comprehensive reviews according to these procedures in four independent counties by December 31, 1985, four by March 30, 1986, and four by June 30, 1986. The 12 counties reviewed by each unit shall represent at least 40 percent of CCS payments. The reports shall be available 60 days after completion of the reviews.

These reviews shall include an examination of a sample of records to determine compliance with the department's existing requirements, specifically including, but not limited to, insurance company billing, referral to Medi-Cal, collection of repayment obligations, caseload closure, and pharmaceutical payments. The department shall also develop and implement formal procedures and timelines for followup on review findings. The procedures shall involve county submission of a corrective action plan and regular onsite followup by department staff to ensure compliance with program requirements when reviews indicate deficiencies.

56. In 1985–86, the department shall survey rural, unsurveyed counties to detect sites that pose a potential threat to the public health and the environment. The following procedures shall be used in surveying counties to detect potential hazardous waste sites: (a) review history of hazardous materials and waste generation in the county; (b) review available information from county/local agencies and the Regional Water Quality Control Boards; and (c) conduct initial assessments for all potential sites identified.

57. The department shall notify the chairpersons of the appropriate legislative policy committees, the legislative fiscal committees, and the Joint Legislative Budget Committee and the members whose districts include a Superfund site on the federal National Priority List whenever a change occurs as to the governmental agency with lead responsibility for the mitigation at that site. The notification shall include an explanation for that change in reference to the criteria for deciding lead status submitted by the department to the Legislature in May 1985. The department shall provide the notification 30 days prior to the change or within 10 days after the change in an emergency or in the case of imminent or substantial endangerment

Item Amount

of public health.

58. The sum of $500,000 is appropriated to the Department of Health Services to fund a contract for purposes of training local health department personnel in the management and control of hazardous waste. The contractor shall conduct training sessions in locations throughout the state. The training sessions shall include, but not be limited to, the following:
    (a) Statutes and regulations dealing with hazardous waste emphasizing recent changes in federal and state statutes and regulations.
    (b) Inspection of hazardous waste storage facilities. Training to include procedures for working with law enforcement agencies and collection and presentation of evidence in legal proceedings.
    (c) Personnel protection and safety.
    (d) Manifest requirements for hazardous waste generators, transporters and storers.
    (e) Department of Transportation Title 49 requirements.
    (f) Emergency response to hazardous waste spills.
    (g) Hazardous waste treatment technology.
    (h) Remedial action, site cleanup and mitigation.

    The contractor shall have demonstrated abilities in the following areas:
    (a) Curriculum development and provision of training in the public health aspects of hazardous waste management.
    (b) Development of needs assessments and program evaluation instruments as such instruments relate to local public health agencies.
    (c) Experience in provision of training to local public health agency personnel.
    (d) Capabilities to recruit expert consultants in the field of hazardous waste management including individuals with expertise in the delivery of local programs.
    (e) Detailed knowledge of the delivery of local public health services.
    (f) Detailed knowledge of local hazardous waste management programs.

59. The Department of Health Services shall complete a study which identifies types or categories of hazardous wastes which should not be placed in or onto the land due to the toxicity, persistence, mobility or bioaccumlative properties of the waste. The department shall propose regulations by June 30, 1986, to restrict these wastes from land disposal.

Item Amount

60. The Department of Finance may authorize the transfer of funds appropriated in Item 4260-010-455 if it notifies the Legislature pursuant to Section 28 of this act and submits complete documentation regarding how the transferred funds would be spent and justification for the proposed expenditures.

61. The total amount of expenditures from Items 4260-020-455 and 4260-030-455 shall not exceed the total amount received from responsible parties.

62. Reimbursements from responsible parties for expenditures from the Hazardous Substance Account or other state funds, excluding bond act funds, shall be scheduled in Item 4260-030-455. The Department of Finance may authorize the expenditure of funds appropriated in Item 4260-030-455 to Item 4260-020-455 if it notifies the Legislature pursuant to Section 28.00 of this act and submits complete documentation regarding how the transferred funds would be spent and justification for the proposed expenditure.

65. The reduction of $750,000 relating to the proposed need for additional laboratory needs in the Toxic Substances Control Division is exempt from Section 13332.15 of the Government Code.

63. Except as otherwise prohibited by law, the department shall promulgate emergency regulations to adjust the public health fees set by regulation to an amount, such that if the new fees were effective throughout the 1985–86 fiscal year, the estimated revenues would be sufficient to offset at least 95% of the approved program level intended to be supported by such fees. This provision shall not apply to the fees for bottled water licenses, water vending machines and shellfish certificates. For radioactive materials licenses, the approved program level shall be calculated based on the total approved program level less the portion of the total approved program level attributable to fee-exempt facilities.

66. Of the amounts appropriated for hypertension control projects, $180,000 shall be used to conduct a study on stress and hypertension among bus drivers.

67. All of the funds appropriated by this item for the 36 state personnel positions in the Child Health Information and Claiming Unit may be used only for state personnel. None of these funds may be used or redirected to contract for claims processing services.

1. After June 30, 1986, a transfer to the Health Care Deposit Fund from this item shall be permitted to meet the total General Fund obligation incurred pursuant to this item.

Notwithstanding other provisions of this act or other state law, up to $23,286,000 in federal funds received during 1985–86 for Aid to the Totally Disabled, related to prior-year expenditures under Section 14157 of the Welfare and Institutions Code for expenditures for health care services

Item		Amount

pursuant to Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code, and up to $4,500,000 received from counties during 1985–86 as reimbursements for General Fund expenditures related to excess denial rates in prior years, are hereby appropriated and shall be expended as soon as practicable for the state's share of payments for medical care services, county administration and fiscal intermediary as follows:

(a) 50.10-Eligibility (County Administration)	12,493,000
(b) 50.11-Benefits (Medical Care and Services)	14,164,000
(c) 50.50-Fiscal Intermediary Management	1,129,000

2. Notwithstanding any other provision of law, both the federal and nonfederal shares of any money recovered for previously paid health care services, provided pursuant to Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code, are hereby appropriated and shall be expended as soon as practicable for medical care and services as defined in the Welfare and Institutions Code.
3. Notwithstanding any other provision of law, accounts receivable, for recoveries as described in proviso 2 above, shall have no effect upon the positive balance of the General Fund or the Health Care Deposit Fund. Notwithstanding any other provision of law, money recovered as described in this item required to be transferred from the Health Care Deposit Fund to the General Fund shall be credited by the State Controller to the General Fund without regard to the appropriation from which it was drawn.
4. Without regard to fiscal year, the General Fund shall make a loan available not to exceed a cumulative total of $45 million to be transferred as needed to the Health Care Deposit Fund to meet cash needs. Such loans are subject to repayment provisions of Section 16351 of the Government Code. Any additional loan requirement in excess of $45 million shall be processed in the manner prescribed by Section 16351 of the Government Code.
5. Notwithstanding any other provision of law, the Director of Health Services may give public notice relative to proposing or amending any rule or regulation which could result in increased costs in the Medi-Cal program only after approval by the Department of Finance as to the availability of funds; and any rule or regulation adopted by the Director of Health Services and any communication which revises the Medi-Cal program shall only be effective from and after

Item Amount

the date upon which it is approved as to availability of funds by the Department of Finance.

6. No funds appropriated by this item shall be used for payment to any provider of durable medical equipment under a pilot program in Fresno and Madera Counties operating pursuant to Article 7 (commencing with Section 14490) of Chapter 8 of Part 3 of Division 9 of the Welfare and Institutions Code, who sells its services or goods outside the geographic area of the pilot program without complying with the treatment authorization request procedure of the Department of Health Services.
7. Recoveries of advances made to counties in prior years pursuant to Section 14153 of the Welfare and Institutions Code are hereby reappropriated to the Health Care Deposit Fund for reimbursement of those counties where allowable costs exceeded the amounts advanced. Recoveries in excess of the amounts required to fully reimburse allowable costs shall be transferred to the General Fund When a projected deficiency exists in the Medical Assistance Program, such funds, subject to notification to the Chairperson of the Joint Legislative Budget Committee are hereby appropriated and shall be expended as soon as practicable for the state's share of payments for medical care and services, county administration and fiscal intermediary services.
8. The reimbursement rate for any procedure or service shall not be increased to exceed the Medicare rate for a comparable procedure or service, nor shall the reimbursement rate for any procedure or service which is currently above the Medicare rate be increased above its current level.
9. Notwithstanding any other provision of law, the Department of Health Services shall not assess fiscal sanctions against any county during 1985–86 and thereafter based solely upon a state established error rate standard. The department shall pass on to counties any federal sanction imposed upon the state based on the following program:
   (a) The department shall institute an eligibility quality control program to verify the eligibility determination of a sample of persons in each county granted Medi-Cal eligibility under Section 14005.4, 14005.7, or 14005.8 or Article 4.4 (commencing with Section 14140) of the Welfare and Institutions Code.
   (b) A review period shall be defined as one year and shall coincide with the federal fiscal year. The department shall draw a random sample of cases for each period. The random sample shall be drawn to ensure a minimum number of cases reviewed in each county in each review period accord-

Item Amount

ing to the following:

(1) All cases shall be sampled in any county with less than 50 Medi-Cal cases.

(2) 50 cases in any county with 0.01% to 0.50% of the Medi-Cal cases.

(3) 75 cases in any county with 0.51% to 1.00% of the Medi-Cal cases.

(4) 100 cases in any county with 1.01% to 3.00% of the Medi-Cal cases.

(5) 125 cases in any county with 3.01% to 10.00% of the Medi-Cal cases.

(6) 650 cases in any county with more than 10.00% of the Medi-Cal cases.

(c) When family members maintain separate residences, but eligibility is determined as a single unit because of the provisions of Section 14008, the county to which the parent or parents reside shall determine the eligibility for the entire unit.

(d) In administering the provisions of law and regulations related to eligibility determination, the director shall impose such fiscal penalties as provided by this section to assure adequate county administrative performance.

(e) The director shall hold counties financially liable for payments made on behalf of ineligible persons or persons with an incorrect share of costs.

When a sampled case is found to include an ineligible person or a person with an incorrect share of cost, written notification will be sent to the county department which describes the error and requests a written response within two weeks. The county must indicate whether it agrees or disagrees with the findings. If the county disagrees, the department reevaluates the error findings, taking into considerations any additional facts contained in the county's response. The county is again notified of the department's findings. If the county continues to disagree with the error findings, the county may appeal to the Chief, Audits and Investigations Division, requesting that the department review the case and render a final decision. The director may reduce or waive the fiscal liability of a county if the department is unable to meet the minimum sample requirements as earlier defined or if an individual county experienced a natural disaster, job actions, or other occurrences which impacted the findings in an individual county as determined by the director.

(f) The department shall utilize the methodology detailed in this subsection to establish counties' fiscal penalties. The depart-

Item Amount

ment shall determine each county's case error rate for each review period by dividing the number of cases reviewed in that county found in error by the number of cases reviewed in that county. State caused errors shall not be included in this calculation. Case error rates shall be arrayed from highest to lowest. From this array the department shall determine the percentage of counties liable as follows:

(1) The 60% of counties with the highest case error rates shall be liable if the state's dollar error rate exceeds the federal standard by 0.01% to 1.00%.
(2) The 70% of counties with the highest case error rates shall be liable if the state's dollar error rate exceeds the federal standard by 1.01% to 2.00%.
(3) The 80% of counties with the highest case error rates shall be liable if the state's dollar error rate exceeds the federal standard by 2.01% to 3.00%.
(4) The 90% of counties with the highest case error rates shall be liable if the state's dollar error rate exceeds the federal standard by 3.01% to 4.00%.
(5) All counties shall be liable if the state's dollar error rate exceeds the federal standard by 4.01% or more.

As used herein the state's dollar error rate means the Medicaid dollar error rate reported to the department by the Department of Health and Human Services less any portion of this error rate attributable to state caused errors. The term federal standard means the Medicaid dollar error rate standard to which the state is held accountable.

For each county determined liable, the department shall calculate a penalty multiple which shall be the product of a liable county's case error rate multiplied by the liable county's percentage of statewide Medi-Cal cases. Each county's fiscal penalty shall be the product of a county's penalty multiple divided by the sum of all penalty multiples, multiplied times the penalty bank. The penalty bank includes all federal fiscal sanctions, federal withholds, federal disallowances, and any associated General Fund expenditures, minus the value of any state caused errors.

If after the department has assessed fiscal penalties to counties the federal government reduces or eliminates any federal fiscal sanction, federal withhold, or federal disallowances, the department shall reduce or eliminate the corresponding fiscal penalty assessment including any associated

Item Amount

General Fund expenditures to liable counties.

(g) When a county welfare department contravenes state eligibility processing regulations and written instructions in a way that produces increased program benefits or administrative expenses but does not result in an increase in the federal eligibility dollar error rate, the director shall recoup from that county the additional administrative or program benefit costs above those which would have been incurred had that county not contravened the established state eligibility processing regulations and written instructions. This provision shall not be construed to interfere with the rights of counties to outstation eligibility staff.

(h) Notwithstanding the number of counties determined liable for fiscal penalties under this section, individual county corrective action plans as prescribed by the department will be required from all counties which exceed a 15% case error rate.

(i) Any penalties imposed under this system shall be collected through direct repayment from liable counties rather than through any reduction in funds otherwise due to counties.

The State Director of Health Services shall adopt emergency regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of the Government Code to implement this program. The adoption of such regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health, or safety. Notwithstanding any provision of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted by the Department of Health Services to implement this program shall not be subject to any review, approval, or disapproval by the Office of Administrative Law at any stage of the rulemaking process. These regulations shall become effective immediately upon filing with the Secretary of State.

11. Of the funds appropriated by this item, up to $25,000 may be allocated for attorney fees pursuant to Section 10962 of the Welfare and Institutions Code without prior notification to the Legislature. Individual settlements authorized under this language are limited to no more than $5,000. The semiannual estimates of Medi-Cal expenditures due to the Legislature in January and May shall reflect attorney fees paid fifteen (15) or more days prior to the

Item Amount

transmittal of the estimate.

12. For the purpose of determining rates paid during 1985–86 to prepaid health plans (PHP), the Department of Health Services shall use the method used in calculating 1984–85 PHP rates. Subject to the availability of full federal financial participation, rates for PHPs with Medi-Cal contracts in effect as of June 30, 1985, shall be no lower than the lesser of rates paid during 1984–85 or PHP costs as projected for the 1985–86 rate period (including the costs of administration) as these costs have been customarily calculated by the department.

In light of recent information indicating that Prepaid Health Plans may be more costly than the Medi-Cal fee-for-service system, the Speaker of the Assembly, the Chairman of the Senate Rules Committee, and the Governor shall each appoint two members to an advisory group which shall oversee a study to be conducted by the Department of Health Services to determine the relative cost efficiencies of Prepaid Health Plans and the fee-for-service system in delivering Medi-Cal services and the causes of such efficiencies. The study shall be completed and submitted to the Legislature by April 1, 1986.

The Department of Health Services shall submit a report to the Legislature by April 1, 1986, comparing services under Medi-Cal in the fee-for-service (FFS) and prepaid health plan (PHP) systems and the way in which the use of services has changed in the past six fiscal years. The report shall include at least the following:

(a) Comparisons of various services' utilization rates between Medi-Cal FFS and PHP systems controlling for appropriate factors (such as age or sex).
(b) Comparisons of changes in various services' utilization rates over time in the two systems controlling for appropriate factors.
(c) Changes in PHP enrollment and the factors contributing to those changes.
(d) Changes in the conditions being treated under the FFS and PHP systems.

13. Due to Medi-Cal eligibility changes caused by legislative mandate, the Legislature has determined that these eligibility changes have caused a significant increase in the number of nonapproved Medi-Cal applications. The Legislature therefore makes a finding of special circumstance for all counties whose nonapproval ratios have increased beyond the base year level due to these circumstances and, notwithstanding any other provision of law, provides in this item, (a) 50.10-Eligibility (County

Item		Amount
	Administration), $5.8 million for Medi-Cal eligibility determination costs in the 1982–83 fiscal year and the 1983–84 fiscal year which have not been reimbursed to counties because of the base year limitation. In order to obtain these reimbursements, counties shall apply for these funds and the State Department of Health Services shall certify there is sufficient evidence that counties are not including eligibility determination costs for the medially indigent services (MIA) program in their Medi-Cal administrative costs. The Department of Finance shall report to the Chairperson of the Joint Legislative Budget Committee and the chairperson of the fiscal committee of each house, 30 days prior to expenditure of the funds on its finding of the existence of special circumstances and the amount to be withheld from each county. Any funds withheld shall revert to the General Fund. The State Department of Health Services shall report to the chairperson of the fiscal committee of each house and to the Chairperson of the Joint Legislative Budget Committee by March 15, 1986, regarding the feasibility of continuing the excess denial rate withhold policy established by Chapter 1594, Statutes of 1982.	
14.	The State Department of Health Services, in cooperation with the Department of Social Services, by October 1, 1985, in consultation with the County Welfare Directors Association, shall develop a plan for conducting a study of the Medi-Cal eligibility determination process to assess and analyze existing eligibility worker caseloads and determine the appropriateness of budgeted caseload targets in the 1985–86 fiscal year in light of existing federal and state laws, regulations and court decisions which have affected the administration of this program. The department's study plan shall address concerns expressed by counties including but not limited to the following: (a) The time necessary to perform federal and state mandated tasks in the Medi-Cal eligibility determination process; (b) The overhead costs related to the Medi-Cal eligibility determination process; (c) Variances in service delivery methods at the county level, including staffing differences based upon the types and levels of staff utilized as well as the extent of manual versus automated processing; and (d) To the extent possible, county Medi-Cal processing activities which are assessed and analyzed shall be from geographically

representative areas of the state and shall be representative of very large, large, medium, small and very small caseloads.

The department shall begin the study no later than January 1, 1986, after the Joint Legislative Budget Committee reviews the study plan. The department shall use the 1984–85 fiscal year as the base year for the cost control plan in the 1986–87 fiscal year. Any other changes in the budgeted caseload targets after the 1986–87 fiscal year shall be postponed until the study has been completed and the department has presented the study findings to the Legislature, with recommendations on appropriate caseload targets and funding levels. These recommendations shall be developed in consultation with the County Welfare Directors Association.

15. Amounts identified as abatements to the county medical services program for retroactive aid to the Totally Dependent Program claims shall be transferred from the health care deposit fund to the county medical services program without regard to fiscal year.

16. The Department of Finance shall report to the Chairperson of the Joint Legislative Budget Committee and the chairperson of the fiscal committee of each house, prior to the expenditure of funds pursuant to the final court order in the case of Jackson vs. Rank, on the appropriate staffing levels necessary to meet mandated workload increases, if any. It is the intent of the Legislature that the department's staffing levels include the staff necessary to meet the permanent workload increases mandated by this court case.

17. The transfer of amounts from one category in this item to another category shall not exceed 3 percent of the amount scheduled for the receiving category. No augmentation of amounts available for expenditure in any category shall be made sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of the committee, or his or her designee, may in such instance determine.

18. When a date for public hearing has been established for a change in any program, rule, or regulation, or the Department of Finance has approved any communication revising any department program, the chairperson of the fiscal committees of each house and the Chairperson of the Joint Legislative Budget Committee shall be notified if the annual Gen-

eral Fund cost of the proposed change is $1,000,000 or more.

19. Change orders to the medical or the dental fiscal intermediary contract for amounts exceeding a total cost of $250,000 shall be approved by the Department of Finance not sooner than 30 days after written notification of the change order is provided to the chairpersons of the fiscal and policy committees in each house, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may designate.

    If there are changes or potential changes in federal funding, the Department of Finance shall provide timely written notification of the changes to the chairperson of the fiscal committee in each house and the Chairperson of the Joint Legislative Budget Committee.

20. Within 60 days of the effective date of this bill, the Department of Health Services shall include in the Medi-Cal Drug Formulary all federal FDA approved non-steriodal anti-inflammatory drugs recommended for continued inclusion or addition by the department's Medical Therapeutics and Drug Advisory Committee at their December 7, 1984, meeting.

21. It is the intent of the Legislature that utilization controls and reimbursement and service limitations, concerning vision care established pursuant to subsections (10) and (11) of Section 77 of Chapter 1594, Statutes of 1982, extended by Section 149 of Chapter 323, Statutes of 1983, and by Chapter 268, Statutes of 1984, shall cease to have effect during the 1985–86 fiscal year. Controls on service utilization for services affected by these provisions are intended to return to those in place prior to June 30, 1982.

22. Notwithstanding subdivision (a) of Section 14005.12 and Section 11003 of the Welfare and Institutions Code, it is the intent of the Legislature that maintenance need levels for a family of two adults be set at levels prescribed by subdivision (c) of Section 14005.12, even if federal financial participation is only available for those families at a lower maintenance need level. However, if the U.S. Department of Health and Human Services issues a final ruling that would result in loss of federal financial participation for more than the added cost of a higher maintenance need level for two-adult families, then the maintenance need level for these families shall be set at the maximum allowed under federal law.

Item Amount

23. None of the funds appropriated by this item shall be used to pay for induced abortions. The exclusive means for paying for induced abortions shall be through the appropriation made in Item 4260-105-001.

24. In allocating the $10 million appropriated in this item and $10 million in Item 4260-101-890 for disproportionate providers, the California Medical Assistance Commission shall take into consideration the $15 million augmentation for operating subsidies to the University of California teaching hospitals in Item 6440-001-001.

25. Notwithstanding any other provisions of law, if Item 4260-106-001 includes an increase of 9% or more for physician services under Medi-Cal, the Director of Health Services shall establish physician reimbursement rates utilizing the 1974 Relative Value Studies as the basis for determining the amounts which physicians are reimbursed under Medi-Cal. The department may develop its own reimbursement rates, or utilize the most recent edition of Physicians Current Procedural Terminology for medical procedures not included in the 1974 Relative Value Studies. Rates established pursuant to this provision shall be effective 30 days after the enactment of the Budget Act. With the written approval of the Department of Finance, the director shall adopt regulations setting these rates as emergency regulations in accordance with the provisions of the Administrative Procedure Act. Regulations established pursuant to this provision shall be exempt from the 30-day requirement contained in Section 14105 of the Welfare and Institutions Code.

4260-101-036—For local assistance, Department of Health Services, for county hospital equipment.... 5,000,000

4260-101-890—For local assistance, Department of Health Services, for transfer to Item 4260-101-001, payable from the Federal Trust Fund..... 2,307,166,000

Provisions:

1. Provisions 2, 3, 5 to 8, inclusive, and 11, 12, 15, 17, 19, and 24, contained in Item 4260-101-001 are also applicable to this item.

4260-105-001—For abortions, Department of Health Services, Program 50.11—Medical Assistance Program, benefits, for transfer to the Special Financing Fund 11,697,000

Provisions:

1. This item shall be the sole source of general funds for abortions.

Item Amount

2. The expenditures of funds appropriated by this item for induced abortions shall be limited for persons eligible for the Medi-Cal program to the extent that federal matching funds are available for these purposes; except that, regardless of whether federal matching funds are available, funds may be provided for induced abortions for these persons under any of the following circumstances:
   (a) Where the life of a woman would be endangered if the pregnancy were allowed to continue, and when so certified under penalty of perjury by two physicians, one of whom, where practicable, is a specialist in the affected medical discipline, and documentation thereof is provided with the claim for payment.
   (b) Where the pregnancy results from an act punishable under Section 261 of the Penal Code, and this act has been reported, within 60 days of its occurrence, to a law enforcement agency or a public health agency which has immediately reported it to a law enforcement agency, and the abortion occurs during the first trimester.
   (c) Where the pregnancy results from an act punishable under Section 261.5 of the Penal Code, and the female is under 18 years of age, and the abortion is performed no later than the first trimester, provided that the female's parent or guardian or, if none, an adult of the female's choice, is notified at least five days prior to the abortion by the physician who performs the abortion. Regulations governing the notice requirement shall be promulgated by the Director of Health Services.
   (d) Where the pregnancy results from an act punishable under Section 285 of the Penal Code, and this act has been reported to a law enforcement agency or a public health agency which has immediately reported it to a law enforcement agency, and the abortion occurs not later than during the second trimester.
   (e) Where it is determined by prenatal studies limited to amniocentesis, fetal blood sampling, fetal angiography, ultrasound, x-ray, or maternal blood examination that the woman will give birth to a child with severe genetic or congenital abnormality and the abortion occurs not later than the second trimester.

Item Amount

3. (a) The provider's claim for payment for abortion services shall be accompanied by documentation which specifies the circumstances under which the abortion was performed. Claims without this documentation shall not be paid.
   (b) In every case, prior to abortion, the provider shall make available to the woman appropriate counseling regarding the situation, complications, risks, benefits, and alternatives.
   (c) By May 1, 1986, the Department of Health Services shall provide the Legislature a report listing the number of abortions theretofore paid for during the fiscal year 1985–86 pursuant to this act. The report shall specify the number of abortions performed under each category, and further specify the reasons or conditions within each category which qualified the particular pregnancy for the abortion and payment pursuant to this provision.
4. Nothing in this item shall be interpreted to prohibit payment for drugs or devices to prevent implantation of the fertilized ovum.
5. Limitation on payment for abortions provided for in this item shall apply only to abortions performed after August 15, 1985.
6. None of the funds appropriated by any other item in this act shall be used to pay for abortions.
7. The State Controller shall place all funds appropriated by this item into the Special Financing Fund, which is hereby created. Henceforth, the director shall direct payment, and the State Controller shall draw warrants for payments as allowed by this item, only from the Special Financing Fund.
8. As promptly as possible, the director shall notify providers and beneficiaries of the restrictions imposed by this item. The restrictions upon providers and beneficiaries shall become effective as soon as practicable after they receive notice from the director.
9. If any provision of this item or the application thereof to any person or circumstances is held invalid, this invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

4260-106-001—For cost-of-living increases, Department of Health Services, to be transferred to and in augmentation of programs upon approval of the Department of Finance, in accordance with the following schedule 80,458,001

Item Amount

Schedule:

(a) 50.10-Eligibility (County Administration) (for transfer to Item 4260-101-000) 2,134,000

(b) 50.11-Benefits (Medical Care and Services) (for transfer to Item 4260-101-001) 159,911,002

(c) Amount payable from the Federal Trust Fund (Item 4260-106-890) ..—81,587,001

Provisions:

1. Notwithstanding any other provisions of law to the contrary, General Fund money appropriated by this item for Program 50.10, County Administration, shall be used solely to support the General Fund share of 1985–86 county administrative costs exclusive of any 1985–86 cost-of-living increases granted by counties.
2. Except as provided in Provision 25 of Item 4260-101-001, $19,411,001 from the General Fund in this item, together with $19,393,001 in federal funds appropriated in Item 4260-106-890, is intended for purposes of permitting the restoration of rate decreases effected by Sections 77, 78, and 79 of Chapter 1594, Statutes of 1982, except for those portions restored pursuant to Section 66 of Chapter 268, Statutes of 1984.
3. Long-term care facilities shall pass through a minimum of 75 percent of the rate increase attributable to increased labor costs for nonadministrative employees in relation to the dollar amount attributed in the "Salaries, Wages and Benefits" component which is the ratio of the labor cost component to the total COLA utilized in the rate setting process for those employees in the annual cost-of-living adjustment to Medi-Cal rates for skilled nursing and intermediate care facilities.

   The increases in labor provided under this item shall be in addition to the increases in labor required by Chapter 11 Statutes of 1985 (SB 53).

   To ascertain whether the amounts the Legislature provides in cost-of-living funds for other costs is adequate, the Legislative Analyst's office shall review the department's methodology for calculation of the COLA and comment in the analysis of the Budget Act of 1986–87 on the adequacy of funds provided by the COLA for each of the cost categories included in the COLA adjustment.

   In order to assure compliance with labor pass-through provisions, the department shall adopt regulations setting forth a median labor cost base on a per patient day basis for each reimbursement category. The department shall adjust the base to reflect funds included in the annual rate increase which are attributable to salaries, wages, and benefits. Each long-term

Item Amount

health care facility whose labor cost is less than the newly adjusted labor cost base shall spend a minimum of 75 percent of the rate increase attributable to labor cost increases for nonadministrative employees for salaries, wages and benefits to the extent the facility expenditures reach or exceed the median adjusted labor cost per patient day established by the department.

The department shall provide a waiver if it finds that the facility is unable to provide adequate patient care without diverting funds from labor to other categories of the cost-of-living adjustment. The department shall report to the Legislature by January 1, 1986, on the number of waivers granted and the reasons the waivers were needed.

The department shall audit to ensure compliance with this section. Any facility which does not comply shall be liable to the state for the amount of funds paid to the facility based upon the labor costs requirements not expended for labor, plus a penalty equal to 10 percent of the funds not so distributed.

4260-106-890—For cost-of-living increases, Department of Health Services, for transfer to Item 4260-106-001, payable from the Federal Trust Fund 80,787,001

4260-111-001—For local assistance, Department of Health Services 1,066,641,334

Schedule:

(b) 11-Health Protection 6,827,000

(c) 20-Community Health Services 109,136,334

(d) 25-County Health Services 942,473,000

(e) 40-Rural Health Services 8,205,000

Provisions:

1. Program 11-Health Protection:
   (a) Should influenza vaccine, or funding for influenza vaccine, become available to the state, such resources or funds shall be used in lieu of equivalent funds appropriated from the General Fund for such purpose to the extent that the same target population is served.
2. Program 20-Community Health Services:
   (a) Funds appropriated in this item for services to physically handicapped children shall be used in accordance with provisions of Article 2 (commencing with Section 248) of Chapter 2 of Division 1 of the Health and Safety Code, provided that any person who is eligible for and is receiving services under the program funded by this item shall not be denied services or suffer an interruption of services because of any relocation within this state.
   (b) Collections of family repayments (a) by CCS in excess of $750,000 and (b) by GHPP

Item Amount

in excess of $70,000 shall be used to offset the General Fund appropriation to those programs.

(c) The CCS Program shall require all CCS applicants who are potentially eligible for cash grant public assistance to apply for Medi-Cal eligibility prior to becoming eligible for CCS funded services, unless the individual declines to apply on the basis of known ineligibility under state law and the regulations promulgated thereunder.

3. Program 25-County Health Services:
   (a) The reimbursement rate for any procedure or service shall not be increased to exceed the Medicare rate for a comparable procedure or service, nor shall the reimbursement rate for any procedure or service which is currently above the Medicare rate be increased above its current level.
   (b) The $1.5 million for AIDS treatment through county medically indigent services programs shall be distributed to counties on the basis of need through a request-for-proposals process.
4. Amounts identified as abatements to the county medical services program for retroactive aid to the totally dependent program claims shall be transferred from the Health Care Deposit Fund to the county medical services program without regard to fiscal year.
5. Funds appropriated in this item for Adolescent Family Life Demonstration Programs shall be allocated as contracts to selected private nonprofit and public agencies in accordance with provisions of the Supplemental Report to this act.
7. By January 1, 1987, the department shall develop standards and priorities for determining whether a genetically handicapping condition should be eligible for services under the Genetically Handicapped Persons Program pursuant to Sections 341 and 341.5 of the Health and Safety Code.

   The department shall submit a report to the policy committees, the fiscal committees, and the Joint Legislative Budget Committee by February 1, 1987, which (1) contains the proposed standards and priorities; (2) determines whether including Von Hippel-Lindau's Syndrome as a genetically handicapping condition would be consistent with the proposed standards and priorities; and (3) estimates the cost of including Von Hippel-Lindau's Syndrome under the Genetically Handicapped Persons Program.

Item Amount

9. The department shall implement the data system for the Medically Indigent Services (MIS) program by January 1, 1986, and shall make the collected data available by April 15, 1986. The department shall submit a report to the Legislature by January 1, 1986, on the status of the MIS data system and the department's ability to provide data to the Legislature by April 15, 1986. Of the funds appropriated in this item for deposit in the MIS Account, $100,000 shall be for transfer to Item 4260-001-001 and used to design and further develop a data collection system for the MIS program. The Department of Finance shall report to the Chairperson of the Joint Legislative Budget Committee and to the chairperson of the fiscal committee of each house 30 days prior to expenditure of this amount.

10. To the extent savings are available from the County Health Services Fund, the director shall allocate the funds according to the following priorities:

(a) Public Health Emergencies ..	$315,000
(b) Distressed County Facilities (as defined in Section 16715 of the Welfare and Institutions Code)	$470,000
(c) Refugee Health Programs.....	$245,000
(d) Computerization of County Information Processing	$535,000
(f) County-Clinic Linkages	$130,000
(g) Elder Care Projects	$505,000

If the funding applications of local jurisdictions request fewer funds by category than the amounts set forth above, the director may reallocate funds from one category to another. However, in reallocating funds, the director shall first consider the need for additional funds in the categories in the order of the priorities listed above.

11. The $50 million increased appropriation for Medically Indigent Services from this account shall be distributed in pro rata shares, as determined in subdivision (d) of Section 16703 of the Welfare and Institutions Code, to counties other than counties contracting with the state pursuant to Section 16709 of the Welfare and Institutions Code, which apply for such funding to preserve or provide reasonable access to both inpatient hospital care and outpatient care.

Outpatient care includes reasonable access, as determined by the Department of Health Services, to physician's services through county outpatient clinics, nonprofit community outpatient clinics, or other arrangements, the Medi-Cal formulary of prescription drugs, and acute dental care. The department may withhold this funding for any county for which it makes a

Item		Amount

finding that the funding is not necessary to preserve or provide reasonable access to both inpatient hospital care and outpatient care. The department shall withhold approval if it makes a finding that the county will not be in compliance with state statutory requirements governing eligibility, advance payment of patient liability, or notices.

Unspent funding under this allocation for counties which do not apply for funding, or for which the department does not approve funding, shall be redistributed to the remaining counties using the pro rata formula in subdivision (d) of Section 16703 of the Welfare and Institutions Code.

  (3) 10.10.020.050-Other Services 88,372,000
(c) Special Adjustment Cost-of-living adjustment..... 12,673,000

Provisions:

1. Upon order of the Department of Finance, the State Controller shall transfer such funds as are necessary between this item, and Item 4300-111-001 and Item 4300-121-001. Provided further, that the Department of Finance may authorize the transfer of funds from this item to the Health Care Deposit Fund for the state's share of expenditures for developmental services provided to persons eligible under the California Medical Assistance Program.
2. Notwithstanding any other provision of law, the Department of Developmental Services shall not allocate, reallocate, or transfer funds to any regional centers for the purpose of cost-of-living adjustments in excess of that provided for by the Budget Act for this item. Any cost-of-living increase granted for personal and nonpersonal services which exceeds the percentage increase authorized by this item or any other salary ad-

justments provided by the regional centers shall be funded within the allocation pursuant to the Budget Act.

3. (a) In order to ensure that services to eligible clients are available throughout the contract period, it is the intent of the Legislature in enacting this provision that each regional center administer the contract within the level of funding available pursuant to Sections 4621 and 4633 of the Welfare and Institutions Code and this act. If additional funds are appropriated by the Legislature, the Department of Developmental Services shall revise the contract amounts. The regional centers shall then administer the contracts within the revised contract amounts.

To carry out the intent of this provision, each regional center contract shall include provisions which ensure the regional center will provide services to eligible clients within the funds available in the contract throughout the contract term. If the regional center or the Director of Developmental Services determines that there are insufficient funds in a regional center contract for the provision of client services, the regional center shall continue to administer the contract within the funds provided and report to the director of the Department of Developmental Services on the type, amount, and costs of client services which cannot be provided directly or through purchase because of insufficiency of funds. The director of the department shall use these data in preparing reports pursuant to subdivision (c) of Section 4631 and Section 4779 of the Welfare and Institutions Code, and subdivision (b) of this provision.

The regional center shall develop a written plan which specifies how the center intends to address the funding deficiency. If at any time the director of the department determines that a regional center's plan does not adequately address the funding deficiency during the contract period, the director may require the use of operational funds to reduce the deficiency in purchase of services.

(b) The Director of Developmental Services shall report on the financial status of all regional centers and their operations to the Joint Legislative Budget Committee by November 15, 1985, February 15, 1986, and May 15, 1986. The report shall:

(1) Identify all projections of regional center budget deficits during the quarter.

(2) Analyze the accuracy of each identified

Item Amount

deficit projection.

(3) Analyze the feasibility of eliminating the projected deficits by reductions in expenditures, reallocations of appropriated funds, and budget augmentation.

(4) Indicate the actions planned to eliminate the projected deficits, including a description of the impact of such actions on the receipt of services needed by regional center clients during the remainder of the fiscal year.

4. The Department of Developmental Services shall report to the Legislature, no later than March 15, 1986, on the planning assumptions on which the capitation methodology is based, and on the extent to which the capitation methodology used in allocating funds under Program 10.10.020.050 "Other Services" permits the regional centers to implement the provisions of Section 4685 of the Welfare and Institutions Code.

5. If the Department of Health Services application for extension of the Medicaid waiver for home- and community-based services for the developmentally disabled is not approved, the Department of Developmental Services shall not expend $996,000 budgeted for positions associated with the Medicaid waiver.

6. The department shall allow regional centers to utilize up to $103,592,000 from the Supplemental Security Income/State Supplementary Payment (SSI/SSP) program for residential care services. Any funds available from SSI/SSP exceeding this amount may be used to increase rates for residential care providers. Any funds not used for this purpose shall be used to offset the General Fund cost of residential care services.

7. The Department of Developmental Services shall conduct a demonstration project to test the adequacy and accuracy of the concepts contained in the department's Residential Care Rate Proposal for 1985–86. The department shall conduct projects in at least three regional centers for a minimum of six months. Participation by the regional centers shall be voluntary. The regional centers that participate shall represent the northern, central, and southern parts of the state. The proposed rate structure tested in the demonstration projects shall apply to all of the participating regional centers' clients who reside in community care facilities.

The projects shall examine each of the following: (a) the validity of the department's Client Development Evaluation Report in assessing client need for supervision, care, and training for

rate-setting purposes; (b) the adequacy of the department's direct care staffing model; (c) the adequacy of the revised rate in reimbursing allowable facility costs; and (d) the manner in which the revised rate should be coordinated with departmental efforts to assure quality in residential care facilities. Any adjustment for cost-of-living under category (c) shall also be applied to the demonstration projects for the purpose of addressing these items.

Based on the results of these projects, the department shall update its revised residential care proposal and submit it to the Legislature by April 1, 1986.

8. The department shall ensure that regional centers make available to hospitals written information for parents on services available for developmentally disabled infants.

(e) Reimbursements	−717,000	
(f) Amount payable from the Federal Trust Fund (Item 4440-001-890)	−583,000	
Provisions:		
1. Certain counties have not assumed the administrative, fiscal, and program responsibilities for mental health social services programs as required by Chapter 1330, Statutes of 1984. It is the intent of this proviso to enable the transfer of state employees to county employment in such a way that personnel benefits are protected. Upon order of the Department of Finance, the State Controller shall transfer between this item and Item 4440-101-001 such funds as are necessary to enable the transfer of state employees to county employment in such a way that personnel benefits are protected.		
2. Of the amount appropriated in category (c), $500,000 shall be expended as follows: $100,000 for contractual services to promote the development of self-help groups and $400,000 to support the costs of developing a youth suicide prevention program.

Provisions:		
1. The amounts appropriated above are for support of the hospitals for the mentally ill for judicially committed patients and patients committed pursuant to the Penal Code.		

Item Amount

2. Upon order of the Department of Finance, the State Controller shall transfer such funds as are necessary between this item and Items 4200-101-001, 4300-111-001, 4440-121-001, 5240-001-001, and 5460-001-001.
3. The department may transfer up to $300,000 to Item 4440-016-001 for expansion of aftercare programs for Penal Code patients released from state hospitals. Additional aftercare program slots may be funded only if they will result in the placement of otherwise release-ready Penal Code clients and if the 1985–86 staff savings in the state hospitals from reduced population will fully offset the cost of expansion of the aftercare program.
4. The department shall install a pilot automated system for monitoring the delivery of treatment services. By July 15, 1985, the department shall have submitted and received approval for a Feasibility Study Report for the automated monitoring system and related equipment acquisition.

   By November 15, 1985, the department shall submit to the Legislative Analyst and the chairperson of the fiscal committee of each house a project status report and an initial plan for systems implementation in the other program selected for Planned Scheduled Treatment staffing augmentation. By April 15, 1986, the department shall submit a report of the overall pilot study findings and a final plan for extending the system of monitoring treatment services to all programs serving mentally ill patients in state hospitals.

4440-016-001—For support, Department of Mental Health, 10-Community Services 4,293,000

Provision:

1. The funds in this item shall be used to provide community services as provided in Section 5709.8 of the Welfare and Institutions Code. These funds shall support direct community services, as well as administrative and ancillary services related to the provision of direct services.
2. The department shall spend up to $500,000 to support a pilot project in Los Angeles County designed to evaluate the effectiveness of providing intensive after-care and supervision services to up to 100 state prison mentally disordered parolees. The Departments of Mental Health and Corrections shall develop a research protocol which provides for random selection of the parolees and implements the research projects no later than January 1, 1986.

4440-101-001—For local assistance, Department of Mental Health..... 494,556,000

Schedule:

(a) 10.15-Community Residential Treatment System..... 15,800,000

Item		Amount
(b)	10.25-Community Services—other treatment	535,783,000
(c)	10.35-Primary Prevention Projects	268,000
(d)	Reimbursements	−41,155,000
(e)	Amount payable from the Federal Trust Fund (Item 4440-101-890)	−16,140,000

Provisions:

1. The amounts appropriated in this item are for assistance to local agencies in the establishment and operation of mental health services, in accordance with the provisions of Division 5 (commencing with Section 5000) of the Welfare and Institutions Code, Department of Mental Health, and in addition, any amounts transferred from the Health Care Deposit Fund shall augment and be available for expenditure for the purposes specified above.
2. The Department of Finance may authorize the transfer of funds from this item to the Health Care Deposit Fund for the state's share of expenditures for mental health services provided to patients eligible under the California Medical Assistance Program.
3. Upon order of the Department of Finance, the Controller shall transfer between this item and Item 4440-121-001 those funds which are necessary to provide for overuse of allocated state hospital days. Other transfers between this item and Item 4440-121-001 may be made not sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of the committee, or his/her designee, may in each instance determine.
4. County Short-Doyle planning estimates, allocations or reallocations to counties shall be approved by the Department of Finance and certified by the Department of Mental Health as to the source and availability of funds, and that such action would not create a deficiency.
5. The department shall make semiannual and annual adjustments to local mental health services allocations to the extent that the department's projections indicate that a county will use more state hospital days than the department has allocated to it. The department may authorize counties to establish agreements pooling state hospital days, but shall make semi-annual and annual adjustments to their allocations if the department's projections indicate that the counties' state hospital use will exceed their combined total.

Item Amount

6. The department shall not transfer funds appropriated for community residential treatment system to the community services category or to any other item of the Budget Act.
7. In the event that the amount appropriated by this item is less than appropriations for fiscal year 1984–85 or funds in addition to the appropriation in this act become available in 1985–86, the department shall increase or decrease county allocations by utilizing the poverty/population model in order to reduce funding inequities among counties.
8. Certain counties have not assumed the administrative, fiscal, and program responsibilities for mental health social services programs as required by Chapter 1330, Statutes of 1984. It is the intent of this proviso to enable the transfer of state employees to county employment in such a way that personnel benefits are protected. Upon order of the Department of Finance, the State Controller shall transfer between this item and Item 4440-001-001 such funds as are necessary to enable the transfer of state employees to county employment in such a way that personnel benefits are protected.
9. The department shall approve county plans for expenditure of the $40 million in new funds based upon whether the specific services proposed will enhance the development of a balanced continuum of treatment choices and alternative levels of care, such as community residential treatment systems, in that county.
10. Any proposals for expenditure of the $40 million in new funds on acute inpatient treatment for children and adolescents shall be approved only if the county has adopted a procedure which has been approved by the department for protecting the legal rights of those minors consistent with the decision in the case of Roger S.
11. That portion of the $40,000,000 in new funds appropriated by this item for mental health programs in counties with a population of 3 million or above shall be allocated to these counties only in accordance with all of the following provisions:
    (a) The Departments of Mental Health and Finance shall determine that these funds shall be utilized in accordance with the index of relative need formulas in use in the county during the previous program year before county plans are approved.
    (b) The funds shall be utilized to develop, insofar as possible, a balanced service system in each portion of the county or in each mental health region of that county if it is so divided.

Item	Amount

(c) The determination of regional equity and balance shall be made on the basis of full-year costs for each program funded by the funds in the county plan.

(d) The Department of Mental Health shall report to the Legislature by March 1, 1986, as to the actual use of these funds in affected counties and as to revisions in the base budgets of these counties.

12. department shall allocate $40 million from funds appropriated by this item to improve the equitable distribution of resources between counties. The department shall allocate the $40 million to counties using the same data base, populations, and poverty/population model methodology as that used to develop the 1985–86 planning estimates.

13. $1,000,000 of the funds appropriated by this item shall be available for Acquired Immune Deficiency Syndrome (AIDS) mental health services as follows:

(a) The department shall spend $1,000,000 on programs addressing the mental health needs associated with AIDS;

(b) The funds shall be allocated as follows: $500,000 to San Francisco County, $335,000 to Los Angeles County, and $165,000 for other counties;

(c) The director is authorized to reallocate funds among counties for treatment associated with AIDS if a county cannot efficiently and effectively spend the funds initially allocated for AIDS treatment.

(e) The director is authorized to allocate the $165,000 for other counties based on his assessment of needs; and

(f) The department shall include language in the request-for-proposal which authorizes grantees to accept donations from those receiving services.

14. $48,000,000 of the funds appropriated by this item shall be identified as a Targeted Supplemental Fund directed towards rebuilding the state's commitment to provide specific funding for mental health treatment and support services in the following manner:

(a) $20,000,000 for chronically mentally disabled adults who are homeless or at risk of becoming homeless. These services shall include basic living support services as well as alternatives to inappropriate placement in the criminal justice system.

(b) $18,000,000 for seriously emotionally disturbed children and their families. These services should include treatment for juvenile sex offenders and juvenile victims of sex offenses. The development of locally coordinated systems among the public

Item Amount

agencies serving seriously emotionally disturbed children and their families shall be encouraged whenever possible.

(c) $10,000,000 for increasing the state's Short-Doyle allocations to those counties based on the "poverty/population model" currently used by the department to determine equity allocations.

15. Of the funds appropriated by this item, $11.3 million shall be used to implement and test a residential rate payment system for mentally disordered clients. The State Department of Mental Health shall promulgate such regulations as are necessary to implement the provisions of Section 4075 of the Welfare and Institutions Code by October 1, 1985. The director of the department shall adopt all such regulations as emergency regulations in accordance with the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For the purposes of the Administrative Procedures Act, the adoption of the regulations shall be deemed to be an emergency and for the immediate preservation of the public peace, health and safety, or general welfare. These regulations shall not be subject to the review and approval of the Office of Administrative Law; shall not be subject to review and approval by the California Conference of Local Mental Health Directors; shall not be subject to automatic repeal until 180 days after the regulations take effect; and shall become effective immediately upon filing with the Secretary of State.

16. By October 1, 1985, the department shall issue emergency regulations establishing the framework for the residential care rate supplement program. The department shall not implement the program until the regulations are issued. The emergency regulations shall specify:
    (a) Minimum requirements for uniform assessment and selection of facilities for participation.
    (b) An evaluation tool to be used to uniformly determine how clients will be categorized as basic, level I, or level II clients.
    (c) Minimum requirements for services to be purchased.
    (d) A method to verify that contracted services have been provided.
    (e) A minimum training program for facility operators.
    (f) Minimum requirements for county/provider contracts.
    (g) A claiming procedure for residential care facilities to use in billing the county mental health program.

Item Amount

(h) A procedure for counties to follow in paying facility operators and reporting expenditures to the department.
(i) A policy regarding county authority to negotiate rates within established maximum rates.
(j) Guidelines specifying county staffing obligations and administrative responsibilities, and procedures to be followed by counties in claiming administrative expenses.
(k) Procedures to insure that the program is operated within the available appropriation.
(*l*) Policy requiring county matching requirements and state reimbursement of mandated local costs.
(m) Policy that will be followed with respect to rate changes if rates for developmentally disabled clients are increased in the 1985–86 fiscal year.

17. $500,000 of the funds appropriated by this item shall be used by the department to contract with a nonprofit organization with expertise in peer counseling to (1) provide training to county mental health programs on the design and implementation of peer counseling programs, and (2) provide technical assistance to counties as they implement peer counseling programs. The purpose of the training is to train county staff to train senior volunteer counselors who would then counsel senior citizens with mental health problems.

4440-101-890—For support of Department of Mental Health, for transfer to Item 4440-101-001, payable from the Federal Trust Fund 16,140,000

Provisions:

1. The amounts appropriated in this item are for assistance to local agencies in the establishment and operation of mental health services, in accordance with the provisions of Division 5 (commencing with Section 5000) of the Welfare and Institutions Code. In addition, any amounts transferred from the Health Care Deposit Fund shall augment and be available for expenditure for these purposes.
2. The Department of Finance may authorize the transfer of funds from this item to the Health Care Deposit Fund for the state's share of expenditures for mental health services provided to patients eligible under the California Medical Assistance Program.
3. Upon order of the Department of Finance, the State Controller shall transfer such funds as are necessary between this item and Item 4200-101-890.

Item Amount

4. County Short-Doyle planning estimates, allocations or reallocations to counties shall be approved by the Department of Finance and certified by the Department of Mental Health as to the source and availability of funds, and that such action would not create a deficiency.
5. The Department of Mental Health may authorize advance payments of federal ADAMH block grant funds on a monthly basis to the counties for grantees. Such advance payments may not exceed one-twelfth of the individual grant award for 1985–86. No General Fund money may be used in making grant awards under the provisions the federal ADAMH block grant.
6. The least possible amount of block grant funds shall be utilized for purposes of administration at both the state, local and direct provider levels. The department's administrative expenditures shall not exceed 10 percent of any block grant.

4440-121-001—For local assistance, Department of Mental Health, 20.10—Lanterman-Petris-Short Act 159,876,000

Provisions:

1. Upon order of the Director of Finance, the State Controller shall transfer funds as are necessary between this item and Items 4300-111-001, 4440-011-001, and 4440-101-001 for overuse of state hospital days. Other transfers of funds between this item and Item 4440-101-001 shall not be made sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of the committee, or his/her designee, may in each instance determine.
2. The department shall install a pilot automated system for monitoring the delivery of treatment services. By July 15, 1985, the department shall have submitted and received approval for a Feasibility Study Report for the automated monitoring system and related equipment acquisition.

   By November 15, 1985, the department shall submit to the Legislative Analyst and the chairperson of the fiscal committee of each house a project status report and an initial plan for systems implementation in the other programs selected for Planned Scheduled Treatment staffing augmentation. By April 15, 1986, the department shall submit a report of the overall Pilot Study findings and a final plan for extending the system of monitoring treatment services to all programs serving mentally ill patients in state hospitals.

Item		Amount
3. The department shall not reduce the county allocation of state hospital beds below the currently authorized level of 2,543 beds in fiscal year 1985–86. The department shall, however, inform the chairperson of the fiscal committee of each house of the Legislature by January 10, 1986, of the estimated 1986–87 impact on state hospitals and of county efforts to establish additional community program beds to reduce the need for state hospital services. The department may, in fiscal year 1985–86, make quarterly staffing adjustments in response to fluctuations of county-admitted state hospital clients.

Provisions:

1. The funds reappropriated under this item for Fire and Life Safety and Environmental Improvements, CTW Building, Metropolitan State Hospital, Budget Act of 1984, shall be sufficient to complete preliminary plans and working drawings for the project. The State Public Works Board shall not approve any augmentation for additional architectural and engineering services for preliminary plans and working drawings for this project.

4440-491—Reappropriation, Department of Mental Health. Notwithstanding any other provision of law and upon order of the Department of Finance, the unencumbered balance of Item 4440-101-001, Budget Act of 1984, as of June 30, 1985, is reappropriated for transfer to and in augmentation of Item 4440-001-001, Budget Act of 1985, for mental health research purposes; the total amount transferred to Item 4440-001-001 shall not exceed $1,000,000.

Item	Amount
5100-001-001—For support of Employment Development Department, for transfer to Item 5100-001-870	33,259,000

Provisions:

1. Up to $420,000 of the funds appropriated in this item shall be provided as reimbursements to Item 8940-001-001 for the California Innovative Military Projects and Career Training (IMPACT) Program, except that these funds shall not be provided to the Military Department as reimbursements and shall be available to the Employment Development Department for expenditure for the Employment Preparation Program to the extent that the Military Department receives from local agencies funds to offset costs scheduled in Item 8940-001-001.

5100-001-184—For support of Employment Development Department, for transfer to Item 5100-001-870, payable from the Employment Development Department Benefit Audit Fund 2,439,000

Provisions:

1. The Employment Development Department (EDD) may spend a total of $3,750,000 for benefit fraud activities from the Benefit Audit Fund and the EDD Contingent Fund. In the event that revenues accruing to the Benefit Audit Fund exceed the budgeted level, the excess is hereby appropriated to the Director of Finance, to be used to augment this item, for expenditure on benefit fraud activities, on order of the Director of Finance.

5100-001-185—For support of Employment Development Department, for transfer to Item 5100-001-870, payable from the Employment Development Contingent Fund 21,657,785

Provisions:

1. Funds appropriated in this item are in lieu of the amounts which would have otherwise been appropriated for administration pursuant to Section 1586 of the Unemployment Insurance Code.
2. Notwithstanding the provisions of Item 9840-001-494, the Director of Finance may authorize the creation of deficiencies pursuant to Section 11006 of the Government Code, for the purposes of this item.
3. Notwithstanding any other provision of law, the State Controller shall transfer to the General Fund the unencumbered balance in the Employment Development Contingent Fund as of June 30, 1986, which is in excess of the $1,000,000 reserve required by Section 1590 of the Unemployment Insurance Code.

Item Amount

4. The Employment Development Department is prohibited from spending funds appropriated by this item for automating the statewide payment system in the Unemployment Insurance program until the State Office of Information Technology submits to the chairperson of the fiscal committee in each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee a written explanation of the reasons for its approval of the Feasibility Study Report on the automation of the statewide Unemployment Insurance Payment System.
5. No funds shall be expended from this item for automation of disability insurance activities until 30 days after the department submits to the Legislature a report which shall include, but not be limited to, the following:
   (a) The cost of the projects, as of July 1, 1985, and the areas in the state already automated.
   (b) The remaining cost of the projects, the areas to be automated, and the projected cost/sources of funding.
   (c) An assessment of the cost effectiveness of the completed portions of the projects as compared to the anticipated cost effectiveness of these portions as described in the relevant feasibility study reports.
6. Of the funds appropriated by this item, $2,606,000 shall be available to the department for additional operating expense and equipment expenditures upon the submission of a report to the Legislature that describes the need and existing support level for operating expenses and equipment expenditures in 1985–86. The report shall include a detailed schedule indicating how the department calculates its requirements for various types of expenses and equipment and a schedule assessing the sources of funds available to meet the revised level of need. In addition, the report shall also describe: (1) the way in which the department will revise its internal budgeting processes in order to accurately identify the future operating expense needs of each program; (2) the way in which relatively fixed costs such as rent, will be allocated among the programs; and (3) the way in which the department's future space needs as determined by the required assessment of central office and field office space needs will affect its need for additional state funds. This report shall be submitted to the Legislature by October 1, 1985.

5100-001-514—For support of Employment Development Department, for transfer to Item 5100-001-870 payable from the Employment Training Fund 60,489,000

Item Amount

Provisions:

1. Notwithstanding Section 2 of this act, any unexpended balance in the Employment Training Fund as of June 30, 1985 is hereby appropriated for transfer to and in augmentation of this item, for allocation by the Employment Training Panel for job training contracts and shall not be reverted to the Unemployment Insurance Fund.
2. All activities to market, negotiate, or otherwise locate employers or other agencies interested in providing training with funds supplied by the Employment Training Panel shall be supported with funds allocated for the administration of the Employment Training Panel.

5100-001-588—For support of Employment Development Department, for transfer to Item 5100-001-870, payable from the Unemployment Compensation Disability Fund 56,093,485

Provisions:

1. The Department of Employment Development shall submit on October 1 and April 20, to the Department of Finance for its review and approval, an estimate of expenditures for both the current and budget years, including the assumptions and calculations underlying EDD projections for support expenditures from this item. The Department of Finance shall approve, or modify, the assumptions underlying all estimates within 15 working days of their receipt. If the Department of Finance does not approve or modify in writing, the assumptions underlying all estimates within 15 working days of receipt, the Employment Development Department shall consider the assumptions and calculations approved as submitted. If the Department of Finance determines that the estimate of support expenditures differs from the amount appropriated by this item, the Director of Finance shall so report to the Legislature. At the time the report is made, the amount of this appropriation shall be adjusted by the difference between this Budget Act appropriation and the DOF approved estimate. This item is not subject to the provisions of Section 28.00.
2. Of the funds appropriated by this item, $1,766,000 shall be available to the department for additional operating expense and equipment expenditures upon the submission of a report to the Legislature that describes the need and existing support level for operating expenses and equipment expenditures in 1985–86. The report shall include a detailed schedule indicating how the department calculates its requirements for various types of expenses and equipment and a schedule assessing the sources of funds available to meet the revised level of need. In addition,

Item Amount

the report shall also describe: (1) the manner in which the department will revise its internal budgeting processes in order to accurately identify the future operating expense needs of each program; (2) the manner in which relatively fixed costs, such as rent, will be allocated among the programs; and (3) the manner in which the department's future space needs, as determined by the required assessment of central office and field office space needs, will affect its need for additional state funds. This report shall be submitted by October 1, 1985.

3. The department may delete from its budget up to 35 positions from the Disability Insurance Program in order to reflect the efficiencies created by automation of the checkwriting function. These positions may be deleted 30 days after notification to the Joint Legislative Budget Committee.
4. No funds shall be expended from this item for automation of disability insurance activities until 30 days after the department submits to the Legislature a report which shall include, but not be limited to, the following:
   (a) The cost of the projects, as of July 1, 1985, and the areas in the state already automated.
   (b) The remaining cost of the projects, the areas to be automated, and the projected cost/sources of funding.
   (c) An assessment of the cost effectiveness of the completed portions of the projects as compared to the anticipated cost effectiveness of these portions as described in the relevant feasibility study reports.

(m)	Amount payable from the Local Public Entity Employees Fund (Item 5100-001-932)	−279,000

Provisions:

1. Funds appropriated in this item are in lieu of the amounts which would have otherwise been appropriated pursuant to Section 1555 of the Unemployment Insurance Code.
2. The Employment Development Department (EDD) shall submit on October 1 and April 20, to the Department of Finance for its review and approval an estimate of expenditures for both current and budget years, including the assumptions and calculations underlying EDD projections for support expenditures for the Unemployment Insurance program from this item. The Department of Finance shall approve, or modify, the assumptions underlying all estimates within 15 working days of their receipt. If the Department of Finance does not approve or modify in writing the assumptions underlying all estimates within 15 working days of receipt, the Employment Development Department shall consider the assumptions and calculations approved as submitted. If the Department of Finance determines that the estimate of support expenditures differs from the amount appropriated by this item, the Director of Finance shall so report to the Legislature. At the time the report is made, the amount of this appropriation shall be adjusted by the difference between this appropriation and the Department of Finance approved estimate for the Unemployment Insurance program. Revisions for the support of the Unemployment Insurance program reported pursuant to this provision are not subject to the provisions of Section 28.00.
3. The department shall not lay off any full-time permanent employees in order to increase its use of temporary or intermittent employees.
4. Of the funds appropriated by this item for support of the Job Services Governor's Discretionary Program, $1,000,000 shall be expended to fund the Los Angeles Southwest College Job Training Project.

Item Amount

5. Of the funds appropriated in this item, $320,675 shall be used to support 9.6 data collection positions within the department. To the extent that federal funds are not available to support these positions, additional funds in Item 5100-001-185 shall be appropriated to substitute for these federal funds.
6. The Employment Development Department shall prohibit from participating in WIN Demo Job Search Workshops those persons who:
   (a) Have attended a job search workshop in the past 12 months. If after 12 months a registrant has been unable to find a job, EDD shall do an assessment of the person's needs and develop an employability plan to determine whether attending a job search workshop again would be beneficial.
   (b) Have a recent employment history that would indicate that a job search workshop is not necessary.

   These persons may be referred directly to supervised job search or other appropriate employment services.
7. Of the funds appropriated in this item, up to $1,000,000 shall be allocated from Employment Service discretionary funds for EDD to jointly plan and implement with Southwest College, an Employment Referral and Job Training Center, in order to provide services consistent with those described in the Department's Model Employment Programs for Youth. It is the intent of the Legislature that this Center's startup operations be funded with the expectation that the Center shall draw upon Job Training Partnership Act, Employment Training Panel, and other resources which may be available in future years to continue the Center's operation.

5100-001-871—For support of the Employment Development Department, for the purchase of data processing equipment, payable from moneys credited to this state's account in the Unemployment Trust Fund and made available to this state under Section 903 of the Social Security Act (42 U.S.C., Sec. 1103) as amended $1,700,000

Provisions:

1. Funds appropriated in this item shall be requisitioned from the Unemployment Trust Fund pursuant to Section 1528.5 of the Unemployment Insurance Code.
2. The total amount obligated pursuant to this item during the 1985–86 fiscal year shall not exceed the amount by which (a) the aggregate of the amounts credited to the account of this state pursuant to Section 903 of the Social Security Act (42. U.S.C., Sec. 1103) during the 1985–86 fiscal year and the 34 preceding fiscal years, exceeds (b) the aggregate of the amounts obligated for

Provisions: 1. Notwithstanding the provisions of Item 9840-001-988, the Director of Finance may authorize the creation of deficiencies pursuant to Section 11006 of the Government Code, for the purposes of this item. 2. Funds appropriated in this item are in lieu of the amounts which would have otherwise been appropriated for administration pursuant to Section 822 of the Unemployment Insurance Code. 3. Provision 1 of Item 5100-001-588 is also applicable to this item.	
5100-001-932—For support of Employment Development Department, for transfer to Item 5100-001-870, payable from the Local Public Entity Employees Fund	279,000
Provisions: 1. Notwithstanding the provisions of Item 9840-001-988, the Director of Finance may authorize the creation of deficiencies pursuant to Section 11006 of the Government Code, for the purposes of this item. 2. Funds appropriated in this item are in lieu of the amounts which would have otherwise been appropriated for administration pursuant to Section 847 of the Unemployment Insurance Code. 3. Provision 1 of Item 5100-001-588 is also applicable to this item.	
5100-001-979—For support of state programs under the Job Training Partnership Act, Employment Development Department, payable from the Consolidated Work Program Fund	55,879,000
Schedule: (a) 60.10-SJTCC Administration ..... 786,000 (b) 60.20-Incentive and Technical Assistance ..... 12,052,000 (c) 60.30-Older Workers ..... 6,026,000 (d) 60.40-Educational Linkages..... 16,069,000 (e) 60.50-EDD Administration ..... 8,815,000 (f) 60.51-Special Local Projects ..... 442,000 (g) 60.60-Displaced Workers ..... 10,889,000 (h) 60.65-Veterans 800,000	
Provisions: 1. The Job Training Coordinating Council shall apply to the federal government to allow the state to receive and administer Title IV-C funds for veterans' employment programs.	

Item Amount

2. Up to $188,000 of the funds appropriated in this item shall be provided as reimbursements to Item 8940-001-001 for the California Innovative Military Projects and Career Training (IMPACT) Program, except that these funds shall not be provided to the Military Department as reimbursements and shall be available to the Employment Development Department for expenditure for the Job Training Partnership Act Program to the extent that the Military Department receives from local agencies funds to offset costs scheduled in Item 8940-001-001.
3. Funds appropriated under this item for (b) 60.20, Incentive and Technical Assistance, can be transferred to Item 5100-101-979, upon the approval of the Department of Finance, when Service Delivery Areas decide to operate projects under the federal guidelines of (a) 60.70, Adult and Youth Training programs.
4. The Job Training Coordinating Council shall submit a report to the Chairperson of the Joint Legislative Budget Committee and the chairperson of the fiscal committee of each house by October 1, 1985, concerning the operation of the Job Training Partnership Act (JTPA). The reports shall include the following information:
   (a) The proposed state strategy for implementing the JTPA in California in 1985–86. This strategy shall include a discussion of how the strategy (1) encourages integration of JTPA component programs at the local level, (2) allows JTPA provided by other state employment and training programs, and (3) will provide for coordination by the local service delivery areas (SDA) with the local Employment Development Department (EDD) offices and the county welfare departments in the provision of employment services under the WIN Demo program.
   (b) The plan to improve the quality of service delivery area (SDA) plans required under Title IIa of the JTPA. This plan should include the council's anticipated effort to provide technical assistance to ensure that local SDAs understand the requirements of the plan.
   (c) The statement of coordination with the Department of Economic and Business Development governing economic development projects initiated under the JTPA.
   (d) The plan to revise Title III participation criteria so that they do not exclude the long-term unemployed from participation.
   (e) The plan to ensure that future Title III programs for displaced workers reflect the experience gained from the Employment Development Department evaluation of

Item Amount

displaced worker programs.

(f) The plan to ensure that all Title III plans contain program data required by state and federal law.

(g) The statement of coordination with the Employment Training Panel establishing effective coordination between the two bodies to ensure that (1) both the council and the Employment Training Panel do not inadvertently provide funding for the same training project and (2) training provided to displaced workers by the panel is applied towards the required Title III state match.

(h) The plan to require SDAs to justify Title III administrative requests. This plan shall include the criteria by which the council or its staff will evaluate local need for administrative funding.

(i) The plan shall be official policy of the JTCC and shall be distributed to the Governor and all Members of the Legislature.

5. (a) The Job Training Coordinating Council (JTCC) and the Employment Development Department (EDD) shall be appropriated $7,730,000 for the support of the administration of the JTPA. These funds shall support the operations of the Job Training Partnership office within EDD, the technical assistance staff previously funded with support from the 6-percent performance incentives and technical assistance funds, and the operations of the JTCC and its staff. These funds shall be used to support only the following expenditures:
(a) Salaries, wages, and fringe benefits;
(b) Allocated operating expenditures;
(c) Travel and training expenses; and
(d) Audit and data processing expenses.

(b) Subdivision (a) is applicable to technical assistance only to the extent that technical assistance cannot be supported from 6-percent funds. If the council does not use these funds for technical assistance, then these funds shall be available to the council for other administrative and program activities relating to planning and coordination, provided the proposed expenditure is included as part of the report specified in this subdivision.

There shall be an additional $2,315,000 in administrative support available to EDD and JTCC on October 1, 1985, that may be spent in support of administrative or program activities, with the approval of the council. EDD and JTCC shall submit a report to the Legislature by September 1, 1985, which identifies the proposed expenditure of these funds. The report shall include:

Item		Amount
A complete description of the proposed use of all 5-percent funds, including a comparison of proposed 1985–86 expenditures with 1984–85 actual expenditures; (b) documentation of the need for any proposed equipment purchases, special project, or set-asides; and (c) detailed description of the uses of any administrative support that is proposed to be used for activities other than administrative activities.		
Funds appropriated for the support of performance incentives and technical assistance (known as the 6-percent funds) shall be used to provide technical assistance only to those service delivery areas that do not qualify for performance incentive awards in 1985–86, except in the event that the federal government issues regulations or guidelines permitting expenditures to other service delivery areas.

The Project Interdependence Board shall recommend to the project director criteria and necessary safeguards for this separate account consistent with the accountability and flexibility needed to administer and finance the project with private contributions.		
2. No more than $899,000 of the funds appropriated in this item shall be expended for salaries and wages through an attrition blanket, and no expenditures shall be made from the attrition blanket after December 31, 1985, unless authorized pursuant to Section 28 of the Budget Act due to administrative delays relative to Section 19798 of the Government Code.		

Item Amount

3. At least $23,300 of the funds appropriated in this item shall be awarded to the Living Skills Center for the Visually Handicapped in San Pablo, California in order to provide a 10 percent inflation adjustment to the center's 1984–85 contracted reimbursement rate with the Department of Rehabilitation.

5160-001-890—For support of Department of Rehabilitation, for transfer to Item 5160-001-001, payable from the Federal Trust Fund 91,835,000

Provisions:

1. No funds appropriated by this item for the support of programs administered through the Department of Rehabilitation's field offices shall be redirected for support of staffing or expenses incurred by its central office operations.

5160-101-001—For local assistance, Department of Rehabilitation 59,116,000

Schedule:

(a) 10-Vocational Rehabilitation Services	595,000
(b) 20-Habilitation Services	50,874,000
(c) 30-Support of Community Facilities	5,483,000
(d) Special Adjustment Cost-of-Living Adjustment	2,164,000

Provisions:

1. Of the amount appropriated within schedule (b), $600,000 shall be used to fund up to 20 Habilitation Supported Employment Projects which lead to employment of persons with developmental disabilities, with ongoing support as needed in order for those persons to maintain employment. The department shall report to the Legislature by April 1, 1986, on the progress and costs of these projects. If federal funding is received for this purpose, it shall be used in place of the General Fund dollars provided.

3. The Department of Rehabilitation shall submit to the Legislature on November 1 and May 1 an estimate of the Work Activity program caseloads for both the current year and the budget year. This report shall include the assumptions and calculations underlying the estimates, and shall discuss any differences between the projected and actual caseloads for the same period of time. In addition, caseload estimates projected in these reports shall be determined using estimating procedures that incorporate the following information:
   (a) The number of special education students who could realistically become Work Activity program clients.
   (b) The number of regional center clients who are potential Work Activity program cli-

ents.

(c) The potential impact on Work Activity program caseloads of any planned release of clients from state hospitals.

4. Of the amount appropriated in category (c), $950,000 shall be used to establish new Independent Living Centers (ILC) in order to serve part of the 30 percent of the state's unserved disabled population. Each new center shall receive a $90,000 base allocation plus an additional amount based on the proportion of disabled population served. The department shall accept requests for proposals and distribute the funds by October 15, 1985.

Organizations for independent living in the following areas shall be given priority for the funding: Santa Cruz, Nevada, Contra Costa, Stanislaus, San Luis Obispo, and Yolo Counties, and Pasadena/Altadena and Claremont. To the extent possible, new ILC's shall be established in accordance with the preliminary findings of the statewide plan to deliver independent living services.

The $950,000 shall be used to support the development of ILC's by making grants to organizations which:

(a) Are incorporated as nonprofit public-benefit corporations prior to June 30, 1985;

(b) Require at least 51 percent of the members of the board of directors to be persons with disabilities; and

(c) Will serve persons with disabilities (regardless of the nature of disability) who;

(1) Reside outside the defined catchment areas of ILC's funded during 1984–85, or

(2) Reside in areas which are not effectively served by an existing center.

Any organization satisfying the above criteria shall be eligible to apply for these funds despite failure to meet any other requirements set forth in Sections 19800 et seq. of the Welfare and Institutions Code, provided, however, that all organizations must, by June 30, 1986, meet all statutory and regulatory requirements to qualify for continuation funding in the 1986–87 fiscal year.

5. Of the amount appropriated in category (a), $195,000 shall be provided to the Center for the Partially Sighted in Southern California. If any funds remain unallocated after the above allocation is made, $100,000 of these funds shall be allocated to provide services to the partially sighted in Northern California. If any funds remain unallocated after the two allocations described above are made, up to $300,000 shall be available to provide services to the Center for the Partially Sighted in Southern California.

	(h) Reimbursements	−7,369,000
	(i) Amount payable from the Federal Trust Fund (Item 5180-001-890)	−138,898,102

Provisions:

1. The Director of Finance may authorize the transfer of General Fund moneys from Item 5180-001-001(c) to Item 5180-161-001, Program 30, Community Care Licensing, in order to allow counties to perform the facilities evaluation function.
2. Of the funds appropriated by this item, $20,034 are for attorney fees pursuant to Section 10962 of the Welfare and Institutions Code.
3. The Department of Social Services shall exert maximum possible effort toward obtaining enhanced federal funds participation in the state support costs and county administrative costs of each of the projects included in the Standardized Automated Welfare System (SAWS) plan. The Director of Finance shall notify the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee of the receipt of enhanced federal funds participation for the SAWS projects. The notice shall provide for increases in the federal funds appropriated in Items 5180-001-890 and 5180-141-890 and offsetting reductions in the General Fund amount appropriated in this item and Item 5180-141-001 for the SAWS projects to reflect the increased rate of federal funds participation.
4. Prior to the expenditure of $526,000 of funds contained in this item and $466,000 contained in Item 5180-001-890 for the purpose of implementing Phase I of Department of Social Services Office Automation proposal, the Office Automation pilot project evaluation must be completed and Department of Finance approval for the expenditures of the funds must be obtained.
5. Upon request of the Department of Social Services, the Director of Finance may transfer up to $4,900,000 between Items 5180-001-001 (a) and 5180-001-890, to Items 5180-141-001, Program 10.20, County Administration, schedule (a) and Item 5180-141-890, and Item 5180-151-001, and Item 5180-151-890, Program 20.40, Specialized Family and Children's Services, schedule (c) (1) and Item 5180-151-890, funds which are necessary for county WIN-demonstration activities.

Item Amount

This transfer shall require notification to the Chairperson of the Joint Legislative Budget Committee.

6. Unless otherwise exempt, the following persons shall be prohibited from participation in county WIN-Demo until the county welfare department determines that the situation no longer exists:
   (a) A caretaker relative who is enrolled in school for at least twelve units of credit and has a child under age six, shall be considered unsuitable for WIN-Demo participation.
   (b) Other registrants shall be prohibited from WIN-Demo participation upon a determination made by the county welfare department. Registrants who shall be prohibited include those who:
      (1) Are so seriously dependent upon alcohol or drugs that work or training is precluded;
      (2) Have an emotional or mental problem that precludes participation;
      (3) Are involved in legal difficulties (such as court-mandated appearances) which preclude participation;
      (4) Do not have the legal right to work in the United States;
      (5) Have a severe family crisis;
      (6) Are in good standing in a union which controls referrals and hiring in the occupation;
      (7) Are involved in an unresolved trade dispute;
      (8) Require purchased services that are unavailable in the county;
      (9) Are temporarily laid off from a job;
      (10) Are exluded principal earners;
      (11) Are in the last semester of training, or the final four months of training if the school does not operate on a semester basis;
      (12) Are employed for 15 to 30 hours per week;
      (13) Are enrolled in a self-initiated vocational training program of limited duration which leads to unsubsidized employment.
      (14) Are ill or a family member is ill.

   Participants shall be notified in writing that payment for child care is available, and child care shall be provided to persons who request it and are required to participate in job search workshops.

5180-001-890—For support of Department of Social Services, for transfer to Item 5180-001-001, payable from the Federal Trust Fund..... 138,898,102

Provisions:

Item Amount

1. The Director of Finance may authorize the transfer of federal funds from this item to Item 5180-161-890, in order to allow counties to perform the facilities evaluation function in Community Care Licensing.
2. Provisions 3 and 4 of Item 5180-001-001 are also applicable to this item.

5180-101-001—For Local Assistance, Department of Social Services 1,653,560,000

Schedule:

(a) 10.04.005-Aid to Families with Dependent Children 3,366,982,000
(b) 10.04.010-Child Support Incentives 37,552,000
(c) 10.04.015-Aid for Adoption of Children/Adoption Assistance Program 9,499,000
(d) Reimbursements ..... —600,000
(e) Amount payable from the Federal Trust Fund (Item 5180-101-890) ..... —1,759,873,000

Provisions:

1. No funds appropriated by this item shall be encumbered unless every rule or regulation adopted and every all-county letter issued by the Department of Social Services which adds to the cost of any welfare program is approved by the Department of Finance as to the availability of funds before it becomes effective. In making the determination as to availability of funds to meet the expenditures of a rule, regulation, or all-county letter which would increase the costs of a welfare program, the Director of Finance shall consider the amount of the proposed increase on an annualized basis, the effect such change would have on the expenditure limitations for such program set forth in this act, the extent to which the rule, regulation, or all-county letter constitutes a deviation from the premises under which the expenditure limitations were prepared, or any additional factors relating to the fiscal integrity of such program or the state's fiscal situation.

   Notwithstanding the provisions of Sections 26.00 and 28.00, the availability of funds contained in this item for welfare rules, regulations, or all-county letters which add to program costs funded from the General Fund in excess of $500,000 on an annual basis, including those that are the result of a federal regulation but excluding those that are (a) specifically required as a result of the enactment of a federal or state law, or (b) included in the appropriation made by this act, shall not be approved by the Director of Finance sooner than 30 days after notification in writing of the necessity therefor to the chairper-

Item Amount

son of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or such lesser time as the chairperson of the committee, or his or her designee, may in each instance determine.

Funds appropriated in this item are for welfare programs as they exist on July 1, 1985, consisting of state and federal statutory law, regulations, and court decisions, if funds necessary to carry out such decisions are specifically appropriated in this act.

For purposes of this provision "welfare" shall mean those program elements under "Welfare Program Operations," as found in the Governor's Budget and consistent with definitions used in the California Fiscal Information System (CFIS).

2. The Department of Social Services shall administer the public assistance programs so that the counties will bear no more than the amount of welfare costs that they would be obligated to bear under the applicable provisions of the Welfare and Institutions Code, without the expenditure limitations set forth herein, and so that the amount authorized to be expended in program 10.04, Aid to Families with Dependent Children program shall fully cover the state share of aid payments and for services under such programs for the 1985–86 fiscal year.
3. There is hereby established for the next two quality control review periods, a dollar error rate standard of 4 percent, pursuant to Section 15200.4 of the Welfare and Institutions Code.

For the purposes of state sanctions pursuant to Section 15200.4 of the Welfare and Institutions Code, the error rate estimate that shall be used to measure the quality performance of each county shall be the low point estimate of the confidence interval estimated by combining the results from the two quality review samples conducted during the two subsequent quality review periods.

Amounts realized from the counties as the result of a state fiscal sanction shall first be applied as an offset to the state's share of Program 10.04, Payments for Children. To the extent that this application results in a surplus to the General Fund appropriation for that program, such surplus shall revert to the General Fund.

4. The Director of Finance is authorized to approve expenditures in those amounts made necessary by changes in either caseload or payments, or any rule or regulation adopted and any all-county letter issued in Program 10.04, Payments for Children, as a result of the enactment of a federal or state law, the adoption of a federal regulation, or the following of a court

Item Amount

decision, during the 1985–86 fiscal year which are within or in excess of amounts appropriated in this act for that year.

If the Director of Finance determines that the estimate of expenditures will exceed the expenditures authorized for Program 10.04, Payments for Children, the director shall so report to the Legislature. At such time as the report is made, the amount of the limitation shall be increased by the amount of such excess unless and until otherwise provided by law.

5. Notwithstanding Chapter 1 of Part 6 of Division 9 of the Welfare and Institutions Code, a loan not to exceed $85,000,000 shall be made available from the General Fund from funds not otherwise appropriated, to cover the federal share of costs for the Aid to Families with Dependent Children Program when the federal share has not been received by this state prior to the usual time for transmitting such federal share to the counties of this state. Such loan from the General Fund shall be repaid when the federal share becomes available.

6. If the amount appropriated by the Budget Act is less than the amount necessary to reimburse group homes for their actual allowable costs, all group homes shall receive a cost-of-living adjustment (COLA) that is equal to the percentage appropriated by the Budget Act. The department shall not adopt or promulgate regulations that in any way preclude a home from receiving the full COLA.

If the amount appropriated by the Budget Act is sufficient to reimburse group homes for their actual allowable costs, the rates paid for foster children placed in group homes shall be the 1985–86 cost rate, defined as proposed by the department in Section 11.400.1 (c) of the Administrative Standards for Public Social Services, AFDC-Foster Care Rates.

Only if all group homes are reimbursed for their actual allowable costs can the department establish rates in 1985–86 as proposed in regulations submitted to the Office of Administrative Law.

It is the intent of the Legislature that, effective July 1, 1987, rates paid for foster children placed in group homes shall be made on a prospective basis. The department, with the cooperation of the counties and agencies which provide care for foster children in group homes, shall develop a prospective payment system in adequate time that it may be implemented by July 1, 1987.

Item	Amount
7. The Legislature finds and declares that all counties now meet or exceed the foster family rate schedule established pursuant to Section 11461 of the Welfare and Institutions Code. For the 1985–86 fiscal year, notwithstanding Section 11461 of the Welfare and Institutions Code, it is the intent of the Legislature that foster families in each county receive the full COLA provided in this budget. Whatever rate adjustment is necessary to accomplish the above, and which is not provided in the COLA section of this budget, shall be provided in this item.

Item Amount

Schedule:

(a) 10.20-County Administration 489,648,000

(b) Amount payable from the Federal Trust Fund (Item 5180-141-890) ..... −364,902,000

Provisions:

1. The Department of Social Services may act in the place of any county and assume direct responsibility for the administration of eligibility and grant determination. Upon recommendation of the Director of Social Services, the Department of Finance may authorize the transfer of funds from Items 5180-141-001 and 5180-141-890, to Items 5180-001-001 and 5180-001-890 for this purpose.
2. During the 1985–86 fiscal year, pursuant to Sections 15204.5 and 18906 of the Welfare and Institutions Code, the Department of Social Services shall continue the implementation of a plan whereby costs for county administration for AFDC and Food Stamp Programs will be effectively controlled within the total state funds appropriated for Program 10.20, County Administration.

   Notwithstanding any provisions of the Welfare and Institutions Code to the contrary, the total amount of state funds available to the counties for administration of the programs specified in Program 10.20, County Administration, shall be limited to the amount appropriated for that program.
3. Notwithstanding any other provisions of law, the Department of Social Services may withhold state financial support of a county's automated welfare operations if the county does not provide a fiscal accounting of such operations in the form and manner as may be requested by the department. Provided further, that the Department of Social Services may enter into an agreement with a county wherein state financial support for the development or modification of county-automated welfare operations is conditioned upon the realization of savings projected by the county.
4. Provision 1 of Item 5180-101-001 is also applicable to this item.
6. All counties with State Department of Social Services approved Early Fraud Prevention/Detection Programs shall refer applicants to a fraud investigation only after they have completed and signed the application for aid. If eligibility for assistance is established, such referral and investigation shall not delay the receipt of aid, including immediate need payments.

   It is the intent of the Legislature that no intimidation based on fraud allegations shall occur whether by referral, or threat of referral, prior to the completion of the application for aid.

Item Amount

Whenever an application is withdrawn because of a fraud referral, the withdrawal shall be documented by a caseworker and the county shall keep records of all such withdrawals.

The caseworker shall provide a complaint form to any applicant who withdraws his or her application after being referred to the program. The county shall provide the department with copies of all complaints.

The department shall approve county proposals which provide satisfactory results regardless of the personnel classifications used. No proposal shall be approved that includes the employment of uniformed investigators. Counties shall give first priority for hiring additional fraud detection specialists to those county employees who have been laid off as a result of funding cuts and shall provide the necessary training to these individuals in order for them to carry out the duties of the positions.

The department shall submit a report, by February 15, 1986, to the Joint Legislative Budget Committee and the fiscal committees, describing the methodology used to calculate the savings that it estimates will result from this project.

The report shall also describe the following for calendar year 1985: the number of applications in each county; the number of cases referred in each county; the number of investigations; the number of cases denied and withdrawn; the reasons that cases were denied or withdrawn; the number of cases referred to the District Attorney's Office for prosecution; the number and results of fair hearings that involved determinations made by the program; and the actual savings generated by this program since its implementation. In addition, the department shall report any complaints received by the county regarding the county programs.

The report shall also provide recommendations for corrective actions that should be taken with respect to counties that have a benefit-cost ratio in this program of less than 2 to 1 for fiscal year 1984–85. The report shall also identify any counties that refer more than 10 percent of their applicants to the program for fiscal year 1984–85 and shall provide the department's evaluation of the appropriateness of the referrals made in these counties.

The department shall have an Early Welfare Fraud Detection Advisory Committee that shall review all plans submitted to the department prior to approval by the department, and the department shall take into consideration the comments of the committee prior to approving or rejecting the county plan. The department shall advise the committee, in writing, of its reasons for rejecting the committee's recommenda-

tions in this regard. The committee shall be composed of two persons appointed by the California Welfare Fraud Investigators Association, two persons appointed by the California Welfare Directors Association, two persons appointed by social services labor unions, and two persons appointed by the Coalition of California Welfare Rights Organizations. The committee shall meet not more than quarterly and make such reports as it deems appropriate to the Legislature and the director of the department. The committee may also hold hearings regarding the effectiveness of the program and take public testimony from individuals regarding their opinions about the program.

The department shall reimburse members for their travel and per diem expenses.

7. The Department of Social Services shall submit to the Chairperson of the Joint Legislative Budget Committee by October 1, 1985, in conjunction with the Department of Health Services and the County Welfare Directors Association, a plan for conducting a study of the eligiblity determination process for AFDC, Food Stamps, and Medi-Cal and for analyzing existing eligibility worker caseloads, and for determining the appropriate caseload targets in light of existing federal and state laws, regulations, and court decisions which have affected the administration of this program.

The department's plan shall, at a minimum, address the following issues:

(a) The time necessary to perform federal and state mandated tasks in the eligibility determination process;

(b) Variances in service deliveries at the county level, including staffing differences based on types and levels of staff utilized and the overhead costs related to the eligibility determination process;

(c) The efficiencies that arise from the use of electronic data processing;

(d) The effect of various eligibility worker caseloads and county overhead expenditures (on a per-case basis) on (1) both positive and negative error rates and (2) waiting times and processing delays. Because it may not be possible to create a precise statistical model of these relationships, the plan shall address the option of using a peer grouping model in which counties with exceptionally high error rates (either positive or negative) and/or exceptionally long waiting times and processing delays are excluded from the study; and

(e) Variances in client characteristic county geography, and caseload size.

The Department of Social Services shall

Item		Amount
	begin the study no sooner than 30 days after submitting the plan to the Chairperson of the Joint Legislative Budget Committee. Any changes in the budgeted caseload targets for the AFDC and Food Stamp programs after the 1985–86 fiscal year shall be postponed until the study has been completed and the department has presented the study findings to the Legislature, with recommendations on appropriate caseload targets and funding levels. These recommendations shall be developed in consultation with the County Welfare Directors Association.	
	8. Of the funds appropriated in this item for costs of administering the Special Circumstances Program, the department shall limit state reimbursement for an individual county's administrative costs to 100 percent of the county's total benefit expenditures, or actual administrative costs, whichever is less.

(g)	Amount payable from the Federal Trust Fund (Item 5180-151-890)	−431,577,000

Provisions:

1. The amounts contained in this schedule are for Social Services Programs, for the cost of special social service programs for which federal grants in aid are made to the state; for grants or services to local agencies for the extension of child welfare services as provided by Chapter 5 (commencing with Section 16500) Part 4, Division 9 of the Welfare and Institutions Code; for the cost of the adoption programs and care of children, to be expended in accordance with the provisions of Chapter 2 (commencing with Section 16100) of Part 4 of Division 9 of the Welfare and Institutions Code; for the costs incurred by counties, including, but not limited to, the required matching funds, for in-home supportive services as provided by Article 7 (commencing with Section 12300) of Chapter 3 of Part 3 of Division 9 of the Welfare and Institutions Code, and for prevention of child abuse and neglect as provided by Chapter 11, Part 6 of Division 9 of the Welfare and Institutions Code.
2. Provision 1 of Item 5180-101-001 is also applicable to this item.
3. In accordance with the provisions of Article 7 (commencing with Section 12300) of Chapter 3 of Part 3 of Division 9 of the Welfare and Institutions Code, $355,790,000, consisting of $346,289,000 scheduled in (b)(1) of this item and $9,501,000 in county funds is the designated level of funding for the In-Home Supportive Services Program for fiscal year 1985–86.
4. Notwithstanding Chapter 1 of Part 6 of Division 9 of the Welfare and Institutions Code, a loan not to exceed $22,800,000 may be made available from the General Fund from funds not otherwise appropriated upon the approval of the Director of Finance to cover the federal share of costs for the In-Home Supportive Services Program when the federal share has not been received by this state prior to the usual time for transmitting such federal share to the counties of this state. Such loan from the General Fund shall be repaid when the federal share becomes available.
5. It is the intent of the Legislature to provide counties with sufficient flexibility to manage their programs efficiently. Thus, a county may allocate a different amount for CWS than what is contained in the department's allocation as long as it provides the department with accepta-

Item Amount

ble documentation that the changes can be accomplished without reducing the level of services initially funded for CWS.

To do so, the county must notify the Director of Social Services in writing of its intent to fund CWS at a different level than included in the allocation plan. The notification shall include (a) the amount of the proposed transfer; (b) an identification of the purposes for which the funds will be used; and (c) the impact of any transfer on the level of services affected.

If the total amount of transfers from the counties are different from the amount appropriated by this act, the department shall notify the Department of Finance.

The Director of Finance may authorize the transfer of funds between those appropriated for CWS and those appropriated for In-Home Supportive Services (IHSS) administration, information and referral, adult and optional services no sooner than 30 days after written notification to the chairpersons of the fiscal committees of each house and the Chairperson of the Joint Legislative Budget Committee. The notification shall include (1) the amount of proposed transfer; (2) an identification of the purposes for which the funds will be used; (3) the impact of any transfer on the level of services; and (4) documentation that the transfer can be accomplished without reducing the level of services initially funded by this act for CWS.

6. Prior to the expenditure of $702,908 of funds contained in this item for the purpose of implementing case management and information enhancements to the In-Home Supportive Services payroll system, an amendment to the 1982 Feasibility Study Report must be completed and Department of Finance approval for the expenditure of these funds must be obtained.
7. Funds provided by this act to fund Child Abuse and Neglect Prevention programs authorized by this item shall be used to supplement, not supplant, services provided pursuant to Section 16501 of the Welfare and Institutions Code to create a continuum of services.
8. $700,000 of the amount appropriated in Item 5180-151-001(b), Program 20.35, Specialized Adult Services, shall be allocated to increase the level of services provided by contractors under Program 20.35.250, Access Assistance for the Deaf. Further, it is not the intent of the Legislature that these funds be used to supplant or encourage the reduction of any locally generated funding for this program. Therefore, prior to the allocation by the department of any funds above the 1984–85 contract levels, each contractor must submit a report detailing locally generated

Item Amount

funds expended in 1984–85 and an estimate of locally generated funds for 1985–86. In instances where the 1985–86 estimate is lower than the amount expended in 1984–85, the contractor shall submit a detailed explanation of the reasons for the decrease.

Each contractor funded under Item 5180-151-001(b), Program 20.35, Specialized Adult Services, shall submit the following reports to the department by October 1, 1985:

(a) A plan for expending the 1985–86 contract amount by service category as outlined in Section 10621 of the Welfare and Institutions Code, including individuals served, units of service, and expenditures by each category.

(b) An estimate of need for the 1986–87 fiscal year by October 1, 1985, in the date elements outline in paragraph (a).

9. Funds shall be appropriated from this item for an In-Home Supportive Services Pilot Project, as follows:

(a) The Legislature finds and declares that due to severe physical or mental disabilities, some recipients of In-Home Supportive Services are incapable of adequately supervising services providers, and others cause extreme difficulties in a service provider's efforts to interact with the client due to the client's aggressiveness or belligerence.

(b) Of the funds appropriated by this item, $50,000 is for an In-Home Supportive Services Pilot Project (Pilot Project) in Sacramento County for the training of service providers, and for mediating disputes with, not to exceed 50 clients whose severe physical or mental disabilities present problems either to the provider or the client, as described in subdivision (a). The pilot project provided for under this section shall be operated for a period of one year.

(c) Under the pilot project established pursuant to subdivision (b), the county shall choose up to 50 clients whose severe physical or mental impairment create difficulties in supervising service providers, or difficulties in interaction with a service provider. The county shall provide training to service providers who shall be providing services to these clients. The training shall be designed to address the problems which these client's disabilities create. The county shall also handle mediation of disputes arising between clients selected for this pilot project and their service providers.

(d) As an incentive for providing services to clients selected for this pilot project, service

Item Amount

providers shall be provided with an incentive wage increase of $0.45 cents per hour in addition to the existing wage which would be paid to the provider, with the incentive payment limited to 260 hours for each client per month.

(e) The Department of Social Services shall submit a report to the chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committee of each house by March 1, 1986, describing the project and evaluating the effectiveness of training and incentive pay in reducing IHSS provider turnover as follows:

(1) The impact of training on the level of care for clients.

(2) The reduction in the provider turnover rate and in administrative costs for mediating client problems and securing frequent provider replacement.

(3) The criteria to be developed for the selection of the clients and providers for training to ensure the appropriate use of project funds.

(4) The most cost-effective way to provide training to individual providers.

10. Of the funds appropriated in category (f), Child Abuse Prevention, expansion funds shall be apportioned to counties in a manner proportionate to their 1984–85 entitlements. Expansion funds shall be used for direct services provided by public or private nonprofit agencies from January 1, 1986, through June 30, 1986.

In distributing the expansion funds, counties shall give priority to programs that address unmet needs for services to children at risk of abuse and for their families, including, but not limited to, children under the age of five, victims of sexual abuse or children at risk of sexual abuse, and teenage parents.

In provision of services, emphasis shall be placed on development of mechanisms to respond to children who, in the estimation of social workers, are at risk of abuse, but who are unable to testify in court, or for other reasons are excluded from the SB 14 system.

Programs which are no longer continued as a result of the rebidding process may submit claims to the Department of Social Services for ending activities such as reasonable final services to clients, evaluation, and payment of staff benefits. Claims may not exceed the programs' unused 1984–85 funds.

Counties shall make an effort to coordinate funds available from SB 14, AB 1733, and the Children's Trust Fund, Child Abuse Prevention Training in the Schools, and the Victims Restitution Program.

Item Amount

The Department of Social Services shall report back to the Legislature as follows:
(a) An evaluation of currently funded programs by December 30, 1985.
(b) The status of new funding on a county-by-county basis by December 30, 1985.
(c) All activities mandated by AB 1733 and subsequent budget language by March 30, 1986.

11. Of the funds appropriated in category (a) (2), the County Services Block Grant (CSBG), $2,000,000 shall be an augmentation for adult protective services. It is the intent of the Legislature, in providing this augmentation, to address the underfunding of adult protective services and the losses in purchasing power in the Adult Protective Services Program since the 1981–82 fiscal year. No county shall expend less of its CSBG for adult protective services in the 1985–86 fiscal year, including county matching funds required under the provisions of Chapter 978 of the Statutes of 1982, than it did in the 1984–85 fiscal year. This augmentation represents half-year funding to be allocated beginning January 1, 1986, and shall supplement, not supplant, those CSBG funds, including mandatory county matching funds, expended in the 1984–85 fiscal year.

Augmentation funds shall be utilized to develop and maintain a basic system in each county to ensure that reports of elder and dependent adult abuse can be reported to the county on a 24-hour basis and that the county shall arrange for services in situations of extreme emergency, which may include, but are not limited to, any of the following: law enforcement intervention, paramedic services, and emergency shelter services. In those adult protective service situations which are not of extreme emergency, the county may refer the reports taken after normal business hours to the appropriate services unit for action the following day.

In consultation with representatives of county government, the Department of Social Services shall determine those funds necessary from this augmentation for the development and maintenance of the 24-hour access capability in each county. Those funds in excess of that amount shall be used to fund additional adult protective services in each county.

Prior to the receipt of any adult protective services augmentation funds, each county shall prepare a plan for approval by the Department of Social Services which outlines how the county shall comply with the 24-hour access requirement and the services the county shall make available with the augmentation funds. In con-

Item Amount

sultation with representatives of county government, the department shall: (1) by August 31, 1985, develop minimum guidelines for counties to follow when developing their county plans; (2) by December 31, 1985, develop an allocation formula for the augmentation funds, and; (3) no later than January 1, 1986, allocate these augmentation funds.

Each county shall utilize available adult protective services resources in the county prior to developing new county-operated resources when the private adult protective service resources are of at least equal quality and lesser, or equal, cost as compared with county-operated resources.

The Department of Social Services shall provide a status report to the Joint Legislative Budget Committee by March 1, 1986, on the implementation of these requirements.

5180-151-890—For local assistance, Department of Social Services, for transfer to Item 5180-151-001, payable from the Federal Trust Fund 431,577,000

Provisions:

1. Provisions 1 and 3 of Item 5180-151-001 and Provision 1 of Item 5180-101-001 are also applicable to this item.
2. Any unexpended funds from the Job Training Partnership Act available for child care programs in 1984–85 shall be available for expenditure in 1985–86 for the same purpose.
3. The department shall (with the assistance of the State Personnel Board and the Department of Personnel Administration) contract with up to one person per county in the Office of Refugee Services to work closely with the counties and projects in implementing the targeted assistance program. These individuals should have some experience in communities and their economic development. These individuals shall be responsible for helping refugee community-based organizations acquire and develop the capacity to compete for and operate service programs. These individuals shall also help counties in the planning and ongoing evaluation processes.

   The amount of funds set aside for this purpose shall not exceed one-half of the amount appropriated for state administrative costs of the Targeted Assistance Program. This paragraph is conditional upon availability of federal funds for the Targeted Assistance Program.

Provision:		
1. The Director of Finance may authorize the transfer of amounts from this item to Item 5180-001-890 in order to allow the state to perform the facilities evaluation function in the Community Care Licensing Program in the event the counties fail to perform such function.		
5180-181-001—For local assistance, Department of Social Services, Program 97.10—Special Adjustments—Cost-of-Living Adjustments, to be transferred to and in augmentation of programs, upon approval of the Department of Finance, effective July 1, 1985, in accordance with the following schedule		260,226,000
Schedule:		
(a) 10.08—SSI/SSP (for transfer to Item 5180-111-001)	112,258,000	
(b) 20—Social Services Program (for transfer to Item 5180-151-001)	53,413,000	
(c) 30—Community Care Licensing (for transfer to Item 5180-161-001)	395,000	
(d) 10.04.005—Aid to Families with Dependent Children (for transfer to Item 5180-101-001)	199,549,000	
(e) 10.20—County Administration (for transfer to Item 5180-141-001)	17,485,000	
(f) 10.24—Refugee Cash Assistance (for transfer to Item 5180-131-890)	1,552,000	
(g) Amount payable from the Federal Trust Fund (Item 5180-181-890)	−124,426,000	
Provisions:		
1. Notwithstanding any other provision of law to the contrary, General Fund money appropriated by this item for Program 10.20, County Administration, shall be used solely to support the General Fund share of 1985–86 county administrative costs exclusive of any 1985–86 cost-of-living adjustments granted by counties.		
2. Funds appropriated by this item to In-Home Supportive Services (IHSS) shall be used for provider cost-of-living adjustments (COLA). All counties shall grant COLA's to their IHSS providers at the percentage appropriated in this Budget Act. Counties may grant COLA's in excess of this percentage; however, state funding		

Item		Amount

is not available for those amounts in excess of the COLA percentage appropriated in this Budget Act.

For purposes of this act, COLA means all wage and benefit increases not including merit, step, or longevity salary adjustments, or employment taxes.

The department shall allocate the COLA appropriation to the counties by applying the COLA percentage appropriated in this Budget Act to the amounts allocated as basic IHSS program costs. A county's COLA allocation may be increased only if the amounts allocated by the department for basic IHSS program cost is increased and the department can reallocate COLA funds from counties which have a projected COLA surplus. All COLA money not encumbered during the period covered by this act shall revert to the General Fund.

Except as specified below, the COLA shall apply to all IHSS provider wages and benefits earned beginning July 1, 1985. If, for any reason, payment cannot begin on the next scheduled payday after July 1, 1985, retroactive paychecks shall be provided back to July 1, 1985.

Wage and benefit packages for IHSS program providers who provide services through a county/private provider company shall be negotiated through the free competition/competitive bid and collective bargaining processes. If at any time during 1985–86, individual contracts are renegotiated or renewed, counties may grant contract providers a higher COLA than the percentage granted by the state. However, state funding shall not be available for any COLA in excess of the percent appropriated by this Budget Act and granted to providers on July 1.

3. Of the $20,300,000 dollars within Item 5180-181-001(b), for Child Welfare Services, $200,000 shall be reserved for eleven Indian Services Centers to provide Child Welfare Services to Indian children.

5180-181-890—For local assistance, Department of Social Services, for transfer to Item 5180-181-001, payable from the Federal Trust Fund, to be transferred to and in augmentation of programs, upon approval of the Department of Finance, effective July 1, 1985 124,426,000

5190-001-142—For support of California Health Facilities Commission, in accordance with the provisions of Part 1.7 (commencing with Section 440) of Division 1 of the Health and Safety Code, payable from the California Health Facilities Commission Fund 1,935,000

1. Of the funds appropriated in this item, $1,194,391 of the 1985–86 Federal Vocational Education Act funds shall be transferred to the community colleges by means of interagency agreements. These funds shall be used by the community colleges for the administration of vocational education programs.
2. The Department of Education shall allocate funds from this item for a project to assess the hazards of toxic substances in schools and disseminate this information to local school districts via the county offices of education. The Department of Education shall report to the Joint Legislative Budget Committee by November 1, 1985, regarding the status of this project.

6100-006-001—For support of Department of Education as allocated by the Department of Education to the State Special Schools 35,353,000

Schedule:

(a) 10-Instruction	39,747,000
(b) Reimbursements	−4,394,000

Provisions:

1. On or before January 15 of each year the Superintendent of each State Special School shall report to each district the number of pupils from that district that are attending a State Special School, and the estimated payment due on behalf of the district for those pupils pursuant to Education Code Section 59300. The State Controller shall withhold from the State School Fund in the first principal apportionment of that fiscal year the amount due from each school district as reported to the Controller by the Superintendent of Public Instruction. The amount withheld shall be transferred from the State School Fund to Item 6100-006-001 which supports the State Special Schools. The Superintendent of Public Instruction is authorized to adjust the estimated payments required after the close of the fiscal year by reporting to the State Controller the information needed to make the adjustment.

6100-007-001—For support of Department of Education as allocated by the Department of Education to the State Special Schools for student transportation allowances	529,000

(i) For transfer to Schedule (dd) of Item 9685-101-001	11,543,000	

Item Amount

Provisions:

1. Funds appropriated by this item are for transfer by the State Controller to Section A of the State School Fund, in lieu of the amount which would otherwise be appropriated for transfer from the General Fund in the State Treasury to Section A of the State School Fund for the 1985–86 fiscal year pursuant to Sections 14002, 14004, and 41301 of the Education Code, an amount as needed, in addition to sums accruing to Section A of the State School Fund from other sources for the purposes specified herein, for apportionment pursuant to Section 8153, Section 42238, Section 42239, and Section 42240.1 of the Education Code.
2. Notwithstanding any other provision of law to the contrary, the amounts appropriated in this item and the amounts appropriated in Item 6100-226-001 for transfer to this item shall be the maximum amount allocated for the purposes specified herein.
3. Notwithstanding Section 41241.2 of the Education Code, the Superintendent of Public Instruction shall allocate the funds appropriated in category (d) of this item, as augmented by transfers from Item 6100-226-001 of this act, in the following manner:
   (a) Add to each school district's revenue limit computed pursuant to Section 42238 of the Education Code for the 1985–86 fiscal year the amount computed in the 1984–85 fiscal year for Meals for Needy Pupils programs (Article 10.5 (commencing with Section 49550) of Chapter 9 of Part 27) multiplied by 1.06 and as adjusted for pupil participation.
4. In the event of a deficiency in the appropriation made in Schedule (a) of this item, or in Item 6100-106-001, the Superintendent of Public Instruction may transfer funds between this item and Item 6100-106-001 with the approval of the Director of Finance. The Superintendent shall adjust the apportionments made from funds appropriated for the purposes specified in Schedule (a) of this item and in Item 6100-106-001 so that the deficit factor applied to the funding entitlements is the same for each of the programs funded by such appropriations.
5. Notwithstanding Section 8154 of the Education Code, or any other provision of law, the funds specified in Schedule (e) of this item and Schedule (a) (5) of Item 6100-226-001 shall be the only funds available for the apprentice programs operated by K–12 school districts.

Item Amount

6. Notwithstanding Section 8152 of the Education Code, each 60-minute hour of teaching time devoted to each indentured apprentice enrolled in and attending classes of related and supplemental instruction as provided under Section 3074 of the Labor Code shall be reimbursed at the rate of $3.44 per hour. For purposes of this division, each hour of teaching time may include up to 10 minutes for passing time and breaks.

7. Notwithstanding any other provision of law, the county superintendent shall reduce the total revenue limit computed pursuant to Section 42238 of the Education Code by the amount of the decreased employer contributions to the Public Employees' Retirement System resulting from enactment of Chapter 330 of the Statutes of 1982, adjusted for any changes in those contributions resulting from subsequent changes in employer contribution rates.

The reduction shall be calculated as follows:

(a) Determine the amount of employer contributions which would have been made in the 1984–85 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1984–85 fiscal year.

(b) Subtract from the amount determined in paragraph (a) the greater of subparagraph (1) or (2):

(1) The amount of employer contributions which would have been made in the 1984–85 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately after the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1984–85 fiscal year.

(2) The actual amount of employer contributions made to the Public Employees' Retirement System in the 1984–85 fiscal year.

(c) For purposes of this provision, employer contributions to the Public Employees' Retirement System for any of the following shall be excluded from the calculation specified above:

(1) Positions supported totally by federal funds which were subject to supplanting restrictions.

(2) Positions supported by funds received pursuant to Section 42243.6 of the Education Code.

(3) Positions supported, to the extent of employer contributions not exceeding $25,000 by any single educational

Item Amount

agency, from a revenue source determined on the basis of equity to be properly excludable from the provisions of this subdivision by the Superintendent of Public Instruction with the approval of the Director of Finance.

(d) For accounting purposes, the reduction made by this provision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

8. In addition to other apportionments, the Superintendent of Public Instruction shall also allocate to districts one-half of salary increases granted to classified employees of a school district in the fiscal years 1980–81 through 1981–82, inclusive, by the board of supervisors of a city and county.

9. Notwithstanding subdivision (c) of Section 46201 of the Education Code, for, each school district which in 1984–85 received an apportionment pursuant to subdivision (a) of Section 46201 of the Education Code the county superintendent shall, in 1985–86, add to the district's base revenue limit per unit of average daily attendance the amount received in 1984–85 pursuant to subdivision (a) of Section 46201 of the Education Code divided by the sum of paragraphs (a) and (b).

(a) The district's average daily attendance for 1984–85 computed pursuant to Section 42238.5 of the Education Code.

(b) The units of average daily attendance in 1984–85 resulting from pupils attending schools funded pursuant to Article 4 (commencing with Section 42280) of the Education Code.

10. Notwithstanding subdivision (a) of Section 46200 of the Education Code, for, each school district which in 1984–85 received an apportionment pursuant to subdivision (a) of Section 46200 of the Education Code the county superintendent shall, in 1985–86, add to the district's base revenue limit per unit of average daily attendance the amount received in 1984–85 divided by the sum of paragraphs (a) and (b).

(a) The district's average daily attendance for 1984–85 computed pursuant to Section 42238.5 of the Education Code.

(b) The units of average daily attendance for 1984–85 resulting from pupils attending schools funded pursuant to Article 4 (commencing with Section 42280) of the Education Code.

Item Amount

11. Notwithstanding any other provision of law to the contrary, for the 1985–86 fiscal year, prior to calculating the increase amount specified in Section 42287 of the Education Code, the Superintendent of Public Instruction shall increase the funding amounts specified in Sections 42281, 42282, and 42284 of the Education Code by the product of paragraphs (a) and (b).
    (a) The amount per unit of average daily attendance received by the district pursuant to Section 46200 of the Education Code in 1984–85.
    (b) The average daily attendance for each "necessary small school" or "necessary small high school" for which the district receives funding in the 1985–86 fiscal year pursuant to Sections 42281, 42282, and 42284 of the Education Code.
12. Notwithstanding any other provision of law to the contrary, for the 1985–86 fiscal year, prior to calculating the increase amount specified in Section 42287 of the Education Code, the Superintendent of Public Instruction shall increase the funding amounts specified in Sections 42281, 42282 and 42284 of the Education Code by the product of paragraphs (a) and (b).
    (a) The amount per unit of average daily attendance received by the district pursuant to Section 46201 of the Education Code in the prior fiscal year.
    (b) The average daily attendance for each "necessary small school" or "necessary small high school" for which the district receives funding in the 1985–86 fiscal year pursuant to Sections 42281, 42282 and 42284 of the Education Code.
13. Notwithstanding subdivision (b) of Section 42238 of the Education Code, the base revenue limit for the 1985–86 fiscal year shall be determined by adding to the base revenue limit for the 1984–85 fiscal year the following amounts:
    (a) The inflation adjustment specified in Section 42238.1 of the Education Code.
    (c) The amount computed pursuant to Provision 9 of this item.
    (d) The amount computed pursuant to Provision 10 of this item.
14. Notwithstanding subdivision (e) of Section 42238 of the Education Code, the base revenue limit per unit of average daily attendance for the purposes of Section 42238 of the Education Code shall be the amount calculated pursuant to Provision 13 of this item.

Item Amount

15. Notwithstanding subdivision (b) of Section 46200 of the Education Code, for any school district which received an apportionment pursuant to subdivision (a) of Section 46200 of the Education Code and which offers less than 180 days of instruction in the 1985–86 fiscal year, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for 1985–86 by an amount attributable to the increase received pursuant to subdivision (a) of Section 46200, as adjusted.
16. Notwithstanding Section 42238.5 of the Education Code, the Tehachapi Unified School District may request the Superintendent of Public Instruction to convert the district's enrollment at the second principal apportionment to an annualized number of units of average daily attendance for the purpose of making apportionments pursuant to Section 42238 of the Education Code.
17. From the funds appropriated in Schedule (a) of this item, the Superintendent of Public Instruction shall allocate an amount pursuant to this provision by making the following computations for each school district:
    (a) For the 1984–85 fiscal year, the amount computed pursuant to subdivision (c) or (d), as appropriate, of Section 42238 of the Education Code utilizing the inflation adjustment prescribed by Section 42238.1 of the Education Code, plus the sum of the following:
        (1) The amount computed pursuant to subdivision (f) of Section 42238 of the Education Code;
        (2) The amount computed pursuant to Section 42238.7 of the Education Code, as it read in the 1984–85 fiscal year;
        (3) The amount computed pursuant to Section 42238.8 of the Education Code; and
        (4) The amount computed pursuant to Section 45023.4 of the Education Code;
        (5) The amount computed pursuant to provision 13 of Item 6100-101-001 of the Budget Act of 1984.
    (b) For the 1985–86 fiscal year, the amount computed pursuant to subdivision (c) or (d), as appropriate, of Section 42238 of the Education Code utilizing the inflation adjustment prescribed by Section 42238.1 of the Education Code, plus the amount computed pursuant to subdivision (f) of Section 42238 of the Education Code.
    (c) Subtract the amount determined in paragraph (b) from the amount determined in

Item Amount

paragraph (a). If the amount is greater than zero, except as provided in paragraph (d), the Superintendent of Public Instruction shall add the amount to the school district revenue limit.

(d) In no event shall the amount added to the school district's revenue limit pursuant to (c) allow any district to receive an amount per unit of average daily attendance which exceeds 1.4 times the statewide average revenue limit per unit of average daily attendance for that type of district.

18. Notwithstanding any other provision of law to the contrary, the Casmalia Elementary School District shall be deemed to have no less than 26 units of average daily attendance for the purpose of determining allowances pursuant to Article 4 (commencing with Section 42280) of Chapter 7 of Part 24 of the Education Code.

19. Notwithstanding any other provision of law to the contrary, for the 1985–86 fiscal year, prior to calculating the increase amount specified in Section 42287 of the Education Code, the Superintendent of Public Instruction shall increase the funding amounts specified in Sections 42281, 42282, and 42284 of the Education Code by the product of paragraphs (a) and (b).

(a) The amount per unit of average daily attendance received by the district pursuant to Section 45023.4 of the Education Code in the prior year.

(b) The average daily attendance for each "necessary small school" or "necessary small high school" for which the district receives funding in the 1985–86 fiscal year pursuant to Sections 42281, 42282, and 42284 of the Education Code.

20. In the event that the 1986 May Revision reestimate of expenditures for K–12 school district apportionments indicates that the amount appropriated in this item exceeds the amount required to fully fund those apportionments, the Director of Finance shall notify the Joint Legislative Budget Committee of the estimated amount that may be reduced from the appropriation in this item, but not to exceed a reduction of $30,000,000. No sooner than 10 days after notification, the Director of Finance shall certify the amount to the Controller. The Controller shall, within 30 days of the receipt of the certification, revert from the appropriation provided in this item to the unappropriated surplus of the General Fund an amount as certified by the Director of Finance.

Item Amount

21. The funds appropriated in Schedule (i) of this item are for direct payment to the State Teachers' Retirement System for the purpose of funding the cost of increased service credit retirement benefits in lieu of the amount required pursuant to Section 22720 of the Education Code. On July 1, 1985, the Controller shall transfer the amount appropriated in Schedule (i) of this item to Schedule (dd) of Item 9680-101-001 of this act.

6100-101-814—For local assistance, Department of Education, for allocation by the State Controller in accordance with the provisions of Government Code Section 8880.5 as enacted by the voters in Proposition 37 at the November 1984 General Election .. 243,200,000

Provisions:

1. All funds received pursuant to Proposition 37 that are allocable to K–12 local education agencies pursuant to Section 8880.5 of the Government Code and that are in excess of the amount appropriated in this item, are hereby appropriated in augmentation of this item.

6100-101-890—For local assistance, Department of Education, Federal Block Grant payable from the Federal Trust Fund 40,444,000

Schedule:

(a) 10-Instruction 38,751,000

(b) 20-Instructional support..... 1,693,000

Provisions:

1. $275,000 of the funds appropriated by this item shall be allocated as a grant by the Superintendent of Public Instruction to a private, nonprofit foundation for the purpose of conducting a program on youth and the administration of justice in at least 150 school districts. These funds shall be allocated in four equal installments during the 1985–86 fiscal year on September 1, December 1, February 1, and May 1.
2. $300,000 of the funds appropriated by this item shall be allocated by the Superintendent of Public Instruction as awards to aid in the implementation of parenting education programs in school districts.
3. Up to $452,200 of the funds included in this item shall be available only for support of the California Assessment Program. The Director of Finance may authorize the augmentation of the amount available for this purpose, provided that such augmentation may not be authorized sooner than 30 days after the notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in

each instance determine.

4. It is the intent of the Legislature that funds from this item shall be allocated by the Superintendent of Public Instruction for the following Superintendent's priority projects: $200,000 to assist nonpublic schools; $122,000 for school improvement; $840,000 for curriculum development and training. Funds allocated from this item for curriculum development and training shall be used for the following purposes: (1) to develop guidelines to assist school districts in the development of local curriculum which sufficiently prepares all students in grades 1 through 8 for the course of study required for grades 9 through 12, pursuant to current law; and (2) curriculum training programs which shall assist classroom teachers to enable all pupils to master the basic curriculum in subject areas identified by the Superintendent of Public Instruction, and shall include strategies for strengthening local curriculum and instruction to meet the full range of abilities and diversity of the public school population. The Director of Finance may authorize the reduction or augmentation of the amount available for any of these purposes, or the redirection of these funds to any other priority project identified by the Superintendent of Public Instruction or the Legislature. This augmentation, reduction, or redirection may not be authorized sooner than 30 days after the notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may determine in each instance.

6100-102-001—For local assistance, Department of Education for transfer to Section A of the State School Fund, for the purposes of Article 1 (commencing with Section 52300) of Chapter 9 of Part 28 of the Education Code, Program 10.10.004—School Apportionments, Regional Occupational Centers and Programs 193,897,000

Provisions:

1. Notwithstanding any provision of law to the contrary, the funds appropriated by this item are for transfer by the State Controller to Section A of the State School Fund, in lieu of the amount which would otherwise be appropriated for transfer from the General Fund in the State Treasury to Section A of the State School Fund for the 1985–86 fiscal year pursuant to Sections 14002 and 14004 of the Education Code, an amount as needed for apportionment pursuant to Article 1 (commencing with Section 52300) of Chapter 9 of Part 28 of the Education Code.

Item Amount

2. For the 1985–86 fiscal year, the Superintendent of Public Instruction shall allocate the funds appropriated in this item in the following manner:
   (a) The Superintendent of Public Instruction shall certify for apportionment to each regional occupational center and program (ROC/P) an amount calculated as follows:
      (1) Calculate a revenue limit per unit of average daily attendance for each ROC/P in the 1985–86 fiscal year equal to the 1984–85 fiscal year base revenue limit per unit of average daily attendance for each ROC/P, increased by the percentage inflation adjustment provided in the Budget Act for the operation of ROC/Ps.
      (2) Calculate a 1985–86 fiscal year revenue limit per unit of average daily attendance for the purpose of funding ROC/P program growth equal to the 1984–85 fiscal year base revenue limit per unit of average daily attendance for the purpose of funding ROC/P program growth, increased by the percentage inflation adjustment provided in the Budget Act for the operation of ROC/Ps.
      (3) Multiply the ROC/P's 1985–86 fiscal year base revenue limit per unit of average daily attendance by the ROC/P's 1985/86 fiscal year annual average daily attendance that is equal to or less than the ROC/P's 1982/83 fiscal year base annual average daily attendance.
      (4) For annual average daily attendance in the 1985/86 fiscal year that is greater than the 1982–83 fiscal year base annual average daily attendance add to the amount computed pursuant to paragraph (3) of this subdivision an amount equal to the 1985–86 fiscal year base revenue limit per unit of average daily attendance computed for the purpose of funding ROC/P program growth multiplied by the difference in annual average daily attendance between the 1982–83 fiscal year base annual average daily attendance and the 1985–86 fiscal year annual average daily attendance.
   (b) Funds shall be allocated by the Superintendent of Public Instruction to ROC/Ps for average daily attendance served in the 1985–86 fiscal year based on the following order of priority:
      (1) Average daily attendance equal to or less than the 1982–83 fiscal year base average daily attendance.
      (2) Average daily attendance exceeding

Item Amount

the average daily attendance specified in paragraph (1) of this subdivision, but less than or equal to the sum of the increase in average daily attendance allocated by the Superintendent of Public Instruction in the 1982–83 fiscal year for an ROC/P's pro rata share of funded growth average daily attendance and for ROC/Ps which had below average participation.

(3) Average daily attendance exceeding the sum of the average daily attendance specified in paragraphs (1) and (2) of this subdivision, but less than or equal to the sum of the increase in average daily attendance allocated by the Superintendent of Public Instruction in the 1983–84 fiscal year for an ROC/P's pro rata share of funded growth average daily attendance and for ROC/Ps which experienced annexation of service territory not previously included in the ROC/P during the 1982–83 fiscal year.

(4) Average daily attendance exceeding the sum of the average daily attendance specified in paragraphs (1) through (3) of this subdivision, but less than or equal to the sum of the increase in average daily attendance allocated by the Superintendent of Public Instruction in the 1984–85 fiscal year for a ROC/P's pro rata share of funded growth average daily attendance, for ROC/Ps which had below average participation, and for ROC/Ps which experienced annexation of service territory not previously included in the ROC/P during the 1982–83 fiscal year.

(5) Average daily attendance exceeding the sum of the average daily attendance specified in paragraphs (1) through (4) of this subdivision, but less than or equal to the increase in average daily attendance allocated by the Superintendent of Public Instruction in the 1985–86 fiscal year for an ROC/P's pro rata share of funded growth average daily attendance.

(6) Average daily attendance in the 1985–86 fiscal year exceeding the sum of the average daily attendance specified in paragraphs (1) through (5) of this subdivision.

(c) For the purpose of subdivision (b) of this provision, an ROC/P's pro rata share of funded growth average daily attendance shall be based on the percentage allowable

Item Amount

growth in average daily attendance determined by the Superintendent of Public Instruction in each fiscal year for the purpose of allocating funds to ROC/Ps. An ROC/P's pro rata share of funded growth average daily attendance in each fiscal year shall not include excess growth in average daily attendance as determined by the Superintendent of Public Instruction. This exclusion shall apply without regard to the allocation of funds, if any, based on excess growth in average daily attendance for any fiscal year.

(d) In the event that the funding provided for the operation of ROC/Ps in the 1985–86 fiscal year is insufficient to fully fund those programs, then the Superintendent of Public Instruction shall reduce the amounts certified pursuant to subdivision (a) of this provision for each ROC/P based on equal amounts per unit of average daily attendance, consistent with the funding priorities for average daily attendance specified in subdivision (b) of this provision.

(e) The funds appropriated pursuant to this item shall be allocated by the Superintendent of Public Instruction to each school district or county office of education operating the ROC/P based on the school district's or county office of education's 1985–86 pro rata share of the funds being allocated.

(f) For purposes of Section 2558 of the Education Code, the Superintendent of Public Instruction shall deduct from the funding entitlement of each ROC/P operated by a county office of education any local revenue which would otherwise be deemed restricted and not available for expenditure in the current fiscal year pursuant to subdivision (d) of that section. The local revenue so deducted shall be utilized by the county office of education for support of the ROC/P. This subdivision is declaratory of existing law applicable during the 1984–85 fiscal year.

3. Because Chapter 482, Statutes of 1984 was chaptered after Chapter 268, Statutes of 1984, the Legislature's intent regarding the eligibility of Regional Occupational Centers and Programs for incentive funding for a longer instructional year under Section 46200 of the Education Code was not carried out. It is the intent of the Legislature that Regional Occupational Centers and Programs not be eligible for such incentive funding.

Notwithstanding any other provision of law to the contrary, none of the funds appropriated in this item are for the purposes of providing or continuing incentive funding for a longer in-

6100-161-001—For local assistance, Department of Education, Program 10.60—Special Education Programs for Exceptional Children 780,198,000

Provisions:

1. Funds appropriated by this item are for transfer by the State Controller to Section A of the State School Fund, in lieu of the amount which would otherwise be appropriated for transfer from the General Fund in the State Treasury to Section A of the State School Fund for the 1985–86 fiscal year pursuant to Sections 14002 and 41301 of the Education Code, for apportionment pursuant to Part 30 of the Education Code, superseding all prior law.
2. No more than $350,000 of the funds appropriated by this item may be used for in-service training for special education teachers.
3. Funds included for the purposes of Article 9 (commencing with Section 56780) of Chapter 7 of Part 30 of the Education Code shall not exceed $28,855,000.
4. Of the amount appropriated in this item, $10,000,000 shall be available for program growth pursuant to Section 56728.6 of the Education Code. The funds allocated pursuant to this provision and Provision 5 shall be the only funds available in this item for program growth.

Item Amount

5. Of the funds appropriated in this item, $5,000,000 are for growth in the number of instructional personnel service units in programs for individuals with exceptional needs who are younger than three years of age, as defined in Section 56026 of the Education Code. All funds in this item, which are currently being used for existing infant programs shall also be subject to the following:

Notwithstanding Section 56425 of the Education Code, the Superintendent of Public Instruction shall allocate these funds according to the provisions of Chapter 7 (commencing with Section 56700) of Part 30 of the Education Code, except that:

(a) The unduplicated pupil count divided by the number of instructional personnel service units must be greater than the following:
   (1) For special classes and centers—12
   (2) For resource specialist program—24
   (3) For designated instruction and services —12

(b) Infant programs in special classes and centers funded pursuant to this item must be supported by two aides, unless the Superintendent of Public Instruction determines otherwise.

(c) Resource specialist programs funded pursuant to this item must be supported by an aide.

(d) In determining the number of instructional personnel service units for which a special education local plan area may qualify, a minimum of six infants shall constitute eligibility for the initial unit in any settings; however, programs operating pursuant to Section 56425 of the Education Code will be allowed a minimum of one initial unit.

(e) Of the total units allocated to a special education local plan area for infant programs, no more than 50 percent shall be for special classes and centers. In cases where only one unit is allocated, that unit may be for special classes and centers, if appropriate.

(f) In the distribution of these funds, first priority shall be given to special education local plan areas that contain local education agencies which are mandated to serve infants according to the provisions of Section 56425 of the Education Code. Second priority shall be given to those special education local plan areas voluntarily serving infants at the 1984–85 Second Principal Apportionment. Third priority shall be given to special education local plan areas which did not serve infants at the 1984–85 Second Principal Apportionment.

Item Amount

6. Notwithstanding any other provision of law, in the 1985–86 fiscal year, for each county office of education which certifies to the Superintendent of Public Instruction that it offers 180 days or more of instruction per school year, the Superintendent of Public Instruction shall determine an amount equal to seventy dollars ($70) per unit of current year second principal apportionment special day class average daily attendance. This computation shall be included in computations made by the Superintendent of Schools pursuant to Article 2 of Chapter 7, Part 30 of the Education Code.

   County offices which operate an extended year or summer school program and receive funds for the additional days under those programs shall not be eligible to receive funds under this provision unless the number of days per pupil offered in 1985–86 is at least 180 days. County offices may elect to receive funds under this provision or under the extended year or summer school funding mechanism, but in no case shall a county office receive funding from both sources for the same days of instruction.

7. Notwithstanding any other provision of law, in the 1985–86 fiscal year, for each county office of education which certifies to the Superintendent of Public Instruction that it offers at least the amount of instructional time specified in this subdivision, the Superintendent of Public Instruction shall determine an amount equal to eighty dollars ($80) per unit of current year second principal apportionment special day class average daily attendance in kindergarten and grades 1 to 8, inclusive, and one hundred sixty dollars ($160) per unit of current year second principal apportionment special day class average daily attendance in grades 9 to 12, inclusive.

   This computation shall be included in computations made by the Superintendent of Schools pursuant to Article 2 of Chapter 7, Part 30 of the Education Code.

   The amount of time required for reimbursement under this provision is:

   (A) 34,500 minutes in kindergarten.
   (B) 47,016 minutes in grades 1 to 3, inclusive.
   (C) 50,000 minutes in grades 4 to 8, inclusive.
   (D) 57,200 minutes in grades 9 to 12, inclusive.

8. $3,500,000 of the funds appropriated in this item are available for the purpose of provisions 6 and 7 of this item.

Item Amount

9. Notwithstanding any other provision of law, the number of units of instructional services funded pursuant to Article 7 of the Education Code for a local plan shall not exceed for special classes and centers an average of one teacher and 1.05 aides per special class or center actually operated. $5,500,000 of the funds appropriated in this item are available for the purposes of this provision.
10. $5,000,000 of the funds appropriated in this item are available for purchase of specialized books, materials, and equipment for pupils with low-incidence disabilities, as defined in Section 56026.5 of the Education Code.
11. $3,500,000 of the funds appropriated in this item are available for matching funds for the purposes of PL98-524, and for vocational training and job placement for special education students. As a condition of receiving these funds, each agency must certify that the amount of nonfederal resources, exclusive of funds received pursuant to this provision, devoted to the provision of vocational education for special education pupils shall be maintained at or above the level provided in 1984–85. The Superintendent of Public Instruction may waive this requirement for agencies which can demonstrate that the requirement would impose a severe hardship.
12. Of the funds appropriated in this item, $150,000 shall be available for the lease or rental of temporary classroom facilities for special education programs that meet the following criteria:
    (a) The local education agency must have a support services quotient for the 1980–81 fiscal year greater than 1.5 times the statewide average quotient computed pursuant to subdivision (a) of Section 56737 of the Education Code.
    (b) The local education agency's 1979–80 fiscal year total special education costs, computed pursuant to Section 56732 of the Education Code, must include costs for the rent or lease of temporary classroom facilities for special education.
    (c) The local education agency must have certification from the State Allocation Board that no suitable alternative classroom facilities are available.
14. Notwithstanding any other provision of law, in the event that two elementary school districts consolidate to form a single elementary district, effective July 1, 1985, and if one of the former elementary districts did not provide any special education programs during the 1984–85 fiscal year, then the base year special education unit rates, support service ratio, and

Provisions:

1. Funds appropriated by this item, in category (a), are for apportionment to school districts and other eligible agencies maintaining preschool programs pursuant to Article 7, Chapter 2 (commencing with Section 8235) of Part 6 of the Education Code. Cost-of-living increases provided for in category (u) of Item 6100-226-001 for preschool programs shall be distributed on a pro rata basis.
2. Funds scheduled in category (b) (1) of this item, for county child care services, shall be allocated subject to the requirements of Education Code Section 8729.
3. Funds appropriated in Item 6100-226-001, category (v) for cost-of-living increases for child development programs shall be distributed on a pro rata basis among the programs scheduled in this item except as otherwise provided in Item 6100-226-001.
4. Community college districts which levied child development permissive override taxes pursuant to Sections 8329 and 8330 of the Education Code in the 1977–78 fiscal year and received fiscal relief through Chapter 282 of the Statutes of 1979 shall not receive reimbursement for child

care services from the superintendent in excess of 75 percent of the average daily enrollment funding standards for campus child care programs. Campus child care programs operated by the University of California, California State University and Colleges, and community colleges that did not levy a permissive override tax in the 1977–78 fiscal year shall receive reimbursement from the superintendent which equals 100 percent of the average daily enrollment funding standards for campus child care programs.

5. The amount appropriated by this item for campus child care tax bailout shall be allocated by the Department of Education on order of the Chancellor of the California Community Colleges. The Chancellor shall order the allocation of these funds to community college districts which levied child care permissive override taxes in 1977–78 pursuant to Sections 8329 and 8330 of the Education Code in an amount equal to the property tax revenues, tax relief subventions, and state aid required to be made available by the district to its child development program for the 1979–80 fiscal year pursuant to Section 30 of Chapter 1035 of the Statutes of 1979, increased by any cost-of-living increases granted in subsequent fiscal years. These funds shall be used only for the purpose of community college child development programs.
6. Notwithstanding the provisions of Section 8262 of the Education Code and Sections 14616 and 14780 of the Government Code, the Superintendent of Public Instruction may enter into and execute local agreements for allocation of the funds appropriated in category (b) of this item and, to the extent permissible under federal law, for allocation of the funds appropriated in Item 6100-196-890 to any public or private entity or agency for (a) the delivery of child care and development services or (b) the furnishing of property, facilities, personnel, supplies, equipment, or administrative services related to the delivery of child care and development services. Prior to entering into or executing such local agreements, however, the Department of Education shall obtain approval from the Department of General Services and the Department of Finance as to the form and general content thereof. Such agreements may only be made for the delivery of child care and development services, or the furnishing of property, facilities, personnel, supplies, equipment, or administrative services related thereto, which conform to the provisions of Chapter 2 (commencing with Section 8200) of Part 6 of the Education Code, excluding Section 8262.

Item Amount

7. Until such time as new funding procedures are established by the State Department of Education, the following reimbursement factors shall remain in effect:
   (a) Under 4 hours per day: 50% of the full-time daily rate.
   (b) 4 to under 6½ hours: 75% of the full-time daily rate.
   (c) 6½ to under 10½ hours: 100% of the full-time daily rate.
   (d) 10½ hours and over: 150% of the full-time daily rate.
8. Repayments of loans made pursuant to Section 8277.2 of the Education Code, for minor capital outlay expenditures by a local child care and development agency to renovate or repair child care facilities owned by the state or a local government or nonprofit, nonsectarian agency to meet state and local health and safety standards, shall be reimbursable as actual and allowable costs. These reimbursable costs shall not exceed the maximum amount established by the contract between the Office of Child Development and the contracting agency, and shall be allowable provided that the agency shall not reduce the level of services provided to children. No expenditure in excess of $500 may be made unless approved in writing in advance by the Office of Child Development.
9. Notwithstanding any other provision of law, child development appropriations shall be available for expenditure for three years, except that funds remaining unencumbered as of June 30, 1986, shall revert to the General Fund. The Superintendent of Public Instruction shall reallocate any unearned contract funds pursuant to subdivision (b) of Section 8278 of the Education Code.

6100-201-001—For local assistance, Department of Education, Program 30.20—Child Nutrition 46,872,000

Provisions:

1. Funds appropriated by this item are for child nutrition programs pursuant to the provisions of Section 41311 and clause (3) of subdivision (a) of Section 41312 of the Education Code; and that claims for reimbursement of meals pursuant to this appropriation shall be submitted by school districts not later than September 30, 1986, to be eligible for reimbursement.

Item Amount

2. Notwithstanding any other provisions of law, except as provided in this provision, funds appropriated by this item shall be available for allocation in accordance with provisions of Section 49536 of the Education Code, except that such allocation shall not be made on the basis of all meals served but shall be made on the basis of the number of meals that are served and which qualify as free or reduced priced meals in accordance with provisions of Sections 49501, 49550, and 49552 of the Education Code. Notwithstanding Section 49536 of the Education Code, of the amount appropriated in this item, $16.8 million shall be used to increase the reimbursement to child nutrition entities under Section 49536 of the Education Code on a pro rata basis.

3. Notwithstanding the provisions of Sections 41311, 41312, 41350, 41352, and 41353 of the Education Code, the funds appropriated by this item, as augmented by Item 6100-226-001, shall not be transferred to the Child Nutrition Fund. Disbursements shall be made from the General Fund as appropriated herein.

Provisions:

2. The Department of Education shall apportion inflation allowances to juvenile hall programs on the basis of equal dollar amounts per ADA for each program.

3. Notwithstanding Section 42238.1 of the Education Code, for the 1985–86 fiscal year the Superintendent of Public Instruction shall compute an inflation adjustment for each type of school district equal to the product of subdivisions (a) and (b):

(a) Compute for the sum of the following:

(1) The statewide average base revenue limit per unit of average daily attendance for the 1984–85 fiscal year for districts of similar type.

(2) The amount, if any, per unit of average daily attendance received by the district pursuant to Article 8 (commencing with Section 46200) of Chapter 2 of Part 26 of the Education Code for the 1984–85 fiscal year.

(b) The percentage change in the annual average value of the Implicit Price Deflator for State and Local Government Purchases of Goods and Services for the United States, as published by the United States Department of Commerce for the 12-month period ending in the third quarter of the 1984–85 fiscal year. This percentage change shall be determined using the latest data available as

Item Amount

of May 1, 1985, compared with the annual average value of the same deflator for the 12-month period ending in the third quarter of the 1983–84 fiscal year, using the data upon which the inflation adjustment calculated for the 1984–85 fiscal year was based. The percentage change computed pursuant to this provision shall be deemed to be the percentage change computed pursuant to Section 42238.1 of the Education Code for the 1985–86 fiscal year.

   The expenditure of the $4,080,000 available for microelectronic research shall also be subject to the following conditions:

   (1) The university may utilize no more than $204,000 of the $4,080,000 for administrative and related costs.
   (2) The university may utilize a portion of the $4,080,000 as support for graduate student education and related professional teaching support.
   (3) To the extent possible, expenditures subject to the limits in paragraphs (1) and (2) shall be reimbursed through the joint research projects specified in paragraph (4).
   (4) The balance of the appropriation shall be used to fund industry/academic joint research projects for the policy purposes noted above, on a project-by-project basis, with

9. No funds appropriated by this act may be used by the Regents of the University of California to reclassify instructional capacity space, administrative space, library space, or faculty offices to other uses unless and until any such proposed reclassification is first approved by the Department of Finance and 30 days' written notification is provided to the Chairperson of the Joint Legislative Budget Committee or his or her designee, or not sooner than such lesser time as the chairperson of such committee, or his or her designee, may in each instance determine.

10. Since it is the intent of the Legislature in enacting this act that no qualified student be denied admission to the University of California because of a budget deficiency caused by unanticipated additional enrollments, the Director of Finance may, following the adoption of a resolution by the Regents of the University of California declaring an enrollment emergency, authorize the accelerated expenditure of amounts budgeted for the university, in the form of an agreement to seek a supplementary appropriation from the General Fund to the extent necessary to ensure that all qualified students can be admitted when the Director of Finance certifies that the systemwide enrollment of the University of California exceeds by 2 percent or more the enrollment upon which the budget for the university was based; provided, that no increased expenditure may exceed $6,000,000 in the aggregate for both the University of California and the California State University or be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of such committee, or his or her designee, may in each instance determine.

In the event that the systemwide enrollment of the University of California is under the budgeted enrollment by more than 2 percent, such excess shall be unallocated by the Director of Finance. Unallocated funds may be reallocated to preclude layoffs only after the Director of Finance has approved such action and shall not be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time

	as the chairperson of such committee, or his or her designee, may in each instance determine. For purposes of this provision, graduate enrollments of the University of California shall be excluded from all calculations.	
	11. Of the funds appropriated in Schedule (a), $1,200,000 shall be provided for the California Mathematics Project (CMP) to operate at least 15 centers in 1985–86. If the CMP does not operate 15 centers in 1985–86, the appropriation shall be reduced by $80,000 for each center under 15.	
	12. The funds appropriated in Schedule (e) shall not be available for expenditure unless nonstate matching funds equal to or exceeding one-half of the amount herein appropriated are obtained for this program on or before June 30, 1986. If insufficient matching funds are obtained to fully expend this appropriation at the 2:1 ratio, then the amount allocated for this program shall be reduced to twice the amount of matching funds provided.	
	13. Of the funds appropriated in Schedule (a), $2,000,000 shall be available for additional janitorial services. It is intended that these additional services be performed by university employees only, and not by contract personnel.	
	14. Of the funds appropriated in Schedule (a), $651,000 shall be for research to establish the magnitude of the current salinity, drainage, and toxicity problems in the San Joaquin Valley and to evaluate existing information on the accumulation of constituents of concern in the food chain.

Item Amount

Provisions:

1. All funds received pursuant to Proposition 37 that are allocable to the University of California pursuant to Section 8880.5 of the Government Code and that are in excess of the amount appropriated in this item are hereby appropriated in augmentation of this item.

6440-006-001—For support of the University of California, in addition to, and in augmentation of Item 6440-001-001, Program 45, Student Financial Aid, to provide financial aid to needy students attending the University of California, according to the nationally accepted needs analysis methodology 23,644,000

6440-011-001—For support of University of California, for augmentation for employee compensation 94,699,000

Provisions:

1. The funds herein appropriated are for compensation increases, increases in benefits related thereto, and other benefits, to be allocated by the Department of Finance, in augmentation of Item 6440-001-001, in such amounts as will make sufficient money available for each employee of the University of California whose compensation, or portion thereof, is chargeable to the General Fund, to receive any such increases provided on or after July 1, 1985, by the Regents of the University of California.
2. Amounts proposed for employee compensation increases constitute the total increase in compensation for all employees of the University of California for the 1985–86 fiscal year. Funds appropriated for employee compensation increases are to be allocated by executive order of the Department of Finance to the Regents of the University of California for employees of the University of California, in accordance with salary and benefit schedules established by the Regents of the University of California.
3. Of the funds appropriated in this item, $10,494,000 shall be for a 3.1 percent faculty salary increase effective January 1, 1986.

6440-012-001—For support of University of California for augmentation for employee compensation 5,055,000

The funds appropriated by this item are to be used solely for pay equity adjustments related to the comparability of the value of the work to be allocated by the Department of Finance to the University of California in augmentation of their appropriations or allocations for support or for other purposes, in such amounts as will make sufficient money available for each state officer or employee in the state service, whose compensation, or portion thereof, is chargeable to the General Fund, to receive any such pay equity adjustments provided on or after January 1, 1986, by the Regents of the University of California. Appropriated funds are to be allocated proportionally: (a) to each of the bar-

gaining units representing employees of the University of California based on the number of employees in female-dominated classifications within each of these units and (b) to the University of California for nonrepresented employees based on the number of employees in female-dominated nonrepresented classes of the university. Distribution of any appropriated funds within each bargaining unit shall be determined by memoranda of understanding between the Regents of the University of California and the exclusive representatives representing University of California employees. Bargaining over pay equity adjustments made from these funds shall not commence prior to the implementation of regular 1985–86 employee compensation adjustments. Pay equity adjustments shall not be retroactive to any time prior to January 1, 1986. Funds appropriated for pay equity adjustments related to comparability of the value of the work are to be allocated by executive order of the Department of Finance in accordance with approved memoranda of understanding, or, for employees excluded from collective bargaining in a manner consistent with Section 19827.2 of the Government Code.

Provisions:

1. It is the policy of the Legislature that the teaching hospitals shall finance capital improvement projects from hospital reserve funds. The approval of state funds for the budget year for hospital capital outlay projects is based on the unique financial circumstances which the teaching hospitals face in the budget year. Therefore, funding of these projects does not represent a commitment to finance similar projects in the future.

6440-401—The Regents of the University of California shall not undertake any project funded from the Health Sciences Hospital Reserve Fund, which is in excess of $200,000, unless the scope and cost of any such project is approved by the Director of Finance and 30 days' written notification is provided to the Chairperson of the Joint Legislative Budget Committee or his or her designee, or not sooner than such lesser time as the chairperson of such committee, or his or her designee, may in each instance determine. Any project funded from the Health Sciences Hospital Reserve Fund, of less than $200,000, shall be reported to the Chairperson of the Joint Legislative Budget Committee by December 1 of each fiscal year. Any urgent project concerned with patient life or safety may proceed without prior approval or notification but such project shall be identified in the report provided each December 1.

The university shall provide to the Director of Finance and the Chairperson of the Joint Legislative Buget Committee a payback analysis for each project and the reasons offered to justify expenditure for the project on either a financial, an academic program, or a basic patient care need basis. This requirement shall not apply to fire and safety code projects in inpatient areas or urgent projects concerning patient life or safety.

The university may also propose the use of hospital reserves for the purchase of replacement or new equipment. The university shall submit an annual plan for equipment purchases which justifies proposed purchases on a financial, an academic program, or a patient care need basis.

6440-490—Reappropriation, University of California. Notwithstanding any other provision of law, the unencumbered balance, as of June 30, 1985, of the appropriation made in Item 6440-001-001 of the Budget Act of 1984, is hereby reappropriated for replacement of instructional equipment, deferred maintenance, and special repair projects, and shall be available for encumbrance until June 30, 1986.

Item Amount

Provision:

1. The University of California shall report to the Department of Finance and the Joint Legislative Budget Committee the amount of the unencumbered balance, on June 30, 1985, of Item 6440-001-001 of the Budget Act of 1984, by September 30, 1985, and the expenditures made pursuant to this item by September 30, 1986.

6440-491—Reappropriation, University of California.

Notwithstanding any other provision of law, the unencumbered balances of the appropriations provided in the following citation are reappropriated on the effective date of this act for the purposes provided for in those appropriations, and shall be available for expenditure until June 30, 1986:

146-Capital Outlay Fund For Public Higher Education
