4996.4. Notwithstanding the provisions of Section 4996.3, an applicant who has failed the examination may apply for reexamination upon payment of a reexamination fee of ten dollars ($10) if he or she applies within the 12-month period subsequent to failure of the examination. For persons applying for reexamination under the terms of this section on or after July 1, 1986, the reexamination fee shall be twenty dollars ($20) for each application. Persons failing to appear for reexamination, once having been scheduled, shall forfeit any reexamination fees paid.

SEC. 1.6. Section 4996.6 is added to the Business and Professions Code, to read:

4996.6. (a) A renewal fee in the sum of ten dollars ($10) shall be charged and collected annually by the board prior to the last day of March of each calendar year. The fees shall be deposited in the State Treasury to the credit of the Behavioral Science Examiners Fund.

On or after July 1, 1986, a renewal fee in the sum of forty dollars ($40) shall be charged and collected on a biennial basis by the board in accordance with the provisions of Section 152.6. The fees shall be deposited in the State Treasury to the credit of the Behavioral Science Examiners Fund.

(b) A five dollar ($5) delinquency fee shall be added to the renewal fee when the renewal fee is not received by the board prior to the last day of March of each calendar year.

For all licenses renewed on or after July 1, 1986, a delinquency fee in the amount of twenty-five dollars ($25) shall be added to the renewal of any biennial license which is not renewed on a timely basis.

Any person who permits his or her license to become delinquent may have it restored only upon the payment of all fees which he or she would have paid if the license had not become delinquent, plus the payment of any and all delinquency fees.

SEC. 2. Chapter 17 (commencing with Section 9000) of Division 3 of the Business and Professions Code is repealed.

SEC. 2.5. Sections 1.2, 1.4, and 1.6 of this bill shall only become operative if SB 687 and this bill are enacted and become effective on January 1, 1986, SB 687 amends Sections 9043, 9043.1, and 9048 of the Business and Professions Code and this bill adds Sections 4996.3, 4996.4, and 4996.6 to the Business and Professions Code, and this bill is enacted after SB 687, in which case Sections 4996.3, 4996.4, and 4996.6 of the Business and Professions Code, as proposed to be added by Section 1 of this bill, shall not become operative.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 821

An act to add Section 6868.7 to the Business and Professions Code, relating to collection agencies.

[Approved by Governor September 19, 1985 Filed with Secretary of State September 19, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 6868.7 is added to the Business and Professions Code, to read:

6868.7. Notwithstanding any other provision of law, the bureau shall not release the home address or home phone number of any licensee or registrant, other than to a governmental agency or law enforcement agency, unless the bureau has received a written request for that information. When a threat of physical harm is made or communicated to the bureau concerning a licensee or registrant, the bureau shall immediately notify the registrant or licensee of the threat and the name of the person making the threat.

All applications for registration, or licensure pursuant to this chapter shall contain a statement, printed in 18 point type, consisting of the following language:

"WARNING - READ BEFORE FILLING OUT THIS APPLICATION"

The address and phone number which you give may be either that of your employer, that of your business, or your home address and phone number. Pursuant to the California Public Records Act, whichever address and phone number you give, may be given to other governmental or law enforcement agencies, as well as given to anyone who requests it, including, but not limited to, debtors from whom you have attempted to collect a past due account."

CHAPTER 822

An act to add Section 65852.9 to the Government Code, relating to zoning of school property.

[Approved by Governor September 19, 1985 Filed with Secretary of State September 19, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 65852.9 is added to the Government Code, to read:

65852.9. (a) The Legislature recognizes that unused school sites

represent a potentially major source of revenue for school districts and that current law reserves a percentage of unused school sites for park and recreational purposes. It is therefore the intent of the Legislature to ensure that unused school sites not leased or purchased for park or recreational purposes pursuant to Article 5 (commencing with Section 39390) of Chapter 3 of Part 20 of the Education Code can be developed to the same extent as is permitted on adjacent property. It is further the intent of the Legislature to expedite the process of zoning such property to avoid unnecessary costs and delays to the school district; however, school districts shall be charged for the administrative costs of such rezoning.

(b) If all of the public entities enumerated in Section 39394 of the Education Code decline a school district's offer to sell or lease school property pursuant to Article 5 (commencing with Section 39390) of Chapter 3 of Part 23 of the Education Code, the city or county having zoning jurisdiction over the property shall, upon request of the school district, zone the school site as defined in Section 39392 of the Education Code, consistent with the provisions of the applicable general and specific plans and compatible with the uses of property surrounding the school site. The school site shall be given the same land use control treatment as if it were privately owned. In no event shall the city or county, prior to the school district's sale or lease of the school site, rezone the site to open-space, park or recreation, or similar designation unless the adjacent property is so zoned, or if so requested or agreed to by the school district.

A rezoning effected pursuant to this section shall be subject to any applicable procedural requirements of state law or of the city or county.

A school district which requests a zoning change pursuant to this section shall, in the fiscal year in which the city or county incurs costs in effecting the requested zoning change, reimburse the city or county for the actual costs incurred by it.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 823

An act to amend Sections 4533.1, 4535.2, and 7098 of, to amend and add Section 14838 of, and to add Article 4 (commencing with Section 14825) to Chapter 6 of Part 5.5 of Division 3 of Title 2 to, the Government Code, and to amend Sections 10391, 10392, 10393, 10398, and 10399 of the Public Contract Code, relating to public contracts.

[Approved by Governor September 19, 1985 Filed with Secretary of State September 19, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 4533.1 of the Government Code is amended to read:

4533.1. Where a bidder complies with the provisions of Section 4533, or the worksite or worksites where at least 50 percent of the labor required to perform the contract is within commuting distance of a distressed area, the state shall award a 1-percent preference for bidders who shall agree to hire persons with high risk of unemployment equal to 5 to 9 percent of its work force during the period of contract performance; a 2-percent preference for bidders who shall agree to hire persons with high risk of unemployment equal to 10 to 14 percent of its work force during the period of contract performance; a 3-percent preference for bidders who shall agree to hire persons with high risk of unemployment equal to 15 to 19 percent of its work force during the period of contract performance; and a 4-percent preference for bidders who shall agree to hire persons with high risk of unemployment equal to 20 or more percent of its work force during the period of contract performance.

SEC. 2. Section 4535.2 of the Government Code is amended to read:

4535.2. (a) The maximum preference a bidder may be awarded pursuant to this chapter and any other provision of law shall be 15 percent; however, in no case shall the maximum preference cost exceed fifty thousand dollars ($50,000) for any bid. In those cases where the 15-percent cumulated preference cost would exceed the fifty thousand dollar ($50,000) maximum preference cost limit, the fifty thousand dollar ($50,000) maximum preference cost limit shall apply.

(b) Notwithstanding the provisions of this chapter, small business bidders qualified in accordance with the provisions of Section 14838 shall have precedence over nonsmall business bidders in that the application of any bidder preference for which nonsmall business bidders may be eligible, including the preference contained in this chapter, shall not result in the denial of the award to a small business bidder. This provision shall apply to those cases where the small business bidder is the lowest responsible bidder, as well as to those cases where the small business bidder is eligible for award as the result of application of the 5-percent small business bidder preference.

SEC. 3. Section 7098 of the Government Code is amended to read:

7098. (a) The maximum preference a bidder may be awarded pursuant to this chapter and any other provision of law shall be 15 percent; however, in no case shall the maximum preference cost exceed fifty thousand dollars ($50,000) for any bid. In those cases

where the 15-percent cumulated preference cost would exceed the fifty thousand dollar ($50,000) maximum preference cost limit, the fifty thousand dollar ($50,000) maximum preference cost limit shall apply.

(b) Notwithstanding the provisions of this chapter, small business bidders qualified in accordance with the provisions of Section 14838 shall have precedence over nonsmall business bidders in that the application of any bidder preference for which nonsmall business bidders may be eligible, including the preference contained in this chapter, shall not result in the denial of the award to a small business bidder. This provision shall apply to those cases where the small business bidder is the lowest responsible bidder, as well as to those cases where the small business bidder is eligible for award as the result of application of the 5-percent small business bidder preference.

SEC. 3.5. Article 4 (commencing with Section 14825) is added to Chapter 6 of Part 5.5 of Division 3 of Title 2 of the Government Code, to read:

Article 4. California State Contracts Register

14825. The Department of General Services shall publish, or shall cause to be published, the California State Contracts Register, describing therein contracts proposed by the state.

As used in this article, "contract" means an agreement entered into by a state agency for services, which term shall be construed to include contracts for construction or alteration of state-owned real property.

Provisions of this article shall not apply to contracts for entertainment by district agricultural associations or for their fair related events except that summaries of the types of fair related contracts shall be published in the California State Contracts Register at least twice each year.

14825.1. The California State Contracts Register shall be published not less than twice a month and shall include information deemed appropriate by the Department of General Services, and shall include all of the following:

(a) Contract identification number.

(b) A description of the contract to be performed.

(c) All deadlines for submitting bid proposals or other required steps in the contract process, including the location and estimated duration of the contract where appropriate.

(d) Any eligibility requirements and preferences.

(e) Department, name, and telephone number of the person or persons to contact for further bid and submittal information.

14826. In order to broaden subcontracting opportunities for small business, agencies shall maintain and provide, upon request to interested parties, the names and addresses of firms to whom requests for proposals or invitations to bid are to be issued in

connection with all contracts for one hundred thousand dollars ($100,000) or more.

14827. State agencies shall develop procedures for assuring that proposed contract opportunities are published in the California State Contracts Register as required by this article.

14827.1. No state agency shall award a contract unless notice thereof has first been published in the California State Contracts Register.

14827.2. Every state agency shall furnish to the Department of General Services the information required by Section 14825.1 in sufficient time for it to be published in the California State Contracts Register, so as to give potential bidders not less than 10 working days' notice prior to the contract bid opening date. Agencies shall not release invitations for bid or requests for proposals prior to publication in the California State Contracts Register.

14827.3. The Department of General Services may exempt a state agency from the requirement of advertising in the California State Contracts Register where the contract is necessary for the immediate preservation of life or state property, where the contract is with another state agency or local and where the Director of General Services determines that the state's best interest would be better served by an exemption. The Department of General Services may, likewise, exempt a class or classes of contracts, where it appears to be in the state's best interest to do so. The department will identify the exemptions and publish them prominently in each issue of the California State Contracts Register.

14828. All governmental contracting entities shall provide to the Department of General Services which shall maintain, for review by those desiring the information, all of the following:

(a) Names of contractors to whom specific contracts have been awarded.

(b) Contract procedures and requirements.

14829. The Department of General Services shall offer copies of the California State Contracts Register for sale, and the "price" thereof shall not exceed the amount necessary to pay all expenses incurred in its preparation and distribution.

14829.1. The Department of General Services may adopt rules and regulations consistent with the law for the purpose of carrying into effect this article.

14829.2. This article shall remain in effect until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends that date, or unless the Director of General Services determines that as of December 1, 1987, the programs established by this article are self-supporting and notifies the Joint Legislative Budget Committee of that determination.

SEC. 4. Section 14838 of the Government Code is amended to read:

14838. In order to facilitate the participation of small business in

state procurement and in construction contracts, and in service contracts, under the Office of the State Architect or other state agencies which contract for the construction (including alteration, demolition, repair, or improvement) of state facilities, or the delivery of services, the directors of General Services and of such other agencies, each within their respective areas of responsibility, shall do all of the following:

(a) Establish goals, consistent with those established by the Office of Small and Minority Business, for the extent of participation of small businesses in state procurement and in construction contracts, and in service contracts.

(b) Provide for small business preference in construction or the procurement of goods or the delivery of services where responsibility and quality are equal. The preference to small business shall be 5 percent for the lowest responsible bidder meeting specifications. However, the small business preference shall not exceed fifty thousand dollars ($50,000) for any bid. In bids in which the state has reserved the right to make multiple awards, this fifty thousand dollar ($50,000) maximum preference cost shall be applied, to the extent possible, so as to maximize the dollar participation of small businesses in the contract award.

(c) Give special consideration to small businesses by both:

(1) Reducing the experience required.

(2) Reducing the level of inventory normally required.

(d) Give special assistance to small businesses in their preparation and submission of the information requested in Section 14310.

(e) Under the authorization granted in Section 14311, make awards, whenever feasible, to small business bidders for each project bid upon within their prequalification rating. This may be accomplished by dividing major projects into subprojects so as to allow a small business contractor to qualify to bid on these subprojects.

(f) Small business bidders qualified in accordance with the provisions of this chapter shall have precedence over nonsmall business bidders in that the application of any bidder preference for which nonsmall business bidders may be eligible under any other provision of law shall not result in the denial of the award to a small business bidder. This provision shall apply to those cases where the small business bidder is the lowest responsible bidder, as well as to those cases where the small business bidder is eligible for award as the result of application of the 5-percent small business bidder preference granted by subdivision (b).

(g) This section shall become inoperative on July 1, 1986, and, as of January 1, 1987, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1987, deletes or extends the dates on which it becomes inoperative and is repealed.

(h) This section shall remain in effect only until July 1, 1986, and as of that date is repealed.

SEC. 5. Section 14838 is added to the Government Code, to read:

14838. In order to facilitate the participation of small business in state procurement and in construction contracts under the Office of the State Architect or other state agencies which contract for the construction (including alteration, demolition, repair, or improvement) of state facilities, the directors of General Services and of such other agencies, each within their respective areas of responsibility, shall do all of the following:

(a) Establish goals, consistent with those established by the Office of Small and Minority Business, for the extent of participation of small businesses in state procurement and in construction contracts.

(b) Provide for small business preference in construction or the procurement of goods where responsibility and quality are equal. The preference to small business shall be 5 percent of the lowest responsible bidder meeting specifications. However, the small business preference shall not exceed fifty thousand dollars ($50,000) for any bid. In bids in which the state has reserved the right to make multiple awards, this fifty thousand dollar ($50,000) maximum preference cost shall be applied, to the extent possible, so as to maximize the dollar participation of small businesses in the contract award.

(c) Give special consideration to small businesses by both:

(1) Reducing the experience required.

(2) Reducing the level of inventory normally required.

(d) Give special assistance to small businesses in their preparation and submission of the information requested in Section 14310.

(e) Under the authorization granted in Section 14311, make awards, whenever feasible, to small business bidders for each project bid upon within their prequalification rating. This may be accomplished by dividing major projects into subprojects so as to allow a small business contractor to qualify to bid on these subprojects.

(f) Small business bidders qualified in accordance with the provisions of this chapter shall have precedence over nonsmall business bidders in that the application of any bidder preference for which nonsmall business bidders may be eligible under any other provision of law shall not result in the denial of the award to a small business bidder. This provision shall apply to those cases where the small business bidder is the lowest responsible bidder, as well as to those cases where the small business bidder is eligible for award as the result of application of the 5-percent small business bidder preference granted by subdivision (b).

(g) This section shall become operative on July 1, 1986.

SEC. 6. Section 10391 of the Public Contract Code is amended to read:

10391. For the purpose of this article, "recycled paper" means all paper and woodpulp products containing postconsumer waste and secondary waste materials as defined in this section. "Postconsumer waste" means a finished material which would normally be disposed of as a solid waste at a disposal site located in the State of California,

having completed its life cycle as a consumer item. "Secondary waste" means fragments of products or finished products of a manufacturing process located in the State of California, which has converted a virgin resource into a commodity of real economic value, and includes postconsumer waste, but does not include mill broke, wood slabs, chips, sawdust or other wood residue from a manufacturing process.

"Recycled paper" means a paper product with not less than 50 percent of its total weight consisting of secondary and postconsumer waste with not less than 10 percent of its total weight consisting of postconsumer waste.

SEC. 7. Section 10392 of the Public Contract Code is amended to read:

10392. (a) The department shall revise its procedures and specifications for state purchases of paper to give preference, wherever feasible, to the purchase of paper products containing recycled paper.

(b) The department shall give preference to the suppliers of recycled paper products. This preference shall be 5 percent of the lowest bid or price quoted by suppliers offering nonrecycled paper products. However, the recycled paper preference shall not exceed fifty thousand dollars ($50,000) for any bid. In bids in which the state has reserved the right to make multiple awards, this fifty thousand dollars ($50,000) maximum preference cost shall be applied, to the extent possible, so as to maximize the dollar participation of recycled business in the contract award.

(c) Notwithstanding subdivision (b) of this section and subdivision (a) of Section 10398, the 5-percent recycled paper bidder preference shall not be granted if in so doing a small business qualified in accordance with Section 14838 of the Government Code would be deprived of the contract award. This provision shall apply regardless of whether the small business is the lowest responsible bidder or is eligible for contract award on the basis of application of the 5-percent small business preference.

(d) In those instances where a bidder is eligible for both the small business and recycled paper preferences, the small business preference only shall be applied. Further, for purposes of a contract award, the 5-percent recycled paper preference may not be cumulated with any other preference for which a bidder may be eligible.

(e) To encourage the use of postconsumer waste, the department's specifications shall require recycled paper contracts to be awarded to the bidder whose paper contains the greater percentage of postconsumer waste if the fitness and quality and price are otherwise equal.

(f) The department may adopt rules and regulations to carry out the provisions of this article.

SEC. 8. Section 10393 of the Public Contract Code is amended to read:

10393. (a) The director shall review the procurement specifications currently used by the department in order to eliminate, wherever economically feasible, discrimination against the procurement of recovered resources and recycled materials.

(b) The director shall review the recycled paper content specifications at least annually to consider increasing the percentage of recycled paper in paper and woodpulp product purchases.

(c) When contracting with the department for the sale of material subject to this article, the contractor shall certify in writing to the contracting officer or his or her representative that the material offered contains the minimum percentage of recycled paper required by Section 10391 and shall specify the percentage of recycled paper content in the paper or paper products. The certification also shall attest to the fact that the postconsumer waste would have been disposed of at a solid waste disposal site located in California and that the secondary waste was the result of a manufacturing process located in California. The certification shall be furnished under penalty of perjury.

(d) The department shall establish purchasing practices which, to the maximum extent economically feasible, assure purchase of materials which may be recycled or reused when discarded.

(e) The department shall make every effort to eliminate purchases of paper and paper products deemed potential contaminants to the state's recycling program.

SEC. 9. Section 10398 of the Public Contract Code is amended to read:

10398. (a) Fitness and quality being equal, all local public agencies shall purchase recycled paper and paper products instead of unrecycled paper or paper products whenever available at no more than the total cost of unrecycled paper and paper products. All local public agencies may and state agencies shall give preference to the suppliers of recycled paper or paper products. This preference shall be 5 percent of the lowest bid or price quoted by suppliers offering unrecycled paper or paper products. However, the recycled paper preference shall not exceed fifty thousand dollars ($50,000) for any bid. In bids in which the state has reserved the right to make multiple awards, this fifty thousand dollar ($50,000) maximum preference cost shall be applied, to the extent possible, so as to maximize the dollar participation of firms offering recycled paper in the contract award.

(b) Notwithstanding subdivision (a) of this section and subdivision (b) of Section 10392, the 5-percent recycled paper bidder preference shall not be granted if in so doing a small business qualified in accordance with Section 14838 of the Government Code would be deprived of the contract award. This provision shall apply regardless of whether the small business is the lowest responsible bidder or is eligible for contract award on the basis of application of the 5-percent small business bidder preference.

(c) In those instances where a bidder is eligible for both the small

business and recycled paper preferences, the small business preference only shall be applied. Further, for the purposes of contract award, the 5-percent recycled paper preference may not be cumulated with any other preference for which a bidder may be eligible.

SEC. 10. Section 10399 of the Public Contract Code is amended to read:

10399. All local public agencies shall require the bidder to specify the percentage of recycled paper content in the paper or paper products, as well as requiring the bidder to specify that the postconsumer waste would have been disposed of at a solid waste disposal site in California and that the secondary waste resulted from a manufacturing process located in California. All contract provisions impeding the consideration of products with reclaimed paper content shall be deleted in favor of performance standards.

All printing contracts made by any local agency shall provide that the paper used shall meet the requirements of these provisions.

Except as otherwise provided in this article, state agencies shall also be subject to the provisions of this section.

SEC. 11. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

SEC. 12. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

CHAPTER 824

An act to add Section 14132.55 to the Welfare and Institutions Code, relating to the medical assistance program.

[Approved by Governor September 19, 1985 Filed with Secretary of State September 19, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares:

Rehabilitation programs including speech, language, and hearing services are needed for victims of head trauma, stroke, neurological diseases, and other conditions resulting in communication disorders.

The medical assistance program currently covers these services subject to certain limitations provided by licensed speech pathologists or licensed audiologists.

It is currently legal and appropriate for licensed speech pathologists or licensed audiologists to utilize, under general supervision, postgraduate personnel in the process of acquiring their license in approved settings as authorized by the Speech Pathology and Audiology Examining Committee of the Board of Medical Quality Assurance pursuant to the provisions of subdivision (d) of Section 2532.2 of the Business and Professions Code.

It is the intent of the Legislature to clarify and authorize the utilization of the above-mentioned personnel by licensed speech pathologists or licensed audiologists under the medical assistance program.

SEC. 2. Section 14132.55 is added to the Welfare and Institutions Code, to read:

14132.55. For the purposes of reimbursement under the Medi-Cal program, a speech pathologist or audiologist shall be licensed by the Speech Pathology and Audiology Examining Committee of the State Board of Medical Quality Assurance or similarly licensed by a comparable agency in the state in which he or she practices. Licensed speech pathologists or licensed audiologists are authorized to utilize and shall be reimbursed for the services of those personnel in the process of completing requirements under the provisions of subdivision (d) of Section 2532.2 of the Business and Professions Code.

CHAPTER 825

An act to amend Sections 45103 and 88003 of the Education Code, relating to education.

[Approved by Governor September 19, 1985 Filed with Secretary of State September 19, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 45103 of the Education Code is amended to read:

45103. The governing board of any school district shall employ persons for positions not requiring certification qualifications. The governing board shall, except where Article 6 (commencing with Section 45240) of this chapter or Section 45318 applies, classify all such employees and positions. The employees and positions shall be known as the classified service. Substitute and short-term employees, employed and paid for less than 75 percent of a school year, shall not be a part of the classified service. Part-time playground positions, apprentices and professional experts employed on a temporary basis for a specific project, regardless of length of employment, shall not be a part of the classified service. Full-time students employed part time, and part-time students employed part time in any college

work-study program, or in a work experience education program conducted by a community college district pursuant to Article 7 (commencing with Section 51760) of Chapter 5 of Part 28, of Division 4, of this title and which is financed by state or federal funds, shall not be a part of the classified service.

"Substitute employee," as used in this section, means any person employed to replace any classified employee who is temporarily absent from duty. In addition, if the district is then engaged in a procedure to hire a permanent employee to fill a vacancy in any classified position, the governing board may fill the vacancy through the employment, for not more than 60 calendar days, of one or more substitute employees, except to the extent that a collective bargaining agreement then in effect provides for a different period of time.

"Short-term employee," as used in this section, means any person who is employed to perform a service for the district, upon the completion of which, the service required or similar services will not be extended or needed on a continuing basis.

"Seventy-five percent of a school year" means 195 working days, including holidays, sick leave, vacation and other leaves of absences, irrespective of number of hours worked per day.

Employment of either full-time or part-time students in any college work-study program, or in a work experience education program shall not result in the displacement of classified personnel or impair existing contracts for services.

This section shall apply only to districts not incorporating the merit system as outlined in Article 6 (commencing with Section 45240) of this chapter.

SEC. 2. Section 88003 of the Education Code is amended to read:

88003. The governing board of any community college district shall employ persons for positions not requiring certification qualifications. The governing board shall, except where Article 3 (commencing with Section 88060) of this chapter or Section 88137 applies, classify all such employees and positions. The employees and positions shall be known as the classified service. Substitute and short-term employees, employed and paid for less than 75 percent of a school year, shall not be a part of the classified service. Part-time playground positions, apprentices and professional experts employed on a temporary basis for a specific project, regardless of length of employment, shall not be a part of the classified service. Full-time students employed part time, and part-time students employed part time in any college work-study program, or in a work experience education program conducted by a community college district pursuant to Article 4 (commencing with Section 78240) of Chapter 2 of Part 48 of this division and which is financed by state or federal funds, shall not be a part of the classified service.

"Substitute employee," as used in this section, means any person employed to replace any classified employee who is temporarily absent from duty. In addition, if the district is then engaged in a

procedure to hire a permanent employee to fill a vacancy in any classified position, the governing board may fill the vacancy through the employment, for not more than 60 calendar days, of one or more substitute employees, except to the extent that a collective bargaining agreement then in effect provides for a different period of time.

"Short-term employee," as used in this section, means any person who is employed to perform a service for the district, upon the completion of which, the service required or similar services will not be extended or needed on a continuing basis.

"Seventy-five percent of a school year" means 195 working days, including holidays, sick leave, vacation and other leaves of absences, irrespective of number of hours worked per day.

Employment of either full-time or part-time students in any college work-study program, or in a work experience education program shall not result in the displacement of classified personnel or impair existing contracts for services.

This section shall apply only to districts not incorporating the merit system as outlined in Article 3 (commencing with Section 88060) of this chapter.

CHAPTER 826

An act to repeal and add Section 29853.5 of the Government Code, relating to public social services.

(3) The detriment to the school district's ability to financially meet the educational needs of the community resulting from the disposition of the school site pursuant to the sale price or lease rate limitations set forth in Section 39396, as compared to the fair market value of the site, outweighs the need for the use of the site for outdoor recreational and open-space purposes as established by a finding made under Section 39397.

(b) Notwithstanding subdivision (a), no provision of Article 5 (commencing with Section 39390) of Chapter 3 of Part 23 shall be waived except by formal action of the State Board of Education.

(1) Provisions identical to those contained in Part 1 (commencing with Section 6001) of this division, insofar as they relate to use taxes and are not inconsistent with this part, except that the name of the district as the taxing agency shall be substituted for that of the state. The name of the district shall be substituted for the word "state" in the phrase "retailer engaged in business in this state" in Section 6203 and in the definition of that phrase.

An additional provision shall be included that a retailer engaged in business in the district shall not be required to collect use tax from the purchaser of tangible personal property unless the retailer ships or delivers the property into the district or participates within the district in making the sale of the property, including, but not limited to soliciting or receiving the order, either directly or indirectly, at a place of business of the retailer in the district or through any representative, agent, canvasser, solicitor, subsidiary or person in the district under authority of the retailer.

(2) A provision that all amendments subsequent to the effective date of this part to the provisions of Part 1 (commencing with Section 6001) of this division relating to the use tax and not inconsistent with this part shall automatically become a part of the ordinance; provided, however, that no such amendment shall operate so as to affect the rate of tax imposed by the district's board.

(3) A provision that the amount subject to tax shall not include the amount of any sales tax or use tax imposed by the State of California or by any city, city and county, or county pursuant to the Bradley-Burns Uniform Local Sales and Use Tax Law, or the amount of any state-administered transactions or use tax.

(4) A provision that the storage, use or other consumption of tangible personal property, the gross receipts from the sale of which have been subject to a transactions tax under any state-administered transactions and use taxes ordinance shall be exempt from the tax.

(5) A provision that the storage, use, or other consumption of tangible personal property purchased by operators of waterborne vessels and used or consumed by such operators directly and exclusively in the carriage of persons or property in such vessels for commercial purposes is exempt from the use tax.

(6) A provision that, in addition to the exemptions provided in Sections 6366 and 6366.1 of this code, the storage, use, or other consumption of tangible personal property purchased by operators of aircraft and used or consumed by such operators directly and exclusively in the use of such aircraft as common carriers of persons or property for hire or compensation under a certificate of public convenience and necessity issued pursuant to the laws of this state, the United States, or any foreign government is exempt from the use tax.

(7) A provision that the storage, use, or other consumption in the district of tangible personal property is exempt from tax if purchaser is obligated to purchase the property for a fixed price pursuant to a

contract entered into prior to the operative date of the ordinance. The possession of, or the exercise of any right or power over, tangible personal property under a lease which is a continuing purchase of such property is exempt from tax for any period of time for which the lessee is obligated to lease the property for an amount fixed by a lease prior to the operative date of the ordinance. For the purposes of this subdivision, storage, use, or other consumption, or possession, or exercise of any right or power over, tangible personal property shall be deemed not to be obligated pursuant to a contract or lease for any period of time for which any party to the contract or lease has the unconditional right to terminate the contract or lease upon notice, whether or not such right is exercised.

(b) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends that date.

SEC. 13. Notwithstanding Section 2230 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any sales and use tax revenues lost by it under this act because other revenues are generated as a result of this act which equal or exceed the amount of any sales and use tax revenues lost by it under this act.

CHAPTER 839

An act to amend Section 5091 of the Education Code, and to amend Section 3567 of the Elections Code, relating to elections.

[Approved by Governor September 19, 1985. Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 5091 of the Education Code is amended to read:

5091. (a) Whenever a vacancy occurs, or whenever a resignation has been filed with the county superintendent of schools containing a deferred effective date, the school district or community college district governing board shall, within 30 days of the vacancy or the filing of the deferred resignation, either order an election or make a provisional appointment to fill the vacancy. A governing board member may not defer the effective date of his or her resignation for more than 30 days after he or she files the resignation with the county superintendent of schools.

In the event that a governing board fails to make a provisional appointment or order an election within the prescribed 30-day period as required by this section, the county superintendent of schools shall call an election to fill the vacancy.

(b) When an election is ordered, it shall be held on the next

regular election date provided pursuant to Chapter 1 (commencing with Section 2500) of Division 4 of the Elections Code not less than 130 days after the occurrence of the vacancy or after the written resignation is filed with the county superintendent of schools.

(c) If a provisional appointment is made within the 30-day period, the registered voters of the district may, within 30 days from the date of the appointment, petition for the conduct of a special election to fill the vacancy. A petition shall be deemed to bear a sufficient number of signatures if signed by at least the number of registered voters of the district equal to 1½ percent of the number of registered voters of the district at the time of the last regular election for governing board members.

The petition shall be submitted to the county superintendent of schools having jurisdiction who shall have 30 days to verify the signatures. If the petition is determined to be legally sufficient by the county superintendent of schools, the provisional appointment is terminated, and the county superintendent of schools shall call a special election to be conducted no later than the 120th day after the determination. However, if a regular election date, as defined in Section 2500 of the Elections Code, occurs between the 120th day and the 150th day following the determination, the county superintendent of schools may call the election to be conducted on the regular election date.

(d) A provisional appointment made pursuant to subdivision (a) confers no powers or duties of a governing board member upon the appointee during the 30-day period following his or her appointment and within which a petition calling for special election may be filed. If a petition is not filed within the 30-day period, the appointee shall thereafter have all the powers and perform all the duties of a governing board member.

(e) A person appointed to fill a vacancy shall hold office only until the next regularly scheduled election for district governing board members, whereupon an election shall be held to fill the vacancy for the remainder of the unexpired term. A person elected at an election to fill the vacancy shall hold office for the remainder of the term in which the vacancy occurs or will occur.

(f) Whenever a petition calling for a special election is circulated, the petition shall meet all of the following requirements:

(1) The petition shall contain the clerk's estimate of the cost of conducting the special election.

(2) The name and residence address of at least one, but not more than five, of the proponents of the petition shall appear on the petition, each of which proponents shall be a registered voter of the school district or community college district, as applicable.

(3) None of the text or other language of the petition shall appear in less than 6-point type.

(4) The petition shall be prepared and circulated in conformity with the requirements of Sections 41 and 44 of the Elections Code.

If any of the requirements of this subdivision are not met as to any

petition calling for a special election, the county superintendent of schools shall not verify the signatures, nor shall any further action be taken with respect to the petition.

No person shall permit the list of names on petitions prescribed by this section to be used for any purpose other than qualification of the petition for the purpose of holding an election pursuant to this section.

The petition filed with the county superintendent of schools shall be subject to the restrictions in Section 6253.5 of the Government Code.

(g) Elections held pursuant to subdivisions (b) and (c) shall be conducted in as nearly the same manner as practicable as other governing board member elections.

SEC. 1.5. Section 5091 of the Education Code is amended to read:

5091. (a) Whenever a vacancy occurs, or whenever a resignation has been filed with the county superintendent of schools containing a deferred effective date, the school district or community college district governing board shall, within 60 days of the vacancy or the filing of the deferred resignation, either order an election or make a provisional appointment to fill the vacancy. A governing board member may not defer the effective date of his or her resignation for more than 60 days after he or she files the resignation with the county superintendent of schools.

In the event that a governing board fails to make a provisional appointment or order an election within the prescribed 60-day period as required by this section, the county superintendent of schools shall call an election to fill the vacancy.

(b) When an election is ordered, it shall be held on the next regular election date provided pursuant to Chapter 1 (commencing with Section 2500) of Division 4 of the Elections Code not less than 130 days after the occurrence of the vacancy or after the written resignation is filed with the county superintendent of schools.

(c) If a provisional appointment is made within the 60-day period, the registered voters of the district may, within 30 days from the date of the appointment, petition for the conduct of a special election to fill the vacancy. A petition shall be deemed to bear a sufficient number of signatures if signed by at least the number of registered voters of the district equal to 1½ percent of the number of registered voters of the district at the time of the last regular election for governing board members.

The petition shall be submitted to the county superintendent of schools having jurisdiction who shall have 30 days to verify the signatures. If the petition is determined to be legally sufficient by the county superintendent of schools, the provisional appointment is terminated, and the county superintendent of schools shall call a special election to be conducted no later than the 120th day after the determination. However, if a regular election date, as defined in Section 2500 of the Elections Code, occurs between the 120th day and the 150th day following the determination, the county

superintendent of schools may call the special election to be conducted on the regular election date.

(d) A provisional appointment made pursuant to subdivision (a) confers all powers and duties of a governing board member upon the appointee immediately following his or her appointment..

(e) A person appointed to fill a vacancy shall hold office only until the next regularly scheduled election for district governing board members, whereupon an election shall be held to fill the vacancy for the remainder of the unexpired term. A person elected at an election to fill the vacancy shall hold office for the remainder of the term in which the vacancy occurs or will occur.

(f) Whenever a petition calling for a special election is circulated, the petition shall meet all of the following requirements:

(1) The petition shall contain the clerk's estimate of the cost of conducting the special election.

(2) The name and residence address of at least one, but not more than five, of the proponents of the petition shall appear on the petition, each of which proponents shall be a registered voter of the school district or community college district, as applicable.

(3) None of the text or other language of the petition shall appear in less than 6-point type.

(4) The petition shall be prepared and circulated in conformity with the requirements of Sections 41 and 44 of the Elections Code.

If any of the requirements of this subdivision are not met as to any petition calling for a special election, the county superintendent of schools shall not verify the signatures, nor shall any further action be taken with respect to the petition.

No person shall permit the list of names on petitions prescribed by this section to be used for any purpose other than qualification of the petition for the purpose of holding an election pursuant to this section.

The petition filed with the county superintendent of schools shall be subject to the restrictions in Section 6253.5 of the Government Code.

(g) Elections held pursuant to subdivisions (b) and (c) shall be conducted in as nearly the same manner as practicable as other governing board member elections.

SEC. 2. Section 3567 of the Elections Code is amended to read:

3567. When the Secretary of State has received the arguments which will be printed in the ballot pamphlet, the Secretary of State shall, within five days of receipt thereof, send copies of the arguments in favor of the proposition to the authors of the arguments against and copies of the arguments against to the authors of the arguments in favor. The authors may prepare and submit rebuttal arguments not exceeding 250 words. The rebuttal arguments shall be filed with the Secretary of State no later than a date to be designated by the Secretary of State.

Rebuttal arguments shall be printed in the same manner as the direct arguments. Each rebuttal argument shall immediately follow

the direct argument which it seeks to rebut.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 5091 of the Education Code proposed by both this bill and SB 1386. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1986, (2) each bill amends Section 5091 of the Education Code, and (3) this bill is enacted after SB 1386, in which case Section 1 of this bill shall not become operative.

SEC. 4. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

CHAPTER 840

An act to add Sections 12978 and 12985 to the Food and Agricultural Code, relating to pesticides.

[Approved by Governor September 19, 1985. Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 12978 is added to the Food and Agricultural Code, to read:

12978. Pesticide applications on public property which take place on school grounds, parks, or other public rights-of-way where public exposure is foreseeable shall be posted with warning signs. The signs shall be in English and Spanish and shall contain a warning that the area has been treated with a pesticide and that individuals are not to enter the area.

(a) This section shall apply to all pesticide applications which have worker reentry intervals of at least 24 hours.

(b) Posting shall be accomplished immediately prior to pesticide applications, and the signs shall be removed within 24 hours after the expiration of the reentry interval.

(c) Signs shall be posted at regular intervals and at all regular points of public entry.

(d) The agency with responsibility for the property where the pesticide application is to take place shall post the warnings required by this section.

(e) The responsible agency may substitute a barrier for the warning signs to exclude public exposure to a treated area.

(f) This section does not apply to pesticide applications by the Department of Transportation on public highway rights-of-way.

SEC. 2. Section 12985 is added to the Food and Agricultural Code,

to read:

12985. Any person who orders an employee to enter an area posted with a warning sign in violation of any worker safety reentry requirements promulgated pursuant to this article by the director is guilty of a misdemeanor. A violation of this article affecting any worker or workers constitutes a separate offense for each affected worker.

SEC. 3. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund, except that no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 4. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

CHAPTER 841

An act to amend Section 210 of, and to repeal and add Section 211.3 of, the Health and Safety Code, relating to health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 19, 1985. Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 210 of the Health and Safety Code is amended to read:

210. (a) The state department shall conduct a program of epidemiological assessments of the incidence of cancer. The program shall encompass all areas of the state for which cancer incidence data are available. The program shall include the monitoring of cancers associated with suspected carcinogens encountered by the general public both in occupational locations and in the environment generally.

(b) The program shall be under the direction of the director, who may enter into such contracts as are necessary for the conduct of the program and may accept, on behalf of the state, grants of public or private funds for the program. The director shall analyze available

incidence data and prepare reports and perform studies as necessary to identify cancer hazards to the public health and their remedies.

(c) It is the intent of the Legislature that an appropriation be included in each Budget Act in an amount sufficient to provide for the annual cost of the program.

SEC. 2. Section 211.3 of the Health and Safety Code is repealed.

SEC. 3. Section 211.3 is added to the Health and Safety Code, to read:

211.3. (a) The director shall establish a statewide system for the collection of information determining the incidence of cancer, using population-based tumor registries modeled after the Cancer Surveillance Program of Orange County. As of the effective date of this section the director shall begin phasing in the statewide cancer reporting system. By July 1, 1988, all county or regional registries shall be implemented or initiated. By July 1, 1990, the statewide cancer reporting system shall be fully operational. Within 60 days of the effective date of this section, the director shall submit an implementation and funding schedule to the Legislature.

(b) The department may designate any demographic parts of the state as regional cancer incidence reporting areas and may establish regional cancer registries, with the responsibility and authority to carry out the intent of this section in designated areas. Designated regional registries shall provide, on a timely basis, cancer incidence data as designated by the department to the department. The department may contract with an agency, including, but not limited to, a health systems agency, single county health department, multicounty health department grouping, or nonprofit professional association, representing a designated cancer reporting region for the purposes of collecting and collating cancer incidence data.

(c) The director shall designate cancer as a disease required to be reported in the state or any demographic parts of the state in which cancer information is collected under this section. All cancers diagnosed or treated in the reporting area shall thereafter be reported to the representative of the state department authorized to compile the cancer data, or any individual, agency, or organization designated to cooperate with that representative.

(d) Any hospital or other facility providing therapy to cancer patients within an area designated as a cancer reporting area shall report each case of cancer to the department or the authorized representative of the department. Any physician caring for cancer patients shall report each cancer case to the department or the authorized representative of the department except for those cases directly referred to a treatment facility or those previously admitted to a treatment facility for diagnosis or treatment of that instance of cancer.

(e) All physicians, hospitals, outpatient clinics, nursing homes and all other facilities, individuals or agencies providing diagnostic or treatment services to patients with cancer shall grant to the department or the authorized representative access to all records

which would identify cases of cancer or would establish characteristics of the cancer, treatment of the cancer, or medical status of any identified cancer patient. Willful failure to grant access to those records shall be punishable by a fine of up to five hundred dollars ($500) each day access is refused.

(f) All information reported pursuant to this section shall be confidential, as provided in Section 211.5, and shall be used for the purpose of determining the sources of malignant neoplasms and evaluating measures designed to eliminate, alleviate, or ameliorate their effect.

(g) For the purpose of this section, "cancer" means all malignant neoplasms, regardless of the tissue of origin, including malignant lymphoma, Hodgkins disease, and leukemia, but excluding basal cell and squamous cell carcinoma of the skin.

(h) Nothing in this section shall preempt the authority of facilities or individuals, providing diagnostic or treatment services to patients with cancer, to maintain their own facility-based tumor registries.

(i) It is the intent of the Legislature that the department, in establishing a system pursuant to this section, maximize the use of available federal funds.

SEC. 4. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

SEC. 5. This bill would provide that, notwithstanding Section 2231.5 of the Revenue and Taxation Code, this bill does not contain a repealer, as required by that section; therefore, the provisions of the bill would remain in effect unless and until they are amended or repealed by a later enacted bill.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to obtain data relating to causes of cancer at the earliest possible time, it is necessary for this act to take effect immediately.

CHAPTER 842

An act to amend Section 5715 of the Welfare and Institutions Code, relating to mental health.

The people of the State of California do enact as follows:

SECTION 1. Section 5715 of the Welfare and Institutions Code is amended to read:

5715. Expenditures subject to payment shall include expenditures for the items specified in Section 5401; negotiated amounts approved by the department pursuant to Section 5705.2; salaries of personnel; approved facilities and services provided through contract; operation, maintenance, and service costs, including insurance costs or departmental charges for participation in a county self-insurance program if the charges are not in excess of comparable available commercial insurance premiums and on the condition that any surplus reserves be used to reduce future year contributions; depreciation of county facilities as established in the state's uniform accounting manual, disregarding depreciation on such a facility to the extent it was financed by state funds under this part; lease of facilities where there is no intention to, nor option to, purchase; expenses incurred under this act by members of the Conference of Local Mental Health Directors for attendance at regular meetings of such conferences; and such other expenditures as may be approved by the Director of Mental Health. Except for expenditures made pursuant to Article 6 (commencing with Section 436.30) of Chapter 4 of Part 1 of Division 1 of the Health and Safety Code, it shall not include expenditures for initial capital improvements; the purchase or construction of buildings except for such equipment items and remodeling expense as may be provided for in regulations of the State Department of Mental Health; compensation to members of a local mental health advisory board (except actual and necessary expenses incurred in the performance of official duties which may include travel, lodging, and meals while on official business); or expenditures for a purpose for which state reimbursement is claimed under any other provision of law.

SEC. 2. Section 5715 of the Welfare and Institutions Code is amended to read:

Expenditures subject to payment shall include expenditures for the items specified in Section 5401; negotiated amounts approved by the department pursuant to Section 5705.2; salaries of personnel; approved facilities and services provided through contract; operation, maintenance, and service costs, including insurance costs or departmental charges for participation in a county self-insurance program if the charges are not in excess of comparable available commercial insurance premiums and on the condition that any surplus reserves be used to reduce future year contributions; depreciation of county facilities as established in the state's uniform accounting manual, disregarding depreciation on such a facility to the extent it was financed by state funds under this part; lease of facilities where there is no intention to, nor option to, purchase; expenses incurred under this act by members of the Conference of Local Mental Health Directors for attendance at

regular meetings of such conferences; expenses incurred by either the chairperson or elected representative of the local mental health advisory boards for attendance at regular meetings of the organization of Mental Health Advisory Boards; and such other expenditures as may be approved by the Director of Mental Health. Except for expenditures made pursuant to Article 6 (commencing with Section 436.30) of Chapter 4 of Part 1 of Division 1 of the Health and Safety Code, it shall not include expenditures for initial capital improvements; the purchase or construction of buildings except for such equipment items and remodeling expense as may be provided for in regulations of the State Department of Mental Health; compensation to members of a local mental health advisory board,except actual and necessary expenses incurred in the performance of official duties which may include travel, lodging, and meals while on official business; or expenditures for a purpose for which state reimbursement is claimed under any other provision of law.

SEC. 3. Section 2 of this bill incorporates amendments to Section 5715 of the Welfare and Institutions Code proposed by both this bill and SB 1425. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1986, (2) each bill amends Section 5715 of the Welfare and Institutions Code, and (3) this bill is enacted after SB 1425, in which case Section 1 of this bill shall not become operative.

CHAPTER 843

An act to amend Section 81802 of the Education Code, relating to child care.

[Approved by Governor September 20, 1985 Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 81802 of the Education Code is amended to read:

81802. (a) As used in this chapter, "project" means the purpose for which a community college district has applied for assistance under this chapter for one or more institutions under its authority or for districtwide facilities. A project may include the planning, acquisition, and improvement of community college sites; the planning, construction, reconstruction, or remodeling of any permanent structure necessary for use as a classroom, a laboratory, a library, a performing arts facility, a gymnasium, the basic outdoor physical education facilities, the basic food service facilities, or child development centers, pursuant to Section 79120; related facilities necessary for the instruction of students or for administration of the

educational program; maintenance or utility facilities essential to the operation of the foregoing facilities; and the initial acquisition of equipment.

(b) A project may also include the reconstruction or remodeling of any facility leased or lease-purchased for educational purposes. The chancellor's office shall require transfer to the community college district of title or any other interest considered sufficient by the district, in and to facilities presently leased or to be leased in the future by the district, to the extent of the funds appropriated for reconstruction or remodeling of leased facilities. When sufficient title or interest has not been transferred, the term of the lease shall be of sufficient duration to completely amortize the reconstruction or remodeling cost. Such amortization shall be determined by utilizing current interest rates and normal accounting practices. If the lease is terminated prior to amortizing the reconstruction or remodeling costs the district shall repay the state for any unamortized state costs.

(c) The projects defined by subdivisions (a) and (b) of this section shall not be construed as a commitment by the Legislature as to the type or possible number of projects that may be considered during any fiscal year.

(d) A project shall not include the planning or construction of dormitories, student centers other than cafeterias, stadia, the improvement of sites for student or staff parking, or single-purpose auditoriums.

SEC. 2. The Legislature finds and declares that the lack of adequate child care facilities may bar a parent's access to education, with particular regard to equal education opportunities, and expresses the intent that the state government assist in providing child care and development services on each campus of the California Community Colleges. It is the intent of the Legislature that all postsecondary colleges provide child care services.

CHAPTER 844

An act to add Section 28 to the Business and Professions Code, relating to child abuse.

[Approved by Governor September 20, 1985. Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 28 is added to the Business and Professions Code, to read:

28. The Legislature finds that there is a need to ensure that professionals of the healing arts who have demonstrable contact with child abuse victims, potential child abuse victims, and child abusers

and potential child abusers are provided with adequate and appropriate training regarding the assessment and reporting of child abuse which will ameliorate, reduce, and eliminate the trauma of child abuse and neglect and ensure the reporting of child abuse in a timely manner to prevent additional occurrences.

The Psychology Examining Committee and the Board of Behavioral Science Examiners shall establish required training in the area of child abuse assessment and reporting for all persons applying for initial licensure and renewal of a license as a psychologist, clinical social worker, or marriage, family, and child counselor on or after January 1, 1987. This training shall be required one time only for all persons applying for initial licensure or for licensure renewal on or after January 1, 1987.

All persons applying for initial licensure and renewal of a license as a psychologist, clinical social worker, or marriage, family and child counselor on or after January 1, 1987, shall, in addition to all other requirements for licensure or renewal, have completed coursework or training in child abuse assessment and reporting which meets the requirements of this section, including detailed knowledge of Section 11165 of the Penal Code. The training shall:

(a) Be completed after January 1, 1983.

(b) Be obtained from one of the following sources:

(1) An accredited or approved educational institution, as defined in Section 2902, including extension courses offered by those institutions.

(2) An educational institution approved by the Department of Education pursuant to Section 94310 of the Education Code.

(3) A continuing education provider approved by the responsible board or examining committee.

(4) A course sponsored or offered by a professional association or a local, county, or state department of health or mental health for continuing education and approved by the responsible board.

(c) Have a minimum of 7 contact hours.

(d) Include the study of the assessment and method of reporting of sexual assault, neglect, severe neglect, general neglect, willful cruelty or unjustifiable punishment, corporal punishment or injury, and abuse in out-of-home care. The training shall also include physical and behavioral indicators of abuse, crisis counseling techniques, community resources, rights and responsibilities of reporting, consequences of failure to report, caring for a child's needs after a report is made, sensitivity to previously abused children and adults, and implications and methods of treatment for children and adults.

(e) All applicants shall provide the appropriate board with documentation of completion of the required child abuse training.

The Psychology Examining Committee and the Board of Behavioral Science Examiners shall exempt any applicant who applies for an exemption from the requirements of this section and who shows to the satisfaction of the committee or board that there

would be no need for the training in his or her practice because of the nature of that practice.

It is the intent of the Legislature that a person licensed as a psychologist, clinical social worker, or marriage, family, and child counselor have minimal but appropriate training in the areas of child abuse assessment and reporting. It is not intended that by solely complying with the requirements of this section, a practitioner is fully trained in the subject of treatment of child abuse victims and abusers.

CHAPTER 845

An act to add Section 42238.6 to the Education Code, relating to school finance, and making an appropriation therefor.

[Approved by Governor September 20, 1985. Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 42238.6 is added to the Education Code, to read:

42238.6. (a) The fiscal year average daily attendance computed under Section 42238.5 shall be increased, for each school district that operates any school that meets the eligibility requirements set forth in subdivision (b), by the number of child days of attendance of pupils enrolled in eligible schools in the district who are currently migratory children, as defined by Section 54441, and who are residing in state-operated migrant housing projects between the second principal apportionment and the end of the regular school year, divided by the number of days school was actually taught in the regular day schools of the district, excluding Saturdays and Sundays.

(b) For a school to be eligible for the purposes of this section, the following conditions shall apply:

(1) One or more state-operated migrant housing projects are located within the attendance area of the school.

(2) The maximum number of pupils enrolled in the school in the relevant fiscal year who are currently migratory children, as calculated under subdivision (a), constitutes not less than one-third of the total pupil enrollment of the school.

(c) The Superintendent of Public Instruction shall establish rules and regulations for the implementation of this section.

SEC. 2. The sum of two hundred thousand dollars ($200,000) is hereby appropriated from the General Fund to Section A of the State School Fund for the 1985–86 fiscal year for allocation for the purposes of Section 42238.6 of the Education Code.

CHAPTER 846

An act to amend Section 4 of Chapter 1330 of the Statutes of 1984, relating to mental health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1985. Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 4 of Chapter 1330 of the Statutes of 1984 is amended to read:

Sec. 4. If a county of the third class or a city and county has a charter which requires a vote of the electorate to effectuate the assimilation of state employees into the civil service system of the county of the third class or the city and county, the necessary election shall be held at the same time as any regularly scheduled elections prior to January 1, 1987. If the electorate rejects the proposition submitted at the election, the State Department of Mental Health shall, subject to the conditions of the Budget Act, maintain the level of services provided by state employees to the county of the third class or the city and county until an alternative method of providing the services can be negotiated and agreed upon by the department and the county of the third class or the city and county.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

SEC. 3. Due to the unique circumstances concerning counties of the third class, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for counties to have sufficient time to amend their charters by vote of the electorate to effectuate the assimilation of state employees into county civil service systems, it is necessary that this act take effect immediately.

CHAPTER 847

An act to add Section 27 to the Storm Water District Act of 1909 (Chapter 222 of the Statutes of 1909), relating to storm water districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1985. Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 27 is added to the Storm Water District Act of 1909 (Chapter 222 of the Statutes of 1909), to read:

Sec. 27. (a) Once during the first two years of its existence, a district may borrow money and incur indebtedness as provided in this section. The indebtedness may be incurred for any purpose for which a district is authorized to expend funds, including, but not limited to, payment of the preliminary expenses incurred in the formation of the district and payment of current and estimated expenses of the district for the first two years of its existence.

(b) Prior to taking action to incur indebtedness pursuant to this section, the board of trustees shall make an estimate of the preliminary expenses incurred in the formation of the district, including (1) reimbursement to the proponents of formation of the district for expenses incurred by them in connection with the preparation and circulation of the petition for formation of the district, (2) expenses incurred by the county in which all, or the greater portion, of the district lies in giving the notice required by Section 2 of this act to call and hold the first election of trustees required by Section 6 of this act, and (3) the expenses to be incurred for the purposes for which the district was formed during the first two years of its existence, including the estimated cost of issuance of the warrants provided for in this section and of determining the validity of the warrants as required, and of the first year's interest on the indebtedness to be incurred.

(c) The board of trustees shall notify the board of supervisors which declared the district formed of the amount so estimated and of its intention to incur indebtedness in that amount and to issue warrants therefor as provided in this section. Promptly upon receipt of the notice, the board of supervisors shall call, notice, and hold an election within the district for the purpose of determining whether or not the indebtedness shall be incurred and warrants issued therefor. The election shall be called and noticed as a special election and shall be conducted by all-mailed ballot in the manner provided for general district elections of the district.

(d) If, at the election, less than two-thirds of the votes cast favor the incurring of the debt proposed and the issuance of warrants therefor, no such debt shall be incurred and no warrant shall be

issued. If, however, two-thirds or more of the votes cast at the election favor the incurring of the debt proposed and the issuance of warrants therefor, the board of trustees shall adopt a resolution authorizing the issuance of the warrants in the amount of the debt approved by the voters to which shall be added the cost of noticing, holding, and canvassing the special election provided for in this section, which resolution shall set forth the form of the warrants, provide for the maturities of the warrants, not to exceed 10 years from date of issuance, provide for interest, payable annually or semiannually, at a rate or rates not to exceed the rate specified by Section 53531 of the Government Code, that rate or rates to be fixed at the time of sale.

(e) The resolution may provide that the warrants shall be subject to call and redemption prior to maturity, at the option of the district, at the price or prices as fixed in the resolution, not exceeding a premium at 5 percent of the par value of the warrants subject to redemption. The resolution shall fix the method of giving notice of redemption to the holders of the warrants to be redeemed and the price or prices at which the warrants shall be subject to redemption. Warrants subject to call and redemption prior to maturity shall contain a recital to that effect on their face, and no warrant issued under this section shall be subject to call or redemption prior to its fixed maturity date unless it contains that recital.

(f) The validity of warrants to be issued under this section shall be determined prior to public sale thereof in an action brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure. Warrants issued under this section shall, after validation, be offered for public sale upon notice inviting sealed bids therefor. The notice shall be given by publication pursuant to Section 6061 of the Government Code in a newspaper of general circulation published in the district or, if such a newspaper is not printed and published in the district, in a newspaper of general circulation printed and published in the county in which all, or the greater portion, of the district lies. The sale shall not be held before 10 days after completion of that publication.

(g) The board may reject all bids received on public sale and either readvertise or sell the warrants at private sale, but no sale at private sale shall be made for less than the par value of the warrants and accrued interest thereon.

(h) Warrants issued under this section constitute general obligations of the district for the payment of both principal and interest. All real property in the district subject to assessment by the district, notwithstanding Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of the Revenue and Taxation Code, shall be assessed without limitation as to rate or amount. Warrants to be issued under this section are subject to investigation, report, and approval by the Treasurer as provided by the District Securities Investigation Law of 1965 (Chapter 2.5 (commencing with Section 58750) of Division 2 of Title 6 of the Government Code), and no

warrants shall be sold under this section in excess of an amount authorized by the Treasurer.

(i) Upon sale of the warrants, the district, out of the proceeds of sale, shall reimburse the county in which all, or the greater portion, of the district lies for its expenses incurred in giving the notice required by Section 2 of this act, in calling and holding the first election of trustees required by Section 6 of this act, and in noticing, holding, and canvassing the special election provided for in this section.

(j) This section shall not be operative in any county unless the board of supervisors of that county adopts a resolution requesting that it be made operative in the county.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for a storm water district to proceed promptly to accomplish the purposes for which it was formed and to thereby protect the lands of the district from damage by storm water, it is necessary that this act take effect immediately.

CHAPTER 848

An act to add Sections 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, and 55 to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), relating to the Sacramento County Water Agency.

[Approved by Governor September 20, 1985. Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 32 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 32. Studies by the Department of Water Resources and others have documented that groundwater overdraft conditions exist within the boundaries of the agency and that the overdraft could result in groundwater quality degradation, land subsidence, and other adverse impacts. In order to prevent these impacts, the agency may establish within its boundaries groundwater management zones for the purpose of distributing surface water to replenish the groundwater basin and to stabilize groundwater levels and for collecting from the beneficiaries of these activities fees and charges to accomplish these purposes. A groundwater management zone may be formed only within that area of the agency identified in a

map approved by the board of directors and filed with the clerk of the board of supervisors not later than January 30, 1986. Changes in that map shall be accomplished in the same manner as the formation of zones. The agency may form the zones only when necessary to carry out this act.

SEC. 2. Section 33 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 33. In any area to be benefited by the importation and distribution of surface water for municipal and industrial uses, a groundwater management zone may be formed in accordance with the following:

(a) Prior to formation of a groundwater management zone, the agency may cause preliminary hearings to be held to define groundwater problems and their solutions and cause preliminary reports to be prepared to include preliminary findings regarding the problems and their solutions and recommendations as to what further actions the agency should take. Notification of the preliminary hearings shall be in the same manner as the regular meetings of the board.

(b) Whenever the board proposes to form a groundwater management zone, and whether or not preliminary hearings have been held, the board shall adopt a resolution of intention to form the groundwater management zone and provide notice of a public formation hearing as required in this section. The resolution of intention shall state all of the following:

(1) The purpose of forming the groundwater management zone and of performing the other acts authorized in this section, and the benefit to the zone which will be derived therefrom.

(2) The boundaries of the proposed zone which will be benefited.

(3) The title of the proposed zone, which shall be "Sacramento County Water Agency Zone No. _____."

(4) The date and place where a formation hearing will be held on the proposed action.

(c) A copy of the resolution shall be mailed to all owners and operators of water-producing facilities within the proposed zone as shown in agency records, and shall be published pursuant to Section 6062 of the Government Code in a newspaper of general circulation published in the proposed zone or, if there is none, in a newspaper of general circulation published within the boundaries of the agency. Notice shall be mailed and published 60 days in advance of all hearings.

(d) At the formation hearing, any interested person, including persons owning property within the proposed zone, may appear and present any matters material to statements set forth in the resolution.

(e) Following a properly noticed formation hearing, the board may exclude from the proposed zone any territory which, in its opinion, would not be benefited by being in the proposed zone. Lands not included in the resolution of intention shall not be

included within the proposed zone except after a further hearing held by the board on the inclusion thereof, and after notice of the hearing duly given in the manner required pursuant to subdivision (c).

The board shall not modify the boundaries of the proposed zone so as to exclude therefrom any land which would be benefited by the formation of the zone, and shall not include in the proposed zone any lands which would not, in the judgment of the board, be benefited.

(f) If, before the close of the formation hearing, the board receives verified protests, written or oral, from owners of more than one-half of the land area or one-half of the registered voters within the proposed zone, it shall make a finding that sufficient verified protests have been received, it shall terminate the proceedings, and it shall not further attempt to form a groundwater management in the same territory for a period of six months following that termination.

(g) If majority protests are not received as provided in subdivision (f), the board may dismiss the proceedings or, after making all necessary and proper changes in the boundaries, may, by resolution, establish the groundwater management zone and set its boundaries, which shall be described by metes and bounds, and shall set forth both of the following:

(1) A declaration of the necessity therefor, including findings supported by substantial evidence that one or more of the following conditions exist:

(A) Declining groundwater levels.

(B) Degradation of groundwater quality.

(C) Ground subsidence.

(D) Saltwater intrusion.

(2) A finding supported by substantial evidence that there is presently available and physically capable of delivery within the zone an alternative source for replenishment or replacement of groundwater and that source is economically feasible in light of proposed uses and anticipated costs and other impacts upon users of both surface and groundwater.

(h) The determination of the board as to the area benefited by the zone shall be final and conclusive, unless amended by the board by following the procedures set forth in this section.

(i) The formation of a groundwater management zone shall become final 30 days after adoption by the board of the resolution of formation.

(j) Territory may be added to or removed from a groundwater management zone in the manner provided in this section for its creation.

(k) Irregularities in any zone formation proceeding, not having a substantial adverse effect upon the legal rights of any person, do not invalidate the proceeding.

(*l*) Any proceeding challenging the validity of any procedure followed pursuant to this section shall be commenced within 45 days

of the date of the procedure.

SEC. 3. Section 34 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 34. Any groundwater management zone formed pursuant to this act is under the supervision, direction, and control of the board. Any obligation created on behalf of a groundwater management zone is limited to a charge against the properties situated within the zone. All provision of this act, insofar as they are applicable, including all provisions relating to bonds, contracts, groundwater charges, and promissory notes, but excluding assessments, apply to and govern groundwater management zones.

SEC. 4. Section 35 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 35. The board, after creating a groundwater management zone, may levy and collect groundwater charges for the production of groundwater within that groundwater management zone. The power to collect those charges extends to groundwater pumping facilities owned by the state or any of its agencies or subdivisions.

SEC. 5. Section 36 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 36. As used in connection with the groundwater charge, the following words have the following respective meanings:

(a) "Agricultural water" means water used in the growing and harvesting of plant crops, the raising of livestock, fish, or poultry, the operation of dairies, or other farm agricultural uses.

(b) "Board" means the board of directors of the agency unless otherwise expressly provided; and "board" and "agency" are used interchangeably.

(c) "Groundwater" means all water beneath the earth's surface, whether or not flowing through known and definite channels, but does not include any water which is subject to appropriation under Part 2 (commencing with Section 1200) of Division 2 of the Water Code.

(d) "Owner" or "operator" means the person to whom a water-producing facility charge is sent by the county assessor or, if not separately assessed, the person who owns the land upon which a water-producing facility is located.

(e) "Person," "owner," or "operator" means federal, state, and local agencies, private corporations, firms, partnerships, individuals, or groups of individuals, whether legally organized or not.

(f) "Production" or "producing" means the extraction of groundwater, by pumping or any other method, from shafts, tunnels, wells, excavations, or other means of access to the groundwater, for domestic, municipal, irrigation, industrial, or other use, except that the terms do not mean or include the extraction of groundwater produced in the construction or reconstruction of a well, water

incidentally produced with oil or gas in the production of oil or gas, water incidentally produced in a bona fide mining operation, water incidentally produced in the bona fide construction of a tunnel, or dewatering for construction.

(g) "Small water producing facility" means a facility which has a discharge opening not greater than a size to be specified by the board and which does not provide water for an area in excess of that to be specified by the board.

(h) "Water-producing facility" means any device or method, mechanical or otherwise, for the production of water from the groundwater supplies within a zone.

(i) "Water purveyor" means irrigation districts, county water districts, water conservation districts, municipalities, any other districts, or political subdivisions of the state authorized by law to appropriate water and to deliver water to users, mutual water companies, and public water utilities as defined in Section 216 of the Public Utilities Code.

(j) "Water year" means October 1 of one calendar year to September 30 of the following calendar year.

SEC. 6. Section 37 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 37. Prior to establishing any groundwater charge in any groundwater management zone, the board shall adopt a resolution stating its intention to do so, designating the zone in which it is proposed that the charges be levied, and requiring the registration of all water-producing facilities located within the zone as provided in Section 39. The resolution shall be published once a week for three consecutive weeks in a newspaper of general circulation published within the zones to be affected or, if there is none, in a newspaper of general circulation published within the boundaries of the agency.

SEC. 7. Section 38 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 38. Groundwater charges levied pursuant to this act may only be expended for the benefit of the zone from which the groundwater charges have been collected.

The groundwater charges are to be levied upon the production of groundwater from all water-producing facilities, whether public or private, which are located within the zones. Proceeds from the charges shall be used for the benefit of all who rely directly or indirectly upon the groundwater supplies and surface water supplied to the zones.

The proceeds of groundwater charges levied and collected upon the production of water from groundwater supplies within any zone shall be used exclusively by the board for the following purposes:

(a) Payment of the costs which will benefit the zone for administration, planning, and studies for the purposes of stabilizing groundwater levels, protecting the groundwater quality, purchasing

surface water, implementing plans adopted or to be adopted by the agency, and carrying out the purposes of the agency for the zone.

(b) Payment of the costs of purchasing surface water or surface water rights which will benefit the zone, including payments made under any contract with the state, the United States, or any public or private utility, and including the reimbursement of entities for existing benefits provided to the zone.

(c) Payment of the costs of acquiring, constructing, maintaining, and operating facilities which will provide surface water for direct delivery or groundwater replenishment or replacement for the benefit of the zone, or which will measure groundwater extractions. However, the zone shall not directly serve retail customers of existing surface or groundwater purveyors without the consent of the existing water purveyor.

(d) Payment of any administrative costs and the principal on, and interest of, any bonded indebtedness or other obligations incurred by the agency on behalf of the zones for any of the purposes set forth in subdivision (c).

(e) Proceeds from groundwater charges shall be expended only on behalf of the zone in which they are collected.

SEC. 8. Section 39 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 39. Within six months after the last date of publication of the resolution provided for in Section 37, stating the board's intent to establish a groundwater charge in a zone, all water-producing facilities located within the zone shall be registered with the agency by the owner or operator thereof on forms provided by the agency.

Any new water-producing facility, constructed or reestablished, or any abandoned water-producing facility which is reactivated after that six-month period, shall be registered with the agency.

Failure to register any water-producing facility, as required by this section, is a misdemeanor punishable by a fine of not more than five hundred dollars ($500) or imprisonment in the county jail for not more than six months, or by both that fine and imprisonment.

In addition to other information which the agency may determine is necessary and may require in the registration form to be provided to water-producing facilities, each facility shall also identify the owners of the land upon which it is located, and shall provide its general description and location, the name and address of the person charged with its operation, and the names and addresses of all persons owning or claiming to own an interest in the facility.

On the initial registration form, each operator shall state, to the extent possible from obtainable records, the quantity of groundwater produced from each water-producing facility, and the method used to measure that water production, in each of the five water years immediately preceding the date on which a groundwater charge became effective. However, the board may waive this requirement for operators of small water producing facilities or where the board

finds that water production records are not available for good and sufficient reason.

SEC. 9. Section 40 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 40. After adoption of the resolution provided for in Section 37, the agency engineer shall annually prepare a report which includes, among other matters which the agency may desire, information on the availability of surface water and groundwater in the zone, the quantity of water needed for surface delivery and for replenishment or replacement of groundwater supplies within the zone for the ensuing water year, the amount of water which the agency is obligated to purchase for use in the zone during the ensuing water year, and an estimate of the amount of groundwater to be extracted within the zone during the ensuing water year.

SEC. 10. Section 41 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 41. On or before January 1 of each year, the engineering report specified in Section 40 shall be delivered to the clerk of the board in writing. The clerk shall publish, pursuant to Section 6061 of the Government Code, a notice of the receipt of the report and of the public hearing to be held on or before the second Tuesday of February, in a newspaper of general circulation published within the zones affected or, if there is none, in a newspaper of general circulation published within the boundaries of the agency, at least 10 days prior to the date at which the public hearing regarding the engineering report shall be held.

The notice, among other information which the agency may provide therein, shall designate the time and place where the hearing will be held, designate the body conducting the hearing, and contain an invitation to all operators of water-producing facilities within the zone to call at the offices of the agency to examine the engineering report.

The board shall cause to be held, on or before the second Tuesday of February of each year, a public hearing at which time any operator of a water-producing facility situated within the zone, or any person interested in the condition of the groundwater supplies or the surface water supplies within the zone, may in person, or by representative, appear and submit evidence concerning the groundwater conditions and surface water supplies within the zone. Appearances also may be made supporting or protesting the written engineering report.

The board shall, before the levy of a groundwater charge, find and determine the estimated amount of agricultural water to be withdrawn from the groundwater supplies of the zone for the ensuing water year, the amount of water other than agricultural water to be withdrawn from the groundwater supplies of the zone for the ensuing water year, the estimated amount of water necessary

for surface distribution in the zone for the ensuing water year, and the amount of water the zone is obligated by contract to purchase. The findings and determinations by the board are conclusive and binding upon all persons and parties.

SEC. 11. Section 42 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 42. (a) Within 30 days from the close of the hearing held pursuant to Section 41, if not conducted by the board, the hearing body shall refer its findings and recommendations to the board. The board shall conduct additional public hearings, as necessary, subject to the notification requirements in Section 41. Within 30 days from the close of the addditional hearings, the board shall determine whether or not groundwater charges should be levied in the zones. If the board determines that groundwater charges should be so levied, it shall, by ordinance, levy and affix the charges against all persons operating groundwater producing facilities within the zones during the ensuing water year. The groundwater charge may be a single overall rate per acre-foot for all purposes described in Section 38 or may be a multiple charge with one charge for the administration of this act, which would be a uniform rate on all groundwater production each year and a separate charge for the purposes described in Section 38, which may or may not be at one uniform rate for agricultural water and at different rates for all water other than agricultural water, if the levying of the charges has been authorized in the zone in the resolution adopted pursuant to Section 37 declaring the formation of the zone. In establishing the groundwater charges for agricultural water use and for municipal and industrial water use, the board shall consider all of the following:

(1) The capital, interest, and operating cost of delivering surface water to the zone.

(2) The differential, if any, in the cost of purchasing surface water for agricultural use in the zone, and the cost of purchasing surface water for municipal and industrial use in the zone.

(3) The financial benefit which has been created to the groundwater table by the importation of surface water into the zone.

(4) The payment of the cost of treatment of surface water if required and if provided by the agency through municipal and industrial groundwater charges and not through agricultural groundwater charges.

(5) Revenue from other sources available to the agency which would reduce the level of groundwater charges, capital costs, or operating costs.

With respect to small water-producing facilities, the board may, for administrative convenience, assess a flat annual charge. However, the board may waive any minimal charge, if the board determines that the collecting of the minimal charge will not result in net economic benefit to the agency.

(b) Any groundwater charge levied pursuant to this section is in

addition to any taxes or other assessments, if any, levied within the agency or any zones thereof.

(c) The groundwater charge shall not exceed 25 percent of the cost of importing water into the zone.

(d) Any clerical errors in the name of any person or in the name or description of any water-producing facility where the production of water therefrom is otherwise properly charged, and, which errors do not affect the substantial rights of any person charged, do not invalidate the groundwater charge.

(e) Collection of groundwater charges shall be performed by the county treasurer-tax collector if so requested by the board.

SEC. 12. Section 43 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 43. After levying groundwater replenishment or replacment charges, the agency shall give notice thereof to each operator of each water-producing facility, as shown in the records of the agency as being located in the zones in which the charges are levied. The notice shall state the groundwater charge applicable to the water-producing facility for each acre-foot of water to be produced during the ensuing water year. The notice may be sent by postal card or by other first-class mail, with postage prepaid by the agency.

SEC. 13. Section 44 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 44. (a) After the adoption of the ordinance provided for in Section 41 for a zone in which a groundwater charge may be levied, each owner or operator of a water-producing facility within the zone, until the time when the water-producing facility has been permanently abandoned, shall file with the agency, on or before the 31st day of March and on or before the 30th day of September in each year, a statement setting forth the total production in acre-feet of water for the preceding six-month period, excluding the month in which the statement is due, a general description or number which provides the location of each water-producing facility, the method or basis of the computation of that water production, and the amount of the groundwater charge based on that computation. If no water has been produced from the water-producing facility during the preceding six-month period, the statement shall be filed as required and shall specify that water has not been produced during that period. The statement shall be verified by a written declaration that it is made under penalty of perjury. The groundwater charge is due and payable to the agency on or before the last day upon which the water-production statements shall be filed, and is computed by multiplying the amount of production in acre-feet of water by the groundwater charge for each classification of water. When any water-producing facility has been permanently abandoned, the operator thereof shall give written notice of the abandonment to the agency within 30 days of its abandonment.

(b) If any operator of a water-producing facility fails to pay the groundwater charge when due, the agency shall charge interest at the rate of 1 percent each month on the delinquent amount of the groundwater charge. If any owner or operator of a water-producing facility fails to register a water-producing facility, or fail to file the water-production statements as required by this section, the agency shall, in addition to charging interest, assess a penalty charge against the owner or operator in an amount of 10 percent of the amount found by the agency to be due. However, in those cases where payment in the proper amount has been made within the time required by this section and the failure to register the water-producing facility or to file the water-production statement within the time required by this section resulted, in the opinion of the board, from excusable and justifiable circumstances, the board may reduce the penalty to an amount of not less than 1 percent of the amount found to be due.

(c) When a water-measuring device is permanently attached to a water-producing facility by the owner or operator at his or her discretion or by the agency pursuant to Section 51, the records of water production as disclosed by the device shall be used as the basis for completing the water production statement unless the board determines that the water-measuring device was not measuring accurately.

(d) When a water-measuring device is not permanently attached to a water-producing facility, the board may establish the methods to be used in computing the amount of water produced from the water-producing facility.

(e) The methods may be based upon any, or all, of the following criteria:

(1) The size and efficiency of the water-producing facility.

(2) The size of the water-producing facility discharge opening.

(3) The area served by the water-producing facility.

(4) The use of the land served by the water-producing facility.

(5) The crops grown on land served by the water-producing facility.

(6) Any other criteria which may be used to determine with reasonable accuracy the amount of water produced from the facility.

SEC. 14. Section 45 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 45. For good cause shown, an amended statement of water production may be filed, or a correction of the records may be made, at any time prior to the final date for filing the next semiannual water production statement. However, if pursuant to Section 47, the owner or operator has been notified of a determination by the agency that the production of water from the water-producing facility is in excess of that disclosed by the sworn statement covering the water-producing facility, and the owner or operator fails to protest that determination in the manner and in the time set forth in Section

47, the owner or operator is precluded from later filing an amended water production statement for that period for the water-producing facility.

SEC. 15. Section 46 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 46. Each year the agency shall prepare a record for each zone in which a groundwater charge is levied. The record shall be called "The Record of Water Production and Groundwater Charges, Zone No. _____."

SEC. 16. Section 47 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 47. (a) If the agency has reason to believe the production of water from any water-producing facility is in excess of that disclosed by the sworn statement covering the water-producing facility, or if the statement is not filed specifying the level of water production at a water-producing facility, the agency may cause an investigation and report to be made concerning the amount of water produced at the facility. The owner or operator of the facility shall furnish to the agency, within 60 days after notice from the agency, the records, notices, or bills, or certified duplicates thereof, which it received from utility entities, and other entities which furnish power or fuels, regarding the amount of power or fuel used to operate the facility during the relevant time period. The agency may fix the amount of water production from the water-producing facility at an amount not to exceed the maximum production capacity of the water-producing facility.

(b) After fixing the amount of water production, the agency shall send a written notice thereof by certified mail to the person operating the water-producing facility at his or her address as shown in the agency's records. The determination made by the agency is conclusive as to all persons having an interest in the water-producing facility, and, the groundwater charge, along with any interest and penalties thereon, shall be paid not later than 30 calendar days following the date on which the notice was mailed. However, the payment need not be made within this time, if the facility operator files a written protest with the board not later than 10 calendar days following the date of the notice. The protest shall set forth the grounds for protesting the amount of production determined by the board.

(c) Not later than 45 working days following the filing of the protest, the board shall hold a hearing and shall determine, within 10 working days thereof, the total amount of the water production and the groundwater charge thereon for the relevant time period. These determinations shall be based upon substantial evidence. During the hearing, formal rules of evidence need not apply. However, the agency and the facility operator may be represented by counsel. The facility operator shall be given 30-days notice of the

hearing date, time, and place and shall be advised that the operator's failure to appear could result in adverse findings against the operator. At the hearing, the facility operator and the agency may submit relevant and reliable evidence. A decision shall be mailed to the parties within 30 days following the hearing.

(d) If the water-production statement was filed and the amount disclosed thereon was inaccurate, but the operable charges therefor were paid within the time required by Section 44, and the board finds that the failure to report the accurate amount of water actually produced resulted from excusable or justifiable circumstances, the board may waive the interest and penalties found to be due. When charges are required to be paid, notice of the determination by the board shall be mailed to each facility operator, who shall have 20 days from the date of mailing to pay the groundwater charge, interest, and penalties provided by Section 44.

Notice required in this section shall be given by certified mail, addressed to the person on whom it is served at the address filed in the records of the agency or by personal delivery to that person. The service by certified mail is complete upon receipt by or for the person served or upon return unclaimed to the agency.

SEC. 17. Section 48 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 48. The agency may bring a court action against any person operating a water-producing facility within the agency when brought to collect any delinquent groundwater charge. The court having jurisdiction of the suit may, in addition to allowing recovery of costs to the agency as allowed by law, fix and allow interest and penalties as part of the judgment as provided in Section 44.

If the agency, as a provisional remedy in bringing the suit, seek an attachment against the property of any named defendant therein, the agency shall not be required to provide a bond or undertaking as is otherwise provided for in Title 6.5 (commencing with Section 481.010) of Part 2 of the Code of Civil Procedure.

SEC. 18. Section 49 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 49. (a) It is unlawful to produce water from any water-producing facility required to be registered unless the water-producing facility has been registered with the agency within the time required and, if required by the board pursuant to Section 51, has a water-measuring device affixed thereto capable of registering the accumulated amount of water production therefrom.

(b) Each violation of subdivision (a) is punishable by a fine of not more than five hundred dollars ($500) or imprisonment in the county jail for not more than six months, or by both that fine and imprisonment. Each day of operation in violation of the subdivision (a) is a separate offense.

SEC. 19. Section 50 is added to the Sacramento County Water

Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 50. It is a misdemenaor punishable by a fine of not more than five hundred dollars ($500) or imprisonment in the county jail for not more than six months, or by both that fine and imprisonment, for a person to do any of the following:

(a) To injure, alter, remove, reset, adjust, manipulate, obstruct, or in any manner interfere or tamper with, or to procure or cause or direct any person to injure, alter, remove, reset, adjust, manipulate, obstruct, or in any manner interfere or tamper with, any water-measuring device affixed by the owner or operator at his or her discretion or by the board pursuant to Section 51 to any water-producing facility as required by this act so as to cause the water-measuring device to improperly or inaccurately measure and record water production.

(b) To willfully not file with the agency a water-production statement as prescribed and within the time required by this act.

(c) To willfully remove or break a seal attached to an abandoned water-producing facility.

(d) To file with the agency any false or fraudulent water-production statement with intent to evade any provision or requirements of this act.

Each day of failure to file a water-production statement is a separate offense.

SEC. 20. Section 51 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 51. (a) In enforcing the provisions of this act relating to groundwater replenishment or replacement charges, the agency may do all of the following:

(1) Affix seals to water-producing facilities located within the agency which the owner or operator thereof has declared to be abandoned or which are in fact permanently abandoned.

(2) Enter onto any land within the agency as permitted by law for the purposes enumerated in this section and for the purpose of making investigations relating to water production.

(3) Obtain records of energy consumption for water-producing facilities from the utility entity supplying the energy.

(b) If the agency has reason to believe the production of water from any water-producing facility is in excess of that disclosed in the sworn statement or the sworn statement has not been filed, all as provided in Section 47, the agency may install and maintain on the subject water-producing facility water measuring devices and other devices which will aid in determining accurate water production.

(c) Nothing in this act empowers the agency to install water measuring devices on residential services.

SEC. 21. Section 52 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 52. Cessation of, or reduction in, the extraction of groundwater by the owner of a right to extract, due to the use of an alternative supply of surface water, is, for purposes of establishing and maintaining any right to extract the groundwater, a reasonable beneficial use of the groundwater, to the extent that water from the alternative source, or surface water, is applied to reasonable beneficial use, and the amount of surface water used does not exceed the amount of the groundwater reduction.

Any user of water from an alternate source within a groundwater management zone of the agency who seeks the benefit of this section, shall file with the agency, on or before December 31 of each calendar year, a statement of the amount of water from the alternate source so applied to reasonable beneficial use pursuant to this section during the preceding water year. The user may not claim the benefit of this section for any water year for which the statement is not so filed.

SEC. 22. Section 53 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 53. (a) Public entities and public utilities may enter into appropriate contracts with the agency for utilization of groundwater management storage capacity within groundwater management zones of the agency, for subsequent recovery by the storing entity, pursuant to rules and conditions of the board.

(b) For public entities and public utilities located outside of Sacramento County, the contracts shall include all of the following:

(1) Agency control of all spreading or injection and extraction scheduling and procedures for the stored water.

(2) Calculation by the agency of any special costs, damages, or burdens resulting from the operations.

(3) Determination by the agency of, and accounting for, all losses in stored water, assuming that the stored water floats on top of the native groundwater supplies, and accounting for all losses of water which otherwise would have replenished the basin within the zone.

(4) Payment to the agency for the benefit of the groundwater producers within the zone of all special costs, damages, or burdens incurred. Water producers within the zone shall not incur any charge, rent, assessment, or expense for any benefits resulting from the storage.

(c) Within that portion of the area which is served by a district, mutual water company, or public water utility as defined in Section 216 of the Public Utilities Code and which is located within Sacramento County, the contract may be executed between the district, mutual water company, or public utility and shall include all of the following:

(1) Coordination of storage and pumping with the agency in conformance with the needs of a zone or the agency.

(2) Control of the quality of water for spreading or injection into the groundwater basin.

(3) Determination of the amount of water stored, and credit of the water stored to the district, mutual water company, or public utility which stores the water for the purpose of groundwater replenishment.

(4) Determination of the amount of water stored which benefits areas outside the geographical area of the district, mutual water company, or public utility storing the water and payment by those areas for the amount of water benefiting the areas to the district, mutual water company, or public utility storing the water.

SEC. 23. Section 54 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 54. (a) A Water Advisory Commission is hereby established consisting of seven members, two members being nominated and appointed by the board, one of whom represents agriculture, and five members being appointed by the board from nominations by water purveyors operating within the agency, as follows:

(1) One member nominated by water purveyors delivering more than 50 percent of their total water supply for agricultural uses.

(2) One member nominated by public water utilities as defined in Section 216 of the Public Utilities Code.

(3) One member nominated by incorporated cities.

(4) One member nominated by water purveyors obtaining more than 50 percent of their water supply from groundwater and delivering more than 50 percent of their total water supply to municipal and industrial uses.

(5) One member nominated by water purveyors obtaining more than 50 percent of their water supply from surface water and delivering more than 50 percent of their total water supply for municipal and industrial uses.

(b) Terms of appointment of members of the commission are for four years. Three of the members shall be reappointed or replaced in January of odd-numbered years and four in even-numbered years, the time of reappointment or replacement to be selected by lot at the commission's initial meeting. Replacement of members in the event of a midterm vacancy shall be filled for the remainder of the unexpired term in the same manner as provided in subdivision (a) for the appointment of members.

(c) Compensation of members shall be the same as for members of the Sacramento County Planning Commission.

(d) The commission shall elect from its members a chairperson and a vice chairperson. A majority of the commission constitutes a quorum, and the commission shall adopt rules for its proceedings and set the time for its meetings. An affirmative vote of four members shall be required to constitute action of the commission. Meetings of the commission shall be conducted in accordance with the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(e) Among other duties the board may confer on the commission,

those duties shall include advising the board on water policy, water planning, and water development proposals, agency budget and expenditures, groundwater management programs, water rights, conducting initial public hearings on zone formation, hydrologic boundary determinations, groundwater recharge proposals, and other matters which may come before the commission.

SEC. 24. Section 55 is added to the Sacramento County Water Agency Act (Chapter 10 of the Statutes of 1952, First Extraordinary Session), to read:

Sec. 55. (a) After a groundwater management zone has been formed, the board may, by resolution, order the creation of a zone council within the zone. The resolution shall set forth the number of members of the council and their term of office. The zone council for a zone which consists entirely of the territory of an incorporated city may be comprised of the city council of the incorporated city. The members of all other zone councils shall be appointed by the board from the eligible voters or landowners of the zone in which the council is established.

(b) Members of the zone council shall take office immediately upon their appointment by the board. At its first meeting, the zone council shall elect from its members a chairperson and a vice chairperson. A majority of the zone council constitutes a quorum for the transaction of business. The vote of a majority of the zone council members present at any meeting attended by a quorum is necessary to take action, unless otherwise specified in this act. Meetings of the zone council shall be conducted in accordance with the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code). The zone council shall, by resolution, set the time and place for holding regular meetings. Members of a zone council may receive compensation in an amount set by the board.

(c) Among other duties the board may confer on a zone council, those duties shall include advising the board on water policy, water planning, and water development proposals, zone budget and expenditures, groundwater management programs, water rights, conducting initial public hearings, hydrologic boundary determinations, groundwater recharge proposals, and other matters which may come before the zone council.

(d) A zone council shall be dissolved upon four-fifths vote of all members of the board, or upon a majority vote of all of the members of the board and a majority vote of all of the members of the zone council.

SEC. 25. Nothing in this act alters the existing authority of any district, mutual water company, or public water utility as defined in Section 316 of the Public Utilities Code.

SEC. 26. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program

specified in this act and because other costs which may be incurred by a local agency will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 849

An act to amend Section 11167.5 of the Health and Safety Code, relating to controlled substances.

[Approved by Governor September 20, 1985 Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 11167.5 of the Health and Safety Code is amended to read:

11167.5. (a) When failure to issue a prescription for a controlled substance classified in Schedule II to a patient in a licensed skilled nursing facility, an intermediate care facility, or a licensed home health agency providing hospice care would, in the opinion of the prescriber, present an immediate hazard to the patient's health and welfare or result in intense suffering to the patient, the prescription may be dispensed upon an oral prescription. Prior to filling the prescription, the pharmacist shall reduce it to writing in ink or indelible pencil in the handwriting of the pharmacist upon an official prescription form issued by the Department of Justice for that purpose. The prescriptions shall be prepared in triplicate and shall contain the date the prescription was orally transmitted by the prescriber, the name of the person for whom the prescription was authorized, the name and address of the licensed facility or home health agency providing hospice care in which that person is a patient, the name and quantity of the controlled substance prescribed, the directions for use, and the name, address, category of professional licensure, and federal controlled substance registration number of the prescriber. The original shall be retained by the pharmacist, and the duplicate shall be forwarded to the prescriber by the end of the month in which the prescription was issued. The triplicate shall be endorsed with the signature of the pharmacist, the name and address of the pharmacy, and the signature of the person who received the controlled substances for the licensed facility or home health agency providing hospice care and shall be forwarded by the pharmacist to the Department of Justice at the end of the month in which the prescription was filled. Upon request, a skilled nursing facility, intermediate care facility, or licensed home health agency providing hospice care shall make available to the dispensing pharmacist copies of signed telephone

orders, chart orders, or related documentation substantiating an oral prescription transaction under this section.

(b) For the purposes of this section, "hospice care" means interdisciplinary health care which is designed to alleviate the physical, emotional, social, and spiritual discomforts of an individual who is experiencing the last phases of a terminal disease and to provide supportive care for the primary care person and the family of the patient under hospice care.

(b) No licensee or officer, director, partner, manager or employee of a licensee shall knowingly make any false report to his or her employer or client for whom information was being obtained.

(f) No licensee, or officer, partner, qualified manager, or employee shall use any identification to indicate that he or she is licensed as a private investigator other than the official identification

The patch shall be of a standard design approved by the director and shall be clearly visible.

denial shall inform the applicant that if he or she desires a review by a disciplinary review committee to contest the denial, the review shall be requested of the director within 20 days following notice of the issuance of the denial.

(c) The chief shall refuse to register any person, on and after January 1, 1986, who has been convicted of a serious felony, as defined in Section 1192.7 of the Penal Code, unless the chief makes a determination of the fitness of the person.

SEC. 3. By enacting this act, the Legislature intends that uniformed employees of a private patrol operator be clearly and readily distinguishable from regular law enforcement officers.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 3. Section 114.5 of the Health and Safety Code is amended to read:

114.5. In the fee specified in subdivision (c) of Section 10605, the adjustment authorized by Section 114 shall be applicable to the additional fee charged to applicants other than public agency applicants for certified copies of marriage or marriage dissolution records, as well as to the other fees imposed by that section.

A fee of seven dollars ($7) shall be paid by any other applicant for a certified copy of a birth certificate. Four dollars ($4) of any seven-dollar ($7) fee is exempt from subdivision (e) and shall be paid to either a county children's trust fund or to the State Children's Trust Fund, in conformity with Article 5 (commencing with Section 18965) of Chapter 11 of Part 6 of Division 9 of the Welfare and Institutions Code.

(c) A fee of three dollars ($3) shall be paid by a public agency applicant for a certified copy of a marriage record, that has been filed with the county recorder or county clerk, that the agency is required to obtain in the ordinary course of business. A fee of six dollars ($6) shall be paid by any other applicant for a certified copy of a marriage record that has been filed with the county recorder or county clerk. Three dollars ($3) of any six-dollar ($6) fee is exempt from subdivision (e) and shall be transmitted monthly by each local registrar, county recorder, and county clerk to the state for deposit into the General Fund as provided by Section 5183 of the Civil Code.

the fee for each certified copy to the State Registrar by the 10th day of the month following the month in which the fee was received.

(f) The additional three dollars ($3) authorized to be charged to applicants other than public agency applicants for certified copies of marriage records by subdivision (c) may be increased pursuant to Section 114.

CHAPTER 852

An act to amend and to repeal Section 66452.6 of the Government Code, relating to subdivisions.

[Approved by Governor September 20, 1985. Filed with Secretary of State September 23, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 66452.6 of the Government Code, as amended by Section 3.5 of Chapter 1302 of the Statutes of 1984, is amended to read:

66452.6. (a) An approved or conditionally approved tentative map shall expire 24 months after its approval or conditional approval, or after any additional period of time as may be prescribed by local ordinance, not to exceed an additional 12 months. However, if the subdivider is subject to a requirement of one hundred thousand dollars ($100,000) or more to construct or improve or finance the construction or improvement of public improvements outside the boundaries of the tentative map, each filing of a final map authorized by Section 66456.1 shall extend the expiration of the approved or conditionally approved tentative map by 36 months from the date of its expiration as provided in this section, or the date of the previously filed final map, whichever is later. The extensions shall not extend the tentative map more than 10 years from its approval or conditional approval. However, a tentative map on property subject to a development agreement authorized by Article 2.5 (commencing with Section 65864) of Chapter 4 of Division 1 may be extended for the period of time provided for in the agreement, but not beyond the duration of the agreement. The number of phased final maps which may be filed shall be determined by the advisory agency at the time of the approval or conditional approval of the tentative map.

"Public improvements," as used in this subdivision, includes traffic controls, streets, roads, highways, freeways, bridges, overcrossings, street interchanges, flood control or storm drain facilities, sewer facilities, water facilities, and lighting facilities.

(b) The period of time specified in subdivision (a) shall not include any period of time during which a development moratorium, imposed after approval of the tentative map, is in existence, provided however, that the length of the moratorium does not exceed five

years.

Once a moratorium is terminated, the map shall be valid for the same period of time as was left to run on the map at the time that the moratorium was imposed. However, if the remaining time is less than 120 days, the map shall be valid for 120 days following the termination of the moratorium.

(c) The period of time specified in subdivision (a), including any extension thereof granted pursuant to subdivision (e), shall not include the period of time during which a lawsuit involving the approval or conditional approval of the tentative map is or was pending in a court of competent jurisdiction if the stay of the time period is approved by the local agency pursuant to this section. After service of the initial petition or complaint in the lawsuit upon the local agency, the subdivider may apply to the local agency for a stay pursuant to the local agency's adopted procedures. Within 40 days after receiving the application, the local agency shall either stay the time period for up to five years or deny the requested stay. The local agency may, by ordinance, establish procedures for reviewing the requests, including, but not limited to, notice and hearing requirements, appeal procedures and other administrative requirements.

(d) The expiration of the approved or conditionally approved tentative map shall terminate all proceedings and no final map or parcel map of all or any portion of the real property included within the tentative map shall be filed with the legislative body pursuant to Section 66457 without first processing a new tentative map. Once a timely filing is made pursuant to Section 66457, subsequent actions of the local agency, including, but not limited to, processing, approving, and recording, may lawfully occur after the date of expiration of the tentative map.

(e) Upon application of the subdivider filed prior to the expiration of the approved or conditionally approved tentative map, the time at which the map expires may be extended by the legislative body or by an advisory agency authorized to approve or conditionally approve tentative maps for a period or periods not exceeding a total of three years. If the advisory agency denies a subdivider's application for extension, the subdivider may appeal to the legislative body within 15 days after the advisory agency has denied the extension.

(f) For purposes of this section, a development moratorium shall include a water or sewer moratorium or a water and sewer moratorium, as well as other actions of public agencies which regulate land use, development, or the provision of services to the land, other than the public agency with the authority to approve or conditionally approve the tentative map, which thereafter prevents, prohibits, or delays the approval of a final or parcel map.

(g) The rights conferred by a vesting tentative map as provided by Chapter 4.5 (commencing with Section 66498.1) shall last for an initial time period as provided by ordinance but shall not be less than

one year or more than two years beyond the recording of the final map. Where several final maps are recorded on various phases of a project covered by a single vesting tentative map, the one year initial time period shall begin for each phase when the final map for that phase is recorded.

The initial time period shall be automatically extended by any time used by the local agency for processing a complete application for a grading permit or for design or architectural review, if the time used by the local agency to process the application exceeds 30 days, from the date that a complete application is filed. Any time prior to the expiration of the initial time period provided by this section, the subdivider may apply for a one-year extension. If the extension is denied by an advisory agency, the subdivider may appeal that denial to the legislative body within 15 days.

(h) If the subdivider submits a complete application for a building permit during the periods of time specified in subdivision (g), the rights conferred by Chapter 4.5 (commencing with Section 66498.1) shall continue until the expiration of that permit, or any extension of that permit granted by the local agency.

SEC. 1.5. Section 66452.6 of the Government Code, as amended by Section 3.5 of Chapter 1302 of the Statutes of 1984, is amended to read:

66452.6. (a) An approved or conditionally approved tentative map shall expire 24 months after its approval or conditional approval, or after any additional period of time as may be prescribed by local ordinance, not to exceed an additional 12 months. However, if the subdivider is subject to a requirement of one hundred thousand dollars ($100,000) or more to construct or improve or finance the construction or improvement of public improvements outside the boundaries of the tentative map, each filing of a final map authorized by Section 66456.1 shall extend the expiration of the approved or conditionally approved tentative map by 36 months from the date of its expiration as provided in this section, or the date of the previously filed final map, whichever is later. The extensions shall not extend the tentative map more than 10 years from its approval or conditional approval. However, a tentative map on property subject to a development agreement authorized by Article 2.5 (commencing with Section 65864) of Chapter 4 of Division 1 may be extended for the period of time provided for in the agreement, but not beyond the duration of the agreement. The number of phased final maps which may be filed shall be determined by the advisory agency at the time of the approval or conditional approval of the tentative map.

"Public improvements," as used in this subdivision, include traffic controls, streets, roads, highways, freeways, bridges, overcrossings, street interchanges, flood control or storm drain facilities, sewer facilities, water facilities, and lighting facilities.

(b) The period of time specified in subdivision (a) shall not include any period of time during which a development moratorium, imposed after approval of the tentative map, is in existence, provided

however, that the length of the moratorium does not exceed five years.

Once a moratorium is terminated, the map shall be valid for the same period of time as was left to run on the map at the time that the moratorium was imposed. However, if the remaining time is less than 120 days, the map shall be valid for 120 days following the termination of the moratorium.

(c) The period of time specified in subdivision (a), including any extension thereof granted pursuant to subdivision (e), shall not include the period of time during which a lawsuit involving the approval or conditional approval of the tentative map is or was pending in a court of competent jurisdiction if the stay of the time period is approved by the local agency pursuant to this section. After service of the initial petition or complaint in the lawsuit upon the local agency, the subdivider may apply to the local agency for a stay pursuant to the local agency's adopted procedures. Within 40 days after receiving the application, the local agency shall either stay the time period for up to five years or deny the requested stay. The local agency may, by ordinance, establish procedures for reviewing the requests, including, but not limited to, notice and hearing requirements, appeal procedures and other administrative requirements.

(d) The expiration of the approved or conditionally approved tentative map shall terminate all proceedings and no final map or parcel map of all or any portion of the real property included within the tentative map shall be filed with the legislative body pursuant to Section 66457 without first processing a new tentative map. Once a timely filing is made pursuant to Section 66457, subsequent actions of the local agency, including, but not limited to, processing, approving, and recording, may lawfully occur after the date of expiration of the tentative map.

(e) Upon application of the subdivider filed prior to the expiration of the approved or conditionally approved tentative map, the time at which the map expires may be extended by the legislative body or by an advisory agency authorized to approve or conditionally approve tentative maps for a period or periods not exceeding a total of three years. If the advisory agency denies a subdivider's application for extension, the subdivider may appeal to the legislative body within 15 days after the advisory agency has denied the extension.

(f) For purposes of this section, a development moratorium shall include a water or sewer moratorium or a water and sewer moratorium, as well as other actions of public agencies which regulate land use, development, or the provision of services to the land, other than the public agency with the authority to approve or conditionally approve the tentative map, which thereafter prevents, prohibits, or delays the approval of a final or parcel map. A development moratorium is deemed to exist for purposes of this section for any period of time during which a condition imposed by

the city or county could not be satisfied because the condition was one which, by its nature, necessitated action by the city or county, and the city or county either did not take the necessary action or by its own action or inaction was prevented or delayed in taking the necessary action prior to expiration of the tentative map.

(g) The rights conferred by a vesting tentative map as provided by Chapter 4.5 (commencing with Section 66498.1) shall last for an initial time period as provided by ordinance but shall not be less than one year or more than two years beyond the recording of the final map. Where several final maps are recorded on various phases of a project covered by a single vesting tentative map, the one year initial time period shall begin for each phase when the final map for that phase is recorded.

The initial time period shall be automatically extended by any time used by the local agency for processing a complete application for a grading permit or for design or architectural review, if the time used by the local agency to process the application exceeds 30 days, from the date that a complete application is filed. Any time prior to the expiration of the initial time period provided by this section, the subdivider may apply for a one-year extension. If the extension is denied by an advisory agency, the subdivider may appeal that denial to the legislative body within 15 days.

(h) If the subdivider submits a complete application for a building permit during the periods of time specified in subdivision (g), the rights conferred by Chapter 4.5 (commencing with Section 66498.1) shall continue until the expiration of that permit, or any extension of that permit granted by the local agency.

SEC. 2. Section 66452.6 of the Government Code, as amended by Section 3 of Chapter 1302 of the Statutes of 1984, is repealed.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 66452.6 of the Government Code proposed by both this bill and AB 2488. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1986, (2) each bill amends Section 66452.6 of the Government Code, as amended by Section 3.5 of Chapter 1302 of the Statutes of 1984, and (3) this bill is enacted after AB 2488, in which case Section 1 of this bill shall not become operative.

SEC. 4. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

CHAPTER 853

An act to add Section 61765.10 to the Government Code, and to add Sections 31031.8 and 31104.7 to the Water Code, relating to special districts.

[Approved by Governor September 20, 1985. Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 61765.10 is added to the Government Code, to read:

61765.10. Notwithstanding Sections 61621.5 and 61765, in the Stallion Springs Community Services District, the water standby or availability charge shall not exceed thirty dollars ($30) per year for each acre of land on which the charge is levied or thirty dollars ($30) per year for each parcel of land less than one acre, and the sewer standby or availability charge shall not exceed fifteen dollars ($15) per year for each acre of land on which the charge is levied or fifteen dollars ($15) per year for each parcel of land less than one acre.

In fixing and collecting water or sewer standby or availability charges, the district shall follow the procedures for fixing and collecting water standby or availability charges set forth in this chapter.

This section, applicable only to the Stallion Springs Community Services District, is necessary because of the unique and special water and sewer management and financing problems in the area included within the district.

SEC. 2. Section 31031.8 is added to the Water Code, to read:

31031.8. Notwithstanding any other provision of this division, the Tuolumne Regional Water District, by a four-fifths vote of the members of the board of directors, may fix, levy, and collect a water standby or availability charge of not more than thirty dollars ($30) per acre per year for each acre of land, or thirty dollars ($30) per year for each parcel of land less than an acre, to which water is made available for any purpose by the district, by using any of the alternate methods and in the same manner and under the same terms and conditions as are provided in Sections 31031 and 31032 and Sections 31032.1 to 31032.9, inclusive.

SEC. 3. Section 31104.7 is added to the Water Code, to read:

31104.7. Notwithstanding any other provision of this division, the Tuolumne Regional Water District, by a four-fifths vote of the members of the board of directors, may fix, levy, and collect a sewage and waste service standby or availability charge of not more than thirty dollars ($30) per acre per year for each acre of land, or thirty dollars ($30) per year for each parcel of land less than an acre, to which sewer service is made available by the district, by using any of the alternate methods and in the same manner and under the

same terms and conditions as are provided in Sections 31031 and 31032 and Sections 31032.1 to 31032.9, inclusive.

SEC. 4. The Legislature finds and declares that Section 1 of this act is necessary as a special law and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique and special water and sewer management and financing problems within the Stallion Springs Community Services District which are not common to other districts organized pursuant to the Community Services District Law.

SEC. 5. The Legislature finds and declares that Sections 2 and 3 of this act are necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of unique and special problems within the Tuolumne Regional Water District which are not common to other districts organized pursuant to the County Water District Law.

The Tuolumne Regional Water District includes within its boundaries, and makes available water and sewer service to, many subdivisions that were subdivided in the 1960's and 1970's, but in which many of the lots have not had homes or improvements yet constructed on them, and the ten dollar ($10) limit on standby charges set forth in Sections 31031 and 31032.1 of the Water Code, which limit was adopted in 1959, imposes an inequitable proportion of the cost of making that service available upon the limited number of lot owners in the subdivisions who are actually using this service.

Sections 31031.8 and 31104.7 of the Water Code are necessary, therefore, to enable the Tuolumne Regional Water District to more equitably apportion the costs of water and sewer services provided by the district.

CHAPTER 854

An act to amend Section 8671 of, and to add and repeal Sections 8671.2 and 8671.4 of, the Fish and Game Code, relating to gill and trammel nets, and making an appropriation therefor.

[Approved by Governor September 20, 1985. Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 8671 of the Fish and Game Code is amended to read:

8671. Notwithstanding Sections 8693 and 8724, gill nets and trammel nets with less than a 6-inch mesh shall not be used in those portions of District 19, as follows:

(a) In waters less than 10 fathoms in depth, between a line

running 225° magnetic from Dana Point and a line running 225° magnetic from the southernmost stack of the power plant approximately 1.5 miles southeast of Carlsbad.

(b) In waters less than 13 fathoms in depth between a line running 225° magnetic from the southernmost stack of the power plant approximately 1.5 miles southeast of Carlsbad and a line running 225° magnetic from Scripps Pier.

(c) In waters less than 20 fathoms in depth between a line running 270° magnetic from Scripps Pier and a line running 270° magnetic from the North Jetty at the entrance to Mission Bay.

(d) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date.

SEC. 2. Section 8671.2 is added to the Fish and Game Code, to read:

8671.2. Notwithstanding Sections 8693 and 8724, gill nets and trammel nets with less than a 6-inch mesh shall not be used in those portions of Disticts 18, 19, and 118 from June 1 to September 15, as follows:

(a) In waters less than eight fathoms in depth, between a line running 225° magnetic from Point Conception and a line extending 225° magnetic from Rincon Point.

(b) In waters less than six fathoms in depth, between a line extending 225° magnetic from Rincon Point to a line running 225° magnetic from the mouth of the Ventura River.

(c) In waters less than eight fathoms in depth, between a line running 225° magnetic from Point Mugu and a line connecting the southerly extremity of Malibu Point and the westerly extremity of Rocky Point (Palos Verdes Point).

(d) In waters less than 10 fathoms in depth, between a line extending 240° magnetic from the westerly extremity of Rocky Point (Palos Verdes Point) and a line running 180° magnetic from Point Fermin.

(e) In waters less than 12 fathoms in depth, between a line running 270° magnetic from the South Jetty at Mission Bay to a line running 180° magnetic from Point Loma Light.

(f) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date.

SEC. 3. Section 8671.4 is added to the Fish and Game Code, to read:

8671.4. (a) Notwithstanding Sections 8693 and 8724 and subdivision (b) of Section 8671.2, gill nets and trammel nets with less than an 8-inch mesh shall not be used in that portion of District 19 in waters less than three fathoms in depth between a line running 225° magnetic from Pitas Point and a line running 225° magnetic from the Port Hueneme Light.

(b) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which

is enacted before January 1, 1988, deletes or extends that date.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 855

An act to repeal Sections 14999.11, 15337, 15339, and 15389 of the Government Code, relating to the Department of Commerce.

[Approved by Governor September 20, 1985. Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 14999.11 of the Government Code is repealed.

SEC. 2. Section 15337 of the Government Code is repealed.

SEC. 3. Section 15339 of the Government Code is repealed.

SEC. 4. Section 15389 of the Government Code is repealed.

SEC. 5. The Legislature hereby declares that the strategic plan of the Department of Commerce entitled "Job Creation for California in the Decade of the Eighties," published in January 1984, and subsequently submitted to the Governor and to the Legislature, fulfills the requirements of Sections 14999.11 and 15339 of the Government Code as added by Chapter 1227 of the Statutes of 1982.

CHAPTER 856

An act to amend Section 48911 of the Education Code, relating to schools.

[Approved by Governor September 20, 1985. Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 48911 of the Education Code is amended to read:

48911. (a) The principal of the school, the principal's designee, or the superintendent of schools may suspend a pupil from the school for any of the reasons enumerated in Section 48900, and pursuant to Section 48900.5, for no more than five consecutive schooldays.

(b) Suspension by the principal, the principal's designee, or the

superintendent shall be preceded by an informal conference conducted by the principal or the principal's designee or the superintendent of schools between the pupil and, whenever practicable, the teacher or supervisor or school employee who referred the pupil to the principal or the principal's designee or the superintendent of schools. At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense.

(c) A principal or the principal's designee or the superintendent of schools may suspend a pupil without affording the pupil an opportunity for a conference only if the principal or the principal's designee or the superintendent of schools determines that an emergency situation exists. "Emergency situation," as used in this article, means a situation determined by the principal, the principal's designee, or the superintendent to constitute a clear and present danger to the lives, safety, or health of pupils or school personnel. If a pupil is suspended without a conference prior to suspension, both the parent and the pupil shall be notified of the pupil's right to a conference, and the pupil's right to return to school for the purpose of a conference. The conference shall be held within two schooldays, unless the pupil waives this right or is physically unable to attend for any reason, including, but not limited to, incarceration or hospitalization. The conference shall then be held as soon as the pupil is physically able to return to school for the conference.

(d) At the time of suspension, a school employee shall make a reasonable effort to contact the pupil's parent or guardian in person or by telephone. Within one schoolday of the beginning of a suspension, a school employee shall mail a notice to the parent or guardian of the suspended pupil. The notice shall be, insofar as is practicable, in the primary language of the pupil's parent or guardian. The notice shall contain each of the following:

(1) A statement of the facts leading to the decision to suspend.

(2) The date and time when the pupil will be allowed to return to school.

(3) A statement of the right of the pupil or parent to request a meeting with the superintendent or the superintendent's designee pursuant to Section 48914.

(4) A statement of the parent's or the pupil's right to have access to the pupil's records as provided by Section 49069.

(5) A request that the parent or guardian attend a conference with school officials regarding the pupil's behavior, including notice that state law requires parents or guardians to respond to such request without delay.

(e) A school employee shall report the suspension of the pupil, including the cause therefor, to the governing board of the school district or to the district superintendent in accordance with the regulations of the governing board.

(f) The parent or guardian of any pupil shall respond without

delay to any request from school officials to attend a conference regarding his or her child's behavior.

No penalties may be imposed on a pupil for failure of the pupil's parent or guardian to attend a conference with school officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at such conference.

(g) In a case where expulsion from any school or suspension for the balance of the semester from continuation school is being processed by the governing board, the school district superintendent or other person designated by the superintendent in writing may extend the suspension until such time as the governing board has rendered a decision in the action. However, an extension may be granted only if the superintendent or the superintendent's designee has determined, following a meeting in which the pupil and the pupil's parent or guardian are invited to participate, that the presence of the pupil at the school or in an alternative school placement would cause a danger to persons or property or a threat of disrupting the instructional process. If the pupil or the pupil's parent or guardian has requested a meeting to challenge the original suspension pursuant to Section 48914, the purpose of the meeting shall be to decide upon the extension of the suspension order under this section and may be held in conjunction with the initial meeting on the merits of the suspension.

(h) For the purposes of this section, a "principal's designee" is any one or more administrators at the school site specifically designated by the principal, in writing, to assist with disciplinary procedures.

In the event that there is not an administrator in addition to the principal at the school site, a certificated person at the school site may be specifically designated by the principal, in writing, as a "principal's designee," to assist with disciplinary procedures. The principal may designate only one such person at a time as the principal's primary designee for the school year.

An additional person meeting the requirements of this subdivision may be designated by the principal, in writing, to act for the purposes of this article when both the principal and the principal's primary designee are absent from the school site. The name of the person, and the names of any person or persons designated as "principal's designee," shall be on file in the principal's office.

CHAPTER 857

An act to amend Section 25210.77b of the Government Code, and to amend Section 31032.1 of the Water Code, relating to water charges.

[Approved by Governor September 20, 1985. Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 25210.77b of the Government Code is amended to read:

25210.77b. A county may fix, on or before the first day of July in each calendar year, a water or sewer standby or immediate availability charge on all land within a county service area to which water or sewers are made available for any purpose by the county whether the water or sewers are actually used or not, except that such charge shall not apply to lands permanently dedicated exclusively to the public transportation of persons or property. The board of supervisors of the county which fixes such a water standby charge may establish schedules varying the charges in different months and in different localities within a county service area depending upon factors such as the uses to which the land is put, the cost of transporting the water to the land, the degree of availability or quantity of use of such water to the affected lands. The board may not, however, fix a charge in excess of thirty dollars ($30) for each acre of land, or thirty dollars ($30) for each parcel of land of less than one acre, for either water or sewer standby charges.

If a person for more than one year obtains substantially all of his water requirements for the contiguous parcels of land which he occupies from rainfall, springs, streams, lakes, rivers or wells, and if the person's primary economic activity on such land is the commercial extraction or processing of minerals, such land shall be exempt from any water standby or availability charges.

SEC. 2. Section 31032.1 of the Water Code is amended to read:

31032.1. A district may fix, as an alternative to the charge prescribed by Section 31031, in each fiscal year, water standby or availability assessments of not to exceed thirty dollars ($30) per acre per year for each acre of land, or thirty dollars ($30) per year for each parcel of land less than an acre within the district to which water is made available for any purpose by the district, whether the water is actually used or not. The board of directors of a district which fixes the assessment may establish schedules varying the assessment according to the land uses and the degree of availability or quantity of use of water to the affected lands, and may restrict the assessment to lands lying within one or more improvement districts within the district.

A district may elect to have the assessments for the fiscal year collected on the tax roll in the same manner, by the same persons and at the same time as, together with and not separately from, its general taxes. In that event, it shall cause a written report to be prepared and filed with the secretary which contain a description of each parcel of real property and the amount of the assessment for each parcel for the year.

CHAPTER 858

An act to amend Section 4766 of, and to add Section 22651.3 to, the Vehicle Code, relating to vehicles.

[Approved by Governor September 20, 1985. Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 4766 of the Vehicle Code is amended to read:

4766. (a) Except as provided in subdivisions (b) and (c), the department shall refuse to renew the registration of any vehicle for which a notice of noncompliance has been transmitted to the department pursuant to subdivision (a) of Section 40002.1 if no certificate of adjudication therefor has been received by the department pursuant to those provisions. The department shall include on each potential registration card issued for use at the time of renewal, or on an accompanying document, an itemization of citations for which notices of noncompliance have been received by the department pursuant to subdivision (a) of Section 40002.1. The itemization shall include the citation number, citation date, and the jurisdiction that issued the underlying notice pursuant to subdivision (b) of Section 40002 and the administrative service fee for clearing the offense pursuant to subdivision (b) of this section.

(b) Upon application for renewal of vehicle registration for a vehicle subject to subdivision (a), the department shall not refuse registration renewal pursuant to subdivision (a) if the applicant, with respect to each outstanding certificate of noncompliance, (1) provides the department with a certificate of adjudication for the offense issued pursuant to subdivision (a) of Section 40002.1 and (2) pays an administrative service charge, which shall be established by the department to, in the aggregate, defray its costs in administering this section.

(c) Whenever registration of a vehicle subject to subdivision (a) is transferred or not renewed for two renewal periods, the department shall so notify each court which transmitted a notice of noncompliance affecting the vehicle and the department shall not thereafter refuse registration renewal pursuant to subdivision (a).

SEC. 2. Section 22651.3 is added to the Vehicle Code, to read:

22651.3. (a) Any peace officer, as that term is defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, or any regularly employed and salaried employee, who is engaged in directing traffic or enforcing parking laws and regulations, of a city or a county in which a vehicle is located may remove the vehicle from an offstreet public parking facility located within the territorial limits in which the officer or employee may act when the vehicle is registered in a foreign jurisdiction or is without

a current California registration and it is known to have been issued five or more notices of parking violation over a period of five or more days, to which the owner or person in control of the vehicle has not responded.

A notice of parking violation issued to such a vehicle shall be accompanied by a warning that repeated violations may result in the impounding of the vehicle.

(b) The vehicle may be impounded until the owner or person in control of the vehicle furnishes to the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located and furnishes satisfactory evidence that bail has been deposited for all notices of parking violation issued for the vehicle. In lieu of requiring satisfactory evidence that the bail has been deposited, the impounding law enforcement agency may, in its discretion, issue a notice to appear for the offenses charged, as provided in Article 2 (commencing with Section 40500) of Chapter 2 of Division 17. In lieu of either furnishing satisfactory evidence that the bail has been deposited or accepting the notice to appear, the owner or person in control of the vehicle may demand to be taken without unnecessary delay before a magistrate within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is impounded.

(c) Evidence of current registration shall be produced after a vehicle has been impounded or a notice to appear for violation of subdivision (a) of Section 4000 shall be issued to the owner or person in control of the vehicle.

CHAPTER 859

An act to add Section 5782.24 to the Public Resources Code, relating to recreation and park districts.

[Approved by Governor September 20, 1985. Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 5782.24 is added to the Public Resources Code, to read:

5782.24. The district board of a district in the County of Sacramento has all rights and powers, expressed or implied, necessary to carry out the purposes and intent of this chapter, including, but not limited to, the following powers:

(a) To sue and be sued.

(b) To take or acquire real or personal property of every kind or any interest therein, within and without the district, by grant, purchase, gift, devise, or lease; and to hold, manage, occupy, dispose

of, convey, and encumber property and create a leasehold interest in property for the benefit of the district.

(c) To exercise the right of eminent domain, except the right shall be exercised only within the territory of the district and after approval for its exercise has been granted by resolution of the supervising authority.

(d) To appoint, employ, and pay persons who are necessary and adequately trained, to maintain and operate the property, improvements, and facilities under its control and to operate programs of public recreation. The board may employ personnel at the pleasure of the board or by contract, and may establish a merit system, retirement privileges, and provide for other employment practices either directly or through contractual arrangement with the state or other public agency or private organization.

(e) To employ counsel.

(f) To enter into and perform all necessary contracts.

(g) To borrow money, give security therefor, purchase on contract, and do and perform any and all acts and things necessary or proper to carry out this chapter.

(h) To contract with any public entity or person for the construction by the public entity, person, or contractor, or for the financing, maintenance, or operation of recreational facilities and activities within the district. However, the district shall nevertheless be responsible for and maintain control over the construction, financing, or operation of the recreational facilities and activities, and the district shall receive full consideration therefor.

(1) All contracts for furnishing materials or supplies not related to new construction, alterations, maintenance, or repairs of district real property the cost of which will exceed five thousand dollars ($5,000) shall be let by competitive bid and awarded to the vendor making the best offer. Notice to bidders shall be given by publication, mailing to interested vendors, or other means the district determines will promote reasonable competition in bidding. Determination of the best offer shall be based on factors relating to the efficiency of the district, including price, product quality, product fitness for the purposes intended, repair and maintenance reliability and adequacy of the vendor, and the responsibility of the vendor. The district board shall adopt the bidding procedure by ordinance at a public hearing for which notice has been provided. The district board shall periodically review individual contracts and the procedures for letting contracts under this paragraph to ensure that the best interests of the district are being served.

(2) All projects for new construction of public improvements to district real property with respect to which the cost for materials, supplies, and labor will exceed five thousand dollars ($5,000), and all projects for alterations, maintenance, or repair of district real property with respect to which the cost for materials, supplies, and labor will exceed three thousand dollars ($3,000), shall be let to the lowest responsible bidder. Notice inviting bids for those projects shall

be published in a newspaper in the district at least one week before the time specified by the district board for receiving bids. The district board may reject all bids and readvertise, or by a four-fifths vote may elect to purchase the materials or supplies in the open market, or to construct the building, structure, or improvement by force account.

SEC. 2. (a) No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

SEC. 3. A member may receive credit for that service, as a safety member, when he or she has contributed, with interest to the date paid, the difference between contributions made and those which would have been made by the member if he or she had been a safety member. The additional contributions shall be made prior to retirement.

This section shall not be operative in any county until such time as the board of supervisors shall, by resolution adopted by majority vote, make this section applicable in the county.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

If the court determines that the defendant has the ability to pay all or part of the medical examination costs, the court may set the amount to be reimbursed and order the defendant to pay that sum to the law enforcement agency in the manner in which the court believes reasonable and compatible with the defendant's financial ability. In making a determination of whether a defendant has the ability to pay, the court shall take into account the amount of any fine imposed upon the defendant and any amount the defendant has been ordered to pay in restitution.

CHAPTER 862

An act to amend and repeal Section 12740 of, and to add and repeal Section 12740.1 of, the Insurance Code, relating to home protection contracts.

[Approved by Governor September 20, 1985. Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 12740 of the Insurance Code is amended to read:

12740. The definitions used in this section govern the construction and terms used in this part but shall not affect any other provisions of this code:

(a) "Home protection contract" means a contract or agreement whereby a person, other than a builder, seller, or lessor of the home which is the subject of the contract, undertakes for a specified period of time, for a predetermined fee, to repair or replace all or any part of any component, system or appliance of a home necessitated by wear and tear, deterioration or inherent defect, or by the failure of an inspection to detect the likelihood of any such loss.

Such contract shall provide for a system of service for effectuating such repair or replacement and shall not include protection against consequential damage from the failure of any component, system or appliance.

(b) "Home protection company" means any person licensed pursuant to this part which issues home protection contracts.

(c) (1) "Protection contract fee" means the consideration received, or to be received, by a home protection company for the issuance of any home protection contract.

(2) Subject to the provisions of paragraph (3) of subdivision (a) of Section 12764, in the event coverage is provided prior to the time that an interest in the residential property to which it attaches is sold, the fee shall consist of a pro rata portion of the annual contract fee in effect on the date of commencement of coverage, prorated for the period beginning with the date of commencement of coverage and ending on the date of transfer of title to the residential property to which the contract attaches, and the annual contract fee for coverage commencing with the transfer of title to the affected residential property.

(d) "Home" or "residential property" as used in this part means any single or multiple unit or units, including mobilehomes, (as defined in Health and Safety Code Section 18211) used primarily for residential purposes.

(e) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date. If that

date is not deleted or extended, then, on and after January 1, 1988, pursuant to Section 9611 of the Government Code, Section 12740 of the Insurance Code, as amended by Section 2 of Chapter 820 of the Statutes of 1981, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 2. Section 12740.1 is added to the Insurance Code, to read:

12740.1. Paragraph (2) of subdivision (c) of Section 12740 does not apply to those home protection contracts issued by a franchisor, or its parent, subsidiary, or affiliate to which the provisions of Section 12765 have been applied during the period from January 1, 1983, through December 31, 1985, subject to all of the following conditions:

(a) The franchisor, its parent, subsidiary, or affiliate provides as a precondition to the issuance of its home protection contract that the seller enter into an exclusive right-to-sell agreement with the franchisee for a minimum period of 90 days.

(b) This precondition was a standard policy and procedure in use by the franchisor, its parent, subsidiary, affiliate, or franchisee as of July 1, 1981.

(c) The inapplicability of paragraph (2) of subdivision (c) of Section 12740 is limited exclusively to home protection contracts issued by the franchisor, its parent, subsidiary, or affiliate upon the application of a franchisee in any real property transaction whereby the exclusive right-to-sell agreement referred to in subdivision (a) is entered into by the seller. A listing agreement of the franchisee which does not contain this exclusive right-to-sell provision shall not entitle the home protection contract to the exemption from the applicability of paragraph (2) of subdivision (c) of Section 12740 specified in this section.

(d) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends that date.

SEC. 3. It is the intent of the Legislature in enacting and providing for the subsequent repeal of this act to allow sufficient time to permit analysis and review of the existing delivery system for home protection contracts by the Blue Ribbon Task Force on Financial Services to be created by Senate Bill 1372 of the 1985–86 Regular Session, and, based upon recommendations, to make appropriate changes in the law governing home protection companies.

Whenever there is a change or improvement in the patient's condition, the physician shall submit a new certification to the department.

CHAPTER 864

SEC. 1.5. Section 5655 of the Fish and Game Code is amended to read:

5655. (a) In addition to the responsibilities imposed pursuant to Section 5651, the department may clean up or abate, or cause to be cleaned up or abated, the effects of any petroleum or petroleum product deposited or discharged in the waters of this state or deposited or discharged in any location onshore or offshore where the petroleum or petroleum product is likely to enter the waters of this state, order any person responsible for the deposit or discharge to clean up the petroleum or petroleum product or abate the effects

Notwithstanding Section 13340 of the Government Code, all funds in the account, including interest thereon, are hereby continuously appropriated to the department to make financial resources immediately available to the department, and any other state agency, city, county, city and county, or special district, cooperating with the department, for any immediate costs incurred in responding to, cleaning up, abating the effects of, or determining the effect on the living resources of, any petroleum or petroleum product deposited or discharged in the waters of this state or deposited or discharged in any location onshore or offshore where the petroleum or petroleum product is likely to enter the waters of this state. Other funds immediately available to the department and to any cooperating state agency, city, county, city and county, or special district, from the federal government or from the person responsible for the deposit or discharge shall be expended to the maximum extent practicable prior to expending funds from the account. The department shall seek reimbursement of funds expended from the account from the federal government or from the person responsible for the deposit or discharge. The disbursement of any funds from the account shall not be construed as any waiver by the state to subsequently pursue any remedy available to it.

SEC. 2. Section 12015 of the Fish and Game Code is amended to read:

12015. (a) It is the intent of the Legislature that expeditious cleanup is the primary interest of the people of the State of California in order to protect the people and the environment of the state.

(b) In addition to any other penalty, anyone responsible for polluting, contaminating, or obstructing waters of this state, or depositing or discharging materials threatening to pollute, contaminate, or obstruct waters of this state, to the detriment of fish, plant, bird, or animal life in those waters, shall be required to remove any substance placed in the waters, or to remove any material threatening to pollute, contaminate, or obstruct waters of this state, which can be removed, that caused the prohibited condition, or to pay the costs of the removal by the department.

(c) Prior to taking any action committing the use of state funds pursuant to this section or Section 5655, the department shall first make a reasonable effort to have the person responsible, when that person is known and readily available, remove, or agree to pay for the removal of, the substance causing the prohibited condition, if the responsible person acts expeditiously and does not cause the prohibited condition to be prolonged to the detriment of fish, plant, animal, or bird life in the affected waters. When the responsible

party is unknown or is not providing adequate and timely cleanup, the emergency reserve account of the Hazardous Substance Account in the General Fund shall be used to provide funding for the cleanup pursuant to Section 25351 or 25354 of the Health and Safety Code. When those or other funds are not available, moneys in the Fish and Wildlife Pollution Cleanup and Abatement Account shall be available, in accordance with subdivision (c) of Section 12017, for funding the cleanup expenses.

SEC. 3. Section 12016 is added to the Fish and Game Code, to read:

12016. (a) In addition to any other provision of law, any person who discharges or deposits any substance or material deleterious to fish, plant, bird, or animal life or their habitat into, or which threatens to enter, the waters of this state is liable civilly to the department for all actual damages to fish, plant, bird, or animal life or their habitat and, in addition, for the reasonable costs incurred in cleaning up the deleterious substance or material or abating its effects, or both.

(b) For the purposes of this section, "deleterious substance or material" does not include substances or materials otherwise expressly permitted or authorized to be deposited or discharged into waters of the state by law.

SEC. 4. Section 12017 is added to the Fish and Game Code, to read:

12017. (a) The Fish and Wildlife Pollution Cleanup and Abatement Account in the Fish and Game Preservation Fund is hereby created.

(b) All funds recovered for cleanup, removal, or abatement costs incurred by the state pursuant to Section 5655 or 12015, plus the proceeds of civil damages recovered through legal actions pursuant to Section 12016, shall be deposited in the Fish and Wildlife Pollution Cleanup and Abatement Account. The moneys in the account are hereby continuously appropriated to the department for expenditure to reimburse or pay the cost of actions taken pursuant to Section 5655, 12015, or 12016, or any combination thereof.

(c) Funds in the Fish and Wildlife Pollution Cleanup and Abatement Account shall be expended by the department only if both of the following conditions exist:

(1) The department has made a reasonable effort to have the responsible party remove in a timely manner, or reimburse the department for the cost of removal, the substance causing the prohibited condition pursuant to Section 12015.

(2) Funds are not available for disbursement from the emergency reserve account of the Hazardous Substance Account in the General Fund pursuant to Section 25351 or 25354 of the Health and Safety Code.

(d) On June 30 of each fiscal year, all funds in the Fish and Wildlife Pollution Cleanup and Abatement Account in excess of five hundred thousand dollars ($500,000), shall be divided equally, and one-half of the excess shall be transferred to the Fish and Game Preservation

Fund and one-half transferred to the Endangered and Rare Fish, Wildlife, and Plant Species Conservation and Enhancement Account created by Section 1770 in the Fish and Game Preservation Fund for appropriation for the purposes prescribed in Section 1771.

SEC. 5. Section 1.5 of this bill incorporates amendments to Section 5655 of the Fish and Game Code proposed by both this bill and SB 686. All these costs shall be billed after they are incurred, and shall include a credit for any required advance payments and for the salvage value of any facilities replaced. SEC. 6. Article 4 (commencing with Section 6584) is added to Chapter 5 of Division 7 of Title 1 of the Government Code, to read:

Article 4. Local Bond Pooling

6584. This article shall be known and may be cited as the Marks-Roos Local Bond Pooling Act of 1985.

6584.5. The Legislature finds and declares all of the following:

(a) That there is a critical need within the state to expand, upgrade, and otherwise improve the public capital facilities of local government necessary to support the rehabilitation and construction of residential and economic development. The needs of local government for financing these facilities greatly exceed the amount of funds available from existing state, local, and federal sources.

(b) That it is the intent of the Legislature to assist in the reduction of local borrowing costs, help accelerate the construction, repair, and maintenance of public capital improvements, and promote greater use of existing and new financial instruments and mechanisms, such as bond pooling by local agencies.

6585. The definitions in this section shall govern the construction and interpretation of this article.

(a) "Authority" means an entity created pursuant to Article 1 (commencing with Section 6500).

(b) "Bond purchase agreement" means a contractual agreement executed between the authority and the local agency whereby the authority agrees to purchase bonds of the local agency.

(c) "Bonds" means bonds (including, but not limited to, assessment bonds, redevelopment agency bonds, government issued mortgage bonds, and industrial development bonds), notes (including bond, revenue, tax, or grant anticipation notes), commercial paper, floating rate, and variable maturity securities, and any other evidences of indebtedness and also includes certificates of participation or lease-purchase agreements.

(d) "Cost," as applied to a public capital improvement or portion thereof financed under this part, means all or any part of the cost of construction, renovation, and acquisition of all lands, structures, real or personal property, rights, rights-of-way, franchises, easements,

and interests acquired or used for a public capital improvement; the cost of demolishing or removing any buildings or structures on land so acquired, including the cost of acquiring any lands to which the buildings or structures may be moved; the cost of all machinery and equipment; finance charges; interest prior to, during, and for a period after, completion of that construction, as determined by the authority; provisions for working capital, reserves for principal and interest and for extensions, enlargements, additions, replacements, renovations, and improvements; the cost of architectural, engineering, financial and legal services, plans, specifications, estimates, administrative expenses, and other expenses necessary or incident to determining the feasibility of constructing any project or incident to the construction or acquisition or financing of any public capital improvement.

(e) "Legislative body" means the governing body of a local agency.

(f) "Local agency" means a party to the agreement creating the authority, or an agency or subdivision of that party, sponsoring a project of public capital improvements.

(g) "Public capital improvements" means one or more projects specified in Section 6546 necessary to deliver local agency services or otherwise support residential and commercial development.

(h) "Revenue" means all income and receipts of the authority from a bond purchase agreement and all interest or other income from any investment of any money in any fund or account established for the payment of principal or interest or premiums on bonds.

6586. It is the Legislature's intent that this article be used to assist local agencies in financing public capital improvements or projects whenever there are significant public benefits for taking that action. For the purposes of this article, "significant public benefits" means any of the following, as determined by the local agency:

(a) Demonstrable savings in effective interest rate, bond preparation, bond underwriting, or bond issuance costs.

(b) Significant reductions in effective user charges levied by a local agency.

(c) Employment benefits from undertaking the project in a timely fashion.

(d) More efficient delivery of local agency services to residential and commercial development.

6587. This article does not limit any other law authorizing, or providing for, the financing of public capital improvements. Likewise, this article does not limit any other law regarding local indebtedness, or limit the exercise of any other power of an authority created pursuant to this chapter.

6588. In addition to other powers specified in an agreement pursuant to Article 1 (commencing with Section 6500), the authority may do all of the following:

(a) Adopt bylaws for the regulation of its affairs and the conduct

of its business.

(b) Sue and be sued in its own name.

(c) Issue bonds, including, at the option of the authority, bonds bearing interest, to pay the cost of any public capital improvement.

(d) Engage the services of private consultants to render professional and technical assistance and advice in carrying out the purposes of this article.

(e) As provided by applicable law, employ and compensate bond counsel, financial consultants, and other advisers determined necessary by the authority in connection with the issuance and sale of any bonds.

(f) Contract for engineering, architectural, accounting, or other services determined necessary by the authority for the successful development of a public capital improvement.

(g) Pay the reasonable costs of consulting engineers, architects, accountants, and construction, land use, recreation, and environmental experts employed by any sponsor or participant if the authority determines those services are necessary for the successful development of public capital improvements.

(h) Take title to, and sell by installment sale or otherwise, lands, structures, real or personal property, rights, rights-of-way, franchises, easements, and other interests in lands which are located within the state which the authority determines are necessary or convenient for the financing of public capital improvements, or any portion thereof.

(i) Receive and accept from any source, loans, contributions, or grants, in either money, property, labor, or other things of value, for, or in aid of, the construction financing, or refinancing of public capital improvement, or any portion thereof.

(j) Make secured or unsecured loans to any local agency in connection with the financing of capital improvement projects in accordance with an agreement between the authority and the local agency. However, no loan shall exceed the total cost of the public capital improvements as determined by the local agency and by the authority.

(k) Make secured or unsecured loans to any local agency in accordance with an agreement between the authority and the local agency to refinance indebtedness incurred by the local agency in connection with public capital improvements undertaken and completed.

(*l*) Mortgage all or any portion of its interest in public capital improvements and the property on which any project is located, whether owned or thereafter acquired, including the granting of a security interest in any property, tangible or intangible.

(m) Assign or pledge all or any portion of its interests in mortgages, deeds of trust, indentures of mortgage or trust, or similar instruments, notes, and security interests in property, tangible or intangible, of a local agency to which the authority has made loans, and the revenues therefrom, including payment or income from any interest owned or held by the authority, for the benefit of the holders

of bonds issued to finance public capital improvements.

(n) Lease the public capital improvements being financed to a local agency, upon terms and conditions that the authority deems proper; charge and collect rents therefor; terminate any lease upon the failure of the lessee to comply with any of the obligations of the lease; include in any lease provisions that the lessee shall have options to renew the lease for a period or periods, and at rents as determined by the authority; purchase any or all of the public capital improvements; or, upon payment of all the indebtedness incurred by the authority for the financing of the public capital improvements, the authority may convey any or all of the project to the lessee or lessees.

(o) Charge and apportion to local agencies which benefit from its services the administrative costs and expenses incurred in the exercise of the powers authorized by this article.

(q) Notwithstanding any other provision of this article, enter into any agreement, contract, or any other instrument with respect to any insurance or guarantee; accept payment in the manner and form as provided therein in the event of default by a local agency; and assign any insurance or guarantee which acts as security for the authority's bonds.

(r) Enter into any agreement or contract, execute any instrument, and perform any act or thing necessary, convenient, or desirable to carry out any power authorized by this article.

(s) Invest any moneys held in reserve or sinking funds, or any moneys not required for immediate use or disbursement, in obligations that are authorized by law for the investment of trust funds.

Bonds purchased pursuant to this subdivision may be held by the authority or sold to public or private purchasers at public or negotiated sale, in whole or in part, separately or together with other bonds issued by the authority.

(w) Set any other terms and conditions on any purchase or sale pursuant to this section as it deems by resolution to be necessary, appropriate, and in the public interest, in furtherance of the purposes of this article.

6589. An authority may enter into a bond purchase agreement with a local agency or agencies. The bond purchase agreement shall specify the maximum rate of interest, the cost of issuance, the amount of required reserve, and the procedure to be used in case of default.

6590. The authority may, from time to time, issue its bonds in the principal amount as the authority determines necessary to provide sufficient funds for its purposes, which may include, but shall not be limited to, providing funds for bond purchase agreements, payment of interest on bonds of the authority, establishment of reserves to secure the bonds, and other expenditures of the authority incident to issuance of the bonds. The authority may also issue bonds for the purpose of making loans to local agencies, to the extent those local agencies are authorized by law to borrow moneys, and the loan proceeds shall be used by the local agencies to pay for public capital improvements.

6591. (a) The authority is authorized from time to time to issue bonds to provide funds to achieve its purposes.

(b) Bonds may be authorized to finance a single public capital improvement for a single local agency, a series of public capital improvements for a single local agency, a single public capital improvement for two or more local agencies, or a series of public capital improvements for two or more local agencies.

(c) Except as otherwise expressly provided by the authority, every issue of its bonds shall be general obligations of the authority payable from any revenues or moneys of the authority available therefor and not otherwise pledged. These revenues or moneys may include the proceeds of additional bonds, subject only to any agreements with the holders of particular bonds pledging any particular revenues or moneys. Notwithstanding that the bonds may be payable from a special fund, they shall be deemed to be negotiable instruments for all purposes, subject only to the bond registration provisions.

(d) The bonds may be issued as serial bonds or as term bonds, or the authority may issue bonds of both types. The bonds shall be authorized by resolution of the authority and shall, as provided by the resolution, bear the date of issuance; the time of maturity, not exceeding 50 years from their date of issuance; bear the rate of interest, either fixed or variable; be payable at the time or times provided; be in the denominations provided; be in the form provided; carry the registration privileges provided; be executed in the manner provided; be payable in lawful money of the United States at the place or places provided; and be subject to the terms of redemption provided.

6592. Any resolution authorizing any bonds or any issue of bonds may contain the following provisions, which shall be a part of the contract with the holders of the bonds to be authorized:

(a) Provisions pledging the full faith and credit of the authority, or pledging all or any part of the revenues of any public capital

improvements, or any revenue-producing contract or contracts made by the authority with any local agency, or any other moneys of the authority, to secure the payment of the bonds, and of any special account, subject to those agreements with bondholders as may then exist.

(b) Provisions setting out the rentals, fees, purchase payments, loan repayments, and other charges, and the amounts to be raised in each year thereby, and the use and disposition of the revenues.

(c) Provisions setting aside reserves or sinking funds, and the regulation and disposition thereof.

(d) Limitations on the right of the authority or its agent to restrict and regulate the use of the public capital improvements to be financed out of the proceeds of the bonds or any particular issue of bonds.

(e) Limitations on the purpose to which the proceeds of sale of any issue of bonds may be applied, and pledging the proceeds to secure the payment of the bonds or any issue of the bonds.

(f) Limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured, and the refunding of outstanding bonds.

(g) The procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds and the holders thereof that are required to give consent thereto, and the manner in which the consent may be given.

(h) Limitations on expenditures for operating, administrative, or other expenses of the authority.

(k) The mortgaging of land, improvements, or other assets owned by a local agency for the purpose of securing the bondholders.

(*l*) Procedures for the selection of public capital improvements to be financed with the proceeds of the bonds authorized by the resolution, if the bonds are to be sold in advance of designating the public capital improvements and the local agency to receive the financing.

6593. No member of the governing body of the authority shall be personally liable on the bonds or be subject to any personal liability or accountability by reason of the issuance of bonds.

6594. The authority may, out of any funds available therefor, purchase its bonds. The authority may hold, pledge, cancel, or resell the bonds, subject to, and in accordance with, agreements with bondholders.

6595. Any bonds issued under this article may be secured by a trust agreement between the authority and a corporate trustee or trustees, which may include any trust company or bank having the

powers of a trust company within or without the state.

(a) The trust agreement or the resolution providing for the issuance of the bonds may pledge or assign the revenues to be received or the proceeds of any contract or contracts and may convey or mortgage the project or projects, or any portion thereof, to be financed out of the proceeds of the bonds. The trust agreement or resolution providing for the issuance of the bonds may contain provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including provisions specifically authorized to be included in any resolution or resolutions of the authority authorizing bonds.

(b) Any bank or trust company doing business under the laws of the state which may act as a depository of the proceeds of bonds or of revenues or other moneys shall furnish indemnifying bonds or pledge securities when required by the authority.

(c) The trust agreement may set forth the rights and remedies of the bondholders and of the trustee or trustees, and may restrict the individual right of action by bondholders. In addition, any trust agreement or resolution may contain other provisions the authority determines to be reasonable and proper for the security of the bondholders.

6595.3. (a) The authority may issue bonds for the purpose of refunding any bonds, notes, or other securities of the authority then outstanding, including the payment of any redemption premium thereon and any interest accrued, or to accrue, on their earliest or any subsequent date of redemption, purchase, or maturity of these bonds. The authority may issue bonds for the additional purpose of paying all, or any part of, the costs of constructing and acquiring additions, improvements, extensions, or enlargements of any public capital improvement or any portion thereof.

(b) The proceeds of any bonds issued for the purpose of refunding outstanding bonds may be applied to the purchase or retirement at maturity or redemption of those outstanding bonds either on their earliest or any subsequent redemption date or upon the purchase or retirement at the maturity thereof and may, pending this application, be placed in escrow to be applied to the purchase or retirement at maturity or redemption of those outstanding bonds on the date as may be determined by the authority.

(c) Pending this use, the escrowed proceeds may be invested and reinvested in obligations of, or guaranteed by, the United States, or in certificates of deposit or time deposits secured by obligations of, or guaranteed by, the United States, maturing at the time or times appropriate to assure prompt payment, of the principal, interest, and redemption premium, if any, of the outstanding bonds to be refunded. The interest, income, and profits, if any, earned or realized on the investment may also be applied to the payment of the outstanding bonds to be refunded. After the terms of the escrow have been fully satisfied and carried out, any balance of the proceeds

and interest, income, and profits, if any, earned or realized on the investments thereof, shall be returned to the authority for use in carrying out the purposes of this article.

(d) The portion of the proceeds of the bonds issued for the additional purpose of paying all, or any part of, the costs of construction and acquiring additions, improvements, extensions, or enlargements of any project may be invested and reinvested in obligations of, or guaranteed by, the United States, or in certificates of deposit or time deposits secured by obligations of, or guaranteed by, the United States, maturing not later than the time or times when these proceeds will be needed for the purpose of paying all or any part of the costs. The interest, income, and profits, if any, earned or realized on this investment may be applied to the payment of all, or any part of, the costs or may be used by the authority in carrying out the purposes of this article.

6595.5. Bonds issued by the authority are legal investments for all trust funds, the funds of all insurance companies, banks, both commercial and savings, trust companies, executors, administrators, trustees, and other fiduciaries, for state school funds, and for any funds which may be invested in county, municipal, or school district bonds. These bonds are securities which may legally be deposited with, and received by, any state or municipal officer or agency or political subdivision of the state for any purpose for which the deposit of bonds or obligations of the state is now, or may hereafter be, authorized by law, including deposits to secure public funds. This authorization applies only to the extent that there exists evidence of indebtedness or debt securities of the participating party receiving financing through the issuance of these bonds which qualify for, or are eligible for, these purposes and uses.

6595.7. (a) The authority is not required to pay any property taxes or assessments upon, or with respect to, any public capital improvement or any property acquired by, or for, the authority under this article, or upon the income therefrom, so long as the authority holds title to the public capital improvement or to the property contained in the public capital improvement.

(b) The exemption of the authority from taxation of any public capital improvement ceases when title to the property is transferred from the authority to any local agency whose property is otherwise taxable. This section does not exempt any local agency whose property is otherwise taxable from taxation, including, but not limited to, taxation upon a possessory interest, with respect to any public capital improvement, or the property or facilities contained in any public capital improvement which may otherwise be applicable to the participant.

6596. The State of California does hereby pledge to, and agrees with, the holders of any bonds issued under this article, and with those parties who may enter into contracts with the authority pursuant to this article, that the state will not limit or alter the rights hereby vested in the authority to finance any public capital

improvement and to fulfill the terms of any loan agreement, lease, or other contract with the authority pursuant to this part, or in any way impair the rights or remedies of the bonds or of the parties until those bonds, together with the interest thereon, are fully met and discharged and those contracts are fully performed on the part of the authority. However, nothing in this section precludes this limitation or alteration if and when adequate provision has been made by law for the protection of the holders of those bonds of the authority or those entering into those contracts with the authority.

6597. All public capital improvements financed by the authority shall pay interest within a reasonable time after the authority receives revenues or proceeds from bonds as provided under this article.

6597.5. All public capital improvements financed by the authority shall be constructed or completed subject to the rules and regulations of the authority. When the principal of, and interest on, bonds of the authority issued to finance the cost of a particular public capital improvement, including any refunding bonds issued to refund and refinance all, or any part, of these bonds, have been fully paid and retired, or when adequate provisions have been made for their payment and retirement and all other conditions of any resolution, lease, indenture, mortgage or deed of trust, security interest, or any other instrument authorizing and securing the bonds have been satisfied, and any lien created has been released in accordance with the provisions thereof, the authority is authorized, upon the terms and conditions it prescribes, to execute releases, release deeds, reassignments, deeds, and conveyances and to do all things necessary or required to convey or release its rights, title, and interest in the public capital improvement financed and in any other instruments pledged or transferred to secure bonds to local agencies, as their respective interests may appear.

6598. Interest earned on any bonds issued by the authority shall at all times be free from state personal income tax and corporate income tax.

6599. Local agencies may request advice from the California Debt Advisory Commission pursuant to Section 8859 regarding the formation of local bond pooling authorities and the planning, preparing, insuring, marketing, and selling of bonds as authorized pursuant to this article.

SEC. 7. Section 8859 is added to the Government Code, to read:

8859. The commission may, upon request, advise local agencies regarding the formation of local bond pooling authorities pursuant to Article 4 (commencing with Section 6584) of Chapter 5 of Division 7 of Title 1, and may advise the authorities regarding the planning, preparing, insuring, marketing, and selling of bonds as authorized by that article.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into

immediate effect. The facts constituting the necessity are:

In order to remove an impediment in existing law so local agencies can engage in certain pooled financing arrangements, as soon as possible, and to reduce the transaction costs of local agencies in financing needed capital improvement projects through various pooled financing arrangements, it is necessary that this act go into immediate effect.

11018.1. (a) A copy of the public report of the commissioner,

when issued, shall be given to the prospective purchaser by the owner, subdivider or agent prior to the execution of a binding contract or agreement for the sale or lease of any lot or parcel in a subdivision. The requirement of this section extends to lots or parcels offered by the subdivider after repossession. A receipt shall be taken from the prospective purchaser in a form and manner as set forth in regulations of the Real Estate Commissioner.

(b) A copy of the public report shall be given by the owner, subdivider or agent at any time, upon oral or written request, to any member of the public. A copy of the public report and a statement advising that a copy of the public report may be obtained from the owner, subdivider or agent at any time, upon oral or written request, shall be posted in a conspicuous place at any office where sales or leases or offers to sell or lease lots within the subdivision are regularly made.

(c) At the same time that a public report is required to be given by the owner, subdivider, or agent pursuant to subdivision (a) with respect to a real estate development, the owner, subdivider, or agent shall give the prospective purchaser a copy of the following statement:

"COMMON INTEREST DEVELOPMENT GENERAL INFORMATION

The project described in the attached Subdivision Public Report is known as a common-interest development. Read the public report carefully for more information about the type of development. The development includes common areas and facilities which will be owned or operated by an owners' association. Purchase of a lot or unit automatically entitles and obligates you as a member of the association and, in most cases, includes a beneficial interest in the areas and facilities. Since membership in the association is mandatory, you should be aware of the following information before you purchase:

Your ownership in this development and your rights and remedies as a member of its association will be controlled by governing instruments which generally include a Declaration of Restrictions (also known as CC&R's), Articles of Incorporation (or association) and bylaws. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law. Study these documents carefully before entering into a contract to purchase a subdivision interest.

In order to provide funds for operation and maintenance of the common facilities, the association will levy assessments against your lot or unit. If you are delinquent in the payment of assessments, the association may enforce payment through court proceedings or your lot or unit may be liened and sold through the exercise of a power of sale. The anticipated income and expenses of the association, including the amount that you may expect to pay through assessments, are outlined in the proposed budget. Ask to see a copy

of the budget if the subdivider has not already made it available for your examination.

A homeowner association provides a vehicle for the ownership and use of recreational and other common facilities which were designed to attract you to buy in this development. The association also provides a means to accomplish architectural control and to provide a base for homeowner interaction on a variety of issues. The purchaser of an interest in a common-interest development should contemplate active participation in the affairs of the association. He or she should be willing to serve on the board of directors or on committees created by the board. In short, "they" in a common interest development is "you." Unless you serve as a member of the governing board or on a committee appointed by the board, your control of the operation of the common areas and facilities is limited to your vote as a member of the association. There are actions that can be taken by the governing body without a vote of the members of the association which can have a significant impact upon the quality of life for association members.

Until there is a sufficient number of purchasers of lots or units in a common interest development to elect a majority of the governing body, it is likely that the subdivider will effectively control the affairs of the association. It is frequently necessary and equitable that the subdivider do so during the early stages of development. It is vitally important to the owners of individual subdivision interests that the transition from subdivider to resident-owner control be accomplished in an orderly manner and in a spirit of cooperation.

When contemplating the purchase of a dwelling in a common interest development, you should consider factors beyond the attractiveness of the dwelling units themselves. Study the governing instruments and give careful thought to whether you will be able to exist happily in an atmosphere of cooperative living where the interests of the group must be taken into account as well as the interests of the individual. Remember that managing a common interest development is very much like governing a small community . . . the management can serve you well, but you will have to work for its success."

Failure to provide the statement in accordance with this subdivision shall not be deemed a violation subject to Section 10185.

SEC. 8. Section 783 of the Civil Code is repealed.

SEC. 9. Section 783 is added to the Civil Code, to read:

783. A condominium is an estate in real property described in subdivision (f) of Section 1351. A condominium may, with respect to the duration of its enjoyment, be either (1) an estate of inheritance or perpetual estate, (2) an estate for life, (3) an estate for years, such as a leasehold or a subleasehold, or (4) any combination of the foregoing.

SEC. 10. Section 783.1 is added to the Civil Code, to read:

783.1. In a stock cooperative, as defined in subdivision (m) of Section 1351, both the separate interest, as defined in paragraph (4)

of subdivision (*l*) of Section 1351, and the correlative interest in the stock cooperative corporation, however designated, are interests in real property.

SEC. 11. Section 846.6 of the Civil Code is repealed.

SEC. 12. Section 1133 of the Civil Code is amended to read:

1133. (a) If a lot, parcel, or unit of a subdivision is subject to a blanket encumbrance, as defined in Section 11013 of the Business and Professions Code, but is exempt from a requirement of compliance with Section 11013.2 of the Business and Professions Code, the subdivider, his or her agent, or representative, shall not sell, or lease for a term exceeding five years, the lot, parcel, or unit, nor cause it to be sold, or leased for a term exceeding five years, until the prospective purchaser or lessee of the lot, parcel, or unit has been furnished with and has signed a true copy of the following notice:

BUYER/LESSEE IS AWARE OF THE FACT THAT THE LOT, PARCEL, OR UNIT WHICH HE OR SHE IS PROPOSING TO PURCHASE OR LEASE IS SUBJECT TO A DEED OF TRUST, MORTGAGE, OR OTHER LIEN KNOWN AS A "BLANKET ENCUMBRANCE".

IF BUYER/LESSEE PURCHASES OR LEASES THIS LOT, PARCEL, OR UNIT, HE OR SHE COULD LOSE THAT INTEREST THROUGH FORECLOSURE OF THE BLANKET ENCUMBRANCE OR OTHER LEGAL PROCESS EVEN THOUGH BUYER/LESSEE IS NOT DELINQUENT IN HIS OR HER PAYMENTS OR OTHER OBLIGATIONS UNDER THE MORTGAGE, DEED OF TRUST, OR LEASE.

Date Signature of Buyer or Lessee

(b) "Subdivision," as used in subdivision (a), means improved or unimproved land that is divided or proposed to be divided for the purpose of sale, lease, or financing, whether immediate or future, into two or more lots, parcels, or units and includes a condominium project, as defined in subdivision (f) of Section 1351, a community apartment project, as defined in subdivision (d) of Section 1351, a stock cooperative, as defined in subdivision (m) of Section 1351, and a limited equity housing cooperative, as defined in subdivision (m) of Section 1351.

(c) The failure of the buyer or lessee to sign the notice shall not invalidate any grant, conveyance, lease, or encumbrance.

(d) Any person or entity who willfully violates the provisions of this section shall be liable to the purchaser of a lot or unit which is subject to the provisions of this section, for actual damages, and in addition thereto, shall be guilty of a public offense punishable by a fine in an amount not to exceed five hundred dollars ($500). In an action to enforce such liability or fine, the prevailing party shall be awarded reasonable attorney's fees.

SEC. 13. Title 6 (commencing with Section 1350) of Part 4 of

Division 2 of the Civil Code is repealed.

SEC. 14. Title 6 (commencing with Section 1350) is added to Part 4 of Division 2 of the Civil Code, to read:

TITLE 6. COMMON INTEREST DEVELOPMENTS

1350. This title shall be known and may be cited as the Davis-Stirling Common Interest Development Act.

1351. As used in this title, the following terms have the following meanings:

(a) "Association" means a nonprofit corporation or unincorporated association created for the purpose of managing a common interest development.

(b) "Common area" means the entire common interest development except the separate interests therein.

(c) "Common interest development" means a real property development:

(1) Which consists or will consist of separately owned lots, parcels, areas, or spaces with either or both of the following features:

(A) One or more additional contiguous or noncontiguous lots, parcels, areas, or spaces owned in common by the owners of the separately owned lots, parcels, areas, or spaces.

(B) Mutual, common, or reciprocal interests in, or restrictions upon, all or a portion of these separately owned lots, parcels, areas, or spaces, or both.

(2) And, in which the owners of the separately owned lots, parcels, areas, or spaces have rights, directly or indirectly, to the beneficial use and enjoyment of the lots, parcels, areas, or spaces referred to in subparagraph (A) of paragraph (1) or any one or more of them or portions thereof or interests therein, or the interests or restrictions referred to in subparagraph (B) of paragraph (1).

The estate in a separately or commonly owned lot, parcel, area, or space may be an estate of inheritance or perpetual estate, an estate for life, an estate for years, or any combination of the foregoing.

Either common ownership of the additional contiguous or noncontiguous lots, parcels, or areas referred to in subparagraph (A) of paragraph (1) or the enjoyment of the mutual, common, or reciprocal interests in, or restrictions upon, the separately owned lots, parcels, areas, or spaces pursuant to subparagraph (B) of paragraph (1), or both, may be through ownership of shares of stock or membership in an association or otherwise. Shares of stock, if any exist, shall be deemed to be interests in a common interest development and real estate development for purposes of subdivision (f) of Section 25100 of the Corporations Code.

(d) "Community apartment project" means a common interest development in which an undivided interest in land is coupled with the right of exclusive occupancy of any apartment located thereon.

(e) "Condominium plan" means a plan consisting of (1) a description or survey map of a condominium project, which shall

refer to or show monumentation on the ground, (2) a three-dimensional description of a condominium project, one or more dimensions of which may extend for an indefinite distance upwards or downwards, in sufficient detail to identify the common areas and each separate interest, and (3) a certificate consenting to the recordation of the condominium plan pursuant to this title signed and acknowledged by the record owner of fee title to that property included in the condominium project. In the case of a condominium project which will terminate upon the termination of an estate for years, the certificate shall be signed and acknowledged by all lessors and lessees of the estate for years and, in the case of a condominium project subject to a life estate, the certificate shall be signed and acknowledged by all life tenants and remainder interests. The certificate shall also be signed and acknowledged by either the trustee or the beneficiary of each recorded deed of trust, and the mortgagee of each recorded mortgage encumbering the property. Owners of mineral rights, easements, rights-of-way, and other nonpossessory interests do not need to sign the condominium plan. A condominium plan may be amended or revoked by a subsequently acknowledged recorded instrument executed by all the persons whose signatures would be required to record a condominium plan pursuant to this subdivision.

(f) A "condominium project" means a common interest development consisting of condominiums. A condominium consists of an undivided interest in common in a portion of real property coupled with a separate interest in space called a unit, the boundaries of which are described on a recorded final map, parcel map, or condominium plan in sufficient detail to locate all boundaries thereof. The area within these boundaries may be filled with air, earth, or water, or any combination thereof, and need not be physically attached to land except by easements for access and, if necessary, support. The description of the unit may refer to (i) boundaries described in the recorded final map, parcel map, or condominium plan, (ii) physical boundaries, either in existence, or to be constructed, such as walls, floors, and ceilings of a structure or any portion thereof, (iii) an entire structure containing one or more units, or (iv) any combination thereof. The portion or portions of the real property held in undivided interest may be all of the real property, except for the separate interests, or may include a particular three-dimensional portion thereof, the boundaries of which are described on a recorded final map, parcel map, or condominium plan. The area within these boundaries may be filled with air, earth, or water, or any combination thereof, and need not be physically attached to land except by easements for access and, if necessary, support. An individual condominium within a condominium project may include, in addition, a separate interest in other portions of the real property.

(g) "Declarant" means the person or group of persons designated in the declaration as declarant, or if no declarant is designated, the

person or group of persons who sign the original declaration or who succeed to special rights, preferences, or privileges designated in the declaration as belonging to the signator of the original declaration.

(h) "Declaration" means the document, however denominated, which contains the information required by Section 1353.

(i) "Exclusive use common area" means a portion of the common areas designated by the declaration for the exclusive use of one or more, but fewer than all, of the owners of the separate interests and which is or will be appurtenant to the separate interest or interests.

Unless the declaration otherwise provides, any shutters, awnings, window boxes, doorsteps, stoops, porches, balconies, patios, exterior doors, door frames, and hardware incident thereto, screens and windows or other fixtures designed to serve a single separate interest, but located outside the boundaries of the separate interest, are exclusive use common areas allocated exclusively to that separate interest.

(j) "Governing documents" means the declaration and any other documents, such as bylaws, operating rules of the association, articles of incorporation, or articles of association, which govern the operation of the common interest development or association.

(k) "Planned development" means a common interest development (other than a community apartment project, a condominium project, or a stock cooperative) having either or both of the following features:

(1) Any contiguous or noncontiguous lots, parcels, or areas in which owners of separately owned lots, parcels, or areas are owners in common, possessing appurtenant rights to the beneficial use and enjoyment of the commonly owned property.

(2) A power exists in the association to enforce an obligation of an owner of a separately owned lot, parcel, or area with respect to the beneficial use and enjoyment by means of an assessment which may become a lien upon the separately owned lot, parcel, or area in accordance with Section 1367.

(*l*) "Separate interest" has the following meanings:

(1) In a community apartment project, "separate interest" means the exclusive right to occupy an apartment, as specified in subdivision (d).

(2) In a condominium project, "separate interest" means an individual unit, as specified in subdivision (f).

(3) In a planned development, "separate interest" means a separately owned lot, parcel, or area, as specified, in subdivision (k).

(4) In a stock cooperative, "separate interest" means the exclusive right to occupy a portion of the real property, as specified in subdivision (m).

Unless the declaration or condominium plan, if any exists, otherwise provides, if walls, floors, or ceilings are designated as boundaries of a separate interest, the interior surfaces of the perimeter walls, floors, ceilings, windows, doors, and outlets located within the separate interest are part of the separate interest and any

other portions of the walls, floors, or ceilings are part of the common areas.

(m) "Stock cooperative" means a common interest development in which a corporation is formed or availed of primarily for the purpose of holding title to, either in fee simple or for a term of years, improved real property, and all or substantially all of the shareholders of the corporation receive a right of exclusive occupancy in a portion of the real property, title to which is held by the corporation. The owners' interest in the corporation, whether evidenced by a share of stock, a certificate of membership, or otherwise, shall be deemed to be an interest in a common interest development and a real estate development for purposes of subdivision (f), Section 25100 of the Corporations Code.

A "stock cooperative" includes a limited equity housing cooperative which is a stock cooperative that meets the criteria of Section 33007.5 of the Health and Safety Code.

1352. This title applies and a common interest development is created whenever a separate interest coupled with an interest in the common area or membership in the association is conveyed, provided, all of the following are recorded:

(a) A declaration.

(b) A condominium plan, if any exists.

(c) A final map or parcel map, if Division 2 (commencing with Section 66410) of Title 7 of the Government Code requires the recording of either a final map or parcel map for the common interest development.

1353. (a) The declaration shall contain a legal description of the common interest development, and a statement that the common interest development is a community apartment project, condominium project, planned development, stock cooperative, or combination thereof. The declaration shall additionally set forth the name of the association and the restrictions on the use or enjoyment of any portion of the common interest development that are intended to be enforceable equitable servitudes.

(b) The declaration may contain any other matters the original signator of the declaration or the owners consider appropriate.

1354. The covenants and restrictions in the declaration shall be enforceable equitable servitudes, unless unreasonable, and shall inure to the benefit of and bind all owners of separate interests in the project. Unless the declaration states otherwise, these servitudes may be enforced by any owner of a separate interest or by the association, or by both.

1355. The declaration may be amended pursuant to the governing documents or this title. Except as provided in Section 1356, an amendment is effective after (1) the approval of the percentage of owners required by the governing documents has been given, (2) that fact has been certified in a writing executed and acknowledged by the officer designated in the declaration or by the association for that purpose, or if no one is designated, by the

president of the association, and (3) that writing has been recorded in each county in which a portion of the common interest development is located.

1356. (a) If in order to amend a declaration, the declaration requires owners having more than 50 percent of the votes in the association, in a single class voting structure, or owners having more than 50 percent of the votes in more than one class in a voting structure with more than one class, to vote in favor of the amendment, the association, or any owner of a separate interest, may petition the superior court of the county in which the common interest development is located for an order reducing the percentage of the affirmative votes necessary for such an amendment. The petition shall describe the effort that has been made to solicit approval of the association members in the manner provided in the declaration, the number of affirmative and negative votes actually received, the number or percentage of affirmative votes required to effect the amendment in accordance with the existing declaration, and other matters the petitioner considers relevant to the court's determination. The petition shall also contain, as exhibits thereto, copies of all of the following:

(1) The governing documents.

(2) A complete text of the amendment.

(3) Copies of any notice and solicitation materials utilized in the solicitation of owner approvals.

(4) A short explanation of the reason for the amendment.

(5) Any other documentation relevant to the court's determination.

(b) Upon filing the petition, the court shall set the matter for hearing and issue an ex parte order setting forth the manner in which notice shall be given.

(c) The court may, but shall not be required to, grant the petition if it finds all of the following:

(1) The petitioner has given not less than 15 days written notice of the court hearing to all members of the association, to any mortgagee of a mortgage or beneficiary of a deed of trust who is entitled to notice under the terms of the declaration, and to the city, county, or city and county in which the common interest development is located that is entitled to notice under the terms of the declaration.

(2) Balloting on the proposed amendment was conducted in accordance with all applicable provisions of the governing documents.

(3) A reasonably diligent effort was made to permit all eligible members to vote on the proposed amendment.

(4) Owners having more than 50 percent of the votes, in a single class voting structure, voted in favor of the amendment. In a voting structure with more than one class, where the declaration requires a majority of more than one class to vote in favor of the amendment, owners having more than 50 percent of the votes of each class

required by the declaration to vote in favor of the amendment voted in favor of the amendment.

(5) The amendment is reasonable.

(6) Granting the petition is not improper for any reason stated in subdivision (d).

(d) If the court makes the findings required by subdivision (c), any order issued pursuant to this section may confirm the amendment as being validly approved on the basis of the affirmative votes actually received during the balloting period or the order may dispense with any requirement relating to quorums or to the number or percentage of votes needed for approval of the amendment that would otherwise exist under the governing documents.

(e) Subdivisions (a) to (d), inclusive, notwithstanding, the court shall not be empowered by this section to approve any amendment to the declaration that:

(1) Would change provisions in the declaration requiring the approval of owners having more than 50 percent of the votes in more than one class to vote in favor of an amendment, unless owners having more than 50 percent of the votes in each affected class approved the amendment.

(2) Would eliminate any special rights, preferences, or privileges designated in the declaration as belonging to the declarant, without the consent of the declarant.

(3) Would impair the security interest of a mortgagee of a mortgage or the beneficiary of a deed of trust without the approval of the percentage of the mortgagees and beneficiaries specified in the declaration, if the declaration requires the approval of a specified percentage of the mortgagees and beneficiaries.

(f) An amendment is not effective pursuant to this section until the court order and amendment have been recorded in every county in which a portion of the common interest development is located. The amendment may be acknowledged by, and the court order and amendment may be recorded by, any person designated in the declaration or by the association for that purpose, or if no one is designated for that purpose, by the president of the association. Upon recordation of the amendment and court order, the declaration, as amended in accordance with this section, shall have the same force and effect as if the amendment were adopted in compliance with every requirement imposed by the governing documents.

(g) Within a reasonable time after the amendment is recorded the association shall mail a copy of the amendment to each member of the association, together with a statement that the amendment has been recorded.

1357. (a) The Legislature finds that there are common interest developments that have been created with deed restrictions which do not provide a means for the property owners to extend the term of the declaration. The Legislature further finds that covenants and restrictions, contained in the declaration, are an appropriate method for protecting the common plan of developments and to provide for

a mechanism for financial support for the upkeep of common areas including, but not limited to, roofs, roads, heating systems, and recreational facilities. If declarations terminate prematurely, common interest developments may deteriorate and the housing supply of affordable units could be impacted adversely.

The Legislature further finds and declares that it is in the public interest to provide a vehicle for extending the term of the declaration if owners having more than 50 percent of the votes in the association choose to do so.

(b) A declaration which specifies a termination date, but which contains no provision for extension of the termination date, may be extended by the approval of owners having more than 50 percent of the votes in the association or any greater percentage specified in the declaration for an amendment thereto. If the approval of owners having more than 50 percent of the votes in the association is required to amend the declaration, the term of the declaration may be extended in accordance with Section 1356.

(c) Any amendment to a declaration made in accordance with subdivision (b) shall become effective upon recordation in accordance with Section 1355.

(d) No single extension of the terms of the declaration made pursuant to this section shall exceed the initial term of the declaration or 20 years, whichever is less. However, more than one extension may occur pursuant to this section.

1358. (a) In a community apartment project, any conveyance, judicial sale, or other voluntary or involuntary transfer of the separate interest includes the undivided interest in the community apartment project. Any conveyance, judicial sale, or other voluntary or involuntary transfer of the owner's entire estate also includes the owner's membership interest in the association.

(b) In a condominium project the common areas are not subject to partition, except as provided in Section 1359. Any conveyance, judicial sale, or other voluntary or involuntary transfer of the separate interest includes the undivided interest in the common areas. Any conveyance, judicial sale, or other voluntary or involuntary transfer of the owner's entire estate also includes the owner's membership interest in the association.

(c) In a planned development, any conveyance, judicial sale, or other voluntary or involuntary transfer of the separate interest includes the undivided interest in the common areas, if any exist. Any conveyance, judicial sale, or other voluntary or involuntary transfer of the owner's entire estate also includes the owner's membership interest in the association.

(d) In a stock cooperative, any conveyance, judicial sale, or other voluntary or involuntary transfer of the separate interest includes the ownership interest in the corporation, however evidenced. Any conveyance, judicial sale, or other voluntary or involuntary transfer of the owner's entire estate also includes the owner's membership interest in the association.

Nothing in this section prohibits the transfer of exclusive use areas, independent of any other interest in a common interest subdivision, if authorization to separately transfer exclusive use areas is expressly stated in the declaration and the transfer occurs in accordance with the terms of the declaration.

Any restrictions upon the severability of the component interests in real property which are contained in the declaration shall not be deemed conditions repugnant to the interest created within the meaning of Section 711 of the Civil Code. However, these restrictions shall not extend beyond the period in which the right to partition a project is suspended under Section 1359.

1359. (a) Except as provided in this section, the common areas in a condominium project shall remain undivided, and there shall be no judicial partition thereof. Nothing in this section shall be deemed to prohibit partition of a cotenancy in a condominium.

(b) The owner of a separate interest in a condominium project may maintain a partition action as to the entire project as if the owners of all of the separate interests in the project were tenants in common in the entire project in the same proportion as their interests in the common areas. The court shall order partition under this subdivision only by sale of the entire condominium project and only upon a showing of one of the following:

(1) More than three years before the filing of the action, the condominium project was damaged or destroyed, so that a material part was rendered unfit for its prior use, and the condominium project has not been rebuilt or repaired substantially to its state prior to the damage or destruction.

(2) Three-fourths or more of the project is destroyed or substantially damaged and owners of separate interests holding in the aggregate more than a 50-percent interest in the common areas oppose repair or restoration of the project.

(3) The project has been in existence more than 50 years, is obsolete and uneconomic, and owners of separate interests holding in the aggregate more than a 50-percent interest in the common area oppose repair or restoration of the project.

(4) The conditions for such a sale, set forth in the declaration, have been met.

1360. (a) Subject to the provisions of the governing documents and other applicable provisions of law, if the boundaries of the separate interest are contained within a building, the owner of the separate interest may do the following:

(1) Make any improvements or alterations within the boundaries of his or her separate interest that do not impair the structural integrity or mechanical systems or lessen the support of any portions of the common interest development.

(2) Modify a unit in a condominium project, at the owner's expense, to facilitate access for persons who are blind, visually handicapped, deaf, or physically disabled, or to alter conditions which could be hazardous to these persons. These modifications may

also include modifications of the route from the public way to the door of the unit for the purposes of this paragraph if the unit is on the ground floor or already accessible by an existing ramp or elevator. The right granted by this paragraph is subject to the following conditions:

(A) The modifications shall be consistent with applicable building code requirements.

(B) The modifications shall be consistent with the intent of otherwise applicable provisions of the governing documents pertaining to safety or aesthetics.

(C) Modifications external to the dwelling shall not prevent reasonable passage by other residents, and shall be removed by the owner when the unit is no longer occupied by persons requiring those modifications who are blind, visually handicapped, deaf, or physically disabled.

(D) Any owner who intends to modify a unit pursuant to this paragraph shall submit his or her plans and specifications to the association of the condominium project for review to determine whether the modifications will comply with the provisions of this paragraph. The association shall not deny approval of the proposed modifications under this paragraph without good cause.

(b) Any change in the exterior appearance of a separate interest shall be in accordance with the governing documents and applicable provisions of law.

1361. Unless the declaration otherwise provides:

(a) In a community apartment project and condominium project, and in those planned developments with common areas owned in common by the owners of the separate interests, there are appurtenant to each separate interest nonexclusive rights of ingress, egress, and support, if necessary, through the common areas. The common areas are subject to these rights.

(b) In a stock cooperative, and in a planned development with common areas owned by the association, there is an easement for ingress, egress, and support, if necessary, appurtenant to each separate interest. The common areas are subject to these easements.

1362. Unless the declaration otherwise provides, in a condominium project, or in a planned development in which the common areas are owned by the owners of the separate interests, the common areas are owned as tenants in common, in equal shares, one for each unit or lot.

1363. A common interest development shall be managed by an association which may be incorporated or unincorporated. Unless the governing documents provide otherwise, and regardless of whether the association is incorporated or unincorporated, the association may exercise the powers granted to a nonprofit mutual benefit corporation, as enumerated in Section 7140 of the Corporations Code, except that an unincorporated association may not adopt or use a corporate seal or issue membership certificates in accordance with Section 7313 of the Corporations Code. An

association, whether incorporated or unincorporated, may exercise the powers granted to an association by Section 374 of the Code of Civil Procedure and the powers granted to the association in this title.

An association, whether incorporated or unincorporated, shall prepare a budget pursuant to Section 1365 and disclose information, if requested, in accordance with Section 1368.

1364. Unless otherwise provided in the declaration, the association is responsible for maintaining the common areas, other than exclusive use common areas, and the owner of each separate interest is responsible for maintaining that separate interest and any exclusive use common areas appurtenant to that separate interest.

1365. Unless the declaration imposes more stringent standards, financial statements shall be prepared by the association and distributed to all its members as follows:

(a) A pro forma operating budget shall be distributed not less than 45 days nor more than 60 days prior to the beginning of the association's fiscal year. The budget shall include all of the following:

(1) The estimated revenue and expenses on an accrual basis.

(2) The identification of the total cash reserves currently set aside.

(3) The identification of the estimated remaining life of, and the methods of funding used to defray the future repair, replacement, or additions to, those major components which the association is obligated to maintain.

(4) A general statement addressing the procedures used for the calculation and establishment of those reserves to defray the future repair, replacement, or additions to those major components that the association is obligated to maintain.

(b) A copy of a review of the financial statement of the association shall be prepared in accordance with generally accepted accounting principles by a licensee of the California State Board of Accountancy for any fiscal year in which the gross income to the association exceeds seventy-five thousand dollars ($75,000). The review of the financial statement shall be distributed within 120 days after the close of each fiscal year.

(c) A statement describing the association's policies and practices in enforcing lien rights or other legal remedies for default in payment of its assessments against its members shall be annually delivered to the members during the 60-day period immediately preceding the beginning of the association's fiscal year.

1366. (a) Unless otherwise provided in the declaration, the association shall levy regular and special assessments sufficient to perform its obligations under the governing documents and this title.

(b) In addition to any limitations placed on the board by the governing documents, the board of directors of the association may not impose, except as provided in this subdivision, a regular assessment that is more than 10 percent greater than the regular assessment for the association's preceding fiscal year or impose special assessments which in the aggregate exceed 5 percent of the

budgeted gross expenses of the association for that fiscal year without the approval of owners casting a majority of the votes at a meeting or election of the association conducted in accordance with Chapter 5 (commencing with Section 7510) of Part 3 of Division 2 of Title 1 of the Corporations Code and Section 7613 of the Corporations Code.

The provisions of this subdivision do not limit assessment increases for the following purposes:

(1) The maintenance or repair of the common areas or other areas which the association is obligated to maintain or repair, including, but not limited to, the payment of insurance premiums, the payment of utility bills, the costs incurred in maintaining or repairing structures or improvements, and funding reserves.

(2) Addressing emergency situations.

(c) Regular and special assessments levied pursuant to the governing documents are delinquent 15 days after they become due. If an assessment is delinquent the association may recover all of the following:

(1) Reasonable costs incurred in collecting the delinquent assessment, including reasonable attorney's fees.

(2) A late charge not exceeding 10 percent of the delinquent assessment or ten dollars ($10), whichever is greater, unless the declaration specifies a late charge in a smaller amount, in which case any late charge imposed shall not exceed the amount specified in the declaration.

(3) Interest on all sums imposed in accordance with this section, including the delinquent assessment, reasonable costs of collection, and late charges, at an annual percentage rate not to exceed 12 percent interest, commencing 30 days after the assessment becomes due.

(d) Associations are hereby exempted from interest-rate limitations imposed by Article XV of the California Constitution, subject to the limitations of this section.

1367. (a) A regular or special assessment and any late charges, reasonable costs of collection, and interest, as assessed in accordance with Section 1366, shall be a debt of the owner of the separate interest at the time the assessment or other sums are levied.

(b) The amount of the assessment, plus any costs of collection, late charges, and interest assessed in accordance with Section 1366, shall be a lien on the owner's interest in the common interest development from and after the time the association causes to be recorded with the county recorder of the county in which the separate interest is located, a notice of delinquent assessment, which shall state the amount of the assessment and other sums imposed in accordance with Section 1366, a description of the owner's interest in the common interest development against which the assessment and other sums are levied, the name of the record owner of the owner's interest in the common interest development against which the lien is imposed, and, in order for the lien to be enforced by nonjudicial foreclosure as provided in subdivision (d) the name and

address of the trustee authorized by the association to enforce the lien by sale. The notice of delinquent assessment shall be signed by the person designated in the declaration or by the association for that purpose, or if no one is designated, by the president of the association. Upon payment of the sums specified in the notice of delinquent assessment, the association shall cause to be recorded a further notice stating the satisfaction and release of the lien thereof.

(c) A lien created pursuant to subdivision (b) shall be prior to all other liens recorded subsequent to the notice of assessment, except that the declaration may provide for the subordination thereof to any other liens and encumbrances.

(d) A lien created pursuant to subdivision (b) may be enforced in any manner permitted by law, including sale by the court, sale by the trustee designated in the notice of delinquent assessment, or sale by a trustee substituted pursuant to Section 2934a. Any sale by the trustee shall be conducted in accordance with the provisions of Sections 2924, 2924b, and 2924c applicable to the exercise of powers of sale in mortgages and deeds of trusts.

(e) Nothing in this section or in subdivision (a) of Section 726 of the Code of Civil Procedure prohibits actions against the owner of a separate interest to recover sums for which a lien is created pursuant to this section or prohibits an association from taking a deed in lieu of foreclosure.

1368. (a) Except as provided in subdivision (c), the owner of a separate interest shall, as soon as practicable before transfer of title or execution of a real property sales contract therefor, as defined in Section 2985, provide the following to the prospective purchaser:

(1) A copy of the governing documents of the common interest development.

(2) A copy of the most recent financial statement distributed pursuant to Section 1365.

(3) A true statement in writing from an authorized representative of the association as to the amount of any assessments levied upon the owner's interest in the common interest development which are unpaid on the date of the statement. The statement shall also include true information on late charges, interest, and costs of collection which, as of the date of the statement, are or may be made a lien upon the owner's interest in a common interest development pursuant to Section 1367.

(b) Upon written request, an association shall, within 10 days of the mailing or delivery of the request, provide the owner of a separate interest with a copy of the requested items specified in paragraphs (1), (2), and (3) of subdivision (a). The association may charge a fee for this service, which shall not exceed the association's reasonable cost to prepare and reproduce the requested items.

(c) Any person or entity who willfully violates this section shall be liable to the purchaser of a separate interest which is subject to this section for actual damages occasioned thereby and, in addition, shall pay a civil penalty in an amount not to exceed five hundred dollars

($500). In an action to enforce this liability, the prevailing party shall be awarded reasonable attorneys' fees.

(d) Nothing in this section affects the validity of title to real property transferred in violation of this section.

(e) In addition to the requirements of this section, an owner transferring title to a separate interest shall comply with applicable requirements of Sections 1133 and 1134.

1369. In a condominium project, no labor performed or services or materials furnished with the consent of, or at the request of, an owner in the condominium project or his or her agent or his or her contractor shall be the basis for the filing of a lien against any other property of any other owner in the condominium project unless that other owner has expressly consented to or requested the performance of the labor or furnishing of the materials or services. However, express consent shall be deemed to have been given by the owner of any condominium in the case of emergency repairs thereto. Labor performed or services or materials furnished for the common areas, if duly authorized by the association, shall be deemed to be performed or furnished with the express consent of each condominium owner. The owner of any condominium may remove his or her condominium from a lien against two or more condominiums or any part thereof by payment to the holder of the lien of the fraction of the total sum secured by the lien which is attributable to his or her condominium.

1370. Any deed, declaration, or condominium plan for a common interest development shall be liberally construed to facilitate the operation of the common interest development, and its provisions shall be presumed to be independent and severable. Nothing in Article 3 (commencing with Section 715) of Chapter 2 of Title 2 of Part 1 of this division shall operate to invalidate any provisions of the governing documents of a common interest development.

1371. In interpreting deeds and condominium plans, the existing physical boundaries of a unit in a condominium project, when the boundaries of the unit are contained within a building, or of a unit reconstructed in substantial accordance with the original plans thereof, shall be conclusively presumed to be its boundaries rather than the metes and bounds expressed in the deed or condominium plan, if any exists, regardless of settling or lateral movement of the building and regardless of minor variance between boundaries shown on the plan or in the deed and those of the building.

1372. Unless a contrary intent is clearly expressed, local zoning ordinances shall be construed to treat like structures, lots, parcels, areas, or spaces in like manner regardless of whether the common interest development is a community apartment project, condominium project, planned development, or stock cooperative.

SEC. 15. Section 1725 of the Civil Code is repealed.

SEC. 16. Chapter 2 (commencing with Section 1730) of Part 4 of Division 3 of the Civil Code is repealed.

SEC. 17. Section 374 of the Code of Civil Procedure is repealed.

SEC. 18. Section 374 is added to the Code of Civil Procedure, to read:

374. An association established to manage a common interest development pursuant to Section 1363 of the Civil Code shall have standing to institute, defend, settle, or intervene in litigation, arbitration, mediation, or administrative proceedings in its own name as the real party in interest and without joining with it the individual owners of the common interest development, in matters pertaining to the following:

(a) Enforcement of the governing documents.

(b) Damage to the common areas.

(c) Damage to the separate interests which the association is obligated to maintain or repair.

(d) Damage to the separate interests which arises out of, or is integrally related to, damage to the common areas or separate interests that the association is obligated to maintain or repair.

1952.3. (a) A motion for a new trial has been granted and a memorandum to set the case for trial has not been filed, or a motion to set for trial has not been made within five years.

(b) The filing of a remittitur, if the action or proceeding, after appeal, has been remanded to the trial court for a new trial and has not been brought to trial within five years from the filing date of the

remittitur.

In addition, the court on its own motion, may order the destruction or other disposition of any exhibit or deposition that remains in the custody of the court or clerk for a period of 10 years after the introduction or filing of the action or proceeding if, in the discretion of the court, the exhibitor deposition should be disposed of or destroyed.

The order shall be entered in the register of actions of each case in which the order is made.

No exhibit or deposition shall be ordered destroyed or otherwise disposed of pursuant to the provisions of this section if a party to the action or proceeding files a written notice with the court requesting the preservation of any exhibit or deposition for a stated time, but not to exceed one year. The exhibit or deposition may be destroyed after that time unless another notice is filed.

Any sealed file shall be retained for at least two years after the date on which destruction would otherwise be authorized pursuant to this section.

SEC. 2. Chapter 13 (commencing with Section 1417) of Title 10 of Part 2 of the Penal Code is repealed.

SEC. 3. Chapter 13 (commencing with Section 1417) is added to Title 10 of Part 2 of the Penal Code, to read:

CHAPTER 13. DISPOSITION OF EVIDENCE IN CRIMINAL CASES

1417. All exhibits which have been introduced or filed in any criminal action or proceeding shall be retained by the clerk of the court subject to Sections 1417.2 and 1417.3 until final determination of the action or proceedings and the exhibits shall thereafter be distributed or disposed of as provided in this chapter.

1417.1. No order shall be made for the destruction of an exhibit prior to the final determination of the action or proceeding. For the purposes of this chapter, the date when a criminal action or proceeding becomes final is as follows:

(a) When no notice of appeal is filed, 30 days after the last day for filing that notice.

(b) When a notice of appeal is filed, 30 days after the date the clerk of the court receives the remittitur affirming the judgment.

(c) When an order for a rehearing, a new trial, or other proceeding is granted and the ordered proceedings have not been commenced within one year thereafter, one year after the date of that order.

(d) In cases where the death penalty is imposed, 30 days after the date of execution of sentence.

1417.2. Notwithstanding Section 1417.5, the court may, on application of the party entitled thereto or an agent designated in writing by the owner, order an exhibit delivered to that party at any time prior to the final determination of the action or proceeding,

upon stipulation of the parties or upon notice and motion if both of the following requirements are met:

(a) No prejudice will be suffered by either party.

(b) A full and complete photographic record is made of the exhibits so released.

The party to whom the exhibit is being returned shall provide the photographic record. This section shall not apply to any material, the release of which is prohibited by Section 1417.6.

1417.3. At any time prior to the final determination of the action or proceeding, exhibits offered by the state shall be returned to the state by order of court when an exhibit poses a security, storage, safety, or health problem. If an exhibit by its nature is severable the court may order the clerk to retain a portion of the exhibit not exceeding three pounds by weight or one cubic foot by volume and shall order the return of the balance of the exhibit to the district attorney. The clerk, upon court order, shall substitute a full and complete photographic record of any exhibit or part of any exhibit returned to the state under this section. The party to whom the exhibit is being returned shall provide the photographic record.

(a) The court shall, on application of the owner or any person entitled to possession of the exhibits or an agent designated in writing by the owner, order the release of any exhibits that will not prejudice the state.

(b) If the party entitled to an exhibit fails to apply for the return of the exhibit prior to the date for disposition under this section, the following procedures shall apply:

(1) When the exhibit consists of property which is stolen or embezzled, other than money, the exhibit shall be returned by the clerk to the arresting agency for disposition pursuant to Chapter 12 (commencing with Section 1407).

(2) When the exhibit consists of property, other than property which is stolen or embezzled or money, the property shall, except as otherwise provided in this paragraph, be transferred to the appropriate county agency for sale to the public in the same manner provided by Article 7 (commencing with Section 25500) of Chapter 5 of Part 2 of Division 2 of Title 3 of the Government Code for the sale of surplus personal property. If the county determines that any property is needed for a public use, the property may be retained by the county and need not be sold.

(3) When the exhibit consists of money or currency and is unclaimed, it shall be disposed of pursuant to Section 1420.

1417.6. The provisions of Section 1417.5 shall not apply to any dangerous or deadly weapons, narcotic or poisonous drugs, explosives, or any property of any kind or character whatsoever the possession of which is prohibited by law and which was used by a

defendant in the commission of the crime of which the defendant was convicted, or with which the defendant was armed or which the defendant had upon his or her person at the time of the defendant's arrest.

Any of this property introduced or filed as an exhibit shall be, by order of the trial court, destroyed or otherwise disposed of under the conditions provided in the order no sooner than 60 days following the final determination of the criminal action or proceeding.

1417.7. Not less than 15 days before any proposed disposition of an exhibit pursuant to Section 1417.3, 1417.5, or 1417.6, the court shall notify the district attorney (or other prosecuting attorney), the attorney of record for each party, and each party who is not represented by counsel of the proposed disposition. Before the disposition, any party, at his or her own expense, may cause to be prepared a photographic record of all or part of the exhibit by a person who is not a party or attorney of a party. The clerk of the court shall observe the taking of the photographic record and, upon receipt of a declaration of the person making the photographic record that the copy and negative of the photograph delivered to the clerk is a true, unaltered, and unretouched print of the photographic record taken in the presence of the clerk and the clerk shall certify the photographic record as such without charge and retain it unaltered for a period of 60 days following the final determination of the criminal action or proceeding. A certified photographic record of exhibits shall be deemed a certified copy of a writing in official custody pursuant to Section 1507 of the Evidence Code.

1420. All money received by a district attorney or clerk of the court in any criminal action or proceeding, the owner or owners of which are unknown, and which remains unclaimed in the possession of the district attorney or clerk of the court after final judgment in the criminal action or proceeding, shall be deposited with the county treasurer. Upon the expiration of two years after the deposit, the county treasurer shall cause a notice pursuant to Section 1421 to be published in the county once a week for two successive weeks in a newspaper of general circulation published in the county.

SEC. 6. Section 1421 of the Penal Code is amended to read:

1421. The notice shall state the amount of money, the criminal action or proceeding in which the money was received by the district attorney or clerk of the court, the fund in which it is held and that it is proposed that the money will become the property of the county on a designated date not less than 45 days nor more than 60 days after the first publication of the notice.

SEC. 7. Pursuant to Section 17579 of the Government Code, the Legislature finds that there is no mandate contained in this act which will result in costs incurred by a local agency or school district for a new program or higher level of service which require reimbursement pursuant to Section 6 of Article XIII B of the California Constitution and Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

A person desiring continuation of his or her qualification certificate shall apply for continuation of the certificate on a form prescribed by the director, and pay the continuation fee prescribed by this chapter. If the holder of the certificate fails to request continuation and pay the fee within the time fixed, the certificate shall automatically lapse, but may be reinstated if, within one year after it has lapsed, the holder of the lapsed certificate applies for reinstatement and pays the reinstatement fee prescribed by this chapter.

An active qualification certificate may not be continued or reinstated if the holder thereof ceases to engage or be employed in the collection agency business for a continuous period of five years or more exclusive of time spent in active service in the United States military service or armed forces.

CHAPTER 877

An act to amend Sections 859 and 1430 of the Penal Code, relating to criminal procedure.

[Approved by Governor September 21, 1985. Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 859 of the Penal Code is amended to read:

859. When the defendant is charged with the commission of a public offense over which the superior court has original jurisdiction, by a written complaint subscribed under oath and on file in a court within the county in which the public offense is triable, he or she shall, without unnecessary delay, be taken before a magistrate of the court in which the complaint is on file. The magistrate shall immediately deliver to the defendant a copy of the complaint, inform the defendant that he or she has the right to have the assistance of counsel, ask the defendant if he or she desires the assistance of counsel, and allow the defendant reasonable time to send for counsel. However, in a capital case, the court shall inform the defendant that the defendant must be represented in court by counsel at all stages of the preliminary and trial proceedings and that the representation will be at the defendant's expense if the defendant is able to employ counsel or at public expense if he or she is unable to employ counsel, inquire of him or her whether he or she is able to employ counsel and, if so, whether the defendant desires to employ counsel of the defendant's choice or to have counsel assigned for him or her, and allow the defendant a reasonable time to send for his or her chosen or assigned counsel. The magistrate must, upon the request of the defendant, require a peace officer to take a message to any counsel whom the defendant may name, in the judicial district in which the court is situated. The officer shall, without delay and without a fee, perform that duty. If the defendant desires and is unable to employ counsel, the court shall assign counsel to defend him or her; in a capital case, if the defendant is able to employ counsel and either refuses to employ counsel or appears without counsel after having had a reasonable time to employ counsel, the court shall assign counsel to defend him or her. If it appears that the defendant may be a minor, the magistrate shall ascertain whether that is the case, and if the magistrate concludes that it is probable that the defendant is a minor, he or she shall immediately either notify the parent or guardian of the minor, by telephone or messenger, of the arrest, or appoint counsel to represent the minor. The prosecuting attorney shall deliver to, or make accessible for inspection and copying by, the defendant or counsel, copies of the police, arrest, and crime reports, upon the first court appearance of counsel, or upon a determination by a magistrate that the defendant can represent himself or herself. If unavailable to the prosecuting attorney at the time of that appearance or determination, the reports shall be delivered within two calendar days. Portions of those reports containing privileged information need not be disclosed if the defendant or counsel has been notified that privileged information has not been disclosed. If the charges against the defendant are dismissed prior to the time the above-mentioned documents are delivered or made accessible, the

prosecuting attorney need not deliver or make accessible those documents unless otherwise so compelled by law. The court shall not dismiss a case because of the failure of the prosecuting attorney to immediately deliver copies of the reports or to make them accessible for inspection and copying.

SEC. 2. Section 1430 of the Penal Code is amended to read:

1430. The prosecuting attorney shall deliver to, or make accessible for inspection and copying by, the defendant or counsel, copies of the police, arrest, and crime reports, upon the first court appearance of counsel, or upon a determination by a magistrate that the defendant can represent himself or herself. If unavailable to the prosecuting attorney at the time of that appearance or determination, the reports shall be delivered within two calendar days. Portions of those reports containing privileged information need not be disclosed if the defendant or his or her counsel has been notified that privileged information has not been disclosed. If the charges against the defendant are dismissed prior to the time the above-mentioned documents are delivered or made accessible, the prosecuting attorney need not deliver or make accessible such documents unless otherwise so compelled by law. The court shall not dismiss a case because of the failure of the prosecuting attorney to immediately deliver copies of the reports or to make them accessible for inspection and copying.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

CHAPTER 878

(2) Space conditioning.

(3) Production of electricity.

(4) Process heat.

(5) Solar mechanical energy.

(c) This section shall apply to lien dates for the 1981–82 to 1990–91 fiscal years, inclusive. This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1991, deletes or extends that date.

SEC. 2. The Legislative Analyst shall report to the Legislature on or before January 1, 1990, on the fiscal and economic effects of Section 1 of this act.

SEC. 3. Notwithstanding Section 2229 of the Revenue and Taxation Code, there shall be no reimbursement for property tax revenues lost as a result of this measure for the reason that this measure will implement an amendment to the California Constitution which was approved by voters of the state.

(d) Changes in the jurisdictional ceilings made by amendments to this section at the 1977–78 Regular Session of the Legislature shall not constitute a basis for the transfer to another court of any case pending at the time such changes become operative.

(c) All survey and mathematical information and data necessary to locate all monuments and to locate and retrace any and all interior and exterior boundary lines appearing thereon shall be shown, including bearings and distances of straight lines, and radii and arc length or chord bearings and length for all curves, and such information as may be necessary to determine the location of the centers of curves and ties to existing monuments used to establish the subdivision boundaries.

(d) Each parcel shall be numbered and each block may be numbered or lettered. Each street shall be named.

(e) The exterior boundary of the land included within the subdivision shall be indicated by distinctive symbols and clearly so designated. The map shall show the definite location of the subdivision, and particularly its relation to surrounding surveys. The location of a designated "remainder" parcel shall be indicated, but need not be indicated as a matter of survey but only by deed reference to the existing boundaries of such remainder if such remainder has a gross area of five acres or more.

(f) On and after January 1, 1987, no additional requirements shall be included which do not affect record title interests. However, the

map shall contain a notation or reference to additional information required by a local ordinance adopted pursuant to Section 66434.2.

SEC. 1.5. Section 66434 of the Government Code is amended to read:

66434. The final map shall be prepared by or under the direction of a registered civil engineer or licensed land surveyor, shall be based upon a survey, and shall conform to all of the following provisions:

(a) It shall be legibly drawn, printed, or reproduced by a process guaranteeing a permanent record in black on tracing cloth or polyester base film. Certificates, affidavits, and acknowledgments may be legibly stamped or printed upon the map with opaque ink. If ink is used on polyester base film, the ink surface shall be coated with a suitable substance to assure permanent legibility.

(b) The size of each sheet shall be 18 by 26 inches. A marginal line shall be drawn completely around each sheet, leaving an entirely blank margin of one inch. The scale of the map shall be large enough to show all details clearly and enough sheets shall be used to accomplish this end. The particular number of the sheet and the total number of sheets comprising the map shall be stated on each of the sheets, and its relation to each adjoining sheet shall be clearly shown.

(c) All survey and mathematical information and data necessary to locate all monuments and to locate and retrace any and all interior and exterior boundary lines appearing thereon shall be shown, including bearings and distances of straight lines, and radii and arc length or chord bearings and length for all curves, and any information which may be necessary to determine the location of the centers of curves and ties to existing monuments used to establish the subdivision boundaries.

(d) Each parcel shall be numbered and each block may be numbered or lettered. Each street shall be named or otherwise designated.

(e) The exterior boundary of the land included within the subdivision shall be indicated by distinctive symbols and clearly so designated. The map shall show the definite location of the subdivision, and particularly its relation to surrounding surveys.

If the map includes a "designated remainder" parcel, and the gross area of the "designated remainder" parcel or similar parcel is five acres or more, that remainder parcel need not be shown on the map and its location need not be indicated as a matter of survey, but only by deed reference to the existing boundaries of the remainder parcel.

A parcel designated as "not a part" shall be deemed to be a "designated remainder" for purposes of this section.

(f) The map shall conform to any additional survey and map requirements of local ordinances. On and after January 1, 1987, no additional requirements shall be included which do not affect record title interests. However, the map shall contain a notation or reference to additional information required by a local ordinance adopted pursuant to Section 66434.2.

SEC. 2. Section 66434.2 is added to the Government Code, to read:

66434.2. (a) On or after January 1, 1987, a city or county may, by ordinance, require additional information to be filed or recorded simultaneously with a final or parcel map. The additional information shall be in the form of a separate document or an additional map sheet which shall indicate its relationship to the final or parcel map, and shall contain a statement that the additional information is for informational purposes, describing conditions as of the date of filing, and is not intended to affect record title interest. The document or additional map sheet may also contain a notation that the additional information is derived from public records or reports, and does not imply the correctness or sufficiency of those records or reports by the preparer of the document or additional map sheet.

(b) Additional survey and map information may include, but need not be limited to: building setback lines, flood hazard zones, seismic lines and setbacks, geologic mapping, and archaeological sites.

SEC. 3. Section 66445 of the Government Code is amended to read:

66445. The parcel map shall be prepared by or under the direction of a registered civil engineer or licensed land surveyor, shall show the location of streets and property lines bounding the property and shall conform to all of the following provisions:

(a) It shall be legibly drawn, printed or reproduced by a process guaranteeing a permanent record in black on tracing cloth or polyester base film. Certificates may be legibly stamped or printed upon the map with opaque ink. If ink is used on polyester base film, the ink surface shall be coated with a suitable substance to assure permanent legibility.

(b) The size of each sheet shall be 18 by 26 inches. A marginal line shall be drawn completely around each sheet, leaving an entirely blank margin of one inch. The scale of the map shall be large enough to show all details clearly and enough sheets shall be used to accomplish this end. The particular number of the sheet and the total number of sheets comprising the map shall be stated on each of the sheets, and its relation to each adjoining sheet shall be clearly shown.

(c) Each parcel shall be numbered or otherwise designated.

(d) The exterior boundary of the land included within the subdivision shall be indicated by distinctive symbols and clearly so designated.

(e) The map shall show the location of each parcel and its relation to surrounding surveys. The location of a designated remainder parcel shall be indicated but need not be indicated as a matter of survey but only by deed reference to the existing record boundaries of such remainder if such remainder has a gross area of five acres or more.

(f) Subject to the provisions of Section 66436, a certificate, signed and acknowledged by all parties having any record title interest in

the real property subdivided, consenting to the preparation and recordation of the parcel map is required, except that less inclusive requirements may be provided by local ordinance.

With respect to a division of land into four or fewer parcels, where dedications or offers of dedications are not required, the certificate shall be signed and acknowledged by the subdivider only. If the subdivider does not have a record title ownership interest in the property to be divided, the local agency may require that the subdivider provide the local agency with satisfactory evidence that the persons with record title ownership have consented to the proposed division. For purposes of this paragraph, "record title ownership" shall mean fee title of record unless a leasehold interest is to be divided, in which case "record title ownership" shall mean ownership of record of such leasehold interest; "record title ownership" does not include ownership of mineral rights or other subsurface interests which have been severed from ownership of the surface.

Notwithstanding any other provision of this article, local agencies may require that those certificates and acknowledgments required pursuant to this subdivision be made by separate instrument to be recorded concurrently with the parcel map being filed for record.

(g) On and after January 1, 1987, no additional survey and map requirements shall be included on a parcel map which do not affect record title interests. However, the map shall contain a notation or reference to survey and map information required by a local ordinance adopted pursuant to Section 66434.2.

(h) Whenever a certificate or acknowledgment is made by separate instrument, there shall appear on the final map a reference to the separately recorded document. This reference shall be completed by the county recorder pursuant to Section 66468.1.

(i) If a field survey was performed, the parcel map shall contain a certificate by the engineer or surveyor responsible for the preparation of the map that states that all monuments are of the character and occupy the positions indicated, or that they will be set in such positions on or before a specified date, and that the monuments are, or will be, sufficient to enable the survey to be retraced.

SEC. 3.5. Section 66445 of the Government Code is amended to read:

66445. The parcel map shall be prepared by or under the direction of a registered civil engineer or licensed land surveyor, shall show the location of streets and property lines bounding the property and shall conform to all of the following provisions:

(a) It shall be legibly drawn, printed or reproduced by a process guaranteeing a permanent record in black on tracing cloth or polyester base film. Certificates, affidavits, and acknowledgments may be legibly stamped or printed upon the map with opaque ink. If ink is used on polyester base film, the ink surface shall be coated with a suitable substance to assure permanent legibility.

(b) The size of each sheet shall be 18 by 26 inches. A marginal line shall be drawn completely around each sheet, leaving an entirely blank margin of one inch. The scale of the map shall be large enough to show all details clearly and enough sheets shall be used to accomplish this end. The particular number of the sheet and the total number of sheets comprising the map shall be stated on each of the sheets, and its relation to each adjoining sheet shall be clearly shown.

(c) Each parcel shall be numbered and each block may be numbered or lettered. Each street shall be named or otherwise designated.

(d) The exterior boundary of the land included within the subdivision shall be indicated by distinctive symbols and clearly so designated.

The map shall show the location of each parcel and its relation to surrounding surveys. If the map includes a "designated remainder" parcel or similar parcel, and the gross area of the "designated remainder" parcel or similar parcel is five acres or more, that remainder parcel need not be shown on the map and its location need not be indicated as a matter of survey, but only by deed reference to the existing boundaries of the remainder parcel.

A parcel designated as "not a part" shall be deemed to be a "designated remainder" for purposes of this section.

(e) Subject to the provisions of Section 66436, a certificate, signed and acknowledged by all parties having any record title interest in the real property subdivided, consenting to the preparation and recordation of the parcel map is required, except that less inclusive requirements may be provided by local ordinance.

With respect to a division of land into four or fewer parcels, where dedications or offers of dedications are not required, the certificate shall be signed and acknowledged by the subdivider only. If the subdivider does not have a record title ownership interest in the property to be divided, the local agency may require that the subdivider provide the local agency with satisfactory evidence that the persons with record title ownership have consented to the proposed division. For purposes of this paragraph, "record title ownership" shall mean fee title of record unless a leasehold interest is to be divided, in which case "record title ownership" shall mean ownership of record of such leasehold interest; "record title ownership" does not include ownership of mineral rights or other subsurface interests which have been severed from ownership of the surface.

(f) Notwithstanding any other provision of this article, local agencies may require that those certificates and acknowledgments required pursuant to subdivision (e) be made by separate instrument to be recorded concurrently with the parcel map being filed for record.

(g) On and after January 1, 1987, no additional survey and map requirements shall be included on a parcel map which do not affect record title interests. However, the map shall contain a notation or

reference to survey and map information required by a local ordinance adopted pursuant to Section 66434.2.

(h) Whenever a certificate or acknowledgment is made by separate instrument, there shall appear on the final map a reference to the separately recorded document. This reference shall be completed by the county recorder pursuant to Section 66468.1.

(i) If a field survey was performed, the parcel map shall contain a certificate by the engineer or surveyor responsible for the preparation of the map that states that all monuments are of the character and occupy the positions indicated, or that they will be set in such positions on or before a specified date, and that the monuments are, or will be, sufficient to enable the survey to be retraced.

SEC. 4. Section 66470 of the Government Code is amended to read:

66470. The amending map or certificate of correction shall be prepared and signed by a registered civil engineer or licensed land surveyor. An amending map shall conform to the requirements of Section 66434, if a final map, or Section 66445, if a parcel map. The amending map or certificate of correction shall set forth in detail the corrections made and show the names of the present fee owners of the property affected by the correction or omission. Upon recordation of a certificate of correction, the county recorder shall within 60 days of recording transmit a certified copy to the county surveyor or county engineer who shall maintain an index of recorded certificates of correction.

The county recorder may charge a fee, in addition to the fee charged for recording the certificate of correction, which shall be transmitted to the county surveyor or the county engineer, as compensation for the cost of maintaining an index of recorded certificates of correction. The amount of this additional fee shall not exceed the fee which is charged for recording the certificate of correction.

If the property affected by a map is located within a city, the county recorder shall, upon request of the city engineer, provide copies of recorded certificates of correction to the city engineer.

Therefore, Section 3.5 of this act shall become operative only if this bill and SB 756 are both chaptered and become effective January 1, 1986, both amend Section 66445, and this bill is chaptered after SB 756, in which case Section 3 of this act shall not become operative.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

The employee's teaching or service credential shall be automatically suspended for the same period of time. The governing board of the school district may extend the compulsory leave of absence of the employee beyond the period by giving notice to the employee within 10 days after the entry of judgment in the proceedings that the employee will be dismissed at the expiration of 30 days from the date of service of the notice, unless the employee demands a hearing as provided in this article.

Any employee placed upon compulsory leave of absence pursuant to this section shall continue to be paid his or her regular salary during the period of his or her compulsory leave of absence if and during that time he or she furnishes to the school district a suitable bond, or other security acceptable to the governing board, as a guarantee that the employee will repay to the school district the amount of salary so paid to him or her during the period of the compulsory leave of absence in case the employee is convicted of the charges, or fails or refuses to return to service following an acquittal of the offense or dismissal of the charges. [Approved by Governor September 21, 1985 Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. This act is intended to establish minimum standards for procedural safeguards applicable to utility shutoffs, notices, and billing disputes by all providers of utility service, whether investor-owned or publicly owned. Nothing in this act prevents a municipal utility, a public utility district, or a municipal utility district, or, with the approval of the Public Utilities Commission, an investor-owned public utility from giving customers more information, giving longer periods of time for customer response, providing more notice for customers, providing additional opportunities for a customer to be heard, or providing additional reasons for not terminating service.

SEC. 2. Section 777 of the Public Utilities Code is amended to read:

777. (a) Whenever an electrical, gas, heat, or water corporation furnishes residential service through a master meter or whenever individually metered residential service is furnished in a multiunit residential structure, mobilehome park, or farm labor camp where the owner, manager, or farm labor employer is listed by the corporation as the customer of record, the corporation shall make every good faith effort to inform the residents, by means of a notice, that service will be terminated at least 10 days prior to termination. The notice shall further inform the residents that they have the right

to become customers, to whom the service will then be billed, without being required to pay any amount which may be due on the delinquent account.

(b) The corporation is not required to make service available to the residents unless each resident agrees to the terms and conditions of service and meets the requirements of the corporation's rules and tariffs. However, if one or more residents are willing and able to assume responsibility for the entire account to the satisfaction of the corporation, or if there is a physical means, legally available to the corporation, of selectively terminating service to those residents who have not met the requirements of the corporation's rules and tariffs, the corporation shall make service available to those residents who have met those requirements.

(c) Where prior service for a period of time is a condition for establishing credit with the corporation, residence and proof of prompt payment of rent for that period of time is a satisfactory equivalent.

(d) Any resident who becomes a customer of the corporation pursuant to this section whose periodic payments, such as rental payments, include charges for residential electrical, gas, heat, or water service, where those charges are not separately stated, may deduct from the periodic payment each payment period all reasonable charges paid to the corporation for those services during the preceding payment period.

SEC. 3. Section 779 of the Public Utilities Code is amended to read:

779. (a) No electrical, gas, heat, or water corporation may terminate residential service for nonpayment of a delinquent account unless the corporation first gives notice of the delinquency and impending termination, as provided in Section 779.1.

(b) No electrical, gas, heat, or water corporation may terminate residential service for nonpayment in any of the following situations:

(1) During the pendency of an investigation by the corporation of a customer or subscriber dispute or complaint.

(2) When a customer has been granted an extension of the period for payment of a bill.

(3) On the certification of a licensed physician and surgeon that to do so will be life threatening to the customer and the customer is financially unable to pay for service within the normal payment period and is willing to enter into an amortization agreement with the corporation pursuant to subdivision (e) with respect to all charges that the customer is unable to pay prior to delinquency.

(c) Any residential customer who has initiated a complaint or requested an investigation within five days of receiving the disputed bill, or who has, before termination of service, made a request for extension of the payment period of a bill asserted to be beyond the means of the customer to pay in full within the normal period for payment, shall be given an opportunity for review of the complaint, investigation, or request by a review manager of the corporation.

The review shall include consideration of whether the customer shall be permitted to amortize any unpaid balance of the delinquent account over a reasonable period of time, not to exceed 12 months. No termination of service shall be effected for any customer complying with an amortization agreement, if the customer also keeps the account current as charges accrue in each subsequent billing period.

(d) Any customer whose complaint or request for an investigation pursuant to subdivision (c) has resulted in an adverse determination by the corporation may appeal the determination to the commission. Any subsequent appeal of the dispute or complaint to the commission is not subject to this section.

(e) Any customer meeting the requirements of paragraph (3) of subdivision (b) shall, upon request, be permitted to amortize, over a period not to exceed 12 months, the unpaid balance of any bill asserted to be beyond the means of the customer to pay within the normal period for payment.

SEC. 4. Section 779.1 is added to the Public Utilities Code, to read:

779.1. (a) Every electrical, gas, heat, or water corporation shall allow every residential customer at least 19 days from the date of mailing its bill for services, postage prepaid, for payment of the charges demanded. No corporation subject to this section may terminate residential service for nonpayment of a delinquent account unless the corporation first gives notice of the delinquency and impending termination, at least 10 days prior to the proposed termination, by means of a notice mailed, postage prepaid, to the customer to whom the service is billed, not earlier than 19 days from the date of mailing the corporation's bill for services, and the 10-day period shall not commence until five days after the mailing of the notice.

(b) Every corporation shall make a reasonable attempt to contact an adult person residing at the premises of the customer by telephone or in person at least 24 hours prior to any termination of service, except that, whenever telephone or personal contact cannot be accomplished, the corporation shall post, in a conspicuous location at the premises, a notice of termination of service at least 48 hours prior to termination.

(c) Every notice of termination of service pursuant to subdivision (a) or (b) shall include all of the following information:

(1) The name and address of the customer whose account is delinquent.

(2) The amount of the delinquency.

(3) The date by which payment or arrangements for payment is required in order to avoid termination.

(4) The procedure by which the customer may initiate a complaint or request an investigation concerning service or charges.

(5) The procedure by which the customer may request amortization of the unpaid charges.

(6) The procedure for the customer to obtain information on the availability of financial assistance, including private, local, state, or federal sources, if applicable.

(7) The telephone number of a representative of the corporation who can provide additional information or institute arrangements for payment.

(8) The telephone number of the commission to which inquiries by the customer may be directed.

All written notices shall be in a clear and legible format.

(d) Any residential customer whose complaint or request for an investigation has resulted in an adverse determination by the corporation may appeal the determination to the commission. Any subsequent appeal of the dispute or complaint to the commission is not subject to this section.

(e) If a residential customer fails to comply with an amortization agreement, the corporation shall not terminate service without giving notice to the customer at least 48 hours prior to termination of the conditions the customer is required to meet to avoid termination, but this notice does not entitle the customer to further investigation by the corporation.

(f) No termination of service may be effected without compliance with this section, and any service wrongfully terminated shall be restored without charge for the restoration of service.

SEC. 5. Section 780 of the Public Utilities Code is amended to read:

780. No electrical, gas, heat, or water corporation shall, by reason of delinquency in the payment of its charges, terminate service on any Saturday, Sunday, legal holiday, or at any time during which the business offices of the corporation are not open to the public.

SEC. 6. Section 10009 of the Public Utilities Code is amended to read:

10009. (a) Whenever a public utility furnishes residential light, heat, water, or power through a master meter, or furnishes individually metered service in a multiunit residential structure, mobilehome park, or farm labor camp where the owner, manager, or farm labor employer is listed by the public utility as the customer of record, the public utility shall make every good faith effort to inform the actual users of the utility services, by means of a notice, when the account is in arrears, that service will be terminated in 10 days. The notice shall further inform the actual users that they have the right to become utility customers without being required to pay the amount due on the delinquent account.

(b) The public utility is not required to make service available to the actual users unless each actual user agrees to the terms and conditions of service, and meets the requirements of the public utility's rules and tariffs. However, if one or more actual users are willing and able to assume responsibility for the entire account to the satisfaction of the public utility, or if there is a physical means, legally available to the public utility, of selectively terminating service to

those actual users who have not met the requirements of the public utility's rules and tariffs, the public utility shall make service available to the actual users who have met those requirements.

(c) Where prior service for a period of time is a condition for establishing credit with the public utility, residence and proof of prompt payment of rent for that period of time is a satisfactory equivalent.

(d) Any actual user who becomes a customer of the public utility pursuant to this section whose periodic payments, such as rental payments, include charges for residential light, heat, water, or power, where these charges are not separately stated, may deduct from the periodic payment each payment period all reasonable charges paid to the public utility for those services during the preceding payment period.

SEC. 7. Section 10010 of the Public Utilities Code is amended to read:

10010. (a) No public utility furnishing light, water, power, or heat may terminate residential service for nonpayment of a delinquent account unless the public utility first gives notice of the delinquency and impending termination, as provided in Section 10010.1.

(b) No public utility shall terminate residential service for nonpayment in any of the following situations:

(1) During the pendency of an investigation by the public utility of a customer dispute or complaint.

(2) When a customer has been granted an extension of the period for payment of a bill.

(3) On the certification of a licensed physician and surgeon that to do so will be life threatening to the customer and the customer is financially unable to pay for service within the normal payment period and is willing to enter into an amortization agreement with the public utility pursuant to subdivision (e) with respect to all charges that the customer is unable to pay prior to delinquency.

(c) Any residential customer who has initiated a complaint or requested an investigation within five days of receiving the disputed bill, or who has, within 13 days of mailing of the notice required by subdivision (a), made a request for extension of the payment period of a bill asserted to be beyond the means of the customer to pay in full during the normal period for payment, shall be given an opportunity for review of the complaint, investigation, or request by a review manager of the public utility. The review shall include consideration of whether the customer shall be permitted to amortize the unpaid balance of the account over a reasonable period of time, not to exceed 12 months. No termination of service shall be effected for any customer complying with the amortization agreement, if the customer also keeps the account current as charges accrue in each subsequent billing period.

(d) Any customer whose complaint or request for an investigation pursuant to subdivision (c) has resulted in an adverse determination

by the public utility may appeal the determination to the governing body of the municipal corporation. Any subsequent appeal of the dispute or complaint to the governing body is not subject to this section.

(e) Any customer meeting the requirements of paragraph (3) of subdivision (b) shall, upon request, be permitted to amortize, over a period not to exceed 12 months, the unpaid balance of any bill asserted to be beyond the means of the customer to pay within the normal period for payment.

SEC. 8. Section 10010.1 is added to the Public Utilities Code, to read:

10010.1. (a) No public utility furnishing light, heat, water, or power may terminate residential service on account of nonpayment of a delinquent account unless the public utility first gives notice of the delinquency and impending termination, at least 10 days prior to the proposed termination, by means of a notice mailed, postage prepaid, to the customer to whom the service is billed, not earlier than 19 days from the date of mailing the public utility's bill for services, and the 10-day period shall not commence until five days after the mailing of the notice.

(b) Every public utility shall make a reasonable, good faith effort to contact an adult person residing at the premises of the customer by telephone or in person at least 48 hours prior to any termination of service.

(c) Every notice of termination of service pursuant to subdivision (a) shall include all of the following information:

(1) The name and address of the customer whose account is delinquent.

(2) The amount of the delinquency.

(3) The date by which payment or arrangements for payment is required in order to avoid termination.

(4) The procedure by which the customer may initiate a complaint or request an investigation concerning service or charges, except that if the bill for service contains a description of that procedure, the notice pursuant to subdivision (a) is not required to contain that information.

(5) The procedure by which the customer may request amortization of the unpaid charges.

(6) The procedure for the customer to obtain information on the availability of financial assistance, including private, local, state, or federal sources, if applicable.

(7) The telephone number of a representative of the public utility who can provide additional information or institute arrangements for payment.

Every notice of termination of service pursuant to subdivision (b) shall include the items of information in paragraphs (1), (2), (3), (6), and (7).

All written notices shall be in a clear and legible format.

(d) If a residential customer fails to comply with an amortization

agreement, the public utility shall not terminate service without giving notice to the customer at least 48 hours prior to termination of the conditions the customer is required to meet to avoid termination, but the notice does not entitle the customer to further investigation by the public utility.

(e) No termination of service may be effected without compliance with this section, and any service wrongfully terminated shall be restored without charge for the restoration of service.

SEC. 9. Section 12822 of the Public Utilities Code is amended to read:

12822. (a) Whenever a district furnishes residential light, heat, water, or power through a master meter, or furnishes individually metered service in a multiunit residential structure, mobilehome park, or farm labor camp where the owner, manager, or farm labor employer is listed by the district as the customer of record of the service, the district shall make every good faith effort to inform the actual users of the services, when the account is in arrears, by means of a notice, that service will be terminated in 10 days. The notice shall further inform the actual users that they have the right to become customers of the district without being required to pay the amount due on the delinquent account.

(b) The district is not required to make service available to the actual users unless each actual user agrees to the terms and conditions of service, and meets the requirements of the district's rules and tariffs. However, if one or more actual users are willing and able to assume responsibility for the entire account to the satisfaction of the district, or if there is a physical means, legally available to the district, of selectively terminating service to those actual users who have not met the requirements of the district's rules and tariffs, the district shall make service available to the actual users who have met those requirements.

(c) Where prior service for a period of time is a condition for establishing credit with the district, residence and proof of prompt payment of rent for that period of time is a satisfactory equivalent.

(d) Any actual user who becomes a customer of the district pursuant to this section whose periodic payments, such as rental payments, include charges for residential light, heat, water, or power, where these charges are not separately stated, may deduct from the periodic payment each payment period all reasonable charges paid to the district for those services during the preceding payment period.

SEC. 10. Section 12823 of the Public Utilities Code is amended to read:

12823. (a) No district furnishing its inhabitants with light, water, power, or heat may terminate residential service for nonpayment of a delinquent account unless the district first gives notice of the delinquency and impending termination, as provided in Section 12823.

(b) No district shall terminate residential service for nonpayment

in any of the following situations:

(1) During the pendency of an investigation by the district of a customer dispute or complaint.

(2) When a customer has been granted an extension of the period for payment of a bill.

(3) On the certification of a licensed physician and surgeon that to do so will be life threatening to the customer and the customer is financially unable to pay for service within the normal payment period and is willing to enter into an amortization agreement with the district pursuant to subdivision (e) with respect to all charges that the customer is unable to pay prior to delinquency.

(c) Any residential customer who has initiated a complaint or requested an investigation within five days of receiving the disputed bill, or who has, within 13 days of mailing of the notice required by subdivision (a), made a request for extension of the payment period of a bill asserted to be beyond the means of the customer to pay in full during the normal period for payment, shall be given an opportunity for review of the complaint, investigation, or request by a review manager of the district. The review shall include consideration of whether the customer shall be permitted to amortize the unpaid balance of the account over a reasonable period of time, not to exceed 12 months. No termination of service shall be effected for any customer complying with an amortization agreement, if the customer also keeps the account current as charges accrue in each subsequent billing period.

(d) Any customer whose complaint or request for an investigation pursuant to subdivision (c) has resulted in an adverse determination by the district may appeal the determination to the board. Any subsequent appeal of the dispute or complaint to the board is not subject to this section.

(e) Any customer meeting the requirements of paragraph (3) of subdivision (b) shall, upon request, be permitted to amortize, over a period not to exceed 12 months, the unpaid balance of any bill asserted to be beyond the means of the customer to pay within the normal period for payment.

SEC. 11. Section 12823.1 is added to the Public Utilities Code, to read:

(b) Every district shall make a reasonable, good faith effort to contact an adult person residing at the premises of the customer by telephone or in person at least 48 hours prior to any termination of

service.

(c) Every notice of termination of service pursuant to subdivision (a) shall include all of the following information:

(6) The procedure for the customer to obtain information on the availability of financial assistance, including private, local, state, or federal sources, if applicable.

SEC. 12. Section 16481 of the Public Utilities Code is amended to read:

16481. The notice shall further inform the actual users that they have the right to become customers of the district without being required to pay the amount due on the delinquent account.

(b) The district is not required to make service available to the actual users unless each actual user agrees to the terms and

conditions of service, and meets the requirements of the district's rules and tariffs. However, if one or more actual users are willing and able to assume responsibility for the entire account to the satisfaction of the district, or if there is a physical means, legally available to the district, of selectively terminating service to those actual users who have not met the requirements of the district's rules and tariffs, the district shall make service available to the actual users who have met those requirements.

(c) Where prior service for a period of time is a condition for establishing credit with the district, residence and proof of prompt payment of rent for that period of time is a satisfactory equivalent.

(2) When a customer has been granted an extension of the period for payment of a bill.

(3) On the certification of a licensed physician and surgeon that to do so will be life threatening to the customer and the customer is financially unable to pay for service within the normal payment period and is willing to enter into an amortization agreement with the district pursuant to subdivision (e) with respect to all charges that the customer is unable to pay prior to delinquency.

(c) Any residential customer who has initiated a complaint or requested an investigation within five days of receiving the contested bill, or who has, within 13 days of mailing of the notice required by subdivision (a), made a request for extension of the payment period of a bill asserted to be beyond the means of the customer to pay in full during the normal period for payment, shall be given an opportunity for review of the complaint, investigation, or request by a review manager of the district. The review shall include consideration of whether the customer shall be permitted to amortize the unpaid balance of the account over a reasonable period of time, not to exceed 12 months. No termination of service shall be

effected for any customer complying with an amortization agreement if the customer also keeps the account current as charges accrue in each subsequent billing period.

(d) Any customer whose complaint or request for an investigation pursuant to subdivision (c) has resulted in an adverse determination by the district may appeal the determination to the board. Any subsequent appeal of the dispute or complaint to the board is not subject to this section.

CHAPTER 891

An act to amend and repeal Sections 4585, 4586, 4587, 4590, and 4591 of the Public Resources Code, relating to forest practices.

[Approved by Governor September 21, 1985. Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 4585 of the Public Resources Code is amended to read:

4585. (a) Within one month after completion of the work described in the timber harvesting plan, excluding work for stocking, a report shall be filed by the timber owner or the owner's agent with the department that all work except stocking has been completed.

(b) If all of the work described in the plan has not been completed, a report may be filed annually with respect to a portion of the area covered by the plan which has been completed. The portion completed shall be adequately identified on a map submitted with the report.

(c) This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1990, pursuant to Section 9611 of the Government Code, Section 4585 of the Public Resources Code, as amended by Section 91 of Chapter 1300 of the Statutes of 1976, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 2. Section 4586 of the Public Resources Code is amended to read:

4586. Within six months of the receipt of the work completion report specified in Section 4585, the director shall determine, by inspection, whether the work described in the report, excluding stocking, has been properly completed in conformity with the rules and regulations of the board and standards of this chapter. If it has been so completed, the director shall issue a report of satisfactory completion of all items except stocking. If not, the director shall take such corrective action as he or she deems appropriate in accordance with Article 8 (commencing with Section 4601).

This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1990, pursuant to Section 9611 of the Government Code, Section 4586 of the Public Resources Code, as amended by Section 265 of Chapter 676 of the Statutes of 1980, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 3. Section 4587 of the Public Resources Code is amended to read:

4587. (a) Within five years after completion of timber operations on an area identified in a report submitted pursuant to Section 4585, a report of stocking with respect to that area shall be filed by the timber owner or the owner's agent with the department. The board, by regulation, shall establish one or more statistically valid standardized sampling procedures designed to measure the number of trees and their dispersion.

(b) Notwithstanding subdivision (a), the board shall promulgate regulations which specify the conditions and manner in which the necessity of employing sampling procedures may be waived. The regulations shall provide that, in addition to any other possible conditions which may be required by the board, the standard sampling procedures may be waived only if the director or the director's representative and the timber owner or a registered professional forester acting as the owner's agent agree that the area is adequately stocked to meet the standards of this chapter and other applicable rules or regulations of the board. The regulations shall require that, if the director or the director's representative does not agree that the area is so stocked, a standardized sample shall be required.

(c) This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1990, pursuant to Section 9611 of the Government Code, Section 4587 of the Public Resources Code, as amended by Section 3 of Chapter 1181 of the Statutes of 1978, shall have the same force and effect as if this temporary provision had not been enacted.

(2) A timber harvesting plan on which work has been commenced but not completed may be extended by amendment for a one-year period in order to complete the work, up to a maximum of two one-year extensions, if (1) good cause is shown and (2) all timber operations are in conformance with the plan, this chapter, and all applicable rules and regulations, upon the filing of the notice of extension as required by this paragraph. The extension shall apply to any area covered by the plan for which a report has not been submitted under Section 4585. The notice of extension shall be provided to the department not sooner than 30 days, but at least 10 days, prior to the expiration date of the plan. The notice shall include the circumstances which prevented a timely completion of the work under the plan and, consistent with Section 4583, an agreement to comply with this chapter and the rules and regulations of the board as they exist on the date the extension notice is filed.

(b) Stocking work may continue for more than the effective period of the plan under subdivision (a), but shall be completed within five years after the conclusion of other work.

(c) This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1990, pursuant to Section 9611 of the Government Code, Section 4590 of

the Public Resources Code, as added by Section 4 of Chapter 880 of the Statutes of 1973, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 5. Section 4591 of the Public Resources Code is amended to read:

Substantial deviations from the original plan shall not be undertaken until the amendment has been filed with, and acted upon, by the department in accordance with Sections 4582.7 and 4583. An amendment may not extend the effective period of the plan, except as provided in Section 4590.

This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1990, pursuant to Section 9611 of the Government Code, Section 4591 of the Public Resources Code, as amended by Section 95 of Chapter 1300 of the Statutes of 1976, shall have the same force and effect as if this temporary provision had not been enacted.

An act to add Section 2360 to the Streets and Highways Code, relating to streets and highways.

[Approved by Governor September 21, 1985. Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 2360 is added to the Streets and Highways Code, to read:

2360. Funds apportioned by the United States Secretary of Transportation to public entities in California for federal-aid urban system projects shall be obligated by the recipient public entity within three years of the year of the apportionment of the funds to the state by the secretary.

Any federal-aid urban funds that are not obligated within the three-year period shall be reapportioned by the department to other projects under terms and conditions established by the department and approved by the FAU Systems Advisory Committee. The public entity receiving a reapportionment shall compensate the recipient of the original apportionment in an amount equal to at least 60 percent of the amount of the reapportionment.

The director shall notify each public entity six months prior to the end of the three-year period in which the public entity is required to obligate the funds that the department intends to reapportion

under this section. A public entity receiving notification may request a hearing before the FAU Systems Advisory Committee for an extension of the three-year requirement. The FAU Systems Advisory Committee may grant the public entity an extension of time in which to obligate the funds if it makes a finding that the public entity has shown that the extension is justified.

The department, in cooperation with the FAU Systems Advisory Committee, shall certify that a recipient agency will be able to expend funds based on project readiness and its ability to meet funding requirements. The department shall provide to the commission all information relating to the reallocation of federal-aid urban funds on the state highway system. The commission may amend the state transportation improvement plan to reflect changes deemed appropriate by the commission resulting from reallocations.

This section applies to federal-aid urban funds apportioned prior to January 1, 1986, but the three-year period for any funds apportioned prior to January 1, 1986, shall begin on that date.

CHAPTER 893

An act to amend Section 5091 of the Education Code, relating to schools.

[Approved by Governor September 21, 1985. Filed with Secretary of State September 23, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 5091 of the Education Code is amended to read:

5091. (a) Whenever a vacancy occurs, or whenever a resignation has been filed with the county superintendent of schools containing a deferred effective date, the school district or community college district governing board shall, within 60 days of the vacancy or the filing of the deferred resignation, either order an election or make a provisional appointment to fill the vacancy. A governing board member may not defer the effective date of his or her resignation for more than 60 days after he or she files the resignation with the county superintendent of schools.

In the event that a governing board fails to make a provisional appointment or order an election within the prescribed 60-day period as required by this section, the county superintendent of schools shall call an election to fill the vacancy.

(b) When an election is ordered, it shall be held on the next regular election date provided pursuant to Chapter 1 (commencing with Section 2500) of Division 4 of the Elections Code not less than 130 days after the occurrence of the vacancy or after the written resignation is filed with the county superintendent of schools.

(c) If a provisional appointment is made within the 60-day period, the registered voters of the district may, within 30 days from the date of the appointment, petition for the conduct of a special election to fill the vacancy. A petition shall be deemed to bear a sufficient number of signatures if signed by at least the number of registered voters of the district equal to 1½ percent of the number of registered voters of the district at the time of the last regular election for governing board members.

The petition shall be submitted to the county superintendent of schools having jurisdiction who shall have 30 days to verify the signatures. If the petition is determined to be legally sufficient by the county superintendent of schools, the provisional appointment is terminated, and the county superintendent of schools shall call a special election to be conducted no later than the 120th day after the determination. However, if a regular election date, as defined in Section 2500 of the Elections Code, occurs between the 120th day and the 150th day following the determination, the county superintendent of schools may call the special election to be conducted on the regular election date.

(d) A provisional appointment made pursuant to subdivision (a) confers all powers and duties of a governing board member upon the appointee immediately following his or her appointment.

(e) A person appointed to fill a vacancy shall hold office only until the next regularly scheduled election for district governing board members, whereupon an election shall be held to fill the vacancy for the remainder of the unexpired term. A person elected at an election to fill the vacancy shall hold office for the remainder of the term in which the vacancy occurs or will occur.

(f) Whenever a petition calling for a special election is circulated, the petition shall contain the clerk's estimate of the cost of conducting the special election.

No person shall permit the list of names on petitions prescribed by this section to be used for any purpose other than qualification of the petition for the purpose of holding an election pursuant to this section.

The petition filed with the county superintendent of schools shall be subject to the restrictions in Section 6253.5 of the Government Code.

(g) Elections held pursuant to subdivisions (b) and (c) shall be conducted in as nearly the same manner as practicable as other governing board member elections.

SEC. 1.5. Section 5091 of the Education Code is amended to read:

5091. (a) Whenever a vacancy occurs, or whenever a resignation has been filed with the county superintendent of schools containing a deferred effective date, the school district or community college district governing board shall, within 60 days of the vacancy or the filing of the deferred resignation, either order an election or make a provisional appointment to fill the vacancy. A governing board member may not defer the effective date of his or her resignation for

more than 60 days after he or she files the resignation with the county superintendent of schools.

In the event that a governing board fails to make a provisional appointment or order an election within the prescribed 60-day period as required by this section, the county superintendent of schools shall call an election to fill the vacancy.

(b) When an election is ordered, it shall be held on the next regular election date provided pursuant to Chapter 1 (commencing with Section 2500) of Division 4 of the Elections Code not less than 130 days after the occurrence of the vacancy or after the written resignation is filed with the county superintendent of schools.

(c) If a provisional appointment is made within the 60-day period, the registered voters of the district may, within 30 days from the date of the appointment, petition for the conduct of a special election to fill the vacancy. A petition shall be deemed to bear a sufficient number of signatures if signed by at least the number of registered voters of the district equal to 1½ percent of the number of registered voters of the district at the time of the last regular election for governing board members.

The petition shall be submitted to the county superintendent of schools having jurisdiction who shall have 30 days to verify the signatures. If the petition is determined to be legally sufficient by the county superintendent of schools, the provisional appointment is terminated, and the county superintendent of schools shall call a special election to be conducted no later than the 120th day after the determination. However, if a regular election date, as defined in Section 2500 of the Elections Code, occurs between the 120th day and the 150th day following the determination, the county superintendent of schools may call the special election to be conducted on the regular election date.

(d) A provisional appointment made pursuant to subdivision (a) confers all powers and duties of a governing board member upon the appointee immediately following his or her appointment.

(e) A person appointed to fill a vacancy shall hold office only until the next regularly scheduled election for district governing board members, whereupon an election shall be held to fill the vacancy for the remainder of the unexpired term. A person elected at an election to fill the vacancy shall hold office for the remainder of the term in which the vacancy occurs or will occur.

(f) Whenever a petition calling for a special election is circulated, the petition shall meet all of the following requirements:

(1) The petition shall contain the clerk's estimate of the cost of conducting the special election.

(2) The name and residence address of at least one, but not more than five, of the proponents of the petition shall appear on the petition, each of which proponents shall be a registered voter of the school district or community college district, as applicable.

(3) None of the text or other language of the petition shall appear in less than six-point type.

(4) The petition shall be prepared and circulated in conformity with the requirements of Sections 41 and 44 of the Elections Code.

If any of the requirements of this subdivision are not met as to any petition calling for a special election, the county superintendent of schools shall not verify the signatures, nor shall any further action be taken with respect to the petition.

No person shall permit the list of names on petitions prescribed by this section to be used for any purpose other than qualification of the petition for the purpose of holding an election pursuant to this section.

The petition filed with the county superintendent of schools shall be subject to the restrictions in Section 6253.5 of the Government Code.

(g) Elections held pursuant to subdivisions (b) and (c) shall be conducted in as nearly the same manner as practicable as other governing board member elections.

SEC. 2. Section 1.5 of this bill incorporates amendments to Section 5091 of the Education Code proposed by both this bill and AB 992. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1986, (2) each bill amends Section 5091 of the Education Code, and (3) this bill is enacted after AB 992, in which case Section 1 of this bill shall not become operative.

SECTION 1. Section 29200.5 is added to the Elections Code, to read:

29200.5. Every person who knowingly and willfully completes, or causes or procures the completion, in whole or in part, of an affidavit of registration or a voter registration card, with the intent to cause the registration or reregistration as a voter, of a fictitious person or of any person who has not requested registration or reregistration as a voter, is guilty of a crime punishable by imprisonment in the state prison for 16 months or two or three years, or in a county jail for not more than one year.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty

for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 895

An act to add Section 1029.8 to the Code of Civil Procedure, and to add Section 253 to the Insurance Code, relating to unlicensed activities.

The court may, in its discretion, award all costs and attorney's fees to the injured person if that person prevails in the action.

(b) This section shall not be construed to confer an additional cause of action or to affect or limit any other remedy, including, but not limited to, a claim for exemplary damages.

(c) The additional damages provided for in subdivision (a) shall not exceed ten thousand dollars ($10,000).

(d) For the purposes of this section, the term "unlicensed person" shall not apply to any of the following:

(1) Any person, partnership, corporation, or other entity providing goods or services under the good faith belief that they are properly licensed and acting within the proper scope of that licensure.

(2) Any person, partnership, corporation, or other entity whose license has expired for nonpayment of license renewal fees, but who is eligible to renew that license without the necessity of applying and qualifying for an original license.

(3) Any person, partnership, or corporation licensed under Chapter 6 (commencing with Section 2700) or Chapter 6.5 (commencing with Section 2840) of the Business and Professions Code, who provides professional nursing services under an existing license, if the action arises from a claim that the licensee exceeded the scope of practice authorized by his or her license.

(e) This section shall not apply to any action for unfair trade

practices brought against an unlicensed person under Chapter 4 (commencing with Section 17000) of Part 2 of Division 7 of the Business and Professions Code, by a person who holds a license which is required, or closely related to the license which is required, to engage in those activities performed by the unlicensed person.

SECTION 1. Section 5010.7 is added to the Education Code, to read:

5010.7. (a) Notwithstanding any other provision of law, a community college district may, by resolution, require that its trustee general elections be held on the same day as the statewide general election, except that the board of supervisors of any county in which the district will hold an election may deny any request for consolidation if it finds that the ballot style, voting equipment, or computer capacity is such that additional elections or materials cannot be handled. If a district is located in more than one county the district may not consolidate an election if any county in which the district is located denies the request for consolidation.

(b) If, pursuant to subdivision (a), a general trustee election is held on the same day as a statewide election, those trustees whose four-year terms of office would have, prior to the adoption of the resolution, expired prior to that election shall, instead, continue in their offices until successors are elected and qualified.

(c) If a district governing board adopts a resolution pursuant to subdivision (a), general trustee elections following the adoption of the ordinance shall be conducted on the date specified by the governing board in accordance with subdivision (a) unless the resolution in question is later repealed by the governing board.

2502. Except as provided in Section 2503, notwithstanding any other provisions of law, all state, county, municipal, district, and school district elections shall be held on the established election date nearest to the date on which they would be held in the absence of this chapter. If the election is held on a statewide election date it shall be consolidated with the statewide election according to the provisions of Part 2.5 (commencing with Section 23300) of Division 14 except that, in counties of the first class, the board of supervisors may deny any request for consolidation, if it finds that the ballot style, voting equipment, or computer capacity is such that additional elections or materials cannot be handled. The procedural requirements prescribed for any such election shall be construed as if the provisions of this section were specifically set forth in the provisions relating to that election.

CHAPTER 898

(2) If any person is arrested for a violation of Section 4454, and none of the disqualifying conditions set forth in subdivision (b) exist, the arresting officer shall prepare, in triplicate, and the violator shall sign, a written notice containing the violator's promise to correct the alleged violation and to deliver proof of correction of the violation to the issuing agency. In lieu of issuing a notice to correct violation pursuant to this section, the officer may issue a notice to appear, as specified in Section 40522.

(b) Pursuant to subdivision (a), a notice to correct violation shall be issued as provided in this section or a notice to appear shall be issued as provided in Section 40522, unless the officer finds any of the following:

(1) Evidence of fraud or persistent neglect.

(2) The violation presents an immediate safety hazard.

(3) The violator does not agree to, or cannot, promptly correct the violation.

(c) If any of the conditions set forth in subdivision (b) exist, the procedures specified in this section or Section 40522 are inapplicable, and the officer may take other appropriate enforcement action.

(d) Except as otherwise provided in subdivision (a), the notice to correct violation shall be on a form approved by the Judicial Council and, in addition to the owner's or operator's address and identifying information, shall contain an estimate of the reasonable time required for correction and proof of correction of the particular defect, not to exceed 30 days.

CHAPTER 900

An act to amend Sections 17008 and 17031.5 of, and to add Section 17031.6 to, the Health and Safety Code, relating to labor camps.

[Approved by Governor September 21, 1985. Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that protections provided to tenants of farm labor camps help ensure that minimum health standards are maintained in those camps, thus protecting the health of the farmlaborers and the community. The Legislature further finds and declares that those protections have been historically found to be necessary and still are necessary today because of the extreme health violations frequently found to exist in farm labor camps.

The Legislature finds and declares that despite added statutory protections, violations of health standards continue to exist in farm labor camps. Protections for tenants who complain about substandard conditions have been weakened by the use of summary unlawful detainer actions by camp owners against complaining tenants. Protections for tenants who live in labor camps owned by nongrowers have been weakened by regulations which severely limit the inspections of nongrower-owned camps, contrary to legislative intent. It is the intent of the Legislature to improve conditions in labor camps by closing these loopholes that have developed in the law's enforcement.

SEC. 2. Section 17008 of the Health and Safety Code is amended

to read:

17008. (a) "Labor camp," as used in this part, means any living quarters, dwelling, boardinghouse, tent, bunkhouse, maintenance-of-way car, mobilehome, or other housing accommodations, including employee housing or labor supply camp, maintained in connection with any work or place where work is being performed, whether or not rent is involved, and the premises upon which they are situated or the area set aside and provided for parking of mobilehomes or camping of five or more employees by the employer.

(b) (1) "Labor camp," as used in this part, also includes any portion of any housing accommodation or property upon which housing accommodations are located, if all of the following factors exist:

(A) The housing accommodations or property are located in any rural area, as defined by Section 50101.

(B) The housing accommodations or property are not maintained in connection with any work or work place.

(C) The housing accommodations or property are provided by someone other than an agricultural employer, as defined in Section 1140.4 of the Labor Code.

(D) The housing accommodations or property are used by five or more agricultural employees of any agricultural employer or employers for any of the following:

(i) Temporary or seasonal residency.

(ii) Permanent residency, if the housing structure is a mobilehome or recreational vehicle.

(iii) Permanent residency, if the housing structure is subject to State Housing Law and is more than 30 years old and at least 51 percent of the units in the structure are occupied by agricultural employees.

(2) "Labor camp," as defined by this subdivision, does not include a hotel, motel, inn, tourist hotel, or permanent housing as defined by subdivision (d) of Section 17010, which has not been maintained, prior to January 1, 1984, or is not maintained on or after that date, as a labor camp, as defined in subdivision (a).

(3) If at any time prior to January 1, 1984, a housing accommodation was a labor camp, as defined in subdivision (a), and on or after January 1, 1984, was a labor camp, as defined in this subdivision, the owner and operator shall comply with all requirements of this part. The owner and operator of any other housing accommodation which is a labor camp pursuant to this subdivision shall be subject to the licensing and inspection provisions of this part and shall comply with all other provisions of this part except that if any portions of the housing accommodation is held out for rent or lease to the general public, the construction and physical maintenance standards of the housing accommodation shall be consistent with the applicable provisions of the State Housing Law, Part 1.5 (commencing with Section 17910), the

Mobilehome-Manufactured Homes Act, Part 2 (commencing with Section 18000); or the Mobilehome Parks Act, Part 2.1 (commencing with Section 18200). The owner or operator of the labor camp shall designate all units or spaces which are a labor camp, as defined in this subdivision, for the purpose of inspection and licensing by the enforcement agency, subject to confirmation by the enforcement agency, based on all relevant evidence.

(c) "Labor camp" does not include employee community housing, as defined by Section 17005.5, which has been granted an exemption pursuant to Section 17031.3; housing, and the premises upon which it is situated, owned by a public entity; or privately owned housing, including ownership by a nonprofit entity, and the premises upon which it is situated, financed with public funds equaling 50 percent or more of the original development or purchase cost.

SEC. 3. Section 17031.5 of the Health and Safety Code is amended to read:

17031.5. (a) No person operating a labor camp consisting only of permanent housing or permanent housing units within a labor camp shall terminate or modify a tenancy by increasing rent, decreasing services, threatening to bring or bringing an action to evict, refusing to renew a tenancy, or in any other way intimidating, threatening, restraining, coercing, blacklisting, or discharging an employee or tenant because of the tenant's exercise of any of the following acts:

(1) Complaining in good faith, orally or in writing, to the landlord or employer about tenantability or about any right provided by this part.

(2) Exercising any legal right with respect to the housing provided by this part.

(3) Complaining in good faith, orally or in writing, to any applicable enforcement agency about tenantability or about any right provided by this part.

(5) Bringing an action under Section 1942.5 of the Civil Code.

(b) The tenant shall have a defense of retaliation in any action for possession if the employer or landlord acted in violation of this section. If the employer or landlord acts to modify or terminate a tenancy within six months after the employee or tenant has exercised any of the acts enumerated in subdivision (a), there is a rebuttable presumption affecting the burden of proof that the employer's or landlord's action was retaliatory.

(c) No tenant shall have a defense of retaliation in an action for possession where tenantability is an issue of fact and the untenantable condition was caused by the deliberate or negligent act or omission of the tenant or a member of his or her family, or other persons on the premises with his or her consent.

SEC. 4. Section 17031.6 is added to the Health and Safety Code,

to read:

17031.6. (a) In any action brought pursuant to Chapter 4 (commencing with Section 1159) of Title 3 of Part 3 of the Code of Civil Procedure, in order to evict a tenant from a labor camp accommodation, this section shall apply to that proceeding, notwithstanding any other provision of law including, but not limited to, Section 1170.5 of the Code of Civil Procedure.

(b) If, in an action subject to this section, a tenant alleges both of the following in an answer or other response to an unlawful detainer action, the trial on that action shall be set not earlier than 30 days from the date of filing the answer, and in no event prior to the completion of reasonable and diligently pursued discovery, as determined by the court, unless both parties stipulate to an earlier date:

(1) The tenant is not guilty of unlawful detainer because he or she has engaged in protected activity pursuant to Section 1942.5 of the Civil Code or Section 17031.5 of this code.

(2) The landlord's claim that the eviction is to allow the landlord to remove the subject rental unit from use as employee housing or from the market in order to rehabilitate or demolish it is a pretext to retalitate against the tenant.

(c) If, in an action subject to this section, a tenant alleged that he or she is not guilty of unlawful detainer because he or she has engaged in protected activity pursuant to Section 1942.5 of the Civil Code or Section 17031.5, and the landlord alleges or introduces evidence at trial that the purpose of the eviction is to allow the landlord to remove the subject rental unit from use as employee housing or from the market in order to rehabilitate or demolish it, the court shall immediately continue the trial for not less than 30 days, unless both parties stipulate to a waiver of this requirement.

(d) If, pursuant to this section, a trial is delayed or continued, the court, may, upon a noticed motion for a payment order by the lessor, order the monthly payment of the reasonable monthly rental value to the court as a condition of issuing the delay or continuance order. "Reasonable monthly rental value," as used in this subdivision, means the amount determined by the court after deducting from the contract rent any set offs, including, but not limited to, a reduction in the rent because the dwelling is partially or completely untenantable or rent abatements due to the tenant or lessee. In addition, in determining whether to order the payment of a reasonable monthly rental value to the court, or in ascertaining its amount, the court shall consider the probability of the tenant or lessee prevailing in the trial, the financial ability of the tenant or lessee to maintain this action, and any other factor relevant to the proposed payment order.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction,

changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

(b) Determine to establish the district if it makes all of the following findings:

(1) That clear evidence exists, with respect to each public facility proposed for rehabilitation, that the facility has deteriorated to the point of significantly reduced performance, that there is a reasonable likelihood of damage to private or public property or a reasonable likelihood that significant damage will occur to the facility itself if rehabilitation does not occur promptly, or that the facility presents a danger to the health or safety of public employees or to the public.

(2) The proposed rehabilitation program is consistent with the jurisdiction's general plan and any specific plans that apply to the territory included within the district.

(3) That the public facility or the portion of the public facility proposed for rehabilitation, is located within the jurisdiction of the city or county, or that the city or county has entered into a joint powers agreement with other cities or counties, or both, to participate in the rehabilitation of the facility.

53375. If the legislative body determines to proceed with establishing the district, the legislative body shall adopt an ordinance establishing the district.

The legislative body may grant that authority by adopting a resolution of intention to change the authority of the district, publishing a notice of that intention, holding a hearing, and adopting a resolution to change the authority of the district in the same manner as is required for the adoption of a resolution of intention to establish the district pursuant to Section 53373.

Article 6. Senior Obligation Bonds

53387. The legislative body may, by majority vote, initiate proceedings to issue bonds pursuant to this chapter by adopting a resolution stating its intent to issue those bonds.

53387.3. The resolution adopted pursuant to Section 53387 shall contain all of the following information:

(a) A description of the facilities or work to be undertaken with the proceeds of the proposed bond issue.

(b) The estimated cost of the facilities or works, the estimated cost of preparing and issuing the bonds, and the principal amount of the proposed bond issuance.

(c) The maximum interest rate and discount on the proposed bond issuance.

(e) A determination of the amount available for the payment of the principal and interest on the bonds pursuant to Section 53387.

(f) A finding that the amount necessary to pay the principal and

interest on the proposed bond issuance will be less than, or equal to, the amount determined pursuant to subdivision (e).

53387.7. The resolution adopted pursuant to Section 53387 shall be published once a day for at least seven successive days in a newspaper published in the city or county at least six days a week, or at least once a week for two successive weeks in a newspaper published in the city or county less than six days a week.

If there are no such newspapers, the resolution shall be posted in three public places within the territory of the district for two succeeding weeks.

53388. The legislative body shall submit the proposal to issue the bonds to the voters who reside within the district. Except as otherwise provided in this chapter, the election shall be conducted in the same manner as other city or county elections.

53388.3. The county shall, if requested by the legislative body of a district created within the boundaries of a city, conduct the election for the district. The district shall pay the county for costs incurred by the county in conducting the election, if any.

53388.7. (a) The bonds may be issued if a majority of the voters voting on the proposition vote in favor of issuing the bonds.

(b) If the voters approve the issuance of the bonds as provided by subdivision (a), the legislative body shall proceed with the issuance of the bonds by adopting a resolution which shall provide for all of the following:

(1) The issuance of the bonds in one or more series.

53389. The legislative body shall notify the county auditor if the voters approve the issuance of the bonds pursuant to the election conducted in accordance with Section 53388.

53389.3. When two or more propositions for incurring indebtedness pursuant to this chapter are submitted at the same election, the votes cast for and against each proposition shall be counted separately.

53389.7. If any proposition submitted to the voters pursuant to this chapter is defeated by the voters, the legislative body shall not submit, or cause to be submitted, a similar proposition to the voters for at least six months after the first election.

53390. The legislative body may, by majority vote, provide for

refunding of bonds issued pursuant to this chapter. However, refunding bonds shall not be issued if the total net interest cost to maturity on the refunding bonds plus the principal amount of the refunding bonds exceeds the total net interest cost to maturity on the bonds to be refunded. The legislative body may not extend the time to maturity of the bonds.

53390.3. The legislative body or any person executing the bonds shall not be personally liable on the bonds by reason of their issuance. The bonds and other obligations of a district issued pursuant to this chapter are not a debt of the city, county, or state, or any of its political subdivisions, and those entities are not liable on the bonds and the bonds or obligations are not payable out of any funds or properties other than those of the district. The bonds shall contain a statement of that fact on their face. The bonds do not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation.

53390.7. The bonds may be sold at discount not to exceed 5 percent of par at public sale. At least five days prior to the sale, notice shall be published, pursuant to Section 6061, in a newspaper of general circulation and in a financial newspaper published in the City and County of San Francisco and in the City of Los Angeles. The bonds may be sold at not less than par to the federal government at private sale without any public advertisement.

53391. If any member of the legislative body whose signature appears on bonds ceases to be a member of the legislative body before delivery of the bonds, his or her signature is as effective as if he or she had remained in office. Bonds issued pursuant to this chapter are fully negotiable.

Article 7. Bond Payment

53392. (a) If the voters approve the issuance of bonds pursuant to the election conducted in accordance with Section 53388, the county auditor, subject to the allocation and payment of funds as provided for in subdivision (b) of Section 33670 of the Health and Safety Code, shall allocate, and when collected pay, the amount of property tax revenue determined pursuant to subdivision (c) into a Bond Payment Fund to be established by the district. The county auditor shall continue to make payments to that fund during each fiscal year until the bonds are retired. The county auditor shall make that payment before distributing any property tax revenue to any other entity of government except for distributions pursuant to Section 33670 of the Health and Safety Code. Notwithstanding any other law, no claim on property tax revenue by any other public or private entity for any purpose whatever shall take precedence over the allocation of property tax revenue provided in this section.

(b) The county auditor shall reduce the amount of property tax revenue otherwise allocable to the city or county establishing the district in each fiscal year by the amount deposited in the Bond

Payment Fund pursuant to subdivision (a) for each district during that fiscal year.

(c) The county auditor shall determine, in each fiscal year, the amount sufficient to meet the obligation for the payment of principal and interest during that fiscal year on any bonds issued pursuant to this chapter by each district. (d) The legislative body of a district established within the boundaries of a city shall reimburse the county for any costs incurred by the county auditor on behalf of the district pursuant to this section.

53392.3. The State of California does hereby pledge to and agree with the holders of any bonds issued pursuant to this chapter that the state will not change the structure, organization, or powers of any district until all obligations on those bonds are fully met or discharged. However, this section does not preclude a change in the structure, organization, or powers of any district if adequate provision is made by law for the protection of the contracts represented by those bonds from impairment, and that right to change the structure, organization, or powers of any district or the allocation of those tax revenues is hereby reserved to the State of California. Districts may include this pledge of the state in those bonds.

53392.7. An action may be brought pursuant to Chapter 9 (commencing with Section 860) of Part 2 of Title 10 of the Code of Civil Procedure to determine the validity of bonds, proceedings, projects, or tax allocations.

SEC. 2. (a) No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

CHAPTER 907

An act to amend Sections 48900.5 and 48915 of, and to add Sections 48911.5 and 48915.5 to, the Education Code, relating to special education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1985. Filed with Secretary of State September 23, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 48900.5 of the Education Code is amended to read:

48900.5. Suspension shall be imposed only when other means of correction fail to bring about proper conduct. However, a pupil, including an individual with exceptional needs, as defined in Section 56026, may be suspended for any of the reasons enumerated in Section 48900 upon a first offense, if the principal or superintendent of schools determines that the pupil violated subdivision (a), (b), (c), (d), or (e) of Section 48900 or that the pupil's presence causes a danger to persons or property or threatens to disrupt the instructional process.

SEC. 2. Section 48915 of the Education Code is amended to read:

48915. (a) The principal or the superintendent of schools shall recommend a pupil's expulsion for any of the following acts, unless the principal or superintendent finds, and so reports in writing to the governing board, that expulsion is inappropriate, due to the particular circumstance, which shall be set out in the report of the incident:

(1) Causing serious physical injury to another person, except in self-defense.

(2) Possession of any firearm, knife, explosive, or other dangerous object of no reasonable use to the pupil at school or at a school activity off school grounds.

(3) Unlawful sale of any controlled substance, as defined in Section 11007 of the Health and Safety Code, except for the sale of not more than one avoirdupois ounce of marijuana, other than concentrated cannabis.

(4) Robbery or extortion.

(b) Upon recommendation by the principal, superintendent of schools, or by a hearing officer or administrative panel appointed pursuant to subdivision (d) of Section 48919, the governing board may order a pupil expelled upon finding that the pupil violated subdivision (a), (b), (c), (d), or (e) of Section 48900.

(c) Upon recommendation by the principal, superintendent of schools, or by a hearing officer or administrative panel appointed pursuant to subdivision (d) of Section 48919, the governing board may order a pupil expelled upon finding that the pupil violated subdivision (f), (g), (h), (i), (j), (k), or (*l*) of Section 48900 and either of the following:

(1) That other means of correction are not feasible or have repeatedly failed to bring about proper conduct.

(2) That due to the nature of the violation, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

SEC. 3. Section 48911.5 is added to the Education Code, to read:

48911.5. The site principal of a contracting nonpublic, nonsectarian school providing services to individuals with exceptional needs under Sections 56365 and 56366, shall have the same duties and responsibilities with respect to the suspension of pupils with previously identified exceptional needs prescribed for the suspension of pupils under Section 48911.

SEC. 4. Section 48915.5 is added to the Education Code, to read:

48915.5. (a) In a matter involving a pupil with previously identified exceptional needs who is currently enrolled in a special education program, the governing board may order the pupil expelled pursuant to subdivisions (b) and (c) of Section 48915 only if all of the following conditions are met:

(1) An individualized education program team meeting is held and conducted pursuant to Article 3 (commencing with Section 56340) of Chapter 2 of Part 30.

(2) The team determines that the misconduct was not caused by, or was not a direct manifestation of, the pupil's identified handicap.

(3) The team determines that the pupil had been appropriately placed at the time the misconduct occurred.

The term "pupil with previously identified exceptional needs," as used in this section, means a pupil who meets the requirements of Section 56026 and who, at the time the alleged misconduct occurred, was enrolled in a special education program, including enrollment in nonpublic schools pursuant to Section 56365 and state special schools.

(b) For purposes of this section, all applicable procedural safeguards prescribed by federal and state law and regulations apply to proceedings to expel pupils with previously identified exceptional needs, except that, notwithstanding any other provision of law, parental consent is not required as a condition for expulsion proceedings or the decision to expel.

(c) Each local educational agency, pursuant to the requirements of Section 56221, shall develop procedures and time lines governing expulsion procedures for individuals with exceptional needs.

(d) The parent of each pupil with previously identified exceptional needs has the right to participate in the individualized education program team meeting conducted pursuant to subdivision (a) preceding the commencement of expulsion proceedings through actual participation, representation, or a conference call. Each parent shall be notified of his or her right to participate in the meeting at least 48 hours prior to the meeting. Unless a parent has requested a postponement, the meeting may be conducted without the parent's participation, if the notice required by this subdivision has been provided. Each parent may request that the meeting be postponed for up to three additional school days. In the event that a postponement has been granted, the local educational agency may extend any suspension of a pupil for the period of postponement.

(e) In determining whether a pupil should be expelled, the individualized education program team shall base its decision on

recent and relevant information regarding the pupil.

The term "recent," as used in this subdivision, means information that has been acquired within three years of the date of the alleged misconduct.

The term "relevant information," as used in this subdivision, means all of the following:

(1) A review of the pupil's school progress and behavior, if available, including, but not limited to, a review of the pupil's individualized education program, teacher progress reports and comments, school health records, and school discipline records.

(2) A review of the ability of the pupil to conform his or her behavior to the prescribed standards, and a determination of the relationship, if any, between the pupil's behavior and his or her handicapping condition.

(f) If the individualized education program team determines that the alleged misconduct was not caused by, or a direct manifestation of, the pupil's handicapping condition, and if it is determined that the pupil was appropriately placed, the pupil shall be subject to the applicable disciplinary actions and procedures prescribed under this article.

(g) The parent of each pupil with previously identified exceptional needs has the right to a due process hearing conducted pursuant to Section 1415 of Title 20 of the United States Code if the parent disagrees with the decision of the individualized education program team made pursuant to subdivision (f), or if the parent disagrees with the decision to rely upon information obtained, or proposed to be obtained, pursuant to subdivision (e).

The State Board of Education shall adopt regulations to ensure that hearings for the expulsion of pupils with previously identified exceptional needs are conducted in a more timely manner than those conducted for other pupils under Chapter 5 (commencing with Section 56500) of Part 30.

In the event that a parent demands a hearing under this subdivision, all time requirements prescribed in this article for suspension or expulsion shall be extended to include the time necessary to conclude the review or appeal of any assessment or determination.

SEC. 5. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

SEC. 6. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 7. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that local educational agencies shall develop a process for administering the provisions of law relating to the suspension or expulsion of individuals with exceptional needs who have been determined to be subject to disciplinary action, and to ensure that the due process rights of individuals with exceptional needs will be protected, it is necessary that this act take effect immediately.

CHAPTER 908

An act to amend Sections 1375.1, 1377, 1382, and 1393.5 of, and to add Sections 1394.1, 1394.2, and 1394.3 to, the Health and Safety Code, relating to health care service plans.

[Approved by Governor September 21, 1985 Filed with Secretary of State September 23, 1985]

The people of the State of California do enact as follows.

SECTION 1. Section 1375.1 of the Health and Safety Code is amended to read:

1375.1. (a) Every plan shall have and shall demonstrate to the commissioner that it has all of the following:

(1) A fiscally sound operation and adequate provision against the risk of insolvency.

(2) Assumed full financial risk on a prospective basis for the provision of covered health care services, except that a plan may obtain insurance or make other arrangements for the cost of providing to any subscriber or enrollee covered health care services, the aggregate value of which exceeds five thousand dollars ($5,000) in any year, for the cost of covered health care services provided to its members other than through the plan because medical necessity required their provision before they could be secured through the plan, and for not more than 90 percent of the amount by which its costs for any of its fiscal years exceed 115 percent of its income for that fiscal year.

(3) A procedure for prompt payment or denial of provider and subscriber or enrollee claims. A procedure meeting the requirements of Subchapter G of the regulations (29 C.F.R. Part 2560) under Public Law 93-406 (88 Stats. 829-1035, 29 U.S.C. Secs. 1001 et seq.) shall satisfy this requirement.

(b) In determining whether the conditions of this section have been met, the commissioner shall consider, but not be limited to, the following:

(1) The financial soundness of the plan's arrangements for health

care services and the schedule of rates and charges used by the plan.

(2) The adequacy of working capital.

(3) Agreements with providers for the provision of health care services.

(c) For the purposes of this section, "covered health care services" means health care services provided under all plan contracts.

SEC. 2. Section 1377 of the Health and Safety Code is amended to read:

1377. (a) Every plan which reimburses providers of health care service that do not contract in writing with the plan to provide health care services, or which reimburses its subscribers or enrollees for costs incurred in having received health care service from providers that do not contract in writing with the plan, in an amount which exceeds 10 percent of its total costs for health care services for the immediately preceding six months, shall do either of the following:

(1) Calculate as of the first day of every month and maintain for the remainder of the month cash, or cash equivalents, as defined by rule of the commissioner, as a reserve for claims for noncontracting provider services at least equal to 120 percent of the sum of the following:

(A) All claims for noncontracting provider services received for reimbursement, but not yet processed.

(B) All claims for noncontracting provider services denied for reimbursement during the previous 60 days.

(C) All claims for noncontracting provider services approved for reimbursement, but not yet paid.

(D) An estimate of claims for noncontracting provider services incurred, but not reported.

(2) Maintain adequate insurance, or a guaranty arrangement approved in writing by the commissioner, to pay for any loss to providers, subscribers, or enrollees claiming reimbursement due to the insolvency of the plan.

Whenever the reimbursements described in this subdivision exceed 10 percent of the plan's total costs for health care services over the immediately preceding six months, the plan shall file a written report with the commissioner containing the information necessary to determine compliance with paragraph (1) no later than 30 business days from the first day of the month. Upon an adequate showing by the plan that the requirements of this subdivision should be waived or reduced, the commissioner may waive or reduce these requirements to an amount as the commissioner deems sufficient to protect subscribers and enrollees of the plan consistent with the intent and purpose of this chapter.

(b) Every plan which reimburses providers of health care service on a fee-for-services basis; or which directly reimburses its subscribers or enrollees, to an extent exceeding 10 percent of its total payments for health care services, shall estimate and record in the books of account a liability for incurred and unreported claims. Upon

a determination by the commissioner that the estimate is inadequate, the commissioner may require the plan to increase its estimate of incurred and unreported claims. Every plan shall promptly report to the commissioner whenever these reimbursables exceed 10 percent of its total expenditures for health care services.

As used herein the term "fee-for-services" refers to the situation where the amount of reimbursement paid by the plan to providers of service is determined by the amount and type of service rendered by the provider of service.

SEC. 3. Section 1382 of the Health and Safety Code is amended to read:

1382. (a) The commissioner shall conduct an examination of the fiscal and administrative affairs of any plan, and each person with whom the plan has made arrangements for administrative, management, or financial services, as often as deemed necessary to protect the interest of subscribers or enrollees, but not less frequently than once every five years.

(b) The expense of conducting any examinations pursuant to this section, and the expense of conducting any medical surveys pursuant to Section 1380 shall be charged against the plan being examined or surveyed. The amount shall include the actual salaries or compensation paid to the persons making the examination or survey, the expenses incurred in the course thereof, and overhead costs in connection therewith as fixed by the commissioner. In determining the cost of examinations or surveys, the commissioner may use the estimated average hourly cost for all persons performing examinations or surveys of plans for the fiscal year. The amount charged shall be remitted by the plan to the commissioner. If recovery of these costs cannot be made from the plan, these costs may be added to, but subject to the limitation of, the assessment provided for in subdivision (b) of Section 1356.

SEC. 4. Section 1393.5 of the Health and Safety Code is amended to read:

1393.5. (a) A person who violates Section 1349, or any person who directly or indirectly participates in the direction of the management or policies of the person in violation of Section 1349, including, but not limited to, any officer, director, partner, or other person occupying a principal management or supervisory position, shall be liable for civil penalties as follows:

(1) A sum not more than two thousand five hundred dollars ($2,500), and (2) a sum not exceeding five hundred dollars ($500) for each subscriber under an individual or group plan contract which was entered into or renewed while such person was in violation of Section 1349.

(b) The penalty specified in paragraph (2) of subdivision (a) shall be imposed only if one or more of the following occurs:

(1) The solicitation of the entry into or renewal of such contract, or of any subscription or enrollment thereunder, included the use by the plan or a representative of the plan of any advertising, evidence

of coverage, or disclosure form which was untrue, misleading, or deceptive.

(2) The contract is not in compliance with this chapter, or the rules adopted pursuant to this chapter.

(3) The plan does not have a financially sound operation and adequate provision against the risk of insolvency.

(4) The plan has operated in violation of the provisions of subdivision (a), (b), (c), (d), or (e) of Section 1367.

(5) The plan has not complied with the provisions of Section 1379.

(c) The civil penalty may be assessed and recovered only in a civil action. The cause of action may be brought in the name of the people of the State of California by the Attorney General or the commissioner, as determined by the commissioner.

SEC. 5. Section 1394.1 is added to the Health and Safety Code, to read:

1394.1. Notwithstanding any other provision of law, the commissioner may file a verified complaint for involuntary dissolution of a health care service plan on any one or more of the grounds specified in subdivision (b) of Section 1386. The complaint shall be filed in the superior court of the county where the principal executive office of the health care service plan is located or, if the principal executive office of the health care service plan is not located in this state, or the health care service plan has no such office, the County of Sacramento.

SEC. 6. Section 1394.2 is added to the Health and Safety Code, to read:

1394.2. Notwithstanding any other provision of law, in any involuntary dissolution of a health care service plan as provided for in Section 1394.1, or other insolvency proceeding involving a health care service plan, the following expenses and claims have priority in the following order:

(a) First, administrative expenses allowed by the superior court and any fees and charges assessed against the estate of the dissolved health care service plan in conjunction with the dissolution of the estate.

(b) Second, taxes due the State of California.

(c) Third, claims having preference by the laws of the United States and by the laws of this state.

(d) Fourth, claims of health care service plan subscribers and enrollees for reimbursement for services rendered by noncontracting providers. Upon proper showing, the superior court may make an order relieving subscribers and enrollees from liability or stay any proceeding to secure payment for any services rendered by a noncontracting provider upon payment, in whole or in part, of the claim or claims of those noncontracting providers.

(e) Fifth, claims of health care service plan group contract holders for reimbursement for services rendered by noncontracting providers to subscribers and enrollees under the group contract.

(f) Sixth, any and all claims, including all officers' and directors'

claims for indemnity, arising against the estate of the dissolved health care service plan.

SEC. 7. Section 1394.3 is added to the Health and Safety Code, to read:

1394.3. Except as provided for in Section 1394.1, and 1394.2, the involuntary dissolution of a health care service plan shall be in accordance with either:

(1) Chapter 18 (commencing with Section 1800) of Division 1 of Title 1 of the Corporations Code, if the plan is incorporated under the General Corporation Law.

(2) Chapter 15 (commencing with Section 8510) of Part 3 of Division 2 of Title 1 of the Corporations Code if the plan is incorporated under the Nonprofit Corporation Law.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 909

An act to amend Sections 632, 633, 633.5, 634, and 635 of, and to add Section 632.5 to, the Penal Code, relating to cellular radio telephones.

[Approved by Governor September 21, 1985 Filed with Secretary of State September 23, 1985]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Cellular Radio Telephone Privacy Act of 1985.

SEC. 2. The Legislature finds that the advent of widespread use of cellular radio telephone technology means that persons will be conversing over a network which cannot guarantee privacy in the same way that it is guaranteed over landline systems.

The Legislature further finds that there is, at present, no commercially feasible method to prevent unauthorized third parties from eavesdropping upon private cellular radio telephone communications.

The Legislature also finds that the right of privacy has been established under present law in order to prevent the continued and increasing use of new technological devices and techniques suitable only for eavesdropping upon private conversations.

Therefore, the Legislature declares that parties to a cellular radio telephone communication have a right of privacy in that communication, and that this act is intended to provide a legal recourse to those persons whose private cellular radio telephone

communications have been maliciously invaded by persons not intended to receive such communication.

It is not the intent of the Legislature to prohibit the manufacture, sale, possession, or use of electronic scanning devices, or radios, capable of intercepting or receiving radio frequencies other than or in addition to cellular radio frequencies, nor to prohibit the interception or reception of radio frequencies other than the unauthorized malicious interception or reception of cellular radio frequencies.

SEC. 2.5. Section 632 of the Penal Code is amended to read:

632. (a) Every person who, intentionally and without the consent of all parties to a confidential communication, by means of any electronic amplifying or recording device, eavesdrops upon or records the confidential communication, whether the communication is carried on among such parties in the presence of one another or by means of a telegraph, telephone or other device, except a radio, shall be punished by a fine not exceeding two thousand five hundred dollars ($2,500), or imprisonment in the county jail not exceeding one year or in the state prison, or by both that fine and imprisonment. If the person has previously been convicted of a violation of this section or Section 631, 632.5, or 636, the person shall be punished by a fine not exceeding ten thousand dollars ($10,000), by imprisonment in the county jail not exceeding one year or in the state prison, or by both that fine and imprisonment.

(b) The term "person" includes an individual, business association, partnership, corporation, or other legal entity, and an individual acting or purporting to act for or on behalf of any government or subdivision thereof, whether federal, state, or local, but excludes an individual known by all parties to a confidential communication to be overhearing or recording the communication.

(c) The term "confidential communication" includes any communication carried on in circumstances as may reasonably indicate that any party to the communication desires it to be confined to the parties thereto, but excludes a communication made in a public gathering or in any legislative, judicial, executive or administrative proceeding open to the public, or in any other circumstance in which the parties to the communication may reasonably expect that the communication may be overheard or recorded.

(d) Except as proof in an action or prosecution for violation of this section, no evidence obtained as a result of eavesdropping upon or recording a confidential communication in violation of this section shall be admissible in any judicial, administrative, legislative, or other proceeding.

(e) This section does not apply (1) to any public utility engaged in the business of providing communications services and facilities, or to the officers, employees or agents thereof, where the acts otherwise prohibited by this section are for the purpose of

construction, maintenance, conduct or operation of the services and facilities of the public utility, or (2) to the use of any instrument, equipment, facility, or service furnished and used pursuant to the tariffs of such a public utility, or (3) to any telephonic communication system used for communication exclusively within a state, county, city and county, or city correctional facility.

(f) This section does not apply to the use of hearing aids and similar devices, by persons afflicted with impaired hearing, for the purpose of overcoming the impairment to permit the hearing of sounds ordinarily audible to the human ear.

SEC. 3. Section 632.5 is added to the Penal Code, to read:

632.5. (a) Every person who, maliciously and without the consent of all parties to the communication, intercepts, receives, or assists in intercepting or receiving a communication transmitted between cellular radio telephones or between any cellular radio telephone and a landline telephone shall be punished by a fine not exceeding two thousand five hundred dollars ($2,500), by imprisonment in the county jail not exceeding one year or in the state prison, or by both that fine and imprisonment. If the person has been previously convicted of a violation of this section or Section 631, 632, or 636, the person shall be punished by a fine not exceeding ten thousand dollars ($10,000), by imprisonment in the county jail not exceeding one year or in the state prison, or by both that fine and imprisonment.

(b) In the following instances, this section shall not apply:

(1) To any public utility engaged in the business of providing communications services and facilities, or to the officers, employees, or agents thereof, where the acts otherwise prohibited are for the purpose of construction, maintenance, conduct, or operation of the services and facilities of the public utility.

(2) To the use of any instrument, equipment, facility, or service furnished and used pursuant to the tariffs of the public utility.

(3) To any telephonic communication system used for communication exclusively within a state, county, city and county, or city correctional facility.

(c) As used in this section and Section 635, "cellular radio telephone" means a wireless telephone authorized by the Federal Communications Commission to operate in the frequency bandwidth reserved for cellular radio telephones.

SEC. 4. Section 633 of the Penal Code is amended to read:

633. Nothing in Section 631, 632, or 632.5 prohibits the Attorney General, any district attorney, or any assistant, deputy, or investigator of the Attorney General or any district attorney, any officer of the California Highway Patrol, any chief of police, assistant chief of police, or policeman of a city or city and county, any sheriff, undersheriff, or deputy sheriff regularly employed and paid as such of a county, or any person acting pursuant to the direction of one of these law enforcement officers acting within the scope of his or her authority, from overhearing or recording any communication which

they could lawfully overhear or record prior to the effective date of this chapter.

Nothing in Section 631, 632, or 632.5 shall renders inadmissible any evidence obtained by the above-named persons by means of overhearing or recording any communication which they could lawfully overhear or record prior to the effective date of this chapter.

SEC. 5. Section 633.5 of the Penal Code is amended to read:

633.5. Nothing in Section 631, 632, or 632.5 prohibits one party to a confidential communication from recording the communication for the purpose of obtaining evidence reasonably believed to relate to the commission by another party to the communication of the crime of extortion, kidnapping, bribery, any felony involving violence against the person, or a violation of Section 653m. Nothing in Section 631, 632, or 632.5 renders any evidence so obtained inadmissible in a prosecution for extortion, kidnapping, bribery, any felony involving violence against the person, a violation of Section 653m, or any crime in connection therewith.

SEC. 6. Section 634 of the Penal Code is amended to read:

634. Any person who trespasses on property for the purpose of committing any act, or attempting to commit any act, in violation of Section 631, 632, 632.5, or 636 shall be punished by a fine not exceeding two thousand five hundred dollars ($2,500), by imprisonment in the county jail not exceeding one year or in the state prison, or by both that fine and imprisonment. If the person has previously been convicted of a violation of this section or Section 631, 632, 632.5, or 636, the person shall be punished by a fine not exceeding ten thousand dollars ($10,000), by imprisonment in the county jail not exceeding one year or in the state prison, or by both that fine and imprisonment.

SEC. 7. Section 635 of the Penal Code is amended to read:

635. (a) Every person who manufactures, assembles, sells, offers for sale, advertises for sale, possesses, transports, imports, or furnishes to another any device which is primarily or exclusively designed or intended for eavesdropping upon the communication of another, or any device which is primarily or exclusively designed or intended for the unauthorized interception or reception of communications between cellular radio telephones or between a cellular radio telephone and a landline telephone in violation of Section 632.5, shall be punished by a fine not exceeding two thousand five hundred dollars ($2,500), by imprisonment in the county jail not exceeding one year or in the state prison, or by both that fine and imprisonment. If the person has previously been convicted of a violation of this section, the person shall be punished by a fine not exceeding ten thousand dollars ($10,000), by imprisonment in the county jail not exceeding one year or in the state prison, or by both that fine and imprisonment.

(b) This section does not apply to either of the following:

(1) An act otherwise prohibited by this section when performed by (i) a communication utility or an officer, employee or agent

thereof for the purpose of construction, maintenance, conduct or operation of, or otherwise incident to, the use of, the services or facilities of the utility, or (ii) a state, county or municipal law enforcement agency or an agency of the federal government, or (iii) a person engaged in selling devices specified in subdivision (a) for use by, or resale to, agencies of a foreign government under terms approved by the federal government, communication utilities, state, county or municipal law enforcement agencies, or agencies of the federal government.

(2) Possession by a subscriber to communication utility service of a device specified in subdivision (a) furnished by the utility pursuant to its tariffs.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 910

An act to add Section 1091.1 to the Government Code, and to repeal Section 15034.5 of the Unemployment Insurance Code, relating to job training programs.

[Approved by Governor September 21, 1985. Filed with Secretary of State September 23, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1091.1 is added to the Government Code, to read:

1091.1. Section 1090 shall not apply to any contract or grant made by private industry councils established pursuant to Chapter 4 (commencing with Section 15030) of Division 8 of the Unemployment Insurance Code, unless both of the following conditions are met:

(a) The contract or grant directly bears on services to be provided by any member of a private industry council or any business or organization which the member directly represents, or the contract or grant would financially benefit the member or business or organization which the member represents.

(b) The affected private industry council member fails to comply with Section 87100.

SEC. 2. Section 15034.5 of the Unemployment Insurance Code is repealed.

SEC. 3. Section 1 of this act shall apply retroactively to any contract or grant awarded by a private industry council on or after

January 1, 1983.

CHAPTER 911

An act to add Section 1093 to the Civil Code, and to add Chapter 9 (commencing with Section 1062.10) to Title 14 of Part 2 of the Code of Civil Procedure, relating to real property.

[Approved by Governor September 21, 1985. Filed with Secretary of State September 23, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1093 is added to the Civil Code, to read:

1093. Absent the express written statement of the grantor contained therein, the consolidation of separate and distinct legal descriptions of real property contained in one or more deeds, mortgages, patents, deeds of trust, contracts of sale, or other instruments of conveyance or security documents, into a subsequent single deed, mortgage, patent, deed of trust, contract of sale, or other instrument of conveyance or security document (whether by means of an individual listing of the legal descriptions in a subsequent single instrument of conveyance or security document, or by means of a consolidated legal description comprised of more than one previously separate and distinct legal description), does not operate in any manner to alter or affect the separate and distinct nature of the real property so described in the subsequent single instrument of conveyance or security document containing either the listing of or the consolidated legal description of the parcels so conveyed or secured thereby.

This section does not constitute a change in, but is declaratory of, the existing law.

SEC. 2. Chapter 9 (commencing with Section 1062.10) is added to Title 14 of Part 2 of the Code of Civil Procedure, to read:

CHAPTER 9. ACTIONS TO ENFORCE REAL PROPERTY AND MOBILEHOME SALES AGREEMENTS

1062.10. No person or legal entity may maintain an action in any court in this state to enforce the terms of an agreement providing for a change in ownership of real property or of a mobilehome subject to local property taxation until the agreement is duly recorded by the county recorder or the change-in-ownership statement required by Section 480 of the Revenue and Taxation Code is filed as provided in that section.

This section shall apply to the enforcement of those agreements which are alleged to have transferred ownership of real property or of a mobilehome subject to property taxation which are entered into

after January 1, 1986.

CHAPTER 912

An act to amend Sections 22505, 22507, and 22653 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 21, 1985. Filed with Secretary of State September 23, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 22505 of the Vehicle Code is amended to read:

22505. (a) The Department of Transportation with respect to highways under its jurisdiction may place signs or markings prohibiting or restricting the standing or parking of vehicles, including, but not limited to, vehicles which are six feet or more in height (including any load thereon), in any of the following areas and under the following conditions:

(1) In areas where, in its opinion, standing or parking is dangerous to those using the highway or where the standing or parking of vehicles would unduly interfere with the free movement of traffic thereon.

(2) In areas within one-half mile of the boundary of any unit of the state park system which the Director of Conservation has determined are unusually high fire hazard areas, upon notification of the Department of Transportation of such determination by the Director of Conservation.

(3) In areas within one-half mile of the boundary of any unit of the state park system which the county health officer has determined are areas where a substantial public health hazard would result if camping were allowed, upon notification of the Department of Transportation of such determination by the county health officer.

(b) No person shall park or leave standing any vehicle in violation of the restrictions stated on the signs or markings.

(c) This section does not apply to any of the following:

(1) Public utility vehicles while performing a work operation.

(2) The driver of any vehicle which is disabled in such a manner and to such an extent that it is impossible to avoid parking or leaving the disabled vehicle standing on the roadway.

SEC. 2. Section 22507 of the Vehicle Code is amended to read:

22507. Local authorities may, by ordinance or resolution, prohibit or restrict the parking or standing of vehicles, including, but not limited to, vehicles which are six feet or more in height (including any load thereon) within 100 feet of any intersection, on certain streets or highways, or portions thereof, during all or certain hours of the day. The ordinance or resolution may include a designation of

certain streets upon which preferential parking privileges are given to residents and merchants adjacent to the streets for their use and the use of their guests, under which the residents and merchants may be issued a permit or permits which exempt them from the prohibition or restriction of the ordinance or resolution. With the exception of alleys, no such ordinance or resolution shall apply until signs or markings giving adequate notice thereof have been placed. A local ordinance or resolution adopted pursuant to this section may contain provisions which are reasonable and necessary to ensure the effectiveness of a preferential parking program.

SEC. 3. Section 22653 of the Vehicle Code is amended to read:

22653. (a) Any peace officer, as that term is defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, other than an employee directing traffic or enforcing parking laws and regulations, may remove a vehicle from private property located within the territorial limits in which the officer is empowered to act, when a report has previously been made that the vehicle has been stolen or a complaint has been filed and a warrant thereon issued charging that the vehicle has been embezzled.

(b) Any peace officer, as that term is defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, may, after a reasonable period of time, remove a vehicle from private property located within the territorial limits in which the officer is empowered to act, if the vehicle has been involved in, and left at the scene of, a traffic accident and no owner is available to grant permission to remove the vehicle. This subdivision does not authorize the removal of a vehicle where the owner has been contacted and has refused to grant permission to remove the vehicle.

(c) Any peace officer, as that term is defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, may, at the request of the property owner or person in lawful possession of any private property, remove a vehicle from private property located within the territorial limits in which the officer is empowered to act when an officer arrests any person driving or in control of a vehicle for an alleged offense and the officer is, by this code or other law, required or authorized to take, and does take the person arrested before a magistrate without unnecessary delay.

CHAPTER 913

An act to add Section 1748.1 to the Civil Code, relating to credit cards.

[Approved by Governor September 23, 1985 Filed with Secretary of State September 24, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1748.1 is added to the Civil Code, to read:

1748.1. (a) No retailer in any sales transaction may impose a surcharge on a cardholder who elects to use a credit card in lieu of payment by cash, check, or similar means. A retailer may, however, offer discounts for the purpose of inducing payment by cash, check, or other means not involving the use of a credit card, provided that the discount is offered to all prospective buyers.

(b) Any retailer who willfully violates the provisions of this section by imposing a surcharge on a cardholder who elects to use a credit card and who fails to pay that amount to the cardholder within 30 days of a written demand by the cardholder of the retailer by certified mail, shall be liable to the cardholder for three times the amount at which actual damages are assessed. The cardholder shall also be entitled to recover reasonable attorney's fees and costs incurred in the action.

A cause of action under this section may be brought in small claims court, if it does not exceed the jurisdiction of that court, or in any other appropriate court.

(c) For purposes of this section, "any sales transaction" means a "lease" as defined in subdivision (g) of Section 1791 or "sale" as defined in subdivision (n) of Section 1791.

(d) It is the intent of the Legislature to promote the effective operation of the free market and protect consumers from deceptive price increases for goods and services by prohibiting credit card surcharges and encouraging the availability of discounts by those retailers who wish to offer a lower price for goods and services purchased by some form of payment other than credit card.

CHAPTER 914

An act to amend Section 9356.21 of the Government Code, relating to public retirement, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1985. Filed with Secretary of State September 24, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 9356.21 of the Government Code is amended to read:

9356.21. Each member or former member who retired on or after December 1, 1981, who has 10 years of credited service in this system on or before December 31, 1984, shall receive credit for active service of not less than one year in the armed forces of the United States, or continuous active service of not less than one year in the

Merchant Marine of the United States prior to January 1, 1950, which service was rendered prior to assuming for the first time a state office for which membership in the system was elective and terminated with a discharge under other than dishonorable conditions; provided, however, that the credit to be given for that service shall be on the basis of one year of credit for each five years of credited service in this system, but shall not exceed a total of four years regardless of the number of years of either that service or subsequent service in this system. However, any member or retired former member electing to receive a credit for such military service shall contribute in lump sum or by installments over such period and subject to such minimum payments as may be prescribed by regulations of the board, at the member's contribution rate at the time of election or the retired person's contribution rate at retirement applied, respectively, to the average annual compensation of the member over the three years immediately preceding the election or the average annual compensation of the retired person over the three years immediately preceding retirement.

Military service credit shall not be granted for any military service to which any of the following apply:

(a) In any period for which credit is otherwise given under Section 9356.2.

(b) For which service credit was received under any other retirement system.

(c) To the extent that total credit under this section would exceed four years.

An election by a member with respect to military service under this section may be made only while the member is in service in this system and an election by a member or retired former member shall be made before January 1, 1986.

Any resulting increase in the allowance of a retired former member shall be applied prospectively only.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Chapter 1759 of the Statutes of 1984 authorized the granting of service credit in the Legislators' Retirement System for military service, as specified, if the member elects therefor before January 1, 1986. In order that the revision effected by this act of the conditions upon that authorization may be implemented prior to that deadline, it is necessary that this act take effect immediately.

CHAPTER 915

An act to amend Section 4532 of the Penal Code, relating to crimes.

[Approved by Governor September 23, 1985 Filed with Secretary of State September 24, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 4532 of the Penal Code is amended to read:

4532. (a) Every prisoner arrested and booked for, charged with, or convicted of a misdemeanor, and every person committed under the terms of Section 5654, 5656, or 5677 of the Welfare and Institutions Code as an inebriate, who is confined in any county or city jail or prison or industrial farm or industrial road camp or who is engaged on any county road or other county work or who is in the lawful custody of any officer or person, or who is employed or continuing in his or her regular educational program or authorized to secure employment or education away from the place of confinement, pursuant to the Work Furlough Rehabilitation Law (Section 1208), or who is authorized for temporary release for family emergencies or for purposes preparatory to his or her return to the community pursuant to Section 4018.6, and who thereafter escapes or attempts to escape from such county or city jail, prison, industrial farm or industrial road camp or from the custody of the officer or person in charge of him or her while engaged in or going to or returning from such county work or from the custody of any officer or person in whose lawful custody he or she is, is guilty of a felony and, if such escape or attempt to escape was not by force or violence, is punishable by imprisonment in the state prison for a determinate term of one year and one day, or in the county jail not exceeding one year; provided, however, that if such escape or attempt to escape is by force or violence, such person is guilty of a felony and is punishable by imprisonment in the state prison for two, four, or six years to be served consecutively, or in the county jail not exceeding one year; provided, that when the second term of imprisonment is to be served in the county jail it shall commence from the time such prisoner would otherwise have been discharged from jail.

The willful failure of a prisoner, whether convicted of a felony or a misdemeanor, employed or continuing in his regular educational program or authorized to secure employment or education pursuant to the Work Furlough Rehabilitation Law (Section 1208) or authorized for temporary release for family emergencies or for purposes preparatory to his or her return to the community pursuant to Section 4018.6, to return to the place of confinement not later than the expiration of a period during which, pursuant to that law, he or she is authorized to be away from such place of confinement, is an escape from such place of confinement punishable as provided in this subdivision.

A conviction of violation of this subdivision, not by force or violence, shall not be charged as a prior felony conviction in any subsequent prosecution for a public offense.

(b) Every prisoner arrested and booked for, charged with, or convicted of a felony who is confined in any county or city jail or prison or industrial farm or industrial road camp or who is engaged on any county road or other county work or who is in the lawful custody of any officer or person, or who is confined pursuant to Section 4011.9, who escapes or attempts to escape from such county or city jail, prison, industrial farm or industrial road camp or from the custody of the officer or person in charge of him or her while engaged in or going to or returning from such county work or from the custody of any officer or person in whose lawful custody he or she is, or from confinement pursuant to Section 4011.9, is guilty of a felony and, if such escape or attempt to escape was not by force or violence, is punishable by imprisonment in the state prison for 16 months, or two or three years to be served consecutively, or in the county jail not exceeding one year; provided, that if such escape or attempt to escape is by force or violence, such person is guilty of a felony and is punishable by imprisonment in the state prison for a full term of two, four, or six years to be consecutive to any other term of imprisonment, commencing from the time the person would otherwise have been released from imprisonment and the term shall not be subject to reduction pursuant to subdivision (a) of Section 1170.1, or in the county jail for a consecutive term not to exceed one year, that term to commence from the time such prisoner would otherwise have been discharged from such jail.

(c) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not be granted to any person who is convicted of a felony offense under this section in that he or she escaped or attempted to escape from a secure main jail facility, from a court building or while being transported between the court building and the jail facility. In any case in which a person is convicted, of such an offense designated as a misdemeanor, he or she shall be confined in the county jail for not less than 90 days nor more than one year except in unusual cases where the interests of justice would best be served by the granting of probation. For the purposes of this subdivision, "main jail facility" means the facility used for the detention of persons pending arraignment, after arraignment, during trial and upon sentence or commitment. The facility shall not include an industrial farm, industrial road camp, work furlough facility, or any other nonsecure facility used primarily for sentenced prisoners. As used in this subdivision "secure" means that the facility contains an outer perimeter characterized by the use of physically restricting construction, hardware, and procedures designed to eliminate ingress and egress from the facility except through a closely supervised gate or doorway.

If the court grants probation under this subdivision, it shall specify

the reason or reasons for such order on the court record.

Any sentence imposed under this subdivision shall be served consecutive to any other sentence in effect or pending.

[Approved by Governor September 23, 1985 Filed with Secretary of State September 24, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 72252 of the Education Code is amended to read:

72252. (a) Commencing with the semester, term, or quarter which begins after July 31, 1984, the governing board of each community college district shall charge each student a fee, pursuant to this section.

(b) The fee prescribed by this section shall equal fifty dollars ($50) per semester for students enrolled in classes totaling six or more credit semester units, and five dollars ($5) per unit per semester for students enrolled in classes totaling less than six credit semester units.

The chancellor shall proportionately adjust the amount of the fee for term lengths based upon a quarter system or other alternative system approved pursuant to Section 78002, and shall also proportionately adjust the amount of the fee for summer sessions, intersessions, and other short-term courses. In making these adjustments, the chancellor may round the per unit fee and the per term or per session fee to the nearest dollar.

(c) For the purposes of computing apportionments to community college districts, 98 percent of the revenues received by districts from charging a fee pursuant to this section or from fees defrayed pursuant to subdivision (f) shall be deemed to be local property tax revenue within the meaning of subdivision (b) of Section 84700.

(d) The chancellor shall reduce apportionments by up to 10 percent to any district which does not collect the fees prescribed by this section.

(e) The fee requirement shall not apply to students enrolled in the noncredit courses designated by Section 84711, or to California State University or University of California students enrolled in remedial classes provided by a community college district on a campus of the University of California or a campus of the California State University, for whom the district claims an attendance apportionment pursuant to an agreement between the district and the California State University or the University of California.

(f) The fee requirements of this section shall be defrayed pursuant to Section 19 of Chapter 1 of the 1983–84 Second Extraordinary Session for any student who, at the time of enrollment, is a recipient of benefits under the Aid to Families with Dependent Children program, the Supplemental Security Income/State Supplementary Program, or a general assistance program.

(g) Student financial aid funds appropriated for the purpose of assisting students to pay the fee required by this section may be awarded without regard to the requirements of Chapter 2 (commencing with Section 69500) of Part 42.

(h) The board of governors shall adopt regulations implementing this section as regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2

of the Government Code.

(i) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends that date.

SEC. 2. Section 19 of Chapter 1 of the 1983–84 Second Extraordinary Session is amended to read:

Sec. 19. (a) There is hereby appropriated the following sums to the Board of Governors of the California Community Colleges for the purpose of providing financial aid funds directly to low-income students who cannot afford to pay the fee specified in Section 72252 of the Education Code, and for the purpose of defraying fees pursuant to subdivision (f) of Section 72252:

Period	Amount
July 1, 1984 to June 30, 1985	$15,000,000
July 1, 1985 to June 30, 1986	15,000,000
July 1, 1986 to June 30, 1987	15,000,000
July 1, 1987 to January 1, 1988	7,500,000

(b) The chancellor shall allocate the funds appropriated by subdivision (a) to community college districts. In prescribing the manner of allocation, the chancellor shall endeavor to ensure that students with similar characteristics shall be treated similarly with respect to the provision of financial aid pursuant to this section, regardless of the community college they attend.

In allocating funds pursuant to this section, the chancellor shall consider the number of financial aid recipients in each district and the availability of federal and other state financial aid resources.

The chancellor may allocate up to 7 percent of the total amount appropriated by subdivision (a) to community college districts for delivery of student financial aid services required as a result of this section. Funds so allocated for delivery of student financial aid services shall supplement, and shall not supplant, the level of funds allocated for the administration of student financial aid programs during the 1983–84 fiscal year.

(c) Financial aid shall be provided pursuant to this section only to those students required to pay the fee specified in Section 72252 of the Education Code, and only in an amount equal to the fee actually charged the student pursuant to that section. In addition, the chancellor shall pay districts the amount of fees defrayed pursuant to subdivision (f) of Section 72252.

(d) Districts which receive an allocation of funds pursuant to this section shall utilize appropriate financial need criteria for the distribution of the funds. These criteria may include, but are not limited to, nationally accepted needs analysis methodologies, evidence of need based upon the receipt of public assistance, or other reasonable methods.

(e) The chancellor shall submit a plan made pursuant to subdivision (b) to the California Postsecondary Education Commission, the

Legislative Analyst, and to the fiscal and education policy committees of each house of the Legislature by June 15, 1984.

The California Postsecondary Education Commission shall review the plan and submit its recommendations to the fiscal and education policy committees of each house of the Legislature.

(f) If the amount appropriated pursuant to this section exceeds the need for financial aid to students who cannot afford to pay the fee charged pursuant to Section 72252, the excess shall revert to the General Fund.

(g) If the amount needed for financial aid to students who cannot afford to pay the fee charged pursuant to Section 72252 and to pay districts for the total amount of fees defrayed pursuant to subdivision (f) of Section 72252 is greater than the amount appropriated by this section, the chancellor shall certify to the Department of Finance the amount of the additional funds which are required. Upon receipt of this certification, the Director of Finance shall take any administrative action available to him or her to transfer the additional funds, pursuant to the Budget Act or otherwise.

(h) If additional funds are needed to administer the financial aid funds provided by this section for the 1984–85 fiscal year, the chancellor shall certify to the Department of Finance the amount of additional funds which are required. Upon receipt of this certification, the Director of Finance shall certify to the Controller the necessity for the additional funds. Upon receipt of the director's certification, the Controller shall transfer to the chancellor the additional amount needed, not to exceed two hundred thousand dollars ($200,000), from the amount appropriated by this section for the period of July 1, 1984, to June 30, 1985.

(e) Determine when new employees become eligible.

(f) Determine the need for changes in uniforms based on requests from appointing powers.

If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 3. Section 20022.05 is added to the Government Code, to read:

20022.05. (a) Notwithstanding the provisions of paragraphs (5) and (6) of subdivision (a) of Section 20022 and paragraph (11) of subdivision (b) of Section 20022, the Department of Personnel

(b) Notwithstanding the provisions of paragraphs (5) and (6) of subdivision (a) of Section 20022 and paragraph (11) of subdivision (b) of Section 20022, the Trustees of the California State University shall determine which payments and allowances that are paid by the trustees will be considered compensation for retirement purposes for any managerial employee as defined in subdivision (*l*) of Section 3562, or supervisory employee as defined in Section 3580.3.

SEC. 5. Section 20022.2 of the Government Code is amended to read:

20022.2. "Compensation" shall not include, in addition to those items specified in Section 20022, all of the following:

In order for nonrepresented employees to receive the same increases in uniform allowance benefits provided to represented employees, it is necessary for this act to apply retroactively to July 1, 1984.

SEC. 8. The provisions of the following memoranda of understanding prepared pursuant to Section 3517.5 of the Government Code and entered into by the state employer and the following employee organizations on the dates listed below, which require the expenditure of funds, are hereby approved for the purposes of Section 3517.6 of the Government Code:

(c) Unit 18 - Communications Workers of America, dated September 12, 1985.

SEC. 9. SEC. 10. Any provisions in a memorandum of understanding approved by Section 11 or 12 which are scheduled to take effect on or after July 1, 1986, and which require the expenditure of funds, shall not take effect unless funds for these provisions are specifically appropriated by the Legislature.

SEC. 11. Notwithstanding Section 3517.6 of the Government Code, the provisions of any memorandum of understanding that require the expenditure of funds shall become effective even if the provisions of the memorandum of understanding are approved by the Legislature in legislation other than the annual Budget Act.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for nonrepresented state employees to receive the same increases in uniform allowances that were provided to represented employees at the earliest possible time, and in order for the

provisions of this act to be applicable for the entire 1985–86 fiscal year, it is necessary for this act to take effect immediately.

CHAPTER 922

An act to amend Section 19850 of, and to add Section 19850.7 to, the Government Code, and to amend Section 10430 of the Public Contract Code, relating to state employees, and making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

The protective vests shall be manufactured to specifications as agreed to by the state employer and the employee representative after consultation with appropriate state agencies. The protective vests shall cover the entire torso of a peace officer and shall be designed so that they are capable of protecting an officer against a knife attack.

SEC. 7. Any provisions in the memorandum of understanding approved by Section 6 which are scheduled to take effect on or after July 1, 1986, and which require the expenditure of funds, shall not take effect unless funds for these provisions are specifically appropriated by the Legislature.

SEC. 8. Notwithstanding Section 3517.6 of the Government Code, the provisions of any memorandum of understanding that require the expenditure of funds shall become effective even if the provisions of the memorandum of understanding are approved by the Legislature in legislation other than the annual Budget Act.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to protect the safety and the lives of the peace officers of the Department of Corrections and the California Youth Authority, and in order for the provisions of this act to be applicable for the entire 1985–86 fiscal year, it is necessary that this act take effect immediately.

[Approved by Governor September 23, 1985 Filed with Secretary of State September 24, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 6306 of the Public Resources Code is repealed.

SEC. 2. Section 6306 is added to the Public Resources Code, to read:

6306. (a) Notwithstanding any other provision of law, every county, city, district, or other political subdivision or agency of the

state to which sovereign trust lands, including tidelands, submerged lands, or the beds of navigable waters, have been, or in the future are, granted, conveyed, or transferred by statute, shall establish and maintain accounting procedures, in accordance with generally accepted accounting principles, providing accurate records of all revenues received from the trust lands and trust assets and of all expenditures of those revenues. Where a trust grantee has several trust grants of adjacent lands and operates the granted lands as a single integrated entity, separation of accounting records for each trust grant is not required.

(b) All revenues received from trust lands and trust assets shall be expended only for those uses and purposes consistent with the public trust for commerce, navigation, and fisheries, and the applicable statutory grant or grants.

(c) Unless otherwise prescribed by law, on or before October 1 of each year, commencing October 1, 1986, each trust grantee shall file with the commission a detailed statement of all revenues and expenditures relating to its trust lands and trust assets, including obligations incurred but not yet paid, covering the fiscal year preceding submission of the statement. The statement shall be prepared in accordance with generally accepted accounting principles and may take the form of an annual audit prepared by or for the trust grantee.

SEC. 3. Section 15 of Chapter 651 of the Statutes of 1929, as added by Chapter 926, Statutes of 1979, is amended to read:

Sec. 15. (a) Whenever it appears to the city to be expedient and in the best interests of the state for the settlement of boundary and title disputes or for carrying out the purposes set forth in Sections 1 and 3 of this act, and it further appears that no substantial interference with the trust uses and purposes would ensue, the city may exchange with any state agency, political subdivision, person, entity, or corporation, or the United States, or any agency thereof, lands for lands of equal or greater value located within the area described as follows:

That certain parcel of land situated in the "San Pedro, Wilmington, and Terminal Island Districts" of the City of Los Angeles, County of Los Angeles, State of California, more particularly described as follows:

Commencing at the intersection of the boundary of the City of Los Angeles and City of Long Beach and the federal breakwater at San Pedro; thence westerly along that breakwater to the intersection of that breakwater with Oliver Vickery Circle; thence westerly along the centerline of the southerly portion of that circle to its intersection with the centerline of Stephen White Drive; thence westerly along that centerline to its intersection with the centerline of Pacific Avenue; thence northerly along that centerline to its intersection with the centerline of 22nd Street; thence easterly along that centerline to a point at the centerline of Crescent Avenue; thence northerly along that centerline to a point on the centerline of Harbor

Boulevard; thence northerly along that centerline to a point on the centerline of O'Farrell Street; thence westerly along that centerline to a point on the centerline of Pacific Avenue; thence northerly along that centerline to a point on the centerline of Channel Street; thence westerly along that centerline to the easterly extremity of the right-of-way for State Highway Route 110 (commonly known as the Harbor Freeway); thence northerly along that extremity to a point on the centerline of "C" Street in the Wilmington District of the city; thence easterly along that centerline to the centerline of Broad Street; thence southerly along that centerline to the centerline of "B" Street; thence easterly along that centerline to the centerline of Alameda Street; thence northeasterly along that centerline to the centerline of Grant Street; thence easterly along that centerline and its prolongation to a point on the easterly extremity of the right-of-way for the Dominquez Channel; thence northeasterly along that right-of-way to a boundary line common to the City of Carson and the City of Los Angeles; thence northerly along that common boundary line to a point at the southerly extremity of a right-of-way for State Highway Route 405 (commonly known as the San Diego Freeway); thence southerly to an angle point common to boundary lines for the Cities of Carson, Long Beach, and Los Angeles; thence continuing southerly along the boundary line common to the Cities of Long Beach and Los Angeles to the point of beginning. Any lands so acquired shall have the same status as to administration, control, and disposition as the lands for which they were exchanged.

(b) No exchange shall be effective unless and until the State Lands Commission does both of the following:

(1) Finds that the lands to be acquired by the city are of equal or greater value than the lands for which they are to be exchanged.

(2) Approves the exchange.

(c) The lands exchanged by the city may be improved, filled, and reclaimed by the recipient thereof subject to all necessary approvals by local, regional, state, or federal entities. Upon the adoption of a resolution by the State Lands Commission finding and declaring that the lands have been improved, filled, and reclaimed, and have thereby been excluded from the public channels and are no longer available, useful, or susceptible of being used for navigation, fishing, and for other trust uses and purposes, and are no longer in fact tidelands or submerged lands, the lands shall thereupon be free from the public trust upon which they were held.

(d) Exchanges made pursuant to this section are hereby found to be of statewide significance and importance, and, therefore, any provision of any law, regulation, charter, or statute inconsistent with this section shall not be applicable to the exchange.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to use trust funds, an existing source provided by the trust grant, sufficient to pay for the

program or level of service mandated by this act.

SEC. 5. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for revised accounting procedures and records of revenues and expenditures of funds from trust lands and in order to resolve a dispute regarding certain trust lands in the City of Los Angeles at the earliest possible time, thereby evoking development and expansion of port facilities in furtherance of trust purposes, it is necessary that this act take effect immediately.

14078.5. (a) The Legislature intends that the director shall study the availability of dental health resources and methods of reducing the incidence of dental disease for persons who are "developmentally disabled" pursuant to Section 4512 and who are clients of regional centers serving persons who have developmental disabilities.

(b) By March 1, 1986, the director, in consultation with the Director of Developmental Services and the Association of Regional Center Agencies (ARCA), shall submit findings to the Legislature in a report which shall include, but not be limited to, the following:

(1) Identification of the number of persons with developmental disabilities who are eligible for dental services under the Medi-Cal program, which is regulated by Sections 51307, 51506, 51506.1, and 51506.2 of Title 22 of the California Administrative Code.

(2) Indication of the type and level of services which were authorized by the regulations and provided in the three fiscal years immediately preceding the effective date of this act.

(3) The usual and customary rate of reimbursement for dental services when provided through private payment without reimbursement under the Medi-Cal program.

The report shall include recommendations for changing eligibility for, and the level and scope of, services in order to meet the needs of persons with developmental disabilities.

(c) This section shall remain in effect only until July 1, 1989, and as of that date is repealed, unless a later enacted statute, which is chaptered before July 1, 1989, deletes or extends that date.

SEC. 2. Section 14078.6 is added to the Welfare and Institutions Code, to read:

14078.6. (a) The director shall contract with either the University of California, a state college or university, or a private dental school for one three-year pilot project. In making a determination of the contractor for the pilot project, the director shall select an entity which operates a dental training program and has a demonstrated record of addressing preventive dental care needs.

(b) The purpose of this pilot project is to provide necessary, direct care for persons, including, but not limited to, the following:

(1) Supervise oral hygiene and other preventive dental procedures, such as the use of sealants when appropriate.

(2) Identify dental diseases and make recommendations for interventions to eliminate or ameliorate the effects of diseases.

(3) Provide information and referral on appropriate dental care.

(4) Provide information on the nature and the extent of the special needs of clients and gather data on costs for dental services to ensure that there are appropriate rates of reimbursement to encourage professional personnel to accept Medi-Cal payment.

(5) Establish procedures for effective client tracking and followup for persons receiving preventive care.

(c) The contractor selected to implement this pilot project shall also develop and implement a commmunity-based dental health education model to be used by dental personnel for the training of persons with developmental disabilities, their parents, residential care providers, regional center care management personnel, and dental practitioners.

(d) The director shall report to the Legislature by March 15, 1989, on the results of the pilot project's activities and make recommendations for change in the Medi-Cal program in order to ensure statewide, uniform availability of appropriate and cost-effective dental health services.

CHAPTER 926

An act to add Sections 454.8 and 1005.5 to the Public Utilities Code, relating to public utilities.

[Approved by Governor September 23, 1985 Filed with Secretary of State September 24, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 454.8 is added to the Public Utilities Code, to read:

454.8. In any decision establishing rates for an electrical or gas corporation reflecting the reasonable and prudent costs of the new construction of any addition to or extension of the corporation's plant, when the commission has found and determined that the addition or extension is used and useful, the commission shall consider a method for the recovery of these costs which would be constant in real economic terms over the useful life of the facilities, so that ratepayers in a given year will not pay for the benefits received in other years.

SEC. 2. Section 1005.5 is added to the Public Utilities Code, to read:

1005.5. (a) Whenever the commission issues to an electrical or gas corporation a certificate authorizing the new construction of any addition to or extension of the corporation's plant estimated to cost greater than fifty million dollars ($50,000,000), the commission shall specify in the certificate a maximum cost determined to be reasonable and prudent for the facility. The commission shall determine the maximum cost using an estimate of the anticipated construction cost, taking into consideration the design of the project, the expected duration of construction, an estimate of the effects of economic inflation, and any known engineering difficulties associated with the project.

(b) After the certificate has been issued, the corporation may apply to the commission for an increase in the maximum cost specified in the certificate. The commission may authorize an increase in the specified maximum cost if it finds and determines that the cost has in fact increased and that the present or future public convenience and necessity require construction of the project at the increased cost; otherwise, it shall deny the application.

(c) After construction has commenced, the corporation may apply to the commission for authorization to discontinue construction and recover those costs which were reasonably and prudently incurred. After a showing to the satisfaction of the commission that the present or future public convenience and

necessity no longer require the completion of construction of the project, the commission may authorize discontinuance of construction and the recovery of those construction costs which were reasonable and prudent.

(d) In any decision establishing rates for an electrical or gas corporation reflecting the reasonable and prudent costs of the new construction of any addition to or extension of the corporation's plant, when the commission has found and determined that the addition or extension is used and useful, the commission shall consider whether or not the actual costs of construction are within the maximum cost specified by the commission.

[Approved by Governor September 23, 1985 Filed with Secretary of State September 24, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that Japanese Americans have made major contributions to the social, cultural, and economic greatness of the state. The Legislature further finds and declares that the Japanese American National Museum, conceived as a depository for documentation and preservation of artifacts which record the Japanese American experience in America, would provide valuable and necessary educational information to the public.

SEC. 2. Item 3790-101-036 of Section 2.00 of Chapter 111 of the Statutes of 1985 is amended to read:

3790-101-036—For local assistance, Department of Parks and Recreation, payable from the Special Account for Capital Outlay		2,750,000

CHAPTER 928

An act to repeal Section 19573 of the Government Code, relating to civil service employees.

[Approved by Governor September 23, 1985 Filed with Secretary of State September 24, 1985]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature, in repealing Section 19573 of the Government Code, to eliminate national origin or possession of dual citizenship as a cause for disciplinary action

against state employees. Section 19573 allows for the dismissal of any state employee in wartime solely because the employee possesses dual citizenship and has been used only once—to terminate the employment of all state employees of Japanese ancestry, regardless of citizenship, during World War II.

The right of the state to demand loyalty of its employees is adequately expressed in provisions of the Government Code, specifically Sections 1023, 1027, 3101, through 3109, 18150 through 18158, 18200, and 19572. These sections do not possess the discriminatory overtones of Section 19573. The repeal of Section 19573 does not affect other code sections which authorize the state to take disciplinary action against an employee for reasons of disloyalty to the United States, failure to take an oath of allegiance, or disruption of United States war efforts or defense preparations.

The Legislature hereby finds that the repeal of this section is necessary due to the discriminatory climate in which it was enacted and the civil rights violations which resulted from the method in which it was imposed.

SEC. 2. Section 19573 of the Government Code is repealed.

CHAPTER 929

An act to amend Sections 286, 288a, 289, and 290 of the Penal Code, relating to crime.

(d) Any person who, while voluntarily acting in concert with another person, either personally or by aiding and abetting such other person, commits an act of oral copulation when the act is accomplished against the victim's will by means of force or fear of immediate and unlawful bodily injury on the victim or another person or where the victim is at the time incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act shall be punished by imprisonment in the state prison for five, seven, or nine years. Notwithstanding the appointment of a conservator with respect to the victim pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of the crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving legal consent.

official in charge of the place of confinement or hospital and the official shall require the person to read and sign such form as may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to the person. The official in charge of the place of confinement or hospital shall obtain the address where the person expects to reside upon his or her discharge, parole, or release and shall report the address to the Department of Justice. The official in charge of the place of confinement or hospital shall give one copy of the form to the person, and shall send two or, if the conviction which makes the person subject to this section is a felony conviction, shall, not later than 45 days prior to the scheduled release of the person, send four copies to the Department of Justice, which, in turn, shall forward one copy to the appropriate law enforcement agency having local jurisdiction where the person expects to reside upon discharge, parole, or release, and, if the conviction which makes the person subject to this section is a felony conviction, one copy to the prosecuting agency which prosecuted the person and one copy to the court where the person was prosecuted. The court shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The court shall give one copy of the form to the person, and shall send two copies to the Department of Justice, which, in turn, shall forward one copy to the appropriate law enforcement agency having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(d) The registration shall consist of (a) a statement in writing signed by the person, giving such information as may be required by the Department of Justice, and (b) the fingerprints and photograph of the person. Within three days thereafter, the registering law enforcement agency shall forward the statement, fingerprints, and photograph to the Department of Justice.

(e) If any person required to register hereunder changes his or her residence address, the person shall inform, in writing within 10 days, the law enforcement agency with whom he or she last registered of the new address. The law enforcement agency shall,

within three days after receipt of this information, forward it to the Department of Justice. The Department of Justice shall forward appropriate registration data to the law enforcement agency having local jurisdiction of the new place of residence.

(f) Any person required to register under this section who violates any of the provisions thereof is guilty of a misdemeanor. Any person who has been convicted of assault with intent to commit rape, oral copulation, or sodomy, or of any violation of Section 261, 286, 288, 288a, or 289, and who is required to register under this section who shall willfully violate any of the provisions thereof is guilty of a misdemeanor and shall be sentenced to serve a term of not less than 90 days nor more than one year in the county jail. In no event does the court have the power to absolve a person who willfully violates this section from the obligation of spending at least 90 days of confinement in the county jail and of completing probation of at least one year.

(g) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the Board of Prison Terms, the Youth Authority, or the court, as the case may be, shall order the parole or probation of the person revoked.

(h) The statements, photographs, and fingerprints herein required shall not be open to inspection by the public or by any person other than a regularly employed peace or other law enforcement officer.

(i) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including fire fighting, disaster control, or of whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (f) if the person did register within 30 days.

SEC. 5. Notwithstanding Section 2231.5 of the Revenue and

Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 6. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 930

An act relating to prisons, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1985. Filed with Secretary of State September 25, 1985.]

The people of the State of California do enact as follows:

SECTION 1. (a) Notwithstanding any other provision of law, the Department of Corrections is authorized to pay local public entities, in order to obtain essential sewage and water services for the California State Prison in San Diego County, to be known as the Richard J. Donovan Correctional Facility at Rock Mountain, authorized in Section 13 of Chapter 540 of the Statutes of 1981, as amended by Section 7 of Chapter 958 of the Statutes of 1983, as follows:

(1) An amount not to exceed two million five hundred thousand dollars ($2,500,000) to the City of San Diego as the full payment for reasonable, customary, and nondiscriminatory capacity fees for existing sewage facilities of the San Diego Metropolitan Sewer System.

(2) Reasonable, customary, and nondiscriminatory capacity fees to the City of San Diego for the use of the City of Chula Vista and Montgomery Sanitation District's Date/Faivre Trunk Sewer. The fees shall be amortized over a period of years to be agreed upon by the state and the district.

(3) Reasonable, customary, and nondiscriminatory capacity fees to the Otay Water District for existing water facilities. The fees shall be amortized over a period of years to be agreed upon by the state

and the district.

(b) The Legislature and the people of the State of California have determined that immediate expansion of the existing state adult prison system by the swiftest possible means is necessary to relieve that system from current severe overcrowding and to maintain the public safety and security. Development of the proposed Richard J. Donovan Correctional Facility at Rock Mountain is one major component in the immediate expansion which is essential. This prison cannot be occupied without timely provision of sewer and water service, which cannot be assured without the payments authorized in this section. Further delay in the expansion of the prison system, including specifically the Richard J. Donovan Correctional Facility at Rock Mountain, may well lead to increased violence, and may expose the state, its officers, and employees to civil and contempt liability. Therefore, the payments authorized in this section are required to accomplish essential and substantial state purposes.

SEC. 2. The prison population has increased during the past two and one-half years at an average rate of 100 inmates each week. During much of 1985, the increase has averaged an additional 170 inmates per week. Most of these inmates were sent to prison because they committed violent crimes. The courts have determined that various conditions which are incidents of overcrowding must be corrected. The Legislature and the people of California have determined that immediate expansion of the prison system by the swiftest possible means is necessary to relieve the system from current and anticipated overcrowding and to maintain the public safety and security. The provisions included in this act are essential to permit the state to deal with this immediate and current crisis.

CHAPTER 933

Authority is also vested in the director to utilize up to 50 percent of the cells of the facility to house special cases. The director may also choose to double occupy each cell if systemwide overcrowding demands that measure.

The Director of Corrections may implement the provisions of this section only if the encumbrance of those funds is authorized by the Department of Finance, not sooner than 30 days after notification in writing of the necessity therefor, to the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee.

This section shall become inoperative on July 1, 1988, and, as of January 1, 1989, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1989, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 1.5. Section 7004 (as added by Chapter 958 of the Statutes of 1983) of the Penal Code is amended and renumbered to read:

7007. (a) The Legislature hereby finds and declares that due to the lack of capacity for new inmates in the state prison system, the construction of new prison facilities is of utmost importance to the public safety and well-being. The Legislature further finds and declares that it is in the public's interest to ensure that prisons are planned, designed, and constructed in a manner which is consistent with the California Environmental Quality Act and which minimizes environmental and other impacts upon the communities in which they are located. It is the intent of the Legislature that expeditious planning, construction, and operation of new prisons shall be achieved by so-called "fast-tracking" of the environmental review process and by acceleration of any actions or proceedings brought pursuant to Division 13 (commencing with Section 21000) of the Public Resources Code, as provided in this section.

(b) Notwithstanding the guidelines adopted by the Secretary of the Resources Agency pursuant to Section 21083 of, and notwithstanding Section 21092 of, the Public Resources Code, there shall be no review period for a notice of preparation or response time for responsible agencies with respect to prison projects authorized by the Legislature. In lieu of such review and response periods, the department shall consult with responsible agencies during the preparation of a draft environmental impact report.

(c) Notwithstanding the guidelines adopted by the Secretary of the Resources Agency pursuant to Section 21083 of, and notwithstanding Section 21092, of the Public Resources Code, the review period for the draft environmental impact report shall not exceed 30 days unless a shorter review period is authorized by the Office of Planning and Research with respect to prison projects authorized by the Legislature.

(d) No action may be brought pursuant to Section 21167 of the Public Resources Code unless the alleged grounds for noncompliance with the provisions of Division 13 (commencing with Section 21000) of the Public Resources Code were presented to the public agency orally or in writing by any person.

(e) No person shall maintain an action or proceeding unless that person objected to the project orally or in writing.

(f) Subdivisions (d) and (e) do not apply where there was no public hearing or other opportunity for the members of the public to raise objections prior to the approval of the prison project or when the public agency failed to give the notice required by law.

(g) In any action or proceeding involving prisons authorized by the Legislature alleging noncompliance with Division 13 (commencing with Section 21000) of the Public Resources Code, the petitioner shall request a hearing within 45 days of filing the petition or otherwise be subject to dismissal on the court's own motion or on the motion of any party interested therein.

(h) In any action brought pursuant to Section 21167 of the Public Resources Code involving prisons authorized by the Legislature, including the hearing of any such action on appeal from the decision of a lower court, all courts where such actions are or may hereafter be pending, shall give the actions preference over all other civil actions, in the matter of setting the same for hearing or trial, and in hearing the same, to the end that all such actions shall be quickly heard and determined.

(i) If an action brought pursuant to Section 21167 of the Public Resources Code involving prisons authorized by the Legislature is appealed, at the completion of the filing of briefs, the appellant shall notify the court of completion of the filing of briefs, whereupon the clerk of the reviewing court shall set the appeal for hearing on the first available calendar date.

(j) The filing of an action pursuant to Division 13 (commencing with Section 21000) of the Public Resources Code involving prisons authorized by the Legislature shall not stop activities such as the acquisition of a site for a prison, the planning and construction of a prison, provided that no temporary restraining order, preliminary injunction, permanent injunction, or any other court order mandating cessation of the activity exits.

(k) The Legislature finds and declares that the enactment of this section is intended for the express purpose of expediting new prison construction, and that the procedures provided for in this section shall be utilized for this purpose.

(*l*) This section shall apply only to the expansion beds authorized in Section 4 of the act enacted in the 1985 portion of the 1985–86 Regular Session that amended and renumbered this section.

(m) This section shall remain in effect until January 1, 1988, unless a later enacted statute, which is enacted on or before January 1, 1988, deletes or extends that date.

SEC. 2. Section 7008 is added to the Penal Code, to read:

7008. (a) Division 13 (commencing with Section 21000) of the Public Resources Code shall not apply to the addition of 150 Level I and Level II beds authorized by Section 5 of this act at San Gabriel Canyon, provided that the department has made the following finding with respect to that facility:

(1) The increase in bed capacity, if any, shall not exceed, 5 percent of the total capacity of the facility prior to the increase.

(2) Any modifications made to existing structures are internal only. No external additions to existing structures or construction of new structures shall be done. Modular structures used exclusively for prisoner program activity shall be exempt from this requirement.

(3) Any modifications to a facility shall not result in a significant depletion in water, sewage, or other environmental resources. The department shall present substantial evidence that this requirement has been met in the findings described in subdivision (b).

(b) The department shall make findings that the requirements of subdivision (a) have been met, and shall make the findings available to the public.

SEC. 2.3. Section 7012 is added to the Penal Code, to read:

7012. (1) Geology.

(2) Hydrology-groundwater.

(3) Water quality-surface waters.

(4) Plant and animal life-endangered and rare species.

(5) Air quality.

(6) Noise.

(7) Light and glare.

(8) Utilities-gas, electricity, telephone, solid waste, sewage disposal, and drinking water.

(9) Archaeology.

(10) Energy.

(b) The factors set forth in subdivision (a) shall be assessed only as they relate to the direct impacts caused off the site as a result of the construction, operation, and maintenance of the prison facility upon completion and occupancy.

(c) Notwithstanding any other provision of law, other than Section 7003, the approval of the study by the State Public Works Board is the only approval required for compliance with any applicable environmental requirements. The Public State Works Board shall not act on the study until it receives a recommendation from the Joint Legislative Prison Committee. Approval of the study by the State Public Works Board shall be final and binding on all

parties.

(d) If the committee does not, by a majority vote of the committee membership, take any action on the study within 30 days after submittal, that inaction shall be deemed to be a recommendation of concurrence for the purposes of this section.

(e) Prior to providing a recommendation to the State Public Works Board, but within the 30-day period specified in subdivision (d), the committee shall hold a public hearing in the community in the vicinity of the proposed site. Notice of the hearing shall be published in a newspaper of general circulation in, or adjacent to, that community. The notice shall be at least one-quarter page in size. The city council and the county board of supervisors shall be invited to participate in the hearing.

SEC. 2.5. Section 10108.5 is added to the Public Contract Code to read:

10108.5. (a) Contracts let by the Department of Corrections for the construction, erection, alteration, repair, or improvement of state prison facilities shall have as statewide participation goals 13 percent minority business enterprise and 3 percent women business enterprise exclusive of inmate day labor contracts. These goals shall apply to the overall dollar amount expended each year by the department for these purposes.

The term "minority business enterprise" means a business concern (1) which is at least 51 percent owned by one or more minorities, or in the case of a publicly owned business, at least 51 percent of the stock of which is owned by one or more minorities; and (2) whose management and daily business operations are controlled by one or more such individuals.

The term "women business enterprise" means a business concern (1) which is at least 51 percent owned by a woman or, in the case of a publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and (2) whose management and daily business operations are controlled by one or more such individuals.

The term "goal" means a numerically expressed objective which contractors are required to make efforts to achieve.

(b) In awarding contracts to the lowest responsible bidder, the department shall consider the responsiveness of a bidder to minority business enterprise and women business enterprise goals set forth in subdivision (a). If the bidder fails to show a good faith effort, the department shall award the contract to the next lowest responsive and responsible bidder.

(c) The department shall establish a method of monitoring adherence to the goals specified in subdivision (a).

(d) The department shall adopt rules and regulations for the purpose of implementing this section. Emergency regulations consistent with this section may be adopted without review and approval by the Office of Administrative Law if adopted within 90 days of the effective date of this act.

(e) Beginning July 1, 1986, and on July 1 of each year thereafter, the department shall report to the Governor and the Legislature on the level of participation by minority and women business enterprises in contracts as identified in subdivision (a). If the established goals are not being met, the department shall report the reasons for its inability to achieve the standards and identify remedial steps it shall take.

SEC. 2.7. Notwithstanding any other provision of law, modifications to existing facilities necessary to provide the expansion beds authorized in this act are required repairs to public service facilities necessary to maintain service and specific actions necessary to prevent and mitigate an emergency within the meaning of paragraphs (2) and (4) of subdivision (b) of Section 21080 of the Public Resources Code.

SEC. 2.8. Section 9 of Assembly Bill No. 2251 of the 1985–86 Regular Session is amended to read:

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within

the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The state's prison system is currently overcrowded and overpopulated to the point California faces a public safety crisis. The prison population has increased during the past 2½ years at an average rate of 100 inmates each week; during much of 1985, the increase has averaged an additional 170 inmates per week. Most of these inmates were sent to prison because they committed violent crimes. The courts have determined that various conditions which were indicents of overcrowding must be corrected. The Legislature and the people of California have determined that immediate expansion of the prison system by the swiftest possible means is necessary to relieve the system from current and anticipated overcrowding and to maintain the public safety and security. The provisions included in this bill are essential to permit the state to deal with this immediate and current crisis.

CHAPTER 934

An act to amend Section 26529 of, and to add Sections 26553.5 and 27591.5 to, the Health and Safety Code, and to amend Section 307 of the Penal Code, relating to food.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 25, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 26529 of the Health and Safety Code is amended to read:

26529. Any food is adulterated if it is confectionery and any one of the following conditions exist:

(a) It has partially or completely embedded therein any nonnutritive object, provided that this subdivision shall not apply in the case of any nonnutritive object if, in the judgment of the department as provided by regulation, the object is of practical functional value to the confectionery product and would not render the product injurious or hazardous to health.

(b) It bears or contains any alcohol in excess of 5 percent by weight.

(c) It bears or contains any nonnutritive substance, provided that this subdivision shall not apply to a safe nonnutritive substance which is in or on confectionery by reason of its use for some practical functional purpose in the manufacture, packaging, or storage of the confectionery if the use of the substance does not promote deception of the consumer or otherwise result in adulteration or misbranding in violation of any provision of this act; and provided further that the department may, for the purpose of avoiding or resolving

uncertainty as to the application of this clause, issue regulations allowing or prohibiting the use of particular nonnutritive substances.

SEC. 2. Section 26553.5 is added to the Health and Safety Code, to read:

26553.5. Any food is misbranded if it is a confectionery and contains alcohol in excess of ½ of 1 percent by weight and that fact does not appear on the label for the food.

SEC. 3. Section 27591.5 is added to the Health and Safety Code, to read:

27591.5. Any food facility which serves or sells over the counter directly to the consumer an unlabeled or unpackaged food that is a confectionery which contains alcohol in excess of ½ of 1 percent by weight shall provide written notice to the consumer of that fact. The notice shall be prominently displayed or be provided in some other manner, as determined by the department. The department shall adopt regulations to govern the notice required by this section in order to effectuate the purposes of this section.

SEC. 4. Section 307 of the Penal Code is amended to read:

307. Every person, firm, or corporation which sells or gives or in any way furnishes to another person, who is in fact under the age of 21 years, any candy, cake, cookie, or chewing gum which contains alcohol in excess of ½ of 1 percent by weight, is guilty of a misdemeanor.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 935

An act to add Section 14132.8 to the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 25, 1985.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Under existing law, Medi-Cal benefits are provided the recipient for services which are medically necessary to protect life or prevent significant disability.

(b) Elderly stroke victims need rehabilitation services in order that they may regain the use of their limbs, speech, or other faculties which have been impaired by a stroke.

(c) The elderly population faces lives of nonexistence because of handicaps resulting from strokes.

(d) Rehabilitation treatment under Medi-Cal could make elderly stroke victims self-sufficient and restore them to more normal lives.

(e) Remaining within the family support circle increases and encourages progress for a successful recovery.

SEC. 2. Section 14132.8 is added to the Welfare and Institutions Code, to read:

14132.8. Services covered under this chapter shall include rehabilitative services for the physically or cognitively impaired stroke patient for whom the medical prognosis and signs indicate potential for faster or more complete recovery, or maintenance or prevention of degeneration, in a variety of situations, including acute inpatient intensive rehabilitation immediately after the occurrence of stroke, inpatient maintenance for the chronically impaired in a hospital or long-term care facility, outpatient services in a rehabilitation clinic or an adult day health care center, and in-home care or home health agency services for the stroke patient at home.

Rehabilitative services for the physically or cognitively impaired stroke patient only for those whom the medical prognosis and signs indicate potential for faster or more complete recovery, or maintenance or prevention of degeneration, shall be considered to fall within the definition of medical necessity, as that term is used in Section 14133.3.

This section shall not negate the department's utilization review authority under subdivision (a) of Section 14133.

CHAPTER 936

An act to amend Section 11130.5 of, and to add Section 11130.3 to, the Government Code, relating to meetings of state bodies.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 25, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 11130.3 is added to the Government Code, to read:

11130.3. (a) Any interested person may commence an action by mandamus, injunction, or declaratory relief for the purpose of obtaining a judicial determination that an action taken by a state body in violation of Section 11123 or 11125 is null and void under this section. Any action seeking such a judicial determination shall be commenced within 30 days from the date the action was taken. Nothing in this section shall be construed to prevent a state body from curing or correcting an action challenged pursuant to this section.

(b) An action shall not be determined to be null and void if any of the following conditions exist:

(1) The action taken was in connection with the sale or issuance of notes, bonds, or other evidences of indebtedness or any contract, instrument, or agreement related thereto.

(2) The action taken gave rise to a contractual obligation upon which a party has, in good faith, detrimentally relied.

(3) The action taken was in substantial compliance with Sections 11123 and 11125.

(4) The action taken was in connection with the collection of any tax.

SEC. 2. Section 11130.5 of the Government Code is amended to read:

11130.5. A court may award court costs and reasonable attorney's fees to the plaintiff in an action brought pursuant to Section 11130 or 11130.3 where it is found that a state body has violated the provisions of this article. The costs and fees shall be paid by the state body and shall not become a personal liability of any public officer or employee thereof.

A court may award court costs and reasonable attorney's fees to a defendant in any action brought pursuant to Section 11130 or 11130.3 where the defendant has prevailed in a final determination of the action and the court finds that the action was clearly frivolous and totally lacking in merit.

CHAPTER 937

An act to add Article 9 (commencing with Section 60720) to Chapter 5 of Part 33 of the Education Code, relating to school testing.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 25, 1985]

The people of the State of California do enact as follows:

SECTION 1. Article 9 (commencing with Section 60720) is added to Chapter 5 of Part 33 of the Education Code, to read:

Article 9. Test Information

60720. It is the intent of the Legislature in enacting this article to authorize school districts to administer standardized achievement tests. It is also the intent of the Legislature that school districts that administer these tests shall inform parents of the test scores of their children, provide parents with a general explanation of the meaning of those test scores, and encourage parents to contact the school in which their children are enrolled to obtain more detailed information as to the performance of their children in standardized

achievement tests.

60721. A school district may administer standardized achievement tests.

60722. A school district which administers published standardized achievement tests that are norm-referenced shall do all of the following:

(a) Report each pupil's individual score, in writing, to the pupil's parent or guardian. The written report shall include a clear explanation of the purpose of the test, the pupil's score, and its intended use by the school district. The written report may be included with the mailing of the next pupil report card. Nothing in this section shall be construed to require teachers to prepare individualized explanations of each pupil's test score.

(b) Invite parents to contact the school counselor, school principal, or other appropriate school employee for further explanation of the pupil's performance or information regarding how the parent or guardian can best assist the school and pupil in improving the pupil's performance.

CHAPTER 938

An act to add Chapter 11 (commencing with Section 11950) to Part 3 of Division 6 of the Water Code, relating to water resources, and making an appropriation therefor.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 25, 1985]

The people of the State of California do enact as follows:

SECTION 1. Chapter 11 (commencing with Section 11950) is added to Part 3 of Division 6 of the Water Code, to read:

CHAPTER 11. WATER CONSERVATION AND RECLAMATION PROJECTS

Article 1. Policy

11950. This chapter shall be known and may be cited as the Water Conservation Projects Act of 1985.

11951. The Legislature hereby finds and declares all of the following:

(a) Agriculture is this state's largest income producer, contributing approximately $14 billion annually to the economy of the state. California agriculture remains the leader in the development of modern agricultural technology and is supported by the world's leading agricultural education and research institutions. However, the future growth and prosperity of agriculture is

threatened by a lack of necessary irrigation water.

(b) The population of California is expected to increase by over three million persons by the year 2000. This increase alone will require at least an additional 600,000 acre-feet of water annually for municipal purposes.

(c) Upon commencement of the operation of the Central Arizona Project which is scheduled to occur by 1985, over 662,000 acre-feet of water presently available for use each year in California will be lost to the State of Arizona pursuant to decisions of the United States Supreme Court. These court decisions decrease the total water supply available to California from the Colorado River by a quantity sufficient to supply the needs of three and one-half million people.

(d) The central San Joaquin Valley faces a critical water shortage amounting to approximately 1.4 million acre-feet annually which is presently being mined from the groundwater basin. The lowering of the groundwater table is causing irrigation water to be pumped at excessive depths of 500 to 600 feet or more, which requires a tremendous use of energy at a high cost.

(e) Based on a 50 year average, California faces a drought in one out of every four years. During periods such as the 1976–1977 drought, the state has had critical water shortages, requiring emergency conservation measures and resulting in thousands of acres of prime agricultural land in the San Joaquin Valley remaining unplanted. At the peak of the 1976–77 drought period, the state lost approximately $1.5 billion in crop revenues as a result of inadequate supplies of irrigation water.

(f) A portion of the foregoing water requirements may be economically met by water conservation and reclamation projects which produce substantial quantities of additional usable water for use in areas of the state with inadequate local supplies.

11952. (a) It is the intent of the Legislature in enacting this chapter to encourage local agencies and private enterprise to implement potential water conservation and reclamation projects by establishing a state program to finance or assist in financing projects which meet state criteria and will result in additional supplies of water for use in areas of need. Water conservation and reclamation projects, including facilities for municipal and industrial advanced waste water treatment, regulatory impoundments, improvements to water supply and delivery systems, tailwater recovery systems, and sprinkler or drip irrigation systems, may result in increased quantities of usable water for beneficial purposes, but may be financially unattractive at the local level if the cost of additional fresh water is less than the cost to conserve or reclaim water.

(b) It is in the interests of both the users of water supplied by the state and the users of local water supplies to undertake water conservation and reclamation projects which supply water for purposes of the State Water Resources Development System at a cost less than the cost of new state water development facilities, and which provide benefits to local water users, including decreased salt

concentrations, resulting from increased irrigation efficiency and reduced problems of pollution from waste water discharges. It is not the intent of the Legislature in enacting this chapter to affect or otherwise defer the construction of water facilities necessary to meet the requirements of the people of this state, and nothing in this chapter shall be construed to affect the authority of the department under any other provision of law.

11953. Nothing in this chapter shall be construed to alter or impair any provision of law providing protections for areas of origin, including, but not limited to, Article 1.7 (commencing with Section 1215) of Chapter 1 of Part 2 of Division 2, Section 10505, Article 3 (commencing with Section 11460) of Chapter 3, or Part 4.5 (commencing with Section 12200).

11954. Nothing in this chapter shall be construed to alter or impair any existing rights, including rights to divert water from the Colorado River and rights to the distribution or use of that water.

Article 2. Statewide Water Conservation

11960. Any water supplier or user of water in the state that has an existing right which permits the supplier or user to sell water may enter into a contract under this chapter to finance the conservation or reclamation of water and to sell the conserved or reclaimed water to another water supplier or water user.

11961. Notwithstanding any other provision of law, where any person or public agency undertakes any water conservation effort, either separately or jointly, pursuant to any contract with any other water user, which results in a reduced use of water by that person or agency, no forfeiture, dimunition, or impairment of the right to use the water conserved shall occur, except as set forth in the agreements between the parties.

11962. Water conservation and reclamation projects eligible for assistance under this chapter include, but are not limited to, the following:

(a) Projects for municipal and industrial advanced waste water treatment to permit the reuse of the water for additional purposes.

(b) Projects for the improvement of water supply and delivery facilities.

(c) Projects for the improvement of on-farm irrigation systems, including tailwater recovery systems, regulatory impoundments, and sprinkler, drip, or other irrigation systems which enable more efficient use of water.

11963. Any contract entered into pursuant to this chapter for the transfer or sale of conserved or reclaimed water may provide for the recall of water and may include terms for that recall. Any recall provisions shall include a notice period of not less than five years unless otherwise agreed by the parties.

11964. Water conservation or reclamation projects developed pursuant to this chapter may be funded pursuant to any bond law

heretofore or hereafter approved by the voters if the project is otherwise eligible for funding under the bond law.

11965. This article shall not be applicable to the State Water Resources Development System.

Article 3. Conservation in the State Water Resources Development System

11970. The department may use Central Valley Project revenue bonds or other funds available for the purposes of the State Water Resources Development System to finance, in whole or in part, water conservation programs and facilities that reduce demands by the sponsoring contractor for project water from the system for a period of time agreed to by the sponsoring contractor, and thereby increase the supply of project water available in the Sacramento-San Joaquin Delta for distribution to other contractors.

11971. As used in this article, "sponsoring contractor" means a contractor or contractors, who have a long-term water supply contract with the department and who agree to reduce demands for project water from the State Water Resources Development System in accordance with Section 11970.

11972. A local water conservation project described in Section 11970 is eligible for funding pursuant to this article if, in the determination of the department, the project meets all of the following criteria:

(a) The project is engineeringly feasible and is capable of producing project water which is economically competitive with alternative new water supply sources.

(b) The construction and operation of the facilities and programs will not interfere with the requested deliveries of annual entitlement water to any contractor other than the sponsoring contractor.

(c) The project will not result in any greater annual charges to any contractor, other than the sponsoring contractor, than would have occurred with the construction at the same time of alternative new water supply sources constituting either reservoirs located north of the delta or off-aqueduct storage reservoirs located south or west of the delta designed to deliver water to the California Aqueduct.

11973. The department shall determine whether a local water conservation project described in Section 11970 is economically competitive by comparing, in an engineering and economic analysis, the local conservation project with alternative new water supply sources constituting either reservoirs located north of the delta or off-aqueduct storage reservoirs located south or west of the delta designed to supply water to the California Aqueduct. The analysis for the alternative new water supply sources shall use the average cost per acre-foot of yield in the latest studies made for those sources by the department and shall compare those facilties with the proposed local conservation project using commonly accepted engineering economics. In the case of a local conservation project to be funded

in part by the department as part of the system and in part from other sources, the economic analysis shall be applied only to the portion to be funded by the department as a part of the system.

11974. A local water conservation project described in Section 11970 shall not be constructed or implemented pursuant to this article until both of the following occurs:

(a) The sponsoring contractor signs a written agreement with the department which indicates all of the following:

(1) The approval of the facility or program by the sponsoring contractor.

(2) The yield and the period of time during which the water from the local conservation project constitutes project water.

(3) The disposition of the local conservation project or of the yield from the local conservation project upon the expiration of that period of time.

(b) All contractors within whose boundaries any portion of the local water conservation project is located, and who are not sponsoring contractors for the local conservation project, approve the local water conservation project in writing.

11975. In the event of a shortage in water supply, within the meaning of Article 18(a) of the standard water supply contract between the department and the state water supply contractors, the determination of whether to count, in whole or in part, the reduced demand from future conservation programs described in Section 11970 in the allocation of deficiencies among contractors shall be based on a project-by-project evaluation taking into consideration such factors as any limitation on the use of the water from the facilities and whether the sponsoring contractor has access to project water from the delta as an alternate to those facilities.

11976. This article is the only portion of this chapter applicable to the State Water Resources Development System.

Article 4. Administration

11980. The department shall establish criteria for determining the eligibility of water conservation projects for assistance under this chapter and shall establish criteria for determination of the economic, financial, and engineering feasibility of proposed water conservation projects. The department shall establish guidelines to encourage feasibility studies to determine potential sources of conserved water for purposes of this chapter and to determine parties interested in contracting with potential water purchasers pursuant to this chapter.

11981. The State Water Resources Control Board shall establish criteria for determining both of the following:

(a) The eligibility of water reclamation projects for assistance under this chapter.

(b) The economic, financial, and engineering feasibility of proposed reclamation projects.

11982. The department shall establish criteria for determining whether a water conservation or reclamation project results in a net increase in the amount of water made available for use and does not interfere with an established right to use of water by any other person or entity.

11983. The department and the State Water Resources Control Board shall only approve for funding by the state under this chapter those projects which result in a net increase in the amount of water available for use and which do not interfere with an established right to use of water by any other person or entity. Any agreement between parties for a conservation or reclamation project not using state financing shall not require approval by the department or the State Water Resources Control Board under this chapter but shall comply with the criteria adopted under Section 11981 or 11982.

11984. The department is authorized to adopt those rules and regulations as may be necessary to carry out, and as are consistent with, this chapter.

11985. In providing financial assistance pursuant to this chapter, the department shall impose terms and conditions that are designed to protect the state's investment and that are necessary to carry out the purposes of this chapter. The department shall keep full and complete records and accounts concerning all of its transactions under this chapter and shall render a report on those transactions to the Legislature within 15 days after the commencement of the first regular session of the Legislature following the effective date of this chapter.

SEC. 2. There is hereby appropriated to the Department of Water Resources from the General Fund the sum of one hundred fifty thousand dollars ($150,000) for expenditure during the 1985–86 fiscal year for the purposes of the Water Conservation and Reclamation Projects Act of 1985 (Chapter 11 (commencing with Section 11950) of Part 3 of Division 6 of the Water Code).

CHAPTER 939

An act to amend Section 25375 of the Health and Safety Code, relating to hazardous waste.

[Became law without Governor's signature Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 25375 of the Health and Safety Code, as amended by Chapter 104 of the Statutes of 1985, is amended to read:

25375. (a) If the board makes the determination, specified in subdivision (b), that losses resulted from the claimant's damages, injury, or disease, only the following losses are compensable pursuant

to this article:

(1) One hundred percent of uninsured, out-of-pocket medical expenses, for up to three years from the onset of treatment.

(2) Eighty percent of any uninsured, actual lost wages, or business income in lieu of wages, caused by injury to the claimant or the claimant's property, not to exceed fifteen thousand dollars ($15,000) per year for three years.

(3) One hundred percent of the fair market value of owner-occupied real property that is rendered permanently unfit for occupancy because of the release of a hazardous substance. For purposes of this paragraph, real property is rendered permanently unfit for occupancy only if a state or federal agency requires that it be evacuated for a period of six or more months because of the release of a hazardous substance. The fair market value of the real property shall be determined by an independent appraiser, and shall be considered by the independent appraiser as being equal to the value of the real property prior to the release of the hazardous substance that caused the evacuation of the property. Where compensation is made by the board pursuant to this paragraph, sole ownership of the real property shall be transferred to the state and any proceeds resulting from the final disposition of the real property shall be deposited into the state account, for expenditure by the department upon appropriation by the Legislature. To be eligible for compensation pursuant to this paragraph, claims for compensation shall be made within 12 months of the date on which the evacuation was ordered.

(4) One hundred percent of the expenses incurred due to the evacuation of a residence ordered by a state or federal agency. For purposes of this paragraph, "evacuation expenses" include the cost of shelter and any other emergency expenditures incurred due to an evacuation ordered by a state or federal agency. The board may provide compensation, pursuant to this paragraph, only if it finds that the evacuation expenses represent reasonable costs for the goods or services purchased, and would not have been incurred if an evacuation caused by a hazardous substance release had not occurred. The board may provide compensation for these evacuation expenses only if they were incurred within 12 months from the date on which evacuation was ordered.

(b) A loss specified in subdivision (a) is compensable pursuant to this article only if the board makes all of the following findings, based upon a preponderance of the evidence:

(1) A release of a hazardous substance occurred.

(2) The claimant or the claimant's property was exposed to the release of the hazardous substance.

(3) The exposure of the claimant to the release of the hazardous substance was of such a duration, and to such a quantity of the hazardous substance, that the exposure caused the damages, injury, or disease which resulted in the claimant's loss.

(4) For purposes of paragraphs (3) and (4) of subdivision (a), the

hazardous substance release, or the order which resulted in the claim for compensation, occurred on or after January 1, 1986.

(5) The conditions and requirements of this article, including, but not limited to, the conditions of Sections 25372 and 25373, have been met.

(c) No money shall be used for the payment of any claim authorized by this chapter, where the claim is the result of long-term exposure to ambient concentrations of air pollutants.

SEC. 2. Section 25375 of the Health and Safety Code, as amended by Chapter 104 of the Statutes of 1985, is amended to read:

25375. (a) If the board makes the determination, specified in subdivision (b), that losses resulted from the claimant's damages, injury, or disease, only the following losses are compensable pursuant to this article:

(1) One hundred percent of uninsured, out-of-pocket medical expenses, for up to three years from the onset of treatment.

(2) Eighty percent of any uninsured, actual lost wages, or business income in lieu of wages, caused by injury to the claimant or the claimant's property, not to exceed fifteen thousand dollars ($15,000) per year for three years.

(3) One hundred percent of the fair market value of owner-occupied real property that is rendered permanently unfit for occupancy because of the release of a hazardous substance. For purposes of this paragraph, real property is rendered permanently unfit for occupancy only if a state or federal agency requires that it be evacuated for a period of six or more months because of the release of a hazardous substance. The fair market value of the real property shall be determined by an independent appraiser, and shall be considered by the independent appraiser as being equal to the value of the real property prior to the release of the hazardous substance that caused the evacuation of the property. Where compensation is made by the board pursuant to this paragraph, sole ownership of the real property shall be transferred to the state and any proceeds resulting from the final disposition of the real property shall be deposited into the state account, for expenditure by the department upon appropriation by the Legislature. To be eligible for compensation pursuant to this paragraph, claims for compensation shall be made within 12 months of the date on which the evacuation was ordered.

(4) One hundred percent of the expenses incurred due to the evacuation of a residence ordered by a state or federal agency. For purposes of this paragraph, "evacuation expenses" include the cost of shelter and any other emergency expenditures incurred due to an evacuation ordered by a state or federal agency. The board may provide compensation, pursuant to this paragraph, only if it finds that the evacuation expenses represent reasonable costs for the goods or services purchased, and would not have been incurred if an evacuation caused by a hazardous substance release had not occurred. The board may provide compensation for these evacuation

expenses only if they were incurred within 12 months from the date on which evacuation was ordered.

(5) One hundred percent of uninsured, out-of-pocket expenses for remedial action on the claimant's property undertaken to address a release of a hazardous substance when all of the following apply:

(A) The claimant's property is an owner-occupied single-family residence.

(B) The remedial action was ordered by federal, state, or local authorities due to a release of a hazardous substance.

(C) The department makes one of the following determinations:

(i) The release of the hazardous substance originated outside the boundaries of the property.

(ii) The release of the hazardous substance occurred on the property, was the result of an action which violated state or federal law, and the responsible party cannot be identified or cannot be located, or a judgment against the responsible party cannot be satisfied.

The maximum compensation under this paragraph is limited to twenty-five thousand dollars ($25,000) per residence and to one hundred thousand dollars ($100,000) for five contiguous residential properties. Any compensation provided shall be reduced by the amount that the remedial action results in a capital improvement to the claimant's residence.

(b) A loss specified in subdivision (a) is compensable pursuant to this article only if the board makes all of the following findings, based upon a preponderance of the evidence:

(1) A release of a hazardous substance occurred.

(2) The claimant or the claimant's property was exposed to the release of the hazardous substance.

(3) The exposure of the claimant to the release of the hazardous substance was of such a duration, and to such a quantity of the hazardous substance, that the exposure caused the damages, injury, or disease which resulted in the claimant's loss.

(4) For purposes of paragraphs (3) and (4) of subdivision (a), the hazardous substance release, or the order which resulted in the claim for compensation, occurred on or after January 1, 1986.

(5) The conditions and requirements of this article, including, but not limited to, the conditions of Sections 25372 and 25373, have been met.

(c) No money shall be used for the payment of any claim authorized by this chapter, where the claim is the result of long-term exposure to ambient concentrations of air pollutants.

SEC. 3. Section 2 of this bill incorporates amendments to Section 25375 of the Health and Safety Code, as amended by Chapter 104 of the Statutes of 1985, proposed by both this bill and AB 2407. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1986, (2) each bill amends Section 25375 of the Health and Safety Code, and (3) this bill is enacted after AB 2407, in which case Section 1 of this bill shall not become operative.

CHAPTER 940

An act to add Section 6100.5 to the Probate Code, relating to wills.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 6100.5 is added to the Probate Code, to read:

6100.5. (a) A person is not mentally competent to make a will if at the time of making his or her will either of the following is true:

(1) He or she does not have sufficient mental capacity to be able to (A) understand the nature of the testamentary act, (B) understand and recollect the nature and situation of his or her property, or (C) remember and understand his or her relations to his or her living descendants, spouse, and parents, and those whose interests are affected by the will.

(2) He or she suffers from a mental disorder with symptoms including delusions or hallucinations, which delusions or hallucinations result in the person's devising his or her property in a way which, except for the existence of the delusions or hallucinations, he or she would not have done.

(b) Nothing in this section supersedes existing law relating to the admissibility of evidence to prove the existence of mental incompetence or mental disorders.

CHAPTER 941

An act to amend Section 52 of, and to add Section 17103 to, the Elections Code, relating to elections.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 52 of the Elections Code is amended to read:

52. No person shall be considered a legally qualified candidate for any office or party nomination for a partisan office under the laws of this state unless that person has filed a declaration of candidacy or statement of write-in candidacy with the proper official for the particular election or primary, or is entitled to have his or her name placed on a general election ballot by reason of having been nominated at a primary election, or having been selected to fill a vacancy on the general election ballot as provided in Section 6655, or having been selected as an independent candidate pursuant to Section 6894.

This section shall not be construed to prevent a voter from writing in the name of any person for an office at a primary or general election.

It is the intent of the legislature, in enacting this section, to enable the Federal Communications Commission to determine who is a "legally qualified candidate" in this state for the purposes of administering the provisions of Section 315 of the Communications Act of 1934.

SEC. 2. Section 17103 is added to the Elections Code, to read:

17103. The name of a write-in candidate shall be written by hand upon a ballot. The use of pressure-sensitive stickers or methods other than handwriting of indicating the name of the write-in candidate are not valid, and a name indicated by any such methods shall not be counted.

Notwithstanding any other provision of law, any member of the board who is also a member of, and is entitled to receive the benefits from, the Legislators' Retirement System may elect to forego the compensation provided by this section and, if the compensation is foregone, the member shall not have his or her retirement benefits reduced and shall not be required to be reinstated into the retirement system.

SEC. 1.5. Section 80.6 of the Harbors and Navigation Code is amended to read:

SECTION 1. Section 11892 of the Food and Agricultural Code is amended to read:

11892. In lieu of seeking prosecution of any violation of this division as a misdemeanor, and the penalty prescribed in Section 11891, the director may prosecute civilly pursuant to Sections 11893 and 11894 or the commissioner may levy civil penalties pursuant to

Section 12999.5.

(b) Before a civil penalty is levied, the person charged with the violation shall receive notice of the nature of the violation and shall be given an opportunity to be heard. This shall include the right to review the commissioner's evidence and a right to present evidence on his or her own behalf.

(c) The person fined may appeal to the director within 10 days of the date of receiving notification of the fine. The following procedures apply to the appeal:

The amounts of the fines shall be related to the seriousness of the violation and the potential for harm to public health or worker safety. These regulations shall also provide that the person fined be notified of the fine prior to its imposition.

CHAPTER 944

An act to amend Sections 4040, 4041, and 4044 of, and to add Section 4043.7 to, the Health and Safety Code, relating to water.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares as follows:

(1) It is the right of every consumer of bottled or vended drinking water to be aware of the chemicals contained in that product and to be able to purchase a safe, pure, potable, and wholesome product.

(2) Bottled water and vended water come from three main sources, which are public water systems, wells, and springs, which have the potential to become contaminated with inorganic and organic chemicals.

(3) Because of the disposal of hazardous waste, pesticide contamination, and other potential threats to the purity of drinking water supplies, there may be a need to monitor certain bottled water supplies for potential contaminants and to reduce contaminants to prevent an adverse effect on public health and safety.

(4) The United States Environmental Protection Agency has determined that conventional water treatment will generally not reduce the concentration of many inorganic and organic chemicals, but that they can be reduced or eliminated by treatment systems, such as granular activated carbon, reverse osmosis, ion exchange, and distillation, or combinations of these processes.

(b) Therefore, it is the purpose of this act to ensure that consumers of bottled or vended drinking water are purchasing a product that is not contaminated with concentrations of inorganic chemicals and organic chemicals, including pesticides and plasticizers which may have an adverse effect on public health and safety.

SEC. 2. Section 4040 of the Health and Safety Code is amended to read:

4040. (a) "Bottled water," means any drinking water or other water defined in Section 4044, which is placed in bottles or other

containers to be sold for drinking, culinary, or other purposes involving a likelihood of the water being ingested by human beings.

(b) "Water-bottling plant" means any facility in which bottled water is produced.

(c) "Water-vending machine" means either of the following:

(1) Any self-service device which, upon insertion of a coin, coins, or token, or upon receipt of payment by other means, dispenses unit servings of water in bulk, without the necessity of refilling the machine between each operation.

(2) Any device from which any operator or consumer dispenses unit servings of water in bulk

SEC. 3. Section 4041 of the Health and Safety Code is amended to read:

4041. (a) The state department shall adopt and enforce the regulations it determines are reasonably necessary to ensure that all bottled water and vended water which is sold or otherwise distributed in this state is pure, wholesome, potable, and contains no inorganic chemicals or organic chemicals, including pesticides and plasticizers in concentrations which may have an adverse effect on public health and safety. The regulations shall include, but not be limited to, all of the following:

(1) Minimum standards for the sanitary production and distribution of bottled water within this state. The standards shall include, but not be limited to, all of the following.

(A) Standards for the sanitary production, packaging, and distribution of bottled water shall not be less stringent than those standards prescribed by Part 110 and Part 129 of Title 21 of the Code of Federal Regulations.

(B) Standards to ensure that, prior to bottling, bottled water shall be subject to effective germicidal treatment by ozone, ultraviolet, or an equivalent disinfection process approved by the state department. The standards developed pursuant to this category for bottled water which contains carbon dioxide shall prescribe that sufficient compliance includes meeting the microbiological requirements described in Section 103 35 of Title 21 of the Code of Federal Regulations.

(C) Standards to ensure that dispensers for bottled water, which are furnished by the water bottler or distributor shall be delivered to the consumer's premises in a clean, sanitary condition, protected from dust or other contamination

(D) Standards to ensure that ollas or other water-holding dispensers, both refrigerated and nonrefrigerated, shall be examined for cleanliness each time the dispenser is serviced by the representative of the distributor or bottler. When necessary, these dispensers shall be sanitized in place or returned to the bottler or distributor for cleaning or sanitizing before reuse according to the methods described in Part 129 of Title 21 of the Code of Federal Regulations.

(2) Quality standards for bottled water and vended water.

The quality standards of bottled water and vended water shall not be less stringent than those standards prescribed by Section 103.35 of Title 21 of the Code of Federal Regulations, except as provided in paragraph (3) of subdivision (b) of Section 4044 of this code. The quality standards may include any additional standards that the state department determines are reasonably necessary to protect public health and safety. Notwithstanding any other provision of law, the quality standards shall ensure that bottled water and vended water contain no inorganic or organic chemicals, including pesticides and plasticizers, in concentrations which may have an adverse effect on public health and safety.

(3) Minimum standards of design, construction, and sanitation for any water-vending machine. Those water-vending machines, other than coin-operated self-service devices, from which any operator or customer dispenses unit servings in bulk may be exempted by the state department from the requirements of subparagraphs (G), (M), and (O). The minimum standards shall include, but not be limited to, all of the following:

(A) Provide that water-vending machines shall be in compliance with the construction and performance standards established by the state department or by an independent authority approved by the state department.

(B) Provide that all water-vending machines shall be designed and constructed to permit easy cleaning and maintenance of all exterior and interior surfaces.

(C) Provide that water-vending machines shall have all parts and surfaces which come into contact with the water constructed of approved, corrosive-resistant and nonabsorbent material capable of withstanding repeated cleaning and sanitizing treatment.

(D) Provide that water-vending machines shall have a recessed or guarded corrosion-resistant dispensing spout.

(E) Provide that water-vending machines be designed so all treatment of the vended water by distillation, ion exchange, filtration, ultraviolet light, reverse osmosis, mineral addition, or any other acceptable process is done in an effective manner.

(F) Provide that water-vending machines shall have an effective system of handling drip, spillage, and overflow of water.

(G) Provide that water-vending machines shall have a backflow prevention device approved by the state department for all connections with the water supply.

(H) Provide for disinfecting vended water by ultraviolet light or other method approved by the state department prior to delivery into the customer's container

(I) Provide that water-vending machines shall be equipped with monitoring devices designed to shut down operation of the machine when the disinfection unit fails to function.

(J) Provide that water-vending machines shall be equipped with a self-closing, tight-fitting door on the vending compartment.

(K) Provide that water-vending machines shall comply with the

Amercian Water Works Association (AWWA) specifications for granular activated carbon if used in the treatment of potable water (AWWA B604-74).

(L) Provide that water-vending machines shall be maintained in a clean and sanitary condition, free from dirt and vermin.

(M) Provide that water-vending machines shall be connected to a state approved and regulated public water supply.

(N) Provide that water-vending machines shall be located in an area that can be maintained in a clean condition and in a manner that avoids insect and rodent harborage.

(O) Provide that the water-vending machine shall be equipped with monitoring devices designed to shut down the labeled purified water delivery system if treatment of water by the machine does not result in a total dissolved solids content of less than 10 milligrams per liter in the purified water.

(4) Standards for labeling and advertising of bottled water and vended water, which shall be in accordance with state laws relating to labeling and advertising.

(5) Standards for processing bottled water through a line or lines used for any other food product.

(b) The state department, upon the request of a local health officer, may authorize the local health officer to implement and enforce those provisions of this chapter which relate to water-vending machines under the terms and conditions specified by the state department.

SEC. 4. Section 4043.7 is added to the Health and Safety Code, to read:

4043.7. (a) Upon a determination by the state department that a particular water source is subject to potential contamination, the department shall notify the bottler, distributor, vendor of bottled water, or the owner and operator of any water-vending machine of the specific contaminants or class of contaminants which pose a potential health risk.

(b) Within 90 days after notification by the state department, the bottler, distributor, vendor of bottled water, or the owner and operator of any water-vending machine shall conduct an analysis of the water source at issue and submit the results of the analysis to the state department, unless the water source is a public water supply currently being periodically monitored for the contaminants of concern, as required by the state department. The water analysis shall be conducted by a laboratory and by test methods approved by the state department.

(c) If evidence of contamination is found, the state department may, by order, require the bottler, distributor, vendor of bottled water, or the owner and operator of any water-vending machine to conduct a source and product water analysis for the contaminants of concern in accordance with conditions specified by the state department. The water analysis shall be conducted and reported on an annual basis, unless the state department finds that reasonable

action requires either more frequent or less frequent analysis.

(d) The state department may, by order, require the bottler, distributor, vendor of bottled water, or the owner and operator of any water-vending machine to reduce or eliminate the concentration of any chemical which the state department determines may have an adverse effect on public health and safety. Until an enforceable standard has been established for a chemical which may have an adverse effect on human health, the state department may require treatment techniques to reduce the concentration of the contaminants which require treatment necessary, in the state department's judgment, to prevent known or anticipated adverse effects on the health of persons. The treatment system shall be designed to meet criteria designated by the state department or by an independent authority approved by the state department.

(e) The state department may grant variances from the requirements of subdivision (d), if the bottler, distributor, vendor of bottled water, or the owner and operator of any water-vending machine demonstrates either of the following:

(1) That the prescribed treatment technique is not necessary to protect the health of consumers because its raw water source is not subject to, nor is it likely to be subject to, significant chemical contamination.

(2) An alternative treatment technique is at least as efficient in lowering the level of contaminants to be controlled.

SEC. 5. Section 4044 of the Health and Safety Code is amended to read:

4044. (a) Each container of bottled water sold in this state and each water-vending machine located in this state shall be clearly labeled in an easily readable format. Bottled water may be labeled "drinking water," notwithstanding the source or characteristics of the water, only if it is processed pursuant to the Food and Drug Administration Good Manufacturing Practices contained in Section 103.35 and Parts 110 and 129 of Title 21 of the Code of Federal Regulations, Sections 12235 to 12285, inclusive, of Title 17 of the California Administrative Code, and any other requirements established by the state department pursuant to Sections 4043.5 and 4043.6. Any vended water may be labeled "drinking water," notwithstanding the source or characteristics of the water, only if it is processed pursuant to Article 5 (commencing with Section 28660) of Chapter 11 of Division 22 and any other requirements established by the state department pursuant to Sections 4043.5 and 4043.6.

(b) In addition to the requirements of subdivision (a), if a manufacturer provides information in the labeling or advertising of bottled water or vended water, stating or implying it is the product of a specific source of water or treated in a specific manner, the source or treatment shall be clearly labeled in an easily readable format. In order to be so labeled, the source or treatment shall conform to the following criteria:

(1) "Artesian well water" means water from a well tapping an aquifer in which the water level will stand above the bottom of the confining bed of the aquifer, and in which the hydraulic pressure of the water in the aquifer is greater than the force of gravity. Artesian well water shall not be altered by the addition or deletion of minerals or by blending it with water from another source, except that artesian well water may be filtered and shall be treated with ozone or an equivalent disinfection process. Any water which satisfies the designation of this paragraph may be labeled "artesian well water."

(2) "Fluoridated water" means water containing naturally occurring or added fluoride. The label shall specify whether it is naturally occurring or added fluoride. Any water which meets the designation of this paragraph shall contain not less than 1.0 milligram per liter fluoridization and otherwise comply with the Food and Drug Administration quality standards set forth in Section 103.35(d)(2) of Title 21 of the Code of Federal Regulations.

(3) "Mineral water" means bottled water or vended water containing more than 500 milligrams per liter of total dissolved solids and originating entirely from an underground source, which may be a well, artesian well, or spring. Bottled or vended mineral water may be derived from a natural orifice or from a bore hole adjacent to the natural orifice. If it is derived from a natural orifice by external force or from a bore hole adjacent to the natural orifice, the water shall be from the same underground stratum and be of the same quality and composition as the water derived from the natural orifice without external force. Mineral water may contain one or more naturally occurring chemical constituents listed in the Primary or Secondary Drinking Water Standards of the Environmental Protection Agency in excess of the concentrations listed in Section 103.35 of Title 21 of the Code of Federal Regulations. Mineral water may not be altered by the addition or deletion of minerals or by blending it with water from another source, except that mineral water may be filtered and shall be treated with ozone or an equivalent disinfection process approved by the state department and shall be treated to reduce the concentrations of any naturally occurring substance which exceeds the bottled water safety standards established by the state department, unless the product is natural mineral water packaged in containers of one liter or less. Mineral water may be collected and transported by pipes, tunnels, trucks, or similar devices. On or before January 1, 1987, the state department shall adopt quality standards for any naturally occurring constituents of mineral water listed in the Environmental Protection Agency's Primary Drinking Water Standards. In adopting the standards, the state department shall take into account the unique qualities of mineral water, the natural components of mineral water, and the rate of consumption of mineral water, as compared to drinking water. The standards shall not be more stringent than those established for bottled water. Any water which meets the criteria of this paragraph may also be labeled "natural mineral water."

(A) Mineral water which contains carbon dioxide as it emerges from the source and is bottled directly with its entrapped gas, or, the gas is mechanically separated from the water and later reintroduced into the water at the time of bottling shall be labeled "naturally carbonated" or "naturally sparkling."

(B) Mineral water which contains carbon dioxide, other than that naturally occurring in the source product, shall be labeled with the words "carbonation added" or "carbon dioxide added" when the carbonation is obtained from a natural or manufactured source

(4) "Mineralized water" means bottled or vended water which meets the requirements of "mineral water" except that the water contains added minerals.

(5) "Natural water" means bottled or vended spring, artesian well, or well water which is unmodified by mineral addition or deletion, except that "natural water" may be filtered and shall be sanitized with ozone or an equivalent disinfection process and treated to reduce the concentration of any substance which exceeds safety standards established by the state department

(6) "Naturally sparkling water" means bottled water or vended water with a carbon dioxide content from the same source as the water. "Sparkling," "carbonated," or "carbonation added" means bottled water or vended water which contains carbon dioxide

(7) "Purified water" means water produced by distillation, deionization, reverse osmosis, or other method meeting the definition of purified water in the 20th Edition of the United States Pharmacopeia. Water which meets the designation of this paragraph, and is vaporized, then condensed, may be labeled "distilled water."

(8) "Spring water" means water which issues by natural forces out of the earth at a particular place. Bottled or vended spring water may be derived from the natural orifice or from a bore hole adjacent to the natural orifice. If it is derived from the natural orifice by external force or from a bore hole adjacent to the natural orifice, the water shall be from the same underground stratum and be of the same quality and composition as the water derived from the natural orifice without external force. Spring water may not be altered by the addition or deletion of minerals or by blending it with water from another source, except that spring water may be filtered and shall be treated with ozone or an equivalent disinfection process. Spring water may be collected and transported by pipes, tunnels, trucks, or similar devices.

(9) "Well water" means water from a hole bored into the ground which taps the water of an aquifer, except that well water may be filtered and shall be treated with ozone or an equivalent disinfection process.

(10) Notwithstanding any other provision of this section, water from a public water system which is unprocessed by the bottler or vendor shall be labeled as "unprocessed public drinking water."

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the

only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

Except in the case of a notice filed by an issuer, the exemption provided by this subdivision shall lapse 13 months after the filing of the notice.

(c) The exemption provided by subdivision (a) or (b) of this section shall not apply to any of the following:

The notice shall state the reasons for the issuance of the notice and that the exemption pursuant to this section for the security identified therein may be terminated unless, within 10 business days, either a notice or supplemental notice is filed in accordance with subdivision (b) or a written request for hearing is received, that hearing to commence within 15 business days of the receipt of the notice unless the commissioner consents to a later date An order terminating an exemption pursuant to this paragraph shall be effective when issued or at such time thereafter as the commissioner may provide.

12 of the Securities Exchange Act of 1934 or the issuer of which has ceased to have a class of equity securities held by 500 or more persons or total assets exceeding one million dollars ($1,000,000). SEC. 2. Section 25211 of the Corporations Code is amended to read:

25211. (a) The application for a certificate as a broker-dealer shall be accompanied by the consent to service of process specified in Section 25240 and, unless filed pursuant to subdivision (b), shall contain such information in such detail relating to the applicant and any persons associated with him or her as the commissioner may by rule require.

(b) A broker-dealer registered under the Securities Exchange Act of 1934 who is a member of the New York Stock Exchange, the American Stock Exchange, the Pacific Stock Exchange, or the National Association of Securities Dealers, and who has not had any certificate as a broker-dealer, investment adviser or agent denied or revoked under this law or any predecessor statute, may be licensed by notification pursuant to this subdivision by filing with the commissioner an application setting forth the following information in such form and detail as the commissioner may by rule require:

(1) Such information as is necessary to identify the broker-dealer and its offices in this state, and the location of its records and principal office.

(2) Such information as is necessary to establish that the broker-dealer meets the requirements for licensure by notification under this subdivision.

(3) The consent to service of process specified in Section 25240

(4) Such information as the commissioner may require as to the jurisdictions in which the broker-dealer is licensed or registered and as to the nature of the business conducted by the broker-dealer.

(c) Unless a proceeding has been instituted under Section 25212, a certificate under subdivision (b) shall become effective on the third business day after the application is filed with the commissioner or upon the day the certificate is issued, whichever first occurs. However, the commissioner may by order delay effectiveness for a period not exceeding 15 business days (or for an additional period with the consent of the applicant) if the commissioner believes that the delay is necessary in the public interest to determine if a proceeding should be instituted under Section 25212. The commissioner may by rule or order waive that provision of subdivision (b) which precludes application thereunder by a person who has had a certificate denied or revoked under this law or any predecessor statute if the commissioner finds the waiver to be in the

public interest. The commissioner, after appropriate notice and opportunity for hearing in accordance with the provisions of the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, may by rule or order disqualify a self-regulatory organization specified in subdivision (b) from the provisions thereof. The commissioner may by rule establish standards or criteria pursuant to which disqualification may be made and he or she may disqualify upon a finding that the self-regulatory organization fails substantially to comply with those standards or criteria. Such disqualification by the commissioner shall not affect a certificate which has become effective pursuant to this subdivision prior to the effective date of that rule or order of disqualification but each person licensed pursuant to subdivision (b) upon the basis of membership in that organization shall, within 90 days after the effective date of that rule or order, or such additional time as the commissioner may allow, file with the commissioner a complete and current application in the form required pursuant to subdivision (a). If a broker-dealer licensed pursuant to subdivision (b) ceases to meet the qualifications for licensing pursuant to that subdivision, he shall, within 10 days after such event, file with the commissioner a complete and current application in the form required pursuant to subdivision (a)

(d) An application for a certificate as a broker-dealer, with respect to a broker-dealer to be formed or organized, may be made by a licensed broker-dealer to which the broker-dealer to be formed or organized is to be the successor. The application shall contain such information in such detail relating to the applicant and to the successor and any person associated with the applicant or the successor as the commissioner may by rule require. The application shall become effective and the successor may transact business as a broker-dealer 30 days after the receipt of the application by the commissioner or within such shorter period of time as the commissioner may determine, unless an order has been entered under Section 25212 denying a certificate to the successor or a proceeding looking toward such an order has been instituted under that section. The certificate shall terminate on the 45th day after the effective date thereof, unless prior thereto the successor shall, in accordance with such rules as the commissioner may prescribe, adopt the application as its own and file the consent to service of process specified in Section 25240

SEC. 3 Section 25213 of the Corporations Code is amended to read:

25213. The commissioner may, after appropriate notice and opportunity for hearing, by order censure, or suspend for a period not exceeding 12 months, or bar from any position of employment, management or control of any broker-dealer or investment adviser, any officer, director, partner, agent, employee of, or person performing similar functions for, a broker-dealer, if the commissioner finds that such censure, suspension or bar is in the

public interest and that such person has committed any act or omission enumerated in subdivision (a), (e) or (f) of Section 25212 or has been convicted of, or pled nolo contendere to, any offense or been held liable in any civil action specified in subdivision (b) of Section 25212, or is enjoined from any act, conduct or practice specified in subdivision (c) of Section 25212 or is subject to any order specified in subdivision (d) of Section 25212.

SEC. 4. Section 25535 of the Corporations Code is amended to read:

25535. (a) Any person who violates any provision of this law, or who violates any rule or order under this law, shall be liable for a civil penalty not to exceed two thousand five hundred dollars ($2,500) for each violation, which shall be assessed and recovered in a civil action brought in the name of the people of the State of California by the commissioner in any court of competent jurisdiction.

(b) As applied to the penalties for acts in violation of this division, the remedies provided by this section and by other sections of this division are not exclusive, and may be sought and employed in any combination to enforce the provisions of this division.

(c) No action shall be maintained to enforce any liability created under subdivision (a) unless brought before the expiration of four years after the act or transaction constituting the violation.

SEC. 5. Section 25607 of the Corporations Code is amended to read:

25607. (a) Neither the commissioner nor any of the commissioner's assistants, clerks or deputies shall be interested as a director, officer, shareholder, member (other than a member of an organization formed for religious purposes), partner, agent, or employee of any person who, during the period of the official's or employee's association with the Department of Corporations, (1) was licensed or applied for license as a broker-dealer or investment adviser under this division, or (2) applied for or secured the qualification of the sale of securities under this division.

(b) Nothing contained in subdivision (a) of this section shall prohibit the holding or purchasing of any securities by any assistant, clerk, or deputy in accordance with such rules as the commissioner shall adopt for the purpose of protecting the public interest and avoiding conflicts of interest.

(c) Nothing contained in subdivision (a) shall prohibit the holding or purchasing of any securities by the commissioner if (1) that security is held or purchased through a management account or trust administered by a bank or trust company authorized to do business in this state which has sole investment discretion regarding the holding, purchase, and sale of securities, (2) the commissioner did not, directly or indirectly, advise, counsel, command, or suggest the holding, purchase, or sale of any such security or furnish any information relating to such security to the bank or trust company, and (3) the account or trust does not at any time have more than 10 percent of its total assets invested in the securities of any one issuer

or hold more than 5 percent of the outstanding shares or units of any class of securities of any one issuer. The commissioner shall report to the Attorney General not less often than quarterly all holdings, purchases, and sales of securities by him or her as authorized in this subdivision, which reports shall be retained by the Attorney General as public documents. This subdivision shall not apply, however, to securities held or purchased by the commissioner which are exempt from the qualification requirements of Sections 25110, 25120, and 25130 by virtue of Section 25100, provided that the holding or purchasing of such securities is in accordance with rules adopted for the purpose of protecting the public interest and avoiding conflicts of interest.

SEC. 6. Section 25608 of the Corporations Code is amended to read:

25608. (a) The commissioner shall charge and collect the fees fixed in this section. All fees charged and collected under this section shall be transmitted to the State Treasurer at least weekly, accompanied by a detailed statement thereof and shall be credited to the General Fund.

(b) The fee for filing an application for a negotiating permit under subdivision (c) of Section 25102 is fifty dollars ($50).

(c) The fee for filing a notice pursuant to clause 5 of subdivision (h) of Section 25102 and the fee for filing a notice pursuant to paragraph (4) of subdivision (f) of Section 25102, in addition to the fee prescribed in that clause, if applicable, shall be determined based on the value of the securities proposed to be sold in the transaction for which the notice is filed and in accordance with subdivision (g), and shall be as follows:

Value of Securities Proposed to be Sold	Filing Fee
$25,000 or less	$ 25
$25,001 to $100,000	$ 35
$100,001 to $500,000	$ 50
$500,001 to $1,000,000	$150
Over $1,000,000	$300

(d) The fee for filing an application for designation of an issuer pursuant to subdivision (k) of Section 25100 is fifty dollars ($50).

(e) The fee for filing an application for qualification of the sale of securities by notification under Section 25112 or by permit under Section 25113 (except applications for qualification by permit of the sale of any guarantee of any security, the fees for which applications are fixed in subdivision (k)) is one hundred dollars ($100) plus one-tenth of 1 percent of the aggregate value of the securities sought to be sold in this state up to a maximum aggregate fee of one thousand seven hundred fifty dollars ($1,750).

(f) The fee for filing an application for qualification of the sale of securities by coordination under Section 25111 is one hundred dollars

($100) plus one-tenth of 1 percent of the aggregate value of the securities sought to be sold in this state up to a maximum aggregate fee of one thousand five hundred fifty dollars ($1,550).

(g) For the purpose of determining the fees fixed in subdivisions (c) and (f):

(1) The value of the securities shall be the price at which the company proposes to sell the securities, or the value, as alleged in the application, or the actual value, as determined by the commissioner, of the consideration (if other than money) to be received in exchange therefor, or of the securities when sold, whichever is greater.

(2) Interim or voting trust certificates shall have a value equal to the aggregate value of the securities to be represented by the interim or voting trust certificates.

(3) The value of a warrant or right to purchase or subscribe to another security of the same or another issuer shall be an amount equal to the consideration to be paid for that warrant or right plus an amount equal to the consideration to be paid upon purchase of the additional securities, provided that if the latter amount is not determinable at the time of qualification, that amount shall be the then value of the additional securities as determined by the commissioner.

(4) In the case of a share dividend where the shareholders are given an option to accept either cash or additional shares of common stock, the value of the securities to be sold shall be the maximum amount of cash which would be payable in the event that all shareholders elected to accept cash

(h) The fee for filing an application for qualification of the sale of securities by permit under Section 25121 is:

(1) One hundred dollars ($100) in connection with any change (including any stock split or reverse stock split or stock dividend, except a stock dividend where the shareholders are given an option to accept either cash or additional shares of common stock) in the rights, preferences, privileges, or restrictions of or on outstanding securities,

(2) One hundred dollars ($100) plus one-tenth of 1 percent of the value, as alleged in the application, or the actual value, as determined by the commissioner, of the consideration to be received in exchange therefor, up to a maximum aggregate fee of one thousand seven hundred fifty dollars ($1,750), in any exchange of securities by the issuer with its existing security holders exclusively, or in any exchange in connection with any merger or consolidation or purchase of corporate assets in consideration of the issuance of securities.

(i) The fee for filing an application for qualification of the sale of securities by notification under Section 25131 shall be sixty dollars ($60)

(j) The fee for an application for the removal of any condition under Section 25141 is fifty dollars ($50).

(n) The filing fee for an amendment to an application filed after the effective date of the qualification of the sale of securities is fifty dollars ($50) plus any additional fee which would have been required to be paid with the original application for qualification of the sale of securities under this section if the matters set forth in the amendment had been included in the original application.

(2) Each broker-dealer shall pay to the commissioner its pro rata share of all costs and expenses, reasonably incurred in the administration of the broker-dealer program under this division, as estimated by the commissioner for the ensuing year and any deficit actually incurred or anticipated in the administration of the program in the year in which the assessment is made. The pro rata share shall be the proportion which the broker-dealer's number of agents and offices in this state bears to the aggregate number of broker-dealer offices and agents in this state as shown by the annual reports to the commissioner. The fee required in connection with a transaction as defined by such rule shall not exceed the fees specified in subdivision (c) based on the value of the securities sold, but the commissioner may permit a single notice for more than one transaction.

SEC. 7. Section 31402 of the Corporations Code is amended to read:

31402. If in the opinion of the commissioner the offer of any franchise is subject to registration under this law and it is being, or it has been, offered for sale without the offer first being registered,

the commissioner may order the franchisor or offeror of that franchise to desist and refrain from the further offer or sale of that franchise unless and until the offer has been duly registered under this law. If, after such an order has been made, a request for a hearing is filed in writing within one year from the date of service of the order by the person to whom the order was directed, a hearing shall be held in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the commissioner shall have all of the powers granted under that chapter. Unless that hearing is commenced within 15 business days after the request is made (or the person affected consents to a later date), the order shall be deemed rescinded.

If that person fails to file a written request for a hearing within one year from the date of service of the order, the order shall be deemed a final order of the commissioner and shall not be subject to review by any court or agency, notwithstanding Section 31501

SEC. 8 Section 31405 is added to the Corporations Code, to read:

31405 (a) Any person who violates any provision of this law, or who violates any rule or order made under this law, shall be liable for a civil penalty not to exceed two thousand five hundred dollars ($2,500) for each violation, which shall be assessed and recovered in a civil action brought in the name of the people of the State of California by the commissioner in any court of competent jurisdiction.

(b) As applied to the penalties for acts in violation of this division, the remedies provided by this section and by other sections of this division are not exclusive, and may be sought and employed in any combination to enforce the provisions of this division.

(c) No action shall be maintained to enforce any liability created under subdivision (a) unless brought before the expiration of four years after the act or transaction constituting the violation.

CHAPTER 947

An act to repeal Chapter 2 (commencing with Section 24200) of Division 20 of the Health and Safety Code, and to add Part 10 (commencing with Section 9000) to Division 5 of the Labor Code, relating to safety in employment.

CHAPTER 2. EXEMPTIONS

9015. Except where in conflict with Section 142.3, or other applicable provisions of law, the standards board may exempt from the provisions of this part and its standards uses of carcinogens which it determines have been shown by a preponderance of the evidence to present no substantial threat to employee health and which may include, but need not be limited to, any of the following:

(a) Use of carcinogens specified in subdivision (a) of Section 9004 in operations involving the destructive distillation of carbonaceous materials, such as occurs in coke ovens.

CHAPTER 3. STANDARDS AND ADMINISTRATION

9020. (a) Pursuant to Chapter 6 (commencing with Section 140) of Division 1, the standards board shall adopt standards for carcinogens at least as restrictive as the federal requirements for use of carcinogens promulgated under Section 6 of the Occupational Safety and Health Act of 1970 (P.L. 91-596), as these federal requirements may be revised from time to time. Within six months after the effective date of any change in the federal requirements,

the standards board shall amend its standards as necessary to comply with this subdivision.

(b) It is the intent of the Legislature that the state shall exercise strong leadership in preventing employees, employers, and other persons from being exposed to carcinogens. In this connection, it is the further intent of the Legislature that the standards board adopt standards for substances as to which there exists a preponderance of evidence of carcinogenicity, but for which the federal government has not yet promulgated requirements specified in subdivision (a). The division shall determine the necessity for the standards and shall develop and present the proposed standards to the standards board pursuant to Section 147.1.

9021. All standards relating to the use of carcinogens which are in effect on January 1, 1986, including standards set forth in Sections 5208, 5209, and 5210 of Title 8 of the California Administrative Code, shall remain in effect until amended or repealed by the standards board.

CHAPTER 4. REPORTING

9030. The standards board shall adopt one or more standards requiring each employer which uses any carcinogen, including asbestos and vinyl chloride, to submit a written report regarding the use or any incident which results in the release of a potentially hazardous amount of a carcinogen into any area where employees may be exposed. The reporting requirements set forth in Sections 5209 and 5210 of Title 8 of the California Administrative Code on January 1, 1986, shall remain in effect until amended or repealed by the standards board, and any subsequent reporting requirements shall provide for reports which are at least as detailed as those required on that date. For asbestos and vinyl chloride, the standards board shall adopt a standard which requires each employer who uses vinyl chloride or asbestos to report in a manner similar to the reporting required pursuant to Section 5209 of Title 8 of the California Administrative Code.

9031. The division shall transmit a copy of each report specified in Section 9030 to any bargaining representatives, and other representatives known to the division, of affected employees of the reporting employer. A copy of each report shall be posted by the employer in the location or locations where the carcinogen is used, which shall be conspicuous to affected employees, as shall be provided in the standards.

9032. The division shall make every effort to ascertain the identities of existing users of carcinogens and to notify, inform, and educate them about the requirements of this part. The division shall utilize all appropriate means of communication and education, including direct mailings to employers, the use of courses, workshops, and seminars, advertising in mass media, trade and employee publications, and professional and scientific journals, contact with trade associations, employee representatives, and professional and scientific societies, and cooperation with other governmental agencies to inform affected employees, employers, and the public of the requirements of this part.

CHAPTER 5. MEDICAL EXAMINATIONS

9040. Every employer using carcinogens shall provide for medical examinations of affected employees where required by standards adopted pursuant to subdivision (b) of Section 142.3. 9051. If an authorized representative of the division determines on the basis of an inspection that an employer is using a carcinogen in violation of the standards pertaining to its use, he or she shall immediately notify the employer and affected employees.

9052. Upon request of any employer or any employee, or upon its own initiative, the OSHA Consultation Unit of the department shall provide consultation services regarding the use of a carcinogen and may offer educational programs to inform employers and employees of the provisions of this part.

CHAPTER 7. PENALTIES

9060. The civil penalties prescribed by Chapter 4 (commencing with Section 6423) of Part 1 shall be applicable to violations of standards and special orders regulating the use of carcinogens, except as modified by the following:

(a) A civil penalty assessed against an employer because of failure to report, as required by standards specified in Section 9030, shall be not less than five hundred dollars ($500).

(b) A civil penalty assessed against an employer for a serious

violation, as defined in Section 9061, involving use of a carcinogen in violation of standards or special orders, except as provided by subdivision (d) and by Section 6429, shall be in the amount of two thousand dollars ($2,000).

(c) A civil penalty assessed pursuant to Section 6429 for repeated violations of standards or special orders specified in subdivision (a) shall be not less than five thousand dollars ($5,000).

(d) A civil penalty assessed pursuant to Section 6429 for repeated serious violations of standards or special orders specified in subdivision (b) shall be not less than ten thousand dollars ($10,000).

The maximum limitations on civil penalties specified in Chapter 4 (commencing with Section 6423) of Part 1 shall be applicable to civil penalties for which the minimum amount is prescribed by subdivision (a), (c), or (d). Nothing in this section shall supersede any provision of law prescribing criminal offenses or penalties.

9061. (a) For purposes of this part, "serious violation" shall have the meaning specified in Section 6432 and, except as provided in subdivision (b), shall additionally include any violation of a standard or special order respecting the use of a carcinogen.

(b) A violation of a standard or special order respecting the use of a carcinogen shall not, be a "serious violation" if the employer did not, and could not, with the exercise of reasonable diligence, know of the presence of the violation or if the violation is minor and resulted in no substantial health hazard, as determined by the division.

CHAPTER 948

An act to amend Sections 1653, 1698, and 1699 of, and to add Section 1699.4 to, the Code of Civil Procedure, relating to support.

(h) "Prosecuting attorney" means the public official in the appropriate place who has the duty to enforce criminal laws relating to the failure to provide for the support of any person.

(j) "State" includes a state, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and any foreign jurisdiction in which this or a substantially similar law or procedure is in effect or which has established enforcement procedures with or without court participation under a treaty, the application of which is extended to this state.

(k) "Support order" means any judgment, decree, or order of support in favor of an obligee whether temporary or final, or subject to modification, revocation, or remission, regardless of the kind of action or proceeding in which it is entered.

SEC. 3. Section 1699 of the Code of Civil Procedure is amended to read:

1699. (a) Upon registration the registered foreign support order shall be treated in the same manner as a support order issued by a court of this state. It has the same effect and is subject to the same procedures, defenses, and proceedings for reopening, vacating, or staying as a support order of this state and may be enforced and satisfied in like manner. CHAPTER 949

An act to amend Section 1050 of, and to repeal and add Section 1050.5 of, the Penal Code, relating to criminal proceedings.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1050 of the Penal Code is amended to read:

1050. (a) The welfare of the people of the State of California requires that all proceedings in criminal cases shall be set for trial and heard and determined at the earliest possible time. To this end the Legislature finds that the criminal courts are becoming increasingly congested with resulting adverse consequences to the welfare of the people and the defendant. Excessive continuances contribute substantially to this congestion and cause substantial hardship to victims and other witnesses. Continuances also lead to longer periods of presentence confinement for those defendants in custody and the concomitant overcrowding and increased expenses of local jails It is therefore recognized that the people, the defendant, and the victims and other witnesses have the right to an expeditious disposition, and to that end it shall be the duty of all courts and judicial officers and of all counsel, both the prosecution and the defense, to expedite these proceedings to the greatest degree that is consistent with the ends of justice. In accordance with this policy, criminal cases shall be given precedence over, and set for trial and heard without regard to the pendency of, any civil matters or proceedings.

(b) To continue any hearing in a criminal proceeding, including the trial, a written notice shall be filed and served on all parties to the proceeding at least two court days before the hearing sought to be continued, together with affidavits or declarations detailing specific facts showing that a continuance is necessary. A party shall not be deemed to have been served within the meaning of this section until that party actually has received a copy of the documents to be served, unless the party, after receiving actual notice of the request for continuance, waives the right to have the documents served in a timely manner. Regardless of the proponent of the motion, the prosecuting attorney shall notify people's witnesses and the defense attorney shall notify defense's witnesses of the notice of motion, the date of the hearing, and the witnesses' right to be heard by the court.

(c) Notwithstanding subdivision (b), a party may make a motion for a continuance without complying with the requirements of that subdivision. However, unless the moving party shows good cause for the failure to comply with those requirements, the court may impose sanctions as provided in Section 1050.5.

(d) When a party makes a motion for a continuance without complying with the requirements of subdivision (b), the court shall hold a hearing on whether there is good cause for the failure to comply with those requirements. At the conclusion of the hearing the court shall make a finding whether good cause has been shown and, if it finds that there is good cause, shall state on the record the facts proved that justify its finding. A statement of the finding and a statement of facts proved shall be entered in the minutes. If the moving party is unable to show good cause for the failure to give

notice, the motion for continuance shall not be granted.

(e) Continuances shall be granted only upon a showing of good cause. Neither the convenience of the parties nor a stipulation of the parties is in and of itself good cause.

(f) At the conclusion of the motion for continuance, the court shall make a finding whether good cause has been shown and, if it finds that there is good cause, shall state on the record the facts proved that justify its finding. A statement of facts proved shall be entered in the minutes.

(g) When deciding whether or not good cause for a continuance has been shown, the court shall consider the general convenience and prior commitments of all witnesses, including peace officers. Both the general convenience and prior commitments of each witness also shall be considered in selecting a continuance date if the motion is granted. The facts as to inconvenience or prior commitments may be offered by the witness or by a party to the case.

(h) Upon a showing that the attorney of record at the time of the defendant's first appearance in the superior court is a Member of the Legislature of this state and that the Legislature is in session or that a legislative interim committee of which the attorney is a duly appointed member is meeting or is to meet within the next seven days, the defendant shall be entitled to a reasonable continuance not to exceed 30 days.

(i) A continuance shall be granted only for that period of time shown to be necessary by the evidence considered at the hearing on the motion. Whenever any continuance is granted, the court shall state on the record the facts proved that justify the length of the continuance, and those facts shall be entered in the minutes.

(j) Whenever it shall appear that any court may be required, because of the condition of its calendar, to dismiss an action pursuant to Section 1382, the court must immediately notify the Chairman of the Judicial Council.

(k) This section shall not apply when the preliminary examination is set on a date less than 10 court days from the date of the defendant's arraignment on the complaint, and the prosecution or the defendant moves to continue the preliminary examination to a date not more than 10 court days from the date of the defendant's arraignment on the complaint.

SEC. 2. Section 1050.5 of the Penal Code is repealed.

SEC. 3. Section 1050.5 is added to the Penal Code, to read:

1050.5. (a) When, pursuant to subdivision (c) of Section 1050, the court imposes sanctions for failure to comply with the provisions of subdivision (b) of Section 1050, the court may impose one or both of the following sanctions when the moving party is the prosecuting or defense attorney:

(1) A fine not exceeding one thousand dollars ($1,000) upon counsel for the moving party.

(2) The filing of a report with an appropriate disciplinary committee.

(b) The authority to impose sanctions provided for by this section shall be in addition to any other authority or power available to the court.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

CHAPTER 950

An act to amend Sections 15 and 50 of, and to add Section 15.3 to, the Bighorn Mountains Water Agency Law (Chapter 1175 of the Statutes of 1969), relating to the Bighorn Mountains Water Agency.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 15 of the Bighorn Mountains Water Agency Law (Chapter 1175 of the Statutes of 1969) is amended to read:

(b) No proxy shall be valid after the expiration of 11 months from the date thereof unless otherwise provided in the proxy, except that the maximum term of any proxy shall be three years from the date of execution. Every proxy continues in full force and effect until revoked by the person executing it prior to the vote pursuant thereto, except as otherwise provided in this section. Such revocation may be effected by a writing delivered to the corporation stating that the proxy is revoked or by a subsequent proxy executed by the person executing the prior proxy and presented to the meeting, or as to any meeting by attendance at such meeting and voting in person by the person executing the proxy. The dates contained on the forms of

proxy presumptively determine the order of execution, regardless of the postmark dates on the envelopes in which they are mailed.

(c) A proxy is not revoked by the death or incapacity of the maker or the termination of a membership as a result thereof unless, before the vote is counted, written notice of such death or incapacity is received by the corporation.

(d) Notwithstanding subdivisions (b) and (c), whenever any credit union which is subject to the provisions of this division is insolvent or its capital is impaired, or, when the commissioner determines that a credit union is in danger of insolvency or an impairment of its capital and the board of the directors of the credit union presents a reorganization plan to the commissioner and such plan is approved, the board of directors may, subject to the provisions of this division, solicit irrevocable proxies for a proxyholder who qualifies pursuant to this section. Unless otherwise provided in the articles or bylaws, the proxy of a member which states that it is irrevocable is irrevocable for the period specified therein when it is held by any of the following or a nominee of any of the following:

(1) A person who has purchased or who has agreed to purchase the membership.

(2) A creditor or creditors of the credit union who extended or continued credit or contracted to perform services to the corporation in consideration of the proxy if the proxy states that it was given in consideration of the extension or continuation of credit or services and the name of the person extending or continuing the credit or performing the service.

(3) A person who has contracted to perform services as an employee of the credit union, if the proxy is required by the contract of employment and if the proxy states that it was given in consideration of such contract of employment, the name of the employee, and the period of employment for which the employee has contracted.

Notwithstanding the period of irrevocability specified, the proxy becomes revocable when the agreement to purchase is terminated, the debt of the credit union or the member is paid, or the period of employment provided for in the contract of employment or the contract to perform services has terminated. In addition to paragraphs (1) through (3), a proxy of a member may be made irrevocable notwithstanding subdivision (c) if it is given to secure the performance of a duty or to protect a title, either legal or equitable, until the happening of events which by its terms, discharge the obligations secured by it.

(e) Subdivision (a) notwithstanding:

(1) No amendment of the articles or bylaws repealing, restricting, creating or expanding proxy rights may be adopted without approval by the members.

(2) No amendment of the articles or bylaws restricting or limiting the use of proxies may affect the validity of a previously issued irrevocable proxy during the term of its irrevocability, so long as it complied with applicable provisions, if any, of the articles or bylaws at the

time of issuance, and is otherwise valid under this section.

(f) Anything to the contrary notwithstanding, any revocable proxy covering matters requiring a vote of the members pursuant to Section 7222, Section 7224, Section 7233, Section 7812, paragraph (2) of subdivision (a) of Section 7911, Section 8012, subdivision (a) of Section 8015, Section 8610, or subdivision (a) of Section 8719 of the Nonprofit Mutual Benefit Corporation Law, Part 3 (commencing with Section 7110) of Division 2 of Title 1 of the Corporations Code, or subdivision (e) is not valid as to such matters unless it sets forth the general nature of the matter to be voted on.

SEC. 11. Section 14821 of the Financial Code is amended to read:

14821. (a) Except for solicited proxies which on their face provide for a period of validity of three years from the date of execution of the proxy, any form of proxy or written ballot distributed to 10 or more members of a credit union shall afford an opportunity on the proxy or form of written ballot to specify at the time the written ballot or proxy is distributed, a choice between approval and disapproval of each matter or group of related matters intended to be acted upon at the meeting for which the proxy is solicited or by such written ballot, and shall provide, subject to reasonable specified conditions, that where the person solicited specifies a choice with respect to any such matter the vote shall be cast in accordance therewith.

(b) In any election of directors, any form of proxy or written ballot in which the directors to be voted upon are named therein as candidates and which is marked by a member "withhold" or otherwise marked in a manner indicating that the authority to vote for the election of directors is withheld, shall not be voted either for or against the election of a director.

(c) In the case of any solicited proxy which on its face provides for a period of validity of three years from the date of execution of the proxy, the credit union shall provide to the person executing the proxy a written notice at the time of solicitation and in each succeeding year of validity thereof, which shall advise the member of the nature of each matter or group of related matters on which the proxy may be voted.

(d) Failure to comply with this section shall not invalidate any corporate action taken, but may be the basis for challenging any proxy at a meeting or written ballot and the superior court may compel compliance therewith at the suit of any member.

SEC. 12. Section 14860 of the Financial Code is amended to read:

14860. Except as provided in this section and Part 1 (commencing with Section 5100) of Division 5 of the Probate Code, no credit union shall exercise trust powers except upon qualifying as a trust company pursuant to Division 1 (commencing with Section 99).

(a) Notwithstanding any other provisions of law relating to trusts and trust authority, subject to the regulations of the commissioner, a credit union may act as a trustee or custodian, and may receive reasonable compensation for so acting, under any written trust in-

strument or custodial agreement created or organized in the United States which is a part of a pension plan for its members or groups or organizations of its members, which qualifies or has qualified for specific tax treatment under Section 401 or Section 408 of the Internal Revenue Code, Title 26 of the United States Code, or any deferred compensation plan for the benefit of the credit union's employees, provided the funds received pursuant to these plans are invested in share accounts or share certificate accounts of the credit union. All funds held by a credit union trustee or in a custodial capacity shall be maintained in accordance with applicable laws and rules and regulations as may be promulgated by the Secretary of Labor, the Secretary of the Treasury, or any other authority exercising jurisdiction over such trust or custodial accounts. The credit union shall maintain individual records for each participant or beneficiary which show in detail all transactions relating to the funds of each participant or beneficiary.

The trust instrument or agreement shall provide for the appointment of a successor trustee or custodian by a person, committee, corporation, or organization other than the credit union or any person acting in his or her capacity as a director, employee, or agent of the credit union, upon notice from the credit union or the commissioner that the credit union is unwilling or unable to continue to act as trustee or custodian.

(b) Shares may be issued in a revocable or irrevocable trust subject to the following:

(1) When shares are issued in a revocable trust, the settlor shall be a member of the credit union issuing the shares in his or her own right, and the name and address of the beneficiary shall be stated.

(2) When shares are issued in an irrevocable trust, the settlor or the beneficiary shall be a member of this credit union in his or her own right, and the name and address of the beneficiary shall be stated. For purposes of this section, shares issued pursuant to a pension plan authorized by this section shall be treated as an irrevocable trust unless otherwise indicated in rules and regulations issued by the commissioner.

(3) This subdivision does not apply to trust accounts established prior to the effective date of this subdivision. Trusts may be established pursuant to this subdivision, provided the trusts and their terms and conditions are in accordance with the California Multiple Party Accounts Law.

SEC. 13. Section 14862 of the Financial Code is amended to read:

14862. The board of directors shall establish from time to time a written savings capital structure policy which shall set out the various terms and conditions upon which credit union shares may be issued, paid for, transferred, and withdrawn. The savings capital structure policy may provide for different rates, maturities and minimum share account balances, subject to the rules of the commissioner for the credit union's share capital and the terms and conditions on which dividends may be calculated and paid to member's purchasing

credit union shares. The savings capital structure policy shall have as its goal avoiding instability in the credit union's savings capital and thereby providing that credit union members have an adequate source of funds for loans and receive a fair return on member share capital.

SEC. 14. Section 14954 of the Financial Code is amended to read:

14954. For the purposes of this chapter, a person who is not an applicant for an extension of credit or the creation of an obligation with the credit union but guarantees performance of the underlying obligation is a surety. A surety may act as security pursuant to subdivision (a) of Section 14955.

SEC. 15. Section 15050 of the Financial Code is amended to read:

15050. No credit union shall do any of the following:

(a) Enter into any obligation with any director, officer, member of the credit committee or member of the supervisory committee directly or indirectly unless the obligation complies with all lawful requirements of this division with respect to obligations permitted for other members and is not on terms more favorable than those extended to other members.

(b) Enter into any obligation with any director, officer, member of the credit committee or member of the supervisory committee, directly or indirectly, not fully secured by shares or certificates for funds unless all of the following requirements are satisfied:

(1) Upon the making of the obligation, the aggregate amount of obligations outstanding, except obligations fully secured by shares, to directors, officers, members of the credit committee and their alternates, or members of the supervisory committee will not exceed 10 percent of the unimpaired capital and surplus of the credit union.

(2) The obligation, except any portion of an obligation fully secured by shares, does not exceed 1 percent of the unimpaired capital and surplus of the credit union, or the maximum obligation to the credit union prescribed by subdivisions (b) and (c) of Section 15100, whichever is less.

(3) The obligation is approved by the credit committee, or in the alternative the credit manager, and by the board of directors, except that the credit manager shall not take part in any credit decision directly or indirectly for his or her benefit. The board of directors may select a loan officer to prepare a report and recommendation as to any extension of credit or other obligation requested by the credit manager.

(4) The credit union member entering into the obligation takes no part in the consideration of his or her application and does not attend any committee or board meeting while his or her application is under consideration.

(5) The names of members of the credit committee, or in the alternative, the credit manager, and board of directors who voted to authorize or ratify the obligation shall be entered in their respective minutes.

(c) Permit any director, officer, member of the credit committee,

or in the alternative, the credit manager, or member of the supervisory committee to become surety for any obligation created by the credit union for anyone other than a member of their immediate family.

(d) Enter into any obligation with any credit manager or any officer employed by the credit union, directly or indirectly, unless the obligation is in compliance with all requirements of this division with respect to obligations permitted for other members, and not on terms more favorable than those extended to other employees, and approved by the board of directors.

SEC. 16. Section 15201 of the Financial Code is amended to read:

15201. (a) The merger shall be made pursuant to any plan agreed upon by the majority of the board of directors of each credit union joining in the merger, and approved by the affirmative vote of at least a majority of the members of the disappearing credit union, in person or by proxy, at a meeting of the members called for that purpose or by written consent of a majority of the members of the disappearing credit union.

(b) The commissioner may approve a merger according to the plan agreed upon by the majority of the board of directors of each credit union, as set forth in subdivision (a), if the plan of merger is approved by less than a majority of the membership as provided in subdivision (a) if the commissioner finds, upon the written and verified application filed by the board of directors, that (1) notice of the meeting called to consider the merger or the ballot for written vote on the merger was mailed to each member entitled to vote upon the question, (2) such notice or ballot disclosed the purpose of the meeting or the written vote, (3) such notice or ballot informed the membership that approval of the merger might be sought pursuant to this section, and (4) a majority of the votes cast upon the question were in favor of the merger.

(c) Notwithstanding subdivisions (a) and (b), the commissioner may approve a merger without a vote of the membership of the disappearing credit union if a majority of the members of the board of directors of the surviving credit union approves the merger, the disappearing credit union is in danger of insolvency and the merger would reduce the risk or avoid a threatened loss to the California Credit Union Share Guaranty Corporation, or other form of share guaranty or insurance approved by the commissioner. For purposes of this chapter, a credit union is insolvent when, from the most recent available financial statements, it can be shown that the total amount of its shares exceeds the present cash value of its assets after providing for liabilities unless:

(1) It is determined by the commissioner that the facts that caused the deficient share-asset ratio no longer exist; and

(2) The likelihood of further depreciation of the share-asset ratio is not probable; and

(3) The return of the share-asset ratio to its normal limits within a reasonable time for the credit union concerned is probable; and

(4) The probability of a further potential loss is negligible to the California Credit Union Share Guaranty Corporation, or other form of share guaranty or insurance approved by the commissioner.

(e) (1) "Ancillary health service provider" includes, but is not limited to, providers of pharmaceutical, laboratory, optometry, prosthetic, or orthopedic supplies or services, suppliers of durable medical equipment, home-health service providers, and providers of mental health or substance abuse services.

(2) As used in subdivision (b), "adjacent" means real property located within a 400-yard radius of the boundaries of the site on which the health facility is located.

(f) Neither a health facility nor an ancillary health service provider is required to make any disclosures required by this section to any patients or customers, or their representatives, if the patients or customers are enrolled in organizations or entities which provide or arrange for the provision of health care services in exchange for a prepaid capitation payment or premium.

CHAPTER 953

An act to amend Sections 6002, 6005, 6006, 44976, 44986, 45014, 67005, and 67093 of, to add Sections 6006.6, 45021, and 67095 to, and to add Article 10 (commencing with Section 67140) to Chapter 5 of Division 22 of, the Food and Agricultural Code, relating to agriculture, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 6002 of the Food and Agricultural Code is amended to read:

6002. The director, or an entity designated by the Cotton Pest Control Board, may contract with the United States Department of Agriculture for the purpose of controlling, suppressing, or eradicating cotton boll weevil or pink bollworm in this state, the State of Arizona, or the Republic of Mexico to prevent the entry and establishment of these pests in this state.

SEC. 2. Section 6005 of the Food and Agricultural Code is amended to read:

6005. (a) Every grower of cotton in the state shall pay a fee of two dollars ($2) for each bale of cotton ginned or for each bale of cotton sold by growers in this state who received the cotton under the federal payment-in-kind program, Section 700 et seq. of Title 7 of the Code of Federal Regulations.

(b) The fee is a maximum fee. The amount of the fee may vary from district to district in accordance with the protection afforded to the cotton crop in the districts. The director may establish districts in the state for the purpose of fixing the fee. Between February 1 and June 30 of each year, the Cotton Pest Control Board shall recommend to the director the amount of the fee that it determines to be necessary to carry out this article in each district. The director may fix the fee at a less amount, when it is determined that the cost of administering this article can be defrayed with the below-maximum fee. The amount of the fee shall be effective for the next fiscal year. The fee shall be paid to the director or the entity designated by the Cotton Pest Control Board at the time the cotton is ginned or by the first handler when the cotton is sold in the case of cotton received by growers under the federal payment-in-kind program, Section 700 et seq. of Title 7 of the Code of Federal Regulations. The first handler shall deduct the fee from any moneys owed to the grower. To determine the number of payment-in-kind bales on which the fee is calculated that the first handler pays to the director, the first handler shall divide each grower's total payment-in-kind entitlement pounds of cotton by 500.

(c) The amount received from fees and other sources of income shall be deposited and handled in a manner determined by the Cotton Pest Control Board and shall be used exclusively to pay costs directly related to the control of pink bollworm or other related cotton pests.

(d) Fees which have not been expended by the termination date of this article shall be refunded.

(e) Moneys received from other sources for this program may be used to carry out the purposes of this article.

(f) The Cotton Pest Control Board may hire any and all necessary personnel, contract for services, and incur all other expenses necessary to carry out the purposes of this article.

SEC. 3. Section 6006 of the Food and Agricultural Code is amended to read:

6006. The director shall appoint a Cotton Pest Control Board, consisting of 10 members, to assist and advise him or her on matters which pertain to the control of cotton pests and to carry out its authority specified in this article.

The membership shall consist of at least one cottongrower from each of the major cotton-growing counties in the state, and one member who is not a cottongrower and who represents the public.

Any member of the board who misses two meetings without the permission of the board, is deemed to have resigned as a member of the board.

The board may meet in regular session each month. The chairperson of the board or the director may call any other meeting of the board at any time. Each member shall be allowed per diem and mileage in accordance with the State Board of Control rules for attending any meeting of the board.

The board shall annually review the effectiveness of the cotton pest control program.

SEC. 3.5. Section 6006.6 is added to the Food and Agricultural Code, to read:

SEC. 4. Section 44976 of the Food and Agricultural Code is amended to read:

SEC. 7. Section 45021 is added to the Food and Agricultural Code, to read:

45021. (a) The requirements specified in this chapter, including, but not limited to, the setting, collection, and handling of inspection and certification fees and other costs of service, inspection frequency and procedures, hiring, training, and supervision of inspectors and other necessary personnel, use and revocation of an official stamp or permit, reports prior to preparing avocados for market, and recordkeeping with respect to avocados, may be conducted by the California Avocado Commission instead of the director, if authorized in the manner specified in Section 67095.

(b) The enforcement and regulatory authority of the director which is specified in this chapter shall remain in full force and effect. 8025. The commission may suspend or revoke the commercial fishing privileges of any fisherman or the license of any person required to be licensed under Article 7 (commencing with Section 8040) convicted of a violation of any provision of this article.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 956

An act to amend Sections 3370, 3371, 3372, 3373, 3374, 3375, and 3376 of, to amend the heading of Article 2 (commencing with Section 3370) of Chapter 18 of Division 1 of, to add Sections 3372.5 and 3377 to, and to repeal Section 3351 of, the Financial Code, and to amend Sections 11346.1 and 11346.2 of the Government Code, relating to banks, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 3351 of the Financial Code is repealed.

SEC. 2. The heading of Article 2 (commencing with Section 3370) of Chapter 18 of Division 1 of the Financial Code is amended to read:

Article 2. Loans to Executive Officers and Directors

SEC. 3. Section 3370 of the Financial Code is amended to read:

3370. It is the intent of the Legislature that the provisions of this article, insofar as they are contained in Regulation O (12 C.F.R. Part 215) of the Federal Reserve Board, conform, and be interpreted by anyone construing the provisions of this article to so conform, to Regulation O, to any rule or interpretation promulgated thereunder by the Board of Governors of the Federal Reserve System, and to any interpretation issued by an official or employee of the Federal Reserve System duly authorized to issue the interpretation.

SEC. 4. Section 3371 of the Financial Code is amended to read:

3371. As used in this article:

(a) "Bank" means:

(1) Any commercial bank or trust company incorporated under the laws of this state.

(2) Any foreign bank which is licensed by the superintendent under Article 3 (commencing with Section 1750) of Chapter 13.5 of

this division to maintain a depositary agency or branch office (as defined in Section 1700) in this state, with respect to any such office.

(3) Any corporation incorporated under the laws of this state which is incorporated for the purpose of engaging in, or which is authorized by the superintendent to engage in, business under Article 1 (commencing with Section 3500) of Chapter 19.

(4) Any foreign corporation which is licensed by the superintendent under Article 1 (commencing with Section 3500) of Chapter 19 of this division to maintain an office in this state and to transact at such office business under that article, with respect to any such office.

(b) "Company" has the meaning set forth in subdivision (a) of Section 215.2 of Regulation O.

(c) "Executive officer" has the meaning set forth in the first two sentences of subdivision (d) of Section 215.2 of Regulation O. Also, "executive officer", when used with respect to any bank of the type described in paragraph (2) or (4) of subdivision (a), includes the manager of each office of the type referred to in paragraph (2) or (4) of subdivision (a) which the bank maintains in this state.

(d) "Extension of credit" has the meaning set forth in Section 215.3 of Regulation O. However, for purposes of this subdivision, the term "member bank," as used in Section 215.3, shall be construed to have the same meaning as "bank," as defined in subdivision (a).

(e) "Regulation O" means Regulation O (12 C.F.R., Part 215) as adopted by the Board of Governors of the Federal Reserve System, including all amendments thereto in effect on January 1, 1984.

SEC. 5. Section 3372 of the Financial Code is amended to read:

3372. Sections 215.2, 215.3, 215.4, 215.5, 215.7, and 215.8 of Regulation O in all of their particulars, including footnotes thereto, are hereby referred to, incorporated by reference into this article, and adopted, subject to the following:

(a) The term "this Subpart," as used in the referenced sections of Regulation O, shall be construed to mean "this article."

(b) The term "member bank," as used in the referenced sections of Regulation O, shall be construed to have the same meaning as "bank," as defined in Section 3371.

(c) The term "the appropriate Federal banking agency," as used in the referenced sections of Regulation O, shall be construed to mean "the superintendent."

(d) The term "executive officer of a member bank," as used in the referenced sections of Regulation O, shall be construed to include, in the case of a bank of the type described in paragraph (2) or (4) of subdivision (a) of Section 3371, the manager of each office of the type referred to in paragraph (2) or (4) of subdivision (a) of Section 3371 which the bank maintains in this state.

(e) Subdivision (f) of Section 215.2 of Regulation O is not applicable; instead, for purposes of the referenced sections of Regulation O, the term "lending limit" shall be construed to mean an amount equal to the limit of obligations of a single obligor set forth

in Section 1221 of this code, and any reference to subdivision (f) of Section 215.2 made within the provisions of Regulation O which are made applicable by this section shall be considered to be a reference to Section 1221.

(f) Subdivision (g) of Section 215.2 of Regulation O is not applicable.

(g) (1) Any company which is majority owned by one or more executive officers or directors of a bank, individually or collectively, shall be deemed to be a related interest of each of those executive officers or directors for purposes of the referenced sections of Regulation O.

(2) In case an individual who is an executive officer of a bank is a director or executive officer of a company, the company shall be deemed to be a related interest of the individual for purposes of the referenced sections of Regulation O except subdivision (c) of Section 215.4. However, this paragraph shall not apply to an extension of credit by a bank to any of the following companies: (A) a bank holding company of which the bank is a subsidiary; (B) any subsidiary of such a bank holding company; or (C) any nonprofit company engaged in religious, charitable, educational, scientific, literary, social, or recreational purposes, provided that the individual whose position as a director or executive officer of the company is at issue does not receive compensation in excess of one thousand dollars ($1,000) per year for serving as a director or executive officer of the company. For purposes of the foregoing sentence, "subsidiary" has the meaning set forth in 12 U.S.C. 1841(d).

(3) In case a bank in making an extension of credit becomes subject to the requirements set forth in subdivision (b)(1)(i) of Section 215.4 of Regulation O because of paragraph (1) or (2), the bank shall be deemed to fulfill the requirement if the extension of credit is promptly reported to the board of the bank.

SEC. 5.5. Section 3372.5 is added to the Financial Code, to read:

3372.5. No bank shall extend credit in an aggregate amount greater than the amount permitted in paragraph (3) of subdivision (c) of Section 215.5 of Regulation O to any company which is majority owned by one or more executive officers of the bank, individually or collectively. For purposes of paragraph (3) of subdivision (c) of Section 215.5 of Regulation O, the total amount of credit extended by the bank to the company shall be considered to be extended to each such executive officer of the bank.

SEC. 6. Section 3373 of the Financial Code is amended to read:

3373. (a) Notwithstanding any other provisions of this article, whenever Section 215.2, 215.3, 215.4, 215.5, 215.7, or 215.8 is changed by the Board of Governors of the Federal Reserve System, the superintendent may by regulation adopt that same change. Any regulation adopted under this section shall expire at 12 p.m. on December 31 of the year following the calendar year in which it becomes effective.

(b) For the purpose of Chapter 3.5 (commencing with Section

11340) of Part 1 of Division 3 of Title 2 of the Government Code, regulations adopted under this section are subject only to the provisions of Sections 11346.1, 11346.2, and 11349.6 of the Government Code.

SEC. 7. Section 3374 of the Financial Code is amended to read:

3374. In making any extension of credit which is subject to this article, a bank shall comply with all other applicable provisions of this division relating to extensions of credit by banks.

SEC. 8. Section 3375 of the Financial Code is amended to read:

3375. No provision of this article or of Article 2 (commencing with Section 1220) of Chapter 10 shall apply to an advance of money made by a bank pursuant to Section 317 of the Corporations Code.

SEC. 9. Section 3376 of the Financial Code is amended to read:

3376. Any bank which makes an extension of credit in violation of this article is liable to a fine of not more than ten thousand dollars ($10,000) for each offense. Any person, other than the bank making the extension of credit, who knowingly makes or procures an extension of credit in violation of this article is guilty of a felony.

SEC. 9.5. Section 3377 is added to the Financial Code, to read:

3377. (a) Any extension of credit which is outstanding on the effective date of this section and which would, if made on or after the effective date of this section, violate subdivision (c) of Section 215.4 of Regulation O, as incorporated by Section 3372, shall be reduced, in amount, by October 1, 1986, to be in compliance with subdivision (c) of Section 215.4 of Regulation O. Any renewal or extension of such extension of credit on or after the effective date of this section shall be made only on terms that shall bring the extension of credit into compliance with subdivision (c) of Section 215.4 by October 1, 1986. However, any extension of credit made before the effective date of this section that bears a specific maturity date of October 1, 1986, or later, shall be repaid in accordance with its repayment schedule in existence on or before the effective date of this section.

(b) If a bank is unable to bring all extensions of credit outstanding on the effective date of this section into compliance as required by subdivision (a), the bank shall promptly report that fact to the superintendent and explain the reasons why all the extensions of credit cannot be brought into compliance. The superintendent may, on the basis of good cause shown, extend the October 1, 1986 date for compliance for any extension of credit for not more than two additional one-year periods.

SEC. 10. Section 11346.1 of the Government Code is amended to read:

11346.1. (a) The provisions of this article shall not apply to any regulation not required to be filed with the Secretary of State under this chapter, and only this section and Sections 11346.2 and 11349.6 shall apply to any regulation prescribing an agency's organization or procedure or to an emergency regulation adopted pursuant to subdivision (b), or to any regulation adopted under Section 8054 or 3373 of the Financial Code.

(b) Except as provided in subdivision (c), if a state agency makes a finding that the adoption of a regulation or order of repeal is necessary for the immediate preservation of the public peace, health and safety or general welfare, the regulation or order of repeal may be adopted as an emergency regulation or order of repeal.

Any finding of an emergency shall include a written statement which contains the information required by paragraphs (2) to (6), inclusive, of subdivision (a) of Section 11346.5 and a description of the specific facts showing the need for immediate action. The enactment of an urgency statute shall not, in and of itself, constitute a need for immediate action.

The statement and the regulation or order of repeal shall be filed immediately with the Office of Administrative Law. The statement or order of repeal shall be published in the next issue of the California Administrative Notice Register, which shall be delivered to each Member of the Legislature and to each standing committee. The regulation shall be published in the next issue of the California Administrative Code Supplement.

(c) (1) Notwithstanding any other provision of the law, no board or commission shall have the power to adopt an emergency regulation to interpret, implement, or make specific provisions of the law relating to campaign disclosure except by a unanimous vote of all members of such board or commission present at the proceeding at which such regulation is adopted.

(2) Notwithstanding any other provision of law, no emergency regulation which is a building standard, as defined in Section 18909 of the Health and Safety Code, shall be filed, nor shall such building standard be effective, unless such building standards are submitted to the State Building Standards Commission, and are approved and filed pursuant to the provisions of Sections 18937 and 18938 of the Health and Safety Code.

(d) The emergency regulation or order of repeal shall become effective upon filing or upon any later date specified by the state agency in a written instrument filed with, or as a part of, the regulation or order of repeal.

(e) No regulation adopted as an emergency regulation shall remain in effect more than 120 days unless the adopting agency has complied with Sections 11346.4 to 11346.8, inclusive, prior to the adoption of the emergency regulation, or has, within the 120-day period, completed the regulation adoption process by formally adopting the emergency regulation or any amendments thereto, pursuant to the provisions of this chapter. The adopting agency, prior to the expiration of the 120-day period, shall transmit to the office for filing with the Secretary of State the adopted regulation, the rulemaking file, and a certification that either Sections 11346.4 to 11346.8, inclusive, were complied with prior to adoption, or that there was compliance with the provisions of this section within the 120-day period.

(f) In the event an emergency regulation was filed as an

amendment to an existing regulation, upon failure of the adopting agency to comply with subdivision (e) as provided above, the regulation as it existed prior to such emergency amendment shall thereupon become effective and after notice to the adopting agency by the Office of Administrative Law shall be reprinted in the California Administrative Code in the place of such emergency amendment.

(g) In the event a regulation is originally adopted and filed as an emergency and the adopting agency fails to comply with subdivision (e), such failure shall constitute a repeal thereof and after notice to the adopting agency by the Office of Administrative Law, shall be deleted.

(h) A regulation originally adopted as an emergency regulation, or an emergency regulation substantially equivalent thereto which is readopted as an emergency regulation, shall not be filed with the Secretary of State as an emergency regulation except with the express prior approval of the Director of the Office of Administrative Law.

SEC. 11. Section 11346.2 of the Government Code is amended to read:

11346.2. A regulation or an order of repeal required to be filed with the Secretary of State shall become effective on the 30th day after the date of filing unless:

(a) Otherwise specifically provided by the statute pursuant to which the regulation or order of repeal was adopted, in which event it becomes effective on the day prescribed by such statute.

(b) It is a regulation prescribing an agency's organization or procedure, or a regulation adopted under Section 8054 or 3373 of the Financial Code, in which event it shall become effective upon filing or upon any later date specified by the state agency in a written instrument filed with, or as part of, the regulation or order of repeal.

(c) A later date is prescribed by the state agency in a written instrument filed with, or as part of, the regulation or order of repeal.

(d) The agency makes a written request to the office demonstrating good cause for an earlier effective date, in which case the office may prescribe an earlier date.

SEC. 12. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 13. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

It is necessary for this act to take effect immediately because it resolves ambiguities and makes necessary changes and corrections in the law governing extensions of credit by banks to insiders which

became operative April 1, 1985, and in related provisions governing overdrafts and administrative regulations.

CHAPTER 957

An act to amend Section 1242.7 of the Business and Professions Code, relating to hemodialysis technicians, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1242.7 of the Business and Professions Code is amended to read:

1242.7. (a) The State Department of Health Services shall, within six months after the effective date of this section, adopt rules and regulations prescribing minimum training standards for persons employed as hemodialysis technicians.

(b) Each dialysis clinic or dialysis unit within a licensed clinic or hospital, as defined respectively in Sections 1204 and 1250 of the Health and Safety Code, or any person operating or using dialysis equipment, other than a dialysis patient, shall have available to the department for review and approval, its training program and test for hemodialysis technicians. The training program shall include training in the administration of local anesthetics, heparin, and sodium chloride solutions. The requirements set forth in Section 1242.8 shall prevail over the requirements of this section with regard to any test requirements for the administration of these medications. The test shall be administered by personnel performing the training at each dialysis clinic or dialysis unit and shall include written, oral and practical examinations designed to accurately test the proficiency of personnel in training on the type of dialyzer and equipment utilized at the dialysis clinic or dialysis unit. Six months after the adoption of rules and regulations pursuant to subdivision (a), those dialysis clinics or dialysis units without an approved training program and test shall not be permitted to train personnel until they submit and receive approval for a training program and test by the department. A training program and test shall be approved or rejected by the department within 30 days after submission. If action on a program cannot be accomplished within 30 days after submission, the department shall not enforce the provisions of this section with respect to any facility whose program is not acted upon until the department acts to approve or reject. The department shall submit to the Legislature copies of any notice informing facilities that the department cannot act on their application within 30 days. In the case of persons employed as

hemodialysis technicians on the effective date of this section, the test shall be taken and passed within one year of the effective date of this section or their employment shall be terminated. Any person employed as a hemodialysis technician on the effective date of this section may perform venipuncture and arterial puncture for the purpose of providing dialysis treatment for a patient as defined by regulations of the department.

(c) Personnel in training shall be classified as dialysis technician trainees and shall be immediately supervised by a licensed physician and surgeon or by a licensed registered nurse whenever the trainee is involved in direct patient care prior to passing the test. Persons employed as hemodialysis technicians on the effective date of the act amending this section during the second year of the 1981–82 Regular Session of the Legislature who have taken and been notified of their failure to successfully complete the approved test shall be reclassified as dialysis technician trainees. These persons shall be immediately supervised by a licensed physician and surgeon or by a licensed registered nurse whenever involved in direct patient care, and shall be required to successfully complete the approved test within six months after taking their first test or their employment shall be terminated.

(d) Each dialysis unit shall make available to the department the names of individuals employed by them as dialysis technicians and evidence that those persons have completed the approved training and successfully passed the approved test. Evidence of completion of the training program and passage of the prescribed test shall include the particular type of dialyzer and equipment upon which the individual was trained and tested and shall be a part of the individual's personnel records.

(e) The department may revoke or suspend the license of any dialysis clinic or unit or any licensed clinic or hospital for any violation of any provision of this section or Section 1242.8.

(f) For the purposes of this section, the following terms shall have the following meanings:

(1) "Hemodialysis technician" means an unlicensed health care provider who is employed by a hemodialysis clinic or unit for the purpose of participating in the direct treatment of patients undergoing hemodialysis. The treatment of patients includes performing venipuncture and arterial puncture for the purpose of providing dialysis treatment for a patient, as defined by regulations of the department. The treatment of patients includes the administration of local anesthetics, heparin, and sodium chloride solutions. The adminstration of these medications shall be pursuant to protocol established by the medical director of the dialysis facility and the requirements prescribed in Section 1242.8, and shall be under the immediate supervision of a licensed physician and surgeon or a licensed registered nurse. The administration of local anesthetics shall be limited to intradermal, subcutaneous, or topical administration.

(2) "Immediate supervision" means supervision of dialysis treatment in the same room in which the dialysis treatment is being performed.

(g) Any hemodialysis technician or hemodialysis technician trainee who has completed a local training program shall be eligible to take a state-approved test for hemodialysis technicians who were employed on January 1, 1982, as provided in subdivision (b).

(h) Any hemodialysis technician or hemodialysis technician trainee who has completed a local training program shall be eligible to take the standardized test developed by the department to measure the technician's competency to administer the medications specified in this section.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that continued dialysis treatment may be available to those persons who require that treatment and that those persons may continue to be treated by certified hemodialysis technicians, it is necessary that this act go into immediate effect.

CHAPTER 958

(b) The division shall select an advisory committee to assist the division in preparing the data and information for the written and oral qualifying examination. The advisory committee shall consist of not less than seven members, nor more than nine members, with at least one representative from explosives manufacturers, snow avalanche blasting consultants, the recreational snow ski industry, a public recreation area, the California Department of Transportation, and the division.

SEC. 3. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

SEC. 4. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within

the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that funds, commencing with the 1985–86 school year, not be allocated for average daily attendance on the basis of attendance at schools for traffic violators required by a court, it is necessary that this act take effect immediately.

(1) To acquire, contract, and enter into advance commitments to acquire, home mortgages made or owned by lending institutions at the purchase prices and upon the other terms and conditions as shall be determined by the city or county or other person as it may designate as its agent, to make and execute contracts with lending institutions for the origination and servicing of home mortgages, and to pay the reasonable value of services rendered under those contracts. Prior to executing any contract with a lending institution, a city or county shall adopt regulations establishing criteria for qualification of lending institutions eligible to originate and service home mortgages under home financing programs authorized by this part and shall, with respect to each home financing progam, permit each qualified lending institution which transacts business in the city or county the opportunity to participate in the program on an equitable basis with other participating lending institutions. Two or more cities in the same county, or a county and one or more cities within the county, or two or more adjacent counties and any number of cities within those counties may enter into an agreement to join or cooperate with one another in the exercise jointly, or otherwise, of any or all of their powers for the purpose of financing home mortgages pursuant to this part with respect to property within the boundaries of any one or more of the entities.

(2) To make loans to lending institutions under terms and conditions which, in addition to other provisions as determined by the city or county, require the lending institutions to use all of the net proceeds thereof, directly or indirectly, for the making of home mortgages in an aggregate principal amount equal to the amount of the net proceeds.

(3) To establish, by rules or regulations, in resolutions relating to any issuance of bonds or in any documents relating to the issuance, the standards and requirements applicable to the purchase of home mortgages or the making of loans to lending institutions as the city or county deems necessary or desirable to effectuate the purposes of this part, which may include without limitation any of the following:

(A) The time within which lending institutions are required to make commitments and disbursements for home mortgages.

(B) The location and other characteristics of homes to be financed by home mortgages.

(C) The terms and conditions of home mortgages to be acquired.

(D) The amounts and types of any insurance coverage required on homes, home mortgages, and bonds.

(E) The representations and warranties of lending institutions confirming compliance with the standards and requirements.

(F) Restrictions as to interest rate and other terms of home mortgages or the return realized therefrom by lending institutions.

(G) The type and amount of collateral security to be provided to assure repayment of any loans from the city or county and to assure repayment of bonds.

(H) Any other matters related to the purchase of home mortgages or the making of loans to lending institutions as deemed relevant by the city or county.

(4) To require from each lending institution from which home mortgages are purchased or to which loans are made the submission of evidence satisfactory to the city or county of the ability and intention of the lending institution to make home mortgages, and the submission, within the time specified by the city or county for making disbursements for home mortgages, of evidence satisfactory to the city or county of the making of home mortgages and of compliance with any standards and requirements established by it.

(b) Each city or county which finances housing pursuant to this part shall designate a person or entity to administer the program.

(c) Each city or county which finances housing pursuant to this part shall adopt regulations establishing criteria for qualification of persons and families, which may differ among different cities or counties to reflect varying economic and housing conditions. In developing this criteria, factors similar to the following shall be taken into consideration:

(1) The amount of the income of the person or family that is available for housing needs.

(2) The size of the household.

(3) The costs and condition of available housing.

(4) The eligibility of the persons or families for federal housing assistance of any type.

(d) Criteria for qualification of persons and families pursuant to this section shall include a maximum household income, which maximum shall not exceed the following:

(1) One hundred fifty percent of the median household income for mortgages made for improving a home or for homes where the purchaser will be the first occupant. Upon the resale of a home for which financing was originally provided under this paragraph, the maximum income of persons and families shall also be 150 percent of the median household income. For purposes of this paragraph, a mortgage made for improving a home includes a home improvement loan as defined in Section 103A of Title 26 of the United States Code.

(2) One hundred twenty percent of the median household income where the purchaser will not be the first occupant. However, the city or county shall ensure that no less than 20 percent of the funds allocated for home mortgages where the purchaser will not be the first occupant shall be for households whose income does not exceed 110 percent of the median household income. However, the legislative body of the city or county may, by resolution, increase this income limitation to 120 percent of median household income if the legislative body finds that there are insufficient numbers of creditworthy persons whose income does not exceed the median household income. The resolution is final and conclusive as to the findings required by this paragraph. However, the finding shall not be made by the legislative body before six months from the date mortgages were first made under the program and only if participating lenders have entered into an agreement with the city, county, or city and county that lenders will advertise at least monthly the availability of funds and will forfeit one-quarter of their origination fees if they are unable to use 20 percent of the funds to make mortgages to households whose income does not exceed 110 percent of the median income.

(3) One hundred fifty percent of the median household income for mortgages made for improving a home or for homes where the purchaser will be the first occupant in any city, the entire area of which, or in any county in which a portion of the county, is designated by the United States Department of Commerce, Economic Development Administration as a special impact area within a Title IV redevelopment area, pursuant to Section 401 of the federal Public Works and Economic Development Act of 1965, as amended, and which is eligible for Urban Development Action Grant funds under the current distress standards established for cities and counties by the Secretary of the United States Department of Housing and Urban Development pursuant to Section 119 of the Housing and Community Development Act of 1974, if the homes purchased or improved are situated within the boundaries of a special impact area as defined by the Economic Development

Administration, and that designation is in effect on the date of sale of revenue bonds issued under this part.

As used in this subdivision, "median household income" means the highest of (A) statewide median household income, (B) countywide median household income, or (C) median family income for area as determined by the United States Department of Housing and Urban Development, with respect to either a standard metropolitan statistical area or an area outside of a standard metropolitan statistical area.

Any city or county which issued bonds pursuant to this chapter after August 1, 1981, may elect to apply this subdivision and subdivision (c) to mortgagors obtaining mortgages from the proceeds of the bonds.

(e) (1) Except as otherwise provided in paragraph (2), each city or county which finances housing pursuant to this part shall allocate no less than 60 percent of the dollar amount of its financing from bond proceeds to fund loans for the purchase of homes where the purchaser will be the first occupant, or for substantial rehabilitation. As used in this chapter, "substantial rehabilitation" means rehabilitation in which the costs of rehabilitation equal or exceed 20 percent of the value of the structure after rehabilitation.

(2) Paragraph (1) does not apply to an issue of bonds for which all of the proceeds of the bond issuance are allocated to fund loans for home improvement or substantial rehabilitation.

(f) Each city or county which finances housing pursuant to this part shall require each mortgagor under the program to certify his or her intention to occupy the home for a minimum of two years after receiving a home mortgage, with appropriate exceptions in hardship cases determined by the city or county.

(g) To do any and all things necessary to carry out the purposes and exercise the powers expressly granted by this part.

(h) This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1987, deletes or extends that date. However, this section shall remain applicable to loans made on or after January 1, 1987, with the proceeds of bonds issued prior to that date.

SEC. 3. Section 52020 of the Health and Safety Code, as amended by Section 3 of Chapter 325 of the Statutes of 1985, is amended to read:

contracts. Prior to executing any contract with a lending institution, a city or county shall adopt regulations establishing criteria for qualification of lending institutions eligible to originate and service home mortgages under home financing programs authorized by this part and shall, with respect to each home financing program, permit each qualified lending institution which transacts business in the city or county the opportunity to participate in the program on an equitable basis with other participating lending institutions. Two or more cities in the same county, or a county and one or more cities within the county, or two or more adjacent counties and any number of cities within those counties may enter into an agreement to join or cooperate with one another in the exercise jointly, or otherwise, of any or all of their powers for the purpose of financing home mortgages pursuant to this part with respect to property within the boundaries of any one or more of the entities.

(2) To make loans to lending institutions under terms and conditions which, in addition to other provisions as determined by the city or county, require the lending institutions to use all of the net proceeds thereof, directly or indirectly, for the making of home mortgages in an aggregate principal amount equal to the amount of the net proceeds.

(3) To establish, by rules or regulations, in resolutions relating to any issuance of bonds or in any documents relating to the issuance, standards and requirements applicable to the purchase of home mortgages or the making of loans to lending institutions as the city or county deems necessary or desirable to effectuate the purposes of this part, which may include without limitation any of the following:

(A) The time within which lending institutions are required to make commitments and disbursements for home mortgages.

(B) The location and other characteristics of homes to be financed by home mortgages.

(C) The terms and conditions of home mortgages to be acquired.

(D) The amounts and types of any insurance coverage required on homes, home mortgages and bonds.

(E) The representations and warranties of lending institutions confirming compliance with the standards and requirements.

(F) Restrictions as to interest rate and other terms of home mortgages or the return realized therefrom by lending institutions.

(G) The type and amount of collateral security to be provided to assure repayment of any loans from the city or county and to assure repayment of bonds.

(H) Any other matters related to the purchase of home mortgages or the making of loans to lending institutions as deemed relevant by the city or county.

(4) To require from each lending institution from which home mortgages are purchased or to which loans are made the submission of evidence satisfactory to the city or county of the ability and intention of the lending institution to make home mortgages, and the submission, within the time specified by the city or county for

making disbursements for home mortgages, of evidence satisfactory to the city or county of the making of home mortgages and of compliance with any standards and requirements established by it.

(b) Each city or county which finances housing pursuant to this part shall designate a person or entity to administer the program.

(c) Each city or county which finances housing pursuant to this part shall adopt regulations establishing criteria for qualification of persons and families, which may differ among different cities or counties to reflect varying economic and housing conditions. In developing this criteria, factors similar to the following shall be taken into consideration:

(1) The amount of the income of the person or family that is available for housing needs.

(2) The size of the household.

(3) The costs and condition of available housing.

(4) The eligibility of the persons or families for federal housing assistance of any type.

(d) Criteria for qualification of persons and families pursuant to this section shall include a maximum household income, which maximum shall not exceed the following:

(1) One hundred twenty percent of the median household income for mortgages made for improving a home or for homes where the purchaser will be the first occupant. Upon the resale of a home for which financing was originally provided under this paragraph, the maximum income of persons and families shall also be 120 percent of the median household income.

(2) The median household income where the purchaser will not be the first occupant. However, the city or county shall ensure that no less than one-half of the funds allocated for home mortgages where the purchaser will not be the first occupant shall be for households whose income does not exceed 80 percent of that median household income. However, the legislative body of the city or county may, by resolution, increase this income limitation to 90 percent of median household income if the legislative body finds that there are insufficient numbers of creditworthy persons whose income does not exceed 80 percent of median household income. The resolution is final and conclusive as to the findings required by this paragraph.

(3) One hundred fifty percent of the median household income for mortgages made for improving a home or for homes where the purchaser will be the first occupant in any city, the entire area of which, or in any county in which a portion of the county, is designated by the United States Department of Commerce, Economic Development Administration as a special impact area within a Title IV redevelopment area, pursuant to Section 401 of the federal Public Works and Economic Development Act of 1965, as amended, and which is eligible for Urban Development Action Grant funds under the current distress standards established for cities and counties by the Secretary of the United States Department

CHAPTER 964

An act to add Article 7.3 (commencing with Section 51775) to Chapter 5 of Part 27 of the Education Code, relating to schools, and making an appropriation therefor.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Article 7.3 (commencing with Section 51775) is added to Chapter 5 of Part 27 of the Education Code, to read:

Article 7.3. Work Experience Education Program Reviews

51775. The Legislature hereby finds and declares that work experience education is an integral part of the total educational process of pupils, and that work experience education can provide opportunities for pupils to acquire lifelong employability skills, as well as opportunities for pupils to develop general and specific occupational skills.

The Legislature recognizes that there is a need to provide for the review of work experience education programs offered by school districts offering these programs at least once every three years, in accordance with regulations prescribed by the Superintendent of Public Instruction.

It is the intent of the Legislature in enacting this article to establish a mechanism for the review and improvement of work experience education programs offered in the public schools to ensure that pupils receive high quality instruction. It is further the intent of the

Legislature to establish a system whereby school districts and county offices of education may form consortia for purposes of conducting quality reviews of work experience education programs and for the sharing of information, resources, and technical assistance.

51776. The governing board of each school district offering work experience education programs may elect to provide for independent onsite program review of work experience education programs at least once every three years in the district offering these programs. If the governing board elects to provide for an independent onsite program review, it shall not be required to participate in the federally required consolidated compliance review conducted by the State Department of Education.

51777. (a) For purposes of facilitating the program reviews required by Section 51776, the governing boards of two or more school districts may agree to establish a consortium of participating school districts. The Superintendent of Public Instruction may determine whether the size of a school district would be counterproductive to the establishment of a consortium with that school district and another school district, thereby making it advisable that the school district is reviewed by its own certified program reviewers. In cases in which the Superintendent of Public Instruction has determined that the onsite review shall be conducted by certified program reviewers from that district, the reviewers may conduct reviews in any school of the district other than the school in which they are employed. In all other onsite reviews, the reviews shall not be conducted by persons who are employed by the district.

(b) Each consortium shall maintain a list of available certified program reviewers submitted by participating school districts.

(c) Trained members of each consortium shall review work experience education programs in participating school districts. A report on the results of the review shall be submitted to the governing board of the school district, the State Department of Education, and the Work Experience Education Consortia Steering Committee established under Section 51778.

51778. (a) The Superintendent of Public Instruction shall establish a Work Experience Education Consortia Steering Committee comprised of certificated representatives of consortia of school districts established under this article. The steering committee, in consultation with the Superintendent of Public Instruction, utilizing applicable program standards and regulations regarding work experience education programs shall develop all of the following materials:

(1) Program quality indicators.

(2) Training materials.

(3) Guide books.

(4) Program review reports.

(b) The Work Experience Education Consortia Steering Committee shall contract with appropriate personnel to conduct in-service training programs for work experience education teachers

and coordinators who will be conducting school site reviews of work experience education programs. The training shall include, but is not necessarily limited to, all of the following:

(1) A program quality review instrument.

(2) The compliance review instrument developed by the State Department of Education.

(3) Reporting and review materials.

(4) Program review methodologies.

(5) The preparation of summary reports.

Only persons who have been certified by the steering committee as having completed the training program shall be eligible to conduct work experience education program quality reviews.

(c) Utilizing the compliance review instrument described in paragraph (2) of subdivision (b), the advisory committee shall recommend a followup review for schools that have not met a prescribed number of the work experience education compliance criteria. The followup review required by this subdivision shall be conducted within one year of the initial review.

At the conclusion of the followup review required by this subdivision, the steering committee shall prepare a report regarding the areas of compliance and noncompliance with this code and with the criteria prescribed by the State Department of Education. Copies of the steering committee's report shall be submitted to the State Department of Education and the governing board of each school district reviewed.

(d) The steering committee shall submit an annual report to the State Department of Education and to the Legislature by March 1 of each year. The report shall include, but need not be limited to, all of the following:

(1) The number of work experience education programs reviewed.

(2) The extent to which each work experience education program meets program review quality indicators prescribed by the quality review instruments.

(3) The number of schools receiving technical assistance with respect to improving their work experience education programs.

The State Department of Education shall monitor the annual reports on a selective basis to ensure that the program reviews have been conducted in an appropriate manner.

SEC. 2. (a) The sum of one hundred twenty-six thousand dollars ($126,000) is hereby appropriated from the General Fund to the State Department of Education for the 1985–86 fiscal year for costs incurred, including administrative costs incurred by the department, in implementing Article 7.3 (commencing with Section 51775) of Chapter 5 of Part 27 of the Education Code. It is the intent of the Legislature that equivalent funding for these purposes shall be included in the Budget Act for the 1986–87 and 1987–88 fiscal years.

(b) The State Department of Education may contract for administrative services provided for work experience education

program quality reviews.

CHAPTER 966

An act to amend Sections 2810 and 2810.5 of, and to add Section 2818 to the Penal Code, relating to prisons, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1985. Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 2810 of the Penal Code is amended to read:

2810. The board may authorize the borrowing of money by the authority for purposes of:

(a) Operating the business affairs of the authority.

(b) Purchasing new equipment, materials and supplies.

(c) Constructing new facilities, or repairing, remodeling, or demolishing old facilities. Funds may be borrowed from private sources, upon such terms as the board deems appropriate, including but not limited to, the use of equipment under the jurisdiction of the authority, and of the future income of an enterprise under the jurisdiction of the authority, as collateral to secure any loan.

SEC. 2. Section 2810.5 of the Penal Code is amended to read:

2810.5. Notwithstanding any other provision of law, the Pooled Money Investment Board may grant loans to the authority when money is appropriated for that purpose by the Legislature, upon application by the Prison Industry Board, in order to finance the establishment of a new industrial, agricultural, or service enterprise. All loans shall bear the same interest rate as the pooled money market investment rate and shall have a maximum repayment period of 20 years from the date of approval of the loan.

Prior to making its decision to grant a loan, the Pooled Money Investment Board shall require the authority to demonstrate all of the following:

(a) The proposed industry project cannot be feasibly financed from private sources under Section 2810. The authority shall present proposed loan conditions from at least two private sources.

(b) The proposed industry project cannot feasibly be financed from proceeds from other Prison Industry Authority enterprises.

(c) The proceeds from the proposed project provide for a reasonable payback schedule to the General Fund.

SEC. 3. Section 2818 is added to the Penal Code, to read:

2818. The New Industries Revolving Account is hereby created in the Prison Industries Revolving Fund to receive General Fund or other public money transferred or deposited for the purpose of financing new enterprises or the expansion of existing enterprises. Money in the fund may be disbursed by the board subject to the conditions prescribed in Section 2810.5.

SEC. 4. This act shall not become operative unless both this bill and A.B. 727 of the 1985–86 Regular Session of the Legislature are enacted, in which case this bill shall become operative on the effective date of the bill that is enacted last.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to establish the new prison industry enterprises needed at prison complexes currently under construction and to reduce the growing prisoner job waiting list, it is necessary that this act go into immediate effect.

CHAPTER 967

An act to add Section 50712.5 to the Health and Safety Code and to repeal Chapter 1689 of the Statutes of 1984, relating to migrant labor, and making an appropriation therefor.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1689 of the Statutes of 1984 is repealed.

SEC. 2. The Legislature finds and declares that there is a severe shortage of decent, safe, and sanitary housing that is affordable to California's agricultural employees. The absence of an adequate supply of housing aggravates the problem of growers in ensuring an available labor supply and is inimical to the health and safety of employees. These employees have no alternative but to crowd into dilipated housing or live in cars and orchards. These conditions adversely affect the productivity of California's number one industry, agriculture, and has deleterious effects on public health and the health of consumers.

The Legislature further finds and declares that it is not feasible for all agricultural employers, particularly small family farmers, to build and maintain housing for their employees. The programs provided by the state and federal governments have been unable to meet the need that exists and further action is necessary to help meet the needs of farm labor employers and employees for more labor housing. It is a valid and worthwhile public purpose to provide incentives to ensure an available supply of labor to employers and decent housing to employees.

SEC. 3. Section 50712.5 is added to the Health and Safety Code, to read:

50712.5. (a) The Department of Housing and Community Development, through its Office of Migrant Services, pursuant to the

authority granted in subdivision (n) of Section 50406 and Section 50710 shall assist in the development of at least 100 family units in migrant farm labor centers. The department shall first encourage the development of the family units in migrant farm labor centers in the Counties of Imperial, San Diego, Riverside, and Madera. On or before September 30, 1986, if the department determines in the case of the County of Imperial, San Diego, Riverside, or Madera that available federal, state, and local contributions and funds are not adequate, or that for other reasons it is infeasible to develop the family units in centers in any of these designated counties, the department shall offer the assistance authorized by this section in another county or counties where the department determines there is a substantial unmet need for migrant farm labor housing.

(b) The department shall use the funds appropriated by the act adding this section, during the 1985–86 Regular Session, and any excess funds appropriated for the purposes of the Office of Migrant Services by Chapter 111 of the Statutes of 1985 or any subsequent budget acts, to maximize the utility of any other local, federal, state or private funds or other assistance made available for the purposes of this section. These appropriated funds may be used for costs including, but not limited to, the following items:

(1) Predevelopment costs incurred in the process of securing construction or long-term financing such as site development and architectural, engineering, or legal expenses, or construction costs, including construction interest, or both. These costs shall not be subject to reimbursement from construction or permanent financing, as the case may be, if the reimbursement would contribute to, or result in, rents substantially in excess of those in other migrant farm labor centers assisted by the Office of Migrant Services, as determined by the department.

(2) A grant or deferred payment loan which may be forgiven, matching or supplementing the permanent financing or grant made available by a federal, state, or local housing assistance program.

(3) Operating cost reductions to the extent necessary to ensure that the rents in the migrant farm center are not substantially in excess of those in other migrant farm labor centers operated by the Office of Migrant Services.

(c) The department shall seek the maximum possible contribution of funds, land, and other incentives from local, federal, and private sources for all the purposes described in subdivision (b). The expenditure of funds authorized by this section shall not be used for any migrant farm labor center unless the department determines that it is likely that at least 75 percent of the final development cost of that center will be provided as a grant or a loan, or both, as contributions of funds, land, and other incentives by any combination of local, federal, and private sources.

(d) To the extent that any migrant farm labor center assisted pursuant to this section is financed or otherwise assisted by the United States Farmers Home Administration, and to the extent the

Farmers Home Administration requires compliance with construction, operating, term of use, or residency standards which differ from those required by the department pursuant to regulations adopted to implement and interpret this chapter, those Farmers Home Administration standards shall supersede the department's regulations.

(e) If all the development costs of any migrant farm labor center assisted pursuant to this section are provided by federal, state, or local grants, and if no funds are available from any federal, state, or local service to write-down operating costs, the department may approve rents for that center which are in excess of rents charged in other centers assisted by the Office of Migrant Services. However, prior to approving these rents, the department shall consider the adequacy of evidence presented by the agency operating the center that the rents reimburse actual, reasonable, and necessary costs of operation and that any reserve funds are not in excess of actual needs anticipated within the next three years.

SEC. 4. The Legislature finds that it is too speculative to determine the income levels of the migrant agricultural workers residing in migrant farm labor centers at any given time and that many of these workers earn sufficient income, when they are employed, to qualify as persons and families of moderate income. Therefore, the Legislature finds and declares that the farm labor housing assisted pursuant to Chapter 8.5 (commencing with Section 50710) of Part 1 of Division 31 of the Health and Safety Code is not a low-rent housing project, as defined by Section 1 of Article XXXIV of the California Constitution.

SEC. 5. The Department of Housing and Community Development shall report to the Legislature every six months until any funds appropriated by the Legislature, prior to July 1, 1987, for the development of the centers described in Section 50712.5 of the Health and Safety Code are expended. The reports shall include a progress statement on the projects, and shall specify what steps are being taken by the department to seek federal, local, and private contributions of funds, land, and other incentives as required by Section 50712.5 of the Health and Safety Code.

SEC. 6. The sum of one million four hundred thousand dollars ($1,400,000) is hereby appropriated from the General Fund to the Department of Housing and Community Development for expenditure without regard to fiscal years, for purposes of this act.

CHAPTER 968

An act to amend Sections 10270.5 and 11512.2 of the Insurance Code, relating to insurance.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 10270.5 of the Insurance Code is amended to read:

10270.5. Group disability insurance is that form of disability insurance which conforms to all of the following conditions:

(a) Written under a master policy,

(1) Issued either to the federal or state government, or to any federal or state agency, political subdivision or district, or to any public, governmental, or municipal corporation, or to any unit, agency or department thereof, or to any corporation, copartnership or individual employer, or to the trustee of any association of employers, offering insurance to all the employees of any such employer or of the employer members of such association or to all of any class or classes thereof determined by conditions pertaining to employment and covering not less than 10 such employees or such employees together with their dependents or spouses for amounts of insurance based upon some plan which will preclude individual selection by the employee as to the amount of his insurance coverage thereunder; or

(2) Issued to a principal eligible to have issued to him a policy of group life insurance under the provisions of Section 10203.7 and insuring not less than 10 agents as defined in that section and eligible thereunder to be insured, or such agents together with their dependents or spouses; or

(3) Issued to any association having a constitution and bylaws and formed and continuously maintained in good faith for purposes other than that of obtaining insurance, offering insurance to all the eligible members, or class of members, of such association and covering not less than 10 such members or such members together with their dependents or spouses and not less than 25 percent of all eligible members, or class of members, for amounts of insurance based upon some plan which will preclude individual selection by the member as to the amount of his insurance coverage thereunder. If the master policy is to be issued to cover members of labor unions, it may be issued to more than one such union; or

(4) Issued to an association or to a trust, or to the trustees of a fund established, created, or maintained for the benefit of members of one or more associations. The association or associations shall have at the outset a minimum membership of 100 persons, and shall be organized and maintained in good faith for purposes other than that of obtaining insurance. The association or associations shall have been in active existence for at least two years, and shall have a constitution and bylaws which require regular meetings not less than annually to further purposes of the members. The members shall have voting privileges and representation on the governing board or

boards and committees. The policy shall be subject to the following requirements:

(A) The policy may insure members of the association or associations, and employees thereof.

(B) The premium for the policy shall be paid from funds contributed by the association or associations, or by members, or by both, or from funds contributed by the covered persons, or from both the covered persons and the association.

(C) A policy on which no part of the premium is to be derived from funds contributed by the covered persons specifically for the insurance shall insure all eligible persons, except those who, in writing, reject the coverage.

(5) Issued to any trustees eligible to have issued to them a policy of group life insurance under the provisions of Section 10202.8 and insuring not less than 10 employees or members eligible thereunder to be insured or such employees or members together with their dependents or spouses; or

(b) Transmission or collection of all premiums or premium contributions shall be performed by the policyholder, except where the policy specifies the persons other than the policyholder by whom such transmission or collection shall be made, and in one of the following situations:

(1) If such policy covers the employees of more than one employer, the insurer may collect premium contributions from individual employers whose employees are insured or may assist the policyholder in making such collections. If the employees of more than 100 such employers are covered under such policy, it shall state as a separate part of the premium to be charged for the policy the amount to be charged by the insurer for such collection.

(2) If the policy covers a group of governmental employees and the governmental unit paying such employees will not transmit their premium contribution after payroll deduction, the insurer may collect from the individual employees. If more than 100 such

employees are covered under such policy, it shall state as a separate part of the premium to be charged for the policy the amount to be charged by the insurer for such collection.

(3) If individual members of the group make payment of their share of the premium contribution to the insurer with or without billing or solicitation by the insurer during a period of temporary absence from active work of not exceeding 90 days, such payment may be received without the necessity of any separately stated charge by the insurer.

(4) If the policy covers the members of an association, the insurer may collect premium contributions from individual members or may assist the policyholder in making such collections. If more than 100 such members are covered under such policy, it shall state as a part of the premium to be charged for the policy the amount to be charged by the insurer for such collection.

(c) There is issued and delivered in accordance with the policy provision required by subdivision (b) of Section 10270.6 an individual certificate setting forth the benefits and the exceptions under, and referring to, the master policy under which the certificate is issued.

Such certificates are not subject to the provisions of this chapter relating to the master policy, but the forms thereof shall be submitted to the commissioner for his or her approval and shall not be issued without such approval of such forms in the manner provided in the case of the master policy.

SEC. 2. Section 11512.2 of the Insurance Code is amended to read:

11512.2. Group hospital service contracts may be issued in conformity with all of the following conditions:

(a) Written under a master hospital service contract,

(1) Issued either to the federal or state government, or to any federal or state agency, political subdivision or district, or to any public, governmental, or municipal corporation, or to any unit, agency, or department thereof, or to any corporation, copartnership or individual employer, or to the trustee of any association of employers, offering hospital services to all the employees of any such employer or of the employer members of such association or to all of any class or classes thereof determined by conditions pertaining to employment and covering not less than 10 such employees or such employees together with their dependents or spouses for amounts of hospital services based upon some plan which will preclude individual selection by the employee as to the amount of hospital services he may obtain thereunder; or

(2) Issued to any association having a constitution and bylaws and formed in good faith for purposes other than that of obtaining insurance offering hospital services to all the members, or class of members, of such association and covering not less than 10 such members or such members together with their dependents or spouses and not less than 25 percent of all eligible members, or class of members, for amounts of hospital services based upon some plan

which will preclude individual selection by the member as to the amount of hospital services he may obtain thereunder. Any such master hospital service contract shall by its terms require the rates, dues, fees or other periodic charges to be paid to the corporation either by means of payroll deduction or periodically by some designated person acting on behalf of the association covered; or

(3) Issued to an association or to a trust, or to the trustees of a fund established, created, or maintained for the benefit of members of one or more associations. The association or associations shall have at the outset a minimum membership of 100 persons, and shall be organized and maintained in good faith for purposes other than that of obtaining insurance. The association or associations shall have been in active existence for at least two years, and shall have a constitution and bylaws which require regular meetings not less than annually to further purposes of the members. The members shall have voting privileges and representation on the governing board or boards and committees. The policy shall be subject to the following requirements:

(A) The policy may insure members of the association or associations, and employees thereof.

(B) The premium for the policy shall be paid from funds contributed by the association or associations, or by members, or by both, or from funds contributed by the covered persons, or from both the covered persons and the association.

(C) A policy on which no part of the premium is to be derived from funds contributed by the covered persons specifically for the insurance shall insure all eligible persons, except those who, in writing, reject the coverage.

(4) Issued to any trustees eligible to have issued to them a policy of group life insurance under the provisions of Section 10202.8 and covering not less than 10 employees or members eligible thereunder to be covered or such employees or members together with their dependents or spouses; and under which

(b) For delivery to each person covered under the master hospital service contract, other than dependents or spouses of an insured employee or person, there is issued to the holder of such master hospital service contract by the corporation an individual certificate setting forth the benefits and the exceptions under, and referring to, the master hospital service contract under which the certificate is issued.

(c) In the case of a group contract providing comprehensive health care services issued under Section 11493(e), no such group contract may be offered to any group unless at least one alternative arrangement providing health care services is available to all members of the group which affords free choice among physicians, dentists, other practitioners of the healing arts, pharmacists, pharmacies and health facilities to individual members of the group to the extent such services are made available thereunder.

SEC. 3. It is the intent of the Legislature in enacting this act to

alleviate the rigidity of California insurance law pertaining to the kind of groups to whom disability insurers and nonprofit hospital service plans may sell health insurance. This enactment seeks to encourage the issuance of group contracts in California to qualified associations and trusts, and to discourage the avoidance of California law through the issuance of group contracts in other states.

CHAPTER 969

An act to add Article 5 (commencing with Section 58101) to Chapter 1 of Part 1 of Division 21 of the Food and Agricultural Code, relating to rural products.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Article 5 (commencing with Section 58101) is added to Chapter 1 of Part 1 of Division 21 of the Food and Agricultural Code, to read:

Article 5. Direct Marketing

58101. The Legislature finds and declares all of the following with regard to the direct marketing of agricultural products:

(a) Direct marketing of agricultural products benefits the agricultural community and the consumer by, among other things, providing an alternative method for growers to sell their products while benefiting the consumer by supplying quality produce at reasonable prices.

(b) Direct marketing is a good public relations tool for the agricultural industry by bringing the farmer face-to-face with consumers.

(c) The marketing potential of a wide variety of California-produced agricultural products should be maximized.

(d) The department should maintain a direct marketing program and the industry should continue to encourage the sale of California-grown fresh produce.

(e) A regulatory scheme should be developed which provides flexibility that will make direct marketing a viable alternative without disrupting other produce marketing systems.

(f) The department should assist producers in organizing certified farmers' markets and other forms of direct marketing by providing technical advice on marketing methods and in complying with the rules and regulations that affect direct marketing programs.

(g) The department is encouraged to establish an ad hoc advisory committee to assist the department in establishing regulations

affecting direct marketing of products and to advise the director in all matters pertaining to direct marketing.

58101.5. (a) The director may adopt regulations to allow and encourage the direct sale by farmers to consumers of all types of agricultural products produced within the state, including, but not limited to, fruits, nuts, vegetables, beef, lamb, pork, poultry and poultry products, honey, and wine.

(b) These regulations may include provisions to ensure and maintain quality and wholesomeness of the products.

58102. The director may adopt regulations to exempt any products from established grade, size, labeling, packaging, and other requirements, if the director finds that the requirements unnecessarily increase the cost of marketing the products directly to the consumer, and if the director finds that the exemption will not adversely affect the orderly marketing of California agricultural products. In adopting any proposed regulations pursuant to this section, the director shall take into consideration any adverse effects the proposed regulations may have on producers, wholesalers, retailers, and consumers. No exemption shall be issued which would allow the quality of any product sold directly to the consumer to be below the minimum established by the director under other regulations.

58103. The director may establish qualifications for persons selling products directly to consumers whenever the sales involve the use of any exemption granted by the director. Sales outlets may likewise be subject to qualifications.

58104. (a) The director may allow sales outlets to establish rules and procedures which are more stringent or do not violate state law or regulation governing their regulation.

(b) Any person aggrieved by the implementation of a rule or procedure established by a sales outlet under subdivision (a) may appeal to the director within the time period and by the means specified by the director by regulation.

CHAPTER 970

An act to amend Section 55741 of the Food and Agricultural Code, relating to agricultural harvesting.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 55741 of the Food and Agricultural Code is amended to read:

55741. (a) The director upon his or her own motion may, or upon the verified complaint of any interested party shall, investigate,

examine, or inspect any transaction which involves the failure of the processor to make payment for any farm product within the time which is specified for payment in the contract of sale and purchase between the producer and the processor, in accordance with the terms of the contract or in accordance with this chapter.

(b) The director upon his or her own motion may, or upon the verified complaint of a producer shall, investigate, examine, or inspect any transaction which involves the failure of a processor who contracts to harvest a producer's crop to fulfill the terms of the contract.

CHAPTER 971

An act to add Section 1367.4 to the Health and Safety Code, and to amend Section 10144 of, and to add Section 10145 to, the Insurance Code, relating to insurance.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1367.4 is added to the Health and Safety Code, to read:

1367.4. No plan issuing, providing, or administering any contract of individual or group coverage providing medical, surgical, or dental expense benefits applied for and issued on or after January 1, 1986, shall refuse to cover, or refuse to continue to cover, or limit the amount, extent, or kind of coverage available to an individual, or charge a different rate for the same coverage solely because of blindness or partial blindness.

"Blindness or partial blindness" means central visual acuity of not more than 20/200 in the better eye, after correction, or visual acuity greater than 20/200 but with a limitation in the fields of vision so that the widest diameter of the visual field subtends an angle no greater than 20 degrees, certified by a licensed physician and surgeon who specializes in diseases of the eye or a licensed optometrist.

SEC. 1.5. Section 10144 of the Insurance Code is amended to read:

10144. No insurer issuing, providing, or administering any contract of individual or group insurance providing life, annuity, or disability benefits applied for and issued on or after January 1, 1984, shall refuse to insure, or refuse to continue to insure, or limit the amount, extent, or kind of coverage available to an individual, or charge a different rate for the same coverage solely because of a physical or mental impairment, except where the refusal, limitation or rate differential is based on sound actuarial principles or is related to actual and reasonably anticipated experience.

"Physical or mental impairment" means any physical, sensory, or mental impairment which substantially limits one or more of that person's major life activities.

SEC. 2. Section 10145 is added to the Insurance Code, to read:

10145. No insurer issuing, providing, or administering any contract of individual or group insurance providing life, annuity, or disability benefits applied for and issued on or after January 1, 1986, shall refuse to insure, or refuse to continue to insure, or limit the amount, extent, or kind of coverage available to an individual, or charge a different rate for the same coverage solely because of blindness or partial blindness.

"Blindness or partial blindness" means central visual acuity of not more than 20/200 in the better eye, after correction, or visual acuity greater than 20/200 but with a limitation in the fields of vision so that the widest diameter of the visual field subtends an angle no greater than 20 degrees, certified by a licensed physician and surgeon who specializes in diseases of the eye or a licensed optometrist.

SEC. 3. It is the intent of the Legislature that, with respect to all other conditions, including the underlying cause of the blindness or partial blindness, persons who are blind or partially blind shall be subject to the same standards of sound actuarial principles or actual and reasonably anticipated experience as are sighted persons.

The Legislature further declares that a refusal to insure includes denial by an insurer of disability insurance coverage or a health care service plan on the grounds that the policy defines "disability" as being presumed in the event that the insured loses his or her eyesight. However, an insurer or a health care service plan may exclude from coverage disabilities, consisting solely of blindness or partial blindness when that condition existed at the time the policy was issued.

CHAPTER 972

An act to add Article 5s (commencing with Section 998.074) to Chapter 6 of Division 4 of the Military and Veterans Code, relating to financing of a program to provide farm and home aid for veterans in accordance with the Veterans' Farm and Home Purchase Act of 1974, and acts amendatory thereof and supplemental thereto, through the issuance and sale of bonds of the State of California and by providing for the disposition of those funds, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Article 5s (commencing with Section 998.074) is added to Chapter 6 of Division 4 of the Military and Veterans Code, to read:

Article 5s. Veterans Bond Act of 1986

998.074. This article may be cited as the Veterans Bond Act of 1986.

998.075. The State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), except as otherwise provided herein, is adopted for the purpose of the issuance, sale, and repayment of, and otherwise providing with respect to, the bonds authorized to be issued by this article, and the provisions of that law are included in this article as though set out in full in this article. All references in this article to "herein" refer both to this article and that law.

998.076. As used herein, the following words shall have the following meanings:

(a) "Bond" means veterans bond, a state general obligation bond issued pursuant to this article adopting the provisions of the State General Obligation Bond Law.

(b) "Committee" means the Veterans' Finance Committee of 1943.

(c) "Board" means the Department of Veterans Affairs.

(d) "Fund" means the Veterans' Farm and Home Building Fund of 1943.

(e) "Bond Act" means this article authorizing the issuance of state general obligation bonds and adopting the State General Obligation Bond Law by reference.

998.077. For the purpose of creating a fund to provide farm and home aid for veterans in accordance with the Veterans' Farm and Home Purchase Act of 1974 (Article 3.1 (commencing with Section 987.50)), and of all acts amendatory thereof and supplemental thereto, the committee may create a debt or debts, liability or liabilities, of the State of California, in the aggregate amount of not more than eight hundred fifty million dollars ($850,000,000) in the manner provided herein.

998.078. All bonds authorized by this article, when duly sold and delivered as provided herein, constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof.

There shall be collected annually in the same manner and at the same time as other state revenue is collected a sum of money, in addition to the ordinary revenues of the state, sufficient to pay the principal and interest on these bonds as provided herein, and all officers required by law to perform any duty in regard to the

collection of state revenues shall collect this additional sum.

On the dates on which funds are remitted pursuant to Section 16676 of the Government Code for the payment of the then maturing principal and interest of the bonds in each fiscal year, there shall be returned into the General Fund all of the money in the Veterans' Farm and Home Building Fund of 1943, not in excess of the principal of and interest on any bonds then due and payable, except as herein provided for the prior redemption of the bonds, and, if the money so returned on the remittance dates is less than the principal and interest then due and payable, the balance remaining unpaid shall be returned into the General Fund out of the Veterans' Farm and Home Building Fund of 1943 as soon as it shall become available, together with interest thereon from the dates of maturity until so returned at the same rate of interest as borne by the bonds, compounded semiannually.

998.079. There is hereby appropriated from the General Fund, for purposes of this article, a sum of money that will equal both of the following:

(a) That sum annually necessary to pay the principal of, and the interest on, the bonds issued and sold as provided herein, as that principal and interest become due and payable.

(b) That sum necessary to carry out Section 998.080, appropriated without regard to fiscal years.

998.080. For purposes of this article, the Director of Finance may, by executive order, authorize the withdrawal from the General Fund of a sum of money not to exceed the amount of the unsold bonds which have been authorized by the committee to be sold pursuant to this article. Any sums withdrawn shall be deposited in the Veterans' Farm and Home Building Fund of 1943. All money made available under this article to the board shall be returned by the board to the General Fund from receipts from the sale of bonds sold under this article, together with interest at the rate of interest fixed in the bonds so sold.

998.081. Upon request of the board, supported by a statement of its plans and projects approved by the Governor, the committee shall determine whether to issue any bonds authorized under this article in order to carry out the board's plans and projects, and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out these plans and projects progressively, and it is not necessary that all the bonds be issued or sold at any one time.

998.082. So long as any bonds authorized under this article are outstanding, the Director of Veterans Affairs shall, at the close of each fiscal year, require a survey of the financial condition of the Division of Farm and Home Purchases, together with a projection of the division's operations, to be made by an independent public accountant of recognized standing. The results of each survey and projection shall be reported in writing by the public accountant to the Director of Veterans Affairs, the California Veterans Board, and

the committee.

The Division of Farm and Home Purchases shall reimburse the public accountant for these services out of any money which the division may have available on deposit with the Treasurer.

998.083. The committee may authorize the Treasurer to sell all or any part of the bonds authorized by this article at the time or times fixed by the Treasurer.

Whenever the committee deems it necessary for an effective sale of the bonds, the committee may authorize the Treasurer to sell any issue of bonds at less than their par value, notwithstanding Section 16754 of the Government Code. However, the discount on the bonds shall not exceed 3 percent of the par value thereof.

998.084. Out of the first money realized from the sale of bonds as provided herein, there shall be redeposited in the General Obligation Bond Expense Revolving Fund, established by Section 16724.5 of the Government Code, the amount of all expenditures made for the purposes specified in that section, and this money may be used for the same purpose and repaid in the same manner whenever additional bond sales are made.

SEC. 2. Section 1 of this act shall take effect upon the adoption of the people of the Veterans Bond Act of 1986, as set forth in Section 1 of this act.

SEC. 3. Notwithstanding Section 3525 of the Elections Code or any other provision of law, the Veterans Bond Act of 1986, as set forth in Section 1 of this act, shall be submitted to the people of the State of California for their ratification at the direct primary election to be held June 3, 1986. Section 1 of this act shall be submitted to the voters in substantial accordance with provisions of the Government Code and Elections Code governing submission of statewide measures to the voters at a statewide election.

SEC. 4. All ballots at the election shall have printed thereon, in a square, the words: "Veterans Bond Act of 1986," and in the same square under the words the following in 8-point type: "This act provides for a bond issue of eight hundred fifty million dollars ($850,000,000) to provide farm and home aid for California veterans." Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act. Where the voting of the election is done by means of voting machines used pursuant to law a manner that carries out the intent of this section, the use of the voting machines, and the expression of the voters' choice by means thereof, are in compliance with this section.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to place the Veterans Bond Act of 1986, authorized by this act, on the June 3, 1986, Direct Primary Election Ballot for submission to the voters in 1986 and eliminate the possibility of its appearing on

the ballot at any other election, in furtherance of an orderly program of providing farm and home aid to California veterans, it is necessary that this act take effect immediately.

CHAPTER 973

An act to amend Section 11523 of the Government Code, relating to the cost of transcripts.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 11523 of the Government Code is amended to read:

11523. Judicial review may be had by filing a petition for a writ of mandate in accordance with the provisions of the Code of Civil Procedure, subject, however, to the statutes relating to the particular agency. Except as otherwise provided in this section any such petition shall be filed within 30 days after the last day on which reconsideration can be ordered. The right to petition shall not be affected by the failure to seek reconsideration before the agency. The complete record of the proceedings, or such parts thereof as are designated by the petitioner, shall be prepared by the agency and shall be delivered to petitioner, within 30 days after a request therefor by him, upon the payment of the fee specified in Section 69950 as now or hereinafter amended for the transcript, the cost of preparation of other portions of the record and for certification thereof. Thereafter, the remaining balance of any costs or charges for the preparation of the record shall be assessed against the petitioner whenever the agency prevails on judicial review following trial of the cause. These costs or charges constitute a debt of the petitioner which is collectible by the agency in the same manner as in the case of an obligation under a contract, and no license shall be renewed or reinstated where the petitioner has failed to pay all of these costs or charges. The complete record includes the pleadings, all notices and orders issued by the agency, any proposed decision by a hearing officer, the final decision, a transcript of all proceedings, the exhibits admitted or rejected, the written evidence and any other papers in the case. Where petitioner, within 10 days after the last day on which reconsideration can be ordered, requests the agency to prepare all or any part of the record the time within which a petition may be filed shall be extended until 30 days after its delivery to him. The agency may file with the court the original of any document in the record in lieu of a copy thereof. In the event that the petitioner prevails in overturning the administrative decision following judicial review, the agency shall reimburse the petitioner for all costs of

transcript preparation, compilation of the record, and certification.

CHAPTER 974

An act to amend Section 9501 of the Commercial Code, relating to creditors' remedies.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 9501 of the Commercial Code is amended to read:

9501. (1) When a debtor is in default under a security agreement, a secured party has the rights and remedies provided in this chapter and except as limited by subdivision (3) those provided in the security agreement. The secured party may reduce his or her claim to judgment, foreclose or otherwise enforce the security interest by any available judicial procedure. If the collateral is documents the secured party may proceed either as to the documents or as to the goods covered thereby. A secured party in possession has the rights, remedies and duties provided in Section 9207. The rights and remedies referred to in this subdivision are cumulative.

(2) After default, the debtor has the rights and remedies provided in this chapter, those provided in the security agreement and those provided in Section 9207.

(3) To the extent that they give rights to the debtor and impose duties on the secured party, the rules stated in the subdivisions referred to below may not be waived or varied except as provided with respect to compulsory disposition of collateral (subdivision (3) of Section 9504 and Section 9505) and with respect to redemption of collateral (Section 9506) but the parties may by agreement determine the standards by which the fulfillment of these rights and duties is to be measured if such standards are not manifestly unreasonable:

(a) Subdivision (2) of Section 9502 and subdivision (2) of Section 9504 insofar as they require accounting for surplus proceeds of collateral;

(b) Subdivision (3) of Section 9504 and subdivision (1) of Section 9505 which deal with disposition of collateral;

(c) Subdivision (2) of Section 9505 which deals with acceptance of collateral as discharge of obligation;

(d) Section 9506 which deals with redemption of collateral; and

(e) Subdivision (1) of Section 9507 which deals with the secured party's liability for failure to comply with this chapter.

(4) If an obligation secured by personal property or fixtures

(Section 9313(1)(a)) is also secured by real property:

(a) The secured party may do any of the following:

(i) Proceed, in any sequence, (1) in accordance with the secured party's rights and remedies in respect of real property as to the real property security, and (2) in accordance with this chapter as to the personal property or fixtures.

(ii) Proceed in any sequence, as to both some or all of the real property and some or all of the personal property or fixtures in accordance with the secured party's rights and remedies in respect of the real property, by including the portion of the personal property or fixtures selected by the secured party in the judicial or nonjudicial foreclosure of the real property in accordance with the procedures applicable to real property. In proceeding under this subparagraph, a power of sale under the deed of trust or mortgage shall be exercisable with respect to both the real property and the personal property or fixtures being sold, and the sale may be conducted by the mortgagee under the mortgage or by the trustee under the deed of trust. The secured party shall not be deemed to have elected irrevocably to proceed as to both real property and personal property or fixtures as provided in this subparagraph with respect to any particular property, unless and until that particular property has been actually disposed of pursuant to a unified sale (judicial or nonjudicial) conducted in accordance with the procedures applicable to real property, and then only as to the property so sold.

(iii) Proceed, in any sequence, as to part of the personal property or fixtures as provided in subparagraph (i), and as to other of the personal property or fixtures as provided in subparagraph (ii).

(b) Except as otherwise provided in paragraph (c), provisions and limitations of any law respecting real property and obligations secured by real property, including, but not limited to, Section 726 of the Code of Civil Procedure, provisions regarding acceleration or reinstatement of obligations secured by real property, prohibitions against deficiency judgments, and limitations on the right to proceed as to collateral, do not in any way apply to either (1) any personal property or fixtures as to which the secured party has proceeded or is proceeding in accordance with the secured party's rights and remedies as permitted under this chapter, or (2) the obligation secured by the personal property or fixtures.

(c) (i) Paragraph (b) does not limit the application of Section 580b of the Code of Civil Procedure.

(ii) If, in proceeding solely with respect to personal property or fixtures, the secured party commences a judicial action against the debtor (subdivision (1) or (5)), that judicial action shall constitute an action within the meaning of Section 726 of the Code of Civil Procedure if and only if a monetary judgment on the debt is sought against the debtor, and that action shall result in the subsequent unenforceability of the encumbrance on any real property not included in that action only if and when a monetary judgment on the

debt is obtained against the debtor.

(iii) Nothing in paragraph (b) shall be construed to excuse compliance with Section 2924c of the Civil Code as a prerequisite to the nonjudicial sale of real property, but that section has no application to the right of a secured party to proceed as to personal property or fixtures.

(d) If the secured party realizes proceeds from the disposition of collateral that is personal property or fixtures, the following provisions shall apply:

(i) The disposition of the collateral, the realization of the proceeds, the application of the proceeds, or any one or more of the foregoing shall not operate to cure any nonmonetary default.

(ii) The disposition of the collateral, the realization of the proceeds, the application of the proceeds, or any one or more of the foregoing shall not operate to cure any monetary default (although the application of the proceeds shall, to the extent of those proceeds, satisfy the secured obligation) so as to affect in any way the secured party's rights and remedies under this chapter with respect to any remaining personal property or fixtures collateral.

(e) An action by the secured party utilizing any available judicial procedure, as provided in subdivision (1), shall in no way be affected by omission of a prayer for a monetary judgment on the debt A judicial action which neither prays for nor results in a monetary judgment on the debt shall not preclude a subsequent action seeking a monetary judgment on the debt.

(f) As used in this subdivision, "monetary judgment on the debt" means a judgment for the recovery from the debtor of all or part of the principal amount of the secured obligation, including, for purposes of this subdivision, contractual interest thereon. "Monetary judgment on the debt" does not include a judgment which provides only for other relief (whether or not that other relief is secured by the collateral), such as one or more forms of nonmonetary relief, and monetary relief ancillary to any of the foregoing, such as attorneys' fees and costs incurred in seeking the relief.

(g) If a secured party fails to comply with any of the requirements of this chapter in proceeding as to both real and personal property under subparagraph (ii) of paragraph (a):

(i) A purchaser for value of any interest in the real property at judicial or nonjudicial foreclosure proceedings conducted pursuant to subparagraph (ii) of paragraph (a) takes that interest free from any claim or interest of another person, or any defect in title, based upon that noncompliance, unless:

(A) The purchaser is the secured party and the failure to comply with this chapter occurred other than in good faith; or

(B) The purchaser is other than the secured party and at the time of sale of the real property at that foreclosure the purchaser had actual knowledge of the failure to comply with this chapter and that the noncompliance occurred other than in good faith.

Even if the purchaser at the foreclosure sale does not take his or

her interest free of claims, interests, or title defects based upon that noncompliance with this chapter, a subsequent purchaser for value who acquires an interest in that real property from the purchaser at that foreclosure takes that interest free from any claim or interest of another person, or any defect in title, based upon that noncompliance, unless at the time of acquiring the interest the subsequent purchaser has actual knowledge of the failure to comply with this chapter and that the noncompliance occurred other than in good faith.

(ii) Rights in personal property or fixtures sold at judicial or nonjudicial foreclosure proceedings pursuant to subparagraph (ii) of paragraph (a) shall be governed by subdivision (4) of Section 9504.

(5) When a secured party has reduced his or her claim to judgment the lien of any levy which may be made upon his or her collateral by virtue of any execution based upon the judgment shall relate back to the date of the perfection of the security interest in the collateral. A judicial sale, pursuant to that execution, is a foreclosure of the security interest by judicial procedure within the meaning of this section, and the secured party may purchase at the sale and thereafter hold the collateral free of any other requirements of this division.

CHAPTER 975

An act to amend Sections 22901 and 22902 of the Education Code, relating to the State Teachers' Retirement System, and making an appropriation therefor.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 22901 of the Education Code is amended to read:

22901. A member who elects to receive additional service credit as provided in this chapter shall pay, prior to retirement or receipt of a disability allowance, all contributions with respect to such service at the contribution rate for additional service credit in effect at the time of the election.

If the member is currently employed in a position requiring membership in this system, the contributions shall be based upon the compensation earnable in the current school year or either of the two immediately preceding school years, whichever is highest.

If the member is not currently employed in a position requiring membership in this system, the contributions shall be based upon the compensation earnable in the last school year of credited service or either of the two immediately preceding school years, whichever is

highest. Regular interest shall be charged on all contributions from the end of the school year on which the contributions were based to the date of payment.

The employer may pay the amount required as employer contributions for additional service credited under subdivisions (b), (f), (g), and (h) of Section 22902.

Regular interest shall be charged on the monthly unpaid balance if the member pays in installments.

SEC. 2. Section 22902 of the Education Code is amended to read:

22902. A member may elect to receive credit for:

(a) Service performed in a teaching position in a publicly supported and administered university or college in this state.

(b) Service performed in a certificated teaching position in a child care center operated by a county superintendent of schools or a school district in this state.

(c) Service performed in a teaching position in the California School for the Deaf or the California School for the Blind, or in special classes maintained by the public schools of this state for the instruction of the deaf, the hard of hearing, the blind, or the semisighted.

(d) Service performed in a certificated teaching position in a federally supported and administered Indian school in this state.

(e) Time served, not to exceed two years, in a certificated teaching position in a job corps center administered by the United States government in this state if the member was employed in a position requiring membership in this system within one year prior to entering such service and returned to a position requiring membership in this system within six months following the date of termination of service in the job corps.

(f) Time spent on a sabbatical leave after July 1, 1956.

(g) Time spent on an approved leave to participate in any program under the federal Mutual Educational and Cultural Exchange Program.

(h) Time spent on an approved maternity or paternity leave of two years or less in duration, regardless of whether or not the leave was taken before or after the addition of this subdivision.

In no event shall the member receive credit for such service or time if the member has received or is eligible to receive credit for the same service or time in another retirement system.

SEC. 3. (a) Due to the required administrative services necessary for implementation of this act, 2.0 limited-term program technician positions are authorized for the State Teachers' Retirement System for the period from January 1, 1986, until June 30, 1987.

(b) There is hereby appropriated from the Teachers' Retirement Fund to the State Teachers' Retirement System the sum of thirty-six thousand nine hundred eighty dollars ($36,980) for the last six months of fiscal year 1985–86 for salary and benefits, equipment, and work stations required for the two positions specified in subdivision (a).

CHAPTER 976

An act to add Section 18610.5 to the Health and Safety Code, relating to mobilehomes.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 18610.5 is added to the Health and Safety Code, to read:

18610.5. (a) Mobilehome park lot lines shall not be created, moved, shifted, or altered without the written authorization of the local planning agency and the occupant or occupants, if any, of the mobilehome space or spaces on which the lot line will be created, moved, shifted, or altered.

(b) No mobilehome park lot line shall be created, moved, shifted, or altered, if the action will place an occupant of a mobilehome space or lot in violation of any mobilehome separation or space requirements under this part or under any administrative regulation.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 977

An act relating to public social services, and making an appropriation therefor.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that counties are utilizing general purpose revenue in greater proportions in order to meet the matching requirements of federal- and state-mandated programs. These requirements ignore the high impact of high unemployment and other extenuating factors which cause the growth in county matching funds requirement to far exceed its growth, if any, in general purpose revenues. Counties have been

forced to use discretionary funds to meet matching requirements and, therefore, have had to make undesirable spending reductions in essential services like law enforcement, fire protection, streets and roads maintenance programs, and personnel costs not related to mandated programs.

Further, it is the intent of the Legislature that the two-year appropriation contained in Section 2 of this act takes account of and is consistent with the fiscal and programmatic relationships and responsibilities between the state and counties as they involve funding and program delivery of partnership programs.

SEC. 2. For each of the fiscal years 1985–86 and 1986–87, the sum of eight million six hundred eighty-four thousand six hundred dollars ($8,684,600) is hereby appropriated from the General Fund to the Controller to be distributed on or before February 1, 1986, and February 1, 1987, respectively, in accordance with the following schedule:

CHAPTER 978

An act to amend Sections 39050.5, 41604, and 41605 of, to add Sections 39047.5 and 42314.1 to, and to repeal and add Section 42314 of, the Health and Safety Code, relating to air pollution.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 39047.5 is added to the Health and Safety Code, to read:

39047.5. "Qualifying facility" means a qualifying small power production facility as defined in Section 228.5 of the Public Utilities Code.

SEC. 1.5. Section 39050.5 of the Health and Safety Code is amended to read:

39050.5. "Resource recovery project" means a project which converts municipal wastes, agricultural wastes, forest wastes, landfill gas, or digester gas in a manner so as to produce energy as a byproduct in the air basin in which they are produced.

SEC. 2. Section 41604 of the Health and Safety Code is amended to read:

41604. (a) The districts shall provide for, and shall periodically revise as appropriate, the growth allowances necessary to accommodate the net air quality impact, if any, of cogeneration technology projects and resource recovery projects expected to be permitted by January 1, 1987, and subsequent periods thereafter, pursuant to Section 42314, so that state and federal ambient air quality standards may be achieved and maintained or that reasonable further progress be made toward attainment.

(b) If appropriate, the districts shall submit to the state board, for inclusion in the next state implementation plan revisions, the necessary control measures for the growth allowances for federally approved nonattainment pollutants and precursors required by subdivision (a).

(c) Any district which lacks a federally approved demonstration of attainment with the national ambient air quality standard for ozone or nitrogen dioxide is not required to provide a growth allowance for any pollutant under this section until two years after the district makes both demonstrations. Federal approval shall be determined, based on regulations adopted by the Environmental Protection Agency, after public notice and opportunity for comment. After a district demonstrates attainment, the district may establish a growth allowance by allocating an air quality increment within the ambient air quality standard or through adoption of further control measures.

SEC. 3. Section 41605 of the Health and Safety Code is amended

to read:

41605. (a) The districts, in cooperation with the state board, shall develop, adopt, and update, as necessary, a procedure to determine the magnitude of the emissions from the existing electric generating system in the air basin which would be displaced if cogeneration technology projects and qualifying facilities were constructed. The procedure shall be used once each year to determine the utility displacement credits which shall be used in reviewing the permit applications for new cogeneration technology projects and qualifying facilities during the following year, and shall ensure that the credits are real, permanent, quantifiable, enforceable, and surplus.

(b) A district may reduce the emission offset requirement for a cogeneration technology project or qualifying facility by the utility displacement credits determined pursuant to subdivision (a). In all cases in which a cogeneration technology project or qualifying facility satisfies subdivision (c), a district shall reduce the offset requirement for the project or facility by the utility displacement credits determined pursuant to subdivision (a). A district shall allocate at least 90 percent of the pounds of emissions available in the form of utility displacement credits to projects and facilities which satisfy the requirements of subdivision (c).

(c) Utility displacement credits shall be granted to cogeneration technology projects and qualifying facilities for those pollutants for which net project or facility emissions, after offsets provided pursuant to paragraphs (3) and (4) of subdivision (a) of Section 42314, are lower, on a pounds of pollutant per unit of energy produced basis, than the emissions which would be generated by the fossil-fuel fired existing electric generating system in the air basin in the absence of the project or facility.

(d) Utility displacement credits shall be credited to a project or facility only to the extent necessary to satisfy district offset requirements, and only after credit has been granted for offsets provided pursuant to paragraphs (3) and (4) of subdivision (a) of Section 42314.

(e) The cogeneration technology project or qualifying facility proponent, and the owner or operator of the purchasing utility, shall provide to the state board or the district, as the case may be, the information not publicly available from state or local agencies which is necessary to make the determinations required by this section. The information shall include, but is not limited to, all of the following:

(1) Emission source test data.

(2) Chronological fuel use data.

(3) Chronological electric load data.

(f) In providing the utility displacement credits required by this section, and for purposes of this section only, the utility, if not an applicant, shall not be required to furnish emission offsets on a case-by-case basis for the project. This section does not permit a district on a case-by-case basis to limit the ability of the utility to

operate its existing hydrocarbon combustion facilities in accordance with the requirements of the Public Utilities Commission or the governing body of a public utility owned by a municipality or other political subdivision of the state.

SEC. 4. Section 42314 of the Health and Safety Code is repealed.

SEC. 5. Section 42314 is added to the Health and Safety Code, to read:

42314. (a) Notwithstanding any other provision of any district permit system, and except as provided in this section, no district shall require emissions offsets for any cogeneration technology project or resource recovery project which satisfies all of the following requirements:

(1) The project satisfies one of the following size criteria:

(A) The project produces 50 megawatts or less of electricity. In the case of a combined cycle project, the electrical capacity of the steam turbine may be excluded from the total electrical capacity of the project for purposes of this paragraph if no supplemental firing is used for the steam portion and the combustion turbine has a minimum efficiency of 25 percent.

(B) The project processes municipal wastes and produces more than 50 megawatts, but less than 80 megawatts, of electricity.

(2) The project will use the appropriate degree of pollution control technology (BACT or LAER) as defined and to the extent required by the district permit system.

(3) Existing permits for any item of equipment to be replaced by the project, whether the equipment is owned by the applicant or a thermal beneficiary of the project, are surrendered to the district or modified to prohibit operation simultaneously with the project to the extent necessary to satisfy district offset requirements. The emissions reductions associated with the shutdown of existing equipment shall be credited to the project as emissions offsets in accordance with district rules.

(4) The applicant has provided offsets to the extent they are reasonably available from facilities it owns or operates in the air basin and which mitigate the remaining impacts of the project.

(5) For new projects which burn municipal waste, landfill gas, or digester gas, the applicant has, in the judgment of the district, made a good faith effort to secure all reasonably available emissions offsets to mitigate the remaining impact of the project, and has secured all reasonably available offsets.

(b) This section applies to any project for which an application for an authority to construct is deemed complete by the district after January 1, 1986, only if the project's net emissions, combined with the net emissions from projects previously permitted under this section, are less than the amount provided for in the applicable growth allowance established by the district pursuant to Section 41604. If a district has not yet provided a growth allowance pursuant to Section 41604, the growth allowance is zero. For purposes of this subdivision, "net emissions" means the project's emissions, less any offsets

provided by the applicant and less utility displacement credits granted pursuant to Section 41605.

(c) This section does not relieve a project from satisfying all applicable requirements of Part C (Prevention of Significant Deterioration) of the Clean Air Act, as amended in 1977 (42 U.S.C. Sec. 7401 et seq.), or any rules or regulations adopted pursuant to Part C.

SEC. 6. Section 42314.1 is added to the Health and Safety Code, to read:

42314.1. (a) Except as provided in subdivision (b), to the extent permissible under federal law, and notwithstanding any state or local new source review or prevention of significant deterioration rule or regulation, at the request of an applicant, a district shall issue permits for the construction of a project which burns municipal waste, landfill gas, or digester gas, if all of the following conditions are met:

(1) The project produces less than 50 megawatts of electricity, except as provided in paragraph (4).

(2) The project will utilize the appropriate degree of pollution control technology (BACT or LAER) required by the new source review rule of the district.

(3) The project applicant has, in the judgment of the district, made a good faith effort to secure all available emission offsets to mitigate the impact of the project, but sufficient offsets or other mitigation measures are not available. The applicant, however, is required to secure all the offsets which are available to mitigate the air quality impact of the project, except for projects which constitute a modification to an existing source under the district's new source review rule, in which case the applicant is only required to provide offsets from facilities which the applicant owns or operates within the air basin.

(4) The project produces 50 megawatts or more, but less than 80 megawatts, of electricity, meets the requirements of paragraphs (2) and (3), is located in a district whose state implementation plan revisions have been approved by the Environmental Protection Agency and that has attained, or is reasonably expected to attain, national air quality standards for any criteria pollutant for which sufficient growth allowances are available in the air quality maintenance plan or, in the event the project would cause any criteria pollutant to exceed the available or possible future growth allowance, the applicant secures offsets in an amount equal to the excess in the growth allowance, and processes municipal wastes from one or more municipalities. Any project under this paragraph shall comply with applicable prevention of significant deterioration rules and regulations.

(b) If a proposed project permitted under subdivision (a) has an electrical generating capacity of 50 megawatts or more, the district shall determine whether the project meets the requirements of this section and, in making its determination, shall consider the potential emission of noncriteria pollutants from project facilities and shall

develop appropriate permit conditions. The district shall submit its determination and supporting analyses, including the analysis of noncriteria pollutants and appropriate permit conditions, to the State Energy Resources Conservation and Development Commission for use pursuant to Chapter 6 (commencing with Section 25500) of Division 15 of the Public Resources Code.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the programs or level of service mandated by this act.

CHAPTER 979

An act to add Section 1214.1 to the Penal Code, relating to crimes.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1214.1 is added to the Penal Code, to read:

1214.1. (a) In addition to any other penalty in criminal cases, the court may impose a civil assessment of up to two hundred fifty dollars ($250) against any defendant who fails, after notice, and without good cause to appear in court for any proceeding authorized by law.

(b) The assessment shall not become effective until at least 10 calendar days after the court mails a warning notice to the defendant by first-class mail to the address shown on the notice to appear or to the defendant's last known address. If the defendant appears within the time specified in the notice and shows good cause for the failure to appear, the court shall vacate the assessment.

(c) If an assessment is imposed under this section, no bench warrant or warrant of arrest shall be issued with respect to the failure to appear at the proceeding for which the assessment is imposed.

(d) The assessment imposed under subdivision (a) shall be subject to the due process requirements governing defense and collection of civil money judgments generally.

CHAPTER 980

An act to amend Sections 7544.5, 7545.2, and 7546.3 of, and to add Sections 7546.13 and 7561.2 to, the Business and Professions Code, relating to security guards.

[Approved by Governor September 25, 1985. Filed with Secretary of State September 26, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 7544.5 of the Business and Professions Code is amended to read:

7544.5. No person licensed as a private patrol operator shall do any of the following:

(a) Fail to properly maintain an accurate and current record of all firearms or other deadly weapons that are in the possession of the licensee or of any employee while on duty. Within seven days after a licensee or his or her employees discover that a deadly weapon which has been recorded as being in his or her possession has been misplaced, lost, or stolen, or in any other way missing, the licensee or his or her manager shall mail or deliver to the chief and to any local law enforcement agency who has jurisdiction, a written report concerning the incident. The report shall describe fully the circumstances surrounding the incident, any injuries or damages incurred, the identity of all participants, and whether a police investigation was conducted.

(b) Fail to properly maintain an accurate and current record of the name, address, commencing date of employment, and position of each employee, and the date of termination of employment when an employee is terminated.

(c) Fail to properly maintain an accurate and current record of proof of completion by each employee of the licensee of the course of training in the exercise of the power to arrest as required by Section 7545.

(d) Fail to certify an employee's completion of the course of training in the exercise of the power to arrest prior to placing such employee at a duty station.

(e) Fail to either certify proof of current and valid registration for each employee who is subject to registration or fail to require an employee to complete an application for registration within three working days after employing an individual who does not possess a current and valid registration from the bureau.

(f) Permit any employee to carry a firearm or other deadly weapon without first ascertaining that such employee is proficient in the use of each weapon to be carried. With respect to firearms, evidence of proficiency shall include a certificate from a firearm training facility approved by the director certifying that such employee is proficient in the use of that specified caliber of firearm and a current and valid firearm qualification permit issued by the department. With respect to other deadly weapons, evidence of proficiency shall include a certificate from a training facility approved by the director certifying that such employee is proficient in the use of that particular deadly weapon.

(g) Fail to deliver to the director a written report describing fully

the circumstances surrounding the discharge of any firearm, or physical altercation with a member of the public while on duty, by a licensee or any officer, partner, or employee of a licensee while acting within the course and scope of his or her employment within seven days after the incident. For the purposes of this subdivision, a report shall be required only for physical altercations that result in any of the following: (1) the arrest of a security guard, (2) the filing of a police report by a member of the public, (3) injury on the part of a member of the public that requires medical attention, or (4) the discharge, suspension, or reprimand of a security guard by his or her employer. Such report shall include, but not be limited to, a description of any injuries or damages incurred, the identity of all participants, and whether a police investigation was conducted. Any report may be investigated by the director to determine if any disciplinary action is necessary.

(h) Fail to notify the bureau in writing and within 30 days that a manager previously qualified pursuant to this chapter is no longer connected with the licensee.

SEC. 1.5. Section 7545.2 of the Business and Professions Code is amended to read:

7545.2. (a) The course of training in the exercise of the power to arrest may be administered, tested, and certified by any licensee. The department may approve any person or school to teach the course in the exercise of the power to arrest. The course of training shall be approximately two hours in length and shall cover the following topics:

(1) Responsibilities and ethics in citizen arrest.

(2) Relationship with the public police in arrest.

(3) Limitations on security guard power to arrest.

(4) Restrictions on searches and seizures.

(5) Criminal and civil liabilities.

(A) Personal liability.

(B) Employer liability.

(b) The department shall make available a guidebook as a standard for teaching the course in the exercise of the power to arrest. The department shall encourage additional training and may provide a training guide recommending additional courses to be taken by security personnel.

(c) The bureau may inspect, supervise, or view the administration of the test at any time and without any prior notification. Any impropriety in the administration of the course or the test shall constitute grounds for disciplinary action.

SEC. 2. Section 7546.3 of the Business and Professions Code is amended to read:

7546.3. (a) Except as provided in subdivision (b), an employee of a licensee may be assigned to work with a temporary registration card which indicates completion of the course in the exercise of the power to arrest until the bureau issues a registration card or denies the application for registration. A temporary registration card shall

in no event be valid for more than 120 days. However, the director may extend the expiration date beyond the 120 days at any time when there is an abnormal delay in processing applications for prospective security guards.

(b) An employee who has been convicted of a crime prior to applying for a position as a security guard shall not be issued a temporary registration card and shall not be assigned to work as a security guard until the bureau issues a permanent registration card. This subdivision shall apply only if the applicant for registration as a security guard has disclosed the conviction to the bureau on his or her application form, or if the fact of the conviction has come to the attention of the bureau through official court or other governmental documents. In no event shall the director, the department, the bureau, the chief, or the State of California be liable for any civil damages in the event of the issuance of a temporary registration where the applicant has falsified his or her application to conceal a prior criminal conviction.

SEC. 3. Section 7546.13 is added to the Business and Professions Code, to read:

7546.13. The registration of a security guard shall be automatically suspended if the guard is convicted of any crime which is substantially related to the functions, duties, and responsibilities of a security guard. The automatic suspension shall be effectuated by the mailing of a notice of conviction and suspension of license to be sent by the bureau to the registered guard at his or her address of record. A copy of the notice shall be sent to the private patrol operator employing the guard with notice that the employer shall suspend any and all employment of the guard forthwith. The notice shall contain a statement of preliminary determination by the director or his or her designee that the crime stated is reasonably related to the functions, duties, and responsibilities of a security guard. Upon proper request by the guard, a hearing shall be convened within 60 days of the request, before the private disciplinary review committee, as specified in Section 7517.2, for a determination as to whether the automatic suspension shall be made permanent or whether the registration shall be revoked or the guard otherwise disciplined.

In enacting this provision, the Legislature finds and declares that registered guards convicted of the commission of crimes reasonably related to the functions, duties, and responsibilities of a security guard shall be subject to automatic suspension of their license and that summary suspension is justified by compelling state interests of public safety and security within the meaning of the California Supreme Court's decision in Eye Dog Foundation v. State Board of Guide Dogs for the Blind, 67 Cal. 2d 536.

SEC. 4. Section 7561.2 is added to the Business and Professions Code, to read:

7561.2. Any person who knowingly makes a false statement in his or her application for a license or registration as a security guard is

guilty of a misdemeanor.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 981

An act to amend Section 14006 of the Welfare and Institutions Code, relating to medical assistance.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 14006 of the Welfare and Institutions Code, as amended by Chapter 1041 of the Statutes of 1983, is amended to read:

14006. (a) For the purposes of Sections 14005.4 and 14005.7, the term "other resources" means the real or personal property, or any combination of both, held by a medically needy or medically indigent individual or family.

(b) For the purposes of this section, the term "principal residence" means the home, including a multiple-dwelling unit, in which the individual resides or formerly resided. The home will continue to be considered the principal residence if any of the following is applicable:

(1) During any absence, the individual intends to return to the home.

(2) The individual lives in a skilled nursing or intermediate care facility or in a licensed community care facility and intends to return home.

(3) The individual's spouse or a dependent relative of the individual continues to reside in the home during the individual's absence.

(4) The individual does not have the right, authority, power, or legal capacityto liquidate the property, but a bona fide effort is being made to attain the right, authority, power, or legal capacity to liquidate the property.

(5) The property cannot readily be converted to cash but a bona fide effort is being made to sell the property, in which case the state shall have a lien against the property, to the extent permitted by federal law, for the cost of medical services.

(6) If it is a multiple-dwelling unit, one unit of which is occupied by the applicant or recipient, any unit not occupied by the applicant

or recipient is producing income for the individual or family reasonably consistent with its value.

(7) It is inhabited by any sibling or child of the recipient who has continuously resided in the property since at least one year prior to the date the owner entered a skilled nursing or intermediate care facility, or in a licensed community care facility.

For purposes of this subdivision, "bona fide effort" means that the property shall be listed with a licensed real estate broker at the value determined to be the fair market value by a qualified real estate appraiser and the applicant or recipient provides evidence that a continuous effort is being made to sell the property, offers at fair market value are accepted, and all offers are reported.

(c) The amount of other resources is limited to not more than one thousand five hundred dollars ($1,500) for an aged, blind or disabled individual, or not more than three thousand dollars ($3,000) for an aged, blind or disabled individual and his spouse. For a medically needy family person or for a medically indigent person or family, this limit shall be established at not less than one thousand five hundred dollars ($1,500) and not more than three thousand dollars ($3,000), in accordance with family size. In addition, a medically needy or medically indigent person or family may retain: (1) other property in accordance with the provisions of Sections 11158 and 12152 of this code; (2) real property other than the principal residence, up to a value of six thousand dollars ($6,000) provided it is producing income for the individual or family reasonably consistent with its value; (3) the principal residence; (4) any additional resources allowed under the provisions of Title XVI of the Social Security Act.

(d) The director, to meet the requirements of the federal Social Security Act and to insure the highest percentage of federal financial participation in the program provided by this chapter, may decrease or increase the amounts set forth herein.

(e) If the holdings are in the form of real property, the value shall be the assessed value, determined under the most recent county property tax assessment, less the unpaid amount of any encumbrance of record.

If the real property other than the home is not producing income reasonably consistent with its value, the applicant or recipient shall be allowed reasonable time to begin producing such income from the property. If the property cannot produce reasonable income or be sold based on the market value, the applicant or recipient shall be allowed to submit evidence from a qualified real estate appraiser which indicates the value for which the property can be adequately utilized or sold. If the applicant or recipient provides evidence that the only method of adequately utilizing the property is sale, and the property has not been sold at market value during a reasonable period of time, the property shall be considered to be adequately utilized provided it is listed with a licensed real estate broker at the value determined to be the fair market value by a qualified real estate appraiser and the applicant or recipient provides evidence

that a bona fide and continuous effort is being made to sell the property.

(f) Any mortgage or note secured by a deed of trust shall be deemed real property if its value does not exceed six thousand dollars ($6,000) and it is obtained by the applicant or recipient, or in combination with his spouse, through the sale of such real property.

(g) If the holdings consist of money on deposit, the value shall be the actual amount thereof. If the holdings are in any other form of personal property or investment, except life insurance, the value shall be the conversion value as of the date of application or the anniversary date of such application. If the holdings are in the form of life insurance, the value shall be the cash value as of the policy anniversary nearest the date of such application.

(h) The value of property holdings shall be determined as of the date of application and, if the person is found eligible, this determination shall establish the amount of such holdings to be considered during the ensuing 12 months except a new determination to govern during the succeeding 12 months shall be made on the first anniversary date of the application or such alternate date as may be established following the acquisition of additional holdings as provided in the following paragraph and on each succeeding anniversary date thereafter.

(i) If any person shall by gift, inheritance, or other manner, acquire additional holdings during any such interval, other than from his own earnings, he shall immediately report such acquisition, and the anniversary date shall become the date of such acquisition.

(j) If any provision of this section does not comply with federal requirements, the provision shall become inoperative to the extent that it is not in compliance with federal requirements pursuant to Section 11003.

SEC. 2. Section 14006 of the Welfare and Institutions Code, as amended by Chapter 1447 of the Statutes of 1984, is amended to read:

14006. (a) For the purposes of Sections 14005.4 and 14005.7, the term "other resources" means the real or personal property, or any combination of both, held by a medically needy or medically indigent individual or family.

(b) For the purposes of this section, the term "principal residence" means the home, including a multiple-dwelling unit, in which the individual resides or formerly resided. The home will continue to be considered the principal residence if any of the following is applicable:

(1) During any absence, the individual intends to return to the home.

(2) The individual lives in a skilled nursing or intermediate care facility or a licensed community care facility and intends to return home.

(3) The individual's spouse or a dependent relative of the individual continues to reside in the home during the individual's absence.

(4) The individual does not have the right, authority, power, or legal capacity to liquidate the property, but a bona fide effort is being made to attain the right, authority, power, or legal capacity to liquidate the property.

(5) The property cannot readily be converted to cash but a bona fide effort is being made to sell the property, in which case the state shall have a lien against the property, to the extent permitted by federal law, for the cost of medical services.

(6) If it is a multiple-dwelling unit, one unit of which is occupied by the applicant or recipient, any unit not occupied by the applicant or recipient is producing income for the individual or family reasonably consistent with its value.

(7) It is inhabited by any sibling or child of the recipient who has continuously resided in the property since at least one year prior to the date the owner entered a skilled nursing or intermediate care facility, or in a licensed community care facility.

For purposes of this subdivision, "bona fide effort" means that the property shall be listed with a licensed real estate broker at the value determined to be the fair market value by a qualified real estate appraiser and the applicant or recipient provides evidence that a continuous effort is being made to sell the property, offers at fair market value are accepted, and all offers are reported.

(c) For purposes of determining eligibility under this part, resources shall be defined, counted, and valued in accordance with the federal law governing resources under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396, et seq.). Resources exempt under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396, et seq.) shall not be considered in determining eligibility. Medically needy individuals and families may retain nonexempt resources to the extent permitted under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396, et seq.). In addition, the principal residence as defined in subdivision (b) shall be exempt.

(d) The director, to meet the requirements of the federal Social Security Act and to insure the highest percentage of federal financial participation in the program provided by this chapter, may decrease or increase the amounts set forth herein.

(e) If the holdings are in the form of real property, the value shall be the assessed value, determined under the most recent county property tax assessment, less the unpaid amount of any encumbrance of record.

If the real property other than the home is not producing income reasonably consistent with its value, the applicant or recipient shall be allowed reasonable time to begin producing such income from the property. If the property cannot produce reasonable income or be sold based on the market value, the applicant or recipient shall be allowed to submit evidence from a qualified real estate appraiser which indicates the value for which the property can be adequately utilized or sold. If the applicant or recipient provides evidence that the only method of adequately utilizing the property is sale, and the

property has not been sold at market value during a reasonable period of time, the property shall be considered to be adequately utilized provided it is listed with a licensed real estate broker at the value determined to be the fair market value by a qualified real estate appraiser and the applicant or recipient provides evidence that a bona fide and continuous effort is being made to sell the property.

(f) Any mortgage or note secured by a deed of trust shall be deemed real property if its value does not exceed six thousand dollars ($6,000) and it is obtained by the applicant or recipient, or in combination with his spouse, through the sale of such real property.

(g) If the holdings consist of money on deposit, the value shall be the actual amount thereof. If the holdings are in any other form of personal property or investment, except life insurance, the value shall be the conversion value as of the date of application or the anniversary date of such application. If the holdings are in the form of life insurance, the value shall be the cash value as of the policy anniversary nearest the date of such application.

(h) The value of property holdings shall be determined as of the date of application and, if the person is found eligible, this determination shall establish the amount of such holdings to be considered during the ensuing 12 months except a new determination to govern during the succeeding 12 months shall be made on the first anniversary date of the application or such alternate date as may be established following the acquisition of additional holdings as provided in the following paragraph and on each succeeding anniversary date thereafter.

(i) If any person shall by gift, inheritance, or other manner, acquire additional holdings during any such interval, other than from his own earnings, he shall immediately report such acquisition, and the anniversary date shall become the date of such acquisition.

(j) If any provision of this section does not comply with federal requirements, the provision shall become inoperative to the extent that it is not in compliance with federal requirements pursuant to Section 11003.

This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1987, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1987, pursuant to Section 9611 of the Government Code, Section 14006 of the Welfare and Institutions Code, as amended by Section 1 of Chapter 1041 the Statutes of 1983, as amended during the 1985 portion of the 1985–86 Regular Session, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 3. The State Director of Health Services shall adopt emergency regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 3 of the Government Code to implement this act. The adoption of the regulations shall be deemed to be an emergency and necessary for the immediate

preservation of the public peace, health, or safety. Notwithstanding the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted by the State Department of Health Services in order to implement this act shall not be subject to the review and approval of the Office of Administrative Law. These regulations shall become effective immediately upon filing with the Secretary of State.

CHAPTER 982

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1134.5 of the Civil Code is amended to read:

1134.5. (a) Except as provided in this section, the transferor of any real property containing at least one but not more than four residential units, whether the transfer is made by sale, exchange, or real property sales contract as defined in Section 2985, shall deliver to the prospective transferee a written statement by the transferor of whether any structural additions or alterations or the installation, alteration, repair, or replacement of significant components of the structures upon the property, completed during the term of ownership of the transferor or of which the transferor has knowledge, were or were not completed under an appropriate permit or other authority for construction issued in accordance with an ordinance or regulation adopted pursuant to Section 38660 of the Government Code, Section 17921 of the Health and Safety Code, or Section 30600 of the Public Resources Code, or were subsequently validated by the public agency having jurisdiction.

(b) This section does not apply to any of the following:

(1) Transfers which are required to be preceded by the furnishing to a prospective transferee of a copy of a public report pursuant to Section 11018.1 of the Business and Professions Code.

(2) Transfers pursuant to court order, including, but not limited

(c) (1) The transferor shall deliver the statement as soon as practicable before the transfer of title in the case of a sale or exchange, or prior to execution of the contract where the transfer is by a real property sales contract as defined in Section 2985. For purposes of this section, "delivery" means delivery in person or by mail to the transferee or transferor, himself or herself, or any person authorized to act for him or her in the transaction or to such additional transferees who have requested delivery from the transferor in writing. Delivery to the spouse of a transferee or transferor shall be deemed delivery to a transferee or transferor, unless the contract states otherwise.

(2) If the statement required to be made by this section is delivered after the execution of an offer to purchase, the transferee shall have three days after delivery in person or five days after delivery by deposit in the mail, to terminate his or her offer by delivery of written notice of the termination to the transferor. However, the right of the transferee to terminate his or her offer shall be extinguished upon the close of escrow or recordation of the conveyance document, whichever occurs first.

(d) (1) Neither the transferor nor his or her agent shall be liable for any error, inaccuracy, or omission of any information delivered pursuant to this section, provided that the error, inaccuracy, or omission was not within the personal knowledge of the transferor or

the transferor's agent, was based on information timely provided by public agencies or other persons providing information required to be disclosed pursuant to this section, and ordinary care was exercised in obtaining and transmitting the information.

(2) The delivery of any information required to be disclosed by this section to a prospective transferee by a public agency or other person providing information required to be disclosed pursuant to this section shall be deemed to comply with the requirements of this section and shall relieve the transferor of any further duty under this section with respect to that item of information.

(3) The delivery of a preliminary title report issued by a title insurer or underwritten title company admitted to do business in this state, or the delivery of a report or opinion of a licensed engineer, land surveyor, geologist, structural pest control operator, contractor, or person of like or related capacity when dealing with knowledge or skills conventionally attributed to such person, shall be deemed information by "other persons providing information required to be disclosed" as contemplated in paragraphs (1) and (2), provided such "other persons" furnish or deliver the information pursuant to a request therefor, whether written or oral, by the transferor. In responding to such a request, the "other persons" may indicate, in writing, their understanding that the information they undertake to provide will be used in fulfilling the requirements of this section, and shall indicate those items of information, or parts thereof, which are required to be disclosed to which the information being furnished is applicable. Where such a statement is furnished, the "other person" shall not be responsible for any items of information, or parts thereof, other than those expressly set forth in the statement.

(e) If information disclosed in accordance with this section is subsequently rendered inaccurate as a result of any act, occurrence, or agreement subsequent to the delivery of the required disclosures, the inaccuracy resulting therefrom shall not constitute a violation of this section. If at the time disclosure is to be made, an item of information required to be disclosed is unknown or not available to the transferor, and the transferor or the transferor's agent has made a reasonable effort to ascertain it, the transferor may use an approximation of the information, provided the approximation is clearly identified as such, is reasonable, is based on the best information available to the transferor or the transferor's agent, and is not used for the purpose of circumventing or evading the provisions of this section.

(f) The specification of items for disclosure in this section does not limit or abridge any obligation for disclosure created by any other provision of law or which may exist in order to avoid fraud, misrepresentation, or deceit in the transfer transaction.

(g) No transfer of title subject to the provisions of this section shall be invalidated solely because of the failure of any person to comply with this section. However, any person who willfully violates any provision of this section shall be liable in the amount of actual

damages suffered by a transferee including attorney's fees. The remedy provided by this section is not exclusive and shall not preclude the transferee from pursuing any other remedy which he or she may have under any other provision of law.

(h) No person or entity conducting an escrow on behalf of the parties to a transfer of real property shall incur liability for the consequences of any act or omission of any act pursuant to this section, and no action may be brought or maintained against any such person or entity as a result of such act or omission.

The disclosure statement shall be either included in the receipt for deposit in a real estate transaction, an addendum attached thereto, or a separate document.

(c) The transferor shall deliver the statement referred to in subdivision (b) as soon as practicable before the transfer of title in the case of a sale or exchange, or prior to execution of the contract where the transfer is by a real property sales contract, as defined in

Section 2985. For purposes of this subdivision, "delivery" means delivery in person or by mail to the transferee or transferor, or to any person authorized to act for him or her in the transaction, or to additional transferees who have requested delivery from the transferor in writing. (9) Transfers under the provisions of Chapter 7 (commencing with Section 3691) or Chapter 8 (commencing with Section 3771) of Part 6 of Division 1 of the Revenue and Taxation Code.

(e) No liability shall arise, nor any action be brought or maintained against, any agent of any party to a transfer of title, including any person or entity acting in the capacity of an escrow, for any error, inaccuracy, or omission relating to the disclosure required to be made by a transferor pursuant to this section. However, this subdivision does not apply to a licensee, as defined in Section 10011 of the Business and Professions Code, where the licensee participates in the making of the disclosure required to be made pursuant to this section with actual knowledge of the falsity of the disclosure.

(f) Except as otherwise provided in this section, this section shall

not be deemed to create or imply a duty upon a licensee, as defined in Section 10011 of the Business and Professions Code, or upon any agent of any party to a transfer of title, including any person or entity acting in the capacity of an escrow, to monitor or ensure compliance with this section.

(g) No transfer of title shall be invalidated on the basis of a failure to comply with this section, and the exclusive remedy for the failure to comply with this section is an award of actual damages not to exceed one hundred dollars ($100), exclusive of any court costs and attorney's fees.

(h) Local ordinances requiring smoke detectors in single-family dwellings may be enacted or amended. However, the ordinances shall satisfy the minimum requirements of this section.

(j) This section shall not apply to the installation of smoke detectors in dwellings intended for human occupancy, as defined in and regulated by Section 13113.7 of the Health and Safety Code, as added by Senate Bill No. 1448 in the 1983–84 Regular Session.

240. If a statute calls for property to be distributed or taken in the manner provided in this section, the property shall be divided into as many equal shares as there are living members of the nearest generation of issue then living and deceased members of that generation who leave issue then living, each living member of the nearest generation of issue then living receiving one share and the share of each deceased member of that generation who leaves issue then living being divided in the same manner among his or her then living issue.

245. (a) When a will or trust calls for property to be distributed or taken "in the manner provided in Section 240 of the Probate Code," or when a will or trust that expresses no contrary intention provides for issue or descendants to take without specifying the manner, the property to be distributed shall be distributed in the manner provided in Section 240.

(b) Use of the following words, without more, as applied to issue or descendants is not an expression of contrary intention:

(1) "Per capita" when living members of the designated class are not all of the same generation.

(2) Contradictory wording, such as "per capita and per stirpes" or "equally and by right of representation."

246. Each living child of the designated ancestor is allocated one share, and the share of each deceased child who leaves issue then living is divided in the same manner.

(b) Unless the will or trust expressly provides otherwise, if a will or trust executed on or after January 1, 1986, calls for property to be distributed or taken "per stirpes," "by representation," or "by right of representation," the property shall be distributed in the manner provided in subdivision (a).

(f) Any person interested in the estate may appear and object to the granting of authority to administer the estate under this article by filing a written statement setting forth the person's objections.

(g) Unless the court determines that the objecting party has shown good cause why the authority requested in the petition should not be granted, the court shall grant the requested authority, and the letters testamentary or of administration shall be endorsed to the effect that the letters are issued pursuant to this article and, if the authority granted does not include the authority to sell or exchange real property or grant options to purchase real property under this article, that limitation shall be included in the endorsement.

SEC. 10. Section 591.2 of the Probate Code is amended to read:

591.2. (a) Upon obtaining authority to administer the estate under this article, the executor or administrator shall proceed to administer the estate in the same manner as provided in this code with respect to executors or administrators who have not been granted such authority. However, the executor or administrator is not required to obtain judicial authorization, approval, confirmation, or instructions, which shall be known and referred to in this article as "court supervision," with respect to any actions during the course of the administration of the estate, except that the executor or administrator is required to obtain court supervision, in the manner provided in this code, for any of the following actions:

(1) Allowance of executor's and administrator's commissions and attorney's fees.

(2) Settlement of accountings.

(3) Preliminary and final distributions and discharge.

(4) Sale or exchange of real property and grant of options to purchase real property if the authority of the executor or administrator granted under this article specifically excludes the authority to take those actions under the authority of this article.

(b) Notwithstanding subdivision (a), the executor or administrator may obtain court supervision as provided in this code of any action taken by him or her during the administration of the estate. All publications of notice required by this code shall continue to be given except when no hearing is required because the executor or administrator does not seek court supervision of an action or proposed action.

SEC. 10.5. Section 591.3 of the Probate Code is amended to read:

591.3. (a) Except as provided in subdivisions (c) and (d):

(1) Prior to the consummation of any of the actions described in subdivision (b) without court supervision, the executor or administrator to whom authority has been granted to act without court supervision shall advise the persons affected by the proposed action of his or her intention to take such action.

(2) The advice, known and referred to in this article as "advice of proposed action," shall be given to the devisees and legatees whose interest in the estate is affected by the proposed action; to the heirs of the decedent in intestate estates; to the State of California if any portion of the estate is to escheat to it; and to persons who have filed a request for special notice pursuant to Section 1202.

(10) Borrowing money or executing a mortgage or deed of trust or giving other security.

(11) Determining third-party claims to real and personal property if the decedent died in possession of, or holding title to, such property, or determining decedent's claim to real or personal property title to or possession of which is held by another.

(c) The advice of proposed action need not be given to any person who consents in writing to the proposed action. The consent may be executed at any time before or after the proposed action is taken.

(d) The advice of proposed action need not be given to any person who, in writing, waives his or her right to the advice of proposed action with respect to the particular proposed action. The waiver may be executed at any time before or after the proposed action is taken. The waiver shall describe the particular proposed action and may waive particular aspects of the advice, such as the service, mailing, or time requirements of Section 591.4, or the giving of the advice in its entirety for the particular proposed action.

SEC. 11. Section 591.4 of the Probate Code is amended to read:

591.4. (a) The advice of proposed action shall be delivered personally or sent by first-class mail, or sent by airmail to any person residing outside the jurisdiction of the United States, to each person described in Section 591.3 at his or her last known address. A copy of the form prepared by the Judicial Council for objecting to a proposed action shall accompany the advice of proposed action. The advice of proposed action shall be in substantially the form set out in Section 591.8 and shall state the name and mailing address of the executor or administrator, the person and telephone number to call to get additional information, and the action proposed to be taken, with a reasonably specific description of such action, and the date on or after which the proposed action is to be taken. Such date shall not be less than 15 days after the personal delivery, or not less than 20 days after the mailing, of the advice. When the proposed action involves the sale or exchange of real property, or the granting of an option to purchase real property, the advice of proposed action shall state the material terms of the transaction, including, if applicable, the sale price and the amount of, or method of calculating, any commission or compensation paid or to be paid to an agent or broker in connection with the transaction.

(b) The failure of the executor or administrator to comply with the provisions of this section shall not affect the validity of the action so taken or the title to any property conveyed or transferred to bona fide purchasers and to third persons dealing in good faith with the executor or administrator who changed their position in reliance on the action, conveyance, or transfer without actual notice of the failure of the executor or administrator to comply with such

provisions. No person dealing with the executor or administrator shall have any duty to inquire or investigate whether or not the executor or administrator has complied with the provisions of this section.

SEC. 12. Section 591.5 of the Probate Code is amended to read:

591.5. (a) Any person described in Section 591.3 who objects to the taking of any proposed action described in Section 591.3 without court supervision, may do either or both of the following:

(1) The person may apply to the court having jurisdiction over the proceeding for an order restraining the executor or administrator from taking the proposed action without court supervision under the provisions of this code dealing with the court supervision of such action, which order the court shall grant without requiring notice to the executor or administrator and without cause being shown therefor. Such order may be served by the person so objecting upon the executor or administrator in the same manner provided for in Section 415.10 or 415.30 of the Code of Civil Procedure or in the manner authorized by the court.

(2) The person may deliver or mail a written objection to the executor or administrator at the address stated in the advice of proposed action, so that the objection is received before the date specified on or after which the proposed action is to be taken, or before the proposed action is actually taken, whichever is later.

(b) If the executor or administrator has notice of the issuance of the restraining order or of the written objection of a person described in Section 591.3, the executor or administrator shall, if he or she desires to consummate such action, submit it to the court for approval following the provisions of this code dealing with the court supervision of such action and may consummate such action under such order as may be entered by the court. Failure to comply with this subdivision is a violation of the fiduciary duty of the executor or administrator and is grounds for his or her removal.

(c) The failure of the executor or administrator to comply with subdivision (b) and the consummation of the action by the executor or administrator without complying with subdivision (b) shall not affect the validity of the action so taken or the title to any property conveyed or transferred to bona fide purchasers and to third persons dealing in good faith with the executor or administrator who changed their position in reliance on the action, conveyance, or transfer without actual notice of the failure of the executor or administrator to comply with subdivision (b). No person dealing with the executor or administrator shall have any duty to inquire or investigate whether or not the executor or administrator has complied with subdivision (b).

(d) All persons described in Section 591.3 who have been given an advice of proposed action as provided in Section 591.4 may object only in the manner provided in this section. The failure to object is a waiver of any right to have the court later review the action taken unless the person who fails to object establishes that he or she did not

actually receive advice of the proposed action before the time to object expired. The court may, however, review actions of the executor or administrator on its own motion or on motion of an interested person who did not receive the advice of proposed action before the time to object expired and who did not consent to the proposed action or waive his or her right to receive the advice of proposed action pursuant to subdivision (c) or (d) of Section 591.3.

(e) Any person who objects as provided in this section, to the proposed action shall receive notice of any hearing on a petition for court authorization or confirmation of the proposed action.

(c) Any security issued or guaranteed by and representing an interest in or a direct obligation of a national bank or a bank or trust company incorporated under the laws of this state, and any security issued by a bank to one or more other banks and representing an interest in an asset of the issuing bank.

(o) Any security listed or approved for listing upon notice of issuance on a national securities exchange certified by rule or order of the commissioner and any warrant or right to purchase or subscribe to any such security.

A rule or order of certification shall conclusively establish that any security listed or approved for listing upon notice of issuance on any exchange named in a rule or order of certification and any warrant or right to purchase or subscribe to any such security is exempt under this subdivision until the adoption of any rule or order decertifying such exchange.

(p) A promissory note secured by a lien on real property, which is neither one of a series of notes of equal priority secured by interests in the same real property nor a note in which beneficial interests are sold to more than one person or entity.

Failure to obey the order of the court may be punished by the court as a contempt.

(5) No person is excused from attending or testifying or from producing any document or record before the commissioner or in obedience to the subpoena of the commissioner or any officer designated by the commissioner, or in any proceeding instituted by the commissioner, on the ground that the testimony or evidence (documentary or otherwise), required of the person may tend to incriminate the person or subject the person to a penalty or forfeiture, but no individual may be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which the person is compelled, after validly claiming the privilege against self-incrimination, to testify or produce evidence (documentary or otherwise), except that the individual testifying is not exempt from prosecution and punishment

Division 2 (commencing with Section 5000) of the Financial Code was repealed and added by Assembly Bill 1434 (Chapter 1091 of the Statutes of 1983). It completely revised that area of the law governing regulation of state savings associations. A number of technical deficiencies or unintentional deletions have been determined to be in immediate need of correction in order to retain the necessary consistency in the law, particularly as to terms or cross-references in other codes which were based upon Division 2 prior to its revision by Chapter 1091. In order to preserve certainty in the operating environment of state savings associations as to the

CHAPTER 987

An act to amend Sections 1799.91, 1799.92, 1799.93, and 1799.95 of, and to add Sections 1799.98 and 1799.99 to, the Civil Code, relating to consumer credit contracts.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1799.91 of the Civil Code is amended to read:

1799.91. (a) Unless the persons are married to each other, each creditor who obtains the signature of more than one person on a consumer credit contract shall deliver to each person who does not in fact receive any of the money, property, or services which are the subject matter of the consumer credit contract, prior to that person's becoming obligated on the consumer credit contract, a notice in English and Spanish in at least 10-point type as follows:

NOTICE TO COSIGNER (Traducción en Inglés Se Requiere Por La Ley)

You are being asked to guarantee this debt. Think carefully before you do. If the borrower doesn't pay the debt, you will have to. Be sure you can afford to pay if you have to, and that you want to accept this responsibility.

You may have to pay up to the full amount of the debt if the borrower does not pay. You may also have to pay late fees or collection costs, which increase this amount.

The creditor can collect this debt from you without first trying to collect from the borrower. The creditor can use the same collection methods against you that can be used against the borrower, such as suing you, garnishing your wages, etc. If this debt is ever in default, that fact may become a part of your credit record.

This notice is not the contract that makes you liable for the debt.

AVISO PARA EL FIADOR (Spanish Translation Required By Law)

Se le está pidiendo que garantice esta deuda. Piénselo con cuidado antes de ponerse de acuerdo. Si la persona que ha pedido este préstamo no paga la deuda, usted tendrá que pagarla. Esté seguro de

que usted podrá pagar si sea obligado a pagarla y de que usted desea aceptar la responsabilidad.

Si la persona que ha pedido el préstamo no paga la deuda, es posible que usted tenga que pagar la suma total de la deuda, mas los cargos por tardarse en el pago o el costo de cobranza, lo cual aumenta el total de esta suma.

El acreedor (financiero) puede cobrarle a usted sin, primeramente, tratar de cobrarle al deudor. Los mismos metodos de cobranza que pueden usarse contra el deudor, podran usarse contra usted, tales como presentar una demanda en corte, quitar parte de su sueldo, etc. Si alguna vez no se cumpla con la obligación de pagar esta deuda, se puede incluir esa información en la historia de crédito de usted.

Este aviso no es el contrato mismo en que se le echa a usted la responsabilidad de la deuda.

(b) Whenever notice is required to be given under subdivision (a) and the consumer credit contract is written in a language other than English or Spanish, the creditor shall deliver the notice as required in subdivision (a) in English and, in addition to or in lieu of Spanish, in the language in which the consumer contract is written.

(c) The requirements of subdivisions (a) and (b) do not apply to a creditor offering or extending open-end credit, as defined in Regulation Z, or to joint applicants if all of the following conditions are satisfied:

(1) The application or agreement signed by each applicant clearly and conspicuously discloses that after credit approval each applicant shall have the right to use the open-end credit plan to the extent of any limit set by the creditor and may be liable for all amounts extended under the plan to any joint applicant.

(2) After credit approval, the creditor issues for the use of each applicant any credit device such as a credit card which may be used to obtain credit under the open-end credit plan and sends the credit device to the address specified in the application or otherwise delivers the credit device in a manner specified in the application or agreement signed by each applicant.

(d) "Regulation Z" has the meaning set forth in Section 1802.18.

SEC. 2. Section 1799.92 of the Civil Code is amended to read:

1799.92. (a) If the notice required by Section 1799.91 is included with the text of the consumer credit contract or with any other document establishing the liability of the person, the statement shall appear immediately above the space reserved for that person's signature or above or adjacent to any other notices required by law to be placed immediately above the signature space and shall be contained in a box formed by a heavy line.

(b) If the notice required by Section 1799.91 is not included with the text of the consumer credit contract it shall be on a separate sheet which shall not contain any other text except as is necessary to identify the creditor and consumer credit contract to which the

statement refers and to provide for the date and the person's acknowledgment of receipt.

SEC. 3. Section 1799.93 of the Civil Code is amended to read:

1799.93. (a) The creditor shall not obtain the signature of any person entitled to notice under Section 1799.91 if the consumer credit contract contains blank spaces to be filled in after the person's signature has been obtained.

(b) The creditor shall give each person entitled to notice under Section 1799.91 a copy of the debt instrument and security agreement or deed of trust, if any, evidencing the consumer credit contract and, if separate therefrom, a copy of the notice required by Section 1799.91 and a copy of the document evidencing that person's obligations.

SEC. 4. Section 1799.95 of the Civil Code is amended to read:

1799.95. No action shall be brought, nor shall any security interest be enforced, by any creditor or any assignee of a creditor on any consumer credit contract which fails to comply with this title against any person, however designated, who is entitled to notice under Section 1799.91 and who does not in fact receive any of the money, property or services which are the subject matter of the consumer credit contract.

Nothing herein shall affect the rights of any bona fide purchaser for value of property sold pursuant to the enforcement of a security interest if the purchase was made without notice of any facts constituting a violation of this title.

1799.98. Nothing in this title shall be construed to make applicable or affect or operate as a waiver of any of the provisions of Title 13 (commencing with Section 2787) of Part 4 of Division 3 or of Title 8 (commencing with Section 5100) of Part 5 of Division 4. The delivery of notice pursuant to Section 1799.91 is not evidence that the person to whom the notice was delivered entered or did not enter the transaction in the capacity of a surety.

SEC. 6. Section 1799.99 is added to the Civil Code, to read:

(a) This section applies to transactions, other than consumer credit contracts as defined in Section 1799.90, which are subject to the provisions of 16 C.F.R. 444.3, 12 C.F.R. 227.14, or 12 C.F.R. 535.3, whichever is applicable to the creditor.

(b) Unless the persons who are obligated under the transaction are married to each other, no action shall be brought, nor shall any security interest be enforced against any person entitled to receive notice under 16 C.F.R. 444.3, 12 C.F.R. 227.14, or 12 C.F.R. 535.3, whichever is applicable to the creditor, if that person did not receive the notice in the manner prescribed by the applicable regulation and an accurate Spanish translation of the notice.

CHAPTER 991

An act to add Article 1 (commencing with Section 7000) to Chapter 1 of Part 5 of Division 1 of the Education Code, relating to public schools.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Article 1 (commencing with Section 7000) is added to Chapter 1 of Part 5 of Division 1 of the Education Code, to read:

Article 1. Health and Welfare Benefits

7000. (a) Notwithstanding Article 1 (commencing with Section 53200) of Chapter 2 of Part 1 of Division 2 of Title 5 of the Government Code, a county superintendent of schools, a school district, or a community college district, which provides health and welfare benefits or dental care benefits for the benefit of its certificated employees, shall permit enrollment in, respectively, the health and welfare benefit plan or dental care benefit plan currently provided for its current certificated employees by any former certificated employee thereof who retired therefrom under any public retirement system and his or her spouse and by any surviving spouse of a former certificated employee thereof who retired

therefrom under any public retirement system.

(b) A county superintendent of schools or district may develop an experience claims rating for the persons specified in subdivision (a) and may, if appropriate, require those persons to pay different rates as a class.

7001. The county superintendent of schools, school district, or community college district shall annually select a one-month period during which persons described by Section 7000 may elect to enroll in, respectively, the health and welfare benefit plan or the dental care benefit plan or change their enrollment from one to another health and welfare plan or dental care benefit plan, respectively.

7002. Any person described by Section 7000 who elects, pursuant to this article, to be covered by, respectively, a health and welfare benefit plan or dental care benefit plan, may be required to pay all premiums, dues, and other charges, including any increases in the rate of premiums or dues for such persons, and all costs incurred by the district or county superintendent of schools in administering this article.

7003. Nothing in this article shall be construed as requiring or permitting the impairment of any contract, board rule, or regulation affecting retired certificated personnel, in existence on the effective date of this article.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 992

An act to amend Sections 6736.1 and 6763 of the Business and Professions Code, relating to professional engineers.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 6736.1 of the Business and Professions Code is amended to read:

6736.1. (a) On or after July 1, 1984, no person shall use the title, "soil engineer," unless he or she is a registered civil engineer in this state and he or she has been found qualified as a soil engineer according to the rules and regulations established therefor by the board. Any registered civil engineer using the title "soil engineer" on or before July 1, 1984, may, for a period of two years, continue to use the title "soil engineer." On and after July 1, 1986, no person may use the title "soil engineer," "soils engineer," or "geotechnical

engineer," unless he or she files an application to use the appropriate title with the board and the board determines the applicant is qualified to use the requested title.

(b) The board shall establish qualifications and standards to use the title "soil engineer," "soils engineer," or "geotechnical engineer." However, each applicant shall demonstrate a minimum of four years qualifying experience beyond that required for registration as a civil engineer, and shall pass the examination specified by the board, unless the applicant is exempted pursuant to subdivision (d).

(c) In determining the qualifications and standards for qualification of individual applicants to use the title "soil engineer," "soils engineer," and "geotechnical engineer" the board shall utilize a Technical Advisory Committee appointed by the board. The Technical Advisory Committee shall be comprised of soil engineers, soils engineers, and geotechnical engineers, and at least one registered civil engineer who does not hold a soils authority.

(d) If any registered civil engineer furnishes satisfactory evidence of at least six years qualifying experience in soil engineering, soils engineering, or geotechnical engineering, as determined by the board, the board shall authorize that engineer to use the title "soil engineer," "soils engineer," or "geotechnical engineer" without an examination. This subdivision shall continue in effect only until December 31, 1987.

(e) For purposes of this section, "qualifying experience" means proof of responsible charge of soil engineering projects in at least 50 percent of the major areas of soil engineering, as determined by the board.

(f) Nothing contained in this chapter requires existing references to "soil engineering," "soils engineering," "geotechnical engineering," "soil engineer," "soils engineer," or "geotechnical engineer," in local agency ordinances, building codes, regulations, or policies, to mean that those activities or persons must be registered or authorized to use the relevant title or authority.

SEC. 2. Section 6763 of the Business and Professions Code is amended to read:

6763. Application for authority to use the title "structural engineer," "soil engineer," "soils engineer," or "geotechnical engineer" shall be made to the board on forms prescribed by it and shall be accompanied by the application fee fixed by this chapter.

An applicant for authority to use the title "structural engineer," "soil engineer," "soils engineer," or "geotechnical engineer" who has passed the examination prescribed by the board, or an applicant for authority to use the title "soil engineer," "soils engineer," or "geotechnical engineer" whose application is submitted prior to July 1, 1986, and who has otherwise demonstrated that he or she is qualified, shall have a certificate of authority issued to him or her.

For purposes of this chapter, an authority to use the title "structural engineer," "soil engineer," "soils engineer," or

"geotechnical engineer" is an identification of competence and specialization in a subspecialty of civil engineering and necessitates education or experience in addition to that required for registration as a civil engineer.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 993

An act to add Section 20212 and 20213 to the Government Code, relating to state retirement systems.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 20212 is added to the Government Code, to read:

20212. Notwithstanding any other provision of law, any person entitled to the receipt of benefits from any state retirement system may authorize the payment of the benefits to be directly deposited by electronic fund transfer into the person's account at the financial institution of his or her choice under a program for direct deposit by electronic transfer established pursuant to Section 20213. The direct deposit shall discharge the state agency's obligation in respect to that payment.

SEC. 2. Section 20213 is added to the Government Code, to read:

20213. The Controller may make an agreement with one or more financial institutions participating in the Automated Clearing House pursuant to the local rules, and may establish a program, for the direct deposit by electronic fund transfer of the benefits, after any withholding required by law and authorized deductions, of any person entitled to the receipt of benefits from any state retirement system who authorizes the direct deposit thereof by electronic fund transfer into the person's account at the financial institution of his or her choice.

If the Controller does not make an agreement establishing a program for direct deposit by electronic fund transfer of the retirement benefits, the administrative body of any state retirement system may make such an agreement.

SEC. 3. This act shall become operative on January 1, 1987.

CHAPTER 994

The people of the State of California do enact as follows:

SECTION 1. Article 2.7 (commencing with Section 65870) is added to Chapter 4 of Division 1 of Title 7 of the Government Code, to read:

Article 2.7. Covenants for Easement

65870. Any city or county may adopt an ordinance for the imposition of covenants pursuant to this article.

65871. (a) In addition to any other method for the creation of an easement, an easement may be created pursuant to an ordinance adopted implementing this article, by a recorded covenant of easement made by an owner of real property to the city or county. An easement created pursuant to this article may be for parking, ingress, egress, emergency access, light and air access, landscaping, or open-space purposes.

(b) At the time of recording of the covenant of easement, all the real property benefited or burdened by the covenant shall be in common ownership. The covenant shall be effective when recorded and shall act as an easement pursuant to Chapter 3 (commencing with Section 801) of Title 2 of Part 2 of Division 2 of the Civil Code, except that it shall not merge into any other interest in the real property. Section 1104 of the Civil Code shall be applicable to conveyance of the affected real property.

(c) A covenant of easement recorded pursuant to this section shall describe the real property to be subject to the easement and the real property to be benefited thereby. The covenant of easement shall also identify the approval, permit, or designation granted which relied upon or required the covenant.

(d) A covenant executed pursuant to this section shall be enforceable by the successors in interest to the real property benefited by the covenant.

65873. The covenant of easement shall be recorded in the county where all or a portion of the restricted property is located and shall contain a legal description of the real property and be executed by the owner of the real property. From and after the time of its recordation, the covenant shall impart notice thereof to all persons to the extent afforded by the recording laws of this state. Upon recordation, the burdens of the covenant shall be binding upon, and the benefits of the covenant shall inure to, all successors in interest to the real property.

65874. (a) The ordinance adopted pursuant to Section 65870 shall provide a procedure for the release of the covenant. The procedure shall require a public hearing by the agency designated by the ordinance for that purpose. The hearing shall be held at the request of any person whether or not that person has title to the real property.

(b) Upon a determination that the restriction of the property is no longer necessary to achieve the land use goals of the city or county, a release shall be recorded by the city or county in the county where the restricted property is located.

(c) The ordinance may provide for the imposition of fees to recover the reasonable costs of processing the release from those persons requesting the release pursuant to this section.

65875. Nothing in this article shall create in any person other than the city or county and the owner of the real property burdened or benefited by the covenant standing to enforce or to challenge the covenant or any amendment thereto or release therefrom.

CHAPTER 997

An act to amend Section 48321 of, and to add Section 48321.5 to, the Education Code, relating to school attendance.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 48321 of the Education Code is amended to read:

community-based youth service centers, and (7) school guidance personnel. The school district representatives on the county school attendance review board shall be nominated by the governing boards of school districts and shall be appointed by the county superintendent of schools. All other persons and group representatives shall be appointed by the county board of education.

Where a county school attendance review board exists, the county superintendent of schools shall, at the beginning of each school year, convene a meeting of the county school attendance review board for the purpose of adopting plans to promote interagency and community cooperation and to reduce the duplication of services provided to youth who have serious school attendance and behavior problems.

(b) Local school attendance review boards may include, but need not be limited to, a parent and representatives of (1) school districts, (2) the county probation department, (3) the county welfare department, and (4) the county superintendent of schools, (5) law enforcement agencies, (6) community-based youth service centers, and (7) school guidance personnel. Other persons or group representatives shall be appointed by the county board of education.

(c) The county school attendance review board may elect pursuant to regulations adopted pursuant to Section 48324, one member as chairman with responsibility for coordinating services of the county school attendance review board.

(d) The county school attendance review board may provide for the establishment of local school attendance review boards in any number as shall be necessary to carry out the intent of this article.

(e) In any county in which there is no county school attendance review board, a school district governing board may elect to establish a local school attendance review board, which shall operate in the same manner and have the same authority as a county school attendance review board.

(f) The county school attendance review board may provide consultant services to, and coordinate activities of, local school attendance review boards in meeting the special needs of pupils with school attendance or school behavior problems.

(g) When the county school attendance review board determines that the needs of pupils as defined in this article can best be served by a single board, the county school attendance review board may then serve as the school attendance review board for all pupils in the county, or, upon the request of any school district in the county, the county school attendance review board may serve as the school attendance review board for pupils of that district.

(h) Nothing in this article is intended to prohibit any agreement on the part of counties to provide such services on a regional basis.

SEC. 2. Section 48321.5 is added to the Education Code, to read:

48321.5. In every case in which a minor pupil has been referred to it under Section 48263, each county school attendance review board may, for the purpose of making a proper disposition of the

(1) The minor.

(2) The minor's parents, guardians, or other person having control of the minor.

(3) The school authority referring the minor.

(4) Any other person the county school attendance review board may require as a witness in the matter.

The juvenile court may issue subpoenas requiring the attendance of witnesses or the production of pertinent or material written materials, subject to Section 1985 of the Code of Civil Procedure.

The juvenile court shall not have jurisdiction to order detention in any secure facility or other confinement for failure to comply with a subpoena issued pursuant to this section.

SEC. 3. On or before December 31, 1987, the State Department of Education shall conduct an evaluation and shall submit a report to the Legislature regarding the effectiveness of county school attendance review boards in dealing with pupils with severe school attendance or behavior problems. The evaluation and report, to the extent feasible, shall also address the effectiveness of alternative programs for dealing with school attendance problems and shall compare their effectiveness to that of county school attendance review boards.

SEC. 4. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund. However, only the single annual meeting of a county school attendance review board required pursuant to subdivision (a) of Section 48321 of the Education Code shall be reimbursable pursuant to this section. The costs of any other optional meetings or activities of a county school attendance review board shall be borne by the county superintendent of schools.

The resolution shall state the full name and place of residence and the business or occupation of the person so appointed and the fact that he or she is a citizen of the State of California and shall also designate the number of the badge to be allotted to the officer.

(b) The society shall recommend any appointee to the judge of the superior court in and for the county or city and county in which the appointee resides, and shall deliver to the judge a copy of the resolution appointing the person, duly certified to be correct by the president and secretary of the corporation and attested by its seal, together with the fingerprints of the appointee taken on standard 8 x 8-inch cards, and proof of the society's proper incorporation in compliance with Part 9 (commencing with Section 10400) of Division 2 of the Corporations Code.

(c) The judge shall send a copy of the resolution, together with the fingerprints of the appointee, to the Department of Justice, which shall thereupon submit to the judge, in writing, a report of the record in its possession, if any, of the appointee. If the Department of Justice has no record of the appointee, it shall so report to the judge in writing.

(d) Upon receipt of the report the judge shall review the matter of the appointee's qualifications and fitness to act as a humane officer and, if he or she reaffirms the appointment, shall so state on a court order confirming the appointment. The appointee shall thereupon file a certified copy of the reviewed court order in the office of the county clerk of said county or city and county and shall at the same time take and subscribe the oath of office prescribed for constables or other peace officers.

(e) The county clerk shall thereupon immediately enter in a book to be kept in his or her office and designated "Record of Humane Officers" the name of the officer, the number of his or her badge, the name of the judge appointing him or her and the date of the filing. (f) All appointments of humane officers shall automatically expire if the society disbands or legally dissolves. In addition, all appointments of humane officers shall automatically expire within three years from the date on which the certified copy of the court order was filed with the county clerk. Officers whose appointments are about to expire may only be reappointed in the same manner as hereinbefore provided for new appointments.

(g) The corporation appointing an officer may revoke an

appointment at any time by filing in the office of the county clerk in which the appointment of the officer is recorded a copy of the revocation in writing under the letterhead of such corporation and duly certified by its executive officer. Upon the filing the county clerk shall enter the fact of the revocation and the date of the filing thereof opposite the name of the officer in the record of humane officers.

(h) On and after January 1, 1986, all humane officers, except those who have been a humane officer for 9 years or more, shall, within one year of appointment or reappointment, provide evidence satisfactory to the society that he or she has successfully completed courses of training, either provided or approved by the society, in the following subjects:

(i) Humane officers after qualifying as above provided, shall have power at all places within the state lawfully to interfere to prevent the perpetration of any act of cruelty upon any dumb animal and may use such force as may be necessary to prevent the same and to that end may summon to their aid any bystander. They may make arrests for the violation of any penal law of this state relating to or affecting animals in the same manner as a constable or other peace officer. Except as otherwise provided by this section, a humane officer shall serve only in the county in which he or she is appointed. A humane officer may serve in a county other than that in which he or she is appointed only if he or she first informs the sheriff of the county that he or she intends to serve in that county. A humane officer is authorized to carry weapons while engaged in his or her duties as a humane officer, upon satisfactory completion of training, as approved by the Commission on Peace Officer Standards and Training, in the use of weapons.

Any person resisting a humane officer in the performance of his or her duty as provided in this section, is guilty of a misdemeanor. [Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 56161 of the Education Code is amended to read:

56161. Individuals with exceptional needs served under this article shall not be subject to subdivision (a) of Section 56760 and the deficit provisions prescribed by Article 10 (commencing with Section 56790) of Chapter 7. In addition, if available funds are insufficient to fully fund entitlements pursuant to Article 10 (commencing with Section 41850) of Chapter 5 of Part 24, no deficit shall be applied to the portion of the entitlements for services to individuals prescribed in Section 56155. However, those pupils and appropriate instructional personnel units required to provide educational services to those pupils, shall be included in the computations prescribed in Section 56728.5.

SEC. 2. Section 56728.5 of the Education Code is amended to read:

56728.5. As a condition of receiving state aid pursuant to this chapter, a district or county office of education shall report in April of each year, on forms provided for this purpose by the Superintendent of Public Instruction, the count of the number of pupils receiving special education services provided by the district

or county office in the spring semester. The report shall individually report the unduplicated count in special day classes, resource specialist programs, and designated instructional services, and shall distinguish between pupils residing in licensed children's institutions, foster family homes, residential medical facilities, other similar facilities, and all other pupils.

The Superintendent of Public Instruction shall collect, as necessary, data from school districts, county offices of education, and other public and private agencies having information on licensed children's institutions, foster family homes, residential medical facilities, and other similar facilities.

SEC. 3. Section 56728.6 of the Education Code, as added by Section 7 of Chapter 115 of the Statutes of 1985, is amended to read:

56728.6. (a) Notwithstanding subdivision (d) of Section 56760, in the 1985–86 fiscal year and each fiscal year thereafter, a special education local plan area shall be eligible for state funding of those instructional personnel service units operated and fundable for services to children three years of age or older at the second principal apportionment of the prior fiscal year, if the pupil count divided by the number of instructional personnel service units is equal to or greater than the following:

(1) For special classes and centers — 9, based on the unduplicated pupil count.

(2) For resource specialist programs — 21, based on the unduplicated pupil count.

(3) For designated instruction and services — 20, based on the unduplicated pupil count, or 39, based on the duplicated pupil count.

(b) Notwithstanding subdivision (d) of Section 56760, in the 1984–85 fiscal year and each fiscal year thereafter, a special education local plan area shall be eligible for state funding of instructional personnel service units for services to children three years of age or older in excess of the number of instructional personnel service units operated and fundable at the second principal apportionment of the prior fiscal year only with the authorization of the Superintendent of Public Instruction.

(1) The superintendent shall not authorize additional units for a special education local plan area if, for that special education local plan area, the percentage of pupils in kindergarten and grades 1 through 12 enrolled in special education programs, excluding pupils residing in licensed children's institutions, foster family homes, residential medical facilities, and other similar facilities, and pupils less than three years of age, would exceed 10 percent.

(2) The superintendent shall not authorize additional units for a special education local plan area if, for that special education local plan area, the ratio of pupils in kindergarten and grades 1 through 12 receiving a specific instructional service, excluding pupils residing in licensed children's institutions, foster family homes, residential medical facilities, and other similar facilities, and pupils less than three years of age, would exceed the following:

(A) For special classes and centers — 0.028.

(B) For resource specialist programs — 0.040.

(C) For designated instruction services — 0.042.

(3) The superintendent may authorize additional units for a special education local plan area only if the area's pupil-instructional personnel unit ratios, based on the unduplicated pupil count, meet or exceed the ratios specified in paragraphs (1), (2), and (3) of subdivision (a).

(c) The Superintendent of Public Instruction shall base the authorization of funding for special education local plan areas pursuant to this section, including the reallocation of instructional personnel service units, upon criteria that shall include, but not be limited to, all of the following:

(1) Changes in the total number of pupils enrolled in kindergarten and grades 1 through 12.

(2) High- and low-average caseloads per instructional personnel service unit for each instructional setting.

(3) Lower than average and higher than average percentages of pupils in kindergarten and grades 1 through 12 who are currently enrolled in special education programs.

(d) A special education local plan area may apply for, and the superintendent may grant, a waiver of any of the standards and criteria specified in this section if compliance would prevent the provision of a free, appropriate public education or would create undue hardship. In granting the waivers, the superintendent shall consider both of the following:

(1) Pupil density of 25 or fewer units of average daily attendance per square mile in local plan areas of 30,000 or fewer average daily attendance, or pupil density of 20 or fewer units of average daily attendance per square mile in local plan areas of more than 30,000 average daily attendance.

(2) The location of licensed children's institutions, foster family homes, residential medical facilities, and other similar facilities within the boundaries of a local plan if 3 percent or more of the local plan's unduplicated pupil count resides in those facilities.

(e) For the purpose of this section, a special education local plan area may apply for, and the superintendent may grant, a waiver of the standards specified in paragraph (2) of subdivision (b) if the waiver is programmatically justified.

Waivers granted under this subdivision shall include an authorization for additional instructional personnel service units for a special education local plan area meeting the criteria for emergency instructional personnel service units prescribed in Section 56776 or for special education local plan areas demonstrating an increased enrollment of students residing in licensed children's institutions, foster family homes, residential medical facilities, and other similar facilities requiring additional instructional personnel service units, or both.

(f) By authorizing units pursuant to this section, the

superintendent shall not increase the statewide total number of instructional personnel service units for purposes of state apportionments unless an appropriation specifically for growth in the number of instructional personnel service units is made in the annual Budget Act or other legislation. If that appropriation is made, units authorized by the superintendent pursuant to this subdivision that result in an increase in the statewide total number of instructional personnel service units are subject to the following restrictions:

(1) The units shall be funded only by such appropriation and no other funds may be apportioned for the units.

(2) All units shall be fully funded pursuant to Chapter 7 (commencing with Section 56700) of Part 30.

SEC. 4. Section 56775 of the Education Code is amended to read:

56775. For the 1980–81 fiscal year and each fiscal year thereafter, the superintendent shall apportion to each district and county superintendent providing programs pursuant to Article 5 (commencing with Section 56155) of Chapter 2 an amount equal to the difference, if any, between (1) the costs of contracts with nonpublic, nonsectarian schools to provide special education instruction, related services, or both, to pupils in licensed children's institutions, foster family homes, residential medical facilities, and other similar facilities funded under this chapter, and (2) the state and federal income received by the district or county superintendent for providing these programs. The sum of the excess cost, plus any state or federal income for these programs, shall not exceed the cost of contracts with nonpublic, nonsectarian schools to provide special education and related services for these pupils, as determined by the superintendent.

SEC. 5. Section 56775.5 is added to the Education Code, to read:

56775.5. The Superintendent of Public Instruction may reimburse each district and county office of education providing programs pursuant to Article 5 (commencing with Section 56155) of Chapter 2 for assessment and identification costs for pupils in licensed children's institutions, foster family homes, residential medical facilities, and other similar facilities who are placed in state-certified nonpublic, nonsectarian schools.

Actual costs under this section shall not include either administrative or indirect costs, or any proration of support costs.

The total amount reimbursed statewide under this section shall not exceed the amount appropriated for these purposes in any fiscal year. If the superintendent determines that this amount is insufficient to reimburse all claims, the superintendent shall prorate the deficiency among all districts or county offices submitting claims.

SEC. 6. Section 56776 is added to the Education Code, to read:

56776. (a) The superintendent shall establish and maintain an emergency fund for the purpose of providing relief to special education local plan areas when a licensed children's institution, foster family home, residential medical facility, or other similar

facility serving individuals with exceptional needs opens or expands in a special education local plan area during the course of the school year which impacts the special education local plan area, or when a pupil is placed in a facility for which no public or state-certified nonpublic program exists within the special education local plan area in which the pupil's individualized education program can be implemented during the course of the school year and impacts the educational program.

(b) The special education local plan area in which the impaction occurs shall be responsible for submitting a written request to the superintendent for emergency instructional personnel units. The written request shall, at a minimum, contain all of the following:

(1) Specific information on the new or expanded licensed children's institution, foster family home, residential medical facility, or other similar facility described in subdivision (a), including information on the new unserved or underserved pupils residing in the facility, or specific information relating to the new unserved or underserved pupils residing in those facilities.

(2) The identification of the steps undertaken demonstrating that no public special education program exists within the special education local plan area capable of programmatically meeting the needs of the identified pupils.

(3) A plan from the special education local plan area describing the services to be provided.

(4) A description of the number of emergency instructional personnel service units requested and their specific uses.

(c) The superintendent shall approve, modify, or disapprove the written request for emergency instructional personnel service units within 30 days of the receipt of the written request and shall notify the special education local plan area administrator, in writing, of the final decision.

(d) It is the intent of the Legislature that appropriations necessary to fund these emergency instructional personnel service units shall be included in the Budget Act for each fiscal year.

SEC. 7. Section 56777 is added to the Education Code, to read:

56777. In the 1986–87 fiscal year and each fiscal year thereafter, the superintendent shall determine the need in that fiscal year for the purposes for which funding was provided in the prior fiscal year pursuant to Section 56776.

If the need still exists in the current fiscal year, the permanent funding of the need shall be the first priority in the allocation of the instructional personnel service units from any appropriation for growth in instructional personnel service units, or from instructional personnel service units that were released by another special education local plan area pursuant to subdivision (a) of Section 56728.6. In the event that permanent funding for these units is not available in the current year, the units shall receive first priority for funding pursuant to Section 56776.

SEC. 8. Notwithstanding Provision 2 of Item 6100-161-890 of the

Budget Act of 1985, the sum of one million five hundred sixty-one thousand dollars ($1,561,000) shall be allocated for purposes of establishing and maintaining an emergency fund pursuant to Section 56776 of the Education Code.

SEC. 10. The sum of three hundred thousand dollars ($300,000) from the funds appropriated in Item 6100-161-001 of the Budget Act of 1985 is hereby reappropriated to the Superintendent of Public Instruction for purposes of assessment and identification costs for pupils residing in licensed children's institutions, foster family homes, residential medical facilities, and other similar facilities placed in nonpublic, nonsectarian schools for school districts and county offices of education pursuant to Section 56775 of the Education Code.

SEC. 11. Funds appropriated for the purposes of this act shall not be included within "the total amount of money allocated for public education in California," as that term is used in Section 8880.1 of the Government Code, as added by the California State Lottery Act of 1984.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for the reimbursement of claims for special education programs and the transportation of individuals with exceptional needs at the earliest possible time, it is necessary that this act take effect immediately.

These guidelines shall include, but need not be limited to, permitting assumption of department mortgage subsidies or permitting partial or total forgiveness of mortgage subsidies after a specified period of occupancy by eligible households. If a household receiving assistance sells to a household which is not an eligible household, the regulations shall provide for repayment of the mortgage subsidy and may provide for payment of interest on the mortgage subsidy. The guidelines shall also provide that, if the market value at the time of resale to either an eligible or ineligible household is less than the total of outstanding mortgages, liens, and the value of the self-help equity, the amount due in repayment of the mortgage subsidy shall be reduced by the difference between that total and the market value.

(e) Any assistance provided pursuant to this chapter shall be considered a purchase or rehabilitation loan for the purposes of Section 711.5 of the Civil Code.

The department may require the transfer of moneys in the fund to the Surplus Money Investment Fund for investment pursuant to Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. Notwithstanding Section 16305.7 of the Government Code, all interest, dividends, and pecuniary gains from the investments shall accrue to the fund.

(b) The Self-Help Housing Fund shall consist of all of the following:

(1) Any moneys appropriated to the fund by the Legislature.

(2) Any moneys which the California Self-Help Housing Program receives in repayment or return of the funds, including any interest on those moneys.

(3) Any other moneys which may be made available to the California Self-Help Housing Program for the purposes of subdivision (b) of Section 50696 from any other source or sources.

SEC. 10. Section 50786 of the Health and Safety Code is amended to read:

50786. (a) The department shall adopt regulations for the

administration and implementation of this chapter.

(b) The department shall obtain the best available security for loans made pursuant to this chapter. The security may include a note, deed of trust, assignment of lease, or other form of security on real or personal property which the department determines is adequate to protect the interests of the state. To the extent applicable, these documents and any regulatory provisions shall be recorded or referenced in a recorded document in the office of the county recorder of the county in which the mobilehome park is located.

(c) The degree of continuing regulatory control with respect to park operations and resident loans exercised by the department in making loans pursuant to this chapter shall be commensurate with the level of financial assistance provided and in all cases shall be adequate to protect the state's security interest and assure the accomplishment of the purposes of the program authorized by this chapter. The regulatory requirements shall be set forth in a regulatory agreement, deed of trust, or other lien, and any violation of these requirements shall be considered a violation of a security document.

(d) Before providing financing pursuant to this chapter, the department shall require provision of, and approve, at least the following:

(1) Verification that at least two-thirds of the households residing in the mobilehome park support the plans for acquisition and conversion of the park.

(2) Verification that either no park residents will be involuntarily displaced as a result of the park conversion or the impacts of the displacement will be mitigated as required under state and local law.

(3) Verification that the conversion is consistent with local zoning and land use requirements, other applicable state and local laws, and regulations and ordinances.

(4) Projected costs and sources of funds for all conversion activities.

(5) Projected operating budget for the park during and after the conversion.

(6) A management plan for the conversion and operation of the park.

(7) If necessary, a relocation plan for residents not participating which is in compliance with Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 of the Government Code.

(e) The department shall, to the greatest extent feasible, do both of the following:

(1) Require participation by cities and counties in loan applications submitted pursuant to this chapter.

2. Of the amounts appropriated by this item, $3,000,000 shall be for deposit in the Housing Rehabilitation Loan Fund, for acquiring and rehabilitating residential hotels pursuant to paragraph (2) of subdivision (a) of Section 50661 of the Health and Safety Code.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

There is an immediate need for implementation by the Department of Housing and Community Development of the California Self-Help Housing Program and the mobilehome park acquisition programs. However, prior to implementation of these programs, revisions which are provided for in this act must be incorporated into the enabling legislation for both of those programs. In addition, there is an immediate need to ensure that persons providing architectural or engineering services to the so-called Century Freeway Housing Program are eligible for indemnification by the department in order to ensure the effective operation of that program. It is, therefore, necessary for this act to take effect immediately.

CHAPTER 1002

An act to amend Section 8392 of, to add Section 8624 to, and to add and repeal Section 8681.5 of, the Fish and Game Code, relating to commercial fishing, and making an appropriation therefor.

[Approved by Governor September 25, 1985. Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 8392 of the Fish and Game Code is amended to read:

8392. (a) No California halibut may be taken, possessed, or sold

which measures less than 22 inches in total length, unless it weighs four pounds or more in the round, three and one-half pounds or more dressed with the head on, or three pounds or more dressed with the head off. Total length means the shortest distance between the top of the jaw or snout, whichever extends farthest while the mouth is closed, and the tip of the longest lobe of the tail, measured while the halibut is lying flat in natural repose, without resort to any force.

(b) The holder of a commercial fishing license may possess during one day for noncommercial use not more than four California halibut of less than 22 inches in total length or less than the minimum weights specified in subdivision (a) if taken incidentally in commercial fishing.

SEC. 2. Section 8624 is added to the Fish and Game Code, to read:

8624. (a) Set gill nets and trammel nets with mesh size of not less than 8½ inches may be used to take California halibut in ocean waters between a line extending due west magnetic from Ragged Point in San Luis Obispo County, and a line extending due west magnetic from Point Dume in Los Angeles County.

(b) No permittee operating under a gill net or trammel net permit issued pursuant to Section 8681 shall fish, in combination each day, more than 1,000 fathoms (6,000 feet) of set gill or trammel nets for California halibut in ocean waters between a line extending due west magnetic from Ragged Point in San Luis Obispo County and a line extending due west magnetic from Point Dume in Los Angeles County.

(c) This section shall become operative on August 15, 1986.

SEC. 3. Section 8681.5 is added to the Fish and Game Code, to read:

8681.5. (a) Until January 1, 1990, the department shall issue no new gill net or trammel net permits under Section 8681, except to those persons who applied prior to January 1, 1986, to take the examination for a gill and trammel net permit issued pursuant to Section 8681 and who pass the examination. However, the department may renew an existing, valid permit issued under Section 8681, under regulations adopted pursuant to Section 8682 and upon payment of the fee prescribed under Section 8683.

(b) Notwithstanding subdivision (a) or Section 8681, any person who has an existing, valid permit issued pursuant to Section 8681, and presents to the department satisfactory evidence that he or she has taken and landed fish for commercial purposes in at least 15 of the preceding 20 years, may transfer that permit to any person otherwise qualified under the regulations adopted pursuant to Section 8682 upon payment of the fee prescribed under Section 8683.

(c) The fee collected by the department for the transfer of a gill and trammel net permit issued pursuant to Section 8682 shall not exceed the cost of the permit fee as prescribed under Section 8683.

(d) Any active participant who becomes disabled in such a manner that he or she can no longer earn a livelihood from commercial fishing may transfer his or her permit as provided under

this section.

(e) On or before January 1, 1989, the department shall prepare and submit to the Legislature a report assessing the need for recommending a limited entry program for permits to use gill nets or trammel nets for commercial fishing purposes.

(f) If the moratorium set forth in subdivision (a) is extended by a later enacted statute, all provisions of this section shall also be so extended.

(g) This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1003

An act to add Sections 1356 and 1368 to the Civil Code, relating to common-interest subdivisions.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1356 is added to the Civil Code, to read:

1356. (a) If in order to amend a declaration, the declaration requires owners having more than 50 percent of the votes in the association, in a single class voting structure, or owners having more than 50 percent of the votes in more than one class in a voting structure with more than one class, to vote in favor of the amendment, the association, or any owner of a separate interest, may petition the superior court of the county in which the common interest development is located for an order reducing the percentage of the affirmative votes necessary for such an amendment. The petition shall describe the effort that has been made to solicit approval of the association members in the manner provided in the declaration, the number of affirmative and negative votes actually received, the number or percentage of affirmative votes required to effect the amendment in accordance with the existing declaration, and other matters the petitioner considers relevant to the court's determination. The petition shall also contain, as exhibits thereto, copies of all of the following:

(1) The governing documents.

(2) A complete text of the amendment.

(3) Copies of any notice and solicitation materials utilized in the solicitation of owner approvals.

(4) A short explanation of the reason for the amendment.

(5) Any other documentation relevant to the court's determination.

(b) Upon filing the petition, the court shall set the matter for hearing and issue an ex parte order setting forth the manner in which notice shall be given.

(c) The court may, but shall not be required to, grant the petition if it finds all of the following:

(1) The petitioner has given not less than 15 days written notice of the court hearing to all members of the association, to any mortgagee of a mortgage or beneficiary of a deed of trust who is entitled to notice under the terms of the declaration, and to the city, county, or city and county in which the common interest development is located that is entitled to notice under the terms of the declaration.

(2) Balloting on the proposed amendment was conducted in accordance with all applicable provisions of the governing documents.

(3) A reasonably diligent effort was made to permit all eligible members to vote on the proposed amendment.

(4) Owners having more than 50 percent of the votes, in a single class voting structure, voted in favor of the amendment. In a voting structure with more than one class, where the declaration requires a majority of more than one class to vote in favor of the amendment, owners having more than 50 percent of the votes of each class required by the declaration to vote in favor of the amendment voted in favor of the amendment.

(5) The amendment is reasonable.

(6) Granting the petition is not improper for any reason stated in subdivision (e).

(d) If the court makes the findings required by subdivision (c), any order issued pursuant to this section may confirm the amendment as being validly approved on the basis of the affirmative votes actually received during the balloting period or the order may dispense with any requirement relating to quorums or to the number or percentage of votes needed for approval of the amendment that would otherwise exist under the governing documents.

(e) Subdivisions (a) to (d), inclusive, notwithstanding, the court shall not be empowered by this section to approve any amendment to the declaration that:

(1) Would change provisions in the declaration requiring the approval of owners having more than 50 percent of the votes in more than one class to vote in favor of an amendment, unless owners having more than 50 percent of the votes in each affected class approved the amendment.

(2) Would eliminate any special rights, preferences, or privileges designated in the declaration as belonging to the declarant, without

the consent of the declarant.

(3) Would impair the security interest of a mortgagee of a mortgage or the beneficiary of a deed of trust without the approval of the percentage of the mortgagees and beneficiaries specified in the declaration, if the declaration requires the approval of a specified percentage of the mortgagees and beneficiaries.

(f) An amendment is not effective pursuant to this section until the court order and amendment have been recorded in every county in which a portion of the common interest development is located. The amendment may be acknowledged by, and the court order and amendment may be recorded by, any person designated in the declaration or by the association for that purpose, or if no one is designated for that purpose, by the president of the association. Upon recordation of the amendment and court order, the declaration, as amended in accordance with this section, shall have the same force and effect as if the amendment were adopted in compliance with every requirement imposed by the governing documents.

(g) Within a reasonable time after the amendment is recorded the association shall mail a copy of the amendment to each member of the association, together with a statement that the amendment has been recorded.

SEC. 2. Section 1368 is added to the Civil Code, to read:

1368. (a) The owner of a separate interest shall, as soon as practicable before transfer of title or execution of a real property sales contract therefor, as defined in Section 2985, provide the following to the prospective purchaser:

(2) A copy of the most recent financial statement distributed pursuant to Section 1365.

(3) A true statement in writing from an authorized representative of the association as to the amount of any assessments levied upon the owner's interest in the common interest development which are unpaid on the date of the statement. The statement shall also include true information on late charges, interest, and costs of collection which, as of the date of the statement, are or may be made a lien upon the owner's interest in the common interest development pursuant to Section 1367.

(b) Upon written request, an association shall, within 10 days of the mailing or delivery of the request, provide the owner of a separate interest with a copy of the requested items specified in paragraphs (1), (2), and (3) of subdivision (a). The association may charge a fee for this service, which shall not exceed the association's reasonable cost to prepare and reproduce the requested items.

(c) Any person or entity who willfully violates this section shall be liable to the purchaser of a separate interest which is subject to this section for actual damages occasioned thereby and, in addition, shall pay a civil penalty in an amount not to exceed five hundred dollars ($500). In an action to enforce this liability, the prevailing party shall

be awarded reasonable attorneys' fees.

(d) Nothing in this section affects the validity of title to real property transferred in violation of this section.

(e) In addition to the requirements of this section, an owner transferring title to a separate interest shall comply with applicable requirements of Sections 1133 and 1134.

SEC. 3. Sections 1 and 2 of this act shall become operative only if this bill and Assembly Bill No. 314 of the 1985–86 Regular Session are both enacted and become effective on January 1, 1986, Assembly Bill No. 314 adds Sections 1356 and 1368 to the Civil Code, and this bill is enacted after Assembly Bill No. 314, in which case Sections 1356 and 1368 of the Civil Code, as added by Assembly Bill No. 314, shall not be operative.

If the director finds that a favorable vote has been given, he or she shall so certify and all provisions of this chapter shall remain effective. If the director finds that a favorable vote has not been given, he or she shall so certify and declare the operation of the provisions of this chapter and the commission suspended upon expiration of the marketing season ending December 31, 1990. The director shall, upon receipt of the recommendation, or may, after a public hearing to review a petition filed with him or her requesting the suspension, signed by 20 percent of the producers by number who produced not less than 20 percent of the volume in the immediately preceding season, cause a referendum to be conducted among the producers to determine if the operation of this chapter shall be suspended. However, the director shall not cause a referendum to be conducted as a result of the petition unless the petitioner shows by the weight of evidence that the operation of this chapter has not tended to effectuate its declared purposes. The director shall establish a referendum period, which shall not be less than 10 nor more than 60 days in duration. The director may prescribe any additional procedures that may be necessay to conduct the referendum. The signatures to the petition requesting the termination need not all be appended to one sheet of paper. Each person signing the petition shall add to his or her signature his or her place of business, giving the street and number. If no street and number exist, then a designation of the place of business shall be given which will enable the location to be readily ascertained.

(c) The petition shall bear a copy of the notice of intention. Signatures shall be secured within the time limit specified in this section.

SEC. 71. Section 76184 of the Food and Agricultural Code is amended to read:

76184. After the effective date of suspension of the operation of this chapter, the operations of the commission shall be concluded and any and all moneys remaining held by the commission, collected by assessments and not required to defray the expenses of concluding and terminating operations of the commission, shall be returned upon a pro rata basis to all persons from whom assessments were collected in the immediately preceding current marketing season. However, if the commission finds that the amounts so returnable are so small as to make impractical the computation and remitting of the pro rata refund to these persons, any such moneys remaining and any moneys remaining after payment of all expenses of winding up and terminating operations shall be withdrawn from the approved depository and paid into the University of California for continued research on cherries.

SEC. 72. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 73. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

SECTION 1. Section 4138 is added to the Welfare and Institutions Code, to read:

4138. (a) It is the intent of the Legislature that beds in state hospitals serving mentally disordered persons be allocated to local programs for the mentally disordered in a reasonable manner that takes needs into consideration, particularly the needs of certain counties with limited population, financial resources, and capacity for providing secured care.

(b) For a county with a population of 150,000 or less as recorded in the 1980 federal census and if the conditions in subdivisions (d) and (e) are met, up to two patients utilizing state hospital days for two years or more under conservatorship shall not apply towards that county's allocation of state hospital days, except that no conservatee shall remain in the state hospital solely to qualify for this exception.

(c) Funding for this section shall be from the appropriation for state hospital beds for the mentally disordered in the annual Budget Act.

(d) To be eligible to participate in the provisions of subdivision (b), the county shall submit a plan to the Director of Mental Health showing how the county intends to develop, or cause to be developed, local or regional community alternatives for the treatment and security of all or any of that county's mental health patients who are either currently state hospital residents or who meet state hospital admission criteria.

(e) Prior to a conservatee becoming eligible for the exception set forth in subdivision (b), a determination shall be made jointly by the county and the department that placement in a state hospital is clinically appropriate.

Written notification to the county mental health director by the department specifying reasons for department opposition to an exception shall be made.

This section shall remain in effect only until January 1, 1989, and on that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1989, deletes or extends that date.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 65354.5 is added to the Government Code, to read:

65354.5. (a) A city or county with a planning agency, other than the legislative body itself, which has the authority to consider and recommend the approval, conditional approval, or disapproval of a proposed amendment to a general plan, shall establish procedures for any interested party to file a written request for a hearing by the legislative body with its clerk within five days after the planning agency acts on the proposed amendment. Notice of the hearing shall be given pursuant to Section 65090.

(b) The legislative body may establish a fee to cover the cost of establishing the procedures and conducting the hearing pursuant to subdivision (a). The legislative body shall impose the fee pursuant to Chapter 13 (commencing with Section 54990) of Part 1 of Division 2 of Title 5.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 1007

An act to amend Section 22651 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 22651 of the Vehicle Code is amended to read:

22651. Any peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code; or any regularly employed and salaried employee, who is engaged in directing traffic or enforcing parking laws and regulations, of a city or a county in which a vehicle is located may remove a vehicle from

a highway located within the territorial limits in which the officer or employee may act under any of the following circumstances:

(a) When any vehicle is left unattended upon any bridge, viaduct, or causeway or in any tube or tunnel where the vehicle constitutes an obstruction to traffic.

(b) When any vehicle is parked or left standing upon a highway in a position so as to obstruct the normal movement of traffic or in a condition so as to create a hazard to other traffic upon the highway.

(c) When any vehicle is found upon a highway and a report has previously been made that the vehicle has been stolen or a complaint has been filed and a warrant thereon issued charging that the vehicle has been embezzled.

(d) When any vehicle is illegally parked so as to block the entrance to a private driveway and it is impractical to move the vehicle from in front of the driveway to another point on the highway.

(e) When any vehicle is illegally parked so as to prevent access by firefighting equipment to a fire hydrant and it is impracticable to move the vehicle from in front of the fire hydrant to another point on the highway.

(f) When any vehicle, except any highway maintenance or construction equipment, is stopped, parked, or left standing for more than four hours upon the right-of-way of any freeway which has full control of access and no crossings at grade and the driver, if present, cannot move the vehicle under its own power.

(g) When the person or persons in charge of a vehicle upon a highway are by reason of physical injuries or illness incapacitated to an extent so as to be unable to provide for its custody or removal.

(h) When an officer arrests any person driving or in control of a vehicle for an alleged offense and the officer is, by this code or other law, required or permitted to take, and does take, the person arrested before a magistrate without unnecessary delay.

(i) When any vehicle registered in a foreign jurisdiction or without a current California registration is found upon a highway and it is known to have been issued five or more notices of parking violation over a period of five or more days, to which the owner or person in control of the vehicle has not responded, the vehicle may be impounded until that person furnishes to the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located and satisfactory evidence that bail has been deposited for all notices of parking violation issued for the vehicle. A notice of parking violation issued to the vehicle shall be accompanied by a warning that repeated violations may result in the impounding of the vehicle. In lieu of requiring satisfactory evidence that the bail has been deposited, the impounding law enforcement agency may, in its discretion, issue a notice to appear for the offenses charged, as provided in Article 2 (commencing with Section 40500) of Chapter 2 of Division 17. In lieu of either furnishing satisfactory evidence that the bail has been

deposited or accepting the notice to appear, that person may demand to be taken without unnecessary delay before a magistrate within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is impounded. Evidence of current registration shall be produced after a vehicle has been impounded or a notice to appear for violation of subdivision (a) of Section 4000 shall be issued to that person.

(j) When any vehicle is found illegally parked and there are no license plates or other evidence of registration displayed, the vehicle may be impounded until the owner or person in control of the vehicle furnishes the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located.

(k) When any vehicle is parked or left standing upon a highway for 72 or more consecutive hours in violation of a local ordinance authorizing removal.

(*l*) When any vehicle is illegally parked on a highway in violation of any local ordinance forbidding standing or parking and the use of a highway, or a portion thereof, is necessary for the cleaning, repair, or construction of the highway, or for the installation of underground utilities, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(m) Wherever the use of the highway, or any portion thereof, is authorized by local authorities for a purpose other than the normal flow of traffic or for the movement of equipment, articles, or structures of unusual size, and the parking of any vehicle would prohibit or interfere with that use or movement, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(n) Whenever any vehicle is parked or left standing where local authorities, by resolution or ordinance, have prohibited parking and have authorized the removal of vehicles. No vehicle may be removed unless signs are posted giving notice of the removal.

(o) When any vehicle is found upon a highway with a registration expiration date in excess of one year before the date it is found on the highway. Only a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, may remove a vehicle from a highway pursuant to this subdivision. For purposes of this subdivision, the vehicle shall be released to the owner or person in control of the vehicle only after the owner or person furnishes the storing law enforcement agency with proof of current registration. In lieu of obtaining proof of current registration, the storing agency may, in its discretion, issue a notice to appear for the registration violation.

(p) When the peace officer issues the driver of a vehicle a notice

to appear for a violation of Section 12500, 14601, 14601.1, or 14601.2 and there is no passenger in the vehicle who has a valid driver's license and authorization to operate the vehicle. Any vehicle so removed from the highway shall not be released to the registered owner or his or her agent except upon presentation of the registered owner's or his or her agent's currently valid driver's license to operate the vehicle or upon order of a court.

CHAPTER 1009

An act to add Article 1.4 (commencing with Section 17511) to Chapter 1 of Part 3 of Division 7 of the Business and Professions Code, relating to sales.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The people of the State of California do enact as follows:

SECTION 1. Article 1.4 (commencing with Section 17511) is added to Chapter 1 of Part 3 of Division 7 of the Business and Professions Code, to read:

Article 1.4. Telephonic Sellers

17511. (a) The Legislature finds and declares that the widespread use of telephone solicitors to initiate sales of goods, real property, and investment opportunities has created numerous problems for purchasers and investors which are inimical to good business practices. Telephonic sales have a significant impact upon the economy and well-being of this state and its local communities. However, purchasers have suffered substantial losses because of (1) misrepresentations, (2) lack of full and complete information regarding both the telephonic seller and the goods and investments the telephonic seller is offering, and (3) failure of delivery. The provisions of this article relating to telephonic sellers are necessary for the public welfare.

(b) It is the intent of the Legislature in enacting this article to (1) provide each prospective telephonic sales purchaser with information necessary to make an intelligent decision regarding the offer made, (2) safeguard the public against deceit and financial hardship, (3) insure, foster, and encourage competition and fair dealings among telephonic sellers by requiring adequate disclosure, and (4) prohibit representations that tend to mislead. This article shall be construed liberally in order to achieve these purposes.

17511.1. As used in this article, "telephonic seller" or "seller" means a person who, on his or her own behalf or through salespersons or through the use of an automatic dialing-announcing device, as defined in Section 2871 of the Public Utilities Code, causes a telephone solicitation or attempted telephone solicitation to occur which meets the criteria specified in subdivision (a) or (b) and who is not exempted by subdivision (c), as follows:

(a) A telephone solicitation or attempted telephone solicitation wherein the telephonic seller initiates telephonic contact with a prospective purchaser and represents or implies one or more of the following:

(1) That a prospective purchaser who buys one or more items will

also receive additional or other items, whether or not of the same type as purchased, without further cost. For purposes of this subdivision, "further cost" does not include actual postage or common carrier delivery charges, if any.

(2) That a prospective purchaser will receive a prize or gift, if the person also encourages the prospective purchaser to do either of the following:

(A) Purchase or rent any goods or services.

(B) Pay any money, including, but not limited to, a delivery or handling charge.

(3) That a prospective purchaser who buys office equipment or supplies will, because of some unusual event or imminent price increase, be able to buy these items at prices which are below those that are usually charged or will be charged for the items.

(4) That the seller is a person other than the person he or she is.

(5) That the items for sale are manufactured or supplied by a person other than the actual manufacturer or supplier.

(6) That the seller is offering to sell the prospective purchaser any gold, silver, or other metals, diamonds, rubies, sapphires, or other stones, coal or other minerals, or any interest in oil, gas, or mineral fields, wells, or exploration sites.

(b) A solicitation or attempted solicitation which is made by telephone in response to inquiries generated by advertisements on behalf of the telephonic seller wherein it is represented or implied that the seller is offering to sell to the prospective purchaser any gold, silver, or other metals, diamonds, rubies, sapphires, or other stones, coal or other minerals, or any interest in oil, gas, or mineral fields, wells, or exploration sites.

(c) For purposes of this article, "telephonic seller" or "seller" does not include any of the following:

(1) A person selling a security which has been qualified for sale by the Department of Corporations pursuant to Division 1 (commencing with Section 25000) of Title 4 of the Corporations Code, or which is exempt under Chapter 1 (commencing with Section 25100) of Part 2 of Division 1 of Title 4 of the Corporations Code from the necessity to qualify.

(3) A person licensed pursuant to Chapter 9 (commencing with Section 7000) of Division 3, when the solicited transaction is governed by that law.

(4) A person licensed or certificated pursuant to Part 2 (commencing with Section 680) of Division 1 of the Insurance Code, including a person licensed pursuant to Chapter 5 (commencing with Section 1621) thereof, when the solicited transaction is governed by that law.

(5) A person soliciting the sale of a franchise which is registered pursuant to Division 5 (commencing with Section 31000) of Title 4

of the Corporations Code with the Department of Corporations or is exempt under Chapter 1 (commencing with Section 31100) of Part 2 of Division 5 of Title 4 of the Corporations Code from the necessity of registering.

(6) A person soliciting the sale of a seller assisted marketing plan, as defined in Title 2.7 (commencing with Section 1812.200) of Part 4 of Division 3 of the Civil Code, who has filed with the Secretary of State the documents required by Section 1812.203 of the Civil Code.

(8) A person soliciting business from prospective purchasers who have previously purchased from the person making the solicitation or the business enterprise for which the person is calling.

(16) An issuer or subsidiary of an issuer that has a class of securities which is subject to Section 12 of the Securities Exchange Act of 1934 (15 U.S.C. Sec. 781) and which is either registered or exempt from registration under paragraph (A), (B), (C), (E), (F), (G), or (H) of

subsection (g) of that section.

(17) A person soliciting exclusively the sale of telephone answering services to be provided by that person or that person's employer.

17511.2. As used in this article, the following terms have the following meanings:

(a) "Department" means the Department of Justice.

(g) "Salesperson" means any individual employed, appointed or authorized by a telephonic seller, whether referred to by the telephonic seller as an agent, representative, or independent contractor, who attempts to solicit or solicits a sale on behalf of the telephonic seller. The principals of a seller are themselves salespersons if they solicit sales on behalf of the telephonic seller.

17511.3. (a) Not less than 10 days prior to doing business in this state, a telephonic seller shall register with the department by filing with the Consumer Law Section of the department the information required by Section 17511.4 and a filing fee of fifty dollars ($50). If the seller has more than one business location, the written confirmation shall be sent to the principal business location identified in the seller's filing in sufficient number so that the seller has one for each business location. The seller shall post the confirmation of receipt of filing, within 10 days of receipt thereof, in a conspicuous place at each of the seller's business locations. Until confirmation of receipt of filing is received and posted, the seller shall post in a conspicuous place at each of the seller's business locations within this state a copy of the first page of the registration form sent to the department.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

(2) Is, includes, or is secured by a mortgage, deed of trust, or other instrument constituting a lien or charge on real estate and any improvements thereon. However, if the mortgage, deed or trust, or other instrument constituting a lien or charge on real estate is upon real estate, the primary improvement on which is a residential building, a condominium unit or other building designed, in each case, for occupancy by one or more families that insurer shall not insure any such obligation unless there is adequate mortgage or mortgage guaranty insurance covering the obligation. The commissioner may prescribe standards as to the mortgage or mortgage guaranty risk which may be undertaken in connection with those obligations. In prescribing the standards, the commissioner shall give due consideration to the market availability of insurance covering the risks, the mortgage guaranty insurance coverage requirement of the national secondary market, and whether that coverage is reasonably available from admitted mortgage or admitted mortgage guaranty insurers.

(c) Insurance against loss resulting from the forgery or alteration of any instrument of any kind or character or of any signature thereon. Nothing in this paragraph shall be deemed to limit any of the powers of title insurers.

(d) Any of the following insurance when included as a part of contract containing any such guarantee of behavior or performance or in a contract indemnifying any bank, banker, broker, financial or moneyed corporation or association, any state, political subdivision, public or municipal corporation, or any officer of any state, political subdivision, public or municipal corporation: Insurance indemnifying the insured named therein against loss or destruction from any cause of any evidences of debt of any kind or character, evidences of ownership of any kind or character, deeds, mortgages, warehouse receipts, bills of lading, certificates of stock, bonds, notes, drafts, checks, instruments of similar character, stamps, documents, money, precious metals of any kind or character, refined or unrefined, and articles made therefrom, jewelry, watches, necklaces,

bracelets, gems and precious and semiprecious stones, and also against loss or damage, except by fire, to the insured's premises, furnishings, fixtures, equipment, safes and vaults therein caused by burglary, robbery, holdup, theft or larceny or attempt thereat. No such insurance indemnifying against loss of any property as specified herein shall indemnify against loss of any such property occurring while in the mail or in the exclusive custody or possession of a common carrier for the purpose of transportation, except for the purpose of transportation by an armored motor vehicle.

SEC. 2. Article 5 (commencing with Section 12100) is added to Chapter 1 of Part 4 of Division 2 of the Insurance Code, to read:

Article 5. Municipal Bond Insurance

12100. The definitions set forth in this section shall govern the construction of the terms used in this article but shall not affect any other sections of this code unless specifically referenced therein:

(a) "Municipal bond insurance" means insurance against financial loss by reason of nonpayment of principal, interest, or other payment obligations pursuant to the terms of municipal bonds.

(b) "Municipal bonds" means any security, or other instrument under which a payment obligation is created, issued by or on behalf of, or guaranteed by a state, territory, or possession of the United States of America, a municipality, or a political subdivision of any of the foregoing, or by any public agency or instrumentality thereof.

(c) "Contingency reserve" means an additional reserve account established for the protection of policyholders against the effect of adverse economic cycles.

(d) "Total liability" means the aggregate exposure written on all municipal bond policies on a gross basis which includes unpaid insured principal and unpaid insured interest due or to become due to maturity. "Total net liability" means the total liability net of reinsurance.

(e) "Affiliate" means an affiliate as defined in subdivision (a) of Section 1215.

12101. (a) An admitted insurer shall not transact the business of municipal bond insurance unless it is authorized to write the class of surety insurance set forth in Section 105, and has complied with all of the following requirements:

(1) Filed an application for qualification on a form prescribed by the commissioner accompanied by the applicant's proposed plan of operation, its financial condition, and any other information deemed appropriate by the commissioner.

(2) Paid a fee in advance of one thousand five hundred dollars ($1,500) to the department for the filing of the application.

(3) Received written qualification to transact municipal bond insurance from the commissioner.

(b) An insurer that anywhere issues contracts insuring municipal bonds is not eligible for a certificate of authority or continuation of

a certificate of authority to transact any insurance business in this state unless it complies with the requirements of this article. However, this subdivision shall not become operative until January 1, 1988, except that with regard to municipal bond insurance transacted in this state, any such insurer shall, on and after January 1, 1986, comply with the requirements of this article. The commissioner shall report to the Legislature no later than April 1, 1987, concerning the impact of this subdivision on municipal bond insurers.

(c) On and after January 1, 1986, any insurer seeking a certificate of authority to transact any class of insurance in this state shall comply with this article if that insurer transacts or is authorized to transact municipal bond insurance anywhere.

12102. The insurer shall establish a contingency reserve consisting of allocations from surplus of sums representing 50 percent of the earned premiums on policies insuring municipal bonds. Allocations to the contingency reserve made during each calendar year shall be maintained until the contingency reserve equals or exceeds 1 percent of the total net liability exclusive of unpaid insured interest. These allocations shall be maintained for a period of not less than 240 months and for such additional period of time that is necessary to achieve compliance with the requirement that the contingency reserve equal or exceed 1 percent. Notwithstanding the foregoing, withdrawals may be made by the insurer in any year in which, and to the extent that, the incurred losses exceed 35 percent of the earned premium thereon or as otherwise permitted by the commissioner. The contingency reserve shall be considered a separate liability and shall be reported as such in all statutory financial filings.

12103. The insurer may apply to the commissioner for release of a reasonable percentage of the contingency reserve upon demonstration that the amount carried is excessive in relation to the insurer's obligations under policies insuring municipal bonds. The filing fee for that application is five hundred dollars ($500).

12104. (a) All municipal bonds that are issued by a single issuer and secured by a single revenue source shall be considered "one issue" for purposes of this section. In no event shall the average annual amount due for unpaid insured principal and unpaid insured interest to maturity on insured securities of such issue, net of appropriate reinsurance, and collateral security as approved by the commissioner, exceed 7½ percent of the insurer's or reinsurer's combined capital and surplus and the contingency reserve required by Section 12102, as shown by its last annual statement on file in the office of the commissioner.

(b) In determining whether an insurer meets the limitations of this section, the average annual amount due for unpaid insured principal and unpaid insured interest to maturity on one issue insured by the insurer and its affiliates, in which the insurer has a direct or indirect investment, shall be aggregated, net of reinsurance

with nonaffiliates of the insurer and collateral security as approved by the commissioner. However, if the affiliate is not wholly owned directly or indirectly by the insurer, the amount of insured unpaid principal and insured unpaid interest on one issue shall be aggregated in the same percentage as the insurer's direct or indirect investment in the affiliate.

(c) The commissioner shall require payment in advance of five hundred dollars ($500) as a fee for the review and determination under subdivision (b) as to whether or not he or she will approve the use of that collateral security in connection with a single issue as applied for by the insurer. The commissioner shall require the payment of additional amounts from the requesting insurer as may be necessary to defray all costs including, but not limited to, appraisal, administrative, title verification, and legal fees, in excess of five hundred dollars ($500) incurred by the commissioner in making that determination.

12105. (a) In no event shall one-half of 1 percent of the insurer's or reinsurer's total net liability under policies of municipal bond insurance exceed the sum of its capital and surplus and the contingency reserve as required by Section 12102. In the event that one-half of 1 percent of the total net liability is in excess of the amount so computed, the insurer or reinsurer shall cease transacting any new municipal bond insurance or reinsurance until such time as its total net liability is brought into compliance with this section. The commissioner shall report to the Legislature concerning the progress of municipal bond insurers and reinsurers in meeting the requirements of this section no later than April 1, 1987. The requirements imposed by this section shall become operative on January 1, 1988. However, the commissioner may by notice delay that date to not later than January 1, 1989.

(b) In determining whether an insurer meets the limitations of this section, the total liability of the insurer's affiliates, in which the insurer has a direct or indirect investment, net of reinsurance with nonaffiliates of the insurer, shall be aggregated with the total net liability of the insurer. However, if the affiliate is not wholly owned directly or indirectly by the insurer, such total liability shall be aggregated in the same percentage as the insurer's direct or indirect investments in the affiliate.

12106. (a) Any surety insurer qualified to write municipal bond insurance may, by contract, reinsure any such insurance it transacts, provided that credit in accounting and financial statements permitted by this code on account of reinsurance ceded shall be allowed only if that reinsurance shall be with one of the following:

(1) An insurer qualified to write municipal bond insurance pursuant to this article.

(2) A surety insurer or surety reinsurer which is authorized to write any type of surety insurance in this state.

(3) A nonadmitted foreign or alien reinsurer having a minimum combined capital and surplus of twenty-five million dollars

($25,000,000), or, in the case of an unincorporated association of individual alien reinsurers, maintains sufficient assets in the United States, but in no event less than five hundred million dollars ($500,000,000), for the protection of policyholders in the United States and operates its business in such a manner to satisfy the commissioner that it maintains standard and financial conditions reasonably comparable to those required of admitted insurers and that it is able to pay losses in the United States; but, in either case, only to the extent and under the conditions specified in Sections 922.4 and 922.5.

(b) The ceding insurer shall establish and maintain the reserves referred to in Section 12107. The contingency reserve required by Section 12102 shall not be reduced by reason of any risk ceded unless the risk is ceded to an insurer that is described in paragraph (1) or (2) of subdivision (a) and that reinsurer establishes the contingency reserve as provided by Section 12102 with respect to the ceded portion of the risk.

(c) Any insurer or reinsurer meeting the requirements of paragraph (2) or (3) of subdivision (a) shall be authorized to contract for municipal bond reinsurance, but nothing herein contained shall be deemed to permit that insurer or reinsurer to write municipal bond insurance directly.

(d) Any reinsurance allowed pursuant to subdivision (a) may be contracted for by a municipal bond insurer with an affiliate.

12107. For the purposes of this article the following reserves shall be established:

(a) The unearned premium reserve shall be computed to show gross premiums, without any deductions, received and receivable upon all unexpired risks, net of reinsurance, on a monthly pro rata basis, except that in the case of premiums paid more than one year in advance, the premiums shall be earned proportionately with the expiration of exposure, or by such other method as the commissioner may prescribe or approve.

(b) In addition to the contingency reserve required under Section 12102, reserves for losses and loss adjustment expenses for claims reported and unpaid shall be determined using the case basis method or such other method as the commissioner may prescribe. In addition, a reserve component for incurred but not reported claims shall be reasonably estimated.

(c) Except as otherwise permitted by the commissioner, no deduction shall be made for anticipated salvage in computing case basis loss reserves, unless that salvage is held by or under the control of the insurer and would qualify as an admitted asset under Section 1100 and Sections 1170 to 1202, inclusive, or unless that salvage constitutes or is secured by a clean, irrevocable letter of credit as approved by the commissioner.

(d) No deduction from reserves shall be allowed for the time value of money unless the insurer can satisfy the commissioner that bonds, notes, and other fixed income investments, as authorized

under the provisions of Articles 3 (commencing with Section 1170) and 4 (commencing with Section 1190) of Chapter 2 of Part 2 of Division 1, relating to general and excess funds investments, sufficient to meet obligations for unpaid principal and unpaid interest calculated to the redemption of the defaulted issue have been identified in the accounts of the insurer, or deposited in trust, as prescribed by the commissioner for the purpose of meeting such obligations.

(e) If the default for any one issue exceeds 5 percent of the insurer's capital and surplus and contingency reserve, and the reserve is set up for less than the entire unpaid insured principal and unpaid insured interest to redemption, the reserve so established shall be supported by a report from a qualified independent person acceptable to the commissioner.

12108. No insurer authorized to transact municipal bond insurance shall pay any commission or make any gift of money, property, or other valuable thing to any employee, agent, or representative of any issuer of municipal bonds or trustee of any issuer or to any employee, agent, or representative of any underwriter of any issuer of those bonds as an inducement to the purchase of that insurance, and at any time there is in force a policy insuring those bonds, no employee, agent, or representative of the issuer or underwriter shall receive any such payment or gift. Any such payment or gift is an unlawful rebate pursuant to Article 5 (commencing with Section 750) of Chapter 1 of Part 2 of Division 1.

12109. The commissioner may adopt rules and regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code to effectively regulate municipal bond insurance business, including but not limited to, types of risks, methods by which business is produced, amounts at risk, reserves, collateral, and other financial requirements as he or she may deem necessary.

19818.2. The department shall have possession and control of all records, papers, offices, equipment, supplies, moneys, funds, appropriations, land, and other property, real or personal, held for the benefit or use by the State Personnel Board in the performance of the duties, powers, purposes, responsibilities, and jurisdictions that are vested in the department by Section 19818.

All officers and employees of the State Personnel Board, who, on the effective date of this article, are serving in the state civil service, other than as temporary employees, and engaged in the performance of a function vested in the department by Section 19818 shall be transferred to the department.

19818.6. The department shall administer the Personnel Classification Plan of the State of California including the allocation of every position to the appropriate class in the classification plan. The allocation of a position to a class shall derive from and be determined by the ascertainment of the duties and responsibilities of the position and shall be based on the principle that all positions shall be included in the same class if:

(a) The positions are sufficiently similar in respect to duties and responsibilities that the same descriptive title may be used.

(b) Substantially the same requirements as to education, experience, knowledge, and ability are demanded of incumbents.

(c) Substantially the same tests of fitness may be used in choosing qualified appointees.

(d) The same schedule of compensation can be made to apply with equity.

19818.8. A person shall not be assigned to perform the duties of any class other than that to which his or her position is allocated, except as permitted by Section 19994.9.

19818.10. The department shall assess the adequacy of the Personnel Classification Plan and, as needed, recommend changes in the plan to the State Personnel Board. The recommendations shall include the need for the establishment of additional classes or the abolishment or alteration of existing classes.

19818.12. Positions in the state service shall be established by the appointing power as authorized by law subject to budgetary authorization and the availability of funds. Each appointing power shall promptly report to the department his or her intention to establish new positions in order that those positions may be classified and allocated, and shall so report material changes in the duties of any position in his or her jurisdiction.

19818.14. The department may designate an appointing power to

allocate positions to the Personnel Classification Plan in accordance with Section 19818.6 and department rule. The department may audit position allocations and order corrective action. Any corrective action including the reallocation of a position that impacts an incumbent shall be reported promptly to the State Personnel Board which shall determine the status of the probationary or permanent employee affected.

19818.16. (a) Notwithstanding Sections 905.2, 19818.8, and 19823, the department shall have the authority to review employee claims for additional reimbursement for the performance of duties outside the scope of their present classification and to authorize additional reimbursement for those duties. The department shall award employee claims under this section for a period no greater than one year preceding the filing of a claim.

(b) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if those provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

19818.18. Upon the allowance of the department of all or part of an employee claim for additional reimbursement for the performance of duties outside the scope of their present classification, certification by the Director of Finance that a sufficient appropriation exists, the execution and presentation of such documents as the department may require which discharge the state of all liability under the claim, and notwithstanding the provisions of Section 19630, the department shall designate the fund from which the claim is to be paid and the state agency concerned shall pay the claim from that fund. Where no sufficient appropriation for the payment is available, the department shall submit a request to the Legislature for appropriation of those funds.

19818.20. Reasonable opportunity to appeal shall be provided by the department to any employee affected by the allocation or reallocation of his or her position.

SEC. 21. Section 19889 of the Government Code is amended to read:

19889. It is the purpose of this article to encourage the development and effective use in the civil service of well-qualified and carefully selected executives. In order to carry out this purpose the State Personnel Board shall establish by rule a system of merit personnel administration specifically suited to the selection and placement of executive personnel. The department shall be responsible for salary administration, position classification, and for the motivation and training of executive personnel. For the purpose of administering this system there is established herewith a category of civil service appointment called "career executive assignments." The department shall designate positions of a high administrative

and policy influencing character for inclusion in or removal from this category subject to review by the State Personnel Board, except that the department shall not so designate a position in which there is an incumbent already appointed under the provisions of this part governing employees other than career executives.

SEC. 22. Section 19889.2 of the Government Code is amended to read:

19889.2. The provisions of this part governing the selection, classification, and tenure of employees in the regular civil service shall not apply in administering executive personnel through a merit system utilizing "career executive assignments" unless the application is provided by State Personnel Board rule. The provisions of this part relating to punitive actions shall apply to employees serving in career executive assignments, except that termination of a career executive assignment as provided for in Section 19889.3 is not a punitive action. With reference to termination of career executive assignments, the State Personnel Board rules shall, as a minimum, afford an employee a right of appeal to the State Personnel Board for restoration of his or her assignment when he or she alleges that his or her termination was for reasons prohibited in Chapter 10 (commencing with Section 19680) of Part 2.

SEC. 23. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The Governor's Reorganization Plan No. 1 of 1984, which became effective on June 11, 1984, transferred various functions relating to state civil service employees from the State Personnel Board to the Department of Personnel Administration. In order for the statutory changes necessary to reflect these transferred functions to become law at the earliest possible time, thereby reducing confusion resulting from statutory provisions which differ from the provisions of the reorganization plan, it is necessary for this act to take effect immediately.

An act to amend Section 853 of the Public Utilities Code, relating to public utilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1985 Filed with Secretary of State September 26, 1985]

The department or the eligible local entity, whichever conducts the inspection, shall collect an inspection fee, in an amount determined by the department to be sufficient to cover the costs of each inspection. If the eligible local agency conducts the inspection, it shall transmit the fee to the department, for expenditure pursuant to Section 2020.

The people of the State of California do enact as follows:

SECTION 1. Section 439 of the Health and Safety Code is amended to read:

439. (a) Every health facility licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 shall be charged a fee of not more than 0.035 percent of the health facility's gross operating cost for the provision of health care services for its last fiscal year ending prior to the effective date of this section. Thereafter the office shall set for, charge to, and collect from all health facilities a special fee, which shall be due on July 1, and delinquent on July 31 of each

year beginning with the year 1977, of not more than 0.035 percent of the health facility's gross operating cost for provision of health care services for its last fiscal year which ended on or before June 30 of the preceding calendar year. Each year the office shall establish the fee to produce revenues equal to the appropriation to pay for the functions required to be performed pursuant to this part or Part 1.8 (commencing with Section 443) by the office, the area and local health planning agencies, and the Advisory Health Council.

Health facilities which pay fees shall not be required to pay, directly or indirectly, the share of the costs of those health facilities for which fees are waived.

(b) There is hereby established the California Health Data and Planning Fund within the Office of Statewide Health Planning and Development for the purpose of receiving and expending fee revenues collected pursuant to this chapter.

(c) Any amounts raised by the collection of the special fees provided for by subdivision (a) of this section which are not required to meet appropriations in the Budget Act for the current fiscal year shall remain in the California Health Data and Planning Fund and shall be available to the office and the council in succeeding years when appropriated by the Legislature, for expenditure under the provisions of this part and Part 1.8 (commencing with Section 443) and shall reduce the amount of the special fees which the office is authorized to establish and charge.

(d) No health facility liable for the payment of fees required by this section shall be issued a license or have an existing license renewed unless the fees are paid. New, previously unlicensed health facilities shall be charged a pro rata fee to be established by the office during the first year of operation.

SEC. 1.5. Section 443.10 of the Health and Safety Code is amended to read:

443.10. The Legislature hereby finds and declares that:

(a) Significant changes have taken place in recent years in the health care marketplace and in the manner in which health facilities are reimbursed by government and private third party payers for the services they provide.

(b) These changes have permitted the state to reevaluate the need for, and manner in which data are collected from health facilities by the various state agencies and commissions.

(c) It is the intent of the Legislature that as a result of this reevaluation that the data collection function be consolidated in a single state agency. It is the further intent of the Legislature that the single state agency only collect that data from health facilities which are essential. The data should be collected, to the extent practical on consolidated, multipurpose report forms for use by all state agencies.

(d) It is the further intent of the Legislature to eliminate the

California Health Facilities Commission and the State Advisory Health Council, and to create a single advisory commission to assume consolidated data collection and planning functions.

(e) It is the Legislature's further intent that the review of the data that the state collects be an ongoing function. The office, with the advice of the advisory commission, shall annually review this data for need and shall revise, add, or delete items as necessary. The commission and the office shall consult with affected state agencies and the affected industry when adding or eliminating data items. However, the office shall neither add nor delete data items to the Hospital Discharge Abstract Data Record or the quarterly reports without prior authorizing legislation, unless specifically required by federal law or judicial decision.

(f) The Legislature recognizes that the authority for the California Health Facilities Commission is scheduled to expire January 1, 1986. (d) The licensee fails to comply with any provisions of this chapter or any of the regulations or requirements of the department adopted pursuant thereto.

(e) The licensee represents himself or herself as an agent or employee of the department or uses advertising designed to create

the impression, or which would reasonably have the effect of leading persons to believe, that the licensee was in fact an employee or representative of the department, or the licensee makes an advertisement, in any manner or by any means, which is untrue or misleading, and which is known, or which by the exercise of reasonable care should be known, to be untrue or misleading.

In that case, a hearing shall be held and a decision thereon issued within 30 days after notice of temporary suspension.

(e) The suspension, expiration, or cancellation of a license issued under this chapter does not prevent the filing of an accusation for the revocation or suspension of the suspended, expired, or canceled license as provided in Section 11110, and does not invalidate or otherwise preclude a decision by the department that the license should be suspended or revoked. That determination may be considered in granting or refusing to grant any subsequent license authorized by this chapter to the same licensee, or to any partner, officer, director, or stockholder of the same licensee.
